## Painters Rush Work Ahead of Dedication

AP Wirephoto

**BIRD'S-EYE VIEW** — Painters are shown suspended more than 500 feet above the roadway of the Mackinac Bridge where they lost out in a race against time to complete the paint job before dedication ceremonies Saturday. Inclement weather was blamed for the delay. The three-day dedication celebration starts today.

# Storm Gales Spoiling Bridge's Dedication

## 3-Day Chrysler Wildcat Tieup Ended by 470

### Lost Pay, Shaky Job Status Traded to Meet With Corporation

DETROIT (UPI) — The wildcat strike which cut into Redstone-Jupiter missile production for three days ended today.

About 470 striking members of United Auto Workers Local 1245 had tied up the plant employing 8,500 since Monday, but voted last night to return to their jobs.

They agreed to go back to work after being hit by a court injunction, a UAW International threat to take over their local, nearly 150 policemen who broke up their picket lines and a driving rain.

**In return for their picket line battles, lost wages and possible loss of their jobs, the pickets got a promise of a meeting at 2 p.m. today between Chrysler Corp., UAW International representatives and their own Local 1245 officers.**

Chrysler, which operates the big government-owned plant in Macomb County, made no promises about the strikers' grievances.

The strikers were most concerned about getting their jobs back after a walkout called unauthorized by both the company and the international union.

**But UAW President Walter P. Reuther told Local 1245 to pro-**

## *Sullenberger Takes Surprise Offensive*

By GEORGE T. TRUMBULL JR.

Dr. Neil H. Sullenberger tried to turn the tables on his accusers last night, and attempted to show that they too had not exhausted required grievance procedures.

In a surprise move, Sullenberger asked that the public hearings be discontinued as the 165-member medical staff had not complied with bylaws in calling him before two committees to air alleged charges of misconduct against him.

Sullenberger, 42-year-old surgeon fighting to wi. re-admittance to the staff, charged doctors with waging "a big conspiracy" against him.

**"They have tried this for years," he said angrily. "They have run several other doctors out of town. They have tried to run me out. They don't even want me to have an office in town."**

Following his charges, trustees recessed for 13 minutes to study medical staff regulations. City Attorney William A. Ewart then ruled there was no connection between charges brought against Sullenberger by the doctors and his claim of violation of accepted grievance rules by the staff.

★ ★ ★

Sullenberger's $250,000 court case was tossed out of court in April when the judge ruled he acted "prematurely" in not going through complete hospital grievance channels before starting suit.

Last night's hearing in the overcrowded hospital director's office brought out through testimony everything from bugs to Sullenberger's wife in the operating room.

**Arguments between the doctor and witnesses over operating**

(Continued on Page 4, Col. 1)

## *County Mapping Battle Strategy Against Pigeons*

The congregation of courthouse pigeons may soon find itself in a sticky situation.

Oakland County will make another stab at chasing away these messy winged creatures who have defiled the seat of local justice.

The county's counterattack will consist of placing a gum-like repellent on the ledges of the building as soon as sandblasting is completed on the north and east sides.

George Atchison, maintenance superintendent, said this repellent, something like calking compound, will be used on these two sides only.

"It's a must that we chase them away after the building is cleaned," he said. "Will it do the trick?" he was asked. "We've used it before and it worked for awhile," was the reply.

★ ★ ★

He said the repellent must be re-applied after about eight months. One estimate has the job costing around $450, he said.

One passerby at Saginaw overheard these plans. "Sounds like a fine idea, George," he said. "But aren't you afraid the pigeons might become stuck there as permanent fixtures?" he asked.

George didn't answer.

## 82-M.P.H. Wind Lashes Straits; Damage Heavy

### Many Opening Events Off; Governor Stranded on Mackinac Isle

MACKINAC BRIDGE — (UPI) — Winds to 82 miles an hour lashed the Straits of Mackinac today causing widespread damage to scores of Mackinac Bridge dedication displays.

The winds caused cancellation of many of the opening events of a three-day celebration in honor of the five-mile span.

Although no accurate damage figures were available, the damage ran into thousands of dollars.

Military officials reported winds caused $8,000 in damage to their displays in St. Ignace and Mackinaw City. Trees, tents, signs, banners, a small steel building, and scores of TV antennas were toppled early today.

**Gov. G. Mennen Williams was stranded on Mackinac Island when all ferry service to the mainland was halted because of the high winds and choppy water.**

The Army rushed 40 men and about 15 heavy vehicles to its display area at St. Ignace in an effort to form a windbreak but they were unsuccessful in preventing the collapse of a rented circus tent.

Other tents were blown down on both sides of the Straits and at the Cheboygan County Fairgrounds,

## Sea Lion Heading Home?

DETROIT (UPI) — Sinbad, the runaway sea lion, may be headed home.

Sinbad was spotted yesterday afternoon in the Detroit River, off Fighting Island, apparently heading back to Storybook Gardens Zoo in London, Ont.

The sea lion escaped last week from the zoo by slipping under a fence and swimming down the Thames River to Lake St. Clair From there, he headed through the Detroit River to Lake Erie.

He appeared to have gotten his directions mixed because he paddled up the Maumee River to Toledo but had to turn back to Lake Erie because of shallow water.

## *World Famous Builder Designed 'Mighty Mac'*

By JOE HAAS
Pontiac Press Staff Writer

MACKINAW CITY—With a feeling somewhat akin to affection, this great bridge is known by its designer and builder, Dr. David B. Steinman, and others in intimate connection with its erection, as "Mighty Mac." It seems to be the proper name.

★ ★ ★

It was Dr. Steinman who first suggested "Big Mac" to me when I first met him at the ceremony incidental to the start of its construction in 1954. My story in The Pontiac Press at that time was the first time that name was proposed in print. It seemed a little blunt and somewhat disrespectful.

**Since then I have been here 26 times, and Steinman finally decided that "Mighty Mac" was more euphonious and proper than "Big Mac," so that now is the generally accepted title. The natives here all call it that.**

He felt that it was too big to be given the name of an individual. He also objects to its being called the eighth wonder of the world, and has a good personal reason for that objection. He wants no question about it.

**BIGGER AND BETTER**

Already on the drawing boards in his offices in New York City, where he has a staff of 200 workers, are designs for bridges that will be larger in many ways and cost more than "Mighty Mac," whose designation as the eighth wonder would be one of only a few years' duration.

His plans are completed for a bridge across the Bosporus, connecting Europe and Asia, and he has been asked to design and build the largest bridge in South America. This is in Brazil.

**Neither of the above will cost as much as "Mighty Mac," but that in Brazil will have a suspension center span somewhat longer. An Italian bridge across the Straits of Messina also rivals it in some ways. Others are in the offing.**

Dr. Steinman at 72 years of age is the world's greatest bridge builder, having erected 400 on five continents, at a total cost of over three billion dollars. He figures that "Mighty Mac" starts a new era in bridge building.

**NO HIGH SHORES**

He points out an outstanding feature about "Mighty Mac" not found in most suspension bridges whose anchorages usually are in high banks on either shore. This is true of the Golden Gate bridge at San Francisco and the George Washington bridge over the Hudson.

**But here there are no high banks, and it was necessary to build the two anchorages in deep water out in the Straits. This necessitated the two largest blocks of cement and rocks ever put together.**

Each weighs over 200,000 tons and is almost exactly the same shape and size as the Pontiac State Bank Building. In these are anchored the wires that make up the 24-inch cables that hold up the suspension span.

★ ★ ★

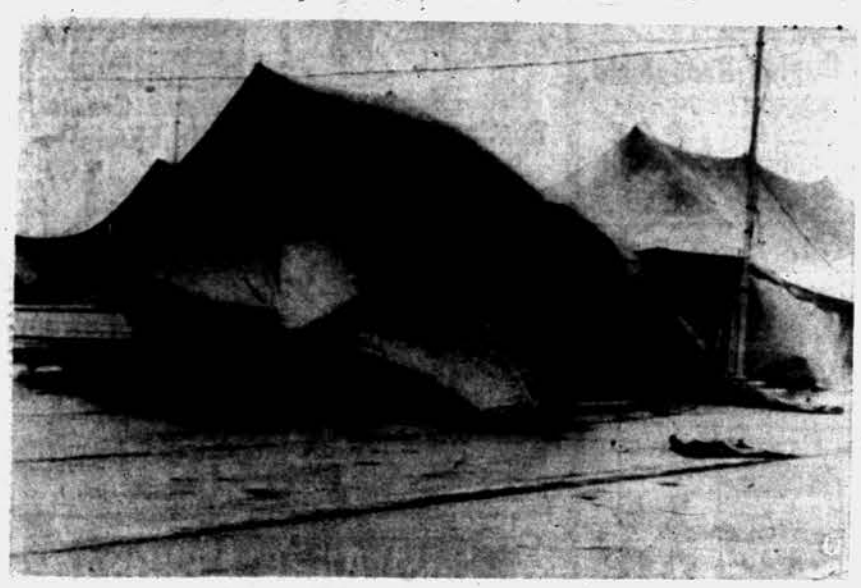
This is a feature, according to Dr. Steinman, that has been given but little attention in any descriptions of the bridge, but which makes this bridge quite unique in its class.

Ever since being informed at the opening ceremonies that the bridge is in the former domain of the great Indian Chief Pontiac, Dr. Steinman has taken a deep interest in that fact.

**This undoubtedly is largely responsible for the Pontiac area**

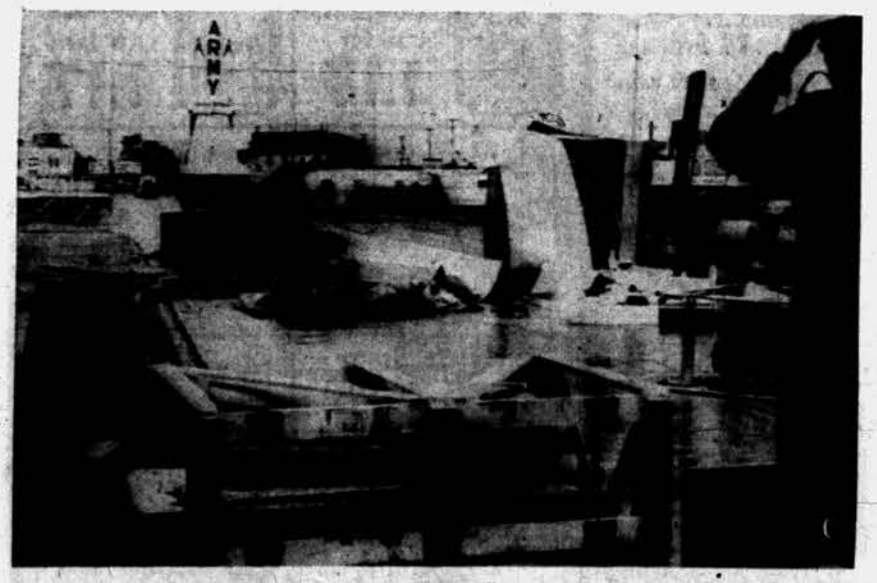
(Continued on Page 2, Col. 1)

## Well, Blow Me Down!



AP Wirephoto

**GOING DOWN** — This tent housing a boat exhibit at the Mackinac Bridge dedication display area was ripped from its moorings this morning during a violent wind storm which struck the area prior to the scheduled opening of bridge dedication festivities.



AP Wirephoto

**HIGH WINDS DAMAGING** — Army displays at the Mackinac Bridge exhibit area were among the victims of high winds which roared into Mackinaw City today. The breezes, gusting up to 82 m. p. h., put a damper on the start of bridge dedication ceremonies.

## Sweater Weather to Last All Week

The weatherman promises fair and cooler tonight with the low dipping to around 46-50.

Tomorrow will be mostly fair and continued cool with the high reaching near 65-69. The outlook for Saturday is fair to partly cloudy and warmer. No rain is predicted until the first of the week, when temperatures will be warm again.

The lowest recording in downtown Pontiac preceding 8 a.m. was 53 degrees. The mercury stood at 70 at 2 p.m.

## Kitchen Model of Proposed New Home

Pontiac Press Photo

**SWEET TOOTH DREAM HOME** — One of the many ways to keep a man's heart is through his stomach and Mrs. Christiana Flattley is sure to succeed. She presented her husband Gordon with this cake replica she made of the home they intend to build. Today is his 38th birthday. Next to Flattley, are daughters, Alexa, 10, and Rita, 6. The Flattleys live at 8075 Bywater St., Commerce Township.

## *Home-Baked Cake Provides Home-y Touch*

By SYLVIA de STEIGER

When Mrs. Christiana Flattley decides to bake, she really goes all out, especially for her husband's birthday.

Since she recently took a cake decorating course, she decided to experiment with something original . . . a replica of the tri-level house her husband, Gordon, a builder, intends to build for her and their three children.

★ ★ ★

It took one week of after-midnight work to complete the cake after she thoroughly inspected the house blueprints she snitched from her husband's office.

**The finished product consists of seven different cakes in one: chocolate, white, pink, orange cocoanut, apple chip, lemon flake and pineapple.**

The white frosting-covered replica shows details of the house-to-be in minute detail on all four sides. One can tell from the model that the new residence will be partially frame with aluminum siding. A light blue roof made of coated graham crackers, a chocolate bar chimney, and turquoise trimming all add color as well as a mouth-watering appearance to the model.

★ ★ ★

As for landscaping, the sidewalk is made of sugar cubes; dirt, chocolate slivers; grass, tinted green cocoanut shreds; shrubbery, green frosting-covered marshmallows and the tree, a frosted upside-down ice cream cone.

A trellis full of red roses and pink peonies decorate the sides of the house while rose bushes and clinging ivy enhance the rear of the home. These were made with pastry tubes.

The cake is a little large for the family. Flattley has decided to give his birthday present to the children's ward of the Oakland County Tuberculosis Sanatorium for a feast tonight.

# Press Trippers to See Hit Play, Dine With Actors

By PETE LOCHBILER

NEW YORK — With four plays down and one still to go, Pontiac Press theater-trippers were looking forward today to another special treat in our five-day vacation here.

After tonight's play, we're all invited to the swish Leone's Restaurant on 48th street for supper and a visit with some of the actresses and actors whose talents we've enjoyed this week.

One of our favorites, Carol Lawrence, the 24-year-old raven haired beauty who captured our hearts in "West Side Story," has promised to be there.

**She met a group of us backstage at the Winter Garden Theater last night and proved to have in real life the same wonderful charm she displays in her role on the stage.**

Our final play tonight is "Who Was That Lady," the most recent successful comedy on Broadway and one of the funniest.

After laughing to "Oh, Captain" last night, several of our crew turned Polynesian for a bit at the colorful Hawaiian Room of the Lexington Hotel. Enjoying the exotic food and drink there were Mrs. Donald B. Hogue of Franklin; Mrs. J. A. Rammes of 1435 Rosedale St.; August Larson of Birmingham; and two Illinois women who are on the trip; Mrs. Ray Haren of Freeport and Mrs. Herbert J. Framhein of Chicago.

**Another out-of-towner who has teamed up with Pontiac area folk is Sally Jackson of Flint, who's glad she signed up for the trip on the advice of her friend, Mrs. Mary Holmes of 478 Sanford St.**

Miss Jackson and Mrs. Holmes used free time yesterday for shopping along Fifth Avenue, something which all the ladies plan on doing this tour.

Although we have no play scheduled for us Friday night, our last night in New York, many of our group are going back for more theater on their own.

For instance, Mrs. Hogue has purchased her ticket for the musical "My Fair Lady," while Mrs. Rammes has one for the serious drama, "Look Homeward Angel."

# Builder Knows It as 'Mighty Mac'

(Continued From Page One)

**having such a large part in the dedication ceremonies. We have a part in nearly every phase of the celebration.**

All of the various local connections are being assembled, and will be covered in a second article for Friday's paper.

It already is assured that the Oakland County area has a more prominent part in this three-day celebration than any other section of the state.

**STAMPS FOR SALE**

Today the special three-cent postage stamp goes on sale. I have a large number of envelopes addressed by stamp collectors to themselves, on which the new stamps will be placed and they'll be mailed here, so they can bear a Mackinaw City postmark. I'll even mail such a letter to myself.

Dr. Steinman writes poetry as a hobby, and a number of volumes of his poems have been published and were best sellers. He wrote one especially for me as follows:

If your great Chief Pontiac
Only now could hasten back,
I'd take him in a Pontiac car,
Around his realm, near and far;
Visit the city named for him,
Cross this bridge and say amen.

## Facing Beer Drought

NEW YORK (UPI) — New York may be headed for a beer drought. Two of the city's five major breweries are closed in a labor dispute and the remaining three are near the point of closing down. The breweries' contracts with the Teamsters expired May 31 and negotiations are deadlocked.

# Ask High Court Special Session

## Attorneys for Negroes Claim Conflict in New Little Rock Decision

WASHINGTON (AP) — The Supreme Court today was asked to hold a special session to rule on on lower court order delaying school integration in Little Rock, Ark., for 2½ years.

**Two attorneys petitioned the high tribunal to hear arguments immediately and overturn the order by U.S. Dist. Judge Harry J. Lemley.**

Their petition contends Judge Lemley's ruling is directly in conflict with the Supreme Court's decision in the school integration cases.

**Wiley Branton of Pine Bluff, Ark., representing Negro pupils in Little Rock; and Waite Madison of New York, of the National Assn. for the Advancement of Colored People, filed the petition.**

The petition noted that the U.S. Circuit Court in St. Louis had already been asked to stay Judge Lemley's ruling, but no action has been taken.

## Bridge Is Undressed

STRAITS OF MACKINAC BRIDGE (AP) — The mighty Straits of Mackinac Bridge is being dedicated this week while remaining slightly undressed. High winds and wet weather prevented painters from finishing their job on the south tower, which stretches 552 feet above the water.

**The Day in Birmingham**

# Hills Committee to Study Schools' Money Problem

BIRMINGHAM — A group of Bloomfield Hills School District residents will be asked to serve on a financial advisory committee to make a thorough study of the district's 1958-59 budget expenditures and income.

Eugene Johnson, superintendent of schools, said today the group probably will be headed by Lynn Townsend, an automotive firm accountant. The board hopes to have the committee's report for the mid-July meeting, Johnson said.

**Last night's board session was devoted mainly to the financial problems facing the district, following the decrease in funds for the district by the Oakland County Tax Allocation Board.**

Johnson said the board may have to ask for an increase in millage, or struggle along on deficit spending and increase class sizes over the standard 25 pupils as other districts have done.

"The recommendation of our advisory committee will have a great influence on our decision," he said.

**Johnson added that since the district's residents have backed the new school program and expressed their approval of the small classes, no major decisions will be adopted without their consent. He said the board will explore with the residents every possibility to solve the problem before making a decision.**

"Whatever plan we adopt, we will know we have done all we can to keep our high educational standards intact," he said.

With a July 7 deadline for registration for the Aug. 5 state primary election, Miss Irene Hanley, Birmingham city clerk, today said her office will maintain special registration hours.

**For the next two Saturdays, the office will be open from 9 a.m. to 1 p.m. All other days, except Sundays and July 4, hours will be from 8 a.m. to 8 p.m.**

Miss Hanley called special attention to address changes within the city limits. Unlike registration, which must be made in person, this notification may be done by mail up to the final day of registration.

**Mrs. Ruth C. Hough**

Mrs. Ruth C. Hough, 66, of 272 Oakland Ave., Birmingham, died yesterday at University Hospital in Ann Arbor after a year's illness.

A former dietitian at Cazenovia (N.Y.) Seminary and superintendent at the Canastota (N.Y.) Hospital, she was a member of the Order of the Eastern Star and of First Methodist Church in Birmingham.

**Surviving are a daughter, Mrs. Daniel A. Nesbitt of Birmingham; a son, Meridith C. of Mexico City, and a sister, Mrs. Lynn M. Caldwell Jr. of Canastota.**

The body will be taken from Manley Bailey Funeral Home to the J. Homer Ball Funeral Home in Canastota.

**John P. Welling**

Service for John P. Welling, month-old son of Mr. and Mrs. Stanley R. Welling of 5731 Burnham Dr., Bloomfield Township, will be held Saturday in Racine, Wis. Burial also will be in Racine.

**The child died Tuesday at Children's Hospital, Detroit.**

Surviving besides the parents are a brother, Rusty, and grandparents Mr. and Mrs. H. J. Matson and Mr. and Mrs. J. P. Welling, all of Racine.

## Fellow Inmates Help

IONIA (UPI) — A former Ionia Reformatory inmate obtained his parole through the generosity of his fellow prisoners who gave him travel money to reach the state of Washington.

The Hill Top News, a newspaper published by the prisoners, reported that the parole board refused the inmate's request for release because he didn't have enough money to reach Washington.

Inmates canvassed the cell blocks and within a few hours presented the paroled inmate with the $75 check that made possible his release.

**Navy Moon Flops**

# Vanguard Fails to Make It

CAPE CANAVERAL, Fla. (AP) — Another "basketball" satellite was boosted into space by a Vanguard rocket today. Then, like its two predecessors, the 20-inch, 21½-pound sphere plunged back to earth.

Failure of the Vanguard's second stage to ignite was blamed by the Naval Research Laboratory.

The 72-foot Navy rocket now has failed in five of its six tries. Its only success was chalked up March 17, when it launched the 3½-pound "grapefruit" satellite, tiniest of the man-made moons circling the earth.

★ ★ ★

Immediately in the wake of this latest failure came news from General Electric Co. that it is developing a new rocket engine capable of launching a satellite weighing as much as 20,000 pounds—almost seven times bigger than the Soviet Sputnik III.

This engine, the company said, will generate from 500,000 to a million pounds of thrust. This compares with 45,000 pounds for the Vanguard.

★ ★ ★

The latest Vanguard blasted off at 12:01 a.m. after delays of 2½ hours in the countdown. It was the third effort to get this particular rocket off its launching pad.

Half an hour later, the Navy announced that the second stage, which houses the whole guidance "brain" of the rocket, did not ignite and so it did not achieve the necessary 300-mile altitude and required to put its satellite into orbit.

## Dibble Balks at Moving

DETROIT (AP)—Dorne Dibble said today he won't report to the New York Giants. If he holds to this decision the Detroit Lions stand to lose a No. 3 draft choice of the Giants they got in return for Dibble. Dibble, 29-year-old former Michigan State end, said he has business connections he figures will match his football salary. Edwin J. Anderson, president of the Lions, indicated Dibble's decision may not be final.

# Disqualify Allen as Candidate for State Legislature

The Board of Elections Commissioners today disqualified Stanley R. Allen as a candidate for the State Legislature from Pontiac on the grounds there were "insufficient signatures and a question of his permanent residence."

Allen, 38, who gave his address as 93 E. Ypsilanti Ave. on his nominating affidavit, became the first of 66 candidates for Oakland County offices to be removed from the 1958 primary race scheduled for Aug. 5.

**The race for the District 2 seat in the House of Representatives thus narrowed down to six Democrats and one Republican. Allen was a Democratic candidate.**

"Allen didn't have sufficient signatures and there was a question about his permanent residency," said Mrs. Florence J. Allen, county clerk and an elections commissioner.

Others are Judge Arthur E. Moore, chairman, and Charles A. Sparks, county treasurer.

# 2 Pontiac Children Run Over by Auto

Two youngsters suffered bruises and cuts this morning when they were run over by their family's car.

Darlene Hull, 10, and Garry Hull, 18 months, children of Mr. and Mrs. Buddie Hull, 368 Seward St., were playing in the family car which was parked on the driveway.

Somehow they released the hand brake and the car began to roll backwards. Darlene, clutching the baby, fell from the car. The front wheel rolled over both youngsters.

American railroads in the shipping of perishables use about one-third of all the ice made in the U. S.

## Reports on Cause of Most Backaches

HONOLULU (AP) — Most backaches are caused by sitting with your legs crossed, a Honolulu chiropractor says.

Addressing the Chiropractic Association of Hawaii, R. J. Parker said: "Sitting with one leg crossed over the other twists the hips and causes the muscles to stretch, pulling the bones of the spines out of line.

"If you must cross your legs to be comfortable, switch from one side to the other from time to time. It will balance the strain and help minimize painful aftermaths."

## Collision on Mill Street Injures Woman Driver

A woman driver suffered a sprained shoulder yesterday in a two-car accident on Mill street, near Lawrence.

Nellie Richtmayer, 60, of 5951 Elizabeth Lake Ave. was making a left turn into an auto dealer's garage when her car was struck by one driven by Max A. See, 28, of 444 E. Pike St.

Mrs. Richtmayer was treated at St. Joseph Mercy Hospital and released.

# Sullenberger Takes Offensive

(Continued From Page One)

room techniques and medicines slowed the hearing several times.

Glenn C. Gillespie, attorney for the hospital, often objected to what he called "irrelevant" discourses.

The night's sixth of eight witnesses to testify against Dr. Sullenberger said she once submitted a report to her supervisor complaining of bugs, and also Mrs. Sullenberger taking pictures during an operation.

**NURSE TESTIFIES**

Mrs. Berneice Ritter, registered nurse, also recalled "more than once" administering spirits of ammonia to keep Dr. Sullenberger awake during operations.

"I often wiped his eyes with ice water and he still was very drowsy," Mrs. Ritter said. She said she asked to be relieved of assisting on operations of the doctor because "he made me very nervous."

**Mrs. Ritter, a nurse since 1939, said she couldn't recall Sullenberger calling her a profane name, as witnesses testified to Monday night.**

Sullenberger explained he often used spirits of ammonia to remove irritating odors from his surgical mask.

**PARKING PROBLEMS, TOO**

Laughter erupted later when a witness told of Sullenberger's attempt to have another doctor's patient moved to the hospital annex because the patient swore at him while he was having difficulty parking his car.

A smile came over Dr. Sullenberger's face when Isabelle Shattuck, head nurse on the surgical floor, recalled it was she who suggested the move.

**In earlier testimony, a Lake Orion doctor related how a patient "lay between life and death on the table" while Sullenberger exchanged unpleasantries with an assistant.**

"He threatened to throw him, kick him and tear him," said Dr. William W. Oliphant of the affair between Sullenberger and Dr. Hervey Gimbel.

★ ★ ★

The medical staff, in its 12 charges against Sullenberger are attempting to show his actions before his dismissal Nov. 13 were "detrimental to the efficient administration of the hospital."

Although the charges are void of any claims of professional incompetence, which were the basis of the brief court case, traces of this have crept into the testimony during the first two nights.

**Sullenberger, of 208 E. Iroquois Rd., was ruled by Ewart to be out of order by injecting his claim against the medical staff at the outset of Wednesday's session.**

Sullenberger said, "I don't want to be degraded by a few hatchet men present here," he said looking around the room.

★ ★ ★

"My laundry is getting a good airing," he continued, "and I assure you they (the doctors) won't be smiling when I air their linen."

This supposedly will come around next Wednesday night. Gillespie said he expected to rest the hospital's case against Sullenberger Monday night with the calling of seven more witnesses. There will be no Friday night session as originally planned.

**Top witness Monday is expected to be Dr. John J. Marra, chief of the medical staff.**

Anesthetist Dr. Harriet Clarke told the trustees, who must decide Sullenberger's fate, that she had administered anesthesia during many of the doctor's operations, but that she had "never really observed any extreme fits of temper" to which many have testified.

★ ★ ★

However, she said "as time progressed, I noticed his temper became shorter."

Many times during the hearing objections were raised by the "defendant" when Gillespie attempted to enter new charges not contained in the eight-page "indictment" of the staff. Gillespie withdrew two such cases.

★ ★ ★

Dr. Clarke told how Sullenberger once stormed out of the operating room declaring, "— it, I know there's tissue in there and I'm going down to the lab and look."

**She accused Dr. Sullenberger of being gone "for a good 20 minutes" while the patient, with his abdomen still opened, lay on the operating table. "He hadn't instructed us in any way what to do," Dr. Clarke said.**

Another witness, Miss Grace Bloomstrand, operating room supervisor, spoke well of Dr. Sullenberger other than to say his wife once called and said he couldn't meet a 7:30 a.m. operating appointment.

★ ★ ★

Questioned by the doctor, Miss Bloomstrand said he was never abusive to her and always treated her fairly.

She admitted that he probably did more surgery than any other surgeons in the hospital. Charges are attempting to show he did most of these in the early morning hours.

**Sullenberger showed last night that most of these were emergency cases and not "elective." "There were operating teams around so why not use them," he explained.**

Mrs. Joyce McClenaghan, registered staff nurse in the operating room, denied under questioning by Sullenberger that he once threatened an assistant with a scalpel.

"I do recall hearing some vile language and seeing him grab the doctor's arm while he held the scalpel about waist-high in his other hand," she testified.

★ ★ ★

The assistant director of nursing on the night shift, Mrs. Gertrude Woodward, charged Sullenberger with calling her at home and threatening her because she turned in a "unusual incident" report on him.

"Dr. Sullenberger called and talked very sarcastically and told me I better watch my step for he would be looking for me," she stated.

She added that once she called for an assistant because she was afraid that Dr. Sullenberger and an assistant "were going to have a free-for-all the way they were carrying on."

## No More Ferry Rides

STRAITS OF MACKINAC BRIDGE (AP) — The four-mile trip across the Straits of Mackinac at one time was one of the most popular scenic ferryboat rides in the United States. But with formal dedication of the Straits of Mackinac Bridge, the ferries are a thing of the past. They were taken out of service the day the bridge opened and are up for sale.

## More Grain Produced

ISTANBUL — Turkish grain production totaled 14,529,000 tons in 1957 compared with the 1946-50 annual average of 7,069,500 tons.

## Chrysler Missile Strikers Give Up

(Continued From Page One)

**vide the international union with a "complete list of pending grievances" to take into this afternoon's meeting.**

Reuther backed the local's main charge that Chrysler has tried to whittle down the union in the missile plant.

★ ★ ★

The successive blows which finished the wildcatters:

**—Rough action by massed pickets at two main gates early yesterday was met by the arrest of two pickets and by a force of nearly 150 policemen and deputies called in by Sheriff Harley Ensign. Twice the policemen pushed pickets out of the main entrance roadways to clear traffic jams extending six miles from the plant.**

—Heavy rain fell from midmorning until evening, driving the already-discouraged pickets to cover except for token forces.

—Chrysler Corp. went into Macomb County Circuit Court for an injunction against mass picketing, force, threats and interference with non-striking employes. Judge James E. Spier granted a temporary injunction, set a hearing for 11 a.m. tomorrow.

**THREATENS TAKEOVER**

**—The UAW executive council, headed by Reuther, told Local 1245 President Milan (Mike) Matich and other local officers to let plant operations return to normal this morning or see the local be placed under administratorship.**

**The UAW, meanwhile, still making no progress in its almost daily contract talks with General Motors, Ford and Chrysler, announced today more local unions have authorized strike action if necessary.**

The UAW reported 68 of 126 General Motors locals, 16 or 68 Ford locals and 1 of 39 Chrysler locals have completed all necessary votes to allow international strike action.

★ ★ ★

The UAW said 89,794 workers authorized strike action while 6,568 voted against a strike. Since contracts with the big three auto firms ran out May 29-June 1, the UAW has asked workers to remain on the job without contracts because the companies have big stocks of autos.

Long layoffs are expected before 1959 model production starts next fall and strikers could not collect unemployment benefits.

## Broiler Output Rises

ATLANTA — Production of broiling chickens in the nation's 22 top producing states during 1957 totaled 1.3 billion birds, or 8 per cent more than the year before.

## High Winds Ruining Bridge Dedication

(Continued From Page One)

where an "Ag-rama" celebration was being held, a steel prefabricated building was toppled and a Detroit Mounted Policeman was knocked from his horse and injured slightly.

**All military plane fly-overs, which were scheduled to officially open the extravaganza, were canceled.**

Opening of the Cheboygan Agricultural Show also was postponed until later in the day. Today marked the third consecutive day of turbulent weather in the Straits area.

★ ★ ★

State Police reported traffic in the St. Ignace area was "getting heavy" but they said traffic in the Mackinaw City area was "extremely light."

**State Police posts at Houghton Lake and Mount Pleasant reported but few cars heading north on U.S. 27 to attend the festival.**

The Coast Guard at Mackinac Island clocked winds up to 70 miles an hour. Gusts up to 82 miles an hour were reported near the bridge at St. Ignace.

Most of Mackinac Island was without power for about 45 minutes when power lines were downed. A 35-foot Moral Re-Armament yacht went aground near the island's breakwater.

## 70 Pct. of Water Lost Through Evaporation

WASHINGTON—On the average, the nation receives about 4,300 billion gallons of water daily in the form of rain or snow.

Some 70 per cent of this is lost, chiefly through evaporation to the air, and another 765 billion gallons daily are carried by floods into the oceans.

More than six times as much water flows across the continental United States in the form of water vapor in the air as is carried by all the rivers of the country.

# Young Doctor Launches New-Type Attack on Leprosy in Thailand

By DON WHITEHEAD

KHON KAEN, Thailand (AP) — From this remote town in northeast Thailand, a young Spanish doctor has launched a new type of attack on one of man's oldest diseases, leprosy.

Dr. Ramon Miquel, 31, is convinced his combined medical-psychological approach can control the disease in an incredibly short time—and at comparatively little cost.

★ ★ ★

If his program is successful, it could mean that there would no longer be a need for the costly leprosaria where the diseased live in humiliating isolation, shunned by even friends and family.

"The cure for leprosy is not just a medical problem," says Dr. Miquel. "It is also a psychological problem. Treating the mind as well as the body is truly the key to controlling leprosy."

★ ★ ★

Dr. Miquel became interested in the application of psychiatry to the treatment of leprosy soon after he was graduated from the University of Madrid six years ago.

His ideas attracted attention and in 1953 he was sent to India to work at a leprosarium in Orissa. There he developed his theories which have been put into operation in Thailand.

"I noticed at Orissa," he says, "that the patients I treated outside the leprosarium progressed much faster than those confined in the leprosarium.

★ ★ ★

"Those outside lived a more normal life and they didn't have the mental anxieties that the pent-up patients had. I became convinced that the mental attitude of the patient was directly linked to the rapidity of the cure."

In November 1955, he was sent by the World Health Organization and the United Nations Children's Fund (UNICEF) to help the Thai Public Health Service launch a pilot program for the treatment of leprosy outside the leprosarium.

★ ★ ★

He was told he would find 1,000 cases of leprosy in Khon Kaen province. But when he and his team canvassed the area they found 7,000 cases. He estimates the Thailand total at 250,000.

Soon after his arrival the news spread that a foreign doctor had arrived who treated lepers as human—a doctor who was not afraid to touch a leper and who did not separate husband from wife and mother from children.

★ ★ ★

And so the lepers—many who had hidden their disease from authorities for years—came by the scores to Khon Kaen. They came from as far away as Cambodia and Laos, bringing their pitifully few belongings.

They squatted on government land near Dr. Miquel's office. Some built thatch-roofed huts. Others erected neat frame houses.

★ ★ ★

Now the village has become a self-supporting community of 900 men and women—700 of them infected with leprosy to some degree. They tend gardens and raise chickens and pigs and trade among themselves.

The people come to the village of hope voluntarily. They may leave any time they wish. The only requirement is that they take the biweekly injection of 10 cc. of DDS (diaphnsysulphone) and at intervals the ration of iron tablets to prevent anemia.

★ ★ ★

Dr. Miquel has also established a timetable of jeep visits to every point in the province. Patients eager for treatment gather along the country roads where the mobile teams come regularly to give injections.

The pilot program has developed so successfully that it now has been extended to three more provinces and each year it will spread farther from Dr. Miquel's little headquarters until, in an expected eight years, it will extend throughout Thailand.

★ ★ ★

After that, once there is sufficient trained personnel to carry on the work, the entire program will be taken over by the Thai government.

One interesting feature of the program is that Dr. Miquel and 24 technicians are caring for 7,000 patients—while a staff of 15 is required to care for 450 patients in Khon Kaen leprosarium.

The Thai government is so enthusiastic about the results that it now plans to abandon the leprosarium and turn it into a physical therapy center to help those crippled by leprosy.

"People must have hope—and we give them hope," Dr. Miquel says.

## Dogs Kill 80 Sheep East of Ann Arbor

ANN ARBOR (AP)—The vicious killing of 80 sheep by dogs is being investigated by Washtenaw County Sheriff's men.

Farmer Oscar Alber said three stray dogs tore throgh his flock of 95 sheep before he drove them off with a shotgun. Alber lives in Salem Township eight miles east of Ann Arbor.

Sheriff's men were trying to run down the dogs.

## 30-Cent Bank Account Killed After 25 Years

AUSTIN, Tex. (AP) — State Treasurer Jesse James received anokay from the attorney general yesterday to do away with a 30-cent bank account that hadn't been touched in more than 25 years.

The account in an Austin bank was from the administration of Comptroller S. H. Terrell, who left office in 1931.

The opinion said the situation fulfilled the legal definition of "dormant."

## They Bag 125 Crows

AURORA, Ind. (UP) — Father Raymond Dehen, a Roman Catholic priest who directs the 200-acre Glenmary Novitiate here, and his assistant, Brother John Schoenberg, recently bagged a record 125 crows on a hunting expedition. An Indiana conservation club paid the priest a 15-cent bounty for each crow.

## Retirement Programs Benefiting Economy

An important financial prop to the Nation's business is social security in the form of Old Age and Survivors Insurance (OASI), Veterans' pay, retirement pay for public employes and railway workers, unemployment and disability payments and other pensions.

Under the OASI program, financed by both workers and employers, benefits are being received by 11.5 million people at the rate of more than $600 million a month. The average pension check is being increased by the retirement of more and more workers who have built up credits during several years of higher pay.

★ ★ ★

"Every month in this recession period, the outpouring of checks for public pensions, relief and other benefits grows larger," says *U. S. News & World Report*. "In 1958 these checks from Federal, State and local governments will add up to a record $23 billion." This amount of spending money is being added to the incomes of nearly 25 million people.

★ ★ ★

**The welfare system has become a major source of income, and often the only one for about one-seventh of the population. It provides nearly $2 billion a month of personal income, excluding company and private pensions, that quickly flows into American business.**

## All Employes Cleared in Signal Corps Probe

All of the 33 employes of the Fort Monmouth Signal Corps suspended by the Army five years ago on security grounds, have been restored to their jobs.

★ ★ ★

Twenty-five of the late Sen. McCARTHY's victims were reinstated by the Army itself; two others were reinstated after they filed suits. Last week the Court of Appeals for the District of Columbia Circuit held that in the other six cases the Army had violated its own rules in not telling them why it had dismissed them as security risks. It should be noted that no evidence has ever been adduced to support the charges of subversive activities against any of the suspended employes.

★ ★ ★

The Signal Corps was engaged in important missile research at Fort Monmouth, N.J. and a number of the suspended employes were top experts. The McCARTHY charges shattered the morale of the whole working force employed there and made it very difficult to recruit other scientists. Fortuately for our country the suspicion and fear which was prevalent a few years back are fading away.

★ ★ ★

**The decision laid down no new rules but it does add to the protection of the individual. The courts deserve major credit for consistently acting to correct injustice and defend constitutional rights and freedoms.**

## Other Missile Stations Available for U.S. Use

JOHN T. O'ROURKE, President of the Inter American Press Association, and editor of The Washington *News*, prints an editorial in his own newspaper which The PRESS is happy to reproduce. Mr. O'ROURKE has long been a close student of affairs in Latin American countries and he speaks as an accepted authority.

The Washington *News* says:

**"So Dominican Dictator Trujillo wants to call it quits with us because we flunked his playboy son in a top U.S. Army school?**

★ ★ ★

"And to copper-plate his pique, he's going to refuse all U.S. aid henceforth and refuse us a site for a missile-tracking station.

★ ★ ★

**"It's a deal, we hope Washington tells him, right off. There couldn't be a better chance of disengaging ourselves from this high-riding strongman of the Caribbean, nor a quicker way to restore some friendship and prestige among other Latin-American peoples who abhor Trujilloism.**

★ ★ ★

"As for that missile station, a look at the map should reassure us. Such next-door neighbors as Haiti and Puerto Rico have the Dominican area blanketed.

★ ★ ★

**"We don't often get such breaks. Let's snap this one up."**

Busy as a You-Know-What

David Lawrence Says:

## Court Friends Hoot Judge Lemley

WASHINGTON — What's all this, what's this—we are actually reading today many bitter comments denouncing a court decision.

LAWRENCE

And they are coming from some of the very persons who only a few months ago were reverently extolling the sanctity of America's courts and upbraiding critics for allegedly trying to "kill the umpire."

Poor Judge Harry J. Lemley is the target! He wrote the recent decision granting a two-and-a-half-year postponement of "desegregation" in the schools of Little Rock, Ark.

He relied, of course, on the specific advice handed down by the Supreme Court of the United States which told the local courts to apply "practical flexibility" as an equitable means of reconciling "public and private needs" in carrying out the decree on desegregation.

Judge Lemley appealed for reason and time to cool passions while conflicting statutes were being ruled upon in pending cases in Arkansas.

But the very persons who have been saying that whatever the Supreme Court declares is the "law of the land" are now severely condemning Judge Lemley and indirectly the Supreme Court, too. Here are some of the latest comments:

**1. Rep. Celler (D-N.Y.), chairman of the House Judiciary Committee: "The decision is as outrageous as it is impudent. . . . It flouts the Supreme Court. . . . His (Lemley's) decision means that local clamor and demagoguery can cause an overriding of the supreme law of the land."**

2. Rep. Keating (R-N.Y.), ranking member of the House Judiciary Committee: "If such court decisions result in indefinitely delaying putting into effect the law of the land, Congress will have a responsibility to legislate."

3. Sen. Douglas (D-Ill): Judge Lemley seems to have "yielded to the threat of mob violence. I have never understood that mob violence took precedence over the law of the United States."

**4. Statement of four Negro leaders at a conference with President Eisenhower discussing the general problem of race relations: "The decision shocked and outraged Negro citizens and millions of their fellow Americans. This opinion is being construed, rightly or wrongly, as a green light to lawless elements in their defiance of Federal authority."**

5. Rep. Holtzman (D-N.Y.): "This decision seems to encourage defiance of the due process of law, and makes a mockery of justice."

6. Gov. Harriman of New York, Democrat: "A travesty on justice."

He said the 1954 decision was being nullified "by those who were determined to set it aside by force."

**7. Statement by headquarters of AFL-CIO: "An uncalled for and disgraceful retreat from the historic ruling" of the Supreme Court.**

Every one of the above comments is within the right of any citizen or group of citizens, inside or outside the government, to express. Criticism of court decisions is a logical and constitutionally protected exercise of the right of free speech in America.

Court decisions are not so sacrosanct that they are immune from criticism. They must be obeyed, of course, but there are steps which may be taken to resist in a legal sense the effectuation of any court order.

The decisions of the Supreme Court of the United States, moreover, are the "law of the case" and do not necessarily apply to other cases in which a somewhat different set of circumstances may arise.

The courts must determine in every case whether the circumstances are different or alike, and this often delays the making of a final order.

What is said from the bench on any subject is not absolute and, fortunately, the people of America are not required to conform to Tennyson's lines:

"Theirs not to make reply,
"Theirs not to reason why,
"Theirs but to do and die."

(Copyright, 1958)

**THOUGHTS FOR TODAY**

**All these evil things come from within, and defile the man. Mark 7:23.**

★ ★ ★

There is nothing evil but what is within us; the rest is either natural or accidental.—Sir Philip Sidney.

Dr. William Brady Says:

## *Mellanby Diet Advocated for Multiple Sclerosis*

In his classical Nutrition and Disease, Edward Mellanby, M.D., F.R.C.P., F.R.S., said:

"In the last 28 months I have treated 13 cases (of multiple sclerosis, disseminated sclerosis) with a diet which I have described as a high vitamin A diet — it includes 1 to 2 pints of milk daily, 2 eggs, mammalion liver, green vegetables and carrots, and codliver oil two drams (approximately two teaspoonfuls) twice daily. . .

DR. BRADY

"The two points that have impressed themselves on my mind are:

**(1) The great improvement that takes place in early cases, however severe — an improvement from which up to the present time there has been no relapse.**

**(2) The stationary condition of the more chronic cases — these patients got no better but no worse."**

Now we must acknowledge that Mellanby himself did not suggest or approve the substitution of a vitamin A concetrate for the cod liver oil, perhaps because such a highly purified and tasteless preparation was not available at the time.

We must acknowledge also that cod liver oil is not only one of the richest natural sources of vitamin A but also one of the richest natural sources of vitamin D. So if we pretend to follow the Mellanby diet for multiple (disseminated) sclerosis, we must include half an ounce (a tablespoonful) of cod liver oil daily.

In the years since publication of Mellanby's book, othel physicians have not confirmed his observation. Whether this was because they substituted highly concentrated vitamin A for cod liver oil, I don't know.

**All I can say today is that, if I had multiple (disseminated) sclerosis, I'd follow the Mellanby high vitamin A diet, including a daily half ounce sifter of plain Oleum Morrhuae, U.S.P., for at least three months, just to determine how much, if any, good it might do me.**

This isn't medicine, children, it's nutrition. So you can't tell by trying it for few days or weeks, whether it will do you any good. That may be sufficient time to "try" a medicinal remedy. It takes a few months to "try" a nutritional remedy.

**Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.**

**(Copyright 1958)**

The Country Parson

**"We all seem to want God on our team—on the bench—so we can send Him in if it looks like we'll lose without Him."**

Voice of the People

## *Readers Support Charge of Speed Trap in Sylvan*

Add my support to Mr. King's opinion that the Sylvan Lake Justice of the Peace court doesn't support justice or serve democracy.

The morning of Jan. 21 I returned from a professional meeting and dropped my employer at his home. Three minutes later I was arrested. I had proceeded slowly on Orchard Lake as the road was icy and narrowed by snow. A Sylvan policeman followed me two blocks and when I gave room for an approaching truck on the narrow road, he pulled me over and told me I was drunk.

★ ★ ★

**I was jailed several hours, and reliable witnesses were not accepted because it was an arraignment. I was told I could plead guilty to reckless driving rather than drunk driving, but if I tried to plead not guilty I would be charged with drunk driving and face going back to jail, a high fine plus loss of my license. The only evidence accepted was the sworn statement of the officer, and he wasn't even present.**

★ ★ ★

If you're arrested by Sylvan police, guilty or not, get a lawyer and ask a court hearing. Defense will cost you money, but it cost me $80 plus $20 court costs, plus $6 to get my car out of the pound.

**Ben Garcia**

---

In February I left the state to seek employment, returned in March and didn't realize my auto license had expired. I was ticketed by the State Police, who were considerate, seeing how shocked I was. There was no question as to my guilt and a ticket was in perfect order.

★ ★ ★

**What gripes me is that it cost me $5, when you can commit the same offense in the City of Pontiac for the cost of $1.00. I, too, urge all citizens to work for a law to abolish this well organized group that goes under the title of "Justice of the Peace."**

★ ★ ★

To me the term means a minimum of $4.30 for a receipt from an office girl to show I've paid a 70-cent ticket.

**John H. Reicher**

2933 Harvey Dr.

---

We've read about speed traps, but until June 6 had no idea of the extent of these abuses. My son was ticketed for driving 50 in Sylvan Lake. In four years of driving he's never had an accident or traffic violation. After hearing his story and certain discrepancies, we decided to have a hearing in Justice Court.

★ ★ ★

**When our case was called, the judge said, "You've heard the cases before yours. You know how we operate. Do you still want to stand trial?" The officer was very vague as to where my son was supposed to have been speeding and used language unsuitable for a law officer. We weren't allowed to question the officer regarding his abusive statements and the judge refused to question him about his conduct. The officer left the courtroom before our case was completed.**

★ ★ ★

My husband tried to have the officer establish where the speeding occurred, but the judge said it wasn't necessary to state where or for what distance he traveled at that speed. The fine was $20 for exceeding 35 miles an hour. The two cases preceding ours had the same complaints as we.

It's time we did something about these abuses. I'm sure Commissioner Barry isn't aware of or in accord with such practices. I urge anyone in a similar situation to get in touch with him.

**Marguerite Sisung**

Orchard Lake

## 'Gadding Governor Costs Us Jobs'

The U.S. government has awarded two billion dollars in contracts to the various states for production of things used in our foreign aid program. Look at some of the figures:

**Illinois, 77 million; Louisiana, 84 million; New Jersey, 29 million; New York, 865 million; Oregon, 63 million; Pennsylvania, 84 million; Tennessee, 144 million; Texas, 271 million; Wisconsin, 17 million.**

And now let's see Michigan: A paltry 13 million. That shows plainly enough what the District of Columbia thinks of our "economic climate."

**Instead of hot footing it all over the nation to receptions and conventions, why hasn't our governor gone to bat for his people and done something? But no, he must be around to crown the Queen of the Big Red Radishes at the festival in West Crescentville Center.**

We're the greatest manufacturing state there is. We need jobs at the moment more than any state. Why isn't Williams doing something about it instead of playing Little Johnny Jump Up in his campaign for the presidential nomination.

**Red Headed Irishman**

## 'Allow the Public Access to Report'

I've just been "done in" by the government to which I pay taxes. We paid in the neighborhood of $9,000 for a report to which we don't even have access. Was the report so critical of our police department that the city fears to make it public? What has the city come to that property owners let themselves be treated like children? Aren't we intelligent enough to have access to the report? Or does the city government feel there might be hundreds of protests as to the way it's being handled? Let us all know what's wrong with the police department, rather than keep the survey under wraps until it's too late to do anything about it.

**Taxpayer**

All letters for Voice of the People must contain the name and address of the writer. This information will be withheld upon request if the letter is not of a critical nature. Letters must be under 200 words and The Pontiac Press reserves the right edit all letters.

Case Records of a Psychologist:

## Get Wise to Latest Medical Facts

*A lot of older folks still hold outmoded notions in medicine as well as in the realm of sex. So scrapbook this case and keep it in mind the next time anybody in your family has a high fever. Modern medicine has discovered many new facts that reverse some of the ancient notions, such as those held by George Washington's doctors in 1799. So get wise to the latest medical facts.*

**By DR. GEORGE W. CRANE**

CASE Y-346: Philip, aged 27, is our oldest living child.

DR. CRANE

During the Asiatic flu epidemic last winter Mrs. Crane and I were at our Indiana home for 10 days. But I have promised to be in Chicago at least on alternate weekends to teach my two Bible Classes on Sunday morning.

**So we drove back to Chicago on a Thursday afternoon. Upon our arrival, we found Philip fully dressed and wearing his heavy overcoat, lying on the davenport.**

His fever registered 104.5, and he felt quite ill. So we got him to bed.

★ ★ ★

"Shouldn't I take some aspirin to lower my temperature?" he asked.

**"No, we don't want to break your fever," I added. "In fact, we shall try to help it" and I asked Mrs. Crane to buy an additional hot water bottle so we could put one at his feet and the other on his chest.**

**"But I thought aspirin was O.K. to take with the flu?" Philip added.**

Aspirin is very good as a means of relieving pain. But it also causes the blood vessels in the skin to dilate somewhat, thereby tending to reduce your fever.

★ ★ ★

In the old days, laymen felt that fever was the dangerous thing to combat, so they quickly tried to lower it.

That's why George Washington's doctors bled him, extracting about two pints of his blood!

**For even the physicians in 1799 still held the erroneous notion that fever is an enemy of mankind and thus if they could take some of the heat (blood) out of his veins, his temperature would drop.**

And it did, for George Washington died! Nowadays, we'd probably order a couple of blood transfusions to be GIVEN to George Washington in such an ailment, instead of taking blood AWAY from him!

★ ★ ★

For fever is a great ally of sick people! It helps them get well! For when your temperature rises, your defending white blood corpuscles multiply faster!

Meanwhile, the bacteria are slowed down in their rate of multiplication.

A fever thus aids your curative forces (white corpuscles) and hampers the enemy (germs).

**When your body has finally conquered the foe and the white corpuscles have gobbled up the foreign germs or walled them off in pus pockets, then your temperature will fall of its own accord.**

But let your body decide when to drop the temperature! Or you may actually play into the hands of the germs.

★ ★ ★

For example, you can always lower the body's temperature with ice packs, alcohol rubs, and such drugs as aspirin, but your body needs the fever or you wouldn't have it!

**HOW HIGH FEVER**

"But, Dr. Crane," some of you may protest in shocked surprise, "can't fever go too high?"

Yes, but 105 is not too high, and few ailments run above that figure.

**Moreover, children show two or three degrees higher temperature with the same ailment than adults do.**

Thus, acute tonsillitis in a toddler may produce 104 degrees

when its parents show 101 with the same condition.

Mothers, rectal temperatures are about a full degree higher than mouth temperatures, so keep that in mind when you check on your baby.

★ ★ ★

Follow your doctor's advice and watch your sick child closely. Sit tight and keep a temperature record.

But don't try to artificially break fever unless it goes beyond the 105 mark. Lowering that fever helps the enemy and hampers your body's defending white corpuscles!

★ ★ ★

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 25c to cover typing and printing costs when you send for his psychological charts and pamphlets.

**(Copyright 1958)**

## Old Paint-Mill Stone Preserved in Boston

BOSTON — The grinding of pigments and mixing with oil to make paint was done in early days by use of a large granite ball at a shop on a narrow Boston street.

The ball is now embedded in the side of a building with a granite block below it on which is carved, "Boston Stone, 1737."

Thomas Child, house painter and stainer, set it up before his shop on Marshall Lane in colonial days. It served as a paint mill for many years.

## Introduced Decade Ago

NEW YORK — The first nonbreakable vinyl-plastic phonograph record was sold 10 years ago.

## Ultrasonic Waves Aid Heart Diagnosis

OSAKA, Japan — A new ultrasonic instrument developed in Japan uses ultrasonic waves as an aid to the diagnosis of heart disease. Changes in the frequency of a beam of ultrasound reflected from the moving walls of the heart are reported to reveal not only the motion of the heart chambers but of the heart valves as well. The latter—important for the diagnosis of such diseases as mitral stenosis and mitral insufficiency

## Southeast Population Scores 12 Pct. Gain

JACKSONVILLE, Fla.—The population of the seven southeastern states has climbed 12 per cent since 1950, to 23,544,000, almost the same percentage increase as the national figure. Florida, with 1,327,000 new residents, accounted for more than half the area's growth in the period. The Southeast's per capita income is $1,337 compared with $1,940 for the nation as a whole.

Acid soils are nearly always deficient in plant foods.

## System Dates to 1792

WASHINGTON—Alexander Hamilton, the first secretary of the treasury, made his famous monetary report in 1791, and 12 months later the law which established our monetary system and mint was approved.

# Alaskan Nixers Pick Up Support

## 'Can't Afford State Status,' Asserts Yukon Editor in Letter

WASHINGTON (AP) — Senate opponents of statehood for Alaska came up with a letter from an Alaskan editor saying the territory can't afford state status.

Sen. A. Willis Robertson (D-Va) named the editor as Emery F. Tobin of Ketchikan and read his letter into the record as the Senate approached the stage of preliminary voting on the statehood bill.

★ ★ ★

Tobin contended Alaska could not afford the luxury of statehood and asserted that most residents in southeast Alaska are opposed to the territory's admission as a state.

Opponents of statehood, he said, do not have the financial means to be heard.

Robertson quoted Tobin as saying opponents of statehood want to see Alaska develop industrially before coming into the Union.

★ ★ ★

Sixty-five per cent of territorial income, the editor said, now derives from the federal government.

Alaska, the letter continued, has only one year-round industry—a pulp mill at Ketchikan.

Outside of the Senate chamber a different picture of the Alaskan situation was presented by Secretary of the Interior Seaton.

★ ★ ★

Seaton called on President Eisenhower and told newsmen later that his purpose was to discuss the statehood bill. He said he gave Eisenhower new statistics on Alaska's economy. He had copies delivered to each member of the state.

In general, Seaton said, the report shows Alaska's economy is as healthy as an economy can be. He said it demonstrates that the territory is perfectly capable of carrying its share of the load as a state.

# Molecules' Vibration Now Easier to Study

CHICAGO — Vibrational frequencies of molecules, which must be known in calculating thermodynamic qualities since they predict the workability of chemical processes, can be figured far more quickly now. That's because of a complex mathematical process developed by Illinois Institute of Technology scientists.

Formerly, to calculate vibrational frequencies, chemical and petroleum researchers, for example, had to substitute constants from similar molecules, then discover differences in values by months of experimentation. Now numerical values have been given to constants repeating in several large molecules.

Hal Boyle Says:

# Actor Bill Holden Is World Envoy for Films

NEW YORK (AP)—One way a movie star measures success is by the time he has to spend with lawyers.

"Bill, you're really getting up in the world," a lawyer said to actor William Holden recently. "Your first contract ran to only 21 pages. Your latest one is over 100."

Another measure of stardom now is the distance an actor travels each year.

Holden, an Oscar winner and one of America's golden top 10 boxoffice draws, estimates he has traveled 600,000 miles in the last five years.

★ ★ ★

"I'll do 150,000 this year," he said during a luncheon pause here on his way to the West Coast. The day before he had been in Paris, the day before that in Rome.

Bill, whose latest picture was made in England, says the movie industry has changed basically since he became an overnight star in "Golden Boy." That was 42 pictures and 20 years ago.

Then a star could get by on acting talent and personality. Today, under many profit-sharing deals, he not only has to act in the picture—he has to go out and beat the bushes to sell it, both here and abroad.

★ ★ ★

With the possible exception of Bob Hope, Holden has no rival as a world ambassador without portfolio for Hollywood. Friendly as a wink, Bill gives foreigners the same impression as he does the folks at home—that here is that nice boy next door, grown a bit older, but still doing his best to make the neighborhood a chummier place for all.

Despite his wide roving, Holden has managed to maintain an air of privacy.

★ ★ ★

"The public doesn't concern itself with me except in my line of work," he said. "I don't think they are interested in me personally."

"A majority of people think me pretty dull."

He is anything but that. But he maintains an interior remoteness behind his friendly, casual manner. He looks at the passing moment from a distance inside him, almost as if the world were a motion picture and he sitting in the audience watching it roll by.

"I concern myself with the particular personal problems everyone has to," he said. "But I'm not afraid of anything. I enjoy life."

What are the rules for survival in Hollywood? Holden grinned.

"If I really knew the answer to that, I'd set up an office and sell the information to other people—sparingly."

Holden says his goal is very simple.

★ ★ ★

"It's to retire. I'd like to make a contribution of some kind to this business, and then get out of it.

"I don't like acting. I never did. Acting with me has only been a means to an end—an end I don't even know.

★ ★ ★

"I've worked for 20 years, and I'm still about where I started. I'd quit in a moment if I could afford to.

★ ★ ★

"If I had the money and my druthers, I'd like to tie up with some organization such as the National Geographic Society and go on archeological and exploring expeditions that might in some way help man better understand man."

# New Mortgage Filings Show 10.3 Pct. Drop

CHICAGO — During the first three quarters of 1957 a total of 2,462,000 mortgages, with a valuation of $18,290,000,000, were recorded throughout the nation, according to the United States Savings and Loan League.

★ ★ ★

This represented a decline of 10.3 per cent in number and 11.2 per cent in dollar value compared with the same 1956 period.

Both Turn Away Just in Time

# Navy Plane Almost Hits Airliner Over St. Louis

ST. LOUIS (AP)—An American Airlines plane with 44 persons aboard and a Navy plane narrowly missed a collision 500 feet above Municipal Airport yesterday.

The airliner, piloted by Capt. Ted Kasper of Grapevine, Tex., had just taken off for Dallas when the Navy AD6 swooped out of the 1,000-foot ceiling. The Navy plane passed above the DC7.

★ ★ ★

Lt. E. V. Thomas, pilot of the Navy plane, said he turned away quickly when he saw the DC7. He said he had been unable to contact the control tower by radio because bad weather had jammed communications.

The weather had also prevented Thomas, flying in from Norfolk, Va., from landing at Scott Air Force Base near Belleville, Ill., his original destination.

★ ★ ★

The DC7 continued on to Dallas. Its first officer, Kenneth Phelps, Irving, Tex., told a newsman: "It was coming straight at us from about a 45-degree angle. I shouted, 'Level off, Ted, there's a plane out there.' He did. It wasn't enough. I grabbed the control column and pushed the plane down.

"The other plane passed about 50 feet over our tail. We leveled off, then began climbing again.

★ ★ ★

"I don't think the passengers felt a thing."

Kasper said he did not see the Navy plane and added, "It's a good thing Ken did."

## Says Government in Need of Women

BELFAST—It is "dreadful" that so little use is being made of women's practical experience in the running of Northern Ireland, Mrs. J. W. Haughton of Ulster's Council of Social Service, told a women's meeting in Belfast.

Commenting on the work that women have done in education, health, welfare and other services, she noted that of the elected members of Government only 2.5 per cent are women.

This, she said, is "lamentably inadequate." Virgually nothing is being done anywhere in Ulster to prevent juvenile delinquency, Mrs. Haughton said. She suggested this as a subject which could very well be studied. Quite a lot, she said, is done to assist juvenile delinquents but only after they get into trouble.

## Reactor Supplied With Packaged Nuclear Lab

CHICAGO — A packaged nuclear laboraory is the heart of a new $30,000 system for setting up nuclear engineering programs in colleges.

Other parts of the system marketed by a Chicago company include operating instructions, detailed student and group experiments, and help for each institution in getting nuclear materials and working funds from the Atomic Energy Commission.

A small reactor supplied with the system is a water-moderated, natural-uranium, subcritical type.

## Bay Colony Circulated Paper Money in 1690

BOSTON — In 1690, when some soldiers were clamoring for their wages, the Massachusetts Bay Colony found it necessary to issue paper money. From time to time it was used by other colonies and later by the Continental Congress during the Revolution.

Overissuance and the lack of proper redemption provisions led to the expression, "not worth a Continental." The plates for the first Continental currency were engraved by Paul Revere.

In both retail and wholesale volume, New York, Chicago, Los Angeles and Philadelphia lead the nation.

## Spurns Movie Job as 'Too Precarious'

EAST LONDON, S. Africa—Because a film career "is too precarious," a "Pineapple Queen" is coming back home to East London, South Africa, she advised her parents.

Jocelyn Shaw left a year ago to tour the continent and Britain to advertise Africa's pineapple industry. She has passed a film test for the J. Arthur Rank organization in London and could have signed a seven year contract for them, but without a fixed salary.

She decided that job would be too precarious. Miss Shaw's tour has ended and since July, 1957, she has occupied her time in London by modeling and television appearances.

## Textiles Still Leading Southeast Industries

ATLANTA—Textiles remain the Southeast's No. 1 industry by far, with annual production totaling 2.4 billion dollars. Food processing, a 1.2-billion-dollar-a-year industry, comes next, followed by chemicals, lumber and wood products, primary metals, apparel, pulp and paper. North Carolina is the area's leading industrial state with an annual output worth 2.6 billion dollars.

AP Wirephoto

**FUNNEL DIPS** — The long, tapering funnel of a small tornado snakes down on the small community of La Salle, Ont., late yesterday, but lifted before it could do any major damage. Trees were uprooted, greenhouses smashed and barn doors ripped off, but no injuries were reported.

# Tornado Flicks Windsor Suburb

## 1 of 3 Funnels Dips at La Salle, Ont.; Only Slight Damage Caused

LA SALLE, Ont. (UPI)—Three airborne funnels played hopscotch through the sky over the lower Detroit River area here late yesterday before one of them brushed low over La Salle, uprooting trees, smashing a greenhouse and taking the roofs off farmers' outbuildings.

★ ★ ★

No one was injured. The funnels, along with thunderstorms and heavy showers, were sighted first over southern Detroit suburbs, but jumped over the river into Canada without doing any damage.

**The Weather Bureau described them as "isolated," never issued a tornado forecast or warning for southeast Michigan and said it would be extremely unlikely if one of them touched ground.**

None of them did, but the one small twister—only about 10 feet in diameter—dropped to tree-top level on the edge of La Salle.

★ ★ ★

Farmer Ulysse Blondy's buildings suffered the worst damage. He lost a greenhouse worth $500 and the roof of an outbuilding. Other farmers lost parts of barn roofs in the winds that reached 65 miles an hour around the funnel.

**The tornado capsized several boats, wrecked some rowboats and threw one the equivalent of three city blocks onto Highway 18.**

Along the highway telephone and hydro wires were down half an hour while a large fallen tree cut off traffic for a similar period.

La Salle, despite memories of a tornado which, on June 17, 1946, killed 17 and injured an equal number, took the tornado in stride.

---

Sisal is not as tough as manila (abaca) but is used to make millions of pounds of binder and baler twines.

# *West Bloomfield Mother Saved by Son's Action*

A West Bloomfield Township mother was saved from possible death as a human torch this morning by her 16-year-old son.

Mrs. Thelma LeBrun, 48, of 7640 Barnsbury, was reaching into a cupboard over the kitchen stove at about 8 a.m. when a lighted burner set fire to her clothes.

With the flames spreading rapidly over her body, she ran to the bedroom where her son, James, 16, was in bed. He quickly began beating out the fire with his hands and blankets.

Mrs. LeBrun was admitted to St. Joseph Mercy Hospital with second degree burns of the back, while her son was treated for second degree burns of the hands. She is in satisfactory condition.

SUCCEEDS STRITCH — Gregoire Pierre XV Cardinal Agagianian, above, has been named pro-prefect of the Sacred Congregation for the Propagation of the Faith, governing body for missionary activities of the Roman Catholic church. Appointment of the Armenian rite priest by Pope Pius XII fills the post vacated by the recent death of Chicago's Samuel Cardinal Stritch.

## Giza Pyramids Ancient Wonder

### Big Revival of Interest in Ancient Lore Touched Off by Excavations

CAIRO — At the right of the Sphinx, a rocky cliff, pierced with tombs, serves as a pedestal for the Great Pyramid of Cheops — one of the seven wonders of the ancient world. So immense are the pyramids at Giza that Napoleon once claimed that their stone could be used to build a wall ten feet high and one foot thick around the whole of France.

* * *

Near the Sphinx is a funeral temple uncovered in perfect condition a century ago. Here, the dead bodies of the old kings were purified and wrapped in bandages prior to being placed in ornate coffins. An ancient scroll indicates that the embalmment of one of King Chephren's wives lasted 272 days before the body was laid to rest inside a secret chamber of the pyramid.

**Recent excavations around the pyramids have touched off the biggest revival of interest in the lore of ancient Egypt since the opening of King Tut's tomb in the Valley of Luxor. Archaeologists have unearthed two 5000-year-old "solar" boats, which the old Egyptians believed carried the souls of the dead to the afterlife.**

Each ship lay perfectly preserved in an air-tight subterranean passage. Each has a cabin to shelter the soul of the dead Pharoah on his journey around the sun. The ships were well stocked with food and drink for royal feasts, and with clothing and weapons for the dead monarch. The story goes that thousands of slaves were killed when these hiding places were sealed to make sure that no one divulged the secret.

The vast necropolis behind the Sphinx is now being excavated. Evidence indicates that the old Egyptians built in stone, sculptured in bronze, made perfect household utensils and used cosmetics 700 years before Christ. When all the bits and pieces in this ancient jigsaw are fitted together, there's a chance that even the age-old riddle of the Sphinx will be unraveled.

## British Foreign Trade in 1957 Sets Record

LONDON—Britian's imports and exports hit record highs in 1957, both rising about 5 per cent in value and 5 and 3 per cent, respectively, in volume.

Exports were nearly double the volume of 1948, but the volume of imports was about the same as 20 years ago.

## 2 Buses, Car Collide, Injuring 19 Passengers

WICHITA, Kan. (AP) — Two Wichita Bus Co. buses and an auto collided yesterday, injuring 19 passengers on the buses.

A chartered bus, carrying students of a scheduled bus at a street intersection, police said. The impact knocked the scheduled bus into an auto.

Elias Ruiz, driver of the chartered bus, told police his brakes failed.

Lack of vitamin A is believed a cause of night blindness.

About 21 per cent of the atmosphere near sea level is oxygen.

## Prefer Rotten Tomatoes

BREMOND, Tex. (AP) — The bottom has dropped out of the market and farmers are letting tomatoes rot in the fields in this tomato-growing center.

Farmers said the 2 cents a pound price isn't enough to pay for gathering the tomatoes.

## Korea Turncoat Weds

MARIN CITY, Calif. (AP) — Turncoat La Rance V. Sullivan, Korean War veteran who returned to the United States recently after several years in Communist China, has married. The bride, according to a sister, is Berniece Brown, Menlo Park, Calif.

A male mosquito is a vegetarian and does not bite.

# 2 Bicentennials in Nova Scotia

## 200 Years Ago Britain Seized Louisburg and First Election Held

WASHINGTON — Nova Scotia, a pastoral fringe of Canadian soil with a remarkable history of precedents, is observing two bicentennials this year.

Two hundred years ago Britain signaled the crumbling of French power in America by seizing Louisburg, the great seaport bastion of France's northern possessions. General Wolfe, hero of the victorious 1758 siege on Nova Scotia, was destined to complete the British conquest of Canada on the mainland.

**Later that year Nova Scotians signaled the birth of elective government in Canada. They chose 22 of their own people to form Canada's first assembly, which convened October 2, 1758, in Halifax, their capital.**

For many years the seagirt peninsula had been a shuttlecock in the Franco-British contest for the continent. Nova Scotia's original inhabitants, the Micmac Indians, had made life a horror, especially for British settlers. The French-speaking Acadians had been expelled—a tragic event immortalized by Longfellow in his classic "Evangeline."

With the events of 1758 dawned happier, more peaceful days for Nova Scotia. It was a haven for Loyalists in the American Revolution.

An air of peace still hangs over the maritime province, tied to neighboring New Brunswick by a strip of tidal meadow. To some mapmakers Nova Scotia resembles a lobster reaching 200 miles into the Atlantic. Its claws are Cape Breton Island, enclosing the shimmering Bras d'Or Lakes.

**No place in Nova Scotia is more than 50 miles from the sea. Salt air blends with breezes redolent of spruce. Cattle graze on sunny hillsides, and boats tack into quiet harbors under leaning sails.**

Nova Scotia's 700,000 inhabitants number many proud descendants of early Scottish, British, and New England settlers—and those of homesick Acadians who found their way back thousands of miles to native soil.

### Pine 246 Feet Tall

GRANTS PASS, Ore. — One of the world's tallest ponderosa pines has been found in Meyers Valley, 18 miles west of Grants Pass. It is 246 feet high and has a maximum diameter of 57 inches. Foresters estimate it contains 14,000 board feet of lumber.

**DIPLOMAT** — Edward T. Wailes has been nominated by President Eisenhower to be U. S. Ambassador to Iran. Wailes, a career diplomat, is a former minister to Hungary.

## *Boy Pays $115 for Tugboat Ride as Voyage Flops*

NEW YORK (AP) — Leonard Calvert III, 17, is minus his bank account as well as a contemplated stowaway trip to Europe.

Leonard, who just completed his junior year at University High School, Los Angeles, Calif., had formulated a plan to get abroad this summer.

★ ★ ★

First, he quietly obtained a passport. Then, on the eve of going to a camp near his home, he withdrew his $115 savings and bought a plane ticket to New York.

He bade his parents goodby and flew here Tuesday. They thought he was at camp. Yesterday he walked aboard the liner Ile de France after paying the 50-cent admission charge for persons visiting the ship before it sails.

★ ★ ★

He hid in a washroom as the ship got under way. About 20 minutes later, a purser found him, questioned him and called authorities. Leonard was brought back in a tug.

Commented the youth: "I never thought it would cost me $115 for a tugboat ride."

### Steam Used by Trains

BONN—Steam locomotives still account for 76 per cent of German railroad mileage. This compares with 90 per cent in 1949. Electric locomotives do 11 per cent of the work and diesels 13 per cent.

### Whooping Cranes Take Tallest-Bird Honors

FORT WORTH — The whooping crane, more than 5 feet in height, is the tallest North American bird. It should not be confused with white birds of the heron family which, though smaller and slighter, are sometimes incorrectly called cranes. The heavily built whooping crane sometimes weighs 25 pounds.

Mount Rainier National Park is said to have about 500 kinds of flowering plants.

### Firemen Catch Boy

PORTLAND, Me. (UPI) — Firemen caught an eight-year-old boy red and purple handed after he turned in a false alarm. They had smeared the handle of an alarm box with red and purple dye after one false alarm. When the second bogus alarm came in the next day they looked at the hands of youngsters in a crowd watching the fire trucks and picked out the guilty youngster. Fire Chief Carl P. Johnson turned him over to police for a lecture.

### Life Insurance in U.S. Scores 10 Per Cent Gain

NEW YORK—According to the Institute of Life Insurance, some 109,000,000 persons in the United States owned $458,000,000 worth of life insurance at the start of 1958. The net increase in insurance in force during 1957 amounted to about 43 billion dollars, nearly 10 per cent more than the record gain scored in 1956 and double the increase registered in 1950.

Finland contains more than 60,000 lakes.

# U. S. Still Plans Sending Atomic Experts to Geneva

WASHINGTON (AP)—The United States called the Soviet Union's propaganda hand today and notified Moscow that U.S. experts will be in Geneva July 1 as agreed for technical atomic talks.

The U.S. move was agreed upon at a White House meeting last night between President Eisenhower and Secretary of State Dulles.

★ ★ ★

It seemed likely that, unless the Soviet Union also showed up for the meeting, the Kremlin would be trapped in a backfire of its own cold war maneuvering.

Western diplomats were surprised yesterday when the Soviet Union did an about-face less than 24 hours after indicating it would have Soviet and East European experts on hand at Geneva, where the technical talks are due to open next Tuesday.

Soviet Foreign Minister Andrei Gromyko handed U.S. Ambassador Llewellyn Thompson a note saying Soviet nuclear experts would not attend unless the United States took a position in advance that a ban on nuclear weapons tests is needed. Some U.S. experts already were en route to Geneva.

The Geneva talks are planned to discuss possible methods of policing any East-West agreement to ban such tests.

Dulles has said the talks should be purely technical, steering clear of international political matters.

But he also has said the technical talks would not prejudice the position of either side and might prove beneficial to the prospect of agreement on halting nuclear tests.

The new Soviet position was that Dulles has laid down conditions unacceptable to the Soviet Union.

Eisenhower cut short a golf game for a hurried conference with Dulles. The decision was to go ahead.

But it also was agreed to send a note overnight telling the Soviet Union to show up at Geneva on schedule or stand exposed as trying to squeeze concessions out of the United States without really being interested in halting atomic tests under adequate safeguards against cheating.

★ ★ ★

In London, the British Foreign Office said the Geneva talks are necessary and expressed hope they would take place. There was similar reaction from the French government.

## *German First Produced DDT During 1874*

NEW YORK—The so-called wonder chemical, DDT (dicholorophenyl-tricholoroethane) which in recent years has been used to virtually eradicate malaria from the world, is not new. It was synthesized in Germany in 1874, but it was not until 1939 that Paul Muller discovered its power to kill certain types of insects.

By 1944 the United States was producing 4,700 tons a year of the insecticide, 24,000 tons by 1947, and last year production totaled 65,000 tons.

★ ★ ★

DDT has no greater killing power than many other insecticides, but possesses the ability to kill for many months after it has been applied, making it especially effective against mosquitoes. It also is harmless to humans when used properly.

## India Plans to Open Agriculture University

NEW DELHI — An agricultural university, the first of its kind in India, will start functioning by mid-1959 at Rudrapur in Uttar Pradesh.

It will have colleges of science, animal husbandry, agriculture, and agricultural technology.

# Weird Monster Roams Ocean

## Man-Made Bathyscaphe Searches Several Miles Below Surface

WASHINGTON—A strange man-made monster is roaming the depths of the ocean.

Known as a bathyscaphe, meaning "deep boat" in Greek, it looks much like a submarine. But unlike a submarine, it can dive to the bottom of yawning abysses several miles below the surface.

★ ★ ★

Scientists lie in a ball-shaped gondola attached to the underside of the craft. With powerful searchlights opening up the world of eternal night, they peer through an observation port at weird creatures that have dwelt so long in darkness they have lost the power of sight.

**Discoveries made during 59 dives in a bathyscaphe were reported in May by French Navy Lieutenant Commander Georges S. Houot to the National Geographic Society. In 1954, Houot and Lieutenant Pierre Henri Willm made the deepest undersea dive ever achieved, reaching a depth of 13,287 feet.**

These dives have given science a much better understanding of how animals actually live on the floor of the sea. Earlier, scientists had to depend largely on guesses based on studies of dead fish that had been trawled up.

★ ★ ★

**A startling discovery made on the floor of the Mediterranean was a fish with "legs." This creature, known as Benthosaurus, hops across the sea bottom on stilt like fins. Its presence in the Mediterranean is still denied by specialized manuals, but Houot brought back photographs to silence the skeptics.**

In the Atlantic Houot observed a giant crab with a carapace measuring 20 inches. In the middle depths of the sea, he saw a fish, Paralepis, that swims up and down like a high-speed elevator.

### Turned Down by Lloyd's

ATLANTA (UPI) — Officials of Atlanta's zoo found out that Lloyd's of London won't insure everything, after all. Lloyd's declined to issue a $20,000 policy on a wall of the jungle cat building, at the base of which workers plan to blast out a moat. The premium was too small for the risk involved, insurance officials said.

# News of Service Personnel

Army Pvt. Carl Strong, son of Mr. and Mrs. Harry Strong of Keego Harbor, has completed basic training at Fort Knox, Ky. and is home on leave until July 6 when he will report to Selfridge Air Force Base for two-weeks study in guided missiles. He then will be sent to one of the Nike sites in this area.

STRONG

ANDERSON

Airman Basic Patrick Ellis Anderson, son of Mr. and Mrs. John Anderson of Cameron avenue has enlisted in the U.S. Air Force and is stationed at Lackland Air Force Base, San Antonio, Tex. where he is studying electronics.

# June, July Offer 'Fun in the Sun' for Everyone

If you had your pick of the months—January, February . . . June, July . . . September . . . or November or December—which one would you pick as the one you would like to have stay the longest?

★ ★ ★

An independent and impartial survey taken recently of thousands of Michiganites showed the top choices being June or July—months where everybody can find some place to have "Fun in the Sun."

**The reason for this pick among Pontiac and Oakland County residents is obvious. Where else can one find such an abundance of beautiful lakes, parks, golf courses and other recreation facilities?**

★ ★ ★

You'd have to look far to beat this part of the "Water Wonderland."

**ANYONE KNOWS THAT**

Kids didn't have to be asked their favorite months. "When there's no school," they say, looking at you wondering how anyone could be so foolish as to ask such a question. Then off they scamper, not to return until their stomachs growl for supper.

**It's June and July when golf clubs really are put to work. Our lakes seem to come alive with swimmers, water skiers, and those who like nothing better than to float lazily in their favorite boat.**

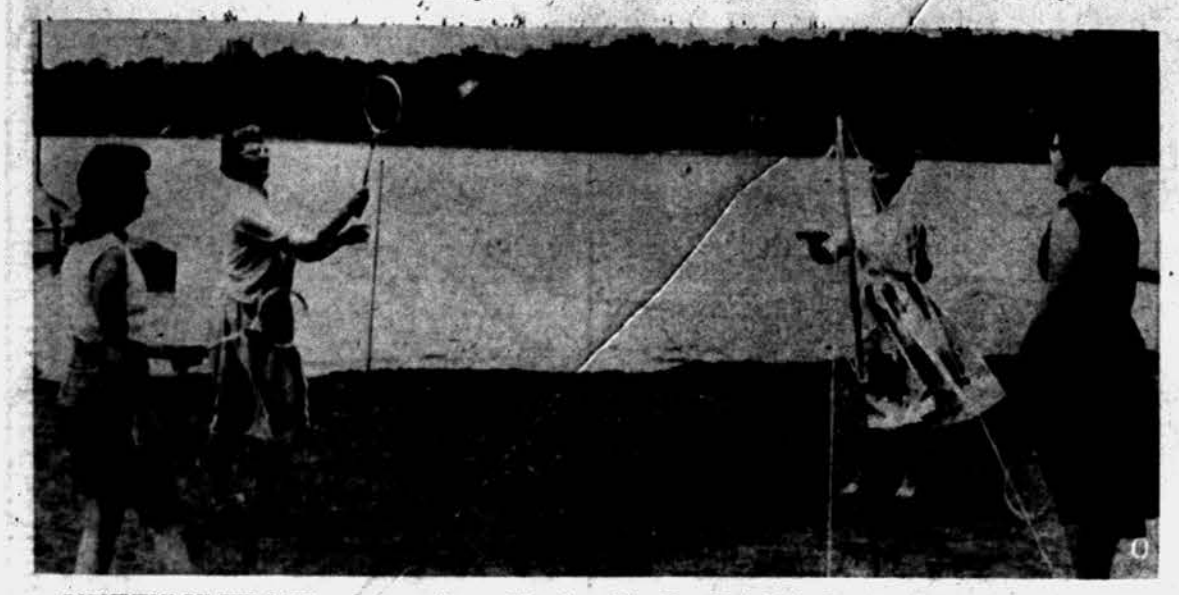
Convertible owners love the "Fun in the Sun" months. Businessmen look forward to donning open sport shirts.

★ ★ ★

Picnics are a must on warm evenings. Whether you favor Bermuda shorts or not, this is the time they are seen.

**It isn't so bad to awake these mornings to see the sun instead of pitch dark. And at the other end of the day it's a pleasure to see Old Sol sticking with us longer.**

Some say they get more done these days. Others say not. Regardless, it's still "Fun in the Sun." Ask anyone.



**BADMINTON BY THE LAKE** — Just one of many "Fun in the Sun" summer sports to enjoy is this game of badminton. This shuttlecock is getting a working over from (l-r) Mrs. Sheldon Covert, of 3681 Covert Rd., Mrs. Glenn Fries, 2031 Watkins Lake Rd., Mrs. Fred Brede Jr., 2111 Watkins Lake Rd., and Mrs. Francis Fleck, of 1326 Florence Ave. The game took place at the Pontiac Yacht Club on Watkins Lake.

**RIGHT DOWN THE MIDDLE** — Herb Nicholson (right), of 8241 Golf Ln., takes summer months over others because it's when golf is at its best. The same goes for Harold J. Tompkins (middle), of 8311 Lagoon St., and Jim Pirie, of 7707 Locklin Ave., as they await their turn on the tee at Morey's Golf and Country Club, 2280 Union Lake Rd.

Pontiac Press Photos by Tom Gerls

## Landing of Father Marquette to Be Restaged at St. Ignace

ST. IGNACE (AP) — A significant and colorful event depicting some of the history made at St. Ignace nearly three centuries ago will be staged here Sunday, as part of the Mackinac Bridge dedication festival.

The event will be a portrayal of the landing at St. Ignace of the famous Jesuit missionary priest and explorer, Father Jacques Marquette, who established a mission here in 1671.

★ ★ ★

Two years later, in 1673, Father Marquette set out with Louis Joliet, French fur trader and explorer, and a few French voyagers in two canoes to explore the Mississippi as a possible long sought passage to the West.

**The journey back to St. Ignace was never completed by Pere Marquette. He died from a lingering illness on his return voyage and was buried on the shore of Lake Michigan near the present city of Ludington.**

In 1677, a large flotilla of canoes, manned by his beloved Indians, returned Father Marquette's body to its final resting place at St. Ignace.

★ ★ ★

At his burial site, known as Father Marquette Park, a Father Marquette Day pageant is presented annually. The event traditionally takes place on the second Sunday in August. This year, upon special request of the Mackinac Bridge dedication committee, the pageant will also be presented at noon Sunday as a special feature of the bridge celebration.

**The portrayal of Father Marquette's landing at St. Ignace was first inaugurated on a foggy Sunday morning in August, 1949, by the St. Ignace Knights of Columbus Council.**

This first presentation was witnessed by approximately 500 people and since that time many thousands have been in attendance.

The pageant takes place on the shores of Moran Bay in St. Ignace opposite Father Marquette Park and is followed by a field mass celebrated in Father Marquette's honor near the site of his grave.

★ ★ ★

The landing is portrayed with a number of canoes transporting Indians and a representative of Pere Marquette to the shores of the bay.

This is followed by an authentic Indian welcoming ceremony for him and his party of Indians, who originally came from another mission on the southern shores of Lake Superior.

After the Indians, who appear in colorful paints and regalia, stage their dances, they follow the black robed priest to the altar site for celebraion of mass.

★ ★ ★

Another phase of the ceremony that is known to be most authentic is singing, in an Indian tongue, by a group of local residents of Indian descent whose ancestors learned the hymns they sing from Jesuit missionaries who spoke their dialect.

This year the sermon will be preached by the Rev. Marshall L. Lochibiler, S. J., University of Detroit rector.

## Tiny 'Explorer' Almost Lost at Dedication

MACKINAC BRIDGE (UPI) — One of the nation's most important pieces of hardware—an Explorer satellite—nearly got lost in the shuffle at dedication of the Mackinac Bridge today.

The first public showing of one of the few Explorers not racing the heavens right now was authorized by Army Secretary Wilber Brucker several weeks ago.

★ ★ ★

The Redstone arsenal at Huntsville, Ala., stripped a satellie of all classified equipment and sent it by Railway Express to Detroit's Ft. Wayne. It was relayed to St. Ignace in an Army ambulance.

★ ★ ★

The space vehicle was spotted by a reporter in the basement of the Mackinac Bridge Authority Office, propped up against a hot water pipe.

"It's so small (80 inches long) compared with the bridge and all the big missiles we have on display here that we weren't quite sure what to do with it," an Army spokesman said.

It was finally decided to put the satellite on display in the military exhibit area in St. Ignace.

**"NEXT TIME WE'LL . . ."** — Pontiac Press photographer Tom Gerls caught these two sailors mapping the next day's race strategy along the dock at the Pontiac Yacht Club on Watkins Lake. Hap Graves (left), of 448 Lynch St., and Eugene Bego, (right), of 96 Osceola St., plan ahead while their Detroit friend, John Lamb, waits on the dock.

**FUN IN THE SUN** — There's no doubt that the Fries' brothers, left to right, Kurt, 2, Derrick, 4, and Mark, 3, are having just that while playing at the beach. The ingredients for such a time are a beach, a pail and a beach ball.

## Politics Is Muted Topic as Leaders Praise Bridge

**MACKINAC BRIDGE (AP)—Everybody praised the bridge and the men who built it, and nobody mentioned Michigan's upcoming election—at least not officially.**

**That was the situation that developed in the plush Grand Hotel on Mackinac Island yesterday as some of the state's top ranking politicians gathered to honor the postmaster general, the Straits of Mackinac Bridge, and a 3-cent postage stamp.**

Postmaster General Arthur E. Summerfield, a Republican, made a flying trip from Washington, D. C., to attend a luncheon given in his honor by the Bridge Authority.

**The Democrats, eager for Gov. Williams to grab a big share of the bridge glory, looked askance at the timing of the affair a day before the start of the dedication ceremony.**

Williams though, got a choice seat at the speakers table and gave the second longest speech of the day behind Summerfield. U.S. Sen. Charles E. Potter (R-Mich) sat at the same table but didn't say a word to the audience of nearly 200.

★ ★ ★

Half a dozen Republican Congressmen came with Summerfield and got together with state GOP leaders upstairs to talk politics. At the table everybody steered clear of it.

**Summerfield depicted the bridge as an example of America's ability to win the war of economics with the Soviet Union when it has a mind to.**

Williams held it up as a prime example of Michigan's "can do" spirit.

Summerfield asserted, and Williams nodded in agreement, that Robert Wallin, 17-year-old Mackinaw City high school boy, gave the best talk of the day. He read an essay on "what the bridge means to me," one that won him a $50 bond in a contest among Straits area teen-agers.

## Scouts Will Serve 87 Visiting Queens

ST. IGNACE (UPI) — The 87 city, county and state queens who will participate in the Mackinac Bridge dedication are being greeted by Boy Scouts as they arrive here today and Friday.

Fifteen Sault Ste. Marie Explorer Scouts have been assigned as baggage porters and car washers for the queens who will stay at Soo Tech during the festival.

Five of the scouts will serve as porters while the others will wash the white convertibles which have been assigned to each queen by the Oldsmobile Division of General Motors.

## Governors Don't Come—Lots of Relatives Do

MACKINAC BRIDGE (UPI)—All Gov. G. Mennen Williams had in the way of guests at the Mackinac Bridge dedication today—save one—was a "houseful of relatives."

★ ★ ★

The governor had invited all the 47 other state governors to attend the three-day ceremonies that began today. Gov. Albert B. (Happy) Chandler of Kentucky was the only one who nibbled at the invitation but then he begged off at the last minute.

★ ★ ★

"They all said they were too busy," said Williams.

The only official Williams' guest at the state-owned mansion on Mackinac Island was Canadian Secretary of State Henri Courtemanche.

"But I have a whole houseful of relatives," Williams said.

## Big Bridge to Be Closed First Time Since Opening

MACKINAC BRIDGE (UPI)—What wind, waves, ice and snow have failed to do—namely closing the Mackinac Bridge to traffic—pomp and ceremony will.

★ ★ ★

For the first time since its opening Nov. 1, the bridge will be closed for about a half hour Friday, at 4:00 p. m., to allow 85 beauty queens in open convertibles to roll across the bridge.

On Saturday, traffic will be held up in the two bridge cities, St. Ignace and Mackinaw City, from about 11:00 a. m. until 1:30 p. m., while the bridge dedication ceremony is carried on at the north anchor block, St. Ignace.

★ ★ ★

The Mackinac Bridge Authority will issue printed cards to every delayed motorist, apologizing for the closedowns.

The bridge authority said the only exception to the bridge closedown will be in case of extreme emergencies.

## Governor Calls Turns After Walking Bridge

CHEBOYGAN (UPI) — Gov. G. Mennen Williams was kept hopping on his busy schedule last night at the Mackinac Bridge festivities.

★ ★ ★

The governor, who walked five miles across the rain-swept bridge yesterday morning, called the turns last night at square dances for 100 leading Michigan 4-H Club members.

★ ★ ★

It was part of an agricultural show at the bridge festival last night and will continue tonight and tomorrow at the Cheboygan Fairgrounds.

## 3-Day Fete Opens at Bridge

STRAITS OF MACKINAC BRIDGE (AP) — Michigan started a solid 72 hours of merrymaking today as it dedicated the world's longest and costliest suspension bridge.

With parades and fireworks, thousands touched off the three-day celebration at the Straits of Mackinac, where the new bridge joins Michigan's two peninsulas for the first time since the Ice Age.

★ ★ ★

Star of the show is "Mighty Mac" — the five-mile-long bridge, built in 3½ years at a cost of 100 million dollars.

Its 7,400-foot suspension span is longer than any other in the world.

The bridge connects Michigan's two peninsulas at a point where the Straits of Mackinac join Lakes Michigan and Huron.

Open for business since the start of the deer hunting season last Nov. 1 (minimum fee, $3.25 one way), the bridge has awaited warm weather and tourists for its formal dedication.

★ ★ ★

Two Michigan Republican politicians — Postmaster General Arthur E. Summerfield and Army Secretary Wilbur M. Brucker — got the ball rolling yesterday. Gov. G. Mennen Williams and his Democrats will run the show pretty much from now on.

Construction of the bridge, climaxing 70 years of dreams, was a major engineering feat.

Because of swift, treacherous currents and fierce winds that whip through the area at velocities up to 78 miles an hour, skeptics for years have said no such bridge could be built.

★ ★ ★

But Dr. David B. Steinman, its designer, says the bridge not only is safe — it's the safest in the world and can withstand winds of infinite velocity.

Nearly 3,500 men helped build it and five died in construction accidents.

Michigan looks upon the bridge as a big tourist attraction and expects to foster industry and business growth in the sparsely populated Upper Peninsula.

## Postal Workers Weary at Bridge

MACKINAC BRIDGE (AP)—Weary postal workers at St. Ignace and Mackinaw City heaved a collective sigh of relief today after passing their biggest test.

Together, they put more than 450,000 first-day "covers" of the new 3-cent stamp commemorating the Straits of Mackinac Bridge.

The blueish-green stamp went on sale for the first time yesterday at the two terminal cities of the bridge. Today they are available at all the nearly 37,000 post offices across the country.

Stamp collectors from throughout the nation and foreign lands as well flooded the local post offices with requests for first-day cancellations. To accommodate them, nearly two dozen extra persons went on the federal payroll at St. Ignace and some three dozen at Mackinaw City.

# Start Teamster Reform Drive

## Court Monitors Issue Orders on Cleanup for Locals in 3 Cities

WASHINGTON (AP) — Court-named monitors have started a major crackdown to reform James R. Hoffa's scandal-rocked Teamsters Union.

The drive is being steered by Martin F. O'Donoghue, a veteran labor lawyer who for a time last fall represented the Teamsters in a suit against the union. He told a reporter: "I'm going to call 'em as I see 'em. If they don't like it, let them blow their tops."

★ ★ ★

O'Donoghue and two fellow monitors issued clean-up orders yesterday aimed at Teamsters locals in New York, Philadelphia and Springfield, Mo. The monitors also closed they are checking surety bonds of Teamsters officials all over the country to weed out convicted hoodlums.

★ ★ ★

Hoffa, Teamsters president just acquitted in New York on wire-tapping conspiracy charges, has called a meeting of the national union's executive board here next Monday. The union's top bosses will have to decide whether to go along with O'Donoghue or buck him.

★ ★ ★

Two members of the 15-man executive board are involved in the New York and Philadelphia locals subject to monitor orders. But it is indicated that if O'Donoghue meets opposition he will complain directly to U. S. District Court Judge F. Dickinson Letts, who appointed him.

Working with O'Donoghue as court-appointed monitors are Godfrey Schmidt of New York and L. N. D. Wells of Dallas.

# *Farmer Flings Body of Fox Before Hunters*

KINGSBRIDGE, England — The hunt was about to move off at Kingsbridge, England, when a local farmer drove up in his car.

★ ★ ★

He shouted: "Here you are, blood your pack. They don't know what a fox looks like." He threw a dead fox to the hounds. Farmer John Tucker later said: "Some people say I shouldn't have done it. But the only fox the hounds caught this season was so old it was toothless and could not jump a hedge. What I did was a joke, with some feeling behind it."

★ ★ ★

"The hunt isn't doing its job properly. I was told that someone called the police when I showed my fox. But some of the women were delighted. Although enthusiastic hunt followers, they have never seen a fox before."

## Uses Recipe of Wife

PLAINVILLE, Conn. (UPI) — After beating several women in a cooking contest, Roland Ernest reported, "It was easy — I just used a recipe in my wife's cookbook."

# *Sluggers Faced Baseballs Shot From Cannon*

NEW YORK — Although the use of mechanical baseball-pitching devices to save muscles in batting practice is generally considered a development of the past decade or so, a device was made and used in 1897 to perform the same service.

It was a special cannon that used gunpowder to fire the baseballs. Attachments of iron rods were available to shoot curves that broke nine inches or more in any desired direction.

★ ★ ★

The cannon was later modified to resemble a large blunderbuss to be fired from the shoulder. As the ball left the barrel, it rubbed against steel plates that caused the ball to spin and thus to curve.

# Physician, Son Burned to Death

## Wife, Two Children Escape From Blazing Massachusetts Home

NEWTON, Mass. (UPI) — A physician and his young son burned to death early today before the eyes of his screaming wife when flames flashed through their two story home.

The victims were identified tentatively as Dr. Robert Buka and his son, Richard, about 4 years old.

★ ★ ★

Police said the two were trapped inside the burning home and efforts to save them were futile.

**Buka's wife, Magda, escaped with the one-year-old baby, Stephen, and her oldest son, David, 12. Both the mother and infant were burned, but not seriously. The oldest son escaped injury.**

A witness to the tragedy, next door neighbor Joseph Paglia, said he awoke to find the house "in a solid sheet of flames."

★ ★ ★

"The mother was standing in the front yard screaming for help," he said, "holding the infant in her arms and the other boy by her side." A neighbor tried to enter the home but was driven back by the flames, he said.

**He said that by the time firemen arrived there was little they could do to rescue the trapped father and his son.**

The two-alarm fire was brought under control about an hour after the flames broke out. Fire officials said they were not immediately able to determine the cause of the blaze which virtually destroyed the frame dwelling.

## Algeria Stirs Again, 13 French Soldiers Die

ALGIERS (AP) — A score of clashes between French forces and Algerian nationalists were reported today. Newspapers estimated the fighting and a military accident took the lives of 28 Frenchmen and 57 rebels.

Thirteen French soldiers were killed when a helicopter collided with a trainer plane.

Africa has a coastline of 19,000 miles and an area of 11,629,000 square miles.

# Producing X Rays Without X Rays

CHICAGO—X rays made without X rays — photographs of human bones taken without an X-ray unit —have been achieved with an ultrasonic recorder built to test atomic-reactor fuel elements used at Argonne National Laboratory, Chicago.

Normally, scanner - recorder waves trace cavities in the reactor's uranium-alloy fuel elements. When scanning waves pass over flaws, they are absorbed and show up as white space on the recorder's electro-sensitive paper. Variations between flesh and bone are similarly recorded.

The Yellowstone River in Montana is navigable for about 300 miles, according to present estimates.

# Directional Finder Made Easier to Use

CHICAGO — A 6-pound portable, battery-operated, visual radio directional finder has been developed for use in small aircraft and boats. The device's turning indicator shows course deviation to the right or left and a warning light indicates low battery power.

The unit is said by its Chicago manufacturer to be easier to use and more foolproof than conventional audio finders with their silent on-course, audible off-course signal, since the silent response can be caused by power failure or bad reception.

## Leads in Avacados

LOS ANGELES — California supplies about 60 per cent of the nation's avocado production.

# Instilling Imagination in Campaign Appeals

ANNAPOLIS, Md. (AP) — They're dragging out the paraphernalia in Anne Arundel County, priming the political pump for the May 20 primary election.

A county commissioner candidate has yo-yos for the small fry too young to vote. A sheriff aspirant has hand mirrors labeled on the back, "The lady on the reverse side is requested to vote for candidate . . ."

One candidate for commissioner has small placards mounted on pegs. They will be driven into the highway beside potholes saying, "I will fix this."

New Orleans situated on the Mississippi river is actually 107 miles from the river's outlet into the Gulf.

LONELY OHIO HOUSE — High on its own island stands this house at the intersection of U.S. Route 14 and the Ohio Turnpike in Portage County. Harland Fogle, a real estate dealer, had to postpone wrecking the house when excavating machinery came early to his 45-acre lot. The land is being developed for business.

# Quiet Fiji Islands Draw Many American Tourists

SUVA, FIJI ISLANDS (INS) — If you can put up with raw fish and sleeping in 110 degree heat without a fan — and still say, "Hip, Hip, Cheerio," then come to the Fiji Islands.

If you do, you'll join hundreds of American tourists who are discovering that the palm fronded Pacific isle isn't as idyllic as the travel folder says, but definitely more interesting.

★ ★ ★

A few years ago Suva, in the British colony of Fiji, was a comparatively deserted Pacific isle — a name known only to romantics and readers of James Michener's "Tales of the South Pacific."

**Today Suva is deluged with travelers and tourists, to the surprise and delight of crusty retired British sea captains who run Suva's sleepy affairs with monocled despotism.**

In 1957, 50,000 air travelers visited the Fiji Islands and tourism was up one-fifth over the previous year. Almost half of the tourists are Americans.

"But blimey," remarked a stern Briton recently, "I can't see why any American would want to come to Suva."

★ ★ ★

Suva boasts nary a cabaret or night spot and sidewalks begin to get rolled up at 6 p.m. The town has no first class restaurant and one tourist complained that the British run their hotels like "an army barracks."

In one hotel there is "lights out" at 9 p.m.

In the Grand Pacific Hotel, for example, conservative minded British Colonials are reluctant to change their mode of life and live almost exactly as their grandfathers did 50 years ago.

**They loathe new-fangled air conditioning and won't even use a ceiling fan when the temperatures soar past 100 degrees in the hurricane season.**

To make matters worse a hotel servant is likely to rouse you at 5 a.m. and ask you disarmingly: "Would you care for a spot of tea?"

★ ★ ★

But the "Coral Capers" of Suva appeal strongly to American tourists who have been cuddled and pampered during sojourns to Hawaii and the Riviera. Now they want the "primitive" touch.

An American businessman who stayed at the island, said laughingly:

**"I like coming here and going native but half the fun is watching the British way of doing things."**

The bulk of the American tourists tramping to the Fiji Islands are veteran, seasoned globe girdlers, most of them middle aged with children married or in college.

Recently the bushy-haired denizens of Fiji almost dropped their spears in amazement when 19 sprightly, elderly ladies tropped into the Korolevu Beach Hotel.

★ ★ ★

Bored with monthly bridge in Boston, the gentle dames decided to transfer their monthly engagement 8,000 miles to a sunnier clime.

The gals nibbled raw fish, watched a Fijian tribe in action and capped a perfect day with lights out at nine.

---

Mississippi now has about 4,300 miles of hard-surfaced, all-weather roads.

## Brandenburg Gate in Berlin Repaired

BERLIN — Berlin's famous landmark, the Bradenburg Gate, badly damaged during the war, has been repaired. A new copper roof was added, 10,000 sandstone squares were replaced, all reliefs were restored, and the entire structure was cleaned and touched up. The work was done by the East German government.

West Berlin's contribution to the landmark, which stands on the divided city's border, was the restoration of the statuary group known as the Quadriga. This gigantic depiction of Victory driving a four-horse chariot, which belongs atop the central arch of the gate, is now being cast in copper from plaster molds of the original and will be ready by summer.

### Hides Money in Station

BURLINGTON, Vt. (UPI) — Police were unable to locate $25 stolen by a 15-year-old girl until she told them where it was. The teenager said she hid the money in the police station when she was left alone for a few minutes in the duty room.

### Sales, Production Lags Stop

## Two Chief Slumps Halt

WASHINGTON (AP)—The Commerce Department says the slump in sales and production, one of the chief factors blamed for the recession, has stopped.

★ ★ ★

In the only broadcast statement so far from any government agency in support of contentions the recession has hit bottom, the department said:

**"Recently both sales and production have steadied. The downtrend which began in early 1957 has been arrested at a point about 15 per cent under the end of 1956 total."**

However, the department said there is no clear evidence yet of a slowing down in inventory liquidation—which it described as the most important single factor aggravating the business slump.

The department said business statistics during May changed little from April—a month when the rate of decline slackened.

## Infrared Rays Find Mislabeled Oil

CHICAGO—A method of detecting mislabeled motor oil—used oil sold as new—by use of infrared rays has been developed by the Armour Research Foundation of Illinois.

While virgin oil is refined from only one of a small number of crude oils, reclaimed oils may contain an assortment of crudes.

The infrared rays detect the number of crude sources in the oil and a statistical analysis of the infrared spectra of virgin and reclaimed oils sifts the old from the new.

## New Zealand Castle Offered for $28,000

CHRISTCHURCH, New Zealand —A castle, complete with massive stone lions, elaborately carved woodwork, and a 90-foot ball-room, is being offered for sale here for £10,000 ($28,000).

It is Larnach's Castle, a well-known landmark on the Otago Peninsula, and was built in the 1870's by W. J. Larnach, then a Cabinet minister. At current costs it would take £250,000 tob uild such a castle.

The structure is built mainly of local stone, but included in the materials used were shiploads of colored marble from Italy, granite from Scotland, and timber from all parts of the world.

### U.S. Leads All Nations in Plywood Production

WASHINGTON—With only 8 per cent of the world's accessible forest area, the United States produces 30 per cent of the world's supply of lumber, 52 per cent of its plywood, 41 per cent of its wood pulp, 35 per cent of its paper, and 66 per cent of its paperboard.

## Says DeMille 'Improved'

HOLLYWOOD (AP) — Cecil B. DeMille's condition is "definitely improved," his physician reports. The 77-year-old producer was taken to Cedars of Lebanon Hospital last week suffering from a circulatory disorder.

Puerto Rico is a mountain crest, volcanic in origin.

Pontiac Press Photo

**SHOWING THEM HOW** — Robert W. Wisdon, left, new youth director at the Pontiac YMCA, shows Susan Rosengren, 10, and Ricky Brace, 8, how to use tiles. Looking on is John J. Moreau, swimming director who had been acting as youth director. Registrations are still being taken for girls, eight years and older for the Summer Fun Club. The boys section is filled up. Offered are group singing, arts, crafts, woodshop, swimming and gym.

## Decides Not to Give Painting to President

MILAN, Italy (AP)—A wealthy young British-German divorcee has withdrawn her offer to give President Eisenhower an old and perhaps valuable painting. The well-known amateur artist of 1600 Pennsylvania Ave. apparently was not much interested anyway.

Mrs. Katherina Williams, a 29-year-old brunette, cabled the President yesterday that art experts had questioned the authenticity of her painting.

The woman offered the painting to the art-loving President, she said, to inspire him in his leadership of the free world. She said it was the work of the Italian was called "Il Giorno" (The Day) and showed the Madonna and Child with St. Jerome.

When "Il Giorno" showed up in the Parma art gallery, Mrs. Williams said her painting was a preliminary sketch for the museum piece.

* * *

In her Milan hotel, she explained that some experts now had expressed the opinion the painting probably was the work of one of Corregio's imitators.

Mrs. Williams had said her picture was appraised by an American expert at $100,000. She said she had made a down payment to the owner, the Countess of Ostheim, who still has the painting.

Another thing that isn't like it used to be is the older generation . . . Raising children isn't very hard; it's getting them to bed that's a problem. —Earl Wilson.

## Philippines Inviting MacArthur to Return

PHOENIX, Ariz. (AP) — Gen. Douglas A. MacArthur has an invitation to return to the Philippine Islands and receive a rousing welcome from the citizens that he liberated in World War II.

The enthusiastic reception was promised yesterday by Philippine President Carlos Garcia, himself a wartime resistance leader. Garcia and the retired general met in Garcia's New York hotel suite briefly before Garcia left for Phoenix to continue his tour of the nited States.

Details of the meeting were disclosed in Phoenix by Philippine Ambassador Carlos P. Romulo.

You're middle-aged, friend, (says Mary Alkus), if you can remember finding a penny—and being able to buy something with it . . . The way the price of haircuts is going up, a person'd think that hair is hard to get.—Earl Wilson

# Two-Home Families Increasing in U.S.

LIKE TWO CARS IN THE GARAGE — Second homes like this vacation retreat are becoming a new U. S. way of life.

NEW YORK (NEA)—A second home may become as common as a second car within the next decade.

That's the prediction of many experts in the building field. Already, they point out, weary apartment dwellers are escaping to "the outside" and become home owners, even if it's just for that long weekend respite.

★ ★ ★

The summer or vacation home market is growing also among families with a monthly mortgage to meet on their everyday homes. And, say the experts, it will continue to grow as others feel the need of a retreat as suburbs build up.

**This need, explains architect-writer Bob Englebrecht, is almost as if the town house-country home living of a past century had come full cycle, with this big difference: A summer home of the next decade won't be a whim of the very rich.**

"Those I know going in for summer homes," he says, "are those with incomes under $10,000.

"Most of them feel that the investment is not a calculated risk but a normal growth. Each year as Dad brings home a little more money, the family goes up the scale of living. They also know they can sell these homes for almost 100 per cent profit."

★ ★ ★

The idea of having a second home to lounge in is exciting to most, especially the young in heart. But even more exciting is that these no longer are one-room cracker boxes, with-outdoor facilities.

Key to success of a vacation home is the off-key approach people can take to it. Some get so off-key, Englebrecht adds, that the owners become confused and ask, "How informal can you get?"

**Architects find the second-home area challenging because they have a freer hand. Various sallies into economical vacation home design show what can be done with a budget in mind. Among these are a $7,000 T-shaped, prefabricated structure by Norman Cherner and a $1,000 geodesic dome (half a bubble) home by R. Buckminster Fuller.**

Another example of an easy-to-erect and inexpensive home is the A-frame beach cabin. It looks like an elongated tepee and sports two bedrooms on the top deck with a porch, living room, built-in kitchen and bathroom on the first deck.

Extensive use of beams and panels, both for support and decoration; rampant colors, and rugged, bright materials add to their individuality.

★ ★ ★

Probably the biggest selling feature of a second home is its freedom from concise and dogmatic life—the Main Street traditions of what a home should be.

**"If people are living in a house they like, they might not go away," is Englebrecht's explanation for the growing popularity of colorful second homes. "It seems they leave things that tend to plague them."**

The extremely foresighted saw the trend coming when families rushed to camp sites after World War II. But Englebrecht points out an interesting sidelight to the theory that people want to rough it.

"People are less inclined to pioneer for themselves once they get through the day-to-day complexities of working and traveling to work," he says.

★ ★ ★

"They don't want to wear themselves out building. Thus a builder who offers them a package vacation home for a set monthly payment probably will make a sale."

Still, building a vacation cabin is one of the strongest vestiges left of the do-it-yourself trend, according to a spokesman for the Douglas Fir Plywood Association.

**"People," he says, "feel that expert workmanship isn't as important out in the woods or on the beach, and these are the normal sites for second homes.**

**"Thus, there's a fertile field for the home handyman who wants to put up the shell of a basic structure and improve it in gradual stages."**

## Instant Coffee Sales Score Huge Increase

NEW YORK — The nation's grocery stores sold $440,000,000 worth of instant coffee in 1957 compared with about $20,000,00 in 1945. Instant coffee now accounts for about one fifth of grocery-store coffee sales.

# Deaths in Pontiac and Nearby Areas

**WILLIAM CREGER**

William Creger, 76, of 210 Ferry Ave., died Tuesday after an illness of two weeks.

He was a carpenter and a native of Pontiac Township.

Surviving are two sisters, Mrs. Hazel Thompson and Mrs. Mabel Sage of Pontiac; and three brothers, Joseph of Pontiac, John of Almont and Grover of Flint.

Service will be at 1 p.m. Saturday from the Farmer-Snover Funeral Home with burial in Oak Hill Cemetery.

**MRS. JAMES C. NASH**

Mrs. James C. (Bertha M.) Nash, 71, of 140 Ogemaw Rd. died suddenly early this morning in St. Joseph Mercy Hospital.

She was a member of Central Methodist Church and the Marian Shaw Circle of her church.

Surviving besides her husband are a son, James C. Nash Jr. of Geneseo, Ill.; two daughters, Mrs. Enar West of Pontiac and Mrs. Kester Carleton of Flint; four grandchildren; a brother and three sisters.

Service will be at 2:30 p.m. Saturday from the Sparks-Griffin Chapel with burial following in White Chapel Memorial Cemetery.

**MRS. HARRY L. ARMSTRONG**

LAKE ORION—Service for Mrs. Harry Leroy (Martha) Armstrong, 81, of 201 Lapeer St., will be held at 10 a.m. Saturday at St. Joseph Catholic Church. The Rosary will be said at 8 p.m. Friday at Allen's Funeral Home, Lake Orion. Burial will be in Eastlawn Cemetery.

Mrs. Armstrong died early this morning at Pontiac General Hospital Annex. She was a member of the Macabees.

Surviving is a daughter, Mrs. Ray McIntyre of Hazel Park.

**LEO F. H. DARGIS**

AUBURN HEIGHTS — Leo F. H. Dargis, 69, of 2950 Churchill Rd., died last night at Pontiac Osteopathic Hospital following a seven-month illness.

An Army veteran of World War I, he had been employed at General Motors Truck & Coach Division.

**Surviving are his wife, Mary; a daughter, Mrs. Helen Anderson in California; two brothers, Edward of Lansing and Godfrey of Flint; and one grandchild.**

The body is at the Moore Chapel of Sparks-Griffin Funeral Home, Auburn Heights.

**MRS. GLEN LAMPHIER**

IMLAY CITY — Service for Mrs. Glen (Bertha) Lamphier, 83, of 2350 N. Summers Rd., will be held at 2 p.m. Friday at the Lester Smith and Son Funeral Home with burial in Goodland Township Cemetery. She died Tuesday.

Surviving are her husband; three daughters, Mrs. Hazel Barr of Sparta, Ohio; Mrs. Lydia McCullough of Detroit; and Mrs. Esther Worthen of LaCanda, Calif; and one son, Arthur Bowles of Rose Meade, Calif.

**MRS. SAMUEL SNOVER**

NORTH BRANCH — Service for Mrs. Samuel (Margaret) Snover, 72, of Kings Mill, a former resident of Lapeer County, will be held at 2 p.m. tomorrow at Blackburn Funeral Home in North Branch. Burial will be in Lum Cemetery.

Mrs. Snover died Thursday. She was a member of American Legion Post 457 Auxiliary, and the Blue Star and Gold Star Mothers clubs.

Surviving are four sons, Howard of Lamb; Robert of Farwell, James of Rochester and Albert of Kings Mill; six daughters, Mrs. Hazel Potwin of Pontiac, Mrs. Georgia Dombroski of Lapeer, Mrs. Edgar B. Joseph of Lake Orion, Mrs. Vernon Vore of Ortonville, Mrs. Mildred Schlau of Attica and Mrs. Myrl Smith of North Branch.

Also surviving are three sisters and two brothers, 40 grandchildren and 15 great grandchildren.

## Deaths Elsewhere

By THE ASSOCIATED PRESS

BERLIN (AP)—Heinz Winkler, 49, Communist East Germany's reconstruction minister, died yesterday of head injuries he suffered recently while swimming in the Black Sea.

## Ship Collision Nowhere Near Bridge Bases

MACKINAC BRIDGE (UPI) — The collision of two freighters in the Straits of Mackinac did not occur near any of the Mackinac Bridge foundations, Coast Guard officials said today.

"The collision yesterday happened almost directly below the center span of the Mackinac Bridge but neither ship came at all close to hitting any of the span's supporting foundations," one Coast Guard officer said.

After the collision in a thick fog, rumors spread that one of the ships slammed into a bridge pier and "shook the bridge." The two ships, the S.S. New York News and the German motorship Korback, suffered only minor damage and no casualties when they sideswiped "stern-to-stern," the Coast Guard official said.

The Coast Guard Cutter Mackinaw rushed to the scene from Cheboygan, 15 miles away, and the Cutter Sundew of Charlevoix, which was cruising in the area, also hurried up.

The ships proceeded after investigation showed they were not severely damaged. The Korback was headed for Milwaukee, Wis., and the New York News was en route to Fort William, Ont.

The distance between the bridge's main towers is 3,800 feet —almost three-quarters of a mile.

## Boys Tell Gov. Williams 'You Own Bridge Now'

CHEBOYGAN (AP) — The Boys Club gave Gov. Williams a quit claim deed to the Mackinac Bridge last night and told him "You own the bridge now."

Stephen Sova and Billy Atchison gave the governor one of the 50,000 deeds being sold by the club to raise money to reopen.

Presentation was made at the Cheboygan Boys Club Building during a reception given for 115 Michigan 4-H stars taking part in the Mackinac Bridge dedication festival.

Maryland farmers often turn their turkeys loose in their tobacco fields to eat the worms and other insects which might damage the plants.

## Berlin Reds Report U.S. Prisoners OK

BERLIN (AP) — Communist East Germany reported today that nine U.S. Army prisoners are living in comfort on an "enforced vacation."

Deputy Foreign Minister Otto Winzer, who dealt with the United States in the case, said the Army men were getting "absolutely correct treatment."

In an exclusive interview, Winzer gave this first report on the handling of the American prisoners who had strayed across the border in a helicopter early this month.

The East German official expressed confidence that Moscow would reject the latest U.S. demands for intervention to release the prisoners.

## Safety Building Alarm Set Off by Workmen

Fire equipment from all parts of Pontiac rushed to the Public Safety Building about 1:30 p.m. yesterday in answer to an alarm.

They found that workmen drilling a hole in a basement masonry wall had vibrated a master fire alarm box, setting off the alarm.

# Claim Protests Went Unheeded

## 47 in Southfield Say 'Old Folks' Home OK Given Behind Backs

SOUTHFIELD — A group of 47 Southfield residents claim that the old township Board of Appeals didn't heed their protests against construction of an "old folks" home in their neighborhood, and went ahead and approved it behind their backs.

★ ★ ★

The group has asked Oakland County Circuit Court to issue a permanent injunction against the new city to stop construction of the proposed $1,000,000 Carmelite Sisters "Old Folks" hospital on Beech road north of Eight Mile.

**Residents charge in a suit that the three-member Board of Appeals on April 9 conducted a "hurried and unlawful" hearing at which time they first postponed action, and later approved construction after citizens had left the meeting.**

Judge Frank L. Doty set July 12 as the date when the city must state why the requested injunction should not be granted.

★ ★ ★

Those who filed the suit claim the "semipublic, three-story, 40-high structure, to be used as a private old folks home" would be out of keeping with their neighborhood.

# Hughes-Campbell Vows Exchanged at Rochester

ROCHESTER—The First Congregational Church in Rochester was the scene of the Saturday wedding of Mary Jo Campbell and Edwin S. Hughes. The Rev. E. John Yuells performed the rite.

The bride is the daughter of Mr. and Mrs. Horace A. Campbell of 145 Helen St., Rochester. The bridegroom is the son of Mr. and Mrs. Alan Hughes of 1720 Livernois Rd., Rochester.

★ ★ ★

The bride wore a floor-length white dress featuring a Sabrina neckline and long Chantilly lace sleeves, ending in points over the wrist. The net skirt was fashioned with four inserts of Chantilly lace.

**Clusters of sequins trimmed the neckline and front panel of skirt. A tiara of seed pearls and sequins held her fingertip veil. She carried a white Bible with a white orchid and streamers of stephanotis.**

Sheila Boyney, cousin of the bride, was maid of honor. Ruby Ketner was bridesmaid.

★ ★ ★

Alan Hughes of Royal Oak was his brother's best man. Ushers were Donald Mandley of Center Line and James and Donald Campbell, brothers of the bride.

**A reception was held at Avon Park Pavilion.**

The newlyweds are spending their honeymoon in northern Michigan.

Following his 30-day leave, the bridegroom will return to Long Beach, Calif., where he is stationed with the Navy. The bride will remain in Rochester.

# Elementary School Staffs Filled in Orion Township

ORION TOWNSHIP — Teaching staffs of all Lake Orion District elementary schools have been filled, the Board of Education announced during its meeting last night.

Openings still remain, however, for an English teacher in the junior high school and a home economics, physics and social science teacher in the high school.

★ ★ ★

Representatives of Kieft Engineering Co., Clarkston, presented the board with a map of the newly-designed athletic field with recommendations that 35,000 yards of dirt be moved to level the field and provide parking space and adequate road.

**The high school field is being laid out for football, track and tennis. The board also announced the purchase of 3.2 acres east of the field in order to provide space enough for proper-size facilities.**

The board will advertise July 1 and 2 for bids on the grading and placing of two inches of black dirt on some areas of the field. Bids will be opened July 9.

★ ★ ★

It was announced that the board's annual meeting will be held at 8 p.m. July 14. Printed annual reports will be available to all persons attending.

This meeting is no longer required by law, members said, but will continue as long as there is sufficient interest in it.

JOYCE ANN WOOD

Mr. and Mrs. Bruce Wood of Sault Ste. Marie have announced the engagement of their daughter, Joyce Ann, to Airman Second Class Gerald W. Saunders, son of Mr. and Mrs. Harold Saunders of Airport road, Waterford Township. A Sept. 6 wedding is being planned.

# Robert Lee Named Southfield Engineer

SOUTHFIELD — Robert G. Lee, former Birmingham and Oakland County Drain Commission engineer, has been hired as Southfield's first city engineer.

Lee, 61, of 25 Oneida St., Pontiac, will receive an annual salary of $7,500. He will take over his position sometime after July 1, City Administrator Eugene M. Swem said.

A graduate of Michigan College of Mining and Technology in Houghton, Lee also was an engineer for Michigan Bell Telephone Co., the State Highway Department and the WPA.

LYNDA LITZNER

Mr. and Mrs. Herman A. Litzner of 1160 Boyd St., Troy, have announced the engagement of their daughter, Lynda, to Thomas Van Overberg, son of Mr. and Mrs. Louis Van Overberg of Kewanee, Ill. The bride-elect is a graduate of Elkhart University. Her fiance attended Western University in Illinois. A fall wedding is being planned.

# Flood Waters Cut Oklahoma Roads

GUTHRIE, Okla. (AP) — Two highways leading into Guthrie were cut by flood water, a third was threatened, and some 300 families were evacuated overnight.

Cottonwood Creek, swollen by recent rains, rolled out of its banks and blocked U.S. Highway 77 south of town, State 33 to the west, and forced the families from their homes.

The normally placid Cimarron River north of here was nearing flood stage and posed a threat to U.S. 77.

Evacuation of the families by a Red Cross disaster team and firemen continued throughout the night. Victims were sheltered in a school and church. No casualties were reported.

## N.Y. Port Authority Lowers Accident Rate

CHICAGO (UPI) — The New York Port Authority has dramatically reduced the number of disabling injuries to employes through a five-year safety program. The program set a safety record.

The 1957 rate of 4.34 disabling accidents per million man-hours worked was well below the industry average of 6.10. The rate was 30 per million man-hours at the start of the safety program in 1953, according to the Public Personnel Association.

One-half the geologists in the U.S. are engaged in the search for petroleum.

# New Corn Contains More Oil, Protein

URBANA, Ill. — Researchers at the University of Illinois have developed a new strain of corn said to contain 30 per cent more oil and 10 per cent more protein than normal hybrid varieties.

The new hybrid is reported to have these characteristics: uniform ear height, high grain yield, smut resistance, and proper maturity, shelling percentage, and standing ability.

DOLORES WOLIN

An Aug. 9 wedding is being planned by Dolores Wolin, daughter of Mr. and Mrs. Arthur O. Wolin of Dearborn, and Melvin Eckles, son of Mrs. Clyde Eckles of Bluebird drive, Commerce Township, and the late Mr. Eckles. The bride-elect is a graduate of Harper Hospital School of Nursing. The couple will be married at Mt. Olivet Methodist Church in Dearborn.

### For Oxford Area Students

# Teen Program to Open

OXFORD — A community youth recreation setup, called the Teen Garden, will be opened at 8 p.m. Saturday behind the Oxford High School. Activities will be held Friday and Saturday evening throughout the summer.

★ ★ ★

There will be dancing on a portable dance floor now being built, badminton, volley ball and table tennis. Picnic tables, potted evergreens and colored lights will decorate the area. All facilities may be moved into the school gymnasium during the winter.

An adult advisory board with representatives from the community service clubs will assist the youth group in its organization. Mr. and Mrs. Richard Figg, Oxford faculty members, will supervise the project.

★ ★ ★

Mrs. John Ruff, who initiated the idea, reports that cooperation of merchants, clubs and youth has been very encouraging.

The high school senior class will operate a refreshment concession but otherwise all facilities will be free to the 12 to 19-year-olds of the Oxford area schools and their personal guests.

### New Bloomfield Group Formed

# Charter Meeting Slated

BLOOMFIELD TOWNSHIP — The Federated Civic Associations of Bloomfield Township, officially organized this week, will hold its first meeting at 8 p.m. Tuesday to draw up a charter and form committees.

★ ★ ★

The meeting will be in the library room of Bloomfield Hills High School.

**The organization was established to represent 32 township civic associations in civic matters, members said. The group is an outgrowth of the Citizen's Tax Protest Committee formed a few months back.**

The organization will be governed by a 15-member board until an election of officers is held in January.

★ ★ ★

Members and the name of the association they represent are:

George Petzer, Wing Lake, (chairman); C. C. Christensen, Kentmoor; Fred Warner, Eastover Farms No. 2; James Clarke, Upper Long Lake Estates; Jack Marshall, Franklin Long Lake Estates; Stewart M. Cran, Bloomfield Manor.

Others are D. B. Dickerson Jr., Wing Lake; H. V. Beggs, Hadsell Highland; Burke Bartlett, Charing Cross Highland Community; Albert Listman, Canterbury Hills; Noel F. C. Habercost, Eastover Farms No. 1; August Shaak, Bloomfield Heights; Otis Fockler, Bloomfield Acres; Margaret Begovich, unattached; and A. J. Picotte, unattached.

Nearly all are presidents of individual civic associations.

# Stethoscope Made for 'Sick' Engines

EASTON, Pa. — An Easton engineering concern has developed an industrial stethoscope for diagnosing what's wrong with a "sick" machine.

The device, which picks up sounds and amplifies them, is expected to be useful in helping engineers locate the source of trouble in machines that vibrate or sputter too much.

JANET DEA STAYT

The engagement of Janet Dea Stayt to Harold J. Hamilton has been announced by her parents, Mr. and Mrs. Gordon Stayt of 5805 Winslow St., Waterford Township. The prospective bridegroom is the son of Mr. and Mrs. A. W. Hamilton of 2865 Oldsmobile St., Waterford Township. The wedding date hasn't been set.

# Carpenter-Jordan Vows Spoken at Milford Church

MILFORD—The Mandon Lake Community Church was the scene Friday evening of the marriage of Wanda Lee Jordan to Ronald D. Carpenter.

Performing the double-ring, evening rite was the Rev. Dorr W. Fockler.

Parents of the bride are Mr. and Mrs. Hubert L. Pike of Julia street, Milford. The bridegroom is the son of Mr. and Mrs. Clare S. Carpenter of Brookneal street, Walled Lake.

**The bride wore a ballerina-length gown of Chantilly lace and nylon net over taffeta, featuring a Sabrina neckline and long pointed sleeves.**

Her fingertip veil of French illusion was secured by a tiara of seed pearls and sequins, and she carried a nosegay bouquet of white carnations and stephanotis.

Sharon Gail McKenna was maid of honor. Bridesmaids were Beverly Ann Tuscany and Sharon Lee Carpenter, sister of the bridegroom. Terri Lee McNamara of Orchard Lake was the flower girl.

**Best man was the bride's brother, Lynn of Milford. Joel Still, the bridegroom's cousin, and Thomas Craig, both of Walled Lake, were ushers.**

The reception was held in the church parlors following the ceremony.

The newlyweds will make their home in Pontiac when they return from their honeymoon trip through northern Michigan.

The real name of the famous British Highland Regiment known as "The Black Watch" is "The Royal Highlanders." But, they still cling to "The Black Watch" name by which they were first known when they were organized in 1729.

# Head-On Crash Fatal to Driver

## Madison Heights Man Dies in Car-Truck Wreck on Dequindre Road

STERLING TOWNSHIP — One driver was killed instantly and the other uninjured in a car-truck, head-on collision about 2:30 this morning on Dequindre road, just south of 15-Mile road.

The victim was Thomas P. Geist, 27, of 1684 Moulin St., Madison Heights.

Ivie Shelton, 32, of Detroit, who was driving a tow truck, told Macomb County deputies he had pulled off to the side of the road and blew his horn at Geist's oncoming auto which was weaving from side to side.

The car straightened out, however, Shelton said, so he drove back onto the road and was hit headon.

Both Shelton and Geist were alone in their cars.

FREDA LANGMAID

The engagement of Freda Langmaid of Sashabaw road, Drayton Plains, to Jerry Hamilton has been announced by her parents, Mr. and Mrs. Fred Langmaid of Cass City. The prospective bridegroom is the son of Mr. and Mrs. H. T. Hamilton of Rochester. A summer wedding is

# Foreign Student to Study Here

## To Attend High School Under American Field Service Program

For the first time in its history, a foreign student will attend Pontiac Central High School nex fall under the American Field Service program.

★ ★ ★

The local committee appointed to make arrangements for the student's arrival, expecte dsometime in August, includes: The Rev. Galen E. Hershey, chairman and in charge of funds; Mrs. Alfred Rothweiler, in charge of home arrangements; Iama C. Hook, school relationships; and Mrs. Paul Gorman, publicity.

**According to Rev. Hershey, the cost of bringing a student to this country is approximately $650 and this must be raised in Pontiac. The student would be a senior from 16 to 18 years old.**

The AFS is a private, non-profit organization which was established to further understanding and good will among the people of the world.

★ ★ ★

Its purpose is to bring teenage students from abroad to study in American high schools and preparatory schools and live with American families for a year.

---

A PCH teenager will be sent abroad to spend the 1949 summer.

Rev. Hershey said his committee is now looking for a home in Pontiac where the student may live for one year.

## *Ziem Willing to Exchange Assistants*

Oakland County Prosecutor Frederick C. Ziem isn't trying to get rid of any of his assistants, but he's willing to exchange one with another county.

Ziem came up with the idea of exchanging assistant prosecutors with other counties from the exchange of mayors every year during "Michigan Week."

**So he contacted Prosecutor Cecil A. Byers of Macomb County and the plan jelled. Ziem intends to dispatch his First Assistant Robert D. Long to Mt. Clemens for a day, and Byers will send one to Pontiac.**

"Both will be observing procedures in each other's office with the hope in mind of improving overall efficiency," Ziem said. "If it's successful, we might send some of the others to other counties," he added.

## Twins Identical Again After 2nd Breaks Arm

CHARLOTTE, N. C. (AP) — Neighbors of identical twins Richard and Robert Galloway, 7, at last had a means of telling them apart when Robert turned up two weeks ago with a broken left arm in a sling.

Then Richard had his turn.

Results: identical plaster casts, idental left slings — identical twins.

## *Hold the Cream —Coffee WILL Cool Quicker*

PHILADELPHIA (AP)—What's the fastest way to cool your coffee, assuming you use milk or cream?

Do you put the cream in right away, or hold off a bit?

Is this academic? It was to start with. But not now.

★ ★ ★

At Cornell University, in New York State, two coffee-keen professors fell to arguing these points. Their talk was so intriguing that two seniors — Robert L. Seidel, Cresskill, N.J., and Darwin A. Novak, East St. Louis, Ill. — resolved to get at the scientific truth about it.

For their entire senior year, these two grappled with the poser. They came up with a 78-page paper, complete with formulae, graphs and a slew of higher mathematics.

★ ★ ★

A brief abstract of their findings tells you that coffee cools faster if the drinker waits a little while to pour in the milk or cream.

The students found, under laboratory conditions, that a cup of coffee takes 425 seconds to cool off enough to drink, if the milk or cream is put in at once.

If you wait 10 seconds before adding milk or cream, however, the coffee cools a minute and half faster than it does unter the I-can't-wait system.

★ ★ ★

The students conceded that to some the rapid cooling of coffee borders on sacrilege. In Britain, for example, the milk is heated before it meets the coffee. And the philosopher, in any land, stands aghast at the guzzler of diluted brew that has lost both warmth and flavor.

Today, the American Institute of Chemical Engineers, holding its golden jubilee convention here, gave the bulky paper first prize in its international competition for student papers.

## Russian Seaman Asks for Asylum

WALLS, Shetland Islands (AP) —A seaman from a Soviet tanker fled from his ship, escaped 30 pursuers in a chase across the seaside moors, and asked Britain for asylum.

The man, an Estonian, rowed ashore last night in a small boat from a vessel in the Soviet herring fleet fishing off the coast of the Shetlands. A posse of crew mates followed him in an invasion of British soil.

★ ★ ★

The refugee reached a farmhouse, where he collapsed in exhaustion. His pursuers failed to find him.

He turned himself in to Lerwick police station this morning and asked permission to stay in Britain.

Three Soviet trawler captains demanded a chance to talk to the seaman. Their request was refused.

★ ★ ★

In London, a Foreign Office spokesman said facts would have to be established before any decision on protesting to Moscow about disregard of British sovereignty.

## Dag's Plane Diverted by New York Fog

NEW YORK (AP)—Dag Hammarskjold, United Nations secretary general, flying back from Lebanon, was unable to land in New York today because of fog. His plane was diverted to Boston.

The Pan American World Airways plane arrived over Idlewild shortly before 8 a.m. and circled for an hour before heading for the Massachusetts city. It was one of about 50 planes delayed by the fog.

---

The western red cedar is one of the most important commercial trees that grow in British Columbia.

Bob Considine Says:

# U.S. Prisoners Languish in Red China Cells

GENEVA — What ever became of 1) the League of Nations, and 2) those Red Chinese - American talks about Americans still being held prisoner by the Chinese Communists?

Well, the answers are 1) the League did not completely succumb during World War II, and 2) the talks have come to a halt on a point of diplomatic snobbery.

★ ★ ★

Several functions of the old League, framed by Woodrow Wilson and fellow dreamers, are performed under the banner of the U.N., or continue as independent agencies, in the fine buildings where good men once prayed that peace eternal could be contrived.

**Among these activities are overall guardianship of world health, the governing of international telecommunications, and the fight against the traffic in narcotics and women.**

As for the talks out of which it was hoped would come the bloodless release of our people in the hands of the Chinese, they were conducted on the ambassadorial level for more than two years. Our spokesman was Alexis Johnson, ambassador to Prague. Their side was represented by Wang Ping Nan, Red China's ambassador to Warsaw.

The men met about 50 times in an office in the League's old Palais des Nations. The two countries shared the modest rent, a rare bit of business—with the enemy. About two dozen Americans were released over that period, a great many of them missionaries.

**At least four more, known to be alive, including a U.S. Army civilian employe who is a nephew of singer Morton Downey, were under discussion when the State Department assigned Johnson to Bangkok.**

We attempted to continue the talks by using Ed Martin, first secretary of the U.S. Embassy in London as our representative. Wang withdrew promptly. The meetings were to be on the ambassadorial level or there would be no meetings. That was several months ago. We have not seen fit to comply with this protocol, which we earlier observed. The prisoners languish.

**SAYS CHINESE HELD**

Chief bone of contention through the years was Wang's charge that the U.S. was holding dozens of Chinese who had been attending American schools and universities when the Korean War broke off all ties between the two lands.

For proof, Wang produced many letters written by some of these Chinese to their families back home: Real tear jerkers stating that they missed their loved ones very much but were unable to leave the U.S.

**Johnson would explain at length that the State Department long since contacted every Chinese of this category now in the U.S. and offered them complete freedom to leave for home.**

Out of perhaps 2,000 interviewed, four accepted the invitation. The others—most of whom have good jobs and some of whom have new families—confine themselves to writing sad letters.

★ ★ ★

One of the more efficient world organizations now functioning in old League of Nations offices is the International Telecommunications Union. It has many more member nations than the U.N.—99 to be exact.

**Its function is to keep the air waves in order, and it is a colossal job. There is only just so much space for the assorted electronic beams that are being shot into the air by radio, TV and wireless broadcasting stations, transoceanic wireless messages, ships, planes, land stations, sea stations, pipeline companies, trucking companies, taxis, doctor services and hams.**

Fending off a babel that would create utter confusion (and have lessly about the skies) is a tre- without fuss, feathers, politics or the cause of peace held the same ocean-flying planes wandering aim- mendous job that is being handled stormy debate. One wishes that urgency.

**RECEIVE FIREPLACE** — Two residents of the Oakland County Youth Home which opened this year at 7350 Cooley Lake Rd., Waterford Township, look at the home's new fireplace with William O. Moulton Jr., superintendent. It was built with the $500 gift from the MOMS of America, Berkley Unit 9. They are Janet Mortz and Connie Craven, both 16. The money also purchased five picnic tables for the children, aged 12-17 who live at the home which accommodates 72.

## Two British Children Lauded for Heroism

LONDON — Hailed recently as Britain's youngest heroes, David Jones, 5, and his sister, Joy, 3, were awarded the Royal Humane Society's Testimonial Parchment for bravery. They live in Llanwrthwl, Wales.

The children were playing together when Nigel Thomas fell into a tank of water and was in danger of drowning. Not panicking, Joy pulled at the child's hair while David hung on to his arm.

It was a desperate situation, with both the brother and sister in danger of being pulled into the deep water. But after several anxious minutes of heaving they managed to haul their little friend to safety.

**WAKE UP RARIN' TO GO**

**Without Nagging Backache**

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain —you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains, 2. by soothing effect on bladder irritation, 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 60 years. New, large size saves money. Get Doan's Pills today!

## Pellets Planted to Fight Cancer

### Particles of Radioactive Metal Placed Deep in Malignant Tissue

SAN FRANCISCO (UPI) — Cancer experts have reported that bits of radioactive metal, planted deep inside malignant tissue, offer the best treatment developed so far for inoperable lung cancer.

The report to doctors attending the annual meeting of the American Medical Association was made by a medical team from Memorial center for Cancer and Allied Diseases in New York.

Dr. William Watson, head of the team, said the pellets of radioactive iridium have produced shrinkage of tumor material in most of the patients whose lung cancer couldn't be helped, by surgical removal.

**One patient has lived for eight years and some others for five years, he said.**

The radioactive pellets aren't taken out. And like so many little X-ray machines, they bombard the cancer with lethal rays from the inside out.

This method of treatment, according to the doctors, does not cause radiation damage to noncancerous tissue around the malignancy, does not cause radiation sickness and makes it possible to deliver bigger doses of radiation to the tumor than is possible with conventional X-ray treatment.

They also said that the pellet treatment is less expensive.

**Meanwhile, the president of the AMA reported today on the issue of organized medicine, saying that free hospital care for Social Security beneficiaries could "destroy us as a nation and leave us bankrupt and debauched."**

Dr. David B. Allman, Atlantic City, N. J., made these remarks in replying to critics of the AMA's fight against socialized medicine in his message officially opening the AMA meeting here.

## Turns the Other Cheek

BIRMINGHAM, Ala. (UPI)— City Commissioner J. T. Waggoner had been given a rough going over by reporters at his news conference. But he took the newsmen out for coffee, telling his secretary as he left: "I'm on my way to prepare a table in the presence of mine enemies."

**WARD ORCHARDS DRAIN**

Notice of letting of drain contract and review of apportionments.

Notice is hereby given, that I, Daniel W. Barry, County Drain Commissioner of the County of Oakland, State of Michigan, will, on the 10th day of July, A.D. 1958, at the office of the County Drain Commissioner, Oakland County Service Bldg., 550 South Telegraph Road, in the City of Pontiac, in said County of Oakland, receive sealed bids until 2:00 o'clock, Eastern Standard Time, in the afternoon of that day, when bids will be opened and publicly announced for the construction of a certain Drain known and designated as "Ward Orchards Drain," to be located and established in the Township of Bloomfield and City of Pontiac in said County.

Said drain is divided into one Section having the average depth as set forth: All stations are 100 feet apart.

Section No. one beginning at station number 0-81.47 at the lower end of said drain and extending to station number 43+03 (except from Sta. 38+12.56 to Sta. 22+82.59) a distance of 4106.47 feet, and having an average depth of 11.30 feet.

In the construction of said drain the following quantities and character of tile or pipe will be required and contracts let for same:

33 lin. ft. 48" storm drain
2987 lin. ft. 36" storm drain
281 lin. ft. 24" storm drain
734 lin. ft. 18" storm drain
Catch Basin Leads —
44 lin. ft. 18" storm drain
214 lin. ft. 12" storm drain
209 lin. ft. 10" storm drain
14 each Manholes
14 each Catch basin
4 each Inlets
75 lin. ft. Open ditch

Said job will be let in one section, in accordance with the plans and specifications now on file with the other documents pertaining to said Drain, in the office of the County Drain Commissioner of the County of Oakland to which reference may be had by all parties interested, and bids will be made and received accordingly. Contracts will be made with the lowest responsible bidder giving adequate security for the performance of the work, in the sum then and there to be fixed by me, reserving to myself the right to reject any and all bids, and to adjourn such letting to such time and place as I shall publicly announce.

The date for the completion of such contract, and the terms of payment therefor, shall and will be announced at the time and place of letting. Any person desiring to bid on the above mentioned work will be required to deposit with the Drain Commissioner a certified check or cash or bid bond to the amount of 5% (five per cent) of the bid price, as a guarantee that he will enter into contract and furnish the required bonds as prescribed by law. Deposits of all unsuccessful bidders will be returned after contracts are awarded. The payments for the above mentioned work will be made as follows:

60% (Sixty per cent) cash payment
40% (Forty per cent) Drain Orders maturing July 1st, of each of the years 1959-1963 (both inclusive), and in five (5) equal installments.

Notice is further hereby given, that on Friday, the 1st, day of August, 1958, at the Drain Commissioner's office, County Service Bldg., 550 South Telegraph Road, in the City of Pontiac, County of Oakland, or at such other time and place thereafter, to which I, the County Drain Commissioner aforesaid, may adjourn the same, the apportionment for benefits and the lands comprised within the "Ward Orchards" Drain Special Assessment District," and the apportionments thereof will be subject to review for one day, from nine o'clock in the forenoon until five o'clock in the afternoon. At said review the computation of costs for said Drain will also be open for inspection by any parties interested.

The following is a description of the several tracts or parcels of land constituting the Special Assessment District of said Drain, viz:

City of Pontiac Acreage

T 3 N, R 10E, Part of Section 31
Lots 49 & 50—Vacated portions of Judson Bradways Washington Park Subdivision. Desc. as: Beg. at a pt. in the SE'ly. line of Orchard Lake Ave. which pt. is also the NE'ly cor. of Lot 49, Judson Bradway's Washington Park, a sub'n. of pt. of the S ½ of Sec. 31, T 3 N, R 10 E. Th. SE'ly alg. the N'ly, line of Lot 49—100 ft. to the SE'ly. cor.; Th. SW'ly alg. the rear of lot line of Lots 49 & 50 to the SW cor. of Lot 50; Th. NW'ly alg. the SW'ly. lot line of Lot 50—100 ft. to the NW'ly. cor. of Lot 50; Th. E'ly. alg. the SE'ly. line of Orchard Lake Ave. to the pt. of beg. Exc. that portion of the above described parcel lying NW'ly. of a line which is 15.2 ft. dist. from and parallel to the SE'ly. line of Orchard Lake Ave. as originally platted in Judson Bradway's Washington Park Sub'n. Liber 44, Page 39.

That portion of the following desc. parcel lying SE'ly. of Orchard Lake Ave. (M-218 Hwy.) and lying NE'ly. of M-58 Hwy.

Lots 51 to 60, both inc. desc. as: Beg. at a pt. in the SE'ly. line of Orchard Lake Ave. which pt. is also the NE'ly cor. of Lot 51, Judson Bradway's Washington Park a sub'n. of pt. of the S½ of Sec. 31, T 3 N, R 10E.; Th. S'ly. alg. the NE'ly. line of Lot 51—100 ft. to the SE'ly. cor. of Lot 51; Th. SW'ly alg. the rear lot line of Lots 51 to 60 both inc., to the S line of sd. sub'n.; Th W'ly alg. the S'ly line of sub'n. to the SW'ly. cor. of Lot 60; Th. NE'ly. alg. the SE'ly line of Orchard Lake Ave. to the pt. of beg.

Lots No. 446-465 (inc.) desc. as beg. at a pt. in the N line of Golf Dr. (formerly South Blvd.) which is also the SE corner Lot 445 of Judson Bradway's Washington Park Sub., a sub'n. of pt. of S½ of Sec. 31, T 2 N, R 10 E; thence N'ly. along the E'ly. lot line of sd. lot 445 to the NE corner; thence E'ly. along the rear lot line of Lots No. 446-465 (inc.) to the NE corner lot 465; thence SE'ly. to the NW corner Lot 468; thence NE'ly. to most N'ly corner Lot 469 on the SW'ly. line of Roland Rd.; thence SE'ly along the SW'ly line of Roland Rd to the intersection of Golf Dr.; thence W'ly. along the N'ly. line of Golf Dr. to the point of beg.

T 3 N, R 10E, of part of Section 31 Judson Bradway's Washington Park Outlet "B". Exc. that part in M-58 Hwy.
Lots 40-45 (inc.)
That part of Lots 46-48 (inc.) lying SE'ly. of M-218 Hwy.
Lots 61-82, (inc.)
The S½ of Lots 83-99, (inc.)
The S½ of Lots 442-445, (inc.)
Bloomfield Township

T 2 N, R 10 E, of part of N½ of Section 6, Ward Orchards Subdivision.
Lots 1-25 (inc.); Lots 52-76, (inc.) Lots 89-91 (inc.); That part of Lots 92-96, (inc.) lying SE'ly. of M-218 Hwy.; That part of Lot 97 lying SE'ly. of M-218 Hwy., and lying SW'ly. of M-58; That part of Lot 98 lying S'ly. of M-58 Hwy; That part of Lots 109 & 110 lying S'ly. of M-58 Hwy.; Lots 111-120 (inc.); The SE ¼ of Lots 121 & 122; Lots 121-149, (inc.); Lots 150 & 151 Exc. that part in M-58 Hwy.; That part of Lots 158 & 165 lying NE'ly of M-58 Hwy.; That part of Lots 171 & 172 lying SW'ly. of M-58 Hwy.; Lots 173-209, (inc.); Lots 228-258, (inc.); The NW ¼ of Lots 259-266, (inc.); Lots 267-270, (inc.); Lots 296-299, (inc.); Lots 323-337, (inc.); Lots 349-360, (inc.); Lots 444-463 (inc.); Lots 501-530, (inc.); Lots 562-593, (inc.); Lots 622-632 (inc.);

T 2 N, R 10 E, of Part of N½ of Section 6—Supervisor's Plat No. 2.
Lots 1 & 2; Lots 10 & 11; Lot 22; Lots 160-216, (inc.) Lots 255-269, (inc.); That part of Lots 3 & 17 lying NE'ly of M-58 Hwy.; That part of Lots 8, 9, 12, 13, 21, 23 & 27 lying SW'ly of M-58 Hwy.; That part of Lots 128-139, (inc.); lying NE'ly of M-58 Hwy.

Vacated alley beg. at N line of Sec. 6; Th. SE to the NW'ly. line of Desiax Avenue bounded on the NE by lots 151-153, (inc.) on the SW by Lots 1 and 2.

Vacated alley beg. at the SE'ly line of Desiax Ave.; Th. SE to the NE'ly. line of M-58 Hwy., bounded on the NE by Lots 140-150, (inc.) and on the SW by Lots 3 and 17.

Vacated alley beg. at the S line of Golf Dr., th. SE to the NW'ly. line of Humprey Ave., bounded on the NE by Lots 260, 263, 267, 265, 264, 262, 261, 260 and 255 and bounded on SW by Lots 156-204 (inc.), except those portions of above described Alley lying inside of Dorchester, Wagner and Leinbach Avenues:

SW'ly. ½ of vacated alley beg. at the SE'ly line of Humphrey Ave.; Th. SE to the NW'ly. line of Kloe Ave. bounded on the SW by Lots 205-216 (inc.)

Oakland County—at large; City of Pontiac—at large: Bloomfield Township—at large.

Michigan State Highway Department.

Now, Therefore, All unknown and non-resident persons, owners and persons interested in the above described lands, and you

Oakland County Clerk

SOL D. LOMERSON, Chairman, Oakland County Road Commission; JOHN C. MACKIE, Michigan State Highway Commissioner; WM. W. DONALDSON, Mayor, City of Pontiac; ARNO HULET, Supervisor, Bloomfield Township,

are hereby notified that at the time and place aforesaid, or at such other time and place thereafter to which said letting may be adjourned, I shall proceed to receive bids for the construction of said "Ward Orchards Drain," in the manner hereinbefore stated; and also, that at such time and place as stated aforesaid from nine o'clock in the forenoon until five o'clock in the afternoon, the apportionment for benefits and the lands comprised within the Ward Orchards Drain Special Assessment District will be subject to review.

And you and each of you, owners and persons interested in the aforesaid lands, are hereby cited to appear at the time and place of such reviewing of apportionments as aforesaid, and be heard with respect to such special assessments and your interests in relation thereto if you so desire.

Dated this 13th day of June A.D. 1958
DANIEL W. BARRY,
County Drain Commissioner
County of Oakland
June 25, 26, '58.

## Sen. Kennedy Backs Bill
# Asks Alaskan Statehood

WASHINGTON (AP)—Sen. John F. Kennedy (D-Mass) today urged statehood for Alaska as a demonstration to the world "that the United States is able gradually yet effectively to liquidate its colonial relationships."

His endorsement of the House-passed admission bill came as the Senate moved into longer sessions in an effort to speed debate, now in its third day.

★ ★ ★

Kennedy said Alaska has "given convincing demonstration of its capacity to fulfill the responsibilities of statehood." Its case for statehood, he said, can stand on its own merits.

Asserting that statehood would have a most useful influence in international affairs, Kennedy said passage of the bill would show the world "there are democratic ways by which we can align our territories to both the economic realities and political aspirations of their people."

Supporters of the bill talked hopefully of getting a final vote by tomorrow.

Hopes of statehood strategists to pass the House bill without amendment received reassurance on what had been feared in some quarters was a requirement that the bill be passed by July 3 or amended.

The feeling resulted from a provision of the bill requiring the President to notify Alaska's governor of its passage not later than July 3.

The reassurance came in a letter from Secretary of the Interior Fred A. Seaton stating his understanding that compliance with the section was not essential.

He said the primary purpose of the provision is that the Alaska government be notified officially upon enactment of the bill and its intent would not be defeated if his came after July 3.

## Fixed Price Signs Abolish Haggling

CALCUTTA — To travelers in India who regard haggling as an essential factor or oriental galmor, the growing frequency of signs reading "fixed prices" or "no bargaining" are an affront.

The new procedure smacks of a "take it or leave it" spirit, a commentator in Calcutta complains. "In a shop where you can bargain, shopping can be fascinating," he says. "It gives you a sense of achievement and boosts your ego. It is a battle of wits, and the customer always wins — that is what he fondly imagines, anyway.

"The shopkeeper has his last laugh, of course, but he sees to it that the customer goes home with a smug feeling of having brought off a real bargain. Maybe I can buy the same shirt now for a few cents less. But I'd still prefer to go where shopping has some of its old-world thrills."

## Hospitalize Arthur Lunt as High Fever Persists

NEW YORK (AP)—Actor Alfred Lunt, reported to have had a high fever for the past few days, was sent to a hospital last night by his physician.

Lunt played yesterday's matinee of the Broadway play "The Visit," in which he is costarred with his wife Lynn Fontanne.

About an hour before last night's performance Lunt, 65, was sent to New York Hospital. His part was taken by understudy John Wise.

## Hand Tools Target of Pontiac Burglars

Hand tools proved a favorite target with burglars, according to reports received yesterday by Pontiac police.

★ ★ ★

Boice Brothers, 245 S. Telegraph Rd., lost two sets of mechanics wrenches valued at $100 to burglars, while screwdrivers, hammers and pliers were taken at the Sears Roebuck Co. warehouse, 50 Osmun St.

**Thieves also entered Simms' warehouse, 34 Osmun St., but nothing is reported missing.**

Burglaries last night included Bill's Pure Oil Service, 687 Mt. Clemens St., where $30 was taken from a cigarette machine; Gregg's Restaurant, 505 E. South Blvd.; and an attempt to enter Wolfe Dick Beer Distributors, 754 Orchard Lake Ave.

★ ★ ★

The loss at Greg's has not been determined as yet.

## Blames Reckless Driver for Forcing Her Off Road

An unknown reckless driver early this morning forced Opal I. Deacons, 23, of 101 Mechanic St., off the road into a utility pole, she told Pontiac police.

Miss Deacons said she was driving on Auburn near Paddock street when the car coming in the opposite direction crossed the center line forcing her over the curb.

She was treated at St. Joseph Mercy Hospital for bruises.

## U.S. Tourist Spends $17 Per Day in Europe

PARIS — Studies show that United States tourists spend an average of about seven weeks per visit in Europe.

They average an expenditure of $950, paying $660 of it for transportation. The average daily outlay, including such extras as souvenirs comes to about $17.

Vitamin D promotes the use of calcium by the body.

## Maine Leads in Poultry

AUGUSTA, Me. (UPI) — Maine led the nation in 1957 in tonnage of dressed poultry, excluding turkeys, graded under a federal-state inspection program. Eighteen graders working in six processing plants inspected 115,951,019 pounds, according to the State Agriculture Department. Statistics showed Maine shipped one-seventh of the country's federal-state inspected product. Second to Maine was Arkansas with some 106 million pounds.

## Find Tombs at Air Base

ROTA, Spain—Heavy construction machinery at Rota, where the United States Navy is building a modern air-sea base, have unearthed Phoenician tombs estimated to be 3,000 years old.

# Doctor Favors Keeping Active

## Calls It Best Method for Building Protection Against Heart Attacks

By RENNIE TAYLOR
AP Science Reporter

SAN FRANCISCO (AP)—It's a long life of physical activity, not the few years of exercise by the athlete, that builds up protection against coronary attacks, a University of Kentucky doctor said today.

All three components of the aging process—decline in efficiency, decline in physique and decline in health—are staved off by sustained physical activity, Dr. Ernest Jokl told the American Medical Assn.

"An exercise regimen that confines itself to a few years of intensive training as usually adhered to by competitive athletes will not thus be effective," he said.

The health significance of long-time physical activity as contrasted with the exercise quota of the athlete came out, Dr. Jokl said, in studies made of lumberjacks in Finland, unskilled manual laborers in Great Britain, long-term members of German gymnastic clubs, and mountain guides in Switzerland.

Dr. Jokl said they showed that men 60 years old who have stayed with physical activity perform better in athletics or in their vocations than untrained men of 30.

Three British scientific papers and one German research report have shown, he added, that heart and artery disease is much lower in the physically active than in the sedentary individual.

In other papers surgeons reported new progress in coronary operations.

## Guns in Cars Hazard

CHICAGO — It is estimated that 60 per cent of the nation's hunting accidents in automobiles occur while taking guns out of, or putting them in, cars, and the remainder while the automobiles are moving.

# *Missing Sailboat Found Off South Korean Coast*

TOKYO (AP)—The missing sailing yacht Thespian, carrying Hollywood actor-magician John Calvert and four other Americans, was found nearly becalmed off the coast of South Korea today. Its engine had broken down.

★ ★ ★

All aboard were reported in good condition by the Japanese coast guard vessel Isuzu, which took Calvert's two-master in tow. They were due at Fukuoka, in southern Japan, tomorrow.

★ ★ ★

Calvert left Keelung, Formosa, June 16, expecting to reach southern Japan about a week ago. He is on a round-the-world work-and-play cruise and was booked for appearances in Japan. When he did not answer radio calls, the Japanese ordered a search of the East China Sea.

★ ★ ★

The 82-ton yacht was only slightly west of its course when picked up 23 miles from Cheju Island, off the tip of Korea.

With Calvert aboard the ship were his mother-in-law, Mrs. Constance Conrad Lowe; Mr. and Mrs. Joseph A. Iverson, Hollywood; and Army Specialist Thomas E. Jones, Black River Falls, Wis.

★ ★ ★

Calvert's wife, actress Ann Cornell, had flown ahead to Japan with their infant son, who was born in Formosa.

# Waterford Lions Club Installs New Officers

Newly-elected officers of the Waterford Township Lion's club were installed at a Ladies Night banquet held at Pontiac Country club, last night.

★ ★ ★

Those installed were James Schell as president, along with first vice president Earl Floyd, second vice president Phil Cochar and third vice president George Korn.

★ ★ ★

Mel Hale is the new secretary and Tom Dillon, treasurer. The club meets each Thursday noon at Manny's restaurant on Highland Rd. at Elizabeth Lake Rd.

Here you will find one of the largest and most complete food stores in Michigan with every consideration given the housewife so as to make her shopping easier . . . Our new paved parking lot can be entered either from Dixie Highway or Telegraph Road . . . On the pages which follow you will find prices so low that you will want to make Food Town your everyday shopping and saving headquarters.

## *Thank You Everyone...*

"The opening of our third and newest Food Town Market is only possible through your continued patronage. We sincerely thank you and assure you that we, at Food Town, will continue to give you the same courteous service, the same fine quality and prices that will always be low . . . consistent with better quality.

"The personnel at all three Food Town Markets has been selected with you in mind, courtesy is foremost and your every wish will be our guide in serving you better. Our stock is complete with practically every item you could wish for, should you wish anything in the food line that is not on our shelves, ask for it . . . we'll endeavor to have it for you.

"The parking area at all three Food Town Markets is the best . . . easy to drive in, easy to drive out with plenty of room for parking and never a parking charge. Check our advertisements every Monday and Thursday in the Pontiac Press and plan to shop and save every day at Food Town."

***Edwin Adler***

### FOOD TOWN'S WILLIAMS LAKE STORE

**CORNER M-59 and WILLIAMS LAKE ROAD**

*pictured at right*

**William "Bill" Reed**

*Manager of Our Williams Lake Food Town Market*

This delightful daylight super market is one of the newest and cleanest to be found in the state . . . Ideally located at the corner of Williams Lake Road and M-59, it offers the residents of this beautiful lake district the opportunity to buy foods at low Food Town prices . . . A big corner paved parking lot is always open for your convenience. Entrance and exits on both M-59 and Williams Lake Road.

## Shop and Save at Food Town

**The three Food Town Markets are conveniently located in the Pontiac trading area ... No matter where you live in Oakland County, you are just minutes away from a Food Town Market, where courteous service, convenient parking, quality merchandise and low, low everyday prices go hand in hand. Get the saving habit ... Shop and Save at Food Town.**

## Finger Dent Best Test for Raised Dough

The time it takes yeast dough to double in bulk will vary with the temperature of the room, the amount of yeast used, the type of flour used and upon the other ingredients in the recipe.

To test whether dough has doubled its original size, press two fingers deep into it; if the holes remain when fingers are withdrawn, the dough has probably doubled in bulk. When the shaped dough has stood in a warm place until it is puffy, press it gently with a finger tip. If a slight indentation remains, it is ready to bake.

STORE NUMBER THREE — Mr. and Mrs. Edwin H. Adler admire the meat case in their new Food Town store, opening today on the Dixie Highway at Telegraph road. This 72-foot meat counter combines both a self-serve and a butcher-manned section. The Adlers have been in the grocery business in Pontiac for 15 years. Starting with one tiny store, they now are owners of three supermarkets.

# Adlers Open Third Market

For fifteen years now — ever since the first store was opened in 1943—there has bene a feminine hand helping to steer the policies of Food Town markets. Mrs. Edwin H. Adler, wife of the company president, has tried to inject a personal note into store management.

Today the third Food Town store opens on Dixie Highway, at Telegraph road. In it, Mrs. Adler says, are many of the ideas she thinks important.

"I try to put myself in the place of the woman who shops here and think what she wants. I know I want any food store I shop in to be spotlessly clean. So we try to keep our stores 'kitchen clean'. We like to think that the lady with white gloves can shop in them and keep them clean."

**Mrs. Adler laughed a bit ruefully as she said this. Even the world's best housekeeper couldn't keep all the dust out of a store located on the Dixie Highway.**

"We know women are discriminating about the brands they buy," Mrs. Adler continued, "so we stock quality brands in every department. Of course, we also carry economy brands for shoppers who must pare down their budgets."

The Adlers are proud of the fact that after they decide on a brand and find it successful they keep on stocking that one. They have bought milk and ice cream from the same dairy for 15 years.

**Naturally the frozen food section of the new store is a large one. On shelves over this section Mrs. Adler puts all the baby food. This placement has more than doubled her sales of baby food (incidentally, a Michigan product, she says).**

"Young people are less set in their ways than older folks who have definite ideas about food and cooking. The young people are the ones who buy most of the frozen food and also the ones who have the babies. It makes sense to put them together."

Kentucky born, Mrs. Adler remains true to the custom of southern hospitality and insists on courteous treatment of customers by all store employes.

**"We treat the customers the way we'd like to be treated. We want to give a pound for a pound and a dollar's worth for a dollar."**

This summer the Adlers' only son is helping in the store. He has just completed his pre-law studies at Ferris Institute and will enter law school in the fall.

The Adlers divide the work of management. Mr. Adler handles all advertising and buys for the produce and meat departments. Mrs. Adler is in the office, taking care of the bookkeeping and other office work. She does, however, handle large scale buying for other departments of the store.

The hand that rocks the cradle can improve a grocery store; after all, it's a woman's world, isn't it?

## Spicy Pickle Sauce Peps Up Veal Patties

A sauce of chili sauce, chopped dill pickles and pickle liquid — stepped up with a few drops of hot pepper sauce makes a flavorful glaze for patties of ground veal and pork. This is a "quickie" since the patties need simmer in the sauce only 10 minutes before serving.

**Dill Veal Patties**

1 pound ground veal
¼ pound ground pork
¾ cup soft bread crumbs
1 egg, slightly beaten
1 teaspoon salt
1 tablespoon salad oil
½ cup chili sauce
¾ cup water
¼ cup dill pickle liquid
¼ cup minced dill pickles
6 drops hot pepper sauce

Combine veal and next 4 ingredients; shape into 6 patties. In skillet, brown patties in oil on both sides. Blend chili sauce and remaining ingredients; pour over patties. Simmer, covered, 10 minutes or until meat is done and nicely glazed; baste occasionally. Makes 6 servings.

## Stuff Franks With Macaroni

All it takes is four franks to make hearty Macaroni-Stuffed Frankfurters. This dish is good in combination with baked acorn squash and an assortment of crisp finger relishes:

**Macaroni-Stuffed Frankfurters**

4 ounces small shell macaroni
4 frankfurters
2 tablespoons butter or margarine
2 tablespoons enriched flour
1 teaspoon salt
⅛ teaspoon pepper
1¼ cups milk
1 teaspoon prepared horseradish
2 teaspoons prepared mustard
2 tablespoons India relish
2 tablespoons chili sauce
½ cup buttered enriched bread crumbs

Add 2 teaspoons salt and macaroni to 3 cups boiling water. Boil rapidly, stirring constantly, for 2 minutes. Cover, remove from heat and let stand 10 minutes. Meanwhile, pour boiling water over frankfurters, cover and steam 5 to 10 minutes.

**Melt butter or margarine in saucepan. Blend in flour, salt and pepper. Add milk gradually and cook until thickened, stirring constantly. Stir in horseradish, mustard, relish and chili sauce. Rinse macaroni with warm water and drain well. Fold macaroni into sauce.**

Slit frankfurters lengthwise and fill with some of macaroni mixture. Place in greased 9-inch square baking pan. Spoon remaining macaroni mixture around frankfurters. Sprinkle top with buttered crumbs.

Place under broiler and broil until crumbs are browned. Serve immediately. Makes 4 servings.

## *Smooth Mold Chock Full of Good Nutrition*

This smooth textured dessert has lots of good nutrition in it. Dieters can substitute whipped dry milk for the whipped cream.

**Toasted Coconut Cream**

1 tablespoon unflavored gelatine
¼ cup milk
4 egg yolks
½ cup sugar
¼ teaspoon salt
2 cups milk, scalded
1 cup whipping cream, stiffly beaten
1½ teaspoons vanilla or desired flavoring
Toasted coconut shreds

Soften gelatine in the ¼ cup milk. Beat egg yolks well and gradually beat in sugar and salt. Blend in scalded milk slowly. Cook over very low heat just until mixture coats spoon. Remove from heat and stir in softened gelatine.

**Cool and when partly set beat with rotary beater and fold in the whipped cream and flavoring. Pour into lightly buttered 1 quart mold and chill until firmly set. Unmold on serving plate.**

Garnish with additional whipped cream and toasted coconut. Makes 6 servings.

Cottage cheese may be used as is—right from the carton—or in fancy salads, main dishes, snacks and desserts.

## Canning, Freezing Help Free for Asking

Are you making plans now for the foods you would like to can and freeze this year? Of course you will want to follow the recommended directions for keeping the foods tops in flavor and appearance.

If you do not have the canning or freezing booklets from the Michigan State University Extension Service, contact the Marketing Information Agent in this area. Contact Mrs. Josephine Lawyer, 1260 West Boulevard, Pontiac.

For safety and fluffiness, stuffings for poultry or meat should be mixed just before roasting time.

Congratulations,

**BARBECUED CHICKEN.** Brush your halved broiler-chickens with barbecue sauce, broil 12 inches from heat about 1¼ hours, turning and basting frequently. Serve with Coke.

**FOIL POTATOES.** Bake potatoes beforehand, bring them along wrapped in aluminum foil. Then just reheat them over the coals. Great with Coca-Cola . . . favorite of the world.

**SUPER SALAD.** Serve a green salad, tossed with dressing, sliced stuffed olives. Guests will enjoy sipping Coke with this. Coca-Cola . . . so good to taste, in such good taste.

**CRANBERRY CUPS.** Heat cranberry jelly until melted, pour into squeezed-out half shells of oranges. Chill until set. For extra sparkle, uncap the Coke and serve ice-cold.

# Nothing Like Outdoor Cookery

Pontiac Press Photo

COMPETENT COOKS — Too many cooks didn't spoil anything about these grilled chickens. Harmon Lawyer of Middle Straits Lake, Jane Hoerath, Oakland County 4-H Agent, and Jay Poffenberger, County Agricultural Agent, are shown doing the honors in the above picture. The broilers were turned frequently and brushed often with butter as they cooked. You can't beat this simple method of fixing chicken for an outdoor meal.

By JANET ODELL
Pontiac Press Home Editor

We doubt that you will often have 125 guests for dinner, even for an outdoor barbecue. But in case you do, we can tell you about a group of people who know most of the answers about feeding such a crowd.

★ ★ ★

Last week the Oakland County Cooperative Extension Service employes were hosts at a barbecue. County officials, members of advisory councils and press and radio personnel were among the invited guests.

The affair was held at the 4-H Club Fair Grounds. Rain made eating inside a necessity. The meats were grilled in another building.

**Lyle Abel, Oakland County Extension Agent was the major domo of the occasion. Other workers in the department, plus husbands of the women employes, were drafted into service at the numerous barbecue grills.**

Piece de resistance of the evening was half a grilled chicken. In addition, the cooks had prepared barbecued lamb, beef and pork and had small pieces of each for us to sample. We liked the pork especially well.

**Barbecued Pork**

Spare ribs, regular or farm style
½ cup onion, chopped
2 tablespoons fat or oil
⅛ clove garlic, grated (optional)
2 tablespoons vinegar
1 tablespoon Worcestershire sauce
½ teaspoon chili powder
¾ cup water
¾ cup catsup
½ teaspoon salt
⅛ teaspoon pepper

Cook onions in fat or oil until lightly browned. Add rest of ingredients. Cover and simmer 20 minutes. If sauce is too thick, add water. This makes 1½ cups sauce. It will keep in the refrigerator. Brush it on pork as it is grilled over a charcoal fire.

There is an interesting new bulletin just off the press that will appeal to all outdoor cooking fans. You may have it for the asking by writing or calling the Oakland County Cooperative Extension Service, 1260 West Boulevard. Ask for Extension Bulletin No. 354, "Outdoor Cookery for the Family."

## Prunes a Variety in Icebox Slices

It takes only a few minutes to whip up these tasty prune icebox cookies. The dough is mixed one day, chilled overnight, and sliced and baked the next day.

★ ★ ★

These cookies are so easy to make that your daughter probably will want to try this recipe on her friends. Adults appreciate them, too. Make enough so that you'll have a supply for home as well as the lunchbox.

**Prune Icebox Cookies**

1 cup brown sugar (packed)
½ cup granulated sugar
1 cup shortening
1 cup chopped cooked prunes
1 tablespoon vinegar
2 eggs
1 teaspoon vanilla
4 cups sifted all-purpose flour
1 teaspoon soda
1½ teaspoons salt

Mix together brown sugar, granulated sugar, and shortening. Add chopped prunes, vinegar, beaten eggs, and vanilla. Sift flour with soda and salt. Combine with first mixture. Knead dough until smooth and shape into roll 2 inches in diameter. Chill in refrigerator over night.

★ ★ ★

The next day slice roll into thin slices and place on a greased baking sheet. Bake in hot oven (400 degrees F.) about 10 minutes. Yield: 6 dozen cookies.

## Flaming Pineapple a Sundae Topping

A dessert with visual and palatal appeal is pineapple flambee served with ice cream, crumbled macaroons.

★ ★ ★

**Pineapple Flambee**

1 ripe medium-size fresh pineapple
¼ cup sugar
¼ cup sherry
¼ cup water
1½ cups currant jelly
½ cup kirsh or cognac
Vanilla ice cream
Macaroon crumbs

Prepare pineapple by removing hull, halving, coring and cutting in paper-thin half slices.

**Combine sugar, sherry and water, bring to a boil. Poach pineapple slices in this mixture for about 5 minutes.**

Melt currant jelly over low direct heat. Add drained pineapple slices and simmer, spooning syrup over fruit. Cook 5 minutes or so, pour cognac or kirsh directly in the center of the fruit mixture. Let this heat several minutes without stirring. When well warmed, light and spoon over fruit while flaming. Serve fruit sauce over vanilla ice cream. Top with macaroon crumbles. Makes 8 servings.

## 'Lasses Pineapple Glaze Baked on Ham Slice

One cup real New Orleans molasses and ¼ cup pineapple syrup makes a luscious glaze for a baked ham slice. Stud a 2-pound ham slice which has been cut 1 inch thick with whole cloves. Place in greased baking dish.

Arrange 6 canned pineapple slices on ham slice and add molasses - pineapple syrup. Cover. Bake in 350-degree oven 50-60 minutes, basting frequently.

Papayas in your market? They not only taste delicious but they are loaded with vitamins A and C.

PEACH TORTE — This handsome four layer torte will delight your guests, whether you serve it at a family dinner, a shower or an evening card party. The cake layers have crumbs of shredded wheat in them. Peaches are folded into the whipped cream filling.

## Crunchy Cake Contrasts With Peach Cream Filling

Spring is the season for happy hearts, bridal showers, and handsome party desserts.

A four layered torte of tender, flaky pastry, with the delicate crunchiness of shredded wheat, is filled with fluffy whipped cream. Bright canned peaches are folded into the cream and add the wheel of good fortune on top, too.

The flaky pastry, which has interesting flavor accents from spoon-size shredded wheat and orange juice, is easily and quickly made. The cooled pastry layers should be filled several hours before the party and chilled in the refrigerator until serving time.

**Peach Torte**

30 spoon-size shredded wheat biscuits
1½ cups sifted all-purpose flour
1½ teaspoons salt
1 cup shortening
6 tablespoons orange juice
2 cups heavy cream
½ teaspoon almond extract
1 (1 lb. 4 oz.) can sliced peaches

Set oven at 425 degrees. Roll shredded wheat biscuits into fine crumbs with a rolling pin. (Makes 1½ cups crumbs.) Sift flour and salt together. Cut shortening into flour with a pastry blender or two silver knives until mixture resembles coarse corn meal. Add cereal and mix lightly.

**Stir in orange juice, continuing to mix until mixture forms into a ball. Turn out onto lightly floured board and knead gently 10 times. Let dough rest 5 minutes. Divide into 4 portions.**

Roll each portion into an 8" circle. Place on bottoms of 8" layer cake pans or on baking sheets. Prick dough circles with a fork. Bake for 8-10 minutes or until golden brown. Remove from oven; cool.

Meanwhile, whip cream until stiff. Reserve about three - fourths cup for garnish. Drain the peaches well and cut into small pieces, saving about four slices for garnishing. Fold almond extract and peaches into whipped cream.

**Loosen pastry rounds from pan by slipping edge of spatula or silver knife under. Then lift circles off pans with wide spatula onto serving plate. Cover first round with whipped cream-peach mixture. Repeat until all cream and pastry are used, ending with pastry ring on top. Chill.**

Just before serving, garnish with remaining cream and peaches. Makes 8 servings.

Honey adds flavor and aroma to yeast breads; it may be used in small amounts without changing the breadmaking process.

## Bake Brownies in New Fashion

Meet a new kind of brownie cookie — an ice box brownie! It has many qualities to make you like it. It is chocolatey and scrumptious, and best of all, it's made from mix.

You add an egg and nuts to the brownie mix package ingredients and shape the mixture into a roll. The roll may be sliced and the cookies baked immediately, or for easier handling, the roll can be chilled.

If the regular chewy brownie squares don't last beyond dinner, this recipe is for you. Fill the cookie jar this afternoon with cookies baked from half an ice box roll . . . and save the other half for two days hence.

Here's the easy recipe and a variation calling for peanuts that is sure to delight the children:

**Ice Box Brownies**

1 package Brownie Mix
1 egg
½ cup chopped nuts

Add egg and nuts to mix. Blend with hands, adding a few drops of water, if necessary. Press and make into long 2" square or round roll. Slice ¼" thick. Bake about 5 minutes at 375 degrees on ungreased baking sheet. Cool slightly before removing from pan. Makes 4 dozen.

**Peanut Butter Variation**

Follow recipe above except, add ½ cup chopped peanuts and 3 tablespoons peanut butter, omitting other nuts.

## Cubes of Cranberry Dot Cheese Mold

Here's a specialty for summer . . . a frozen salad that's filled with sparkling cubes of jellied cranberry sauce.

**Frozen Cranberry Salad**

2 (3-ounce) packages cream cheese
¾ cup mayonnaise
1 cup heavy cream, whipped
1 cup crushed pineapple (with juice)
½ cup ripe olives, sliced
½ cup chopped celery
1 cup cubes jelled cranberry sauce

Blend cream cheese and mayonnaise. Fold in whipped cream. Then fold in pineapple, ripe olives, celery and cranberry sauce cubes. Pour into 1 deep refrigerator tray or shallow trays. Freeze until firm. Decorate with tiny cubes or cut-outs of cranberry jelly. Makes 6 to 8 servings.

Hard-cooked eggs and small cooked white onions are delicious in cream sauce. Turn into an oven-proof casserole, sprinkle with cracker crumbs and parmesan cheese, and broil until top is lightly browned.

EASY-STUFFED FLANK STEAK — Stuffed flank steak is easy, economical, and pleasing to serve. The flank steak is spread with ginger-spiced bread stuffing, rolled and tied, and braised in a sweet-sour liquid. The rolled and stuffed flank steak may be sliced before serving, or it may be sliced at the table.

## Peach Tops Meat Loaf

Add a festive peach topping to your favorite meat loaf recipe. Place the meat mixture in an 8-inch square cake pan and press peach halves, hollow sides up, into the meat. Spoon a teaspoon of catsup in each hollow and bake the loaf in the usual manner. To serve, cut the meat loaf into squares with a peach half on each

Cooking vegetables in a small amount of water helps keep their fresh flavor. You can cook snap beans that are Frenched, for instance, in one-half cup of boiling water if you use a heavy saucepan and maintain simmering with low heat.

# Flank Steak Dinner Will Delight Family

Would you like to serve a steak dinner that is easy on your budget? Then answer your family's "cries for steak" by preparing a kingly flank steak dinner.

Flank steak is economical because it comes from the hind quarter of beef located below the sirloin, giving the meat good quality but rendering it less juicy and tender than sirloin. However, it's no secret that flank steak is easily tenderized and kept juicy through proper cooking.

Most flank steaks are less than 1-inch thick, about 12-14 inches long, and 4-6 inches wide—an ideal shape for rolling! The fibers run lengthwise, making it wise to cut the surface in diamond shapes (called scoring) to shorten the fibers. For tenderness, long, slow cooking with moist heat is needed.

Stuffing and rolling flank steak is easy, because of the meat's flatness. Fastened with skewers or string, the roll is easy to brown and cook. Braising with a tart liquid or juice imparts a flavor and texture that makes flank steak a dish "fit for a king."

**Easy-Stuffed Flank Steak**

1 flank steak
1 large onion, finely chopped
1½ cup soft bread crumbs
½ cup chopped celery
2 tablespoons chopped parsley
1 teaspoon salt
½ teaspoon pepper
½ teaspoon ground ginger
2 tablespoons lard or drippings
2 tablespoons brown sugar
½ cup vinegar
½ cup water

Score flank steak. Pound steak with edge of a heavy saucer or a meat pounder. Mix onion, bread crumbs, celery, parsley, salt, pepper, and ground ginger, and spread evenly on one side of the steak, leaving a 1-inch margin all around. Roll steak, beginning at narrowest end, and tie with string or fasten with skewers.

Brown meat roll in hot fat. Add mixture of brown sugar, vinegar, and water, cover and cook over low heat about 1½ to 2 hours, or until tender. When cooked, remove string or skewers and cut into slices. Serve with cooking liquid as gravy; thickening, if necessary. 4 to 6 servings.

# Fruits, Vegetables Stay in Bargain Limelight

Each week brings changes in the food market. This is the season when changes in fresh produce supplies and prices are much more noticeable than changes in meats and other products.

Fresh fruit selection can be more interesting and lower in cost than at any previous time this year. Increasing supplies of tomatoes, potatoes, peppers and cabbage are resulting in lower retail markings.

**THE PRODUCE DEPARTMENT**

Strawberry marketing in southern Michigan will show a big drop compared to last week. The highest volume in history (for a single day) crossed the Benton Harbor market on Sunday, June 15 when 65,000 crates were sold.

**The volume was down to 40,000 crates last Tuesday and between 10 to 15,000 crates a day are expected this week. The first strawberries from the Alpena area are starting.**

Cool weather has resulted in strawberries of excellent quality this year. Most have gone for "fresh market." Current prices range from about 33 and one-third to 49 cents a quart.

Early peach varieties are available at the lowest prices seen in a number of years. Most are arriving from Georgia and South Carolina. Are medium in size.

**Heavy supplies of both watermelon and cantaloupe bring low prices for the season. Flavor of both is very good.**

Tomatoes make fresh vegetable news. You can afford to be more generous now that greenhouse tomatoes are in heavy supply, are averaging 29 to 39 cents a pound in many stores.

A firm, slightly underripe tomato is a better buy than one which is overripe and soft. Leave the tomato in the light at room temperature until the color is as deep as you like. Temperatures of 60 to 70 degrees F. are best for ripening tomatoes. The window sill is too hot, the refrigerator too cold.

**Potatoes every day are a good vegetable choice. Large supplies and low prices make them a thrifty choice too. If you make potato salad for outdoor eating, leave the salad in the refrigerator until ready to serve it.**

If you must travel to a picnic site with no refrigeration, take potatoes in one dish, the dressing in another. For safety, mix just before you serve the salad.

New Michigan cabbage is in the markets. Heads are small but solid and green. At 3 to 10 cents a pound, keep it on the market list for use as a green vegetable or for salads.

**MEATS TO BUY**

**Summer time and pork supplies grow gradually smaller. The wise shopper will carefully study pork prices. Will compare them with other meats each week. Boston butt, picnic and some smoked and canned ham are about 20 cents per serving in some stores.**

Some retailers report a slight easing of wholesale beef prices, but retail cuts remain about as they have been.

This is the season for tender top-quality beef. Much of the beef has been fattened on grain and grades as high as U.S. Choice. For the most tender broiling steaks — sirloin, T-bone or porterhouse — choose those that grade choice or prime.

**If there is no grade label, let your eyes guide you to a good steak. Look for a generous covering of firm waxy white fat on the outside, bright red lean with tiny streaks of white fat running through it, and pinkish red porous bone. These tell you that the meat is from young grain-fed cattle, that the tender cuts will be tender and juicy.**

Fryer prices are expected to hold at about the same level through the July 4th holiday. A wide price difference is dependent upon the size and quality of the birds.

Fresh fish are still scarce. Herring heads the thrifty fresh fish list.

If you want heavy cream to beat well, have it well chilled.

# Grill Bacon in Sandwich

While the word, brunch, may not be the most poetic, everyone agrees that its meaning is wonderful — long weekend hours spent at the mid-morning table, with leisurely second and third cups of coffee . . . such an occasion certainly deserves the best of fare, and these grilled bacon sandwiches are just the ticket.

If you're lucky enough to have an electric grill, you can make them right at the table. If not, make them in a skillet, serve them with hot maple syrup and you're set for a treat. Don't forget the coffee — it should be hot and strong. That's the most important part of starting your day!

**Breakfast Bacon Sandwiches**

12 strips of bacon, fried crisp and drained
8 slices white or whole wheat bread
Butter or margarine
Maple-blended syrup

For each serving put three strips of cooked bacon between slices of bread. Spread both sides of sandwiches with soft butter or margarine. Cook on table grill or in electric skillet until brown on both sides. Serve with hot maple-blended syrup.

FEEL REALLY CLEAN—GET THAT ZEST GLOW!

PIQUANT SOUR CREAM DUNK — Make summer entertaining easy with a plate of raw vegetable appetizers and a delicious dunk. Made with sour cream, this dunk is also good with the usual potato chips, crackers or pretzels.

# Guests Will Welcome Raw Vegetables

Successful hostesses are those who know how to entertain with ease. The secret of their success is simple. Any new bride can do it. The secret is this: plan party menus with foods that can be prepared in advance—foods that require the minimum of last minute attention.

Party-time favorites are dips and dunks, for the hostess finds them easy to prepare ahead of time. Also, guests can leisurely serve themselves to this type of refreshment freeing the hostess from serving chores.

Sour cream is an ideal base for easy-to-make dips and dunks. This fine dairy product, made from high quality sweet cream with an added culture, has a fresh tangy flavor that piques the appetite.

**Here's a new dunk you'll want to try: Piquant Party Dunk. It makes a pleasing summer party refreshment served with a cool beverage. It is delightful surrounded with icy cold crisp vegetables like cucumber fingers, carrot sticks, celery stalks, cauliflowerettes and radishes.**

Also, you can dip potato chips or crackers in it. And if your husband is an outdoor chef, Piquant Party Dip makes a wonderful first course for guests to munch while waiting for the sizzling hamburgers, hot dogs or steaks to come off the grill.

**Piquant Party Dunk**

2 cups (1 pint) commercial sour cream
¼ cup finely chopped parsley
¾ cup chopped chives
2 tablespoons chopped pimiento
1 green pepper, seeded and chopped
1 teaspoon salt
Dash of Tabasco sauce
Freshly grated black pepepr

Combine sour cream, vegetables, salt and Tabasco sauce; blend well; season to taste with black pepper. Cover. Chill in refrigerator at least ½ hour. Serve surrounded by crisp cold cucumber fingers, carrot strips, celery stalks, cauliflower flowerettes, radishes or crackers and potato chips. Makes 2½ cups.

## Fresh Corn Cooks in Vegetable Dish

Fresh corn is teamed with other vegetables.

**Corn Medley**

1 to 1¼ cups fresh corn kernels (cut from cobs without scoring first)
1 green pepper (diced)
1½ cup thin crescents celery
1 cup boiling water
½ teaspoon salt
¼ teaspoon sugar
2 tablespoons butter
White pepper

In a 1½-quart saucepan cook the corn, green pepper, celery, boiling water, salt and sugar rapidly, covered, until vegetables are just tender — after water boils again this will take about 5 minutes. Drain. Add butter and pepper to taste and stir briefly over low heat. Makes 4 small servings.

## Perfection Salad Good

Fold a cup of shredded green cabbage, a half cup of diced cucumber and a slivered pimiento into slightly thickened lemon-flavored gelatin that has been dissolved in two cups of very hot water. Serve on salad greens with boiled dressing or mayonnaise.

- Refreshing milk dessert!
- Not a cake or pie, not a gelatin or pudding . . . it's "ice creamy" rennet-custard!
- Easy! "Junket" Custard in a minute 'cause there's rennet in it!
- 7 soda fountain flavors! Vanilla, raspberry, chocolate, orange, lemon, strawberry, maple.

"JUNKET"
RENNET-CUSTARD

"JUNKET" (Reg. U. S. Pat. Off.) is the trademark of Chr. Hansen's Lab., Inc. for its rennet and other food products.

# Italian Noodle Casserole Enriched by Wheat Germ

In America, the popularity of pizza has lead to an increased interest in other Italian dishes. While a few years ago only specialty food stores carried Italian foods such as mozzarella cheese, green noodles, Italian style tomato paste and the herb oregano, they can now be found in most super markets.

The individual casseroles here call for all these fine Italian foods, blended to make a tasty and nutritious meatless-meal main course. And they are certain to have a make-sure-to-give-me-the-recipe appeal when served at bridge luncheons, or to hungry guests at the tag end of an evening of fun. Except for baking, they can be prepared ahead and later baked when the coffee is percolating.

★ ★ ★

The casseroles start with the green noodles and end with a sprinkling of wheat germ, a strictly American addition that adds flavor and boosts the nutritive value of the dish. Wheat germ, delightfully nutty in flavor, is rich in protein, B vitamins and iron, nutrients essential to year-round good health. The wheat germ is not only sprinkled on top but is added to the sauce as well, serving much the same flavor purpose as Pignon nuts in true Italian spaghetti sauces.

**Noodle Bake, Italian Style**

1 clove garlic, minced
¼ cup olive oil
2 6-ounce cans tomato paste
2 cans water
2 4-ounce cans sliced mushrooms with juice
½ teaspoon oregano
Pinch of anise (optional)
½ teaspoon salt
Dash of pepper
½ cup wheat germ
¼ cup red wine or dry sherry (optional)
1 8-ounce package green or plain noodles
1 8-ounce package mozzarella cheese, thinly sliced

Heat garlic in 3 tablespoons of the olive oil until soft but not browned. Add tomato paste, water, mushrooms with juice, oregano, anise, salt, pepper and ¼ cup of the wheat germ. Cook over low heat about 30 minutes; add wine and continue cooking 10 minutes.

**Meanwhile cook noodles in boiling salted water following directions on the package. Drain. In 4 to 6 greased casseroles, place a layer of noodles, cover with sauce and add sliced cheese. Repeat layers until casseroles are filled.**

Sprinkle remaining ¼ cup wheat germ over tops of casseroles; sprinkle with remaining 1 tablespoon olive oil. Bake in a moderate oven (350 degrees) 10 to 15 minutes or until hot and cheese is bubbly. Makes 4 to 6 servings. Recipe may be halved by cutting each ingredient in half.

## Cheese Butter for Steak

For a variety of summer jellied salads, use frozen concentrated fruit juices in combination with unflavored gelatine. Reconstitute the frozen juice. Sprinkle an envelope of unflavored gelatine on ⅛ cup of the cold juice to soften; then dissolve the gelatine by placing over hot water or low heat, and stir until dissolved. Add 1½ cups more of the fruit juice. Chill until firm in 4 individual molds.

Cottage cheese is high in protein—low in cost and calories.

# Split-Level Cakes Are Modern

What everyone wants of summer is a change — new scenes and above all, gay foods. Let's go along with it.

And how is it done? One secret is happy meetings with convenience foods. They are part of this day of split-level living. They split the time in the kitchen to allow outdoor leisure. Their preparation is done, they await individual touches.

**Good beginnings are the quick-to-do desserts, made with cakes from food mart or bakery. They, too, blend into split-level living.**

**With clever slicing and addition of a cream filling, a fruit and frosty topping, or a shimmering cloud of meringue, one has a delectable dessert.**

These Proven Recipes feature angel food and pound cakes with ideas to spare for those "understudies" — delicate ladyfingers and bakers' loaf cakes. Always dependable, sunshine chiffon cake, makes Peach Paradise Cake. A jelly roll turns into a Jelly Roll Refrigerator cake, beribboned with fruit gelatin. These recipes suggest just a few split-level variations — which — take the cake.

### Lemon Cream Angel Food Cake

1 package lemon pie filling
1 large (15-ounce) round angel food cake
½ pint heavy cream

Prepare lemon pie filling according to package directions. Cool to room temperature, stirring occasionally. Cut angel food cake, horizontally, into four equal-sized layers. Whip cream. Fold half of the whipped cream into the cooled pudding.

Spread ⅓ cup lemon cream mixture between each of the layers. Lightly combine remaining whipped cream and lemon cream mixture. Frost sides and top of cake. Yield: 16 servings.

★ ★ ★

### Peach Paradise Cake

½ pint heavy cream
3 tablespoons confectioners' sugar
¼ teaspoon vanilla extract
1 large chiffon cake
1 (No. 2½) can sliced cling peaches, drained
1 cup toasted, shredded coconut

Cut cake in half, horizontally. Whip cream, add sugar and vanilla extract. Cube ¾ cup sliced peaches. Arrange cubed peaches evenly between layers. Cover lightly with whipped cream. Spread rest of whipped cream over top and sides of cake.

Arrange sliced peaches in swirl pattern over cake top. Sprinkle toasted coconut around outside of the dessert. Refrigerate before serving. Yield: 12-16 servings.

★ ★ ★

### Coconut-Cinnamon Logs

½ cup sugar
½ cup red cinnamon candies
½ cup water
1 (12-ounce) loaf pound cake, 8-inches long
1 cup flaked coconut

Combine sugar, candies and water in a saucepan. Boil until candies dissolve and sirup begins to thicken, or reaches (220 degrees F.), stirring frequently.

Slice pound cake into 1-inch thick slices, then cut slices crosswise into 1-inch bars. Dip cake bars into cinnamon sirup, and roll in coconut. Place on cake rack to cool. Yield: 16 Coconut-Cinnamon Logs.

★ ★ ★

### Ginger-Pineapple-Cream Fingers

12 ladyfingers
1 cup or 1 (No. 1 flat) can crushed pineapple, well drained
1 tablespoon finely chopped candied ginger
1 cup heavy cream, whipped
½ teaspoon vanilla extract

Fold pineapple, ginger, and vanilla extract into whipped cream. Split ladyfingers on bottom of a lightly buttered pan (10"x6"x1½"). Pour cream filling over ladyfingers. Place ladyfinger halves across the top of filling.

Refrigerate for at least 3 hours before serving. To serve: Loosen from edge of pan and turn onto a platter. Yield: 12 servings.

### Jelly Roll Refrigerator Cake

⅓ cup undiluted evaporated milk
1 package raspberry flavored gelatin
¾ cup boiling water
½ cup pineapple juice (drained from crushed pineapple)
1 (No. 2) can crushed pineapple
1 package individual jelly rolls

Place undiluted evaporated milk into freezer tray. Chill until thick and small crystals begin to form. Put gelatin into a (1½-quart) mixing bowl. Add boiling water and stir to dissolve. Drain juice from pineapple. Stir ½ cup of pineapple juice into gelatin mixture. Cool.

Cut each jelly roll into 3 slices. Line bottom and sides of a lightly oiled (1½-quart) loaf pan with slices. Whip chilled evaporated milk. When gelatin mixture is thickened to about the consistency of unbeaten egg white, beat with a rotary beater until mixture is smooth.

Fold in whipped evaporated milk and drained pineapple. Spoon into loaf pan over jelly roll slices. Chill until firm. Yield: 6-8 servings.

### Choose Your Own Flavor

To add a gourmet touch (and, incidentally, impart a wonderful flavor) to inexpensive cubed steaks, spread them lavishly with this Cheese Butter Sauce before broiling. Make it by simply adding ¼ cup grated Parmesan cheese to ⅓ cup of melted butter.

Use two teaspoons of baking powder for every cup of flour when you are making biscuits if you want the lightest and tenderest hot bread possible.

# Fun Time Precedes Tough Golf Tourney

Pontiac Press Photos by Ron Wagman

*It was all fun last night for Forest Lake Club president Blaine Eynon (center) and golf pros Pat Devany (left) and Alice Bauer—but today began the tough competition of the United States Golf Assn. National Women's Open, being held at the club today through Saturday.*

*Nothing like watermelon in the summer—Bonnie Bell and her golfing mother, Peggy Kirk Bell of Southern Pines, N. C., sample goodies at the buffet dinner held at Forest Lake Country Club last night for competitors and members of the club.*

## Boy Can Pick Up the Tab

By EMILY POST

"Dear Mrs. Post: My boy friend will soon have a birthday and instead of buying him a present I thought I would get tickets for a show which I know he has been wanting to see, and invite him to be my guest. We both live in the suburbs and it will be impossible to go home and come back again in time for the curtain, which means that we will have to stay in town and will have to have dinner out. I would like to know if I will be expected to pay for the dinner too, or does he pay this?"

Answer: Unless you invite him to dinner as well as to the theater he will undoubtedly, and quite correctly, insist on paying the dinner check.

"Dear Mrs. Post: Having been utterly grief-stricken at the unexpected passing of my mother two months ago, I did nothing to acknowledge flowers or messages sent me. There was no one else in the family who could do it. Am I too late now to write such note and, if so, shall I apologize for not having written before?"

Answer: It is never too late to write such notes because no thinking person ever counts the time it may take those in deep sorrow to acknowledge kindnesses. You should answer as soon as you can, of course, and say, "I'm sorry I couldn't answer sooner and do want you to know how very much I did appreciate your kindness."

"Dear Mrs. Post: I have always thought it was quite all right for one to light his cigarette from the candle on the table when in a small, informal type restaurant, but I have recently heard otherwise. Will you please let me have your opinion on this?"

Answer: It is quite all right.

## Names New Board Members

## Hospital Group Meets

Board members of Pontiac General Hospital Auxiliary met at the East Iroquois road home of President Mrs. Raymond Rapaport Wednesday morning.

Plans for the coming year and future projects were discussed. Recommendations were made, to be brought before the general meeting in the fall.

New board members are Mrs. R. B. Lyons, representative; Mrs. Robert Segula, work records chairman; Mrs. Richard Harroun, auxmobile chairman; Mrs. Clyde Dearing and Mrs. John Selman, board representatives; and Mrs. Alex Capsalis, publicity cochairman.

## Club Dance Set

The Chatham Club's third dance of the season will be held Friday evening at Edgewood Country Club. The dance will be semi-formal and all members and out-of-town guests are invited.

A well known Detroit orchestra will provide music.

*Five pages today in Women's Section*

# Women's Section

*Installed at the annual Officers Party of Alpha chapter of Beta Theta Phi, held Tuesday at Devon Gables, were Mrs. Homer Tinney (left), new treasurer, and Mrs. Cecil Denison, secretary.*

*Mrs. Jack Greathouse (left) was chairman of the party and is the incoming vice president. Mrs. Arthur McKinniss, on the party committee, was installed as conductress.*

*Outgoing president Mrs. Herbert Johnson presents the gavel to the new president Mrs. Charles Irish.*

## Toastmistresses Install Officers at Dinner Event

Officers were installed when members of the Pontiac Toastmistress Club met for dinner at Hotel Waldron.

Mrs. John J. Simpson of Detroit, Council No. 4 chairman, presented golden keys symbolizing "Opportunity" and "Responsibility" to Mrs. Clayton Rule, president; Gertrude Foley, vice president; Mrs. George Gaches and Gwen Polk, recording and corresponding secretaries; and Mrs. Robert Bunce, treasurer. Helen Lapisch and Mrs. Robert Sutton assumed duties of club representatives to the council.

Rajna Busnynat, an International Farm Youth exchange student who appeared under the auspices of Oakland County 4-H Clubs, discussed the customs of her country, Nepal, at the Tuesday gathering. Miss Busnynat's educational tour, which includes other countries, will prepare her to teach improved methods of farming and home management in her country.

### Hand Him His Walking Papers—Abby

# He's Old Hand at Sponging!

"DEAR ABBY: I am a widow with a nice home, a good automobile and some money in the bank. A friend fixed me up with a widower who is supposed to have plenty of money. On our first date he told me he left his money in his other trousers and I had to pay for the gas. (He filled his tank.)

ABBY

He said he didn't care for public cafes because they were too noisy, so we came home and I fixed us some dinner. He mentioned several times that he doesn't believe in spending foolishly and he is saving his money for his old age. I am 62 and he is past 70. Would you say he was cheap or just conservative?"

WONDERING

DEAR WONDERING: Don't be so concerned about HIS money—just watch yours. This man is an old hand at saving his money and spending somebody else's. Include him out of your plans, unless you want to support him.

DEAR ABBY: I am 17 years old and my boy friend is 19. We love each other very much and expected to be married when we got enough money saved.

"About two months ago he told me he went to see a girl just for one thing and now this girl told him she was having a baby and it is his. Do you think she can make him marry her? She is only 16 and has a terrible reputation anyway. Abby, we are very much in love and need your help."

LINDA

DEAR LINDA: The girl is under age and your boy friend could be in some very serious legal trouble. No law in the land can force a man to marry, but he has the financial responsibility to face.

★ ★ ★

"DEAR ABBY: I have some advice for that woman who wrote in your column saying her husband beat her up. Men who abuse their wives are cowardly brutes and ignorant as well, but they mend their ways when they get a taste of their own medicine. That is the only thing they understand.

"I recall a 250-pound neighbor who came home very drunk to the disgust of his tiny wife. She helped him to bed and when he was soundly sleeping she tied him there with a clothesline and then beat the daylights out of him with a bed slat. He told about it himself later, he was so proud of her courage."

L. C. L.

DEAR L. C. L.: I wouldn't recommend this for the average tiny wife. Her husband might not take the same attitude.

★ ★ ★

"DEAR ABBY: I just got a wedding invitation and am so shocked I can't believe my eyes. It says, as big as life, "CASH GIFTS ONLY, PLEASE" right on the invitation. Are people losing their minds over money or what?"

SHOCKED

DEAR SHOCKED: The person who sent you the invitation obviously has. I've never seen or heard of such poor taste.

★ ★ ★

CONFIDENTIAL TO SUE: Chuck Chuck!

★ ★ ★

For a personal reply, write to Abby in care of The Pontiac Press. Enclose a self-addressed, stamped envelope.

## Alpha Unit Has Dinner, Installation

Alpha chapter of Beta Theta Phi held its annual Officers Party Tuesday evening at Devon Gables. On the committee were Mrs. Jack Greathouse, chairman; assisted by Mrs. John Kinzler and Mrs. Arthur McKinniss.

Guests included Mrs. Wendell Crisp and Mrs. Laura Berbaum, honorary members of the sorority; Mrs. Felix Ballard, Mrs. Gene Greathouse and Mrs. Charles Murphy.

Following the dinner and installation of new officers, the group was entertained at the home of Mrs. Kinzler of Sylvan Shores. Several paintings by the late member Mrs. Ernest Wilcox were shown to the group. One has been purchased and donated by the sorority for a room in the YMCA.

## Music Guild Meets

The Pontiac Music Guild held its annual picnic Tuesday evening at the summer home of Mr. and Mrs. Don Derragon on Watkins Lake. Amy Hogle and Mrs. Oscar Schmidt were on the refreshment committee.

Guests were Walter Schmitz, Mr. and Mrs. Don Derrogan Jr., Everett Harris and son Robert, and William Heitsch Jr.

MR. and MRS. CLYDE A. DAUB

*Annetta M. Wheeler and Clyde A. Daub were married Friday. The bride is the daughter of Mr. and Mrs. Carl Wheeler of Devondale street, and the bridegroom's parents are the late Mr. and Mrs. W. F. Daub of Johnston City., Ill.*

## Daub-Wheeler Vows Said

Palms and gladioli banked the altar of the First Social Brethren Church for the Friday wedding of Annetta Marie Wheeler and Clyde Albert Daub. The Rev. Thomas Guest performed the candlelight ceremony in the presence of 150 witnesses.

The bride's parents are Mr. and Mrs. Carl Wheeler of Devondale street, and the bridegroom is the son of the late Mr. and Mrs. W. F. Daub of Johnston City, Ill.

**A ballerina-length gown of Alencon lace over satin and tulle was chosen by the bride. The dress featured a fitted bodice with long sleeves tapered at the wrists and a Queen Ann neckline. Her fingertip veil fell from a headpiece of matching lace and sequins, and she carried a white orchid on a white Bible.**

Maid of honor Judy Lunsford wore a gown of blue nylon and acetate lace over taffeta with white accessories. Bridesmaids Eunice Schlink and Mary Wheeler, the bride's cousin, were gowned in pink nylon over taffeta and wore white accessories.

★ ★ ★

Flower girl Tereca Wheeler, the bride's sister, wore nylon lace and carried a blue basket of flower petals. Her headpiece was of white chrysanthemums and blue net.

**Robert Everett was best man. Ushers were Vernon Lovse and Donald Lovse, nephews of the bridegroom. Ringbearer was David White, nephew of the bridegroom.**

Following a reception held at the church, the new Mrs. Wheeler changed to a black and white checked linen dress with a white bolero jacket, white accessories and the orchid from her bouquet.

★ ★ ★

The couple will live on Parkhurst street following their wedding trip to northern Michigan.

U. S. residents spent a record sum of over $1.9 billion in 1957 for foreign travel.

Louisiana produces enough oil every 10 days to pay the total costs of the Louisiana purchase.

# Jo Ann Rosberg Marries in All Saints Church Rite

Jo Ann Carol Rosberg and Robert E. Thompson were married Saturday at All Saints Episcopal Church. The Rev. C. George Widdifield officiated, before 250 guests.

Parents of the couple are Mr. and Mrs. Farres E. Rosberg of Sylvan Lake and Mr. and Mrs. M. Edgar Thompson of Sylvan Lake.

**The bride wore a dress of nylon tulle and hand clipped Chantilly lace with a fitted bodice and long sleeves tapered at the wrist. The bouffant skirt was of tiered nylon tulle.**

A crown studded with iridescent sequins held her fingertip illusion veil and her bouquet was of white orchids and stephanotis.

* * *

Maid of honor was Carole Malsom, and bridesmaids were Sandra Lawrence and Mary Jane Leahy. They wore ballerina length dresses of white nylon organza over pink taffeta and carried bouquets of pink and white carnations. The flower girl was Debbie Richardson.

**John Ensworth was best man, with ushers Milton Ott, Thomas Cross, James Lunn and James May.**

To receive guests in the Rose Kneale Room, Mrs. Rosberg wore a dress of Dior blue organza over taffeta with matching accessories and a corsage of yellow carnations pinned to her purse. The bridegroom's mother wore a violet crepe sheath with pink accessories and a pink carnation on her purse.

* * *

Before the couple left for a trip to Northern Michigan, the bride changed to a navy silk suit with white accessories and a white orchid from her bouquet.

Only 12 Pct. Admit They're Lost

# Beat Generation? Not Us, Say Most Teens

By EUGENE GILBERT
Gilbert Youth Research Co.

The emotional letdown after World War I produced what literary critics are fond of calling "The Lost Generation."

Escapism reigned. It was the hedonistic era of the Roaring Twenties, of prohibition and bootlegging, of American ex-patriates like Ernest Hemingway and Gertrude Stein living the gay, intellectual life on Paris' famed left bank.

**Now it seems that World War II, somewhat belatedly, also has fathered a generation all its own. It's been called "The Beat Generation."**

The accent still is on pleasure—madcap parties, speedy sports cars and motorcycles, cool jazz, lots of loving and lots of drinking—but pleasure no longer is an end in itself.

While "The Lost Generation" tried to get as much as it could out of life, "The Beat Generation" has altered the formula without changing any of the ingredients.

**TWISTED VERSION**

The idea still is to live life to the fullest but not to enjoy it. The generation is beat because it resists any kind of emotional response about anything.

★ ★ ★

The term "Beat Generation" was coined a year ago by novelist Jack Kerouac in his book "On The Road," which now serves as a sort of manifesto for his beaten followers whom he claims are "mad to live, mad to talk, mad to be saved."

**Adults readily believe the first two articles of Kerouac's creed but strongly doubt the salvation angle. So, it appears, do most teenagers.**

In a nationwide survey of what young people think of "The Beat Generation" we found that most boys and girls are as horrified as their elders at the excesses attributed to this postwar phenomenon.

Few of them care to consider themselves part of "The Beat Generation," and even fewer are willing to accept the title as aptly descriptive of their times.

★ ★ ★

Skepticism was echoed by many teenagers, 86 per cent of whom insisted that neither they nor their friends could be numbered among the beat generation.

**INCLUDES 12 PCT.**

Others, particularly among the 12 per cent who confessed past or current membership in the beat generation, were more explicit.

**"Two years ago I started out with a real beat crowd," confessed a Los Angeles youth who for understandable reasons declined use of his name. "We stole cars to race them; anything for kicks. Thank God, I got out in time."**

Fern Stavey, an admitted member of Chicago's beat bunch, had nothing but scorn for nonbelievers. "What do they want—New Year's horns all the time?" she inquired.

"This is a messy world we're stuck with, and the squares don't even know how to make the best of it."

In the beat formula, as Fern would admit, making the least of it emotionally is the best way to make the best of it.

**REPUGNANT TO MOST**

But to the vast majority of the teenagers interviewed, the whole idea of a beat generation was absurd and repugnant.

Said Beth Davidson of Montclair, N. J., "To be beat you must think that the whole rest of humanity is square and you are the only one who knows. It's all nonsense."

★ ★ ★

To 86 per cent of the teenagers the term "Beat Generation" has no valid application to themselves or their friends. Said one Detroit interviewee:

**"They've blamed just about everything else on the teenagers, but they can't hang that one on us. My crowd is anything but beat. We're alive. They're dead and don't know it."**

The 12 per cent minority who accepted the beat title also had a spokesman.

"I guess beat is a fair enough term," agreed 18-year-old Ricki Goldberg of New York City. "After all you can't say the lost generation was really lost when you look at this one. This is the even lost-er generation. The bottom. The absolute least."

★ ★ ★

But "The Beat Generation," it would appear, is more beat than it realizes. It will find few prospects for membership among the current crop of teenagers. Most of them are just too busy to be beat.

*Married Saturday afternoon were Margaret McKinney and Douglas M. Hancock. Parents of the couple are Mr. and Mrs. Lester McKinney and the Maurice Hancocks.*

MR. and MRS. DOUGLAS HANCOCK

## Margaret McKinney Wed to Douglas M. Hancock

Margaret McKinney and Douglas M. Hancock were married Saturday afternoon at Central Methodist Church. Dr. Milton Bank officiated before 150 guests.

Parents of the couple are the Lester McKinneys of West Huron street and the Maurice Hancocks of Birmingham.

**The bride wore a floor-length gown of white net over taffeta. Her fingertip veil fell from a pearl crown and she wore a pearl necklace, a gift from the bridegroom. Her bouquet was white roses.**

Mary Emma Thomason was maid of honor. She wore a ballerina-length pink chiffon dress with a cowl neckline, and a matching hat. She carried a colonial bouquet of white carnations and pink roses.

Jeanne Hancock, sister of the bridegroom, was junior bridesmaid and Patricia Thomas was bridesmaid. They wore dresses identical to the maid of honor's and carried nosegays of white carnations and pink roses.

**A reception was held in the church parlors. To receive guests, the bride's mother wore a beige lace sheath dress with matching accessories and a yellow carnation corsage.**

The bridegroom's mother wore a blue dress with lace trim and white accessories and a white stole. Her corsage was of pink carnations.

★ ★ ★

Before leaving on a trip to Niagara Falls, the bride changed to a blue and white checked suit with white accessories. Her corsage was of white carnations and blue delphinium.

The couple will live in Troy.

## Malcolm Walker Claims Bride in New York Rite

Community Methodist Church, Jackson Heights, N. Y., was the scene of the Saturday afternoon wedding of LeConte Bollendonk and Malcolm A. Walker. Dr. Karl Moore officiated.

Parents of the couple are Mrs. Dorothy M. Bollendonk of Jackson Heights, N. Y., and Mr. and Mrs. Edward Cornell of Henderson street.

**The bride, given in marriage by her brother, William Bollendonk Jr., of Littleton, Colo., wore a waltz-length gown of white satin with a white tulle overskirt and lace bodice. Her cap and veil matched the gown, and she carried a bouquet of white roses with lilies of the valley.**

Matron of honor was Mrs. William Bollendonk Jr., the bride's sister-in-law from Littleton, Colo. She wore a yellow and white nylon dress with a yellow cap and short veil and carried a bouquet of yellow roses.

★ ★ ★

Bridesmaids were Leonre Nicastro and Margaret Lutz, both of Jackson Heights. They wore turquoise silk organza dresses with matching caps and carried yellow roses.

**ASSIST BRIDEGROOM**

Best man was Saul Singer of Brooklyn, N. Y. Ushers were David Billharz of Tarrytown, N. Y. and Hilburn Covington of Burlingame, Calif.

**A reception was held at the bride's home for the families and wedding party. To receive guests, the bride's mother wore a turquoise linen dress with white accessories. The bridegroom's mother wore a navy lace dress with matching accessories.**

Before leaving on a trip through New England and Canada, the bride changed to a gray summer suit with a red flowered blouse and lining.

The couple will live in Ann Arbor where the bride will continue studies at the University of Michigan.

Malcolm graduated from the U. of M. with a B. S. degree in engineering. He is a member of Tau Beta Pi, Phi Lambda Upsilon, Phi Kappa Phi, Vulcans, Triangles, Phi Eta Sigma and Alpht Chi Sigma fraternities.

## Rugs Should Have Regular Cleaning

Although rugs get constant wear and tear, they often are the last items in a home to be cleaned. Regular vacuuming needs to be followed once or twice a year with a full cleaning.

This may be done professionally or with a home cleaning aid. But it should be done — for the life and beauty of the rug.

Pontiac Press Photo

*New officers of Soroptimist International of Pontiac were installed Tuesday evening at Edgewood Country Club. Helen Larkin (left), installing officer, met with Taimee Surola, president (right), and Alice Kimball, recording secretary, to discuss the group's future plans.*

### To Eagles State Offices

## Two From City Named

The Fraternal Order of Eagles, Aerie and Auxiliary 2887, were honored at the state convention held recently in Traverse City, when two of their members were elected to state offices.

STRICKLAND JOHNSON

Mrs. Randall Strickland was elected inside guard of the auxiliary and Duane O. Johnson was elected secretary and a trustee for the second consecutive year.

Mrs. Strickland organized the local Auxiliary 2887 and is past president. She has been secretary for the past three years.

Mr. Johnson is manager for local Aerie 2887 and is also a past president.

## Goodwins Celebrate First Anniversary

William Goodwin of South Francis avenue and Mrs. Paul Morse of South Marshall street gave a surprise party for Mrs. Goodwin in honor of the couple's first wedding anniversary.

Twenty persons, all members of the bridal party and their families, attended the affair. Mr. and Mrs. Goodwin spent the last three weeks at Yosemite National Park.

## Patient in Hospital

Albert G. Dunn of Ellwood avenue is a patient at St. Joseph Mercy Hospital.

## Soroptimists Hold Dinner, Installation

At a candlelight service held at Edgewood Country Club, Helen Larkin, junior past regional governor of Soroptimist International, installed new officers and two new members of the Pontiac Soroptimists.

Installed were Taimee Surola, president; Mrs. Richard Paschke, vice president; Mrs. Roy Maxwell, treasurer; Mrs. Leon Glynn, corresponding secretary; and Alice Kimball, recording secretary. New members welcomed were Mrs. Howard Decker and Mrs. John Bieschke.

Fritzi Stoddard told of her travels in Europe in 1948 when she also attended the International Convention of Soroptimists in Harrogate, England.

Guests at the Tuesday dinner were Dr. Caryl Kulsavage and Mrs. Williams Meadowcroft, both of Birmingham; Mrs. Robert Schultz, Mrs. Frank Anderson and Mrs. Clifford Todd.

### With Gifts, Parties

## Entertain County Patients

Patients at the Oakland County Convalescent Hospital have received a card table from the Midweek Extension Group of Walled Lake and a parakeet and cage from Mr. and Mrs. Grant R. Davis of Howell street.

Tuesday evening Mr. and Mrs. Victor Wendler of LaDue drive showed the patients movies of a trip to Yellowstone National Park and points west. Mr. Wendler is president of the 8-16 Camera Club of Pontiac.

The films were shown in connection with activities sponsored by Ascension Lutheran Church under the chairmanship of Mrs. Marion Kohn of Hospital road.

Christ Church Cranbrook is sponsoring a party for patients today, directed by Mrs. Marion Muhlitner.

## Give It More Time

In the "Malted Milk Cake" recipe printed recently, the baking time should be changed from 20-25 minutes to 40-45 minutes.

# Crippled Bomber's Cool Crewmen Stick With Their Ship, Land Safely

By FRED MOEN

TOPEKA, Kan. (AP)—A crippled Air Force bomber limped along high above the eastern Kansas plains last night. Inside, six men tried to decide whether to stay with the plane or bail out.

After two hours of tests, the airmen elected to ride down with the six-engine RB47 reconnaissance bomber. They brought the plane home to Forbes Air Force Base without further mishap.

★ ★ ★

"The two hours seemed like seven hours because you knew at the end you had to come down," said Maj. Lewis Chase, commander of the RB47R reconnaissance bomber.

With an engine gone and a ripped wing, the crew practiced landings at 15,000 feet—sloiwng down and lowering flaps and landing gear—before they decided the ship could be coaxed to the ground.

The crew experienced a sudden jolt about 8 p. m. while on a routine training flight and Chase said he saw one of the plane's engines standing on end. A few seconds later it dropped off, ripping the underside of the right wing. The engine fell harmlessly in the back yard of a farmhouse about 50 miles south of here.

★ ★ ★

"I called the crew and told them they could either bail out or ride it down," said Chase.

"We could not see the bottom of the wing and we did not know whether the wing would stay on."

Others aboard were Lt. Frank L. Hicks, Olympia, Wash., pilot; Capt. Thomas H. Hanley, Easton, Pa., navigator; 1st Lt. Heromu Goya, Honolulu; 1st Lt. Thomas J. Gresalfi, Baldwin, Long Island, N. Y.; and 2nd Lt. Roscoe H. Fobair, Covina, Calif.

Like Chase, they decided to stay with the plane.

★ ★ ★

Chase, a 36-year-old former combat pilot from Gallitzin, Pa., said, "My initial reaction when I looked out and saw the wing and engine was that we would eventually have to bail out. After the engine dropped I knew we had control of the plane."

He said the plane became easier to control as the fuel load lightened. Chase and the other crew members definitely decided about 10 p. m. to land, and brought the ship in at 11:27 p. m.

★ ★ ★

"Most pilots would have bailed out under similar circumstances," said Col. James K. Johnson, commander of the 55th Strategic Reconnaissance Wing. "They would have hit the panic button."

Chase said the crew had selected a thinly populated area in which to head the plane in case they had to abandon it.

## It Took a Good While but Finally Happened

CORVALLIS, Ore. (AP) — In the last two summers the families of Harold W. Shuler and Hugh B. Wayt — both of Frankfort, Ind. — have gone on summer vacations together. And in 10,000 miles of driving, neither car had gotten a scratch.

★ ★ ★

Tuesday Harold, 45, had to stop quickly for a traffic light here. Suddenly, his car was jolted from behind.

He leaped out of his own car and ran back to investigate. At the wheel of the other vehicle was Hugh.

---

Nine sections of New Mexico once had active volcanoes and U.S. highways 66 and 380 both cross large lava flow deposits left there years ago.

## 6-Week Swim Course to Begin in Waterford

A six-week swimming instruction course for Waterford Township adults will begin from 9 to 11 a.m. Saturday at the Pontiac Lake Recreation area beach, according to recreation director Tom Belton.

A qualified staff will instruct residents, and registration may be made at the beach. The registration deadline has been set for Saturday, July 5, Belton said.

---

The Amazon river is navigable for about 1,700 miles.

# Pollen Causes Many to Suffer

## But Tiny Particles Are Vital Link in Chain of Plant Life

WASHINGTON—Fantastic numbers of tiny bodies, intricately shaped and gleaming like jewels, float invisibly in the summer air.

Certain of these particles bring misery to many persons. But they are a vital link in the chain of life, the National Geographic Society says.

The particles are pollen, the male element of plants. Their mission is to fertilize plant eggs to produce seeds, ensuring a new generation. If pollen were to disappear from the air, as hay fever sufferers might wish, many races of flowering plants would perish.

**"Perfect" flowers contain both male and female reproductive organs. Some of these fertilize themselves. But other blossoms are so designed that self-fertilization is difficult or impossible. They rely on cross-polination, either by insects such as the bee or by the wind.**

Trusting the wind is a chancy operation. To be successful, a grain of pollen must land on a flower stigma of its own species, the only place in the world where it can function. The stigma may be no larger than a pinhead.

The odds against success are astronomical. To guarantee fertilization of enough eggs to maintain the species, vast amounts of pollen are needed. Researchers estimate that 25,000 grains of corn pollen are produced for each one that fulfills its function.

**One ragweed plant can shower out an estimated eight billion pollen grains in a single morning. A dozen in the nostrils are enough to cause discomfort.**

Ragweed is not the only offender. Some persons are allergic to the pollen of cedar, corn, elm, oak, oat, pigweed, poplar, timothy, walnut, and many other plants.

Two plants often accused of wrecking havoc — the rose and the goldenrod—are almost entirely blameless. Their large, sticky pollen grains do not float well in air. Insects, not wind, bring about their pollination.

# Falls to Her Death as Railing Collapses

PORTLAND, Ore. (AP) — For months Mrs. Irene House aired scatter rugs by hanging them on a sun porch railing at the rear of her second-floor duplex apartment.

★ ★ ★

As she started to drape a rug over the railing yesterday, the wooden structure collapsed.

The 31-year-old mother of four children plunged 18 feet to the ground, striking a metal pipe. She died soon after arrival at a hospital.

★ ★ ★

Police took custody of the children — ages 6 months to 7 years — until their father, who was working in berry fields in western Oregon, arrives home.

## From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

The recent honor bestowed on Frank D. Thompson as Pontiac's "Father of the Year" couldn't have been a better choice.

Dwight, as everyone knows him, is the father of three boys and the foster father of 250 boys who participate in the Pee Wee League athletic program which he conceived and which has blossomed into a year-round schedule of activities.

**Three years ago when Dwight presented the idea of a supervised and fully equipped football program to officials and business people around the city, the words of encouragement were few.**

With the help from volunteers and the PTA group around Whitfield School he started at floor level, determined to make what he had started to be the best possible success he knew.

★ ★ ★

Four Pee Wee football teams were uniformed that first year and for Thompson it meant at least 25 hours of his time a week.

**As organization grew, interest grew and the Pee Wee Leaguers continued through the basketball and baseball seasons.**

The number of football teams grew to 10 last year and already has reached 16 for next Fall.

Basketball teams grew to 28 last winter and now 15 teams of Pee Wees use three baseball diamonds in his growing program.

**NEED PLAYING SITES**

"Our problems have always been getting sites to play our games in football and baseball," says Thompson. "We have received wonderful cooperation from parents and volunteer coaches."

**"What surprises me most is the opposition we get, especially in our football program and this is difficult for me to figure out," he added.**

"With all the talk about the poor physical status of American boys, why do people object to the physical contact in football. Actually, we have had more injuries in basketball and baseball than we had in football, and every boy is protected with all the necessary equipment."

"Winning has not been our only objective. Of course, no one can eliminate the desire to win, but we try to give every boy a chance to participate and we never refuse a boy on our teams, whether he be from Pontiac or anywhere else in Oakland County."

**Presently, he is spearheading efforts for a West Side Boys' Club of which he is a member of the organization committee.**

Dwight is sure that in the near future a building will be up for the club and he plans at all odds to help accomplish this.

Because, when you talk to Dwight Thompson you soon learn that the Pee Wees around Pontiac are as close to him as his family, church and job.

**DITTOS FROM THE PRESS BOX**

Jean Hoaxie and a young troop of her tennis players will be in Pontiac next Wednesday evening to help officially initiate the new tennis courts at Crofoot school on West Huron.

Art Van Ryzin is supervising the recreation program at Crofoot with Virginia MacLeay conducting the tennis sessions for teens and adults each Wednesday evening.

## Strong Winds Keep Scores High at Start

### Four Professionals Begin With 39s; Area Entry Penalized

Strong winds buffeted Forest Lake Country Club today as the USGA Women's Open Golf championship began its 3-day 72-hole run.

The stiff breezes were reflected in soaring nine-hole scores. No one among the early starters was able to match par 37 at the turn.

**Professionals Mickey Wright, Vonnie Colby, Alice Bauer and Jackie Pung enjoyed the most success with out-going 39s.**

Wiffi Smith, the freckled-face pro from St. Clair, was penalized two strokes this morning for an undue delay in starting. She fired a 43 on the front nine.

The starting field was reduced by one with the withdrawal of Mrs. Maxon Bergeg, amateur from Buffalo, N. Y.

The weather outlook improved considerably this morning when the sun came out after a lengthy absence. The sky was clear at the 10 a.m. starting time and prospects were good for a dry day — for a pleasant change.

★ ★ ★

**Nearly an inch of rain drenched the Forest Lake course Wednesday, cutting the gals' practice rounds to a minimum and converting them into a restless group.**

The star-studded field of 29 professionals and 28 amateurs is highly keyed up for this tournament and tension mounted when the ladies were unable to take as many warmups as they desired.

One of the more restless golfers yesterday was Sally Sharp of the host club. Just returned from her spring term at Michigan State, Sally had hoped to practice extensively for this tourney in order to make a favorable impression in the amateur ranks.

Eighteen holes were scheduled today, another 18-hole round is slated Friday and 36 gruelling holes are in the offing Saturday. If a tie results, an 18-hole play-off will be held Sunday.

**18-HOLE SCORES**

**CHECKING THE RULES** — Miss Jon Snyder (left), professional from Wichita, Kans., and Miss Margaret Watkins, amateur from Grosse Pointe Farms, give the U. S. G. A. rules a last-minute check before teeing off this morning in the first 18-hole round of the Women's National Open golf tournament at Forest Lake Country Club. Miss Snyder and Miss Watkins left the tee at 10 a. m. to inaugurate the 72-hole tourney, which runs today through Saturday. A total purse of $7,200 will be at stake.

## Four Golfers Break 70 in Long Island Tuneup

EAST NORWICH, N.Y. (AP)—The touring stars didn't exactly take apart the Pine Hollow course in the pro-celebrity competition, but with $50,000 in prizes on the line they can be expected to do a little better in the first round of the Long Island Open Golf Tournament today.

★ ★ ★

Only four players broke 70 on the par 71 layout yesterday. Billy Casper and Bob Rosburg each carded a 67. Jerry Barber and Dave Marr, the latter a youthful metropolitan pro, had 69s.

In the 70 bracket were such well-known performers as Shelley Mayfield, Billy Maxwell, Marty Furgol, Mike Souchak, Sam Snead, Ken Venturi and Toney Penna.

★ ★ ★

With the frivolity out of the way, the nomads of the links could be counted on to bear down in their bid for the $9,000 first prize.

The 6,860-yard rolling course presents no particularly difficult problems from tee to green, although there was considerable grumbling yesterday over the rough putting surfaces.

★ ★ ★

Although picking a winner in such a tournament is pure guesswork, the general tendency is to string along with the "hot" player. Currently that is Casper.

Casper and Rosburg each picked up an extra $900 for their deadlock at 67. The pros collected a total of $10,000 for the preliminary competition, the sum bringing the total value of the tournament to $60,000.

Approximately 150 players teed off today. The field will be cut to the low 50 and ties after Friday's round.

## *Gene Sarazen Bows to Briton in Senior Meet*

LIVERPOOL, Eng. (AP)—A lashing rain and a man six years his junior combined Wednesday to defeat 56-year-old Gene Sarazen of Germantown, N.Y., in the World Senior Professional Golf Championship.

★ ★ ★

He was beaten by Norman Sutton, the 50-year-old British senior titleholder, 2 and 1, in their 36-hole match.

### Fans Make Her Sentimental Favorite

## '57 Open Nightmare for Mrs. Pung

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

The Jackie Pung story in women's golf has been written and re-written after her heart breaking experience in the 1957 Women's Open at Winged Foot Golf Club in Mamaroneck, N. Y.

Every line which goes into print however just adds another fan for Mrs. Pung, and as the first round of the Women's Open starts today at Forest Lake, the genial Hawaiian takes the role of sentimental favorite.

**The story of Jacqueline Pung isn't an overnight surge to stardom. After jobs as waitress, Army payroll clerk, salesgirl and taxi cab driver, she turned pro in 1953.**

It was actually an auspicious start for Jackie. She tied Betsy Rawls in the National Women's Open that year and lost in an 18-hole playoff.

★ ★ ★

That did much in convincing Mrs. Pung that the Women's Open was "THE" tournament she wanted most to win. Last year her dream was almost realized. She won it in four rounds and lost it in the matter of seconds.

**Her 298 at Winged Foot was one stroke ahead of Miss Rawls,**

JACKIE PUNG

**and while she was taking her bows she mentioned that unfortunate six she took on the 4th hole.**

Her card however listed the hole with a five and when her partner Betty Jameson submitted the card, Mrs. Pung inadvertently signed it. Under the USGA rule she was thus disqualified.

★ ★ ★

If she had tried to hide that six she would not have made it public, but in all honesty and the excitement of winning Jackie put her signature on the card. The total was actually correct because she counted it as six but USGA rules require verification of hole by hole scores on the card.

**Disqualification meant the the title and loss of $1,800 which was the top prize. The innocent error however appealed to the hearts of golf fans and after the hat was passed around Mrs. Pung netted a sum even far better than the champion of the tourney.**

This episode has been only a part of the frustrations she has endured in the past 30 months. Illness kept her out of action in 1956 and in 1957 it was a matter of some sour luck which kept in the runnerup position of various tournaments instead of on top.

In two and a half years she has been unable to win a tourney title, even though she always manages to stay among the top money winners.

With her well rounded game, Mrs. Pung is certain to break loose one of these tournaments, and she would rather have it be in the Women's Open at Forest Lake than any other tourney.

## Houston Golfers Take Team Title

### Seek Individual Crowns After Breaking Records in Five-Man Effort

WILLIAMSTOWN, Mass. (AP)—The Houston Cougars, holding their third straight team title after a record-shattering spree, today sent five players in quest of the individual National Collegiate golf championship.

Co-medalist Phil Rodgers, Jim Hiskey, Jack Cupit, Frank Wharton and Bob Pratt ventured into the first round of match competition after establishing a low mark of 570 aggregate strokes, two better than the previous mark by Southern Methodist in 1954.

"This is the greatest college team I've ever known or heard about," Coach Dave Williams said.

★ ★ ★

Williams' yardstick also includes the 563 strokes Houston used to win the Border Olympics crown—20 less than the storied North Texas State aggregation of 1952 when it captured the same honor.

"That North Texas club had a lineup of Joe Conrad, Billy Maxwell, Don January, Marion Hiskey and Stan Mosell," Williams added.

Oklahoma State placed second 12 strokes behind, aided by Ab Justice who fired a 139 for co-medal with Rodgers.

Joe Grace of Lathrup Village, Mich., made the second team of the NCAA Golf Coaches Association All-American squad.

Grace played for Notre Dame. John Konsek, who led Purdue to the Big Ten title, was named to the first team and teammate Eugene Francis to the third team.

### Rain Cancels City Play

**Wednesday morning's heavy down pour forced cancellation of all baseball and softball activity for leagues operated by the Pontiac Parks & Recreation Department. One junior league contest got in three innings before rain prevented further play.**

## Standings

**AMERICAN LEAGUE**

**FOLLOWS DAD** — Pancho Wimbledon Contreras follows in dad's footsteps at Wimbledon tennis championships in England. Born during last year's tourney — hence the middle name — the youngster suffered his 1st setback yesterday when his father, Francisco of Mexico, was defeated by Swedish star Sven Davidson in a men's singles match.

## Doctoring Your Golf

By DR. CARY MIDDLECOFF

**PATIENT'S COMPLAINT: Erratic Chipping.**

**DIAGNOSIS: Vague Planning.**

**Treatment:** Effective play around the greens calls for definite planning and firm execution. Get the picture of the shot you want to make clearly in your mind. Put aside all thoughts of falling short or going too far past. Be positive about this shot.

6-26

**Pick out the spot on the green where you want the ball to land, and estimate the bounce and roll from that point. Then take the club you need to make the shot conform to that pattern. The pattern you choose dictates the choice of club, not vice versa.**

Once you figure out how the shot should be played, stick to the plan. You want a crisp and decisive stroke down and through the ball. A firm plan makes for a firm and decisive stroke.

Golfer Jim Kraus and baseballer Dave Cooper of Birmingham won letters at Denison University during the past spring. Kraus won 24 of 31 matches averaging 78.2 for 18 holes. Cooper, only a freshman, led the varsity in fielding and hit .259.

A second international track and field meet between the United States and Russia will be held in Philadelphia in July, 1959. The 1st such event is slated for Moscow next month with Hayes Jones of Pontiac slated to be a member of the 44-man U. S. aggregation.

# Major Borg Sets Show Pace

By H. GUY MOATS

With every promise of bright weather conditions today, Detroit Horse Show moved into its 3rd day of action, marked by a full program of events. This morning's opening jumper test, the Michigan Hunts perpetual junior challenge trophy, set the pattern for what is in store for followers of the sport here.

★ ★ ★

Junior equitation will occupy all the morning time, with the afternoon feature the Joan Coulson Memorial, and including FEI jumpers. The Blackthorn Memorial challenge for women riders, an exhibition by Detroit Police mounted team, an exhibition of grand dressage by Major R. J. Borg, and the Open Hunt jumping event for FEI jumpers afford a fine evening's entertainment.

**Galleryites were treated to a warming spectacle just at the start of the Wednesday evening program. After two days of rain, the clouds broke away and a gorgeous, full-scale rainbow appeared in the east, arching over the sharp green of the show ring like a brilliant proscenium.**

Major Borg set the pace Wednesday in a series of dressage competitions, and the Olympic coach and rider gave a small gallery of fans a superlative performance. The retired U.S. Cavalry officer captured the Class D event (3-day open dressage) and the evening's finale, Class E (Prix St. Georges), then added a second place in "E" and a third in Class D for good measure.

★ ★ ★

The ride to win the St. Georges on Bill Biddle was a rare performance. The major and his mount performed the intricate, half-hour-long series of movements like an animated statue. His demonstration, astride the beautiful warm gray Sgt. Soboda, was only a little less spectacular. Major Borg received a 203⅛ point score on Biddle in "E", had 199¾ on Soboda in "D". He was credited with 191¾ on Soboda in "E" for second place, received 176½ on "Drop Dead" (stable name) for third in the open 3-day event.

Mrs. Laufenstein, a veterinarian, was upon Hans Im Glueck.

★ ★ ★

Others performing in the Wednesday dressage tests included Mr. and Mrs. Chuck Grant on Shining Gold and Red Jacket, respectively; Helga Laufenstein (St. Thomas, Ont.); Skip Dowd of the metropolitan area on Earncraft, and Mrs. James Jones on Miss Prince, all in Class E.

**Open Hunt officials last night, commenting on the performance of the major on Sgt. Soboda, declared the smart little horse was "probably the finest trained horse in the world." Major Borg rode the Sergeant in the last Olympics. He, along with Helga Laufenstein (for Canada), have already won places on the 1960 Olympic equestrian team, observers report.**

Mrs. Victor Armstrong presented the Class D awards and Mrs. Phil Moses those for Class E.

Results of yesterday's dressage events:

Class A—BOH open elementary—Won by Violet Hopkins, BOH riding instructor.

Class B—Won by Heather Campbell of Birmingham (AHSA medal class—USET combined test).

Class D—Major Borg (Sgt. Saboda), 199¾ points; Chuck Grant, Birmingham (Shining Gold), 197¼; Major Borg (Drop Dead), 176½; Skip Dowd (Earncraft), 174.

Class E—Prix St. Georges—Major Borg (Bill Biddle), 203⅛ points; Major Borg (Sgt. Saboda), 191¾; Mrs. James Jones (Miss Prince), 177¼, and Skip Dowd (Earncraft), 175.

Pontiac Press Photo

JUNIOR JUMPER—Up on his handy jumper, above, is Ed MacManus, Bloomfield Hills, one of Tuesday's competitors in the Detroit Horse Show opening feature at Bloomfield Open Hunt Club. MacManus was one of a large field of teen-age riders who had the big show's first day all to themselves, with a three-way team competition.

Garlic is technically a member of the lily family.

Of the states that produce iron ore in America, the amount mined in New York is ranked fourth in total volume.

Four types of yellow pine which grow in the south are used for 60 per cent of U. S. wire service poles.

## Entries Keep Rolling In for Fishing Derby

Additional entries continue to swell the list of hopefuls for the bass division of the 1958 Press Big Fish Derby. Current leader is a 4-pound, 9½-ounce smallmouth, landed by Pontiac's Maurice Robinson.

★ ★ ★

Latest entries which all failed to oust the leader, included:

Larry Brown, Pontiac, 4-pound 9-ounce largemouth, 20 inches long, at Pontiac Lake, (ounce too light to beat the leader).

Don Carter, Clarkston, 3-pound, 8½-ounce largemouth, at Woodhull Lake.

★ ★ ★

Ray Disney, Walled Lake, 4-5½-ounce largemouth at Wolverine Lake.

William Pullis, Pontiac, 3-pound 10-ounce largemouth at Upper Silver Lake.

Jerry Salminen, Pontiac, 3½-pound largemouth at Mud Lake, near Commerce.

## Seeded Netters Have Difficulty

KANSAS CITY (AP)—Opening round opponents proved tough for three seeded players in the Missouri Valley tennis tournament for men and women Wednesday.

Only men's singles were played. Women's competition opens today.

Rudy Hernando of Detroit, a third-rated junior nationally and fifth-seeded here, had to hustle to beat Bill Fithian in the second set 7-5 after breezing through the first 6-0.

# Rough Sledding Faces U.S. Netters

## Diamond Dust

By CHUCK ABAIR

Thanks to the ambitious efforts of fellows like Bill Staman at Walled Lake and Birmingham's Al Bates Michigan has risen to 3rd place in the nation for fielding teams in the Babe Ruth League baseball program which includes boys 13 to 15.

Only California and New York rank ahead of this state now and that may change the way things are going. Six Oakland County cities have leagues and more are expected in the near future with some towns already operating similar loops but not officially entered in the organization.

Staman, a state director, has hopes these groups will join the organization soon. He receives numerous requests for information on league operation from all over Michigan each week.

The tireless efforts of Bates and many others have brought about the addition of a new division at Birmingham this summer making that city and Berkley the county leaders with two each. So the county actually has eight leagues going in six cities.

Staman's home town of Walled Lake, Milford, Southfield and Farmington are the others taking part. All star teams will be selected from these loops at the close of regular season play to compete in state playoffs.

**"Our tournament games will be similar to regionals in basketball this year enabling the teams to start off the eliminations close to home," says Staman who directed the area playoffs at three sites last July.**

Games will be held at eight regional sites and playoffs will continue until a state champion is determined. The winner then will enter national competition.

**EXTRA INNINGS** — Pontiac Parks & Recreation got its kids leagues going yesterday . . . Waterford director Bob Brown has four fields in operation with 23 softball teams playing in that area, 12 for youngsters and 11 for men.

**Lake Orion Village Council came to the rescue of Small Fry League there with a $200 donation. Total of 300 kids from 7 to 12 will play in two divisions . . . Royal Oak Jr. Legon coach Ray Rourke starred for the same team 10 years ago.**

Rain certainly is raising havoc with area baseball and softball schedules. Makeup games are piling up fast. An important Junior Legion replay will be held tomorrow night at Royal Oak as Southfield puts its unbeaten record on the line.

Red Wings reportedly lowered the boom on Terry Sawchuk's plan to play summer baseball for Shaw's . . . Greg Thompson hitting a lusty .838 in PeeWee ball where three different teams have three makeup games each to play because of rainouts . . . Union Lake Indians of Walled Lake Little League have lost two top performers. Bobbie Hesselgrave suffered a broken leg recently scoring an important run while versatile Bobby Cocchia has moved . . . Lynn Thorpe, who hurled a no-hitter Tuesday in Pontiac Midget play, pitcher for the Auburn Boys' Club and not the little Eagles as mentioned in Wednesday's Press.

**WEDNESDAY's FIGHTS**

By The Associated Press

CHICAGO—Rory Calhoun, 164, White Plains, N.Y. outpointed Bobby Boyd, 163, Chicago, 10.

LOUISVILLE, Ky.—Rudell Stitch, 146½, Louisville, outpointed Duke Harris, 147½, Detroit, 10.

## Only 7 Remain in Singles Test at Wimbledon

### Althea Gibson Reaches 3rd Round in Women's Matches

WIMBLEDON, England (UPI) — Budge Patty, the dapper dandy who won the title here in 1950, was expected to join two Americans in the third round of men's singles in the Wimbledon Tennis Championships today, but signs pointed to another battering for the U.S. delegation.

The mustachioed Patty, who hails from Los Angeles but spends most of his time in Paris, was pitted against young Los Angeles player Bob Perry in one second-round match.

**The winner, and Patty was the expert's choice, would join eighth-seeded Barry Mackay of Dayton, Ohio, and young Mike Green of Miami, Fla., in the third round. Mackay and Green won their second-rounders yesterday before rain forced a postponement of many matches.**

Because of the rain, today's program included a hodge-podge of second and third round matches in men's singles and women's singles, plus first and second round matches in men's and women's doubles.

★ ★ ★

Going into today's matches only seven Yanks still were "alive" in men's singles, and that number was expected to fall to as low as four or five by nightfall. Only five American women still were competing in women's singles, including defending champion Althea Gibson of New York who faced a third-round match today against Mexican star Yolanda Ramirez.

**Mackay, who scored a 6-1, 9-7, 6-2 victory yesterday over Eric Bulmer of Britain, and Green, 7-5, 6-1, 6-4 winner over lesser-known Aussie Bill Kearney, both were idle in singles today although Green was scheduled in doubles.**

Ousted from men's play were Earl Buchholz of St. Louis, Mo.; Bill Quillian of Seattle, Wash.; Malcolm Fox of Baltimore, Md., and Jack Frost of Monterey, Calif. Eliminated among the women were Dorothy Head Knode of Forest Hills, N.Y., and Margaret Varner of Boston.

## Netters Invade Russia Aug. 19

### Kramer's Pro Troupe in English Tournament in September

WIMBLEDON, Eng. (AP)—Promoter Jack Kramer said Wednesday his professional tennis tour of the Soviet Union would begin Aug. 19.

The date was agreed upon between Kramer and Soviet tennis officials visiting in London during the Wimbledon Championships.

★ ★ ★

The tour will last for three weeks and will cover a number of cities, Kramer said Pancho Gonzales and Frank Sedgman would go with him on the tour. Don Budge probably will be the fourth player.

They will give exhibitions and coach young Russians.

★ ★ ★

Kramer also said the pros would compete in a tournament at Wembley's indoor arena, Sept. 22.

He said the cast of players for the six-day tournament would include Gonzales, Sedgman, Tony Trabert, Lew Hoad, Ken Rosewall, Pancho Segura, Rex Hartwig and Kramer.

Prize money will be $14,000, first money $2,800.

### Says Ex-Mates Lack Spirit

## O'Connell Blasts Braves

MILWAUKEE (AP)—The San Francisco Giants' Danny O'Connell, slowly warming up to his subject, barbecued the Milwaukee Braves last night for what he called their lack of spirit, drive and incentive.

★ ★ ★

O'Connell's blast at his former teammates served to second a motion made in Los Angeles the other day by the Dodgers' Carl Furillo, who has crossed conversational swords with the Braves on numerous occasions.

Furillo singled out Wes Covington, Hank Aaron and Eddie Mathews for his more baited barbs and ended by saying, "The Braves are playing like they were two years ago when they blew the pennant, . .they'll never win it."

Reluctant at first to be drawn onto the charcoals of controversy, O'Connell finally blurted:

★ ★ ★

"The Braves should be further ahead than they are right now with the team they have, the hitters and pitchers. They're in first place, all right, but only 2½ games ahead of the Cards and us.

"Something's wrong. I don't know exactly what it is but I'll say this. They never had too much spirit and they don't have an overabundance of it right now. They're a little let down in their general attitude."

"When I was with the club in 1956 and '57," O'Connell continued, "everyone was for himself. They were all individualists until they got Red Schoendienst in the trade that sent me to the Giants. He took charge last year and steadied them, but he's been out of the lineup a lot this year and can't steady them down. You can see it when they're on the field."

### Gator Bowl, CBS Agree

NEW YORK (AP)—The Gator Bowl Assn., has signed a five year contract with the Columbia Broadcasting System for radio and television broadcast of the annual Gator Bowl football game at Jacksonville, Fla.

The game will be played this year on Dec. 27.

### Cards Sign Fullback

CHICAGO (AP)—Bobby Barrett, fullback from the University of South Carolina, has signed a contract for 1958 with the Chicago Cardinals of the National Football League, Walter Wolfner, managing director of the Cards, said today.

JUST SAY "CHARGE IT" AT FEDERAL'S

# Lane Gets Crack at Brown

HOUSTON (AP)—Kenny Lane, the Muskegon challenger, believes he is the left-hander who can stop lightweight champion Joe Brown's mastery over southpaws.

Lane expressed such confidence yesterday shortly after signing to meet the 32-year-old champion here July 23 in a 15-round nationally televised title fight.

Brown has beaten every left-hander he has faced while compiling a record that includes 72 victories, nine draws and 15 defeats. The New Orleans-Houston boxer will be seeking his 33rd knockout when he meets Lane in Sam Houston Coliseum.

"I beat more right-handers than Brown beat southpaws," said Lane, the 25-year-old Michigan boxer who has held the No. 1 spot among lightweight challengers nearly two years.

"Besides, I'm a left-hander but I think right-handed," he said.

Brown was missing when Texas Boxing Enterprises Inc. officials made the long expected announcement that Houston was to receive its second world's title fight within three months. Brown was in Louisiana but his manager, Lou Viscusi, said the champion will return here very shortly to begin training, probably at a ranch northeast of Houston.

Lane's manager, the veteran Jack Kearns, said intensive training probably will begin in about two weeks in New Orleans, so as to permit the challenger to become accustomed to the hot, humid climate he will encounter here.

"We'll move into Houston about July 16 but our heavy training will be over by then," Kearns said. "Lane is ready now. It will be a thrilling, nip and tuck fight regardless of the outcome."

Brown will receive 40 per cent of the gate, Lane 20 per cent. Lane's biggest payday in 58 fights has been only $7,500 but he is expected to boost this to at least $20,000 next month. Lane holds a record of 53 victories and five defeats.

★ ★ ★

On May 9 Brown picked up $40,000 for an eight round technical knockout over Ralph Dupas of New Orleans in Houston's first title fight. Dupas received $20,000.

★ ★ ★

Rex Braun, head of the local promoters, said he hopes to match Paul Jorgensen, third ranked featherweight from Houston, against ninth-ranked Joey Lopes in a preliminary to the Brown-Lane fight.

Answer to Yanks' Speed King

# 4th Win for Farrell

(United Press International)

Dick Farrell, a 24-year old "Boston strong boy," is the National League's answer to New York Yankee speed king Ryne Duren.

A 6-foot, 3-inch, 220-pound "bomber," who National Leaguers say throws every bit as hard as Duren, Farrell is working on his second straight year of spectacular relief work for the Philadelphia Phillies. He compiled a 10-2 record and 2.39 earn run average last season and so far this year stands 4-2 with an amazing 1.23 ERA.

**Farrell, who was pretty much overlooked while teammate Jack Sanford was voted rookie of the year in 1957, picked up his fourth victory last night when the Phillies shaded the Chicago Cubs, 5-4, in 10 innings. The powerful right-hander took over from fading Ray Semproch in the seventh inning and limited the Cubs to one hit over the last 3 2-3 innings.**

The Phillies pushed over the winning run in the 10th when Wally Post walked with one out, Harry Anderson hit into a force play and Chico Fernandez followed with his second triple of the game. The blow dealt Chicago relief ace Don Elston his fifth defeat against six victories, and prevented the Phillies from dropping into the cellar. Stan Topata swatted his 9th homer.

The St. Louis Cardinals moved to within 2½ games of first place when they beat the Pittsburgh Pirates, 3-1, and the San Francisco Giants clobbered the Milwaukee Braves, 10-2, in the other National League games. The Kansas City Athletics shaded the Washington Senators, 4-3, in the only American League activity.

**Wilmer (Vinegar Bend) Mizell pitched a three-hitter for the Cardinals who won their fifth straight game and beat the Pirates for the sixth time in succession. The Cardinals scored all their runs in the sixth on three singles, two stolen bases, a walk, two Pittsburgh errors and a passed ball. Ted Kluszewski had two of the hits off Mizell, who stands 5-6 for the year.**

The Giants unleashed a 13-hit attack, that included a two-run homer by rookie third-baseman Jim Davenport, to hand Bob Rush his third defeat. The Giants broke open the game with a five-run sixth inning rally after errors by Johnny Logan and Joe Adcock kept them "alive." Al Worthington got credit for his sixth win although Ramon Monant pitched the last one and a third innings.

The Athletics extended their winning streak to five games (interrupted only by Tuesday night's tie) when Bill Tuttle singled home the winning run with bases filled in the ninth inning. The Athletics had filled the bases against Dick Hyde on a double by Frank House and walks to Bob Martyn and Harry Chiti. Preston Ward homered in the eighth to give Kansas City a 3-2 lead but the Senators tied the score in the ninth on a walk to Eddie Yost and Albie Pearson's triple.

# Rainout Adds to 'Twin' String

DETROIT (AP) — Doubleheaders are piling up on the Detroit Tigers and it is apparent that the real test of the team and its pitching staff will come during the dog-days of the American League chase.

Yesterday's rainout — a sheer blessing from heaven as far as the Tigers are concerned — gives the club a string of five straight Sunday doubleheaders in July and August. This generally is the time they separate the men from the boys and the Detroit pitching staff is due for some real pressure.

**The Baltimore Orioles were leading 4-0 in the top of the first inning yesterday when rain intervened. Umpires waited an hour and 12 minutes before calling it off.**

General Manager John McHale immediately announced that the game will be played as part of a doubleheader on Sunday, August 3.

★ ★ ★

Other rainouts have caused double scheduling for July 13, 20 and 27 and August 10, all on Sunday, and for Wednesday night, August 13.

Immediately following the all-star game break, Detroit must play 13 games — including four night games — in 11 dates before getting a day off. Then come 15 contests in 13 days before another off-day. Starting on Friday night, August 8, the Tigers must play 20 games in 17 days including an exhibition game with their Charleston farm club.

**Jim Bunning was up to his old tricks — serving up the home run ball — before play was halted yesterday at the stadium.**

"I must be living right," he agreed afterward when everything had been wiped off the books.

★ ★ ★

Bunning yielded a home run to Bob Boyd and another to Gus Triandos following a base on balls. He could not get the Orioles out and Tom Morgan came on with the Orioles still having two runners on base and two men out. Billy Gardner had driven in the fourth Baltimore run with a single.

**Morgan never made a pitch. The rain came down so heavily that play was stopped, then the umpires waited more than an hour before reaching a final decision.**

Baltimore manager Paul Richards was understandably mad.

"I wouldn't complain but that game shouldn't have been started in hte first place. We should have waited all night, if necessary to play it," Richards steamed.

The series was scheduled to close today fith southpaw Bill Hoeft going for Detroit. Right-hander Frank Lary is scheduled to open the Boston Red Sox weekend set Friday night.

Michigan State's hockey team will play in the 1958 Boston Invitational Tournament over the Christmas holidays.

Ward (3), A's.

## Gifford Quits Football

NEW YORK (AP)—Frank Gifford, one of the National Football League's backfield stars, made his big decision Wednesday. He is ending a brilliant six-year career with the New York Giants for a new career in television and the movies.

★ ★ ★

The 27-year-old former golden boy of the University of Southern California, who four months ago signed a long term contract with a Hollywood studio, has been engaged to play the featured role in a weekly TV shw, "Public Enemy".

"The series is due t start in the fall," Gifford said. "It's an hour-long show based on federal crime cases. I'm the hero. I catch 'em."

★ ★ ★

Gifford said he had hoped to be able to play one more year with the Giants but he admitted the studio frowned upon the idea.

Gifford admitted he will miss football which he has played as a high school, college and professional star for 14 years.

Gifford, who won a berth on the league's all-star team for the past three years, picked the 1956 season as his greatest. That was the year he was voted the "player of the year" in an Associated Press poll.

## Rafer Johnson Seeks Decathlon Record

KINGSBURG, Calif. (AP — UCLA's Rafer Johnson may be gunning tonight for the new world record set by Russia's Vassily Luznetsov for the decathlon.

Leading the Kingsburg Invitational decathalon at the half way point with 4,319 points, Johnson, if all goes well, has a chance to better the 8,013 point record set by the Soviet athlete. Luznetsov recently beat Johnson's old world's record of 7,895 points set in 1955.

## Stopping Car Breaks Dog's Chasing Habit

NEW YORK — Just by stopping his car, a motorist can usually break a dog of the habit of chasing cars, according to a New York dog-research center.

★ ★ ★

Dogs instinctively go after moving objects and will rarely, if ever attack a standing car. It's not necessary to do any more than just stop the car; no shouting or gestures are needed. Since the dog expects to give chase, he is confused when the auto stops.

Several stops and starts may be needed to break him of the habit.

### Statue of Poet Unveiled

BERGEN, Norway — A statue of Nordahl Grieg, poet, dramatist, and journalist who was killed in an air raid over Berlin in 1943, was unveiled recently in his home town, Bergen.

# Guided Missile With Split Personality to Drive Red Defense System Crazy

HOLLOMAN AIR FORCE BASE, N. M. (NEA) — A new U. S. guided missile with a split personality is going to drive the Russians crazy.

Called the Mace, it has just been unveiled at this huge Air Force air research installation.

It has two interchangeable electronic brains, can carry hydrogen and atom bombs, flies over 600 miles per hour to targets 1,000 miles away and has been developed by the Martin Co. of Baltimore, Md.

**The Mace's unique feature, the ability to fly with one of two guidance systems depending on the mission, forces the Russians to establish an enormously expensive defense system against it. In effect one missile with an alternate brain means that an enemy must double its anti-missile effort to combat this type of weapon.**

This concept, plus other sohpisticated refinements of the missile art which are incorporated in the Mace, add new importance to developments in the non-ballistic missile field.

★ ★ ★

For the past year most interest has centered on ballistic missiles which have trajectories like a mortar shell and can fly through airless space because they carry their own oxygen element in their fuel system.

Missiles like the Mace, called air-breathers because they use conventional jet engines and need oxygen from the atmosphere,

MACE GOING UP— Twin brains add new significance to the air-breathers in the non-ballistic missile field.

MACE COMING DOWN— Parachutes lower the missile earthward for recovery after being fired for training.

have tended to be regarded as obsolete. But such things as giving them twin brains and making them recoverable after firing—the Mace can be lowered to the ground safely by parachute—add new significance to the air-breathers.

★ ★ ★

The Mace, as scheduled in Air Force plans, will have a vital front-line role for the next 10 years at least.

**Automatic tracking and navigation—called ATRAN—is the newest of the Mace's two guidance systems, developed by the Goodyear Aircraft Corp.**

A film strip which is a map of the route over which the missile will fly is placed in the system before firing. Then, as the missile begins its flight, a radar in the ATRAN system which scans the ground is synchronized with the film map to keep the bird on its deadly course. It is almost impossible for an enemy to jam or confuse the system.

ATRAN permits the Mace to fly at extremely low altitudes during all kinds of weather, putting an almost impossible burden on enemy radar. To make a solid radar fence against the Mace is almost prohibitively expensive.

## They Turn On Tap, Out Comes Milk

BRATTLEBORO, Vt. — Now being tested in Vermont is a new method of milk delivery that could eliminate the quart bottle.

Families using six quarts of milk or more daily tried out for five months 24-quart milk dispensers. The refrigerated cabinets, holding three 2-gallon cans, dispense milk through sterile rubber tubes at the touch of a lever.

★ ★ ★

The housewives reported that they thought the dispensers were convenient, they liked the extra room in their refrigerators, and the milk kept longer. One disadvantage, they found, was that the milk cabinets did not fit easily into the kitchen layout.

## Dealers Lose in Tucker Suit

### Can't Recover Their Franchise Investments in Defunct Car

CHICAGO (AP) — The U.S. Court of Appeals has ruled that two automobile dealers cannot recover franchise investments in the defunct Tucker automobile.

★ ★ ★

In affirming a previous decision of U.S. District Court Judge Michael Igoe, the court also held yesterday that money owed on franchises must be paid to Tucker's estate.

An attorney for the estate said the ruling will affect 1,800 such dealers throughout the country.

**The Tucker firm planned to build a "rear engine dream car" but went into bankruptcy in 1949 and never manufactured a car for general sale.**

The court upheld a ruling against Boyd Veenkant, an Allegan, Mich., dealer who sought recovery of $4,000 and Clyde O. Bates, a Lyons, Ill., dealer who sought $1,500.

★ ★ ★

It upheld a counter claim filed by trustees of the Tucker estate for $500 due on Veenkant's $2,000 franchise.

★ ★ ★

Norman H. Machman, attorney for the bankruptcy trustees, said the 1,800 dealers owe approximately $3,700,000 to the corporation. The dealers have more than three million dollars in claims against the corporation he said, which they never will recover under today's ruling.

## Provides Tips for Attracting Tourist Dollars

EAST LANSING (UPI)—Tips for attracting some of the increasing numbers of tourists were outlined by a member of the administrative staff of the U.S. Chamber of Commerce.

Frank Mueller told secretary-managers of local chambers of commerce at the 35th annual National Institute for Organization Management at Michigan State University that advertising was one of the best ways to attract tourists.

He said tourists spent about twice what the 12 largset corporations did in payrolls in 1956 and this year "tourists will be looking for that certain something your community may be able to offer."

### Hollywood Headlines

## Pvt. Russ Tamblyn Finds Army's Not Too Rough

By BOB THOMAS

HOLLYWOOD (AP)—What happens to a celebrity in the service?

Some insight on this matter is given by Pvt. Russ Tamblyn, one of Hollywood's famous draftees. He was in town after completing his basic training at Camp Roberts, Calif. His next assignment: Ft. Sill, Okla.

★ ★ ★

Russ expected a rough time when he entered the Army. But he had only one serious run-in, and that was with a corporal. He was told suddenly one weekend that he would have to stay on the post to act as company runner.

"But I've got a girl coming to visit me," Russ protested.

"That's tough luck, movie star," said the corporal.

★ ★ ★

Russ excused himself and said he'd be right back. He wasn't. He kept the date with the girl. His reward: two weeks of extra duty.

"Otherwise, I didn't have any trouble," he said. "I was generally treated just like any other soldier, which was the way I wanted it.

"The other fellows in my platoon were a little bit in awe for a while. Some of them asked for autographs, mostly to send to their folks back home. But that wore off."

★ ★ ★

Russ's latest picture, "High School Confidential," played the base while he was there. But his outfit was restricted and couldn't attend.

How did he find the Army training?

"Easy," he commented. "I expected the physical part to be tough, but it was a breeze. Of course, I was in pretty good shape. I had just finished 'Tom Thumb,' in which I had to climb up walls and ascend a rope to the top of the stage.

★ ★ ★

"The part I hated about the Army was the fact that the training is geared to the slowest learner. The instructions are drilled into you over and over until it drives you nuts. They take four or five hours to show the platoon how to do a left face.

"The part I did like was getting to know the other guys. It was a great experience, and you get to know each other really well when you're living so close together. I only wish the friendships could last, but we're all sent in different directions."

## Big Ship Wiggles Way From Ocean, Up Lakes

MUSKEGON (AP)—The combination barge-ocean freighter Julius H. Barnes, too long to negotiate some St. Lawrence Seaway locks, docked at Muskegon yesterday to discharge a cargo of Cuban sugar.

The 290-foot vessel traveled from Havana via New York and the Hudson River, the New York State (Erie) Canal and thence into Lakes Erie, Huron and Michigan.

It is owned by Toth Motor Ships, Inc., of Toledo and reportedly is the first American flag vessel to carry a foreign-originated cargo into the Great Lakes.

## Passenger Mileage Scores 3 Pct. Rise

WASHINGTON — The nation's transportation facilities' traffic totaled 716 billion passenger-miles in 1957, an increase of 3 per cent over the previous year.

Most of the increase was accounted for by private auto travel, although airlines reported a 14 per cent rise for domestic service with a total of 25.4 billion passenger-miles during the year.

She Wears Her Years Well

# Youngest Grandma Will Be Ten

**GRANDMA TEN YEARS OLD SOON** — Charles H. "Doc" Kuhn bleeds his brain for new ideas while his benevolent old slave driver, "Grandma," waits for a germ of inspiration to mature. Now completing his 10th year with "Grandma," Doc finds his daily stint still keeps him in his studio between 10 and 12 hours daily.

The nation's youngest Grandmother is celebrating her 10th birthday anniversary this week.

Known only as "Grandma," this septuagenarian Huck Finn is a regular feature on this comic page of The Pontiac Press. 'Grandma' joined King Features Syndicate June 28, 1948 and in the last decade her popularity has grown until she now delights readers of 300 daily and Sunday newspapers in North and South America, Asia and Europe.

★ ★ ★

Like many gay Grandmothers, considerable discrepancy is found between her actual age and her publicly revealed age.

**Long before she came to newspapers, she lurked in the mind and flourished in the imagination of her creator, Charles H. "Doc" Kuhn.**

"Grandma" was hovering around during many of the 26 years Kuhn spent as an editorial cartoonist for the Indianapolis News. He recalls that she came to dwell in his imagination in 1930, but the first attempts to put her down on paper were not made until 1934.

★ ★ ★

Between stints of interpreting the news of the day with brush and pen, Kuhn would draw an occasional strip of "Grandma." Fourteen years later when he met C. R. "Duke" Richardson, a syndicate feature salesman, he had a drawer stuffed full of "Grandma" cartoon strips.

★ ★ ★

Impressed by "Grandma," Richardson teamed with Kuhn to from the only artist-salesman combination in the syndicate field and the playful old lady soared to immediate popularity.

**As a 10th birthday present, a new five-year contract has just been signed with King Features to assure her continued appearance in newspapers around the globe.**

A native of Bushnell, Ill., Kuhn is a World War I Navy veteran and his introduction to the paint brush came in odd jobs employment as a sign painter in his home town.

He later studied at the Chicago Academy of Fine Arts and did cartooning for the Rocky Mountain News in Denver before moving to Indianapolis where he still makes his home.

**He spends between 10 and 12 hours a day working on the comic strip with much of this time consumed in the often agonizing task of contriving ideas. He relies entirely on his own imagination and employs no gag writers.**

He is assisted in the art work by Jack McLeod, a native of Cotton Plant, Ark., who first heard of his present employer at the age of 10 when his father gave him a book on cartooning written by Kuhn.

"Grandma" draws as much fan mail as a movie actress and many of the writers report they are elderly people who have found a new incentive to go out and enjoy life after following Kuhn's fun-loving character.

**Contestants dressed like "Grandma," have won prizes in costume parades, and in Holland, Mich., employes of a factory petitioned the local newspaper asking that one of their co-workers be picked as that city's "Grandma."**

To add emphasis to their appeal they enclosed photographs of the Michigan woman flying kites, fishing and playing marbles with the boys in her neighborhood.

★ ★ ★

Many who write Kuhn begin their letters with the sentence, "You must have known my Grandmother because your "Grandma" is so much like her."

After reading hundreds of letters containing that sentence, Kuhn believes the world must be filled with Grandmothers who are much like his own Mother, because she is the lady in the back of his mind when Kuhn bends over the drawing board to create another rollicking strip starring "Grandma."

## Increase Pensions for U.S. Workers

WASHINGTON (AP) — Some 232,000 retired federal workers will start getting bigger pension checks in September.

★ ★ ★

President Eisenhower yesterday signed a bill providing pension increases of about 10 per cent for persons who started drawing their benefits before Oct. 1, 1956. The bill sets a top limit of $504 a year on individual boosts.

★ ★ ★

The bigger pensions become effective Aug. 1. The Civil Service Commission said the increases will be reflected in checks due in September.

Also benefiting from the bill are about 12,000 widows who were ruled ineligible under previous law.

★ ★ ★

Employes who retired after Oct. 1, 1956, draw their benefits under a different and more liberal pension schedule. They are not affected by the new law.

# Grain Futures Shift Narrowly

CHICAGO (AP) — Grain futures prices shifted narrowly both above and below previous closes in light and slow early activity today on the Board of Trade.

Dealers said there appeared to be no inclination to press the market either way and that it was a routine, draggy affair.

Near the end of the first hour wheat was ¼ cent a bushel lower to ⅞ higher, July $1.83⅞; corn ⅝ lower to ⅝ higher, July $1.34⅝; oats ¼ to ¼ lower, July 64⅝; rye ¼ higher to 1¼ lower, July $1.26⅝; soybeans unchanged to ⅝ lower, July $2.55; lard 3 to 8 cents a hundred pounds lower, July $11.97.

The Department of Agriculture said it had accepted subsidy bids of up to 25 cents a bushel on 352,000 bushels of corn for export. It was the highest subsidy approved since the program became effective May 12.

## Grain Prices

CHICAGO GRAIN

CHICAGO, June 26 (AP) — Opening grain:

| Wheat— | | Oats— | |
|---|---|---|---|
| July | 1.84 | July | .64½ |
| Sept. | 1.86¼ | Sept. | .65⅛ |
| Dec. | 1.91¾ | Dec. | .68 |

# Russ Dawson Plans Pontiac Dealership

Russ Dawson, Inc., Ford dealer in Detroit and Highland Park, will open a dealership in Pontiac for Lincoln, Mercury, Edsel and English Ford during the next month.

Dawson said that he had secured the franchises and leased the building now occupied by Riemenschneider and Engelhart Edsel Sales, 232 S. Saginaw St.

He said that his company was working as quickly as possible to open the new dealership sometime during July.

SEALED BIDS WILL BE ACCEPTED from suppliers of radio equipment until 10 A.M., E.S.T., July 15th, 1958, at which time they will be publicly opened and read in the office of the Director of the Purchasing Division of the Oakland County Board of Auditors, 2nd floor of the County Office Building, No. 1 Lafayette Street, Pontiac, Michigan.

"Alert System for Civil Defense Department consisting of:

1—Console complete and ready for installation at Base Station
Approximately 255 Receivers
Approximately 210 Antennas
Approximately 45 Antennas
And Installation"

Forms, copies of specifications, conditions and instructions may be obtained upon request at the above address.

The Board of Auditors reserves the right to reject any and all bids or to accept any bid whichever method in their opinion will best serve the interests of Oakland County.

OAKLAND COUNTY BOARD OF AUDITORS
No. 1 Lafayette Street
Pontiac, Michigan
Purchasing Division
EUGENE A. GUMP, Director
June 24, 25, 26, 1958

NOTICE FOR INSURANCE BIDS

Sealed bids will be received at the office of the City Clerk, City Hall, 35 S. Parke Street, in the City of Pontiac up to 3 o'clock p.m. EST Tuesday, July 1, 1958 for the furnishing of public liability and property damage insurance for city owned cars and vehicles. Limits for Public Liability are $25,000/$100,000. Limits for Property Damage $5,000. Lists of cars and vehicles to be covered may be obtained from Oscar Eckman, Director of Finance, City Hall. The City Commission reserves the right to reject any or all bids, or any part of a bid and to waive defects in bids.

By order of the City Commission.
Dated June 25, 1958
ADA R. EVANS,
City Clerk
June 26, '58.

June 25, 26 58

REGISTRATION NOTICE—TOWNSHIP of Bloomfield, Oakland County, Michigan, for the Primary Election to be held Tuesday, August 5, 1958.

To the Qualified Electors of the Township of Bloomfield, County of Oakland State of Michigan:

Notice is hereby given, that in conformity with the Michigan Election Law, the final date for registration in order to vote in the General Primary Election is Monday, July 7, 1958, at 8:00 p.m.

To vote at this election, all persons must be registered.

Citizens of the United States, 21 years old, who have resided in the State of Michigan six months and in the Township of Bloomfield thirty days prior to August 5, 1958, are eligible to register.

Notice is further given, that any person who is not already registered upon the registration books of said township may register on or before July 7th, 1958, during regular office hours, Monday through Friday of each week, 9:00 a.m. to 5:00 p.m. and in addition to the regular office hours the office of the Township Clerk will be open for the purpose of receiving registrations during the following hours:

Monday, June 30, 1958, 9:00 a.m. to 8:00 p.m.
Tuesday, July 1, 1958, 9:00 a.m. to 8:00 p.m.
Wednesday, July 2, 1958, 9:00 a.m. to 8:00 p.m. and on the last day Monday, July 7, 1958 from 8:00 a.m. to 8:00 p.m.

To transfer a registration from one address to another within the Township of Bloomfield, send a signed request to the office of the Township Clerk, stating present address, former address, and date of moving to present address. Such transfer may be made any time up to and including Monday, July 7, 1958, at 8:00 p.m.

Those persons who have already registered under the permanent registration system and have voted within the last four years do not have to re-register.

ROBERT H. DUDLEY,
Township Clerk
June 26, July 3, '58.

## Livestock

DETROIT LIVESTOCK

DETROIT, June 26 (AP) — Cattle: salable 250. Quality not too attractive. Mostly good grade and down; all classes quotable steady; package low to average choice 1191 lb. Slaughter steers 27.50, most good steers 25.00-27.00; standard 23.50-25.00; scattering good heifers 700-900 lbs. 25.00-26.50; standard 23.00-25.00; utility cows 19.00-20.50; few 21.00; canners and cutter 14.50-19.00; odd head strong weight utility bulls 24.50. Compared last week broad demand for steers and heifers, unevenly 25-50 cents higher; cows slow, about steady; bulls unchanged; quality of steer and heifer offerings rather attractive first two days. Several lots well up in choice grade: some high choice 1068-1137 lb. steers 26.00; numerous shipments average to high choice 25.00-25.50, including load 1213 lbs. at 26.00; most choice steers 27.00-26.50; good 25.00-27.00; standard 23.50-25.00; lot average to high choice heifers 843 lbs. 27.75; low to average choice heifers 26.50-27.50; load good with choice end 748 lb. fed heifers 26.65; good heifers 25.00-26.50; standard 23.00-25.00; commercial cows 21.00-22.00; utility 19.00-20.00; few 21.00; canner and cutter cows 14.50-19.00; utility bulls 22.00-24.50; cutter bulls 19.00-22.00.

Vealers: Salable 25. Nominally steady today. Compared last week, vealers fully steady; choice and prime 29.00-33.00; good 27.00-29.00; standard 23.00-27.00; cull and utility 13.00-23.00.

Sheep and lambs: Salable 50. Nominally steady today. Compared last week slaughter old crop lambs mostly steady; spring lambs strong to 1.00 higher; slaughter sheep weak to 1.00 lower; instances off more on heavies; bulk good and choice old crop slaughter lambs 19.00-22.50; mostly choice around 85 lb. spring lambs 25.75; most good and choice spring lambs 23.00-25.00; cull to choice shorn slaughter sheep 5.00-16.00.

Hogs: Salable 100. Butchers and sows 25 cents lower; most mixed lots U.S. No. 2 and 3 180-240 lb. 23.75-24.00; No. 1 and 2 24.25-24.50; 23 head strong mostly No. 1 200 lbs. 24.65; mixed grade sows 350-600 lb. 17.75-20.75; stags and boars 15.50-17.50.

# Delay Wolfson Stock Hearing

## Case on Financier's AMC Shares Dealings Moved to Aug. 5

NEW YORK (AP)—Further action in a court case involving certain alleged stock dealings of financier Louis E. Wolfson has been postponed until Aug. 5.

The delay was approved yesterday where the Securities and Exchange Commission seeks to have Wolfson barred permanently from alleged improper dealers in American Motors Corp. common stock.

Wolfson has denied any wrongdoing, but the SEC has obtained a temporary restraining order from the court against Wolfson.

**The SEC is asking a preliminary injunction against the financier, a step in the process of securing a permanent injunction.**

A hearing on the petition for a preliminary injunction was to have been held today, but by agreement of counsel for Wolfson and the SEC the step was put over to Aug. 5.

The financier is accused of fraud and manipulation in connection with a large block of American Motors stock.

Wolfson's attorney, William A. Shea, who also is one of two Wolfson directors on the board of American Motors, asked for the postponement so as to have more time for preparation of court arguments.

# 2 Ask Examination on Morals Charge

LAPEER — Arraigned yesteday before Justice Hebert King in Lapeer on charges of taking indecent liberties with a 14-year-old runaway Charlotte girl, two Lapeer County sheriff's deputies demanded examination.

Deputies Ronald Baker, 28, of Columbiaville, and William Dougherty, 23, son of Lapeer City Police Chief Matthew Dougherty, have admitted the charges to Sheriff William J. Porter.

Prosecutor George Lutz said State Police at Lansing brought the complaints after the girl told them she had been picked up and abused by two policemen in Lapeer.

# 2nd-Line Stocks Mainly Active

NEW YORK (AP)—Selected issues were in demand as the stock market pursued an irregular course in moderately active trading early today.

Key stocks showed fractional gains or losses.

★ ★ ★

Steels showed a slightly lower trend. Motors were mainly on the downside except for Chrysler which rose a fraction. Chemicals were lower. Rails were firm. Nonferrous metals and utilities were mixed.

**The main activity was in secondary stocks which starred yesterday.**

Servel steadied after its drop of yesterday on heavy selling pressure and was up a fraction. Penn Texas continued its advance, gaining a good fraction. Raytheon was firm and active.

★ ★ ★

U.S. Steel dropped a fraction. General Motors and Anaconda eased.

**American Motors dropped a fraction and Ford was easy.**

Santa Fe and Chesapeake & Ohio were steady.

# Chrysler President Colbert Heads AMA

DETROIT (AP) — Chrysler's L. L. Colbert is the Automobile Manufacturers Assn. president for the next two years.

The Chrysler president was elected at the annual meeting yesterday to succeed President George Romney of American Motors. Romney's term had expired.

★ ★ ★

The association is composed of passenger car, truck and motor coach manufacturers of this country.

**President Harlow H. Curtice of General Motors was re-elected secretary, P. O. Peterson, president-elected treasurer. Harry A. Williams continues as managing director.**

Henry Ford II, president of Ford Motor Co., and J. B. Bauman, president of White Motor Co., were elected vice presidents respectively of the passenger car and commercial car divisions of the association.

Curtice and Ford were re-elected to three-year terms as directors along with Ernest R. Breech, Ford board chairman; C. J. Jacobson, Chrysler vice president, and J. J. Timpy, American Motors vice president.

# Shortage of Hotels Jet-Age Headache

By CLAIRE COX

NEW YORK (UPI) — One of the biggest problems of the pending commercial jet air age has nothing to do with flying.

Hotels — or rather the lack of them — are a major headache to the aviation industry.

★ ★ ★

When the first jet passenger plane crosses the Atlantic in November, the 140 passengers aboard will have no trouble getting accommodations in Paris.

**But by the time the jet era really gets going next year, the carrying capacity of the airlines will draft the total passenger loads of the great ocean liners.**

A single four-engine Boeing 707 jet airliner can carry as many passengers across the Atlantic in a week as the Queen Mary does in a single crossing. It can match the U.S. Constitution passenger-for-passenger on an annual basis.

★ ★ ★

Airline officials said it would be staggering just to contemplate what would happen if the hundreds of jets scheduled for service were to carry full passenger loads without a sharp increase in already overtaxed hotel facilities.

"We must have more hotels," said Peter Grimm, vice president — operations of Intercontinental Hotels Corp., a subsidiary of Pan American World Airways.

"They must be modern hotels, geared to the streamlined age they will serve."

**Grimm said the need for new hotels is as great in the United States as abroad, because jet aircraft will bring as many people to this country as they carry away.**

"Obviously," Grimm said, "there is a lag between the international hotel business and the travel facilities that are serving it."

★ ★ ★

Walter H. Johnson, American Airlines vice president in charge of sales, said the airlines have invested billions of dollars and years of effort in the jet age, but there is little evidence that the significance of this new mode of travel has reached everyone in the travel industry.

**"In many cases," Johnson said, "a vacuum exists between transportation planning for this age — which is now upon us — and the important facilities and comforts which must be provided by hotels, resorts, and other portions of the travel industry."**

John McAmulty, sales manager of American Express Co., said he knew of no immediate plans for hotel construction in any of the key European travel spots but that a string of motels will be constructed in Great Britain and others may go up in Germany and France, all spaced an easy day's driving distance apart.

★ ★ ★

American Express is gearing for the jet age by setting up tours that will keep travelers out of the big cities as much as possible.

"We have visions of airport runways banked with cars," McAmulty said. "The airplane passengers will leave the planes, get into the cars and drive away, on fixed itineraries."

**For those who do not want to drive, American Express is planning tours that will include accommodations near large cities. Travelers to Rome, for instance, will stay in a hotel at Ostia, just outside the Eternal City.**

"There is a shortage of the type of hotel accommodations most people expect," he said, "but there is not a shortage of beds except in the peak season.

★ ★ ★

"People traveling in jets will have only a short time in a country. They should seek the flavor of the country for what it is and not expect the Hotel Pierre wherever they go."

# 4-Hour Battle Rages at Tripoli

## 6 Are Killed, 20 Injured as Lebanese Factions Fight Bitterly

BEIRUT (AP) — Hard fighting raged for more than four hours today in the Lebanese port of Tripoli. At least six persons were killed and 20 injured.

★ ★ ★

Omar Karomi, a rebel leader, told the Associated Press by telephone that the fighting broke out at noon and quickly spread to the central section of the city. Karomi is a brother of Tripoli's rebel leader Raschid Karomi.

★ ★ ★

"The fighting reached a climax about 3 p.m.," Karomi said.

Then it slacked off, but shooting was still going on at 4 p.m. He said security forces had shelled rebel positions and destroyed one building.

DENIES REPORT

Karomi denied Cairo Radio reports that strong rebel reinforcements are marching on Tripoli.

★ ★ ★

"We know of no reinforcements coming this way," he said.

Tripoli is the city where the Lebanese rebellion started 48 days ago.

★ ★ ★

"Four or five people are killed here almost every day and about 15 injured," the rebel leader said.

Fighting went on in the city all last night. An army communique said it had started when rebels opened fire on army positions and civilians. The rebels said the government forces employed armored cars to blast rebel roadblocks in the city.

## How Confusing!

STRAITS OF MACKINAC BRIDGE (AP) — Although spelled "Mackinac," Michigan's gigantic new suspension bridge across the Straits is pronounced "Mack-i-naw." This wouldn't be confusing except: The town at the South end of the bridge is spelled "Mackinaw City." The Straits themselves, the island in the Straits and the county in Michigan's Upper Peninsula all are "Mackinac."

# Fox Testifies Against U.S.

## Goldfine Against Open Hearing, but Loses Out; Ex-Publisher Talks

WASHINGTON (AP) — Former publisher John Fox testified today that "powerful and malign influences" were exerted against him from the federal government. He suggested the object was to eliminate his now-defunct Boston Post.

And, Fox told House investigators, the federal forces "were not unconnected with the Boston Herald Traveler Corp. and Bernard Goldfine."

A special House investigating subcommittee allowed Fox to begin testifying in public despite objections by Goldfine, Boston industrialist and friend of presidential assistant Sherman Adams.

Goldfine contended through his lawyers that Fox's testimony could be expected to defame him. He asked that it be taken in closed session.

The committee decided on an open hearing but under an agreement that Fox would give notice if he were about to defame someone. On such notice, the committee would decide whether to go into closed session.

Fox had a 3,000-word prepared statement.

## Bridget Paquet Named for Mackinac Bridge

MACKINAC BRIDGE (UPI) — A queen of queens is little Bridget Paquet.

She will ride on the Mackinaw City parade float today as the Mackinac Bridge dedication festival begins. She was born May 7, 1957, the day ground was broken for the world's greatest suspension bridge.

And Mr. and Mrs. William Paquet named her, naturally, "Bridget."

## 400,000 Drive Over

STRAITS OF MACKINAC BRIDGE (AP) — More than 400,000 vehicles have crossed the Straits of Mackinac Bridge since it was opened Nov. 1. November was the top month with May a close second.

## Largest Number Ever

# 801 in Area on Probation

Oakland County today has more persons on probation from Circuit Court than ever in its history. There are 801.

Arthur P. McKenna, chief probation officer, said the 745 men and 56 women on probation represent "the highest number I can remember since 1948, and undoubtedly the highest in the history of the county."

He attributed the increase to a growing county and better pre-sentence investigations to see if the violator's past calls for probation or a prison sentence. "We're getting a lot of kids, 17 or 18 years, who are before us for the first time," he said. "This naturally calls for probation."

When he became chief probation officer 10 years ago there were 268 on probation, McKenna said to illustrate the large jump.

ADVERTISEMENT FOR BIDS

The Township of Bloomfield, Oakland County, Michigan, will receive sealed bids until 12:00 o'clock noon, on July 7, 1958 at the office of Bloomfield Township, 4200 Telegraph Road, Bloomfield Hills, Michigan, at which time and place all bids will be publicly opened and read.

For the erection of fire station to be located on Westview Road in Bloomfield Township

Plans and specifications are on file at the Bloomfield Township Hall, 4200 Telegraph Road. A deposit of Twenty-five Dollars ($25.00) will be required on each set of plans (check only), which will be refunded upon their return in good order within ten (10) days after the opening of bids.

Bid Bonds: A certified check or bank draft payable to the Township of Bloomfield or a satisfactory bid bond executed by the bidder and a Surety Company, in an amount equal to five per cent (5%) of the bid, shall be submitted for each bid. No bid may be withdrawn for at least sixty (60) days after the scheduled closing time for receiving bids.

Award of Contract: The Township reserves the right to reject any or all bids and to waive any irregularities in bidding. The successful bidder will be required to furnish satisfactory performance, labor and material bonds, and insurance certificates.

TOWNSHIP OF BLOOMFIELD
OAKLAND COUNTY, MICHIGAN
ROBERT H. DUDLEY,
Township Clerk
June 26, '58.

STATE OF MICHIGAN—In the Probate Court for the County of Oakland. Juvenile Division.

In the matter of the petition concerning Rita, Frieda, Sue, Faye, Frances and Raleigh Taulbee, minors. Cause No. 15990.

To Angie and Willard Taulbee, parents of said children.

Petition having been filed in this Court alleging that the present whereabouts of the parents of the said minor children are unknown and said children are dependent upon the public for support, and that said children should be placed under the jurisdiction of this Court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Oakland County Service Center, Court House Annex, 1200B West Blvd., in the City of Pontiac in said County, on the 16th day of July, A.D. 1958, at nine o'clock in the forenoon, and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in The Pontiac Press, a newspaper printed and circulated in said County.

Witness, the Honorable Arthur E. Moore, Judge of said Court, in the City of Pontiac in said County, this 23rd day of June, A.D. 1958.

(Seal) ARTHUR E. MOORE,
Judge of Probate
(A true copy) GEORGIENA R. MURTHA,
Probate Register,
Juvenile Division
June 26, '58.

NOTICE OF SPECIAL ASSESSMENT. Sanitary sewer stubs on Perry Street. To: Schroeder Service Station, S. J. Dunseith, Joe Salfi, Mr. H. Leighton, First Assembly of God Church, Pontiac Gospel Tabernacle, Edith Montgomery, K. G. Hempstead, J. Merriman, and to all persons interested take notice: That the roll of the Special Assessment heretofore made by the City Assessor for the purpose of defraying that part of the cost which the Commission decided should be paid and borne by special assessment for the construction of sanitary sewer stubs on Perry Street from Huron Street to easterly city limits is now on file in my office for public inspection.

Notice is also hereby given that the Commission and the Assessor of the City of Pontiac, will meet in the Commission Chamber in said City, on the 1st day of July, A.D. 1958 at 8:00 o'clock p.m. to review said assessment, at which time and place opportunity will be given all persons interested to be heard.

Dated June 25, 1958.
W. O. No. 7307.
ADA R. EVANS,
City Clerk
June 26, '58.

## Lack of Interest Brushed Aside

### Asserts TV Networks Have Public Service to Perform

By DICK KLEINER

NEW YORK (NEA)—What television needs is equal time for champagne.

That is the gist of the feelings of John Houseman, currently artistic director of the American Shakespearean Festival Theater at Stratford, Conn.

★ ★ ★

Houseman is an old theatrical and movie director, produced "The Seven Lively Arts" on TV and next season will do four or five Playhouse 90 productions.

**A big, bearded, benevolent man, Houseman's present preoccupation with Shakespeare made him consider the relationship of television with Shakespearean plays.**

Low ratings of this kind of thing seemingly mean there'll be less in the future.

"The Old Vic's 'Romeo and Juliet,'" Houseman says, "is probably the best TV Shakespeare we've had. They say it 'only' had a 14-plus rating. Well, how many millions of people is that?

**"It should be enough to satisfy the networks. Perhaps it wouldn't satisfy the sponsors, who are justifiably interested in selling merchandise.**

"But that shouldn't be the networks' main interest. They have a public service to perform. They should realize you can't sell as much champagne as ginger ale—but there's still a good market for champagne."

★ ★ ★

Houseman, no ivory tower dreamer, realizes the philosophy he just outlined is disappearing. But he insists it will have to come back.

**"In the history of show business," he says, "Whenever there's been caution, there's been failure. Show business doesn't thrive on caution."**

He's populated the three Shakespeare plays which he'll direct at this summer's Stratford festival—"Hamlet," "A Midsummer Night's Dream" and "The Winter's Tale"—with many TV actors. He thinks TV is good for actors "unless they do it to the exclusion of all else, in which case they lose the power to project."

★ ★ ★

But, in moderation, he says TV is good for actors. Moderation might also be the right prescriptions for viewers, too.

**HE WANTS SHAKESPEARE**—John Houseman, current artistic director of the American Shakespearean Festival Theater at Stratford, Conn., wants to see more of the Bard's works offered on TV. "You can't sell as much champagne as gingerale," he admits. "But there's still a good market for champagne." In the above picture, director Houseman coaxes actress Geraldine Page into a Shakespearean mood at the Fesitval theater.

## Actor Heston Chopped Kindling in Michigan

By EARL WILSON

ROME—Charlton Heston, who comes from St. Helen, Mich., and used to live in Hell's Kitchen in N. Y. when he was poor, is playing Ben Hur here now and living in the Beverly Hills of Rome in a palatial residence staffed by about 10 servants.

WILSON

"We brought a maid with us from home but I'm afraid they're going to turn up with a maid for her," he told me in describing the vicissitudes of being a famous American actor abroad.

"If I take my shoes off, two servants rush out to shine them. We have our own chef who's mad at us for not letting him cook more. He has a helper who cleans the vegetables and the poultry, and a waiter. Then there are two gardeners —

"I often ask myself if I'm the same guy that chopped kindling in Michigan.

★ ★ ★

"And that apartment in Hell's Kitchen that we had till '53! Mother of God, what a change!"

I remember it. It overlooked a garbage can.

"It was a cold-water flat with just two little windows and if we went up on the roof we could see daylight," he recalled, shaking his head.

**M-G-M is doing everything bigger than ever before in "Ben Hur," and supplied him with the house out near Appian Way complete with a private entrance to the Catacombs.**

However, since playing "Moses," Heston's done well on his own. He's just bought three acres of forest near Coldwater Canyon, outside Los Angeles, and also has an apartment in Tudor City, in N. Y., besides the old homestead in Michigan.

### THE MIDNIGHT EARL IN N.Y. . . .

**Xavier Cugat** promised his 64G Challenge winnings—if any—to an orphanage in Spain . . . **Vincent Price** may be **Tony Randall's** vacation-time replacement in "Oh Captain!" . . . **Bert Lahr'll** do a cafe act for the first time, in the fall . . . **Harry Belafonte** wouldn't OK use of his film clips on the **Ed Sullivan** Ann'y TV show . . . **Tom Poston** of the **Steve Allen** TV'er will be starred on B'way next season in **George Abbott's** "Soft Touch."

The **Moiseyev** dancers were offered $50,000 for one concert at a N. Y. racetrack, but considered it too capitalistic . . . Veteran actor **Everett Sloan's** trying out for his first singing role, in Rodgers and Hammerstein's "Flower Drum Song" . . . Actor **Kem Dibbs**, an old pal, is dating **Lana Turner** . . . **Frances Farmer** is discussing a return to B'way . . . **Taina Elg**, who's in "Imitation General" with **Red Buttons**, may join the B'way musical, "Grand Hotel."

**TODAY'S BEST LAUGH:** "If business gets any worse," grumbles Jack Herbert, "I won't have to lie on my income tax return this year."

**Taffy Tuttle heard** that some stale ice cream contained microbes, and shrugged: "So what? So I'll just boil it first." **That's earl, brother.**

## Oscar Levant, TV's Bad Boy, Makes Move

HOLLYWOOD (AP)—Oscar Levant, bad boy of local television, is switching channels.

Outspoken Oscar said yesterday he is quitting KCOP, Channel 13, for KHJ, Channel 9. KCOP fired the pianist-wit last weekend but rehired him soon afterward.

★ ★ ★

Of his five-month stand at KCOP Oscar said: "In some situations I was difficult, in odd moments impossible, in rare moments loathsome, but at my best unapproachably great."

He said KCOP made the mistake of "thinking I was a masochist—only six months of the year."

"But I have no hard feelings," he added.

★ ★ ★

Al Flanagan, KCOP manager, commented: "We survived Liberace's departure — he was once ours alone here, you know—and I suspect we'll survive Oscar's."

Levant claimed he is "portentous, egomaniacal—but what's the use of kidding—irreplaceable."

The 51-year-old pianist will have a 1½ hour show twice a week on the new channel, beginning next week.

★ ★ ★

KCOP temporarily fired Oscar after he advised his audience not to buy the products of one of his sponsors and then criticized two other TV stations.

One of them was KHJ.

## 'Do I Have to Go to Court on This?'

CHATTANOOGA, Tenn. (AP)—"Do I have to go to court on this?" a man asked Police Capt. Kelso Rice as he handed him a printed card which read:

"Thanks for taking two parking spaces. I had to park in the next block, you selfish, idiotic moron."

★ ★ ★

In smaller type were the words, "You have violated section 368 D.A.M.I.T." Rice explained it was not an official summons — but added that the man shouldn't have taken two parking spaces.

Motor vehicles on United States farms outnumber horses and mules two to one.

## First Crossed Equator

WASHINGTON—The first American ship of war to cross the equator was the U.S.S. Essex February 7, 1800, while en route to Batavia to escort a convoy of merchantmen to the United States.

## Identical Twins Sticking Close to Each Other

VEREENIGING, S. Africa — A pair of 18-year-old identical twin boys, who have always been together, now have their first jobs and are separated for the first time.

They are Barry and Fanie Botha of Vereeniging, South Africa. They were together all through school, having adjoining desks. Once Fanie did badly in a test and his furious teacher gave Barry a caning. Barry was too astonished to protest.

They have changed girl friends and dance partners without being found out. Their parents have decided that their "togetherness" must now cease. Barry has gone to work for the Department of Justice and Fanie for the Receiver of Revenue. But both departments are in the same building.

### Miami Fish Center

MIAMI — Miami is the world's leading producer of tropical fish. Some Miami establishments even ship fish to Germany, which before the war was the main tropical-fish center.

## U.S. 6th Fleet Ready to Move

### Would Supply Initial American Troops for U.N. Force in Lebanon

WASHINGTON (UPI)—The powerful U. S. Mediterranean fleet, fully manned and 50 per cent above normal strength, was believed poised today to supply the initial American portion of any United Nations military force sent into Lebanon.

★ ★ ★

Normally about 50 ships, the 6th fleet in the Mediterranean now floats 74 vessels, four of which have joined the U. S. force in the last two weeks. The war ships include three large aircraft carriers—the Saratoga, Essex and Wasp, in place of the usual two.

**Possibly more important from the standpoint of a military detachment designed to aid the Lebanese government, the fleet now supports an expanded amphibious force with 3,500 battle-ready Marines instead of the 1,700 to 1,800 leathernecks considered normal before May 14.**

Today, another 1,700 Marines from Camp Lejeune were to board five ships at Morehead City, N. C. to replace an equal number in the Mediterranean. The replacements are needed because of the May 14 decision to double the permanent strength of the Marines in the Middle East.

★ ★ ★

A battalion of Marines, then labeled "replacements," sailed for the Mediterranean on May 3, but after their arrival it was decided they should remain as a permanent part of America's strength in that area.

While the Navy has economized elsewhere, the 6th Fleet for several years has been kept at peak strength or better, because of a long series of crises in the Middle East.

### Red Skelton Leaves on Five-Week Vacation

HOLLYWOOD (UPI)—Comedian Red Skelton, whose 9-year-old son Richard died last month after a long battle with leukemia, left last night with his family for a five-week vacation.

First stop for the red-haired comic, his wife, Georgia, and their 11-year-old daughter, Valentina, was Seattle. From there they will proceed to Anchorage, Alaska, and then to Tokyo. Skelton has to be back to open the Hotel Riviera in Las Vegas, Nev., on Aug. 4.

### Singer Critically Ill

HOLLYWOOD (AP) — Singer Roberta Linn's condition has worsened. Doctors say she is critically ill. She was hospitalized Sunday with a respiratory infection. Miss Linn was formerly bandleader Lawrence Welk's Champagne Lady.

## Exposed A-Workers Not Outwardly Sick

OAK RIDGE, Tenn. (AP) — Eight atomic plant workers, exposed accidentally last week to an overdose of deadly radiation, show no outward ill effects.

★ ★ ★

"Specialists who are keeping the men under observation say that their biggest problem is making the men see the need to stay in the hospital," an Atomic Energy Commission spokesman said yesterday. He added that the men are walking about, but confined to their rooms.

Five of the eight suffered bone marrow damage in the accident. Bone marrow is the body's blood-building tissue.

★ ★ ★

The men were exposed at an atomic plant June 16 in a radiation accident described as the worst in AEC history.

Doctors expect to keep the eight men under observation for at least two weeks more.

## *Trujillo's Party Forsakes Yacht for Hotel Roof*

BEVERLY HILLS, Calif. (AP) —Now, about that Trujillo party...

It won't be aboard Gen. Rafael Trujillo Jr.'s yacht after all.

★ ★ ★

The young general and Zsa Zsa Gabor have now decided that the July 8 soiree would be "more elegant and convenient (the quote is Zsa Zsa's) at the swank L'Escoffier Sky Room atop the Beverly Hilton Hotel.

The yacht is docked at the San Pedro waterfront. The Beverly Hilton, conveniently enough, is in Beverly Hills.

★ ★ ★

Miss Gabor will be the party's hostess for the 29-year-old son of the Dominican Republic's strongman.

---

Addition of 15 per cent nickel and 5 per cent zinc to gold produces white gold.

## St. Louis Teamsters Called by Probers

ST. LOUIS (AP)—Some Teamsters Union officials in St. Louis have been subpoenaed to appear before the U.S. Senate Rackets Committee.

Names of those subpoenaed were not disclosed but some of them were officials of Local 447, the carnival workers local.

Gibbons was elected to the post in January by six votes. Included in the final court were the seven votes of the carnival workers.

★ ★ ★

Louis D. Shoulders, former St. Louis cab driver, is also under subpoena. He is the son of Louis Shoulders, former St.Louis police lieutenant who served a prison term for perjury in the missing Greenlease ransom money case.

---

Two deadly poisons, sodium and chlorine, are combined to produce the common and harmless table salt.

## Dallas School Board to Extend Segregation

DALLAS (AP) — The Dallas school board, beset on two sides and bogged down in a legal morass, said last night its schools will remain segregated in the coming school year.

It pointed toward an apparent conflict between the U. S. Supreme Court's ruling against school segregation and Texas integration laws.

"The board is convinced that it would be a poor service to Dallas and to the large area of the Southwest which may follow the Dallas lead to undertake the activation of the Supreme Court decree until federal and state courts reach some legally acceptable unanimity of opinion," said the board's statement.

---

The more than 40 nations receiving U.S. grant military assistance have spent for their defense about five dollars for every dollar contributed by the United States.
