

Romney Announces 3rd-Term Candidacy

LBJ Backer Wins in Oregon

By the Associated Press
Robert B. Duncan, President Johnson's champion in an Oregon campaign focused on Viet Nam, captured that state's Democratic Senate nomination amid Republican talk of nation-

wide voter uneasiness about the Asian war.
In Duncan's runaway victory yesterday over peace candidate Howard Morgan, advocates of the U.S. stance in South Viet Nam could find at least a partial

answer to the Republican report.
Duncan, a two-term congressman, and Morgan a former member of the Federal Power Commission, stood together on domestic matters.

They argued only about Viet Nam.
Morgan called U.S. involvement there a tragic error; Duncan said it is necessary.

Their clash echoed the debate that has raged in Congress and on campuses across the nation.

In Oregon, for the first time, the voters judged the debaters.

64 PER CENT
With 1,437 of 2,946 Oregon precincts reporting, Duncan had 64 per cent of the votes, Morgan 33 per cent and a third candidate 3 per cent.

The most startling decision in the balloting was Miami Mayor Robert King High's rematch triumph over Florida Gov. Haydon Burns.

In other major races:
• Republican Sen. John Sherman Cooper of Kentucky won renomination without serious opposition. John Young Brown, a college classmate, former congressman and Sen. (Continued on Page 2, Col. 2)

LANSING (AP) — Michigan Gov. George Romney announced as expected today his candidacy for a third term — one that could propel him to the Republican presidential nomination in 1968.

This came only hours after sources close to Gov. Nelson Rockefeller said the New York Republican leader had made a firm commitment to back Romney for the GOP nomination which twice escaped Rockefeller.

The term would be four years under a new State Constitution which Romney helped write. Romney's first two terms, which broke 14 years of Statehouse rule by Democrats, were for two years each.

Romney has no announced Republican opposition and the filing deadline is less than three weeks away.

• Zolton Ferency, Democratic state chairman, is expected to be his November general election opponent.

GRIFFIN BOOST
While a Romney boost came from New York, Sen. Robert P. Griffin, R-Mich., whom Romney endorsed earlier this month got one at home. Griffin's lone remaining GOP opponent, Deane Baker, a Grand Rapids area businessman, withdrew.

Griffin, named to succeed the late Sen. Patrick V. McNamara, D-Mich., already had a "preferred candidate" status from Romney and a number of other Republican leaders.

Rockefeller gave limited indication of Romney support at a GOP gathering in Garden City, N.Y., Monday night. Romney said back home it was too early for 1968 speculation and Republicans must concentrate on victories in 1966.

Romney's third term announcement came in a 20-minute speech at a news conference.

He said he believed he had done "the best possible job . . . in the interest of all" in his four years in office.

MEET CHALLENGE
"To build adequately upon past accomplishments and to meet the challenge of the future," Romney continued, "I am convinced that it is imperative that the direction of Michigan's (Continued on Page 2, Col. 6)

READY TO RUN — Michigan Gov. George Romney announced today he would seek a third term as governor. Romney, also mentioned as a possibility for the Republican presidential nomination in 1968, dodged a barrage of questions about his 1968 plans.

Tax Valuation Up in County

10 Per Cent Rise Is
Noted Over Last Year

An increase in Oakland County's equalized valuation of nearly 10 per cent has been approved by the State Board of Equalization.

The new valuation of \$2,689,070,738 compares with the 1965 valuation of \$2,447,383,400.

Equalization factors for Pontiac and Waterford Township were approved as recommended earlier by the equalization committee of the Oakland County Board of Supervisors.

This means the city and township tax rates will likely remain at the same level as last year.

Pontiac's 1966 total state-equalized value is \$401,047,416, an increase of \$14.7 million over 1965, according to city officials.

OPERATING FUNDS
This would net the city about \$140,000 more revenue over 1965 for operating costs.

Pontiac's equalizing factor for 1966 was set at 1.26, an increase from last year's 1.24-3666. The state this year requires only two digits past the decimal point to make computation easier.

In Pontiac, city officials had previously predicted a tax cut of 40 cents per \$1,000. However, the change in factor may slightly trim the anticipated tax rate drop.

City officials regard as "not too serious" the fact that the equalized value is \$5 million short of their original projection.

FUND REVENUE
City Manager Joseph A. Warren said this represents about \$50,000 in general fund revenue.

Waterford Township's equalization factor was set at 2.26, the same as last year, according to Claude Wagner, the township's deputy assessor.

The township's total equalized valuation rose from \$117,412,323 last year to \$123,661,623 for 1966 as a result in a hike in assessed valuation.

This year's total assessed (Continued on Page 2, Col. 3)

SUSPECT IN JAIL—Glenn Stewart, sought in a manhunt in central Arkansas, presented this picture yesterday in Arkadelphia, Ark. following his capture. Stewart has been charged in the slaying of Larry Schmidt of Marion, Ind.

Murder Suspect Captured; Victim's Wife Is Charged

ARKADELPHIA, Ark. (AP) — A dramatic, day-long manhunt in a desolate swampland has ended with the capture of Glenn Stewart, charged with murder in the Mother's Day slaying of an Indiana factory worker.

Weary and bearded after eluding a massive search party, Stewart, 30, surrendered yesterday to a state trooper.

Stewart apparently was unaware that the dead man's widow also had been charged with the murder of 35-year-old Larry Schmidt. Stewart said he was innocent.

In a bizarre twist to a sensational case, police in Marion, Ind., jailed Schmidt's widow, Edith, 27. Mrs. Schmidt quoted her as saying that she and Stewart were lovers who had plotted her husband's death 48 hours before he was killed May 8.

The woman had told police Sunday that Stewart killed her husband over a \$50 debt, kidnapped her and her two children and took them on a 16-day trip of terror.

It was her first story, told from her parents home in Sparta, Tenn., that led Indiana officers to Schmidt's dismembered (Continued on Page 2, Col. 2)

"Mom said one picture is worth a thousand words. Here's my book report."

OK Application for Legal Funds

Plan Revised After
Rejection by Bar

Application for federal funds to finance a \$350,000 legal assistance program for the poor was authorized today by the Oakland County Commission on Economic Opportunity (OCCOE). This proposed program is a trimmed-down version of an original \$450,000 OCCOE legal assistance plan which failed to win endorsement of the county bar association.

Endorsement of the bar association, though not specifically required, is considered "very helpful" by OCCOE officials in the success of the application.

James L. Howlett, chairman of the commission's legal committee, said that the newly proposed program calls for two legal offices plus a mobile legal aid unit.

The original program had specified eight offices in the county.

TENTATIVE O.K.
Howlett said that the board of directors of the county bar association has given tentative approval to the new program and will meet again tomorrow to review the proposal.

The association itself, however, has not yet considered the revised program.

Howlett said that the application for the original program was voluntarily suspended due to lack of support by the bar association.

James M. McNeely, executive director of the commission, said that the new application seeks 90 per cent federal funding for the legal program.

The 10 per cent in local funds required will come in the form of donated time by area attorneys, he added.

Posse Kills Kidnaper; Abducted Boy Is Safe

BRISTOL, Conn. (AP) — A man grabbed a school-bound 7-year-old boy from a bus stop today after other children had eluded him, held the child for about three hours and then was killed by a posse of officers.

While encircled in a wooded area, the man wounded a policeman. He was finally shot several times after surrendering the boy in a swap for a quart of water.

One of the pursuing officers was also shot during the fray.

The youngster, Michael Albee, apparently suffered no ill effects from his ordeal.

His father, Donald Albee, said the brown-haired first grader was not crying when set free.

An hour later, he was at the family's home in nearby Terryville, chewing bubble gum and playing with his baseball cards.

NAME MAN
Police said the abductor, Albert Bunn, a 33-year-old water company employee, was apparently deranged.

Michael's mother said her son was snatched up by Bunn as he waited with other children for the school bus, seven doors from the Albee home.

"He tried to pick up two girls first," she said, but they saw him and ran. But then he went for Michael, who had his back to him."

The father said Michael quoted Bunn as saying "Let's go for a ride. It won't be a long one."

Fifty was the low temperature in downtown Pontiac climbed to 8 a.m. The mercury had climbed to 79 by 2 p.m.

Under the act, a three-fifths majority vote of the commission is needed, meaning that five of the seven city commissioners would have to approve the measure.

McCallum asserted a new judge could be placed on the Municipal Court bench "without any cost to the people of Pontiac."

He said this would be accomplished principally by bringing into Municipal Court "approximately \$4,000" civil cases presently being heard in justice courts of nearby townships.

Under the law, civil cases originating in Pontiac are supposed to be heard in Municipal Court.

Car Sale Totals Puzzle Firms

Figures Take Jump,
but Lag Behind 1965

DETROIT (AP) — The auto industry tried to figure out today whether mid-May auto sales figures were good or bad.

Optimists were cheered by the fact that the 242,407 sales posted May 11-20 ran about 50,000 cars ahead of the early May totals.

Others noted that the latest total lagged about 3,000 units behind the corresponding 19 days last year. It also marked the fourth time in the last five 16-day periods that sales figures trailed those of a year ago.

The sales pattern was the same at all four auto companies.

General Motors, Ford, Chrysler and American Motors all sold more cars than they did in the opening 10 days of this month when sales dipped sharply. Each sold fewer cars than in May 11-20, 1965.

There were many cheering signs in the over-all auto picture.

Sales for calendar 1966 through May 20 totaled 3,861,096 new cars, about 1 per cent or 37,749 cars ahead of the 1965 pace.

May's auto production quota of about 800,000 cars appeared within reach. It would mark the second biggest May in automotive history, second only to the 837,701 cars built in that month last year.

Mid-May Sales Up 49 Pct. at Pontiac

Pontiac Motor Division today announced that its mid-May sales totaled 22,878, a 49 per cent increase over the 14,698 sales in the first 10 days of the month.

E. R. Pettengill, divisional general sales manager, pointed out that in the 1966 model year, sales were running 12 per cent ahead of the record set at this time last year.

He said in the current model year a total of 558,183 Pontiacs and Tempests had been sold compared to 498,701 in the same time span last year.

A year ago in the mid-May period a total of 28,333 units were sold.

Award Claim in Car Death

\$100,000 for Widow in Consent Judgment

A Pontiac woman whose husband was fatally injured in a traffic accident last summer was awarded \$100,000 yesterday in Oakland County Circuit Court for her death.

Judge James S. Thorburn approved the amount in a consent judgment for Mrs. Nancy Beauchamp, 427 Kuhn, the mother of two children.

Her husband, George R., 38, died three days after the Aug. 7 accident on I-75 in Pontiac Township. He was standing in front of his car, parked on the shoulder of the road, when another auto smashed into the rear of it.

Mrs. Beauchamp sued the driver, Philip L. Stomberg, and the owner of the car, Aerodynamics, Inc., Waterford Township.

In December, Stomberg, 40, of 5041 Clarkson, Independence Township, was placed on probation for two years after he had pleaded guilty to negligent homicide.

Area Highway Project Gets a Year's Delay

The improvement and extension of Northwestern Highway from Telegraph in Southfield to M59 in White Lake Township will not get underway until April 1971, a year later than planned, the Michigan State Highway Department announced today.

The project was one of 82 that the highway department has postponed because of a lack of funds, according to director Howard E. Hill.

"Both the Michigan Good Roads Federation and the highway department wanted the legislature a year ago that there would not be sufficient funds to continue our highway building progress," Hill said.

He said bills introduced last year and during this session but they never got out of committee.

"We therefore have been forced to reschedule primary construction in both rural and urban areas throughout the state," Hill said.

The Northwestern project involves over 15 miles of grading and surfacing.

Smile for a Ticket?

ELIZABETHTOWN, Ky. — Motorists tempted to exceed the 70-mile-per-hour speed limit on the Kentucky Turnpike may be discouraged by this sign just outside Elizabethtown: "Smile — You're on Radar."

Griffin Hits 'Lack of Candor' on Viet; Soapy Politicks in U.P.

By the Associated Press
Sen. Robert P. Griffin, R-Mich., continued his assault Tuesday on the government's information and aid practices in South Viet Nam.

At the same time, former Gov. G. Mennen Williams campaigned in the Upper Peninsula for the Democratic nomination for senator.

Griffin told a group of students at Wayne State University

the Johnson administration "has not been candid with the American people concerning its policies in Viet Nam."

He said "one of the most unfortunate casualties of the Viet Nam war to date has been the loss of confidence by the people in the word of their own government."

CRITICIZES PROGRAMS

Griffin, appointed as senator two weeks ago to fill the

vacancy left by the death of Sen. Patrick McNamara, D-Mich., criticized programs in South Viet Nam of the Agency for International Development.

He charged that "under the table payments to the appropriate Vietnamese government officials are part of the game" in the aid program. This, he said, is because importers in the Asian nation must be registered with the government in order to receive commodities from the U. S. agency.

"There is no reliable system of checking on the background, honesty, loyalty or foreign connections of an import license applicant," he said.

Griffin, former five-term House member, said a trip to South Viet Nam with a House subcommittee before he was named senator revealed:

"There is reason to believe that American steel has been used to reinforce Viet Cong

bunkers; that American steel has been used by the Viet Cong to fashion homemade mortars; that small machine equipment, medicines and other items have been pilfered from the docks in Saigon—right under the noses of our AID officials—and transferred to the Viet Cong."

'GI BILL FOR ALL'

Williams told a group in Stambaugh, "We need a federal program which will do for all students what the GI Bill does

for veterans who return to school."

He said "It should be possible for every scholastically qualified high school graduate to continue his education at either a four-year or a two-year college of his choice."

"Such a program," Williams said, "would be of significant importance to the Upper Peninsula where 22 per cent of all students what the GI Bill does

not continued their education beyond the eighth grade."

Meanwhile, one of the candidates withdrew Tuesday from the race for Republican nomination for senator.

CLARIFICATION OF ISSUES

The Rev. Ray Shoulders of Detroit, coordinator of the Michigan Human Rights Council, announced his withdrawal.

He said he needed only "a

better clarification of issues" from Griffin before swinging his support to him. The Rev. Mr. Shoulders, a Negro, cited what he said was "Griffin's good record in civil rights."

The Army has developed a fuel cell which can produce current by using coconut juice as fuel. The cell uses bacteria to break down coconut juice into formic acid from which electrical current can be generated.

TOKEN OF APPRECIATION—Daniel T. Murphy (left), chairman of the Oakland County board of auditors, accepts certificate of appreciation presented to the Board of Supervisors by Bohn E. Musgrave of the

MSU Cooperative Extension Service. The presentation was made last night at Oakland University following an appreciation banquet for volunteer extension leaders.

Pontiac Press Photo

At OU Banquet

More than 100 volunteer leaders and county officials were honored at an appreciation banquet at Oakland University last night for their contributions of time and effort to the Oakland County Cooperative Extension Service.

OU Chancellor D. B. Varner was the main speaker for the affair, which was sponsored by the Extension Service committee of the Board of Supervisors and the county extension office.

County Extension Director Lyle B. Abel introduced the committee and the members of his staff, who in turn introduced members of the volunteer councils who provide leadership in family living, consumer marketing, horticulture and 4-H youth activities in the county.

A certificate of appreciation was presented to the Board of Supervisors for its aid and cooperation in making the county extension program a success.

Daniel T. Murphy, chairman of the board of auditors, accepted the certificate in the absence of Delos Hamilton, chairman of the Board of Supervisors.

GIVE AWARDS

Similar certificates were presented to John Lessiter of Orion Township, Jack Rusher of Royal Oak and Hadley J. Bachert of Novi Township, members of the Extension committee, and W. L. Mainland, committee chairman, who acted as master of ceremonies for the affair.

Richard R. Wilcox of Brandon Township, fifth member

of the committee, was not present to receive his certificate.

The presentations were made by Bohn E. Musgrave of the MSU Cooperative Extension Service office, who commented on the county staff's fine cooperation with the university in the guidance of the local extension program.

Reviewing briefly the history and growth of OU, Varner predicted that the university's enrollment will reach 25,000 by 1985.

HIGH PERCENTAGE

Thus far, an unusually high percentage of OU students have been from Oakland County, the chancellor noted.

Varner expressed his appreciation to the Board of Supervisors, which played an important role in giving the university its start.

Formerly state head of the Cooperative Extension Service, Varner cited extension work as an outstanding example of democracy in action.

The government, federal, state and county, provides the framework for the extension program, "but it's the cooperation of citizens such as you who make it successful," the chancellor told his audience.

"Democracy will work only if the people make it work," Varner said.

Noting the growing problems in today's rapidly changing society, Varner stressed the importance of the individual's basic system of values.

"You are here tonight because you answered the call for help where help is needed," Varner said.

"The complex social problems of today are further complicated by too many people with too many solutions. The only real

solution is work," the chancellor said.

Noting today's trend toward urbanization of rural areas, Varner said Oakland can no longer be classed as a rural county.

"The number of farms in the county decreased 36 per cent from 1959 through 1964.

There's nothing to stop this trend from continuing until you are all out of business," he said, "and as an ex-farm boy I hate to see it happen."

News of the Area

To Meet School Vote Hopefuls

WALLED LAKE—Voters in the Walled Lake School District will have the opportunity to meet Board of Education candidates in a public forum to be held at the high school June 7.

Sponsored by the Walled Lake Education Association, the forum will give the 12 candidates for two board vacancies the opportunity to answer four basic questions.

The questions the candidates will answer are:

- What are your qualifications as a candidate?
- Why are you interested in becoming a member of the Board of Education?
- What is your philosophy regarding education in the Walled Lake district?
- What changes in policy would you be interested in adopting?

Those who have filed nominating petitions in the June 13 election are incumbent Joseph W. Long of 1550 Commerce, Commerce Township; Stuart H. Elwood of 5810 Pontiac Trail; J. O. Sarto of 7560 Honeysuckle, T. Schliske of 1910 DAWN and Herman Werther of 7361 Ridge, both of Commerce.

Honeysuckle, all of West Bloomfield Township; and Roy H. Brunel of 2552 Woodlawn, Waverline Lake.

Others are: Richard H. Miller of 7320 Muendale, West Bloomfield; Edward S. Paige of 216 Wellsboro, Walled Lake; Robert Donald Snavely of 3137 Maple, and Hazen M. Wellman of 2660 Red Arrow, all of Commerce Township; Dale P. Schaffer of 4811 Halberd and Richard J. Schliske of 1910 DAWN and Herman Werther of 7361 Ridge, both of Commerce.

Truck Traffic Code in Works in Oxford

OXFORD—Village officials are hoping that problems posed by gravel trucks traveling through town can be solved by a proposed "code of ethics."

Representatives of the gravel industry and of the village council met recently and agreed to draw up such a code at a meeting to be held next month.

Until then the council is taking no further action on its proposal to establish weight

limits on roads through the village.

Village Manager Robert Smalley said the trucks which travel from the gravel mines north of town are noisy, dirty and hazardous.

The council was investigating the possibility of weight limits on the roads in order to cut down on the truck traffic.

COUNCIL MEETING

At the council meeting last night, Smalley reported on the progress of plans for the new municipal building.

He said working drawings are now being made but that work isn't expected to get underway until the end of July. He said it will probably take that long to get approval of a \$70,000 bond issue from the State Municipal Finance Commission.

Voters approved the bond issue in March. The municipal building is to be part of a civic center complex which will house the township hall and the public library.

Hearing Stated Over Rezoning

ROCHESTER—A public hearing on the rezoning of 117 acres of the Howard L. McGregor estate that lie within the village limits will be held June 13.

Parcels to be rezoned include 14 acres on Walton from multiple and single family dwellings to office space and 34 acres along the village boundary line from single family to multiple dwellings.

Also up for rezoning in the village is a small section to be changed from residential to multiple dwelling.

Other portions of the estate, which lie within the village, are zoned properly now.

The 417-acre estate is being developed by Slavik Builders, Inc., of Oak Park. They plan a nine-hole golf course, an apartment complex, a shopping mall and residential section.

Rezoning for the shopping center and a 16-acre multiple dwelling unit, both in Avon Township, have been recommended for denial by the regional planning commission.

Custodians Say School Board Unfair

TROY—The Board of Education has been charged with unfair labor practices by school district custodians.

The custodians, members of Council 23 of the American Federation of State, County and Municipal Employees, AFL-CIO, are claiming that a custodian should be on duty in the schools at all times.

This includes Saturday mornings, they say, when the district is conducting its Mott Community School Program.

Board members say it is up to them to decide when a custodian is needed and when he is not. This is a violation of the policy, according to the custodians.

As a result of the charge, negotiations which have been in progress are now deadlocked.

HOPE FOR AGREEMENT

School officials hope to reach an agreement on the matter at a meeting tomorrow between the board's negotiating team and representatives of the union. The board has also been ordered to report to the Labor Mediations Board on June 16.

Concert to Be Paris-Style in Rochester School

ROCHESTER—The high school cafeteria will be converted to a Paris street scene for the Rochester Community Orchestra's cabaret concert at 7:30 p.m. tomorrow.

The audience will sit around tables for the concert, which will feature three young guest pianists.

They are 15-year-old Michael Reinhart of Utica, 11-year-old Adams Mahonske of Rochester and 17-year-old Barbara Specht, also of Utica.

In charge of the concert are Mrs. James Campbell, 306 Oak Lane, Mrs. John Yung Jr., 142 Stockport, both of Avon Township and Mrs. William Chapman, 311 Walnut.

County Retiree Group to Hear Medicare Talk

ORION TOWNSHIP—Members of the Oakland County Association of Retirees will hear a talk on Medicare insurance at two special meetings tomorrow.

The meetings will be held at 10:30 a.m. and 1:30 p.m. at the Gingellville Community Club, 3575 Baldwin.

Walled Lake Schools Reveal Summer Registration Dates

WALLED LAKE—Registration dates have been set for the summer session offered by Walled Lake Consolidated Schools.

Elementary students will register June 24 while high school registration will run from June 1 through June 23. Both residents and nonresidents of the school district may attend.

The elementary session, which is designed primarily for students who have academic difficulty, will run for six weeks beginning June 27 and ending Aug. 5.

Reading and mathematics will be offered in the classes meeting from 9 a.m. to 11 a.m. daily. No child will be accepted who has not completed one year

in either the first grade or in a junior primary room.

The senior high session will begin June 24 and end Aug. 5.

REGISTRATION DATES

Students may register at Walled Lake High School from June 1-23 and at Walled Lake Junior High and Clifford H. Smart Junior High from June 1-10.

Additional adult education classes will be offered if there is sufficient interest.

At least 20 persons must register for a course before it will be offered. Registration for these courses will begin June 1 and end June 10.

HOMER HIGHT

Lions Elect Oxford Man

OXFORD—Homer Hight, owner of Homer Hight Motors, Inc., has been elected deputy district governor of Michigan Lions Clubs.

He will head Region 1 of District 11A2, which includes Oakland County.

Hight has been active in Lions for several years, both on the district and local level.

He is a past president of the Oxford Lions and has served on numerous committees. He is also a member of the Village Council and active in community affairs.

Rain Proves a 'Pain'

State's Corn Crop Planting Set Back

LANSING (AP)—Michigan's farmers don't need rain—not this week, anyway. It would only be a pain in the pocketbook.

Wet fields already have delayed spring corn planting by up to 12 days, probably reducing the size of the final corn crop.

Agricultural specialists don't see major cause for alarm yet. If this turns out to be just an average year, with no good breaks in the weather, the late start could mean yields reduced by as much as 20 per cent, said Elmer Rossmann, Michigan State University crop scientist.

HYBRID CORNS—But farmers can make up for the late start by planting earlier maturing hybrid corns, and good rains in July and August would help, too, Rossmann said.

"There still is plenty of time to grow a good crop," he added. "Predictions on yield are pretty risky."

While good farmers with good soil might have anticipated 120 bushels an acre if they had planted three weeks ago, Rossmann said, they still potentially can have a crop yielding a respectable 100 bushels—or better, with good weather.

The state average for all kinds of soil is about 60 bushels.

COLD WEATHER

Rossmann added that corn planted early this year didn't enjoy as much advantage as usual, since cold weather retarded growth.

Given average weather, MSU crop scientists figure May 1 as the ideal planting date. The Fed-

eral-State Crop Reporting Service said Tuesday that Michigan's corn planting was only 25 per cent complete last week.

Rains have delayed the planting, Rossmann explained, because going on to wet soil with heavy farm equipment packs the soil, making it hard for growing plants to get the air they need and for them to break through the soil's top crust.

"If we could just save the rain until July," Rossmann said.

The crop reporting service also said planting of sugar beets was about finished last week, potato planting was about half-finished and soybean planting was beginning.

The rains delayed planting of 10:30 a.m. and 1:30 p.m. at the Gingellville Community Club, 3575 Baldwin.

Same Kind of Pistol Used

Scientist's Slaying Linked to 2 Others

COLUMBUS, Ohio (AP)—A Monday, had an office in a small building four blocks from the station where Scowden worked.

The building is three blocks from Ohio's state Capitol, near an old area being cleared for urban renewal. A small bar and grill occupies the first floor. All three men had been shot in the head at close range.

Police found no witnesses to any of the slayings. Only bullets remained as clues.

Police believe the same weapon was used in all three men's execution-style slayings with bullets in the brain. The BOLLINGER pistol and the slayer remained unknown.

"I feel that it is the same man," said Detective Capt. Tom Sawyer. From ballistics tests, he said, "we feel that it is the same gun." Further tests were being made.

The gun was the only known connection among the three: Loren E. Bollinger, 40, a bachelor researcher in rocket propulsion; Chester Joseph Scowden, 19, a onetime Golden Gloves boxer and high school dropout who worked at a service station near downtown Columbus; and Claude Quesenberry, 41, a construction worker until he took a job at an all-night station in West Jefferson, 10 miles west of Columbus.

Both Scowden and Quesenberry worked early-morning hours at all-night stations.

OFFICE NEAR Bollinger, found shot to death

TB-Infected Youngsters Return Home

DETROIT (AP)—Most of the 20 youngsters who contracted tuberculosis in their suburban nursery school last fall are back home.

Maybury branch of Detroit General Hospital reports all but five have left the sanatorium, and John Romanuk, pediatric chief, said four of those are scheduled for release this week.

"The bulk of them went home since May 7," he said. "They are medically discharged with our approval. These children represent absolutely no danger to the community."

The first TB case at Hansel & Gretel Day Nursery in Garden City was discovered last December. An employee of the nursery was believed to have infected the youngsters.

In general, Dr. Romanuk said the children will not have to stay at home after their release. He said parents are warned that the children must nap daily and should not become exhausted.

Scowden and Quesenberry had been robbed. Police said no billfold was found on Bollinger's body and credit cards and his driver's license were missing.

Scowden and Quesenberry were both fathers. Bollinger was known by associates as "a loner," who talked little of his activities.

He had gone Sunday evening

Death Claims Amir

LONDON (AP)—The Amir of Bahawalpur, 62, died Tuesday after a brief illness, the Pakistani High Commissioner announced. The amir was a member of the Indian Defense Council in World War II. His old princely state, a part of Pakistan since the British withdrawal in 1947, has a population of 3,205,000.

Osteopathic School Seen Shaping Up

Step by step the Pontiac-based Michigan College of Osteopathic Medicine moves toward its 1970 goal of an initial class of 64 students and a full-time faculty of 32 doctors and teachers plus part-time assistance from State specialists and experts.

Some of the steps have been necessarily halting, but on the whole the medical college concept that can mean so much to the community can point to concrete progress. One such development is the one-story headquarters building erected at Auburn and Opdyke that will serve as the nucleus for the complex of building to follow.

Financing of the institution, usually one of the main obstacles in the path of a new venture such as this one, has not been a serious stumbling block.

With the college's 164-acre site donated by public spirited citizens and business interests and a substantial assessment of the 2,000 members of the Michigan Association of Osteopathic Physicians and Surgeons, the project needs but \$8 million more to qualify for Federal matching funds that would provide

the \$25 million needed to open the school by the target date. Little difficulty is seen in completing this phase of the design.

There are, however, two hurdles to be taken if Pontiac is to have an institution that would ultimately provide 2,970 jobs and an annual boost in personal income of \$12.5 million which should be reflected in a rise of \$6 million in retail sales for the area.

The first is the negative effect on the need for the proposed college posed by sentiment in some quarters for a merger of the osteopaths and the MDs.

The second is the delicate political prerequisite of obtaining legislative sanction for the medical school with provision for annual State aid toward its operation, estimated at \$3 to \$5 million. The Senate has given the project firm approval; the House has viewed it with caution.

But neither of the unresolved questions appear to be insoluble, and the sponsors of the osteopathic college are confident that the school bell will ring on time for the opening class of medical students.

America Pays Tribute to Its Army of Mercy

No national institution better deserves the plaudits of the populace than the Salvation Army. To give recognition to this outstanding social agency, Monday marked the first day of National Salvation Army Week.

Founded in 1865 by a Methodist minister, WILLIAM BOOTH, in London's East End slums, the Army has spread to 86 countries. It found its way to the United States in 1880 and today operates 8,650 centers across the Nation. In addition, some 125 Men's Social Centers that combine human rehabilitation with the collection, repair and sale of merchandise have been established.

The Salvation Army asks no credentials of those who come to

it for aid throughout the year or for a helping hand at Christmas-tide. The only card of admission to its humanitarianism is one of need — and to the needy and dispirited it has rendered priceless physical and spiritual aid. It has also performed yeoman service for the men and women of Uncle Sam's armed forces, beginning with World War I.

In observing the Week, the local Salvation Army Citadel is holding open house daily through Friday.

The Press warmly salutes the dedicated men and women who work so selflessly in giving expression to the concept and a spirit of their far-flung organization.

Youth Drinking 'Education' a Low Grade Course

In a recent public discussion of the pros and cons of "educating" children in the "proper use of alcoholic beverages at a very early age — and in the schools —" was this statement:

"Teen-age drinking in America is a sign of growing-up, and most students stick to beer because but only suits their pocketbooks but is

just potent enough to overcome any adolescent shyness on dates."

Item: In one year recently, illegitimate children born to girls in the 15-19 age group totaled 94,400.

THIS is adolescent shyness that needs to be emboldened by beer — or anything else?

GOP Candidates Never Say Die

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON — The ranks of the would-be 1968 Republican presidential candidates look a little thinner — maybe — but a politician's second thoughts are a rescue squad that keeps him breathing.

The Republicans have had some notable switch-eroos, like New York's Gov. Nelson A. Rockefeller, Barry Goldwater, and former Vice President Richard M. Nixon.

All of them at one time or another said they wouldn't dream of wanting the Republican presidential nomination — Rockefeller and Goldwater just said it again — and then contradicted themselves.

Monday, Rockefeller, saying he would seek a third term as governor this year, declared himself out of the presidential running "forever, without reservation." He had sought the nomination twice.

In 1969, when he said he would not be a candidate in 1960, he described his decision as "definite and final."

When Rockefeller did actively go after it in 1964, Goldwater got it, only to be drowned in that year's election by President Johnson.

This month, Goldwater, asked if he'd try again, said, "It would be stupid. It would

be a mistake to nominate anybody who was beaten as bad as I was. I would be the first to say no."

But at the same time he said he expects the 1968 Republican convention to be about as conservative as the one which nominated him two years ago.

NOT FIRST TIME
If he changes his mind about running, it won't be the first time.

From 1960 to 1964, he kept saying he would not seek the presidential nomination, didn't want it, and simply wanted to run for the Senate.

Then on Jan. 3, 1964, he declared himself a candidate and began campaigning. Now he is saying again he just wants to run for the Senate, this time in 1968.

A PERENNIAL
In politics, Nixon is a hardy perennial who has flip-flopped like the others.

Within a year after John F. Kennedy defeated him for the presidency in 1960, Nixon was saying, "I shall not be a candidate for president in 1964. I shall be a candidate for governor of California in 1962."

And he was, only to be beaten by Gov. Edmund G. Brown.

Then Nixon promptly held a news conference, denounced the press for its treatment of him, and declared it was his last news conference. "You won't have Nixon to kick around."

Since then, Nixon has kept himself in the public eye with statements, oral and written, on public affairs and running the government, avoiding talk about the 1968 nomination which he might not be anxious for it, by then, President Johnson is riding high.

David Lawrence Says:

Pressure Groups Getting Way

WASHINGTON — Ever since the founding of the republic, an impression has prevailed that Congress makes the laws and the president merely carries them out.

Today the American people are discovering not only that the executive departments of the government are making laws, but that certain large blocs that are powerful in getting votes are steadily pressuring the executive branch of the government into doing their bidding.

It has become almost commonplace today for labor organizations to demand that, as the price of their political support, the administration bestow particular favors upon them.

Likewise, organized groups engaged in civil rights controversy insist that on mere suspicion public funds shall be withheld from schools where discrimination is alleged. It is demanded, moreover, that arbitrary methods of selecting employees in facilities or students in public schools be used.

Two significant items from Washington came over the United Press International wires in recent days. One read as follows:

"Welfare Secretary John W. Gardner said today he would not hesitate to cut off federal funds to schools and hospitals that do not comply with federal desegregation requirements."

'CONTUMPTUOUS OF LAW'
The second dispatch said: "The AFL-CIO publicly asked the Defense Department today to withhold contracts from any company that is 'openly contemptuous of an federal law.' Its target was the huge J. P. Stevens & Co., Southern textile manufacturer, which the union accused of ignoring National Labor Relations Board rulings."

If the latest demand by labor were to be granted, it would mean that a company which could efficiently fulfill a defense contract at the least cost to the government would be brushed aside, and contracts would be awarded on an entirely different basis.

Already there is a good deal of controversy as to whether the federal government is punishing innocent persons when it withholds money from public schools in certain areas. The children therein are as much entitled to a good education through the use of federal funds as are the pupils in all other sections of the country.

CUSTOMARY WAY
The customary way would be to punish members of the school board for violating laws and engaging in forms of discrimination. The executive branch of the government has no power to use public funds except as directed by Congress, and Congress has no power under the Constitution to use the allocation of public funds as a means of punishment for alleged wrongdoings.

Certainly no one has ever suggested that any labor union

be punished because some official is convicted of a violation of law and sent to jail. It is the individual who is usually punished, and not the company or labor organization.

Glamor is most often found on dressing tables and in clothes closets.

You can be a winner in any argument — by staying out of it.

Smiles
A very good thing to save for your old age is yourself.

Post-De Gaulle Mess Seems a Good Bet Now

By DAVID MASON
PARIS (AP) — President Charles de Gaulle is riding the seat of power firmly, but off in the political wilderness his opposition is struggling to prepare for the day when he will step down.

There is little now to give the lie to De Gaulle's old prediction: "After me, a mess" (Apres moi, la pagaille).

French politics defy simplification. Stop any two Frenchmen on the Champs Elysees and you'll probably find two different party loyalties or members of the same party but of different splinter groups.

But trying now to form ranks for the day when De Gaulle goes are two main groups with fuzzy-sounding names and even fuzzier support.

One is led by an old political hand, Francois Mitterrand, and the other by a Kennedy-style politician, Jean Lecanuet.

CONSIDERABLE OPPOSED
Mitterrand's group is called the Democratic and Socialist Federation and Lecanuet's the Democratic Center.

Considerable opposition voting polarized around the two men in the presidential election campaign late last year.

Mitterrand came in second in the first round of voting, and Lecanuet was a strong third.

The two forced De Gaulle into a runoff round which he had no real trouble winning. But the Gaullists got a shock and they are worried that they might lose their parliamentary majority in elections perhaps about a year from now.

IN LINE
If either Mitterrand or Lecanuet can paste together enough voter strength to blunt or knock out the Gaullist parliamentary majority, he would obviously be in line as a strong presidential contender.

The Gaullists' main program is after-the-fact approval of De Gaulle's policies.

When he is out of office, this

party may splinter and become less effective. One reason is that nobody knows who the post-De Gaulle Gaullist leader will be.

Premier Georges Pompidou may be the man, but other names could also emerge.

Whatever happens, most political observers agree that the long period of political stability which has marked the Gaullist regime would be washed away. And France would again be speaking with several voices.

when-after official jockeying to the policy view that the Red Chinese were mere, harmless "agrarian reformers" — we saw the whole main-take over by Mao Tse-tung's forces, and wound up in a shooting war with that sponsorship in Korea. But unless history was one of the courses he skipped at Harvard, he must have read about it.

Now he wants something in the way of rapprochement via give and take, with the United States inevitably on the GIVING end; and in pursuit of that course of folly he would have President Johnson appoint a "blue ribbon" commission to devise the approaches.

Again the knee-jerk shows — the total disregard of facts of record. For the history of this era of conflict in Asia, with Mao's China its spawning ground, is studied with efforts to work out a solution. And every time that was undertaken, Peking rejected it, and slapped Uncle Sam in the face.

It doesn't take a scholar to trace the hammer-blows of the latter's insult and bloody-handed aggression; nor to count the American dead at Peking's policy hands in that historical intellectual genius nor a whit at the reckoning of conscience, to account for national policy — led by public sentiment —

against embracing Communist China.

The United States came to grips with the realities in the Korean affair — only to back away from them by political timidity when Peking shouted "Boo." Again it is at grips with them, this time in Viet Nam, and these junior senators, like others in the "liberal" camp, propose to send retreat. Senator Teddy gives voice to Stanza Two in that theme song. Far more than a coalition merely in Viet Nam — for sharing of government there with the Communist interests, he wants a study made of means to open doors and bring these characters right into the house.

America isn't that desperate for a settlement; it has learned — the hard way — the truth of the historic conviction that peace at any price entails a price too high to pay.

It is still true that playboy hands in canoes should keep near shore. Perilous waters require a mature pilot, captain and crew.

Voice of the People:

Urges Service to Nation for Youth of Both Sexes

Every U.S. male, age 18 to 21, should perform some type of selective service, regardless of illness (even without a known world conflict). Several of our presidents have had illnesses; a heart victim or cripple can be trained for less strenuous work. I am glad Mr. McNamara has openly come out with the idea. Females of the same age should also be required to give some type of government service.

This is a dangerous age, physically and mentally. They are neither children nor adults. They should not be allowed permanent employment until after this "hitch." Aliens should not be allowed permanent jobs in the U. S. until they become citizens and U.S. males have had a chance first at the positions.

MRS. BARRETT
498 1/2 ORCHARD LAKE

Comments on Care of Criminally Insane

In Pennsylvania they had an army of law officers closing in on that mental patient. I am wondering if all the trouble would have been put forth if he had not shed an FBI agent. It seems there isn't much concern when a sick person (as this man) destroys a whole family. Sometimes he is put away for a while and then let out to do the same thing again, but all he has to do to arouse the law is kill one officer and heaven and hell is moved to get him. If he doesn't die in a gun fight you can believe he'll never see the outside of a jail again.

B. SCOTT
349 SOUTH BLVD. W.

Reminds Critics of Political Opportunities

This is an open letter to all who take pleasure in running down politicians. The deadline for persons interested in public offices to be elected this fall is June 14.

I hope Helen Field and all who publicly criticize officials, Republican and Democratic, take this ideal time to offer their own superior personalities and high mental abilities to the electorate.

As the wife of a public official, I am usually immune to this unconstructive sounding-off. If I should ever be so really sincere, now is the time for them to offer themselves for consideration, along with mental superiority, they will need thick skin and a sense of humor.

EVELYN SEETERLIN
WIFE OF THE COUNTY TREASURER

Exhorts Americans to Proud Patriotism

We should on every occasion demonstrate that we are proud to show our loyalty to our country by rendering respect to our flag and to our national anthem.

During the hoisting or lowering of the American flag or when the flag passes in parade or in review, the person present should face the flag, stand at attention and salute. Men without hats, and women salute by placing the right hand over the heart.

Those in uniform render the military salute; men should remove headress with right hand, holding it at the left shoulder, right hand over the heart. Aliens stand at attention. When the national anthem is played or sung, and a flag is not present, face the direction of the music and salute.

GUY C. POPPY, COMMANDER

Open Door

The Nashville Banner

The senatorial brothers Kennedy have taken turns at the steering of their own little foreign policy canoe — at odds with the course of the Ship of State, and shouting suggestions to countermand orders from its bridge.

Senator Bobby did that with characteristic knee-jerk liberal reaction when he was announced officially that Communist warplanes would have no privileged sanctuary in the Vietnamese war zone. He opposed that decision, and announced it. It didn't square with his view of surrender by a coalition, and reconciliation by appeasement.

Now comes Senator Edward M. (Teddy) Kennedy with the proposal of closer Red China-U.S. ties; for new approaches to that via a "sweeping reassessment" of U.S. policies. The inference of that is that something is wrong with those policies, and that the United States has kept doors shut that should be open.

The Massachusetts senator isn't quite old enough to remember the Communist inroads of that closure,

when-after official jockeying to the policy view that the Red Chinese were mere, harmless "agrarian reformers" — we saw the whole main-take over by Mao Tse-tung's forces, and wound up in a shooting war with that sponsorship in Korea. But unless history was one of the courses he skipped at Harvard, he must have read about it.

Monarch's Palace Falls to Uganda Troops

KAMPALA, Uganda (AP)—The Ugandan government captured the palace of the rebellious king of the Buganda region Tuesday night. But the fate of King Freddie was not known.

The 41-year-old monarch of Uganda's biggest and richest region was variously reported missing, dead, or under arrest.

One report to London said the Ugandan army had set the palace on fire and killed 200 of the king's bodyguards.

Ugandan President Milton Obote's government said its security troops attacked the brick-walled palace compound at Mengo, on the southwest outskirts of Kampala, after it was learned that arms were being distributed there to mobs. The troops seized the palace after an all-day battle, the government said.

The king was reported at his palace before the firing broke out, and the government made no announcement concerning his fate. Government troops surrounded the area today, and newsmen were barred from it.

The government did not report casualty figures from the battle but said 8 policemen and 10 civilians were killed when mobs threatened a police sta-

tion. Two Britons on a surveying project were killed by a mob 50 miles east of Kampala, the government added.

King Freddie is Sir Edward Frederick William Mutesa II, the kabaka of Buganda. He got his nickname as a student Grenadier Guardsman and political exile in London.

The violence grew out of long-smoldering power struggles that sharpened last Friday when the king told Obote to take his central government out of Kampala and the Buganda region by May 30.

NATIONAL HEAD

Uganda had semiautonomous status under the 1962 constitution and King Freddie was the national president. Last February, Obote, who then was prime minister, tore up the constitution, ousted the king from the presidency, took the post himself and pushed through a new constitution undermining regional power.

Six Buganda minority legislators, led by ex-Finance Minister Amos Sempa, refused to swear allegiance to Obote's new constitution and were expelled from the national Parliament.

Sempa and three regional chiefs were reported arrested early Monday. The king wrote

to U.N. Secretary-General U Thant appealing for U.N. intervention if Obote failed to remove his regime from the Buganda region by May 30.

Obote's government declared a state of emergency Monday night, and Obote said the king's letter to Thant constituted "an act of treason." He accused him and the Buganda regional parliament of trying to subvert the central government.

A year after Uganda gained independence in 1962, King Freddie inherited the nation's 500-year-old throne at the age of 18 when Uganda was still a British colony. Almost all of his position as kabaka of Buganda.

schooling was in Europe, including two years at Cambridge where he took third class honors.

In 1948 he married an African woman, Dama Kikosi, and returned to his kingdom but was exiled to London again for resisting British colonial policies. Two years later, he and the slightly built king returned home again as a popular hero.

Obote's government declared a state of emergency Monday night, and Obote said the king's letter to Thant constituted "an act of treason." He accused him and the Buganda regional parliament of trying to subvert the central government.

PENNEY'S MIRACLE MILE

People in the News

By The Associated Press

A New York model, who last month was mauled by a lion while posing with the animal, posed again yesterday — alone.

Nell Theobald, 21, sat in a wheelchair as she left a hospital where she underwent plastic surgery on her left leg. The lion attacked Miss Theobald April 8 during a publicity stunt at the National Auto Show.

She told newsmen she hopes to return to modeling and "start living again."

Sophia Says She's Just 'a Simple Girl'

Sophia Loren may be a fiery actress on the screen and a sex symbol in the minds of millions, but she is "a very simple Neapolitan girl" at heart.

That's what she told reporters yesterday when she arrived to attend a dinner in New York at the Museum of Modern Art, where she is featured in an exhibition of photographs.

When a reporter suggested that she might be an unusually pretty Neapolitan girl, she offered a reply that may start a bachelors stampede to Italy.

"Thank you," she said. "But maybe you have never been in Naples."

Airport Pact Solution Eyed

Land, Air Easement
Provision Overlooked

A little-noticed provision in a federal contract signed in 1962 for improvements at Pontiac Municipal Airport could hamper federal participation in future improvement projects at the airport.

According to City Manager Joseph A. Warren, the contract involved allocation of a \$203,000 federal grant to the city for widening the east-west runway and installing a new runway and taxiway lighting system.

The \$203,000 was spent and work completed.

However, there were strings tied to the 1962 federal grant.

One of the contract provisions stipulated that the city would acquire, before July 1, 1965, the necessary land and air easements for a future Instrument Landing System (ILS).

NO PURCHASES

Neither land nor easements have been purchased and the city doesn't have enough money to acquire them, Warren noted.

He said it would be most unlikely that the \$203,000 grant would have to be repaid, but receiving future federal aid might be jeopardized.

Only one airport project involving federal aid is currently planned.

This is an addition to a hangar building to house fire and crash equipment. The estimated cost is \$36,559 with the federal share to total \$15,615.

EXPLANATION

The city manager said the city would attempt to arrange a meeting with FAA authorities to explain the city's financial position.

The cost of installation and maintenance of an ILS and Approaching Lighting System (ALS) is paid by the Federal Aviation Agency.

The cost of land and air easements is borne by the municipality involved.

Both systems were proposed in a 1963 master plan for future development at the airport. The cost then was estimated at \$447,000.

COST ESTIMATE

Warren estimates the cost today would top a half-million dollars.

The bulk of the expense would be in acquisition of some 24 parcels of land, including 19 homes, east of Airport. This property totaled about 15 acres.

Air easements, or permission to fly over, would be needed for another 29 parcels.

According to the master plan, approximately 14 additional acres would have to be acquired for the ALS area. This land would be located to the west of the present airport property.

A federal grant might be possible to finance half the cost, but the city's share would still total at least a quarter-million dollars.

Denial Given NCA on Early Hearing

WASHINGTON (AP) — The Civil Aeronautics Board denied Tuesday a request by North Central Airlines for a sooner-than-customary hearing on its application to replace service by United Airlines at four Michigan cities.

The board said no significant public benefit would result by taking North Central's application out of turn.

North Central proposes to replace United at Saginaw, Lansing, Flint and Muskegon.

YOUR CHILD MAY HAVE PIN-WORMS

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms...tiny parasites that medical experts say infect 1 out of every 3 persons examined. Entire families may be victim and not know it. Forget rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do...and here's how they do it: First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge...small, easy-to-take tablets...special sizes for children and adults.

OPERATION SURVIVAL — Eleven-year-old Stephen Collins of Bay City is keeping a baby robin alive by feeding it worms with the help of a dime store plastic robin. The baby was left by its mother and would not take food from the hand. Stephen employed the plastic "mother" and it works fine.

But Typographically Terrible

Viet Paper Is Fun to Read

By GEORGE McARTHUR SAIGON, South Viet Nam (AP) —It fair rattles a lonely American to pick up the morning paper and learn the New York Mets won a "nighttrap." Such traumatic usage is daily fare for readers of Saigon's free-wheeling English-language press.

You are informed, for example, that the new Miss U.S.A., Maria Judith Remenyi, was happy when she "wope up" the morning after winning the title. It seems that the city's type-setters, long accustomed to French, have not yet reached a working agreement with English.

Meanwhile, lovers of the English language — a group of questionable size in Viet Nam —

read each day's offerings with apprehension.

A recent edition offers a fair sampling.

The GIs of the cavalry division were cited for having seized some "vintage positions." Presumably, this was an old French wine cellar.

Then there was an intriguing story about a German woman who ran a string of shops specializing in sex information. Years ago, the story said, she delivered planes to the "puft waffe."

American soldiers looking for a little entertainment are offered some unusual opportunities. There is the advertisement for a restaurant with "three renowned shefs."

After that they can go to a "modern and tranquil" hotel. It is fairly near a nightclub with "peasant hostesses."

Any soldier whose kids are having trouble at home would be attracted to the aid for an agency asking if he is interested "in adapting a child."

WHAT SCHOOL?

Graduates of President John F. Kennedy's favorite university would be cheered to learn that it has offered an honorary degree to President Ferdinand E. Marcos of the Philippines. The headline says "Marcos to get degree from Harvard."

* * *

Luci Baines Johnson and her forthcoming wedding also are in the news. Seems the wedding will be a smashing success because Luci wants it "jittitway."

Mrs. Edward Eickmeier, Ogema Road (left); Mrs. Ross Elliott, Oneida Road; and Mrs. Eugene K. Wellman, Pontiac Lake Road, arrive at the annual meeting of the Women's Auxiliary to Pontiac General Hospital. Mrs. Eickmeier and Mrs. Wellman are cochairmen of the hospital gift shop and Mrs. Elliott is the new recording secretary of the auxiliary.

Mrs. Charles Galloway, South Pemberton Road, social chairman for Tuesday's luncheon at Devon Gables, serves punch to Mrs. Floyd Compton, West Iroquois Road, new treasurer of the Women's Auxiliary to Pontiac General Hospital.

Mrs. William P. Greenberg, president-elect, Michigan Association of Hospital Auxiliaries, spoke at the annual meeting of the Pontiac General auxiliary Tuesday. With her is Miss Mary Guthrie, president of the local group.

PGH Auxiliary Learns of Changing Role

The Women's Auxiliary to Pontiac General Hospital heard the role of the hospital volunteer redefined at their annual meeting on Tuesday in Devon Gables.

Mrs. William P. Greenberg, president elect, Michigan Association of Hospital Auxiliaries, told the group that volunteers will have an even more important role in the development of new health care.

With the advent of Medicare and other increased health services, volunteers must accept the challenge of change.

But they must never lose sight of their purpose — patient welfare.

Installation of auxiliary officers was conducted by Mrs. William Nagel, president, Michigan Association of Hospital Auxiliaries.

Miss Mary Guthrie continues as president of the auxiliary.

Vice presidents are Mrs. Aleck Capsalis, Mrs. Gilbert Hague and Mrs. Glenn Sanford.

Newly elected as secretaries are Mrs. Ross Elliott and Mrs. Charles Crawford. Treasurer is Mrs. Floyd Compton; controller,

Mrs. Maxwell Doerr. Mrs. S. V. Sekles is parliamentarian.

The annual membership tea is scheduled for June 29 at the St. Jude Drive home of Mrs. James Clarkson. Mrs. C. F. Dick is chairman.

WOMEN'S SECTION

He Shirked His Duty

Bus Driver Not Blameless

By ABIGAIL VAN BUREN
DEAR ABBY: I would like to voice a complaint against teen-

ABBY

agers in general. A teen-ager had a transistor radio on at public bus yesterday, and he just about blasted the whole busload of passengers with rock and roll music.

Why don't those teen-agers show a little respect for the rights of others? ADULT: Why condemn ALL teen-agers? Only one was guilty. The bus driver (an adult) was responsible for the comfort of his passengers. Didn't he shirk his duty?

DEAR ABBY: Why would a man with real animal magnetism repeatedly invite a woman out to dinner, tell her he's had a wonderful evening, kiss her goodnight at her door, and then call another woman and remain with her until dawn? I am no prude, neither am I underage.

I am a 44-year-old divorcee, normal in every respect, and am not unattractive. I have in-

vented this gentleman to come in for a nightcap, but he has always politely declined.

I know he will take a few drinks, so that's not it. This

Garden Unit Will Lunch

Members of Bloomfield Hills Branch, Woman's National Farm and Garden Association will bring favorite dishes to a cooperative picnic June 13 at the home of Mrs. Richard A. Fischer, Bloomfield Hills.

The noon luncheon will be followed by a program, "Upgrading Your Garden" by Alice Burlingame.

Mrs. Lloyd Kemp, president, and Mrs. Harvey Kresge, vice president, will assume their new duties at the meeting.

Mrs. Dean Draper and her cochairman Mrs. Charles Neely will present plans for the group's fall show "Arts and Flowers."

is not just guesswork. I am sure of my facts.

NO NIGHTCAP: Either the gentleman regards you too highly to risk unleashing the animal in him which might escape should he start "nightcapping" with you. (This is a compliment.) Or else he is "nightcapping" with someone else. (This is an insult.) Get a few more facts and react accordingly.

CONFIDENTIAL TO C. C.: Unfortunately many people wouldn't be so willing to part with the cash if they didn't get the credit for it. "When thou doest thine aims, do not sound a trumpet before thee." (Matthew 6:2).

Troubled? Write to Abby, care of The Pontiac Press. For a personal reply enclose a stamped, self-addressed envelope.

Hate to write letters? Send \$1 to Abby, care of The Pontiac Press, for Abby's booklet, "How to Write Letters for All Occasions."

Personals

Eighty youngsters from Bloomfield Hills High School will gather for a buffet supper and dancing at the Ben Mills' home in Bloomfield Hills Friday evening. Mrs. Mills has reserved a tent "just in case" for the lawn party honoring son Ben Jr.'s graduation.

"The Rogues" will play for dancing and Mrs. Mills says the rest of the holiday weekend will be spent recuperating.

Mr. and Mrs. Robert B. Oliver II of Menominee Road along with youngsters, Tracey and Andrea, will head toward their north woods cabin outside of Curran for the holiday weekend.

The Edmund Princes of Lake Angelus will soon leave for the Isle of Capri. And after relaxing there for a bit, it's on to Athens and Istanbul to see the sights.

The John Ostranders of Loch Leven Drive with children, Janet, John and Jim will spend Memorial Day with other members of the Pontiac Yacht Club at a cooperative picnic.

PTA

WATERFORD-THURSDAY

Riverside School, 7:30 p.m., second annual spring song festival, directed by Charlotte Krammes. Dr. David Packard to turn over gavel to Mrs. Seth Cummings, new president, during installation of officers.

Thomas Schippers Feted After Opera

Last night, following Tchaikovsky's opera "The Queen of Spades," Mr. and Mrs. William T. Gossett and Mrs. Gunnar Karlstrom entertained for supper in the Gossetts' home. Honored guests were the conductor of the opera, Thomas Schippers and his wife the former Elaine Phipps.

It is the first time Thomas Schippers has brought his wife to Detroit since their wedding just about a year ago.

Mrs. Schippers arrived in Detroit yesterday from New York with her friend, Mrs. Buhl Melhado (formerly of Grosse Pointe), who attended the opera and the party. Mrs. Schippers and Mrs. Melhado are friends from school days in Switzerland. Today Mrs. Schippers returns

to New York in order to attend to all chores necessary before she and her husband depart for Europe.

On May 31 Mr. Schippers conducts the Metropolitan's opening night in Paris. The opera will be "The Barber of Seville" which he also conducts at Masonic Temple Saturday afternoon.

Following a short time in Paris, Mr. and Mrs. Schippers leave for the Spoleto Festival of which he is the artistic director.

Throughout the Gossetts' home, arrangements of daisies in various colors were seen everywhere.

The guests included Mr. Schippers' entire family from Kalamazoo; his parents, Mr. and Mrs. Peter Schippers sister and brother-in-law, Mr. and Mrs.

John Gideon; and brother and sister-in-law, Mr. and Mrs. Henry Schippers.

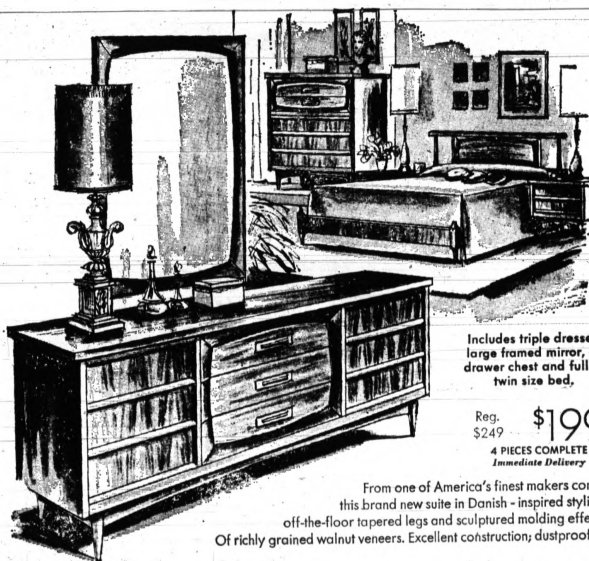

A friend from school days in Kalamazoo, Dr. Philip Steinhilber, came from Washington.

The guest list included friends of Mr. Schippers from his early conducting years in Detroit: Mr. and Mrs. S. J. Lang, Mr. and Mrs. Henry Wenger, the Philip Bakers, Dr. and Mrs. Luther Leander, Mr. and Mrs. John D. Gordon and Mrs. Donald Kehl from Dexter.

Rosalind Elias who was Daphnis in last night's opera, the Aaron Gershensons, the T.O. Niemans, the Max Fishers, the Lynn Townsends and Mr. and Mrs. Frank W. Donovan and Mrs. Sixten Ehring of Grosse Pointe also attended the party.

He's Office Tiger

By Dr. GEORGE W. CRANE.
CASE Z-406: Alan B., aged
47, gives his secretary ulcers.
"Dr. Crane," she moaned,
"he is a severe task master
at the office."
"For he is always gruff and
caustic with his criticisms."
"In fact, one of the clerks
calls him a 'bearcat'."
"But when his wife calls,
he meekly takes orders and
is just as nice as pie."
"What makes a man such a
tyrant at the office?"
Many a husband is a meek
"housecat" at home.
He may have a dominating

wife who bosses him around
and runs the household.
Then such a repressed male
may try to compensate by be-
coming a veritable "bearcat"
at the office.
Such a man is likely to
claim boldly, while away
from his wife, that he always
has the last word in their fam-
ily arguments.
And that may be true!
For he ends with a meek
"Yes dear!"
So his last word in the fam-
ily feuding is a servile salute
to the real ruler of the house-
hold.
The comic strip about Jiggs
and Maggie illustrates a com-
mon type of marital situation.
Such a wife usually grows
more and more shrewish as
her husband becomes increas-

ingly "mousy" and meek.
For women routinely crave
some masculine dominance.
Shakespeare understood that
fact perfectly when he penned
his famous "Taming of the
Shrew."
Unduly bossy wives thus
hunger for sexual dominance.
Their chronic nagging is a
veiled attempt to irritate
their mates till the latter final-
ly assert themselves.
A nagging wife is usually
a sexually frustrated female.
She craves a little brute
domination by the opposite
sex.
And she may not need much.
In fact, if a man just once
lays down the law to his wife
and shows her he can be a
rugged type, she may purr
contentedly the rest of her life.

SEW SIMPLE By Eunice Farmer

Dear Eunice Farmer:
All the shorts I make bag in front. Please tell me what is
wrong. Mrs. B. J. S.

Dear Mrs. B. J. S.:
The crotch seam was cut too low for you. The simplest
way to alter a pattern to correct this is to make a fold in
your pattern above the crotch seam in front and back. Add
the amount you have taken out at the lower end of the
leg or they will probably be too short. It's simple to make
the crotch seam lower if you have cut it too high, but very
difficult to make it higher after it has been cut.

Many of you have shouted for years, "Why don't they make
a pants pattern that really fits?" Now they have great news
for all of us, just in time for summer sewing.

If you haven't a perfect figure (and who has?) a master
pattern maker and designer has finally come up with all the
answers.

This NEW pattern doesn't come in standard sizes. One pat-
tern fits everyone from 32 to 44-inch hips. The instructions are
very detailed and whether you have large hips, flat-hips, short
crotch, small waist or whatever, you can change this one pat-
tern to fit you.

Also, this pattern makes 11 styles of pants from bell
bottoms, hip huggers, etc., to classic Jamaica or Bermudas.
I know it sounds too good to be true, but you'll find that
the extra expense you put into this new pattern will save you
time and many dollars later. Ask for it at your favorite
pattern department. (It's not made by one of the popular
pattern companies.)

If you can't find it in your city, send a self-addressed,
stamped envelope to Sew-Simple, in-care of The Pontiac Press,
and I will send you more information. This is the season for
shorts, slacks and all types of "pants," so let's get busy today
and perfect a pattern that really works.

Dear Eunice:

Why are the collars on suits and coats cut differently
from the collars on dresses? The dress pattern I am mak-
ing gives instructions for cutting the collar and the collar
facing on the same lengthwise grain. Will this collar roll
as well as the collars with the facing cut on the bias.
Mrs. M. J.

Dear Mrs. M. J.:
I don't think it is possible for any collar to roll well if the
top collar and the facing are both cut with the center back on
the fold, or lengthwise with the grain of the fabric. Cut the
top collar as directed, then lay the center back of the collar on
the bias grain. Be sure to add 1/4-inch seam allowance if the
pattern was originally cut on the fold of fabric.

Cut your collar interfacing the same as the facing, with the
center back on the bias. The two layers of bias fabric will roll
to the contour of your neck. It's also important to make the top
collar slightly larger so that the outer edges will not curl up
and cause the facing to show at the outer edges.

There's Always Room for Some Improvement

By GAY PAULEY
UPI Women's Editor
NEW YORK (UPI) — Manu-
facturers keep reaching for per-
fection in packaging of consum-
er products, and the consumers
keep reminding them where
they fail.

The "why don't they?" sug-
gestions continue even as pack-
agers eliminate complaints from
housewives. Feminine persis-

tence has paid off in numbers
of instances of better labeling
and services.

Still, there's always room for
improvement. Ask any house-
wife-shopper, or look at the lat-
est collection of "why don't
they?" suggestions from some
of the 85,000 homemaker con-
sultants who work part time for
National Family Opinion, a To-
ledo, Ohio, market research
firm.

For instance, why don't they
put baby foods in six packs?
This would be easier to serve
the tots, one homemaker sug-
gested, "especially when you
have one child in your arms,
and two hanging on your coat."
Some others from the re-
search firm and my own gripe
file: "Why don't they?"

• Sew wide hems on both
ends of all bed sheets. Sheets
would wear longer because they
could be reversed. (some com-
panies already are doing this).

• Put cleansing powders in
containers with openings that
could be closed like spice cans
so that if tipped the contents
wouldn't spill.

• Stock as "standards" gir-
dles and bras, or other acces-
sories, which are steady sellers
so that a customer with limited
shopping time has only to pick
up the telephone, specify size,
color, brand name, and add
"charge and send."

• All restaurants permit
women to check coats.

• Use a price label that
doesn't leave "gum" on the con-
tainer when you try to remove
the label.

• Package cake and dough
mixtures in "half sizes," for
small families.

• Help in the introduction of
new products, by offering them
in smaller containers so that if
a family doesn't like the item
at least money for a major pur-
chase is not involved.

Two Pledge Sigma Beta at Brunch

A pledge ceremony was fea-
tured when Psi Chapter, Sigma
Beta National Sorority, Inc.
met recently for its annual
mother-children's brunch
at Devon Gables.

Pledging the sorority were
Mrs. Barbara Holmes and
Mrs. Tila Lenz. Mrs. Joe Ben-
son and Mrs. Jerry McKay
conducted the service.

A tribute to mothers was
offered by Vicki Koch, Chair-
man of the program was Mrs.
Morgan Siple. Assisting were
Mrs. Eddie O'Brien, Mrs. Jack
Kudray, Mrs. Marilyn Russell,
Mrs. Jerome Barry and Mrs.
James Gagner.

Guests were Mrs. Gary Bur-
nett, president of Gamma
Theta, a chapter sponsored by
Psi, and her twin daughters.

Mrs. James DeFlorio, past
province governor of Province
1 spoke and introduced Mrs.
Ezio Bisogni, newly elected
secretary - treasurer of Province
1.

The annual province meet-
ing was at Fort Wayne, Ind.
recently with Mrs. Benson as
delegate and Mrs. Kudray, al-
ternate.

around Central Park. Toni, 19, is a freshman at Barnard College and hails from Charlottesville, Va.

Child Study Club Has Installation in Forsyth Home

Mrs. Eddie O'Brien was installed as president of the Child Study Club group III at Tuesday's meeting.

The gathering took place in the Orinoco Circle home of Mrs. Ed Forsyth where assisting hostesses were Mrs. Donald Rath, Mrs. John Collison and Mrs. Charles Miller.

Mrs. Ray M. Jones also installed officers, Mrs. Carl Bird, first vice president; Mrs. Richard Carl, second vice president; Mrs. Leslie Miller and Mrs. Forsyth, secretaries; Mrs. Wendell Doolin, treasurer and Mrs. Robert Knight, parliamentary.

New members taking part were Mrs. Robert Elise and Mrs. LaVern Riemschneider.

Greek Group Closes Year

The Ladies Philoptothos Society of St. George Greek Orthodox Church closed its season at a Tuesday luncheon in the Kingsley Inn.

Mrs. George Mitchell and Mrs. Nicholas Asim, delegates at the Seventh Diocese Convention of Philoptothos societies, gave reports. Members from Ohio, New York, Indiana and Kentucky also attended the session.

Agenda for the 1966-67 season was presented by Mrs. Demetrios Papanicolaou president.

The society welcomed new members Mrs. John Singos, Mrs. Nick Rendziperis, Mrs. Socrates Rallis, Mrs. Eugene Ryson and Mrs. John Pappas.

'Once Around Park,' Is Her Cue This Year

NEW YORK (AP) — Susanne Davy and Toni Rhoades are two of the unlikeliest members of the Central Park carriage trade that a nag could imagine. They talk to horses.

The attractive young ladies are working as drivers of the hansom cabs that transport sightseers around the park.

While the reins on these rigs are traditionally handled by men, there have been no complaints thus far about the feminine invasion — either from the horses or the men.

Miss Rhoades, 19, a Barnard College freshman, has been driving a four-wheeled Victoria for a little over a week.

THEY CONVERSE

She got the job because she has the habit of talking to horses. The last time she stopped to chat the horse's owner happened to be Fred Birnkner, her present employer.

"I told Mr. Birnkner I love horses and that I used to ride roadster horses in Virginia," she said.

She intends to work through the summer after going home to Charlottesville for a visit at the end of the term.

Pink-cheeked Susanne Davy is the veteran of the two, having driven for Birnkner about seven months. The 30-year-old English girl grew up on a farm in the north of England and has been driving "all my life."

"I've been with animals and

Kingswood Alumnae to Hold Picnic

Kingswood School — Cranbrook Alumnae Association members are busy making arrangements for a family picnic June 12.

The event is slated from 5 to 9 p.m. on the school grounds. The school's new Wenger gymnasium will be used in case of rain.

Among picnic attractions will be dance music by The VanDells, an area combo.

Of special interest will be rides of "Brightly" the burro, "star" of the movie "Brightly of Grand Canyon," being produced by Stephen Booth, Birmingham, of the Booth family of Cranbrook.

Mrs. Steele Sellers, Birmingham, is picnic chairman. On her committee are: Mrs. Stanley Gard, Bloomfield Hills; Mrs. John Bones, Birmingham; Mrs. Harvey Shuler, Bloomfield Hills; and Mrs. Richard Mabey, Huntington Woods.

SENIOR TEA

Additional coming events for the association include a tea June 1 honoring graduating Kingswood seniors. Mrs. Gard will be hostess for the affair at 3:30 p.m. Seniors are formally welcomed into the association at the tea.

At noon June 9 the group's annual meeting and luncheon is slated at Bedell's Restaurant.

Why Grow Old ?

JOSEPHINE LOWMAN

"Look, Mom, no eyebrows. Look, Mom, white lips. Look Mom, all skirts above the knees." Leave that to the kids! Many designers who create the mad togs say that they are not for the mature woman. What may look fresh and breezy or cute on the very young often looks ridiculous on those of middle-age, and sometimes even on the young.

You don't have to go "Mod" in order to be modern. However, neither do you have to be inflexible and set in your ideas of what looks best on you. For instance, skirts are so very short now that if you have been wearing yours an inch or more below your knees perhaps you should shorten your hemlines a bit.

The fad for low-heeled shoes is a boon to many women who have been pounding the sidewalks in spikes. The low-heeled shoe no doubt owes its revival to the short skirts since they go together attractively. The silhouette is much better balanced than when high heels are worn with a very short skirt.

One of the best ways to remain youthful is to have some young folks in your circle of friends. I don't mean just children and relatives but others who are quite a lot younger but who have similar interests and tastes.

FATHER-SON TEAM

There is an interesting

father-son team in the hair styling world which seems to combine the viewpoints of each age. The well-known hair stylist, John Christie, took his son into business with him as soon as young John was graduated from college. Mr. Christie said, "My clients, like myself, have added years, and the only way to keep us all young in spirit, styling and thought is to bring in the younger element."

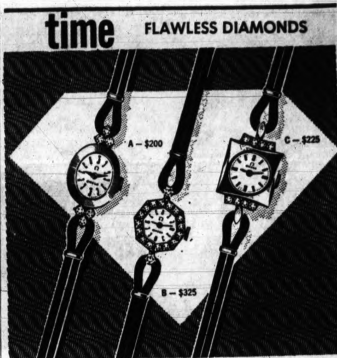

The younger John Christie likes the more extreme hairdos but even he does not go in for the long, straight hair so many young women are wearing. It is not flattering. Hair about the face is more feminine.

AVOID COPYING TEENS

John, Senior, believes that older women must avoid copying youngsters. He said, "Each age has its own styling forte. Skirts which are too short are unbefitting to a 50-year-old woman even if she wears a size 10."

As for bangs, they are flattering to a long thin face, but they too, must be moderated and not as extreme and exaggerated as those of teenagers.

So it seems that the creators of fashions in hair styling and clothes advise us to take advantage of the elegance and sophistication of our age, but blend them with young ideas and styling, in moderation.

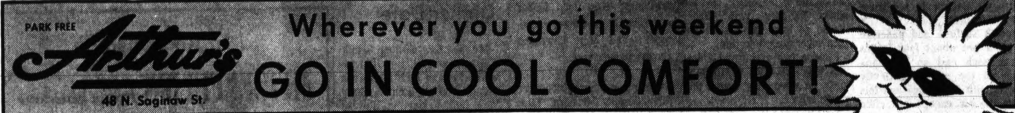

OMEGA Evening Star
WATCHES

Virtually, the same kind of care that goes into the making of an Omega watch (it receives 1497 quality-control inspections) is taken in selecting Omega diamonds. Each gem is individually inspected by Omega gemologists for perfection of color, cut, clarity and brilliance. So high are Omega standards, every diamond set watch carries a separate guarantee attesting to the quality of the gems used. This rare combination of flawless diamonds and the most precise of timekeeping mechanisms makes the new Omega Evening Star watches incomparable lifetime possessions. Congratulations are in order for Mrs. David Witt (far right) of Clawson, as she accepts the presidency of Beta Mu chapter, Epsilon Sigma

Alpha International. From left are two sorority sisters, Mrs. Fred Vollrath of Mark Road and Mrs. James M. Stone of Rosanne Lane.

Polly's Pointers

Home Permanent

DEAR POLLY — When giving home permanents the major complaint is about the lotion dripping down around the eyes. My solution for this is to cut the center out of a plastic shower cap, slip the cap on just below the hair line and hold the two-inch brim of plastic up in cup position while applying the lotion.—MARY

DEAR POLLY—Have you ever sealed a letter and then discovered it was all puffy with air caught in the envelope? Simply place it on a smooth surface and puncture with a pin about four inches near each end on the back side of the envelope. Gently press with the hands and often saves the price of a stamp.—V.V.

DEAR POLLY — Most of us teen-agers own a guitar, banjo or some similar musical instrument. They are usually put in the corner of a closet where they may be scratched. I took an old frame, tacked to it a

piece of perforated board and hung it up on the wall. Then I covered the board with many sheets of music and shel-lacked it. Pegs were attached at the bottom for my instrument to rest on. This is decorative and adds a great look to my room.—MISS B.M.

DEAR POLLY — If you have some cushions left from old sofas and they are too good to throw away, make footstools out of them. Put four together, one on top of the other, sew the edges together with strong thread so they won't shift and then cover the whole thing. I made two and my children find they are very comfortable to sit on when they watch television.—EVA

DEAR POLLY — For three years I have been trying to clean my glass oven door of the little brown grease spots that splattered on when the broiler was used. Last night I tried to scrape these off with a single-edge razor and every bit came off in about a second. Now it looks just like new.

Girls — Just be careful and not scratch the glass by gouging it with the razor blade. Work from the side of the spot. —POLLY

Anyone submitting a Polly's Problem, a solution to a problem or a favorite homemaking idea will receive a dollar if Polly uses the item in Polly's Pointers.

Sorority Has Installation on Tuesday

Mrs. James Stone, Michigan state council vice president of Epsilon Sigma Alpha International, installed officers Tuesday for Beta Mu chapter. The event took place in the Elks Temple.

Assuming new duties were Mrs. David Witt, president; Mrs. Wayne Francisco, vice president; Mrs. John Keller and Mrs. Vern Lovse, secretaries; and Mrs. Lawrence Hartman, treasurer.

Assuming other posts were Mrs. Joseph Mendoza, Mrs. Fred Vollrath, Mrs. Witt, Mrs. Keller, Mrs. Lovse, Mrs. Hartman and Mrs. Francisco. Guests at the dinner meeting were members' mothers.

Turban for Trips

Have turban, will travel. Plan on taking one along on your next trip for that unexpected occasion when you'll need a hat. Take two, they pack flat and come in vivid spring prints as well as solid tie silks.

A two-row mechanical cotton picker will harvest nearly a bale and a half an hour.

WORC Is Year Old

The Waterford Organization for Retarded Children, Inc. WORC celebrated its first anniversary Tuesday evening. During the meeting at Pierce Junior High School, films of special education classes in Waterford were shown. Dan Preston narrated the program.

Recognition was given to individuals and groups who have made outstanding contributions to WORC during its first year.

Parents Set Dinner Date

Mr. and Mrs. Milford Schull of Burman will host the rehearsal dinner for their son Ronald and his fiancée, Betty May Bell, Friday, in Howard Johnson's Restaurant on Dixie Highway.

The bride-elect, daughter of the Russell C. Belle, of Hudson Avenue, was honored at a recent shower in the home of Mrs. Carl Long on Crane Avenue, with Mrs. Robert Streit as hostess.

The Baldwin Avenue Evangelical United Brethren Church has been reserved for the five o'clock ceremony on Saturday.

TOPS, Inc.

The Weight Watching Jills of TOPS, Inc. will meet Thursday at 7:30 p.m. in the Unity Center on North Genesee Avenue.

By MARY FEELEY Consultant in Money Management

Dear Miss Feeley: Is it true that a whole family can get one passport that entitles all members to travel abroad? I have heard of this "group passport" but would like more details. How is it obtained and what does it cost?

Can you give MARY the necessary information? My husband and I plan to take our four children on a vacation trip this

summer. Mrs. A. N., Cincinnati, Ohio.

Dear Mrs. N.: A group passport can be obtained — for a flat fee of \$10 at a Federal court or passport agency. If you apply at a State court, the fee is \$9 plus the court clerk's fee—which may range from \$1.25 to \$1.75.

The "bearer" — your husband, in this case — must appear in person to present certified copies of birth certificates for all family members. He can go to the courthouse in the County Seat, to the Circuit Court Clerk's Office, if there is no passport agency in your vicinity. You should supply a group picture — two photos, in fact — each measuring 2 inches by 2 inches, or not exceeding 3 inches by 3 inches. The picture should be a non-glossy finish. (You just can't find room on a passport to affix six separate pictures.)

It can take from 10 to 10 days to get all this official business done — and you'd better figure on 10 days. This is a busy season for passports. Have a good time.

Dear Miss Feeley: I understand that one may not exceed \$10,000 face value in Series E savings bonds in one calendar year. I find I have exceeded this amount by \$1500 face value.

What will happen to the extra \$1500? Will I lose interest on these bonds? If I cash them in now, must it be the bonds bought in excess of the first \$10,000? I haven't received any notice from the Government

about this. A. C., Long Island, N.Y.

Dear A. C.: You won't lose any interest on the excess E bonds. But you should redeem those of the latest date in order to keep your holdings to the \$10,000 limit.

The government doesn't notify you that you're "over-bought." It's your responsibility to hold not more than \$10,000.

Avoid Borrowing Eyeliner Pencils

CHICAGO, Ill. — If you're just aching to borrow your friend's eyeliner pencil — resist the temptation. The American Medical Association's Section on Cutaneous Health and Cosmetics warns that a serious eye disease — trachoma — can be transmitted from person to person by just such a practice as using another person's eye cosmetics.

Prepare Food in Advance for Weekend

By JANET ODELL
Pontiac Press Food Editor

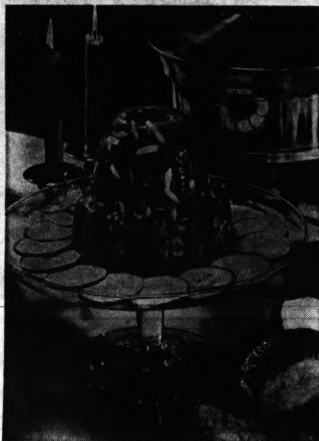

This week I'm devoting two articles to food for the forthcoming holiday weekend. You'll need to make up your menus and do your shopping as early as possible.

If you are having guests, you will want your kitchen chores out of the way before they arrive.

A molded salad is something you can prepare the day before. Try this one which uses the new canned tomato sauce with cheese for flavor.

CHEESE TOMATO ASPIC

2 (8-oz.) pkgs. lime or lemon-flavored gelatin
2 cups hot water
2 (8-oz.) cans tomato sauce with cheese
1 cup sliced stuffed olives
½ cup sliced almonds
½ cup sliced celery
Dissolve gelatin in hot water.

CHEESE TOMATO ASPIC

Simmer Spuds With Tomato

Tomatoes are prized for their good flavor and ability to blend well with other foods. Here, convenient canned tomato sauce is added to a well-seasoned potato dish for interesting and novel taste.

This potato dish has just the right flavor authority to team with baked pork chops, spiced peach garnish and a crisp green salad. For dessert, serve orange sherbet and ice box cookies.

"Paté Potatoes" is an excellent choice for your electric skillet. Let them simmer-cook as you set the table and prepare the party table and spoon out the potatoes, hot and aromatic. Make plenty for seconds, keeping them hot in the skillet.

Paté Potatoes

1 onion, minced
1 small clove garlic, minced
2 tablespoon pure vegetable oil
1½ teaspoon chili powder
¼ teaspoon oregano
1½ teaspoon salt
2 (8-oz.) cans tomato sauce
4 medium potatoes, diced

Brown onion and garlic lightly in oil in electric skillet. Add seasonings and tomato sauce; bring to boil. Add potatoes and simmer, stirring occasionally, about 30 minutes or until potatoes are tender. Makes 4 servings.

Salads Star in Leaflet

The new leaflet "Great Salads to Toss," offered by Best Foods, includes recipes for the familiar tossed green salads as well as some new ones: Hearty Supper Salad, Super Cole Slaw, Any Bean Salad and Columbian Relish.

Hints on the handling of salad greens and recipes for a variety of dressings are also provided.

For free copies, send your name and address to: Jane Ashley, Home Service Department, Best Foods, Division of General Foods Company, 10 East 56th Street, New York, New York 10022.

Stir in tomato sauce with cheese. Chill until slightly thickened. Fold in sliced olives, almonds and celery. Pour into 1½ quart mold and chill until firm.

Unmold and serve with cucumbers and mayonnaise. Makes 4 to 6 servings.

Fill the cookie jar for desserts and snacks. You know everyone likes chocolate cookies.

Today's recipe adds graham cracker crumbs and coconut and bakes the cookies in one big pan.

COCONUT CHOCOLATE CHIP SQUARES

1½ cups (about) flaked coconut
2 tablespoons butter, melted
2 tablespoons granulated sugar
¼ cup graham cracker crumbs
¼ cup granulated sugar
¼ cup butter
¼ cup granulated sugar
¼ cup firmly packed brown sugar
1 egg

COCONUT CHOCOLATE CHIP SQUARES

Booklet Will Help You Make Wedding Cake

There are many books and booklets on wedding etiquette, but none offers much help to the bride and the bride's mother who want to make the wedding cake and manage the reception themselves.

Now that white cake mixes and decorating frosting tubes are available in every grocery store, making your own wedding cake isn't the mammoth task you think.

There is a booklet, on this very subject, which is remarkably complete. It gives details on how to make and assemble a tiered cake, either round or square, using a mix or starting "from scratch."

It lists the pans and utensils you'll need. It explains when and how to make the cake ahead of time and freeze it.

It gives an easy, inexpensive cake practice frosting recipe made with shortening and flour. With this "frosting" you practice cake decorating on an inverted cake pan, using it over and over again until you've perfected your design.

This booklet also tells you

1 teaspoon vanilla
1 cup unsifted all-purpose flour
1 cup unsifted baking soda
½ teaspoon salt
1 package (6 oz.) semi-sweet chocolate chips
½ cup chopped pecans

To make crust, combine coconut and 2 tablespoons butter; mix well. Add 2 tablespoons granulated sugar and the graham cracker crumbs. Mix thoroughly. Press firmly on bottom of a 9-inch square pan.

To make topping, beat butter, ½ cup granulated sugar, the brown sugar, egg, and vanilla together until light and fluffy. Mix flour with soda and salt; blend into egg mixture. Stir in chocolate chips and pecans.

Spread on top of crust. Bake at 350 degrees for 35 minutes or until golden brown. Cool. Cut in bars. Makes about 2 dozen.

Sweet rolls for breakfast can be made now and frozen. These have a bit of whisky in the dough and a little more in the glaze. Baking drives off the alcohol, you know, leaving only the flavor.

HONEY SCOTCH SNAILS

1 package active dry yeast
¼ cup warm water
½ cup scalded milk
¼ cup whisky
¼ cup sugar
1 teaspoon salt
1 egg
¼ cup soft butter
¾ to 4 cups flour
Sifted almonds for garnish

Dissolve yeast in warm water. Add remaining ingredients, but only 2 cups flour. Beat with wooden spoon until well blended. Add enough of remaining flour to make a soft dough.

Turn out on a lightly floured board and knead for a few minutes, until dough is satiny and will not stick to the hand. Brush with melted butter and let stand in warm place, covered, 1 to 2 hours, until double in bulk. Punch the dough down, let rise again until double, about 30 minutes.

Divide in half, roll lower half

out on a lightly floured board, to make a large rectangle. Spread dough with filling (below) and roll up evenly. Pinch the seam to seal.

With a sharp knife and a sawing motion, cut into slices ¾ inch thick. Lay cut side down on buttered baking sheet, well apart. Brush with Honey Scotch Glaze and sprinkle with almonds.

Cover and let rise in a warm place about 40 minutes. Bake in a moderately hot oven (375 degrees) until browned, about 25 minutes. Brush again with honey glaze 5 minutes before end of cooking time. Makes about 24 Snails.

Honey Scotch Glaze
Stir ¼ cup liquid honey with

1 tablespoon whisky to make a medium-thick syrup. Brush on Snails before baking and again before removing Snails from the oven.

Filling for Honey Scotch Snails:
Cinnamon: Spread dough with

For Easier Cracking

To crack pecans and keep the nutmeat whole or in halves, home economists at the U.S. Department of Agriculture offer this suggestion: Soak pecans in cold salt water 6 to 8 hours, drain, then crack. Use ¼ cup salt per 3 quarts of water.

3 tablespoons soft butter. Sprinkle with ¼ cup brown sugar and 1 teaspoon cinnamon.

Fruit:
¼ cup dried prunes
¼ cup dried apricots
¼ cup coarsely chopped walnuts
¼ cup sugar
¼ teaspoon ground cloves

Put prunes and apricots into shallow saucepan, add boiling water just to cover. Let stand overnight. Fruit should absorb water and plump up. Or simmer fruit until water is absorbed and fruit plump.

Pit prunes, chop fruit and mix with remaining ingredients, adjusting sugar and spice to taste. pecans over rolled out dough. halves, glaze with Honey Nut: Sprinkle 1 cup chopped Garnish the Snails with pecan Scotch mixture as usual.

Stuffed Prunes Are Different

"Sweet and Sharp Prunes," delightfully different, are not just stuffed prunes. You can enjoy these any time of the year, and can use prunes right out of the package or plumped to provide two compatible, flavorful fillings.

A blue cheese filling perks up the smooth goodness of the California prunes, and a honey-orange filling blends with their natural sweetness.

SWEET AND SHARP PRUNES
1 lb. prunes (2½ cups)
1 package (8 oz.) cream cheese
1½ tablespoons blue cheese
1 tablespoon honey
1 teaspoon grated orange rind
Sweet basil (optional)
Nut halves (optional)

Plump prunes, if desired, by combining prunes with 2½ cups water. Bring to boil; simmer covered 10 minutes and cool in liquid. Pit prunes.

Mix half of cream cheese with blue cheese until smooth. Mix remaining half of cream cheese with honey and grated orange rind until smooth. Using about one teaspoon filling per prune, stuff half the prunes with each filling.

Garnish blue cheese prunes with crushed sweet basil and honey orange cheese with nut halves if desired. Makes about 4 dozen stuffed prunes.

SWEET AND SHARP PRUNES—Use extra large California prunes for stuffing. Blue cheese and a honey-orange mixture are added to cream cheese for the filling. Serve as an appetizer course or on the relish plate.

Wheat Germ in It

Crumb Cake Is Versatile

There's no cake that melts in your mouth like a good old-fashioned crumb cake, and if you want to prove it for yourself, bake up one real soon.

You can use our brand-new recipe for a wheat germ crumb cake, delightfully flavored with brown sugar and cinnamon, and

crunchy with chopped pecans and wheat germ; the latter adding its good bonus of protein, vitamins and minerals.

This is a three-meal-a-day cake. The family will enjoy it at breakfast or lunch with coffee (or milk for the kids), and it's rich enough to top off dinner.

WHEAT GERM CRUMB CAKE
1½ cups unsifted flour
½ cup wheat germ
2 cups firmly packed brown sugar
½ teaspoon cinnamon
½ cup butter or margarine
½ cup chopped pecans
¾ cup unsifted flour
2 teaspoons baking powder
½ teaspoon salt
1 teaspoon cinnamon
2 eggs, slightly beaten
¾ cup milk

Measure 1½ cups flour, wheat germ, brown sugar and ½ teaspoon cinnamon into large bowl. Stir well to blend. Cut in butter with pastry blender until mixture is crumbly. Combine 1 cup of crumb mixture with pecans in small bowl. Set aside.

Measure ¾ cup flour, baking powder, salt and cinnamon onto wax paper. Stir well to blend. Combine blended dry ingredients and remaining crumb mixture in large bowl. Mix well. Add eggs and milk. Mix until smooth.

Spread evenly in well-greased 9-inch square pan. Sprinkle reserved crumb-pecan mixture evenly over top. Bake at 375 degrees for 45-50 minutes. Yield: 9-16 servings.

Flowers of Apples

Fast Daffodil Salad: circle a bowl of creamy Roquefort Salad Dressing with unpeeled, cored wedges of Golden Delicious apples on a bed of shredded lettuce. Use forks or fingers for dipping the delicately-sweet sections of apple into the dressing.

Cheese Cops a Tea

Nice for tea: sandwiches made from fresh white bread (crusts removed) and a filling of cream cheese with chopped salted pecans and chopped pimento-stuffed green olives. If you like, you may add a little mayonnaise to the cheese mixture.

Rub Pepper Into Boneless Cut of Beef

If the bride is lucky, she has a shiny new pressure cooker in her kitchen trousseau. Handsome, near-magical, in fact. Easy-on-the-budget meat cuts, for instance, the kind that ordinarily must stew for hours and then may lose much of their taste, pressure-cook to a delicious tenderness in an incredibly short time.

BEEF AU POIVRE

2½ to 3 lbs. boneless chuck or round (1 piece about 2 inches thick)
2 teaspoons coarsely ground black pepper

2 tablespoons salad oil
½ cup water
2 teaspoons salt
Dash tabasco sauce
½ teaspoon Worcestershire sauce
1 tablespoon each minced chives and parsley
3 tablespoons melted butter or margarine

Thoroughly rub one teaspoon pepper into each side of meat. Heat pressure cooker, add oil and brown meat on both sides. Add water and salt. Close cover securely. Cook 15 minutes. Let pressure drop of its own accord. Blend seasoning with butter and spread over hot meat before slicing. Serves 6 to 8.

And not only is the good natural meat flavor locked in, but it's easy to introduce a gourmet touch, as seasonings permeate the meat most subtly, rather than announcing their presence loud and clear.

When it's friend husband's turn to entertain "the boys," here's a man-pleasing idea — Beef au Poivre. Starts with a goodly piece of boneless chuck or round, seasoned with coarsely-ground black pepper and the zest of Worcestershire.

Cooking time? A mere 15 minutes after the cover is closely secured on the cooker. A topping of minced chives and parsley blended with butter sauces the hearty dish.

Slices should be thin, restaurant-fashion, and crusty bread provided for mopping up the savory juices. Quick-to-heat

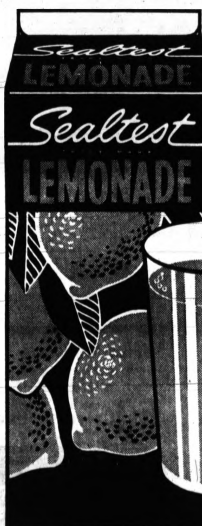

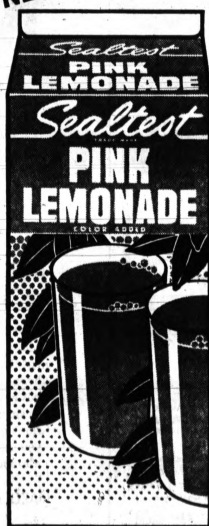

BEEF AU POIVRE—A tempting dish for that meat and potatoes man is Beef au Poivre which starts out as easy-on-the budget

chuck or round. Zestily seasoned with coarsely ground black pepper, the meat cooks in a pressure cooker in just 15 minutes.

"Hey, Mom, I'm thirsty. Whatta we got to drink?"

This summer give your children more than a mere thirst quencher. Give them real-fruit goodness with Sealtest Fruit Ades!

NEW!

Sure, soda and the powder drinks will quench a thirst, but that's about all. On the other hand, Sealtest Lemonade and new Sealtest Pink Lemonade mean real-fruit goodness, and no carbonation. So, get the extra goodness that kids go for. Keep Sealtest Fruit Ades in your refrigerator. They're so good... naturally.

Get the best... get

ON THE GRILL—This outdoor meal not only looks appealing but is also very nutritious with protein, vitamins and minerals from fine milk-fed spring lamb, and vitamins A and C from those beautiful canned Louisiana yams.

Tang of Lemon Goes Well With Halibut Steaks

"The largest species of flatfish, one of the finest of food fishes," is the way Webster's Dictionary defines halibut. This large fish comes to us from the cold waters of the North Pacific, via North-west fishing ports, where the fish is cut into steaks, frozen and packaged.

The meat of this fish is lean, and low in calories, and may be broiled, fried, baked—or poached and served with a lemon sauce, following this recipe.

Nuts, Onion, Canned Peas Are Elegant

An inexpensive vegetable receives regal treatment in the case of "Almond Black-eyes." Heated in a brown-sugar-and-vinegar mixture sparked with chopped onion and diced almonds, black-eyed peas become a real conversation piece when done this way.

With their unique flavor and appealingly crunchy texture, almonds heighten interest in a host of vegetable dishes.

ALMOND BLACK-EYES
2 cans (1 lb. each) black-eyed peas
¼ cup butter or margarine
½ cup coarsely chopped onion
cup brown sugar, packed
1 tablespoon cornstarch
½ teaspoon salt
1½ tablespoons vinegar
2 teaspoons Worcestershire
½ cup diced almonds, roasted

Drain peas, saving 1 cup liquid. Melt butter in medium saucepan; add onion and sauté until tender-crisp. Mix in brown sugar, cornstarch, salt and reserved liquid. Cook, stirring, until mixture comes to boil and is slightly thickened.

Stir in peas, vinegar, Worcestershire and almonds. Heat through in saucepan or if you prefer, turn into 1-quart buttered casserole, cover and heat in 375-degree (moderately hot) oven 20 minutes. Makes 6 servings.

Shots From Car Kill Man Near Boston

REVERE, Mass. (AP) — A 36-year-old man, driving alone in his car, was shot and killed today by a volley of shots fired from another car in what police called another of Greater Boston's gangland slayings.

Police identified the dead man as Cornelius Hughes of Malden. They said his brother, Stephen, was wounded by shots in an attempted slaying in March.

The killing raises to 29 the number of deaths in Greater Boston's gang violence that began in March 1964.

Different Salad

Marinate sliced leek or green onion and cooked carrot in corn oil and vinegar dressing, then toss with torn pieces of snappy, crisp western iceberg lettuce. Sprinkle grated Parmesan cheese over the top.

Filled Brioche Is Tempting Snack

Golden brioche, with a surprise filling of luscious chicken spread and crisp bacon bits, make the most unusual hot snacks at coffee, tea or party-time. (They're wonderful with crisp summer salads, too!) You can serve them individually, or bake a large one for easy, multiple servings.

However you serve these

"Golden Surprises," you'll find them most distinctive in taste and texture (and they're absolutely irresistible to look at!)

Golden Surprises

1 box hot roll mix
¼ cup warm water
3 eggs
¼-½ cup soft butter
2 4-oz. cans chicken spread

½ cup cooked bacon bits
1 egg yolk
1 tablespoons milk
Place water in large bowl of electric mixer. Add yeast from package, stir until dissolved. Add eggs and butter and beat at medium speed for 3 minutes. Add ¼ of roll mix and beat 5 minutes longer, scraping sides of bowl frequently. Beat in remaining mix by hand until dough is shiny and elastic.

Cover and let rise until about double in bulk. Stir down, cover tightly with foil and refrigerate overnight.

Combine chicken spread and bacon. Roll three-quarters of dough quickly on lightly floured board, cut into 3-inch rounds about ¼-inch thick.

Place one round in each of 12 large, lightly oiled muffin tins and top each with about 2 tablespoons chicken spread mixture. Turn edges of dough down to cover chicken.

Form remaining dough into 12 small balls, one to top each roll. Let rise until double in bulk. Brush tops with mixture of egg yolk and milk.

Bake at 400 degrees F. about 15 minutes, until golden brown. Makes 12 brioche.

To make 1 large brioche, bake in 8-inch round cake pan or large brioche pan at 375 degrees F. about 45 minutes.

GOLDEN BRIOCHES — Serve these golden brioche, with a surprise filling of luscious chicken spread and crisp bacon bits, for special-tasting hot snacks at coffee, tea or party-time. (They're great with salads, too!)

Lamb Chops, Yams Cook on the Grill

When the sun's rays penetrate the air with warmth, it's time for outdoor cooking maneuvers. Fishermen, hunters and plain outdoorsy folks all go armed with charcoal and grill to the spot they love most. And one of the common denominators that binds the present day chef with his forebears is the use of lamb.

Early man fastened pieces of lamb on a stick and held it over a fire. Today's cook has many cuts of lamb to choose from—all made possible by the farsightedness of the American Lamb Council in fashioning new cuts.

¼ teaspoon allspice
Dash salt
¼ cup water
2 tablespoons butter or margarine
¼ teaspoon grated lemon peel
2 tablespoons lemon juice
3 cans (1 pound each) Louisiana yams, drained
3 lemon slices

Mix together sugar, cornstarch, allspice and salt in saucepan. Gradually add water. Cook, stirring constantly until mixture boils 1 minute. Add butter, lemon peel and juice; stir until butter melts. Add yams to sauce and heat. Garnish with lemon slices. Makes 6 servings.

One particular chop excellent for broiling is the sirloin lamb chop. These are meaty, tender and filling enough for even the heartiest appetite. Have the butcher cut them 1½ to 2 inches thick for perfect cooking on the outside, a tinge of pink inside.

While the lamb cooks you can heat two or three cans of copper-colored Louisiana yams in a tangy lemon sauce.

LAMB CHOPS WITH WATER CRESS BUTTER
6 tablespoons butter or margarine, softened
¼ cup chopped water cress
¼ teaspoon marjoram leaves
Dash onion powder
6 (1½ to 2-inch thick) sirloin lamb chops, about 3½ pounds
Salt and pepper

Combine butter, water cress, marjoram and onion powder; mix well. Broil lamb chops 6 to 7-inches from heat source 12 to 15 minutes on each side or until desired degree of doneness. Before turning, chop and sprinkle with salt and pepper. Serve water cress butter with chops. Makes 6 servings.

LOUISIANA YAMS IN LEMON SAUCE
2 tablespoons sugar
2 teaspoons cornstarch

That Isn't Glass It's Struvite

From time to time both industry and FDA receive reports from consumers who believe they've found glass in canned seafood—especially shrimp. Examination, however, usually reveals it isn't glass at all, but "struvite"—which occasionally forms in canned seafood from normally present constituents.

While struvite isn't actually desirable, it doesn't affect the safety of the food at all. Seafood canners have devoted considerable attention to the problem of struvite formation, but still haven't been able to prevent it.

If, however, you do happen to find a hard, clear crystalline bit of material in canned seafood, here's a simple test to distinguish between struvite and glass.

Simply place the material in warm vinegar for a while. The struvite crystals will dissolve; glass, of course, won't.

Pear Salads Are Welcome

Brighten spring menus with salads using fresh Western pears. No need to peel the pears for the skins are tender and flavorful.

Protect the cut pears from darkening by sprinkling with fruit juice or coating with dressing.

For a Sparkling Molded Waldorf, prepare your favorite fruit gelatin according to package directions.

When partially thickened, fold in 1½ cups diced fresh pear, ½ cup diced celery and ½ cup chopped walnuts. Chill until firm and serve with mayonnaise.

When a seafood salad is brunch!

planned for the main dish, try one of these.

● Mix 1 cup diced fresh pear with ½ cup sliced celery and 1 cup of any of the following: flaked tuna, sliced Alaska King crab, or shrimp.

● Or, try a combination of the seafoods with fresh pears. Moisten with tart French dressing or mayonnaise flavored with dill.

Serve in crisp lettuce cups to four.

Kabob a Bunch

Alternate halves of chicken livers on skewers with squares of cooked ham; brush with melted butter and broil. Good for

Springtime is Mine Time!

IT'S HOMOGENIZED

THE IDEAL, ECONOMICAL HAND CLEANER

Especially when it's gardening time. Mene cleans soiled, stained hands quickly and easily—and leaves them well-groomed.

15 FULL OUNCES

Keep your hands clean for goodness a day.

Margarine

presents

Folding Money

Every margarine talks about how good it tastes, but no-burn Mazola Margarine gives you proof. Heat Mazola and your present margarine to normal frying temperatures and watch what happens. The other one burns, blackens, looks unappetizing—but Mazola is made in a new way so that it won't burn, blacken or smoke at normal frying temperatures. That's why Mazola stays delicious, looks delicious, tastes more delicious any way you use it. And no-burn Mazola is made with pure golden liquid Mazola Corn Oil so that it's high in good sense polyunsaturates.

MAZOLA MAKES GOOD EATING GOOD SENSE...AND SAVES 7 CENTS FOR YOU!

DIPPIN' STICKS — Cut one can luncheon meat into 16 sticks. Arrange with a one-pound package of frozen French fries in a shallow baking dish. Brush fries with salad oil;

sprinkle fries and meat with shredded Parmesan cheese. Bake in 425-degree oven for 15-20 minutes. Serve with catsup for dipping. Makes four servings.

It's a Salad, Too

Raisin bread croutons do delicious things for a cabbage and carrot salad. Trim the crusts from raisin bread slices, butter lightly on both sides, cut into cubes and bake slowly until golden and crisp. Save the leftovers to float in soup.

outdoor chefs are very fussy!

Ever since the outdoor cooking fad began,
we've been catering
to the special needs of outdoor chefs.

Over the years, we've satisfied
scores of thousands.

Many, many find just the steak,
chops or chicken they want

in our self-service meat departments.

Others have specific needs . . .

the steak must be 2½" thick,
the chops double thick and so forth.

That's no problem.

If you don't see it...just ask.

We'll be happy to help you.

One other reason we're so popular
with "backyard barbecuers" . . .

the quality of our "Super-Right" Meats.

Quality so high,

some meat graded U.S. Choice

just isn't perfect enough

to be "Super-Right" Meat.

Is this a good reason for shopping A&P?

It's one of many.

School Police Protection Contract OK'd

City Commissioners last night belatedly approved a contract with the Pontiac Board of Education for police counselors in the city's two senior high schools.

The contract, which provides for the city and school board to evenly share the costs of the counselors, was made retroactive to Sept. 6, 1965.

The agreement runs until this September.

Asked why nearly nine months had passed since the program went into operation and the formal contract was presented, City Attorney Philip E. Rowston said the contract was the first of its type to be worked out between the city and school board.

Both governmental units had to approve the agreement.

Rowston said that now that the agreement had been worked out it would be possible to have it renewed prior to the 1966-67 school year.

Cost of the police counselors to the city was estimated at \$10,785 with the school board paying an equal amount.

The police counselor program was instituted to combat crime and similar disorder problems, particularly those caused by outsiders, in city high schools.

Mediation Board Sets Hearing on Union Petitions

A hearing has been scheduled for July 11 at 10 a.m. on petitions by two rival employee groups to represent the city's white collar workers.

Both the Pontiac Municipal Employees Association and Local 100 of the American Federation of State, County and Municipal Employees have asked to represent salaried employees.

City Manager Joseph A. Warren reported last night that a formal hearing had been set by the State Labor Mediation Board.

The hearing will be held at the board's offices in Detroit.

City Affairs

In other action last night, the commission approved an extension to June 30 of the current agreement with Pontiac Transit Corp.

Bus company officials said a new contract could not be worked out until current labor negotiations were concluded.

Since only one bid — \$915 — was received for the sale of a city-owned lot at the southeast corner of Fremont and Josephine in Waterford Township, the bid was referred for further study by the staff.

Deeds were accepted last night to six lots recently acquired in the city's projected industrial park area on the southeast side.

Also last night, approval of the sale of a lot in the R44

urban renewal project was stored for one week.

STORAGE YARD

The matter was tabled pending agreement on the blacktopping of the lot, located north of the Dayton Tire Store on West Wide Track. The lot is to be used as a storage yard.

June 21 was set as the date to receive bids for insurance on all city vehicles and for workman's compensation insurance for 33 sanitation employees.

The commission referred to the City Planning Commission two petitions from Pontiac State Bank for commercial rezoning and an alley vacation for property west of Baldwin between Yale and Ypsilanti.

The commission asked the city attorney to investigate what legal powers the city had to revoke the license of pool rooms.

NEAR SCHOOL

A delegation from the Wilson School area complained last night that a pool room was operating directly across from the school.

Petitions bearing 75 signatures were submitted by the District 7 Commissioner James H. Marshall.

Mayor William H. Taylor disclosed last night that letters had been sent to 17 area groups to submit names of persons to be considered for appointment to the new Human Relations Commission.

The 24-member commission was recently established through passage of a city ordinance.

County Takes Economy Steps

A directive that present unfilled county positions be left unfilled was issued yesterday by the ways and means committee of the Oakland County Board of Supervisors as an economy move due to an impending year-end budget deficit of up to \$750,000.

Unfilled positions classified as emergency, however, could be filled.

In another economy move, the committee rejected a proposal that per diem payment to members of the board of supervisors be increased from \$15 to \$25.

The pay boost was proposed to the full board last month by S. James Clarkson, supervisor from Southfield, and referred to ways and means.

In other business, committee members called for a written opinion of the corporation counsel on the procedure for amending the budget to grant raises to county employees.

The newly established personnel policies committee of the board of supervisors last week authorized pay hikes for four doctor positions but this authority was questioned by the ways and means committee.

The opinion is expected to specify whether salary boosts, which necessitate a budget adjustment, can be made at the committee level or must be approved by the full board of supervisors.

Also, yesterday the ways and means committee referred a request from the County Schools for 20 acres of additional county service center land to the board of auditors for study and a report in 30 days.

Dr. William J. Emerson, superintendent of the county school district, seeks the prop-

Here's **INTEREST IN YOUR FAMILY'S FUTURE...**

Concern for the individual and his family is what put First Federal Savings in business. And we've never lost concern. Now Life Insurance for Accidental Death for Every Savings Account up to \$10,000.00.

Accidental Death for
Open **YOUR**

Savings Account

NOW!

WITH THIS

[illegible]

YOU GET THIS

LIFE INSURANCE
Certificate

First in the nation to offer Life Insurance Certificates for Accidental Death for Every Savings Account up to \$10,000. The new Accidental Death Insurance policy will insure a person of any age.

In the event of accidental death, an amount will be paid to the account balance at the close of business on the day of the accidental death. However, if the insured dies while he is engaged in an occupation that he opens a new savings account, the insurance company will add the amount of the new savings account to the amount of the insurance.

...or business account will be paid equal to the savings account balance on the day prior to the date of accidental death or business account, that account will be insured. We will add the amount of the insurance to the savings account balance.

Guyana Faces Troubled Future

GEORGETOWN, British Guiana (AP) — The Western Hemisphere gets a new nation at midnight tonight when British Guiana becomes independent Guyana. Like most new countries, it has troubles.

Besides economic woes, the 83,000 square-mile British colony on the northern coast of South America has a history of racial strife and faces territorial claims by its neighbors.

It also can look forward to an increase in the bitter political feud between Prime Minister Forbes Burnham, an Oxford-educated Negro lawyer, and his Marxist predecessor, Cheddi Jagan, leader of the country's 220,000 East Indians. There are 175,000 Negroes in the colony.

The total population is 650,000, with American Indians and other ethnic groups making up the rest. Jagan, head of the People's Progressive party, charged at a pre-independence news conference that Burnham won power by force and fraud in the 1964 election and "will use any means" to win the next vote, scheduled before December 1968.

USE ALL MEANS
"We plan to use all means available to us—Parliament, public meetings, newspapers and trade union—to point to the growing lack of (Burnham's) popular support," Jagan declared. Burnham came to power with British backing in December

1964 after at least 137 persons were killed in months of violence between East Indians and Negroes. His People's National Congress party won 40.5 per cent of the vote and he formed a coalition with the Conservative United Force, which polled 12.4 per cent. Jagan's party got 45.3 per cent.

With unemployment at 16 per cent of the labor force, the government has initiated a road building program and is trying to get a consortium of the American, Canadian and West German governments to guarantee a World Bank loan of \$170 million for a development plan. Like most developing countries, Guyana suffers from lack of skilled people. According to the latest survey, it has 160

doctors—one for every 4,000 persons—3 qualified architects, about 70 engineers and about 200 lawyers.

However, many educated Guyanese live abroad and the government hopes that job opportunities and stability will lure them back home. Most left during the racial violence.

The new country's main source of revenue is bauxite, which is the highest grade in the world.

Retired Admiral Dies

WASHINGTON (AP) — Retired Rear Adm. Marion N. Little, 66, who commanded the battleship California during the Pearl Harbor bombing in 1941, died Monday of a heart ailment.

OU Club to Hear Mayor Cavanagh

U.S. Senate candidate Jerome P. Cavanagh will be the guest speaker Friday at a public meeting of the Oakland University Young Democratic Club.

The 3 p.m. meeting will be held in the Gold Room of the Oakland Center on campus.

The Oakland University club is one of two Young Democratic organizations in the state to endorse the Detroit mayor in his bid for the office that was held by the late Democratic Sen. Patrick V. McNamara and now belongs to Republican Robert Griffin.

Alabama Vote Decision Due

SELMA, Ala. (UPI) — The Dallas County Democratic Executive Committee had dual tasks before it today—complying with a federal court order to make Wilson Baker its nominee for sheriff and with state law on incumbent James Clark's challenge of the entire election.

U. S. Dist. Judge Daniel H. Thomas of Mobile declared yesterday the committee erred when it threw out six ballot boxes from predominantly Negro areas after the May 3 primary.

The discarded votes, he said, were sufficient to give the nomination to the racially moderate Baker.

The committee was ordered to make Baker its candidate. Today the committee scheduled a meeting to discuss the

order and Clark's challenge of order. Clark's challenge came three days after the primary, following the Justice Department's entry into the case.

The government contended voters were being disenfranchised because their ballots were not being counted.

He said Clark's challenge of the election would take precedent over the order.

State law provides for tabulation of votes, declaration of results, hearing of subsequent challenges and announcement of official results. The party disallowed votes in six boxes the day after the election without a hearing, declared a runoff on the basis of the other 74 boxes and the Justice Department quickly filed suit.

Clark's challenge came three days after the primary, following the Justice Department's entry into the case.

The government contended voters were being disenfranchised because their ballots were not being counted.

Contact With Live Wire Burns Utility Lineman

DOWAGIAC (UPI) — Robert M. Forster, 50, a Michigan Gas and Electric Co. lineman, was burned yesterday when he came in contact with a live wire on a pole at Diamond Lake near Cassopolis. Lee Memorial Hospital attendance said his condition was very serious.

Memo Reveals FBI Bugged Talks With Lawyer of Bobby Baker Friend in Tax Case

By the Associated Press — a former associate of Bobby Baker, Washington (AP) — The Justice Department has sent an unprecedented memorandum to the Supreme Court admitting that Federal Bureau of Investigation agents secretly eavesdropped on conversations between a lawyer and his client — Marshall's memorandum to the high court, sent Tuesday, indicated that the FBI apparently acted on its own when it "installed a listening device" in Black's hotel suite in Washington three years ago. The memorandum said that neither the Justice Department nor "any other attorney of the Department of Justice" — first request for review May 2. He and Baker, former Senate Democratic secretary who has been indicted on a number of federal charges, were associated in a Washington vending machine business. In his memorandum, Marshall said the bugging, which took place between February and April 1963, "was unrelated to the tax evasion case." But he added: "The listening device was in operation from approximately two months before until approximately one month after the evidence was presented to the grand jury and the indictment was returned." "During that time the monitoring agents overheard, among other conversations, exchanges between petitioner and the attorney who was the representative of the petitioner in connection with the tax evasion charges on which he has been convicted." Marshall emphasized the entire case against Black was based on investigation by the IRS and not the FBI.

Experts Claim Proposed \$330-Billion Debt Ceiling Too Low

WASHINGTON (AP) — A \$330-billion debt ceiling, although the highest ever, could force the Treasury Department into a financial squeeze during the next fiscal year if all its chips don't fall into line. That is the belief today of some officials who feel the ceiling voted Tuesday by the House Ways and Means Committee eliminated most of the built-in headroom they allowed for contingencies.

The department requested a \$332-billion temporary debt ceiling for fiscal 1967 which begins July 1, up from the present temporary limit of \$328 billion. The \$332-billion figure would give the Treasury about \$3 billion headroom. Officials feel this would permit more efficient management of the debt if the added authorization was not needed for contingencies. The Treasury nearly bumped the ceiling in the late 1960s and was forced to stretch out payments of some of the government's bills to remain within the limit.

The lower ceiling, it was reported, also might force the government to sell some of its financial assets prematurely instead of waiting for an ideal time in the money market.

LARGE FORECAST
The House committee's selection of the lower figure apparently was based on a report by the staff of the Senate-House

Committee on Internal Revenue the debt ceiling — probably, week after next. But it could request the Senate Finance Committee to stick with the original request of \$332 billion.

Treasury officials feel the joint committee's estimates are too optimistic.

The Treasury Department apparently plans no further move until the House acts on some Treasury officials say

wouldn't be too hard to live along with an increase, although it has sometimes chopped the amount. It did so last year in approving the \$328 billion figure, \$1 billion short of the administration's request.

Nobody even discusses the possibility that Congress might refuse to act on a temporary ceiling and permit the limit to drop to its permanent level of \$285 billion.

If the Senate goes along with the higher limit, the outcome could be a splitting of the difference at \$331 billion, a figure some Treasury officials say Congress always has gone June 30.

Ontario Asks Seaway Study

TORONTO (AP) — Ontario Province went firmly on record Tuesday in opposition to higher St. Lawrence Seaway tolls or tolls on the Welland Canal.

Premier John Roberts, in a statement in the Legislature, said the time has come for a re-appraisal of the benefits of the entire Great Lakes system and its respective costs and revenues to the United States and Canada.

Roberts said his government has asked the St. Lawrence Seaway Authority for a 90-day period in which the province could analyze what impact proposals made at current toll hearings would have on the Ontario economy.

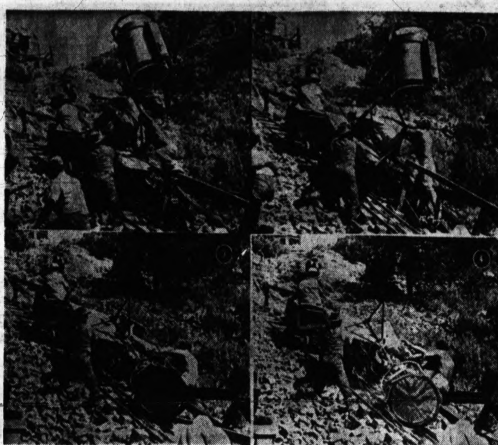

The authority's economic studies mainly have been concerned with the effect of toll increases on bulk cargoes such as coal, iron ore and wheat, the premier said.

But, he said, proposed in-

Woman Gets 10 Years, Killed Four Children

UPPER MARLBORO, Md. (UPI) — Mrs. Charlene Hargis, estranged wife of former Rep. Denver D. Hargis, D-Kan., was sentenced yesterday to a maximum of 10 years in prison for the fatal shooting of her four children last October.

Judge William B. Bowie, who handed down sentences of 10 years on each of four counts of manslaughter, ordered that the sentences run concurrently. He said the 37-year-old Mrs. Hargis would be eligible for parole after serving one-fourth of her sentence.

UNREHEARSED ACTION — Actor Paul Newman and Tommy Hayes, an electrician, teamed to prevent injuries on location for "Seconds" this week when a 300-pound lamp toppled toward producer-director Martin Ritt. The four men on the dolly are (from left) camera operator Roy Clark; Newman; Ritt and Hayes. Newman tried to steady the light as it went up a 45-degree grade. When it began falling, he directed it away from Ritt. Hayes tries to pull Ritt out of danger.

At Cannes Festival

Rock Liked, but Not His Film

By BOB THOMAS
AP Movie-Television Writer

CANNES, France — Having witnessed the tribal customs of the American film community, I felt obliged during a European visit to observe the ritual of the international film festival.

The biggest and most prestigious of the festivals is the one at Cannes, so I dropped in on one day's events of the festival's 20th year.

And where were all the starlets in bikinis, or less? That traditional element was lacking. In its place was a fully clothed Rock Hudson.

The occasion was a showing

of Rock's new Paramount picture, "Seconds," and he had interrupted a motor tour through Europe to attend the festival. He enjoys such functions about as much as he likes to fill out his income tax. But he arrived at the Nice airport smiling.

SWANK RESORT

His festival baptism came at a luncheon staged in his honor at Eden Rock, the swank resort at Cap d'Antibes. There he was greeted by 200 press of many nations and by Sophia Loren, who was president of the jury committee and takes her duties seriously.

He endured endless questions in a variety of languages until he finally insisted that he be allowed to finish his cold cuts before facing another interview.

"Seconds" was shown that night at the Festival Palace. The afternoon showing for the press and others had not gone well, and as a gag, Rock showed up with a golden horseshoe to indicate his wish that the night performance would be better received. He also brought actress Pamela Tiffin, who wore a frightened smile as she faced the photographers. They seemed to number several hundred.

Under festival rules, "Seconds" featured subtitles in French. Even the title of the film was translated to "L'Operation Diabolique." The dialogue may have suffered in translation with such a line as "You dirty old man" coming out "Quelle vieux satyr."

DEVILISH UNIT

The picture was indeed diabolical, concerning a devilish organization that sells people a second chance for life with an entirely different identity.

Directed in stark style by John Frankenheimer, "Seconds" seemed like new-wave Hollywood. The audience found the film slow and overwrought and there were intermittent whistles of discontent. But the audience obviously liked Rock, personally and professionally.

and he was greeted with applause as he departed.

"Seconds" was snubbed by Miss Loren and her fellow judges when the prizes were handed out. But its dramatics may serve to convince the film world that Rock Hudson can do something besides court a coy Doris Day.

A rattlesnake can measure temperature changes within a thousandth of a degree.

Dirksen Prods LBJ on Viet Briefings

By JACK BELL

WASHINGTON (AP) Senate Republican leader Everett M. Dirksen has given President Johnson firm notice that Congress wants more answers to what's happening in Viet Nam. After hobnobbing in the Senate on crutches Tuesday — his first appearance there since he broke a thigh bone in a fall May 10 — Dirksen told a news conference he had discussed Viet Nam with the President when Johnson visited him at Walter Reed Army Hospital.

The Illinois Republican said during "a reasonably lengthy talk" with Johnson, he proposed a bipartisan White House briefing for congressional leaders. The President promised to take the idea under advisement, Dirksen reported.

Dirksen's prodding — coming as it does from an opposition party senator who has backed the administration's Southeast Asia action — may well produce a briefing at which Johnson would answer some nagging questions about political stability

and military progress in South Viet Nam. But the mere fact that the White House, deputy press secretary Robert H. Fleming said he had no comment on Dirksen's proposal.

In Contest Drawing

Cameraman in the Picture

ALPENA, 48—Mayor Walter Weinlauf was drawing a name from 3,000 entries in a contest yesterday when a photographer looked up from his camera and said:

"See that you pull out a poor family with eight or nine kids."

Weinlauf drew the name of Marie Deno.

Mrs. Deno not only is the mother of nine, but she is the wife of the man with the camera, Eugene (Skeets) Deno, general news editor of The Alpena News.

The prize: a free, five-minute shopping spree by the family in a supermarket.

HAD IDEA

Mrs. Deno quoted her husband as telling the mayor before the contest drawing, "We could clean the store out with my family. Why don't you pull out mine?"

congressional leaders need to have more background information to cope with the deterioration in popular support of the war effort.

Johnson has not met with the congressional leaders for several months.

In other developments Tuesday:

PEACE TALKS

Secretary of State Dean Rusk reaffirmed the U.S. desire to negotiate peace in Viet Nam and said this country shall continue its "far-reaching, persistent efforts to bring the other side to the peace table."

United Nations Secretary-General U Thant said military operations in Viet Nam should be scaled down in an attempt to initiate peace discussions among the major powers including Red China. The war in South Viet Nam, he said, can no longer be described as a "fight for democracy."

While he avoided any personal assessment of the situation in Viet Nam at the news conference, Dirksen said that opinion polls indicated a downward shift

in public support for Johnson's policies there.

He said he has the feeling the majority of the people are confused and frustrated by the seeming instability of Premier Nguyen Cao Ky's government. Dirksen added that they need more information about the situation in Saigon.

"DAY TO DAY"

The situation there "shifts from day to day," he said, and it is difficult to voice any "reasoned opinion" on what the outcome might be.

He said, also, that it is "not beyond presumption" that even Johnson can't calculate what will happen next.

Citing his mail and his earlier travels about the country, Dirksen said he thinks the majority of Americans want the war brought to a conclusion as rapidly as possible.

"They are exasperated that this country, with all of its assets, wealth and power has not been able to bring this matter to an honorable conclusion," he said.

TRAINING EXERCISE — Wives of paratroopers, many of them already in Viet Nam, are playing the part of Viet Nam villagers in field exercises under way in Kentucky by the 101st Airborne Division. The villages are important in the Viet conflict, officials say,

because they serve as intelligence centers for the Viet Cong. Here, Mrs. Diane Forney of "Behl Rang" village feeds rice to a child as one of two chickens she killed with a cleaver roasts over an open fire.

Tashkent Has Third Quake in a Month

MOSCOW (AP) — The Soviet central Asian city of Tashkent, where 100,000 already were homeless, suffered Tuesday its third major earthquake in less than a month.

The earthquake struck in mid-afternoon. Many of the city's million residents were in safer, newer office buildings.

No casualty figures were disclosed immediately. But it appeared they might be lighter than those in the earlier quakes which occurred at night and caused heavy damage to many old, frail houses.

Tass, the official Soviet news agency, said the quake was the third strongest to hit the stricken city since April 26. That one was described as the worst in Tashkent in 98 years. The second big quake came May 10.

Tass said that by late afternoon 40 ambulance cases had been reported, including 33 heart patients, two premature births and five injuries. No deaths were reported. No damage estimates were given.

MINIMIZED DISASTER

First reports from the city after last month's big earthquake minimized the disaster. Later it was admitted that at least eight persons were killed, 1,000 injured, 100,000 made homeless, and 67,000 buildings destroyed or damaged.

Even those figures are considered low by Western observers in Moscow, since the disaster apparently hit most of the old city in Tashkent and involved hospitals, hotels and schools.

NAACP Says Court Decision Could Threaten Its Existence

WASHINGTON (AP) — The National Association for the Advancement of Colored People (NAACP) today said it is fighting a Supreme Court decision which could threaten its existence.

The NAACP said it is fighting a Supreme Court decision which could threaten its existence. The NAACP said it is fighting a Supreme Court decision which could threaten its existence.

The Supreme Court dismissed without explanation April 27 an NAACP appeal from a Georgia ruling that the national association can be held liable for picketing ordered by its Savannah branch.

The 5-4 ruling produced a furious dissent by Justice William O. Douglas, who warned that "juries might run pell-mell" to destroy "unpopular groups" like the NAACP.

DENIED CONTROL

The NAACP had argued that it had no control over the picketing of a Savannah grocery store whose owner sued it, the local branch and local offices for damages.

Since the decision was announced, the NAACP said in a brief filed with the high court, it has been named a defendant with the local branch in a similar suit in Virginia and has been threatened with a third such suit in Philadelphia.

The NAACP brief gave no details of the cases, but an official told a reporter that in one the owner of a Victoria, Va., department store is asking \$100,000 in punitive damages as a result of pamphlets passed out in front of his store.

Firm Will Expand

MONROE (AP) — Foam Rubber Products Co. of Detroit announced Tuesday it will open a foam rubber plant, employing 16 persons, in Monroe June 15.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to create a loose plate discomfort. PARTETITE, an improved powder, sorbent on upper and lower plates holds them in place so that they feel more comfortable. No gummy, gooey (non-odor) taste or smell. No chalky (non-odor) taste. Does not stain. Check it out today at drug counters everywhere.

HAPPY TIGERS—Detroit Tigers interim manager Bob Swift (51) has a welcoming hand for the players as they come off the field after knocking off the Cleveland Indians, 7-6, in the opening game of a doubleheader last night at Tiger Stadium in Detroit. Leaving the field are Norman Cash (29), who collected two home runs; relief pitcher Larry Sherry (in front of Cash), who squelched a rally uprising in the ninth inning; Ray Oyler (1); and Dick Tracewski (44). Dick McAuliffe (in jacket) joins Swift in the welcome. The happy scene faded in the second as the Indians blanked the Bengals, 2-0.

Preps After Press Golf Title

A field of 100 high school golfers will tee off Friday at Pontiac County Club in a battle for team and individual honors in the 15th Annual Pontiac Press Invitational Golf Tournament. Five-man teams from 20 area schools will open play at 10 a.m. over the 6,365-yard, par-72 course, and on hand to defend its 1965 title will be Bloomfield Hills.

Central Whips PNH Golfers

Waterford, Kettering Post Links' Wins

Local prep golf teams continued to prepare for Friday's annual Pontiac Press Invitational, a Tournament with matches Tuesday.

Pontiac Central whipped Pontiac Northern, 190-214; Waterford upset Bloomfield Hills, 205-208; and Kettering nipped West Bloomfield, 204-205.

PCH's victory completed a sweep of its spring cross-town rivalry with the Huskies. Chuck Johnson had a 35, Gary Beckman a 37 and Walt Shephard a 38 for Central (12-4) on the municipal course.

Rod Skelton matched par with a 36, as Waterford (16-7) took Hills, and Jan Gatz had a 37 for Kettering (16-3) in its win over the Lakers — both matches on the Pontiac Country Club links.

The Barons were led by Sandy MacKenzie and Robin Mersey, both 37s, and Gary West had a 38 for West Bloomfield.

Tigers Split With Front-Running Tribe

Boston's Lowly Sox Take Sixth Straight

By the Associated Press
"Everything is perfect—good defense, good hitting and good pitching." Sounds like the manager of one of baseball's upper-echelon teams, right?
Actually, those are the words of Billy Herman, whose Boston Red Sox are only 1½ games and four days removed from the American League cellar.
But Herman's Red Sox are streaking. They stormed to their sixth straight victory Tuesday night, crushing the Minnesota Twins 11-3 with a 16-hit barrage that included homers by Carl Yastrzemski, Jim Gosger and Tony Conigliaro, plus four doubles.
In addition to the luster hitting, Boston had the good pitching, by Jose Santiago and Dick Radatz, and the good defense, a zero in the error column.
NEAR YANKS
The Reds up to winning, and winning six in a row has boosted the Red Sox from last to ninth ahead of the Kansas City Athletics and one game behind the New York Yankees.
Also in the AL—California beat the Yankees 4-2 with a four-run fifth inning. Baltimore downed the Chicago White Sox 4-1 behind the key hitting of Brooks Robinson and Boog Powell, and Don Lock's two-run pinch homer with two out in the bottom of the ninth lifted Washington over the Athletics 2-1.
In the National League, San Francisco topped Pittsburgh 5-2. Houston trimmed the New York

error, Willie Smith's pinch double, a fielder's choice and Adcock's two-run hit.
The setback ended the Yankees winning string at five games.
Brooks Robinson drove in three runs with a homer and a single, while Powell's single sent across Baltimore's clinching run against the drooping White Sox, who've lost eight of their last nine.
Curt Blefary opened the Orioles' sixth with a double, and Powell promptly cashed him in with his hit, snapping a 4-4 tie.
Tommy Agee batted in three Chicago runs with a homer and sacrifice fly and Don Buford scored three times for the White Sox.

Brother Rice, Shrine Near Title Battle

Birmingham Brother Rice and Royal Oak Shrine are one game from a Detroit Catholic League title meeting next week at Tiger Stadium.
Brother Rice nipped Harper Woods Notre Dame, 2-0, Tuesday and Shrine slipped past Redford St. Mary in league playoff contests to reach Friday's semifinals.
John Annas and Carl Grom combined to limit Notre Dame to five hits. Catcher Dave Baumgartner's triple and Mel Bommer's single helped the first run in the second inning.
An unearned run capped the Warriors' (11-4) scoring. Baumgartner added a single to account for half of the Brother Rice hits. The Birmingham nine has now won 10 of its last 11.

Peace Far Off In Track War

Amateur Groups Talk; Two Remain at Odds
WASHINGTON (AP) — Peace apparently is going to be hard to come by in the sports war between the Amateur Athletic Union and the National Collegiate Athletic Association.
Hearings before a five-man arbitration board—the fifth since the panel was named by Vice President Hubert Humphrey last January—were recessed here Tuesday night with no agreement on salient issues.
More talks were set for June 15-16 in New York and indications were that the rival factions remain far apart.

This could go on for months and months—I don't know when it could be settled," a spokesman for the NCAA said.
"Everybody appears confused—it's a mystery to some of us," added an AAU official.
STAY SILENT
The disputing parties are committed to silence until the panel has had a chance to do its job but, speaking anonymously in the hotel lobbies and at lunch tables, delegates whisper of "delaying tactics" and "evasion of issues" on the part of the rival groups.
Chairman Theodore W. Kheel, well-known New York labor mediator, and the other four members of his panel appeared optimistic until a proposal of referee until the Memphis Open next week but he plans to enter the Buick Open the following week.

Palmer was forced to withdraw recently from tournament activity because of a pulled muscle in his back.
"The doctors told me to give my back plenty of rest and that's why my entry in the Memphis Open is questionable," he said. "I feel very well except my back gets tired at the end of the day."

Palmer Resting, Says He'll Enter Buick Golf Open

LATROBE, Pa. (UPI) — Arnold Palmer said today it was "questionable" whether he would play in the Memphis Open next week but he plans to enter the Buick Open the following week.

Palmer was forced to withdraw recently from tournament activity because of a pulled muscle in his back.

"The doctors told me to give my back plenty of rest and that's why my entry in the Memphis Open is questionable," he said. "I feel very well except my back gets tired at the end of the day."

Pontiac Northern Slows Skippers, Shares I-L Lead

League baseball crown in 11 years.
The Huskies scored a 4-1 victory at WTHS to avenge an earlier loss to Waterford and the two teams with 5-2 marks in the battle for first place.
Frye tossed a two-hitter, and struck out eight while walking only two. Myers ripped a two-run homer to left in the sixth inning to clinch the verdict.

Northern (11-3 over-all) will meet Pontiac Central Thursday before journeying to fifth-place Livonia Stevenson for its final I-L game Friday.

WTHS (10-4) will play host to fourth-place Walled Lake in a Friday league contest after visiting Clarkson today.

Third-place Farmington, still hoping for a share of the I-L laurels, moved within a game of the lead by blanking Walled Lake, 6-0, yesterday.

3-HITTER
Tim Patrick tossed a three-hitter for his third straight win. The Falcons' Chris Norton doubled and scored the only run in the Huskies' victory.

GOOD DAY — Catcher Tom Myers of Pontiac Northern not only handled the slants of Larry Frye as he tossed a two-hitter against Waterford Township Tuesday but also slugged a two-run sixth-inning home run that sewed up the Huskies' victory.

Detroit Rallies In Opener, 7-6; Drop Nightcap

Joe Sparna Belted; Indians' Tiant Hurls Four-Hit, 2-0 Win

DETROIT (AP) — Neither Cleveland Manager-Birdie Tebbets nor Detroit's acting skipper Bob Swift are too excited about the fact that the Indians will still be in first place when their four-game series ends Thursday night.
The Indians assured themselves of a slightly longer stay by beating the Tigers, 2-0, on Luis Tiant's four-hitter in the second game of a two-night doubleheader Tuesday.

The Tigers spotted the Indians runs, then charged back to win the home-run-dominated opener, 7-6.
"Sure, that second game was a big game for us — especially after we blew the first one," said Tebbets. "But I can't get too excited. Why, we haven't even reached the first of June."

Swift agreed, saying he felt his club would be all right as long as it stayed even with the contenders until everyone got healthy again.

MUST SPLIT
"We've got a couple of good players on the injured list—Dick McAuliffe and Don Demeter," Swift said. "If we can split the next two games with Cleveland, we'll be all right."

"But we've got to keep beating the clubs below us," he added.
Demeter has a pulled muscle in his leg and McAuliffe is nursing a bruised ribs — the result of a home plate collision in an exhibition game over a week ago.

The split resulted in one major change in the Tigers' pitching lineup.
Dave Wickham moves into the starting rotation and Joe Sparna — who lost three in a row and lasted two-thirds of an inning in Tuesday's opener — goes to the bullpen.

Sparna needs a lot of work but he can get it to him in the regular starting rotation," Swift said. "We'll use him in relief and to pitch batting practice. When he gets in the groove, we'll move him up. Believe me, he'll be tough when he gets right."

Tebbetts had a similar comment about Tiant, who has won four times in six decisions, all of them on shutouts.
"We were talking about him recently and figured that he's the type of pitcher who is very, very good when he's right. But when he isn't, you'd better go out and get him," Tebbets said.

BOLO HOMER
Leon Wagner's solo homer in the eighth inning capped the Indians' triumph. They scored their first run in the fifth on Joe Azcue's single, started Hank Aaron's throwing error on Tiant's sacrifice bunt and Chuck Hinton's single.

Rocky Colavito's three-run homer and a solo shot by Duke Sims chased Sparna in the first inning of the opener.

League Champ Nips Falcons; Avon Wins

Luckless Rochester extended unbeaten Oakland A League leader Madison to 10 innings Tuesday before dropping a 3-2 verdict to the champion.

Avondale, meanwhile, contributed its strong closing drive with a 9-7 win at Warren Couino, and once-victorious Lake Orion was a 4-2 loser to Troy in an arclight tilt.

Rochester's Falcons took a

2-0 lead at Madison in the sixth when Randy Hinds singled home two mates; but Bill Pietrowski knotted the score for the Eagles (3-0) in the bottom of the frame.

It remained that way until Pietrowski reared base on an error in the 10th, advanced on a walk and double steal and came home on a ground ball. Jim Galdi (3-0) yielded four hits and whiffed 11.

Avondale (7-3) continued its second place and won its fifth in six tries by tallying seven runs in the first two innings. Dave Erwin's two-run triple highlighted the first inning.

Harry Bartkowiak had a single and double to account for two tallies. Dave Renshaw brought his mound mark to 3-4.

Troy (5-4) broke a 3-2 tie at Orion on John Popovich's seventh-inning double and run-producing safeties by Don Barber and Dave Humphrey.

A walk, Jim Chitt's triple and Popovich's single in the sixth had overcome a 1-0 Dragon advantage. Dennis Brophy's second rib-double tied it for Orion in the same session.

Barber raised his record to 4-2 by giving four hits, and fanning nine, including the last three hitters.

Chuvale in Ring Action
NEW YORK — (AP) — Oscar Bonavena, the South American champion from Buenos Aires, will try to become a leading contender for Cassius Clay's world heavyweight title by defeating George Chuvale, the Canadian champ from Toronto, in Madison Square Garden June 23. Chuvale lost a 15-round decision to Clay in their title fight March 29.

Softball Teams Play Overtime

Orchard Lanes Downs Spencer in 11th

A pair of extra inning games highlighted Pontiac softball action last night.

Orchard Lanes dropped Spencer Floor Covering, 5-4, with two runs in the last of the 11th inning and Ron's Roost needed nine innings to down Bob & Ken's, 3-2.

Bob & Larry's edged Francis Fuel, 3-2, and Idletime Baroulted Timber Lanes, 17-0, in a game called after three innings.

Spencers and Orchard Lanes were tied 3-3 after the regulation seven innings.

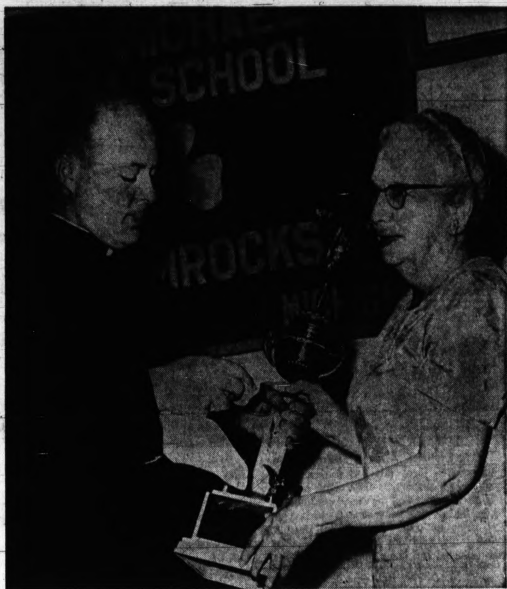

The floor covering team took the lead in the top of the 11th on Gred Miller's homer, but an error, single by Ron Norquist, a walk and Bill Johnson's double produced two markers and the victory for Orchard in the last half of the inning.

Gary Hayward, who had singled and moved up on a single and fielder's choice, reached home on the front end of a double steal to give Ron's Roost its victory.

A double by Bill LaRose, a single by Marv Heller, a walk and a two-base error by the left-fielder gave Bob & Larry's all of its runs in the fourth inning.

Nick Nieta collected three of Idletime's 12 hits in the rout of Timber Lanes. The winners scored 12 times in the first and five in the third. Charles Johnson tossed an abbreviated no-hitter.

Merchant Marine Wins
KINGS POINT, N.Y. (AP) — The U.S. Merchant Marine Academy beat Maine Maritime by one length in the annual Maritime academies lifeboat race Tuesday. The winners rowed the mile in nine minutes, 30 seconds.

ROSE AMONG THE SHAMROCKS — Rose Griffin (right) holds one of the Steve Griffin Memorial Trophies while the Rev. David A. Britz shines it preparatory to last night's annual St. Michael's High School athletic awards banquet. Miss Griffin, sister of the

St. Mike-St. Frederick football rivalry trophy originator, observed the 25th anniversary of the individual performance awards she commenced as a memorial to her brother at Tuesday's affair.

St. Michael's Rose Losing Her Thorns

By JERRY CRAIG

They trimmed a few thorns off a Rose last night.

Rose Griffin, the likeable 68-year-old benefactor of the annual Athletic Awards banquet at St. Michael's High School, is proud of her talkative, sometimes stubborn manner.

However, the formidable acumen she developed in 20 years as a Pontiac businesswoman had to melt some when school officials presented her with a mounted silver dish in the presence of approximately 400 persons.

The turnout, biggest in the annual banquet's history, was occasioned by the 25th anniversary of her sponsoring the yearly outstanding Shamrock athlete awards.

Most of her relatives and all the school officials who had made the actual award presentation over the years were present.

Miss Griffin, unaware of the gift destined for her, was there to carry on the tradition began by her late brother Steve (one-time owner of downtown landmark Griffin's Grill and the father of the Golden Gloves boxing program in Pontiac).

He originated the Griffin Trophy for the winner of the annual St. Mike-St. Frederick football game in 1936. She continued the tradition after his death in 1941.

Miss Griffin also began the outstanding boy and girl athlete awards in 1941 as a memorial to her brother.

She increased the awards to three each this spring. The winners

all were last night were Bob French (football), Tom Patch (basketball), Steve Kraft (baseball) and Wilson (most valuable player), Maureen Daugherty (varsity tournament all-star) and Jane LaLone (junior varsity tournament all-star).

In addition to her regular attendance at the football game, Miss Griffin has been active in golf and bowling.

Northern Tops Waterford '9'

(Continued From Page E-1)

Patrick needed on an error. Ron Lee, a pinchhitter, rapped a two-run single in the sixth to settle the issue.

PNH tallied in the first when Keith Deaton singled home Art Jackson (who later injured an ankle and left the game). Rick Rhoney, making his first start, singled home Frye in the third.

The host Skippers cut the deficit to 2-1 on a two-out error in the fifth. Myers then homered for the Huskies with two out in the sixth right after he got a second chance when his foul popout fell untouched.

Dick the Bruiser Loses in Court

DETROIT (AP) — A federal judge Tuesday ordered wrestler Dick the Bruiser to pay a former Detroit policeman \$15,000 damages for injuries the officer suffered trying to break up a fight between the Bruiser and Detroit Lions football tackle Al ex Karras.

U. S. District Judge Fred Kaess awarded the damages to Andrew Mcholic, 42.

Mcholic, who since has resigned as a policeman, was the second Detroit patrolman awarded damages from the Bruiser whose real name is Richard Afflis.

Patrolman James Carolan and Mcholic asserted he suffered a broken hand when he was grabbed by the Bruiser. Carolan, who earlier was awarded a \$10, 358 default judgment, said he suffered a torn lamen in the right elbow.

The Bruiser did not appear in court Tuesday. Neither officers has collected the damages from the wrestler.

FIRST ENTRY—Marvin F. Cagle, 75 Mariva, holds the first entry in the 1966 Pontiac Press Big Fish Derby. He caught the 7½-pound northern pike Sunday on a silver minnow and pork jump while fishing Lake Oakland.

Pontiac Press Photo

Major Problems Ahead for River

The Au Sable River, in Michigan's north-central Lower Peninsula, is enjoyed by more fishermen and canoeists than any other river in the state.

It especially is known as an outstanding trout stream.

Fishermen crowd the stream, especially at the season's opener. Canoe travel, with the in-

crease in canoe liveries, has become increasingly popular.

The canoe traffic has become such that there now is some resentment by the serious fishermen of the canoe "tourist."

The angler claims with some justification, that the canoe speeders frighten fish as they churn through the deep holes, sometimes even cut lines and contribute to the littler problem more than the fisherman.

Cabin owners also are increasing along river frontage.

COLD FACTS
A chilling report by Gerth Hendrickson of the U. S. Geological Survey says the seeds of destruction already are planted that could destroy recreational use of this famous river.

Hendrickson, in his report available from the State Conservation Department, surveys the forces that threaten the life of the river.

He concludes that the key to the entire situation is private responsibility and cooperation.

Bald Eagle Found Dead in Macomb

The fast dwindling supply of bald eagles has lost another member from its ranks.

A dead eagle was found in a field last week near Rochester Road in Macomb County. Cause of death is unknown, but an autopsy is being performed at the Conservation Department's Rose Lake wildlife station.

"The eagle had been dead for some time," said Pontiac lake district game supervisor Howard Greene, "and it was impossible to determine from a visual examination whether it had been shot."

If the autopsy discloses foul play, it will be the second eagle recovered this year that had been shot. The other was found near Alpena.

Dunes Hearing Set

WASHINGTON (UPI) — The House Interior Committee will hold public hearings here Friday on legislation to authorize the Sleeping Bear Dunes National Lakeshore in Northern Michigan.

RAMBLER OWNERS

Because of the great response to our "GET ACQUAINTED" letter, we are extending our "GET ACQUAINTED" date through June 11, 1966.

Black Bass (Not Legal Yet) Pester Pike Fishermen

Season Opens Next Week

First Entry Is Made in Press Derby

"I caught five nice bass at Lake Oakland Sunday. When the season opens next week, I probably won't catch one."

This was the lamentation of Marvin F. Cagle, 75 Mariva, as he was entering a 7½-pound northern pike in The Pontiac Press Big Fish Derby.

The northern is the early leader in the Derby which ends Sept. 5.

Cagle's experience is duplicated by many fishermen these days, whether they are after pike or panfish. Black bass seem to bite best a week before opening day.

The season will get under way next Wednesday. The bass division of the Derby will start accepting entries the same day.

The heaviest smallmouth or largemouth entered opening day will win a \$50 savings bond for the lucky angler and also be eligible for overall title.

Another \$50 bond is awarded for the heaviest bass at the end of the Derby. There is no distinction between small or largemouth bass. Walleyes and muskies are eligible for the pike division award.

Anglers must be residents of Oakland County and the fish must be caught in county waters. Entries must be brought to The Press sports department for weighing between 7 a.m. and 2:30 p.m. Monday through Saturday.

Big perch are being caught along the shore of Lake St. Clair and bluegills are hitting in Conter and Casner bays. Action on bluegills is rated very good on most inland lakes.

Pike running to good size are being taken on Lake St. Clair. Results have been poor on area lakes.

Trout fishing in Southeastern Michigan has slackened off. Teeple and Elizabeth lakes have been producing. Macadey is fair. Minnows are the best bait.

Two New Parks Open on Weekend

Two new outdoor areas will be available for the Memorial Day weekend.

Opening its gates for the first time as a state park is the 142-acre Beavable unit, located on US-2 four miles west of Crystal Falls in Iron County.

Also making its unofficial opening during the Memorial Day weekend will be the newly established Clear Lake unit, located on M-38 about nine miles north of Atlanta in Montmorency County.

SHOOTING TIPS from Gary Anderson

SHOOTING CHAMPION GARY ANDERSON, A GOLD MEDAL WINNER IN THE 1964 OLYMPICS AND HOLDER OF 3 WORLD'S SHOOTING RECORDS.

"IT IS IMPORTANT FOR THE MARKSMAN TO KNOW HIS GUN. THERE ARE THREE MAIN ASSEMBLY GROUPS."

THE ACTION IS THE HEART OF THE RIFLE WHICH LOADS, FIRES AND EJECTS THE EMPTY SHELL.

THE STOCK IS THE "HANDLE" THE PART UNDER THE BARREL IS THE FORE-END.

THE BARREL GROOVES (RIFLING) INSIDE CAUSE BULLET TO SPIN ADDING STABILITY IN FLIGHT AND GREATER ACCURACY.

Safety Tips

ALWAYS KEEP THE ACTION OPEN UNTIL READY TO FIRE.

Pontiac Press Photo

SPAWNING MARSH DRAINED—Steve Swan, Conservation Department fish biologist from the Pontiac Lake district office, checks fingerling pike going over the outlet box at the Oakland County Sportsmen's Club spawning marsh project. Swan used the net to take samples of the 15,000 fingerlings that were released this week.

OCSC Project Successful

The latest in a series of major conservation projects by the Oakland County Sportsmen's Club has been termed a success—the second time around.

And it's expected to get better in the years to come.

Conservation Department fisheries experts and OCSC members have just finished flushing 15,000 fingerling pike out of the club's spawning marsh.

This is a big improvement over the 300 that went over the spillway last year when the OCSC conservation committee started the project.

"The fingerlings were an inch to an inch and three-quarter in length with a few going over two inches," said department fish biologist Steve Swan. "We are quite happy with the result and look for improvement next spring."

Spawners are provided by the Conservation Department. This spring 16 were placed in the marsh.

The fingerlings are flushed into Eagle Lake and can spread through several other lakes by way of the Clinton River.

Several Openings in Fish Division

The Conservation Department is preparing a "Help Wanted" sign for use by its fish division.

The unexpected announcement of Dr. Howard A. Tanner's resignation as fish chief last week opened additional holes in the division's work force.

Tanner, who has headed the fisheries work for two years after moving from Colorado, will become director of natural resources, a new position at Michigan State University.

Dr. Wayne H. Tody, in charge of species management the last two years, has been appointed acting division chief by Director Ralph A. MacMillan.

Another unexpected opening occurred last week when Roger G. Wicklund, 41, fish habitat specialist in the Lansing office, died of a heart attack.

The fish division's biggest problem, however, is filling vacancies on the district level. Pontiac Lake office, for example, has been without a district fish supervisor since Henry Vondett was promoted earlier this year.

Attempts to hire personnel from out of state have not been too successful. If the department is awarded federal grants for its salmon and striped bass projects, more workmen at the hatchery level will be needed.

Tanner is credited with introducing the kokanee and coho salmon to Michigan.

Coho were planted in three streams this spring. The plan is for these fish to migrate to Lake Michigan, feed on the over abundance of alewife, and then return as five to eight-pound spawners.

Department reports indicate that the cohos are successfully migrating down the Platte and Bear in good fashion. Reports from the scene, however, are just the opposite, stating the young salmon are staying in the streams.

Bring 'em back ALIVE!

Every mile you travel will be more pleasant if you follow these suggestions.

- Stop at least once every three hours for a rest.
- Take it easy on crowded or unfamiliar roads.
- Always stay alert to changing driving conditions.

Follow the Pfeiffer back to

There hasn't been this much flavor in beer since horses went under the hood!

Robust and rugged yet light enough to like! That's today's Pfeiffer. Brewed in solid copper kettles! Filtered for hours! Then, rested until it's mellow! Aged until it's right! That's the way beer should be brewed, the way it's brewed by Pfeiffer . . . today's Pfeiffer, with a flavor you can feel right down to the ground. And to get all of this

flavor into every can and bottle, today's Pfeiffer is "finished" a totally new way!

It's Flashteurized! Instead of ordinary pasteurization, which causes flavor fade, today's Pfeiffer is Flashteurized . . . "finished" in seconds, the way the best European

beers are. Flashteurized . . . for peak beer flavor that never fades out! Flashteurized . . . for flavor as fresh as when it was brewed! That's why we say, "Follow the Pfeiffer Back to Beer" . . . back to real beer flavor! The kind you get in today's Pfeiffer . . . the grand old beer for a new generation.

CHILDREN OUTGROWN THE WAGON? -- SELL IT WITH A LOW COST PONTIAC PRESS CLASSIFIED AD. EASY TO USE. JUST PHONE 232-8181.

Progress of Major Bills in Congress Listed

WASHINGTON (UPI)—Status of major legislation:

LABOR

WAGE-HOUR — Administration and labor now supporting legislation to raise the \$1.25 hourly minimum wage to \$1.40 on Feb. 1, 1967 and to \$1.60 on Feb. 1, 1968. Also would give new minimum wage coverage to about 7 million workers, for the first time, including farm hands and service industry workers.

HOUSE: Education and labor committee approved, floor action scheduled this week. Senate: No action yet.

WELFARE

POVERTY — Congress will review authority for continuation of war on poverty for a third year. President has asked for \$1.7 billion authorization, and an actual appropriation of \$1.5 billion requested and got last year. **HOUSE: Education and labor committee approved \$1.7 billion bill, with new restrictions on program administration. Senate: Nothing scheduled yet.**

CIVIL RIGHTS

HOUSING — President's omnibus civil rights request would outlaw racial discrimination in the sale or rental of housing; seek fair selection of state and

federal court juries; provide new legal protection against violence directed at Negroes and rights workers; and give the Justice Department new power to seek school and public facilities desegregation.

HOUSE — Judiciary committee hearings under way. Senate: Hearings to start June 2 before judiciary committee.

CRIME

GUN — President has asked prohibition on mail order sales of firearms except through federally licensed dealers and manufacturers. **SENATE: Judiciary committee has approved bill. House: Ways and Means committee has held hearings, awaiting Senate action.**

CONSUMER

TRUTH-IN-PACKAGING — The administration has endorsed legislation to require more packaging and labeling information for the consumer on the quantity, quality and price of supermarket goods.

SENATE: Commerce committee approved. House: Commerce committee plans hearings.

HOUSING

SLUMS — President has asked Congress to authorize a pilot program under which entire slum neighborhoods would be

physically and socially rehabilitated. House hearings before banking subcommittee completed. **SENATE: Banking subcommittee hearings under way.**

TRANSPORTATION

DEPARTMENT — Johnson has asked Congress to establish a Cabinet-level Department of Transportation. House: Government operations subcommittee hearings under way. Senate: Government operations subcommittee holding hearings.

SAFETY — President called for a \$700-million, six-year traffic safety program. **SENATE: Has approved tire standards bill. Commerce committee is considering other automobile safety standards legislation. House: Commerce committee completed hearings, considering legislation.**

EDUCATION

ELEMENTARY-SECONDARY — Administration asking four-year extension of grade and high

school aid law enacted last year with authority to spend \$1.4 billion in 1967-68.

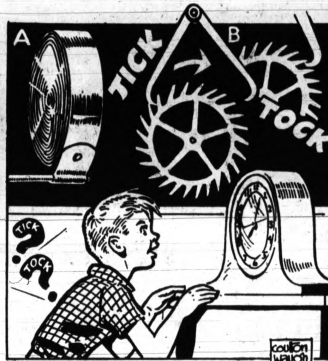

HOUSE: Education subcommittee approved \$2.2-billion authority for 1966-67, \$1.1 billion total authority for four years. Senate: Labor subcommittee hearings completed.

COLLEGES — Administration asked \$900 million in new one-year authority for higher education construction aid, with proposal to begin cutting back direct federal loans to college students under heavy fire. **HOUSE: Approved \$2.5-billion three-year construction loan program. Senate: No action yet.**

OK Richmond Cityhood

RICHMOND (AP)—Voters in this northern Macomb County village Monday approved incorporation as a city. The vote was 237-231. A seven-member council was elected, and will begin serving the new city July 1.

Junior Editors Quiz on CLOCKS

QUESTION: What makes a clock give a ticktock sound?

ANSWER: For a clock's hands to move, there must be some power driving it. Many clocks these days are run by electricity.

But most of the small clocks you see, the ones which go ticktock, derive their power from a coiled spring which is inside. (A in our picture).

When you wind the clock, you are tightening this spring; as it unwinds, it puts out power which runs the clock.

The spring is mounted on a large wheel whose cogs cause other wheels, connected with the clock's hands, to move very slowly.

A balance wheel, turning back and forth, keeps the hands' movement steady and prevents the spring from unwinding too fast. A clever little device, the escapement (B), allows just the right amount of power to get through.

A swinging bar has a foot which brings up with a sharp "tick" against a foot of a wheel below. Then it lifts up and allows the wheel to move just a little.

There is another tick, or tock, as the other foot of the bar strikes against another tooth of the wheel. Tick, tock—the movement goes steadily on, driving the hands which tell us the time.

FOR YOU TO DO: Naturally you wouldn't want to take a good, working clock apart. But perhaps your parents or friends can give you an old one they don't need. Then take it apart and look for the spring, the balance wheel, the escapement. And—here's a challenge—put it together again.

FOR PONTIAC INVESTORS

Wall Street is only seconds away...

You couldn't get better investment service if you were next door to Wall Street. It's true. That's because your Watling, Lerchen office is equipped to provide every convenience and facility it takes for prompt, courteous handling of security transactions, quotations and other services—including:

- NEW YORK STOCK EXCHANGE MEMBERSHIP
- DIRECT NEW YORK WIRE SERVICE
- TRANS-LUX PROJECTOR
- DOW JONES NEWS TICKER
- ELECTRIC QUOTATION BOARD
- ULTRONIC STOCKMASTER

Stop in and get acquainted with our many up-to-the-minute facilities, comprehensive services and courteous personnel. Office hours: 9 to 5 Monday through Friday, 9 to 12 Saturdays. Evening appointments on request.

S. Africa Nixes Foreign Press on Kennedy Stay

JOHANNESBURG, South Africa (UPI) — The government of South Africa said Tuesday it will not allow foreign newsmen to accompany U.S. Sen. Robert F. Kennedy, D-N.Y., on his trip to this country next month.

The information department announcement said South Africa does not want Kennedy's visit transformed into a publicity stunt either "as a buildup for a future presidential election or other reasons."

The statement said the country's news media are "highly developed and its journalists fully competent to report whatever proves newsworthy" during Kennedy's visit.

In Washington, the senator declined comment on the government's action, saying only: "I plan to go to South Africa and I am looking forward to my trip."

Median Work Begins Today

1-75 'Death Strip' to Get Yellow Paint

LANSING (UPI) — Highway maintenance crews were to begin today the proposed plan to place the highway insurance trust fund in actuarial imbalance, unless corrected, it will require additional tax revenues to adjust.

The crews were to paint the concrete median with reflectorized yellow paint in an effort to cut down accidents on the strip where several fatal auto accidents have occurred this year.

Motorists have claimed the median, as it blends into the highway.

Today's step is part of a crash program to improve the safety factors along the freeway due to the recent fatalities.

State Highway Director Howard E. Hill said bids would be received early next month for installation of double beamed guard rails along the median, including a two-foot anti glare screen atop the guard rails.

ADD MEASURES

Hill said corrective measures were not only being taken along the concrete strip, but also on 3,175 feet of highway north of M56 north of Monroe and on one mile of roadway in and near Rockwood.

Medians between the freeway strips a narrow to seven feet at the base, the highway department said.

Hill said the guard rails also will be installed in the Raisin River area.

He said plans were being prepared for added safety free way for the entire 1-75 freeway between Detroit and Toledo, including construction of new shoulders from the Ohio line north to the interchange with US 25 in Wayne County.

Grass Clipping Advanced Since Lincoln Had Cow

WASHINGTON — The winter months bring the only respite in the never-ending battle between suburbanites and grass. But it was not always so.

A century ago, neat green lawns were not considered a household necessity, and most people could hardly care less about how the yard looked.

Lawns mowers were unknown.

Almost no one had time to trim his lawn with a scythe or hand sickle. The usual grass cutter was the family cow, valued more for her milk than her ability to keep grass cropped.

Abraham Lincoln was a cow-keeping suburbanite when he lived on the outskirts of Springfield, Ill., the National Geographic Society says.

Lincoln let his lawn take care of itself; like most householders he did not bother to plant trees or shrubs to dress up the appearance of his frame house.

MOWER INVENTED

During Lincoln's lifetime, however, the first fatal step was taken toward modern suburbia. The lawn mower was invented.

The early mowers were awkward monsters that failed to catch on, but a young mechanic named Elwood W. McGuire of Richmond, Ind., changed all that.

Young McGuire had tried to develop machinery that would trim grass efficiently. In 1870,

Ambulance Service Has New Owner

General Ambulance Service, the oldest ambulance service in Oakland County, has been purchased by Clyde Marshbanks, former owner of the Bloomfield Hospital and Bloomfield Hills Nursing Center.

Located at 37 Wayne, the fleet has been doubled in size.

Ivers Greenleaf, former owner of the service, has been retained as general manager.

Marshbanks, of 6684 Valley Spring, Bloomfield Hills, said service is extended to the entire greater Pontiac Area.

Baptists Told Christians Need 'Fresh Infusion'

DETROIT (UPI) — A speaker at the Southern Baptist Convention said today churchmen should look inside their own churches to find the greatest critics of the Christian faith.

Warren H. Hultgren, pastor of the First Baptist Church of Tulsa, Okla., told messengers (delegates) to the convention that the whole Christian community needs a fresh infusion of spiritual power and purpose.

He added that Southern Baptists should provide the infusion.

"The real confusion caused in the minds of the world," Hultgren said, "is the religious leader who obscures spiritual truth by a web of words and denials of essential doctrines making up the foundations of the Christian faith."

Hultgren's talk opened the second day of the four-day convention.

'Empire' Exec Dies

HOUSTON, Tex. (AP) — Fred J. Hayne Sr., 87, who was over-see of the vast interests of the late Jesse H. Jones, died Tuesday. Positions held by Jones empire included vice president of the Houston Chronicle and officer or director of more than 30 other corporations founded by Jones.

Congressmen, Balking Hospitals Still Plague Medicare Program

WASHINGTON (UPI) — The Medicare program, which goes into operation July 1, is having its troubles with recalcitrant hospitals and irate congressmen.

About 1,000 hospitals — representing 15 per cent of the nation's hospital beds — have not qualified under non-discrimination requirements for participation in the program.

Representatives of the Department of Health, Education and Welfare (HEW) are visiting these hospitals, most of which are in the South, to obtain voluntary compliance with provisions barring discrimination and segregation in hospitals accepting Medicare patients.

As for the congressmen, some of them are up in arms over the procedures worked out by the Social Security Administration for paying hospitals and nursing homes taking part in Medicare.

Chairman Russell B. Long, D-La., of the Senate Finance Committee summoned Social Security and HEW officials to a meeting today to discuss the payment plan, which he claims might add \$75 million to Medicare's costs, now estimated at \$2.5 billion for the first year of operation.

PAYMENT PLAN

When Congress approved Medicare last year, it specified that it would be up to the Social Security Administration to work out a payment plan.

Social Security's plan, announced earlier this month, would limit the government payment to the institution cost of treatment.

But it contained a provision for a 2 per cent "profit" for all hospitals and nursing homes participating in the program.

Social Security officials say the cost-plus plan is designed to encourage expansion of institutions to handle an increasing number of medicare patients.

But Long, noting that Medicare is an insurance plan, claimed the proposed plan would "place the hospital insurance trust fund in actuarial imbalance. Unless corrected, it will require additional tax revenues to adjust."

Governor to Speak

SPRING ARBOR (AP) — Republican Gov. Mark O. Hatfield of Oregon will address the Spring Arbor College commencement exercises June 6.

Spring Puts Earl Roaming the Sidewalks of New York

By EARL WILSON

NEW YORK — It's the fashion to put in a blast at New York and Broadway from time to time ... but after a lot of years on this beat, I find our village growing in enchantment.

The "new" New York can be particularly appreciated now that we are coming into the walking and strolling season.

Beverly Hills, that millionaire's town, must stroll by limousine or foreign sports car. How sad.

Not to be able to slide along leisurely as New Yorkers do ... gazing at our bright new yellow and gold razzle-dazzle marquee on the Winter Garden for "Mame" ... at the big plush blue carpet on the sidewalks in front of the Broadway Theater for "Time For Singing" ... and I'm fond of that bar you can step into off the Street at the Palace where "Sweet Charity" and Gwen Verdon will go on and on, until both creak.

I like to stroll into Hawaii-Kai, and chat with Joe Kipness — tender-hearted "Cryin' Joe" who can break into tears at any hard-luck tale.

Joe doesn't cry much now. He's just beaten the jinx that held for years at the upstairs night club in the Winter Garden. She has a little gold mine and oil well in those leis and those mai-lais at Hawaii-Kai.

"Broadway" has moved a little east and north ... and after leaving McGinnis' fold of hamburger, and taking a peek at Lou Walters' lat beauties at the Latin Quarter, I enjoy striding along my favorite new promenade—52nd St.

THE MIDNIGHT EARL ...

Diana Dors canceled a future appearance at the Hudson Theater when she learned it was a burlesque house. (Though she wanted her to sing, not strip) ... 20th Century-Fox is rushing its "Batman" film into production: it'll take only four weeks to shoot.

Raymond Goodman's great music drew crowds at the Rainbow Grill. Firstlighters included Gloria Swanson, Milton Berle (with dr. Vicki), Sheila MacRae. It'll be an exciting engagement ... Shelley Yinters pledged a percentage of her salary to UJA, at a lunch honoring Harry Mandel, retiring pres. of BKO Theaters.

WISH I'D SAID THAT: A fellow noted at Ruby Foo's that his wife is hard to please. "If she found a string of pearls, she'd comment because there were no oysters with them."

REMEMBERED QUOTE: Finland's First Lady, Sylvi Kekkonen, is quoted in McCall's: "We are prone to stamp as synthetic pearls, exceeds the limits of our own vitality."

EARL'S PEARLS: B. C. Rosenblatt described a married couple: "He's plus-40 around the waist; she's minus-40 around the neck."

TRY WARDS FINEST PAINT DRIPLESS LATEX

You'll never paint with another!

NO MONEY DOWN

- Guaranteed to cover any color in one coat.
- Won't drip or run, yet flows on effortlessly.
- So tough you can scrub it without damage.

4⁹⁹
GALLON
Reg. 6.69

- **Odorless, fast-drying—use rooms 30 minutes after you paint**
- **Easy clean-up too—wash tools in minutes with soapy water**

Never has painting been so easy! No stirring or thinning . . . just open and paint. Dripless Latex covers in one coat, cuts working time in half. New formula won't drip or run, yet it glides on with ease and levels to a smooth finish. And that finish is so tough, it can take repeated, hard scrubbing without harm. Only at Wards!

Dripless satin enamel gives 1-coat coverage

5⁹⁹
GALLON
Reg. 7.79

- **A tough, low gloss finish**
- **Paint without drippy mess**
- **A damp cloth removes dirt**

Now, cover any color in 1 coat—without any messy dripping, running, spattering! Ideal for anything that takes abuse or demands hard scrubbing. Use in bath, kitchen; on woodwork or furniture.

Dripless Satin, quart Reg. 2.49
Sale Price 1.99

GUARANTEE
Each gallon of Guaranteed One-Coat Dripless Latex is guaranteed to cover any color with only one coat when applied according to label directions at a spread rate not to exceed 400 sq. ft. per gallon. Unpainted surfaces require a prime coat. If the paint fails to cover as stated here, Wards will furnish without cost either enough additional paint to insure coverage, or, at the customer's option, will refund the complete purchase price of the paint.

GUARANTEE
Each quart of Dripless Satin Enamel, when applied according to label directions, is guaranteed to cover any color with only one coat and not to require thinning. If the paint fails to perform as stated here, Wards will furnish without cost either enough additional paint to insure proper performance, or, at the customer's option, will refund the complete purchase price of the paint.

GUARANTEE
Each gallon of Guaranteed One-Coat Acrylic Latex House Paint is guaranteed to cover any color in one coat when applied as the label directs on painted exterior wood surfaces, and at a spread rate not to exceed 400 sq. ft. per gallon. If the paint fails to cover as stated here, Wards will furnish without cost either enough paint to insure coverage, or, at the customer's option, will refund the complete purchase price of the paint.

Oregon Dems Pick Backer of Viet Policy

BY THE ASSOCIATED PRESS

Robert B. Duncan, President Johnson's champion in an Oregon campaign focused on Viet Nam, captured that state's Democratic Senate nomination and amid Republican talk of nationwide voter uneasiness about the Asian war.

In Duncan's runaway victory Tuesday over peace candidate Howard Morgan, advocates of the U.S. stance in South Viet Nam could find at least a partial answer to the Republican report.

Duncan, a two-term congressman, and Morgan a former member of the Federal Power Commission, stood together on domestic matters.

They argued only about Viet Nam.

Morgan called U.S. involvement there a tragic error; Duncan said it is necessary.

Their clash echoed the debate that has raged in Congress and on campuses across the nation. In Oregon, for the first time, the voters judged the debaters.

64 PER CENT

With 1,437 of 2,946 Oregon precincts reporting, Duncan had 64 per cent of the votes, Morgan 33 per cent and a third candidate 3 per cent.

Voters rendered their judgments in primary elections in Florida, Oklahoma and Kentucky, too.

The most startling decision in the balloting was Miami Mayor Robert King High's rematch triumph over Florida Gov. Haydon Burns.

High's upset climaxed a bitter produced Burns charges that the short, red-haired mayor was the candidate of a Negro bloc, and a protégé of Sen. Robert F. Kennedy, D-N.Y.

GOVERNMENT INTEGRITY

High said he was campaigning for integrity in government, and accused Burns — who overwhelmed him two years ago of cronyism, and patronage that cost millions of dollars.

IN OTHER MAJORITY:

• Republican Sen. John Sherman Cooper of Kentucky won renomination without serious opposition. John Young Brown, a college classmate, former congressman and Senate rival 20 years ago, easily won the Democratic senate nomination.

DEMOS

• Preston Moore of Oklahoma City, former National American Legion commander (Continued on Page 2, Col. 2)

Rights Bill's Future Cloudy

May Put Measure on
Hook Till '67—Dirksen

WASHINGTON (AP) — A House Judiciary subcommittee hopes to complete its hearings on the administration's civil rights bill today, but the legislation may have a cloudy future. Senate Republican Leader Everett M. Dirksen, who has been able to provide crucial Republican votes in past civil rights battles, suggested yesterday that the 1966 measure might well be "put on the hook until next year."

Dirksen told a news conference this would give Congress more time to study the constitutionality of the measure's open housing provision and the section designed to prevent discrimination in the selection of state and federal judges.

The Illinois Republican stood firm on the position he previously had taken that the proposed ban on racial or religious discrimination in the sale or rental of housing is "absolutely unconstitutional."

Republican leaders in the House, however, have indicated they do not share Dirksen's views.

FAVOR RETENTION

While they have not committed themselves, subcommittee members appear to favor keeping the housing provision in the bill — possibly with some exceptions.

Romney Seeks 3rd Term

AP Photos

SUSPECT IN JAIL—Glenn Stewart, sought in a manhunt in central Arkansas, presented this picture yesterday in Arkadelphia, Ark. following his capture. Stewart has been charged in the slaying of Larry Schmidt of Marion, Ind.

Murder Suspect Captured; Victim's Wife Is Charged

ARKADELPHIA, Ark. (AP) — A dramatic, day-long manhunt in a desolate swampland has ended with the capture of Glenn Stewart, charged with murder in the Mother's Day slaying of an Indiana factory worker.

Weary and bearded after eluding a massive search party, Stewart, 30, surrendered yesterday to a state trooper.

Stewart apparently was unaware that the dead man's widow also had been charged with the murder of 35-year-old Larry Schmidt. Stewart said he was innocent.

In a bizarre twist to a sensational case, police in Marion, Ind., jailed Schmidt's widow, Edith, 27, MRS. SCHMIDT and quoted her as saying that she and Stewart were lovers who had plotted her husband's death 48 hours before he was killed May 8.

The woman had told police Sunday that Stewart killed her husband over a \$50 debt, kidnapped her and her two children and took them on a 16-day trip of terror.

It was her first story, told from her parents home in Sparks, Tenn., that led Indiana officers to Schmidt's dismembered body, in the dirt-floor basement of his Marion home Sunday.

Marion Police Chief Ted Nall said Stewart apparently (Continued on Page 2, Col. 2)

some light and variable to-night.

★★★★★

Fifty was the low temperature in downtown Pontiac prior to 8 a.m. The mercury had climbed to 76 by 1 p.m.

3rd Municipal Judge Requested

Pontiac's two municipal judges today issued a joint statement asking that a third judge be added to the bench.

Judges Maurice E. Finnegan and Cecil B. McCallum, both of whom ran unopposed in last month's city elections, termed addition of another magistrate "imperative."

Enaction of the proposal would require an amendment to the city charter, which originally provided for two municipal judges.

Such an amendment — whether put forth by an initiative petition or the City Commission — must be voted on within 60 days after the proposal

is made, according to the state's Home Rule Act.

Inclusion of the measure on the Aug. 2 primary ballot, the judges pointed out, would thus require approval by the City Commission at that body's next meeting (May 31).

McCallum asserted a new judge could be placed on the Municipal Court bench "without any cost to the people of Pontiac."

He said this would be accomplished principally by bringing into Municipal Court "approximately \$4,000" of civil cases presently being heard in justice courts of nearby townships.

Under the law, civil cases originating in Pontiac are supposed to be heard in Municipal Court.

Rocky Backs Governor for President Bid

Baker Drops Out as
GOP Foe of Griffin
in U. S. Senate

LANSING (AP) — Michigan Gov. George Romney announced as expected today his candidacy for a third term — one that could propel him to the Republican presidential nomination in 1968.

This came only hours after sources close to Gov. Nelson Rockefeller said the New York Republican leader had made a firm commitment to back Romney for the GOP nomination which twice escaped Rockefeller.

The term would be four years under a new State Constitution which Romney helped write. Romney's first two terms, which broke 14 years of Statehouse rule by Democrats, were for two years each.

Romney has no announced Republican opposition and the filing deadline is less than three weeks away.

Zolton Ferency, Democratic state chairman, is expected to be his November general election opponent.

GRIFFIN BOOST

While a Romney boost came from New York, Sen. Robert P. Griffin, R-Mich., whom Romney appointed early this month to replace the late Sen. Robert P. Griffin, R-Mich., whose remaining GOP opponent, Deane Baker, a Grand Rapids area businessman, withdrew.

Griffin, named to succeed the late Sen. Patrick V. McNamara, D-Mich., already had a "preferred candidate" status from Romney and other Republican leaders.

Rockefeller gave limited indication of Romney support at a GOP gathering in Garden City, N.Y., Monday night. Romney said back home it was too early for 1968 speculation and Republicans must concentrate on victories in 1966.

Romney's third term announcement came in a 20-minute speech at a news conference. He said he believed he had done "the best possible job" in the interest of all in his four years in office.

MEET CHALLENGE

"To build adequately upon past accomplishments and to meet the challenge of the future," Romney continued, "I am convinced that it is imperative that the direction of Michigan's destinies be lodged in the hands of those who are concerned about the importance of our state discharging its full responsibilities."

"I am speaking of those who have proved by words and by emphasis, 'and' deeds that they want a strong Michigan and that they will not diminish its role or sacrifice (Continued on Page 2, Col. 6)

AP Photos

READY TO RUN — Michigan Gov. George Romney announced today he would seek a third term as governor. Romney, also mentioned as a possibility for the Republican presidential nomination in 1968, dodged a barrage of questions about his 1968 plans.

Viet March Banned; Protesters Scattered

SAIGON, South Viet Nam (AP) — Hundreds of anti-government demonstrators scattered before riot police and paratroopers in Saigon today after the mayor banned a threatened Buddhist protest "march of peace." The Buddhist leadership bowed to the ban.

Premier Nguyen Cao Ky's crackdown on his opponents also paid dividends elsewhere.

The commander of the rebellious 1st Army Division in Hue said his affirmation Tuesday of loyalty to Ky also included the thousands of troops under him.

Brig. Gen. Phan Xuan Nguan told Associated Press correspondent Bob Gassaway in Hue that his men had returned to their posts and were no longer helping armed units of the Buddhist struggle movement man roadblocks in the northern city.

The U.S. vice consul in Hue, James R. Bullington of Chattanooga, Tenn., said Nguan was considering "appropriate action" on the barricades which were erected last week to stop any troops that Ky might send into the city.

Deputy Premier Lt. Gen. Nguyen Huu Co reported in Da Nang that two top military leaders in the revolt there had surrendered to the government and were flown to Saigon for interrogation.

The sales pattern was the same at all four auto companies. General Motors, Ford, Chrysler and American Motors all sold more cars than they did in the opening 10 days of this month when sales dipped sharply. Each sold fewer cars than in May 11-20, 1965.

There were many cheering signs in the over-all auto picture.

Sales for calendar 1966 through May 20 totaled 3,681,686 new cars, about 1 per cent or 32,749 cars ahead of the 1965 pace.

May's auto production quota of about 800,000 cars appeared within reach. It would mark the second biggest May in automotive history, second only to the 837,701 cars built in that month last year.

Mid-May Sales Up 49 Pct. at Pontiac

Pontiac Motor Division today announced that its mid-May sales totaled 22,278, a 49 per cent increase over the 14,966 sales in the first 10 days of the month.

E. R. Pettengill, divisional general sales manager, pointed out that in the 1966 model year, sales were running 12 per cent ahead of the record pace at this time last year.

He said in the current model year a total of 558,183 Pontiacs and Tempests had been sold compared to 498,701 in the same time span last year.

A year ago in the mid-May period a total of 28,333 units were sold.

Award Claim in Car Death

\$100,000 for Widow
in Consent Judgment

A Pontiac woman whose husband was fatally injured in a traffic accident last summer was awarded \$100,000 yesterday in Oakland County Circuit Court for his death.

Judge James S. Thornburn approved the amount in a consent judgment for Mrs. Nancy Beauchamp, 427 Kuhn, the mother of two children.

Her husband, George R. 39, died three days after the Aug. 7 accident on I-75 in Pontiac Township. He was standing in front of his car, parked on the shoulder of the road, when another auto smashed into the rear of it.

Mrs. Beauchamp sued the driver, Philip L. Stromberg, and the owner of the car, Aerodynamics, Inc., Waterford Township.

In December, Stromberg, 40, of 5041 Clarkston, was placed on probation for two years after he had pleaded guilty to negligent homicide.

The improvement and extension of Northwestern Highway from Telegraph in Southfield to M59 in White Lake Township will not get under way until April 1971, a year later than planned, the Michigan State Highway Department announced today.

The project was one of 82 that the highway department has postponed because of a lack of funds, according to director Howard E. Hill.

"Both the Michigan Good Roads Association and the highway department wanted the legislation a year ago that there would be sufficient funds to continue our highway building program," Hill said.

He said bills were introduced last year and during this session but they never got out of committee.

"We therefore have been forced to reschedule primary construction in both rural and urban areas throughout the state," said Hill.

The Northwestern project involves over 15 miles of grading and surfacing.

Nab Suspect in Slaying of Indiana Man

(Continued From Page One)

let Mrs. Schmidt and the children go on his flight from Maricopa to his home in Arkadelphia because they were hindering his escape.

Prosecutor Robert Foust said he did not think Mrs. Schmidt committed the actual slaying but believed she was a conspirator in what he described as a love-triangle murder.

She was jailed on a preliminary charge of first-degree murder to await grand jury action.

LEAVES WOODS While Mrs. Schmidt was implicating herself in the slaying, police said, Stewart walked out of the woods near this southwest Arkansas town, laid a rifle against a tree, and gave himself up.

He said he would have surrendered hours earlier but was afraid he would be shot by the posse.

"I'm innocent. I wasn't in love with another man's wife," he insisted.

"I tried to help a friend and they turned around and stab me in the back. I've lost faith in mankind."

Area Highway Project Gets a Year's Delay

The improvement and extension of Northwestern Highway from Telegraph in Southfield to M59 in White Lake Township will not get under way until April 1971, a year later than planned, the Michigan State Highway Department announced today.

The project was one of 82 that the highway department has postponed because of a lack of funds, according to director Howard E. Hill.

Satellite Exploring Upper Atmosphere

CAPE KENNEDY, Fla. (AP)—Explorer 32, America's newest orbiting chemical laboratory, lifted into orbit today to begin mapping uncharted regions of earth's upper atmosphere.

The 492-pound atmospheric explorer blasted off at 10 a.m. on the tip of a Delta rocket. Its launch is the first of the busiest seven-day launch schedules in Cape Kennedy history.

"We appear to have a normal flight," a National Aeronautics and Space Administration spokesman said.

Geminis 9 astronauts Thomas P. Stafford and Eugene A. Cernan viewed the launch from a site about a mile from the pad.

State Board OKs Higher Tax Valuation

(Continued From Page One)

equalized value is \$5 million short of their original projection.

FUND REVENUE City Manager Joseph A. Warren said this represents about \$50,000 in general fund revenue.

Waterford Township's equalization factor was set at 2.26, the same as last year, according to Claude Wagner, the township's deputy assessor.

The township's total equalized valuation rose from \$117,412,323 last year to \$123,061,623 for 1966 as a result in a hike in assessed valuation.

British Union May End Strike

Powerful Group Aims
10-Day Sea Tie-Up

LONDON (UPI)—Britain's most powerful union group, the huge Trades Union Congress, met today and there was speculation it would make some move to end Britain's 10-day maritime strike.

The full council of the congress, British equivalent of the AFL-CIO, has a tradition of initiating peace talks in any major strikes and observers indicated the sea strike would be no exception.

William Hogarth, leader of the 62,500-member National Union of Seamen which struck the ship owner federation, is a member of the council and he attended today's meeting.

Hogarth predicted again yesterday the strike could last as long as four weeks. He also said he thought the government would have to order the Royal Navy to clear British ports of the 527 ships so far idled by the seamen's walkout.

Last week, Hogarth said the use of navy tugs to move the ships could trigger a general strike, the first in Britain in 40 years.

STATE OF EMERGENCY Despite this, Prime Minister Harold Wilson declared a state of national emergency Monday and asked Parliament for 35 emergency measures, including permission to use the navy, to cope with the strike, which has the potential of wrecking Britain's shaky economy.

3rd Term Bid Is Made by Gov. Romney

(Continued From Page One)

its purposes as a great and sovereign state... Michigan's challenges are my challenges."

Romney also called for renomination of Lt. Gov. William Milliken, a Republican he carried into office with him two years ago. Democrats captured other cabinet offices, and control of the Legislature for the first time in decades. Reappointment intervened between Romney's two terms.

As he announced, the governor was flanked by his wife, Lenore, and one of his four children, Scott, a student at nearby Michigan State University.

STATE'S PROGRESS Romney devoted more than half of his remarks to a listing of what he saw as the state's accomplishments since Jan. 1, 1963.

He cited what he said was: Economic improvement in terms of personal income, economic expansion, labor legislation and fuller employment.

A 91 per cent increase in state financial support for education from kindergarten through university.

Reorganization, retooling and a 47 per cent increase in financial support for mental health programs.

Citizen programs in the areas of juvenile delinquency, senior citizens and civil rights.

Birmingham Area News Students Will Present Show of Modern Dance

BLOOMFIELD HILLS — Student at Reeper City and Country School will perform in a program of modern dance tomorrow at 8 p.m. at Bloomfield Hills High School.

The annual talent fair and field day for Reeper students and parents will be held at the school Friday.

Projects showing the individual efforts of every student will be exhibited throughout the buildings.

Ribbons will be awarded to winners in track and field events along with trophies for talent fair winners.

The school band, orchestra and glee club will present a spring concert June 2 at 8 p.m. at Bloomfield Hills School.

The 25th anniversary festival of the school for gifted children will be held on the school grounds June 5 from 2 p.m. to 5 p.m.

Guest speaker will be William E. Storton, vice president of the University of Michigan.

BIRMINGHAM — The board of directors of Community House will hold the 43rd annual dinner meeting June 6 at the Community House.

The purpose of the meeting is to review accomplishments of the past year and discuss goals of the future.

During the business portion of the dinner, nominees for the Community House board of directors will be submitted for approval of the membership.

The evening's entertainment will be provided by the senior men's "Gay Nineties" combo and members of the Newcomers' Club theater group.

Any interested citizen may attend the program but reservations must be made in advance at the Community House.

Union Exec Will Speak to City Teachers

A Detroit teachers' union official will discuss "Teacher Militancy" at the Pontiac Federation of Teachers spring banquet tonight.

The 7 p.m. event, at which retiring Pontiac teachers are honored, will be held at Murey's Country Club in Commerce Township.

Speaker will be Edward Simpkins, first vice president of the Detroit Federation of Teachers.

Simpkins currently is on leave from Cody High School, where he taught English and journalism. He has been a member of the federation's bargaining team since the group won sole bargaining rights with the Detroit Board of Education.

The speaker serves as editorial board member, staff writer and photographer for "Detroit Teacher" and is co-author of a textbook entitled "Success in Language."

Too Many Guests

INDORE, India (AP)—Police invaded a big village feast and arrested the host family and 340 guests. Because of food shortages, many cities and villages in India have a maximum of 100 persons for any gathering where food will be served.

HOWARD F. SIMMONS

New Planner for City Named

Appointed to a three-year term on the City Planning Commission last night was Howard F. Simmons of 130 E. Iroquois.

Simmons was recommended by City Manager Joseph A. Warren and appointed by the City Commission.

He succeeds William J. Winters of 283 Ottawa, who announced he couldn't serve another term after his term expired in March. Simmons will serve until March 1969.

SIMPKINS

Committee Backs Courthouse Plans

The ways and means committee of the Oakland County Board of Supervisors yesterday recommended approval of final plans and specifications for the proposed east wing to the courthouse.

Action on the recommendations is expected at tomorrow's meeting of the full board of supervisors.

The \$3-million courthouse addition is expected to meet projected space needs of county government.

ON THE GRILL—This outdoor meal not only looks appealing but is also very nutritious with protein, vitamins and minerals from fine milk-fed spring lamb, and vitamins A and C from those beautiful canned Louisiana yams.

Filled Brioche Is Tempting Snack

Golden brioche, with a surprise filling of luscious chicken spread and crisp bacon bits, make the most unusual hot snacks at coffee, tea or party-time. (They're wonderful with crisp summer salads, too!) You can serve them individually, or bake a large one for easy, multiple servings.

Golden Surprises. You'll find them most distinctive in taste and texture (and they're absolutely irresistible to look at!).

Golden Surprises

- 1 box hot roll mix
- 1 cup warm water
- 2 eggs
- 1/4-cup soft butter
- 2 4-oz. cans chicken spread

1/2 cup cooked bacon bits
1 egg yolk
1 tablespoon milk

Place water in large bowl of electric mixer, add yeast from package, stir until dissolved. Add eggs and butter and beat at medium speed for 3 minutes. Add 1/2 of roll mix and beat 5 minutes longer, scraping sides of bowl frequently. Beat in remaining mix by hand until dough is shiny and elastic.

Cover and let rise until about double in bulk. Stir down, cover tightly with foil and refrigerate overnight.

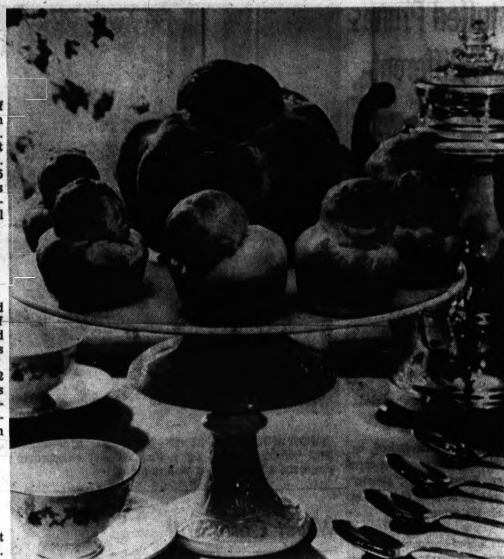

Combine chicken spread and bacon. Roll three-quarters of dough quickly on lightly floured board, cut into 3-inch rounds about 1/4-inch thick.

Place one round in each of 12 large, lightly oiled muffin tins and top each with about 2 tablespoons chicken spread mixture. Turn edges of dough down to cover chicken.

Form remaining dough into 12 small balls, one to top each roll. Let rise until double in bulk. Brush tops with mixture of egg yolk and milk.

Bake at 400 degrees F. about 15 minutes, until golden brown. Makes 12 brioche.

To make 1 large brioche, bake in 8-inch round cake pan or large brioche pan at 375 degrees F. about 45 minutes.

GOLDEN Brioche — Serve these golden brioche, with a surprise filling of luscious chicken spread and crisp bacon bits, for special-tasting hot snacks at coffee, tea or party-time. (They're great with salads, too!)

Tang of Lemon Goes Well With Halibut Steaks

"The largest species of flatfish, one of the finest of food fishes," is the way Webster's Dictionary defines halibut. This large fish comes to us from the cold waters of the North Pacific, via Northwest fishing ports, where the fish is cut into steaks, frozen and packaged.

The meat of this fish is lean, and low in calories, and may be broiled, fried, baked — or poached and served with a lemon sauce, following this recipe.

ipe from the Halibut Association of North America.

HALIBUT STEAKS WITH LEMON SAUCE

- 4 halibut steaks, fresh or frozen
- 3 tablespoons butter or margarine
- 2 tablespoons flour
- 1/2 pint heavy cream
- 1 cup fish stock
- 1 teaspoon salt
- Pinch white pepper
- 2 teaspoons sugar
- Juice of 1 lemon
- 2 egg yolks

Poach halibut in boiling salted water just to cover for 8 to 10 minutes (10 to 15 minutes if it is frozen) or until it flakes easily when tested with a fork. Reserve 1 cup of cooking liquid for sauce.

Melt butter in a saucepan. Remove from heat and stir in flour. Add cream and fish stock. Return to heat and stir until mixture begins to bubble. Stir in salt, pepper, sugar and lemon juice.

Gradually add sauce to egg yolks, stirring constantly. Return to pan and simmer 1 minute longer, stirring. Serve sauce separately to spoon over fish steaks. Makes four servings.

Nuts, Onion, Canned Peas Are Elegant

An inexpensive vegetable receives regal treatment in the case of "Almond Black-Eyes." Heated in a brown-sugar-and-vinegar mixture sparked with chopped onion and diced almonds, black-eyed peas become a real conversation piece when done this way.

With their unique flavor and appealingly crunchy texture, almonds heighten interest in a host of vegetable dishes.

ALMOND BLACK-EYES

- 2 cans (1 lb. each) black-eyed peas
- 1/4 cup butter or margarine
- 1/2 cup coarsely chopped onion
- 1/2 cup brown sugar, packed
- 1 tablespoon cornstarch
- 1/2 teaspoon salt
- 1 1/2 tablespoons vinegar
- 2 teaspoons Worcestershire
- 1/2 cup diced almonds, roasted

Drain peas, saving 1 cup liquid. Melt butter in medium saucepan; add onion and saute until tender-crisp. Mix in brown sugar, cornstarch, salt and reserved liquid. Cook, stirring, until mixture comes to boil and is slightly thickened.

Stir in peas, vinegar, Worcestershire and almonds. Heat through in saucepan or if you prefer, turn into 1-quart buttered casserole, cover and heat in 375-degree (moderately hot) oven 20 minutes. Makes 6 servings.

Shots From Car Kill Man Near Boston

REVERE, Mass. (AP) — A 36-year-old man, driving alone in his car, was shot and killed today by a volley of shots fired from another car in what police called another of Greater Boston's gangland slayings.

Police identified the dead man as Cornelius Hughes of Malden. They said his brother, Stephen, was wounded by shots in an attempted slaying in March.

The killing raises to 29 the number of deaths in Greater Boston's gang violence that began in March 1964.

Different Salad

Marinate sliced leek or green onion and cooked carrot in corn oil and vinegar dressing, then toss with torn pieces of snappy crisp western iceberg lettuce. Sprinkle grated Parmesan cheese over the top.

Lamb Chops, Yams Cook on the Grill

When the sun's rays penetrate the air with warmth, it's time for outdoor cooking maneuvers. Fishermen, hikers and plain outdoorsy type folks all go armed with charcoal and grill to the spot they love most. And one of the common denominators that binds the present day chef with his forebears is the use of lamb.

Early man fastened pieces of lamb on a stick and held it over a fire. Today's cook has many cuts of lamb to choose from... all made possible by the far-sightedness of the American Lamb Council in fashioning new cuts.

One particular chop excellent for broiling is the sirloin lamb chop. These are meaty, tender and filling enough for even the heartiest appetite. Have the butcher cut them 1 1/2 to 2 inches thick for perfect cooking on the outside, a tinge of pink inside.

While the lamb cooks you can heat two or three cans of copppercolored Louisiana yams in a tangy lemon sauce.

LAMB CHOPS WITH WATER CRESS BUTTER

- 6 tablespoons butter or margarine, softened
- 1/4 cup chopped water cress
- 1/4 teaspoon marjoram leaves
- Dash onion powder
- 6 (1 1/2 to 2-inch thick) sirloin lamb chops, about 3 1/2 pounds
- Salt and pepper

Combine butter, water cress, marjoram and onion powder; mix well. Broil lamb chops 6 to 7 inches from heat source 12 to 15 minutes on each side or until desired degree of doneness. Before turning, chop and sprinkle with salt and pepper. Serve water cress butter with chops. Makes 6 servings.

LOUISIANA YAMS IN LEMON SAUCE

- 2 tablespoons sugar
- 2 teaspoons cornstarch

- 1/2 teaspoon allspice
- Dash salt
- 3/4 cup water
- 2 tablespoons butter or margarine
- 1/4 teaspoon grated lemon peel
- 2 tablespoons lemon juice
- 3 cans (1 pound each) Louisiana yams, drained
- 3 lemon slices

Mix together sugar, cornstarch, allspice and salt in saucepan. Gradually add water. Cook, stirring constantly until mixture boils 1 minute. Add butter, lemon peel and juice; stir until butter melts. Add yams to sauce and heat. Garnish with lemon slices. Makes 6 servings.

That Isn't Glass It's Struvite

From time to time both industry and FDA receive reports from consumers who believe they've found glass in canned seafood — especially shrimp. Examination, however, usually reveals it isn't glass at all, but "struvite" — which occasionally forms in canned seafood from normally present constituents.

While struvite isn't actually desirable, it doesn't affect the safety of the food at all. Seafood canners have devoted considerable attention to the problem of struvite formation, but still haven't been able to prevent it.

If, however, you do happen to find a hard, clear crystalline bit of material in canned seafood, here's a simple test to distinguish between struvite and glass.

Simply place the material in warm vinegar for a while. The struvite crystals will dissolve; glass, of course, won't.

Pear Salads Are Welcome

Brighten spring menus with planned for the main dish, try one of these.

- Mix 1 cup diced fresh pear with 1/2 cup sliced celery and 1 cup of any of the following: flaked tuna, sliced Alaska King crab, or shrimp.
- Or, try a combination of the seafoods with fresh pears. Moisten with tart French dressing or mayonnaise flavored with dill.

Protect the cut pears from darkening by sprinkling with fruit juice or coating with dressing.

For a Sparkling Molded Waldorf, prepare your favorite fruit gelatin according to package directions.

When partially thickened, fold in 1/4 cups diced fresh pear, 1/2 cup sliced celery and 1/4 cup chopped walnuts. Chill until firm and serve with mayonnaise.

When a seafood salad is planned for the main dish, try one of these.

Kabob a Bunch

Alternate halves of chicken livers on skewers with squares of cooked ham; brush with melted butter and broil. Good for brunch!

School Police Protection Contract OK'd

City Commissioners last night belatedly approved a contract with the Pontiac Board of Education for police counselors in the city's two senior high schools.

The contract, which provides for the city and school board to evenly share the costs of the counselors, was made retroactive to Sept. 6, 1965.

The agreement runs until this September.

Asked why nearly nine months had passed since the program went into operation and the formal contract was presented, City Attorney

Mediation Board Sets Hearing on Union Petitions

A hearing has been scheduled for July 11 at 10 a. m. on petitions by two rival employee groups to represent the city's white collar workers.

Both the Pontiac Municipal Employees Association and Local 100 of the American Federation of State, County and Municipal Employees have asked to represent salaried employees.

City Manager Joseph A. Warren reported last night that a formal hearing had been set by the State Labor Mediation Board.

The hearing will be held at the board's offices in Detroit.

Philip E. Rowston said the contract was the first of its type to be worked out between the city and school board.

Both governmental units had to approve the agreement.

Rowston said that now that the agreement had been worked out it would be possible to have it renewed prior to the 1966-67 school year.

Cost of the police counselors to the city was estimated at \$10,782 with the school board paying an equal amount.

The police counselor program was instituted to combat crime and similar disorder problems, particularly those caused by outsiders, in city high schools.

City Affairs

In other action last night, the commission approved an extension to June 30 of the current agreement with Pontiac Transit Corp.

LABOR TALKS
Bus company officials said a new contract could not be negotiated until current labor work stoppages were concluded.

Since only one bid — \$815 — was received for the sale of

a city-owned lot at the southeast corner of Fremont and Josephine in Waterford Township, the bid was referred for further study by the staff.

Deeds were accepted last night, to six lots recently acquired in the city's projected industrial park area on the southeast side.

Also last night, approval of the sale of a lot in the R44

urban renewal project was tabulated for one week.

STORAGE YARD
The matter was tabled pending agreement on the blacktopping of the lot, located north of the Dayton Tire Store on West Wide Track. The lot is to be used as a storage yard.

June 21 was set as the date to receive bids for insurance on all city vehicles and for workers' compensation insurance for 28 sanitation employees.

The commission referred to the City Planning Commission two petitions from Pontiac State Bank for commercial rezoning

and an alley vacation for property west of Baldwin between Yale and Ypsilanti.

NEAR SCHOOL
A delegation from the Wilson School area complained last night that a pool room was operating directly across from the school.

Petitions bearing 75 signatures were submitted by the District 7 Commissioner James H. Marshall.

Mayor William H. Taylor disclosed last night that letters had been sent to 17 area groups to submit names of persons to be considered for appointment to the new Human Relations Commission.

The 24-member commission was recently established through passage of a city ordinance.

County Takes Economy Steps

A directive that present unfilled county positions be left unfilled was issued yesterday by the board and means committee of the Oakland County Board of Supervisors as an economy move due to an impending year-end budget deficit of up to \$750,000.

Unfilled positions classified as emergency, however, could be filled.

In another economy move, the committee rejected a proposal that per diem payment to members of the board of supervisors be increased from \$15 to \$25.

The pay boost was proposed to the full board last month by S. James Clarkson, supervisor from Southfield, and referred to ways and means.

In other business, committee members called for a written opinion of the corporation counsel on the procedure for amending the budget to grant raises to county employees.

The newly established personnel policies committee of the board of supervisors last week authorized pay hikes for four doctor positions but this authority was questioned by the ways and means committee.

The opinion is expected to specify whether salary boosts which necessitate a budget adjustment can be made at the committee level or must be approved by the full board of supervisors.

Also, yesterday the ways and means committee referred a request from the County Schools for 20 acres of additional county service center land to the board of auditors for study and a report in 30 days.

Dr. William J. Emerson, superintendent of the county school district, seeks the prop-

erty south of the present school system buildings for future expansion.

HEARD REPORT
Committee members also heard a report from welfare department officials that hospital expenses for the indigent are exceeding budget limitations both because more persons are aware of available hospital services and due to rising hospital costs.

Ways and means members directed that the patients' needs be met.

Ontario Asks Seaway Study

TORONTO (AP) — Ontario Province went firmly on record Tuesday in opposition to higher St. Lawrence Seaway tolls or tolls on the Welland Canal.

Premier John Roberts, in a statement in the Legislature, said the time has come for a re-appraisal of the benefits of the entire Great Lakes system and its respective costs and revenues to the United States and Canada.

Roberts said his government has asked the St. Lawrence Seaway Authority for a 30-day period in which the province could analyze what impact proposals made at current toll hearings would have on the Ontario economy.

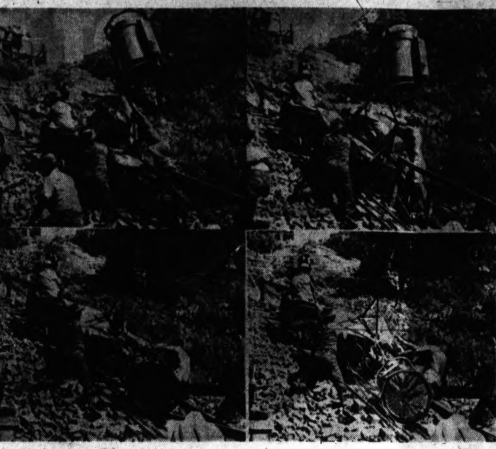

The authority's economic studies mainly have been concerned with the effect of toll increases on bulk cargoes such as coal, iron ore and wheat, the premier said.

But, he said, proposed in-

Woman Gets 10 Years; Killed Four Children

UPPER MERLBORO, Md. (UPI) — Mrs. Charlene Hargis, estranged wife of former Rep. Denver D. Hargis, D-Kan., was sentenced yesterday to a maximum of 10 years in prison for the fatal shooting of her four children last October.

Judge William B. Bowie, who handed down sentences of 10 years on each of four counts of manslaughter, ordered that the sentences run concurrently. He said the 37-year-old Mrs. Hargis would be eligible for parole after serving one-fourth of her sentence.

UNREHEARSED ACTION — Actor Paul Newman and Tommy Hayes, an electrician, teamed to prevent injuries on location for "Seconds" this week when a 300-pound lamp toppled toward producer-director Martin Ritt. The four men on the dolly are (from left) camera operator Roy Clark; Newman; Ritt and Hayes. Newman tried to steady the light as it went up a 45-degree grade. When it began falling, he directed it away from Ritt. Hayes tries to pull Ritt out of danger.

At Cannes Festival

Rock Liked, but Not His Film

By BOB THOMAS
AP Movie-Television Writer

CANNES, France — Having witnessed the tribal customs of the American film community, I felt obliged during a European visit to observe the ritual of the international film festival.

The biggest and most prestigious of the festivals is the one at Cannes, so I dropped in on one day's events of the festival's 20th year.

And where were all the starlets in bikinis, or less? That traditional element was lacking. In its place was a fully clothed Rock Hudson.

The occasion was a showing

of Rock's new Paramount picture, "Seconds," and he had interrupted a motor tour through Europe to attend the festival. He enjoys such functions about as much as he likes to fill out his income tax. But he also owns part of the picture and he arrived at the Nice airport smiling.

SWANK RESORT

His festival baptism came at a luncheon staged in his honor at Eden Rock, the swank resort at Cap d'Antibes. There he was greeted by 200 press of many nations and by Sophia Loren, who was president of the jury committee and takes her duties seriously.

He endured endless questions in a variety of languages until he finally insisted that he be allowed to finish his cold cuts before facing another interview.

and he was greeted with applause as he departed.

"Seconds" was snubbed by Miss Loren and her fellow judges when the prizes were handed out. But its dramatics may serve to convince the film world that Rock Hudson can do something besides court a coy Doris Day.

A rattlesnake can measure temperature changes within a thousandth of a degree.
