State to Cut Telegraph Tie-Ups

Willman Learns Estimated Rate of Huron Water

Pontiac Cost of 93 Cents Per 1,000 Cubic Feet Set; Flow in 3 Years

Pontiac City Manager Walter K. Willman was told yesterday water from Lake Huron can be delivered to Pontiac for 93 cents per 1,000 cubic feet, within three years.

At a meeting of the Southeast Michigan Water Authority yesterday in Royal Oak, held to sound out some of the larger potential users of water from the proposed pipeline on whether they'd be interested in the proposal, Willman expressed guarded interest.

"How firm is the rate?" Willman asked. In announcing plans for the pipeline Tuesday, Authority Chairman Howard K. Kelley of Royal Oak had said rates in Oakland County would average 88 cents per 1,000 cubic feet. Pontiac's rate would be slightly more because of its higher land level.

"The rate's got to stand up before cities will consider the pipeline," Willman said.

Roscoe R. Stitts, an engineer who said he represents the proposed company which will construct the pipeline, told Willman the 88 cents average figure is firm if the pipe is carrying 41 per cent of its 569 million gallon daily capacity.

AGREES TO CONTRACT

Kelley asked Stitts if the rate would be included in a contract between the proposed company and the authority. Stitts said it would, contingent on 41 per cent of capacity use.

Stitts said he represents "a joint venture" known as Lake Huron Water Supply. He said the venture has not yet been incorporated, though it has already flown eight aerial surveys of pipeline routes and bought "the critical 10 per cent" of right of way for the line.

Stitts declined to reveal what engineering and construction firms were included in the joint venture, but Kelley previously has announced he is negotiating with Bechtel and Co. of San Francisco, described as "the largest international pipeline builders in the world."

WOULD ISSUE BONDS

Under the proposal, Kelley said, Lake Huron Water Supply would issue bonds to construct the pipeline, with the authority as its sole customer.

The authority would sell water from the pipe to communities in (Continued on Page 2, Col. 2)

Confer at Local GOP Fund Rally

BRINGS PRESIDENTIAL BLESSING—Victor R. Hansen (right), head of the Anti-Trust division of the Department of Justice, was main speaker last night at a fund-raising dinner honoring State

Sen. William S. Broomfield (center), GOP candidate to replace retiring Congressman George A. Dondero (left). Hansen said President Eisenhower has "spoken very favorably" of Broomfield.

Fund-Raising Dinner Honors Broomfield

At a \$10-a-plate fund-raising dinner last night honoring State Sen. William S. Broomfield, candidate for Congress, a federal trust-buster said President Eisenhower "wants Bill as a member of his team."

Waterford Pilot Escapes Death in Crashlanding

A 25-year-old Waterford Township pilot escaped death yesterday when he was forced to crashland his single-engine plane in a field near Washington, Pa.

Nicholas D. Manzella, 4163 Woodstock St., left Pontiac Municipal Airport yesterday afternoon for Uniontown, Pa., to attend the funeral of a relative.

He was forced to land when the light plane ran out of fuel. It reportedly sheared power lines while descending, cutting off electricity to many homes in the area.

Mrs. Manzella was told by her husband last night the plane, which he purchased in May, was "a complete loss."

War Ends Tomorrow

MOSCOW (AP)—A declaration ending the 11-year state of war between the Soviet Union and Japan probably will be signed in the Kremlin tomorrow night.

Bus Operators Facing 'Extinction'

LANSING—People in this city who don't own cars and can't afford a taxi may find themselves hitchhiking to work shortly.

On November 15, Inter-City Coach Line Co., Inc., says it will bow to three straight years of heavy losses and take its buses out of operation, leaving the city without public transportation.

You can't catch a bus in Keokuk, Iowa; Galesburg, Ill.; LaPorte, Ind.; Bowling Green, Ky.; Monroe, Mich., and some 50-odd other small cities where they were running a year ago.

Growing numbers of little transit companies have been giving up the ghost in recent years. And now the familiar bus, long-time friend of the autoless, faces extinction in larger towns as well.

Currently, Lansing city officials are scurrying to lure another operator or find some other means of

assuring continued bus service in the city.

Muskegon (population 70,000 including environs) also faces a bus service deadline. Peoples Transport Corp. says its 25 buses will quit rolling November 1.

"The city will give us no subsidy or help so we have decided to let them either run it themselves or find someone else who is crazy enough to take over our franchise," says M. J. Britzen, president. "I've been here 40 years but I can't keep on losing money. We haven't paid a dividend since 1946."

Mr. Britzen and other bus men are bitter over what they describe as city laws that encourage more motoring and consequent traffic congestion. Says he: "During the rush hour when we have to make our money, the downtown streets

are so crowded that the buses can't get through. A man who works downtown can walk home during the rush hour faster than he can ride the bus."

At Bay City, (52,000 population) Balcer Bros. Motor Coach Co. will try to stay in business another six months despite losses aggregating \$68,000 during the last five years. The company keeps going by buying used buses to replace worn-out equipment and subsidizing city operations with 18 profitable school buses, according to Barney Balcer, a co-owner.

Port Huron (population 40,000) Bus Co. recently canceled its 10-year franchise, which still has 4½ years to run, and is operating on a "day-to-day" basis "as long as we can exist," according to Jack

L. Paton, president.

In pleading to the cities and states where they operate for tax relief and other help, bus companies argue that the bus is essential to a certain group of people and offer vital transportation during a war emergency. They also maintain buses offer the most effective means of relieving downtown congestion, thus aiding downtown business.

Among the city officials won over to the arguments is bustling Mayor William E. Brown Jr., of Ann Arbor. He recently persuaded Great Lakes Greyhound Lines to extend for six months its September 1 deadline for dropping the city bus service it owns. He offered Great Lakes a subsidy from the city of about \$15,000 a year to make up losses that have been running near that amount.

Foster Agrees to Better Detour at Underpass

Wider Pavement, Walk, Elimination of 2 Curves to Ease Congestion

At a meeting yesterday with the Roads Committee of the Board of Supervisors, chief state deputy highway commissioner George M. Foster agreed to improve the condition of the "temporary" detour at the Orchard Lake Avenue—Telegraph Road intersection.

According to committee chairman Don R. MacDonald, Foster said he will widen the pavement, eliminate two sharp curves in the detour, install a pedestrian sidewalk and put in a left turn lane for cars turning north onto Telegraph road.

Foster said he would start on the program "at once." MacDonald said, and added "I think within 10 days we'll see activity there."

The detour has been in use since May, when construction work on a planned underpass was started on Orchard Lake avenue 100 yards west of Telegraph road.

Construction work now has stopped, and Highway Department officials have said the underpass probably won't be finished until next June because of a steel shortage.

MacDonald said Foster also agreed to try again to expedite delivery of steel for the bridge.

He also said he would start a survey to see if a three-way traffic light at the intersection is feasible. MacDonald added. Such a light would include a special green for left turns off Orchard Lake avenue.

MacDonald said he asked Foster to the meeting because "I thought it was time we made an attempt to avoid any further criticism."

"There are 14,000 cars a day using that detour. I don't think it's a very good policy to have that many people mad at you."

"Enough's enough."

Parents of children attending Daniel Whitfield School, just west of the intersection, have protested to the Pontiac School Board their children cannot safely cross the road without a sidewalk on the detour.

Summer Linger at Least 1 More Day

Our weatherman says tonight will be mostly fair with a low of 52 to 56 predicted.

For tomorrow, mostly fair weather is predicted. The high temperature will reach from 72 to 76 degrees.

The low last night in the downtown Pontiac vicinity was 56 degrees.

Today at 1 p.m. in the downtown Pontiac area the mercury moved up to 61 degrees.

Agile Adlai Stumps State

SWINGING ABOARD—Adlai Stevenson swings from a switch engine back to his campaign train after getting a lesson in engine operation from the engineer at Durand. Adlai whistle-stopped across the state, speaking at Kalamazoo, Battle Creek, Flint, Niles, Lansing and Saginaw. It was his second trip to Michigan during the campaign.

Stevenson Shifts Tactics, Appeals to Party Loyalty

By JACK BELL

WITH STEVENSON IN OHIO, Adlai E. Stevenson attacked the Eisenhower administration today as a "single interest government" he said must be ousted by "election of the Democratic party."

The Democratic presidential nominee thus wrapped up a new attack on President Eisenhower in the same package with his own obvious shift in campaign tactics toward a party — rather than a personal — appeal for votes.

Stevenson said in a speech prepared for a late afternoon rally in Akron, Eisenhower has a "Cadillac Cabinet" that "fears nothing as much as change."

He added that the people "will carry forward again when the present Cabinet is back in General Motors next January."

"If Mr. Eisenhower didn't want his administration called a big business single interest government, why did he ever join the Republican party?" Stevenson demanded.

This fresh attack on what he called the "creeping complacency" of the Republicans fitted in deeply with Stevenson's new tactics — which developed in a whistle-stop swing through Michigan yesterday — to submerge his own presidential aspirations under a strong appeal for Democratic party votes that might carry him on the coast.

(Continued on Page 2, Col. 2)

A front-seat passenger, Robert G. Sharpe, 21, of 349 Highland Ave., Highland Park, died this morning in Pontiac General Hospital of multiple head and internal injuries.

Wozniak's date for the evening, Jeanette McDonald, 16, of 459 W. Otis, Hazel Park, is listed in fair condition in Pontiac General Hospital. Authorities said she suffered severe cuts to her neck and scalp.

AT HIGH SPEED

The trio evidently was driving to Lake Orion, where Wozniak had spent the summer, deputies said. Their car apparently had descended a hill at a high rate of speed, and sideswiped the cement railing of the Paint Creek bridge.

It continued on 160 feet, they said, striking six guard rails, then rolling several times down the middle of the road. Sharpe was found lying unconscious next to the car.

The girl was too dazed to tell what happened, deputies said. She was lying off the curb 150 feet behind the car.

Confession Read as Prosecution Rests Its Case

Defense by 2 Women to Conflict With Report of Psychiatrist

Howard Wayne Moore's wife and mother took the stand yesterday to defend the 24-year-old accused sex-slayer, on trial for the first degree murder of his Lake Orion neighbor's daughter, Martha Little, 3.

Although both women called Moore "normal," their testimony was expected to conflict with that of a psychiatrist when the case resumes tomorrow.

Prosecutor Frederick C. Ziem rested his case yesterday after presentation of a barrage of evidence, including a second statement containing a confession which Moore has repudiated.

Read after objections by defense attorney Carl Igraham of Birmingham were overruled by Circuit Court Judge George B. Hartwick, the statement quoted Moore as saying:

"Yes, I killed her, as far as I know. When I'm drinking anything is possible."

The former furnace repairman is accused of driving Martha from her home after dinner on Friday, July 27 to a deserted, lonely lane 11 miles away where he assaulted and beat her to death. She was found there the next day.

BRIDE TESTIFIES

His recent bride, married four months tomorrow, told of drunken weekends spent by Moore on their honeymoon.

Irene Moore, 20, admitted under cross examination Moore "had been drinking beer" before he left home in his car on the night of July 27, but added, "He was not drunk." She said he "always" drank beer weekends.

Mrs. Minnie Fairchild of Oxford, Moore's 49-year-old mother, testified, "Howard was the best son a woman could have. He's still the same good boy."

She said Moore "is a very intelligent boy who always knew what he was doing."

TELLS OF DRINKING

She admitted Moore began drinking beer at 16, adding that he drank heavier after his return from Korean Army duty, when he seemed to have become "moody."

Mrs. Fairchild said:

"My boy's one of the healthiest I've ever seen. He never held a (Continued on Page 61, Col. 5)

U.S. on Brink of Abyss? Been There Since 1808!

ITHACA, N. Y. (AP)—The U. S. government "is standing on a precipice, from which she may be tumbled into an awful abyss."

Sound familiar? It's on an 1808 Federalist Party poster on exhibit at Cornell University.

Name Principal Speaker for UF Kickoff on Tuesday

Principal speaker at the Pontiac Area United Fund kickoff breakfast next Tuesday will be Frank O. Staiger, executive secretary-treasurer of the Michigan District of Kiwanis.

The gathering at Elks Temple will mark the official opening of the 1956 campaign to raise \$612,202 in support of 54 community service agencies.

Staiger has built a reputation as a public speaker throughout Michigan. He lives in Port Huron and takes an active part in that city's community life as a school and library board member.

He was recently honored by the Pontiac Kiwanis Club in its "Flowers To The Living Program."

The speaker has been active in the work of the Port Huron Salvation Army Citadel for more than 26 years.

He agreed to speak to the United Fund workers in response to an invitation from Walter K. Willman, campaign chairman.

More than 400 UF solicitors from Pontiac, Waterford and Pontiac Townships are expected to attend the breakfast.

It is being sponsored by the Pontiac Manufacturers' Assn.

FRANK O. STAIGER

The dates of this year's drive are Oct. 23 to Nov. 16.

Candidates' Timetable of Events

By THE ASSOCIATED PRESS
This is what the major party presidential and vice-presidential candidates are doing:

TODAY:

President Eisenhower—Speaks in Tacoma, Wash., and Portland, Ore.; makes radio-TV address from Portland 10:30 EST.

Adlai E. Stevenson—In Ohio by whistle-stop train; talks at Toledo, Elyria, Akron and Youngstown.

Sen. Estes Kefauver—Speaks in Joplin, Mo., Topeka and Garden City, Kan.

Vice President Nixon—Motors from Providence, R.I., to New York City; talks in those cities and in Norwich, New London, New Haven and Bridgeport, Conn.

TOMORROW:

Eisenhower—Flies from Portland to Los Angeles; speaks at evening rally in Hollywood Bowl.

Stevenson—Speaks in Lexington and Louisville, Ky., and in Cincinnati.

Kefauver—Speaks in Las Vegas, Nev., and Salt Lake City.

Nixon—Speaks in Wilmington, Del., and Baltimore.

Bandits Hold Up Service Station

Two Hooded Men Take \$150 in Early Morning Stickup; Find Clues

Two hooded men held up a city service station and got away with over \$150 early this morning.

Pontiac police found a tam, two T-shirts with slits for eyes, and a woman's single silk hose a short distance from the station later today but had little to go on due to the inability of attendant Harold Werth to give a description of the gunmen.

The robbery occurred at approximately 4:00 a.m. at Schroeder's Service Station, 440 N. Paddock St.

Werth told investigators the men entered his station carrying rifles and ordered him to hand over his money. He said he gave them \$150 from his pocket and then was instructed to go into the men's room or "we'll blow your head off."

After the pair left the station, Werth said he left the rest room and found the telephone had been slipped from the wall and the drawer of his cash register, containing an undetermined amount of change, was missing.

According to Werth, the holdup men wore cloth hoods tucked under their hats and either white gloves or socks on their hands. He said they made their escape in a car believed to have been a Chevrolet.

Ban Fires, Smoking in South Michigan

LANSING (AP) — To guard against damaging fires and tinder-dry woodlands, Gov. Williams today banned campfires and smoking in rural areas of Southern Michigan.

Noting the fire hazard, the governor said it has been suggested he cancel the pheasant season which opens Saturday.

His emergency ban applies to camp fires or the smoking of pipes, cigarettes, and cigars except in buildings, improved camp grounds, motor vehicles or villages and municipal corporations in the southern half of the Lower Peninsula.

The no-smoking area extends south of a line drawn on M20 from Lake Michigan to Bay City, then north on M47 to Saginaw Bay and northeast in the bay to Lake Huron to a point due north of Port Huron. Violation of the ban is a misdemeanor punishable by a maximum fine of \$25 and three months in jail.

Detroit Breweries Mull 20-Cent Case Beer Hike

DETROIT (INS) — Two Detroit breweries said today they had not reached a decision on a beer price increase although another Motor City brewery has announced a 20-cent-a-case hike.

However, the Pfeiffer Brewing Co. said it probably will follow the lead of the Goebel Brewing Co., which has raised its price.

The Stroh Brewery Co. and the E. & B. Brewing Co. are the two breweries as yet undecided.

Detroit's five major breweries earlier this week signed contracts with the United Brewery Workers granting 28-cent hourly wage boosts to 3,000 employees.

Dr. John Hannah Chosen for Mission to Far East

EAST LANSING (INS) — Dr. John A. Hannah, president of Michigan State University, said today he will go to Washington next week to learn details of a mission he has been asked to make to the Far East.

Dr. Hannah is one of seven prominent Americans a special Senate committee plans to send to various countries for on-the-spot reports of U.S. foreign aid.

CUBS GIVE A MAPLE — Cub Scouts of Pack B-10 yesterday presented a Norway Maple tree to the Beverly School, Birmingham, which sponsors their activities. Representing the six den at the ceremonies were Robert Jepson, Rickey Jones, Allen Gagstetter, Kenny Whipple, David Leach, and Barry Carr. Above, left to right, Robert, Kenny and Allen work while Principal Malcolm Ferguson watches.

Stevenson Appeals to Partisan Loyalty

(Continued From Page One)

tails of well-liked local candidates to victory in doubtful states. Earlier he had told a small train-side audience in Saginaw, Mich., that perhaps no president in history had enjoyed the popularity he said Eisenhower had held in four years.

With a trace of exasperation in his voice, he said, "Certainly, no administration in history has enjoyed such immunity from criticism" as Eisenhower's.

Then, in the manner of former President Harry S. Truman's now traditional Democratic "give 'em hell" tactics of 1948, Stevenson cut loose in Flint with a slashing attack on Vice President Nixon and former Gov. Thomas E. Dewey of New York. Stevenson prefaced his onslaught against Nixon with the observation that any president might be

No More Cadillacs?

AKRON, Ohio (AP)—Adlai E. Stevenson said today that Vice President Nixon has "instructed his staff not to use any more Cadillacs in his parades."

In a speech prepared for a political rally here, Stevenson said Nixon is "getting sensitive" over what Stevenson calls the "Cadillac Cabinet" of President Eisenhower.

"Those Republicans think of everything!" said the Democratic presidential candidate.

"prevented by higher will from serving his full term." Then he said Nixon's political "trademark is slander."

He depicted the vice president as a "man of many masks," asking: "Who can say they have seen his real face?"

He accused Nixon of upsetting American relations with India. He said the vice president had been "rash and inexperienced" in saying two years ago that the United States might have to send troops into Indochina.

Stevenson's attack came at the close of what no one in the candidate's entourage would admit was a disappointing day of campaigning through the usually Republican farm areas of Michigan in the quest for the state's 20 electoral votes.

In sunny, warm weather, the railroad station crowds generally were smaller than the Democrats seemed to have expected. Listeners did not seem to be highly responsive.

They tittered rather than guffawed at Stevenson's quips. They listened in outwardly listless silence to his discussion of Republican "hard money" policies.

Huron Water Rate for City Estimated

(Continued From Page One)

Oakland, Macomb, Genesee, St. Clair and possibly Wayne counties. Revenues would go to operate the pipeline and pay off construction bonds.

"The bonds will be issued by the corporation," Kelley emphasized. "They will definitely not involve the faith and credit of the authority or any participating municipality."

The authority agreed to prepare tentative contract forms for contracts with the corporation and with water-buying municipalities. These should be ready in a month, Stitts said, after a legal opinion on their legality has been received.

Demand for water from the pipe would be shown by response to the tentative contracts, Kelley said. Final contracts could then be prepared and signed.

ILA Wins Anew in Gotham as AFL-CIO Loses 3rd Bid

NEW YORK (INS)—The International Longshoremen's Assn. has defeated the AFL-CIO for the third time in three years in balloting for collective bargaining rights on the New York waterfront.

The majority of New York's 22,000 dock workers rallied to the support of the ILA yesterday.

Pontiac Deaths

Kaloust Parseghian

Kaloust Parseghian, 84, of 239 Ferry Ave. died Tuesday afternoon after an illness of several weeks. He was born in Turkey on July 20, 1872, the son of Mr. and Mrs. Kaloust Parseghian. His wife was the late Aghavey Alinian.

Mr. Parseghian, a resident of Pontiac 40 years, had retired from the Wilson Foundry.

He is survived by one child, Perseus Parseghian of Los Angeles, Calif.

The funeral was held at 9 o'clock this morning from the St. George Greek Orthodox Church. The Rev. Dr. Achilles A. Siagris officiated. Arrangements were by the Voorhes-Siple Funeral Home.

Mrs. John Wright

Mrs. John (Lucy J.) Wright, 87, died yesterday morning in her home, 235 Whittemore St. of a heart condition. She had been ill 10 months.

Born in Virginia on Nov. 17, 1868, she was the daughter of Walter and Barbara Seay. The Wrights were married in Nebraska in 1892.

Coming here from Detroit 13 years ago, Mrs. Wright was a member of the Methodist Church in Kansas.

Surviving are two children, Forest Wright of Topeka, Kan., and Mrs. Lois Amy with whom she made her home, and a brother, Walter Seay of Oregon.

Service will be at 1:30 p.m. Saturday from the Huntoon Funeral Home with Dr. Fred R. Tiffany officiating. Burial will follow in White Chapel Memorial cemetery.

Tavern Owner Fined

The owner of Leo's Tavern, 30 S. Saginaw St., recently was fined \$100 by the Michigan State Liquor Commission.

Mrs. Mary Ann Gabriel, 1831 Tamm St., was fined on a charge of allowing an intoxicated person to loiter last Feb. 29.

showing they wanted the union that was ousted by the AFL-CIO to continue representing them as bargaining agent.

The Police Department and Waterfront Commission praised the orderliness of the election at six polling places throughout the port, despite the large numbers of voters and the crucial issue of inter-union struggle.

There were none of the violent outbreaks that marred previous elections, such as the one in 1953 which caused the results of that election to be voided.

The ILA won by a healthy margin of 4,399 votes. The National Labor Relations Board which counted the ballots, announced in the early hours that the ILA totaled up 11,527 votes to 7,428 for the AFL-CIO.

A total of 143 dock workers decided they did not want to be represented by any union while 92 ballots were voided and 1,197 were challenged.

The ILA was expelled from the old AFL in 1953 for failure to rid itself of gangster elements but in December 1953, and again in May, 1954, the dock workers chose the ILA to represent them.

Clothing Store Marks Its 25th Anniversary

A business milestone was passed yesterday by Hub Clothiers, 18 N. Saginaw St., with the observance of its first quarter-century in the same location.

The local men's clothing store was established in 1931, according to General Manager Al Ross, who was a member of the original staff of two.

The present store has 15 on its staff and is four times larger than it was in 1931, Ross said.

Hub sells a complete line of men's wearing apparel.

Tips 'Legal' Expense

SACRAMENTO, Calif. (AP)—Assured that tipping is not an illegal gift of state funds, the California State Board of Control henceforth will allow up to \$1 a day for tips in state employees' travel expense accounts. The board got a formal attorney general's opinion on the matter.

Most hotels in Northern Ireland now have TV sets and special "viewing rooms" set aside for them, Belfast learns.

The Day in Birmingham

Engineers Move; Work Progresses at 2 Lots

BIRMINGHAM — City projects took several notable steps this week, with cement construction beginning on Parking Lot 3-A, final homes being wrecked to make way for Parking Lot 3-HH, and the three departments moving into new quarters at the Municipal Building.

At parking lot 3-A, north of Hamilton, installation of the parking meter blocks began yesterday, with all but one home removed in the past few weeks. Work will progress around the single home, which is to be wrecked soon.

Three homes have been moved, all to new Pontiac locations.

At lot 3-HH at the Hunter-Hamilton intersection, two houses were being wrecked, along with a car wash early this week.

On other parking lots, city officials say they are ready to buy the land for parking lot 4 in the southeast sector, and have no immediate plans for parking lot 2 in the southwest section.

The engineering department and offices of the building inspector and city planner have been moved into the eastern end of the municipal building, with all work complete in the remodeled former fire hall wing, except a lengthy counter in the main room. Brilliant lighting there is a feature.

In the city planner's office, paintings of Spain done by his father, Robert Herzberg mark the white walls.

Work progresses on the Oak Street crossover between Maple and Hunter, with one lane of traffic being sacrificed to the work on Hunter Avenue. Grading of the new roadway was underway yesterday.

Plans for a \$135,000 office building were revealed this week by Harry Stevens, whose permit for the building was issued by the City. The brick structure, whose

sectors are to be for rentals, will be at 1025 E. Maple.

Over 1,000 attended this morning's Town Hall lecture by Marquis Childs and a still larger crowd is expected at Birmingham Theater for tomorrow's lecture.

A block of the Thursday seats are reserved and were not used this week. But will be provided by the Town Hall Inc. for groups which have a special interest in later talks, such as physics classes, drama groups, and the Senior Workshop.

New officers planning a social meeting of the Birmingham Business Women's Club for tonight at 7 p.m. at the Community House are led by Mrs. Louise Pratt, president.

Others in the new staff are Lucille Ingram, vice president, Mrs. Gladys Helms, treasurer, Mrs. Jean Lankbury, secretary, Mrs. Gertrude Fox, corresponding secretary, and Mrs. Rose Holden and Mrs. Betty House, Mary Griffith Loan Fund chairmen.

The dinner party will be followed by an "old time frolic" variety show.

Describes Firm's Role in Tornado Recovery

The role of casualty insurance in speeding recovery from widespread destruction caused by last spring's violent tornadoes wind and hail storms was described to the North Pontiac Kiwanis Club yesterday by Arthur R. Roeben, of the Michigan Insurance Information Service.

Roeben told how insurance adjusters move immediately into storm-damaged areas to expedite loss payments and speed reconstruction.

Charge Is Murder in Triple Slaying

ST. PETERSBURG, Fla. (AP)—James G. Burmeister, who stabbed to death his wife and two children, will be charged today with murder, Detective Lt. Earl Newberry said.

Newberry said Burmeister's only explanation was "I suddenly had the urge to kill them all."

The 246-pound man surrendered quietly to police, called by neighbors who heard Mrs. Mary Burmeister's dying appeals for help early yesterday. He remained calm during questioning.

Newberry said Burmeister, 28, a power company lineman and ex-Marine, had been under a psychiatrist's treatment for several months.

Dr. E. R. Koontz, Pinellas County medical examiner, said Mrs. Burmeister, 32, was stabbed 44 times with a combat knife; James Jr., 3 years old, 18 times; and Marilyn, 9 months old, 12 times.

Voting Registration Should Be Modernized

NEW YORK (INS) — Registration in New York was down 7 or 8 per cent under the 1952 figures. Most pundits owe this to an absence of issues and lack of comprehensible differences between the rival sides.

I owe it to the clumsy, prying, time-wasting practices inflicted on people hereabouts before they become eligible to cast a ballot.

The usually elderly ladies and gentlemen who supervise registration are, I'm sure, fine people, deserving of this humble but welcome handout from political organizations they have faithfully served through the years.

But neither they nor their methods belong to this century. Any business conducted as our registration machinery is run would go bankrupt in short order.

We know of a spirited lady who refused to register this time because the person assigned to question her on her age, occupation, address and wring from her other vital statistics was a neighbor with a tongue as long and sharp as a spear.

I took Vincent X. Flaherty of the Los Angeles Examiner with me when I registered, and the nice folks at the table would readily have made him eligible, I'm sure, if he had wished to give an address in the neighborhood.

FINALLY ELIGIBLE

What with talk of this and that, and a grilling that would not be alien to a night court, I was made eligible and was handed a slip of paper bearing the insignia of the Republican, the Democrat and the Socialist parties.

I was asked to indicate a preference by making an X in one of the circles. There is no place for the Independent voter to sign. I made my choice, folded the slip,

Tag Dirty Book Law a Peril to Freedom

WASHINGTON (U) — Michigan's book-banning law has been described to the Supreme Court as "a very drastic inroad on our freedom of press."

Attorney Manuel Lee Robbins of New York asked the court to strike down the law as too vague and indefinite.

Michigan Solicitor General Edmund E. Shepherd said, "For the life of me I cannot see anything vague or indefinite about this language" and asked the court to uphold the law.

The law makes it a crime to sell, offer, or possess for sale a book containing "obscene, immoral or lascivious language" or "descriptions tending to incite minors to violent or depraved or immoral acts."

Robbins said a properly drawn law merely making it unlawful to distribute obscene literature would be valid, "but this is a far cry from what we have here."

Sam Benson Says:

DON'T MISS IT!

I bought out the entire stock of KAPLAN'S, one of Jackson, Michigan's finest stores . . . I made a TERRIFIC BUY, and now I have all of this quality merchandise in my store on

OPEN TILL 9 P.M.

Sam Benson
20 S. Perry St.

dropped it in the box, talked to a cop whose father used to work in the press room at the Journal American, and started out.

But escape was not that easy.

A young lady came up to me, eyed me incredulously, and said with vigor, "How could you possibly make such a choice of parties?"

She was quite distressed. "I've worked my fingers to the bone for the other fellow, and I was sure I had reached people like you. Now . . ." her voice trailed off, she turned on her heel and left—bearing away the secret of how she learned what I had marked down.

This is an isolated case, I suppose. The main complaint is that the whole process should have been discarded and replaced with a

more efficient system about the time Zachary Taylor resumed the spoils system.

A SURE SUCCESS

Books about Lincoln, doctors and dogs always sell, which accounts for the industry of all those writing a book to be called "Lincoln's Doctor's Dog." Ghosts should be in there someplace, too. ("Lincoln's Doctor's Dog's Ghost"?)

Horses Run Willie Nilly

EAST ST. LOUIS, Ill. (U)—Willie Jackson, 51, suffered minor back and shoulder injuries in a mishap reminiscent of another era. Police reported a team of horses, pulling a wagon in which Jackson was riding, galloped out of control after being frightened by an automobile. Jackson was thrown from the wagon.

My friend Danton Walker, the Broadway columnist, believes in ghosts, as he points out in his new book, "Spooks Deluxe" published by Franklin Watts, Inc. of New York.

Lincoln is the official White House spook. Kevin McCann will be discouraged to learn.

Carl Sandburg, at F.D.R.'s suggestion, walked through each room of the White House in search of the room where the ghost of Lincoln preferred to reside and felt that it was the Blue Room. F.D.R. felt the same way.

Walker tells a Mrs. Roosevelt-Lincoln story in the book: "I was sitting in my study downstairs," Mrs. Roosevelt said, "when one of the maids burst in on me in a state of great excitement. I looked up from my work

and asked her what was the trouble.

"He's up there—sitting on the edge of the bed, taking off his shoes!" she exclaimed.

"Who's up there, taking off his shoes?" I asked.

"Mister Lincoln!" the maid replied.

Joe Lash should review this book. It might have been he the slavey saw.

Bernhard Returns

THE HAGUE (INS) — Prince Bernhard of The Netherlands returned home by air yesterday from a month-long visit to his estates in Tanganyika, East Africa.

Gulf Oil Corp. may pipe oil to Santos, Brazil, from wells in Bolivia.

Predicts Ike Victory

SAGINAW (U) — Prof. Preston

Slosson of the University of Michigan History Department says the Democrats will increase their majority in the House of Representatives.

Just out and just wonderful!

The beautifully new Bel Air Sport Coupe with Body by Fisher

TOMORROW — '57 CHEVROLET!

IT'S SWEET, SMOOTH AND SASSY!

Chevy goes 'em all one better — with a daring new departure

in design (looks longer and lower, and it is!), exclusive new

Turboglide automatic transmission with triple turbines, a new V8

and a bumper crop of new ideas including fuel injection!

New right down to the wheels it rolls on—that's the '57 Chevrolet!

By now you know it's new in style. But treat yourself to another look. Let your eyes linger on that stylish new bonnet, that daring new grille, the deeply hooded headlights, the saucy new slant of those rear fenders.

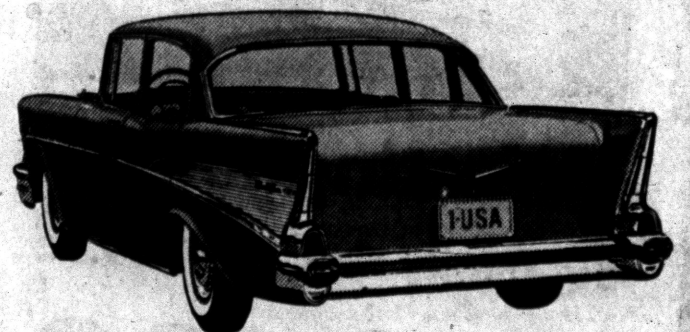

And Chevrolet's new in lots of ways that don't show up in our picture. It's new in V8 power options that range up to 245 h.p.* Then, you've a choice of two automatic drives as extra-cost options. There's an even finer

Powerglide—and new, nothing-like-it Turboglide that brings you Triple-Turbine take-off and a new flowing kind of going.

NOW—FUEL INJECTION OFFERED FOR THE FIRST TIME

Chevrolet engines with Ramjet fuel injection, available at extra cost in the Corvette and passenger car models, deliver up to 283 h.p.

Come see the new car that goes 'em all one better—the new 1957 Chevrolet!

The new Bel Air 4-Door Sedan—one of 20 striking new Chevis.

*Special high-performance 270-h.p. engine also available at extra cost.

Only franchised Chevrolet dealers  display this famous trademark

Traditionally Democratic Texas Rated Doubtful State for Nov. 6

AUSTIN, Tex. (INS)—Traditionally Democratic Texas, which dramatically broke the traces four years ago for native son Dwight D. Eisenhower, is rated a doubtful state if there ever was one in the November presidential election.

There is an organized and determined drive by a newly formed "Texas Democrats for Eisenhower" to stage a repeat 1952 performance. A similar organization, then headed by Gov. Allan Shivers, turned the state Democratic party machinery against Adlai E. Stevenson and gave the state's 24 electoral votes to Eisenhower.

But Shivers is retiring from politics after a seven-and-a-half year administration — and the temper of Texas politics has changed since then.

The governor's lieutenants, however, are carrying on the new drive for Ike.

The Democratic party machinery this year is firmly in control of "loyalist" Democrats pulled together by Senate Majority Leader Lyndon Johnson and House Speaker Sam Rayburn.

Shivers' leadership was torn apart this spring when he lost the battle with Johnson at the precinct level over the Senate leader's bid for chairmanship of the Texas delegation to the National Democratic Convention.

Another factor favoring the Democrats this year is U. S. Sen. Price Daniel, who supported Eisenhower four years ago, won the sure fire Democratic nomination for governor after agreeing to back the national nominee.

The Democrats for Stevenson are aiming their big guns at the farm vote in Texas, on the theory the farmers are fed up with the administration's farm program in the light of the worst drought in history.

SPEARHEAD MOVE
Sen. Johnson and speaker Rayburn are playing major roles in the Democratic campaign. With Shivers mostly out of the picture, the Democrats for Eisenhower movement is being headed up by former state Democratic chairman George Sandlin and Shivers' long time lieutenant and advisor, Weldon Hart.

The apparent closeness of the race in Texas is underscored by indications of nervousness on both sides of the fence.

That the Democrats are "running scared" is indicated by a steady influx of out-of-state U. S. senators to bombard the voters with pro-Stevenson-Kefauver speeches.

That the Republicans are nervous also is evidenced by the recent repeat engagements of Vice President Nixon in Texas after an

initial sorry turnout in Houston. Neither Ike nor Adlai have personally tapped the heart of the Southwest yet, and neither has definitely scheduled an appearance in the state. Kefauver

matched Nixon's efforts with a whirlwind visit. Texas' only Republican congress-

man, Bruce Alger of Dallas, has a stiff fight on his hands. He is opposed by Henry Wade, popular

Democratic district attorney. On the other hand, Democratic congressman Albert Thomas of

Houston has a strong GOP opponent in C. Anthony Friloux, a former assistant U. S. attorney.

RECORD BREAKER — An apparent world speed record of at least 6,864 miles per hour has been reached by rocket-powered research missiles launched over the Atlantic from the Virginia coast, the National Advisory Committee for Aeronautics announced. Above are three pictures, released by the NACA, showing the four-stage rocket which set the record.

Mumbling and Stumbling

Pressures of Campaign Tire Wagging Tongues

EN ROUTE WITH KEFAUVER (INS)—The boobies in Sen. Estes Kefauver's speeches are beginning to show as the strain of modern political campaigning begins to tell.

As the intensity of the quadrennial autumn slugfest mounts, wrong words come easy—too easy as far as the candidates are concerned. It's nothing peculiar. It happens to every candidate.

But Tuesday night, it happened to Kefauver. In a nationally televised speech, Kefauver meant to say "Mr. Eisenhower has promised everything to everybody." A slight difference.

ANOTHER ONE This wasn't all. The script called for him to say the President "stacked the National Labor Relations Board with pro-management spokesmen." But several million television fans heard it "pro-labor spokesmen."

Even such a fastidious campaigner as Vice President Richard M. Nixon makes these mistakes.

One of these has been repeated, with variations. Chances are that when Nixon talks about the soil bank, it comes out "soil blank." At least it has several times. He varied it one time during a news conference, calling it a "soil bank."

Another one Nixon has repeated once or twice concerns the persons who presumably unlike the Democrats, know the difference between peace and war.

These, Nixon said, are "the wives, husbands, mothers and loved ones of the 157,000 persons killed, wounded or missing in the Korean War."

One morning, at a rally in Nashville, Nixon told his audience he wanted to speak to them "to-night." He said he also would speak to them for "only a few days" and just "a biddle."

In Sioux City, Iowa, Nixon allowed as how he was glad to see some folks from Nebraska and that he would be over to see them in a few weeks when he was scheduled to speak at the "cow-picking contest." It was actually the corn-picking contest.

Adlai Stevenson isn't immune either. In a speech in Florida, he told his audience how encouraged

he was about the political situation "here in California."

Looks Like Inside Job in Jail Safe Robbery

CINCINNATI (U)—Somebody got away with \$4,579 from a safe at the Cincinnati workhouse yesterday, and Supt. George Studt said he thinks it was "an inside job."

Officers said the safe had not been forced open. Guard captain Richard Lobeck said he was sure it was locked. Studt said that about \$3,900 was money of the prisoners and \$679 was money spent at the workhouse commissary.

he was about the political situation "here in California."

NEJSNER WATCH REPAIR 42 North Saginaw

Fake Draft Cards Sold

CINCINNATI (U)—Police arrested Paul Curtis, 18, of Cincinnati, who, they said, had been selling "false draft cards" to juveniles. Investigators said Curtis made reproductions of his own draft card

using a photostat machine where he worked. Police quoted Curtis saying his "customers" wanted the cards for proof of age for leaving school and getting jobs.

Austria still needs 200,000 dwellings.

Pilot Set Speed Mark Before Dying in X2

WASHINGTON (U)—An Air Force experimental rocket plane prob-

ably reached a record speed of 2,200 miles per hour before it crashed in California on Sept. 7, authoritative sources said.

Air Force Secretary Donald A. Quarles said publicly last week that Capt. Milburn G. Apt, pilot of the ill-fated X2, "was flying

faster than any other human being has ever been known to fly" shortly before his death.

Strong interest by Japanese buyers has boosted Australian wool prices to their highest mark in nearly two years, Sydney reports.

Okinawa Waits for 3rd Typhoon

Storm Jean Expected to Sweep Over Island Manned by U.S.

FT. BUCKNER, Okinawa (AP) — U.S. bases on Okinawa, hard hit by two major typhoons last month, braced themselves tonight for another.

Typhoon Jean's central winds were 385 miles southeast of the island and headed on a course which would send the storm sweeping directly across Okinawa.

The storm was traveling slowly, 10 miles an hour, but generating more destructive power. Earlier today Jean's central winds were clocked by U.S. Air Force weather planes at 115 miles an hour.

Present course and speed would slam the full force of the typhoon into Okinawa Saturday morning. Fringe winds of 60 to 75 miles per hour could hit by Friday midnight.

Typhoon Emma, which struck Okinawa Sept. 9, did nine million dollars worth of damage to U.S. Army, Navy and Air Force installations on Okinawa and an estimated 12 to 13 million to civilian property and crops.

Harriet, two weeks later, caused an estimated 1 to 1½ million dollars damage to military property and about two million to civilian property and crops.

Citizens Fighting Export of Art From Italian City

FLORENCE, Italy (AP) — Embattled citizens of this art center formally warned their mayor today against letting 40 of their priceless paintings go to the United States for exhibition.

A "diffida," or formal warning, was filed in their name by artist Enrico Sacchetti against Mayor Giorgio la Pira and Prof. Filippo Rossi, superintendent of Florence's Public Art Galleries.

The diffida could be followed by more formal court action.

The diffida said the recent sinking of the Italian liner Andrea Doria was a "sad experience" that shows that the priceless cargo could not be adequately insured against loss.

Filing of the diffida was the latest action since the proposal was first made to take the paintings to the United States on an American military transport for exhibition at the National Museum in Washington and the Metropolitan Museum in New York.

The diffida said that the major part of Florence's art treasures were given by Princess Maria Ludovica Elettrice Palatina, who

TOLL-CALL MILLINERY—Greenback-decked hat worn by Mrs. Katy Locheim as she greeted Adlai Stevenson at Kansas City, Mo., may have inspired the Democratic presidential hopeful to throw his "party-line" party. A few days later, he made two party-line telephone calls, contacting Democratic campaign officials of all 48 states in a fund-raising plea from his Libertyville, Ill., home.

In her will specified the condition that they be "not transported outside the capital or the Grand Duchy."

In Colombo, Ceylon, 255 port workers staged a sit-down strike for two days in a vain effort to get higher wages.

A-Expert Disputes Adlai's Statement

WASHINGTON (AP) — A former medical research chief for the Atomic Energy Commission says nuclear tests have produced only an "insignificant" amount of a substance Adlai Stevenson terms "the most dreadful poison."

The commission made public late yesterday a telegram from Dr. Shields Warren, head of its division of biology and medicine from early AEC days until mid-1952, in which Warren said some

statements Stevenson made regarding strontium-90 "should be corrected."

In connection with Stevenson's call for this country to take the lead in working toward an end of hydrogen bomb tests, Dr. Warren said in a telegram to AEC Chairman Lewis L. Strauss: "To permit us to fall behind (the Russians is disastrous; to wait for them to catch up to us is stupid."

"My husband and I, my children and my sister are all members of the savings group in the Royal Household," said Britain's Queen in London.

No Money Down—

PLUMB PUZZLING — Key to the meaning of this metallic piece of plumbing-like three-dimensional art seems to elude Dawn Schubick, 4, of Chicago, Ill. The work of sculptor Ibram Lassaw, it represents doorknobs, locks and keys and is the featured item of a lock company's traveling display.

Dewey Fears Small H-Tests

Claims Such Tryouts Could Not Be Detected by Other Nations

WASHINGTON (AP)—Thomas E. Dewey says tests of smaller hydrogen weapons cannot always be detected, and contends "the trend is to experiment with smaller ones."

The former New York governor, in a CBS-TV interview last night, described as "dreadfully and dangerously deceptive" Adlai Stevenson's statements that large H-bomb tests by other nations can be detected and that this country under such circumstances could resume its own tests.

Dewey conceded that tests of the largest weapons can be detected, but added:

"If you experiment with small ones and have a number of such tests, they can be added up into a large one, the like of which the world has never seen, and those tests cannot be detected."

Dewey said nuclear tests to date have not substantially increased the danger to human beings from radiation. He described as "dangerously irresponsible" Stevenson's contention that continued testing could cause the human race unmeasured damage.

Stevenson has urged that the United States take the lead in halting H-bomb tests if other atomic powers will agree.

350 Pontiac Area United Fund Workers Gather at Breakfast

Couple Reveals Autumn Wedding

Announcement is made of the marriage of Shirley Jean Marietta and Arthur Gray Jr. They spoke their vows Sept. 15 at Grace Lutheran Church, Drayton Plains. They are making their home on Maple

Leaf street following their honeymoon to northern Michigan. Parents of the couple are Mr. and Mrs. Richard R. Marietta of West Walton boulevard and Mr. and Mrs. Arthur Gray of Cooks. Cottage cheese will absorb odors of other foods in the refrigerator, so it should be kept tightly covered.

Make Plans for Soliciting Donations

Women Advised to Contact Everyone in Fund Drive

"Knock on every door," Elmer Rosenberg, training chairman for the Pontiac Area United Fund campaign, told 350 women attending a breakfast Tuesday at Devon Gables.

Mr. Rosenberg appealed to the women to remember they are asking donations for a good cause, something that is an established institution in this community.

Chairman of the Geographic Division, Mrs. Ralph G. Bump will head the women in a door-to-door drive to raise \$19,000 in Pontiac, Pontiac Township and Waterford Township.

City Manager Walter K. Willman, general campaign manager, told the women to "approach this campaign with optimism" and to "Share the Blessings," the motto of this year's campaign.

Oriel Endelman, executive director of the Michigan Children's Aid Society, explained the program of the agency and how it is helped by the United Fund.

Howard O. Powers was master of ceremonies for the event and introduced the chairman of the Pontiac division, Mrs. William E. Hutchinson, and the Waterford chairman, Mrs. George Eldred, who reported for their areas.

Maurice Barnett of Bloomfield Fashion Shop was commentator for a fall and winter fashion show at the close of the meeting.

Sylvan Shores Club Gathers at Struble Home

Sylvan Shores Women's Club met at the home of Mrs. Milo Struble on Woodbine drive for a Halloween party Wednesday evening.

Mrs. Lyndon Salathiel greeted the 33 members who attended and welcomed Mrs. Douglas Squires as a new member. Announcement was made of a tea to be held for new members on Nov. 20.

Serving on committees for the year are Mrs. Byron Cole, membership; Mrs. Ben Bowman, hospitality; Mrs. C. I. Humphries, project; Mrs. Willard Johnson, program; and Mrs. David Lyons, publicity.

Refreshments were served following the meeting by Mrs. Salathiel, Mrs. George Netwan, Mrs. Robert Newill and Mrs. Clarence Failing.

PTA Activities

Frances C. Butterfield Tent 9, Daughters of Union Veterans of the Civil War, will meet tonight at 8, 128 W. Pike St.

Ladies Auxiliary 1230, P.O.E. will meet tonight at 8 in the hall on Montclair St.

Pontiac Rebekah Lodge 450 will meet Friday at 8 p.m., 82 Perkins St. with degree practice following the lodge.

Mrs. Erickson Gives Shower for Joanne Gaul

Mrs. Ida Erickson of LaSalle avenue entertained at a miscellaneous shower for Joanne Elizabeth Gaul Wednesday. Mrs. James Wright acted as cohostess.

Miss Gaul, of Short street, will be married to Roxlyne Lee Harding, Nov. 3. She is the daughter of Mr. and Mrs. Paul F. Gaul of Earlring, Iowa, and Lee is the son of Mrs. George Nimphie of Holly.

Guests were Mrs. Lloyd Smith, Mrs. Gladys Montgomery, Grace Holton, Mrs. Robert Davies, Mrs. Cleon Henderson Sr., Mrs. Cleon Henderson Jr., Mrs. Edward Ladd and Mrs. Roy Linn.

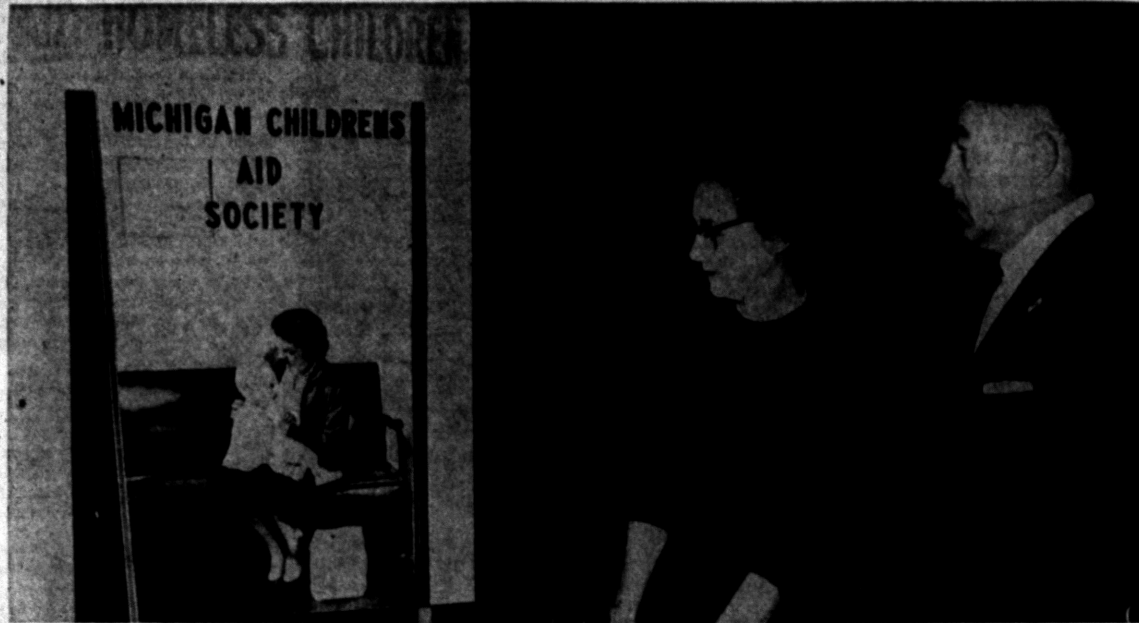

Others attending were Mrs. Robert Eules, Mrs. Charles Reibling, Mrs. Charles Gibson, Mrs. Virgil Klein, Ruth Heideman, Mrs. Edith Hillman, Mrs. William Weight, Mrs. Clay S. Parrett, Mrs. Wayne Anable and Mrs. E. W. Johns.

Wear Eyeglasses With Assurance

If you need glasses, wear them. Don't go around peering at people in a vain effort to recognize them. You won't look pretty and you'll only emphasize the fact that you should be wearing your glasses. With so many pretty colors and frames in glasses to choose from, they're no badge of frumpiness these days.

Told to "tap on every door," 350 women Torchlighters of the Pontiac Area United Fund began their campaign Wednesday with a breakfast at Devon Gables. Three of the area members attending were (left to right)

Mrs. C. Bud Shelton of Third avenue, Mrs. S. A. Carter of Bloomfield Hills and Mrs. William A. Shunch of Waterford.

Oriel Endelman, executive director of the Pontiac Branch of the Michigan Children's Aid Society, spoke to the UF group gathered at Devon Gables Tuesday morning.

ing. She explained the program of the society. She is shown with Howard O. Powers of Cherokee road, master of ceremonies for the event.

Homecoming... JERSEY CITY, N. J. — Yankee pitcher Johnny Kucks, who beat Brooklyn in the last game of the World Series, was given a home-town welcome yesterday.

Expect Record Crowd for BC-Flint Battle

BAY CITY (AP) — If Flint Northern can't come up tomorrow night with any better football team than it has with advance sale of reserved seats, the Vikings are in for trouble from Bay City Central.

That was the general consensus here today as irate followers of the unbeaten Wolves still stormed the high school office, hoping some kind soul might have a stray pastboard unaccounted for.

Never in the history of Saginaw Valley Conference football has the advance ticket demand been that for this clash between the unbeaten Class A powers in the state, and the No. 1 contenders for the Valley grid championship.

Northern flushed out some 950 tickets for Bay City fans early Monday morning and without advance notice, all were sold within an hour and a half.

Calls, prepaid telegrams and actual trips to Flint drove Northern Faculty Manager Gene Reccelli into his storm cellar, and harassed Bay City Central authorities are about to follow suit.

A short distance away, however, on the Central practice football field, the picture had a saner look.

Coach Elmer Engel, who has rolled up an amazing 43-14-2 record in six short years in Bay City, is pointing what he considers his best team for an undefeated record. Twice now, Engel has missed by only one, but that all-elusive perfect mark is still up for grabs.

NIGHT SPORTS PHONES

Jim Shorter Doubtful Starter

Chiefs Facing Added Woes

By BILL CORNWELL

Two weighty problems are facing Ed Graybiel this week as the Pontiac High mentor drills his gridders in preparation for Saturday night's Saginaw Valley test against Arthur Hill at Saginaw's Memorial Stadium.

Graybiel's biggest worry concerns the injury to halfback Jim Shorter, who is called the best pass defender in the Valley by the PHS coach. Shorter sustained a bruised ankle in the Flint Central game and may not be ready for the Lumberjacks.

The absence of Shorter and his defensive skill would be sorely missed against a feared Arthur Hill passing attack. Shorter has practiced very little this week and his use Saturday, if any, would probably be limited.

Graybiel's 2nd headache is an intangible problem. He is hoping that his boys are not down mentally

after last Friday's heartbreaking 13-12 loss to Central. Team spirit seems fairly good, he said.

Aside from Shorter's injury, everyone else is reported in sound physical condition. Scrimmage sessions have been abandoned to avoid injuries. No lineup changes are planned at this time, Graybiel said.

Pass defense has been stressed in practices in an effort to counteract the aerial artistry of quarterback Jim Draves, the Jacks' deceptive signal caller whom Graybiel says the Chiefs must stop.

Graybiel pointed out, however, that pass defense was not being emphasized to the extent of sacrificing their defense against a running attack, because the Hillites have been scouted twice and the Pontiac coaching staff knows that they also have a strong ground game.

Considerable time has also been devoted to offensive work in an attempt to get the attack clicking that his runners will be able to gain on the ground against the Jacks.

"The boys have been looking okay in practice," Graybiel reported, "and I think they have the stuff to win." "This would be a good one to win and it would certainly give them new confidence," he added.

"We know we're definite underdogs because of comparative scores, but we're used to that," Graybiel concluded.

Logart's Rating Still Stands Up

BOSTON (AP) — The high rating of Isaac (Kid) Logart as a contender for the world's welterweight championship still appeared justified today despite a 10-round decision loss to unranked Gaspar Ortega of Mexico.

The 23-year-old Cuban, rated the No. 3 contender by the National Boxing Assn. and Ring Magazine, was upset by Ortega in a nationally televised bout last night on some surprising vote-casting by the officials.

The referee and one judge voted for Ortega and the second judge a draw. Boxing writers had Logart the winner by a 5-1 margin, while several other veteran ring men also figured the Cuban had won.

Logart subjected Ortega to a heavy body battering from the opening bell, but the Mexican Indian's last-round rally gained him the votes of referee Eddie Curley and Judge John Norton.

The 1911 Yankees were the first baseball club to choose a training site outside the U.S. They went to Bermuda.

Logart's rating still stands up. The referee and one judge voted for Ortega and the second judge a draw. Boxing writers had Logart the winner by a 5-1 margin, while several other veteran ring men also figured the Cuban had won.

Lane May Fight Ryff Nov. 7 If NBA Approves

GRAND RAPIDS (AP) — National Boxing Assn. President Floyd Stevens today indicated that a suspension against Kenny Lane would be lifted in time for the Muskegon lightweight to meet Frankie Ryff at Miami, Fla., in a match scheduled Nov. 7.

"I feel that the Lane situation will be resolved at our Oct. 26 meeting in Detroit," Stevens said. The Miami Boxing Commission approved the bout last night despite an indefinite NBA suspension against Lane pending investigation of a contract dispute in New Orleans.

Others, many of whom were recipients of the award, included Mr. and Mrs. W. C. Pike, parents of Billy, a city league star for whom the memorial is named, were Chisox hurler Billy Pierce, Neal (Doc) Finkel, Tiger public relations man, and A. W. (Ziggy) Thompson of Wayne State University. All were heard in brief talks, and Pierce was invited to become the 1st honorary member of the association.

Billy Pike lost his life in World War II.

Others, many of whom were recipients of the award, included Mr. and Mrs. W. C. Pike, parents of Billy, a city league star for whom the memorial is named, were Chisox hurler Billy Pierce, Neal (Doc) Finkel, Tiger public relations man, and A. W. (Ziggy) Thompson of Wayne State University. All were heard in brief talks, and Pierce was invited to become the 1st honorary member of the association.

Colt Loop Unaffected by California 'Bolt'

EVANSTON, Ill. (AP) — The Colt Baseball League will remain very much in business with a solid organization east of the Mississippi, Commissioner Michael O'Neill said today in face of a bolt by Southern California members.

In a meeting at Riverside, Calif., Tuesday night, members in that section voted to withdraw from the national organization and start a rival circuit for 15 and 16-year-olds.

Face Toledo Yearlings

DETROIT — University of Detroit's freshman football team will make its 2nd appearance of the season tonight, when the Titan yearlings face the University of Toledo's frosh on the Toledo gridiron at 8 o'clock.

Detroit lost its opener to Bowling Green last week, 19 - 6.

Don January's 130 Wins at Apple Valley

APPLE VALLEY, Calif. (AP) — Don January of Lampasas, Tex., won the \$5,000 Apple Valley Clambake Golf Tournament yesterday with a seven-under-par 32-32-64, giving him a 130 total for the 36 holes.

Dow Finsterwald of Bedford Heights, Ohio, finished with a blazing 31-32-63 to tie for second at 136 with Ernie Vossler, Midland, Tex., and Bill Trombley, Dallas. Finsterwald's mark set a new course record, January, having set the old record the day before with a 66.

Klisanin Top Back on Showing Against UD

By THE ASSOCIATED PRESS

Jim Klisanin, veteran Wichita halfback who was jerked from the starting lineup and responded with three touchdown runs, was named Back of the Week in Missouri Valley football.

Removed by Coach Pete Tillman in favor of Ed Postak, the 171-pound McKeesport, Pa., senior came in with the second unit and produced scoring runs of 30, 12 and 23 yards as Wichita ended a three-game losing streak by beating Detroit 19-13. Klisanin also kicked his team's only extra point.

No Pre-Game Efforts

MELBOURNE (AP) — The Australian Olympic Federation has banned Australian competitors from taking part in the international competitions here before the games.

"We won't be party to any games previews," the federation told amateur sports officials.

An international athletics meeting is planned in Olympic Park on Nov. 10.
