Accidents and Violence Kill Seven

Talks Reopen but Hope Dim for Early End to Air Strike

WASHINGTON (AP) — Air-line strike negotiations reopened today on a sharp note that further dimmed hope of a quick settlement of the walkout that started last Friday.

Joseph Ramsey, vice president of the AFL-CIO International Association of Machinists

and chief union negotiator, entered the conference room and said: "The public should know that there hasn't been five minutes of real negotiating since this strike started."

"These carriers are standing pat, protecting their profits,"

its, waiting for the President or Congress to help them out.

"Union members on the airlines are asking to share in the profits."

"After all these years when they have accepted substandard conditions, airline employees are entitled to a better deal."

GET ON WITH JOB

Ramsey handed out mimeographed copies of the statement but declined to elaborate on it, saying "we better get on with the job."

William J. Curtin, chief negotiator for the five struck airlines — Eastern, National, Northwest, Trans World and United — arrived in the hallway as Ramsey was speaking. He listened before entering the separate conference room for his group.

Asked for comment, Curtin said: "We have endorsed the emergency board recommendations which the President himself characterized as the framework for a just settlement of the dispute, and we have even improved upon it in our negotiations."

Curtin said evidence before the emergency board indicated clearly that airline employees were treated far better than most in terms of working conditions.

ARRAIGNED IN SHOOTING — John Lee Ott (dark shirt), 22, of 22570 Tulane, Farmington Township, is taken into custody by Farmington Township police following a shooting early yesterday in which Ott's friend, Donald Garren, 22, of 21756 Woodington, Farmington Township, was killed. The two reportedly quarreled over \$50 which Ott claimed Garren owed him.

Traffic Claims Four in County

Accidents and violence brought death to six Pontiac area persons and a Detroit man this weekend.

Four persons including two Pontiac residents, died on county roads. A Detroit man drowned at Kensington Metropolitan Park and a Pontiac Township woman was killed in a gas explosion near Sault Ste. Marie.

In addition, a Farmington Township man died early Sunday from gunshot wounds inflicted during and argument with a man police said was a good friend.

Dead in Pontiac area traffic accidents are Vern N. Gettel, 44, of 786 Pensacola; Dorothy J.

Gunfight Fatal to Area Man

Fight Over \$50 Debt
Is Linked to Shooting

A 22-year-old Farmington Township man stood mute at his arraignment yesterday on the charge of murdering a long-time friend over a \$50 debt.

Examination for John Ott of 22570 Tulane was set for Friday in Farmington Township Justice Court.

Ott was jailed after he and the victim, Donald Garren, 22, of 21756 Woodington, Farmington Township, shot it out in front of Garren's home about 1 a.m. yesterday.

Police said Garren was at home entertaining several friends when Ott appeared demanding the money which he said Garren owed him. Witnesses told police Garren said he did not have the money.

Police are still checking the report that Garren then fired several shots with a 22-caliber revolver, chasing Ott from the home.

SHOOT IT OUT

Witnesses told police Ott returned later and the two shot it out in front of Garren's home. Garren was struck in the chest and abdomen. Ott reportedly fled in his own car.

Following the shooting, Farmington Township Chief of Detectives Russ Conway talked to Ott's brother, Melvin, 25, of Redford Township and asked him to convince Ott to surrender to police.

"After about a half hour, Melvin came to his father's house where we were waiting and said his brother would see me if I went alone, went unarmed and wasn't tailed," said Conway.

"He was hiding in some woods" (Continued on Page 2, Col. 3)

Trish, 44, of 60 Douglas; Morris L. Howe, 29, of 1176 Smith, Birmingham; and Harold Spalding, 87, of Royal Oak.

Mrs. Harold Smith, 57, of 2416 Commonwealth, died at Soo Memorial Hospital yesterday from burns suffered in an explosion, and the body of 66-year-old Edward Wendt of Detroit was recovered early today at a Kent Lake swimming area.

Gettel and the Trish woman were dead on arrival at St. Joseph Mercy Hospital Saturday after their car went off M24 in Ontonagon Township and skidded 118 feet into a tree.

Oakland County Sheriff's deputies said they were unable to determine who was driving the automobile, which left the road south of Silver Bell about 3 p.m.

STRUCK AT INTERSECTION

Spalding was killed yesterday when, according to Royal Oak police, a car struck him in the southbound lane of temporary I-75 at an intersection just south of 11 Mile in Royal Oak.

Police said an investigation into the accident is continuing. Howie died Saturday after his motorcycle crashed into an automobile on 10 Mile in Royal Oak.

Oakland County Sheriff's Deputy Fred Scholz early today pulled Wendt's body from about six feet of water at Maple Beach in Kent Lake.

A coroner's report indicated (Continued on Page 2, Col. 1)

AP Wirephoto

RUINATION—This charred tangle was believed one result of overnight storms that racked Ohio Saturday night and early yesterday. Authorities believe lightning touched off the fire that left this Columbus lumber company looking as it does. Damage was estimated at \$275,000, only a fraction of total damage from wind, lightning, fires and power failures around the state.

Twisters Hit 5 States; No Injuries Reported

By The Associated Press

Tornadoes roared through five Midwestern states last night and early today, and other violent weather lashed sections of the nation from Idaho to New England.

No deaths or injuries were reported, but one twister demolished a Wadena, Minn., home and another flipped over two parked airplanes in La Crosse, Wis.

Flash

MOSCOW (AP)—The Soviet Union announced today its track and field and basketball teams would not play against the United States this year, to protest the United States' war in Vietnam, Tass, the official Soviet news agency, reported.

Winds in the Wadena area in western Minnesota also wrecked a barn and lightning ignited a fire that destroyed another barn.

A number of funnels were sighted in the Minneapolis-St. Paul area and at least one touched down, near Forest Lake.

A tornado also touched down near Rochester some 75 miles southeast of the Twin Cities. Damage by Minnesota twisters included a collapsed drive-in theater screen, downed power lines and shattered windows.

The storms then knifed into Wisconsin, overturning two airplanes at the La Crosse airport along the Mississippi River. A funnel was sighted in nearby Harpers Ferry, Iowa; high winds cut power in Madison, Wis., the state capital, 100 miles southeast of La Crosse, and winds of 40 miles an hour were reported in nearby Tomah.

Twisters slammed into Illinois early this morning, kicking up 80-mile winds. A tornado ripped the roof from a building in McHenry, northwest of Chicago, where there was also a report of a tornado driving a tree through a house.

Funnels were sighted in the Chicago area; 60 miles south near Kankakee; near Peoria in the center of the state, and in the northwest corner near Dubuque, Iowa.

As the morning wore on, police reported a tornado at Seaguest, Mich.

Orders Cheyz to Stand Trial on Bribery

White Lake Township Supervisor Edward Cheyz this morning was ordered to stand trial in Oakland County Circuit Court on charges of conspiracy to bribe and bribery.

The case was set for trial after Cheyz, 39, of 2900 Ridge, White Lake Township, entered an innocent plea at his arraignment before Circuit Judge William J. Beer.

Cheyz was released and his bond continued at \$1,000 pending the trial. A trial date was not immediately scheduled.

The charges were brought against Cheyz in April by the Oakland County Grand Jury.

Grand Juror Philip Pratt alleges that Cheyz intended to use his influence to have property rezoned for an apartment development in return for money.

The project was proposed by Mrs. Willard Dawson, a White Lake Township businesswoman.

Last month, additional charges of conspiracy to extort and extortion stemming from the same alleged land deal were dismissed against Cheyz at his preliminary court examination before Waterford Township Justice of the Peace Kenneth H. Hempstead.

2 Yank Jets Are Downed in N. Viet; 3 Copters Lost

SAIGON, South Viet Nam (AP)—The Viet Cong shot down three American helicopters in South Viet Nam, killing four U.S. and nine South Vietnamese soldiers, while two more U.S. jets were lost in the air war against the Communist north, an American spokesman announced today.

A Navy fighter-bomber became the 285 plane lost in the 17-month air war against North Viet Nam early today.

The bombing continued with an attack on another oil storage depot 130 miles west-northwest of Hanoi near the old French base of Dien Bien Phu.

The pilots reported that two buildings were damaged.

Ground fighting in South Viet Nam died down, with both U.S. and Vietnamese headquarters reporting only light patrol contacts.

In the jungles northwest of Saigon, a battered Viet Cong regiment escaped toward the Cambodian border, leaving at least 238 dead after the U.S. 1st Infantry Division decimated the guerrillas into a furious fight.

U.S. military men declined to speculate whether the 2,000-man enemy force had taken refuge in Cambodia.

The guerrillas offered only light resistance yesterday after the failure of their ambush of a U.S. armored column Saturday.

The Communists took the bait and hit the column from both sides as it tumbled along a dirt road. The Americans struck back swiftly.

Woman Shot in Gun Battle With Officers

POST FALLS, Idaho (AP)—Lillian Jo Ramus, the young woman who charged out of a motel room spraying bullets from a gold-plated M1 carbine at policemen and FBI agents, lay seriously wounded today but was responding to treatment.

One FBI agent was wounded in the shoot-out just before midnight Saturday before the 26-year-old woman fell with bullet wounds in the head and left hip.

After emergency surgery at a hospital in Spokane, Wash., 20 miles away, she was taken off the critical list.

"After we told her to come out, she opened and closed (Continued on Page 2, Col. 6)

Cockfight Lays an Egg

SAGINAW (AP) — The Tuscola County cockfight laid an egg.

Just when the action of battling roosters was said to be getting good in a wooded area 30 miles east of Saginaw, an airplane swooped down and its loudspeaker blared at the 66 excited fans:

"You're all under arrest." It didn't help for the fight fans to run.

State Police Trooper Robert Jenkins of the Bridgeport Post said troopers, dressed in camouflage uniforms, had infiltrated the area several hours before fight fans arrived.

FILMED

Police commandos were hiding in trees, in the grass and on utility poles. One was perched high operating a movie camera for evidence.

Police said fans came from all over the state, bringing beer and picnic lunches.

Troopers from five posts were involved in the raid.

TWO ROOSTERS

In a cockfight two roosters, trained to kill, are matched in a circular pit and are equipped with metal spurs to make their slashing more effective.

Betting is an added attraction for the fight fans. Such fights are illegal in Michigan.

Fans were loaded onto a school bus, taken to Mayville Justice of the Peace George Foster and fined \$35 each for loitering at an illegal event.

Police said they are continuing the investigation to determine the leaders of the ring.

One other problem police face is what to do with the 109 roosters confiscated in the raid.

Heat 'Relief' Didn't Linger

Expect Today's High
in 90s; Rain Likely

Despite Saturday's brief break in the hot, dry spell, temperatures are again in the 90s. A heavy rainstorm Saturday afternoon brought a drastic temperature drop of 20 degrees in 4 1/2 hours. By 5 p.m. the thermometer read 68 degrees.

A half-inch rainfall disappeared into parched ground.

Unfortunately after the storm ended, the temperatures began to climb. By midafternoon yesterday, it was back in the 90s.

Today's high will also be in the 90s with a chance of late afternoon and evening thunderstorms.

TO CONTINUE

The heat will continue with tonight's lows between 67 and 75.

Tomorrow's weather may repeat today's performance with more highs in the 90s and additional chances for thunderstorms.

Wednesday's outlook: The same.

Down town Pontiac's low prior to 8 p.m. was 72. At 1 p.m. the mercury had climbed to 85.

Prepare to Flee Boiling Volcano in Philippines

MANILA (UPI) — Fireballs boiled up to heights of 1,000 feet above Taal Volcano in the Philippines today and authorities alerted nearby towns for evacuation.

The current eruption is the third since last September's blast, which killed some 200 persons and forced an estimated 50,000 others to flee their homes.

The volcano island, which rises 844 feet above Taal Lake, erupted again six days ago but the explosions were described as "mild" by volcanologists. They said an eruption yesterday was of greater intensity.

Volcanologists asked authorities to evacuate residents of lake-shore towns opposite Taal.

Weekend Road Toll Hits 16 in Michigan

By the Associated Press

A collision between a government Job Corps bus and a car claimed two lives and pushed Michigan's weekend traffic toll to 16.

Albert Setterbo, 71, of Suttons Bay, and his wife, Gena, 65, were killed when their car collided with the bus at an intersection near Cadillac Sunday. Eleven bus passengers were injured.

The weekend victims also included retired Ralph A. (Daredevil) Miller, 71, of Providence, R. I., advance agent for the Paralyzed Veterans of America.

convention opening in Detroit Monday.

Miller, a stunt man of the silent movie days, was struck down by a hit-and-run driver while crossing a Detroit street in his wheelchair.

OTHER DEATHS

Also killed: Two Adrian youths, Charles R. MacGeorge and Earl R. Price, both 20, Sunday when their car struck a tree along M52 about a mile south of U. S. 223 in Lenawee County's Madison Township.

Julie Gingsburg, 20, of Sault Ste. Marie, Ont., Sunday when

her car hit a tree off Lakeshore Drive in Chippewa County's Bay Mills Township.

William F. Rome, 18, of Grand Haven, when a car in which he was riding ran off an Ottawa County road in Park Township north of Holland Sunday and rolled over several times.

Harold Spalding, 87, of Royal Oak, when he was hit Sunday by a car racing with another car on temporary I-75 at Middlesex in Royal Oak.

OVERTURNED

Mrs. Lillian Sunday, 39, of Southgate, when a car driven by her husband, George, 40, ran off I-75, 10 miles north of Flint, and overturned, Saturday night.

Vern N. Gettel of 786 Pensacola, Pontiac and Mrs. Dorothy Jean Trish, of 60 Douglas, Pontiac, both 44, when the car in which they were riding Saturday, ran off M24, four miles north of Pontiac, along a rainstorm and struck a tree.

Miss Flur R. Brosseau, 44, of Inkster, Saturday in a two-car crash on U.S. 24, five miles north of Monroe.

Morris L. Howe, 29, of 1176 Smith, Birmingham, when his motorcycle crashed into a car in Royal Oak Saturday.

Mrs. Garney Allen, 30, of Stockbridge, when her car rammed an embankment five miles north of Stockbridge Saturday.

STRUCK RAIL

Mrs. Louise Gill, 29, Detroit was injured fatally when a car in which she was a passenger struck a guard rail Saturday on the westbound Ford Freeway in Detroit.

Ray McMillan, 16, of Detroit, struck down Friday night by a hit-and-run driver as he ran across a Detroit street.

Famed Officer From Canada Is Dead at 80

MONTEBELLO, Quebec (AP)—Gen. A. G. L. McNaughton, 80, who took the first Canadian army overseas in World War II, died here today.

Gen. McNaughton's career spanned many fields of public service, including prewar presidency of the National Research Council, wartime army commander, brief service as defense minister and later as chairman of the International Joint Commission and wrung concessions from the United States for huge quantities of American-generated Columbia River power to be turned over to Canada.

As a research physicist, he invented the cathode-ray compass that enabled airplane pilots to get proper bearings.

But it was as a soldier that he was best known.

At the outbreak of World War I, he organized a battery of the Canadian field artillery and went overseas with the first contingent. He was promoted to command the 11th artillery brigade, and later was wounded in the battles of Ypres and Soissons.

Just before the armistice in 1918 he was appointed general officer commanding the Canadian corps of heavy artillery. With the return of peace, he came back to Canada and began the nucleus of what was to become the Canadian Army that he commanded in World War II.

Gunfight Is Fatal to Area Resident

(Continued From Page One) near Eight Mile and Merriman but came running out after we had waited there a short time."

SEPARATED

Conway said the two had been friends for a long time. He said both were married but separated from their wives.

Off is a bench hand for Zimmerman Co. of Detroit. Garren, who died the jobs, according to Conway, was reportedly unemployed for the last few weeks.

AP Wirephoto

WOMAN'S ARSENAL—FBI agents say Lillian Jo Ramus, 28, an escapee from the Spokane, Wash., city jail, had these weapons in her possession at an Idaho motel where she was seriously wounded in a gun battle with police. The FBI said she came out firing

the pistol-grip M1 carbine (center) and shot an FBI agent in the leg. Found in her room were a 22-caliber rifle (top), a 44-magnum carbine, and fountain-pen-size tear gas gun (right, center). A 38-caliber pistol was taken from her.

Deliberations Resumed in VA Home Loan Case

DETROIT (AP)—An all-for the Democratic national woman jury in U.S. District Court resumed deliberations in the government's case against a Detroit man for fraud and conspiracy.

The government said the alleged fraud was carried out through the use of Levinson and his company of Wayne National Life to get approval today following a VA loans that would not pass its convictions proper inspection.

Levinson, 60, head of a mortgage company and one-time prominent Democratic party fund raiser, was found guilty Saturday along with his firm, Franklin Mortgage Co., and Richard D. Mitchell, president of the defunct Rem Realty Co.

The government charged fraud and conspiracy in connection with an estimated \$4 million in Veterans Administration home loans handled by Levinson's company.

The jury deliberated the case against Edward P. Strang Jr., former president of the Wayne National Life Insurance Co., and Russ C. Howard, former executive assistant in Levinson's mortgage company.

PAETY ASPIRANT

Levinson, well known Democratic fund raiser of the President Franklin D. Roosevelt era and once an aspirant to high party office, was found guilty of 17 counts. So was his company. Mitchell was convicted on 19 counts. The trial lasted 10 weeks.

The maximum penalty on each count is a \$100,000 fine and five years imprisonment. Judge Thomas P. Thornton deferred sentencing.

In 1952, Levinson lost in a bid for the U.S. House of Representatives.

China Hints: No Troops

North Viet on Own?

TOKYO (UPI)—Communist China hinted today it was not prepared to send troops into the Viet Nam War. It said so-called "peoples wars" can be won only if "the people rely on themselves."

The declaration came in an editorial in the official Peking Peoples Daily and followed bitter attacks yesterday on the United States and Soviet Union.

"The people should and can only rely on themselves to make revolution and wage peoples war in their own country, since these are their own affairs," the editorial said.

"No outside aid can replace their struggle. Whatever its amount, it is only auxiliary."

The Red Chinese commentary said the Communists in Viet Nam were "mauling" the U.S. "mainly on their own strength."

RUSSIANS CHARGED

A top Chinese Communist official yesterday charged the Soviet Union was deploying troops along the Sino-Soviet frontier in "collusion" with the U.S. war efforts in Viet Nam.

Chen also holds the title of vice premier in the Peking government.

He said the United States, through Secretary of State Dean Rusk, bluntly urged the Soviet to "get busy and start helping us make some peace out there."

"The U.S. State Department admitted that the United States had informed 'various key interested governments,' including that of the Soviet Union, in advance of its decision to bomb Hanoi and Haiphong," Chen said.

"The bombings," he said, "were entirely the result of U.S.-Soviet collusion. The facts are very clear."

"The Soviet revisionist clique is redoubling its efforts to take united action with U.S. imperialism in a big way to sabotage the revolutionary struggle of all the peoples of the world."

Referring to the tense Sino-Soviet border area, Chen said, "They (Russia) are making deployments along the Chinese border in coordination with the U.S. imperialist encirclement of China."

Reports reaching Western capitals have indicated that the Soviet has bolstered its border troops at certain hot spots along the 5,000-mile frontier, particularly in the Soviet Kazakhstan-Chinese Sinkiang area in Central Asia.

Board to Consider Plan to Restrict Small Pools

BLOOMFIELD TOWNSHIP — family district to an office building district.

A proposal which would restrict the use of wading pools and small swimming pools will be considered tonight at the township board meeting.

The proposal would amend the present swimming pool ordinance to require all pools which have a depth of two feet or more to be fenced.

The action is a result of the increased use of small pools during recent hot weather.

Township officials have been receiving a growing number of complaints about the noise and safety hazards created by the pools.

In other action, the board will consider a proposal to rezone a parcel of land on West Long Lake Road just east of Telegraph. The lot is presently occupied by the Wilbur Way Playhouse. Rezoning would provide for a change from a multiple

The Michigan Kidney Foundation's trustees have elected Mrs. M. M. Burgess, 1155 Country Club Drive, as honorary chairman of the board.

Mrs. Burgess is one of the founders of the Torch Drive agency, devoted to bettering care and treatment for victims of kidney disease. She has been a member of the organization's board of directors since it was established in 1955.

Brothers Burned in Explosion of Gunpowder

Two Bloomfield Township brothers were burned seriously Friday night when a can of gunpowder they were using to ignite a smoke bomb exploded in their hands.

Jon Scavone, 18, of 536 Rolling Rock, is in good condition at St. Joseph Mercy Hospital with burns on his face, hands, and arms.

His brother Alan, 14, was hurt less seriously and was released from the hospital after emergency treatment.

Police said the boys were setting off the smoke bombs in front of their home when one of the bombs failed to ignite.

'Frozen' to Trailer Tackle Saves Girl's Life

LUDINGTON (AP) — Randy Seiy, a former high school football halfback from Ludington, made one of the toughest tackles of his life when he leveled Irene Albrecht—it saved her life.

Irene, 17, of Ludington, was camping with a group of girl friends at Ludington State Park on Lake Michigan. Standing on wet ground last Tuesday, she climbed into a house trailer. An electric shock swept through her body.

"I couldn't let go," she recalled in an interview Sunday. "It pained me all over my body."

Irene said she screamed for help when she was camping on the next site.

GOT A SHOCK

"I must have been there three or four minutes when he got there," she said. At first, he tried to kick my feet loose. He got a shock, too.

"Then he took a run at me and tackled me off the trailer. I started to have convulsions."

Randy applied first aid until park officials took Irene to a hospital. Doctors at St. Joseph's Hospital said Randy's quick action may have saved Irene's life.

A hospital spokesman said a delay of a few more seconds could have meant permanent paralysis or death.

Park Supervisor Hank Burburg said Irene was hospitalized two days. He said the electric shock probably was caused by a short circuit in the house trailer's electrical wiring.

President, Family Returning to D. C.

SAN ANTONIO, Tex. (AP)—President Johnson headed back to Washington today after a long holiday that coincided with the July 4th recess of Congress.

His plane, with Mrs. Johnson, their daughter Luci and Luci's fiancé, Pat Nugent, and Rep. Henry B. Gonzalez, D-Tex., aboard, took off at 10:38 a.m. E.D.T.

The President and Mrs. Johnson flew to their ranch home some 70 miles north of here, June 30 after appearances in Omaha and Des Moines.

Husband's Moral Muscles Need Exercise

By MURIEL LAWRENCE.
DEAR MRS. LAWRENCE: My husband is so ashamed of our son's poor record in our Little League games that he wants to move to another state. He was himself a star athlete. Every season it's the same thing—terrible scenes, tension and ugly silence between him and the boy when scores are posted showing the kid last. Our whole town is obsessed with our Little League, the kids getting special diets and money rewards to keep them up to pitch...

ANSWER: How your husband must hate this older body of his! How he must despise himself for the loss of those "star athlete" powers that won him so much grandstand admiration!

Because it is his secret and

MRS. R. W. SCHWARZE

Morning Vows Unite Area Pair in Recent Rite

Marcia Ann Sprague, daughter of the Marshall W. Spragues of Blaine Avenue recently became the bride of Wendell Glenn Franklin, of Auburn Road, son of the Owen R. Franklins of Madisonville, Ky.

The couple spoke vows before Rev. Frederick J. Klettner at a morning ceremony in St. Vincent de Paul Catholic Church.

White nylon lace fashioned a gown for the bride who carried white carnations and pink Sweetheart roses atop a white prayer book.

Bride Has Orchids, Ivy in Bouquet

An evening ceremony and reception in the First Baptist Church marked the vows of Pamela Jean Beach and Robert William Schwarze.

The bride, daughter of Mrs. Herbert R. Beach of Clarkson and the late Mr. Beach, appeared in white silk organza over taffeta touched with Swiss embroidery.

BIBLE QUOT

A tiered veil of silk illusion and bouquet of phalaenopsis orchids and ivy on a Bible completed her ensemble for the rite performed by Rev. Robert Shelton.

Edith L. Beach attended her sister as maid of honor and Bertha Thornton was bridesmaid.

Frederich P. Schwarze was his brother's best man. They are the sons of Mr. and Mrs. Rudolf Schwarze of Pinehurst Drive, Independence Township.

Jon Studebaker and Gerald Galligan ushered with Charles and William Beach.

The couple chose a northern honeymoon.

Checker Board Set

Giant checkerboard squares—in contrasting colors to match decor—painted on a family room wall will create a vivid background to showcase pictures and provide guidelines for hanging them.

The Picture and Frame Institute suggests hanging favorite prints, family photographs, needlework samples, children's drawings, or vacation snapshots. Frame separately and hang in individual squares.

him this column, let's encourage the move away from this town of yours.

It's more than possible that he himself really wants to get away from the competitive strains and tensions it imposes on him. But being so proud, he can't know that either.

You r husband's moral muscles, in contrast to his physical ones, have had little exercise. Though this has been star athlete of yours may have been able to resist a football tackle with magnificent bodily power, his moral muscles seem too flabby to resist the pressure of this town's craze for sports success.

He's in the spot of a drug addict who consorts with other addicts. He just hasn't got what it takes to kick his own addiction to grandstand admiration, coarsening as he does with other parents who are so addicted to it that they have to bribe their children to get to them.

None of which can your husband possibly accept as true. For people like him, who take great pride in power, go wild with fear at the idea that they are themselves controlled by feelings they know nothing about. So my suggestion that your husband is controlled by his own athletic powers would frighten him terribly. Instead of show-

Newlyweds Make Home in the East

Airman and Mrs. Robert Clare Elliott (Sharon May Perkins) left for a northern honeymoon and his base in Boston after chapel vows Saturday in the First Presbyterian Church.

Reception in the Bemis-Olsen Armvets Post followed the rite performed by Rev. Richard Reynolds.

Mr. and Mrs. Leon J. Perkins of Pershing Road and the Kingsley Elliotts of Center Lane are the newlyweds' parents.

A nylon illusion veil held by a jeweled tiara complemented the bride's gown of white satin with Chantilly lace overskirt. She carried white roses.

Attending their sister were Mrs. Gerald DeBoer, honor matron, with June Perkins and Betty Millard as bridesmaids.

With Bernard Hull, best man, were Donald and Kenneth Elliott, their brother's ushers.

Pop Jewels Washable

Enterprising teen-agers are making their own "pop" jewelry from colorful sewing trim, the National Cotton Council reports.

Bright lengths of cotton ball fringe, fitted with snaps, are being turned into ankle and arm bracelets, or looped into multi-color necklaces.

Aside from its "pop" appeal, the jewelry has a practical value... it's machine-washable!

Dries Toys Fast

Children's small stuffed toys may be dried quickly after washing by placing them in a hairdryer hood.

Not Good With Other Plans

Spool Holds Tape

Try fastening one end of the measuring tape with a thumb tack to a large size empty spool. Roll the tape on the spool and fasten the loose end with a bit of tape. This will lengthen the life of the tape measure and make for a neater sewing basket.

Give Bride Kit

A useful kitchen shower gift for the bride is an omelet kit. Give her a Teflon-coated aluminum pan for best omelet cooking results, and include a set of the special spatulas and spoons for use with Teflon-coated cookware. With these, she can mix and cook her omelet right in the same pan.

Bathtime Bluff

When toddler battles you at bathtime, try this: have child bathe a doll or plaything. While child does that, you wash child. This makes bathing a game.

Trading Slow

Market Is Irregular, Mixed

NEW YORK (AP)—The stock market moved irregularly early today in slow trading. Changes of fractions to a point were the general rule for leading issues.

BIG THREE

All Big Three motors made fractional gains and Du Pont advanced more than a point. Airlines were mixed as the strike continued. United Eastern ended last point. Amstar and Pan American edged higher.

One of the struck airlines, National, opened late on a block of 4,500 shares, down 2% at \$25. Aerospace issues moved higher.

Steels had a slightly higher edge on balance. Nonferrous metals were mixed. Anaconda lost a point. Sperry and Hutchinson, the nation's oldest and largest trading stamp company, whose "Green Stamps" are saved by some 35 million families, was admitted to trading on the New

York Stock Exchange under the ticker symbol "SNH." The initial trade was 200 shares at \$25.25 a share.

Opening blocks included: Sperry Rand, up 1/4 at 28 on 14,200 shares; American Telephone, off 1/4 at 57 1/2 on 5,500; and Douglas Aircraft, up 1/4 at 65 on 3,600 shares.

On Friday the Associated Press Average of 60 Stocks rose to 323.8. Prices were generally higher on the American Stock Exchange.

Hanoi to Try 60 U.S. Fliers

'War Crimes' Will Go Before Peoples' Court

LONDON (UPI)—The Yugoslav news agency Tanjug reported that Hanoi today is saying that about 60 captured U.S. airmen "will be tried as criminals" by a special court, dated from Pong, Cambodia, said:

"Reports from Hanoi say that the government of the Democratic Republic of (North) Viet Nam will form a peoples' court before which captured American pilots from planes shot down over North Vietnamese territory will be brought."

The agency said the Hanoi regime "does not consider these U.S. citizens as prisoners of war for it has not declared war on the U.S.A."

BOMBING DEATHS

The captive pilots, Tanjug said, "will be tried as criminals responsible for the deaths of a large number of North Vietnamese citizens who died from the beginning of American bombings of the Democratic Republic of Viet Nam."

The U.S. launched its first air attacks against North Viet Nam in February, 1965. Tanjug said that about 60 U.S. airmen are being held by the North Vietnamese Communists. They recently were paraded through the streets of Hanoi in handcuffs during mass demonstrations of support for the Ho Chi Minh regime. Dispatches from the crowds screamed for the blood of the "Johnson war criminals."

Disparages by other Communist news agencies from Hanoi said variously that "several score" and "several dozen" prisoners were paraded. Radio Hanoi on Friday reported demands by three women that the airmen be executed as war criminals.

WASHINGTON (AP)—Rep. Gerald R. Ford of Michigan, the House Republican leader, said again today that the Republican Party should not make a political campaign out of the administration program "If it is an issue, the American people will make it one," said Ford, emphasizing views voiced previously.

Ford Tells GOP

'Scratch Viet as Issue'

WASHINGTON (AP)—Rep. Gerald R. Ford of Michigan, the House Republican leader, said again today that the Republican Party should not make a political campaign out of the administration program "If it is an issue, the American people will make it one," said Ford, emphasizing views voiced previously.

Republicans should do everything possible to get the war out of the quick as possible, Ford said, adding that "I applaud anything President Johnson does to get it over with."

Ford endorsed Johnson's decision to step up the bombing of oil storage depots in the Hanoi and Haiphong areas of North Viet Nam.

GOOD LAST YEAR

"But," he said, "I want to point out that if this is a good policy in July, a policy to weaken the will of the North Vietnamese, it is just as good a policy last December."

The Republican coordinating committee of which Ford is a member, last Dec. 13 called for maximum use of American conventional air and sea power against significant military targets in order to minimize casualties and bring about a swift and secure peace.

Asked what he thought would be the effect of the just completed military operations in Ford Motor Company.

Lock will direct engineering design and development of LOCK Ford's utility and industrial tractors, and equipment and agricultural implements. He was formerly industrial equipment engineering manager.

Police Disperse Demonstrators

By ROGER E. SPEAR

Q) "I am single, in my early forties, and I am a member of the National Guard since my childhood after age 65. At that time I would receive about \$125 a month pension plus Social Security. I have \$10,000 insurance fully payable at age 65 and \$1,000 in savings. I own General Motors, Revlon and Standard of New Jersey. I will soon receive \$500 and would like to invest this money for growth. I thought about Sears, Roebuck and am considering selling Revlon at a slight loss."

A) I like the stocks you own but I do not feel you have sufficient reserve in savings to meet future contingencies. Revlon is an excellent stock which has shown good growth, but from a price standpoint has really got nowhere for the past 2 1/2 years. I would sell this stock solely to build up your cash reserve.

Sears, Roebuck has been depressed in price like so many blue chips in a rather speculative market. I think you would do very well with your \$500 in this issue.

Q) "I have held the following convertible debentures for some years. Should I continue to hold or convert them into common stock? They are: Armour 4 1/2; Pan American 4 1/2; and Pan American 4 1/2."

A) Armour 4 1/2 at present sell well below their conversion value, but I would hold them. They have been above this value both in 1965 and 1966. The yield is satisfactory and the call on the stock does not expire until 1983.

Q) "I have held the following convertible debentures for some years. Should I continue to hold or convert them into common stock? They are: Armour 4 1/2; Pan American 4 1/2; and Pan American 4 1/2."

A) Armour 4 1/2 at present sell well below their conversion value, but I would hold them. They have been above this value both in 1965 and 1966. The yield is satisfactory and the call on the stock does not expire until 1983.

Business Notes

Douglas S. Lock, 2651 Avonhurst, has been appointed equipment engineering manager at the recent

Equipment Operations in Ford Motor Company.

Lock will direct engineering design and development of LOCK Ford's utility and industrial tractors, and equipment and agricultural implements. He was formerly industrial equipment engineering manager.

Roy Jordan, 7300 Tratham Court, West Bloomfield Township, the new manufacturing and plant engineering manager for the Highland Park M-15 Military Vehicle Operations, Ford Tractor Division, Ford Motor Co.

He was formerly assembly process supervisor for manufacturing engineering at the same plant.

STUTTGART, Germany (AP)

The trials of some of the 43 civil rights workers jailed for staging a sit-down demonstration on a Grenada street come today in city court.

Many of the Negroes died Sunday from the jail march for the 24th. I would sell this stock solely to build up your cash reserve.

Sears, Roebuck has been depressed in price like so many blue chips in a rather speculative market. I think you would do very well with your \$500 in this issue.

National Leaguers Favored Tuesday

Junior Circuit All-Stars After Tie in Classic Series

ST. LOUIS (AP) — The em-barrased American League, Willie Mays and Co. have taken the lead 18-17-1.

Five of the 16 pitchers were used Sunday but the only starters were Steve Barber of Baltimore on the American side and Jim Bunning of Philadelphia on the National side. Claude Raymond of Houston and Phil Regan of the Los Angeles Dodgers 12-4 edge in the All-Star series were used in relief.

The National Leaguers have been taking bows for winning both the World Series and the All-Star Game in each of the last three years. Overcoming a 12-4 edge in the All-Star series

Regan was a late addition to the staff. He was named by Alston to take the place of Bob Gibson when the St. Louis Cardinals came up with a sore elbow. Sam McDowell of Cleveland, who lasted less than an inning Sunday, also bowed out with a sore arm and was replaced by teammate Sonny Siebert.

TOP WINNER
Sandy Koufax of the Dodgers,

the majors' top winner with a 15-4 record, worked Saturday. So did Gaylord Perry of San Francisco and Billy McCool of Cincinnati. Juan Marichal of San Francisco has rested since pitching a three-hitter for his 14th victory Friday. Bob Veale of Pittsburgh has not pitched since Thursday.

Three American League starters worked Saturday — Gary Bell of Cleveland, Catfish Hun-

ter of Kansas City and Denny McLain of Detroit, the league's big winner with a 13-4 record. Jim Kaat of Minnesota and Mel Stottlemyre of New York were used Friday.

Both managers were scheduled to name their pitchers and batting orders at a morning news conference.

Injuries start the National League starting line-up, forcing

Alston to replace second baseman Joe Morgan of Houston with switch-hitting Jim LeFebvre of his Dodger club. Morgan suffered a broken knee cap a week ago.

FACE GUARD
Ron Santo, the Chicago Cubs third baseman, retained his starting job, wearing a special face guard to protect his injured cheekbone.

Alston to replace second baseman Joe Morgan of Houston with switch-hitting Jim LeFebvre of his Dodger club. Morgan suffered a broken knee cap a week ago.

Both managers were scheduled to name their pitchers and batting orders at a morning news conference.

Alston to replace second baseman Joe Morgan of Houston with switch-hitting Jim LeFebvre of his Dodger club. Morgan suffered a broken knee cap a week ago.

Both managers were scheduled to name their pitchers and batting orders at a morning news conference.

Kaline's Clout Noted as Tigers Lose, 4-2

Earl Wilson Allows Pair of Home Runs

Twins Gain Victory as Mincher, Killebrew Hit 2-Run Blasts

MINNEAPOLIS — ST. PAUL (AP) — If the Detroit Tigers had nine Al Kalines, they might win the pennant.

Kaline walloped his 21st home run of the season Sunday, a two-run clout in the sixth inning, but it wasn't enough as the Tigers bowed to the Minnesota Twins 4-2.

The homer was Kaline's eighth of the month and his fourth in the four-game series with the Twins.

Earl Wilson, who started for Detroit, gave up a pair of two-run homers to Don Mincher and Harmon Killebrew.

TOO HOT
Dave Boswell held the Tigers to four hits until he stepped down in the ninth, wilted by the 94 degree heat.

The Tigers are third in the American League homer count with 87, but Detroit pitchers have given up 99 to the opposition.

Killebrew's tie-breaking homer Sunday came in the sixth after Tony Oliva singled to center and Jimmie Hall popped up.

A walk by Hall set the stage for Mincher's blast, and Kaline's homer came after Norm Cash walked.

Wilson held the Twins to one hit until the fourth when Hall walked. Mincher then hit his 10th homer of the season after just missing another one down the foul line.

The Tigers tied it up 2-2 in the sixth, after being held to one hit in the first five innings. The tie lasted until the Twins came to bat. Killebrew's homer was his 17th.

FIFTH WHIFF
The Tigers put the pressure on twice after that but couldn't make it count. Boswell walked Bill Freehan in the seventh and pinch-hitter Gates Brown singled to third to throw two out. But Boswell struck out Dick McAuliffe to end the inning.

Willie Horton and Don Wert got on base in the ninth, but pinch-hitter Jake Wood struck out to end the game.

Baltimore, the league leader, played eight games ahead of the second place Tigers Sunday by losing to California 4-0.

Junior Editors Quiz on
ACCORDION

QUESTION: How does an accordion produce music?

ANSWER: The accordion and harmonica belong to the same group of musical instruments. Tones are produced by the vibration of small metal tongues which are set in motion by air being forced past them.

In the harmonica, the player's breath supplies the air. In the accordion, bellows built into the instrument produce an air blast, being pushed in or pulled out by the player.

The simpler, older type of accordion (top) produces one note when the bellows are pushed in and a key depressed, and another when the bellows are pulled out.

This makes it possible to play a tune on one side. On the other are a couple of big keys which when pressed down give an oom-pah-pah accompaniment in simple chords.

You can't get complicated music with it, but by jerking the bellows rhythmically, a gay, swinging effect is produced.

In the modern piano accordion, the same note is produced on both push and pull, but there are many buttons giving a great variety of chords. This instrument is a great favorite at dances.

FOR YOU TO DO: Learn to "tongue" a mouth organ. Cover all the holes but one with your tongue; get one clear note as you blow in, another as you pull air out.

Mailbag Yields Facts on Marriage, Murder and Mosquitoes

By HAL BOYLE
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Marriage expectancy is rising along with life expectancy. Average newlyweds today can look forward to living together 43 years — unless, of course, they try to divorce.

Your skull is stronger and tougher than you think. It can stand weight of up to 3,600 pounds without being crushed.

Here's a wry footnote to togetherness: About 700 children in the United States commit murder each year — and in two-thirds of the cases the victim is a member of their own family.

Our changing ways: Only 50 years ago liver was regarded by many people as unfit for human consumption and it was fed chiefly to pigs. Butchers often gave it away; now it is one of the most expensive of meats.

It has been found that mosquitoes are more likely to bite sick than healthy persons. Maybe it's because they figure that a guy with tired blood is also too tired to swat them.

SIGN OF PROSPERITY

Prosperity note: Four out of every five U.S. families now own at least one automobile. And one in five families owns two or more cars.

Quotable notables: "Never

think that war, no matter how long robes, Roman soldiers necessary, nor how justified, is a necessary evil. It is a crime. Ask the infantry freedom of action. But by the year 400 most European men were clad in trousers.

It costs roughly \$2,300 a year to keep an inmate in federal prison, just about the same amount it would take to send him to a good state university.

Musical tribute: More songs

have probably been written about President Franklin D. Roosevelt than any other 20th century figure — over 100.

Quips from our contemporaries: Catholic Digest magazine says "the ideal television show" would be one "about a cowboy in a hillbilly spaship who throws pies in a monster suit-geon's face."

BrUNETTES look hairier than blondes but aren't. If you had a dollar for every hair on your wife's head, you'd be worth \$90,000 if she were a redhead, \$120,000 if she were a brunette, and up to \$140,000 if she were a natural blonde.

In normal conversation you speak about 125 words a minute. Puffed rice doesn't look very complicated, does it? Well, in the laboratory it has been found that 125 million explosions can be produced in a single grain of rice.
