

# French Retreat in Indochina

Pontiac "Dream Car" to Be on Display in City

## Pontiac Police Chief Lists Department Promotions

Pontiac Police Chief Herbert W. Straley announced today the largest number of promotions made at one time in the history of the police department.

The promotions, the first under the department's competitive system, include 2 lieutenants, 11 sergeants and 5 detectives. Promotions and re-assignments of two lieutenants and a patrolman became effective today.

Straley said during a meeting with his top officials that the re-assignments resulted from a study of the department's system and man-placement since he took over as chief in 1951.

"We are not functioning at greatest efficiency yet," said Straley, "because of the haphazard systems of the past. I expect the department to swing on a stable system in the near future after I complete my study and correct many of the shortcomings."

Straley indicated more re-assignments will be made when his study is completed, but present re-assignments were to make room for new promotions, he added.

Elevated to lieutenants are Joseph Kosen, 39, and George T. Scott, 49, both named sergeants in the Traffic and Accident Bureau by former Police Chief Milton Cooney in 1951.

Previously in charge of safety campaigns, Kosen now replaces Lt. Davy Gilpin, 54, as head of the bureau. Lt. Gilpin, who once

WILL BE SEEN AT RETAIL STORE—The Bonneville Special, one of the two Pontiac "dream cars" which is on display at the Pontiac Retail Store starting today, gets an inspection from Robert M. Critchfield, vice president of General Motors

and general manager of Pontiac Motor Division and H. E. Crawford, general sales manager for the division. The car will be displayed at the store at Mount Clemens and Mill streets until July 7.

## Halt Peace Talks in Guatemala

Cease Fire Extended One Day; Rebel Leaders Fail to Agree

SAN SALVADOR, El Salvador (U-P) — Guatemala's rival anti-Communist chieftains haggled until nearly dawn today in a vain effort to agree on a peace settlement which would give their war-split land its fourth government in a week.

The peace talks between rebel Col. Carlos Castillo Armas and Col. Eliezer Monzon, head of Guatemala's new governing junta, broke up at 3:35 a.m. Castillo Armas announced he was returning to his rebel headquarters at Chiquimula.

In a statement issued to newsmen, both leaders said they were extending until 9 a.m. tomorrow the cease-fire in effect between the rebels and the Guatemalan army.

El Salvador's President Oscar Osorio, acting as mediator, voiced optimism that a settlement could be reached.

But real peace seemed remote as Monzon's junta rushed troops to Communist strong points in Guatemala where vengeful Red leaders were reported trying to foment peasant uprisings. Red-inclined farm workers were said to be inciting revolt in Escuintla, Pinula and Concepcion, hotbeds of communism about 30 miles from Guatemala City.

Monzon declined to say whether he was returning to the Guatemalan capital, but it was believed generally he would.

The joint statement said the cease-fire had been extended in order to give both parties time to consider and study various proposals to reach an accord.

## 55 Are Known Dead

## Death Toll on Rio Grande May Reach Disaster Level

EAGLE PASS, Tex. (AP) — At least 55 persons are dead in the Rio Grande's most devastating flood in history, but the death toll might rise to disaster proportions today.

Across the river from here, at miserable Piedras Negras, Mexico, it was feared hundreds may have died in the collapsed adobe huts of the poor.

## Pleasant Weather to Remain Friday

Pleasant June weather will carry over into Friday, according to the U. S. Weather Bureau. Temperatures are expected to range from a low of 62 to 64 tonight to a high of 83 to 87 on Friday.

Thursday's high of 90 was reached in the late afternoon, sliding to 65 during the night.

Downtown temperature at 8 a.m. today was 72 rising to 80 at 10 a.m. rising to 83 at 1 p.m.

## Magsaysay to Rest

MANILA (U-P) — President Ramon Magsaysay left last night for a rest at an undisclosed retreat on orders of his personal physician.

## Hope for Income Tax Cuts Dead for This Session

WASHINGTON (U-P) — Any chance for a general income tax cut in the big tax revision bill appeared dead today after rival Democratic and Republican proposals were beaten in a crossfire of political maneuvering in the Senate.

And in the House, the politically potent farm price support issue headed for a payoff vote as farm bloc leaders predicted defeat for President Eisenhower's flexible program.

Senate passage of the tax bill may come late today after numerous minor amendments have been considered. The measure then will go to conference with the House which has already approved the bill in somewhat different form.

The principal fight yesterday centered on a proposal of Sen. George (D-Ga.) to write a \$2,400,000 annual income tax cut into the bill by raising personal exemptions \$100.

Several Republican senators had indicated they might go along with this. Sen. Millikin (R-Colo.), floor manager for the measure, called a secret caucus of all GOP senators and came up with a substitute tax plan for a 900-million-dollar annual reduction.

This would have given each taxpayer a \$20 annual cut—\$40 for a man and wife—provided they did not use certain benefits included in the revision bill.

The Republican proposal came up first as a substitute for the George plan and went down on a 49-46 vote, with all 47 Democrats opposed along with Sen. Morse (Ind-Ore) and Sen. Langer (R-Id.).

The 46 "ayes" were all from Republicans. The Democrats had to defeat the substitute in order to get a chance to vote on their own amendment.

But then the George amendment itself was beaten on an identical tally, 49-46. This time four Democrats, Byrd, Va., Holland, Fla., Edwin C. Johnson, Colo., and Robertson, Va., voted "no."

At least 15,000 were homeless and some 7,000 refugees huddled in the hills of Coahuila with no shelter, no food and no water. About 80 per cent of the homes in the city of 35,000 were flooded. Half of those were destroyed as the adobe brick crumbled in the flood.

"From what I hear, there may be anywhere from 200 to 500 dead," said H. G. Walker, U. S. Public Health Service official here to help in rescue and rehabilitation.

Although no dead were reported at Laredo, Associated Press reporter Dave Cheavens said there was

## House Nears Showdown Vote on Farm Support Program Today

## City's Factories, Stores to Stay Closed Monday

Pontiac stores, businesses, factories, banks and government offices will stay closed Monday in observance of Independence Day.

The nation's birthday falls on Sunday this year, and Monday will be a legal holiday.

Pontiac factories will close Friday and reopen Tuesday. Oakland County Courthouse and Office Building will be closed from 8 p.m. Friday until 8:30 a.m. Tuesday. Federal offices will be closed Monday.

Pontiac High School will give its summer school students a three-day holiday, but call them in for classes July 10, to make up Monday's work. Webster School will close down Monday, but Eastern Junior High School's summer students will attend classes Monday.

Pontiac City Hall, Community National and Pontiac State banks, and Michigan Secretary of State's office will be open until noon Saturday but stay closed all day Sunday and Monday. Pontiac City Library will be closed Sunday and Monday.

The U. S. Post Office said it will be closed Sunday and Monday, with no regular door-to-door mail deliveries either day. Parcel post and perishable packages will be delivered, however.

## Man Drowns in White Lake

Skin Diver Loses Life When Mask Dislodges in 8 Feet of Water

A Detroit skin diver drowned in White Lake yesterday afternoon when his face mask apparently became dislodged while he was swimming in about eight feet of water.

Other bathers pulled LeRoy Behring, 33, to the beach and White Lake Township Fire Department driver LeRoy Schwinck applied a resuscitator unsuccessfully for more than an hour.

About 30 persons on the beach saw Behring enter the water and John Daniels, a visitor from Johnson City, Tenn., said he went looking for him when bubbles from his aqua-lung stopped coming to the surface.

Other witnesses said Behring's wife, Jane, of 10003 Arnold St., asked her husband not to enter the water shortly before the mishap.

Daniels and another swimmer recovered Behring's body and told Oakland County Deputy Sheriff Thomas Brimhall that the dead man was in a sitting position.

Brimhall said Behring might possibly have saved himself by unfastening a lead belt strapped to his waist. Deputy coroner Dr. Isaac C. Frevette pronounced Behring dead by drowning 80 minutes after he was pulled from the lake.

His body was taken to Richardson-Bird Funeral Home in Milford where funeral arrangements are being completed.

## Wins on Ballot Recount

PORT HURON (U-P) — Mrs. Alma Haynes won re-election to the Port Huron School Board Wednesday night on the basis of a recount of balloting in the June 14 election.

## Leave Big Part of Delta to Reds Without Fight

MAY MAKE LAST STAND NEAR SEAPORT; VIETMINH MOVING IN

SINGAPORE (A.P.) — Much of the Red River Delta, key prize in the bitter Indochina war, was falling into the hands of the Communist-led Vietminh tonight without a fight.

French Union forces were evacuating swiftly from their hard-to-hold centers in the Delta area. The end to the savage 8-year-old struggle appeared to be not far off.

The French Union forces were generally withdrawing to their last lifeline—the railway and highway linking the war capital of Hanoi with the seaport of Haiphong, 64 miles to the east.

An Indochina Dunkerque may come soon at the end of this road — "The most dangerous road in the world," Haiphong is France's last beachhead in northern Viet Nam. It is from there that they will have to make the attempt to evacuate tens of thousands of troops, whether as a result of a cease fire or after fighting their way through from Hanoi.

The French today announced they were pulling out of such important and heavily populated centers as Phat Diem, Thai Binh, Nam Dinh, and Ninh Binh, all within 55 to 75 miles south and southeast of Hanoi.

That automatically meant an area embracing thousands of villages peopled by round four million Vietnamese were dropping into the hands of the troops of Vietminh Gen. Vo Nguyen Giap.

It also meant that while these millions were being abandoned to communism, the French soon would be shakily controlling only the lifeline between Hanoi and Haiphong and a strip of territory in the northeastern Indochina including the town of Moncy on the Chinese border.

That too, however, may soon be given up as the French concentrate all their defensive power in the do-or-die sector between Hanoi and Haiphong.

Barring a cease fire, the Vietminh are expected quickly to hit

(Continued on Page 2, Col. 2)

## Close Some Options on Big Land Deal

Options on approximately 4,700 acres of some 7,000 acres of land under option in Macomb County for an undisclosed purchaser are being closed by Roy Annett, Inc., realtor. Options on the remainder of the land extend to later dates this month.

Closing of the options, verified today by Bruce Annett, is indication that the big land deal will be consummated. No announcement of the purchaser or use to which the approximately six square miles of land will be put has been made. The property is bounded on the south by Mack Road in Macomb County and on the west by Dequindre, the Oakland-Macomb line.

Willie Keith Falls in Love, Finds Himself in the Navy

# 'The Caine Mutiny'... Herman Wouk's Prize Novel

## CHAPTER I

He was of medium height, somewhat chubby, and good looking, with curly red hair and an innocent, gay face, more remarkable for a humorous air about the eyes and large mouth than for any strength of chin or nobility of poise.

He had graduated from Princeton in 1941 with high marks in all subjects except mathematics and sciences. His academic specialty had been comparative literature.

But his real career at Princeton had consisted of playing the piano and inventing bright little songs for parties and shows.

He kissed his mother good-bye on the sidewalk near the corner of Broadway and 116th Street in New York City, on a cold sunny morning in December, 1942. The family Cadillac was parked beside them, its motor running, but maintaining a well-bred silence. Around them stood the dingy grey-and-red buildings of Columbia University.

"Don't you think," said Mrs. Keith, smiling bravely, "that we might stop in that drug store first and have a sandwich?"

She had driven her son to the midshipman school from their home in Manhasset, despite Willie's protests.

Willie had wanted to take the train. It would have seemed more like departing for the wars; he did not like being escorted to the gates of the Navy by his mother. But Mrs. Keith had prevailed as usual.

"The Navy'll feed me, Mom. Don't worry."

He kissed her for the second time and glanced nervously about, hoping no military men were observing the overtender scene. Mrs. Keith pressed his shoulder lovingly.

"I know you'll do wonderfully, Willie. Just as you always have."

"Aye, aye, Mother." Willie strode along the brick walk past the School of Journalism, and down a few steps to the entrance of Furnald Hall, formerly a dormitory for law students. A grizzled, pudgy Navy chief with four red service stripes on his blue coat stood in the doorway. Mimeographed papers in his hand flapped in the breeze. Willie wondered whether to salute, and swiftly decided that the gesture did not go well with a brown raglan coat and green pork-pie hat. He had completely forgotten his mother.

The chief opened the door invitingly. Willis Seward Keith stepped out of the sunshine across the threshold. It was done as easily and noiselessly as Alice's stepping through the looking glass; and like Alice, Willie Keith passed into a new and exceedingly strange world.

With 40 other upright pink animals he was herded into a large examination room. His lungs, liver, heart, eyes, ears, all the apparatus he had been using since birth, were investigated by hard-eyed pharmacists' mates, who prodded and poked him like suspicious women about to buy a turkey in the market.

Next the Navy now dressed him in blue jumper and trousers, black shoes, black socks, and a perky sailor hat, marked with the special blue stripe of a midshipman. Then it filled his arms with books, of all shapes, colors, sizes, and degrees of wear, and told his room was on the top floor of the dormitory.

When Willie reached the top floor, he walked down the hall, scanning the names posted outside each room, and found a door labeled:

Room 1013. Keefer, Keith, Keggs

He went in, and dropped the books on the bare springs of a cot. He heard the twang of springs again directly behind him.

"My name's Keggs," said the horse face, poking an arm toward him. Willie shook the hand, which enveloped his in a big moist grip.

"I'm Keith."

"Well," said Keggs mournfully, "looks like we're roommates."

"This is it," said Willie.

A heap of books entered the door, walking on stout legs. "Make way, gentlemen, heah Ah come," spoke a muffled voice. The books fell and bounced all over the remaining cot, unveiling a tall, fat sailor with a cheery flushed face, small crinkling eyes and a very large loose mouth. "Well, fellas, looks like we're in for a lot of Shinola, don't it?" he said, in a high, musical Southern cadence. "Ah'm Keefer."

"I'm Keith."

"Keggs."

The fat Southerner shoved a number of his books off the cot to the floor, and stretched himself out on the springs. "Ah had me a farewell party last night," he groaned, inserting a happy giggle into the groan, "to end all farewell parties. Why do we do it to ourselves, fellas? 'Scuse me." He rolled his face to the wall.

"You're not going to sleep!" Keggs said. "Suppose they catch you?"

"My boy," said Keefer drowsily, "Ah am an old military man. Four years at Gaylord Academy. Don't worry about of Keefer. Punch me if Ah snore." Within a minute he was sleeping like a hog in the sun.

"He'll get bilged, sure," mourned Keggs, turning the pages of Naval-Ordinance. "So will I. This book is absolute gibberish to me. What on earth is a cam? What do they mean by an interrupted screw?"

"Search me. What do you mean, 'bilged'?"

"Don't you know how they work it? We get three weeks as apprentice seamen. Then the top two thirds of the class become midshipmen. The rest get bilged. Straight to the Army."

The fugitives exchanged an understanding look. Willie's hand crept around to his back, to ascertain how hollow his hollow back really was. He began a series of frenzied efforts to touch his toes. At every bend he came nearer. He broke out in a sweat. Once he thought the tips of his fingers brushed his shoelaces, and he gurgled in triumph. With a swoop and a groan he brought his fingers squarely on his toes.

Coming erect again, his spine vibrating, the room spinning, he found that Keefer, rolled over and awake, was staring at him with frightened little eyes. Keggs had backed into a corner. Willie attempted a light-hearted laugh, but he staggered at the same moment and had to clutch the desk to keep from

(Continued on Page 20, Col. 1)

# Birmingham Forester Says Dutch Elm Disease Cases Total 25 for This Summer

BIRMINGHAM — One case of Dutch Elm disease, the incurable tree-killer, had been reported here last week, the first case of the summer.

Today the city can count 25 cases—only on less than the total number found all last summer.

City Forester William Lebold said the new cases were found after samples of under 30 trees were tested at laboratories at Michigan State College. About 25 samples are yet to be heard from, and he said the majority of these are strong suspects.

Main trouble spot in Birmingham is the area east of Woodward, but Lebold reported two new areas where the disease has taken hold. One case was discovered on Fairfax near Raynolds, another on Lake Park near Redding.

Lebold urged residents living within a quarter mile radius of these trees to have their own trees sprayed during July. All elms east of Woodward should be sprayed this month, he said, particularly if they weren't in April.

Since rates are necessarily higher if only one or two trees are sprayed, Lebold suggested that neighbors band together in hiring a firm to do the job.

Another precaution is keeping all cut or dead elm wood picked up and burned, since that is where the disease-carrying bark beetles breed and feed. Beetles bore through the tree bark, spreading the disease through the sap stream.

Birmingham Police Department has received two traffic honors for 1953. It was announced recently.

Police Chief Ralph W. Moxley was notified that the city has been given an honorable mention in the 10,000 to 25,000 population group in the International Assn. of Chiefs of Police Traffic Law Enforcement Award competition.

An honorable mention for pedestrian protection was awarded the department by the American Automobile Assn.

Other awards won in recent years include second place in the 1951 National Traffic Safety contest with an honorable mention in 1952. Also in 1952, the department received a commendation from the AAA for outstanding recognition of no pedestrian deaths.

Camp Nissokone was the destination of 32 Birmingham-area boys who boarded the YMCA bus today. This is the 39th season for the camp which is on the shores of Lake Van Etten near Oscoda.

Activities for the campers will include boating, overnight trips, nature lore, camp-outs, crafts, dramatics, riflery, sailing and fishing. The trip home will be made July 29.

In other Y doings, games in the softball league will be played at 6:40 tonight. Electronics Service will play Detroit Edison at Pierce Field, with Albans and Sam Reeves Service at Pembroke Park.

Albans leads the league with two wins and one loss. In the

## Let School Contracts at Bloomfield Hills

BLOOMFIELD HILLS — After previously cutting \$140,000 from bids received for the new \$1,500,000 high school, the Board of Education last night awarded contracts totalling \$1,329,242.

For the general contract, board members accepted the low bid of \$305,990 from Lerner-Linden Construction Co., of Royal Oak.

Construction will start almost immediately, Supt. of Schools Eugene L. Johnson said. He added that the move into the high school will be made in September 1955, even though the building may not be entirely completed by then.

## Birmingham Man Gets State Guard Assignment

BIRMINGHAM—William J. Fuller, of 623 Bird St., was one of twelve new Michigan National Guard officers appointed yesterday.

Fuller was appointed a second lieutenant.

headed the vice bureau, has been re-assigned to his former post. Cooney transferred Gilpin to traffic in 1950.

Scott, a member of the department for 18 years, is taking over a police platoon, previously headed by Lt. Ira E. Herron, 63, now re-assigned to the juvenile bureau.

Sergeant promotions went to Detectives John A. DePauw, Allen D. Noble, John I. Williams, Raymond E. Meggitt, James L. Carr and William K. Hanger.

New platoon sergeants are Lawrence E. LaBair, and twin brothers, Ted C. and Fred L. Goines, promoted from patrolmen.

A resident of Detroit and this area for the past 45 years, Mrs. Guest died yesterday after a long illness. She was the widow of John S. Guest. Surviving is her son, Russell S.

## Pontiac Deaths

### Mrs. Adam Becker

After a prolonged illness, Mrs. Adam (Edna M.) Becker, 55, of 137 W. New York Ave. died in Pontiac General Hospital at noon Thursday.

Born in Mayville June 18, 1899, she was the daughter of Mayland and Jane Coleman Parkin. She married Mr. Becker in Tuscola County Feb. 2, 1917 and came to Pontiac from Detroit 26 years ago.

Besides her husband and father who resides in Rochester, she is survived by a daughter, Mrs. Edna Day of Pontiac; three sisters and two brothers, Mrs. Everett Griffin of Ulica, Mrs. Ernest Woodbury and Mrs. George Bass of Pontiac, Claude and Ray Parkin of Rochester.

Funeral will be Saturday at 1:30 p.m. from the Hulton Funeral Home. Dr. Milton Bank, pastor of Central Methodist Church, will officiate and burial will follow in Perry Mount Park Cemetery.

### Henry M. Foss

Funeral service for Henry M. Foss, 57, of the Roosevelt Hotel, will be 11 a.m. Saturday from the Manley Bailey Funeral Home, Birmingham, with burial in White Chapel Memorial Cemetery.

A chemist with Pontiac Motors Division, he died Wednesday. Surviving are a daughter, Mrs. Leo M. Rutten, of Birmingham, and a brother, Clarence M. of Traverse City.

### Auburn D. Rager

Auburn D. Rager, 70, of 64½ Park St. died in Pontiac General Hospital at 12:45 p.m. Wednesday. Born in Diamondale Aug. 13, 1883, he was the son of Jacob and Mary Disbrow Rager. He married Lena Leakey Dec. 10, 1923 in Los Angeles, Calif. coming to Pontiac in 1945 from Louisville, Ky. He was a carpenter by trade.

Mr. Rager was a member of St. Vincent de Paul Catholic Church, Knights of Columbus, Holy Name Society and the Third Order of St. Francis.

Besides his widow he is survived by a son, A. David of Pontiac; two brothers, Ralph and Floyd. Rosary service will be at 8:30 p.m. Friday in the Melvin A. Schutt Funeral Home. Funeral will be Saturday at 9:30 a.m. in St. Vincent de Paul Church with burial in Mount Hope Cemetery.

## French, Retreating in Indochina Delta

(Continued From Page One)

the lifeline with a massive human sea attack that could crush the French Union forces.

Whether the Delta then is swept by monsoon rains will make little difference.

The Vietnam usually have staged their heaviest attacks during rainstorms because they immobilize French armor and warplanes.

There is also danger of a possible civil uprising as the Vietnam sweep into thousands of the approximately 5,500 villages where seven million Vietnamese live.

Throughout the war the sympathies of these Vietnamese rice-growers have been with the troops of Moscow-trained Ho Chi Minh and not with the French or the budding Vietnamese national army.

For weeks since the Vietnam smashed the French fortress of Dien Bien Phu on May 6 thousands of Vietnamese in Hanoi and elsewhere in northern Indochina have been almost chanting "Long live Ho Chi Minh." To these people the fall of Dien-Bien-Phu meant the French could not last much longer.

Frenchmen in the Delta rarely have demonstrated any patriotic streak. They have been interested only in having enough rice to eat.

They have never liked the French, who have fought to protect the fledgling nation of Vietnam from the sweep of communism. They have not feared Ho and communism because they have never experienced it.

## Man Appeals Conviction

BIRMINGHAM — Found guilty when he appeared before Justice John J. Gaffl yesterday on a charge of driving under the influence of liquor, William J. Evans, 41, of Royal Oak decided to appeal his case to Oakland County Circuit Court.

## James Vernor Dies at Age 78

Bloomfield Man Headed Ginger Ale Company Since 1927

BLOOMFIELD HILLS — James Vernor Sr., president of the Vernor Manufacturing and Bottling Co., ginger ale firm, died here yesterday at his home after a long illness.

The 78-year-old Vernor was the son of the founder of the soft drink company, which he had headed since 1927.

A native Detroit, Mr. Vernor joined his father in the ginger ale business in 1896. He quit high school to make the move.

Rising to the post of vice president, he became president when his father died.

The Vernor plant, a landmark on the Detroit River for many years, was recently demolished to make way for the expanding civic center. He lived to see a new plant rise at 4501 Woodward, one of the most modern and complete in the country.

Mr. Vernor served as president of the Automobile Club of Michigan in 1941 and 1942. In 1919 he helped organize and became president of the American Bottlers and Carbonated Beverages Assn.

He maintained a 178-acre farm at 4805 N. Harsdale, Bloomfield Hills, and a large estate near Lapeer called Arcadia Farms.

Surviving are his widow, Mrs. Emma F. Vernor; his son, James Vernor III; a sister, Mrs. T. Y. Leonard, of Grosse Ile, and two grandchildren, James IV and Grayce Shannon Vernor.

Mr. Vernor will lie in state at the Bell Chapel of the William R. Hamilton Co., Birmingham, until noon tomorrow. Funeral service will be held at 2:30 p.m. at Christ Church Cranbrook with burial in Woodlawn Cemetery, Detroit.

The family has requested that memorial tributes be made to the cancer fund.

Mexico's population increased 75 per cent between 1920 and 1950 says a United Nations report.

He voiced hope that the department's personnel will reach 140 by Jan. 1, 1955. The present number of policemen is 108 with 12 civilians employed in various bureaus.

The police department hired 12 new men last April, boosting the department to its present strength. Straley said the new recruits enable the department to make the present promotions.

55 Are Known Dead in Rio Grande Flood

(Continued From Page One)

no water, no power and a shortage of medical supplies at Nuevo Laredo. There, too, homeless refugees huddled in the hills where the Pan-American Highway points southward.

Laredo, a city of nearly 60,000, was isolated nearly all day yesterday, but late in the day limited traffic was allowed out of the city over a state highway covered by two feet of water.

The Red Cross began giving typhoid injections to an estimated 5,000 persons at Laredo. They were from the 1,200 families forced from their homes by the floodwaters.

In 1953, tractor accidents killed 45 Minnesota farmers and injured 2,000.

## James Vernor Dies at Age 78

Bloomfield Man Headed Ginger Ale Company Since 1927

BLOOMFIELD HILLS — James Vernor Sr., president of the Vernor Manufacturing and Bottling Co., ginger ale firm, died here yesterday at his home after a long illness.

The 78-year-old Vernor was the son of the founder of the soft drink company, which he had headed since 1927.

A native Detroit, Mr. Vernor joined his father in the ginger ale business in 1896. He quit high school to make the move.

Rising to the post of vice president, he became president when his father died.

The Vernor plant, a landmark on the Detroit River for many years, was recently demolished to make way for the expanding civic center. He lived to see a new plant rise at 4501 Woodward, one of the most modern and complete in the country.

Mr. Vernor served as president of the Automobile Club of Michigan in 1941 and 1942. In 1919 he helped organize and became president of the American Bottlers and Carbonated Beverages Assn.

He maintained a 178-acre farm at 4805 N. Harsdale, Bloomfield Hills, and a large estate near Lapeer called Arcadia Farms.

Surviving are his widow, Mrs. Emma F. Vernor; his son, James Vernor III; a sister, Mrs. T. Y. Leonard, of Grosse Ile, and two grandchildren, James IV and Grayce Shannon Vernor.

Mr. Vernor will lie in state at the Bell Chapel of the William R. Hamilton Co., Birmingham, until noon tomorrow. Funeral service will be held at 2:30 p.m. at Christ Church Cranbrook with burial in Woodlawn Cemetery, Detroit.

The family has requested that memorial tributes be made to the cancer fund.

Mexico's population increased 75 per cent between 1920 and 1950 says a United Nations report.

He voiced hope that the department's personnel will reach 140 by Jan. 1, 1955. The present number of policemen is 108 with 12 civilians employed in various bureaus.

The police department hired 12 new men last April, boosting the department to its present strength. Straley said the new recruits enable the department to make the present promotions.

55 Are Known Dead in Rio Grande Flood

(Continued From Page One)

no water, no power and a shortage of medical supplies at Nuevo Laredo. There, too, homeless refugees huddled in the hills where the Pan-American Highway points southward.

Laredo, a city of nearly 60,000, was isolated nearly all day yesterday, but late in the day limited traffic was allowed out of the city over a state highway covered by two feet of water.

The Red Cross began giving typhoid injections to an estimated 5,000 persons at Laredo. They were from the 1,200 families forced from their homes by the floodwaters.

In 1953, tractor accidents killed 45 Minnesota farmers and injured 2,000.

REPEAT SALE — same low price! — More of these super-air values than ever! Thrilled hundreds of thrifty style-wise shoppers just 2 weeks ago.

JAMES VERNOR SR.

## Cut in Income Tax Dead This Session

(Continued From Page One)

cause they said the federal pocket-book couldn't stand the revenue loss. Joining George supporters were two Republicans, Langer and Young, ND., and Morse.

One part of the Republican substitute called for halving the effect of a relief provision for stockholders on their dividend income, and this was partly adopted during the parliamentary tangle yesterday.

As passed by the House, the provision would exempt from tax the first \$50 of dividend income and permit the taxpayer to deduct from his tax 5 per cent of dividend income above \$50 in the first year of the bill. In the second year and thereafter, the exclusion would increase to \$100 and the deduction to 10 per cent.

The Milliken amendment knocked out the second step and would leave the benefit permanently at the \$50 exclusion—5 per cent deduction scale.

As for the farm question, House leaders were confident they could muster the votes to push through a one-year extension of present 90 per cent of party supports on five basic crops.

The administration wants this rigid high program to expire on schedule at the end of this year. It then proposes to put the crops—corn, cotton, wheat, rice and pea-

nuts—under flexible supports ranging from 75 to 90 per cent of parity.

GOP House leaders came up with a list-ditch compromise which would prevent the support level under the administration plan from dropping below 82½ per cent next year.

Farm bloc leaders refused to support it and the issue was expected to be decided in a show-down vote this afternoon.

Administration hopes were jolted Wednesday night by the decision of a group of New York City Democrats to vote with the farm bloc. GOP leaders said frankly they needed city votes to win.

The decision of the New York Democrats brought a blunt warning from House GOP Leader Charles Halleck (Ind.) that city Democrats who vote "against their constituents" will have to "answer for it in the election campaign."

# MAKE OVER PAGES

THE PONTIAC PRESS, THURSDAY, JULY 1, 1954

## Simple Invention to Aid Plane Landings

JACKSONVILLE, Fla. (UP)—An aviation ordnance chief at the U. S. Naval Air Station here has come up with a simple invention which will save precious time and

possibly lives in landing planes on carriers.

Lars J. Nolan invented a hand-tooled metal piece to replace the wooden blocks which ordinarily hold open the breech blocks of 20-millimeter aircraft cannon.

As planes land aboard a carrier, ordnance men scramble to disarm it of its unused 20-mm shells. Valuable time is spent on the job while other aircraft circle, using up fuel. Often, handling of live ammunition results in casualties and destruction.

Navy officials say Chief Nolan's invention will cut time and lessen the chance of accidents.

Bacteria in suspended animation which have been found imbedded deep in the mud of the ocean floor may be the world's oldest living things, scientists say.

**ROUGH NAVIGATING**—But it shouldn't be in the future. Timothy Vukarat, 2, was crippled shortly after birth by a hip bone infection. At one month he was placed in a waist-down cast. Now he must scoot around a children's hospital in Milwaukee, Wis., on a casted plywood board. The cast holds his legs spread so proper growth will take place. Doctors say he has an even chance to gain complete use of his legs.

## Japan Gets New Market for Tea in North Africa

TOKYO (UP)—Japan, one of the world's largest tea producers, failed to regain its pre-war customers in the United States and Canada but has found a rich export market in Africa.

Japan now sells to the United States and Canada only 14.6 per cent of the tea leaves those countries bought before World War II. But Africa, particularly the northern part, is emerging as one of Japan's most important customers.

Although growing some black tea, Japan drinks and produces mostly green tea. North Africans also like the light amber green variety that almost takes the place of water in this country.

Japanese tea gardens, nearly ruined because of abandonment during the Pacific war, now are raising 124,000,000 pounds of green tea, 90 per cent of the pre-war peak. About 16 per cent—21,600,000 pounds—now is sold overseas.

But green tea exports are 60 per cent below the record output of 1947, although 1953 exports increased 32 per cent over the previous year.

Although most Japanese snub black tea, they have found it a valuable overseas item. Japan sold 1,110,361 pounds of black tea to foreign buyers last year but none the year before.

## Volunteer Fireman Gets Report, Trouble Starts

LEALMAN, Fla. (UP)—Troubles don't come singly to the volunteer fire department here.

Recently, dispatcher Howard Weeks received a report of a spreading grass fire. He sounded the siren. It wouldn't wait.

Weeks manned the fire truck alone and sped to the address given. No fire.

Ten blocks away he found the fire. In his haste, he backed the fire truck into a new automobile parked at the curb.

To make the day complete, Weeks found that another member of the fire department, Ben Highnote, had started the fire to clear off some grassland. He and Highnote finally got it out.

## Scientists Find 'Formosa Man'

Believe Skeleton May Add to History; Bones Still Intact

TAIPEH (UP)—Chinese anthropologists have unearthed a well-preserved pre-historic skeleton in Formosa which they feel will shed valuable light on mankind's evolution and migrations.

Found during the excavation of a shell mound, the skeleton has been unofficially dated during the time when Formosa was the bridge between mainland China and the lands which are now islands in the waters of southeastern Asia.

Prof. Li Chi-chih, of the National Taiwan University, said the discovery of the "Formosa Man" may make possible the solving of the missing links between modern Asian civilization and the ancestral pre-historic times on the mainland. He claims that the discovery may prove to be one of the most valuable of modern times.

The bones constitute a complete skeleton except for a few minor

parts. The cranium was shattered but the pieces have been put together.

A complete upper and lower jaw with seven teeth still attached was found in excellent condition. From the collarbone down to the knees everything was complete except for some broken finger bones.

It worked through four layers of excavation before coming upon the skeleton. Under the final shell layer, some 210 centimeters down, he found the "man" where he had been killed or buried thousands of years ago.

Chinese anthropological experts long have maintained that the islands of Japan, southeastern Asia and the areas stretching possibly into the South Seas originally migrated from the Chinese mainland across the "Formosa Bridge."

They are opposed to the "Kontiki school" which claims the South Seas Islanders came from the coast of South America on rafts.

For this reason the discovery of the skeleton here is considered top-level evidence. They hope to compare it with anthropological specimens found throughout the islands and prove a definite pattern of migration.

They hope to shed revealing light on the age old mystery of Polynesia and where the dusky islanders actually came from.

### Optimists and Opti-Mrs. Hold Joint Installation

A joint installation of the Pontiac Optimist Club and the Opti-Mrs. Club was held at Old Mill Tavern Saturday evening with 70 attending.

Dr. John C. Young, dean of Great Lakes College conducted the installation of officers.

Charles Manz was master of ceremonies. Three new members were inducted by Robert Zimmerman, Burt Burt, William O'Riley, Homer Shingledacker were the new members.

New president of the Optimists is Everett Garrison, and Mrs. Irving Gillies will head the Opti-Mrs. Club.

Gifts were presented to the retiring presidents, Dr. H. A. Miller and Mrs. C. M. Shelton.

Corsages of carnations were presented to the ladies. Special guests were Mr. and Mrs. Fred Knudsen of Seattle, Wash. Also guests were Mr. and Mrs. W. A. Englehart Jr., Mr. and Mrs. Frank McNichols of Detroit and Mr. and Mrs. Richard Smith.

The name of Addis Ababa, capital of Ethiopia, means "new flower" and the city is famous for its many varieties of flowers.

ZVART AVAKIAN

The engagement of their daughter, Zvart Avakian to George Melodiosian, is being announced by the George Avakians of Melvindale. He is the son of Mr. and Mrs. Leon Melodiosian of South Anderson street.

### Picnic Reunion Held

The fourth annual Hubbard-Wade reunion was held Sunday at Avon Park, Rochester. A potluck dinner was enjoyed by 47; last year's officers were re-elected by the group.

### Fergusons Feted by Friends on Anniversary

Mr. and Mrs. James Householder of North Genesee avenue held open house Sunday in honor of the Fredrick Fergusons of Henry Clay avenue, who were celebrating their 25th wedding anniversary.

The Householders were assisted by the Karl Beyers. A buffet style luncheon was served from a table centered with an arrangement of red and white roses and carnations and blue delphinium.

Mr. and Mrs. Henry Landis, Mr. and Mrs. John Landis, the Donald Barkers, the Loren Flynn, the Frank Brooks and the Orville Kobbs were guests.

Others were Mr. and Mrs. Seymour Voorheis, John Voorheis, Mr. and Mrs. Larry Weese and Ruth Britten.

The guests were from Romeo, Orionville, Flint, Detroit and Port Huron.

### Catch Pie Runover

Place an old baking pan or cookie sheet under casseroles or fruit pies which are likely to bubble over during baking. It makes oven cleaning easier.

Lovely lion cotton  
in eight dashing  
summer shades,  
and black.  
\$15.95

## Cheer Up, Men! Garments Now Lighter Weight

Biggest news in men's sportswear for summer will be a trend toward lighter weight garments. Resort centers, traditionally the pace setters for men's leisure wear, reported greater demand than ever for casual clothes which are top fashion but easy to get around in.

Denim, madras, poplin, terry, chambray, jersey and gingham are all tops for men's wear best cotton season.

These cool, colorful cottons are making fashion news in slacks, jackets, beach ensembles, shirts, shorts, caps, robes, pajamas and raincoats.

Pattern is becoming less important this season than texture and color. The last word in color is black.

Although bright colors continue to take the play, the black motif is seen in many combinations, adding a slightly formal note to the summer scene.

## Rustic Hat Hanger Handy

Many times you need something out on a porch, at the lake cabin, or in a camp to hang wraps on.

That is the interesting part of summer, one day it will be very hot, then in a few days it often turns cool, so wraps must be kept handy.

This rustic coat and hat hanger may come in very handy for you and your family.

You will need a small dead tree for your hanger, or perhaps dad has done some trimming on the trees in your yard and you can use one of the branches which he has removed.

Do not just take a limb of a good tree. You can peel your hanger or leave the bark on. Suit yourself.

It can be hung in two ways. You can tie a piece of rope around the limb very tightly and hang it in a corner, or bore a hole through the limb, near the top, then run a piece of rope or railroad through the hole for a hanger. Save these rustic tricks in a camping notebook.

These hanging coat racks will be liked by anyone who has the job of cleaning, for they will be off the floor, yet handy to use, always ready in the corner.

Tomorrow: A paper plate picnic tri-plate.

## 'Her' Family Frightens Boy Friend

But Girl Can Work It So Chap Finds It Easy to Meet 'em

By ELIZABETH WOODWARD  
Many a boy considers his girl's family a necessary part of her picture—but not of his. He'd rather just stop by for her, grab her by the hand, and head for neutral territory than stick around to gab with her folks.

To such boys her parents are scary people. What under the sun is a guy to say to them? They look him over, think all sorts of things, size him up and make him feel self-conscious. A guy gets nervous—even under a friendly third degree.

Besides, his business is with the girl. They talk their own language, make sense to each other, find their fun in doing the same things. Her relatives are beside the point. He doesn't inflict his on her.

That's the way some boys think. Apparently this girl's boy friend is of that school of thought. She writes:

"Dear Miss Woodward. I ask him at least once a week to come to the house to see me, but he never comes because he's afraid of my parents.

"We have weekly dates and usually during the week we go for a ride or do something else. I know he'd like my folks if he'd get to know them, but he isn't willing to try.

"My parents want to know him, as I have told him repeatedly. Would it be wise to insist?"

Spending the evening at your house is something your boy friend just doesn't want to do. He's scared your family won't like him as much as you do. He can't face the prospect of being on exhibit for hours on end. You've given him every reason to dig up courage to try it—but he balks.

If you force him to come—and that would be pretty hard to do—you might force him right out of the picture.

But you can gradually overcome his fears if you play your hand carefully. Tip off your parents as to how he feels and ask them to be particularly nice to him.

Then next time he stops by to pick you up, forget something important as you're about to leave. Plunk him down with your parents while you buzz off to your room to read two more chapters in your book.

He may get along with them fine, since he knows his time is short. Another time when you come home from a date, take him out to the kitchen to join your parents in a snack.

The atmosphere will be gay and cozy—and again time will be short, so he may relax with them. Another time invite him to go somewhere very special with you and your family, and take another couple along to make it easier.

It won't be painful to get acquainted while you're all doing something entertaining together. Let your parents grow on him gradually—and sooner or later he'll stop being scared of them.

## Good Grooming and Exercise Beautify Legs

A girl can't avoid putting her legs in the spotlight at this time of year. Shorter skirts, sheerer hose, brief shorts—all these call attention to them.

If you feel your legs can't afford such attention, don't despair. Remember, legs depend on good grooming as well as shape for their attractiveness. And anyone can excel in that aspect.

You can do a great deal right now toward turning a trim leg to summer.

And, as far as improving their shape, you can do even that within a couple of months. These exercises, done faithfully every day, will streamline thighs and calves.

1. Lie on the floor with arms outstretched, bend one knee and pull the leg up close to your chest. Then straighten it out and bring it over to touch toes to opposite hand. Do this several times with each leg.

2. Grip the back of a chair and sink slowly to the floor while balancing on the balls on your feet. Do this about six times at first, work up gradually to 20.

Grooming your legs well is simple because, like facial grooming, it's based on cleanliness.

If you give them a little extra attention during your daily bath, you won't be bothered with scaly patches showing through, and snagging your sheer hose.

Use a well-lathered brush and some elbow grease in cleansing your legs and feet. And go over callouses and rough spots on soles and heels with a sudsy nail brush or pumice stone.

It's important to keep your legs entirely free of hair when you wear sheer stockings. Remove the stubble as soon as it becomes noticeable, generally every four or five days.

The best time for this is during the daily bath. The suds will soften the stubble and make the razor slide more easily, lessening the likelihood of cuts.

Cool off in the hot summer months with feeling fresh, sweet and luxuriously fragrant all day long.

**YEAR-ROUND GADGET**—This gadget, driven by inventor Ollie Duitman, can be used for mowing lawns or weedy fields, and plowing snow or for cultivating gardens. Duitman built the vehicle in four months. The aluminum body resembles the fuselage of an airplane. Power for the vehicle is a six-horsepower gasoline engine mounted behind the cockpit. His granddaughter occupies one of the passenger seats during a test in Royal, Ill.

## Hal Boyle Learns:

### Way of Carrying a Wallet Show's Man's Personality

NEW YORK (U)—Did you know that the way you carry your wallet reflects your personality almost as much as the way you wear your feet?

Howard N. Cooper, a psychiatrist, has analyzed the pocketbook-packing habits of American men and says they are "probably as good a test for individual psychological factors as the projective Rorschach."

(Editor's note: What is a projective Rorschach — a protruding racehorse?)

(Boyle's note: No, it's an ink blot a psychiatrist makes. When he asks you what does the shape of the blot remind you of, and you say it reminds you of a girl, he makes a note in his book, "patient has girls on his mind.")

(Editor's note: But what if the ink blot isn't shaped like a girl?)

"Boyle's note: How can you make an ink blot that doesn't look like some girl?"

Cooper (to get back to the subject) found that many men today periodically shift their wallet from the back pocket of their trousers to their inside coat pocket.

"That is a sign they feel insecure about people as well as worried about the safety of their cash," he said.

"On the other hand, a man who carries his money in a metal clip separate from his wallet is less concerned over material wealth. But he is the type who hates to have the routine of his life upset. He is less afraid of losing his cash

or fashionable complicates the picture," said the psychiatrist. "Custom dictates more what a woman does."

Can a girl choose a husband by the way he carries his wallet?

"Well, the best husband," said Dr. Cooper, "is the one who carries a wallet full of money at all times—and opens the wallet at her slightest whim."

How about the thoughtless guy who marries and still keeps the picture of a former girl friend in his wallet?

"That probably shows an impulse toward self-destruction," smiled Dr. Cooper.

## Army, Air Force Drives Separated

In compliance with a recent order from the office of the Secretary of Defense, the recruiting system for the Army and Air Force in Pontiac was changed this morning.

Formerly both Army and Air Force recruiters worked in a combined effort, but now each will recruit separately.

The offices for both services will remain at 53½ W. Huron Street. T. Sgt. P. R. Moore and his staff, including Staff Sgts. Douglas Haines and Louis Silverman will

represent the Air Force. M. Sgt. Paul J. Smith, Pfc. Arthur F. Bowen, and Sgt. Thomas L. Murphy will continue to recruit for the Army.

## Woman's Buying Spree No Cause for Warrant

SHELBY, N.C. (U)—A woman asked the sheriff's office here to issue a warrant charging her husband with nonsupport.

"When did he stop supporting you?" the desk sergeant asked.

"He hasn't yet," was the reply, "but I have just bought some new furniture and I don't think he is going to help pay for it."

The warrant was denied.

## Rebels Loot Home of Leftist Leader

GUATEMALA (U)—Police say the plush residence of leftist ex-President Jacobo Arbenz Guzman has been ransacked of everything but some stale rolls and empty bottles in the kitchen — and a big pile of Communist literature stacked in the front lobby.

Looters took away furniture, rugs and the pictures from the walls.

Arbenz disappeared immediately after resigning last Sunday and is believed to have sought asylum in the Mexican Embassy here.

## Carrot Loaf Has Different Taste

Do you enjoy fresh vegetables fixed in unusual ways? Then try this Fresh Carrot Loaf as suggested by the National Fresh Fruit and Vegetable Association. It is the Golden Anniversary of this organization which has been responsible for many delectable recipes.

### Fresh Carrot Loaf

4 tablespoons butter or margarine  
4 tablespoons flour  
1 1/2 cups milk  
1/2 cup white table-salt or water  
2 cups mashed, cooked fresh carrots  
4 eggs, separated  
1 tablespoon minced onion  
1 tablespoon chopped parsley  
1 teaspoon sugar  
Salt and pepper to taste

Melt butter and stir in flour. Add milk and wine or water. Cook, stirring constantly, until mixture is thickened and smooth.

Add carrots, slightly beaten egg yolks, onion, parsley, sugar, salt and pepper. Fold in the stiffly beaten egg whites. Pour into a well-greased loaf pan. Set in a shallow pan of hot water. Baked 50 for 1 hour.

Remove from oven and let stand for 5 minutes or so before unmolding on a heated deep platter. Surround with a creamed food such as creamed chicken, shellfish or hard-cooked eggs and mushrooms. Makes 6 servings.

**CHICKEN CHOW MEIN**—Well known as a Chinese favorite is Chicken Chow Mein—an Americanized version of Chinese cooking. With it serve Clear Consomme, Salad Tray Orientale, almond cookies and tea. Garnish your Chow Mein with crisp Chinese noodles.

## Sidestep Meal Monotony With Subtle Chinese Food

With the readily available supply of canned Chinese food products it is easy to make dinner with a Far East flavor in your own kitchen. The cooking is quick, the food delicious—a good way to

entertain simply, economically, conveniently.

Chow Mein comes in one- and three-pound cans good sizes for family or party entertaining.

Crunchy chow mein noodles have long been a "must" with chow mein or chop suey dinners. They also add crispness and flavor to creamed and casserole dishes of your favorite recipes.

As a starter try this Chinese dinner as suggested in the picture cutlines above.

### Clear Consomme

1 can (about 11 oz.) condensed consomme  
1 can water (measured in soup can)  
Few slices of scallion  
Few thin strips of carrot  
Combine and heat consomme and water. Serve piping hot, with garnish of scallion rings and carrot strips. Makes 4 servings.

### Quick Chicken Chow Mein

2 cans (1 lb. each) chicken chop suey or 1 can (3 lbs.) chicken chop suey  
1 tablespoon brown sugar  
1 tablespoon vinegar  
1 can (4 oz.) or 4 oz. bottled chicken cut in strips  
2 cans (1 oz. each) chow mein noodles  
Soy sauce

Carefully combine chop suey, brown sugar, vinegar and chicken in medium-sized saucepan, reserving a few strips of chicken for garnish. Heat stirring gently.

Place chow mein noodles in shallow baking pan, heat in 375 oven 5 minutes. Serve piping hot over heated chow mein noodles, pass soy sauce. Makes 4 to 5 servings.

### Now See Purple Cow

So you've never seen a purple cow?

You can make one easily, but you'll have a hard time not drinking it so you can admire it.

Just mix one-half cup of chilled grapejuice with one cup of chilled milk and garnish with a spoonful of whipped cream.

Honest, it's called a "purple cow."

## Food Editor Off on Trip; Better-Half Subs as Chef

By JANET ODELL  
Pontiac Press Food Editor

By the time you read this, I shall be enroute to visit relatives in Chicago and Milwaukee for a few days. Miss Teenager has gone on ahead, her first venture alone on a train. The Better Half and Five-Year-Old are going to take care of each other.

Now, my husband can cook.

He worked in a restaurant during college days. Naturally, he has not kept his hand in much these last few years, but MRS. ODELL when I do go away I know he won't starve.

My father was a helpless individual in a kitchen. He would heat a can of soup or make

himself a sandwich; but that was the extent of his culinary achievements.

You know, and I know that any homemaker who leaves home for more than a day must make some advance preparations. There are two reasons for this, one being to help out the male cook, the other sheer self-protection.

Unless careful plans are made in advance, the havoc one finds on return makes the trip hardly worth the effort.

Through the years I have learned what food not to leave. The Better Half abhors a lot of leftovers for him to eat up. So the refrigerator is a model of neatness and semi-emptiness.

Of course, there are the staples like bacon, eggs, salad materials, butter, milk, cheese and fresh fruit.

The basement store room has its quota of canned fruits, vegetables

and soups, jam and jelly and soft drinks. In the freezer—love that freezer—are lots of good things to eat.

There are hamburger patties (glad my family will eat hamburger any time), frozen fruits and vegetables (the Five-Year-Old has been known to eat nearly a package of peas by himself), frozen orange juice and lemonade, some swordfish steak to fry quickly, cube and club steaks, even a meatloaf ready for baking if desired.

For desserts, I'm leaving plenty of ice cream, frozen sweet rolls and some frozen cupcakes. An adequate supply of bread is also frozen.

There's no point in planning actual day-to-day menus; the "boys" will eat what they want when they want it anyway. My main job is to see that plenty of easily prepared food is available, then trust their hunger to see them through.

If I left half a dozen large boxes of cereal and some cooked spaghetti, the Five-Year-Old would be perfectly satisfied. His father

will have to see that he eats balanced meals.

I did leave their dinner for tonight, a casserole dish that just

needs to be reheated, a gelatin salad and dessert.

For a week I shan't have to worry about what to have to eat.

## Rennet Custards So Easy to Fix

Milk, the mainstay of baby's diet, is also essential to the well-being of older children and adults. It is "nature's most nearly perfect food."

Milk furnishes protein and calcium more abundantly and economically than any other food. While providing these important nutrients, milk is not fattening, so "calorie counters" can—and should—have their daily quota of milk.

Milk too is beneficial in easing tension and is a source of vitamins which affect skin health. So, milk contributes in many ways to the well-being of everyone.

If your family isn't drinking enough milk (at least 3 glasses a day), include it in prepared dishes, like cream soups and casseroles. Make milk desserts too—they'll please every member of the family.

Easiest to prepare of all fresh milk desserts are rennet custards. You simply warm the milk (no cooking necessary) and stir in sweetened and flavored rennet powder. Choose from 6 flavors of rennet powder.

Serve your whole family this nourishing fresh milk dessert this week. Keep rennet-custards in the refrigerator—they're fine for after school, or bedtime snacks, as well as for dessert.

**Rennet Custards**  
2 cups whole milk  
1 package rennet powder (any flavor)  
Set out 4 or 5 dessert glasses. Warm milk slowly until lukewarm, stirring constantly. Test a drop on the inside of your wrist frequently. When it feels comfortably warm, (100 degrees F.) not hot, remove at once from heat.

Stir in rennet powder all at one time. Mix until powder is dissolved—not over one minute. Pour at once, while still liquid, into dessert glasses. Do not disturb for about 10 minutes while milk sets. Then chill in refrigerator until ready to serve.

Very young children prefer foods that are not chilled. To warm chilled rennet-custards, let stand at room temperature or place custard cup in pan of hot water for a few minutes before serving.

Serve older children and adults rennet-custards topped with fruit slices, jelly, whipped cream, crushed cereal, chopped nuts or other favorite toppings.

## Use of Frozen Orange Juice Is Time Saver

Aside from the fine flavor and convenience of never-out-of-season canned frozen orange juice, the homemaker has found that she saves valuable minutes using the commercial pack.

In a timed experiment it was found that on the average it takes 1½ minutes to open a six-ounce can of frozen orange juice, add water and mix well.

To obtain an equal amount of fresh orange juice using a hand reamer, the average was almost 10 minutes.

Extended over a whole year, getting the job done in one fifth the time adds up to quite a saving—free time for the busy housewife.

Because citrus products are such good sources of Vitamin C they hold an important place on America's dinner table. The canned citrus products retain, in good degree, this high vitamin content of the fresh fruits.

In fact, one study found that frozen concentrated orange juice had higher initial content of Vitamin C than the fresh orange juice tested. This result can easily be explained by the fact the canners pick the fruit at the very peak of quality and process it immediately.

Other wonderful citrus fruits are being both canned and frozen today, too—tangerine juice and Mandarin oranges—which are really tangerine sections. There's even a citrus salad which is a combination of orange and grapefruit sections.

Citrus fruits are now available for all meals from breakfast to dinner and from brunch to mid-night snacks. Whether you want fruit sections or juice, they're all ready to use—canned and frozen.

## No Substitute for Milk in Producing Calcium

Studies reveal that adults require much more calcium than was believed formerly. And there is no other food source of calcium that can even approximately take milk's place. According to one authority, all the calcium in the human body is replaced every few years. If the calcium intake is not sufficient to meet the demand, the body takes the mineral from the bones and teeth.

Serious ill health of one sort or another is likely to manifest itself if a calcium deficiency continues for long periods. Calcium has a crucial role in regulating heart action, in the contractibility of muscular tissue, and in forestalling irritability of the nervous system.

To boil eggs which are cracked slightly, add a teaspoon of salt to the water. The contents won't ooze out.

**BLUEBERRY ICE CREAM PIE**—What could be cooler, more mouth-watering on a hot summer day than this Blueberry Ice Cream Pie. The sauce, made with the peak of the season's fresh cultivated blueberries, makes it a deluxe treat, yet so easy to prepare.

## Use Plump Blueberries to Make Ice Cream Pie

Easy as pie! That's the way to describe this easy-to-prepare Blueberry Ice Cream Pie. And it's easy to eat, too—to the last crumb if you use big, dewy-cheeked cultivated blueberries to make the sauce.

Serve it on a hot day and just watch six wilted people perk up. **Blueberry Ice Cream Pie**  
1 chilled baked 9" pie shell  
½ cup sugar  
2 tablespoons cornstarch  
1 cup water  
1 tablespoon lemon juice  
1 tablespoon butter or margarine  
1½ cups cultivated blueberries, washed and well-drained  
1 quart vanilla ice cream

Make pie shell early in the day or day ahead and chill thoroughly. Then combine sugar and cornstarch in saucepan. Stir in water gradually.

Cook over low heat, stirring constantly, until mixture comes to a boil. Boil 2 minutes. Remove from heat. Add lemon juice and butter. **Crush ¼ cup blueberries.** Add to cooked mixture. Let stand until cool. Combine with remaining blueberries. Chill.

Just before serving time, fill chilled pie shell with vanilla ice cream and top with blueberry sauce. Serve at once. Makes 6 servings.

Note: If frozen cultivated blueberries are used, thaw and drain. Proceed as with fresh berries. If canned cultivated blueberries are used, drain and proceed as with fresh berries.

De-salt over-salted soup by slicing a raw potato into it and boiling for a few minutes. Remove the potato, which absorbs the excess salt.

## Frozen Whipped Cream Delicious on Fruits

Many fresh fruits taste delicious served with frozen cream. To prepare the cream, beat it until it begins to thicken, then gradually beat in sugar to taste and vanilla until stiff. Place in freezing compartment of refrigerator until firm. Try this on a combination of pineapple, apricots, strawberries or raspberries and banana.

## Make Pink Limeade for Weekend Guests

The July 4th weekend will be such a pleasantly long one that you'll probably be having lots of friends dropping by to visit. That means you'll want to have some refreshing beverages for them to sip. We think one of the most pleasant and delightfully "light"

coolers is Pink Limeade, easily made with frozen limeade concentrate and wine.

**Pink Limeade**  
1 (6-ounce) can frozen limeade concentrate  
3 limeade-concentrate cans cold water  
1 cup port wine  
1 tablespoon lemon juice  
Red food coloring  
Lime slices for garnishing  
Combine limeade concentrate and the 3 cans water in a pitcher; stir to thaw concentrate. Add wine and lemon juice; mix well. Stir in a few drops of red coloring

to give the mixture a pleasantly rosy hue. Pour over ice cube in tall glasses. Garnish with lime slices. Makes about 1 quart, or enough for 4 or 5 tall glasses.

## Make Splatter Guard

Does spattering fat from a skillet annoy you? Then fit a collar of foil, about four inches wide, around the pan. Use a double thickness of foil for the collar.

## Grated Cheese Improves Hamburger

Want something delicious for your outdoor grill? Mix hamburger with finely chopped onion and grated cheese, season with Worcestershire sauce and form into patties. Grill over charcoal until a deep hearty brown. Clean bacon rind and save it for flavoring soups and vegetables.

**"IF IT'S ALIVE... IT'S FRESH!"**

## Cookie Mix Makes Luscious Dessert

You can make this delightful tasting dessert in a matter of minutes by using a cookie mix.

**Dutch Prune Squares**  
1 14-ounce package cookie mix  
¾ cup warm water  
2 eggs (separated)  
½ cup chopped drained cooked prunes (13 large)  
1 tablespoon sugar  
½ teaspoon cinnamon

Put cookie mix into large bowl; add 3 tablespoons sugar, water and egg yolks; set aside. Beat egg whites until stiff but not dry, without washing beater, beat cookie mixture just until smooth; stir in prunes. Fold in beaten egg whites.

Turn into greased baking pan (8 by 8 by 2 inches); mix 1 tablespoon sugar and cinnamon and sprinkle over top. Bake in 350 oven 30 to 35 minutes or until cake tester inserted in center comes out with no batter sticking to it. Place pan on cake rack until partly cooled.

Cut in squares in pan; remove with spatula; serve warm. Top with whipped cream or a pudding sauce if desired.

## Use of Frozen Orange Juice Is Time Saver

Aside from the fine flavor and convenience of never-out-of-season canned frozen orange juice, the homemaker has found that she saves valuable minutes using the commercial pack.

In a timed experiment it was found that on the average it takes 1½ minutes to open a six-ounce can of frozen orange juice, add water and mix well.

To obtain an equal amount of fresh orange juice using a hand reamer, the average was almost 10 minutes.

Extended over a whole year, getting the job done in one fifth the time adds up to quite a saving—free time for the busy housewife.

Because citrus products are such good sources of Vitamin C they hold an important place on America's dinner table. The canned citrus products retain, in good degree, this high vitamin content of the fresh fruits.

In fact, one study found that frozen concentrated orange juice had higher initial content of Vitamin C than the fresh orange juice tested. This result can easily be explained by the fact the canners pick the fruit at the very peak of quality and process it immediately.

Other wonderful citrus fruits are being both canned and frozen today, too—tangerine juice and Mandarin oranges—which are really tangerine sections. There's even a citrus salad which is a combination of orange and grapefruit sections.

Citrus fruits are now available for all meals from breakfast to dinner and from brunch to mid-night snacks. Whether you want fruit sections or juice, they're all ready to use—canned and frozen.

# MAKE OVER PAGES

**Midget Auto Driver Dies in Race Crash**

CINCINNATI (AP)—A midget race car crashed into a wall at the Cincinnati Race Bowl last night and driver Johnny Key, 30, of Anderson, Ind., was killed. Key was thrown out of his car and then was struck by another

racer. He was in the third lap of a preliminary heat when the accident occurred.

Track officials said it appeared a radius rod broke and the steering apparatus failed.

Duke University shot-putter Durham Lawshe holds the Atlantic Coast Conference indoor and outdoor records for that event.

# Four U. S. Women Left at Wimbledon

The marathon race took its name from the city of Marathon in Greece.

## \$2,236 Daily Double at Arlington Park

CHICAGO, July 1 (AP)—The biggest daily double of the current Chicago racing season, \$2,236.60, paid off yesterday at Arlington. Thirty one persons had \$2 tickets and one lucky bettor had a \$5 ticket on the combination, Coronation Boy, owned by Mrs. Elizabeth Muckler paid \$114.40, \$39.40 and \$22.20 in winning the first race. Pete Moreno piloted Harry L. Frey's Local Clover to a four-length win in the second. Local Clover paid \$45.00, \$19.00 and \$12.40. The national record daily double is \$10,772 established at Washington Park in suburban Homewood in 1939.

## Heavy Sand, Thick Rough Calls for Use of Wedge

By SAM SNEAD  
The Wedge

The wedge is quite a golf club. Some golf observers feel this club has cut the scores of the moderns from 3 to 5 strokes a round under the greats of the past. It is a great club for getting out of trouble.

I recommend the wedge for "heavy" sand shots or those sand trap lies in which the ball is partly buried, and from thick rough from about 60 yards or less from the green. Wedge's

weight will cut through sand or grass better than an 8 or 9 iron.

Also if you hit with the wedge correctly the ball has plenty of backspin and stops quickly when (and it) it lights on the green.

Distance determines your backswing in this shot, but most of the time it is fairly short. It's more

of an arm than a body shot, so don't use much pivot. Today's player is not using much of a pivot as he swings back. Bring the club back with a perfectly straight left arm, keep your right elbow especially close to your body and hit with your wrists.

If you want extra backspin from either the sand or the rough, open the clubhead and play the ball well forward.

## Chiefs, All Stars Win

Pontiac Chiefs came from behind in the final 2 minutes on Don Howden's goal Wednesday night to defeat Strawberry Hill, 8-6, in the featured polo game at Ivory Field. In the preliminary, Mike Wacker's 8 goals led the Detroit All Stars to a 9-8 win over Ivory Polo Club.

## Miss Connolly Is Favored to Retain Crown

'Little Mo' Is Paired Against Mrs. Pratt in Semi-Finals

By ROBERT JONES  
WIMBLEDON, England (AP)—Four American women were keeping the Stars and Stripes flying at Wimbledon today as they clashed in the semifinals of the All-England women's championship—with all the betting money placed solidly on defending champion Maureen Connolly.

It will be 19-year-old Ken Rosewall of Australia against Jaroslav Drobný, Czech-born now living in Egypt, Friday in the men's singles final.

Rosewall, second-seeded, defeated top-seeded Tony Trabert of Cincinnati 3-6, 6-3, 4-6, 6-1, 6-1 and Drobný eliminated Budge Patty of Los Angeles and Paris 6-2, 6-4, 4-6, 9-7 yesterday.

Little Mo Connolly from San Diego, Calif., plays Mrs. Betty Pratt of South Orange, N.J., in one semi-final. Two former Wimbledon champions, Louis Brough of Beverly Hills, Calif., meets Doris Hart of Coral Gables, Fla., in the other match. The finals will be played Saturday.

Miss Connolly looking for a third straight championship is ranked first with Miss Hart seeded second. Both girls fought it out for the championship last year. Miss Hart, who won the title three years ago, meets Miss Brough, who won the championship three years in succession. She won in 1948, 1949 and 1950.

Mrs. Pratt, seeded eighth, scored the only upset in the women's division by eliminating Shirley Fry of Akron, Ohio, in three sets in the quarter-finals. Miss Connolly has polished off her four opponents in quick-time. Her best victories were against Britain's Angela Buxton and Mrs. Margaret du Pont of Wilmington, Del. She crushed Miss Buxton without losing a single game and dropped only two in beating Miss Du Pont.

There are 17 players in the American League who have scored more than 500 runs during their major league careers.

Babe Ruth hit 30 or more home runs a season 13 times.

# First outboard in history that BAILS YOUR BOAT!

The sensational **SCOTT-ATWATER** for 1954 gives you built-in, automatic POWER BAILING!

HERE'S THE MOST WELCOME outboard news in years! The new Scott-Atwater with **Bail-a-matic** pumps your boat dry, keeps it dry... automatically! **Bail-a-matic** ends the work and bother of dipping, sponging, dumping, hand pumping... and it's a built-in feature of four new Scott-Atwaters: 5, 7 1/2, 10 and 16 hp! Besides **Bail-a-matic**, the new Scott-Atwater line offers many other exciting features: the new slimmer **Aquaglide Lower Unit** increases speed and gasoline mileage; **Pillowtop Power** cushions the powerhead for a quieter, smoother ride. And all four models are equipped with Complete Shift; separate **Slowway Fuel Tank**; **Twin-Grip Speed Control**; remote control connections.

HERE'S HOW **BAIL-A-MATIC** WORKS: Water is drawn into screened immersion unit (1) and flows through neoprene bilge boot (2) to vacuum-type **Bail-a-matic** pump (3). The water does not circulate through the cooling system; it is immediately expelled (4) via completely separate tubing system. The **Bail-a-matic** unit works at any motor speed, in or out of gear. Maximum capacity is 150 gallons per hour.

**Bail-a-matic featured on four models!**

See **Bail-a-matic** in action at any of these **SCOTT-ATWATER** AUTHORIZED DEALERS

# County Women to Attend Parley

Annual Homemakers' Conference Scheduled at MSC, July 20-23

More than 1,300 Michigan women are expected for the 27th Annual Homemakers' Conference at Michigan State College July 20-23, including a 20 woman delegation from Oakland County.

The theme of the 1954 conference is "Better Families — Our Goal," according to the Michigan Cooperative Extension Service. Any Oakland County woman is eligible to attend the four-day educational meeting.

The program includes educational events and classes conducted by MSC faculty members and other authorities in their fields.

Women who enroll for the entire conference can choose from 18 topics to be offered.

Some of the classes offered are entitled "Getting the Most from Your Equipment," "Beautifying Home Grounds," "Putting Your Money to Work," and "The Family Today."

# Double Ring Rite Unites Couple at Imlay City

IMLAY CITY — A double ring ceremony united Joyce Jager and Edwin Roehl in marriage Friday in the Christian Reformed Church.

The bride is the daughter of Mr. and Mrs. John Jager, and the bridegroom's parents are Mr. and Mrs. Otto Roehl.

The bride wore a ballerina-length gown of lace and net over tulle, with a lace bolero. Her finger-tip veil was held in place by a net headpiece trimmed with lilies of the valley.

Mrs. Russel Howkin was her sister's matron of honor, and the bride's brother, Alvin Jager, was the bridegroom's best man. Ushering were George Jager, and Harold Roehl, brothers of the bride and groom.

A reception for 120 guests was held in the fellowship hall of St. Paul's Lutheran Church.

# Rochester to Witness Fireworks on Monday

ROCHESTER — The Rochester Fire Department is sponsoring the fireworks display scheduled for Monday evening.

The display will be held on the field east of the new St. Andrews Catholic School. Fire Chief George Ross has said there will be ample parking for the 9 p.m. ceremony.

# 5th Is Recent Law Graduate Rochester Family Unique, Has 4 Practicing Lawyers

By ROBERT F. MAHER

A Rochester family enjoys the unique distinction of having four of its members practicing attorneys and another a law school graduate.

Preston Allen, 62, of 485 Gunn Rd., was admitted to the Michigan Bar Association in 1922 following his graduation from Detroit College of Law. His wife, Cecile, attended Cumberland University's Law School in Tennessee after their marriage so that she "could be on equal footing in any arguments."

Their son, Robert, 27, also of the Gunn road address, was the latest member of the family to be admitted to the bar. A June graduate of Wayne University, he recently received word of his success in the April Michigan State Bar examination.

Robert has been court clerk for Circuit Judge Frank L. Doty for three years and finished his law school studies by attending night classes during that time. He said he doesn't believe his wife, Joan, has any inclination for taking up law studies, however.

Another son, John, 30, was admitted to the Michigan State Bar in 1950 after his graduation from Wayne University. He lives with his wife at 3311 Coolidge Hwy., Royal Oak, and is practicing with his father and Royal-Oak Mayor Howard Kelley.

A daughter of the Rochester family, Mrs. Dorothea MacBratney, 33, now lives in Washington, D. C. and is a member of the Virginia and Tennessee State Bars.

MR. AND MRS. LOUIS G. SMITH

# Couple Is Married in Baptist Ceremony

CLARKSTON — Sylvia Elaine Loop became the bride of Louis George Smith in rites at the Silver Crest Baptist Church last Saturday.

The bride is the daughter of Mr. and Mrs. Norman Loop of Clarkston. The bridegroom is from Chicago, Ill.

The bride's gown was of white satin, trimmed in nylon net and lace, with a finger tip veil held in place with a seed pearl tiara. She carried white roses and carnations.

Sister of the bride, Nancy Loop, was maid of honor, and Joan Gendro of California, and Ruth Smith of Chicago were bridesmaids.

Don White of Chicago was the bridegroom's best man. Ushering were Patrick Gendro and Ira Smith.

The couple left for a trip to Chicago.

# Club Installs Officers in Candlelight Ceremony

KEEGO HARBOR — New officers of the local Business and Professional Women's club were installed in a candlelight ceremony this week, following a dinner meeting.

Carnation corsages were presented by Mrs. Charles Leaf to the new president, Mrs. Lyla Ross; first vice president, Mrs. William Billingsley, and second vice president, Mrs. Leon Windsor.

Other new officers are Miss Wilma Webb, and Mrs. John Edwards, recording and corresponding secretaries; Mrs. Ralph Sanderson, treasurer; and Mrs. Ronald Fockler, parliamentarian.

# Michigan, County Officials Discuss Area Sanitation

KEEGO HARBOR — State and county health authorities met with the local Chamber of Commerce this week, at the invitation of sanitation chairman Francis Ammerman.

Maurice Richman of the State Health Department told the group that a sanitary system would be too expensive to build for Keego Harbor alone.

He suggested that an area sewage system to include the townships of Pontiac, Waterford, Bloomfield, and West Bloomfield would best serve the 30,000 population involved.

More than 58,000 tourists visited Turkey in 1953, including 10,000 Americans.

Mr. and Mrs. H. W. Marklewitz of 311 W. Fifth St., Rochester announce the engagement of their daughter Janice, to Alva Earl Shotwell, son of Mr. and Mrs. Otis Shotwell, of Leonard. An August 7 wedding is planned.

# Play Program Starts Monday

Southfield Township's Schools Sponsor Plan for Summer Activity

SOUTHFIELD TOWNSHIP — A six-weeks summer recreation program sponsored by the Southfield Township schools will get under way Monday, bringing a multiplicity of warm weather activities to youths in the area.

Day activities will be conducted at Kensington Park, four miles east of Brighton. Busses will leave the township at 9:30 a.m. each day, after picking up youngsters 8 years old and older. Arrival at Kensington will be approximately 10:30.

Busses will leave the park at 3:15 p.m. daily, arriving home approximately 4:30. During the day swimming lessons will be offered all beginners, and children will be given the opportunity to learn weaving, leather work, braiding, and etching, under expert supervision.

Also offered will be baseball, football, croquet, and nature hikes.

Due to the number of participants, the township has been divided into two parts, with Lahser Road the dividing line. Busses will run east and west of Lahser on alternate days, starting with the east side on Monday.

# Rochester Woman Gets Division Crown

ROCHESTER — Mrs. Betty Woudka, wife of Paul Woudka, local representative of Investors Diversified Services, Inc., has been honored by the company as queen of the division in which her husband works.

The honor is accompanied by an award and is given to the wife of the representative in each of the company's 145 divisions, who achieves leadership by making the top production record in his division.

Mr. and Mrs. Woudka reside at 317 Northwood Ave. Mrs. Woudka will now be placed in a regional contest. A sales force of 2,100 is competing for the honors for their wives.

# Acting Postmaster Installed at Keego

KEEGO HARBOR — Bert Holboth was installed as acting postmaster today, replacing Peter P. Quinlan.

Quinlan, who lives at 3041 Moss, is retiring after 20 years of service.

Holboth, of 3119 Varjo Court, has 13 years experience. For the past five years he has worked at the Keego office.

He transferred from the Pontiac branch after eight years there.

# Michigan, County Officials Discuss Area Sanitation

KEEGO HARBOR — State and county health authorities met with the local Chamber of Commerce this week, at the invitation of sanitation chairman Francis Ammerman.

Maurice Richman of the State Health Department told the group that a sanitary system would be too expensive to build for Keego Harbor alone.

He suggested that an area sewage system to include the townships of Pontiac, Waterford, Bloomfield, and West Bloomfield would best serve the 30,000 population involved.

More than 58,000 tourists visited Turkey in 1953, including 10,000 Americans.

GAIL PARTEE

# Girl Given Trophy for High Scholarship

FARMINGTON TOWNSHIP — Gail Partee, 20, daughter of Mr. and Mrs. Charles Partee, of North-western highway, has been awarded a trophy in recognition of having attained the highest scholastic standing of any student in Jordan Hall dormitory at the University of Michigan.

She was initiated into Phi Beta Kappa in April, and later was received into the Phi Kappa Phi National Honor Society.

Majoring in research chemistry, she was awarded a bachelor's degree in chemistry at recent graduation ceremonies.

# Brentwood Couple Tells Daughter's Engagement

SOUTHFIELD TOWNSHIP — Mr. and Mrs. William F. Drewry, of Brentwood, have announced the engagement of their daughter, Marjorie, to A. C. Charles Rivard.

He is the son of Mr. and Mrs. Martin Rivard, of Detroit.

# Cub Pack S-9 Meets

SOUTHFIELD TOWNSHIP — Annual picnic of Cub Pack S-9 was held this week, at Lola Valley park. Cubmaster Albert Landeck presented achievement awards between the contests and baseball games.

# Rochester Council Signs Fire Protection Coverage

ROCHESTER — Contracts with the Avondale Fire Assn. and the Avon Township Board were signed by the Village Council this week.

The recently established Avondale Fire Department, with its equipment purchased by the township, located on Auburn Road, will now have the same status as Brooklands Fire Department.

Fire Chief George Ross will inspect all equipment, and the Rochester office will dispatch the firemen to blazes. In case of a bad fire in the village, the outlying department would render assistance.

Councilmen voted to construct 600 feet of sidewalk on the south side of First street, reaching to the Brentwood Hills subdivision. The cost of this project will be split by the village and the property owners.

An auditor's report of the village's financial status was accepted. For the end of the fiscal year, it showed expenditures within the budget figures. Village Manager Robert Stone said he hoped by the next meeting that a sizable amount might be added to the \$12,000 capital improvement fund.

A public hearing was set for July 26 on the proposed off-street parking zoning ordinance.

**Circle Holds Picnic**  
FARMINGTON — Our Lady of Sorrows Circle 617 Daughters of Isabella held its second annual picnic this week at Kensington Park. A white elephant auction was held during the afternoon.
