## UF 'Helps Everybody'

ANDY WILSON

The Pontiac Area United Fund Drive is everybody's business because it helps everybody.

★ ★ ★

That's the belief of Andy Wilson, president of the GMC Truck and Coach Local 594, UAW-CIO. Here is his statement on why citizens should support the 1962 drive:

**"The Pontiac Area United Fund and the 54 agencies which are supported by voluntary gifts are beneficial to all the people of the Pontiac area.**

"These agencies include health, welfare and recreation. They also give services to families at a time of need.

CITES RED CROSS

"To elaborate on some of the services rendered, I would cite the Red Cross and its blood bank, the Visiting Nurses Association and its care for the sick, Family Service of Oakland and its marital counseling.

**"Last, but not least, I would mention the agencies that give services to our youth, the Boy Scouts, Boys' Club, YMCA, YWCA, Girl Scouts, Camp Fire Girls and the Big Brothers.**

"Our small investments in these youths pay dividends in the future.

★ ★ ★

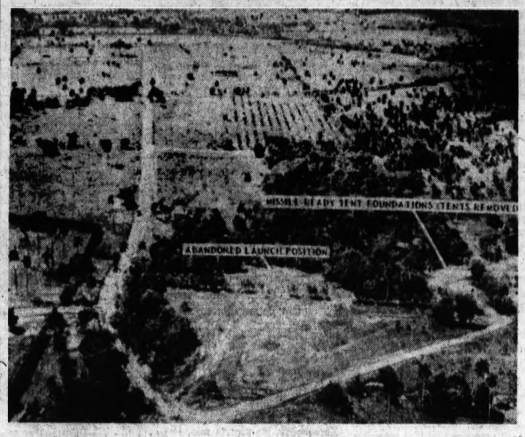

"Since we have been associated with the United Fund, we know that our civic leaders, professional people, businessmen, workers and housewives have given much of their time for this worthy cause.

★ ★ ★

"We urge all to give their fair share. Remember: The United Fund is for the people."

**EVIDENCE OF PULLOUT** — The Defense Department today released this photo which it said was made by U.S. reconnaissance planes Thursday showing the dismantling process at the San Cristobal medium range ballistic missile base in Cuba. Shown are missile-ready tent foundations with tents removed, and an abandoned launch position.

### Taken at Low Levels Over Cuba

## Release Photos Showing Pullout

WASHINGTON (AP)—The Defense Department today unveiled low-level aerial reconnaissance pictures showing the recent removal of medium range missile launchers and other key equipment from four bases in Cuba.

★ ★ ★

The pictures, described as reflecting changes between late October and last Thursday, were the ones President Kennedy referred to in his brief TV-radio report to the nation Friday as indicating that "the Soviet missile bases in Cuba are being dismantled."

**Comparison of before-and-after pictures of the four MRBM sites disclosed the removal of missile erectors that are used to raise the weapons into firing position, missile trailers, missile preparation buildings, tents and other equipment.**

One shot, a Defense Department spokesman pointed out, showed a convoy heading away from one of the bases at Sagua la Grande, about 130 miles east of Havana.

EQUIPMENT REMOVED

The spokesman said this shot indicated that equipment was being removed from the launch area at the time the convoy was photographed.

**The four sites involved in the pictures are at Sagua la Grande and San Cristobal, about 50 miles southwest of Havana. Two bases in each area were photographed in the pictures released.**

The spokesman, an expert in photo interpretation, said there was no intended significance in showing only the mobile medium range sites and not those for the longer range intermediate missiles that are emplaced on somewhat more permanent launch pads.

★ ★ ★

In one set of pictures showing a base for 1,200-mile range medium missiles at San Cristobal, a shot taken in late October shows what the expert called a "fairly well developed" site.

**Another picture of the same site, taken Nov. 1, shows the missile erectors removed and trailers gone.**

The expert said the missile erector rests on a truck bed from which a frame is raised and the missile hauled into an upright firing position with winches and cables.

CAMOUFLAGE GONE

Also missing in the comparison of this Nov. 1 San Cristobal site are apparent camouflage nets or canvas that the expert suggested covered missile fueling trucks.

At the second San Cristobal site, the late October pictures, which are somewhat fuzzy, show a long dark object that the photo interpreter said was an erector on the pad.

## Move to Verify the Removal of Cuba Rockets

### United States, Russia, International Group Are Working on Plan

WASHINGTON (AP) — The United States, Russia and the international Red Cross Committee were reported nearing agreement today on an inspection plan under which the Red Cross would verify the removal of Soviet nuclear missiles from Cuba.

President Kennedy told the nation Friday night the missile bases were being dismantled, but a U.N. spokesman in New York estimated it would take 10 days for Russian ships to reach Cuba to haul the missiles away.

**To possible types of inspection are under negotiation, one at sea and the other on Cuban territory.**

Prime Minister Fidel Castro has power to block the inspection on Cuban territory. What he will actually do is assumed here to be a subject of discussion between him and Soviet First Deputy Foreign Minister Anastas I. Mikoyan.

★ ★ ★

U.S.-Soviet agreement evidently would be sufficient to put the Red Cross plan into operation on the high seas. Kennedy announced Friday night that the International Red Cross—which is a Swiss humanitarian organization — was an appropriate agent for inspection of Cuba-bound ships to make certain that they are not carrying offensive weapons into Cuba.

**Russia had previously suggested that the Red Cross take on the task of checking cargoes since the Soviet Union was opposed to having U.S. inspectors board its vessels as they passed through the U.S. naval blockade line.**

In Geneva today, the Red Cross Committee formally declared its willingness to help supervise dismantling of the missile bases, "on the express condition that all three interested parties give their agreement."

DON'T ELABORATE

The Red Cross spokesman did not elaborate, but it was assumed Cuban agreement, along with that of the United States and Russia, would be required only if inspection teams were to enter Cuba.

**The spokesman said Paul Ruegger, former president of the organization, would leave early next week for New York to confer with U.N. Acting Secretary General U Thant.**

Kennedy told the nation in a brisk two-minute television and radio broadcast Friday night that aerial photographs made Thursday show that the Russians were tearing down their missile bases in Cuba.

But the President declared the tight U.S. sea and air surveilance of Cuba would be maintained until satisfactory international inspection procedures are substituted or until "the threat to peace posed by these offensive weapons is gone."

## Chinese Continue to Advance

NEW DELHI (AP) — Chinese forces continued to advance near Demchok at the southern end of the Ladakh battlefield, informed sources reported today, as the first planeloads of American weapons arrived to bolster the hard-pressed Indian army.

U.S. Ambassador John K. Galbraith warned Indians not to expect magic results from American weapons before the first two U.S. C135 transports landed at Calcutta with automatic rifles, mortars and antipersonnel mines from Germany.

His words were emphasized by the reports of the continued Chinese advance around Demchok.

**The Chinese, by their latest reported advances, virtually completed the occupation of all the disputed territory in Ladakh. The Chinese took the village of Demchok about a week ago.**

The defense ministry spokesman at a daily briefing said he had nothing to report.

The new U.S. weapons were sent immediately toward camps just behind the front in the northeastern sector where Indian troops have been driven back in the mountains protecting the Assam plains.

STEADY STREAM

A steady stream of U.S. jet transports, arriving one every three hours, will continue the arms buildup. Heavier equipment, such as tanks, is expected by ship in a few weeks.

CARACAS, Venezuela (AP) — **Saboteurs hit two U.S. oil pipelines and a gasoline line near Puerto la Cruz, about 200 miles east of Caracas last night, unofficial sources reported today. The two petroleum lines were still afire today, the informants said.**

## MSUO Dorm Ceremony Set

### Pryale House Ground Breaking Tuesday

Ground - breaking ceremonies for its newest student dormitory will be held at 11:15 a.m. Tuesday at Michigan State University Oakland.

★ ★ ★

The dorm will hold 96 students, with one wing for men students and another for coeds, according to Norm Prady, MSUO publications editor.

**It will be named Pryale House after Mr. and Mrs. Harry M. Pryale of 26 Barbour Lane, Bloomfield Hills, who have donated $130,000 to MSUO.**

Of this, $345,000 will go toward construction of the dorm, including furnishings, Prady said.

FOLLOWS PRESENT MODEL

The rest will be used for a nuclear physics teaching and research project and for a high-speed digital computer.

**The new Pryale House will follow the model of the two existing student residences — Anibal House for women and Fitzgerald House for men.**

Completion of the new housing unit is scheduled for next summer, with occupancy to begin in September.

★ ★ ★

Holder of the general contract for the dorm is Frank Rewold and Son, of Rochester.

★ ★ ★

The Sept. 10 gift of $450,000 by the Pryale Foundation was the third largest ever to be received by MSUO.

## Nixon's Aide Sues Dems for $2 Million

LOS ANGELES (AP)—Richard M. Nixon's campaign manager charges in a $2-million damage suit that Democrats are "furiously peddling smears" in an effort to alienate Nixon from Negro and Jewish voters.

This charge, emphatically denied by Democratic leaders, is the latest in a series of legal actions that have suddenly made the courtroom an important battleground in California's turbulent gubernatorial campaign.

H. R. Haldeman, campaign manager of the Nixon-for-Governor Committee, charged in a Superior Court damage action filed Friday that "one piece of Democratic literature implied falsely that the former vice president was 'anti-Semitic'" and another falsely impugned his honesty.

Democratic campaign officials denied they had anything to do with the political leaflets named by Haldeman.

**Haldeman's suit is one of five legal actions that have been brought in the last month of the campaign.**

The Democratic State Central Committee has obtained three different restraining orders prohibiting further distribution of campaign material attributed to the Republicans.

The anti-Nixon leaflets cited in the suit filed by Haldeman are titled "Questions Nixon Won't Answer About the $205,000 Hughes Tool Co. Loan" and "Do You Want This Kind of Governor in California?"

ABOUT LOAN

Haldeman said the first leaflet involves a loan made several years ago to Nixon's brother Donald and unfairly questions Nixon's honesty.

The second leaflet, Haldeman

## Benson Blasts Nixon's Ability

WASHINGTON (AP)—Ezra Taft Benson says he had increasing doubts during the waning years of the Eisenhower administration about Vice President Richard M. Nixon's "ability to provide wise leadership for the nation."

★ ★ ★

Benson told of his misgivings—and added that many other Republicans apparently shared them—in a book published Friday, four days before voters rule on Nixon's bid to become governor of California.

**Nixon, Republican presidential candidate in 1960, is running against Democratic Gov. Edmund G. Brown.**

In Los Angeles, a spokesman for the former vice president said no one in the Nixon campaign camp had read Benson's book. But he said Benson has endorsed Nixon in the California gubernatorial race.

★ ★ ★

Two weeks ago, the spokesman said, the former Cabinet officer wrote Mrs. William Langston Bents of Balboa, Calif., saying: "I have a high regard for Vice President Nixon and believe he would make a good governor. Were I a citizen of California he would certainly have my support."

Benson is now in New Zealand.

MIAMI (UPI) — A steam locomotive exploded today in Cuba's Las Villas Province, killing five persons.

## Don't Let Umbrella Get Too Far Away

The remainder of the weekend will be dampened by occasional periods of light showers, says the weatherman.

★ ★ ★

Little change in temperature is expected through tomorrow. The mercury will dip to a low of 37 tonight and climb to a high of 45 tomorrow.

**A chance of a few snow flurries or showers, variable cloudiness and colder temperatures are predicted for Monday.**

Today's east to northeast winds at 8 to 15 miles per hour will shift to northeast to north Sunday.

The lowest temperature in downtown Pontiac preceding 8 a.m. today was 40. At 2 p.m. the temperature read 47.

HARLOW H. CURTICE

## Curtice, 69, Succumbs at Residence

Harlow H. Curtice, who rose from bookkeeper to become president of General Motors Corp., died today at his home in Flint. He was 69.

★ ★ ★

Curtice had retired from GM in 1958.

**He remained a member of the board of directors and had been active in civic affairs in Flint up to the time of his death.**

A heart specialist was called to the home at 1810 Overhill Drive early today when Curtice became ill. The time of death was about 11:30 a.m.

MANAGED BUICK

Curtice rose from a bookkeeper's desk to one of the top positions in the business world.

**He joined GM as an accountant and during his rising career was general manager of the Buick Division for 15 years, taking that division to its highest penetration of the car market.**

Curtice succeeded former Defense Secretary Charles E. Wilson to the GM presidency in 1952.

★ ★ ★

It was under his driving energy and philosophy that General Motors "always must lead," that the far-flung corporation in 1955 became the first and only industrial enterprise to pile up more than a million dollars in net profits in a single year.

**He spent most of his adult life in the auto industry in capacities which gave him broad insight into all phases of the business, from the simplest of human relationships to the most intricate manufacturing problems.**

In the fall of 1959 Curtice suffered what may have been the greatest tragedy in his life.

He was duck hunting on a Canadian island in Lake St. Clair, north of Detroit, with a group of friends including Harry Anderson, former General Motors vice president in charge of labor relations.

Curtice rose to take a shot at a duck swinging overhead. Just as he fired, Anderson stood up in the path of his gun and was killed instantly by the shotgun blast.

Curtice was born near Eaton Rapids, Mich., on Aug. 15, 1896. He was the son of Marion Joel and Mary Ellen Echard Curtice. Young Curtice helped his father, a commission merchant, keep books for the enterprise.

Later he worked as a shipping clerk in a woolen mill, but left there to go to Big Rapids and enroll in the college founded by the late Woodbridge N. Ferris.

# Yemen Forces Get Set to Battle Saudi Arabia

DAMASCUS, Syria (AP) — Rev. olutionary Yemen massed land, sea and air forces against Saudi Arabia today. The Egypt-backed republican government talked grimly of a showdown with its monarchist neighbor.

★ ★ ★

San'a radio in Yemen's remote capital quoted leaders of the 36-day-old revolutionary regime in stormy challenges to Saudi Arabian King Saud and Jordanian King Heussein, warning the former of imminent attack if royalist military forays from across the Arabian border continue.

**CLAIMS INVASION**

Yemeni Vice Premier and Foreign Minister Abdul Rahman al-Baydany charged that 5,000 Arabian and Jordanian troops had tried to invade Yemen in the last two days. His regime was acting now only in self defense, he said.

★ ★ ★

Saud and Hussein have championed the cause of the dethroned Yemeni king, Imam Mohammed al-Badr, providing him with military support in his campaign to topple the revolutionary regime. The royalists claim victories in northern Yemen.

★ ★ ★

Baydany said the government armies had started marching to the north and the navy was sailing northward in the Red Sea from the modern port of Hodeida. The Yemeni air force—believed including Soviet-built fighters provided by the United Arab Republic—was ready, Baydany said, to set up a "flaming air belt" along the frontier.

**SALLAL READY**

Revolutionary Prime Minister Abdullah Sallal, leader of the September coup d'etat against the king, said his armed forces were ready "to teach the aggressors an unforgettable lesson." His statements were relayed by Cairo radio.

★ ★ ★

The Yemen buildup brought the danger of a large-scale confrontation in battle between the two great antagonistic forces in the Arab world, the monarchists led by Saud and Hussein, and the republicans who look to Egypt's President Nasser for guidance and material support.

Nasser has reportedly supplied as many as 1,000 men, plus arms, air and naval units to bolster Sallal's regime. Sallal, for his part, has stated publicly his desire eventually to merge with Egypt in an expanded United Arab Republic.

**SAY 3,000 KILLED**

San'a radio said 3,000 royalist warriors were killed in their reported invasion. Earlier Baydany had said the invasion force comprised 1,000 men and that 500 were killed. A broadcast said the invasion was repulsed near Al-Hardh, five miles from the Saudi frontier.

On the royalist side Mecca radio in Saudi Arabia and Amman radio in Jordan claimed Yemeni royalist forces had won complete control of the Al-Hardh region after two days of savage fighting.

★ ★ ★

A communique from the deposed Yeni monarch said scores of insurrectionists were killed and 80 republican troops, an Egyptian officer and truckloads of equipment were captured.

★ ★ ★

Conflicting claims from the two camps and the large casualty figures could not be independently confirmed.

## In Drain Commission Race

# Verbal Fireworks Boom

Campaign fireworks are popping in the contest for county drain commissioner as election day approaches.

★ ★ ★

Roy J. Russell, the Democratic candidate, today claimed his incumbent opponent, Daniel W. Barry, was "unfit for re-election" because he "openly flouts state authority and takes campaign contributions from contractors."

**Barry retorted that Russell "isn't worthy of consideration by any discerning voter" and that Russell's questioning his campaign funds only showed the Democrat's "political ineptness."**

Russell accused Barry of ignoring an order from state Auditor General Billie S. Farnum to reimburse the county $2,727 for allegedly excessive charges to the county for mileage and meal expenses.

**'NO CRIMINAL VIOLATION'**

Barry answered that the auditor general's report "does not question my personal honesty or integrity, nor does the report claim any criminal violation by me."

**He was told by legal counsel that he was entitled to reimbursement for expenses incurred in the discharge of his official duties, Barry added.**

Barry said Russell, a member of a Birmingham engineering firm and operator of the secretary of state's Birmingham branch, considered the drain commissioner's job a parttime one and this made him unworthy of consideration for the position.

★ ★ ★

Russell's mention of campaign contributions refered to some $2,000 donated by contractors working on county drain projects to Barry's primary election campaign, as evidenced by the campaign election expense voucher filed with the county clerk by Barry.

**"There is nothing unethical in contributing to a candidate's campaign," Barry said.**

"Both parties are trying to get citizens to take an active interest in the party or candidates of their choice."

**CITES JEALOUSY**

Barry added, "The only thing bothering Russell is that he didn't receive the contributions."

Russell said, "I strongly believe that it's unethical."

# Tension Talks On Between Castro, Russ

KEY WEST, Fla. (AP)—Soviet First Deputy Premier Anastas I. Mikoyan will "commence conversations on international tensions" with Cuban Prime Minister Fidel Castro this morning, Havana radio said.

★ ★ ★

Mikoyan arrived in Havana Friday on his fence-mending mission in the wake of the Soviet decision to pull its missiles out of Cuba.

The radio said Castro previously talked with Mikoyan until 7:10 but did not state whether this was 7:10 Friday night or 7:10 this morning.

The Russian diplomat reached Havana at 5:56 p.m. Friday.

The subject of the talk was not announced, but apparently the discussion was not regarded as the official opening of the conversations between the two. The broadcast used the phrase "will commence conversations" in referring to the meeting scheduled for this morning.

The radio said the talks would deal with "the international tensions provoked by the North American government that placed the world on the brink of world war." Nothing was said about Soviet missiles as a discussion topic.

# Expect Berlin Move

LONDON (UPI) — Soviet Premier Nikita Khrushchev is expected to make a move for Berlin negotiations "within a week or two," diplomatic reports from Moscow said today.

★ ★ ★

The Soviet leader was understood readying an approach for talks to the west within a matter of days after Tuesday's American congressional elections.

**Khrushchev, the reports said, appears set on a new round of Berlin negotiations before embarking on any possible unilateral action in the divided city.**

But there were no discernible signs so far of any basic change in the Soviet position on Berlin which insists on allied military withdrawal from the city.

**STILL UNACCEPTABLE**

This remains unacceptable to the west.

★ ★ ★

Soviet pressure for scrapping of allied bases was expected to increase in the wake of the Cuban crisis and the removal of the Russian missile bases there.

**Moscow lately has stepped up its propaganda campaign which has labeled Berlin a "NATO" base.**

Hints from Communist diplomats, according to the Moscow diplomatic reports, suggest the Soviets might take up the latest Western ideas on an international control authority for Berlin access routes.

★ ★ ★

The allies have been studying the prospects of such a control authority but have not yet agreed on the form such an organization could take without prejudicing Western rights in the city.

**An original plan for a 13-member control authority of Western, Communist and neutral countries, and representatives of the two Germanies, has been dropped.**

But other compositions of the projected authority are under review.

**BRANDT SUGGESTION**

West Berlin Mayor Willy Brandt suggested in London yesterday a control authority in which representatives from East and West Berlin could participate in a "technical" capacity.

This would eliminate the danger of even token allied recognition of the Communist East German regime.

Climaxing his rapid rise with the AC company, he was elevated to its presidency in November 1929.

**NAMED VP**

He became head of Buick in 1933 and was named executive vice president of General Motors in 1948.

Curtice came to Buick Motor at a time when the division was in the 1933 business slump.

Curtice rushed out the Series 40 Buick.

**He spent eight million dollars of General Motors money for new machinery, equipment and in rearranging the plant.**

He teamed manufacturing, engineering and sales staffs into a group dedicated to restoring Buick to national leadership.

**PRODUCTION ROSE**

By 1936 his work began to pay off. Buick production rose to 179,533 units. From then on, Buick and Curtice prospered.

**One of the chief reasons for Curtice's rapid ascent in the business world may best be expressed in his own words:**

"You have to enjoy your work to do it," he once explained. "I always have enjoyed my work."

A gregarious man, Curtice listed hunting, fishing and watching football games as his favorite pursuits.

A meticulous mind and enormous memory for detail led him to fast decisions, his friends said.

# 6 Teachers Die in Road Mishap

## Truck Crushes Car on Ohio Xway

CLEVELAND, Ohio (AP)—The death of six Akron school teachers whose car was virtually flattened in a collision with a big truck was called a tragic loss today by Martin Essex, superintendent of Akron schools.

★ ★ ★

Five of the women killed in the grinding crash on the Willow Freeway south of Cleveland taught at David Hill Elementary School. They had attended sessions of the North Eastern Ohio Teachers Association here.

★ ★ ★

The victims were identified as Mrs. Lois C. Lewis, 41; Mrs. Mildred Whited, 62; Mrs. Catherine Williamson, 52; Mrs. C. Edith Miller, 67; Mrs. Julia Ann Johnson, 57; and Mrs. Frances T. Slocum, 57, owner of the car.

Mrs. Johnson taught at Voris Elementary School.

**NEARLY FIFTH OF STAFF**

The tragedy wiped out nearly one-fifth of the teaching staff of 27 at David Hill. Except for Mrs. Slocum, who was in her second year of teaching, all were veterans. Mrs. Johnson had taught for 33 years, Mrs. Whited 24 years.

Cuyahoga Heights Police Chief Frank Bartczak said the truck crossed a 34-foot dividing strip on the freeway half a mile north of Ohio 17, brushed two other cars, then rammed the car carrying the teachers.

Justin J. Gedraites, 35, of Cleveland, driver of the truck, suffered head injuries, but his condition was reported as good.

Democratic headquarters issued a statement saying "neither the Democratic State Central Committee nor the Committee to re-elect Gov. Brown has ever seen the material on which the suit is based and had nothing whatsoever to do directly or indirectly with its planning, production or distribution."

**Of the restrictive covenant mentioned in the suit, the Democratic statement said: "Nixon himself told a conference of ministers in Los Angeles last Wednesday that he had signed such a covenant."**

The Democrats said Nixon "is smarting from the fact that we obtained three Superior Court restraining orders . . . forbidding further distribution of the massive smears circulated by his own campaign (workers) or by his supporters."

# School Board Confab on Prayer Policy Slated

BLOOMFIELD HILLS — The "permisive prayer policy" adopted in the Bloomfield Hills School District Jan. 16 will be discussed at a closed meeting of school board members and their attorney Monday.

★ ★ ★

A school district spokesman said the Monday afternoon session is being held to "clarify" the board policy which allows the saying of prayers in classrooms.

**The board had directed Stratton S. Brown, attorney for the school district, to review the policy in light of a U.S. Supreme Court decision on school prayers in New York.**

Brown's opinion is expected to be given in detail to board members Monday.

**COMES UNDER RULING**

Brown already has indicated that the Bloomfield Hills school district policy, although permissive in nature, would not remove it from the supreme court decision in the New York case.

**The Supreme Court directed the New York Board of Regents to discontinue a classroom prayer.**

Following Monday's informal session, the policy will be aired publicly at the next regular school board meeting Nov. 20.

The annual pre-Christmas festival sponsored by the Altar Society of Our Lady Queen of Martyrs Church will be held from 10 a.m. to 6 p.m. Nov. 10.

★ ★ ★

The festival, featuring Christmas gift booths, a country store and baked goods, will be held in the church's school, 32460 Pierce St.

**Mrs. Oscar H. Pocock**

Service for Mrs. Oscar H. (Mable M.) Pocock, 65, of 88 Harsdale Road, will be 11 a.m. Monday at the Bell Chapel of William R. Hamilton Co.

Burial will be in Roseland Park Cemetery, Berkley.

**Mrs. Pocock died yesterday in St. Joseph Mercy Hospital after a long illness.**

She was a member of Cranbrook Garden Club, Red Run Golf Club and the Ohio State Alumnae Association.

Surviving besides her husband are a daughter, Mrs. W. R. Barrett of Birmingham; her father, Adam H. Marquart; a sister; and four grandchildren.

**Mrs. Maude Moore Halsted**

Service for Mrs. Maude Moore Halsted, 91, of 89 Lone Pine Road, Bloomfield Hills, will be at 1 p.m. Monday at the Bell Chapel of the William R. Hamilton Co, Birmingham. Burial will be at Woodlawn Cemetery Detroit.

Mrs. Halsted died yesterday at her home after an illness of several weeks. She was the widow of Lynn D. Halsted.

Surviving are two sons, Morris M. and Robert M., both of Birmingham, five grandchildren and 10 great grandchildren.

# Ask Payment of Fees for Water Plans

A request from Waterford Township's consulting engineers for early payment of fees for water system planning work will be reviewed Monday by the township board.

★ ★ ★

Johnson and Anderson Inc., 2300 Dixie Hwy., Waterford Township, has asked for $31,000 for work already completed. A contract between the township and engineering firm, which specifies payment after bonds are sold, would have to be amended to honor the request.

**In other business the board will consider a request from residents in Lake Angelus Golf-view subdivision that a private road leading into the area be closed.**

The board will also take action on a recommended plumbing code amendment dealing with shower pans.

Also slated for board attention is a proposed five-lot plat of Watkins Hills No. 5 subdivision.

# Estes' Defense Witnessless

## Lawyer Spends Only 22 Minutes on Review

TYLER, Tex. (AP) — The defense in the Billie Sol Estes theft and swindling trial rested its case without putting a witness on the stand today in a dramatic and surprising action.

★ ★ ★

Chief Defense Attorney John Cofer, a veteran of many courtroom struggles, spent 22 minutes in reviewing the case and to claim the state failed to prove any criminal act by the 37-year-old former multimillionaire and promoter.

**Cofer made several contentions;**

1. Estes only purchased the credit of T. J. Wilson and there was no deception.

★ ★ ★

2. Estes did not benefit from the transaction because he still owes the money to Superior Manufacturing Co., which handled the mortgage which is the key to the charges.

3. The state did not offer any evidence that the fertilizer tanks cited as collateral fail to exist and that Superior Manufacturing had 201 tanks on hand as specified in the mortgage.

★ ★ ★

Judge Otis T. Dunagan earlier overruled a defense motion for acquittal. Cofer almost immediately went into his review of the case.

Estes, smiling and apparently relaxed, told newsmen, "we will stand on our record. Naturally we hope the jury will find with us."

He lauded Cofer saying, "You know I've learned something. All great men are simple. We took the state's own evidence and told the jury about it so simply that anyone could understand."

## Red China Lends Assist to U.S. Inadvertently

The Red Chinese, without knowing it at the time, have given the U.S. a little assistance. In playing their hand they increased the tempo of their invasion of "neutralist" India just prior to our Cuba action, and it backfired.

★ ★ ★

**Undoubtedly this had some sobering effect on the wavering nations that were uncommitted, and as a result they quickly came over to our side.**

Also, had it not been for the Chinese invasion of India we could have expected sharp criticism from NEHRU, MENON and company when we challenged international communism by our quarantine of Cuba.

★ ★ ★

**Since India was involved in her own war with a Communist nation she was not about to comment on our conflict with Russia. Further, Nehru knew that a possible source of military aid would be the U.S.**

He has already asked for assistance in the form of weapons, and we have assured him we will help.

★ ★ ★

This world diplomacy is a tricky bit of business and at best hard to figure. One point that does become letter clear: "Never slap too hard the hand that can help you."

## Practically Worthless

So Cuba's Bearded Bum is protesting the call about missile base inspections.

**He's got to make some token noise to cover the fact that he has been sold down the river by Nikita K. in a bit of international hoss-trading.**

★ ★ ★

CASTRO

It makes his powerless position pretty obvious to the entire world. He can't even get inside the Russian-controlled missile sites in his own country.

If KHRUSHCHEV thought it suited his purpose, he'd ransom CASTRO just as CASTRO is trying to ransom the invasion prisoners.

★ ★ ★

**But who'd give more than a case of rotten eggs and a pack of used razor blades for this minor league nut who handed his people over to communism lock, stock and cane field?**

## Blue Lights Being Used on Chicago Police Cars

O. W. WILSON, Chicago's reform police commissioner, has changed the appearance and sound of Chicago's police cars. The traditional red Mars light has been discarded for a blue one.

★ ★ ★

**Also, the siren has been replaced with a "pompier" that makes a whooping sound. The reason for the change is simple and apparently has some merit or Chicago would not give it a try.**

The idea is to be able to differentiate between squad cars and emergency vehicles such as ambulances and fire engines.

★ ★ ★

There is nothing really new about the idea since it has been used in France for a number of years. We are not suggesting the change, but merely toss it out as a possibility to think about.

## Camera Indispensible During Cold War

The camera, one of the old standbys of the newspaper profession, is now one of our first line defensive weapons. This comes to light as a result of the Cuban difficulty.

Troops and missiles may still constitute the first line of defense in a hot war, but in a cold war, the camera can be an indispensible instrument.

**Photographic reconnaissance over Cuba during the last few months disclosed the secret threat of missiles. The fantastic cameras now in use can read the headlines of a newspaper on the ground from an altitude of 40,000 feet.**

The high-altitude camera work of our U2 reconnaissance planes keeps a watchful eye on many of the troubled areas around the world. And we can't help but plug our own cameras that record the events going on in the Pontiac area.

### Monumental Help Needed With Civil War Marker

By HOWARD HELDENBRAND

The local gendarmerie are in trouble and needing help. That's a lot better than being in trouble WITH the gendarmerie and needing help.

But anyway—here are just the facts ma'am . . . At the corner of Fairgrove and Saginaw is a huge boulder on the face of which is a commemorative plate.

**The inscription indicates the monument was placed Aug. 21, 1916 by**

**Dick Richardson**

**W. R. C. No. 102, and marks the entrance to the old fairgrounds where Oakland County soldiers encamped before service in the Civil War.**

Since Fairgrove is a one-way street pointing west, the stone partially obscures the vision of a motorist approaching the intersection—particularly if he is turning south into Saginaw.

**The police Traffic Co-ordinator Sgt. Lawrence LaBair would like to make contact with anyone having knowledge of this commemoration with the view to minimizing the driving hazard it now presents.**

For long, folks have been wearing their political hearts on their sleeves—well, on their coat lapels then—but it came as news to the MAT that in Minnesoth they were wearing 'em on their lawns!

**A recent visitor says that the three Congressional candidates from that state have prevailed upon residents to permit stakes with cards bearing their respective names to be implanted in yards.**

Guess that's one way of staking out some votes. (Editor's note: Pretty corny, but we'll let it go.)

**Clipped from The New Yorker: A publisher we know, quick to sniff a potential best-selling autobiography, put in a person-to-person phone call to James Meredith at the University of Mississippi campus a couple of days ago. The response from the University's switchboard operator was "Is Mr. Meredith a student heah?"**

Quite a carrot was the one displayed by

of Waterford. It weighed a pound, was 9" long and 2½" thick at the top. He added that he had had a fine watermelon crop—except that about a month ago, thieves made off with about 25 of his biggest, some weighing 30 lbs. . . . The only consolation was that some weren't even ripe.

**Then to add insult to watermelon, they returned a few nights later and picked up the seven or eight they had overlooked . . . Our friend said that if he had known their address, he'd been glad to deliver 'em!**

Incidentally, the gardener just celebrated his golden wedding anniversary. The MAT's congratulations on this wonderful event, and his best wishes for many more happy and rewarding years.

## The POWER of FAITH

By WOODI ISHMAEL

George Washington once envisioned a great church, open to all denominations, in our nation's capital. The Washington Cathedral describes itself as precisely that: "A House of Prayer for All People."

The foundation stone for the huge gothic edifice was laid in 1907. Today it still is only three-fifths completed but for decades it has served the interfaith purpose for which it was intended. Although the cathedral has an Episcopalian bishop, its board of trustees is interdenominational. Among the groups which have worshiped there are Russian and Syrian Orthodox Christians, Polish National Catholics, and Jews.

"Whatever your individual church, whatever your way of worship," states a visitors' pamphlet, "our common faith in God is a common bond among us."

Days of All Faiths:

## 'America' of Hungarian Descent

By DR. HOWARD V. HARPER

Where did America get its name? Bright scholars will reply that it was named for Amerigo Vespucci, the sixteenth century Italian explorer. And that, of course, is true.

But the really interesting part of the story is that in those days many Italian parents were naming baby boys in honor of an eleventh century Hungarian: Blessed Emeric. The Italian form of the Emeric is Amerigo. So, with one language jump, America is named for Blessed Emeric.

**Emeric is not very well known. Perhaps if we really knew anything about him we would know why Italians, 500 years after his death, were naming babies for him and, mistakenly, calling him "Saint" Emeric. He has never been declared a saint. He is remembered in the calendar Monday as Blessed, not Saint, Emeric.**

He was a saint's son, however. His father was the great St. Stephen of Hungary, the king who first consolidated the scattered Christians of his country into an organized church, under the blessing (and ecclesiastical rule) of the Pope.

★ ★ ★

The boy Emeric was born in 1007 and was killed in a hunting accident in 1031. It is not on record that in his 24 short years he did anything worthy of salnthood. In fact, there just aren't any stories even to show what kind of person he was.

**Nevertheless, after his death there soon began to be reports of miracles taking place at his tomb, and his reputation spread from this. Five centuries later his fame had not subsided in other parts of Europe. Even today his festival is still kept in Hungary with great ceremony. Elsewhere he is by now pretty much forgotten.**

But the point here is that America was named for Amerigo and Amerigo was named for Emeric, and Emeric is therefore — hold on tight now — the "eponymic patron" of America.

**THE MANTLE OF PATRICK**

Who was the immediate successor of the great St. Patrick? It was a man named Benen, or in Latin, Benignus, which means "kind." Friday is St. Benen's Day in the Christian calendar, and a great day in Ireland.

The story goes that on one of his journeys, Patrick stopped for some days in the home of a pagan chieftain, in County Meath. As was his custom, the saint at once went to work telling about the good news of Christianity, and the chieftain and his household were soon converted.

**The most ardent of the new Christian family was the young son, Benen, at that time a lad of ten or twelve. When Patrick started to leave and continue his travels, young Benen clung to the saint's ankles and begged to be taken with him. The scene so moved the father that he gave his permission and the boy left home to roam the country with Ireland's patron.**

Benen, even while still a youth, became Patrick's most beloved disciple, and his right-hand man, and when the old man died there was no doubt about who should succeed him as Bishop of the whole Irish church.

**A man of great charm was Benen, with a gentleness that made his Latinized name Benignus most appropriate. He was famous throughout Ireland also for his remarkable singing voice, which earned him the title "Patrick's Psalmsinger."**

Carrying on after Patrick's death, Benen spread Christianity in some parts of Ireland that Patrick had missed. He alone was responsible for evangelizing counties Clare, Kerry, and Connaught.

Washington Notebook:

## Royalty Takes Back Seat to Cuba

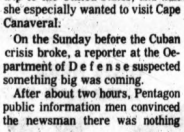

WASHINGTON (NEA) — The Cuban crisis upset plans for a visit of state to Washington by Grand Duchess Charlotte of Luxembourg and her consort, Prince Felix. It had long been scheduled for Oct. 29, but President Kennedy asked that it be postponed until he will have more time for official guests.

Former United States ambassador to Luxembourg Pearl Mesta, just returned from a visit, says the grand duchess told her that she was looking forward to a return trip to the United States, and that she especially wanted to visit Cape Canaveral.

**On the Sunday before the Cuban crisis broke, a reporter at the Department of Defense suspected something big was coming.**

**After about two hours, Pentagon public information men convinced the newsman there was nothing much going on and he turned to leave. Just then, in came a couple of people carrying a cot and a mattress.**

**"Hey, there," said the reporter, "if there's no big crisis coming up then why the cot? You wouldn't be staying for the fun of it."**

A defense assistant quickly thought up a yarn. "Ever since I hurt my leg," he said, "the doctor told me I must stay off it so I have to lie down from time to time."

That satisfied the reporter and he left without getting the scoop on the Cuban blockade.

★ ★ ★

To Secretary of Defense Robert S. McNamara, who had been sleeping in at the Pentagon, the days began to run one into another. At a press conference a reporter asked him just when a particular event had occurred. Answered McNamara dazedly, "Tell me what day of the week it is today — I've lost track. Then I'll be able to answer your question."

★ ★ ★

The influx of hundreds of American and foreign newspaper reporters into the Pentagon at all hours of the day and night after the Cuban blockade was announced created problems between Assistant Secretary of Defense for Public Information Arthur Sylvester and security police.

**After 6 p.m., Pentagon security passes are required before anyone — general, admiral, civilian or newspaperman — can walk through the halls of the Department of Defense. But during the Cuban emergency, reporters were let in at all hours with a variety of identification cards. Extra police watched the halls.**

First night of the crisis, a policeman rushed up to Sylvester. "There's a Russian reporter in the Pentagon," he said.

★ ★ ★

"Sure there is," Sylvester told the policeman. "We especially want him to know and report back what we've got in mind."

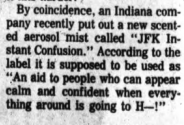

★ ★ ★

Since the first Red bloc ship was boarded by a party from the United States destroyer Joseph P. Kennedy, the gag running around the Pentagon is that the Navy delayed the blockade so that a destroyer named Kennedy would be in the right location for the first action.

There's a reason for Gen. Dwight D. Eisenhower's effectiveness as a campaign speaker, which has been the surprise and delight of Republican audiences. It is attributed by some of his associates to the fact that since his illness, which slowed down his speech somewhat, he has slowed down his mental processes to the speed of his speech.

**The brain of the old Ike, or the younger Ike, was always racing. He tried to speak as fast as he thought. The result:**

His words often came out with a rush, frequently in long and involved expressions which did not make good sentences. His extemporaneous speaking is now much more relaxed, much clearer, and it hits harder.

By coincidence, an Indiana company recently put out a new scented aerosol mist called "JFK Instant Confusion." According to the label it is supposed to be used as "An aid to people who can appear calm and confident when everything around is going to H—l!"

## U. of M. President Gets Japanese Order of Merit

ANN ARBOR (AP) — Emperor Hirohito of Japan has awarded University of Michigan President Harlan Hatcher the second order of merit, the university announced yesterday.

The award and an honorary doctor of laws degree from Waseda University were presented to Hatcher in Tokyo because of aid given the 30,000-student private school by the U. of M., spokesmain said.

## Venus Shot May Renew Activity

WASHINGTON (AP)—Officials said yesterday they are "pretty optimistic" that the Venus-bound Mariner space probe may be able eventually to renew several experiments turned off because of a mysterious drop in voltage of the spacecraft's power system.

* * *

At 7 a.m. today, the space messenger—expected to pass within 20,000 miles of Venus Dec. 14—was 12,144,773 miles from the earth and 16,110,758 miles from Venus. The craft was launched Aug. 27.

A spokesman for the National Aeronautics and Space Administration said that despite the halting of the interplanetary tests, scientists are still getting "about 90 kinds of information" from the spacecraft by radio telemetry, and that the radio signal continues good.

* * *

He explained that all experiments conducted by the spacecraft, and all systems designed to give reports on the probe's working conditions, have been powered by solar energy.

When a drop in voltage was noted several days ago, it was decided to turn off the four interplanetary experiments lest the drain on the solar power system be too great and necessitate calling on an alternative storage battery system.

He said scientists wanted to be sure there will be enough power left for jobs to be done when the proble comes close to Venus.

The radio system is still working on solar energy, sending down information on the operation of the spacecraft and temperature and other conditions inside it.

AUTHORS OF NEW BOOK — Rev. Carl R. Sayers files the new book which he and Rev. Bertram T. White (left) have just written. The publication, "Tithing and the Church's Mission," concerns Christian stewardship. Rev. Mr. Sayers is vicar at St. Stephen Episcopal Church, 5500 N. Adams Road, a mission of Christ Church, Cranbrook. Rev. Mr. White is director of the department of stewardship for the Diocese of Michigan, Detroit.

## Clergymen's Book to Give Guidance

Two Pontiac area Episcopal clergymen, the Rev. Carl R. Sayers and the Rev. Bertram T. White, are co-authors of the book on Christian stewardship, "Tithing and the Church's Mission."

Rev. Mr. Sayer, vicar of St. Stephen Episcopal Church, is chaplain with the rank of captain to the First Missile Battalion (Nike Hercules) 177th Artillery, Michigan Army National Guard.

Rev. Mr. White directs the department of stewardship and evangelism for the Diocese of Michigan, Cathedral Center, Detroit. A native of Oakland County and former rector of St. George Church, Milford, he makes his home with his wife and three children in Highland.

**With a preface by the Rt. Rev. Richard S. Emrich, bishop of the Episcopal diocese of Michigan, the book is a brief and concise theology of Christian stewardship which attempts to open up worldly as well as churchly implications in Christian gift giving.**

It was written to give guidance to parishes in their progress of financial canvassing. Publication is timely as Episcopal churches annually conduct their every member canvasses in October and November.

"Tithing and the Church's Mission" is written in the form of an exposition of the "Prayer for the Whole State of Christ's Church" in the Episcopal Prayer Book.

Each of the paragraphs of the prayer is used as a charter heading and sets the thesis which is delineated in the respective chapter.

**CHURCH CHANGING**

"The Christian Church today," said Rev. Mr. Sayers, "is undergoing a thorough reformation and renewal every bit as exciting as the Sixteenth Century Protestant Reformation.

"Signs of this modern Reformation may be seen in such evidences of new life in our churches as the ecumenical and liturgical movements, racial and cultural unity, industrial mission, lay apostolate and Bible study."

**Vicar Sayers went on to say, "Questionable methods of money raising employed by churches are proving inadequate for the kind of local and worldwide service to people required by the age we live in.**

"The authors believe the practice of Biblical tithing is as necessary to the modern church's mission as prayer and social action," he added.

Published by Morehouse-Barlow, New York City the book is available through the Episcopal Book Shop in Detroit or the book tables at Christ Church Cranbrook and St. Stephen Church.

## Liberal Pastor Gets Vote of Confidence

Albany, Ga. (AP) — Opposed by some members of his congregation because of his pleas for fuller understanding in the efforts of Negroes to end racial barriers here, a Baptist pastor, the Rev. Brooks Ramsey, has been given a "vote of confidence" by his church's leaders.

**In a resolution, they declared "the right of our pastor to exercise a free pulpit according to his own sincere Christian convictions even if, at times, such conviction differs from that of some members of the church."**

He had come under criticism after he objected to the arrest of three Negroes who sought to attend a Sunday service. He said: "This is Christ's church and I can't build any walls around it that Christ did not build, and Christ did not build any racial walls."

Any fool can waste, any fool can muddle, but it takes something of a man to save, and the more he saves the more of a man does it make of him.

## Revival Starts Wednesday at Alliance

The Missionary Alliance Church, M-59 at North Cass Lake Road, will hold evangelistic meetings Wednesday through Nov. 16 at 7:30 each evening.

* * *

Preaching at the revival will be Rev. Merle Fuller of Scottsdale, Ariz. Under his direction Christian Life Crusades conducts a daily radio broadcast called "Abundant Living."

He is currently traveling throughout the United States and many mission fields around the world, Pastor George Bersche said.

Because of a deep interest and concern for servicemen, Evangelist Fuller became founder and head of the widely known "Ship Ahoy Service Center" located in Geneva, N.Y. where over 150,000 sailor boys were reached.

* * *

He is also the founder and former director of Highland Lake Bible Conference in the Catskill Mountains and former director of Harmony Heart Camp for boys and girls located in Scranton, Pa.

George Crawford will be song leader for the special meetings.

## Central Methodist Names Services

Services and Church School of Central Methodist Church are now being held at 9:15 and 10:45 a.m. in the new church edifice located at 3882 Highland Road, west of Elizabeth Lake Road. On Sunday, Rev. Harold H. Johnson will preach at both services.

* * *

His sermon topic will be "Christ and Crisis." Robert Stoner will sing "Whither Shall I Go From Thy Spirit" by MacDermid.

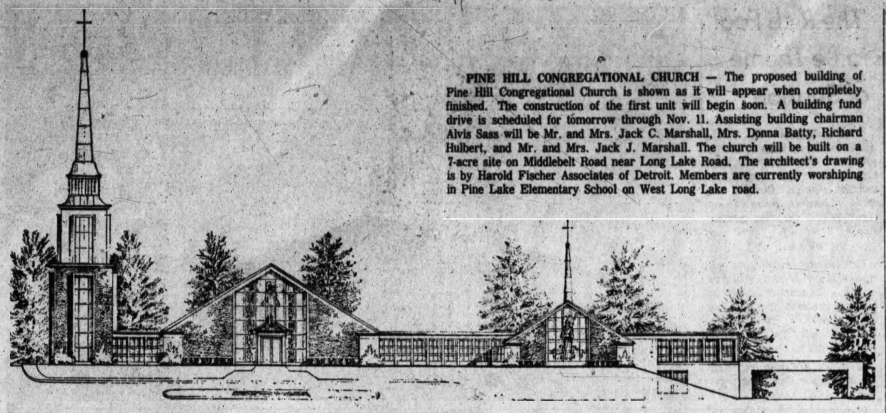

* * *

For the 10:45 a.m. service the Chancel Choir will sing "My Shepherd Will Supply My Need," arranged by Thomson.

The School of Missions will hold a Pot Luck Dinner Meeting in the new Fellowship Hall at 6:30 p.m. Wednesday. Percy Vreeland, Flint district chairman of lay activities, assisted by his wife will be in charge of the program.

* * *

They will show color pictures and tell of the work of their son, Richard, who is serving the Methodist Hospital in Lahore, India as a certified public accountant.

**PINE HILL CONGREGATIONAL CHURCH** — The proposed building of Pine Hill Congregational Church is shown as it will appear when completely finished. The construction of the first unit will begin soon. A building fund drive is scheduled for tomorrow through Nov. 11. Assisting building chairman Alvis Sass will be Mr. and Mrs. Jack C. Marshall, Mrs. Donna Batty, Richard Hulbert, and Mr. and Mrs. Jack J. Marshall. The church will be built on a 7-acre site on Middlebelt Road near Long Lake Road. The architect's drawing is by Harold Fischer Associates of Detroit. Members are currently worshiping in Pine Lake Elementary School on West Long Lake road.

# Proposed Plan for Pine Hill Congregational Church

The building of the proposed chapel of the Pine Hill Congregational Church on Middlebelt Road represents the first step in a church building program.

The complete structure will be in the shape of a hollow square with an open court in the center.

On two sides of the square will be large bright church school rooms and a fellowship room. The other two sides will contain the sanctuary and office facilities.

The main entrance will be through the base of a free standing tower. On a lower level will be a large multi-purpose room with kitchen and dining facilities. The folding walls provide classrooms.

**The upper level will provide a chapel seating about 100 people.**

The whole structure will be of white brick.

The large window at the front will be of clear or light pastel carved glass. It will stand against a background of tall trees on its 7-acre site.

* * *

The general design of the building is contemporary. At the same time it retains a feeling of Colonial architecture symbolizing the Pilgrim heritage out of which Congregational churches originated.

Members will start a building fund drive tomorrow for a goal of $50,000 to be paid over a period of three years. The budget for 1963 is set for $12,700.

"Basic Christian Concepts" is the theme of the series of sermons Rev. Harry W. Clark, pastor, is preaching. His topic at 11 a.m. tomorrow will be "How Big Is God?"

* * *

Jack Souder and Mrs. Elizabeth Neef will sing a duet during the worship hour. Mrs. E. C. Whitfield will be organ accompanist.

**Interim appointments announced by the executive board include William Lovell, moderator; Donald Manning, deacon; and Mrs. Joseph Zalac, deaconess.**

The Pine Hill young people will meet at the home of Tom Lovell with the program based on "Superstition." George Sass will be chairman and Betty Ellis of Birmingham will speak.

* * *

Pine Hill Congregational held its first service on Sept. 11, 1960 in the Pine Lake School where services are currently scheduled. Dr. Alfred D. Gray, who had retired from the ministry, became the first pastor.

Some 50 families made up the founding members. Because of ill health Dr. Gray retired in 1961.

**EXAMINE RELICS** — Tom Mehlberg of 4128 Normanwood, Orchard Lake (left) and Mike Hough of 6847 Alden Drive, Union Lake try on shepherd robes that Rev. and Mrs. Edward D. Auchard purchased in Damascus, Syria, last summer. The robes will be presented to Orchard Lake Community Church, Presbyterian. The boys are examining a drinking jug still in use throughout the Middle East. Mrs. Auchard tells the boys the background of the many relics.

## Thank Offering to Be Received

### Oakland Church Buys New Hymn Books

The annual thank offering will be received at the 10 a.m. worship hour in Oakland Avenue Presbyterian Church tomorrow. The Women's Association will conduct the service.

* * *

Bringing the message will be Dr. D. A. Brown, medical missionary at Christian Hospital in Taxila, West Pakistan. In a recent letter to Pastor Theodore R. Allebach, Dr. Brown said there is a great need for more medical missionaries.

* * *

He wrote on some days more than 500 people stand in line for medical attention.

* * *

Women taking part in the service will include Mrs. Theodore Girtman, Mrs. Wayne Good, Mrs. Charles Aguayo, and Mrs. Walter Napersky. A trio composed of Mrs. Fred Froede, Mrs. James Meredith and Mrs. Ross Morton, will sing.

**At 7 p.m. Rev. Mr. Allebach will preach on "The Glory of God." Mrs. Charles Edie and Mrs. Meredith will be at the piano and organ during the song service.**

The church has purchased more than 500 new hymn books. The pastor suggests families buy some for home use. "Worship and Service Hymnal" is the title of the new song book.

* * *

Leading in the attendance crusade are Lynn Wallace, Craig Allebach, Laura Upton Sue Moore, Paul Kitchen and Cheryl Rhodes, children's and young people's departments. Al Jackson led the adult group.

To View Holy Land

# Auchards Sharing Experience

Members and friends of Orchard Lake Community Church Presbyterian are invited to "Visit the Holy Land With the Auchards" some night next week.

* * *

Rev. and Mrs. Edward D. Auchard in charge of the Orchard Lake pastorate, will show pictures taken in Italy, Greece, Egypt, Lebanon, Syria, Jordan and Israel, and describe experiences abroad each night Monday through Friday.

On display will be shepherd robes, fragments of pottery from the Shechem dig of the Drew — McCormich Archeological Expedition which dates from Iron Age II.

This is the period following the reign of Solomon and preceding the fall of the Kingdom of Israel between 900 and 700 B.C., Pastor Auchard said.

An ancient Palestinian lamp uncovered near Hebron is about 2,000 years old.

**They will also speak of their observances concerning the mission of the church in the modern world.**

These programs are planned by the stewardship committee under the direction of William T. Irons. Assisting are Donald H. Brunson, Sam Burnley, J. Dean Gsrrett, W. Richard McNary, John H. Miller, Fritz Radford, Gene Riegler, Wendell Strait, Charles Unbehaun and Harold L. Welch.

* * *

Pastor Auchard will preach tomorrow morning on "Between the Devil and the Sea." The Chancel Choir will sing "The Prayer of St. Francis" by Morgan at 9 a.m. The Chapel Choir will present "Prayer of Thanksgiving" by Kremser at 11 a.m.

Young people of Senior High Fellowship meet as usual at 6 p.m. The group will provide nursery attendants for the five church nights next week.

Dr. L. Jerome Fink will give the concluding lectures in the series on "Religion and Mental Health" at 8 p.m. Sunday.

**R. H. McClurg will preside at the evangelism committee meeting Tuesday evening. Junior High Fellowship will get together for a 5:30 dinner Thursday evening.**

Boys working on the God and Country Award will meet at the church at 4 p.m. Saturday. Senior High Fellowship is planning a hayride at Roy's Ranch tonight.

* * *

A series of inquirer's classes for adults will begin Sunday with Pastor Auchard, the instructor. Christian Koch, assistant in Christian education, will begin a teacher training course on Nov. 11.

CALVARY LUTHERAN CHURCH — The congregation of Calvary Lutheran Church located at 6805 Bluegrass Drive near the intersection of M-15 and I-75 will hold the first services in the new building tomorrow. Built of brick and cinder block this first unit was constructed at an estimated cost of $53,000. The general contract was by Waterford Construction Co. T. Neel Eubank of Flint was the architect. The initial steps taken to make Calvary Church possible was made by Pastor Arvid Anderson, former pastor of Christ Lutheran Church, Waterford.

# First Unit Opening for Worship Services

The doors of Calvary Lutheran Church will open tomorrow for services in the new red brick building with white trim, the first unit of a building program.

* * *

Located at 6805 Bluegrass Drive near Clarkston, the church is an outgrowth of a mission plan of Rev. Arvid Anderson when he was pastor of Christ Lutheran Church, 5987 Williams Lake Road, Waterford Township.

Family worship services will be held at 9:30 and 11 a.m. A nursery will be provided under the direction of Mrs. Allen Wickman but no Sunday School classes will meet. Children may attend the worship hours.

**Martin J. Gustafson, building committee chairman, will speak to the congregation. The choir, led by Mrs. H. Hubert Cox, will sing "Holy, Holy, Holy."**

Pastor Paul A. Johns who came to the area to organize the church will preach on "A Structure That Summons."

* * *

An open house with a program and refreshments is scheduled for 3 p.m. Rev. Alexander Stewart, secretary of the Independence Township Pastor's Association will bring greetings.

Other area speakers will include Duane Hursfall, Jess Berg, Keith Hallman, and Milford Mason.

Mrs. Helen May and the choir will present musical numbers and Pastor Johns will give an informal talk on the story behind the formation of the new church. Refreshments will follow.

The open house committee consists of Mrs. Carl Birkelo, Mrs. Richard Blasey and Mrs. Lloyd Kirby.

IN COUNTRY

The new church with oxidized copper steeple sits on a 5-acre tract of land. Its glass doors open out to rolling hills and simple countryside.

At night the radiant colors of stained glass windows can be seen from I-75 highways.

* * *

Walls of the sanctuary are rose beige and floor covering is beige cherrywood tile except in the chancel area where carpeting is beige. The building consists of sanctuary, pastor's office, kitchen and parish educational room.

Formal organization of Calvary Lutheran Church was on Jan. 22, 1961 with 74 charter members. Adult membership today numbers 125 with 261 baptized members. The Church School enrollment is 117 children.

**Worship and Church School services have been held in the Clarkston Elementary School.**

Estimated budget for the coming year is $13,284. This does not include the $3,000 grant-in-aid from the Board of American Missions.

"It is the hope and conviction of the congregation that the new church building will enable more effective witness and service of the Christian gospel. Calvary Lutheran Church invites the public to the opening festivities tomorrow," said Pastor Johns.

## Rev. Gerald Rapelje Lists Programs

"Do Saints Hunger and Thirst After Righteousness' will be the sermon topic of Rev. Gerald J. Rapelje at Memorial Baptist Church tomorrow morning. "The Prophetic Significance of the Feast of Weeks" will be his evening theme.

Sandra McDowell will sing "Keep on Believing" and the choir will offer "The Lord Is My Shepherd" in the morning service.

The Disciples Quartet composed of Douglas Brown, Edward Justin, Marshall Causbie and Jim McIlrath will sing "I'll Be There" Sunday night. The choir number is "The Prince of Gloryland."

## Turkey Shoot Slated

The Lake Orion Gun Club will have a turkey shoot beginning at 10 a.m. Sunday at the club's outdoor range on Stanton Road.

The public is invited to compete.

## Church of God Has Meetings

### Leaders Work With Boys, Girls, Adults

The Pike Street Church of God, Anderson at East Pike Street, is cooperating with the denomination's program for this month entitled "Outreach for the Unreached Family."

* * *

Special efforts are being made to interest the whole family in attending church and Sunday School.

* * *

The weeks are divided into an age level program with the first week directed toward reaching the junior boys and girls. The second week will be devoted to teenagers, the third week to parents and the last week to families.

* * *

**Leaders of departments will be in charge of their particular Sunday. These include Jerry Risinger, James Thompson, John Thorn, and Rubel Harrison.**

Posters, skits, special invitations, ribbons and buttons are being used to brighten the program.

# Parties to Test Strength for 1964

*(Editor's Note — This is the sixth of a series of dispatches on the Nov. 6 elections by UPI political writers. It concerns the implications of the balloting for the 1964 presidential race.)*

By RAYMOND LAHR

WASHINGTON (UPI) — Republican and Democratic leaders alike will be watching next Tuesday's balloting for clues to what may happen in the 1964 presidential sweepstakes.

The voters will be choosing governors, members of Congress and other officials. But the election also will test the strength of the two parties and the popularity of some prime presidential prospects.

**In 1964, President Kennedy presumably will be running for re-election. The GOP will be looking for a presidential candidate who can lead it back to political glory by recapturing 1600 Pennsylvania Avenue. Some of their potential contenders are candidates for governorships next week.**

Despite congressional gains in 1960, the GOP will go into Tuesday's balloting in a relatively weak position. The Democrats hold the White House, control of Congress and 34 of 50 governorships.

★ ★ ★

Almost since Kennedy's victory by a paper-thin margin in 1960, Republican leaders have been saying that their party must make gains in 1962 to stay in the contention for 1964.

**While he still was Republican national chairman, Sen. Thruston B. Morton of Kentucky said the party might have to draft a candidate to run in 1964 unless it showed an increase in strength this year.**

His successor, Rep. William E. Miller of New York, said recently that the GOP would have to look under a rock for a presidential candidate if it failed to cut down Democratic power this year.

But New York has a Republican governor, Nelson A. Rockefeller, who looks very available for the 1964 nomination. Heavily favored to win re-election, he wants to better his 1958 margin of 573,000 votes. He now is rated as the man to beat for the 1964 GOP presidential nomination.

**The Republicans also are struggling to displace Democratic governors in such politically important states as Pennsylvania, Ohio, Michigan and California.**

Richard M. Nixon, the party's 1960 presidential nominee, is the candidate in California; George Romney, former automobile executive, in Michigan, and Rep. William W. Scranton in Pennsylvania.

All three could become 1964 contenders by winning, although Nixon and Romney have ruled themselves out as candidates. As governors, each would become a powerful voice in the Republican party.

**Sen. Barry Goldwater of Arizona, another possible Republican contender, has no direct stake in the voting Tuesday since his term does not expire this year and he is not a candidate. Victories by conservative Republicans, however, would amplify his voice within the party.**

Democratic party leaders are as aware as anyone of the importance of the governors to be elected and are worried about their chances of holding the governorships they have.

**LESS RELIABLE**

Mid-term congressional elections, when the White House is not at stake, once were reliable indicators of what would happen in the next presidential election. Since World War II, they have been less trustworthy.

**In the old historic pattern, the political party winning control of the House in mid-term elections won the White House two years later. However, Dwight D. Eisenhower won the presidency for the GOP in 1952 although the Republicans did not win a majority in the House in 1950.**

The Republicans won control of both houses of Congress in 1946 and the Democrats did the same in 1954. In neither case did the mid-term winner in Congress take the White House two years later.

# Traffic Deaths May Set Mark

## Big Leap in Fatalities Hits N. Atlantic States

CHICAGO (UPI) —The nation appears to be heading toward a record traffic slaughter this year with the North Atlantic and Northern Plains states leading the way.

★ ★ ★

During the first six months of the year four-fifths of the increase in traffic deaths occurred in the North Atlantic states.

**In the Northern Plains, North Dakota was up 26 per cent, South Dakota 18 per cent and Nebraska 15 per cent.**

Every state east of the Mississippi River showed a percentage increase in traffic deaths in the first nine months of this year compared to the same period a year ago, the council reported.

★ ★ ★

Nationally, the traffic death toll was up 9 per cent during the first nine months of the year and accelerating rapidly. In the first half of the year the increase was only 6 per cent.

★ ★ ★

A safety council spokesman said that if the present pace is maintained the total for the year "will come near 41,000." The record U.S. highway slaughter occurred in 1941 when 39,969 persons died.

★ ★ ★

In the first nine months of 1961 4.9 persons died in traffic accidents for every 100 million vehicle miles traveled. Despite thousands of miles of new, safer highway in use this year, the death rate climbed to 5.1 per 100 million vehicle miles.

At least nine or ten of the Amazon's tributaries exceed the Rhine River in total length.

Salt domes are located with gravity meters. Less pull occurs over the domes.

## Is There a Wedding?

LINWOOD L. FLACK JR.

I am sure that Democrats, Independents and Republicans are interested in what appears to have been a wedding between the Commissioner from District 1 and the press. Could it be that in as much as both have declared their support for Mr. Romney, the leadership that was once lacking of the Commissioner from District 1 as has been charged by the press, has now been forgiven and forgotten? Why?

We wonder why no mention has been published regarding the frequent visits of Mr. Romney to the home of the Commissioner of District1. Is the rumor true that if Mr. Romney is elected Governor, the commissioner will be given personal favors? If so, what about the welfare of the rest of the citizens in his district? The press has always contended the Commissioner from District 1 has not and cannot give leadership to his district, the city, and Oakland county citizens. This now has taken a twist to the effect that by associating with Mr. Romney all is well. Thousands of us know better, and now that this relationship has been established between the press, Mr. Romney and the Commissioner from District 1, we will cast our vote for Governor Swainson, his team and leadership.

## Assistant Engineer Named

# City Position Is Filled

City Manager Robert A. Stierer today appointed R. Marlin Sumner as assistant city engineer.

★ ★ ★

Sumner, 32, has been on the city's engineering staff since February 1961. He will assume his new duties Monday.

**The $8,800-per-year position has been vacant since former assistant city engineer Joseph E. Neipling was named acting city engineer following the resignation of James N. Carlisle last July.**

★ ★ ★

Neipling endorsed Sumner's promotion. Sumner's time on the staff was interrupted by 11 months of military service in 1961 and 1962.

**ARMY CAPTAIN**

He is a captain and engineer officer of the 333rd Engineering Group, U. S. Army Reserve, in Ann Arbor.

**Sumner, of 8541 Arnold, Dearborn Township, plans to move to Pontiac shortly.**

A civil engineering graduate of Purdue University, he is married and has three children.

# Glenn 1st to Get Marine Trophy

## Astronaut Inaugurates Aviation Award

QUANTICO, Va. (AP)—Astronaut John H. Glenn Jr., first American to orbit the earth, received yesterday the inaugural Alfred A. Cunningham award as the top Marine aviator of the year.

★ ★ ★

The award, to be presented annually to the top Marine flier, was presented to Glenn here by Lt. Gen. John C. Munn, assistant Marine commandant.

**Glenn, a Marine lieutenant colonel, was chosen as the first recipient of the award for his contribution to this country's space program. Yesterdays ceremonies coincided with the 50th anniversary of Marine Corps aviation.**

The first Marine Aviation Force veterans association of World War I inaugurated the award in honor of the first Marine aviator, the late Lt. Col. Alfred A. Cunningham. The presentation was the highlight of the official opening today of the Marine Corps Museum's Aviation Room here.

★ ★ ★

The Alfred A. Cunningham Trophy will remain in the museum's aviation room.

★ ★ ★

Taking part in the review under slightly overcast skies were the post band and about 400 Marines in battle dress.

★ ★ ★

On hand was Navy Secretary Korth, who received a 19-gun salute on arrival at the base.

# JACOBY ON BRIDGE

By OSWALD JACOBY

Marshall Miles of San Bernardino and Eddie Kantar of Los Angeles will be the only California pair in the Phoenix trials. Their strongest point is slam bidding.

JACOBY

Their handiwork shown in the box is worth study. When the hand was played in a pair tournament about half the pairs stopped at six no-trump. Several went to seven-trump. Marshall and Eddie were one of the few who reached the correct seven clubs.

The first key bid in the sequence was Marshall's three-club call to show that he had a real club suit. Four clubs confirmed this further, whereupon Eddie checked for aces and kings and then bid seven clubs.

Marshall was privileged to go on to seven no-trump and he would have done so had he held a sixth club or the jack of either diamonds or spades.

Incidentally, seven no-trump could be made against any lead but a heart. The play is double dummy and no one actually made it.

Dr. Knight's selection was made by the Duke trustees meeting here today, after the unanimous recommendation of a trustee presidential selection committee.

## GOP Turns to Science

HARTFORD, Conn. (AP) — Connecticut Republicans are turning to science to help them win elections. The party plans to use computers to analyze election data. The machines, it is explained, will be able to pinpoint towns or districts where a little extra effort could swing an election.

# Astrological Forecast

By SYDNEY OMARR

For Sunday

**"The wise man controls his destiny . . . Astrology points the way."**

ARIES (Mar. 21 to Apr. 19): Fine day for being with friends. Also, for attending your church. Good for being alone, for meditation. Analyze motives, ambitions, problems. Be gracious to younger family members.

TAURUS (Apr. 20 to May 20): You may experience feeling of being restricted. This merely serves as cautionsign. Be careful while visiting friends, relatives. Take your time. Observe the beauty all about you.

GEMINI (May 21 to June 21): Truth prevails today. You are able to see situation as it exists. Fine for inspiration. You push ahead toward major goal. Tonight get plenty of rest. Be ready for busy times ahead.

CANCER (June 22 to July 21): Very good for enhancing your personality. Means be "quiet within." Think about questions and matter important to you. Answers could be forthcoming. Previously, you asked for solutions. Today you may receive them!

LEO (July 22 to Aug. 21): Answers to numerous questions are close. Take time to listen, perceive. Permit strong intuitive qualities to come to you. Better to absorb knowledge than to try to push personal views.

VIRGO (Aug. 22 to Sept. 22): Outing with family, friends is especially favored. Take time to relax. Show appreciation for past favors. Key is expansion, versatility, humor. Get ready for productive days.

LIBRA (Sept. 23 to Oct. 22): Good news upcoming regarding budget, financial affairs. Good day for travel, visits. You learn much from reading. Express yourself via writing and stimulating conversations.

SCORPIO (Oct. 23 to Nov. 21): Accept certain facts, even if unpleasant. Take notes. Begin planning program for improvement. Adjust to changing situations. Be frank. Discuss questions with spiritual advisor.

SAGITTARIUS (Nov. 22 to Dec. 21): Good day for family reunion, dinner, entertainment at home. Precedence is to want to accomplish everything at once. Be patient, yet determined. Do one thing at a time.

CAPRICORN (Dec. 22 to Jan. 20): Friends could provide money-earning answers. Be alert. Listen to new ideas. Refuse to be depressed about minor delays. Check budget. But don't skimp on family pleasures.

AQUARIUS (Jan. 21 to Feb. 19): Lunar cycle up. Means: now you can improve others with good judgment. Be sincere. Apply past knowledge to present challenges. Cooperate in civic or community project.

PISCES (Feb. 20 to Mar. 20): Visit to hospital or home of friend who is confined proves beneficial. Lend helping hand by being fine listener. Good news indicated for future. Exude optimism.

★ ★ ★

**IF SUNDAY IS YOUR BIRTHDAY . . . you impress others with your willingness to fight for what you think is right. Keep on even keel. No radical changes.**

★ ★ ★

GENERAL TENDENCIES: Cycle up for Capricorn, Aquarius, Pisces. Special word to LEO: Be diplomatic. Let associate or friend have spotlight.

**For Monday**

ARIES (Mar. 21 to Apr. 19): Curb urge to make influence felt. Go slowly with mild approach. Much is gained by diplomacy. Flexing of muscles apt to result in rift. Show strength through quiet determination.

TAURUS (Apr. 20 to May 20): Take time to listen. You may not yet have all facts at hand. With this pre-praying, take appraisals into action. Public relations cycle high. Live up to potential!

GEMINI (May 21 to June 21): Forget past possibilities. Concentrate on future. Be independent, original. Strive to express little-known factors. Shed light on "dark" issues. Show superiors you can do the job.

CANCER (June 22 to July 21): Cycle now stresses knowledge. Learn by teaching. Cooperate with Taurus individual. Mercury favorably aspects your sign. Means ideas should be put to work. Make this productive day.

LEO (July 22 to Aug. 21): You want action. But if you scatter your forces you merely expend energy. The way to obtain results lies in patience, wisdom. Do more listening than talking. Avoid silly disputes. Be agreeable.

VIRGO (Aug. 22 to Sept. 22): You may complain about "lack of excitement, change." But there is pleasure all about you. Today you can find it if you will but look. Share hobbies, mutual interests. Open up!

LIBRA (Sept. 23 to Oct. 22): Good lunar aspect. Today indicates results where affairs of the heart are concerned. Be romantic, chivalrous. Charm is key. Permit sense of beauty, appreciation to bloom.

SCORPIO (Oct. 23 to Nov. 21): Stand up for rights. Be willing to sacrifice for family members. Remain determined to obtain quality, not glitter. Mercury, entering your sign, points to ideas which pay off.

SAGITTARIUS (Nov. 22 to Dec. 21): Cycle such that you are inspired to act on knowledge. Means you can produce. Concentrate on self-confidence. Make others aware of present as well as potential abilities.

CAPRICORN (Dec. 22 to Jan. 20): Powerful indications that you are to be handed added responsibility. Be ready, willing to accept. Speak with air of optimism. Avoid whining tendency. Do after what you want; make others pay heed.

AQUARIUS (Jan. 21 to Feb. 19): Cycle up. You are able to attract attention. Be ready to take advantage of "good sight." Avoid careless action. Have facts, figures available. Don't alibi. Leave excuses to others. Be devastating by frank!

PISCES (Feb. 20 to Mar. 20): Like Gemini, "cheer for the moon." Go after the "big" prospect. Avoid minor skirmishes. Be independent in thought, action. Confidence wins the day.

★ ★ ★

**IF MONDAY IS YOUR BIRTHDAY . . . you are intuitive, romantic, intense. Your cycle moves up now, especially where finances are concerned.**

★ ★ ★

GENERAL TENDENCIES: International affairs are tense. False report could set off temporary panic.

## Junior Editors Quiz on CLOTHES

QUESTION: When did women start wearing trousers?

ANSWER: In China, women have worn trousers for a long time, especially for work. Eskimo women also wore trousers long ago and still do, finding them necessary for warmth.

Many women in the Middle East, in countries such as Turkey, have worn baggy trousers. But European and American women had little to do with trousers until, in 1851, a determined lady, Amelia Jenks Bloomer, began to lecture in favor of women's rights, wearing "Turkish pantaloons."

A craze for knee-length "bloomers" followed. Mrs. Bloomer did not succeed in dressing American women in "Turkish pantaloons," but the women's rights movement did succeed.

**Women got jobs, became interested in sports and the outdoors. By the 1930s, beach pajamas had appeared and it became smart to wear mannish slacks with jackets for sports wear; soon trousers were an established fashion.**

Ski pants appeared at winter resorts. During World War II, women in factories found trousers safe and comfortable. Horsewomen, of course, had been wearing riding breeches since the sidesaddle went out of general use.

FOR YOU TO DO: Look up the interesting story of Mrs. Bloomer. She gave up wearing her famous "Turkish pantaloons" in 1859, but went on writing and lecturing in favor of women's rights.

## Find Rich Copper Ore in Upper Peninsula

CALUMET (AP) — Discovery of the richest copper ore body found in Michigan's copper-rich Upper Peninsula in the last 20 years was reported today.

H. Y. Bassett, Calumet & Hecla president, described it as "a previously unknown ore body in the Kingston conglomerate lode" and said that drill cores indicate "a grade of ore substantially higher than anything that has been mined in the district for the past 20 years."

**At Calumet division headquarters here, where executives only 10 days ago described new borings in the Kingston lode as "merely exploratory work," a company spokesman conceded today the new ore find could extend the company's copper-mining life at least 30 years.**

A reporter got the "merely exploratory" explanation when he reported rumors were circulating in Calumet and Houghton of the richest find in years.

Calumet & Hecla currently operates six deep-shaft mines in Michigan's so-called copper country, where sheets of nuggets of pure, raw copper are found embedded in rocks.

Even at White Pine, in nearby Ontonagon County, copper comes in mere flecks of copper sulfide that must be beaten from the rock and then separated by flotation.

Disclosure of the new find came in a statement from Bassett to stockholders.

*The gavel Mrs. H. Russel Holland presented to Mrs. Thomas Atkinson, president of the Episcopal Church Women at All Saints Church, this week, has a history. Made from wood removed from the pre-Civil War house in which Judge Holland was born in Charlottesville, Va., the gavel was given to him when he first sat on the Circuit Court bench some 27 years ago. A gentler hand will now wield it.*

## Keep Gifts if Fiance Not Hurt

By The Emily Post Institute

Q: Before I met my fiance I was going out with another young man for over a year (we were not, however, engaged). During our friendship he gave me several lovely presents. I have not returned any of these gifts.

My fiance thinks I should and says that it is belittling to him to use these things that were given to me by another man.

I am still friendly with this other man, although I no longer go out with him and I think it would hurt his feelings if I returned them. Is it necessary to do so?

A: As the first young man gave you these gifts out of friendship and not because you were engaged to him, it will be proper for you to keep them.

It seems absurd of your fiance to feel that your continuing to use these gifts is belittling to him, but if you are unable to persuade him to change his mind, you will have to decide whether to keep them or give them up to please him.

★ ★ ★

Q: I would like your advice as to who is considered the immediate family. My husband's nephew will be married shortly and after the Mass there will be a breakfast for the immediate families, which according to the bride's mother, includes the parents, brothers and sisters and their husbands and wives only. The bride has no grandparents but the bridegroom has two. They are not included at the breakfast, just the reception in the afternoon. Aren't the granparents considered immediate family and shouldn't they have been invited to the breakfast?

A: At a wedding, grandparents are very definitely considered immediate family and should be invited to the breakfast.

Q: If a boy asks me to dance and I don't care to dance with him, what is the proper thing to say without hurting his feelings?

A: To refuse to dance with a boy without offending him is difficult. If you are sitting down when he asks you to dance, you could say, "Not just now, I'm tired," but then you must not immediately dance with another boy.

Details concerning the remarriage of a widow and divorcee are described in the new Emily Post Institute booklet entitled, "Second Marriage." To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to the Emily Post Institute, care of The Pontiac Press.

# McCarthys Wed

A papal blessing was bestowed on the marriage of Elizabeth Fitzpatrick to Douglas L. McCarthy by Rev. Thompson L. Marcero this morning in St. Vincent de Paul Church.

★ ★ ★

Following a reception in the Elks Temple, the newlyweds left for the Pocono Mountains in Pennsylvania. They will reside on Pontiac Drive.

The bride is the daughter of Mrs. Thomas C. Fitzpatrick of Mary Day Avenue and the late Mr. Fitzpatrick. The Mathew McCarthys of Oakway Drive are the bridegroom's parents.

Fashioned of white silk peau de soie, with applique of sequined Alencon lace, the bridal gown featured bracelet-length sleeves and chapel train.

A pearl and crystal Swedish tiara caught the silk illusion veil. White cymbidium orchids, feathered carnations and Stephanotis comprised the chapel bouquet.

Limepeel velveteen sheath dresses with satin overskirts were chosen by the bride for Mrs. Frederick Beckwith, her matron of honor and her sister Judith and Mrs. Terrance Paseneau of Waterford who were bridesmaids. They held crescents of pompons in fall shades, with wheat.

★ ★ ★

Julie Fitzpatrick served as her aunt's flower girl and John Violante, the bridegroom's nephew, was ringbearer.

Best man was Donald Campbell. Robert Baker of Warren and Edward Violante of Livonia were ushers.

The new Mrs. McCarthy attended Eastern Michigan University and her husband holds a degree from the University of Detroit. He is a member of Delta Sigma Pi fraternity.

*Wed today in St. Vincent de Paul Church were Elizabeth Fitzpatrick, daughter of Mrs. Thomas C. Fitzpatrick and the late Mr. Fitzpatrick of Mary Day Avenue, and Douglas L. McCarthy, son of Mr. and Mrs. Mathew McCarthy, Oakway Drive.*

*MRS. DOUGLAS L. McCARTHY*

*Wed today in Our Lady of Refuge Church were Ellen G. Comiskey, daughter of Mrs. Charles E. LeBrun of Barnsbury Drive, and the late Frederick P. Comiskey, to Dr. John Preston Murphy of Bloomfield Terrace, son of the H. Preston Murphys of Beaupre, Quebec.*

# Newlyweds Plan Trip to Bermuda

Dr. and Mrs. John Preston Murphy, who spoke wedding vows before Rev. Giles E. Bartol today in Our Lady of Refuge Church, Orchard Lake will fly to Bermuda for their honeymoon.

★ ★ ★

The former Ellen G. Comiskey is the daughter of Mrs. Charles E. LeBrun of Barnsbury Drive and the late Frederick P. Comiskey. The H. Preston Murphys of Beaupre, Quebec, are Dr. Murphy's parents.

★ ★ ★

White coronation taffeta and rose-motif Chantilly lace fashioned the bridal gown styled with contour midriff and flyaway court train edged with lace. A lace crown held the bouffant veil of silk illusion. The bride carried a colonial bouquet of white carnations and roses.

★ ★ ★

Mrs. Frederick Comiskey, Royal Oak, matron of honor, and bridesmaids Mrs. Shirley Guye of Waterford and the bride's sister, Linda, wore gold silk faille and carried pompons in fall shades.

Dr. Robert VanSickle was best man. Seating guests were Dr. Louis P. LaBerge and the bride's brother, Frederick Comiskey.

★ ★ ★

The reception was held in the K. Falls Lounge, Waterford. The couple will return to Dr. Murphy's apartment in the Bloomfield Terrace. He is a resident physician at St. Joseph Mercy Hospital.

# Vaudeville Pleasantly Revived in Auxiliary's Hi-Fever Follies

By JANET ODELL
Pontiac Press Women's Editor

Vaudeville is not completely dead.

At least once a year it returns to Pontiac in a fast-paced review called the Hi-Fever Follies.

★ ★ ★

The backers and participants are members and friends of the women's auxiliary to Pontiac General Hospital.

It is interesting to see how a professional director can take a group of willing amateurs and in less than a month's time weld them into as smooth a troupe of singers and dancers as appeared on the stage at Pontiac Northern High School last night.

There's a bit of "ham" in all of us.

**FUN TO WATCH**

"The Terrific Twenties" was fun to watch. It's fun to see your friends and neighbors cavorting on stage.

All the trappings of the Twenties that have become famous were in the follies — the speak-easy, the Charleston, the Ziegfeld Follies; Texas Guinan, blues singers and the flappers.

★ ★ ★

Preceding the live portion of the program and once in the middle, films were used to promote the production's advertising backers.

Nickelodeon music accompanied this portion of the program.

Other advertisements were skillfully woven into the live part of the follies.

**VOCALISTS SCORE**

Vocalists the Pontiac audience has come to anticipate did their part to make the music pleasing.

Bobbie Rydman, Claire Nicolls, Fred Fuller, Jerry Namowicz, the Victor Lindquists, Leo Wasserberger and Gunny Ryden — among others — lived up to expectations.

★ ★ ★

Chorus lines included both auxiliary members and teenage dancers.

One group of dancers which nearly brought down the house was an octet that began with a minuet and ended with the twist. And they were not teenagers.

A small white poodle pranced across the stage during the scene, called "Marvelous Party."

**CANINE OBEDIENCE**

Later, four other dogs provided an exhibition of canine obedience that was heartening.

Four dog owners, members of Southern Michigan Obedience Training Club, put their dogs through their paces.

Despite the bright lights, unusual surroundings and intermittent applause, these dogs obeyed their masters' commands.

Brooks Russell, director of the production, also was a member of the musical quartet that played for all the numbers. Fran McCallum, Dan Foley and Joe Sharpy also were in the orchestra pit.

Madeline Gudobba and Galen Randolph provided bits of nonsense between scenes, adding a bit to what the program said about each part.

**BUY HEART EQUIPMENT**

All proceeds of the Hi-Fever Follies go to buy heart equipment for Pontiac General Hospital, Mrs. Socrates Sekles, auxiliary president, announced from the stage last night.

There will be a repeat performance tonight and already the "standing room only" sign is out.

## Rochester Girl, 9, in Piano Recital

Mrs. L. M. Angleton will present Sandra Harrer, 9-year-old daughter of the Kenneth Harrers of Rochester, in a piano recital, Sunday, at 3 p.m. in the Morris Music Store.

Mary Jane Hoisington will give a reading.

Discussing plans for the event are (from left) Mrs. Fred Bohlman, Coleman Street, Waterford Garden Club president; Mrs. William Aebersold, Ross Drive, of the faculty wives; and Mrs. Arthur Selden, Cooley Lake Road, Waterford Book Review Club president.*

# Harts Travel to Canada After Exchanging Vows

The David J. Harts left for a honeymoon in Canada and northern New York State following their marriage and reception today in St. Benedict's Church.

★ ★ ★

Rev. Richard Thomas performed the nuptial rite for Patricia Ann Lehman, daughter of the William Lehmans of Williams Drive, and the son of Mrs. Joseph W. Hart of Ferndale and the late Mr. Hart.

Pearl earrings and neck-lace, gifts of the bridegroom, enhanced his bride's street-length gown of embroidered white slipper satin.

★ ★ ★

Her silk illusion fingertip veil fell from a pearl and rhinestone crown. White roses and crysanthemums comprised her cascade bouquet.

Isabell Tofelsky attended her niece as maid of honor, wearing royal blue silk brocade, matching veil and gloves. She carried baby blue chrysanthemums.

★ ★ ★

The bridegroom had Eugene Hunt as best man. Michael Hart, Ferndale; John Hart, Clawson; and Phillip Hart, Pontiac, ushered with the bride's brother Michael of Union Lake.

Rust pompons complemented Mrs. Lehman's dress of chocolate brown lace over taffeta.

★ ★ ★

The bridegroom's mother clipped fall shades of pompons to her dress of green lace over taffeta.

## Serve 80 at Indoor Luncheon

The Barbara Norris Circle, with Mrs. Keith Johnston as chairman, served an indoor picnic-type luncheon to some 80 members of the Woman's Society of Christian Service, Thursday, in the Central Methodist Church.

★ ★ ★

The Martha Graf Circle, under the chairmanship of Mrs. Carl Wagner, was the hostess group.

★ ★ ★

Mrs. Robert Carrigan spoke concerning "Our Task as Christians" and Mrs. Arthur Sweet gave highlights of her recent trip to the United Nations Assembly.

★ ★ ★

Guests of the society were Mrs. Myrtle Haas, Port Charlotte, Fla., Mrs. Henry Hargan, Vine Grove, Ky., and Mrs. Alex W. Macfarlane and Mrs. Anna Van Glider, who are localites.

## Gleaners Hear Youth Worker

Twenty-three members of the Wayside Gleaners Society of First Baptist Church attended the Friday afternoon meeting, with Mrs. Joseph Hansen hostess.

Rev. Kyle Wilson, minister of music and young people's director of the church, spoke on the Christian life. Jenifer Marion presented a vocal solo and also led group singing, with Mrs. Wilbur Townsend at the piano.

Mrs. Kenneth Skrine and her committee served refreshments from a tea table set in the Thanksgiving motif.

MONTROSE SALVAGE PROGRESSES—Salvage of the British freighter Montrose reached the point where the bow of the vessel is within touching distance of pile clusters on the shore and is expected to be afloat before long. Note discoloration of the bow which was under water when the ship was lying on her side. The Montrose went down in the Detroit River under the Ambassador Bridge last July after colliding with a cement barge.

## Very Clean Election Seen for Michigan

LANSING (UPI) — State Elections Commissioner Robert Montgomery, in issuing a revised county-by-county precinct summary yesterday, predicted Michigan will have one of the cleanest elections in the nation Tuesday.

* * *

The new precinct list showed the total number of voting districts in the state still stands at 5,199 but that there have been a number of changes in the totals of various counties.

**Montgomery, contrary to implications made by a national magazine last week, said, "We have an exceptionally honest election system in this state.**

"In past years there has been practically no evidence of dishonesty. We have found errors due to ignorance or fatigue, but our election is as clean or cleaner than any other state."

DISTURBED BY REPORT

Montgomery, a former Republican member of the State House of Representatives and election commissioner 10 years, said he was disturbed by statements made last week in Life magazine.

* * *

**The publication, in an article that claimed voting machines are not necessarily as reliable as generally believed, said in Jackson County in 1955, "cheats were exposed" when "there were 99 more votes cast in one precinct than there were registered voters."**

* * *

The incident referred to concerned State Supreme Court Justice Leland W. Carr.

* * *

Montgomery said exhaustive investigation showed no dishonesty was involved and that an error had been made by an inexperienced person in clearing the voting machine.

### GMAC Reports Drop in Quarterly Income

NEW YORK (UPI) — General Motors Acceptance Corp. yesterday reported a decline in July-September income despite a rise in its credit paper inventories.

* * *

Net income fell to $10,158,966 from $13,189,085 in the third quarter of 1961. During the period, retail installment contracts purchased by GMAC totaled $994 million as against $803 million in the earlier period.

### Driver's Lunch 'Break' Worth A Million Bucks

FRANKLIN, Ohio (UPI) — Deputies sped to the scene where a Brinks armored truck was reported apparently abandoned.

Finding no signs of life, they banged on a window wherein appeared the surprised face of the driver who was eating his lunch.

The Tower of Belem, built in 1520 on the broad blue Tagus, still guards the approaches to Lisbon, Portugal. In the capital itself, the old quarter of Alfama preserves an aura of Prince Henry the Navigator's day.

STRICTLY FEMININE — Homework area in a girl's room maintains its femininity and its colonial character by using a harvest table and a deacon's bench as a desk and a desk-chair. Floral draperies and appropriate lighting fixtures carry out the Early American theme. The versatile perforated hardboard panel provides a decorative accent, serves a useful purpose too.

# Double Duty Room Great for Teen-Ager

Even teen-age homework haters should appreciate a bedroom that does double-duty as a study. Besides being a place to sleep, a room of one's own should be a place to keep personal possessions and a place to work on projects.

The furnishings required for a double-duty room are few—a surface to write or work at, something to sit on while busy, and some place to lounge—an easy chair, a complex of cushions or a window seat.

Imagination is the key to giving these simple elements decorative distinction and character that reflects one's individual taste.

For example, a drop-leaf harvest table and a deacon's bench make attractive substitutions for a conventional desk and chair in a girl's room with an Early American tester bed and floral draperies. Lighting fixtures in character with the decor of the room are an important finishing touch, important as illumination for reading and studying and for highlighting the furnishings.

A simple decorative fillip can be given any room by using versatile perforated hardboard panels as accents that do double duty themselves by providing convenient hanging storage, for objects to be used in pursuing a hobby, or for personal knick-knacks.

Perforated hardboard panels are so useful for gaining storage space that many homemakers have used them on one complete wall, or to panel an entire room. Hardwood panels come in big four-by-eight-foot sizes and can be easily cut to smaller sizes by your lumber dealer or family handyman, using the same tools as used in working other wood products.

Hardboard manufacturers have produced specialized panels to meet specific needs in and around the house. One of the newest is a random-grooved panel which is perforated above a three-foot high solid-surfaced wainscot level. Originally intended for use as a garage liner, the new perforated paneling is now used as a closet liner, and in workshops, bedrooms, recreation and family rooms.

Complementing these perforated panels which can be gaily painted to fit any decor are wood-grained finished panels which provide durable and handsome wall coverings for new construction and remodeling, at modest cost. Because hardboard is an engineered wood product, it has properties unprocessed wood does not, being tougher, more dent resistant to children's hard wear, more moisture resistant and without knots, splinters or checks to rise to mar its smooth surface.

With the added advantage of a factory-finished surface, hardboard panels are a wise choice for children's rooms, or any hard-use area, such as a recreation room. These maintenance free surfaces also afford easy cleaning qualities.

There is a wide range of surface textures, in addition to perforated and wood-grained finished panels, including plastic-coated, embossed, corrugated, ribbed or striated designs designed for interior walls. Most are regular widths, to give the effect of planking.

Paneling one or more walls in a bedroom with any of these attractive hardboard products is an ideal way to achieve study styling for a double-duty retreat.

# Bedroom Becoming Fashionable Place

No longer is the bedroom merely a place to sleep and dress. America's leading interior designers currently consider the bedroom as much a center of living as the main areas usually associated with the active side of family life.

The need for multipurpose bedrooms is more keenly felt than ever, because of the increased size of families, plus the high cost of space.

**The idea of a personal haven has always had a strong appeal and if it can be integrated into the bedroom, there's that much greater convenience and privacy assured for the pursuit of intellectual pleasures.**

In a contemporary bedroom designed by Lawrence Peabody, AID, the enrichment of the mind as well as the relaxation of the body was a prime consideration.

As exemplified by his treatment of the bed area in a room created for the connoisseur, a love of beauty is adroitly combined with practical necessities.

STUNNING BEDSPREAD

Focal point of the scheme is a stunning scroll-quilted bedspread in a rich-textured iridescent fabric of Chromspun acetate which is color-locked against fading and color-cued to match or harmonize with draperies, pillows and upholstery.

Instead of a painting over the headboard, a collection of cherub drawings were cut out, magnified and then artistically mounted on a white fiberboard panel, which was hung from the ceiling with picture wire. Balancing it is a wall arrangement of art objects, pictures and plants.

**The total effect is lively and interesting, yet the atmosphere is still one that invites rest and contemplation. Adjacent to the bed area is a glass gallery filled with plants and set with a round table and chairs for tete-a-tete breakfasts.**

The clean-line chairs also afford a comfortable place to read or gaze at the beauties of nature.

"Today's bedrooms should be considered secondary living areas," comments Emily Malino, AID, "and should fulfill multiple requirements." Her intriguing concept for a contemporary home includes seating as well as sleeping areas and ample as well as interesting storage space.

Brilliant American beauty red in a rustling slub-textured fabric of Chromspun acetate is used for the elegantly styled bespread, pillows and matching fabric - covered headboard which is fashioned from fiberboard cut flush with the bed and reaching to the ceiling.

* * *

Deep olive green carpeting defines the bed area from the rest of the room which is given futher visual excitement through the use of high-key yellows and greens in the abstract painting, accessories and painted arches of the storage wall.

**Theatrical lighting outlines the recessed arches and closet doors for dramatic emphasis as well as functional use; additional illumination is provided with ceiling lights within the arches.**

Matching chests of Papuan wood veneer have a rich golden brown tone; the center marble slab can be used as a desk or dressing table.

On the right-hand wall, a quiet seating area features low-slung armchairs upholstered in a richly patterned neutral fabric of Chromspun acetate combined with rayon and cotton.

## background for LIVING

# Practical Idea --Mud Room

The "mud room," a new idea in home convenience, has found rapid acceptance in a few short years.

This handy innovation is a small area at a side or rear entrance to the home that protects the kitchen and other rooms from dirt and cleaning problems usually associated with outdoor activity.

**The "mud room" is an area where Dad and the kids can take off their boots and rubbers, change clothes if need be, and generally clean up before entering the home.**

It can provide space for storage of heavy outer clothing worn in cold weather, for slippers that can replace dirty shoes, and for seasonal outdoor equipment such as leaf rakes or snow shovels.

Equipment in the "mud room" could include a shower, countertop lavatory, toilet, closet and even the laundry. But the basic thing needed is an area surfaced with waterproof, easy-to-clean materials such as ceramic tile.

Tile can be kept clean merely with an occasional mopping or a swish of a garden hose. This is a major advantage in keeping the "mud room" itself from becoming a cleaning problem.

**EASY-MADE PLANTERS** — Containers should be good looking, enhance the plants, never so elaborate as to detract. The two pictured here with television actress Sibyle Collier meet these requirements. One, you will notice, is a floor planter. It's equipped with casters which make it easy to move. The other is a hanging type. Both match so they may be used together. Each may be used with a standard size clay pot and saucer to prevent dripping when the plants are watered. Anyone can build these when he uses the full size pattern. You simply trace the parts on wood, then saw them out and put them together. The two can easily be completed in a couple of evenings. Scrap wood is all you need so the cost is slight. To obtain the patterns No. 283 shown here send $1.00 by currency, check or money order to Steve Ellingson, Pontiac Press Pattern Dept., P.O. Box 2383, Van Nuys, Calif.

# Family Room All OK if Basic Rules Used

"We're adding a family room to our home."

Ten years ago, the home owner making this statement might have met a puzzled stare. Today, he's just as likely to be answered with "Great! We finished our family room just last month."

**There seem to be three main influences behind the growth of family rooms: A trend to more informal living and more leisure time; a widespread interest in home renovation and expansion, and the desire for more family-centered activities in the home.**

Here are basic rules for family room planning:

1. Make the family room a room for the entire family — not just a game room for the children or a watch-the-game-on-television room for Dad.

★ ★ ★

2. Since the floor and walls will be the largest areas in the room, start with them when decorating. It's now possible to get an almost unlimited number of effects in linoleum, plastic tile, and other smooth-surface floorings.

★ ★ ★

3. Provide for sufficient storage space. Books, games and other articles tend to accumulate in the family room, and it's wise to have covered cupboards to stow them in.

4. Don't overlook "do-it-yourself" possibilities. This can save money and will give the whole family a sense of creative accomplishment. However, the homeowner should understand what's involved before he tackles any project himself.

## Survey Shows Renters Use Quality Materials

The need for using quality materials, such as ceramic tile, in homes that will be rented as well as in homes that are occupied by the owner is shown in a recent survey by the Department of Commerce.

The survey shows that renters spent an average of $18 each in 1961 for home maintenance and repair over and above the amount spent by owners.

However, ceramic tile would seldom if ever add to this cost, since real tile normally will last the life of a home with little or no upkeep.

## Fire Doesn't Hinder Growth of Tomatoes

DES MOINES, Iowa (AP) — Last spring a roaring fire destroyed a quarter of a block of business establishments in downtown Des Moines.

Now a sharp-eyed passer-by has discovered that deep in the hole from which debris was removed are several growing tomato plants and a couple of broccoli plants.

Russell Howell, manager of one of the stores, says he had a full line of garden seeds on hand at the time of the fire.

## Hang Sewing Helps on Back of Door

Looking for a place to keep your sewing machine equipment? The back of a closet door is an ideal spot.

**Located here, a "sew door" puts otherwise wasted space to use while also providing an excellent spot t owork on sewing tasks.**

Included in the installation is a cabinet for storing your machine, Masonite Peg-Board panels on which equipment can be kept within easy reach, and a fold-away work table topped with smooth, snag-proof Tempered Presdwood.

A plan showing how to construct the "sew door" can be obtained free by writing a post card to the Home Service Bureau, 29 N. Wacker Dr., Chicago 6, Ill., and requesting No. AE 380.

## Corner for Workshop?

When a house has a basement, there isn't much question about where the home workshop will be located.

But when there is no basement, a choice must be made among such areas as the garage, the attic, the utility room or even one of the regular rooms which can be spared.

**Much depends on how much space will be needed, which in turn depends on how serious the home handyman intends to be about repairs and other projects around the house.**

Some men can get by with a little workbench and a few hand tools. Or perhaps a workshop, a few hand tools and a couple of portable power tools.

★ ★ ★

However, the fellow who really enjoys spending time in a workshop, as contrasted with the one who does only what he has to do, will want enough room for his favorite stationary electric tools, such as a table saw, a jigsaw and so on.

★ ★ ★

Finding an ideal location is difficult, mainly because of the noise factor. In a garage, there is the probability that the noise of large power tools will annoy the neighbors if there is any other residence nearby.

In the attic, it is hard to keep the noise upstairs.

**In a spare room, the family of the workshop operator may not be too happy when an eight-inch circular saw begins pushing its way through a two by four.**

The utility room often is the best bet, since it generally is fairly well isolated and insulated.

★ ★ ★

Many home builders, recognizing this fact, are making the utility room larger than necessary. This becomes a good selling point aimed in the direction of the man of the house, just as a modern, pretty kitchen is a good selling point in impressing the woman.

★ ★ ★

Noise can be controlled in a number of ways, the most effective of which are related to soundproofing. Insulation boards and acoustical ceiling tiles are among the lesser measures which can do much to control the sound.

## Spruce Up Bathroom

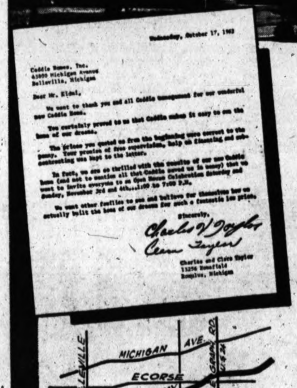

Beautifully styled plumbing fixtures in attractive colors and new developments such as single-control faucets encourage modernization of old bathrooms, the Plumbing - Heating-Cooling Information Bureau points out. Further incentives for remodeling old bathrooms is supplied by the elegant accessories now available.

# Waging War on Clutterbug

## Strategically Placed Closets Employed

A dread household menace, the clutterbug, is on the march again.

Scientific surveys report that the clutterbug is infesting eight out of 10 homes today, and strikes even the most meticulously kept households.

★ ★ ★

The clutterbug is extremely difficult to exterminate. In the past, the only known preventative was a piercing shriek uttered by the mother of the home, which would sometimes frighten the clutterbug into temporary hiding.

**Today, more modern means are available to rid homes of this perennial pest. According to "eminent scientists," the best protection against the clutterbug is to build clutter closets into the various rooms in the house.**

The reason is that it has been observed that the clutterbug really prefers to deposit its stacks of old magazines and newspapers, hi-fi albums and so forth inside spacious cupboards rather than on chairs and tables.

★ ★ ★

A good idea is to build closets in the form of chic cabinets flanking a fireplace or window. An even more popular and effective style calls for real closet design, the interior shelved and compartmented to take anything from a small box of cocktail napkins to card tables and folding chairs.

**For the living room or family room, big head-height closets can be built in behind a wall beautifully paneled in a prestige wood like shell beige west coast hemlock.**

This inside-the-wall style has closet doors flush with the wall, and they are fashioned of the same panel boards used for the walls.

Touch latches, which operate by finger pressure, and piano hinges eliminate the need for exterior hardware on the inside-the-wall closet style.

If the house is inhabited by the very small and young variety of clutterbug, it's sometimes wiser to help it a little by providing standard door pulls which are more easily reached and used.

The door pulls, to be inconspicuous, could be made of thin strips of hemlock which offer a good hand hold, but don't protrude much beyond the surface of the door.

PRETTY, PRACTICAL — This attractive double-duty hutch table-bench is both useful and sturdy. TV actress Ann Henry shows how it may be used beside the fireplace in a corner as a bench or in the center of the room. To obtain the hutch pattern, number 279, send $1 by currency, check or money order to Steve Ellingson, Pontiac Press Pattern Dept., P.L. Box 2383 Van Nuys, California.

BUILD FOR CHRISTMAS — Now's the time to get busy making Christmas yard decorations. This easy-to-build display is sure to attract attention in any neighborhood. The Santa is almost 6 feet tall, round and jolly. The sleigh is loaded with gifts, and the deer rarin' to go. To obtain the pattern for the display, send currency, check or money order to Steve Ellingson, Pontiac Press Pattern Dept., Box 2383 Van Nuys, Calif. No. 189 Santa $2. No. 257 Sleigh $2 and No. 256 Reindeer $1.25 each.

# Why Not Build a Jolly Santa?

High on the list of favorite Christmas carols in "Deck the Halls." And for good reason, Christmas is certainly the season to make our homes festive with all sorts of colorful decorations. This is our traditional way of expressing outwardly the joy we feel inside, no matter what our ancestry.

**Wherever people celebrate Christmas, there you always will find Santa with his reindeer and sleigh. The scene pictured here with NBC's Joye Miles not only will add cheer to your yard for the holidays, it will add happiness to the whole neighborhood. It's truly a prize-winning display.**

The Santa is almost 6 feet tall and is round and jolly the way every Santa should be. The sleigh is very colorful and loaded with gifts, and, of course, the deer are rarin' to go.

This display is suitable for your yard, roof or any other place whe you choose to show your Christmas spirit. It's also suitable for city parks, business buildings, and places of that kind.

You'll find this to be inexpensive and a very easy scene to make. You see, the pictures come to you all printed in bright and waterproof colors.

All that's necessary is to glue the pictures to plywood, then saw them out and they're ready to go on display. Complete directions are included.

**Because the pictures are printed to withstand all sorts of severe outdoor weather, this set will last not only for this season, but for many, many years.**

To obtain the Santa, sleigh and deer pictures listed below send currency, check or money order to Steve Ellingson, Pontiac Press Pattern Dept., P.O. Box 2383, Van Nuys, Calif.

★ ★ ★

No. 189 Santa $2 each.
No. 257 Sleigh, $2 each.
No. 256 Reindeer, $1 each.

Or you may save $3 and get the complete display with eight deer as shown for $12. Ask for complete Santa display No. C17.

## 'Bah, Humbug!' Declares Anti-Yule Shaw Club

LONDON (UPI) — The Shaw Society has started sending its anti-Christmas cards which bear a drawing of George Bernard Shaw in a Santa Claus suit and this quote from the playwright:

★ ★ ★

"Courage, friend. We all loathe Christmas, but it comes only once a year and is soon over."

## Holland Readies Tulips

# Use New Ladder/Stool to Avoid Home Accident

The sudden spurt, during recent years, in home ladder accidents has let to an investigation of this by a well-known manufacturer of kitchen essmentials. Seven factors were revealed that contribute largely to these mishaps.

**THE AMATEUR**

Found to be a major cause is inadequate equipment for climbing. Frequently the housewife, in trying to reach a dish on an upper cupboard shelf will stand on a handy chair. Besides the side-to-side wobble that often occurs, the seat covering, not designed for this use, is usually a polished or slippery surface.

**THE PRO**

Over-adequate equipment is another cause. A house-painter-type ladder — fine in its place — is often hauled out for crystal-chandelier polishing occasions and such. Here, the steps too narrow for the high-heeled homemaker. And when descending, this type of equipment suddenly develops an unsuspected steepness.

**THE DAREDEVIL**

Over-reaching, of course, will upset your balance. Obvious at face value, it is interesting to note how many women would rather stretch across a window to the other side when adjusting curtains on a rod, than jug a heavy ladder a few feet.

**THE ACROBAT**

Acrobatics on a ladder should be reserved for stuntmen. Yet for real close-ups, a painter's ladder must be used with the "step side" toward the work area. For the housewife, this means perching precariously with her back to the ladder.

**THE LEDGE HOPPER**

This is the brave soul who will step from a ladder onto a counter top. If luck is with her, she may survive long enough for the return trip. The "moment of truth" comes when her groping foot misses its mark!

**THE CLUTTER BUG**

There's little room for error in this case. To avoid repeated ups and downs, Mrs. Super Efficiency will assemble all her tools within easy reach when doing such household chores as shelf washing and relining. All well and good — except when the ladder becomes the storage shelf. Finding a toe-hold becomes the burning issue.

**THE MOTHER TYPE**

Naturally little Susie's nose must be wiped, and Freddy's diaper pin snapped closed — but must it be done from the rung of a ladder? The diving champ's toe-hug on the edge of a pool offers little security at the edge of a ladder step, particularly when the toes are inside of a shoe.

To combat some of these dangerous practices, a ladder stool has been designed with emphasis on safety. Of sturdy steel construction, it will support over 900 pounds. The ladder stool boasts an extra-wide, nonslip step. This is so large, in fact, that two people could easily stand side-by-side without crowding.

Yet the ladder-stool will fold to an easily-storable flat 4 inches. Its inverted "V"-type leg construction offers an exceptionally wide base for stability.

It weighs only 12 pounds and is available in chrome frame with mar-resistant, washable padded seat. It's available also without back, at all hardware-housewares stores and housewares sections of department stores.

# Cuban 'Nightmare Week' Saw U.S. Racing the Clock

*(Editor's Note—This third article of Relman Morin's five-part series on the Cuban crisis describes the U. S. military build-up and total secrecy that was maintained.)*

By RELMAN MORIN

WASHINGTON (AP) — "Nightmare week" in Washington, beginning Oct. 15, was a race against the clock.

With unbelievable speed, the Russians were building missile bases in Cuba. Mobile, medium-range weapons, already in position, could reach 22 bases of the Strategic Air Command, the nuclear striking force on American soil. How soon would they be operational?

One photograph of a site near Guanajay, Cuba, shows three large bulldozer scars in the ground. But nothing else. Not even a stick. On the same site, photographed five days later, there are buildings, revetments, erectors, tents, vehicles.

This is for the intermediate missile. Range — 2,000 miles. How can it be de-fanged?

All that week, the ticking clock sounded in Washington.

A doodle, made by Atty. Gen. Robert Kennedy, will give you the atmosphere. It is a series of five concentric squares, surrounded by the word "Cuba" — scribbled 96 times.

**SOUP FOR RUSK**

On Saturday night, Oct. 20, Mrs. Dean Rusk, wife of the secretary of state, brought a carton of soup to his office. It was the nearest thing to a home-cooked meal he had tasted since "nightmare week" began.

An official told his secretary, as he left his office, "I'm just going down the hall." She didn't see him again for three days.

**As they attacked the central problem — basically the problem of how much time was left — President Kennedy and his team had two great advantages.**

One was military.

In a relatively short time, the Defense Department assembled and coordinated land, sea and air forces for a big operation. Obviously, they were in a state of readiness.

For one thing, some of the machinery put in operation for the Berlin crisis last year was still working. For example, the reserve fleet destroyers, put into active status for Berlin, were still in operation. Duty was extended for Navy personnel, so that the usual high manpower loss was reduced.

* * *

Further, the Navy and Marine Corps months ago set up the plan for the annual training exercise in Puerto Rico. It rejoiced in the name PHIBRIGLEX — amphibious brigade landing exercise. As the Cuban crisis began to boil, the ships and Marine units assigned to this exercise already were concentrated in the Caribbean. The commander was a Spanish-speaking native of Puerto Rico, Vice Adm. Horacio Rivero.

**MORE MARINES**

In short order, 6,000 more Marines were flown to the east coast from Camp Pendleton, Calif. A supersonic striking force, the 19th Airforce — which was sent to Lebanon in that crisis in 1958 — quickly came on the scene.

Thus, in a military sense, the race against time was not so desperate.

**Kennedy's other advantage, visible in the conference rooms where the "quarantine decision" finally was hammered out, was that he had a close-knit team.**

The Bay of Pigs, naturally, is still an aching contusion in Washington memories today. That was the scene of the abortive Cuban invasion, April 17, 1961.

Nevertheless, in describing the conference machinery, one of the central figures harked back to the Bay of Pigs.

* * *

"We were in office only a little over three months when that one came along," he said. "We didn't know each other very well.

"The President had no clear sense of what weight to put on what each of us said at that time. This time he did.

"And each of us had a better sense of what was moving the other."

**OCCASIONAL HUMOR**

In spite of the tension, the pressure, the sound of the ticking clock, there was the occasional tonic moment of humor in the conferences. One came, at the end of a long night session, from William C. Foster, director of the arms control and disarmament agency. He remarked dryly:

"It hasn't been a very good week for disarmament."

**They examined contingencies, as well as the alternative action courses. They tried to envision everything that could go wrong. At one time, until further photographic evidence dispelled all doubt, they even considered the possibility that the Soviet installations in Cuba might be a colossal hoax.**

"Somebody remembered that the British built a fleet of dummy warships in World War I to fool the Germans," an official said.

Secretary Dean Rusk chaired the meetings at the State Department, which preceded those with Kennedy at the White House.

From the first, Rusk opposed invasion. He advocated a choice of action short of a maximum use of force. The eventual decision, for a blockade, was in line with what he wanted.

* * *

Along with speed, the need for total secrecy was of paramount importance. More often than not in Washington, the official secret has the life-expectancy of a fruit fly, say 24 hours.

But in this case, the day and night conferences, the comings and goings, the feverish evaluation of new photo evidence, the troop orders — one of the biggest secrets in American history stayed secret.

Officials used side doors and private elevators. They stopped signing the entry-registers for after-hours callers in security buildings.

Kennedy and Rusk in particular contributed to the smoke screen thrown over the deliberations.

**The President left Washington to make political speeches during "nightmare week." In New Haven, Conn., he cracked jokes about "my fellow Ells." He looked like a man having fun as he blasted the Republicans.**

Rusk entertained the Soviet foreign minister, Andrei A. Gromyko, at dinner in the State Department. (A decision-making meeting was taking place in the room below at the same time.)

And he saw a number of foreign dignitaries, including the crown prince of Libya.

It was the week of the ticking clock, the race against time and the Russians.

Monday: How effective was American intelligence?

*Ends Stumping in Maryland*

## Ike Assails Dem 'Clique'

BALTIMORE (AP) — Former President Dwight D. Eisenhower rested his case today for the election of Republicans to Congress next Tuesday on the note that the Kennedy administration is an exclusive clique of the Democratic party.

Eisenhower called it "a faction that seeks constantly to extend and strengthen its control over all the nation."

He said Republicans are striving to restore a climate of people "using government as their servant and never agreeing that it shall be dynastic."

Eisenhower finished his public stumping Friday night in Maryland, where he started it Sept. 7. He appeared in 22 states, to point out, he said, that "Republicans stress enterprise as the key to greatness."

**'HERITAGE OF DEBT'**

"Our opponents, on the other hand, stress the pork barrel of federal aid and subsidy, a heritage of debt for those who follow us."

Eisenhower's last campaign talk in a steel mill suburb of Baltimore drew its loudest applause from 3,000 standing up in an armory when he attacked the Kennedy administration.

"This faction promised in 1960 freely and profusely that America would enjoy immense increases in prosperity, in prestige, in power," he said.

"Not one promise has been fulfilled. Instead, the record is a dreary tale of standing still, except in the spending of money and in the growth of our debt."

At the outset, Eisenhower reiterated that Americans, without regard to their political affiliation, must stand behind President Kennedy in the Cuban crisis, which the former president said still is unresolved.

## *Wirtz Works to End Strike in New York*

NEW YORK (UPI) — Labor Secretary W. Willard Wirtz worked into the predawn hours today trying to end the newspaper guild strike against the New York Daily News and the threat of walkouts against the city's six other major dailies.

* * *

However, by 4:15 a.m., the labor secretary still had no progress to report.

**Wirtz flew to New York from Washington late last night and intervened in the strike which began at 12:01 a.m. Thursday, and which yesterday forced suspension of publication by the Daily News, the nation's largest circulating newspaper.**

Wirtz said he stepped in at the request of both the newspaper guild and the publishers of the city's seven major daily papers.

**STILL AT WORK**

All but the Daily News have continued publishing, with guild members remaining on the job despite the fact contracts with the papers expired at the same time as the contract with the Daily News.

Wirtz shuttled back and forth between meetings with the New York Publishers Association in the Daily News Building and the guild at the Hotel Commodore two blocks away.

# Adenauer Told to Oust Officials

## Free Democrats Deliver Ultimatum

BONN, Germany (AP) — Chancellor Konrad Adenauer's delicately balanced coalition government appeared threatened today, following an ultimatum from the Free Democratic party for a face-saving ouster of two government officials in the Der Spiegel magazine treason case.

The minority party of Adenauer's coalition gave the chancellor three days to fire the No. 2 men in the justice and defense ministries, and to make a full disclosure of action leading to the arrest of the magazine's publisher and three editors.

The Free Democrats say officials bypassed the Free Democrat justice minister, Wolfgang Stammberger, in ordering the arrests. Stammberger has resigned from the cabinet.

Further Der Spiegel arrests were made Friday night. Detlev Becker, the magazine's managing editor, was taken on suspicion of high treason. The other magazine officials had been arrested last week on the same grounds.

An unidentified German army colonel was also arrested late Friday on suspicion of state treason. Federal Prosecutor Joachim Loesdau declined to give any further details.

The government alleges the popular picture magazine printed military secrets in articles hostile to German Defense Minister Franz Josef Strauss.

# Swainson, Romney Invading Each Other's 'Backyards'

By United Press International

Both Gov. John B. Swainson and his Republican foe, George Romney, invaded each other's "backyards" today as they campaigned into the third day before the election.

Swainson, a resident of Plymouth in Wayne County, was to campaign in Oakland County where Romney has his home in Bloomfield Hills. Romney, meanwhile, was to stump in the heavily Democratic Wayne County area.

Swainson's schedule was moderate in contrast with Romney's which called for 13 stops in a day which starts at 10:30 a.m. and ends with a stop at 10 p.m.

The governor's day was to begin at 1:30 p.m. at a rally in Farmington and end at 9:15 p.m. with an appearance on a nationally televised interview (with CBS' Walter Cronkite).

* * *

On the campaign trail yesterday Swainson told Romney to keep his opinion about the Michigan Supreme Court to himself.

HITS DEM DOMINATION

In statements made earlier this week Romney had attacked the Michigan Supreme Court as being dominated by Democrats — even though it is technically nonpartisan.

* * *

Romney had accused the court of being influenced by "partisan, economic considerations." There is a need "to bring back to the court the objective administration of justice," the GOP candidate said.

Swainson fired back that Romney's charges were "absolutely without foundation" and pointed out that "Roscoe Pound, the eminent Harvard law professor, is only one of those who say Michigan's court has increased in stature throughout the country."

Swainson said that at no time has the court based its decisions on political or economic considerations."

Romney, who expected to have trouble with the United Auto Workers union during a handshaking appearance at the Ford Rouge plant, got it instead at Chippewa Junior High School in St. Clair Shores.

While speaking to a crowd which was made up mostly of students, Romney got flustered and told the teen-agers "you're squirming around an awful lot here and you're going to have to pay attention.

"If you don't learn more discipline than you show now, I feel sorry for you. If you're going to get ahead in this world you've got to learn to pay attention when someone is trying to tell you something that might be important," he said.

Outside the school several students who tried to put Swainson stickers on Romney's car were pushed away by youthful Romney supporters.

It would seem that today the young and the old have all the answers. And those in between are stuck with the questions . . . Sign in a mid-Manhattan pet shop: "For Sale: Dog House. Good for large dog or small husband" . . . A bird in the hand, as anybody can tell you, is terrible table manners. — Earl Wilson.

# French Council Receives Appeal on Referendum

PARIS (AP) — The legality of last Sunday's referendum was challenged today in an appeal to the French Constitutional Council.

An appeal was filed by Gaston Monnerville, president of the Senate. Monnerville and other opponents of President Charles de Gaulle, who initiated the referendum, contended that only Parliament has the right to initiate referendum proposals.

The proposal, approved by 62 per cent of those who voted, amended the constitution to elect the president by universal suffrage rather than by an electoral college.

The appeal requested the council to declare the referendum "not in conformance with the constitution" instead of declaring the vote official, as it was expected to do Tuesday."

LOS ANGELES — The arrival of Harlon Hill to the Detroit Lions' squad yesterday, started many stories floating about the tactics and reasoning of Buddy Parker. Parker, in his 6th year as Steelers' coach after five years with the Lions, has been known to pull some "beer bottle" deals.

"Every time Parker gets under the weather, he starts hiring and firing and tearing everyone apart," said one of the Lions. Hill, who was rookie of the year with the Bears in 1954 and was publicly called by Parker as one of pro football's greatest pass receivers a few years ago, admitted he was a bit confused by the firing of himself and two other players including defensive back Johnny Sample.

**"As a coach, I think Parker is one of the finest, but I found out what others have said is true, that no one can understand his actions," said Hill.**

"Parker never said one word to me as far as my playing while with Pittsburgh. In seven games they threw to me 11 times and I caught seven passes, and in two games they didn't throw to me once. Then he lets me go and makes statements to the press that I wasn't doing my job."

**ONCE FIRED ENTIRE STAFF**

The odd reasoning by Parker is nothing new. At one time Parker fired everyone on the Lions' staff including equipment manager Roy Macklem, publicity director Bud Erickson and trainer Millard Kelly, as well as all the assistant coaches. The next morning however, under more sober conditions, he wouldn't remember the firings of the night before and would have everyone working as if nothing had been said.

**Known definitely for his superstitutions, Parker once lashed out verbally and publicly against Erickson, who often makes the road trip in advance to set up room and schedule arrangements.**

"You x$$x//," said Parker, "you've been in this town for a week and you get me room 841. Can't you add, that totals up to 13. You're fired."

No one ever wears jersey number 13 on his teams. He never sits in the 13th seat on a plane or bus. He would even change the date of a ball game to a night game a day earlier if Sunday fell on the 13th. So Ericksen gave him a room 8-4-1, totaling 13, and for this he was fired. Of course that was on Saturday.

On Sunday Parker forgot it.

**SPUR OF THE MOMENT**

There have been numerous occasions when he fired ball players on the spur of the moment. He fired Chet Yaworsky after a poor game in Baltimore when he and the team had to sit at the airport for a two hour delay, giving him enough time to get in this firing mood.

"Don't know why I was fired," said Hill. "7 of 11 passes caught is a lucky combination."

## Kettering Gets Past Oxford 11

Kettering wore down a stubborn Oxford team last night, 34-12.

★ ★ ★

The host Wildcats managed to stay within one touchdown of the Captains for three periods but finally succumbed under a two-touchdown barrage in the fourth quarter.

**It was the third victory for the Captains against four losses and a tie. Oxford is 4-4. Kettering plays Waterford next Friday.**

Oxford started out by marching to the Kettering seven only to fumble away the chance. The Captains promptly marched 93 yards in eight plays with Jim Haviland going over from the seven. Steve McCallum kicked the first of his four extra points.

★ ★ ★

The Wildcats stormed back to within one point on a 28-yard aerial from Dan VanVleet to Ernie Rouse. But the Captains pushed head on a three-yard plunge by Earl Hook. Haviland picked up his second TD on a three-yard effort.

**CUT DEFICIT**

Oxford cut the margin to 20-12 at the half as VanVleet uncorked a 25 scoring bomb to Barry Wheeler.

★ ★ ★

Haviland notched touchdown No. 3 and Hook picked up his second in the fourth period.

PATH IS CLEARED — Dan Greig of West Bloomfield follows two blockers for a 14-yard gain in the second quarter yesterday against Bloomfield Hills. The triple threat junior was the offensive star of the game, gaining 102 yards in nine carries and passing for 34. The game ended 19-19. The Lakers and Barons will share the Wayne-Oakland title.

## Bloomfields Settle Nothing

BY DON VOGEL

"Let's clear the field and have a playoff," said one disgruntled fan at Bloomfield Hills High School yesterday afternoon.

★ ★ ★

This statement just about summed up the feelings of the 2,500 fans who witnessed Bloomfield Hills and West Bloomfield battle to a 19-19 standoff.

**The deadlock settled nothing except the Wayne - Oakland league championship. It will be shared by the two schools. The Lakers and Barons went into the game with identical 7-0 overall records.**

Bloomfield Hills came within four feet of winning. The Lakers cut that margin by two feet, but in both cases it might just as well have been a mile.

Roger Stewart of the Barons was stopped a foot and a yard away from the goal on two extra point tries. A placekick by Dave Helmreich of the Lakers sailed two feet wide. Another was blocked.

**SOLID CONTACT**

Both teams were finely tuned for the Barons' homecoming contest. The result was a hard fought battle with plenty of solid blocks and bone jarring tackles.

**West Bloomfield had a big edge in the statistical department, gaining 305 yards rushing to 189 for the Barons. But the Bloomfield defense, led by Kyle Kerbawy, B111 Calhoun, Jon Marshall and Don Hamilton forced the lakers into fumbling six times in the first half. The Barons recovered four times.**

Bloomfield capitalized on a Laker fumble to score the game's first touchdown with 23 seconds remaining in the first quarter.

★ ★ ★

Dan Greig fumbled a punt by Dick Hayes and Calhoun recovered on the West Bloomfield 23. On the first play Roger Stewart lofted a pass to Calhoun who caught the ball between three defenders in the end zone.

★ ★ ★

Greig completely fooled the Barons early in the second quarter to produce the tying touchdown. With fourth and three on the Bloomfield 44, he faked a handoff around right end. He shook off three tacklers on the TD jaunt.

**Another tricky bit of ball handling by Greig early in the third period put West Bloomfield in front, 13-7. The junior quarterback needed only an inch for a first down. He faked a dive to his full back and then handed off to halfback Vaugn McGraw who raced 53 yards without a hand touching him.**

It was the picture play of the game.

The Barons took the kick and marched 76 yards in 11 plays to tie the count. Major move in the drive was coach Don Hoff shifting Stewart from quarter to half. Stewart and fullback Pete Vidor alternated carrying with Stewart going the final six and then running the conversion.

★ ★ ★

Midway in the fourth quarter the Lakers marched 54 yards in six plays to take a 19-13 lead. Jay Williams gained 23 yards, in the marched capped by Don Nemyer's 10-yard burst. Helmreich's kick was blocked by Tom Melrose and Mike Griffin.

Again the Barons grabbed the kick and marched in for the tying score.

**RECOVERED FUMBLE**

A 13-yard screen pass from Stewart to Jay Shimmick and Vidor recovering his own fumble on the two, taking the ball away from three West Bloomfield players, were the key plays. Stewart bucked the final two yards but was stopped short on the attempt for the winning point.

★ ★ ★

Greig was the offensive star of the game. He gained 102 yards rushing in nine carries and hit six of nine passes for 34 yards. Graw picked up 88 yards in nine tries.

Vidor lugged the ball 15 times for 84 yards and Stewart netted 65 in the same number of tries. Charles Robison, Ken Victor and Bob Aumaugher played top defensive games for the Lakers.

## Costly Fumbles In Early Play Hurt Falcons

### Weyer, Daniels Score in First Half; Win Capped by Kimmel

Rochester played giveaway last night at Wisner Stadium and Pontiac Northern gladly accepted all favors in a fairly easy 21-0 triumph.

Without question the Huskies outplayed the visitors through most of the contest, but it was also apparent that two costly mistakes in the first period threw the Falcons off balance.

★ ★ ★

They led to quick touchdowns by Don Weyer and Steve Daniels, and then to make victory complete, Jim Kimmel sneaked over for another in the third period. Dean Souden booted the extra point after each TD with perfect placekicks.

**Northern fans hadn't time to warm the stadium seats before the Huskies had seven points on the scoreboard. And the Falcons were very obliging about it all.**

On the first play from scrimmage, Rochester quarterback Roger Thompson fumbled and Northern's Charlie Wilson fell on the ball at the 26 yard line.

It was Don Weyer then for six yards, Mike Marcum for five, and Les Smith for two, before Weyer squirmed over right guard and bolted the final 13 yards to score.

**QUICK TD**

The action was completed in less than three minutes, but the Falcons delayed until the final half-minute of the period for their next mistake.

Northern moved to the Rochester 30 after Jim DeFlorio returned a punt 49 yards from his own 10, but Joe Stefanski interrupted the drive with a pass interception at the 22.

**The interruption was only temporary, however. Rochester gambled for a first down with fourth-and-one at the 21, and Thompson had to fall on his own fumble at the 27.**

DeFlorio promptly scampered to the eight on a 19-yard dash, and on the next play Daniels went through a wide corridor in the middle of the line on a non-stop scoring burst.

The second period was extremely quiet, but the Huskies erupted in the third. They started at their 30 from the kickoff and covered the 70 yards in 13 plays to score at 5:10.

Rochester held for three downs after Northern had a first on the six, but Kimmel churned into the end zone on a straight-ahead dive from the one.

**The Falcons made their only serious bid to score following the kickoff and wound up losing possession at the Northern one-yard line on the last play of the quarter.**

Thompson featured a 66-yard 10-play push with a 15-yard pass to Mike Brannack and another 20-yard aerial to Carl Stefanski in the 10. Stefanski then carried on four consecutive rushes but his nine yards gained weren't enough.

## Waterford Gets Past Lapeer, 24-14

# Fast Start, Finish Aid Skippers

By DICK BUCK

There seems to be something magic about the opening or closing seconds for Waterford.

★ ★ ★

The Skipper gridders scored all their touchdowns in these time segments to beat Lapeer 24-14 last night at Waterford.

**The winners snapped a two-game losing streak and tuned up efficiently for Waterford Kettering which topped Oxford 34-12. The Waterford schools meet next week.**

Stu Thorell's team went into the locker room at halftime trailing 14-12, although they had a slight edge in most statistical departments.

In the second 24 minutes it was all Waterford, with Lapeer held to a total offense of 37 yards while the Skippers chalked up 224.

**TWO TOUCHDOWNS**

Lee Keiser scored twice in the winning effort, and Dick LaBair and Bob Readler took the ball into the end zone once each. Dick Hadrill and Mike Supernault tallied for the Panthers.

**The tide turned in Waterford's favor early in the third quarter when Lapeer, which seemed to be driving for a third TD, was stopped on the "injured" player helped from the field.**

He made a quick recovery for the second half and was particularly effective on defense, making several loss-producing tackles.

A short Panther punt set up the Skippers' third marker. The kick, netting 14 yards, gave Waterford the ball on the Lapeer 22. A penalty set them back to the 27.

**SHARP PLAY**

Readler and LaBair combined on a pretty scoring play, with the quarterback running until nearly tackled, then rifling the pigskin back to LaBair, who raced to the end zone with 28 seconds remaining in the third quarter.

An insurance TD came 15 seconds before the game ended as Readler, who had been injured three plays before and left briefly, scored through the line from the 3.

## North Branch Wins

North Branch, holding winless Mayville to just 52 yards rushing, ground to a 25-0 triumph last night. Ralph Margriff (on a pass from Glenn Jamison), Lynn DeGrow, Howard Myers and Carl Krepps (all on runs) scored for North Branch.

# Ferndale Gains Title Share; Colts Close Unbeaten

## Kimball Falls Before Eagles By 20-7 Score

### Hazel Park Standing In Way of Outright EML Championship

BY JERE CRAIG

The Ferndale Eagles are tasting the fruits of a championship. It isn't that they have the Eastern Michigan League title sewn up completely, however.

Last night's 20-7 win over Royal Oak Kimball assured the once-beaten Ferndale eleven of at least a tie for the crown with Birmingham Seaholm. The Maples are 5-1 in the loop while coach Frank Joranko has led his high flying Eagles, ranked fifth in the weekly state ch class A poll, to a 5-0 loop mark, with one game remaining.

However, if the enthusiasm they displayed on the field and in the team bus after the hard fought contest is any indication of the fervor which they'll hit Hazel Park next Friday, the championship is almost in the bag.

**The Eagles' bus rocked with chants of "champs, champs" to the delight of throngs of well wishers who crowded outside to to congratulate their victorious squad.**

The Eagles and Kimball were evenly matched teams in the first half with a pass interception giving the winners the break they needed to take a 6-0 halftime advantage. Quarterback Bob Super picked off an errant aerial by Kimball's Ted James and raced 43 yards to the homesters' 26-yardline.

Eight plays later, Super plunged one yard for the first six points of the game with 54 seconds remaining in the half.

Ferndale dominated play in the third quarter but couldn't score. However, on the first play in the final quarter, halfback Dennis Wilson made his first running play in the game of the season's most memorable individual runs.

Wilson skirted his left end at the Knights' 47-yard-marker and cut back to the middle of the field. Despite having several blockers in front of him, the short halfback was hit at the 35, spun away and was grabbed again at the 30. He twisted around until he was running backwards for several yards and broke from the grasp of defender Andy Stubl. The final 30 yards were unhampered and the visitors led, 13-0, when Tom Stenbeck kicked the first of two extra points.

**Kimball took the ensuing kickoff and marched 66 yards in six plays. The drive was climaxed by James flipping a screen pass to halfback Sonny McDonald who ran 39 yards behind excellent blocking for the only touchdown by the Knights. Steve Wilson's kick made the score 13-7 with 10 minutes remaining in the game.**

When Ferndale was forced to punt on the next series of downs, the estimated crowd of 4,000 anticipated the Knights' rallying for a tying touchdown; but the rolling punt was touched inadvertently by a Kimball receiver and the loose ball was covered by one of the Eagles.

The winners quickly drove 39 yards for the clinching seven points. Super plunged three yards for the touchdown and Stenbeck kicked the extra point with five minutes left. Royal Oak drove to the Eagles 23 as time was running out, but James' hurried pass was intercepted by Jim Yezak, who played a fine defensive game for the visitors, at the one.

# Walled Lake Topped, 33-14

## Seaholm Rallies for 19-13 Win

Birmingham Seaholm rallied for an impressive nonleague win, Port Huron won its first game of the season, and Mt. Clemens shoved winless East Detroit into the cellar, in action involving Eastern Michigan League teams last night.

Seaholm broke a 7-7 halftime tie with Roseville with a third period touchdown, then had to snap a 13-13 stalemate in the final stanza to emerge a 19-13 victor. Roseville had handed Ferndale its first loss last week and had a 2-0-1 record competing against EML football teams this fall.

**Senior halfback Bob Drother scored twice in the second half to pace the Maples' triumph. He ran 64 yards in the third quarter and 17 yards for the winning touchdown. Halfback Ken Heft had tallied the first Seaholm six points with a 15-yard burst. Brent Miller kicked the PAT that tied the game in the second quarter.**

Quarterback Bob Wedge booted a 20-yard field goal through the uprights with two seconds left in the game to give Port Huron its first win in eight games this season, 9-7, over Hazel Park.

Dennis McCarthy ran nine yards to give the winners a 6-0 first half advantage; but Hazel Park's Larry Butler plunged two yards and then kicked the extra point to give the Vikings a 7-6 lead in the third stanza. The win left the two squads tied for fifth place in the EML, with 1-4 loop records.

EIGHTH STRAIGHT

East Detroit, meanwhile, dropped its eighth straight game this year, 26-6, and was left alone in the league basement. Gordie Zagel scored two touchdowns on one-yard plunges and collaborated with Larry Forton on a 50-yard pass play for a third Mt. Clemens' score. Jesse Johnson raced six yards to score the other Red and Gray tally, while Matt Wilden kicked two PAT's.

Brian Hansen took an eight-yard pass from Jack MacGillivray for the only East Detroit score. The win boosted Mt. Clemens into a third place tie with Royal Oak Kimball which lost to Ferndale, 20-7.

Roseville's John Stutzman had fallen on a blocked punt to give the visitors their only lead in the tight contest. John Pappas tied the game at the start of the fourth quarter when he ran 30 yards with an intercepted pass.

The Maples have a 7-1 season record.

## RO St. Mary Plays St. Thomas Sunday

The Northwest Parochial League's co-champion and representative in the divisional playoffs, Royal Oak St. Mary, will play at 2:30 p.m. Sunday on MacKenzie Field in Detroit against a strong Ann Arbor St. Thomas squad.

The winner will earn the right to play the following Sunday for the 2nd Division title against the Ferndale St. James-Detroit St. Philip winner.

Under Major Carl Wells, ROSM won four straight games this year after tying its first and losing the second game of the season. The Irish will tangle with an Ann Arbor team that has won seven straight games and features a strong running game.

Another member of the Northwest Parochial League, Waterford Our Lady of the Lakes, will meet Detroit St. Rita at 2:30 p.m. Sunday on the Waterford Township field in a non-league game.

## Outside Foes Trip Berkley And Southfield

### Farmington Defeats Bentley 20-12 for 4-3-1 Record

Three Inter - Lakes League schools took it on the chin last night from outside opposition.

* * *

Plymouth capitalized on Walled Lake mistakes to whip the Vikings, 33-15; Royal Oak Dondero handed Southfield its eighth straight loss, 24-7; and Belleville clipped Berkley, 20-0.

**Farmington joined I-L members Pontiac Northern and Waterford in the winner's circle by edging Livonia Bentley, 20-12.**

Walled Lake lost five fumbles and had two passes intercepted. The Vikings found themselves in a deep hole before they hardly had time to warm to the action.

They fumbled the kickoff and Plymouth went in to score. They fumbled again and Plymouth scored.

PASS CLICKS

Rick Prudeau finally found Ron Wik open with a 45-yard scoring pass and Pete Woodward ran the point to cut the deficit to 13-7. But a long scoring march and Hugh Sarah's 68-yard ramble with a recovered fumble put the game out of reach.

**Don Rickard plunged one yard for the other Viking TD and Prudeau ran the point. Dick Schryer passed for four Plymouth touchdowns.**

Farmington, the surprise team in the area, upped its record to 4-3-1.

Dick Kaufman passed 15 yards to Dale Pitcock for the fist TD. Ray Leach got the second on a 35-yard run and Greg Gebben raced 30 yards with an intercepted pass for the third. Mike Gilder kicked both PAT.

* * *

Dondero scored a touchdown in every period. Posting the scores were Dan Rutledge (1), John Novak (15 pass and 10 run) and Jerry McGhee (5) Rick Gross went two yards for Southfield's touchdown and Dennis Lamb kicked the point.

## Tigers Stopped By Rain

OSAKA, Japan (AP)—The Detroit Tigers' exhibition game with the Hanshin Tigers slated for today was rained out and rescheduled for Tuesday.

# Northville Routs Clarkston, 60-6

By DICK POINTON

Stripped of its 1961 Wayne-Oakland League title by current co-champs, Bloomfield Hills and West Bloomfield, Northville lambasted a hapless Clarkston eleven, 60-6, last night to clinch the loop runnerup spot with a 5-2 mark.

* * *

Milford and Brighton also managed successful routs over Holly and Clarenceville 40-19, and 40-12, respectively, to take final berths in the third and fourth spots.

**Joe Hay was feeling his oats for the rampaging Mustangs as they mauled Clarkston by tallying three touchdowns, kicking five out of six conversions and blocking three Clarkston punts, one for a touchdown and taking another to the one-yard stripe.**

He led the scoring with 23 points followed by teammate Tom Swiss with 12.

* * *

Craig Bell, Jerry Imsland, Bill Elwell and Jim Jiggens each had six-pointers and John Mach converted once.

BENCH EMPTIED

After a half-time lead of, 41-0 Northville coach Ron Horwath freely substituted men from the bench but that didn't check the Mustang urge to cross the opposing goal line.

* * *

Norman Olaffson was the lone hero for Clarkston catching a 4-yard Dan Craven pass with 36 seconds left in the game.

**The play was set up after the first Wolves march of any consequence ended on the Northville 36.**

A reverse on the first play from scrimmage ended when the Mustangs fumbled and Clarkston end Dale Calkins recovered.

Five plays later Olaffson stepped into the end zone to snag the TD pass.

* * *

Skip Miller and Gary Anderson each accounted for two TDs in the Holly rout with Gary Newcomb, Tom Sheffler and Gary Anderson each finding paydirt once.

**Holly was within striking distance at the half, 27-13, as Dave Young recovered a teammate's fumble in the end zone and Larry Bradsher crossed the oppos-**

## Troy Pressed By Madison 11 in 'A' Game

### Avondale Gets Past Oak Park; Fitzgerald Handles Lake Orion

For the second straight week, Troy's Colts were hard-pressed to win by a second-division foe . . . and, for the second straight time, Coach Bob McElreath's squad emerged unscathed.

* * *

But, that's the mark of an unbeaten team, which is just how Troy ended its season. With its 8-0 mark, the Colts grabbed the Oakland A loop crown outright (6-0 in league play). Last season, Avondale tied Troy for the title.

**Troy tallied with less than three minutes left to pull the victory out, sophomore halfback Ken Holder taking a pitchout from quarterback Don Armstrong and traveling eight yards to paydirt. It was Holden's 10th touchdown in eight games.**

Madison had opened the scoring in the first quarter and held a 7-0 halftime lead. Armstrong's sneak narrowed the margin to 7-6 in the third period.

Clawson, which waited hopefully for a Troy loss, finished a game back in second place, and will end its season out-of-league today at Clintondale. Other Oakland A results last night saw Fitzgerald clinch third place with a 20-13 win over Lake Orion, and Avondale escape last place by edging Oak Park, 13-6.

* * *

John Stamplis scored two TDs on runs of 5 and 13 yards and added a pair of conversions in leading Fitzgerald's win. Gary Clevenger's 50-yard slant and a 62-yard aerial from Dave Hallmark to Dick Parker accounted for the Lake Orion scoring.

**Avondale scored its 12 points early in the contest and then settled back to play "back-and-forth" with Oak Park, which last week came close to upsetting champ Troy.**

Underclassmen starred for the Avon squad. Soph Roger Ball's 6-yard run opened the scoring after a 35-yard pass from soph quarterback Lynn Thorpe to junior end Don Close set up the TD.

SCORING PASS

Minutes later, Thorpe dropped back to pitch a scoring pass to Close covering 45 yards. The winners had another tally called back (a 45-yard Thorpe to Mike Ball pass) before halftime.

With four minutes left, Oak Park penetrated the foes' 30-yard line for the first time, winding up with six points on Lewis Jordan's one-yard plunge.

## N. Farmington Stopped 20-13 By Redford U.

Redford Union downed North Farmington yesterday, 20-13, giving the Farmington school, which does not have a senior class until 1963, a 5-3 overall mark with one tilt remaining.

Jim Acetilli ran back a kickoff 75 yards for the first N.F. score after the winners had taken a 13-0 lead in the second period. It was Acetilli's seventh TD of the season.

Bob Thomas' 1-yard sneak accounted for the other N. Farmington tally in the fourth quarter.

## Capac Bombs New Haven

# Thumb League Ends in 3-Way Tie

Capac blitzed New Haven's Rockets out of an unbeaten orbit 33-13 last night and into a three-way tie for the Southern Thumb Conference championship.

The Rockets had traveled to once-beaten Capac with hopes of wrapping up a perfect season and the outright crown.

Armada pulled away from Memphis in the second half to post a 21-6 win and gain a share of the championship along with Capac and New Haven.

**Brown City exploded for 21 points in the second period and went on to bury Dryden 46-20 in the other league game. Almont had already forfeited to Anchor Bay.**

Capac built a 13-0 halftime lead on touchdowns by Louie Berard (11 yards) and John Stanlowu (3 yards). New Haven scored on the first play of the second half when John Mack raced 51 yards on a dive play.

The Chieftains quickly went to work and put the game out of reach.

Berard capped a 70-yard march by breaking over from the one. A 35-yard Ken Kobayashi to Ken Adamski pass had put the ball on the one.

TO AERIAL

New Haven drove to the Chieftains' 35 only to fumble. On the first play Kobayashi hit Adamski with a 65-yard scoring pass.

**The teams traded TDs in the last period with Berard posting his third on a one yarder and Dwight Lee hitting over from the one for New Haven.**

Stanilolu ran two conversions and Berard one for Capac. Mack ran the Rockets' PAT.

Kobayashi wrecked New Haven with his passing, hitting 10 of 16 for 238 yards. Dick Bishop intercepted three passes for the winners while tackle John Thompson and guard John Ceranski played outstanding ball.

* * *

Armada's John Murnan took a 56-yard pass from Marv Thompson for a touchdown in the second quarter. Jerry Lynch caught a 20-yard scoring toss for Memphis and the teams left the field at the half with Armada ahead, 7-6.

**The Tigers scored once in each of the last two periods with Tom Gores racing 15 yards and Dean Killingbeck 46. Ray Schinentz kicked three PAT.**

On learning that Capac had won, the happy Armada players tossed coach Ed Wuestenberg into the shower. "I'm so happy, I don't care," yelled the jubilant mentor as he was carried toward the locker room.

Dryden led Brown City 13-6 in the second quarter before the roof fell in on a 30-yard slant and a 10-yard pass from Tom Sterner and Dave Reynolds on a 56-yard aerial from Sterner. Grondin and Dennis Hilliker kicked PATs.

## Rams Increase Running Game in Coast Tilt

### Lions Favored by 9 in 4:30 p.m. Game; Hill in Practice

By BRUNO KEARNS
Sports Editor, Pontiac Press

LOS ANGELES, Calif. — How much difference can one player make in pro football? The Los Angeles Rams are convinced it has been their demise to have Jon Arnett out of action for five games, and the Detroit Lions have now come to admit that Terry Barr's absence has been a big factor in crucial loss to the Giants and in the low scoring offense of the past three games.

"We've lost games by inches," admitted LA Coach Bob Waterfield." All because we haven't had the double-threat of Arnett and Dick Bass." Against the Lions in Tiger Stadium when Bass ran for 140 yards himself, and Waterfield considered the key play to be the 4th down and three inches to go on the 11-yard line in the 4th period. However, instead of calling for Bass to run the play, quarterback Zeke Bratkowski called for fullback Art Perkins on the play.

**The big Lions' defensive unit not only stopped Perkins, but threw him for a yard loss. The Lions then took over and controlled the ball for a 13-10 victory. Arnett did not play in the game and did not get to see full time duty until last week's 28-14 victory against rival San Francisco when he scored two touchdowns.**

"There have been other games when we failed to make the important short yardage," said Waterfield, "and if Arnett had been healthy it would have been different."

The Rams are expecting it to be different Sunday. Although Waterfield respects the Lions' line "as the best defensive team in pro football," he feels that Arnettt and Bass both can't be stopped. "It, at least, doubles our offensive threat," said Waterfield.

**The 140 yards gained by Bass in the first meeting was more than any team has gained in total team yards rushing against Detroit in any game this year. Last week, the Bears had only 75 total yards, 15 of which were by passing.**

Coach George Wilson is happy with the play of Pat Studstill who replaced Barr in the lineup, but "there has been something psychological about having Barr in there. Every team would double team him and he was having a great year," said Wilson.

**Dr. Richard Thompson said Barr would definitely be out of action until Thanksgiving Day. "The knee responds to treatment one day and the next it becomes swollen again," said Thompson. Because of something happening to another pass receiver, Wilson picked up Harlon Hill on waivers from the Steelers.**

Today, however, coach Waterfield announced that high scoring Ram end Duane Allen, who scored the touchdown in the first game against the Lions on a long pass play, would be out for the season. Allen suffered a knee injury last week and would have to undergo surgery.

He will be replaced by rookie Karl Finch, who has been with the squad all year but not on the roster. Allen's absence tomorrow has again changed the odds with the Lions now 9 point favorites.

# Can Bears Halt Packers' String?

By THE ASSOCIATED PRESS

It figures that someone is going to beat the Green Bay Packers this season. After all, the National Football League hasn't had an undefeated team since the Chicago Bears of 1942.

* * *

It is, however, something like putting the bell on the cat. As one little mouse put it:

"But who's to do it?"

The Chicago Bears (4-3) are going to make the big try Sunday. They're full of high hopes, have a revenge motive going for them and will be playing at home.

**DOUBLE TROUBLE**

But it'll be double tough. One reason is Paul Hornung, the Packers' all-purpose back who has led the league in scoring for the past three seasons. He's missed almost three full games with a knee injury, but gives himself a 50-50 chance to play. Even missing their ace, the Packers kept right on rolling to their present 7-0 record.

Then, too, the defending league champions smothered the Bears 49-0 in their first meeting this season, which accounts for the Chicago revenge motive. It's heightened by the fact the Bears haven't beaten their old rivals since the 1960 opener.

* * *

Chicago owner George Halas has been scheming for weeks to pull this one out, and presents a healthy team and an improving defense as the foundations to his plans.

If the Bears can't do it, the Packers very well could keep moving merrily along until they encounter Baltimore and Detroit back-to-back late this month.

While Green Bay is threatening to run off and hide from the rest of the western division, the east developed into a wide-open affair last week when the New York Giants knocked off previously unbeaten Washington 49-34 on Y. A. Tittle's seven touchdown passes.

**OPEN RACE**

At least five teams now have some hopes of gaining the eastern title, even St. Louis (2-4-1) and Pittsburgh (3-4).

St. Louis, however, has shown itself to be vulnerable to a passing attack and goes against the Giants (5-2) and Tittle, whose passing beat the Cards earlier this season.

* * *

The clash between Dallas (3-3-1) and Washington (4-1-2) could be the key to the east. A Dallas victory opens it up even more. It has to be a pick 'em affair, since the two teams scrambled to a 35-35 tie in their first game this season.

* * *

Cleveland (4-3), in third place in the east, goes against Philadelphia's disappointing Eagles (1-6). Philadelphia's only victory came at the expense of the Browns, but they now have injuries to backs Clarance Peaks and Theron Sapp.

* * *

Detroit (5-2), the No. 2 team in the west, takes its stern defense to Los Angeles (1-6), while Minnesota (2-5) visits Pittsburgh and Baltimore (3-4) goes to San Francisco (3-4) in other games.

The American Football League opens its weekend tonight when eastern leader Boston (5-2) visits Buffalo (3-5). Sunday's schedule has Oakland (0-7) at New York (3-5), Houston (4-3) at Dallas (6-1) and Denver (6-2) at San Diego (3-5).

## Late Rally Wins for Romeo, 14-12

Romeo outlasted Lutheran East 14-12 last night in a game between two of the state's better Class B teams.

* * *

It took two fourth period touchdowns and a stout last minute defensive effort before the Bulldogs could pull out their seventh victory before the home fans. Romeo has lost once.

Lutheran East, now 6-2, gained a 6-0 lead in the second quarter when Dave Adams bucked over from the three.

**Early in the fourth period John Hanley tied the game with a one yard plunge and Buzz Smiles passed to Ron Mignot for the extra point and a 7-6 lead.**

This advantage evaporated in a hurry as Gary Parrish raced 30 yards to put the visitors in front, 13-7. But Hanley wrecked Lutheran East's hopes by returning the kickoff 87 yards for a touchdown. Mike Doyle booted the conversion.

East stormed to the Romeo three in the closing seconds but Bert Kernighan tackled Adams short of the goal as the game ended.

**L'ANSE WINS**

Five different players scored touchdowns Friday for L'anse Creuse as the Lancers closed their season with a 33-6 victory at Harper Woods.

**Richard Skelton scored on a 21-yard run, and fumbled a ball into the end zone which teammate Paul Miller covered for six points. Randy McConnell and Ed Defer plunged two yards for scores and Kurt Carlos ran 14 yards for the other visitors' six points.**

Vince Fayad's two-yard run produced the only score by the home team. L'anse Creuse finished with a 3-4-1 record and second place in the Tri-County League.

### Scheduling Problem Hits Grid Series

"In the last 27 years the association with their athletic department and ours has been very, very good."

* * *

With those words Dan Barnabo, athletic director at Romeo High School, completely discouraged Friday any rumors that athletic competition between Romeo and Rochester high schools was being discontinued because of bad feelings between the two arch-rivals.

* * *

Scheduling difficulties encountered when Rochester withdrew from the Tri-County League to join the Oakland A League next season had forced the two schools to discontinue their football rivalry and the 1963-64 basketball competition is also in danger.

**Romeo School Superintendant T. C. Filppula explained the situation at a special school board meeting Thursday night in an effort to stem the recent tide of questions from an aroused, curious citizenry.**

Competition in future years has not been discounted, but quirks in the two schools' immediate schedules have made the situation bleak for the next season or two.

* * *

Rochester will be competing in an eight-team league which will demand 21 of the 25 permissible playing dates for football and basketball. Romeo's present schedule obligations eliminate two of the remaining four dates; however, both athletic departments are attempting to utilize the two dates left for a basketball series next season.

* * *

Filppula explained the Romeo school administration was sorry to see the competition resolved and that school officials had nothing to do with the difficulty.

## Utica Slips Past Warren High, 7-6

End Tom Harrington scored all the points as Utica eked out a 7-6 win over Warren High last night.

* * *

Harrington took a 10-yard pass from Ron Paschal for Utica's touchdown and then kicked the winning extra point.

Warren had scored first on an 11-yard run by Floyd Madrazo. But the kick sailed wide. Utica stopped Warren on the four in the last two minutes.

## Winds Blow Gajda Out of Golf Lead

BEAUMONT, Tex. (UPI) — Bert Weaver of Beaumont and Lionel Hebert of Kern City, Calif., playing recovery shots with a master's touch, shared the lead today heading into the third round of the $20,000 Beaumont Open golf tournament with 140 totals.

Weaver fired a five-under-par 67 yesterday and Hebert scorched the 36-37—72 par Tyrrell Park golf course with a 68.

The two first-round leaders, Bo Winniger of Odessa, Tex., and Bob Gajda of Bloomfield Hills, faded in the wind. Winniger, after a first round 67, soared to a 75 for a 142 total. Gajda, who also shot 67 the first day, fell even further to 77 for a 36-hole total of 144 to fall way back in the pack.

Two pros were one stroke behind the leaders at 141. They were Ken Still of Tacoma, Wash., with a 70-71—141 and Rex Baxter Jr. of Amarillo, Tex., whose card was 71-70—141.

## Swedish Blondes Causing Men Drivers to Eat Dust

BUENOS AIRES (AP) — Two shapely Swedish blondes have started a war between the sexes in Argentina. Not only are they beating every single male in sight —some of them crack drivers—in the Argentine standard Grand Prix and making local auto race history, but in the process they have raised the age-old controversy:

* * *

Are women better drivers than men?

* * *

Ewy Rosquist, sometime a veterinarian helper in her homeland, and her co-pilot, Ursula Wirth, arrived here last month virtually unnoticed with West Germany's Mercedes Benz team.

* * *

The few newspapers which did take notice gave them no more than a couple of paragraphs in the inside sports pages.

**MALE SPORT**

In Latin America the male predominates, and auto racing has traditionally been almost exclusively a male sport.

Fans just laughed Ewy and Ursula off. But Argentina's five-time world champion Juan Manuel Fangio was coaching the girls, and he warned newsmen:

"They will bring a lot of surprises."

* * *

Today, Mrs. Rosquist and Miss Wirth are no laughing matter as they break record after record. They have already won five of the six laps of this gruelling, 11-day road race, which nary a male has done before. And they have beaten every speed, car conservation and endurance record in sight.

* * *

With their close-fitting sweaters and skintight pants, they have wowed the fans all along the way. Resentment from male competitors has been covered up by fan admiration—and popularity. The girls now make the front pages.

**EASY TASK**

And on the road they have been beating everyone else by such time lapses that driving now for them is a relaxing business. Friday, in the fifth lap, they had such an advantage over the runners-up—even though they took a wrong turn and had to retrace their tracks—that they had time to slow down and film the countryside, then stop at a service station for gas before arriving first at the finish line.

* * *

Taxi drivers throughout the city are muttering about "the big disaster ahead when every woman starts thinking of themselves as Ewy or Ursula."

The women retort that it's about time—men have been thinking they are fangios for too many years. It's now the weaker sex's turn.

## Chemics Gain Share of SVC Grid Crown

Midland clinched at least a share of the Saginaw Valley Conference championship by defeating Arthur Hill, 28-6, last night.

* * *

It was the final Valley game of the Chemics and gave them a 6-2 league mark.

**Flint Southwestern edged Saginaw 14-6, and Bay City Central slipped past Flint Northern, 20-19, to stay in the running a half game back of Midland.**

Southwestern finishes against Pontiac Central next week while Bay City Handy and Central clash. Handy was jolte dby Flint Central, 21-7.

## Van Never to Marry Again; Not Even Doris Nor Barbara

By EARL WILSON

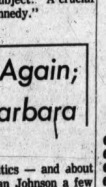

NEW YORK — "Now about those drama critics — and about getting married again," I happened to say to Van Johnson a few nights back.

"Stop!"

Van shot me a glance that was acerbic, acidulous, astringent and poisonous.

"I never head those drama critic creeps," he announced.

"And I wouldn't marry the richest woman in the world—Doris Duke or Barbara Hutton. Oh, no, once was enough!"

WILSON

"You were unhappy married to Evie?" I asked.

"We had 15 wonderful years," Van said. "But I'm a gypsy. I've got the bag packed, the vaccination shots, and the passport renewed, and I'm ready to go."

★ ★ ★

Van was quite as definite about the drama critics.

"You really don't read the reviews?" I asked. Many actors say this — and I never believe any of them.

"I didn't come to New York to see whether I can act," he retorted.

Actually, I only know one critic and I like him. I don't blame them for anything they write—it's the people who let themselves be influenced.

Van's settling down in New York, going on an art gallery binge, a movie kick. He's tried New York, Switzerland, London and Hollywood recently, and it's New York for a long time, he thinks.

★ ★ ★

### THE WEEKEND WIND-UP . . .

**Tony Curtis** is studying algebra in his spare time. He explains, "When I was in school I thought it was a foreign language." . . . Hollywood gals no longer fear making speotacles of themselves— **Lana Turner** wears glasses in "Who's Got the Action?" and **Elizabeth Allen** has 'em in "Donovan's Reef" . . .

**Laurence Harvey** says he "dreads" going to Dublin in January to film "Of Human Bondage," because he "froze" there making "The Running Man." . . . **Vivien Leigh** (whose next is the Broadway show "Tovarich" was asked to make an album of children's rhymes.

★ ★ ★

**TODAY'S BEST LAUGH:** Attorney Arnold Weissberger hears there's some objection to the title "Moby Dick" being used for a Broadway play. He suggests: "Stop the Whale, I Want to Get Out."

**WISH I'D SAID THAT:** Have you noticed how some girls wait till a kiss is over before they slap a guy's face?

**EARL'S PEARLS:** You know a girl loves you when she shows your letters to her mother, instead of to her lawyer.

One airline offers its passengers a choice of Scotch, bourbon, wine or champagne. "That," says Jack Guinn, "is why they have seat belts. They don't want you flying on ahead." . . . That's earl, brother.

# Laper Youth Faces Exam in Traffic Death

Examination in Justice Court of a 20-year-old Lapeer youth charged with manslaughter in the traffic death of an elderly Lake Orion man is scheduled for Nov. 14.

★ ★ ★

Amos T. Wargo, 1987 N. Lapeer Road, pleaded innocent to the charge at his arraignment yesterday before Avon Township Justice Luther C. Green. Wargo was released on $2,000 bond.

**Wargo was the driver of a car that smashed head-on into a car driven by Clark N. Yost, 76, of 4445 Orion Road, the evening of Oct. 23.**

Yost died four days later at St. Joseph Mercy Hospital from injuries sustained in the accident.

★ ★ ★

Wargo is accused of swerving into the path of Yost's car after driving too fast around a curve on the Orion-Rochester Road in Goodison.

Wargo and two of his passengers were sentenced to 10 days in the county jail on charges of minors in possession of beer.

## 3.86 Million Voters Eligible in Michigan

LANSING (AP)—Michigan's registered voter count now is about 3,660,000, the elections division of the secretary of state's office estimated today.

Of these, the office said, about 3,510,000 live in voting machine precincts and 350,000 in paper ballot precincts. The increased use of voting machines should speed up the counting considerably on election day, the division said.

CHARLES R. LANDRIGAN

# Ex-Edison VP Dies in Detroit

**Bloomfield Township Resident Was 68**

Executive Charles R. Landrigan, retired vice president of the Detroit Edison Co., died last night in Detroit's Harper Hospital after a short illness. He was 68.

★ ★ ★

Mr. Landrigan is survived by his wife, Lillian. He lived at 3820 Woodlake Drive, Bloomfield Township.

**Service will be at 10 a. m. Tuesday at St. Hugo of the Hills Church in Bloomfield Hills. Interment will be at Woodlawn Mausoleum, Detroit. A Rosary will be said at 8 p. m. Monday at Bell Chapel of the William R. Hamilton Co., Birmingham.**

Mr. Landrigan went to work for Detroit Edison in 1912 as a repair parts clerk. He later became chief clerk of power plants, served for a time in the construction department and ultimately joined the staff of the controller.

★ ★ ★

He was named assistant controller in 1932, became controller in 1949 and was elected vice president and controller in 1953. He became executive vice president in 1954.

**During his time with the firm, he saw Detroit Edison grow from a generating capacity of 50,000 kilowatts to four million kilowatts.**

He served with the U. S. Army Ordnance Corps in World War I and did combat duty in the battles of St. Mihiel and Meuse-Argonne.

★ ★ ★

During his years with Detroit Edison, he was widely active in civic and community affairs.

★ ★ ★

Instead of flowers, contributions are requested to the Boy's Club of Detroit.

## Card of Thanks 1

WE WISH TO THANK OUR friends, neighbors and relatives for their acts of kindness and floral offerings during our recent bereavement in the loss of our beloved husband and father, Norace G. Naylor. Special thanks to the Rev. A. G. Hashman and the Pursley Funeral Home.—The Naylor family.

## In Memoriam 2

IN LOVING MEMORY OF OUR brother and son, Cpl. William Don Nicholson, who was killed in action in Hang-Sang-Ni, Korea, Nov. 3, 1952.
We cannot forget you, our loved one so dear;
Your memory grows sweeter year after year;
You cannot return, so our tears are in vain,
But in heaven we're planning to meet you again.
Loved and missed very much by your mother, and family.

IN LOVING MEMORY OF MARIE H. Day who departed this life three years ago November 4, 1959.
A beautiful memories silently kept,
Of a wonderful mother we'll never forget.
—Sadly missed by her family.

IN MEMORY OF MY DEAR WIFE and mother Dena Giegler, who passed away 13 years ago Nov. 4, God knows how much we miss her.
Never shall her memory fade,
Loving thoughts shall ever wander
To the spot where she is laid.
—Sadly missed by Fred Giegler and children.

# Text of Letter in Detroit Row

DETROIT (AP) — Here is the text of a letter involved in the "honest elections" controversy in Detroit:

"Dear Friend:

"The Detroit Election Bureau has been quoted as saying that an 'estimated 40,000 persons appear on voter registration rolls who no longer live in the city — an invitation to fraud.' We believe this to be a very conservative figure.

★ ★ ★

"It is our feeling that the figure could be considerably higher, possibly nearer 150,000. This will include names appearing on the registration rolls who are not living at the address as recorded in the registration book.

**"We have requested the Honest Ballot Association to make an investigation of our election rolls to insure our having a clean and honest election on Nov. 6, 1962.**

"It is our desire to see that no person votes in the forthcoming election who has not complied with the election law which reads as follows:

" 'Sec. 1. In all elections every inhabitant of this state being a citizen of the United States; . . . shall be an elector and entitled to vote; but no one shall be an elector and entitled to vote at any election, unless he or she shall be above the age of 21 years and has resided in this state 6 months, and in the city or township in which he or she offers to vote 30 days next preceding such election.'

**'IT IS YOUR DUTY'**

"If you know of any person who has moved or died or is otherwise not qualified to vote on Nov. 6, 1962, it is your duty to notify the election officials so that your vote is not canceled by a fraudulent vote.

**"We will be glad to perform this service for you if you furnish us with this information. Your name will not be used in reporting this to the proper election officials and all visits to our headquarters will be confidential.**

"In addition to the above, we will protect the right of any qualified registered person to vote without coercion or intimidation on the part of anyone.

"Sincerely, (signed) Walker L. Cisler, chairman,

"Committee for Honest Elections

Reflections

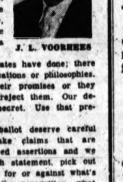

VOTE NOV. 6th

A ballot is both a weapon and the arms of freedom. To accept the emotion-packed agruments of the articulate man to perpetuate his tenure in office, whose record is one of individual gain can be one of the tragedies of our Republic. Our ballot is a decisive way to endorse or repudiate him.

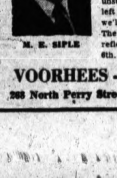

We see what our local candidates have done; there is no question of their qualifications or philosophies. They have either fulfilled their promises or they haven't; we may accept or reject them. Our decision is final, to make it secret. Use that prerogative. Vote.

Special propositions on the ballot deserve careful consideration; proponents make claims that are loaded with emotionally colored assertions and we must discriminate, weigh each statement, pick out unsubstantiated ones and vote for or against what's left — that's the meat of the proposition, what we'll pay for.

The future of ourselves and of our children will be reflected in the results of the ballots we cast Nov. 6th. Make a wise decision and VOTE.

## UF 'Helps Everybody'

ANDY WILSON

The Pontiac Area United Fund Drive is everybody's business because it helps everybody.

★ ★ ★

That's the belief of Andy Wilson, president of the GMC Truck and Coach Local 594, UAW-CIO. Here is his statement on why citizens should support the 1962 drive:

**"The Pontiac Area United Fund and the 54 agencies which are supported by voluntary gifts are beneficial to all the people of the Pontiac area.**

"These agencies include health, welfare and recreation. They also give services to families at a time of need.

**CITES RED CROSS**

"To elaborate on some of the services rendered, I would cite the Red Cross and its blood bank, the Visiting Nurses Association and its care for the sick, Family Service of Oakland and its marital counseling.

**"Last, but not least, I would mention the agencies that give services to our youth, the Boy Scouts, Boys' Club, YMCA, YWCA, Girl Scouts, Camp Fire Girls and the Big Brothers.**

"Our small investments in these youths pay dividends in the future.

★ ★ ★

"Since we have been associated with the United Fund, we know that our civic leaders, professional people, businessmen, workers and housewives have given much of their time for this worthy cause.

★ ★ ★

"We urge all to give their fair share. Remember: The United Fund is for the people."

## JFK Eyes Speedy Action

# Say Ship Inspection Talks Set

## Red Cross Aid Depended On in Arrangements

### Expect 10-Day Delay to Get Russ Vessels to Pick Up Missiles

WASHINGTON (AP) — President Kennedy was reported ready today to enter into special international inspection arrangements to clear ships through the U.S. naval blockade, and thus apparently speed removal of Soviet missiles from Cuba.

An agreement — which U.N. sources reported to be near — to have the International Red Cross inspect Cuba-bound ships could clear away a roadblock and hasten arrival of Soviet ships to pick up the missiles and haul them home.

★ ★ ★

Kennedy told the nation in a brisk two-minute television and radio broadcast Friday night that aerial photographs made Thursday show that the Russians were tearing down their missile bases in Cuba.

**But the President declared the tight U.S. sea and air surveillance of Cuba would be maintained until satisfactory international inspection procedures are substituted or until "the threat to peace posed by these offensive weapons is gone."**

At the same time, he indicated the United States was ready to consider various means of inspection. This suggested a broadening, as to means, of the requirement he had laid down for U.N. inspection and verification.

★ ★ ★

"While the quarantine remains in effect," the President said, "we are hopeful that adequate procedures can be developed for international inspection of Cuba-bound cargoes. The International Committee of the Red Cross, in our view, would be an appropriate agent in this matter."

**10-DAY WAIT**

In New York, a U.N. spokesman said the Russians would have to send ships to Cuba to haul the missiles away. He estimated it

## International Group Willing to Help Run Missile Pullout

GENEVA (AP)—The International Red Cross Committee (ICRC) formally declared its willingness today to help supervise dismantling of Soviet rockets and bases on Cuba, if all parties agree.

★ ★

A spokesman told newsmen the all-Swiss humanitarian organization is sending its former president, Paul Ruegger, to New York to meet with U.N. Acting Secretary General U Thant.

Ruegger, 65-year-old former Swiss minister in Roem, will leave here early next week.

**The spokesman declined to elaborate, saying only that the task expected of the ICRC goes far beyond the traditional humanitarian activities of this institution."**

"But in the superior interest of peace and of the populations affected by the blockade the committee is willing to lend its good offices to the United Nations, on the express condition that all three interested parties give their agreement."

**SOVIET SUGGESTION**

Thant has been seeking Red Cross approval of a Soviet plan to let the international mercy group inspect Cuba-bound Soviet bloc ships for arms.

**The United States and the Soviet Union were reported near agreement on the plan, which is aimed at lifting the U.S. Naval arms blockade of Cuba.**

President Kennedy said in a broadcast Friday night that the Red Cross would be an appropriate agency for the task under which inspectors reportedly would be stationed on ships chartered by the Red Cross or the U.N.

**DROP OTHER IDEA**

The United States also had considered the possibility of asking the Red Cross to check Soviet ships leaving Cuba to make sure the missiles were being shipped out as promised by Premier Khrushchev. But this idea apparently was dropped.

**A spokesman for Thant said the secretary general had been informed that it would take about 10 days for Soviet ships to arrive in Cuba to pick up the dismantled missiles and ship them back to the Soviet Union.**

The United States has said it still insists on international inspection to make sure the missiles have been pulled out. This would seem to require on-the-spot checks, since that is the only certain method.

★ ★ ★

U.S. circles here appeared confident, however, that an over-all solution to the crisis would be reached.

**U.S. Ambassador Adlai E. Stevenson told newsmen after conferring again with Thant that the United States was making progress in negotiations with the Soviet Union to resolve the crisis.**

Latin American diplomats who talked with Thant also said there was ground for optimism that a solution would be reached.

Western diplomats said they were heartened over the fact that low-flying U.S. planes were able to photograph the missile sites with no apparent resistence. This indicated that Castro was tacitly agreeing to a form of inspection.

## MSUO Dorm Ceremony Set

### Pryale House Ground Breaking Tuesday

Ground - breaking ceremonies for its newest student dormitory will be held at 11:15 a.m. Tuesday at Michigan State University Oakland.

★ ★ ★

The dorm will hold 96 students, with one wing for men students and another for coeds, according to Norm Prady, MSUO publications editor.

**It will be named Pryale House after Mr. and Mrs. Harry M. Pryale of 26 Barbour Lane, Bloomfield Hills, who have donated $450,000 to MSUO.**

Of this, $345,000 will go toward construction of the dorm, including furnishings, Prady said.

**FOLLOWS PRESENT MODEL**

The rest will be used for a nuclear physics teaching and research project and for a high-speed digital computer.

**The new Pryale House will follow the model of the two existing student residences — Anibal House for women and Fitzgerald House for men.**

Completion of the new housing unit is scheduled for next summer, with occupancy to begin in September.

★ ★ ★

Holder of the general contract for the dorm is Frank Rewold and Son, of Rochester.

★ ★ ★

The Sept. 10 gift of $450,000 by the Pryale Foundation was the third largest ever to be received by MSUO.

## Nixon's Aide Sues Dems for $2 Million

LOS ANGELES (AP)—Richard M. Nixon's campaign manager charges in a $2-million damage suit that Democrats are "furiously peddling smears" in an effort to alienate Nixon from Negro and Jewish voters.

This charge, emphatically denied by Democratic leaders, is the latest in a series of legal actions that have suddenly made the courtroom an important battleground in California's turbulent gubernatorial campaign.

H. R. Haldeman, campaign manager of the Nixon-for-Governor Committee, charged in a Superior Court damage action filed Friday that "one piece of Democratic literature implied falsely that the former vice president was anti-Semitic" and another falsely impugned his honesty.

Democratic campaign officials denied they had anything to do with the political leaflets named by Holdeman.

**Haldeman's suit is one of five legal actions that have been brought in the last month of the campaign.**

The Democratic State Central Committee has obtained three different restraining orders prohibiting further distribution of campaign material attributed to the Republicans.

The anti-Nixon leaflets cited in

## Benson Blasts Nixon's Ability

WASHINGTON (AP)—Ezra Taft Benson says he had increasing doubts during the waning years of the Eisenhower administration about Vice President Richard M. Nixon's "ability to provide wise leadership for the nation."

★ ★ ★

Benson told of his misgivings—and added that many other Republicans apparently shared them—in a book published Friday, four days before voters rule on Nixon's bid to become governor of California.

**Nixon, Republican presidential candidate in 1960, is running against Democratic Gov. Edmund G. Brown.**

In Los Angeles, a spokesman for the former vice president said no one in the Nixon campaign camp had read Benson's book. But he said Benson has endorsed Nixon in the California gubernatorial race.

★ ★ ★

Two weeks ago, the spokesman said, the former Cabinet officer wrote Mrs. William Langston Bents of Balboa, Calif., saying: "I have a high regard for Vice President Nixon and believe he would make a good governor. Were I a citizen of California he would certainly have my support."

Benson is now in New Zealand.

## Six Teachers Die as Truck Crushes Car

(Picture on Page 2)

CLEVELAND, Ohio (AP)—The death of six Akron school teachers whose car was virtually flattened in a collision with a big truck was called a tragic loss today by Martin Essex, superintendent of Akron schools.

Five of the women killed in the grinding crash on the Willow Freeway south of Cleveland taught at David Hill Elementary School. They had attended sessions of the North Eastern Ohio Teachers Association here.

The victims were identified as Mrs. Lois C. Lewis, 41; Mrs. Mildred Whited, 62; Mrs. Catherine Williamson, 52; Mrs. C. Edith Miller, 67; Mrs. Julia Ann Johnson, 57; and Mrs. Frances T. Slocum, 57, owner of the car.

Mrs. Johnson taught at Vorts Elementary School.

**NEARLY FIFTH OF STAFF**

The tragedy wiped out nearly one-fifth of the teaching staff of 27 at David Hill. Except for Mrs. Slocum, who was in her second year of teaching, all were veterans. Mrs. Johnson had taught for 33 years, Mrs. Whited 24 years.

Cuyahoga Heights Police Chief Frank Bartczak said the truck crossed a 34-foot dividing strip on the freeway half a mile north of Ohio 17, brushed two other cars, then rammed the car carrying the teachers.

Justin J. Gedraites, 35, of Cleveland, driver of the truck, suffered head injuries, but his condition was reported as good.

## Don't Let Umbrella Get Too Far Away

The remainder of the weekend will be dampened by occasional periods of light showers, says the weatherman.

★ ★ ★

Little change in temperature is expected through tomorrow. The mercury will dip to a low of 37 tonight and climb to a high of 45 tomorow.

**A chance of a few snow flurries or showers, variable cloudiness and colder temperatures are predicted for Monday.**

Today's east to northeast winds at 8 to 15 miles per hour will shift to northeast to north Sunday.

★ ★ ★

The lowest temperature in downtown Pontiac preceding 8 a.m. today was 40. At 1 p.m. the temperature read 42.

## Chinese Continue Gains as U.S. Weapons Arrive

NEW DELHI (AP)—Chinese forces continued to advance near Demchok at the southern end of the Ladakh battlefield, inforced sources reported today, as the first planeloads of American weapons arrived to bolster the hard-pressed Indian army.

U.S. Ambassador John K. Galbraith warned Indians not to expect magic results from American weapons before the first two U.S. C135 transports landed at Calcutta with automatic rifles, mortars and antipersonnel mines from Germany.

His words were emphasized by the reports of the continued Chinese advance around Demchok.

**The Chinese, by their latest reported advances, virtually completed the occupation of all the disputed territory in Ladakh. The Chinese took the village of Demchok about a week ago.**

The defense ministry spokesman at a daily briefing said he had nothing to report.

The new U.S. weapons were sent immediately toward camps just behind the front in the northeastern sector where Indian troops have been driven back in the mountains protecting the Assam plains.

**STEADY STREAM**

A steady stream of U.S. jet transports, arriving one every three hours, will continue the arms buildup. Heavier equipment, such as tanks, is expected by ship in a few weeks.

## Mikoyan Gets Big Welcome From Castro

**KEY WEST, Fla. (AP)—Soviet Deputy Premier Anastas Mikoyan will "commence conversations on international tensions" with Cuban Prime Minister Fidel Castro this morning, Havana radio said.**

HAVANA (AP)—A warm bear hug from Fidel Castro welcomed Soviet Deputy Premier Anastas I. Mikoyan to Havana Friday at the start of his fence-mending mission in the wake of the Soviet decision to pull its missiles out of Cuba.

★ ★ ★

Russia's chief troubleshooter and the Cuban prime minister drove off from the airport together in a black U.S.-made Cadillac and reportedly got right down to a discussion of the discrepancies that Castro said had arisen between his government and its friends in the Kremlin.

**Neither man made any statement to newsmen, but they talked together for more than five minutes at the foot of the airliner steps in full view of the welcoming party.**

Mikoyan's visit is seen as a strong Soviet bid to reassure Castro of Communist support despite Premier Khrushchev's decision to withdraw the Soviet missiles.

★ ★ ★

Before leaving New York, Mikoyan endorsed Castro's five demands against the United States, including the evacuation of the Guantanamo Naval Base, as conditions for a Cuban settlement.

But New York sources expected Mikoyan to press Castro to admit international inspectors to examine the missile sites, in accordance with Khrushchev's agreement with Kennedy.

Before Mikoyan's arrival Castro warned the Cuban people to refrain from passing any rash judgments on the recent events in the Caribbean.

ROLLICKING ROMNEY — A hoarse George W. Romney took to a microphone in Keego Harbor this morning to bolster his fading voice. He drew loud laughter from a crowd of about 50 persons when he suggested jokingly that one way to solve the Cuban problem would be for Joseph P. Kennedy to buy it. Next to Romney is Miss Pam Bomsta of 162 Roslin St., Pontiac.

# Yemen Forces Get Set to Battle Saudi Arabia

DAMASCUS, Syria (AP) — Revolutionary Yemen massed land, sea and air forces against Saudi Arabia today. The Egypt-backed republican government talked grimly of a showdown with its monarchist neighbor.

★ ★ ★

San'a radio in Yemen's remote capital quoted leaders of the 36-day-old revolutionary regime in stormy challenges to Saudi Arabian King Saud and Jordanian King Heussein, warning the former of imminent attack if royalist military forays from across the Arabian border continue.

**CLAIMS INVASION**

Yemeni Vice Premier and Foreign Minister Abdul Rahman al-Baydany charged that 5,000 Arabian and Jordanian troops had tried to invade Yemen in the last two days. His regime was acting now only in self defense, he said.

★ ★ ★

Saud and Hussein have championed the cause of the dethroned Yemeni king, Imam Mohammed al-Badr, providing him with military support in his campaign to topple the revolutionary regime. The royalists claim victories in northern Yemen.

★ ★ ★

Baydany said the government armies had started marching to the north and the navy was sailing northward in the Red Sea from the modern port of Hodeida. The Yemeni air force—believed including Soviet-built fighters provided by the United Arab Republic—was ready, Baydany said, to set up a "flaming air belt" along the frontier.

**SALLAL READY**

Revolutionary Prime Minister Abdullah Sallal, leader of the September coup d'etat against the king, said his armed forces were ready "to teach the aggressors an unforgettable lesson." His statements were relayed by Cairo radio.

★ ★ ★

The Yemen buildup brought the danger of a large-scale confrontation in battle between the two great antagonistic forces in the Arab world, the monarchists led by Saud and Hussein, and the republicans who look to Egypt's President Nasser for guidance and material support.

Nasser has reportedly supplied as many as 1,000 men, plus arms, air and naval units to bolster Sallal's regime. Sallal, for his part, has stated publicly his desire eventually to merge with Egypt in an expanded United Arab Republic.

**SAY 3,000 KILLED**

San'a radio said 3,000 royalist warriors were killed in their reported invasion. Earlier Baydany had said the invasion force comprised 1,000 men and that 500 were killed. A broadcast said the invasion was repulsed near Al-Hardh, five miles from the Saudi frontier.

★ ★ ★

On the royalist side Mecca radio in Saudi Arabia and Amman radio in Jordan claimed Yemeni royalist forces had won complete control of the Al-Hardh region after two days of savage fighting.

★ ★ ★

A communique from the deposed Yeni monarch said scores of insurrectionists were killed and 80 republican troops, an Egyptian officer and truckloads of equipment were captured.

Conflicting claims from the two camps and the large casualty figures could not be independently confirmed.

## In Drain Commission Race

# Verbal Fireworks Boom

Campaign fireworks are popping in the contest for county drain commissioner as election day approaches.

★ ★ ★

Roy J. Russell, the Democratic candidate, today claimed his incumbent opponent, Daniel W. Barry, was "unfit for re-election" because he "openly flouts state authority and takes campaign contributions from contractors."

**Barry retorted that Russell "isn't worthy of consideration by any discerning voter" and that Russell's questioning his campaign funds only showed the Democrat's "political ineptness."**

Russell accused Barry of ignoring an order from state Auditor General Billie S. Farnum to reimburse the county $2,727 for allegedly excessive charges to the county for mileage and meal expenses.

**'NO CRIMINAL VIOLATION'**

Barry answered that the auditor general's report "does not question my personal honesty or integrity, nor does the report claim any criminal violation by me."

**He was told by legal counsel that he was entitled to reimbursement for expenses incurred in the discharge of his official duties, Barry added.**

Barry said Russell, a member of a Birmingham engineering firm and operator of the secretary of state's Birmingham branch, considered the drain commissioner's job a parttime one and this made him unworthy of consideration for the position.

★ ★ ★

Russell's mention of campaign contributions refered to some $2,000 donated by contractors working on county drain projects to Barry's primary election campaign, as evidenced by the campaign election expense voucher filed with the county clerk by Barry.

**"There is nothing unethical in contributing to a candidate's campaign," Barry said.**

"Both parties are trying to get citizens to take an active interest in the party or candidates of their choice."

**CITES JEALOUSY**

Barry added, "The only thing bothering Russell is that he didn't receive the contributions."

Russell said, "I strongly believe that it's unethical."

# JFK Ready for Ship Talks

(Continued From Page One)

**would take about 10 days for the vessels to steam to the Caribbean island.**

★ ★ ★

U.S. and Soviet officials were reported to be near an agreement at the United Nations on a plan to permit the International Red Cross to inspect Cuba-bound ships.

**However, the President spoke of the need for international inspection in a broader context.**

He emphasized that the chief U.S. concern was verification of removal of all offensive weapons from Cuban territory.

★ ★ ★

The other major inspection problem, that of verifying the dismantling of bases and other Soviet offensive weapons in Cuba, is assumed here to be a major topic of the Havana discussions between Castro and Anastas I. Mikoyan, the Soviet Union's first deputy premier.

★ ★ ★

It was believed Mikoyan would seek to persuade Castro to accept international verification.

★ ★ ★

The President did not go into detail on any of those problems Friday night.

## Court Limits Detroit Group

# Plans Vote Patrol

DETROIT (AP) — A spokesman for the Detroit Committee for Honest Elections said today it still plans, within limits circumscribed by a court injunction, to challenge suspected fraudulent votes in Tuesday's election.

Democratic State Chairman John J. Collins hailed the injunction, meanwhile, as "guaranteeing that no qualified voter need have any fear about going to the polls and voting next Tuesday."

**Circuit Judge Joseph A. Sullivan yesterday enjoined George J. Abrams, chief investigator for both the New York Honest Ballot Association and the Detroit Committee for Honest Elections, to "absolutely desist and refrain from engaging in any acts to intimidate, coerce or frustrate" Michigan voters.**

At the same time, Judge Sullivan ordered Abrams to quit circulating in the name of the Detroit committee a letter which the court held to be "misleading" and said could result indirectly "in disfranchisement of qualified electors without fault or negligence on their part."

**OVER 20,000 RETURNED**

Harold Mountain, attorney for Abrams, said the committee had no plans to mail any additional letters, and told Judge Sullivan that "substantially in excess of 20,000" out of 160,000 mailed had been returned as undeliverable.

**Mountain said notations from postmen included: "Deceased, not known, not at, no such address, or no such street."**

He disclosed the Committee for Honest Elections was training and planned to have challengers on hand Tuesday to question the right to vote of anyone whose letter had been returned.

Theodore Sachs, one of Collins' attorneys, construed Judge Sullivan's injunction as prohibiting the challenging of a voter merely be cause his letter had been returned.

Mountain agreed with this view, but added:

**"In many cases we have additional facts. Obviously where a letter has been returned and marked 'deceased,' the committee would have a right to challenge.**

"The same is true of letters mailed to addresses where there have been no buildings for the last six years."

**AGREES WITH COLLINS**

Judge Sullivan, in effect, adopted Collins' view "that the out-of-state group called Honest Ballot Association is trying to intimidate certain voters in Detroit and Wayne County."

**Sullivan held the Abrams-drafted letters were "misleading" in purporting to quote Michigan election law, while including only partial quotations and specifically omitting provisions under which persons who have moved in the last two years or 30 days still may vote in their old precincts.**

Judge Sullivan also said that by indirection this results in disfranchisement of qualified electors without fault or negligence on their part."

Abrams filed notice yesterday of intent to sue Collins for $1 million for alleged libel and defamation of character.

# U.S. Sergeant Killed by Reds

## Helicopter Crewman Shot Near Saigon

SAIGON, Viet Nam (AP) — A U.S. Army sergeant flying as a crewman on an escort helicopter was hit by Communist fire today and died before reaching Saigon.

The sergeant, whose name was not released, was aboard one of five U.S. Army turbine powered HU-1A escort helicopters.

★ ★ ★

Armed with rockets and machine guns, these helicopters are used to protect lightly armed troop-carrying helicopters from ground fire.

**90 MILES FROM SAIGON**

The helicopter was hit 90 miles southwest of here near the Mekong River delta town of Vinh Long. This was the first casualty suffered by escort helicopters, which have been in action only about one month.

★ ★ ★

Heavy ground fire met the attacking helicopters when they arrived for an operation this morning. A large Viet Cong unit was believel involved.

Government forces scored a major victory Wednesday in fighting off the Communist onslaught, and air strikes took heavy toll of the enemy. Friendly losses also were large, however.

**51 GUERILLAS KILLED**

There was heavy contact in the same area Friday when an estimated 51 guerrillas were killed in a series of small actions.

★ ★ ★

The helicopter in which the crewman was hit was not seriously damaged, and was able to continue flying. There were no initial reports of the result of ground action, and it was not known whether there were enemy casualties.

★ ★ ★

Military sources reported the Viet Cong ambushed a government unit not far from the operation site early Friday, killing four troops and capturing 12 weapons.

## The Day in Bloomfield Hills

# School Board Confab on Prayer Policy Slated

BLOOMFIELD HILLS — The "permissive prayer policy" adopted in the Bloomfield Hills School District Jan. 16 will be discussed at a closed meeting of school board members and their attorney Monday.

★ ★ ★

A school district spokesman said the Monday afternoon session is being held to "clarify" the board policy which allows the saying of prayers in classrooms.

**The board had directed Stratton S. Brown, attorney for the school district, to review the policy in light of a U.S. Supreme Court decision on school prayers in New York.**

Brown's opinion is expected to be given in detail to board members Monday.

**COMES UNDER RULING**

Brown already has indicated that the Bloomfield Hills school district policy, although permissive in nature, would not remove it from the supreme court decision in the New York case.

**The Supreme Court directed the New York Board of Regents to discontinue a classroom prayer.**

Following Monday's informal session, the policy will be aired publicly at the next regular school board meeting Nov. 20.

The annual pre-Christmas festival sponsored by the Altar Society of Our Lady Queen of Martyrs Church will be held from 10 a.m. to 6 p.m. Nov. 10.

★ ★ ★

The festival, featuring Christmas gift booths, a country store and baked goods, will be held in the church's school, 32460 Pierce St.

**Mrs. Oscar H. Pocock**

Service for Mrs. Oscar H. (Mable M.) Pocock, 65, of 88 Harsdale Road, will be 11 a.m. Monday at the Bell Chapel of William R. Hamilton Co.

Burial will be in Roseland Park Cemetery, Berkley.

**Mrs. Pocock died yesterday in St. Joseph Mercy Hospital after a long illness.**

She was a member of Cranbrook Garden Club, Red Run Golf Club and the Ohio State Alumnae Association.

Surviving besides her husband are a daughter, Mrs. W. R. Barrett of Birmingham; her father, Adam H. Marquart; a sister; and four grandchildren.

**Mrs. Maude Moore Halsted**

Service for Mrs. Maude Moore Halsted, 91, of 89 Lone Pine Road, Bloomfield Hills, will be at 1 p.m. Monday at the Bell Chapel of the William R. Hamilton Co, Birmingham. Burial will be at Woodlawn Cemetery Detroit.

Mrs. Halsted died yesterday at her home after an illness of several weeks. She was the widow of Lynn D. Halsted.

Surviving are two sons, Morris M. and Robert M., both of Birmingham, five grandchildren and 10 great grandchildren.

# Ask Payment of Fees for Water Plans

A request from Waterford Township's consulting engineers for early payment of fees for water system planning work will be reviewed Monday by the township board.

★ ★ ★

Johnson and Anderson Inc., 2300 Dixie Hwy., Waterford Township, has asked for $31,000 for work already completed. A contract between the township and engineering firm, which specifies payment after bonds are sold, would have to be amended to honor the request.

**In other business the board will consider a request from residents in Lake Angelus Golf-view subdivision that a private road leading into the area be closed.**

The board will also take action on a recommended plumbing code amendment dealing with shower pans.

Also slated for board attention is a proposed five-lot plat of Watkins Hills No. 5 subdivision.

# Drain Projects Get U.S. Aid

## Additional $1.6 Million OK'd Under New Act

An additional $1.6 million in federal grants toward drainage construction projects in South Oakland County has been approved under the Public Works Acceleration Act, County Drain Commissioner Daniel W. Barry announced yesterday.

**A grant of $1,377,671 for the $6.9-million Dequindre-Interceptor Sewer was approved by the U.S. Department of Health, Education and Welfare under the new act, Barry said.**

This is in addition to an earlier federal grant of $1.4 million toward the project under the federal government's water pollution act.

The second grant just approved by the new department is for $273,410 toward the Red Run Drain enclosure. It will raise the federal government's participation in this project's cost to $683,525.

**In both instances, the federal government is now bearing 50 per cent of the total cost for both projects, Barry said. This is to the financial relief of the 14 municipalities involved.**

Communities to benefit from the drainage projects are Birmingham, Berkley, Beverly Hills, Clawson, Ferndale, Hazel Park, Huntington Woods, Madison Heights, Oak Park, Pleasant Ridge, Royal Oak, Royal Oak Township, Southfield and Troy.

Utica will also get a $171,600 grant for a new sewage treatment plant. A total of 65 sewage treatment projects, 16 of them in Michigan, will be constructed under the Public Works Acceleration Act.

# To Appeal to JFK for Clemency

DUBUQUE, Iowa (UPI) — An appeal to President Kennedy for clemency is the only thing that stands between an ex-convict from Michigan and a date with the gallows Jan. 15.

★ ★ ★

Victor Harry Feguer, 27, of St. Johns, Mich., was sentenced yesterday to death by hanging for the kidnap-slaying of a prominent Dubuque physician in 1960.

**Federal Judge Henry N. Graven set the execution date a little more than two weeks after the U.S. Supreme Court denied Feguer's appeal for a hearing.**

Feguer's court-appointed attorneys, Fredrick White and Al Kildee, immediately announced they had applied to President Kennedy for clemency because of Feguer's mental condition.

If the appeal fails, Feguer will be executed at the Iowa State Penitentiary at Fort Madison.

★ ★ ★

Feguer was convicted March 13, 1961, on a federal kidnaping charge in the abduction and slaying of Dr. Edward Bartels.

**The physician was lured from his home July 11, 1960, on the pretext that his services were needed to treat an ailing woman.**

The body of the 34-year-old doctor was found 10 days later in a remote wooded area near East Dubuque, Ill. The discovery of his body came the day after Feguer was arrested at Birmingham, Ala., while posing as Bartels and attempting to sell the doctor's car.

★ ★ ★

Feguer has been held in the federal prison at Levenworth, Kan., since his conviction by a U.S. District Court jury at Waterloo. Judge Graven is now retired but he set the date since he presided over Feguer's trial.

# Birmingham Man Elected to Post

Elmer W. Haack of Birmingham has been picked as the new president of the Oakland County Chapter No. 141 of the Society of Residential Appraisers, Chapter Secretary Theodore Koella announced today.

The anual election was held Thursday. Other officers are Vice President William E. Maloney of Farmington and Secretary-Treasurer Theodore Koella of Sylvan Lake.

Named directors were Richard M. Irwin of Pontiac, James Barbour of Birmingham, William H. Knudsen of Pontiac, Thomas F. Jackson of Royal Oak, and Lyle E. Baker of Royal Oak.

# Nixon Aide Sues Dems

(Continued From Page One)

the suit filed by Haldeman are titled "Questions Nixon Won't Answer About the $205,000 Hughes Tool Co. Loan" and "Do You Want This Kind of Governor in California?"

**ABOUT LOAN**

Haldeman said the first leaflet involves a loan made several years ago to Nixon's brother Donald and unfairly questions Nixon's honesty.

The second leaflet, Haldeman said, purports to be a reproduction of a deed to a home purchased by Nixon in Washington, D.C., 11 years ago and implies Nixon was a party to a deed restriction against Jews.

**Haldeman said this leaflet is a "complete fakery of a 1951 deed in which a restrictive covenant clause was inserted into the deed form, which Nixon and Mrs. Nixon signed."**

"When they signed that piece of paper," Haldeman said, "that restrictive covenant clause was not in it, as is now shown in the smear sheet. . . . The Democrats are distributing this phony anti-Semitic deed in a packet of literature containing a sample marked ballot."

★ ★ ★

"This is dirty politics and the (Democratic) campaign organization knows it," he said. "They are furiously peddling smears in the Negro and Jewish sections of Los Angeles, deliberately trying to stem the voter tide toward Nixon."

**DEM DEFENDANTS**

Defendants in Haldeman's suit are the Democratic State Central Committee and three Democratic officials, including Eugene L. Wyman, the state chairman.

★ ★ ★

Democratic headquarters issued a statement saying "neither the Democratic State Central Committee nor the Committee to re-elect Gov. Brown has ever seen the material on which the suit is based and had nothing whatsoever to do directly or indirectly with its planning, production or distribution."

**Of the restrictive covenant mentioned in the suit, the Democratic statement said: "Nixon himself told a conference of ministers in Los Angeles last Wednesday that he had signed such a covenant."**

The Democrats said Nixon "is smarting from the fact that we obtained three Superior Court restraining orders . . . forbidding further distribution of the massive smears circulated by his own campaign (workers) or by his supporters."

# Benson Critical of Nixon Ability

He also aimed criticism at other Washington contemporaries, Republican colleagues and Democrats alike.

**Benson criticized Nixon's 1960 campaign for the presidency, the former vice president's role in settling the 1959 steel strike and his "wavering on the farm question."**

Benson said Nixon "began fighting for the principle too late" in the 1960 campaign. He said Nixon had developed the ability "of straddling issues, carrying water on both shoulders."

## RO St. Mary Plays St. Thomas Sunday

The Northwest Parochial League's co-champion and representative in the divisional playoffs, Royal Oak St. Mary, will play at 2:30 p.m. Sunday on MacKenzie Field in Detroit against a strong Ann Arbor St. Thomas squad.

★ ★ ★

The winner will earn the right to play the following Sunday for the 2nd Division title against the Ferndale St. James-Detroit St. Philip winner.

**Under Major Carl Wells, ROSM won four straight games this year after tying its first and losing the second game of the season. The Irish will tangle with an Ann Arbor team that has won seven straight games and features a strong running game.**

Another member of the Northwest Parochial League, Waterford Our Lady of the Lakes, will meet Detroit St. Rita at 2:30 p.m. Sunday on the Waterford Township field in a non-league game. WOLL is 4-3 for the season and St. Rita 3-4.

## Revival Starts Wednesday at Alliance

The Missionary Alliance Church, M-59 at North Cass Lake Road, will hold evangelistic meetings Wednesday through Nov. 16 at 7:30 each evening.

★ ★ ★

Preaching at the revival will be Rev. Merle Fuller of Scottsdale, Ariz. Under his direction Christian Life Crusades conducts a daily radio broadcast called "Abundant Living."

**He is currently traveling throughout the United States and many mission fields around the world, Pastor George Bersche said.**

Because of a deep interest and concern for servicemen, Evangelist Fuller became founder and head of the widely known "Ship Ahoy Service Center" located in Geneva, N.Y. where over 150,000 sailor boys were reached.

★ ★ ★

He is also the founder and former director of Highland Lake Bible Conference in the Catskill Mountains and former director of Harmony Heart Camp for boys and girls located in Scranton, Pa.

George Crawford will be song leader for the special meetings.

PINE HILL CONGREGATIONAL CHURCH — The proposed building of Pine Hill Congregational Church is shown as it will appear when completely finished. The construction of the first unit will begin soon. A building fund drive is scheduled for tomorrow through Nov. 11. Assisting building chairman Alvis Sass will be Mr. and Mrs. Jack C. Marshall, Mrs. Donna Batty, Richard Hulbert, and Mr. and Mrs. Jack J. Marshall. The church will be built on a 7-acre site on Middlebelt Road near Long Lake Road. The architect's drawing is by Harold Fischer Associates of Detroit. Members are currently worshiping in Pine Lake Elementary School on West Long Lake road.

# Proposed Plan for Pine Hill Congregational Church

The building of the proposed chapel of the Pine Hill Congregational Church on Middlebelt Road represents the first step in a church building program. The complete structure will be in the shape of a hollow square with an open court in the center. On two sides of the square will be large bright church school rooms and a fellowship room. The other two sides will contain the sanctuary and office facilities.

The main entrance will be through the base of a free standing tower. On a lower level will be a large multi-purpose room with kitchen and dining facilities. The folding walls provide classrooms.

**The upper level will provide a chapel seating about 100 people.**

The whole structure will be of white brick.

The large window at the front will be of clear or light pastel carved glass. It will stand against a background of tall trees on its 7-acre site.

★ ★ ★

The general design of the building is contemporary. At the same time it retains a feeling of Colonial architecture symbolizing the Pilgrim heritage out of which Congregational churches originated.

★ ★ ★

Members will start a building fund drive tomorrow for a goal of $50,000 to be paid over a period of three years. The budget for 1963 is set for $12,700.

"Basic Christian Concepts" is the theme of the series of sermons Rev. Harry W. Clark, pastor, is preaching. His topic at 11 a.m. tomorrow will be "How Big Is God?"

★ ★ ★

Jack Souder and Mrs. Elizabeth Neef will sing a duet during the worship hour. Mrs. E. C. Whitfield will be organ accompanist.

**Interim appointments announced by the executive board include William Lovell, moderator; Donald Manning, deacon; and Mrs. Joseph Zalac, deaconess.**

The Pine Hill young people will meet at the home of Tom Lovell with the program based on "Superstition." George Sass will be chairman and Betty Ellis of Birmingham will speak.

★ ★ ★

Pine Hill Congregational held its first service on Sept. 11, 1960 in the Pine Lake School where services are currently scheduled. Dr. Alfred D. Gray, who had retired from the ministry, became the first pastor.

Some 50 families made up the founding members. Because of ill health Dr. Gray retired in 1961.

## Central Methodist Names Services

Services and Church School of Central Methodist Church are now being held at 9:15 and 10:45 a.m. in the new church edifice located at 3882 Highland Road, west of Elizabeth Lake Road. On Sunday, Rev. Harold H. Johnson will preach at both services.

★ ★ ★

His sermon topic will be "Christ and Crisis." Robert Stoner will sing "Whither Shall I Go From Thy Spirit" by MacDermid.

★ ★ ★

For the 10:45 a.m. service the Chancel Choir will sing "My Shepherd Will Supply My Need," arranged by Thomson.

EXAMINE RELICS — Tom Mehlberg of 4128 Normanwood, Orchard Lake (left) and Mike Hough of 6847 Alden Drive, Union Lake try on shepherd robes that Rev. and Mrs. Edward D. Auchard purchased in Damascus, Syria, last summer. The robes will be presented to Orchard Lake Community Church, Presbyterian. The boys are examining a drinking jug still in use throughout the Middle East. Mrs. Auchard tells the boys the background of the many relics.

## To View Holy Land

# Auchards Sharing Experience

Members and friends of Orchard Lake Community Church Presbyterian are invited to "Visit the Holy Land With the Auchards" some night next week.

★ ★ ★

Rev. and Mrs. Edward D. Auchard in charge of the Orchard Lake pastorate, will show pictures taken in Italy, Greece, Egypt, Lebanon, Syria, Jordan and Israel, and describe experiences abroad each night Monday through Friday.

On display will be shepherd robes, fragments of pottery from the Shechem dig of the Drew — McCormich Archeological Expedition which dates from Iron Age II.

This is the period following the reign of Solomon and preceding the fall of the Kingdom of Israel between 900 and 700 B.C., Pastor Auchard said.

An ancient Palestinian lamp uncovered near Hebron is about 2,000 years old.

**They will also speak of their observances concerning the mission of the church in the modern world.**

These programs are planned by the stewardship committee under the direction of William T. Irons. Assisting are Donald H. Brunson, Sam Burnley, J. Dean Gsrrett, W. Richard McNary, John H. Miller, Fritz Radford, Gene Riegler, Wendell Strait, Charles Unbehaun and Harold L. Welch.

★ ★ ★

Pastor Auchard will preach tomorrow morning on "Between the Devil and the Sea." The Chancel Choir will sing "The Prayer of St. Francis" by Morgan at 9 a.m. The Chapel Choir will present "Prayer of Thanksgiving" by Kremser at 11 a.m.

Young people of Senior High Fellowship meet as usual at 6 p.m. The group will provide nursery attendants for the five church nights next week.

Dr. L. Jerome Fink will give the concluding lectures in the series on "Religion and Mental Health" at 8 p.m. Sunday.

**R. H. McClurg will preside at the evangelism committee meeting Tuesday evening. Junior High Fellowship will get together for a 5:30 dinner Thursday evening.**

Boys working on the God and Country Award will meet at the church at 4 p.m. Saturday. Senior High Fellowship is planning a hayride at Roy's Ranch tonight.

★ ★ ★

A series of inquirer's classes for adults will begin Sunday with Pastor Auchard, the instructor. Christian Koch, assistant in Christian education, will begin a teacher training course on Nov. 11.

## Thank Offering to Be Received

### Oakland Church Buys New Hymn Books

The annual thank offering will be received at the 10 a.m. worship hour in Oakland Avenue Presbyterian Church tomorrow. The Women's Association will conduct the service.

★ ★ ★

Bringing the message will be Dr. D. A. Brown, medical missionary at Christian Hospital in Taxila, West Pakistan. In a recent letter to Pastor Theodore R. Allebach, Dr. Brown said there is a great need for more medical missionaries.

★ ★ ★

He wrote on some days more than 500 people stand in line for medical attention.

★ ★ ★

Women taking part in the service will include Mrs. Theodore Girtman, Mrs. Wayne Good, Mrs. Charles Aguayo, and Mrs. Walter Napersky. A trio composed of Mrs. Fred Froede, Mrs. James Meredith and Mrs. Ross Morton, will sing.

**At 7 p.m. Rev. Mr. Allebach will preach on "The Glory of God." Mrs. Charles Edie and Mrs. Meredith will be at the piano and organ during the song service.**

The church has purchased more than 500 new hymn books. The pastor suggests families buy some for home use. "Worship and Service Hymnal" is the title of the new song book.

★ ★ ★

Leading in the attendance crusade are Lynn Wallace, Craig Allebach, Laura Upton Sue Moore, Paul Kitchen and Cheryl Rhodes, children's and young people's departments. Al Jackson led the adult group.

## Royal Arch Assn. to Meet in Temple

The Oakland County Royal Arch Association will hold its annual church service at 3 p.m. Sunday in the Masonic Temple, Royal Oak.

The association is comprised of chapters from Pontiac, Milford, Birmingham, Rochester, Ferndale and Royal Oak. More than 200 Masons and their friends attended last year, Marvin Ladd said.

★ ★ ★

Rev. Edgar Lucas of St. Philip's Episcopal Church, Rochester will conduct the service. He is a member of the Highland Park Chapter No. 100.

★ ★ ★

Coffee will be served during the social hour which follows.

# Ferndale Gains Title Share; Colts Close Unbeaten

## Kimball Falls Before Eagles By 20-7 Score

### Hazel Park Standing In Way of Outright EML Championship

BY JERE CRAIG

The Ferndale Eagles are tasting the fruits of a championship. It isn't that they have the Eastern Michigan League title sewn up completely, however.

Last night's 20-7 win over Royal Oak Kimball assured the once-beaten Ferndale eleven of at least a tie for the crown with Birmingham Seaholm. The Maples are 5-1 in the loop while coach Frank Joranko has led his high flying Eagles, ranked fifth in the weekly state (B class A poll, to a 5-0 loop mark, with one game remaining.

However, if the enthusiasm they displayed on the field and in the team bus after the hard fought contest is any indication of the fervor which they'll hit Hazel Park next Friday, the championship is almost in the bag.

**The Eagles' bus rocked with chants of "champs, champs" to the delight of throngs of well wishers who crowded outside to to congratulate their victorious squad.**

The Eagles and Kimball were evenly matched teams in the first half with a pass interception giving the winners the break they needed to take a 6-0 halftime advantage. Quarterback Bob Super picked off an errant aerial by Kimball's Ted James and raced 43 yards to the homesters' 26-yardline.

Eight plays later, Super plunged one yard for the first six points of the game with 54 seconds remaining in the half.

Ferndale dominated play in the third quarter but couldn't score. However, on the first play in the final quarter, halfback Dennis Wilson made his first running play in the game of the season's most memorable individual runs.

Wilson skirted his left end at the Knights' 47-yard-marker and cut back to the middle of the field. Despite having several blockers in front of him, the short halfback was hit at the 35, spun away and was grabbed again at the 30. He twisted around until he was running backwards for several yards and broke from the grasp of defender Andy Stubl. The final 30 yards were unhampered and the visitors led, 13-0, when Tom Stenbeck kicked the first of two extra points.

**Kimball took the ensuing kickoff and marched 66 yards in six plays. The drive was climaxed by James flipping a screen pass to halfback Sonny McDonald who ran 20 yards behind excellent blocking for the only touchdown by the Knights. Steve Wilson's kick made the score 13-7 with 10 minutes remaining in the game.**

When Ferndale was forced to punt on the next series of downs, the estimated crowd of 4,000 anticipated the Knights' rallying for a tying touchdown; but the rolling punt was touched inadvertently by a Kimball receiver and the loose ball was covered by one of the Eagles.

The winners quickly drove 39 yards for the clinching seven points. Super plunged three yards for the touchdown and Stenbeck kicked the extra point with five minutes left. Royal Oak drove to the Eagles 23 as time was running out, but James' hurried pass was intercepted by Jim Yezak, who played a fine defensive game for the visitors, at the one.

## Seaholm Rallies for 19-13 Win

Birmingham Seaholm rallied for an impressive nonleague win, Port Huron won its first game of the season, and Mt. Clemens shoved winless East Detroit into the cellar, in action involving Eastern Michigan League teams last night.

* * *

Seaholm broke a 7-7 halftime tie with Roseville with a third period touchdown, then had to snap a 13-13 stalemate in the final stanza to emerge a 19-13 victor. Roseville had handed Ferndale its first loss last week and had a 2-0-1 record competing against EML football teams this fall.

**Senior halfback Bob Drother scored twice in the second half to pace the Maples' triumph. He ran 64 yards in the third quarter and 17 yards for the winning touchdown. Halfback Ken Heft had tallied the first Seaholm six points with a 15-yard burst. Brent Miller kicked the PAT that tied the game in the second quarter.**

Quarterback Bob Wedge booted a 20-yard field goal through the uprights with two seconds left in the game to give Port Huron its first win in eight games this season, 9-7, over Hazel Park.

Dennis McCarthy ran nine yards to give the winners a 6-0 first half advantage; but Hazel Park's Larry Butler plunged two yards and then kicked the extra point to give the Vikings a 7-6 lead in the third stanza. The win left the two squads tied for fifth place in the EML, with 1-4 loop records.

EIGHTH STRAIGHT

East Detroit, meanwhile, dropped its eighth straight game this year, 26-6, and was left alone in the league basement. Gordie Zagel scored two touchdowns on one-yard plunges and collaborated with Larry Forton on a 50-yard pass play for a third Mt. Clemens' score. Jesse Johnson raced six yards to score the other Red and Gray tally, while Matt Wilden kicked two PAT's.

Brian Hansen took an eight-yard pass from Jack MacGillivray for the only East Detroit score. The win boosted Mt. Clemens into a third place tie with Royal Oak Kimball which lost to Ferndale, 20-7.

Roseville's John Stutzman had fallen on a blocked punt to give the visitors their only lead in the tight contest. John Pappas tied the game at the start of the fourth quarter when he ran 30 yards with an intercepted pass.

The Maples have a 7-1 season record.

## NBA Normal Again; Celtics In First

By The Associated Press

Things are beginning to look a little more normal in the National Basketball Association.

For the first time in the season the Boston Celtics are in sole possession of first place in the Eastern Division. For the five-time NBA champions to be anywhere else is something like the New York Yankees resting in fifth place in the American Baseball League.

The Celtics took over the top spot Friday night by virtue of a 107-97 victory over the Chicago Zephyrs. It was their fifth victory in six starts and pulled them out of a first place tie with Syracuse which was idle.

In Friday night's other game Al Attles and Guy Rodgers led a fourth quarter drive that carried the San Francisco Warriors over the New York Knickerbockers 143-121. It was the seventh straight loss for New York.

## Outside Foes Trip Berkley And Southfield

### Farmington Defeats Bentley 20-12 for 4-3-1 Record

Three Inter - Lakes League schools took it on the chin last night from outside opposition.

* * *

Plymouth capitalized on Walled Lake mistakes to whip the Vikings, 33-15; Royal Oak Dondero handed Southfield its eighth straight loss, 24-7; and Belleville clipped Berkley, 20-0.

**Farmington joined I-L members Pontiac Northern and Waterford in the winner's circle by edging Livonia Bentley, 20-12.**

Walled Lake lost five fumbles and had two passes intercepted. The Vikings found themselves in a deep hole before they hardly had time to warm to the action.

They fumbled the kickoff and Plymouth went in to score. They fumbled again and Plymouth scored.

PASS CLICKS

Rick Prudeau finally found Ron Wik open with a 45-yard scoring pass and Pete Woodward ran the point to cut the deficit to 13-7. But a long scoring march and Hugh Sarah's 68-yard ramble with a recovered fumble put the game out of reach.

**Don Rickard plunged one yard for the other Viking TD and Prudeau ran the point. Dick Schryer passed for four Plymouth touchdowns.**

Farmington, the surprise team in the area, upped its record to 4-3-1.

Dick Kaufman passed 15 yards to Dale Pitcock for the fist TD. Ray Leach got the second on a 35-yard run and Greg Gebben raced 30 yards with an intercepted pass for the third. Mike Gilder kicked both PAT.

* * *

Dondero scored a touchdown in every period. Posting the scores were Dan Rutledge (1), John Novak (15 pass and 10 run) and Jerry McGhee (5) Rick Gross went two yards for Southfield's touchdown and Dennis Lamb kicked the point.

## Tigers Stopped By Rain

OSAKA, Japan (AP)—The Detroit Tigers' exhibition game with the Hanshin Tigers slated for today was rained out and rescheduled for Tuesday.

## Northville Routs Clarkston, 60-6

By DICK POINTON

Stripped of its 1961 Wayne-Oakland League title by current co-champs, Bloomfield Hills and West Bloomfield, Northville lambasted a hapless Clarkston eleven, 60-6, last night to clinch the loop runnerup spot with a 5-3 mark.

* * *

Milford and Brighton also managed successful routs over Holly and Clarenceville 40-19, and 40-12, respectively, to take final berths in the third and fourth spots.

**Joe Hay was feeling his oats for the rampaging Mustangs as they mauled Clarkston by tallying three touchdowns, kicking five out of six conversions and blocking three Clarkston punts, one for a touchdown and taking another to the one-yard stripe.**

He led the scoring with 23 points followed by teammate Tom Swiss with 12.

* * *

Craig Bell, Jerry Imsland, Bill Elwell and Jim Jiggens each had six-pointers and John Mach converted once.

BENCH EMPTIED

After a half-time lead of, 41-0 Northville coach Ron Horwath freely substituted men from the bench but that didn't check the Mustang urge to cross the opposing goal line.

* * *

Norman Olaffson was the lone hero for Clarkston catching a 4-yard Dan Craven pass with 36 seconds left in the game.

**The play was set up after the first Wolves march of any consequence ended on the Northville 36.**

A reverse on the first play from scrimmage ended when the Mustangs fumbled and Clarkston end Dale Calkins recovered.

Five plays later Olaffson stepped into the end zone to snag the TD pass.

* * *

Skip Miller and Gary Anderson each accounted for two TDs in the Holly rout with Gary Newcomb, Tom Sheffler and Gary Anderson each finding paydirt once.

**Holly was within striking distance at the half, 27-13, as Dave Young recovered a teammate's fumble in the end zone and Larry Bradsher crossed the opposing goal line for a six-pointer and PAT.**

* * *

Going into the final quarter the Broncos had fallen behind 40-13 but Bob Weichert managed another TD as time ran out.

Milford quarterback Miller completed six of eleven aerials for 164 yards. The Redskins also out-ran their hosts 310 to 208 and had double the number of first downs with 12.

LOSING SEASON

Meanwhile, on the Brighton grid, Clarenceville was keeping its perfect losing record intact with a final 0-8 standing.

* * *

Gary Armstrong and Mac Pearsall were defensive standouts for the winners.

**Gary Armstrong, Phil Stein and Bob Larabee each had a TD and coupled with four extra points kicked by Dennie Hartman completed the Brighton scoring list.**

Monroe Ashley caught a 13-yard pass in the second quarter and ran 6 yards late in the final period for the Trojan points.

Brighton improved its last year's record of 0-8 to a final 5-3 standing.

Gary Armstrong and Mac Pearsall were defensive standouts for the winners.

## Capac Bombs New Haven

## Thumb League Ends in 3-Way Tie

Capac blitzed New Haven's Rockets out of an unbeaten orbit 33-13 last night and into a three-way tie for the Southern Thumb Conference championship.

The Rockets had traveled to once-beaten Capac with hopes of wrapping up a perfect season and the outright crown.

Armada pulled away from Memphis in the second half to post a 21-6 win and gain a share of the championship along with Capac and New Haven.

**Brown City exploded for 21 points in the second period and went on to bury Dryden 46-20 in the other league game. Almost had already forfeited to Anchor Bay.**

Capac built a 13-0 halftime lead on touchdowns by Louie Berard (11 yards) and John Stanilowu (2 yards). New Haven scored on the first play of the second half when John Mack raced 51 yards on a dive play.

The Chieftains quickly went to work and put the game out of reach.

Berard capped a 70-yard march by breaking over from the one. A 25-yard Ken Kobayashi to Ken Adamski pass had put the ball on the one.

TO AERIAL

New Haven drove to the Chieftains' 35 only to fumble. On the first play Kobayashi hit Adamski with a 65-yard scoring pass.

**The teams traded TDs in the last period with Berard posting his third on a one yarder and Dwight Lee hitting over from the one for New Haven.**

Stanilolu ran two conversions and Berard one for Capac. Mack ran the Rockets' PAT.

Kobayashi wrecked New Haven with his passing, hitting 10 of 16 for 238 yards. Dick Bishop intercepted three passes for the winners while tackle John Thompson and guard John Ceranski played outstanding ball.

* * *

Armada's John Murnan took a 56-yard pass from Marv Thompson for a touchdown in the second quarter. Jerry Lynch caught a 20-yard scoring toss for Memphis and the teams left the field at the half with Armada ahead, 7-6.

**The Tigers scored once in each of the last two periods with Tom Gores racing 15 yards and Dean Killingbeck 46. Ray Schiuenis kicked three PAT.**

On learning that Capac had won, the happy Armada players tossed coach Ed Wuestenberg into the shower. "I'm so happy, I don't care," yelled the jubilant mentor as he was carried toward the locker room.

Dryden led Brown City 13-6 in the second quarter before the roof fell in on a 20-yard slant and a 10-yard pass from Tom Sterner and Dave Reynolds on a 58-yard aerial from Sterner. Greendin and Dennis Hilliker kicked PATs.

## Troy Pressed By Madison 11 in 'A' Game

### Avondale Gets Past Oak Park; Fitzgerald Handles Lake Orion

For the second straight week, Troy's Colts were hard-pressed to win for a second-division foe . . . and, for the second straight time, Coach Bob McElreath's squad emerged unscathed.

* * *

But, that's the mark of an unbeaten team, which is just how Troy ended its season. With its 8-0 mark, the Colts grabbed the Oakland A loop crown outright (6-0 in league play). Last season, Avondale tied Troy for the title.

**Troy tallied with less than three minutes left to pull the victory out, sophomore halfback Ken Holder taking a pitchout from quarterback Don Armstrong and traveling eight yards to paydirt. It was Holden's 10th touchdown in eight games.**

Madison had opened the scoring in the first quarter and held a 7-0 halftime lead. Armstrong's sneak narrowed the margin to 7-6 in the third period.

Clawson, which waited hopefully for a Troy loss, finished a game back in second place, and will end its season out-of-league today at Clintondale. Other Oakland A results last night saw Fitzgerald clinch third place with a 20-13 win over Lake Orion, and Avondale escape last place by edging Oak Park, 12-6.

* * *

John Stamplis scored two TDs on runs of 5 and 13 yards and added a pair of conversions in leading Fitzgerald's win. Gary Clevenger's 50-yard slant and a 62-yard aerial from Dave Hallmark to Dick Parker accounted for the Lake Orion scoring.

**Avondale scored its 12 points early in the contest and then settled back to play "back-and-forth" with Oak Park, which last week came close to upsetting champ Troy.**

Underclassmen starred for the Avon squad. Soph Roger Ball's 6-yard run opened the scoring after a 35-yard pass from soph quarterback Lynn Thorpe to junior end Don Close set up the TD.

SCORING PASS

Minutes later, Thorpe dropped back to pitch a scoring pass to Close covering 45 yards. The winners had another tally called back on a 25-yard Thorpe to Mike Ball pass) before halftime.

With four minutes left, Oak Park penetrated the foes' 30-yard line for the first time, winding up with six points on Lewis Jordan's one-yard plunge.

## N. Farmington Stopped 20-13 By Redford U.

Redford Union downed North Farmington yesterday, 20-13, giving the Farmington school, which does not have a senior class until 1963, a 5-3 overall mark with one tilt remaining.

Jim Acetilli ran back a kickoff 75 yards for the first N.F. score after the winners had taken a 13-0 lead in the second period. It was Acetilli's seventh TD of the season.

Bob Thomas' 1-yard sneak accounted for the other N. Farmington tally in the fourth quarter.

# Lapeer Youth Faces Exam in Traffic Death

Examination in Justice Court of a 20-year-old Lapeer youth charged with manslaughter in the traffic death of an elderly Lake Orion man is scheduled for Nov. 14.

* * *

Amos T. Wargo, 1987 N. Lapeer Road, pleaded innocent to the charge at his arraignment yesterday before Avon Township Justice Luther C. Green. Wargo was released on $2,000 bond.

**Wargo was the driver of a car that smashed head-on into a car driven by Clark N. Yost, 76, of 4445 Orion Road, the evening of Oct. 23.**

Yost died four days later at St. Joseph Mercy Hospital from injuries sustained in the accident.

* * *

Wargo is accused of swerving into the path of Yost's car after driving too fast around a curve on the Orion-Rochester Road in Goodison.

Wargo and two of his passengers were sentenced to 10 days in the county jail on charges of minors in possession of beer.

## 3.86 Million Voters Eligible in Michigan

LANSING (AP)—Michigan's registered voter count now is about 3,560,000, the elections division of the secretary of state's office estimated today.

Of these, the office said, about 3,510,000 live in voting machine precincts and 350,000 in paper ballot precincts. The increased use of voting machines should speed up the counting considerably on election day, the division said.

Reflections

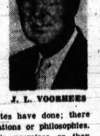

VOTE NOV. 6th

A ballot is both a weapon and the arms of freedom. To accept the emotion-packed arguments of the articulate man to perpetuate his tenure in office, whose record is one of individual gain can be one of the tragedies of our Republic. Our ballot is a decisive way to endorse or repudiate him.

We see what our local candidates have done; there is no question of their qualifications or philosophies. They have either fulfilled their promises or they haven't; we may accept or reject them. Our decision is final, to make in secret. Use that prerogative. Vote.

Special propositions on the ballot deserve careful consideration: proponents make claims that are loaded with emotionally colored assertions and we must discriminate, weigh each statement, pick out unsubstantiated ones and vote for or against what's left — that's the meat of the proposition, what we'll pay for.

The future of ourselves and of our children will be reflected in the results of the ballots we cast Nov. 6th. Make a wise decision and VOTE.

CHARLES R. LANDRIGAN

## Ex-Edison VP Dies in Detroit

### Bloomfield Township Resident Was 68

Executive Charles R. Landrigan, retired vice president of the Detroit Edison Co., died last night in Detroit's Harper Hospital after a short illness. He was 68.

* * *

Mr. Landrigan is survived by his wife, Lillian. He lived at 3820 Woodlake Drive, Bloomfield Township.

**Service will be at 10 a. m. Tuesday at St. Hugo of the Hills Church in Bloomfield Hills. Interment will be at Woodlawn Mausoleum, Detroit. A Rosary will be said at 8 p. m. Monday at Bell Chapel of the William R. Hamilton Co., Birmingham.**

Mr. Landrigan went to work for Detroit Edison in 1912 as a repair parts clerk. He later became chief clerk of power plants, served for a time in the construction department and ultimately joined the staff of the controller.

* * *

He was named assistant controller in 1932, became controller in 1940 and was elected vice president and controller in 1953. He became executive vice president in 1954.

**During his time with the firm, he saw Detroit Edison grow from a generating capacity of 50,000 kilowatts to four million kilowatts.**

He served with the U. S. Army Ordnance Corps in World War I and did combat duty in the battles of St. Mihiel and Meuse-Argonne.

* * *

During his years with Detroit Edison, he was widely active in civic and community affairs.

* * *

Instead of flowers, contributions are requested to the Boy's Club of Detroit.

# Text of Letter in Detroit Row

DETROIT (AP) — Here is the text of a letter involved in the "honest elections" controversy in Detroit:

"Dear Friend:

"The Detroit Election Bureau has been quoted as saying that an 'estimated 40,000 persons appear on voter registration rolls who no longer live in the city — an invitation to fraud.' We believe this to be a very conservative figure.

* * *

"It is our feeling that the figure could be considerably higher, possibly nearer 150,000. This will include names appearing on the registration rolls who are not living at the address as recorded in the registration book.

**"We have requested the Honest Ballot Association to make an investigation of our election rolls to insure our having a clean and honest election on Nov. 6, 1962.**

* * *

"It is our desire to see that no person votes in the forthcoming election who has not complied with the election law which reads as follows:

" 'Sec. 1. In all elections every inhabitant of this state being a citizen of the United States; . . . shall be an elector and entitled to vote; but no one shall be an elector and entitled to vote at any election, unless he or she shall be above the age of 21 years and has resided in this state 6 months, and in the city or township in which he or she offers to vote 30 days next preceding such election.'

**'IT IS YOUR DUTY'**

"If you know of any person who has moved or died or is otherwise not qualified to vote on Nov. 6, 1962, it is your duty to notify the election officials so that your vote is not canceled by a fraudulent vote.

**"We will be glad to perform this service for you if you furnish us with this information. Your name will not be used in reporting this to the proper election officials and all visits to our headquarters will be confidential.**

"In addition to the above, we will protect the right of any qualified registered person to vote without coercion or intimidation on the part of anyone.

"Sincerely, (signed) Walker L. Cisler, chairman,

"Committee for Honest Elections

"Executive committee: Walker L. Cisler; Rev. Robert F. Allen, S. T. L., Archdiocese of Detroit; John C. Dancy; Rt. Rev. Richard S. Emrich, Bishop, Episcopal Diocese of Michigan; Hon. Neal E. Fitzgerald; Rabbi Richard C. Hertz; Temple Beth El; Hon. Edward Piggins; Hon. Frank S. Szymanski."

### In Memoriam 2

IN LOVING MEMORY OF OUR brother and son, William Don Nicholson, who was killed in action in Hang-dang-Ni, Korea, Nov. 3, 1952.

We cannot forget you, our loved one so dear,
Your memory grows sweeter year after year;
You cannot return, so our tears are in vain,
But in heaven we're planning to meet you again.
Loved and missed very much by your mother, and family.

IN LOVING MEMORY OF MARIE H. Day who departed this life three years ago November 4, 1959.
Beautiful memories silently kept,
Of a wonderful mother we'll never forget.
—Sadly missed by her family.

IN MEMORY OF MY DEAR WIFE and mother Dena Ziegler, who passed away 13 years ago Nov. 4. God knows how much we miss her,
Never shall her memory fade,
Loving thoughs shall ever wander,
To the spot where she is laid.
—Sadly missed by Fred Ziegler and children.
