Ike Offers Health Program

Asks Congress for $250 Million Over 5 Years

$126,525,000 Will Be Earmarked to Conquer Cancer, Other Killers

WASHINGTON (INS)—President Eisenhower proposed today that the federal government spend 250 million dollars on a five-year program to help medical schools build new research and teaching facilities.

The proposal featured a request for $126,525,000 for basic research to penetrate the "dark mystery" of cancer and to combat other leading killers.

Eisenhower said, in placing the "better health" program before Congress, there no longer appears to be an urgent need for the health reinsurance plan he has recommended in past year.

Congress has given a cold shoulder to this phase of the Eisenhower medical program, designed to encourage extension of private voluntary health insurance.

The 250 million dollars requested for medical facilities would be made available on a matching basis to schools of medicine, osteopathy, public health, dentistry and other research institutions.

* * *

Eisenhower also asked an increase of 28 per cent in direct federal outlays for medical research, requesting a total of $126,525,000. This figure previously had been listed in the budget.

SPENDING PROJECTS

The funds for research would go to the National Institutes of Health for use on specific projects, including cancer, heart disease, mental illness and arthritis. Most of the money would be distributed in grants to medical schools, hospitals and private laboratories.

The President said there now are indications that private insurance companies may progress more rapidly in extending health insurance coverage by pooling their risks.

Eisenhower said the administration is considering legislative

Winter Olympics Opening Today

AP Photo

YANKS ON THE MARCH — Members of the United States Olympic team march into the ice stadium at Cortina d'Ampezzo in ceremonies opening the 1956 games in the Italian Dolomite Alps. Jim Bickford, bobsledder from Syracuse Lake, N. Y., taking part in his fourth Olympics, had the honor of carrying the U. S. flag in the procession. (Top story on page 48.)

Would Finance Toll Highways for 500 Miles

Entire Cost of Project Pegged at $600 Million by MTA Chairman

The Michigan Turnpike Authority today asked the Legislature to place a $300,000,000 bond issue before the voters in the November general election, to build over 500 miles of toll expressways from the Ohio line to Mackinac and from Detroit to Chicago.

The Authority said the entire system, costing an estimated $600,000,000 would be in operation in less than five years and would be entirely self-liquidating from tolls.

It was proposed the highways be built under a financing plan similar to that being used to construct the $850,000,000 — 340 mile New York Thruway and other toll projects, using part State guaranteed bonds and part revenue bonds.

Turnpike Authority Chairman George N. Higgins announced the plans and declared: "The Authority needs the decision from the people of Michigan on whether Michigan gets turnpikes or not.

"Their decision is needed to end delay, confusion and a lack of coordinated effort needed to licit our highway problems.

NOT A TIMID PLAN

"The plan is not timid. Michigan, faced with a multi-billion dollar road deficiency, will not solve its highway problems with timidity or small thinking.

"The plan is not new nor unique. It has been successfully used in other states."

If the bond issue carries, Reichard-Engineer construction would start immediately and final traffic and civil engineering studies ordered for highways to Mackinac and Detroit to Chicago, said Higgins. These projects would be started so soon as the final studies were available, he added.

If the bond issue is not approved, Michigan and the Authority can forget about turnpikes and sit back and wait for the job to be done by methods, which to date at best, have been inadequate, the chairman stated.

TO AVOID SQUABBLES

"Our consultant engineers have also made clear to the Commission that we will have to overpass and underpass dozens of highways under the Highway Department jurisdiction and that the Department must approve our plans before we can build. They could hold up construction indefinitely with a series of engineering squabbles. A referendum would clear the air one way or the other and definitely set a course of action for us as well as for the Highway Department," Higgins said.

Result of Highway Death:

Eight Children Fatherless After 2-Truck Smashup

Eight children, seven of them school age and under, were left fatherless by a two-truck crash that yesterday took the life of Patrick Earl Cauley of 120 Henry Clay Ave.

Cauley, 42, a driver for Contract Cartage Co. was pinned 45 minutes in the cab of his haulaway truck when the vehicle struck another truck on U. S. 25 near Bowling Green, Ohio. He died shortly after. Driver of the second truck, also owned by Contract Cartage Co., was John Cogley of Drayton Plains. He was uninjured.

PATRICK E. CAULEY

News of the tragedy was revealed to the widow, Mrs. Lucille Cauley, 42, by the Rev. Alfred J. Immel of St. Vincent de Paul Church, accompanied by Robert H. Clark, vice president of Contract Cartage Co. The priest also summoned the seven Cauley children from school and the oldest son, Robert, 20, of Oxbow Lake, to tell them what had happened.

Mrs. Cauley, in a state of near hysteria, rallied when the children broke down. She asked Father Immel to kneel with the family in prayer.

Jeanne Marie, 8, Janice, 6 and Jimmy, 4, wept unrestrainedly and cried "I want my daddy—I want my daddy." The older Cauley children, Margaret Ann, 11, twins Patrick and Kenneth, 15, and Charles, 17, sought to comfort their mother.

"God wanted your daddy, too," Mrs. Cauley told the little ones. "He is in God's care.

Today the younger children huddled together on the couch in the family living room. On top of the blank television set, a Christmas manger scene served as a poignant reminder of recent festive family gatherings.

In addition to his widow and children, Mr. Cauley leaves his parents, Mr. and Mrs. Henry Cauley of Pontiac, and three brothers, Thomas Harold of Pontiac, Robert of Flint and John of Charlotte, N. C.

Recitation of the Rosary for Mr. Cauley is scheduled for 8:30 p.m. tomorrow at Donelson-Johns Funeral Home. Requiem High Mass will be sung at 11 a.m. Saturday in St. Vincent de Paul Church, and burial in Mt. Hope Cemetery will follow.

Return Youths to Face Court

Hazel Park Threesome Held in Holdup Death of Tavern Keeper

Three Hazel Park youths, held for first-degree murder in the Tuesday night hold-up slaying of a tavern keeper near Wapakoneta, Ohio waived extradition today before Oakland County Circuit Court Judge H. Russel Holland.

They are James Harris, 19; James Thornton, 20, and Pvt. Willie Thomas, 20. Thomas is on leave from Ft. Sheridan, Ill.

The three were turned over to custody of Wapakoneta police for arraignment in the Ohio city's Common Pleas Court tomorrow.

Killed by a single shot which police say Harris admits firing was Charles Stoltzenbach, 54.

The three were arrested yesterday after police traced a license number found on a slip of paper at the shooting scene to a car belonging to Harris.

The youths said they had run "low on funds" while traveling to Kentucky.

Wife of Slain Missionary Says:

'His Death Wasn't in Vain'

By BURDETT C. STODDARD

"Although my husband's efforts were tragically cut short, I'm sure his good work will be lasting and an inspiration to others."

So spoke the Pontiac widow of T. Edward McCully Jr., 28, one of five evangelists murdered by wild Auca Indians in dense Ecuadorean jungles Jan. 6.

The former Marilou Hoboith was interviewed yesterday after returning to Pontiac from Ecuador late Tuesday. En route she stopped to visit McCully's parents in suburban Milwaukee where a memorial service was held.

Accompanied by her children, Stephen, 3, and Michael, 1, she will stay with her parents, Mr. and Mrs. Harold F. Hoboith, of 779 May Ct., to await arrival of a third child in mid-February.

LIFE OF DEDICATION

"I don't feel my husband would have wanted to, or could have, done anything differently," she stated. McCully dedicated his life to bringing education and Christianity to backward peoples lacking their benefits, she explained. "We knew the task might be dangerous, but that was part of the work."

She described her meeting with the young churchman here in Nov. 1950 when he spoke at a youth assembly and events leading up to the ill-fated expedition.

Mrs. McCully encountered her future husband in Detroit a month after their first meeting, then later at the Moody Bible Institute which she attended in Chicago.

Learning they both intended to become missionaries, they struck up a friendship which culminated in their marriage here June 29, 1951.

The couple left for Ecuador after McCully completed his studies at the Los Angeles Bible Institute in 1952.

LEARNED SPANISH

After studying Spanish at the city of Quito for nine months, they journeyed into the jungle to Shandia, where they worked with the peaceful Quechua Indians until last April.

With Peter Fleming and James Elliot, who also were killed by

MSU Speaker Scheduled to Deliver Graduation Talk

Paul D. Bagwell, head of the Department of Communication Skills at Michigan State University, will give the commencement address for the January graduating class of Pontiac High School tonight.

The commencement exercises are scheduled for 8 p.m. in the boys' gymnasium of Pontiac High School. Diplomas will be awarded to 125 graduating seniors and to three servicemen who have passed the Army tests for completion of high school work.

Seven students in the top five per cent of their class will be honored, and scholarships will be awarded to three of the graduates. William Hampton, president of the graduating class, will speak briefly on behalf of his class.

The graduation exercises will be a "first" for Principal Frances Staley, who took over as head of the school last September.

Topic of Professor Bagwell's speech will be "Builders of the Future." Bagwell, who has been on the staff of MSU since 1938, is a member of the U. S. commission on UNESCO, the expositions division of President Eisenhower's Committee on Employment of the Physically Handicapped, and the executive council of the Speech Association of America.

PAUL D. BAGWELL

Gained From Huge Stock Sale

Ford Foundation Accepts Check for $642,600,000

DETROIT (AP)—A check for $642,600,000 was handed to the Ford Foundation today. It was the final act in the recent public sale of 10,200,000 shares of Ford Motor Co. stock.

The certified check represented the Foundation's share of the proceeds of the sale. It was handed to H. Rowan Gaither Jr., president of the foundation, by Charles R. Blyth, president of Blyth & Co. Blyth represented a nationwide group of underwriters who handled the stock sale.

The difference between the amount of the check and the total yield of the stock sale at the originally fixed price of $64.50, represents the syndicate's fee for underwriting the gigantic transaction.

The check, signed by Blyth was drawn on the First National Bank of New York. It was turned over to Gaither in the presence of about 30 witnesses. One of them was Alexander E. LaPointe, vice president and trust officer of the Manufacturers National Bank of Detroit, where the ceremony took place.

Before handing the check to Gaither, LaPointe telephoned the New York bank. He asked if there was enough money in the Blyth & Co. account to cover the $642,600,000. Assured there was, LaPointe placed his bank's certification on the check.

The check-paying ceremony was delayed for more than half an hour while officials signed a large stack of legal documents connected with the transaction. In exchange for the check Gaither gave Blyth a certificate representing the 10,200,000 shares of stock.

Persons who bought Ford stock last week got receipts rather than the actual stock certificates. These could not be issued until the foundation got the money in hand.

The certificates, each of which must be signed, are being prepared for distribution.

Nominated

LESLIE H. DEAN

President Eisenhower today sent to the Senate the nomination of Leslie H. Dean for appointment as Pontiac Postmaster. Dean is currently acting postmaster.

Expect 685,000 County Residents in Next 4 Years

Oakland County's population should climb from 542,000 to 685,000 in the next four years, the Detroit Metropolitan Planning Commission predicted today.

Metropolitan Detroit's nose count will soar to 3,960,000 by 1960, the Commission also indicated.

This figure includes 1,920,000 within the Detroit city limits, and another 2,040,000 in the immediate area.

Light Snow Friday, Weatherman Says

The U. S. Weather Bureau forecast for tonight will be partly cloudy with a low ranging from 12 to 16 degrees.

Tomorrow it will be mostly cloudy with occasional light snow. The high will range from 25 to 30 degrees.

The lowest temperature preceding 8 a.m. was 10. The thermometer registered 26 by 2 p.m.

Williams Proposing Boost in Pay for State's Jobless

LANSING (AP)—Gov. Williams today proposed sweeping changes to state labor laws, including increased unemployment compensation, higher workmen's disability benefits and payment of travel benefits to unemployed workers who move to new jobs.

The governor asked lawmakers to increase unemployment compensation to 65 per cent of a worker's pay, plus five dollars for each dependent.

In no case could the payments exceed five thirds of the state average industrial wage (about $90 in 1956) or 99 per cent of the employe's average pay.

Payments are now based on a sliding scale, with single men getting $30 a week and a married man with five dependents $54 a week.

Williams also asked the Legislature to lengthen the period of maximum payment from 26 weeks to 39 weeks. And he added that he favored no limit at all.

LOWER CONTRIBUTIONS

The governor said that the increased payments would lower employers' contributions under supplemental pay pacts approved by the auto industry last year.

Reiterating ideas contained in his introductory message to the Legislature, Williams said the state should prepare itself for the age of automation and the problems of displaced workers.

He asked the Legislature to appropriate $100,000 to set up a commission on the problems of automation.

He predicted automation would precipitate layoffs of thousands of workers—workers who will have to travel to other areas of the state to get jobs.

TRAVEL EXPENSES

Accordingly, he asked the lawmakers to authorize the State Employment Security Commission to pay travel expenses of displaced workers.

The travel funds would be drawn from federal unemployment tax surpluses which he said would amount to one million dollars for Michigan in 1956.

Governor's office says travel pay for unemployed would be either intra-state or inter-state as long as move is to certified job area. Office says also Williams will stand on his unemployment compensation duration statement to the effect that no time limit would be "ideal" and that "eventually we will have to be this realistic."

He asked the Legislature to eliminate the two weeks waiting period during which laid-off workers cannot draw unemployment benefits. He also asked elimination of disqualifying provisions long fought by labor organizations.

He recommended workmen's disability benefits be increased to two-thirds of the injured worker's average weekly wage, payment of benefits during a "healing period," payment to widows of workers killed on the job, removal of restrictions on benefits for victims of Silicosis and other changes.

Bargaining Grinds On

PITTSBURGH (AP) — Another bargaining session — the ninth in as many days — was called today in the 102-day Westinghouse Electric Corp. strike.

State to Accept Bids on Grade Separation

Bids on first contracts for the long-awaited Telegraph Rd.-Orchard Lake Rd. grade separation at Pontiac's southwest limits will be taken Feb. 8 in Lansing, according to the State Highway Department.

The work will include construction of a bridge to carry Orchard Lake over Telegraph.

Also included will be construction and removal of a temporary road, 340 feet of water main, 976 feet of approach grading with gravel and blacktop surfacing on Orchard Lake and Pontiac Drive and 170 feet of grading on Telegraph. Completion date will be Dec. 15, 1956.

Flying for Snowballs

NEW ORLEANS (AP)—A Navy plane will leave the frozen north country of St. Cloud, Minn., Feb. 25 on an important mission of war bringing snowballs. They will be used in a snowball fight staged by the New Orleans Recreation Department for kids who have never seen snow.

Benson on TV Tonight

NEW YORK (AP)—Secretary of Agriculture Ezra Taft Benson will appear "live" tonight on CBS TV's See It Now documentary entitled "The Farm Problem: A Crisis of Abundance." The show, mostly on film, goes on between 10 and 11 p.m., EST.

CLINIC BRANCH OPENS — Toys are among things all ready at Birmingham's new branch of the Oakland Child Guidance Clinic on East Maple avenue. Heading the branch's work with children will be Oliva Viola, at right. She is shown with (left to right), Mrs. Winthrop B. Conrad, Madeleine Half, the clinic's director, and Mrs. Steele L. Sellers, secretary-treasurer of the Junior League which is sponsoring the new branch, at the first of three open house dates. Public is invited to view the new clinic at 386 E. Maple Friday afternoon.

Sees Cost Hike for Natural Gas

Group Claims Federal Control of Producer Prices Spells Shortage

WASHINGTON (AP) — The Independent Petroleum Association of America said yesterday federal control of natural gas producer prices would result in shortage to consumers and higher prices.

In addition, the association asserted that changes in the oil and gas industry's basic tax provisions would result in reduced exploration and development of less oil at higher prices.

The executive committee of the association said passage of the Harris-Fulbright bill, exempting natural gas producers from federal controls, would restore the competitive market that has provided increasing supplies of gas at "reasonable prices."

Since federal controls were exercised in 1954, it said, there has "already been a substantial decline in the drilling of gas wells."

Sen. Humphrey (D-Minn) said today oil and natural gas companies have put up at least 1½ million dollars to sell to an "unsuspecting public" a plan to relieve them of some federal controls.

The legislation, which the House passed last year by a six-vote margin, would exempt producers' prices from direct regulation by the Federal Power Commission. It has been under debate in the Senate since the start of last week, with the issue in doubt.

New Technique Used in Producing Records

MELBOURNE, Australia — An Australian recording engineer has developed a new technique for processing 45 r.p.m. recordings.

The method enables him to put six numbers on the standard size records at this speed.

The grooves are cut into the disc to suit the particular number, and the equalization is varied, to allow for the gradually diminishing diameter of the record as it turns round. The arrangement helps to maintain a constant level response all the way through the recording.

DeGrace Returns Home

William J. DeGrace, of 63 Bloomfield Terrace, has returned home from Mt. Carmel Mercy Hospital where he was treated following an automobile collision on Telegraph Road early Sunday morning. He suffered a fractured jaw, chest and knee injuries and lost seven teeth in the accident.

IBM Goes Awry

NEW YORK (AP)—The common stock of International Business Machines lost $13 a share today when it opened at $385 on the New York Stock Exchange. The loss later widened to $19 a share. During 1955-56, the stock hit a high of $450 and a low of $349.

J. ROBERT F. SWANSON

Re-elected chairman of the Oakland County Planning Commission yesterday was J. Robert F. Swanson, of Bloomfield Hills. Ferndale Supervisor Roy F. Goodspeed was renamed vice chairman and County Drain Commissioner Ralph A. Main re-elected secretary. Swanson has been chairman of the group since 1952.

Inquiry on Bar Exams Begins

Secret Investigation of Cheating and Bribery in State Tests Under Way

LANSING (AP)—A special 23-man grand jury today started a secret investigation into charges of cheating and bribery in last fall's state bar examinations.

The panel of 10 men and 13 women was completed with the selection of the last three jurors Wednesday afternoon.

In his charge to the jurors, Ingham County Circuit Judge Marvin J. Salmon instructed them that no one except jurors, officers assisting the probe, clerical help and witnesses would be admitted to the hearings.

In order to maintain privacy, Judge Salmon said no one will be permitted "to loiter in corridors or around your doors during work hours, to interview jurors or witnesses or to take photographs."

The jury will have the power to indict for perjury any witness not telling the truth. The jury will have the power to summon witnesses by subpoena and to cite them for contempt if they refuse to testify.

The closed grand jury probe is being conducted in the Lansing City Hall council chambers.

Robert Richards of Lansing, a salesman for the Shell Oil Co., was named jury foreman.

It was estimated that the jury will cost between $200 and $300 a day.

Ike Offers Program for Nation's Health

(Continued From Page One)

proposals to permit such pooling. If this plan fails to work out, he added, he will again urge enactment of the controversial reinsurance program.

The chief executive said Congress has enacted "enlightened and progressive legislation" in recent years in the unending war against disease and disability.

He declared:

"I now urge the Congress to give continued support to the quest for better health. The proposals I have submitted call for a proper distribution of responsibility among the many groups which make up the health services of the nation—health professions, educational institutions, foundations, industry, and all levels of government."

Eisenhower said the proper role of the federal government is that of a "partner" who provides assistance without interference in personal, local or state responsibilities.

The president recommended a two-year extension of the present federal-state program of aid in construction of hospitals and other medical care facilities. He asked in his budget message for a 19 million dollar increase in funds to expand this program.

Work Will Live On, Says McCully's Kin

(Continued From Page One)

the Aucas, McCully translated the Quechua language and put it into written form. Besides holding regular church services, they began teaching the Indians to read and write their own language.

The missionaries moved to Arajuna, also in Quechua territory, but near the Aucas, and started a school there. In six months time they had 60 pupils.

The Quechuas, who wear little clothing, have few utensils and live in thatch-roofed houses with no walls, developed a great affection and loyalty toward the churchmen.

SAD AT DEATH

When the Quechuas heard news of the men's death, they were completely broken up, said Mrs. McCully. "They knew we were there because we loved them, not to exploit them."

The Auca tribe had been known for some time. One of the dead missionaries, Nate Saint, spotted one of their villages from the air and began dropping gifts to them, which were well received.

McCully's group decided on an expedition. "They had no idea they were facing death," said Mrs. McCully. "If they had, they would have waited awhile and tried dropping more gifts.

"I didn't realize the danger, but wouldn't have tried to stop him anyway. Successful ground contacts had to be made and will be in the future by other missionaries, I'm sure."

Mrs. McCully stated she feels "nothing but sympathy for the Aucas," and said they had suffered injustices from rubber hunters who killed many Indians. "They thought all white men were their enemies.

"They can't be held responsible, previous treatment made them act as they did."

The missionaries had noticed that younger Indians came to pick up the gifts dropped by plane. Older Aucas, who remembered the rubber hunters, may have been responsible for the attack, she theorizes.

When attacked, the men apparently tried to flee across a river. Their bodies, found in the river, contained spear wounds, but had not been mutilated as previously reported.

Mrs. McCully has her husband's watch, taken from his body by friendly Indians. When the search party arrived, however, his body had washed away. The other four were buried near their downed plane.

Before they were attacked, the men reported initial friendly contact with the Aucas. Some evidence indicates their efforts were not wasted.

SET UP NEW CAMPS

Since the tragedy, the Aucas have set up three new camps within a half-hour's walk of Arajuna indicating they would like to be contacted again, said Mrs. McCully.

Two missionaries have taken over the station at Arajuna and work to establish relations with the Aucas is expected to continue.

McCully was a teacher, spiritual guide and doctor to the Indians, among other things, she stated. "It was not uncommon for him to spend many hours nursing an Indian bitten by a snake or otherwise injured.

"I find strength in the knowledge that we had been able to do some good and our work will be carried on by others.

"The spiritual rewards of missionary work far exceed any physical discomforts or danger. I would be happy if our children follow the same calling."

Oops—Forgot 'Em

SIOUX FALLS, S.D. (AP)—The house shook with laughter when Curtis Schoon, Sioux Falls featherweight, took off his robe for his Golden Gloves boxing match last night.

Schoon had forgotten to wear his boxing trunks. The match was held up while Schoon returned to the dressing room.

He lost the bout but won the sportsmanship trophy.

The American Revolutionary War brought on a cost to the taxpayer of about $144 million.

Pontiac Deaths

Mrs. Charles T. Armstrong

Mrs. Charles T. (Mattie) Armstrong, 83, died this morning at Bloomfield Convalescent Hospital. She had been in ill health for more than a year.

Born in Kansas Nov. 25, 1872, she was the daughter of Mr. and Mrs. George Spicer and married in 1893.

Mrs. Armstrong came here from South Haven in 1918. She is survived by her husband.

Service will be at 1:30 p.m. Saturday from the Huntoon Funeral Home with the Rev. Lewis W. Towler, curate of All Saints Episcopal Church officiating. Burial will be in Oak Hill Cemetery.

Crescencio Diaz

Crescencio Diaz, 58, of 514½ S. Saginaw St. died Tuesday evening at Pontiac General Hospital after an illness of two weeks.

He was born in Mexico April 19, 1898 and attended school there. He had lived in the Pontiac area since 1926.

Mr. Diaz, a gardener, was a member of St. Vincent de Paul Catholic Church.

He is survived by a niece, Mrs. Felicitas Elizondo, living in Mexico.

The Rosary will be said at 8 o'clock Friday evening in the Melvin A. Schutt Funeral Home.

Service will be at 10 a.m. Saturday from St. Vincent de Paul Catholic Church with burial in Mt. Hope Cemetery.

Peter Papazian

Service for Peter Papazian, 72, will be at 10 a.m. Saturday from his residence, 290 Midway Ave. The Rev. Arnek Kasparin, pastor of the Armenian Church of Detroit, will officiate with burial in Oak Hill Cemetery.

Mr. Papazian was born in Turkey in 1884, the son of Mr. and Mrs. Carlos Papazian. He had lived in Pontiac 50 years, coming here from Rhode Island.

Surviving are his wife, the former Elizabeth Cherkian, and a son, Armen at home. Mr. Papazian will be at the Huntoon Funeral Home until noon Friday when he will be taken to his home.

Mrs. John Burt Takacs

Mrs. John Burt (Leona Susana) Takacs, 66, of 433 Franklin Rd. died yesterday in St. Joseph Mercy Hospital after an illness of four days.

She was born in Hungary March 13, 1889, the daughter of Frank and Julia Olso Lodo and married here in 1924.

Mrs. Takacs came to Pontiac from Detroit 40 years ago and was a member of St. Vincent de Paul Catholic Church.

She is survived by her husband.

Mrs. Takacs is at the Pursley Funeral Home. Arrangements will be announced later.

Navy Begins Building 4th A-Powered Sub

PORTSMOUTH, N.H. (AP)—The Navy has laid the keel for its fourth atomic-powered submarine —the first to be built at a naval shipyard.

• • •

It is the USS Swordfish, named in honor of a submarine lost in the Pacific in World War II after sinking 21 enemy ships and damaging eight.

• • •

The Swordfish is expected to be completed some time in 1959. It will be 257 feet long and carry a crew of eight officers and 75 enlisted men.

The Day in Birmingham

Hearing Dates Now Set on Parking, Paving, Walks

BIRMINGHAM — Hearings on parking, assessment for paving, and need for sidewalks in certain areas are on city commissioners' agenda. The numerous dates were set at the commission meeting here, ...

On Feb. 27, a hearing on the necessity of widening of Eton road from Yosemite to Lincoln will be discussed. The pavement would be 41 feet wide, to allow for parallel parking along the east curb and three traffic lanes. This would facilitate traffic and permit more orderly maintenance of the area, separating a single family residence zone from an industrial zone, according to City Manager D. C. Egbert.

Sidewalks on both sides of Derby road from Eton to the Grand Trunk Western Railroad will have a hearing, but the date was not set pending a report on cost of the improvement. It was asked by Richard L. Featherstone of the Board of Education, who pointed out that 47 students now live in the area and will attend the junior high school next fall, using Derby road. Within three years the number will triple, Featherstone says, with 300 students expected from the Pembroke area alone.

Hamilton Cross - over through Hunter Boulevard island will be discussed in a hearing on Feb. 14. A hearing is set for Feb. 27, on Willits widening and paving from Bates to Chester with the special assessment set-up. The paving would cost $8,500, with $4,257 being billed eight owners and the widening would cost $4,000, with three owners being assessed $1000.

A hearing on the need for Parking Lot A is set for Feb. 14, but the hearing on lot HH is awaiting a cost figure, for which appraisals of affected lots was asked.

"Dr. Albert Schweitzer seemed totally unconscious that he was a great man," H. Talbot Pearson of Boston told a Unitarian audience here Tuesday night, recalling a visit last summer with the great philosopher and medical missionary.

Pearson showed colored slides of an afternoon visit with Dr. Schweitzer in his garden at Gunsbach, Alsace, as the doctor vacationed from his works in Africa. He talked most of his book "Reverence for Life," and Pearson recalled that he and his 21 companions were quiet for an hour after they left the Schweitzer home.

The 51-year-old man kept talking of his future plans, Pearson said. Pearson is a leader in the Laymen's League whose local chapter sponsored his talk at the Community House. The League stresses education and cultural development with religion.

• • •

The Father and Son banquet at Embury Methodist Church Thursday at 6:30 p.m. is in charge of Earl Fenner, who has slated a performance by the Birmingham Puppeteers.

The Rev. Reginald Becker will give the invocation, Victor Ulrich, the toast to sons, and his son, Robert, the toast to fathers. Richard Ellis is taking reservations, with 150 expected.

Lutheran Church of the Redeemer is adding a high noon service besides its 9:30 and 10:45 a.m. services, for February and March and possibly permanently. Some of the church's women are joining the new Oakland County chapter of the Valparaiso Guild, meeting Tuesday afternoon at Pontiac's Trinity Lutheran.

• • •

Newly-elected leaders in the Congregational Church are Merlin Warr, moderator, Mrs. Clinton Newman, clerk, Robert Gerity, treasurer, and John Greenhalgh, financial secretary.

Grace L. Habbin

Grace L. Habbin, 1007 Etowah, Royal Oak, who died yesterday at Braeburn Convalescent Home, was the sister of Wolcott D. Tiffany of Royal Oak. Service will be at Bell Chapel of the William R. Hamilton Co. at 10 a.m. Friday, with burial in Elmwood Cemetery.

Irish Were Wealthy, but 2,500 Years Ago

DUBLIN—People who lived in Ireland 2,500 years ago had considerable wealth and good commercial contacts abroad, according to Dr. Joseph Raferty, keeper of Irish antiquities in the national museums.

He has been conducting excavations of crannogs (island refuges in lakes or bogs) in Lough Gara, near Boyle in County Roscommon, Eire. Fall of the lake's level brought 20 more crannogs to light in 1953.

Among the finds were a tin bracelet—one of the few tin objects ever found in Ireland from early times—a continental type iron pin and an iron razor, all dating back to 600 B.C. Over 300 crannogs have been discovered.

Still Selling Licenses

LUDINGTON (AP)—Henning Rundquist is continuing to sell license plates at an auto (Hansen's Chevrolet) agency despite protests that locating the secretary of state's branch office there gives the agency an unfair advantage.

One-half of the people of the world live in southeast Asia.

Outbreak of Measles, Chicken Pox Down

An outbreak of measles and chicken pox that last week kept over 300 Pontiac and Oakland County children out of school was reduced sharply this week.

In the city, 31 cases of measles and 2 of chicken pox were reported. The county listed 158 incidences of measles and 68 of chicken pox. Last week, 351 measels and 181 chicken pox cases were totaled in the city and county reports.

A breakdown of communicable disease reports as released by the city and county health departments follows:

PONTIAC

	Past Week	Prev. Week	Year Ago
Chicken pox	2	16	10
Measles	31	62	1
Mumps	3	2	4
Scarlet fever	2	2	0
Tuberculosis	2	1	0
Whooping cough	1	1	1

OAKLAND COUNTY

	Past Week	Prev. Week	Year Ago
Chicken pox	68	147	182
Measles	158	362	7
Pneumonia (all forms)	3	3	1
Scarlet fever	10	14	13
Tuberculosis (all forms)	3	7	2
Whooping cough	0	4	1
Mumps	10	10	125
Rubeolas	1	1	0
Impetigo	1	1	2
Ringworm	2	0	1
Bacillary Dysentery	1	0	0
Meningitis			
Meningococcic	1	2	0
Rheumatic fever	1	0	0

Divorce Granted as Pilot Prefers Jets to Home

LOS ANGELES (AP) — Jet pilot Floyd Burley Burns used to "tell me about it," his wife testified in obtaining a divorce decree.

Mrs. Alton Burns told the Superior Court yesterday that her husband flew away permanently in 1952, after three years of marriage "because he didn't care for home life at all."

She was granted title to the home, a car, $500 in cash and $36 monthly alimony.

Still Paying $36 Million

DETROIT (AP) — Panhandle Eastern Pipeline Co. has been given more time by the Federal Power Commission to refund $36,116,056 to its wholesale natural gas customers, including Michigan Consolidated Gas Co. Panhandle was given until Jan. 30 when the firm says it will ask for a rehearing.

Soviets OK Invasion

TAIPEI, Formosa (AP)—An official Nationalist Chinese news agency said today Russia has endorsed a Red Chinese invasion of Nationalist offshore islands. The unconfirmed report by the Interior Ministry's Tatao agency said the Soviet ambassador called on Chou En-lai, Red China premier, Jan. 19 and informed him of such approval.

United Press Photo

NEW LIGHT ON THE OLD — The old and the new in lamp posts along Paris' famed Champs-Elysees stand side by side after modernistic neon lamp posts were installed for test purposes alongside the old gas light posts. The latter, put up during the Second Empire in the 19th Century, will remain standing as a tribute to France's past. Several types of neon lighting are being tried to find the most effective for the magnificent thoroughfare.

Crippled Jet Wrecks Three Cars, Trailer

ST. LOUIS (AP)—When the engine of his Navy jet plane flamed out over suburban St. Ann yesterday, Maj. Roy H. McDonald picked the only "open patch" he could see and set her down.

In his path as he touched down was an approaching car, so he nosed the F9F up and passed right over it, he related later.

The plane then skidded several hundred feet in snow, wrecking three cars and a trailer, and came to rest with its nose rammed three feet into the living room of Frank S. Kibler Sr., who was watching television.

Kibler, 56, received a slight cut on the forehead. McDonald, 31, escaped injury. He is a Marine Reserve pilot who is a flight test engineer for the McDonnell Aircraft Corp. in St. Louis.

Says Errol Flynn Owes Her $2,500; Eyes Jailing

HOLLYWOOD (AP)—The attorney for one of Errol Flynn's ex-wives says he will seek to have the screen star jailed if he "doesn't pay the $2,500 he owes."

Flynn paid $1,000 on account yesterday and the attorney, S. S. Hahn, agreed to a two-week continuance of a contempt of court charge.

Charged with being $3,500 behind in child support payments to his two daughters by Nora Eddington Flynn Haymes, the actor had been due to appear in Santa Monica Superior Court tomorrow.

113 Sylvan Lake Owners Sign Up for Water Service

Sylvan Lake City Manager Ernest Ethier reports that to date 113 residents have paid connection or tap fees for the city's new $275,000 water system. The $50,000 revenue bond application for the completion of the system, is being considered by the Municipal Finance Commission.

Approval of the bond sale is expected on Jan. 31, the manager added, with storage tank erection slated to start around March 1.

He has warned property owners not to make connections to the city supply from their present supply to prevent possible contamination of the city system from a contaminated private well.

In other action, Ethier said if no objections are raised at a public hearing Feb. 8, a special election will be held March 29 to decide the renewal of a Consumers Power Co. franchise that expires Nov. 17 of this year.

Unpaid 1955 county and school taxes plus the four per cent penalty are payable at the City Hall through Feb. 29. Through Jan. 19, 78 per cent of these taxes had been paid according to Ethier.

The city also announced that 1956 dog licenses were available and warned citizens not to forget the rabies vaccination certificate in making application.

The city assessor will be at the City Hall Feb. 6, 7, and 8 from 7 to 9 p.m. to accept applications for veterans homestead exemptions for 1956.

Applicants are requested to bring their February check or a Veterans Administration letter dater subsequent to Jan. 1.

Office to Be Relocated

GRAND RAPIDS (AP)—The State Labor Mediation Board has announced that its regional office will be located in the Michigan Trust Bldg. after Feb. 1, when the activity will transfer from Muskegon offices. Mediators Philip Malarney and George Matych will continue to serve the office from Muskegon. Charles Ford will be retained as resident mediator in Kalkaska.

Expedition Exploring South African Caves

PRETORIA—From a camp deep inside the famous Cango Caves in the Cape district of South Africa, "Cave Men" are opening up new stalactite chambers never hitherto explored. This exploration by experienced speliologists is being sponsored by the municipality of Outshoorn.

A 19-man expedition made a preliminary survey, camping in the underground galleries and three surveyors began the task of preparing the first accurate maps and measurements of the underground labyrinth. They measured the height of some of the immense caverns by releasing meteorological balloons.

It is known that several huge chambers exist to which the present openings are too small for a person to crawl through. These openings will be made larger.

All mail subscriptions payable in advance. Phone Pontiac FE 2-8181.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

THURSDAY, JANUARY 26, 1956

Example for Congress Set by Senator Green

Rhode Island's veteran Senator Green has set what strikes us as a commendable example for all traveling members of Congress.

It is a commonly accepted tradition at both ends of the Capitol for expense accounts of junketing lawmakers to be kept confidential. Yet Senator Green, a member of the Foreign Relations Committee, has filed an itemized account of the expenses of himself and a committee staff member on their recent world tour.

★ ★ ★

In all the Senator and his aide visited 17 countries at a total cost to the taxpayers of $6,114.03. Commercial air tickets accounted for $4,522.10, says *U. S. News & World Report*. In addition, the two men spent $489.07 in American dollars and the equivalent of $1,132.86 in foreign currencies. Every cent was accounted for from $1 for a passport to "Lebanese pounds, Beirut, 65—$20.19."

★ ★ ★

Our own belief is that an overwhelming majority of lawmakers go abroad to accomplish some useful purpose. There have been a few, however, who over the years have abused the privilege of having expense accounts kept secret.

If all members of both Houses would follow Senator Green's example, there would be little reason to fear that some of our tax money was being wasted on pleasure trips.

Fair Stays in Detroit

Michigan's State Fair is going to stay in Detroit.

That is the unanimous decision of a five member committee representing the State Fair Board and the Agricultural Commission.

It was reached after the committee learned that the effort to test the opinion of Fair exhibitors and patrons had fallen far short of a success. Before the Fair opened last Fall the Agricultural Commission had prepared 100,000 questionnaires.

★ ★ ★

Its aim was to learn what the people thought about moving the Fair 25, 50 or 100 miles from Detroit and what they want in a Fair and how they rated it.

Unfortunately, only 1,076 filled out the questionnaires. They voted overwhelmingly, 79 per cent, against moving the Fair out of Detroit. Eighty-four per cent rated the fair "good" or "very good." Of the 374 farm people answering, 76 per cent wanted the fair to remain in Detroit.

★ ★ ★

When the questionnaires were announced, The Press suggested that the best thing to do for the Fair would be to keep it right where it is to insure maximum possible attendance. This is what the special committee now wisely has decided to do.

More Trade With Reds

General Motors President Harlow H. Curtice has advocated in a magazine article, expansion of non-strategic trade with the Soviet Bloc.

In advancing his proposal he was careful to set forth a reservation that "such sales should fit in with U. S. State Department policy." His opinion is shared by the steel magnate, Ernest T. Weir, but is criticized by George T. Meany, president of the newly amalgamated AFL-CIO.

★ ★ ★

Commenting on his proposal, GM's top man said he no longer could "see any reason why sales of cars and other peacetime products to the Soviet Bloc cannot be increased." He added that GM is betting on Western Europe's future prosperity with a $200,000,000 investment in plant expansion there.

Mr. Meany's attitude is that trade with Russia is "appeasement." He believes that if we sell automobiles to Soviet countries we will strengthen their "war machine and greatly encourage them to further aggression."

★ ★ ★

In our view Mr. Curtice's proposal seems logical and Mr. Meany's unduly fearful. Already it has been well said that if trade with the Communistic nations is "appeasement," then any goods we receive from them is "appeasement" of us.

As far as we can see, and if no objection is raised by our State Department, there is nothing wrong with the Curtice proposal. After all, trade is the normal peacetime relationship between nations. Moreover, it serves definitely to promote peace.

One of the most difficult jobs is to unteach a person something erroneous he learned, particularly if he learned it in childhood.

The Man About Town

'Speed Limit, 65'

Warning Signs Now Being Erected in Pontiac Area

Horse stealing: A pastime the automobile almost spoiled.

In preparation for the new state law which goes into effect Feb. 3, new speed limit signs are being erected this week by the State Highway Department on the Dixie Highway and other main roads. This law, which limits the speed to 65 miles per hour, affects only those roads where there previously was no limit on the speed allowed. The heretofore restricted zones continue to have the same speed limits as in the past. In the words of

Sheriff Frank W. Irons,

"the drivers are being given a few days' advance notice so they can learn not to rest their feet so heavily on the accelerators."

A flock of 50 evening grosbeaks are regular patrons at the bird feeding board of

Mr. and Mrs. Kenneth Sanderson

at Westacres, the largest bunch of which we've heard.

Four Pontiac High School boys, the "Teen Tappers,"

Leon Frayer, Jack Hemming, Darryl Mahair and Alex Sekles,

won first prize on a recent Detroit TV show.

In the course of a divorce case hearing,

Circuit Judge George R. Hartrick

asked a man where he had been married, and when told it was in Las Vegas, replied, "That was a gamble, wasn't it?"

To readers of this column bothered with insomnia,

Gerry Burkman

of Rochester sends a suggestion that he says is a sure cure—turn on the average TV program.

On a post card mailed in St. Petersburg, Fla.,

Max Welderman

says that when he goes there next winter he's going to take along his ice skates.

Oxford officials tell me that

"Old Man Apathy"

has a grip on that community. A well publicized public meeting there the other evening to pass on a new village charter was attended only by the officials themselves, committee, six from other villages and three home folks. A little later the Oxford people who didn't attend will form the anvil chorus.

Among the many who kept Detroit relatives and friends posted on what was going on in the world during their newspaper strike by sending them clippings from the Pontiac Press, was

Mrs. Clyde Newton

of Lake Orion, who writes many complimentary things about this paper.

My St. Petersburg scout sends word that he met

"A Pontiac Florida Booster"

on the street the other day, wearing two overcoats, which he said "Is one more than I ever wore in Pontiac."

Verbal Orchids to—

The Great State of Michigan,

on its one hundred and nineteenth birthday: Admitted to the Union on Jan. 26, 1837, the same year that Pontiac was incorporated as a village.

"Welcome to America, Mr. Eden!"

David Lawrence Asks:

Should the U.S. Constitution Be Scrapped to Allow Adoption of Parliament System?

WASHINGTON — People abroad have always had difficulty in understanding why the United States has such a rigid tenure for its presidents but never before have they been as bewildered as they are now. When they read newspapers today, they are confronted with these developments:

First, the Senate Rules Committee has proposed a 10-man commission be appointed to study when a president is unable to discharge his duties and should be displaced.

Second, President Eisenhower, in discussing his heart attack of four months ago, tells his press conference: "Now, I have to guess as to the next five years, and the problem is what will be the effect on the presidency, not on me, and that is the problem . . ."

Present laws do not cover contingencies which may arise. It is doubtful if any law would be constitutional which sought to remove a president except by "impeachment" for having committed crimes and misdemeanors. Only a constitutional amendment can extricate the people from the dilemma.

LIKES BRITISH PLAN

There's a simple solution. It's one Canada has adopted. It's one Australia and New Zealand and South Africa, as well as Great Britain, have adopted. It is known as the parliamentary system, which grants to the people's elected representatives the right at any time to remove their chief executive and elect another person in his place.

The system is flexible because, if the head of the government becomes ill, he can step down voluntarily or be retired from office, and yet he can come back to his post later if he recovers his health provided the constitutional majority of the legislature desires him to do so.

There have been many objections by the people here to adoption of the parliamentary system but it cannot be denied it provides a flexibility which the Constitution does not furnish.

AMENDMENT OVERDUE

Why should an appointed or elected officer or committee of Congress decide a president is too ill to serve? Why should such authority be delegated to any group of physicians? Only the people's elected representatives should have that power, and this means Congress.

It has been suggested a president would voluntarily resign if really in bad health. If he hoped to recover, why should he give up his post if he can't get it back? A constitutional amendment to permit the vice president to become acting president would not suffice because no one could tell when he should cease temporary duty and give the office back.

An amendment to the Constitution which eliminates the word "impeachment" has long been overdue. The power to "remove" a president could be vested in Congress with a two-thirds vote required. With this would have to go a provision to remove Congress itself if disagreement arises and to require a general election, as often happens under the parliamentary system.

Similarly, if a president has outlived his usefulness or no longer represents the will of the country and the people want an immediate transfer or power to a new party, the parliamentary system provides that opportunity.

This change certainly would do away with the dangerous interregnum which occurs when a president or his party may be defeated in November of a presidential-election year and neither he nor the new Congress can take office till January. Two months is a long, long time in an atomic age.

Excessive Drugs in Labor Can Injure Newborn Baby

By WILLIAM BRADY, M.D.

He isn't mad at anything or anybody. The healthy newborn baby cries lustily with his first few breaths of air.

So would you, if your lungs had been solid and airless for months and you were suddenly pushed out of your warm bed and showered with ice water.

If the baby does not cry vigorously a few seconds after birth, or if he cries only tentatively or politely, hold him up by the feet and spank him six or eight times on the buttocks, firmly but gently.

Or hold him up by the feet and tap his spine with the finger tips at the level of the shoulders. This seldom fails to make the little guy heard.

The first cry must be lusty and loud, for it serves not only to open and expand every air-cell in the lungs—but also to insure circulation of blood (oxygen) to the brain.

CELLS INJURED

If the blood supply to the brain is cut down for a few minutes some gray cells may be permanently impaired. Thus asphyxia at birth may account for feeble-mindedness.

Now here's the important fact which no doctor and no prospective parent can ignore: Excessive use of anesthetics or sedative drugs during labor is a common cause of asphyxia of the newborn.

The most dangerous period of human life is the first fifteen minutes after birth—the death rate in this period is 2,000 times that of any subsequent period.

It is well to remember that before birth the baby's circulation is part of the mother's, and any drug, poison, oxygen, carbon dioxide, nutriment, alcohol, barbiturate, opiate or sedative in the mother's blood is in the baby's blood too.

DECEIVE YOURSELF

Mind, now, you deceive only yourself if you infer that I do not believe in anesthetics or sedatives for the woman in labor, or if you think that in natural childbirth the woman is ever denied an anesthetic if or when she wants it.

I know from experience that the "obstetric stage" of general anesthesia—of which we don't hear much nowadays—is a valuable aid to progress in difficult labor.

And I know from hearsay that, as Mrs. John Boyd (Buck) Rodgers, Jr., described the natural birth of her 8-pound daughter: "There was some discomfort, but no actual pain. I had no anesthetic and felt no need for any."

Or, as Colleen Gray (Mrs. Bill Bidlack) described the natural birth of her second baby: "Knowing that you can have the anesthetic at any time you want it—you don't want it! At least I didn't. But the fact that it's available is insurance against being tense. You can relax."

Signed letters, not more than one page of 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to the Pontiac Press, Pontiac, Michigan.

(Copyright 1956)

Looking Back

15 Years Ago

EX-AMBASSADOR BULLETT forecasts invasion of Americas.

SKILLED WORKER training urged.

30 Years Ago

SIX KILLED as army bombers collide in air.

REPORT GOV. Hoffman suspects Hauptmann was framed.

Voice of the People

Wants Teenage Emphasis Placed on Positive Action

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Why so much stress on the unfortunate things a small percentage of our teenagers do? Why not hear more about the good things the Boy Scouts, Girl Scouts, Boys' Clubs, Campfire Girls and numerous church clubs do?

Would not this be an incentive for better education for the youth? Let us wake up to the fact that education for better things starts in the home when children are very young through religious and moral training. If we condemn teenagers as a whole, are we building American character?

Why say so much about speed and build larger and more powerful cars? Why not stress more qualified driving teachers in the schools?

Isn't it true we train 17-year-olds for war? Why not train them for drivers on our roads? The average youth is bright, but often not well-trained, which is a very unfortunate home condition. What is becoming of the good American Ideology?

If medical men are going to get into this I would recommend that they put stress on the traffic in heroin and marijuana cigarettes as a contributing factor.

Let's all put our shoulders to the wheel and push to save our future regime.

Ione W. Bartholomew
3 7 West End Avenue

Editor's Note: We do not publish submitted poetry in the Pontiac Press. Because we are not critics qualified to judge poems, those sent to the Voice of the People will be returned.

Hal Boyle Says:

Here's the Laugh Report (Chuckle, Chuckle) for '55

NEW YORK (AP) — Joke-making has become a major American industry.

Therefore it naturally has to act like every other industry and issue an annual report.

* * *

The National Laugh Foundation, already preparing to celebrate National Laugh Week, which begins April 2, has just put out its report on 1955.

Here are (chuckle, chuckle) the 10 subjects it says the nation's gagsmiths made you chuckle over most last year:

The $64,000 Question, Davy Crockett, the Yellow Rose of Texas, Love Is a Many-Splendored Thing, do it yourself, the overseas trips of Dulles, the Princess Margaret romance, automation, satellites and Liberace.

* * *

The report cites the following as typical 1955 witticisms:

A Texan bought his wife a Cadillac for a present. She turned to him and said, "Dope, what question did you miss?"

* * *

John Foster Dulles, secretary of state, was seen recently in Washington, D. C., on one of his visits to the U. S. A.

* * *

Automation is great. They've invented a thing which cleans the dishes, washes the floor and makes the bed. I've got the same thing — only I call it a wife.

* * *

Rumor has it that Queen Mother Elizabeth, Queen Elizabeth and the entire royal family were ready to give their okay to the marriage between Princess Margaret and Group Captain Peter Townsend — but Danny Kaye turned thumbs down.

* * *

And then there's the kid who was hit by a flying saucer — he wouldn't drink his milk.

* * *

(Anybody laughing? Somehow, looking back, 1955 didn't seem quite that dreary, did it?)

ANGRY AT TV

Fernanda Montel, the beauteous, platinum-blonde Parisian songbird, has a mad on against American television. She feels it is a real threat to romance.

"This progress — all the time this technological progress," she said, shuddering. "Sometimes progress goes backward, yes?

"With so many diversions to help one escape boredom, there is no time for love. Better to be bored. Amour sometimes grows like a happee weed only because there is nothing else to do but love.

"But no — now in America everybody has TV! Some even put TV in the boudoir. It is a mockery! Amour est fini."

* * *

It sounds like Mlle. Montel has never been escorted to a drive-in movie.

WOMAN'S WORLD

A housewife today is in reality a home management engineer, but she often starts her career almost totally unprepared for the bewildering variety of tasks that confront her.

* * *

Almost any wife can say a hearty "Amen!" to the following plaint by Doris Fleischman Bernays in her book, "A Wife Is Many Women":

"We turn a screw, pleat a cloth, throw a switch, lick a spoon, diagnose a tantrum, shove a vacuum cleaner, ponder the biochemistry of rust, fumble a thread, change a fuse, give a title, study a blueprint, de-leak a faucet.

"We come to each one of these jobs as an amateur. So far as practical training goes, I was the world's first mother, the world's first wife, the world's first housekeeper."

Any wife whose husband complains about her clothing bills might ask him how he would like to have to pay them for Hildegarde, the supper club singer. Hildegarde estimates that during her career she has spent $500,000 on special gowns and accessories.

Add on what she must also have put out for toothpaste and fingernail polish and, boy, you get quite a total.

Case Records of a Psychologist:

Apprehension Natural for First Baby, but Facts Eliminate Needless Worry

Molly is expecting her first baby and is naturally apprehensive. Use the facts below to allay all unnecessary worry. Your regular check-up by your physician is an adequate safeguard medically. So extrovert your interests thereafter and lead a normal marital life. Go to church and the movies, and do your own housework.

By DR. GEORGE W. CRANE

Case Q-358: Holly G., aged 24, is expecting her first baby.

"Dr. Crane, I am afraid," she began hesitantly. "But I don't know what I fear.

"I just worry lest something might go wrong. Maybe my baby would not be normal.

"And I wonder if my husband will love me as much after the baby arrives. Oh, I am so upset I cry a lot. And that makes my husband nervous, so he gets angry at me.

"He says I am just a cry baby. But my back hurts a lot, too, and that isn't just my imagination, though he thinks it is."

PREGNANCY FACTS

The first pregnancy is usually more difficult than later pregnancies, for the expectant parents don't know what to anticipate.

* * *

So they conjure up a great many needless worries. And some wives do take advantage of their relatives to gain extra sympathy.

But there are certain physical discomforts present; consequently husbands dare not make fun of their wives and call them hypochondriacs.

So let's banish some of the needless pregnancy fears. First the expectant mother cannot "mark" her baby by her fears or odd food desires.

In earlier days, when we enjoyed a more limited diet, some pregnant women would have a craving for fruits out of season or special foods.

For this reason, they were often terrified by neighboring grandmothers who told them they'd mark their unborn child with a

strawberry red blotch or some other scar resembling the food which they craved.

That's not true, so dismiss this anxiety at once. But go to your physician for regular check-ups. If he says you are O.K., then you need not fret about medical dreads.

MEDICAL SPECIMEN

Wives, however, must beware lest they slip into the subconscious category of a "medical specimen."

If their physical condition is stressed unduly and they become linked with hospitals and medical odors, their husbands may grow somewhat squeamish toward them.

Oh, the husbands may still be dutiful and respectful and considerate and delighted about the forthcoming baby.

But they may lose their physical ardor. For their wife may have become a medical specimen instead of a thrilling sweetheart.

In their resulting torment that they are growing impotent, they may become neurotic mates and even get drunk and unwittingly become involved in an illicit affair.

Wives, be sure you realize that pregnancy should not convert you into this "medical specimen" class. For it causes much heartache and the wives can't understand why a husband would be unfaithful at such a time.

CHILDBIRTH DATA

The duration of labor with the firstborn child averages about 18 hours. This drops to 12 hours for the second.

The muscles of the womb contract rhythmically to force the baby's head downward by very gradual degrees.

* * *

Don't try to speed up the process for this may injure the baby's skull and thus promote brain bleeding. Follow the doctor's advice.

When you reach the hospital, the attending physician makes a rectal examination to find out how widely the cervix (neck) of the womb is dilated.

For that indicates about how long it will be before the baby arrives, and enables the interne to call the attending physician about an hour before he is needed. Remember, busy doctors can't sit around for 18 hours waiting for your baby!

For further advice, send for my booklet "Facts About Pregnancy," enclosing a stamped return envelope plus 20c (non-profit).

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

(Copyright 1956)

Four Southern Governors Agree to Protest Segregation Rule

RICHMOND, Va. (AP)—Governors of four Southern states have agreed to ask their legislatures to protest—by "interposition"—the U.S. Supreme Court's decision that outlawed segregation in public schools.

The degree of protest that would be incorporated in the various interposition resolutions was left to the individual states, but there were indications three states would stop short of defying the high court.

Gov. George Bell Timmerman Jr. of South Carolina disclosed the stand of the chief executives in a statement this week that followed a six-hour conference on school segregation problems.

While none of the governors would commit himself immediately to a specific program, there were good indications Timmerman, Gov. Thomas B. Stanley of Virginia and Gov. J. P. Coleman of Mississippi would recommend resolutions that do not contain nullification—or outright defiance.

GRIFFIN OUTSPOKEN

Of those present, only Gov. Marvin Griffin of Georgia was outspokenly in favor of an all-out nullifying interposition resolution. Also attending the conference was Gov. Luther Hodges of North Carolina, who sat in as an observer but did not join in the declaration of policy because his state's Legislature is not in session.

Under the doctrine of interposition, the states interpose their sovereignty in the face of a federal action they consider beyond the constitutional authority of the federal government.

They would raise a question of the contested powers between the interposing states and the Supreme Court and would ask Congress and the other states to settle the issue. This would be done by instituting action on a constitutional amendment saying the Supreme Court has the right to outlaw school segregation.

Such an amendment would have to be proposed by two thirds of the 48 states or by two thirds of the members of both houses of Congress. It would then have to be approved by three fourths of the states.

The governors apparently feel such approval could not be obtained.

A step further than interposition is nullification—a theory of ex-

"That the states have not delegated to the federal government or any agency thereof the power to prohibit the segregation of the races in the public schools and we, therefore, shall recommend to the legislature of our respective states that the following action be taken:

* * *

"1. That there be adopted a resolution of interposition or protest in appropriate language against the encroachment of the central government upon the sovereignty of the several states and their people.

"2. That a call be made upon the Congress of the United States to take such action within the limits of its constitutional authority as to protect the states and their people against present and future encroachment by the central government.

"3. That each state exercise its right to enact and utilize such other appropriate legal measures as it may deem advisable to protect its sovereignty and the rights of its people."

AP Wirephoto

SOUTHERN GOVERNORS MEET — Three southern governors confer with Virginia Gov. Thomas B. Stanley, right, in Richmond on possible concerted action in meeting the Supreme Court's school segregation decision. The governors are, left to right, J. P. Coleman of Mississippi, Marvin Griffin of Georgia, and George Bell Timmerman Jr. of South Carolina. A fifth governor, Luther Hodges of North Carolina, was late in arriving and did not get in the picture.

Killed by Auto

DETROIT (AP) — A man police identified tentatively from papers in his pocket as Aime J. Mahieu, 66, of Detroit, was killed today when hit by a car while crossing a Detroit street.

About one-fifth of the human race is Chinese.

Ottawa Lake Motorist Killed in Detroit Crash

DETROIT (AP)—James L. Black, 33, of Ottawa Lake in Monroe County, was killed today when the car in which he was riding went out of control and struck a utility pole in Detroit.

Police said the driver of the car, Black's brother, Monroe, also 33 and of Ottawa Lake, was injured critically.

Monroe Black told police he lost control of the car when its steering apparatus suddenly failed.

Detroit Paper Strike Under Study by UM

ANN ARBOR (AP)—University of Michigan researchers go to Detroit today for the first of about 1,000 interviews in a study on what the 46-day newspaper strike meant to Detroit residents.

The survey, part of the fifth annual Detroit Area Study, is based on citizens' opinions on moral issues in the strike and other related matters.

Two-thirds of interviews will take place in the city, the rest in suburban communities. All interviews are anonymous. They will be made by professional interviewers and graduate students at home selected by scientific methods.

Findings of the study will be reported in the 1956 "Social Profile of Detroit," published by the U. of M. Survey Research Center. Object of the survey is to provide information on how many people agree on moral values.

U.S.-Canada to Effect Water Level Regulations

TORONTO (AP)—The International Joint Commission meets again today to put into effect government-approved regulations on levels of the St. Lawrence River and the Great Lakes.

Water-level regulations, determined by the IJC in Buffalo last May, have been approved recently by both the Canadian and U.S. governments. They establish a minium level of 244 feet above sea level and a maximum level of about 248 feet.

Teamsters Leader Sets Contract Goal

BATTLE CREEK (AP)—The International Teamsters Union hopes by October of 1958 to negotiate a "master contract" covering all its United States members, James R. Hoffa, teamsters vice president, said last night.

* * *

The union's goal for October, 1957, Hoffa said, is a minimum $2.24 hourly wage "with a guaranteed 40-hour week for 90 per cent of those who go to work on Monday."

Hoffa, addressing the Battle Creek Chamber of Commerce, said he reported the teamsters' future plans so "as employers you will know what our plans are . . ."

The speech was Hoffa's first before a Chamber of Commerce. And it was the first time the Battle Creek chamber had been addressed by a labor leader.

* * *

Hoffa said his 1½-million member union would prefer a guaranteed weekly wage to a guaranteed annual wage.

He's Air-Minded

VANCOUVER, Wash. (AP) — Bob Irvine, on his 16th birthday, made his first solo flight. He started taking lessons about a year ago. His father, Ellis Irvine, says that when he was a little boy his interest was always in airplanes. As he grew older he made model planes. And he looks now, to the day he can join the Air Force and fly a jet.

Have Experience for Job

KNOXVILLE (AP)—If Jimmy and Gary Fox want to be firemen someday, they know where to get a good recommendation. The boys, 15 and 11, held a fire in their basement under control with a garden hose until firemen arrived. A city official said they probably saved the house from burning down.

Honduras is the largest as well as one of the most mountainous of the Central American republics.

Knowland Set to Risk '56 Bid

5 Primaries Will Show His Potential Strength—if Ike Won't Run

WASHINGTON (AP)—Sen. Knowland was reported ready today to risk his conditional bid for the Republican presidential nomination on his showing in five primaries.

• • •

They are the ones in Illinois, Alaska, Florida, Maryland and his home state of California.

Knowland, Senate GOP leader, has made it clear he will seek the nomination if President Eisenhower does not run.

He will visit New Hampshire this weekend, but apparently prefers to stay clear of that state's March 13 primary unless he finds a situation in which he feels he cannot tactfully disavow delegate candidates entered in his name.

• • •

The Knowland strategists are not overlooking state conventions, which will select 708 of the 1,323 national nominating votes. But they apparently have concluded the senator's conditional candidacy will get nowhere unless he demonstrates strength in the primaries.

The strategists seemingly are content to have Knowland in Illinois, where he was entered without his consent but also without his objection. Eisenhower is entered under the same conditions.

• • •

Florida and Maryland apparently have been picked by Knowland's associates in an effort to spread the primary tests geographically and to space them out between the April 10 voting in Illinois and the June 5 primary in California.

Hamburgers Aid Youth to Train Unruly Steer

SEFFNER, Fla. (AP)—Tony Vallnoti, 16, has a steer whose favorite food is a hamburger, packed with plenty of onions. Tony said he discovered the steer's unusual taste by chance.

Tony was eating a hamburger when "that steer stretched out and grabbed it right out of my hand."

Until then the steer had been unruly and Tony despaired of being able to train it for the show ring.

By holding back the hamburgers until the steer follows instructions, the youth has trained it so well it is being entered in the Florida State Fair, which opens next week.

Blast Heard for 50 Miles

LOS ANGELES (AP)—A rocket engine, fired for 40 seconds in a test at North American Aviation's nearby Santa Susana plant, produced a blast heard over a 50-mile area yesterday. A company spokesman said the firing was ordered in line with a secret program under way. No other details were given.

AND NOW! — Actress Rhonda Fleming shimmies through an Indian dance after her costume won first price at the annual Golden Nugget Ball in Palm Springs, Calif. The affair, held for charity, usually is attended by many film notables.

Army Sergeant Begins Tennessee Polio Hike

UNION CITY, Tenn. (AP) — An Army sergeant starts marching across Tennessee today, hoping for a dime to match every step of the way.

Maybe not a dime a step, since it's 130 miles, but Sgt. James F. Wiggins will stop in 16 towns en route to Memphis to ask for contributions to the March of Dimes to fight crippling polio.

The 30-year-old sergeant, a conscientious recruiter stationed at Memphis, also will begin the lookout for volunteers for the Army. Polio money is his main aim, however.

Knowland to Oppose Blanket Commitment

WASHINGTON (AP)—Sen. Knowland (R-Calif) said today he will keep an "open mind" on specific long-range foreign aid projects President Eisenhower may propose but will fight any blanket commitment.

• • •

Knolwand, the Senate Republican leader, thus left open the possibility of a compromise on the administration request for authority to make long-term commitments for development projects abroad.

Chairman George (D-Ga) of the Senate Foreign Relations Committee said it is his understanding the administration may modify its request. But he said he didn't know what form this action will take.

• • •

George and Knowland have insisted that Congress must pass each year on over-all foreign aid policy as well as on the amount of money to be spent.

Learns the Hard Way

LOUISVILLE, Ky. (AP) —Joseph Browning learned yesterday that there's no speed limit for police cars. But he learned it the hard way. He was fined $25 in traffic court for keeping pace with a squad car doing 35 miles an hour in a 25 mile-an-hour zone. Patrolman George Weber remarked, "A lot of people think they can drive as fast as a police car is going, regardless of the speed."

Most varieties of the elm tree can be grown from seed.

'Dulles Uses Politics at Brink,'—Kefauver

GREEN BAY, Wis. (AP)—Sen. Estes Kefauver (D-Tenn) last night described as "politics or simple boasting" the "brink of war" statements attributed to Secretary of State Dulles.

• • •

Kefauver, campaigning for the Democratic presidential nomination, declared the effect of Dulles' statements had been to "frighten our allies and cause the people of the United States deep concern."

"It is high time the State Department and the Pentagon be taken out of politics and left out," he said. "It is high time this nation began using the weapons of peace and good will and truthfulness in its conduct of foreign affairs."

• • •

Kefauver, only candidate entered in Wisconsin's April 3 Democratic presidential primary, spoke to about 200 persons at a banquet sponsored by the 8th District Kefauver for President Club.

Wanna Be Chief?

LISBON, N. H. (AP)—This town of 2,600 wants a "stranger" as police chief. And in the search, the village district commissioners put a "help wanted" advertisement today in the Boston Herald. Commissioner Victor Snell says the townspeople prefer a stranger "because he won't know anybody and can be completely impartial in his pinches." There's no age limit, but applicants be experienced. The job pays $71 a week.

Carbon, basic ingredient of coal, is the backbone of all life and commerce, inasmuch as carbon compounds make up 50 per cent by value and 35 per cent by weight of all products of human labor.

Bob Considine Says:

Gen. MacArthur Becomes Super Salesman

(This is the second of two articles by Bob Considine of INS on Gen. Douglas MacArthur on the occasion of his 76th birthday today.)

Douglas MacArthur is a man of vivid imagination. His island-hopping counterattack demoralized the Japanese. His Inchon landing won what biographer Gen. Courtney Whitney calls the military war in Korea. His method of dealing with the Japanese after V-J Day added a great democracy to the free world.

• • •

But during a military career that spanned the history of arms from Indian arrows to the atomic bomb, MacArthur could never have envisioned that at the age of 76 he'd be known, in industrial circles, as the world's leading salesman of an "electronic brain" named Univac.

The Univac is a product of Sperry Rand, one of many thousands of involved items which that company turns out. Certain branches of the government as well as firms which have need for multiple calculations, such as insurance companies, buy Univacs from MacArthur.

They cost more than $1,000,000 each and the deals sometimes are tacitly sealed during a quiet dinner at his Waldorf apartment.

• • •

Unlike other salesmen, MacArthur asks for no commission. The $60,000 a year salary he receives as chairman of the board is about four times what he made while supreme commander of Allied forces in the Pacific.

ACTION AND LORE

MacArthur has packed so much action and lore into his 76 years that almost any remark a visitor makes can set him off on a related train of thought.

• • •

When he was campaigning against the Truman administration I asked him one day what he felt might be a remedy for the political situation he found so depressing. He responded with a long and fascinating event that took place in the Napoleonic wars, having to do with a regiment that broke.

One of Napoleon's generals proposed to the Emperor that the remnants of the regiment be formed in a hollow square, around which those who did not break would march "so that all may look upon the face of cowardice."

Then the general suggested that the flags and eagles of the regiment be burned and every man in it reduced to the rank of orderly.

• • •

"No, my general," MacArthur said, quoting Napoleon, "you shall not burn the flag of France nor destroy its eagles. There is no such thing as a good regiment or a bad regiment.

"There is only good leadership and bad leadership. My suggestion to you, my general, is to go to that regiment and shoot its colonel."

SPORTS MEMORY

I had lunch with General and Mrs. MacArthur in Tokyo at a time when the American forces had been jammed down into the Pusan fingernail of Korea. I tried to ask him what he was going to do about it. But whenever I'd ask a question he'd reminisce about sports.

• • •

He has an appalling sports memory. He remembers Christy Mathewson before Christy played baseball—when he was a football star for Bucknell. He saw Walter Johnson pitch his first major league game; Babe Ruth pitch for the first time in Washington.

As I left his home the busy man was still talking about sports, and I wondered if it was quite appropriate. At the door, I tried to describe something I had seen a few days earlier at a forlorn command post along the Naktong River.

"I'll have my headquarters in Korea within a month," he said quietly. He landed 25 days later at Inchon, a thrust that will be studied as long as men are concerned with such things.

• • •

MacArthur and his party had a terribly bumpy ride from New York to Jackson, Miss., where he spoke to the Mississippi Legislature after Truman pulled him off duty.

Everybody was shrdck. MacArthur asked that the others leave the plane first. The airport at Jackson swarmed with bands and National Guard units.

MacArthur wiped his face with a fresh towel, combed his hair with his hand, snapped on his famous cap at a jaunty angle and came down the aisle.

"Now may I have the air medal," I asked him.

"No," said the general, rising to the occasion like a fire horse. "But I'll give you the Purple Heart for the ride we just had."

• • •

He, who had been an ill man a few minutes before, stepped down to the top rung of the plane's ladder, brought his right hand up to his hat . . . and if anybody had blown a bugle at that moment, everybody in sight would have enlisted.

Happy birthday, general, and stick around.

The U. S. has doubled its rice crop in the last 10 years.

Soviet Now Trying to Impress Tourists

MOWCOW—Now that the Russians are trying to impress the world with their country's desirability as a vacation spot for tourists, visitors returning after an absence notice a great difference.

One traveler reports: "The changes—superficial or not—since I was last here are almost revolutionary. Our Russian airplane, complete with friendly stewardesses but still lacking safety belts, touched down first at Leningrad. Ten months ago they grabbed my passport. This time, smiling officials asked politely for our papers.

"Having sworn that none of us was importing any wormwood seeds, hashish, antelope horns or Siberian stags, we were assured that our luggage would not be examined. Instead, they brought out the best cutlery and glassware, gave us a free dinner of chicken noodles and sturgeon, and kept our Moscow plane waiting until we finished."

Asks Capitol Prayer Room

HARRISBURG, Penna. (INS)—Establishment of a prayer room at the State Capitol here is proposed in a resolution introduced in the House by Rep. Mary E. Leiby (D-Northampton).

It urged the setting aside of a centrally-located room in the Capitol "for the purpose of providing legislators and state employees with a place of meditation and prayer so they may look to God for strength and guidance to better their lives and to better conduct the affairs of our Commonwealth.

Equal Wages Given to New Zealand Girls

WELLINGTON — Although New Zealand claims to have led the world in women's suffrage, its Public Service Commission has only just got around to supporting equal pay for equal work.

* * *

New Zealand women got the vote decades before their sisters in the Northern Hemisphere. They were voting when ardent feminists elsewhere were breaking shopwindows and striking for their rights.

But women in that Dominion have taken no unfair advantage—have not monopolized Parliament or even done much about "The demon alcohol" they opposed so vigorously in the early days—it is pointed out. Now, however, the Commission has declared that "it is the duty of the Government to take the initiative" in equal pay.

Coal tar chemicals constitute a bulwark of the pharmaceutical industry which produces from coal such things as sulfa drugs and atabrine.

R.S.V.P.

WHITBY, Ont. (AP)—Volunteer firemen answered an alarm here in their best Sunday suits. They were in church when alerted, but the fire turned out to be minor and no suits were damaged.

Poem by Paper Laments Fame of Scottish Poet

MONTREAL (AP)—The Montreal Gazette took a look today at a begrimed statue of Scottish poet Robert Burns—born 179 years ago today—in central Dominion Square and lamented:

I wandered by St. George's kirk
A'tween the gloamin' and the mirk,
I wandered up alang the square
An' saw puir Rabbie staunin' there.

An' then, abune the traffic din,
I heard a voice, haith lippi an' thin;
"Och, laddie, laddie, what is fame?
The warld ow'r it's a' the same.
Just look at me—a real disgrace
Why disna someone wash ma face?"

Onion Reserve Dips

LANSING (AP)—Michigan growers and dealers had 1,700,000 50-pound sacks of onions on hand in January, the federal-state crop reporting service states.

This was less than the 1,965,000 sacks on hand last year in January but more than the 1,660,000 average, the service said.

A country's resources are the gift of nature to an entire people. They do not belong to this generation, to the last, nor to the next. No single man or generation can ever earn the right to use them wastefully.

Stamp May Honor City

GRAND RAPIDS (AP)—The city's international renown as "Furniture Capital of the World" soon may be extended through the mails. City commissioners voted to request the postmaster general to issue a special stamp this year, commemorating the 120th anniversary of furniture making in Grand Rapids.

Biggest fish in the world is the whale shark, about 50 feet long and weighing up to several tons. By contrast the whale, a mammal, reaches 150 tons.

ROYAL TEACHERS — The Shah and Queen of Iran teach reading and writing in a Tehran class, leading way in a countrywide campaign to eliminate Iran's 80 per cent illiteracy problem.

East Berliners Gawk at U.S. Clothes Style

BERLIN—East Germans got an eyeful of American clothes at the recent Berlin Industries Fair. The Official United States exhibit was titled: "Men Make Clothing — Clothes Make the Man" and it attracted thousands from the Russian Zone, observers stated.

On the opening week, 80,000 persons visited the American exhibit and half of these were from East Germany.

The style show presented thrice daily drew particular attention.

Models from Berlin department stores could be seen showing ready-made American clothing priced within the reach of the average woman.

A marionette show presented an average American family explaining its selection and expenditures on clothes.

Killed in Car Crash

ADRIAN (AP)—Imo May Crawford, 57, of Toledo, was killed Tuesday in a two-car accident in Palmyra Township, Lenawee County state police reported.

Hughes Asks Partisan Elections for Judges

LANSING (AP)—Rep. Theodore F. Hughes (R-Berkley) has proposed a constitutional amendment which would provide for election of judges on partisan ballots.

Under the constitutioin, judges are now elected on non-partisan ballots.

Hughes proposed the change be submitted to the voters at the November general election.

The proposal would have to be approved by at least two thirds of both houses of the Legislature before it could be submitted to a vote.

Uncle Sam Brushes Up on Foreign Culture

New Training Program for Overseas Personnel

WASHINGTON (NEA) — Uncle Sam has a new training program for overseas personnel.

Both the Army and the State Department are giving high priority to far-flung education programs so that U. S. representatives abroad may operate with greater skill.

At the State Department's Foreign Service Institute, plans include bringing the highest ranking U. S. diplomats from the field to participate in strategic "diplomatic games."

Other U. S. agencies with personnel overseas are taking advantage of the wide range of courses offered by the Institute. And it is hoped that this will become the place where all specialized training for foreign assignments can be given.

• • •

The Army is carrying out a highly selective educational program for officers stationed abroad with its main emphasis directed at study and understanding of the Soviet Union.

Foreign Area Specialist Training or FAST is the title given to this unique Army project which takes in only 50 highly qualified officers each year. These men must be college graduates with exceptional Army records and three years experience with troops.

• • •

The FAST grind starts off with a year at the Army Language School at Monterey, Calif. This study is supplemented by 12 months at a civilian university in this country or abroad.

Here the student concentrates on the geographic, cultural, social, economic and military background of one area. He can choose Russia, China, Japan, the Middle East or South Asia.

Then he spends approximately two years at what amounts to "on the job training" assigned to Army military attaches in various countries or special training detachments in Japan or Germany.

Approximately 40 officers in this category are now stationed at Oberammergau, Germany, where they are becoming experts on Soviet Russia. For obvious reasons they cannot train in the USSR.

"We look forward to a time," said Trudeau, "when every one of our attaches, missions and Military Assistance Advisory Groups will be staffed by FAST graduates. At present, the attache designates to Iran, Japan and Russia are FAST officers."

LEARNING NEW WAYS: Japanese manners and customs are a part of the course for Army officers who choose that country under the Foreign Area Specialist Training Program. Students at school in Meguro-Ku, Tokyo, are Lt. Col. Jodie G. Stewart Jr., Washington (left) and Capt. James H. Buck, Lima, Ohio.

• • •

In the civilian realm, the Foreign Service Institute is launching a comprehensive program to give in-service training to employes ranging from file clerks to career ministers.

The Institute also offers courses to overseas employes of the U. S. Information Agency, Commerce and Agriculture Departments, and the International Cooperation Administration.

• • •

Its main purpose, however, is to give FSO's extensive training as they go up the ladder. This course was recommended by the Wriston Committee last year after it concluded a thorough study of the Foreign Service.

"Now that the U. S. is such a world power and because the Foreign Service has expanded to such a degree, it is important that we have the best possibly trained men all over the globe," says Harold B. Hoskins, director of the Institute. "We are attempting to give each man a rounded picture of what he needs to know for the next few years of his career.

The Institute has set up three basic courses. Junior and middle grade officers are now required to take three months of courses before they can be assigned abroad or promoted.

The Institute now has an enrollment of 220 full time students and 650 part time students. Their staff, which is drawn mainly from within the ranks of the Foreign Service, numbers approximately 40 full time instructors and 60 part time teachers.

Twenty languages are taught, from Polish to Portuguese to Russian. And the courses, to mention a few, include communist strategy, reading rate improvement, the current American scene and the North Atlantic Treaty Organization.

Red-Faced GI Says 2nd Woman Is Wife

WACO, Tex. (AP) — A Fort Hood soldier complained to officers that $500 had been taken from him while he slept.

Investigators recovered $100 from one woman, then began looking for a second woman seen with the soldier.

Several days later the GI sheepishly reported the second woman was his wife who had taken the other $400 for safekeeping and returned to the couple's home in Fort Worth.

Flint Postmaster Quits

FLINT (AP)—W. Osmund Kelly resigned Tuesday as Flint postmaster to become executive director of the Flint Manufacturers Assn. He served three terms as mayor before being appointed postmaster in 1949. He succeeds C. M. Bullard as association director.

Farm Group Seeking Experts to Aid India

URBANA, Ill. (AP)—The University of Illinois' committee on Agricultural Foreign Programs wants experts to send to India to carry out an extensive farm program there.

R. W. Jugenheimer, committee chairman, says experts are needed in the fields of extension, farm management, horticulture, plant breeding, plant pathology, soil salinity and micro-nutrition of fruits and vegetables.

College of Agriculture Associate Dean H. W. Hannah already is in India, heading up the soil help mission from the University.

An adult with normal mentality may become insane, but he can never become feeble minded.

Nitrogen, being a nearly inert gas, is useful as a kind of guardian in many industrial applications to give protection against some phases of chemical reactions or results.

New Mental Ills Facts Offered

Contradicts Idea That Sickness in Aged Is Due to Artery Hardening

By FRANK CAREY
AP Science Reporter

WASHINGTON (AP)—New evidence has been offered contradicting a common belief among many doctors that mental illness associated with aging is invariably due to hardening of the arteries feeding the brain.

• • •

Scientists of the National Institute of Mental Health said that studies of aging in rats had shown that large numbers of brain cells can actually disappear in the aging process while blood vessels feeding the brain can remain healthy.

They described the research yesterday to science writers making a tour of certain psychiatric institutes in the United States and Canada.

Other doctors making the tour said the significance of the finding is that it revives a concept generally held until recent years. These doctors gave this outline:

Until a few years ago, scientists accurs as an accompaniment of accurs as an accompaniement of aging—and it does not occur in all the aged—it can be caused either by hardening of the blood vessels feeding the brain or a gradual deterioration of brain cells due to some other cause.

There have been post mortem findings, they related, that some people who had developed mental illness due to aging had no evidence of hardening blood vessels in the brain. But they said the tendency of many doctors in recent years has been to blame vessel hardening for all cases of mental illness associated with aging.

They said the findings in the rats given new and revived support to the older concept. And the research work, they added, might serve to stimulate new research to nail down the process involved in ordinary "senile dementia" and perhaps lead to finding other presently unrecognized causes of mental illness in the aged.

Will Address GOP

GRAND RAPIDS (AP)—Msgr. Joseph C. Wolon, editor and general manager of the West Michigan Catholic, is scheduled Wednesday to address the Kent County Young Republicans on the subject: "A Citizen's Time and Talents; His Government's Share."

MacArthur Is 76; Wants to Serve Country

NEW YORK (INS)—Gen. Douglas MacArthur observed his 76th birthday quietly today hoping—according to his closest friends—for an opportunity to serve his country again.

The five-star general, now living in virtual self-imposed isolation, is pictured as feeling his Asiatic experience stretching over 50 years might be usefully employed to combat Communist moves against Asia.

MacArthur, his closest intimates say, is hurt by the fact he has not heard from President Eisenhower since the then president-elect conferred with him in New York on Dec. 17, 1950, on the world situation.

The general, now chairman of the board of the Sperry-Rand Corp., planned to remain in the privacy of his 37th floor Waldorf-Astoria suite with his wife, Jean, and son, Arthur, 17. He turned down scores of requests from magazines, newspapers, radio and television stations for birthday interviews.

Maj. Gen. Courtney S. Whitney, U.S.A. (ret.), his long-time friend, aide and business adviser, said MacArthur planned a "quiet day"

GEN. MacARTHUR

and was wading through a "tremendous flow" of birthday greetings and requests for autographed pictures from all parts of the world.

CHIANG SENDS GREETINGS

Among those sending congratulatory messages were South Korean President Syngman Rhee and Nationalist Chinese President and Madame Chiang Kai-shek.

Tonight, MacArthur will join 75 old comrades-in-arms at a private dinner to "Relieve the Pacific war and fight it all over again."

MacArthur's birthday follows by a few days the publication of Whitney's book "MacArthur—His Rendezvous with History." It is based on the private papers and words of MacArthur.

A close and trusted associate of the general called the preface in the book an accurate indication of the current feelings of the "old soldier" who once told the world he planned to "fade away."

The book was written, the preface declared, "In order that those of this and future generations may accurately formulate their impressions of the climate influence he has had, and if permitted, still might have, upon the course of events in Asia."

Said the general's associate:

"On the basis of his whole record and life in Asia it is still not too late to use and benefit from his long experience."

Whitney, who had first-hand knowledge of the historic era from Bataan to Tinyain, expressed in his book MacArthur's belief that U. S. difficulties in Asia today stem directly from a "Europe first" policy in World War II and a failure to take firm measures against Communist aggression.

Oarswoman Needed

HARLAN, Ky. (AP)—Before the nearby Jesse Creek School can reopen, one of two things is needed—a new bridge or a teacher willing to row a boat. The bridge leading to the school was broken down recently by an overloaded truck. James A. Cawood, county schools superintendent, said yesterday, "We just can't find any teacher who will row a boat across the river."

HOMECOMING—Mary Ann Lee Sin-ja, 3-year-old Korean foundling, is handed to her foster brother, Richard C. Lignore of Philadelphia after landing at New York's Idlewild Airport. Lignore was attracted to the orphan while a soldier in Korea, and later persuaded his parents, Mr. and Mrs. Joseph Lignore, to adopt the child. The shawl-clad nurse is Dorothy Spagnuola of Fowlerville, Mich.

United Press Photo

Survival When Disaster Hits Depends on Advance Planning

Federal, state, and local civil defense officials have borrowed the Boys Scouts' "Be Prepared" motto these days in urging families in both urban and rural areas of the nation to have on hand a seven-day emergency home food supply and a three day personal evacuation survival kit.

Defense administrators across the country will attest to the fact that if and when this country should happen to be attacked from the air, families will not have sufficient time to gather essential household goods and food after they first hear the wail of the air raid sirens.

With this in mind, the Federal Civil Defense Administration has emphasized the important need for preparing this food supply and survival kit now.

A seven-day food supply was urged because nuclear attack may cut off regular sources of food. Persons who could not be evacuated immediately might have to depend on home resources.

STORED IN SHELTER

This home survival supply should be stored in the family shelter area, preferably in the basement against the wall towards the city in which the bomb blast would most likely come.

The FCDA suggests that a seven-day supply should include the following: water, canned and dehydrated foods such as fruit and other juices, milk and milk powder, vegetables, soups, stews, meats, fish, cheese, bread, infant food and beverages.

Pontiac Assistant Civil Defense Director William L. Collins and Director Walter K. Wittman said yesterday they highly endorse this program and urge all Pontiac citizens to follow FCDA suggestions.

"Most of us take for granted the public services that now guard our family health. But many of these services would be temporarily knocked out by either wartime disaster or a natural disaster," Collins stated.

"Therefore we urge every family to be prepared to solve its own food, water and sanitation problems for at least three days following the disaster by having the prescribed supplies and material stored in a box or kit in the safest place in the house ready to race at a moment's notice."

The water supply suggested was two gallons for each person, plus one additional gallon for each child under three years old.

The evacuation survival kit was recommended for enroute evacuation periods and possible intervening periods before mass-feeding facilities could be established at reception centers.

It should include food, water, first aid items, special medicines, flashlight, matches, jackknife, disposal eating utensils and possibly a shovel and crowbar.

The FCDA also stressed the need of a portable battery-operated radio with extra batteries to receive civil defense emergency broadcasts.

BE PREPARED — Capt. Howard L. White, of the Pontiac Fire Department, his wife Muriel and four-year-old son Gary, are shown here checking a list of food and household items in their emergency home food supply and personal evacuation survival kit which the Federal Civil Defense Administration urges all families to prepare in case of enemy nuclear attack. Behind White is a durable light weight container in which the evacuation items would be stored. The portable radio is considered a "must" by the administration to receive civil defense emergency broadcasts.

Pontiac Press Photo

Bath Ordered for Poet Burns; Statute, That Is

DETROIT (AP) — As a birthday present Robert Burns the poet is going to have a bath—his bronze image, that is.

To the eyes of the Detroit Burns Club members, the statue of the famed Scottish bard in Cass Park looked especially forlorn yesterday on the 197th anniversary of the pet's birth. His face and shoulders were crusted with dirt. Streaks of grime and stain ran down his coat and pencilled signatures covered the marble pedestal.

Club members, paying their annual homage with a wreath laid at Burns' feet, were indignant.

"This is the second most beautiful statue of Burns in the world," said club trustee Richard McRae. "I've seen 12 or 15 of them and the only on ethat is better is in Atlanta, Ga."

Thee club complained to the Detroit Department of Parks and Recreation and Erwin Frediand, superintendent of buildings and maintenance, promised to order a soap and water bath for the statue.

"This happens every year," Freidlund sighed. "If it isn't Burns, it's Columbus or somebody else."

Urges State to Act on Water Problems

LANSING (AP)—A 40-member advisory committee on problems of water, sewage and drainage asked the Legislature today to enact laws relieving communities with critical water problems.

The committee, appointed by Gov. Williams, split over whether to increase the authority of the water resources commission or set up a new state agency to handle the problems.

The committee finally decided to present proposed legislation to the Legislature, informing the lawmakers how the committee voted on the bill.

The bill provides for establishment of a state water, sewage and drainage development agency.

This seven-man agency would be composed of the directors of the State Health Department, State Conservation Department and State Agriculture Department, plus four members appointed by the governor.

The agency would have an annual budget of $150,000 a year. Its director would be paid $16,500 annually.

Helping the Handicapped Pays Off in Michigan

EAST LANSING (AP)—Helping the handicapped is a paying proposition in Michigan, a counselor training institute at Michigan State University was told yesterday.

Joseph H. Shipman, supervisor of training for the Michigan Office of Rehabilitation, spoke before delegates from Michigan, Ohio, Indiana and Wisconsin.

"Last year, about 3,000 persons were rehabilitated from jobs which paid them an average of $5.19 a week to jobs paying an average of $61.51 a week," Shipman said.

"We're busier now than we ever were, training and placing persons handicapped by disease or accidents."

Shipman said a number of unusual jobs have been found suitable for the handicapped as a result of study of individual cases.

First to Pay Taxes

PORTLAND, Ore. (AP) — For the 35th straight year, Charles Nebergall has been the first person in Multnomah County to pay his taxes.

Nebergall doesn't have to go far from his work to make the payment. Blind, he operates the county courthouse cigar store. His taxes, on his home, amounted to $120.

High School Doubles Size of Driver Training Course

It'll be a good year for driving in Pontiac if instructors at Pontiac High School have anything to say about it.

• • •

This week 157 potentially-good teenage drivers, armed with papers certifying they had completed a 36-hour course in driver training, started applying for driving licenses.

Next semester the school will train double that number, according to driver training-instructor Arthur Tyrrell.

"Two new teachers have been hired," Tyrrell said. "Starting Monday, we plan to take 336 students in the driver training course."

• • •

A year ago Tyrrell was the school's only driver training instructor. Last September another teacher, John Bensglio, was added to the staff and this semester Elmer Lee and George Stewart will bring the teaching staff to four.

Students will receive 30 hours of class work and six hours behind the wheel. Only students close to the driving age of 16 are permitted to take the course.

Aim of the instruction is to prepare students so that they will be able to obtain driving licenses. Stress is laid on teaching driving laws, courtesy on the road, social responsibility, safety and in developing proper attitudes in the teenage driver.

• • •

Statistics show that teenagers who have received driver training have 50 per cent less accidents than others in the same age group.

New dual-control Pontiac cars for the training sessions are furnished without charge by the Pontiac Retail Store. This month the firm will allocate four cars to Pontiac High, two to Waterford High, and one each to Avondale, Clarkston and Walled Lake high schools and the Oakland County Children's Home.

• • •

The stepped-up driver training program in the schools is a consequence of a new state law requiring that after February 1957 anyone under 18 must pass driver training to get a driver's license.

Models Make the Grade

NEW YORK (AP) — Toy electric trains are a safe and efficient means of transporting small quantities of radioactive materials within a laboratory, says Steelways magazine. Toy trains transport radioactive materials at the Hanford Atomic Energy Commission plant, and radioactive liquids for medical patients at the Cleveland Clinic.

United Press Photo

EXHAUSTIVE TASK — John Cardwell, 89, of Chicago, Ill., checks over passages in the Bible which he copied in longhand in a little over six years. After reading the Book through 105 times the retired railroad telegrapher said he learned more out of copying it than all the times he read it. He began the project after reading about a woman who copied a similar volume over a period of 15 years.

Heart Surgery Delayed for Lad

Delicate Operation for Grand Haven Boy to Be Held Sometime in April

GRAND HAVEN (AP)—Three-year-old Eddie Bekins must wait until "sometime in April" for the heart operation doctors hope will enable him to live a normal life.

Eddie and his mother, Mrs. Henry Bekins of neighboring Grand Haven Township, had planned to fly to Minneapolis today for surgery at the University of Minnesota clinic Feb. 2.

Last night the boy's parents learned that the operation has been postponed.

Eddie was born with openings in the chambers of his heart and the condition has retarded his growth and prevented him from living a normal life. Surgeons will attempt to close the openings in a delicate, six-hour operation.

Twelve of the family's friends, some of them co-workers at a plumbing and hardware store where Bekins is employed, had arranged for time off from work to drive to Minnesota next week in three cars. Eddie will require constant blood transfusions during the operation.

Hodge-Podge Art Wins Contest Prize

CARMEL, Calif. (AP) — Theater manager Ray Thome put up a blank canvas with brushes and oil paints nearby and a note asking Carmel residents to try their hand at painting during breaks at the movie house.

After a few weeks, with the canvas full of varied designs, Thome decided to enter the painting in a contest—just for laughs.

A few weeks later, to his amazement, he was told the painting won third prize in a contest and would be hung in a San Francisco art gallery.

Grownups' Behavior Behind Wheel Can Affect Future Traffic Safety

ANN ARBOR — "We probably 'know better than we do' when we get behind the wheel of our automobile," Dean Willard C. Olson of the University of Michigan School of Education asserts.

"Traffic accidents and deaths now contend with the top-most children's diseases as a factor in survival," the educator points out. "At the adult level, traffic eclipses wars and pestilence as a threat."

On the credit side is the fact there seems to be evolving what might be called a "traffic culture" in the United States, Dean Olson asserts.

He explains that this "culture" involves the way parents behave in the car, what they require of the children, and the rules the children pick up automatically but which their parents may have had to learn.

"It also has to do with such subtleties of safe behavior as parking on the right-hand side of the street, getting off at the curb, setting the brakes, locking the doors, and approaching intersections and overtaking," he says.

The dean goes on to explain that this traffic culture in the United States is not uniform. "It has characteristics which are rural, urban, geographic and economic. The lack of conscious control which society has over it indicates that much is needed in the way of research and development."

Since September of 1948, he reports, 714 persons have participated in programs at the U-M concerned with teacher preparation for driver education.

Instructors represent the police department, the judiciary, highway, engineering, manufacturing, together with persons who specialize in training and research on driver education and testing.

One hundred and twelve students have taken the regular course "Methods and Materials in Driver Education" offered by the Department of Vocational Education and Applied Arts, he says.

BOND DIVISION HEAD—New national director of the U.S. Treasury's Savings Bond Division is John R. Buckley of New York City. He succeeds Earl O. Shreve who recently retired to private life after two years in the Treasury post. Buckley has served with the Hearst organization for the past 28 years; his most recent position was vice-president and general advertising manager of the firm's magazines.

Passersby Cornered to Participate as Jury

CHICAGO (AP)—Judge Julius J. Hoffman of Federal Court had a full docket of cases to be settled and few jurors to hear them.

He ordered marshals to buttonhole passersby when only 80 veniremen reported for duty. One recruit taken before the judge said he was a French horn player and was urgently needed at a theater. The judge let him go.

The problem was solved when attorneys agreed in all cases to juries of only 8 members instead of 12.

Automation May Join Post Office Routines

WASHINGTON (AP)—The Bureau of Standards has started an analysis of Post Office Department operations to determine if further mechanization can be introduced into mail handling.

• • •

Postmaster General Summerfield said the studies do not foreshadow layoffs for postal workers. Rather, he said, the objective is to find ways to avoid heavy additions to the payroll to meet greatly increased mail loads in prospect.

The department's 500,000 employes are currently handling some 35 billion pieces of mail a year. In view of population growth and a steady rise in use of the mails, Summerfield estimated the annual volume will be up to 75 billion pieces by 1966.

• • •

Mail sorting, still largely a hand job, is the biggest single time consumer in postal operations. Summerfield indicated automation may be able to do something about this.

Advises Renowned U. S. Economist

If You Would Invest: Spend Wisely

By ROGER BABSON
Publishers Financial Bureau

Most people seem content to live from day to day irrespective of their pocketbooks. Governmental "womb-to-tomb" social security has caused people to take lightly problems of unemployment and old-age security.

Most young people give little or no sound thought to their financial futures. They, therefore, never get even the few dollars necessary to get themselves started on the road to successful investment. Surely, the birds who build their nests (homes) before they raise their young set us a good example.

My father used to tell me that a man who systematically spends less than he gets, automatically becomes an employer; while a man who spends all that he earns, automatically remains a wage earner. Father insisted that the business of saving had nothing to do with how much money a person had, or the amount of his salary.

It has been my own observation that partners in business and partners in marriage tend to get along well as long as there is plenty of cash in the bank. It is when the bills come in, and there is no money with which to pay them, that trouble begins. The only way to assure finapcial or marriage success is to tell your dollar where to go instead of asking where it went.

Your first step in an investment program is to save some of your income each week. The next step is to make your savings produce some more income. I am a firm believer, however, that it is cheaper to pay the grocer than the doctor; hence a budget should be drawn up which puts first things really first.

Many of my clients tell me that they are handicapped by spending too much on rent, or its equivalent in taxes, repairs, insurance, etc., on property owned.

To start a budget, one ought to determine from experience and from old bank statements and cancelled checks what his probable expenses will be for the year ahead.

My observations through the years are that a man with a family of four who has a net income of $4,000 (after income and social security taxes) ought to hold his living expenses to about 75 per cent of the $4,000. About 42 per cent of this would go for food and clothing; 23 per cent for housing and transportation.

Right here I think many families, especially in the lower-income brackets, will find that they are paying altogether too much for their transportation in the form of a new automobile which they cannot afford. If they want to get started on a sound investment program, they better pay more cash, and use less credit. Six per cent is budgeted for benevolence and the church, 6 per cent for personal and miscellaneous items.

This leaves about 19 per cent, or $548, for insurance, savings accounts, and investments. Let us hope that $220 of this will go for life insurance premiums. This would leave $328 a year to save and invest otherwise.

A study of the average man's financial independence is generally shocking to most people. About 30 per cent of the men 55 years of age are not self-supporting. The real tragedy of this situation, as I have seen it, is that the average man made enough money between the ages of 30 and 50 to keep himself and his family in comparative ease for the rest of his life. He just never got around to a definite plan of savings and investing.

Does it not seem senseless for you to work hard the best part of your life to get a few dollars if those dollars earn nothing for you after you get them?

Important capital is created only by labor and saving; those who consume less than they produce turn their surplus back into productive channels to increase the nation's store.

Investments, plus bank deposits, are the way in which capital is increased. Increased capital means increased production. Greater production means more wealth. More wealth means more to be distributed among those who take part in production. Greater production means more constmable goods and services at lower prices for all of us.

United Press Photo

HIGH ANGLE — The majestic Dolomites of Italy fill the background as a cameraman shoots an unusual angle for the 1956 Winter Olympics. He is pictured as he aims his lens at a passenger-laden funicular train. The cable car is ferrying athletes and tourists to the mountain chain's upper snowfields.

Teachers May Punish Pupils

Instructors Cannot Be Held Criminally Liable for Reasonable Acts

LANSING (AP)—Atty. Gen. Thomas M. Kavanagh held yesterday that a public school teacher cannot be held criminally liable for physically punishing a pupil if the punishment is reasonable.

The opinion was asked by Sen. Harold M. Ryan (D-Detroit).

Kavanagh said the Michigan Supreme Court had never ruled on the question but that he relied on the weight of decisions in other states.

These, he said, hold that a teacher is a substitute for the parent during the school hours and cannot be convicted of assault and battery for using corporal punishment if the punishment is "inflicted in a reasonable manner in the enforcement of authorized and reasonable discipline."

Another opinion, to Pros. Atty. James A. Henderson of Sault Ste. Marie, held in effect that all boats not subject to the state watercraft taxes not carrying passengers and freight are subject to the general property tax and that local assessors should so consider them.

The watercraft tax exempts boats under 16 feet in length, those propelled by oars, paddles and outboard motors and those operated on inland lakes without navigable inlets or outlets.

CHEERS UP FOR AIR — At Dusti, Honduras, Felipe Gonzalez, 8, comes up for air after burying his nose in his daily free milk ration at his school. The milk is supplied by the United Nations Children's Fund. Since 1950, the U. N. has supplied food and technical advice to aid the Honduran government set up a country-wide child feeding program. About 45,000 children, who otherwise would have little to eat but tortillas and black beans, are being fed more nutritious meals.

President Will Tell if He's Overworked

WASHINGTON (AP)—The White House has announced it will speak out soon on whether it believes steps are needed to lighten the work load of U. S. presidents.

Robert E. Merriam, assistant to Budget Director Rowland Hughes, brought that word to a Senate government operations subcommittee.

Sen. Kennedy (D-Mass), the subcommittee chairman, told reporters it could mean an end to controversial proposal by the Hoover Commission to create a new job of administrative vice president to help presidents in their work.

"If the administration doesn't support it more affirmatively, there is no point in going ahead with it," Kennedy told newsmen.

Enter Race for Mayor

GRAND RAPIDS (AP)—The names of Louis Bozin and Jacob Van Thef have appeared in the race for mayor of Grand Rapids. Bozin announced his entry in the municipal primary election as "an independent candidate." Van Thef is a funeral director who has not previously run for city office. Bozin is secretary of the Kent County Democratic Committee.

$6 Million Earmarked

GRAND RAPIDS (AP)—Consumers Power Co. has announced it will spend more than $6,000,000 in the Grand Rapids division this year to improve electric power supply and distribution systems. The move is part of an $80,000,000 expansion and improvement program, largest in the firm's history.

'Joys' of Jitterbugging

GRAND RAPIDS (AP)—Susan Kay Grady, 14, speculated on the delights of jitterbug dancing Wednesday—from her bed at St. Mary Hospital. She suffered torn thigh and hip muscles and a possible hip fracture Monday as she and other teenagers turned up to practice for a jitterbug contest scheduled for next Friday.

Quarles Hints at H-Bomb Size

Warns Nation That Reds Can Hurl Atom Attack Anywhere in U.S.

NEW YORK (INS) — Air Secretary Donald A. Quarles gave an idea of the H-bombs weight last night and said "no other military organization on earth possesses an instant power equivalent to the U.S. Air Force."

• • •

Quarles, in a prepared speech before the New York Bond Club, said we now have weapons roughly a million times as powerful, poupd for pound, as those with which most of World War II was fought."

On this basis, a 10-ton H-bomb would be the equivalent of five to eight million tons of TNT—since World War II bombs varied from 50 to 80 per cent explosives —and would be about half as powerful as the largest hydrogen weapons known to have been exploded.

Ten tons is the normal bomb-load for America's 1,500 B-47 medium jets, and is regarded as the maximum that could be delivered without refueling over 5,000-mile intercontinental distances.

• • •

Quarles said such weapons "make the whole world a single battlefield, with most of our homes and places of business right in the midst of it."

He continued: "The Soviets are striving mightily to overcome our technical needs. They have developed and will soon have substantial numbers of long-range jet bombers capable of delivering atomic weapons on the U.S.

• • •

"They are reported to be developing missiles designed to fly at thousands of miles an hour and to plunge down on targets with atomic fury . . . They are capable of building atomic weapons at an imposing rate."

Japanese Red Paper Notes Mozart's Birthday

TOKYO (AP)—Akahata, the organ of the Japan Communist party, today joined other daily newspapers in observing the 200th birthday of Mozart and dubbed him "a popular musician."

Akahata also said the Mozart operas "Don Giovanni" and "Nozze di Figaro" are "full of his love of the working people . . . expressing their aspiration to liberation from feudalism."

About 26 million U.S. families snap 1.5 billion pictures each year using their own camera equipment.

THE BERRYS — By Carl Grubert

Zaroubin, Ike Visit Recalls Old Forms of Diplomacy

WASHINGTON (AP) — That White House visit by Soviet Ambassador Georgi Zaroubin yesterday was a throwback to the old forms of diplomacy.

Not that there is anything irregular, or even extraordinary, in his toting a message from Premier Nikolai Bulganin to President Eisenhower.

It's just that this style of diplomatic exchange is far more rare than it once was.

A State Department official said many ambassadors request a meeting with the President, and occasionally it is because they want to deposit a note from their sovereign.

But any look at the President's daily calling list shows that such requests are not profusely granted. So instead the ambassador discusses his problems with the people in the State Department, which is what they hired out for.

DIFFERENT THEN

But Dr. Howard M. Merriman, who teaches American diplomatic history at George Washington University, says it was different in the old days.

Then ambassadors were relatively few, each represented a king, and when one had a note to deliver it would have been an affront to his majesty to turn him down.

Routine business was handled by ministers, and for 100 years that's the way this nation did its diplomatic chores. Not until 1893 did the United States name its first ambassador.

Now ambassadors have become almost as numerous as customs collectors. Seventy-two countries, all the way from Afghanistan to Laos to El Salvador, receive U.S. ambassadors, and, in most cases, send theirs here.

Still, old customs hang on. And the personal note between heads of governments continues in use.

Oddly, the Russians and Americans seem to favor it, or maybe it's just that they get more publicity.

In September and again in October Bulganin and Eisenhower exchanged notes, but without using an ambassador to carry the mail.

And Merriman recalled that on Oct. 17, 1933, President Roosevelt wrote Mikhail Ivanovich Kalinin, president of the Soviet Central Executive Committee, to suggest that this country and Russia resume diplomatic relations.

A week later Kalinin wrote back that he agreed, and, with these two casual-appearing notes, it was done.

That Fierce Pirate Scared Him Into It

FERNANDINA BEACH, Fla. (AP) —This northeast Florida city's nickname, "The Buccaneer City," and corresponding insignia of a pirate with cutlass in his teeth helped close a land deal.

• • •

The city needed some property owned by M. G. Lyon of Hamilton, Ohio, for a sewerage system station. Lyon asked $1,000 for it. J. Floyd Glisson, city manager, wrote Lyon that the property was appraised at $650 and that was top price the city was permitted to pay.

A letter from Lyon yesterday said that the "ferocious looking letterhead has influenced me to release my lot to the city for $650 . . . I hope that is not the portrait of Fernandina Beach's city manager."

Must Complete Term

MEXICO CITY (AP)—The slayer of Leon Trotsky will have to serve the remaining 4½ years of his 20-year prison term. Mexico's highest court of appeals turned down Jacques Mornard's final plea for a parole, citing a report of an investigating body that he might be dangerous if freed.

Truck and bus transportation provides jobs for about 6,725,000 Americans, or about one of ten employed.

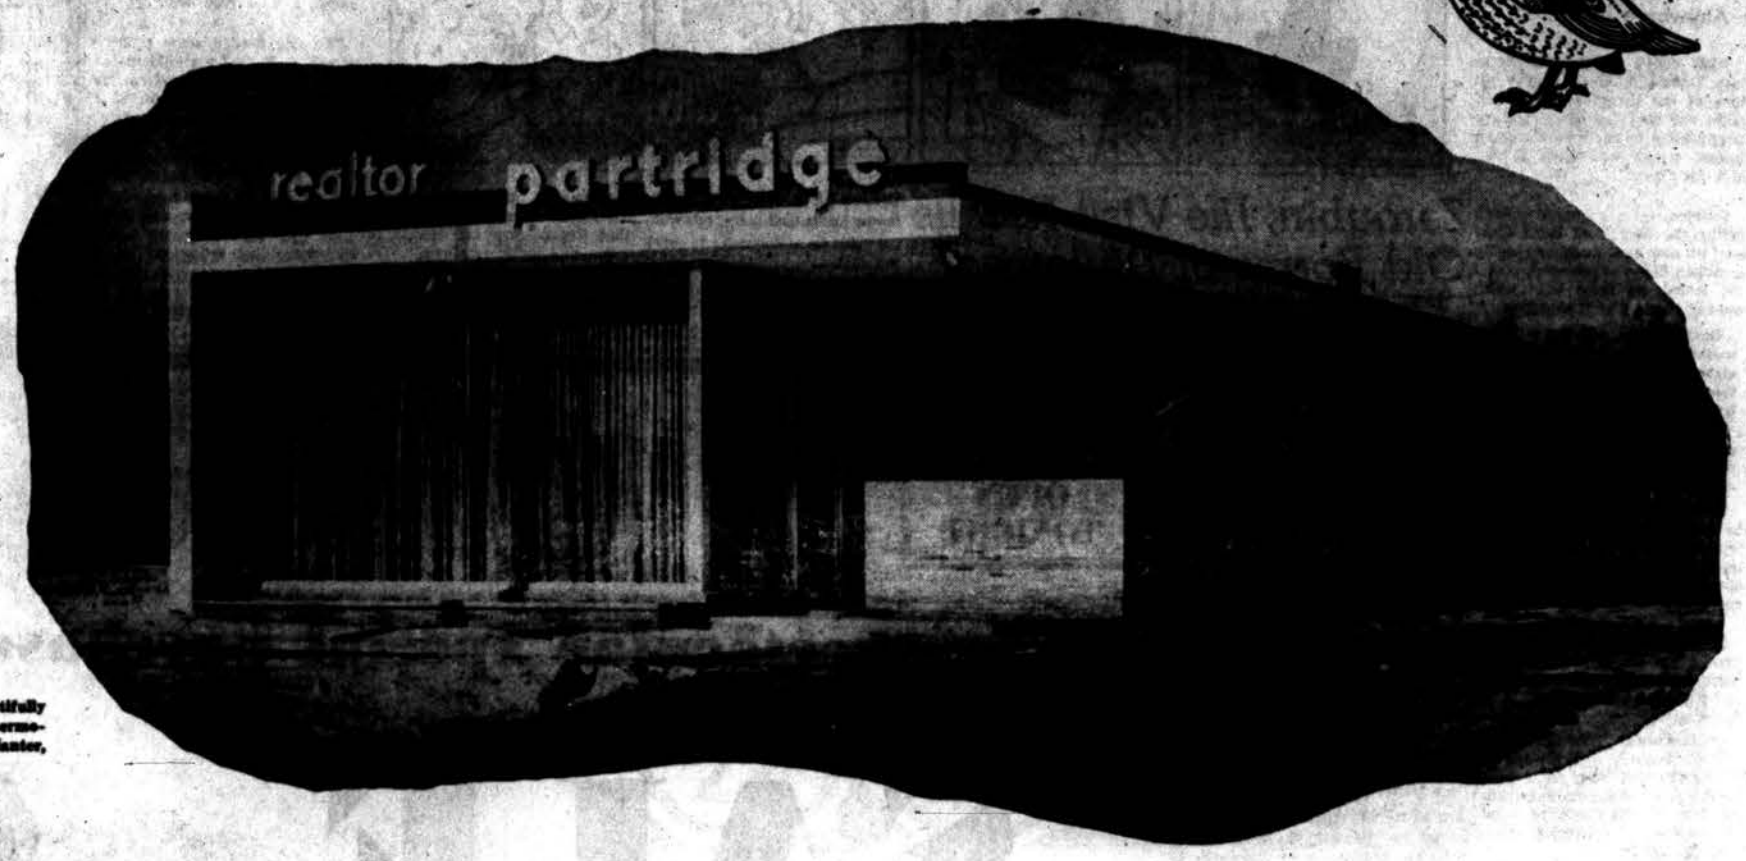
"Realtor Partridge Is The Bird to See"



Exterior Elevation showing the beautifully Cypress paneled east side. Our huge thermopane picture window, the ledge rock planter, and recessed entrance.

Realtor Partridge's natural birch paneled office with a back-wall of lovely drapes and modern office furniture.

Our restful lobby with modern wrought iron clock, comfortable furniture and restful decor.

Huge conference and meeting room extending the length of the light, airy, pleasant basement. A room you'll find particularly adaptable to many, many uses.

To Our Visitors Friday and Saturday

We would say Thank You with a remembrance souvenir gift. Make it a family visit to Realtor Partridge's new offices.

We Cordially Invite You Friday and Saturday to the

OPENING

of the New, Modern Offices of

realtor PARTRIDGE

1050 W. Huron Street

Sincerely we invite you to attend our Open House, Friday and Saturday from 10 A. M. to 10 P. M. Our staff will conduct you on a tour through the entire building. You will see the arrangement of offices, counsel rooms, conference room and lobby which makes the relaxing atmosphere so desirable to accomplish the exacting details of today's business.

See how skilfully modern building and decoration materials have been employed to provide privacy, extra space, and beauty in transforming your old conception of a real estate office into a modern, comfortable, efficient business office that emanates a welcome of casualness, dignity and sincerity. Just a few new materials to look for on your visit are the fibre glass acoustic ceiling, the random-drilled acoustic tile, new fire-proof plastic ceiling with eye-soft concealed lights, fibre-glass and plastic drapes, all blended so harmoniously in a modern unity.

The builders and suppliers of these materials invite your inquiry about use of such items in your new home, re-modeling or new business building.

The following Builders, Suppliers and Furnishers congratulate Realtor Partridge at the opening of this building and are proud to have had a part in its construction:

BORN THIS WAY — Lionel Comport shows his sway-back horse Nellie at his stock ranch in North Hollywood, Cal., where he trains and rents animals for television and the movies.

Waste Gas Piped for Domestic Uses

MELBOURNE, Australia—Waste gas from big oil refineries is now being used by this city of 1,500,000 for its domestic services. The gas is conveyed through an eight-mile pipeline from the refineries at Altona, to the West Melbourne gasworks.

Many problems had to be overcome in constructing the pipeline, which goes through two of the oldest settled areas of Melbourne and cuts across water and gas mains as well as railway, electricity and telephone cables, many of which had been unmapped.

The Gas and Fuel Corporation is now planning the blending of black coal gas, oil gas, and brown coal gas for its services. This will be in normal supply next year, and the corporation has tested a full range of appliances under actual household conditions with satisfactory results.

Town Skips Invitation After Residents Petition

JUNCTION CITY, Ark. (AP) — The City Council of this village (pop. 1,016) sent a resolution to the state Public Service Commission endorsing a proposed increase in electric rates and urging that it be approved.

The PSC replied that if the council favored the boost, it had the power to put it into effect in Junction City. Then, 160 residents petitioned the PSC to ignore the council's resolution. The council decided to pass up the PSC invitation.

Coin Collectors Reap Bonanza, by Error

GREAT FALLS, Mont. (INS) — Coin collectors had a circus at Great Falls recently when one thousand rare silver dollars were placed in circulation by mistake.

The coins, minted at Carson City, Nev., in 1883, were valued as high as $65 each. The shipment was received as a routine consignment from the federal reserve bank at Minneapolis.

The dollars were distributed at tellers' windows as regular change. Collectors soon learned of the surprise bonanza and literally gobbled the coins up before distribution could be halted.

Juries Return Death Count in Missouri, Coast Killings

OAKLAND, Calif. (AP)—Burton W. Abbott today faced the prospect of death in San Quentin's gas chamber because of two strands of hair, 18 bits of fiber and less than a handful of clay.

• • •

Largely on microscope and test tube analysis, a jury yesterday convicted the 37-year-old father of kidnaping and beating to death 14-year-old Stephanie Bryan. The seven men and five women had spent 51 hours and 55 minutes in reaching their decision. They deliberated six days before taking the first ballot.

DEATH SENTENCE

The jurors specified the death sentence for Abbott on both counts—by specific decree for the kidnaping, and by omitting any recommendation for mercy for the first-degree murder finding.

Abbott, who went to the University of California after tuberculosis forced removal of half a lung and cut short his Army service, sat stunned and frozen-faced.

• • •

Veins stood out in his neck but his expression never changed as the clerk read:

"We find that the person subjected to such kidnaping suffered bodily harm and fix the punishment as death."

IT'S DREADFUL

His gray-haired mother Elsie, burying her face in her hands, stumbled from the crowded courtroom wailing, "It's dreadful; he's innocent."

Abbott's red-haired wife Georgia, a beauty parlor operator, heard the condemnation of her husband, father of her 4-year-old son Chris, in grim-faced silence. Later at home she broke.

• • •

It was Georgia's July 15 discovery of Stephanie's red purse in the basement of the Abbott's Alameda home and her call to police that first pointed suspicion at Abbott.

• • •

Next day FBI agents dug up Stephanie's brassiere and books in the basement. Four days later, a rancher's dogs led to her crude grave.

BURT ABBOTT

KANSAS CITY (AP)—Ex-convict Arthur Ross Brown will be executed in the Missouri gas chamber Feb. 24 for kidnaping Mrs. Wilma Allen.

By his own admission he robbed, raped and murdered the pretty, 34-year-old housewife last Aug. 4 as she pleaded tearfully to return to her wealthy husband and their two young sons.

U.S. Dist. Judge Charles E. Whitaker fixed the execution date yesterday after death was recommended by a jury. Brown had pleaded guilty to a federal kidnaping charge. A state charge of murder is pending neighboring Kansas, but it's a moot case now.

35 MINUTE JURY

The jury took only 35 minutes to recommend the death penalty for what the defense conceded was a "completely illogical, unreasonable" crime. Foreman Roy C. Anthony said: "We agreed not to have any discussion until after the first ballot was taken. . . . There was only one ballot."

Brown, a 30-year-old blond with a criminal record dating back to 1942, escaped the original manhunt for Mrs. Allen's slayer. He was arrested in San Francisco in November after an abortive attempt here to kidnap his wife. Though arrested in connection with that attempt, he quickly blurted out a confession to the kidnap slaying of Mrs. Allen.

PURELY BY CHANCE

Brown's initial motive was robbery and his choice of Mrs. Allen as a victim was purely by chance, according to his statements read into the court record. He said he later decided to shoot her because he feared she would identify him. The robbery netted less than $50.

Mrs. Allen was the wife of a Kansas City automobile dealer. Brown forced his way into her car as she prepared to leave a South Side shopping center and made her drive to an isolated field in neighboring Johnson County, Kan., where he raped and shot her.

Ortonville Methodists Plan 4 Night Services

ORTONVILLE — The Ortonville Methodist Church will observe "Four Nights for God" with services at the church each evening at 7:30, Sunday through Wednesday.

The Rev. Lewis Sutton of Holly will be the speaker. The public is invited.

Lapeer Group Installs Flint Royal Neighbors

LAPEER — Officers of Royal Neighbors of Elmhurst Camp 1709 of Lapeer installed the officers of Josephine Camp 7425 of Flint on Monday evening.

• • •

Mrs. Earl Bryant was installing officer. Others taking part were Mrs. Jack Taylor, ceremonial marshal, who was assisted by Mrs. Laura Harris and Mrs. John Beck as chancellors; Mrs. Tom Murray as inner sentinel, and Mrs. Lola Marr, musician.

Honor Among Thieves

PARIS, Tex. (AP)—Thieves took a pickup truck from a man and left a note telling him where to look for it. The truck was found right where the note said it would be.

Butcher Bandits Nabbed in Paris

Chickens Sound Alarm and Cook Goose for 13 Youthful Thieves

PARIS (INS)—A youthful gang of 13 Parisians successfully skinned some 200 Paris butchers out of an estimated $4,000 in cash, but cooked their own goose when they snatched 10 chickens.

That was the story, according to Paris Police after the 13 were jailed and charged with the series of lightning robberies over a two-months period.

The gang specialized in butcher shops, but had a hard rule only to empty the tills and never to take the bulky merchandise.

But three of the thieves apparently decided to celebrate the Christmas holidays in gourmet style.

CHICKENS PROTEST

On the night of Dec. 10, they grabbed 10 live chickens along with the cash. The chickens protested, and the butcher's wife called the police.

The cops arrived too late to save the valiant live burglar alarms, but nabbed one of the trio. He was identified as Gilbert Masson, 20, known as the "lawyer."

Believing his nickname, Masson refused to talk. But the police watched his hangouts and nailed the other members when they tried another burglary.

The authorities also learned that another gang member, "Tonton the bank" had been banking extra shares for himself and the lawyer.

But there was no information on whether the chickens wound up "en casserole" or au vin."

'Bomb Scare' Tip Upsets Patrons and Luncheons

SALT LAKE CITY (AP) — When telephone operator Myrtle Jones answered an incoming call on her switchboard at the Newhouse Hotel yesterday, a deep male voice told her:

"It's going to blow at noon. You'd better get the people out."

Hotel officials hurriedly summoned police and began evacuating some 500 persons. Most of them milled around in the snow outside until officers decided to let them back in an hour later.

Whatever "it" was, it didn't "blow." Although officials suspected a hoax from the first, they said they had no choice but to play safe and evacuate the building.

Some 300 luncheons, ordered but uneaten, had to be tossed out.

62 Koreans to Leave for Brazilian Haven

NEW DELHI (AP)—Sixty-two Koreans leave soon for new homes in Brazil after more than two years in India. They are war prisoners who elected to return neither to South Korea nor North Korea at the end of the conflict there.

India gave a haven and later Brazil offered a home to these men without a country. Twenty ex-prisoners will remain in India. Some have asked permission to stay permanently, while the remainder seek admission to Argentina or Mexico.

Car Finally Gets Home

PUEBLO, Colo. (AP)—Mrs. Hazel Carpenter's car was stolen Oct. 16 from a garage in Boone, Colo. This week she received a letter from Pueblo police that it had been parked more than a month in a residential district. First a policeman ticketed it. Then it was towed to a storage yard. But now she has her car back—all claims to fines, towing and storage waived.

Ozarks Know Red Foley —Who's This Gleason?

By EARL WILSON

SPRINGFIELD, Mo.—Down here in catfish country I got some good news for Jackie Gleason and Perry Como. They needn't worry about their TV rating battle here because many Ozark folks don't watch either one of them.

"They both get clobbered something terrible in some parts" —a fellow told me—"by the Ozark Jubilee and Red Foley!"

RED

Yep, Hillbilly Red's making bums out of Jackie and Perry on the ABC country music show, on at the same hour, although Hollywood and Broadway scarcely is aware of the program. Millions of country-minded TV viewers in St. Louis, Kansas City, Tulsa, Wichita, Des Moines and other points know what they like and it ain't them city fellers.

They call the show informal —which understates it. It runs an hour and a half locally, with no scripts; everybody sort of "mills around."

During the warmup, Red asked the folks—some eating popcorn, some with signs proclaiming they were from Hindsville, Ark.; St. Martins, Mo., etc.—to yell "HELLO, RED FOLEY" to quiet his nervousness.

"That makes me feel a lot better," he said when the rafters quit trembling.

So Rusty Draper of Carmel, Calif., sang, and so did Libby Horne, 11, of McAlester, Okla. Springfield rightfully felt happy about being probably the smallest city to have a regular network live TV show.

ADELE

Driving around the neighborhood later I saw a drive-in with a sign that made me feel kindly toward the Ozarks. It said: "Closed for the winter. Come back next year. Drive carefully. We'd hate to lose you."

THE MIDNIGHT EARL . . .

Rocky Marcino, up to 218 pounds, was ordered to lay off ice cream sodas. (He sighs, "It'll be my toughest fight") . . . There are "show trains" for New Englanders who want to watch Jackie Gleason film his TV'ers . . . Rita Hayworth's boy friend, Raymond Hakim, has Gina Lollobrigida under contract to do "The Hunchback of Notre Dame" with Anthony Quinn . . . Adele Lamont, once a Xavier Cugat vocalist, has gone dramatic at the Actors Playhouse.

Lillian Roth's being set for her first movie in 20 years. (Who'll she play—Susan Hayward?) . . . The incomparable Hildegarde's lawyer is getting after Hildegarde the incomparable. MGM is discussing a "Sugar Ray" Robinson biofilm with his agent . . . Jane Froman, at the Waldorf, does a medley of tunes by Irving Berlin, who wired: "My songs were never in better voice."

★ ★ ★ ★

A new line of cosmetics is called "Princess Grace" . . . Singer Liza Morrow is switching her name to Kay Carson . . . Ex-Showgirl Gregg Sherwood was named chairwoman of the Palm Beach Heart Fund ball.

★ ★ ★ ★

WISH I'D SAID THAT: "Science has provided so many substitutes recently that it's hard to remember what it was we needed in the first place."—Belton (Mo.) Star.

TODAY'S BEST LAUGH: "Thank heaven this is still a free country where a man can do as his wife pleases."—Mike Connolly. That's earl, brother.

(Copyright 1956, the Hall Syndicate, Inc.)

Ford Motor Co. Cited for Fire Prevention

BOSTON (AP) — The Ford Motor Co. today received special recognition from the National Fire Protection Assn. for "the most outstanding company-wide industrial fire prevention program.

The association is an international non-profit educational and technical organization dedicated to improving the safety of life and property.

In its 29th annual award program, the association also honored Philadelphia and Kentville, Nova Scotia, "as leaders in community fire safety programs in North America in the year 1955."

Statistics reveal that 20 manufacturing industries use nearly half of all the electric power generated in the United States.

Armed Intruder Asks Road Directions Only

LEXINGTON, Mass. (AP)—A man with a gun in his hand invaded the home of Mrs. Dorothy Houdlette, 50, last night—and demanded only road directions.

She told police she was alone when the man rang the bell. When she went to the door, he forced his way in and without attempting to rob her or commit violence asked how to get to Route 128.

After she told him, the man got into a station wagon driven by another man, and off they rode.

A 3,350-foot conveyor will keep coal moving from unloading docks of Detroit Edison's River Rouge plant on the Detroit river to the storage yard which has a capacity of 1,500,000 tons.

THE LITTLE DOG SHOW—4
The Basset Hound

Our Little Dog Show today features Billy and his basset hound. Billy calls him Dumpy. As we can see above Billy is using comb and brush to get Dumpy ready for the judges.

The basset originated in France in the 18th century as a hunting dog. They are obedient and follow their masters everywhere.

Paste the picture down on cereal box cardboard and color with crayons. Dumpy's ears and the sides of his face are bright brown. His shoulder, back and tail are brown, too. His front and feet are white.

Billy wears a brown hunting cap and dark green pants. His shirt is red and plaid yellow. The brush and comb are blue.

Cut out the picture carefully. Fold the dog forward and the panels as indicated. The name panel should be folded forward as shown in the small sketch. Then it will stand up.

Junior Editors pays $10 for any reader's idea that is used. Write your suggestion to "Junior Editors" in care of this newspaper; it cannot be acknowledged or returned and in case of duplication of ideas, the first submision will be accepted.

TOMORROW: The Police Dog

Airline Radar Sets Detect Hail Storms

NEW YORK (AP)—Radar aboard an airliner is capable of warning pilots of hail ahead, four times out of five, a United Air Lines weather expert stated.

• • •

Henry T. Harrison of Chicago, manager of United's weathere service, said in a paper prepared for the annual meeting of the Institute of Aeronautical Sciences that the so-called C-band radar being installed abroad United's planes is incapable, however, of giving a warning of hail that is falling inside the rain curtain of a thunderstorm.

Harrison said that among 84 radar pictures of hail in the path of airplanes, characteristic hooked fingers of light or "blips" appeared on the radar scope in 82 cases, scalloped edges showed up in 32 cases, and there was a predominent U-shaped thunderstorm "echo" in 25 instances.

Harrison said studies directed by the airline in Florida and Ohio showed the presence of hail in the immature stage of many thunderstorms, while there was reason to believe that over the Western plains hail occurs somewhere in almost every storm.

Approve Street Bonds

TRAVERSE CITY (AP)—City commission has unanimously approved a proposed $295,000 street improvement bond issues the first part of a master plan to modernize city thoroughfares. Spokesmen said money to retire the bonds will come from the city's share of the state motor vehicle tax. The plan includes construction of three bridges over the Boardman River.

Andrew Jackson was the first U. S. President to travel by a railway train.

Marbachs Honored on 25th Anniversary in Pontiac

The Marbachs' sons, William (left) and Robert, were at the First Presbyterian Church Wednesday to celebrate the 25th anniversary of their parents in the ministry of the church here. William H. Jr. (left) is pictured with his son, Billy (extreme right), baby Margaret and Elizabeth. Robert is holding his daughter, Rebecca Lynn. Just before the picture was taken, Rebecca was baptized by her grandfather.

Pontiac Press Photos

Photographed at the banquet honoring Dr. and Mrs. William H. Marbach at the First Presbyterian Church were (left to right) Dr. Edward L. R. Elson, pastor of National Presbyterian Church, Washington, D. C.; Dr. Marbach and Circuit Judge Clark J. Adams. A friend of Dr. Marbach for many years, Dr. Elson gave the principal address at 8 p.m. in the sanctuary. Judge Adams spoke briefly at the dinner.

Tribute Paid by Church and Friends

First Presbyterian Gives Banquet for Pastor and Wife

By MARY ANGLEMIER
Pontiac Press Church Editor

"Dr. William H. Marbach and I were bunk-mates on a trip to Europe nearly 26 years ago," stated Dr. Edward L. R. Elson, pastor of the National Presbyterian Church, Washington, D. C., last night in the sanctuary of the First Presbyterian Church.

"We were on a study pilgrimage with a group made up of educators, editors, ministers and men in public life who wished to study and see Europe. We met and were entertained by leaders of the countries."

• • •

He then spoke of the various religious faiths and told how our country was founded and settled by men of firm religious convictions. He said a strong religious character is needed for this age.

Dr. Elson said the day after last Thanksgiving, he and his wife were invited to the Gettysburg home of President Dwight D. Eisenhower and Mrs. Eisenhower. When in the living room, the President asked him to bless his home, the only one he and Mrs. Eisenhower had ever owned. A short prayer service followed.

He also stated the President opens all meetings with prayer.

Dr. Elson's address followed a banquet served by the First Presbyterian Women's Association honoring Dr. and Mrs. Marbach on the 25th anniversary of their ministry in the church.

OTHER TRIBUTES

The Rev. Edward D. Auchard, associate pastor of the church, called upon several friends of Dr. Marbach for brief after-dinner remarks.

• • •

In paying tribute to the Marbachs in behalf of the church, Judge Clark J. Adams said that his father, the late Jayno Adams, had been chairman of the committee that invited Dr. Marbach to Pontiac.

Speaking to Dr. and Mrs. Marbach, Judge Adams said, "We like you because you are good people. You have lived the kind of lives you teach others to live."

• • •

Harold A. Fitzgerald, publisher of The Pontiac Press, spoke of the influence for good that Dr. Marbach has had on the community.

• • •

"I speak as a neighbor, my business is next to your church. I bring you a gift, a watch, with an inscription which has been earned over a quarter of a century. I bring William H. Marbach, neighbor, disciple, gentleman, first team."

TALKS FOR PASTORS

The Rev. Carl W. Nelson of St. John Lutheran Church spoke in behalf of the Pontiac Pastors' Association. He mentioned the guidance and service of Dr. Marbach to the group and wished him another 25 years of Christian activity.

Dr. Warren Hall of First Presbyterian Church, Wyandotte, said he sang in the college glee club with Dr. Marbach. He now works with him in the Presbytery where Dr. Marbach has been moderator and now serves on the National Foreign Mission Board.

The speakers' table was arranged with a silver bowl of pink and white carnations and silver candelabra holding tall tapers in pink, Mrs. Marbach's favorite color.

At the close of the service in the sanctuary, Mrs. Hugh Little, who was on the Presbyterian board when the Marbachs came to Pontiac, presented Mrs. Marbach with a gift.

• • •

Basil Kimball gave a gift to Dr. Marbach, who thanked his people for their kindness through the years.

FROM ILLINOIS

Dr. Marbach came to Pontiac from River Forest, Ill., a suburb of Chicago.

For the past 28 years he has preached at the little Presbyterian Church in Omena, on the Leelanau peninsula, during the month of August when on vacation.

Last year when the Marbachs were north, the members of the congregation collected a fund for the installation of a stained glass window in their honor. It will be dedicated Feb. 5 in the morning service.

Daughters Install New Officers

Public installation of Wo-He-Lo Council 38, Daughters of America, was held at the Malta Temple.

Installed at the recent meeting were Harriet Golding, councilor; Mrs. Beulah Fagan, associate councilor; Mrs. Elizabeth Tucker, vice-councilor; Mrs. Mary Swartz, associate vice councilor; Mrs. David Bean, junior past councilor and Mrs. Victor Golding, associate junior past councilor.

Mrs. Maxine Schumaker is conductor; Mrs. Laura Franklin, warden; Mrs. Harley Booth, recording secretary; Mrs. Richard Haney, financial secretary; Mrs. Alex Craig, treasurer; Mrs. Florence Rice, assistant recording secretary; Mrs. John DeFauw, assistant financial secretary; Mrs. Herman Diener, inside sentinel and Florence Golding, outside sentinel.

Officers of three other councils in district three were installed at the same time.

Mrs. Lillian Ulysses, state councilor; Mrs. Anna Nielson, junior past councilor and Mrs. Agnes Dobronski, state secretary were among the guests attending the affair.

Dr. H. H. Savage, pastor of the First Baptist Church, (left) greeted Pastor Carl W. Nelson of St. John Lutheran Church as he arrived at the banquet honoring Dr. and Mrs. William H. Marbach Wednesday. Dr. Savage gave the invocation preceding the dinner and Pastor Nelson made a few remarks of appreciation in behalf of the Pontiac Pastors' Association.

Mrs. William H. Marbach (center) was photographed chatting with her two daughters-in-law, Mrs. Robert Marbach (left) of Evansville, Ind., and Mrs. William H. Marbach Jr. of Elmhurst, Ill. They were guests at the banquet planned and prepared by the Women's Association of the First Presbyterian Church to celebrate the 25th anniversary of the Marbachs in the ministry of the church in Pontiac.

Flutist and Harpist Featured

City Symphony Again Wins Praise

By DORA DAWSON

Pontiac Symphony Orchestra gave its third concert of this season Wednesday evening in Lincoln Junior High School and again won enthusiastic approval of its playing and program numbers.

Soloists for the concert were Edward Druzinsky, harpist, and James Pellerite, flutist, who were heard in a concerto for these two instruments, by Mozart, with orchestral background.

In honor of the 200th anniversary of the birth of Mozart, no better musical medium than his style of composition could have been chosen to express the beauty of these instruments.

The lyrical, facile and fluid tones of the flute were beautifully clear and pure, and combined with the graceful arpeggios and delicate staccatos of the harp, produced music of a celestial character.

These two artists have achieved a rank of greatness that sets a standard for musicians. Their cadenzas in the different movements of the concerto were beautiful.

They were heard again on the program in a Sicilienne by Faure. This is an ancient dance form played with the orchestra and especially suitable to the flute and harp.

The orchestra under the capable direction of Francesco DiBlasi opened the program with "Water Music" of Handel. Noticeable were the unity of the string section and the clarity of performance and tone color Mr. DiBlasi achieved from the orchestra members.

Through his balanced understanding of interpretation, he has molded the players into a responsive and balanced organization that is a great credit to it and to Pontiac.

Other numbers included the artistically simple prelude to the opera "La Traviata," played with finesse. This was a quiet contrast to the "Prelude" by Shostakovich, arranged by Mr. Di Blasi, in which the trombones, trumpets, drums and tympani created a volume of sound and discord that stirred the depths.

The closing number, "A Night on Bear Mountain" by Moussorgsky, is the product of an imaginative mind, using all kinds of musical forms and ideas to produce a weird and fantastic composition that is fascinating and most effective.

The orchestra met its requirements and gave a splendid performance, another credit to the talent of its conductor, Mr. Di Blasi.

New Officers Take Charge of Mission Bells

Officers were elected at the Tuesday evening meeting of the Mission Bells of St. John Lutheran Church. Mrs. Philip Wargelin was hostess to the group in her home on Voorheis road.

Elected were Mrs. Freemont Thoe, president; Mrs. Helen Dovre, vice president; Mrs. Fred Larson, secretary, and Mrs. Oren Clausen, treasurer.

Devotions were given by Mrs. Lillian Quayle and Jean Kimpel showed colored pictures of Mexico.

In keeping with the evening's program, refreshments were served from a buffet table covered with a Mexican cloth and centered with a Mexican doll.

• • •

The February meeting will be held in the church parlors with Mrs. Fred Larson and Mrs. Edward Huttula serving as co-hostesses.

Friendship Pennies Collected by Club

Pennies for Friendship were collected at the Tuesday meeting of the Modern Homemakers Club and a donation was made to the American Cancer Society. Mrs. Don McMorris of Otter Beach drive was hostess to the group.

The club voted to "adopt" a woman from the Oakland County Convalescent Hospital to be remembered during the year.

Luncheon was served by the hostess following a lesson on storage space given by Mrs. James Alexander and Mrs. Daniel Peterson.

There are six pages in today's Women's Section

Opulence in corduroy is offered in these designs. Wide-wale corduroy is used for tunic and skirt of black theater suit (left) collared in white beaver. For an evening ensemble (right), tobacco corduroy is used for a slim sheath, topped with a white satin coat lined in the corduroy of the dress.

Advisers Named for Catholic Center

Re-elected president of the board of directors of the local Catholic Family Center Tuesday night was Maurice Croteau.

• • •

Other officers elected at the meeting, held in the center on Franklin boulevard, include Dr. Z. F. Endress, first vice president; Joseph Saracino, second vice president; the Rev. John Trese, secretary, and Mrs. W. B. Dean, treasurer.

The board of directors is an advisory group, influential in policy-making and planning for the Catholic Family Center, which serves all of Oakland County.

In an annual report to the board, Leonard R. Jagels, executive secretary of the agency, stated that the center was serving 161 families Jan. 1, 1956, in comparison with 131 a year ago.

• • •

Mr. Jagels went on to explain that 498 cases were accepted during 1955, 388 of which were asking service of the agency for the first time, 110 of which were previously known to CFC. A total of 3,090 individuals were served during 1955.

Regarding interviews, the executive secretary indicated that 3,972 office appointments had been kept, while 395 were conducted outside the office. Telephone interviews numbered 7,581, according to Mr. Jagels.

Other members of the board of directors include the Very Rev. Alexander Zaleski, William Brandt, Stephen J. Cloonan Jr., Robert J. Dunlay, Betty Gaukler, Joseph Guzman, Edward Morey, Mary Pauli, Dr. Theodore H. Pauli, Dr. J. K. Schachern, Dr. William Shook, John R. Slavsky and Earl Smith.

MAURICE CROTEAU

Annual Musicale Given Wednesday by Newcomers

The annual musicale of the Newcomers Club was held Wednesday evening at the Ottawa drive home of Mrs. H. Vere Hodges.

• • •

Twenty-three members attended the musical program, which was varied with vocal selections by Mrs. Rebecca Gould. She accompanied herself on the piano.

Dessert was served by the hostesses, Mrs. Hodges, Mrs. James Graybiel and Mrs. Bernard Woessner, from a table set with a winter scene of skiers and snowballs.

Guests attending the affair were Mrs. William Motzny, Mrs. Richard Stephenson, Mrs. James Dansby, Mrs. Gordon Carlson, Mrs. Robert Elert, Mrs. Michael Presby, Mrs. Robert Larson, Mrs. Cyril Miller, Mrs. Marti Rickner and Mrs. Peter A. Peterson.

Clinic Opened in Birmingham

The Birmingham Psychiatric Clinic, under the directorship of James Clark Moloney, M. D., announces that it is prepared with facilities for diagnosis and treatment of emotional and personality problems of children and adults.

The clinic, located at 212 Daines St. in Birmingham, is handling appointments Monday through Friday from 9 a. m. to 5 p. m.

Sorority Plans Sno-Ball Dance on February 3

Members of Alpha Omega Chapter of Beta Sigma Phi met at the home of Barbara DeWolfe on Center Street Wednesday evening to work on decorations for their annual Sno-Ball dance.

Theme for the dance will be "Fantasy in Snow." A local orchestra will play for the occasion. Feb. 3 from 9:30 p.m. until 1:30 a.m. at Elks Temple.

Dance proceeds will be donated to the Pontiac Foundation for use in building a civic auditorium. Tickets may be purchased at the door or from sorority members.

Fixtures Add Accent

Just as accents—pictures, art objects, etc.—serve their role by day, so should they be accents by night, with the aid of fixtures. Ceiling or wall spotlights, inconspicuous themselves, put the artistic highlight on these areas.

Mrs. John Novess Honored at Shower

A pink and blue shower was given recently in honor of Mrs. John Novess in the home of Mrs. Gerald W. Schell of East Beverly avenue. Mrs. C. A. Gill was cohostess.

Those attending were Mrs. Marguerite Levengood, Mrs. Clarence Novess, Ann Marie St. Charles, Mrs. Paul Holbel and Mrs. Jerry Green.

Others attending were Barbara Lawless, Mrs. Jane Moran, Mrs. David Robinson, Alice Hayes, Mrs. Duane Kline, Mrs. Jack Keesling and Mrs. Maynard Ramin.

• • •

Mary Heitsch of Mary Day avenue returned to her home on Monday after vacationing in New York City for a week.

Parisian Lingerie Joins Varying Fad

PARIS (INS)—Paris lingerie is a new addition to the "mix and match" fad.

The latest Parisian slumber styles for spring are designed on the same principle as women's interchangeable daytime wardrobes.

One night-set, typical of the new style, is composed of a pair of long pajama pants, a pair of shorties, a knee-length sleeveless finely pleated tunic and a short bed-jacket with three quarter sleeves. All four pieces are made of the same nylon fabric.

There are more long evening gowns than formerly, following the current trend toward greater formality.

Carpenter Specializes in Shelves

By ANNE HEYWOOD

"I specialize in shelves," the old gentleman told me proudly. "I do no cabinets or any other kind of carpentering."

* * *

This aroused my curiosity.

It was while we were waiting for a long-delayed train that a group of us began chatting over coffee in the station. Naturally, we talked about what each one did.

The old man had interested me from the start, because he had that air of self-reliance and dignity, of energy and hope, which is too rare in men of his age.

So I drew him out and got the whole story, and a heartwarming one it was.

I will call him Bill, because he asked me particluarly not to name names.

DID ODD JOBS

Bill began life as a carpenter's apprentice. He did pretty well and found a good job with a big hotel, doing odd jobs of carpentering.

* * *

He wanted to save enkough money to have his own shop, but it never worked out that way. He had a wife and five children and there was never much left over to save.

"Little by little," he went on "the kids got married and left us. My wife and I missed them, but we were determined not to be dependent on them, financially or emotionally.

"After I retired, I did odd carpentering jobs, but one day I realized that was no good. This is an age of specialization and I decided I'd have to have a specialty. I decided it would be shelves.

* * *

"In apartments today, you know, the kitchens are sometimes badly planned and people would get me in to do shelves. I worked out some lulus, if I do say so myself.

"Even in a tiny space, where you'd think nothing could be done — like in those kitchenettes — I'd think of something. I learned all about spice shelves and corner cupboards.

WALL BUREAUS

"In one small apartment, the bedrooms were too small to hold bureaus, so I worked out wall bureaus! Long rows of shelves, with hinged doors, practically all over the wall space.

* * *

"And now," he concluded proudly, "I do have my own shop. It's in our basement, but I'm busy as I can be.

"I keep an ad running in the paper all the time, advertising that I'm the shelf man! My wife does the bookkeeping and so forth and I do the work.

"I must say we have lots of satisified customers and more work than we can handle. Looks like I might be getting an assistant one of these days!"

(Copyright 1956)

MR. AND MRS. FRED C. WILKINS

The golden wedding anniversary of Mr. and Mrs. Fred C. Wilkins of Orchard Lake will be observed at an open house on Tuesday from 3 until 6 p.m. Their two sons and two daughters will host the affair in Wilkins Inn for friends and relatives. Members of the family, including their 10 grandchildren and one great-granddaughter, will gather for a buffet dinner in the evening. Mrs. Wilkins is a lifelong resident of West Bloomfield Township and Mr. Wilkins came here from Ohio in 1903.

College Girl Takes Gifts to Hostess

By EMILY POST

A reader writes me as follows: "A young girl from out of town, whose aunt I have known since childhood, is going to college in this city. My own daughter also goes to the same college and they have become good friends.

"The girl in question lives at the sorority house. I invited her to have Sunday dinner with us whenever she would like to come. Every time she comes, however, she brings something for me—a box of candy, some flowers or some other small present.

"This embarrasses me very much as I don't want her to spend the little money she has on buying presents for me. But how can I tell her not to do this without seeming unappreciative?"

"I know she appreciates my having her to dinner and I suppose she feels she would like to do something to repay my hospitality. Will you please tell me how I can tactfully handle this situation?"

Answer: I would suggest that you have your daughter explain to her exactly how you feel. I am sure this will straighten out the situation.

"Dear Mrs. Post: Does the giving of a fraternity pin constitute an engagement? A friend and I were discussing this and I said that it meant a girl 'was engaged to become engaged.' In other words, a boy going to college can't afford to buy a ring and therefore gives her his pin until he can buy her a ring.

"My friend said that it merely means a best girl friend and does not necessarily mean an engagement. I would appreciate your opinion on this matter."

Answer: I agree with your friend.

"Dear Mrs. Post: If it is necessary to interrupt when persons are talking, what is the most polite way to do it?"

Answer: Say, "I'm sorry to interrupt," or "Excuse me, please, but Mrs. Brown is on the telephone," or "Mr. Jones is waiting to see you," or whatever it is that makes it necessary for you to interrupt.

Study Club Watches Play

The play, "Scattered Showers," was presented at the recent meeting of Child Study Club Group Three.

Participating in the play were Mrs. Donald Smith, Mrs. Milton Hathaway and Mrs. Bruce Hubbard. Mrs. Paul Gorman led the audience discussion concerning the presentation.

Mrs. Charles Rogers opened her home on Miami road for the afternoon meeting. Mrs. B. Jack Habel and Mrs. James R. Jenkins were elected to membership and Mrs. Clayton Fitchett was a guest.

Flowers in shades of yellow centered the dessert table at which Mrs. Roy Jones presided.

* * *

Assisting the hostess were Mrs. Ward Ross, Mrs. Herbert Howerth, Mrs. William Hutchinson and Mrs. Robert Knight.

SHIRLEY ANN DRUM

Mr. and Mrs. Lionel K. Drum of Lake Orion announce the engagement of their daughter, Shirley Ann, to Ano H. Olson Jr., son of Mrs. William R. Piper of Delaway avenue and Ano Olson of Lake Orion. No date has been set for the wedding.

Birthday Marked by Mrs. John Bee

Mrs. John Bee was honored Monday evening when members of the Lucky 13 Club met at her Chicago avenue home on the occasion of her birthday.

The next meeting will be held at the Wesbrook avenue home of Mrs. Marion Chandler.

Light, sunlight and artificial, can change scents. Ideally, perfume bottles should be kept standing upright in a dark place.

Short Girls Can't Wear Bulky Hats

NEW YORK (INS) — Consider your height when buying one of those stylish new "bulky" hats or you may look like a walking lampshade.

* * *

The number of inches that measure you top to toe should determine the number of inches from brim to brim, says custom hat designer Walter Florell.

Only a gal 5 feet, 8 inches tall, or preferably 6 feet tall, can wear one of those 16-inch-wide hats and get away with it, Florell warns.

For smaller women, Florell advises bulk in height of hat rather than bulk of brim. He thinks high turbans or high cloche models are dandy for the petites, and points out these come 3, 4 or even 6 inches high.

* * *

In his new spring collection, Florell has hats for both the 5-foot doll and the 6-foot Juno. One big black and white straw draped souffle is 14 inches wide; another natural straw big-brimmer is 16 inches wide. Both are reserved for tall gals.

Designed for smaller women is a Florell cloche of white straw with rough cocoa straw trim that measures 5½ inches high; as well as a graduated orange straw pagoda 4 inches high.

For really tiny women, there is a pink straw turban, quite "bulky" looking, which is a mere 3 inches high.

Here's New Fabric

A new fabric has been distributed for children's rainwear. It's made by applying neoprene coating to a durable cotton backing. The result is "Pine Tree Rainwear N" fabric that, it is claimed, is pliant and sturdy and will resist oils, grease and stains. It's permanently water repellent and will suds clean quickly.

Polio Talk Heard by New Sylvanites

Mrs. Howard White opened her home on Avondale avenue to members of the New Sylvanites Club recently.

Mrs. Ruth W. Parshall, executive secretary of the Oakland County Chapter of National Foundation for Infantile Paralysis, showed a movie and gave a brief talk on the functions of the foundation.

The next meeting of the group will be held in the home of Mrs. Erwin Nichols on Garland avenue.

MSU Coeds Enjoy Whirl

Sororities Hold Pledging

By BARBARA JOHNSON

EAST LANSING—At MSU this week 20 sororities pledged 354 coeds. The only requirement necessary for a girl to rush is that she has maintained an all-college 2.0 scholastic average. Prior to the official pledging, the girls went through two weeks of rush parties.

BARBARA

* * *

The formal rushing consists of four stages. During the first stage a girl may go to parties at six sororities of her choice.

In the second stage the girl limits her choice to four sorority houses.

The third stage, only two parties are attended. And the final stage is the preference party when the girl goes to the sorority she is interested in joining.

The third floor of the Student Union was reserved during this time as the place for the rushees to pick up their bids. Naturally, confusion was prevalent as the halls were jammed early in the morning with expectant coeds waiting to see how they fared.

* * *

Pontiac area girls who are pledging this term are Nancy Farmiloe of Cooley Lake road, Alpha Chi Omega; Ann Skelley of Woodland drive, Alpha Delta Pi, and Margaret Dow of Lexington street, Alpha Epsilon Phi.

Pledging Alpha Xi Delta are Barbara Hess of Draper avenue and Delores West of Oliver street.

Mary Ellen Wait of Ogemaw road and Barbara Welch of Sanatorium road are going Delta Gamma.

Pledging Kappa Alpha Theta is Ann Oliver of West Iroquois road. Carol Young of Nelson street is joining Pi Beta Phi.

* * *

All of these girls are now exhibiting their newly acquired pins and will proceed with the duties a pledge must bear—most of them chores but all of them fun.

Don't Let Hairbrush Scare You

Many teen-agers avoid brushing their hair because they are alarmed about the amount of hair that's left in the brush.

This is a self-defeating ruse. Brushing does remove the loose hairs, but they're loose whether one brushes or not.

If the hair is not brushed, the loose hairs will find their way off the head and on to clothes, hats, necklines and, worst of all, into food.

Hair does fall and is replaced. But there is little excuse for having to spend the day picking loose hairs off a coat collar and out of the bands of hats.

LOOSE HAIR

Teens have a tendency to avoid going to a professional hair stylist to have their hair thinned, when this would also be an effective weapon against loose hair.

Then they double the problem by not brushing at all.

Far better to leave the hair on the stylist's floor or in the wastebasket than on the coat collar.

Hair should be brushed every day and as often during the day as is possible. Long shaggy bobs loved by teen-agers, particularly need brushing.

The brush should then be combed out and the loose hairs deposited in the wastebasket or garbage.

The habit some young women have of balling up the loose hairs and burning them in an ash tray is too repulsive to merit discussion.

Half of French Women, Men Short of Clothes

PARIS (NEA) — If statistics prove anything, the average French housewife does a wizard make-do-and-mend job, because, according to a study just published by the National Institute of Statistics, 50 per cent of the male population of France just doesn't have enough clothes.

It is purely a matter of high prices. For instance, before the last war it took a workman a week's salary to buy a suit. Today he has to work 11 days to buy a moderately good quality outfit, and his wife has to make a dress last two years.

A Frenchman spends approximately $85 yearly on clothes, $65 for his wife.

Plan Dinner-Dance in Florida

Charles Fishers to Mark Golden Wedding Feb. 6

By RUTH SAUNDERS

BLOOMFIELD HILLS—Mr. and Mrs. Everell E. Fisher of Pon Valley road will be among members of the family who will help Mr. Fisher's parents, Mr. and Mrs. Charles T. Fisher, celebrate their golden wedding anniversary Feb. 6. The senior Fishers are at their winter home at Golden Beach, Fla., and will give a dinner-dance at Indian Village Country Club near there that evening.

Mr. and Mrs. Charles T. Fisher Jr. and Mr. and Mrs. Thomas K. Fisher of Grosse Pointe will also be present, and Mary Fisher is already with her parents.

William A. Fisher, who was best man for his brother, and Mrs. M. H. Shonacker of New London, Ohio, who was Mrs. Fisher's maid of honor, will also go down, and several other Fisher brothers and their families will be present.

* * *

Mr. and Mrs. William T. Gossett will leave Friday for a winter vacation at Palm Springs, Calif.

Several dinner parties have been given this week for Mr. and Mrs. Graham J. Graham who leave Tuesday for a West Indian holiday. They will fly to Miami and spend a day there with Mrs. Frank Andrews at the Bath Club and then fly to Montego Bay, Jamaica, where they will be guests at the Casa Blanca Hotel.

* * *

Joining them on their flight to Jamaica will be Mr. and Mrs. John G. Wood, who leave Sunday to go to Miami by train. The Woods will stay at the Montego Beach Hotel and the four will cruise to various points in the Caribbean during their stay.

CARIBBEAN CRUISE

Mrs. L. L. Colbert and Mrs. R. W. Layland will head in the same direction Feb. 10 when they will board a freighter in New York for a Caribbean cruise. They will meet Ensign L. L. Colbert Jr. in San Juan, Puerto Rico, when his ship stops off there, and will remain with him as long as possible.

* * *

Mr. and Mrs. Charles D. Pierce left last week to spend a month on Key Biscayne, Fla., before going up to open their home in Tryon, N. C.

Give the Secretary Perfume You Fancy

It is good strategy to give the secretary a bottle of perfume. This way you can be sure you will never be overpowered with a scent you can't abide.

* * *

A woody or mossy fragrence, with an earthy note, is one you seldom tire of; and some are fine for both daytime and evening wear, as your nose will tell you.

Coming Events

Executive meeting and initiation of Ladies Auxiliary 1230, FOE, will meet tonight at 8 o'clock at 209 W. Montcalm St.

Maple Leaf Club of Pontiac will meet at the Hotel Waldron Friday at 12:30 p.m. for luncheon and election of officers.

Figure-flattering stripes contrast smartly with a bolero-bodice of solid hue, in a cotton sateen dress designed for spring and summer. Shiny white pearl buttons and striped piping accent the cuffed edge of the bodice; the piping is repeated on the round collar and cuffs.

The next party to be given by the Cotillion Club will be Feb. 18, the Friday evening before Valentine's Day, at Bloomfield Hills Country Club.

The group, composed of Bloomfield Hills and Birmingham High Schools, Kingswood and Cranbrook School students, gave a dinner-dance in the fall and a tea dance during the Christmas holidays.

* * *

Mrs. Leroy D. Jarvis of Wing Lake road was hostess today at a luncheon and shower for bride-elect Anne Patterson. Anne will be married March 3 in Manila, and Mrs. Jarvis chose the shower theme, "You Can't Take It With You."

* * *

St. Hugo of the Hills Auxiliary is planning a fashion show and tea Feb. 14.

Automobiles are a woman's business! With today's women driving 25,000,000 of them and buying (directly or through influence) 73 per cent of them, cars are now as much a woman's domain as her choice of face cream, dinner menu, or baby wardrobe.

She Endows Boys With Imaginary Virtues

By ELIZABETH WOODWARD

"Dear Miss Woodward: What's the matter with me? I start to like a boy and after I go out with him a few times he doesn't interest me any more.

"Right now I have on my hands a boy who likes me too much, but I've stopped liking him. I'd like to break up with him without hurting his feelings.

"It keeps happening to me all the time. I've had chances to go out with lots of boys, but I turn them down.

"It seems that the boys I am interested in are not interested in me. Have you any suggestions for me?"

Answer: I rather suspect that one of your troubles is an inability to tell the difference between fiction and reality. A boy can look very attractive to you at a distance. You immediately start watching him, and what you see appeals to your imagination.

* * *

You begin to sentimentalize about him, to deck him out in halos of all hues. You create in your own mind an image of the boy according to your own pattern.

And that pattern is a perfect creature, according to your own standards—the ideal you carry around with you always.

The poor lad, on closer inspection, may not measure up to all of that. He's himself, with his own personality and quirks. As you get to know him you find out that he isn't at all the creature you hoped him to be. He isn't your ideal, so you lose interest in him.

It's a rather dangerous game you're playing, you know. It's a trick you're pulling on yourself. You can make yourself so dissatisfied with every boy you meet that you wind up, soon, just because you won't take them as they are—and instead wish they were something else.

Another of your troubles may be a lack of maturity. You may be still too young to know how to give any boy a break. A sign of maturity, you know, is the realization that you aren't the center of the universe; that other people are different and have a right to be, and are worthy of being liked for being just as they are.

* * *

It may be that you are still considering only your feelings and reactions, and not caring enough what a boy thinks, feels, says and does.

Coping with both troubles sensibly might help you realize that a bird in the hand is worth two in the bush. That boys who like you are greater treasures than the ones for whom you languish hopelessly.

Friendship, association and busyness together are more important just now than a big amour. And that you don't have to be in love to enjoy dating.

Gathering Scheduled for Amvets

Stanley Burmeister, Amvets field service officer at the Saginaw Veterans Administration Hospital, will be the speaker at Bemis-Olsen Amvets Hall on Sunday.

At this time, District Three Amvets Auxiliary will be hostess to all Amvets and auxiliary members.

Norman Schiel, chief of special services, and Arthur Muth, director of the recreation department at the Saginaw Veterans Hospital, will outline the activities of their respective departments.

Mrs. Charles Zuk, department president and Mrs. Sol Bernaski, department hospital chairman of Amvets Auxiliary, also will be present.

Hospital chairman of all service organizations are invited to attend the 3 o'clock meeting.

Mrs. William Callan, Mrs. Duane Bell and Mrs. William MacDermaid of Perry-Kenner Post 76, Novi, are serving on the social committee.

Michiana Art Show Set March 11–April 1

SOUTH BEND, Ind.—The South Bend Art Assn. will award $2,000 in prizes in its seventh annual Michiana Regional Art Exhibition which will be held March 11 through April 1.

Residents and former residents of the states of Michigan and Indiana are eligible to send original art works to this juried competition. Artists may write the South Bend Art Association at 620 W. Washington Ave., South Bend 16, Ind., for prospectus and entry cards.

Valance Helps Effect

Window and wall draperies lend dramatic effects of color and texture to the room. These should be preserved at night by using valance or cornice lighting above draperies to bring out their beauty and help light up otherwise drab walls.

Button the sleeves of a man's shirt together after they are ironed to keep them from dragging on the ground while the rest of the garment is being pressed.

MARY ELIZABETH LAVIN

Mr. and Mrs. Niles F. Lavin of Fairfax, Calif., announce the engagement of their daughter, Mary Elizabeth, to Airman 1.C. Robert L. Derrick, son of Mr. and Mrs. Charles N. Derrick of Dakota drive. He is stationed with the U. S. Air Force in Yuma, Ariz. An April 7 wedding is planned.

Black Pearl Again Popular

NEW YORK—One of history's most superstition-tainted gems, the black pearl, is returning to jewelry favor despite, or because of, its ominous past.

* * *

The fashion impetus for putting the black pearl back in its "rightful place" comes from Paris, reports celebrated jewelry designer Marianne Gutier. Heartily endorsing the revival, she says black and gray pearls were the most desired of all pearls since ancient times.

Women in those days "knew the magic of this black gem when placed next to the skin." Several hundred years ago, however, it lost its popularity; but whether due to the stone's rarity or tales of its evil influence, or a combination of both, is a matter of conjecture.

The black pearl's great attraction to women has said to be in its "mysterious" glow, especially when flanked by diamonds, which reflected its luster. Gray pearls were worn to make the skin look luminous.

PALLADIUM IS USED

Stylists today are blending black, gray and white pearls and setting them in the precious white metal palladium, newest of the jewelry metals. They find that the color contrast is enhanced by the metal's brilliant whiteness.

To combat any lingering superstition, a designer is apt to call attention to the fact palladium is defined in the dictionary as a "safeguard" or "protection."

* * *

Now, yet old, are rings with a black and a white pearl, described as a royal-looking combination seen in Old World crown jewels. An unusual style is to wear a black pearl in one earclip and a white pearl in the other clip, coordinated with a black and white pearl ring.

High-waisted detailing will give a taller look to the short junior while a low draped sash will take the eye downward and cut height.

Significant silhouette details that look ahead to spring are high-waisted cummerbund. In fact, the empire look is foremost in the popular sheath dress for juniors and misses' sizes alike. Makes you seem inches taller.

An assortment of two or three kinds of homemade preserves,

Off Center Lights

Activity areas, such as conversation arrangements and coffee tables should be treated as separate lighting entities. "Off-center" ceiling fixtures, mounted directly over the area concerned, make them stand out as desirable focal points in the room arrangement.

by Laura Wheeler

"Now I Lay Me Down to Sleep" is the inspiring theme of this beautiful embroidered quilt. The little sleeping figures keep your own baby company in slumberland.

Pattern 818: Baby Quilt, 35½ x 45½ inches. Diagrams, embroidery and applique transfers included.

Girls between 15 and 18 who want to look "lady-like" for parties are brushing their hair up to a romantic-looking, high crown held in place with combs or pins.

Shower Honors Myrna Webster

Hostesses for the miscellaneous shower given for bride-elect Myrna Webster were Mrs. Ronald Laity and Allie Baakko. The recent shower was held at the home of Mrs. Donald Upton on Fourth avenue.

Myrna, daughter of the Paul Websters of Summit avenue, will speak her vows with Robert Laity, son of Mr. and Mrs. Leonard B. Laity of Pingree avenue.

Twenty-nine guests were on hand for the occasion.

Shampoo Headrest

A shampoo headrest has been designed to free mother's hands while washing junior's hair. It's made of light steel and fastens to the kitchen sink by means of a rubber suction cup. The headrest extends over the edge of the counter.

TIME TO EAT — Mrs. Harry York of Cooley Lake Road puts the finishing touches on the chocolate cake she made and calls for someone to pour the coffee. A wheelchair cook, Mrs. York accomplishes in her kitchen all any woman who can walk does — and with far more efficiency than most. As a registered nurse Mrs. York helped last year with the polio vaccine shots.

Wheelchair Cook Displays Efficiency

By JANET ODELL
Pontiac Press Home Editor

The coffee pot was on. On the table there was a chocolate cake waiting to be frosted. Cups and spoons were set out. The lady of the house was ready for late-afternoon company.

She wore a black quilted skirt, pale pink blouse with sparkly buttons and pretty earrings. Her hair was arranged in a becoming style, and her nails were well manicured.

The only incongruous note in this picture of a lady about to receive guests was that she was in a wheelchair. In fact, Betty York has been in a wheelchair for nearly six years. She is what is known as an "old" polio patient.

Being a wheelchair homemaker has changed Mrs. York's way of life. It hasn't dimmed its happiness. Of course, she admits, she would rather not be paralyzed. But she has made the best of a difficult situation.

After 14 months in bed, the United Foundation for Infantile Paralysis sent Mrs. York to Warm Springs. There she received intense training in learning to use her remaining muscles. Where her feet can't go, her arms must reach.

Mrs. York's efficiency in the kitchen would put many of us to shame. She wheeled herself over to the refrigerator, pushed open the door, got out cream, slammed the door and deposited the cream on the counter.

Another turn of her chair and she picked up a bowl near the stove. With a wide swing she placed it on the table, jockeyed her chair into position, then put the bowl where she wanted it on the sink.

Her best friend is a pair of tongs that fold up like an accordion. With these she can get things from high places. She says she can even pick up a full quart of milk without spilling it.

All her cupboards are arranged with items near the front of the shelves. Dishes are stacked below the sink, lighter weight items above. It annoys her to have some member of the family put an article away in the wrong place.

But back to the cake . . . the frosting was ready in a bowl, just waiting for us to appear with the Press photographer. The Yorks' high school daughter, Carol Ann, hovered in the background, ready to offer suggestions or lend a hand. A younger daughter, Kathy, was out playing.

This particular frosting has the advantage of being both frosting and fudge. Put some in the refrigerator to harden, and you'll have an excellent candy. This recipe makes enough to frost two layers and a small plate of candy.

Mocha Icing or Uncooked Fudge

2 squares unsweetened chocolate
¼ pound butter or margarine
1 pound confectioners sugar
1 rounded teaspoon instant coffee
1 tablespoon vanilla
2 tablespoons cream

Dissolve chocolate and butter over hot water. Add rest of ingredients and beat well until of spreading consistency. You may need to add a little more cream. Let "fudge" stand in refrigerator for half an hour.

Mrs. York has a trick with a packaged chocolate cake that she would like to share. Even though the mix may be one that does not call for an egg, she uses one and a little more milk. This makes a higher, fluffier cake.

Betty York depends a lot on her gadgets, as she calls her many electrical appliances. Scalloped potatoes and pork chops were even then baking in an electric skillet.

When a group of Carol Ann's friends wanted Sloppy Joes, Mrs. York was ready with her big roaster full of one of her choice recipes. This makes enough for 50 people, and when made recently cost, less than four dollars, not including rolls.

SLOPPY JOES
By Mrs. Harry York

6 pounds hamburger
1 bunch Pascal celery
3 green peppers
3 onions
½ of a large bottle of barbecue sauce
1 tablespoon worcestershire sauce
4 cans tomato soup
1 soup can water
Salt and pepper

Saute chopped onions, celery and green peppers. Brown meat, adding salt and pepper. Mix meat and vegetables and add soup, water and sauces.

Let cook or simmer for 3 or 4 hours, thickens very nicely. Serve on rolls.

Casserole Boasts Interesting Flavors

Interesting flavor distinguishes this nutritious casserole.

Cottage Cheese, Noodle and Ham Casserole

2 cups (about 4 ounces) noodles (about ½ inch wide)
2 teaspoons butter
½ cup finely diced green pepper
½ cup finely diced celery
1 small finely grated onion (pulp and juice)
2 tablespoons flour
½ teaspoon salt
⅛ teaspoon pepper
2 cups milk
1 cup diced cooked ham
1½ cups (12 ounces) creamstyle cottage cheese.

Cook noodles (using 3 quarts rapidly boiling water and no salt) until just tender; drain.

Melt butter in 1½-quart saucepan over low heat; add green pepper, celery and onion; cook about five minutes.

Stir in flour, one-half teaspoon salt, and pepper. Add milk; cook and stir constantly over moderately low heat until thickened and bubbly.

Remove from heat. Mix in ham and cottage cheese. Turn into shallow baking dish (about 2 quarts).

Bake in moderate (350 degrees) oven until heated through and bubbly around sides — about 30 minutes. Makes six medium-sized servings.

Team Apple, Lemon

Here is a new version of an old-time favorite flavor combination—apples and lemon. Top wedges of luscious apple pie, purchased from bakery or food shop, with scoops of lemon sherbet for a new taste thrill.

Like your broiled grapefruit spicy? Then sprinkle with sugar mixed either with cinnamon, nutmeg or mace.

Cranberry Griddle Cakes Boast Polka-Dotted Look

Hot off the griddle! Puffy pancakes dotted with fresh cranberries are a delight because the little garnet fruit adds texture, color and flavor to the bland batter.

• • •

Served with a delectable Maple Cranberry Sauce, the hotcakes make wonderful eating for breakfast, lunch or supper.

This sauce combination is so good because the fruit's refreshing tartness offsets the maple syrup's sweetness.

Although butter is called for in the sauce recipe, it may be omitted and instead spread between and on top of the hotcakes in the usual way.

• • •

Here's a mixing trick. Prepare the pancake batter the night before omitting the baking powder called for in the recipe, and store the batter in the refrigerator. In the morning, sprinkle the baking powder over the batter and quickly beat it in.

And another tip. Do your mixing in a 1½ or 2-quart pitcher-type measure. (If you are storing the batter, cover the measure with aluminum foil.)

When you are ready to bake the pancakes, pour the batter right onto the griddle.

• • •

Fresh cranberries are available in the fall, of course. But nowadays, what with modern home freezers, the berries can be frozen so as to last throughout the year.

No fuss or bother to freeze! Simply place the unopened package of cranberries, when you bring it home from the food market, into your freezer.

• • •

No need to thaw the frozen berries; use them as you would fresh berries. Frozen cranberries do not stick together; they are easier to cut, chop and grind than the fresh berries.

Cranberry Griddle Cakes

1½ cups sifted flour
2 teaspoons double-acting baking powder
1 teaspoon salt
2 tablespoons sugar
1 egg
1 cup milk
3 tablespoons butter or margarine (melted)
Fresh cranberries

Sift together the flour, baking powder, salt and sugar. In a pitcher or bowl beat the eggs enough to combine yolks and whites; add milk and beat to blend.

Add sifted dry ingredients; beat just until smooth. Stir in melted butter. Pour batter, from pitcher or ladle, onto preheated griddle. (Follow manufacturer's directions for preparing griddle.)

Sprinkle 10 to 12 cranberries over each round of batter. Cook until puffed and full of bubbles; turn and cook on the other side.

Makes 10 to 12 griddle cakes. Serve with Cranberry Maple Sauce.

Cranberry Maple Sauce

2 cups maple syrup
2 cups (½ lb) fresh cranberries
¼ cup butter or margarine

Put syrup and cranberries into a saucepan. Bring to a boil. Continue boiling until berries pop open — about five minutes.

Stir in butter and serve over Cranberry Griddle Cakes. Makes 2 cups sauce.

CRANBERRY GRIDDLE CAKES — Sprinkle fresh cranberries over pancake batter for a brand new taste treat. Serve these hot cakes with Cranberry Maple Sauce.

Meat - Vegetable - Rice Pie Features Halo of Cheese

This is a delicious low cost main dish baked in a pie plate. The crust is seasoned ground beef, with a filling of tender rice and mixed vegetables. Tomato sauce and a halo of cheese are toppings.

• • •

You can use up leftover vegetables or use fresh, frozen or canned ones. This main dish is right for company because it's unique and so tasty, yet inexpensive!

Meat-Vegetable Pie With Cheese Halo

1½ cups water
⅔ cup uncooked white rice
1 teaspoon salt
2 slices fresh white bread
⅔ cup milk
1 teaspoon steak sauce
1 teaspoon salt
⅛ teaspoon black pepper
1 egg
1 pound ground beef
1½ to 2 cups mixed vegetables, cooked and seasoned with salt, pepper and butter or margarine
1 cup grated American cheese
1 can tomato soup

Put the water, rice and 1 teaspoon salt in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat as low as possible. Cover with a lid and leave over this low heat 14 minutes. Remove saucepan from the heat but leave lid on 10 minutes.

While the rice cooks, tear the bread into small pieces. Place in a mixing bowl. Add the milk, steak sauce, 1 teaspoon salt, black pepper and egg. Mix well. Add the beef and mix well.

Place in a greased 10-inch pie plate. (Pie plate should hold 5½ to 6 cups of liquid.)

Press the meat over the bottom and up the sides. Build the sides up as high as possible. Place in a pre-heated 350 - degree oven for 10 minutes. Remove from the oven and spread the rice over the bottom.

Top with the mixed vegetables. Pour the tomato sauce over the vegetables. Place the grated cheese around the edge. Place in the 350-degree oven and bake 30 minutes. Serves eight.

Serve Buttery Soup

Attractiveness in food is always important—but never more so than on a convalescent's tray. Serve hot soup in a mug or cup, topped with a golden pat of butter. It's pretty to see, delicious to taste and easy to handle. And if your patient is a youngster, add a cinnamon stick stirrer when you serve tomato soup!

Attractive Packaging

We Americans like our potatoes washed and packaged in plastic bags; we buy more and are willing to pay a higher price. Marketing studies by USDA and cooperating grocers show that consumers buy washed potatoes rather than dirty potatoes when both are available, and buy potatoes packed in plastic film bags rather than potatoes offered in "window" bags. Total sales and profits went up when potatoes were washed and packed in transparent bags.

1789 Cooks Knew About Baked Pears

Baked pears are not news. In a recipe book, "The Lady's Complete Guide," written in 1789, more than 1½ centuries ago, there is a recipe for Baked Pears, somewhat different than the present day recommendation.

• • •

It reads: To bake pears, pare them, cut them in halves and core them. Then put them in an earthen pan with a few cloves, a little water and red wine, and about half a pound of sugar to six pears.

Bake them in oven moderately hot, then set them over a slow fire; let them stew gently; cut in a lemon peel in small shreds. If the syrup is not rich enough, add more sugar.

In our modern times with nutrition-conscious homemakers, the pears are not peeled. They are put into a baking pan with a little water and lemon juice, cut side down and baked until tender, about 25 minutes at 375 degrees.

• • •

Then the pears are turned and a small amount of sugar is added, about 1 tablespoon to a pear half and the pears are baked for 10 minutes longer to dissolve the sugar and glaze the pears.

BEVER BROTHERS Co., NEW YORK, N. Y.

COOKBOOK EDITOR—Editing a cookbook involves much checking of detail as well as the collecting of recipes. Mrs. Albert W. Bates of Birmingham is in charge of a cookbook being put out by second grade children at Adams School.

Mothers Collect Recipes to Earn Money for PTA

Mrs. Albert W. Bates of Birmingham has transformed her home into a workshop where she and other members of the Adams PTA are producing a cookbook. With publication set for February, there is much collecting, editing and typing of recipes still to be done.

* * *

Mothers of second grade children in Mrs. Eleanor Bettison's room are compiling the book to earn funds for the PTA. Delivery of the mimeographed book will be at the Adams Frolic Feb. 17.

* * *

"What's Cookin' at Adams?" will contain a wide range of recipes. Mrs. Noah Blosser, wife of the principal, contributed a ham casserole recipe, while Mrs. Pearl Chinn, whose brother named a restaurant after her, suggests Sweet and Sour Pork.

SWEET AND SOUR PORK
By Mrs. Pearl Chinn

1 pound lean pork
1½ cups vinegar
½ cup water
½ cup sugar
1 cup mixed sweet pickles
1 green pepper
2 slices pineapple
1 small carrot
1 tomato

Cut all solid ingredients into small pieces. Dip the diced pork into an egg batter and fry in deep fat. In a separate saucepan mix vinegar and sugar and heat over a low fire until sugar is melted. Add pickles, pineapple, pepper and carrot and cook a few seconds.

Add diced tomato to pork. Add 1 tablespoon cornstarch to vinegar mixture, stirring until thickened. Remove both mixtures from stove, add pork and tomato combination to thickened vinegar sauce and serve.

* * *

An authentic Pennsylvania Dutch recipe is given by Mrs. Edgar Ebersole, a native of the Quaker State.

SCHNITZ UN KNEPT
By Mrs. Edgar Ebersole

2 pounds ham
1 quart dried apples
2 tablespoons brown sugar
2 cups sifted flour
4 teaspoons baking powder
¼ teaspoon pepper
1 egg, well beaten
2 tablespoons melted butter
Milk for moistening

Pick over and wash dried apples. Cover with water and let soak overnight or for a number of hours.

In the morning cover ham with cold water, bring to a boil and boil for three hours. Add apples and water in which they have been soaked and continue to boil for another hour. Add brown sugar.

Make dumplings by sifting together dry ingredients. Stir in beaten egg, shortening and milk enough to make a drop batter. Drop by spoonfuls into hot liquid with ham and apples.

Cover kettle tightly. Don't peek! Cook dumplings 15 minutes and serve piping hot.

* * *

This cookbook is the first such project in Birmingham. An eighth-grade student, Jack Zulack, is designing the cover.

Meat loaf takes on a special significance when accompanied by broiled, canned Bartlett pears glazed with a teaspoon honey and a sprinkling of cloves.

Exclusive 10 oz. package costs no more to buy!

Cake Crumbs Top Easy Apple Pudding

Easy and delicious pudding.

Quick Apple Pudding

6 medium-sized Delicious apples
¼ cup lemon juice
½ cup sugar
½ cup butter
2 cups soft white cake crumbs

Grate apples (including peel) into deep heat-resistant 8½-inch glass pie plate; mix thoroughly with lemon juice and sugar.

Melt butter in skillet over low heat; mix in cake crumbs well. Sprinkle buttered cake crumbs over apple.

Bake in moderate (375 degrees) oven until apples are soft and topping is lightly browned—about 20 minutes. Serve with plain or whipped cream. Makes four servings.

Keep Cookies Moist

Soft cookies as well as hard ones keep best in tightly covered boxes or jars. But to keep the soft ones moist, put a piece of fresh bread in with them. Or try an orange, lemon or apple—any of which will add an extra delicate flavor.

Stir Egg Into Cereal

Here's a way to sneak an egg into the diet of one of your family who tires of eggs or just doesn't like them: Beat one up and slowly stir into it enough hot cereal for one serving.

Deep-Fried Sandwiches Are Unique Flavor Treat

French fried. That's the unique taste sensation in sandwiches for the new year. They're something you won't forget and won't want to. It takes only about two minutes to make them and the taste is strictly new.

• • •

They're crispy, crunchy and brown when fried in pure vegetable shortening and so digestible you can serve them every day if you like, even to children. They make quick and delicious lunch treats, and are perfect to serve as an after-bridge bite.

Use close textured bread for these sandwiches; day old, even 2-day-old bread works better than fresh. Rye and whole wheat are fine. Place as much filling as you are accustomed to using between the bread slices, spreading to the edges.

Press the slices together firmly, then dip in an egg-milk mixture two eggs to two-thirds of a cup of milk gives good results), then into a breading material such as bread crumbs, cracker meal or a prepared breading mix. Bread crumbs will probably work best because they brown faster.

Use a deep fryer for making these sandwiches, and fill it about half full. Heat the shortening to 365 degrees, or until an inch cube of bread will brown in 60 seconds. If you have an electric deep fryer, you need only to set the dial.

Then drop your sandwich into the hot shortening and watch how quickly it browns. Hold it under the surface of the shortening with a spoon or fork. It should be ready in about two minutes.

Not only will it be crunchy and delicious, but it will be hot all the way through. Drain these sandwiches on absorbent paper and serve them piping hot. Cut them into triangles or rectangles to make them extra attractive.

Company Asparagus

Layer asparagus (cooked frozen or canned) and white sauce in a shallow baking dish. Top with a mixture of melted butter, dry bread crumbs and chopped nuts. Bake in a moderate oven until thoroughly hot—20 minutes or longer. Good enough for company!

Here are some suggestions for fillings to add to your own collection of favorites.

SANDWICH FILLINGS

Cheese and Ham

Mix 1 cup coarsely grated sharp process cheese with 1 cup coarsely ground cooked ham; 3 tablespoons evaporated milk, 3 tablespoons pickle relish, one-fourth teaspoon dry mustard, dash salt and pepper.

Tangy Eggs

Mix four finely chopped hard-cooked eggs with one-fourth cup minced ripe or stuffed olives, one-half to 1 teaspoon salt, 1 teaspoon prepared mustard and one-fourth cup mayonnaise.

Saucy Tuna Treat

Mix 6½-ounce can chunk-style tuna, drained, with one-third cup chopped celery, one-fourth cup applesauce, one-fourth cup mayonnaise and four slices processed American cheese, diced.

Nut and Cream Cheese

Mix cream cheese with chopped olives and coarsely chopped pecans.

For Browner Foods

Whether cooked by broiling, roasting or braising, your poultry, fish and seafood will come to the table with a more attractive browned appearance if you just brush with kitchen bouquet before cooking. Added richness and special flavor effects are merely a matter of blending fat or the desired seasoning with the kitchen bouquet before brushing.

Chicken and Broccoli Make Attractive Dish

Chicken Broccoli Mercedes makes an attractive main dish for any meal but is especially nice for a buffet supper. The following recipe for three may easily be increased to the desired size.

Heat a 10½-ounce can of chicken a la king. Arrange three servings of cooked broccoli in a shallow baking dish and cover with the chicken. Mix a fourth cup poultry bread dressing with a tablespoon melted butter and sprinkle over the top. Place in a moderate oven (375 degrees) about 10 minutes to brown the crumbs.

Miniature pieces of fruit, shaped from marzipan and colored attractively, make a glamorous cake decoration.

PRIZE PACKAGE DETERGENT!

Inside every Giant Economy size box of Bronco there's a real Cannon kitchen towel! Bronco is the detergent you'll use for everything—from dungarees to dishes to almost nylons. And inside the Regular size box you'll always find a pastel Cannon face cloth. Money back on either box if not satisfied. Lever Brothers, New York.

Miller's DOG MEAL
Low cost, complete basic diet. For all dogs, all ages.

Miller's DOG COOKIES

For Maidless Dinner

Planning a maidless dinner party? Don't try more than three courses, and limit the guests so you'll be handling not more than six people. Some sauces can be prepared well beforehand and reheated, but avoid the fancy ones which must be made at the last minute.

Potato chips are generous in protein, calcium, phosphorus, iron, thiamine and riboflavin, niacin and ascorbic acid.

Bread Pudding Uses Dry Milk

A favorite dessert recipe over the years in many a home is bread pudding. We think you will like today's recipe served with a soft custard sauce. It's an old standby that always passes the family test for good eating.

There's a new look about the recipe of the day for it is made with instant nonfat dry milk, rapidly becoming a real standby in homes throughout the country.

Bread Pudding

4 cups (8 slices) soft bread cubes
1 quart liquefied instant nonfat dry milk
¾ cup sugar
1 teaspoon vanilla
2 eggs, beaten
½ cup seeded raisins
½ cup diced dried apricots
½ cup shredded coconut

Line shallow baking dish (11¾x-7½x2 inches) with 3 cups of the bread cubes. Combine liquefied instant nonfat dry milk, sugar and vanilla in top of double boiler; scald.

Remove from heat. Stirring constantly, gradually add scalded dry milk to beaten eggs. Stir in raisins, diced apricots and shredded coconut.

Pour liquid mixture over bread cubes in baking dish. Top with remaining cup of bread cubes. Place baking dish in pan; pour hot water into pan to depth of 1 inch.

Bake in moderate oven (325) 55 to 60 minutes or until knife inserted near center comes out clean. Remove from water bath.

Serve hot or cold. If desired, serve with soft custard sauce. Makes six to eight servings.

Restuffed Baked Potato Designed for Dieters

Weight-watchers take notice: Cut a baked potato in half and scoop out the insides. Put the potato through a ricer and mash with salt, pepper and hot milk until fluffy. Spoon the mashed potato back into the shells and sprinkle with paprika.

Reheat in the oven or under the broiler. Garnish with a parsley sprig. Chances are that you won't miss the calorie-rich butter usually lavished on baked potatoes!

Fill and Broil Peaches

Mix hot dog relish with mayonnaise; put a teaspoon or so of the mixture into the cavities of drained canned peaches. Broil until thoroughly hot. Serve with ham.

Use Applesauce to Insure Moist, Tender Meatballs

When planning a buffet supper party, consider meatballs as the main course. Here is a buffet menu:

Hot Spiced Pineapple Juice
Monica's Meatballs
Buttered Beans with Chives
Tossed Garden Salad with Vinegar and Oil
Hot Corn Bread Squares
Pumpkin Nut Pie with Honey
Coffee

Serve the pineapple juice in the living room as an appetizer before the meal, if you like.

For the meatballs, flavorful ground beef is blended with juicy applesauce. The fruit makes the balls extra moist and tender.

They are cooked in a tomato juice sauce flavored with chopped vegetables.

Serve these home-kitchen-tested balls from a chafing dish, if you like.

Monica's Meat Balls

1 pound ground beef
½ cup applesauce
½ cup soft bread crumbs
1 egg
Salt and pepper
Flour
2 tablespoons fat
½ stalk celery, thinly sliced
½ cup finely chopped green pepper
½ carrot, thinly sliced
1 small onion, thinly sliced
1 cup tomato juice

Mix beef, applesauce and bread crumbs; add egg, 1 teaspoon salt and ⅛ teaspoon pepper. Shape into 12 balls, roll in flour, and brown in hot fat.

Place balls in a 1½-quart casserole dish. Spoon off most of fat from pan, then to drippings, add vegetables and tomato juice.

Season with one-half teaspoon salt and one-fourth teaspoon pepper; heat to boiling and pour over meatballs. Cover and bake at 350 40 minutes.

Remove balls, spoon off fat; season gravy to taste with salt and pepper or seasoned salt. Serve gravy over balls. Six servings.

Try Black Bean Soup

Planning a special dinner menu? Prepare as directed on the can. For an opener that's slightly different, serve black bean soup. Then for that old world gourmet touch, add a teaspoon of lemon juice to the piping hot soup and garnish each serving with one or two thin slices of hard cooked egg.

Never melt chocolate over direct heat; the rich cocoa butter tends to separate at high temperatures.

CANNON kitchen towel inside detergent!
There's a real Cannon kitchen towel inside every Giant Economy size of this premium all-purpose detergent. Breeze is guaranteed for all your wash — money back if not completely satisfied.

Make hamburgers taste charcoal broiled just by cooking in Diamond Crystal Salt!

Diamondburgers (Serves 4)
Here's an easy way to give hamburger a charcoal-broiled crust and taste—just with pure Diamond Crystal Salt. You need:
1 lb. ground beef
Diamond Crystal Salt
Cover bottom of frying pan with a very *thin* sprinkling of Diamond Crystal Salt. Place on high flame until salt gets very hot. Place meat (in four thick patties) in pan. Cook on each side until crisp crust forms and meat is done the way you like it. You need no grease, no other seasoning.
Diamond Crystal Salt keeps meat from sticking—brings out *all* its full, rich flavor without making it too salty! *Diamond is a cook's best friend!* PLAIN OR IODIZED

Try New Blends of Cottage Cheese

The many varieties of cheese make wise choices for snacks, and for adding extra protein to the daily diet.

For tasty combinations try cottage cheese with chives, cucumber, green pepper, chopped onion, chopped parsley, chopped carrot, grated pineapple, grated orange rind or chopped nuts.

Italian Cream Cheese

It's dessert with a continental flavor. Eat it "as is," or serve with crackers or atop fresh or stewed fruits.

Just mix in the proportions of 1 cup of creamed cottage cheese, 4 tablespoons sour cream, 1 tablespoon sugar, 1 teaspoon vanilla or ½ teaspoon almond extract, and 1 teaspoon grated lemon or orange rind. Sprinkle generously with cinnamon.

Cheese Whip Dessert Topping

Whip a carton of creamed cottage cheese, or any amount you will need, in a blender or electric mixer until the cheese is smooth and light.

Spoon onto gingerbread or warm spice cake squares, and dust with cinnamon. It looks pretty and tastes wonderful.

Department of Agriculture predicts more vegetables will be harvested this winter than last, with biggest increases in lettuce and celery.

Circuit Court Judges to Ask for Pension Boost

DETROIT (AP)—Annual pensions of the state's Circuit Court judges would be raised from $4,500 to $6,200 under a proposal the Michigan Circuit Judges Assn. plans to offer to the state Legislature.

The increased pension would be about half the $12,500 now paid annually by the state toward the salaries of circuit judges. Counties supplement the state's share by varying amounts.

Judges of Recorder's (criminal) Court in Detroit and of the Grand Rapids Superior Court also would be included in the pension plans.

The jurists said the bill probably would be presented to the Legislature next week.

Helps the Lumbago

Careful Shopping of Meats Will Present Choice Prices

By THE ASSOCIATED PRESS

By careful shopping, you should be able to find special prices on just about any kind of meat you want for this weekend.

A survey shows that some of the nation's food stores will feature chuck roast for economy and others will trim prices on prime ribs for suptuous eating. There'll be specials, too, on sirloin steaks.

Loins of pork will be widely featured, but you can look for higher prices on pork next week because hog quotations have risen. In fact, one large chain is posting increases of six cents a pound this week on center cut pork chops.

Some markets plan to offer attractive prices on smoked picnics and fresh hams. Bacon continues on the bargain counter.

Prices on the popular leg of lamb will vary, climbing two to six cents a pound in some places and dipping two to four cents in others.

Some stores will feature shoulder and rib lamb chops.

Frying chickens will cost about the same as a week ago in most areas but will be higher elsewhere.

EGGS GOING DOWN

Egg prices are going down. Reductions of two to four cents a dozen on large grade A whites will be fairly common.

The list of especially good buys in vegetables is rather short. In some sections of the country, rising prices may be attributed to the damage done to the big growing areas of Florida by the recent cold wave. In some cases the cold made for irregular quality in vegetables grown in Florida.

Produce men say that iceberg lettuce, potatoes and onions are the best buys. They also recommend Canadian turnips, sweet potatoes, pascal celery and cabbage.

Among vegetables described as "moderately priced" are cauliflower, broccoli, cucumbers, peppers, beets, beans, squash, and carrots.

Good value in fruit is to be had in limes, oranges, grapefruit, tangerines (although they're a little higher), emperor grapes and apples. If you like out-of-season items, you'll be glad to know that plums, peaches and nectarines are beginning to arrive from Chile.

A cooperative effort by farmers and food chain operators is under way to get consumers to eat up a substantial portion of the nation's tremendous food supply.

Under plans drawn up by the National Assn. of Food Chains, you'll be encouraged to buy eggs, Louisiana yams, lamb, citrus, pork and California peaches now; potatoes, beef, veal and cherries in February; cheese, peanuts, rice, ham and lamb in March; dairy products and citrus in June, and citrus in August.

The world's largest coal stacker, used by Great Lakes Steel Corp., travels on concrete walls 10 feet above the yard level and stacks coal from lake vessels at the rate of 2,500 tons per hour.

Racketeer Fay Granted Parole

Labor Czar Who Ran Union From Sing Sing to Be Free Next Month

DANNEMORA, N. Y. (AP) — Joseph S. Fay, a labor racketeer once so powerful that he ran his union from Sing Sing and received political bigwigs there, will be released from prison next month.

The State Parole Board granted him parole yesterday—on condition that "under no circumstances" was he to engage "in any type of union activity in any capacity whatsoever."

Fay, 64, was convicted in 1945 of extorting $368.00 (from contractors building a New York City Water-supply line upstate. He was vice president of the International Operating Engineers Union. Members of the union worked on the project.

He was sentenced to 7½ to 15 years. In 1948 he began serving his term in Sing Sing. In 1953 came to light that Arthur H. Wicks of Kingston, Republican majority leader of the State Senate and acting lieutenant governor at the time, had visited the racketeer in Sing Sing. It cost Wicks his leadership.

It also was revealed that Fay's visitors behind bars included William F. Bleakley of Yonkers, long the Republican leader in Westchester County and his party's candidate for governor in 1936, and George Meany, now president of the afl-CIO.

Soon after Fay's list of visitors was made known, Dewey had him transferred from Sing Sing, 30 miles north of New York, to Clinton Prison here in this northern New York town.

Hollywood Headlines:

Dorothy Malone to Shun Leap Year's Bandwagon

By BOB THOMAS

HOLLYWOOD (AP)—As every spinster knows, this is leap year. But one of Hollywood's most eligible bachelor girls, Dorothy Malone, advises the dolls not to take advantage of it.

• • •

According to the dictionary, every fourth February "leaps" over a day of the week, pushing the whole calendar ahead two days instead of one. According to tradition, leap year gives unmarried females the right to pop the question of marriage to dilatory males.

WOULDN'T PROPOSE

"Not me," said Miss Malone, 30, who doesn't lack for suitors anyway. But even if she did, she would not propose.

• • •

"I think it would be a dreadful mistake," she reasoned. "Supposing the marriage didn't work out. Then I would always regret that I was the one who provoked it."

• • •

Chicago-born but reared in Dallas, Dorothy doesn't believe in hurrying romance. That's why she isn't impatient about getting married.

LOOKING FORWARD

"A great deal of the fun in life is anticipation," she remarked. "I love to look forward to things; if I had my way, I wouldn't open my Christmas presents until March.

• • •

"I've always been that way. When I was a girl if three of us had suckers, I would wait until the other two finished theirs before I ate mine. I had the fun of watching them enjoy theirs."

Love is something that can't be rushed, said she, and she certainly has held to that theory. Once she abandoned her movie career because of a Texan. She went home to live and spent a year contemplating matrimony, finally deciding against it. She came back to Hollywood.

OIL MILLIONAIRES

"I know a lot of oil millionaires back home," she said, "I grew up with them, and it was a real thrill to watch some of them make their fortunes."

• • •

Why didn't she nab one of them?

"Oh, I couldn't do that. I would never marry just for security, even if I didn't have any myself. Security has never been important to me. It's gotta be love."

Detroit's Fox Theater Receives Bomb Scare

DETROIT (AP)—Detroit's wave of bomb hoaxes moved downtown to the Fox Theater last night.

Police searched the basement of the theater after Richard B. Monaghan, theater chief of services, said he received a telephone call from someone who told him, "There is a bomb in your theater."

When the feature movie finished the house lights were turned up and the rest of the theater was searched. Some 150 patrons remained in their seats.

Similar threats have plagued Detroit area school officials recently. Classes in two high schools were dismissed after the first threats. Since then some half dozen other "bomb calls" have been received but classes have remained in session.

About 65,000 gallons of water are required to produce one ton of finished steel, and about 5,000 gallons are needed to grow one bushel of corn.

Reds Capture Lead

U. S. Buckwheat Output Sadly, Hungrily Falls

WASHINGTON (INS)—The National Geographic Society reported sadly and hungrily today that Russia is well ahead of the U.S. in development of the IBC—ingredients for buckwheat cakes.

To grandma, the society pointed out, buckwheat cakes were the "ultimate weapon" in the war on winter, culinary guided missiles to a man's heart by way of his stomach.

But now, it mourned, "America's old-time winter breakfast, a stack of golden-brown buckwheat cakes, complete with maple syrup and sage-flavored homemade sausage, may be going the way of the buffalo."

Having unburdened itself of this mouth-watering glament the society turned to statistics to prove its point:

Russia, it said, is the world's leading producer of buckwheat with 50 million bushels a year. U.S. output in 1955 was only two million, 55 thousand bushels, the lowest since records were first kept in 1866.

Only 50 years ago, American farmers were growing 16 million bushels a year. By 1944, the figure had dropped to less than nine million bushels; in 1954 to two million, 740 thousand.

While blaming the most recent decline on heavy rains in New York and Pennsylvania, where most U.S. buckwheat is raised, the society concedes that "popular demand, too, has tapered off for the tangy griddle cakes that grandmother used to make."

With a wistful glance back at the good old days, it said: "Hurried workers find little time for the old flapjacks whose yeast-mixed batter was left to stand overnight, then lovingly turned, cake by cake, for proper color and melt-in-mouth goodness."

Nowadays, a lot of U.S. buckwheat goes for non-food purposes which the society described almost disdainfully as "useful."

"Buckwheat kernels and straw go into animal and poultry feed," it reported. "Outer hulls furnish protective packing material for bulbs and bottles. The straw is used for cattle bedding."

453 Billion Gallon Water Consumption Seen for 1975

WASHINGTON (INS)—The Commerce Department predicts use of water in the United States by 1975 will be nearly double the current volume and 10 times as much as was used in 1900.

• • •

Consumption is expected to increase from 262 billion gallons daily at the present time to 453 billion gallons daily by 1975. The 1900 volume was 40 billion gallons daily.

The department said: "Careful planning for development and allocation of water resources will be required to advance the economic development of each area and region of the nation."

It pointed out the possibility of new techniques aiding in the supply of future water requirements but added: "These solutions to the problem are, however, in the future and are not yet certain."

PROCESS SALT WATER

Among the possible new sources mentioned were underground storage of flood waters, artificial rainfall and processing of salt water.

The department said the estimated annual average precipitation for the nation is about 30 inches, equivalent to 4,200 billion gallons of water daily of which about 1,165 billion gallons a day return by streams to the ocean.

According to the report less than a third of this total stream flow is available during the major part of the year.

By storage and regulation release, it is economically possible to provide future constant availability to 630 billion gallons daily.

Love Test Device for Undecided Only

LONDON—Dr. Grey Walter, London scientist who has invented a "love test" machine, doesn't recommend it for all couples contemplating marriage. "But borderline cases may well be helped by my invention before taking the final step," he says. "It is a machine for reading brain-waves.

"The idea of a soulless committee or scientist arranging weddings on guinea-pig lines is obviously monstrous. But a middle-aged man hesitating about marrying a very young girl, for instance, could compare his personality with hers and act accordingly.

"And a pair of minors seeking a special injunction to marry might well get to know each other better by submitting to a test."

Jordan--Another Middle East Crisis for Britain

CAIRO, Egypt (AP)—Britain's position in Jordan today compares somewhat with her situation in Iran early in 1951.

That was just before Mohammed Mossadegh came to power in Iran on a nationwide surge of anti-British feeling. Mossadegh was out to nationalize the Anglo-Iranian Oil Co. and break its hold on Iran's economy.

* * *

Jordan's nationalists are out to break British control over their army, the Arab Legion. The legion is financed by a direct annual British subsidy equivalent to $22,400,000, and is commanded by British-born Arabic-speaking Lt. Gen. John Bagot Glubb.

Nationalists charge that Glubb controls the country politically through his command of the legion. They make clear that widespread rioting in December and January was only the beginning of a campaign that will end only when Glubb is out.

POPULAR AMONG MEN

Glubb is intensely popular with Bedouin tribesmen from Jordan's deserts, who form the core of the Arab Legion—man for man probably the best fighting force in the Arab world. But he is hated by the Palestine Arabs of town and country, who since 1948 have formed a majority of the country's population. Many of these are refugees who left their homes in Israeli-occupied territory in the 1948 Palestine War.

They consider Glubb the "architect" of Arab defeat, and blame the West, including Britain, for their fate.

* * *

The opposition to Glubb brings together strange bedfellows.

Extremists who want to eradicate every trace of British influence from Jordan include the leftist National Front with its segment of Communists, the rightist Moslem Brotherhood, Arab nationalists, and disgruntled refugees who have an anarchist bent.

But the real leaders are the National Socialists, headed by a former ambassador to Britain, Suleiman Nabulsi.

So long as Nabulsi leads the opposition, there is some chance of a compromise. Nabulsi says he has no intention of abrogating the treaty of 1948, which permits Britain to keep bases in the country and to bring in troops in case of war. But he insists Glubb must go and that Jordan's army must be commanded by Jordanians.

Nabulsi has advocated that Britain pay its subsidy to the Jordan government instead of directly to the Arab Legion command as at present.

* * *

One result of a long struggle could be victory for extremists, abrogation of the treaty with Britain, and possibly Saudi Arabian-Egyptian money replacing the British subsidy.

An alternative result would be victory for Glubb and those determined to keep things as they are. This might require rule by force. When moderately pro-Western Samir el Rifai formed a new cabinet in the midst of rioting in January, he warned moderate opposition leaders to support him lest his government collapse and "the army take over."

There are 66 countries, including the U.S. that have Junior Red Cross units.

Rebels Awake Again in Tunis

Grenade-Hurling Arabs Appear as Nationalist Sentiment Groups

TUNIS, Tunisia (AP)—Isolated rebel bands and grenade-hurling terrorists have begun to reappear in Tunisia after 18 months of faltering progress toward self-government.

Most of the outbreaks, which began two weeks ago, have been small. But they underline the political and economic difficulties of the French North African protectorate.

Nationalist violence all but ceased after Pierre Mendes-France, while France's premier, made his dramatic flight here in July 1954 to offer Tunisians a large measure of autonomy.

Habib Bourguiba, popular leader of the nationalist Neo-Destour party, returned from exile to a tumultuous welcome. Moderate nationalist Tahar Ben Amar was named premier, and the two men began negotiating with the French and working at home to improve Tunisia's lot.

Mendes-France's regime toppled before he was able to attain his goal. But his successor Edgar Faure carried through to parliamentary approval of a program.

The new setup gave Tunisians considerable control over their home affairs, but the French continue to direct defense

AP Wirephoto

MINK-CLAD CALLER — Ambassador to Italy Clare Booth Luce, clad in a mink jacket, has a final word through the window of her limousine with newsmen as she leaves White House Wednesday after calling on the President. She reported to the President on conditions in Italy.

Thieves Loot Home of Detroit Publisher

DETROIT (AP)—A smooth-operating robbery team raided the home of a Detroit area newspaper publisher yesterday while only the housekeeper and a maid were home.

Their take was small—a ring, wristwatch, pistol and small strongbox filled with coins. They overlooked such items as a mink coat and mink jacket.

Posing as a television repair crew, the robbers—two men and a woman—gained entrance to the home of Harry B. Weinbaum, a commissioner of the Detroit House of Corrections and owner of Courier Newspapers, a group of neighborhood publications.

Marjorie Gilbert, 22, a maid, told police one man pulled a gun and bound her and Pauline Taylor, 50, the housekeeper, with women's silk stockings.

At the same time the woman member of the group raced upstairs and returned with the strongbox and other items. They fled in a car.

CD Sets Meetings

LANSING (AP)—The State Office of Civil Defense today announced four more local meetings on safety and civil defense. They include: Jan. 31—Detroit, Wayne University; Feb. 1—Port Huron, Woodrow Wilson school; Feb. 2 — Saginaw high school and Feb. 3—Grand Rapids, Morton Hotel.

Southern States See Racial 'Out'

'Interposition' Doctrine Is Resurrected to Fight School Integration

RICHMOND, Va. (AP) — The old doctrine called "interposition" is being dusted off in the South and rolled out as a weapon in the fight against school desegregation.

Four Southern governors called for the use of interposition by their legislatures at a conference Tuesday.

WHAT IS IT?

What is the meaning of "interposition?"

In the eyes of the governments of some Southern states which are trying to hold off mixing of the races in public schools, this is the basic meaning:

* * *

The Supreme Court exceeded its constitutional authority and in effect legislated by judicial decree in its May 1954 decision outlawing segregation. Therefore, the advocates of interposition contend, the states have the right to "interpose" their sovereignty and seek to upset the decree by having the issue settled by an amendment to the U.S. Constitution. The theory is that if the constitutional issue ultimately goes to the states for ratification, 13 states could block ratification because ratification requires 36 or three fourths of the states to approve.

WHAT HAPPENS THEN?

What happens before the long constitutional question is resolved? Is the May 1954 decision, and the follow-up decree of last year, the law of the land to be obeyed, or is the decision without effect until the states have the final say?

That's where the interpositionists differ.

* * *

Virginia's Gov. Thomas B. Stanley and a majority of Virginia's Senate considering a resolution of interposition interpret it to mean a challenge and a protest and an appeal for a remedy. But they say they have no intention of expressing outright defiance—calling for nullification.

Curious Word Spurs Wife Into Brawl, Jail

NOGALES, Mexico (AP)—An overcurious wife touched off a tavern fight and ended up in jail with her husband.

The woman, an American tourist, asked her husbad the meaning of a Mexican slang word, and a patron at a nearby table took violent exception to its use.

The couple paid $6.25 in fines and $30 for new eyeglasses for a man who tried to break up the fight and was hit in the face with a beer bottle.

QUEEN ELIZABETH — Cecil Beaton, British royal family photographer, made this picture of Queen Elizabeth II in the Blue Drawing Room of Buckingham Palace, especially in connection with the forthcoming royal tour of Nigeria. With her white and gold tulle dress the Queen wears the Order of the Garter and miniature of other decorations.

Overseas Requests Swell Seed Sales

MELBOURNE, Australia — Australia has a plant introduction section in the Commonwealth Scientific and Industrial Research Organization which does a flourishing and expanding business in meeting requests by other countries for seeds of Australian plants and in arranging similar importations from abroad.

Probably the most important Australian tree that has gone overseas has been the eucalyptus ("gum tree"), now used for reafforestation and as a source of useful timber in North Africa, southern Brazil, California and many other countries.

Australian casuarinas are flourishing in many places, such as Florida, where they are known as the "Australian pine" and the Queensland nut or macadamia, has been introduced into Hawaii, where it is the basis of a flourishing industry.

About 1.8 million square miles or 60 per cent of the U.S. land area, is in farm land.

GOODYEAR SERVICE STORE Pontiac 30 S. CASS FE 5-6123

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

There's a 220 pound "bomb" out on Pontiac's east side. This bomb on DeSoto street is Pontiac's newest resident, Tom "The Bomb" Tracy.

The former Birmingham high school football star may be appropriately named for reasons other than his gridiron explosiveness.

• • •

His recent selection by the Lions in the pro draft is expected to cause a light explosion between Detroit and Ottawa of the Canadian league.

However Tom himself doesn't think the Roughriders have a legitimate fight over his contract, and besides right now he has but one objective—to gain an assignment in the Lion backfield.

The nickname "The Bomb" has stuck with him since his prep days and on occasions competitors for Tom's services have come to realize what an appropriate alias it is.

• • •

During his days at Birmingham only one thing was on Tom's mind. That was athletics. He carried his abilities from the football field to the basketball court and onto the baseball field for the Maples, and his wares drew attention of colleges from California to Tennessee.

As a 185 pound halfback prospect, he accepted a weekend of hospitality on the Southern Cal campus but the offer to enroll for one year in a junior college for scholastic purposes before becoming a Trojan didn't impress Tom.

The next weekend he was on the Tennessee campus at the invitation of a Vol alum. This was closer to home and this was where Tom stayed.

• • •

Two seasons on the Vol gridiron, "the bomb" showed his nuclear power. As a member of the All-Southern Conference team in 1954 he chalked up a mark of 794 yards in 116 carries for 6.7 yards per try.

When Bowden Wyatt took the reins at Tennessee he made big plans for Tom but the books were tougher than any foe he had faced on the field.

"I just couldn't put my mind down to studying," Tom said.

So when Chet Caldwell, end coach at Tennessee, went up to Ottawa as head coach Tom followed. Football won out over book work.

• • •

One year with the Roughriders and he was good enough to make the all-pro team with a last place ball club.

"There was friction on the team," he said. "We had a better ball club materially than we showed."

It was no secret some time ago that the Lions were interested in Tracy, but NFL rules of drafting a player before his class had graduated prevented his being on the Detroit team last year.

• • •

"I've always wanted to play pro ball and especially right here at home," Tom remarked. He knew the Lions were interested in him and his choice in the draft came as no surprise.

Ottawa hasn't been silent about the sure-possibility of losing Tom. New Roughrider head coach Fred Clair from Cincinnati gave Tom a call trying to interest him to return, but "the bomb" is about to attain a long standing desire—to play for the Lions. And it will take a lot more than a phone call to change his mind.

• • •

How does the new Mrs. Tracy feel about the whole situation? A month ago she was the former Harriet McBride. During her coed days at Tennessee he was her football hero and still is—in the pro ranks.

Right now Tom is working with Suburban Oldsmobile in Birmingham about 15 pounds heavier than his Ottawa weight and 35 pounds more than when playing at BHS under Vince Secontine.

"Vince taught me everything I know about the game," said Tom.

But Vince isn't ready to take the bows. "He had the most natural ability I ever saw," said the ex-Maple coach.

• • •

So "the bomb" is back and the fuse is set for Briggs stadium—football '56.

PONTIAC'S NEWEST RESIDENT — Relaxing at home on DeSoto street are Pontiac's newest residents, Tom "The Bomb" Tracy and his wife, Tom, who was married just a month ago, was one of the Detroit Lions' leading draft choices this year. A former Birmingham high school football star he played with the Ottawa Roughriders in Canada last season.

Snow-Starved Olympics Begin

CORTINA D'AMPEZZO, Italy (AP)—The snow-starved seventh Winter Olympic Games opened in Cortina's modernistic 12,000-seat ice stadium today as 1,100 athletes from 32 nations paraded in brilliantly colored attire.

Russia, entered for the first time in the international winter competition, is expected to challenge Norway for the unofficial top honors.

Italy has spent more than $ million dollars to give the games the finest facilities in the history of the competition.

President Giovani Gronchi of Italy proclaimed the games open and Guiliana Chenal Minuzzo, Italian ski champion, took the Olympic oath of fair play on behalf of the competitors. It was the first time a woman had been given this honor.

Americans in colorful red, white and blue uniforms, and fur-hatted Russians drew almost equal applause from the festive crowds as they marched in the bright sunlight glinting off the mountains.

The day was bright and clear without the faintest sign of a snow cloud—and snow is one thing these Olympics need the most.

A few flakes fell yesterday afternoon but not enough to help the ski course. The thin cover of snow in the mountains has thawed in the noonday sun and frozen at night making the course almost a sheet of ice. In many places it has worn bare, exposing the rocks.

The polished pine stands were packed with 12,000 spectators wearing a picturesque variety of gay Alpine attire.

The opening day competition was confined to two hockey games —Italy vs. Austria and Canada vs. Germany—as athletes and officials alike anxiously watched for snow that could change the icy, rocky ski courses into perfect runs. Snow was hauled in from nearby mountains to the center of town to make the parade more realistic.

The jagged brown peaks of the Dolomite Mountains made a spectacular background for the marching athletes, led by the tiny Greek delegation, as is Olympic custom. The big Italian home team brought up the rear.

• • •

Blue was the predominant color in the parade but there were splashes of red and green and patches of white to match the snow.

• • •

As the teams marched in they took assigned places to form three sides of an open square in the center of which were the flag bearers grouped in a semi-circle.

The big U.S. team wore the gaudiest uniforms of them all—bright red fur caps, sparkling white jackets and blue pants.

• • •

The Russians were attired in brown fur caps and powder blue coats. The Swedes wore white ski-caps, blue overcoats, yellow scarves and blue trousers. The favored Norwegians were attired in blue coats, dark blue ski caps and black and white patterned stockings. The Germans also favored dark blue while the Austrians wore powder blue overcoats over blue pants, and the Japanese blue serge coats, grey ski pants and blue ski caps.

Austria Favored

Prepster Ski Darkhorse

CORTINA D'AMPEZZO, Italy (AP)—Wallace (Buddy) Werner, 19-year-old high school sports star from Steamboat Springs, Colo., is the American darkhorse hope for an Olympic medal.

• • •

Well informed observers say he is a good outside shot to win the downhill ski event, even though Austria's favored Alpine squad has stars stacked six deep in the same race.

There could be two American threats in the same race. The other is Pvt. Ralph Miller, 22, who put in 2½ years at Dartmouth before entering the Army.

The downhill race is scheduled for Feb. 3.

• • •

Both Werner and Miller have reputations among fellow skiers for "pushing it." Miller holds the world record of 109 m.p.h on skis, set in a Chile exhibition last year. Werner was right behind at 99 m.p.h.

Buddy thinks his chief competition will come from Tony Sailer, Anderl Molterer and Josi Rieder of the Austrian team.

CARTLOADS OF SNOW — A horse drawn cart carries a load of snow through the streets of Cortina, Italy, to be packed on some of the trails of the slopes for the winter games which opened today. It has failed to snow for 15 days and runs for skiing and bobsledding were considered hazardous.

Giambra Gets Decision Over Andrews

NORFOLK, Va. (AP)—Joey Giambra was today nearer to a crack at the world middleweight boxing championship after a fast finish last night gave him a unanimous 10-round decision over Al Andrews.

• • •

Giambra, from Buffalo, N. Y., won the last three rounds in the voting by Referee Elder Craft, who voted 97-93 and Judges John Burton (96-94) and Charles Ford (96-95). The Associated Press scored it 97-93 for Giambra.

Giambra weighed 158 and Andrews of St. Paul, Minn., 161¾. A crowd of 3,009 watched the nationally televised fight in Norfolk's City Auditorium. It was the main event of the ninth annual Norfolk March of Dimes Boxing Carnival.

Mike Scanlan, Joey's manager, said afterwards Giambra was "ring rusty." It was Giambra's first fight since he lost a close decision to Bobo Olson last August.

Andrews, nursing cuts over both eyes, was unable to conceal his disappointment.

"I thought I won the fight," Andrews said. "Joey never hurt me. I was riding every punch. I had a good big margin in the first seven rounds, but I'm not picking any argument with the judges."

There were no knockdowns. Giambra's victory was his 42nd in 47 fights. Andrews' loss was his 15th against 43 victories and 2 draws.

NEW YORK (AP)—The sharp drop-off in fouling in college basketball games which followed the advent of the bonus free throw rule last season has been extended this year figures of the NCAA Service Bureau disclosed today.

Before the rule was put on the books, the average major college game produced more than 40 foul calls, reaching a high of 44.9 fouls a game in the 1951-52 campaign.

This season, through games of Tuesday, the average has been whittled to 38 calls a game as compared with 38.8 infractions at this time in 1955.

Per game point production also has been cut down, but only slightly. A check of 2,270 major college games showed an average of 144.2 points a game. Last year it was 144.3.

Sectionally, as well, there is little change over the 1954-55 campaign. The South is the top scoring region, followed by the East and Midwest, with the Far West the most defensive minded. Normal point totals a game range from 153.3 in the South to 131.2 on the Pacific Coast.

San Francisco, the nation's top-ranked team, continued to set the pace on defense. The Dons have yielded an average of 52.0 points a game. Morehead State of Kentucky shows 97.1 points to head the major colleges in the offensive department.

Greenberg, Cronin in 'Hall'

NEW YORK (AP)—Hank Greenberg, who in 1938 came within three of breaking Babe Ruth's record of 60 home runs, and Joe Cronin, the most expensive player in baseball, took their places alongside the game's immortals today in Baseball's Hall of Fame.

The two slugging right-handed hitters earned membership to the shrine at Cooperstown, N. Y., yesterday when they received more than the necessary 75 per cent of the vote of the 10-year members of the Baseball Writers' Assn. They became the 80th and 81st Hall of Famers.

Greenberg was named on 164 of the 193 ballots cast to 152 for Cronin. Only players active in the 1930-50 period were eligible and they could not have been active as a coach or manager within the last five years. The pair will be inducted formally at the Cooperstown Museum next July.

• • •

Greenberg, 45, who quit as a player in 1947, now is in his sixth year as general manager of the Cleveland Indians.

Cronin, 49, has been general manager of the Boston Red Sox since 1948, two years after he retired as a player. In 1934 he was sold by Washington to Boston for a record price of $250,000 and immediately was named manager of the Red Sox.

In all, 130 former players received mention, including several who were not eligible because their playing careers had ended before 1930.

• • •

Charlie (Red) Ruffing, an outstanding pitcher with the New York Yankee pennant winners in the '30s and '40s, was third with 97 votes. Other top vote-getters were Edd Roush, 91; Lefty Gomez, 89; Hack Wilson, 74; Tony Lazzeri, 64.

Greenberg, who broke in with the Detroit Tigers in 1930 and became the regular first baseman in 1933, clouted 331 major league home runs to rank ninth among the all-time home run hitters. In 1937, he drove in 183 runs, one behind the American League record set by Gehrig. The next year, he slammed 58 home runs to tie Jimmy Foxx's record for right-handed hitters.

In 1946, his last year with Detroit, he led the league in home runs for the fourth time. He was sold to Pittsburgh Jan. 18, 1947, and finished his playing career with the Pirates. He was released at his own request at the end of the '47 season to become part owner of the Indians. He has a lifetime batting mark of .313.

• • •

Cronin, one of the greatest hitting shortstops of all time, started with Pittsburgh. He came into his own at Washington, where he starred from 1928 through 1934. He succeeded Walter Johnson as manager at the end of the 1932 season and led the Senators to a pennant in 1933.

He was the regular Red Sox shortstop through 1945, winding up with a lifetime mark of .302. He is a member of the 2,000-hit club with 2,285 in 2,124 games over a 20-year span.

AP Wirephoto

HAPPY NEWS—One of baseball's great righthanded hitters, Joe Cronin of the Boston Red Sox, was elated at the happy news of being named to the Hall of Fame at Cooperstown, N.Y.

Six Prize Pointers in U.S. Title Race

CANTON, Miss. (AP) — Six prize pointers, including last year's champion, are in the running for the National Field Trial Club's free-for-all crown.

The first brace today paired Palamonium, owned by Jimmy Hinton of Tuscaloosa, Ala., and the 1955 winner, Hall's Stonecroft Babe, owned by Mrs. A. Acton Hall of Fort Lauderdale, Fla.

Natty Netty, owned by A. J. Schoor, South Norwalk, Conn.; Notus, owned by Frank Mallery, Chattanooga, Tenn.; Volcano owned by M. F. Mitchell, Llano, Calif.; and Storm Trooper, owned by B. McCall, Birmingham, Ala.

Higgins Sees Bosox Improved Over '55 Club

BOSTON (AP) — Manager Mike Higgins, signed to a new three-year contract, predicts the Boston Red Sox "will do better than we did last year."

Higgins won 1955 "Manager of the Year" honors in his freshman season as a major league pilot. He lead the Red Sox to fourth place, only 12 games off the top.

Terms of the contract, to run through 1958, were not announced. The best guesses were that Higgins will receive $35,000 to $45,000 a year.

Cagey Clem Sez...

Say now pawdners I guess this here crystal ball of mine goofed last week in figurin' Lake Orion would beat Roseville and Capac would take Almont, but anyway look at what this here buckeroo did. Picked 24 of 28 games and you gotta admit that purty good pickin'.

Except for Cranbrook's loss to Flint Tech and Waterford's loss in that sleeper with Berkley, both slight upsets, ole Cagey called them like Snuffy the ole pro.

With 17 right and 7 wrong in the previous week and 24-4 last week, the overall record now stands at 41-11 for percentage of .788. Not bad, eh? Now this week I figure this way:

Winner	Loser	Spread	Winner	Loser	Spread
Pontiac*	Cath. Central	8	Avondale	Troy*	5
East Detroit*	Birmingham	4	Madison*	Lake Orion	11
Mt. Clemens*	Port Huron	2	Imlay City*	North Branch	3
Walled Lake*	Berkley	6	Ortonville	Bloomfield*	16
Southfield	Farmington*	5	Almont*	Dryden	13
Waterford	Van Dyke	12	New Haven	Brown City*	9
Clarkston*	Holly	8	Armada	Memphis*	2
Milford	W. Bl'mfield*	14	Millington*	Oxford	1
Clarenceville	Brighton*	7	Utica*	South Lake	6
Northville	Thurston*	12	St. Benedict	St. Rita*	15
St. Mike	St. Mary RO	5	St. James	St. Clement*	5
St. Mary OL*	St. Fred	7	Shrine*	St. Patrick	8

ELECTED TO HALL — Former Tiger slugger Hank Greenberg, now general manager of the Cleveland Indians, gets the news of his office that he was elected to baseball's coveted Hall of Fame yesterday.

Sees Every Game

Team's Most Enthused Fan Is Coach's Wife

NORTH MUSKEGON, Mich. (AP)—No basketball team ever had a more enthusiastic backer than Mrs. Bob Morris, wife of the North Muskegon high coach.

Morris took over the Norsemen cage fortunes eight seasons ago and his wife, Georgina, hasn't missed a game — home or away — in all that time.

The total now is 113 in a row with No. 114 coming up tomorrow night.

Mrs. Morris figures she has traveled more than 4,000 miles in following North Muskegon's basketball team. She usually drives or rides with friends to out-of-town games but has hitched a ride on the team bus in emergencies.

Most coaches' wives can't stand to watch their husbands suffer. Mrs. Morse admits that she finds the strain as great as her husband.

"If the game is close near the end, I can't stand to watch it," she confides. "I go out of the gym and pace up and down in the corridor."

Red Wings' Ace Is Rookie's Idol

Leafs' Duff Admires Lindsay; Ted Says Dick Is Coming NHL Star

TORONTO (AP) — Ask Toronto's young Dick Duff who his hockey idol is and he'll say left winger Ted Lindsay of the Detroit Red Wings.

Ask Lindsay to name an outstanding rookie left winger in the National Hockey League and he'll say Dickie Duff.

These two fellows have a mutual admiration for each other even though they're on different teams.

"Who wouldn't like to be like Ted?" says Duff.

"The kid's got it," says Lindsay. "Duff's going to surprise a lot of players in this league. They're going to find out you can't push him around."

Nobody ever mussed up Lindsay without getting into a battle. He has one of the hottest tempers in the business.

Most players around the circuit don't have to be told of Duff's capabilities. Since the 19-year-old native of Kirkland Lake, Ont., broke into the big time this season he's shown he can take care of himself. He can also score goals.

"I wouldn't trade Duff for any other left winger in the league," Toronto coach King Clancy says. "And don't forget, there's some mighty fine talent patrolling the left side.

Cubs Back in Black

CHICAGO (AP) — The Chicago Cubs operated out of the red in 1955 for the first time since 1952 and showed a $60,000 profit.

The report was made yesterday at the club's annual meeting of stockholders. The club's board of directors and all officers were re-elected.

NFL, CFC Peace Rests on Return of 3 U.S. Stars

Toronto Paper Says Such Action Intimated in Talk With Bell

TORONTO (AP) — The Globe and Mail today said peace between the National Football League and the Canadian Football Council may be contingent on the return of three import stars to American clubs by the Toronto Argonauts.

The players are quarterback Tom Dublinski, formerly of the Detroit Lions, Running Billy Stipp and Bill Albright, both former New York Giants.

The newspaper said a demand for such action was "intimated" in a telephone conversation from Philadelphia yesterday with Bert Bell, NFL commissioner. The newspaper added:

"Asked if he would be willing to approve a peace pact with CFC chairman Ralph Cooper of Hamilton on the basis of letting bygones be bygones, Bell answered with an explosive 'No.'"

Cooper is to meet with Bell soon to talk over peace plans with the NFL, but no date has been set.

Dramatic Finish Wins for Leafs

By THE ASSOCIATED PRESS

The Toronto Maple Leafs held a firm grip on fourth place in the National Hockey League today after coming through in dramatic style to win one of its most important games of the season.

• • •

Held scoreless for more than 45 minutes, the Leafs rallied last night to down the Chicago Black Hawks 3-1 in the circuit's only game. The victory increased Toronto's fourth-place margin over Chicago to 4 points.

• • •

The game was a "4 pointer." If the Hawks had won, they would have tied Toronto for the No. 4 spot, the last qualifying position for the Stanley Cup playoffs.

Fatal Accidents Rise

Answers Sought in Perils of Hunting

By THE ASSOCIATED PRESS

Why is it that the hunters of one state go at their sport with a minimum of peril to their fellow man, while hunters in the state next door bowl over their colleagues by the dozen?

• • •

The question fascinates conservation officials, safety groups, students of field sports and observers in general. But they don't have any ready answers.

• • •

Look at this record and you can see why:

Utah reported only one hunter killed in 1955, an all-time low for modern times. Adjoining Idaho killed 13, wounded 23—1 casualty for every 4,054 licenses issued. But just eastward, Wyoming called hunting "as safe as checkers," recording one one fatality and four woundings, or one for every 28,000 licenses.

That's the way it goes across the nation.

• • •

Maine reported nine fatalities and 50 non-fatal gun accidents last season, while New Hampshire had none killed for the second straight year.

• • •

Missouri had one fatality during its deer season—the first in two years. Nebraska was working on a six-year string of seasons without a gunshot fatality. Ohio's string of eight consecutive deer seasons without a death was ended in 1955—with 800,000 hunters afield. However Buckeye small game hunters made up for it by shooting 18 persons to death.

Texas counted over a new record high with 35 names on the grim list of the slain, and possibly more. That compared to 17 the year before. But neighboring New Mexico, with similar problems, had only three fatalities.

All three of New Mexico's dead were teenagers. Teenagers were involved in 20 of Texas' 35 fatal incidents. And, in more than half of Ohio's 88 mishaps involving guns.

In most states, gun safety programs stressing education of young hunters have been undertaken with the cooperation of all interested groups. In several states, these educational courses are compulsory, and more will be soon.

Ring Body Restores Giardello's License

PHILADELPHIA (AP)—The Pennsylvania Athletic Commission has given a boxing license back to middleweight Joey Giardello, recently released from prison.

• • •

Commissioner Alfred M. Klein said yesterday the boxer, who ranks No. 7 in the 160-pound division, was reinstated after he appeared before the commission in person, and after a number of public officials recommended he be given another chance.

The 25-year-old fighter had served part of a term for assault and battery during an altercation at a South Philadelphia gasoline station.

42 in Thunderbird Tournament

A BATTERY OF CHEFS — The Hunters Roundup had plenty of help at kettle in the annual feast held this week. Dizzy Trout (right) the chief cook of the affair gets three pair of hands in the pot with Hal Newhouser, Bob Swift and Steve Souchak (left to right) getting into the act. Various game and fish foods including rabbit, pheasant, venison, antelope, perch, shrimp and coon were served to 99 Roundup eaters.

AIPS Admits Russians

CORTINA D'AMPEZZO, Italy (AP)—The International Sports Writers Association (AIPS) has admitted Russian sports writers to full membership.

Wildlife experts believe upwards of nine million ducks fall prey to northern pike in an average year.

Mangrum Seen as Favorite in $15,000 Meet

Souchak, Bolt Ready for Top Spot in Palm Springs Invitational

PALM SPRINGS, Calif. (AP)—The tournament golfers of top caliber status resume operations today in the $15,000 Thunderbird Invitational and the risky business of predicting a winner settled on two professionals.

In alphabetical order, for safety, they were Lloyd Mangrum and Mike Souchak.

• • •

To confuse the issue, the name of Tommy Bolt might be tossed in.

Mangrum played like the Mangrum of old in winning the Los Angeles Open three weeks ago with a 72-hole score of 272, 12 under par.

Last Sunday Souchak won the $12,500 Caliente Open with 281, seven under par over a considerably tougher course in Tijuana, Mexico.

As for Bolt, he finished an excellent performance at Los Angeles with a 276 and third place. At Tijuana he was second to Souchak with 283.

• • •

So much for Mangrum, Souchak and Bolt. This field of 42 at the Thunderbird Country Club, with its none-too-easy par 36-35—71 test is loaded with threats.

Cary Middlecoff, Julius Boros, Ed Furgol, Gene Littler—these are golfers of known ability.

Joining the tour is Shelley Mayfield, who was good enough to beat much this same array, and Souchak in a 20-hole playoff, a year ago.

• • •

Doug Ford, Billy Maxwell, National Open champion Jack Fleck, Jack Burke, Bo Wininger—all are other contenders who cannot be ignored in a money tournament.

Southern California got a rain bath yesterday, but not Palm Springs. The golfers hope for no rain here today.

Professionals not invited to Palm Springs start competition today in the $5,000 Imperial Valley Open Tournament at El Centro.

• • •

Paul O'Leary of Bismarck, N.D., won low pro honors in the pro-amateur tournament preceding the Imperial Valley event with a 62-66—128.

Adrian's Hughes Again Eligible for MIAA Play

ADRIAN (AP)—High-scoring Henry Hughes, who was scholastically ineligible for the 1st half of the basketball season, has passed his grades and will play for Adrian College next Tuesday against Calvin College in Grand Rapids.

Hughes, a junior from Inkster, Mich., led the MIAA in scoring last season with 324 points as Adrian won the league championship.

Hughes had a 25-game total of 606 points, and set a single-game scoring record of 50 points against Detroit Tech.

Tulsa Club Seeking U.S. Open in 1958-60

TULSA, Okla., Jan. 26 (AP)—Members of Southern Hills Country Club of Tulsa have voted to enter a bid for the United States Golf Assn.'s open championship in 1958 or 1960.

USGA officials select the Open site two years in advance. The meet this year will be held at Oak Hills Country Club, Rochester, N.Y.

Sooner Budget Tops Million for This Year

U. S. Champion Eleven Gets 8th of Amount for '56 Campaign

NORMAN, Okla. (INS)—University of Oklahoma has budgeted $1,071,519.45 for sports this year, including $125,650, or about an eighth of the total, to operate the school's national champion football team.

A financial statement released yesterday showed the football team more than earned its keep by grossing $813,802.80 from ticket sales in 1955.

This includes five games at home and four away. Receipts still are due from the Nebraska game, played at Lincoln, and the 1956 Orange Bowl contest in which the Sooners won over Maryland.

Hemorrhage Cause of Boxer's Death

DETROIT, Jan. 26 (AP) — Boxer Eddie Lee Walker died of a brain hemorrhage, said Dr. Joseph Cahalan, examining physician of the Michigan State Boxing Commission, yesterday after a preliminary diagnosis.

Walker, 24-year-old Detroit heavyweight, died in Receiving Hospital Tuesday night after collapsing during a workout at the Motor City gym last Friday. He never regained consciousness.

His was the state's second ring fatality in seven years. The last in Michigan was when Talmadge Bussey, a 26-year-old Detroiter, died following a knockout by Luther Rawlings of Chicago Oct. 10, 1949.

FOX HUNTERS — Here are four of the more than 200 fox hunters who took part in Sunday's annual Rochester Firemen's annual hunt. From left are Bill Williams of Pontiac, Lyle Buchanan and Kenneth Purdom of Rochester, and Louis Olah of Caro, holding three of the five red foxes taken on the hunt. Olah came more than 100 miles to attend the affair.

Target for Friday

Chiefs Shoot for Fourth Straight Non-League Win

Breaking into the 2nd half of the 1955-56 basketball season, Friday night, Pontiac High School's Chiefs will shoot for their 4th straight non-conference victory. Their foes at PHS gymnasium will be the good Detroit Catholic Central Shamrocks, opponents in the Pontiac opener last Dec. 2.

Since that time, Pontiac has rolled along to three wins, out of the SVC. Art Van Ryzin's club has beaten the new Edsel Ford quintet (67-47) and Royal Oak High's club, 61-46. Chiefs tripped Shamrocks 59-49 at the Catholic Central court.

Friday's encounter finds only Pontiac of the SVC in action. The date is an open one for all other Valley clubs. The "stretch" race for the Valley Conference does not get under way until a week from Friday (Feb. 3), when all six clubs will be in full action.

In Tuesday night's out-of-league tilts for SVC clubs, Flint Central edged a hard-going Lansing Eastern five, 73-68, and Arthur Hill trampled Midland 90-69. Midland has been victimized by two Valley clubs, the Jacks' total being just one point less than Flint Central's score over the Chemics (91-57).

Prior to the start of final half play, Northern entertains a hot Lansing Sexton five, and Saginaw Eastern is host to Midland on Tuesday, Jan. 31.

Chiefs returned to full-scale rehearsal Wednesday afternoon, after a mid-term "cramming break" for examinations, and today had only a light drill. A morning workout was possible because of the mid-term recess.

Fred Zittel's Little Chiefs seek their 7th win in nine starts, in the Friday preliminary, starting at 6:30 o'clock. Reserves lost their last outing to Saginaw juniors, 76-51. Only previous loss was to Arthur Hill, 50-47.

Gray and white hair are more resistant to softening by water than dark hair.

Bowling Clinic

By BILLY SIXTY

STIFF WRIST METHOD—You'll find, as you get along into rolling a hook ball, that one of your big difficulties is holding the strike pocket—keeping the ball on the right side of the head pin.

Milwaukee's Jimmy (Moe) Miller, 25, weighing 125 pounds and only 5 feet 4 inches tall, may have the solution to your problem of riding high on the "nose" of the setup.

Until he changed over to "stiff wristing," he had what we call a roving ball. It roved all over the alley, mostly high on or across the head pin. Today he is Wisconsin's top pinster, and he promises to become one of the nation's best.

What he does is this: Points his thumb straight forward, in line with the center of the ball, when he takes his grip. That's where he keeps the thumb throughout the swing—with a stiff wrist, cocked ever so slightly upward during the backswing. Thus his fingers remain behind and under the ball.

As sketch shows, the arm forward and outward into the follow-through with a lift at the very end, at release, where Miller applies finger-spin to get his short, sharp-breaking hook. Stiffening the wrist may be exactly what you need.

Money Cog to Squaw Valley

California Site Must Show Finances Before Getting Olympics

CORTINA, Italy (INS) — Squaw Valley, Calif., has until April 3 to prove it can finance the 1960 Winter Olympic games or watch them go to Innsbruck, Austria.

International Olympic committee president Avery Brundage announced yesterday that the game site will be switched if Squaw Valley's financial arrangements do not meet approval by that time.

But Brundage said the IOC was assured that the California State Legislature will appropriate approximately $4,000,000 needed to guarantee adequate financing. The legislature already has appropriated $1,000,000 toward staging of the games at the Sierra Nevada Mountain Resort.

Jewelers Keep Lead With 71-65 Win

Shaw's Jewelers still ride at the top of the heap today in adult city league basketball, but only after a close call.

Sun Life, Shaw's nearest rival in the American League, extended the Jewelers to the limit Wednesday night in the Pontiac High gymnasium before bowing in overtime, 71-65.

• • •

The league leaders were forced to come from behind to win their 8th straight decision and stretch their advantage over runner-up Sun Life to two full games. The insurance quintet now has a 6-2 record.

Shaw's led going into the 2nd quarter, 18-14, but Sun Life came back to knot the count at half-time, 29-29. The insurance cagers forged ahead, 55-49, entering the final period. Then the unbeaten Jewelers struck back to tie the score at 61-all in regulation time and force the extra session.

The winners scored 10 points in the overtime, half of them by Ken Titherage, while Sun Life was held to two buckets by Hal Trott.

• • •

Five Jewelers scored in double figures, headed by Titherage and Bob McManus who netted 14 apiece. Trott dumped in 25 points for Sun Life.

General Motors outscored the Keego Merchants in the 2nd half to hang up a 64-59 victory in the American League opener. Bill York and Jim Wagner paced GMC with 19 and 18 points respectively. Keego's Bob Robson took scoring honors with 22 points.

The Hot Shots nosed out the Aces, 42-41, in Class D National division action at Lincoln Junior High. Bud Hayward scored 16 points to lead the Hot Shots, who moved into 2nd place on the win. Gale McAnnally topped the Aces with 13 points.

• • •

The Police Association walloped the Lakers, 67-30, to gain a 1st place tie with Oliver Buick in the "D" American loop. Truman Hammett was high for the Policemen with 16 points.

Only two games are scheduled tonight, both in the adult circuit at PHS. Phil's Inn tangles with Griff's Grill in a National League contest at 7 o'clock and the Lakeside Royals face Stadium Inn in an American loop tussle at 8:30.

NIT Berth Hinges on Seton-St. Francis Clash

By THE ASSOCIATED PRESS

A game between the nation's 15th-ranked college basketball team and one which is not even among the first 20 normally would mean no more than just another entry in the record books.

But on the outcome of tonight's St. Francis of Brooklyn-Seton Hall tilt in South Orange, N. J. hinges:

1. St. Francis' unbeaten string which has reached 11 games.

2. An almost certain invitation to the National Invitation tournament.

• • •

The Terriers, the No. 15 team, never have won on Seton Hall's home court. This time, however, they have a team capable of doing it.

Along with St. Francis, surprising Temple also will be seeking to protect its undefeated record tonight. The Owls should make it 13 in a row against Delaware.

In last night's action, Fordham dropped a 76-65 decision to Yale as Johnny Lee poured in 31 points for the Elis. It was Fordham's 10th defeat in 13 games.

• • •

In Miami Beach, Don Boldeduck got hot to lead Houston to a 95-77 victory over Miami. Boldeduck scored 20 points and helped his team dominate the boards throughout. Other games resulted in a 77-68 victory for Iona over Siena and Montana's 72-56 triumph over St. Francis of Loretto, Pa.

U.S. Net 'Face' Saved by Flam's Comeback Win

BRISBANE, Australia (AP)—Herb Flam averted a severe blow to American tennis prestige today. He fought back to enter the semifinals of the Australian National championships after his Los Angeles townsman, Gil Shea, had been eliminated.

• • •

Beaten in the first set of his quarter-final match with Australian Ashley Cooper and down 3-2 in the second set, Flam rallied to beat Cooper 6-8, 6-3, 6-2, 6-3. In the last set Flam was down 2-0 but again he fought back to run Cooper off his feet with volleys deep into the corners.

• • •

Shea fell before Neil Fraser, another young Australian, 6-2, 6-4, 6-3 in their quarter-final match.

The ferret, still trained to catch rats, gets its name from Gaelic and ancient Celtic. Ferret means "cunning or crafty one."

Illini Best Shot in Big Ten

CHICAGO (AP) — Illinois' hold on first place in the Big Ten basketball race was reflected today in official conference statistics which show the Illini taking more shots and hitting at a better percentage than any other team.

The tremendous pace built by Illinois in sweeping to four league victories without a loss must be maintained, however, to head off a challenge by the Iowa Hawkeyes, who have won four straight after an opening Big Ten defeat.

* * *

Coach Harry Combes of the Illini fears that his team may suffer from an enforced layoff of competition during semester examinations. Illinois' last game was with Purdue Jan. 16.

It meets DePaul in Chicago Stadium Saturday night and then gets back into Big Ten business at Minnesota Monday.

* * *

The Illini are averaging 77 field goal attempts per game and hitting on .406 per cent of them—both top marks in the conference. They have made 125 out of 308 field goal shots and are averaging a pace-setting 89 points per game.

* * *

Iowa is averaging 70 shots, hitting .400. The Hawkeyes are averaging 76 points—far below Illinois—but have held opponents to a conference low of 68 per game. Illinois has yielded an average of 72.

Ohio State and Indiana, tied for 3rd place, have been averaging 82 points a game. The Buckeyes have the second best shooting percentage, .402.

Illinois also leads in free throw accuracy with .775 while Ohio State has .697 and Indiana .691. The Hoosiers' field goal percentage is .365.

Ohio State's Robin Freeman continues to pace individual scoring but his average dropped from 33 to 30.6. Julius McCoy of Michigan State gained some ground, advancing from 24.5 to 26 points.

Amateur Status of U. of M. Hockey Stars Questioned

ANN ARBOR (AP) — Because the word "amateur" has a different definition on either side of the U. S.-Canadian border, Michigan's hockey team has been temporarily deprived of two of its leading players.

The two players—Wally Maxwell and Mike Buchanan — were suspended from intercollegiate competition last week pending an investigation of alleged abuse of their amateur standing.

It seems to hinge on the definition of the word.

* * *

In Canada, junior hockey is a big thing. Professional teams keep a close eye on high school talent.

It isn't unusual for high school players in Canada to accept expense money from professional teams while working out with them. They're still amateurs insofar as Canada is concerned.

Now let's transport one of these players to the United States and put him into a school which has hockey on its intercollegiate program. Naturally he's going to play the game.

But — and this is the gist of the problem — he is not an amateur under U. S. rules. The NCAA would ban him from competition. He becomes an athletic outcast.

* * *

Michigan is investigating the charges against Maxwell and Buchanan. If they are true, both will be ineligible to compete in any intercollegiate games. Results of the investigation will be made public next week.

The move could have resounding implications. More than half of the hockey players in college in the United States come from Canada. Michigan, for instance, has an all-Canadian team.

Many of these players undoubtedly would fall into this same category.

However, if Michigan finds a discrepancy between the U. S. rules and the personal history of Maxwell and Buchanan, it will declare them ineligible and it likely will stop at that.

* * *

The Big Ten refused to say which school lodged the charges against Michigan.

There are only two other Big Ten schools in the Western Inter-Collegiate Hockey League. They are Minnesota and Michigan State.

The Gopher team is composed almost entirely of U. S. players. Michigan State has a large number of Canadians on its team.

Campy Is Now Top Salaried

Catcher Signs Dodger Contract for $42,500 High at Brooklyn

BROOKLYN (AP)—Roy Campanella, who two years ago feared his baseball career was over, now is the highest priced player in Brooklyn Dodger history.

* * *

The jovial catcher, whose comeback in 1955 perhaps was the biggest single factor in bringing Brooklyn its first world championship, signed a contract yesterday calling for an estimated $42,500. He got about $38,000 the last two years. No other Brook player ever has cracked the 40-grand mark.

* * *

In mid-season 1954, Campy was almost convinced that season would be his last. A broken bone in his left hand, suffered during spring practice, left him without control of two fingers. He finished the season with a pitiful .207 batting average, 19 home runs and 51 runs batted in.

Back in form last season, he batted .318, hit 32 home runs, drove in 107 runs and won the National League's Most Valuable award for the third time.

* * *

Campy, 34 and entering his ninth major league season, feels he "can go on catching 100 or more games for six more years and I'm not kidding, either."

Chief Tankers Meet Capable Saginaw Crew

Closing out the first half of the SVC 1955-56 swimming season, Pontiac High's tankers Friday night engage a capable Saginaw High squad in the Trojan's new pool.

Coach Bob (Des) Boyce's squad shoots for its 4th Saginaw Valley victory in five starts, and its 5th all-season win against two losses.

"While this is only the 2nd year of swimming competition for Saginaw," says Boyce, "they have a good team, one that is particularly strong in the free style. We expect a close, fast meet up there tomorrow."

Pontiac's squad will include about 20 swimmers, Boyce said today.

To Sport, and to Spring

By GRANTLAND RICE

When I am old, as years are measured,
When winter's snow is on my head,
And all the golden dreams I've treasured,
Like winter leaves, are brown and dead;
Though I am lost to nimble dancing
Where light-toed feet still hold their fling,
Old age can't wither all romancing
Where I can turn to sport—and spring.
With eyes, perhaps, that see but dimly
The younger generations leap,
That may not see at dusk how grimly
The long, gray twilight shadows creep,
Though gray and bent I still will follow
The flight of youth on silver wing;
By track and field, by hill and hollow,
I'll know the lure of sport and spring.
When one is close to youth and playtime
The passing years may take no toll,
And one can find that dreams of Maytime
Shut out life's winter from the soul.
What if old age from off the byway
Paints shadows on December's chart?
Where sport and spring call out the highway,
Eternal April holds the heart.

(Copyright, A. S. Barnes & Co.)

Club Elects Officers

Lawrence V. Messersmith has been named to head the Miniature Schnauzer Club of Michigan, Inc. The Detroiter was elected at a recent annual session of the club at which other officers for the coming year were selected as follows: Vice president, Jean A. Patterson; secretary, Bessie P. Williams; treasurer, William G. Russell, and directors, J. Lester Cousins and Joseph W. Rattner, with Mrs. Louise (J. E.) McAllister, 20162 Stratford Rd., Detroit, publicity chairman.

Among 18 Newcomers

Strike-Out King Heads List of Oriole Rookies

(This is the 5th of a series of articles by Associated Press baseball expert Joe Reichler on the prospects among Major League rookies. Today he scans the Baltimore Orioles.)

NEW YORK (AP)—The possessor of the most spectacular pitching record since the Western League was revived in 1947 will head a list of 18 rookies who will vie for regular berths with the Baltimore Orioles' spring training camp.

The youngster, Bob Harrison, a 25-year-old righthander, earned his big league trial despite a mediocre 14-12 record with Wichita. Manager Paul Richards looked beyond the won-and-lost figures however. He was impressed by the phenomenal strikeout total hung up this former high school sensation at Kirkwood, Mo. In 208 innings, Harrison struck out a record 270 batters, an average of just under 12 per game.

Harrison hurled a no-hitter in the title series, followed with a one-hitter and struck out the two men he faced in a relief job that snuffed out Des Moines' 10th-inning threat in the final game. He struck out 17 Pueblo batters on July 12 and twice fanned 14 in the playoffs.

Lack of control, which has plagued Harrison throughout a pro career that began as a New York Giant farmhand in 1948, was very much in evidence last year. However, after walking 76 batters in his first 55 innings, he issued only 66 in his last 153 frames.

Another freshman hurler with a reasonable chance to make the grade is Don Ferrarese, the little lefthander who, like Harrison, came on strong in the second half of the last season. Ferrarese joined San Antonio in mid-season after a 3-7 record at Oakland and immediately began burning up the Texas League. He finished with a 9-0 record that included four shutouts, 39 consecutive scoreless innings and a no-hitter.

Four other San Antonio graduates will seek a spot on the staff. Mel Held, slim 26-year-old righthander, owned the best won-lost percentage in the league. The Edon Ohio curve-baller, won 24 games while losing only seven. He fanned 118 in 248 innings, completed 19 games and had a 2.87 earned-run average. Charley Locke, 18-13 with 178 strikeouts in 259 innings, 17 complete games, 5 shutouts and a 2.85 ERA, also is highly regarded. Riney Duren, an erratic speedballer, with 4-10, and Gene Gosney are the others.

Braves Squeak by Lincoln, 41-37, for 14th Straight

PONTIAC JUNIOR HIGH LEAGUE

	W	L		W	L
Washington	4	0	Jefferson	1	3
Eastern	3	1	Madison	0	4
Lincoln	2	3			

Washington Junior High School's basketball team finished with a rush Tuesday to defeat host Lincoln, 41-37, and retain its customary top spot in the Pontiac Junior High League.

The defending champion Braves trailed at halftime, 21-18, but a strong finish overcame the deficit in the last quarter. It was the 4th win of the season for Em Ghianni's cagers and their 14th in a row.

Harrison Munson scored 19 points, nine during the 4th-period rally to spark the Braves. John Bandy tallied 15 to top the Railsplitters, whose league record now reads 2-2.

The game marked the end of junior high school athletic careers for two Washington players. Henry Dewalt and Charlie Barge, a pair of mainstays for Ghianni, enter high school this semester.

Washington's Junior Varsity downed the Lincoln reserves in the preliminary contest, 33-25.

* * *

In Tuesday's other league game Jefferson's Warriors crushed newly-christened Madison (formerly Wever) at Madison by a 54-15 margin. Amos Bailey netted 17 points to lead Jefferson to its 1st triumph of the season.

The Warrior reserves also were victorious, 32-17.

Michigan Woman Heads Florida Fish Derby

WEST PALM BEACH, Fla. (AP)—Mrs. Jack Dean of Berrien Springs, Mich. heads the women's light tackle division in the Silver Sailfish Derby today after winning a bout with a 7-foot, 11½-inch sail.

She hauled in the fish yesterday after a long fight. It scaled 51 pounds, three less than the tournament leader boated by Charles A. Bryan of Baltimore, which also measured 7-feet-11½.

A total of 26 men by the name of Martinez have been pro boxers, and 14 of them were native American citizens.

Lions' Rookie, Middleton, High on Pass-Catching List

DETROIT (AP)—Even in a season as dismal as the Detroit Lions had last year, there was some hope for the future.

While the club suffered a severe letdown, a rookie from Auburn gave promise of becoming one of the outstanding offensive ends in the National Football League.

Although Dave Middleton played only half the season at end for the Lions, he finished in a four-way tie for 3rd place in the pass receiving race.

Official league statistics, released today, showed that Middleton caught 44 passes. This is a somewhat remarkable figure when it is considered he came to the Lions as a halfback and played that position for five games before switching to end.

Middleton was tied with such outstanding receivers as Bill Howton of the Green Bay Packers, Tom Fears of the Los Angeles Rams and Lew Carpenter of the Lions.

Pete Pihos, veteran end of the Philadelphia Eagles who has announced his retirement from pro ball, won the pass-catching title with 62 receptions. San Francisco's Billy Wilson was next with 53.

Middleton was the Lions No. 1 draft pick in 1955 and coach Buddy Parker banked on him to add punch to the Lions' running game.

But when injuries beset some of the Lions' ends, and the losses began mounting, Parker switched Middleton to end as an experiment. It worked out so well that the rookie stayed there for the rest of the season.

Middleton's 44 catches gained 663 yards—an average of 15.1 yard per catch. He scored three touchdowns, one on a 77-yard pass play with Bobby Layne.

Tourney at Tulsa

TULSA, Okla., Jan. 26 (AP)—The National Softball Congress' 1956 mens' tournament will be held at Tulsa Sept. 8-16, Paul Forche, NSC president, announced. Forche said 24 state and regional winners will enter this year.

Texas has seven lettermen back for the 1955-56 basketball campaign.

Farmers May Save $60,000,000 a Year on Federal Gas Tax

House to Hear Bill on Monday

Measure Retroactive to Jan. 1, 1956; to Get Cash Refund

WASHINGTON (INS) — The House Ways and Means Committee voted unanimously yesterday to remove the federal tax on gasoline used in farming and thereby save farmers an estimated sixty million dollars a year.

• • •

Since the Senate Finance Committee has approved the same step, it appeared likely that the first passage of any part of President Eisenhower's nine-point farm program will be the lifting of the tax.

House Majority Leader John W. McCormack (D) Mass., said the bill will be brought up on the house floor Monday under suspension of rules, a parliamentary device used to speed up passage of legislation.

Under the house bill, farmers would pay the federal tax on gasoline used on their machinery but would be entitled to cash refunds at the end of the year. The measure would be retroactive to Jan. 1, 1956.

The House committe estimated the mesure will give farmers a sixty million dollar benefit because it would apply to gasoline used in cultivating, harvesting, handling, drying, packing, grading and storing farm goods provided all these activities take place on the farm.

Meanwhile, the Senate Agriculture Committee continued closed-door arguments over knotty details on the soil bank plan which is a key feature of the President's farm program.

Chairman Allen J. Ellender (D-La), told newsmen that the bank "will have to be voluntary the first year." He explained that farmers already have voted on acreage allotments for wheat and cotton and they cannot be compelled to further cut back production.

Romeo Boys Organize Junior Policeman Unit

ROMEO—Seventeen Romeo boys have organized a junior police unit under the direction of Police Chief Gordon Osgood.

• • •

They held a meeting recently to elect officers and select the badge they will wear when on duty. A second meeting is scheduled for Saturday afternoon when the boys will set up their rules and regulations of government.

David Reynolds was elected captain of th eunit. Lieutenants are Raymond Russell and Arnold Welch. Kermit L. Knuppenburg is the sergeant.

Duties of the junior policemen are still in the formulative stage. Present plans call for them to tour law enforcement establishments, have an indoor rifle range and to patrol at public events such as the Peach Festival.

Boys between the ages of 12 and 16 may be elected to membership in this self governing organization.

Assisting Osgood in the instruction of the new unit are off duty state troopers of the Romeo post and local policemen.

• • •

The organization is designed primarily to "foster better relationships between the police and the youth of the community."

ROBERTA L. WOODBRIDGE

Mr. and Mrs. William Woodbridge, 610 Farr St., Commerce, are announcing the engagement of their daughter, Roberta L. to Kenneth G. Hull, 613 Commercial St., Commerce. No date has been set for the wedding.

Soviet Reviving Spirit of Geneva

Message to U.S. Timed to Offset Any Criticism From Ike-Eden Confab

WASHINGTON (AP)—Russian bosses Nikolai Bulganin and Nikita S. Khrushchev appear to be launching a new peace offensive designed to revive the "spirit of Geneva" and regain a measure of Western good will.

The timing of their moves suggests too that they want to offset in advance any criticism of their recent behavior which President Eisenhower and British Prime Minister Eden may make after talks here next week.

• • •

Two developments may signal a renewed Soviet emphasis on peace:

1. Premier Bulganin's letter to Eisenhower, delivered with full diplomatic ceremony yesterday. While the contents have not been officially disclosed, the leter was described by the White House as friendly in tone and containing "certain ideas" for Eisenhower to "study further in the interest of promoting world peace."

2. A three-hour interview which Communist party boss Khrushchev gave in Moscow to Marshall Macduffie, a New York attorney who is a long-time acquaintance. Macduffie quoted Khrushchev as saying he thinks American leaders including Eisenhower basically strive for peace and do not want war.

To Honor Three Michigan Men

Agriculture Dean to Give Awards During Farmers' Week

EAST LANSING (AP) — Three Michigan men will be honored for their contributions to agriculture during the Farmers' Week program next week at Michigan State University.

Dean of Agriculture Thomas K. Cowden will present distinguished service awards to H. Alfred Sturm of Pigeon, Charles S. Force of Kalamazoo and Robert J. Sutton of Dafter.

Sturm has been a member of the Michigan Crop Improvement Assn. for 36 years, a director for 28 years and currently is serving as president. The Huron County farmer also is a member of the state advisory board of the cooperative extension service.

Force, a partner in an elevator firm, farmer, businessman and teacher, is past president of the Michigan Feed and Grain Assn. and is a past president of the Michigan Agricultural Conference.

Sutton, a Chippewa County farmer, has been active in the 4-H Club, state grange and numerous other farm and civic organizations. Nine sugar beet farmers will be honored for high yields in 1955.

• • •

Awards will go to:

Joe Micka Jr., Elsie, 21.2 tons; Frank and Joseph Poma, St. Charles, 23.4 tons; Carl Maurer, Vassar, 23.7 tons; August Kiehl, Harbor Beach, 22.1 tons; Duane Baldwin, Stockbridge, 20.9 tons; Arnold Neuman, Sebewaing, 27.9 tons; Carl Boensch, Saginaw, 24.2 tons; Norman Benore, Erie, 26.9 tons; and Laverne and Gerald Montri, Ida, 23.9 tons.

'We Ate Real Well at That Time'

First GI to Touch Europe Runs a Lunch Stand Now

HUTCHINSON, Minn. (AP) —A friendly man behind a lunch counter here hopes someday to return to Northern Ireland, where just 14 years ago today he walked into fleeting international fame as the first American soldier of World War II to set foot on European soil.

• • •

"The whole thing about being 'first' stays pretty quiet nowadays," said Milburn H. Henke, now 37, who operates a lunch counter next to a filling station at a highway intersection.

'FROM B COMPANY'

"I'd have trouble right now telling you whether it was on the 26th or the 28th of January," he said, "but I sure remember it.

"Someone asked for a man from B Company. Somebody else said to me, 'You go with him.' I though it was going to be an unloading detail.

"A general walked up and asked me if I could talk over the radio. I said I suppose I could if I had to, and as we started ashore from the landing tug a whole bunch of photographers began taking pictures.

• • •

"I didn't know till then about being 'the first.'

"Then when I said I was from Minnesota, a whole bunch of Army mouths fell open. Our outfit was mostly from Iowa, and I think it was taken for granted 'the first' would be from Iowa.

ATE REAL WELL

"There were photographers following me around for a week and lots of stories written about me. Then later came a flood of letters—all of 1,000—from people all over the states and from England. Before long, there were packages from people I had never heard of. Mostly boxes of cookies and candy. We ate real well right in that period.

• • •

After almost a year in Northern Ireland, Henke spent a brief time in England before going through the North African campaign with the unit with which he had landed —the 34th Division, 133rd Infantry. His back was broken in a weapons carrier accident in North Africa in September 1943. He was awarded a Silver Star.

• • •

Now 25 pounds heavier than in his Army days, Henke lives in an attractive small home in this farm community of about 4,700 some 60 miles west of Minneapolis.

I'm Fine, and You?

SACRAMENTO, Calif. (AP)—Harry and Otis Grady, brothers, are back together after a separation of 45 years. Both are serving terms for vagrancy in the county road camp.

"GOTTA CHAW, CHUM?" — Bambi likes tobacco. Every chance she gets the year-old doe sticks her muzzle into the tobacco pouch of her owner, Y. M. Offret, to get a sniff of snuff or a cud for chewing. She also gobbles up cigarets bypassers often toss to her. But Offret, who farms near Provo, Utah, says he's rationing her before she becomes a hopeless addict. Bambi was rescued, nearly drowned, from a mountain stream last July by a ranger and turned over to the Offrets to raise.

Praise Paper Safety Theme

Traffic Program Given Top Play in Columns, MPA Told

EAST LANSING (AP) — Michigan newspapers did a good job of pounding away on the theme of highway safety during the past year, the Michigan Press Assn. was told today.

MPA directors, holding their board meeting prior to the opening of the 88th annual state convention Friday, were told that traffic safety had top priority in newspaper columns during 1955.

C. D. McNamee, editor of the Muskegon Chronicle and chairman of the MPA traffic safety committee, reported that Gov. Williams had complimented the newspapers on numerous occasions for their traffic safety efforts.

He said the newspapers supported recommendations of the Michigan Safety Commission 100 per cent.

• • •

McNamee said he thought newspaper support helped to get the maximum speed limit and the compulsory driver education program in high schools enacted into law.

Support of a drive to recruit 200 additional state troopers resulted in more than 10 times the applications needed being received.

Michigan's newspaper editors and publishers will start assembling tomorrow for their annual two-day gathering at Michigan State University.

2 New Teachers Join Rochester Schools Staff

ROCHESTER — Several changes are being made in the teaching staff of Rochester Community Schools, according to Supt. D. C. Baldwin.

Beginning with the new semester, Mrs. Virginia Dildine, formerly a teacher in the Gratiot Township Schools will teach kindergarten at the Brooklands School. Mrs. Dildine is a graduate of the State Normal at Ypsilanti.

Duane Holt of Yale, who has just completed his Master's Degree at University of Michigan will replace Mrs. Janet Patterson who is moving to Texas. He will teach Social Studies and English in the high school.

A Rattling Reply

DALLAS (AP) — An employment commission interviewer is going to have to change the pet dodge she has been using when there weren't any jobs for persistent job hunters. "All we have left," she would say, "is a job milking rattlesnakes." She used it this week on a man who wouldn't give up. "That's fine," said the man, brightening. "Where is it and how much does it pay? Just what I have been doing in Florida."

Burglary Suspect Admits Car Thefts

An 18-year-old youth, charged with stealing $168 in cash and property from a used car lot Monday night, has admitted stealing "several" cars here the past two weeks, Pontiac police said today.

Dallas W. Goff, of 29 Hillside Dr., who will be arraigned today on charges of breaking and entering, also confessed stealing a car from the lot at 235 W. Montcalm St.

He was arrested a few hours later in still another admittedly-stolen car, Det. Sgt. Raymond E. Meggitt said.

Goff also was wanted for recently robbing a Gingellville garage, from which he stole at least $30, Oakland County Sheriff's Det. Leo Hazen said.

First coin operated dial telephone was installed in New York in 1927.

Methodist Church Circles Plan February Meetings

COMMERCE—Methodist Church circles here have planned their February meetings:

Susannah Wesley Circle will meet with Mrs. George Brandie of South Commerce road on Wednesday, Feb. 1 at 12:30 for a luncheon.

Also meeting at 12:30 Wednesday is the Fanny Crosby Circle at the home of Mrs. Robert Reichardt of Bemstein road. Fund-raising projects of this group include the selling of gelatin and all-ocasion greeting cards.

Two circle meetings are slated for Feb. 8. Hannah Moore members will meet with Mrs. Edward Bergman at 8 p.m., at 4088 Burnet Rd. The Sarah Chocko group will meet the same time at the home of Mrs. Harold Bliss, 1850 Portlock St.

Isabella Thornburn members will gather with Mrs. Mike Kinports, 4289 Bluebird St., at 8 p.m. Feb. 13.

On Feb. 14 Mary Reed Circle will meet at the home of Mrs. Jack Overcashier, 490 Ponchartrain St. at 8 p.m. and Mrs. Palmer Maesh, 6760 Buckland St., will entertain Barbara Heck circle members at a 12:30 luncheon.

This group is selling dish cloths and food choppers for its fund raising projects.

The next regular meeting of the the Catherine Booth circle will be at 8 p.m. Feb. 21 with Mrs. Marvin Stokes, 3247 Silverberry, opening her home to members.

Area Woman Admits False Story of Theft

A Pontiac Township woman admitted yesterday she told police a false story when reporting a purse snatched from her car last week.

As a consequence, a charge of larceny will be dropped against Aaron Walker, 38, of 186 Earlmore Bldv., said Assistant Oakland County Prosecutor Robert W. Lon.

Sadie L. Lair, 1642 Opdyke Rd., had identified Walker as one of two men she claimed stole her purse containing $300.

Yesterday she confessed her purse hadn't been stolen, although she still maintained it was missing, said Long, who issued a warrant charging her with falsely reporting a crime.

The woman pleaded bullty before Municipal Judge Maurice E. Finnegan and was placed on six months probation.

Panel to Cover Feb. Bond Issue at PTSA Meeting

WATERFORD TOWNSHIP — The high school PTSA will meet at 7:30 p.m. tonight at the school.

Heading the program is a panel composed of Edmund Windeler, Marshall Smith, Mrs. Donald Adams, Elmer Johnson, and Fred Poole. Topic for the group will be the Feb. 21 bond issue of the township.

Thad Carr, principal of the school, will tell of the new driving program to be inaugurated in February. Refreshments will be served following the meeting.

He Sifts to Keep Cars From Icy Return Trips

OMAHA (AP)—"Don't ever do a good turn expecting it to come back."

So saying, auto parts man George Snelling turned back to his wheelbarrow, dug in his shovel and sifted another bunch of ashes onto the icy street incline on his block yesterday.

Whenever the street gets an ice coating that sends cars spinning, Snelling digs into the ashes he collects from an apartment house and goes out "to help people."

The largest members of the bear family are the grizzly and polar species.

Blaze Hits Factory; One Worker Burned

One worker was injured and $1,000 damage caused during an hour-long fire this morning in a television tube factory at the corner of S. Saginaw St. and Franklin Rd.

Joseph Sparita, 28, of 78 Tasmania St., was released from St. Joseph Mercy Hospital after treatment for burns to his right arm.

Firemen believe the blaze was caused by an electric spark igniting highly inflamable fumes. Saparita told them fire broke out in two tanks of solvent after he plugged in an electric plug a few inches away.

Damage was confined to a back room plating shop, firemen said.

Tree Planting Project to Be Launched Today

The first of 35 trees that will soon decorate the lawn of the City Hall will be planted today by workers of the Parks and Recreation Department.

City Forester Don Nagel hoped the work would be completed by spring. The trees to be planted are: one tulip popular, 14 red oaks, nine Norway maples, five Colorado blue spruces, two red maples, two honey locust and two little leaf linden.

County Deaths

Mrs. Caroline L. Stern

UTICA—Service for Mrs. Caroline L. Stern, 74, 642 Hamlin Rd., will be held at 1:30 p.m. Friday at St. John's Lutheran Church, Romeo with burial in Utica Cemetery. Her body will be at the Milliken Funeral Home until 11 a.m. Friday. Mrs. Stern died Monday night at the Avon Center Hospital.

Raymond-McCready Rite Read in Clifford Church

CLIFFORD—White gladioli and chrysanthemums provided a background in the Clifford Methodist Church for the Saturday wedding of Ernestine McCready, daughter of Mr. and Mrs. Ernest McCready, and Gerald Raymond, son of Mr. and Mrs. Cleve Raymond of Metamora.

For her wedding the bride chose a ballerina length gown of white net over white taffeta with a bouffant skirt emphasizing a fitted bodice with a draped neckline. Her bouquet of white carnations was centered with three white roses.

Ellen Papke served Ernestine as maid of honor and bridesmaids were Mrs. Howard Molme and Yvonne Raymond. Richard Raymond was best man and Howard Molme seated the guests.

A reception for 175 guests was held in the church basement. The new Mr. and Mrs. Raymond will reside in Lapeer.

Two Clifford Lodges Name New Officers

CLIFFORD—The Clifford Oddfellows and Rebekah Lodges have chosen officers for the coming year.

Heading the IOOF slate is Will Friday, noble grand; Floyd Vollweiler, vice grand; Eugene Friday, recording secretary; Kenneth Fick, financial secretary; D. H. Hobson, treasurer; Ernest Minnetti, warden; Clinton Long, conductor; and Less Cotter, chaplain.

Martha Sarles will lead the Rebekahs as noble grand; Leta Friday, vice grand; Pauline Bays, recording secretary; Pearl Travis, treasurer; June Fick, warden; Minnie Seibert, conductor; and Rosetta Vollweiler, chaplain.

Special truck taxes in the U.S. in 1954 reached an all-time peak of $7,771 million, including local taxes and tolls.

STUDY HEART FUNCTIONS — Assisting in the process of recording an electrocardiogram in the study of the heart is Elizabeth Gessas, junior at Michigan State University and daughter of Mr. and Mrs. W. A. Gessas, 2121 Maddy Lane, Keego Harbor. Medical technology is one of the newest of the professions affiliated with the medical field. Others in the picture are James Bilcar, left, Ft. Wayne, Ind. junior and William Collings, associate professor in the Physiology Department.

'No Money in Farming,' Says Youth

All Time Corn Crop Winner Modest

CHICAGO (AP) — A Mississippi farm boy, who has no plans to be a farmer, has reaped big rewards and honors for raising a record corn crop on one acre of land.

• • •

Lamar Ratliff's bumper crop of 304.38 bushels on his father's farm at Baldwyn, Miss., is an all-time high. His feat was compared to running the mile in less than four minutes or climbing Mt. Everest.

The average acre of corn yields about 40 bushels.

EXPLANATION SIMPLE

Lamar, 16-year-old high school junior, had a simple explanation of how he did it:

"I just worked at it, I reckon. But I had some help from my mule Dolly."

Lamar, a 4-H club member, and his father Paul were in Chicago for a luncheon in the youth's honor attepded by representatives of hybrid seed corn and farm implement industries.

He was given $1,000 by the Farm Journal to help finance his college education. He also got $500 from a seed corn company. The magazine gave Lamar's father $1,000 to be spent for improvement or equipment for the Ratliff's 170-acre hill farm in northern Mississippi.

63 BUSHELS HIGHER

In setting the new record, Lamar exceeded by 63 bushels the previous high corn yield of 241 bushels per acre set in 1954 by A. J. Custer of near Fort Wayne, Ind.

The youth began aiming at high corn yields six years ago in a patch of sandy loam that had seldom produced more than 30 bushels per acre. The first year he grew 179 bushels on one acre and gradually pushed his yield up to 218½ bushels.

In planning for the 1955 crop, Lamar, after planting, cultivating and thinning, had 25,800 stalks in his acre. It was fertilized with 15 tons of manure and 1,500 pounds of commercial plant foods. More than 40 inches of rain fell on the patch during the growing season.

"I think I'd like to be a doctor," Lamar said. "There's no money in farming."

Refinery Co. Manager Addresses Kiwanians

WEST BLOOMFIELD TOWNSHIP—The Kiwanis Club of West Bloomfield met yesterday to hear Edward Pollack, district manager of Midwest Refinery Co. Pollack gave a picture review of Korea and Japan.

The group is observing Veterans of Foreign Wars week.

Zion national park in Utah covers an area of about 135 square miles.

Your PTA Is Planning

Founder's Day Program

Metamora PTA will observe Founder's Day at its Feb. 16 meeting. There will be a family potluck supper at 7 p.m.

The children will put on a program afterward, with teachers in charge.

Leonard

Leonard PTA will meet at 8 p.m. Monday at the school.

Michael Schluster will play a piano solo for the evening's program. A girl's trio from Dryden will also perform.

Slides taken in Europe will be shown by Donald Button, former band instructor here. Refreshments will be served.

Clarenceville

Mrs. W. E. Stetson is the new president of the Edgewood PTA of the local school district.

Mrs. S. T. Goddard, director of District 7 of the congress of parents and teachers conducted the election of officers.

Mrs. K. Whitefood is the newly elected mother vice president; Robert Harbourne, father vice president; Ramond LaBarge, teacher vice president; and Mrs. Joan English, secretary.

County Deaths

Mrs. Samuel Hettinger

LAPEER — Service for Mrs. Hettinger, 80., 2731 Slattery, was held today from the Braid Funeral Home with burial in Clayton Cemetery, Arenac County. Mrs. Hettinger died Tuesday at Lapeer County General Hospital.

Surviving are her husband; a son, Guy Harding of Edwardsburg; a daughter, Mrs. Edward Winn of Lum; three stepchildren, Merritt Hettinger of Grand Blanc, Orion Hettinger of Pontiac and Mrs. William D. Sibley of Lake Orion; five grandchildren and eighteen great-grandchildren.

Mrs. Sonya S. Raeside

DRAYTON PLAINS — Service for Mrs. Sonya S. Raeside, 40, 3432 Ardreth, will be held at 1:30 p.m. Saturday from Donelson-Johns Funeral Home with burial in Ottawa Park Cemetery. Mrs. Raeside died Wednesday.

She is survived by her husband, David.

Mrs. Cornelia E. Pieron

FARMINGTON — Service for Mrs. Cornelia E. Pieron, 51, 33308 Orchard, will be held at 1 p.m. Saturday from Thayer Funeral Home in Farmington with burial in Glen Eden Cemetery. Mrs. Pieron died Tuesday at her home.

She is survived by her husband, Ferdinand; a son, Milford, and a daughter, Rita, both of Farmington; her father, Fred Krouse; two sisters, Mrs. Olivia Reduzzie of Redford and Mrs. Viola Klucker of Illinois; and one grandson.

Ford Tractor Division Unveils Farm Loader

Development of a "step-on" farm loader designed to mount in less than two minutes on any Ford tricycle tractor was announced yesterday by Ford Motor Company's Tractor and Implement Division.

Compact design, 1,000 pound load capacity and rigid frame construction are features of the loader, Assistant General Manager M. D. Hill said in making the announcement.

Since vertical frame members supporting the loader arms are more than 14 inches ahead of the rear fenders, ample room is provided for the operator to step directly onto the tractor, Hill said.

Train Engineer Dies

SAGINAW (AP) — William F. (Bill) Miller, 69, collapsed in the cab of his Chesapeake & Ohio diesel locomotive and died in a hospital a few hours later of a heart attack. Miller, oldest active engineer in the C&O Saginaw division, had planned to retire next July after 52 years of railroading.

Energy consumption in the United States today is at a rate equivalent to 18,000 pounds of coal (nine tons) per person, per year. In Europe, by contrast, the rate is only 5,600 pounds per person, per year.

Union Phone Co. Gets Rate Increase

LANSING (AP) — The State Public Service Commission today granted a $492,965 rate increase to the Union Telephone Co., approximately 60 per cent of the boost requested by the company more than a year ago.

The commission said the increase will go into effect Feb. 1 and will average less than 50 cents a month per customer.

The increases will range from 10 cents to $1.40 a month, depending upon the class of service, with no increase allowed for approximately 1,500 customers receiving four-party residence and rural service.

A 10 cent pay station rate was authorized.

The company serves more than 90,000 customers in 33 counties. Its 74 exchanges include Owosso, Adrian, Alma, Alpena, Rogers City, South Haven, Houghton Lake, Mount Pleasant, St. Johns, Dowagiac and Paw Paw.

The company asked the increase to meet higher labor and materials costs and to permit it to improve its service.

About 650,000 trucks and buses are junked each year and three out of four trucks sold are needed to replace units which have been scrapped.

Thinks Ike Will Run

ADRIAN (AP) — Rep. Meader (R-Mich) told his constituents in a news letter that he believes President Eisenhower will run and be elected to a second term. Meader predicted that the current session of Congress will prove some relief for farmers and approve an expanded highway program.

McCoy to Run Again

BAD AXE (AP) — Dr. Ira D. McCoy, Democrat who ran unsuccessfully against Rep. Wolcott (R-Mich) in 1952-54 has announced he is a candidate again for the Democratic nomination in the 7th Congressional District.

Dog Licenses Are Now Due

Have pet vaccinated against rabies and present slip to your township treasurer.

No reported case of rabies in Oakland County in past year; continued success of rabies control depends on everyone's cooperation.

Red Diplomatic Pursuits Expand

Kremlin's Recent Moves Indicate Endeavor for Global Expansion

NEW YORK (AP)—The Kremlin is in the midst of a broad expansion of its diplomatic activities.

Here are a few of the recent developments:

New heads of mission have been appointed by the Soviet government in 12 countries since Nov. 1.

The Soviet government quickly recognized the independence of the Sudan and offered to establish diplomatic relations with it.

• • •

A Soviet delegation sent to Liberia concluded an agreement to establish diplomatic relations and exchange ambassadors.

Russia suggested economic aid was available for Latin America.

One of the highest Soviet diplomats, Valerian Zorin, arrived in West Germany to head a large diplomatic mission there.

Nikolai Generalov was sent to head the first Soviet mission in Libya.

These developments coincided with economic negotiations for sale of industrial equipment to India, the large Soviet loan to Afghanistan, the proposal of an oil refinery to Syria, and the last-minute compromise solution of the new member deadlock in the United Nations.

New heads of Soviet missions were appointed for Egypt, Syria, Lebanon and Pakistan—four Arab nations where the Soviet Union has diplomatic representation. With the overtures to the Sudan and Libya, this underlines again the intense interest in the Middle East. Apparently new moves are on foot and the Kremlin wants to have new men on the spot with full comprehension of the Soviet line in this area.

• • •

This seems to be the outlook:

There will be an increase in offers of economic aid and trade to a number of countries.

Political propaganda through all channels will be intensified.

The Soviet government will make numerous efforts to establish or renew diplomatic relations with additional countries—for example, Australia.

In the United Nations the Soviet representatives likely will make strong efforts to influence the new nations admitted in December.

All this adds up to a comprehensive Kremlin offensive.

ENGINEER AWAITS TESTS — Dr. Marcus Crahan, Los Angeles County jail physician, visits Frank B. Parrish, 61, engineer on the Santa Fe train derailed in Los Angeles Sunday night with loss of 29 lives. Psychiatric examination indicated no sign of mental derangement.

The engineer blamed a mental blackout and spoke of seeing an orange grove. No such grove exists along the route.

Dr. Crahan said: "The illusion must have been the result of something physical. I have ordered that he be put through a complete series of medical tests, including chemical, to see if he has some disorder unknown to him."

Michigan Paper Firm Stockholders OK Sale

KALAMAZOO (AP) — Stockholders of the Watervliet Paper Co. of Watervliet, have accepted an offer of the Hammermill Paper Co. of Erie, Pa. to buy the Michigan firm on a stock exchange basis.

Under the proposal accepted by stockholders at their annual meeting yesterday Hammermill will give 26 of its shares for each 25 shares of the Watervliet company.

George K. Ferguson, president of Watervliet, said his firm will be operated as a separate division of Hammermill.

Inkster Station OK'd

WASHINGTON (AP)—The Communications Commission yesterday approved the application of Dr. Haley Bell for a new standard station at Inkster, Mich., to operate on 1440 kilocycles, 500 watts power, daytime.

Returning for Trial

PORT HURON (AP)—Michigan authorities were en route to California to return a Marlette man sought on an embezzlement warrant, St. Clair County sheriff's officers reported. He is Adam Matwyzuk, accused of failing to return $800 borrowed from a friend. He was arrested in Los Angeles when he applied for work in an aircraft plant.

Lutheran Pastors Study

DETROIT (AP) — Pastors of the Michigan Synod of the United Lutheran Church studying the church's two-year "preaching missions" program at a training school now in progress here. The school was planned to train Michigan pastors for direction of week-long preaching missions to be conducted in more than 4,300 churches during a two-year emphasis on Evangelism.

Workers Pump Flooded Tunnel

12-Hour Flow of Water Into New Lincoln Tube Across Hudson Plugged

NEW YORK (AP)—Pumping operations began today in the flooded Manhattan approach to the new Lincoln Tunnel tube. Water came in for 12 hours yesterday before a diver closed a safety door to stop the flow.

The main tube itself, to be used for motor traffic, was not affected. There were no injuries when the Hudson River breakthrough came, but several sandhogs had to swim for their lives.

• • •

The two original Lincoln tubes 175 feet to the north were not touched.

The main part of the new 100-million-dollar third tube is being bored from the New Jersey side of the Hudson.

The break occurred in a rock tunnel below 12th avenue and 38th Street, just west of the New York Ventilation Building.

Three sandhogs went down 85 feet to try and stem the break. They found the safety door jammed and had to swim for it as the water kept rising.

About 1:30 p.m. yesterday a diver, Raymond J. Campbell, 48, went down to try to close the safety bulkhead. Unsuccessful on that try, he went down again several hours later and swung the big door shut.

Engineers estimated the break would mean a construction delay of two or three weeks.

Plan Shopping Center

BATTLE CREEK (AP)—Plans for construction of a 3½ million dollar shopping center in Battle Creek were announced yesterday. The center, to be known as Columbia Plaza, Inc., will include 31 units and parking space for 1,800 cars. Howell Construction Co. of Arlton, Ohio, is the builder.

Horsepowered railroad service reached Royal Oak in 1838. In 1839 the same railroad was extended to Birmingham and was converted to steam. These bits of Oakland County history are reported by the Oakland County Planning Commission.

Solons Favoring Farm Proposals

Two Additions Get OK: Pork Price Supports, Plan for Surpluses

WASHINGTON (AP) — Chairman Ellender (D-La) said today members of the Senate Agriculture Committee are looking with favor on two proposed additions to the administration's new farm program.

• • •

One which Ellender himself has advanced would authorize from 250 to 300 million dollars for price support operations on pork, beef, cattle and other perishable farm products now largely excluded.

The other advocated by several members would lock up a good part of the eight billion dollars worth of farm surpluses now in government hands as "a strategic reserve" to be used only in case of war or other emergency.

"We will continue our discussions today and tomorrow," Ellender said of the committee's efforts to draft a new farm bill. "Then we will ask our staff and the Agriculture Department people to draft this into legal terms. We hope to do some actual voting Tuesday."

Nineteen midwest Republican House members called on Secretary of Agriculture Benson yesterday to urge that he step up government buying to bolster pork and beef prices, and to take other immediate steps. Benson made no firm commitment.

• • •

At present the secretary has a 440-million-dollar fund, earmarked from customs receipts, for special price supporting moves. But not more than one-fourth of it—or 110 million—can be used on any one commodity.

Thomas Jefferson regarded agriculture as "a science of the very first order" and urged its inclusion in college curricula.

Chain Stores Reaping Profits in Australia

MELBOURNE, Australia — Operating on Australia's equivalent of the "five and dime," G. J. Coles and Co. Ltd. of Melbourne, one of tailers, made a record profit in Australia's top-line chain store re the year to June 30, of $2,970,000, compared with $2,306,000 last year. Sales rose by 12 per cent to a record $72,000,000.

The company controls 188 stores. By Christmas 1955, 200 stores will be opened, including a new business purchased from Manton's in Bourke Street, in the heart of Melbourne's shopping area.

Employes total 9,000, serving more than 1,000,000 customers daily.

The company maintained its ordinary dividend at 15 per cent and also eight per cent on preference shares.

Northwestern Paraguay is called the Gran Chaco.

New Sweden Colony Lasted Only 17 Years

WILMINGTON, Del.—Sweden's colony, New Sweden, was founded in 1638 on the Delaware River. The settlers landed at what is today Wilmington's water front. They bought land from the Indians "as far west as the sunset"; eventually it comprised nearly all present-day Delaware, eastern Pennsylvania, and parts of Maryland and New Jersey.

* * *

In September, 1655, the outnumbered colonists surrendered to the Dutch.

Just Borrowed

OAK RIDGE, Tenn. (AP) — Fisherman T. L. Gregory reported that his boat trailer was stolen from near a bridge on the Knoxville highway while he was fishing. A week later he said, he went fishing at the same spot. When he returned to shore, the trailer was in place.

Human Moderation Eases Heart Strain

CHICAGO (AP)—Dr. Irvine H. Page, president of the American Heart Assn., says half the annual deaths in the United States result from some form of heart disease. Although it attacks at every age, occupation and income level, the all-too-often occurence concerns the man who attains a coronary thrombosis along with his success and bank account.

He urges moderation in the use of salt, fatty food, sex, tobacco and alcohol, saying:

"I'd like to add that I am for all these things—in moderation," and added:

"Learn equanimity in a world full of stress and strain. Avoid fatigue; it is a warning signal."

There are more than 28 million people in the United States who who play a musical instrument, says the American Music Conferences.

Wheat Is Firm in Grain Market

CHICAGO (AP) — Wheat firmed while other grains lagged in moderately active dealings on the Board of Trade today. At the start wheat had a slightly easier undertone, except for the March contract. This was quickly overcome, however, and the bread grain moved ahead for fractional advances.

• • •

Soybeans encountered profit taking after the upward surge in the closing minutes of the previous session. Soybean oil futures also eased after a firm opening. Feed grains were restrained by hedging pressure but did not give up much ground.

Wheat near the end of the first hour was ⅛ to ½ higher, March $2.09⅝; corn unchanged to ¼ lower, March $1.28⅛; oats ¼ to ⅜ lower, March 64¾; rye ¼ lower to ⅛ higher, March $1.22⅜; soybeans ⅛ to ¾ lower, March $2.47¼, and lard unchanged to 5 cents a hundred pounds lower, March $11.90.

REALTOR'S NEW OFFICE—Recently completed, the new office building of Ward E. Partridge is an attractive one-story structure, 30x70'. It is located at 1050 West Huron street with ample parking space in the rear. Raymond Shell of Drayton Plains was the contractor.

Realty Firm Occupies New Offices; Open House Will Begin Tomorrow

Ward E. Partridge, realtor, will hold open house Friday and Saturday in his new offices at 1050 West Huron street. For the past eight years he has done business in the Huron Hotel.

When his business and his staff outgrew their old quarters, Partridge designed a building to take care of their expanding needs. Raymond Shell of Drayton Plains was the contractor. The 30x70 foot building was begun in July and occupied soon after the first of the year.

The long low structure of cement block has brick and cypress panel trim. Brick is used around the large windows at both back and front. The east wall of the building is of cypress wood.

Just inside the front door is the customer's lobby, furnished with comfortable modern chairs.

To the right is the business office. Willis D. Lefurgy, Waterford Township justice of the peace, shares this space.

There are two private consultation rooms and a private office for Partridge. These have paneled birch walls.

Besides the furnace and storage rooms in the full basement, there is a large room for sales meetings. There is also a complete kitchenette where the staff can prepare their noonday lunches.

A large parking lot at the rear will be blacktopped in the spring. The lot to the east of the building will also become a parking lot in the future.

Partridge has been in the real estate business since 1932. His son, Cramer, is associated with him.

Livestock

DETROIT LIVESTOCK

DETROIT, Jan. 26 (AP)—Hogs—Salable 150. Not enough hogs early to make a market, asking higher.

Cattle—Salable 200. Market generally steady. Compared last Thursday trading very active for cows, only fair for other classes; slaughter steers and heifers fully steady; some utility and low commercial grades 25 cents higher; cows $1.00-1.50 higher; bulls around 50 cents higher; stockers and feeders slow, steady; 7 head high prime 1066 lb steers 23.75; about two loads prime 1002-1095 lb steers 22.50-22.75; bulk good and choice fed steers 18.50-21.50; mostly 21.00-21.50 for choice under 1050 lbs, few prime 1234 lb steers 21.50; choice and prime 1225-1370 lb steers 21.00-21.50; small lot high choice 1565 lb steers 19.00; most good and low choice 984-995 lb heifers 17.00-18.50; bulk utility and commercial steers and heifers 12.00-16.00; most utility cows 11.00-12.00, few better utility cows 12.50; canners and cutters mostly 9.50-11.00, few lightweight canners 9.00 down; bulk utility and commercial bulls 12.50-13.50; load mostly choice 648 lb yearling feeder steers 19.00; some good and choice 625-805 lb feeders 16.50-18.50.

Calves—Salable 25. Market mostly steady. Compared last Thursday vealers fairly active, fully steady; bulk good and low choice 21.00-28.00; high choice and prime scarce, most individuals 29.00-35.00; bulk utility and commercial 18.00-21.00; cull and low utility scarce, mostly 13.00-15.00.

Sheep—Salable 100. Market about steady. Compared last Thursday slaughter lambs active, mostly 50 cents higher; sheep scarce, unevenly 50 cents or more higher, advance poorly defined account small supplies; about 400 choice and prime 77-92 lb wooled lambs 21.25-21.50; bulk mostly good and choice wooled lambs under 110 lbs 19.50-21.00 mostly 20.00 up; some utility and good wooled lambs 18.00-19.00; 26 choice and prime shorn lambs No. 1 pelts 19.50; several small lots good and choice shorn lambs, mostly No. 1 pelts 18.50-19.00; cull to choice slaughter sheep 5.00-8.00 few choice lightweights up to 9.00.

CHICAGO LIVESTOCK

CHICAGO, Jan. 26 (AP)—Salable hogs 10,000; extremely active, generally 50-75 higher on butchers, but sales up to 1.00 or more higher, as trade very erratic; sows fully 50 higher, instances up more; good shipping demand and all local interests buying for numbers; early clearance; most U.S. No 1 to 3 190-230 lb butchers 13.50-14.50; little below 13.75 except a few lots No 3s; most lots at 14.50 with sizable No 1 and 2 end and around 200 head mostly No 1 and 2 grades, but some lots with small No 3 end included at 14.75; most mixed grade sows No 2 and 3s 230-300 lb 13.00-14.00; few around 230 lb carrying No 1 and 2 grade to 14.25; 270-320 lb mostly 12.00-13.00; larger lots 350-400 lb sows 10.00-11.00; weights under 340 lb scarce, but quotable to 11.75.

Salable cattle 2,000; salable calves 200; steers and heifers slow, weak, a few sales 25-50 lower, clearance incomplete; cows fairly active, steady; other classes also mostly steady; a load of choice to mostly prime 1200 lb steers 22.00; good and choice steers 18.50-20.00; utility and commercial steers 12.50-18.00; most good to low choice heifers 15.00-18.00; utility and commercial heifers 11.00-14.50; utility and commercial cows 10.50-13.00; bulk canners and cutters 8.00-10.75; utility and commercial bulls 13.00-15.75; most good and choice vealers 25.00-29.00; good stock heifer calves 16.00-17.00.

Salable sheep 2,500; fairly active; lambs strong to 25 higher; sheep fully steady; good to prime wooled lambs 92-108 lb 19.50-21.00; cull to low good grades 13.00-18.50; one deck mostly choice shorn lambs 95 lb No. 2 pelts 18.75; cull to choice slaughter ewes 5.00-7.75.

Plan Motor City Mart

DETROIT (AP)—Richard Collen and his father, Sam have announced plans to convert a seven-story downtown warehouse into a million-dollar merchandise mart, making Detroit the third city in the country to have such a mart. New York and Chicago also have such marts.

Stocks Recede After Big Rally

NEW YORK (AP) — The stock market declined today in a quiet manner following a two-day rally. A handful of key stocks lost more than a point. Most changes in either direction were small.

• • •

Trading was at a very slow pace, even under yesterday's 1,950,000 shares, lowest in nearly three months.

One steel company after another reported unusually high earnings, but steel nevertheless declined in active dealings. Bethlehem Steel was off between 4 and 5 points at the outside.

International Business Machines, which accepted a government settlement of an anti-trust suit, dropped 13 points at the opening at 385 and then it slipped 25 points at the most.

• • •

On the other hand, American Telephone, was active and strong with gains going to around 2 points at times.

Ford Motor dropped to a bid of 64½, the original offering price. Ford yesterday closed at 64⅝ bid and 65 1-28 offered.

Snow Nears 62 Inches

WINNIPEG, Man. (AP) — Winnipeg has had nearly 62 inches of snow so far this winter, a new record for the 75 years the Weather Bureau has been keeping such figures.

FRANCES H. SCHNEIDER

Credit Union Eyes Pay Plan

Chief Pontiac Official Cites Change in Name of Organization

Plans to inaugurate payroll deduction procedure for members of the Chief Pontiac Federal Credit Union are currently being studied by officials of the organization and the Pontiac Motor Division.

Francis H. Schneider, treasurer-manager, recently cited a move by the credit union in which it changed its name from the Pontiac Motor Federal Credit Union to facilitate steps toward putting the deduction plan into effect.

Personnel officials at the division expressed the possibility that the deductions may be in operation sometime in February. The legal steps involved are presently being studied by company and credit union lawyers.

Schneider states that the change in name was approved to obtain GM okay of deductions; the new title was chosen to indicate that the credit union is a separate corporation and in no way connected with the GM organization or the UAW-CIO labor union, following an agreement between GM and chief Pontiac officials.

The deduction plan, when it goes into effect, will be optional among credit union members, Schneider said.

The credit union is headed by President Gordon W. Rice.

Youths Face Charge of Gasoline Larceny

Two youths, captured last night after police chased them five blocks on foot, face arraignment today on charges of simple larceny.

Jailed were Earl Scribner, 17, of 1673 Beechcraft, Keego Harbor, and Jerry Russell, 18, of 841 Stanley Ave.

A 16-year-old boy with them was released to his parents.

The chase resulted after officers Wayne E. Long and Robert C. Gains discovered the trio siphoning gas from a truck at 45 Forest St. The boys admitted the crime, Long said.

Wolfson to Resign Ward Post

NEW YORK (INS) — Louis E. Wolfson, the Florida operator, called a news conference yesterday afternoon to announce his resignation as a director of Montgomery Ward and Co., thus ending the bitter proxy fight for control of the billion-dollar mail order concern.

Wolfson's resignation will take effect immediately.

Wolfson, although failing in his bid last year to wrest control of the company from the management, headed by 81-year-old Sewell Avery, won three of the nine directorships.

However, Wolfson said he is not planning to dispose of any of his 53,500 shares of Ward's stock. Presumably, the Wolfson forces could make a fight of it again this year for places on the board if the management slate is not to their liking.

In a statement yesterday in New York, Wolfson said he was resigning "since practically all of our program has been put into operation at Montgomery Ward" and because he wishes to devote all his time to Merritt-Chappman & Scott, a construction firm he heads.

After his unsuccessful proxy fight for control last year Wolfson said he would not stage a proxy contest in 1956 unless Ward's management tried to throw him off the board.

His two associates on the Ward board — Alexander Hittmaster and Bernice Fitz-Gibbon — are expected to remain on the board until the spring stockholders' meeting. They will not stand for re-election.

LOUIS E. WOLFSON

The vote at last year's Ward meeting — one of the most tumultuous in corporate history — was two to one against the Floridian. His group polled 1,799,398 shares or 30.07 per cent of the votes cast at the meeting, against 4,057,461 for the Avery slate.

• • •

After his victory over Wolfson, the 81-year-old Avery stepped down as chairman and chief executive. He was succeeded by John A. Barr, who had been secretary. The latter change was made before Wolfson and his two associates were seated.

Since then the company has gone ahead, showing gains in sales and earnings, under Barr and an executive committee, which included no member of the Wolfson group.

The Ward stock had a big run-up during and since the fight, starting from around $80 before last year's annual meeting and reaching a recent high of $107.50. Along with the rest of the market, it has declined and is currently around $88.

• • •

One of the things Wolfson campaigned for was carried out by the Ward board — a two-for-one split up to take effect in April.

The board will meet Friday, when it is slated to accept Wolfson's resignation.

Taylor Dissents With 'Short War' Talk and Hope

NEW YORK (AP)—Gen. Maxwell D. Taylor said today that "I feel it would be a tragic mistake to assume dogmatically that we will only fight a short war, and deliberately limit our preparation in consonance with that hope."

• • •

The Army chief of staff, in an address prepared for the Overseas Press Club, made no direct reference to air war proponents who say that atomic-air power can mean a short, fierce war instead of prolonged, traditional ground fighting. But he did say:

"I am well aware of the school of thought which feels that the war will be over in a matter of a few days. Maybe it will.

• • •

"However, I recall that the hope of a blitzkrieg has known disappointment before in military history."

Taylor said that regardless of the duration of a war, "Army forces will be needed abroad throughout."

Coast Relaxes Flood Anxiety

Waterlogged California Breathes Easy; Rivers Reported Receding

SAN FRANCISCO (AP) — Heavy rain from a new Pacific storm lashed wide areas of waterlogged California today. But booming mountain streams appeared to be receding after threatening farm areas in the southern part of the vast central valley with new floods.

U. S. Weather Bureau forecaster E. H. Quinn said the new storm, centered about 400 miles off the northern California coast, is expected to diminish in intensity tonight after causing heavy to moderate rain over much of the state.

Over the nation the weather showed only minor changes today, with temperatures around seasonal levels in most areas and rain or snow in scattered sections.

Fog blanketed wide areas of the Ohio and Mississippi valleys, the eastern Dakotas and western Minnesota. Skies were generally cloudy in most other parts of the country.

5 Dealers to Unveil '56 Chevrolet Trucks

Chevrolet's 1956 line of trucks, offering a new six-speed automatic transmission, will go on display at dealer showrooms tomorrow.

The new models will be exhibited at Matthews-Hargreaves Inc., 34 Mill St.; in Pontiac, G. G. Carpenter Chevrolet Sales and Service, Commerce; Haskins Chevrolet, Clarkston; Taylor Chevrolet Sales, Walled Lake; and Chrisman Chevrolet, Rochester.

The new transmission is one of eight offered in various 1956 truck models. Nine different engines, including four V8's and five six cylinders, also are available.

Other new features include tubeless tires as standard equipment on all models. Offered as optional safety devices are governors for high powered V8 engines, and a hydraulic retarder, which is part of the automatic transmission mechanism and augments the regular braking system.

Ten to Attend National Parley

GMC Truck & Coach, Car Agency Personnel NADA Delegates

Three area automobile dealers and seven staff-members of the GMC Truck & Coach Division have been listed as early registrants for the forthcoming annual convention of the National Automobile Dealers Association in Washington, D.C.

The meeting, scheduled to last from Jan. 28 through Feb. 1, will be conducted concurrently with the Ninth Annual NAD Equipment Exhibition.

Truck & Coach Division personnel at the conference will include Julian M. Gilroy, R. C. Woodhouse, George W. Sheldon, V. L. Kling, M. S. Nemetty, E. F. Burnham and R. H. Gillespie.

Local dealers who plan to attend include R. B. Oliver, of Oliver Motor Sales, 210 Orchard Lake Ave.; and Robert C. and Robert J. Beattie, of Beattie Motor Sales, 5805 Dixie Hwy., Waterford.

• • •

Main speaker at the five-day event will be Secretary of Commerce Sinclair Weeks.

The exhibition will feature displays of the latest developments in tools, equipment and procedures.

The NADA represents approximately 30,000 franchised new car and truck dealers in the U.S.

Earnings

CLEVELAND (INS) — Republic Steel Corp. reports net income for the year ended Dec. 31 of $86,271,491, equal to $5.59 a common share. This compared with $52,875,164, or $3.55 a common share, in the preceding year. Sales increased to $1,195,094,731 from $850,343,516 in 1954.

CHICAGO (INS) — Oliver Corp. has announced net income for the fiscal year ended Oct. 31 of $4,796,380, equal to $2.13 a common share. This compared with $3,707,295, or $1.61 a common share, in the preceding year. Sales increased to $133,599,627 from $128,343,468 the year previous. Alva W. Phelps, chairman, said the sharp improvement in earnings "resulted largely from an increase in sales of regular products and from lower unit costs of production because of the expanded volume of manufacturing."

NEW YORK (INS) — Owens-Corning Fiberglas Corp. reports net income for the year ended Dec. 31 of $10,944,945, equal to $3.48 a common share. This compared with $8,412,230, or $2.68 a common share, in the preceding year. Sales increased to $161,293,931 from $136,469,522 in 1954.

Bay City Man Injured

A Bay City man is in fair condition in Pontiac General Hospital after suffering possible head injuries in an automobile accident last night on U. S. 10 near M24, authorities said.

State Police said details of the accident, in which Albert Dreyer, 30, was injured, are not yet available.

The two longest railway curves and the longest uniform single railway curve in the U.S. are all in Louisiana. The longest of the three is a 9.45 mile curve.

Testimony Helps Convict Fifteen

'Witness' Says He Aided City Vice Squad in Raid on Establishment

Testimony of a 33-year-old area man, who stated he volunteered "to clean up" an alleged gambling and after-hours joint, was instrumental in convicting 15 persons, tried on loitering charges yesterday.

A prosecution witness, he described to a Muncipal Court jury how he visited the place at 224 Rockwell St. three times in order to testify in connection with a Vice Squad raid Jan. 15.

He said he played cards and bought beer in the establishment on the night of the raid. Vice Squad officers asked that the name of the witness be withheld.

Those identified by the witness as at the scene were sentenced $40 fines or eight days in jail by Judge Cecil McCallum.

Occupant of the house, Leroy C. Carter, 36, faces charges of breaking gambling and liquor laws. Two others are charged with illegal sale.

Sentenced were: Wesley Evans, 18, of 430 Howard McNeil St.; Selma O. Tucker, 21, of 15½ Bloomfield Ave.; Clarence E. Broadnax, 28, of 329 Branch St.; W. H. Hudson, 26, 18 Grant St.; Armenta Williams, 22, of 178 Franklin Rd.; Inez H. Williams, 28, 227 Rockwell St.

Others were Ben Bailey, 50, of 447 Branch St.; Beryl Smith, 28, of 265 Rockwell St.; John Robertson, 25, of 321 S. Blvd. W.; William Elliot, 32, and John Green, 31, both of 231 Rockwell St.; Thomas Holston, 28, of 452 Rockwell St.; June B. Gamble, 33, of 58 Chapman St.; Thomas Webb, 32, of 361 Branch St., and Jessie Acosta, 19, of 580 California Ave.

World Almanac Off Press

Distribution of the 1956 World Almanac and Book of Facts has been announced by the publishers, New York World-Telegram and the Sun of New York City.

Available in either cloth or paper-covered volumes, the edition contains statistics, facts and contemporary information about national and world events. The book is in its 71st year of publication.

A recent fair at New Delhi, India, displayed what was described as the largest exhibit ever assembled to show advances in the use of the atom for peace and human well-being.

Only RCA Case Remains

IBM Antitrust Patent Suit Settled With Government

WASHINGTON (AP)—Pretrial settlements freeing patents of two corporate giants in electronics left pending today only one government antitrust case in the field.

This case, involving Radio Corp. of America, is currently on the trial calendar of the Federal District Court in New York City.

RCA attorneys were reported to have been in Washington recently for conferences at the Justice Department, and a trip to New York City late yesterday by Asst. Atty. Gen. Stanley N. Barnes led to speculation that negotiations for a settlement of this litigation also might be in progress.

• • •

The second antitrust patent settlement in as many days was announced late yesterday by Atty. Gen. Brownell in the case of International Business Machines Corp. (IBM). The first, announced Tuesday, involved American Telephone and Telegraph Co. and its affiliate Western Electric Co.

The attorney general said a consent judgment, entered in the New York federal court, will require IBM to make all its present patents, and those obtained in the next five years, available to anyone wanting to use them for manufacturing in the United States.

ON ROYALTY-FREE BASIS

Patents relating to tabulating cards and card-making machinery will be on a royalty-free basis. Those covering tabulating and electronic data processing machines—sometimes called "electronic brains"—must be supplied to all applicants, along with IBM know-how, at reasonable royalties.

In New York, Thomas J. Watson Jr., who heads IBM, called some of the terms accepted by his company "severe." He said IBM's consent "is not an admission of any violation of the antitrust laws, which we continue emphatically to deny having violated."

• • •

In addition to the patent freeing, the IBM decree also requires that company to offer for sale its tabulating machines, now restricted to rental use, and to continue to service machines so sold.

The company agreed also to sell its unique high-speed card-making presses to competitors.

The original monopoly action against IBM, filed in 1952, asserted the company then had 90 per cent of the tabulating machine business in the United States.

Faure Bidding for Nation Unity

Outgoing Premier Says Politicos Should Patch Differences for Union

PARIS (AP) — Outgoing Premier Edgar Faure saw President Rene Coty today and declared after the meeting that French politicians should put aside party differences to meet the urgent problems facing the nation.

• • •

Faure's new bid for unity of the nation's center parties was expected to swing no weight with Socialist Guy Mollet, who is generally viewed as the next premier. Mollet and his ally in the "Republican Front," Radical Socialist ex-Premier Pierre Mendes-France rejected Faure's previous overtures to join with his right-of-center coalition.

Coty continued his formal conversations on the premiership. He may call on Mollet to form a government before the end of the week. Faure remains in office in a caretaker status until his successor is approved by Parliament.

Faure told reporters he does not think too much importance should be given to "party and group questions."

• • •

"It can happen that one thus loses sight of the basic problems," Faure continued. "There are some who claim to be together and who are in disagreement on these problems. Others oppose each other violently but have the same opinions."

250-Ton Crane Derailed En Route to Train Wreck

BAY CITY (AP)—A 250-ton wrecking crane was derailed yesterday en route from Bay City to Millington to clear New York Central Railroad tracks of the wreckage of a freight train that derailed earlier.

The freight apparently hit a broken rail and 15 of its 64 cars spilled off the tracks.

The crane was derailed by a broken axle less than two miles out of Bay City.

No one was injured in either mishap.

Railroad officials said a second wrecking crane was sent from Jackson to take care of the first crane and a third crane was sent from Detroit to clear tracks of the freight wreckage at Millington.

40 Cub Scouts of Pack No. 4 Receive Awards

More than 40 Cub Scouts of Pack 4 received awards at the January pack meeting, held in the Baldwin School gymnasium. All 65 cubs of the pack were present for uniform inspection and to see the awards made.

A program of skits and variety acts was presented by Dens 5, 8, 10, 12 and 13, with the young Cubs dressed as pirates. An announcement of the appointment of Robert Webb as cubmaster of Pack 4 was made.

Gold Arrows were presented to Randall Bulla, Terry Ruff, Geoffrey Bowman, Billy Travis, Richard Shaffer, Billy Wallis, Jimmy Gaylord, Kenneth Emery, and Mike Wood. Silver Arrows went to Larry Anderson, Michael Dooley, Bob Tate, Geoffrey Bowman, Randall Bulla, and Richard Schaffer.

Bear rank badges went to Michael McCormick, Earl Rice, and David Moreno.

Wolf rank badges were achieved by the following 19 boys: Barry Buffington, Philip Wilson, Robert Shampine, D. E. Summer, Eddie White, Roger Black, Raymond Carroll, Timothy Kaul, Randall Bulla, Raymond Merriman, Michael Harmon, Lewis Rice, Mark Edwards, Richard Rabun, Tommy Trout, Bruce Gibson, Bruce Kesseiring, Frank Hawkins, and Larry Buttrey.

Tommy Baker, Geoffrey Bowman, and Mike Wood were presented Denner badges, and Earl Rice, Peter Awedian, and Kenneth Emery received Assistant Denner badges.

The next pack meeting, set for Feb. 13, will be a potluck dinner party in honor of the forty-sixth birthday of Scouting.

There Was a Time

KERRVILLE, Tex. (AP)—August W. Henke recalls he sold bear meat over his butcher counter for 12 cents a pound in 1896.

Less than one-fourth of the world's cables are controlled by U.S. capital.

Scientist have developed a test which indicates whether the milk from which certain types of cheese are made has been subjected to effective processes of pasteurization.

NOTICE OF PUBLIC SALE

Notice is hereby given that on the 31st day of January at 10:00 a.m. the undersigned will sell at public sale to the highest bidder for cash, one 1950 Buick Super 2-dr. Motor [illegible], Serial [illegible] at 223 Main St., Rochester, Michigan. Said motor vehicle is stored at said address and may be inspected at said address. The undersigned reserves the right to bid at the sale.

ASSOCIATES DISCOUNT CORPORATION
By: M. D. FOX,
Collection Mgr.
Jan. 26, 1956

FOR SALE

Sealed proposals will be received by the Board of Trustees of the Pontiac General Hospital, 461 West Huron Street, Pontiac, Michigan up to 3 p.m. Eastern Standard Time, February 6, 1956 for the sale of four (4) houses located at 19, 25 and 29 Seminole and 32 South Johnson Avenue, Pontiac, Michigan.

Proposals will be accepted for individual houses or any combination of houses.

Successful bidder or bidders will be required to secure necessary wrecking and/or removal permits from the Building Inspector, and post the required deposits; also to comply with all applicable laws, ordinances, rules and regulations. Furnish Surety Bond guaranteeing removal within sixty (60) days from the date of sale.

Buildings to be removed completely from the premises, including the removal of foundation walls even with existing grades. All materials, debris, etc., are to be removed from the premises. Any damage to paving, walks, curbs or adjoining property to be paid for by the purchaser.

Purchaser to contact utility companies to cut off or remove electric or gas services.

Each bid shall be accompanied by a certified check or a Bid Bond to the extent of 10% of the bid.

Buildings must be completely removed and premises cleaned up on or before April 16, 1956.

Jan. 24, 25, 26, 27, 28, 1956

ORDINANCE NO. 1300
ANNUAL APPROPRIATION ORDINANCE FOR YEAR 1956

Adopted: January 23, 1956
Effective: January 23, 1956

An ordinance to appropriate the sums of money necessary to be raised by taxation at the next city tax levy of July 1956 upon all of the taxable property in the City of Pontiac, Michigan, to defray the debts, expenditures and liabilities of said city for the fiscal year ending the 31st day of December, A.D., 1956, and requiring and authorizing the levying on the said city tax roll of July 1956 and also requiring and authorizing the return of the 1955 City, School and County delinquent taxes and unpaid special assessments on the delinquent tax roll in accordance with the Charter of the City of Pontiac and the general laws of the State of Michigan.

The City of Pontiac ordains:

Section 1:

That there shall be raised by taxation upon all the taxable property in the City of Pontiac, Michigan, at the 1956 tax levy the sum of three million, thirty-six thousand, five hundred thirteen dollars and forty-nine cents ($3,036,513.49) for the purpose of defraying the debts, expenditures and liabilities of the said city for the fiscal year ending the 31st day of December, 1956 in accordance with the 1956 budget of said city as approved and adopted by the City Commission of the City of Pontiac.

Section 2:

There shall be raised by taxation, over and above the estimated revenue of the City from other sources at the 1956 city tax levy of the City of Pontiac, Michigan, to defray the debts, expenditures and liabilities thereof for the fiscal year ending December 31st, 1956 based upon the budget of said City for the year 1956, as approved and adopted by the City Commission, the following amounts, respectively:

Section 3:

That said sum of three million, thirty-six thousand, five hundred thirteen dollars and forty-nine cents ($3,036,513.49) for the payment of said debts, expenditures and liabilities herein mentioned in Section 2 be appropriated for the several funds for said City of Pontiac for the fiscal year ending December 31st, 1956 and that the same be forthwith certified by the Clerk to the City Assessor and that the same shall be levied and collected upon the assessed or equalized valuation of all taxable property within said City of Pontiac in accordance with the provisions of the laws of the State of Michigan and the Charter of said City of Pontiac for the levying and collection of taxes and upon the 1956 City tax roll.

Section 4:

That the City Treasurer of the City of Pontiac is hereby authorized, directed and instructed to cause to be prepared a delinquent tax roll for the 1955 City, School and County delinquent taxes and delinquent special assessments adding thereto all penalties required by Charter of this City and the laws of the State of Michigan and in accordance with said City Charter and statutes of the State of Michigan.

Section 5:

This appropriation ordinance is based upon the budget submitted by the City Manager, approved and adopted by the City Commission of the City of Pontiac after public hearing held January 17, 1956 and pursuant to the Pontiac City Charter and statutes of the State of Michigan.

Section 6:

This ordinance shall take immediate effect after the passage thereof by the Commission of the City of Pontiac, as it is hereby deemed to be an emergency ordinance within the meaning of Chapter VI, Section 3, of the Charter of the City of Pontiac.

Made and passed by the City Commission of the City of Pontiac, on the 23rd day of January, A.D. 1956.

WM. W. DONALDSON,
Mayor.
ADA R. EVANS,
City Clerk.
Jan. 26, 1956

The Pontiac Press
FOR WANT ADS
DIAL FE 2-8181

From 8 a.m. to 5 p.m.

All errors should be reported immediately. The Press assumes no responsibility for errors other than to cancel the charges for that portion of the first insertion of the advertisement which has been rendered valueless through the error. When cancellations are made be sure to get your "kill number." No adjustments will be given without it.

Closing time for advertisements containing type sizes larger than regular agate type is 12 o'clock noon the day previous to publication.

Transient Want Ads may be cancelled up to 9:30 a.m. the day of publication after the first insertion.

Loch Lomond is the largest of Scotland's lakes.

Desi Sr. to Sub for Bennett Cerf

Ernest Borgnine Snub Now Sadly Regretted by 'What's My Line'

By JACK O'BRIAN

NEW YORK (INS)—The "Lucy" film two years ago in which Ricky Jr. was born (with neat timing—the same day Desi Jr., the real-life son of Desi and Lucille arrived) will be run again Feb. 4 on "The Saturday Lucy Show," for the tike's second birthday.

Desi fills in for Bennett Cerf Feb. 5 on "What's My Line?"

"What's My Line?" turned down Ernest Borgnine, star of "Marty," as "not big enough a name," and two days later they were ready to eat their threats when he won the Critics Circle "Best Movie Actor of the Year" award.

Bob Hope joked his way to Europe to seek typical continental types for his Feb. 7 NBC-TV show and found a typical Britisher—Doug Fairbanks Jr. (Sir Douglas to you, sirrah!)

Hope's leers are assured for his show: He's signed the Montmartre Ballet.

PAPA REPLACED

Danielle Alberghetti, stricken in Hollywood, can't play himself in "The Song Caruso Sang" on the Feb. 5 GE Theater. Actor Frank Puglia will play papa to the talented Alberghetti brood.

The Ed Sullivan Show topped the "$64,000 Q." in the new Nielsen nose-count but 64-G still is miles ahead on Trendex and Pulse.

"You Are There," has been dropping since it went to film, so it goes "live" again April 15.

When Elena Verdugo and Florence Halop of "Meet Millie" were in town no one recognized Florence, because she's young, blonde and beautiful in real life. She wears pads and tons of aging makeup on TV to look like Millie's mom.

Joe E. Brown doesn't have to do those TV margarine commercials because he needs the cash—Joe E.'s just an actor, "and an actor has to act."

PIAMIE AND MARTHA

We'd like to be there when Mamie Eisenhower is hostess to Martha Raye at a White House tea (for the National Nephrosis Foundation, of which the first lady of loud comedy is chairman).

MGM Parade's TV future is up on the ABC air.

John McNulty's wonderfully tender tale of an aging magazine writer and his small son—"My Son Johnny"—is Studio One's fond notion for its Monday script.

On Feb. 8 Bert Parks takes "Break the Bank" to Dallas, where the Texans have bigger banks to break.

Novelist Aldous Huxley turns narrator Friday on CBS radio's "The Columbia Workshop."

Narcotics User Kills Agent in Noisy Cafe

CHICAGO (AP)—While a jazz band blared loudly in a cocktail lounge last night, a nervous young gunman fired six shots at two narcotics detail detectives who were questioning him, killing one and wounding the other.

• • •

Scores of people in the lounge in a Northwest Side hotel apparently did not hear the shots. The youth fled unmolested.

He was one of several persons who had been questioned by the detectives, Lyons Kelleher, 53, and William A. Derrig, 38. They had gone to the lounge to make a routine check of reports that narcotics addicts frequented the place.

• • •

Kelleher, a veteran of 22 years on the force, was shot four times in the chest. He was dead on arrival at a nearby hospital. Derrig was shot in the right hand and left foot and was not in serious condition.

Nervy Cuss, He

OKLAHOMA CITY (AP)—Zelma Barns complained to police that a man she surprised entering the window of a house told her to "mind her own business," went in and swiped $25.

It Always Works

MIDLAND, Tex. (AP)—The Midland County Library held two "fine free" days and got back more than 100 overdue books.

Answer to Today's Puzzle

AFL-Locals Endorse Detroit Unity Move

DETROIT (AP)—A mass return of nearly 100,000 AFL unionists to the Detroit-Wayne County Federation of Labor was voted last night at a meeting of representatives of 75 locals.

But leaders of the locals that bolted the federation during the regime of the late Frank X. Martel conditioned the return upon the federation accepting back all the locals.

Andrew S. McFarlane, president of the Detroit Construction Trades Council whose locals are part of the mass return, said the movement will increase the federation's membership to 203,000 when all the locals are accepted back.

Present applications covering about 100,000 workers will increase the federation's membership to around 160,000.

The move to rejoin the federation is in preparation for the eventual merger of the AFL groups with the Wayne County CIO Council. Such a merger is required within two years from last Dec. 5 AFL-CIO merger.

Moving American's annual production of bituminous coal of around 500 million tons in the nation's largest single materials handling job.

Film Shot in State Released for Video

MONROE (AP) — A movie featuring Harold Lloyd Jr. and filmed in Monroe back in 1949 is finally being released on television.

A succession of legal hassles over ownership of the picture barred its release to motion picture houses. Settlement of a number of court suits cleared the way for television use.

The picture originally was filmed under the title "The Spark." Then it was changed to "Going to Blazes" and now is called "The Flaming Urge." It's about a young man and a trained dog obsessed with the idea of following fire engines.

Original producer was Edward G. Greening, a Monroe resident who became president of Miramar Films, Inc. He used some 200 Monroe residents as extras in sequences taken at various locations around the city, including Woodland Beach, the main fire house and City Hall.

The farmer who improves the fertility of his soil is truly a public servant and will leave more for posterity than he takes for himself.

Saves Girl From Train but Train Kills Rescuer

BUENOS AIRES (AP)—A man who saved a girl from being hit by a train was himself killed by a train coming from the opposite direction.

Indalecio Villar, 38, was walking home from work when he noticed Beatriz Ramallo, 14, approaching the railroad tracks apparently oblivious to an oncoming train.

Villar raced toward the girl and pulled her to safety seconds before the train went by. Moments later, however, Villar crossed the double tracks, but a train coming in the opposite direction hit him. He died instantly.
