Then Steals April's Thunder

May Impersonates June

May had one thing in common with April—both went away mad. Thunderstorms yesterday marked the exit of a hot, dry May. The same thing happened for April.

In May, forecasters called for rain on 23 days and got it on only six. Then, not more than four-tenths of an inch fell at one time.

A heat wave settled in during the week of May 14, a day that

monsters registered a record 95 degrees. Monday through Friday, '62, were the hottest May days on record in Pontiac since 1872.

The highest reading of the month occurred May 17 and 18 when the mercury climbed to 95 degrees.

The lowest was a 58 on May 5. Eighteen days were sunny, six were sunny half the other half and cloudy or rainy the other half and one was rainy. Two days were

cloudy and the other four were partly cloudy.

The average high for the month was a balmy 75.38 degrees. The ground was free of frost in downtown Pontiac for the entire month where an average low of 54.12 degrees was recorded.

The U.S. Weather Bureau at Metropolitan Airport reported temperatures average 6.7 degrees above normal for the month while rainfall was 2.7 inches below normal for May.

Pontiac Press Photo

It took 31 days, but Pontiac finally got that predicted thunderstorm.

It'll Be Easy to Keep Cool on Weekend

Thursday's thunderstorm brought temperatures tumbling 24 degrees in 45 minutes from the day's high of 95. The storm broke a few minutes before 4 p.m., bringing a lot of rain and hail from the size of a large pea to a marble.

The mercury climbed back to 74 near 6:30 p.m., then gradually dropped to a low of 54 at 5:30 this morning. Temperatures stood at 66 at 2 p.m.

Guests of 45-mile-an-hour winds hit the area during the storm.

Saturday is expected to be partly cloudy with a high of 74, and fair with moderate temperatures is the prediction for Sunday.

Morning northwesterly winds at 5 miles per hour will become light southerly tonight.

Appoints Sanity Unit to Examine Topp

A three-man sanity commission was appointed today by Oakland County Circuit Judge William J. Beer to examine Sheldy W. Topp, 17, self-admitted killer of Charles A. Davis, 50, first assistant corporation counsel for Oakland County.

Dr. Ivan LaCorte and Dr. Maurice Willis, of Pontiac, and Dr. William Gerdard, of Detroit, will act as the commission. A date for the sanity hearing was to be slated later today.

Yesterday, an examination for Topp on a five-day psychiatric charge was set for June 8 in the court of Justice R. Grant Graham in Pontiac Township.

Added \$242,000 MSUO by State Senate

The State Senate today gave Michigan State University Oakland an additional \$242,000 on top of the \$297,000 increase over last year recommended yesterday by the Senate Appropriations Committee, the university reported.

This money, if passed by the House, would give MSUO a total of a \$539,500 increase over last year's appropriation, according to MSUO Director of Business Affairs Robert Swanson.

Swanson added that the figure still falls short of the \$595,000 increase recommended by Governor Swanson.

Swanson told The Pontiac Press this afternoon that he was informed by Chancellor Dr. R. Varner who is leaving that the Senate had voted the additional increase figure this morning.

The recovery of at least part of the fund increase recommended earlier by Swanson will enable MSUO to handle its new senior class class committee — recommended budget for all higher education for next year would have been \$11,702,654.

The vote came after Varner had strongly protested against "continual unwillingness of the Senate Appropriations Committee to recognize the problems of a new institution" such as MSUO.

Varner had warned that MSUO faced a budget \$250,000 below the Swanson recommendation even with a "normal" tuition increase.

The total appropriation bill for higher education totaling a \$6 million increase was under debate in the Senate today. It was described as a minimum-like bill.

Appropriations Committee Chairman Elmer Porter had warned previously that colleges would have to make up any extra budget needs by raising tuition.

Varner had countered that all this was very well for "old established institutions" but impossible for a new institution facing new problems such as MSUO.

Last year, MSUO got a total of \$799,720 from the legislature, Swanson said.

Two Bass on One Line Too Much for Fisherman

Dean Barker of Orchard Lake celebrated the opening of the 1962 bass fishing season in a big way.

Barker got a double strike—hooking two bass with a single lure.

In his excitement to land the bass, he caught his bait and jugged the fish in the water.

A nearby fisherman pulled Barker from the water and he was still clinging to his rod and reel with the two bass in tow.

Defiant Eichmann Hanged as Plea for Clemency Fails

See-Saw Ride Leaves Market Back on Ground

Declines Under Flurry of Profit Taking; Big Gains Chipped Away

NEW YORK (AP) — The stock market put on a new show of strength late this afternoon, cutting earlier losses. It weathered an outbreak of profit-taking by traders who bought on the early week slide and cashed in their gains.

NEW YORK (AP) — The stock market cooled off today and declined under a flurry of profit taking.

Selling by traders who had bought at the week's lows chipped away at phenomenal gains scored in a rally which followed the plunge Monday and Tuesday morning.

The drop would be considered substantial under normal circumstances but so far was puny in comparison with the earlier big fall and rise.

Losses of key stocks ranged to around 82 while the more volatile issues took deeper setbacks.

Trading volume continued heavy but well below the week's previous sessions. The New York Stock Exchange ticker tape fell 19 minutes behind transactions at one point but was nearly even with transactions early in the afternoon.

In the first two hours 2.32 million shares were traded, compared with 3.71 million in the like period Thursday.

The Associated Press average of 66 stocks at noon was off 1.60 to 223.50. It had gained 14.30 Tuesday and Thursday, wiping out Monday's loss.

The Dow Jones average of 30 industrials at noon was down 3.07 from 668.29 after having advanced 36.43 in the two previous trading sessions.

Standard & Poor's 50-stock average at noon had declined 7.70 to 58.90.

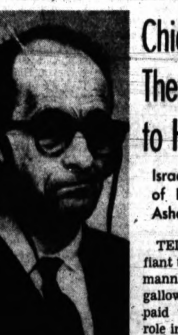

Among losses were International Business Machines \$6.50, Ford \$1.75, Xerox \$5.87, Ligon Industries \$3.87, American Telephone \$2.87, U.S. Steel \$1.75, General Motors \$1 and United Carbide \$1.75.

PAYS WITH LIFE — These studies of Adolf Eichmann were made as he faced the end that came to him last night with his execution on an improvised scaffold in Ramleth Prison near Tel Aviv, Israel, for his part in Germany's extermination of European Jews. At left is a picture made in prison as he awaited trial. The other two photos were made as he listened to testimony during his trial.

Chides Jailers, Then Steps to His Death

Israel Cremates Body of Ex-Nazi, Scatters Ashes in Mediterranean

TEL AVIV, Israel (AP) — Defiant to the end, Adolf Eichmann, walked firmly to the gallows Thursday night and paid with his life for his role in Nazi Germany's systematic extermination of six million European Jews.

The young state of Israel changed the former Gestapo colonel at two minutes before midnight on an improvised scaffold in a third-story storeroom of Ramleth Prison near Tel Aviv.

It was the first execution in the 14-year history of this Jewish nation which counts among its citizens thousands of relatives of Jews whom Eichmann, 46, helped speed to death in Hitler's gas chambers.

Eichmann's body was cremated quickly and the ashes scattered upon the waters of the Mediterranean.

Eichmann was cool and unrepentant as this Jewish nation carried to conclusion its announced determination to record the history of the Nazi regime and mete out justice in the name of all Jews.

A faint smile on his face, Eichmann, ignored the traditional black hood and even chided his jailers for making it difficult for him to stand on the gallows' trap door.

"I AM READY" — "My belief was correct," the former head of the Gestapo Jewish affairs section declared. "I had to obey the rules of war and my flag, I am ready."

At a command from an Israeli guard, Eichmann stepped to the trap door and hung in his death clothes in a steel net.

Death was instantaneous, prison officials said.

Eichmann was condemned to death last December by a special three-judge tribunal which found him guilty of acts of unparalleled cruelty against the Jewish people and against humanity—the only crime subject to capital punishment in Israel.

The building, bespectacled Hitler disciple had insisted he was only a minor cog carrying out orders from above in the Nazi campaign for "the final solution to the Jewish problem"—extermination.

But the court declared he actually believed in the extermination of the Jews by the hundreds of thousands, saying he was motivated by "the desire to blot out an entire people from the face of the earth."

The Israeli Supreme Court rejected Eichmann's appeal against (Continued on Page 2, Col. 7)

World Taken by Surprise

LONDON (AP)—Israel's swift midnight hanging of Adolf Eichmann, evoked surprise around the world today. Few expressed sympathy for the former Nazi officer, but the suddenness of his execution drew scattered murmurs of disapproval.

Across Europe, the frequent comment was: "It was about time."

"He got no better than he deserved," said an elderly housekeeper in West Berlin, where Eichmann once directed the Gestapo department charged with carrying out Hitler's "final solution to the Jewish problem"—extermination.

"After all, six million Jews: what can you expect?" commented a messenger boy in Paris.

"The least you can say was that it was a little his own fault, even though he said he followed orders," said a secretary. Many Parisians reacted to the news with a slight shrug of the shoulders and no regret.

"Hanging was too good for him," said London scrubwoman Emma O'Leary. "They should have done to him what he did to all those people, all those women and babies."

"DESERVED TO DIE" — "He deserved to die," said mailman George Snel. "I think they kept him waiting in jail so long as a torment."

But others expressed shock that Israel executed Eichmann within hours after his appeal for clemency had been rejected. Some said he should have been spared.

"Hanging won't do any good after all these years," said London bus driver Sidney Baines.

Factory worker George Clark said he was written in longhand as a Gestapo nominating petition which Eichmann sent back to Gestapo several weeks ago. It stated:

"I am disgusted that the Republic of Austria could possibly be faced with support of such an ill-qualified man in our state. Certainly we should be able to find and encourage more qualified individuals to run for office."

Both Lyle and Matchette said the comment never would have become known except for publication by Gest.

Lyle added: "Our party organization does not take any official stand prior to the primary election in so far as any state office is concerned. But neither do we—in a county where we have several thousand active workers—try and tell our workers how they should vote or whom they should support. This is their business."

"Mr. Matchette was expressing his personal opinion to Mr. Gest, and Mr. Matchette. (Continued on Page 2, Col. 6)

blame. What about the generals above him?"

The news reached Europe too late for morning newspapers to do more than splash big bold headlines on brief stories. Governmental and editorial reaction came slowly.

West German newspapers

printed factual accounts without comment.

The Bonn government maintained official silence on the execution today, but previously had condemned the Nazi slaughter of Jews and praised Israel for its "remarkably objective" Eichmann trial.

Butter Now \$1.83 Per Pound

Prices Go Up in Moscow

MOSCOW (AP)—The Soviet Union today hiked consumer prices of meat and butter to finance the country's lagging agricultural program in the face of food shortages.

Butter—up 25 per cent—will cost \$1.83 a pound; pork and beef—up 30 per cent—will retail for 88 cents a pound.

The effect of the increases is measured against salaries much lower than those in most foreign countries.

A semiskilled Soviet worker gets the equivalent of \$88 a month, professional and semiprofessional people about \$22.20 a month.

The government announcement said that the increased charges were necessary because there was no other means of raising money to pay the increased expenses on farms.

BLAME U.S. — Blame was placed in part upon the United States. The statement said it was not possible to "switch funds to increasing the output of livestock products at the expense of the country's defensive capacity."

"We do not live in a vacuum. While imperialism exists, the danger of new wars will remain. It is no secret that international re-

action, with the United States at the head, now is engaged in sabre rattling, conducts a few arm races and harbors plans for a surprise rocket nuclear attack on the U.S.S.R. and other socialist countries. Its politicians and generals speak openly of this."

The order for the increase in prices was issued by the Communist party central committee and the government. Its effect was law since all stores are government stores and the prices are fixed by decree.

There was no immediate indication what the public reaction would be.

It won't be very active reaction, however, for there is little that the ordinary citizen can do in this respect except to read the risk of writing a letter to the newspapers.

The government, as a compensation, ordered decreases in certain other products, notably sugar.

The party is aware that the raising of the prices of meat, meat products and butter will be a burden for the population. The population's capacity for buying these products, will tell on the family budget," the statement said. But, it added, the increase is a temporary measure.

News Flash

EDWARDS AFB, Calif. — EDW pilot Bob White, dressed in a flight suit today, then plunged back in the rocket plane's most dangerous descent yet.

In Moscow's Red Square

Benny Plays Yankee Doodle

MOSCOW (AP)—Benny Goodman, the famous jazz clarinetist, played "Yankee Doodle Dandy" in the air near the Kremlin today in one of the world's jazz sessions.

Goodman played the clarinet in the air near the Kremlin today in one of the world's jazz sessions. He then played "Midnight in Moscow," known in these parts as "Moscow Evening."

At that moment a trio of guards who had been relieved of their turn at watching over the Lenin tomb, marched past. As they turned to the Kremlin gate, Goodman played a little melody known as "Pop Goes the Weasel."

It was all part of a day in which the American jazzman promised to play Soviet jazz in a jam session when he returns to Moscow early in July after a tour in the provinces.

Goodman also got a promise from one of the Soviet Union's leading composers, Aram Khachaturian, to do a piece for the Goodman orchestra.

The thing developed at a lunch where Goodman was a guest of Soviet composers.

"How about a piece for the orchestra?" Goodman asked.

Goodman's concert is scheduled for 1962.

Income exceeded expenses by only \$6,000 for the first five months of this year, according to the hospital's first five accounting periods of 1962.

For the first period of 1962, income exceeded expenses by \$1,834. Total billings reached \$542,000, occupancy was 99.98 per cent and there were 10,666 patient days recorded.

Billings, occupancy and patient days reached all-time highs for any accounting period.

Cooler in North Central Area

Rain Falls in Southeast

By The Associated Press

More rain and stormy weather hit broad areas in the warm and humid air in the East and south central sections of the nation today.

Skies cleared and cooler air spread in the north central region.

During the height of the downpour, 40 per cent of the community's streets were under water.

Nearly three inches of rain drenched Lafayette, La., while 1.1 inch fell in Miami, Fla.

Torrid winds, severe thunderstorms and hail pounded sections of Texas during the night.

Two feet were reported in a remote West Texas area and one in the Big Lake area, 40 miles west of San Angelo. A small tornado caused minor damage in a rural area near Cheltenham, in south Louisiana.

Thunderstorms and hail swept scattered regions of north central Texas. Heavy hail pelted the Dallas-Fort Worth and Big Lake areas.

Enters 1st Race for School Post

Highland Park Junior College Teacher Seeks Pontiac Board Seat

Merle H. Smith, 36, a teacher at Highland Park Junior College, is running his first race for one of the two open seats on the Pontiac Board of Education.

Born in Owosso, Smith of 2574 Vanhook Ave., has been a teacher in high school and college for 15 years beginning in 1947.

He came to Detroit in 1948 and to Pontiac in 1953. He has taught English at the college for four years.

The father of four children, two of whom attend Pontiac schools, Smith is vice president of Sylvan Manor Subdivision and a member of the American Federation of Teachers and the American Federation of University Professors.

His statement regarding his candidacy follows:

"An efficient, effective school board needs members with a variety of qualifications. The Pontiac Board of Education already has some members with special qualifications but is noticeably lacking members with experience in one area — education."

"It is my belief that 15 years as a high school and college teacher have provided me with valuable experience and knowledge that could be an asset to our board."

"As an educator, I have found working with boards that many members are lacking in understanding of school problems. I have often felt that I might be of value to the board as a member of education in an attempt to eliminate certain inadequacies and to offer my educational experience."

"I am especially concerned that certain phases of education be given attention:

"1.—There should be constant evaluation of curriculum. I am in favor of experimental programs, but I believe it is essential to have the support of all parents involved in these methods. Parents and teachers should evaluate all programs periodically."

"2.—All channels for communication to the board should be kept open."

"3.—The Pontiac school system should be made attractive to graduates from major state universities and colleges. Desirable conditions of employment and a competitive salary schedule are essential features of an excellent school system."

Executive Succumbs

Supervisor's Wife Succumbs to Illness

MILFORD — Mrs. Mayon (Roby B.) Hoard, 66, wife of Milford Township Supervisor, Mayon Hoard, died at midnight last night at Pontiac General Hospital after a brief illness.

A resident of Milford since 1938, Mrs. Hoard was a member of Milford Methodist Church and Whitcomb Chapter No. 148, O.E.S. She previously lived in Berkeley and Royal Oak.

Service will be at 1 p.m. Monday at Richardson-Bird Funeral Home, 1400 E. Main St., at Milford Memorial Cemetery.

Surviving besides her husband are two sons, Hollis of Farmington and Edgar of Milford, four brothers, a sister and seven grandchildren.

Secretary of the Treasury Dept. Dillon told the House Ways and Means Committee Thursday the administration was not supporting any immediate income tax cut.

The Treasury has said, however, that such cuts probably will be proposed next year as a part of a tax overhaul measure which will include some provisions to increase revenues in other ways.

"The climax to this venture came in the early evening hours of May 24, 1961," Edwards wrote. "Exactly what happened may never be known."

Edwards said, "Missing and unaccounted for are two other graduates of the (Soviet) space training center, Gennady Mikailov and Alexey Belokobov."

The news commentator said the Soviet moon exploration team was launched May 17, 1961, from the Red's Baikonur base on the Aral Sea. He said their rocket was tracked by stations at Turin, Italy; Jodrell Bank, England; and Gochum, Germany and Meun, France, for a full week before they mysteriously disappeared.

The news commentator said the Soviet moon exploration team was launched May 17, 1961, from the Red's Baikonur base on the Aral Sea. He said their rocket was tracked by stations at Turin, Italy; Jodrell Bank, England; and Gochum, Germany and Meun, France, for a full week before they mysteriously disappeared.

"The climax to this venture came in the early evening hours of May 24, 1961," Edwards wrote. "Exactly what happened may never be known."

Edwards said, "Missing and unaccounted for are two other graduates of the (Soviet) space training center, Gennady Mikailov and Alexey Belokobov."

The news commentator said the Soviet moon exploration team was launched May 17, 1961, from the Red's Baikonur base on the Aral Sea. He said their rocket was tracked by stations at Turin, Italy; Jodrell Bank, England; and Gochum, Germany and Meun, France, for a full week before they mysteriously disappeared.

"The climax to this venture came in the early evening hours of May 24, 1961," Edwards wrote. "Exactly what happened may never be known."

Crazed Patient Slays Doctor

Wounds Policeman at Veterans Hospital in Pittsburgh

PITTSBURGH (AP)—A crazed mental patient fatally shot a doctor at the Veterans Administration Hospital today and wounded a policeman during a gunfight. Police stormed their way into an office where the patient had barricaded himself and found him wounded but alive.

Officers identified the physician as Dr. Daniel Thaw, chief of acute and intensive treatment at the VA Hospital at Leech Farm on Pittsburgh's Washington Boulevard.

Hospital officials said the patient is William S. Polla, 27, of Wilmerding, Pa.

Polla had holed up in a first-floor office of a hospital building. He held the doctor at gunpoint, apparently as a hostage at first.

Scores of police sped to the scene and surrounded the building. An armored car was summoned. Tear gas grenades were fired.

Hospital officials said Polla was discharged from the hospital last April 19 as a voluntary mental patient. He had been in and out of the hospital since the Korean War.

The Day in Birmingham

Community House Group to Cite 16 Past Presidents

BIRMINGHAM — Sixteen past presidents of the Birmingham Community House Association will be honored Monday when the group holds its annual dinner meeting.

"We want to take this opportunity to recognize the past presidents for the outstanding work they have done for the 17-member house," said Thomas H. Wiant, who is currently serving as association president.

He said 14 of the past presidents are still residents of the area. They are:

J. Anderson, Paul N. Averill, Eugene J. Barney, Robert Chisum, Harold Hagan, Forbes Haskell, Howard J. Laverance, Harold McFarland and Fred C. Pres.

Others are Mrs. Charles J. Shain, Walter F. Skinner, Norman B. Weston, Charles Kass and Mrs. L. N. Pyle of Detroit and Shelia Wylde of Pensacola.

Main item of business at the meeting will be the election of seven new directors to the 17-member board of directors and the election of officers for 1962-63.

Series speaker will be George F. Jones, whose "Society of the Future" films have been shown at the Community House the last two years.

The business meeting will follow 6 p.m. dinner.

Birmingham's annual police auction will be held 9 a.m. tomorrow in the police garage.

Items up for auction include 35 bicycles and tricycles, several guns and numerous automobile parts.

This will be the 10th auction conducted by the police according to Police Chief Ralph W. Moseley, who will serve as auctioneer.

Past auctions have raised between \$200 and \$300. This money goes into the city's general fund.

Residents of the Franklin Valley Subdivision will hold their first art show on June 10 from 1 to 7 p.m. in a model home on Sherrybrook Road.

Exhibit entries can be submitted by any resident living in Franklin Valley, according to show chairman Mrs. E. R. Kimes.

Major classifications will be painting, sculpture, ceramics, metal and woodworking, handicrafts, needlework, jewelry and photography.

Seeks Position on School Board

Part Owner of Auto Supply Shop Candidate for Waterford Post

Elmer O. Johnson, 40, is one of the four candidates competing for the two 4-year terms on the Waterford Township Board of Education in the June 11 school election.

Johnson is no relation to Elmer R. Johnson, Waterford Township supervisor.

The school board candidate resides at 4444 Bayview Drive, Dryden, Fla., with his wife and two children. He is part owner of Elmer's Auto Supply, 3539 Dixie Hwy., Waterford Township.

Johnson is a graduate of Pontiac High School and is later attending the Business Institute of Pontiac.

His formal statement regarding his candidacy is as follows:

"I believe that money coming into the school system can be put to better use so that we can continue to improve the system without any further increase in taxes."

"Residents should know the functions of the school board and should take an interest in the business of running this city business. If I am elected, information about the activities of the board will be available at all times to anyone interested enough to contact me."

"Residents should know the functions of the school board and should take an interest in the business of running this city business. If I am elected, information about the activities of the board will be available at all times to anyone interested enough to contact me."

Takes Over Position Coast Guard Chief

WASHINGTON (AP) — Vice Adm. Edwin J. Roland, who entered the Coast Guard 36 years ago as a cadet, took over yesterday as commander, relieving Adm. Alfred C. Richmond, who is retiring.

Secretary of the Treasury Douglas Dillon presides at the formal change of command ceremony aboard the U.S. Coast Guard cutter Campbell. In presiding, the Coast Guard is part of the Treasury Department.

Roland, 57, is a graduate of the

U.S. Coast Guard Academy at New London, Conn. He has held both combat and administrative posts. His two sons, William F. and Edwin J. Jr., are graduates of the academy and are serving with the Coast Guard as commissioned officers.

To Dig at Menominee

OSHKOSH, Wis. (AP) — The National Science Foundation has approved a \$18,000 grant for archeological studies at Copper Culture Indian Burial Ground and Village, Menominee, Mich. The foundation said it will grant the funds to the Oshkosh Public Museum. Digging begins June 15.

To Be Arraigned in Stabbing of Wife, Coworker

A Waterford Township man will be arraigned in Circuit Court Monday in connection with the May 11 double stabbing of his wife and the man who drove her home from the drive-in restaurant where both were worked.

Robert L. Conway, 36, of 2815 Oldsmobile, charged with felonies against his intent to commit murder, was bound over to the grand jury.

Circuit Court this week by Waterford Township Justice of the Peace John E. McGrath following a preliminary examination.

The stabbing occurred outside Conway's home just after his wife, Melya, 23, and Carl A. Bohn, 30, of 6877 Simmons Road, Waterford Township, drove up in Bohn's car.

Conway's wife was treated and released at Pontiac General Hospital and Bohn, who suffered a chest wound, was admitted but since released.

Louisiana has 800 miles of levees along the Mississippi river banks.

Bermuda's 42,000 residents spent \$25,578,261 last year for goods imported from the United States—\$633 per capita.

Pontiac, Nearby Area Deaths

CLAYTON G. HYINGTON
Service for Clayton G. Hyington, 51, of 333 Calgary St., will be at 1 p.m. Monday at the C. F. Sherrill Funeral Home, Orionville with burial in the cemetery near East Dayton.

Mr. Hyington died unexpectedly of a heart ailment at Pontiac General Hospital early this morning. An employee of Pontiac Motor Division, he was a member of the Royal Order of Moose Lodge No. 32.

Surviving is a brother.

MRS. GEORGE E. FERGUSON
Service for former Pontiac resident Mrs. George E. (Ada V.) Ferguson, 74, of St. Petersburg, Fla., will be at 1 p.m. Monday at the Coats Funeral Home with burial following in the Drayton Plains Cemetery. Her body will be at the funeral home at noon Sunday.

Mrs. Ferguson died Wednesday at St. Anthony's Hospital, St. Petersburg, after an illness of several weeks.

Survivors include her husband; a daughter, Mrs. Kenneth Cahoon of Toledo, Ohio; two sons, Earl of Wallied Lake and George of Waterford; six grandchildren; five great-grandchildren; and a sister, Mrs. Ransom Robb of Waterford Township.

BABY BOY HOWARD
Prayers were offered this morning at Perry Mount Park Cemetery for Baby Boy Howard, infant son of Mr. and Mrs. William J. Howard of 3573 Aylesbury, Waterford Township.

The baby was dead at birth Tuesday at St. Joseph Mercy Hospital. Surviving besides the parents are a sister, Peggy Sue at home; and grandparents, Mr. and Mrs. John Rankin of Pontiac, and Mr. and Mrs. Nathan Howard in Tennessee.

JOHN J. McCULLEY
Service for John J. McCulley, 62, of 37 Fairgrove Ave., will be at 1:30 p.m. Saturday at Voorhees-Spauld Chapel with burial in White Chapel Memorial Cemetery.

Mr. McCulley, a retired self-employed carpenter, died yesterday at his residence after a long illness.

MRS. JOHN SHAW
Service for Mrs. John (Rebecca) Shaw, who was 101 years of age in March, will be at 11 a.m. Saturday at Sparks-Griffin Chapel with burial in White Chapel Memorial Cemetery.

Mrs. Shaw died Wednesday. Surviving are three daughters, Mrs. Emma Shank of Orionville, Mrs. Mary Knight of Harper Woods and Mrs. Cynthia Rudy of Wyandotte; 16 grandchildren; 49 great-grandchildren; and 14 great-great-grandchildren.

MRS. MARY M. CALKINS
MILFORD — Service for Mrs. Mary M. Calkins, 86, of 115 W. Washington St., will be 4 p.m. Sunday at Richardson-Bird Funeral Home with burial to follow at Oak Grove Cemetery.

Mrs. Calkins, a member of Milford Methodist Church, died Wednesday at her home after a brief illness.

Surviving are a son, Gordon of Milford, and two grandchildren.

HENRY J. FLATING
ALMONT TOWNSHIP — Service for Henry J. Flating, 57, of 6939 General Squires Road, will be 3 p.m. tomorrow at Muir Bros. Funeral Home, Almont, with burial to follow at Almont Cemetery.

Mr. Flating, a retired farmer, died Wednesday at Community Hospital, Almont, after a brief illness.

He is survived by a niece.

EUGENE HOWES
BRANDON TOWNSHIP — Service for Eugene Howes, 50, of 5465 Oakwood Rd., will be 2 p.m. Sunday at Bonardet Funeral Home, Oakwood, with burial to follow at Mount Pleasant Cemetery, Oakwood.

Mr. Howes, a member of the

First Baptist Church of Pontiac, died of a heart attack yesterday at Lapeer County General Hospital.

He was a member of Oakwood Lodge No. 100, P.F.A.M. and Oakwood Lodge No. 428, O.E.S.

Surviving are two brothers, Ross and William, both of Oakwood; and six sisters, Mrs. Edna Willett and Miss Grace Howes, both of Oakwood; Mrs. Harriet String of Gillingville; Mrs. Louette Schlicht of Oxford; Mrs. Madeline VanTime of Orionville and Mrs. Helen Pacer of Holly.

ALLEN M. JONES
HOLLY — Service for Holly area School Board treasurer, Allen M. Jones, 42, of 115 Clarence St., will be 2 p.m. Sunday at the Dryer Funeral Home with burial in Lakeside Cemetery.

Mr. Jones died yesterday of a heart attack while delivering mail on a rural route. He also was secretary-treasurer of the Oakland County Rural Letters Carriers Association, and a past commander of Emil Schwartz Post No. 149, American Legion.

Surviving is his wife Mary; two sons, Richard and Douglas; and a daughter, Connie, all at home; his mother, Mrs. Burton E. Jones of Holly; and two brothers, Harry of Holly and Norman of Fenton.

The family suggests that any memorial contributions be made to the heart fund.

WILLARD A. MARSH
MILFORD TOWNSHIP — Service for Willard A. Marsh, 43, of 335 N. E. Granda St., will be 2 p.m. Sunday at the Richardson-Bird Funeral Home, Milford. Burial will be in Oakgrove Cemetery.

Mr. Marsh died unexpectedly at his home yesterday.

Surviving are his mother, Mrs. Lawrence Marsh; two sisters, Mrs. Leona Ryder of Northville and Mrs. Dorothy Norgrove of Milford, and a brother.

GENE NEAL
UTICA — Service for Gene Neal, 8-year-old son of Mr. and Mrs. Keith Neal, 4687 Joseph St., will be 9 a.m. tomorrow at St. Lawrence Catholic Church. His body is at Moore Chapel of the Sparks-Griffin Funeral Home, Auburn Heights.

The boy died Wednesday after a long illness.

Surviving besides his parents are four brothers: Walter, Keith Jr., John and Stuart; and a sister, Patricia, all at home.

SYLVESTER J. RUSHE
WEST BLOOMFIELD TOWNSHIP — Service for Sylvester J. Rushe, 51, of 3278 Waterberry Road, will be 11:30 a.m. tomorrow at St. Mark's Lutheran Church, Commerce Township. Burial will be in Homestead, Penn.

Mr. Rushe died yesterday at his home. His wife will be at the Richardson-Bird Funeral Home.

Surviving besides her husband are two sons, Allen R. of Orionville and Everett of Chicago, Ill.; two daughters, Mrs. Kathleen Elias of Orionville and Joyce at home; a brother; a sister; and four grandchildren.

MRS. ALLEN SMITH
GROVELAND TOWNSHIP — Service for Mrs. Allen (Minnie L.) Smith, 58, of 2801 Perryville Rd., will be 2 p.m. Sunday at C. F. Shegman Funeral Home, Orionville, with burial to follow at Orionville Cemetery.

Mrs. Smith died yesterday at Pontiac Osteopathic Hospital after a long illness. She was a member of the Church of God of Atlas.

Surviving are her parents, Mr.

and Mrs. John Devereaux of Auburn Heights; three brothers; and a sister.

DAVID K. VOUGHT
LEONARD — Service for David K. Vought, 13, of 4386 Plaza Rd., will be 1 p.m. tomorrow at Muir Bros. Funeral Home, Almont, with burial to follow at Lakeville Cemetery, Addison Township.

The boy, a seventh grader at Oxford Junior High School, died Wednesday in a drowning accident near Lapeer.

Surviving are his parents, Mr. and Mrs. Kenneth Vought; three

brothers, Clinton, Ronald and Michael, and a sister, Joyce, all at home; and a grandmother, Mrs. Harvey Burgess of Almont.

One-third of Ohio's farm families earn half their incomes off the farms.

Unionist, Solon to Meet Tuesday

Clash Between Silver, Sen. Smeekens Delayed Until Next Week

LANSING (U) — A face-to-face meeting between Paul Silver, Detroit union official refused confirmation to a state post, and Sen. John P. Smeekens, R-Coldwater, his principal opponent, has been postponed until Tuesday.

Smeekens blocked the appointment of Silver, president of Detroit UAW Local 331, to the Michigan Hospital Advisory Council.

He objected Silver had a police record dating back to 1938 and said Silver was well-known as an organizer of picket line violence. Sen. John W. Fitzgerald, R-Grand Ledge, chairman of the Senate business committee, had said the committee would re-interview Silver this morning, at his request.

Smeekens promised to be there with new ammunition to oppose the union official.

Fitzgerald now has announced

he is postponing the committee meeting until 9:30 Tuesday morning.

The Senate will be occupied today with appropriations bills, Fitzgerald said. He explained he didn't think the tight schedule would allow enough time for a fair hearing.

25 Pacifists Leave Court on Stretchers

SAN FRANCISCO (UPI) — A group of pacifist demonstrators, laughing and exchanging jokes with security guards, was carried out of the federal court building by stretcher-bearing officers.

The pacifists were protesting the arrest of the three-man crew of the trimaran "Everman," which was threatened in its efforts to sail to the U. S. nuclear testing area in the Pacific.

About 25 of the demonstrators refused to heed a guard's request that they leave a corridor in the U. S. marshal's office.

Ten others, including a woman who brought her 5-week-old baby, walked outside when the request was made.

Juan T. Trippe Makes Gigantic Contribution

On this day, JUAN T. TRIPPE completes his 35th year as President of Pan American World Airways.

TRIPPE

Under his leadership, "Pan Am" has been in the forefront of almost every substantial advancement in big commercial aviation history. He founded Pan American precisely 35 years ago with a brave schedule of 90-mile flights from Key West to Havana. This tiny venture was the forerunner of the greatest global carrier of them all. Trippe's gigantic airline has always been closely allied with the Government in both peace and war and stands ready at a moment's notice to undertake hazardous and unprecedented governmental services. And — Mr. Trippe can provide these on lavish scales as Pan American is an intercontinental giant in its own right.

JUAN T. TRIPPE personally has been an active, assertive and tremendously capable leader. Long ago he became sold on the idea we were all living in one small world and there should be free intercourse among the nations that he sought to bring closer together.

One of the great leaders and a pioneer in long-haul passenger and commercial aviation celebrates a real birthday. He deserves the plaudits as he looks forward, impatient with the past and eager to square away and once more conquer the future and the challenging problems of tomorrow.

Others can handle the yesterdays as they pass in endless review. JUAN TRIPPE is like the late CHARLES KETTER: the intrigue of life lies in the unknown joys over the horizon. And to this great problem he brings great vitality and unquestioned ability.

Adolf Eichmann Finally Reaches End of Rope

Well he's dead. ADOLF EICHMANN finally reached "the end of his rope" and he was entirely too long getting there.

In adjudging the greatest mass murderer in all recorded history, "society" faithfully dined through a long, painful trial. Many think the bloody butcher should have been hauled into court, allowed to speak his piece and then escorted directly to the hangman. THAT'S MORE JUSTICE THAN ANY OF HIS SIX MILLION JEWISH VICTIMS GOT.

In any event, one of the most sordid cases in all history concludes; and the German nation can squirm forever under the infamies of HITLER, EICHMANN and the rest of the power-drunk tramps it followed.

And that's that. Good riddance to bad rubbish.

Guest Editorial

New Handout Program in the Trade Bill

(The Spokesman-Review) With the Nation overburdened with a \$300-billion public debt and again faced with a substantial deficit this year, there is a prospect that the Kennedy Administration may get the authority it wants to launch another new handout program.

There is now being exerted great political and economic pressure behind the trade agreements

bill in the House of Representatives. The House Ways and Means Committee approved the Kennedy request to pay cash subsidies to workers who lose their jobs because of the expected increase in the import of foreign goods.

This is a sort of "sweetener" devised by the Administration trade experts who want Congress to give up most of its tariff-making powers to the presidency. The trade experts know that if the President gets this authority they would be responsible for economic declines in certain localities and in certain industries. To alleviate that decline, the Federal taxpayers would be called upon to sustain untold numbers of unemployed or displaced Americans.

This new form of unemployment compensation is subject to question because of its uncertain drain upon the Federal Treasury and because of the ways in which the money would be allocated by a new Federal bureaucracy. Congress will not know the size of the bill it would have to underwrite eventually if trade and tariff control is handed over to the administration in power.

Payment to workers idled by Federal edict would not only be costly and continuous but it would also be subject to political abuse. Congressmen and senators should be urged to defeat this scheme when the trade agreements bill comes up for action.

The Man About Town:

Help Is Needed

From Our Readers in Resuming Column

By HOWARD V. HELDENBRAND

As far as I know, this is the first

HELP WANTED

ad ever to run on the editorial page of The Press. But your new Man About Town wants help—your help—in trying to fill the talented and expansive shoes of the beloved J. Edgar who so admirably conducted this column for so many years.

Since people and their interests are the essence of news and the backbone of newspaperdom, please continue to tell the MAT about your likes, dislikes, hobbies, troubles, milestones, etc.

He'll even solve your problems for you—though singularly unsuccessful in solving his own. But whoever let a little defeat like this interfere with his built-in ability to straighten out the affairs of others!

Although the name plates of existing American motorcar companies could be counted on the digits of both hands, give or take a finger or two, Pontiac Motor Division's Director of Public Relations

Robert W. Emlerick

swears you with the assertion that 3,000-plus have come and gone to automotive oblivion since the horse was first benched for the auto. How many old-timers can you come up with? Here, by way of a bonus memory-jogger, are two local entries that related clouds of dust, circa 1920: MONROE and OLYMPIAN.

Orthodontist: (Note to Ed.—This can't be a plug, 'cause I don't even know what it means.)

Leo Wasserberger epitomizing the scientific marvels at which he gaped at Seattle's World's Fair, described an electronic console encompassing a Home Library which, by push-button control, selects educational or entertainment subjects for audio or visual presentation. It will also schedule and control the functioning of all household appliances, initiate and complete daily chores, program the day's activities... It'll do everything, sez my informant, but make a date for you with the blonde next door!

In case you've forgotten, the comparable breather at Chicago's 1933 Fair was a crude, experimental television exhibit... Science has come a long way since then—but I've my doubts about TV.

Retiring after 42 years' service as Chief Inspector of GMC Truck & Coach Division

C. C. (Pete) Hursey was recently honored by more than 400 friends at a dinner followed by a fun-filled evening at the Elks Temple.

Carl D. Rogers, Factory Manager and President Pontiac Area Chamber of Commerce, adeptly and humorously ran the show climaxed by General Motors' new slogan.

Thomas E. Wilson's fine tribute to the honoree's long and devoted service.

It May Take More Than a Squirt

David Lawrence Says:

JFK Must Stop Profit Squeeze

WASHINGTON — The stock market probably can be described as the "profit-squeeze panic."

For the key to an understanding of the decline, as well as a clue to possible recovery, can be found in the operations of the age-old law of profit or loss in a free enterprise system.

The investor in LAWRENCE stocks has not been attracted by dividend rates as such in the last year or so, for he really could get a better income on his money simply by buying bonds.

What the investor has been betting on is a steady increase in the profits of the companies themselves. This would mean a capital gain for him, because securities go up as profits rise. They are usually valued on the ratio of a certain number of times their earnings. Thus, in early 1958, in comparing value, the ratio was about 15 times earnings. The hope that dividends would grow as profits grew caused the ratio to rise recently to an average of 23 times earnings. This was at the end of 1961. The prices paid for stocks, therefore, reflected a high appraisal of future earnings.

It was the expectation of a recovery from the recession of 1959 and the good reports coming from several lines of business that caused the stock market to attain its peak of prices on December 13, 1961, when the Dow Jones averages on all stocks reached 735.

Thereafter, as it became apparent that the labor unions were going to insist on higher and higher wage demands, the financial community began to hear reports of a "profit squeeze."

MARKET SLIPPED The increased volume of business transactions didn't mean an increase in the rate of profit. Sales for the corporations. The market consequently drifted downward from 735 to about 700 on April 6, 1962.

This wasn't a severe drop, relatively speaking, as the figure of 666 had been recorded in January 1960. So a change of 35 points was not enough in itself to cause a loss of confidence in the future.

Then came President Kennedy's dramatic intervention in the process of price making in the national economy. Everytime the President and in speeches of reassurance to businessmen was compared with the pronouncements of labor leaders who began urging the 35-hour week at the same pay as that received for 40 hours of work.

Despite a few gentle words of disagreement from the White House — which the labor leaders

The Country Parson

"I know folks who wouldn't think of stealing — who also wouldn't think of returning a borrowed book."

ignored — the whole system of price-making in large industries had become demoralized. A "profit squeeze" was clearly indicated as the inevitable trend perhaps for the next few years.

When wage costs go up while price increases are tabooed, there can be only one consequence — a narrowing of the profit margin. When that happens, the dividend rate cannot be increased. In fact, even continuance of the same dividend rate as before sometimes becomes imperiled. Many investors thereupon took a realistic view of what was happening and determined to sell their stocks. From April 11, when the President declared war on the steel companies, through Monday, May 28, inclusive, the stock market averages fell from 685 to 577.

At the end of the trading on

Thursday, May 31, the market had recovered somewhat, but the loss since last December still remained between 900 and 835 billion.

Stock market fluctuations may continue with wide swings in either direction, just as happened in 1930 and 1931 after the sensational crash of October 1929. But the important factor, which in the long-range situation will be definitive, is the measurement of profits.

If business is to be held down to prices, if labor unions are to go on forcing an increase in wage costs, and if the Administration continues to exclaim that it is helpless to do anything about labor's behavior, then the jig is up. The profit squeeze will continue, and investors will see little hope for stocks to rise in value or to pay good dividends.

Dr. Harold Hyman Says: Drugs That Act on Nerves May Affect Certain Skills

At the University of Michigan an investigation is being carried out to determine the effect of drugs that act on the central nervous system on behavioral skills — such as operating an auto or power tool. Such drugs are sedatives, sleeping medicines, tranquilizers, pep-up energizers and the like.

By the use of ingenious test machines, experiments have been conducted by the American Automobile Association's auto trainer, a panel that records hand steadiness, and as an arbiter that measures near and distant vision.

In these experiments, subjects were tested before and after taking average doses of the most popularly used drugs in each category.

In general when average doses were given to normal subjects who had not taken any alcoholic beverage, there was no clear-cut evidence of significant changes in test performances (behavioral toxicology).

Unfortunately the story does not end there. For there is a suggestion that continued administration of these drugs (chronic toxicity), particularly when combined with an alcoholic beverage, may significantly affect behavioral skills, especially of the operation of vehicles used in public transportation.

Just what can be done to control this potentially alarming situation is not clear. In the case of alcoholism, of course, it is possible for authorities to measure the alcoholic content of breath and blood. In the case of the drugs listed on such measuring sticks are available.

'DON'T PENALIZE'

To penalize skilled workers merely because they are taking prescribed drugs would be both impractical and unfair.

On the individual level, however, you can do the following for your own protection and the protection of fellow-employees and the general public. Do not take any of the listed drugs, especially those pills without the knowledge and consent of your doctor. Particularly if you are on the road, do not purchase and swallow any over-the-counter drug sold at any way station. If you are given any of the listed drugs, or if any is contained in a prescription or combination such as one used to reduce blood pres-

Voice of the People:

'Our Foreign Aid Program Reducing Gold Reserve'

Since July, 1949, over \$8 billion, 1/3 of our gold reserve, has passed into foreign hands. Money blamed our unfavorable balance of payments and the resultant flight of gold on the policy of the Federal Reserve System. Federal Reserve Bankers are buying U.S. government securities. Then the Federal Reserve issues dollars — paper, printing press, easy money dollars. These issues reduce the ratio of gold to currency in circulation and undermines confidence in the dollars.

Another threat to the dollar arises from the impending overhang of nearly \$23 billion foreign-held demand claims on our gold, amassed principally from our huge foreign aid program. Were these foreign-held demand claims called on our \$46.4 billion gold reserve, we could not meet the demand. And the free world economy, which rests on the dollar, would be wrecked.

Foreign governments' hunger for gold will cease only when our dollar is once more as good as gold. We must terminate Federal Reserve issuance of easy money, balance our budget and make drastic reductions in foreign aid. The foreign aid program for 1963 could be met by a \$1 billion expenditure instead of the \$4.9 billion.

Make your opposition to foreign handouts known to your senators and to your congressman.

Another Liked Story on Oxford School

I, too, appreciated the coverage on the North Oxford School District and Mrs. Woodward. Words came out of Mrs. Woodward's patience and individual guidance which she gladly gave when needed. I wish our children could have this same type of attention. It seems such a waste to be closing down the schools where children are really learning.

'Medicare Drive Is a Scheme'

The Constitution gives no authority to government to go into the insurance business. It does not give authority to tax. To avoid the Social Security tax, the government admits the Social Security Fund, amounting to \$23 billion, is running a deficit, with an estimated liability of \$77 to \$25 billion. A husband with full coverage and his wife paid only \$1,674 and end up drawing close to \$25,000.

The drive for "medicare" tied to Social Security is a scheme to add more government employees, tax everyone more and bail out the deficit of the Social Security Fund. The American Medical Association, through Dr. Amis, has called medical care a "hoax." Only a fool can be sold a ride on his own horse.

'Our Supervisors Will Do What's Best'

When all this shouting at the supervisors dies down, they'll probably be a supervisor like job of taking care of the mental problems. Few counties anywhere have profited by as many years of solid and hard-headed management as Oakland. Our big word is trustworthiness, capable and businesslike. They've earned a good place to note. None of them ever got rich from his pay.

'Bobby Bus Selling While JFK Gives'

We can't understand Bobby Kennedy's "free America" program. His big brother's plan is to give it away.

'More Space Needed on Hospital Flasco'

The Pontiac Press didn't give enough space to that hospital operation flasco. Both Detroit papers gave more and they ran photographs. We have a right to expect the local paper to lead on shocking local news.

Case Records of a Psychologist:

Uncle Sam Should Be 'Referee'

By DR. GEORGE W. CRANE CASE M-428: Uncle Sam is our case today. Founding Fathers expected him to serve as an umpire or referee, while manufacturer competed with manufacturer, banker with banker, grocer with grocer, etc. Uncle Sam could modify the rules of the actual game and only be a neutral referee!

Under this same arrangement, we enjoyed greater freedom and a higher standard of living than any other nation in all history. In fact, our modern historian, Samuel H. Pettengill, says our workers at the lowest wage scale have more take-home pay than any other workers of any other nation even at the latter's highest wage scale.

But Uncle Sam was supposed to stay out of the actual game and only be a neutral referee! Under this same arrangement, we enjoyed greater freedom and a higher standard of living than any other nation in all history.

Uncle Sam likewise altered the rules of our "free enterprise" so that monopolies could prosper the small manufacturer or merchant to ruin. But Uncle Sam was supposed to stay out of the actual game and only be a neutral referee! Under this same arrangement, we enjoyed greater freedom and a higher standard of living than any other nation in all history. In fact, our modern historian, Samuel H. Pettengill, says our workers at the lowest wage scale have more take-home pay than any other workers of any other nation even at the latter's highest wage scale.

The Associated Press is entitled to use the cartoon as long as it is not used in a way that is defamatory or libelous. The cartoon is a caricature of Uncle Sam and is not intended to be a portrait of the President of the United States.

PONTIAC MALL

The United States produces more than three-fourths of the cow hides required each year by the domestic leather industry and also the related leather trade industries.

Fire 47 Shells at Quemoy
TAIPEI, Formosa (AP) — The Chinese Communists fired 47 shells at the Quemoy Islands Thursday in the first attack in four days. The defense ministry in Taipei said the light barrage began at 7:15 p.m. and continued an hour and 40 minutes.

AFTER CAPTURE — Two convicted forgers who fled the Cusino Prison Camp in the Upper Peninsula May 22 were captured in Delta County at Perkins yesterday after they had held the Jack Desotell family hostage for four hours on Wednesday. Edward Westlake, 27, of Saginaw (left), and Donald Askey, 31, Grand Rapids, are pictured after surrendering at the Gladstone State Police Post.

School Loans Approved Against Future Funds
LANSING (U.P.) — The State Department of Public Instruction has approved nine new school borrowings against anticipated state aid, as follows:
Penton, Genesee County, \$30,000; Gold in Colorado was found near Central City in 1889.
Kalamazoo County, \$500,000; Adrian, Lenawee County, \$150,000; Newaygo County, \$30,000; Byron Agricultural, Shiawassee County, \$12,000; Perry, Shiawassee County, \$41,375; Paw Paw Van Buren County, \$30,000; Clam Lake, Wexford County, \$1,000.

Greek Church Creates New 5-State Diocese
DETROIT (U.P.) — In a brief ceremony Thursday night, the Greek Orthodox Church created a new diocese made up of 35 congregations in Michigan, Ohio, New York, Indiana and Kentucky.
Athen-born Rt. Rev. Germanos Paltidakis was installed as bishop. He will oversee the new diocese from Detroit. He was ordained a priest in 1950 and holds the title of archimandrite.
The bishop has served parishes in Panama City, Springfield, Ohio, and Wilmington, Del.

To Aid N.Y.'s \$12.6-Million Project

U.S. Joins Delinquency War

WASHINGTON (UPI) — President Kennedy announced yesterday the federal government will help pay for a \$12.6 million anti-delinquency program designed to help tough teenagers of New York's lower east side.

"Cool and jazz" coffee shops featuring folk music and art plus an adventure corps to teach jobs and vocation to youngsters under 16 are included in the project.

Federally aided research also plans to study the strength of New York's political machines for the past 30 years as part of a broad investigation of the city aimed at the battle of the "Dead-End Kids."

The program, called Mobilization for Youth, Inc., will concentrate on providing jobs for unemployed youths, improving schooling of slum children and bettering welfare services to "trouble" families.

Atty. Gen. Robert F. Kennedy, one of three cabinet co-chairmen of the President's Committee on Juvenile Delinquency, called it "the most advanced program yet devised to combat delinquency sources on a broad scale."

The committee granted \$1.9 million over three years to the "mobilization" campaign. A one-year grant of \$1.5 million was made by the National Institute of Mental Health. The city of New York and private groups will make up the rest of the \$12.6 million total cost.

The lower east side of Manhattan, which has one of the highest youth crime rates in the New York area, has a racially mixed population of about 107,000. American-born a year ago.

icans of Jewish, Puerto Rican, Italian and Negro ancestry make up the bulk of the residents in the crowded neighborhood. Less than 1 out of 7 have completed high school and the average family income is about \$20 a week.

★ ★ ★

The President's committee considers the New York program a pilot model that could be used in other big cities where delinquency rates are rising sharply. It is the first major demonstration project approved since the committee was formed a year ago.

Beaver Tool Plans to Move to Clare

CLARE (UPI)—Beaver Tool and Engineering Corp. President A. E. Streadwich announced yesterday the corporation would move to Clare from Gaylord.

The announcement was made despite an offer from Gaylord's Industrial Development Corp. to build the engineering firm a new 20,000 square foot building.

The Clare County Development Corp. staged a subscription campaign to induce Beaver Tool to move to Clare. The campaign netted \$60,000 to be used to purchase one plot of Holly Carburator which will be leased to Beaver Tool.

The tool and engineering firm was located in Detroit until five years ago, when it moved to Gaylord. Streadwich said the primary consideration in moving to Clare is "the great advantage in transportation facilities."

Beaver Tool normally uses a production force of about 45 men. The company has a 30-year history in tool design.

Holley Carburator has plans for a new 30,000-square-foot plant in Clare.

Okay Menon Policies
NEW DELHI (UPI) — Parliament registered its approval yesterday of the policies of Defense Minister V. K. Krishna Menon, including his reported plan to buy 21 jet fighters from Russia.

The famous bottomless pit in the Big Room of the Carlsbad cavern national park in south New Mexico is said to be 700 feet deep.

MONTGOMERY WARD

All the TV and Hi-Fi Store You'll Ever Want

***If you can't see or hear the
difference, why pay the difference?***

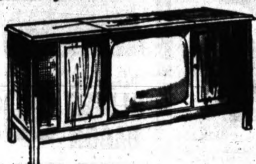

**Here's why Wards Own Airline
Radios and Televisions Are Your
Best Buy—Dollar for Dollar**

For over 35 years, Montgomery Ward has dedicated itself to packing all the value we can into our exclusive AIRLINE brand. More worth in the cabinetry . . . heavy-duty components . . . fine circuit design and assembly . . . rigorous, patient testing before any AIRLINE leaves the factory.

And because AIRLINE sets come directly from factory to you, Wards can pass important savings—combined with highest quality—directly to you.

Know this above all: AIRLINE quality and plus value isn't limited to "the top of the line." From shirt-pocket transistor and portable phone to our magnificent Stereo Amphi-Theater, there's never a compromise wearing an AIRLINE label. Only a better value.

Consider the Airline Stereo Amphi-Theater pictured here—it's a complete home-entertainment center. This Airline innovation is a skillfully combined package of TV, AM/FM Radio and Stereo Hi-Fi in one superb piece of cabinetry. It combines three favorite entertainments for all the family to enjoy: every note on Dad's jazz records will come through with perfect clarity; the superior FM will make Mom think she's right in the symphony hall and Junior's cartoon programs will be brighter, clearer, easier on the eyes.

Airline Stereo Amphi-Theater has a 23" bonded-glass TV tube. With the cabinet-maker's touch: sliding doors to cover the tube, keep it free of dust and fingerprints. Hand-wired chassis; six—not 4—hi-fi speakers; 4 speed record changer with diamond stylus for LP's; AM and FM radio—and a multiplex outlet for FM Stereo. Solid wood frame like fine furniture always has; selected and matched hardwood veneers in lustrous Fruitwood or glowing Mahogany as in the French Provincial cabinet at right, or rich walnut in the Danish Modern cabinet shown above. Like all Airlines, every tube in the set—including the picture tube—is guaranteed for one year. Free repair on any defective parts for 90 days in your own home—without buying a separate Service Contract.

We don't ask you to take Wards word for the value. Try it yourself in your own living room for 7 days FREE. We'll deliver and install—let the set itself prove that an Airline Out-Values Them All!

Get Busy and Find a New Love

Enjoy Your Heartbreak; Contentment Is Deadly

By FAYLES BATTLE
NEW YORK — A broken romance leads to what is called, loosely in this day even as in grandma's, a "broken heart."

Most everybody has had one. If you haven't had at least a slight poetic crack in the heart, you have been cheated by nature.

Because a broken heart is what makes life so wonderful five years later, when you see the

guy in an elevator and he is fat and smoking a cigar and saying long-time-no-see.

If he hadn't broken your heart, you couldn't have that glorious feeling of relief!

Most sensible young women (and men) take their heart-breaks in stride.

They cry, and have one too many, and stop playing Frank Sinatra records for awhile—and

then one day a member of the opposite sex sends their daisies in December or some other thoughtful idiosyncrasy, and chemistry suddenly heals the heart.

A NEW LOVE HELPS

New love is the only instant remedy for lost love. I've always thought, "How to Relax in a Busy World," in which they have some inspirational suggestions for heart-mending which had never occurred to me.

So my advice to the lovers is, enjoy your misery while you have it. Contentment is just around the corner, and you know how deadly dull that can be!

A couple of more complex thinkers named Eve and Floyd Corbin have just written a book, however, called "How to Relax in a Busy World," in which they have some inspirational suggestions for heart-mending which had never occurred to me.

The Corbins (they are listed on the cover-page as public speakers who enjoy life to the fullest by sharing their thoughts and ideas with others) have the thought and idea that the best way to recover from a broken romance is to write out the "whole story"—the long, dreary

tale from first meeting to final blow-up.

When you have completed it, ask yourself, "Now, where did I fail? What should I have done differently?"

(I submit that, if you are going to record any romance really worth a broken heart at its dissolution, this will be quite a job. You likely will be married and have four children before you come to the analysis.) But the Corbins see it differently.

When you have recounted the unfortunate business in detail, they suggest you set a "mental sail" in the direction of preventing a similar recurrence.

You say to yourself, "Now that I have insight into this situation and recognize my own failings, I speak my word to know that I shall move out into all situations in the future fully confident I shall be in the right place at the right time, saying and doing the right things at all times."

(That is quite an order. For a person wracked with heart-sickness, it is a distinct improbability.)

THE RIGHT THOUGHT

Having vowed to do right, the Corbins recommend, you should use what the authors cheerfully term their "science of happiness thought-directives."

This means, dear depressed ones, that you make out cards, to carry with you at all times, reminding you of such little thought-directives as:

"I know that the intelligence within me is a part of the intelligence within (use the person's name) and that he is now becoming aware of my true feelings about this situation. As he ponders upon it, he, too, will gain insight and the rupture in our human relations will be healed."

If that doesn't work, make out thought-directive cards to God. For example, "God, I am ready for a bigger and better experience. . . . Everywhere I go, I will find understanding and joy." "I don't like to say anything is poppycock. It's inescapable, even for a cynic with a broken heart. But I feel it is appropriate

Woman Claims Snakebite, Sues Bus Company

ATLANTA (UPI) — An Atlanta woman has sued the city bus company for \$5,000 in damages, alleging that a poisonous snake bit her while she rode a trolley.

The suit, filed in Fulton Superior Court yesterday by Mrs. Nellie Wilder, stated that she had been on the trolley about 15 minutes on May 30, 1961, when she suddenly "felt something cold wrap around her ankle and foot."

The suit against the Atlanta Transit Co. listed among Mrs. Wilder's alleged mental and physical ills a belief that "once a person receives a snakebite, that immediately causes snakes to commence growing within the body of the victim."

Those Makeshift Mets Can't Lose

By BOB CONSIDINE
NEW YORK — Perhaps never in the history of the old game of baseball has there been a parallel of the phenomenal support given by New York fans to a somewhat preposterous organization named the Mets.

"Sounds like the World Series," Toots Shor said as we left the Polo Grounds the other day in the midst of a Mets rally: a base on balls, a catcher's balk and a clobbered umpire.

The old place was shaking with cheers. The Mets had lost the first one to the Dodgers 15-4 and were losing the second 3-4 at the time. But the biggest crowd of the baseball season, more than 56,000, was in the stands.

The Mets had lost eight straight going into that particular double-header and the other side had won eight in a row. It didn't matter.

Of course, the Dodgers, followed by the S.F. Giants, are prime attractions as they return to the big town they so crassly deserted in quest of cold. Still, it was a Mets crowd that showed up, and that a synonym for loyalty beyond description.

One gains the impression that the Mets—destined for last place—would draw a

crowd playing an intersquad game. Or checkers.

They seem to have, ungarbled or inherited the hard core of old Giants fans that refused to recognize even the existence of either the Yankees or the Dodgers in years gone by. Moreover, the Mets have come up with a youth movement just as idolatrous as some of the old professional Giants fans of the mold of the late Jack White.

BELOVED HAS-RENS
One would somehow expect the younger fans who have flocked around the Mets to be Yankee fans. After all, the Yankees are the greatest and have been almost each year since 1921.

But so, these kids howl for this makeshift conglomeration of beloved has-beens and doubtful may-be's as kids of another generation once lived and died by the ups and downs of McGraw's Giants.

In Joe Stevens' counting room between games of the Mets-Dodgers holiday double-header, the famed concessionaire said in his best Yale drawl that he had never seen anything like the crowd that was following in the stands.

"So well mannered, too," he marveled. Apparently, nobody

had tackled a single huckster of that delicacy which Joe's father made a national institution more than half a century ago—the hot dog.

Joe may have been thinking of another crowd. The night before at Yonkers Raceway the eccentric who follow harness racing tried to burn down the joint because a trotter which had opened at 18-to-1 dropped to 5-to-2 and won its first race since the invention of slow grease for fixing sulky axles.

But, getting back to the Mets, their cohorts forgive almost any offense against the fair name of the game. They vociferously take the side of any Met player who protests an umpire's decision.

DOCTORED BALL

They regard any rival manager, who attends to the task of walking out to the mound to talk to or remove a pitcher as a combination of Adolf Eichmann and Dracula.

When a Met player lamely pops up with the bases filled, or walking out to the mound to talk to or remove a pitcher as a combination of Adolf Eichmann and Dracula.

Yet, there are rewards. The Mets fan, expecting nothing, is grateful for a pittance, over-

whelmed by the routine, made delicious by the unexpected. In rankst defeat the Mets respond gratefully by producing something or other to stir gladiators.

Though they are renowned failures, they are the only team in the majors which has not been shut out this season. They make triple plays, steal second with two outs in the ninth and trailing by a run.

And then there's old Casey Stengel, the resident Clausewitz. It was a master stroke to bring him out of his bank and make him manager.

Met fans have seen him more often this year than Yankee fans did during his entire career with the Yankees. As Bugs Baer pointed out the other day, Casey is seen more now on the field than when he was a player.

It's an exposure which Casey doesn't particularly relish, for it involves sending pitchers to their baths and waving in the next poor soul. But with the Mets fans, that's just one more reason to cheer.

Greatest seasonal snowfall on Tamarack, Calif., and was 84 record occurred in 1906-07 at inches.

Nigerian Denies Aid by U. S. Imperialistic

LAGOS, Nigeria, (AP) — The Nigerian federal minister of economic development said yesterday Nigeria does not believe American aid is given with the intention of dominating Nigeria politically and economically.

"We believe the aim of the United States is a genuine desire to help us develop our country economically and socially," said the minister, Waziri Ibrahim. He spoke before signing a series of agreements for expenditure of \$6.5 million in U.S. grants to expand and speed Nigeria's agricultural development.

The grants are part of \$25 million promised towards Nigeria's six year development plan.

The heaviest known wood is black ironwood, native to the West Indies and the Florida Keys. The lightest is believed to be balsa, found in South America and the Malay Peninsula.

Notices Going Out

Repair Your Walks!

The city has begun its 1962 sidewalk repair program, mailing 30 notices to property owners ordering replacements of 5,998 square feet of sidewalks in Pontiac.

"To date, about 20 per cent of the persons receiving notices have complied," said Joseph E. Nepling, assistant city engineer.

"Some of this replacement involves crosswalks, alley crossings and other areas where the city has total responsibility," he added.

More than 3,100 linear feet of sidewalk has been inspected thus far on Stout, Spence, Crawford and Walnut streets and Kennett Road.

Affected property owners are notified and may repair their sidewalks themselves if they wish. After a period of about 30 days, if no word has been received by city officials, the job is done by city workers and charged to property owners.

House Members Urged to Send Papers to JFK

WASHINGTON (UPI) — Chairman Bob Wilson of the Republican Congressional Committee yesterday urged GOP House members to send President Kennedy their hometown newspapers so he can see "what the country really thinks about his program."

It was the latest development in the controversy over Kennedy's cancellation of his New York Herald Tribune subscription.

White House Press Secretary Pierre Salinger said "we would be delighted to receive as many newspapers as the people want to send us."

Salinger also was told that several persons planned to send Kennedy subscriptions to the Herald Tribune.

Reapportionment Suit Upheld in Kansas

TOPEKA, (AP)—Dist. Judge Marion Beatty yesterday upheld legality of a suit to force reapportionment of the Kansas legislature.

He overruled a contention by the state that the court does not have jurisdiction and that the suit had not been brought by the proper persons.

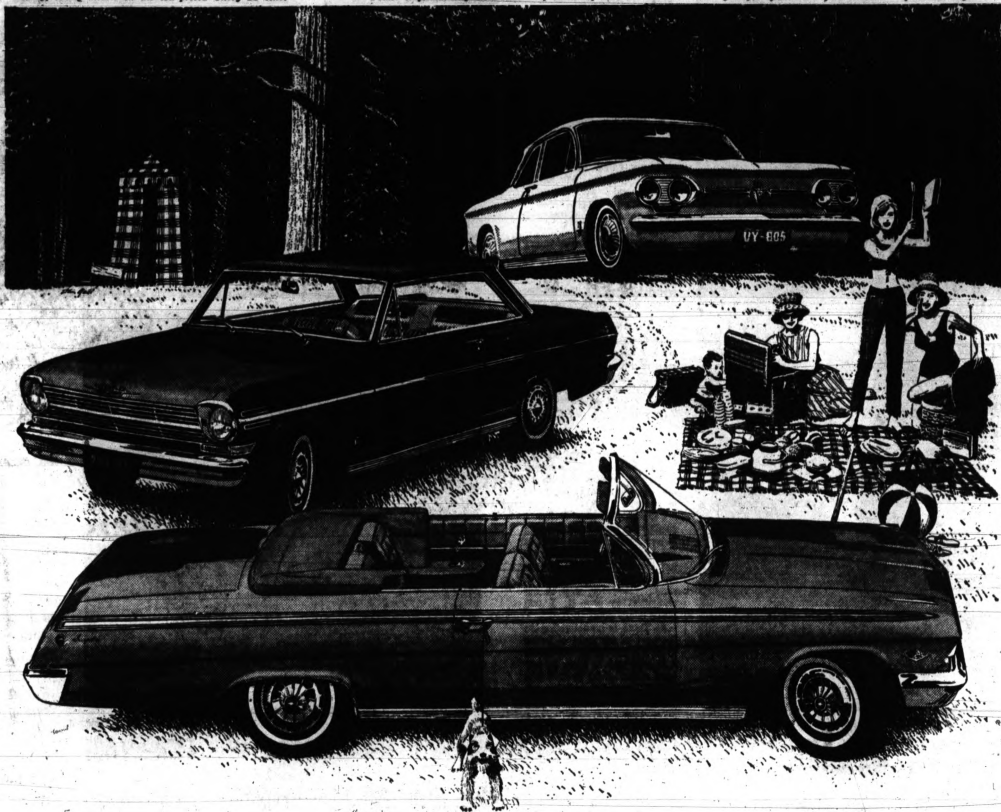

The suit was brought by four Kansas newspapermen against Secretary of State Paul Shanahan and officials in four counties. Beatty said the decision can provide the "thrust" to reapportionment.

There are 152 landscaped parks, covering 6,000 acres, in Minneapolis.

Personals From the Campus

Outstanding students in the University of Michigan department of Journalism were recognized at a recent honors and awards assembly.

They received honors for high scholastic achievement, scholarships and membership in Kappa Tau Alpha, national honorary professional Journalism fraternity.

Gordon F. Dropps of West Brooklyn Avenue received a certificate for his internship at the Dancer-Fitzgerald-Sample, Inc., New York City.

James Catter, Birmingham, received a James O'Donnell Bennett Internship-Tuition Grant for the second year of his two-year post M. A. internship at The Milwaukee Journal.

Carol M. Houghton of Inkster Road received the Chester M. Campbell Scholarship award for the pursuit of studies leading to careers in the field of Journalism.

Henry Smith, Alma College sophomore and son of the Neal Smiths of Gillespie Street, recently attended the Michigan Psychological Association convention in Chicago.

Mr. Smith plans to do graduate work in psychology and is considering a career in either clinical or industrial psychology. He was a tenor in the A Capella Choir last year and has played varsity football for two years.

Marcia Jane Gornline, daughter of the William H. Gornlines of North Johnson Avenue will receive a bachelor of arts degree from Eastern Michigan University June 9. She is a secondary education teacher and has signed to teach in the Redford Union school system in the fall of 1962.

Friedella Dawe, sophomore at Central Michigan University, Mount Pleasant, daughter of the Ralph Dawes brings to 19 the number of students participating in the Honors Council program. She is a mathematics major.

Patricia Burns, daughter of Mr. and Mrs. R. H. Burns of Ogema Road has pledged Phi Gamma chapter of Delta Delta Delta Sorority at Michigan State University where she is a freshman.

Among newly elected class officers at Princeton University is Richard J. Williams Jr., of Birmingham, president of the class of 1963.

He is a graduate of Cranbrook School and enrolled in the history department. He is also a member of the varsity swimming team, the Undergraduate Council and the Honor Committee.

Women's Auxiliary to Pontiac General Hospital honored Mrs. William J. Dean and installed officers during its annual luncheon at Devon Gables Tuesday.

Mrs. Dean, who lives on Otisville Drive, is a past president and a charter member of the auxiliary. She was presented with a corsage for her 15 years of service.

Guest speaker for the occasion was Mrs. Herbert Norris, president-elect of the Michigan Association of Hospital Auxiliaries, who reported on the recent district meeting in Chicago.

Other participants in the program were Mrs. John Ford and Mrs. Charles O'Harron. Mrs. Franklin Lewis, southeastern district president, was also introduced.

The following took office after the program: Mrs. Socrates Seales, president; Mrs. Forest R. Wood, first vice president; Mrs. J. Adams, second vice president; Mrs. Floyd Compton, third vice president; and Mrs. Ross Elliott, recording secretary.

Others are Vera Bassett, corresponding secretary; Mrs. Donald Ekstris, treasurer; Mrs. Howard Walder, parliamentarian; Mrs. Leo Heenan and Mrs. Mel Stapp, board members.

Safeguard Wools
All winter clothes should be packed away clean for the summer. Wash wool knits—socks, sweaters, gloves, and heavy underwear—in lukewarm soap or detergent suds and rinse, then dry and air them.

Store them flat in clean boxes, plastic bags, or wrapping paper. Seal openings with gummed or adhesive tape before storing in a cool, dark place.

Heidi Griffith of Dakota Drive and Sydney Swindells (right) of Taylor Street both insisted that a special hairdo for a special doing—like Pontiac Central's prom, "Arreiderci" tomorrow night—is a must. We asked them what hair style most girls would be wearing. The answer: Extreme, but feminine, some with eye-catching bows, and most perkily back-combed—by their favorite hairdresser, of course.

Just to make sure that they have everything readily accessible to avoid any last-minute crisis next Saturday, Pontiac Northern teens Sandy Lockwood (left) of West Princeton Avenue and Kathy Murphy of Madison Avenue try on all the clothes they plan to wear—including accessories. In this case, we think the pearls have it.

Prom Time...a Night for Belles and Beaus

By PAT EVANS

Happy-go-lightly—that's what prom night is—a time for music and dancing—a time when a girl especially enjoys being a girl—and the time for all good men to come to the aid of their dates with special corsages.

And from an interview with several local misses, we find Pontiac Central and Pontiac Northern belles will greet their best beaux in bells and bows.

Frothy, but not frilly bell-shaped dresses go to full lengths of blush pink and moon white this spring. And, here's a surprise—buttercup yellow has waited into popularity, only to cut in on the all-time favorite "Alice blue gown."

At any length, "glovely" hands will be sheathed up to and above the mid-arm in opera fashion. Cinderella's sat-in slippers will match their party dresses, as will the few, but carefully-selected accessories.

Hairdos swing into high fashion to frame fresh faces... some styles will be casual, many teased with back-combing, but most of them done by the girls' favorite hair-dresser.

All this, topped with pert, matching ribbons, of course, and a spray of what scents each girl likes best, is enough to catch her up in the prom whirl—tapping her toes, smiling, bello, and leaving her study tales behind her.

Though twins they be, Susan (left) and Sally Costantino like to be individualistic in party dresses, as well as school clothes, of their own choice. Ready for Central's prom becomes doubly important with the two scurrying about their Waldo Street home.

Flowers May Be Answer

By The Emily Post Institute
Q: What can be done about breakage in another's house?
A: At a buffet supper in the house of people I don't know very well, my empty plate slipped out of my hand, fell to the floor,—and broke. The hostess insisted I forget about it but I would like to try and make some amends.

Naturally, I can't remember the design or make of the plate. To replace it would be impossible, and anything else would be a misfit. But I wondered about sending a little gift with my apologies. Could it offend the hostess?

A: Instead of a gift, send some flowers with your apologies. Flowers could never offend a hostess, but a gift might.

Q: I would like to know if it is the obligation of the maid of honor to give a shower for the bride?
A: There is no obligation on the part of the maid of honor to give a shower for the bride. A shower may be given by any good friend of the bride's who wishes to give it and can afford to do so.

Q: Isn't plain white note paper better today for acknowledging flowers sent to a funeral, than paper with a black border? My mother thinks it should be black bordered paper, which my sister and I both feel has gone out of fashion. Will you please give us your opinion?

A: Black bordered paper is still correct, but plain white is not improper and is used today by a majority of younger, and many older people.

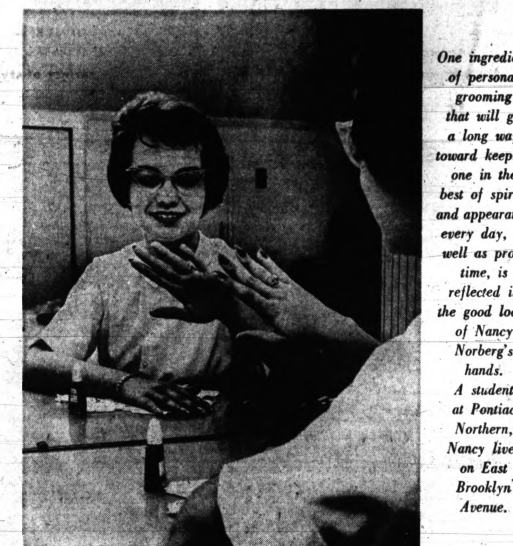

'Maple Leaf' Holds Event
Mrs. Vivian Tubbs of Tubbs Road was May hostess to Maple Leaf Club's luncheon. Luncheon was served in the hostess' flower garden where blooms were on display.

After the meeting Mrs. Harold McDonald, president, directed members in the exchange of antique jewelry wrapped in colorful packages.

Guests at the affair were Mrs. Russell Austin and Margaret Dunning. Mrs. Clyde Howell was welcomed after a leave of absence.

Cobhostesses were Mrs. Dale Moats and Mrs. H. T. Rombough.

Next month's meeting will be an all-day picnic at Kensington Park, with Mrs. Erwin Rogge, Mrs. Tubbs and Mrs. Lawrence Terrier in charge of arrangements.

How About Salvation Army? She Likes Brass Buttons

By ABIGAIL VAN BUREN

DEAR ABBY: I share an apartment with another girl. This girl is absolutely crazy over uniforms! She has lost her head over policemen, soldiers, sailors, marines, airline pilots.

Just show her a uniform and she goes limp. She is not a child. She's 29 and ought to know better.

After the meeting Mrs. Harold McDonald, president, directed members in the exchange of antique jewelry wrapped in colorful packages.

Guests at the affair were Mrs. Russell Austin and Margaret Dunning. Mrs. Clyde Howell was welcomed after a leave of absence.

Cobhostesses were Mrs. Dale Moats and Mrs. H. T. Rombough.

Next month's meeting will be an all-day picnic at Kensington Park, with Mrs. Erwin Rogge, Mrs. Tubbs and Mrs. Lawrence Terrier in charge of arrangements.

woman's husband, she is robbing her of her means of support, the father of her children and everything of value in that woman's life. So why doesn't the law step in and do something about it?

When a man steals a horse or an automobile, he is made to pay a fine or is sent to prison, yet husband stealers go free. Why?

DEAR ROBBED: Because a man is neither a horse nor an automobile, and if he has all his marbles, he has some say about who "steals" him. Now, there is a law against kidnapping, but I doubt if many women have been found guilty of it under those circumstances.

DEAR ABBY: I may not be the world's best wife, but I am the world's best actress. To get to the point, I can't stand my husband. He doesn't know it because I put on a good act, but sometimes I feel like I can't stand him near another minute.

DEAR ABBY: When a woman deliberately steals another

fine father to my children. He gives me everything I want. I have my own car, a lovely home, and we have a good social life. I can't explain it, Abby, but I am merely going through the motions of living. I keep secretly wishing something would happen to him so I could be free without leaving him. Do you think I am losing my mind? I can't tell this to anybody but you.

DEAR POOR: You may be experiencing a glandular or chemical change, causing doubts, boredom and depression. Be candid with a good doctor. Or you could be bunkering for a kind of wild and forbidden romance that is especially attractive to an "actress." Don't reach. You could lose your perch. There are many women who went desperately what you already have.

For Abby's booklet, "How To Have A Lovely Wedding," send \$2. to ABBY, care of The Pontiac Press.

Women's Section Area News of Personal Interest

Col. Raymond C. Durgan of Howe Military School, Howe, Ind., has announced the promotion of Cadet James McBrearty, to the rank of sergeant first class. Cadet McBrearty, a member of Company B, is a son of James McBrearty, Auburn Avenue and Mrs. Anne Marie McBrearty, Ogema Road.

Spec. 4 and Mrs. Robert J. Moody (Judith Stickney) announce the birth of a daughter, Mary Allen, May 26, in St. Joseph Mercy Hospital.

The baby's father, son of the Eugene L. Moody of East Chicago Avenue, is a paratrooper, stationed at Ft. Bragg, N. C. His wife, daughter of the B. L. Stickneys of Marquette Street, and baby will return with him to their home in Fayetteville, N. C.

Great-grandparents are Mrs. Robert J. Collins of East Chicago Avenue, Mrs. T. J. Wildgen of Beach Street and D. E. Stickney of Rochester.

The Glenn V. Wolfords of Pine View Drive, West Bloomfield Township were guests at the races and at a buffet dinner Monday at the Hazel Park Race Track Club.

Mr. Wolford was among 18 winners of a statewide sales contest conducted by an oil company.

Mr. and Mrs. Howard L. Cate Jr. (Patricia Donelson) of Mohawk Road announce the birth of a second son, Robert Carl, May 21, in Pontiac General Hospital.

Grandparents are the Carl Donelsons, Mohawk Road and the Howard L. Cates, Elizabeth Lake Road.

The John Baileys of Dresden Avenue have returned from a five-month vacation at Delray Beach, Fla., where they stayed at the home of Mrs. Blythe Sleeman of Linden. At Boca Raton, they visited the John Dawsons, formerly of Pontiac and were guests of Mrs. Bailey's sister, and brother-in-law, the James Chaffins in Fort Lauderdale.

Mr. and Mrs. Charles R. Peters (Barbara White) of Richmond Avenue, are parents of a third son, David Todd, born May 10 in St. Joseph Mercy Hospital.

The baby's grandparents are the Donald V. Whites of LaSalle Street and Mr. and Mrs. Earl Peters of East Sheffield Avenue. David's great-grandfather is Nelson C. Wiley of LaSalle Street.

The John Baileys of Dresden Avenue have returned from a five-month vacation at Delray Beach, Fla., where they stayed at the home of Mrs. Blythe Sleeman of Linden. At Boca Raton, they visited the John Dawsons, formerly of Pontiac and were guests of Mrs. Bailey's sister, and brother-in-law, the James Chaffins in Fort Lauderdale.

The Standish Sibbys of Oriole Road have returned after a two-week trip to historic

One ingredient of personal grooming that will go a long way toward keeping one in the best of spirits and appearance every day, as well as from time, is reflected in the good looks of Nancy Norberg's hands. A student at Pontiac Northern, Nancy lives on East Brooklyn Avenue.

Child Culture Club Installs Members at Ceremonies

Twenty-one members of the Child Culture Club were installed in a candlelight ceremony in the home of Mrs. Irvin Hunsbaugh, Elizabeth Lake Road.

Past president's pin was presented to Mrs. Raymond Jacobson who conducted the final business meeting of the season. Mrs. William Thiede, incoming president, appointed committee chairmen and their assistants for the coming year.

Mrs. William Garmer, Mrs. Murray Osborn, Mrs. Owen Rindusz, Mrs. Dale Swanson and Mrs. Thiede were recipients of gifts for perfect attendance.

Don't Be Afraid of Becoming Angry

By MRS. MURIEL LAWRENCE

News-Press Enterprise Assn.

Dear Mrs. Lawrence:

My sister-in-law says I favor my little boy over his baby sister. She tells my husband that it is natural for me to like the boy better because the baby resembles their family.

Last week she was here when I was feeding the baby lunch and asked why I didn't strain her vegetables the way I did for the boy. Last night, my husband asked me

why I fed the baby out of jars I buy at the store instead of straining her vegetables myself.

Answer: Suppose your affection for your little boy is different from the one you feel for the baby?

As you've known him longer than you have the baby, you've had more time to learn to appreciate him, haven't you? Suppose you do feed the baby prepared food? Isn't the mother of two little children always three times busier than the

mother of one? Why shouldn't you use the prepared food to save time?

And why haven't these reasonable self-defenses occurred to you? Know something? I think you dislike your sister-in-law intensely. I think you feel that it's dangerous to dislike her intensely that you are seeking for faults in yourself to try and justify her fault-finding — and so make your dangerous resentment unjustifiable. By wondering if our sister-in-law

is right in accusing us of being a bad mother, we can avoid the pressure of our actual rage at her. We're afraid to know how fiercely we want to yell "You go away from me and stay away!" So we try to agree with her. Becoming one with her is safer than standing against her.

Now I don't know why you are afraid that you resent your sister-in-law. But I do feel that this fear is your problem. I also think that it is one you cannot afford as the mother of two little children.

Because if we get into the habit of running ourselves down every time someone attacks us instead of standing up for ourselves, our children are going to sense this easiness in us and fight us until we stop being afraid of what we feel.

I am not urging you to yell, "Go away and stay away!" to this malicious relative. I am suggesting that it is honest to know that you want to — and to start accepting yourself as a person who is capable of an angry response toward aggression.

I think you'd better stop trying to be so noble that you have to take in every stupid criticism that is flung at you for the good of your soul. It is not good for the soul of anyone to start beating himself over the head every time somebody else is moved to find fault with him.

Though Jesus allowed Himself to be crucified for the sins of other people, you and I are not Jesus and must not confuse ourselves with Him.

As ordinary humans we have to learn to put up with anger toward aggressive people.

Bellant-Nurenberg Vows Exchanged

A wedding breakfast in the home of the Myles Nurenbergs on Private Drive followed the marriage of their daughter Theresa to Eugene N. Bellant. Saturday in St. Michael Church. Rev. Charles E. Cushing performed the ceremony at an altar banked with white gladioli and snapdragons.

The bridegroom is the son of the Wilson Bellants of Olmstead Street, Drayton Plains, who greeted some 300 guests with the bride's parents at the evening reception in Fisher Body Union Hall.

A scalloped neckline and fingertip sleeves were, fashion highlights of the bride's gown of white silk tulle with overskirt of Chantilly lace. Her silk illusion veil fell from a jeweled headpiece. She carried white carnations.

Ruth Nurenberg, her sister's maid of honor, wore lavender chiffon and satin and carried matching carnations.

MRS. EUGENE N. BELLANT

Richard Hancsak, Drayton Plains, performed the duties of best man. Earl Nurenberg seated guests with Clifford Crookmore, Drayton Plains.

The newlyweds who are presently motoring in the Upper Peninsula, will live in Pontiac.

Pink carnations accented champagne silk for the bride's mother and a blue lace dress for the mother of the bridegroom.

Council Planning PTA Installation

Pontiac Council of the Parent Teacher Association will install officers at a mass installation dinner 6 p.m. Tuesday in Madison Junior High School.

The dinner will precede workshops for all PTA officers and chairmen.

Country Day Honors Seniors This Evening

The annual Rose Ball, honoring the graduating class from Bloomfield Country Day School, will be held this evening at Bloomfield Hills Country Club.

Parents, students and faculty of the school have been working on the affair, chartered by Mrs. Semon Knudsen. She is assisted by her daughter Lisa, a junior at BCD and Mrs. John Mahony.

Numerous progressive dinner parties have been arranged prior to the dance. Nancy Judd of Gungahay Road will entertain junior and senior class members and escorts for the first course in her home. The main course will be served at BHCC where Lisa Knudsen will preside as hostess. Partygoers will then proceed to Joan Cooper's Stay-at-Home Road home for dessert.

Freshman and sophomore class members along with their escorts will be guests of Sandra MacPherson of Merriam Court for their first course. They will later be entertained by Donna Richardson of Gungahay Road and Barbara Jenkins of Kennebec Court for the main course and dessert.

Lignite is found in North Dakota, Texas and some parts of West California, Arkansas, Montana,ington.

'Hi-Infidelity'

Different Religions Can Cause Breakup

(Editor's Note—A condensation of Abigail Van Buren's new book "Dear Abby on Marriage" is appearing daily in The Pontiac Press in 24 installments under the serialized title "Hi-Infidelity.")

By ABIGAIL VAN BUREN

Perhaps this chapter should have been titled "The Sad Awakening." Because that is almost certain to be the fate of couples who marry out of their faiths. It's also a study in before-and-after.

Before the wedding, love is kind and religion a poor relation. And love is expected to triumph over religious differences.

After the altar candles have burned down, the light of one's religion begins to burn more brightly.

Every engaged couple can point to at least one mixed marriage that made the grade. But FAF more marriages have piled up on the rocks of religious impasse than most people are willing to admit.

Behind much of the bickering, carousing, drinking and incompatibility that lead to a marriage calamity lurks the divisive element of religious conflict. And it invariably involves children.

DEAR ABBY:

I am a Jewish man married to a Catholic girl. We were so much in love that nothing else mattered except being man and wife. We met with opposition from her family and mine, but our love was stronger than family ties.

We talked to her priest and my rabbi who both warned us that our troubles would begin when the children came. We decided we did not need children to be happy. We were enough for each other.

I signed a paper agreeing to raise any children born of this marriage in the Catholic faith. Since we agreed there would be no children, this promise did not bother me.

But I did not anticipate the complications involving marriage to a girl who could not practice birth control. Guilt and frustration slept with us every night. Then she became pregnant and a beautiful boy was born. She had him christened Catholic without my knowledge or consent.

She wants to raise him in the Catholic faith; Abby, I cannot send my son to a church that will teach him that the Jews killed Christ. My wife says she will leave me and take the boy if I do not fulfill my promise to raise my son in her faith. Can you help me? Trapped

No, I can't help him. Nor can I help anyone who enters a lifetime partnership without facing reality—without realizing that, when love's meteors have burned up in the atmosphere of marital routine, the fixed star of faith shines brighter than ever.

True, everyone in America has the right to worship in his own way. Or not to worship at all, if he so chooses. But consider the conflict when the baby has a temperature of 104 and Father wants to call a doctor and Mother wants to call a Christian Science reader.

Love has succeeded in bridging the gap between two people who are miles apart socially, intellectually, and economically.

But the mixed marriage mixup has only a slight chance for survival. It can be done but, believe me, it's a job for Job. For the lovers start to build their marriage and find that it is like building the Tower of Babel. Although they are working side by side toward a common goal, they suddenly discover they aren't speaking the same language.

Life's Most Important Decision . . .

The choice of the girl to share your life can only be suitably symbolized by a flawless diamond. A diamond of superb cut and fine color, whose indestructible beauty will always be a constant reminder that your love, like the diamond, is forever. A Pauli Diamond is such a stone and its quality is assured by our reputation for quality diamonds over the years. Come in and let us help you select a diamond for this important occasion. We have the stone that will fit your budget. It is the quality not the size that is important. Enjoy the convenience of our budget terms.

Honeymoon Trip Over, Couple at Home in City

The Larry E. Townsends who were wed Friday evening in Christian Temple, are at home in Pontiac following a honeymoon in the Upper Peninsula of Michigan.

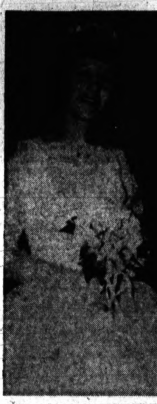

Rev. Lola P. Martin performed the double-ring candle ceremony before an altar banked with white gladioli.

The former Shirley Jane Thompson is the daughter of Mrs. Jack Alstrom of Seward Street and the late Archie Thompson. She chose a floor-length gown of white Chantilly lace and nylon tulle and finger-tip veil of silk tulle held by a pearl tiara. Yellow carnations centered her bouquet of white carnations.

Mrs. Darold Wright of Cadillac, her cousin's matron of honor and Mrs. Charles W. Hayward, bridesmaid, wore short lavender tulle dresses and carried white carnations.

Loraine Thompson attended her sister as junior bridesmaid, carrying pink and white carnations. Cindy Thompson was flower girl. Both wore pink nylon over tulle.

On the espouse side were the sons of the Edward F. Townsends of Sylvan Lake, Russell, as best man, with Alvin and Dale ushering. Receiving guests in Waltz Hall following the nuptials, Mrs. Alstrom wore a turquoise silk sheath and white carnations.

MRS. LARRY E. TOWNSEND

Cousins Share Honors at Prenuptial Parties

By RUTH SAUNDERS

BLOOMFIELD HILLS—Although their wedding dates are a month apart, two pretty cousins are sharing honors in several parties.

Amanda Matthews, daughter of Mr. and Mrs. Edward Curtis Matthews, will be married June 16 to Joseph Linghamer Jr. and her cousin, Jeanne Hargreaves whose parents are Mr. and Mrs. William B. Hargreaves, will be married Aug. 4 to Ralph Andrew Gresham.

Both brides-elect are granddaughters of Mrs. C. E. Wilson and the late Mr. Wilson. Mrs. Clement A. Penrose Jr. and her sister Mrs. C. Alston Monroe will be hostesses at a luncheon Tuesday at Orchard Lake Country Club for Mandy and Jeanne. Mr. and Mrs. Ernest F. Kern plan a dinner for both couples and their friends and Mr. and Mrs. C. Theron Van Dusen

will be dinner hosts.

Among many other delightful parties will be the spinster luncheon June 13 which will be given by Mrs. W. C. Newberg and her daughter Judy who will graduate Sunday from Mt. Holyoke College, South Hadley, Mass.

Mrs. Penrose is busy making late planning details for her daughter Ginny's wedding in August to Thomas D. Wright of Fennell, Pa. The ceremony will take place at the "Sonnet, Nan-tucket" Island, summer home of Mr. Penrose's family for many generations. After the church ceremony a reception will be given in the historic Penrose home.

Mrs. Joseph Hinshaw is home from Newburgh, N.Y., where she attended the wedding of her granddaughter, Linda Tompkins, early in May.

Mary Ramirez, Peter Ledesma

Exchange Wedding Vow

A mantilla-type veil of heirloom lace and gown of bouquet tulle were chosen by Mary Micaela Ramirez for her marriage to Peter A. Ledesma Saturday in St. Vincent De Paul Church. Rev. Joseph Femminello officiated.

Venise lace trimmed the scoop neckline and three-quarter length sleeves of the bride's gown and she carried white roses and carnations.

She is the daughter of Jesse Ramirez of Rockwell Street and the late Mrs. Ramirez. The bridegroom's parents are Mr. and Mrs. Tino Ledesma of Midway Street.

Attending their sister were Gloria Ramirez, maid of honor,

and Rebecca Ramirez who was bridesmaid with Mela Ledesma, Mrs. Tino Machado and Mrs. Curtis Diver. They wore turquoise tulle and carried matching carnations.

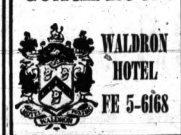

MRS. PETER A. LEDESMA

Assisting their brother were Mando Ledesma, best man, and Ray Ledesma, seating guests with Tino Machado, Robert Torres and the bride's brother Joe Ramirez.

The couple will honeymoon in northern Michigan, returning later to Pontiac. For her son's wedding and reception in the Pontiac Armory, Mrs. Ledesma chose champagne lace over tulle and corsage of carnations.

The leading lady went over "The Birmingham Newcomers" script Thursday at a noon dessert and briefing session in the Birmingham home of tickets chairman Mrs. John K. Bagby. Enjoying Winnie (Mrs. Dean) Coffin's comments were (from left) Mrs. Bagby

and committee members Mrs. Carl E. Widney, Birmingham; and Mrs. E. Nelson Kinball, Bloomfield Hills. Mrs. Bagby launched ticket sales campaign for the musical comedy to be presented, June 21-24 at the Birmingham Arts Festival.

**Nurses' Group Planning
Film on Resuscitation**

All professional nurses in the area and the public are invited to view a new film on "Mouth-to-Mouth Resuscitation" to be shown at Clifford H. Stuart Junior High School in Wallis Lake Monday evening at 8 o'clock.

The film is admission free and is planned as a public service by a group of registered nurses who are combining to set up an organization of area nurses. Prior to the public meeting, the nurses will meet at 7:30 p.m. to continue their organization efforts and to further plans for disaster training programs.

Marjorie Gaunt, director of Nursing Services for Oakland County Chapter of the American Red Cross, will assist the local group with their plans.

An actual demonstration of the new type of rescue breathing will follow the film. Further information on the activi-

ties of the registered nurses group and the meeting may be obtained from Mrs. John Ashby of North Elder Road, Orchard Lake.

The American Revolution was financed in part by a loan backed by five million pounds of Virginia tobacco. Benjamin Franklin helped get the money from France.

Seeks to Clear Splits in Atlantic Alliance

Rusk to Confer With Allied Chiefs

WASHINGTON (AP) — Secretary of State Dean Rusk is planning a trip to Europe late this month to confer with allied leaders about clearing up some of the policy splits in the Atlantic Alliance.

He is expected definitely to meet with West German Chancellor Konrad Adenauer. He may see French President Charles de Gaulle and British Prime Minister Harold Macmillan.

Rusk confirmed to a news conference Thursday that arrangements for a trip are being worked out. From other sources it was learned that he wants to talk to Adenauer about U.S. Soviet discussions on a Berlin settlement and about future moves for greater Western European political unity, which the United States strongly supports.

Whether Rusk sees De Gaulle probably will be determined by progress in his conferences here with French Ambassador Horv Alphonse, Rusk and Adenauer met for two hours Monday and for 30 minutes Thursday on Paris-Washington policy differences. They apparently have no hope at present of ending major differences over De Gaulle's determination to give France an independent nuclear weapons force and his desire to promote a European grouping of national states with looser U.S. ties.

Rusk reiterated at his news conference that the United States is completely opposed to the De Gaulle plan for a French nuclear

force. In response to a specific question he said the United States would not favor Britain's supplying nuclear weapons to France.

Rusk also challenged critics of administration foreign policy to come up with proposals for alternative lines of policy development.

He really believe that the administration is following a no win course.

Sen. Barry Goldwater, R-Ariz., has accused the government of having a "no win" policy in the cold war.

Rusk rejected the charge but said "there is one point on which darity of the Free World."

Traffic Kills 107 on Memorial Day

CHICAGO (AP) — Traffic accidents killed 107 persons during Memorial Day, two under the record toll for the one-day holiday period in 1956.

A recent over-all toll of 201 violent deaths was recorded during the 30-hour holiday period. In addition to the traffic fatalities, 9 persons lost their lives in boating accidents, 38 drowned and 47 were killed in miscellaneous mishaps. The total topped the previous record of 174 set in 1956.

Air Force Sergeant Seeks 14th Tram for Collection

NANCY, France (AP) — U.S. Air Force Sgt. Allan Pummer of Boston, Mass., was in Nancy today to add another street car to his private collection.

Pummer, who is stationed at the nearby Phalsbourg Base, sought to buy one of Nancy's antiquated street cars which were retired from service three years ago. He already has 13 old trams of all sorts acquired in various parts of the world.

we do have to show some caution that that is the reason that victory in its usual sense is to be achieved by sudden military means." He declared that the United States is promoting development of the Atlantic community, building up its alliances, trying to expand trade, assisting countries in need and strengthening the so-called "there is one point on which darity of the Free World."

PONTIAC, MICHIGAN,

TWENTY-ONE

Kettering to Venture in Tropics During An 'Evening Polynesian'

By MURVEL LEBIGH

Final touches are now being added to the exotic decorations which will create the tropical atmosphere prevailing tomorrow night during the first senior prom at Waterford-Kettering High School.

As the nine o'clock hour of prom night nears, "Evening

Polynesian" will swing smoothly around a tropical theme. Guests will enjoy dancing to the melodies of the La Duke Band.

Setting the Polynesian mood in decorations will be various flower arrangements, the spacious courtyard decked with paper mache rocks and erupting volcano, a life-size tropical hut and tree, and

Hawaiian music surrounding the refreshments area.

DUE CREDIT

Those who contributed much to the prom arrangements are the committee chairman: Rick Biggers, general chairman; Fran Young, decorations; Cynthia Krucko, refreshments; Howard

Bertrain and Rick Rosegart, invitations; and Sharon Martin and Earl Nichol, publicity.

Last Monday evening the W-KHS dramatics department presented a bill of one-act plays in the school gymnasium.

According to Patty Looman, dramatics instructor, all three

plays were received by an audience of more than 200.

RECEIVES HONOR

Miss Looman, speech instructor at Waterford Kettering High School, was elected to the council of the Michigan Speech Association during the organization's annual meeting at the University of Michigan.

As a special attraction Donald Searloss, author of one of the three one-act plays, "Trains Do Not Fly," honored the group with his presence, illustrating his high interest in the first presentation of his 25-minute play.

W-KHS is the first organization given permission to perform the play which was just recently copyrighted. "Trains Do Not Fly" will now be printed and made available to other schools.

A graduate of Central Michigan University, Mr. Searloss was "delighted" with the manner in which the W-KHS performers treated the play. Their instructor, Miss Looman, feels the one-act presentation was easily staged, contains true simplicity, and adapts to useful sound effects.

The play is the story of a convict who terrorized the travelers aboard a train, and the reform which takes place through the efforts of the people as the trip continues.

Avondale Pupils Complete Scene for 'Sayonara'

By DONNA HADDIX

Seniors at Avondale High School are busily preparing for their Senior Prom "Sayonara," to be held tomorrow from 9 p.m. to midnight.

The setting will be a Japanese scene with fish nets, sea shells, and Japanese lanterns for decorations.

Students serving on the various committees are: Decorating committee: Donna Haddix, chairman; Loretta Taubke, Judy Fisher, Sharlene Henderson, Jack Ayotte, Loretta Ramin, Ruth Sheehy, David Sherman, Paula Lacro, Sue Weneke, Dale Yarrig, Betty Armstrong, Dennis Allen, John Reagan, Jean Anderson, Jean Carpenter, and Bill Rice.

Refreshments will be headed by Sue Weneke as chairman. Ticket committee is headed by Judy Runser, chairman. Ernie Reynolds, chairman of music committee, and Ruth Sheehy, cleanup committee chairman.

REHEARSE FOR CONCERT — Walled

Lake Senior High students from left Lynne Mattson, Carol Polfman and Pat Lysing blend their talents during a last-minute rehearsal for the annual spring concert tonight. The auditorium program to begin at 8 p.m. will highlight music from the Broadway musicals

"South Pacific" and "Porgy and Bess," plus old favorites. Chorus and the band alike will present the series of numbers under the direction of Mrs. Frank Balsam and Helmut Holland-Moritz, vocal and instrumental instructor, respectively.

Arreviderci's Set for Tomorrow

Central 'Captures' Venice for Prom

By WADE WILKINSON

Tomorrow is "Arreviderci!" Pontiac Central High School's prom. The Boys' Gym will echo from the music of Jerry Libby's band long after the 9 to 12 dance.

Seniors chose Venice for their theme, featuring a court scene, complete with canal waters.

Punch and tea cookies will be furnished by the refreshments committee for the last school dance of its kind.

Arreviderci means goodbye, and it will be, as hundreds of seniors take their last tea and attend their last class at Pontiac Central.

Chairmen of the prom committees are: Joe Ann Cline and Judy Fawcett, decorations; Barbara Hillier, refreshments; Helen Randall, programs; Tom McGrath, tickets; Sandy Gaves, publicity; Cynthia Runser, entertainment; Loretta Gorman, patron; and Sue Johnson and Jeanette Wright, business managers.

General chairman for the prom is Sue Fulsam.

Pontiac Central's chapter of Quill & Scroll, national honorary journalistic society, will hold its annual banquet Tuesday night in the Pontiac Central cafeteria.

New members will be initiated. Department heads and a surprise guest speaker are scheduled to talk on various fields of journalism.

Tomahawk staff members who will be initiated are Ken Goff, Linda Pimlott, Sue Carriger, Joanne Stark, Carol Chappell, Janice Prieto, Sharon Bradshaw, and Lisa Mamm.

A group of American Field Service members will go in mass tomorrow morning to see "The West Side Story" in Detroit. Theater parties of this sort are an AFS tradition at Pontiac Central High School. Thursday after school AFS held its annual picnic at Cass Dodge State Park.

The capella choir and the "Caribbean" combined this Tuesday when they held their picnic at Cass Dodge. All signify the school years ending.

High Grove, Dave Haviland, Helen Ramadell, and Mike Jenkins, Larry Anderson, Gary Barcone, Roger Tate, Ray Collins, and John Kleinschmidt will become new members from the print shop.

Quiver staff additions to the group will be Sue Daws, Carol Ellen, Sue Fulsam, Sally Williams, Lela Zimmerman, Helen Pritchett, Pam Everling, Yolanda Peraza, John Davis, Tom Watson, Yolanda Benavides and Linda Mamm.

A group of American Field Service members will go in mass tomorrow morning to see "The West Side Story" in Detroit. Theater parties of this sort are an AFS tradition at Pontiac Central High School. Thursday after school AFS held its annual picnic at Cass Dodge State Park.

SEE TROPICAL MOOD—To complete an "Evening Polynesian," these Waterford Kettering students, among other members of the senior class, have been working weeks in anticipation of tomorrow night. From left to right are Earl Nichol, Paullett

Hempton, Fran Young, and Gary Heaton creating an exotic theme and a tropical mood, via much diligence. The dance, the first senior prom at Kettering, will begin at nine o'clock.

Will Return Sunday Night

Northern Seniors Trip to Camp

By PAMELA MORRIS

Some 98 joyful Northern seniors left for Camp Tamarrack this afternoon for their second annual camping trip.

The seniors will engage in such activities as boating, archery, dancing and swimming.

The seniors will return from their weekend of fun Sunday evening.

Student council elections were held Monday morning in homeroom for the 1962-63 school year.

NEW LEADERS

Connie Minewasser was elected president, Dean Souden, vice president; Steve Danialis, secretary; and Penny Pritchard, treasurer.

Wednesday the Pontiac Northern high school band participated in the Memorial Day parade as the lead band. New drum major for the band is sophomore Elynn Train.

FIELD TRIPS

Field trips are also inclusive of the busy week at Pontiac Northern.

Students from the biology classes of Berl Roush, and Richard Hall

traveled to Pontiac General Hospital Monday. Students toured the bacteriology and pathology laboratories, the blood bank, morgue, emergency area, the electrocardiograph and the x-ray room.

The students were shown slides of various other departments in the hospital and received a lecture on general patient care.

The senior pilot program traveled to the Pontiac Police Station

to supplement its unit of study, local government.

New Avalanche editors for 1962 are: Sally Mapley, editor-in-chief; Julie Fleetwood, activities editor; Dorothy Boyd, faculty editor; Sharon Stadler, senior editor; Sue Scott, sports editor; and Carol Gorkie, junior and sophomore editor.

The 1962 Avalanche will come out next week with a surprise cover and theme.

Guests Will Speak to Cranbrook Grads

Baccalaureate and commencement speakers for Cranbrook School and Kingswood School are announced.

Services for the combined graduating classes of the schools will be held at Christ Church Cranbrook 4 p.m. Sunday.

Commencement speaker for Cranbrook's 86-member graduating class will be John U. Matos, dean of Harvard College.

William T. Gossett, of 400 Gooding St., Bloomfield Hills, former vice president of Ford Motor Company, will speak at Kingswood's exercises.

Honor Athletes, Scholars During St. Mike Banquet

By SHARON RODDEN

A host of St. Michael High School's best athletes and scholars walked off with honors at Monday night's Sports and Academic Awards Banquet.

The event was to recognize those achieving high honors both athletically and academically in the past year.

Toastmaster for the evening was Rev. Norman Thomas, a well-known and beloved friend of St. Mike's students. Rev. James Hayes, pastor, and Rev. Francis O'Donnell and Rev. Charles Cushing presented awards, consisting of letters, certificates, trophies and medals.

Coach Jim Niebauer was general chairman; while guest speakers were Duncan Sells, dean of students at Michigan State University Oakland and Tony Versack, football coach at Divine Child in Dearborn.

SPOTLIGHT LEADERS

Highlight of the event was announcement of valedictorian Dana Hutsosky and salutatorian Jim Hurren.

Dana, a student who came to St. Michael's in his junior year from Sacred Heart Seminary in Detroit, has maintained a place on the honor roll regularly. His interest in the science field has won him a Science Fair Ribbon and a science medal.

President of the National Honor Society this year, he held the class office as treasurer last year. In athletics, Dana, has participated in all sports, though his favorite is hockey.

General Motors Institute will welcome him in mechanical engineering. Dana's parents are Mr. and Mrs. Stanley Hutsosky of 108 Lakewood St.

Salutatorian, Jim Hurren, son of Mr. and Mrs. James Hurren of 15 Grand St., will attend MSU. There he will take a course in business administration, with an ambition to become a certified public accountant.

He is a member of the National Honor Society. He re-

ceived a blue ribbon in the Science Fair and was presented the mathematics medal at the banquet.

Popularity, with fellow classmates won him the offices of junior class president and vice president in the tenth and twelfth. Jim made all state in Class C football, besides being active in basketball and baseball. He was also named "outstanding boy athlete of the year."

JIM HURREN

W. Bloomfield Winds Up Term

Seniors Now Rehearse
for Baccalaureate Day
Chat of New York Trip

By BONNIE DISTEL

All West Bloomfield students and faculty are winding up the school term. Those really ending the year, however, are the seniors who returned yesterday from their New York trip.

Today they participated in a baccalaureate rehearsal and were an important part of the Honors Assembly.

The seniors were honored by other WB students as they entered the gym in their caps and gowns. Sunday evening, baccalaureate service will be held at 8:15 in the gymnasium.

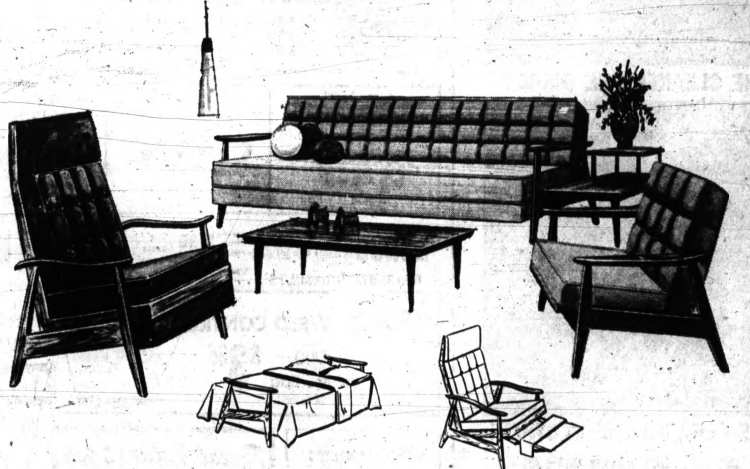

On Tuesday, a commencement rehearsal for all juniors and seniors will be held from 11:45 to 12:45.

June 6, Graduation Day, is the big day for the Class of '62. The program will begin at 8:15.

Dr. Left A. Houten, superintendent of schools, will introduce Dr. Lowell Ekhard, associate dean at Michigan State University, Oakland, who will give an address entitled "This is Your Life."

On Monday, and Tuesday, all underclassmen will also wind up their year with the long awaited exams.

Plastic Laminate Isn't So Tough

Plastic laminate, widely used for table and counter tops as well as for wall installations, must be handled carefully by the do-it-yourselfer to prevent edge chipping. No matter what type of saw is used, it should have fine teeth and be very sharp. For circular power saws, use an 8-point, 10-inch hole saw. For hand saws, use a fine-toothed blade. When working on a large project, use a special carbide-

drill bit with teeth extending beyond the body of the saw. Bandsawing can be done with a standard blade with 4 to 7 teeth per inch, 20 gauge thickness.

Plastic laminate can be bonded with a good quality wood glue, but clamps must be used to keep the surfaces together the amount of time recommended on the label of the glue container.

Where clamps are not available or where time is important, contact cement will do a good job. However, it holds tightly on contact, which makes it extremely important that the two surfaces be placed together evenly on the first try.

When drilling in plastic laminate, use a special carbide-

TREE PEONIES — F. C. Kersting, 1081 Auburn Avenue, Auburn Heights, proudly displays one of his tree peonies. These showy flowers are a specialty in the Kersting garden. Kersting has about 35 plants. The Kersting garden is one of the stops on the garden tour to be held June 5 by the Stiles Branch of the National Farm and Garden Club.

Gourd Can Be a Fine Bird House

Bird houses are only one of many things that can be made of gourds. So put large-size gourds on the list you give mother of seeds you'd like to plant this spring. Soak the seeds overnight in water and plant them in a sunny place in the best soil you have. Give them plenty of water whenever it does not rain for a week. Sprinkle fertilizer around the plants once a month so they will have larger fruits for larger bird houses.

You can wait until after frost to harvest big gourds even until next spring. When you cut them off the vines, leave an inch or so of stem attached to each gourd. Tie string around this stem so you can hang the gourd in a dry, airy place to cure. Wipe it with a soft cloth wrung out of cool-water disinfectant, if mold forms.

After gourds are so dry that seeds rattle in them when you shake them, drill a small hole in one side, shake out the seeds and then saw a hole the right size for the bird you want to use the house. For wrens, make the hole just the size of a quarter dollar.

Drill two little holes, one on each side of the top of the gourd, and through these push a piece of copper wire long enough to go over the branch of a tree and twist on itself several times. This wire holder will make it easy for you to hang up your bird house when it is finished.

Radio manufacturers produced more than 5.5 radios, or 35 percent of their total output for automobile use.

Control Rose Aphids Before It's Too Late

Aphids (plant lice) are the most common insect enemies of roses. They suck away vital plant juices and destroy plant vigor. Although they are very tiny in size, they attack in clusters and if left unchecked can completely destroy a rose bush.

Aphids can be effectively controlled by spraying your roses with 40% nicotine sulphate (Black Leaf 40) at the first sign of infestation. Care should be taken to insure that both top and undersides of foliage are thoroughly sprayed. Nicotine sulphate kills aphids and other sucking insects by "gassing" and by contact.

Gnarled, stunted bristlecone pines in California's White Mountains began thrusting roots into rocky crevices more than 4,000 years ago.

Be among the first to keep your roses in continual bloom month after month after month

ANYONE who grows roses, knows what usually happens. Lots of flowers at the beginning of the season — then loss of bloom when warm weather settles in.

That's the way it's been for generations. But last year a host of home-owners got a big surprise. They adopted the new Scotts Rose Program and enjoyed a wealth of beautiful roses all season long, without interruption. Yet they spent less time and effort than ever before. One man wrote: "It used to take me upward of an hour, mixing material, cleaning the nozzle and spraying. With the Zephyr I'm able to protect 24 bushes in less than 5 minutes. A wonderful experience."

Foliage is the key to bloom

Eight years of Scotts research revealed this fact. The number of quality blooms is in direct ratio to the number of healthy leaves. Lose foliage and you lose flowers. When you feed adequately, control disease, and protect against insects, you retain foliage. As a result — beautiful blooms month after month right through the heat of summer.

Roses need a balanced diet

And they're hungry feeders. Most rosebushes need four times as much nourishment as they usually get. But with Scotts new DAWN you need only one-third-of-a-cup per month. It develops the foliage you must have for continuous bloom.

One protection — instead of many

Having grown healthy foliage, how can you protect it? It falls prey to a host of enemies — black spot, mildew, rust, aphids, beetles, chafers, mites and other insects. But new HAZE (a dry powder) defeats them all. This one protection takes the place of a dozen different preparations.

Science learns the secrets of vigorous health and continuous bloom. No more elaborate rituals. No more complications. Instead...

- Just one kind of food — a balanced diet called DAWN*
- Just one kind of protection against insects and diseases — it's called HAZE*
- Nothing to mix or measure — nothing to spray or spill
- Your success is guaranteed — even if you've never grown a rose before!

Protects both sides of every leaf

Ordinary sprays reach only the top of the leaves. That's not enough. To protect both sides, Scotts invented the ZEPHYR. John R. Patterson, outstanding authority on roses, wrote: "The Zephyr gives complete control of insects and diseases, with the right amount of Haze applied every time, exactly where it is needed. As a result my rose garden is perfect — no insects, no mildew, no black spot."

Scotts guarantees your success

Whether you're a professional grower or an absolute novice who has never grown roses before, Scotts guarantees this Program to the hilt. You must be satisfied or your money back!

Your local Scotts Dealer can tell you all about this Rose Program, show you the products and answer your questions. Talk to him today. Be among the first to have plenty of beautiful roses month after month after month.

Do two jobs at once! BONUS feeds your lawn — gets rid of dandelions

If there are any dandelions or similar weeds in your lawn, don't try to dig them out. That's back-breaking, old-fashioned — and hopeless!

Instead, use BONUS.* It weeds as it feeds.

Bonus is a cinch to use. No sprays, no mess, no measuring. And one day you will suddenly realize that every dandelion has vanished! In the bargain your grass will be greener, richer, lovelier.

You see, Bonus is a combination fertilizer and weed control. Costs you less — and takes much less time — than doing both jobs separately.

And right now your Scotts dealer is featuring Bonus and the famous Scotts Spread in a special money-saving combination.

Special offer

Saver you 45¢ when you buy Bonus and the Scotts Spread together

Sales, Use Taxes Show Up Trend

LANSING — A strong upward trend continued during May in collections of sales and use taxes, the State Revenue Department reports.

May collections totaled \$25,282,534, an increase of \$2,577,300 and a 6.6 per cent hike over the same month last year.

The collections are generally regarded as a reliable barometer of Michigan business.

Clarence W. Lock, state revenue commissioner, said this makes the 11-month total \$289 million.

"If the trend continues, Lock said,

the total for the year should be about \$427 million, \$5 million less than the \$432 million estimated a year ago but \$7 million more than was estimated in January.

Seize Japanese Boat

TOKYO (AP)—A Soviet patrol captured a small Japanese fishing boat today about two miles from the coast of Japan on charges of violating Soviet territorial waters.

The Maritime Safety Board reported it was the third Japanese boat seized by the Soviets since May 20.

The walls of the Mormon Temple in Salt Lake City are of white granite and 10 feet in thickness.

Fad of Redoing Old Movies Turns Out to Be Costly One

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD Hollywood's recent romance with remakes may be cooling off.

For a while there, producers were saying, "Why put out big money for new properties? Let's look in the vaults."

The argument looked good. Two of the three top money-makers — "Beverly Hills Cop" and "The 10 Commandments" — were remakes.

There is nothing new about redoing old films. "Alice in Wonderland" has had five film versions. "Quo Vadis" and "The Spoilers" have been turned out four times. "Romeo and Juliet" has also been made four times, not including the current "West Side Story" version.

The records show a host of three-timers — "Rose Marie," "Girl of the Golden West," "Hunchback of Notre Dame," "Anna Karenina," etc. The all-time champ may be "Les Miserables" with six versions.

With these precedents, producers have been filming more remakes than ever before.

The returns in the past year or so have not been too good. MGM got rich on two big ones, "Amarron" and "The Four Horsemen of the Apocalypse." Both had only fair success at the box office, not enough to offset their immense cost.

Two of Hollywood's great directors tried redoing their old hits.

Certain Professions Eligible for Benefits

LANSING — Gov. Swainson has signed a bill enabling self-employed professional persons to take advantage of various benefits now available to employees of corporations.

By forming professional service corporations, they will be able to set up profit sharing, pension and deferred retirement plans as well as take advantage of various investment and deferred compensation opportunities.

Only those in professions requiring a license or other legal authorization may join such a corporation.

The bill was supported by the Michigan State Medical Society, the State Bar of Michigan and the Michigan Association of Professionals.

Another bill signed by the governor yesterday grants real property tax exemption to landing areas of privately owned airports if they are open to the public without charge.

Most of Houston Takes Sabin Tabs All in One Day

SAN ANTONIO, Tex. (AP)—Nearly half a million San Antonio residents took Sabin oral polio vaccine Thursday in a mass move to avert a possible epidemic.

"The campaign was a fantastic success," City Manager Jack Shelby said.

Health officials counted 494,141 people who ate sugar cubes saturated with the vaccine at 40 stations. San Antonio has a population of about 600,000.

Doctors organized the campaign after the city recorded its 12th case of the year last week. There had been two a year ago.

Candidates for public office in Montana are not permitted to spend more than 15 per cent of one year's salary for their election campaigns.

Rep. Judd Decides He'll Run After All

MINNEAPOLIS, Minn. (UPI)—Rep. Walter H. Judd, R-Minn., bowed to the wishes of GOP friends yesterday and reversed his decision against seeking reelection to Congress.

Judd, 63, and a 20-year veteran of Congress, was keynote of the 1960 GOP national convention.

He was expected to be an easy winner of the Republican nomination in the revamped 5th District and face Democratic State Sen. Donald Fraser, former law partner of Agriculture Secretary Orville Freeman, in the November election.

National forests of the U.S. have an area of about 161 million acres.

British Prison Guards Threatening to Strike

LIVERPOOL, England (AP)—British prison guards are threatening a go-slow strike, which would let convicts spend most of their time rolling around in bed.

The call for the campaign was aired at a Prison Officers' Association meeting Thursday to support the guards' demand for a 10 per cent pay raise. They now average \$30.24 a week.

Eruption on Pacific Isle

TOKYO (AP)—A minor eruption at Mount Mihara on tiny Oshima Island, 75 miles south of Tokyo in the Pacific Ocean, was reported today.

The eruption lasted several minutes, police said. No casualties or damage were reported.

Two Escapees Put Hands Up

Back Behind Bars in UP After Holding Family at Gunpoint for Hours

MARQUETTE (AP)—Two convicted forgers who fled a prison camp May 22 are back behind bars today, nursing blisters and infect bites from their 11 days of illicit freedom in swampy Upper Peninsula woods.

Footsore and hungry after being hunted through the night, Donald Askey and Edward Westlake surrendered yesterday to two Delta County deputies on a gravel lumbering road into Perkins.

It was in a cabin near Perkins that Askey and Westlake held Jack Desotell, his wife and two children at gunpoint Wednesday, waiting for darkness to cover their escape to Wisconsin.

Desotell said the intruders ordered him to fetch cigarettes from a store, threatening to kill the

wife and children if he reported them to police. Desotell drove 20 miles to the Gladstone State Police Post.

State police sped to the house to find the woman and children alone and unharmed. The gunmen had panicked 30 minutes before and fled on foot, leaving a rifle and pistol behind.

National Guardsmen joined deputies and state troopers combing thick woods between Perkins and the Rapid River.

A state police dog traced the pair to a creek, but lost the scent there.

A roadblock sealed a bridge across the Rapid, and county roads defining the area were patrolled. The two were trapped.

The hunt ended when the three convicts walked toward deputy Hector Larson and his companion, a dog-catcher serving as deputy. The wanted men held their hands in the air, making no attempt to use the 22-caliber pistols they carried.

Collective bargaining for higher wages and other employment concessions was deemed illegal in the U.S. as late as the early 1960s.

More player contracts were signed yesterday in the National Football League, National Basketball Association and Canadian League. In the NFL, quarterback King Hill and center Howard Keys inked their 1962 parts with the Philadelphia Eagles. On the NBA front, the New York Knickerbockers signed Ken Stanley from University of the Pacific and the Boston Celtics signed Jack (The Shot) Foley of Holy Cross. Neil Thomas, former Hillside College teacher, signed his contract with the Winnipeg Blue Bombers of the Canadian football league.

Eddie Macdon and Cleveland Williams agreed Thursday to meet in New York's Madison Square Garden on Saturday, June 3. The 10-round bout, which will be nationally televised, was originally set for Feb. 16, but had to be postponed due to a training injury to Williams.

Don Castle, middle-distance runner from Ulicia, and Sherman Lewis, star football halfback, have been elected co-captains of the Michigan State University track team for the 1962 season. Lewis is MSU's top sprinter. Castle, the squad's top half-miler, was awarded the annual Knoppen trophy for "hard, honest effort and team value."

Manager Gene March of the Philadelphia Phillies, hospitalized two days ago with bronchial trouble, was released from the hospital yesterday and will join the team in about three days, his doctor said.

Mike Applegate was named the outstanding senior athlete at a Charleston High assembly yesterday. Ron, his brother, was selected track most valuable and Mike Simmons was honored as point leader of the track.

John Henry Johnson and George Dembo of the Steelers and defensive back Jim Welch of Baltimore have signed for 1962.

Tom Barry, trainer for Joseph O'Connell, has a perfect record in the Belmont Stakes. He saddled Cavan in 1958 and Celtic Ash in 1960 for O'Connell. Both won the mile and a half race.

George Kell and Ernie Harwell have been signed through 1965 to handle the baseball telecasts of the Detroit Tigers. Kell was a former Detroit Tigers ball player.

All-Star Team on Sidelines

NEW YORK (U-P) — You could field a potent All-Star team from baseball's growing hospital list.

Veteran baseball men say they can't recall when so many top name players have been knocked out of action by injuries and assorted ills as at the present season.

If you could patch up all the cracked bones and smooth out all the torn muscles, it might be possible to get a better all-star team from the current crop of players than from healthy men in uniform.

The squad was rounded out over the week-end by the addition of outfielder Al Kaline of Detroit, the youngest man ever to win the American League batting title, and Earl Batley of Minnesota, rated among the best catchers in the majors.

The Armies All-Star squad would stack up something like this:

OUTFIELD — Mickey Mantle, New York Yankees. (Muscular tear in the right thigh.)

OUTFIELD — Al Kaline, Detroit. (Broken collarbone.)

OUTFIELD — Minnie Mingo, St. Louis. (Skull fracture and broken wrist from running into a concrete wall.)

FIRST BASE — Joe Adcock, Milwaukee. (Pinned nerve in the back.)

SECOND BASE — Frank Bolling, Milwaukee. (Pneumonia.)

THIRD BASE — Gene Freese, Cincinnati. (Broken ankle.)

SHORTSTOP — Ernie Banks, Chicago Cubs. (Hit on head by pitched ball.)

CATCHER — Earl Batley, Minnesota. (Split finger.)

PITCHER (LH) — Whitey Ford, New York Yankees. (Shoulder.)

PITCHER (RH) — Frank Lary, Detroit. (Shoulder.)

RELIEVER — Luis Arroyo, Yankees. (Strained left elbow.)

Frank Lary Will Try to Put End to Indian 'Uprising' Tonight

Baseball Meet Resumes Tonight

Postponed last night by wet grounds, the Pontiac Parks and Recreation-Pontiac Press Invitational Prep Baseball Tournament will try again tonight to hold its semifinals.

Bloomfield Hills and Southfield are matched at 5:30 and Northville vs. Royal Oak Kimball at 7:30 at Jaycee Park.

The winners will clash Saturday at 7:30 p.m. for the championship following a 5:30 3rd place battle between the losers.

A team trophy and individual medals for all the players will go to the title team. A most valuable player award will also be presented.

None of tonight's boys played each other during the regular season but Northville whipped Bloomfield twice on the way to the Wayne-Oakland crown.

TOP POWER Kimball and Northville displayed the top hitting power in the Memorial Day openers. All four got good pitching and defense.

Southfield defeated Pontiac Northern 3-2 although held to two hits by Tom Zak. Bloomfield Hills slipped Farmington Our Lady of Sorrows 2-0.

Northville whipped Kettering 7-2 and Kimball edged Pontiac Central 7-6.

Roy Rice had a homer and single, Craig Bell and Joe Hay combined for five singles to pace Northville. Southfield flycatcher John Francis made the fielding play of the day with a running, one-handed grab of a long ball by Northern's Jim Kimball for the final out preventing a tie. Huskie Gary Hayward had a double and single. Brian John Augustin went up just two singles and a walk while fanning seven and led his own attack with a double and single. Hard-throwing Steve Wilson best PCH despite wildness. Gary Weckerly had two singles.

Powerful Romeo High closed its season with a 12-2 rout of Oxford yesterday to finish 12-2.

Mark Johnson won a five-hitter in the game which was held to five innings. Ron Magnot and Keith Simmons had two hits apiece and Blaine Hixon slugged a three-run homer. Freshman Roberts was the loser.

IRON MAN — John Kerr, from Royal Oak, jumped 19 innings yesterday to pace Michigan to NCAA District 4 tournament wins over Illinois and Western Michigan. The Wolverines met Western today with the winner advancing to the national championships in Omaha.

Iron-Man Stint Puts 'M' in District Playoff Final

KALAMAZOO (U-P) — Michigan's out with a record of victories in a single season.

Kerr, from Royal Oak, scattered 13 hits in dumping Illinois, the only team to lose in the tournament, to five hits in 10 innings for a 2-2 Michigan victory.

Today's game is a rubber match for the two teams. From the first day of the tournament, Western nipped Michigan 6-5. Yesterday's two triumphs ran Michigan's victory total to 26 this season, a school record.

University of Detroit, the first team to be eliminated from the four-team competition, also bowed out with a record of victories in a single season.

MIDAS MUFFLERS

ARE GUARANTEED

FOR AS LONG AS YOU OWN YOUR CAR

Once a MIDAS Muffler is installed on your car, it is the last muffler you will ever pay for as long as you own that car. That's what the MIDAS guarantee means!

If ever replacement is needed you will pay nothing for the muffler itself, only a service charge.

Only MIDAS offers this guarantee, good at all MIDAS shops wherever you drive from coast to coast... and at no extra cost! Call MIDAS and your costly muffler problems end for all.

Chiefs Seek Oakland County Honors

Will Pontiac Central regain the championship it lost last year? Will Ferndale's Doris Reid miss the meet for the second straight year?

Will Clem B. runners steal the show in the mile? These and other questions will be answered Saturday afternoon and evening during the third annual All Oakland County track meet at Southfield High.

The preliminaries in the running events will get under way at 5 p.m. The finals will start at 8 o'clock. Field events will start at the same time as the preliminaries and continue until champions are determined.

Pontiac Central won the team title the first year the meet was held. Waterford made off with the crown last spring, but it is very doubtful if the Skippers will make a serious challenge this time.

Ferndale and Birmingham Sea-holm will join the Chiefs as contenders for the championship. Walled Lake and Bloomfield Hills are rated dark horses.

Will he RUN?

Ferndale's hopes ride on the legs

of the fleet-footed Reid. He missed last year's meet because of an injury and the same thing may happen again.

Reid failed to defend his state 100 and 200 yard sprints last weekend because of a pulled leg muscle. Should he be in good condition, records in both his events could very easily fall.

He holds the 100 mark at 10 seconds and the 200 mark at 22 seconds last year.

Milford's Ted Nelson is favored to top the mile. Dan Kelley of Oxford is expected to chase him across the finish line. Both compete for Class B schools.

Nelson has a good opportunity to break the 4:27.8 record set last year by Waterford's Mike Kaines.

Another record that may fall is the 1:31.4 in the 200 relay. Seaholm currently holds the mark in this event and the

Mapes are in a position to lower the standard.

Bloomfield Hills crack half-mile quartet is capable. So are relay teams from PCM and Ferndale—providing Reid is anchor man.

Only two standards appear safe. The 147 high hurdles mark set by PCM's Leon Pevens in 1960 and 61 feet 8 1/2 inches in the shot by Central's Brandell Pritchett last year.

This year's event is being sponsored by the Southeastern Oakland County Fraternal Order of Police. All events will be named after 13 superintendents of schools. The field is located at Ten Mile and Lahar Roads.

Mosely Paces I-L Track Victory

Walled Lake High School proved to be a terrible host to the Inter-Lakes track meet yesterday.

The Vikings, paced by most standout Norm Mosely's 15 1/2 points, totaled 47 1/2 for Farmington, 32 1/2 for Southfield, defending champion Waterford's 28, 20 1/2

for Pontiac Northern and 20 1/2 for Berkley.

Walled Lake chalked up five 1st place including a 10.3 100 and 25.3 200 by Mosely. Ray Nelson won the 800 in 2:04, Jim Webb took the 440 in 82.7 and the mile relay boys triumphed.

PNH won three events, Farmington two, Waterford, Southfield and Berkley one apiece.

John Harris of the Huskies, 2nd among individuals with 11 1/2 points, took the high jump at 5-9 and the broad jump at 20-11 1/2. The Red and White 880 relay team was 1st in 1:34.2.

Chuck Cole got the lone Waterford victory with 20.9 for the 100 hurdles. Dennis Lamb, Southfield, put the shot 48 feet, 8 inches. Pole vault honors went to Berkley's Bill Barrett at 11-6 1/2.

Pacing Farmington were Frank Patterson and Steve Hunt. Patterson took the high hurdles in 15.3

and Hunt headed the milers in 4:30.7.

The meet was held in between showers. There were no records set.

EAGLES TRIUMPH

Orchard Lake St. Mary finished with a 5-4 record by nipping Oak Park 53 1/2 to 53 1/2. A 4-0 slate featured the Eagle triumph with Larry Nowelski 1st in 56.8 followed by John Kistela and Fred Bismarck.

Robb Rubin of the Kewers won the low hurdles in 18.2 and the pole vault at 10 feet to top the individual scoring.

The I-L summary:

Shot-Dennis Lamb (B), George Iwan (W), 44.3; Discus-Steve Lamb (B), Gary Alderson (W), 152.4; Javelin-Bill Barrett (B), Green (W), 110.7; 100-Yard-Dan Kelley (O), 15.8; 200-Yard-Dan Kelley (O), 22.0; Carlin Top Driver at Harness Track

There may be a new driving champion at Hazel Park this year. With the meeting going into its final two weeks, Ken Carlin has taken over the lead from Bob Williams and is making a determined effort to stay ahead.

Leading the driver's race is no new experience for Carlin. The 33-year-old driver grabbed off the laurels here in 1954 and has always been a solid campaigner. He bypassed the track in the ago to race in Chicago and in the east but returned this year with a strong stable of California pacers and trotters. He's moved up the leading driver list since the season opened.

Still in challenging position are Williams, who has held the lead for most of the year, and Dele Cameron, the defending champion. Cameron shipped up from Pinehurst, N. C. after the start of the season and now is in third place. Rounding out the top five are Eddie Wheeler and Harold Fisher.

California Nether Reaches Semifinals

SUBRITON: England (AP)—Carole Caldwell, 18, from Santa Monica, Calif., downed Ethne Green of New Zealand 6-3, 6-4 Thursday and moved into the semi-finals of the Subriton Tennis Tournament.

Margaret Varner of Wilmington, Del., a member of the U.S. Wightman Cup team, unexpectedly lost to Mrs. Vera Roberts of Britain 2-6, 7-5, 6-3.

Angela Mortimer of Britain, the reigning Wimbledon queen, and Anne Smith of New Zealand are the other semifinalists.

Ward, Owner Split \$124,515

Two Divide Top Purse

INDIANAPOLIS (AP)—Driver Roger Ward of Indianapolis and owner Bob Wilke of Milwaukee are dividing a record purse of \$124,515 for winning the 500-mile race at the Indianapolis Motor Speedway.

Wilke shared in the two biggest slices of the record \$324,202 payoff at the annual victory dinner Thursday night. He also owns the car which Len Sutton of Portland, Ore., drove to second place Wednesday for \$44,566 in prize money.

The third biggest prize, \$33,316, went to Parnelli Jones of Torrance, Calif., who finished seventh. His total included \$18,000 for leading on 120 of the 200 laps the race at \$150 a lap.

OTHER LEADERS

Ward led on 66 laps and Sutton on nine. The other leaders were Roger McCluskey of Tucson, Ariz., three laps and A. J. Foyt Jr. of Houston, two laps. Besides his share of the championship money, Ward picked up a long list of prizes, including a \$5,000 Sudebaker Avant! sports car.

Foyt, who got \$117,000 of the

Zaharias Open Has 46 Entries at Beaumont

BEAUMONT, Tex. (AP)—A field of 31 pros and 15 amateurs headed by defending champion Mary Lena Faulk of Sea Island, Ga., moves out today in the opening round of the \$7,500 Babe Zaharias Women's Open Golf Tournament.

NAMED FAVORITE

Miss Faulk was tabbed as the favorite even by her competitors. She has been shooting close to par 73 in her tuneup rounds over the 6,219-yard Beaumont Country Club course.

Mickey Wright, Ruth Jensen, Betsy Rawls, Louise Suggs and Marilyn Smith were others rated highly. Miss Rawls won the 1959 and 1960 tournaments.

Patty Berg was the only top pro player not in the field here. She didn't enter the tournament because of business commitment.

FROM TOP TO BOTTOM...THE Newest BOAT EVER BUILT!

OMC
17 deluxe

See your dealer NOW!

Get ready to change your ideas about boats! We did, to build this one... a boat that looks, handles and rides like no other... the first complete three-point inboard runabout ever designed for family boating. Five passengers enjoy easy-chair comfort at thirty miles an hour in a far smoother, drier ride than in any conventional V-bottom boat. The OMC 17 won't ship water on any quarter... banks less than ten degrees on turns, without sliding... won't tip on water or land! Built-in flotation makes it virtually unsinkable. Here's a seventeen-footer with more usable space than many boats of greater length! Complete appointments include a power operated, tilting windshield, convertible top, and built-in storage compartments for all your gear—even water skis. The instrument panel contains a speedometer,

tachometer, ammeter, fuel gauge, oil and temperature warning lights, cigarette lighter and rudder direction indicator. Switches control the power-tilting windshield, windshield wiper, bilge pump and ventilation blower, horn, running lights, and power-tilting stern drive unit. Electric power shifting and throttle are combined in a single lever to control the new stern drive. The quiet, compact 80 hp V-4 two-cycle engine gives you faster take-offs plus a far more favorable power-to-weight ratio than bulky four-cycle engines. In addition, an independent engine oiling system means no gas-oil mixing! All this—and more—is standard equipment in a runabout that makes pleasure boating everything you've ever wanted it to be!

FOUR TO THREE — Led by manager Walt Alston, Leo Durocher (left) and batter Jim Gilliam are outnumbered by the umpires in a discussion of a pitch in the first inning of last night's game between the New York Mets in the Polo Grounds. Umpire Tom Gorman sets the Los Angeles manager straight while umpires (from left) William Jackowski, Ed Sudol and Al Forman stand by. The Dodgers won, 6-3.

Reds on the Move in NL Flag Chase

By The Associated Press
It's still the powerful San Francisco Giants and the dazzling Los Angeles Dodgers hunched at the top of the National League. But the surprising Cincinnati Reds, who took it all last year, are on the move.

The Reds clicked again Thursday, beating Milwaukee 14 behind steady pitching Bob Purkey and resurgent slugger star Frank Robinson. Purkey became the majors' first nine-game winner with a double and a decisive three-run homer.

Meanwhile, things got even closer at the top as the Dodgers won their 11th straight and the Giants saw their string stopped at seven victories.

Willey in the third and he powered Cincinnati into a 7-2 lead in the seventh with his homer, which followed singles by Don Blasingame and Marty Keough.

Robinson, whose prolonged slump had him under .200 not long ago, has finally found the range. Thursday's two hits gave the rangy outfielder 14 for his last 28 at bats and raised his average to .288.

Brown Again on Spot in NFL Forecast

By OSCAR FRALEY
NEW YORK (UPI) — It won't come as any surprise to Paul Brown, although it may secretly aggravate the coach of the Cleveland Browns, that he is being readied today for his annual spot on the spot.

Apparently it was inevitable, in view of the fact that Cleveland obtained Syracuse's Ernie Davis to go with crumpling Jim Brown. Anyhow, all of the pre-season grid magazines will pick the Browns to roll right over everything.

It's seemingly overlook a little matter, namely defense, even though it long has been proved in pro football that you can score all you want but you'll go under if the other team scores more because of your weak defense.

Possibly it's the price of success, but Brown hasn't made the playoffs the last four years. It has resulted in growing rumbles as to whether he has "slipped."

Brown can stand on his record completely unshaken, even his record of the last four years when

the Polo Grounds. Umpire Tom Gorman sets the Los Angeles manager straight while umpires (from left) William Jackowski, Ed Sudol and Al Forman stand by. The Dodgers won, 6-3.

as the favorite of the gridiron soothsayers — he finished tied for first only to lose a playoff, twice second and a photo finish third last time out.

He'll have his troubles this year, too, because defensively the Browns are on the thin side. He has two experienced linebackers in Gale Sayers and Vince Costello. But Walt Michaels retired and Brown had to give up Dave Lloyd to De-

troit as part of the deal which got him quarterback Jim Nowowski for Milt Plum.

If he can't deal for a front line linebacker, he has to be in difficulty because in the pro leagues you don't make it with rookies.

One item on Brown's side is that the remainder of the league is jumbled, too. The Giants are a question mark after their 17-0 playoff loss to Green Bay. Their problem is development of an offensive line. Philadelphia is in the same unprogressive ship.

St. Louis has a heap of injuries. Pittsburgh lacks the offensive power it seemingly will need; Dallas is too young to make a big bid and Washington faces another rough season despite a good backfield.

Brown's problem has been in finishing so high for so long that he has to sit on his hands during the annual draft until the cream has been skimmed off the top. That's because the lowest teams get the first draft choices.

Another unconsidered item is that coaching has reached dizzying levels. Instead of Brown "slipping" it's merely a case of the rest having built up to where they can compete with him. His record proves what a chore that has been.

Brown started in pro ball by winning four straight championships, all there were. In the now defunct All-America Conference. Stepping into the National League, he took six straight division titles and three championships. He finished fourth in 1956 and won the division title again in 1957.

As a pro coach, he has won 150 against 47 losses and seven ties. His overall mark, including games at Seven Prep (16-1-1); Massillon, O. High School (10-2-1); Ohio State (18-4-1) and Great Lakes (15-2-2) is 230 victories against 68 defeats and 13 ties.

It's apparent that he's really slipping — right into the football history books.

Baseballers Sought in Two Communities

The call is out for baseball players in the Walled Lake and Union Lake areas.

Walled Lake's 1st American Legion Junior team will begin work Sunday at 2 p.m. at Smart Junior High. Boys living in that sector who will not be 19 years old before Sept. 1 are eligible to tryout. All those interested should report to manager Clair Wain.

Businessmen around Walled Lake and the Pontiac Cook-Nelson Post will co-sponsor the team.

At Union Lake, the Oxbow FVFW Post at 321 Union Lake Rd. will be the location for registration and tryouts starting Saturday at 10 a.m. for the Union Lake Babe Ruth League.

Babe Ruth candidates must be 12 to 15. They are required to bring practice equipment and be accompanied by a parent or guardian. More information can be obtained by calling C. Beers at EM 2-3004.

\$5 Million Gate Now Anticipated for Floyd-Sonny

CHICAGO (AP)—Promoters of the Floyd Patterson-Sonny Liston heavyweight championship fight in Chicago Sept. 25 predict it will bring in gross revenue of more than \$5 million.

The fight will be staged in Comiskey Park which has 65,000 temporary seats, plus 10,000 permanent seats that can be added.

Tickets will range from \$100 down to \$10, all on a reserved basis, but the biggest slice—an estimated \$4 million—will come from closed circuit television shown in theaters across the country, with Chicago blacked out.

The estimate on gross revenue—the money received before expenses—was made by Al Bolan, vice president of Championship Sports Inc., the promotion syndicate handling the fight.

Champion Patterson will receive 45 per cent of the live gate and 55 per cent of the ancillary rights including radio and television charges. Liston will receive 12 1/2 per cent of the live gate and ancillary rights with a \$300,000 guarantee.

Three Boxers From Michigan Among Ratings

NEW YORK (AP) — Three Michigan boxers were ranked among the top 10 in their class in the latest ratings by Ring Magazine.

Muskegon's Kenny Lane was ranked eighth in the lightweight class; Ted Wright of Detroit, third among welterweights; and Henry Hank of Detroit fifth in the middleweight class.

Pone Kingpetch of Thailand was named the "fighter of the month" for May on the strength of his latest victory in the flyweight division.

Kingpetch successfully defended his 112-pound crown by winning a unanimous decision over Kyo Noguchi of Japan Wednesday in Tokyo.

Just Help Him Work Them Out

Parents Worry About Child's Problems

By LESLIE J. NASON, E.D.D.
Professor of Education,
University of Southern California

Some students worry so much about accuracy that they rarely have time to finish a test. Other students have just the opposite problem, as this letter will attest.

Dear Dr. Nason:

My 11-year-old son will not slow down in his work. He has sacrificed accuracy in order to gain speed.

He thinks it is important to get DR. NASON

J.S., Portland, Ore.

Why try? It is not necessary for your son to give up his goal of speed in favor of accuracy.

Instead, have him concentrate on accuracy as he does his work and as he takes tests.

Have him look for the kind of mistakes he has been making. Then have him try to avoid this kind of error. This way, he can have his cake and eat it too.

Dear Dr. Nason:

My 12-year-old son is having a conduct problem in school. He seems to feel he is never wrong. He argues with everybody. What can I do?

Mrs. C.G. St. Louis

Your son's behavior stems from a feeling of insecurity. He just cannot bring himself to admit he is wrong.

The solution is to surround him with security and affection. Make it clear to him that he is your son and that you love him even when he makes mistakes.

If possible, discuss the problem with him.

Get him to set a goal of becoming a big enough person to allow other persons to hold their own opinions. And also get him to admit his own mistakes.

When he does, tell him:

"I am glad to hear you say that. Now we know you are a human!"

(If you have a question for Dr. Nason, write him in care of The Pontiac Press. He will discuss in his column those of most general interest.)

Red China Launches Drive to Block Early Marriages

TOKYO (AP)—Communist China, its 670 million people plagued by serious food shortages, has started a campaign to discourage youth marriages.

The official reason is the same given for its program of birth control: The health of individual China. The effect of both, however, is to put brakes on an exploding population.

The campaign against early marriage is being waged by the China Youth News, a publication which reaches most of the young people of the nation.

Besides printing letters from readers who requested their early marriages—"I have become so thin that I seem to have only bone but not any flesh"—the paper carried an article on the subject by Yeh Kung-Shan, dean of the department of public health of Peking Medical College.

He said the comparatively ideal age for marriage was 23 to 27 for girls and 25 to 29 for men. The Red Chinese marriage law sets the minimum legal age at 18 for a girl and 20 for a boy.

The reader who said he had wasted away to nothing but skin and bones was Liu Fa, who at 25 has been married 12 years and is the father of five children.

He was under 16 when the first baby was born. His wife, who at 26, "is very weak owing to too many childbirths and often falls ill," he wrote. The first three children were not able to walk until they were two years old.

Liu Fa said he now suffers from a nervous disease, dizzy spells and has a poor memory.

"Such experiences have caused me to feel that one will have nothing to gain but everything to lose from early marriage," he said.

JACOBY ON BRIDGE

BY OSWALD JACOBY

I am indebted to Leon Levenson of Jackson, Miss., for today's hand.

It is a fine example of the technique of making an unfortunate play first and thinking afterward.

South did think for a second before playing the ace of hearts from dummy at trick one. His play of the deuce of hearts from his own hand was automatic.

He led dummy's ace of spades next and when East discarded a heart South went into a long huddle. The huddle was fruitless. There were any number of lines of

His ace of hearts play at trick one was correct, but his deuce of hearts play cost him the hand. If he had stopped to think, he would have dropped the queen.

Then he could have played five rounds of trumps, the ace and queen of diamonds and overtrump the ace of hearts with dummy's ten.

East could put on the king or duck, but there would be no way to lose South from making five spades, two hearts, four diamonds and one club for a total of 12 tricks.

East could put on the king or duck, but there would be no way to lose South from making five spades, two hearts, four diamonds and one club for a total of 12 tricks.

East could put on the king or duck, but there would be no way to lose South from making five spades, two hearts, four diamonds and one club for a total of 12 tricks.

play at his disposal, but they had one thing in common. Not one of them would give him his contract if East defended properly.

Eventually, South did play, did go down and did complain about his hard luck. His hand and luck was totally unnecessary. Yet he created it.

Do you see where South went wrong?

Astrological Forecast

By SYDNEY OHARR

"The wise man controls his destiny. Astrology points the way."

ARIES (Mar. 21 to Apr. 19): Troublesome Lunar-dominant emphasis on area of chart dealing with contacts. Ideas, self-expression. New Moon stresses activity. BALANCE: MARS.

Taurus (Apr. 20 to May 20): New Moon points to stress on ability to make the most of what you have. Creative activities. New Moon stresses activity. BALANCE: MARS.

GEMINI (May 21 to June 21): No rest for second week. This doubly emphasizes that you are "in" your soulful sign. Stress confidence and creative activities. New Moon stresses activity. BALANCE: MARS.

CANCER (June 22 to July 21): You will see how much you can do. This highlights area of chart dealing with contacts. New Moon stresses activity. BALANCE: MARS.

LEO (July 22 to Aug. 21): May be the best time to be "in" your soulful sign. This highlights area of chart dealing with contacts. New Moon stresses activity. BALANCE: MARS.

VIRGO (Aug. 22 to Sept. 21): New Moon stresses activity. BALANCE: MARS.

LIBRA (Sept. 22 to Oct. 21): No need to be idealistic. Live up to what you are. This appears "unpopular," but the allies you have will come to your aid. New Moon stresses activity. BALANCE: MARS.

SCORPIO (Oct. 22 to Nov. 21): New Moon in part of chart emphasizing strength, willingness to leave to "your own talent." But better take care in connection with contacts. Wait, it says.

SAGITTARIUS (Nov. 22 to Dec. 21): An offer could be made, and it will be attractive. But Astrological Forecast stresses "wait." Your own judgment, could be better. CAPRICORN (Dec. 22 to Jan. 19): Stress on that you can do for others rather than what they can do for you. SERVICE is key. Trying to push for your own way could be misinterpreted by those who "count."

AQUARIUS (Jan. 20 to Feb. 18): Favorable Lunar aspect today means associations with members of opposite sex. Enthusiasm. Wonderment. Night. Good for creative hobbies. Aries.

PISCES (Feb. 19 to Mar. 20): Push what is in your heart and then make some resolutions, even though this is not the "Year." Today is time to start up map program leading to ACHIEVEMENT.

IF BIRTHDAY IS YOUR BIRTHDAY: Your intellectual curiosity one of greatest assets. This much you are willing to accept added responsibility in business and family life.

GENERAL TENDENCIES: New Moon, other indications stress change, conversion, messages, exchanges between persons and nations. Nothing too personal indicated. "New Moon" day is regarded as part of so-called "game."

BEACH CLEANER—Initial operation of a welded steel basket suspended on cables began yesterday at Long Lake in Commerce Township that is expected to reduce the cleaning of beaches by about one-third the time. The Sheron Scoop, developed

by Walter Schofield of Johnston, Ohio, travels back and forth on the cable dragging material from or into the lake which ever is desired. The cable is suspended between a winch on a truck and an anchored World War II "Amtrac" in the lake.

Graduation Talk Scoop May Speed Up Next Thursday Long Lake Restoration

141 Lake Orion Seniors to Hear Grosse Pointe School Superintendent

LAKE ORION — James W. Bushong, superintendent of schools in Grosse Pointe, will be the commencement speaker in 8 p. m. graduation ceremonies next Thursday at Lake Orion Community High School.

Sharing the honor of presenting diplomas to the 141 seniors in the school auditorium will be School Board President Richard Young and trustees Robert Sheardy and James Bagshaw. Sheardy and Bagshaw both have sons in the graduating class.

Bushong has been a visiting professor in education administration in summer sessions at the University of Michigan, Central Michigan, Western Michigan, Wisconsin and Syracuse.

He was one of several school administrators who toured Europe and the Soviet Union last year. He has been active in the Metropolitan Detroit Bureau of School Studies and the Mid-West Airborne Educational Television Project.

Before assuming duties as Grosse Pointe school superintendent in 1951, Bushong served in the U. S. Navy for four years. Prior to that, he was a teacher, coach, principal and superintendent in several Oregon schools.

Levy, Bond Issue Backed by PTA's Avondale Council

The Avondale Parent-Teacher Association Council last night went on record in support of the millage proposal and bond issue on the June 11 school ballot.

The PTA leaders also decided to help the Citizens School Study Committee campaign for approval of the issues.

A five-year operating millage increase of five mills for three years to be followed by three mills for two years is asked by the board of education to pay for additional teachers required by increasing enrollments.

Approval of a \$1.25-million bond issue to finance school additions and a new elementary school also will be asked of voters.

No tax increase would be involved in the bond issue for three years, after which a 1.3-mill levy would go into effect, keeping the total five-year package at five mills or less.

Area Couple to Aid Unit With Choral Festival

PONTIAC TOWNSHIP — Mr. and Mrs. Walter P. Konec of 622 Ashburnham Road are members of the reception committee of the Serbian Singing Federation of America which will hold its 21st annual national choral festival tomorrow and Saturday in Detroit.

The first concert will be 7 p. m. tomorrow at the Latin Quarter. Following a banquet 1 p. m. Sunday at the American Serbian Hall, a second concert will be presented there at 3:30 p. m.

BY JIM LONG
COMMERCE TOWNSHIP — A piece of equipment that operates much like a cable car may well be the answer to one of the worst problems faced in the restoration of Long Lake.

The equipment is the Sheron Scoop, the problem, cleaning shallow areas near beaches where, in the past, every machine bogged down in peat and muck.

The specialized unit, developed by Walter Schofield of Johnston, Ohio, began operations for the first time yesterday at the much-publicized lake restoration project here.

It is expected to reduce the chore of cleaning the lake edges by about one-third the time it now takes according to Donald Rutter, vice president and project consultant of Waterways Control and Development Co. The Lansing firm was hired a year ago to design a model of the Sheron Scoop.

"This (the scoop) will make it possible for us to do more lakes a year and reduce the cost to lake-property owners who want their lakes restored," Rutter said.

Patented in '58, the Sheron Scoop, named for Schofield's 14-year-old daughter, took six years to perfect and was patented in 1958. This, however, is the first major job it has been used on.

Schofield's process is simple. The scoop, or bucket, travels back and forth on a cable. As it travels it moves material in either direction, making it possible to remove unwanted material from beach areas, or to bring in desirable fill from deep in the lake.

Mobility and ease of operation is achieved by anchoring one end of the cable-traveling in the water with the other end truck-mounted for use on the beach.

Rutter said plans already are being made to design a larger model of the Sheron Scoop that would have a capacity to remove as much as 30-50 yards of material at a time.

Schofield, 49, a retired Indiana State policeman, explained that while there is a unit similar to his on the market, his invention is different in that it doesn't drag anything back to the spot where he is working.

The scoop is being operated in conjunction with Waterways' 45-ton dredge that is pumping mud out of the lake.

Residents around the 146-acre lake in the northeast corner of the township hired Waterways last April after raising funds for the project by a door-to-door campaign.

Residents around the 146-acre lake in the northeast corner of the township hired Waterways last April after raising funds for the project by a door-to-door campaign.

The baccalaureate program, with Rev. Richard Stead of the American Baptist Church of Troy as speaker, is scheduled for 8 p. m. Sunday at the high school.

Varnier was named head of MSU in 1959 after two years of coordinating growth of the university as MSU vice president in charge of all off-campus programs.

He became the first vice president in MSU history when appointed to that position in 1955. He was director of the university's Cooperative Extension Service from 1952 to 1955 after joining MSU's department of agriculture economics in 1949.

A 1940 graduate of Texas A. M. College, Varnier served six years in the Army, leaving as a lieutenant colonel to become assistant dean of students at his alma mater. He later spent three years in graduate work in economics at the University of Chicago before joining the MSU staff.

Troy OKs Study of Pension Plans for Employees

TROY — City Commissioners have authorized City Manager David E. Frostholm to conduct a study of possible pension plans for city employees.

Frostholm had recommended such a study in his annual budget message. The budget, approved May 21, contained five-cent-an-hour pay raises for hourly rated employees and merit raises for department heads.

The City Commission also set June 15 as the date for a public hearing on special assessment rolls for three water line construction projects.

Plans for the projects call for all to be combined into one construction contract. Assessments will be on the basis of a 6-inch main in accordance with previous city policy, although two of the water lines to be built will be 8-inch.

Frostholm said the difference will be paid out of water department funds.

Residents around the 146-acre lake in the northeast corner of the township hired Waterways last April after raising funds for the project by a door-to-door campaign.

Pros, Cons on Annexation

Shelby, Utica Vote Monday

Pros and cons are zipping about with a great deal of heat in Shelby Township this week as the time nears for a vote on annexation of some 300 acres to the City of Utica.

Approximately 500 residents of five township subdivisions on Utica's eastern boundary will go to the polls Monday to decide if they want to annex, while Utica votes on accepting them.

A majority of "no" votes in either the city or township would kill the proposal.

In favor of annexation are Utica officials headed by Mayor Fred H. Beck; the Shelby Manor Civic Association which claims to represent the area's homeowners and which circulated the annexation petitions; and Utica school superintendent, Fred M. Atkinson, a resident of the area.

AGAINST IT
Dead set against it is Shelby Township Supervisor Lorin E. Evans, chairman of an antiannexation group that has distributed a "fact sheet" spelling out how the area will lose by joining Utica.

A public meeting at 7:30 p. m. today in the township hall has been arranged by Evans for further presentation of the township's case.

Hottest, but by no means the only issue is water. Utica, which anticipates Detroit water via a 24-inch main from Dequindre Road, by next May, has promised the area Detroit water at that time.

Evans claims the city can do no such thing until it negotiates with the township for access to the water main, which goes through the township.

RIGHT-OF-WAY OK
But Evans is wrong, says Beck. Detroit water board officials have assured him, he says, that no agreement with Shelby will be necessary because the main will be built along a county or state right-of-way.

Besides, Beck adds, annexation would mean a loss of revenue, in both local property tax and state aid, of \$15,000 to the Shelby School District if the move is approved.

The parents took their position," Culbert said, "right after the defeat of additional operating millage in April. They became alarmed over the education of their children."

Voters on June 18 turned down a request to increase operating taxes by six mills, funds that would have been used in part for the school.

Clarkston Players Doing 'Sabrina Fair'

CLARKSTON — The Clarkston Village Players will present the sophisticated comedy, "Sabrina Fair," tonight and Saturday night at 8:30 in the Little Theater of Clarkston High School.

Starring in the production is Sabrina is Sally Moore with Ernest Delone playing the part of her father, Fairchild. Other performers include Nancy Lasswell, Leo Moore, Neil Braun, Paul Bennett and Nancy Mow. Arthur Rose is the director.

Tickets for either performance may be obtained from members of the Players or at the door.

Evon-Proulx Rites

WEST BLOOMFIELD TOWNSHIP — Our Lady of Refuge Church, Orchard Lake, was the setting Saturday morning for the wedding of Shirley Ann Proulx and Robert Proulx, brother of the bride.

Following the ceremony a reception was held at the Westacres Community Home. Upon their return from a honeymoon trip to Northern Michigan, the newlyweds will make their home at Cass Lake.

Parents of the bride are Mr. and Mrs. Alfred Proulx of 2581 Honeycreek Road. The bridegroom is the son of Mr. and Mrs. Arthur Evon of Gladwin.

A full-length gown of silk organza over net and tulle was chosen by the bride for her wedding. It was fashioned with a portrait neckline, fitted bodice and a train of silk organza accented with satin roses.

Her fingertip veil was held in place by a tiny crown of seed pearls, and she carried a cascade arrangement of daisies and lilies of the valley.

Betty Parsons of Union Lake attended as maid of honor. Bridesmaids were Barbara Proulx, sister of the bride, and her cousins, Beverly and Paula Proulx.

Serving as best man was Thomas Wilson of Auburn Heights. The guests were seated by Thomas Selbach, fitted bodice and a train of silk organza accented with satin roses.

petitions were circulated in the first place because the township had ignored the area's problems, including storm and sanitary sewers as well as water. Utica can provide all of these, he says.

Evans, however, says the township had drawn up water system plans and prepared petitions to be circulated by residents as the next necessary step toward a water system. These were never

picked up, he says, but annexation petitions were circulated instead.

Evans also charges that promoters of the annexation turned to ward Utica when their efforts to gain control of the township government failed. Beck says he's sure that none of them has that in mind.

Evans further argues that annexation will raise taxes for the residents, possibly bring them annexments for Utica's new sewage disposal plant and storm sewers, and will lose them adequate fire protection and their police department staffed by officers trained in police schools.

Though allowing that the city's tax rate is higher, Beck answers that Shelby has a higher equalization factor and that approval of Evans' proposal to make Shelby a charter township would pay township taxes above the city's.

The storm sewers will be financed not by assessment but from general funds, Beck adds, and only those who use sanitary sewers will pay for the disposal plant. The city's fire department gives adequate protection, he says, and its police also have been professionally trained.

Evans, besides adding that the township also has plans for storm sewers, maintains that coordinated growth of the area is necessary, but that piecemeal annexation is unwise.

Novi School Area Group Filing to Join Northville

NOVI—The transfer of a large portion of the Novi School District into the Northville School District is being sought by a group of parents here that claim that their children cannot receive the proper education under the present operating standards.

More than 30 families, most of them living in the Echo Valley subdivision which borders the Northville District, have filed a petition for separation from Novi, according to Oakland Schools Superintendent William J. Emerson.

A public hearing on the matter is scheduled for 4 p. m. June 15 at the board of education office, 1306 N. Telegraph Road, according to Oakland Schools Superintendent William J. Emerson.

Residents of the area south of 10-Mile Road and straddling Beck Road are expected to attend the meeting along with boards of education from Oakland, Wayne and Washington counties. The Northville District takes in part of Washington.

Novi Superintendent Thomas Culbert said about 30 students, 40 of them of elementary school age, would be involved in the disconnection.

It would mean a loss of revenue, in both local property tax and state aid, of \$15,000 to the Novi School District if the move is approved.

The parents took their position," Culbert said, "right after the defeat of additional operating millage in April. They became alarmed over the education of their children."

Voters on June 18 turned down a request to increase operating taxes by six mills, funds that would have been used in part for the school.

Walled Lake to Consider Tax Rate Again Tonight

WALLED LAKE — The City Council will meet at 8 p. m. tonight for the third time this week to consider establishing the tax rate for the 1962-63 fiscal year.

The council already has approved a \$112,000 budget but members have been at odds in deciding the tax rate to be levied.

The council is split over reducing the rate to \$14 for each \$1,000 of assessed valuation or continuing it at \$15 a thousand.

Evans, besides adding that the township also has plans for storm sewers, maintains that coordinated growth of the area is necessary, but that piecemeal annexation is unwise.

Church Breakfast Set for Rochester Seniors

ROCHESTER — High school seniors affiliated with St. Paul's Methodist Church will be honored at a 7:30 a. m. breakfast Sunday in Friendship Hall.

The breakfast will be served by the Women's Society of Christian Service of the church.

ELECTION JUNE 25

Another millage election is scheduled for June 28, this time for five mills, but parents have indicated that even if the vote is favorable they still intend to fight separation from the Novi School District.

By becoming part of the Northville School District it has been estimated that taxes for these protesting residents would be increased by about \$5.

Currently the tax rate for operations in Novi is 25 mills for each \$1,000 of assessed valuation, the lowest in the county.

"This rate doesn't provide the opportunities for our children," said one protesting father.

Culbert admitted that the system will be working on an "average" program next year.

It's Time to Check Equipment for Summer of Picture Taking

By AP Newsfeatures

June could be a busy month for photo fans.

It's a time to go over camera and equipment for the strenuous summer and vacation season ahead.

It's a time to tidy up the new film and picture album of past shootings to clear the deck for the deluge to come.

And it's a time to warm up the shooting finger and the viewing eye for events such as Father's Day, June weddings and graduation activities.

When Father's great day arrives and Pop is in the center spotlight, it's time also for Mom to desert the kitchen and view the proceedings from behind the family camera.

And while he's playing "King for a Day," it could be that Mom's pictures turn out better than anything he's done lately. Even if he calls it "beginner's luck," it's worth trying.

HANDY TIDBITS
So for you ladies getting ready for the event, here are a couple

Robert Kennedy Petitions to Make 10 Reds Register

WASHINGTON (AP)—Atty. Gen. Robert F. Kennedy has petitioned the Subversive Activities Control Board to require 10 persons to register with him as members of the Communist party.

With this action Thursday the government opened another front in its campaign to unmask the party, its leaders and members.

The Supreme Court cleared the way for the Justice Department last June when it ordered the board to register with him as members of the Communist party.

Kennedy said in his announcement that the 10 persons were elected to the party's national committee in December 1959.

He identified them in separate petitions as:

THE LIST
William L. Patterson, 71, chairman of the party's New York City district; Betty Gannett Turney, 35, and William Albertson, 32, both of the New York party committee and board; all of Brooklyn.

Arnold Samuel, 58, New York state legislative director; Miriam Friedman, 41, Berkeley, Calif., former member of the North California district committee; and Louis Weinstein, 50, New York party committee and board member; all of New York City.

Albert J. Lima, 54, Oakland, Calif., chairman of the party's Northern California district; Rose Quinley Proctor, 41, Berkeley, Calif., former member of the North California district committee; and Dorothy Healey, 47, Los Angeles, Southern California district; and Burt Gale Nelson, 32, Seattle, Northwest National chairman.

Mrs. Turney and Weinstein were convicted in 1953 and served prison terms of two and three years respectively, on charges of violating the Smith act which prohibits the teaching of violent overthrow of the government.

The maximum penalty for failure of an individual to register is \$5,000 and a \$10,000 fine.

Find Bank Box Used by Estes

WASHINGTON (AP)—Federal investigators in search of names, cash or records have located a safety deposit box of Billie Sol Estes and are trying to learn if it was used by him.

One box was uncovered in a Texas bank, authorities disclosed Thursday, but they said neither Estes nor his lawyers showed any inclination to let investigators check the contents.

Only a court order could force surrender of the key or give investigators authority to open the box.

Officials are exploring in other directions. They hope to learn if he has other safety deposit boxes and are seeking evidence for a court order to permit an examination of any and all such repositories.

THOROUGH CHECK
They said the indicted promoter's financial files and records are getting a thorough going over, but that many entries are vague. For instance, checks drawn to "cash" or to himself in amounts up to \$50,000 sometimes more, are accompanied by no supporting entries or receipts to show what Estes did with the money, they said. Where the trail ends, said one informant.

Campaign contributions by Estes to politicians and political groups "once in a while" were found in the proper file, an informant added, but declined to discuss recipients' names.

The FBI, Internal Revenue and Senate Investigations committee all have agents at work here and in Texas, seeking to unravel the story of Estes' deals and his relationships with persons in government in a position to help him.

To Head U. of Philippines
MANILA (AP)—Carlos P. Romulo, former ambassador to the United States, was sworn in today as president of the University of the Philippines.

He took the oath of office at a ceremony in the presence of family and friends.

Romulo, 68, was born in Manila and served as ambassador to the United States from 1954 to 1958.

He was a member of the Philippine Senate from 1950 to 1954.

Romulo was a member of the Philippine Senate from 1950 to 1954.

A Job Awaits Him Today

Joe College Starting Higher

By HAL BOYLE

NEW YORK (AP)—Is Joe College getting spoiled? Many personnel executives think he is.

"University graduates today are not interested in starting at the bottom—they want a job as soon as possible,"

YOUR TREMENDOUS RESPONSE HAS MADE THIS REPEAT OFFER POSSIBLE

ORCHARD FURNITURE

Open Mon. and Fri. 'til 9 p.m.

- No Down Payment Needed
- 24 Months to Pay
- 90 Days Same as Cash
- Free Delivery
- Free Parking

HERE'S WHAT'S NEW IN '62

High Fashion! Unsurpassed Value!
Just Out and Ours Exclusively!

★ Sofa and Chairs Feature 4" Thick Block Foam Seats and 2" Thick Foam Cushioned Backs!

★ Long-Wearing Stunning Nylon Pile Frieze!

Here's new, excitingly different living room furniture... and only ORCHARD and famous GAINES of Tennessee could make this dream suite possible at this low price! Spacious 96" kidney shaped sofa, 2 massive circle pouf chairs and 4 thick foam decorator pillows in contrasting colors combine to give your home a smart new beauty treatment plus comfort beyond compare! Regular price will be \$399.00 after this sale!

Sofa, 2 Chairs and 4 Pillows,
Introductory Sale Priced at

\$299

SEPARATELY: Sofa, \$159
Chairs, Only \$85 Each

FINE QUALITY NYLON FRIEZE IN CHOICE OF DELIGHTFULLY VIBRANT COLORS:
GOLD, BROWN, TURQUOISE, WHITE, SAND, GREEN, PURPLE, BEIGE OR BLUE

Versatile Chairs
are Perfect in
Your Picture
Window, In Front
of Fireplace,
Truly Ideal in
Conversation
Grouping
Arrangements!

OPEN MONDAY and FRIDAY 'Til 9 P.M.

THE TREMENDOUS ACCEPTANCE OF THE ABOVE GROUP HAS INSPIRED THIS SECTIONAL

Dramatic New Beauty and Style! Featuring Nylon Frieze Cover and Foam Thruout!

**ULTRA-SMART 3-PC. SECTIONAL**

- Buoyant Foam Wherever Your Body Touches! 4" Thick Block Foam Seats and 2" Thick Foam Backs!
- Note the Over-Size, Gleaming Brass Finish Casters!
- After this Sale, Price Will Be \$349.00

It's a decorator triumph by Gaines of Tennessee... and a price-smashing bargain brought to you by our tremendous buying power! Marvelous comfort — Air soft foam wherever your body touches. 3 roomy sections with a wealth of detailing unrivaled at this price anywhere else. 2 foam throw pillows included. Over-size brass casters!

3 PC. SECTIONAL SOFA

\$269

Poufs Only \$85 Each

LOVELY NYLON PILE FRIEZE IN: RICH BLUE, BROWN,
TURQUOISE, KASHMIR, PURPLE

Do Cut Off Budget for MSUO

The University Oakland faces a budget Gov. Swainson's recommendation even if tuition increase, Chancellor D. B. today.

Air Stowaway at Anchorage Must Pay \$200

A 20-year-old Lake Orion youth who tried to ship himself by air as canned goods has been given a suspended 10-day jail sentence and \$200 fine in Anchorage, Alaska, after pleading guilty to disorderly conduct.

Two Bass on One Line Too Much for Fisherman

Dean Barker of Orchard Lake celebrating the opening of the 1962 bass fishing season in a big way. Barker got a double strike — hooking two bass with a single lure.

News Flash

PITTSBURGH (AP) — A crazed mental patient fatally shot a doctor in a veterans' administration hospital today and wounded a policeman during a gunfight.

Market Surge Settling Down After Recoup

Ticker Tape Lag Not at Big Pace of Monday, but Prices Easing

NEW YORK (AP) — The stock market showed signs of easing off in opening trading today from the spurt that by Thursday had restored deep early-week losses.

The market was irregularly lower in still active trading. The ticker tape lagged again, but not at the furious pace of previous days, running five minutes behind after a half-hour's trading.

Key stocks moved narrowly with a few gaining or losing \$2 or so. Analysts watched the market's action closely today for signs of direction after the immediate effects of the rebound were over.

In today's opening, American Telephone dropped \$1.15 to \$11.12 on a block of 10,000 shares. U.S. Steel slipped 63 cents to \$33.15 on 15,000 shares.

There were indications that some investors were selling at new higher prices to take profits from the recent rise, a practice that Thursday seemed to leak off steam from a rousing rally.

The exchange ordered brokers to have representatives on the floor Saturday to clear the great mass of paper work.

Profit taking cut into early gains and raised a threat to continuation of the forward march.

The American, Pacific Coast and Midwest stock exchanges also recorded big gains on heavy volume.

Butter Now \$1.83 Per Pound

MOSCOW (AP) — The Soviet Union today hiked consumer prices of meat and butter to finance the country's lagging agricultural program in the face of food shortages.

PAYS WITH LIFE — These photos of Adolf Eichmann were made as he faced the end that came to him last night with his execution on an improvised scaffold in Ramleth Prison near Tel Aviv, Israel, for his part in Germany's extermination of European Jews. At left is a picture, made in prison as he awaited trial. The other two photos were made as he listened to testimony during his trial.

World Taken by Surprise

LONDON (AP) — Israel's swift midnight hanging of Adolf Eichmann evoked surprise around the world today. Few expressed sympathy for the former Nazi officer, but the suddenness of his execution drew scattered murmurs of disapproval.

Across Europe, the frequent comment was: "It was about time." "He got no better than he deserved," said an elderly housekeeper in West Berlin, where Eichmann once directed the Gestapo department charged with carrying out Hitler's "final solution to the Jewish problem" — extermination.

"After all, six million Jews: what can you expect?" commented a messenger boy in Paris. "The least you can say was that it was a little bit of his fault, even though he said he followed orders," said a secretary. Many Parisians reacted to the news with a simple Gallic shrug of the shoulders and no regret.

Events to Move Fast at Scout Jamboree

The thrills of a three-ring circus multiplied a hundred times can be expected by visitors to the area's biggest sporting show staged tomorrow and Sunday in White Lake Township.

Nearly 10,000 scouts of the Ottawa and Pontiac Districts will take part in the two-day Scout-O-Rama Jamboree, a show case of scouting in action, at the John F. Ivory Farm, 9990 Cooley Lake Road, just west of Union Lake.

All scouting events will be continuous tomorrow from 10 a.m. to 9:30 p.m. and from 10 a.m. to 6 p.m. on Sunday.

Saturday features include: At 1 p.m. and 6 p.m., the U.S. Marine Fifth Infantry Battalion staging a mock battle. At 1:30 p.m. divers from the All American Sport Parachute Team of Detroit.

The Sunday schedule includes: Battle show, 1 p.m.; sky divers, 1:30 p.m.; water thrill show, 2 and 4:20 p.m.; water battle contest between the Commerce and Union Lake fire departments; the Coronados singing group, 3 p.m.; stage show, 3:30.

There was no immediate indication what the public reaction would be. It won't be very active reaction, however, for there is little that the ordinary citizen can do in this respect except to run the risk of writing a letter to the newspapers.

Defiant Ex-Nazi Hanged by the State of Israel

Executed at Midnight After Clemency Vetoed, Ashes Scattered at Sea

TEL AVIV, Israel (AP) — Defiant to the end, Adolf Eichmann walked firmly to the gallows Thursday night and paid with his life for his role in Nazi Germany's systematic extermination of six million European Jews.

The young state of Israel changed the former Gestapo colonel at two minutes before midnight on an improvised scaffold in a third-story storeroom of Ramleth Prison near Tel Aviv.

It was the first execution in the 14-year history of this Jewish nation whose counts among its citizens thousands of relatives of Jews whom Eichmann, 56, helped speed to death in Hitler's gas chambers.

Eichmann's body was cremated quickly and the ashes scattered upon the waters of the Mediterranean.

Eichmann was cool and unrepentant as the Jewish nation carried to conclusion its execution determination to record the history of the Nazi program and note its justice in the name of all Jews.

A faint smile on his face, Eichmann spurned the traditional black hood and even chided his jailers for making it difficult for him to stand on the gallows' trap door.

"I am ready," "My belief was correct," the former head of the Gestapo Jewish affairs section declared. "I did not obey the rules of war and my flag, I am ready."

At a command from an Israeli guard, Eichmann stepped to the trap door and hung to his death almost in a single motion.

Death was instantaneous, prison officials said. Eichmann was condemned to death last December by a special three-judge tribunal which found him guilty of acts of unparalleled enormity against the Jewish people and against humanity — the only crime subject to capital punishment in Israel.

The hailing, bespectacled Hitler disciple had insisted he was only a minor cog carrying out orders from above in the Nazi campaign for "the final solution to the Jewish problem" — extermination.

But the court declared he actually relished pushing Jews to their deaths by the hundreds of thousands, saying he was motivated by "an ardent desire to blot out an entire people from the face of the earth."

The Israeli Supreme Court rejected Eichmann's appeal against the death sentence Tuesday, decried. (Continued on Page 2, Col. 7)

Events Recalled From Capture to Sentence of Nazi

By The Associated Press The chronology of events in the case of Adolf Eichmann: 1960

May 11 — Israeli agents following Eichmanns wife capture the former Gestapo colonel in Argentina.

May 25 — Former David Ben-Gurion says Eichmann is in Israel and will face trial, setting off diplomatic row between Israel and Argentina.

June 23 — United Nations Security Council rules Israel seized Eichmann illegally, but Israel refused to give him up. Nov. 28 — Eichmann's memoirs released. He said, "I regret nothing."

7 Die in Italian Blast

TURIN, Italy (AP) — An explosion today shattered a two-story chemical factory at Orbassano, near Turin. Police said seven persons were killed and 11 injured among the 25 employees.

Seeks Position on School Board

Part Owner of Auto Supply Shop Candidate for Waterford Post

Elmer O. Johnson, 40, is one of the four candidates competing for the two 4-year terms on the Waterford Township Board of Education in the June 11 school election.

Johnson is no relation to Elmer R. Johnson, Waterford Township supervisor.

The school board candidate resides at 404 Baybrook Drive, Drayton Plains with his wife and two children. He is part owner of Elmer's Auto Supply, 2300 Dixie Hwy., Waterford Township.

Johnson is a graduate of Pontiac High School and he later attended the Business Institute of Pontiac.

His formal statement regarding his candidacy is as follows: "I believe that money coming into the school system can be put to better use so that we can continue to improve the system without any further increase in taxes."

"Residents should know the functions of the school board and should take an interest in the business of running this vast business. If I am elected, information about the activities of the board will be available at all times to anyone interested enough to contact me."

Ballplayer Dies After Collision With Teammate

NASHVILLE, Tenn. (U) — Two softball players, each shouting "mine, mine," collided under an offside pop fly last night, and one of them died minutes later.

Joe Dean Crawford, 25, of Greentree, Tenn., suffered a broken neck, hospital authorities said.

The accident occurred during an independent softball game.

Crawford, a catcher, and first baseman James Lovell, 23, of Springfield, Tenn., both charged down the first base line and called for the fly.

Goodman Has Moscow Hopping

'Let's Do Joint Jam Session'

MOSCOW (AP) — Soviet composers asked Benay Goodman and his band to have a public jam session with Soviet jazz players.

The invitation came at a meeting with prominent Soviet composers, including Aram Khachaturian.

Goodman accepted so quickly the Russians were somewhat taken back.

"Think it over," said Tibbon Kikrenkov, chairman of the Soviet Union of composers, "and when you get back to Moscow, let us have your decision."

"Think it over?" replied Goodman. "I don't have to think it over. It's fine, great. Wonderful. We'll have a look at our schedule and work out whatever is best for both sides."

Goodman's band gives its third concert in Moscow tonight and then leaves for a month's tour of other Soviet cities. The band returns to Moscow July 1 for more concerts.

In its second concert last night, the Goodman troupe souped up an old Soviet melody "Head-on" with some good old Mississippi River sludge and had young Muscovites hopping.

The American "King of Swing" brought fans out of their seats and marching toward the stage—a gesture of a happy crowd in Russia.

Today the composers pled Goodman with cognac, caviar, toast to friendship and questions about American jazz.

What did he think of Miles Davis? What did he think of Stan Kenton? Are big jazz bands or small ones more important?

Pontiac General \$47,198 in Black So Far in 1962

Pontiac General Hospital is operating about \$47,198 in the black so far this year, according to fiscal figures released this week on the hospital's first five accounting periods of 1962.

Income exceeded expenses by only \$9,969 for the first five periods last year and the 1962 figures show a deficit for an entire year of \$17,711 at this point this year, according to Harold R. Euler, administrator.

For the fifth period of 1962, income exceeded expenses by \$11,841. Total billings reached \$86,000, occupancy was 99.96 per cent and there were 10,626 patient days recorded.

Billings, occupancy and patient days reached all-time highs for any accounting period.

Board Votes 5.25 Mills for Oakland

County May Face Deficit

The Oakland County government may be forced to operate at a deficit for the first time next year because of allocation board action taken yesterday, DeLo Hamlin, chairman of the board of supervisors, said.

The allocation board yesterday set a final rate of 5.25 mills for the county government, the same as last year.

It will raise \$11,090.14 in taxes towards financing the county's tentative \$16,555,002 budget for 1963.

Hamlin said he doubts if the tentative budget can be financed sufficiently to make up the difference.

Actually the difference now would amount to approximately \$2 million after crediting an estimated \$3,515,000 in county receipts to the budget.

The reason for any deficit, according to County Auditor Robert Lilly, is that the county conservatively will have less money in 1963 than it had in 1962.

In setting the county government rate at 5.25 mills, the allocation board criticized the board of supervisors, charging it spent surplus funds that resulted when receipts proved higher than estimated.

The board set the county's 1963 rate by a 4-2 vote without discussion. The dissenting votes were cast by members John Austin, who is also chairman of the County Board of Auditors, and Charles Sparks, county treasurer.

Once the rate was set, the tax board allocated the remaining 9.75 mills of the total 15-mill levy to the various school districts and townships.

Cooler in North Central Area

By The Associated Press
More rain and stormy weather hit broad areas in the warm and humid air in the East and south central sections of the nation today.

Skies cleared and cooler air spread into the north central region. Fairly pleasant weather continued most of the Far West.

Torrential rains drenched some parts of the southeast with showers in most parched areas after a month-long drought.

Robins, in mid-Gorgia, 3.5 inches of rain fell in a one-hour period. During the height of the down-pour, 40 per cent of the community's streets were under water.

Nearly three inches of rain drenched Lafayette, La., while 1.1 inch fell in Miami, Fla.

Tornado winds, severe thunderstorms and hail pounded sections of Texas during the night. Two residents were reported in a remote West Texas area and one hit in the Big Lake area, 60 miles west of San Angelo. A small tornado caused minor damage in a rural area near Chastaigner, in Louisiana. Earlier tornado clouds were reported in parts of Kansas and Missouri.

Thunderstorms and hail swept scattered regions of north central Texas. Heavy hail pelted the Dallas-Fort Worth and Big Lake areas.

Proposed Budget for MSUO Chopped

(Continued From Page One)
the addition of a full new class. This, of course, would be impossible and greatly unfair.

"The net result of the action of the Senate Appropriations Committee means that MSUO — a normal tuition increase is adopted — will stand almost \$250,000 short of the figure recommended by Gov. Swainson.

"This, of course, is a tragic development, and I am at a complete loss to explain the reason for this continual unwillingness of the Senate Appropriations Committee to recognize the problems of a new institution."

The \$116-million higher education bill is almost \$20 million less than the \$136 million recommended by Gov. John R. Swainson.

Appropriations Committee Chairman Sen. Elmer R. Porter, R-Birmingham, warned earlier in the session that colleges would receive minimum hikes. He said they would have to raise tuition and fees to get by.

The University of Michigan would get \$36,687,157 under the bill, compared to \$35,339,647 for the current fiscal year.

The University would get an appropriation of \$16,682,341 compared to \$15,582,125 this year.

Events Recalled in Eichmann Case

(Continued From Page One)
adds West Germany has no obligation to Eichmann.

June 22—Eichmann takes stand for first time, claims he acted only under orders.

Aug. 14—Judges begin deliberations on case.

Dec. 12—Eichmann convicted on all 15 counts.

Dec. 15—Death sentence handed down.

May 25—Israeli Supreme Court upholds Eichmann's appeal of judgment.

May 30—Clemency appeal sent to President Itzhak Ben-Zvi.

May 31—President Ben-Zvi rejects appeal and orders execution carried out. Eichmann hanged at two minutes before midnight in Ramleh Prison.

Laos Joint Rule to Be Decided Within Week

WASHINGTON (AP)—The United States expects to know within a week if a neutral government can be formed in Laos, removing the Southeast Asian kingdom from the cold war arena.

If the coalition efforts are not successful, Secretary of State Dean Rusk told a news conference Thursday, "then of course, some very serious problems will be in front of us."

He did not spell out the nature of the problems, but obviously was referring to a continuation of the drive by pro-Communist Pathet Lao guerrillas to complete their conquest of the country.

Rusk emphasized that the present need is to keep what he called a tenuous cease-fire in being and to permit the three political parties of Laos to explore whether or not a coalition government is possible.

Prince Souvanna Phouma, a neutralist who would head the coalition government, is scheduled to meet with King Savang Vatthana on Monday in the royal capital of Luang Prabang.

The board set the county's 1963 rate by a 4-2 vote without discussion. The dissenting votes were cast by members John Austin, who is also chairman of the County Board of Auditors, and Charles Sparks, county treasurer.

Once the rate was set, the tax board allocated the remaining 9.75 mills of the total 15-mill levy to the various school districts and townships.

Enters 1st Race for School Post

Highland Park Junior College Teacher Seeks Pontiac Board Seat

Merle H. Smith, 36, a teacher at Highland Park Junior College, is running his first race for one of the two open seats on the Pontiac Board of Education.

Born in Owens, Smith of 2741 Lynhove Ave., has been a teacher in high school and college for 15 years beginning in 1947. He came to Pontiac in 1948 and is a member of the "Woodmen" lodge.

Pontiac in 1955. He has taught English at the college for four years.

The father of four children, two of whom attend Pontiac schools, Smith is vice president of Sylvan Mason Subdivision and a member of the Oakland County Community College Advisory Council. He attends Sylvan Lake Methodist Church and is a member of the American Federation of Teachers and the American Federation of University Professors.

His statement regarding his candidacy follows:

"An efficient, effective school board needs members with a variety of qualifications. The Pontiac Board of Education already has some members with special qualifications but is noticeably lacking members with experience in one area—education."

"It is my belief that 15 years as a high school and college teacher have provided me with valuable experiences and knowledge that could be an asset to our board."

"As an educator, I have found working with boards that many members are lacking in understanding of school problems. I have often wished that I might have a chance to serve on a board of education in an attempt to eliminate certain inadequacies and to offer my educational experience."

"I am especially concerned that certain phases of education be given attention:

"1—There should be constant evaluation of curriculum in favor of experimental programs, but I believe it is essential to have the support of all teachers involved in these methods. Parents and teachers should evaluate all programs periodically.

"2—All channels for communication to the board should be kept open.

"3—The Pontiac school system should be made attractive to graduates from major state universities and colleges. Desirable conditions of employment and a competitive salary schedule are essential features of an excellent school system."

Executive Succumbs

BRONXVILLE, N.Y. (AP) — Paul B. Zimmerman, 70, president of the Monitor Equipment Corp. in New York City, died Thursday of a heart attack. Zimmerman joined the Monitor firm, which manufactures electrical appliances, in 1945 as executive vice president and became president in 1960. He was born in Dresden, Ohio.

Little Change in Condition of Football Star's Son

ROYAL OAK (UPI) — Attendees at William Beaumont Hospital reported today there was little change in the condition of David H. Cassidy, 4, son of Howard (Hopalong) Cassidy, Cleveland Browns and former Detroit Lions halfback.

The boy, struck by a car May 17 near his home at 2945 Westbrook Parkway, Smithfield, has been in a coma or semicomatose since the accident, the hospital reported.

Starting Series of N-Testing

To Help U.S. Scientists Study Magnetic Field Over Earth

WASHINGTON (UPI) — The United States plans to explore a rocket-borne nuclear device about 30 miles over a remote Pacific island tonight, the first of a series of high-altitude weapons tests. The Atomic Energy Commission (AEC) said the near-space shot would be held over Johnston Island about 10 p.m. local time about 3 a.m. (Pontiac time) Saturday.

The experiment, like others to follow through July, is designed to help scientists study effects of the blast on the earth's magnetic field and the Van Allen radiation belts, which surround the planet.

A particular aim is to determine its effect on communications. The first device will have the power of less than a million tons of TNT.

The AEC said it would be set off at an altitude of 30 kilometers, which was unofficially interpreted as meaning about 30 miles.

The joint task force conducting the tests said the explosion could occur any time within five hours after 10 p.m. local time.

If it is delayed by weather or other reasons for more than two hours, it will be rescheduled.

Child Beaten by 2 Boys, 4; Listed Critical

An 18-month-old Waterford Township girl, beaten with a windshield snow removal brush by two four-year-old boys yesterday because she "couldn't mind," is in critical condition this morning in Pontiac General Hospital.

Julia Bain of 7655 Pontiac Lake Road was found unconscious in the driveway of her home by her mother Mrs. Lorna Williams who was hanging up the wash in her back yard next door. The woman administered mouth to mouth respiration to revive the girl and then called police.

The child's father and mother were both at work when the incident occurred just before noon.

Waterford township detectives located the brush in neighborhood children playing in the area of the Bain home that two boys had hit the child repeatedly when she failed to carry out their commands.

Turkish Jet Crashes at Show, Injuring 100

ESKISEHIR, Turkey (U) — A Turkish jet fighter crashed and exploded today at an air show commemorating the 51st anniversary of Turkey's air force. Five persons were reported killed and 100 injured.

Government authorities said six may have perished, including the officer piloting the U.S.-built F100 Sabrejet.

The plane barely missed a stand crowded with hundreds of persons. It exploded on impact and spectators fleeing nearby were hit by the flying pieces.

Fire Damages Showboat

ST. LOUIS (AP) — The Gold-enrod Showboat, last of the authentic old-time showboats on the Mississippi River, was heavily damaged by fire today on the St. Louis riverfront.

ST. LOUIS (AP) — The Goldenrod Showboat, last of the authentic old-time showboats on the Mississippi River, was heavily damaged by fire today on the St. Louis riverfront.

The Day in Birmingham

Community House Group to Cite 16 Past Presidents

BIRMINGHAM — Sixteen past presidents of the Birmingham Community House Association will be honored Monday when the organization holds its annual dinner meeting.

"We want to take this opportunity to recognize the past presidents for the outstanding work they have done for the Community House," said Theobald H. Wiant, who is currently serving as association president.

He said 14 of the past presidents are still residents of the area. They are:

E. J. Anderson, Paul N. Averill, Eugene J. Barney, Robert Chisholm, B. Weston, Charles Kass and Mrs. Clinton Sears.

Others are Mrs. Charles J. Shain, Walter F. Skinner, Norman B. Weston, Charles Kass and Mrs. Clinton Sears.

The two former presidents living outside the area now are Mrs. L. N. Pyle of Detroit and Sheldin Wright of Peabody.

Main item of business at the meeting will be the election of seven new directors to the 17-member board of directors and the election of officers for 1962-63.

Guest speaker will be George F. Pierrot, whose World Adventure Series films have been shown at the Community House the last two years.

The business meeting will follow 6 p.m. dinner.

Birmingham's annual police auction will be held 9 a.m. tomorrow in the police garage.

Items up for auction include 35 bicycles and tricycles, several guns and numerous automobile parts.

This will be the 10th auction.

Eichmann Hanged by State of Israel

(Continued From Page One)
chasing even death was an inadequate penalty.

And with unexpected speed, President Itzhak Ben-Zvi sealed Eichmann's doom about noon Thursday, rejecting appeals for executive clemency from Eichmann, members of his family and others.

Eichmann was transferred quickly from his cell in Jerusalem, where he had been lodged since his arrest, to Ramleh Prison. There, his spiritual adviser, the Rev. William Hull, visited him in his cell.

The Canada-born Protestant chaplain reported later that Eichmann was not sad but was defiant. Eichmann, who earlier had expressed a belief in God but belonged to no church, refused to reaffirm a faith in Christ.

"I do not have time to read the Bible," Eichmann told the minister. "I have peace in my heart. I am ready to die."

Eichmann was the center of the rejection of the clemency appeals—but not that he was to die that night—about 8 p.m. He asked for and received a bottle of red wine. He drank half of it.

Outside a thick fog set in. Guards turned on flood lights and police set up roadblocks to divert traffic from the prison, a former British fort, on the Tel Aviv-Jerusalem road.

Eichmann learned death was at hand only when guards came to his cell to take him the 50 yards to the gallows. He walked steadily to the execution room handcuffed to two guards. He made only one request—to stop and blow his nose.

Fire Damages Showboat

ST. LOUIS (AP) — The Goldenrod Showboat, last of the authentic old-time showboats on the Mississippi River, was heavily damaged by fire today on the St. Louis riverfront.

Residents of the Franklin Valley Show Home on Stonybrook Road

Residents of the Franklin Valley Show Home on Stonybrook Road, who will serve as auctioneers, will have a home on Stonybrook Road.

Exhibit entries can be submitted by any resident living in Franklin Valley, according to show chairman Mrs. E. B. Koon.

Major classifications will be painting, sculpture, ceramics, metal and woodworking, handicrafts, needlework, jewelry and photography.

Rural Postman, 42, Dies Before Crash

A rural mail carrier was pronounced dead at the scene where his station wagon hit a tree yesterday in Hays Township.

The victim, Allen M. Jones, 42, of 115 Clarence Street, Holly, apparently died of a heart attack before the accident, according to Dr. Isaac Frevette, county coroner.

He was secretary-treasurer of the Oakland County Rural Letter Carriers Assn. and treasurer of the Holly Area Board of Education.

The accident occurred alongside Taylor Lake Road. Jones was alone at the time. Jones' body is at the Dryer Funeral Home, Holly.

**ALL THE STORE
YOU'LL EVER WANT!**

MONTGOMERY WARD

All the TV and Hi-Fi Store You'll Ever Want

If you can't see or hear the difference, why pay the difference?

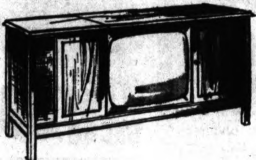

**Here's why Wards Own Airline
Radios and Televisions Are Your
Best Buy—Dollar for Dollar**

For over 35 years, Montgomery Ward has dedicated itself to packing all the value we can into our exclusive AIRLINE brand. More worth in the cabinetry . . . heavy-duty components . . . fine circuit design and assembly . . . rigorous, patient testing before any AIRLINE leaves the factory.

And because AIRLINE sets come directly from factory to you, Wards can pass important savings—combined with highest quality—directly to you.

Know this above all: AIRLINE quality and plus value isn't limited to "the top of the line." From shirt-pocket transistor and portable phone to our magnificent Stereo Amphitheater, there's never a compromise wearing an AIRLINE label. Only a better value.

Consider the Airline Stereo Amphitheater pictured here—it's a complete home-entertainment center. This Airline innovation is a skillfully combined package of TV, AM/FM Radio and Stereo Hi-Fi in one superb piece of cabinetry. It combines three favorite entertainments for all the family to enjoy: every note on Dad's jazz records will come through with perfect clarity; the superior FM will make Mom think she's right in the symphony hall and Junior's cartoon programs will be brighter, clearer, easier on the eyes.

Airline Stereo Amphitheater has a 23" bottled-glass TV tube. With the cabinet-maker's touch: sliding doors to cover the tube, keep it free of dust and fingerprints. Hand-wired chassis; six—not 4—hi-fi speakers; 4 speed record changer with diamond stylus for LP's; AM and FM radio—and a multiplex outlet for FM Stereo. Solid wood frame like fine furniture always has; selected and matched hardwood veneers in lustrous Fruitwood or glowing Mahogany as in the French Provincial cabinet at right, or rich walnut in the Danish Modern cabinet shown above. Like all Airlines, every tube in the set—including the picture tube—is guaranteed for one year. Free repair on any defective parts for 90 days in your own home—without buying a separate Service Contract.

We don't ask you to take Wards word for the value. Try it yourself in your own living room for 7 days FREE. We'll deliver and install—let the set itself prove that an Airline Out-Values Them All!

Seeks to Clear Splits in Atlantic Alliance

Rusk to Confer With Allied Chiefs

WASHINGTON (AP) — Secretary of State Dean Rusk is planning a trip to Europe late this month to confer with allied leaders about clearing up some of the policy splits in the Atlantic Alliance.

He is expected definitely to meet with West German Chancellor Konrad Adenauer, he may see French President Charles de Gaulle and British Prime Minister Harold Macmillan.

Rusk confirmed to a news conference Thursday that arrangements for a trip are being worked out. From other sources it was learned that he wants to talk to Adenauer about U.S.-Soviet discussions on a Berlin settlement and about future moves for greater Western European political unity which the United States strongly supports.

Whether Rusk sees de Gaulle probably will be determined by progress in his conferences here with French Ambassador Hervé Alphand, Rusk and Alphand met for two hours Monday and for 90 minutes Thursday on Paris-Washington policy differences. They apparently have no hope at present of ending major differences over de Gaulle's determination to give France an independent nuclear weapons force and his desire to promote a European grouping of national states with looser U.S. ties.

Rusk reassured at his news conference that the United States is completely opposed to the de Gaulle plan for a French nuclear

force. In response to a specific question he said the United States would not favor Britain's supply of nuclear weapons to France.

He also said that the United States is following a no win policy in the cold war.

Rusk rejected the charge but said "there is one point on which we do have to show some caution and that is the notion that victory in its usual sense is to be achieved by sudden military means."

He declared that the United States is promoting development of the Atlantic community, building up its alliances, trying to expand trade, assisting countries in need and strengthening the solidarity of the Free World.

Traffic Kills 107 on Memorial Day

CHICAGO (AP) — Traffic accidents killed 107 persons during Memorial Day, two under the record toll for the one-day holiday period in 1956.

A record overall toll of 201 violent deaths was recorded during the 30-hour holiday period. In addition to the traffic fatalities, 9 persons lost their lives in boating accidents, 38 drowned and 47 were killed in miscellaneous mishaps. The total topped the previous record of 174 set in 1956.

Air Force Sergeant Seeks 14th Tram for Collection

NANCY, France (AP)—U.S. Air Force Sgt. Allan Pommer of Boston, Mass., was in Nancy today to add another street car to his private collection.

Pommer, who is stationed at the nearby Phalsbourg Base, sought to buy one of Nancy's antiquated street cars which were retired from service three years ago. He already has 13 old trams of all sorts acquired in various parts of the world.

Rusk also challenged critics of administration foreign policy to

Chiefs Seek Oakland County Honors

Will Pontiac Central regain the championship it lost last year? Will Ferndale's Dave Reid miss the meet for the second straight year? Will Class B runners steal the show in the mile?

These and other questions will be answered Saturday afternoon and evening during the third annual All Oakland County track meet at Southfield High.

The preliminaries in the running events will get under way at 3 p.m. The finals will start at 5 o'clock. Field events will start at the same time as the preliminaries and continue until champions are determined.

Pontiac Central won the team title the first year the meet was held. Waterford made off with the crown last spring, but it is very doubtful if the Skippers will make a serious challenge this time.

Ferndale and Birmingham School will join the Chiefs as contenders for the championship. Walled Lake and Bloomfield Hills are rated dark horses.

WILL HE RUN?

Ferndale's hopes ride on the legs of the fleet-footed Reid. He missed last year's meet because of an injury and the same thing may happen again.

Reid failed to defend his state 100 and 200 championships last weekend because of a pulled leg muscle. Should he be in good condition, records in both his events could very easily fall.

He holds the 100 mark at 10 seconds set in 1960. West Bloomfield's Jack Newton set the 200 mark in 22 seconds last year.

Milford's Ted Nelson is favored to cop the mile. Dan Kelley of Oxford is expected to chase him across the finish line. Both compete for Class B schools.

Nelson has a good opportunity to break a 4:27.4 record set last year by Waterford's Mike Kalnes.

Another record that may fall is the 1:12.5 in the 800 relay. Seaborn currently holds the mark in this event and the

Maples are in a position to lower the standard.

Bloomfield Hills crack half mile quartet is capable. So are relay teams from PCH and Ferndale — providing Reid is anchor man.

Only two standards appear safe. The 147 high hurdles mark set by PCH's Leon Prentiss in 1960 and 61 feet 8 1/2 inches in the shot by Central's Brandell Pritchett last year.

This year's event is being sponsored by the Southeastern Oakland County Fraternal Order of Police. All events will be named after 13 superintendents of schools. The field is located at Ten Mile and Lahar Roads.

High Jump	6'	Williams	Pontiac Central	1961

Mosely Paces I-L Track Victory

Walled Lake Wins

Walled Lake High School proved to be a terrible host to the Inter-Lakes track meet yesterday.

The Vikings, paced by meet standout Norm Mosely's 154 points, totaled 474 to 39 for Farmington, 324 for Southfield, defending champion Waterford's 29, 261 for Pontiac Northern and 204 for Berkley.

Walled Lake chalked up five 1st places including a 19.5 100 and 23.2 200 by Mosely. Ray Nelson won the 800 in 1:54. Jim Webb took the 440 to 25.7 and the mile relay boys triumphed.

PNH won three events, Farmington two, Waterford, Southfield and Berkley one apiece.

John Harris of the Huskies, 2nd among individuals with 114 points, took the high jump at 5-9 and the broad jump at 26-11 1/2. The Red and White 800 relay team was last in 1:34.2.

Chuck Cole got the lone Waterford victory with 50.3 for the low hurdles. Dennis Lamb, Southfield, got the shot 48 feet, 1 inch. Pole vault honors went to Berkley's Bill Barrett at 11-0 1/2.

Pacing Farmington were Frank Patterson and Steve Hunt. Patterson took the high hurdles in 1:53.7.

The meet was held in between showers. There were no records set.

EAGLES TRIUMPH

Orchard Lake St. Mary finished with a 6-4 dual record by nipping Oak Park 30 1/2 to 33 1/2. A 440 slam featured the Eagle triumph with Larry Kowalski, 1st in 1:5.5 followed by John Kistela and Fred Blenzian. Rich Rubin of the losers won the low hurdles in 18.2 and the pole vault at 10 feet to top the individual scoring.
