Syrian Army Officers Rebel Against Nasser

BEIRUT, Lebanon (AP)—Army officers in Syria rebelled today in an apparent attempt to break out of President Gamal Abdel Nasser's United Arab Republic.

Late this afternoon they called off a negotiated truce and declared they were continuing their fight against tyranny.

* * *

Damascus radio, which announced the before-dawn mutiny, said Field Marshal Abdel Hakim Amer, Egyptian commander in chief of U.A.R. forces and chief overseer of the Syrian region, had "broken his promise" to meet the rebel demands.

* * *

The broadcast said a previous communique, which indicated a negotiated settlement was being worked out, therefore was canceled.

ALLOWED TO LEAVE

The radio said Amer was allowed to leave Syria and return by plane to Cairo.

A curfew was ordered in the Syrian capital.

Nasser in Cairo called the revolt more serious than the British-French-Israeli invasion of 1956 and ordered the 15,000 Egyptians in the army in Syria to crush the uprising.

Radio reports in Beirut indicated Syria was divided—with the northern half remaining loyal to Nasser.

Telephone service to Damascus was cut and reporters attempting to cross the border were turned back.

One telephone call from Damascus, and a few travelers reaching the border before the clampdown, reported fighting in Damascus. They supplied no details.

Syria Joined U.A.R. for 'Arab Unity,' Pg. 24

* * *

Broadcasts from Aleppo, in northern Syria, reported a "heroic stand to preserve the unity and to strengthen the foundations of the United Arab Republic."

* * *

Tonight the Damascus radio issued a call for all military personnel on leave to report to their units immediately.

It also announced that bakers' trucks were exempted from the 7 p.m. to 6 a.m. curfew.

An earlier communique from Damascus said the revolutionary command met with Amer and that an understanding had been worked out. It said the situation had returned to normal, but did not explain what this meant.

* * *

Cairo newscasts ignored the communique, however, leaving in doubt whether anyone had yet gained a victory.

* * *

Fighting was reported to have taken place in Damascus streets. Telephone communication with Damascus was cut immediately after the revolt broke out. Gates clanged shut at the Lebanese-Syrian border.

* * *

The revolt broke out only two days after Abdul Hamid Serraj, a former Syrian intelligence chief with strong man ambitions, broke with Nasser and returned to Damascus from Cairo, where he had been a vice president in the U.A.R. government.

* * *

His resignation left but one Syrian in a high post in the U.A.R. government, emphasizing Egyptian predominance in the union of the two countries proclaimed in February 1958.

* * *

Serraj was reported to have resented being "kicked upstairs" to the vice presidency last month, because it involved a loss of power in Syria and a corresponding increase in authority for his rival, Amer.

UNITED FUND TRAINING — New methods of training United Fund volunteers are demonstrated here by (left to right): Melvyn Staebler, training chairman and assistant principal of Madison Jr. High School, E. W. Watchpocket, vice chairman of small teams, and Harry Woodman, chairman of the commercial division. Nearly 300 volunteers trained this week are ready now to solicit funds for the $672,500 goal. The official campaign kick-off is Oct. 17.

Kick Off Training for UF Volunteers

The United Fund for the Pontiac Area kicked off its training for volunteers this week with four class sessions for nearly 300 solicitors.

Groups of more than 50 each attended classes at the Waldron Hotel each day, starting Monday and ending today.

This morning, principals from Pontiac and Waterford schools were informed of the purpose of the fund campaign which will start Oct. 17 and end Nov. 10.

* * *

The agencies depicted in a training film are Family Service of Oakland County, Michigan Children's Aid Society, Michigan Cancer Foundation, YWCA, Boys' Club, Leader Dogs for the Blind, Boy Scouts and the Visiting Nurse Association.

Governmental officials on the federal, state and local level attended the Monday session. Tuesday was devoted to solicitors who will ask contributions from an estimated 300 small firms having more than 10 employes each.

FOR SOLICITORS

Yesterday's session was arranged for volunteers who will solicit from more than 900 small firms having less than 10 employes.

* * *

The sessions are sponsored by Consumers Power Co., Detroit Edison Co., Michigan Bell Telephone Co., S. S. Kresge, First Federal Savings Oakland, Federal Department Stores, Pontiac Retail Store, Wattes and the Community National Bank.

Rusk, Home Remain in N.Y. to Confer

By JOHN M. HIGHTOWER

NEW YORK (AP)—Secretary of State Dean Rusk and British Foreign Secretary Lord Home both canceled travel plans today to keep in close touch with each other on the developing crisis in Soviet-Western relations over Berlin and the United Nations.

A spokesman for Rusk reported that he had decided against a scheduled trip to Washington early today; it would have kept him away from New York until Friday morning. A British spokesman said Home had decided to delay his return to Britain. He had planned to go Friday morning. He now expects to stay here until Saturday night or Sunday morning.

* * *

Rusk and Home had breakfast together. They may meet again tonight. On Saturday morning, Rusk is due to hold the third of his series of exploratory talks with Soviet Foreign Minister Andrei A. Gromyko on the Berlin crisis.

Two County Jobs Halted

GOP Leaders to Pick Chief Amid Dispute

Oakland Republicans in Birmingham to Elect Successor to Elliott

By GEORGE T. TRUMBULL JR.

Oakland County Republican leaders meet in Birmingham today to pick a new chairman amid a dispute as to who will elect Arthur G. Elliott Jr.'s successor.

Lines apparently are drawn among the usual tranquil county organization between favorites Malcolm R. Lovell, 40-year-old American Motors Corp official from Bloomfield Township, and Charles L. Lyle, 38-year-old electrical parts manufacturer from Beverly Hills.

Also a candidate is Alvin R. Balden, 49, of Huntington Woods, a Chrysler Corp. engineer.

Controversy has arisen over whether just the 13 elected county representatives and local officials choose the new chairman or all 26 members of the executive committee.

Should the first belief prove true this would reportedly cement the nonpaying job for Lovell, of 2719 Amberly Road. The elected lawmakers and officials, with the exception of several, apparently favor AMC's manager of employe services for the post.

SECURE AN OPINION

A spokesman for the party organization, however, said an opinion has been secured from Robert M. Montgomery, director of state elections, stating that the full executive committee of the party elects the chairman.

This might hand the title to Lyle.

Elliott, 44, of Pleasant Ridge, is stepping down as chairman, a post he's held since 1957, in order to devote more time to business and the forthcoming constitutional convention, to which he is a delegate.

A screening committee of four Oakland members of the GOP State Central Committee has pored over some 24 potential candidates to come up with the finalists—Lovell, Lyle and Balden.

Nixon to Campaign in California

LOS ANGELES (AP) — Richard M. Nixon's decision to run for governor of California in 1962 — and not seek the presidency in 1964 — provided all the makings today for a slam-bang campaign.

The 48-year-old Republican who just missed the White House last year set a militant tone in his long-awaited announcement on Wednesday night.

But so did his opponents, both Democratic and Republican.

Nixon sized up Democratic Gov. Edmund G. Brown as "that amiable but bungling man." He promised a campaign that would "beat Pat Brown to a pulp."

* * *

"The government, that State House in Sacramento, is in a mess and somebody has to clean it up," he told a televised news conference.

Stung by a question on his personal finances, Nixon said he had been threatened and warned that "every dead cat and every old story would be thrown up and used against me."

Nixon Move Brightens Rocky's Hopes, Pg. 19;

"Let me just say that nobody is going to frighten me. Nobody is going to drive me out of this contest."

* * *

Accepting Nixon's challenge, Brown declared his candidacy would galvanize majority Democrats into "a fighting crusade." Democrats hold a 1.4-million lead in registration.

* * *

"I welcome the opportunity to confront Richard Nixon in a campaign that once and for all will retire him to private life," Brown said in a press statement.

THE NIXONS AFTER ANNOUNCEMENT

Walkout Affects Road Projects to $200 Million

Teamster Action Hits Delivery of Cement for Overpass Supports

Road construction in Oakland County today began to feel the initial pinches of a walkout around the state of Teamsters Union truckers against the Michigan Road Builders Association.

Work on the first 25 miles of the Walter P. Chrysler (Interstate 75) freeway under construction in the county continued as usual today but was in jeopardy as officials feared more than truckers might strike.

* * *

An estimated $200 million in highway construction in the state was being affected by the strike, including 250 miles of freeway construction.

Two projects of the Oakland County Road Commission — improving Watkins Lake Road in Waterford Township and widening of Joslyn Road to the late I 75—were halted today as concrete needed for the jobs was not being delivered.

Representatives of Pontiac Teamsters Local 614 were not immediately available for comment.

Smoothing Out Contract

DETROIT (UPI)—The United Auto Workers Union told Ford Motor Co. today it would call 120,000 workers out on strike if no new contract agreement is reached by 10 a.m. Tuesday. The deadline was set because the union and Ford have failed to reach agreement on noneconomic terms of a new contract.

DETROIT (UPI) — The United Auto Workers Union and Ford Motor Co. tried today to work out unsettled issues blocking a new contract and sources said "we'll know by tonight" if a speedy agreement can be reached.

Ken Bannon, director of the union's Ford department, said "We're closer to an agreement" and added that a night bargaining session tonight was "highly possible."

Both UAW President Walter P. Reuther and Ford Vice President Malcolm L. Denise were expected to join the talks later today.

Although the negotiations were being conducted under a news blackout, one source said, "I think we can do it by the weekend. We'll know by tonight if it can be done."

The settlement will probably follow closely the recently negotiated UAW-General Motors contract but with some added provisions.

Look for Longies, It's Going to Hit 38 Tonight

It may be sunny September but warm summer and its temperatures are slipping away. At 6:15 this morning the mercury had dipped to a new low of 43. But that's not all.

The forecast for tonight is 38 with a chance of scattered light frost.

Clear, blue skies of autumn will continue tomorrow with the mercury rising to near 64. Fair and warmer is Saturday's forecast.

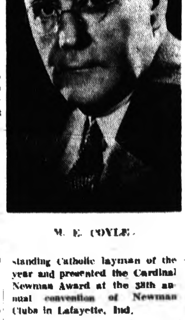
Auto Magnate M. E. Coyle Dies

Began as Clerk Here, Rose to Be Chevrolet VIP Under Wilson



M. E. COYLE

M. E. Coyle, who rose from clerk in a Pontiac auto firm to steer Chevrolet to its place in the auto world, died yesterday at San Bernardino, Calif. He was 73.

Coyle retired as executive vice president in charge of the Chevrolet Car and Truck Division in 1951. He worked directly under Charles E. Wilson, who died Tuesday, when Wilson was president of the giant automobile company.

Coyle headed the Chevrolet Division as general manager from 1933 to 1946.

He started his career in 1911 as a clerk for the old Oakland Motor Car Co. which now is GM's Pontiac Division. He joined Chevrolet in 1917 and in 1933 succeeded the late William S. Knudsen as president and general manager of the division.

Under his guidance, the division became the largest producer of cars and trucks in the world.

A long-time Detroit resident he had lived at Pacific Palisades Calif. since 1952.

Coyle was a native of Crawford County, Pa., and spent much of his youth at Fairmount, Ind.

ACTIVE AS LAYMAN

Active as a layman in Catholic Church charities and educational projects, he served in 1942 as chairman of the Detroit Archdiocesan Fund campaign.

In 1953, he was named outstanding Catholic layman of the year and presented the Cardinal Newman Award at the 38th annual convention of Newman Clubs in Lafayette, Ind.

After his retirement, he turned over his large home and estate at Oxford, Mich., to the Dominican Sisters of St. Joseph, who now use it as the Provincial House.

* * *

Surviving are his three sons, Robert and Jack Coyle, both Chevrolet dealers in California, and Dr. James Coyle, a resident of Grosse Pointe. A daughter, Mrs. Nelson Taylor, also resides in Grosse Pointe. He leaves 14 grandchildren.

The body will be at the William R. Hamilton Co., 3975 Cass, Detroit.

Tentative arrangements call for a Requiem Mass Monday morning in Detroit's Blessed Sacrament Cathedral, with burial in Holy Sepulchre Cemetery.

West Wants World Body to Pressure Reds

Asks U.N. for Arms Talk Aid

UNITED NATIONS, N.Y. (AP) —The United States and Britain called on the U.N. General Assembly today to put pressure on the Soviet Union to resume negotiations for a nuclear weapons test ban, under effective controls, to prevent cheating.

★ ★ ★

The two powers proposed a resolution declaring that the 3-year-old test ban negotiations which were broken off Sept. 9 should be renewed with the purpose of concluding "at the earliest possible time a treaty on the cessation of nucler and thermonuclear tests."

The move was designed in part to try to get around an Indian proposal calling for return to an uninspected moratorium. U.S. officials said that after the past three years of controlled test ban they are not interested in another moratorium.

TAKE INITIATIVE

The test talks had been dragging for months and the United States and Britain notified the United Nations last July that they wanted a debate on the issue at this session of the assembly. In this they sought to take and hold the initiative.

A month ago, Moscow announced a decision to resume testing, an act which ended the moratorium. The United States has subsequently started tests again also, but only underground. The proposed resolution would express regret at the Soviet action and would put the 100-nation General Assembly on record for a total test ban treaty under an adequate system of international controls.

★ ★ ★

The U.S. and British governments consulted the French government on the resolution, officials said, but France did not join as a sponsor since only the United States, Britain and U.S.S.R. have been involved in nuclear test ban treaty talks so far.

The Soviet Union sought to take the spotlight away from President with an 8-point program billed as a cure-all for international tensions.

U.N. General Assembly to install a temporary successor to the late Secretary-General Dag Hammarskjold in the face of Soviet opposition.

Gromyko for his part appears to be playing the classic game of Soviet diplomacy.

In private talks he is sticking to the hard line of public statements by Premier Khrushchev for a change in the status of West Berlin.

★ ★ ★

If he intends to give ground in order to get agreement on negotiations, he is expected to wait as long as possible while pressing Rusk for all possible concessions.

DIGGING DEEP

It is now apparent that both Rusk and Gromyko are as interested in sounding each other out on the results of possible negotiations as they are in finding a formula to get negotiations started.

Rusk wants to know, for example, what guarantees Khrushchev means to offer when he talks of "guaranteed access" to West Berlin after he signs a peace treaty with Communist East Germany.

Gromyko evidently is trying to determine whether the Western powers can be pressured into modifying their Berlin stand to accommodate some or all of Khrushchev's demands.

The two men first met a week ago when Rusk invited Gromyko to lunch. They talked for 4½ hours. They met a second time Wednesday when Rusk went to lunch with Gromyko at Soviet headquarters in a brick and stone mansion on Park Avenue. They were together four hours.

JFK to Relax Today; Assigns Homework

NEWPORT, R.I. (AP) —President Kennedy counted on a fair weather forecast for another boat ride today. He put relaxation, and no more work than necessary, on his program.

Kennedy has assigned Vice President Lyndon B. Johnson to discuss East-West problems with U.S. officials in Paris.

Johnson is going to Europe as head of the U.S. delegation at the funeral Friday of Dag Hammarskjold, United Nations secretary-general, in Stockholm, Sweden.

The vacation White House announced that Kennedy asked Johnson to stop in Paris on the way home.

WANTS JOHNSON VIEW

Kennedy wrote Johnson: "There is much going on in our discussions with our major European Allies, and I shall be glad to have the advantage of your own account of discussions which you might have in Paris with our senior people there."

The senior people are James M. Gavin, U.S. ambassador to France; Thomas K. Finletter, U.S. ambassador to the North Atlantic Treaty Organization; and Gen. Lauris Norstad, commander of Allied forces in Europe.

The President took his family for a cruise Wednesday on the presidential yacht Honey Fitz after appointing Republican John A. McCone as director of the Central Intelligence agency, starting in November.

Waterford Council to Hear Report on Civic Association

The monthly meeting of the Greater Waterford Community Council will be held 8 p.m. Oct. 3 in the John D. Pierce Junior High School. The Waterford Township Planning Commission has been invited to the meeting.

A representative from the Civic Improvement Association will be present to report on present and future activities. Also attending will be the two exchange students who started their senior year in the Waterford Township high schools this fall.

Included on the agenda will be statistics from the traffic study that has recently been undertaken in the township.

way and the Brighton-Farmington Expressway, was stopped because of the walkout.

★ ★ ★

But work continued on grading, the spokesman said, as the department worked toward next week's expected pouring of the first section of the roadbed of I 75 between Davisburg and Grange Hall Roads.

This, however, was in danger of being stopped by the walkout.

Operators of the huge earth movers and bulldozers are members of another union which continued on the job, the spokesman said. He said the department feared they might walkout in sympathy for the striking drivers, thus halting the entire job in Oakland County.

Work has been halted on most of the state projects when 3,000 to 4,000 members of 12 Teamsters locals from Detroit to Escanaba began leaving work.

RESPECT PICKETS

Most tradesmen on the projects, members of other unions, respected the pickets, highway department officials were informed.

The spokesman said it was not known how many workmen were involved in the many projects under construction.

Paving projects, where Teamsters members drive sand and gravel trucks, were shut down first, the spokesman said.

State Highway Commissioner John C. Mackie was not available for comment. The department spokesman said details of the cause of the strike were "not clear at this time."

In Detroit, William M. Saxton, a legal advisor of the Road Builders Association, said the strike was a "surprise" and called it "unnecessary." He said the 138-contractor member association had offered the Michigan Conference of Teamsters a new proposal and that the association hadn't received an answer.

Listed in critical condition today was Richard A. Robbins, 18, of 1700 Silver Bell Road, Oakland Township, a passenger on the motorcycle.

Oakland County sheriff's deputies said the motorcycle, driven by Skidmore, east bound on Avon Road, smashed broadside into a car driven by Delpha D. Bradley, 37, of 4649 Vineyard St., Utica. The accident occurred about a mile east of Rochester Road in Avon Township at about 9:54.

The woman told deputies she was attempting to make a left turn into a driveway at 638 Avon Road when the accident occurred. Deputies quoted her as saying that the motorcycle "had no lights on."

Both youths were thrown from the motorcycle. Skidmore received fatal chest injuries. Robbins, son of Mr. and Mrs. James E. Robbins, has chest, pelvic, rib and possible internal injuries.

Rename Lansing Building Wing Constitution Hall

LANSING (AP) — Michigan gained a "constitutional hall" today.

Secretary of State James M. Hare, who will preside at the opening session of the constitutional convention next week, said that to avoid confusion the small auditorium in the south wing of Lansing's Civic Center henceforth will be called "Constitution Hall."

The convention will hold opening day ceremonies Oct. 3 in the north auditorium, which seats some 6,000 persons.

But the delegates are expected to hold most of their deliberations in the south wing of the building, which has been remodeled to house "Constitution Hall," the press room, conference areas, the library, offices, radio and television facilities, interview rooms and the closed circuit television lounge.

Auto Industry Leaders, Army and Government Men to Attend

Auto industry leaders, government and military officials, and friends will pay their last respects to Charles E. Wilson tonight and tomorrow.

The Rt. Rev. Robert L. DeWitt, suffragan bishop of the Episcopal Diocese of Michigan, will conduct the funeral service at 11 a.m. tomorrow for the former secretary of defense and president of General Motors Corp.

Mr. Wilson died Tuesday at 71 in his home on a 4,000-acre plantation near Norwood, La.

Assisting Bishop DeWitt at the morning service at Christ Church Cranbrook, the bishop's former church, will be Rev. John H. Albrecht, assistant rector.

Close friends of the Wilson family may pay their respects after 7 p.m. today at Longmeadow, the Wilsons' home on West Long Lake road in Bloomfield Township.

Three sons of the auto magnate, Charles E. Jr., Thomas and Edward, accompanied the body of their father yesterday when it was brought to Detroit by plane.

Names of pallbearers and honorary pall bearers were not yet available but were expected to include top names from the auto industry and the Pentagon. The list is expected to include all members of the board of directors of GMC.

Coming from New York will be Frederick G. Donner, board chairman of GMC.

Heading a 10-member group from the Pentagon will be Robert Loftis, administrative assistant to Secretary of Defense Robert S. McNamara, who served in the same capacity under Mr. Wilson, and Adm. Arthur Radford, former chairman of the Joint Chiefs of Staff.

Also in this group will be M-Sgt. Robert Overturf, the noncommissioned officer in charge of the defense office in Washington who was a personal friend of Mr. Wilson.

Others include Wilber Brucker and Robert Stevens, both former secretaries of the Army, and James Douglas, deputy secretary of defense under Mr. Wilson.

Burial will be in Acacia Park Cemetery at Southfield and 13 Mile Road.

Bloomfield Hills police are expected to be assisted by state police, sheriff's deputies and Birmingham police in handling the large cortege from the church to the cemetery.

Ex-City Manager Dismissed From San Diego Post

Former Pontiac City Manager George E. Bean has been dismissed from his $28,000 a year post in San Diego, Calif. in a hassle over an $8.2 million error on a sewer system there.

Bean, who came to Pontiac from a manager position is Escanaba in 1945, left in 1950 to become manager of Grand Rapids.

He served there until 1953 when he took a similar post in Peoria, Ill. Bean became manager of San Diego in 1957.

Bean's dismissal was authorized by the city council following recent bickering over the error in evaluation of the metropolitan sewer system.

He said he had no immediate plans.

The Day in Birmingham

To Demonstrate Methods of Jet-Age Reading to Unit

BIRMINGHAM—Jet-age reading techniques will be demonstrated to Friends of the Baldwin Public Library at the organization's first program of the new season Oct. 9.

Three other programs are scheduled for the 50-member group during the 1961-62 series, including topics on education, music and drama.

The initial program will have Mrs. Virginia Sharkey, of the Reading Dynamics Institute of Detroit, discussing the revolutionary techniques whereby modern readers can absorb large volumes at 1,000 to 6,000 words a minute.

This compares with the normal reading speed of about 200 words a minute.

Two students of the institute will read for three to five minutes from books selected from the library and will then repeat to the audience the material they have assimilated in the brief time span.

In addition, a short film entitled "Roundup U.S.A." will be presented. It shows how four U.S. senators review daily volumes of government business at up to 10 times normal reading speeds.

The speed reading technique was developed by Dr. Evelyn N. Wood, an assistant professor at the University of Delaware.

On Nov. 1 the guest speaker will be Dr. Maurice Mitchell, president of Encyclopedia Britannica Films, Inc. He will emphasize in his topic "The Revolution in Education" the library's role in the change.

He also will discuss his recent work as consultant in education to 46 African nations.

Dr. Marvin Felheim, associate professor of English at the University of Michigan, will review the state of modern drama Nov. 20.

The series will end April 24 with pianist and music expert Karl Haas presenting a program of "Adventure in Music."

All programs are held in the auditorium of the Baldwin Library, 351 Martin St., at 8:15 p.m.

The programs are open only to members of the organization, according to membership chairman Murl W. Davenport, but the group is currently launching its annual fall membership drive.

Those interested in the program can contact the library, in person or by phone, for further details.

Mark Boyd

Service for Mark Boyd, 84, of 2625 Ayrshire Drive, Bloomfield Township, will be at 2 p.m. tomorrow at the Presbyterian Church in McBain. Burial will be in Mountain View Cemetery, McBain.

Mr. Boyd, a postmaster in McBain for 30 years, died yesterday after an illness of several weeks. A resident of Bloomfield Township for two years, he was a member of the Masonic Lodge in Lake City.

His body will be at the Sparks-Griffin Funeral Home, Pontiac, until tomorrow morning. Surviving are two sons, George of Bloomfield Township and William of Greenville, S.C.; a daughter, Mrs. J. A. Taylor of North Muskegon; two sisters; two brothers, and five grandchildren.

Dr. James E. Watson

Service for Dr. James E. Watson, 64, of 1401 Pembroke Drive, Bloomfield Hills, will be 1 p.m. Saturday at Christ Church Cranbrook. Burial will be in Woodlawn Cemetery, Detroit.

Dr. Watson died Tuesday at University Hospital, Ann Arbor.

A Bloomfield Hills resident 16 years, coming from Huntington Woods, Dr. Watson had practiced in Detroit 37 years. He was a 1921 graduate of the Detroit College of Medicine and Surgery.

A staff member of Children's Hospital the last 25 years, he had been a former staff member of Providence, Brent and Wayne County General hospitals.

He was a member of the Wayne County Medical Society, the Phi Rho Sigma medical fraternity and a fellow of the American College of Surgeons.

★ ★ ★

Surviving are a daughter Mrs. Edwin F. Lau of Bloomfield Hills; two sons, Dr. James E. Watson Jr. and Dr. Theodore Watson, both of Detroit; two brothers, a sister and five grandchildren.

His body is at the William Vasu Funeral Home, Royal Oak.

Along the Rhine Valley

Bonn Folk Worry Very Little About War

By PHIL NEWSOM
UPI Foreign News Analyst

BONN — Along the Rhine German families picnic in the soft warmth of late summer. In the early evening they stroll through the squares, but by 10 p.m. the streets of this "permanent provisional" capital of West Germany are almost empty.

★ ★ ★

Bonn would have remained just another provincial capital had it not been for Konrad Adenauer.

In the nearby village of Rhoendorf where the "Dragon's Rock" towers over the river, Adenauer tended his roses in his years of political exile under Hitler.

And he brought the provisional capital here as the Federal Republic of West Germany emerged after the war.

★ ★ ★

Despite the swirl of world events into which it has been thrust, Bonn has not lost its tranquility.

From the tiny villages which dot the Rhineland countryside, men emerge each morning to till their small acreages.

West Germany's prosperity has not yet reached these villages. The beans growing in neat rows on poles higher than a man's head, the cabbages and the tomatoes are more real than any question of German reunification.

Just the same, there is sober realization of how close the world stands to war. Perhaps not with the same anxiety as in the chancellory, but with the knowledge that sons or husbands may soon again, after only 16 years, march off to war.

SEPARATES ISSUES

Even to one who visited Germany during the 1958 crisis and has returned twice since then, the viewpoint of the Rhinelander takes some special explaining.

In general, it may be said, he separates the question of Berlin and German reunification.

About the latter, he spends little time in reflection.

★ ★ ★

He may, unless he has relatives in the Eastern zone, even resent the aid his government has given refugees from the East.

Said a woman who fled the Eastern zone and now works for the government:

"They think we're all rich."

★ ★ ★

But about Berlin, especially since the election campaign which was waged principally on the question of the mounting crisis there, his mind is made up.

It is worth fighting for.

★ ★ ★

But if there is uncertainty among some of the population over the issues and the risks involved in today's crisis, there is none in the embassies and chancellory of Bonn.

There the belief is that Khrushchev still is not convinced of the West's determination, and that he will not be until the Western powers have gone the whole way in preparation for war.

Bring Your Dog to Pooch Party Saturday at 2

The Pontiac Parks and Recreation Department and the Pontiac Kennel Club are inviting all area children and their dogs to a pooch party and contest this Saturday.

The big party will take place at Oakland Park beginning at 2 p.m.

Any dog may enter the contest. All he needs is a boy or girl to sign him up.

Entry forms may be picked up at the parks and recreation department at City Hall. Entries may be made by both boys and girls.

★ ★ ★

Judging will be in two age groups: Junior division, 7-10, and senior division, 11-17.

Pooch party categories are best groomed dog, best trick dog, best informed owner and best pet combination.

Prizes will be awarded to winners.

Ordered to Sever Sewer Connections

GRAND RAPIDS (AP) — Suburban Wyoming has been ordered by Grand Rapids city commissioners to sever two "illegal" connections to a sewer line served by Grand Rapids.

The commission voted 5 to 1 ordering Wyoming to unhook connections to a new school and a motel. The same resolution also prohibited the suburb from proceeding on a contemplated third connection for another motel now under construction.

It was the most drastic action taken by the city since adoption of a "no service extensions" policy in January 1960. Wyoming had argued that permits for the new buildings had been granted before a Dec. 2, 1960 Grand Rapids sanitary sewer cutoff date.

The ancient city of Ba'albek in Lebanon was named for the Semitic god Ba'al.

British Minister Suspects Many Members Drink

LONDON (AP) — Dr. Donald Soper, ex-president of Britain's Methodist Conference, voiced the suspicion Wednesday that more than half the church members are drinkers.

★ ★ ★

He said he also has reason to believe that perhaps 30 per cent of Methodist preachers tipple a bit.

In an article in the church magazine Methodist Recorder Dr. Soper added: "I respect a minister who openly disagrees with teetotalism, and says so to his congregation. What bothers me is the parson who keeps his occasional glass to himself."

Genghis Kahn, who died in 1227, left little or nothing of lasting material value. Not a stone is standing at the site of his great capital, Karakorum.

Dodge Drops Prices on Many '62 Trucks

DETROIT (AP)—Dodge announced today lower retail prices of many 1962 truck models.

The new trucks go on sale today.

Dodge General Manager Byron J. Nichols said prices have been lowered $12 to $121 on light duty models and $12-$376 on medium and heavy duty trucks.

The D100 Town Panel and Town Wagon lines will sell for $1,998 and $2,263, respectively, compared with $2,119 and $2,384 a year ago.

Prices do not include taxes, distribution and handling charges.

Expecting a Baby

AMMAN, Jordan (AP) — The wife of King Hussein is expecting a baby next spring, Dr. Shawkat Sail, the royal physician, said Wednesday. Hussein, 25, married Toni Averil Gardiner, 20, daughter of a British engineer with Jordan's army, last May 25.

Claim Portuguese Tax Incentive to Smugglers

LISBON, Portugal (AP)—A 15 per cent luxury tax imposed by the government to help finance military operations in Angola only provides an incentive for smugglers, Lisbon newspapers complained Wednesday.

★ ★ ★

They urged greater control of illegal importations of American cigarettes and nylons, British whisky and gin, and Swiss watches. A special committee said smugglers are bringing 180,000 contraband watches into Portugal annually.

Raynale Well-Qualified for High Tribute

Top honors from the medical profession have recently been bestowed upon Dr. GEORGE P. RAYNALE of Birmingham.

Dr. RAYNALE was singled out as Michigan's foremost family physician of 1961 by the Michigan State Medical Society.

★ ★ ★

We cannot think of a more qualified recipient for this high tribute and hasten to add our own plaudits.

★ ★ ★

The doctor is well-known by thousands for his kindly, yet practical advice. Even at his advanced age of 81 he continues daily to look after his practice.

★ ★ ★

Over the years he has served this area faithfully, and has done much to help and assist his fellow man. Dr. Raynale's entire life has been spent in the practice of medicine following in the footsteps of his father and grandfather.

★ ★ ★

The world today could use more devoted practitioners like Dr. RAYNALE and his record should be an inspiration for young men starting in the medical field.

'Babe' Ruth Is Still King of Baseball

The king still reigns.

BABE RUTH's supreme.

There's a sharp division of opinion as to whether ROGER MARIS should—or should not — have broken BABE RUTH's record.

★ ★ ★

The younger generation pulled for Maris.

It was disappointed.

The older generation was silently rooting for George Herman Ruth, than whom there is none than whomer. After all, the Babe belted his titanic allotment against a deader ball and against ball parks that hadn't been souped up to favor home runs.

His were hewn right out of solid rock. Today they erect a flock of cheap namby-pamby, artificial fences as close to third base as they dare and then let the players preen their silly feathers as pop flies waft gently into the seats.

Phooey!

★ ★ ★

TED SMITS avers the current struggle to overhaul the immortal BAMBINO transcended any sports story of the past 15 years. "We couldn't file enough copy," says he.

When BABE RUTH walked to the plate an entire ball park simply palpitated. Everyone was agog. Here was the Champ. If he struck out, everyone cheered — madly. If he walked, the pitcher was booed unmercifully.

BABE RUTH was a spectacle.

★ ★ ★

Maris is a nice boy that plays well and hits a ball terribly hard.

Good luck to him.

But the shadow of titanic Ruth still stands over all—menacing—triumphant—and still king.

Entire Family Can Profit Through 'Y' Membership

The greater Pontiac area annual YMCA membership drive is under way and needs your help. From a practical standpoint this is not a contribution, instead it is a membership in a club with activities for men, women, boys and girls.

★ ★ ★

Our area "Y" is an agency of the Pontiac Area United Fund, but it is also supported in part through memberships. The services are varied, and it can well become a family headquarters for all to enjoy its many facilities.

★ ★ ★

A recent expansion program drive has assured the "Y" finances so that they will soon grow into an added new modern building addition.

Memberships are desperately needed and if you're stumped with the question "what will we do now" from the kids, here's the answer. Join the "Y" and give the whole family a place to let off a little steam.

The Man About Town

The Last and Final

Notice of Closing Entries in Our Football Contest

Today: When you can lose $300.

It now is too late for you to depend on the mail for your entries in our football contest, the closing time being Friday noon—

And that's TOMORROW noon,

when all entries must be received in The Press office, or their chance on that $300 prize is gone.

Personal delivery is now your only safe way, if you've allowed your neighbors to beat you in the quest of that $300. The mail cannot be depended upon to get your entries here on time.

That box in the cement post at the front entrance of The Press office is at your service on a 24-hour basis. Just lift up the handle and drop in your entries. You can do this at any time of the day or night.

All entries deposited there by Friday noon will be counted. It's all up to YOU. Here's a final list of the games:

Sept. 30 — ☐ Oklahoma vs. ☐ Notre Dame.
Oct. 1 — ☐ Pontiac St. Freds vs. ☐ St. Michaels.
Oct. 6 — ☐ Pontiac Central vs. ☐ Midland.
Oct. 14 — ☐ Michigan State vs. ☐ Michigan.
Oct. 20 — ☐ Pontiac Northern vs. ☐ Waterford.
Oct. 21 — ☐ Syracuse vs. ☐ Penn State.
Oct. 22 — ☐ Detroit Lions vs. ☐ Baltimore Colts.
Oct. 28 — ☐ Rice vs. ☐ Texas.
Nov. 4 — ☐ Iowa vs. ☐ Ohio State.
Nov. 11 — ☐ Georgia Tech vs. ☐ Tennessee.
Nov. 18—☐ Detroit University vs. ☐ Arizona State.
Nov. 23 — ☐ Detroit Lions vs. ☐ Green Bay Packers.
Nov. 25 — ☐ Ohio State vs. ☐ Michigan.
Dec. 2 — ☐ Army vs. ☐ Navy.

Make a check mark in front of the team which you think will win. If you think any game will end in a tie score, do not check either team. Then write your name and address on the margin.

Every member of your family is eligible to compete. If you haven't enough clippings to go around, you can copy off the winners for the others. Be sure to attach names.

The final decision time is at hand. If you want to qualify for that $300, here's your last chance. Don't blame this column if it goes to somebody else.

A maple tree in front of the home of **Jerome Morris** of Drayton Plains is divided with itself, half the leaves having turned red and the other half remain green. It looks like a case of grafting.

Last year nearly 100 football contest entries were not received on time. Is yours to be in that category this year?

A pair of robins near the home of **Mr. and Mrs. Elmer Flewelling** of Waterford surely are mixed in their dates. They're building a nest.

Many of us will agree with **Arnold Fallsworth** of Rochester, who phones that, since the best team in the American League finished in second place, who gives a hang about the world series?

So many ripe currants are appearing on her bushes that **Mrs. Gertrude Hanchett** of Drayton Plains is on a second 1961 project of canning currants.

Not 'I'—'We'!!

David Lawrence Believes:

Congress Did Well in Tough Spot

WASHINGTON—This is the time, as Congress adjourns, when the scorecard on what it accomplished is tallied up for praise or blame.

LAWRENCE

The measurement usually is in terms of what legislation a president obtained or failed to get. Actually, the wonder is that in a Congress of so many conflicting currents anything much was accomplished at all.

For the Congress of the United States, in a parliamentary sense, has not been a responsible institution for many years. It is not responsible to any party. It is not responsible to the president.

In fact, it is responsible locally—not collectively—to the residents of 437 congressional districts and the constituencies of 100 senators.

Time was when the two major parties held frequent caucuses and when individual members were required to abide by the wishes of the majority of their fellow members in the party.

Today both parties are split wide open, and leadership is a sort of makeshift arrangement to secure the passage of those bills which are the least controversial.

BY NARROW MARGINS

This doesn't mean that in the current Congress bills always were passed or failed by large margins. On the contrary, narrow margins often marked the passage or defeat of important measures.

What affects Congress more than anything else in a session like the one that has just closed is the mood of the country.

President Kennedy was elected by one of the narrowest majorities of the popular vote in history. When the country is almost equally divided, there is no over-all mandate in a presidential election which can be said to give the president the influence he needs to exert his leadership.

Then, on top of all this, came the crises in the international situation.

These tended to slow down the momentum behind various bills which in normal times might have been readily passed.

Kennedy did get almost a two-thirds majority in both houses in the 1960 election, but these analysts have constantly underestimated the conservative strength in both major parties in Congress, supported—as it is—by a majority sentiment in the country as a whole.

The country is not in favor of standing still, nor is it reactionary in its thinking about needed reforms. It wants, however, reforms which can be shown to be sound and which will not cause a further decline in the purchasing power of the dollar.

The last Congress did move the budget up to $88 billion and did spend a lot of money for special projects. This will always be true to a certain extent where individual districts stand to benefit from congressional action.

ISSUES CLOUDED

Such broad proposals, however, as medical care for the aged and federal aid to education failed largely because the case for them was not as clear as the case against them. These two major pieces of legislation are far from dead—they will come up again and again until some compromise is worked out.

The real issue that remains for future solution involves the question of federal money for schools and colleges that are operated by various churches.

Unfortunately, a good deal of inconsistency has been exhibited in some of the arguments. Thus, President Kennedy, conscious of the religious issue in the last campaign, insisted that any aid to elementary schools that happen to be run by churches would be unconstitutional.

But he never answered satisfactorily the argument that, if the federal government can appropriate any money at all for church-operated colleges—as it has done in several instances—then it can constitutionally do so for elementary and secondary schools.

The Country Parson

"A smile at the right time can prevent what it never could cure."

Dr. William Brady Says:

Bad Use of Good Vessels Causes Arteriosclerosis

According to various medical authorities, Dr. William Osler for one, arteriosclerosis (hardening of the arteries) may begin at any age from 30 onward. As Osler said, in his famous Practice, "A man of 28 or 29 may have the arteries of a man of 60 . . . in the make-up of the machine, bad material was used for the tubing." But if your arteries are not as soft or elastic as they should be, it is not necessarily your parents' or grandparents' fault. "More commonly," Dr. Osler added, "the arteriosclerosis results from the bad use of good vessels."

DR. BRADY

★ ★ ★

Bad use doesn't necessarily mean just cocktailing, high-balling, night-clubbing and associated turpitude. It may mean habitual overeating and lack of exercise.

It is well to remember that the best daily exercise for anybody is walking, brisk walking. Two miles three times a day, or if one can't afford that, then at least walk to and from the office, store, job or school instead of riding. This gives real, natural relaxation to relieve the tension produced by the difficulties and vexations of the daily work. This is infinitely better than the dull, stupid or sullen state produced by alcohol or other narcotic.

One who resorts to highballs for a make-believe relaxation at the end of the day merely adds to the strain on his cardiovascular system and hastens the progress of hardening of the arteries.

★ ★ ★

In view of the fact that arteriosclerosis, a part of general CVD (cardiovascular degeneration, heart and artery deterioration or wearing-out) may begin before 30, it is understandable that many young men in their thirties suffer coronary occlusions or thrombosis nowadays.

Degeneration advances faster in the coronary arteries than elsewhere and when the body can no longer replace wornout muscle cells in the artery wall the cells are replaced with fibrous tissue which is inelastic.

The artery wall becomes a little thicker, the lumen a little narrower, and when such emotions as worry, fear, annoyance and anger induce spasmodic contraction of the coronaries the supply of blood to the heart muscle may be almost shut off or the flow through the artery slowed down so much that coagulation or clotting occurs—a coronary seizure.

Large statistics gathered in England show that the man of clerical, sedentary or professional occupation is likely to suffer coronary occlusion or thrombosis at an earlier age than a man who does hard work or gets lots of exercise.

The man who does hard work or gets lots of exercise is more likely to make a good recovery than the one whose favorite recreation or pastime is SITTING . . . in his car, in the cocktail spot, at the ball game, at the bridge table, etc. . . . A reasonable amount of general exercise every day seems to be the best way to stay young.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Voice of the People:

'Centennial Issue of Press Is Helpful in New Zealand'

Following is a quotation of the message received by Mr. and Mrs. Robert Will of Mark Avenue, from Miss Emily M. Will of Oamaru, New Zealand:

"The Centennial Edition of The Pontiac Press proved of great interest to us at this time, for our town is now preparing plans for the holding of its Centennial in 1965. I like the idea of the Sunrise Service in the costumes of one hundred years ago."

Cost of Textbooks Disturbs Another

I have been wondering, too, just where all the money goes for school books. We have four to buy for, and for new and used books, it has cost us at least $52. That's not counting lockers, compulsory towel rental of $4, magazines, etc. This is what it costs the parents at Rochester.

★ ★ ★

When the parents try to keep their children in school, why can't the school board think of the parents that have to dig up this hard-earned money? Some of these books can be sold back to the book store, but by then about two out of ten have been changed and we're stuck.

★ ★ ★

Why can't all the schools charge a rental fee like Avondale and Pontiac? When the average cost at Rochester is between $12 and $15, it's no wonder more and more students drop out. The parents just can't afford it.

Just Wondering, Too

Wants Investigation of Strike Funds

I wish some honest, fearless reporter would investigate the handling of the strike fund by UAW Local 653. I lost about $200 in wages during the strike, but when I tried to collect the $25 in strike fund to which I'm supposed to be entitled, it was like pulling teeth. The local officials finally gave me a part of the money.

★ ★ ★

I have a family to feed and $25 is meager enough compensation, but when they won't give out that much, it's pretty ridiculous.

★ ★ ★

We contribute millions a year to union dues and the strike fund, but if we strike, we're lucky to receive any aid. Is it any wonder we hate to strike?

I'd like to see a complete strike fund report by an unbiased observer. The financial reports in the union papers are too general.

'Barricades Lack Proper Lighting'

The contractor that has the section from Walton to Baldwin put a detour around the part where the overpass is being built. They barricaded both ends, put lights on it and never checked to see if they were working.

★ ★ ★

I live in front of the east barricade and Friday, Sept. 22 there was not one light or bulb burning on the barricade. I called the contractor and they said they would check.

★ ★ ★

I also reported same to the Oakland County Sheriff's department and as I write this article nothing has been done. I am only a taxpayer that does not like to see anyone injured or killed.

Compares Pontiac, Bloomfield Dogs

I agree with "Old-Time Resident's" opinion of those snooty dogs in Bloomfield Township. They know that they are aristocrats with blue-ribbon pedigrees a mile long. Their contempt for the common run of canines is supreme. They are all Republicans and rejoice in it.

★ ★ ★

The dogs of Pontiac are ladies and gentlemen, and very modest. They have no pedigrees. Few know their immediate ancestors and care less. Most are Democrats, but after the last election they are so crushed that their tails drag.

★ ★ ★

They have to behave because Pontiac has a dog pound and dog catchers, whereas the voters of Bloomfield have decided that their aristocratic curs need no such threats.

On this day in history:

In 1920, in baseball's biggest scandal, a Chicago grand jury indicted eight players of the Chicago White Sox for throwing the 1919 World Series.

In 1953, Robert Greenlease Jr. was kidnaped. Subsequently his family authorized the largest ransom ever paid to kidnapers in the United States, $600,000. But the child was found dead.

In 1958, Charles de Gaulle won a great personal victory as French voters OK'd a constitution giving him greater powers.

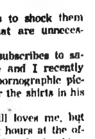
Case Records of a Psychologist:

Men Worry About Being Platonic

By DR. GEORGE W. CRANE

CASE K-410: Tom X., is a doctor, aged 47.

"Dr. Crane," his worried wife began, "we have had a very happy marriage for 20 years.



DR. CRANE

"But in the past 5 years a change has come over Tom. He now hires only young, sultry looking nurses.

"That wouldn't be so bad but he tells risque stories to them and tries to shock them with sex facts that are unnecessary.

"Moreover, he subscribes to salacious magazines and I recently discovered some pornographic pictures hidden under the shirts in his dresser drawer.

"He says he still loves me, but he spends evening hours at the office until 9, and then buries himself in his home workshop until 2 or 3 a.m., for he likes to invent things.

"What do you suppose is the matter with Tom?"

SEX PANIC

Tom is like most males who reach the 45-mark and grow panicky lest they will become platonic mates.

Most wives don't realize this dreadful mental state that husbands enter, for they think only women are afflicted with the menopausal terrors.

★ ★ ★

Men are even worse than women, for a mental complex or defeatism attitude can hamstring a husband's erotic fervor entirely.

Tom is thus trying frantically to fan the waning flames of his sexual vigor by telling risque stories. That is also why he surrounds himself with young, curvacious nurses.

The pornographic pictures likewise act as a tonic to such terrified males.

And the main reason he stays in his workshop until 3 a.m., is his dread of letting his wife learn of his platonic condition.

★ ★ ★

He figures if he waits until she is sound asleep, then his lack of affection will be construed as gallantry instead of impotence.

Oddly enough, Tom doesn't turn his scientific eye upon himself, for doctors are probably just as susceptible to the climacteric terrors as are laymen.

They think they are creating a surefire smoke screen or camouflage, as in Tom's case, though it is crystal clear to any experienced analyst.

WIVES, WAKE UP

You wives who wish to maintain a permanently happy home through your Golden Wedding Day, better wake up.

Despite the fact that in the early years of marriage wives are relatively passive and expect the husbands to be the natural aggressors in eroticism, this female passivity must change after the age of 40.

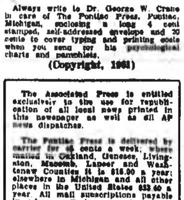
For wives must fight fire with fire, else their mates may finally succumb to some outside siren who will aggressively exert her wiles and banish the man's panic.

★ ★ ★

Most husbands freely admit they would much rather have their "affair" with their wife than with anybody else, but the wife remains passive and aggrieved.

The paramour is aggressive and gloating in her conquests, so you wives better take a lesson from the unscrupulous sirens who are ready to poach on your domain at all times.

Send for my booklet "How to Prevent Platonic Marriages," enclosing a stamped, return envelope, plus 20 cents.



Pass it around among your church women's clubs, for it can revive your earlier romance and nip divorce in the bud.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4 cent stamped, self-addressed envelope and 20 cents to cover typing and printing costs when you send for his psychological charts and pamphlets.

Chrysler Drops Prices on Cars

'62 Models in Plymouth, Valiant and Dodge to Sell Lower Than '61

DETROIT (AP)—Chrysler Corp. announced Wednesday that its 1962 model Plymouth, Valiant and Dodge cars will sell at factory list prices below those of comparable 1961 models.

The reductions range from $24 to $63 in the Plymouth line, $23 to $40 in the Valiant, and $12 to $80 in the Dodge.

Prices of the 1962 Plymouth range from $2,007 on the Savoy 6-cylinder 2-door sedan to $2,812 on the Sports Suburban V8.

Prices of the comparable 1961 models were from $2,059 to $2,872.

The Valiant was listed in a range from $1,759 for the V100 6-cylinder 2-door sedan to $2,177 for the V200 6-cylinder 4-door Suburban. Comparable 1961 prices were from $1,796.50 to $2,217.

Dodge passenger car prices range from $1,778 for the 2-door Lancer 170 sedan to $2,995 for the Polaris 500 convertible. The company said that 1961 comparable prices were $1,821 and $3,048.

Quoted at-the-factory prices do not include federal, state or local taxes, neither do they include freight nor dealer handling charges.

Carpeting, optional in 1961 Lancers, has been made standard in 1962 models and Dodge said the prices had been equated for comparison purposes.

It said the same was true for the 1962 Polaris 500 on which deluxe whel covers and steering wheel, foam rubber cushions, back-up lights and padded instrument panel had been made standard, instead of optional.

Dart model prices start at $2,640 and run to $2,832 for a new four-door, three - seat, eight-cylinder station wagon.

100 Goya Works Put on Display in Madrid

MADRID, Spain (AP)—An exhibition of more than 100 works by the 19th century Spanish painter Francisco de Goya was opened at El Retiro Park Wednesday. The display is the largest exhibited of Goya, considered Spain's greatest master.

The exhibition is part of the celebrations of the fourth centennial of Madrid as capital of Spain.

Furniture Industry Increases Activity

GRAND RAPIDS (AP)—Furniture industry activity is accelerating after an upward start early this year, according to a regular monthly report by analysts Seidman & Seidman.

It said August was the best month of the year with a 23 per cent gain over vacation-slowed July in new orders. The 16-year average had shown August orders 4½ per cent below those taken in July.

In other phases of the report:

The average reporting plant increased shipments by 62 per cent over July, compared with a 10-year average of 35.2 per cent; unfilled orders were up 7 per cent over July; factory payrolls (dollars) were up 29 per cent over the previous month and plant time was stepped up to an average of 41 hours a week, compared with 32 hours in July.

Nat King Cole's Wife Gives Birth to Twins

SANTA MONICA, Calif. (AP)—Singer Nat (King) Cole's wife gave birth to identical twin girls Tuesday at St. John's Hospital.

The children were named Casey and Timolin. The couple has three other children, Mrs. Cole and the twins are doing well, her doctor said.

170 Working on N-Sub Walk Out in England

BARROW-IN-FURNESS, England (AP)—One hundred and seventy men working on Dreadnought, Britain's first nuclear submarine, went on strike Wednesday.

A spokesman of the Amalgamated Engineering Union said there was a dispute over extra pay.

Plan to Attend MD Conference

People From County Will Be at Detroit Area Campaign Meeting

Three Oakland County representatives will be among those attending the special Metropolitan Detroit Area Campaign meeting tomorrow of officials, volunteers and parents of children suffering muscular dystrophy.

* * *

Eric Heizer, 456 Thors St., Pontiac campaign chairman; Mrs. Helen Martin of 1600 Square Lake Road, Troy campaign chairman and assistant field representative from the county; and Mrs. Mary Matson, 7034 Desmond St., Waterford, Waterford campaign chairman, will attend the special meeting in the Crystal Ball Room of the Pick-Fort Shelby Hotel.

Heizer will meet first with his area leaders and all volunteers at the Fraternal Order of Eagles Hall, 289 W. Montcalm St. at 8 p.m. tonight.

Paul Millitello, director of the Tri-Counties Wayne, Oakland and Macomb for the Muscular Dystrophy Association, will speak on the various phases of MD patient service and the great need for research. Films will also be shown at tonight's event open to the public.

* * *

The Friday session will precede the state conference scheduled for Saturday and will involve community and zone campaign chairmen, chapter executive committee members and county campaign chairmen from Macomb, St. Clair, Monroe and Wayne counties.

* * *

Those present will hear that the number of muscular dystrophy patients discovered in this area of Michigan has jumped considerably in the last year, as have costs, and that greatly increased vigor is requisite in conducting the 1961 campaign.

Milford Man Named Territorial Manager

George R. Perkins, Milford, a veteran of nearly 15 years in the automotive parts market, has been named a territory manager of The Columbus Parts Corp., according to James Balough, sales manager.

Perkins will serve Columbus shock absorber customers in Michigan and Northwestern Ohio. Columbus, headquarters in Toledo, Ohio, is a national supplier of shock absorbers.

Device Reduces Surgery Need

U. of M. Team Reports Instrument Might End Some Costly Probes

ANN ARBOR (AP) — A team of doctors at the University of Michigan Medical Center say they have developed an instrument that may reduce the need for expensive exploratory surgery in stomach and intestinal disorders.

Called a "hydraulic biopsy apparatus," the instrument consists of a stainless steel capsule, smaller than a piece of rock candy, attached to the end of a plastic tube.

* * *

A patient swallows the tube and hydraulic pressure transmitted down the tube activates a small rotating cylinder inside the capsule.

As it passes an opening in the capsule the razor-sharp cylinder slices off a microscopic sample of the lining of the stomach or small intestine.

Water pressure then brings the sample up through the tube for examination. The device can take any number of samples before being withdrawn.

It can also be used to study the effect of substances on the stomach and intestinal tract by bringing up samples before and after the substance is administered.

* * *

The device was developed by Drs. Robert J. Bolt and Arthur B. French, associate professors of internal medicine. They were assisted by Herbert Senecal and Edward Rupke of the U. of M. Office of Research Administration.

Primary colors, used in color television, are red, blue and green rather than the conventional red, blue and yellow. The combination is used to reproduce white in balance.

Some Price Relief Noticed Due to Competition

AP Business News Analyst

NEW YORK — Price cuts here and there emphasize today that the time hasn't yet come for a general upward sweep just because business has recovered from its one year of decline.

* * *

Many are finding comfort in the news that some things that go up can still come down.

* * *

The 1960 recession failed to set off any general weakening in prices. In fact, taking in services as well as goods and finished products as well as materials, the price level managed to rise slightly during the slump.

* * *

And now the recovery, although impressive in the industrial production sector, isn't guaranteeing that all prices are going to rise —at least not right away.

* * *

Some food prices are due to go up now, but others are likely to ease this fall. Some services seem just to become more costly, but others are leveling off.

NEW CARS HOLD

Detroit is beginning to announce list prices on its new models. Some are up, but a number are down from last year. The reason is more likely to be competition among the various makes than any clipping of cost corners on the assembly line, where wage scales are about to rise.

* * *

The motoring public has yet to see how the factory list prices work out at the dealer's showroom. But the promise is: Competition is acting as an effective brake, despite all the high expectations of greater demand.

* * *

Steel prices, regarded as pattern setting by the administration, are still a question. Wage scales go up next week. Steel executives feel that rising production costs and squeezed price margins call for higher prices. But competition is high in this case, too.

* * *

There is competition within the industry, with lots of capacity to turn out steel products, and with customers still shopping actively for bargains. And there is competition from substitutes.

COMPETITION

The cut in the price of aluminum will give pause to makers of steel products that compete with aluminum in many fields—construction, automotive and food cans and other containers.

The price of copper also is under some pressure, with weakness reported in sensitive spot markets.

* * *

Oil refiners supplying gasoline to Midwest markets have just cut prices for the fifth time in two months, because of oversupply and lots of competition, and the increasing number of smaller cars that use less gas.

One big tire maker has just predicted that prices in that field should hold steady this year, even if rising costs may force hikes in 1962.

The government's consumer price index shows rising prices in used cars, transportation fares, medical fees and home buying costs.

MEAT TO DROP

But consumers are assured that in a few more weeks there should be a drop in the price of meats, as the supply increases. If you are a long-time planner, you can be reassured that turkeys will be plentiful for Thanksgiving. This year's crop is one fourth larger than last year's. A record supply is waiting in cold storage.

* * *

Worry about what may happen to prices in general next year is real enough. But for a time there likely will be enough price cuts to give some relief from rising prices elsewhere.

Industrial production has more than erased its recession losses. But until there's a real boom, there still will be competition—and price relief in some lines.

There are about 13 per cent of children in the U.S. between ages 5 and 17 who do not attend any school at all during an average school year.

Sierra Leone Settles Problem of Bare Flagpole

UNITED NATIONS, N.Y. (UPI) —The General Assembly Wednesday elected the West African nation of Sierra Leone the United Nation's 100th member, thereby solving the case of the "lonesome flagpole."

★ ★ ★

Since last October, 100 flagpoles have stood outside U.N. headquarters here, with only 99 flags flying from them.

Workers increased the number of flagpoles in anticipation of the admission of Mauritania and 17 other African countries last fall. But the Soviet Union vetoed Mauritania's membership and the 100th flagpole remained bare.

★ ★ ★

Wednesday Sierra Leone qualified to have its flag run up. Actually, it will not occupy the 100th pole but will fly in alphabetical order between those of Senegal and Somalia.

Florida Swimmers Don't Like the Idea

FORT LAUDERDALE, Fla. (UPI) — Swimmers stayed close to shore along a favorite stretch of Southeast Florida beach today, fearful that a school of hungry sharks might make another pass into shallow water.

Witnesses reported seeing about 200 of the marauding sharks, some of them "in the 20-foot class," between this city and Deerfield Beach north of here Wednesday. Some of the sharks were within a few feet of shore.

Authorities said the sharks apparently were after schools of mullet and other bait fish that migrate along the ocean beaches nearly every year about this time.

The giant dinosaurs that roamed the swamps of North America millions of years ago measured up to 87½ feet.

House Takes 'Let Em Holler' Attitude Toward Senate

WASHINGTON (AP) — House leaders have taken a "let 'em holler" attitude toward stormy Senate complaints about the wind-up of the congressional session.

The 1961 session came to a whirlwind—and angry—close early Wednesday morning. The House quit two hours before the Senate, forcing the Senate to go along with every detail in a big money measure. Any change would have killed the bill and forced President Kennedy to call a special session to get the needed funds for several government agencies.

★ ★ ★

House leaders disclaimed any intention of denying the Senate a chance to alter the bill if it wanted to.

But they said they had been assured at a conference attended by Senate Democratic Leader Mike Mansfield of Montana and nine members of the Senate Appropiations Committee that the compromise was acceptable and would be passed by the Senate in short order. Mansfield later called the House adjournment outrageous.

DIRKSEN ANGRY

"Let's find out whether the House of Representatives can affront the Senate," thundered Senate Republican Leader Everett M. Dirksen of Illinois before the Senate finally passed the measure and adjourned.

Rep. Clarence Cannon, D-Mo., told a newsman "they got caught in their own trap."

★ ★ ★

Cannon, chairman of the House Appropriations Committee, added: "Mansfield knew all about it. We understood that the Senate would go along with the bill. They knew we were going to quit as soon as we passed it."

"It's unfortunate," commented Rep. Albert Thomas, D-Tex., the House floor manager of the bill. "All their members on the committee that worked out the compromise were unanimous."

A top House spokesman who didn't want to be identified because of "the comity" between the two branches, said he suspected the cries of anguish from the Senate were the result of "offended dignity more than anything else."

"For years they have called the shots on adjournment," he said. "They have let the House sit around for hours with nothing to do while senators made longwinded speeches before adopting a final adjournment resolution so we could go home. This year we got the jump on them and it apparently has hurt their feeling of superiority."

LIGHT ON SITUATION

Off-the-record comment of some House leaders threw another light on the situation, which threatens to make less friendly future relations between the two branches.

They suspected that some senators didn't like the compromise and planned to try to reject it and force another Senate-House Conference, which could have kept Congress in session days more.

Three items in the compromise were particularly objectionable to some senators.

One made it clear that House members could send free mail to constituents without addressing it to specific individuals. The Senate knocked the item out of the bill originally but it was restored in the compromise agreement.

Another item eliminated more money the senators had voted for their own clerical hire.

★ ★ ★

The third retained in the bill House language prohibiting Treasury advances, known as back-door spending, to finance the depressed areas program and some housing programs.

British Troops Get Out

KUWAIT (UPI) — Nearly 300 British troops were flown out of Kuwait Wednesday. All British forces were withdrawn from defensive lines and replaced by Arab troops and armored units of the Saudi Arabian army.

Each year the U.S. army corps of engineers removes from New York harbor about 2.5 million cubic yards of silt carried down the Hudson by natural currents.

Shuffle Papers? Stare Out Window?

Which Way Do YOU Use to Kill Time on Job?

By HAL BOYLE

NEW YORK (AP)—The average American office worker knows at least 101 different ways of killing time on the job.

Experts, of course, know a lot more.

BOYLE

The methods of wasting time range all the way from mere paper shuffling to hiding out in the rest rooms or taking a secret nap in the supply room.

Over the years each office employe finds his own favorite and successful means of loafing constructively on company time so that, come dusk, he'll have stored up enough strength to enjoy the evening doing as he pleases.

★ ★ ★

In a class by themselves are those who stare out the office windows. It may seem simple to waste time staring out a window, but to do so and still give the impression you are busy with company problems is a very difficult art. Those who get away with it are among the elite actors in the office zoo.

★ ★ ★

Here are some types of window starers you may be familiar with in your own firm:

SNEAKY SID

Sneaky Sid—The middle-aged bookkeeper pretends he is cleaning his glasses. But actually he is looking through the lenses at a shapely lass crossing the street a block and a half away.

Philosophic Pete—Tugging at his lower lip, he gazes fixedly at the crowds scurrying by on the sidewalk below. "Ants," he mutters to himself. "That's what we all are—just ants."

Tricky Tessie—The pretty secretary gives every impression she is paying full attention to dictation. But every time the boss turn his eyes to the ceiling for a helpful phrase, she looks out the window and tries to play peek-a-boo with the handsome young lawyer in the office across the way.

Teddy, the Toy Tycoon—A visiting buyer has given the junior executive a cheap cigar. Puffing importantly at it, he glances expensively out over the city and dreams, "Some one of these days I'll be the big wheel around here. Some one of these days."

Hungover Harry—He isn't really looking out the window at all. He is only wondering, "Maybe if I opened it and jumped out the pain would go away."

FLY-SPECK PHIL

Fly-Specking Phil—Going to each of the 27 office windows in turn, the third vice president rubs a bit of dust off each with his fingers, then announces loudly, "It's about time someone told the building management these windows need cleaning again. Do I have to think of everything around this place?" He has killed half a day once a week with this pet routine for the last 28 years. A real pro, this old boy.

Amateur Albert—An eager beaver in the personnel department, he actually does find company problems crowding into his mind whenever he looks out the window. A pitiful case, doomed to early ulcers.

Hard-Up Herbert—Shaking his head, and jingling a few coins in his pocket, he strides back and forth by his window. He gives the air of being deep in thought over a way to speed up production. Here's what's really on his mind: "Who can I hit up for lunch money today?"

Nonchalant Ned—The top salesman sits with his feet on his desk and carelessly sails paper airplanes out the window. Everyone admires him because he doesn't have to pretend. He's the only guy bringing fresh money into the firm.

★ ★ ★

Wistful Wilbur—This is the boss himself. When he looks out the window he has a vague impulse to raise it and cry "Help!" He knows that somewhere in the crowds below must be a few people he could hire and really get some work done around the office. But which? Who? Where?

There they are—the window starers, the elite of the office time-wasters.

UNION LEADER DIES — David B. Robertson, 85, for 31 years was president of the Brotherhood of Locomotive Firemen and Engineers. He retired in 1953 and died this week in a Lakeside, Ohio, Hospital. He helped to get the Railway Labor Act passed in 1926.

Champ Puffers Fire Away in Annual Match

RICHMOND, Va. (AP)—There's a reason for that smoke-filled room at a downtown hotel today —but it has nothing to do with politics.

★ ★ ★

It's the scene of the 13th annual world's championship of the International Association of Pipe Smokers Clubs. More than 50 starters are expected.

All week long, fittingly enough in conjunction with Richmond's annual tobacco festival, members have been holding business meetings. They've even crowned their own queen, Caryle Gale Hoffman of Reading, Pa.

60 SECONDS TO LIGHT

The contestants, armed with 3.3 grams of special contest tobacco and two kitchen matches have 60 seconds to get their pipes lit. The winner is the gentleman—or lady —who emits the last puff of smoke.

Probe Reveals Giraffe Was Murdered in Zoo

ODENSE, Denmark (AP) — An autopsy report showed Wednesday that Kalle the giraffe, a favorite at the Odense Zoo for 10 years, was murdered.

Kalle died in his cage last month. Examination disclosed his stomach had been loaded with poison.

"There is no doubt that someone gave Kalle the poison deliberately," said veterinarian Dalborg Jahansen.

Police said there will be no investigation. About 10,000 guests visited the zoo the day the long-necked animal was killed.

Smallpox Epidemic Reported in Congo

GENEVA (AP) — The World Health Organization (WHO) said Wednesday there is a serious smallpox epidemic in South Kasai Province of the Congo.

WHO said it is flying emergency supplies of vaccine from Pisa, Italy, by U. N. aircraft, to combat the disease.

Six deaths and 116 cases have been reported. Sixteen deaths and over 65 major cases were reported in the Congo in 1960.

IRS Sues Eddie Albert, Rory Calhoun for Taxes

HOLLYWOOD (AP) — Actors Eddie Albert and Rory Calhoun have been sued by the government for back income taxes. So was writer Adala Rogers St. John.

The Internal Revenue Service asked $7,131.65 from Albert and his wife, Margo, for 1958-59, and $27,890.29 from Calhoun and his wife, Lita, for 1960.

Miss St. John was sued for $1,630.45 representing 1960 taxes.

RIDES WITH DULLES—President Kennedy rides in the car with Allen Dulles (center) after the Chief Executive announced the retirement of Dulles as director of Central Intelligence Agency. John A. McCone, who will succeed Dulles, is at right. The announcement was given out at Newport, R.I.

Army Hoping to Mechanize U.S. Infantry in Germany

WASHINGTON (AP) — The Army hopes to have its foot soldiers in Germany fully equipped in about five months with armor-protected vehicles designed to move them swiftly and safely into battle zones.

Officials estimated today it will take about 2,000 of these vehicles to outfit the 3rd, 8th, and 24th Infantry Divisions.

★ ★ ★

Shipment of the latest model M113 troop carriers already has begun and the Army has contracted for speeded-up manufacture of more of them.

The Army long has sought to mechanize its infantry in Europe where the terrain is relatively flat and where a fast moving force has an advantage. The Soviets are known to have mechanized many of their divisions.

CRISIS LENDS IMPETUS

The Berlin crisis, and its threat of a U.S.-Soviet clash of arms, has given impetus to the Army's plans for mechanization.

★ ★ ★

Perhaps two-thirds of the 2,000 personnel carriers will be the modern, aluminum armored M113, the rest the heavier and shorter range M59s. Eventually the Army hopes to replace the older models.

In the past, infantrymen have marched to the front or have been carried up in trucks affording little or no protection from shell fragments and small arms fire. Also, trucks have had to stay pretty much on roads.

★ ★ ★

The new troop carriers are not dependent on highways. Their tractor-like treads permit them to strike out across country and keep up with fast traveling tank elements. With such transportation ground troops are in better position to exploit breakthroughs in enemy lines.

STILL FIGHT ON FOOT

The infantry's fighting still would be done on foot. The carriers would get them to the scene of action much quicker.

★ ★ ★

The M113 and the older M59 are shielded all around — top, side, front and back. Army experts consider the top protection especially important because it prevents heavy casualties from air bursts of high explosive weapons.

★ ★ ★

Those experts say such carriers would be valuable on a nuclear battlefield. As they explain it, the carriers would give troops a measure of safety from contamination in riding through an area poisoned by radiation.

Northeast Airlines to Consider Merger

NEW YORK (UPI) — The board chairman of financially ailing Northeast Airlines has indicated willingness to consider a merger proposal made by three other air carriers.

David A. Stretch said Wednesday, however, that the proposal has been referred to the line's legal counsel for review and recommendation because of the "difficult questions concerning the legal and practical feasibility of the plan."

National and Eastern Airlines, two of the country's major trunk carriers, and Mohawk Airlines, a local service carrier with routes stretching from New England to Detroit, proposed the merger Sept. 19.

Rayburn Reports Back Improving, He 'Will Return'

BONHAM, Tex. (AP)— Speaker of the House Sam Rayburn says his back is improving and he will be back in Washington by the time Congress reconvenes in January.

★ ★ ★

Rayburn, 79, canceled a scheduled appearance at the Texas-Oklahoma fair at Iowa Park, Tex., where he was to have been an honor guest Wednesday.

"My doctors felt I should not make the trip since I am making such good progress with my back," Rayburn told newsmen.

★ ★ ★

The House speaker has been suffering from lumbago. He returned to Bonham from Washington Aug. 31 for a rest.

YOUR BEST INVESTMENT IS IN YOURSELF

Can you afford specialized business training? You can't afford not to have it. When you are young the best investment you can make is in yourself. One hundred dollars invested in a bond will bring you three or so dollars a year — unless something happens to the bond. But a hundred dollars invested in acquiring knowledge or skill will bring you dividends of pleasure and profit as long as you live. Your principal will be invested in a business you control. It will be where you can watch it. Booms can't inflate it and depression can't wipe it out. Thieves can't steal it. Relatives can't borrow it.

Dodge Trucks, Rambler Americans Make Their Debut

VERSATILE DODGE TRUCK — At home, in the city or on the farm, the 1962 Dodge D100 Sweptline pickup is expected to provide practical and stylish service. It features a one-piece, chromium-plated steel grille and a low silhouette. The Sweptline is powered by a 140-horsepower, 225-cubic-inch, inclined six-cylinder engine; it is available with either 6½-foot or eight-foot body. Maximum gross vehicle weight rating is 5,100 pounds.

RAMBLER AMERICAN CONVERTIBLE — Greater economy and reduced maintenance head the list of goals for the 1962 Rambler American. The American is offered in 12 models, including two and four-door sedans and station wagons, and the two-door convertible shown here. All models feature an optional clutch transmission, called "E-Stick," a new compact optional automatic transmission, double-safety brake system and self-adjusting brakes as standard equipment.

Dodge Goes Modern

The 1962 line of Dodge trucks will go on sale today featuring a new compact delivery unit and new contemporary styling.

* * *

Design and engineering emphasis has been placed on increased improved operating economy, driver comfort and handling ease, greater reliability and durability, according to Dodge General Manager Byron J. Nichols.

AT ROCHESTER

The new trucks will be available through Rambler-Dallas, Inc., 1001 N. Main, Rochester.

There are 141 basic models, including conventional-cab, low-cab-forward, forward-control chassis, four-wheel-drive, school bus chassis and tandem units.

A highlight of the new line is a compact, half-ton, forward-control delivery unit which provides exceptional maneuverability and a short turning radius for operations in congested urban areas.

Featuring a 104-inch wheelbase and a maximum gross vehicle weight rating of 5,100 pounds, it is available with either of Dodge's inclined six-cylinder gasoline engines: The 225-cubic-inch, 140-horsepower model or the 170-cubic-inch, 101-horsepower version.

Conventional-cab models present a fresh, clean and distinctive appearance highlighted by a new grille and repositioned name and model identification.

The exterior appearance of medium and high-tonnage low-cab-forward (LCF) models remains unchanged for the second straight year, enabling truck operators to interchange parts freely and thus stock a smaller parts inventory. This is a reflection of a standardization policy in the medium and high-tonnage field, according to Nichols.

Eleven gasoline engines, ranging from 101 to 228 horsepower, are offered. Four six-cylinder engines are available with horsepower ratings from 101 to 140. Truck operators may choose from seven V8 engines with 178 to 228 horsepower.

Nichols emphasized that for the second consecutive year Dodge is the only truck manufacturer to offer inclined six-cylinder gasoline engines.

Seven Cummins diesel engines are available in the 1962 line, ranging from 160 to 250 horsepower.

A closed crankcase ventilating system is standard on all eight-cylinder, four-wheel-drive models; on C500 units with the 318-cubic-inch V8 engines; on units with the 361 and 413-cubic-inch V8 engines, and on model WM-300. It is optional on all other gasoline models.

For driver comfort, conventional-cab models have a solid-vinyl, long-lasting cushion fabric of heavy-duty weight coil-spring regulator for five inches of fore-and-aft adjustment, one inch of vertical adjustment and forward-and-backward tilt positions.

Improved sealing technique provides greater protection against entry of air, dust and water in all cabs, as well as in the Town panel and Town wagon.

COMPACT DODGE — Developed for firms engaged in delivery operations in congested urban outstanding maneuverability on a short, 104-inch wheelbase. A 140-horsepower, 225-cubic-inch, inclined six-cylinder engine is standard. Optional is a 101-horsepower, 170-cubic-inch, six-cylinder engine. Gross weight rating is 5,100. Merchandiser body is made by Boyertown Auto Body Works, Pa.

Rambler Likes Same Look

American Motors today introduced its 1962 Rambler-American models.

* * *

The newest versions of the Rambler American incorporate a number of engineering features and mechanical improvements design for greater economy and reduced maintenance. Styling is similar to 1961.

Roy Abernethy, executive vice president, said the new models would be displayed in Rambler dealer showrooms throughout the country Oct. 6.

Dealers in this area are: R and C Rambler Sales and Service, 8135 Commerce Rd., Union Lake; Russ Johnson Motor Sales, 89 M-24, Lake Orion; Houghten and Son Inc. 528 N. Main, Rochester; Bill Spence Inc., 32 S. Main, Clarkston; and Wilson Auto Sales Inc., 105 E. Highland, Highland Twp.

* * *

The Rambler American 1962 line offers 12 models in a new deluxe, custom and "400" series, providing more luxury at no additional cost, according to Abernethy. They include two- and four-door sedans and station wagons, and a two-door convertible.

The consumer has a choice of five transmissions. New are the "E-Stick" and the "Flash-O-Matic." With the optional "E-Stick," there is no clutch pedal and the drive shifts gears as in any standard transmission model.

The "Flash-O-Matic" was designed as optional equipment as a transmission better suited for the power and torque output of the Rambler's six-cylinder engines.

OTHER FEATURES

Also offered as optional are standard synchromesh transmission and standard transmission with overdrive.

Two six-cylinder cast-iron engines, both with a displacement of 195.6 cubic inches and designed for use of regular fuel, are offered on the Rambler American.

The American Deluxe and Custom models are equipped with the "Super Flying Scot" L-head engine, developing 90 horsepower, as standard equipment. The "400" models are powered by the "Custom Flying Scot" overhead valve engine, developing 125 horsepower, as standard. This engine is also offered as an option on both deluxe and custom models.

* * *

Self-adjusting brakes will be standard on all new American models. Lubrication and oil change recommendations will be increased; front suspension and steering linkage lubrication will be extended from 1,000 to 2,000 miles. Normal drain period for engine oil is changed from 2,000 to 4,000 mile intervals.

The 12-month or 12,000-mile warranty will continue on all models.

"AMERICAN" STATION WAGON — As the other 11 Rambler American models for 1962, the new wagon comes with an all-new double-safety brake system and self-adjusting brakes as standard equipment. A new coolant is guaranteed for 24 months or 24,000 miles; optional lounge-tilt seat is designed for greater comfort; mileage between lubrication and oil changes is increased. These innovations apply to all new Rambler American models.

Nab Red Gem Thieves

WASHINGTON (UPI)—Eighteen Soviet technicians have been arrested in Guinea for stealing diamonds from Guinea mines, according to a high U. S. official.

Hammarskjold Returns Home

Body of Ex-U.N. Chief Arrives in Stockholm for State Funeral

STOCKHOLM (UPI)—The body of Dag Hammarskjold arrived in this Swedish capital today as an entire nation prepared to honor the former United Nations secretary general with a state funeral usually reserved for royalty.

* * *

Sixteen Royal Air Force jets escorted the chartered airliner which carried the bodies of Hammarskjold and five Swedish crew members of the plane which crashed while on a peace mission in Africa.

The jets circled the airport and all soldiers who had served under U.N. colors in the Congo lined up at attention. One thousand persons watched in silence.

* *

Officials planned to take the U.N. chief's body to the cathedral in Uppsala, 45 miles north of here, for funeral services which will be held Friday. The old university town is Hammarskjold's home.

Says People Will Pay

WASHINGTON (UPI) — An official of the National Education Association (NEA) said Wednesday the American people would be willing to pay teachers higher salaries—if they got better teachers.

McNamara Ends Visit to Coast Air Factories

SEATTLE, Wash. (AP) —Defense Secretary Robert S. McNamara has completed a visit to West Coast aircraft factories and says he will make recommendations on several defense programs soon.

Projects under consideration include whether to speed the Boeing Co. Dyna-Soar spaceglider program, add another wing of B52 bombers, spend more money on developing the B70 supersonic bomber, and whether to proceed with the mobile Minuteman missile program.

McNamara said he will make recommendations to President Kennedy within four to six weeks.

Opposing Factions in Laos to Meet

BAN NAMONE, Laos (UPI)—Leaders of Laos' right-wing, neutralist and pro-Communist factions have agreed to meet next month to choose a coalition premier and end the long stalemate that has gripped this divided Southeast Asian kingdom.

The Royal Laotian government made a number of concessions to break the 4½-month-old logjam of disagreements in the three-way peace talks here.

The three contending Laotian princes will confer at Ban Hin Heu village, where the Nam Lik River marks the firing line between government and rebel forces.

TV Advertiser Has Control

Procter and Gamble Holds Daytime Reins but Gives In at Night

NEW YORK (UPI) — The nation's biggest television advertiser believes in controlling program content but the producer usually wins any dispute over night shows on prime time.

* * *

This was disclosed during the second day of a Federal Communications Commission (FCC) inquiry into the influence of advertisers on TV programs. The hearing continues today.

Wednesday, Procter & Gamble, which spends about $100 million a year on TV advertising, read into the record a program buying policy. The policy covers such things as good taste, and treatment of minorities and included the following rule:

"There will be no material on any of our programs which could in any way further the concept of business as cold, ruthless and lacking all sentiment or spiritual motivation."

* * *

Albert N. Halverstadt, general advertising manager of P & G, said in testimony his company largely controls its daytime programs but that when it disagrees with the TV producer over a night show on prime time, the producer usually wins.

Hope Tax Ideas May Help to Speed Work of Con-Con

By GENE SCHROEDER

LANSING (AP) — Michigan's Constitution has been amended 69 times since it was adopted in 1908. More than 20 per cent of the amendments pertain to finance and taxation.

Public interest in the doings of the forthcoming constitutional convention probably will be focused most sharply on what the delegates do about money matters, since the man-on-the-street is concerned about the effect on his pocketbook.

A 10-man Citizens' Advisory Committee on taxation and finance has come up with some conclusions which they hope will help the convention decide on what changes should be made in the 28-section article dealing with the state's fiscal powers.

LIST RECOMMENDATIONS

Highlights of the committee's recommendations included:

—Retention of the earmarking of part of the sales tax for schools and local governments and earmarking of gas taxes for highway uses.

—Removal of the 15-mill ceiling on local property taxes.

—Abolishment of the primary school interest fund supported largely by taxes on public utilities.

—Removal of the state's $250,000 debt ceiling.

—Addition of a new section giving the legislature board freedom to levy all types of taxes.

* * *

As an indication of just how touchy and controversial the subject might become, at least two members of the distinguished committee disagreed with some of the recommendations.

One of them, Dr. E. Dale Kennedy of the Michigan Education Association, did not agree with the suggestion that the present primary school interest fund provision of the Constitution be deleted.

And Dan E. Reed of the Michigan Farm Bureau was opposed to the elimination of the present 15-mill tax rate limitation.

There was general agreement among committee members, however, on all other recommendations.

This in itself was surprising in view of the broad range of viewpoints represented—from a bank president to a United Auto Workers official.

SKIP INCOME TAX

The desirability of a state income tax was not covered in the committee's suggestions except in its recommendation that there be deleted from the Constitution a section which now prohibits tax legislation "by reference."

"Many attorneys believe that (the section) unnecessarily restricts the legislature, preventing it, for instance, from imposing an income tax on the federal base or one stated as a percentage of the federal tax," the committee report declared.

Whether the present Constitution now bars a graduated income tax through its "uniformity" provision has been the subject of some dispute.

In its recommendations, the committee said the section should be deleted, but for property tax reasons.

"The effect of deleting this section would be to permit the legislature to tax property at differential rates, if desired," the report concluded, explaining:

* * *

"The 'due process' and 'equal protection' clauses of the 14th amendment to the federal Constitution would permit that flexibility which should be enjoyed by the legislature while at the same time ensuring that unreasonable discrimination against taxpayers will not occur.

* * *

"It should be noted that New York, Iowa and Connecticut do not provide specifically in their constitutions for a uniformity clause."

Many other deletions were recommended on the grounds that the sections were long and complex and probably belong in legislation rather than in the Constitution.

PRINCIPLE SUPPORTED

The earmarking of funds for schools, the committee acknowledged, is perhaps the most controversial of the finance sections of the Constitution.

But while recognizing the validity of arguments against earmarking, the committee said it felt that major opinion in the state supported the principle.

"This major opinion would be reluctant to abandon the assurance of support which this section affords, assurance not provided by past legislatures," the report contended.

Surprisingly enough, the Michigan Education Association is among those that have doubts about constitutional earmarking, feeling that earmarking by legislation would be a better practice.

Some MEA spokesmen point out that earmarking has not raised sufficient money for the schools anyway, forcing the legislature to pass deficiency appropriations.

* * *

In recommending removal of the 15-mill ceiling on local property taxes, the committee said the limitation should be replaced with a provision directing the legislature to limit by statute the property tax rate on counties, townships and school districts.

* * *

The 15-mile limit was established during the depression, and many opponents argue that it has outlived its usefulness.

But supporters of the provision include the Michigan Townships Association and the Michigan Farm Bureau.

Their argument follows the line that a property tax limitation prevents excessive taxation by local governing units and holds down the costs of government by encouraging a more effectual use of available resources.

Another argument is that the requirement that any millage in excess of the 15-mill limitation be approved by the voters results in better understanding of the needs of government and how public money is spent.

The Citizens' Committee recommendation for abolishment of the primary school interest fund carried with it the argument that the system is outmoded, since it was set up originally out of the proceeds of federal land grants.

"It is no longer logical to retain this method," said the committee, adding:

"Nor is it appropriate to earmark the specific taxes on railroad, telephone, and telegraph company property, the insurance premium and inheritance taxes, and the corporate organization fee for this purpose.

* * *

"These taxes bear no relation to school needs, and revenue from them is now equal to only a small fraction of school aid.

"Yet their continued earmarking tends to minimize the legislature's interest in examining these taxes from the viewpoint of tax rationality."

In recommending the removal of the $250,000 general fund debt ceiling, the report proposed a debt limit of $100 million.

Or, it said, the constitutional convention might designate a percentage of constitutionally unearmarked annual revenues.

* * *

Opposition to the present $250,000 debt ceiling is practically nonexistent.

The provision has not kept Michigan's debt down to that figure, however, because of numerous constitutional amendments which permit borrowing for special purposes.

E. Germans Tell Man No Visits, Unless Made by State Department

BERLIN (UPI) — The plight of two American students imprisoned in East Germany appeared today to be getting further entangled in the cold war between East and West.

* * *

Victor Pankey, 18, and Gilbert P. Ferrey, 20, were sentenced to two years each on Tuesday, on charges of trying to smuggle an East German girl across the border to West Berlin.

Wednesday, Ferrey's brother-in-law, David McFadden of Santa Ana, Calif., reported he had been barred from seeing Ferrey.

McFadden said a Communist official told him visits might be arranged if the U.S. State Department sent "somebody to talk with our foreign affairs people."

* * *

Western observers said the Communists apparently were trying to use the boys to pressure some sort of recognition for East Germany from the United States.

Pankey's parents, Mr. and Mrs. Edgar Pankey of Tustin, Calif., arrived in Paris Wednesday night to try to help their son. Whether Red prison officials would permit them to see him was uncertain.

The Communists charged that Pankey and Ferrey hid the girl, a student in East Germany, in the trunk of their car.

* * *

They were sentenced after a secret two-day trial, which was not open to Western correspondents. McFadden said he was notified there was no chance that a West Berlin lawyer he hired would be allowed to see the boys.

Twining Feels War Over Berlin Unlikely

DALLAS, Tex. (UPI) — Gen. Nathan Twining, retired chairman of the U.S. Joint Chiefs of Staff, said he thinks war is more likely to break out in Southeast Asia than in Berlin.

But he added that he thinks the United States is a long way from war.

"As long as you are talking, you're not fighting," Twining said. "I think we're a long way from war because the United States is too strong and the enemy knows this. This is all the more reason we must keep firm . . . let the enemy know that we'll use nuclear force if we need to.

* * *

Twining spoke Wednesday before members of the National Association of Insurance Agents holding their national convention in Dallas.

Fallout Rises Sharply Over Belgium Recently

BRUSSELS, Belgium (AP) — Radioactivity over Belgium was reported Wednesday to have risen sharply as a result of Soviet nuclear explosions.

A spokesman for the Belgian Royal Meteorological Institute said the rise began Sept. 13 when the radioactivity count multiplied 12 times. Six days later the count had jumped to 20 times that of Sept. 13.

Says Spies of Today to Win Future Wars

NIAGARA FALLS, N.Y. (AP)—Daniel T. Moore, an OSS spy during World War II, said in a talk here that "the first rule of spy warfare is: 'Never tell your own people more than they need to know.' "

"If there is a World War III — and I doubt it because you seldom have a fire in a match factory — the battles of tomorrow will be decided by the spies of today," he said.

Elevator Falls Four Floors into Pile of Feathers

HOUSTON, Tex. (UPI) — A group of 18 women plunged four floors in an elevator Wednesday into a pile of feathers.

★ ★ ★

Most of the women were hurt, but the feathers may have saved their lives.

The feathers had piled at the bottom of the elevator shaft over the years at the Pearl Pillow Co. building. When the elevator slammed into the chance-made cushion, the feathers swirled like flakes in a snowstorm, taking more than 15 minutes before they settled.

★ ★ ★

For some of the women, trying to see and breathe with the feathers clinging to their eyes and nostrils and lining the insides of their mouths, was worse than the fall in the elevator.

★ ★ ★

The feathers hampered rescue workers trying to find the victims and rush them to hospitals.

Who's Going to Win the '62 Car Sales Race?

By BEN PHLEGAR
AP Automotive Writer

DETROIT (AP) — Not so many years ago there was a car called Ford and a car called Chevrolet and they engaged annually in a sales race which Chevrolet usually won.

★ ★ ★

This fall there will be five distinct cars sold as Fords and five distinct cars sold as Chevrolets and they will engage in a sales race but you may have to buy a program to figure out who wins.

THE '62 LINEUP

As they break from the starting gate this weekend with their 1962 models this is how they line up:

Chevrolet—The standard Chevrolet in the three series which have been around since 1958, the Biscayne, Belair and Impala; the rear-engine Corvair, also in three series; the Greenbriar station bus, which belongs to the Corvair family but is a distinct vehicle; the Corvette sports car and the new Chevy II, slightly larger than the Corvair but with a conventional front mounted engine.

★ ★ ★

Ford — The standard size Ford for 1962 is called the Galaxie. There is a deluxe version, the Galaxie 500. The Falcon, biggest seller among compact cars; the Econoline station bus; the Thunderbird, which started the new personal car trend, and the new Fairlane, a shorter, wheelbase car somewhat smaller than standard size.

HAS EDGE ON PAPER

Ford figures its five offerings should satisfy more than 90 per cent of all car buyers. The Chevrolet range is slightly less, mainly because the Thunderbird has a wider market than does the strictly sports Corvette.

★ ★ ★

In 1959 Ford edged Chevrolet by less than 50,000 units in the standard car sales race. But Ford's Falcon almost doubled Corvair sales in the four months they were on the market.

In 1960 Chevrolet's standard car outdistanced Ford by more than 500,000 units, one of its biggest margins ever. Falcon once again soundly whipped Corvair, ending 222,000 ahead.

So far this year Chevrolet leads the standard Ford by some 270,000 units. The Falcon has a 130,000 edge on Corvair.

The new sizes obviously will complicate the picture. The Chevy II is sized and priced to compete with the Falcon. The Corvair will be marketed as "the different car" with emphasis on its sporty aspects.

The Fairlane and its deluxe version the Fairlane 500, have no direct opposite at Chevrolet, just as Ford offers nothing exactly like the Corvair.

Among the questions to be answered in the coming year is whether the volume market will favor the in-between size of the Fairlane, or the smaller size of the Chevy II. Can the Chevy II overhaul or slow down the Falcon, which Corvair couldn't do?

Dick's Decision Brightens Picture for N.Y. Man

'Ifs' Loom Ahead for Rocky, Nixon, Goldwater in '64

By JACK BELL

WASHINGTON (AP)— Richard M. Nixon's decision to bid for the California governorship brightened the prospects today of New York Gov. Nelson A. Rockefeller for the 1964 GOP presidential nomination.

The former vice president's announcement in Los Angeles on Wednesday night that he will seek the GOP nomination for governor does not necessarily eliminate him as a contender for a second presidential try.

Nixon pledged to serve a full four-year term if elected governor. But while declaring himself out of the 1964 presidential race he declined to say he would not respond to a draft. He was asked specifically about a draft and replied: "I shall not seek the presidency in 1964."

DEPEND ON DRAFT

Nixon made it clear several weeks ago that if he ran for governor and was elected, he would not expect to enter any state presidential primaries in 1964.

His chances for the presidential nomination thus would be dependent on the development of a nationwide draft movement in his behalf, with the hefty California convention vote serving as the basis of his strength.

★ ★ ★

Rockefeller, who already has announced for re-election next year, might find himself in a position in a second term where he could enter such primaries. And Sen. John F. Kennedy proved in 1960 they furnish valuable momentum toward a presidential nomination.

Sen. Barry Goldwater, R-Ariz., the spokesman for party conservatives who is mentioned as a third possibility for the nomination, also faces a dilemma in the primaries.

TIRED OF SENATE

He will have to decide whether he wants to risk damaging his chances for re-election to the Senate from Arizona in 1964 by taking a flier in the presidential popularity tests in other states. Goldwater has the feeling that Arizona voters might regard any such venture as an indication he is tired of the Senate—which he is not.

★ ★ ★

Nixon's decision ties him largely to California issues for the more than a year that will elapse until the November 1962 election. This will mute the voice he has been using as titular head of his party on national and international issues.

If he is elected, he is likely to have his hands so full with a hostile Democratic legislature there won't be much time for the detailed homework necessary to stay abreast of the ins and outs of national and world problems.

★ ★ ★

Rockefeller, on the other hand, would be likely to have a Republican legislature and be relatively freer to make out-of-state speeches on major issues and push the organizational work needed to win a nomination.

As governor of California and a former national GOP standard bearer, Nixon would have a strong position in the party, where he retains far wider support than Rockefeller has yet been able to assemble.

But Republicans are likely to remember that while Nixon carried California last year, he could not make the grade in New York and didn't win the presidency.

★ ★ ★

If Rockefeller is re-elected by a substantial majority he will have proved that his popularity hasn't waned and that his 1958 victory in New York was no fluke. The New York prize will look big to the convention delegates in 1964.

★ ★ ★

Nixon—and Rockefeller for that matter—could wait until 1968 to try for the nomination, provided both won in governors' races in 1962 and 1966. But if either appeared to be avoiding a collision with Kennedy in 1964 because the President appeared to be in a strong position for re-election, Republicans might look elsewhere in the next four years.

★ ★ ★

Nixon obviously faces a more difficult fight to get elected in California than Rockefeller does for re-election in New York. Democrats have a 1.4 million bulge over Republicans in California registrations.

★ ★ ★

Defeat for either, of course, would wash up their political careers.

Ikeda Pleas for Ban on Nuclear Testing

TOKYO (UPI)—Premier Hayato Ikeda appealed today to the United States, Britain, France and Russia to ban nuclear tests immediately and permanently.

Ikeda told a special session of parliament that Russia's resumption of nuclear tests caused "disappointment and indignation" among the world's peace-loving nations. He expressed "utmost regret" over the fact that the Soviet action forced the United States to follow suit.

"I appeal once again to the United States and the Soviet Union and to the other nations in possession of nuclear weapons (Britain and France) for immediate conclusion of an agreement to stop all nuclear tests," he said.

★ ★ ★

Leave 625 Children

KENMORE, N. Y. (AP) — When Mr. and Mrs. Delmar W. Adams died of heart attcks the same day, they left 625 surviving children. The couple had cared for that many foster children in the Children's Aid Society in the last 13 years.

End State Hearings on Porcupine Park

ONTONAGON (AP) — A State Senate committee investigating possibilities for developing Porcupine Mountain State Park concluded its hearing here Wednesday.

Sen. Thomas F. Schweigart, R-Petoskey, chairman said a further hearing would be held at Lansing at a date to be determined.

The committee spent a little more than a day in hearing witnesses in this Upper Peninsula community not far from the wilderness park.

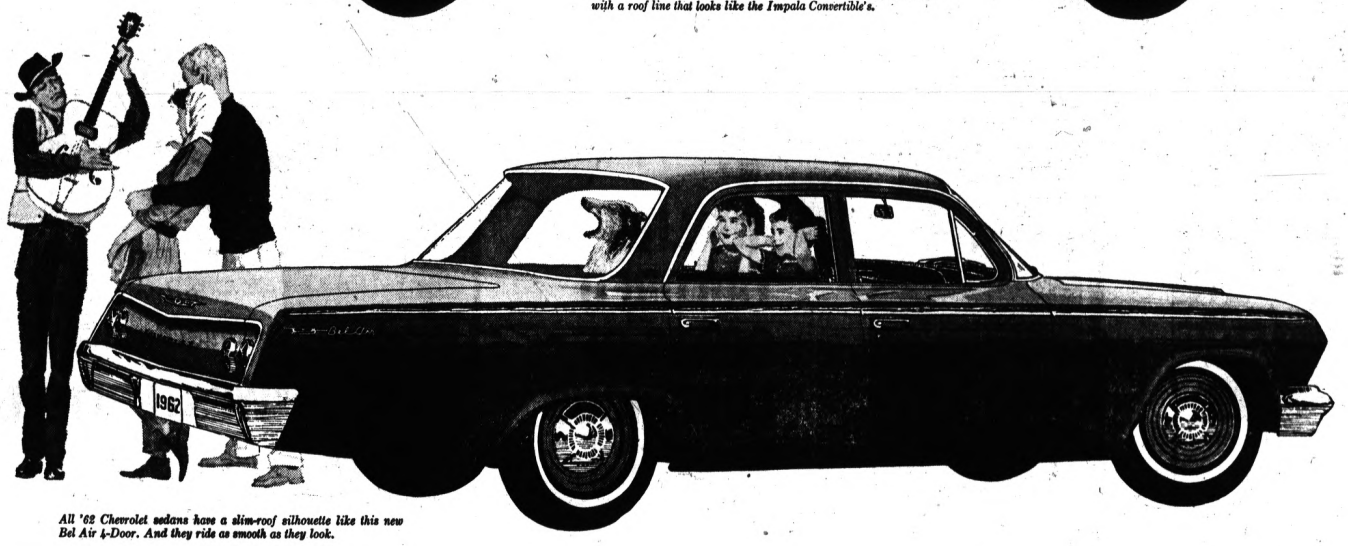
How sporty can a sport coupe get! It's the new Impala Sport Coupe with a roof line that looks like the Impala Convertible's.



All '62 Chevrolet sedans have a slim-roof silhouette like this new Bel Air 4-Door. And they ride as smooth as they look.

The thriftiest full-sized Chevrolet—the Biscayne 2-Door Sedan. Heater and defroster are standard equipment this year on all models.

Rich new styling with Jet-smooth ride!

'62 CHEVROLET

Here's all the car anybody could want. Fresh-minted style that comes to a clean-sculptured climax in a new Impala Sport Coupe with a roof line that looks like a convertible's. A road-gentling Jet-smooth ride. A new choice of V8 skedaddle. New Body by Fisher interiors that give wide berth to feet, hats and elbows. Beauty that's built to stay beautiful—right down to new front fender underskirts for extra rust resistance. Here's more than ever to please you from the make that pleases the most people!

This one takes the high price out of feeling luxurious. Check it over from its clean-thrusting prow to its rakish rear deck. Step through one of those *over-sized doors* and plump down on a seat the size of a sofa. Look inside the *deep-well trunk* and make a mental note of how it would have gobbled up that gear you had such a hard time packing last summer. Then—if you're still not convinced this is all the car you ever yearned for—just wrap your fingers around the wheel of one of these new Chevrolets and head for an open stretch of highway.

That sittin'-on-satin feeling you get is Chevrolet's famous *Jet-smooth ride* at work—with a pliant Full Coil spring cushioning at each wheel and more than 700 sound and vibration filters quietly sopping up road chatter. The rifle-like reflexes (you can choose from 16 power teams) are potent proof of Chevrolet engineers' determination to please the most demanding driving foot. The standard Hi-Thrift 235 Six and Turbo-Fire 283 V8 are triggered to do special things on regular gas. And there's a choice of four optional-at-extra-cost V8's for '62—a pair of peppery new 327-cubic-inch jobs (available with a new lightweight *aluminum-cased Powerglide* transmission*) and two 409-cubic-inch hair-raisers with output all the way to 409 hp. All engines have longer lived mufflers.

New full *front fender underskirts* of steel—another industry first for Chevrolet—provide extra protection against slush, flying stones and corrosive salt. In fact, the longer you intend to keep this '62, the more handsomely its *built-for-keeps beauty* will pay off for you. If you've always wondered what it feels like to own an expensive car, your Chevrolet dealer's ready to show you—without the expense!

*Optional at extra cost.

and here's the New CHEVY II

Chevy II 300 2-Door Sedan—Sensibility at its Sunday best

MODERN BASIC TRANSPORTATION IN A TOTALLY NEW LINE OF CARS!

It's the car just about everybody's been trying to build. But it remained for Chevrolet to come through with it. Here are all the time-tested virtues you expect from Chevrolet plus surprises you've never seen. A full line of saucy new-size models built a new way for easier service and maintenance. Thrifty? A choice of a frugal 4- or a satiny 6-cylinder engine (in most models). Roomy? Sedans seat six solid citizens. Price? A most pleasant surprise (with the heater-defroster as standard equipment, yet!).

This plucky new Chevy II comes just about as close as a car can to a perpetual motion machine. Beneath that fetching, fresh-shaped bonnet you'll find the kind of dependability that's always been Chevrolet's stock in trade—a frugal 4- or a satiny 6-cylinder engine. Both are built with sturdy, easy-to-service simplicity (run on regular gas, of course—and darn little of it!) yet offer refinements you won't find in many bigger power plants. The 4 has *five* main bearings, for instance, and the 6 a total of *seven*—for smoothness that is really astonishing.

The Chevy II's (soon to include station wagons, a hardtop and a convertible for a total of nine models) bring you Body by Fisher craftsmanship—with a new kind of unitized construction that saves you money in upkeep and maintenance. Major front-end sections, including fenders, are of bolt-on design for easy replacement in case of damage. And every Chevy II rides on tough, durable—but ever-so-gentle—Mono-Plate rear springs that flex as a single unit, eliminating the friction of old-fashioned multi-leaf springs. It's an engineering feat the auto industry has been trying to come up with for years!

Parkable, maneuverable and sensibly sized as this Chevy II is, it gives you the kind of room inside that'll make many a "big" car wonder how it's done. All sedans and 2-seat wagons tote six well-fed adults with head, hip and leg-stretching room to spare. Lots of easy-to-load luggage space back in the trunk, too. Yet the price is just as sensible as the car itself, as a few well-spent moments with your dealer will convince you.

THE '62 CORVAIR MONZA

The car that puts sport in the driver's seat!

The '62 Corvair Monza Club Coupe. Nice, eh? (The car, we mean.)

Fear not, Corvair fans, the important features remain unchanged. After all, what's to change? The little tingle of anticipation you get when you sight a curve through Corvair's windshield? No sir. The beautifully balanced braking? The rear-engine traction? The practically flat floor? The custard-smooth independent suspension on all four wheels? The air cooling that never calls for antifreeze in winter or boils over in summer? Change wonders like *that?* Not us. Not on your life.

We have redesigned the master cylinder and added brake lining area—a refinement you'll surely like. What we mean, this car *stops.* And we've added some more niceties: A forced air heater and defroster and a cigarette lighter and front-door armrests and dual sunshades and an automatic choke are now standard on *all* models—500 Club Coupe; 700 Club Coupe, 4-Door Sedan and Station Wagon; Monza Club Coupe, 4-Door Sedan and Station Wagon. And it's easier to install seat belts in your '62 Corvair—which your dealer will cheerfully do, if you ask him. (Optional at extra cost. Worth it, we might add.)

And we've made a few styling changes, both inside and out. Nothing earthshaking, though.

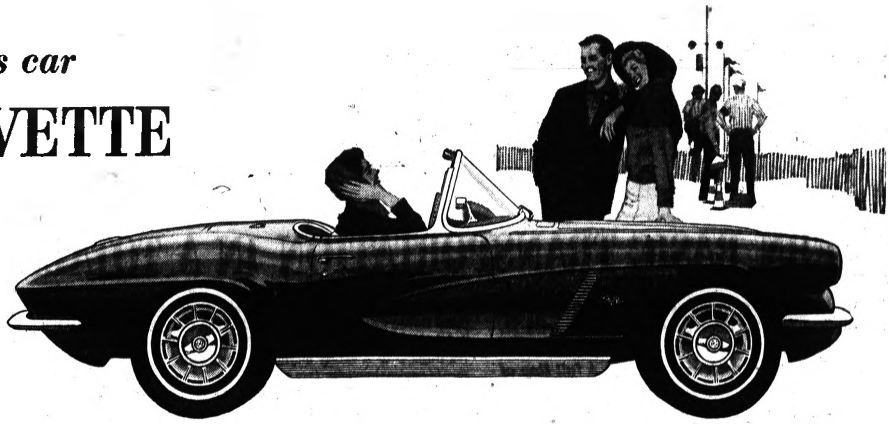
Oh, yes. You can get Positraction if you want really fantastic traction in really miserable going. And Corvair air conditioning is quieter this year. Both items, of course, are extra-cost options.

And that's about all we've done with Corvair.

What *you'll* do with Corvair is drive it. And drive it. And drive it some more. And have yourself an everlovin' blue-eyed ball. You can get the keys at your Chevrolet dealer's.

America's only all-out sports car

THE 1962 CORVETTE



Breath-taker! That's what this swinging new '62 Corvette is. A lithe, lean look and a deceptively smooth new 327-cubic-inch V8 make it that way. It's the finest Corvette with the sharpest reflexes yet—10 newly hatched engine-transmission combinations to tailor it to any driver's needs; be he a part-time tiger who wants shiftless luxury with Powerglide*, or one of the keen ones who want nothing less than all out Fuel-Injection* performance. The choice of finishes, interiors, luxury and performance options* is unequalled in any sports car from anywhere. Try one: Any way you buy it, the '62 Corvette will make other automobiles of its kind look like pale imitations of the real thing.

Gromyko Perfect Host at Polite Cold War Sparring Match

(Editor's Note—When East-West diplomats confer, do they eat eggs? So they broke each other? AP Staff Writer Saul Pett found out at the latest Rusk-Gromyko luncheon that everyone was well-mannered and polite, his report—based on what he saw and was told—follows.

By SAUL PETT

NEW YORK (AP)—What is a diplomatic luncheon like in the cold war?

It is four hours long. It is half small talk, half big talk and half of the second half is taken up with translation.

The food is good, the wine chilled to perfection and everyone is well-mannered and polite. The tone of their conversation never reflects the fact that both countries involved have rockets with nuclear warheads aimed at each other.

Nobody at a cold-war diplomatic luncheon loses his temper. Nobody raises his voice. Nobody even implies the other man may be a liar although nobody assumes he isn't.

★ ★ ★

Nobody takes stenographic notes because these are purely informal exploratory talks between two adversaries, but the moment the party breaks up both sides rush back to their offices to record everything they can remember to report to their governments.

It was that way Wednesday when Andrei A. Gromyko, Soviet foreign minister, played host to Dean Rusk, U.S. secretary of state, in their continuing talks on the Berlin crisis. Each man had six aides and an interpreter with him.

MESSAGE ON WALL

The scene was the brick home of the Soviet delegation to the United Nations, on Park Avenue and 68th street, a neighborhood best known for capitalists and psychoanalysts. Across the street stands Hunter College, on the side of which is inscribed in huge block letters this line from Ralph Waldo Emerson: "We are of different opinions at different hours but we always may be said to be at heart on the side of truth."

That's what it says across the street.

★ ★ ★

At the Soviet mission, Gromyko was the first to arrive, in a black Cadillac limousine. He elbowed his way good-naturedly through newsmen and entering the vestibule discovered three more reporters. Said Gromyko, smiling: "How do you do? I see you penetrated." They were quickly depenetrated.

Promptly at one, Rusk and the other Americans began to arrive, also in black Cadillacs. Adlai E. Stevenson had some trouble getting in since the Soviet attendants had just slammed the door on photographers and were not immediately convinced this was the U.S. ambassador to the U.N.

Inside, the Americans were led up a broad circular staircase to a reception room, darkly paneled and abounding in oversunded furniture whose period can be best described as Aunt Martha's hand-me-down—comfortable if not chic.

THREE OF A KIND

There was time for one drink, the favorites being orange juice, vodka and cordials, separately. Clowning for cameramen, Gromyko held up three fingers toward Stevenson, symbolizing the Soviets' troika plan for the U.N.

"Three of a kind are only good in a poker game," said Stevenson.

"Then how about three vodkas?" said Gromyko.

"I'll take one," said Stevenson. In diplomatic luncheon circles, this is considered boffo humor. Much better than the big chuckle of last week's American lunch for the Soviets wherein it was discovered that Gromyko and Rusk had similar suits.

Gromyko led his guests into a high-ceilinged dining room, where the silverware and china sparkled but the landscape oil paintings on the walls had an inspirational quality usually seen only in chain hotels.

The participants were seated around a round table, places for 14, each including five glasses for water, vodka, white wine, red wine and cognac. For openers the diplomats ate smoked salmon, black caviar, tomatoes and cucumbers.

TIMETABLE

Thinking of the table as a clock, this was the seating arrangement: Gromyko, the host, at 12 o'clock; Rusk at 11; CFharles E. Bohlen, special assistant secretary of state, at 1; Valerian A. Zorin, chief Soviet U.N. delegate, at 6; Stevenson at 5; and elsewhere around the table alternating Americans and Soviets, including one interpreter for each side.

No stenographers were present and no recording devices were visible although one could not be sure of the underside of the centerpiece or the backside of the pictures.

★ ★ ★

The fish course was "yellow pike, Polish style." The meat was chopped steak, tasty but decidedly more proletarian than the Cornish hen served last week to the Soviets by Rusk. Dessert was strawberries and cream, then coffee and liqueurs.

SMOKING REMINDER

There were boxes of Soviet cigarettes on the table, one of which produced the biggest laugh of the lunch. The brand was labeled "Troika," and the box showed three horses pulling a cart.

Said Gromyko to his guests: "You will notice that the horses are all pulling in the same direction."

The crack did not quite cover President Kennedy's objection to troika. It was the President who pointed out to the U.N. Monday that three horses might provide one direction but would three drivers?

For more than an hour, the diplomats ate, sipped and made small talk about their home towns, their common experiences in Europe, the weather, noncontroversial aspects of the U.N. and, in one case, professional football.

At last week's lunch, Stevenson had invited any interested Soviets to witness a professional football game. S. G. Lapin, minister of foreign affairs for the Russian federation of Soviet Socialist Republics, said he would be delighted.

Wednesday Stevenson told Lapin he had a pair of tickets for him for Sunday's game between the New York Titans and Boston Patriots, and would send along an American to explain the sport. Lapin thanked him kindly.

BERLITZ BUZZING

The interpreters were not overworked during the light lunch dialogue. Gromyko, in his gentle basso, spoke English with Rusk. Most of the others communicated in English or Russian and when that failed got by in German. It sounded like a seminar at Berlitz.

But once the chit-chat ended and they got down to serious business—Berlin—each side reverted to its own language and used interpreters so that their meanings could be precisely understood.

The business end of the meeting began after liqueurs when Gromyko rose and led his guests back to the room with Aunt Martha's sofas. Zorin and Stevenson had to leave for U.N. matters. Others also left and the meeting was now reduced to four on each side: Rusk, Bohlen, Foy D. Kohler, assistant secretary of state for European affairs, and an interpreter, for the United States; for the Soviet Union, Gromyko, Lapin, V. S. Semyonov, deputy foreign minister, and an interpreter.

★ ★ ★

Rusk and Gromyko did most of the talking. They addressed each other as "Mr. Minister" and "Mr. Secretary." Nobody here used first names.

They talked almost two hours, halt of this taken up by translation. They talked seriously and took no side tracks into idle diversion or humor. It was completely businesslike, according to an American, but not completely grim or without an occasional smile.

★ ★ ★

At the close, they shook hands perfunctorily, Gromyko saw Rusk to his car. As newsmen closed in on the sidewalk, Gromyko spread his arms and said, "What you want, boys?" as though he were helpless putty in their hands.

He wasn't.

Publishers Oppose Hike in Wire Rates

NEW YORK (AP)—The American Newspaper Publishers Association will file objections before the Federal Communications Commission to proposed increased rates for leased wire services.

★ ★ ★

The ANPA decision was announced Wednesday by Amory H. Bradford, general manager of the New York Times and chairman of the ANPA Press Communications Committee.

The Associated Press will join with the ANPA in presenting its exceptions and objections to the proposed rate raises.

★ ★ ★

As filed by American Telephone & Telegraph Co. and Western Union upon direction of the FCC, news media costs would go up approximately 19 per cent, commercial users would be raised 2.1 per cent, while government users of leased wires would be decreased 7.8 per cent.

Patent Office Seeking Machine to Aid Workers

STANFORD, Calif. (AP)—The U.S. Patent Office, says its boss, has a problem; It needs a patent.

★ ★ ★

Commissioner David L. Ladd reports his agency has more than 200,000 patents to process. The trouble is, he says, is that it takes about 3½ years to process a patent and 1,300 examiners spend more than half of their time doing just that.

★ ★ ★

Ladd is here consulting with Stanford Research Institute experts on still another idea—a mechanical processing system for patent applications.

Nasser Promised Unity---but Syria Paid

By The Associated Press

"Arab Unity" was the theme proclaimed by President Gamal Abdel Nasser when Egypt and Syria were joined under his leadership as the United Arab Republic on Feb. 1, 1958.

To most Syrians, the "unity" has appeared more and more a steady advance of Egyptian control in the past 3½ years.

★ ★ ★

The key geographical fact about Egypt and Syria is that, despite their political ties, they are separate nations and had been for centuries. Lying between the two states are parts of Israel, Jordan, and Lebanon—a distance of about 100 miles.

Political considerations worked toward a merger in 1958, when Communists were infiltrating the Syrian government. Led by Syrian President Shukri Kuwatly, a delegation of politicians went to Cairo late in 1957 and sought a union between the two states.

They were alarmed by Syria's growing ties with the Soviet Union. Nasser, willing if not enthusiastic, saw the merger as a step toward his ambition for a united Arab World.

★ ★ ★

Union brought an end to the Syrian Communist party, which was outlawed as it had been in Egypt. But it also brought a decline in the power of Syria's politicians. There now is only one Syrian vice president among the U.A.R.'s seven. Separate executive councils for the two regions were abolished last month, and administration was consolidated in Cairo, the capital of Egypt and the U.A.R.

★ ★ ★

Economically, Syria and Egypt compliment each other. Most of Egypt's more than 25 million people are crowded into the fertile Nile Valley. Syria has about 5 million and land to spare.

★ ★ ★

Most of the people in both areas are farmers. The Egyptians raise some of the world's finest cotton. Syria grows cotton, olives, fruits, tobacco, wheat and barley. Rainfall is plentiful in Syria. In Egypt Nasser has started the Aswan High Dam to conserve water and open up new farmlands for the Nile Valley's exploding population.

MOST MOSLEMS

Most of Syria's people, like Egypt's, are Moslems. But the Syrians are a mixture of Turks, Arabs, Kurds, Armenians and others. Damascus, Syria's capital, is an ancient city where traders have flourished for centuries.

Syria's borders are largely artificial, drawn up to create a state about the size of Missouri after World War I.

Syria has known violence, conquerors and foreign armies since Biblical times.

★ ★ ★

Before World War I it was under Turkish domination. But the French, claiming interest in Syria dating back to the Crusades, obtained a League of Nations mandate over the country in 1921.

Syrians struggled for their own independence, and in 1930 France recognized the country as an independent republic but still subject to mandate.

OCCUPIED WITH BRITISH

In World War II Syria was occupied by the British and Free French. The latter agreed to terminate the mandate.

Syria emerged in the postwar years as a truly independent republic—but still with plenty of unrest and unsolved political problems. It had the largest left wing in the Arab world.

BULLDOZE PATH FOR JET—Workmen smooth a path to high ground from the edge of Boston Harbor to haul up the American Airlines 707 Astrojet that plunged into the shallow water Sunday. 600 Youngsters 'Jump Cops'

Mob Gathers as Police Arrive at School to Break Up Fight

NEWARK, N. J. (UPI)—"Let's jump the cops."

★ ★ ★

With that chant, a mob of between 600-900 predominantly Negro youngsters attacked police with fists and rocks outside a junior high school and a police station.

★ ★ ★

The police had been called to break up a fist fight between two boys in front of the West Kinney Street Junior High School.

★ ★ ★

The melee lasted two hours before police and firemen, using high pressure hoses, were able to disperse the juveniles.

One policeman and two firemen were injured.

★ ★ ★

School Principal Harry Jellinek said the fight broke out between two unidentified boys when classes were dismissed for the day. He said police were called when teachers were unable to separate the youths.

★ ★ ★

Patrolmen Edward Alfano, John O'Toole and Myron McHenry arrived at the scene and were greeted by a chorus of cat-calls and curses.

★ ★ ★

Then came a shout: "Let's jump the cops," and the milling crowd began throwing rocks, pushing, biting and kicking.

Plants Trees to Be Sold to Finance Stays Here

Branches Into Aiding Foreign Students

By REBA HEINTZELMAN

A Waterford Township couple, the Clifford Bentleys, firmly believe that "only God can make a tree." Therefore, trees should be grown to make people happy.

★ ★ ★

The couple has donated hundreds of trees to organizations to sell in order to bring foreign exchange students to the United States.

The joy and satisfaction derived from association with these young people has more than compensated for the work of raising young saplings into beautiful trees, Bentley maintains.

It all started three years ago when the couple's 17-year-old daughter Esther, went to Germany on a summer foreign exchange student program.

Their daughter was so enthused with her experiences the Bentleys decided to have foreign students see that Americans can be hospitable, too. This has become the Bentleys' prime project in life.

★ ★ ★

The couple's ten acres at 175 N. and seemingly good for absolutely nothing. But they decided to try Hospital Road was stoney, gravelly tree-growing.

When not working at his job as an instructor in the experimental division of Pontiac Motor Co. the wirey 52-year-old Bentley planted trees — 15,000 of them.

First it was Christmas trees. Families were able to go out and mark their special Scotch pine tree, then pick it up at Christmas time.

Next the beautiful blue spruce flourished in the poor soil. These are the three- and four-foot trees being sold for the exchange students.

★ ★ ★

The Waterford Township Jaycettes and the Waterford Book Review Club have each received 30 trees this year. Every cent for the $5 trees is put into a fund to help pay the expense of Waterford's new exchange students from Europe.

LIKE LIFE HERE

Two senior foreign students enrolled at the new Kettering High School and the Waterford Township High School are already enthralled with life here.

Blonde and beautiful Kerstin Moller is from Gothenburg on the west coast of Sweden and her charming, feminine manner has captivated her hosts, the Bentleys.

The tall, willowy Kerstin speaks understandable English and her Swedish accent enhances her personality.

★ ★ ★

A real mixture of foreign nature, Indonesian-born John Simon traveled from northern Groningen, Holland to stay with the Anthony Verheys family at 4232 Lamont St.

John's quick humor is as contagious as his courteous manner and personal appearance. He was surprised to find students attended school straight through until the Christmas vacation.

In Germany there is a one-week break in October "because it is so long to Christmas."

★ ★ ★

As long as Bentley can find organizations who will sell his trees for the foreign exchange project he intends to keep right on planting them.

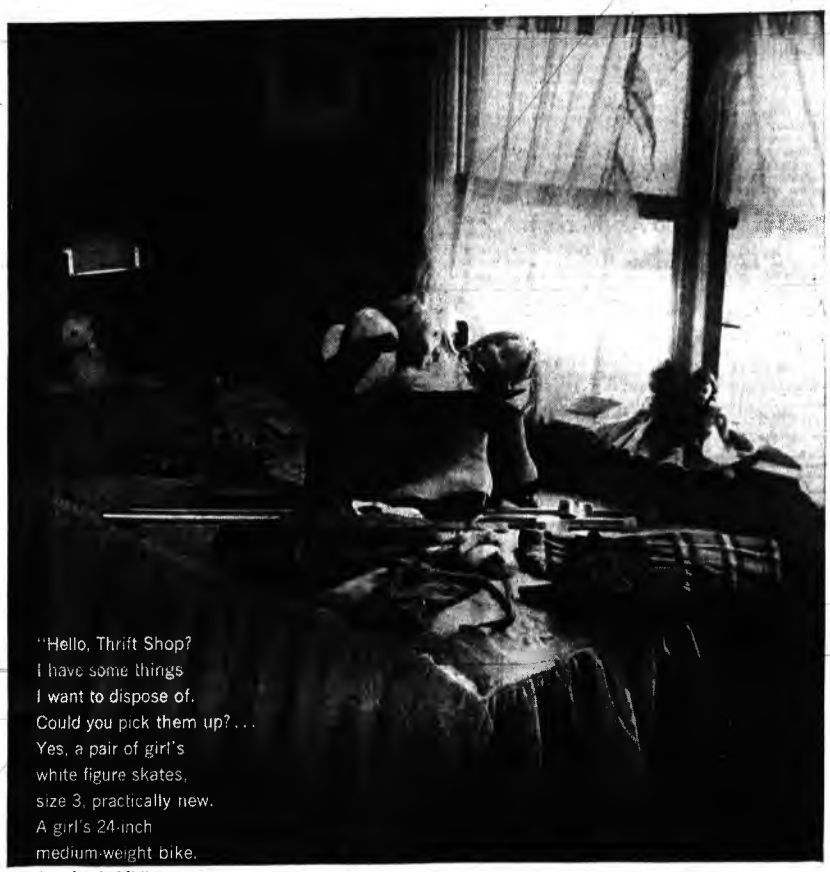
WELL, HOWDY BUB—That might be what this huge St. Bernard is thinking as 16-month-old Ricky Stockton of Albion, N.Y., comes in close to get acquainted. The nose-to-nose session happened at a family reunion in Albion. The 225-pound St. Bernard is owned by Dan DeHuller of Medina, N.Y.



A pair of child's aluminium stilts. Some good clothing, too... They were my little niece's. She's!...She won't be needing them...ever again. Her mother would like some other little girl to have them."

Drivers kill and cripple more children than any disease!

We have a vaccine for polio. And it works. Our best medical researchers say we're zeroing in on cancer. But what are we doing to wipe out the worst child killer of all—traffic accidents? Yes, drivers—careless drivers—kill and cripple more children than *any* disease! Here's one thing you *can* do. That everyone *ought* to do. Write to your local enforcement officials. Tell them:

"I Support Strict Law Enforcement!"

When officials know they have the backing of the community, they can do a far more effective job of protecting your children. In communities all over the country, the records prove it: Where traffic laws are strictly enforced and obeyed, *deaths go down!*

Economy Good, Say Consumers

Buyers See Recovery but Not Boom in Terms of Spending

ANN ARBOR (AP)—Consumer confidence in the U.S. economy has shown a decisive increase in the last three months, it was reported today by the University of Michigan's Survey Research Center.

The center, which conducts bimonthly appraisals of consumer feelings about the economy, said a growing number of people view the economic outlook as "good" for the next 12 months.

More persons favor large purchases, such as cars, homes and household goods than during the first half of the year, the U. of M. report says.

George Katona, director of the center, said the findings indicate "recovery, but not boom," in terms of consumer spending.

Katona said the most significant change in the last three months is shown in consumer attitudes toward business conditions.

★ ★ ★

In the May-June poll, he said, opinion about business were almost equally divided between "better than the previous year" and "worse."

In the August survey, nearly three out of four persons queried said they believed business had improved over the previous year.

★ ★ ★

Katona said a persistent high level of unemployment and the worsening of international tensions are contributing to consumer uncertainty enough to preclude a "buying spree," despite the increased confidence in the economy.

B&O Merger Fight Goes Before ICC

DETROIT (AP) — The Interstate Commerce Commission called a session here today to hear more witnesses in the battle for control of the Baltimore & Ohio Railroad.

The New York Central and Ohio railroads seek to gain control of the B&O, which is in financial trouble. The Central, if it fails to gain control of the B&O, proposes to join the two in a merger.

Regional hearings are being held in Boston, Syracuse, Indianapolis, Chicago and Cleveland as well as Detroit.

★ ★ ★

W. K. Weaver Jr. of C&O and Herald Smith of B&O, Detroit representatives of their railroads, said in statements today that affiliation of the Chesapeake and Ohio Railway and the Baltimore & Ohio Railroad would strengthen transportation depended on by industries in Michigan and nearby areas.

Lily Pons' Name Off Met Roster After 30 Years

NEW YORK (AP)—For the first time in 30 years, Lily Pons' name is missing from the roster of the Metropolitan Opera.

The petite, French coloratura last sang at the Met on Dec. 12, 1960, when she closed a gala benefit show by singing "Caro Nome" from "Rigoletto."

★ ★ ★

The Met's annual roster was announced Wednesday.

The lovely singer's 30-year reign is a house record for a soprano, although in recent years she has given but one performance a season. In 1959 she missed even one performance because of illness.

Who Will Survive to Run State in Event of N-Attack?

LANSING (UPI)—The citizen interest in private fallout shelters is constantly increasing but another problem in preparation for Michigan's survival of an enemy attack has gained little ground in recent years.

★ ★ ★

This is the question of who would survive to operate state, county and local governments in an emergency and where such officials would conduct their business.

On the state level, provision has been made to move the seat of government to Mount Pleasant in the event of an attack which crippled official operations in the capital city.

"But if an attack occurred and we didn't have enough time to get there, as things stand now we would have no central location to operate," said Robert S. D'Amelio, deputy director of civil defense.

All is not bleak in the area of preparations for governmental operations during an emergency, however, D'Amelio said. Michigan now leads the Midwest in the number of communities which are taking advantage of a federal program to provide emergency operating centers for key government officials.

Ground has been broken in Livonia for a center to be incorporated in a new public safety building. The civil defense spokesman said Roseville officials were "well under way" on a program to provide a center.

In Ann Arbor, plans called for the center to be located in the city hall. Other plans were in planning or development stages in Oakland and at least five other counties, D'Amelio said.

'WE ARE FAR AHEAD'

"We are farther ahead, I understand, than any other in the five-state region which includes Indiana, Minnesota, Wisconsin, Illinois and Michigan," he said.

The federal provision allows matching funds for any costs of construction and furnishing emergency operating centers.

The centers, in many cases designed as parts of other buildings, may be used for other purposes as long as the temporary use would not interfere with the primary purpose.

State civil defense officials sought action to establish an emergency operating center here in their 1962 budget request recently submitted to the Department of Administration.

Similar requests have been made in the last few years but have been cut, as in 1961, before the appropriations proposals reached the state legislature.

"This past year I understand it was dropped because it would involve a capital expenditure," D'Amelio said. "We haven't put a price tag on it because this would depend largely on whether it was a specially-constructed facility or was built into a planned or existing building."

D'Amelio said a state emergency operating center for Michigan would need to house approximately 150 people. This would include designated "necessary" state officials, key legislative leaders and civil defense personnel.

"Because the offices we're in right now have no decent facilities for such an operating center, we'd naturally like to see something done soon," D'Amelio said. "Of course, it first has to be recommended in our budget by the Department of Administration and then the legislature has to approve it.

"The legislature would also have the final responsibility for deciding how many people would be needed to operate state government in the event of an attack," he said.

The Ford in your future will be here tomorrow!

Starting tomorrow at your Ford Dealer's, you will discover a line of Fords so long, so new, so varied that everyone will find his personal Ford—the car that fits his pleasure and needs as precisely as though it had been made to measure. ■ For those who want the elegance, ride and roominess of a true luxury car, there are two distinguished new series of Galaxies—both swift as a rumor, silent as a secret. With Thunderbird styling, Thunderbird power, and quality that sets a new industry standard, the 1962 Galaxies give you every essential feature of far costlier fine cars. ■ If you are looking for economy without compromise, look to America's favorite compact: this year there are more Falcons than ever to choose from—13 in all. ■ Wagon fanciers will find unprecedented variety—from a new wagon that seats eight to a Falcon Squire Wagon with the rich woodlike finish of the famous Country Squire. ■ Pick the Ford in your future with this confidence: every 1962 Ford is built to a standard of quality so high that it will change all your ideas of how fine, how quiet, how enduring a car can be.

GALAXIE 500 CLUB VICTORIA *(foreground)*... GALAXIE TOWN SEDAN *(background)*... The Galaxie 500—new in name, new in luxury—is for those who want all of the elegant extras. The 1962 Galaxie makes it easier than ever to move up to fine-car luxury—at the low Ford price. All Galaxies are beautifully built to be more service-free. They go 30,000 miles between major lubrications, 6,000 miles between oil changes and minor lubrications, two years or 30,000 miles without changing engine coolant-antifreeze. Brakes adjust themselves automatically. Special zinc coating protects vital body parts against rust and corrosion.

FALCON SQUIRE WAGON
Brand new for '62, it's sleek, sophisticated... and the only compact wagon of its kind. Inside, it is available with Futura bucket seats and a handy console! Outside, it has steel side paneling with elegant woodlike finish.

FALCON FORDOR SEDAN
Just one of 13 Falcons for 1962, this 4-door sedan has an improved version of the Falcon Six engine that last spring recorded the best gas mileage for a Six or Eight in the 25-year history of the Mobilgas Economy Run. And Falcon's low price for '62 makes it still America's best compact value!

Resigns Hospital Post

NEWTON, Iowa (UPI)—Richard E. Koss, administrator of Skiff Memorial Hospital here since 1957, resigned Wednesday effective Nov. 1. He said Larry Pugh, Flint, Mich., had been named as his successor.

Women Make City Keep Parking Meters Clean

NASHVILLE, Tenn. (UPI) — If parking meters are clean here, women drivers are due the credit. "We have to keep them clean," said James Hunnicutt, the man in charge of the meters. "Ladies don't like dirty meters. They don't want to soil their dresses."

Health Officials Pushing TB Tests for Youngsters

Tuberculin skin tests will be given to more than 60,000 school children in Oakland County by May 1962.

Testing already began in Walled Lake schools this week.

★ ★ ★

Health officials are expanding their efforts to wipe out TB in Southeastern Michigan by almost doubling the size of this year's program. Last year 39,028 children were tested.

Eight school districts including public and parochial schools will participate. They are: Waterford, City of Royal Oak, Walled Lake, Troy, West Bloomfield, Rochester, Clarenceville and Clawson.

Pontiac is not included this year because it was covered in 1960. The program is a circulating one.

★ ★ ★

All children in grades kindergarten through twelve who have a signed consent card from their parents will be eligible. Any child who shows a positive reaction to the tests will be given a free X-ray examination by the Oakland County Health Department.

The increase in skin testing is aimed at finding new cases of tuberculosis in their early stages of development. With new "wonder drugs" and other treatments, much can be done for people who have contracted the disease, the health department reports.

Even though the decline in TB deaths has been rapid, the number of new cases has not declined proportionately in Oakland County. Between 1952 and 1960, the number of deaths declined 59 per cent while newly reported cases fell only 32 per cent, the department found.

The department urges all parents to make sure their children are tested to protect their family and the rest of their community.

Children who had positive reactions in previous programs will not be retested.

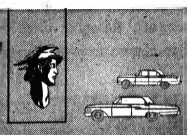
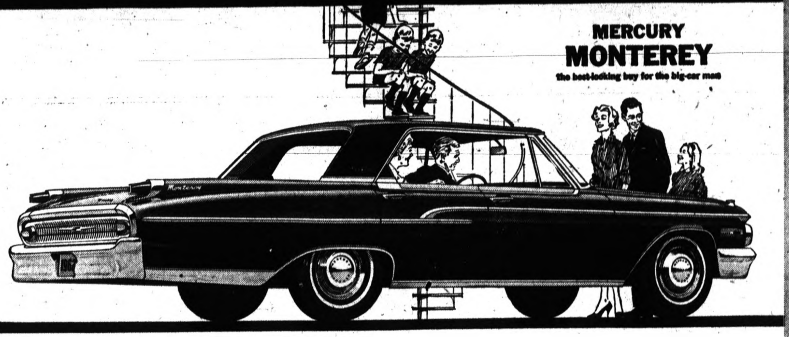
1962 MERCURYS
best-looking buys...now in each size



FIRST SHOWING! THE NEW 1962 MERCURYS (COMPACT AND BIG)

MERCURY COMET
smartly ahead of the compact crowd

MERCURY MONTEREY
the best-looking buy for the big-car man



HIGHLIGHTS: COMPACT MERCURY COMET. Talk value and you're talking Mercury COMET. It's the compact with the extras that make the difference. Take beauty. This is the only compact with fine-car styling. You get extra room plus a smoother ride (up to 7.5-inch longer wheelbase than other compacts). Extra trunk space for as many as six extra suitcases. Extra savings on oil and upkeep. This year you can drive 6,000 miles between oil changes. A new type anti-freeze, anti-rust coolant lasts two years or 30,000 miles. Extra resale value, too (best record of any compact). The price? With or below most compacts.

HIGHLIGHTS: BIG, LUXURIOUS MERCURY MONTEREY. This is Mercury's finest car. The very top of the line. It is specially built for the big-car man—with those big extra values a man likes. More room than other cars near its price—for long legs and big families. An extra-long wheelbase (120") for that solid, luxury-car "feel." A smoother, quieter ride—the result of exclusive Cushion-Link Suspension. A wide engine choice—"6" or three V-8's. Plus the kind of savings that really cut upkeep. Routine service is needed only twice a year (at 6,000- to 30,000-mile intervals)! The price? Well within the popular-price range.

Nixon Finds Out Eisenhower Can Keep Secret Well

LOS ANGELES (AP)— Richard M. Nixon knows today that his former boss in the White House can keep a political secret—even under pressure.

Nixon disclosed to a newsman that, other than his family, Former President Dwight D. Eisenhower was the only person who had any sizable advance word about his decision to run for governor of California.

* * *

"I called Mr. Eisenhower at 11 a.m. yesterday to inform him of my decision," Nixon said. "He told me that Jock Whitney (John Hay Whitney, owner of the New York Herald-Tribune and former ambassador to Great Britain) had called several times for word one way or the other.

"I didn't tell Mr. Eisenhower what to do but I said I would appreciate it if he could hold off until 7 p.m., the time of the news conference.

"I guess he did, else I would have heard about it."

OWES FRIEND BREAK

A half hour before the conference, Nixon had his secretary call Kyle Palmer, retired political editor of the Los Angeles Times.

Palmer, critically ill with leukemia, was one of Nixon's early boosters when the former vice president first ran for Congress in 1946.

"I hadn't even told any of my staff of my decision," Nixon explained, "but I felt that I owed it to Kyle because of our long friendship. I know it cheered him some."

* * *

Nixon was in a jovial mood as he chatted with newsmen before and after the half-hour televised and broadcast conference. He appeared natty in a blue suit, tie and shirt, proper TV attire.

His TV make-up job was good in contrast to his much-criticized appearance in the first of the debates during the 1960 presidential campaign.

"Part of it is due to a nice tan I got at the beach and a make-up man from ABC-TV. It was mostly beardstick, not one of those colossal Hollywood jobs," Nixon told a newsman.

SPECIAL LIGHTING

A spokesman for ABC-TV said a special lighting formula was used for the televised news conference.

"It was devised by network executives, not at Mr. Nixon's request," the spokesman said. "The lighting made his eyes come alive, sparkle."

James C. Hagerty, former news secretary in the Eisenhower administration, is now ABC news chief.

* * *

Mrs. Nixon didn't attend the conference. She watched upstairs on a TV set in a Statler-Hilton suite.

She later joined her husband at a reception that followed the conference. There she denied reports that she wanted her mate to retire to private life.

"They haven't got it from the horse's mouth," she smiled. "A man who is really dedicated like Dick has a right to make his own decisions and his family and friends should support him."

Nixon earlier said that he and his family discussed his decision at a decision. My wife and our two daughters were all for it.

"It was a great relief when I finally made up my mind," said the onetime fourth string tackle on the Whittier College grid team. "It's like the whistle starting a football game, the fight is nothing compared with the anguish that goes on before."

"I had a lot of soul searching," until 11:20 p.m. Tuesday, when he finally decided to run.

he said, "a lot of anguish arriving

Yugoslavia, Morocco Sign Co-Op Agreement

BELGRADE, Yugoslavia (AP) — Yugoslavia and Morocco Wednesday signed an agreement on economic and technical cooperation which provides a $5-million credit for Moroccan purchase of capital goods from Yugoslavia.

The equipment will be installed in Moroccan plants with technical assistance from Yugoslav firms.

Residents to Keep Homes for 25 Years

Sen. Hart Gives Details on Sleeping Bear 'Park'

WASHINGTON (AP) — A controversial plan to make a national seashore park of the Sleeping Bear area in Michigan was detailed Wednesday by the National Park Service.

The proposed park would lie west of Traverse City on Lake Michigan and the details of the layout are contained in an illustrated 30-page brochure.

* * *

Sen. Philip A. Hart, D-Mich., said the brochure would help prove to residents of the area that "they will continue to own their own homes as long as they desire to do so—and their children after them—provided only that zoning regulations are in effect to maintain the residential character of the area."

Hart has introduced a bill based on park service recommendations.

BILL PROPOSES

The park service report said the proposal is designed to:

Halt impairment of natural features by early acquisition of all undeveloped, nonagricultural lands.

Rehabilitate or restore features already impaired.

Protect and preserve natural features while making them accessible to visitors through public ownership.

Property owners of the area who sell to the federal government may retain the right, the park service said, to continue residential occupancy for at least 25 years.

Hart said some residents of the region have expressed fear they would lose their property if it became a national recreation area. This is not true, he said.

"Rather than confiscate anyone's property, we wish to preserve the present character of the area and at the same time permit suitable economic development."

* * *

Sleeping Bear is one of 10 areas along the Great Lakes selected by the park service as a suitable site for a national recreation area.

The region covers 77,000 acres in Northwestern Lower Michigan. It includes 65,541 acres in Benzie and Leelanau counties, stretching 45.5 miles along Lake Michigan.

SOURCE OF INCOME

"The tourist industry appears to be replacing agriculture," the report said, "as the primary source of regional income and to offer the best prospect for future economic growth. Since the essential ingredients for the tourist industry are the region's scenic and recreation resources, the future depends upon the planned and orderly development of these resources."

The report said the establishment of a national seashore would result in "immediate expansion of payrolls and employment in the trade, service and construction industries."

An additional 1.2 million persons would visit the region each year within five years of the establishment of the national seashore, the park service estimated, generating an annual income of $10.8 million.

* * *

The report said federal funds spent on the region might amount to $21.5 million over 25 years.

Make Plans to Relocate Nearly 5 Miles of M75

LANSING (AP)—Preliminary plans have been drawn up for the relocation of nearly five miles of M75 between Boyne City and Watson Lake in Charlevoix County, the State Highway Department reports.

* * *

The department said a new scenic highway will replace the present route which had short sight distances, poor grades and curves. The project will be placed under contract in the spring of 1964 and is expected to cost $525,000.

Those interested in a public hearing on the relocation would have to request one by Oct. 13, the department said.

GROUNDED BY POLICE—Terry Appleby, who may be the only motorist ever to drive himself to kindergarten, stands beside his father's station wagon which he has learned to drive. Police in Sudbury, Ont., have preferred charges against his father, George Appleby, of permitting a person under age of 16 to operate a motor vehicle. Terry is only 6. Mr. Appleby who does not deny the charge, says his son can drive in the heaviest downtown traffic and park better than many adults.

Eisenhower is Pleased Over Nixon's Decision

GETTYSBURG, Pa. (AP)—Former President Dwight D. Eisenhower expressed pleasure today at the announcement that former Vice President Richard M. Nixon will seek election as governor of California.

★ ★ ★

"I am very pleased," said Eisenhower in a statement issued at his Gettysburg office.

AP Photofax

DEM LEADER — Edward F. Cavanagh was elected, by acclamation, chairman of the New York County Democratic Committee (Tammany Hall) at a meeting in Manhattan. Cavanagh, Mayor Wagner's choice, is on leave from his job as New York City fire commissioner.

Swainson Gets Parking Ticket —Who Paid It?

LANSING (UPI)—Gov. John B. Swainson broke the law Wednesday and—he got a parking ticket.

Lansing police put the overtime parking summons on the governor's car while he was inspecting the progress of work being done in the civic center to make ready for the constitutional convention which begins Tuesday.

The governor was using an unmarked Chrysler in place of the usual well - known limousine which was being serviced.

The governor's excuse—a familiar one — was that his state police aide, Cpl. John R. Plants, forgot to step outside and put another nickel in the meter when the time was about to run out.

★ ★ ★

Aides said Plants offered to pay the ticket. They didn't say whether Swainson accepted the offer. Parking tickets are a dollar in Lansing.

34 in Plant Explosion; 3 Seriously Injured

EAST CHICAGO, Ind. (AP)—An explosion shook the U.S. Reduction Co. plant today.

★ ★

St. Catherine's Hospital reported 34 men had been brought there. Nine, including three in serious condition, were admitted as patients. Twenty-four others were treated and either released or kept temporarily for observation.

★ ★ ★

Howard Estabrook, vice president of the firm, said as many as 100 men could have been in or near the plant when the explosion occurred. He said it came at 7:10 a.m. when shifts were changing, and 50 men were leaving and 50 more arriving.

Pontiac, Nearby Area Deaths

ARTHUR NOYLE

Arthur Noyle, 802 Victoria Ave., Flint, died unexpectedly of a heart attack at his home yesterday. He was 74.

A self-employed plastering contractor, Mr. Noyle had spent many weeks here living with his daughter, Mrs. Frank A. Anderson, 35 Oneida Road.

Service will be held at 1:30 p.m. Saturday at the Algoe - Gundry Funeral Home, Flint.

MRS. ANNA L. ROWE

Service for Mrs. Anna L. Rowe, 48, of 2100 Woodward Ave., will be held at 11 a.m. Saturday at Voorhees-Siple Chapel. Burial will be in White Chapel Memorial Cemetery.

Surviving are a son, Stephen of Salt Lake City, Utah; two daughters, Mrs. Barbara McClellan of Pontiac and Donna of Oxford; four grandchildren; a brother, Ruel Boynton of Pontiac; and a sister.

Mrs. Rowe died Tuesday at Bloomfield Hospital after a long illness.

MRS. HOMER SMITH

Service for Mrs. Homer (Theresa) Smith, 75, of 194 Nebraska St., will be held at 2 p.m. Friday at the Frank Carruthers Funeral Home. Burial will be in Oak Hill Cemetery.

Mrs. Smith died Tuesday after an illness of two years.

DAVID A. SKIDMORE

AVON TOWNSHIP — Service for David A. Skidmore, 20, of 1287 Christian Hills Drive, will be at 10 a. m. Saturday at the St. Joseph Catholic Church, London, Ont. Burial will be in St. Peter's Cemetery, London, Ont.

He died last night at St. Joseph Mercy Hospital, Pontiac, from injuries received in a traffic accident on East Avon Road. The Rosary will be said at 8:30 p. m. today at the William R. Potere Funeral Home, Rochester.

His body will be taken to the Killingsworth Funeral Home in London, Ont., tomorrow. Surviving besides his mother Mrs. Joseph W. Skidmore are his grandparents Mrs. Mary Hache of Ottawa, Ont., and David R. Skidmore of London, Ont.

ROBERT C. WOODWORTH

LAPEER—Service for Robert C. Woodworth, 84, of 747 N. Monroe St., will be at 1:30 p.m. Saturday at the Pilgrim Holiness Church. Burial will be in Davisburg Cemetery, Davisburg.

Mr. Woodworth, a former Davisburg resident, died Tuesday after a long illness. His body will be at the Muir Brothers Funeral Home until noon Saturday. He is survived by several nieces and nephews.

De Gaulle's Rule Under Shadow

French Politicians Now Shouting Against Their Former Hero

PARIS (UPI) — Responsible French politicians are talking openly for the first time about deposing President Charles de Gaulle and finding a successor to him.

Among them are some of the leading figures of the Fourth Republic, which De Gaulle overthrew in a "bloodless revolution" in May 1958. They include former supporters who helped De Gaulle achieve power but who now say they have been disillusioned by his rule.

The first to say publicly what only had been whispered until recently was former Premier Pierre Mendes-France.

The moderate left-winger came out Monday in favor of a 60-day "provisional government" to succeed De Gaulle, terminate the bloody conflict between Moslems and settlers in Algeria, and restore the "normal functioning" of democracy in France.

MOLLET TALKS

Socialist party chief Guy Mollet, one of the prime movers in bringing De Gaulle back to power, called Wednesday for a united front of "all democrats" to establish another government. Mollet said France was drifting dangerously far from true democracy.

Another former premier, radical socialist Felix Gaillard, also has said that it is time for the World War II Free French resistance here to step down and return France to the nonpersonal rule of the Fourth Republic.

As a result, many French politicians and foreign diplomats believe DeGaulle's authority is in greater danger than at any time in the past three years.

Kishi Plans to Invite Ike

GETTYSBURG, Pa. (UPI) — Former Japanese Prime Minister Nobusuke Kishi planned today to invite former President Eisenhower to visit Japan and to apologize for canceling Eisenhower's scheduled visit last year because of leftist riots.

Braulio D. Orencia

Service for Braulio (Phil) Orencia, watchmaker and engraver, will be held at 10 a. m. Friday at St. Vincent de Paul Catholic Church with burial following in Roseland Park Cemetery.

Mr. Orencia, 63, of 11 Center St., was watchmaker and engraver at Connolly's Jewelry Store for 20 years and later served in that capacity at Myer's Jewelry Shop.

Granting of Independence to the Philippine Islands opened the way for Orencia to become a citizen of the United States which he did in 1946.

Surviving are his wife Dolores; his mother, Mrs. Domingo Orencia in the Philippine Islands; a son Richard L. of Pontiac; two grandchildren; four brothers and a sister.

Mr. Orencia died Monday of a heart attack at his summer home in Hillman after an illness of several months.

Groovy Group Offers 'Church Choir Boogie'

DES MOINES, Iowa (AP)—One Des Moines church choir has an original composition it sings at the yearly picnic, or at other off-schedule occasions.

The name of the tune is "Church Choir Boogie."

Within the past 10 years it is estimated at least 25 per cent of all fires in the U.S. were started by smokers and careless use of matches.

Might Try Fresh Tomatoes in Recipe

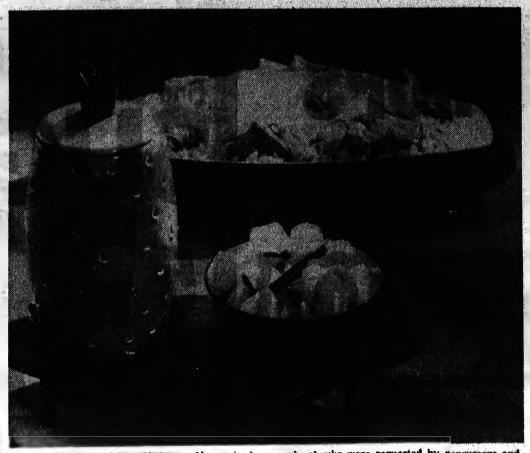
A slightly different version of our favorite swiss steak recipe.

Savory Swiss Steak

2½ pounds boneless chuck steak (at least 1-inch thick)
3 tablespoons flour
2 teaspoons salt
¼ teaspoon pepper
⅓ cup chopped onion
1 cup (1 large) chopped green pepper
½ cup chopped celery
1 can (1 pound) tomatoes
¼ cup tomato paste

Cut most of fat away from edge of steak. Mix flour, ½ teaspoon salt and pepper; pound into both sides of steak. Grease a hot heavy large skillet with a little suet; add steak and brown on both sides.

Mix together the remaining 1½ teaspoons salt, pepper, onion, green pepper, celery, tomatoes (including liquid in can) and tomato paste and add to skillet. Simmer, tightly covered, until meat is extremely tender — about 2 hours. Makes 6 servings with plenty of sauce.



SPICED TUNA-RICE CURRY — New spiced Pineapple Chunks and Curry accent this easy tuna and rice main dish. These flavorful pineapple chunks were requested by consumers and are finding their way into main dishes, salads and appetizer trays.

Fish and Cabbage Are Fine Twosome

When fisherman's luck has been good, remember there's nothing better with a platter of fried fish than a bowl of cabbage wedges in a smooth veloute sauce.

Cabbage can be so delicately good when cooked correctly! Cook wedges in a one-inch depth of boiling salted water for about 12 minutes. Cook without a cover for the first three or four minutes, then cover saucepan to finish cooking.

* * *

To make veloute sauce, melt 2 tablespoons butter or margarine in a saucepan. Blend in 3 tablespoons flour. Stir in 1 cup chicken stock or 1 cup hot water and 1 chicken bouillon cube. Cook 1 minutes or until of medium thickness, stirring constantly. Add ½ teaspoon salt, a drop of fresh garlic juice, ⅛ teaspoon ground white pepper and ¼ cup heavy cream or undiluted evaporated milk. Mix well and heat. Pour over cabbage wedges.

Add Mashed Sardines to Lemon Cream Cheese

Here's a novel sardine recipe ideal as a sandwich spread, party dip or main meal appetizer. Mix 4 ounces of cream cheese with a liberal amount of lemon juice, until you have the consistency of a cream sauce. Add 1 teaspoon of grated onion.

Drain a can of Norway sardines and mash the sardines. Add the sardines, a few capers, black pepper and dash of paprika and salt to the sauce. Blend thoroughly. Serve.

Meat and Poultry Prices Stay Relatively Low

Turkey, beef and pork dominate the meat choices this first week of fall, reports the Marketing Information Agent, Mrs. Josephine Lawyer.

Nationally, the turkey crop is 25 per cent larger than in 1960. This increase means there will be about 7.7 pounds of turkey for every person, compared with 6.3 pounds per person last year. In order to move this large turkey supply through regular marketing channels, prices will be lower than a year ago. The alert shopper will be aware of this situation . . . will think of new and better ways to use turkey every day.

Buy three-fourths to one pound of ready-to-cook turkey for each serving when the birds are 12 to 15 pounds or less. For bigger turkeys, only one-half to three-fourths pound is needed per serving. The small turkeys yield fewer servings per pound because of the high proportion of bone to meat.

Retailers say that wholesale beef prices are higher this week, yet shoppers will find many beef cuts at about 10 cents per pound less than usual for the same grade.

Generally, retail beef prices are expected to stay relatively stable during the next few months. What does this mean for you? That you will have no need to reduce the amount of beef your family normally uses. That you will have no need to allow more money for beef than you have been spending.

Boston butt, picnic shoulder and frankfurters are three thrifty pork choices this week. The whole Boston butt (without the steaks removed) is the leanest pork cut, with 84 per cent lean. At current prices, you can serve this fresh pork roast for 13 to 20 cents per serving. For easier carving, have the thin blade bone removed at the store, or do this at home.

A fresh Boston butt will weigh from 4 to 6 pounds. The National Live Stock and Meat Board advises one to roast it at 350 degrees for 45 to 50 minutes per pound or until it is grayish white in color throughout. A meat thermometer, inserted into the center of the roast, will read 185 degrees at this stage of doneness.

Fish provide a menu change. Smelt are in good supply and perch are also abundant at this time. Fall brings an addition of smoked fillets in this department.

Michigan produce in good supply includes: potatoes, cabbage, sweet corn, green peppers, squash, apples and peaches.

Take a second look . . . some peaches are too green to ripen properly. They will not have that fine peach flavor and they will not ripen unless there is a tinge of yellow color in the underground color.

Tokay grapes are in heavy supply. You'll find them the thrifty choice among the varieties in the market place.

Cauliflower quality is improving with cooler weather. There is some price reduction in some stores.

Spicy Pineapple Garnishes Curry

Through the ages curries have been served with rare and expensive chutney, but we've discovered that New Spiced Pineapple Chunks are just as complimentary — and at a fraction of the cost! So quick and easy to prepare — this Spiced Tuna-Rice Curry is almost an "instant" main dish. Served with a crisp green salad, it's festive enough for company dinners, yet it's easy enough for family suppers.

Spiced Tuna-Rice Curry

1 tablespoon chicken stock base
1 tablespoon corn starch
1 teaspoon curry powder
1 teaspoon monosodium glutamate
½ teaspoon salt
¼ teaspoon paprika
dash white pepper
dash nutmeg
1½ cups milk, scalded
1 can (6½ oz.) tuna chunks, drained
3 cups of hot cooked rice
1 can (13½ oz.) Spiced Pineapple Chunks

Mix the dry ingredients together, then rapidly whisk into scalded milk. Cook and stir over medium heat until mixture thickens; add tuna. When heated through, pour over hot cooked rice and surround with a ring of Spiced Pineapple Chunks — or pass pineapple separately as an accompaniment.

* * *

Variation: Substitute fresh cooked shrimp or canned salmon for the tuna — both are delicious!

Corn Slaw Calls for Cooking, Chilling

Serve this tangy combination as a relish or, with greens, as a salad. We find it's extremely popular both ways.

Cooked Corn Slaw

¾ cup sugar
1½ teaspoons salt
¾ cup cider vinegar
1 quart coarsely shredded green cabbage (packed down)
1 to 2 cups corn kernels (cut from cooked leftover corn on the cob)
1 green or red pepper (cut in thin strips or diced)
¼ teaspoon tabasco

In a large saucepan stir together the sugar, salt and vinegar over low heat until sugar dissolves; bring to a boil. Add cabbage, corn and green pepper. Stir and cook over moderate heat for 4 minutes. Stir in tabasco.

* * *

Chill overnight in covered container to allow flavors to develop. Drain before serving. Makes 4 to 6 servings.

Freezing Tips and Taboos

URBANA, Ill. (UPI)—For more effective home freezing, consider these suggestions from Bette Schaffner, University of Illinois home economist:

—Avoid freezing foods flavored with cloves, green pepper, garlic, pimento and sage. These flavors intensify when frozen.

—Foods seasoned with onions are equally disappointing when frozen, since freezing weakens the flavor of onions.

—Frozen cooked meat tends to have a warmed-up flavor when reheated. For better flavor, freeze the raw meat and cook after thawing.

—Potatoes frozen in chunks become mushy when thawed. It is advisable to add fresh potatoes to frozen stew or other mixtures when preparing to serve.

—When preparing a casserole containing vegetables to be frozen, undercook slightly to avoid overcooking the vegetables in the finished dish.

—Frozen white sauce thickened with flour or cornstarch tends to separate when thawed, so freeze only the meat and broth and prepare the sauce just before serving.

—Custard-type pie fillings have a poor consistency after freezing.

—For safety's sake, never try to freeze a stuffed turkey. The stuffing may spoil before the turkey is thoroughly frozen.

BISCUIT HAM WEDGES — Stop here to whet your appetite with hot ham-filled biscuit wedges, chilled tomato juice, stuffed olives and carrot curls. The little triangular appetizers are good served hot or cold. They might also be served with a salad for luncheon.

Deviled Ham Wedges Grace Appetizer Table

Did you know that the ancient Greeks and Romans probably started the custom of serving appetizers before meals? That was 2,000 or more years ago. For a modern party spread, you'll want to try these hot Biscuit Ham Wedges accompanied by tomato juice and a cucumber "boat" filled with crisp carrot curls and olives on toothpicks.

One pride of a good hostess is her appetizer array that she wants attractive and tasty. When it's your turn to entertain, count on this blue cheese-ham-biscuit combination to stand you in good stead.

Appetizer wedges are made like miniature sandwiches with thin layers of parsley biscuit dough on top and bottom. Roll out half the biscuit dough in an 8-inch circle using the bottom of an 8-inch round pan as a guide. Place biscuit dough in pan and spread with a mixture of one small can of deviled ham, crumbled blue cheese and finely chopped green pepper. Then cover with the other half of the biscuit dough. Cut the top layer into 16 small wedges and bake. While still hot, garnish the hot appetizers with olive slices.

BISCUIT HAM WEDGES

1½ cups sifted enriched flour*
1 tablespoon baking powder
1 teaspoon salt
2 teaspoons dried parsley flakes
3 tablespoons shortening
⅓ to 2/3 cup milk
1 2½-ounce can deviled ham
1 tablespoon crumbled blue cheese
1 tablespoon finely chopped green pepper
Sliced green and black olives

Sift together flour, baking powder and salt. Stir in parsley flakes. Cut or rub in shortening until mixture is crumbly. Add milk to make a soft dough. Turn out on lightly floured board or pastry cloth and knead gently 30 seconds.

Divide dough in half. Roll first half to fit bottom of ungreased 8-inch cake pan perfectly. Place in pan. Combine deviled ham, blue cheese and green pepper. Spread on biscuit dough in pan. Roll second half of dough into 8-inch circle and place over filling. Cut top layer into 16 small wedges.

Bake in hot oven (400 degrees F.) 25 to 30 minutes. Remove from pan immediately. While still hot, garnish with olive slices. Cut into wedges. Serve hot or cooled. Makes 16 wedges.

* * *

*If self-rising flour is used, omit baking powder and salt.

Creamy Bean Soup

Don't limit baked beans to casseroles; serve them in a creamed soup for a hearty luncheon dish. For 4 servings, puree 2 cups pork and beans in tomato sauce through a sieve or in a blender. Heat 2 cups milk to scalding; gradually blend in pureed beans. Garnish with bacon crumbs or frankfurter slices.

If your cake has tunnels and occasional large holes, you may have overbeaten the batter.

Chinese Gravy Has Distinctive Character

This recipe, to be used with Chinese omelet that's made in a large skillet or in individual portions, is repeated by request.

Thin Chinese Gravy

2 tablespoons plus ½ teaspoon cornstarch
2 teaspoons sugar
¼ teaspoon monosodium glutamate
⅛ teaspoon garlic powder
1 tablespoon plus 1 teaspoon soy sauce
2 cups cold water

In a 1-quart saucepan stir together until smooth the cornstarch, sugar, monosodium glutamate, garlic powder, soy sauce and a little of the water. Stir in remaining water. Cook and stir over high heat until thickened and boiling. Makes about 2 cups. Soy sauce varies in strength so if necessary a little more may be added to finished gravy.

Satisfy Sweet Tooth Without Any Sugar.

NEW YORK (UPI)—Make sugar-free chocolate maple popsickles from a dry instant mix. Stir 1⅓ cups of sugar-free dry instant chocolate drink mix into 3¾ cups of cold water. Add ¼ teaspoon of maple extract. Turn into refrigerator tray or trays.

Freeze until mushy. Insert paper or wooden spoons for handles. Continue freezing until firm. Makes 24 1½-inch popsickles.

...yer's Surprise in Loaf

NEW YORK (UPI)—A layer of mushrooms is the surprise in an enriched meat loaf. Simmer 1 cup rooms cooked, or if you use canned of consomme. Cool. Combine 1 pound of ground beef round with ⅓ cup of wheat germ, 1 teaspoon of salt, ¼ teaspoon of pepper, and ¼ cup of chopped onion.

Add liquid in which the mushof sliced mushrooms in ⅓ cup mushrooms, the liquid from them. Mix well. Place half the meat in a loaf-shaped pan. Spread the mushrooms over meat and top with remaining meat.

Mix ¼ teaspoon of oregano into 1 cup of canned tomatoes, and pour over loaf. Bake 1 hour in a 350-degree oven. Serves 4 to 6.

Olive Oil on Tomatoes Seals in Freshness

Locally-grown sun-ripened tomatoes are now in abundance in the markets, and the best of all ways to serve them is to cut the tomatoes in thick slices, sprinkling each slice with salt, minced parsley and a generous amount of olive oil. When dressed with olive oil, tomatoes may be sliced in advance, for the oil seals in freshness and flavor.

For variation, use terragon or dill instead of parsley, sprinkle freshly-ground black pepper over the tomatoes, or arinkle with a little lime juice. Because tomatoes are tart, vinegar is not necessary.

Lay in Supplies for Bread Making

By JANET ODELL
Pontiac Press Home Editor

Sunday afternoon we made bread in anticipation of company that evening. Our only mistake was making just one loaf. The twelve-year-old had to be restrained after three slices of warm bread and butter. After all, we had guests to consider.

There are so many interesting breads you can make that you could have a different one every week throughout the year. Recipes are simpler and easier to follow all the time.

As an example, look over the following recipe for Tiny Tea Loaves which are pictured on this page. Baked in fruit-concentrate cans, they are ideal to serve with salad either as sandwiches or spread with special toppings. In less than two hours you can have a supply of these little loaves. Tuck some into the freezer.

Tiny Tea Loaves

⅓ cup milk
¼ cup sugar
1 teaspoon salt
2 tablespoons margarine
½ cup very warm water
3 packages or cakes yeast, active dry or compressed
1 egg
3¾ cups sifted flour (about)
½ cup seedless raisins
1 teaspoon grated lemon rind
Confectioners' sugar frosting
Tiny candies

Scald milk; stir in sugar, salt and margarine; cool to lukewarm. Measure very warm water into large bowl. Sprinkle or crumble in yeast; stir until dissolved. Stir in lukewarm milk mixture, egg and 1½ cups flour. Beat 2 minutes at medium speed of electric mixer, or 300 vigorous strokes with spoon. Stir in raisins, lemon rind, and enough remaining flour to make soft dough.

Turn out onto floured board. Knead until smooth and elastic, about 8 minutes. Place in greased bowl, turning to grease all sides. Cover; let rise in warm place, free from draft, until doubled in bulk, about 45 minutes.

Punch down; turn out onto lightly floured board. Divide into 10 equal pieces. Shape each piece into ball; place in well-greased fruit juice-concentrate can. Cover; let rise until doubled in bulk, about 30 minutes. Bake in moderate oven (350 degrees) about 25-30 minutes, or until done.

Turn out of cans at once; cool on wire rack. When cold, leave unfrosted or frost with confectioners' sugar frosting and decorate with small candies or chopped nuts. To serve, slice; top slices with one of the special spreads below.

★ ★ ★

Raspberry Spread

Combine ½ cup margarine with 1 cup sifted confectioners' sugar and ⅛ cup raspberry jam; beat until smooth. Garnish with spoonful of jam.

Ambrosia Spread

In double boiler top, combine 1 cup sugar, ¼ cup margarine, eggs, ¼ cup strained orange juice, ½ cup shredded or flaked coconut and 1 tablespoon grated orange rind. Place over boiling water; cook, stirring constantly, until well thickened. Remove from heat; cool. Serve with coconut sprinkled on top as garnish.

★ ★ ★

Chocolate Hard Sauce

Cream ½ cup margarine with 1 cup sifted confectioners' sugar until smooth; stir in 3 tablespoons grated unsweetened chocolate. Garnish with grated chocolate.

★ ★ ★

Molasses Oatmeal bread has an excellent taste which may make you forget the extra protein, minerals and B vitamins it contains. Served warm right from the oven, or toasted the next day for breakfast, it will appeal to the entire family.

Molasses Oatmeal Bread

1½ cups hot water
⅓ cup molasses
1 tablespoon salt
⅓ cup margarine
¾ cup uncooked rolled oats
½ cup very warm water
2 packages or cakes yeast, active dry or compressed
1 egg
4½ cups sifted flour

Combine hot water with molasses, salt, margarine and oats; cool to lukewarm. Measure very warm water into large mixer bowl. Sprinkle or crumble in yeast; stir until dissolved. Add lukewarm water mixture and egg, then stir in half the flour. Beat 2 minutes at medium speed on electric mixer, or 300 vigorous strokes with spoon. Stir in remaining flour; beat with spoon until well mixed, about 1 minute.

Cover; let rise in warm place, free from draft, until doubled in bulk, about 45 minutes. Stir batter down and beat 25 strokes. Turn into 2 well greased 9 x 5 x 3 inch pans. Press down top smoothly with spoon dipped in cold water to level surface. Cover; let rise in warm place, free from draft, until doubled in bulk, about 45 minutes.

Bake in moderate oven (375 degrees) 40 minutes, or until top is browned and loaf sounds hollow when tapped. Remove from pans; cool on wire rack. Makes 2 loaves. Calories: 60 in each ½-inch-thick slice.

★ ★ ★

The last two recipes are for quick breads. Both are unusual in that wine is a part of the ingredients. This makes for an elusive flavor, but a delightful one. You will remember that any alcohol will have vaporized during the baking.

Serve these breads sliced thin, with or without butter. Storing them overnight makes them easier to slice.

Sherry Fruit Bread

¼ cup California Sherry
2 cups coarsely grated peeled apple
¼ cup soft shortening
2-3 cup sugar
2 eggs, beaten
2 cups sifted all-purpose flour
1 teaspoon baking powder
1 teaspoon baking soda
1 teaspoon salt
½ cup grated American cheese
½ cup chopped filberts or walnuts

Pour Sherry over apple. Cream shortening and sugar until fluffy; beat in eggs. Sift flour, baking powder, soda and salt together. Add to creamed mixture alternately with apple; stir in cheese and nuts. Turn into a greased and floured loaf pan (8½ x 4½ x 3 inches). Bake in a moderately-slow oven (325 degrees F.) 50 to 60 minutes. Cool thoroughly before storing or slicing. Makes 1 loaf.

★ ★ ★

Pecan Orange Bread

3 tablespoons soft shortening
¾ cup sugar
1 tablespoon grated orange rind
1 large egg, beaten
2½ cups sifted all-purpose flour
3 teaspoons baking powder
1 teaspoon salt
⅓ cup California Muscatel, White Port or Sherry
¼ cup orange juice
¼ cup milk
½ cup chopped pecans

Cream shortening, sugar and orange rind together; beat in egg. Sift flour, baking powder and salt together. Add to creamed mixture alternately with wine, orange juice and milk. Stir in pecans. Turn into a greased and floured loaf pan (8x5x3 inches). Bake in a moderately-slow oven (325 degrees F.) 55 to 60 minutes. Cool thoroughly before storing or slicing.

1¾ MINIATURE—Tiny tea loaves are little yeast-raised sweetbreads baked in fruit-concentrate cans. Unfrosted loaves are sliced thin and served with a variety of sweet spreads; frosted loaves are cut into 1-inch thick slices and eaten without spread.

These Pickles Will Rate You Top Honors as Hostess

PICKLEWICHES—A new snack idea comes out of the Annual Food Editors Conference. Use sweet pickle slices, dill pickles or sweet gherkins. Cut the whole pickles in half lengthwise. Fill any of the varieties with slices of cold meat and/or cheese. Chill before serving.

Pull out your best relish tray, fill it with your prettiest pickles, and you are on your way to impressing even your most persnickity guest. Clockwise, beginning with the sliced pickles, the tray in the picture holds mint sauce pear slices, pickled cauliflower, spiced kumquats and hot peppers. You might prefer a different combination but this one is colorful and offers a choice, of sweet, sour and hot.

Dilly Chips

12 4 to 4½ inch cucumbers
5 tablespoons salt
2 teaspoons turmeric
3½ cups cider vinegar
1½ cups sugar
2 tablespoons mixed pickling spices
Dill
⅔ teaspoon powdered alum

Wash, rinse, drain, dry and cut slender cucumbers into thin (about ¼ inch) slices. Thoroughly mix cucumbers and salt. Let stand 3 or 4 hours. Drain. Add turmeric and 1½ cups vinegar to 2 cups water. Bring to boiling. Pour over cucumbers. Let stand until cold. Drain. (Taste cucumbers; if too salty, scald again).

Add sugar, spices (tied in bag), ½ cup water, to 2 cups vinegar. Simmer 15 minutes. Pour over cucumbers. Let stand 12 to 24 hours. Drain syrup into kettle. Heat to boiling. Add cucumbers. Simmer 10 minutes.

Wash and drain dill. Put layer in bottom of fruit jar. Pack cucumbers into jar; cover with layer of dill. Add alum to syrup and heat to boiling. Pour, boiling hot, over cucumbers. Put lid on jar; screw band tight. Note: If fresh dill is not available, use about a tablespoon of dill seed per pint jar.

Pickled Cauliflower

8 small or 2 medium sized barely mature cauliflowers
¾ cup salt
1 tablespoon turmeric
2 tablespoons ground mustard
1½ to 2 cups sugar
3½ cups vinegar
1 cup water
2 teaspoons onion powder
2 tablespoons white mustard seed
1 tablespoon celery seed
1 hot red pepper cut into small pieces

Wash, drain and cut cauliflower into 1½ or 2 inch pieces. Dissolve salt in 2 quarts cool water; pour over cauliflower. (If not enough to cover, add more water). Use plate to hold cauliflower under brine. Let stand 12 or 15 hours. Drain. Mix turmeric and mustard with sugar. Add all other ingredients except cauliflower. Cook until sugar dissolves. Add cauliflower. Cook 10 minutes or until barely tender.

Quickly pack hot cauliflower into hot fruit jars. Reheat liquid to boiling. Pour over cauliflower. Put lid on jar; screw band tight.

★ ★ ★

Pickled Kumquats

2 pounds kumquats
2 cups sugar
3 cups water
2 cup white vinegar
2 sticks cinnamon
1 teaspoon whole cloves
1 teaspoon whole allspice
1 teaspoon salt

Wash, drain and lightly grate surface of kumquats. Cut tiny slit in each side and remove seed. Cover kumquats with boiling water and cook until fork tender. Drain. Cook sugar, water and vinegar until sugar dissolves. Drop slices, tied in cheesecloth, into syrup; add kumquats. Cook until kumquats are glossy and somewhat translucent. Remove from heat, and let stand in fairly cool place 12 to 18 hours. Reheat to boiling, pack hot into hot fruit jars. Put lid on jar; screw band tight.

Inexpensive Too

Excellent stock may be made from the wing tips, backs and gizzards of chickens. Do you use a chicken once a week? Save these parts from week to week, storing them in your freezer. Then you can make some rich stock at one fell swoop.

High Protein Main Dish Calls for Two Cheeses

One cheese makes a beef pie extra good, but two cheeses will make it even better. Proof is Double Cheese Beef Pie.

Cheddar and Parmesan are the cheeses. Cheddar is an old favorite in pie dough making. But Parmesan you may not have used before. This pungent Italian style cheese is used to flavorize the creamy pie filling that's brimful of mixed vegetables and cooked diced beef.

Water is often the liquid ingredient of beef pies. But here milk is used to cream the base, add more flavor and nourishment.

Leftover pot roast or roast beef adapts itself beautifully to this recipe, making this an economical dish and a wonderful way to enjoy a fine piece of meat to the very end.

This pie is so hearty, not many other foods are needed to include the Basic Four. A crisp green salad, refreshingly chilled and tossed with a tart dressing, tall glasses of milk and assorted fresh fruits complement it nicely.

Double Cheese Beef Pie

¼ cup (½ stick) butter
¼ cup chopped onion
2 tablespoons chopped green pepper
½ cup diced celery
3 tablespoons flour
½ teaspoon salt
Dash of pepper
1 2/3 cups milk
½ cup grated Parmesan cheese
3 cups cooked, diced beef
1 10-ounce package frozen mixed vegetables, partially thawed
½ package pie crust mix
½ cup shredded Cheddar cheese

In saucepan melt butter. Add onion, green pepper and celery; saute until tender. Remove from heat; blend in flour, salt and pepper to form a smooth paste. Gradually stir in milk. Then heat, stirring constantly, until thickened. Add Parmesan cheese, beef and vegetables; heat, stirring constantly, until heated through.

Meanwhile prepare pie crust mix according to package directions adding Cheddar cheese to the dough. On lightly floured board roll dough to ⅛-inch thickness; make small slits in crust or make small cutouts using 1-inch cooky cutter. Pour hot filling into baking dish; top with crust. Flute edges of crust; bake 30-35 minutes in 350-degree oven. Serves 4-5.

Canned Clams Save Day When Time Is Scarce

Here's a tip for a meal when time is at a premium! Good and Hasty Clam Dinner.

Cook a medium size chopped onion and 2 cans (7½ oz. each) clams, drained (saving clam broth) in 3 tablespoons butter until onion is tender. Add 1½ cups cream sauce, made using clam broth as part of the liquid. Season with cayenne, dry mustard, Worcestershire sauce and chopped parsley. Heat. Serve in shallow individual baking dishes, with toast points around edge and a garnish of parsley.

MEAT COOKERY Quiz

Q. What is the name of this cut of meat?

A. Beef Short Ribs.

Q. Where do they come from and how are they identified?

A. They are cut from the ends of ribs and contain a section of flat rib bone and alternating layers of fat and lean.

Q. How are they prepared?

A. By braising. Brown the short ribs on all sides in their own fat. Pour off the drippings. Season and add a small amount of liquid. Cover tightly and cook slowly until tender, 1½ to 2½ hours. They may also be cooked in liquid.

Hot Autumn Beverage

Here is a real treat for friends or family. It is an Apple Honey Treat. Combine 1 quart of apple juice, cup of honey and 2 tablespoons of butter. Heat. Pour into mugs and top with a dash of nutmeg.

Photographed around the Lyot Telescope at McMath-Hulbert Observatory are (from left) Madame Marguerite d'Azambuja, French astronomer; Dr. Orren Mohler, assistant observatory director; Dr. Helen Dodson Prince, observatory staff member; and astronomer Dr. Lucien d'Azambuja. The telescope, made in France for use during the International Geophysical Year, was designed by the d'Azambujas' friend and compatriot French astronomer Bernard Lyot.

Lecture Series Planned

A provocative series of lectures, "Challenges to a Changing World" will be presented by Altrusa Club of Greater Birmingham in the Birmingham Community House Auditorium.

* * *

Opening the series at 8:15 p.m. Oct. 10, Dr. Melvin Cherno, assistant professor of history at Michigan State University Oakland will speak on "Divided Germany, Twice Our Enemy." Dr. Cherno, a specialist in 19th and 20th century history, particularly German history, will discuss the German elections, their effect on us, the possibilities of a Nazi revival and the ramifications of a strengthened Germany.

On Oct. 24, appropriately observing United Nations Day, Czetong Song, assistant librarian at MSUO will speak on "Korea: 8 Years After the Korean War," An American of Korean ancestry, Mr. Song was born in Tokyo and has made a study of mainland Chinese publishing trends.

The final lecture on Nov. 14 entitled "Latin America, Friend or Foe?" will be presented by Dr. Samuel Shapiro, assistant professor of history at MSUO. Dr. Shapiro was a Fulbright professor of American History at the University of Tucman and Buenos Aires in Argentina. He has traveled extensively in Latin America.

Profits from the series will benefit the Kenny Foundation Equipment Fund. Subscriptions are $5 and may be had at The Village Bookshelf in Birmingham.

Pontiac Press Photo

Tickets are available for students, too at Altrusa Club's lecture series. Dean Mary Ann Cusack of MSUO, a club member sells a series subscription to MSUO student Judy Noren. Club president Dr. Ethel T. Calhoun of the Sister Kenny Foundation (at right) will be on hand with Altrusans and their friends for the three-lecture series "Challenges to a Changing World."

Will Talk to Peace League

Mrs. Annalee Stewart of Washington, D.C., national legislative secretary of the Women's International League for Peace and Freedom, will speak to the Pontiac branch of the league at a cooperative dinner meeting Tuesday.

The George Carharts of Haddell Drive will be hosts for the dinner at 6:30 and the 8 p.m. program. "Peace by 1970—With or Without People" will be the speaker's topic.

Mother, minister, lecturer and lobbyist, Mrs. Stewart was president of the league's U.S. Section from 1946-1950. A graduate of Illinois Wesleyan University, she has done graduate work at Boston University School of Theology, Colgate-Rochester Divinity School and Union Theological Seminary in New York City. She became one of the first ordained ministers of the Methodist Church and the only woman in the history of Congress to have served as guest chaplain of the House of Representatives.

At her office in Washington, Mrs. Stewart daily interviews congressmen, officials of the State Department and other government departments and foreign embassies.

French Solar Team Visits

Two French astronomers Dr. Lucien and Madame Marguerite d'Azambuja are spending a month at Lake Angelus' McMath-Hulbert Observatory, conferring with local staff members on problems related to solar research.

Dr. d'Azambuja, now retired, formerly was director of the Meudon Observatory near Paris, France. He and his wife worked together in solar research for many years. Their work includes observations of solar activity such as solar flares and prominences and studies of fundamental solar physics.

* * *

Dr. d'Azambuja, whose professional career covers nearly 60 years of solar research, has worked with top solar astronomers of past and present generations — including Janssen, Deslandres, Hale and Lyot. He is an "officier" in the French Legion of Honor. For many years Dr. and Madame d'Azambuja supervised the world-wide study of solar flares, and they were instrumental in furthering plans for the 24-hour photographic coverage of solar activity. This program was fundamental for the solar studies conducted during the International Geophysical Year.

Dr. Robert McMath, Dr. Orren Mohler and Dr. Helen Dodson Prince of the McMath-Hulbert Observatory all have visited or studied with the d'Azambujas at Meudon in past years.

While in the United States, Dr. and Madame d'Azambuja will visit in New York and Washington. In Pontiac they are guests of Mr. and Mrs. Edmond L. Prince, Lake Angelus.

To Start Series of Dance Classes

Local caller Wayne Wilcox will start a series of western square dance classes for beginners on Thursday from 8 to 10 p.m. at the Waterford Community Center. Classes will be each Thursday through Dec. 7.

For more comfortable dancing Mr. Wilcox has suggested that women wear low-heeled shoes and full skirts and men, long-sleeved sport shirts.

Mr. Wilcox also calls for the "Cuckoo Squares" club which meets the second Saturday of each month at Willis School and the "Royal Oak Squares."

Music Club Opens Year With Luncheon

Tuesday Musicale Workshop members observed their first meeting of the season, a luncheon, at the home of Mrs. J. B. Nicolls Jr.

* * *

Assisting the hostess were Mrs. Clyde Marshbanks, Mrs. E. D. Foley, Mrs. James Rosenthal and Mrs. W. S. Furlong.

Group singing, led by Mrs. George Putnam, opened the Tuesday meeting. Plans were made for the program the workshop will give for the club's May meeting.

A workshop sextette presented a program which will be given for the Women's Auxiliary of the Oakland County Bar Association at Orchard Lake Country Club Wednesday.

It Brings No Good, Abby Says

Don't Take Secretary Dining

DEAR ABBY: The other day my husband said, "There is nothing wrong with taking a nice girl out for dinner!"

This remark was made during an argument we had over his taking his secretary out because he wanted to do "something nice" for her.

ABBY

She receives a good salary and a Christmas bonus check, which I think is enough, don't you?

He has also bought her (and her child) birthday gifts. I am not narrow-minded, but I don't think all these "extras" are necessary. Am I wrong?

JUST HIS WIFE

DEAR JUST: Your husband's idea is becoming more commonplace. No good has ever come from it. The time to nip such fringe benefits in the bud is now!

* * *

DEAR ABBY: What do you do when a fellow asks you to dance and, instead of concentrating on his dancing, he carries on a running conversation with you? This happens to me a lot with fellows who ask me to dance just to get acquainted. I like to dance, but I can't dance very well while someone is talking to me.

Would it be rude to tell the boy that, since he asked me to dance, we should dance? Or should I tell him, if he wants to talk, we should sit down.

LIKES TO DANCE

DEAR LIKES: It's a compliment to be asked to "dance" as a way to "get acquainted." If you step on his toes occasionally, he won't mind. Just put your best foot forward while you get to know one another better.

* * *

DEAR ABBY: Tonight my mother went to an 8:00 p.m. meeting, and my father was scheduled to bowl with his league at 8:30 p.m. At 8:15 p.m. some friends "dropped in" unexpectedly. My father just stood up at 8:25 p.m. and told them he was sorry but he had to go bowling. I knew they were hurt. My father is a school teacher, and should know how to handle situations like these. Did he handle it right?

THE SON

* * *

DEAR SON: He did. People who "drop in" unexpectedly have no right to expect other to change their plans for them.

* * *

CONFIDENTIAL TO M. E.: It doesn't really matter what a woman wears to church — as long as she goes.

Tip to Student-Husband:

Working Wife Must Relax

By RUTH MILLETT
Newspaper Enterprise Assn.

Times do change! When wives first started working in large numbers they were told they must soft-pedal their jobs to keep from antogonizing their husbands.

They were also warned not to let their pay checks go to their heads and make them independent in their attitudes, instead of remaining clinging vines.

And, of course, they weren't supposed to expect any extra consideration from their husbands because they were helping to earn the family living.

★ ★ ★

Now, in a new book, "A Woman's Guide to Earning a Good Living," the author goes into the problem of the young wife who is putting her husband through college.

★ ★ ★

"One of the problems arising from this strictly contemporary mode of marriage is that of home study for the husband. If the wife is the 'tired businessman,' she is the one who craves occasional diversion in the evening after a hard day in office or classroom. But evenings are the husband's study time.

"How you as the wife work this out is strictly a personal affair, but worked out it must be, and on the same frank, calm basis as any other divergence of views that may emanate from your working wife.

"Some husbands can see the wisdom (from a psychological point of view) of their wives relaxing over a bridge table or at the movies after a full day's work."

★ ★ ★

And that wasn't written by a career woman, either — but by a man. So it looks as though the working wife has made great strides in the last 20 years. Wives then had already won the right to work, if they chose, but they hadn't won the right to think of themselves as working partners, due all the consideration and privileges of any breadwinner.

That's a giant step—but whether or not it is in the right direction will remain to be seen.

Whether family life can thrive with the working wife demanding all the privileges of the "tired businessman" is another story.

Working wives especially can pick up some good tips. Find out by reading "How to Have a Happy Husband." Send 25 cents to Ruth Millett Reader Service, c/o The Pontiac Press, P.O. Box 489, Dept. A, Radio City Station, New York 19 N.Y.

Carillon Concert Added to Series in Cranbrook

Christ Church Cranbrook has added a bonus carillon concert to the summer series.

★ ★ ★

Guest artist Fred Fahrner, organist at Martha Mary Chapel, Greenfield Village and organist-director at Christ Episcopal Church, Dearborn, will be heard 4 p.m., Sunday.

★ ★ ★

Fahrner received his bachelor and master of music degrees at the University of Michigan where he studied carillon with Percival Price.

★ ★ ★

Concert-goers may listen to the 62-bell carillon in their cars or from the church lawn on Lone Pine Road, Bloomfield Hills.

Kalittas Back at School

The newlywed James Kalittas have returned from a Northern Michigan honeymoon to Cornell Courts at Eastern Michigan University, Ypsilanti, where both are senior students.

Their vows were repeated before Rev. Eric C. Peterson in a candlelight ceremony in St. Peter's Lutheran Church, East Detroit.

The former Beatrice Ann Peters is the daughter of Mr. and Mrs. Hugh D. Peters, Anders Street, Waterford Township. Her husband's parents are Mr. and Mrs. Alfred Kalitta, East Detroit.

★ ★ ★

Mady Haberman, Detroit, attended the bride as maid of honor. Bridesmaids were Mrs. Juergen Badendieck, Detroit; Marilyn Collins, Clio; Mrs John Bryon, Farmington and Connie Castern, Monroe.

Alfred Kalitta was best man for his son. Ushers were David Stockham, Ypsilanti; Jerry Wilson, East Detroit; David Peters, Southfield, and Juergen Badendieck, Detroit.

A buffet dinner and reception in the church parlors followed the Sept. 2 ceremony.

The new Mrs. Kalitta is affiliated with Delta Zeta Sorority and her husband is a member of Sigma Pi Fraternity.

Hostess Too Careful With Linen

By the Emily Post Institute

Q. The other evening while at dinner at a friend's house, I encountered something which to me was very strange, and I would like your opinion of it. The dining table was set with a very beautiful tablecloth and napkins. However, at the places of each of the women guests, the hostess had a tissue in each napkin, presumably for the guests to wipe off their lipstick, so that they would not get it on her napkins.

★ ★ ★

I know that lipstick stains can be very difficult to get out, and some indelible ones impossible to get entirely out, but don't you think this is going a little to far?

A. I agree with you; although I do understand and sympathize with your friend's wishing to protect her linen from her thoughtless guests' lipstick.

HAS RIGHT TO KEEP THEM

Q. Three months ago my son was married and unfortunately it did not work out and the marriage is in the process of being annuled. They received many beautiful wedding presents, which she has. Don't you think that my son is entitled to the presents sent from his friends and relatives? Also, what about the checks that they received?

A. Very often when a marriage is dissolved by divorce or annullment, the wife chooses to send certain of the wedding presents, especially those sent by the bridegroom's friends and relatives, to her ex-husband. If, however, she does not do so, unfair as it may seem, she has the right to keep them.

★ ★ ★

Q. Would the fact that there are three couples in the group alter the impropriety of unmarried girls and men going away together for a weekend to a well-known resort hotel?

A. It would not really be proper, but such a group, if well-behaved, will probably not be criticized.

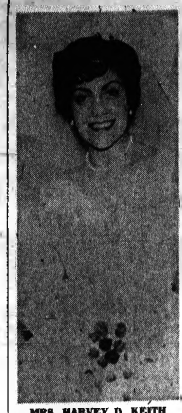
Wedding Vows Spoken Under Arch of Gladioli



MRS. HARVEY D. KEITH

Dr. Tom Malone officiated at the nuptials of Evelyn Eileen Chapel to Harvey D. Keith Saturday afternoon in the Emmanuel Baptist Church. Vows were spoken beneath an arch of white gladioli flanked by potted palms.

Receiving with the couple in Fellowship Hall of the church were their parents, the Leonard C. Chapels of Sherman Street, Waterford Township, and the Harvey W. Keiths, Drayton Plains.

Alencon lace enhanced the bride's gown of white silk organza over taffeta, styled with Chantilly lace bodice and chapel train. A pearl tiara caught her fingertip illusion veiling and she held white gladioli, pompons and red rosebuds.

★ ★ ★

Wearing a white lace jacket with her floor-length dress of aqua nylon, Sandra K. Zietek served as maid of honor. Her flowers were white gladioli.

Mrs. Harold R. Kittles attended her niece as bridesmaid with Norma Jean Chapel, sister of the bride. Their gowns were of pink nylon and they held cascades of pink gladioli. Brenda Keith served as flower girl.

Harold Keith was best man for his brother, and Harland and Raymond Keith were groomsmen. Seating guests were the bride's brother Floyd and William Pittman, nephew of the bridegroom.

The bridegroom will report to Camp Granite City, Ill., on Oct. 13 and the new Mrs. Keith will live in Pontiac.

Corsages of ivory cymbidium orchids accented the beige lace over taffeta for Mrs. Chapel and the royal blue silk crepe sheath for the mother of the bridegroom.

League Has Countywide Conference

Seven simultaneous workshop sessions covered organizational aspects of the Women's International League for Peace and Freedom in a countywide conference Saturday at the Royal Oak Young Men's Christian Association.

Mrs. John Houston of Pontiac, Oakland County coordinator and conference chairman expressed common concern over world developments and hopes that the desire for peace will bring together women from all walks of life in the WILPF.

Mrs. Otto Enoch, chairman of the county speakers bureau, announced that qualified speakers are available to address all Oakland County groups interested in all approaches to world peace.

★ ★ ★

The North Oakland County Branch in Pontiac is being handled by Mrs. Russell Grinnell with Mrs. Annabelle McLay at the Birmingham branch.

Esther Court 13 Confers Degrees on Candidates

Mrs. Alma Minton and Mrs. Mary Hulett, pro tem candidates, received the honor of the degree of the Order of the Amaranth when Esther Court No. 13 convened at Roosevelt Temple.

The group was honored by the official visit of grand royal matron Mrs. Lionel Robinson, Lincoln Park, and grand royal patron Lionel Robinson. Also present were Mrs. Arthur Black, Wyandotte, grand associate matron; Frank Schultz, Detroit, grand associate patron, and Mrs. Dorothy Erickson, Muskegon, grand associate conductress.

Refreshments at the Friday meeting were served by past royal matrons and past royal patrons of Esther Court.

The annual associate patrons' project will be a "chicken 'n' biscuit" dinner from 4:30 to 7 p.m. Oct. 13 at Roosevelt Temple. Proceeds will benefit the Pemberton Nursery School for Blind Children. Tickets are available from members or ticket chairmen Mrs. Allan Schmidt and Catherine McCrindle.

Community Club Sets Co-Op Dinner

The Wever-Owen-Hawthorne-Alcott Community Club is sponsoring a cooperative dinner for members and guests 6 p.m. tonight in the Owen School.

PTAs in Action

Some 400 officers and chairmen of the 33 local units comprising the Pontiac Council of Parent-Teacher Associations are expected to attend the annual School of Instruction scheduled at 7:30 p.m. Tuesday in Washington Junior High School.

★ ★ ★

Special guests will be Mrs. Charles Neidrett, past president of the Michigan Congress of Parents and Teachers, who will preside at a conference on secondary school PTA and PTSA.

Mrs. George Gray, council president, will conduct a brief business session. Workshops will be announced by the program cochairmen Mrs. Howard McConnell and Mrs. Thomas Henson.

Mrs. Gray will conduct the presidents' conference. Program chairmen will meet with Mrs. William Wright, program chairman of MCPTV and Mrs. McConnell.

A workshop for secretaries will be led by Mrs. Henson, Mrs. William White and Mrs. Sidney Olson. Lewis Crew and Mrs. Theodore Figa will explain treasurers, and auditors' duties. Finance chairmen will meet with Mrs. William Mihalek and Mrs. William Anderson. Mrs. Carl Masters will conduct a conference for historians.

Others who will explain functions of PTA chairmen are Mrs. Lyle Dusenbury and Mrs. Harrol Beebe, membership, who will ask that chairmen inform their local PTAs of enrollment observance during October. Publicity workshops will be directed by Mrs. Emil Ottesvig and Mrs. Leslie Hotchkiss.

The list continues with Mrs. Charles Coppersmith, Mrs. Herbert Mullen and Mrs. James Hartsock, hospitality; Mrs. Anthony Osler and Mrs. Ray Ritter, home room representatives; Mrs. Fred Goines, Mrs. Vida Walker and Lt. Ray Meggitt, juvenile protection; Mrs. Erwin Christie and Mrs. Thomas McKeever, magazines and publications; Robert Stierer and Joe Singleton, civil defense; and Josephine Seeley, Mrs. William Simpson and Mrs. Purvis Hunt, health.

Completing the list are Arthur Bell and Howard Pement, safety; Dr. Dana P. Whitmer, legislation; Mrs. Russell Bell, Mrs. Robert Trachett and Mrs. Albert Stevens, council delegates and telephone chairmen; Mrs. Melvin Norberg and Mrs. Thomas Bartle, preschool chairmen; and George Yansen, administrators and teachers.

Refreshments will be served by Washington Junior High, Whitfield, Bagley and Hawthorne Elementary School PTAs.

Name cards will be fashioned by Crofoot and Central school youngsters. Program booklets are being printed at Eastern Junior High School.

Put Aside Soaps, Creams, Astringents

Give Your Face a Rest!

A good beauty treatment is just to let the skin be itself for a few hours during the day or night. Cleanse your face and neck carefully and do not apply anything else.

The important thing is to eat a well-balanced diet which includes all of the essential foods. The yellow and green vegetables are thought to be especially helpful in getting or keeping a lovely skin.

If you would like to have my leaflet, "Clear the Way for Beauty," which tells you about skin blemishes, send a stamped, self-addressed envelope with your request for leaflet No. 48. Address Josephine Lowman in care of The Pontiac Press.

By JOSEPHINE LOWMAN

Sometimes I wonder why we do not wear our faces out with all the stuff we put on them. We use soaps and circulation creams, lu-eye creams, astringents and fresheners — to mention a few. Then, of course, we have all sorts of cosmetics, from powder to eye shadow.

Not content with that, we slap ourselves on our jaws and massage our cheeks. In a letter I received not long ago a reader told me about all the things she does to her face and neck. I didn't see how she had time to do anything else, and it made my face tired just thinking about it.

As my readers know, I am a firm believer in the use of makeup, and I do not think any woman who hopes to keep a youthful skin as she grows older can afford to be careless about skin care and, especially, skin lubrication.

However, I always have thought that massage probably does more damage than good unless it is done by an expert; and it does seem a fine idea to give our complexions a rest once in a while.

Many experts feel that it is a good beauty treatment just to let the skin be itself for a few hours during the day or night. First, cleanse your face and neck carefully, and then do not apply anything else.

★ ★ ★

We sometimes forget that the complexion reflects the state of a person's health and the habits of life. Too little sleep and exercise show in the skin. While there is no one food which will guarantee you a beautiful complexion, a well-balanced diet, with emphasis on the vitamins, will give your epidermis a big boost.

Alumnae Plans Meeting Tuesday

Oakland Chapter of the Siena Heights College Alumnae Association will have its first meeting of the fall season at 8:30 p.m. Tuesday in the Huntington Woods home of Mrs. Charles O'Connor.

After a dessert smorgasbord provided by officers and committee chairmen, program plans for the year will be presented. Arrangements will be made for reunion activities Oct. 13 and 14.

Alumnae in the Oakland area will be welcome at the meeting.

Annual Fall Sale by Soroptimists Opens Tomorrow

Would Consult Mother First

Most Teeners Believe in Discussing Problems

By EUGENE GILBERT
President, Gilbert Youth Research Inc.

Mom, the healer of childhood's bruised knees and broken hearts, is still the first person you turn to when you're a teen-ager with troubles.

★ ★ ★

But she's not the only one. You may instead—or also—talks things over with Dad. And there's a good chance you will discuss your problems with somebody your own age.

Teen-agers today believe problems are meant to be solved, not kept hidden and unspoken. More than 600 of 1,000 young people we recently talked with said if a problem were serious enough, they would consider going to a psychiatrist.

But first and foremost they would consult Mom.

"I have friends, but my Mother is wiser—even though my friends have the age-level viewpoint," says Barbara Schwartz, 18, Brooklyn.

★ ★ ★

Girls rated Mom tops as counselor (54 per cent) and friends (50 per cent) before Dad (14 per cent). The boys named Mom (44 per cent), Dad (38 per cent) and then friends (30 per cent).

FEEL FREE TO TALK

Sixty-three per cent of the teen-agers said they feel free to discuss problems with their parents and 56 per cent said they feel their parents understand them.

★ ★ ★

"They are very reasonable and helpful," says Jeannette Ali, 14, Pittsburgh. But Alex H. Girtanner, 16, Old Saybrook, Conn., says his parents don't realize that times have changed and there is a difference in today's teen-age ethics and desires.

The young people told us that as well as seeking advice they also can dish it out. Forty-nine per cent of both boys and girls said there is a teen-ager of the opposite sex to whom they take their woes. But even more of them (78 per cent of the boys and 90 per cent of the girls) say they try to help their friends.

"I tell them what I would do if I had the same problem," says Garrett Foster Charity, 15, Charles City, Va. Mary K. O'Connor, 15, Salina, Kan., uses the indirect approach, "getting them to talk about the problem." She adds, "They can usually work out their own solution."

★ ★ ★

Shifting the focus from the discussion of problems to the problems themselves, 68 per cent of the teen-agers say they have one specific worry instead of many small difficulties. But, they add, in most cases (54 per cent) there is no one thing which would solve that problem.

Sometimes the teen-ager doesn't discuss his problem at home because someone at home is the problem. While resentment by teen-agers of other family members is low (only 4 per cent say they resent sisters and 5 per cent resent brothers, fathers and mothers), breaks downs in harmonious family relationships are more prevalent.

Seventeen per cent of the young people find it difficult to get along with mothers, 12 to 13 per cent with fathers, brothers and sisters. Differences arise from clashing personalities, competition, suspicions, attempts to dominate, nerves, moods and hot tempers.

★ ★ ★

But the teen-agers generally absolve themselves of blame. Eighty-five per cent said they do not consider themselves "problem children."

"I am basically a conformist to accepted standards of conduct," says Jim Hargreaves, 18, Eugene, Ore. But you don't have to be a conformist to escape the "problem child" label believes Pat Ward, 16, Bridgeport, Conn., who says:

"Every teen-ager is a bit crazy. I think parents understand this point."

Goodrich Area Hospital Drive Over Top

Pontiac Press Photo

COLLEGIANS MEET — Students at the two Eastern Oakland County colleges, Michigan State University Oakland and Michigan Christian Junior College, were guests at a special program Tuesday evening at Avon Township Park. Shown here enjoying the picnic are Ramon Mendez, former lieutenant governor of the Province of Colon, Republic of Panama, who is a student and Spanish teacher at MCJC, and Paulette Kimball of Clarkston, a sophomore at MSUO. The affair was sponsored by the Rochester Area Chamber of Commerce.

Grand Total of $329,000 Is $80,000 Above Goal

GOODRICH — The fund-raising campaign to finance the construction of an intercommunity hospital in the Goodrich area has exceeded its goal by nearly $80,000, chairmen of the drive announced today.

A grand total of $329,000 has been raised in 3-year pledges from residents of Southeastern Genesee, Northern Oakland and Western Lapeer counties, they reported.

The basic goal of the campaign was to raise $250,000 in order to replace the closed Goodrich Hospital with a new 25-bed facility.

Campaign workers learned of the successful results of the drive at a final rally Tuesday.

Donald McKennon, president of the Community Health Foundation, presided at the event, in the Goodrich Community Building.

* * *

Homer M. Hill, general cochairman, announced, "The memorial committee has exceeded its $100,000 goal by securing $114,000 in gifts of from $3,000 through $15,000."

RAISES $126,630

"Our sponsor committee has raised $126,630 in amounts of from $500 through $2,500, or $46,630 over our $80,000 committee goal," said Dorothy V. Morgan, a member of the sponsor committee and secretary of the Foundation Board.

Mrs. T. R. Terryah, chairman of the loyalty Donor committee, announced "in amounts within the $150 to $499 range, the loyalty donors have contributed $88,370, or $18,370 over our goal of $70,000."

Campaign Director Charles T. Henry drew attention to the importance of proceeding with selection of a site and of maintaining the standard of giving set up by campaign contributors.

The services of Ward B. Jenks Associates of Ann Arbor, he said, would continue to be available to the foundation in matters of public relations and fund-raising.

"We have set up a quality control committee which for three more years will receive and approve every additional gift that may be made, using the same rules of proportion that has been created by over 700 generous contributors," said E. J. Pierson, general cochairman.

Continuing, he added, "we will keep the campaign office open at the old hospital's emergency room through tomorrow for the receipt of additional gifts.

* * *

Thereafter the Goodrich branch of the Davison State Bank will receive pledge payments, or they may be mailed to Box 132, Goodrich.

Nursing personnel of the Goodrich Hospital contributed about $12,000 which came from some 90 per cent of the group. Similarly, 90 per cent of the members of the auxiliary made proportionate pledges.

State Approves Expense Loans

Farmington Township, 3 School Districts Get OK on Borrowing

Farmington Township and three are a school districts have received permission from state authorities to borrow a total of $635,000 for new construction and operational expenses during 1961-62.

* * *

The State Municipal Finance Commission has approved the sale of $395,000 in school bonds by the Brandon School District and gave Farmington Township authority to issue $100,000 in general obligation bonds for sanitary sewer construction.

The township bonds will be used to finance construction of Farmington Interceptor Sewer laterals to the Franklin Fairway and Franklin Forest subdivisions, Northwestern Highway and 13 Mile Road.

BID DATE SET

Bids on the bonds will be open Oct. 16, said Supervisor Curtis H. Hall. Property owners will be assessed the cost of the project.

The commission's okay of its bond issue will allow the Brandon School District to finance construction of 11 new classrooms and a library at Brandon High School plus 3 new classrooms, a library and extra storage space at Belle Ann Elementary School.

The bond issue, which also will provide funds for extensive remodeling work at the high school and elementary school was passed by school district voters in the June 12 election.

The State Department of Public Instruction will allow the Armada Area School District to borrow $100,000 against anticipated state aid for the current school year.

A $40,000 loan against anticipated state aid also has been approved for the Avondale School District by the Department of Public Instruction.

The funds in the Avondale and Armada districts will be used for operational expenses. The Armada district will operate a 40-week school term during 1961-62 after maintaining a 38-week schedule last year.

Milford to Start Street Project

4 Roads to Be Paved, Curbed, Guttered; Will Finish in November

MILFORD—Major improvement of four streets here will begin Saturday with completion scheduled for mid-November, Village Manager Oliver Taylor said today.

To be paved, curbed and guttered are Summit, from the railroad tracks to First Street; South Main, from Huron to Washington streets; First Street, from Commerce Road to Liberty Street; and Huron, from Main Street to River Drive.

Construction will be done by Detroit Concrete Products, awarded a $38,376 contract for the entire project.

* * *

Property owners on the streets to be paved will be assessed $2 a front foot for the improvements. This compares with $2.75 usually assessed by the village for street improvements, according to Taylor.

Expenditures for the two new village wells placed in operation last week ran only 1 per cent higher than had been estimated by engineer Robert McCauley, the manager said.

Final figures show the new water supply cost $35,984 against the estimated cost of $35,420.

TO MAKE SOFT WATER

The wells, each with a capacity to pump 1,000 gallons a minute, are being treated with polyphosphate and chlorine to provide soft water.

The chemicals, however, are being fed into the water system at a slow rate to prevent iron deposits from dissolving immediately and causing an odor, Taylor said.

"The amount of chemicals poured into the water daily is almost negligible, about a pound for 350,000 gallons pumped."

The two other village wells will be used as stand-bys in case of emergencies.

Eight Receive MSU Degrees

Area Students Among 1,000 Graduated at Summer's End

Eight area students were among the 1,000 in the largest summer class in several years to be graduated from Michigan State University at the end of the 1961 summer term.

Sally H. Burow of 7889 Stead St., Utica, was given a bachelor's degree in speech.

Wants Aid Against Teamsters

Angel Eyes Ohio for Help

A Utica truck driver who has been fighting a one-man war against Teamsters Union bosses in the Detroit area plans to seek reinforcements Sunday in Cleveland, Ohio.

Melvin Angel, 36, of 47555 Jeffry St., said yesterday he had been pledged support in his battle against the union hierarchy from the leaders of two dissident Teamsters groups in Chicago.

The pledges, according to Angel, came from Dominic A. Abata, president of Local 777, Democratic Union Organization Committee, and William J. Burns, head of the Rebel Teamsters Union.

Angel said he met with the Chicago union leaders last weekend and that he will seek aid in his campaign Sunday from Patrick Pace, president of Teamsters Local 407 in Cleveland.

Angel, an outspoken foe of Teamster president James Hoffa for the past several months, asserted that he also would begin distributing petitions seeking National Labor Relations Board elections in several Detroit area trucking terminals.

LED DEFECTION

Abata led the defection of 5,200 Chicago cab drivers from Teamsters Local 777 in a representative election July 19 and Burns heads a faction of 33,000 members which is trying to secede from two Teamsters locals.

* * *

Angel said he hoped to take some 5,000 car haulers in Hoffa's Detroit Local 299 from the union immediately.

The Utica union rebel said he would distribute pamphlets charging that Teamsters officials have been guilty of "mismanagement and corruption, failure to process grievances correctly and open opposition to the desires of the membership."

In his dispute with the Teamsters union, Angel charged recently that Hoffa had choked and threatened him. The charge was dropped for lack of evidence.

* * *

Angel later asserted that a Teamster business agent had beaten him in a dispute at the Teamsters Hall in Detroit. The agent was acquitted by a Detroit Recorder's Court judge.

* * *

Meetings with Chicago and Cleveland union rebels started speculation that those groups would join Teamster members from Detroit in an effort to form a new nationwide labor union.

NEWS OF THE AREA

Barbara Woodfill Becomes Mrs. Kent L. Ingraham

HIGHLAND TOWNSHIP — Touring Michigan following their recent exchange of marriage vows at the Milford Presbyterian Church are Mr. and Mrs. Kent L. Ingraham. Officiating at the double-ring ceremony was Rev. Frank Williams.

The bride, the former Barbara Jean Woodfill, is the daughter of Mr. and Mrs. Daniel Woodfill of 2925 E. Highland Road. Parents of the bridegroom are Mr. and Mrs. Harold Ingraham of Brooklyn.

For her wedding the bride chose a floor-length gown of white brocade with a chapel train. Her finger-tip veil of white illusion was attached to a cap of lace trimmed with seed pearls.

She carried a bouquet of white chrysanthemums and gladioli.

Beatrice Helmick of Hillsdale served as maid of honor with Mrs. Lon Grantham of Milford the bridesmaid.

* * *

Attending the bridegroom as best man was Joseph Ignatski. Ushers seating the 150 guests at the evening ceremony were James Mohr, cousin of the bridegroom, and Richard Woodfill, brother of the bride.

A reception was held in the church parlor immediately following the service.

Clarkston Play Is Tomorrow

Village Players Start Season With Production of 'Light Up the Sky'

CLARKSTON — A show about show people entitled "Light Up the Sky" will be presented tomorrow and Saturday night as the first production of the season by the Clarkston Village Players.

* * *

Curtain time for both performances will be 8:30 p. m. at Clarkston High School, 6595 Middle Lake Road.

John Witherup, whose position as personnel director for Oakland County has given him experience in selecting talent, cast the parts for "Light Up the Sky."

Witherup, who will both direct and act in the Moss Hart comedy, is assisted by Mrs. Ilene Reynolds, a wife and mother who formerly was associated with a commercial film agency in Detroit.

Others in the cast are Carl Wampfler, Wallace McLay, Sara Lou Davison, Alice Henry, George and Janet Gray, Ernest Denne, Arthur Rose, Pat Briedenbaugh, Pat Thomas and Tull Lasswell.

Sponsored by the Village Friends of Art, the Players were originated last January by a group of Clarkston area residents interested in giving the community an amateur theater.

The group's first production, "Two Blind Mice," was presented last May before a full house.

The characters in this weekend's comedy are show people who exhibit both their noble and vicious natures to an idealistic young playwright during the production of his first play.

Tickets may be obtained at the door, from members of the Players or at the Clarkston Sporting Goods Store, 2 S. Main St.

To Sing at Football Game

The chorus of the Rochester-Utica chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., will sing during the half-time program at the Utica-Lakeview football game tomorrow. The Barbershoppers will be featured in a song from the Civil War era, theme of the half-time ceremonies.

Romeo Eastern Star to Sponsor Country Fair

ROMEO — Members of Romeo Chapter No. 19, Order of the Eastern Star, will sponsor a Country Fair from 3 to 11 p.m. Saturday in the Masonic Temple on North Main Street.

Bazaar booths will feature baked goods, gift items, plants, homemade candy, used books, white elephants and a fish pond. A spaghetti supper will be served.

Lodge Will Entertain

CLIFFORD — The Clifford Rebekah Lodge will entertain at Visitation of District I Tuesday at 8 p.m. in the lodge hall.

Pastor to Speak on Civil Defense

WASHINGTON — Rev. Lloyd O. Chase, pastor of the First Baptist Church here, will speak on "The Church and its Pastor in Civil Defense" in a service Sunday at 7 p.m.

* * *

Rev. Mr. Chase took the religious affairs course Sept. 18-22 at the CD Staff College in Battle Creek.

* * *

He is asking area ministers interested in what their role in civil defense should be to contact him about organizing for effective service in their communities.

Hearing in Holly on Improvements at 8 on Tuesday

HOLLY—A public hearing on a proposed $50,000 storm sewer and street improvement project will be held 8 p.m. Tuesday in the Village Hall.

* * *

The hearing had been scheduled for Aug. 29 but had to be postponed because final costs of the entire program had not been determined, according to Village President Aram Krikorian.

* * *

Streets being considered for the improvements are Richards, Bevins, Janice, Hartner and Airport drives and a portion of Howard.

The village would share equally the cost of the projects with the residents who would benefit from the improvements.

Square Dance Season Bows in W. Bloomfield

Fifteen callers from local square dance clubs will take part in a square dance Saturday at the West Bloomfield High School.

The Four Towns Squares is sponsoring the event in celebration of the opening of the square dance season. The dance will begin 8:30 p.m. Tickets can be obtained at the door.

Students Will Visit Religious Art Exhibit

AVON TOWNSHIP — The Senior High Fellowship of University Presbyterian Church will visit the religious art exhibit at Christ Church Cranbrook Sunday afternoon.

* * *

The group will meet at the church at 3:15 p.m., go to the exhibit and then return to the home of MSUO Chancellor and Mrs. D. B. Varner for a cookout. The Varner home is at 1300 S. Adams Road.

* * *

Membership in the church Fellowship is open to senior high students in the Rochester area. Mr. and Mrs. Robert B. Allured are the youth leaders.

State Turkey Growers Raising Big 1961 Crop

LANSING (AP)—Michigan turkey growers will raise a record crop this year, the Federal-State Crop Reporting Service said today.

Growers are planning to produce 1,384,000 turkeys, a 10 per cent increase over last year. Light breeds will be down but heavy breeds will go up 16 per cent from 1960, the agency said.

BRIGHT MOMENT — Drinking a good luck toast in a scene from the forthcoming production of "Light Up the Sky" are (from left) John Witherup, Janet Gray, Wallace McLay, Alice Henry, Carl Wamphler and Arthur Rose. The Moss Hart Comedy, also directed by Witherup, will be presented at 8:30 tomorrow and Saturday in Clarkston High School by the Clarkston Village players.

3rd Auto Great Dead in 2 Days

B. E. Hutchinson Dies Following Heart Attack; Was Chrysler Pioneer

DETROIT (AP) — B. E. Hutchinson, former Chrysler Corp. vice president and treasurer died at his Grosse Pointe home Wednesday night following a heart attack. He was 73.

Hutchinson's death was the third in the ranks of auto industry pioneers and greats within a two day period.

M. R. Coyle, 73, whose name was almost synonymous with General Motors' Chevrolet Division died Wednesday at his San Bernardino, Calif., home. Former General Motors president Charles E. Wilson, 71, died Tuesday at his Norwood, La., home.

All three men, giants of the car industry, served their firms over approximately the same span of time — Wilson as GM president and previously in other executive office before he became secretary of defense for President Eisenhower.

Hutchinson, a Chrysler vice president, director and treasurer, was an early associate of the late Walter P. Chrysler, founder of that big three member. He retired in 1953.

An engineer, also skilled in finance, Hutchinson handled the financial affairs in the founding of Chrysler as the successor to Maxwell Corp., a pioneer of the industry.

Seaway Profits to Michigan Add Up Less Than Expected

ANN ARBOR (AP) — The St. Lawrence Seaway hasn't proved the boon to Michigan industry that many experts predicted it would be, says a report published Wednesday by the University of Michigan.

★ ★ ★

The report, the result of a study by the Michigan Business Executives Research Conference, says several "practical limitations" preclude the state's industry from making fuller use of the seaway for shipping.

Among these are stiffer competition from rail and truck lines, the seasonal nature of the seaway, and high costs of operating ocean-going vessels, which will prevent them from making calls at all seaway ports.

The study found the greatest benefit of the seaway has been and will continue to be restricted to industries which produce large, bulky commodities, which cannot be shipped overland as easily.

BENEFITS RESTRICTED

"In the long run," the report said, "Michigan industry will benefit somewhat, but it will be a restricted benefit, not nearly as great as was forecast by some optimists."

Because the St. Lawrence Seaway closes down in winter, firms must maintain shipping connections with trucking and rail lines, on which they depend during that part of the year.

The report also predicted that expansion programs being carried out by Great Lakes ports along the seaway could result eventually in "vicious and destructive" competition to pay off investments.

★ ★ ★

Michigan ports, it said, are at a disadvantage because they have less hinterland from which to draw cargo shipments than do other seaway cities, such as Chicago and Toledo.

This means cargoes shipped from Michigan ports must pay for a larger share of the port overhead, the report said.

Copters Rescue Seven Refugees

Fly Over Red Territory to Get Germans From Hamlet Near Berlin

BERLIN (AP) — Flying over Communist territory, two U.S. Army helicopters rescued seven East German refugees from Steinstuecken — the hamlet that the United States has made a symbol of Western rights in Berlin.

★ ★ ★

The Communists made no attempt to interfere with the airlift Wednesday from the isolated enclave a mile beyond the border of West Berlin.

An Army spokesman said the helicopters were on a routine visit to Steinstuecken—a community of only 200 inhabitants—and agreed to fly the refugees to the West.

The East German authorities permit only the residents of Steinstuecken to use the one road leading from the hamlet to West Berlin.

GUARDS ON ROAD

With guards along the road, the East German police were in a position to seize the refugees if they should try to enter Berlin by land.

★ ★ ★

Gen. Lucius D. Clay sent a token force of three soldiers to establish an outpost in Steinstuecken within hours after his arrival here last week as President Kennedy's personal envoy to Berlin.

Clay himself made the first trip by an American to Steinstuecken in years.

This new potential escape hatch for East Germans developed as a dozen others found holes in the Communist wall to flee to the West.

★ ★ ★

Most made their escapes out of windows from apartments lining the border of divided Berlin. The Communists are strengthening their wall by demolishing houses on their side of the line to create a virtual no-man's land.

Stepfather of Lad Who Shot Friend Jailed for Gun

A Pontiac man whose stepson accidentally shot and killed a 5-year-old playmate Aug. 1 with his gun was sentenced to 30 days in the Oakland County Jail and placed on one-year's probation yesterday in Pontiac Municipal Court.

Knox Williams, 46, of 280 Osmun St., had pleaded guilty to a charge of possession of an unregistered gun before Judge Maurice E. Finnegan, Aug. 2.

His stepson, Lewis Freeman, told police he was playing with the gun when it discharged killing Mark LaRose, son of Mr. and Mrs. William LaRose, 284 Osmun.

★ ★ ★

Williams said he bought the gun last summer. Detroit police reported it had been stolen six years ago.

Nixon Not Out, Claims Rocky

Draft Always Possible in 1964, Says Governor of New York

BUFFALO, N.Y. (AP) — Gov. Nelson A. Rockefeller said today he has not eliminated former Vice President Richard M. Nixon as a potential candidate for the Republican nomination for president in 1964.

★ ★ ★

Of the possibility that Nixon's statement Wednesday night withdrawing from presidential competition had left Rockefeller a leading candidate, the governor said: "I really don't agree."

He said he would not make his own intentions regarding the GOP presidential nomination known until after his bid for re-election in New York State next year.

Rockefeller commented at a news conference. Most of the discussion concerned Nixon's announcement that he would run for governor of California next year and would not seek the presidency in 1964.

Rockefeller said:

He would not jump to a conclusion Nixon's statement that he would not run in 1964 had effectively eliminated the vice president from consideration. A draft, the governor said, "will always be a possibility."

The governor did not feel himself under any moral compunction to pledge to serve four years as governor if re-elected, as Nixon did.

★ ★ ★

"I don't want to be committed," Rockefeller said.

He will campaign on behalf of Nixon in the California gubernatorial race next year if Nixon asks him to.

Name Theater Man 'Showman of Year'

DETROIT (AP)—Michigan's showman of the year is an Adrian theater owner who used snowshoes and an igloo to lure people to the movies.

★ ★ ★

Bill Jenkins, 30, who with his father owns and operates a drive-in theater south of Adrian was awarded the title by the Michigan Theater Owners and Managers Tuesday for his promotional stunt —an "igloo club" in which movie-goers were rewarded a free admission for every four times they attended his drive-in during the winter months.

Reds Demand Pilots; 2 Strayed Into Berlin

BERLIN (UPI) — The Communists today demanded that the pilots of two West German jet fighters who landed in Berlin after losing their way be handed over to East German authorities.

The demand was made while U.S. Air Force Secretary Eugene Zuckert was meeting with Gen. Lucius Clay, President Kennedy's personal representative here, and U.S. military and diplomatic officials to discuss measures to safeguard Allied air traffic.

There were no details on the talks among Zuckert, Clay, U.S. Berlin command chief Maj. Gen. Albert Watson II and the others.

Allied officials were known to be concerned over the possibility that the Communists might seize on the West German plane incident as an excuse to interfere with traffic in the Allied air corridors.

Church Confab Faces Hot Issue

Episcopalians Have to Tackle Birth Control Before Adjourning

DETROIT (UPI) — The Protestant Episcopal church, with the end of its convention in sight, today still had one thorny issue on the agenda — birth control.

The house of deputies of the Protestant group was scheduled to take up the matter of population control Wednesday night but became embroiled in a discussion on whether to hold conventions every two years or continue holding them every third year.

A spokesman for the convention said it was "almost certain" that a resolution on birth control would be passed before the convention adjourns tomorrow at noon.

In sessions Wednesday, the Episcopalians voted a record triennial budget of $34.1 million. The budget, which represented a $7.5-million increase over the current one, passed in the House of Bishops. The money was to last until the 1964 convention, scheduled for St. Louis, Mo.

In other action, the House of Bishops went on record against communism but also warned of the ultra-right groups which could result from excessive fear of communism.

1,095 Die on State Roads

EAST LANSING (AP) — There have been 1,095 persons killed in highway accidents in Michigan so far this year, provisional figures compiled by state police showed today. The death toll at this date last year was 1,094.

Two Men Bound to Circuit Court for Illegal Entry

Two men charged with breaking and entering a Pontiac grocery store were bound over to circuit court for arraignment Oct. 2 after a preliminary examination yesterday.

Thomas W. Reitano, 19, of 831 Round Lake Road, White Lake Township, and William F. Martin, 26, of 759 S. Winding Drive, Waterford Township, had demanded examination when brought before Municipal Court Judge Maurice E. Finnegan Sept. 8.

Martin was free on a $1,000 bond. Reitano was returned to Oakland County Jail with bond continued at $2,000. They are charged with breaking into Nick's Market, 1091 Joslyn Ave., Sept. 6.

Delay Examination on Assault Charge

The Pontiac Municipal Court examination of the driver of a car which struck a Pontiac Motor Division assistant experimental engineer has been postponed until Oct. 11.

Robert L. Hackney, 20, of 469 Orchard Lake Ave., faces a charge of assault with intent to murder. He demanded examination when brought before Judge Maurice E. Finnegan Sept. 6. The hearing was slated to be held yesterday.

Hackney is charged with critically injuring Mark A. Lightfoot, 45, of 2669 McClintock St., Bloomfield Township Sept. 5. He is in the Oakland County Jail with bond set at $2,000.

Air Commission Chief Quits Post After 12 Years

ESCANABA (AP) — Herbert J. Norton of Escanaba, chairman of the State Aeronautics Commission for 12 years, resigned the post Wednesday and Walter Hink of Detroit was named to succeed him.

Robert Jakems of Grand Rapids was elected vice chairman at the commission's meeting here.

Man's a Fool to Guess, but—

There'll Be No Big War

By BOB CONSIDINE

NEW YORK — A man's a fool to guess about the future in these times, just as it would be folly if this nation failed to keep its uranium dry. But here goes:

We'll write off German unification, but make access to West Berlin such an issue that neither the Russians nor East Germany will frontally challenge it.

★ ★ ★

—Khrushchev will say, in time, that he never had any intention of setting a specific time limit on the signing of a separate peace treaty with the East German Communist government.

—To shroud his climb off his limb in Berlin, Khrushchev will propose to Castro that the Russians construct an IRBM or S A C-type base in Cuba, to be controlled by Soviet forces.

★ ★ ★

—There will be a Kennedy-Khrushchev summit meeting, which will miff Macmillian, DeGaulle and Mao Tse-tung.

—U.N. will vote to debate Red China's membership in U.N., even though Red China has not applied. In the showdown, enough nations which voted to debate the issue will vote against the actual admission—until Chiang Kai-shek dies or is deposed.

—There will be no big war.

HARVESTING AFLOAT—Farmer George Schaefer uses a rowboat to harvest his corn near Canton, Ill., as a record 13 inches of September rains have sent the Illinois, Mackinaw and Spoon rivers out of their banks, flooding rich valley farm lands. The Illinois River will crest 2 feet above flood stage Friday.

Deck Officers Strike Ships on West Coast

SAN FRANCISCO (AP)—Deck officers on vessels in West Coast ports today begin a ship-by-ship strike.

They voted the strike Wednesday after prolonged and snarled negotiations.

* * *

Affected are some 650 members of the Masters, Mates and Pilots Association, 13 companies represented by the Pacific Maritime Association (PMA).

Atlantic and Gulf shipping was not affected.

The West Coast local of the union approved the strike after union negotiators rejected a final offer of a four-year contract proposing an increase of about 11 per cent in wage and fringe benefits.

Pair, Once Slaves, Honored by Town

TALLAPOOSA, Ga. (AP) — A humble Negro couple born into slavery will be honored as "shining examples of good citizens" in a citywide ceremony Friday.

Overwhelmed by "all the fuss," are 100-year-old John Collins and his 108-year-old wife, Elizabeth, who modestly claim they aren't worth all of the attention.

* * *

But their friends and neighbors in this northwest Georgia town of 4,000 disagree. They plan to bedeck the couple in new clothes and take them in an open convertible to the town square for a special ceremony. Another service is planned later at the Mount Sinai Baptist church the community's oldest.

* *

Mrs. Collins was born in 1853 as a slave of the Pittman family in Randolph County, Ala. Her husband was born on a nearby plantation. They were married 80 years ago on the Pittman farm and soon after Collins started farming on his own.

As the years passed, Mr. and Mrs. Collins won the respect of all who knew them.

* * *

"They have been excellent citizens," said Dr. C. W. Pope, in charge of the ceremonies. Pope retired recently as executive secretary of the Tennessee Baptist Association and returned to his native Tallapoosa.

Returning to Capital

UNITED NATIONS, N.Y. (AP)—Aides said Secretary of State Dean Rusk will fly to Washington today to dispose of accumulated paper work. He is due back here Friday morning.

Fishermen Will Go Down With the Fish

NEW YORK (UPI) — The fishing boat of the future probably will go down where the fish are.

"The boat will be a submarine," Dr. R. L. McHugh reported recently. "It will be an underwater trawler that can see the fish with electronic instruments." The scientist, who is associated with the U.S. Bureau of Commercial Fisheries, Washington, also said that such a fishing vessel will be more efficient because it can escape storms.

Their Company Boasts One Big Happy Family

GREENWOOD, S. C. (AP)—Greenwood Mills' "family of the year" in 1961 includes five daughters and two sons of Mrs. J. A. Shannon, 79, who have worked a total of 224 years at the mills.

Their spans of service range from 25 to 39 years. The total does not include the 14 years Mrs. Shannon's late husband worked with the mills or the 25 put in by another son who has left their employ.

Old Loan Repayments Nuisance to Government

DUEBAN (UPI) — This new Republic of South Africa is having a tough time paying off about $1.9 in "perpetual loan" bonds of the old Cape Colony. Issued in the 19th Century, they have priority over all new government securities and cannot be redeemed without the holders' consent.

The government wants to pay them off because they are a bookkeeping nuisance.

Welcome, Industry!

RICHMOND, Va. (AP) — Allan C. Perkinson, aviation director of the Virginia Corporation Commission, is advising cities to provide conference rooms for industrialists at airports. The idea is to furnish facilities for busy executives visiting the area to search for industrial sites.

Trees growing in sandy and loam soils seem to be struck by lightning more often than trees growing in clay, marl and calcareous soils.

Delegates to Begin Poring Over Old Charter

Parade Tuesday to Start Con-Con

By TOM SHAWVER

LANSING (AP) — Band music and flying flags and a parade through downtown Lansing will herald the opening Tuesday of one of the most important political events of the century in Michigan.

On that day, 144 elected delegates from every corner of the state will assemble in the capital city to start writing a new constitution that may guide state government for 50 years or more.

Not since 1907 has there been a constitutional convention in Michigan.

The basic Charter adopted in 1908 and still in use has been amended 69 times but never replaced.

Now delegates chosen by voters Sept. 12, capping nearly two years of stormy disputes, are going to draft a new "law of the land."

Some time next year, probably in early spring, they will finish the job. Then it will be up to the people to accept or reject the fruit of their labors.

IN NOVEMBER

Most likely, the vote will take place at the general election in November.

In the months between the opening session and adjournment, convention delegates will study and debate every area of state government.

Committees will pore over every section of the 21,000-word 1908 Constitution, discussing the need for change or defending against revision.

Hearings probably will be scheduled in other cities to give the public a chance to say its piece. Or, conceivably, the entire convention might shift headquarters to another city for a week or two.

Newspapers, wire services and radio and television stations will assemble one of the biggest reporting teams ever to cover an event of state import to tell Michigan's eight million residents about the convention's deliberations.

Lobbyists representing interests ranging from public schools to farm groups will sit on the sidelines, ready and eager to offer advice and influence convention decisions. To the extent that seats are available, the public, too, is invited to sit in.

* * *

Arguments will way hot and heavy over such politically explosive issues as apportionment of seats in the legislature and the powers and rights of local governments.

* * *

Verbal fireworks can also be expected on such issues as:

Should public schools continue to collect two cents of the four cent sales tax as a constitutional right?

Should members of the state Supreme Court and other judges be appointed rather than elected?

Should the 15-mill limitation on local property taxes be wiped out?

Should the state's $250,000 debt ceiling be lifted?

Should the state civil service system be left intact?

Should the governor's term be increased from two to four years and should most of the state officials now elected be appointed by the governor?

GOP TO CONTROL

Inevitably, partisan politics will creep into nearly all deliberations, if only because all the delegates stood for election as Republicans or Democrats.

By virtue of their 99 to 45 majority, Republicans will control the convention. They won 21 seats more than the GOP representation in the Legislature, whose districting system was the basis for selection of con-con delegates.

The power and authority to write the new constitution, however, carries dangers as well as oppotunities.

Republicans know they must piece together a document that will pick up support from both parties if it is to win voter approval. GOP leaders are well aware, too, that Democrats can use it as a weapon against them in coming elections if it is heavily weighted in favor of Republican interests.

* * *

Democrats, for instance, will be plugging for reapportionment of the legislature on something closer to a population basis, giving them a bigger representation from Wayne County, a Democratic stronghold.

If Republicans resist all efforts at compromise in this area, it's likely that Democrats will campaign against ratification of the new constitution.

To counter this possibility, there is some chance that the convention will offer the constitution to the voters in sections, rather than in "take-it-all or leave-it-all" package. This would amount to a glorified amendment process.

* * *

There is the chance that dissension between conservative and moderate elements in Republican ranks will disrupt cooperation in the GOP delegation.

* * *

Among many observers, there is the hope that leadership will come from delegates who consider themselves essentially political neutrals who took a partisan label only to be elected.

This category might include George Romney, president of American Motors Corp. and chairman of the Citizens for Michigan organization that promoted the convention. Other possibilities are John A. Hannah, president of Michigan State University, and Dr. James K. Pollock, widely-known political scientist at the University of Michigan.

* * *

Among the delegates are more than 30 attorneys, 11 women, half a dozen retired circuit judges, businessmen, farmers, political figures, educators, labor unionists. They swing across the political spectrum from left to right.

Of conservative mein are such as D. Hale Brake of Stanton, former GOP state treaturer now and official with the State Association of Supervisors, and Stanly Powell of Ionia, lobbyist for the Michigan Farm Bureau. Both opposed calling the convention, but ran as delegates to have a hand in what it did.

* * *

Of liberal bent are delegates like Adelaide Hart of Detroit, former vice chairman of Michigan Democrats, and William Marshall of Taylor, vice president of the Michigan AFL-CIO.

* * *

The events that led to their election covered nearly two years.

They began in January 1960, when the Michigan League of Women Voters and the Michigan Junior Chamber of Commerce joined forces in a petition drive to put the constitutional convention question on the ballot after the legislature balked at the idea. They collected 322,000 signatures asking for a statewide vote.

Last November, voters approved a referendum on the proposal and changed the ground rules for electing delegates and calling a convention. In April, they voted for the convention.

Voter interest in election of delegates has been something less than enthusiastic. Only about 700,000—less than 20 per cent of the four million registered voters — went to the polls Sept. 12 to name delegates.

* * *

Hopefully, delegates and others look for widespread reporting of their activities to drum up more interest in the convention and the constitution that comes out of it.

* * *

The end result may be voter rejection of their efforts.

What then? Will the $2 million allocated by the legislature for convention expenses be wasted, along with many thousands spent for elections, the $85,000 grant by the Kellogg Foundation for convention preparations and funds spent by various private groups?

* * *

Whatever the answer, there already is talk of starting the whole process all over again, beginning with a petition drive, if the 1962 constitution doesn't go over with the public.

New Car Sales Hit Year's Low

Industry Service Sees Buying Surge in Final Days of September

DETROIT (AP)—Sales of new cars dipped to the lowest point of the year in mid-September, according to Ward's Automotive Reports.

The average daily sales rate of 11,034 from Sept. 11 through Sept. 20 replaced early September as the slowest. In the first 10 days of September the rate was 11,261 daily.

To date the month's sales are running 31 per cent below September of last year.

* * *

Ward's however, predicted a buying surge for the final days of the month due to the promise of labor peace and introduction of 1962 models.

The statistical service said General Motors dealers accounted for only 36.7 per cent of all domestic sales, compared with 41.4 per cent in the first 10 days of the month. Ford took 36.6 per cent against 33.7; Chrysler 13.0 against 14.6; American Motors 10.1 against 9.4, and Studebaker-Packard 0.7 against 0.9.

The American Motors' share was the highest in the company's history for a 10 day sales period.

Archbishop Calls All Faiths to Join Prayer Crusade

BOSTON (AP) —The Roman Catholic archbishop of Boston has invited persons of all faiths to join him—in their own traditional ways —in a 36-day crusade of prayer for world peace.

* * *

Richard Cardinal Cushing said he will open the crusade Sunday and close it with a pontifical Mass at the Cathedral of the Holy Cross on Nov. 5.

* * *

"It is my hope," the cardinal said, "that people of all faiths will join us in this crusade and speak to God through prayer in their own traditional ways."

LOTS OF MAIL — Roger Maris checks a bundle of fan mail in the Yankee Stadium dressing room before Wednesday's game with Baltimore. The letters came after he clouted his 60th home run of the season Tuesday night. Maris, the 2nd player in major league history to hit that total, did not play Thursday.

Yankees Have Pitching Edge Over Reds

Koufax Snaps Record While Maris Rests

By The Associated Press

Sandy Foufax broke a 58-year-old strikeout record. Little-used Al Schroll made a strong bid for a no-hitter. But the big baseball noise was made by Roger Maris —and he took the day off.

Maris, who achieved full-fledged hero status when he hit his 60th home run Tuesday night, took a much needed rest.

The Yankee slugger, with three more games remaining against Boston in which to become the most productive one-season homer hitter in major league annals, left the bench in the middle of the game with Baltimore and was booed by many of the 7,504 fans, on hand to see him swing.

★ ★ ★

"I think he did what was right for him," said Manager Ralph Houk after the American League champion New York Yankees lost to the Orioles 3-2. "We agreed it would be best for him to sit this game out. Besides, it wasn't his decision; it was mine."

The Yankees also played without Mickey Mantle, No. 2 man in the M&M combination. Mantle, who has hit 54 homers, has been bothered by a virus condition for the past 10 days, and finally was ordered to bed by the team physician.

★ ★ ★

Maris said "I'm plain bushed. I was so tired I could hardly run. Naturally I want that 61st home run, but I think it is for my best interest and the club's for me to be in the best possible shape for the World Series."

Asked if the move would jeopardize Maris' changes of getting homer No. 61 and surpassing Babe Ruth's total of 60 in 1927, Houk said: "On the contrary, I think a rest will help his chances. I think he will come back stronger both physically and mentally."

★ ★ ★

The day off gives Maris a two-day rest as the Yanks are idle today. They wind up the regular season with a three-game set against the Red Sox before tackling the National League champion Cincinnati Reds, idle Wednesday, in the World Series.

Without Maris and Mantle, the Yankees proved an impotent group against Steve Barber (18-12), who gave up a homer to Yogi Berra among six hits. Jim Gentile's two-run homer, his 46th, off Bill Stafford (13-9) in the first and rookie Johnny Powell's run-producing single—his first major league hit—in the third won it for the Orioles.

Koufax brought his season strikeout total to 269 by fanning seven Phillies and bettered the 267 compiled by Christy Mathewson of the New York Giants in 1903. But the Los Angeles Dodgers southpaw lost to Philadelphia 2-1 on a pair of unearned runs in the third inning.

CAMP JUBILATION — Tampa Mayor Julian Lane (left raises the Cincinnati Reds' banner over the City Hall Thursday to celebrate the National League baseball club's clinching of the pennant. Looking on are Johnny Vandermeer (center), manager of the Tampa Tarpons of the Florida State League, a Cincinnati farm club, and Ewell Blackwell. Both formerly pitched for the Reds.

Unless Plans Change in Week

Ford, O'Toole Will Open Series

NEW YORK (AP) — Barring a change in plans between now and next Wednesday, the opening game pitchers for the 1961 World Series will be left-handers Whitey Ford (25-4) for the New York Yankees and Jim O'Toole (18-9) for the Cincinnati Reds.

Both managers—Ralph Houk of the Yankees and Fred Hutchinson of the Reds—have indicated strongly they will employ no more than three starters in the Series, even if it goes the limit of seven games.

Right-hander Ralph Terry (15-3) will pitch the second game for the Yankees. Joey Jay, another right-hander with a 21-9 record is expected to be Hutchinson's second game choice. The first two games, starting Oct. 4, will be played at Yankee Stadium.

Right-handers Bill Stafford (13-9) of New York and Bob Purkey (16-12) of Cincinnati will be the opposing pitchers in the third game at Cincinnati's Crosley Field on Saturday, Oct. 7. After that, it will be Ford against O'Toole again.

"I see no reason why I can't go with three pitchers," Houk said today. "With the days off after the second and fifth games, it means three pitchers can go every four days. I've been using my pitchers, more or less, every fourth day during the season and I see no reason why I should change my method, especially since it has proved successful all year.

"Of course, if a particular pitcher looked bad or if he were forced to pitch extra innings and his arm became stiffer than expected, I probably would be forced to change my thinking. Otherwise, I will go with three pitchers."

In line with this kind of thinking, Houk plans to pitch Ford, Terry and Stafford, in that order, against Boston in the final series of the year, starting Friday night. None will be allowed to go the distance.

Houk said he probably will use right-handers Jim Coates, Roland Sheldon and left-hander Bud Daley as his "long men" in relief, thus preserving his relief ace, Luis Arroyo, for the final innings.

"Long men" is a term baseball people use for relief pitchers who are called upon in the early innings. A "short man" is a bullpenner of the type of the Reds' Jim Brosnan and Jim Henry, and also Arroyo, who are not summoned until the seventh, eighth or ninth innings. Such pitchers usually come in to preserve a slim lead or when the score is tied.

New York Has Big Advantage of Experience

Several Series Veterans on Staff; Classic New to Cincinnati Hurlers

NEW YORK (AP)—Experience gives the New York Yankees the edge in pitching over the Cincinnati Reds.

No one has started more games in World Series history than Whitey Ford, the ace of the American League pennant winners. The brilliant left-hander has started 14, compiled a 7-4 mark and holds the record for most strikeouts with 63. He also is tied for most victories with Allie Reynolds and Red Ruffing.

★ ★ ★

Ralph Terry and Bill Stafford, who figure to draw the other starting assignments for New York, worked in last year's Series. Their performances were undistinguished. Terry lost two games, yielding the home run to Bill Mazeroski in the final game that gave Pittsburgh the title. Stafford pitched six innings with no decisions.

Luis Arroyo, Jim Coates and Bob Turley of the Yanks also have seen Series action.

On the other hand, none of the 10 Cincinnati pitchers eligible for the 1961 post-season championships starting in Yankee Stadium next Wednesday, has any Series experience.

The starting pitchers almost are certain to be Ford (25-4), Terry (15-3) and Stafford (13-9) for New York and Joey Jay (21-9), Jim O'Toole (18-9) and Bob Purkey (16-12) for the Reds.

None among these six has put together an imposing complete game record this year. Ford has started 38 times and gone to the distance only 11 occasions. Terry has started 26 and worked nine complete games. Stafford started 24 times and went all the way eight times. Jay started 33 with 14 complete games. O'Toole drew 34 starting assignments with 11 complete while Purkey started 33 and turned in 13 complete games.

The fact that all six have impressive won-lost records is a tribute to the teams' excellent relief pitchers—Arroyo (15-5) for the Yankees and Jim Brosnan (10-3) and Bill Henry (2-1) for the Reds. These three will be the late-inning relievers. Coates (11-5) and Bud Daley (11-17) for New York and Ken Johnson (6-2) and Jim Maloney (6-7) of Cincinnati are likely to get the call if the starting pitcher is knocked out of the box from the first through the sixth innings.

★ ★ ★

The other eligibles are Sherman Jones (1-1), Jay Hook (1-3) and Ken Hunt (9-10) for the Reds and Roland Sheldon (10-5), Hal Reniff (2-0), Truman Clevenger (3-2) and Al Downing (0-1) for the Yankees.

On a collective basis, the Reds' pitchers have 46 complete games, 12 shutouts, permitted 143 homers and a 3.78 earned run averages. Yankee pitchers have totalled 47 complete games, 13 shutouts, 137 home runs off and a 3.51 ERA.

SPORTS

Homers Pace Tigers 10-2

Cash, Morton and Rocky Aid Lary in Victory

Wood Equals Record for Strikeouts at 138 at Kansas City

KANSAS CITY (AP) — The Detroit Tigers collected a record of sorts last night as they clubbed the Kansas City Athletics 10-2.

Jake Wood, Detroit's rookie second baseman, did it for the Tigers. Wood tied the major league record for strikeouts when he fanned for the 138th time in the seventh inning. The record was set in 1956 by Jim Lemon of the Minnesota Twins.

Among those who didn't swat the breeze were Rocky Colavito, Norm Cash and Bubba Morton. They all got home runs.

Cash's round tripper came with two men aboard in the seventh and was his 39th. Colavito's solo homer was his 45th. He and Morton both cracked theirs in the sixth. It was Morton's second of the season.

★ ★ ★

The game also saw Frank Lary collect his 23rd victory. But it was a painful one for the ace hurler. Lary, who has lost nine, had to leave the game in the eighth when he was hit on his pitching hand by one of Dave Wickersham's pitches. Tiger officials said Lary's hand was only bruised. Terry Fox finished.

★ ★ ★

The meeting was the last of the season for the Tigers and Athletics. Detroit holds a 12-6 edge in games over Kansas City.

The Tigers got off to a 2-0 lead in the first when Dick McAuliffe walked, Billy Bruton doubled to score McAuliffe and Morton then singled Bruton home.

The Athletics scored in the fifth on a double by Jim Rivera and Leo Posada's single.

But the Tigers came back in the sixth as Morton and Colavito homered to make it 4-1. The Athletics cut it to 4-2 in their half of the sixth on another double-single combination by Dick Howser and Bobby Del Greco.

The Tigers cut off hope for the Athletics with a five run seventh.

Lary singled, McAuliffe got his second infield hit and then Bruton's ground ball bounced past Jerry Lumpe for a two-base error and Lary scored while McAuliffe made it to third. Morton was hit with a pitch to load the bases and Colavito scored McAuliffe with a sacrifice fly. Cash hit his homer then and made it 9-2.

Detroit's final tally came in the eighth when Reno Bertoia scored from third on a wild pitch.

MISSES NO-HITTER — Al Schroll (left), Minnesota Twins pitcher, sits in the dressing room and talks with teammate Billy Martin following Thursday's American League game with Cleveland at Minneapolis-St. Paul in which he had a no-hitter entering the 9th inning. Cleveland's leadoff batter in the 9th, Don Dillard, singled to ruin a no-hit bid.

49ers to Use 'Shot-Gun' Against Lions' Defense

First the Green Bay Packers sent their cannonballing Jim Taylor at the Detroit Lions' defense. Then it was Baltimore and its Colt with a gun, Johnny Unitas.

Now the San Francisco 49ers are aiming their new shotgun offense at the Lions' defensive armor, which Taylor and Unitas found difficult to pierce.

The 49ers, who help inaugurate the Lions' home season Sunday at Tiger stadium, are the only team in the National Football League with the radical shotgun attack. It basically is a makeover of the old short punt formation, with the quarterback standing several yards behind center.

John Brodie has run it with enough success to permit the 49ers to win four of six games since coach Red Hickey installed it late last fall.

The shotgun has coach George Wilson of the Lions, unbeaten leaders in the Western Division, a bit queasy.

"A new offense like the shotgun gives you a lot of trouble," said Wilson. "The players are used to playing against the T formation and a new one makes you spend extra time on preparing your defenses.

"With Brodie running the shotgun and with the type of receivers he has, we can be in for trouble."

Brodie does a lot of running from the shotgun himself, or hands off to J. D. Smith, the NFL's leading rusher after two weeks of the new season.

The lanky quarterback's favorite pass targets have been Clyde Conner, Monty Stickles and an old Lion antagonist, R. C. Owens of Alley-Oop fame.

It was the Brodie-Owens combination that clicked for a touchdown on the final play that produced a 14-10 San Francisco victory last year in Detroit.

But later in the season, the 49ers were going nowhere and Hickey decided to try the shotgun.

"The potential of it never had been exploited fully," Hickey said, "and it's been doing a pretty good job for us."

The 49ers rolled over Washington 35-3 in their opener before losing to Green Bay 30-10 last Sunday.

Foster Bowls 300, Wins Huron Match

Area bowlers may think twice before taking on veteran city keg star Joe Foster in a bowling match from now on.

Dwight Pugh tried it yesterday at Huron Bowl and all Joe did was roll a 300 game to climax a big 751 series. To make it worse, Pugh hit 224 while Foster was going all the way.

Joe's other games were good for 248 and 203.

Volley Ball Loop Starts

Manager Norb Capistrant's defending champion Lotus Lake team, despite playing short-handed by one, downed the Williams Lake squad, 15-7, 15-9, 15-7, in the open play of the Waterford Township Recreation Department's volley ball league.

★ ★ ★

Other first-night results: Comets shutout the Stumble Bums, 15-1, 15-5, 15-8; Wilson Street swept Scott Lake, 15-2, 15-8, 15-5; and the Bouncers took two from Pontiac Lake, 15-11, 16-14, 10-15.

Skiers, Get Set! No Snow Needed at Dryden Area

Ski season opens in Michigan Saturday and there won't be an inch of snow on the ground.

But skiers will have chance to switch from the summer water skiing to the ground at the Dryden ski area.

★ ★ ★

One slope will open at Dryden, and will be covered with plastic snow, actually plastic pebbles, said Fred Mollitor, operator of the area.

"It feels and reacts like real snow although it's nothing more than artificial snow," Mollitor said. "Skiers will be able to make turns on it and it won't hurt to fall.

★ ★ ★

"It's as close to snow as you possibly can get at this time of year."

Defending champion Swami Cornwell made a big surge in the Grapevine picking last week after a three-way deadlock the opening week.

Actually all the Swamis had a good week by Swami Cornwell's crystal ball was especially good. He missed only six of 48 while the others missed only 10 and 12.

There's a consensus this week that St. Mike will overrun St. Fred in their annual cross-town battle and a mild surprise is the solid choice of Michigan over UCLA, a team chosen for the mythical national championship.

A big local prep game which might determine the Wayne-Oakland race is Northville and Bloomfield Hills and the lower Oakland county team is highly favored.

10 Survivors on Team

California Poly to Play 1st Time Since Disaster

SAN DIEGO, Calif. (AP)—California State Polytechnic College of San Luis Obispo will play its first football game Saturday night since 16 members of the team were killed in a plane crash last year in Toledo, Ohio.

Ten of the 22 players who survived the disaster are on the squad which opens here against San Diego State College. The others graduated, left school or suffered such severe injuries they are unable to play.

★ ★ ★

Head Coach Leroy B. Hughes, who has mustered 16 transfer students and 10 players from the freshman team, describes his chances this season as "bleak."

The air tragedy followed Cal Poly's 50-6 defeat at the hands of Bowling Green (Ohio) State University, as the Mustangs were leaving Toledo in the fog aboard a two-engine C46, operated by Arctic Pacific Airlines of Oakland. The Federal Aviation Agency said the plane was overloaded and not airworthy.

★ ★ ★

Cal Poly banned further air travel for football teams and future competition with schools not in California or adjacent states.

A pre-game tribute is scheduled at San Diego State's Aztec Bowl. Dean Herbert Peiffer will ask spectators to stand for 30 seconds of silence in tribute to those who died.

The California Collegiate Athletic Association, of which Cal Poly is a member, has scheduled a "Mercy Bowl" football game at Los Angeles on Thanksgiving Day to raise funds for families of the players killed in the crash. The proceeds will go to meet $250,000 in hospital, funeral and other expenses.

Bowling Green will come west to play the former California Collegiate Athletic Association champion in the memorial game.

New Boss for Majors

CHICAGO (AP) — Elmer Robinson, a native of San Diego, Calif., who starred for the Harlem Globetrotters the last 15 years, has been named business manager of the new Chicago Majors of the American Basketball League. Robinson and Coach Andy Phillip will take a squad of 18 players to training camp today at St. John's Military Academy, Delafield, Wis.

Stirling Moss at OCSC Races

Sports Classic This Weekend at Local Course

Former British Racer to Demonstrate Skills on Sunday

England's Stirling Moss, one of the finest race car drivers in the world, will put on a driving demonstration Sunday as a feature attraction of the Fall Sports Car Classic at the Oakland County Sportsmen's Club.

The annual Fall Classic is scheduled for Saturday and Sunday on the mile and half course at OCSC.

Two annual trophy races will be held. The first trophy will go to the winner of the feature production car race which will pit Corvettes, Morgans, Austin-Healeys and other top production cars against each other.

The second trophy will go to the winner of the feature modified car race. This event will be a contest among the cars especially made for road racing.

A new trophy to be added will go to the Formula Junior class car which has amassed the highest number of points throughout the racing season at Waterford Hills. The Formula Junior is a scaled-down version of the Grand Prix type car.

"Moss could unofficially break the course record currently held by Francis Bradley of Toronto at OCSC," said Art Novak president of the sports car club. Moss will be given a choice of several of the best racing machines in the area for his demonstrations.

Racing starts Saturday and Sunday at 11:00 a.m. Bob Clift and John Camp of Pontiac are among the entries. Clift will be driving a GSM Delta and Camp a Porsche.

'Some Good Men Behind Me'

Glinka Lauds Fellow Quarterbacks

ANN ARBOR (AP)—The loss of sophomore Frosty Evashevski and the hobbling of ace passer Bob Chandler may hurt Michigan, but the Wolverines have a long way to go before they run out of quarterbacks.

Such is the opinion of Dave Glinka, the 20-year-old Toledo junior who heads the list and will start at quarterback when Michigan opens the 1961 season Saturday against ninth-ranked UCLA.

"I'm not worrying about pressure," said Glinka, "because I know there are some good men behind me. I think Chandler, John Stamos and Tom Pritchard have all looked very good in practice."

Stamos, a Chicago senior, was used almost exclusively on defense last year but has been moved into the No. 2 offensive slot. In Glinka's opinion, his passing and running "have improved 100 per cent."

Pritchard is a Marion, Ohio, sophomore who comes to U-M with a top reputation as a prep quarterback and was a standout in last spring's freshman game, along with Evashevski.

Chandler was a bright prospect until he wrenched a knee in the 1960 Michigan State game. Doctors say it is healed enough for him to play but he still wears the knee heavily taped.

Glinka started every game for Michigan as a sophomore, completing 54 of 124 passes for 755 yards and five touchdowns, with a creditable completion average of 43.5. Running, he finished with a minus-8 average on 37 carries.

"I think my passing and running have both improved," he said, "I worked hard on my game all summer."

He reported about 10 pounds below his 1960 playing weight (200 pounds) and Coach Bump Elliott believes that won't detract from his ability to do the job that could be—but won't necessarily be—all his.

Titans Pleased With Shorter

Former Pontiac Central track and football ace Jim Shorter is becoming the jack-of-all-trades for the University of Detroit.

★ ★ ★

Titan coach Jim Miller was pleased with Shorter's opening game display against Western Michigan and it has nailed down a starting berth for him at halfback.

★ ★ ★

Shorter carried the ball nine times for 36 yards. He took two passes for 34 yards, returned one punt for 21 yards and had a kickoff return for 26 yards. Two big plays, an 80-yard-run touchdown and a 50-yard pass play were called back by penalties.

Fred Brede Is Winner of Annual WLYC Trophy

The final races of the season were held Sunday at Watkins Lake and in the Thistle class it was Norm Ladwin taking first place honors followed by Karl Krietz and Don Zannoth. In the snipe class Fred Brede took the honors followed by Glen Fries and Dave Green. By virtue of his three firsts and two seconds during the season, Fred Brede was named the winner of the club's perpetual trophy for the second straight year.

Misconsin Has Advantage of Tuneup Triumph

Badgers Await Spartans

MADISON, Wis. (AP) — Wisconsin's football weapons, somewhat tarnished in their initial showing, will be turned Saturday on the Spartans of Michigan State in the Bib Ten's first conference game of the year.

The clash is expected to attract more than 50,000 to Madison's Camp Randall Stadium where last Saturday 36,000 rain-soaked partisans watched Wisconsin sputter to a 7-0 victory over Utah.

Wisconsin's heralded passing game never did get fully off the ground in that one. And the Badger backfield — touted as much faster than last year—did more slipping than sprinting with the ball.

"We'll have to do a good deal better Saturday," said Wisconsin coach Milt Bruhn in looking ahead to the Big Ten opener. "Michigan State has tremendous speed and though I don't know how much passing they'll do, we'll have to get ready for that too."

Bruhn figures he has one thing going for him this weekend and that is MSU's lack of previous competition.

★ ★ ★

"It always helps to get over the first bit of body contact against somebody else," said Bruhn. In Wisconsin's case, the contact was all beneficial, and devoid of the squad injuries that often accompany openers.

Holding Utah scoreless — something that hadn't happened to the Utes in 24 games—put Bruhn's defensive worries to rest for a time at least.

"But we'll have to do a lot of sharpening on our offense," he said. "Against Utah, it was a combination of bad blocking and missed assignments that made our running game so inconsistent. On the passing side, well, let's say I've seen (Ron) Miller have better days."

Miller, a surprise find in Bruhn's 1960 search for a quarterback, didn't resemble the player who last season led the conference in passing and total offense. But he remains the hub of Wisconsin's pro-type passing attack and with such sticky-fingered ends as Pat Richter and Ron Staley as receivers, he is a major threat to the visiting Spartans.

MAN TO WATCH — UCLA tailback Bobby Smith (19) is expected to be the big man in the UCLA backfield when the Uclans square off against the University of Michigan Saturday afternoon at Ann Arbor. Smith ran 178 yards against the Air Force last Saturday. Here he jumps over the backs of tackles Marshall Shirk (left), 230 pounds, and Steve Bauwens, 213.

UCLA Coach Feels They're Ready for 'M'

LOS ANGELES (AP) — UCLA will throw its well-drilled single wing attack against Michigan and hopes to fathom anything the Wolverines toss at them at Ann Arbor Saturday.

"After you play the Air Force Academy you're ready for anything," said Bruin coach Bill Barnes, whose team defeated the academy at Denver last week, 19-6.

"We got ready for 15 formations, so Michigan can't show us anything new," said the easy-going Barnes, now in his third year as head coach at UCLA.

UCLA now is in good physical shape. Only question mark is second string tailback Ezell Singleton, an elusive, slight 165-pounder, who was hurt at Denver.

Barnes is pleased with the key man in his offense, tailback Bobby Smith, a speedy, break-away type of back who stands 5 feet 11½ and weighs 189.

Bobby Smith — there's a Rob Smith who plays left half, as well as right half — is the successor to UCLA's graduated triple threat star, Bill Kilmer.

The coaching staff rates Bobby as a harder runner than Kilmer but his passing ability still is subject to discussion. UCLA didn't have to use the pass much against the Air Force. But, says Barnes:

"I'm not too worried about Smith's passing. He's an adequate thrower and will do all right."

As for Michigan, Barnes said he knows he faces a tough game. Ben Martin, the Air Force coach, told Los Angeles writers: "The Bruins were a much more aggressive, physically stronger team than they were against us last year.

★ ★ ★

"And," continued Martin, "UCLA should have no trouble against Big Ten opponents. They play the same kind of bruising ball."

To which Barnes, with a wide grin, later replied:

★ ★ ★

"Well, Ben doesn't play any Big Ten teams. He doesn't have to worry about them."

Charlie Brown of Pontiac Set to Play Defense

Ex-Chief One of Two Sophomore Starters; Will Face Vet Passer

EAST LANSING (AP)—Duffy Daugherty will shoot the works with "Pistol Pete" in the Michigan State football opener against Wisconsin Saturday.

It will be the first quarterback starting assignment of his college career for Pete Smith, the junior from Ecorse. He played only 16 minutes last season as a sophomore.

Both in the spring workouts and the fall practice sessions started Sept. 1, Smith impressed the coaches as the best quarterback talent available.

So he'll be matched against Ron Miller, the experienced passing sensation quarterbacking the Badgers.

Otherwise, Daugherty has tried and tested men at almost every other position. Only two sophomores have broken into positions on the first two teams — guard Charlie Brown of Pontiac and left half Herman Johnson of Plainfield, N.J.; both slated for action with the defensive unit.

Johnson, a 6-4, 213-pounder, also is expected to do some running in a relief role with the top offense.

Three seniors will be behind Smith in the offensive backfield — halfbacks Carl Charon and Gary Ballman and fullback Ron Hatcher.

Johnson and Larry Hudas, because of their 6-4 height, will have as a prime assignment keeping on the tail of Pat Richter, the 6-5½ Wisconsin end. Speedster Ernie Clark, a six-footer will be another chasing Richter.

A Miller to Richter pass gave Wisconsin its 7-0 win over Utah in the opening Badger game last Saturday.

Daugherty terms this game "a terrific advantage" for Wisconsin.

"The most improvement a football club shows in a season comes between the first and second games," he asserted.

The Spartans are fortunate in that there are no injuries to key players to mar the opener. George Saimes, reserve fullback, returned to the lineup yesterday after being hospitalized briefly with a throat ailment.

A final workout on home turf was scheduled for today.

The 38-man traveling squad and coaches will leave Lansing by chartered plane early Friday afternoon in time for a look at Camp Randall Stadium.

The last time the two teams met, in 1958, Wisconsin won 9-7.

Although untested as yet, Michigan State ranks as No. 10 in the Associated Press football poll. Wisconsin is among the honorable mentions.

PASS COMBO — This is the Wisconsin pass combination that will face Michigan State Saturday in a Big Ten opener at Madison, Wis. Ron Miller, leading Big Ten passer last year, prepares for a ride on a "muscle buggy." Supplying the power is Pat Richter, 6-foot-5 end.

Egad! My millions of new readers will doubtless be aghast as they scan my football selections for this week.

Flying in the face of the form sheets, I give you Tennessee over favored Auburn, Florida State to prevail over neighbor Florida and Missouri of the Big Eight to squeeze past Minnesota, the 1960 Big Ten co-champ—har-rumph!

★ ★ ★

This latter selection, incidentally, carries the gilt-edged guarantee of Hannibal Wottaburp, the newest addition to the Hoople forecasting forum.

A famed football player in his own right, Hannibal, whose given name stems from his having been born in Hannibal, Mo., stoutly proclaims his complete neutrality in the big M and M battle.

Hannibal, a broken field runner of the Red Grange type, was just nosed out by Jim Thorpe for Walter Camp's All-America in 1912, but more of that later when time and space permit. (Ed. Note: It was probably a long nose. Thorpe scored 198 points that year for Carlisle.)

In an intrastate clash of more than passing interest, the aerial wizardry of North Carolina State's Roman Gabriel will sound the horn of doom for North Carolina. I predict a State victory, 28-6.

Other headline engagements will feature a 24-9 conquest of Oklahoma by rejuvenated Notre Dame, a 35-0 win for Ohio State over Texas Christian and a 31-13 defeat for Wisconsin at the hands of Michigan State in the opening Big Ten tussle.

PCH 11 Still Looking for 1st Win

Chiefs Invade Saginaw Friday for 3rd Effort

Arthur Hill Gridders Next Foe for Pontiac in Valley Combat

BY BILL CORNWELL

Pontiac Central's record for the 1961 football season is thoroughly unproductive in the victory column.

After two weeks of bruising combat, the Chiefs have a 0-2 record to show for their efforts.

Coach Paul Dellerba's Huron Street gridders are determined to prove to their followers that they're not as bad as the record indicates.

Friday night they'll make their 3rd bid to post victory No. 1 when they travel to Saginaw to meet injury-riddled Arthur Hill in a Saginaw Valley Conference game at Arthur Hill Memorial Stadium.

Kurt Kampe has experienced all kinds of problems this fall at Arthur Hill.

Tom Hill, whom Kampe expected to be the best quarterback he had ever coached, suffered a knee injury in a pre-season scrimmage and is lost for the season.

Then, as if that wasn't bad enough, 2nd string quarterback Jim Grant was plagued with a spinal injury and he's out for most of the season.

That left Kampe hunting feverishly for quarterbacks and he finally settled on Jim Flora, a 135-pounder who stands only 5-foot-4 and has trouble passing well on occasions because of his small stature.

However, Flora likes to run a lot and does it well, according to PCH scouting reports.

The Lumberjacks have a 1-1 record. They took a bad 48-7 mauling from highly-ranked Bay City Handy in their season opener, then bounced back to score a 7-0 victory over city rival Saginaw High last week.

Dellerba has quarterback problems of his own. Bob Pomeroy, who missed last week's Bay City Central contest at Wisner due to an ailing ankle, has still not recuperated fully from the injury and may see only limited action against the Hillies.

That leaves the bulk of the signal-calling duties on the shoulders of Gene Lappino, a gutty 155-pound junior who served as the Chiefs' field general last Friday against the Wolves. Lappino did a good job against Bay City on short notice and may be better this time.

Wayne Lee, who performed brilliantly at guard for PCH in the Bay City game, is lost to the Chiefs this week. Lee tore some ligaments in his hip and won't dress for the Arthur Hill battle. Taking Lee's position will be Ed McGee, a 150-pound junior.

Northville's Juday a Problem for Hills

BY DON VOGEL

Bloomfield Hills will attempt to do something Friday night that two other teams have failed to accomplish this season—stop Northville's Steve Juday.

The 170-pound senior, called by many the finest quarterback in this section of the state, is the main reason the Mustangs are favored to win this early season Wayne - Oakland "showdown" game.

The contest will be played at Northville beginning at 8 o'clock.

Three other W-O games are set Friday. They are Holly at Brighton, Clarkston at Clarenceville and West Bloomfield at Milford.

"We must contain Juday if we are going to do anything," said Bloomfield Hills coach Don Hoff. He scouted Northville's triumph over Holly last Friday.

HAS IMPROVED

"I think Juday has improved, and this isn't good from our standpoint." He did a real nice job against Holly, performing smoothly. Northville has good receivers and Juday can hit them with passes."

The Harons will go into the game at full strength for the first time.

Although Art Tregellza is ready to play full time, Hoff will start Brian O'Neil at quarterback. He has directed the Barons to easy victories in their first two games.

Ask Northville's Ron Horwath what he thinks about Juday, and nothing but praise can be heard.

"He's the best we have," said the coach. "Steve does everything well."

Then ask Horwath about Bloomfield Hills.

"We're going to have plenty of trouble. They have big, fast backs, including two top quarterbacks. On top of this, Bloomfield Hills has two lines, and they have scored more with the second line on the field.

"They have a good offense and we looked terrible on defense against Holly, but offensively we did all right."

Dick Bathey, counted on by Horwath to be the starting right half this season, will miss his third straight because of injuries. Otherwise the Mustangs are in good physical shape.

WEIGHT EDGE

Northville will have a slight weight edge on the line. Center Jack Dowd, who tips the scales at 280, gives the home team the advantage in this department.

Roger Stewart and Bill Pettibone give Hills power in the backfield while Fred Strosen-Meister will supply the speed. Northville will have a trio of speedy ball carriers behind Juday who is an excellent runner. They are Tom Swiss, Dennis Gilbert and Joe Hay.

Juday is tied for fourth place in county scoring with 24 points, all on touchdowns. He has thrown scoring passes to ends Craig Bell and Dan Brown.

Bloomfield Hills has good passing, too. But the Barons haven't needed the aerial attack as their running game has been responsible for the wins over Oak Park and Brighton.

West Bloomfield and Milford will be attempting to rebound from last week's contests. The Lakers were favored to take Clarenceville, but had to battle from behind for a tie.

Milford lost to Clarkston. The running of Ron Hoggard and Bob Anderson, and an experienced line, gives the Redskins an edge against West Bloomfield.

NO LETDOWN

Any thoughts Clarkston players had of easing off against Clarenceville should have been dissolved by the Trojans' showing last week. Quarterback Mike Applegate has good running backs in Willie Knox, Ron Bray and Darryl Williams to hand the ball to, and a good pass receiver in Jerry Powell.

Holly has been troubled on pass defense in its losses to Grand Blanc and Northville. And Brighton's Randy Marx will do his best to take advantage of this weakness.

Experience is expected to carry the Broncos past Marx and his teammates.

Notre Dame TV Favorite Over Oklahoma Saturday

SOUTH BEND, Ind. (AP) — Two former college football kingpins, Notre Dame and Oklahoma, come to grips here Saturday trying to elbow back to the center of the nation's gridiron stage.

★ ★ ★

This nationally televised contest before a possible sellout throng of 58,000 will dramatize a tremendous revenge motif.

Joe Kuharich's Notre Dame club will try to bounce back from a 2-8 record last season when the Irish lost an unprecedented eight successive games.

Bud Wilkinson's Oklahoma Sooners, battered as they are, will try to amend a 3-6-1 mark which was Wilkinson's poorest record in 15 seasons as Sooner coach.

The Irish come storming into this inaugural with the most squad experience Kuharich has had in his three seasons at the Notre Dame helm.

★ ★ ★

The entire Irish line is manned by seniors, and the starting backfield also includes lettermen who last year shared the sharpest criticism ever leveled at a Notre Dame team.

A six-point underdog, the Sooners will surge into the Notre Dame turf Saturday with a few scores to settle.

Notre Dame is the team which broke two historical Sooner streaks. When the Irish on Nov. 18, 1957 at Norman Okla., upset Oklahoma 7-1, they snapped the Sooners' all-time major college victory string at 47 games and also administered; after 123 straight games, the first shutout of an Oklahoma team.

In four previous meetings, Notre Dame has whipped Oklahoma three times, on each occasion by one touchdown.

Three Cards Latest Pro Gridders Entering Army

By The Associated Press

Three first-year players with the St. Louis Cardinals have been ordered to active duty with reserve units, bringing to five the number of front-line National Football League members affected by the U.S. defense build-up.

Ordered Wednesday to report at Fort Chaffee, Ark., by Oct. 29 were offensive end Taz Anderson, reserve offensive guard Bob DeMarco, and offensive tackle Ernie McMillan.

Previously receiving orders were lineman Dick Schafrath of the Cleveland Browns and Lamar McHan, veteran quarterback now with the Baltimore Colts.

Schafrath, who is due to report early next month, still is with the Browns. McHan has received a "seasonal" deferment until the first of next year.

The loss of McMillan, particularly, could be an important one to the Cardinals. The brother of pro basketball player Shelly McMillon, although they spell their name differently, McMillan has filled in capably for veteran tackle Ken Panfil in the Cards' offensive line. Panfil is out with injuries.

If and when the three leave for Army duty, they will be placed in the team's military reserve category and replaced on the active roster. The National Football League has no provisions at the present time to permit teams affected to carry extra players as a cushion against possible losses to the defense build-up.

★ ★ ★

Unanimous approval of all 14 teams would be required for an extra player provision and it was reported that an informal discussion of the possibility recently showed no unanimous confidence among the league members.

Focus on Health

Unwatched Children Easily Poisoned

By The Associated Press

Danger at home for unwatched children, marrying cousins in Japan, and the great American sick call are subjects for focus on health:

Mother, if you're holding down a job and have young children at home, beware!

A stuly shows that children of working mothers are more likely to become accidentally poisoned by swallowing drugs, cosmetics, insecticides or other dangerous household chemicals. In over 460 cases, 80 per cent involved children of working mothers.

Other findings: peak age of danger was 29 months. Boys were more often the victims than girls. Aspirin and other drugs were the poison agents in two-thirds of the cases. Peak danger hours were between 10 a.m. and noon, between 3 and 5 p.m. Danger areas were the kitchen, bedroom and the bathroom.

KISSING COUSINS

Is there danger for offspring of marriages between first or second cousins?

University of Michigan geneticists have made a study of such blood line marriages in Japan. They say, "While we are not recommending that you marry your cousin, in Japan, at least, the results are not as bad as people thought." The study, growing out of earlier work with atomic bomb victims in Hiroshima and Nagasaki, traced the death rates of children from blood line marriages.

The average American lost 16 days from work or other usual activity due to illness or injury in the year ended June 30, 1960.

* * *

Six of those days were spent in bed, the U.S. Public Health Service reports. Geographically, the lowest number of lost days were reported in the North Central United States, the most in the South.

* * *

Women lost more time than men. The higher income groups lost less time than the low income groups.

OUNCE OF PREVENTION

With fall and cold winter weather coming on, public health experts advise you to have your heating units checked to minimize the danger of leaking carbon monoxide.

* * *

Carbon monoxide, which smothers from within by taking the place of needed oxygen in your blood is also produced by automobile engines or any fuel-burning device.

* * *

For safety, the Connecticut State Department of Health warns: Always keep a car window open if your engine is running. Don't run your auto engine in the garage with the garage door closed. Have the exhaust system checked for leaks.

Chiropractors Laud Resolution by the MSMS

LANSING (AP) — The Michigan State Chiropractic Society Wednesday commended the Michigan State Medical Society for a resolution to disseminate facts about the chiropractic profession, approved at a meeting at Grand Rapids.

The resolution called for "mutual understanding and action" between the two groups.

Dr. Clarence H. Laue of Flint, president of the chiropractic society, added that any distribution of information should be done in an unbiased manner.

"We feel that the people of Michigan have a basic right to know all the facts concerning our profession," he said.

Hungry Pet Lion Claws Hand That Feeds It

GRAND RAPIDS (AP)—Butterworth Hospital attendants treated William E. Woodhouse Wednesday for lacerations of the right hand suffered, he said, when clawed by his pet lion.

Woodhouse, who lives in a northeast suburb, said he was clawed when his 10-month-old lion swung for meat being offered by hand. The victim explained he was a former lion trainer and acquired the animal as a start toward a new act.

Compared week ago barrows and gilts 25-50c lower, sows 25c lower.

Selective Mart on the Upside

NEW YORK (AP)—Selective improvement gave the stock market an upside edge in moderate trading early this afternoon.

Gains of fractions to about a point among key stocks outnumbered losers.

Some of the volatile issues which have been badly depressed continued to win back lost ground.

In the absence of any major news development it appeared as a resumption of the technical recovery of the past two days but as the session continued the rally lost steam.

* * *

Aircrafts, rails, utilities, chemicals, electronics and airlines were on the upside. The trend was lower among steels and motors while drugs and nonferrous metals were spotty.

In a second day reaction to news of their proposed merger, Montgomery Ward was down about a point and Interstate Department Stores lost around 2.

Du Pont seemed depressed by failure of Congress to enact a bill in the recent session to ease the tax bite when the firm's holdings of General Motors stock are distributed. Du Pont was down a couple of points.

General Motors eased. Ford was hesitant, erasing most of a 1-point loss, as labor negotiations proceeded. Chrysler was up a fraction.

* * *

Prices on the American Stock Exchange advanced in moderately active trading. Anken Chemical picked up about 2 points while gains exceeding a point were scored by Polarad Electronics, National Video "A," and Philips Electronics; Microwave Associates and Audio Devices added a point each. Fairchild Camera fell about a point. Continental Materials was active and fractionally higher.

Car Production This Week Best in Two Months

DETROIT (AP) — Auto production in the United States this week will top the 100,000 mark for the first time in more than two months, Automotive News reported today.

* * *

The trade paper said heavy overtime scheduling at Ford combined with partial resumption of final assembly work at General Motors would help give the industry an estimated total of 106,315 passenger cars this week. Last week 72,555 cars were built while in the comparable week of last year production totaled 134,271 cars.

Truck output was estimated at 24,052 units compared with 17,882 last week and 21,558 last year.

Area Man to Speak to Recreation Group

Lewis J. FitzGerald, 795 N. Cass Lake Road, recreation director at GMC Truck and Coach Division, will attend the 43rd Annual National Recreation Congress next week in Detroit.

He will speak at the session on "Trends in Industrial Recreation."

FitzGerald will replace Elwood R. Bigler, supervisor of personnel services, GMC Truck and Coach Division, who was originally designated to speak.

Earl Sonnenberg of Wyandotte, athletic director for Wyandotte Chemical Co. also will speak at the session.

* * *

"Recreation in a Mobile America" is the theme of the Congress to be held Oct. 1-6 at Cobo Hall. United States Secretary of the Interior Stewart L. Udall will speak, as will Walter P. Reuther, president of the United Auto Workers.

Dem Chairman Wonders Which Nixon Will Run

WASHINGTON (AP) — Democratic National Chairman John M. Bailey said today he wonders whether Richard M. Nixon's candidacy for governor of California "will produce the old Nixon, the new Nixon or a new, new Nixon."

Bailey issued a statement which gibed at what he called Nixon's months of "vacillation, uncertainty and double talk" over his candidacy.

* * *

The statement hit also at what Democrats say is the refusal of James P. Mitchell, the Republican candidate for governor of New Jersey, to meet Democratic candidate Richard J. Hughes in joint appearances and debates.

Business Notes

Gerald Fillmore, Fillmore Hardware, Drayton Plains, attended the two-day workshop on selling and servicing, sponsored by the Michigan Retail Hardware Association, at Michigan State University this week.

* * *

Thurley E. Allen, CPA, who has offices at 127 W. Fifth St., Rochester, will attend the 35th annual Michigan Accounting Conference sponsored jointly by the Michigan Association of Certified Public Accountants and the School of Business Administration, the University of Michigan. The conference will be held tomorrow at the Horace H. Rackham School of Graduate Studies, Ann Arbor.

GETS NEW CARD — Phyllis Pope, head librarian, Pontiac Public Libraries, hands a North Oakland Library Cooperative registration card to David Rohde of Detroit. Looking on is Mrs. Irvin O. Weiss, NOLC director. Rohde is a patron in good standing of an NOLC member library. The new card entitles him to borrow from Pontiac libraries without paying the $5 nonresident fee.

NOLC Cards Available

Pontiac Libraries Open to Area

For the first time, many persons living outside Pontiac can now borrow books from Pontiac libraries free of charge.

The new policy will apply to any patron in good standing of a member library of the North Oakland Library Cooperative (NOLC).

The announcement was made today by Phyllis Pope, head librarian for Pontiac Public Libraries, and the new NOLC director, Mrs. Irvin O. Weiss.

Mrs. Weiss of 4871 Malibu Drive, Bloomfield Township, joined the Pontiac library staff Sept. 11. She has administrative experience at the Grand Rapids Public Library, Detroit News Library, and Syracuse University Library.

NOLC member libraries outside Pontiac are located in Highland, Holly, Independence Township, Milford, Ortonville and Oxford.

Registration cards issued by the NOLC are now available at these libraries. Card bearers are entitled to use any library within the system.

Nonresidents were formerly charged $5 for a Pontiac card. The NOLC headquarters is at the Adah Shelly Branch, 251 E. Rundell St.

Each member library pays a service fee determined on a per capita basis. Services include the use of a central, rotating book collection, book delivery to and from headquarters, and interlibrary loan privileges.

Consultant service is also furnished on request. The NOLC, formed last June, was an outgrowth of the North Oakland Library Project which started in 1958 and remained in operation three years.

The original collection of 2,000 books has grown to 8,000.

Nixon's Move Good, Says Goldwater

CHICAGO (UPI) — Sen. Barry Goldwater said today he does not believe Richard M. Nixon would try to use California's governorship as a stepping stone to the White House.

Goldwater, who vied with Nixon for the 1960 GOP presidential nomination, said "I'm not surprised," at Nixon's decision.

(The Arizona Republican was interviewed at O'Hare Airport en route to Salt Lake City.)

"I told Dick (Nixon) and I've told others that it's a case of being elected to something in the Republican party or accepting the fact that he's no longer a voice in the party," Goldwater said.

Goldwater said he didn't believe the Nixon announcement would have any bearing on the 1964 presidential election.

Studio Denies That Liz Taylor Expecting Baby

ROME (UPI)—A 20th Century-Fox spokesman said Wednesday that Elizabeth Taylor is "beautiful, wonderful, in perfect health — and absolutely not pregnant."

The company, which is making "Cleopatra" here with Miss Taylor in the title role, made the statement in reply to reports that she was expecting a baby.

Merger Weighed by Montgomery Ward, Interstate

CHICAGO (AP)—Reports of a possible merger of Montgomery Ward and Interstate Department Stores have been confirmed by officials of the two firms.

John A. Barr, chairman of Montgomery Ward, and Sol W. Cantor, president of Interstate, announced the merger talks Wednesday. They said any merger would require approval of the directors and shareholders of both companies.

If approved, the merged firm would become Montgomery Ward & Co., Inc.

Air Force Secretary Eyes Berlin Routes

BERLIN (AP) — Eugene M. Zuckert, U.S. secretary of the Air Force, said today the United States is determined to maintain uncontrolled air routes to Communist-surrounded Berlin.

The East German Communist regime, with Moscow's backing, is demanding control of flights over its territory after it gets a peace treaty with the Soviet Union.

Zuckert spent two days in Berlin, looking at the situation and conferring with U.S. commanders.

Tugs Pull Barge Free in Lake Michigan

ST. JOSEPH (UPI) — Two tug boats freed the Universal Cement Co. barge No. 51 Wednesday from the Lake Michigan sand bar where it had been stuck since Monday night.

The tugs Joseph H. Callan and Nevada, both out of Chicago, pulled the 226-foot vessel off the beach after a 40-foot Coast Guard utility boat ran a 1½-inch steel cable from the barge to the tugs.

An attempt to free the barge Tuesday failed when an 8-inch manila line linking the barge and the Callan snapped under the strain.

The Callan was expected to reach its destination, Gary, Ind., with the barge today.

Detroit Broach Gets $200,000 Army Contract

Detroit Broach & Machine Co. of 950 Rochester Road, Avon Township, reported Wednesday it was successful bidder on a $200,000 order awarded by the U.S. Army Ordinance Corps for replacement machine tools at Springfield Armory, Springfield, Mass.

The order calls for four new 25-ton, vertical dual-ram, 66-inch stroke broaching machines for accurately broach machining components of the Army's newest rifle.

Included in the order are fixtures, broach holders and cutters to test run all eight rams of the machines prior to shipment. Basically, all machines are designed along Detroit Broach standards, modified only to meet Army specifications.

Examination of Trio for Break-In Delayed

The Municipal Court examination of three men on charges of breaking and entering, scheduled for Wednesday, has been postponed to next Wednesday before Judge Maurice E. Finnegan.

* * *

Charged with the breakin of Bob's Market Aug. 10 are Albert L. Page, 18, of 197 Detroit Ave., Willie J. Jones, 20, of 361 Wyoming Ave., and Eugene E. Jones, 19, of 323 Branch St.

They Call Him a Midget Among World's Musicians

KEYPORT, N.J. (AP)—Musically speaking, Ted Lester does things in a small way.

He travels about the country playing miniature instruments.

Says Lester: "I've been called a cross between an animated music shop for midgets and a small-scale symphony orchestra."

Plastic playing cards date back to the early 1900's.

Lacks Evidence in Crash Probe

CAB Hears Nothing to Prove Big Bolt Missing on TWA Plane

CHICAGO (UPI)—A witness testified today he had no evidence that a missing bolt caused the nation's worst single commercial airliner crash.

Other witnesses had told a Civil Aeronautics Board (CAB) hearing that the lack of a bolt might have been the reason a Trans World Airlines Constellation crashed Sept. 1, killing all 78 persons aboard.

But Mason Thompson, an employe of the Midwest Research Institute, Kansas City, told the hearing his inspection of the wreckage revealed no indication that the missing bolt was not in its proper place before the crash.

* * *

The bolt—5/16 inch thick—belonged in the airplane's booster control system. It has not been found.

No Point Showing the '62 Volkswagen It Still Looks the Same!

No heads will turn when you drive a '62 Volkswagen home.

Maybe an eagle-eyed neighbor will notice that we've made the taillights a little bigger. But that's the only clue.

Everything else on the outside is right where we left it in '61.

Inside it another story.
We've put all our time and effort into improvements that matter.

The '62 VW runs more quietly. There are new clutch and brake cables (as well as new steering parts) that never need maintenance. Heater outlets front and rear for more even heating. Easier braking.

And 24 more.

One change is literally a geyser.

We've added a gas gauge. Our first.

A few diehards may think we've stolen some of the VW sporting flavor. But the gas gauge may be more useful than you'd imagine. It will not only tell you whether your tank is E or F. It will prove you're driving a '62.

It could make 1962 go down in VW history as the year of the big change.

Tire Firms Have a Dog Problem

Can't Add Repellent for Fear of Subjecting Pooches to Frustration

AKRON, Ohio (UPI)—Tire makers admit they can't play Pavlov with American pooches. So they're looking for another solution.

* * *

Take for instance a postcard a woman sent a rubber company (B. F. Goodrich), asking: "How about adding a dog repellent to the rubber that goes into tires—especially for cars in the suburbs?"

The company had to admit there was a problem, and it wasn't the first time it had heard about it. But this is what officials had to tell the woman:

"Our technical men believe the ingredients that attract dogs to tires should be eliminated before the repellents are added. Recent experiments seem to indicate this necessity.

* * *

"For example, one variation of the famous Pavlov experiments (he is the Russian who conducted stimuli experiments with dogs) showed that dogs suffer severe frustration, even to the point of nervous breakdown, when they are subjected to conflicting stimuli (such as pleasure and pain) at the same time. Such might well be the effect of a tire that would attract and repell a dog simultaneously.

* * *

"Since many of our customers are dog owners and dog lovers, we must proceed carefully with the solution to this problem. You may be sure, however, that science ultimately will provide a solution for the best interests of all involved—including the dogs."

Two Chess Players Refuse to Be Rushed

GLASGOW, Scotland (AP)—The MacLennan-Grant chess match is inching toward its end — after 34 years.

* * *

Dr. Munro MacLennan and Laurence Grant started the game while both were students at Glasgow University. Dr. MacLennan is now retired and lives in Sydney, Australia. Grant is still in Glasgow.

* * *

They move their pieces by mail at Christmas time — one man's move a year. It's Dr. MacLennan's move this year.

Both expect the game will be over in about 15 more years. "Ye cannae hurry these things," explained Grant.

Law Puts a Damper on Snake Painting

ROCKFORD, Ill. (AP) — Mrs. Irene Schätzer called the sheriff's office to report two snakes in her back yard.

* * *

The snakes themselves didn't bother her but their colors did. One was bright blue, the other tan.

Deputies found they had been covered with gaudy paint. The only clue was the word "Hale" inscribed on one paint job.

Deputies located 14-year-old Ronald Hale and found he had a booming business going. He was painting snakes and selling them to his friends.

Ronald now is out of the snake painting business.

Financier Could Only Offer Joan $1 Million

By EARL WILSON

WILSON

NEW YORK — Joan Fontaine had dinner at 21 with a financier who said he'd set up a $1 million trust fund for her if she'd marry him. "No, I have that already — what else can you do for me?" Joan answered. So they're not getting married, since that was all the poor slob can offer her.

THE MIDNIGHT EARL . . .

Sid Caesar's new act at the Pittsburgh Holiday House is such a smash, 2,000 were turned away. Sid (who gets $12,500-a-wk) upset the management's schedule, though, by occasionally staying on 1½ hours . . . Millionaires Jack Benny and Henry Ford chatted at the Voisin. Jack revealed he now has 15 TV shows taped ahead — enough to allow him unlimited time to fiddle around.

Harpo Marx makes his debut with a symphony orchestra in '62—harp soloist with the Phila. Symphony . . . Kirk Douglas took his two sons to see "Do Re Mi," and one of them asked when Kirk would be on Broadway. His answer: "Soon, I hope—soon."

EARL'S PEARLS: Guessing a woman's age is difficult. And, if you're correct, probably embarrassing.—Sammy Kaye.

WISH I'D SAID THAT: People who complain that this country spends more on liquor than on education just don't realize how much you can learn at a cocktail party.

Dialogue at 4 a.m.: "What's the idea of bringing my daughter home at this time?" . . . "I had to—it started to rain." . . . That's earl, brother.

Slow Start for Steve but He'll Do Better

By FRED DANZIG

NEW YORK (UPI) — Each attempt at comedy in 'The New Steve Allen Show,' Wednesday night missed the target.

An opening skit about TV programing started off promisingly but slipped rapidly into a chaotic, pointless free-for-all. The hour had an unready look about it. Allen appeared self-conscious about his role of star and deliverer of singing commercials. Camera work and direction was sloppy. The musical numbers were nothing special. Bill Dana's astronaut routine is old stuff by now.

But—one portion of the hour, serving up a cartoon framework for a comedy record, was a satirical gem.

Come what may, we know that Allen is still willing to go with offbeat, experimental entertainment forms.

And that's why it's good that he is back.

* * *

ABC-TV's Wednesday night schedule also includes "Top Cat," a cartoon situation comedy about Manhattan alley cats manufactured by Bill Hanna and Joe Barbera.

Those cats managed to line out some crackling dialogue to provide some chuckles. For TV, 1961 style, this adds up to superior entertainment.

Portions of a specially taped tribute to good sportsmanship called, "Carnegie Hall Salutes Jack Benny," were shown Wednesday night on CBS-TV and emerged as a thoroughly enjoyable and satisfying hour.

STERN BETTER COMIC

It was a treat, after all this time, to watch Benny go at it with a full orchestra behind him and a master, Isaac Stern, at his side. Stern proved to be better as a comic than Benny as a violinist, but it was all good fun.

"Victor Borge's 20th Anniversary Show" on CBS-TV didn't get rolling until it was nearly over, unfortunately. Borge was more subdued than usual. He did apply the zany touch to an auto commercial, but that was it.

* * *

I'll always regard Borge as a comedian first and concert pianist second, despite his efforts of late to reverse that image. Also on hand Wednesday night were Hermione Gingold, pianist Leonid Hambro and a number of dancers. Their efforts failed to give the hour the lift it needed.

Have Key Roles in 2 Meetings

Pontiac State Hospital Personnel, Volunteers Attend Conferences

Volunteers and personnel at Pontiac State Hospital had key roles in two major meetings recently.

At the annual State Hospital Community Representatives Workshop at the Higgins Lake Conservation Department Training Headquarters, Mrs. George M. Sheriff, Gray Lady coordinator at the hospital, was a member of a panel which discussed "The Volunteers Take a Look at Us—And Themselves."

Ted A. Panaretos, hospital community relations director, was moderator for a panel entitled "Radio, TV and Hospital Community Relations."

The conference was served by Miss Betty Tiley, R.N., assistant superintendent of nurses, as resource person regarding the nurse-volunteer relationship in state hospitals.

At the Psychiatric Attendant Nurse Association of Michigan annual meeting at Michigan State University, State PANAM president, Mrs. Nellie Young of Pontiac State Hospital, introduced keynote speaker Gerald Bax, business executive at the hospital. Bax spoke on "Inter-Departmental Relations for Patient Care."

Soviet Accuses U.S. of 'Using' Atomic Agency

VIENNA, Austria (AP) —The Soviet Union accused the United States today of carrying the cold war into the International Atomic Energy Agency and attempting to turn it into an instrument of Western military interests.

Vasily Emelyanov, chief Soviet delegate to the agency's general conference here, also charged IAEA was secretly involved in U.S. plans to station five nuclear Polaris submarines in North Atlantic Treaty Organization countries.

In a speech to delegations from the 76 member countries, Emelyanov, a nuclear scientist, said the United States was "doing everything to submit IAEA to its military interests."

New Jobs Created as UP Firm Expands

IRON MOUNTAIN (UPI) — An expansion and improvement program that is expected to produce at least 70 new jobs has been announced by Hanna Mining Co. for its Groveland Iron Ore Concentrating Plant near here.

Hanna said at Cleveland Wednesday that plans call for increasing Groveland's annual capacity from .7 to 1.5 million tons and installing facilities to produce annually 1.25 million tons of partially fluxed iron ore pellets.

The program is to begin soon and be completed by 1963. Employment then is expected to rise from 180 to 250, with a payroll increase of some $500,000 a year.

Give Up Playing Ball Where It Lies

WEST LOTHIAN, Scotland (AP) —The latest taste fad among the cows of West Lothian is golf balls.

A herd of 20 cattle continuously munch the little tidbits while members of the Uphall Golf Club resignedly throw up their arms.

The bovine golf-ball eaters lie in wait for their repast around the 4th and 5th tees and pounce on the balls when a shot pitches near the greens.

"I've played this course for 14 years now and have lost count of the golf balls I've lost to these cattle," said golfer Michael Brennan.

Ad for Safe-Opener Gets Quick Results

LUDINGTON, Mich. (UPI)—The power of advertising has taken a jump in the esteem of Hazel Hansen, Red Cross executive for Mason County.

After appealing to the Muskegon Chronicle that she needed someone to open a locked safe to which no one knew the combination, in walked Kenneth Lindblom.

He works in an office just across the hall from the one housing the Red Cross. Lindblom opened the safe, using knowledge he said he acquired while in the Army.

New CIA Chief Began Career as Riveter

By United Press International

John Alex McCone, named by President Kennedy as new head of the Central Intelligence Agency, is a quiet-tempered 59-year-old industrialist who got his start as a riveter in a boiler shop.

A staunch Republican, he was given his first government job in the Democratic administration of Harry S. Truman as undersecretary of the Air Force during the Korean War.

As chairman of the Atomic Energy Commission under former President Dwight D. Eisenhower—a close friend and golfing partner—McCone was described as "a quiet-spoken dynamo."

★ ★ ★

Subordinates praise him for his unfailing politeness. Business associates know him as an orderly, early-to-work executive who can manipulate a slide rule with the deftness of an engineer. Fellow Californians remember him for his activities on behalf of Southern California's symphony and opera associations.

McCone, who is of Scotch-Irish descent, was born in San Francisco. His father, well-to-do head of a machinery company, died when McCone was a sophomore at the University of California.

During summers, McCone was employed as a common laborer in iron foundries and ship yards.

Upon graduation with honors in 1922, McCone took a 40-cents-an-hour job as a riveter in the boiler shop. Two years later, he was foreman of a steel erector crew and at the age of 26 was general construction manager of the firm.

STARTED OWN FIRM

In 1937, he started a construction firm which expanded from oil refinery work into ship building and bomber work during World War II.

McCone was credited with strengthening U.S. air strength while he served as Air Force undersecretary from June 1950 to October 1951.

He left government to work for the presidential nomination of Eisenhower. McCone is also a close friend of former Vice President Richard M. Nixon.

★ ★ ★

When Lewis Strauss resigned as chairman of the AEC in June 1958, Eisenhower selected McCone to head the agency. McCone resigned when Kennedy was elected.

Take the Offensive With K, Ford Says

GRAND RAPIDS (AP)—The United States should shun the bargaining table until Nikita Khrushchev understands that his rights are as negotiable as those of anyone else, Rep. Gerald R. Ford, R-Mich., said Wednesday.

He spoke in Grand Rapids before delegates at the 11th annual convention of the National Independent Union Council.

"It is my strong feeling that the way to win is not to compromise; the way to win is to take the offensive," Ford said.

Water Goes Off if Dog Bites Meter Reader

UEDA, Japan (AP) — "Keep your dog on its leash if you don't want your water turned off!"

That is the warning issued by the Ueda City Council to protect its defenseless water meter inspectors from snapping dogs.

So far six inspectors, who usually have to bend over to read Japanese water meters, have had chunks taken from the seats of their trousers.

A Course in Salesmanship

UNITED FUND TRAINING — New methods of training United Fund volunteers are demonstrated here by (left to right): Melvyn Staebler, training chairman and assistant principal of Madison Jr. High School, E. W. Watchpocket, vice chairman of small teams, and Harry Woodman, chairman of the commercial division. Nearly 300 volunteers trained this week are ready now to solicit funds for the $672,500 goal. The official campaign kick-off is Oct. 17.

Volunteers Take Classes for UF

The United Fund for the Pontiac Area kicked off its training for volunteers this week with four class sessions for nearly 300 solicitors.

Groups of more than 50 each attended classes at the Waldron Hotel each day, starting Monday and ending today.

This morning, principals from Pontiac and Waterford schools were informed of the purpose of the fund campaign which will start Oct. 17 and end Nov. 10.

★ ★ ★

The agencies depicted in a training film are Family Service of Oakland County, Michigan Children's Aid Society, Michigan Cancer Foundation, YWCA, Boys' Club, Leader Dogs for the Blind, Boy Scouts and the Visiting Nurse Association.

Governmental officials on the federal, state and local level attended the Monday session. Tuesday was devoted to solicitors who will ask contributions from an estimated 300 small firms having more than 10 employes each.

FOR SOLICITORS

Yesterday's session was arranged for volunteers who will solicit from more than 900 small firms having less than 10 employes.

★ ★ ★

The sessions are sponsored by Consumers Power Co., Detroit Edison Co., Michigan Bell Telephone Co., S. S. Kresge, First Federal Savings Oakland, Federal Department Stores, Pontiac Retail Store, Waites and the Community National Bank.

★ ★ ★

Next Monday a meeting will be held at 8 a.m. in the Waldron Hotel for volunteers who will solicit from professional people, including lawyers, physicians and other medical professions, and ministers.

Rightists Continue Protests in Algiers

ALGIERS, Algeria (UPI)—Downtown traffic ground to a horn-tooting, slogan-shouting halt exactly at noon today as the Secret Army Organization (OAS) mounted its third demonstration this week against the possibility of a Moslem Algeria.

★ ★ ★

Strong security precautions taken by armed police stationed behind prepared barricades prevented anything more than a noisy show.

At 11:30 a.m., half an hour before the demonstration was scheduled to start, police moved into the downtown area and set up barricades with which to control possible rioting.

Smoothing Out Contract Bumps

UAW, Ford Working on Unsettled Issues; Tonight to Bring Word

DETROIT (UPI) — The United Auto Workers Union and Ford Motor Co. tried today to work out unsettled issues blocking a new contract and sources said "we'll know by tonight" if a speedy agreement can be reached.

Ken Bannon, director of the union's Ford department, said "We're closer to an agreement" and added that a night bargaining session tonight was "highly possible."

Both UAW President Walter P. Reuther and Ford Vice President Malcolm L. Denise were expected to join the talks later today.

★ ★ ★

Although the negotiations were being conducted under a news blackout, one source said, "I think we can do it by the weekend. We'll know by tonight if it can be done."

★ ★ ★

The settlement will probably follow closely the recently negotiated UAW-General Motors contract but with some added provisions.

Attempt to Split Three-Year-Old Arab Republic

Success or Failure of Revolt Uncertain as Reports Conflict

JERUSALEM (AP) — Damascus radio, broadcasting in the name of the Supreme Revolutionary Command, declared late this afternoon that Syria's army rebels would continue to fight to achieve their goals.

BEIRUT, Lebanon (AP) — Army officers in Syria mutinied today in an apparent attempt to break away from Gamal Abdel Nasser's 3-year-old United Arab Republic.

Nasser called the revolt more serious than the 1956 British - French - Israeli invasion of Egypt.

A few hours after Damascus radio proclaimed the revolt, a communique broadcast from the Syrian capital indicated opposing military factions might attempt to negotiate.

★ ★ ★

It said the revolutionary command had met with Field Marshal Abdel Hakim Amer, the Egyptian who commands all U.A.R. forces, and worked out an understanding. Damacus broadcasts said the situation had returned to normal, but did not explain what that meant.

Cairo newscasts ignored the communique, however, leaving in doubt whether anyone had yet gained a victory.

★ ★ ★

Fighting was reported to have taken place in Damascus streets.

Syria Joined U.A.R. for 'Arab Unity,' Pg. 54

Telephone communication with Damascus was cut immediately after the revolt broke out. Gates clanged shut at the Lebanese-Syrian border.

The revolt broke out only two days after Abdul Hamid Serraj, a former Syrian intelligence chief with strong man ambitions, broke with Nasser and returned to Damascus from Cairo, where he had been a vice president in the U.A.R. government.

★ ★ ★

His resignation left but one Syrian in a high post in the U.A.R. government, emphasizing Egyptian predominance in the union of the two countries proclaimed in February 1958.

Serraj was reported to have resented being "kicked upstairs" to the vice presidency last month, because it involved a loss of power in Syria and a corresponding increase in authority for his rival, Amer.

★ ★ ★

It was not yet clear what role, if any, Serraj played in the revolt.

In what was called a "United Arab Republic broadcast," Damascus radio said the situation returned to normal "because of the wisdom" of Amer and Gen.

GOP Leaders to Choose Head

Rules Uncertain About Election of Lovell, Lyle or Balden

By GEORGE T. TRUMBULL JR.

Oakland County Republican leaders meet in Birmingham today to pick a new chairman amid a dispute as to who will elect Arthur G. Elliott Jr.'s successor.

★ ★ ★

Lines apparently are drawn among the usual tranquil county organization between favorites Malcolf R. Lovell, 40-year-old American Motors Corp. official from Bloomfield Township, and Charles L. Lyle, 38-year-old electrical parts manufacturer from Beverly Hills.

Also a candidate is Alvin R. Balden, 49, of Huntington Woods, a Chrysler Corp. engineer.

Controversy has arisen over whether just the 13 elected county representatives and local officials choose the new chairman or all 26 members of the executive committee.

★ ★ ★

Should the first belief prove true this would reportedly cement the nonpaying job for Lovell, of 2749 Amberly Road. The elected lawmakers and officials, with the exception of several, apparently favor AMC's manager of employe services for the post.

SECURE AN OPINION

A spokesman for the party organization, however, said an opinion has been secured from Robert M. Montgomery, director of state elections, stating that the full executive committee of the party elects the chairman.

This might hand the title to Lyle.

Elliott, 44, of Pleasant Ridge, is stepping down as chairman, a post he's held since 1957, in order to devote more time to business and the forthcoming constitutional convention, to which he is a delegate.

A screening committee of four Oakland members of the GOP State Central Committee has poured over some 24 potential candidates to come up with the finalists—Lovell, Lyle and Balden.

CHICAGO (UP) — Sen. Barry Goldwater said today he does not believe Richard M. Nixon would try to use California's governorship as a stepping stone to the White House.

Back on Battlefield

THE NIXONS AFTER ANNOUNCEMENT

Nixon Has Decided to Run for Governor

LOS ANGELES (AP)—Richard M. Nixon's decision to run for governor of California in 1962 — and not seek the presidency in 1964—provided all the makings today for a slambang campaign.

The 48-year-old Republican who just missed the White House last year set a militant tone in his long-awaited announcement on Wednesday night. But so did his opponents, both Democratic and Republican.

Nixon sized up Democratic Gov. Edmund G. Brown as "that amiable but bungling man." He promised a campaign that would "beat Pat Brown to a pulp."

"The government, that State House in Sacramento, is in a mess and somebody has to clean it up," he told a televised news conference.

Stung by a question on his personal finances, Nixon said he had

been threatened and warned that "every dead cat and every old story would be thrown up and used against me."

"Let me just say that nobody is going to frighten me. Nobody is going to drive me out of this contest."

★ ★ ★

Accepting Nixon's challenge, Brown declared his candidacy would galvanize majority Democrats into "a fighting crusade." Democrats hold a 1.4-million lead in registration.

"I welcome the opportunity to confront Richard Nixon in a campaign that once and for all will retire him to private life," Brown said in a press statement.

Look for Longies, It's Going to Hit 38 Tonight

It may be sunny September but warm summer and its temperatures are slipping away. At 6:15 this morning the mercury had dipped to a new low of 43. But that's not all.

The forecast for tonight is 38 with a chance of scattered light frost.

Clear, blue skies of autumn will continue tomorrow with the mercury rising to near 64. Fair and warmer is Saturday's forecast.

Morning northwesterly winds at 10 to 20 miles per hour will diminish to 5 to 10 m.p.h. tonight becoming west to southwest at 10 to 15 miles tomorrow.

Forty-three was the lowest recording in downtown Pontiac preceding 8 a. m. The 1 p. m. reading was 55.

Teamster Move Closes Down 2 County Projects

Construction Continues on Interstate 75 But May Be in Jeopardy

Road construction in Oakland County today began to feel the initial pinches of a walkout around the state of Teamsters Union truckers against the Michigan Road Builders Association.

Work on the first 25 miles of the Walter P. Chrysler (Interstate 75) freeway under construction in the county continued as usual today but was in jeopardy as officials feared more than truckers might strike.

★ ★ ★

An estimated $200 million in highway construction in the state was being affected by the strike, including 250 miles of freeway construction.

Two projects of the Oakland County Road Commission — improving Watkins Lake Road in Waterford Township and widening of Joslyn Road to tie into I 75—were halted today as concrete needed for the jobs was not being delivered.

Representatives of Pontiac Teamsters Local 614 were not immediately available for comment.

STOPPED BY WALKOUT

A spokesman for the Pontiac office of the State Highway Department said pouring of concrete bridge supports for the I 75 at M24 and Walton Boulevard, and for Interstate 696, the connecting link between Northwestern Highway and the Brighton-Farmington Expressway, was stopped because of the walkout.

★ ★ ★

But work continued on grading, the spokesman said, as the department worked toward next week's expected pouring of the first section of the roadbed of I 75 between Davisburg and Grange Hall Roads.

This, however, was in danger of being stopped by the walkout.

Operators of the huge earth movers and bulldozers are members of another union which continued on the job, the spokesman said. He said the department feared they might walk in sympathy for the striking drivers, thus halting the entire job in Oakland County.

Work has been halted on most of the state projects when 3,000 to 4,000 members of 12 Teamsters locals from Detroit to Escanaba began leaving work.

Rusk Wonders and Waits for Gromyko's Intentions

By JOHN M. HIGHTOWER

NEW YORK (AP)—Seven days and two meetings after the start of his talks with Foreign Minister Andrei A. Gromyko, Secretary of State Dean Rusk does not know whether the Soviet government has any intention of negotiating a compromise settlement of the Berlin crisis.

But he still hopes to find out and will make another attempt Saturday morning.

Gromyko for his part appears to be playing the classic game of Soviet diplomacy.

In private talks he is sticking to the hard line of public statements by Premier Khrushchev for a change in the status of West Berlin.

Diplomats Polite at Luncheon, Pg. 23

★ ★ ★

If he intends to give ground in order to get agreement on negotiations, he is expected to wait as long as possible while pressing Rusk for all possible concessions.

DIGGING DEEP

It is now apparent that both Rusk and Gromyko are as interested in sounding each other out on the results of possible negotiations as they are in finding a formula to get negotiations started.

Rusk wants to know, for example, what guarantees Khrushchev means to offer when he talks of "guaranteed access" to West Berlin after he signs a

Motorcycle Mishap Fatal to 1; 2nd Hurt

A motorcycle accident took the life of a young Avon Township man and critically injured a teen-ager shortly before 10 p.m. Wednesday.

David A. Skidmore, 20, of 1287 Christian Hills Drive, died in the emergency room at St. Joseph's Mercy Hospital about 30 minutes after being admitted at 10:15.

Last Year to Date: 76

Listed in critical condition today was Richard A. Robbins, 18, of 1700 Silver Bell Road, Oakland Township, a passenger on the motorcycle.

Oakland County sheriff's deputies said the motorcycle, driven by Skidmore, east bound on Avon Road, smashed broadside into a car driven by Delpha D. Bradley, 37, of 46119 Vineyard St., Utica. The accident occurred about a mile east of Rochester Road in Avon Township at about 9:50.

The woman told deputies she was attempting to make a left turn into a driveway at 638 Avon Road when the accident occurred. Deputies quoted her as saying that the motorcycle "had no lights on."

Both youths were thrown from the motorcycle. Skidmore received fatal chest injuries. Robbins, son of Mr. and Mrs. James E. Robbins, has chest, pelvic, rib and possible internal injuries.

Auto Magnate M. E. Coyle Dies

Began as Clerk Here; Rose to Be Chevrolet VIP Under Wilson

M. E. Coyle, who rose from clerk in a Pontiac auto firm to steer Chevrolet to its place in the auto world, died yesterday at San Bernardino, Calif. He was 73.

Coyle retired as executive vice president in charge of the Chevrolet Car and Truck Division in 1951. He worked directly under Charles E. Wilson, who died Tuesday, when Wilson was president of the giant automobile company.

Coyle headed the Chevrolet Division from 1933 to 1946.

He started his career in 1911 as a clerk for the old Oakland Motor Car Co. which now is GM's Pontiac Division. He joined Chevrolet in 1917 and in 1933 succeeded the late William S. Knudsen as president and general manager of the division.

★ ★ ★

Under his guidance, the division became the largest producer of cars and trucks in the world.

A long time Detroit resident he had lived at Pacific Palisades Calif. since 1952.

Coyle was a native of Crawford County, Pa., and spent much of his youth at Fairmount, Ind.

ACTIVE AS LAYMAN

Active as a layman in Catholic Church charities and educational projects, he served in 1942 as chairman of the Detroit Archdiocesan Fund campaign.

In 1952, he was named outstanding Catholic layman of the year and presented the Cardinal Newman Award at the 38th annual convention of Newman Clubs in Lafayette, Ind.

After his retirement, he turned over his large home and estate at Oxford, Mich., to the Dominican Sisters of St. Joseph, who now use it as the Provincial House.

★ ★ ★

Surviving are his three sons, Robert and Jack Coyle, both Chevrolet dealers in California, and Dr. James Coyle, a resident of Grosse Pointe. A daughter, Mrs. Nelson Taylor, also resides in Grosse Pointe. He leaves 11 grandchildren.

The body will be at the William R. Hamilton Co., 3975 Cass, Detroit.

Tentative arrangements call for a Requiem Mass Monday morning in Detroit's Blessed Sacrament Cathedral, with burial in Holy Sepulchre Cemetery.

HE RETURNS HOME — The plane carrying the body of Dag Hammarskjold, late United Nations secretary general, rolls along the apron between lines of Swedish soldiers after arrival at Bulltofta Airport, near Malmo, Sweden, today. The body of the late U.N. official, who was killed last week in a plane crash in Northern Rhodesia, will be taken by car under police escort to Uppsala, 45 miles north of Stockholm, for a state funeral Friday.

U.N. Group Stymied Trying to Name Secretary

UNITED NATIONS, N.Y. (AP) — The United States and Britain called on the U.N. General Assembly today to put pressure on Russia to resume negotiations for a nuclear weapons test ban "under effective controls" to prevent cheating.

From Our News Wires

UNITED NATIONS, N.Y. — Efforts to have the U.N. General Assembly appoint a temporary replacement for Dag Hammarskjold neared collapse today, adding frustration to the sorrow attending memorial services for the late secretary general.

* * *

The Assembly decided to resume its general debate this morning with speeches by Guatemala, Chile, Denmark and Nigeria and then adjourn for the weekend after a memorial service for Hammarskjold this afternoon.

His funeral will be Friday in Uppsala, Sweden.

Burmese Ambassador U Thant, a leader of the movement to have the Assembly appoint an interim administrator to take over Hammarskjold's duties until his successor can be elected in accordance with Charter procedures, acknowledged that he saw no way out of the dilemma.

A group of powers headed by India pressed for the Security Council to handle the problem.

Russia, which insists on three secretaries general, each with veto power, can block any recommendation with its lone council vote.

COUNTERATTACK!

The Soviets sought to counter President Kennedy's peace appeal with an eight-point program billed as a cure for international tensions.

The Soviet proposals—mainly a restatement of earlier ones put out by the Kremlin—were submitted to the U.N. Wednesday night with two other memoranda dealing with the nuclear test issue and colonialism.

The eight-point plan, promised by Soviet Foreign Minister Andrei A. Gromyko's policy when he spoke to the General Assembly Tuesday, included such Kremlin favorites as:

A nonaggression pact between the North Atlantic Treaty Organization and the Warsaw powers, renunciation of use of atomic weapons, withdrawal of foreign troops from alien soil and measures to lessen the danger of surprise attack.

peace treaty with Communist East Germany.

Gromyko evidently is trying to determine whether the Western powers can be pressured into modifying their Berlin stand to accommodate some or all of Khrushchev's demands.

The two men first met a week ago when Rusk invited Gromyko to lunch. They talked for 4½ hours. They met a second time Wednesday when Rusk went to lunch with Gromyko at Soviet headquarters in a brick and stone mansion on Park Avenue. They were together four hours.

'GOOD TALK'

When Rusk emerged, accompanied by Gromyko, he said the two had a "very good lunch and a very good talk." He declined to say whether any progress had been made toward agreeing on negotiations, singing only: "We'll see." Both men, who appeared relaxed and smiling, said they had agreed to meet again Saturday.

To this Gromyko added that "Our conversations are not concluded."

Later it was learned that Rusk pressed Gromyko for an explanation of precisely what Soviet leaders mean when they talk of guaranteeing Western access to West Berlin. The question is a crucial one because the Western powers have indicated they will not tolerate any Red blockade of Berlin.

Gromyko is understood to have given no clarification, but Western diplomats hope it may be forthcoming Saturday.

JFK to Relax Today; Assigns Homework

NEWPORT, R.I. (AP) —President Kennedy counted on a fair weather forecast for another boat ride today. He put relaxation, and no more work than necessary, on his program.

Kennedy has assigned Vice President Lyndon B. Johnson to discuss East-West problems with U.S. officials in Paris.

Johnson is going to Europe as head of the U.S. delegation at the funeral Friday of Dag Hammarskjold, United Nations secretary-general, in Stockholm, Sweden.

The vacation White House announced that Kennedy asked Johnson to stop in Paris on the way home.

WANTS JOHNSON VIEW

Kennedy wrote Johnson: "There is much going on in our discussions with our major European Allies, and I shall be glad to have the advantage of your own account of discussions which you might have in Paris with our senior people there."

The senior people are James M. Gavin, U.S. ambassador to France; Thomas K. Finletter, U.S. ambassador to the North Atlantic Treaty Organization; and Gen. Lauris Norstad, commander of Allied forces in Europe.

The President took his family for a cruise Wednesday on the presidential yacht Honey Fitz after appointing Republican John A. McCone as director of the Central Intelligence agency, starting in November.

Waterford Council to Hear Report on Civic Association

The monthly meeting of the Greater Waterford Community Council will be held 8 p.m. Oct. 3 in the John D. Pierce Junior High School. The Waterford Township Planning Commission has been invited to the meeting.

A representative from the Civic Improvement Association will be present to report on present and future activities. Also attending will be the two exchange students who started their senior year in the Waterford Township high schools this fall.

Included on the agenda will be statistics from the traffic study that has recently been undertaken in the township.

Home, Rusk Cancel Trip to Await Word

NEW YORK (AP) — Secretary of State Dean Rusk and British Foreign Secretary Lord Home both canceled travel plans today to keep in close touch with each other on the developing crisis in Soviet-Western relations over Berlin and the United Nations.

A spokesman for Rusk reported he had decided against a scheduled trip to Washington early today; it would have kept him away from New York until Friday morning:

A British spokesman said Home had decided to delay his return to Britain. He had planned to go Friday morning. He now expects to stay here until Saturday night or Sunday morning.

NATIONAL WEATHER — Cooler weather will set in Thursday night in the East as well as the Western Gulf and Mid-Mississippi Valley areas, with a shift to milder weather due in the Plains and parts of the Central Rockies and Plateau. It will be much cooler in the Northwest. Scattered showers and rain can be expected in the Plateau and parts of the Northern Plains and California as well at Southern Texas and parts of the Carolinas. Occasional snow should be noted through much of the Northern Rockies.

Nixon Not Out, Claims Rocky

Draft Always Possible in 1964, Says Governor of New York

BUFFALO, N.Y. (AP) — Gov. Nelson A. Rockefeller said today he has not eliminated former Vice President Richard M. Nixon as a potential candidate for the Republican nomination for president in 1964.

Of the possibility that Nixon's statement Wednesday night withdrawing from presidential competition had left Rockefeller a leading candidate, the governor said: "I really don't agree."

He said he would not make his own intentions regarding the GOP presidential nomination known until after his bid for re-election in New York State next year.

Rockefeller commented at a news conference. Most of the discussion concerned Nixon's announcement that he would run for governor of California next year and would not seek the presidency in 1964.

Rockefeller said:

He would not jump to a conclusion Nixon's statement that he would not run in 1964 had effectively eliminated the vice president from consideration. A draft, the governor said, "will always be a possibility."

The governor did not feel himself under any moral compunction to pledge to serve four years as governor if re-elected, as Nixon did.

"I don't want to be committed," Rockefeller said.

He will campaign on behalf of Nixon in the California gubernatorial race next year if Nixon asks him to.

Teamster Walkout Hurts Highway Work

(Continued From Page One)

ed the pickets, highway department officials were informed.

The spokesman said it was not known how many workmen were involved in the many projects under construction.

Paving projects, where Teamsters members drive sand and gravel trucks, were shut down first, the spokesman said.

State Highway Commissioner John C. Mackie was not available for comment. The department spokesman said details of the cause of the strike were "not clear at this time."

In Detroit, William M. Saxton, a legal advisor of the Road Builders Association, said the strike was a "surprise" and called it "unnecessary." He said the 138-contractor member association had offered the Michigan Conference of Teamsters a new proposal and that the association hadn't received an answer.

Auto Industry Leaders, Army and Government Men to Attend

Auto industry leaders, government and military officials, and friends will pay their last respects to Charles E. Wilson tonight and tomorrow.

The Rt. Rev. Robert L. DeWitt, suffragan bishop of the Episcopal Diocese of Michigan, will conduct the funeral service at 11 a.m. tomorrow for the former secretary of defense and president of General Motors Corp.

Mr. Wilson died Tuesday at 71 in his home on a 4,000-acre plantation near Norwood, La.

Assisting Bishop DeWitt at the morning service at Christ Church Cranbrook, the bishop's former church, will be Rev. John H. Albrecht, assistant rector.

Close friends of the Wilson family may pay their respects after 7 p.m. today at Longmeadow, the Wilsons' home on West Long Lake road in Bloomfield Township.

* * *

Three sons of the auto magnate, Charles E. Jr., Thomas and Edward, accompanied the body of their father yesterday when it was brought to Detroit by plane.

Names of pallbearers and honorary pall bearers were not yet available but were expected to include top names from the auto industry and the Pentagon. The list is expected to include all members of the board of directors of GMC.

Coming from New York will be Frederick G. Donner, board chairman of GMC.

* * *

Heading a 10-member group from the Pentagon will be Robert Loftis, administrative assistant to Secretary of Defense Robert S. McNamara, who served in the same capacity under Mr. Wilson, and Adm. Arthur Radford, former chairman of the Joint Chiefs of Staff.

* * *

Also in this group will be M-Sgt. Robert Overturf, the noncommissioned officer in charge of the defense office in Washington who was a personal friend of Mr. Wilson.

Others include Wilber Brucker and Robert Stevens, both former secretaries of the Army, and James Douglas, deputy secretary of defense under Mr. Wilson.

Burial will be in Acacia Park Cemetery at Southfield and 13 Mile Road.

Bloomfield Hills police are expected to be assisted by state police, sheriff's deputies and Birmingham police in handling the large cortege from the church to the cemetery.

Ex-City Manager Dismissed From San Diego Post

Former Pontiac City Manager George E. Bean has been dismissed from his $28,000 a year post in San Diego, Calif. in a hassle over an $8.2 million error on a sewer system there.

Bean, who came to Pontiac from a manager position is Escanaba in 1945, left in 1950 to become manager of Grand Rapids.

He served there until 1953 when he took a similar post in Peoria, Ill. Bean became manager of San Diego in 1957.

Bean's dismissal was authorized by the city council following recent bickering over the error in evaluation of the metropolitan sewer system.

He said he had no immediate plans.

1,095 Die on State Roads

EAST LANSING (AP) — There have been 1,095 persons killed in highway accidents in Michigan so far this year, provisional figures compiled by state police showed today. The death toll at this date last year was 1,094.

The Day in Birmingham

To Demonstrate Methods of Jet-Age Reading to Unit

BIRMINGHAM—Jet-age reading techniques will be demonstrated to Friends of the Baldwin Public Library at the organization's first program of the new season Oct. 9.

Three other programs are scheduled for the 50-member group during the 1961-62 series, including topics on education, music and drama.

The initial program will have Mrs. Virginia Sharkey, of the Reading Dynamics Institute of Detroit, discussing the revolutionary techniques whereby modern readers can absorb large volumes at 1,000 to 6,000 words a minute.

This compares with the normal reading speed of about 200 words a minute.

Two students of the institute will read for three to five minutes from books selected from the library and will then repeat to the audience the material they have assimilated in the brief time span.

In addition, a short film entitled "Roundup U.S.A." will be presented. It shows how four U.S. senators review daily volumes of government business at up to 10 times normal reading speeds.

The speed reading technique was developed by Dr. Evelyn N. Wood, an assistant professor at the University of Delaware.

On Nov. 1 the guest speaker will be Dr. Maurice Mitchell, president of Encyclopedia Britannica Films, Inc. He will emphasize in his topic "The Revolution in Education" the library's role in the change.

He also will discuss his recent work as consultant in education to 46 African nations.

Dr. Marvin Felheim, associate professor of English at the University of Michigan, will review the state of modern drama Nov. 20.

The series will end April 24 with pianist and music expert Karl Haas presenting a program of "Adventure in Music."

All programs are held in the auditorium of the Baldwin Library, 351 Martin St., at 8:15 p.m.

The programs are open only to members of the organization, according to membership chairman Murl W. Davenport, but the group is currently launching its annual fall membership drive.

Those interested in the program can contact the library, in person or by phone, for further details.

Mark Boyd

Service for Mark Boyd, 84, of 3625 Ayrshire Drive, Bloomfield Township, will be at 2 p.m. tomorrow at the Presbyterian Church in McBain. Burial will be in Mountain View Cemetery, McBain.

Mr. Boyd, a postmaster in McBain for 30 years, died yesterday after an illness of several weeks. A resident of Bloomfield Township for two years, he was a member of the Masonic Lodge in Lake City.

His body will be at the Sparks-Griffin Funeral Home, Pontiac, until tomorrow morning. Surviving are two sons, George of Bloomfield Township and William of Greenville, S.C.; a daughter, Mrs. J. A. Taylor of North Muskegon; two sister; two brothers, and five grandchildren.

Dr. James E. Watson

Service for Dr. James E. Watson, 64, of 1401 Pembroke Drive, Bloomfield Hills, will be 1 p.m. Saturday at Christ Church Cranbrook. Burial will be in Woodlawn Cemetery, Detroit.

Dr. Watson died Tuesday at University Hospital, Ann Arbor.

A Bloomfield Hills resident 16 years, coming from Huntington Woods, Dr. Watson had practiced in Detroit 37 years. He was a 1921 graduate of the Detroit College of Medicine and Surgery.

A staff member of Children's Hospital the last 25 years, he had been a former staff member of Providence, Brent and Wayne County General hospitals.

He was a member of the Wayne County Medical Society, the Phi Rho Sigma medical fraternity and a fellow of the American College of Surgeons.

* * *

Surviving are a daughter Mrs. Edwin F. Lau of Bloomfield Hills; two sons, Dr. James E. Watson Jr. and Dr. Theodore Watson, both of Detroit; two brothers, a sister and five grandchildren.

His body is at the William Vasu Funeral Home, Royal Oak.

Would Consult Mother First

Most Teeners Believe in Discussing Problems

By EUGENE GILBERT
President, Gilbert Youth Research Inc.

Mom, the healer of childhood's bruised knees and broken hearts, is still the first person you turn to when you're a teen-ager with troubles.

★ ★ ★

But she's not the only one. You may instead—or also—talks things over with Dad. And there's a good chance you will discuss your problems with somebody your own age.

Teen-agers today believe problems are meant to be solved, not kept hidden and unspoken. More than 600 of 1,000 young people we recently talked with said if a problem were serious enough, they would consider going to a psychiatrist.

But first and foremost they would consult Mom.

"I have friends, but my Mother is wiser—even though my friends have the age-level viewpoint," says Barbara Schwartz, 18, Brooklyn.

★ ★ ★

Girls rated Mom tops as counselor (54 per cent) and friends (50 per cent) before Dad (14 per cent). The boys named Mom (44 per cent), Dad (38 per cent) and then friends (30 per cent).

FEEL FREE TO TALK

Sixty-three per cent of the teen-agers said they feel free to discuss problems with their parents and 56 per cent said they feel their parents understand them.

★ ★ ★

"They are very reasonable and helpful," says Jeannette Ali, 14, Pittsburgh. But Alex H. Girtanner, 16, Old Saybrook, Conn., says his parents don't realize that times have changed and there is a difference in today's teen-age ethics and desires.

The young people told us that as well as seeking advice they also can dish it out. Forty-nine per cent of both boys and girls said there is a teen-ager of the opposite sex to whom they take their woes. But even more of them (79 per cent of the boys and 90 per cent of the girls) say they try to help their friends.

"I tell them what I would do if I had the same problem," says Garrett Foster Charity, 15, Charles City, Va. Mary K. O'Connor, 15, Salina, Kan., uses the indirect approach, "getting them to talk about the problem." She adds, "They can usually work out their own solution."

★ ★ ★

Shifting the focus from the discussion of problems to the problems themselves, 68 per cent of the teen-agers say they have one specific worry instead of many small difficulties. But, they add, in most cases (54 per cent) there is no one thing which would solve that problem.

Sometimes the teen-ager doesn't discuss his problem at home because someone at home is the problem. While resentment by teen-agers of other family members is low (only 4 per cent say they resent sisters and 5 per cent resent brothers, fathers and mothers), break downs in harmonious family relationships are more prevalent.

Seventeen per cent of the young people find it difficult to get along with mothers, 12 to 13 per cent with fathers, brothers and sisters. Differences arise from clashing personalities, competition, suspicions, attempts to dominate, nerves, moods and hot tempers.

★ ★ ★

But the teen-agers generally absolve themselves of blame. Eighty-five per cent said they do not consider themselves "problem children."

"I am basically a conformist to accepted standards of conduct," says Jim Hargreaves, 18, Eugene, Ore. But you don't have to be a conformist to escape the "problem child" label believes Pat Ward, 16, Bridgeport, Conn., who says:

"Every teen-ager is a bit crazy. I think parents understand this point."

Fast Interceptor Planes Grounded for Inspection

COLORADO SPRINGS, Colo. (AP)—The Air Defense Command disclosed Tuesday that its F106 Delta Dart interceptor, which holds the world speed record for an operational aircraft, has been grounded.

★ ★ ★

The order applies to 12 Air Force squadrons in the United States, each squadron having about 20 aircraft.

The command said Air Force headquarters in Washington ordered the grounding last Friday in the wake of two recent crashes involving the Convair-made Delta Dart. The pilot was killed in one of the accidents at Geiger Air Force Base, Spokane, Wash.

"This is merely a precautionary measure," a spokesman said.

The grounding order will apply while Air Force technicians inspect F106s to determine if engineering changes are required.

Haiti, with a population of three million, is one of the world's most densely populated areas.

Seaway Profits to Michigan Add Up Less Than Expected

ANN ARBOR (AP) — The St. Lawrence Seaway hasn't proved the boon to Michigan industry that many experts predicted it would be, says a report published Wednesday by the University of Michigan.

★ ★ ★

The report, the result of a study by the Michigan Business Executives Research Conference, says several "practical limitations" preclude the state's industry from making fuller use of the seaway for shipping.

Among these are stiffer competition from rail and truck lines, the seasonal nature of the seaway, and high costs of operating ocean-going vessels, which will prevent them from making calls at all seaway ports.

The study found the greatest benefit of the seaway has been and will continue to be restricted to industries which produce large, bulky commodities which cannot be shipped overland as easily.

BENEFITS RESTRICTED

"In the long run," the report said, "Michigan industry will benefit somewhat, but it will be a restricted benefit, not nearly as great as was forecast by some optimists."

Because the St. Lawrence Seaway closes down in winter, firms must maintain shipping connections with trucking and rail lines, on which they depend during that part of the year.

The report also predicted that expansion programs being carried out by Great Lakes ports along the seaway could result eventually in "vicious and destructive" competition to pay off investments.

★ ★ ★

Michigan ports, it said, are at a disadvantage because they have less hinterland from which to draw cargo shipments than do other seaway cities, such as Chicago and Toledo.

This means cargoes shipped from Michigan ports must pay for a larger share of the port overhead, the report said.

JFK to Confer With America's PR Men Soon

WASHINGTON (AP) — President Kennedy expects to confer within the next six months with public relations men from all over the country.

Andrew T. Hatcher, assistant White House press secretary, told this to a Middle Atlantic public relations conference Wednesday. He said the White House wants closer relations with public relations people.

"You know what the American people will buy, what they will take as far as a point of view is concerned," Hatcher said.

★ ★ ★

Hatcher said, too, that in the White House press office "we really haven't become experts in public relations," but if the tension ever lessens there will be an exploration of this frontier.

Lt. Nicolen Appointed State Police CD Officer

LANSING (AP) — Appointment of State Police Lt. Richard L. Nicolen as the department's civil defense liaison officer was announced Wednesday, effective Oct. 1.

Nicolen succeeds Lt. Donald E. Ontes, who has been assigned as assistant commander in the Safety and Traffic Bureau at State Police Headquarters.

Copters Rescue Seven Refugees

Fly Over Red Territory to Get Germans From Hamlet Near Berlin

BERLIN (AP) — Flying over Communist territory, two U.S. Army helicopters rescued seven East German refugees from Steinstuecken — the hamlet that the United States has made a symbol of Western rights in Berlin.

★ ★ ★

The Communists made no attempt to interfere with the airlift Wednesday from the isolated enclave a mile beyond the border of West Berlin.

An Army spokesman said the helicopters were on a routine visit to Steinstuecken—a community of only 200 inhabitants—and agreed to fly the refugees to the West.

The East German authorities permit only the residents of Steinstuecken to use the one-road leading from the hamlet to West Berlin.

GUARDS ON ROAD

With guards along the road, the East German police were in a position to seize the refugees if they should try to enter Berlin by land.

★ ★ ★

Gen. Lucius D. Clay sent a token force of three soldiers to establish an outpost in Steinstuecken within hours after his arrival here last week as President Kennedy's personal envoy to Berlin.

Clay himself made the first trip by an American to Steinstuecken in years.

This new potential escape hatch for East Germans developed as a dozen others found holes in the Communist wall to flee to the West.

★ ★ ★

Most made their escapes out of windows from apartments lining the border of divided Berlin. The Communists are strengthening their wall by demolishing houses on their side of the line to create a virtual no-man's land.

Name Theater Man 'Showman of Year'

DETROIT (AP)—Michigan's showman of the year is an Adrian theater owner who used snowshoes and an igloo to lure people to the movies.

★ ★ ★

Bill Jenkins, 30, who with his father owns and operates a drive-in theater south of Adrian was awarded the title by the Michigan Theater Owners and Managers Tuesday for his promotional stunt —an "igloo club" in which moviegoers were rewarded a free admission for every four times they attended his drive-in during the winter months.

Movie Marriage 'Ideal' if It Lasts 6 Weeks

BY VERNON SCOTT

HOLLYWOOD (UPI) — The divorce action of Rosemary Clooney against Joe Ferrer leads one to believe there is no such thing as an "ideal marriage," especially in Hollywood.

★ ★ ★

In movietown a marriage is ideal if it lasts six weeks.

Such "ideal" marital combinations as Robert Wagner-Natalie Wood and Rhonda Fleming-Lang Jeffries also came apart at the seams in recent weeks.

The trouble with movie stars is they feel compelled to shoot off their big mouths about how wonderful marriage is the day after the honeymoon. A week later they tell anyone who will listen what a great little woman, for what a terrific husband they have found.

Two weeks later, when they've settled down in their cozy little mansion with orchids growing at the side of their swimming pool, they make the ultimate pronouncement.

"This is the ideal marriage," they announce in unison.

"We will both continue our careers, but still devote most of our time to one another. Yes, we plan to have children, too."

ON THE ROCKS

Thereafter, anywhere from one day to 25 years, the announcement comes that this particular heavenly marriage is on the rocks like a dry martini — which, incidentally, speeds along many an ideal wedlock to the locksmith.

Frequently one or both parties, through gritted teeth, tell the world that their divorce will be a friendly, almost gladsome occasion. Why not? After all, "we are civilized people."

This news generally is accompanied by a quote which goes, "We are still on good terms. He (or she) is a wonderful person whom I respect a great deal. But our careers came between us, keeping us apart."

★ ★ ★

In most cases the "apartness" is very real. Usually the wife was working in Hollywood while hubby was off to darkest Africa. Any marriage counselor will tell you this arrangement works a hardship on the happiest of married folks.

The rest of the world can and does laugh at the insane divorce rate among celluloid kings and queens.

But you may be sure Miss Clooney's tears at the announcement of her divorce were real.

★ ★ ★

She had five excellent reasons for weeping. They were Miguel, 6; Maria, 5; Gabriel, 4; Monsita, 3; and Rafael 1½ — her children.

Man's a Fool to Guess, but—

There'll Be No Big War

By BOB CONSIDINE

NEW YORK — A man's a fool to guess about the future in these times, just as it would be folly if this nation failed to keep its uranium dry. But here goes:

We'll write off German unification, but make access to West Berlin such an issue that neither the Russians nor East Germany will frontally challenge it.

★ ★ ★

—Khrushchev will say, in time, that he never had any intention of setting a specific time limit on the signing of a separate peace treaty with the East German Communist government.

—To shroud his climb off his limb in Berlin, Khrushchev will propose to Castro that the Russians construct an IRBM or S A C-type base in Cuba, to be controlled by Soviet forces.

★ ★ ★

—There will be a Kennedy-Khrushchev summit meeting, which will miff Macmillan, DeGaulle and Mao Tse-tung.

—U.N. will vote to debate Red China's membership in U N, even though Red China has not applied. In the showdown, enough nations which voted to debate the issue will vote against the actual admission—until Chiang Kai-shek dies or is deposed.

—There will be no big war.

Fishermen Will Go Down With the Fish

NEW YORK (UPI) — The fishing boat of the future probably will go down where the fish are.

The boat will be a submarine," Dr. R. L. McHugh reported recently. "It will be an underwater trawler that can see the fish with electronic instruments." The scientist, who is associated with the U.S. Bureau of Commercial Fisheries, Washington, also said that such a fishing vessel will be more efficient because it can escape storms.

Their Company Boasts One Big Happy Family

GREENWOOD, S. C. (AP)—Greenwood Mills' "family of the year" in 1961 includes five daughters and two sons of Mrs. J. A. Shannon, 79, who have worked a total of 234 years at the mills.

Their spans of service range from 25 to 39 years. The total does not include the 14 years Mrs. Shannon's late husband worked with the mills or the 25 put in by another son who has left their employ.

Old Loan Repayments Nuisance to Government

DUEBAN (UPI) — This new Republic of South Africa is having a tough time paying off about $1.9 in "perpetual loan" bonds of the old Cape Colony. Issued in the 19th Century, they have priority over all new government securities and cannot be redeemed without the holders' consent.

The government wants to pay them off because they are a bookkeeping nuisance.

Welcome, Industry!

RICHMOND, Va. (AP) — Allan C. Perkinson, aviation director of the Virginia Corporation Commission, is advising cities to provide conference rooms for industrialists at airports. The idea is to furnish facilities for busy executives visiting the area to search for industrial sites.

Trees growing in sandy and loam soils seem to be struck by lightning more often than trees gowing in clay, marl and calcareous soils.

Church Confab Faces Hot Issue

Episcopalians Have to Tackle Birth Control Before Adjourning

DETROIT (UPI) — The Protestant Episcopal church, with the end of its convention in sight, today still had one thorny issue on the agenda — birth control.

★ ★ ★

The house of deputies of the Protestant group was scheduled to take up the matter of population control Wednesday night but became embroiled in a discussion on whether to hold conventions every two years or continue holding them every third year.

A spokesman for the convention said it was "almost certain" that a resolution on birth control would be passed before the convention adjourns tomorrow at noon.

In sessions Wednesday, the Episcopalians voted a record triennial budget of $34.1 million. The budget, which represented a $7.5-million increase over the current one, passed in the House of Bishops. The money was to last until the 1964 convention, scheduled for St. Louis, Mo.

★ ★ ★

In other action, the House of Bishops went on record against communism but also warned of the ultra-right groups which could result from excessive fear of communism.

Detroit Broach Gets $200,000 Army Contract

Detroit Broach & Machine Co. of 950 Rochester Road, Avon Township, reported Wednesday it was successful bidder on a $200,000 order awarded by the U.S. Army Ordinance Corps for replacement machine tools at Springfield Armory, Springfield, Mass.

The order calls for four new 25-ton, vertical dual-ram, 66-inch stroke broaching machines for accurately broach machining components of the Army's newest rifle.

Included in the order are fixtures, broach holders and cutters to test run all eight rams of the machines prior to shipment. Basically, all machines are designed along Detroit Broach standards, modified only to meet Army specifications.

Tugs Pull Barge Free in Lake Michigan

ST. JOSEPH (UPI) — Two tug boats freed the Universal Cement Co. barge No. 51 Wednesday from the Lake Michigan sand bar where it had been stuck since Monday night.

The tugs Joseph H. Callan and Nevada, both out of Chicago, pulled the 226-foot vessel off the beach after a 40-foot Coast Guard utility boat ran a 1½-inch steel cable from the barge to the tugs.

An attempt to free the barge Tuesday failed when an 8-inch manila line linking the barge and the Callan snapped under the strain.

The Callan was expected to reach its destination, Gary, Ind., with the barge today.

Aircrafts Climb in Market Rise

NEW YORK (AP)—The stock market resumed its advance in moderate trading early today. Aircrafts were higher.

Gains of most key stocks were fractional. A few specially-situated issues and some of the "oversold" electronics made wider gains.

Montgomery Ward was about unchanged and Interstate Department Stores recovered close to a point as investors were cautious about the factors involved in their proposed merger.

Douglas Aircraft rose a fraction in further response to a big new defense contract. Boeing and United Aircraft also rose moderately.

★ ★ ★

Continuing to rebound, Litton Industries rose more than 2 and Texas Instruments more than a point while Transitron was about a point higher.

International Business Machines added about 5 in a resumption of its swing-back toward its 1961 peak.

Argo Oil spurted more than 4 points and Amerada added about a point in continued strength. Jersey Standard, Texaco and Royal Dutch were fractional losers.

Tennessee Gas Transmission was off ¼ at 21¾ on a huge transaction of 49,400 shares.

Du Pont was off more than a point as doubt was reported about the bill in Congress to ease the tax bite on its shareholders when the company's holdings of General Motors stock are distributed.

★ ★ ★

GM was steady. Chrysler rose close to a point and Ford gained a fraction. Anaconda eased. U.S. Steel dropped a fraction.

★ ★ ★

Prices on the American Stock Exchange were higher. Polarad Electronics rose more than a point. Moderate gains were scored by Cenco Instruments, Heli-Coil, Louisiana Land, General Plywood, and Loral Electronics.

GETS NEW CARD — Phyllis Pope, head librarian, Pontiac Public Libraries, hands a North Oakland Library Cooperative registration card to David Rohde of Detroit. Looking on is Mrs. Irvin O. Weiss, NOLC director. Rohde is a patron in good standing of an NOLC member library. The new card entitles him to borrow from Pontiac libraries without paying the $5 nonresident fee. — Pontiac Press Photo

NOLC Cards Available

Pontiac Libraries Open to Area

For the first time, many persons living outside Pontiac can now borrow books from Pontiac libraries free of charge.

The new policy will apply to any patron in good standing of a member library of the North Oakland Library Cooperative (NOLC).

The announcement was made today by Phyllis Pope, head librarian for Pontiac Public Libraries, and the new NOLC director, Mrs. Irvin O. Weiss.

Mrs. Weiss of 4871 Malibu Drive, Bloomfield Township, joined the Pontiac library staff Sept. 11. She has administrative experience at the Grand Rapids Public Library, Detroit News Library, and Syracuse University Library.

NOLC member libraries outside Pontiac are located in Highland, Holly, Independence Township, Milford, Ortonville and Oxford.

Registration cards issued by the NOLC are now available at these libraries. Card bearers are entitled to use any library within the system.

Nonresidents were formerly charged $5 for a Pontiac card. The NOLC headquarters is at the Adah Shelly Branch, 251 E. Rundell St.

Each member library pays a service fee determined on a per capita basis. Services include the use of a central, rotating book collection, book delivery to and from headquarters, and interlibrary loan privileges.

★ ★ ★

Consultant service is also furnished on request. The NOLC, formed last June, was an outgrowth of the North Oakland Library Project which started in 1958 and remained in operation three years.

The original collection of 2,000 books has grown to 8,000.

Delay Examination on Assault Charge

The Pontiac Municipal Court examination of the driver of a car which struck a Pontiac Motor Division assistant experimental engineer has been postponed until Oct. 11.

Robert L. Hackney, 20, of 469 Orchard Lake Ave., faces a charge of assault with intent to murder. He demanded examination when brought before Judge Maurice E. Finnegan Sept. 6. The hearing was slated to be held yesterday.

Hackney is charged with critically injuring Mark A. Lightfoot, 45, of 2669 McClintock St., Bloomfield Township Sept. 5. He is in the Oakland County Jail with bond set at $2,000.

Business Notes

Gerald Fillmore, Fillmore Hardware, Drayton Plains, attended the two-day workshop on selling and servicing, sponsored by the Michigan Retail Hardware Association, at Michigan State University this week.

★ ★ ★

Thurley E. Allen, CPA, who has offices at 127 W. Fifth St., Rochester, will attend the 35th annual Michigan Accounting Conference sponsored jointly by the Michigan Association of Certified Public Accountants and the School of Business Administration, the University of Michigan. The conference will be held tomorrow at the Horace H. Rackham School of Graduate Studies, Ann Arbor.

Two Men Bound to Circuit Court for Illegal Entry

Two men charged with breaking and entering a Pontiac grocery store were bound over to circuit court for arraignment Oct. 2 after a preliminary examination yesterday.

Thomas W. Reitano, 19, of 831 Round Lake Road, White Lake Township, and William F. Martin, 26, of 759 S. Winding Drive, Waterford Township, had demanded examination when brought before Municipal Court Judge Maurice E. Finnegan Sept. 8.

Martin was free on a $1,000 bond. Reitano was returned to Oakland County Jail with bond continued at $2,000. They are charged with breaking into Nick's Market, 1091 Joslyn Ave., Sept. 6.

Air Commission Chief Quits Post After 12 Years

ESCANABA (AP) — Herbert J. Norton of Escanaba, chairman of the State Aeronautics Commission for 12 years, resigned the post Wednesday and Walter Hink of Detroit was named to succeed him.

Robert Jakems of Grand Rapids was elected vice chairman at the commission's meeting here.

Reds Demand Pilots; 2 Strayed Into Berlin

BERLIN (UPI) — The Communists today demanded that the pilots of two West German jet fighters who landed in Berlin after losing their way be handed over to East German authorities.

The demand was made while U.S. Air Force Secretary Eugene Zuckert was meeting with Gen. Lucius Clay, President Kennedy's personal representative here, and U.S. military and diplomatic officials to discuss measures to safeguard Allied air traffic.

There were no details on the talks among Zuckert, Clay, U.S. Berlin command chief Maj. Gen. Albert Watson II and the others.

Allied officials were known to be concerned over the possibility that the Communists might seize on the West German plane incident as an excuse to interfere with traffic in the Allied air corridors.

Stepfather of Lad Who Shot Friend Jailed for Gun

A Pontiac man whose stepson accidentally shot and killed a 5-year-old playmate Aug. 1 with his gun was sentenced to 30 days in the Oakland County Jail and placed on one-year's probation yesterday in Pontiac Municipal Court.

Knox Williams, 46, of 280 Osmun St., had pleaded guilty to a charge of possession of an unregistered gun before Judge Maurice E. Finnegan, Aug. 2.

His stepson, Lewis Freeman, told police he was playing with the gun when it discharged killing Mark LaRose, son of Mr. and Mrs. William LaRose, 284 Osmun.

★ ★ ★

Williams said he bought the gun last summer. Detroit police reported it had been stolen six years ago.

Area Man to Speak to Recreation Group

Lewis J. FitzGerald, 795 N. Cass Lake Road, recreation director at GMC Truck and Coach Division, will attend the 43rd Annual National Recreation Congress next week in Detroit.

He will speak at the session on "Trends in Industrial Recreation."

FitzGerald will replace Elwood R. Bigler, supervisor of personnel services, GMC Truck and Coach Division, who was originally designated to speak.

Earl Sonnenberg of Wyandotte, athletic director for Wyandotte Chemical Co. also will speak at the session.

"Recreation in a Mobile America" is the theme of the Congress to be held Oct. 1-6 at Cobo Hall. United States Secretary of the Interior Stewart L. Udall will speak, as will Walter P. Reuther, president of the United Auto Workers.

B. E. Hutchinson Dies Following Heart Attack; Was Chrysler Pioneer

DETROIT (AP) — B. E. Hutchinson, former Chrysler Corp. vice president and treasurer died at his Grosse Pointe home Wednesday night following a heart attack. He was 73.

★ ★ ★

Hutchinson's death was the third in the ranks of auto industry pioneers and greats within a two day period.

M. R. Coyle, 73, whose name was almost synonymous with General Motors' Chevrolet Division died Wednesday at his San Bernardino, Calif., home. Former General Motors president Charles E. Wilson, 71, died Tuesday at his Norwood, La., home.

All three men, giants of the car industry, served their firms over approximately the same span of time — Wilson as GM president and previously in other executive office before he became secretary of defense for President Eisenhower.

★ ★ ★

Hutchinson, a Chrysler vice president, director and treasurer, was an early associate of the late Walter P. Chrysler, founder of that big three member. He retired in 1953.

★ ★ ★

An engineer, also skilled in finance, Hutchinson handled the financial affairs in the founding of Chrysler as the successor to Maxwell Corp., a pioneer of the industry.

List John C. Lyons Insurance Salesman

John C. Lyons, 208 E. Iroquois Road, is one of 42 executive staff members of the Independent Security Life Insurance Co., currently licensed to sell stock in that new insurance company.

★ ★ ★

The company was recently authorized by the Commissioner of Insurance at Lansing and the Michigan Corporation & Securities Commission to offer one million shares of stock at $2.50 per share.

Merger Weighed by Montgomery Ward, Interstate

CHICAGO (AP)—Reports of a possible merger of Montgomery Ward and Interstate Department Stores have been confirmed by officials of the two firms.

★ ★ ★

John A. Barr, chairman of Montgomery Ward, and Sol W. Canton, president of Interstate, announced the merger talks Wednesday. They said any merger would require approval of the directors and shareholders of both companies.

If approved, the merged firm would become Montgomery Ward & Co., Inc.

Parke Davis Declares Dividend of 25 Cents

DETROIT (UPI) — A regular quarterly dividend of 25 cents per share was declared Wednesday by the board of directors of Parke Davis & Co.

★ ★ ★

The directors said the dividend will be paid Oct. 31, to stockholders of record Oct. 6, and will be the 296th consecutive dividend payment by the pharmaceutical firm since 1878.

No Point Showing the '62 Volkswagen It Still Looks the Same!

No heads will turn when you drive a '62 Volkswagen home.

Maybe an eagle-eyed neighbor will notice that we've made the taillights a little bigger. But that's the only clue.)

Everything else on the outside is right where we left it in '61.

Inside it another story.
We've put all our time and effort into improvements that matter.

The '62 VW runs more quietly. There are new clutch and brake cables as well as new steering parts that never need maintenance. Heater outlets (front and rear) for more even heating. Easier braking.

And 24 more.

One change is literally a gasser.

We've added a gas gauge. Our first.

A few die-hards may think we've stolen some of the VW's sporting flavor. But the gas gauge may be more useful than you'd imagine. It will not only tell you whether your tank is R or F, it will prove you're driving a VW.

It could make 1962 go down in VW history as the year of the big change.
