TOP AWARDS.— Pontiac Press Editor John W. Fitzgerald and Mrs. Fitzgerald and (at right) National Editorial Association Secretary Don Eck hold three top award plaques won by The Press, after presentation last night at the NEA convention in Louisville, Ky.

LOUISVILLE, Ky. — The Pontiac Press scored a triple sweep in the National Editorial Association awards for 1956, winning all three of the highest honors.

The Pontiac publication was awarded first place by the ten judges covering General Excellence of newspapers in the Open Division for publications with more than 10,000 circulation. The winner receives the handsome plaque offered by Editor and Publisher, newspaperdom's famous trade publication.

The Press also was awarded first place for typographical excellence and will receive the Mergenthaler Linotype Company's first place plaque.

In addition to these two smashing triumphs, The Press received first place in a special Sweepstakes contest open only to the winners of any awards during the last five years.

This was the first time this prize has been offered and it was awarded to The Pontiac Press. This was the top award of the year.

Newspapers were entered from 45 states with 89 plaques going to the winners, the second and third place publications and those with honorable mention in the various divisions.

★ ★ ★

Winning three awards by The Pontiac Press sets a record and the fact all of them were first places makes the achievement even more remarkable.

★ ★ ★

Likewise significant was the fact that the three Pontiac Press awards were determined on different issues of The Press and the ratings were the decisions of three groups of judges.

In awarding The Press its first place for General Excellence, the judges' statement said in part: "Its headline dress is uniform, conservative but in pleasing balance from eight column banner lines to its smallest one column heads. Its ad makeup is attractive throughout the inside pages allowing for a free flow of news. The sharp appearance of its news pictures throughout the paper helps to build reader traffic on the inside pages. Also, The Pontiac Press is outstanding in its handling of four color work and this applies to both news and advertising."

Only a small percentage of the newspapers in the country is equipped to handle four colors. Pontiac has been a pioneer and one of the outstanding exponents since the beginning.

The Birmingham (Mich.) Eccentric won a plaque for excellence in typography for Suburban Weeklies.

John W. Fitzgerald, Editor of The Press, attended the annual meeting of the National Editorial Association and received the three plaques on behalf of his publication.

The Press has just received a telegram from the Michigan Press Association reading:

"Heartiest congratulations to administration and staff for tremendous showing in NEA better newspaper contests for 1956."

Ike Goes to Hospital With Upset Stomach

WASHINGTON (INS) — The White House said today that President Eisenhower was taken by ambulance to Walter Reed Army Hospital following an intestinal disorder he suffered early this morning.

The ailment was diagnosed as an attack of ileitis, an inflammation of the lower portion of the small intestine.

The White House said there was "no indication of any heart trouble."

News Secretary James C. Hagerty said he could not say whether the President's condition was serious or critical. He said the doctors did not make such an appraisal.

The President's personal physician, Maj. Gen. Howard Snyder was summoned to Eisenhower's bedside at 2 a. m. after the President awoke with an upset stomach.

Hagerty said in a statement that the President was being taken to Walter Reed as a "precautionary measure."

He said he did not know how long he would remain in the hospital.

Hagerty told a news conference at approximately 12:20 p.m. that the President's "blood pressure and pulse are good" and that he has no fever.

Col. Francis Pruitt, chief of medicine at Walter Reed, was called to the White House this morning to join Dr. Snyder in diagnosing the President's ailment.

GIVEN INJECTION

When first announced by Hagerty at 8:50 a.m. (EDT), it had been described as an upset stomach and headache.

The President was given an intravenous injection of dextrous sugar this morning.

This was apparently to supply his body with energy while his condition kept him from eating.

Circumstances surrounding the attack were dramatically similar to the early morning of last Sept. 24 when Eisenhower suffered his coronary thrombosis.

Then, as today, Dr. Snyder was summoned to the President's bed-

Ike Will Appeal for Senate Help on Foreign Aid

Confers Monday With Leaders in Attempt to Restore House Cuts

WASHINGTON (AP)—President Eisenhower, rebuffed in the House, turned to the Senate today for support of his foreign aid program.

The White House announced Senate leaders of both parties have been summoned to meet with Eisenhower on Monday in an effort to restore House cuts in the multibillion dollar program.

A similar bipartisan conference with House leaders was held this past Tuesday, but the House yesterday ignored the President's plea and upheld a $1,109,000,000 committee cut in his $4,900,000,000 request.

The Monday meeting will take place at the White House at 4:30 p.m. EDT.

On the Republican side the President invited Vice President Nixon, Minority Leader Knowland (Calif) and Sens. Millikin (Colo), Bridges (NH), Saltonstall (Mass), Wiley (Wis) and Smith (NJ).

Among Democrats, he asked Majority Leader Johnson (Tex) and Sens. George (Ga), Clements (Ky), Hennings (Mo) and Green (RI).

Big Rockfall Shakes Niagara

Police Mystified by Huge 'Fireball' Seen at Straits

CHEBOYGAN (AP)—State Police today said they were unable to account fo rreports of a brilliant flash of light spotted between the mainland and Bois Blanc Island in the Straits of Mackinac last night.

Troopers said a search of the shoreline 20 miles on either side of Cheboygan failed to turn up a clue. The U.S. coast guard said there were no reports of trouble from Straits traffic.

State Police also said a check of area bases disclosed no aircraft unaccounted for. "We've checked out all the angles and have found nothing," a trooper at the Cheboygan post said.

Reports of a block-wide fireball came about 9:30 p.m. last night.

Cheboygan Police Sgt. George Faught said the fireball appeared to blossom about a half mile off shore. He described it as 150 feet high and wide as a city block.

R. E. Hunt, general manager of radio station WCBY said a brilliant flash was visible for 20 seconds and then a dull glow continued for about five minutes.

Reports of the flash also came from the Great Lakes freighters Mohawk and the Samuel Mitchell.

Niagara Slide Wrecks Power Plant

ONE KILLED, 40 ESCAPE — A section of the Niagara Mohawk Power Corporation's Schoellkopf Power Station lies under tons of debris today at the base of the American side of the Niagara River gorge. Picture was taken with a telephoto lens from the nearby Rainbow Bridge. Power station is about half mile below Niagara Falls.

One Man Dies as Rubble Falls on Powerhouse

40 Escape Plant; Loss Set at Over $50 Million; City Plunged in Dark

NIAGARA FALLS, N. Y. (AP)—The most destructive rockfall in the recorded history of the spectacular Niagara Gorge took one man's life late yesterday and left the huge Schoellkopf hydroelectric station in tumbled-down ruins.

More than 40 other employes of the Niagara Mohawk Power Corp. scrambled along the precipitous bank to safety as two of the station's three sections roared into the wild rapids behind them.

Some 300,000 kilowatts of power capacity was wiped out.

Charles J. Wick, administrative vice president in charge of the company's western division, said his only estimate of the loss could be that it was "far in excess of 50 million dollars." Original cost of the two completely wrecked sections when they were built more than 30 years ago was 36 million dollars.

There was no estimate of the size of the rockfall, but the "bite" from the wall of the gorge was more than 500 feet wide and the weight of the rubble probably ran well into the thousands of tons.

Petitions Seeking Full Pardon

Gilliland Will File Appeal With U. S. Supreme Court

Legal machinery is turning to restore Clayton C. Gilliland, fiery leader of rebellious Lapeer County farmers, back to freedom.

Grand Rapids attorney Clem Block said today that he plans to file an appeal of Gilliland's conspiracy conviction with the U. S. Supreme Court Monday.

Petitions are being circulated to ask Gov. G. Mennen Williams to grant the 62-year-old Detroiter a medical pardon from the 4½-5 year prison sentence he began serving May 21.

Gilliland has played a major role in the shenanigans which preceded and followed the failure of the Lapeer Farmers Mutual Fire Insurance Assn. in 1935. He was convicted of conspiracy to obstruct justice following a June 2, 1952 scuffle when farmers sought to prevent the eviction of a widow from her farm.

How can one man be guilty of conspiracy, is one of the points Block said he would raise in seeking the appeal. Three farmers were acquitted of the charges when they stood trial with Gilliland.

Block said he would also raise the points that a change of venue had been denied, and that one of the jurors was related to one of the defendants in the trial.

On another front, the Lansing CIO Council has petitioned Gov. Williams for a full pardon for Gilliland, who advised the farmers in their battles through the years.

Club Proposes $750,000 City Park

A proposed $750,000 city park was tackled last night by members of the Owen-Wever-Hawthorne Community Club at a meeting at Hawthorne School.

The proposed park would be located between Little Silver and Kregor Lakes in north Pontiac. Plans were drawn up a year ago by Keith M. Honey, landscape architect, under the direction of David R. Ewalt, director of the city Parks and Recreation Department.

The plan, which makes use of some 110 acres, includes extensive bathing facilities, boating and fishing docks, boat rental, golf course, picnic area, ball diamonds and an outdoor theater.

Leslie Hudson, chairman of the Parks Committee for the Owen-Wever . Hawthorne Community Club and state representative for Pontiac, presided over the meeting and presented the proposed park plan.

"The city of Pontiac has no park of any kind that gives Pontiac residents a place to swim," Hudson said. "With all the lakes around us, we still have not made use of them for Pontiac residents."

Purpose of the meeting, Hudson said, was three-fold: 1. Can interest be aroused in Pontiac for such a project which would cost from $750,000 to $1,000,000 and would Pontiac residents get behind this project and follow it through to completion.

2. How would such a project be financed and 3. How can the Owen-Wever group present it to the city so they will consider it in next year's budget?

It was the consensus of the 25 representatives of the club present that interest must be aroused throughout the city.

Suggestions for carrying the idea to clubs, the Chamber of Commerce and industrial concerns to gain support were discussed.

Floyd T. Miles, commissioner of District 4 where the park would be located, suggested presenting the whole plan to the City Commission for possible allowance in next year's budget.

John A. Streit, of the Parks and Recreation Department, explained that $3,000 annually has been appropriated by the City Commission so far for this type of development.

Commissioner Miles said, "we must stress that the park be built for all the people of Pontiac by all of the people of Pontiac. It must be a city wide project."

Of financing the project, Hudson said private contributions would figure as would groups giving manual assistance plus financing from the city by raising the millage to pay off any bonding obligation that the project might incur.

The 110 acres owned by the city and under consideration for this park is a piece of land between Walton Boulevard and the North Telegraph extension.

Streit said there are already two wells on the land and park plans include drilling of a third.

The physical plans include several buildings: A bath house, snack bar, a lounge with boat repair and storage space provided and a future golf course club house.

The outdoor theater in the plans would utilize the contours of a hill for seating facilities and could be used, Hudson said, "for city pageants, musical presentations and other projects."

From last night's meeting, the plan will go to the Board of Directors of the Owen-Wever-Hawthorne Club for further consideration and discussion.

William Kalwitz Named Outstanding Citizen of '55

William F. Kalwitz, member of the Pontiac Planning Commission, and GMC Truck and Coach official, last night received the Mayor's Trophy as the outstanding citizen of 1955.

WILLIAM F. KALWITZ

The presentation was made at the City Hall at the annual meeting of the Greater Pontiac Advisory Council.

Kalwitz was selected by Mayor William W. Donaldson for his contributions to the community from 1936 to the present.

He was instrumental in raising the city from last to first place in highway safety, awakening the public to their responsibility in the school system, and aiding in the smashing of organized gambling as a member of the Oakland Citizens League.

Fred V. Haggard was re-elected to a second term as president of the council last night at the election of officers.

City Denies Services to Shopping Center

Annexation Key to 2 Facilities

Developers of Project on Telegraph Road Want Water, Sewers

By GEORGE T. TRUMBULL JR.

A refusal yesterday of granting municipal services to another fringe area project indicates the Pontiac City Commission is slowly adopting a policy of annexation or no services.

Upon the advice of the city commission, City Manager W. K. Willman dispatched a letter to the developers of the "Michigan Miracle Mile" shopping center to be built in Bloomfield Township, denying a request to connect to the city's sewer and water supply.

Last month the developers of the $35 million center, to be built on a 150-acre site at Telegraph and Square Lake Rds., asked for use of approximately 80,000 gallons of city water a day. They also wanted to tap onto the sanitary sewer lines and use four fire hydrants for emergency use.

Although no decision on like services to other areas has been formally adopted by the commissioners, it is apparent they are edging toward making annexation a qualification for municipal services.

This trend is substantiated by Willman who said yesterday, "when you open the door up once in comes another fellow with 700 homes wanting like service."

"We have not closed the door to anyone that wants to join," he added.

At present only Sylvan Lake and a portion of Waterford Township immediately adjacent to the city's western limits, tap onto Pontiac's sanitary sewers.

"We furnish no water to either but have a cross connection and could in the case of emergency," Willman said.

"The city will have to decide eventually how much we can provide to these fringe areas on an economical basis."

He explained limited water and sewer facilities in the city and a blacklog of providing them to many city areas prevented an open door policy of services to fringe areas.

As outlined in the communication to the developers, annexation of these areas opens the door. "In the event of annexation of this property the responsibility for services within the area naturally becomes the city's responsibility," it read.

Last year the developers requested the city annex the township parcel but "temporarily withdrew" the request in September.

Some of the commissioners reportedly were in favor of the annexation then and still are today.

The manager said there has been a rash of some 12 requests from fringe area project developers in more than a year's time. "We have no requests from the townships themselves other than the Waterford and Sylvan Lake case," he emphasized.

He concluded by saying that a meeting will be held next week "to review" the agreement dating back to 1935 which allows Waterford to use Pontiac's sewers.

Arraign 2 Detroiters on Charges of Larceny

Two Detroit area men demanded examination in Justice Court yesterday when arraigned on grand larceny charges yesterday.

Guido Iaconelli, 29, of 11400 Norborne St., Detroit, and Louis J. Roveto, 37, of Garden City, were released after posting $500 bond. Both will appear in Oakland County Circuit Court June 12. Farmington Justice Allen C. Ingle conducted the arraignment.

The pair were alleged to have stolen three cars between New Hudson and Wixon last weekend. The cars were later sold for junk, according to Brighton State Police.

Pontiac Deaths

Jimmie Fields

Service will be held at 2 p.m. Saturday for Jimmie Fields, 37, of 320 McNeill St. The Rev. Charles H. Peoples, assistant pastor of New Bethel Baptist Church, will officiate with burial in Oak Hill Cemetery.

He was born in Byhalia, Miss. April 12, 1919 and married to Dorothea Edwards in 1951 in Jesup Ga.

Mr. Fields came here from Flint four years ago. He had been employed by the Oakland Foundry & Machine Co., Rochester.

Besides his wife, he is survived by three brothers, George Benton of Jesup, William James Robertson and Richard Robertson Jr., both of Florida, three sisters Mrs. Betty Salters of Saginaw and two sisters living in Florida.

Mr. Fields died Saturday of gun wounds in Pontiac General Hospital. Friends may call after 7 o'clock this evening at the Frank Carruthers Funeral Home.

Walter Dewer Harvey

Walter Dewer Harvey, 66, of 228 W. Brooklyn Ave. died yesterday morning in Pontiac General Hospital. He had been in ill health five years.

Born in Huron County July 11, 1889, he was the son of James and Margery Millick Harvey. He came to Pontiac 38 years ago from Elkton.

Mr. Harvey, who was a member of the Oakland Avenue United Presbyterian Church, had retired from Fisher Body Division.

He leaves his wife, the former Anna Young; three sons, Arthur of Hamilton, Ohio, John and James, both of Pontiac; two daughters, Mrs. Florence Donohue of Orchard Lake and Mrs Agnes Neil of Pontiac.

Also surviving are three brothers, Joseph of Berkley, Calif., William of Washburn, Wis. and John of Lenoir, N.C; three sisters, Mrs. Olie Herman, Thula and Elizabeth Harvey, all of Lenoir.

Mr. Harvey's body will be at the Pursley Funeral Home until noon Monday. It will then be taken to the Oakland Avenue United Presbyterian Church for service at 2 p.m. The Rev. Theodore R. Allebach, his pastor, will officiate with burial following in Ottawa Park Cemetery.

Mrs. Elmer Lange

Word has been received of the death of Mrs. Elmer (Cora Gregory) Lange, 42, of 877 N. Bautel Rd., Essexville, a former resident of Pontiac. She died yesterday at her home.

Mrs. Gregory was born in Pontiac July 29, 1913, and married in Bay City, Aug. 27, 1938.

A graduate of the St. Joseph Mercy Hospital School of Nursing, of Pontiac, she had made her home here for several years prior to her marriage.

She leaves her mother, Mrs. Mabel A. Graham of South Bend, Ind.; two sons, Gregory and Ricky, both at home, and a sister, Mrs. Mel Breegh of Wichita, Falls, Tex.

Service will be at 2:30 p.m. Saturday from the Emmanuel Lutheran Church, Bay City with burial in Floral Gardens Cemetery. Arrangements were by the Vallender & Penzien Funeral Home.

Donna-Jo B. Ortwein

Graveside service will be conducted at 11 a.m. Saturday at the Walled Lake Cemetery for Donna-Jo Bernadine Ortwein, infant daughter of Francis and Irene Payton Ortwein of 123 Norton Ave.

Donna-Jo was born in Pontiac General Hospital May 28, 1956 and died there yesterday afternoon. She had been ill since birth.

Besides her parents she is survived by a sister, Deborah Jean, at home; grandparents, Mr. and Mrs. Alonzo Ortwein of Pontiac and Mr. and Mrs. Gratis Payton of Walled Lake.

James Theodoroff

James Theodoroff, 68, distributor of carbonated beverages, died last night of a heart attack. He was dead on arrival at 7:30 p.m. at Pontiac General Hospital.

He was born in Bulgaria Sept. 10, 1887, the son of Theodore and Anna Theodoroff.

A resident of the Pontiac area 46 years, he founded the Oakland Bottling Works here in 1912.

Mr. Theodoroff attended St. George Orthodox Church in Toledo, Ohio and was a member of BPOE No. 810 of Pontiac.

He made his home at 2800 Voorheis Rd. with his wife, the former Mary M. Toteff, who survives him.

Other survivors are a son, B. James of Birmingham; two daughters, Mrs. Evanca Sharcuff of Toledo, Ohio and Mrs. Wallace R. Williams of Pontiac, three grandchildren; one great-grandchild; a brother and sister, both living in Bulgaria.

Service will be at 2 p.m. Monday from the Donelson-Johns Funeral Home. The Rev. Father Kirel Zoncheff, pastor of the Toledo church will officiate with burial following in Oak Hill Cemetery. Friends may call at the funeral home after 8:30 this evening.

Cobo Rebuffed on Water Plan

Wayne Supervisors OK $50 Million Program Over Protests

Ignoring Mayor Albert E. Cobo's Huron pipeline program, the Wayne County Board of Supervisors yesterday approved a $50 million water program, over the protests of Cobo backers.

Willis H. Hall, secretary of the Board of Commerce, and John H. Witherspoon, city controller, had urged the board to delay action pending further study of Cobo's $85 million pipeline plan, announced Tuesday.

Cobo said yesterday he has neither rejected nor approved the plan to pipe water from Lake Huron to communities in Oakland and Macomb Counties. He said he would be interested if the two counties had a better answer.

The statement came in reply to expressions of surprise at the Tuesday announcement by area officials concerned with the growing water supply crisis.

Royal Oak Mayor Howard K. Kelley, chairman of the newly-formed Southeastern Michigan Water Authority, said he had not heard of the Detroit plan before Cobo's announcement.

side at 2 a.m. by a telephone call from the First Lady.

Then, as today, the President's ailment was first described as an upset stomach ("digestive upset" in the former case).

The intestinal disorder was Eisenhour's first bout with illness since his heart attack and it brought reporters and photographers on the run to the White House.

Hagerty's 12:20 p.m. (EDT) news conference was packed with nearly 100 newsmen waiting tensely for his bulletin on the President's condition.

This is what they heard from the news secretary:

"The President has an attack of ileitis (inflammation of the lower portion of the small intestine.)

"As a precautionary measure he is being taken to Walter Reed Hospital this afternoon.

"His blood pressure and pulse are good. He has no fever.

"There is no indication of any heart trouble."

American Airlines Tells of New Service

American Airlines will inaugurate a new DC-6 Flagship service to Mexico June 19, it was announced by Jack A. Tompkins, Detroit District Sales Manager for the airline.

The standard-fare service, to be operated five times weekly, will be in addition to one daily standard fare and one daily DC-6 aircoach now in existence.

Detroit passengers will connect with the southbound flight 151 at Midway Airport in Chicago, leaving Detroit at 10:50 p.m. EST on American Airlines flight 753.

Birmingham Golfer Out of Tournament

CHANTILLY, France (AP)—Former British Amateur Champion Joe Conrad of San Antonio, Tex., and eight other Americans gained the fourth round today in the French Amateur Golf Tournament.

Four other yanks were beaten, three of them eliminated by their fellow countrymen.

The amazing Henri De Lamaze of Paris, defending champion and six time winner, was among those to advance through the third round.

Conrad, who won the British Amateur in 1955, defeated Tom Draper of Birmingham, Mich., 2 and 1. He played steady through unspectacular golf and appeared to apply the pressure only when necessary.

swept away in the cascading remnants of powerhouse walls. His body was not immediately recovered.

Draper and the others had been working feverishly sandbagging a leak at the base of the station half a mile downstream from the American Falls, where a giant rockfall destroyed Prospect Point July 28, 1954. The seepage had been discovered only a few hours earlier.

* * *

The staccato reports of cracking walls warned the men that the end of the building was near.

"All I know is that the walls and ceiling started to come down and I ran like hell," said Chris Nelson, 25, one of the crew. "I didn't stop for anything. I was really scared."

The station, largest hydro plant in the Niagara Mohawk system, was hit by three earth-shaking slides which followed each other in rapid order starting just before 5:30 p.m. When it was over, the six turbine generators in the two sections were buried in debris at the bottom of the 220-foot gorge.

* * *

The destroyed generators, all used in Niagara Mohawk's 25-cycle service for heavy industry, had a capacity of 200,000 kilowatts. The loss of power brought much of the area's chemical industry to a halt

FOUR GENERATORS

The third section, where company officials hoped they might salvage some remnant of their investment, housed four 7,200-kilowatt generators in 25-cycle service and nine 8,000-kilowatt generators in standard 60-cycle service.

* * *

All power in this city of almost 100,000 was cut off. A gradual return began within two hours as the company tapped current from other sources.

* * *

A company official said the collapse might have been caused by a seepage of water into rock crevices between the face of the gorge and the canal that fed water into the station to power its turbines. He suggested there was an "earth movement" in the area.

MINOR QUAKE

Dr. Austin C. McTigue, in charge of the Canisius College seismograph in Buffalo, said he believed there had been a minor earthquake. He said Niagara Falls was in an area subject to "adjustments" in the earth's surface. The seismograph recorded nothing, however.

Soon after the incident, state park police closed the Cave of the Winds and Prospect Point to sightseers.

* * *

An Air Police group from the Niagara Falls Air Station was summoned last night to help guard the city against looting during the enforced blackout.

* * *

Regular city police, state authorities and civil defense forces were mobilized for other assignments.

City Resident Injured in Crash Into Pole

Leon Bowers, 41, of 221 State St., was in good condition at Pontiac General Hospital today following a Thursday night crash into a utility pole at Elizabeth Lake and Cooley Lake Roads, Waterford Township.

He suffered lacerations of the right elbow and scalp in the crash, the hospital reported. Investigating Waterford Township officers said Bowers hit the pole after losing control of his car on a curve.

Summer Recreation Program Is Announced

BIRMINGHAM — The summer recreation program will include swimming, music, rifle shootings, baseball, radio dramatics, golf, tennis, and day camping.

Announcement of the complete program came today from the city's recreation director, Robert Girardin.

A group of programs begin June 19 and run through July 27, but others will be announced as the summer weeks pass, Girardin says

At Barnum School Pool, where 10,000 youngsters are expected to swim this summer, classes for boys and girls who will be held. Beginners will swim in the early day, with advanced swimmers in late afternoon.

Rifle shooting will be at the police range, Cranbrook and Lincoln, for boys and girls nine years and older. Radio dramatics will be at the high school, weekday mornings for junior high schoolers only, wtih programs to be performed for local radio stations.

BASEBALL ALL DAY

Baseball at 13 ball diamonds include free play in the mornings and afternoons and league play in scheduled evenings. Fourth grade boys and girls and older may join the junior sports program at the high school gymnasium, for supervised ball games and gymnastics.

Golf at Springdale Park will be in a program for 8 to 15 year olds Monday and Thursday until 1 p.m., with free instruction given to those registered. Only Birmingham residents are eligible, Girardin emphasizes.

Playgrounds at city parks and school playgrounds are reserved for boys and girls over five years. Elementary craft work will be from 9 a.m. to 12 noon at Quarton, Pierce, Adams, Torry and Pembroke Schools on weekdays.

Music at Baldwin school will be fee and registration, with classes rated by ability. Arnold Berndt and Robert Kutscher will teach classes in band, orchestra, and individual music.

Tennis will be played at Barnum, Springdale, and Eton Park, with instructions on request at Eton, at no charge. Day camp, for boys and girls eight years or older, will be held at Springdale park, with fees only for craft materials used.

MURRAY D. VAN WAGONER

Name Van Wagoner as Awards Speaker

Former Governor Murray D. Van Wagoner will be the guest speaker at the National Quality Award breakfast of the Pontiac Life Underwriters Assn. Wednesday at the Waldron Hotel.

The National Quality Award will be given to 12 life underwriters, in recognition of "achievement of high professional standards."

The 8:30 a.m. session will be the ninth year of local awards. Chairman of the event is Robert H. Wilkinson.

Based on the principle that policy holders benefit from the higher standards of persistency and from the high quality of service agent are encouraged to render, the award was instituted some 12 years ago, by the National Assn. of Life Underwriters and the Life Insurance Agency Management Assn.

Give Father Probation in Children's Truancy

A father was placed on one-year probation yesterday after he was found guilty of failing to send his children to school.

Calvin C. Jones, 29, of 256 Earlmoor Blvd. was sentenced by Pontiac Municipal Judge Cecil McCallum.

Hazen Speaks at School

Report Says Shepilov Set for Egyptian Visit

CAIRO, Egypt (AP)—A Soviet Embassy spokesman announced today that Soviet Foreign Minister Dmitri Shepilov will visit Egypt "at the invitation of the Egyptian government."

The spokesman would not say when the visit would take place, but the semiofficial Middle East News Agency reported Shepilov had been invited to attend the celebration June 18 of the final evacuation of British troops from the Suez Canal zone.

This appeared to refute a report in a Cairo newspaper Wednesday that Premier Gamal Abdel Nasser would go to Belgrade in mid-June for talks with President Tito. It seemed unlikely Nasser would leave Cairo while a visitor of Shepilov's rank was here.

Mount Clemens Man Killed Walking on Road

MOUNT CLEMENS (AP)—George Reinhart, 63, was struck and killed by a car last night as he was walking along a country road six miles north of Mount Clemens.

Reinhart, formerly of Chatham, Ont., moved to Mount Clemens a week ago.

* * *

The driver of the car, Kenneth R. Johnston, 18 of New Haven, said fog prevented him from seeing the pedestrian.

Farmers' Importance

CLEVELAND, Ohio (AP)—It takes the output of 250 farm workers to meet the food requirements of every 1,000 new industrial jobs, according to Robert C. Hinton, a vice president of an electrical firm.

Porgy and Bess Troupe Fascinates Russians

NEW YORK (AP)—Endlessly staring faces . . . coffee that tastes like tired tea . . . thunderous rockin' rhythm ovations . . . and most of all, overwhelming curiosity about anything American.

These are diverse bits from the teeming kaleidoscope of a thousand impressions garnered on a two-month tour behind the Iron Curtain by the far-roming "Porgy and Bess" theatrical troupe.

* * *

Director - coproducer Robert Breen says: "It is quite a shock to discover that there is a place in the world where they quite literally know nothing about America. Along with that there is a fantastic, gnawing hunger to learn about us."

Everywhere the Negro players were asked about their life in America.

"It was fantastic to watch them when we told them that we go to college like anyone else," says one.

SO INTERESTED

Was any effort made to indoctrinate them? A soprano replies: "They are so interested in finding out from us that they just ask questions, let you do all the talking."

The dramatic troupe—65 players and a score of administrative workers—came home this week from a show tour that included 62 performances of the famous folk opera in Leningrad, Moscow, Stalinogrod, Warsaw and Prague. Blevins Davis coproduces the show with Breen.

* * *

The initial visit of any American road company to that part of the globe was partly underwritten by the Soviet government.

It was, members of the company agree, a standing-room-only success—and nothing elsewhere in the troupe's four years of barnstorming was quite like the Soviet ovation after a performance.

Helen Thigpen, who sings Serena, says, "It will be hard to get used to western applause again after that."

The roof really came off in Leningrad, birthplace of Alexander Smallens, veteran conductor of "Porgy and Bess," and also of the father of George and Ira Gershwin, the composer and colyricist.

In Leningrad too they found that schoolteachers had been assigned as waitresses—to see how and what Americans eat.

"Anywhere we went, anything that was needed, they had a standard answer—'No problem.' Then they would move in 50 stagehands—men and women—to move lights or whatever."

* * *

When the company reached Warsaw they found themselves in an industrial area, wanted to see the visitors too.

"The government offered to run special excursions to Warsaw," says Breen, "but Stalinogrod answered, 'No, bring them here and you can run excursions from Warsaw.' We added a week's visit to Stalinogrod."

Crash Kills Woman

BATTLE CREEK (AP) — Mrs. William Grundeman, Rte. 1, Albion, was killed yesterday and her husband injured in a two-car collision 12 miles east of Marshall on U.S. 12.

Knowland Disclaims Move for Presidency

WASHINGTON (AP) — Sen. Knowland (R-Calif) disclaimed knowledge today of a move to boom him for the Republican presidential nomination if President Eisenhower should change his mind about running.

* * *

Knowland said he knows nothing of the origin or sponsorship of circulars being distributed anonymously by a group which calls itself the "Knowland for President . . . if . . . Committee."

"I withdrew from the presidential race completely when Mr. Eisenhower announced for re-election," said Knowland, the Senate GOP leader. "I am an Eisenhower delegate and he has my complete support."

He described as "without any support from me" the group distributing the circulars, being mailed from P.O. Box 1222, Glendale 5, Calif. They contain the names of no individuals as sponsors and do not solicit money.

10,000 at UAW Picnic Consume Tons of Food

DETROIT (INS) — The United Auto Workers' annual picnic for retired members was attended yesterday by more than 10,000 persons at Detroit's Belle Isle.

The group consumed three tons of chicken, 1,200 pounds of beans, 80 bushels of cole slaw and 12,500 pints of milk. The picnic also featured a program of songs and entertainment.

Fight to Save Life of Stricken Detroiter

DETROIT (INS) — Doctors at Henry Ford Hospital in Detroit fought today to save the life of a 65-year-old woman found helpless on the floor of her home.

Police said Mrs. Mable Ellis of 8235 Dexter apparently had been without food or water since some time Monday after suffering what was believed to have been a stroke.

A neighbor, Mrs. Jane Merrell, 61, alarmed over not seeing Mrs. Ellis for several days and by the fact her porch was littered with unopened papers, investigated and found the woman lying in a kitchen hallway.

Mrs. Ellis was conscious but unable to speak.

Vet Pension Bill Showdown Set

House Group Convenes to Debate Plan Opposed by the President

WASHINGTON (AP) — The House Veterans Affairs Committee meets today for a closed-door battle over a $105-a-month veterans' pension bill reported to be strongly opposed by President Eisenhower.

Rep. Christopher (D-Mo), leading the fight for the measure sponsored by the American Legion said he thinks the committee should complete action in one or two sessions.

* * *

But he was cautious about predicting committee approval of the bill despite an initial victory for it when the House group, over strenuous opposition from Chairman Olin E. Teague (D-Tex), voted last Wednesday to take up the measure today.

The administration says the bill —the Legion's No. 1 legislative goal this election year — would cost 528 million dollars the first year and a total of more than 77 billion dollars by the year 2000.

* * *

The Legion challenges these figures as too high and says its proposal is only fair for those who served their country in uniform and are now in financial need.

The bill would provide pensions of $105 a month for World War I, II and Korean War veterans at age 65, within certain income limits.

Teague said the Veterans of Foreign Wars and the Disabled American Veterans have since written committee members protesting the decision to concentrate now on the Legion bill.

* * *

He said the DAV was "flabbergasted" at the decision to take up the pension measure ahead of proposals to increase compensation to veterans for harm suffered because of military service.

The VFW, he reported, complained of a general pension bill getting priority over plans like the VFW's which would apply only to World War I veterans.

Directs Area Planners

DETROIT (AP) — Paul M. Reid has been named executive director of the Detroit Metropolitan Area Regional Planning Commission. He succeeds T. Ledyard Blakeman, who resigned the $12,000 a year post to accept a similar job in the East.

Charge It Please! but Trick of Fate Exposes Fraud

LOUISVILLE, Ky. (AP)—Mrs. Elwanda Lorey, 22, told the saleslady to charge her purchases.

"What name please?" asked the saleslady.

The answer brought a call for the store detective, and Mrs. Lorey's arrest on 55 counts of obtaining goods under false pretenses.

Police said Mrs. Lorey made a habit of copying charge customers names and using them for own purchases.

This time the name and address given by Mrs. Lorey belonged to the saleslady.

Get Acquainted Dance Planned by Democrats

A "get-acquainted" dance for members of the Northwestern Oakland County Democratic Club and their guests will be held tomorrow night at Club Barrooom, Walter's Lake, chairman Cecil Warden said today.

The public in invited, Warden said, to meet members and Lt. Gov. Philip A. Hart, guest for the evening.

Owosso Man Delivers Own Daughter in Car

OWOSSO (AP) — Carl Veith, an Owosso linotype operator, delivered his own daughter yesterday in an automobile.

He was rushing his wife to the hospital but had to stop the car two miles short of the delivery room. A moment later the baby girl was born.

Veith wrapped both wife and child in a blanket and drove on to the hospital.

Doctors said he did an excellent job. Both mother and daughter were reported in good condition.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

FRIDAY, JUNE 8, 1956

Grand Trunk Willing to Spend $700,000 Here

Donald Gordon, President of The Grand Trunk Western Railway and also of The Canadian National, brought good news when he disclosed current thinking of the railroad in regard to Pontiac.

The two big plants in the north end of the city have been badly handicapped of late by a lack of switching facilities. No one — and that includes General Motors, the Railroad and the City — had any idea that the plants here would ever attain the size and magnitude that they have.

★ ★ ★

Pontiac Motor Division and Fisher Body have simply outgrown anything that was even remotely predicted when The Grand Trunk started serving them. Hence, as the passage of years brought all the additional freight handling, a bottleneck arose that harassed the two plants and which made the railroad's work doubly difficult.

★ ★ ★

"We don't necessarily think our current answer is perfect," said Mr. Gordon, "but it certainly is the best anyone has been able to produce. It gives us a much more workable arrangement and guarantees that the two plants will receive cars in a more expeditious manner and one that will serve them and their employes in much better fashion. The current delays have become exceedingly vexatious to the Corporation and the Railroad.

★ ★ ★

"We want to work out the details with the City of Pontiac and have asked City Manager Walter K. Willman for his assistance and for any suggestions the city officials may have to make."

★ ★ ★

Mr. Gordon expressed the hope that the work could start at the earliest possible momend. A little additional employment right now in Pontiac will be a happy circumstance for all concerned. The total Grand Trunk expenditure in Pontiac will approximate three quarters of a million dollars.

Kefauver Hopes Fade in California Setback

It now appears that Adlai E. Stevenson is in the driver's seat in the race for the Democratic Presidential nomination.

By a crushing margin Illinois' former Governor swept to victory over Estes Kefauver in the key California primary. Long before the count was complete, the 1952 standard bearer was polling well over 60 per cent of the vote. In fact he captured the State's 68 convention delegates so decisively that Sen. Kefauver's nomination hopes all but vanished under an avalanche of Stevenson votes.

★ ★ ★

This is not to say, however, that the nomination is in the bag for Mr. Stevenson. Nothing is that certain in politics. But counting the delegates he won in the California, Montana and South Dakota primaries, he has a total of 259½ of the 696½ needed for nomination, or 93½ more than Sen. Kefauver.

A strong probability is that a goodly percentage of the 370½ publicly uncommitted delegates eventually will swing to Stevenson at the Chicago convention in August. Other candidates have a total of 226.

★ ★ ★

Sen. Kefauver naturally was disappointed by his showing in the Golden Gate State. But he took his defeat gracefully, wired congratulations to his victorious rival and declared that he would continue his fight for the nomination.

The Tennessean is an able and tireless fighter. Nonetheless, at this stage the delegate margin held by the Illinoisan has all the earmarks of an insurmountable obstacle.

King Coal's Revival

One of the economic miracles of the last two years is the manner in which the long sick coal industry has revived.

The upturn in this basic industry began last year after output had slumped to a low point of 392,000,000 tons in 1954. That figure was only a little more than half of the all time record production of 630,623,722 tons in 1947.

★ ★ ★

Reasons for this improvement aren't hard to find. One is the increased demand for American coal in Europe. Exports last year reached 35,000,000 tons, more than double the 1954 total. Another is the large number of new industrial plants along the Ohio River from Pittsburgh to the Mississippi. Almost all are big users of coal or of the electric output fueled by coal.

Last year output soared 20 per cent above the low point of 1954 and coalmen now are talking about total 1956 output of 500,000,000 tons. At present the only cloud on the coal industry's horizon is the possibility of a nationwide steel strike.

★ ★ ★

It takes about a ton of coal to make a ton of steel and a long walkout would be a bitter blow for mining interests and miners. So far, however, industrial demand for coal has been heavy due to the boom in steel.

In other words, coalmen have good reason to think in terms of prosperity for their industry. When things are good for both coal and steel, they generally are good for the country as a whole.

—And Then the Fun Begins

David Lawrence Says:

Ike's Unbriefed Statements to the Press Hurting Foreign Aid Plan in Congress

WASHINGTON — President Eisenhower's foreign-aid program — mostly military and much needed — is in trouble in Congress, and this is due largely to his own mistakes in tactics.

Thus, the damage done by the President's offhand remarks at Wednesday's press conference is incalcuable. Even the clarifying statement issued Thursday afternoon does not erase the injury done when the President, in effect, encouraged "neutralism" and caused the many Allies and trusted friends of the United States in southeast Asia who have joined America in military alliances to wonder if they were being let down by Eisenhower.

The telephones buzzed with expressions of shock and surprise and at times righteous indignation as the news of what Eisenhower said on Wednesday reached diplomats who represent America's Allies in Asia. On Capitol Hill there was consternation. At the State Department there was an obvious discomfort but a discreet silence.

NEUTRALITY EXPLAINED

To understand what happened it is necessary to present here the text of the President's remarks at the press conference as authorized for publication:

"Now, today there are certain nations that say they are neutral. This doesn't necessarily mean what it is so often interpreted to mean, neutral as between right and wrong or decency or indecency.

"They are using the term 'neutral' with respect to attachment to military alliances. And may I point out that I cannot see that that is always to the disadvantage of such a country as ours.

"If a nation is truly a neutral, if it is attacked by anybody — and we are not going to attack them — public opinion of the world is outraged. If it has announced its military associatoin with another great power, things could happen to it, difficulties along its borders and people would say: 'Good enough for it. They asked for it.' So let us not translate this meaning of the word 'neutral' as between contending military forces, even though the conflict is latent, and neutral as between right and wrong."

But, asked some of the diplomats who represent countries that have already joined America in military alliances: "Shall we tell our people now that they were wrong and that, if attacked, they 'asked for it'?"

PALS ADVISE STATEMENT

The President heard from his colleagues inside the government who advised a public statement. Here it is in its essential part:

"It is obvious that in some countries of the world there are certain ideological, geographical or other reasons making military alliances impractical. Such nations may declare themselves to be neutral, hoping thus to secure the support of world opinion against attack from any quarter. Neutrality does not mean either disarmament or immunity from attack. We have had historical examples of this kind of neutrality for many decades . . .

"The President does believe that there are special conditions which justify political neutrality but that no nation has the right to be indifferent to the fate of another, or, as he put it to be 'neutral as between right and wrong or decency or indecency.'

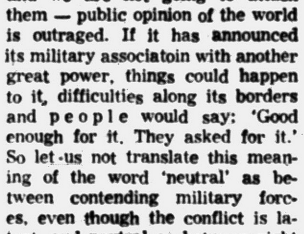

"The President does not believe that association for mutual security with the United States will involve any country in added danger but, on the contrary, will provide added security on the basis of mutuality and scrupulous respect for the independence of each. As the President pointed out, the United States is not going to attack anybody; but some great powers have shown an aggressive disposition, and military association with such a power could lead to difficulties."

Why did the President plunge into such a delicate field of discussion, anyway, without going over carefully in advance with the secretary of state the text of what he had to say?

The answer is that, with the press conferences conducted as they are today, when a president's impromptu remarks are quoted directly without regard for the sensibilities of governments abroad, tragic mistakes like this will happen. They have occurred before under previous administrations, too.

Unfortunately, Eisenhower isn't "briefed" in advance as he should be. Many of his friends in New York and elsewhere who have access to him have been dinning into his ear statements about the Asian situation which seek to justify neutralism and the expenditure of billions by the United States to nations that tomorrow may become communist.

Don't Use Formaldehyde on the Feet of Youngsters

BY WILLIAM BRADY, M. D.

The use of formaldehyde solution to prevent excessive or foul sweating of the feet has two drawbacks. First the official 37 per cent formaldehyde solution (Liquor Formaldehyde U.S.P.) is caustic and should never come into contact with the skin. Second, even dicommercial 35-to-37½ percent Liq. Formaldehyde in seven parts of water) may prove too irritating for the skin, so it is better to use a very dilute solution the first time—say one part of the standard Liquor in 15 or sixteen of water, or an ounce in a pint. If this doesn't prove fairly effective, then next time use a solution of one part of the 37 per cent Liq. Form. in seven parts of water—or a fluid ounce in the half pint.

The same dilute solution may be used once a week to mop the skin of the palms and palmer surfaces of fingers and thumbs to correct excessive sweating of the hands. But you had better proceed with caution. Perhaps it would be wise to try it on one hand only the first time, and wait a few days to see whether your skin can take it. Mop the skin once over, using a bit of cotton or cloth on a stick, and let it dry on.

The second drawback in the use of formaldehyde is—well, don't be embarrassed if an impudent clerk implies you are crazy. In recent years readers of this column have been getting that routine from some drugstores, not just about formaldehyde, but when they asked for such plain old household items as boric acid, iron-and-ammonia-citrates (for making their own blood tonic) and potassium citrate (for whipping up a batch of cough medicine).

For control of moderate sweating of the feet most persons prefer to treat the insides or insoles of the shoes say once a fortnight by pouring from one shoe to the next an ounce or two of one-to-eight solution of formaldehyde and letting the shoe dry in the open air or sun for 24 hours before wearing. Or treat the feet or socks in the same way.

One with sweaty feet should (1) go barefoot as much as possible, (2) avoid tight shoes, (3) avoid hot water — and in fact avoid all bathing of the feet.

Do not use formaldehyde on the feet of children. Instead apply borated talcum powder freely inside the shoes and stockings every day — and don't be deterred by the recent phony "poison" alarm whipped up by the "science writers."

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Harris Worst Manager, 'Old Tiger Fan' Says

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

I'm sorry to see Briggs sell the Tigers, but at least we'll get rid of the worst manager of all the 16 major league teams. Who else would keep the second best hitter in the league on the bench half the time? He's hitting .380 and is replaced by a various group of humpty dumpties that range from 100 to 150 points behind him.

Who but Harris would play a man at second base that has a batting average of less than .100? In all my 20 years of observing baseball, I never heard of a "regular" that batted less than .100. Think of it! Nearly all the pitchers in the two big leagues hit a lot better than that. And this particular Harris-selection is apparently the "best" of half a dozen that good, ole Stanley has tried out at second.

Why doesn't he play Kennedy at second?

It's a good thing Ty Cobb never had the misfortune to play for Harris. He'd be on the bench every time they faced a left hander. I expect him to bench Kuenn any day now when a good right hander is in there. That will be the signal for me and my other pals in the centerfield bleachers to arise and walk from the ball park until Harris is replaced.

Red Unmasking of Stalin Leaves Policy Untouched

By JOHN H. MARTIN
INS Foreign Director

Nikita Khrushchev's speech against the dead Stalin will be regarded in Western nations as the most authoritative indictment yet of communism.

The recently released State Department version of Khrushchev's address to last February's 20th Soviet Party Congress contains contradictions.

But its impact should arouse horror even among some of the party faithful abroad. Stalin is pictured as a monster who sent hundreds of thousands to their death needlessly, on battlefields, before firing squads and in torture dungeons.

Yet Stalin's embalmed body still lies in Red Square, an object of reverence among millions of Russians who have not yet been given the full version of what Khrushchev said about the dead dictator.

* * *

Khrushchev was furious in denouncing Stalin's one-man rule, but the big unanswered question is what he and others were doing all the time that Stalin was liquidating the old guard Bolsheviks.

LAME EXPLANATION

His explanation that Stalin and the executed Lavrenti P. Beria worked closely without taking other Kremlin men into their confidence appears to be very lame.

At points in his speech he even cites the cases of old Bolsheviks who dared stand up to Stalin and who lost their lives as a result.

Khrushchev makes a hero out of Lenin, the father of the resolution, and a cowardly villain out of Stalin. But he does not denounce terrorism as a practice.

His point is that Lenin was justified in wholesale executions of the "class enemies" in Russia, but that Stalin was wrong in decapitating the "innocent" comrades in a later struggle for power in the party.

* * *

The present party boss' thesis is that never again must there be just one-man rule. It must be a "collective" leadership. Yet the totalitarian one-party system practiced in Russia remains. There is no real insurance that one-man rule might not occur again.

In fact, the present Kremlin rulers already have executed a few men. Khrushchev showed anger that Stalin could have suspected President Kliment Voroshilov of being a British spy. Yet he himself made the ridiculous charge that Beria was an "imperialist" agent.

* * *

Khrushchev told of "bird-brain" judges in the famous purges and said Stalin was a nitwit in not realizing that the Nazis intended to attack Russia.

Yet Khrushchev did not seek to excuse the Stalin-Hitler honeymoon pact of 1939.

In fact, on his trip to Britain recently when he got into a verbal brawl with British Laborites Khrushchev defended the pact that touched off the World War II bloodbath.

Case Records of a Psychologist

Group Forms 'Family Life Institute' to Promote Closer Home Relations

Wallace Wade and the YMCA at Covington, Kentucky, certainly have a unique "pilot plant" in their new project to foster family camping, recreation, fun together, retreats and spiritual life conferences in the new Family Life Institute on a 100-acre farm near the city. Churches and other moral agencies, please take note! This idea should spread widely.

By DR. GEORGE W. CRANE

Case R-377: While on my speaking date with the YMCA recently at Covington, Kentucky, I had a personal tour of the area with Willard Wade, the general secretary.

* * *

"I want to take you through DeVou Park," he said, and then we drove for 15 minutes through that beautiful hilltop park of nearly 600 acres.

"Mr. DeVou was regarded as a very frugal man, even to the point of being almost miserly," Mr. Wade continued.

"His pockets were always stuffed with bits of string which he saved and any trinkets that he thought might be of some later value.

"But when he died, he bequeathed this beautiful expanse of park land to us so that all generations to come might revel in its beauty and employ it for family picnics."

BRAVO, ROTARY

As we proceeded around a scenic hilltop, Mr. Wade said:

"This is Memorial Hill where our Rotary Club plants a tree in memory of each one of its members when the latter dies.

"And once per year the Rotary Club has a memorial luncheon out here at this beautiful spot. It is very inspiring, don't you think?"

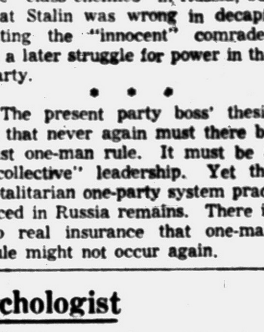

Yes, and I think it would be desirable for all our service clubs to remember their departed members in this manner.

A tree forms a lovely living memorial for our friends and loved ones. Its shade renders aid to the living for generations afterwards, so this tree-planting idea typifies an excellent dynamic type of tribute.

Bravo to you Rotarians! May your other clubs emulate what you are doing at Covington, Kentucky.

WALLACE WADE'S DREAM

Then Wallace Wade revealed his YMCA dream project. The "Y"

already has a summer camp for boys and girls on a 100-acre plot a few miles away from the city.

But adjacent to this Youth Camp, Mr. Wade is planning another 100-acre plot with a 15-acre lake, to be used as the site for a Family Life Institute.

* * *

"We are finding that it isn't enough to take boys and girls away to an inspirational vacation at our YMCA Camp," he added.

"We also need to stress a combined inspiration-and-vacation project for the entire family.

"That welds parents and children into a closer, more ideal relationship as Dad and Mother and their children can all spend a brief vacation together.

"So our Family Life Institute is to serve much as a pilot plant for the entire YMCA and similar moral organizations.

"We hope to enrich family life through the fun and Christian fellowship which the YMCA can so effectively produce.

"And we also expect to offer a 'Student Scholarship In-Training Program' by hiring a group of college men and women to be attendants and caretakers for the camp grounds.

"Meanwhile, they could be leaders for a few hours per day at the adjacent Youth Camp.

"And for their summer work, they would receive maintenance, plus a $400 partial scholarship to any college of their choice.

* * *

"Dr. Crane, don't you think there is need for more emphasis on fun and moral inspiration for the entire family as a group?"

Yes, Wallace Wade, I truly believe you have started such a worthwhile innovation in modern family relations that it may spread into a worldwide project.

It is the sort of thing some of our educational foundations might well consider, for we need a rebirth of closely knit family groups where morality and wholesome fun are combined.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Three Injured in Dixie Crash

Ortonville Boy Critical; 5-Car Crash Follows Tieup of Traffic

An Ortonville teenager suffered critical injuries and two other county residents were badly hurt in a head-on collision believed to have been caused by a driver falling asleep at the wheel early this morning, the Waterford Township police reported today.

They said there were no injuries in a five-car accident shortly after with the trafic being halted for the earlier crash.

Richard Finley, 14, of 220 Seymour Lake road, was in "critical" condition at Pontiac General Hospital with severe head and neck injuries. His uncle, Raymond Finley, 26, of the same address, who was one of the drivers, is in "fair" condition at the hospital with injuries to the chest and left leg.

James Eclar, 16, of 1005 Pontiac Lake Rd., Waterford Township, was reported in "poor" condition with severe chest injuries and a possible fractured jaw.

The investigating police said apparently Eclar fell asleep at the wheel, resulting in his vehicle crossing the center line where he struck the oncoming Finley car head-on. The crash was on the Dixie Highway near Hatchery road at 7:10 a.m.

The five-car pileup took place while police were holding up traffic and allowing only one lane of travel at a time. The police spokesman said two oncoming cars skidded into three stopped vehicles on Dixie near Sashabaw road.

Bedroom Burglar Escapes Once More

Pontiac's "Bedroom Burglar" slipped through his victim's fingers again last night. He still remains a mystery.

For a second time since the midnight sneakthief began his long string of home burglaries last January, he was sighted by a couple awakened in their bedroom.

But the only description Mr. and Mrs. Charles Jenks of 767 Wing St. could give of the culprit was, "He was very light on his feet".

They said they were awakened at 4:20 a.m. while the burglar was snatching Jenk's trousers and wallet and a purse. The man fled, the couple told police, taking the articles and $1.20.

The trousers and purse were found discarded near the home, police said. The burglar evidently entered through an unlocked basement window and escaped through an unlocked side door.

Man Kindles Bonfire to Protest Church Ban

Chester Waugh continued the fight against the church which "disfellowshipped" him by burning a model "kangaroo court house" before the Drayton Plains Jehovah's Witnesses Temple last night.

Waugh has repeatedly sought readmittance to good standing in the church, and at one time had a circuit court injunction preventing the congregation from keeping him from their services. The injunction was later dismissed by Oakland County Circuit Court.

Some of his past attempts to gain admittance have led to scuffles, but there was no violence last night. Church leader William P. Strong declined to comment on the burning model. Waugh has maintained that he was not allowed to appeal the church's decision to disfellowship him.

Love Turns Sour

SANTA MONICA, Calif. (AP) — Sammy Fain, 53, composer of the Academy Award - winning song "Love Is a Many Splendored Thing," is being sued for divorce. Jane Fischer, 25, an actress and dancer, charged cruelty in a petition filed in Superior Court. She asks $1,115 monthly alimony. She estimated his income at $7,500 a month.

Name Poehlman to Chamber Job

Assistant Prosecutor Will Assume Position on June 18

Gerard A. Poehlman, 42, assistant Oakland County prosecutor, has been appointed assistant manager of the Pontiac Chamber of Commerce, Manager John W. Hirlinger, announced yesterday.

He will assume his new position June 18.

Poehlman, who lives with his wife and three children in Drayton Plains, has served in his present capacity since November 1954. Previously he was associated with the Abstract and Title Guaranty Co. in the city.

Hirlinger, who held the position for nearly three years before his appointment as manager, said Poehlman's primary duties will be with the Business Ethics Board and certain committee assignments.

"His personality, self-control and broad background will be very helpful for our type of operation," Hirlinger said.

Poehlman was admitted to the Bar in 1941 after graduating from the Wayne University Law School the same year.

He practiced law in both Pontiac and Detroit and served as Wayne County assistant prosecuter for two years, 1947-49. He served as legal counsel at the Detroit Arsenal and as a contract negotiator and assistant chief of personnel relations for the Navy.

Commencement Set for St. Fred Seniors

Commencement exercises will be held at 8 p.m. Sunday for 63 St. Michael High School seniors in the church.

The Rev. Michael J. O'Reilly will address the graduates and award diplomas. Benediction of the Blessed Sacrament will follow.

Seniors will attend 7:30 mass in the morning with their parents. Following mass will be a baccalaureate breakfast in the parish hall prepared by the Altar Society.

On the program will be Gerard Steinhelper, president of the class; Mary Heitjan, salutatorian; Fred West, the Rev. Mr. O'Reilly and assistant priests the Rev. Norman Thomas, the Rev. William Immel and the Rev. Francis Orlik; Elaine Neussendorfer, Patricia Sears; Judy Marentette; and Janet English, valedictorian.

The Rev. Mr. O'Reilly will present honor certificates, perfect attendance awards, commercial certificates and other awards during this program.

Crippled Plane Safe

LOS ANGELES (AP) — A Pan American Clipper from Honolulu with 62 persons aboard landed safely at International Airport early today after flying the last 1,100 miles on only three of its four engines. Capt. H. J. Blanco of San Francisco said he feathered the No. 2 engine when it started acting up.

Thieves Are Calling on Telephone Booths

The Michigan Bell Telephone Company has alerted police departments throughout the state to be on the lookout for thieves who have been looting outside telephone booths in recent months, the Oakland County Sheriff's Department learned today.

Twenty - six such phones have been reported broken into since April 9 with the majority in the lower peninsula.

Four of the total were alleged to have taken place in Oakland County with two in Drayton Plains and one each entered in Holly and Clarkston. Detroit headed the list with six phones looted.

The losses have averaged $50 a breakin, according to Bell officials. But they warned police officials that telephone cash boxes can hold as much as $100.

Police throughout the state have been asked to check the booths occasionally while on patrol as the telephone company is unable to determine such breakins until a regular collection day.

Who's in the Right?

TULSA, Okla. (AP) — An assault and battery charge has been filed against a tavern manager. Asst. County Atty. Jim Griffin said Byron E. Harrell complained he went to the tavern to patch things up with his estranged wife. He said the manager, who was listed only as "John Doe," then started an argument. The reason? Harrell had brought his own beer.

5 Youths Disappear From Juvenile Home

Five teenagers who disappeared from the Oakland County Juvenile Home late Monday night are still missing, a spokesman for the home said today.

George Boomer, 15, of Royal Oak; Duane Ferrand, 15, of Clawson; Ronald Wilhite, 15, of 1406 W. Marshall St., Victor Wood, 14, of Detroit; and Barbara Cicos, 18, of Royal Oak, are the missing persons. The four boys were all residents of the home and Miss Cicos was a ward of the Juvenile Court.

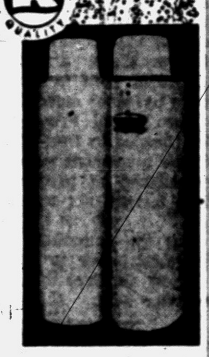

The missing residents were reportedly discovered to be away from the grounds at 11:45 p.m. Monday and have not been heard from since by officials at the home.

How To Hold FALSE TEETH More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

Seeks Re-election

FREMONT (AP)—Sen. Don VanderWerp, a member of the state Senate since 1935, has announced his candidacy for renomination in the August primary on the Republican ticket. VanderWerp published the Fremont-Times Indicator for 39 years before retiring to devote full time to legislative duties.

Says Haiti Rejected Huge Russian Loan

NEW YORK (AP)—The New York Herald Tribune said today the Republic of Haiti has rejected a proffered 100-million-dollar loan from Russia.

A Washington dispatch to the newspaper gave this account:

Soviet Russia offered the loan to the Negro republic recently as part of Russia's new economic drive to penetrate the Western Hemisphere.

Russian "technicians" were to go to Haiti to supervise whatever was done with the money, however, and Haiti said "No, thank you," very firmly, even though it is the market for more loans to develop its economy.

High Price of Matrimony Draws Prosecutor's Eye

A Madison Heights justice of the peace who has been charging $10 for $2 wedding ceremonies promised yesterday he wounldn't do it any more, Prosecutor Frederick C. Ziem said today.

JP Charles O. Williams also is receiving attention from the newly-organized Oakland County Judicial Association, which holds he should not be avertising his marrying rates in the mail.

* * *

Williams has sent form letters to applicants for marriage licenses, saying:

"You are assured of a quite, dignified ceremony. My fee for performing the marriage ceremony is ten dollars."

* * *

Ziem said yesterday the fee set by Michigan statute is $2, but there is no penalty set by law fro charging more than that.

He said Williams told him several lawyers had given "off-hand opinions" that the $2 price was the minimum charge, and that more could be asked.

* * *

Williams, an associate justice, has married 53 couples in the past six months. He added, "I'd like to marry 10 couples a day. I could do nicely on that."

Labor to Purge 'Racket' Unions

AFL-CIO Charts Own Search by Establishing Powers for Group

WASHINGTON (AP) — Organized labor today charted its own search for racketeering within union ranks.

* * *

The AFL-CIO Executive Council gave its Ethical Practices Committee full authority to proceed with an all-out investigation and recommend any punishments it deems proper. A staff and counsel also were provided. The committee promised early hearings.

* * *

The move yesterday came only a day after the White House confirmed that President Eisenhower had offered AFL-CIO President George Meany any federal help he might need in rooting crooks from the labor movement.

The Ethical Practices Committee, headed by President Al Hayes of the machinists union, had been established as part of the AFL-CIO merger six months ago.

* * *

But the committee then found it lacked power to proceed.

"Now we have the power," one member said.

The U.S. population is growing at the rate of 1 every 12 seconds.

Russia's Jet Airliner Tops U. S., Says Ketcham

NEW YORK (AP)—Gari H. Ketcham came home today from his visit with Russian fliers and a ride in one of their new jet airliners.

Ketcham, 27, a Trans World Airline copilot from Clifton, N. J., said he took a month leave just for a "friendship visit" to Russia to get acquainted with that country's aviators.

'Oceana' Now Flagship

PENTWATER (AP) — The sea scout ship Oceana, a former Navy landing craft and Coast Guard vessel, now is operating as the flagship of the Timber Trails Council. The craft, reconditioned last winter in Wisconsin, was given to the council by the Coast Guard and is based at Pentwater.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

HOME ON THE RANGE — 5
THE CAMPFIRE

When the day's work is over and the sun is setting, ranch workers and their visitors are ready for fun around the campfire.

A heap of logs is pushed under the cooking rack, from which a roast can be hung. There is a big pot of coffee, a frying pan full of hash brown potatoes and a kettle of beans.

Fold the base forward on the dotted line, and fold the end tabs back. Cut the slits on the top bar of the rack and slip the tabs of the roast into them. Slip the coffee pot into the slit indicated around the tongue of flame in the center of the fire, and the bean pot into the other slit in the fire. When the beans are cooked you can stand the bean pot up by folding back the tab, and put the frying pan in its place on the fire.

(Meg Matthew, Lakewood, Ohio, first submitted this idea. If you send in a useable idea for Junior Editors care of this newspaper it may be worth $10 to you. Violet Moore Higgins; AP Newsfeatures.)

GEORGE'S - NEWPORT'S

Soviet Russia Never Deviates From Basic Doctrine of the Dialectic

By WILLIAM L. RYAN
AP Foreign News Analyst

Soviet communism is playing a bold double game.

The Kremlin seeks to make itself respectable in the eyes of the Western world. But it makes no effort to hide the fact that it still actively supports and inspires revolution by violence.

* * *

Moscow proclaims itself the champion of peaceful coexistence. But Communist doctrine in its up-to-date revision clings to the notion that Western capitalism must lead to war.

PREACHES DECEIT

Russian leaders are engaged in a concentrated campaign to win friends. But Moscow still preaches subversion by trickery, deceit and violence.

The Soviet hierarchy throws out one challenge after another to the West, and looks for challenges to accept. It may even go so far — the light of reappraisal of push-button war prospects of the future — as to accept some aspects of President Eisenhower's open skies proposals for mutual air inspection of military installations.

* * *

The Russian leadership may do this because its planning is long range. The immediate objectives are propaganda victories aimed at breaking down Western unity. For the next 10 years at least, the Soviet Communists have indicated, the idea of world war is ruled out. But the Soviet Union will remain armed to the teeth, prepared to take advantage of any accident that might require a revision of the timetable.

SOVIET PROGRAM

The Soviet program has been publicly spelled out, for the benefit of Communist leaders from 55 countries who attended the 20th Soviet Communist Congress in Moscow last February. The dogma, laid down in the resolutions of that Congress, is that there can be no true peace while capitalism exists. The specific resolution said:

* * *

"While capitalism remains on earth, the reactionary forces representing the interests of the capitalist monopolies will also, in the future, strive for military adventures and aggressions and try to unleash a war."

BASIC DOCTRINE

The doctrine newly affirmed by the whole Soviet collective leadership is that all nations must come to "socialism." Means may vary. In some cases the transition must be violent because there will be resistance.

"There is no doubt," the resolutions informed world Communists, "that for a number of capitalist countries, where capitalism is still strong, where it has in its hands an immense military and political apparatus, a sharp exacerbation of the class struggle is inevitable."

* * *

Deceit will be used where necessary. Communists were told they must strive to unite with other groups and win parliamentary majorities which could turn parliaments into "instruments of the people's will."

AWAITS CRASH

The Communist leadership bases its thinking on the idea that world capitalism is in crisis. It waits for an economic crash in the United States which will send Europe into a tailspin. On this basis, the U.S.S.R. has undertaken a 10 or 15-year program of building for economic competition with the United States.

* * *

The Soviet Union is cautious. When things get dangerously hot, the Russians withdraw. When there was danger in the Middle East, for example, the Russians pulled the rug from under the Arabs and supported the idea of a negotiated Arab-Israeli peace. Most likely they will continue to pull back from dangerous situations, just as they will continue their attempts to win friends and influence people. Does this mean the Communist world leadership has reformed?

Its published program is evidence to the contrary. The West has been amply forewarned.

Son to Follow Dad in Michigan Politics

YPSILANTI (AP) — James E. Warner, has announced he would seek the office his father held for 30 years.

The elder Darner died in April, after 15 terms as the representative from Washtenaw County's second district. His son is the president and general manager of Warner Dairy, which serves most of Washtenaw County.

* * *

Warner is opposed on the Republican ticket by several other candidates. He is supported by a citizen's committee which presented him with signed nominating petitions. Warner was last month elected to the Ypsilanti Board of Commerce. He is married and has two married daughters.

Gunman Slays Two in Saloon

Fast-Moving Murderer Also Shoots Newsboy in Chicago's North Side

CHICAGO (AP) — A fast-shooting gunman invaded a North Side tavern early today, fatally shot one of the owners and a dice girl and then wantonly killed a 32-year-old newsboy in the street.

Police said they had learned the identity of the gunman from a brother of one of the victims. They described him as an enraged exconvict who had been arrested for creating a disturbance in the tavern a month ago.

* * *

The assassin first fired three shotgun blasts at Max Epstein, 45, who was in back of the bar of Mickey and Maxie's Miracle Cabaret at 1114 Argyle St.

Police said that about half a dozen customers were in the tavern when the gunman entered and started blasting at Epstein. They ran for cover and Epstein's brother Mickey, 37, rushed to a rear room to get a gun.

The gunman, after shooting Epstein, ran half the length of the bar and fired at the girl, identified as Lois Gates, 28.

The gunman threatened some of the customers as he fled from the tavern. Running into the street, police said, he bumped into a newsboy.

He fired one shot at the man, who was not immediately identified. He died shortly after he was taken to Edgewater Hospital.

Mickey Epstein told police that the slayer was Lawrence N. (Larry) Neumann, 28, whom he had arrested last May 9 after they had a fight in the tavern. Police said records showed Neumann had served prison sentences for armed robbery.

Bulganin, Khrushchev Plan Scandinavian Tour

OSLO, Norway (AP)—"B. and K." are lining up a Scandinavian tour.

Norway, Sweden and Denmark announced last night that the Soviet Union's traveling leaders—Premier Bulganin and Communist party Chief Nikita Khrushchev—have accepted invitations to visit them. Moscow radio said the trip would be made during the first half of 1957.

Bulganin and Khrushchev in the past year have visited Britain, India, Burma, Afghanistan and Yugoslavia.

The Soviet chiefs' Scandinavian tour will return visits to moscow during the past winter by Premiers Tage Erlander of Sweden, H. C. Hansen of Denmark and Einar Gerhardsen of Norway.

14—ANTI REUTHER

Anti-Reuther Group Wins Dodge Election

DETROIT (AP)—An anti-Reuther slate captured eight of nine top offices in a Dodge local 3 United Auto Workers election.

C. Pat Quinn, head of the anti-Reuther group, was elected president over Art Grudgen, 3,858 to 3,213. Quinn succeeds Joseph Cheal who did not seek re-election.

The Quinn slate also carried most of the 26 delegates to the state CIO convention.

Mike Novak, president of the Wayne County CIO council, took an active part in the election on behalf of the Reuther slate.

A total of 7,423 of the local's 12,000 working members voted.

More than 12,000 of its members are laid off.

Detroiter Addresses Conference in Dayton

DAYTON, Ohio (AP) — More than 500 representatives from 204 cities in 38 states, Canada and the Philippine Islands were on hand today for opening sessions of the sixth annual conference of campaign leaders of the United Community Funds and Councils of America.

"I am convinced that further growth of federation is inevitable," the leaders were told by Ray R. Eppert, executive of the Burroughs Corp. of Detroit, Mich.

Traffic Offender Asks Deduction for Cab Fare

CHICAGO (AP)—Policeman Thomas Clifford told the judge he found taxi driver Frank Leonard, 33, driving in the wrong lane. Arrested, Leonard asked if he could drive to the police station and not leave his taxi unattended. Clifford agreed and rode along. It was a 55-cent trip.

* * *

When Judge Alphonse F. Wells fined Leonard $5 plus $5 costs, the cabbie proposed, "Can't I pay only $9.45 to make up for that cab bill?"

* * *

The judge said he couldn't.

As Evidence Against Drunk Drivers

Police Eye Tape Recorder, Movies

The police Department is planning within a few months to submit films and tape recordings as evidence against drunk drivers.

Part of the equipment already has been purchased, but acceptance as evidence in court depends upon Pontiac's two municipal judges, according to Police Chief Herbert W. Straley.

He announced the project after hearing that the Chamber of Commerce safety committee yesterday recommended consideration of such evidence.

"We're way ahead of the committee," Straley said. "We've been laying groundwork in this for over a year."

Straley added that other police departments had been contacted about how such evidence can be collected, and that the project has been discussed with the city attorney and both judges.

He stressed, however, that the evidence would only be supplemental to the testimony of police officers.

Films, he said, could record the unsteady walk and other gestures of drunk drivers, while the tape-recordings could give evidence of slurred and stumbling speech.

He said the equipment may be centered at police headquarters, or possibly could be used at the scene of an actual arrest.

Clyle R. Haskill, chairman of the safety committee, pointed out the possibility of more convictions through use of the evidence. He said letters urging acceptance of the plan will be sent to the municipal judges.

Britain will have to stop the inflationary spiral in shipbuilding costs if its yards are to get the jobs, Walter C. Warwick, head of the Royal Mail Lines, said in Belfast, Northern Ireland.

Publisher Tells Business to Sell

'Don't Look for Clouds in Economic Sky, Realize the Profit Sun Shines'

FLINT (INS) — Arthur H. Motley, a director of the U. S. Chamber of Commerce and president of Parade Publications, Ind., said Wednesday night "Get out and sell products rather than talk up a new recession."

Motley told businessmen at the Flint Chamber of Commerce's annual dinner:

"We have a fundamentally sound economy, an economy that will continue to expand — if we let it. The way to hamper expansion is to look for all clouds in the economic sky and forget about the sunshine this country is enjoying."

He told the Businessmen that auto cities are suffering unemployment, but America as a whole has full employment and wages at the highest level in history.

* * *

"American industry plans the largest outlays in history this year," he said, "and the only thing truly bad about business today is its climate — too many people are thinking business is bad — and pretty soon it becomes a reality."

Cherry Trees Bloom

CHEBOYGAN (AP)—Blossoms in cherry orchards at the tip of the Lower Peninsula are expected to reach the peak of their bloom this week, Lawrence Ostwald, manager of the Big Northern Orchards near here, said today. His orchard contains 10,000 trees in addition to 600 acres of apple trees, which will come to blossom as the cherry blossoms fade.

Atoms for Better Seed

OAK RIDGE, Tenn. (AP)—Atomic energy is being used to produce better seeds. University of Tennessee experts at Oak Ridge hope to produce disease-resistant seeds by exposing them to gamma rays from radioactive cobalt. Since most radiation effects are harmful to seeds, the project is expected to take several years to be successful.

Hall Predicts Eisenhower Strength in South

WASHINGTON (INS)—GOP National Chairman Leonard Hall predicts that President Eisenhower will "run better" in the South in 1956 than he did in 1952 when he carried four Dixie states.

* * *

Hall, deriding the Democratic Party as the "party of exaggeration" which he said is beset by "internal weaknesses," also yesterday told a National Press Club audience:

1. Agriculture Secretary Ezra Taft Benson will be "one of the most active speakers in the 1956 campaign" for the GOP.

2. The 1956 presidential primaries revealed "apathetic indifference" to Democratic candidates Adlai E. Stevenson and Sen. Estes Kefauver (D-Tenn). He said it also showed Democratic "inconsistencies, bickering and squabbles."

* * *

3. If he is under investigation in connection with award of government contracts or anything else, Hall does not know about it, and would welcome any inquiry. He said he has a GOP headquarters rule that no one in his office may practice before a government department or deal in government contracts.

Hall's appraisal of the 1956 primaries amounted to a Republican answer to Democratic claims that the state contests had shown evidence of a Democratic trend.

ANALYZES IKE VOTE

Sen. Hubert Humphrey (D-Minn) predicted Stevenson's Tuesday primary victory over Kefauver will start a "sizable" swing of convention delegates to the 1952 Democratic nominee.

The GOP chairman told his Press Club listeners that millions of votes cast for President Eisenhower in the primaries produced these results:

1. There is no "farm revolt" against the administration. He said the President ran "exceptionally well" in rural Wisconsin, Illinois, Pennsylvania, Indiana, Nebraska and other states.

* * *

2. Signs that Eisenhower is "much stronger" than expected in cities and industrial regions—showing, as he put it, "the way labor is turning to the Republican party."

* * *

Hall stressed the 1956 campaign will not be easy for the Republicans particularly in trying to regain control of Congress. He said it will be a "campaign of moderation—of appeal to reason and common sense."

Responding to questions, Hall reiterated the President's view that a national GOP endorsement of Sen. Alexander Wiley (R-Wis), seeking renomination with opposition from the Wisconsin GOP organization, would be out of place.

He also said that campaign adviser Murray Chotiner, under investigation by a Senate committee, had been dropped from 1956 committee because there was no further need for his services.

* * *

His statement concerning investigation and contracts was made in reply to questions about former General Services Administrator Edward Mansure, who resigned while under fire. Hall was asked if he gave advice to Mansure concerning a list of four possible contractors to build a nickel plant in Cuba.

* * *

Hall said no contracts would be handed out under his chairmanship, nor as long as Eisenhower is President.

Pentagon Expert Predicts Moon Travel

PITTSBURGH, Pa. (INS) — The Pentagon's director of guided missile development states that man could reach the moon in 25 years and from there could go on to achieve interplanetary travel.

* * *

But he said the trip to the moon would require three times more fuel than was consumed in the Berlin air lift, and that while the world remains in a warlike condition this energy must be devoted mainly to weapons.

* * *

The statements were made by John J. Crowley, director of guided missiles, at a special Library Association conference yesterday.

Crowley said the trip to the moon should be preceded by the construction of a manned earth satellite, which would have living quarters for about 80 scientists and would circle the earth at 18,000 miles an hour and at an altitude of more than a 1,000 miles.

He continued: "Such a space satellite . . . could be a reality in 10 to 15 years. In the next 10 years thereafter, planes and ships could be perfected so as to make the trip to the moon and return.

ON TO MARS, VENUS

"Once on the moon, the adventure really begins. The moon now becomes our space satellite, from which we can launch ourselves into outer space to explore Venus at its closest approach, 26 million miles away; and Mars, 35 million miles distant."

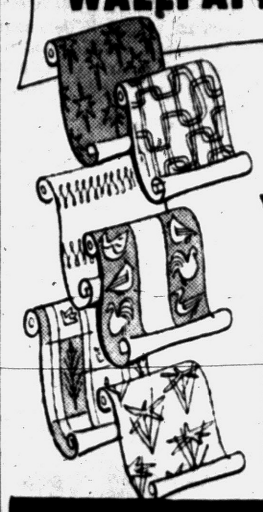

Crowley said that "just to fuel the moon rockets from the space satellite would require 2,200,000 tons of hydrazine and nitric acid (three times the fuel consumed in the Berlin air lift) and take 360 round trips for refueling rockets that would travel from the earth to the manned satellites."

He said "it would probably require 20 ships and 10 months for fuel ferrying alone."

But despite the magnitude of the task, the Pentagon expert said: "There are almost unlimited scientific and technological reasons why we must launch an instrumented satellite into an orbit, followed finally by interplanetary travel."

Baptist Church Guild Gathers at Critchfield Home

Auxiliary to Amvets Has Meeting

Mrs. Louis Hadden opened her home on Wisner street to members of the auxiliary to Jimmy Dey Post 12, Amvets, Wednesday evening. Mrs. Silas Sadler and Mrs. Edward Pompeian assisted the hostess.

Mrs. John Allen, regional council delegate, asked that members send cigarettes and cigars to Saginaw Veterans Hospital.

Council delegates for the coming season were appointed. They are Mrs. Allen and Mrs. Erestean Dennis, with Mrs. John Moss and Mrs. Williams as alternates. Mrs. Sadler and Mrs. Pompeian will be hostesses at the July council meeting.

Mrs. Sirlin and Mrs. Dennis were chosen to represent the council at the state convention in Grand Rapids June 23-26, and members voted to donate money to the carillon fund at Arlington National Cemetery.

The group will gather with Mrs. Dennis of Pontiac Lake road for the next meeting.

Breakfast Planned for Faculty Wives

Mrs. Thad Carr of Exmoore road will be hostess to Faculty wives of the Waterford Township school system Saturday morning at a lawn breakfast. The affair will be the last activity of the faculty wives for this school season.

Assisting Mrs. Carr will be Mrs. Gerald Lewis, Mrs. Frank Garland, Mrs. Paul Ripley, Mrs. Byron Merritt, Mrs. Robert Brown, Mrs. William Bawden and Mrs. William Aebersold.

Mrs. Robert M. Critchfield (left) of Lake Angelus is shown with the Rev. and Mrs. Emil Kontz of the First Baptist Church of Birmingham. She was hostess at a meeting and cooperative luncheon of the church guild.

Members of the Women's Baptist Mission Society of Birmingham's First Baptist Church met at the Robert M. Critchfield home on Lake Angelus Thursday. Arranging food for the cooperative luncheon held after the meeting were (left to right) Mrs. Earl Bramblett, Mrs. Cleveland Morrell and son, Bradford, Mrs. George Wright and Mrs. Charles W. Hester.

Guild officers present at the luncheon meeting were (left to right) Mrs. L. W. Criger, president; Mrs. Albert Fauley, missions vice president; Mrs. George Brundrett, program vice president, and Mrs. Charles Holtz, Christian service vice president. Mrs. R. M. Critchfield entertained the group Thursday at her home on Lake Angelus.

Leg Blemishes Curtail Swimming

By JOSEPHINE LOWMAN
(The Friday Question Box)

Q. "I need your help badly. I am only 19 years old but my upper legs have unsightly broken capillaries. I am too embarrassed to wear a bathing suit and I love to swim. I wouldn't dare show my legs.

"Last summer I stayed at home all of the time because of this. All of my friends were going swiml ming. This summer I would like to have some fun while I am young."

A. You certainly have the right idea about having fun and you are being very foolish to let some defect as small as those red lines ruin it.

I do not imagine that these are as bad as you think. They seldom are at your age. However, you can have them removed. Ask your doctor about this. Also you can use one of the waterproof cosmetics now on the market. Go ahead and enjoy youurself!

Q. "What can I do for hang nails?"

A. You will have to cut them off, but afterwards try to avoid cutting by giving the cuticle proper care. Several times a week push the cuticle back from the nail gently. Use an orange stick tipped with cotton which has been dipped in cuticle oil. Then each night massage oil or cuticle cream into hte skin about your nails. Wear gloves when doing rough work.

Q. **"I am a man of 30. I am 5 feet 6 inches tall and weigh 130 pounds. I am in good health but stay at that weight. I have a good appetite but my work calls for a good deal of physical effort. What can I do to put on some weight?"**

There are waterproof cosmetics on the market which will cover defects.

A. You did not mention your build. A lot of difference in poundage is allowed for different skeletal structures. If you have a small bony structure you are really not underweight. If you have a medium frame you should weigh around 140 pounds. If you have an extremely heavy frame you can add another 15 pounds.

Try adding a mid-morning glass of milk and a mid-afternoon glass of orange juice and a snack before retiring. This can be milk and cheese and crackers, ice cream or fresh fruit and milk or a bowl of soup and crackers—a light little meal of some sort.

Also swim this summer and relax and get plenty of sleep. Vitamin deficiency is on reason for underweight.

Be sure that your meals are well balanced with plenty of fresh fruit and vegetables, even though these are not high in calorie count. They are high in vitamin content.

The vitamin B family has been found helpful in putting the pounds on. Ask your doctor about this.

Choco Bits Are New This Way

Mrs. Hunt Makes Applesauce Cookies That Are Different

By JANET ODELL
Pontiac Press Home Editor

In just a week the children will be out of school for the summer. Then they will want snacks morning and afternoon instead of just after school.

What better snack can you give them than good homemade cookies and a glass of milk? Try Mrs. Harold A. Hunt's recipe for Applesauce cookies with chocolate chips in them.

Mrs. Hunt makes cookies for four active youngsters. During the school year she works with the Waterford Center PTA.

Church work, Girl Scouting, the Fashion-Your-Figure Club and a little sewing keep all her spare hours well filled.

APPLESAUCE COOKIES
By Mrs. Harold A. Hunt

½ cup shortening
1 egg
1 teaspoon soda
½ teaspoon nutmeg
½ teaspoon cinnamon
2 cups sifted flour
1 cup sugar
1 cup unsweetened applesauce
½ teaspoon salt
1 cup chocolate chips
1 cup chopped nutmeats (optional)

Mix ingredients together well. Drop by spoonfuls on a greased cookie sheet. Bake in moderate oven at 350 degrees for 12-15 minutes.

If desired, sprinkle cookies before baking with a mixture of brown sugar and cinnamon. This is a soft cookie.

Ironing flattens the nap on babies' night clothes. Brush after drying to keep nighties fluffy, soft and new looking.

Insures Long Wear

Sheets should be changed frequently so they don't become too soiled before laundering. They should be reversed, top to bottom, and end for end, to insure longer wear.

Shoes last longer (and look better) if you rotate them in wearing. Don't live in one pair day after day.

Broken Promises Create Distrust

By MURIEL LAWRENCE

In Ralph's town a store had stocked a supply of jackets emblazoned with his school's name.

As a member of its first grade, he dearly wanted one of these garments. But the Saturday his mother took him shopping for it, they found the jackets all gone.

Ralph had to accept an undecorated one. To console him his mother said they could stop by the store's candy counter and buy him some of his favorite peanut brittle.

On the bus going home he asked for a piece. His mother, her lap piled with bundles, found his request inconvenient. "When we get home," she said.

As they walked up the path to their front porch, Ralph pressed for candy again. "Before lunch?" she asked accusingly. "You know you don't get candy before meals. Now run along while I get rid of these things and get us all something to eat."

DISTRUSTS FUTURE

A great wave of discouragement engulfed Ralph. When it passed, it left behind it a rather dangerous impression. Translated into our terms Ralph's feeling was, "The future is such an unpromising that only fools put any confidence in it."

This is bound to be a child's response to broken promises. If we break them often, we harden his distrust of the future into a cynical greed for immediate gratification — a motivating drive in such activities as lying, stealing, gambling, excessive drinking.

In a valuable book called "children Who Hate," experienced social worker Fritz Redl discusses the intolerance of postponed satisfaction which is characteristic of the delinquent child.

He writes: "'All reference to the future of any request is for a long time identical with outright refusal. If one body got a haircut today, the suggestion that another would get his tomorrow was met as though we had refused him a haircut for the rest of his life."

Promise - breaking parents are not always deliberate joy-killers or falsifiers.

JUST SELF-CENTERED

More often, they are just very self-centered. Ralph's mother is an example. In the store she felt like consoling him with candy.

On the bus, she felt that giving it to him was inconvenient. At home, she decided it was her duty to preserve his appetite for lunch.

Her promise was broken as it was made—to accommodate her impulses without any interest whatever in her child's responses to them.

Promise-breakers appear inconsistent because they keep their feelings and thoughts so secret.

If You Would Like an Emerald Cut Diamond
We Have News for You!
See this Revolutionary Mounting Development!
This improved method of mounting actually increases the appearance of a square diamond, by almost again its normal size!

This is accomplished by setting very narrow baguette cut diamonds around the bezel or edge of the major diamond. It is almost unbelievable how much larger and more brilliant the center diamond will appear.

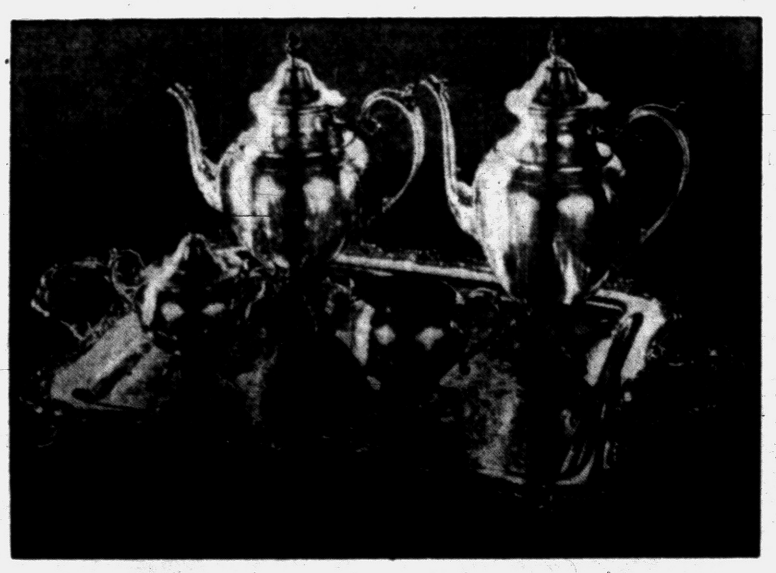

It is difficult to illustrate how this method of setting enlarges the diamond but we would be pleased to demonstrate our new mounting under the eyes of the diamond scope, magnified by sixty times its normal size.

This application of diamonds is also available for round diamonds. Come in today, there is no obligation. Baguette side diamonds sets are priced from $275.00. We invite budget accounts.

Sisterhood Holds Annual Luncheon

Mrs. Irving Steinman gave the opening prayer at the annual luncheon of the Sisterhood of Temple Beth Jacob Wednesday at the temple.

* * *

Speaker for the day was Mrs. Samuel Danto of Detroit who spoke of the problems prevalent in other countries concerning liberal Jews. A problem mentioned was the shortage or complete lack of Rabbis.

She pointed out that through the Youth, Education and Sisterhood Fund, young men from foreign countries are enabled to attend the Hebrew Union College and return to their native lands equipped to be Rabbinical leaders.

Mrs. Herman Stenbuck introduced the Rabbi Sanford Saperstein who spoke briefly to the group.

Mrs. Irving Gordon, president, heard annual reports from the officers and gave her annual report as president of the Sisterhood. Mrs. Joseph Nosanchuk, vice president, announced a cook-out to be held at the home of Dr. and Mrs. Gordon.

An original musical comedy entitled, "In The Cards" was presented by Sisterhood members.

The cast consisted of Mrs. Gerald Walker, Mrs. George Agree, Mrs. Sidney Barnett, Mrs. Nat Morrison, Mrs. Charles Gersten, Mrs. Harold Chapman, Mrs. Sam Chafets, Mrs. George Wyman and Mrs. Meyer Fine. Mrs. James Rosenthal assisted at the piano and Mrs. Stenbuck directed the playlet.

Miss Perry Heads Secretaries

Chapter Installs Officers

Pontioak Chapter of the National Secretaries Association met at Hotel Waldron Monday evening. Mary Eleanor Lockman gave the invocation.

At the candlelight installation service conducted by Miss Lockman, retiring president, Edyth Perry was installed as president.

Other installed were Mrs. William Robinson, vice president; Mrs. Warren Trevethan, corresponding secretary; Mrs. John Duncan, recording secretary, and Mrs. Charles Woody, treasurer.

Serving as committee chairmen are Mrs. Woody, ways and means; Mrs. Robinson, program; Mrs. Trevethan, bulletin; Mrs. Russell Brackett, publicity and scrapbook, and Morene Frady, employment.

Other are Mrs. Charles Renwick membership; Mrs. Harry Ault, achievement; Mrs. Duncan, education; Mrs. Hope Scott, public works and welfare, and Mrs. Ellen Boyd, parliamentarian.

From Maine to California members of the National Secretaries Association, International, are making plans for next month. Their goal is the 11th annual NSA Convention, schedlued for July 18-21 at the Hotel Statler, Detroit.

An estimated attendance of 1,500 members will include secretaries from Puerto Rico and Canada as well as the 48 states.

Unembroidered cotton eyelet with holes burned in it by acid is a product to beware. It will not be a good buy.

Nursery School Director Talks to Panhellenic

Dorothy Cummings opened her home on East Iroquois road for the Monday evening meeting of Pontiac Panhellenic. Carol Charles was hostess for the evening.

* * *

Mrs. Roy Corwin Jr. introduced Mrs. John Vanderlind, educational director of All Saints Cooperative Nursery School. Mrs. Vanderlind spoke of the new trend in nursery school education and told of the functions, purposes and aims of the local nursery school.

The group gave a two-week "campership" to the Michigan Society for Crippled Children.

Mrs. Robinson Bronoel was appointed chairman of the scholarship committee, with Mrs. William Brace and Mrs. Thomas Moffett assisting.

The Panhellenic scholarship will be awarded in September to a senior girl on the basis of need, scholarship and character.

* * *

Honored was Helen Hunt who is retiring after teaching in Pontiac public schools for 31 years. She will make her home in Oregon, Ill.

Candlelight Ceremony Held at Two Assemblies

Eastern Junior High Presents Honors

A candlelight ceremony of honors and awards was held Wednesday and Thursday mornings in a double assembly of Eastern Junior High School.

* * *

Outstanding scholarship, citizenship and service are required of students earning the pins; first the bronze, then the silver, and third, gold. The highest honor awarded is the gold pin with a guard.

Robert Eason, president of the Student Council, introduced Linda Stickney as chairman of this event. The chairman is always the student having the highest scholastic record in the school.

Judy Hartmann explained the system of the honors and awards, telling the necessary requirements and the time needed to earn the certificates for the pins and the guard.

Kay Hamilton lighted the first candle in honor of the students who received the bronze award. Ellsworth Sturdy, assistant principal, presented the bronze award to 96 boys and girls.

PIANO SOLO

Response was made by David Murphy who played a piano solo, "Majesty of the Deep" by George F. Homer.

Dimitra Govenis lighted the second candle to honor the students earning the silver "E." Kenneth Nagley, principal presented the silver pins to the 53 students in this group.

Betty Cochrane and Betty Lowery responded with a clarinet duet for the boys and girls of this group.

Lowanna McLean lighted a candle to honor the group earning the gold "E." This pin requires greater effort and higher standards.

Students receiving the gold "e" were Harold Andrews, Gertrude Beam, Donald Cox, Donna Dusenbury, Norma Esler, Lois Hammond, Diane Hartzman, Ronald Miller, Sally Vogel and Sue White.

Others were Judy Haroutunian, Ruth Kovacik, Sandra McDowell, Diane Mobey, Karen Oxley and Sara Pullis.

Presentation of gold pins was made by Mr. Sturdy.

SONG BY SEXTET

Response for this group was a song by the Girls' Sextet, "June Is Busting Out All Over." Judy Haroutunian, Ruth Kovacik, Sandra McDowell, Diane Mobey, Karen Oxley and Sara Pullis are the members of this sextet.

Judy Noren lighted the last candle honoring the students earning the highest award, the gold guard. Mr. Nagley presented this award to Judy Boughner, Betty Cochrane, Dimitra Govenis, Kay Hamilton, Judy Hartmann, Donald Hunt, Louanna McLean, Judy Noren, Loretta Romano, Joann Singleton and Linda Stickeny.

Response for this group was made by Donald Hunt with a reading, "This Is My Creed" by S. E. Kiser.

Helen Lapisch presented special awards given by the Pontiac American Legion Auxiliary to three students from Eastern for their essays on the Statue of Liberty. They were: First place, Joan Aulgar; second place, Judith Staggs, and third place, Sally Vogel.

Robert Eason, outgoing president of the Student Council Association, gave the oath of office and installed Judy Haroutunian as the incoming president of the council. Fred Mayers is the new vice president.

The program concluded with the audience joining the entire group in the Flag Salute and singing "The Star-Spangled Banner."

Margaret Snyder and Henry Elling were piano accompanists.

Secretaries Close Year With Picnic

Pontiac Educational Secretaries Association held a picnic at the Erie drive home of Mr. and Mrs. F. J. DuFrain Tuesday evening. The gathering was the last for the current school year.

Julia O'Brien, president, led the group in community singing, and climaxing the evening activities was a marshmallow roast. A dinner meeting is planned for early September.

ROBERT M. FULLER

At commencement exercises being held at Ferris Institute on Monday, Robert M. Fuller, son of Mr. and Mrs. Robert Fuller of Euclid avenue, will receive his bachelor of science degree in pharmacy. He is a member of Phi Delta Chi fraternity and a charter member of the Square and Compass Club.

Insuring Nuclear Plants Now 'Practical Possibility'

LONDON (INS)—Much of the horror over things atomic has been dispelled by a simple but significant move by British insurance companies.

* * *

An interim report by a committee set up by British insurance companies and the famed Lloyd's of London categorically states insurance of risks arising out of the industrial use of atomic energy is "a practical possibility."

The report, published by the British Insurance Association, goes on to say that "although the possibility of an incident causing great loss cannot entirely be ruled out, the precautionary safeguards are so great that the risk of a catastrophic accident is remote."

The association's report is regarded as a major step forward in developing the industrial uses of atomic energy, since the construction of private reactors for power generation depends upon the owners being able to meet liabilities in case of accident.

The committee thoroughly investigated the subject with particular reference to the new atomic power stations about to be erected by the central electricity authority.

The report said in part:

"Insurance of these risks is a practical possibility for insurers, who, recognizing these developments as of the greatest importance in Britain's industrial progress, will, no doubt, feel a responsibility to afford cover in respect of the new risks involved."

One of the more important aspects of the association's report is that it puts atomic risks into perspective.

* * *

The special committee, which has been in close touch with the atomic energy authority over the question of the hazards, concludes not only that the risk of catastrophe is remote but that atomic fire and explosion hazards involved in the operation of nuclear power stations are "little different from those encountered in many industrial or power production plants."

The only new problem which atomic insurance raises appears to be the possibility of radio active contamination to the power station and especially to third parties.

IT'S SWITCHCRAFT —that's what it is!

You'll see when you try Buick's new Variable Pitch Dynaflow!*

IT TAKES a new word to describe the magic at your command when you drive a '56 Buick—with the newest transmission of them all.

It's full power go-ahead on the instant. You can get where you were just looking in a shaved second's time—with the most modern and most thrilling surge of safety acceleration in the land today.

It's smoothness, too. *Complete* freedom from the "bump" and lag of gears shifting. Only with Dynaflow can you go winging away with so smooth a sweep.

And only with a '56 Buick can you enjoy Dynaflow's newest marvel. The engineers call it "double regeneration." Lets you start off like an Olympic sprinter, with the pedal pressed just an inch or less. (And driving that way, you get better gas mileage.)

There's more big news, too, that goes with this new Buick magic. And that covers a lot more than styling.

Sure—you'll like the graceful new beauty of the V-shaped prow and sweep-ahead look. And you'll like the extra room inside.

But as you drive you'll find that this Buick responds with the new might of a big, record-powered V8 engine of 322-cubic-inch heft.

It handles easy as butter to a warm knife. Tracks the curves like a plane on the beam. Makes any road seem paved with pillows.

And what's responsible for all this are more new engineering advances than Buick has ever made in one model year.

So why not come in and see—and feel—the difference they make? You'll soon know why owners find it's the best Buick yet—and the best buy yet, by far.

**New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.*

$100 Is Yours If You Answer Puzzle No. 2

POT-O-GOLD, the Pontiac Press' exciting new summer word game, begins its second week with Puzzle No. 2, below. It's fun—read the directions carefully, fill out your entry and send it in. It can mean at least $100 to you every time you win.

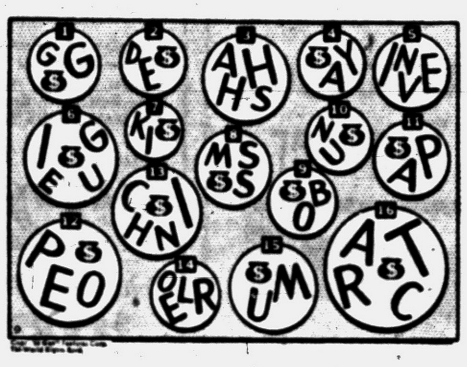

The puzzle consists of (1) a number of circles which contain a few scrambled letters, and (2) a corresponding list of clues to these words printed below. The object is to arrange each group of circled letters into a word that best fits its clue. The word which you select for Circle No. 1, then, would be the one which you would print in the space to the right of (1) below.

You'll notice that some circles contain $ signs in pots of gold. You may use such a symbol as any letter you wish. However, it and all letters in that circle must be used. The $ sign, of course, can represent ANY letter in the word.

Do the same in all the other circles. Study the clues carefully and arrange all the letters into words that you believe best conform to these clues. Use your $ signs to help you spell out the right words.

That's all there is to it. Good luck!

OFFICIAL CONTEST RULES

Anyone is eligible to enter the POT-O-GOLD contest with the exception of Pontiac Press employes or their immediate families.

2. A contestant may submit as many entries as he or she wishes but they must be on official entry blanks printed in this newspaper.

3. To submit an entry the contestant must print his answer words in the proper spaces, cut out the area enclosed by dotted lines and attach it securely to a 2-cent postcard. No entries will be accepted if they are in envelopes. Entries for Puzzle No. 2 must bear a Tuesday, June 12, postmark (or before). No entries received after that time, whether mailed or delivered by hand, will be declared eligible. The Press is not responsible for entries lost or delayed in the mail.

4. Sorry, telephone calls or mail concerning details of the contest cannot be answered or acknowledged.

5. The Pontiac Press will award a cash prize of $100 a week to the winner of each weekly POT-O-GOLD contest. If more than one winning answer is received the prize will be divided equally among the winners. If any week or weeks should pass without any winners, the prize will be added weekly until a winning solution is submitted.

6. Winners will be awarded an extra cash bonus of $25 each if they are Pontiac Press subscribers of record on the day winners are announced. Only one such bonus can be awarded to each prize-winner, no matter how many weekly prizes may accumulate.

7. Each week's puzzle will be published Monday, Wednesday and Friday until the contest's end, Labor Day. Either or all will be considered as official entry blanks.

8. Winners and correct solutions will be announced each Friday of the week following individual contests. Official keeper of answers will be Frederick C. Ziem, prosecutor for Oakland County. Only the General Features Corp., originators of the puzzles, will know the solutions until after each contest is over. Answers will be delivered to the Press judges by Mr. Ziem after the final deadline.

9. There is only one correct solution to the POT-O-GOLD puzzle, and only that correct answer can win. The decision of the judges is final and all contestants agree to abide by the judges' decision. All entries become the property of The Pontiac Press and none can be returned.

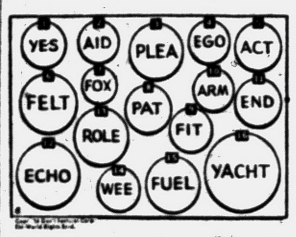

10. Completed puzzles must be addressed to POT-O-GOLD, POST OFFICE BOX 58, Pontiac, Michigan. Winners will be notified either by telephone or in the mails.

No Winner Yet—Prize Now $200

Here's Your Answer to First Pot-O-Gold

Sixteen words — in the right places—were worth $100 or $125 to anyone who worked last week's Pot-O-Gold puzzle correctly. Careful check of the hundreds and hundreds of answers which came into The Press by the Tuesday midnight deadline, revealed no correct answers.

To satisfy your curiosity here is the correct solution of last week's puzzle:

If final check of entries verifies lack of a winner for last week's puzzle, $100 will be added to this week's prize making the current puzzle worth $200, plus an extra $25 if won by a regular Press reader.

Here is the puzzle experts' explanation of how the correct solution was reached:

SOLUTION

1. A YES man, who probably won't reveal much in conversation, is so called because he always agrees with the opinions expressed by others. A SHY man, while bashful among strangers, may have a brilliant mind which would reveal itself in conversation among those he knows well. A SPY has undoubtedly had many thrilling adventures which, as the years go by, would no longer require secrecy.

2. Everyone is eager to pitch in and AID when a child is buried by a cave-in. Many would not be physically able to DIG, nor would there be room for all of them in a limited space.

3. A dramatic PLEA for freedom made by a defendant in criminal court would be most unusual; his lawyer generally does the speaking in his behalf.

4. A man's EGO is helpful in his drive to get ahead. EGO represents self-interest, and it would be difficult to achieve one's ambition without it. AGE may be a handicap.

5. ACT is best here, in its theatrical sense, meaning of course a particular performance before the public. An ACT that has been done too often grows stale; too many people have seen it, and the material is outmoded. A CAR or a CAB is worth something only as long as it will run. A CAM or CAN or CAP would retain some worth, as would a CAT.

6. FELT is better—only a few more days of cold weather were FELT. LEFT, in this sense, refers usually to what remains after the supply of something has been depleted.

7. FOX is right, for the "extra" hazard of an escape through the woods. The fugitive would expect the hazard of a FOE (the law in this case) and a FOG might even be helpful to a man trying to hide.

8. PAT is suggested in the definition by the qualifying word "glib." Glib talkers are fluent and never at a loss for words.

9. FIT is better—it may be impossible to FIT and old machine with a new part, since mechanical details change through the years.

10. ARM is better. Since the helpless, dependent type of woman is now out-dated, a woman is a person in her own right, and no longer thinks of being a clinging vine with a MAN to lean on.

11. END is better. A posse of armed men pursuing wolves would want to finish the job and pursue them to the END—until they had killed the marauding beasts. The chase might not lead to the wolves' DEN.

12. A great ECHO arises when aggressors talk of peace. The sentiment is repeated in the hearts of the whole world of helpless people. It cannot be said that a great HOPE arises, because aggressors' words of peace are too insincere to inspire any serious HOPE.

13. The great theatrical ROLE of an old ex-actor may become a boring subject to his friends. Many old actors had one great ROLE in which they made their greatest success, and with which they were always primarily associated.

14. A WEE lamb—a tiny, baby lamb, is of course more to the point for a special pet on the farm than a EWE lamb—a female.

15. FUEL is best here. The careless use of FUEL would probably cause an explosion. While care is needed with a FLUE, or FUSE, the danger is less great.

16. YACHT is the word. A man who spent holidays on his boat might long for a really good YACHT. "Long for" suggests a wistful desire—probably for something unattainable, in this case a YACHT. A really good CHART would be within the means of a man with his own boat.

Engine 'Thieves' Given Sentence; Observe Trains

DETROIT (AP) — Three boys who astounded veteran railroad men by stealing a diesel engine have been ordered to spend part of the summer observing the hazards of railroading.

Juvenile Court Judge Nathan J. Kaufman yesterday ordered the trio to spend three hours a week for the next five weeks at the Union Depot yard. On July 12 each must turn in a thesis on the dangers to Judge Kaufman.

* * *

The three teenagers stole a diesel engine Sunday and operated it safely through a complicated lattice of tracks in west Detroit. They even added nine box cars before returning the engine safely to the siding where they had taken it.

* * *

The 16-year-old "engineer," a model train enthusiast, said he "just wanted to see how the real thing worked." He and his two young firemen said they have no interest in railroading as a career.

They surrendered to railroad police the day after the adventure because they wanted to deny reports that the train thieves were believed to have broken into a boxcar.

French Forces Unite in North Africa Drive

ALGIERS, Algeria (AP)—Elements of three French divisions joined today in a drive to wipe out rebel forces in western Algeria near the Moroccan border.

* * *

West of Oran the 4th Infantry Division crossed over from Morocco to join the 12th Division. The two outfits were reported pushing the rebels from mountain strongholds toward the sea, where the 19th Division was waiting.

Twenty rebels were reported killed.

In north central Algeria meanwhile, two French divisions overran a rebel redoubt in the Kabylie Mountains to regain scores of villages lost to the nationalists six months ago. Most of the settlements had been abandoned before the French arrived.

In Algiers, police arrested seven leaders of the National Liberation Front. They were accused of attempting to exact funds from Arab merchants to finance their movement and of killing those who refused to pay.

Rochester Schools Ask Tax Rise, Tell of Program

ROCHESTER — The Board of Education of the Rochester Community School District has issued a report of the progress and the needs of the Rochester area schools and the reasons for the election which will be held Monday in three voting precincts.

The electorate is asked to endorse a better program of education for the children of the district, by approving a two-mill tax increase, or $3.80 more per thousand on assessed valuation.

The new high school here will open in September and will serve boys and girls of grades 10-12, the report said. The new school has 25 classrooms including ones for English, language, social studies, art, science, biology, home economics, commercial subjects, library, woodshop, metal shop and counseling, plus office space, cafeteria and kitchen.

"This will add to the operating expenses because for the first time in the history of Rochester schools there will be a separate junior high school program for 7-9th grades," the report said. Much of this program has been available on only a limited basis.

* * *

With the increasing number of elementary children, immediate construction will begin on an eight-room addition to the North Hill Elementary School, planned for a February, 1957, opening. The Board states that to staff the classrooms they will need 24 additional teachers, five additional custodians and two additional office clerks, plus necessary utilities. "And to maintain our competitive position and to attract top caliber teachers, salaries must be increased."

The school budget for 1956-57 will be $1,149,000, to meet the needs of the expanded program. This will require $75,000 more than can be raised under the present tax rate.

Besides the tax millage raise proposition, the adoption of the Teachers' Tenure Act as amended, will also be voted upon.

Lewis B. Arscott, a member of the Board of Education for the past eleven years is unopposed for member of the Board of Education for a three-year term.

WATERFORD

The Board of Education election in Waterford Township Monday will have three candidates vying for two places.

The two incumbents, Marshall Smith and Edmund L. Windeler, are seeking re-election. The third name on the ballot is that of Billy Farnum.

Smith has served ten years on the board, has two teenage youngsters, and has lived in the township for 21 years. A graduate of University of Michigan, he has practiced law for the past 25 years. His home is at 3001 Elizabeth Lake road.

Windeler, who lives at 5601 Hatchery Rd., will have all six of his children in Waterford Township Schools next year. A township resident for 12 years, he has served on the board for the past six. He is the experimental engineer with Pontiac Motors.

Farnum, father of three school age youngsters, lives at 3033 Lansdowne St., Williams Lake. He has been a township resident for 20 years, is a former labor organizer and state fair chairman, and is now an assistant secretary of state.

Polls will be open from 7 a.m. to 8 p.m. at five schools: Precinct No. 1, Drayton Plains; No. 2, Donelson; No. 3, Waterford Center; No. 4, Waterford Village, and No. 5, Pontiac Lake.

Fete Seniors at Waterford

243 Diplomas Ready for Wednesday; Talks for Sunday

WATERFORD TOWNSHIP — At baccalaureate for Waterford Township High School graduates at 8 p.m. Sunday in the high school gym-auditorium, the sermon will be by the Rev. Arvid Anderson of Christ Lutheran Church.

The Rev. Henry E. Wrobell of Calvary Baptist Church will give the invocation and benediction. The a capella choir will sing, with Marlynn Keasey as organist.

Commencement for the 243 graduates for the first time will be on the football field, where 2300 people may watch from stadium seats. It will be at 8 p.m. Wednesday.

Edmund L. Windeler, Board of Education president, will give diplomas and Dr. Carl S. Winters, Oak Park, Ill., will speak. Dr. Winters, a former crime commissioner from Michigan, heads a skid row commission of 1500 churches in Chicago.

He will be introduced by Supt. William A. Shunck. Sylvia Clarke, valedictorian, and the Rev. Walter J. Teeuwissen Jr., of Drayton Plains Community United Presbyterian Church will participate.

PATRICIA QUINTON

Mrs. Alyce Quinton of 4839 Sherbourne Dr., Waterford Township, is announcing the engagement of her daughter, Patricia Carol, to Glenn E. Cobeil, son of Mr. and Mrs. Earl Cobeil of 2910 Interlaken Dr., Bloomfield Township. Patricia is a receptionist for a Pontiac physician, and Glenn will graduate Sunday from Michigan State University. No wedding date has been decided.

Troy May Add Area by Only Petition Use

TROY — City Attorney Jack Hudson is investigating possibilities that two square miles might be annexed to the City of Troy with petitions only rather than with another election.

The two square miles in the northeast Troy area were kept from joining the city by a two-two vote Monday in the township.

Birmingham's city manager suggested the possibility when he learned that Troy was considering seeking signatures of 35 per cent of the area's residents preliminary to an election this fall.

Farm Women to Back Work of Sister Kenny

METAMORA — Information concerning work of the Sister Kenny Foundation will be brought to more groups in Michigan through the Farm Bureau Women of Michigan. This was brought out by Mrs. Harry Whittaker of Metamora, state co-chairman in charge of an 11-county area.

Mrs. Whittaker said she plans to promote an educational program in each county on the future of Sister Kenny work.

At an annual meeting of the Foundation in Detroit recently, Mrs. Whittaker was awarded a citation for meritorious work. She is a past state chairman of the Farm Bureau Women.

Plan Benefit to Build Home for Podvine Family

MARLETTE — The Marlette Lions swimming pool will open on Saturday, and will be open daily, 9-12, 2-5, and 7-9.

* * *

There will be swimming instructions for those who want them. Season tickets and daily admissions are available to the public.

Knocked Down by Auto, Infant Only Bruised

GINGELLVILLE — Sixteen-month-old Allen Wagner is back home from Pontiac General Hospital today, bruised but with no bones broken after a narrow escape.

His mother, Mrs. Ernest Wagner, was backing out of the family drive at 3452 Lake St. yesterday when the scream of a neighbor, Mrs. Luke Sexton, caused her to stop the car. The auto had knocked down her infant son. In her excitement she got out, forgetting to set the emergency and the car then rolled back, pinning down the boy's foot.

Slate Cafeteria Supper

GROVELAND TOWNSHIP — There will be a cafeteria supper next Wednesday at the Mt. Bethel M. E. Church, corner of Jossman road and Bald Eagle Lake road. Serving will begin at 5:30 p.m. and the public is invited.

MMPA Trial Scheduled for Wednesday

Local Backing Fritz Financially

U. S. Agriculture Dept. Suggests Sliding Scale for Dairymen

ROMEO—Financial backing was given last night to Harold H. Fritz, president of the Romeo local of the Michigan Milk Producers Assn., to underwrite court costs in his battle for reorganization of the association.

Some 150 MMPA members, meeting in the Romeo High School auditorium, heard latest developments in the court case scheduled for trial next Wednesday in Wayne County Circuit Court, Detroit. About $5,340 has been collected, and other meetings are expected to glean some $1,350 more.

Fritz, plaintiff in the case, assured members that his attorneys had advised him "There is no reason we shouldn't win the lawsuit."

Defendants are 15 MMPA directors and the association itself.

A year ago some 950 dairymen met in Romeo to seek clarification of their rights as members of MMPA and interpretation of association bylaws. Fritz became their "cross bearer."

"If the delegate system is thrown out, a membership meeting will be set by the court," Fritz said, "at which time members can put into effect the system of their choice."

• • •

A sliding scale on milk prices has been recommended by the U.S. Department of Agriculture that would probably hike Detroit milk prices a half-cent a quart in August and bring a penny reduction next spring.

The 15,000 dairy farmers who supply milk to Detroit and this area have until June 28 to register objections to the federal proposal.

Dairymen now receive $1.43 per hundredweight more for drinking milk than for that used in dairy products, MMPA officials state. An increase of the drinking milk premium of $1.85 has been demanded, but the USDA program would give farmers $1.23 from February through July, and $1.63 from August through January.

The USDA warned dairymen that trying to maintain "a substantial permanent increase would be self-defeating."

MR. AND MRS. L. F. TAYLOR

Bentley-Taylor Wedding Attended by 300 Guests

LAKE ORION — Jean Elizabeth Bentley and Lawrence Franklin Taylor spoke their nuptial vows Saturday in an evening ceremony at Lake Orion Methodist Church. An altar banked with baskets of white gladioli, palms and candelabra formed the setting for the wedding, which was attended by 300 guests.

The bride is the daughter of Mr. and Mrs. George Bentley of 75 Grandview. The bridegroom is the son of Mr. and Mrs. Lawrence S. Taylor of 375 Summit.

Jean wore a gown of embroidered nylon net over blush pink satin. Her fingertip veil was secured with a crescent shaped headpiece of seed pearls.

Mrs. Stanley Koska of Lake Orion, Mrs. Clarence Roll of Royal Oak and Esther Bentley of Pontiac were the bride's attendants.

Flower girl was Kathy Mann of Lake Orion, and William Gardiner of Drayton Plains carried the ring.

Attendants to the bridegroom were Jack Ellison, Stanley Koska and John Walters of Lake Orion, and Ted Blanzey and Dean Parsons of Pontiac.

Following a honeymoon in Washington, D. C., the couple will live at 963 Orion Dr., Lake Orion.

Baccalaureate at Pontiac High Will Be Sunday

Baccalaureate service for approximately 381 Pontiac High School graduating seniors will be held in the Central Methodist Church at 7:30 p.m. Sunday.

The Rev. Malcolm K. Burton, pastor of the First Congregational Church will give the address to the graduates. The title of his talk is "What Do You Suppose?"

Other Pontiac ministers participating in the service include the Rev. Elwood Dunn, state secretary of the Michigan Christian Endeavor Union; Elder Alfred F. Streling, pasor of the Church of Jesus Christ of Latter Day Saints and the Rev. Lewis W. Towler, curate, All Saints Episcopal Church.

The Pontiac Senior High School A Capella Choir under the direction of George H. Putnam will sing "The Lord is My Shepherd" Organ music will be supplyed by Charles A. Wilson Jr.

School Boards to Form Group

Will Meet in Summer to Create Association, Before Mayors' Parley

The Oakland County Board of Education in a meeting yesterday decided to convene the school boards of the county at a date to be decided later this summer for the purpose of forming an Oakland County Association of School Board members.

The reason the county board did this, says Dr. William Emerson, superintendent of schools, is that at the bi-annual county school board election, representatives passed a resolution asking the board to assume responsibility.

Purpose of the organization would be to transact county business and become a part of the state organization, Emerson said.

In other business, the board served notice on eight closed school districts of the county in Novi, Oxford and Addison Townships to the effect that they must either open school in the fall or consolidate themselves with neighboring districts within one year.

Postponed until next meeting was action on a special education addition of two rooms for the mentally reported in Oak Park.

The board amended the special education contract with Clawson to allow them additional facilities for the mentally retarded.

The board received a status report on the expansion of the special education facilities in the county next year.

According to the report, with the old year still not over, the county has reached 54 per cent of its goal for special education personnel.

Sixty-two fully qualified teachers have been employed for next year.

The board is seeking employment of an additional 52 special education teachers.

The board of education also fixed salaries for the county superintendent and deputy. The figures are $15,000 and $11,000 respectively.

The board also authorized employment of a director of federal school lunch and food service to be employed by Sept. 1.

There are about 1.78 policemen per 1,000 of population in the U.S.

LEONARD WOODCICK

UAW Official, Judge to Speak

Vice President of the International UAW Leonard Woodcock and Michigan Supreme Court Justice Talbot Smith will be the guest speakers at program tomorrow to be held in celebration of the 20th anniversary of the UAW.

The program will be at Pontiac Local Hall, 386 E. Kennett Rd., beginning at 2 p.m.

The event is sponsored by William McAulay, regional director of 1-B of the UAW-CIO with headquarters in Pontiac.

An informal open house will be held following the talks until 6 p.m. to permit local UAW members to get acquainted with the international officers.

Detroit Murder Trial May Lose Witness

DETROIT (INS) — A key prosecution witness in the Aziz Hermiz murder case reportedly is in the Northville State Mental Hospital and may be declared incompetent to testify at the trial.

The witness is 17-year-old George Kathawa, a Detroit-born youth of Iraq descent.

Kathawa was commited to the state vocational school at Lansing for violating probation as a juvenile offender.

No formal notification of his alleged transfer from Lansing to Northville has yet been made.

The boy hitchhiked to Detroit from Florida last February to give testimony against the defendants, Mrs. Victoria Hermiz, 25, and 20-year-old Maurice Hamilton.

Mrs. Hermiz and Hamilton are accused of fatally stabbing her 35-year-old grocer husband to shield their romance, which is said to have started in their native Iraq.

Eye Light Voting in City Monday

Glenn Griffin Alone in Seeking Reelection to School Board

Very light voting is foreeast for Monday's Board of Education election in which Glenn H. Griffin is running unopposed for the seat he has held six years.

It will be the only issue on the ballot.

In a statement, Griffin said he will continue to work in the planning of new school buildings and still better services.

"I feel that our school system has made good progress in expanding the schools' curricula and in providing the necessary facilities to keep abreast of the rapidly growing school population," he said.

Besides all registered voters of the city of Pontiac, others who live outside the city limits but who are living within the school district may cast ballots.

Polls will be open from 7 a.m. to 8 p.m. at the schools assigned in city elections. But those who are registered to vote at Cora Bailey School, now being razed, will vote instead at the County Building, 1 Lafayette St.

Polls will be open at these schools: Lincoln, Eastern, Jefferson and Washington Junior High Schools, Bagley, Webster, Crofoot, Owen, LeBaron, Emerson, Baldwin, Longfellow, Wilson, McConnell, Central, Hawthorne, Willis and Whitfield.

Musical Satire to Be Presented by County Dems

'Gullible's Travels," a musical satire sponsored by the Oakland County Democratic Committee, will be presented June 23 at Berkley High School at 8:30 p.m.

This is an original play with original lyrics by Mrs. Morris Arnowitz of Oak Park. Included in the cast will be Tom Kavanaugh, Fred Elias, Don Swanson, Harry McGowan, Pat McGee, and Carl Markle.

Tickets may be obtained by contacting the Democratic Committee office, FE 4-0546 or LI 6-7673.

The final soldier's pension for the War of the Revolution was paid to a widow in Vermont in 1906.

Graduation Exercises Bring School Year to Close

54 St. Frederick Seniors Participate in Exercises

By ANN SCHACHERN

At this time today, all high school days and activities are but a memory to the fifty-four members of St. Frederick class of '56.

Last Tuesday evening seniors made their last official walk down the isle of St. Vincent de Paul Church to receive their diplomas which were presented to them by Father Maurice Veryser.

A very inspiring address to the graduates was given by Father Edmund Fournier, a professor at Sacred Heart Seminary, Detroit. Recessional followed Benediction of the Most Blessed Sacrament.

After the ceremony in church new graduates, their dates, junior class members, and parents of both junior and senior students attended the annual graduation party in the parish hall.

Report cards will be given out on Tuesday.

Monday afternoon a program honoring St. Freds' scholars was attended by high school students.

Those who had the 44 honor points needed to receive a certificate were:

Freshmen—Patricia Bierline, Catherine Blascyk, Mary Jean Brandt, Judy Cosgrove, Geraldine Dobski, Patricia Donahoe, Karen Gullet, Joanne Goodsell, Lorraine Raps, Myra Levering, Patricia Levicki, Mary Long, Cynthia Moloney, Mary Catherine Morse, Judy Nichols, and Frank Palopoli.

Sophomores were: Mary Agnes Brown, Larry Cosgrove, Maureen Drake, James Deveroux, Judy Ermel, Pat Foster, Fred Metz, Donna Needle, Nicholas Pavlinac, Ellen Schachern, Julia Slowiak, and Irene Zaha.

Juniors were: Margaret Drake, Pat Jenkenson, Karen Kergan, Marie Lewandowski, Beverly Malinowski, James Mayworm, Margie McHugh, William Metz, Donna Pudvin, Walter Quarles, and Carol Shell.

Seniors are: Julie Bailey, Jim Duren, Elaine Hahn Feld, Jo Ann Johnson, Kathleen Kinch, Mike Kopcsik, Nancy Morey, David Rabaut, Mary Ann Saghy, Ann Schachern, Mary Kay Sclesky, and Katherine Smith.

Seniors who received a silver seal on their diplomas Tuesday for being on the honor roll three years are: Julie Bailey, Jim Duren, Jo Ann Johnson, and Mary Kay Sclesky. Four years on the honor roll entitled Mike Kopcsik, Kay Smith, and Apn Schachern to gold sealed diplomas.

FUTURES UNLIMITED — Looking ahead to future responsibilities and many new experiences are these Pontiac High School graduates. First row (left to right) are Betty Cousbie, Vicky Micu and Deanna Bradley. In the top row are Robert Johnson, Jack Turner and Ronald Brown.

Commencement Thursday for Pontiac High Seniors

By VICKY MICU

Seniors today said goodbye to their high school careers and will officially be graduated Thursday, June 14.

* * *

For underclassmen, next week will be a round of final exams, card marking and locker cleaning.

Baccalaureate services will be Sunday at the Central Methodist Church with the Rev. Malcom Burton speaking. Commencement follows Thursday.

For seniors next week will be a whirlwind of parties, picnics, and "lasts"—"last walk around the campus," "last goodbye to many fellow PHS'ers," etc.

* * *

The Tuesday following Baccalaureate, seniors will practice for commencement exercises, both at high school and at Wisner stadium and then will go to Walled Lake for classday festivities.

* * *

Underclassmen will attend school Monday and Tuesday and Wedesday will take final exams. They will return Friday to have report cards marked.

* * *

Lab assistants are looking to the new fall semester, choosing Barbara Miller head lab assistant for the year. Sharon Boyce, Lynn Colwell, James Shaw and Constantine Sousanis are new lab assistants.

* * *

The Linnean Society (PHS biology club) chose for next semester's officers Jim Livingston president; Krista Kaasik, vice-president; Mary Inman, secretary; and Jim Shaw, treasurer. Judy Inman historian.

Mary Parrish's Speech VII and VIII classes traveled to Michian State University recently for Drama Day to see MSU speech department's "Caesar and Cleopatra."

Former PHS student Don Bumgardner portrayed one of the characters.

WHAT NEXT? — Judy Ross, Lincoln ninth grader, eyes the door of Pontiac High School where she will go in the fall. What will high school days bring, Judy wonders. What's ahead of me? She decides that though fun times are ahead, there'll be quite a bit of work in store for new high school students.

AHHHH, SCHOOL DAYS — Already reminiscing a bit with their new yearbook are graduates Kay Smith and John Zeleznik from St. Frederick High School. The two are among 54 students who received diplomas in commencement exercises at St. Vincent de Paul Church Tuesday night.

SMH Graduation on Sunday

By JANET ENGLISH

Commencement is Sunday for 73 seniors from St. Michael High School. During this past week the graduating class has been living on top of the world.

Caps and gowns arrived last Saturday and they were worn by the entire class for the first time Monday—which was designed Senior Class Day. As a group they attended Mass and Communion; practice for the commencement exercises on Sunday followed.

Tuesday the juniors took time out from their final exams long enough to escort the seniors to Bob-Lo. The latter experienced an especially enjoyable day because the juniors footed expenses incurred during this day of activity.

Sister M. Muriel, Sister M. Miram and Sister M. Gerald were the members of the faculty who accompanied the group.

Father Norman Thomas and James Campbell also went with the traveling classes acting as chaperones.

Again, on Wednesday, the upperclassmen returned to the alma mater garbed in the traditional attire. Those seniors who are to speak at the Baccalaureate Breakfast on Sunday put in a grueling morning of practice under the direction of Sister M. Gerald.

They agree that perfection on the big day will be a justifiable reward for time spent in preparation.

* * *

The annual senior class picnic was held yesterday at Kensington Metropolitan Park. This day's activities can be explained simply, "Fun for all and all for fun."

Father William A. Immel has scheduled for this evening, in place of the usual CYO dance, a Cap and Gown Dance for the graduates. This is the last CYO affair they will attend while in high school.

* * *

Last Friday the juniors received mimeographied copies of the senior class will. This was compiled and written by senior Patricia Lane.

Seniors Return Home

Rochester seniors returned from their senior trip this week. They went to Washington, D. C. and New York City. Eighty-three out of 120 made the trip.

Congratulations, Seniors!

Today's school page will be the last one until school resumes again in September.

We at The Press greatly appreciate the very fine cooperation of the school administrators and teachers, the correspondents who contribute so much of their time and energy in collecting the news and you students who make the news.

To you many seniors graduating from high school we extend our very hearty congratulations and wishes for many successes in your future years.

To the rest of you, have a wonderful summer and we'll be with you again in September.

Ninth Graders Head for High School

Ninth graders in Pontiac junior highs are a little excited this week too. They know that next year will bring them new experiences in high school.

AT EASTERN

Eastern's graduating 9A's will have their program Thursday, in the auditorium. Parents and guests of the graduates are invited. The processional beings at 10 a.m.

This year's theme is Flag Day and the program is centered about the flag.

Participating in the exercises will be Henry Elling; JoAnn Singleton, Ronald Miller, Judy Boughner, Kenneth Nagley, Vernell Duffy, Buddy Baril, Judy Haroutunian, Robert Brien, members of the Treble F. Clef Club, Boys' Glee Club and the band.

* * *

Eastern held its Honors and Awards Assembly Wednesday and Thursday.

Bronze, silver, and gold E's were presented to students who had the correct amount of certificates. Gold E's and guards were presented to 9A's having the most certificates.

Bob Easton, president of Student Council, introduced the program chairman, Linda Stickney, the 9A who had the largest number of certificates. Judy Hartman gave an explanation of Honors and Awards.

Judy Haroutunian was installed as the new Student Council president for the fall semester.

AT MADISON

One hundred and eight 9-A's will graduate next week and head for high school. Tonight is the All School Spring Dance from 8:30 to 11:30. Approximately 200 guests are expected.

Forty-eight students were presented presented honors and awards at a special assembly held today. Tom Hoisington received the highest honor which was the Gold "M" with Guard. George Yansen, principal, made the presentation.

Mr. Staebler presented the Gold M to the following students: James Weisenborne, Charles Evans, Berta Cooper, Lysle Basinger, Jane Rathbun, Rita Stanley, Carolyn Radke, Judy Brooks, Tom Hoisington, Lucy Morris, Lona Shelton, Kay Twichel and Gary Oak.

The Silver "M" was awarded by Mrs. Lowe to the following students: Sandra Hilderley, Judith Collison, Cynthia Sach, Nancy Adams, Carol Campbell, Sharon Hampshire, Dorothy Coleman, John Friedly, Karen McKinney; Linda Underhill, Peggy Kettula, Charlene Dortch, Charles Hawkins, Lloyd Cretal, and Marlene Wiscombe.

Students were awarded certificates by Miss Hines. The pupils receiving this honor were: Freeman Henry, Richard Foster, Loretta Goode, Beverly Hanes, Eddie Jhonson, Connie Stevens, Dennis Vincent, Joy Ann Ratten, Barbara Everett, Barbara Berryman, Clinton Eubanks, Rita Cox, Barbara Pierce, James Chamberlain, Carolyn Dawson, John Jacobs, Judy Cox, Dorothy Payne, Ann Phillips, and Barbara Stechow.

AT WASHINGTON

Washington held elections for Student Council officers last week Friday. New president is Ronald Joyner; vice president, Ted Gaensbauer; secretary-treasurer, Mary Conrad.

The vocal department held its annual spring concert, "With a Song in My Heart" last night.

Thursday Set for Graduation

Diplomas to Go to 243 Waterford Township Seniors

By JEAN LIIMATTA

Waterford Township High School, holding its final week of school, was the scene of proud grads parading in their caps and gowns; and uneasy underclassmen anxiously awaiting next Monday when they will hear that final "class dismissed."

WTHS's 243 grads received their caps and gowns Wednesday after rehearsing for Baccalaureate and Commencement to be June 10 and 13 respectively.

Seniors and their guests attended the annual Cap and Gown Party last night in the high school gym. Dancing, movies of the trip and senior entertainment were the highlighting activities.

Sunday at Baccalaureate the Rev. Arvid Anderson, of Christ Lutheran Church, Waterford, will address the grads; the Rev. H. E. Wrobbel of Calvary Baptist, will give the invocation and benediction; and Waterford's A Cappella Choir will sing "The Lord's Prayer."

Dr. Carl S. Winter, former Crime Commissioner of Michigan and former minister of First Baptist Church, Oak Park, Illinois, will give the main address at Commencement next Wednesday.

Others on the program are William Shunck, superintendent; Thad Carr, principal; the Rev. W. J. Teeuwissen, of Drayton Plains Presbyterian Church, who will give the invocation and benediction; a class valedictorian Sylvia Clarke.

Martynn Keasey, junior, will provide processional and recessional music for both events. This will, indeed, be a historical event for WTHS, as the football lights will be turned on for the first time.

Class officers have been named for next year. Ted Collom was elected senior president; Lyndon Salathiel, vice president; Jo Ann Doyle, secretary and Gail Mitchell, treasurer.

Thousands of Students Begin Summer Vacation

Commencement and the summer ahead are on the minds of most area students this week. Seniors throughout the county have finished their high school days and will head for work, more school or marriage.

AT WALLED LAKE

The traditional Pomp and Circumstance, processional march, will usher 212 Walled Lake graduates to commencement exercises Thursday night at 8.

Joseph Long, president of the Walled Lake Board of Education, will present seniors with their diplomas.

Commencement speaker is Stephen S. Nisbet of Fremont (Mich), vice president in charge of the Gerber Baby Food Co. and member of the State Board of Education. His topic will be "Guide Posts."

* * *

Senior parents were invited to witness the third and final Honors and Awards presentation which was a part of the Swing Out program at Walled Lake high school this afternoon.

* * *

A number of seniors received awards for outstanding scholastic achievements over a three year period.

Department heads presented subject awards to the following students: Arthur Howland, agriculture and math; Sylvia Uhrick, art; Dick Woodworth, athletics; Donald Parrish, band; and Diane Marburger, bookkeeping.

Others were Virgil Barnett, boys' glee club; Charlene Witte, choir; Nancy Austin, commercial; Kathleen Dunne, English and speech; Dick Stanhope, industrial arts; Ruth Sappington, journalism; and Mary Roach, Spanish.

Completing the list were Janet Rocker, librarian; Shirley Wooden, science; Carol Deimling, shorthand; Woodrow Donovan, social studies; Carolyn Cummins, typing; and Shirley Wooden, future teacher.

Oliver Rose, student council sponsor, presented the coveted W. L. pins to 19 seniors. These are pins earned for scholarship, attendance, and participation in school activities.

Those receiving them were Virgil Barnett, David Bratton, Carol Deimling, Woodrow Donovan, Bill Duckwitz, Kathleen Dunne, Bob Hess, Arthur Howland, and Janet Langdon.

The others were Robin Perry, Mary Princko, Mary Roach, Jane Rocker, Ruth Sappington, Dick Segnitz, Eleanor Sherwood, Polly Skarritt, Shirley Wooden, and Dick Woodworth.

AT AVONDALE

One hundred Avondale seniors received diplomas at commencement exercises last night at the high school. Led by valedictorians Nancy Lowery and Bob Jaycox and salutatorian Dale Raffler, the new graduates were honored before an overflow crow of parents and friends.

Carl R. Anderson from Michigan State Normal College spoke on "Time for Decision." Superintendent Raymond N. Baker presented the speaker.

Principal Rosco V. Crowell presented the class to Board of Education President R. Grant Graham, who awarded the cherished diplomas. The Rev. H. J. McCann of the Auburn Heights Presbyterian Church gave the invocation and benediction.

AT LAKE ORION

High School Commencement—the end of way for the class of '56 as a unit took place last night on the athletic field.

Seniors (numbering 105) received their diplomas from Wesley B. Allen, president of the Board of Education.

Fred Wiegman presented the class, his last official act as principal of Lake Orion High School. The speaker, Dr. Guy Hill, from Michigan State University gave the address titled "Faith to Move Mountains."

The commencement culminated a very busy week for both the juniors and seniors. The juniors presented a tea for the seniors previous to baccalaureate services, and the seniors reciprocated with a dance for the juniors.

AT CLARKSTON

Adieus-Bon Voyage is the general atmosphere at Clarkston High School as another Senior Class makes preparation for graduation.

Seventy-two seniors will receive their diplomas at Commencement exercies, Monday at eight o'clock in Clarkston High School Gymnasium.

Invocation will be given by the Rev. Robert Wilkie. The speaker for the occasion will be Merritt Hill.

Kieth Leak, President of the Board of Education, will present the diplomas. The Valedictory and Salutatory will be given by Ron Johnson and Gary Robertson, respectively.

Baccalaureate Service will be conducted Sunday, June 10 in the gymnasium. The Rev. Mr. Wilkie, pastor of Sashabaw Presbyterian Church, will present the address. Bart Connors will lead the congregation in singing and offer the prayer.

IT TAKES YEARS — The gloating senior in cap and gown gleefully laughs at the poor underclassmen beneath him who still have "time to serve." He knows, though, what it takes to get where he is so he has reason to boast a little about his accomplishments. The freshman sighing in resignation over the books she will study in the next three years is Carol Brown from Lake Orion High; the two sophomores doing much headwork over term papers and such are Jackie Winter and Jerry Nelson from Waterford High; the junior struggling with the algebra problem is Mary Ann Hartley from St. Michael High. Our boastful senior with the books tossed clean away is Keith Barnhart from Avondale High.

Christian Men's Club to Fete Area Seniors

A semi-formal dinner and program for all Pontiac area high school seniors is slated for tomorrow night at 6:30 p.m. in the Pontiac Federal Savings and Loan Building on West Huron.

This is the first annual banquet sponsored by the Christian Men's Club of Pontiac.

Farm and Garden News

WISTERIA WONDER — Earle Abbey's Gas Station on North Broadway in Lake Orion has been a pretty lively sight for residents these past two weeks. A wisteria vine beginning at his home next door has circled around his gas station. Here Abbey inspects one of the blooms from the fragrant purple vine. He says the honey bees and bumble bees seem to like it the most.

Time Now to Plan 1957 Garden Improvements

By HENRY PREE
Written for NEA Service

While you're toiling or struggling with your garden this season, you should also be making careful notes and tucking away new ideas for next year.

Most gardens can use more varieties of early material and a greater diversity of the standard kinds. Observations and notes made in spring will prove invalable later when you are planning next year's purchases.

The keen plantsman always labels as he plants. He does not rely upon his memory to record the plant material in his yard and garden.

As arule, visitors to gardens are an inquisitive race who must know everything about what they see. especially if a plant is conspicuously pretty or out of the ordinary. A label which is legible and convenient will last a long time and is not injurious to the plant. Labels aren't pretty, but we need them.

Perhaps you were able to pick up some helpful pointers on pruning from this spring's gardening. Pruning of early flowering shrubs should be performed right after blooming. This pruning will gave the plant plenty of time to form flowering buds before the fall. Late pruning may remove some of the started buds on the older growth.

In many flowering trees and shrubs the pruning can be in the form of judicious removal of flowers for bouquets. Forsythia, pussy willow and lilacs are most used for cut flowers but other kinds are benefitted by the same treatment in pruning.

Feeding of the shrub border should be attended to. It is during the early summer that the buds for the next year are initiated and a lack of proper feeding may affect the quantity and quality of bloom.

In general a good balanced fertiliser should meet the needs of most plants. If bloom has been shy, then a larger amount of phosphate in the fertilizer might be indicated if growth is otherwise normal.

Bulbs and all other early blooming plants should be fertilized during the active period of growth to assure continued productivity. When the bulbs and the buds of woody plants are formed for next year the flowers are already pre-

sent in embryo and so the plant must be watered and fertilized and given the best conditions during that period even though the bloom has passed.

* * *

Don't cut the foliage of spring flowering bulbs until it has ripened. This is the time of year when they are storing food for next year's bloom. A complete fertilizer worked in around them will help.

Watch out for Iris borers. Spraying or dusting every 10 days with 10 per cent DDT is the most effective control if done early in the season before borers enter the leaves. It should be continued until the buds have formed.

Armored Insects Due to Strike Trees

Though knights in armor long have been extinct, tiny armored insects will lay siege to the nation's backyards unless they are caught before they can put on their hard-shell suits.

If dormant sprays for scale control have been omitted, now is the time to begin killing these tree-ravaging scale insects as crawling broods appear. If they are attacked before they acquire their armor-like scale, these pests can be effectively destroyed.

Best weapons are sprays that kill on contacts, such as formulations of Summer oil, DDT, oil and nicotine, or a number of other chemicals.

Proper spraying must be done while the crawlers are most vulnerable without their protective wardrobes. Crawling broods may appear from now through August and their time-tables may vary with the latitude and weather.

Fruit Sponsors Seek Interest

Michigan Fruit Sponsors, a promotional organization in the southwestern section of the state, seeks to encourage new interest in the peach industry future.

* * *

With peach production in Michigan on the upgrade for the first time since the freeze of 1950, the organization has asked state peach growers for financial help in promoting the crop.

Letters were sent to about 5,500 growers asking each to contribute $10 toward the promotion. Growers of more than 20 acres were asked to chip in 50 cents per acre.

Earl Steimle, Fruit Sponsors treasurer says:

"One spray will cost a grower more than that. Surely, the job of selling the fruit is worth as much as one spray."

The peach growers' $10 bill will accomplish four objectives, says Jack Bittner, district marketing agent.

* * *

The grower's name, address and varieties will be shown in 45,000 copies of a Michigan Map distributed to trucker-buyers throughout the nation; his money will go toward a $10,000 promotion program for the area's peach crop this season; the promotion will aid in a peach industry tie-in with a national food company's advertising effort, and the contributions will help provide peaches to be distributed in publicity campaigns.

Bees Like Wisteria, Too

Vine Surrounds Station

A bee's delight is the big purple wisteria vine at Earle Abbey's gas station in Lake Orion.

The vine, started 23 years ago at Abbey's house next door, has completely circled the gas station on the corner hanging down from the roof's edge.

The fragrant blooms are quite a gathering place for all the bees in town, Abbey says.

He's trimmed back the vince once, but it started growing and blooming in the same direction again so Abbey just ties it to the under part of the roof and lets it go.

"You should see the people on their Sunday rides. They stop and take pictures of it all day long," Abbey recounts.

He says the vine blooms twice a year. This time and again in July. It almost never varies from this schedule, he added.

Home Orchard In-a-Line Fruit Trees Popular

A popular form of home fruit orchard is "in-a-line," or row of such trees at the rear, or side of the property, says the American Association of Nurserymen.

A row of fruit trees is ornamental as well as fruit-producing. If the trees are standard size they provide shade as well as lovely flowering trees in the early months of the year.

Where space is too limited for standard size trees, the dwarf fruits may be planted. Advantage of the dwarf trees is that they may be planted close together (12 feet apart) and the crop can be harvested without having to use a ladder.

They are especially desirable in cases where higher trees are not practical, or where one does not wish to shut off a view. Not all fruits are available in the dwarf sizes and it is well to consult with your nurserymen, who not only can help you select the dwarf trees but also other standard fruit trees which are not large even at maturity.

Urge Homeowners to Learn About Trees

Like the family doctor, the tree surgeon sometimes can tell the seriousness of the malady merely by a description of the symptoms. That's why owners may save themselves time and expense by learning more about pet trees.

About the most important thing you can tell the arboreal medico on the phone is the identity of the patient. From that, the tree man usually can ask the pertinent questions about the trouble, real or fancied.

The initial snag when an owner calls up for first aid for an ailing landscape friend is that he rarely can identify the tree. The tree medico can be given a big assist too if you have a diagram of your landscaping, with each tree labelled by its common name.

Such a blueprint is invaluable when two kinds of trees are closely akin to one another. The case of the horsechestnut and the buckeye is illustrative. The latter is much less susceptible to leaf diseases and bark canker, a key clue to the tree doc.

Tours of Garden on Farmington Group's Agenda

A garden tour by the Farmington Garden Club is on the agenda for Tuesday from 10 a.m. until 4 p.m.

Gardens which will be open include those of Mr. and Mrs. Walter Hickey, 36029 W. Nine Mile Rd.; Mr. and Mrs. Ray Eichler, 34703 W. Nine Mile Rd.; Elmer Dohany, 28425 W. Eight Mile Rd.; and Mr. and Mrs. Albert A. Holman, 27590 Spring Valley Drive.

Others include the homes of Mr. and Mrs. W J. Spicer, 24915 Farmington Rd.; Mr. and Mrs. David Mills, 24300 Locust Dr.; and Mr. and Mrs. Clarence Johnson, 7395 Drake Rd.

Many lovely gardens will be shown. Among the sights to be seen are flowering trees and shrubs, unusual landscaping and rare tropical plants.

Term Insecticide Safe and Effective

A new type of insecticide that kills flying and crawling insects in both house and garden is being introduced by one of the leading wax companies.

The new bug killer is said to be deadly to all kinds of household and garden pests and yet harmless to humans and animals when used according to directions.

It will not injure the foliage or blossoms of either outdoor or indoor plants, is non-inflammable and has a pleasant aroma. It comes in a 12-ounce aerosol can.

Set Mower Blades

In mowing the lawn, make sure the cutting blades are set at least two inches high. Longer grass is a natural discourager to crab grass which dislikes shade and also provides a degree of protection against the sun's rays to the millions of root systems.

Plant Morning Glories

There's still time to plant and ultimately to enjoy some morning glories. The way to quickest germination is either to soak the hard covered seed until it is soft or to nick it carefully with a knife to allow it to burst open more easily.

Separate Weed Killers in Garden Equipment

Separate widely the selective and non-selective weed killers in the garden medicine chest and never mix them up.

The non-selective chemical killers are fine to dispose of weeds in the driveway, but make sure none runs over and destroys grass.

Care for Tree Base

Be careful in mowing around the base of trees for injuries to the lower bark can make a tree susceptible to inroads by a borer.

Fertilize House Plants

Houseplants summering outside will benefit by regular feedings of a water soluble quickly absorbed fertilizer.

THE BERRYS By Carl Gruber

'Mr. Reactor' Retires From Atom Career; Sees U. S. First in International Race

LEMONT, Ill. (INS) — The "Henry Ford of Atomic Engines" has summed up 10 pioneering years of work in peacetime nuclear energy applications and predicted:

—The United States will come in first in the international race to build the best atomic reactor models, but it may trail in the early stages of that race.

* * *

—The A-reactor of the future will be as advanced over today's models as a 1956 automobile is over the horseless carriage, circa 1900.

* * *

—Radically different A-reactors will be built for use in the chemical and metallurgical industries to create new consumer products.

* * *

—The problem of harnessing the fusion process of the hydrogen bomb will be licked—and thermonuclear reactors will be built.

Dr. Walter Zinn, 49-year-old physicist who helped usher in the atomic age, gave his views on the future of nuclear energy for peace in an interview with International News Service.

Dr. Zinn is leaving his position with the Atomic Energy Commission's key Argonne National Laboratory outside Chicago at the end of this month.

For the past 10 years — ever since atomic energy was mustered out of the military service and put on a civilian basis—Dr. Zinn has served as its director. Under his leadership, the following "firsts" were achieved:

Design of first atomic power plant for submarine Nautilus, construction of "breeder" reactor, first electricity from atomic energy.

* * *

During the war he served with the late Prof. Enrico Fermi on the four-man team that achieved the first man-made atomic chain reaction to open the A-age.

* * *

His work earned him the nicknames "Mr. Reactor" and the "Henry Ford of Atomic Engines."

Dr. Zinn made these other points in summing up the 10 post-war years of atomic work and in looking ahead into the atomic future.

—While atomic power plants will prove economically advantageous in ships and airplanes, they are "unnecessary" for railroad engines and "impractical" in automobiles. He explained:

"The big advantage of a nuclear fuel source is that you don't have to stop to refuel frequently. This makes sense with ships and planes but is of little advantage with trains and cars."

—Harnessing of the thermonuclear process will make man effectively free from fears of running out of fuel supplies since "there are enough heavy hydrogen sources in the oceans to last us indefinitely."

—Specially designed radiation reactors (furnaces designed to produce gamma rays rather than heat) could be used to create new plastic materials "that won't melt."

Dr. Zinn offered this comment on the three-way reactor race between the United tSates, Great Britain and the Soviet Union:

"The United States, quite correctly I feel, has taken a long-range view on its reactor program, by working with several different types of reactors, rather than just backing one, we are less likely to miss any bets. Because of our broad-based program, we may lag behind the countries who have put all their money on one horse, so to speak.

"In the short run, we may not look so good compared to England or Russia—but we are sure to have a piece of the winner at the finish line."

5-Day Slate to Mark Progress by Negroes

DETROIT (AP) — Plans for a five-day program marking Negro progress in American in the last 10 years are announced.

The program, offering entertainment, exhibits and awards, will run from June 30 through July 4 at the State Fairgrounds.

Awards will be made to a number of Americans who have contributed to Negro achievement.

No Place Like Home

GALESBURG, Ill. (AP)—Homesickness overcame 14-year-old Robert Hiatt who was clad only in pajamas and shoes when he sneaked out of St. Mary Hospital and walked home through snow and freezing temperatures. Hospital authorities discovered their loss when they were prepared to take X-rays of the boy. They found him fast asleep in his own bed.

Bob Considine Says:

Bess Truman's Logic Saves the Evening

NEW YORK— (INS)—When the Trumans were in Rome they took their first few meals in their hotel. Frank Conniff of the New York Journal American, traveling with them, felt they were missing a lot by not going to one of the great restaurants for which the Eternal City is gastronomically revered.

* * *

"Tonight," Frank said to the famed travelers, "why don't you let me take you to dinner at the Palazzi."

Stanley Woodward, the State Department protocol man, turned ashen.

"Out of the question," he said. "What would people think if the former president of the United States, and the former first lady, dined in a place Mussolini built for his mistress?"

Frank subsided. The look of anticipation left Truman's eyes. The prospect of another hotel meal loomed. But Bess's homespun logic prevailed.

* * *

"She won't be there," Bess said firmly. And off they trooped to the delightful place.

GRADUATION PLAY

It happened in the graduation day play at a select school for young ladies. The drama had to do with the horrors of a trans continental trip in the days when Indian ambushes were the rule.

* * *

The young ladies of the cast dressed in the rough gear of frontiersmen. After many chilling adventures, the plainsman in charge brought his human freight to Oregon and there—in from the wings—strode "Gen. John Charles Fremont."

The mustached plainsman saluted the bearded "Fremont," announced that the rugged mission was completed, and then driven by some compulsion too strong to resist, curtsied.

The "Father of the Year" is Joseph N. Welch, the Pickwickian New England lawyer who became a TV celebrity during the McCarthy-Army hearings. In responding to the election, Welch spoke first of fatherhood and made a gracious acknowledgment to an accomplice.

* * *

"This is an honor which belongs in the truest sense, not to the man alone, but to his family and, in particular, to his wife, without whose cooperation the status of fatherhood could not by any possibility be achieved."

CREDIT TO ENGINEERS

He rushed past his fame in these words:

"So far as I have a public reputation, though it is quite a tiny one, that reputation was created not by me but by electronic engineers, who with their magic made it possible for so many people to glance at my face or listen for a moment to my voice, that it was inevitable that at least a few out of so many would think that some of the things I have been heard to say have in them some little residue of wisdom or validiay, or even importance.

"... If it were in my power to bestow on the youth of the land one single quality, I would not choose, I think, wit or wisdom or even that great boon, education.

"If I could choose but one, I would choose integrity. If one day my children and grandchildren say to each other, 'He taught us to value integrity,' I shall be content.

"If your children are to have integriey, they must first find it in the home and in you. If they live in an atmosphere of complete integrity they will accept it as an attitude and never waver thereafter.

"And having integrity, they will themselves find freedom, and having found it, gladly grant it to all others."

Bob Hope was playing the Royal and Ancient course at St. Andrew's. His wisecracks had failed to make the faintest impression on his old Scot caddy.

Finally, after a tee shot on a very long par five, he paused before his second shot and asked, comically, "is this a brassie shot?"

The old sack toter surveyed him glacially and answered, "For 400 years."

Hollywood Headlines

Betty Garrett Will Return to Movieland for Thriller

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — It's been a long time between movies for Betty Garrett (Mrs. Larry Parks). But on July 9 she'll be back in her old dressing room on the Columbia lot for the femme lead in "Missing Witness," the Cosmopolitan magazine story by John and Ward Hawkins.

Betty, who has always appeared in musicals—in fact, her biggest hit was "My Sister Eileen" at this same studio, takes on a very different role in this thriller. It's about a child who sees hoodlums attempt to murder his mother, the wife of a policeman.

Recently, Betty has spent most of her time appearing with Larry in plays around the country—or if she hasn't been in the show, she's traveled with her husband.

The Paul Gregory-Charles Laughton combination for a time threatened to break into bits and pieces over a contract squabble. There was a battle royal, but peace now reigns.

I do know that Charles will direct "Goggle," a play by Bentz Pragerman, on Broadway this fall for Gregory.

Charles has other plans, too. He plays Falstaff for the young Waco, Tex., genius Paul Baker. Laughton is just back from Waco where he helped coach Burgess Meredith who is playing in "Hamlet" for Baker.

BETTER JOURNEY

That planned trip to the Berlin Festival for George Nader was called off today by Ed Muhl, head of U-I, but George gets a much better trip. He'll go to Tokyo with Audie Murphy for "Joe Butterfly," which starts the second week in July.

The dedication of the new wing of St. John Hospital by Cardinal James Francis McIntyre was like a dream come true to those of us who 10 years ago started to help raise the necessary money.

Irene Dunne, Mrs. John Farro (Maureen O'Sullivan) and many others were at the ceremonies.

Harry Warner, a generous donor, made the trip to the hospital although he was limping following a recent operation. Missing was Kay Kayser, who started the original drive.

George Murphy did our industry proud with his emceeing.

TO QUIT MOVIES

Jo Van Fleet, Academy Award winner, is giving up pictures for a year after she finishes "The King and Four Queens" with Clark Gable. I thought this idea was in her mind when she stopped in to see me on her way to location at St. George, Utah.

Now she says, "I haven't been on the stage in over three years; not since 'Trip to Bountiful' with Lillian Gish. I have been away from my home and my husband, William Bales, too long while I've been making pictures.

"I promised him and my 7-year old son that I'll stay home in New York for a year. I'll do a stage play because I never want to be idle."

Snapshots of Hollywood collected at random: I keep hearing that Sammy Fain and his wife are trying it apart. He wrote the Academy Award winning song "Love Is a Many-Splendored Thing" with Paul Francis Webster.

The beautiful star sapphire and diamond ring worn on Diana Lynn's engagement finger was put there by Mortimer Hall. Dashing to rehearsal for the "Climax" TV show, Diana verified her engagement to Ruth Roman's ex.

Bill Morrow, Bing Crosby's favorite writer, told me Bing will be down from Pebble Beach to attend his youngest son Lindsay's graduation from Loyola.

Roman's Life—22 Years

LONDON—Two thousand years ago a Roman's life expectancy was 22 years. In the Middle Ages the figure rose to 35. There was no change from then till 1888, when in Great Britain and Ireland the expectancy advanced to 40 years.

Big Boy Blues

By DAMON RUNYON

Sitting in Mindy's restaurant I learn from West Side Willie, once an ace ticket scalper on Broadway, that he is worried what will happen when the new Army show "Gee Eyes" for which he is now ticket taker opens on the big street, especially when Big Boy Blues finds out his son Little Boy Blues is a dancer attired in the gowns of a doll.

Big Boy Blues is six feet three and weighs maybe 200 pounds with a reputation at police headquarters that consists mainly of mayhem because he gets mad quick. Rosie Flynn, Little Boy Blues' mama, tells Big Boy his son is with Coogan's Cobras fighting overseas but actually is a ballet dancer in "Gee Eyes."

The show opens and Colonel Coogan is sitting down front and who should be next to him but Big Boy Blues. As the finale comes on out comes Little Boy dancing and he stops the show. The crowd starts cheering and Big Boy jumps up from his seat shouting but a copper sitting behind him drops a blackjack on his sconce and Big Boy is dragged up the aisle and out of the theater.

(Concluded)

Then I see police Captain Caswell talking to Rosie Flynn in a corner of the lobby and I get close enough to hear the captain say:

* * *

"Well, Rose," he says, "you certainly do the community a service by requesting police protection here tonight. If it is not for your warning and my skill with a jack we will have serious trouble although to tell you the truth we have enough already with the guy we commandeer the seat from behind Big Boy. I only hope and trust that he does not have as much influence as he claims and anyway he can have the seat now."

Then Colonel Coogan comes into the lobby still stating in a loud voice that the jacking of Big Boy is a scandalous matter and that somebody will hear from the War Department and maybe the OPI, too, when Captain Caswell steps up to him and informs him that Big Boy is jacked because he is about to start wrecking the joint in discovering that his son is a dancer in the show.

"No, no," Colonel Coogan says. "There is a terrible error somewhere. He knows his son is in the show all right because someone calls him up this evening and gives him the information. Mr. Blues intrduces himself to me and tells me about it while we are sitting there side by side waiting for the curtain.

BREAK HER HEART

He does not seem to know just what to think about his son being in the show at first but he asks me as a special favour not to mention it to Mrs. Blues if ever I happen to meet her because she thinks her son is with my command and Mr. Blues fears it will break her heart if she learns the truth."

"Colonel," Captain Caswell says, "I distinctly hear Big Boy yell when he gets up from his seat and our experience with him in the past is that he always prefaces his acts of violence by yelling."

"Yes," Colonel Coogan says, "he yells all right, but so do I and what we are both yelling is bravo."

At this point I hear a slight gasp behind me and on looking around I observe that Rosie Flynn slumps to the floor in a dead faint consequently there is more excitement during which I take my departure without even waiting for the second act as my legs are very tired from the standing room only.

'YOU MEET A TANK?'

I am again sitting in Mindy's restaurant along about three o'clock in the morning still resting my legs when who comes in but West Side Willie and I am most distressed to note that he has two black eyes and swollen lips and that he seems greatly dishevelled in every respect.

"Why, my good gracious, Willie," I say. "Do you get run over by a tank division or what?"

"No," Willie says, "Big Boy Blues belts me. By the way," he says, "everybody is all wrong about him crushing the human skull with a single blow of his fist. He hits me on top of the head twice with his right and only raises a contusion and I think he damages his duke at that.

STILL PLEASURED UP

However," Willie says, "it is only fair to say Big Boy comes to the theatre to find me fresh from the hospital after he is treated for the jacking he receives from Captain Caswell and perhaps he does not have all his strength. He inflicts most of my injuries with a left hook."

"Well, Willie," I say, "it shows how Colonel Coogan is deceived by Big Boy and Captain Caswell is right all the time. I suppose Big Boy's fury over Little Boy being in Gee Eyes flares up anew when he has time to think about it and no doubt he assaults you as a representative of the show."

"Oh, no," Willie says. "Big Boy is still all pleasured up over Little Boy's performance, and what is more he and Little Boy and Rosie Flynn are enjoying a happy and very loving family reunion but Big Boy gets to brooding about the ticket speculator who calls him up and tells him of Little Boy's presence in the show and hustles him into buying a ticket for a hundred dollars which is about a ninety-five dollar premium."

"I see," I say. "You are the speculator, of course."

"Well," Willie says, "I am stuck with a ticket that I pay six dollars for myself and I happen to need a hundred and I know Big Boy Blues will pay anything to get in the theatre if he hears Little Boy is in the show although naturally I figure it will be only to tear the place apart. But I also know Rosie Flynn arranges for police protection so I do not see how he can do any harm even if he is there.

"So," Willie says, "I call him up and promote him. It is more than human nature can stand to let such an opportunity pass. But besides getting belted I also undergo another slight misfortune tonight. I am relieved of my job with the show and ordered to Colonel Coogan's combat unit in the Pacific."

THE END

On Monday Damon Runyon introduces you to a "Right Good Looking Girl" in The Pontiac Press.

Jailed for Crash Death

BEULAH (AP) —Theodore Sheppard, 19, Flint, was sentenced to serve eight months to two years in prison yesterday for negligent homicide in the trafic death of Theodore Tanner, 19, of Elberta. Sheppard was driver of a car which collided March 4 with one occupied by Miss Tanner and four other girls.

Seeking to Ban Through Trucks

Committee on Safety Considering Ordinance to Enforce Bypasses

The Chamber of Commerce Safety Committee hopes to clear city streets of through-trucks.

According to Clyle R. Haskill, chairman, a meeting yesterday began consideration of a possible ordinance forcing through-truckers to use the M24 by-passes around the city limits.

He pointed out that at present it is perfectly legal for trucks to travel anywhere in town, including downtown main streets.

Truck routes are established and posted, he said, but emphasized that there is no law enforcing them.

"A huge gasoline tank passing through to Detroit or Flint could blow up in the middle of Saginaw street," he said, "and no one could claim the driver had no right to be there."

Haskill added that he believed out-state agencies would be the truckers principally affected by the ordinance.

He said that other cities with such ordinances would be contacted for information.

Hospital's Ruse Fails to Increase Paying Patients

ST. LOUIS (AP)—City Hospital officials thought they had hit on a method of stretching the hospital's drug money, which has run short year after year.

They began requiring clinic patients applying for free drugs to sign a witnessed statement: "I solemnly swear that I cannot afford to buy this medicine."

"Everybody signs it just like a routine order to get drugs," Dr. Cyril Costello, the hospital chief of staff, said.

"It has not done anything to cut down the expense of drugs to City Hospital."

Japanese Bar Owner Testifies in GIs' Behalf

MAEBASHI, Japan (AP)—A Japanese bar owner has testified he saw no American soldiers around a pinball parlor wrecked in a riot here last September.

Four GIs are on trial in a Japanese court here on charges of inciting the riot. They are PFC Kenneth C. Reynolds, McGhee, Ark.; Cpl. Walter R. McKenzie, Hazel Park, Mich.; PFC. Alan May, Chicago, and Specialist 3 C. Jessie Nordyke, Minneapolis, Kan.

Shigeo Kamei, testifying for the defense, said he saw only a crowd of Japanese civilians around the pinball parlor.

Earl Wilson Is Amazed by Rising Young Actors

By EARL WILSON

NEW YORK—This young girl was sipping a sherry in the Russian Tea Room the other afternoon talking about the late great actor Jimmy Dean.

"I have a feeling he must be sitting somewhere in hysterics over all this excitement about him," Joanne Woodward said.

"He didn't talk much, except about the bongo drums. I'm sure he'd find it funny thinking back to the Cromwell Pharmacy at NBC. When they raised the minimum charge to 50 cents, most actors couldn't go in any more. We hated anybody that had a job."

JOANNE

The Jimmy Deans and Joanne Woodwards always amaze this Ohio farm boy. She has the lead in the controversial film, "A Kiss Before Dying"—but when I talked to her, had just closed in a flop, "The Lovers," and had done a Studio One TV show.

"I played the wife of a young hood. She pushed drinks in a bar. Sat down beside guys and asked them to buy her a drink."

They're so absurdly worldly at their age.

But why not? Born in Thomasville, Ga. (Ike's quail-hunting country) . . . Greenville, S. C., High School . . . Louisiana State U. ("drama, what else?") . . . And then a New York cold-water flat and job-hunting.

JIMMY

"Another girl and I, Rawn Harding, had this barren apartment at 72nd St. and York Av. We had a little gas stove and roaches.

"There was a horrible old man who used to peak out his door at us. Our breakfast was hot dogs which we bought for a dime from those wagons on the street."

Joanne has given up the cold-water flat.

"I've gone one step up now," she says. "I have a heated apartment . . . but you have to walk up 5 flights. I don't know why actors go through this. Maybe it's because they're crazy."

THE MIDNIGHT EARL . . .

The deal for the Roxy to be torn down, for an office building, is rumored closed . . . Mike Todd's fiancee Evelyn Keyes winged in from Europe. Shelley Winters, who doesn't leave "Hatful of Rain" till June 30, says it was printed she'd already left "and the theater was filled immediately."

Conrad Hilton set his Mexico City opening for October . . . The Earl Warrens'll vacation in Switzerland (about convention time, too!) . . . Bullets Durgom brought in another oil well at Bristow, Okla. . .

Paul Brinkman said here if Jeanne Crain doesn't shield the kids from publicity, "I'll tell my side of the story." Feeling blue, he flew here to relax.

Jimmy Durante sighs, "It useta be just me and Clayton and Jackson—now we got 20 people wid us." (He'll take six Copa girls along for his Chicago stint) . . . Rita Moreno's flying in for the "King and I" opening June 28.

Errol Garner's out of the hospital after his auto crash . . . Bob "Confidential" Harrison's off to Europe soon for a month . . . Musical arrangements for the shipwrecked "Follies" cost $55,000 . . . Peron's agents are trying to sell bio to American mags . . . Jane Powell and her husband, Pat Nearny, head for an African safari soon . . .

EARL'S PEARLS . . . Even if you're working for peanuts, be sure to salt some away.—Rube Rustic.

WISH I'D SAID THAT: "The one thing that keeps men from understanding women is women."—Doris Lazare.

TODAY'S BEST LAUGH: "A really successful Broadway star," says Frank Cerutti, "is one whose autograph is sought by fans and accepted by banks."

"The difference between a bachelor and a married man is a bachelor can't find where he puts things. A married man can't find where his wife put things."—F. G. Kernan. That's earl, brother.

Home Lacking Stern Parents

Red Cross Chief Says Lax Discipline Blamed for Youth Problems

ST. LOUIS (AP)—The president of the American Red Cross says parents who are "unwilling to undergo the discipline of making a home and bringing up children" are probably a major couse of the nation's present youth problems.

Ellsworth Bunker, the organ-terday on the last day of its three-day national convention attended by nearly 5,000 delegates. He criticized "absentee parents" as the chief cause of juvenile delinquency.

Bunker, a resident of New York and Putney, Vt., said the "average urban family" remains in one location only a little more than two years.

* * *

"What effect does this have on children who are thus prevented from putting down any real roots in school, church and community?" he asked.

* * *

Because of "high pressure salesmanship," Bunker declared, the concept of saving and thrift has been almost forgotten and a large part of our population now lives with its income committed for years in the future.

He said the Red Cross should extend its first aid and safety instruction activities because of the current do-it-yourself boom, which he said was responsible for 600,000 accidents last year.

"About 15,000 amateur carpenters smashed their thumbs last year," Bunker said, "and 57,000 people banged themselves up climbing around their own roofs."

'Sissy' Youths Have Last Laugh on Bather, 50

CHICAGO (AP) — Raymond Hurd took a swim in Lake Michigan yesterday to prove to a group of teen-agers he wasn't a sissy. He claims he got a raw deal from the kids.

* * *

Hurd, who went to a North Side beach to loaf in the sun—not to swim—noticed the youths were in swim trunks and shouted, "Go on in the water, you sissies."

"Go in yourself," a couple of the youths told Hurd. "We dare you."

"I'd go in if I had a swim suit," Hurd told the kids.

"Yaaah," they jeered. "You're a sissy yourself."

* * *

Hurd, who is 50, stripped off his clothes and waded into the lake, swimming around in the cold water. When he decided he had enough he headed for shore. He was in waist deep water when he discovered his clothes were gone. So were the teen-agers.

Hurd yelled for help. He resumed swimming, trying to keep warm. Some beach strollers called police.

* * *

Officers backed a squad car to the edge of the water, surrounded Hurd, escorted him to the car and thence to the Rogers Park Station.

Hurd, who said he is an unemployed chemist, was charged with disorderly conduct.

State Aeronautic Unit Picks New Director

BENTON HARBOR (AP) — The Michigan Aeronautics Commission has appointed M. J. Vande Bunte as acting director pending choice of a successor to Brig. Gen. Lester Maitland.

Gen. Maitland is retiring as director of the aeronautics department July 7 to enter the Episcopal ministry in the Upper Peninsula.

Gen. Maitland said "a dearth of formal applicants" prevented appointment of a permanent director. He will be retained on a consultant basis until a director is named.

Vande Bunte, chairman of the aeronautics commission finance division, has been on the commission for 14 years and is a veteran of 24 years state service. He formerly was chief auditor of the State Highway Department's finance division.

Safety Gates Report Nearing Completion

A study being made by the Grand Trunk railroad on installing safety gates at the South Saginaw Wilson St. crossing, is expected to be completed in approximately three weeks, Theodore M. Vanderstempel, city traffic engineer, reported.

In a communication from A. N. Laird, chief engineer for the railroad, a conference has been requested after the study is complete to "review" further steps.

The Michigan Public Service Commission ordered the railroad to install the gates on Jan. 24. The order was based upon a requirement callling for gates at all crossings where there are two or more tracks.

The first attempt to establish a water system in Chicago was made in 1834 when the board of trustees paid $95 to have a well dug.

California Judge Slated for High School Diploma

ALHAMBRA, Calif. (AP) — John Clifford Campbell during his 63 years has been an attorney, judge and banker.

* * *

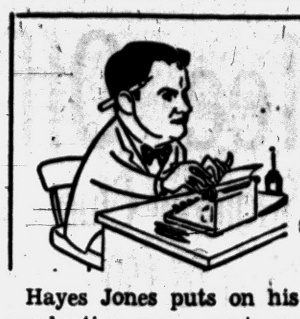

Today he will achieve one of his life-long ambitions. He'll graduate from high school.

Campbell left Hollywood High School 51 years ago before graduation. He entered a law office as a clerk and later attended but never graduated from the University of Southern California.

After World War II he became a judge of the United States Court for the Allied High Commission in Germany.

"I had to get my high school diploma. I don't want my kids to be ashamed of me," he said.

From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

Hayes Jones puts on his mortar-board cap and his graduation gown next week at Pontiac High School with one great ambition in his look to the future.

The Chief track star, who was without doubt one of the most heralded prep cindermen in the state of Michigan for the past two years, is shooting for a spot on the U. S. Olympic team.

That might be a year, two or even three years away. It might never come true. But Jones says, "That's my one big goal."

If the way he worked to achieve the feats that he did the past year is any indication, then Hayes could very well attain that goal.

★ ★ ★

As a sophomore he was lucky to be a member of the varsity, and because he wanted to insure his staying with the varsity he decided a little more effort in his own spare time was needed.

"I had poor form," he said, "so I decided to work at it during the summer."

He did work hard for two summers, and this past season his work paid off with interest.

★ ★ ★

No one was able to beat him in the hurdles or broad jump this year and in every succeeding meet he continued to better his previous marks, with the climax coming in his great performance in the state meet at Ann Arbor.

"He's definitely an Olympic prospect," said Coach Wally Schloerke. Schloerke also pointed out that Jones at 17 has been surpassing the records of Jesse Owens when he was 19. "In two years he could reach Owens' best marks," said Schloerke.

Hayes has lived in Pontiac since he was three. He was born in Starksville, Mississippi and his interest in track started about the 6th grade, he recalls.

★ ★ ★

Now standing 5-11, Jones says he would like to add a couple more inches in height. "I think it would really help me," he said, "I figure I could pick up just a little more distance in my stride."

Many observers feel that he would make a good prospect for the decathlon.

Besides the low and high hurdles and the broad jump, he is quite capable of making a good race of it in the sprints and middle distances.

In practice he was high jumping at 6-3 and pole vaulting at 10 feet.

Right now he is thinking about college. "I'm not decided as to where I will go," he said, however, there seems to be some indication that he may end up in Ypsilanti.

PEG-LEG PITCHER — Gary Moore, 17-years-old, whose crippled right leg was amputated when he was 11 is compiling a brilliant record as a high school pitcher in Marathon, Iowa, despite his handicap. He has a 1.16 earned run average this spring.

Polo Club Moving Into Area

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

John F. Ivory, president of the Ivory Polo Club on Eight Mile Road in Detroit, told the Press today that he has consummated the purchase of 140 acres of land in White Lake Township as the new site for the Ivory Polo team and also for the establishment of a recreation area.

The site, located on Cooley Lake Road between Oxbow and Williams Lake roads, now known as "Pitch Haven" was once the private estate of Detroit manufacturer H. L. Pitcher. Ivory purchased the property at an undisclosed amount from Clarence D. Knechtel, salesman for the Annett real estate firm.

Except for three acres, including the clubhouse, the present site in Detroit has been sold to real estate firms and according to Ivory, moving of horses and equipment to the new area already is under way.

The indoor polo field on Eight Mile Road will cease operation by June 16th and although Ivory has until October 1st for playing polo on the outdoor field, he said, "We hope to be finished by the end of August."

★ ★ ★

"Our plans call for completing an outdoor field at "Pitch Haven" for use next summer," he added.

Included on the 140 acres is the huge mansion and garden, an airplane hangar and two lakes.

A large portion of the area will be converted for recreational purposes. "We will set up five separate picnic grounds with riding facilities for horses and ponies," said Ivory.

"We will build a very fine outdoor polo field, and the beautiful home of some 15 rooms, will lend itself perfectly for a clubhouse," he said.

The Ivory Rangers, who in national polo circles have been one of the powers in the sport, have played at the Detroit site since 1946. Ivory started his organization at Williams Lake near Pontiac in 1930 and organized a team in 1936. The team remained intact until 1944 when it was suspended for the war years and then made its return in Detroit in 1946.

Presently, Ivory has 40 polo ponies and 46 other ponies comprising his stable with 25 players in the Ivory Polo Club.

Ivory said he would retain the clubhouse with three acres in Detroit to be used for benefit activities and meetings.

British Curtis Cuppers Lead U. S. at Mid-Point

SANDWICH, England (AP) — Britain's Curtis Cuppers took a surprising lead over the United States women today at the halfway point of the three team matches over the famous Sandwich course.

Only the U.S. team of Pat Lesser, of Seattle, the National Amateur Champion, and Margaret (Wiffi) Smith, of St. Clair, Mich., was able to hold the Britons even, finishing the first 18 holes all square. The other two American teams trailed.

Misses Lesser and Smith were tied with Mrs. George Valentine of Scotland, regarded as the best woman player in Britain, and Philomena Garvey of Ireland.

Mrs. Roy Smith and Elizabeth Price of the British team were two-up on Polly Riley of Fort Worth, Tex., and Barbara Romack of Sacramento, Calif.

The other British tandem, Janette Robinson of Scotland and Veronia Antsey of England, also led two-up over Mary Ann Downey of Baltimore and Mrs. Philip Cudone of Montclair, N.J.

The final 18 holes in team matches were scheduled this afternoon, five singles matches are slated tomorrow.

Bosox Get 18 Hits to Win, 6-5

Kuenn Hurt, as Tigers Lose

WASHINGTON (AP) — Any team that outhits its opposition 18-6 ought to win.

That's about the most that can be said for the Boston Red Sox' 6-5 triumph over the Detroit Tigers in Boston yesterday. Seventeen Boston runners were left on base, only two short of the record. And 14 of them were stranded in the first five innings, one under the maximum.

But justice finally prevailed and in the 10th inning after the Red Sox had come from behind Ted Lepcio doubled with two men aboard and Boston picked up its second straight success over the Tigers.

The Tigers lost not only the game, but also the services of star shortstop Harvey Kuenn. Kuenn tripped over first base in the 7th inning while running out a hit and had to be helped off the field. Doctors said the injury was a severely strained ligament in the right foot.

★ ★ ★

The hit went all the way to the fence and Kuenn hopped on one foot from first to second to make it a double.

Now the Tigers, a full game back in second division, tangle with Washington tonight in the first of a five game series. Originally a four-game set, the series was extended with a Sunday doubleheader to replace a rainout from the Tigers' last trip here. On that occasion the Tigers won both games played and they have yet to lose to the Senators this season.

Billy Hoeft, a winner over New York his last time out, probably will get the nod to start tonight against Camilio Pascual. Steve Gromek will pitch tomorrow night with Virgil Trucks and Paul Foytack due on Sunday.

The Tigers managed only six hits yesterday and lost for the 9th straight time to big Frank Sullivan. Kuenn opened the game with the first home run he's ever hit in Fenway Park.

Detroit scored three times in the second on a double by Ray Boone, walks to Charley Maxwell and Frank Bolling, a wild throw into centerfield by catcher Sammy White and a sacrifice fly by Kuenn. Bolling hit his first homer since coming back from the army to wind up the Detroit scoring in the fourth.

BOLLING COMES HOME — Frank Bolling, Detroit Tiger second baseman slides safely across home plate as Boston Red Sox catcher Sammy White dives headlong in an attempt to tag him. Umpire Larry Napp with arms outstretched signals the decision. Bolling came home on a short fly to right field. The Tigers lost, 6-5.

Meets Jackson Tonight

Patterson Is Favored

NEW YORK (AP)—Floyd Patterson, a graceful, precision puncher ticketed early for fistic greatness, and Tommy (Hurricane) Jackson, an eccentric, unorthodox mauler, clash tonight in a 12-round elimination bout that will move the winner one step from the vacant heavyweight throne.

The 21-year-old Patterson, grown into a 181-pound, 6-footer, is a 2-1 favorite to whip the strong, tireless 6-2½, 193-pound Jackson and go on to a title fight against light-heavyweight champion Archie Moore in September.

Not in recent years has a non-title fight whipped up such interest around the world as this collision of heavyweights with widely contrasting styles. Although the scrap will be broadcast and telecast (NBC-TV, radio, 9 p.m., EST) locally as well as nationally, a crowd of 10,000 will pay around $50,000 to see the "live" action.

• • •

Each fighter will receive $40,000 for their biggest purse ever. They have been guaranteed $20,000 each out of the International Boxing Club's $75,000 radio-television receipts, and $20,000 each from the gate with a privilege of 25 per cent of the turnstile collections.

Patterson was a 13-5 favorite early in the week. Plenty of money poured in on Jackson dropping the odds to 2-1. The price may be lower by fight time. This is one of the biggest betting fights in a long time.

• • •

The bout has captivated boxing's professionals as well as the man in the street.

The Jackson supporters say the indefatigable Hurricane from New York's Far Rockaway section will take everything the 1952 Olympic champion has to throw and wear him down with his mauling style.

Souchak Holds Lead in Round Robin Tourney

Five Under Par 67 Nets Plus - 15 Point Total After 18

NEW ROCHELLE, N. Y. (INS)—Mike Souchak of Durham, N. C., held a one-point lead today going into the second round of the 15th annual Palm Beach golf tournament.

• • •

Souchak fired a five-under-par 67 first round in the $15,000 round robin tourney to roll up a plus 15-point total after the first 18 holes over New Rochelle's Wykagyl Country Club course.

Close behind at the end of the opening round were Bob Rosburg of San Francisco and Gene Littler of El Cajon, Calif., both with plus 14-points.

The low score golfer picks up his plus points by adding the difference between his score and the scores of other members of the foursome with which he is playing.

• • •

Two rounds will be played today and single rounds on Saturday and Sunday.

Colbirish Wins Rich Trot Stake

DETROIT (INS)—Colbirish won Michigan's richest trotting stake of the year by a nose last night in Grand Circuit racing at the Wolverine Raceway in Detroit.

The dramatic finish came in the 3rd heat of the $23,800 Merchants and Manufacturers Stake, which dates back to 1889.

Colbirish, victor in the 1st dash of the race, came from 3rd at the top of the stretch to nose out Victory Lynn, winner of 2nd dash. The time was 2:05 1-5.

Top attraction on tonight's card is the $10,500 Ensign Hanover pace for three-year-olds.

Marlene Hagge 5 Points Ahead

Starts 3rd Round of Round Robin With 23 Plus

VIRGINIA BEACH, Va. (AP)—Marlene Bauer Hagge started the 3rd round of the $12,000 (Triangle) Round Robin Golf tournament with a five-point lead today and hopes to increase her advantage before Sunday's "crucial" match in the 90-hole "plus and minus" competition.

• • •

"I'll need plenty of points Sunday," said Mrs. Hagge, who had a plus 23 points to show for her 1st two rounds.

• • •

Some of the 16 players competing in this tourney with a peculiar system of scoring believe Lady Luck plays an important role in the outcome, Mrs. Hagge, playing out of Asheville, N. C., doesn't think this is necessarily so.

• • •

"I feel consistency will pay off in the end," Marlene said. "If I can shoot par 71s (she's posted two so far) these next three rounds, I think I'll win."

• • •

Trailing the nation's current No. 1 money winner in women's golf ranks was Joyce Ziske of Waterford, Wis., with a plus 18 points. Miss Berg of St. Andrews, Ill., was 3rd with a plus 15 and Miss Mary Lena Faulk—1st round leader from Thomasville, Ga.—was 5th with a plus 13.

Griffs, Elks Nines Score Class A Baseball Wins

Griff's Grill and Elks No. 723 scored shutout victories in Class A City Baseball League games Thursday night at Wisner Field and Columbia-Joslyn's south diamond.

• • •

Bob Ferguson, Zeke Morris and Bob Johnson combined to toss goose-eggs at the opposition as Griff's blanked Fowler's Fine Foods, 2-0, at Wisner. Morris relieved Ferguson in the 3rd inning and Johnson took over in the 6th. The trio limited Fowler's to only two hits.

Jim Featherstone hurled 5-hit ball for the losers, but two errors and Dave Zittel's timely single scored one run in the 1st stanza, than Zittel and Ted Wharry executed a double steal in the 8th with Zittel crossing the plate.

• • •

Lawrence Thomas outpitched Jim Addis as the Elks whitewashed the Anderson Jets, 1-0, at C-J. Thomas limited the Jets to four hits while the Elks collected five off Addis.

• • •

The Elks scored the winning run in the 5th inning. Frank Johnston tripled and scampered home on R. D. Winfield's squeeze bunt.

Jefferson Warriors Win

Pontiac Junior High School track champions again!

That's the distinction held by Jefferson's Warriors after they conquered three foes Thursday afternoon in the annual meet at Wisner Field to win their 2nd consecutive Junior High League track and field title.

Jefferson captured five out of nine events to amass a winning total of 55 1-10 points. Washington took runner-up honors with 37½ points, Eastern scored 24 7-10, and Lincoln 13 7-10.

The Warriors won the 75 and 100-yard dashes, high hurdles, shot put, and the 440-yard relay. Jefferson's victory in the 440 relay also enabled it to lug home the relay trophy in addition to the league cup to make a clean sweep of honors.

Sammy Cole of Jefferson set a new league record in the 50-yard high hurdles. Cole ran the distance over the sticks in the time of 7.2 seconds.

Washington won two events, the low hurdles and broad jump. Isaac Jones ran the 100-yard low sticks in 12.1 and Harrison Munson leaped 18 feet 8 inches in the broad jump. Munson was the meet's top individual scorer with 12½ points.

William Ratcliffe took the 100 dash in the time of 10.9 and teammate Willie Copeland ran the 75 dash in 8.2. Milton Copeland heaved the 8-pound shot 46 feet 11¼ inches. Jefferson's relay team posted the time of 48.3.

John Bandy of Lincoln and Mike McClusky of Eastern tied for 1st place in the pole vault with marks of 9 feet 6 inches.

Ex-Titan Athletic Chief Gets Benton Harbor Post

Ray Null, who recently resigned as Athletic Director at the University of Detroitp today was named as an account executive with radio station WHFB in Benton Harbor.

Null, who was born and raised in Benton Harbor, attended St. Johns High school in that city and completed his prep career at Morgan Park Military Academy in Chicago.

He participated in athletics at Olivet College and completed his college education at Michigan State University.

In 1954, Null took the athletic director's post at U of D and three months ago he quit after a shakeup of the school's athletic administration.

Null is presently in Pontiac in conjunction with the Elk's convention.

Trackmen of Small Colleges to Meet

SAN DIEGO, Calif. (AP)—A bright array of small college athletes goes into action tonight in the annual track and field championships of the National Assn. of Intercollegiate Athletics, with final events slated in the broad jump and javelin throw.

* * *

Close to 200 athletes are here for the event, with most of them competing in preliminaries for the final gold medal competition tomorrow night in Balboa Stadium.

Abilene Christian College of Texas, boasting sprint star Bobby Morrow and a fine supporting cast is favored to retain the team championship.

Sailor Sets American Mark in Pacific Meet

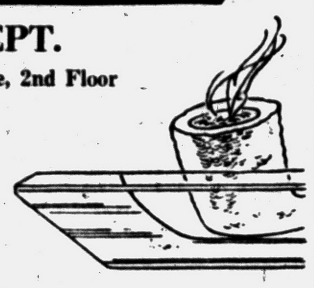

LOS ANGELES (AP)—A navy sailor has set a new American record for the 10,000-meter run, covering the six miles and 388 yards in 30 minutes, 31.9 seconds.

Joe Tyler of Los Angeles running in the Southern Pacific AAU track and field championships at the Coliseum last night, snipped 1½ seconds off the old record of 30:33.4. It was set in 1952 by Curt Stone of the New York AC. The world mark of 28:54.2 is held by Emil Zatopek.

Tennis Clinic Runs Saturday

A tennis clinic, co-sponsored by the Pontiac Junior Chamber of Commerce and the Pontiac Parks and Recreation Department, will be held Saturday on the Oakland Park courts.

The clinic is in conjunction with the Jaycee's annual city boys' tennis tournament, scheduled the following Saturday at Oakland Park.

Frank Beeman, Michigan State tennis coach, and Stan Drobac, Big 10 doubles star from MSU, will be in charge of the clinic. Beeman and Drobac will conclude the clinic by playing a doubles match with the day's two best student players.

A colored film, "Basic Tennis Strokes," will open the clinic at 10 a.m. The movie will be shown in the Oakland Park Methodist Church on the corner of Glennwood and Montcalm streets.

Spare the Trout Head

PHOENIX, Ariz. (AP)—A new ruling of the Arizona Fish and Game Commission requires that either a fish's head or tail must be left on until the angler gets it home.

Reason: Many fishermen had been cutting up fillets before they started home. A rainbow trout fillet looks just about the same as a Verde trout fillet, even to a game ranger. But there is a bag limit of 10 on a rainbow, none on a Verde, which is a trash fish.

The cougar, panther, puma, catamount, mountain lion and American lion are all said to be the same animal.

Olson Will Not Quit Ring

SAN FRANCISCO (AP) — Former middleweight champion Bobo Olson says he has no intentions of quitting the ring but the final decision awaits further medical tests.

* * *

Bobo was considered quite a rugged fellow until he succumbed to quick knockouts in title fights with light heavyweight titlist Archie Moore and middleweight Ray Robinson twice.

Olson and his manager, Sid Flaherty, said tests this week indicated no damake to the 27-year-old fighter physically or neurologically. His brain is undamaged and no evidence of a so-called "glass jaw" was found.

* * *

Bobo's last bout was May 18 in in Los Angeles when he was kayoed in the fourth round while trying to win back his title from Robinson.

Saginaw Club Host to 150 for 72 Holes

Pontiac Linksters Are Entered; Iceberg One of Favorites

SAGINAW (AP) — Three former champions are in a field of 150 golfers who teed off this morning in the State Publinx Golf Championship at nearby Rolling Green.

Jim Selzer, Flint Northern High School golf coach who won last year's 54-hole tournament at Fenton, will be defending his title.

This year it's a 72-hold medal test and Sag'·w is hosting the tournament for the first time in history.

Jay Law of Detroit and Roy Iceberg of Pontiac, two more former titleholders, are in the field, along with Fred Turner of Flint, 1952 state amateur champion.

* * *

The golfers will play 18 holes today and another 18 on Saturday, with the low 60 scorers batting through 36 holes on Sunday for the crown.

Rolling Green is a comparatively short course at 5400 yards. Par is 70, and although there are few traps and no water hazards, the greens are small and hard.

Saginaw has three former city champions in the tournament. They are Walt Van Sickle, John Horn and Stan Murphy.

Sam Kocsis of Detroit, the 1955 National Publinx Champion, is expected to compete.

* * *

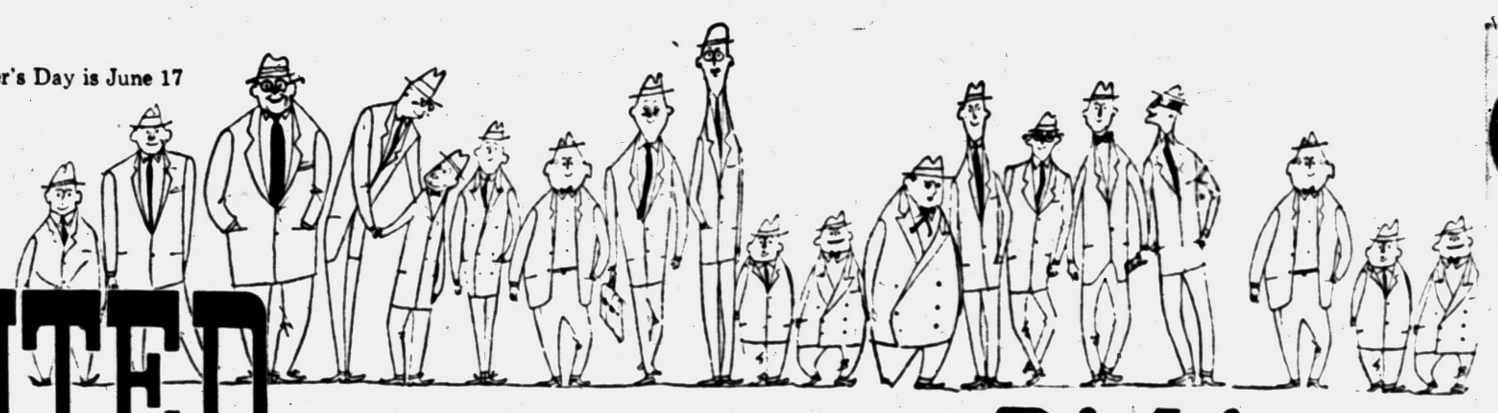

Other Pontiac players in the meet are Charley Barker, Ed Wasik and Mike Andonian, all veterans of area links competition.

Max Hirsch has trained 14 Kentucky Derby horses within the last 41 years.

Fight Action Picks Up for Michigan Glovers

DETROIT (AP) — Action involving Michigan fighters picks up in the next two weeks, with bouts set for Chicago Stadium and the Windsor Arena.

Fast-rising Johnny Summerlin of Detroit, a heavyweight undefeated in 12 straight bouts, takes on veteran Bob Satterfield in a nationally-televised match in Chicago June 20.

A five-fight card is set for June 12 at Windsor, with two heavyweight slugfests sharing top billing.

One of them pits George (King George) Moore of Detroit against Michigan's light . heavyweight champion, Marty Marshall. The other has Don Jasper against Gene White of St. Paul.

Summerlin decisioned Harold Carter in a TV bout in Detroit a few weeks ago and a win over Satterfield in the 10-rounder at Chicago would boost him even further up the heavyweight ladder.

* * *

Summerlin has a record of 30 victories, four losses and two draws since turning professional in 1950. Summerlin, a hard puncher but one who has been unable to take a good punch, was scheduled to take on Satterfield May 23, but pulled out when he suffered an injury in training.

* * *

Satterfield is 32 and has been fighting since 1945.

On the Windsor card, the 24 year-old Moore has captured the attention of many fight fans with six straight wins—five of them by knockout. He is unbeaten since turning pro a year ago.

* * *

Marshall, who once defeated Satterfield, is ranked 9th among the nation's light-heavyweights.

* * *

Jasper, former railroad worker from Duluth, lost to Ezzard Charles on a 9th-round TKO last time out. Against White, Jasper will be trying to reverse a decision he dropped to the St. Paul fighter in Saginaw last December.

* * *

The supporting card at Windsor pairs Jim Remson of Detroit against Johnny Gillespie of Benton Harbor in a 5-round middlweight contest; Mickey Crawford of Saginaw against Al Johnson of Benton Harbor in a 4-round welterweight bout, and Len Richards of Van Dyke against Detroit's Ray Griggs in a 4-round heavyweight battle.

Pontiac Racer in 1000 Island Marathon Event

E. W. (Scotty) Drinkwater, 210 South Tilden, Pontiac, veteran outboard racing enthusiast, takes his speedy Switzer (Mark 55-H Mercury) to Thousand Islands, N. Y. this weekend for his 2nd try at the 90-mile marathon on the famed St. Lawrence. Last year Scotty finished 6th, hopes to do better Sunday. A field of 125 is expected. It is an international event.

This is an early season event for Scotty, who has been driving race boats for the last three years. In his everyday life he's a milk route driver for the Maple Leaf company. His 1st 1956 race, last Sunday in Detroit River, ended when he broke a propeller.

The 1,000-Island test is the first of a number of marathons Scotty plans to race this summer. His twin sons and his "pit man," Fred Beedle, will accompany him to the St. Lawrence.

Scotty will drive in the June 24 Fond du Lac, Wis. race, in addition to other shorter events.

10 Errors Committed in Waterford Game

Emmanuel Baptist scored five runs in a wild 2nd inning to defeat Drayton Drug, 5-4, and Lakeland Pharmacy walloped Thrifty Drug, 18-1, in Waterford League softball games Thursday night at Drayton Plains.

* * *

Drayton rallied with two runs in each of the 5th and 6th stanzas, but never could overcome the Baptist club's big 2nd frame. Four errors, a wild pitch, a fielder's choice and three hits handed Emmanuel all the runs it needed.

Harlan (Fat) Keith received credit for the win, although he was relieved by Wynn Johnson in the 7th.

* * *

Lakeland rapped out 13 safeties and took advantage of 10 errors for its easy conquest of Thrifty. Wayne Jenks twirled 1-hit ball for the Pharmacy team.

Boys' Club Is District Entry

Pontiac will be represented in this summer's Junior American Legion district baseball program for the 1st time in several years. Boys' Club will field a team with Cook-Nelson Legion Post the sponsor.

Boys' Club nine will be one of six in the Southeastern Michigan District circuit. Other clubs are Clawson, Berkley, Rochester, Birmingham and Royal Oak.

Coach Bill Coulacos' squad opens its campaign Sunday, at Clawson, at 2 p.m. A good section of this spring's Pontiac High School diamond squad will be among the starters for Sunday's game. Coulacos announced Jerry Orr as starting hurler, with PHS' backstop, Chuck Johnson, back of the rubber. Bill Hayward at 1st base, Dave Simmons at 2nd and Charley McIlrath at 3rd are all from the Chiefs' nine.

Outfield has Dean Periko in left, Ken McLintock and Jim Skinner in center and right fields, respectively. Others expected to see action include Leo Kennedy, Don Danor, Roger Vaughn, Rog Rogers and Tom Conly.

Nine players are from last year's state Class E finalists in city Parks & Recreation baseball program.

A close league race is anticipated, says Coulacos, because most clubs have rosters drawn from high school ranks. Each club plays each other twice in each of two rounds. Winner of 1st round will be the district representative in divisional playoffs.

Close Race Seen for Belmont Park

NEW YORK (AP)—The Coaching Club American Oaks, a $50,000-added whirl for 3-year-old fillies, rolls around tomorrow at Belmont Park and horsemen are anticipating one of the greatest battles in the history of the stakes which dates back to 1917.

In one corner is the powerful Calumet Farm entry of Princess Turia and Beyond, while their most formidable opponent appears to be the Claiborne Farm's Doubledogdare, champion 2-year-old miss of 1955.

Sime Runs in Coast Track Championship

SANGER, Calif., (AP)—Duke's record-breaking sprinter Dave Sime, who professes a liking for clay tracks, gets a crack at one of the best tomorrow night in the Central California Assn. AAU track and field championships.

* * *

The fleet 19-year-old expects his second West Coast appearance to be more impressive than his first. At Stockton last week, he ran a wind-aided 100-yard dash in 9.3 seconds and the 220 in 20.4.

* * *

This year, his first of competition, the sophomore speedster has, without aiding wind, equalled the world record of 9.3 in the century and run the 220 in 20.1, bettering the 20.2 mark set by Mel Patton seven years ago.

Hogan Is Rated One to Beat in National Open

NEW ROCHELLE, N.Y. (AP)—Ben Hogan, the little man all the big pros fear, is the overwhelming choice of the players in the Round Robin Tournament as the next National Open champion.

Out of 16 players in the Round Robin, four unhesitatingly picked Hogan to win his fifth Open title at Rochester, N.Y., next week. Three named Tommy Bolt and two each voted for Sam Snead, Cary Middlecoff and Gene Littler. PGA champion Doug Ford received the only other first-place vote as two of the 16 declined to make 1-2-3 selections.

Yanks Rock A's; Redlegs Top NL

By THE ASSOCIATED PRESS

Now that Kansas City Manager Lou Boudreau has Mickey Mantle "figured out," what's he going to do about Yogi Berra?

Boudreau did about as good a job of "stopping" Mantle as any one has this season, employing a shift that packs the defense to the right when the switch - hitting Mickey bats left - handed. The Mick got only 4 hits in 11 trips and his major league leading average dropped from .411 to .403 in the three-game series just completed by the A's at Yankee Stadium.

* * *

But what about Berra? Yogi smacked six hits in nine trips in the three games, drove in five runs, scored six and hit three homers. The Yanks hardly knew Mantle was missing.

Berra, a bad-ball, spray-hitter you can't set up a shift against powered his 16th homer of the season—and fourth in four games—to get the Yankees rolling on a 9-1 decision over the A's yesterday. He also added two singles and drove in two runs—giving him a total of 6 homers, 10 RBI's and a .545 batting average in six games against the A's this year.

The victory pushed New York into a 4½-game lead as runner-up Cleveland was dumped by Baltimore 5-2. The Chicago White Sox beat Washington 7-5 and Boston trimmed Detroit 6-5 in 10 innings.

* * *

Cincinnati's rugged Redlegs boomed into the National League lead, by a half game over idle St. Louis, by blasting Philadelphia 8-5 while the Chicago Cubs were dropping Pittsburgh to third 5-2. And Milwaukee closed Brooklyn's winning streak at four games as Bob Buhl pitched a four-hitter to win 4-1.

* * *

The Redlegs moved into the NL lead for the first time in 16 years this late in the season by clipping losing reliefer Bob Miller for three runs in the eighth. Smoky Burgess started the rally with his fourth homer. Joe Nuxhall, who beat the Phils as a starter Tuesday, won this one in relief as the Redlegs swept the four-game set.

* * *

Bill Wight, who gave up all five Cleveland hits, and George Zuverink, making his 23rd relief call in 47 games, checked the Indians, who moved into Yankee Stadium today for a three-game series. The Orioles broke a 2-all tie against loser Cal McLish in the third with two on a walk, Bob Nieman's double and singles by Bob Hale and Gus Triandos.

Bass Catches May Be Light

Unfavorable Weather, Late Spawning, Hurt Season's Opening

LANSING (AP)—The State Conservation Department advised anglers today the approaching bass season may be something of a disappointment.

A. B. Coook, assistant chief of the department's fish division, said fishermen should be prepared for light catches when the season opens June 16.

"Weather conditions have been terribly unfavorable this year for all species that spawn in rising temperatures—including the bass," Cook said.

By this time last year, Michigan's bass had almost completed spawning. Cook's fish experts say bass are just now beginning to spawn, delayed by cold weather.

"We will probably get a lot of reports that people are catching the fish right off their spawning beds," Cook said.

The loss of a few thousand eggs through premature catches is not expected to have any serious effect on Michigan's bass supply, however. Cook says it may even improve it.

Jewelers Post City Softball Loop Wins

Shaw's Jewelers captured a 10-inning thriller from General Motors, then edged Sam Benson in an abbreviated exhibition game to highlight Thursday night's City Softball League card at Beaudette and North Side parks.

The Jewelers came from behind to nip GMC, 4-2, in an overtime tilt at Beaudette. Percy McConner hurled 7-hit ball to best GMC's Doug Hall, who gave up six safeties.

Shaw's faced a 2-1 deficit entering the 7th inning. Bill Mason cracked a double to score Ed Mullen with the tying run and send the game into extra frames. Then, in the 10th, McConner won his own decision by smacking a 2-bagger, which tallied Howard Willis and Ken White.

Guy Sparrow, former PHS and U. of D. star now home on leave from the army, pitched a 3-inning no-hitter as the Jewelers nosed out Sam Benson, 2-1, in an exhibition nightcap.

The element of time, created by the lengthy opener, halted the 2nd contest after three stanzas. Shaw's replaced Elks No. 810 as Benson's opponent because the Elks are holding their state convention.

Walled Lake Market scored twice in the 6th inning, then fought off a rally in the 7th to defeat the North Side Merchants, 3-2, in a National division game at North Side. Jerry Taylor homered and Don Williams hurled a 6-hitter for the winners.

Al Smith and Earl Bruske each blasted home runs to lead Lunsford Market to an easy 11-4 triumph over Pontiac Select a Drink. Lunsford backed Ray Conley's 5-hit pitching with 14 safe blows.

Favor Kansas in CCC Meet

35 Schools Entered in 31st Annual Track Championship

MILWAUKEE (AP)—The 31st annual Central Collegiate Conference Track and Field Meet here tomorrow afternoon and evening could be summed up as short on quantity, but long on quality, especially in the field events.

• • •

At least seven meet records are considered fair game, with the Kansas Jayhawks rated as favorites and good bets to set two of the new standards at Marquette Stadium.

Eight champions and four co-champions will be on hand to defend their titles. Also in the field of 35 schools will be 2 former titlists; 2 NCAA champions; 11 of the Big 7's individual champions and 6 of the Big 10's standard holders.

• • •

The one record almost sure to be smashed is the shot-put. Leading entry in that event, to be held in the afternoon, is the Jayhawks' strong man and NCAA kingpin Bill Nieder. Nieder recently got off a mammoth heave of 60 feet, 3¾ inches, which still is pending as a collegiate record. Only Nieder and Parry O'Brien, world record holder with a put of 60 feet, 10 inches, have been able to exceed 60 feet.

Bill Boyd Will Drive in Midget Car Event

First of a series of midget car racing events will take place Saturday night at Crystal Speedway, 16 miles west of Ithaca. Two other similar programs will be scheduled during the summer.

Among the drivers are expected to be several who drove in the recent Indianapolis "500," including Eddie Sachs of Indianapolis, Jack Turner of Seattle and possibly Johnny Boyd of Los Angeles.

Pontiac's veteran midget car driver, Bill Boyd, will be in Saturday night's race. Bill is one of the state's top drivers in the little car field.

Ontario Takes Size Limit Off Bass, Walleyes

TORONTO, Ont. (INS)—Ontario officials of the Department of Lands and Waters have announced there will be no size limit on black bass, pickerel or walleyes in Ontario waters this year.

Conservation spokesmen say the action was taken because many bass lakes are so heavily populated that stunting has occurred.

To help the situation, the department has harvested undersized bass and removed them to restock other suitable lakes.

Rainbow Trout Entry in C. of C. Contest

A 23⅝-inch rainbow trout (about 4 pounds), was taken in Cass Lake Wednesday by Dick Price, 11 Hazel street, Pontiac. Price used nightcrawlers as bait. He took several other trout, all of which were smaller. The biggest was entered in the Keego Harbor C. of C. "long fish" contest.

Trout in county lakes are reported "off" flies for the present. Worms and nightcrawlers, and small flatfish lures are taking fish. Most female fish are filled with spawn, and observers say they're just about ready to move onto spawning grounds.

Quality makes the difference in gasolines!

That's why...in Mid-America

MORE FORD OWNERS USE STANDARD GASOLINES THAN ANY OTHER BRAND

...Lincolns, too 

We believe that leadership in sales is a reflection of the quality of products and services offered by Standard. STANDARD Gasolines, for example—both WHITE CROWN Premium and RED CROWN—have been raised in octane levels again and again. Now, they have just been given another octane boost. There is a STANDARD Gasoline that's right for your car ... to fulfill the exacting anti-knock requirements of high compression 1956 cars ... and older cars as well. STANDARD Gasolines are seasonally balanced, too, with controlled volatility to prevent vapor lock in hot summer weather. These fine, clean-burning gasolines are designed for all 'round smooth, efficient, economical performance.

That's why more Ford and Lincoln owners, and for that matter, more owners of *all* these cars—Mercury, Chevrolet, Pontiac, Oldsmobile, Buick, Cadillac, Plymouth, Dodge, DeSoto, Chrysler, Imperial, Nash, Hudson, Studebaker and Packard—use STANDARD Gasolines than any other brand.

Old Timer Tales to Help History

UM to Tape Memories of Pioneer Michigan Settlers for Posterity

LANSING (AP)—A lumberjack is anxious to tape-record tales of the days when his ax helped clear the northern Michigan wilderness.

* * *

A retired Great Lakes captain is ready to spin his stories of the era of sailing schooners.

The Michigan Historical Commission reported an unusual response since it was announced two weeks ago that the commission and the University of Michigan will tape record true stories with historical significance by the state's old-timers.

Scores of offers have been received from elderly men and women or their children and grandchildren writing for them, Dr. Vewls Beason, executive director, reported.

"There isn't a community in Michigan that doesn't have its quota of senior citizens with true stories to tell," Beason said. "Too little attention has been paid to this important aspect of history.

"The original Michigan Pioneer Society started out with the old settlers spinning yarns of the days when they cleared the forests. But during the present century we lost sight of the human beings who were continuing to pioneer and began to reduce history to dull statistics."

Target (Husband) Seeks Divorce From Wife

DETROIT (INS) — Bruno Swejkoski of Detroit is tired of ducking and has filed suit for divorce from his wife, Clara.

Swejkoski testified in circuit court yesterday that his spouse has made him a target for dishes, tools and other missiles during their 14 years of marriage.

He said two direct hits resulted in a scar on his forehead and one on his wrist that required 13 stitches.

Handicapped Record

LANSING (AP)— Robert F. Lester, 30, formerly of Roscommon, became the 5,000th handicapped person to be hired by Lansing industry through the Veterans Rehabilitation Office of the Employment Security Commission. Lester served as an infantryman in both World War II and the Korean War but received a leg injury in an automobile accident.

But Marusia's Clothes Conceal the Calories

Dishonesty of Men Makes Women Plump

By PHYLLIS BATTELLE

NEW YORK (INS)—It is usually a dishonest man who causes the diet downfall of a plump woman.

* * *

Woman is a rounded sort of creature who would feel better about the whole thing if she were drawn out straight and slim, like a cigarillo with a band around the middle.

On days when she is of a mind to dream, she visualizes herself as tall and lean and Katharine Hepburny. So visualizing, she eats soft-boiled eggs and celery hearts for awhile.

"And zen a man comes along who says to her—'Bebby, I love you juzd as you are.' She sighs, and says, 'Ooh, zen give me a pieze of pie.'"

* * *

The philosophic speaker is Marusia Toumanoff, a princess by marriage and a designer by profession. She knows the longings and weaknesses of women as only a fancy Hollywood dressmaker could know them. For in Hollywood sleekness is demanded of women, and slicknes is demanded of men.

LIES LEAD TO FAT

Thus? "Ze woman knows she must be long and slim. Ze man knows he must tell her she look good, even if she doesn't. And ze dishonest man leads to ze fat lady."

* * *

To take care of these eventualities, Marusia has set herself up in a tidy business of designing little $200 to $2,000 frocks that have one purpose in mind . . . to make a woman look narrow and long-legged, regardless of how nature and pie have constructed her.

Among her customers, on whom the calories never show, are Paulette Goddard, Deborah Kerr, Irene Dunne, Jane Wyman and Arlene Dahl.

"Ze ideal height to look is 5-6½," says Marusia, who stands up in all her regal blonde sylph and spike heels. "I look 5-6½, do I not, you think maybe? Well, I am juzs 5-feet-4. But zis dress which I have design for myself gives me 2 inches more in ze optical illusion."

* * *

It is mostly a matter, she says, of making the legs look long. The dress she was wearing, a beige cashmere that matched her bunback hair, was cut with a perfectly straight and slim line from underarm to hip.

To accent the length of her legs, she usually tapers the skirt so that it appears to be following the leg from beginning to end.

"Nobody knows where a lady's leg begins," Marusia winks slyly.

Lansing OKs Tax

LANSING (AP) — Voters have approved a 12 million dollar, five-year plan for expansion of the Lansing school system. Included was an eight mill tax for school building and operations. Less than 10 per cent of the total registration voted on the proposal.

"What a dress should do is make it look so long, like it starts almost at her waist. Then she is tall be deception."

* * *

Marusia is a Polish woman who came to America to see the Chicago World's Fair and stayed. She will not reveal her age. ("Listen, woman, I have news for you. I haven't tell my age since I am born.")

She visited friends in the Midwest and met Don Wilson, Jack Benny's full-bodied announcer. They married and he took her to California.

She never worried about Don's avoirdupois because — "he could not be slim, he might lose his job. Besides, plump men have personality. Plump women have only problems."

* * *

In the European tradition, Marusia designed her own clothes, and beginning in 1947, Hollywood personalities began asking her to design theirs.

She is now doing a million-dollar business, and has married Prince Toumonoff, a White Russian who "makes Toumanoff vodka, and makes luff to me—a full-time job."

For women who cannot afford to buy her clothes to look slim, Marusia has only one suggestion. Diet. Her special recipe is a rye cracker piled with raw ground steak and topped with caviar.

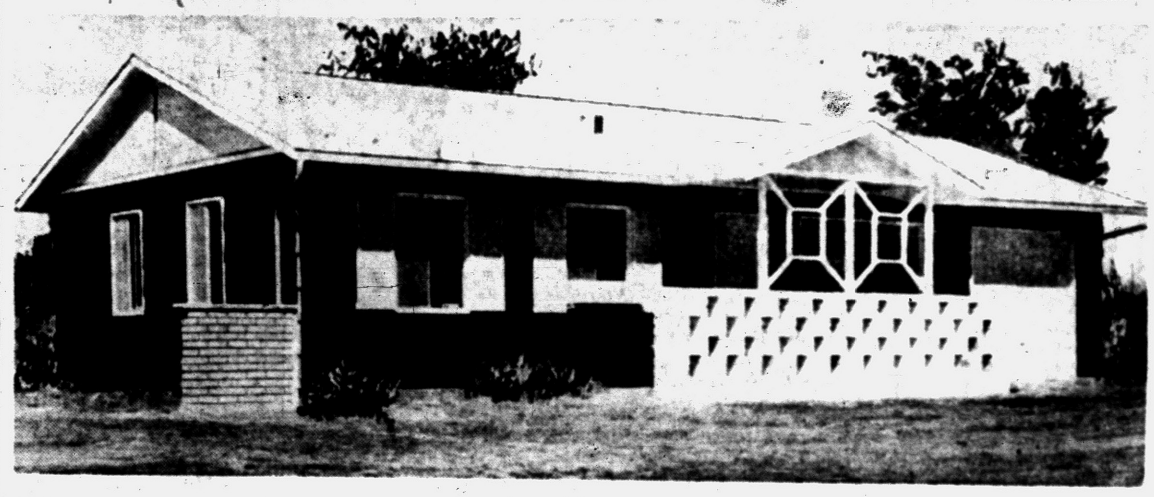

Giffs energy. Wiz few calories.

Make Leisure a Blessing and Not a Burden

(This the last of five articles providing valuable advice from America's top experts on how to get the most out of your leisure time to combat anxiety and tension.)

By EDWIN DIAMOND
INS Science writer
(Copyright, 1956, by INS)

Some questioning voices lately have been to ask: "Is our newly-found lesisure-time proving to be a burden or a blessing?"

These questioners point to the decline in the work week from 60 hours in 1890 to 40 or less today and the almost 10 billion dollars Americans spend for play each year and argue:

With more free time and greater puchasing power you would think we would have less nervous tensions. Yet, in our emerging complaining of jutters, insomnia and the shakes."

The newest evidence these doubters cite is the estimated 100-million-dollar a year sales of tranquilizing drugs, so-called mood or "peace of mind" pills.

* * *

These new, still experimental, chemical compounds have been used since 1953 largely in mental institutions to make patients more receptive to therapy. Even the tranquilizing drug's warmest proponents stress these pills are tools for therapy and not the answer to mental illness.

"PEACE OF MIND PILLS"

Today, so-called normal neurotics from New York to Hollywood are popping "peace of mind" pills in their mouths.

The exact physiological mechanism of these pills is still being charted. Some are depressants or blocking agents, setting up roadblocks on the nerve pathways or in the brain or hypothalamus. Others are muscle-relaxants.

The effect of the former was once summed up by a patient:

"I still have my worries but I don't worry about my worries."

In a similar vein, there is talk of designing "peace of mind rooms" for business and industry. These would be models of relaxing" color, furniture lighting, carpeting, music and temperature designed to soothe the harried person.

One such room, a prototype of what we may soon see throughout the nation, is being constructed for delegates to the American Medical Assn. meeting in Chicago June 10-16.

Why all these peace of mind pills and rooms? Why do we need to help people to relax—can't it "come naturally?"

BURDEN OR BLESSING

The answer to these questions—and to whether leisure is a burden or a blessing—comes from Dr. Alexander Rid Martin, New York psychiatrist.

There is a " lessening capacity to enjoy leisure time and to use it constructively and creatively," he says, adding:

"Americans can not relax to order."

There lies the key to our present paradox of increased leisure and inability to enjoy it, in Dr. Martin's view.

People, he says, are afraid to relax because our society's goals have so long emphasized a "Gospel of Work" that taught us play had to be "justified" in some way before it could be enjoyed.

As a result, Dr. Martin reports, many people, especially city dwellers, suffer from what he terms "Sunday Neurosis,,—an inability to use free time, together with postive signs of physical upset on weekends.

Closely related to this clinical picture is another Martin-identified condition: "Vacation Guilt." The "VG" person avoids taking a break from office or housework; when these people are on vacation, they constantly "keep in touch with things" back home or on the job by telephone.

Dr. Martin concludes:

"Many people can only rest on doctor's orders—they can not give themselves permission to really rest or let down.

"They should realize leisure is a blessing, God-given."

LEISURE MISUSED

The work gospel drive and consequent denial of play values represent one extreme of behavior. At the other extreme is the person who "works hard at taking it easy."

These leisure-users do the wrong things for the right reasons; having realized the value of a break, they take it—but they don't take it leisurely.

Dr. Martin cites the example of the "busy dynamic, hard-driving business executive" who plays golf on Sunday. And how does he play it? In the same serious, tense, driving, exhausting manner he conducts his week day affairs.

In short, Dr. Martin urges:

"play leisurely, not compulsively." sively."

In this context, the words of the late philosopher Irwin Edman can be quoted. Edman, deploring the "tendency to crowd any number of accomplishments into already-crowded days" said:

"Instead of trying deliberately and systematically to fill every moment with some clearly fruitful activity, (let's) rediscover reverie and fantasy."

Going our separate ways, we've never been so close

No doubt you already realize that the family with two cars gets twice as many chores completed. And completed so quickly that there is far more leisure time to enjoy together.

The trick, for most of us, is to get a second car that is (1) very economical *and* (2) very reliable (and, of course, good looking!). Now, that description applies especially to our late model used cars of all makes with all the newest features. Cars like these are also eagerly sought out as "one and only" cars by value-minded buyers. That's because these are the cars that give you the most in factory-fresh appearance and performance; cars that respect and conserve both your *purchase* and *maintenance* dollar!

Naturally, they are all carefully inspected; reconditioned for safety, performance and value – and *warranted in writing* by us! These OK Used Cars are the elite of the lot.

This month we took an exceptional volume of quality cars of all makes and models in trade for new '56 Chevrolets. That means, for you, a high, wide and handsome selection at prices that will sound sweet and low! Get together and visit us soon!

UP Lumber Company Reveals Inventory Sale

SAULT STE. MARIE (AP) — The Cadillac-Soo Lumber Co., which went out of business June 1, has sold its entire inventory of cut lumber to the Roddis Plywood Corp. of Marshfield, Wis. Richard Murphy, president of Cadillac-Soo, said the sale involved more than six million board feet of lumber.

He did not disclose a purchase price. The company's plant and equipment and extensive timber holdings have yet to be sold. The company said competition forced it out of business. It was one of the largest lumber companies in the Upper Peninsula and employed 150 men here.

Bonn Reveals Sum to Aid Allied Forces

BONN, Germany (AP) — Chancellor Konrad Adenauer's government has announced it will contribute 650 million marks ($154,700,000) to help support American armed forces in Germany.

* * *

A communique said German and American officials agreed on this sum in negotiations here, and the cabinet has given its approval.

The United States apparently accepted a sharp reduction in the financial assistance it originally requested.

Britain, France and the United States together asked for 571 million dollars which they would share during the next year to help keep their troops in this country.

* * *

The United States was reported to want about half of this sum.

In the year ending May 5, the three powers received 760 million dollars.

Most Grains Continue to Rise

CHICAGO (AP) — Most grains moved higher on the Board of Trade today, continuing advances which occurred in the closing minutes of yesterday's trades.

* * *

Mainly responsible for the market's firmness was a State Department request for enlargement of the limit on foreign sales of agricultural surpluses and for congressional authorization to sell such surpluses at cut prices to Iron Curtain countries.

News About Ike Lowers Stocks

NEW YORK (AP) — News that President Eisenhower was being taken to Walter Reed Hospital today touched off a wave of selling in the stock market and pushed prices down sharply.

The market took the initial news of the President's illness with relative calm, but the White House bulletin at noon that the President was being taken to the hospital as a precautionary measure immediately started new and more pronounced selling.

Prices were down nearly 6 points at the outside in key areas of the list. All divisions were lower including the steels, motors, oils, railroads, chemicals and aircrafts.

There was a flurry of selling at the opening that forced the tape to lag a minute, but the wave of selling near the end of the third hour quickly caused the tape to drop behind as much as four minutes.

Wall Street had the news of the President's illness well before the stock market opened. Brokers said there were many selling orders on hand before the opening, but they were small and usually named a price at which the sale should be made.

At noon, the Associated Press average of 60 stocks was off $1.80 at $178.20. Yesterday the average gained $1.30 on the day.

Auto Show's Revival May End Motorama

DETROIT (AP)—Revival of the National Automobile Show, scheduled for Dec. 8 in New York's new coliseum probably spells the end, temporarily at least, of General Motors' annual Motorama.

* * *

GM spokesmen will not admit that the annual extravanza has been definitely shelved, but as far as can be learned no planning currently is under way for a 1957 Motorama.

The annual Motorama, opening in January at New York's Waldorf-Astoria Hotel, has been one of the most popular of the auto industry's postwar displays. It attracted about 2,275,000 visitors in its New York, Miami, Los Angeles, San Francisco and Boston showings this year.

PRICES ON WINDSHIELD

YES SIR—Honesty is the Best Policy. Did you ever walk into a Used Car lot and ask the salesman the price of a car and get the run around—Such as—"What'a ya got to trade Mac?" or "We're asking such and such"—"What'll ya pay? Well, this doesn't happen at Oliver Buick. All prices on our jammed-packed lot will be on the windshield in big bold lettering—Thursday, Friday, Saturday and Sunday—So drop in and shop honestly. Pick the car of your choice and get the deal of a lifetime. Open till 9 p.m. 70 cars to choose from . . .

NO HAND-OUTS — Harriet and Ozzie Nelson don't believe in allowances for their two sons. Instead, the boys earn their spending money by appearing on the family television show, which is presented at 7 p. m. Fridays over ABC network.

First Time in School and He Wins Diploma

TOWANDA, Pa. (AP)—Glenn Aneller got his high school diploma last night, the first time he had entered the Towanda Valley High School.

The 17-year-old was paralyzed in a farm accident four years ago and has been confined to a wheel chair since.

Teachers visited him frequently to guide him on a course of study.

He was wheeled into the school to get the diploma.

Boys Combine Studying, Acting

Nelsons Don't Let TV Programs Conflict With School Activities

BY DICK KLEINER

NEW YORK (NEA) — Bringing up children can be something of a bother, but the Nelsons—Ozzie and Harriet—have a few problems peculiar unto themselves.

There is, for example, the question of allowance. How much allowance should you give two boys, one in college and the other in high school, who both are also TV stars?

"None," says Ozzie Nelson. "I don't believe in it. Not for boys their age. They need to feel independent."

Both David, now a sophomore at Southern Cal, and Ricky are under contract to ABC-TV. But their salary goes directly into trust funds.

• • •

Incidentally, their contracts are so arranged that if they don't feel like acting any more they can break them any time they want.)

FRIENDS ALL WORK

"All their friends have summer jobs," Ozzie says. "They do things like work in filling stations. Well, David and Ricky would feel strange talking about allowances.

"So whenever they need money, they come to me and ask for it. Actually, they've earned it on the TV show.

"It makes them feel like they're using money they've earned, not just getting a handout."

Having TV stars for sons can raise hob with study schedules, too. The Nelsons have solved that one simply.

• •

If one of the boys has some important exams coming up — they write him out for a week or so.

SUMMER FILMING

They try to do a lot of the filming of shows with both boys in the script during the summer, when there's no conflict.

• • •

"Of course," says Ozzie, "no matter how carefully we plan it, somewhere along the line it's bound to interfere with their plans. But the TV show sometimes interferes with our plans, too."

Wood models and figurines have been found in good condition in Egyptian tombs 6,000 years old.

Student's Hobby Costly; Mayor to Compromise

OKLAHOMA CITY (AP) — Mayor Allen Street has decided to compromise with the Claremont, South Africa, schoolboy whose hobby is "collecting foreign currency."

The mayor received a letter from Derek Wilson asking for information about Oklahoma City—and an American $10 bill for his collection. Street admitted the boy has embarked on a fine hobby and one shared by many persons he knows. In fact Street, whose city salary is $83 a month, said he likes to collect money himself.

The mayor said he probably will send a $5 good will token, but hastened to add that his decision should not be considered official policy.

Street's job as mayor is only a part-time position. He also is co-owner of a large funeral home.

Louisianans Face Double-Cross

Long's 'No Tax' Promise to People May Be Broken

BATON ROUGE, La. (AP)—Bills to raise taxes an estimated 45 million dollars today await action in ture to convene since Gov. Earl Long was elected on a promise of no new taxes.

The brother of the late Sen. Huey Long won an overwhelming victory in January on a platform which included: "I pledge there will be no increase in taxes." Afterwards the governor said more revenue was needed to meet expanding state services, boost teacher pay and increase welfare benefits.

None of the 17 tax-raising bills introduced since the Legislature opened May 14 has cleared both houses. Administration forces yesterday bulldozed the first Long tax bill to 78-12 House passage. The bill would increase the tax on liquor from $1.58 per gallon to $1.68.

TWO-THIRDS NEEDED

Long's power will be tested next week when his bills come up for floor action. Under a new constitutional amendment, a tax increase must win two-thirds approval.

Heavy opposition was expected on taxes affecting sulphur, natural gas, pipelines, race track betting, timber and utilities.

Long personally directed proceedings as the House Ways and Means Committee approved bills to increase the severance tax on sulphur from $1.03 to $3 per ton and to raise the 13 per cent tax on race track betting from 13 per cent to 17 per cent.

* * *

Revenue from the sulphur tax would provide 4½ million dollars for teachers. There was no estimate of the extra race track revenue, which would go to Louisiana State University and state fairs and festivals. However, operators of the fair grounds in New Orleans said they would close down rather than pay the extra tax.

It's an Honest Town

BEAUMONT, Tex. (AP)—Randolph Owens thinks his hometown folks are most honest than average. He's lost his wallet four times, twice in Beaumount and twice in other cities. Both times in Beaumont his wallet, with money and papers got his wallet and papers beck.

New York Calling Six Area Explorers

Six scouts of Oxford Explorer troop 14 will leave tomorrow for New York City in a week-long trip financed through several months of fund raising.

Money was raised through a number of bake sales, scrap drives and at a dance.

The boys are Ed LaDouceur, Robert Harrison, James Sage, Daryll Borst, Gerald Hight and Harold Carter. Troop leader George Comps and Clifford Davenport, a teacher at Oxford High School, will furnish automobile transportation.

The group plans to return through Canada, stopping off at Niagara Falls.

Elect Frank Angelo to Head Fraternity

DETROIT (AP)—Managing Editor Frank Angelo of the Detroit Free Press has been elected president of the Detroit chapter of Sigma Delta Chi, professional journalistic fraternity. William J. Tepagnier, editor of "Motor News," was named vice president; Ed Howard, editor and publisher of the Romeo Observer Press, was re-elected secretary; and Lynn Miller, editor of the Royal Oak Daily Tribune, was re-elected treasurer.

Honor Manager at Proud Lake for Cooperation

Scouts camping this summer at the Proud Lake Recreation Area will know that service there is outstanding.

The Clinton Valley Council recently awarded the manager, Alfred Masini, for his "high cooperation" during camporees.

Edward H. Leland, executive of the 8,000-member council, said Masini and his staff have "always gone out of their way to help" during events both for boys and for adults.

Masini, employed by the state conservation department, received a special plaque, Leland said, citing his assistance over the past several years.

Along with the plaque went a commendation from Arthur C. Elmer, conservation department chief, who cited in a letter the manager's "hard work" in the interest of conservation and parks.

Cattle on Increase

CHICAGO — The number of cattle and calves on the nation's farms climbed to 97,500,000 head in 1955, a new all-time high and more than 20,000,000 above the figure of seven years ago.
