

Gov. Romney Halts GOP Official's Trip to East

LANSING (AP) — Gov. George Romney today said he has told Michigan's Republican national committeeman John Martin to cancel a trip to New Hampshire where Martin was to confer

with GOP leaders about Romney's running in the 1968 presidential primary there.

"He's canceled it," Romney said when asked his reaction to Martin's comment last week

that he would visit New Hampshire later this month.

"It created the impression that I had encouraged him to make the trip and that was not the case," Romney said.

Martin has been national committeeman from Michigan since 1957 and is a close friend of Romney.

Questioned again on his possible candidacy for the 1968

Republican presidential nomination, Romney told a news conference:

"What I said before was that I intended to take a long, hard look at the question. I haven't

"What I've said in effect is that it's something I intend to explore. But I have not made a decision and I am not a candidate."

"That's my private position and that's my public position, and I haven't indicated any differently to anybody," Romney added.

Bad Weather Plagues U. S.

By The Associated Press
Gale-driven rain lashed most of the Pacific Northwest today, and freezing drizzle gave an icy coat to many Midwest highways.

Hazardous-driving warnings were issued in both regions.

Heavy snow in the Cascade Mountains closed a secondary highway linking west and east Oregon and forced cancellation of a ski race on Mount Hood.

Also in Oregon the U.S. Coast Guard reported winds of more than 120 miles per hour early yesterday.

Rains brought the Coquille River in southern Oregon to flood stage. No danger to cities was expected.

Interstate 5, the main north-south Oregon highway, was blocked in its southbound lanes yesterday when trucks jackknifed in heavy snow.

The Weather Bureau reported a foot of new snow in the area.

In Idaho, most mountain passes were snow-covered or icy and more snow was expected.

LBJ Letter to U Thant Vows Effort for Peace

UNITED NATIONS, N.Y. (AP)—President Johnson, in a letter to U Thant congratulating him on his reelection as U.N. secretary general, said he will give "closest personal attention" to U.N. peace problems.

But meanwhile, Thant told a Newsweek magazine interviewer Washington refused peace talks he tried to arrange with North Viet Nam, in 1965-66, saying it feared even the rumor of a meeting might topple the Saigon government.

There was no apparent connection between Johnson's letter and Thant's interview. A State Department spokesman said last night there would be no immediate comment on the Newsweek article.

Unanimously elected Friday by the U.N. General Assembly to a new five-year term, Thant told the assembly he would keep repeating that "this war must be ended" and that he would "make every effort on a personal basis" to promote a solution.

Johnson's letter, delivered to Thant yesterday, said in part: In these troubled times, the devotion of the talents, energies and efforts of men of good will to the cause of world peace is more indispensable than ever before.

THE GREAT TASK

"We are therefore especially pleased that you have rededicated yourself to this great task.

"You may depend on my continuing closest personal attention to the problems confronting the organization in its search for peace."

Johnson did not mention Thant's plea Friday that the holiday truce in Viet Nam lead into a longer cease-fire to create an atmosphere for peace talks.

Some Schools Closed Due to Conditions

Weatherman Predicts
High of 42 Today;
Drizzle Likely Later

Ice-glazed streets brought on by freezing rain last night caused thousands of motorists to be late for work in Oakland County this morning.

In some areas, the ice combined with steep, winding streets in subdivisions made maneuvering impossible, and motorists waited until a midmorning warming trend cleared the roads.

The Weather Bureau predicted a high of 42 degrees today, with some light drizzle likely for this evening.

The hazardous driving conditions early today made motorists extra cautious, with the result that only a few accidents were reported to area police.

A number of schools in the county were closed for the day due to road conditions and others that were reported open were not providing bus service for students.

Main roads in the county were salted throughout the evening by crews from the Oakland County Road Commission, and, except for a few reported slippery spots, were in good condition.

"All the gravel roads leave something to be desired," said Oscar Loomis, maintenance superintendent for the road commission.

Loomis said his work crews were alerted to the freezing rains, and trucks were loaded and on the road when the rain began about 11 p.m. yesterday.

About 100 men using some 75 pieces of equipment salted the major arteries throughout the night, according to Loomis.

JCs Make Believer of New Junior Miss

All 17-year-old Johanna Lynn Yansen could think was "me? It's not really me!" as she was crowned Pontiac Junior Miss at yesterday's pageant.

The program, sponsored by the Pontiac Junior Chamber of Commerce, climaxed two days of testing and rehearsing at Pontiac Northern High School.

She will compete in the state Junior Miss Pageant in Pontiac Jan. 27-28, which also will be sponsored by the Pontiac Jaycees.

States Prodded on Car Safety

WASHINGTON (AP) — The Commerce Department proposed today mandatory inspection of all motor vehicles and periodic examinations of all drivers as part of each state's highway safety program.

They were among the first nine standards and policies the department said it is considering for inclusion in the state programs required under the highway safety law passed by Congress this year.

Dr. William Haddon Jr., administrator of the National Highway Safety Agency, part of the Commerce Department, said at a news conference that there already is evidence vehicle inspection programs can save thousands of lives annually.

About 30 states now have no mandatory vehicle inspection.

States which fail to implement a safety program approved by the department by the end of 1968 face the loss of 10 per cent of their federal highway construction money and their highway safety funds.

Runner-up award was presented to Helen Janick, daughter of Mr. and Mrs. Otto Janick of 754 Shortridge, Avon Township.

The new Junior Miss, daughter of Mr. and Mrs. George Yansen of 80 Chipmunk, is secretary of her senior class at Pontiac Central, captain of the varsity cheerleaders, a member of the choir and of the thespians. She is also Pontiac's Demolay Sweetheart.

Her musical skill for the talent performance was titled "My Musical Formula for Friendship." It was based on a recent summer in Holland on the "Youth for Understanding Program."

Johanna received \$100 scholarships from the Pontiac Jaycees and Matthews-Hargreaves Chevrolet and merchandise from local firms.

She plans to attend Albion College majoring in music and speech, and ultimately enter.

Hearings Start in Lake Huron Ship Disaster

Coast Guard Board
Denies Lawyers Right
to Cross-Examine

CLEVELAND, Ohio (AP) — A U.S. Coast Guard Board of Inquiry started preliminary hearings today into the sinking of the Daniel J. Merrell which took the lives of 28 men and immediately denied attorneys the right to cross-examine witnesses.

The five-man board headed by Rear Adm. Charles Tighe, commander of the coast Guard's Ninth District, heard requests by Ned R. Phillips, attorney for the Marine Engineers Beneficial Association, and other attorneys.

The admiral, however, granted the attorneys the status of interested parties and told them they could submit questions to the board.

"You have a privilege of being an interested party," he said, "but not a party of interest."

Adm. Tighe said the difference is that as interested parties the attorneys can submit questions to the board and "we'll see that the questions are answered."

STATUS MAY CHANGE

As parties in interest, however, the attorneys would be permitted to cross examine witnesses.

The admiral said that at this point in the proceedings, "We do not know of any officers whose conduct applied to the casualty which is now under investigation."

He said that at a later time the attorneys may be declared parties in interest and be allowed to cross examine witnesses.

The ship sank in Lake Huron during a storm last Tuesday, in 196 feet of water about 26 miles north of Harbor Beach, Mich.

Ship Disaster Survivor Leaves for Ohio Home

HARBOR BEACH (UPI)—The lone survivor of a Lake Huron ship tragedy which took 28 lives left for his Ashtabula, Ohio, home today in an ambulance.

Doctors said Dennis Hale, 26, who clung to life aboard a storm-tossed life raft for 36 hours before being rescued by a helicopter, had recovered sufficiently to undertake the trip.

He was taken in an ambulance only as a precaution, the doctors said.

Ike Will Lose Gallbladder

GETTYSBURG, Pa. (UPI) — Former President Dwight D. Eisenhower plans to enter Walter Reed Army Hospital Dec. 8 for an operation to remove his gallbladder.

The announcement was made today by Brig. Gen. Robert L. Schulz (ret.), the general's aide, who said the former president would probably be in the hospital from 10 days to two weeks, after which he would go to Palm Desert, Calif., for his customary winter vacation with Mrs. Eisenhower.

Schulz said the need for the gallbladder operation was discovered by doctors at Walter Reed when the general was there recently for his periodic checkup.

20 DAYS TILL CHRISTMAS

British Give Rebels More Time

SALISBURY, Rhodesia (AP)—Prime Minister Ian Smith's cabinet rejected tonight Britain's shipboard agreement on the 13-month-old independence crisis. Smith told a crowd waiting outside his office at 8 p.m.: "The fight goes on."

SALISBURY, Rhodesia (AP)—The British government gave Rhodesian Prime Minister Ian Smith and his cabinet more time today to consider proposals which Prime Minister Harold Wilson and Smith agreed could provide a basis for an end to the Rhodesian rebellion.

The British warned Smith, however, that pressures were building up which demanded an answer from Salisbury within the next few hours.

Smith and his cabinet met for more than four hours this morning without deciding to accept or reject the "working document" which the two School Boards were working out during a 48-hour meeting on a cruise in the Mediterranean.

The Rhodesian answer had been due by noon—5 a.m. EST.

RECESS

Forty minutes after the dead-

line, Smith left his office to tell newsmen a decision had not been taken yet. He said the cabinet had recessed for lunch.

Smith radioed this word to London, and the British government replied that pressure was building up "which makes an answer imperative within an hour or so."

Arrangements went ahead in London for a meeting this afternoon of the Commonwealth committee on sanctions against Rhodesia to consider a request for mandatory U.N. sanctions if

the Smith cabinet rejected the proposals.

Wilson Sunday night had ruled out any changes or delay in the document, which his cabinet approved shortly after his return from the Mediterranean conference.

"It is a matter of accepting it or rejecting it," he said. "All we want is a telegram saying 'yes' or 'no.'"

Smith outlined the proposals to the Rhodesian cabinet shortly after he returned to Salisbury Sunday night. The cabinet went back into session this morning.

Stick to Facts, Draft Parley Told

CHICAGO (AP)—The University of Chicago draft conference, warned to deal only with facts, takes a hard look today at advantages and disadvantages of the present Selective Service system.

Lt. Gen. Lewis B. Hershey, director of the Selective Serv-

ice, told the conferees in prepared statement that "if conference such as yours is to have even a remote chance of producing really new ideas, it must start its thinking from facts rather than faulty assumptions and misinterpretations which have deluged and warped dis-

cussions of Selective Service recently."

National concern over the draft—and its alleged inequities—has swollen since the United States stepped up its involvement in Viet Nam. In the past two years, about 600,000 youths have been drafted into the armed services.

PRaises INTEREST

Hershey, who was unable to attend the four-day Chicago conference, praised the increased national interest as a means "of providing the system with a unique opportunity to explore areas of intellect for new ideas and new adaptations of old concepts and to correct misunderstandings and misinterpretations."

Hershey's statement was to be read at the conference by Col. Dee Ingold, a special assistant.

After debating the merits of the present system, the more than 100 conference delegates will discuss some of the proposed alternatives to the draft—including national service, lotteries and an all-volunteer standing army.

AGREEMENT EXPECTED

By its conclusion Wednesday night the conferees are expected to have reached an agreement on a compromise series of recommendations to the National Commission on Selective Service, a 20-member panel set up by President Johnson last summer in the aftermath of a wave of student draft protests.

The commission is to report to the President next month. That report is expected to influence Johnson's recommendations to Congress, which must vote on extending the draft law before parts of it expires next June 30.

U.S. Planes Strike Back at N. Viet

SAIGON, South Viet Nam (U.S.)—Jets flew through a sky full of challenging Communist MIGs yesterday to bomb targets near Hanoi, and pilots reported shooting down one of the Red jets and probably a second.

Retaliating for the heaviest U.S. air losses of the war two days earlier, the American fliers also claimed widespread destruction to one of North Viet Nam's major railroad marshalling yards six miles northeast of Hanoi.

While the air war swirled around the North Vietnamese capital, fresh fighting was reported on the edge of South Viet Nam's capital at the Tan Son Nhut Airport.

American guards led by sniffer dogs reported killing 12 more Viet Cong in flushing out remnants of an enemy suicide force which penetrated the big air base Sunday.

In the last two days, U.S. spokesmen reported, 30 Viet Cong were killed inside the defensive perimeter of Saigon's air base.

3 YANKS DIE

Three Americans were killed and five wounded in the first Viet Cong attack. U.S. casualties in later action were reported light. One U.S. jet fighter and a Vietnamese transport were damaged.

Off the coast of North Viet Nam, the U.S. destroyer *Intrepid* fought a gun duel with North Vietnamese shore batteries this morning, U.S. headquarters reported.

A spokesman said the shore batteries opened fire on the *Intrepid* while she patrolled six miles off the southern coast of North Viet Nam. The *Intrepid* replied with her five-inch guns.

High Court to Rule on 3 Redistrictings

WASHINGTON (AP)—The Supreme Court agreed today to hear three reapportionment cases in which groups seek to extend the "one-man, one-vote" doctrine to county governing and school boards.

In two of the cases, involving the Kent County (Mich.), School Board and the Houston County (Ga.) Governing Board, three-judge federal courts refused to order reapportionment on grounds the Supreme Court has not ruled that the "one-man, one-vote" principle is applicable to such subdivisions.

In the third case, affecting the Suffolk County (N.Y.) Board of Supervisors, a three-judge court ruled that the federal judiciary has authority to order reapportionment, ordered use of a weighted reapportionment plan and directed that a permanent plan be submitted to the county's voters.

POPULATION BASIS

In announcing it would hear the three cases, the court made other comment. The court has ruled in the past that congressional districts and both houses of state legislatures must be apportioned on a population basis.

Accidents in Cities Worse Than War

By Science Service

WASHINGTON—Chances of surviving combat wounds in Viet Nam or Korea are better than on the average city street, report consultants say.

A report of the National Research Council just released says that accidents "are the neglected disease of modern society."

The report contrasts the research expenditures of the U.S. Public Health Service, which allocates 50 cents for each of the 10 million accident victims and the 600 for each of the estimated 540,000 cancer patients. Grants also allow \$76 for each of the estimated 1,420,000 cardiovascular patients.

Twice-Charged Doctor on Trial in New Jersey

FREEHOLD, N.J. (AP)—Dr. Carl Coppolino, charged with the murder of his wife, goes on trial today for the strangling of a retired Army officer, once the couple's neighbor.

The state said it would ask the death penalty for Coppolino, advancing a motive an alleged affair between the anesthesiologist and the wife of the victim, Lt. Col. William E. Farber.

The first day's session in Monmouth County Superior Court before Judge Elvin R. Simm

Simm was expected to center on jury selection.

Coppolino has turned over to J. Lee Bailey, 33, a Harvard-educated attorney who won a retrial for Samuel H. Sheppard, then his acquittal last month on charges of beating his first wife to death.

STATE'S CASE

Handling the state's case is Vincent J. Keuper, Monmouth County prosecutor. Keuper, 64, was admitted to the bar seven years before Bailey was born.

Coppolino, 34, is also under indictment for first-degree murder in Sarasota, Fla., for the slaying of his physician wife, Carmela.

An investigation of her death, supposedly by heart attack, was triggered when Farber's wife talked to the FBI. Her conversation also led to the exoneration of her husband's body and a determination that he died from strangulation—not a "coronary thrombosis" as listed in the death certificate signed by Carmela Coppolino.

2 Arrested as Suspects in Area Break-In

Two suspected burglars were arrested and a third is still sought following a police stake-out this weekend at a Brandon Township grocery store.

Held at the Oakland County Jail in \$1,000 bond following his arraignment is Kenneth Williams, 25, of 510 Troywood, Troy.

Under guard at St. Joseph Mercy Hospital and facing arraignment is Charles W. Cornemey, 24, of Beverly Hills.

Cornemey suffered frostbitten feet, allegedly while hiding in a swampy area near D & W Foodland, 1605 Ortonville.

Both men face charges of breaking and entering.

BY DETECTIVES

Williams was apprehended early Saturday by Oakland County sheriff's detectives Charles Whitlock and Lewis Doyle and Sterling Township Lt. Richard Oakes.

Williams is accused of being one of three men who burst from inside the market and escaped a hail of bullets about 3 a.m. Saturday.

The store had been entered through a kicked-open front door and the safe tampered with, Whitlock said.

The market was surrounded by some 16 officers from Farmington, Oak Park, Southfield and other departments.

FORMER HOME

Cornemey was apprehended yesterday by Clawson police as he approached his former residence there.

Whitlock said a John Doe warrant has been obtained for the arrest of a third man believed involved in the break-in.

Wilkins Due Here for Talks

Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People, was to arrive on the Oakland University campus this morning for a three-day round of activities.

He is scheduled to give a public address at 10:30 a.m. tomorrow in O.U.'s Sports and Recreation Building.

During his visit, Wilkins will be the featured guest at a breakfast meeting, three luncheons, two coffee hours and three dinners. He also will participate in discussions and a seminar with various student groups.

Ticket Raids Net Two Here

Two Pontiac businessmen are among 30 persons for on \$1,000 personal bonds after a series of weekend football betting ticket raids by Internal Revenue Service (IRS) agents.

Clyde D. Glascock, 46, owner of Tinsy's Pure Oil Service, 84 Orchard Lake, and Robert L. Hausman, 31, owner of Bob's Barber Shop, 973 Orchard Lake, were arrested Saturday.

They are charged with failure to purchase a federal wagering tax stamp. Conviction on the misdemeanor can carry as much as a \$10,000 fine and a year in prison.

U.S. Atty. Lawrence Gubow said the betting operation, spread out through the metropolitan Detroit area, took in \$100,000 dollars every week.

The 30 persons arrested are alleged to have participated in distribution of some 150,000 pool cards on college and professional football games each week since November.

Glascock resides at 1101 Dover while Hausman lives at 3839 Mateo Court, Waterford Township.

Cancer Victim, 5, Returns Home for Early Visit From Santa Claus

DOWNTOWN, Pa. (AP)—Five-year-old Lance Cummings, stricken with incurable stomach cancer, looked up from his lap full of presents and said he knew why Santa Claus had paid him an early visit.

"I've been good and the other children have been bad," he said as friends and relatives gathered Sunday for a "just in case" Christmas party.

The red-haired boy may not be alive on Dec. 25. So doctors at the Chester County Hospital let him go home to celebrate the holiday early.

The relatives and friends were at the home of Mr. and Mrs. Samuel Wagner in nearby Narvon for the Christmas party.

"When you have trouble, you can always tell your friends are," said the boy's mother, Mrs. Walter Cummings. "And we discovered we certainly have a lot of them."

The family has received widespread offers of financial aid from as far away as Texas, Kentucky and West Virginia, said Mrs. Cummings.

Incorporation Bid Launched in Avon

AVON TOWNSHIP — A move to stop further annexations by the village of Rochester and to keep other areas of the township from incorporating for at least two years has come to a head.

Petitions requesting incorporation of the township outside the boundaries of Rochester are being circulated.

The move followed a vote by Rochester residents last Sept. 20 to incorporate the 1.6-square-mile village.

The incorporation of the village is pending until a charter vote is conducted. The vote is not expected before the middle of January, according to William Sinclair, village manager.

An outgrowth of the newly organized Avon Township Study Committee, but not sanctioned by the committee as a whole, the township incorporation petition is being met with mixed reactions in the 34.4 square miles of the township.

NOT ACTIVE

Michael Parets, 582 W. Hamilton, a member of the committee but not active in the circulation of petitions, said, "We are not so much concerned with whether the township incorporates as we are with buying time."

"We want no one to steal any part of the township from us. Unfortunately the village has gone ahead with incorporation on its own. We feel the township and village should remain one unit and incorporate as one unit."

Wilson Severance, Rochester attorney representing Avon home owners and National Twist Drill & Tool Co., the township's largest tax contributor, in a suit against the township said, "The whole thing is silly!"

"About four months ago, before Rochester voted on incorporation, I, as a part of the village study committee, checked in at least three subdivisions to see if people in the township felt favorable toward incorporation of both units at this time. The answers I got were three to one opposed," Severance said.

SOUGHT INJUNCTION

Severance's clients attempted to obtain an injunction to keep the Oakland County Department of Public Works from signing a contract with the township for construction of the Clinton-Oakland Sewer Interceptor.

The injunction was denied in Circuit Court, but the matter was continued for a test of legality after the contracts are signed.

Harold Pepper, president of the township study committee, said that within the two-year delay to be won by the incorporation move, a method of a unified incorporation for Rochester

and Avon Township can be worked out.

Pepper said there had been movements about by subdivisions threatening to splinter off into small cities. He refused to disclose the names of the subdivisions.

POSSIBLE ATTEMPT

Pepper also spoke of the possible attempt by the village, once it is incorporated, to annex high tax base areas of the township.

Severance said, "Somebody is giving out the wrong information. People seem to feel that industry around Rochester

er wants to become a part of the city. Most of them have no interest one way or the other. It's a scare move," he said.

Any participation in the petition or circulation of the petition was denied by Township Clerk Thelma Spencer and by Trustee William McCullough.

The territory specified in the petitions is home to about 26,000 people. Another 6,000 are estimated to live within village limits.

Level to Be Set

Lake Hearing Due

ORCHARD LAKE — A hearing was to be held in Oakland County Circuit Court today to establish the level of Orchard Lake.

Because of a shortage of rainfall in recent years, the lake is about 4 feet below its normal level.

The purpose of the hearing is to set the level of the lake at \$9.5 feet above sea level.

According to Deputy Drain Commissioner James R. Nichols, the level of the lake would be raised by diverting spring flood waters from Cass Lake into Orchard Lake through tubes constructed between the two.

The water would not be diverted, he said, unless there is an excess of water in Cass Lake.

Officials hope to get the work done before spring when there is a consistent flow of excess water. The work would be financed and the level maintained through a special assessment district.

Capac Coed Has Become 'Cow Girl' Extraordinaire

EAST LANSING (AP) — An 18-year-old university coed from Capac may well be the current leading authority on dairy operations in St. Clair County.

Miss Karlene Graybiel visited almost every listed dairy farm in the county last summer — about 600 in all.

The perky brunette was on a mission for the Michigan Dairy Herd Improvement Association, which hopes to help farmers boost their dairy production by using careful testing and record keeping techniques.

Her survey showed that the county, which had 778 dairy herds two years ago, now has 532 — a decrease of 146.

TEST PROGRAM

Her persuasion resulted in 38 dairymen agreeing to put their herds in the DHIA test program and 17 expressing an interest in the plan.

"I traveled 4,422 miles," said Miss Graybiel, who was graduated last June from Capac High School and now is a Michigan State University freshman studying to become a teacher.

There were many times, she said, that the job didn't seem like work, but more like visiting a neighbor.

"I like to drive and I like to meet people," she added.

OPERATES FARM

Miss Graybiel, whose father, Max Graybiel, operates a dairy farm, was active in 4-H dairy projects for several years. When he showed her Holstein cow at the St. Clair County Fair last summer, MSU dairy farm manager Dennis Armstrong was impressed, both with her ability and with her entry. The animal now is in the MSU dairy herd.

Last June, Richard Townsend, St. Clair County agricultural agent, had a list of people with dairy backgrounds who might be able to handle the survey.

"I was the only girl on the list," said Miss Graybiel. "He called me first — he didn't think I'd take it — but I agreed."

"I didn't think she would contact all 600 when she started, but she did," said Townsend.

STARTS WITH RELATIVES

Just to become accustomed to her job, she visited her own relatives who ran dairy farms

Weekend Toll on State Roads Lowest of Fall

By The Associated Press
Nine persons lost their lives in Michigan traffic accidents during the weekend. It was the fewest traffic deaths for any weekend this fall.

The victims: Herman Arnold of Romulus, when his auto smashed into the rear of a car Sunday night on I-94 near Columbus.

Robert D. Veneklasen, 24, of Sandusky, Ohio, when his auto veered out of control Sunday, flipped over and slid into the path of an oncoming truck on I-94 near Chelsea.

Leonard L. Eakle, 66, of Union Lake, when his pickup truck struck a car broadside Sunday on U.S. 10 near Sanford in Midland County.

TWO-CAR CRASH

Mrs. Naomi Newman, 22, of South Bend, Ind., Sunday in a two-car crash three miles north of Berrien Springs on U.S. 31.

Harold P. Dudley, 44, of Yale, when his car ran off a road in St. Clair County Sunday and hit several trees.

James Lovins, 21, of Wyandotte, a pedestrian who was struck by a car and killed on a road Sunday in Trenton, a Detroit suburb.

Addie Daniels, 54, of Detroit, in a two-car crash Friday night in Detroit.

John Krul, 75, of Hamtramck, in a two-car crash Saturday of Detroit's East Side.

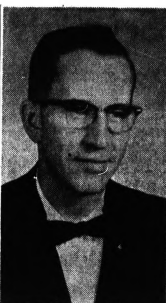

Robert Fulton, 19, of Bloomfield Township, in a two-car crash in Pontiac Saturday.

School Addition Plans Up for OK

WEST BLOOMFIELD TOWNSHIP — Plans for an addition to the West Bloomfield Junior High School will be submitted to the board of education for approval tonight.

Designed by the architectural firm of O'Dell, Hewlett and Luckenbach, Birmingham, the addition is the first building project to be financed with funds from a \$7 million bond issue approved by voters last June.

It will accommodate an additional 500 pupils for a total capacity of 1,000.

WORSHIPFUL MASTER — Harry Squiers, 6460 Eastlawn, Clarkston, will be installed Saturday as worshipful master of Cedar Lodge No. 60, F&AM. Also to be installed are Lewis Jenkins, senior warden and Harold Sutherland, junior warden.

Sewer Plans Will Be Heard

OXFORD TOWNSHIP — The Oxford City Council and the Township Board will meet at 8 p.m. Tuesday to hear county plans for areawide sewer service.

R. J. Alexander, director of the Oakland County Department of Public Works, and the township engineering firm of Johnson & Anderson, will be present to answer questions.

Outcome of the meeting is expected to be a recommendation for study and development of a sewer plan.

Supervisor Lee Valentine proposes that a large part of the southerly portion of the township be included along with the village in such a program.

The Oxford area has considered a lag-on-type disposal system as its probable answer.

Alexander has proposed in the future the Paint Creek Arm of the Clinton-Oakland be extended from Rochester to service Lake Orion and Oxford.

There are no plans in either community at the present time to connect with the Clinton-Oakland, according to area officials.

Bids for School Opened Dec. 13

MILFORD — Bids for the first elementary school to be built with funds from the \$8.3-million bond issue approved by voters last spring will be opened Dec. 13.

The new 20-room building is to be located on N. Milford near Wardlaw.

Bids for the second elementary school, to be located at Elizabeth Lake Road and Oxford, will be opened the first week of February.

Around April 1, bids will be opened for the third elementary school if site acquisition is complete by that time.

Administrators say that, with a break in the weather and no shortage of materials, the new schools and an addition to the high school could be ready by September, 1968.

SCHOOL ADDITION

Scheduled for completion by January 1969 is an addition to

the Highland Junior High School. Renovation of the heating system at Duck Lake should be finished by next summer.

All were included in the successful bond issue.

Plans for the two elementary schools are being used by the Bureau of School Services at the University of Michigan as guidelines for other school districts.

Unique features of the buildings, according to William Force, director of instruction, are an instruction materials center, a project center area which includes science and art facilities and a central area for independent study — all grouped around every three classrooms.

CLUSTER PLAN

The building is basically a cluster plan of classrooms to eliminate hall space and provide flexibility. Each room is about 800 square feet with one common wall which can be opened onto another classroom.

The design lends itself easily in future years to an ungraded school and team teaching, said Force.

An outdoor area, to be known as a nature center, is also planned for the two schools.

Airport Quiz Due Tonight

TROY — A repetition of last Monday night's turnout of residents to quiz state and federal aviation authorities is expected tonight in Troy.

Last week a snowstorm kept the experts from appearing. This week home owners are expected to turn out equally as strong to ask questions regarding the state's designation of the Jim Robbins Co. airport as public.

Home owners and businesses in Troy, Madison Heights, Clawson and Royal Oak have objected to the change in designation because of safety and nuisance reasons.

They are particularly irate because approval was apparently given by the Michigan Aviation Commission last Aug. 31, but the City of Troy was not notified until last month.

A state spokesman has said such notice is not required.

Chief's Resignation Stirs Romeo Action

ROMEO — Police Chief Lyle Jewell, who tendered his resignation last week, said today he had been asked by many people to reconsider.

Politics and pressure from one Romeo council member were blamed by Jewell for his unexpected action.

Command of the 11-man department has fallen to Sgt. Charles Major, a former chief.

The council was expected to meet in special session tonight — presumably to discuss the resignation. Formal action on the matter has been placed on next Monday's council agenda.

At that time the council must either reject or accept Jewell's resignation, according to Jewell.

Water, Sewer Control Sought

Avon Affirms Bid on Future Service Lines

AVON TOWNSHIP — A bid to control any future water and sewer service lines, even though they connect to village facilities, has been reaffirmed by the Township Board.

In a special meeting last week, the board approved a tentative contract for assumption of such services and directed consultants to meet with village officials to work out an agreement.

The village last week turned down a tentative bid along the same lines.

Litigation on the contract for the county's Clinton-Oakland Sewer Interceptor was cited as the reason. The township has voted to go along with the area interceptor system which would empty into the Detroit River at Dequindre Road in Avon Township.

A suit was filed by some township residents and a major industry which are already serviced by village facilities.

TO NEGOTIATE

Clerk Thelma Spencer said consultants from the firms of Stratton and Assoc., Johnson and Anderson and Bebout, Peters, Cox and Polers had been instructed to set up a meeting with village officials to work out an agreement.

Mrs. Spencer said under terms of the agreement a number of lines would remain in village hands. She said the township hoped to get wholesale rates on services and maintenance of those lines.

It is ownership and control of any new lines that the township wants, she said.

Restaurant Sold

HOLLY — Sale of the Hawaiian Gardens Restaurant to the new firm of Brothers Shea, Inc., of Detroit has been announced by the present owner, Fred D. Barton.

Included in the sale, in addition to the restaurant, are the par three golf course and the motel.

Rail Signals Are Ordered for Crossing

AVON TOWNSHIP — The Michigan Public Service Commission has ordered the Grand Trunk Western Railroad to install automatic flashing-light signals at its crossing over Dequindre Road two miles east of Rochester.

The crossing presently is protected by advance warning signs and reflectorized warning signs.

The order was issued subsequent to an inspection of the crossing by Public Service Commission staff, together with representatives of the railroad, the Oakland County Road Commission and Shelby Township commissioners.

The investigation was initiated as a result of complaints by residents in the crossing area.

Because the area is expected to see considerable growth, Peter B. Spivak, commission chairman, said it is reasonable that the crossing be protected by automatic signals.

A 1965 traffic count shows that 2,293 vehicles use this crossing in a 24-hour period compared to 664 vehicles per 24-hour period in 1960.

Rail traffic is reported as one train each way Monday through Friday, with an occasional extra train on the line.

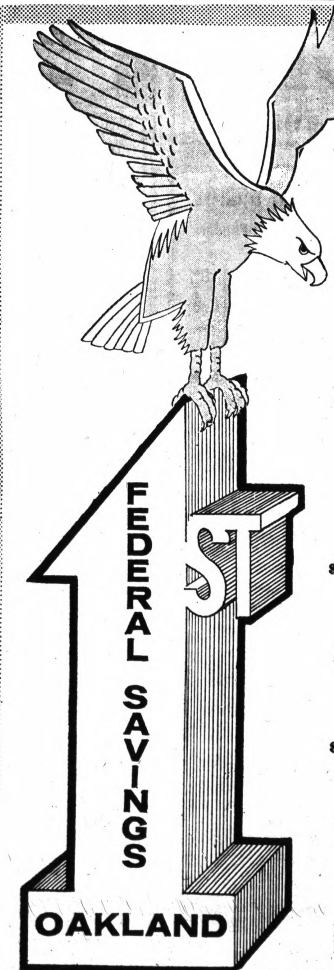

Avondale Vote on Bonds Likely

A resolution to permit sale of revenue bonds to finance construction of the senior high field-house will be considered tonight at a special meeting at 8:30 of the Avondale Board of Education.

The meeting will be held at the new board offices, 72 S. Squirrel.

Schools Supt. John W. Dickey said the Michigan Municipal Finance Commission had refused to approve the sale on the basis that the bonds would be paid for by state receipts.

The board will vote to underwrite the \$300,000 debt, Dickey feels.

Leaflet Distributed in Boycott

Berkeley Chancellor Pleads: Go to Class

BERKELEY, Calif. (AP) — Chancellor Roger W. Heyns pleaded by leaflet today with striking Berkeley students at the University of California as some students and teachers planned to continue a classroom boycott.

"Reflect upon your real reason for being at Cal, and give first priorities to your studies," Heyns said — as final exams approached — in leaflets distributed at campus entrances by university employees.

The student strike committee's decision to resume the boycott following the weekend came Sunday after Heyns flatly refused to negotiate the dispute in the presence of nonstudents in either an active or advisory capacity.

Heyns apparently was refer-

ring to Mario Savio, a non-student strike leader who also led, as a student, the massive free speech movement demonstrations at the campus in 1964 which resulted in 700 arrests.

NAVY RECRUITERS

The dispute that began last Wednesday over an on-campus Navy recruiting table led to a sit-in, a fight and the arrest of 10 persons, including six non-students.

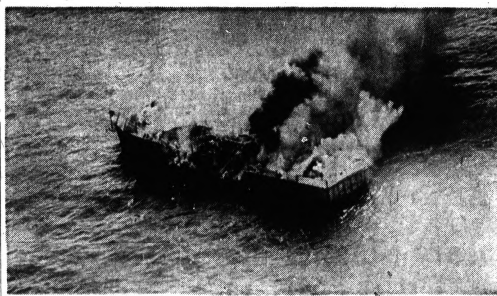

In reply to Heyns' brief, sharply worded message Sunday, the strike leaders said: "The strike committee is distressed by Heyns' refusal." "We cannot believe that if the chancellor does not truly desire to enter into meaningful negotiations."

Tom Irwin, press secretary, a nonstudent, said the strike would continue.

The Heyns leaflet, entitled "Where I Stand," said, "The

CAMPUS REFORM

Heyns promised a "student-oriented" plan to bring reform to the campus. He said he would report on it to the faculty's Academic Senate today.

SINKS IN ATLANTIC — The Tinsley, a 104-foot converted air-sea rescue craft, burned and sank about 10 miles off the coast of Clearwater, Fla., Saturday. The fire apparently started in the engine room. A crew of three escaped unharmed in a rubber raft and was picked up by passing pleasure boats.

STANLEY VAN TUINEN

Police Officer Slain in State

GRAND RAPIDS (AP) — Charged with first degree murder in the fatal shooting of a police officer, Roberts Woods, 45, of Grand Rapids, demanded examination Sunday at his arraignment in St. Mary's Hospital.

Woods, wounded four times by police gunfire, was listed in fair condition. He was arraigned by Municipal Judge John T. Letts who set a preliminary hearing for Dec. 14.

The victim, Sgt. Stanley Van Tuinen, 35, father of six children, was fatally shot Saturday night while investigating a neighborhood squabble. He had been on the force since 1953.

Fellow officers say Van Tuinen was shot in the face with a shotgun blast fired through the open front door of a house in the southeast section of the city. Police said Van Tuinen and other officers went to the house to investigate a report about a man firing a gun in a neighborhood bar.

Woods was wounded by police gunfire, officers said, moments after Van Tuinen was shot.

U.S. Officials Facing New Quiz on Viet

WASHINGTON (AP) — The Senate Foreign Relations Committee is going to cross-examine the administration again on its Viet Nam policies, says Chairman J. W. Fulbright.

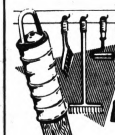

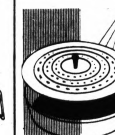

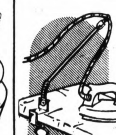

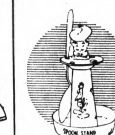

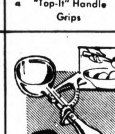

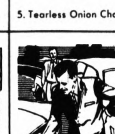

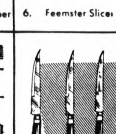

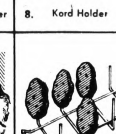

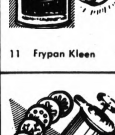

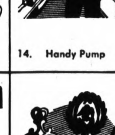

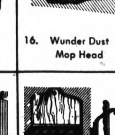

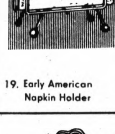

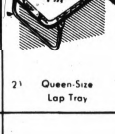

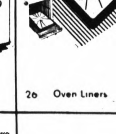

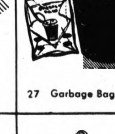

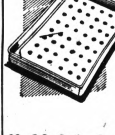

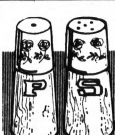

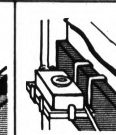

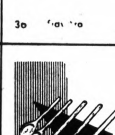

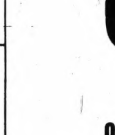

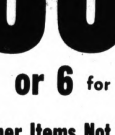

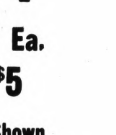

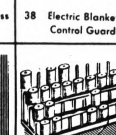

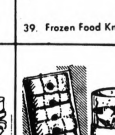

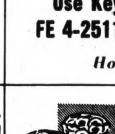

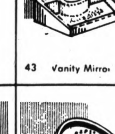

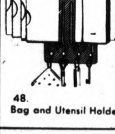

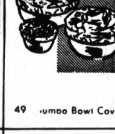

The Arkansas Democrat, a critic of U.S. policy in Viet Nam, said in an interview that government officials also will be asked to assess what is going on in Communist China and the condition of the North Atlantic Treaty Organization.

Fulbright said no definite arrangements have been made, but he expects to hold both public and private committee sessions.

Hearings this year erupted into some bitter arguments between committee members and witnesses, including Secretary of State Dean Rusk.

Fulbright said he hopes the administration can say what's happening in China. Fulbright said the United Nations' latest rejection of membership for Red China "reflects deterioration in the opinion of people everywhere on Communist China. The Red Guard actions have disturbed a great many people."

The European phase of hearings may deal with Senate Democratic leader Mike Mansfield's call for American troop reductions in Europe. He is a member of the committee.

America Incurs Staggering Penalty for Policing World

A very pertinent, pointed and penetrating question is asked in a recent issue of "The New Statesman."

Here it is:

"By what right does America seek to police the world when it cannot even maintain law and order at home? In half a dozen great U. S. cities, race-insurrection flares. Thousands of soldiers are brought in to reinforce the police. Snipers take pot shots at citizens. . . . Since 1900, 750,000 have been killed by guns in the U. S. — 220,000 more than America has lost in all her foreign wars."

And yet a nation as impotent, as helpless and as utterly incompetent in maintaining law and order at home grandly presumes to "police the world."

This is idle mockery.

And so's the cost—in money and,

vastly more importantly—in the lives of our own boys.

Only the Australians help. They alone contribute.

Why should a nation that can't even keep its own backyard clean and decent pretend to tell the rest of the world how to live—and then struggle to pay the bills for operating a world police force. And what's infinitely worse than the dollars and cents, we continue to bury our own dead while the world looks on—and criticizes our methods and procedure.

Will the time come when we mind our own business and let our boys live normally at home with their families? We stick our big nose in willy-nilly and get it savagely punched as the funeral processions slowly continue the long trek to the final resting place.

Warren Report Furor

For some reason, I simply can't get excited over this current furor created by the late President's death.

It smacks of commercialism.

Someone has his hand out.

Is it simply to sell books, magazine articles, movies or TV shows and cast doubts on the Warren Report? This newspaper

holds no brief for Justice Warren, that's for sure.

But the murderer is dead.

His assassin is in jail. The KENNEDYS want the matter dropped and Governor CONNOLLY of Texas feels the same way.

Why continue?

What do we gain?

As someone said: "Anything more's un-Warren-terd."

J. Edgar Hoover

In a bulletin to his Federal Bureau of Investigation associates, J. Edgar Hoover summarized some of his current thinking in remarks that deserve nationwide dissemination.

He said:

We must reawaken in every citizen a fierce devotion to supremacy of law and equal justice;

We must forever renounce the idiocy that associates glamour and heroism with lawbreakers; All criminals must be brought to the bar of justice for realistic handling, not merely maudlin sympathy;

Means must be provided to defeat the enemies within our borders who are puppets of en-

emies without;

We must insure by every lawful means that differences are resolved in the courtroom, not in the street;

We must adamantly insist that each individual is held responsible for the natural and probable consequences of his acts.

And then he concluded:

"Let the hoodlum, the racist, the demagogue, and the exponent of anarchy know that the great, quiet power of this Nation lies in her law-abiding citizens, and they will stomach no more. The choice is ours. The time is now."

These words deserve nationwide acceptance, and as he says: "The time is now."

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

David Lawrence Says:

Lessons of '41 Still Important

WASHINGTON—While much attention is currently being given to the anniversary

of the surprise attack on Pearl Harbor 25 years ago, little is generally known, even today, about what really happened in the months immediately preceding the outbreak.

American officials had a feeling at the time that an attack was imminent, but military men thought it would come in the vicinity of the Philippines.

A few weeks before the assault on Pearl Harbor, this correspondent had a long talk here with Adm. Nomura, the Japanese ambassador to the United States, who was plainly worried about a possible war. He felt it would be senseless, and privately remarked:

"If war comes, you will win. But war settles nothing that peaceful negotiation at the opportune moment could not settle much better."

It is a fact that Adm. Nomura wasn't told in advance by his government of the plan to attack Hawaii or of any decision to break off diplomatic relations with the United States.

Cordell Hull, who was secretary of state at the time, voiced his anxiety in Cabinet councils. He believed that war with Japan was likely and was well-aware that the Hitler government in Berlin was doing everything it could to consummate a secret alliance with the Tokyo regime.

While American entry into World War II might not have been prevented, due to dangers on the Atlantic side, there is reason to think the Japanese might have become an ally of the West rather than a partner of the Nazi government in Germany.

The lessons of 1941 are more than ever important today. President Johnson by his recent trip to Asia dramatized before all Asian peoples the deep interest of the United States in helping them achieve a better standard of living, the lack of which has enabled the Communists to gain the upper hand in China.

It is apparent, as Ambassador Nomura predicted, that war hasn't settled the Asian dilemma. The peoples of the world, however, are better informed today, and this can lead to constructive steps in Asia.

such as were taken in Europe in 1947 through the Marshall Plan.

Maybe if Asia had been given similar help in the postwar period, China would not have been seized in 1949 by the Communists. Then perhaps

there wouldn't have been a Korean War in 1950 or a Viet Nam war today, both of which have cost many more billions than would have been needed to finance a plan for economic aid to Asia through the last 20 years.

Bob Considine Says:

Sukarno Busy Defending 'Father of Country' Title

JAKARTA—President Sukarno gave himself the title, "father of his country" some years ago and has been busy ever since defending his crown. The 67-year-old pixie who managed somehow to survive the awesome coup and counter-coup of a year ago is reported in the best diplomatic circles to have taken up to himself a new 17-year-old beauty to replace the 17-year-old girl who apparently jilted him recently.

As a practicing Moslem, Sukarno is permitted four official wives. Best known of these is beautiful No. 3 wife Dewi, pseudonym Dewi, who is Japanese. She is pregnant with her first child and is presently in Tokyo under her obstetrician's care.

No. 4 wife Harjati is busy these days writing long letters to the Indonesian press denouncing it for printing rumors that Sukarno has divorced her.

Every Friday afternoon a government helicopter flutters down on the lawn of Sukarno's superb palace in Jakarta proper, picks him up, flies him to Bogor Palace 40 miles from the city. There he spends the weekend with No. 2 wife Hartanti.

'COMMUNIST WIFE' In the diplomatic set she is known as his "Communist wife." She has not been seen in Jakarta since the almost-successful Communist takeover. She has two sons by Sukarno.

The weekends with No. 2 wife now constitute the only trips Sukarno makes out of Jakarta.

That leaves No. 1 wife. Sukarno would just as soon you left it that way. Fatmawati Sukarno is presently in London undergoing treatment for high blood pressure and diabetes. She is the only legal first lady of Indonesia.

As readers of Cindy Adams' revealing biography of Sukarno are well-aware, he is proud of his prowess.

FEMME FATALE The Russians foolishly tried to blackmail him by taking

infrared pictures of him and a Soviet femme fatale they had steered to his Moscow boudoir.

When they showed the finished film to Sukarno and threatened to release them to the world if he didn't make certain accommodations that would help Soviet influence in Indonesia, Sukarno shouted with joy.

"Wonderful! Marvelous!" he said suffused with gratitude. "Please do release the pictures and then my people and the whole world will know what a great lover I am."

The Russians retreated in disorderly fashion, muttering.

'Tax Hike Unwise' The Denver Post

Unless President Johnson is planning a vast and dramatic new escalation of the fighting and spending in Viet Nam, we do not believe he should ask Congress for an income tax increase next January.

The American economy—although it is generally robust and secure—appears to be slowing somewhat in its upward pace, and a weakening of consumer demand and business investment as a result of a tax increase might now prove dangerous.

New housing starts are at the lowest level since World War II; automobile sales and production are off; sales of durable goods in general have been weakening, and a number of economic indicators point to a slower rate of economic growth.

If, at this time, the economy were required to absorb the shock of a \$15 billion tax increase—the figure mentioned by Rep. Hale Boggs, D., La.—the damage could be considerable.

Voice of the People:

Actions of Teen-Agers Add to Bus Service Woes

I understand cutting bus service if the Transit Company was showing no profit. But I feel one of the main reasons would include high school teen-agers who ride to and from school for 30 cents a day. I now see why adults do not wish to patronize the service and I speak specifically about the Negro boys and girls who attend Pontiac Central and ride. Their behavior makes me ashamed that I'm a Negro.

Monday, November 14, 1966, there were two police cars downtown to bring them under control. They used vulgar language and cursed the bus drivers. They don't pay their fares and when the drivers ask them, they start swearing. The bus company should make them walk home for a while.

The buses are so crowded with these kids, the grown people who work hard all day can't get a bus until 4:45 p.m. These kids have been out of school since 3:15 p.m. and they mill around downtown for an hour so they miss their bus home. This leaves the adults with no way until the school crowd has diminished. These Negro teen-agers are the offenders.

This letter has to be written to try and get through to them. Our pastor has mentioned this in church but it has failed to reach them. What is left? The Negro race says we want equal rights but speaking as a Negro myself I do not believe most of us are ready.

There are plenty of fine Negro people who appreciate the same things as the white man. There will come a day when the Negro race will have to be separated, because regardless of how much help you give some of them, they are not going to improve.

How many of these Negro teen-agers go home without books? How many hear themselves through town loud and boisterous and using wrong language? How many out of a graduating class of about four hundred will enter college? How many have an average above a C? I hope the Editor of The Pontiac Press will print as much of this letter as possible. There must be some way of getting through to these teen-agers to make them see.

They don't realize the anguish they cause adults. I am sure many good bus drivers have quit driving because of the abuse they suffer at the hands of roughnecks. One bus driver said "I have to work, but I don't have to take that off those kids." I am giving the Press my name, but I wish that it not be used. Please sign.

A CONCERNED CITIZEN

(Editor's note: Although it has been reduced 50%, this letter still exceeds our official and unofficial lengths; but we feel it is an unusually penetrating analysis and presents one of the most important problems before the Nation today.)

Question and Answer

Please define "low-cost housing" in a single house or apartment. What is the middle class standard? The question is for Pontiac area only, not a federal or state question. What's the price range with taxes. Does it depend on salary or job or head of the household or size of family? Does it depend on neighborhood, number of rooms or age of structure? Does it depend on built-in conveniences?

REPLY

After discussing your questions with James Bates of the Urban Renewal Department, we learned the answers are involved and don't lend themselves to a short reply. If you will call Mr. Bates at FE 3-7131, he will be happy to talk to you or make an appointment to see you at his office, and will do all he can to clarify this matter for you.

and great enough to require a national income accounts deficit approaching \$10 billion, a tax increase will undoubtedly be necessary.

But if the war can be supported with a moderate deficit, we believe that alternative would imperil the health of the economy far less than a tax increase in the present circumstances.

Mideast Menace

The Columbus Evening Dispatch

The Nineteenth anniversary tomorrow of the United Nations' partition of Palestine into free Jewish and Arab states finds the tension that has prevailed virtually without letup there ever since at one or more warlike peaks.

If there is any wonder to be pointed to in the conditions that have developed it is the fact that except for the rather decisive Israeli Sinai campaign in 1956 at the time of the Suez crisis, the trouble has been held to sporadic guerrilla outbreaks in most cases more boisterous than warfare.

Arab and Jewish animosities, heightened and exploited by the ambitions of Nasser's United Arab Republic, have

been so intense it is a marvel that conditions have not been worse.

Lately the turn of events points to the situation getting out of hand. Israel's attack on Jordan in retaliation for Arab border forays is lacking in the kind of justification that brings ready sympathy and support from outside parties.

Arthur J. Goldberg, the United States Ambassador to the United Nations, has expressed this nation's dismay at the shape of things between Israel and Jordan.

As in arms to Jordan is under consideration, and the general picture is blurred by the ironic position in which we find ourselves forced to stand between friendly nations in a situation that never should have come about.

Supermarket Chains Calling Halt to Games, Prizes

NEW YORK (AP) — After it would get out of the game, business in January — although its Bonus Bingo was credited for half of the chain's 1966 sales increase.

"They've run their course," said Robert A. Magowan, Safeway chairman. "We don't think they have raised prices, but if the housewife thinks that, we won't fight her."

SWEEPSTAKES

Purity Stores Inc., an 84-store chain in northern California, dropped its sweepstakes games earlier, and offered a choice of Blue Chip stamps or a cash re-

Safeway Stores, Inc., the nation's second-largest food store operation, announced this week

bate of slightly more than 15 cents on \$10.

"It has become abundantly clear to us that games have lost their popularity," said Harold C. Ward, Purity president.

The Great Atlantic & Pacific Tea Co., which operates the nation's largest chain, said in New York last week it was neither adding nor dropping promotional games now.

"But that doesn't mean tomorrow or next week we won't change," an A&P spokesman said. "It is something always

under study, and we leave it to our five divisions to work out their own promotions to fit local situations."

MOVE MADE

Then in Kansas City, A&P joined Kroger Co. and Milgram Stores, a Kansas City chain, in dropping games.

Currently A&P doesn't have any games in its eastern division, from northern New Jersey to New England, but does in its other four divisions.

Kroger Co. in Cincinnati, Ohio, the third largest chain, issues trading stamps and runs an assortment of games.

"We consider games and contests normal promotional programs, designed to generate the high volume supermarkets must have in order to merchandise at low prices," a Kroger spokesman said before the Kansas City announcement was made.

UNDER FIRE

The games such as Bonus Bingo and televised horse races came under fire this fall from housewives protesting that they added to food prices.

Safeway probably would have continued Bonus Bingo or started a new game if it hadn't been for the housewives' protests, Magowan said.

Maurice Shulkind, general manager of Kansas City's Milgram, said the chain "was happy to be out of it."

One firm, Strategic Merchandising Corp. of New York, has sold Bonus Bingo and other games to 4,800 supermarkets — including Safeway, A&P and National Tea. It estimates the games paid nearly \$8 million in cash to 1.9 million winners in the year ended Sept. 30 — before the boycotts began.

UP TO CUSTOMERS

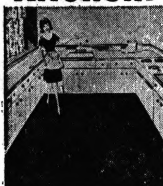

In Portland, Ore., a spokesman for Fred Meyer Inc., which has Let's Go to the Races, said a decision on the game's future was being left to customers.

"If the customers don't want

them, we will be happy to pass the savings along," a spokesman said.

"Dropping these gimmicks is wholesome for the industry," said Gene Walsh, general manager of Ralph's Grocery Co. in Los Angeles, which does not use supermarket games.

REAGAN BOOSTER — D. Bruce Evans, chairman of United Republicans of America, said on the weekend that his organization looks with favor on California Gov.-elect Ronald Reagan as a possible 1968 GOP presidential nominee, and opposes Michigan Gov. George Romney.

Allies Protest Reds' Berlin 'Provocation'

BERLIN (UPI) — Allied military officials have accused the Communist East Germans of "inadmissible provocation" in launching a tear gas attack Saturday on a French military patrol in this divided city.

Western diplomatic observers said the incident was part of an intensified Communist propaganda campaign against the new Bonn government headed by ex-Nazi Kurt-Georg Kiesinger.

The protest to the Soviet command was made yesterday by the French commandant, Maj. Gen. Francois Binoche.

A French spokesman said the Communist border guards threw two tear gas grenades at a French military jeep patrolling the border in the French sector's Fromm district. None of the French soldiers was injured in the incident.

Diplomats said the Red border guards had been under strict orders not to create any incidents along the border of the city and that this one was the outgrowth of a spiraling bitter propaganda campaign against the new Bonn government being intensified by the East German regime.

Rocky Urged to Run in 1968

NEW YORK (AP)—Gov. Nelson Rockefeller, who repeatedly has said without qualification that he will not run for the presidency in 1968, was urged Sunday to reconsider by outgoing Deputy Mayor Robert Price.

Price said that in terms of performance, "Gov. Rockefeller will probably make the best president of the United States among those eligible from the Republican party."

Rockefeller later commented through a spokesman that his decision not to seek the presidency "is irrevocable."

Price engineered the spectacular mayoral victory in 1966 of Republican John Lindsay, has worked on presidential primaries for Rockefeller and has been rumored to be sought by Michigan Gov. George Romney.

"HEADACHES"

Do you suffer from frequent headaches? Too many people do. Covering them up with aspirin gives only temporary relief. The underlying problem remains. Chiropractic treatments attempt to get to the cause of the condition, which in many cases, is pressure on the nerves in the spine and neck. Once the nerve pressure is removed, most headaches disappear. If you have lived with this pain over the years, and been told, "it's your nerves, take some aspirin," then give chiropractic a chance. Results measure the merit of anything. Chiropractic claims nothing it has not already accomplished many times.

Sampling Of The Bang-Bang Type Of Toys

Bombs, Mines, Dolls . . .

Realistic War Toys Abound

By TOM TIEDE
Newspaper Enterprise Assn.
NEW YORK—The jungle fighter had a queer smile on his face as he leaned around a brick wall and observed a man standing a few feet away. Quickly he pulled a small black bomb from behind his back and set the fuse with a twist.

The bomb began to tick loud,ly.

Then it was rolled under the legs of the human target.

There was an explosion, of course, but not really. The soldier was a 7-year-old boy, the target was his father and the bomb was only a toy.

It happened in the kiddie corner of a large, very gaily decorated department store.

Everybody who heard it the blast laughed at it.

Then they returned to their Christmas shopping.

It was all in fun, understand, but no matter. Even if the father had gotten a leg blown off, he was in the right place.

This season's Christmas toys allow for any eventuality . . . and just two aisles over was a "genuine" medical corps kit.

replete with bandages, a hypodermic needle, blood plasma bottles and a stretcher.

And actually, the make-believe medical corps kit should be a "must" item on Dec. 25. This year the weary war in Viet Nam has inspired any number of ways a counter-insurgent youngster can make believe he is exterminating his family.

The Booby Trap Land Mine is a ripe example. It is an olive drab explosive device rigged to a trip spring — just like the Viet Cong does it.

When the setup is triggered the bomb shoots "high into the air and explodes." This lift, presumably, makes for a clean kill in the area of the stomach.

"Here's another nifty," said a clerk.

"What is it?" he was asked.

"A Molotov cocktail."

"What?"

"You know. Real ones are filled with gas and rag wicks."

"Oh."

"Beautiful, isn't it? And it's selling like hell."

MAKERS STEERING AWAY?

All war toys are. Though most manufacturers insist they are "steering away from combat items," it is not evident in the merchandise mart.

In fact, many stores look like ammunition dumps and the shelves are loaded with guns that bang, tanks that pow, planes that roar . . . and pictures of boys with bayonets in their teeth.

One realistic design is a life-size hand grenade which, when

thrown at the neighborhood kid or somebody, detonates a loud cap in its warhead.

Another is a "155" artillery piece that is operated electronically with blinking lights and flash suppressor and, on command, knocks down a small stone wall.

LIGHTNING WARFARE

Then there is the magnetic drawing kit which enables a lad to color a knife-wielding frogman vicious. Or the binoculars which shoot guided missiles, or the replicas of the M-16 automatic rifle, or the Blitzkrieg "game of lightning warfare."

But perhaps the most elaborate of all is the GI Joe doll. It comes ready to dress in a dozen different costumes from jungle fatigues to Australian bush uniforms. And each outfit, he assured, carries all manner of sidearms, machine guns, flame throwers and survival kits.

All of this, in truth, is deplored by many toy makers. "It's ghastly," admits one. But in defense they say simply that they are "giving the people exactly what they want."

And thus, it seems, football uniforms and electric trains have taken the rear echelon this Yule; holiday trees are destined to be surrounded by steel helmets, plastic road mines, ammunition clips and satchel charges.

Junior Editors Quiz on BLACKBERRIES

QUESTION: Why are blackberries red, when they are green?

ANSWER: This question is a bit confused, but our picture should clear everything up. When blackberries first appear on the vines, they are hard, green and sour, as our friends are finding out.

When Joe and Jill look at them later on, the green berries have ripened somewhat and have turned red, but they are still sour. In the final stage of ripening, they become black and taste wonderfully sweet.

The two other small folks at lower right have brought up a good point: In some varieties of blackberries, the ripe fruits are other color than black. The Loggansberry, for example, a kind of blackberry grown on the Pacific Coast, has fruits of purplish red when ripe.

Another kind has yellowish or amber-colored fruits. Most remarkable in color of the blackberries is the white kind, which is partly transparent, so you can see the seeds inside. This was one of the unusual fruits produced by the famous agriculturist, Luther Burbank. Burbank created the white blackberry by crossbreeding other varieties.

FOR YOU TO DO: Read about Luther Burbank in an encyclopedia to find what other strange fruits and flowers he produced.

Heart Aids Now Stressed

By Science Service

WASHINGTON — The National Heart Institute has given up thought of pushing a crash program to design an artificial heart in favor of research to improve heart pumps and other assist devices.

One reason is that science is much closer to reaching a significant level of improvement in that field than it is in the realm of totally implantable devices.

And since one of its major aims is to rehabilitate patients, it makes sense to follow the easier path, according to NHI spokesmen.

The heart institute program, which had been going slowly, now has a definite, three-step plan to follow beginning with efforts to create devices that will reduce the work load on a natural heart and increase coronary blood flow — a kind of booster heart.

Mrs. Stiller Slates Program

Mrs. Arthur Stiller, Michigan division chairman of Horticultural therapy of the Woman's National Farm and Garden Association will speak at the Woman's World Series Wednesday in The Pontiac Mall.

The 10 a.m. program will revolve around the making of Christmas decorations and gifts.

That same day at 8 p.m., the Lorraine Manor branch of WNFCA will hold a bazaar in The Mall.

Proceeds will be used for a scholarship fund to benefit Nancy Mills of Holly.

will highlight the Christmas party, Wednesday, in the Bloomfield Hills home of Mrs. Eugene Nalepa.

The sale, with Mrs. James Quinn as auctioneer, will follow the one o'clock dessert. It will not be the usual bazaar-type but a unique collection of specialty items.

Members are donating baked goods. Drug samples from their husbands' supplies will be contributed to the World Medical Relief Organization.

State auxiliary officers will be among the guests at the affair which is planned to aid the nurse scholarship fund.

Assisting Mrs. Thomas S. McInerney of Royal Oak, cohostess will be Mesdames: Walter J. Zimmerman, Daniel R. Scholes, Neal C. Brady, John H. McLaughlin, Richard M. Berg and Arnold L. Brown.

Send Along This Cake With Son

By ELIZABETH L. POST

Dear Mrs. Post: My son is in college and has been invited home by a dormitory mate for part of the Christmas holiday. What should he do — offer to pay for the three or four days he is there? Offer to help in the home?

I am thinking of making a fruit cake and butter cookies for him to take to his friend's home. Please let me know what he should do. Mrs. Drew.

Dear Mrs. Drew: Three cheers for you! No money, definitely — and of course he should offer to help with the chores around the house. But the nicest thing you could do would be to send your home-made fruit cake with him.

For the Christmas holidays, with friends dropping in unexpectedly, I can't think of a gift I would rather receive.

Dear Mrs. Post: Please answer a distress signal! I have a boy friend next door one year older than I, quite serious and very sensitive. He is very sweet and I like him a lot but he really doesn't fit in my set. His clothes and his inability to dance make him quite immature. There are lots of other boys that I would like to meet. All I care to have with him is a neighborly relationship. How do I obtain this and only this? — Distressed.

Dear Distressed: I realize you don't want to hurt him, but sometimes a little hurt now is better than a big hurt later. Level with him today. Tell him how much you like him and that you will always want him as a good friend, but that you want to expand your list of acquaintances, and you don't want to get the reputation of being tied up with one person.

Before you do it, though, be sure this boy's friendship isn't worth more than the ones you hope you may replace it with!

Brooksiders See Exhibit

An exhibit of articles made at recent workshops highlighted the December meeting of Brookside branch, Woman's National Farm and Garden Association.

Mrs. Harold A. Cousins was hostess in her home on South Hills Road with Mrs. Adolph Magnus and Mrs. Ned Trissell assisting.

The group will present wrapped gifts for men and women at Pontiac State Hospital and is planning another scholarship for a college student.

Singing of Christmas songs followed organ selections by M. A. Calbi.

Mrs. Cecil Newstead and Mrs. Thomas L. Meriweather were guests.

WOMEN'S SECTION

How Will Father React?

By ABIGAIL VAN BUREN

DEAR ABBY: Joe and I have gone together for three years and we are very much in love. We will both graduate from college in June and we want to get married. Our problem is my father.

You see, he is a Baptist preacher, and Joe's father runs a tavern, but he is a respectable, law-abiding citizen just the same. To make matters worse, Joe and his family go to another church. What are we going to do, Abby? I am afraid if I tell my father I want to marry Joe he will have a fit.

ABBY

DEAR ABBY: Neither was the jeweler. It's not hard to figure out how he became the town's leading jeweler.

DEAR ABBY: How could you do this to us? After trying so hard to "graciously" decline dinner invitations at the homes

so whenever my husband wanted to buy me something he would go to his friend, who always had just the right item for me.

Being practical I hated to see my husband spend the money on frivolities, so one day I went to the jewelry store and told the owner, "One more piece of jewelry and I am going to bring it back!"

He said, "Don't you dare. I have a customer whose wife did that, and now he's buying jewelry for another woman!"

After that, I kept everything my husband bought for me.

NOT SO DUMB

DEAR NOT: Neither was the jeweler. It's not hard to figure out how he became the town's leading jeweler.

DEAR ABBY: How could you do this to us? After trying so hard to "graciously" decline dinner invitations at the homes

of my pupils, you come out and say it's all right for teachers to accept such invitations.

Abby, if I were to accept one, the other 37 would pounce on me, and it would mean one continuous round of winning and dining. And the evening is nothing but a parent-teacher conference with the kids thrown in.

I have a rule — I never accept a dinner invitation at the home of a pupil as long as that child is in my room. If they really want me they can invite me after he leaves. (Would you believe no one ever has!)

Jaycee Auxiliaries Look for Dedicated Woman

Michigan Jaycee auxiliaries are sponsoring a search for four outstanding young women active in community service.

Mrs. Charles Toby, 2384 St. Joseph, is chairman of the Pontiac committee.

Any organization in the area may nominate a candidate who meets the following qualifications:

• She must live in the Pontiac area; be at least 21 years of age, and be married.

• She must not have passed her 38th birthday before June 30, 1967.

• She must have shown continuing dedication of service and interest in the community.

Names and qualifications of nominees should be sent to Mrs. Toby no later than Dec. 20.

Awards will be announced at the Jaycees winter convention on Feb. 5.

**A Honeymoon in North
for Melvin R. Schotts**

The Melvin Roger Schotts (Nancy Sue Jones) left for a northern honeymoon after Saturday vows in the Auburn Heights United Presbyterian Church.

Her parents, Mr. and Mrs. T. E. Jones were hosts at a reception in their home on South Squirrel Road, Pontiac

Township, following the evening ceremony.

The bride's street-length gown of white pease de sole and French lace was styled with two back panels held by a Dior bow. Simulated pearls capped her bubble veil of illusion.

A corsage of white Sweetheart roses centered the bridal bouquet of white carnations encircled with ivy.

Pamela Alexander, the bridegroom's niece, was the bride's only attendant.

Marvin Schott was best man for his brother. They are the sons of Mrs. Clarence Schott of Carter Street and the late Mr. Schott. Unshed brother, Robert Schott, ushered with Robert Stauble.

**Make Own
Christmas
Snow-Time**

"Custom" candlesticks, which lend a luxurious air to Christmas decorations, cost next to nothing when you make them yourself. Cover any low holder with "snow" made by beating dry soap or detergent with a little warm water to produce stiff meringue.

Next, stir in enough more product to thicken the suds to a molding consistency. Use this mixture to shape a "snowball" with your hands, and place it on the candlestick. Now trim this ornament by imbedding chains of miniature Christmas balls, glitter, sequins, or other decorations into the damp surface. Finish by inserting a pretty candle at the top.

Both trim and candle will adhere to the suds-snow as they dry — and your festive creation will gleam and sparkle in the soft glow of Christmas candlelight.

One way to remove the top of a fresh pineapple: protect hands with cloth and twist the top off.

DEAR POLLY — When putting glitter on Christmas packages, sprinkle the glitter on, then LIGHTLY spray with hair spray. The hair spray causes glitter to stick as well as glue and is invisible when it dries. This smells nice, leaves a lasting perfumed scent on the package and is faster, too. —B. P.

GIRLS — You must spray LIGHTLY and be careful not to hold the can too close to the package. —POLLY

DEAR POLLY — If you run out of Christmas cards and cannot get more, cut a picture from another card or even a book or magazine, paste it on the face of a government post card and add your own greeting. DEAR POLLY — A charming doll house may be made for Barbie dolls with scraps of wallpaper, boxes and patience. Select a box the size you want the room to be. Cut it diagonally but do not cut out the bottom. Choose the paper wanted for the walls and paste it on. Take brown paper and cut to the size of the floors of the boxes.

Woodlike adhesive-backed decorative paper would give the floors a more realistic look. The boxes are cut diagonally because most are not big enough for a large room and do not lend themselves to many furniture arrangements. Those used for various rooms can be stored by "nesting" them. The two walls of the box just suggest the

Wasting Food Nullifies Bargain Shopping

By MARY FEELEY
Consultant in
Money Management

"Some women who pride themselves on keeping the food bill down when they shop will waste enough food through careless storage after they get it home, to offset all their economies," says a veteran home economist.

Women in general, it seems, pay less attention to proper food storage than they might. Which means they throw out a higher percentage of food-

stuffs than they probably need to, simply because they're not sure whether it's still edible or not.

"When in doubt, throw it out" is of course the safest slogan as far as health is concerned. But what a pity if a little more concern with storage could have prevented the waste.

Another thing, too, that hampers some of us housekeepers—when we get a big, new, gorgeous refrigerator with all the latest features, we somehow assume we needn't bother doing anything ourselves anymore—such as thinking and planning.

The new appliance will do it for us. As an example, according to one of the home economists I talked to on this subject of food storage:

"One woman told me the other day she was surprised to learn she could wash out her new refrigerator occasionally! Because it was frost-free, she'd just assumed that these new models didn't even need washing out anymore."

Some basic rules for proper food storage might serve as a handy checklist which you can paste up on the kitchen wall. Let's start with the good old family favorite, hamburger.

Hamburger or ground meats are more susceptible to spoilage because a large surface of the meat has been exposed. (A rule of thumb is that the smaller and finer the cut of meat, the shorter its life span.) It's considered wise to store such meats in the refrigerator for not more than one or two days.

Follow the same rule for variety meats such as kidney, liver, fish, left-over meat dishes. Large cuts of meats, ham, corned beef can be kept safely for three to five days.

Dairy products can be kept for three to five days also. Keep only enough butter for immediate use in your refrigerator. Butter becomes rancid when exposed to warm air.

Keep the rest of the butter tightly wrapped or covered in the coldest part of the box. It's generally considered a good practice to keep greens in a plastic bag in the refrigerator. But a word of warning here: be sure the greens are thoroughly dry before putting them in the bag. Otherwise moisture on the leaves will cause the greens to rot long before they would otherwise wilt.

Keep them in the vegetable compartment in the lower part of the refrigerator where the somewhat warmer air is most suitable.

You've probably wondered why transparent film wrappings and cardboard trays used in pre-

packaging should be removed from meat before storing it in the refrigerator — and why you're beset to rewrap the meat loosely.

The reason: tight packaging, designed for stock convenience and sanitation, keeps fresh meat in a moist atmosphere encouraging the growth of micro-organisms. Meat is heated by the circulation of air in the refrigerator and this air can penetrate loose wrapping.

When you buy a chicken or fowl with the giblets and other organs tucked inside, remove these before storing the bird. Wrap them separately and store so that they cannot cause an unpleasant taste or odor — as can happen if bird and insides are wrapped tightly together for any length of time.

Be sure to re-seal any frozen food packages that have been partially opened in order to use only a portion of the contents. Air circulation in the refrigerator can cause dehydration to such foods if the package is not properly re-sealed.

If you like to store bread in the refrigerator, be sure it's well-wrapped — and re-wrapped after being opened — otherwise it will dry out.

(For Mary Feeley's "Make a Every Dollar Count" booklet, send \$1 to her in care of The Pontiac Press.)

Hansz of McClintock Road. She is a junior at Western Michigan University and member of Alpha Chi Omega sorority. Her fiancé attends Lawrence Institute of Technology. A June wedding in Christ Church, Grosse Pointe, is planned.

County Democrats Set Theatre Benefit Gala

The Oakland Democratic Committee of Pontiac has bought the first benefit performance of the John Fernald Company of the Meadow Brook Theatre, it was announced today by theatre manager David Bishop.

The club bought all 600 seats for the Jan. 24 production of Bertolt Brecht's "The Caucasian Chalk Circle" by Oakland University's new resident company. Nine more Tuesday night benefit performances remain to be sold.

The theatre is offering the benefits to community organizations at a sizable discount as a means both to support the theatre program in its premiere season and to raise funds for the sponsoring groups.

The booking by the Pontiac Democratic organization leaves open one benefit performance.

formance of the Brecht play, plus two performances each of the rest of the season.

Inquiries should be addressed to Meadow Brook Theatre 1967, Oakland University, Rochester, Mich. 48063.

Why Grow Old?

The child of a friend of mine was given a pet chicken. A few weeks later the giver met Teddy and asked, "How is your little chick?" The child answered, "Just fine, but a rat got it."

Did you have good intentions about exercise but a rat got them? If so, perhaps isometric exercises are for you. As most of you know these take only a few seconds each. Therefore, many women will do them when they will not take time for others.

Isometric exercises do not take the place of the usual exercises or sports, but they have their own special and unique value. They increase tone and build muscle amazingly rapidly. They are figure molding in that they take up slack or tighten the muscles.

Lax muscles play an important part in many figure defects. Also the quick muscle buildup is pleasing when a woman is impatient to develop curves.

DAILY LIFE
You can work lots of isometric exercises into your daily life without having anyone know what you are doing. For instance, when you are sitting in a chair or driving a car pull your abdominal muscles in hard. At the point of greatest tension, hold for six seconds.

When you are facing a wall or some other object place your toe against it (stiff toes) and push hard. Hold at greatest tension for six seconds. When you are standing by a wall or some object turn sideways toward it.

Lift your arm with a straight elbow until your hand touches the wall and push against the wall or object. Hold at greatest tension for six seconds.

FIRMS ARMS
This is a good upper arm firming. When you are seated at a table or a desk place your hands under the table or desk, bend your elbows and try to lift the table or desk. Palms should be toward the ceiling. Even before you get up in

Holiday Recipe

Mr. and Mrs. Floyd Diamond of Olympus Drive, Independence Township, announce the engagement of their daughter, Sandra Armell, to Spec. 4 William Michael Casey, of Fort Bragg, N.C., son of Mrs. Leonard Shimko of Redford Township. Miss Diamond attended Pontiac Business Institute and is planning a Dec. 30 wedding.

Evening Rite Unites Pair on Friday

An evening ceremony and reception Friday in the Oakland Avenue United Presbyterian Church marked the vows of Linda Marie Koch and Donald Arthur Barrette. Mr. and Mrs. LeRoy Koch of Putnam Avenue and the Albert Barrettes of Livonia are parents of the couple who left for a northern honeymoon. White Chantilly lace over a silk crepe sheath fashioned the bride's street-length gown worn with silk illusion veil. She held a nosegay of white roses and carnations.

Mr. and Mrs. William Barrette attended the couple. Keith R. DuBois and Robert L. Koch seated the guests.

Area Groups Celebrate at Christmas

Alpha Alpha chapter of Epsilon Sigma Alpha sorority has completed plans for the annual pledge pin Christmas dinner on Dec. 15 at Fox and Hounds Inn. Mrs. Bert Anselmi is rush chairman. At the recent meeting in the home of Mrs. Anthony Grand on Cummings Road, Independence Township, it was voted to give a Christmas basket to a needy area family. Mrs. William Kay, ways and means chairman, announced a cooking demonstration, Feb. 16 in Consumers Power Company auditorium. Tickets may be purchased from chapter members.

ADK SORORITY Mrs. William Wright of Zeta chapter, Alpha Delta Kappa sorority, was hostess for the recent Christmas party in her Hammond Lake home. Assisting were Mrs. Ruth Wright, Mrs. Marjorie Cotterman and Mrs. Caroline Muecke.

Here is a new way to solve the problem of how to display Christmas cards, on a handsome bulletin board you can make easily from left-over gift wrap. Instructions for making are included in the accompanying article. From the Norcross Design Studio.

Make Bulletin Board to Display Cards

It's time again to choose the Christmas cards that best express our sentiments at holiday time, and according to Mrs. Peggy Gilbert, design studio head of Norcross Inc., the choice this year is more varied and colorful than ever. She cites examples from the new collection by Norcross, a greeting card publisher who's been in the business of pleasing Christmas card buyers for more than half a century. Favorite traditional themes are interpreted in new ways: the elegant partridge in a pear tree returns in new versions, from a stylized, contemporary rendition to an ornate, richly-tinted card with gold foil-lined envelope. Wise Men bearing gifts to the newborn babe, shepherds in the field and the tenderness of the manger scene all illustrate the ancient stories and Christmas carols we have loved since childhood and which our own children delight in hearing.

Getting beautiful cards at Christmas is twice the pleasure if you include them in your decorating plans. Here is a way to turn richly-illustrated Christmas cards into colorful holiday decor.

BULLETIN BOARD
Materials
1 package gift wrap

- 3 rolls Lustre-Cord
 - 2 sheets corrugated cardboard — 20"x27"
 - 1 sheet posterboard — 20"x27"
 - white glue
 - rubber cement
 - straight pins
 - masking tape
- INSTRUCTIONS**
- Glue 2 sheets of corrugated board together.
 - Glue posterboard to top of corrugated board and cover posterboard with gift wrap, bringing overlap to rear and cementing in back.
 - Cut seven 31" lengths of gift-wrapping cord. Line up cords horizontally on board, making sure they are at even intervals. Bring overlaps to rear and tape in place.
 - Cut seven 24" lengths of cord and line them up at even intervals vertically over half the board. Bring overlaps to rear and tape ends in place. (Check cords to make sure they are all taut.)
 - For finished effect, cement a sheet of gift wrap, 19½"x26½", to back of board to cover tape ends.
 - Glue strips of cord around rims of board. Pin cord to top side of board.
 - Cut 100" length of cord for side border and hanger. Leave 17" of cord loose, then pin cord to sides and bottom side of board. The two loose ends together in firm knot to use as hanger.

Sweet Sauce Sinks to Bottom of Pan

By JANET ODELL
Pontiac Press Food Editor
Some time ago a reader requested a date pudding recipe. Mrs. George Tozer, Mrs. Richard Ward and Marie Moriarty all responded, with Mrs. Tozer's recipe coming in first. A member of a garden club, Mrs. Tozer is also a golfer. She enjoys reading, sewing and knitting.

DATE PUDDING
By Mrs. George Tozer
1 cup pitted dates, cut up
1 cup boiling water
½ cup sugar
½ cup brown sugar
1 egg
2 tablespoons butter or margarine, melted
1½ cups sifted flour
1 teaspoon soda

½ teaspoon baking powder
½ teaspoon salt
1 cup chopped nuts

Add water to dates and let stand until cool. Blend sugar, egg and butter or margarine. Sift dry ingredients and add to sugar mixture. Stir in nuts and cooled date mixture. Pour into greased 11½x7-inch pan.

Mix together 1½ cups brown sugar, one tablespoon butter or margarine and 1½ cups boiling water. Pour over top of batter. Bake 40 minutes at 375 degrees.

Cut in squares and invert for serving. The sauce sinks to the bottom of the cake during baking. Makes 8-9 servings.

Thanks to 'Winchester'

The Megaphone Man Returns

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD — All because of a crazy new hit record called "Winchester Cathedral," Rudy Vallee finds himself hauling out his megaphone once more.

For the benefit of the new generation that knows him only as the stuffed-shirt magnate of "How to Succeed in Business Without Really Trying," it should be explained that Vallee was the Beatle of the asprine age. Through the depression years, his nasal baritone was heard in ballrooms and theaters and through records and phonographs in most American homes.

He was the first of the crooners. "I never had a very strong voice," he admits today,

"and the only way I could be heard — this was before loud speakers — was with a megaphone."

The conical cardboard gave his voice a distinctive sound, and it has been reproduced in the curious new record, "Winchester Cathedral," by an English outfit called the New Vaudeville Band. The first Vallee heard about it was when a Hollywood record company called him while he was appearing a few weeks ago in a St. Paul, Minn., night spot.

GETS OFFER

"How would you like to make some records?" he was asked.

"Are you out of your mind?" said the blunt Vallee. "Some days I can't even talk, much less sing."

Me was told about the "Winchester Cathedral" record, and he said he would listen to it before making up his mind. Vallee didn't care for the record at first, but he admitted its dripping nostalgia grows on the listener.

By the time Vallee had re-

turned to Hollywood, four record companies wanted him to make his own rendition of "Winchester Cathedral," as well as other tunes. He chose Viva Records, a subsidiary of Dot.

AWAY WE GO

"I don't think you'll be able to give away the records," he muttered, "but let's go ahead."

Last week he recorded the hit tune, along with some others of his own era: "The Whiffenpoof Song," "Sweetheart of Sigma Chi," "Who," plus a version of

"My Blue Heaven" that "would make Gene Austin turn over in his grave, if he were dead."

Vallee still has the red megaphone he first used while singing with a society band of five pieces at Maine resorts in 1924. Later he used a full-size one such as football cheerleaders once employed, but with a wider flare.

During his heyday as a singer, impressionists found much sport in imitations that stressed his nasal quality. That was overdone, he says.

IMPERFECTION

"When I started making records, the quality of reproduction was imperfect, and my voice sounded much more nasal than it really was," he said. "Why, I'm much less nasal than Nelson Eddy!" He sang "Rose Marie" a la Eddy as a demonstration.

Now a pink-cheeked 65, Vallee expects no rebirth of his singing fame. He plans to continue pursuing his acting career, and may turn up on "Batman" soon.

The Jewish Torah must be hand written on a scroll made from the skin of a kosher animal, usually a sheep or lamb.

RETURN OF RUDY — Rudy Vallee, first of the crooners, has hauled out his megaphone once more. He's made a record of a song called "Winchester Cathedral," after

an English band scored a hit with the same tune by reproducing the distinctive nasal sound Vallee achieves with his megaphone.

Hershey Favors Drafting Women

ANN ARBOR (AP)—The nation's draft director says he favors drafting women for the U.S. armed forces but adds there are no current plans to do so.

In an copyrighted interview with the University of Michigan Daily, Lt. Gen. Lewis Hershey said "I think we ought to draft them."

Hershey, head of the Selective Service System, added:

"One area where I've heard a lot of talk about drafting women is nursing. There's a real nurse shortage in the armed forces."

Hershey was interviewed in his Washington office last week by Roger Rappoport, a student reporter for the university daily. The interview was published Sunday.

Hershey predicted that a drop in voluntary enlistments and other factors may push draft calls upward in the latter part of 1967. He explained that the sharp cut in December-through-March draft calls probably would cut back enlistments and push the call upward again.

"Cyclically, we have found that our enlistments fall off whenever draft calls go down," Hershey said.

Defense Secretary Robert McNamara announced last month that the December-to-March calls would be about 80,000, down from 160,000 in the August-November period.

Hershey said several other factors will push draft calls upward, such as worldwide troop commitments, illness, combat deaths and wounded.

"The public gets optimistic when we say we're not going to raise our military strength much more in Viet Nam," Hershey said. "But our boys are not all in Viet Nam. We've got them all over the world."

"This is a very turbulent revolutionary world, and it's not easy to predict manpower needs."

The draft director estimated that half of the nearly 800,000 men who enlisted in the armed forces between June 1965 and June 1966 did so after they were notified they had passed their pre-induction draft physical.

Hershey explained that the men knew they were about to be drafted and decided to enlist.

McNamara's abrupt Thanksgiving decision to slash the January draft call from a previously announced 27,600 to only 15,000 came as a complete surprise to Hershey.

The draft director said he learned of the decision belatedly through wire service reports.

State Couple Still Missing

NEWBERRY (AP) — A plodding, snow-clogged search for an elderly couple who operate a summer resort at Pike Lake, 30 miles north of here, continued today over rugged Lake County terrain just south of Lake Superior.

The couple, Leslie Purman, 65, and his wife, Fay, 60, were last seen eight days ago when they left Pike Lake Nov. 28. The search began Saturday when the Purmans, car, locked and packed with luggage, was discovered buried in an eight-foot snow drift about 10 miles from Pike Lake.

Four inches of new snow, overnight hampered today's search. A Conservation Department aircraft, used in the search Sunday, was forced to land because of high winds.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth suffer embarrassment because their plates drop, slip or wobble at just the wrong time. Don't live in fear of this happening to you. Just replace a little PARTHET, the non-acid powder on your plates. Builds false teeth so secure they will stay in place. As sure as your own teeth, PARTHET is as sure as your own teeth. Police Firing Ruled Justified

Dismissal Is Upheld by Waterford Panel

The dismissal of a Waterford Township patrolman, who had disobeyed a direct order to sweep the police station floor Nov. 7, was ruled justified Saturday by the Waterford Township Fire and Police Civil Service Commission.

Ronald Freeman, a seven-year veteran of the force, was discharged three days after the incident, but was granted a hearing after appealing the dismissal.

Saturday's decision, which upheld the action of the supervisor as the appointing and removing officer of the township, climaxed a lengthy six-hour hearing which included considerable testimony. Another hearing, involving Freeman's dismissal, is scheduled for 7 p.m. Wednesday before the Township Board, under the Veterans' Preference Act.

HOWARD SHELLEY

Travel Series to Show Films of the Rockies

Movies of the Big Sky country of Montana and of yellowstone National Park in winter taken by local men are the third Travel and Adventure series program in Pontiac Northern High School Auditorium at 8 p.m. tomorrow.

Narrator Howard Shelley of 959 Spence, and Ralph Norvel of 70 W. Lawrence went into the Rocky Mountains via snowmobile to take the pictures.

Shots include a 20-horse pack train in Beaver Creek Basin, the ancient trail of Nez Perce Indians and trout fishing in Blue Dam Lake.

Shelley is a director of the Oakland County Sportsmen's Club and has appeared on the Michigan Outdoors television program several times.

Tickets and information are available from any Kiwanis Club member or George Stout of the General Printing Co. or Russ Gustafson at Pontiac Travel Booth.

The typewriter can be traced back as far as 1714. In that year, Queen Anne of England granted a patent to Henry Mils for a device to reproduce letters of the alphabet "so neat, distinct and exact as not to be distinguished from print." The first practical typewriter was invented in 1866 by an American, Christopher L. Sholes.

For Music School

Assistant Dean Named

An assistant dean has been appointed for the Meadow Brook School of Music, along with new directors of public safety and news service at Oakland University.

Named to the Meadow Brook post was John Denny, 42, a former professional choral musician and consultant in music education.

Denny received his bachelor's and master's degrees from the American Conservatory of Music in Chicago, where he majored in composition. He was a member of the John Halloran Chicago Choralists and James Dutton's Chicago Artists for Chamber Music.

Since 1958, he has been a sales and educational representative for Associated Music Publishers, Inc., of New York City.

Kickoff Slated for Fund Drive

"Operation Kickoff," a banquet to launch the March of Dimes' campaign, is 6:30 p.m. tomorrow at Kingsley Inn.

Active solicitation for "as much as possible" begins in January, according to Louis O. Michot, Pontiac chapter chairman.

Last year, \$15,000 was collected in the Pontiac area.

"No definite goal has been set, but in 1965 Oakland County increased donations by 25 per cent over those in 1964, and we'd like to do even better this year," Michot said.

March of Dimes' funds are distributed for patient aid and to local diagnostic treatment centers of birth defects.

Cabbie Loses Wallet, Cash in City Robbery

A Pontiac cabdriver was robbed of \$155, his wallet and a coin changer early today by a fare he picked up about 1 a.m., Pontiac police said.

George W. Matteson, driver for the Oakland Cab Co., said he picked up a man at Pontiac General Hospital and was directed to an address on Fildev Street.

Matteson said the passenger grabbed him around the neck, placed something against the back of his head and demanded his money.

The man, described as a Negro with a mustache, fled on foot from the Fildev address after taking the money, Matteson said.

Pontiac Twp. Store Robbed

A gunman masked with a white handkerchief took \$85 from a Pontiac Township grocery store owner this weekend, Oakland County sheriff's deputies were told.

William Newingham, proprietor of Vivian & Bill's Market at 521 S. Opydyke, said the bandit walked into the store about 8:30 p.m. Saturday and pulled out a snub-nosed revolver.

"Give me all the money in the register," the gunman said, according to Newingham.

After taking the cash, the bandit fled out the front door. The robber was described as a Negro in his 20s, about 5-foot-2, wearing a hat and dark overcoat.

Santa and the Giant Fighter

By LUCRECE BEALE
CHAPTER ONE

Once upon a time there lived a little boy named William Henry Christopher Preserve.

What a remarkably long name for a small boy to have!

What was even more remarkable was the amount of disturbance he caused.

Boys are sometimes naughty, everyone knows, and they are expected to be a problem now and then. But it seemed that because this boy had three names he got into as much trouble as three boys!

For one thing he did not like school. He day-dreamed. He talked out loud. He made strange faces. And he simply would not study his lessons.

"Two plus two and six minus

four!" he complained to his mother. "Who cares about all that? When I grow up I am going to be a giant killer. I don't have to study for that."

His mother told him there were no such things as giants but William Henry Christopher insisted there were.

He said giants were bigger than mountains and meaner than witches and a whole army of soldiers could not strike a strong giant down.

"You know perfectly well that's all make-believe," said his mother.

"IT IS NOT!" "It is not make-believe! I myself have seen lots of giants!"

That was another worrisome thing about the boy. He told

stories. Because, of course, he hadn't really seen lots of giants. Not even one. If he had why hadn't anyone else seen one? But he pretended he had and if you pretend something hard enough it's practically the same thing as true.

He made himself a sword out of two pieces of wood from an old orange crate. This was to fight giants with, he said.

He was always talking about the giant fights he expected to have. It was very tiresome.

TOLD STORIES

Often while eating dinner or getting ready for his bath he would tell stories about giants he had seen.

His parents were sick of these stories. They no longer listened. They hoped if they didn't listen he would stop pretending.

Then one day in school the class was having a spelling lesson.

The teacher wrote CAT in big letters on the blackboard.

BACK WAS TURNED

While her back was turned William Henry Christopher stood up and announced that on the way to school that morning he had seen a giant who had followed him all the way to the classroom.

"Am I probably hiding in the cloak room this very minute,"

This was very upsetting to the class and naturally the teacher complained to the boy's parents.

That night the boy's father spoke very sternly.

NEAR CHRISTMAS

It was near Christmas and the father said:

"You stop this talk about giants or Santa Claus isn't coming to your house this year."

William Henry Christopher said, "Father, have you ever seen Santa Claus?"

"Of course not," said the father, lighting his pipe. "But if you don't behave yourself he'll not leave anything in your stocking, you'll see."

JUST BECAUSE

"But," said the boy, "if there's a Santa Claus why can't there be giants?"

"Because I say so!" retorted the father, crossly and he spilled his pipe all over the rug.

"But there are!" cried the boy. "I know because—"

His father got to his feet and shouted. "Go to bed! No supper for you tonight!"

William Henry Christopher went to his room and got into bed without taking off his clothes.

I'm going to run away, he thought. I'll show them. They'll be sorry.

But it was really too cold and too dark and he was too tired to run away just then.

He pulled the covers over his head and went to sleep. At least he thought he was asleep but he couldn't have been because very clearly he heard a tap-tap-tap at the closet door and a high pitched voice, from inside the closet cried out, "Hey, you! Open the door!"

William Henry Christopher jumped out of bed. It's a giant! he thought wildly.

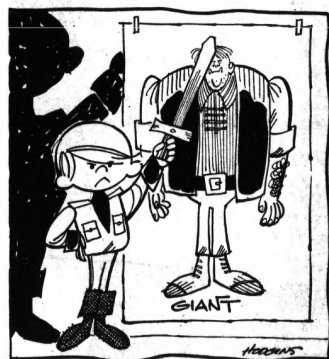

He snatched up his sword and threw open the closet door.

High-Interest Approach Burden on Poor People

By WHITNEY M. YOUNG, JR.,
Executive Director
National Urban League

The economic boom which is now in its sixth year is, according to many observers, overheating.

This means that the economy is operating at its outer limits of efficiency, and new goods cannot be produced fast enough to keep up with the expanding demand for them.

The result is rising costs — inflation.

There are several ways to combat inflation. Certainly the most logical is to use the untapped resources available to further increase productive capacity.

No one can speak of a "labor shortage" with so many men out of work, especially members of minority groups whose unemployment rate is 2½ times that for white workers.

Unfortunately, the main weapon in the battle against inflation is higher interest rates. By raising interest rates, the federal government makes borrowing more costly, thereby slowing up the demand for expensive items like cars and houses.

CUTS SPENDING

This reduces consumer spending to the point where demand can be absorbed by available production, taking some of the "heat" off the economy.

The trouble with this approach is that most of the burden falls on the people who can least afford it. It stands to reason that it is the poorer person who needs to borrow money, and now he has to pay higher interest rates on it.

But the major impact has been on housing. Rents become higher because the builder who borrows money to construct apartments passes on his higher interest payments to the tenants.

More seriously, the high cost of money stops many private and government housing developments from being built, because of the added cost. Construction of new housing is now at its lowest level in twenty years.

NOT JUSTIFIED

With the crying need for more low- and middle-income housing, there is no justification for this situation.

The 1960 Census estimated that about 9.3 million housing units in the United States were "seriously deficient." Over 21 per cent of rental housing in metropolitan areas is unsound.

Faced with a growing population and the vast stretches of urban slums, we need to embark on a massive program of home building for low and middle income families. But we are not.

In 1965, only 40,000 such new housing starts were recorded. But a rational program to house American families now living in substandard dwellings would include about 500,000 such housing starts per year.

NO LIKELIHOOD

To do less would be to condemn countless millions to rotting shacks and rat-infested tenements. But because of the high interest rates now in force, there is no likelihood of an adequate home building program.

Even federal programs to assist private financing are affected. An official in New York said: "The Federal Housing Administration multifamily housing program is at a standstill."

The reason for this is that the government cannot insure a housing loan at more than 6 per cent interest, but few banks are now willing to make loans at such low rates.

Municipal and other public home building agencies are also cutting back on their construction. And private builders, of course, have stopped their work for some time.

So, in the face of a desperate need for new housing, we have instead, fewer units being built and pressures for higher rents as well. All this in the name of fighting inflation.

Wear Lakers Fall to Hawks

St. Louis Collects 123-118 Triumph

LOS ANGELES (AP) — Los Angeles Laker Coach Fred Schaus attributes his team's 123-118 loss to St. Louis to a general weariness of his players.

"I hated to play... because we were coming off a five-game road trip and played Saturday night against Cincinnati."

Schaus said his team was "pretty flat" and the road trip "took its toll—especially among the older players."

Schaus will have an opportunity to see if his evaluation is correct. The Lakers will have two days' rest before meeting St. Louis in a replay Wednesday night.

Laker Elgin Baylor appeared most affected by the road trip, scoring only six field goals in 25 shots and missing 12 of 13 in the second half.

COACH STARS

The St. Louis player-coach Ritchie Guerin led his team with 33 points as the Hawks took an early lead in outscoring and outplaying the Lakers.

Laker Jerry West with 39 points, was top scorer for his team.

In Saturday night's NBA action, Los Angeles beat Cincinnati, 130-118. Detroit took Chicago, 104-88. Boston bumped New York, 120-109. Philadelphia outscored Baltimore, 137-120 and San Francisco beat St. Louis, 123-118.

Winter Slowdowns

MONTEVIDEO, Uruguay (AP) — A second straight day of bad weather forced cancellation Sunday of the pre-races for the Western Hemisphere Snipe Class Yachting championships.

San Francisco Soccer Titlist

BERKELEY, Calif. (AP) — The University of San Francisco is the National Collegiate Athletic Association soccer champion, largely because of the heroics of Sandro Hites, a 20-year-old Hungarian refugee with a bad right leg.

Hites banged three goals into the nets Saturday in the Don-2 victory over Long Island University.

No game was played to determine third and fourth place. Army and Michigan State were eliminated in the first rounds of the finals.

3 Twin Bills on City Cage Rec Schedule

The Pontiac Parks and Recreation Department starts play tonight with doubleheaders at three sites.

At Kennedy JHS, The Amigos-A meet the Oxford Merchants at 7 p.m. and Michigan State at 8:30 p.m.

The Lincoln JHS opener has the Unbeatables clashing with the Amigos-N at 7 p.m. and the Oxford Merchants at 8:30 p.m.

The Lincoln JHS twinbills are also on tap tomorrow and Wednesday nights; and there'll be doubleheaders at Kennedy, Madison and Northern High schools Thursday.

The men's recreation game program has three leagues: American, National and International. There are 20 teams entered with five in Class A, nine in Class B and six in "C."

Competition is slated each Monday-Thursday until Christmas at a minimum of one gym per evening.

3 Local Skaters Garner Crowns

Three skaters from University rink gained first places yesterday in a Michigan Art Roller Skating Championship at Flint.

Gayla Grammer won the junior girls' figures, Dick Leighton took the novice men's figures and Craig Sanderson was first in novice men's singles.

PROPER BILLIARDS by Jim Lidey

NO. 1 In pocket billiards the cue is the sole instrument used in the execution of all shots.

Hence, it is important to understand completely the basics of the cue and how it is used.

Proper positioning of the hands on the cue is a must.

To obtain a correct grip, a right-hander should first place

the cue between the index and fore-finger of your left hand (left-handers will use their right hand).

You then slide the cuestick back and forth until it balances itself (see illustration).

Next with your right hand go back 3 to 4 inches from the balancing point of the cue and grip lightly at this point.

3 Twin Bills MCJC Loses Title Game

Michigan Christian Junior College dropped a 106-69 decision to Ohio Valley College of West Virginia Saturday afternoon in the finals of the MCJC Invitational Tournament at Avondale High School.

The winners piled up a 53-34 halftime lead. They finished four players having 18 points or better, led by Jeff Sitt's 35.

Jerry Olsen hit 33 and Ray Hudson 30 for the Warriors. Olsen, Sitt and Chandler made the all-tournament team along with Wayne Hudson of Grace

Poachers Kill One, Wound 3 in Italy

TURIN, Italy (UPI)—Poachers killed a game warden and wounded three policemen yesterday in a hunting preserve once owned by the kings of Italy.

The warden was believed shot to death in a gun duel with poachers in the Stupinigi hunting preserve south of here. Two policemen were wounded by a shotgun blast when they reached the scene of the first shooting. The poachers escaped.

The preserve was owned by the kings of Italy before the nation became a republic.

Falcons Lose to Clarkston

Rochester unveiled a potent one-two scoring punch on its opener Saturday night, but the Falcons' effort fell short as they dropped a 77-70 decision at Clarkston.

Don Golding collected 27 points and Jim Burton pushed in 26 in the nip-and-tuck battle.

Rochester held brief leads in the first and third quarters but couldn't check the Wolves in the later stages of the game.

Down 73-70 with 55 seconds left, Rochester committed a pair of costly fouls and Clarkston's Randy Nicolson and Tom Allen sank their shots on one-and-one situations for the final points.

The Wolves' Dan Fife paced all scorers with 34 points while Nicolson closed with 18.

The victory was the second in a row for Clarkston which opened with a 73-53 nod over West Bloomfield Friday.

In other Saturday night games, Farmington downed North Farmington, 76-58. Southfield trimmed Royal Oak Densmore, 75-55, and Lakeville routed Lapeer 80-45.

Bill Davidson pitched in 26 markers and teammate Ted Rochester (70) Clarkston (77) Farmington (76) North Farmington (58) Southfield (75) Royal Oak Densmore (75) Lakeville (80) Lapeer (45)

COACHES Like MSU's Duffy in Grid Vote

ROCHESTER, N.Y. (AP) — Duffy Daugherty of Michigan State is one of eight coaches in the running for the Coach-of-the-Year Award of the American Football Coaches Association.

Daugherty shaded Ara Parseghian of Notre Dame and Jack Mollenkopf of Purdue in balloting by coaches in the NCAA's District 5. The results were announced Saturday, but the vote was not revealed.

The nation's collegiate coaches will select the winner from eight district choices. The Kodak Award will be presented Jan. 12 at the coaches' convention in Houston.

Fragrance of Cookie Baking Is Part of Christmas Joy

HOLIDAY HERMITS — They're a chock-full of goodness cookie that's wonderfully easy to make and even easier to eat. You may have to hide them to keep enough for Santa on Christmas Eve. Rolled oats add nutritious flavor.

Oats, Candied Fruit Go Into Soft Hermits

Christmas is a cluster of traditions. There are those rich in spiritual meaning and there are others that are simply fun for the family, such as baking Christmas cookies and awaiting Santa's arrival Christmas eve.

One tradition that combines both of these is the cookie snack the children set out for Santa just before turning in to enjoy their own visions of sugarplums.

This recipe for Holiday Hermits will indeed please Santa—the one assembling all the put-together toys until the wee hours. It will also please the donors who will undoubtedly snitch a few before being put to bed for the final time.

In fact, they are crowd-pleasers all around as they are the basic spicy oat-and-hermit everyone loves with candied fruits and peels added for holiday dash.

Holiday Hermits keep well—provided they aren't too available! This makes them fine for gift boxes — even those you mail away. They're perfect for everyone on the gift list, including St. Nick himself!

HOLIDAY HERMITS

- 1 cup shortening, soft
- 1 cup granulated sugar
- 1 cup firmly-packed brown sugar
- 2 eggs

- 2 1/2 cups sifted all-purpose flour
- 1 teaspoon salt
- 1/2 teaspoon soda
- 1 teaspoon cinnamon
- 1/2 teaspoon nutmeg
- 1/2 cup buttermilk
- 1/2 cup raisins
- 1/2 cup diced mixed candied fruit and peels
- 1/2 cup walnuts
- 1 1/2 cups rolled oats (quick or old fashioned, uncooked)

Beat shortening and sugars together until creamy. Beat in eggs. Sift together flour, salt, soda and spices. Add to creamed mixture alternately with buttermilk, beginning and ending with dry ingredients. Stir in remaining ingredients.

Drop by teaspoonfuls onto lightly greased cookie sheets. Bake in preheated moderate oven (350 degrees) 12 to 15 minutes. Makes six dozen.

Tangerine Beans

Heat cut Blue Lake green beans about 5 minutes in their liquid with a little grated tangerine rind and a stick of cinnamon.

Add tangerine segments; heat through, then drain and serve with a pat of butter.

Dough Layers Are Sugary

It's time to "deck the halls with holly" and your table with your choicest foods, sometimes reserved for festivities and honored guests. But no matter how special the tempting goodies, family still comes first!

Here's a recipe for Cinnamon Crisps, especially a delight for youngsters — so inexpensive to make—you won't mind how fast a whole plateful disappears! Serve with mugs of hot chocolate or hot cider after Christmas carolling. Nice for a family brunch, too.

Sift together 2 cups sifted enriched flour and 1 teaspoon salt. Cut in 1/2 cup shortening to size of small peas. Sprinkle with 4 to 8 tablespoons water, a little at a time, mixing lightly until dough begins to stick together.

Roll out to 1/16-inch thickness. Brush half of the dough with melted butter or margarine. Combine 1/4 cup sugar and 1 teaspoon cinnamon and sprinkle half of it over the buttered dough. Fold unspread portion over spread piece.

Brush top with butter or margarine and sprinkle remaining cinnamon-sugar over it. Place on ungreased baking sheet. Bake in preheated 450 degree oven 12 to 14 minutes, or until edges are lightly browned. For variation, substitute cocoa for the cinnamon in the sugar mixture. Cut into fingers for serving.

WALNUT COOKIES — California walnuts play an important part in these cookie recipes. Chop them to include in the cookie dough and keep some perfect halves to garnish the drop version. Don't limit their use to holiday time; just increase it then.

Corn Flake Crumbs Aid Texture

Cinnamon Diamonds and Cherry Tops are crisp, buttery party cookies which bear little resemblance in appearance or taste. Yet both come from a basic corn flake shortbread dough.

Today many recipes make the most of the special qualities of

each individual variety of breakfast cereals, and these fragile cookies are no exception. Flaky, golden corn flakes add a most intriguing nutlike crunch.

The Cinnamon Diamonds are similar to a rich German cookie. They're rolled very thin, cut in diamond shape, then coated with cinnamon, sugar, and very finely chopped nuts. Perfect with tea or mulled wine.

Cherry Tops are sliced from rolls of cookie dough made from the same recipe, sprinkled with granulated sugar, and centered with a cherry before baking. Delightful with hot chocolate.

Corn Flake Shortbread Cookie Dough

- 2 1/4 cups sifted flour
- 1 teaspoon baking powder
- 1/2 teaspoon salt
- 1 cup butter or margarine
- 1/2 cup sugar
- 1 egg
- 1 teaspoon vanilla
- 3 cups corn flakes, crushed to make 1 cup fine crumbs

Combine flour, baking powder, and salt; sift. Cream butter or margarine and sugar. Add egg and vanilla; cream until light and fluffy. Blend in dry ingredients; stir in corn flake crumbs. Chill about 30 minutes. Use for preparing the following Cinnamon Diamonds or Cherry Tops.

Cinnamon Diamonds

Divide corn flake shortbread cookie dough into 4 portions; shape each portion into a flat

pat. Roll each portion to a fast cereals, and these fragile cookies are no exception. Flaky, golden corn flakes add a most intriguing nutlike crunch.

Beat 1 egg white slightly; mix 1/4 cup sugar and 1/2 teaspoon cinnamon. Brush cookie dough with egg white; sprinkle with cinnamon-sugar mixture and 1/3 to 1/2 cup finely chopped nuts. Arrange cookies on greased baking sheet.

Bake in moderate oven (350 degrees) until done, 10 to 12 minutes. Remove from baking sheet; cool on rack. Yield: About 4 dozen cookies.

Cherry Tops

Divide corn flake shortbread cookie dough into 2 equal portions; shape each into a roll 6 inches long. Wrap in waxed paper; chill several hours.

Slice dough 1/4 inch thick. Brush cookie tops with beaten egg white; sprinkle with granulated sugar and center a half candied cherry on each. Arrange on greased baking sheet.

Bake in a moderate oven (350 degrees) until done, about 12 minutes. Remove from baking sheet; cool on rack. Yield: About 4 dozen cookies.

Curry Pancakes a Main Course

That's Quick

Serve curry egg pancakes for a quick lunch during the busy holiday season.

Place 1 cup of milk, 1 egg and 1 tablespoon of liquid shortening in a bowl. Add 1 cup of pancake mix; mix lightly until batter is fairly smooth. Cook pancakes to golden brown, turning only once.

Top each serving with 1 hard-cooked egg, sliced, and 1/4 cup of curry-flavored sauce.

To make the sauce melt 2 tablespoons of butter or margarine; mix in 2 tablespoons of all-purpose flour, 1/2 teaspoon of curry powder. Stir in 1 cup of milk.

Cook over low heat until mixture is thickened, stirring constantly. Makes 4 servings.

CINNAMON TREATS—Thinly rolled Cinnamon Diamonds and somewhat thicker Cherry Tops are created from the same nutritious corn flake dough. Both would be grand holiday or tea party cookies.

Marmalade Is Flavor Secret

Orange Squares uses orange marmalade for a tangy hint of this wondrous fruit.

ORANGE SQUARES

- 1/2 cup sifted regular flour
- 1 teaspoon salt
- 2 tablespoons soft butter
- 1/2 cup sugar
- 2 eggs
- 1/2 cup orange marmalade
- 1/2 cup bran cereal
- 1/2 cup chopped salted almonds

Sift together flour, baking powder and salt. Beat butter and sugar together until fluffy; add eggs and beat well, stir in marmalade and cereal. Add sifted dry ingredients and almonds; mix well.

Spread in greased 8x8-inch pan lined with wax paper. Bake in moderate oven 375 degrees about 30 minutes. Cut into squares while warm and sprinkle with confectioners' sugar. Yield: 16 1 1/2-inch squares.

Fold Cream Cheese Pastry Over Colorful Jam Filling

Christmas cookies are fun to make and even more fun to eat especially when there's a wide assortment and surprise in store every time you dip into the bowl for another cookie. It's especially interesting to run into a cookie that's just a little tart or kind of salty-sweet amid those sweet rich confections.

This recipe fits that category and will make an interesting addition to your Christmas cookie collection.

These cookies can be made ahead and frozen either baked or unbaked.

If you freeze them unbaked, set them out on a cookie sheet and freeze hard so they will retain their shape. Then pile them into a plastic bag and store them in the freezer. They can be baked just before you need them and served fresh and warm.

JAM POCKETS

- 1 cup solid all-vegetable shortening
- 1 package (8-ounces) cream cheese, softened
- 1/4 teaspoon salt
- 2 cups sifted all-purpose flour
- Apricot, raspberry, strawberry or peach jam

Cream together shortening, cream cheese and salt. Add flour gradually, blending well. Divide dough in thirds and chill several hours.

Roll out to 1/4-inch thickness on floured surface. Cut into circles with 2 1/2 inch biscuit cutter or cut into 3-inch

JAM POCKETS — Pretty Jam Pockets made of crisp tender pastry and tart jam are a delicious, not-too-sweet cookie for Christmas... nice in an assortment.

You Decide on How Much Ginger

In ancient times 'tis said, bakers fashioned fanciful cookies spiced with then costly ginger as commemorative edibles to delight toga-clad senators in the Roman forum.

So good were these gingery delights that down through the ages some form of gingerbread cookies has had a place in the cookery of many lands.

The recipe for these ginger-

bread boys is based on one devised in the early days of our own country. Of necessity colonial homemakers were frugal — and often limited in ingredients. (This cookie dough has no eggs in it for example.)

Frequently they used a heavy hand with spices and a "quantity of ginger" was common. If ginger is to your liking, the maximum measure suggested in the recipe is probably for you. If not, the smaller amount provides a pleasing ginger flavor and aroma.

Chilled thoroughly, the dough rolls easily and may be cut to any shape — but for fun, snip out and bake some as gingerbread boys.

GINGERY GINGERBREAD BOYS

- 1 cup soft butter
- 1 cup sugar
- 2 to 4 tablespoons ginger
- 2 teaspoons nutmeg
- 1 teaspoon cinnamon
- 1/2 teaspoon salt
- 1 cup evaporated milk
- 1/4 cup dark molasses
- 1 teaspoon vanilla extract
- 1/2 teaspoon lemon extract
- 5 1/2 cups sifted regular all-purpose flour

In a large mixing bowl cream butter. Add sugar, spices and salt, then cream until light and fluffy. Stir in evaporated milk, molasses, vanilla and lemon extracts. Add flour, a little at a time, blending well after each addition. Cover bowl with wax paper, then chill dough at least 2 hours.

Using a portion of chilled dough at a time, roll out about

1/4 inch thick on a well-floured pastry cloth. Cut with floured cookie cutters to make gingerbread boys, circles or other shapes as desired. Lift cookies with a wide spatula and place on ungreased baking sheets.

Bake in preheated slow oven (325 degrees) 10 to 15 minutes, depending on size of cookies.

Remove cookies from baking sheets and cool on cooling racks. Makes about 2 1/2 dozen large gingerbread boys.

Refrigerator or Drop Cookie

Chop Walnuts for These

Full to overflowing though the recipe file may be with old favorites, a good cook is always on the look-out for something different. Trying a new recipe provides excitement and a glow of achievement. Young and old welcome the invitation to "try one of my new cookies."

When the cookie under discussion is chock-full of crisp, good-tasting California walnuts, it is bound to make a hit.

WALNUT COOKIE SANDWICHES

- 1 1/2 cups walnuts
- 1 cup soft butter
- 1/2 cup brown sugar, packed
- 1/2 cup granulated sugar
- 2 teaspoons vanilla
- 1 teaspoon grated orange peel
- 2 eggs
- 2 1/2 cups sifted all-purpose flour
- 1 1/2 teaspoons salt
- 1/2 teaspoon soda
- Brandy Frosting

Chop walnuts very fine. Cream butter, sugars, vanilla and orange peel together until light and fluffy. Beat in eggs until mixture is creamy. Stir in walnuts.

Resist flour with salt and soda into creamed mixture; blend to moderately stiff dough. Shape dough into three or four rolls 1 1/2 to 2 inches in diameter. Roll each one up in foil; freeze until ready to use.

When ready to bake, use thin sharp bladed knife and cut dough into thin slices. Bake on ungreased cookie sheets at 400 degrees just until lightly browned, about six minutes. Cool on wire racks. Store in airtight containers.

Serve plain or put together, sandwich fashion, with Brandy Frosting. Makes about 12 to 13 dozen single cookies or 6 to 6 1/2 dozen filled cookies.

Brandy Frosting: To make two dozen sandwiches, beat one tablespoon soft butter, 3/4 teaspoon brandy (or 1/2 to 1 teaspoon brandy flavoring and 3 to 2 1/2 teaspoons water) and one

cup sifted powdered sugar together until creamy.

WALNUT BUTTER DROPS

- 2 1/2 cups walnuts
- 1 cup soft butter
- 1 1/4 cups sifted powdered sugar
- 2 teaspoons vanilla
- 1 egg, beaten
- 2 1/2 cups sifted all-purpose flour
- 1 teaspoon soda
- 1 teaspoon cream of tartar
- 1 1/4 teaspoon salt
- Chopped walnuts, walnut halves or candied cherries for garnish

Chop walnuts fine. Cream butter, powdered sugar and vanilla together until fluffy. Beat in egg; add chopped walnuts.

Resist flour with soda, cream of tartar and salt into creamed mixture; stir to moderately stiff dough. Drop in small mounds on ungreased cookie sheets.

Sprinkle chopped walnuts on top, or press walnut or candied cherry halves lightly in tops.

Bake at 400 degrees just until very lightly browned, five or six minutes. Cool on wire racks before storing in airtight containers. Makes about four dozen small drops.

Wartime Traffic Crumbling Vital S. Viet Road Network

MY THO, South Viet Nam (AP) — South Viet Nam's French-built roads are showing signs of crumbling under war time traffic.

While more military equipment is being airlifted than in any war in history, the highways remain vital economic lifelines.

Most of the roads were constructed by the French in the 1920s and 1930s.

They were not built for either the volume of traffic or the weight of individual vehicles rolling over them now. Convoys of dump trucks, 6X6 Army vehicles and heavily laden fuel tankers rumble along thoroughfares designed for much lighter loads and much slower speeds.

YANK TRUCKS

Main streets in Saigon are being worn by big American trucks carrying supplies from the river port to storage depots outside town. Capital streets are also potholed from excavations needed to lay new utility lines to

serve the mushrooming population.

One of the worst problems is Route 4. It connects Saigon and My Tho and other points in the fertile Mekong River delta where much of the capital's food is grown.

Heavy seasonal rains eroded parts of this road, which is a vital government link by day but mostly controlled by the Viet Cong at night.

Route 4 winds through carefully cultivated paddy fields. It is studded with multicolor billboards for Chinese herb medicines, but evidence of war is on every mile.

BRIDGE SIGHTS

Many traffic signs are bullet-riddled. Government pillboxes, sandbagged bunkers and barbed wire surround each major bridge.

The Viet Cong have been able to curtail supplies of certain foods in Saigon for brief periods by blowing up bridges on this route.

Other secondary roads in the

Mekong River delta were built on elevated ground through rice paddies and swamps. Floods tore away underpinnings and buckled the surface of these highways.

Interruption of traffic on Route 4 is immediately reflected in the price of food at Saigon's central market. The cost of fresh farm produce climbs sharply each time the road is blocked, whether by flooding or Viet Cong sabotage.

OFTEN BLOCKED

Route 20 from Saigon to Da Lat, an important vegetable growing area, has been blocked repeatedly.

The same is true of Highway 19, connecting the coastal city of Qui Nhon and Pleiku, over which many tons of American military goods have been moving for months.

Economists in Saigon fear that deteriorating highways are a major obstacle to stability.

Vietnamese officials estimate that 35 per cent of the roads are open compared with 26 per cent two years ago. The difference was made in repairing roads damaged by delta floods and Viet Cong bombs.

These officials regard 35 per cent as a high figure. They point out that highways have not been 100 per cent open "since about 1946."

Opening Boyle's Mail: Snakes Aren't Speedy

By HAL BOYLE
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Snakes obey the speed laws. Although they appear to be swift-moving, a few snakes ever wrinkle a long the ground at a pace of more than five miles an hour.

It has been found that man thinks most sharply at a temperature of 40 degrees and does his best work at a temperature of 65 degrees.

Americans now send about three billion Christmas cards a year. That figures out — if we were all equally loved and remembered in this way — to an average of 15 cards apiece.

Crime in U.S. Shows 10 Pct. Rise in 1966

The FBI's Uniform Crime Reports disclose crime in the United States rose 10 per cent during the first nine months of 1966 when compared to the corresponding period in 1965, according to figures released today by acting Atty. Gen. Ramsey Clark.

In making these figures available, FBI Director J. Edgar Hoover stated that crime reports submitted voluntarily by law enforcement agencies nationwide disclosed violent crimes increased 11 per cent as a group.

Individually, these crimes showed increases of 3 per cent in murder, 11 per cent in each in forcible rape, robbery and aggravated assault.

The more voluminous property crimes of burglary, larceny \$50 and over in value and auto theft registered a 10 per cent increase as a group with burglary up 7 per cent, auto theft 10 per cent, and larceny 12 per cent.

According to the FBI director, all cities when grouped by population size recorded increases. The large cities with 100,000 or more inhabitants recorded a 9 per cent rise.

LED BY SUBURBS

The suburban areas continued to lead the upward trend in serious crimes with a 12 per cent increase while the rural areas registered a 9 per cent upswing.

Cities of between 50,000 and 100,000 population showed an 11 per cent increase. Aggravated assaults with a 17 per cent rise and forcible rape up 16 per cent showed the biggest increases.

In other categories for cities between 50,000 and 100,000, robbery increased 14 per cent, larceny of \$50 and over was up 13 per cent, auto theft 11 per cent, burglary 8 per cent and murder showed a 5 per cent gain.

Mr. Hoover said the Southern states reported a 12 per cent increase in the volume of serious crimes, the North Central states 11 per cent, the Northeastern states 9 per cent and the Western states 8 per cent.

BIGGEST GAINER

In the North Central states, robbery was the biggest gainer at 19 per cent. Auto theft showed a 15 per cent rise and larceny — \$50 and over — was up 13 per cent.

Aggravated assault showed an increase of 12 per cent, murder 11 per cent, forcible rape 14 per cent and burglary 6 per cent.

According to the FBI director, 59 per cent of the murders during this nine-month period were committed with the use of a firearm.

There was a sharp 22 per cent upward trend in aggravated as-

saults where firearms were used in the United States.

Geographically, a aggravated assaults by gun were up 34 per cent in the Southern states, 28 per cent in the North Central states, 13 per cent in the Western states and 4 per cent in the Northeastern states.

In further analyzing the crime increases Mr. Hoover noted that armed robbery, which makes up 58 per cent of all the offenses in this category, rose 10 per cent in this nine-month period when compared to 1965. The sharpest increase in armed robbery, 12 per cent, was noted in cities with populations in excess of 100,000 individuals.

Mauled by Lion

Jayne's Son Has Meningitis

THOUSAND OAKS, Calif. (AP) — Zoltan Hargitay, 6, the lion-mauled son of actress Jayne Mansfield, has developed a case of spinal meningitis, doctors reported early today.

Zoltan, under treatment for serious wounds inflicted by an attacking lion a week ago, had been reported recovering after two operations.

The boy was operated on to relieve pressure on the brain caused by a fractured skull and for removal of his spleen.

He was reported in satisfactory condition early today after doctors diagnosed the attack of meningitis. The new illness was noticed Sunday night.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while getting relieving pain, actual reduction or retraction (shrinking) took place. And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among those sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository* or *ointment* form called *Preparation H*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Deputy Knifed in Jailbreak Try in Oregon

PORTLAND, Ore. (UPI) — A small group of prisoners tried to break from the maximum security block of Multnomah County's Rocky Butte Jail last night after stabbing one deputy and taking another hostage.

Sheriff Donald Clark said the exact number of inmates involved was not immediately determined, but he named four "highly dangerous" prisoners who spurred the unsuccessful attempt.

The injured deputy, Jeffrey Goetz, 22, was reported in satisfactory condition at a hospital.

Clark said Goetz, a new recruit, was stabbed in the abdomen with a "shiv" — a knife made from half a pair of scissors.

20 POLICEMEN

More than 100 officers, including 20 Portland city policemen, were at the jail. All uniformed deputies in the area were called in after the break attempt.

Sheriff Clark said the attempt started when one of the inmates, recently transferred to the jail, feigned illness.

Clark said the prisoner "doubled up and spit up blood," then grabbed Goetz and stabbed him.

Clark said the prisoners probably had keys to an outside door, but not to a door between the isolation ward and outside.

Mrs. Mao Rising Star in China

TOKYO (AP) — Mrs. Mao, Mao's chief propagandist, is being given such a big political buildup that it suggests she is destined for bigger things after Mao dies.

The New China News Agency reported today that Mao's wife, Chiang Ching, gave her first major political address on Nov. 28 to 20,000 art and literary workers in Peking. Though Premier Chou En-lai and cultural purge chief Chen Po-ta also spoke, it was plain that she was the center of attention.

Her speech revealed that she has been involved in the politics of the cultural revolution only a few years, and that she had encountered setbacks and rebuffs from those engaged in the theater. The No. 1 Peking Opera Company — one of those which fought back — and several other top music and ballet groups have been taken over by the army, presumably at her insistence.

Chiang Ching was named cultural adviser to the army. She now has a foot in the army and the other in the party central committee. She is first deputy chairman of the party's nationwide cultural purge committee. As army adviser, she will report directly to Defense Minister Lin Biao.

SANTA SPRUCES UP — Santa Claus drops off for 40 winks under the hair drier as he grooms himself for visits with children in Oshkosh, Wis., and other towns between now and Christmas.

Teng, Chu or Chen among her supporters.

She called for exposure and criticism of "the bourgeois reactionary line within our party which opposes the proletarian revolutionary line of the party's central committee headed by Chairman Mao," words used by the young Red Guards in recent posters attacking Liu and Teng.

A succession of speakers paid tribute to Mrs. Mao.

Hsieh Tang-chung, head of the cultural department of the army's general political department, said she has been applying Mao Tse-tung's thought "with great persistence and creativeness."

Connecticut Eyes Wider DDT Ban

HARTFORD, Conn. (AP) — The Connecticut Board of Pesticides is considering a proposal to ban the use of the insecticide DDT by contractors hired to spray plants.

The measure would not restrict the use of DDT by homeowners, farmers or municipalities. The state has already banned the spraying of DDT from airplanes.

After Plane Crash

2 Survive 11-Day Ordeal

COLVILLE, Wash. (AP) — A ship professional football game car stuck in the snow led to the rescue of a Canadian couple who survived 11 days after their plane crashed on a northeastern Washington peak.

Roy Brown, 35, of Saskatoon, Sask., and his wife, Betty, 32, were reported in good condition today at Mt. Carmel Hospital here.

Mr. and Mrs. Brown, the parents of six children, had been the object of a wide search in Canada and northeastern Washington since their single-engine plane vanished Nov. 24.

They were flying to Vancouver, B.C., to join relatives at the Grey Cup Canadian championship.

Gregory Off for London on Way to Hanoi

NEW YORK (UPI) — Comedian Dick Gregory today launches his trip to entertain captured American troops in North Viet Nam by boarding a plane for London "and whatever connecting flight to Hanoi that has been arranged for me."

The burly, 34-year-old entertainer denies that his trip, which lacks State Department travel bans, is a publicity stunt. He carried through this theme on the eve of his departure as he played to a packed house in Greenwich Village night spot.

"Publicity? If I wanted publicity, I could entertain the troops in Saigon—the government even pays for these—and put on a special television show afterwards," he said.

Grinning sardonically at the audience, he added "and don't worry about me getting killed with our bombs, Baby. There's going to be a truce, remember?"

"Two soldiers are in the midst of trying to kill each other when someone cries, 'Time out for Christmas!'"

"If that's the way it is, why don't we mark every day in the calendar Christmas?"

Gregory said he was unaware of the travel restrictions to North Viet Nam printed in his passport.

"Look, I let my attorney worry about those things," he said. "I don't know what my passport says. If I worried about such things, I'd never get anywhere."

PONTIAC SCRAP

OPEN EVERY NIGHT 'TIL 9 — PARK FREE Rear of Store

GOLDEN GIRL — Bounteous Christmas beauty will enhance a lovely lady long past the Yuletide as you gift her with fine gold jewelry. Sure to make her season sparkle is your selection of pin, bracelet or earrings from this elegant ensemble of delicate, textured fern leaves. Added splendor is provided in the ring—a cluster of tourmalines surrounding a brilliant diamond.

Gifts of Jewelry Add Glitter to Holiday Season

Sad-faced Santas who are lost in a winter worryland of gift-giving bewilderment are advised by the Jewelry Industry Council to see the spectacular selection of unusual gifts at the jeweler's. Young or old, no one can resist the sense of sentimental or sophisticated-special thoughtfulness which is part of a gift of jewelry.

Your presents of jewelry will be cherished as personal treasures long after Christmas is but a shining memory.

As sure to be received with pride as it is proudly given is personal jewelry.

Fashionably feminine, masterfully masculine, terrifically teenage—or enchantingly child-like—a cornucopia of jewelry for the individual awaits your selection of just the right presents to delight each person.

LOVE AND PRESTIGE
For any finger in your circle, a ring is a precious present of love and prestige.

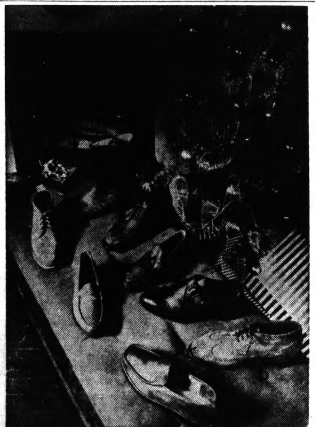

Monogramming is universally popular, and you can please all tastes with identification bracelets or initialed cufflinks, charms and pendants to suggest just a few.

You can adorn a fair lady of any age with beloved gifts of earrings, necklaces, bracelets and pins.

And you'll add shine to your knight's armor with the tacks, tie bars, cufflinks and belt buckles.

DISTINCTIVE DESIGN
A fine, distinctively designed watch is perennial in appeal to people of all ages. This year the variety of watch and watchband styles is especially attractive, making it easy for you to put just the right watch on the right wrist.

For minutes, hours, days and years to come, a watch will remind its recipient of your thoughtfulness with its decorative utility. Personal accessories for pocket or desk make merry smiles et a certainty on Christmas morning.

SHOES CLUES — There's a great gift idea afoot here. With men becoming increasingly style-conscious, a large selection of shoes to coordinate with different apparel today is a must. If dad or brother is hard to fit, simply put a gift certificate under the tree.

Legislative Session Length Is Vital to Schools

LANSING (AP) — When the Michigan Legislature reconvenes Wednesday, school officials—particularly those in Detroit—will be keeping a close watch to make sure the lawmakers don't stay too long. It's not that they are opposed to legislative sessions—but rather that they stand to lose or gain several million dollars this fiscal year—depending on when the lawmakers adjourn. On Sept. 21, Gov. George Romney signed a Supplemental Assistance Bill, assuring Michigan schools of an additional \$2.2 million in state aid. Detroit was to get \$4 million of this. The bill was not given immediate effect—meaning it does not become law until 90 days after the Legislature adjourns. Atty. Gen. Frank Kelley said that if the Legislature would end its session by Dec. 15, the law would be on the books by March 15. This is the deadline for the State Education Department's annual analysis of each school district. It is on the basis of this analysis that the department decides on each district's share of the nearly \$500 million school aid disbursements. The bill boosts basic aid from \$278 per pupil to \$280.50 in average districts and from \$465 to \$467.50 in tax-poor districts. It also increases the allowance for special education teachers. The measure has the effect of raising school aid shares for districts with high nonschool taxes. It does this by reducing the valuation of any school district which levies more than 12 1/2 percent of the "resulting tax rate" of all other districts in the state. The "resulting tax rate" is computed by figuring all property taxes in the district, no matter what governmental unit levied them, and subtracting school operating taxes. Romney signed the measure after being assured by Kelley that the bill would benefit makers to the subject matter he proposes. Lawmakers wishing to avoid this could simply recess until the last few days of the year when it would be too late for the governor to call a special session. And with a late adjournment, the Supplemental Assistance Bill would not take effect in time to meet the March 15 deadline. Schoolmen are keeping their fingers crossed.

Poinsettias Now in New Varieties

The Christmas flower — poinsettia — has been undergoing a big change in recent years. New varieties are appearing, among them Paul Mikkelsen, which holds up longer than the older kinds.

This poinsettia is a cross between a red seedling and a white variety which has long been known to retain its freshness better than reds.

But growing conditions have also improved. There is no longer a headache for the grower to bring them into bloom at the proper time.

Growers have learned that the plants must have 11 hours of complete darkness daily starting in October to bloom on schedule.

Most growers use a sterile potting mixture which prevents disease and also lessens the danger of overwatering. Like other plants it will not tolerate wet soggy soil.

OLD-FASHIONED GIFT — Making a pomander ball is simple and fun to do. Because the materials are readily available and priced within a child's allowance, it might be a gift for a favorite aunt or to fill Mother's stocking.

Anybody Can Make a Pomander Ball

Remember how nice your grandmother used to smell at the ends. Hang the pomander ball, and like a home-made gingerbread, your closet will soon be filled with the delightful fragrance of gingerbread. The reason for that delightful gingerbread smell is the spicy pomander ball that hung in her closet.

Making a pomander ball is fun to do and very simple. All you need are an apple, thin skinned orange or lemon, two or three boxes of whole cloves (the amount depends on the size of the piece of fruit) and a yard of ribbon.

Poke the cloves into the skin of the fruit as close to one another as possible. Don't worry about the juice that drips out, for cloves act as a natural preservative.

Make sure the fruit is completely covered so that no skin shows through. Your thumb is liable to get a bit sore after a while so you might want to wear a cotton glove to protect it.

Cut two lengths of ribbon, each 18 inches long. Lay the ribbons on a table like this: and place the clove-studded fruit on the spot where the ribbons cross.

MAKE RIBBON BOW
Draw the ribbons up tightly and knot at the top. With two of the ends make a bow to cover the knot. Make a loop from

Fees Too High, SEC Says

Mutual Funds Askance

By JOHN CUNIFF
AP Business News Analyst

NEW YORK (AP) — Attacked by the federal government for charging "excessive" fees, certain members of the mutual fund industry are going to react like cats that have been just been swatted.

Mutual funds are a volume business, so a slight change in fees can amount to millions of dollars.

The funds have pegged their fees "high" because they believe their professional advice and management are worth a good price.

Advice, management and a diversified portfolio is the product. The fund people feel highly about this product.

Since the Securities and Exchange Commission feels the funds' services are worth a bit less, some members of the industry are taking the SEC report as a threat to life itself.

The SEC could have picked on other areas of this growing industry — aspects of the fund industry that may have to be faced in the future.

The growing power of funds to exaggerate price changes because of the enormous blocks of securities they trade; their power and potential to interfere

in management of companies whose stock they own. The SEC chose fees, a far more sensitive area. Information, opinion, judgment, decision are some of the ingredients that contribute to the give and take that make an auction market in the securities market.

The funds offer "professional" understanding of this mixture of fact and fancy. The assumption is that fund management is far more informed and able than the individual. And for this it takes a fee.

The SEC says this fee average, which is not based on the larger than that charged by banks for comparable services. It totals over a year's time about \$130 million.

In reaching his conclusions, the SEC has not been completely original. Two other studies within the past few years have reached similar conclusions.

In 1962 the Wharton School of the University of Pennsylvania found that mutual funds in a certain period did no better for their customers, despite the fact that more chance could have done.

The Wharton report concluded that one half the funds performed worse than an unmanaged portfolio.

Last year the University of Chicago found that if you had chosen a stock at random in the 1926-1960 period the chances are that you would have made a profit 78.3 percent of the time — merely by closing your eyes and choosing.

These findings indicate that big as you are, smart as you are, you still can make poor judgments. And that, small as you are, you still can make profitable judgments.

The mutual fund industry disputes some of the university findings, just as it will dispute the SEC report. The SEC findings contain a bigger wallop, however, because they might be the basis for congressional action.

HAS DEFENSES

The fund industry has defenses. One of them is the million of individuals who have big profits paper or real. Many fund investors have seen their money increase through the 1950s and 1960s at a much greater pace than might have been possible with certain other popular investments.

But, stock prices have risen dramatically in the past 15 years. Who couldn't make money in such a market, the detractors ask? And, so asks the SEC.

In reply, the fund people can argue that many more people would never have invested except for the promotion of stocks by the funds. They can honestly say they did as much to sell the concept as any other group in the market.

They are D. Bruce Robertson of Buckner Finance Co. and Mrs. Marie M. Sorenson of Century Finance in Rochester.

Paul Stillwell of 4103 Orchard Crest, West Bloomfield Township, was recently appointed director of trustee operations for Allied Supermarkets.

He was formerly director of drugstore operations for the company's Oklahoma Division.

3 State Schools in the Top 25

Enrollments of MSU, Wayne, 'M' Given

EAST LANSING (AP) — Michigan's three, big universities are among the nation's top 25 in enrollment, a survey shows.

Michigan State University ranked 11th in full-time enrollment, the University of Michigan is 14th and Wayne State University is 25th.

Dr. Garland G. Parker, dean of admissions at the University of Cincinnati, pinpointed the positions of the three in a survey of 1,065 colleges and universities.

MSU is 10th, U. of M. 16th and Wayne 20th, Dr. Parker reports in the educational journal "School and Society."

EVEN HIGHER

The three Michigan schools would rank even higher if the survey counted only single-campus operations. Among the top 10 in Parker's list are three statewide systems of universities.

The State University of New York is first with 119,190 full-time students, the California State Colleges rank second with 112,394 and the Wisconsin State University System is seventh with 38,689.

In full-time enrollment, MSU and Michigan retained their 1965 rankings while Wayne dropped from 23rd. All three dropped in grand-total rank, MSU from ninth, U. of M. from 14th and Wayne from 19th.

The report lists MSU's full-time enrollment this fall as 35,486, up from 33,734 a year ago, and its grand total as 44,195, up from 41,782.

U. of M.'s full-time figure was 26,616 to 28,343 and its grand total from 34,453 to 36,063.

Wayne's full-time enrollment is 18,757, up from 17,418, and its grand total is 30,832, up from 29,125.

Four Big Ten universities are in the nation's top 25 — Minnesota, sixth, 43,997 full-time; Wisconsin, sixth, 41,985; Illinois, ninth, 38,539 and Ohio State, 10th, 36,957.

Despite the slight decrease in freshmen totals since 1961, nationwide college attendance hit an all-time high figure of 3,558,618 full-time students, Parker says.

Business Notes

Jack I. Glasser was recently appointed director of inventory management for Parke, Davis and Co.

Glasser, 30671 Banbury, Bloomfield Hills, was formerly assistant director in inventory management.

Two area consumer finance office managers were awarded 50th anniversary certificates for outstanding accomplishments in public relations at the recent Michigan Consumer Finance Association annual dinner in Lansing.

They are D. Bruce Robertson of Buckner Finance Co. and Mrs. Marie M. Sorenson of Century Finance in Rochester.

Paul Stillwell of 4103 Orchard Crest, West Bloomfield Township, was recently appointed director of trustee operations for Allied Supermarkets.

He was formerly director of drugstore operations for the company's Oklahoma Division.

5 Months' Air Raids Cost N. Viet Over 1,000 Trucks

WASHINGTON (AP) — A daily in the 150-day period, the deadly one-two punch of day and night attacks by U.S. planes has destroyed well over 1,000 North Vietnamese trucks since spring, a Pentagon source reports.

The officer who supplied the count would not say how many American planes had been lost in strikes against the Communist trucks.

The trucks were lost over a five-month period, the source said. He declined to be precise about the total, but said it was well over 1,000. If an average of seven trucks were knocked out

per day, the total would be 1,050.

"SHARP DIP IN TRAFFIC"

Only a few days ago the Air Force chief of staff, Gen. John P. McConnell, said U.S. planes damaged or destroyed 530 Communist vehicles in one phase of recent bombing operations. He said enemy motor traffic into South Viet Nam was "dropping sharply."

Reuther Calls for Land Banks

WASHINGTON (UPI) — Auto Workers President Walter P. Reuther today called for creation of "urban land banks" that would give cities control over land they need to make them fit places to live.

"Before we can begin to plan and build the urban areas of the future, our cities must obtain firm control of that most precious substance — the land under and around them," Reuther said.

His remarks came in testimony prepared for Sen. Abraham Ribicoff's subcommittee on government operations which is studying decay in American cities.

Under Reuther's proposal, the publicly owned banks would acquire a large percentage of the land within and outside a city, and have the final say on its use.

"Just as our federal government stockpiles surplus to regulate prices, our cities must be in a position to decide how their land can best be used to meet the needs of their residents and keep a reasonable lid on its cost," Reuther said.

According to the union leader, "... land-use decisions which affect the lives of millions — and determine the destiny of the city itself — are usually made by either a handful of speculators or by local zoning boards whose thinking so often bears little relationship to the total, long range, human and physical needs of the community."

Day of Ice Fishing Ends in Death for 5 in Family

ORR, Minn. (AP) — Darkness was closing in on Pelican Lake, where Philip Dosch had spent the day ice fishing. His four children had had a good time skating.

Moments later, they drowned.

Five-year-old Anthony probably was riding with his father as they snowmobile chugged toward shore on the smooth, clear ice. Jennifer, 9; Lisa, 7, and Laura, 6, were being pulled on the bright red sled their father had built.

OPEN STRETCH

The bright lights of Orr reflected off the ice as the two vehicles came around a point of land. He didn't see the open stretch of treacherous water ahead — some 200 feet long and 50 feet wide. Ice on most of the lake was about one-foot thick.

The snowmobile and sled with the five passengers plunged into eight feet of icy water. The tragic drownings were not discovered until the following day — Sunday.

Dosch, 33, was a remedial-reading teacher at the Union High School in International Falls, on the Minnesota-Canada border.

When Dosch and his four children did not return home, Tony Stajer, deputy sheriff at Orr,

Gallup Poll Finds Johnson Popularity Up

WASHINGTON (UPI) — President Johnson's Asian tour helped boost his administration's popularity from its record low in October, according to the latest Gallup Poll.

The copyright poll, reported yesterday in the Washington Post, said 48 per cent of Americans approved of the job Johnson is doing, placing the approval rate at the same mark recorded in September.

Johnson's administration was approved by 44 per cent of Americans in October. The latest reading was taken after the tour and November elections, but before his recent surgery.

Previously, except for the bombing of oil reserves around Hanoi and Haiphong in North Viet Nam in July, the President's popularity had skidded downhill from a high of 63 per cent in January, the poll said.

Under '64 Rights Act Aid to Districts, College Ends

WASHINGTON (AP) — Termination of federal aid to six Southern school districts and one college for failure to comply with nondiscrimination provisions of the 1964 Civil Rights Act was announced today.

The districts are: Hinds County School District, Miss.; Junction City Schools, Ark.; Bright School District, Ark.; Cameron School District No. 2 S.C.; Humoke School District, Ark.; Hazen School District, Ark.; and Anderson School District, Anderson, S.C., the first college termination case.

John W. Gardner, secretary of health, education and welfare, in announcing the actions, said he approved the orders only after efforts to achieve voluntary compliance had failed. He said noncompliance had left 30 eligibility of each district or school for federal aid to any program or activity that previously terminated school districts have come into compliance as a result of court orders, the department announced. He said leaving 30 actions now outstanding.

Can you qualify in Pontiac?

It could mean a \$50,000 income
in your own business with
one of America's most sought after franchises.

A marketing study just completed shows Pontiac is ready, and long overdue, for an AAMCO Transmission Center. Current registrations show 307,786 cars already in the county with an estimated 58 million dollars going for parts and repairs. Since most cars over two years old need some transmission work, an AAMCO center could possibly show annual earnings exceeding \$50,000.

We are now seeking the one man in Pontiac to profit from this growing billion dollar market. No previous automotive experience is necessary.

The man who qualifies for the AAMCO transmission center will be completely trained in a four week intensive program. He'll learn every phase of the transmission business, including proven management and merchandising techniques and be backed by a year 'round advertising and promotion program. If you can invest about \$17,500... AAMCO will put you in business, and show you the way to a rewarding future. Call or wire collect, or mail coupon below.
