Ghana Leader Escapes Bomb

Accept Ben Bella as Algerian Head

ALGIERS (AP) — Algeria's rival politicians temporarily agreed today to accept the leadership of dissident Deputy Premier Ahmed Ben Bella, but resolved none of their fundamental differences.

The agreement gave Ben Bella control of the National Liberation Front (FLN) — the movement that led Algeria to independence without immediately removing

Banner Month for GM, Pontiac

July Output Figures Double, Triple That of Previous Year

Production of General Motors cars in July was nearly double that of a year ago and Pontiac production during the month tripled the July 1961 performance.

A total of 325,964 General Motors cars and 40,296 trucks rolled off the assembly lines in the month just ended, it was announced yesterday. This compares to 178,832 cars and 33,227 trucks in July 1961.

Total output of both cars and trucks this year was 366,320 as against 210,182 in the same month a year ago.

Pontiac's July 1962 production was 47,774 compared to 15,181 during the same period a year ago. In 1961 9,008 regular models and 5,575 Tempests were manufactured. This was the monthly figure was 30,115 and 11,658 for the regular and Tempest models respectively.

Record production at Ford Motor Co. coupled with the all-out effort of the General Motors passenger car divisions accounted for an output of 79 per cent more cars last month than in July 1961.

The total of 58,001 topped the industry's June output by 25,000 cars.

General Motors built 41 per cent more cars in July this year than in the same month a year ago. Ford was up 36 per cent.

Through the first seven months of the year General Motors has produced 2,539,249 passenger cars. Production was 3,755,879 for the comparable period a year ago.

Threat of Strike Hangs Over 30 Exclusive Clubs

DETROIT (UPI)—About 30 exclusive clubs in the Detroit area today were threatened by a strike as negotiations between the Detroit Restaurant Workers Union and the Detroit Club Managers Association broke down.

The union set up picket lines around the Detroit Yacht Club on Belle Isle yesterday and threatened to do the same for 20 other clubs by the weekend.

Further strike action by the union would put a crimp in the operations of such clubs as the Birmingham Country Club, the Bloomfield Hills Country Club, the Detroit Polo and Country Club, and the Detroit Boat Club.

Justice Leaves Perch

WAVES GOODBYE — Lady Justice bids a last farewell to downtown Pontiac as workers lowered her from her lofty perch atop the old courthouse today. The building is destined to come down next. The statue, a landmark here for over 50 years, was removed to the County Service Center on Telegraph Road for storing until county officials decide her fate.

Con-Con Delegates End Job, Lock Up

LANSING (AP) — Michigan's Constitutional Convention voted itself out of existence yesterday and left it up to the voters to cast the final ballot on whether the proposed new constitution is better than the present 1908 document.

Meeting for the last time in Lansing's Constitutional Hall, delegates approved their product 98-43 after giving "immediate effect" to a Senate Reapportionment Plan which Democrats said might be unconstitutional.

The Republican delegation, which dominated the convention 68-48, brushed aside a Democratic suggestion that the convention go into recess until Oct. 25 rather than adjourn for all time.

Democrats argued that the convention should wait until fall to see whether the U.S. Supreme Court will act on a planned appeal for a review of a state supreme court decision that the present senate districting is illegal under the Federal Constitution.

But the Republicans contended that the proposed formula—based on 80 per cent population and 20 per cent area—would pass all tests that might be set up by the federal court for setting up legislative districts.

The bipartisan wrangling over apportionment and other issues was a reflection of what is expected to take place between now and the November election and an echo of the debate which reverberated through the convention hall in the closing weeks of deliberation.

Even though the people won't get to vote on the constitution until next April, the document promises to become a major issue in the forthcoming campaign.

Debate in the closing session pitted Democrats against Republicans on virtually every subject, including adoption of an "Address to the People" to inform the public.

Sunshine Breezes Getting Us Spoiled

The weatherman is giving Pontiac area residents wonderful vacation days this week, days full of sunshine and balmy breezes.

Warmer temperatures are expected to creep into the area Saturday with the predicted high near 83. The low tonight will be a mild 60 degrees.

Light gentle winds at 5 miles per hour will continue variable today and tonight.

Fifty-five was the lowest recording in downtown Pontiac prior to 8 a.m. the mercury had zoomed up to 80 at 2 p.m.

Police Hold 25 for Questioning in Murder Try

Members of Nkrumah's Party Hurt by Blast in Village

From Our News Wires

ACCRA, Ghana—A bomb exploded near President Kwame Nkrumah in a small town in northern Ghana last night, killing four persons and injuring 56. Nkrumah escaped unhurt.

The dead included a schoolboy and two uniformed policemen.

The attempt on the president's life was made when he stopped at a village 500 miles north of Accra on his way home from a visit to Upper Volta, Ghana's northern neighbor.

Nkrumah had just gotten out of his car when the bomb went off. Some members of his party were among the injured.

Police said they had detained 25 persons for questioning. They cordoned off the area and began combing the surrounding bush country for the would-be assassin.

Nkrumah had just finished lunch with Upper Volta President Maurice Yaméogo.

Nkrumah was reported to have been taken to a nearby hospital and released after a checkup.

Among the 56 injured was E. Asumadu, the regional commissioner.

The bomb went off as Nkrumah was alighting from his car to inspect a parade at the Ghana border after crossing from Upper Volta, a former French colony which now is independent.

A fearful man, Nkrumah has been dubbed a "Black Hitler" by his opponents, while his own political followers have bracketed his name with Jesus Christ, Karl Marx and Mahatma K. Gandhi.

Soon after Britain granted independence in 1957 to the Gold Coast, one-time center of the slave trade, Nkrumah told his people:

"We are determined to preserve the democratic and political way of life."

STIFF COURTS

The opposition has only eight members in the 112-seat parliament and for some time opposition leaders have been arrested and held without trial. Special courts have been set up to hand down death sentences without right of appeal — for "anti-state offenses."

Last November, just before Britain's Queen Elizabeth visited Ghana, an explosion blew the feet off a statue of Nkrumah which stands outside the parliament building here.

Nkrumah relies for his personal security on a guard composed of members of his Nzima tribe.

Taste of Honey for the Lions

TO ATTEND GAME — Mary Ellen Pike, Michigan's 1962 Junior Miss, selected here in Pontiac in February, will add a touch of charm to the rugged Detroit Lions' intrasquad football game to be played at Winner Stadium Saturday night. Miss Pike will appear in pregame ceremonies at 7:30 p.m. in her modern 1962 "carrage," a Pontiac Bonneville convertible.

JKF Urges Alertness

WASHINGTON (AP) — President Kennedy promises stiffer government controls to avert drug tragedies and urges every woman in the country to guard against taking thalidomide.

He asks all women to look through their medicine cabinets and turn in any thalidomide they find to health authorities. The drug is blamed for thousands of malformed births in Europe.

Kennedy issued the warning, along with an appeal for Congress to establish new safeguards against potentially harmful drugs.

Stronger legislation than a bill approved by the Senate Judiciary committee, however, is essential for the government to yank new drugs off the market "where there is an immediate hazard to public health," Kennedy said.

On other subjects, the President had this to say:

Men Pictured Below Just Models

Confidence in their stocking masks may prove to be the undoing of the two killers of Ephraim Vasilion.

Pontiac Detective Sgt. John DePaw today revealed that two years ago a holdup man was identified and convicted despite a stocking mask.

This knowledge is spurring on Pontiac and state police detectives in tracing every minute clue which might tie the killers of market owner Vasilion to three other holdups where the bandits were seen by their victims.

Pontiac Police Chief Joseph Kerev today personally pledged there would be no rest for the killers, who three times shot Vasilion Monday night as he struggled for his life in his Boulevard Market, 209 Orchard Lake Ave. near Franklin Boulevard.

Despite scant clues, the chief said, "We're pushing on full speed in our investigation. We've found everything in that we can possibly

Stocking Masks May Be Killers' Undoing

Sooner or later, police expect, the killers will make their one mistake needed to bring them out in the open.

In discussing the effectiveness of a woman's stocking disguise, DePaw this morning said, "Anything helps to distort the features of a face. The color of the stocking may change the appearance of the skin texture."

But they won't necessarily hide essential features.

A deformity of any kind may show through, he said, whether it is a large nose, unusual features or even an unusual appearance of the eyes.

"Certainly, stockings are not the best method. In our case, two years ago we obtained a conviction because the victim was able to identify his man by his eyes."

"There is no assurance that stockings will hide just that essen-

Heading the investigation are Detective Sgts. John Williams and Allen Noble.

Sgt. DePaw said any other officer would be made available to them as new clues come in.

At the Pontiac State Police Post Det. Charles Leat is in charge of heading the probe from that angle.

BEST CLUE

Until a tip is received from a friend or neighbor of the killers, the two stockings — found only 10 feet from the back door of Vasilion's Boulevard Market at 329 Orchard Lake Ave. — remain the best clue.

But police also know that a small-caliber pistol, such as the .25-caliber which killed Vasilion, was used in the "stocking-bandit" holdup a week ago of the (Continued on Page 2, Col. 4)

U. S. Soldier Seeks Asylum With Reds

FRANKFURT, Germany (AP) — The Czechoslovak News Agency CTK, said today a member of a U.S. Army Rocket Unit in West Germany has sought political asylum in Communist Czechoslovakia.

The agency said the soldier identified as R. S. Harold, asked for asylum on the grounds of racial discrimination in the West.

2 Seek GOP Bid to Run for Drain Post

(Editor's Note — Following is another in a series of articles published by The Pontiac Press to old voters in the Aug. 7 primary. Only those offices in which there is a contest will be covered.)

Two former rivals are pitted against each other in the Republican race to earn the nomination for Oakland County Drain Commissioner.

Incumbent Daniel W. Barry, winner of three straight elections, is matched against Art Becker, a Detroit printing company executive, in a renewal of the GOP nomination contest in 1958.

Barry won the bid that year and went on to his second term in the drain commissioner's office.

In this year's campaign, Becker has drawn "first blood" by hitting Barry where it hurts — on the ballot.

DECISION

The 44-year-old Southfield challenger was awarded the decision in a circuit court lawsuit which prohibits Barry from using ballot designation as "drain commissioner."

Barry had requested the designation because of a name similarity with a Democratic candidate for drain commissioner, Daniel T. Barry.

Since Barry and Barry represent different parties and will be on different primary ballots, the court ruled against Barry.

Becker, naturally, goes his victory will carry through the Aug. 7 primary election.

AFTER LOSS

Thus far in his political career, Becker, of 2575 Kildare St., Southfield, has been unable to get past the primary election hurdle. After his loss to Barry in 1958 he made a bid for the GOP nomination for 4th District state representative in 1960 but was defeated by Ray Baker.

Becker, vice president of Becker Brothers Printing Co. in Detroit, is a veteran of World War II and holds three Purple Hearts, five Battle Stars, and a Bronze Star.

A bachelor, he has studied animal at the University of Hawaii, political science at Wayne State University and business administration and psychology at Detroit Institute of Technology.

Barry is also a World War II veteran, serving in the Air Corps' 16th Bombardment Group in the Pacific theater.

Before assuming the drain commissioner's post, he was a restaurant manager and automobile salesman.

Barry, 39, lives at 169 Pleasant Lake Drive, Oak Lake, Mich., married and the father of three children.

A graduate of Michigan State University, he received most of his early education in Pontiac at St. Michael's School and St. Frederick High School.

He attended St. Benedict's High School in Brighton and St. Benedict's College in Sioux Falls, S. D.

803 Die in Accidents

EAST LANSING (AP) — Traffic accidents have killed 803 persons in Michigan so far this year, provisional figures compiled by state police showed today. The toll at this date last year was 846.

94 to Graduate at PCH Friday

Nine Schools to Join in Commencement Exercises

Students from nine high schools will graduate in summer commencement exercises to be held at Pontiac Central High School tomorrow night.

Ninety-four seniors, including 50 Pontiac Central High School students and 44 from Pontiac Northern High School will be graduated.

The commencement, planned for 8 p.m. in the PCH gymnasium, will feature Howard V. Heldenbrand, the Pontiac Press' Man About Town as commencement speaker. His speech will tell the graduates, "You're in Command."

Graduating seniors will wear the caps and gowns of their respective high schools, giving the ceremony an array of gray, red, blue, green, and white.

Organizer of the commencement will be Mrs. Eunice Relyea.

Diplomas for the various schools will be awarded by William H. Anderson, president of the Pontiac Board of Education.

Other high schools represented in the summer school graduation are West Bloomfield Township, Walled Lake, Clarkston, Waterford Township, Birmingham Groves, Birmingham Seaholm and Holly.

The class officers are Marty Burkhardt of PCH, president; Santiago Serra, of PCH, vice president; Rita Jo Peterson, of PCH, secretary; and Dennis Kachinski of PCH, treasurer.

City Commissioners to Decide Officially on Community Center

Plans to eventually turn the present Pontiac Water Works site into a community recreation facility are expected to come up for official action at next week's City Commission meeting.

Commissioners have informally agreed to hire an Illinois firm to prepare plans for a community center on Wessan Street adjacent to the water works and Rotary Park.

More than \$200,000 has been allocated for the project from capital improvement funds.

A contract for the work will be drawn up on the request of commissioners for their next meeting. City Manager Robert A. Stierler said today.

The firm — McFadden, Every and Associates of Winnetka, Ill. — has indicated it would want to work with a local architect in preparing the plans, Stierler said.

If awarded the contract, the firm also will "develop a general plan for future use of the water plant property as a recreation facility, after it ceases to be needed for our water system," Stierler said.

STAND-BY BASES

Pontiac is to get Detroit water in 1963; however, the water works is to be maintained on a stand-by basis. Stierler indicated the land around it could be used for a park.

City commissioners met this week informally with two representatives of the Illinois firm — Robert E. Every and Roy W. Layton — to discuss city plans for the community center.

It was after this meeting that Stierler was asked to prepare a contract for the firm.

Stierler said representatives of the firm are also representatives of their recent projects — including parks, playgrounds, zoological parks, golf courses, community centers, marinas and swimming pools.

Stierler said he is "concerned about the apparent high number of skilled college graduates accepting jobs out of state."

He said he has requested student placement bureaus at Michigan's major universities to disclose how many of their students leave the state.

The candidate added that he expects the data to reveal the exact extent to which competing states are "sapping away Michigan's most valuable asset — our skilled college graduates."

Approximately 8,000 copies of a four-page tabloid boasting his candidacy have been mailed into Oakland County, Stierler said.

Two U. S. Officials to Join Traffic Safety Parley

The Day in Birmingham

BIRMINGHAM — Two U.S. Department of Health, Education and Welfare officials will participate in the 1962 Governor's Regional Traffic Safety Conference series Aug. 17 at Devon Gables in Bloomfield Township.

James C. Lehr, assistant director of the department's division of accident prevention, will be accompanied by Thomas C. Klappert, the department's regional consultant from Chicago.

A record crowd is expected to attend this year's series of meetings, sponsored by the Michigan State Safety Commission and the Michigan Citizens Highway Safety Action Committee.

More than 900 advance registrars have been received so far according to Gerald W. Shipman, executive secretary of the Michigan State Safety Commission.

Also attending the conference will be Dr. George Agate, Dr. C. W. Macdonald and Dr. Warren Coon of the Michigan Department of Health, Secretary of State James M. Hare and State Police Commissioner Joseph A. Childs.

Mr. and Mrs. George Romney will be guests of honor at a complimentary rally and buffet by the Oakland County Young Republican Club Aug. 11 at the Hunt Club in Bloomfield Township.

Scheduled for 4 to 7 p.m., the rally is expected to include other Republican candidates for state offices, for county offices and for the metropolitan Detroit area.

Any resident of Oakland County will be welcome at the buffet but is asked to make a reservation at Republican headquarters.

Robert J. Baldwin, 755 N. Woodward Ave., a representative of a Fort Wayne, Ind., candy manufacturer, has been designated a "Candy Ambassador" at the annual convention of the National Candy Wholesalers Association in New York.

Baldwin was one of 26 confederate salesmen selected from several thousand from throughout the nation to be honored for serving the candy industry.

He was chosen for his "long and distinguished service to the industry, which he has served for the past 25 years."

Stahlin told Republican workers here that he is "concerned about the apparent high number of skilled college graduates accepting jobs out of state."

He said he has requested student placement bureaus at Michigan's major universities to disclose how many of their students leave the state.

The candidate added that he expects the data to reveal the exact extent to which competing states are "sapping away Michigan's most valuable asset — our skilled college graduates."

Approximately 8,000 copies of a four-page tabloid boasting his candidacy have been mailed into Oakland County, Stahlin said.

Netherlands New Guinea is about the size of California. Its population is estimated at around 700,000.

Pollution Threatened by Montrose Sinking

LANSING (AP)—The sinking of the British freighter Montrose in the Detroit River has created a serious pollution problem, the State Water Resources commission reported yesterday.

Commission staff members said large quantities of oil have been observed leaking from the freighter and drifting downriver.

Until the hulk is removed, the commission said, downriver communities can expect oil slicks and oil washed ashore by the wind.

The commission said it has no authority in this case to correct the pollution condition.

1st Sub Squadron in Postwar Japan Commissioned

KURE Japan (AP)—Japan's first postwar made-in-Japan submarine squadron was commissioned yesterday.

The squadron of three submarines and one submarine rescue ship is under the command of Capt. Asakichi Araki, who took part in the Pearl Harbor attack in 1941. He was chief navigator of submarine I-24.

Araki studied at a submarine school in the United States after the war, and directed the construction of the first submarine. The submarines are from 750 to 1,325 tons.

Freedomites Refuse to Eat in B. C. Jail

VANCOUVER, B.C. (AP)—Fifty-two Sons of Freedom Doukhobors, imprisoned at Agassiz, B.C., 70 miles east of here, have gone on a hunger strike, some for as long as eight days, officials announced Wednesday.

A. J. McLeod, commissioner of penitentiaries, said at a news conference the Freedomites refuse to cook their meals, make their beds, cut wood or do other tasks.

All were convicted of terrorism, most of it in the Kootenay region west of it in the Kootenay region of interior British Columbia.

After Wedding Groom to Have Painless Wife

DES MOINES (AP)—After Nova Turpen of Des Moines is married next August, her name will be Nova Cain.

Miss Turpen is a school teacher in Beloit, Wis. Her fiancé is James Cain of Beloit.

FIGHTERS AND FLOWERS — Vietnamese troops wear leis of flowers awarded them Saturday in a ceremony in Saigon. They were honored for successful military operations against Viet Cong strongholds in the Plain of Reeds south of Saigon. Captured Viet Cong materiel was on display during the ceremony.

More than 700 Norwegian vessels. The State Welfare Office features and documentary films which now carry movie sound pro-for the Merchant Marine has 4,222 circulation among the ships.

Developments Given in Thalidomide Case

Here are the latest developments regarding the drug thalidomide, a tranquilizer blamed for causing deformities in infants when taken by pregnant women:

WASHINGTON—President Kennedy promised stiffer government controls to avert drug tragedies. At a news conference, he also urged every woman in the nation to guard against taking thalidomide. He asked all women to look through their medicine cabinets and turn over to health authorities any thalidomide they might find. The President appealed to Congress to establish new safeguards against potentially harmful drugs.

PHOENIX, Ariz.—Sherri Finkbine, who has been denied a legal abortion in Arizona, said her doctor believes that next Sunday is the deadline if an abortion is to be simply done. Otherwise, a caesarean section may be required. Mrs. Finkbine, who said she took tranquilizers containing thalidomide, waited nervously for a decision on when and where she can

about her pregnancy of nearly three months.

SASKATOON, Sask.—Mrs. Sharon Gallagher, 20, who took thalidomide during her pregnancy and gave birth to a deformed daughter, said prospective mothers of malformed children should not be unduly apprehensive "because where there is life, there is hope."

WASHINGTON—Commissioner George P. Larrick of the Food and Drug Administration said no deformed infants have been found associated with the testing program of thalidomide in the United States.

NEW YORK—The City Health Department said a total of 45 patients—21 of them out of town residents—received thalidomide pills from New York doctors.

NEW YORK—Richardson-Merrell Inc., the company with American marketing rights for thalidomide, said it "carefully followed the usual and normal" steps in attempting to judge the safety and effectiveness of the drug. Since learning of the drug's dangerous properties, the firm said, "we have pursued a vigorous program to make sure that no material supplied by us is available for human consumption."

Naturalist Audubon Owned Kentucky Store

HENDERSON, Ky. (AP)—The famous naturalist John James Audubon, was co-owner of a general store here in the early 19th Century.

He roamed the Kentucky hillsides sketching pictures of wildlife for several years, before bankruptcy caused him and his family to move.

People in the News

Lee in Naples to Set Up Camp for Jackie, Caroline

By The Associated Press

Princess Lee Radziwill, sister of Jacqueline Kennedy, arrived in Naples, Italy Wednesday to prepare for her vacation with the American President's wife.

Mrs. Kennedy and 4-year-old daughter Caroline leave the United States next Tuesday. They will vacation at a cliff-top villa overlooking the sea at Ravello, south of here.

Attorney Louis Nizer sailed for France Wednesday for a consultation with actress Elizabeth Taylor. Nizer represents both Miss Taylor and her estranged husband, singer Eddie Fisher.

As he boarded the liner Independence in New York, the lawyer declined comment when newsmen asked if he sought to bring about a reconciliation.

German film actress Liselotte Pulver gave birth to a six-pound boy Wednesday in Geneva. She is

the wife of German film star Helmut Schmidt.

Atlas Missile Fired to Marshall Islands

VANDENBERG AIR FORCE BASE, Calif. (AP)—An advanced Atlas missile was lifted from its underground lair and fired on a 5,000-mile flight to the Marshall Islands area, headquarters for tests of the Nike Zeus interceptor rocket.

The launching Wednesday was the lift-and-launch test of the country's newest ocean-spanning missile from its bombardment pit. Spokesmen said the firing was a dress rehearsal for an operational test with Strategic Air Command crews at the controls. The servicemen looked on as scientists and engineers ran the count-down.

Judy Garland's dispute with her estranged husband Sid Luft over their children was back in court in London Wednesday.

When the actress arrived last May to make a new movie she had her two children, Lorna, 9, and Joe, 7, made wards of the court. They can be taken out of the country only with the court's consent.

HELD IN SECRET

At the request of Miss Garland's lawyer, the Wednesday hearing was held in secret.

Miss Garland this week finished her film, "The Lonely Stage," and informants said she may be seeking to take the children to the United States.

Luft, a film producer, is also presently living in London.

Ailing Sir Winston Churchill was described by his wife Wednesday as quite gay.

"He is much better than he was yesterday," said Lady Churchill. A hospital spokesman reported as she left London's Middlesex

Hospital after spending 40 minutes with her 70-year-old husband, who is recovering from a broken thigh and complications.

Actress Jill St. John dismissed her separate maintenance suit against her husband, Lance Revintlow Wednesday.

The petition for dismissal was filed in Superior Court in Santa Monica, Calif.

CITES RACING CARS

Miss St. John began the separation action July 11. She said her husband's interest in racing cars had led to the breakup of their marriage.

Revintlow is the son of Woolworth heiress Barbara Hutton.

Actor Charles Laughton is in Cedars of Lebanon Hospital in Hollywood, and his wife, actress Elan Lancaster, said the veteran performer had undergone surgery and was under sedation.

A hospital spokesman reported Laughton is in for diagnostic testing

and observation. His condition was listed as fair.

HAD EXAMINATIONS

Laughton, 62, returned to his Hollywood home last June 17 after examinations at New York's Memorial Hospital for Cancer and Allied Diseases. He entered Cedars of Lebanon last Monday.

His physician said Laughton had emergency surgery Monday night for a collapsed vertebra and was still seriously ill.

He said the actor's condition was satisfactory but that Laughton would be hospitalized for some time.

Nurses' Author Dies

NANTUCKET, Mass. (AP)—Deborah Jensen, 61, author of text books for nurses and nursing magazine editor, died Tuesday. Mrs. Jensen was at one time president of the National League for Nurses.

There are so many credit cards he knew it... Children seem to "It usually takes about a month available that one local fellow was have no fear of water—unless it's to prepare a good, imprudent bankrupt for three months before soapy... Mark Twain said it: speech."—Earl Wilson.

Cries Rise: 'Cut Down Foreign Aid Spending'

When Michigan newspapermen had lunch with the President in the White House, he convinced a lot of us that his whole foreign aid program was vital.

And yet, as time passes, the resentment against this controversial measure is steadily mounting. Protests are increasing. It's very unpopular.

The House has passed a measure almost touching the \$5-billion mark. But the Senate will never approve this total and a conference should whack the total back to something like \$3 billion. Even that brings gasps. It's OUR money, you know.

Apparently, this huge total — and its many forerunners — is one of the basic reasons our gold supply is slithering away in all directions.

Once there were eliminations of grants to Poland, Yugoslavia and other openly Russian satellites as well as cuts to India and a refusal to take half of the U.S. Bonds which constitute the \$200 million debt — but these were restored. Sideline observers believe some of these still will be hacked away before the bill is passed.

American taxpayers are becoming increasingly upset by huge financial grants to countries that thrust out a sticky palm for all they can wheedle from us — and who then turn around and vote with Russia and espouse her slimy causes.

They deserve the bum's rush.

Why in the world should we help finance an attack against ourselves? Citizens of this country are practically demanding that the foreign aid business be reduced sharply several years in a row. Our motives are lofty and our ideals are the highest. But the sum total seems to stamp us as the "club sucker." And that's an unenviable title.

Chairman Otto E. Passman, Democrat from Louisiana, says some of our recipients haven't even used all the money we've given them already. The Chairman's in a strategic position to know. But the "gimme, gimme group" is in the current lineup with hands extended. And that pious look that they've perfected through long practice is riveted on our "inexhaustible supply." The Chairman now hopes to wind up the whole affair in the neighborhood of \$3.5 billion instead of the \$4.5 that President Kennedy said last January was what the Country actually should disgorge.

Many taxpayers are ready to be gouged a few more years as long as they are assured the whole thing is beating an orderly retreat in a reasonable, substantial way. We can't finance the world. That's for sure.

The Congo Has Bearing on U Thant's Future

The United Nations Advisory Committee on the Congo is meeting this week in New York and its problems are about the same. Namely, what to do?

The Congo, in slightly more than two years of independence, has taken its place with Berlin, various parts of Indo-China and the Formosa Strait as a scene of recurring crisis.

Perhaps the Congo is not the threat to peace that other trouble spots are. But it could well be the proving ground for acting Secretary General U Thant of the United Nations. What transpires there in the

next few weeks could determine whether U Thant will be elected to a full term as secretary general this fall.

U Thant has been showing a great impatience in recent days with Katanga. President Moise Tshombe. In fact, he has called Tshombe and his associates "a bunch of clowns."

The U.N. Secretary General and U.S. diplomats have been trying to influence European nations to threaten Katanga with economic sanctions.

Clearly, our European allies are against this. They point out that there is no reputable precedent in history for using a foreign army in the role of tax collector and constitution maker because the central government is too weak and incapable to manage its own affairs.

It may be that the Congo will have to be pacified by the 15,000 U.N. troops now held inactive there. But that would be no more to American tastes than to European, though there would certainly be a difference of opinion as to cause and effect.

The Man About Town

Keeping Time

Budgetary Chronology Aid to Calendars

By HOWARD V. HELDENBRAND
A friendly word from good friend Wm. J. (Bill) Dean

of 19 Ottawa Drive, accompanied by an amusing bit that came to him from St. Louis. See the MAT from 5 L. "For the past 19 centuries we have counted the years globally from the time of Christ. But there have always been purely local and personal identifications with time, such as: One of the Big Crop Years; The Year Joe Was Born; When We Bought the House; Time Aunt Jane Was Married.

"In this New Era, however, we could adopt a modern version of pegging years by correlating them with the size of the Federal Budget. On this basis, we would have: 1962, \$93 Billion Year; 1956 (dropping back a bit), \$66 Billion Year; 1948, \$33 Billion Year; 1928, \$3 Billion Year."

Seems like a dandy idea. But if the deficits and the national debt keep on piling up, we can better go back to the first category of date-fixing with something like

The Year the Roof Fell In

Last week, a lady took her thermometer in hand and posted the MAT at 2:48 p.m. on July 30 (last Monday) the temperature would stand at 100 degrees. Well, she didn't quite make it. The Press weather chart read 74 at the time specified. But an enthusiastic salute to one who has the courage of her convictions and doesn't hesitate to express them.

Just returned from attending the national convention of Pi Omicron National Sorority at Grove Park Inn, Asheville, N.C.

Mr. and Mrs. Robert Dunham of Drayton Woods, and

Mrs. E. Verne McCall of 15 Lorraine Court

A Glimmer's Wife

from Auburn Heights, writes a bit of a protest about local events that all enjoy but which many do not support.

Specifically, she referred to the fireworks spectacle put on for many years on the Fourth by the local firemen's organization. But, she says, because of diminishing financial support, the display was omitted this year — much to everyone's chagrin.

The MAT thinks Auburn Heights people are pretty nice, and maybe this little well-meant jab will make them realize the need for general support of all worthwhile projects.

'Luxury' Accommodations

David Lawrence Says:

Arkansas Shows Faith in Faubus

WASHINGTON — The people of Arkansas have spoken — at least the Democratic party which is in the majority there has spoken. And the net result is that Gov. Orval Faubus has been re-elected to a fifth term.

Thus, three times since the fateful episode of 1957 when Federal troops were ordered to Little Rock, the people have by their ballots endorsed the man who struggled to preserve the Constitution as he conscientiously interpreted it.

He believed that the states have the right to police their own disorders and prevent riots and that Federal intervention is constitutional only if the state requested such aid.

To this day there is a serious question as to whether Federal troops were legally employed in trying to enforce a Federal court order.

The present United States attorney general, Robert F. Kennedy, said in speeches during the 1960 campaign that he thought Federal marshals should have been sent to Little Rock instead of Federal troops.

But the fine points of law are often disregarded by an emotional public.

Throughout the length and breadth of America, moreover — and, indeed, overseas — Gov. Faubus, who ventured to protect his people against public disturbances arising over a court order based on the 14th Amendment, was pilloried as some kind of an ogre who had mangled the Constitution.

This correspondent attended an integrated public high school and would do the same if he were of student age now. But if the application of adhesive plaster or a tightly laced shoe to protect the ankle and, then, immediate resumption of walking gave the best results.

For a mild sprain it is generally better to walk it off. For more severe sprain with much swelling and pain, splint the ankle and have X-ray examination for possible fracture.

Rupture of ligaments is indicated by abnormal mobility of the ankle in any direction. This calls for retention of the ankle in splints for three weeks.

If disability persists, plunge the ankle in hot water, bake it or apply diathermy for ten or fifteen minutes daily and apply gentle massage.

SUPER MILK SHAKE

I just want to tell you how grateful I am for that super milk shake you recommended for youngsters and grownups in place of "pop." Our children, 6 to 14, go for it every time—they say it beats all the bottled beverages. . . . But more important is their very evident increase in vitality since we learned about the super milk shake. . . . (Mrs. L.L.)

And—There is a vast difference between the brief spurts of stimulation a growing child gets from "pop" and the real refreshment, energy and better nutrition the child gets from such a complete food as super hydran milk powder, taken in the form of a milk shake. Send stamped, self-addressed envelope for instructions.

YOUNG AT HEART

My husband (retired) and I are in our sixties. We have all our 11

five candidates, all of them reputable and well known in the state.

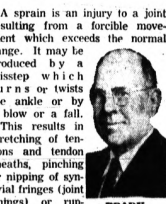

Unquestionably virtually all of them would have been acceptable to the people of Arkansas on the segregationist issue. But the people there preferred to let the world that they still believe in Orval Faubus and that they are convinced he did not get fair treatment by the outside public in the 1957 controversy.

They, therefore, gave Mr. Faubus more votes in the Democratic primary than the combined total of all five of the other candidates for governor.

Incidentally, Arkansas is one of those "one-party areas" to which President Kennedy referred the

Dr. William Brady Says:

Good Idea to Walk Off That Sprained Ankle

BRADY

A sprain is an injury to a joint resulting from a forcible movement which exceeds the normal range. It may be produced by a misstep, which twists or tears the ligaments or by a blow or a fall.

This results in stretching of tendons and tendon sheaths, pinching or ripping of adjacent ligaments (joint linings) or rupture or tear of ligaments or tear or dislocation of joint cartilages.

In many cases there is separation of small fragments of bone with ruptured ligaments. This makes no particular difference in the treatment.

Army surgeons in Korea learned that immediate injection of local anesthetic into the painful or most tender point or points about the joint, the application of adhesive plaster or a tightly laced shoe to protect the ankle and, then, immediate resumption of walking gave the best results.

For a mild sprain it is generally better to walk it off. For more severe sprain with much swelling and pain, splint the ankle and have X-ray examination for possible fracture.

My husband (retired) and I are in our sixties. We have all our 11

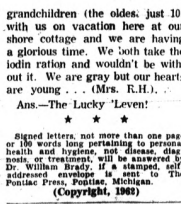

other day at his news conference. He seemed to think it was useless for a president to intervene in such areas even to assist the candidacy of a member of Congress from his own party.

He implied that there is no contest in those areas and hence he couldn't take sides. Actually, there are plenty of contests in the "one-party areas" as this week proved, but the battles are in the party primaries and not in the final election.

The Faubus victory shows that the people are loyal to a man of courage in politics who dares to speak his convictions, though the tide may be running against him outside his own state.

Dr. William Brady Says:

Voice of the People:

'Odd' Weather Continues to Concern Area People

An editorial in The Press says the weather is "peculiar."

We have a different word for it out here in Troy Township. It's a killer. Unless we get a substantial amount of rain and get it almost immediately, the corn crop in our area will be lost.

The drought is very, very, serious and the corn for 1962 will be a dead issue. Corn got a good start this year, but our dry July can prove fatal.

I hope the balance of Oakland County fared better.

Richard Bailey

'Statue Suggestion Is Splendid Idea'

Dorothy Chest had a wonderful idea for the statue along the courthouse. Since the county didn't put it on their new building, it should be in front of or on top of the city buildings as a fine decoration and as a historic memento.

Old Timer

Says U.N. Is Our Hope For Peace

As an old and faithful reader I am very sorry (and surprised) to see that you have joined those who are doing their best to destroy the U.N. Certain other countries are not "pulling their weight" but that is no excuse for us to pull out.

All our payments to the U.N. have not reached much more than the cost of one modern "aircraft carrier" and no one can deny that the U.N. has done much more to save us from an "all out" war than a dozen aircraft carriers.

The United Nations is our one great hope for peace. Armaments, never stopped a war. In 1914 England was thought to be the strongest nation in the world but look what happened.

Stephen Garrard

Highland

The Almanac

By United Press International
Today is Thursday, Aug. 2, the 214th day of 1962, with 151 to follow.

The moon is approaching its first quarter.

The morning stars are Mars, Jupiter and Saturn.

The evening stars are Jupiter, Saturn and Venus.

On this day in history: In 1858, Boston and New York City installed the first street letter boxes for the collection of mail.

In 1923, President Warren G. Harding died on a San Francisco hotel while en route back to Alaska.

In 1939, the search for an atom bomb began when Dr. Albert Einstein wrote a letter to President Franklin Roosevelt advising him that German scientists were trying to find methods of manufacturing such bombs.

In 1954, the United States Senate voted, 72-12, to form a select committee to weigh a motion of censure against Sen. Joseph McCarthy of Wisconsin.

A thought for the day: Daniel Webster, the American statesman, said: "God grants liberty only to those who love it, and are always ready to guard and defend it."

It would be necessary to build additional refineries in the new sugar-producing areas. A new 50,000-ton refinery costs from \$15 to \$18 million. No one will invest this much unless he has a guaranteed

There would be other economic dislocation both at home and abroad. It would probably ruin the East Coast sugar refining industry that has processed foreign raw sugar.

It would also ruin a lot of Latin-American cane sugar growers who have been supplying the United States with raw sugar for years.

But an Assistant Secretary of State Johnson told the Senate committee, "The United States is heavily dependent upon foreign sources for a wide range of industrial raw materials and foodstuffs. It has not been found necessary to subsidize their foreign production to meet our requirements."

The situation was not so bad before 195

Lesinski Holds Fire, Will Slash at Romney in Campaign

By BOB VOGES

LANSING (AP)—Lt. Gov. T. John Lesinski, unopposed on the Democratic slate in his bid for re-election, has been frankly enjoying all the political confusion bothering others and is running relaxed in the primary.

Lesinski hasn't been making speaking appearances until after his noon meal while the three Republican aspirants for his job have been campaigning frantically. He was the only elected official in the Senate not bothered by the threat to call off the primary. Lesinski automatically presides over the Senate as lieutenant governor.

SITS AND GRINS

The reticent Lesinski sat back, grinned and enjoyed his cigars as Republican senators worried about the State Supreme Court order—now stayed by the U.S. Supreme Court—canceling the primary and ordering a swift redistricting.

"So far," Lesinski said, "I've only been making a couple of stops or speaking appearances a day and maybe five or six a day on the weekend. After the primary, I'm going to swing into high gear—that 5 a.m. to 1 a.m. routine with

appearances covering the entire state."

Lesinski said he will try to reach every county. "I think the big issue of this campaign," Lesinski said, "is to expose George Romney for what he is—a gutless Republican."

"This is a gilded product of a battery of Madison Avenue public relations men," Lesinski said. "I want to show the people of Michigan he doesn't really have the interests of Michigan at heart and would use the office, if he ever attained it, to try to achieve national office."

Lesinski was asked if this approach indicated he was slated

for the role of Democratic "hatchet-man" of the campaign. "I'm just going to present the facts and issues," he said.

Lesinski is cast in an entirely different role this campaign as contrasted to his 1960 run with Gov. Swainson.

At the state convention that year, labor leaders tried to dump the 10-year member of the House of Representatives in favor of Richard Vander Veem of Grand Rapids.

Lesinski stuck it out. Helped by his obvious popularity among Polish groups in Detroit, he won by an even larger margin than Swainson.

Since then he's gained statewide exposure and publicity—as the

gavel-busting presiding officer of the Senate riding herd on bitterly antagonistic Republican senators.

WAS AMBITIOUS

Lesinski wanted to branch out. He was an unsuccessful primary candidate for the congressional seat vacated by the resignation of former Rep. Theodore M. Machrowicz.

He pulled political strings for a Wayne County circuit judgeship but twice was bypassed by the governor when vacancies came up. This, apparently, was to keep him on the ticket once his vote-pulling power was realized.

A TAX EXPERT

Lesinski, a tireless speaker and an authority on constitutional law,

was one of the Democratic tax experts in the House. He is credited with playing a large part in framing the final tax settlement of the marathon 1959 session.

He helped direct Democratic tax strategy in the Senate this year, working closely with the group of self-styled moderate Republicans supporting an income tax.

This so angered the anti-income tax Republicans that at one point they threatened to try to have him removed as presiding officer.

Once his efforts to bolt the assigned spot on the ticket were blocked, Lesinski put on the harness to work with the Democratic "team," as they like to call themselves.

He has been extolling Swainson in all his speaking appearances.

"I've been telling the story of his tremendous show of ability... his knowledge of government... his understanding of people," Lesinski said.

"I've been calling attention to the courage of the governor in taking positions that were morally right although they might have been politically costly."

As an example, he cited the governor's veto of a bill that would have blocked applying the Detroit city income tax to suburban residents.

NOT WORRYING

Lesinski said he was uncon-

cerned about which of the three Republican primary candidates would oppose him.

His own last threat of opposition was eliminated when Joseph A. Lewandowski, former Hamtramck mayor, was ruled off the ballot because he didn't collect enough signatures on his nominating petitions.

Republicans in the race are Sen. John H. Stahlin of Joliet, Rockwell T. Gust Jr., constitutional convention delegate from Grosse Pointe Farms and former Lt. Gov. Clarence A. Reid of Detroit.

Reid, he said, is a personal friend although their political philosophies are exactly opposite.

Most of his ammunition, Lesinski indicated, will be fired against Romney.

Lesinski said:

"He failed or refused to assist the moderate Republicans in the Senate when they needed help to adopt a fiscal reform program. He failed to stand up to the reactionaries who dominated the constitutional convention."

"Romney isn't made of the stuff it takes to stand up to hard core reactionaries," Lesinski said. "If he thought he lost his pants to Brake (delegate T. Hale Brake, R-Stanton) in the con-con, how would he stand up to our arch-reactionaries in the Senate?"

"Those guys would pulverize him to nothingness."

2 Soo Plants to Close in '63

Union Carbide Units to Lay Off 270; Represent Last Big Industry There

SAULT STE. MARIE (AP)—Spokesmen for Union Carbide Olefins Co. and Carbide Power Co. said yesterday the two plants will cease operations here by October of 1963.

The companies, divisions of Union Carbide, represent the last major industrial companies operating in the Soo. Both employ a total of 270 workers.

Paul L. Alpaugh, Union Carbide spokesman, said arrangements have been made to sell the property of Carbide Power to Edison Sault Electric Co. The sale is expected to be completed by Oct. 1.

Alpaugh said increased operating costs, distance from markets and the loss of a major customer led to the decision to stop operations at Olefins.

The plant operates two electric furnaces in the processing of calcium carbide, a material used in the manufacture of acetylene gas.

Olefins said one of the two furnaces would be shut down by Oct. 1 of this year. The second will close on the October 1963 date.

In recent years, major industries leaving the Soo or stopping operations include a woolen mill, a lumber plant and a small boat company.

MOST 25 YEARS THERE

Most of the Olefins employees average 25 years with the 60-year-old Soo company.

Company spokesmen said it was not known whether the laid workers would be absorbed into other Union Carbide operations.

Williams Claims Tune's Changing in Future Plays

LONDON (AP)—Playwright Tennessee Williams said today he is seeking new subjects on which to write—no more mixed up ladies from the Deep South.

"I don't think I feel as aggressive and belligerent about life as I used to," he explained. "Also, I don't feel inclined to write anymore about the so-called Southern belle."

The 45-year-old author adjusted his dark glasses and added: "You might find what I call mysticism coming into things I write in the future."

Germans Give Ike Tumultuous Welcome

COLOGNE, Germany (UPI) — Ex-President Eisenhower received a tumultuous welcome today from a nation whose government said it had forgotten he first came to Germany at the head of an enemy army.

Eisenhower, his wife and their grandchildren David, 14, and Barbara Anne, 13, arrived by train from Sweden at 9:04 a.m. They were almost overwhelmed by thousands of cheering Germans who crowded into the railway station and lined the 500-yard route to their hotel.

"What a welcome!" Eisenhower grinned.

The Eisenhowers plan to spend two days in West Germany. Their schedule today included a train ride up the Rhine, a reception at the U.S. embassy in nearby Bonn and dinner with Chancellor Konrad Adenauer.

Adenauer's son Max, city manager of Cologne, and Adenauer aide Hans Von Bittenfeld greeted the Eisen-

howers at the train and presented huge bouquets to Mrs. Eisenhower.

THIRD BOUQUET

She got a third bouquet — a floral of rather wilted wildflowers — from an 18-month-old German girl who toddled out of the crowd at the hotel to hand them to her.

Eisenhower had visited Bonn twice before — in May, 1952, as supreme allied commander in Europe, and in August, 1959, as U.S. president. He was the first American chief of state to visit Germany while in office.

"In the eyes of the German people, this is the visit of an old friend," said the West German government bulletin. "The Germans know what role Eisenhower played in their own history."

"They appreciate that a victorious opponent in war has become a defender of German freedom against the threats of a new dictatorship . . . that he entered their land first at the head of an enemy army."

WORD FROM HOST — Former President Eisenhower got a pat on the shoulder and some parting words from his luncheon host, Sweden's King Gustaf Adolf, at the royal summer residence near Halsingborg, Sweden, yesterday. Eisenhower and his party, on an extensive tour of Europe, lunched with the king on his last day in Sweden.

U.S. to Replace British Thors

Our Rockets to Take Over Red Targets; Ally to Close Missile Bases

WASHINGTON (AP) — U.S. missiles will take over Communist targets now assigned to 60 British-manned Thor rockets after they are taken off their pads.

American authorities disclosed this today following a British announcement that the above-ground, vulnerable Thor missile bases in Britain will be closed down during the coming year.

U.S. informants said "the basis of the British action was financial. They suggested the money Britain saves in this way may be used to strengthen her conventional forces—including those assigned to NATO—and said this meets with U.S. approval.

Officials expect the 1,500-mile-range Thors to go out of operation by October 1963.

POLARIS PLANS
By that time, the United States will have nearly doubled its fleet of Polaris-missile-firing submarines from the present nine to 17. The Navy considers them virtually invulnerable to attack.

Each Polaris sub mounts 16 nuclear-tipped missiles, and one official noted that four such submarines would more than make up any loss in striking power from dismantling the 60 Thors.

Also, the force of American 6,300-mile range intercontinental ballistic missiles will have risen from the present 81 to more than 480 by the time the Thors are taken down.

President Kennedy told his news conference late Wednesday the British gave the United States advance notice of their intention to end the Thor agreement. He said it should have no adverse effect on the defense of Europe.

Under this pact, the United States supplied about \$30 million worth of missiles and other equipment while the British chipped in with about \$3.6 million for launch sites and related expenses.

'Victim' Says Burglar Was Punished Enough

CASION, Ariz. (AP) — Mrs. Edna Marion declined to file charges against a burglar she caught in the act.

She told sheriff's deputies she clubbed him on the head several times with a rolling pin and felt that was punishment enough.

Farmer Conducts His Own Foreign Aid Program

WASHINGTON (AP) —Farmer Harold Weisberg's own foreign aid program is moving at a brisk waddle again.

Weisberg, of Hyattstown, Md., who last January sent 25 white geese as a gift to St. Lucia Island in the West Indies, is sending off today another quacking and honking shipment of good will.

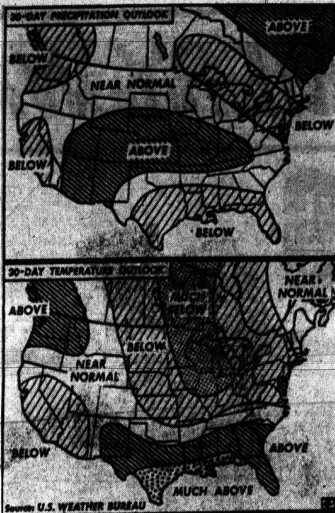

This one—50 ducklings and 18 goslings from his prime breeding stock—are heading for Liberia at the request of the African nation as a start on increasing its food supply.

Why is Weisberg doing it? "Because I want to help," he said. "President Kennedy told us in his inaugural address that each citizen should ask himself what he could do for his country."

As Long as It's Cool, What's the Difference?

NOGALES, Sonora, Mexico (AP) —Telephone employees here went on strike and set up picket lines around the company building.

When the temperature reached 82 degrees, the pickets moved across the street and continued their pacing beneath some tall shade trees.

NEXT 30 DAYS—Pontiac area's temperature for the next 30 days will be somewhat below average and the precipitation will run less than average. These maps, based on those supplied by the U.S. Weather Bureau, forecast the rainfall and temperature for the next month.

Mothers Took Thalidomide

Deformed Twins, Other Baby Reported in Windsor

WINDSOR in — A set of twins and one other baby — all with deformities — have been born in Windsor hospitals to mothers who took pills containing thalidomide during their pregnancy.

The twins, a boy and girl, were born in January. The third child was born within the last three months.

The twins' most serious deformity is that each lacks a radius bone in both forearms, with the result that the arms are twisted inward. The radius is the bone in the forearm leading to the thumb.

The other child has minor deformities of both forearms, according to Dr. E. S. Winbaum, chief pediatrician at Metropolitan Hospital.

Winbaum feels these deformities are "correctible."

The parents of the twins agreed to be interviewed but asked that their names and that of their doctor be withheld. They said reports on their case had been filled out "three or four months ago."

As late as Monday Dr. Evarist A. Duracher, head of obstetrics at Hotel Dieu Hospital, and Dr. Henry Bessant, chief pediatrician said they had no knowledge of any deformed babies born at Hotel Dieu to mothers who had taken thalidomide.

Both said they would know if there were any such births.

Dr. Ben Luborsky, head of obstetrics at Grace Hospital, said there was no record there of deformed babies in this category.

The mother of the twins took about 30 Kevadon pills, which contain thalidomide, during the first three months of her pregnancy after her doctor prescribed them.

Not until she read newspaper reports last March about the effects of thalidomide did she, or the doctors realize why her children were deformed. She immediately phoned her doctor and informed him she had taken the drug.

The boy has already undergone one operation. He was born with a twisted intestine and a bowel obstruction. His weight dropped from the four pounds, nine ounces he was at birth to three pounds. A successful operation was performed.

"He's come a long way since then," his mother said, lifting the youngster, now a healthy-looking 13 pounds, to her knee. "We had to keep him on special feeding formula for a long time."

The boy's right arm looks almost perfect but the left is obviously turned inward. He has no thumb on his left hand and the right thumb is stunted.

The girl, also 13 pounds, was happily perched in a baby swing. One had to look closely to dis-

cover she was not perfectly formed, (are much smaller than normal). The girl is like her brother in. The parents said it is possible that her right arm is slightly the girl's thumb will be amputated. One had to look closely to dis-

Proud Denmark Wants to Be in Common Market

By PHIL NEWSOM
UPI Foreign News Analyst

COPENHAGEN—A bronze mermaid gazed out to sea from a rock in Copenhagen's harbor. She is symbolic both of Denmark's adventurous past and the present in which Denmark regards herself as part of a great Atlantic community rather than a nation which thinks of itself as confined to Europe.

It is this thinking which first led Denmark to reject membership of the "Inner Six" of the European Common Market and to associate rather with the "Outer Seven" of EFTA, the nations of the free trade area comprised of Britain, Denmark, Norway, Sweden, Portugal, Austria and Switzerland.

INNER NATIONS
EFTA looked purely to economic

goals. The six "inner" nations of the Common Market looked toward political unity as well.

They were West Germany, France, Italy, Belgium, The Netherlands and Luxembourg. Of the two it was the Common Market which proved the most unified and the most dynamic.

Therefore, fearful of finding itself shut out of the West European market by a common tariff wall, Great Britain decided a year ago to abandon EFTA and to apply for membership in the Common Market. Denmark quickly followed.

For both it was a matter of economic and political concern.

For instance, it is doubtful if the Danish man in Copenhagen's bicycle-filled streets has given much concern to the fact that ultimately membership in the Common Market will mean

the surrender of a certain amount of his Danish sovereignty.

Economically, Britain's position was complicated by her leadership of the British Commonwealth. Denmark has no such complications.

Great Britain is her largest single customer, taking 25 per cent of her annual exports.

Another 25 per cent goes to Common Market nations. Militarily, she already was a member of NATO, so no question of her neutrality was involved.

TRADING ADVANTAGES
The political implications did not bother her especially. So it

was a matter of trading advantages.

In the offices of the untraveled hallways of Denmark's foreign ministry and in almost daily consultations in Brussels, Denmark's negotiations to enter the Common Market already are far advanced.

But she relies heavily on the success of British negotiations. Should those fail, then it is almost certain that the Danish application also would be withdrawn.

Despite Denmark's membership in NATO, she has political contradictions. There are no Communists in the Danish Parliament. But the Socialist Peoples party, which

follows a sort of Tito Marxism, has 11 members. The party is anti-NATO, antimilitary, and sometimes violently pacifistic.

The Danes are proud of their progress in social welfare and spend heavily on it. This has resulted in a reluctance to make sacrifices for other needs, including defense.

A further result has been considerable criticism that she is not holding up her end in NATO.

Economically, she is prosperous and has full employment. She hopes that the Common Market will help her remain so. She rates the chances of British and Danish membership at about 85-95.

Nearly 40 per cent of the German and South America took American Indians prized the man cutlery industry's \$100 million annual output is exported last year. photo mount because its colors blended into the landscape.

Students Set Concert
in Waterford Twp.

Students in the Waterford Township schools will present a concert tonight at Pierce Junior High School.

George Fetter, band director at Waterford Kettering High School, will conduct an orchestra comprised of advanced students, and Mrs. William Dupe, band director at Gray Junior High School, will direct a unit comprised of youngsters of all age groups.

Ellen Warnock, flute soloist, will play "Fantasy" and trumpet soloist Ellen Warnock will offer the selection, "Wonderland by Night." Admission is free to the 7 p.m. concert.

WSU Breaks Ground
for Classroom Building

DETROIT (U) — Ground was broken Wednesday for Helen De Roy Hall, a \$2,323,000 classroom building on Wayne State University campus.

Other buildings scheduled to go into construction soon are Stalero Hall for Pharmacy, a medical research center and a women's dormitory.

Doctor Gets Revenge

TUCSON, Ariz. (U) — A Tucson doctor who keeps a supply of lollipops and whistles on hand for youngsters has admitted the whistles, go to the children of uncooperative parents.

To Decide Fate
of Condemned
Woman Today

SACRAMENTO, Calif. (U) — Gov. Edmund G. Brown decides today whether to grant clemency to Mrs. Elizabeth Duncan and the two men she hired to kill her pregnant daughter-in-law.

All three are scheduled to be executed in San Quentin's gas chamber next Wednesday.

Gov. Brown went to Los Angeles Wednesday night after a long, emotional clemency hearing in his office. He aides said his decision would be phoned to Sacramento and announced at the capital.

The 56-year-old Mrs. Duncan was convicted of hiring Augustine Baldonado, 28, and Luis Moya, 23, to kill Olga Duncan, 30, in November 1958.

The motive, the prosecution said, was jealousy because Olga had married her son, Frank, five months previously.

Number of Beehives
Down From Last Year

LANSING (U) — Michigan beekeepers have 104,000 colonies on hand this year, down from the 109,000 colonies last year, the Federal-State Crop Reporting Service says.

Colony losses during winter and spring were 16 per cent, about average. A better than average honey crop is expected this season.

SOMETHING DIFFERENT — To create tasty and interesting foods for diabetics and ulcer victims is only one of the many jobs of Oakland County's new food nutritionist at the county health center. Mrs. Katherine Claus also acts as consultant to weight-lossers, professional groups, children's homes and teachers. She is shown here mixing stained fruit through a vanilla custard for an ulcer patient.

New County Consultant

Call Her 'Miss Nutritionist'

Tired of the same old grape-fruit and egg diet for losing weight? Whether its diabetes, a nagging ulcer or just a desire for something a little different to eat, Oakland County's expert nutritionist, Mrs. Katherine Claus, has a sensible answer for almost any food problem in the book.

She's the new consultant in the health department building out at the civic center, just waiting to help those needing help.

Hundreds of county residents have benefited from her sage advice. Foods, fads and fallacies are her business.

When the gentle Mrs. Claus is not directing diabetic classes, consulting with the county's 70 public health nurses or looking over hospital plans for dietary labors, she can be found in the building's kitchen mixing up whole-wheat bread.

People on welfare rolls receiving government surplus commodities often get an abundance of

Job-Hunter's Paradise Is Just Waiting

NEW YORK (AP)—Strictly for job-hunters, the August issue of Dun's review lists more than 100 jobs it says are open or just recently closed.

All have one thing in common: They fall in the general salary bracket of \$50,000.

The reason many such jobs go unfilled, said Dun's, is the trade magazine, is the inability of the job-seekers to find them.

It suggested that rather than relying on the grapevine, applicants seek out management consultants and executive recruiters, who maintain large lists of jobs available.

State Director Nominated for Kennedy Jr. Award

LANSING (AP)—Charles F. Wagg, director of the State Department of Mental Health, has been nominated for the Joseph P. Kennedy Jr. Foundation Award, given for outstanding service on behalf of the mentally retarded.

Wagg has been director of the department since 1949.

Polio Strikes First Victim in Oakland in Two Years

Polio claimed its first victim since 1960 in Oakland County last week.

The case brought a warning urging continued vaccination from Dr. John D. Monroe, director of the Oakland County Health Department.

"Polio is still a threat to life and limb in Oakland County and will remain so until more county residents are vaccinated," Dr. Monroe said.

The most recent victim is a 34-year-old father of three children residing in Oak Park. He is now in Herman Kiefer Hospital in Detroit, paralyzed from the waist down.

Dr. Monroe pointed out that the man had received only one vaccination of Salk vaccine while his wife and children had received the full series of treatments.

"MUST GET ALL"

He stressed that "Salk vaccine, which is capable of preventing paralytic polio in nine out of 10 cases, is available to everyone—but it is necessary to complete the series of three shots before you are protected."

"A single booster shot is recommended one year after completion of the series of three shots. People do a fair job of getting protection for their children."

"Recent surveys," he noted, "have shown that levels of immunization among school children run 75 per cent and up. While this is encouraging, every child and adult should be vaccinated."

The most vulnerable persons are those below 35 years of age.

"Polio is no respecter of age," he emphasized. "Plenty of vaccine is available, and it is a vaccine which has been proven highly successful."

13,000 Outpatients Handled by Hospital

Pontiac General Hospital's emergency department has handled 13,000 outpatients so far this year, according to administrator Harold B. Euler.

Euler also reported this week that the hospital's occupancy held above normal at 93 per cent last week but returned this week to the regular summer level of 322 patients for 94 per cent of the total beds available.

Polish Playwright Dies

WARSAW, Poland (AP)—Leon Ruckusowski, a leading Polish playwright and author, died Wednesday after a long illness.

Oak Park Man Suffers Polio

Polio claimed its first victim since 1960 in Oakland County last week.

The case brought a warning urging continued vaccination from Dr. John D. Monroe, director of the Oakland County Health Department.

"Polio is still a threat to life and limb in Oakland County and will remain so until more county residents are vaccinated," Dr. Monroe said.

The most recent victim is a 34-year-old father of three children residing in Oak Park. He is now in Herman Kiefer Hospital in Detroit, paralyzed from the waist down.

Dr. Monroe pointed out that the man had received only one vaccination of Salk vaccine while his wife and children had received the full series of treatments.

"MUST GET ALL"

He stressed that "Salk vaccine, which is capable of preventing paralytic polio in nine out of 10 cases, is available to everyone—but it is necessary to complete the series of three shots before you are protected."

"A single booster shot is recommended one year after completion of the series of three shots. People do a fair job of getting protection for their children."

"Recent surveys," he noted, "have shown that levels of immunization among school children run 75 per cent and up. While this is encouraging, every child and adult should be vaccinated."

The most vulnerable persons are those below 35 years of age.

"Polio is no respecter of age," he emphasized. "Plenty of vaccine is available, and it is a vaccine which has been proven highly successful."

Polish Playwright Dies

WARSAW, Poland (AP)—Leon Ruckusowski, a leading Polish playwright and author, died Wednesday after a long illness.

AWAITS ABORTION PLANS—Television personality Sherri Finkbine waited nervously yesterday for a decision on where and when she can have an abortion she says she wants so as not to risk birth of a malformed child. Here she tells newsmen that her plans, when completed, probably will be kept secret to avoid further publicity.

Finkbines Weren't Seeking Publicity but Didn't Hide

PHOENIX, Ariz. (AP)—Robert and Sherri Finkbine say they didn't want the publicity, but when it came they didn't hide.

"We've associated with a lot of people in the news business," says Finkbine, 31, a school teacher. "We understand its problems better probably than most people."

It was this relationship with the news business that pulled them into a swirl of publicity over Sherri's desire for an abortion to avoid the birth of a child which might be malformed.

DIDN'T KNOW

When their doctor confirmed that Sherri had taken thalidomide, a drug blamed for deforming thousands of babies, they told a friend in the news business of their plight. They asked anonymity, and got it.

"I thought I was being very noble," Sherri said today. "I thought my story might save other expectant mothers the same experience. I didn't know all this was going to happen."

For a while, the Finkbines remained a mystery couple. Then the hospital accepted the abortion and joined the Finkbines in a futile suit seeking court approval of the operation. Their anonymity was shattered.

REPORTERS CAME

The public learned that the

mother was Mrs. Finkbine, well-known here as "Miss Sherri," teacher on "Romper Room," children's television show.

Reporters and photographers trooped to their home in suburban Scottsdale; the phone rang incessantly; letters of advice arrived from throughout the world.

Only when the court refused to guarantee there would be no prosecution if an abortion were performed did they attempt to withdraw. Mrs. Finkbine, 30, had been secluded in a hospital room several days earlier. Her husband became reticent as they began seeking ways to get the abortion done legally—perhaps in another country.

'HURTING US'

"Any further publicity doesn't help anyone and it is hurting us terribly," said Sherri.

Nevertheless, the Finkbines remain cooperative, although they indicate they won't disclose the time and place when they determine final details about the abortion. The operation is expected to be performed soon. Mrs. Finkbine is two and a half months pregnant and time for undergoing an abortion in safety is running out.

"We've been accused of wanting this attention," she said. "I got a letter from Milwaukee. 'You wanted publicity,' it said."

South Africa Orders Paintings Removed

JOHANNESBURG (AP)—The South African Government has ordered three controversial paintings of the Crucifixion removed from public exhibition until they have been cleared by the Board of Censors.

One of the paintings that aroused controversy depicts ex-Zulu Chief Albert Lutuli, 1960 Nobel Peace Prize Winner, as Christ, and Prime Minister Hendrik Verwoerd and Justice Minister Balthazar Vorster under the cross as Roman centurions. It is the work of Ronald Harrison, a nonwhite.

The other two depict a naked Christ. The government said protests had come about their being shown in a public gallery. They are by Harold Rubing, a Johannesburg artist.

Lands Eagle Order Post

PITTSBURGH (AP)—Clarence Daymple, Flint, Mich., Wednesday was named to the board of directors at the 64th annual meeting here of the Grand Aerie Fraternal Order of Eagles.

HE WON'T DEY — Paul Crump, scheduled to be electrocuted tomorrow, learns Illinois Gov. Otto Kerner has granted him a commutation of sentence to life imprisonment yesterday in Chicago. In the jail scene are Warden Jack Johnson, (right), who gave Crump the news, and Crump's attorney, Morris L. Simons. Crump's sentence of death was changed to 199 years without parole. Crump was convicted in 1953 of slaying a watchman.

'Parole Up to Board'

Debate Legality of Crump Clemency

CHICAGO (AP)—Legal controversy from Warden Jack Johnson in the parole and pardon board Monday, very swirled today around Paul Crump, a convicted slayer whose longer denied killing Theodore Zerkowski, 41, during a \$20,000 robbery. Five other guards also were beaten in the robbery of a Libby, McNeill & Libby Co. plant on the South Side.

Gov. Otto Kerner decided Wednesday that Crump, less than 35 hours away from death in the electric chair for a 1953 murder, should be spared.

The governor, in his clemency message in Springfield, said Crump, 32, "must be accepted as rehabilitated."

Crump, a Negro in his nine year fight to escape the electric chair had won 14 stays of execution. The U.S. Supreme Court had three times refused to hear his appeal.

Clemency was the governor's decision alone to make. However, controversy grew over Kerner's statement that Crump should serve "199 years without parole."

Statehouse legal experts said the governor has no authority over granting paroles, a matter solely up to the Illinois Parole and Pardon Board.

Under the new Illinois criminal code adopted Jan. 1, the experts pointed out, Crump could apply for parole after serving 20 years in prison.

Crump received the news of his escape from the electric chair.

Children's Art Work Being Shown in City

The world through children's eyes will be on exhibit starting today in neighborhood business places throughout the city.

The occasion is the display of youngsters' achievements in the arts-and-crafts part of the Pontiac Parks and Recreation Department's summer playground program.

It will also include numerous useful and decorative items created out of discarded and simple materials, according to arts and crafts supervisor Fred Carter.

The neighborhood exhibits will open today and stay open until Aug. 6 in windows of stores and other business places who volunteered their space.

MOST CREATIVE

A selection of the most creative objects will then be assembled by the staff at a central location and be displayed Aug. 7 to 13.

No location has yet been selected and volunteers who have store space or building space are invited to contact Parks and Recreation Director Leonard Buzz, Carter said.

The department runs an eight-week program of which arts and crafts are a part, along with athletics, drama and music.

The displays will include projects made from old materials. These include short ends of wood, tin cans and jars, wall-paper, newspaper, cardboard boxes, leather, paper, mache, telephone wire, coat hangers, plastic bags and poppete sticks.

Out of these materials, the children ranging in age from 5 to 16 have made architectural structures, masks and medallions, candle holders, puppets, beach bags, flower vases, wall plaques, baskets, billboards, purses and plaster of Paris sculptures.

Another phase of the display will cover both objective painting and creative techniques with such media as tempera paint, water color, and crayons.

"The youngsters use these to depict their concept of the summer playground activity and the world within which they live in individual paintings and murals done by groups," Carter said.

The parks and recreation department has 22 playgrounds with two staff members on each playground. The program operates 1.5 p.m. Mondays, and 9 a.m. and 1.5 p.m. Tuesday through Friday.

Average attendance per week is 400 on each playground, Carter said. The program started June 26 and will run through Aug. 17.

The following playgrounds will display at the indicated neighborhood locations:

Alcott Playground at Figs' Market, 334 Kennett Road; Bagley and LeVeille at the Surfside Supermarket, 213 Branch St.; Bethune at Garlock's Pharmacy, 416 Orchard Lake Ave.; and Central at Hempenstead Insurance and Realty Co., 102 N. Park St.

Wilson and Longwell will be at Warrington's Econ-O-Wash, 360 E. Boulevard; and Auburn Combination Laundry, 317 Auburn Ave.; McConnell at Harvey's Market, 340 Osborn St.; Franklin at Law's Supermarket, 209 Earlewood Blvd.; Baldwin, Winner and Lincoln Jr. High at John K. Irwin Real Estate, 370 Oakland Ave.

Mark Twain, McCarroll and LeBaron displays will be at Mazza's Building in the Perry Street Shopping Center, 741 N. Perry St.; Harrington and Emerson at Julie's Grill and Pizza, 330 Mount Clemens St.; Owen and Weaver at Perry's Pharmacy, 1251 Baldwin Ave.; and Baldwin Avenue Econ-O-Wash, 1253 Baldwin Ave.; Washington, Webster, Crofoot and Wilson at Osborn's Store at Tel-Huron Shopping Center.

U. S. Advances Fund for Dearborn Renewal

WASHINGTON 66 — The Urban Renewal Administration Wednesday announced a \$54,236 planning advance for the U-Score North Road to urban renewal project in Dearborn, Mich.

The agency said \$47,214 has been reserved for awarding upon completion of the planning.

Monel metal used for scientific instruments is a silver-white alloy of two-thirds nickel, about one-third copper, with a small proportion of other metals.

He's Safety Council Official

Speed Traps 'Expert'

HARRISBURG, Pa. (AP) — The State Traffic Bureau reported Wednesday night Dr. Amok E. Neyhart, executive secretary of the Governor's Traffic Safety Council, had been arrested for speeding.

A spokesman for the bureau said Dr. Neyhart was clocked by State Police the night of July 8 at 60 miles an hour in a 50-mile zone near Lewis Run, McKean County.

As a first offender Neyhart did not lose his license. He was fined \$15 and received a warning against future violations, the bureau spokesman said.

"JUST ONE MORE" — A photographer's plea for "just one more" picture netted Peter B. Hickey of the Rochester Times-Union these studies of Soviet Premier Khrushchev at end of his July 13 meeting with American editors

in Moscow. "Tell him not to look so serious," he urged the interpreter and Khrushchev broke into a grin. It was a close-up scoop for the Rochester reporter-manager.

Say Cheese, Mr. Khrushchev

Nikita Grins for Reporter

ROCHESTER, N.Y. (AP) — that once it broke up I would re-Peter B. Hickey made his exclusive close-up pictures of Soviet Premier Khrushchev available to the Associated Press today and told how he managed to take them.

Hickey, manager of the Rochester Times-Union photo department accompanied 12 American editors on a tour of the Soviet Union. Soviet officials let him take pictures at the start of the editors' meeting with Khrushchev July 13, but not while it was in progress.

PUNT ONE MORE

His best shots, however, came at the end of the conference—because of the news photographer's traditional insistence for "just one more."

"During the conference I felt

Formosa Stricken by Sleeping Sickness

TAIPEI, Formosa (UPI) — Health officials reported today that encephalitis (sleeping sickness) and paracocholera outbreaks have reached serious proportions on Formosa.

They said 185 cases of encephalitis have been confirmed and 24 persons have died of the disease since mid-May.

The number of paracocholera cases has risen to 170, with seven fatalities.

Inoculation teams are working around the clock trying to check the diseases but paracocholera already has spread to Japan.

Reports from Tokyo said there were at least 11 cases of paracocholera among crewmembers of a Japanese freighter which returned to Japan from Formosa earlier this week.

Information about species of New Hebrides fish known to cause food poisoning when eaten has been collected.

Church Is Sued as Child Burned Lighting Candle

ELIZABETH, N. J. (UPI) — A civil suit has been filed against a Roman Catholic church here by the parents of a 9-year-old girl who was critically burned while lighting a candle.

The suit, charging St. Michael's Catholic Church with neglect, was filed in county court here yesterday by Mr. and Mrs. Ernest Heim.

Under state law, no damage figure was mentioned. The suit charged the church allowed lighted candles to be accessible to persons who entered including children and that the church was aware or should have been aware of the condition.

Ex-Safety Man Dies

TITUSVILLE, Pa. (AP) — Ned Harland Dearborn, 69, president of the National Safety Congress from 1944 to 1959, died Wednesday.

Ford May Develop AF Missile System

WASHINGTON (AP) — Ford Motor Co. may have a share in developing a mobile midrange ballistic missile system, the Air Force announced yesterday.

The Air Force named 11 firms which it proposes to negotiate contracts for various phases of design, development and planning.

Ford's Aeronautics Division at Newport Beach, Calif., was one of two firms listed under "re-entry system" by the Air Force.

XB70 Crew Escape Pod Passes 2 Test Flights

EDWARDS AIR FORCE BASE, Calif. (AP) — The Air Force says a crew escape capsule for the XB70 bomber, now under development, has been successfully flight tested two times.

A spokesman said yesterday that the tests marked the first time an escape pod was flight tested before completion of the plane for which it is intended. The triple-sonic XB70 is in developmental stages.

School Board to Ponder Loan Against Income

A superintendent's recommendation to borrow \$500,000 against 1962-63 state aid will be considered tonight at a special meeting of the Waterford Township Board of Education.

Borrowing of a similar amount was authorized by the board a year ago. Also slated for board consideration are contracts of five elementary and seven secondary school teachers for the 1962-63 school year.

A report by the Board of Education personnel committee is also scheduled.

Flat Rock Policeman Retires After 25 Years

EAST LANSING (AP) — Cpl. Waldon E. Decker of the Flat Rock Post will retire Aug. 17 after 25 years with state police. Decker joined the department in 1937 and previously served at the Marquette, Bad Axe, Bay City and Detroit Posts. He holds two citations for meritorious service.

Swainson Hits Legislature

Blames the GOP for Detroit Tax

Governor Says Levy Forced Refusal to OK State Income Tax

MOUNT CLEMENS (UPI)—The Detroit income tax, the bane of the nearby suburbs, was blamed on the "do-nothing 71st Legislature" yesterday by Gov. John B. Swainson, who made his second campaign swing through Macomb County.

Swainson attempted to soothe the nettled feelings of the residents of Detroit suburban communities who have held him somewhat in disfavor since he vetoed the Bowman bill, a measure that would make it illegal for a community to tax nonresidents.

The 1 per cent Detroit income tax affects many residents of Macomb and Oakland counties who work in the Motor City.

Swainson had the gubernatorial campaign path to himself. His Republican opponent, George Romney, was occupied with the final clean-up session of the constitutional convention in Lansing.

Swainson placed the blame of the Detroit tax on the Republicans in the legislature for their failure to pass an income tax measure that would have allowed relief to the cities.

"Thirty-eight separate cities have been forced by necessity to establish separate taxes, with the complications of separate administrative assessment and enforcement set-ups, complexity that will eat up much of the revenue," he said.

"The Democratic party," he added, "believes that everybody counts no matter what section of the state he lives in. We don't believe that the space between people should outvote any citizen of the state."

Driver Cut, Bruised as Tractor Overturns

A Milford Township farmer was reported to be in satisfactory condition today after his tractor rolled over on him yesterday afternoon.

A spokesman at the McPherson Community Health Center in Howell said 68-year-old Robert Gorsline, 909 E. Buco Road, suffered cuts and bruises on his head and face in the mishap.

According to sheriff's deputies, Gorsline was working his tractor in the garden when the machine tipped.

NASA Signs Chrysler for \$215-Million Project

WASHINGTON (AP)—The National Aeronautics and Space Administration yesterday signed a \$215,562,744 contract with Chrysler Corp. for production of boosters for the Saturn C-1 space vehicle.

The contract was signed with Chrysler's space division of New Orleans, where the bulk of the work is to be done.

RIVERBOAT REPLICA — The Island Queen, a replica of an old Mississippi riverboat, makes 45-minute trips daily around Kent Lake in Kensington Metropolitan Park near Milford. The daily trips from noon to 6 p.m. will continue through Labor Day.

Weekend trips will be made during September. The pleasure boat, a 60-foot stern wheeler, weighs 10 tons, has two decks and carries 60 passengers. More than 124,000 persons have traveled aboard the Island Queen since it began operations in 1956.

Pine Knob Corp. Formed by Ski Resort Backers

INDEPENDENCE TOWNSHIP—The group behind the development of the ski and summer resort area near Clarkston has incorporated under the name of Pine Knob Enterprises Corp.

Financier-sportsman Leonard W. Jarosz of Birmingham, who played a leading role in acquiring the property, said the new organization is capitalized for \$1 million. Jarosz was elected president of the new corporation.

Alex Kachinko, Stanley Jesky, Arthur Rooks and Reno Ministrelli, all partners in the A & A Asphalt Co. of Birmingham, are listed as the board of directors. Kachinko will serve as secretary and Jesky, treasurer.

The pine-studded site is being planned to accommodate 2,000 skiers at one time, according to Jarosz, who added that the facilities will compare to those in Aspen, Colo. and Lake Placid, N.Y.

Has Too Much Milk

NORTH BRANCH — Hollis D. Schell, 36, of Postoria, had too much milk yesterday. It was all in the tanker truck he was driving that collapsed a bridge over Old State Road south of here and fell into the Flint River while Schell jumped to safety.

Despite Any Drug Deformity

Couple Offers to Take Finkbine Baby

DETROIT (AP)—A young Detroit couple wants Sherri Finkbine to have her baby and they'll adopt it if she'd be willing. The offer comes from Mrs. Robert Ottny, 29, and her husband, 30, parents of two children.

Mrs. Ottny, pretty former kindergarten teacher, said "I wouldn't mind taking care of a deformed child. We'd love that baby, too."

The Ottnys — he is an industrial engineer for a Ford subsidiary — made their offer public yesterday and said they were trying to contact Mrs. Finkbine at Phoenix, Ariz.

Mrs. Finkbine has been refused court permission to abort her third-month pregnancy and may do so outside the United States. She fears the child would be born deformed because she has taken the tranquilizer thalidomide.

Mrs. Ottny urged Mrs. Finkbine to have the baby though conceding "I'd hate to be in her place."

"But it's more horrible to think

Area Man Honored at Guard Retirement

INDEPENDENCE TOWNSHIP—M. Sgt. Arthur W. Black, 6140 Lakeview St., has been honored upon his retirement from the Air National Guard in ceremonies at the final training site near Alpena.

With more than 20 years of cumulative reserve and active service, Black and four other retirees were awarded retirement citations by Maj. Gen. Ronald D. McDonald, Adjutant General for the State of Michigan.

The retirement ceremonies were held in conjunction with an open house program at the base. A military review and fly-over were among other activities.

An aircraft maintenance supervisor, Black in married and the father of four children.

Farm Tour Seen Great Success

Two Lapeer Layouts Visited by 2,500 in Annual Event

NORTH BRANCH (AP)—Officials at the annual farm management tour of two neighboring farms here said the tour was the most successful in 14 years with attendance estimated at 2,500 visitors.

On display in Lapeer County were the Lake Bros. Dairy Farm and the Simmons Bros. Farm which produces hogs and cattle for meat.

Speaker Paul Johnson, editor of the Prairie Farmer — noting that each farm had been in the same family for nearly a century — commented that farming efficiency had increased about five times during that century.

"But," Johnson added, "production efficiency has increased even more. It's good to see emphasis placed on good management, because that's what success comes from, not just production."

Glenn Lake, president of the Michigan Milk Producers Association (MMPA) and one of the three Lake brothers who are co-owners of the dairy farm, was asked how a decision by MMPA to lower prices paid to dairy farmers would affect his farm.

"We're expecting about a \$3,800 cut from last year, but we're going to meet the problem head-on by getting more production per cow," Lake said.

Traffic Kills 142 Persons in Michigan for July

EAST LANSING (AP)—State Police report provisional figures show traffic accidents killed 142 persons in Michigan in July, one more than the number of deaths the same month a year ago.

Delayed death reports are expected to push the toll higher.

The famous Kahn test for syphilis was developed in the Michigan Department of Health laboratories.

NEWS OF THE AREA

Billig-Second Nuptials

Living in Avon Area

MRS. DAVID L. BILLIG

AVON TOWNSHIP — Residing here following their recent exchange of nuptial vows at St. Paul's Methodist Church in Rochester are Mr. and Mrs. David L. Billig.

The bride is the former Carol June Secord, daughter of Mr. and Mrs. Ralph E. Secord, 91 E. Avon Road. Parents of the bridegroom are Mr. and Mrs. Leonard Billig, 1177 Christian N.E. Drive.

Rev. J. Douglas Parker performed the wedding ceremony before an altar banked by carnations. The bride's floor-length dress was of nylon organza with Chantilly lace appliques on the bodice and a scooped neckline formed by lace scallops.

The skirt of organza was decorated with lace motifs. The gown's lace was trimmed with seed pearls and iridescent sequins. The bride carried a white Bible with orchids and Stephanotis.

Joyce Secord of Avon Township attended her sister as maid of honor. Bridesmaid was Barbara Gersak of Avon Township.

Best man was Clarke Locher of Warren. Ushers were Larry Probert of Youngstown, Ohio; Ronald Secord of Avon Township, a brother of the bride; and Bill Billig of Avon Township, the bridegroom's brother.

A reception in the church parlor followed the ceremony.

Senior Citizens Plan Annual Get-Together

The third annual get-together of Oakland County Senior Citizens will be held Wednesday at Hawthorne Park, Pontiac, beginning at 11 a.m.

All senior citizens in the county are invited to attend, said Joseph Gardner, president of the OCSG Council.

Recreation activities will include games, cards, horseshoes and shuffleboard. Entertainment will be provided by each club.

Last year more than 300 citizens attended the event at the Community Activities Building in Waterford. The Council was formed in June, 1960, and is composed of Senior Citizens clubs in the county.

Suspect Is Questioned in Rochester Burglary

ROCHESTER — Detective William Woehl was questioning a suspect today in the burglary of \$71,000 from Milson's Mobil Service, 1031 N. Main St.

The theft was discovered yesterday morning. The suspect was being held in Oakland County jail.

SLEEPING BEAUTY—Linda Sue Calvert, 16, has started on the road to recovery from an automobile accident that left her in a coma for 13 months. The accident claimed the lives of her mother and aunt. Linda Sue, pictured here a few months before the accident, is slowly learning to speak again but the prognosis is bad.

Sentence Justice of N. Y. High Court

NEW YORK (AP)—State Supreme Court Justice J. Vincent Keogh was sentenced today to two years in prison on a charge of obstructing justice by trying to fix a federal court bankruptcy case.

His two co-defendants, Elliott Kahner, 38, a former U.S. assistant attorney in Brooklyn, and Antonio (Tony Ducks) Corallo, 47, an underworld figure, also were sentenced to two years.

U.S. District Court Judge Edward Weinfeld ordered the sentences after the 36-year-old Keogh swore his innocence "in the presence of the everliving God."

Weinfeld earlier had rejected defense motions to dismiss the case against the three defendants.

Runaway Bus Rolls Down Hill; Crowds Unhurt

SAN REMO, Italy (AP)—A Dutch touring bus, parked empty on a steep street in this Riviera resort, slipped its brakes, rolled downhill and shot 600 feet through the heart of town Wednesday without causing a single injury.

Sidewalks on both sides of the street were jammed and there was plenty of automobile traffic.

The heavy bus finally crashed through a protective wall at the railroad station and came to a halt on the tracks minutes before a fast international express was scheduled to pass through. A telephone call halted the train in time.

The driver drew a small fine for negligence.

Soviet, U.S. Build-Up Disturbing as N-Ban Talks Go On

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON—If you could go through a newspaper library's files on the talks about banning nuclear tests—day by day, back for years—you'd be bewildered by the details and maybe sick from the result.

The result has been nothing so far.

But it's not only the lack of progress, or the jockeying, or the half-splitting, or particularly in the case of Russia, the switching around that is disturbing.

Nor is recognizing the mutually profound distrust of the United States and Russia the most glib part of the expedition through these old stories from Geneva where most of the American-Russian talks were held.

MORE AND MORE
The most disturbing part is the

realization that through all these years of talking and even in the time it takes to go through the files—the two giants are straining to build even, more terrible nuclear strength.

It would be nice to think the

Development Programs Are Forwarded to ARA

LANSING 48—The State Economic Development Department has announced approval of overall economic development programs for St. Louis, Alma and Gratiot County.

The programs have been forwarded to the Area Redevelopment Administration in Washington. Approval there will mean projects can be submitted to qualify for federal loans.

new hope President Kennedy held out Wednesday at his news conference—the possibility this country can trim down its conditions for a test ban treaty—might bring agreement at last.

But the odds are against it in the record of failure and the almost morbid, but realistic, tradition of suspicion.

The two big powers can tell pretty well if either of them tests the atmosphere or better, if that was all that was involved, apparently they could agree not to test and neither could cheat without the other's knowing.

But the big sticking point in the speedy underground tests. Both sides have instruments that can detect underground disturbances if they're beyond a certain magnitude.

But on some kinds of under-

ground rumbles the instruments from what Kennedy said, this country has developed detection instruments more sensitive than anything in the past.

AF to Fire Missile on Overland Range

WHITE SANDS MISSILE RANGE, N.M. (AP)—The Air Force announced Wednesday it will fire a special solid fuel ballistic missile from Blanding, Utah, overland to impact in the White Sands Missile Range.

The firing of the missile, set for early 1963, is part of the Air Force's Ballistic Missile Research Study.

The missile will cost much less than actual intercontinental ballistic missiles and was specially manufactured by the Atlantic Research Corp. of Alexandria, Va., and El Monte, Calif.

8 Brazilian AF Men Die

SALVADOR, Bahia, Brazil (AP)—Eight Brazilian air force men were killed today in the crash of a patrol plane on a training mission at Vicosa, in Alagoas State.

Then they reversed and said they opposed any foreign inspection in Russia. For years they have argued inspectors are spies. And it is right here the United States and Russia split.

It seemed clear from what Kennedy said Wednesday that unless the Russians agree to inspections inside Soviet territory, there will be no agreement. He told his news conference:

"We find no justification for the Soviet claim that a test ban treaty can be effective without on-site inspection."

He deliberately didn't go into details on how the United States might be willing to trim its demands—that is, reducing the number of inspection posts a previous thought necessary.

He said, "We first have to have an acceptance of the principle" by Russia that inspection, inside the United States and Russia, is necessary for a test ban agreement to make sure neither cheats.

Bold Eagles, Returning

FULFORD, B. C. (AP)—Bird watchers report the bald eagle population appears to be growing around this Salt Spring Island community. They are feeding on a plentiful fish population and leaving available ducks alone.

Air Conditioned Convertible Coolest Car on Road

By BEN FELLEGER

DETROIT—The coolest thing on the nation's highways this summer is the air conditioned convertible. Sounds ridiculous at first, doesn't it? About as necessary as the cherry atop the whipped cream atop the ice cream on a soda fountain sundae.

But a man who drives one suggests you consider these advantages. The convertible gives top-down luxury during pleasant weather. The air conditioner takes over on days when it is hot to

have the top down, or during wet, muggy weather.

Air conditioned convertibles are not yet numerous enough to show up in statistical breakdowns of auto production. But there is little doubt they are growing in popularity.

Ford Motor Co., which offers its executives the choice to lease cars from the company at relatively low rates, says an increasing number have ordered air conditioned convertibles this year.

Jack Wolfram, general manager of Oldsmobile, was one of the early advocates of the combination. He said he liked the cool air on the top to counteract heat from the sun.

Although statistics are lacking on air conditioned convertibles, two features separately are enjoying record years. Never before have so many cars been built with factory installed cooling units and never before has so much of a model run been devoted to the soft top cars.

Present estimates call for some 80,000 air conditioned cars for this 1962 model year. This would more than double the 41,000 built just two years ago. Independent dealers install about 40 per cent of all such units, boosting the total for the year well over the one-million mark.

Air conditioning normally is the most expensive optional equipment available for a car. The convertible version is the most expensive body style available.

Forty-two different convertibles

are being offered currently, with an average price of \$3,451, including federal tax.

Ward's Reports says almost 355,000 convertibles were included in the 1962 model year through June 30, a record 5.9 per cent of the total car output in the record 40 year of 1955 only, 212,000 convertibles were built.

ON GENERAL MOTORS

General Motors, and especially Chevrolet and Pontiac, dominates the convertible market this year.

The best seller is the Chevrolet Impala V-8 while the Chevy II is in third place and the Corvette is in the top ten.

Pontiac has three entries in the top ten—the Tempest, Bonneville and Catalina.

The Ford Galaxie and Rambler American are the only makes other than General Motors to break into the top 10 sales group.

Ford hopes to correct this in 1963 with the addition of convertibles for its Falcon and possibly its Fairlane series while Mercury will

add them for Comet and possibly for Meteor.

The softops were new in 1962 for the Buick-Olds-Pontiac compacts and for the Chevy. The Chevy II, a full new series, included a convertible from the start.

Lightning Kills Africans

NAIROBI, Kenya (AP)—Lightning struck an African hut at Eldoret Tuesday night, killing 10 Africans who had sought refuge from a heavy storm.

Seize Red Propaganda From Latin Students

MEXICO CITY (AP)—Mexican police seized more than 150 pounds of Communist propaganda material Wednesday from 86 Latin-American students returning from a visit to Cuba.

Police said the group included students from Argentina, Chile, Brazil, Guatemala, Bolivia and Venezuela, who were on the first leg of their trip back to their countries after attending Cuba's 26th of July celebrations as guests of Prime Minister Fidel Castro.

Sierra Leone, which recently became a country, had been a British Crown Colony since 1808.

POPCORN POPS — A special treat for both small fry and big fry is the Popcorn Paddle Pop, an easy-to-make bar that combines crispy popcorn with creamy ice cream.

Popcorn Layers With Ice Cream

Fill Up Freezing Trays
With Caramel Corn
and Frozen Dessert

Here's a holiday-or-any-day treat that the kids (and everyone else) will greet with cheers — Popcorn Paddle Pops.

The combination of a crispy, caramelized popcorn confection and ice cream is a natural. Easy to prepare, the Popcorn Pops can be stored frozen indefinitely, and they're easy on freezer space because the sticks are added when you're ready to serve them.

One note of caution: If you want them to last, better barricade the freezer!

Popcorn Paddle Pops
2 quarts unsalted popped popcorn
1 cup firmly packed brown sugar
1/2 cup light corn syrup
1/2 cup water
1 teaspoon salt
1/2 teaspoon cream of tartar
1/2 cup butter or margarine
1 quart vanilla ice cream

Place popcorn in buttered bowl. Combine sugar, corn syrup, water, salt, cream of tartar and butter or margarine in heavy saucepan. Cook to the hard crack stage (295° to 300°), stirring frequently.

Pour syrup in a fine stream over popcorn and stir until corn is evenly coated. Spread out on greased baking sheet; separate kernels.

Cover bottom of two refrigerator trays or one double tray with half of the popcorn; top with layer of slightly softened ice cream. Top with remaining popcorn. Put in freezing compartment to harden. Cut in slices. Insert wood paddles. Yield: 8 to 10 servings.

Blueberries on State Land Free to Pickers

LANSING — Michigan's blueberry crop is "coming on" in many parts of the state, offering fair to good picking prospects, the Conservation Department reports.

Residents and out-of-state vacationers, who have been waiting for the signal, are reminded that berries are free for the picking in state game areas and state forests.

In some 40 southern Michigan state game areas, most of which

have blueberries, the crop is just starting to ripen. Barring a spell of cold weather, picking should be at its best during the next three or four weeks in these public areas.

Gratiot-Magnaw, Deford, and Tuscola state game areas are rated among the better places for picking blueberries in this part of the state. Blackberries are also reported to be in fairly good supply in these areas while wild raspberries are less abundant.

Pickers who go after high-bush or swamp blueberries in the wet, wooded lowlands of southern Michigan are cautioned to watch out for poison sumac which grows in this type of habitat.

The blueberry picture is spotty in the northern lower peninsula because of dry weather. However, with a little more searching than usual in dry, sandy plains or moist woods and swamps, people should be able to seek out productive sites.

Department field reports indicate that blueberry picking has hit its peak in the Roscommon area and should be tops for the season next week farther north in the lower peninsula. This region's supply of blueberries and wild raspberries is ladled with the possibility that rains could help the situation.

In the upper peninsula, blueberries are down from last year because of late frosts and lack of rain. It is still too early to tell about this area's blackberry crop.

Letting milk stand in the sunlight imparts both flavor and riboflavin content.

Egg-Rich Gelatin Part of Parfait

Time — summer. Place — your porch or patio. Scene — you, reclining in a chair, enjoying a cool parfait.

This parfait is a delicious gelatin dessert, rich due to the addition of egg yolks and fluffy with beaten egg whites.

Easy, ready-squeezed bottled lemon juice gives it its cooling flavor and sugared berries (either fresh or frozen) piled between the layers and on top, adds to its taste appeal. A dollop of whipped cream completes the picture.

Here is the recipe for a sure-fire summer scene stealer — Lemon-Fruit Parfait.

Lemon-Fruit Parfait
1 envelope unflavored gelatin
1/2 cup sugar
1/4 teaspoon salt
2 eggs, separated
1-1/2 cups milk
2-1/2 cups bottled lemon juice
1-1/2 cup sugar
1 pint sugared fruit

Combine gelatin, 1/2 cup sugar, salt, slightly beaten egg yolks and milk. Cook over low heat until mixture thickens. Remove from heat and slowly add lemon juice. Cool. Chill until mixture begins to thicken.

Beat egg whites until fluffy. Slowly add 1-1/2 cup sugar and continue to beat until stiff. Fold lemon mixture into egg whites. Spoon into parfait glasses alternately with fruit. Top with whipped cream. Makes 4 to 6 servings.

Asparagus Is Super Cooked Briefly

You may go for cooking asparagus in this way and use it ever after!

Asparagus Italiano
2 pounds asparagus (about 2 dozen fairly thick stalks)
3 tablespoons olive oil
1/4 cup boiling water
1/2 teaspoon salt

Break off tough ends from asparagus; with swivel-blade vegetable peeler pare stalks up to buds; wash in hot water; rinse in cold water. Cut off buds and slice in stalks into 1-inch diagonal lengths, 1/2 inch thick.

Put asparagus (both bud and stalk pieces) in a 10-inch skillet with the olive oil, water and salt; stir over low heat until hot. Cover and boil gently just until asparagus is tender-crisp — about 3 minutes. Lift cover and adjust heat if necessary so water evaporates but asparagus does not scorch. Makes 6 servings.

Take Two Slices or a Loaf of Bread

By JANET ODELL

Pontiac Press Food Editor

To most mothers — especially to those who pack school lunches all ten months of the school year — it might seem ridiculous to designate one month as Sandwich month. But the baking industry has been doing this for several years. It gives us a good excuse to present some new recipes to you.

Are your children the peanut butter-jelly type? Well, let's face it; they're just being normal American children. But let's give us on them and give them a different sandwich for breakfast, disguised as French toast.

You may want to substitute chopped peanuts for the peanut butter. But the small fry should like all the other ingredients.

Fried Tropical Breakfast Sandwich
1½ cups well drained crushed pineapple (1-pound 4-ounce can)

¼ cup mashed ripe banana (2 small bananas)

½ cup softened cream cheese (4 ounces)

½ cup chopped pecans

12 slices enriched white bread

2 eggs, beaten

½ cup milk

¼ teaspoon salt

Butter or margarine for frying

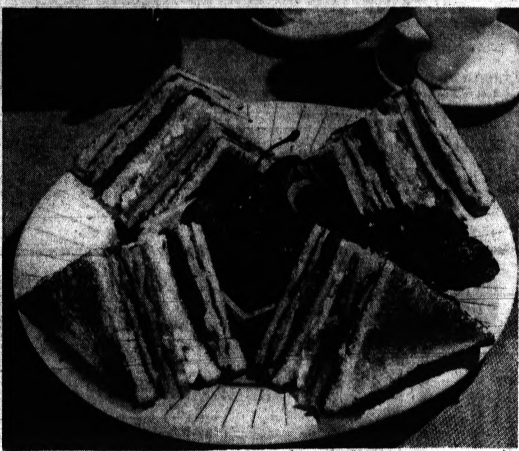

Blend together pineapple, banana, cream cheese and pecans. Spread on 6 slices bread. Cover with remaining slices bread to close sandwiches. Cut each sandwich in half diagonally.

Blend together thoroughly eggs, milk and salt in shallow dish. Dip each side of sandwich in egg mixture. Brown quickly on both sides in hot butter or

Popovers Take Short Preparation Time

Start your week on a high note with puffy, crisp popovers for Sunday breakfast or brunch. You can make them in a jiffy — just heat 'n' bake.

For six popovers, stir together 1 cup sifted enriched flour and ½ teaspoon salt. Combine 2 beaten eggs and 1 cup milk. Stir into flour mixture and beat until smooth. Add 1 tablespoon melted shortening. Beat 3 minutes with rotary beater. Pour into well-greased custard cups, filling ¾ full. Bake in hot oven (425 degrees) about 35 minutes. Serve hot.

CONTINENTAL CLUB — It's a man-sized sandwich, but the girls will enjoy it too. This Continental Club features one layer of sliced turkey spread with a blue cheese-mayonnaise

margarine in skillet. Serve hot. Makes 6 sandwiches.

Who knows the origin of the club sandwich? All we know is that it is a wonderful way to combine a variety of good foods. If the fillings are all hot and the bread toasted, be sure to serve the sandwich on a hot plate; if the fillings are cold and the bread not toasted, chill the plate.

This recipe for a Continental Club sandwich was named one of the Twenty Best Sandwiches of the year in a national contest for people in the food service business. Joseph Cotton of St. Louis, a cook for a catering company originated the sandwich. He wanted a new way to combine meats with dairy products, fruits and vegetables.

The Continental Club sandwich was named one of the Twenty Best Sandwiches of the year in a national contest for people in the food service business. Joseph Cotton of St. Louis, a cook for a catering company originated the sandwich. He wanted a new way to combine meats with dairy products, fruits and vegetables.

6 tablespoons soft blue cheese (3-ounce package)

1-3 cup mayonnaise or salad dressing

1½ cups drained canned peach slices, chopped (1-pound can)

1 cup small curd cottage cheese (8 ounces)

18 slices enriched white bread

6 1-ounce slices baked breast of turkey

12 lettuce leaves

6 1-ounce slices baked ham

6 slices Swiss cheese

Potato chips

6 radish roses

6 sprigs parsley

6 pimiento-stuffed green olives

18 sweet pickle chips

6 maraschino cherries

Mix together blue cheese and mayonnaise or salad dressing. Combine peaches and cottage cheese. Toast bread.

Spread six slices toast with blue cheese mixture using half of mixture, then cover each with 1 slice turkey and 1 lettuce leaf. Spread six more slices toast with peach-cottage cheese mixture and cover with 1 slice ham, 1 slice Swiss cheese and 1 lettuce leaf. Place peach-cottage cheese slices over blue cheese-turkey-lettuce slices, spread side up.

Spread six remaining slices toast with remaining blue cheese mixture and close sandwiches, spread side down. Cut each sandwich into 4 pieces, fastening each with tooth-

pick. Place sandwiches on serving plates and garnish each with potato chips, 1 radish rose, 1 parsley sprig, 3 pickle chips, 1 green olive and 1 maraschino cherry. Makes 6 sandwiches.

Ever eat a sandwich? A sandwich is made with slices of white bread cut from a whole round loaf. You layer it and top it with appetizing fillings. To serve, cut it in wedges. The recipe suggests an set of fillings; use your imagination for others.

You'll like the mustard-mayonnaise spread that holds the sandwich together. Keep some made up in the refrigerator for other sandwiches and snacks.

SANDWICH SWIRL

Round loaf white bread (about 1½ lbs.)

¾ pound soft-butter Mustard-Mayonnaise Mix 1 package (8-oz.) sliced processed American Cheese

2 firm ripe tomatoes, thinly sliced

Crisp garden lettuce

6 or 8 thin slices summer sausage
Ham Salad Filling
Egg Salad Filling
4 radishes
4 sweet gherkin pickles

Round loaves of bread vary some in height but all will yield 2 thick slices from bottom of loaf. (Have crusty top slices remaining to use as you wish.) For ease in eating finished sandwich with a fork, remove a portion of the thick brown bottom crust, leave just enough for a firm sandwich base. Cut two round slices about 1½ inches thick from bottom of loaf. Spread bottom slice with butter.

Then using just enough mustard-mayonnaise between layers of fillings to hold them together, top with slices of cheese, tomato, frills of garden lettuce and summer sausage. Spread second round of bread with butter. Place buttered side down over fillings. Spread top of sandwich with butter. Place a large round cookie-cutter or turn a small custard cup up-side-down in the center. Spread a thick layer of ham filling in a ring around custard cup. Remove cup; fill center with egg filling. Garnish center with radish slices; garnish ham border with pickle halves. Cut into thick wedges to serve. Yields 8 servings.

Egg Salad Filling
4 hard-cooked eggs
¾ cup Mustard-Mayonnaise
¼ teaspoon seasoning salt
¼ cup finely diced celery
Combine all ingredients. Keep refrigerated until ready to use.

Ham Salad Filling
1½ cups ground cooked ham
1 tablespoon pickle relish
1-3 cup Mustard-Mayonnaise
Combine all ingredients, using additional mustard-mayonnaise, if needed, to make a moist mixture. Mustard-Mayonnaise: Blend together ¾ cup mayonnaise with 6 tablespoons prepared mustard.

Roll-Up Sandwiches Toasted in Oven

Savor every golden summer moment with in-the-midnight soup by sandwich luncheon served in the backyard or on the patio. For quick and tasty sandwiches, spread enriched white bread with process cheese or liver sausage. Roll up the sandwiches jelly roll style and toast in a moderate oven (350 degrees) until heated through.

Canned tomato soup or a combination of tomato and chicken-riced soups would be good go-alongs with the roll-up sandwiches.

If the canner has a dial gauge, write to the manufacturer to see if he will check it for you. Mrs. Hardy advises: "Accurate pressure readings are necessary to make food keep."

If the gauge does not register accurately, you should make a tag and tie it to the cooker so

Vegetables Fill Fish for Baking

Whether there are anglers in your family—or just supermarket fishermen, baked stuffed whole fish makes any occasion festive. With fresh vegetables abounding in gardens and groceries, this summery salad stuffing for fish will hit the spot—it's low in calories! National Fisheries Institute home economists suggest that when baking whole fish, it's best to cover the tail with aluminum foil to prevent burning.

Fish Baked With

Low-Calorie Salad Stuffing

2- to 5-lb. whole fish (striped bass, sea bass, red snapper, lake trout, whitefish)

¼ cup butter or margarine

1 clove garlic, split

½ cup chopped green pepper

½ cup chopped sweet onion

¼ cup chopped celery

2 tomatoes, peeled and chopped

¼ cup chopped parsley

1 teaspoon salt

¼ teaspoon pepper

Have fish scaled and cleaned, and head removed. Wipe with a damp cloth and place fish on greased bake-and-serve plate. Heat butter in skillet: Place garlic pieces on tootlickers, add to butter and simmer gently five minutes. Remove garlic.

Add pepper, onion and celery and cook over moderate heat, stirring occasionally, long enough to soften, (about five minutes). Add tomatoes, parsley, salt and pepper, and stir over low heat one minute. Fill fish with stuffing (including liquid in pan) over and around the fish.

Bake at 425 degrees (hot oven) until fish flakes easily with a fork. Allow about thirty minutes for two- or three-pound fish, fifty minutes for five-pound fish. Serve with wedges of lemon or lime. A three-pound fish will serve four.

Cinnamon Toast Varies

Cinnamon toast is quick to fix and delicious any time of the day. Change the cinnamon-sugar topping occasionally by sprinkling crushed toast slices with a grated, orange rind and sugar or a honey-nutmeg mixture. For the coffee-lovers in your family, sprinkle toast with a mixture of instant coffee and sugar.

Canning Equipment Must Be in Order

Use a pressure canner when processing beans, peas, corn, and other vegetables with the exception of tomatoes, says Mary Hardy, Oakland County Extension Agent, Home Economics. She suggests you check your pressure cooker or canner by putting water in it and bringing it up to pressure as you cook normally. Watch for steam leaks, as they can lessen the pressure and cause the cooker or canner to boil dry.

Mrs. Hardy says that a little leakage around a weight-type gauge is all right. However, it should be thoroughly cleaned to give the pressure correctly. If steam or capes around the cover, be sure to examine the sealing gasket. Turning a reversible gasket over may improve the seal, but one that is hardened, stretched or worn should be replaced by the dealer or manufacturer.

If the canner has a dial gauge, write to the manufacturer to see if he will check it for you. Mrs. Hardy advises: "Accurate pressure readings are necessary to make food keep."

If the gauge does not register accurately, you should make a tag and tie it to the cooker so

you will know the amount and direction of the error. From this you can determine what the gauge should read to give the needed pressure.

When storing your canner, Mrs. Hardy says, make sure it is clean and dry. Thumb screws should be coated with petroleum jelly or salt-free cooking oil to prevent rust. Crumbled newspapers inside the kettle will absorb moisture and odors. Wrap the cover and invert it inside the kettle.

DISCARD
She advises discarding any glass jars or lids that have cracks, chips or dents. Such defects can prevent airtight seals and cause the food to spoil.

For further free information on home canning and care of pressure cookers or canners, write to Oakland County Extension office, 1300 N. Telegraph Rd., Pontiac, for "Home Canning of Fruits and Vegetables," USDA Home and Garden Bulletin No. 8 and "Pressure Canners, Use and Care," USDA Home and Garden Bulletin No. 30.

For a refreshing treat on a hot summer day, serve jellied beef consommé in the hollow of a vine-ripened cantaloupe.

SHEDD'S Safflower oil

MARGARINE

the **LIGHT** margarine made with rare 100% Safflower Oil

Better for you... better taste, too!

One of the wonderful things about Shedd's Safflower Oil Margarine is its marvelous taste—a sweet, fresh, rich taste that adds a bit of flavor-magic to everything it touches. So delicious that your family may think it's the most expensive spread. So light and tasty that it brings out the full mouth-watering flavor of good bread, hot rolls and toast, baked potato, hot vegetables, sauces, cookies, pastries. In the dining room or in the kitchen, Shedd's Safflower Oil Margarine is pure flavor-magic. Try it!

And now Shedd's Safflower Oil Margarine is available at your favorite grocer's.

Enjoy Eggs Around the Clock With a Flock of Recipes

Homemakers can spend less time in the kitchen and speed up preparation of tasty, nutritious meals and snacks by following a "baker's dozen" ideas on the use of eggs this summer. A supply of hard-cooked (sometimes called hard-boiled) eggs in the refrigerator can be transformed into delicious items such as:

- 1. A QUICK SNACK:** Just reach for an egg and enjoy it.
- 2. PICKLED OR SPICED EGGS:** Just drop peeled eggs into beet or sweet pickle juice and let stand for several hours or longer in the refrigerator.
- 3. DEVILED (STUFFED) EGGS:** Use your favorite recipe—or short-cut it, using bottled sandwich spread to blend into the mashed or sieved yolks.
- 4. SUMMER SALADS:** Chopped, sieved or sliced eggs add real appeal to summer salads. What is a potato salad without eggs? Combine 6 cups diced, cooked potatoes, 1½ cups (about) salad dressing, 2 cups diced celery, ¼ cup chopped green onions, 5 hard-

cooked eggs. Salt and pepper to taste.

- 5. EGG AND SOUP:** Add chopped hard-cooked eggs to your own favorite soup.
- 6. EGG SALAD:** This classic hot weather favorite makes a cool, quick sandwich or delicious stuff for tomatoes. Combine 6 chopped eggs, 3 Tbsp. well-drained pickle relish, ¼ cup diced celery, 2 Tbsp. snipped chives or parsley and 3 Tbsp. mayonnaise. Season to taste.
- 7. EGG SPREAD FOR APPETIZERS:** Sieve 4 eggs and blend 2 or 3 drops Tabasco, ¼ tsp. each of salt and pepper and ¼ cup soft butter or margarine.
- 8. SMOKED EGG DIP:** Combine 12 sieved hard-cooked eggs, 2 Tbsp. soft butter or margarine, 1½ tsp. liquid smoke seasoning, 1 Tbsp. lemon juice or vinegar, 2 tsp. prepared mustard, 2 tsp. Worcestershire sauce, 2 drops Tabasco, 1 tsp. salt, ¼ tsp. ground pepper and ½ to ¾ cup mayonnaise or salad dressing. Beat until smooth, and pile into bowl. Chill. Makes 3 quart.
- 9. FRIED EGGS:** Cook bacon in heavy skillet, set bacon aside. Meanwhile, break required number of eggs into bowl and slide eggs into moderately hot bacon fat. Cover and cook to desired doneness. In this cooking method yolks will be nestled in a deep layer of white. Or this, prepare hash browned potatoes and slide eggs atop hot potatoes. Cover and scramble eggs atop the potatoes.
- 10. SCRAMBLED EGGS:** Follow favorite recipe adding fresh garden vegetables, chopped green onions, parsley, chives, etc.

Mexican Style — Prepare scrambled eggs and add chopped onions, chopped tomatoes and green peppers or fresh green corn. Scrambled Eggs Creamed Style — Blend one can (about 10-oz.) creamed soup, add 6 slightly beaten eggs, season and scramble.

An easy way to eat scrambled eggs out-of-doors is to serve them sandwich style in hollowed-out weiner or burger buns.

- 11. DENVER SANDWICH:** A favorite variation of scrambled eggs for each sandwich combine 1 Tbsp. each chopped onion, green pepper and cooked ham, 1 egg and sea-
- 12. FRENCH TOAST:** For 6 slices of bread (2 to 3-day old) combine 3 eggs, ¼ cup milk, ¼ tsp. salt and 1 tsp. sugar in a flat dish. Dip bread in egg mixture. Cook on well-greased griddle turning once to brown both sides.
- 13. THE PLAIN OMELET:** For individual servings, break 2 eggs into bowl. Add half eggshell of water, ¼ tsp. salt and dash of pepper. Beat with fork just enough to blend. Pour into moderately hot greased skillet and "scramble" shaping mixture into a flat round to fit bread. Turn over to brown both sides. Serve hot between bread or toast.

Continue in this manner keeping mixture as level as possible and at the same time shaking skillet to keep omelet sliding freely. When mixture is set but surface is still moist and creamy, fold in half or roll. Serve promptly.

Why do people like eggs? Here are a few of the reasons:

- Eggs are Economical — This is a matter of great importance to
- homemakers who want to have fun with grocery budget and serve family treats as well.
- Eggs are Versatile — When prepared eggs, endless variety is possible in meal planning.
- Eggs are Easy to Serve — Serve them plain, serve them fancy — morning, noon, night, and anytime, too.
- Eggs are Low in Calories — And at the same time carry a wealth of excellent nutrition.
- Eggs are High in Protein — In fact a powerhouse protein food. Egg protein is so excellent that it is used as a measuring stick for other proteins.

Eggs Abound in Other Nutrients — They contain the important B-vitamins, thiamine (B1), riboflavin (B2), the anti-anemia vitamin (B12) — vitamins A and D and important minerals.

Eggs Around the Clock — For studying, playing and growing, eggs and children go together — serve them 'round the clock.

Republican

Bavarian Like Dessert a Cool Minty Green

Sprinkle 1½ teaspoons gelatin and 2 tablespoons water and soak a few minutes. Dissolve ¼ cup (2 ounces) crushed peppermint candy in ¼ cup milk over hot water. Beat 2 egg yolks well. Pour a little of the hot liquid into them. Add this to the hot mixture, and cook until thick, stirring constantly. Add the gelatin to the cooled mixture and stir until dissolved. Cool until thick, but not set.

Add ¼ teaspoon salt to 2 egg whites and beat until stiff but not dry. Gradually add 6 tablespoons sugar, beating constantly. Combine the beaten egg whites and the gelatin mixture. Add a few drops of green food coloring. Whip 1 cup heavy cream and fold it in.

Crush 12 plain chocolate cookies (about ¼ cup). Put half the crumbs into a 10x4x1½ inch ice cube tray or shallow pan of similar capacity. Pour in the prepared mixture and cover with the rest of the crumbs. Freeze 3 to 4 hours without stirring.

There Are Four Ways to Light Charcoal Fire

Wood charcoal briquets used for cooking can be ignited in a variety of ways.

Most common is the use of charcoal lighter fluid. Apply fluid to the briquets, following instructions on the container. Allow 60 seconds for fluid to soak in, then light with a match. The first briquets to ignite will slowly form a fine white ash which spreads to the other briquets. About 25 minutes should be allowed for ash to cover all briquets. Cooking heat has then been reached.

Lighting pellets are also available in solid form. These are placed among the briquets and ignited with a match, following instructions on the container.

Wood charcoal briquets also can be ignited by buying an electric starter in a pyramid of briquets. When white ash forms, remove the starter.

Cut-up paraffin milk cartons also are excellent starters when buried among briquets.

Clorox does more than whiten... CLOROX gives you a cleaner wash 3 ways

1. BETTER DIRT REMOVAL
Clorox in your wash actually gets out oily body dirt that wash soaps and weak bleaches leave in.

2. BETTER STAIN REMOVAL
Clorox bleach is the best possible laundry aid you can use for bleaching out stains.

3. BETTER DISINFECTION
Clorox is a more effective laundry disinfectant than any soap, any detergent, any weak bleach.

RAISIN SUNDAES — The raisin toffee sauce has a delectable butterscotch base. Maple, rum or pecan are exotic variations. The thick fudgy rocky road sauce combines sweet raisins, nuts and marshmallows in a dark chocolate

sauce that's out of this world. On the lighter side, try the tutti frutti sauce. It's a colorful, thin sauce, delicately flavored with brandy. To impress dinner guests, flame it in a chafing dish at the table.

Plump Little Raisins Star in New Sauces

Here's a trio of taste surprising raisin sauces for sundaes. Each carries the deep rich flavor of California raisins in a distinctively different manner. Mix and match them with many flavors of ice cream.

All three intriguing sauces are easy to make and store well in the refrigerator. They're a breeze to serve for a quick, refreshing treat.

Raisin Toffee Sauce

1 (6-ounce) can evaporated milk
¼ cup light or dark corn syrup
1 cup brown sugar (packed)
1 cup granulated sugar
½ teaspoon salt
1 teaspoon vinegar or lemon juice
2 tablespoons butter or margarine
2 teaspoons vanilla
½ cup dark or golden raisins

Stir undiluted evaporated milk, corn syrup, sugars and salt together. Cook directly over very low heat, stirring frequently. Sauce will thicken in about 20 minutes. Remove from heat and add all remaining ingredients. Serve warm or cold. Cooled sauce may be stored in covered container in refrigerator. Makes about 1½ cups sauce.

Variations

Maple Toffee Sauce: Use 1 teaspoon maple flavoring in place of vanilla.
Rum Toffee Sauce: Use 1 tablespoon rum extract in place of vanilla.

Pecan Toffee Sauce: Use any of the flavor variations desired. Stir in ¼ cup chopped pecans.

Rocky Road Raisin Fudge Sauce:
½ cup butter or margarine
1 cup light or heavy cream
1 cup sugar
1-3 cup powdered cocoa
½ teaspoon salt
2 teaspoons vanilla
½ cup dark or golden raisins
½ cup miniature or cut pieces marshmallows
¼ cup chopped walnuts

Melt butter; blend in cream, sugar, cocoa and salt. Heat to boiling; boil 2 minutes. Remove from heat and cool. Add all remaining ingredients. Makes about 3 cups.

If sauce becomes thick when cold or refrigerated, heat slightly over warm water to desired consistency. Or, beat in a little additional cream or coffee beverage.

Flaming Tutti Frutti Sauce:
1 cup orange juice
½ cup pineapple juice
¼ cup lemon juice
2 cups sugar
½ teaspoon salt
1 tablespoon white corn syrup
2 teaspoons brandy extract
½ cup dark or golden raisins
2 tablespoons chopped candied or maraschino cherries
2 tablespoons sliced or chopped almonds

Combine fruit juices, sugar and salt. Boil slowly 15 minutes (cover pan first, 2 or 4 minutes of cooking). Add corn syrup, lower heat and simmer 15 minutes. Add remaining ingredients in a 4 simmer 5 minutes longer. Remove from heat and cool. Makes about 2 cups sauce.

Sauce may be flamed, if desired. Use ¼ cup brandy (100 proof) omitting brandy extract. Heat brandy in small container over hot

Lights and Noise Affect the Taste

If Kids Are Rowdy, Add Sugar, Avoid Vinegar Skip Salt in Candlelight

Whether or not you realize it, noise and lights have a definite effect on how you enjoy your meals and the reaction of your sensitive taste buds.

Next time you dine out, for example, you may find that the steak requires more seasoning, or that you want more sugar in your coffee, or that the salad dressing seems slightly sharp — all depending on whether you have noisy neighbors and what the lighting arrangement may be.

If you dine by candlelight, chances are that the vegetables or roast will taste saltier than usual. And if the kids raise a rumpus, you should go slow on the vinegar but you may need more sugar to season to taste.

These are some of the findings resulting from experiments conducted by Alice Annis Hodges of the University of Florida, who reported her research to the 22nd Annual Meeting of the Institute of Food Technologists at the Fontainebleau Hotel at Miami Beach recently.

Tests showed that individuals isolated in a special tasting booth under controlled conditions reacted differently to salt and sweet and sour substances when the noise and light level changed.

It was found that the more noise, the more sweetening one requires since there seems to be some psychological and physiological effect of noise that influences taste and the same holds in different respects for light.

In a dark room, for example, food tastes saltier than in a well-lighted room. One's reaction to sour substances is also intensified when the noise level is raised.

Consequently, next time you dine out keep in mind that your enjoyment of the meal can be influenced by whether the restaurant is noisy and how it is lighted.

Hamburger, Ground Beef Defined by New Law

Important food legislation was passed in Michigan in May reports the Marketing Agent, Mrs. Josephine Lawyer. It was an amendment to our "Communitated Meat Law." As a result, you may soon again be seeing "hamburger" mentioned in meat advertising.

Michigan's "Communitated Meat" or "ground meats products" law is very specific in its limitations.

The only ground meat allowed to be sold in Michigan must be "skelatal," or "muscle" meat from animals inspected for wholesomeness. (In contrast, some states permit "snouts, sweetbreads, skin" etc. to be included in their communitated meats.)

The recent amendment to our Communitated Meat Law, defines the difference which shall exist

hereafter, between meat sold as "hamburger" and that sold as "ground beef." Previously, the law permitted ground skeletal beef containing no more than 30 per cent fat, to be described as either hamburger, or as ground beef. As a result, the word "hamburger" rarely appeared in meat advertising.

Under the new amendment, "ground beef" may contain no more than 30 per cent fat . . . and "hamburger" may contain no more than 30 per cent fat. This specific difference in fat content will allow consumers to make a more informed selection at the meat counter.

Which you choose will depend on the way you intend to use the ground meat purchase. For casseroles, or chili, or other combination cooked dishes, you may prefer the more noisy "hamburger."

For large meat patties, which will, when properly cooked at low temperatures, shrink very little, you may prefer the leaner, slightly higher-priced "ground beef."

Onion, Leek-Shallot Have a Common Taste

NEW YORK (UPI) — If you can't tell a leek from a shallot, listen to definitions from the United Fresh Fruit and Vegetable Association:

Green onions are regular onions harvested when their bulbs have reached a diameter of about ¼ inch. Leeks resemble shallots but have flat leaves and are larger. Shallots have distinctive bulbs like garlic but unlike garlic, individual cloves aren't encircled by a membrane.

Serve Sandwiches Made With Seasoned Butter

A "pick up" supper of fried chicken, bread and butter sandwiches, crisp relishes, fresh fruit, cookies and milk is fun for the kids and easy for you. To delight the children, cut the sandwiches into animal shapes with cookie cutters. And for flavor enjoyment, vary the seasoning in the butter filling.

To ¼ cup softened butter or margarine, add one of the following and blend thoroughly: 2 teaspoons lemon juice; 2 tablespoons Parmesan cheese; 4 teaspoons prepared mustard or 3 tablespoons honey. This amount makes enough butter spread for 4 whole sandwiches.

For fresh corn. To melted butter or margarine add grated onion, parsley flakes, salt and cracker crumbs.

Youngsters Off to Capital

Two Pontiac area young people will be traveling to Washington, D.C. this weekend with musicians and dancers from the National Music Camp at Interlochen.

Sharon Snyder of Lochridge Road, Bloomfield Township, and David Elcher of Winterberry Road, West Bloomfield Township, are part of the group of talented teenagers who will

present a concert on the White House lawn Monday morning. Sharon, daughter of the Louis W. Snyders, is one of fourteen ballerinas chosen from more than 500 student members of the Interlochen dance department.

Last year she was the first recipient of the Toscanini Ballerina Scholarship, given to the

outstanding ballerinas of the season. Seventeen years old, she is a senior at Bloomfield Hills High School.

David, who is the son of the David N. Elchers, plays cello in the National High School Symphony Orchestra. This is David's sixth summer at Interlochen. He will enter the University of Chicago this fall.

The student musicians and dancers will leave Traverse City Sunday morning for Dearborn. First they'll have a tour of Greenfield Village; then they'll present a concert at Fairlane Lawn Sunday afternoon.

Chartered planes will fly them to Washington Sunday night. After sleeping in U.S. Army barracks, they will give their concert Monday at 10:30 a.m. on the White House lawn.

CONCERT THEME
The theme of the concert is "In the Arts There are No Enemies." In addition to symphonic selections, the orchestra will play Sousa's "Stars and Stripes Forever" and for the ballet dancers, Strauss' "Emperor Waltz."

The audience, invited by President and Mrs. Kennedy, will include groups of handicapped and crippled children, orphans, a delegation of Michigan congressmen and Interlochen trustees.

After luncheon in the White House and a tour of the capital, the thirteen-agers will board their chartered planes and fly back to Michigan. Even after they land, their heads will still be in the clouds—higher, no doubt, than Cloud Nine.

1890 Hair Gave Lady Problems

By ALICIA HART
Newspaper Enterprise Assn.
If you've ever paused to wonder how women kept those elaborate hairstyles going back in the 1890s, it may comfort you to know that they, too, had their problems. And they didn't have many beauty aids to help them out.

They often used a mixture of sugar and water in setting hair. This gave the hair quite a lot of body and held the curl even if it was messy and sticky. Today, we get the same effect with light setting lotions.

The hairdos of that day were full, but in a different way. So they used hairpieces made of wire over which they combed the hair. Or they used false hair to take out their own. They achieve fullness via large rollers.

HAIRDO AIDS
To keep a fancy hairdo in place, they used combs and veils. We depend upon a variety of hair sprays.

One of the softer hairstyles which still does an efficient holding job comes in a small purse-size container. This container is a little larger than the tiny purse size and can go into desk or handbag.

The formula contains no lacquer, the makers say, but it does contain lanolin to keep your hair from drying out. (Most women find that dryness is the one drawback resulting from a steady use of hair sprays.)

The makers advise that you moisten your hair, spray it, set it with rollers or clips, then spray again. Use a brush, just as a hairdresser does, to coax your hair into place when it is dry.

DEAR ABBY: I go with a girl who goes to confession and tells the priest all kinds of things about herself that are not true. I wouldn't mind so much but she includes me. Abby, she told me she doesn't know why she does it, but when she starts to talk she can't stop.

I go to the same priest and I don't want him to think I am that kind of person. Should I tell the priest that she is lying? I am 17 and so is she.

LIED ABOUT
DEAR LIED ABOUT: Encourage your friend to "confess" to the priest that she has lied about herself and you, not so much to protect YOUR reputation, but for the sake of her own peace of mind.

Compulsive lying is frequently a symptom of an emotional disturbance. Encourage your friend to see a doctor if he persists.

Couple Honeymooning in Northern Michigan

Pastor Gerald Carnill officiated at the marriage of Beverly Ann Krogman to Alrman 3.C. Raymond D. Nichols in the Cowden Lake United Brethren Church in Coral.

After a northern Michigan honeymoon, the couple will be at home in Tacoma, Wash., where the bridegroom is stationed at Michoud AFB.

Daughter of the Leon Krogman of Coral, the bride appeared in floor-length white satin with tulle overskirt. Her scalloped neckline was overlaid with Chantilly lace touched with seed pearls and sequins. A scalloped veil fell from a rhinestone tiara and a white orchid centered her cascade of white chrysanthemums.

Joan Bennett, her cousin's maid of honor, and bridesmaids Patricia Croft and Diane Krogman, her sisters, junior attendant, wore mint green organza over satin and veiled station headbows. They held cascades of yellow chrysanthemums and white carnations.

The bridegroom, son of the Max Owens of Sashabaw Road, Drayton Plains, had Roy Wisley of Orleans for his best man. Stanley and Duane Krogman.

Color Intrigue in Eyeshadow

Summer fashions, in the new soft pastel tones, provide an intriguing reason to match eyeshadow shades with costume colors.

According to a noted beauty authority, one of the most effective ways of matching your eyeshadow with your costume colors is to use both eyeshadow stick and powder eyeshadow in combination. By using both forms of eyeshadow together, colors can be intensified or lightened.

The powder eyeshadow also will "set" the color, making it smoother and longer lasting. After applying your foundation makeup, stroke on a shade of eyeshadow to match your costume. Smooth and blend over the greater part of your eyelid, diminishing the color in the direction of your eyebrows.

Now, to intensify the color, apply the eyeshadow in the same shade by smoothing it on with the fingertip right over the application of eyeshadow stick. If a highlight, or a striking daytime effect is desired, top your shade of eyeshadow stick with powder eyeshadow in a lighter tone.

See a Doctor, Says Abby

Compulsive Liars Are Sick

By ABIGAIL VAN BUREN

DEAR ABBY: Is it proper for a bride to play the piano at her own wedding? My daughter is a musician and wants to provide her own piano music. She will be married at home.

DOUBTFUL
DEAR DOUBTFUL: Your daughter should be satisfied to star at her wedding in the role of a bride.

DEAR ABBY: I am active in our ladies' church group and am considered a quiet person. We had a meeting today and got into a discussion on our runaway sale plans.

While I was telling my views on how it should be run, one of the ladies reached over and held my mouth shut that she explained how she thought it should be run. I used to think a lot of this woman, and didn't let on how I was.

I went home and cried. Now tell me, Abby, what should I have done?

HURT
DEAR HURT: I suppose you could have bitten her, but perhaps she was only trying to be funny. You were wise to have said nothing. Your

man ushered at their sister's wedding.

For the church ceremony and the reception in the Coral School gymnasium, the bride's mother chose a sheath dress of gold brocade. The mother of the bridegroom wore beige lace.

Hargreaves, Vera Nuptials Announced

Mr. and Mrs. F. Claude Hargreaves of Boston Avenue have received word of the marriage of their son, Electronics Technician 3.C. C. Lee Hargreaves to Enriqueta Vera, May 24, at Benicia, Calif.

The bride is the daughter of Mr. and Mrs. Francisco Vera of Manila, Philippine Islands. While Submariner Hargreaves is stationed at the National Reactor Facility Plant, the couple will reside at Idaho Falls, Idaho.

Women's Section Hospital's Head Dietitian Observes Her 35th Year

Margaret L. King, director of the dietetic department at Henry Ford Hospital for 35 years, celebrated her anniversary Aug. 1.

The fund was officially unveiled at the annual banquet of the Henry Ford Hospital Dietetic Alumnae Association May 26. A program was then given in her honor.

Born in Pontiac, Miss King attended school here and received her dietetic training in Battle Creek.

Word comes from Quito, Ecuador, that Mrs. Philip Agee (Janet Wasserberger) is working as a volunteer in a crippled children's clinic there. Mrs. Agee who received her degree in Occupational Therapy from Eastern Michigan University started a similar department in a Los Angeles hospital several years ago. She has been in Ecuador about 15 months with her husband who is a political attaché at the American Embassy. She is the daughter of the George Wasserbergers of Illinois Avenue.

Sharon Lou Price will arrive today from Tucson, Ariz., to spend two weeks with Mr. and Mrs. Robert N. Willis of East Tennyson Avenue. She will attend the marriage of her cousin Shirley May Willis to Ramon C. Block of Auburn Heights, Saturday in the Joslyn Avenue United Presbyterian Church.

Julie Bacon of Chippewa Road entertained at a luncheon and swim party Wednesday honoring her cousin Peggy Bacon of Jackson.

Her guests were Gretchen Gaensbauer, Jane Bigler, Susan Rogers, Pamela Griffin, Christine Bos, Barbara Graybel, Sandra Shapiro and Peggy.

Houseguests of Mr. and Mrs. Albert Kray of Andersonville Road, Waterford, are Mrs. Kray's sister, Marcie Weisold of Wilmington, Del., and her brother L. E. Wescott of Old Hickory, Tenn.

Mr. and Mrs. Jerle Head (Jean Barling) of Clinton Drive, Drayton Plains, announce the birth of a son, Andrew John, July 28 in St. Joseph Mercy Hospital.

The baby's grandparents are Mrs. Maurice E. Barling of Cadillac Avenue and Mrs. Otis F. Head of Watkins Lake.

The Donald Hamiltons of Terry Avenue joined his parents, former Pontiac residents Maj. and Mrs. Wallace Hamilton of Tucson, Ariz., at a cookout dinner Monday at the home of the Charles Hamiltons at Big Lake, Clarkston. The major and his wife are en route to a new home in Montgomery, Ala.

Lawrence Hamilton of Corpus Christi, Tex., is currently visiting the hosts and his granddaughter Karen. The Gerald Hamiltons of Clarkston and their children also joined the family group.

Former Pontiac residents, Mr. and Mrs. Jack Stanton and their children, Michael, Linda and Robert, of Durham, N.C., are houseguests of her parents, Mr. and Mrs. S. W. Barnes of Chippewa Road.

During their stay here, the Stantons will visit his parents, the Thomas Stantons of Stirling Road and great-grandparents, Mrs. Robert Blake of LeBaron Avenue and Fred Schelbel of Utica.

Among out-of-town guests at the Crossedell-Lawrence wedding were Mr. and Mrs. Jerome Urda, Baltimore, Md.; the Edward Wheelers, Toronto, Ont.; Sgt. and Mrs. Wayne Parsons, Owensboro, Ky.; and the John Crossedells, Pueblo, Colo.

A member of the First Presbyterian Church, she has been active in Pontiac affairs and formerly on the Pontiac General Hospital Board. She has served in many professional capacities for the American Dietetic Association and the Michigan Dietetic Association.

When Miss King came to Henry Ford Hospital in 1927, the dietary staff numbered four and only a few hundred meals were served each day. Now the staff consists of 16 graduate dietitians. Supervision of the service of 7,000 daily meals is just part of the many activities of her department.

Auxiliary Gathers for Dinner

Members of the Pontiac Junior Chamber of Commerce Auxiliary gathered for dinner Wednesday at Rotunda Inn on Pine Lake.

Guest speaker, John Madole, director of the Oakland County Civil Defense Program, reviewed county civil defense activities. Specific suggestions for individual participation in the defense program were presented.

Final preparations were made for abiding the Junior Chamber of Commerce at the Lions' football scrimmage Saturday evening at Wiener Stadium. Highlight of the evening will be the presentation of Mary Ellen Pike, Michigan's Junior Miss.

Mrs. Irving Merkovitz was appointed ways and means chairman for the coming year. Mrs. Donald Weddle will assist.

Delegates to the state board meeting will be Mrs. E. W. Watchpocket.

The next meeting will be at the home of Mrs. Crainer E. Partridge on Wrennah Drive. A family picnic on August 26 was announced.

The New Look

Don't watch for a single "look" in fashion this fall. Fashion is evolving season by season, just as it should. The new fashions will have a fresh, different look.

Not for Street

Contrary to what some women seem to think, gold leather is not for street wear. Those pumps in gold with medium heel are definitely for evening.

Winship Nuptials Viewed by 500

Five hundred guests attended to an aquamarine chiffon sheath dress to which she clipped pink Cymbidium orchids.

Parents of the bride couple are the Stanley Lopucki of Hattery Road, Waterford Township, and the Howard Winships of Milford.

The bride appeared in white Chantilly lace and silk organza with bustle skirt and chapel train. She wore a bouffant veil with crystal tiara and carried white orchids, Stephanotis and lily.

Maid of honor Diane J. Subjeck, Detroit, junior bridesmaid, Arlene Tompkins and Heather Crook of Flint, flower girl, wore Capucine organza.

Bridesmaids Connie Lamar, Detroit; Susan Winship, Milford; Mary Lou Hillard, Royal Oak; Patricia Winship, East Lansing, and Joan Fowler, were yellow silk organza. Yellow and orange carnations rested on their prayer books.

Gary Lopucki was best man, with Terry and Perry Lopucki ushering. Other ushers were Charles Carey and Richard Winship, East Lansing; Al Ballba, Milford; and Fred Coxen, Union Lake. Russell Crook of Flint was ring-bearer.

The evening dance-reception was held in the American Legion Hall, Berkeley. After a honeymoon at Copper Harbor and Isle Royale, the couple will reside on Crescent Drive.

NSU GRAD

The bride is a graduate of Michigan State University. Mr. Winship attends Lawrence Institute of Technology.

Mrs. Lopucki wore champagne silk for the wedding, changing to coral chiffon for the evening. Her flowers were white Cymbidium orchids.

Mrs. Winship chose an aquamarine silk brocade sheath, changing

Once Not Enough

Never apply eyebrow pencil until your brows are completely free of other makeup. Since you will have used foundation and powder first, the only way to be sure your brows are ready for pencil is to brush them two or three times with an eyebrow brush.

Madelyn Nance, Larry Bowman Wed in Bethany Baptist Church

Madelyn Jo Nance, daughter of Mrs. James H. Brown of Fourth Avenue and Dalton Nance of West Fairmount Avenue, exchanged vows with Larry R. Bowman, son of the Wilfred H. Boumans of Draper Avenue in Bethany Baptist Church.

MRS. LARRY R. BOWMAN

Elizabeth Jane Schaule Weds Lawrence McCray

The Lawrence L. McCray departed for a Florida honeymoon following their marriage and reception in the Embassy Methodist Church, Birmingham. Rev. Samuel Stout performed the evening ceremony.

Parents of the former Elizabeth Jane Schaule are the Robert Schaules of Birmingham. The bridegroom is the son of the Carmon McCrays of Clawson.

Silk organza roses accented a side drape on the bride's gown of white silk organza and Chantilly lace, styled with Sabrina neckline and chapel train. Her veil of imported silk illusion was fitted to a lace cap topped with an organza rose. A white orchid centered her bouquet of white roses.

Karen Schaule, her sister's maid of honor and Pamela McCray of Clawson, junior attendant, wore matize organza with oval necklines. They carried white and yellow carnations.

Bridesmaids Mariene Colburn, Birmingham, and Mrs. James Madison, Ulica, appeared in mint green organza and held yellow carnations. Their flower headpieces matched their dresses.

John Fischer of Hilledale was best man. Seating guests were David Skubic, Hazel Park; Charles Kolb, Clawson, and Robert Schaule, Birmingham.

Green organza over flowered silk was Mrs. Schaule's selection for her daughter's wedding. The mother of the bridegroom wore champagne silk organza over a bouffant silk print, accented with yellow accessories.

Madelyn Jo Nance exchanged wedding vows with Larry R. Bowman before Dr. Emil Kuntz before an altar banked with white chrysanthemums and album filler in the Bethany Baptist Church.

She is the daughter of Mrs. James H. Brown of Fourth Avenue and Dalton Nance of West Fairmount Avenue. The Wilfred H. Boumans of Draper Avenue are the bridegroom's parents.

For the candlelight ceremony, the bride chose white silk organza over taffeta, styled with pointed princess waistline and chapel train. A cluster of lilies secured the bouffant veil of French illusion. She carried a crescent of album lilies and Stephanotis.

My mother thinks they were very unfriendly and feels that they have shown by their attitude that they are not anxious to meet my parents. She is very perturbed over this. Will you please tell me if they were wrong not to have come in?

Were They Correct Not to Enter?

By The Enalty Post Institute
Q: I am 19 and have been pinned in a boy from school for six months. Last week I had to go to another city to attend to some business for my parents. My boy friend promised to drive me there.

When he came to pick me up, his parents were in the car (they had decided to come along for the ride) but they did not come into the house. As we were leaving, my mother happened to look out of the window and saw his parents in the car.

The next time she saw my boy friend she asked him why his parents didn't come into the house. He said that since they had never been invited to our house and didn't even know my parents, they didn't think they should come in.

My mother thinks they were very unfriendly and feels that they have shown by their attitude that they are not anxious to meet my parents. She is very perturbed over this. Will you please tell me if they were wrong not to have come in?

Croasdell-Lawrence Wedding

400 Guests Attend Reception

A Papal blessing was extended on the marriage of Ruby Esther Lawrence to John J. Croasdell solemnized by Rev. Francis O'Donnell in St. Michael's Church.

The wedding breakfast was served in St. Vincent de Paul parish hall and some 400 guests attended the evening reception in St. George-Greek Orthodox Church.

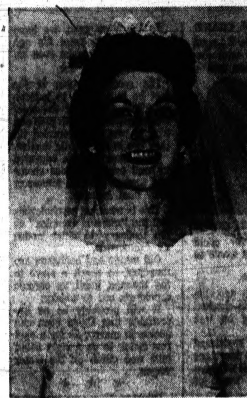

Daughter of Mr. and Mrs. Wesley O. Lawrence of Chrysler Street, Waterford Township, the bride appeared in white silk taffeta with over-skirt of Chantilly lace. A double crown of pearls and crystals secured her veil of silk illusion. White orchids and rosebuds rested on her prayer book.

Wearing pale yellow silk organza over taffeta, Mary Louise Taylor was maid of honor. Mrs. Robert Seconder and Maureen Croasdell, sisters of the bride couple, served as bridesmaids with Mrs. William Gunter. They wore rose headpieces with black veils and carried bronze-tipped yellow Fugi chrysanthemums.

Robert J. Croasdell stood as best man for his brother. They are the sons of the Robert C. Croasdeils of Russell Street.

Returning from a northern Michigan honeymoon, the couple will live on Cadillac Avenue.

Corsages of pink rosebuds accented a dusty pink linen sheath dress for Mrs. Lawrence and powder blue taffeta for the mother of the bridegroom.

MRS. JOHN J. CROASDELL

Ushers included John Croasdell Jr. of Pueblo, Colo.; Michael Felice, Waterford; William Mountain, John Schatz and the bride's brother Robert Lawrence.

Returning from a northern Michigan honeymoon, the couple will live on Cadillac Avenue.

Corsages of pink rosebuds accented a dusty pink linen sheath dress for Mrs. Lawrence and powder blue taffeta for the mother of the bridegroom.

Can't Make Up Minds

Older Men Slow to Wed

By DR. GEORGE W. CRANE

CASE M-482: Clyde Z., aged 61, is a millionaire with distinguished appearance and a very cultured college background.

But he is a bachelor! Part of the reason for his failure to marry is the fact he and his bachelor brother were both so popular that they never could make up their minds whom to marry.

DR. CRANE

But a dozen years ago, the brother married. This shocked Clyde into realizing he was now all alone.

So he now has registered with our Scientific Marriage Foundation, figuring it will give him a much wider range of choices.

But he has made it very difficult for the home office, since he fails to realize that the calendar has been rolling around.

Clyde wants to meet a girl between 30 and 35 who wishes to have a family.

But most girls firmly tell us they don't want to meet a man who is more than 5 years their senior.

True enough, there are a few girls who marry men who are old enough to be their fathers. For some women actually get so fixated on their own dads that they feel ill at ease with a man of their own age bracket.

PREFER OLDER
And many private secretaries to brilliant executives who are old enough to be their fathers, also get accustomed to an older, superior mind, so they feel that their men are juvenile.

But the average American woman expresses it this way:

"Dr. Crane, I don't want to marry a much older man. For then if we have children, he will die and leave our youngsters without a father."

"So please don't introduce me to any man who is more than 5 or at most 10 years older than I am."

So there has been trying to educate Clyde to think of an attractive widow with young children of grammar school age.

In the past year, we have caused him to raise his age limit to 40 or maybe even 45.

His second trouble is the fact he is a slave to indecision. That is one of the chief characteristics of both men and women who go unmarried till they are in the middle thirties.

They have become educated to mull over a serious choice and then put off till tomorrow their final decision.

This is what we psychologists call the "manana complex" or the tendency to defer action till "tomorrow."

Old maids and bachelors are thus just as much a slave to the manana habit as chronic drunkards are to whiskey.

It will probably be as improbable that Clyde even can decide to marry, as for a skid row drunk to do a right about face and climb on the water wagon.

Other problems we encounter are handicapped men who insist on being introduced to girls who have no physical handicaps.

These cases cause us extra expense and trouble for we must then precede each introduction by a personal letter to the girl, asking if he would be willing to be introduced to such a man.

A blind college professor, aged 58, was recently married to a very lovely widow, aged 50. She later wrote that the clergyman counselor hadn't done her husband half justice for he is "twice as wonderful as you described him originally."

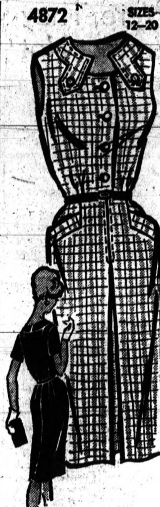

Thus far we have thousands of happy marriages and only 4 known divorces, which is far less than a one per cent divorce rate!

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4-cent stamped, self-addressed envelope and 20 cents to cover typing and printing costs when you send for a psychological chart and pamphlet.

For Facial Benefits
Because oily hair and scalp can contribute to facial blemishes, it must be shampooed several times a week. This produces double benefits: hair beauty and complexion beauty.

Still Need Change
Beds "dressed" with colorful linens need to be changed often. Decorative sheets and cases become soiled as quickly as white, and should be laundered on the same schedule.

by Anna Adams

Live and dress with verve—wear this smart casual to take you everywhere all year 'round. Neckline—especially attractive; skirt, slim.

Printed Pattern 4872: Misses' Sizes 12, 14, 16, 18, 20. Size 16 requires 3 1/2 yards 36-inch fabric.

Thirty-five cents in coins for this pattern—add 10 cents for each pattern for 1st-class mailing. Send to Anna Adams, care of The Pontiac Press, 137 Pattern Dept., 243 West 17th St., New York 11, N. Y. Print plainly name, address with zone, size and style number.

Over 100 answers to "what-to-wear"—in our new full color Fall-Winter Pattern Catalog. Casual, dressy, school—all sizes! Send 35 cents now.

Soaking Does It
To loosen bits of food stuck to or browned on stainless steel, soak the utensil in hot soap or detergent suds during the meal. Such stains and spots will almost float away after an hour of soaking.

Don't 'Pack' Dust
Keep a cloth wrung out of suds handy to wipe off dust when packing books before moving day. There is no reason to take old dust along!

Club Holds Meeting

Some 21 of the total 91 members of the Junior Pontiac Women's Club met Monday at the Murphy Street home of Mrs. George H. Watters to complete plans for new projects and committee chairmen.

Attending were board members Mrs. Russell French, Mrs. Russell Auten, Mrs. Frank Williamson, Mrs. Carroll Porritt, Mrs. Leland Martin, Mrs. Marjorie Moray.

Others were Mrs. Ralph Derigson, Mrs. G. F. Roddewig, Mrs. E. M. Evans, Mrs. Clarence Pathney, Mrs. Paul Hoskins, Mrs. Robert Terry and Mrs. Lillian Demmo.

Concluding the list were Mrs. Bradley Scott, Mrs. George Brinkman, Mrs. Horace Young, Mrs. Claire Hinkley, Mrs. Cecil McCallum, Mrs. E. K. Wellman and Marguerite Butolph.

Col. Emily C. Gorman is sworn in as the sixth director of the Women's Army Corps following a Pentagon ceremony Wednesday during which the eagles of a full colonel were pinned on her shoulders. Attaching the insignia are Secretary of the Army Cyrus R. Vance and Col. Mary L. M. Rasmussen, who retired as the head of the corps.

The Fair Way

Don't Try to Loft Ball With Hands

One of the more common faults of weekend golfers is trying to lift the ball with body or arms instead of letting the loft of the clubhead do the job for which it was engineered.

Trying to scoop the ball usually produces an opposite effect from the one you want. Instead of taking to the air properly, the ball will go low—perhaps slice.

Don't use your hands until they reach the hitting area, where they are needed to give the clubhead the final acceleration that makes a power shot. I stress this at Spaulding clinics.

All iron shots, other than pitch and putt, should be hit down. That is, on a descending arc, with the lowest point of the swing ahead of the ball.

The blade of the club should clip the turf after it has hit the ball, not before. The hands should be slightly ahead of the clubhead at address and stay that way throughout the follow through.

If the divot is ahead of where the ball lay before you hit it, your iron shot has been completed correctly in this respect.

One thing to remember, all iron shots should be made with the swing you have found natural to you.

Distance is regulated by the length of your backswing and the natural carry of the club, not on any body or arm aid you may try to give it.

Wash 'n' Wear-if

(UPI) — For best appearance, wash-and-wear cottons require some touch-up ironing, research at the New York State College of Home Economics at Cornell University shows.

The textile scientists also suggest keeping wash-and-wear garments on a hanger until ready to launder to eliminate some wrinkles.

Protects Gerns

Now midday can have spats that don't disturb the peace. Spats—the wearing kind—are being advanced for fall and winter to protect dame, fashion's legs from all kinds of weather.

JFK OKs Comparison on Economy

WASHINGTON (AP)—President Kennedy isn't happy with the state of the economy. But he is willing to match statistics with the Republicans on this issue in the congressional campaign.

Kennedy contended at Wednesday's news conference his administration's record on production, income, business profits — and even stock prices — is better than levels attained under former President Dwight D. Eisenhower.

And he discounted a national poll which indicated 72 per cent of those questioned opposed a tax cut that would put the govern-

ment further in debt. Republicans felt this poll sustained their position.

Kennedy said the results might have been different if those polled had been asked if they favored a tax cut as a means of combating a recession which would further increase the debt. He reminded that in 1958, under Eisenhower, there was no tax reduction when the deficit hit a peacetime record.

He called encouraging the record that unemployment fell by 450,000 in July to its lowest rate in two years.

The President thus summed up

the Democratic position on what Republicans have begun to point to as possibly the outstanding issue in their efforts to win control of the House and increase their Senate holdings.

In response to a question, Kennedy specifically took on Sen. Barry Goldwater of Arizona, chairman of the Republican Senatorial Campaign Committee and spokesman for party conservatives. Goldwater has predicted any further slide in the economy will damage the Democrats.

Kennedy said he isn't satisfied

To Execute 2 Soviets for Dollar Speculation

MOSCOW (AP)—The newspaper Soviet Lithuania said Wednesday two men have been sentenced at the city of Kaunas to be shot for currency speculation. The two were reported to have dealt in \$300,000 worth of dollars between 1951 and 1961.

The newspaper identified the men as Moiseyus Taukermanas and Antanas Shukalis. The first name is Jewish.

Three other persons were sentenced to prison terms up to 15 years.

Cleveland Can Still Land Lucas if Club Formed

CLEVELAND (AP)—Jerry Lucas, the prize prize in a bidding contest between the rival professional basketball leagues, said Wednesday that "all things being equal" he would sign again with the Cleveland Pipers.

The three-time All-America from Ohio State, explained that Cleveland appeals to him as a place to live.

George Steinbrenner, president of the Pipers, had Lucas' name on a contract to play in the American Basketball League, then to play in the National Basketball Association. But Lucas was left without a contract when the Pipers' bid to become a member of the NBA was rejected Monday and terms of his agreement were not met.

Steinbrenner said he and Lucas will go to Chicago Friday for the football game between the College All-Stars and the Green Bay Packers and while there will meet with ABL Commissioner Abe Saperstein.

Only 2 Michigan Juniors left in USGA Tourney

Over 10 Bee Shings Stop Tourney Golfer

SYRACUSE, N. Y. (AP)—Richard Nordone was eliminated from a golf tournament today by a swarm of bees.

He was stung 10 or more times about the face, arms and neck as he stepped on a nest of bees while shooting out of a trap on the 11th green on the Lake Shore Golf and Country Club.

Others participating in the Syracuse district amateur tournament said the 22-year-old Syracuse golfer collapsed. He went home after being treated at a hospital.

11 From State Are Eliminated in First Round

Keen of Walled Lake Is Victor in Opening Match at Lochmoor

The pro golfers of the future began play in the USGA Junior National Amateur championships at Lochmoor Country Club but Michigan's future took a rude jolt as 11 of 13 entries from the Wolverine state fell along the way.

Only Walled Lake's Brian Keen and Benton Harbor's Jim Baske came through with victories yesterday. The 13 juniors from Michigan was the largest contingent of any other state.

Keen defeated Dennis Manley of London, Ontario, 3-2 and Baske won over Ron Philo of Ballston, N.Y., 3-2.

Mark Eason of Oak Park lost 6-5 to Steve Robbins of Portsmouth, N.H., and Don Brooks of Portsmouth was a 1-up loser to Mike McCulloch of Little Rock, Ark.

California junior golfers, ranging in age from 13 to 17, took the big share of the honors.

The contingent from the West Coast won eight of their 11 scheduled matches yesterday, led by Jim Wiechers of Los Angeles who was state junior champion in three events this year.

Keen, who was 5-over par 71 on the Lochmoor course, was matched against Ron Schmiedemann of Manhattan, Kansas, in this morning's round, while Baske was pitted against Tony Frederickson of Ft. Belvoir, Va.

One of the best comeback stories of the first round was staged by Richard Palmhuber of Denver, Colo. Down by five after 11 holes, Palmhuber dropped a 15-foot putt on the 18th hole to tie the match and then he went on to defeat Don Baranco Jr. of Caldwell, Idaho, 1-up on the 19th.

Defending champion Charles McDowell of Virginia Beach, Va., won over Tom Hennings of Avon, Ohio, 2 and 1.

The 64 survivors of Wednesday's play started another round this morning. The field will then be cut in half for a round this afternoon, and two rounds will follow Friday with the semi-finals and finals on Saturday.

Those eliminated yesterday will get another chance to play a round of golf in an 18-hole medal play tournament today at the Country Club of Detroit.

These were the results of matches involving Michigan players: John P. King, Scottsdale, Ariz., beat Doug Haskins, Dallas, 2-1; Steve Robbins, Portsmouth, N.H., beat Mike Eason, Oak Park, 6-5; John Schreder, La Jolla, Calif., beat Fred Hunter, Bay City, 2-1.

Tom Burns, Atlanta, Ga., beat Norm Wall, Detroit, 2-1; Mike McCulloch, Little Rock, Ark., beat John Lennan Jr., Fort Huron, 6-5; Don Brooks, Royal Oak, 1-up; John Haskins, Detroit, beat Tony Goss, Detroit, 3-1; Paul Mann, Detroit, beat George Dunham, Corona, 4-3; Mike McCulloch, Little Rock, Ark., beat Don Brooks, Royal Oak, 1-up; John Haskins, Detroit, beat Tony Goss, Detroit, 3-1; Paul Mann, Detroit, beat George Dunham, Corona, 4-3.

Ill Davis May Miss Entire Grid Year

EVANSTON, Ill. (AP)—Halfback Ernie Davis of Syracuse, 1961 Heisman Trophy winner, is not expected to play pro football this season with the Cleveland Browns because of a blood disorder requiring extended treatment and rest, the club's president, Art Modell, said Wednesday night.

Modell issued a statement after discussing Davis' condition with doctors who have been attending the All-America in Evanston Hospital since Monday. Davis was working out with the College All-Stars and was to have played with them against the Green Bay Packers, National Football League champions, in Soldier Field Friday night.

Modell said the disorder was not contagious or infectious and no danger was involved with the rest of the All-Star squad.

"At the moment it appears almost certain that Ernie will not be able to play for the Browns this season," Modell said. "The doctors at Evanston Hospital are still completing tests but have diagnosed his condition as a blood disorder requiring extended treatment and rest. The long range future depends on his response to those treatments."

Davis, who erased the great Jim Brown's yard-gaining records at Syracuse, was drafted this year by the Washington Redskins. They traded him to Cleveland by halfback Bobby Mitchell and the Browns' No. 1 draft choice, speedster Leroy Jackson of Western Illinois. It gave Cleveland a 12-punch punch of Brown and Davis in the same backfield.

"We expect to take Ernie to a Cleveland hospital (possibly Friday) where our team physician, Dr. Victor Ippolito, and appropriate specialists can supervise additional tests and set up a course of treatment," Modell said.

"I visited Ernie late today and he looks and feels fine. In fact, he said he felt well enough to get out and play in the All-Star Game. Ernie's recovery is the only thing that really matters to all of us, and everything possible will be done to speed it. We will miss him greatly on the field, but maybe the rest of the boys will make up for it by playing even harder."

"Ernie, the nation's finest college football player last fall, was scheduled to take over as regular left halfback. But, I am sure that Ernie will be the first to agree we are blessed by several other fine halfbacks to help halfback Jim Brown."

"We recently got Tom Wilson from the Los Angeles Rams and, in trades last spring, Merrill Douglas and Hopalong Cassidy. They are real good ones, too. We are not throwing in any towels. The other teams will have to beat us."

Softball Teams Rally to Win

Elks, Harry's Victors; Presbyterian Tosses Triumph in 8th

Two teams came from behind to win easily while a 3rd scored twice in the 8th inning for a victory in city softball play last night.

The Elks rallied from a 3-4 deficit to get even in the 1st and went on to beat Hi-Way Collision 11-3. Gary Boe pitched two-hit shutout ball the last six frames. Chuck Graves had a single, double, triple and walk. Boe singled twice and was on base on an error and Phil Toth singled a three-run homer to pace the victors. Pete Landman had two of Hi-Way's three hits.

Harry's Pizza Hide-away was down 2-0 in the 3rd and won, 8-3, in the five-inning affair. Lloyd Clancy of Dixie Tool & Machine Company matched them.

An error and two walks followed by Herb Morgan's 2nd single produced a 7-5 First Presbyterian victory over 300 Lounge. Winner Dwight Butler and Ted Wherry had a scorless duel going for five innings allowing one hit and three hits, respectively, when both teams started rolling. 300 led 3-1 after six and they came back to tie it 3-3 with two in the 7th on a walk, Wherry's double, his 2nd hit, and a triple by Marv Caswell.

WEDNESDAY'S RESULTS By The Associated Press
DETROIT—Detroit 10th, Chandler, Ariz., outplayed Doug Jones 10th, New York 2-1 in that inning and four in the 4th changed the picture. Jim Brown, Lou Vodry and Ron Hetherington had two hits for Harry's in the five-inning affair. Lloyd Clancy of Dixie Tool & Machine Company matched them.

Oriole Herzog Out of Action After Beating

BALTIMORE (AP)—Outfielder Whitey Herzog of the Baltimore Orioles was struck by a ball on the ulna nerve, or crazy bone, at his right elbow in the third inning of Wednesday night's game against the Minnesota Twins.

The pitch to Herzog, a left-handed batter, was thrown by Minnesota leftfielder Jim Kaat. X rays taken at Union Memorial Hospital showed no fracture, Dr. Erwin Meyer, the Oriole team physician, said Herzog should

started over a called strike on Larker. Spangler was on first with a single and raced in to join the rhubarb. Both were ejected from the game. The Braves also won the game, 3-0.

The Pirates backed Bob Friend (2-10) with a 14-hit attack and made the most of three Dodgers errors to snap off a losing slide which they had lost eight of nine games. Six runs in the third inning off the arm of a losing pitcher, a pair of errors by the third baseman Jim Gilliam—ejected baseman Jim Gilliam—ejected Sam Williams (9-7) with one out. Bill Maerzke homered twice, and John McGraw connected for the Dodgers.

George Altman's two-run homer the 10th inning settled a pitcher's duel between the two teams. The Cubs and Billy Odell (2-10) of the Giants. Bud needed a homer on Cardwell's relief in the 10th to win. The Cubs' Harvey Huggins' single and a double by Willie Mays scored seven runs. The Cubs got a 3-0 lead in the 10th on a routine fly to end it. In Hubbs paced the Cub attack with three hits. The Giants lost their first in a row.

In an unusual move, Milwaukee club president and General Manager John McHale issued a statement Wednesday denying reports that the team was contemplating thoughts of any transfer.

McHale said the reports "are totally without fact and are unfounded." He said the team was adding: "The Braves are not presently considering a move to Boston nor do they have any intention of considering such a move in the future."

Later, McHale held an informal meeting to clarify his statement.

"When you say and hear irresponsible rumors shoved at you from throughout the country, you

Shaw (posting) attacked eight hits into the field, including his third shutout of the season while the Braves were collectively five hits, but used them more effectively to beat Hal Woodeson (4-1). Milwaukee combined two hits and three walks for a pair of third inning runs and scored the scoring in the fifth on a home run. Asokan's game was enlivened by Colf first base as Norm Larcker, who tossed 18 outs onto the field after being ejected in the eighth inning for fouling over a called strike.

Tony Gonzalez played the Phil-

The American League Auburn Heights Boys Club and Arnold Drugs of the NL won their way into the championship rounds of the Class E division playoffs with wins yesterday. Both finals will be

Auburn downed the Moose nine-5.2 as Weinberger Homes was eliminating the Pontiac Boys Club Junior Optimists, Moose vs. Weinberger tomorrow at Jaycee Park to decide the foe for Auburn.

Arnold trounced McDonald Drive-In 7-1 and now awaits the Perry Drugs-McDonald's victory tomorrow at Columbia-Joslyn South. Perry dropped the Pontiac Optimists yesterday, 13-5.

International play resumes today with Providence meeting Great Lakes and Eastern vs. the Aztecs. All tourney tilts start at 5:30.

TIED TWICE
After being tied twice, Auburn scored three in the 6th with a single by Mike Meyers the only hit. A home run by Tom Layerdun-

was among four safeties off win-
ner Lynn Thorpe, who struck out
12. Weinberger was sparked by a
balanced attack. Dave Houck had
two singles as did PBC boy Leroy
Farnsworth.

McDonald made the 1st run but Arnold got four immediately to take charge. Bruce Weber flipped four-hit shutout ball over the last six innings fanning a total of 10. Druggie Larry Perry started with five runs and had no trouble as T. Zach had no

no trouble as F. Zuck kept working out of jams aided by 12 whiffs. F. Beld slammed three singles and Zuck a three bagger and single while Optimist Dave Durham had a homer and single.

Four straight hits by Gene Cox and John York's steady pitching sparked a 9-2 Class A triumph for the R. T. Clippers over CIO 594. It was all Clippers after a 1-1 be-

In a Class D affair, Pontiac River Club took Westland Elmsville 14-0.

gles who downed the Moose 6-3 behind Dave Head. K-15 blasted the Optimist Tigers 17-3 in 5½ innings. Dave Woods starred with three hits including a triple. The Braves dropped a forfeit to the Moose and the Rockets nipped X-15, 5-4. Charlie Johnson was the Rocket ace with a triple and single while pitching a four-hitter.

The Rebels triumphed in the Class F National game besting the Lakers 7-2 on the four-hit hurling of Bob Gomez. A five-inning Major rout saw the Gunners bomb the Madison Twins, 15-1. Dana Cain flipped a three-hitter. He lost a shutout when Cobb singled in the 5th and stole

Each league had a game in the First Federal Savings setup. The Braves upset the Pirates again in the NL 6-5 after getting five in the 1st. Loser John Gillingham belted a three-run circuit clout. The Sena-

outscored the Angels 14-12 in an American loop tilt. Ironically, Angel hurlers Al Arellando and Frank Deni combined to fan 17 batters for a league record in a game which had 31 hits and 14 errors. Deni, Wally Logan, Jim Cameron, George Tucksbury and John Landy were batting stars.

Motorists Can Play Traffic Game

By DICK WEST

WASHINGTON (UPI)—Last month, upon returning from a vacation motor trip, I propounded a theory as to how truck drivers amuse themselves on the highway.

It was my conjecture that they play a game called "Detroit Chess," the object of which is to see how many cars each truck can "capture" on a long hill or curve.

Since then, I have received a steady stream of complimentary letters from truck drivers, the wives of truck drivers, the employers of truck drivers, and other interested parties.

Modesty forbids extensive quotation but a typical solution was one that read "You are a sick man and to me you really stink."

What I regard as the most came from a California truck driver, a thoughtful comment came from a California truck driver, apparently a veteran of freeway traffic. (A veteran of freeway traffic is anyone who is still alive after the first mile.)

"Now that we know what

games the truck drivers play," he wrote, "Please inform us as to the type and name of the game that the tourists and other absent-minded automobile drivers amuse themselves on cross-country trips."

He went on to suggest that if I didn't have a better title in

S. Atlantic Islanders Want to Go Home

LONDON (UP)—Homesick islanders from Tristan Da Cunha are sending a six-man party on the liner *Sterling Castle* Aug. 8 to see whether destruction from a volcanic eruption they fled last November will prevent them from returning to their South Atlantic homeland.

Many among the 264 refugees are discontented with both the English climate and 20th century living conditions. They question a report from a British scientific expedition last spring that Tristan Da Cunha is in fact uninhabitable.

"Now that we know what

mind, the game could possibly be called "Freeway Roulette."

To begin with, he continued, the tourist or commuter receives a certain number of points "for pulling out on a high speed freeway in front of a truck."

Then, he said, the points increase in accordance "with his ability to maintain a below normal speed for the next five miles."

Making a sudden turn in front of a truck without giving a signal adds still more points to the score. Or the tourist can double his tally by stopping "dead still in front of a truck moving at 60 m.p.h."

Finally, bonus points are given for driving along behind a truck at night with your bright lights on.

At the end of the day, the tourists get together at a motel and add up their points, the winner being awarded copy of "Freeway Roulette." It sounds like a great sport, particularly if there is a game of "Detroit Chess" going on in the next lane.

I would, however, like to offer

one additional rule: The game must be suspended until I have time to sell my auto insurance stock.

Police Nab Duo Hour After Theft; Only Block Away

LANSING (UP)—Lansing police caught a suspected hold-up team this afternoon about one hour after they had robbed the Capitol Finance Co. office of \$700 at gunpoint.

The two suspects, Charles Austin and Charles Lawless, both Negroes, were nabbed within a block of one another after police traced them to residential districts with the help of a tip from a passerby.

Police said the men walked into the finance company office and forced assistant manager Mrs. Betty Bean to place all the firm's cash into a paper bag.

They escaped after forcing Mrs. Bean into a restroom at the rear of the building.

A valuable manuscript which fills in a gap in early Pacific history and adds yet another chapter to the famous Mutiny on the Bounty story, has recently been acquired by a library in Sydney, Australia.

Q—The bidding has been:

South West North East
 1♠ Pass 1NT Pass
 2♠ Pass 2♠ Pass

You, South, hold:

♠ W A K J 9 Q 10 8 7 6 5 4 3 2

What do you do:

A—Bid four hearts. You only have four trumps, but your strength is in your major suits.

Three aces—would be a slam.

By OSWALD JACOBY

If the club doesn't think his hand worth a bid the first time round, he holds his peace throughout the bidding.

The expert employs a dangerous gadget known as the back-in bid. The idea of the back-in is that if your opponent stop at a low contract, chances are that they don't hold too much and you can complete against them.

Sometimes this theory works. On other occasions the expert goes home in a barrel.

A dub might bid over East's no trump. In that case West would have probably bid two spades and made three or possibly four odd, but expert would choose to pass.

West still bid two spades and when it got back to South he stuck

out his neck and bid three clubs. East doubled and South was really in the soup.

"Things wouldn't have been too bad if West had opened a spade or diamond, but he put the jack of hearts on the table. From that point on expert South had to use all his skill to emerge with only a 140-point loss.

Markets, Business and Finance

Space Age Issued Gain

Contract News Affects Mart

NEW YORK (AP)—Some space age issues and others affected by contract news posted gains in an otherwise mixed and very dull stock market early this afternoon.

Most key stocks changed fractionally, a scattering moving a point or so either way. The volatile "growth" issues produced some gains running from 1 to 4 points.

With the question of a possible tax cut still uppermost, Wall Street was cautious about the

Chrysler advanced well over a point on overnight news it would receive rocket contracts totaling \$224.8 million. General Precision, which rose 4 1/2 yesterday, added another fraction in moderately active dealings. According to a published report, it has received a defense contract amounting to about \$187 million.

Among the higher-priced "growth" stocks, Corning Glass and IBM each swung ahead more than 4, Xerox added 2, and Polaroid 1.

American Stock Exchange prices worked irregularly lower in dull trading. Down about a point were Technical Material and Reliance Insurance. Fractional losses were shown by Mead Johnson, Glaxo Controls, C.K.P. Developments, Stanrock Uranium, Syntex, and Anken Chemical.

U.S. Announces Summer Slump

Both Sales, Construction Show \$1-Billion Drop in Past Two Months

WASHINGTON (AP)—New figures showing a summer slump in business sales and construction activity were announced today by the Commerce Department.

One report revealed a billion-dollar decline in sales of manufacturers, wholesalers and retailers between May and June. Sales in June totaled \$67.4 billion.

A second report gave a preliminary estimate that the annual rate of construction activity declined from \$62.5 billion in June to \$61.7 billion in July. There was a slight increase in private building but this was more than offset by a drop in public projects.

SAVON FOODS

NEW SUPER MARKET — The fourth in a chain of Savon Food Stores is now celebrating its grand opening in Pontiac. The food store is at the K-Mart grand opening in Pontiac. The food store is at the K-Mart grand opening in Pontiac.

Successful Investing

By ROGER E. SPEAR

(Q) "I live on a small Social Security pension. I have Series E savings bonds which have matured. Should I exchange these for Series H bonds to get the current income I must have?" S. B.

(A) It is very tough to become elderly and have to watch every penny. Since this is the case, however, let's try to squeeze out all we can.

Series H bonds yield 3 1/2 percent if held to maturity, but they don't pay this rate evenly. Your first Government check, after 6 months of holding, would be \$3 per thousand. This amount would increase gradually until you had held the bonds two years, when the check would read \$20 and remain at that figure thereafter.

I propose an alternative. There are U. S. Treasury 4 1/2 outstanding due in August, 1971, which sell around 100. I suggest you redeem your Series E bonds and buy these Treasury 4 1/2. That way, you would get \$20 per thousand each 6 months from the date of purchase.

New Food Store Is Celebrating Grand Opening

Savon Food Store, a sister store to Food Fair markets, is now celebrating its grand opening at Glenwood Plaza Shopping Center, next to K-Mart.

Joseph Karp, vice president of Borman Food Stores Inc., owner of both chains, says that the 20,000-square-foot store will hold a "complete variety of foods and a large meat market department."

The new Savon Food Store boasts nine check-out counters, an express checkout and self-service meat department to speed the job of shopping.

It is the first Savon market in Pontiac and the fourth in Michigan. The chain features discount food prices.

The Savon Food Store, together with the K-Mart should offer one of the most complete family discount centers in Pontiac, said Karp.

Another Savon store is near completion at the Pontiac Mall, and is expected to open late this month.

Treasury Bonds Strong

NEW YORK (AP)—The U. S. Treasury Bond Market started strong today with some long term issues registering gains of as much as 1/2 point.

An over the counter dealer in government securities attributed the rise to the treasury's \$5.2 billion August financing operation. Corporate bonds opened slightly

higher on the New York Stock Exchange. Trading was slow and confined mostly to railroad bonds. Most industrial and utility issues firmed.

Early corporate bond fluctuations were fractional. The Chicago Union Station 3 1/4 scored the best advance, adding 1/4 at 99.

Poultry and Eggs

DETROIT (AP)—Poultry prices were steady at Detroit for first week of August.

Heavy turkey 18-19; roasters over 18-19; broilers 18-19; chickens 18-19; eggs 18-19.

Old Crop Soybeans Hit by Liquidation

CHICAGO (AP)—Heavier liquidation hit old crop soybean futures today during the first several minutes of transactions on the Board of Trade. Prices slid about a cent a bushel.

Grain Prices

CHICAGO, Aug. 2 (AP)—Open today's grain prices:

Grain	Price
Wheat	1.10
Barley	1.10
Oats	1.10
Rye	1.10
Sorghum	1.10
Millet	1.10
Buckwheat	1.10
Flour	1.10
Feed	1.10

Alcoa, Reynolds OK Union Pact

Top Producers Agree to Similar Two-Year Contracts After Strike

ST. LOUIS, Mo. (AP)—The nation's two largest aluminum producers have agreed to similar two-year contracts with the AFL-CIO Aluminum Workers International Union, providing better job security through longer vacations and pension improvements. The pact ended a one-day strike of 15,000 workers at 22 plants.

Manufacturing and trade inventories increased by \$300 million between May and June. The total at the end of June was \$27.1 billion, and retailers recorded increases of \$100 million each.

100 to Attend Air Trade Parley

Delegates to Aviation Confab to Be at Pontiac Airport on Weekend

An estimated 100 delegates are expected to attend the annual Michigan Aviation Trade Association Convention this weekend at Pontiac Municipal Airport.

Representatives of the aviation industry and allied fields will be coming from as far as the Upper Peninsula, according to Seymour Karp of Waterford Township.

News in Brief

An estimated \$66 in cash was stolen by thieves who entered his home Tuesday night at 368 Seward St., Donald R. Fermoyle told police. Burglars entered by removing a screen from an unlocked window while Fermoyle and his wife were at a neighbor's next door.

Knows Rate of Difficulty

ELMIRA, N.Y. (AP)—A local barber, of obvious long experience, has this sign posted in his shop: "Men: haircut \$1.50, Boys' haircut \$1.25. Boys under 9 years \$0.50."

Livestock

DETROIT (AP)—Livestock prices were steady at Detroit for first week of August.

Prime beef 18-19; choice beef 18-19; steer beef 18-19; lamb 18-19; pork 18-19; poultry 18-19.

Treasury Position

WASHINGTON (AP)—The cash position of the Treasury compared with the end of the week of July 30:

JFK Mum but Tax Cut Likely Will Be Delayed

WASHINGTON (AP)—President Kennedy still isn't saying whether he will recommend a quick tax cut. But the odds appeared today to be tilted against it by better economic news and resistance in Congress to the idea.

MORE JOBS

Kennedy took confidence in his news conference Wednesday of an especially bright economic indicator: Unemployment dropped last month to the lowest rate in 1960, a better-than-forecast decline of 450,000 brought the number of idle workers to just over 4 million, or 5.3 percent of the work force, compared with 5.5 percent in June.

Kennedy termed the reduction "a very significant step" in reducing unemployment. He also reiterated that before finally deciding whether he will recommend a tax relief, he wants to look at the work force, compared with the last of the year will be available in about a week.

He also said he is taking some guidance from congressional opinion, as well as the statistics and his economic advisers' interpretation of them.

"The views of the members of the House and Senate, the today gave no indication that any minds had been changed, or even that any final favorable economic tax changes had developed. The testimony given behind closed doors by business, labor and farm spokesmen and academic economists.

SOMEWHAT SIMILAR, but public hearings are scheduled next week by the Joint Senate-House Economic Committee. Its chairman, Rep. Wright Patman, D-Tex., is on record as doubting the wisdom of a quick tax cut. And Sen. Paul D. Douglas, D-Ill., said such emergency tax legislation should be used only in a crisis.

Kennedy put his finger on one administration weakness: "The bill will not come out of the floor of the Senate, possibly, until late summer, and by then we would have gone through nearly a year more."

Chicago Livestock

CHICAGO, Aug. 2 (AP)—(U.S.D.A.)—Livestock prices were steady at Chicago for first week of August.

Prime beef 18-19; choice beef 18-19; steer beef 18-19; lamb 18-19; pork 18-19; poultry 18-19.

Inmates' Stunt Still Mystery

Warden Doesn't Know Why Girls Climbed to Top of Smokestack

TERMINAL ISLAND, Calif. (UPI) — The reason two young women perched atop a 40-foot smokestack at this federal prison for 38 hours remained a mystery today, but the warden said the girls will not be punished.

Warden Raymond W. May said through a spokesman that since the two were under 21 years old, they would not be punished for the escape which kept the water front in an uproar before they returned to the ground yesterday.

May theorized the pair staged the affair because one of them wanted to be returned to the Utah reformatory from which she escaped a year ago.

A combination of hunger, lack of sleep and a lousy southern California sunburn was believed responsible for their decision to end the "sitdown."

An unidentified woman inmate also climbed to the top of the red brick stack and urged them to come down.

Well, I'll Take the Head, and You Can Take—Ahem

TUCSON, Ariz. — Two Tucson men — Jerry Bolger and Chuck Ballard — invested 50 cents each in a charity raffle. They didn't check to find out what the prize would be but agreed to share it 50-50 if they won.

Bolger and Ballard won an Appaloosa horse.

Ex-Gov. Clement Man to Beat in Tennessee

NASHVILLE, Tenn. (AP)—Former Gov. Frank Clement, the "boy wonder" of Tennessee politics a decade ago, is rated as the best bet today in a close-run contest for the Democratic nomination for governor.

Opposing him in a race that focused more on personalities than issues were City Commissioner William W. Farris of Memphis and veteran Chattanooga Mayor P. G. O'Connell.

A turnout of close to 700,000 voters is a possibility.

Clement, now 42, campaigned on his record as governor from 1953-59, citing his administration's accomplishments in education, mental health, welfare and industry.

He recruited, he invited, he fought to win these programs were his.

Farris, 38, and O'Connell, 61, contended Clement's record was one of broken promises, exaggerations and mistakes. They hit repeatedly at his associations with Billie Sol Estes, the bankrupt oilman, and his association with a Texas attorney general's office recently produced documents it said showed Clement and his father, Robert S. Clement, shared in profits from an Estes housing project at Bayview, Ark.

The primary is a winner-take-all affair since Tennessee has no runoff primary. The Democratic nominee is almost certain to be elected to a four-year term in November. Republicans fielded a man for a serious play for the office.

The winner will succeed Gov. Buford Ellington, ineligible for another term and neutral in this race. Most of Ellington's organization worked hard for Clement.

O'Connell had the support of Sen. Estes Kefauver, although the senator did not campaign actively for O'Connell. Sen. Albert Gore remained neutral.

SEEK RENOMINATION

Eight of the state's nine congressmen, seven Democrats and one Republican, seek renomination. Three faced serious opposition—Rep. James Prater of Chattanooga, Carlton Loefer of Nashville and Clifford Davis of Memphis, all Democrats.

Frazier is opposed by Wilkes Thrasher and Raymond Prater, both of Chattanooga. Davis' opponents are Lewis Taliferro and Ross Pritchard. Loefer faces Richard Fulton and Gordon Turner. Z. Alexander Looby, a Nashville city councilman, seeks to unseat a member of the State Supreme Court and become the first Negro ever to be elected to the state's highest tribunal. An independent, he opposes Democrat Weldon White in a general election in conjunction with the primary.

Polls open at 7 a.m. Central Standard Time (8 a.m. Pontiac Time). They begin closing in the rural counties at 4 p.m. with those in large counties remaining open until 7.

WASHINGTON—Yellowstone National Park's first and only wilderness preserve, was born one night in the light of a wilderness campfire.

Braving hostile Indians and riding out on a trail of national parks and monuments. And with the addition of Yosemite, Sequoia and Mount Rainier, the park system needed its own specialized agency.

There were geysers that roared and shot high in the air, a mountain of black grass, and streams hot enough to cook fish in five weeks, the expedition had mapped out a route to the heart of the park, the hot springs at East Fork, and the Grand Canyon of the Yellowstone River, says the National Geographic Society.

PUBLIC GROUNDS

The men first talked about staking personal claims. Some wanted to charge sightseers a fee, perhaps develop a resort area. Others speculated on timber and gold mining.

Then Judge Cornelius Hedges suggested dismissing all private speculation. He recommended the scenic wilderness be set apart as a "public pleasure ground," a great national park.

The idea caught fire and expedition members began writing articles, delivering lectures, and lobbying Congressmen. One member was called the "Champion of the Northwest" when he described the marvels of Yellowstone.

Within two years Congress established Yellowstone National Park, first of its kind in the world.

In the 1870s, Yellowstone had not yet attracted private speculators. The area was too far west for many investors, too isolated for

lumbermen, too hostile for most settlers. When Yellowstone became a park, early visitors carried guns for protection against Indians.

The unique and idealistic experiment of Yellowstone opened the eyes of other national parks and monuments. And with the addition of Yosemite, Sequoia and Mount Rainier, the park system needed its own specialized agency.

McFADDEN

SERVICEMEN sig led Master Sgt. Al Waddington, son of Mrs. Glen D. Waddington, 22 St. Louis, Mo., was promoted to sergeant and assigned to the Marine Corps July 13.

The former information chief of the Fleet Marine Force Information Office was honored by a parade ceremony and reception at Norfolk, Va. for his 22 years of service to the Corps.

Waddington is now in charge of his own vegetable processing firm in Norfolk. He will continue living there with his wife and four children.

Currently on a furlough from Germany, Maj. Louis A. Capoglia is visiting his mother, Mrs. Arnold Capoglia, 232 Voorhies Road, Maj. Capoglia is stationed with the Second Armored Division at Ft. Hood, Tex.

Pfc. Laurence S. Moore boarded the USS Independence earlier this month for a three-day cruise and visit with his twin brother, Terry Moore, of Independence's Ship Company.

Pfc. Moore, who was on a 10-day leave from the 2nd Engineer Battalion in Hawaii, Germany, joined his brother while the ship was in Cannes, France.

The Army private obtained special permission for the trip. He left the ship, still a "landubber," when he returned to Camp.

The Moores are the sons of the James C. Moores, 587 N. Perry St.

L. MOORE T. MOORE

Capt. Charles L. Snyder, Plans and Operations Section, 33, 20th United States Army Corps, Ft. Hayes, Ohio, was selected to attend the Command and General Staff College, Ft. Leavenworth, Kan.

Capt. Snyder received the Army Commendation Medal for meritorious service while serving as operations and training officer for the Corps.

A graduate of the University of Michigan, Capt. Snyder served overseas in the Far East Command and in Europe. His parents are the Roy G. Sneders, 1019 Northfield Road, Capt. Snyder lives with his wife and two children in Columbus, Ohio.

Pontiac Area Deaths

MRS. ERNEST G. FLEMING

A private service for Mrs. Ernest (Ethel) Fleming, 64, of 2455 W. Walton Blvd., will be at 3 p.m. Saturday in the DeWitt C. Davis Funeral Home. Cremation will follow in White Chapel Memorial Cemetery.

Mrs. Fleming became ill when on the way home from attending a ball game with her husband in Detroit last night. She was dead on arrival at Providence Hospital, Detroit.

Surviving besides her husband are four sisters and four brothers. The family suggests friends make any memorial contributions to their own church or charity.

LAWRENCE E. GRAY

Lawrence E. Gray, 71, of 47 N. Anderson St. died early this morning in Henry Ford Hospital, Detroit, after a long illness.

Surviving are his parents, Mr. and Mrs. Keith M. Gray. He was dead on arrival at Providence Hospital, Detroit.

Surviving besides her husband are four sisters and four brothers. The family suggests friends make any memorial contributions to their own church or charity.

MRS. CHARLES ROLLISON

The Rosary will be recited at 8 p.m. Friday in the D. E. Purcell Funeral Home for Mrs. Charles (Carla) Rollison of 180 S. Padlock St.

Service will be at 11 a.m. Saturday in St. Vincent de Paul Catholic Church with burial in Mount Hope Cemetery.

Mrs. Rollison, 73, died Monday at her residence after a brief illness. She was a member of St. Vincent de Paul Church and the church altar society.

Surviving are a son Archie in Cleveland; two daughters, Sister Ann Charles IRM of Monroe and Mrs. Earl Marks of Pontiac; 12 grandchildren; and three brothers, Joseph Compas of Keego Harbor, Edward of Pontiac and Archie in Arizona.

BOY C. SKARRITT JR.

WHITE LAKE TOWNSHIP—Service for Roy Charles Skarritt Jr., 7, of 8120 Hitchcock road, will be, 1 p.m. Saturday at the Costa Funeral Home, Drayton Plains. Masonic graveside service and burial will follow at the Lakeside Cemetery.

Mr. Skarritt, a farmer, died yesterday at Pontiac General Hospital after a short illness. He was a member of Commerce Lodge No. 12, F.M.S.

Surviving are his wife, Elizabeth, two sons, Roy Skarritt Jr. and William D. Skarritt, both of Milford; a daughter, Mrs. Gerald Powell of Milford; 11 grandchildren; two great-grandchildren; and a brother, Kimbell Skarritt of Clarkston.

FLOYD E. WARNER

ROCHESTER—Service for Floyd E. Warner, 70, of 123 Lyndon St., will be 7 p.m. Saturday at Piley Funeral Home. Burial will follow at Stony Creek Cemetery.

Mr. Warner, owner and operator of Rochester Window Washing Co., died yesterday.

Surviving are a daughter, Mrs. Goldie Westlake, of Utah; three sons, Frank, Edward and Don, all of Rochester; and 12 grandchildren.

MRS. LUTHER M. COOLEY

ROCHESTER—Service for Mrs. Luther (Mary E.) Cooley, 81, of 322 East St., will be 10 a.m. Saturday at Piley Funeral Home. Burial will follow at Stony Creek Cemetery.

Yellowstone Park 'Born' on Wilderness Expedition

WASHINGTON—Yellowstone National Park's first and only wilderness preserve, was born one night in the light of a wilderness campfire.

Braving hostile Indians and riding out on a trail of national parks and monuments. And with the addition of Yosemite, Sequoia and Mount Rainier, the park system needed its own specialized agency.

Bovens technically is entitled to \$1,000 for his one day's work, according to an attorney general's ruling. Whether he will attempt to collect the full amount remains to be seen.

As far as the convention is concerned, Bovens will get \$466.72, which is all that remains of the fund appropriated for delegates' salaries. If he wants to collect the rest of the \$1,000, he'll probably have to sue the state, said Walter Devries, R-Grand Rapids, chairman of the administration committee.

Deer Herds Increasing

BUFFALO, N.Y.—Deer herds seem to be increasing in Western New York. Motorists along main highways in Erie and Genesee Counties within 25 miles of Buffalo have reported counting herds of 20 to 100 deer.

Stinky Silo Occupants

TUCSON, Ariz. (UPI)—More than 100 workers walked off a Pima silo site construction job. They just didn't like the working conditions. Inside the 150-foot stack they had found two stunks.

Lot of Steel in Cars

NEW YORK (UPI)—A modern automobile contains more than 100 separate and distinct varieties of steel, according to Steel Facts.

How Can He Possibly Piece It Together?

LONDON—At the end of a long trip a reporter, or any other person, wakes up some morning, gazes at the ceiling, and wonders how he can ever put it together. He can't.

How can he find some semblance of relationship between the dire contentment of Charles de Gaulle, the brilliant, the great, the night of the American Embassy, Grace de Monaco placidly sitting under a hair dryer in the beauty parlor of Monte Carlo's Hotel de Paris? How can he describe the Monaco's version of the hamburger, which could result in a U.S.-Monaco war?

How can a person who was taught from birth not to raise a voice in church keep from wincing when the Romans give the Pope a

reading on the perils and eccentricities of life there. What enemy of mankind measured the first "small" at a British pub?

Made a note about a robot Muslim-falling to his knees and kissing the foot of a Nigerian leader at the swank May Fair Hotel in London, and was about to do a paragraph on it when it occurred that a string of British had done much the same thing at the feet of Pope John XXIII during a Vespers service.

And what about the Italian woman in Amsterdam who tipped up to her daughter in church just as she was about to resolve Communion and played her veil on her girl's head and, exactly one acre.

The public locker room is about as cheerful as solitary at Sing Sing prison, but playing the course is a particular joy. It's hard to miss a green, whether you slice or hook. The fifth green covers exactly one acre.

Is it right to repeat the story of the old Scot who showed us around his huge blending and said to the American visitors:

"A man ventures out at midnight with a bottle of whisky in his pocket, to share it among his neighbors. He may have wasted and saved for this hour for a long time."

"One Scot did, indeed, but as he stepped outside his door and started on his journey he suddenly fell. He landed on his bottle, and lay there as a warm trickle dampened his kilt. 'Oh,' he said, 'I hope it's only blood!'"

News of Service Personnel

TOWN MARSHAL AT 89—Bill Silvey, along the barrel of a 32.00 pistol he will use as town marshal, a job he was elected to this week at the age of 89. Silvey, who's been marshal of this town of Seymour, Mo., with 1,046 residents once before, defeated two other candidates, ages 33 and 41, in a special election. He received 111 votes for their combined total of 65. Folks call him "Pistol Bill."

He received his basic training at Ft. Knox, Ky. and is a graduate of Pontiac Central High School. Pvt. McCauley is studying in the field of medicine at Ft. Hood.

Weather Slows Air Search for U.S. Official

NEW DELHI (AP)—Thick clouds and thunderstorms hampered an air search today for a Nepali airliner missing with 10 persons aboard, including two U.S. government officials.

The DC3 Dakota presumably crashed Wednesday in jungles or farmland at the foot of the Himalayas while on a flight from Kathmandu to New Delhi. It was last heard from over the India-Nepal border.

The U.S. Embassy's Convolv joined Indian and Nepali planes in the search.

Passengers included Sidney B. Jacques and Oscar Curtis Holder, D.C. and both from Washington, D.C. The U.S. Embassy said they were touring inspectors of the Agency for International Development.

\$74 Million to Aid Air Fields in U.S.

WASHINGTON (UPI)—The Federal Aviation Agency (FAA) today announced a record \$74-million airport aid program with the emphasis on greater safety.

The program for the 1963 fiscal year that started July 1, calls for construction or improvement of 419 fields.

More than \$39 million, or 52 per cent, is earmarked for new or improved runways and taxiways. Nearly \$18 million will be spent acquiring land for clear zones and airport development. About \$17 million is for modern lighting, obstruction removal and other safety items.

Mr. and Mrs. Emory McCauley, 19 Exchange Street, recently arrived in Ft. Hood, Tex. He completed basic training at Ft. Knox, Ky. and is a graduate of Pontiac Central High School.

TV Features

By United Press International
 BILLYE KILPATRICK, 33, (repeal), Diana Merrill, playing the daughter of Kildare's supervisor, doesn't want to have a baby.
 THE LIVELY ONES, 9:30 p.m. (4) Elia Fitzgerald, singer, Joe Williams and drummers Gene Krupa, Shelly Manne and Louis Bellson are on tap. Vic Damone is host.
 ZANE GREY THEATRE, 9:30 p.m. (2) Van Johnson portrays gunman framed on bank robbery charge. Repeats.
 THE DIALOGUES OF ARCHBOLD MACLEISH AND MARK VAN DOREN, 10 p.m. (2) An experiment in television conversation in which two old friends — both Pulitzer prize winners — offer their reflections, musing and thoughts on topics ranging from poetry to politics to ritual. They are only people on hour-long program, which was filmed at Macleish's farm in Conway, Mass.

Heavy Rains Wash Out Riots in Helsinki

HELSINKI, Finland (AP) — Heavy rain washed out the night demonstration against the Communist-sponsored World Youth Festival here and cleared Helsinki's streets after four nights of disorders.
 Police have cracked down hard on the demonstrations, which have been an embarrassment to the neutrality of this small Scandinavian neighbor of the Soviet Union. Finnish authorities claim the demonstrators are led by young hoodlums, not political activists. Some of the demonstrators have shouted anti-Communist slogans; most have just shouted. About 10,000 youths from 144 countries are attending the week-long festival which opened Sunday.
 Medallion Hurt Voice
 MUSKOGEE, Okla. (AP) — While Heskill Tilley, 53, was in a hospital recovering from burns, doctors came interested in his raspy voice. They found a medallion in his larynx. They couldn't recall having swallowed it. His voice improved.

REALIGNMENT IN SOUTHEAST ASIA
 Shaded areas indicate Federation of Malaysia, which Britain and Malaysia agreed Tuesday night to create. Federation will embrace present Federation of Malaya, the semi-independent island state of Singapore, and British Borneo territories of Brunei, Sarawak and North Borneo.

Abortions Granted Thalidomide Users

STOCKHOLM, Sweden (AP) — Seven pregnant Swedish women who used the drug thalidomide in the early stages of their pregnancy have been allowed to have legal abortions.
 A spokesman of the National Board of Health said today the board had granted all requests for abortion permissions which it received from pregnant women who had taken the drug.
 He said that X-ray checks had shown the babies were malformed in only two cases.
 "In the other five cases the abortions were granted for social, family or health reasons," he said.

'Ghosts' Show Interloper Who Rules Roost

READING, Pa. (AP) — Felix Orchowski was painting the cornice of a building when something in the sky made him look up. He saw a small hole almost pulled his brush from his hand.
 Orchowski hurried down the ladder Wednesday and found a beeping foreman, Joseph Kowal, took over and the same thing happened to him.
 "The foreman pulled a stick into the hole. When he pulled it out it was chewed up. He sprayed ammonia into the hole and while it almost knocked him out it had no effect on the unknown object. Next he tried ether. It didn't work either."
 Kowal finally got enough of a glimpse into the hole to find he was tugging with a family of squirrels. They stayed and he left after an hour and a half of trying to force them out.

Abbe Lane, Other Stars Happy at Losing Agents

By EARL WILSON
 NEW YORK — Suddenly some of the top stars are without agents due to that Music Corp. of America bust-up — but if you think the top stars are weeping in their champagne-and-caviar, you're wrong.
 "We're delighted!" exclaimed Abbe Lane, as she and Xavier Cugat had midnight supper. "Already we've saved \$2,000 we'd have paid in commissions."
 The stars, wooed now by other agencies, are playing hard to get. "I'm not signing with any agency," Abbe said, "until I get a flat promise of a movie deal in the United States."
 "Deals" of all kinds are being rumored. To induce stars to sign, some remaining agencies are offering "premiums" — a Cadillac, a house, an apartment, no collection of commissions for six months.

Abbe and Coogle seem to go Spain for a short vacation. Abbe admits that while it's a great country, she doesn't do her best TV there. "You can't twist there on TV and you can't show a bare shoulder," she mentioned.
 "That," Abbe said, "cut me out of like 15 numbers."
 Medical TV shows are doing so well (claims comic Buddy Hackett) that other programs are converting and changing their names; for example: "Surfside Six" . . . Wagoh Pain . . . Hawaiian Eye, Ear, Nose and Throat.

Mary Small phoned. "I was late for my psychiatrist the other day. I had to stand." How Las Vegas is booming! The Dunes is building a 21-story addition; the Sahara a 28-story. Remember when the Riviera there derailed Nevada with a 3-story "skyscraper" that everybody thought was too high.

EARL'S FEARS: A fellow having dinner with his wife at Manny Wolf's said yes, he knew that home-cooked meals make for a happy marriage. "But when I get home from work, I'm too tired to start cooking."
 TODAY'S BEST LAUGH: "We are now at peace. Peace is a short pause between wars for enemy identification!" — M. W. LATIMER.

WIFE I'D ASK THAT: "There is a great discovery still to be made in literature, that of paying literary money by the quantity they do not write" — Thomas Carlyle. That's earl, brother.

Lauds Approval of Damage Bill

Philippine President Says Move Significant Step in Relations

MANILA (AP) — President Diosdado Macapagal today termed approval by the U. S. House of Representatives of the Philippine war damage bill "a significant step" toward removal of an irritant in Philippine-American relations.
 The U. S. House of Representatives reversed an earlier decision and approved a \$75-million Philippine war damage claim by an overwhelming margin.
 Macapagal expressed appreciation of the Filipino people for this action.
 He said in a press statement "The Filipino people appreciate this action of the U. S. House of Representatives, as well as the efforts of President Kennedy, the leaders of the House and our friends therein, and the American people, who have helped bring about this welcome turn in Philippine-American relations."

Woman Dies on Visit to Injured Husband

PHILADELPHIA (AP) — Mrs. Violet Rink, 49, mother of 12, collapsed and died in a hospital Wednesday while visiting her husband, Frank, 55, who was seriously injured three hours earlier in a scaffold accident.
 Mrs. Rink had just approached her husband's bed when she slipped to the floor. She apparently died of a cerebral hemorrhage, authorities said.
 Her husband had been impaled on a scaffold hook when the anchor for a working platform had pulled loose at the Lighthouse Club. Rink had been on the scaffold near the top of the 31-story building, painting brick.

Puerto Ricans Wants Vote for U. S. President

SAN JUAN, Puerto Rico (AP) — Gov. Luis Munoz Marin's ruling Popular Democratic party will seek an amendment to the U. S. Constitution to give Puerto Ricans the right to vote for the President of the United States.
 The party decided Wednesday night to include the amendment proposal in its platform for the coming plebiscite in which Puerto Ricans will decide whether to strengthen the present commonwealth system, seek statehood or seek independence. The party supports the commonwealth system.

Plane, Car Have Equal Guilt in Airmen's Deaths

ALBUQUERQUE, N.M. (AP) — If you've rejected the plane, your chances of getting killed in a car are just about the same as that you will die in a plane.
 "This was brought out Wednesday at the annual Air Force Safety Congress in talks by Lt. Gen. William H. Blanchard, inspector general of the Air Force, and Col. Earl S. Howarth, Air Force ground safety officer."

8,343 Navy Reserves Released From Duty

WASHINGTON (AP) — The Navy has released all 8,343 Reserve of officers and enlisted men called to active duty during the Berlin crisis last fall.
 Their release came Wednesday at the same time as deactivation of the vessels and aircraft used by 18 Reserve and anti-aircraft squadrons reversioned to inactive service.

Plastic Protects Plows

COLUMBUS, Ohio (AP) — Tip for farmers: U. S. Department of Agriculture engineers say covering plows with sheet plastic to keep soil from sticking to them may be an answer to this perennial problem in farming.

Ghana Chief Escapes Bomb

Taste of Honey for the Lions

TO ATTEND GAME — Mary Ellen Pike, Michigan's 1962 Junior Miss selected here in Pontiac in February, will add a touch of charm to the rugged Detroit Lions' intrasquad football game to be played at Winstar Stadium Saturday night. Miss Pike will appear in program ceremonies at 7:30 p.m. in her modern 1962 "carriage," a Pontiac Bonneville convertible.

JFK Urges Alertness

Vows Tighten Drug Net

WASHINGTON (AP) — President Kennedy promises stiffer government controls to avert drug tragedies and urges every woman in the country to guard against taking thalidomide.

He asks all women to look through their medicine cabinets and turn in any thalidomide they find to health authorities. The drug is blamed for thousands of malformed births in Europe.

Kennedy issued the warning, along with an appeal for Congress to establish new safeguards against potentially harmful drugs, at his news conference Wednesday.

The President used an opening statement to sound his alarm against harmful or worthless drug products. He said the need for protection was underscored by thalidomide.

Kennedy praised the Food and Drug Administration, especially Dr. Frances Kelsey, for alertness in preventing commercial distribution of the drug in this country. But he said "we ought to be tougher" in regulating distribution of drugs to doctors for experimental use and suggested this could be done without further legislation.

Algerian Rivals Agree to Ben Bella as Chief

ALGIERS (AP) — Algeria's rival politicians temporarily agreed today to accept the leadership of dissident Deputy Premier Ahmed Ben Bella, but resolved none of their fundamental differences.

The agreement gave Ben Bella control of the National Liberation Front (FLN) — the movement that led Algeria to independence without immediately removing

Soblen Refused British Asylum

Ordered Back to U.S. to Start Serving Life Prison Term

LONDON (UPI) — Britain today refused political asylum to Dr. Robert Soblen and ordered him back to the United States to start serving a life sentence for spying for the Soviets.

Home Secretary Henry Brooke, in an announcement to the House of Commons, said the British Government had found "no ground for granting Dr. Soblen political asylum here."

"He is not in danger of persecution in his own country for his political opinions or on racial grounds," Brooke said.

"Dr. Soblen is a convicted spy, a fugitive from a sentence imposed on him by the courts of a country whose life is based on democratic institutions and constitutional guarantees."

He said it had ordered the Israeli El Al Airlines to return Soblen back to the United States.

Soblen, a 61-year-old native of Lithuania, had been deported from Israel last month and was on his way back to the United States aboard an El Al airplane when he slashed himself in the stomach and wriggled free of the plane to land in London so he could be hospitalized.

Soblen, convicted of wartime espionage for Russia, had jumped \$100,000 bail in New York last June 25 and fled to Israel just before he was due to surrender to federal authorities in New York to start his life term.

Brooke told Parliament that Soblen had made formal application to be released from prison and allowed to go to the Communist Czechoslovakia. The home secretary said there was no reason to consider this plea.

In a detailed statement, Brooke stressed that Soblen had no right to be in Britain and that he was given temporary housing here only because he had to be hospitalized to "save his life."

Pathetic Lao Prisoners Are Being Released

VIENTIANE, Laos (AP) — Prince Souphanouvong said today American and Philippine captives held by Pathet Lao forces during the civil war are on their way to Vientiane and will arrive in a few days.

The pro-Communist deputy premier said it is a long journey from the remote places where they were held to air strips and this has caused the delay in freeing the prisoners.

Confidence in their stocking masks may prove to be the undoing of the two killers of Ethelias Vasilios.

Pontiac Detective Sgt. John DePaau today revealed that two years ago a holdup man was identified and convicted despite a stocking mask.

This knowledge is spurring on Pontiac and state police detectives in tracing every minute clue which might tie the killers of market owner Vasilios to three other holdups where the bandits were seen by their victims.

Pontiac Police Chief Joseph Karen today promised that there would be no rest for the killers, who three times shot Vasilios Monday night as he struggled for his life in his Boulevard Market, 20 Orchard Lake Ave., near Franklin Boulevard.

Despite scant clues, the chief said, "We're pushing on full speed in our investigation. We've tossed everything in that we can possibly toss."

Sooner or later, police expect, the killers will make their one mistake needed to bring them into the open.

In discussing the effectiveness of

4 Die, 56 Hurt in Attempt to Kill Nkrumah

Police Holding 25 for Questioning and Start Combing Brush

From Our News Wire
ACCRA, Ghana—A bomb exploded near President Kwame Nkrumah in a small town in northern Ghana last night, killing four persons and injuring 56. Nkrumah escaped unhurt.

The dead included a schoolboy and two uniformed policemen.

The attempt on the president's life was made when he stopped at a village 50 miles north of Accra on his way home from a visit to Upper Volta, Ghana's northern neighbor.

Nkrumah had just gotten out of his car when the bomb went off. Some members of his party were among the injured.

Police said they had detained 25 persons for questioning. They cordoned off the area and began combing the surrounding bush for the would-be assassin.

Nkrumah had just finished talks with Upper Volta President Maurice Yamoussou.

Nkrumah was reported to have been taken to a nearby hospital and released after a checkup.

OFFICIAL INQUIRED
Among the 56 injured was E. Assumada, the regional commissioner.

The bomb went off as Nkrumah was walking from his car to inspect a parade at the Ghana border after crossing from Upper Volta, a former French colony which now is independent.

A forceful man, Nkrumah has been dubbed a "Black Hitler" by his opponents, while his own political followers have bracketed his name with Jesus Christ, Gandhi and Mahatma.

Soon after Britain granted independence in 1957 to the Gold Coast, one-time center of the slave trade, Nkrumah told his people:

"We are determined to preserve the democratic and political way of life."

STIFF COURTS
The opposition has only eight members in the 112-seat parliament and for some time opposition leaders have been arrested and held without trial. Special courts have been set up to hand down death sentences — without right of appeal — for "anti-state offenses."

Last November, just before Britain's Queen Elizabeth visited Ghana, an explosion blew the feet off Nkrumah which stands outside the parliament building here.

Ferry and Stahl are defendants in a \$1-million libel suit brought by Richard Durant, a leader of the Republican conservatives.

Ferry failed to respond to an offer to appear in Durant's law office to make a deposition of the case. Ferry's defense was that the case was "frivolous and inappropriate since he lives near enough to court to testify in person."

Durant's suit alleges Ferry and Stahl wrongfully pictured Durant as the leader of a right wing plot to gain control of a Republican organization.

JFK Going to Maine
WASHINGTON (AP) — President Kennedy will spend the weekend of Aug. 10-12 in Maine and will take part in the annual Charity Festival at the naval air station at Brunswick the night of Aug. 10, the White House announced today.

St. DePaul said any other of them would be made available to him as new clues come in.

At the Pontiac State Police Post, Charles Leaf is in charge of heading the probe from that angle.

BEST CLUE
Until a tip is received from a friend or neighbor of the killers, the two stockings — found only 10 feet from the back door of Vasilios' Boulevard Market at 30 Orchard Lake Ave. — remain the best clue.

But police also know that a 22-caliber pistol, such as the one which killed Vasilios, was used in the "stocking bandit" holdup a week ago at the Orchard Lake Tavern — only a few blocks from the market.

At that time, the holdup men were described as two Negroes wearing old clothes.

Another stocking bandit holdup occurred only two blocks east of

Justice Leaves Perch

WAVES GOODBY — Lady Justice bids a last farewell to downtown Pontiac as workers lowered her from her lofty perch atop the old courthouse today. The building is destined to come down next. The statue, a landmark here for over 50 years, was removed to the County Service Center on Telegraph Road for storing until county officials decide her fate.

Con-Con Votes to Close Up Shop

LANSING (AP) — Michigan's Constitutional Convention voted itself out of existence yesterday and left it up to the voters to cast the final ballot on whether the proposed new constitution is better than the present 1960 document.

Meeting for the last time in Lansing's Constitutional Hall, delegates approved their product 98-43 after giving "immediate effect" to a Senate Reapportionment Plan which Democrats said might be unconstitutional.

The Republican delegation, which dominated the convention 86-48, brushed aside a Democratic suggestion that the convention go into recess until Oct. 25 rather than adjourn for all time.

Democrats argued that the convention should wait until after the election to vote on whether the U.S. Supreme Court will act on a planned appeal for a review of a state supreme court decision that the present senate districting is illegal under the Federal Constitution.

But the Republicans contended that the proposed formula — based on 80 per cent population and 20 per cent area — would pass all tests that might be set up by the federal court for setting up legislative districts.

The bipartisan wrangling over apportionment and other issues was a reflection of what is expected to take place between now and the November election and an echo of the debate which reverberated through the convention hall in the closing weeks of deliberation.

Even though the people went to vote on the constitution in April next, the document promises to become a major issue in the forthcoming campaign.

Debate in the closing session came on virtually every subject, in closing adoption of an "Address to the People" to inform the public on what changes have been made in the new constitution.

Democrats were defeated in (Continued on Page 2, Col. 6)

Record production at Ford Motor Co. completed with the all-out effort of the year General Motors passenger car divisions accounted for an output of 79 million more cars last month than in July 1961.

The total of 389,001 topped the industry's June output by 25,000 cars. In the first seven months of the year, the five major auto makers built 4,210,002 cars compared with 3,135,531 in the first seven months of 1961.

General Motors built 84 per cent more cars in July this year than in the same month a year ago. Ford was up 26 per cent.

The only car maker to fall behind its July 1961 pace was American Motors which was down 7 per cent in auto output.

Through the first seven months of the year General Motors has produced 2,359,249 passenger cars. Production was 1,575,879 for the comparable period a year ago.

Pontiac's total output during the first seven months of 1962 reached 346,063 compared with 186,566 in the same period in 1961.

General Motors accounted 61 per cent of the cars built by the "Big Three" during the seven-month period.

U.S. Soldier Seeks Asylum With Reds

FRANKFURT, Germany (AP) — The Czechoslovak News Agency CTN, said today a member of a U.S. Army Rocket Unit in West Germany has sought political asylum in Communist Czechoslovakia.

The agency said the soldier identified as R. S. Harbale, asked for asylum on the grounds of racial discrimination in the West.

How About This One? (See Pictures on Page 2)

Economic Views, Page 35

Balmy Breezes More Sunshine, Are Predicted

The weatherman is giving Pontiac area residents wonderful vacation days this week, days full of sunshine and balmy breezes.

Warmer temperatures are expected to creep into the area Saturday with the predicted high near 83. The low tonight will be a mild 60 degrees.

Light gentle winds at 5 miles per hour will continue variable today and tonight.

Fifty-five was the lowest recording in downtown Pontiac prior to 8 a.m. the mercury had zoomed up to 82 at 1 p.m.

Pontiac Detective Sgt. John DePaau today revealed that two years ago a holdup man was identified and convicted despite a stocking mask.

This knowledge is spurring on Pontiac and state police detectives in tracing every minute clue which might tie the killers of market owner Vasilios to three other holdups where the bandits were seen by their victims.

Sooner or later, police expect, the killers will make their one mistake needed to bring them into the open.

In discussing the effectiveness of

Stahl's Agent Cleared of Court Contempt Charge

Charles Ferry, 165 Wimpole Road, Rochester, press agent for Senator John Stahl (R-Belding), was cleared of a contempt of court citation yesterday.

Circuit Judge Joseph Moylan granted the citation when Ferry convinced him that Rochester was his legal residence, making him not subject to subpoena for a deposition.

Ferry and Stahl are defendants in a \$1-million libel suit brought by Richard Durant, a leader of the Republican conservatives.

Ferry failed to respond to an offer to appear in Durant's law office to make a deposition of the case. Ferry's defense was that the case was "frivolous and inappropriate since he lives near enough to court to testify in person."

Durant's suit alleges Ferry and Stahl wrongfully pictured Durant as the leader of a right wing plot to gain control of a Republican organization.

At that time, the holdup men were described as two Negroes wearing old clothes.

Another stocking bandit holdup occurred only two blocks east of

Could You Identify This Man?

2 Seek GOP Bid to Run for Drain Post at PCH Friday

Editor's Note—Following another in a series of articles published by The Pontiac Press to aid voters in the Aug. 7 primary. Only those offices in which there is a contest will be covered.

Two former rivals are pitted against each other in the Republican race to earn the nomination for Oakland County Drain Commissioner.

Incumbent Daniel W. Barry, winner of three straight elections, is matched against Art Becker, a Detroit printing company executive, in a renewal of the GOP nomination contest in 1958.

Barry won the bid that year and went on to his second term in the drain commissioner's office.

In this year's campaign, Becker has drawn a "free shot" by hitting Barry where it hurts — on the ballot.

DECISION
The 44-year-old Southfield challenger was awarded the decision in a circuit court lawsuit which prohibits Barry from using ballot designation as "drain commissioner."

Barry had requested the designation because of a name similarity with a Democratic candidate for drain commissioner, Daniel T. Barry.

Since Barry and Barry represent different parties and will be on different primary ballots, the court ruled against Barry.

Becker, naturally, hopes his victory will carry through the Aug. 7 primary election.

AFTER LOSS
Thus far in his political career, Becker, of 25275 Kildare St., Southfield, has been unable to get past the primary election hurdle. After his loss to Barry in 1958 he made a bid for the GOP nomination for 4th District state representative in 1960 but was defeated by Ray Baker.

Becker, vice president of Becker Brothers Printing Co. in Detroit, is a veteran of World War II and holds three Purple Hearts, five Battle Stars, and a Bronze Star.

A bachelor, he has studied sanitation at the University of Hawaii, political science at Wayne State University and business administration and psychology at Detroit Institute of Technology.

Barry is also a World War II veteran, serving in the Air Corps' 1st Bombardment Group in the Pacific theater.

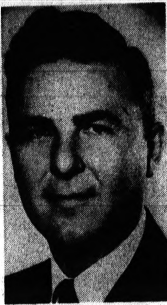

Before assuming the drain commissioner's post, he was a restaurant manager and automobile salesman.

Barry, 38, lives at 169 Pleasant Lake Drive, Union Lake. He is married and the father of three young children.

A graduate of Michigan State University, he received most of his early education in Pontiac at St. Michael's School and St. Frederick High School.

He also attended St. Benedict's High School in Brighton and St. Benedict's College in Sioux Falls, S. D.

803 Die in Accidents
EAST LANSING — Traffic accidents have killed 803 persons in Michigan so far this year, provisional figures compiled by state police showed today. The toll at this date last year was 946.

DANIEL W. BARRY

ART BECKER

Most of Nation Enjoys Nice Day, Rain Elsewhere

By The Associated Press
Another pleasant summer day appeared in prospect for most of the nation today but there was the usual threat of afternoon and evening showers in some areas.

Thunderstorms broke out during the night in the southern plains, the southern Rockies and the southern Plateau region. Early a tornado and heavy thunderstorms swept the Midwest, Tex. area but no injuries were reported. Fairly heavy rain hit areas in the Southeast, with strong winds lashing Savannah, Ga., in a thunderstorm.

Two funnel clouds were reported near Orange City, Iowa, about 40 miles northeast of Sioux City, but no heavy damage or injuries were reported.

Plane Flies in Safety
HONG KONG (UPI) — A U.S. Air Force C-147 transport with 10 persons aboard landed safely today on Hong Kong today on one engine after a 24-hour flight from Clark Field in the Philippines.

Deadlock on Racial Issues Despite JFK's Comment
ALBANY, Ga. (AP)—Racial issues remained deadlocked today despite President John F. Kennedy's comment that the situation in this southwest Georgia city is "wholly unsatisfactory."

As the White House stepped openly into the matter, a federal court hearing continues on whether mass demonstrations by Negroes should be banned.

And Negroes kept up their campaign of going to jail in protest of segregation.

Mayor A. D. Kelley Jr. rejected the President's position that city officials should sit down and talk with Negro leaders. And Kelley got support from Gov. Ernest Vandiver.

"We will never talk to outside agitators about local problems," the mayor said.

Sole spokesman for the seven-member City Commission, Kelley blamed agitators for creating trouble in Albany, where Negroes comprise about 40 per cent of the 38,000 population.

Asked if he referred to Dr. Martin Luther King Jr. of Atlanta, currently in jail as a result of integration activities, the mayor replied:

"I mean exactly that."

Georgia's governor commented in a statement in Atlanta that he agreed with the refusal of Albany.

2 Jetliners Avert Mishap by 400 Yards
The pilot of one jetliner told the other to change course — instructions that never came.

A collision was avoided when Capt. C. E. Davis, pilot of a Trans World Airlines Convair 440 jet, veered his plane to the right, missing by 400 yards

or less a big American Airlines Boeing 707 jet.

A collision at that altitude almost certainly would have spelled aviation's worst disaster, surpassing the aerial collision of a United Air Lines DC-8 and a TWA Super Constellation over New York City Dec. 18, 1960, which killed 134 persons.

The Federal Aviation Agency (FAA) yesterday admitted a "human error" at its radar control center south of Kansas City caused Tuesday's near collision. Now the FAA is trying to pinpoint how that "human error" occurred.

Marshall Benedict, FAA regional public affairs officer, said a controller and an air traffic coordinator at the center had been suspended, pending completion of an investigation. Neither was identified.

ROUTINE
"The suspensions are routine in a matter such as this," Benedict said.

"But the error obviously was at the control center. It was a human error, not mechanical. We wanted to find out exactly why it was committed."

The planes were flying in opposite directions on the same flight path at an altitude of 33,000 feet, a permissible situation under FAA regulations.

But under such conditions, the control center must instruct one of the planes to detour around the other before the aircraft come within five miles of each other.

The pilot of the American Airlines plane, Capt. Fred W. Hitts, was told to detour, but the plane missed each other by about 180 yards—the length of a football field. TWA Pilot Davis, who also lives in Los Angeles, said they passed within a distance of 400 yards.

Each plane was flying approximately 600 miles an hour, or almost 300 yards per second.

The TWA plane, with 71 passengers and a crew of nine, was en route to St. Louis from Los Angeles. The American Airlines jet, carrying 96 passengers and eight crew members, was flying west from St. Louis to Los Angeles. Visibility was clear.

94 to Graduate

Nine Schools to Join in Commencement Exercises

Students from nine high schools will graduate in summer commencement exercises to be held at Pontiac Central High School tomorrow night.

Ninety-four seniors, including 59 Pontiac Central High School students and 35 from Pontiac North and High School will be graduated.

The commencement, planned for 7 p.m. in the PCH gymnasium, will feature Howard V. Heidenbrand, the Pontiac Press' "Man About Town," as commencement speaker. His speech will tell the graduates, "You're in Command."

Graduating seniors will wear the caps and gowns of their respective high schools, giving the ceremony an array of gray, red, blue, green and white.

Organist for the ceremony will be Mrs. Eunice Reily.

Diplomas for the various schools will be awarded by William H. Anderson, president of the Pontiac Board of Education.

Other high schools represented in the summer school graduation are West Bloomfield Township, Walled Lake, Clarkston, Westland, Farmington Hills, Birmingham, Birmingham Groves, Birmingham Seaholm and Holy.

The class officers are Marty Burkhardt of PCH, president; Santiago Serna of PCH, vice president; Rita Jo Peterson of PNH, secretary; and Dennis Kachinski of PCH, treasurer.

Hunt Navy Seaplane With 13 on Board

MANILA, Philippines (AP)—A U.S. Navy seaplane with 13 crewmen aboard disappeared early today while returning to Sangley Point Naval Station.

Thirteen hours after the twin-engine P-5M patrol craft made its last radio report no trace of it had been found.

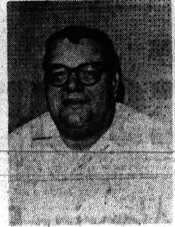

Twenty-seven planes and helicopters and three ships searched an area from Lingayen Gulf, about 150 miles northwest of Manila, to Sangley Point in Manila Bay.

Plane Flies in Safety
HONG KONG (UPI) — A U.S. Air Force C-147 transport with 10 persons aboard landed safely today on Hong Kong today on one engine after a 24-hour flight from Clark Field in the Philippines.

Unmasked 'Bandits'

Reporter DICK ROGERS

Composing Room Foreman BILL DESAUTELS

Stocking Main Clue

(Continued From Page One)
to death in his store after 9 p.m. Monday night.

Police said he was shot three times with a .22-caliber gun, after he apparently put up a fierce fight with the killers. An estimated \$1,500 to \$1,750 is believed missing from the store.

The immigrant merchant's daughter, Mrs. Charles Nick of 607 Sunfield Drive, White Lake Township, said her father kept large sums of money in the store to cash welfare and alimony checks, as a service to customers.

The money was wrapped in brown paper bags hidden in the store's meat cooler.

Only about \$300 was found in the store by police.

Seamen Accuse Barge of Dim-Running Lights

DETROIT (UPI) — Two veteran seamen said yesterday the tugboat and barge involved in the collision and sinking of the British freighter *Montrose* in the Detroit River Monday night was not lighted so easy identification could be made.

Pilot George E. Beatty and Montrose Skipper Ralph E. Walker made the statements at a U.S. Coast Guard inquiry into the accident.

Attorneys for a local salvage firm were allowed to cross-examine the two officers at the hearing.

Beatty of Sarnia, Ont., a veteran pilot who has conducted more than 20 foreign ships up along, was the first witness and downed the barge river this year called by the Coast Guard examiner, Lt. Cmdr. Robert P. Chirade.

Eyre-Walker said he then heard a series of short danger blasts and then the tugboat barge slammed into the British freighter "about three points off the port bow."

"The events leading up to the accident happened very rapidly because the whole thing took place in about eight minutes after we left berth at the Detroit Harbor terminal," Eyre-Walker said.

Eyre-Walker, 48, a veteran of 32 years on the seas and rivers, said he has been a ship's master for 13 years. He said this is the first time he has had an accident of any major consequence in all his years as a seaman.

The *Montrose*, with 200 tons of cargo, is on its side in the Detroit River under the Ambassador Bridge which connects Detroit and Windsor.

U.S. Aide to Present Test Ban Concession

(Continued From Page One)
against violations of the treaty ban. The Soviet Union maintains that inspections on its soil would amount to spying.

The heart of the problem is that a total prohibition on nuclear weapons tests could be policed only with provision for checking on earth shocks which might be caused by secret underground explosions. The idea the checks are to prevent any nuclear power from cheating.

Explosions in the atmosphere or at the earth's surface are detectable over long distances. In this connection Kennedy is not satisfied that the Soviet Union has moved for a ban on atmospheric explosions, particularly if it were possible to interest Khrushchev in negotiations on inspection of underground explosions.

The mayor didn't rule out the possibility of talking with Albany Negroes but he stated as a condition to negotiations the departure of King and his corps of integration strategists.

2 Jetliners Avert Mishap by 400 Yards
The pilot of one jetliner told the other to change course — instructions that never came.

A collision was avoided when Capt. C. E. Davis, pilot of a Trans World Airlines Convair 440 jet, veered his plane to the right, missing by 400 yards

or less a big American Airlines Boeing 707 jet.

Expect Plans for Works Site

City Commissioners to Decide Officially on Community Center

Plans to eventually turn the present Pontiac-Walled Lake site into a community recreation facility are expected to come up for official action at next week's City Commission meeting.

Commissioners have informally agreed to hire an Illinois firm to prepare plans for a community center on Wenden Street adjacent to the water works and Rotary Park.

About \$200,000 has been allocated for the project from capital improvement funds.

A contract for the work will be drawn up on the request of commissioners for their next meeting. City Manager Robert A. Stierer said today.

The firm — McFadden, Everly and Associates of Winnetka, Ill. — has indicated it would want to work with a local architect in preparing the plans, Stierer said.

If awarded the contract, the firm also will "develop the general plan for future use of the water plant property as a recreation facility, after it ceases to be needed for our water system," Stierer said.

STAND-BY BASIS
Pontiac is to get Detroit water in 1963, however, the water works is to be maintained on a stand-by basis. Stierer indicated the land around it could be used for a park.

City commissioners met this week informally with two representatives of the Illinois firm — Robert E. Everly and Roy W. Layman — to discuss city plans for the community center.

It was after this meeting that Stierer was asked to prepare a contract for the firm.

Stierer said the representatives outlined for commissioners some of their recent projects — including parks, playgrounds, zoological gardens, golf courses, community centers, marinas and swimming pools.

Con-Con Delegates Hold Last Session
(Continued From Page One)

every one of their proposals. One was to include a minority report in the preface to the address explaining why the Democratic minority opposed a number of sections.

BIASED
Delegate Paul Mahinski, D-Dele, contended that the address itself contained a number of biased statements favoring the new four-party ballot boosting his candidacy have been mailed into Oakland County, Stahlin said.

He said:

Republicans disagreed with Democratic objections, however, saying that the address to the people was written as objectively as possible.

Doesn't Explain Injuries, Can't Speak English
A 35-year-old Roseville construction worker unable to explain how he was injured because he doesn't speak English was reported in satisfactory condition today at St. Joseph Mercy Hospital.

Santo Alampi was found sitting atop a cement mixer graining in pain yesterday evening in a new subdivision near Square Lake and Telegraph roads in Bloomfield Township. He and another worker, who found him, had been cleaning the machine.

Alampi suffered fractured ribs, but has been unable to tell how he got them.

The Day in Birmingham

Two U. S. Officials to Join Traffic Safety Parley

BIRMINGHAM — Two U.S. Department of Health, Education and Welfare officials will participate in the 1962 Governor's Regional Traffic Safety Conference series Aug. 17 at Devon Gables in Bloomfield Township.

Eugene C. Lehr, assistant director of the department's division of accident prevention, will be accompanied by Thomas C. Klappacher, the department's regional consultant from Chicago.

A record crowd is expected to attend this year's series of meetings, sponsored by the Michigan State Safety Commission and the Michigan Citizens Highway Safety Action Committee.

More than 900 advance registrations have been received so far, according to Gerald W. Shipman, executive secretary of the Michigan State Safety Commission.

Also attending the conference will be Dr. George Agatz, Dr. C. W. Muehlberger and Dr. Warren Coon of the Michigan Department of Health, Secretary of State James M. Hare and State Police Commissioner Joseph A. Childs.

Mr. and Mrs. George Romney will be guests of honor at a combination rally and buffet by the Oakland County Young Republican Club Aug. 11 at the Hunt Club in Bloomfield Township.

Scheduled for 4 to 7 p.m., the rally is expected to include other Republican candidates for state offices, for county offices and from the metropolitan Detroit area.

Any resident of Oakland County will be welcome at the buffet but is asked to make a reservation at Republican headquarters.

Robert J. Baldwin, 755 N. Woodward Ave., a representative of a Fort Wayne, Ind., candy manufacturer, has been designated a "Candy Ambassador" at the annual convention of the National Candy Wholesalers Association in New York.

Baldwin was one of 26 confectionary salesmen selected from several thousand from throughout the nation to be honored for service to the candy industry.

He was chosen for his "long and distinguished service to the industry, which he has served for the past 25 years."

Slashed Cable Cuts Phone Service to 400
Approximately 400 customers lost use of their telephones today in Waterford Township when a cable was accidentally cut this morning by a construction company's trenching equipment.

The 202-pair cable was severed on Williams Lake Road near Ideal Terrace, Michigan Bell Telephone Co. maintenance workers are expected to have full service restored by 7 p.m. today.

Netherlands New Guinea is about the size of California. Its population is estimated at around 700,000.

Reject Invitation to View Albany

10 Northern Senators From Both Parties Say No to Integrationists

WASHINGTON (AP)—Ten Northern senators—five Democrats and five Republicans—said yesterday they rejected an invitation from Southern integration leaders to view first-hand conditions in Albany, Ga.

They urged the Justice Department, however, to take "all possible steps" to protect Negro interests in Albany.

The invitation was sent to Sen. Jacob K. Javits, R-N.Y., "and your colleagues" by Dr. W.G. Anderson, an Albany integration leader, and Wyatt T. Walker of the Southern Christian Leadership Conference.

Javits called the other nine senators to a meeting yesterday with Burke Marshall, assistant attorney general in charge of the civil rights division, during which it was decided to reject the invitation.

Flint Firemen File for Back Pay, Interest

FLINT (AP)—Circuit Judge Louis McGregor today ruled in favor of a suit by Flint firemen seeking some \$4 million in back pay and interest.

The ruling was handed down on a suit filed by a union representing Flint firemen in June of 1960.

The suit sought back pay and interest totaling some \$3.5 million on the grounds firemen actually worked a 36-hour week but drew pay for only 44 hours.

McGregor said the additional \$500,000 in today's decision was to compensate for interest since the filing of the suit.

Under the ruling payments to Flint firemen would range from \$149 to \$24,000.

They Say Goodbye So Cheerfully

Children Cause Heartbreaks All Through the Years

By HAL BOYLE
NEW YORK (AP)—When you are bringing up children, your life has many turning points. Such as when you take a young daughter to her first summer camp.

I fought back hard when the idea was raised to send Tracy Ann, who is 9, away to camp for a full month.

"Why, I didn't sleep away from home until I was 12," I objected. "And then when I did go to a Boy Scout camp, it was for only two weeks."

"Yes, and you probably rode there in a horse and buggy," said my wife, Frances. "But they do things differently now. Most

Grand Rapids Seeks Further Annexation

GRAND RAPIDS (AP)—A petition proposing that Grand Rapids annex a fourth portion of Suburban Wyoming was filed here today and its sponsor, Attorney Albert R. Dilley of Grand Rapids, said he hoped for a vote of it and three other petitions in the Nov. 6 general election.

The petition proposed the annexation of a 65-acre strip of Wyoming which contains several light industrial plants, but has no residents. The three petitions filed previously also proposed to take in similar non-residential areas adjoining Grand Rapids.

Wyoming voters heretofore have defeated Grand Rapids attempts to annex the entire suburb.

Operate on Duke of Kent

LONDON (AP)—The Duke of Kent, 26-year-old cousin of Queen Elizabeth, had an operation for chronic sinus infection yesterday. His condition was reported satisfactory.

The largest air colonies are estimated to number about a million inhabitants.

Soviet, U.S. Build-Up Disturbing as N-Ban Talks Go On

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON—If you could go through a newspaper library's files on the talks about banning nuclear tests—day by day, back for years—you'd be bewildered by the details and maybe, sick from the result.
The result has been nothing so fast. But it's not only the lack of progress, or the jockeying, or the hair-splitting, or particularly in the case of Russia, the switching around that is disturbing.
So is recognizing the mutually profound distrust of the United States and Russia the most grizzly part of the expedition through these old stories from Geneva where most of the American-Russian talks were held.
MORE AND MORE
The most disturbing part is the

realization that through all these years of talking—and even in the time it takes to go through the files—the two giants are straining to build even more terrible nuclear strength.
It would be nice to think the Development Programs Are Forwarded to ARA
LANSING, Mich.—The State Economic Development Department has announced approval of over-all economic development programs for St. Louis, Alima and Grafton County.
The programs have been forwarded to the Area Redevelopment Administration in Washington. Approval there will mean projects can be submitted to qualify for federal loans.

new hope President Kennedy held out Wednesday at his news conference—the possibility this country can trim down its conditions for a test ban treaty—might bring agreement at last.
But the odds are against it. In the record of failure and the almost morbid, but realistic, tradition of suspicion.
The two big powers can tell pretty well if either of them tests in the atmosphere or beyond. If that was all that was involved, apparently they could agree not to test and neither could cheat without the other's knowing.
But the big sticking point is the sneaky underground tests. Both sides have instruments that can detect underground disturbances if they are beyond a certain magnitude.
But on some kinds of under-

ground rumblings the instruments seem not so sure. Yet, judging from what Kennedy said, this country has developed detection instruments more sensitive than anything in the past.
DISAGREEMENT
As recently as April 1961, the United States and Russia at Geneva reached complete disagreement on a test ban treaty. At that time the United States laid down demands for an inspection system.
The talks that year had actually begun in 1958. At one point the Russians seemed to be saying they might consent to some in-

struments and listening posts on Russian soil.
Then they reversed and said they opposed any foreign inspection in Russia. For years they have argued inspectors are spies. And it is right here the United States and Russia split.
It seemed clear from what Kennedy said Wednesday that unless the Russians agree to inspections inside Soviet territory, there will be no agreement. He told the news conference:
"We find no justification for the Soviet claim that a test ban treaty

can be effective without on-site inspection."
He deliberately didn't go into details on how the United States might be willing to trim its demands—that is, reducing the number of inspection posts it previously thought necessary.
He said, "We first have to have an acceptance of the principle" by Russia that inspection, inside the United States and Russia, is necessary for a test ban agreement to make sure neither cheats.

Bald Eagles Returning
FULFORD, B. C. — Bird watchers report the bald eagle population appears to be growing around this Salt Spring Island community. They are feeding on a plentiful fish population and leaving available ducks alone.

Enjoy Eggs Around the Clock With a Flock of Recipes

Homemakers can spend less time in the kitchen and speed up preparation of tasty, nutritious meals and snacks by following a "baker's dozen" ideas on the use of eggs this summer. A supply of hard-boiled (sometimes called hard-boiled) eggs in the refrigerator can be transformed into delicious items such as:

1. A QUICK SNACK: Just reach for an egg and enjoy it.
2. PICKLED OR SPICED EGGS: Place drop pickled eggs into heat or sweet pickle juice and let stand for season for several hours or longer in the refrigerator.
3. DEVILED (STUFFED) EGGS: Use your favorite recipe or short-cut it, using bottled sandwich spread to blend into the mashed or sieved yolks.
4. SUMMER SALADS: Chopped, sieved or sliced eggs add real appeal to summer salads. What is a potato salad without eggs? Combine 6 cups diced, cooked potatoes, 1 1/2 cups (about) salad dressing, 2 cups diced celery, 1/4 cup 2 Tbsp. mayonnaise. Season to taste.
5. EGG AND SOUP: Add chopped hard-boiled eggs to your own favorite soup.
6. EGG SALAD: This classic hot weather favorite makes a cool, quick sandwich or delicious stuffing for tomatoes. Combine 6 chopped eggs, 3 Tbsp. well-drained pickle relish, 1/4 cup diced celery, 2 Tbsp. minced chives or parsley and 3 Tbsp. mayonnaise. Season to taste.
7. EGG SPREAD FOR APPETIZERS: Sieve 4 eggs and blend 2 or 3 drops Tabasco, 1/4 tsp. each of salt and pepper and 1/4 cup soft butter or margarine.
8. SMOKED EGG DIP: Combine 12 sieved hard-boiled eggs, 2 Tbsp. soft butter or margarine, 1 1/2 tsp. liquid smoke seasoning, 1 Tbsp. lemon juice or vinegar, 2 tsp. prepared mustard, 2 tsp. Worcestershire sauce, 2 drops Tabasco, 1 tsp. salt, 1/4 tsp. ground pepper and 1/2 to 1 cup mayonnaise or salad dressing. Beat until smooth, and pile into bowl. Chill. Makes 1 quart.
9. For the man-of-the-house-turned master-chef-out-of-doors: a. FRIED EGGS: Cook bacon in heavy skillet, set bacon aside. Meanwhile, break required number of eggs into bowl and slide eggs into moderately hot bacon fat. Cover and cook to desired doneness. In this cooking method yolks will be nestled in a deep layer of white. Or, prepare hash-browned potatoes and slide eggs atop hot potatoes. Cover and scramble eggs atop the potatoes.
10. SCRAMBLED EGGS: Follow favorite recipe adding fresh garden vegetables, chopped green onions, parsley, chives, etc.

Mexican Style - Prepare scrambled eggs and add chopped onions, chopped plantains and green peppers or fresh green beans. Scrambled Eggs Creamed Style - Blend one can (about 10-oz.) creamed soup, add 6 slightly beaten eggs, season and scramble.

An easy way to eat scrambled eggs out-of-doors is to serve them sandwich style in hollowed-out weiner or burger buns.

11. DENVER SANDWICH: A favorite variation of scrambled eggs out-of-doors is to serve them sandwich style in hollowed-out weiner or burger buns.
12. FRENCH TOAST: For 6 slices of bread (2 to 3-day old) combine 3 eggs, 1/2 cup milk, 1/4 tsp. salt and 1 tsp. sugar in a flat dish. Dip bread in egg mixture. Cook on well-greased griddle turning once to brown both sides.
13. THE PLAIN OMELET: For individual servings, break 2 eggs into bowl. Add half eggshell of each chopped onion, green pepper, water, 1/4 tsp. salt and dash of pepper. Beat with fork just enough to blend. Pour into moderately hot greased skillet and "scramble" shaping mixture into a flat round to fit bread. Turn over to brown both sides. Serve hot between bread or toast.

homemakers who want to have fun with grocery budget and serve family treats as well.

Eggs are Versatile - When you feature eggs, endless variety is possible in meal planning.

Eggs are Easy to Serve - Serve them plain, serve them fancy - morning, noon, night, and snack time too.

Eggs are Low in Calories - And at the same time carry a wealth of excellent nutrition.

Eggs are High in Protein - In fact a powerhouse protein food. Egg protein is so excellent that it is used as a measuring stick for other proteins.

Eggs Abound in Other Nutrients - They contain the important B-vitamins, thiamine (B1), riboflavin (B2), the anti-oxidant vitamin (B12), - vitamins A and D and important minerals.

Eggs Around the Clock - For studying, playing and growing, eggs and children go together - serve them 'round the clock.

Bavarian Like Dessert

Cool Minty Green

Sprinkle 1 1/2 teaspoons gelatin and 2 tablespoons water and soak a few minutes. Dissolve 1/2 cup (12 ounces) crushed peppermint candy in 1/4 cup milk over hot water. Beat 2 egg yolks well. Pour a little of the hot liquid into them. Add this to the hot mixture, and cook until thick, stirring constantly. Add the gelatin to the cooled mixture and stir until dissolved. Cool until thick, but not set.

Add 1/4 teaspoon salt to 2 egg whites and beat until stiff but not dry. Gradually add 6 tablespoons sugar, beating constantly. Combine the beaten egg whites and the gelatin mixture. Add a few drops of green food coloring. Whip 1 cup heavy cream and fold it in.

Crush 12 plain chocolate cookies (about 1/2 cup). Put half the crumbs into a 10x6x1 1/2 inch ice cube tray or shallow pan of similar capacity. Pour in the prepared mixture and cover with the rest of the crumbs. Freeze 3 to 4 hours without stirring.

There Are Four Ways to Light Charcoal Fire

Wood charcoal briquets used for cooking can be ignited in a variety of ways.

Most common is the use of charcoal lighter fluid. Apply fluid to the briquets, following instructions on the container. Allow 60 seconds for fluid to soak in, then light with a match. The first briquets to ignite will slowly form a fine white ash which spreads to the other briquets. About 25 minutes should be allowed for ash to cover all briquets. Cooking heat has then been reached.

Lighting pellets are also available in solid form. These are placed among the briquets and ignited with a match, following instructions on the container.

Wood charcoal briquets also can be ignited by buying an electric starter in a pyramid of briquets. When white ash forms, remove the starter.

Cut-up paraffin milk cartons also are excellent starters when buried among briquets.
