Township Picks From 17 to Fill Four Vacancies

Victory List Includes Boardman, Barningham, Field and Lemaux

Four new members were elected to the Waterford Township Board of Education in the annual school election yesterday.

Among the 13 unsuccessful candidates were two incumbents.

★ ★ ★

Winners of the four positions were John D. Boardman, Mrs. Dorothy B. Barningham, Robert E. Field and Duane M. Lemaux.

Mrs. Barningham and Lemaux will succeed incumbents Mrs. Donald E. Adams and Lester K. Carlson for three-year terms.

Field and Boardman will fill newly created posts, bringing total Board membership to seven. They were elected to four-year terms.

GLENN GRIFFIN

746-Vote Bulge Tops Downes in City Election

School Board Prexy Returns for Another 4-Year Term

Pontiac Board of Education President Glenn H. Griffin last night was re-elected to a four-year term on the school system's governing body by a 746-vote margin over his sole opponent, Willie S. Downes.

Griffin polled 2,416 votes, to 1,670 for Downes.

★ ★ ★

Including invalid ballots, a total of 4,135 registered voters turned out at the school district's 19 polls in what is considered a "very good" response to a one-seat Board vacancy election.

There are some 42,000 registered voters in the school district.

Griffin's was the only expiring term this year on the seven-member Board. He has served as a Board member 11 years.

★ ★ ★

For Downes, yesterday's results handed him his second defeat as a Board of Education candidate.

The Pontiac Township industrialist ran for a four-year term in 1948 and lost by a vote of 686 to 439 to Donald Porritt.

Griffin won a majority of votes in 13 of the 19 precincts.

MARGIN TOO SLIGHT

Downes was victorious at the Close street station precinct, Wilson precinct, Central precinct, Hawthorne precinct, Jefferson precinct and the Willis precinct.

It was evident as precinct reports came in to the Board of Education offices last night, however, that Downes' margin of victory in precincts he carried was too slight to be hopeful.

Griffin's lead grew and then doubled with the final report from Washington precinct.

★ ★ ★

A cheer went up in the Board offices as the final count was chalked in on a blackboard close to 10 p.m.

Said Griffin: "I am most appreciative of the support at the polls. I am happy to have the opportunity of serving another term on the Board.

"I feel this is a vote of confidence in the policies we have practiced in the past. I promise I shall do everything in my power to see that our fine system continues to become ever stronger in every way possible.

HARMONY TO CONTINUE

"We have a fine Board and they have worked in harmony for the interest of our youth. I know this will continue."

Downes this morning praised yesterday's turnout at the polls.

"I am happy to see the number of people that got out and voted," he said. "I congratulate Glenn Griffin on winning such a large vote.

★ ★ ★

"He did a good job, and I think he will do a good job in the future. Now that he is talking economy-minded, and I hope he lives up to it."

Man of the Hour in Manila

WELCOME CEREMONY — President Eisenhower stands at attention with a lei of flowers around his neck as the National Anthem is played shortly after he arrived in Manila. Next to him is Philippines President Carlos Garcia. A million and a half wildly cheering Filipinos greeted Eisenhower on the second stop of his current foreign trip.

Kennedy Lashes Again at Ike, Nixon Policies

WASHINGTON (AP)—Sen. John F. Kennedy (D-Mass) said today that if Soviet Premier Nikita Khrushchev hadn't wrecked the summit conference it would have foundered on what he called obsolete U.S. policies.

Kennedy, a leading candidate for the Democratic presidential nomination, said that if the presidential campaign turns on the issue of who best can stand up to Khrushchev, the American people will lose, no matter who wins in November.

★ ★ ★

His major Senate speech coupled a series of foreign policy suggestions of his own with a slashing attack on President Eisenhower and Vice President Richard M. Nixon, the probable GOP presidential nominee.

It obviously was intended both to reply to his Republican critics and to counter implications by some supporters of rival Democratic aspirants that Kennedy, at 43, is too youthful and inexperienced to negotiate with Khrushchev.

Kennedy said the American delegation headed by Eisenhower went to the Paris summit meeting with "no fresh ideas" and only "obsolete policies and meaningless slogans."

"Our conferees have consistently gone to the international bargaining table ill-staffed, ill-prepared and ill-advised," he said. "Coordinate efforts — with all agencies and all allies—have faltered without strong direction from the top; and strong direction from the top has often faltered because the president has not been kept fully informed."

★ ★ ★

Because of this, the Massachusetts senator said it was "fortunate that the violent manner in which the Soviets carried out their determination to wreck the summit made it clear to the world that the blame for the collapse of the conference rests on Mr. Khrushchev."

Rain failed to discourage several thousand area voters from turning out at the polls yesterday to elect Board of Education members and, in several districts, to decide special school district issues.

Teacher tenure in the Avondale District, a 1.9 mill tax hike at Birmingham, a $250,000 bond issue at Walled Lake, and a salary boost for School Board members in Farmington were among propositions approved by voters.

County's Patrol Joins Nikita in Missing the Boat

The Oakland County Sheriff's Water Patrol isn't going to get that jet-powered speedboat from the government.

★ ★ ★

The boat is a special 18-foot Turbocraft, without propeller or rudder, that President Eisenhower was to give to Nikita Khrushchev on the President's canceled trip to Russia.

When the trip was called off, Water Patrol Deputy James W. Stuart of 2611 Lansdowne St., Waterford Township, wrote the President about the county's water safety program and suggested that the boat could be put to good use by the Water Patrol.

★ ★ ★

Word came from Washington today that the boat, which had been sitting on the lawn of the American embassy in Moscow, will be returned to its maker.

Filipino Multitude Ecstatic Over Ike

MANILA (AP)—A joyous, singing, almost uncontrollable mass of Filipinos today nearly overwhelmed President Eisenhower with an ecstatic welcome.

This land which the United States set free only 14 years ago gave Eisenhower perhaps the greatest tribute he has ever received overseas.

One and a half million or more roared their acclaim along a flag-bedecked route showering Eisenhower with a near blizzard of pastel confetti and even paper boxes.

The crowd rivaled the nearly hysterical turnout of Indians who welcomed Eisenhower to New Delhi last December.

Sometimes surging out of control, the tide of humanity slowed his parade to a walk as they jammed to within inches of the open car.

He rode beside Philippine President Carlos P. Garcia from the airport to downtown Manila, 10 miles.

Acrid fumes from the slow-moving cars occasionally brought tears to Eisenhower's eyes. Filipino and American security agents strained to clear a path in humid 85-degree heat. One enthusiastic well-wisher tried to climb on the hood of the automobile. Police hustled him away.

U. E. Baughman, head of the U. S. Secret Service, estimated the crowd at 1½ million. The Philippine press secretary, Jose P. Nable, said police and military officials set the total at three million—1½ million in Manila alone.

Dripping with perspiration, Eisenhower flashed his famous grin at the crowds.

They smiled and waved back at him with affection for a home town boy made good—the young Army officer who served here in the '30s and later became president. The display was unequaled in the islands' history.

The tone of the popular greeting was obvious from the moment Eisenhower landed at the airport after a long, tiring flight from Alaska via Wake Island.

County Candidates Race Today's Filing Deadline

Candidates of both political parties seeking 16 Oakland County positions this election year were racing the clock to meet the 4 p.m. deadline for filing petitions or fees.

By 1 p.m., there were 45 candidates—including six for two nonpartisan probate judgeships — who had submitted their qualifying papers.

Democrats had a slight edge with 22 candidates. Republicans had 17.

Many more were expected to turn in the necessary nominating petitions or the alternate $100 fee before the deadline this afternoon.

Candidates are filing for Oakland's congressional seat, state senator in Lansing, six state representative posts, six local county offices, and a four-year regular probate judgeship and the newly created two-year term.

All incumbent county officers, with the exception of Surveyor Ralph A. Main, had qualified for a spot on the Aug. 3 ballots. Main said he would file.

The race for Republican Congressman William S. Broomfield's seat in Washington appeared to be the top prize of local Democrats. Four had filed this morning, with the possibility of three more by the deadline.

BROOMFIELD ALONE

Broomfield stood alone unchallenged for the Republican nomination. No opposition is expected. He's after his third consecutive two-year term in Congress.

Pontiac's incumbent State Rep. Arthur J. Law, a Democrat, was without any Democratic opposition.

★ ★ ★

Shortly before noon, however, Law was matched with his first Republican opponent. Richard I. Moore, who two years ago announced for governor but pulled out before the primary, filed his one hundred dollars. Moore lives at 17 Prall St.

Other incumbents, State Reps. Lloyd L. Anderson (R-Waterford Township), S. James Clarkson (D-Southfield), William Hayward (R-Royal Oak) had submitted. Miss-

Turns Down Extension of City Sewers

City commissioners again have turned down a request for sewer service to the proposed shopping center area at Telegraph and Elizabeth Lake roads in Waterford Township.

The request was made by Aaron Gershenson of the A & W Management Co. of Detroit in behalf of the proposed Montgomery Ward Co. store.

★ ★ ★

Gershenson asked the city to let the store tie in with Pontiac sewers.

On advice of City Manager Walter K. Willman, city commissioners at their informal meeting last night decided to stick by their policy of "no services without annexation," at least for a while.

"We will tell the company that the present policy may be reviewed after the new sewage treatment plant is under way," said Willman.

Willman said additional loads on the sewage disposal system are unwelcome at present.

Another shopping development planned at the 78-acre site failed five years ago when the city and township hassled over sewage connections.

At the end of the month the city will be in default of a Water Resources Commission order to have contracts signed for $3,300,000 in improvements in the sewage disposal system.

The state board probably will go to Circuit Court for an order forcing the city to finance the improvements. Willman wants to do it through a general obligation bond issue.

Commencement Slated Thursday

Central to Graduate 420

Diplomas will be awarded to 420 Pontiac Central High School graduates at commencement exercises beginning 8 p.m. Thursday in Wisner Memorial Stadium.

The commencement speaker will be Dr. Stanley J. Idzerda, director of Michigan State University Honors College and assistant to the provost.

Presiding over the program will be Glenn H. Griffin, president of the Board of Education.

Graduates will file in to the ceremonies to the processional, "Pomp and Circumstance," played by organist A. Michael Dempsey, Central High music teacher.

The Rev. Paul T. Hart, pastor of the First Methodist Church, will deliver the invocation.

After remarks from Senior Class President Kenneth Shaw, Idzerda will present his address on "The Next 50 Years and the Last 2,000."

Idzerda is a member of the Committee in Teaching of the American Historical Assn., a trustee of the American Society for Aesthetics and Art Criticism and a regional associate of the American Council of Learned Societies.

SPEAKER'S WORKS

His published works include articles in the fields of French history, American literature and theoretical studies concerning general education and the education of the gifted.

Idzerda's address will be followed by the march, "Sortie Toccata," and presentation of the graduating class by Francis W. Staley, principal.

Dr. Dana P. Whitmer, superintendent of schools, will award the diplomas.

The recessional, "Trumpet Voluntary in D," will conclude the program.

★ ★ ★

Recognition will be given to 20 "Special Honors" students during the program. These students ranked in the top five per cent of the graduating class scholastically.

They are Ruth Bell, Judy Cantarella, Mary Coleman, Priscilla Dawe, Linda Dorris, Sherry Fink, Dianne Flicker, Theodore Gaensbauer, Dianne Hillman, Richard Jackson, Ronald Joyner, Suzanne Koprince, Charlotte Lange, Nancy MacAfee, William Riosel, Kenneth Shaw, William Shile, Barbara Strang, Valerie Vasbinder and Sandra Wray.

Graduating class officers are Kenneth Shaw, president; Jerry Jerome, vice president; Dianne Pickford, secretary; and Mary Aughenbaugh, treasurer.

The commencement program will be held at the high school in the event of inclement weather.

Pontiac Northern High School's commencement exercises will take place at 8 p.m. Friday in the school's gymnasium. Dana Rose, assistant vice president of the Michigan Bell Telephone Co., will address the 236 graduates.

Drizzle, Cool 58 on Tap for Tonight

This morning's showers were expected to taper off to a light drizzle in the Pontiac area tonight, the weatherman said. The low will be about 58.

★ ★ ★

Wednesday will be partly cloudy with the high reaching to 70 degrees. Fair and warmer is the outlook for Thursday.

Morning southeasterly winds at eight m.p.h. will become east to northeast at 10-20 miles.

From 10:15 a.m. yesterday until the same time today 1.7 inches of rain fell on the area.

★ ★ ★

Fifty-seven was the lowest recording in downtown Pontiac preceding 8 a.m. At 2 p.m. the reading was 68.

Latin Lovers Attention: Princeton on Your Side

PRINCETON, N.J. (AP)—The salutatorian at every Princeton University graduation since 1748 has read his address in Latin.

And, unless today's 213th commencement is an exception, all the classmates will laugh or applaud in the right place.

Each graduate gets a copy of the speech with notations when to applaud, laugh, groan or shout.

County Candidates Racing Deadline

ing, but expected to fil, was Rep. John C. Hitchcock, Hazel Park Democrat.

★ ★ ★

Shooting for a higher post was State Rep. Farrell E. Roberts, West Bloomfield Township Republican.

Roberts, who said once he was through with Lansing politics, suddenly changed his mind and tossed his hat in the ring for Oakland's 12th District state senate seat, made vacant when Sen. L. Harvey Lodge decided to try for the new probate term.

Three hours before the deadline, Democratic candidates for the senate seat included Oak Park attorney S. Jerome Bronson, Robert H. Chapin, Drayton Plains real estate broker, and former Wixom Mayor Joseph T. Stadnik.

Filing for the new two-year probate judgeship, to start Jan. 1, were former Circuit Judge Theodore F. Hughes, Donald E. Adams, Waterford Township justice of the peace, and Detroit attorney David Kaufman of Southfield.

Verne C. Hampton, an Oakland County Circuit Court Commissioner since 1937, filed for the two-year term this afternoon.

★ ★ ★

There was no opposition for incumbent Probate Judge Arthur E. Moore for another four-year term. None was expected.

The rush to get under the wire was apparent Monday when 16 candidates filed, according to Clerk-Register Daniel T. Murphy Jr., himself a candidate for re-election.

Clarkson, who stirred some opposition among his fellow Democrats in Lansing when he upheld his 1958 campaign promise to oppose a state income tax, found himself with an opponent for renomination.

Filing for the District 4 Democratic nomination was Albert A. Kramer, 36-year-old Detroit attorney living in Oak Park.

Republicans made a big pitch to recapture this seat from the Democrats — it was theirs before Clarkson squeaked to victory two years ago — as three Republicans made their bids for the Republican nomination.

They were Arthur C. Becker, 1958 candidate for drain commissioner and a Detroit printer, John A. Titus, 33-year-old Detroit insurance executive living in Berkley, and veteran Berkley druggist Raymond L. Baker, 53.

Kramer was but one of the many newcomers to the political wars who voiced displeasure with the work of incumbents during the 1959 Legislative session.

★ ★ ★

Already registered as Democratic candidates for the congressional nomination were Zigmund J. Niparko, Ferndale economic teacher and a previous candidate; James Kellis, retired Air Force intelligence officer; Leo P. Meagher, 1958 nominee for the state senate seat, and Ralph T. Johnson, Chrysler labor relations official from Oak Park.

Shrugs Off Bump From Car

Hiking Babs Would Hit Road

BRAZIL, Ind. (AP)—State police and Dr. Barbara Moore differed slightly today on how it happened, but the 56-year-old British vegetarian was more interested in hitting the road than in discussing her mishap.

★ ★ ★

The Russian-born physician said the "big American car" bumped her "just at the wrong moment,' interrupting her cross-country hike Monday as she strode toward Indianapolis from the Illinois-Indiana border.

★ ★ ★

Dr. Moore said she was hit without warning while walking next to the grass divider strip on U.S. 40. State police said she stepped off the grass and into the path of the car driven by Elizabeth M. Kline, 67, of Shamokin, Pa. All agreed the slowly moving car caused a painfully bruised back and a swollen left ankle.

★ ★ ★

Although she has no chance of breaking the cross-country walking record, Dr. Moore spoke anxiously of resuming her California to New York trek as soon as possible if, for no other reason, than to hurry down under for her cross-Australia march, "And Canada after that."

FEELING BETTER

"I'm feeling better already," she said, sitting upright in her Clay County hospital bed. "Im an old motorcycle racer, and no stranger to accidents."

Dr. Moore planned to be on her way "sooner than you think." She said her vegetarian diet of more than 40 years had quickened her recuperative powers, and that she might walk "day and night" over the last 700 plus miles of the trip which started 62 days ago in San Francisco.

★ ★ ★

She passed off an expired accident insurance policy as a twist of fate. When she paid $6 for the policy while crossing through Kansas May 27, she "expected to be in New York before the two-week expiration date.'

★ ★ ★

She seemed more concerned about the worry she had caused her husband, British sculptor Harry Moore, who had warned her about run-ins with American cars. Another bother was the fall had ripped her last pair of toreador pants. "If I start tomorrow, I shall have nothing to wear."

Dr. Moore put away a healthy ration of salad, crushed pecans, crushed carrots, strawberries and tomato juice. She told reporters, "you Americans are always tired. Too much meat and too much coffee."

★ ★ ★

She ordered an early breakfast of honey with crushed bananas. "I want to be ready to resume my grassroot trip through your beautiful country."

Calls for Halt to Rail Mergers

ICC Asked to Delay Several Moves, Pending Investigation

NEW YORK (AP) — The New York Central Railroad has called for a halt to proposed rail mergers in the East, pending investigation by the Inerstate Commerce Commission.

The railroad filed a petition for such action with the ICC yesterday as developments occured in several pending merger proposals.

Directors of the Norfolk & Western and the New York, Chicago & St. Louis (Nickel Plate) railroads agreed on merger terms after several months of negotiations.

And the Chesapeake & Ohio Railroad announced it would seek authority to acquire control of the Baltimore & Ohio Railroad through an exchange of shares.

The Central took note of the various merger steps under way in the east and specifically asked the ICC not to consider new petitions for mergers until the Central plea is acted on.

The Central has been considering some sort of unification with other lines but has not been included in the recent merger steps.

Central President Alfred Perlman said last month the road was continuing its studies with the B & O and the C & O. However, those lines have moved without the Central.

The merger actions would be blocked if the Central's request to the ICC is granted.

Schedule Polio Clinic at Stringham School

A polio clinic will be held 4 to 8 p.m. Thursday at the Stringham School on Elizabeth Lake Road in Waterford Township.

The clinic is open to adults and children, but youngsters under 18 must be accompanied by a parent.

The cost per shot of Salk vaccine is $1.

Registered nurses will assist Dr. Robert Albrecht, in charge of the clinic. It is the last for the summer sponsored by the Burt, Lambert and Stringham schools.

Electronics Pace Life

Sets Own Heartbeat

MILWAUKEE, Wis. (AP)—Carl Barker, 38, an engineer, sets his own heartbeat by an electronic pacemaker.

★ ★ ★

Barker explained today how he has obtained a new lease on life with the aid of the electronic gadget installed in January by a team of University of Minnesota surgeons.

Barker, father of four children, said he had suffered several heart attacks and his heart beat had slowed to about 20 beats per minute. The attacks finally forced him to quit work last fall.

He heard about the pacemaker developed at Minnesota and went there to consult Dr. C. Kwalton Lillehei, famed for his open heart surgery.

BACK AT WORK

The Minnesota surgeons developed a pacemaker for Barker and he was able to return to work this spring.

The pacemaker he uses is a transistorized package. It has an eight-inch special steel wire leading through Barker's chest to the heart where it is attached in two places to the ventricular muscle.

★ ★ ★

With a simple dial, Barker regulates the electrical stimuli to cause his heart beat at the rate of 80 to 85 beats per minute during the day. At night he slows his heart beat to about 60 beats per minute. He experiences no feeling from these small electrical shocks but keeps tab on his heart by means of a flashing light on the pacemaker.

Southfield Man Dies in Expressway Crash

A Southfield man was one of two drivers killed instantly when his taxi collided head-on with a panel truck early today on the John C. Lodge expressway in Detroit.

The victims were identified as Jack E. Smith, 53, of 27235 Lahser Rd., Southfield, and August Mielke, 26, Detroit truck driver.

Detroit police said Mielke was driving his truck in the wrong direction on the expressway's southbound lane when he crashed into the cab driven by Smith. Both vehicles were traveling about 50 miles per hour, according to police.

Firemen had to pry open both vehicles to release the pinned bodies of the drivers.

Lemaux has taken the stand of keeping the present top-rate teachers, rather than increasing the starting pay rate, he said.

"My theory that there should be a better understanding and open-door policy between the Board of Education and those it represents still stands, and I hope to promote that theory."

The four new School Board members will assume their positions July 1 at an annual salary of $250 a year.

Testifies Despite 'Death Threat'

LaMotta Admits Throwing Fight

From Our News Wires

WASHINGTON—Former Middleweight Boxing Champion Jake La Motta, testifying with a reported death threat from the underworld hanging over his head, admitted to Senate investigators that he threw a 1947 fight in exchange for a crack at the title.

★ ★ ★

Reliable sources said racketeers telephoned La Motta before the Senate hearing and warned him he would be "hit in the head" — meaning murdered — if he implicated certain persons in his testimony.

★ ★ ★

When Senate investigators asked La Motta whether he or members of his family had been threatened with bodily harm, La Motta hesitated, then said he wasn't.

He looked down at the witness table and tore up a piece of paper as he thought more about the question.

'NOT AFRAID FOR SELF'

"I'm not afraid for myself . . . ," he said quietly.

★ ★ ★

Then he suddenly became angry. " . . . and I'm not afraid of none of them rats," he shouted.

Another subcommittee counsel, Rand Dixon, spoke sympathetically to LaMotta. "This isn't a healthy thing to know, is it?" Dixon asked.

★ ★ ★

"No, sir . . . I guess it isn't, LaMotta replied.

LaMotta swore his 1947 losing bout with Billy Fox was a fixed affair, but repudiated a statement naming the alleged fixers.

LaMotta told the Senate investigators he was offered $100,000 to lose the fight, but rejected the cash and agreed to throw it in exchange for a guaranteed shot at the middleweight title.

INJURED IN TRAINING

He said he had suffered a spleen injury in training and thought he probably couldn't win anyway.

LaMotta was confronted then with a statement he had signed last May 11, naming Frank (Blinky) Palermo and Bill Daly as the men he was told had offered the $100,000, and Thomas Milo as the man he believed had handled the title guarantee bribe.

Sweating profusely, LaMotta said he was mistaken when he gave that statement to investigators for the Senate Antitrust subcommittee.

The statement was nevertheless placed into the record of the subcommittee's injuiry into monopoly in professional boxing.

The Day in Birmingham

Voters Give Solid 'Yes' to Pay Hike for Teachers

BIRMINGHAM — A proposal to increase school taxes to raise the pay scale of teachers and school personnel in the Birmingham School District was approved by a large majority in yesterday's election.

★ ★ ★

Two expiring School Board posts were also filled. One incumbent was re-elected, another defeated.

The proposition calling for an increase of $1.90 for each $1,000 of assessed valuation carried by a wide margin of 5,628 to 4,159.

The additional millage will run for a five year period.

MRS. BIER RE-ELECTED

Re-elected to serve a four-year term was Mrs. Mary Beier with 3,577 votes.

A long-time member of the School Board, incumbent William Spence, was defeated, placing fourth among the five candidates. He received 3,108 votes.

Upsetting Spence was E. Ross Hanson, with 4,231 votes, the highest number of votes cast for a candidate.

Other unsuccessful candidates were Albert C. Scott and Garvin Bawden, 3,173 and 2,898 votes, respectively.

Approximately one-third of the 27,000 registered voters in the school district cast ballots.

ALL SALARIES TO RISE

The additional money that will bring in about $394,000 annually is to be used for increasing the salaries of all school personnel.

In March, a proposal in a special election that would have increased school taxes $4 for each $1,000 of assessed valuation was defeated 4,695 to 3,363.

However, at that time, the proposed millage increase would have been used to increase salaries, set up an improved curriculum program, purchase library books for the high school and to acquire new instructional material.

The approved lower figure will only be used for making salary improvements.

Incumbent Merrill O. Bates was returned to the Bloomfield Hills School Board by voters yesterday for a four-year term by polling the highest number of votes in the election, 870.

★ ★ ★

Also named to a four-year term was W. Earl Givens, with 712 votes.

The two losing candidates were John M. McBride and Robert W. Morse, with 446 and 231 votes, respectively.

Winning the two expiring three-year terms were William B. Bachman, 664 votes, and Dr. Charles L. Bowers, 705 votes.

20 PER CENT VOTE

The three losers for the short term were George A. Jones, 376; Hugh T. Carney, 285; and Richard T. Phelps, 216.

About 1,400, or 20 per cent, of the 7,000 registered voters in the district turned out in the Bloomfield district.

Surviving are his wife Helen, mother Mrs. William H. Warren, a sister Mrs. Leo Wisniewski and brother Edward, all of Bay City.

Far East Trip Longest for Any President

WASHINGTON (AP) — President Eisenhower's Far Eastern trip will be the longest ever taken by an American president — 22,795 miles.

It barely outdistances his 11-nation, three-continent trip last December, which spanned 22,370 miles.

★ ★ ★

It will bring the President's total travels during his 7½ years in office to 318,274 miles.

★ ★ ★

If he takes no more trips before leaving office, that would figure out to an average of 39,784 miles a year.

Harry S. Truman averaged 29,784 miles a year, and Franklin D. Roosevelt averaged 28,908 a year during their terms.

Waterford Girl, 16, 3rd in Speaking Fete

Carlene Fuller, 16-year-old Waterford Township High School junior, placed third in the state public speaking contest sponsored by the Knights of Pythias, it was announced today.

★ ★ ★

The daughter of Mrs. Lloyd Farley, 7124 Pickering St., and Raymond Fuller of Holly, Charlene was district champion.

She defeated four other contestants with her 10-minute speech on "2,000 A.D." to the district contest to qualify for the state final.

UAW Flint Local 326 President Will File

FLINT (UPI) — George Dougherty, Flint, president of United Auto Workers Union Local 326, said he would file before the 4 p. m. deadline today as a Democratic candidate for lieutenant governor.

There had been speculation that Dougherty would withdraw from the race.

He has been critical of the action of the state AFL-CIO Executive Board in endorsing Grand Rapids Attorney Richard Vander Veen for the nomination.

Stellato Files in Race for Congressional Seat

DETROIT (AP) — Carl Stellato, president of United Auto Workers Local 600 at Ford Motor Co.'s Rouge Plant, yesterday filed as a Democratic candidate for Congress in the 16th District.

Stellato will oppose Rep. T. John Lesinski (D-Mich) in the Aug. 2 primary. Stellato opposed Lesinski in the 1958 primary but was defeated.

Political 'Stars' Battle for Featured State Role

LANSING (UPI)—Douglas Fairbanks and Charles Boyer both want the same featured role in the Wexford legislative district.

Fairbanks, a Democrat and Cadillac businessman, filed nominating petitions yesterday for the part now played by Boyer, Republican state representative and Manistee insurance man.

Parks Get 8,000 Books

LANSING (AP)—The State Library has shipped some 8,000 books to 37 state parks for use by summer campers. The number was the largest shipped in the 12-year history of the program, reported Mrs. Loleta D. Fyan, state librarian.

June Weather Just Miserable Ohio Eastward

By The Associated Press

Light rain, fog, drizzle and brisk winds combined to bring miserably unseasonable weather today to the country from central Missouri eastward through the Ohio Valley, the lower Great Lakes and portions of the middle Atlantic states.

★ ★ ★

Thunderstorms struck parts of Virginia. At Dumfries, southwest of Washington, D. C., a storm knocked out power lines and dumped more than 12 inches of water on sections of a highway. Some trees were felled.

★ ★ ★

At Washington, the Weather Bureau reported nearly 1½ inches of rain. Indianapolis got nearly 1 inch.

In Chicago, intermittent rain and drizzle falling for some 24 hours, brought more than an inch of precipitation.

Suggested by Willman

City Eyes Parking-Bond Payoff

City Manager Walter K. Willman has suggested a plan that could lead to broader horizons in downtown municipal parking.

The idea was taken under study by the City Commission at an informal meeting last night. The features:

1. Recall of the outstanding bonds of the 1956 revenue bond issue for parking lots. These total $470,000. It would cost an extra $20,000 to recall them, Willman said.

2. Refinancing of the bonds locally, possibly at a lower interest rate. The present rate is four per cent.

3. As a result, greater local control over the hours, rates and operation of the lots.

Local control would allow flexibility in the use of the lots in downtown promotional plans, Willman indicated.

Here are some of the ideas, advanced by downtown leaders, that might be carried out:

★ ★ ★

1. More frequent free parking days, sponsored by downtown merchants.

2. Leasing of some of the less busy parking areas to downtown concerns for employe parking.

3. Free parking every day, if Pontiac merchants elected to carry out the so-called Royal Oak plan. Downtown property owners in Royal Oak have decided to pay off revenue parking bonds through special assessments, eliminating the need for meter revenues.

Willman pointed out that after a $66,000 payment on interest and principal in September, there will be an accumulated $170,000 in the parking meter fund.

The funds are frozen under the present setup. But if freed, they could be used for expansion of the parking system, Willman pointed out.

The plan to recall the bonds would help settle objections raised recently in Circuit Court by the Pontiac Outdoor Parking Co., it was pointed out.

The private company contended the city was illegally putting general fund money into the municipal parking lot system.

Okay to Mow Lawn Sundays if It's Not Labor

BALTIMORE, Md. (AP)—Baltimoreans may cut their lawns with a power mower on Sundays if it's quiet and they don't have to push it much.

That was the gist of a two-page opinion by the attorney general's office after Magistrate Milton Saul asked if use of power mowers and the labor that goes with it violated the Sunday "blue laws."

The opinion said a magistrate would have to determine the facts in each particular case, deciding if the mower made "loud and unseemly noises" and if the pushing was hard enough to constitute bodily labor.

Beat Area Youth to Death

3 Face Exam in Slaying

Three Flint men accused of beating and kicking a Rochester area youth to death will be examined June 22 on charges of first-degree murder.

Billy Joe Housley, 21; Clinton J. Harris, 23; and Frederick C. Brown, 20, stood mute at their arraignment yesterday before Flint Municipal Judge Raymond C. French. They were returned to Genesee County Jail without benefit of bond.

The men are accused in the brutal slaying Saturday night of Dennis R. West, 17, of 140 Montmorency Rd., Avon Township.

West and three companions were driving through Flint when they became lost. West went into a restaurant to ask directions and was beaten to death as he left. His companions fled to seek police help.

Police said Housley, Harris and Brown jumped the youth in a "reasonless and unprovoked" attack.

★ ★ ★

Service for the victim will be at 10 a.m. tomorrow at St. Andrew Catholic Church, Rochester. Burial will be in Mount Calvary Cemetery, Buffalo, N.Y.

A Rosary service will be held at 8:30 p.m. today at the William R. Potere Funeral Home, Rochester.

To Aid in Probe of Indian Ocean

U. S. Pledges Ships, Funds to Study One of Earth's Last Frontiers

WASHINGTON (AP) — The U. S. government Monday pledged its support for an international nongovernmental scientific expeditionary study of the Indian Ocean, the least known of all the oceans.

The venture, to last about five years, is expected to yield practical benefits — such as increased food resources — for densely populated nations bordering that ocean and to advance knowledge of oceans generally.

It's even possible, sponsoring scientists say, that the Indian Ocean, one of mankind's last remaining unexplored frontiers and covering one-seventh of the earth's surface, may hold rich untapped mineral resources.

The White House announced that President Eisenhower had approved a plan calling for key contributions by the Navy Department and the National Science Foundation.

★ ★ ★

The Navy will make available oceanographic ships. The NSF will be responsible for planning and coordinating federal support for U. S. participation in the program including the provision of financial support.

Like the recent International Geophysical Year, the "International Indian Ocean Expedition" will incorporate a many-sided scientific attack on a single area of interest.

★ ★ ★

The venture, in which scientists of more than a dozen nations, including Russia, will participate, is under the leadership of a special committee of the international council of scientific unions.

Soraya, who is holidaying in Greece, and Livanos, nephew of the Greek premier, were partners on the moonlight cruise.

Erhard Makes Peace With Adenauer

BONN, Germany (AP) — Ludwig Erhard, minister of economics, said Monday he has settled his political differences with Chancellor Konrad Adenauer.

★ ★ ★

Now, he added, they are ready to lead their party in the West German national elections next year.

Erhard told a meeting of the Foreign Press Assn., he expects to play as large a role in the Christian Democratic election campaign in 1961 as he did when the party swept to victory in 1957.

The row between Adenauer and Erhard stirred an international storm a year ago when Adenauer made it plain he doubted Erhard was qualified to be his successor as Chancellor. Erhard is a very popular man in West Germany.

★ ★ ★

He is not only the economics minister but deputy chancellor and is regarded as the man chiefly responsible for the country's remarkable postwar recovery.

Strike Benefits Are Ruled Gifts

High Court Sidesteps Proclaiming Union Dole Free From Tax

WASHINGTON (AP) — The Supreme Court Monday sidestepped an outright ruling on whether benefits paid by unions to striking workers are free from federal income taxes.

But by a 6-3 vote the court upheld the verdict of a federal court jury in Wisconsin that benefits paid a striking Kohler Co. worker were a gift not subject to federal tax.

Justice Brennan, writing the court's main opinion, said "The jury in this case, as finder of the facts, acted within its competence concluding that the assistance rendered here (to the striker) was a gift . . ."

The court majority stressed, however, that it was expressing no opinion as to a 1957 contention of the commissioner of internal revenue that strike benefits paid on the basis of need, without regard to union membership, were to be regarded as part of the worker's gross income and taxable.

Justice Whittaker dissented in an opinion in which justices Harlan and Stewart joined.

The dissenters said they were convinced that the evidence compelled the conclusion that the strike benefits were not gifts and that they were subject to federal income tax.

Engineer Optimistic of Oil Field Recovery

DETROIT (AP)—Paul D. Torrey, University of Texas petroleum engineer, said Monday "the future recovery from existing oil fields in the United States may be as much as 90 billion barrels, twice as much as previously predicted."

Torrey told a section meeting of the Interstate Oil Compact Commission here that his estimate was "the result of the fourth study of national oil reserves made by the IOCC Secondary Recovery and Pressure Maintenance Committee.

"It was the first in which such newer methods of recovering additional underground oil by thermal and solvent extraction methods were considered."

Cadillac

Where Ten Miles are a Revelation!

As far as *distance* is concerned, it's but the briefest of journeys.

But even a short acquaintance with the "car of cars" constitutes a revelation in the wonders of modern motoring.

You sense this the instant you settle into the driver's seat. For comfort and spaciousness and luxury have never been more beautifully combined in a motor car.

And then you turn the key—press your toe to the accelerator—and the seat cushion presses gently against your shoulders to announce that you're off!

The car rolls into the city's traffic in extraordinary silence.

The wheel moves as if your hands had been blessed with a magic touch. The pedals require only the gentlest pressure.

Then, as the city streets blend into more spacious boulevards and you accelerate your pace somewhat, Cadillac's magnificent riding qualities come more keenly to notice.

You seem almost to float over the highway. Any flaws in its surface are simply *absorbed* before they can be felt.

The car moves with a feeling of substance and solidity—and with an inbred sense of mastery over the roadway.

Why not visit your dealer this week—and see for yourself?

He'll be happy to lend you the keys for the ten most memorable driving miles you have ever experienced!

"We are too old now to fuss about new legislation," he explained. "But just let them try to take anything away from us. They'll find out we have a lot of fight left."

Expect PSC Opinion Today on Gas Rates

LANSING (AP) — The staff of the Public Service Commission was expected to make a recommendation today on a $14,370,000 annual rate hike sought by the Michigan Consolidated Gas Co.

The staff spent yesterday cross-examining the utility's witnesses as hearings resumed on the rate hike application.

Questioning centered on Michigan Consolidated's testimony last month that it needs the increase for a fair rate of return.

A PSC spokesman said the current phase of the hearings should be completed by Wednesday, with the case then being adjourned until June 27 when the utility will be given a chance to cross-examine the PSC staff.

Michigan Consolidated serves some 850,000 customers, more than half of them in the Detroit area.

3 Cuban Insurgents Sentenced to Death

SANTIAGO, Cuba (AP)—A Cuban military tribunal today sentenced insurgent ex-Capt. Manuel Beaton, 30, and two accomplices to death for crimes against the state.

Ordered executed with Beaton were his brother Cipriano and Felipe Martinez.

★ ★ ★

Another member of Beaton's mountain band, which opposed Prime Minister Fidel Castro for months, was sentenced to 30 years imprisonment. Three others were sentenced to 20 years. One was sentenced to five years and seven were sentenced to serve reformatory sentences until they reached maturity. One was acquitted.

★ ★ ★

The Beaton brothers and Martinez appealed their death sentences, which are now subject to review by a special higher tribunal.

Want to know where the best hunting is? Fishing? Picnicking? If you are in Durand, Michigan, ask Ray Hatherill, who is an expert on the subjects. He is shown here with his son, Edward. As a civic leader and a Standard Oil dealer for 14 years, Mr. Hatherill can give you authoritative guidance. He—and hundreds of other Standard Oil dealers—are at your service!

2300 ways to enjoy traveling in Michigan

Meet Ray Hatherill, one of more than 2,300 Michigan "tourist guides" who are at your service. When you visit his home town, Durand, be sure to look him up. He can tell you the best places to eat, sleep, golf, hunt, fish and "rubberneck." What's more, you can rely on his judgment because he is a past member of the County Board of Supervisors and of the City Council, financial head of the United Red Feather drive, and a successful, independent businessman—a man whose opinion you can trust.
Mr. Hatherill is a Standard Oil dealer and he is typical of these dependable, friendly men who probably know more about their local communities than anyone else.
When you are traveling, it is reassuring to know that nearby there is always someone you can depend on to give you worthwhile information or directions.
You can rely on his advice about your car, too. He handles only the finest products—Standard Oil products that keep your car in tip-top shape and make your trip worry-free and pleasant.
Looking for interesting places to go? Why not start with your own home town, then your own home state? Remember, wherever you go in the Midwest and Rocky Mountain states you have friends on whom you can rely. They say.....

Pravda Hails K's Line

Appears Nikita Has Won Struggle for Coexistence

LONDON (UPI) — Soviet Premier Nikita S. Khrushchev appears to have won a victory in Kremlin councils over forces opposing his policy of peaceful coexistence with the West. But the struggle was not believed to have settled completely.

Observers see Pravda's defense of Khrushchev's policy and its attack against "leftwing" elements in international communism as indication that the Soviet leader had recaptured majority Kremlin support for his policy line.

The statement by the Soviet Communist Party organ amounted to a vindication of Khrushchev's stand and a firm rejection of the Peiping-backed "get rough" strategy that led to torpedoing of last month's Paris summit conference.

But the reported struggle between conflicting groups in the highest councils of the Soviet Union was not believed to have been resolved definitely.

★ ★ ★

The final showdown may come at the July 13 meeting of the powerful central committee of the Soviet Communist Party in Moscow. The current struggle, observers said, is not over the supreme leadership—which does not appear to be in dispute—but over policy.

The Pravda article—ostensibly an essay on Communist ideology — was the first official pronouncement from Moscow to throw light on the causes of the switch of Soviet policy at the summit gathering.

It revealed by implication the existence of a powerful struggle within the Communist camp over what is to be Russia's policy toward the West.

★ ★ ★

Strong indications earlier had suggested that growing pressure within high Soviet policy councils had caused Khrushchev to alter the course of his coexistence strategy. Communist China was believed all along to have played a considerable role in this development, which came to a head on the eve of the Paris summit meeting.

★ ★ ★

The Pravda statement scarcely disguised the fact that Chinese policy was the target of its attacks.

The indications were that Peiping's influence had encouraged the hard-core group in the Soviet presidium and swayed some of its other members just before Khrushchev was to embark on full-dress negotiations with the West.

Opposes Stretching Day Radio Hours

WASHINGTON (UPI)—The Federal Communications Commission Monday opposed bills to extend the broadcasting hours of daytime radio stations.

FCC Chairman Frederick W. Ford told a House commerce subcommittee that prolonging hours for daytime stations would cause interference since radio signals carry much farther at night.

Daytime stations now are limited to broadcasting between sunrise and sunset, local time. Pending bills would authorize them to operate between 6 a.m. and 6 p.m.

Clark Equipment Gives First Overseas Licenses

BUCHANAN—Clark Equipment International, C.A., authorized a Belgian licensee to take its hydraulic valves, pumps and components.

The Belgian firm, LaBrugeoise at Nivelles, S.A., of St. Michel-Lezbruges, is the first overseas licensee to be permitted to make these products. The overseas company will sell them to other Clark licensees in Europe.

Wayne County GOP Reveals '60 Candidates

DETROIT (UPI) — Wayne County Republicans this weekend announced the slate of GOP candidates who will challenge the solid front of Democratic county officeholders this year.

★ ★ ★

Edward A. Revolt, one-time chief of the sheriff's road patrol under a Republican sheriff, will repeat his 1958 attempt against incumbent Andrew C. Baird, long-time Democratic holder of the office.

A. L. Meredith, vice president of the Michigan United Conservation Clubs, will run for drain commissioner, a post held by Henry V. Herrick. Meredith also was a 1958 candidate.

Former prosecutor James M. McNally will run again for that post, held by Samuel H. Olsen.

Other candidates include newcomer Robert L. Wittbold, Southgate real estate broker, for clerk; Jordan H. Greene, management consultant, for County Board of Auditors.

The median family's annual income is $5,232.

Gadget Club Charged With False Offers

WASHINGTON (UPI)—The Federal Trade Commission Monday charged the Gadget-of-the-Month Club, Inc., of North Hollywood, Calif., with misrepresenting the nature of the services it performs for inventors.

★ ★ ★

The FTC said the organization held out bogus offers to inventors to exploit their inventions commercially merely for the purpose of collecting membership fees.

★ ★ ★

Named in the FTC complaint were two of the concern's officers, Don L. Davis and Mary Lou Davis. They were given 30 days to answer the charges.

$2 Million Research Lab Slated for North Dakota

WASHINGTON (AP)—Sen. Milton R. Young (R-ND) says North Dakota will have a new, two-million-dollar agricultural research laboratory.

A Senate-House Conference Committee handling the agricultural appropriation bill approved $300,000 for planning and starting the construction of the laboratory at North Dakota Agricultural College in Fargo.

Pontiac Airport Suffers Due to Insufficient Road Facilities

Pontiac's airport is suffering—and suffering badly — from a problem that the airport can't handle.

★ ★ ★

This refers to the enormous amount of ground traffic in that general area. Roads leading to the airport are wholly insufficient to handle the current volume. Oakland County's phenomenal growth happens to have struck heavily in that vicinity.

Help is badly needed.

The congestion grows apace.

★ ★ ★

This Pontiac airport is one of the busiest. For its size, the amount of work it turns out is prodigious. And yet everyone recognizes it's wholly inadequate. Work is progressing in an attempt to correct some of the deficiencies but we're just scratching the surface.

★ ★ ★

Bigger, better and wider roads are desperately needed all over Oakland County. In the past, unfortunately, our road program failed to keep up with our remarkable progress. Our highways lagged behind our population, our industry and our home building program.

Now we pay the price.

And it's pretty expensive.

★ ★ ★

Residents are denied normal travel time in altogether too many areas and visitors complain of the crowded roads. The second biggest county in the State of Michigan in population and big in area is limping along with the most heavily driven highways in the state. The airport situation is marked for relief in the future but we need it badly today. We needed it yesterday.

★ ★ ★

Oakland County is probably further in arrears in its highway program than any county in Michigan. We plodded along for entirely too many years. Now we face the unpleasant penalty, and the airport suffers tremendously.

Congress Due to Pass a Medical Plan Bill

The House Ways and Means Committee has submitted its own plan as a substitute for the Forand bill and the Administration's 'Medicare' health plan.

This substitute would allow the states to set up various programs with the Government paying from 50 to 65% of the costs. These costs are estimated at $150 million for the states and $190 million for the Federal Government. The plan would not be very expensive but it would seem to be inadequate.

★ ★ ★

Rep. Forand's proposal calls for 60 days of hospital care, 120 days of nursing home care and some surgical benefits. It would cover only those over 65 who are eligible for Social Security.

Sen. McNamara's bill would take care of all over 65 with incomes of less than $2,000 a year. It would provide for 90 days hospitalization and 180 days in a nursing home—an attempt to prevent over use of hospital facilities. No surgeons' bills, home care nor outpatient expenses would be included, however.

★ ★ ★

The Administration's plan offers far more than any other. It would cover 180 days of hospitalization, a year in a nursing home; surgeons', doctors', dentists' and nursing fees as well as drugs and X-rays.

Benefits would apply to those over 65 with incomes of less than $2,500 a year or $3,800 for a couple. But they have to pay the first $250 ($400 for a couple) and 20% of the costs over those amounts plus an annual fee of $24. Many could not meet the cost.

★ ★ ★

The Forand and McNamara plans would be financed by an increase of ¼ of 1% in the Social Security tax and would be administered nationally. Beneficiaries would pay during their earning years for services they would receive after retirement.

The Administration proposal would require the states to subsidize health insurance with the Federal Government making contributions out of general revenue. Gov. Rockefeller has pointed out this would mean 50 different state setups in addition to expanded Federal offices.

★ ★ ★

No doubt some kind of medical legislation will be passed in this election year. Congress should bear in mind the limited resources of most of the beneficiaries and work out a plan for the greatest service to the greatest number at the lowest cost.

Thanks are extended by the architect of this column to Clerk-Register

Daniel T. Murphy, Jr.,

for his kindness in considering me the person most eligible to receive the first copy off the press of the 1960-1961 Official Directory of Oakland County.

It is running over with information pertinent to our growth, including the 1960 census figures of our 22 cities, 17 villages and 25 townships. The 1950 and 1940 figures are given with them, for comparison.

The cover shows our new courthouse, and there are county maps, schedules and other features to show how our county government clicks. The by-laws of the Board of Supervisors will put you in touch with their proceedings.

The list of national, state, county, city, village and township officers comprises several hundred names. Every one of the 40 odd pages bristles with interesting information.

Mr. Murphy tells me that the directory is for free distribution. If you'd like a copy, write him and it will be mailed you. Its perusal will make you still prouder of Oakland County.

No Shortage of Raw Material

David Lawrence Says:

Rockefeller Sincere in Criticism

WASHINGTON — After listening to and watching for two hours on Sunday night a television program in which Gov. Nelson Rockefeller of New York answered all kinds of provocative questions, this writer is convinced of the sincerity, earnestness and high purpose of the man who startled the country last week by his challenge to Vice President Nixon.

LAWRENCE

Granted that it's "too late" for the Republicans to nominate anybody but the vice president—and, indeed, judged by political standards, Mr. Nixon is the man they are in duty bound to choose—the fact remains that Gov. Rockefeller unwittingly made a good argument for some other system of choosing party nominees and making party policy than the one in vogue.

In fact, Gov. Rockefeller was advancing a theory which constituted the most significant aspect of his television talk. For, when all pretense and hypocrisy are thrust aside, it must be conceded that the present system of forming party policy or selecting the best candidate needs revision.

Indeed, the whole structure of government has grown so large that in many of the answers that Gov. Rockefeller made he reflected to some extent the impatience of the public with political habits as they relate to government in these days of crisis.

★ ★ ★

What Gov. Rockefeller was trying to say, in effect, was that he favors support not for what is right but for what is right.

But it is political heresy today to say that anything the opposite party stands for is right, just as it is unorthodox to say that one's own candidate may be wrong on particular issues.

The tradition is that before a national convention there can be rival candidates expressing different views, but that, once a candidate is chosen, the party members must rally behind him.

WILL BACK NIXON

Gov. Rockefeller is ready to support Vice President Nixon after his nomination, but he thinks that between now and convention time policies can be shaped with respect to the future, and then a united party can go before the electorate.

This, of course, is not a practical viewpoint. What Mr. Rockefeller is doing today, he might better have done six months ago.

But since he has apparently cast aside consideration of any effects his one-man crusade may have on his own political future, the New York governor is of the opinion that a debate on the issues and a clarification of the Republican position before the convention would help Mr. Nixon to win.

Much of the criticism directed toward the administration, however, arises from changes in the circumstances of world affairs themselves.

Neither Mr. Nixon nor President Eisenhower can be held responsible for the changed situation resulting from Nikita Khrushchev's erratic behavior. Hindsight is always better than foresight.

Judged abstractly, Gov. Rockefeller is fighting in a good cause—for a different way of making party policy and choosing candidates. But, as has often been said, "It's a condition and not a theory" that confronts the Republican Party today. One factor is the manner in which the opposition party naturally takes advantage of any dissension.

★ ★ ★

Perhaps the real trouble is that the vast majority of the voters do not analyze the issues critically, anyway, and that generalities do influence elections—as, for instance, economic contentment or discontent, as well as the possible impact of war or international policies designed to deter the enemy from attacking.

Gov. Rockefeller's earnestness, his forthrightness, his modesty, his simple honesty are all refreshing characteristics, but somehow one gets the impression that, due to misguided advisers, he is moving in unfamiliar waters—among the shoals of practical politics.

Dr. William Brady Says:

Calcium and Vitamin D Help Fight Albuminuria

I recommend—I do not prescribe—increased intake of calcium and Vitamin D for albuminuria of adolescents.

Albuminuria means that a good trace of albumen is found in the urine by a chemical test — and in youths or young adults the physical or medical examination may reveal nothing else, nothing to account for the albuminuria.

DR. BRADY

Sometimes albumen is found in the urine after severe or prolonged exertion, cold baths or just great emotion.

★ ★ ★

Sometimes such albuminuria is orthostatic, that is, it occurs only when the individual is upright and disappears when the individual remains in bed or at rest in a horizontal position.

Very cold weather may cause intermittent, benign albuminuria.

★ ★ ★

Young persons with the weakness known as swayback or lordosis—abnormally hollow back — and round shoulders are likely to have albuminuria. Lordosis is usually due to deprivation of physical education and evasion of general exercise, such as a young person should get in gymnasium class at school.

One of my bowling colleagues had albuminuria, which, he assured me, was from eating the white of egg.

The poor fellow took one too many doses of his favorite stomach settler (an effervescent acetanilid mixture) one evening and went to bed early. About midnight his wife was awakened by his laboured breathing and found him livid. By the time I reached the house, a few blocks away, he was dead.

I do not mean to say that these conditions are usually the explanation of albuminuria. In most instances the presence of albumen in the urine is a sign of Bright's disease, otherwise called nephritis, inflammation of the kidneys. One sign, that is. To clinch the diagnosis of nephritis (Bright's disease), it is necessary to find also casts in the urine by microscope.

★ ★ ★

The albuminuria of lordosis may disappear not only when the individual lies down but also when he or she wears a brace or other support, or, better, takes daily exercises calculated to strengthen weak loin and belly muscles.

Albumen, even in large quantity in the diet, does not cause albuminuria, nor does it increase an existing albuminuria.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

The Country Parson

"Progress is what you can make tomorrow only if you get done today what you should have done yesterday."

Case Records of a Psychologist:

Complimenting Keeps Us Young

Here's a test of your real age, for senility is largely a matter of the mind. You can be an old person at 25 or young and spritely at 75, depending upon the number of interesting connections with external reality. Remember how Silas Marner underwent a psychological rejuvenation when little Eppie came into his life.

By DR. GEORGE W. CRANE

CASE E - 488: Fay E., aged 46, is the wife of an Ohio judge.

"Dr. Crane, I used to be quite active in civic affairs," she admitted, "and thought I still was quite extrovertive.

★ ★ ★

"But three weeks ago I sent for your Compliment Club materials. Every day I have faithfully paid an honest compliment to each of three different persons.

CRANE

"But last night I suddenly realized I had paid compliments to only two people. Thus I was one short of my quota to keep my record straight and entitle me to the Membership Certificate in the Compliment Club.

★ ★ ★

"So I deliberately put on my hat and coat and went down the street. Finally, I entered a drug-store, where I overheard a girl clerk give an excellent sales demonstration for a new brand of cosmetic.

"I complimented her and then came home. Thus, I am still eligible for my Membership Certificate, and hope to complete the 30-day experiment without further trouble.

HAVE PERSEVERANCE

"You once stated that barely 10 per cent of those who launch upon the Compliment Club experiment, ever complete the full 30 days.

"I have always been a doer or finisher of the tasks I have undertaken, for I was the oldest child in a large family. So I have vowed to be in the upper 10 per cent who win your diploma.

"Already I have profited greatly by this experiment. In the first place, I have learned that I had begun to draw within my shell much more than I had ever imagined.

"Thus, the fact that I ended a full day with only two compliments to outsiders, vividly showed me how aloof I have become from life.

"Ten years ago I could easily have paid 20 compliments to as many different people before nightfall, for I was much more active then.

DON'T GROW OLD

"You wrote a Case Record a year or so ago about premature old age, saying that psychological senility can attack a person even at 25 or 30, if he permits himself to withdraw from life.

★ ★ ★

"But you reminded us that a person can consciously resist this natural aging process by refusing to sever the social, business or friendship bonds that tie the young person's interest to external reality.

★ ★ ★

"Instead of becoming an introvertive grandmother, therefore, with nothing much to think about beyond the mail carrier's arrival or the delivery of the daily paper, I am now resolved to remain young in my mind.

"That's why I enrolled in your Compliment Club experiment, and that's why I am reversing my senile tendencies. So I am resuming activity in my clubs. I am going back to church and Sunday school.

"I am resisting the inertia of my body and mind, by forcing myself to keep active. Thus, I will retain a greater number of interesting external connections.

"You said that rejuvenation is largely a psychological matter. I am convinced that you are correct.

"Before I began your Compliment Club experiment, I now realize that I was as set in my ways as many a woman of 60.

"But within these past three weeks I have reversed this pre-

maturity of old age and am now about as active as an average woman of 35.

★ ★ ★

"And I'm going to remain young in mind, for I had a wonderful mother who never withdrew from reality. She kept her external interests and sense of humor until her death at 85 years.

"So, tell your readers to enroll in the Compliment Club, and get the rest of their families or Sunday school class to do the same. It's fun!"

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 6c stamped, self-addressed envelope and 25c to cover typing and printing costs when you send for his psychological charts and pamphlets.

People Are Being Soothed by Musicians' Concerts

Politicians and so-called statesmen are busy building vertical walls to divide the people. Musicians are quietly building horizontal bridges to unite the world. Let Church Schools Run by Themselves

The maintenance of a parochial school is one of the privileges of a free America and the church that runs it should be willing to pay the extra price rather than hint as "Outraged Victim."

This is a well-worn threat used by some in seeking public support for church schools and leads to the breakdown of separation of church and state.

'Couldn't School Board Foresee Failure?"

When they could dig out the facts and determine there was no need for the recent requested 2.8 millage increase in property taxes to take care of school needs, why couldn't someone on the school board do the same? The expense of the recent election could have been saved.

★ ★ ★

The hospital issue was turned down by taxpayers. However, it was completed. Now the school board has more than enough money for their needs. We were led to believe that neither was possible.

★ ★ ★

These past two instances have destroyed public faith in our officials and it most certainly will be reflected in future requests of this nature. They have killed their chances of ever getting an increase in property taxes for anything in the City of Pontiac.

Stops Constipation Due to "Aging Colon"

New laxative discovery re-creates 3 essentials for normal regularity.

As you grow older, the internal muscles of your colon wall also age, lose the strength that propels waste from the body. Stagnant bowel contents become so dry and shrunken that they fail to stimulate the urge to purge.

Relief, doctors say, lies in a new laxative principle. Old-style bulks and moisteners may create gas, take 3 or 4 days for relief. Old-style salts and drugs cramp and gripe the entire system. Of all laxatives, only new COLONAID gives you its special 3-way relief that works only on the lower colon (area of constipation).

(1) COLONAID moisturizes dry, hardened wastes for easy passage without pain or strain. (2) COLONAID'S unequalled rebulking action helps restone flabby colon muscles. (3) And COLONAID acts gently, on the nerve reflexes that stimulate the vital "mass movement" of your lower colon.

COLONAID relieves even chronic constipation overnight; is so gentle it was hospital proved safe even for expectant mothers. And COLONAID won't interfere with absorption of vitamins or other food nutrients. Get COLONAID today! Introductory size 45¢.

Alfred's New Shocker Film Out This Week

Hitchcock Is Public's Friendly Mortician

By PHYLLIS BATTELLE

NEW YORK — Alfred Hitchcock opens the door of his hotel suite. Behind him is such an extravagant display of floral pulchritude that it had to be observed, the effect was distinctly funeral.

"Ah yes, you are properly attuned," agrees Mr. Hitchcock, bowing. "And I am your friendly mortician."

He then seats himself amid the potted peonies and explains the secret of his success.

"My films are well attended by the public," he observes, "for the simple reason that in every man and woman there is a certain amount of cheerful masochism.

"Every human being likes to dip his toe in the pool of fear. When they come to see a Hitchcock film, they are asking to be suspended, frightened, perhaps shocked. They would like, if possible, to scream. We are all born, you see, with fear inside us and we build up a real liking for it.

★ ★ ★

"It begins with a baby, being held in its mother's arms. What does the mother say to this baby? She says 'Boo.' Actually, she has scared the beejezus out of the infant, but it giggles, in relief after its fear.

"Later this child gets on a swing and goes higher and higher till he looks down and is thoroughly scared. Then he goes on a roller coaster and screams. When he gets off, he giggles.

"If you look carefully at the spectacle of human beings enjoying themselves — you surely can understand why people attend Hitchcock movies."

The man with the countenance of a Cupid who's been around leans back and says, "Of course, there are times when fear isn't fun.

"As in my case. I lead an extraordinarily placid existence, but I am terrified of policemen. I know why. As a child of four or five my father gave me a note to take to a policeman.

After I delivered it I was locked up in a cell for five minutes. When they let me out the policeman said, 'That's what happens to naughty little boys.'

"Now, I understand my fear. As any psychiatrist will tell you, if you can release your memory and understand your fear, you will recover. Nevertheless, my stomach turns over at the sight of the law."

HOLES IN THEORY

Hitchcock smiles. "So there are holes in every theory."

★ ★ ★

And there are holes in most of his plots, too, he conceded. "They are almost surrealist. They are meant to keep you suspended by your own imagination," he explains.

"I dare say that some morons — morons, you know have more logic than imagination — may come home from one of my films and say 'It didn't make sense I don't believe it.' Who expects them to believe it? Do they have to believe Edgar Allan Poe to like him — or Little Red Riding Hood'?"

Naturally, there has to be some resemblance to reality in the characters and situation. That's why Hitchcock doesn't often lift ideas from the newspapers for his plots. "When you take situations from life, they're so weird and off-beat nobody would believe them at all."

★ ★ ★

His latest film, opening Thursday, is called "Psycho." He calls it his first real "shocker," and guarantees it will leave you gasping at the end. It may go down in screen history. Then again, it may not.

"As I always say on that subject," Hitchcock concluded soberly — "What has posterity ever done for me?"

Anxiety Slows Healing, Says Doctor

Fear Can Harm Patient Undergoing Operation

MIAMI BEACH, Fla. (AP) — When a patient about to undergo surgery tells his doctor he knows he's going to die, what does the doctor do?

Many doctors put off the operation until the patient's feelings improve, a Marquette University psychiatrist said today.

Some evidence indicates a link between the mental and emotional state of the patient and surgical death, Dr. Eugene S. Turrell of Milwaukee told the annual meeting of the American Medical Assn.

Strong feelings of hopelessness may greatly excite the nervous system, contributing to sudden death, Turrell said.

"If the patient does express such feelings that he is going to die, an attempt should be made to understand these feelings and work them through prior to surgery," he added.

After the operation, depression and anxiety seem to slow the healing process. One researcher reported that highly anxious cancer patients lived shorter periods than did cancer patients with low anxiety.

Perhaps anxiety robs the body of energy needed to defend against disease, Turrell said.

Emotional problems frequently lie behind plastic surgery—but such operations can be of great help in some cases.

One plastic surgeon, operating on prison inmates, rebuilt ugly facial features helping to rehabilitate the prisoners.

But there are likely neurotic elements at work in the person who wants to have his body remade—and probably much nose and breast plastic surgery is motivated this way, Turrell said.

If Puppy Were a Duck Problem Would Be Nil

MIAMI, Fla. (AP)—A little girl was seen trying to coax her small puppy to cross a puddle which resulted from heavy rains.

The puppy waded in to shoulder depth and balked. In disgust the girl waded back across, picked up the pup and muttered, "I wish you were a duck."

Mark Twain's favorite-

Bourbon or Scotch?

Perhaps at one time or another, you've seen Mark Twain featured in our Old Crow advertising. The reason is that Mark Twain's favorite bourbon was Old Crow. He was known to have been so pleased with our bourbon, that he made a trip to Kentucky to visit James Crow's distillery. There he ordered 25 barrels of Old Crow for his favorite tavern in Elmira, New York.

But recently we were challenged. An executive from a competitive whiskey company wrote us saying he had incontrovertible evidence proving Mark Twain to be a *Scotch* drinker! We checked immediately and found that yes, it was true, the great American author *had* once been a *Scotch* drinker during his early years! But further examination revealed that he subsequently changed to bourbon!

Now, many city folk are going through the same taste change that Mark Twain experienced. They've tasted them all and are now savoring the simple goodness of fine bourbon. Have *you* tried the time-honored flavor of light, mild Old Crow 86 proof Kentucky bourbon? It is America's favorite. Try it and you'll see why Mark Twain was a bourbonite in his time—and an Old Crow fan.

Costs of Hospital Care Worry Administrators

By SAM DAWSON

NEW YORK (AP)—The mounting costs of a stay in a hospital are being learned daily by ailing Americans. The mounting costs of maintaining hospital service at the desired standards are fretting their administrators increasingly.

They contend that most costs cant be cut without impairing the care of patients.

★ ★ ★

But some are making a big effort to cut down the costs of their housekeeping needs, which it is estimated totals around a billion dollars a year.

★ ★ ★

And about 250 hospitals with a total of 62,000 beds use a nonprofit association to buy such supplies at a saving averaging from 10 to 15 per cent on various items through large volume purchasing and bargain hunting.

These housekeeping needs include such things as drugs, cleaning materials, textile and paper products, furniture and bedding, office supplies and specialized surgical equipment.

★

The central organization, the Hospital Bureau, Inc. also tries to keep its members hep to local or regional bargains in food and other local products they buy on their own.

★ ★ ★

It runs a research program to find what products give the best value in relations to cost and quality—and it isn't always the one with the lowest price tag—and to test products against rigid standards that hospitals demand.

The Hospital Bureau has as members voluntary nonprofit hospitals throughout the nation, in small towns and the largest cities. Some are as small as 40 beds. Some as large as 1,500 beds. Membership costs are based on size, and range from 66 cents to $2 a day, covering personnel, operative and research outlays.

U.S. Navy Builds Its Last Diesel Sub

PASCAGOULA, Miss. (AP)—The 2,400-ton submarine Bluejack, first such underwater vessel to be built in the deep South since the Civil War, left here Monday to join the Pacific Fleet.

The Bluejack was built by the Ingalls Shipbuilding Corp. here.

About the only resemblance between the Bluejack and the Hunley built by the Confederate navy in Mobile, Ala., in 1863 is the fact both are subs. Even the Bluejack is outmoded. The Navy said it will be the last diesel sub. Future subs will be atomic-powered.

New England Governor Talks on Integration

NORTH FALMOUTH, Mass. (AP)—Only one New England Negro ever has been appointed to West Point or Annapolis, Gov. Foster Furcolo says. This calls for explanation, Furcolo said Monday addressing 100 persons at the 12th annual conference of Commissions Against Discrimination. Furcolo later identified the one Negro as Ronald Lee of Springfield, appointed to West Point in 1949.

Man Made Ist Tools 500,000 Years Ago

WASHINGTON — New archeological studies suggest that man may have made his first tools — crudely chipped stones — some 500,000 years ago.

Eoliths, or toolike stones, have been found in rock strata of a million years ago, the National Geographic Society says.

These have been regarded as man-made, but archeologists have become skeptical because similar appearing stones can be produced by violently moving water, shifting rock strata, or other natural means.

Some collections of nature-made "tools" displayed in European museums are more delicately fashioned than instruments known to have been crafted by primitive people.

★ ★ ★

A report recently published by the Smithsonian Institution says that the earliest unquestionable artifacts of man are flaked pebbles from the Pleistocene or Ice Age, about a half-million years ago.

The pebbles, found in a lakeshore deposit in Tanganyika, belong to the Oldowan culture, first recognized by Dr. L. S. B. Leakey, a British expert on early man.

Living in Africa at the time the tools were deposited was the Australopithecine, a creature that looked like man and walked upright, but had a brain no bigger than that of a modern ape.

Until recently, most anthropologists believed it unlikely that the small-brained creature could have been a systematic tool-maker. But Dr. and Mrs. Leakey have discovered an Australopithecine skull with Oldowan pebble tools.

★ ★ ★

The discovery strengthens the view that tool-making did not begin until about 500,000 years ago, though it doubtless spread very rapidly throughout the populated world.

Cow Pineal Gland Extract Lightens Frog Skin

Find Skin Color Control Mechanism

MIAMI BEACH, Fla. (UPI)—A chemical manufactured in the brains of cows will lighten the skin color of frogs, and this has enormous future implications for the human race!

It suggests investigative science has a foot-in-the door of the chemical mechanisms with which nature regulates the surface coloring of its many creatures, including people.

This discovery was reported Monday to the 100th annual meeting of the American Medical Assn. The chemical comes from the pineal gland, a mysterious cone-line stalk found in the brain of cattle, human beings, mammals in general, and in various other animals.

Until rather recently it was called a "body" because no one knew what it was for.

Drs. James D. Case and Aaron B. Learner of New Haven, Conn., clinched the growing evidence that it is a regulating land of prime importance, probably a full partner of the pituitary, adrenal, thyroid, and other internally secreting glands.

★ ★ ★

The color-regulating substance they extracted from bovine pineals they called melatonin because it acts upon the cells which produce melanin, a brown-black pigment that is a principal coloring agent in most living things.

After isolating it, they broke it down into its chemical constituents and then, with this formula, made it themselves in the laboratory. This is "synthesizing" and in science that is the final proof you are in possession of the real natural chemical compound, and no mistake.

An amount of this chemical so very tiny it was scarcely a speck acted dramatically on frog skin living in a separated state in laboratory culture they reported at an AMA scientific conference.

★ ★ ★

It acted by preventing the melanin-producing cells in the skin from completing their coloring product. As the result, the skin turned much lighter in color.

The scientists have no doubt that human pineal glands produce the same substance or one very similar to it, and the evidence is its relative abundance or scarcity in body chemistry would have much to do with whether the skin was very light or very dark in color.

The work is basic science and as such is still in its beginning stages. But it gives promise of a brilliant future, particularly when it is ready for experiments in people.

PET DOCTOR

By A. W. Moller, D.V.M.

Question: What could be causing our parakeet to become ill with diarrhea?

Answer: The most frequent cause of this trouble is improper diet. If there are young children in the house, they may be the culprits. Sharing jelly-bread, sweets, fruit, etc., with the pet bird can make him sick.

Budgies will even dine on such indigestibles as wood shavings and paper if available. If you suspect the cause is gastronomic, deprive the bird of all foods for 12 hours.

If this doesn't help, there are other simple remedies: A one-day sour buttermilk diet (fed twice a day), bread soaked with Kaolin preparation or diluted paregoric, or barley water as a substitute for fresh water.

If the condition persists, you may be dealing with a more serious trouble such as worms, intestinal infection or tumors.

Harriman Says Rocky Should Quit the GOP

CHICAGO (AP) — Gov. Nelson A. Rockefeller of New York should quit the Republican party, says his predecessor, Averell Harriman, a Democrat.

"He has had many disappointments," Harriman told newsmen Monday. "Everyone who has tried to reform the Republican party has eventually had to quit its ranks."

He noted that he himself had quit the GOP in 1928.

Harriman, who lost the governorship to Rockefeller in 1958, made the comments in connection with Rockefeller' s recent criticism of Vice President Richard M. Nixon, front-runner for the Republican presidential nomination.

Harriman, in Chicago to speak at commencement exercises at Roosevelt University, also told newsmen, "I'm through with elective office."

JAIL CAPT. MIDNIGHT — Actor Richard Webb, 45, TV's Capt. Midnight, was jailed Monday in Hollywood after disturbing the peace. His mother said he had been drinking. Police were called in by neighbors who heard gunfire inside Webb's home. He challenged arresting officers to a "quick-draw" duel.

The Port of Milwaukee now can handle about 10 million tons of shipping a year since the opening of the St. Lawrence Seaway in 1959.

To Suggest Boosts in Municipal Wages

Municipal pay boosts amounting to $60,000-$75,000 a year will probably be included in a study to be ready for the City Commission next week.

City Manager Walter K. Willman told commissioners at an informal meeting last night that increases were indicated in a study being completed by James O. Yarger, an independent personnel consultant hired last month to review the city's pay plan.

Willman said that it has apparently been decided by Yarger that pay scales in Pontiac should be compared with those in the Detroit metropolitan area.

Wages in the metropolitan area are higher than those in the so-called Detroit metropolitan fringe area, which includes the outstate cities with which Pontiac's pay scales have been compared up to now.

If the Commission decides at the end of the month to grant six-months wage increases this year, the cost could range between $30,000 and $40,000, Willman pointed out.

Last week, an extra $52,000 was earmarked for the 1960 contingency fund to cover possible mid-year pay raises. The extra tax money is expected through an unanticipated boost in assessed valuations.

★ ★ ★

Yarger's pay study covers all municipal employes. It came about after fire and policemen earlier this year called for added wage hikes, contending mainly that Pontiac pay should be comparable to wages in the Detroit metropolitan area.

Say Red China Meat Kills 11 E. Germans

BERLIN (UPI)—Travelers from East Germany said yesterday that tainted meat which already has killed 11 persons was imported from Communist China.

The East German News Agency ADN said only that "numerous" persons had become ill of paradysus after eating the meat. Most of the victims were in the area around Zittaus in Saxony.

Abby Says: You Were Cuckoo Yourself

Yes, Advertising DOES Work

By ABIGAIL VAN BUREN

DEAR ABBY: My husband who is with the Army in Germany sent me a beautiful cuckoo clock. He paid $14 for it and said it would cost about $45 here. All his relatives who have seen it have gone wild over it and want one like it.

ABBY

Maybe I am selfish but I don't want all his relatives to have the same cuckoo clock I have: It's the only thing in my house that isn't ordinary.

Should I tell them I would rather they didn't get one? Or should I say, "OK, go ahead?" They know how much it costs and that my husband can get it for them because, like a fool, I told them. Now what?

CUCKOO MYSELF

DEAR CUCKOO: Since you advertised the price and availability, you can't very well tell them you don't want them to have the cuckoo clocks (unless you want to be a dirty bird). The damage is done. Order the clocks and every time you visit a relative, the cuckoo will come out to remind you every 15 minutes how cuckoo you were for opening your beak.

★ ★ ★

DEAR ABBY: Is it often that a patient falls in love with her family physician, because I have fallen in love with mine. Ever since I have known him (three years), I have wanted desperately to kiss him. I don't know why. I'm sure I don't affect him the same way.

I would like to get this feeling over with. Would it be wrong to tell him how I feel about him? Or should I just try to forget it? I am 33 and married.

PATIENT

DEAR PATIENT: Love (the romantic kind) is a mutual thing. What you feel is undoubtedly gratitude and hero-worship, combined with the appeal of forbidden fruit. Don't embarrass him by revealing your feelings. If you can't overcome it—find another doctor. (How about a woman?)

★ ★ ★

DEAR ABBY: I am writing this for the person who was in doubt about what kind of housework a man who is "all man" should do.

I am not bragging and I am not complaining, but I have washed dishes, dried them, set the table, scrubbed and waxed floors, vacuumed, dusted, made the beds, done the washing, hung it out and ironed it, given the kids their baths, fed the baby, diapered him and put him to bed.

My wife has this routine every day and I wouldn't be much of a "man" if I didn't help her out.

I don't know what the person means by "all man" but I am six feet two, weight 215 and am the father of two boys and a girl.

Leaves Word for Convention

Ike Salutes Club Gals

WASHINGTON (AP)—President Eisenhower sent word to the general federation of women's clubs that "the challenge of tomorrow must arouse all of our energy and determination today."

★ ★ ★

The President, in the Far East on a good will tour, left behind a message of greeting for the federation, which opens business sessions of its 69th annual convention today.

Miss Chloe Gifford of Lexington, Ky., outgoing president of the 850,000-member federation, outlined activities of her two-year term at an opening banquet Monday night.

As a convention prelude, the 3,000 delegates attended a "Salute to Women" banquet, honoring six outstanding women.

MRS. FDR AT TOP

Heading the list was Eleanor Roosevelt, honored for outstanding contributions in the field of human relations.

★ ★ ★

Mrs. Roosevelt said searching questions are being asked abroad about America, including how we treat minorities. "Those asking often are people of color who have just gained their freedom," she said.

The salute also honored Miss Bertha Adkins, undersecretary of Health, Education and Welfare, in the field of government; Sen. Margaret Chase Smith (R-Maine) in the legislative field; Miss Sylvia Porter, pioneer financial columnist; and Dr. Anne Pannell, president of Sweet Briar College in Virginia.

★ ★ ★

Clare Booth Luce, former ambassador to Italy, who also was on the list, was unable to attend.

Judge Florence E. Allen of Cleveland, senior judge in the 6th Dist. U. S. Court of Appeals, called on lawyers — both men and women — to make a case for the ethical basis of law.

Local Bridge Club Announces Victors

The Pontiac Duplicate Bridge Club met Monday evening at the Elks Temple with 12 tables in play.

Winners included Robert Larson, and Dr. Douglas Campbell, Gerald Petrie and Ralph Tyson, C. A. Blakeley and Robert Riley, Dr. and Mrs. M. F. Kessler, Richard Lewis and Ericson Lewis, Mrs. James McGuire and Mrs. Douglass Haddock, Konrad Kohl and George Shampo and Mr. and Mrs. Burton Harmon.

A full and busy year was climaxed by installation of officers. Outgoing Program Chairman Mrs. Albert Stanker of Alden drive looks over the yearbook with president Mrs. James Anderson of Alden drive who was elected to her second term. The year's final meeting was also the club's annual birthday cooperative luncheon.

The Rev. William Green, cousin of the bride, of Olive Branch Baptist Church, Linton, Ind., read the service before an altar banked with white snapdragons and Shasta daisies.

Hand-clipped Chantilly lace, re-embroidered with pearls, fashioned the molded bodice of the white silk organza bridal gown. Lace medallions were set into the waltz-length skirt.

A shoulder veil of silk illusion was caught by a cap of lace and pearls. Daisies, stephanotis and ivy comprised the bride's Colonial bouquet.

MRS. R. E. ROBERSON JR.

The bride's only attendant, Mrs. Kerry Keating of Monroe, matron-of-honor, in light blue organdy with white accents, wore a petal caplet with pearl-studded veil. She carried a basket of white and blue daisies.

★ ★ ★

Thomas Patrick Roberson of Dubach, was best man for his cousin. Guests were seated by Oliver Juengel of Columbiaville and Kerry Keating.

The bride was graduated Saturday from the University of Michigan School of Nursing. Her husband is a graduate of Louisiana Polytechnic Institute and U. of M. They will live in New Orleans after a wedding trip through Northern Michigan and New York City.

★ ★ ★

Mother of the bride wore blue and white lace and Mrs. Roberson appeared in beige lace. Their corsages were fashioned of white rosebuds and baby chrysanthemums.

By RUTH MILLETT

What kind of a wife are you?

When your husband is an hour late for dinner because he had to work overtime do you keep complaining all through the meal about the dinner being ruined?

Do you choose the moment when your husband is entertaining your guests with an amusing story to get up and start emptying ash trays, fluffing pillows or opening or closing windows?

If your husband gives you a gift you would never have chosen for yourself is your first thought that you'll take it right down and exchange it for something you would rather have?

When your husband is having a good time at a party do you insist on leaving early even after he has protested "what's the big hurry?" or "it's early yet"?

When your husband tells you he doesn't think Junior should be allowed to do something he wants very much to do is your answer to Junior "It's all right with me but your Dad says 'No'" instead of "your Dad and I have talked it over and we don't think you should do it."

When your husband's family comes for a visit do you complain to him about how tired you are from all the extra housework?

If you are a better bridge player than your husband do you jump all over him when he makes what you consider a stupid mistake?

Do you belittle your husband's job, because you feel he is not getting ahead as fast as the husbands of some of your friends?

If you can answer "no" or "almost never" to these questions you are the kind of wife who builds up her husband instead of tearing him down.

CRACKED WHEAT LAMB PATTIES
By Mrs. Clarence Dolsen

2 pounds medium ground cracked wheat
2 pounds ground lean lamb
2 teaspoons salt
½ teaspoon pepper
½ teaspoon ground cloves
½ teaspoon ground allspice
½ teaspoon marjoram
2 medium onions, ground
2 tablespoons butter or margarine

Soak cracked wheat in lukewarm water for 30 minutes. This will double the amount of cracked wheat. Drain off any remaining water.

Place rest of ingredients in bowl with wheat and mix thoroughly. Make into patties and fry in hot oil. "Very tasty," says Mrs. Dolsen.

Bringing Up Baby.

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

Planning a vacation jaunt with baby via airplane? If you do take a "flyer" these tips may be helpful:

- When you make reservations, alert the clerk about the baby—for the hostess' convenience and yours.
- A bottle at take-off and landing times is desirable. Sucking distracts baby and helps relieve any discomfort caused by altitude changes.
- A favorite toy helps while away flying time when baby's awake.

At home or away baby needs a goodly share of protein for growth, strength and to help develop muscles. Gerber Strained and Junior Meats are rich in proteins*, and iron, provide important B-vitamins, too. Made from selected, inspected Armour cuts, they're specially processed to preserve the utmost in nutritive values. 100% pure meat, with just enough broth to give a wonderfully smooth, moist texture. 8 strained and 5 junior.

*Armour Meat Protein is complete protein, supplying all the essential amino acids that build and re-build vital body tissues.

Double-duty division. Be extra liberal with baby powder these warm summer days. It will keep baby's skin drier, and soothe prickly heat if he gets it. For you: snitch some of baby's powder to help ease on your girdle. The light scent is pleasant and won't cling or cloy on hot days.

More on protein. Another good way to give baby extra protein ...serve many a helping of Gerber High Protein Cereal. It has a whopping 35% protein content, plus iron, calcium and B-vitamins. Both babies and toddlers love its delicate, nut-like flavor.

P.S. Dad a fisherman? When he brings home the big one for frying, try breading it with Gerber High Protein Cereal. Wonderfully crispy eating. Gerber Baby Foods, Fremont, Michigan.

Bower-Fox Vows Told

Carol Ann Fox and Stuart Steel Bower of Fort Wayne, Ind., pledged nuptial vows before the Rev. Loyal Howison Saturday evening in the First Free Methodist Church of Pontiac.

The reception in Roosevelt Temple was hosted by the bride's parents, Mr. and Mrs. William Care Fox of Stirling avenue. Receiving with them were the Raymond G. Bowers of East Long Lake road, Bloomfield Hills, parents of the bridegroom.

Joan Kissock, Sharlene Rankin and the bride's sister Mary Jean Fox preceded her to the altar. Their ballerina length dresses of embroidered aqua silk organza were styled with gathered bodices and tiny puff sleeves.

They wore matching petal caplets and held cascades of pink carnations.

The bridal gown of white mist taffeta was styled with a basque bodice of Chantilly lace and three-quarter-length sleeves of taffeta. The bouffant chapel-length skirt featured a Venetian drape with inserts of Chantilly lace.

Attached to a crown of crystal beads was the elbow-length veil of silk illusion. The cascade bouquet included white roses and orchids.

Best man was R. Thomas Costello of Orchard Lake. The bridegroom's brother Alan ushered with Milton Strong.

For traveling to Fort Wayne, Ind., where the couple will make their home, the bride donned a rust splash print silk sheath with matching jacket and beige accessories.

Mrs. Fox chose beige rayon with green embroidered trim for her daughter's wedding. Her corsage was of deep pink roses. Mint green silk organza with lace bodice was Mrs. Bower's selection. She wore pink roses.

Attending the wedding were the bride's grandmother, Mrs. Lewis P. Temple of Silverwood, her great-aunt, Mrs. Gordon Sessions of London, Ont., and a cousin, Mrs. Charles H. Jackson of St. Petersburg, Fla.

Esther Court Installs Officers

Esther Court No. 13 Order of the Amaranth met Friday at the Roosevelt Temple on State street to elect, appoint and install the following officers.

★ ★ ★

Mrs. Lloyd Walt will serve as associate conductress. Assisting will be Mrs. Edward Moden, charity; and Mrs. Theodore Marchbanks, prelate.

Mrs. Florence Schingeck, Royal Matron presided at the event. Due to illness of present officers a special dispensation was granted from Grand Court for the installation.

Assisting Mrs. Schingeck were Royal Patron Ira Inwood; Grand Lecturer Mrs. Toba Pearson, acting as installing marshal; and William Pfahlert, grand representative to South Carolina, assisting marshal.

★ ★ ★

Mrs. Schingeck reported on the Grand Court session held at Flint last month. A memorial was read by the secretary, Catherine McCrindle for past Supreme Royal Patron William H Picard.

★ ★ ★

A fish fry at the Temple will take the place of the meeting June 24. On July 8 an all-member and guest party will be held at the L. E. Lacy home on Pembroke street, Detroit.

Refreshments were served by Gladys McVean, Caroline Harrison and Josephine Hoskins.

Pontiac Woman to Head Legion Auxiliary

Mrs. Eldon Showen of Pontiac will serve as president of the Eighteenth District American Legion Auxiliary for the forthcoming year.

Assisting Mrs. Showen are Mrs. Hugh McHugh of Birmingham, vice president; Mrs. Joseph Stout, Royal Oak, treasurer; Mrs. Charles S. Chandler of Pontiac, chaplain; and Mrs. Chester Fralick, Royal Oak, historian.

Forty members, representing all units in the district, were present for the annual luncheon held at Cook-Nelson Post 20 Saturday. Executive committee members also elected were Mrs. Stuart Capron, Oxford; Mrs. Carl Shindorf, Pontiac; and Mrs. George Boucher, Ferndale.

Mrs. Ralph Howell, Pontiac, was a guest of the group.

CAROL L. MARTIN

Wedding vows are planned by Carol Lucille Martin and Dwain Ernest Brennan, son of the James J. Brennans of Homestead drive. The bride-elect is the daughter of Mrs. Arthur Withun of Fourth avenue and Cleve Martin of Pontiac.

Group Holds Birthday Fete

The June Group of the First Presbyterian Church held its birthday meeting Friday at the home of Mrs. Charles Galloway on Pemberton drive, Bloomfield Hills with Mrs. Howard Marsh, Mrs. M. A. Benson and Mrs. Clark Hagstrom as assisting hostesses.

★ ★ ★

Nineteen members welcomed Mrs. Homer Jackson and Mrs. Gordon MacDougall into the group. Guests of the group were Mrs. T. C. McFetridge and Mrs. Margaret Sneddon from Scotland.

Participating in the program were Mrs. Asa Drury and Mrs. Galen Hershey. Standing committees also gave their reports.

It Can Be Done by Using Tact

BY EMILY POST

Dear Mrs. Post: We have a neighbor who constantly cuts through our hedge to take a short cut to our house. She is a very nice person and I would like to keep her friendship, but this going back and forth is ruining our hedge.

Is there any way we can tell her that we do not like her cutting through the hedge without hurting her feelings?

Answer: There is no reason why you should allow your hedge to be ruined in polite silence. You might add a few plants to it and ask your neighbor to please not cut through where they are planted so that they can grow and make the whole hedge beautiful and even.

★ ★ ★

Dear Mrs. Post: I received an invitation in this morning's mail reading:

Miss Helen Green

Mr. Henry Smith
etc.

A reception card was enclosed with R.s.v.p. on it. Will you please tell me how to word an acceptance and to whom it should be sent?

Answer: You word your acceptance as follows:

Miss Mary Brown
accepts with pleasure
Miss Helen Green's
and
Mr. Henry Smith's
kind invitation for
(date)

You address your reply to Miss Green.

★ ★ ★

Dear Mrs. Post: When I was a little girl my mother kept reminding me not to say "I am full" after eating, because it was in bad taste. Consequently I cringe when I hear it.

Through the years I have often heard it said and by people who are supposedly well brought up. Do you not agree that such a remark is very unrefined?

Answer: I certainly do agree. For a grown person to say this is unthinkable.

Try This Exercise to Slim Waistline

To trim down a thickening waistline, do this ballerina's exercise:

Stand with feet slightly apart and arms over head with hands clasped together. Now, bend first to the right and to the left, keeping arms up and legs straight.

This is a tough one. You'll feel it all through the middle, up into your arms and down into your hips. But it gets results. You'll find that spare tire melting away in no time. Start with a count of ten and gradually work up to thirty.

Many Strands Attractive

(UPI)—The wide diversity in spring's new necklines inspires equal diversity in necklace lengths. Major emphasis goes to the shorter necklace with from two to many strands. The nested necklace that starts at the base of the neck and circles in close-stacked strands gives a wonderful outline to the high-throated and collarless look.

★ ★ ★

Bib necklaces in splendid-looking spills of blended, related or purposely clashing colors provide both color beauty and a look of balance to the full-skirted silhouette.

Wit, He Says, Not for Women

ANN ARBOR—Wittiness, in the opinion of a psychiatrist at the University of Michigan Medical Center, is strictly a masculine trait.

According to Dr. Ronald E. Trunsky "Today's woman, if she is young and intelligent, had better not show her wit too obviously, for she will scare the contemporary male.

Since we unconsciously judge the trait to be masculine, he said, women are not allowed to be witty.

"Women traditionally are supposed to be incapable of even telling a good joke, however, lady hostesses—and other women successfully impersonating male roles—are as skillful in inventing and telling a joke as any man."

Girl Scouts Hold Rite

Girl Scout flying-up ceremonies and presentation of awards were held Saturday afternoon at St. Michael Church with the Rev. Father Charles E. Cushing conducting the services.

★ ★ ★

Flags presented to the troops by the Altar Society were blessed by the Rev. Cushing, as were pins and badges that were given.

Troops participating in the ceremony were 500, 499, 586 and 514. Two mariner scouts from troop 500 also received awards. Brownie troop 525 acted as ushers for the event. Benediction of the Blessed Sacrament was held following the award presentation.

Refreshments were later served in the church basement. Parents of the scouts and the Sisters of St. Joseph were guests and Father Leon Kennedy, pastor, was guest of honor.

Can Be Bought and Built

One Needn't Inherit Beauty

By JOSEPHINE LOWMAN

Today beauty is made up of a dash of what we inherited and all of those things women can do and products they can use to make themselves attractive. To be born with curly hair is no longer a great blessing since permanents are available. It is nice to fall heir to magnificent eyes, but make-up can glamorize even small ones.

We have figure molding and falsies. Eyelashes can be put on and inches can be taken off and splendid grooming can make up for many a homely ancestor!

And a splendid personality is within the reach of every woman. She just must develop an outgoing happy spirit and constantly widen her horizons of interest.

Feminine allure now depends on vitality, a keen awareness, lovely posture, clothes sense, the clever use of cosmetic aids and attractive hairstyling.

NEED DAILY ROUTINE

There is no reason for any woman to be discouraged because of her inheritance. However, in order to develop latent good looks faithfulness to a daily routine is essential. The many small attentions we regularly give our skin and hair, good nutrition and exercise, and the habit of taking advantage of cosmetic aids add up to a charming appearance.

Most serious defects can be remedied or improved today. Protruding or crooked teeth can be corrected and extreme difficulties with the complexion usually can be overcome. Plastic surgery has the answer for any real deformity.

Some of today's most fascinating and sought after women are not beautiful, or even pretty, but they are smart and charming. They have verve and they are good looking!

DEVELOP POTENTIAL

The average woman has potentialities for beauty which she has not developed. If life with its complexities has beaten you down a little so that you have neglected yourself, why not work out a daily routine and stick with it?

The minutes you spend in self-improvement do not count up to a big total in time, but they do in increased attractiveness!

Beauty isn't dependent on your inheritance today with the many beauty aids available. We even have false eyelashes.

White and washability simply must go together. Frequent laundering is the only sure way to keep white accessories fresh and lovely.

Cites Massive Russ Espionage

Herter Says Soviets Have Largest Network of Spies in World

WASHINGTON (AP) — "The Soviet Union," says Secretary of State Christian A. Herter, "has built the largest of all intelligence machines and maintains an unparalleled network of agents throughout the world."

★ ★ ★

Herter said, "It has been reliably estimated that within the Communist bloc and the free world some 300,000 trained officers serve in the 27 intelligence and security services of the Soviet bloc states."

★ ★ ★

Herter gave those figures Monday in a 25-page statement filed with the Senate Foreign Relations Committee, which will meet later this week to consider a report on its recent investigation of the U2 spy plane incident.

Herter presented the statement as a "source of ready reference" on Soviet espionage. It was submitted to the Senate by Sen. J. William Fulbright (D-Ark), chairman of the committee.

DETAILS PRACTICES

The report gave details of many Soviet intelligence practices.

"The activities conducted on behalf of the Soviet Union by members of foreign Communist parties, numbering some four million adherents in the free world, are well known," the report said.

★ ★ ★

"In recent years, some 300 individuals in 11 different countries of the free world have been convicted of espionage for the Soviet Union. These convictions include: 7 in Denmark, 65 in Finland, 1 in France, 2 in Holland, 1 in Japan, 15 in Norway, 11 in Sweden, 2 in Turkey, 6 in the United Kingdom, 13 in the United States and 241 in the German Federal Republic, where the Interior Ministry reported on May 13, 1960, that some 18,300 persons had been arrested during the past year in connection with Soviet espionage."

'Unpleasant Matters Not Kept From Ike'

WASHINGTON (UPI) — Defense Sec. Thomas S. Gates told Congress yesterday President Eisenhower makes the decisions within his administration and is not shielded from unpleasant facts or circumstances by any palace guard.

★ ★ ★

Gates said the National Security Council, Eisenhower's cabinet-level advisory group, is functioning "effectively and efficiently."

★ ★ ★

He said the President "participates actively in all council meetings."

About Grand Rapids Furniture

To Answer Charges of 'Waste'

WASHINGTON (AP) — The State Department promised today what it called "a detailed refutation" of charges by Sen. William Proxmire (D-Wis) that it was guilty of serious irregularities in buying furniture.

Proxmire told the Senate Monday that a firm headed by the son of Secretary of Commerce Frederick H. Mueller had received nine contracts totaling $89,400 for furniture for embassies abroad.

"Not one of the contracts was awarded on the basis of competitive bids," Proxmire said.

He particularly criticized the purchase of more than $69,000 of furniture for the U.S. Embassy in Caracas, Venezuela, and the shipment of most of it there by plane at an added cost of $30,000.

He rejected as unsatisfactory the State Department's explanation that the decision to ship by plane was made because of a longshoremen's strike. He said the strike ended last Oct. 9 and the embassy wasn't ready for occupancy until Nov. 1.

The State Department said that if the furniture had not arrived by Nov. 1, it would have had to retain its old quarters for another month at a rental cost of $11,000.

Proxmire recalled that in a Wisconsin speech last November, Secretary Mueller declared "we shall continue to expose (and) strike down every spendthrift claw reaching for the taxpayer's pocket."

"I suggest," Proxmire said, "he consider some spendthrift waste mighty close to home."

Proxmire said he knew of no financial interest Mueller had in the son's business, adding that Mueller had severed his connections with furniture manufacturing when he came to Washington in 1955.

In Grand Rapids, Mich., the secretary's son, Frederick E. Mueller, said that Proxmire was playing partisan politics with half-facts and innuendos.

★ ★ ★

He said his firm, Mueller Metals Corp., had done business with the State Department for years before his father became secretary of commerce. He said that the Caracas transaction followed standard practice and was not extravagant.

Secretary Mueller declined comment, but an aide said he has no connection with his son's firm and has never tried to solicit government business for any firm.

New City Bus Routes to Get 30-Day Trial

The city will try out new bus routes on a 30-day trial basis if there is public demand for them.

★ ★ ★

This was decided by city commissioners meeting informally on the question last night.

The trial periods will be arranged under the new lease agreement the city has with Pontiac Transit Corp.

The bus company has agreed to try out new routes if the city is willing to guarantee a subsidy whenever operating costs begin eating up more than 90 per cent of the revenues.

★ ★ ★

"Without question, we are going to have many demands for additional routes and more service," said City Manager Walter K. Willman.

"I recommend the 30-day trial period. In that time, we will be able to get a pretty good idea whether new routes will work out or not and at the same time the city won't be stuck with a big bill."

The Commission decided to ask for more routes only after petitions for them have been turned in.

Mayor Philip E. Rowston said the petitions would have to show "substantial interest — at least 50 or 100 signatures."

★ ★ ★

The first added service may be on Joslyn road, extending the existing route from Walton boulevard a half mile north to Collier road at the city limits.

★ ★ ★

A petition for this extension has been on file at City Hall several years.

Will Reappoint Citizens Group

Commission to Submit Names From Districts at Tonight's Meeting

Reappointment of the 70-member Citizens Advisory Committee is expected to be completed tonight by the City Commission.

The committee is comprised of 10 civic-minded residents from each of the city's seven voting districts.

★ ★ ★

Commissioner John A. Dugan of District 5 and Commissioner William H. Taylor Jr. of District 3 have already nominated their committee members.

The other five commissioners are expected to turn in their nominations tonight.

Commissioners have only a few other items of business on their agenda.

Two zoning ordinances are scheduled to be introduced for hearings July 5.

The first would rezone from residential to commercial 2½ lots at the southeast corner of West Huron street and Johnson avenue, where a medical office building is planned.

The second would see eight lots in the Buena Vista subdivision rezoned from commercial to residential. Bounded by Kennett road, Dearborn street and Carlisle avenue, the lots are in an area once zoned commercial for a shopping center.

It Brigitte Does, Expect Sudden Boom in Antiques

PARIS (AP) — Brigitte Bardot reportedly says she is going to quit the movies after four more films and start selling antiques.

★ ★ ★

"My decision is irrevocable," the curvaceous blonde star said in an interview published by the newspaper Paris Jour. "B. B. is dead so far as the cinema is concerned."

Bardot said it would take her about 11 months to complete the four movies for which she is under contract.

★ ★ ★

The actress, who is 25, could not be reached immediately for confirmation of the interview, but she has confided to friends she would like to get out of the movies and enjoy life while she is still young.

Heavy Rains Cause Floods

Telegraph Road Traffic Backed Up, Monroe Roof Collapses

By The Associated Press

Heavy rains during the past two days resulted today in flooded roads and basements in some areas of southeastern Michigan.

★ ★ ★

At Monroe, the roof of a large bowling alley collapsed early today under the weight of accumulated rain. No one was injured.

In the Detroit area, Telegraph road was flooded between Warren and Ford roads. Police said southbound traffic on Telegraph was backed up for 10 miles.

Traffic in Detroit's suburbs was delayed by flooded streets. Most of the streets were passable at slow speeds.

The Weather Bureau said more than two inches of rain have fallen in the Detroit area since Sunday.

The collapse of the roof of the New Center Recreation bowling alley in downtown Monroe followed a hard rain. A V-shaped wedge from the flat roof fell on eight alleys on the second floor. The building has seven alleys and a bar on the first floor.

Windsor Teamsters End 14-Year Trusteeship

WINDSOR (AP) — Members of Windsor Teamsters Local 880 voted yesterday to end a 14-year trusteeship by the international Union.

The election, first since the trusteeship was set up in 1946, saw Leo Labombard, a Windsor truck driver, elected president. Labombard got 630 votes to 537 for Trustee Ivan M. Dodds.

The local has 5,000 members in the Windsor area.

Rep. Diggs Asks Huddle With Williams Over Stu

LANSING (AP) — Gov. Williams says he meets privately today with Rep. Charles C. Diggs Jr. (D-Mich), an avowed supporter of Sen. Stuart Symington, Democratic presidential hopeful.

Williams said the huddle in his Detroit office was scheduled at Diggs' request.

The Detroit congressman did not indicate his reason for asking the meeting, the governor said, but it was considered likely the conversation would center on Symington's candidacy.

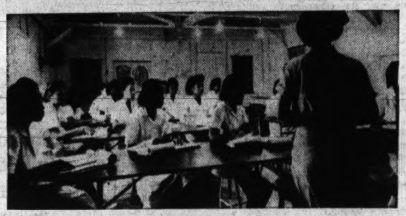

★ ★ ★

Diggs threw his support to the Missouri senator a number of weeks ago. Williams announced his endorsement of Sen. John F. Kennedy (D-Mass) after a conference with the senator June 2 on Mackinac Island.

This great seaborne health center will carry a new kind of aid abroad—*with your help.* Part of the people-to-people project Hope, it will enlist 200 specialists in sharing our health skills.

Ambassador with a blackboard, the Hope specialist will help the often woefully few local medical technicians train helpers. The result: many more hands. And that means one Hope dollar is multiplied many times over.

YOUR HELP CAN COME BACK A HUNDRED TIMES OVER

One local doctor for 100,000 people. These are the odds Hope may face. Yet Hope can mean so much. The health of this child. The health of five Indonesians. *Trained* hands and only a dollar's worth of penicillin can cure them of crippling yaws.

If enough of us help, the S.S. Hope will be outbound in 1960. First port of call: Indonesia. A bold health project called Hope will be underway.

The need is crucial. Many places, too many health hazards exist. Too many people robbed of the will to live. Too few hands to help. Often, a doctor for 100,000.

Hope's approach is *practical.* Help where a nation's doctors ask help. Help them help themselves to health. By training, upgrade skills—multiply hands. Hope's doctors, dentists, nurses, and technicians will man a center complete to 300-bed mobile unit and portable TV.

You can not only make every dollar do the work of many, you can earn a priceless dividend. With health comes self-respect. People at peace with themselves are less likely to war with others.

Hope is *yours* to give. It's a people-to-people project. For one year's worth, 3½ million Americans must give a dollar. Don't wait to be asked. Mail a dollar or more now to HOPE, Box 9808, Washington 15, D.C.

Area School Posts Filled, Issues Decided

Thousands Troop to Polls Despite Drizzle

Several thousand voters showed up at polls throughout the area yesterday to elect school board members and in some cases decide special issues in spite of the almost constant drizzle that fell.

While voting was generally sporadic and light, several school districts reported the heaviest turnout in years.

Official reports ranged from a "fine" showing in Avondale School District to "extremely light" at Dublin.

Following is a breakdown of election results in each school district:

Avondale

A proposal to place teachers in the Avondale School District under the Michigan Tenure Law won voter approval by a scant three-vote majority in yesterday's regular school election.

The final count was 292 for to 289 against the proposition.

Former Schools Supt. Raymond N. Baker failed in his bid for election to the Board of Education, losing to George Granger for the single three-year post open.

Granger polled 343 to Baker's 245.

Incumbent Board member Floyd Cobb Jr. and Mrs. William U. Porter were elected to four-year terms by votes of 326 and 322 respectively.

Trailing were Mrs. Mildred Thorpe with 276 and Carlyle Bragen with 249.

A "fine" turnout of electors was represented at the polls with 581 votes cast, school officials reported today.

Brandon

A heavy turnout of voters in the Brandon School District yesterday returned to office the two present Board of Education members up for re-election, one for a three-year term and the other for four years.

Board President Leary Q. Wood was re-elected to the three-year term with 270 votes. Named to one of the newly created four-year posts was Board Treasurer Leslie L. Wright with 189 votes.

The other two men elected were Roger F. Shiveley for three years and Charles E. Pangus for four years with 229 and 174 votes respectively.

★ ★ ★

Knocked out of the running for the three-year terms were Mrs. Ilene M. Sellers, who polled 51 votes, and Mrs. Lilly A. Smith, who had 33.

Those defeated in their bid for election to four-year terms were Mrs. Doris Mayhew with 70 votes Dr. Edward M. Gates with 85, and Keith K. Cooper with 87.

There were 304 votes cast, which is 150 more than in previous years.

Berkley

Winners of Berkley School Board posts were Thomas W. Wilkinson, 899 votes, and Donald A. Urquhart, 837.

Carver

Two members were elected to the Carver District Board of Education. They were Naman Rowe, 202 votes, and Jeff M. Day, 179.

Clarenceville

Four new members were elected yesterday to the Clarenceville Board of Education.

Voters toppled both incumbents Regina Beerbohm and Halley Hayes from office, electing in their stead James Bowers with 290 votes and Tom Wilson with 284 for three-year terms.

The two new, four-year terms ceated at this time, will be filled by Raymond Chaiken, 340 votes, and Martin Weschsler, 330 votes.

★ ★ ★

A special issue, to pay School Board members $360 a year, was approved by voters 360 to 127.

Mrs. Beerbohm polled 168 votes, Hayes, 133, and Arthur Leland Jr., 119, to lose out in their bids for the two three-year terms.

Losers in the race for the two four-year terms were Edwin Johnson with 252 votes and Naomi Stevens with 177.

★ ★ ★

Only 16 per cent of the registered voters turned out for yesterday's election. The total vote was 487.

Clarkston

In what was deemed one of the largest turnouts of voters in the Clarkston School District incumbents, R. E. Spohn and Ronald Weber were returned to their Board of Education posts for three years. Spohn received 260 votes and Weber 307.

Thomas Doremus with 249 votes and Arthur Rose with 246 were elected to fill the two newly created four-year terms on the School Board.

They won over Lester Smith, 216 votes, Harold Hicks, 148; Katherine Hetherington, 136, and Francis Rhames, 79 votes.

★ ★ ★

Defeated in the race for the three-year terms were Robert Jensenius, 98 votes, Harry Jackson, 178, Philip Hampton, 134, and George Gary, 90 votes.

★ ★ ★

Altogether, 578 votes were cast in yesterday's election.

Clawson

Two special issues were turned down in the Clawson District school election.

Propositions to raise funds for acquiring building sites and making building repairs were defeated, 455 to 398 and 451 to 356.

Elected to the School Board were Mrs. Clara McCarty, 452 votes, Harold Plauman, 298, and George C. Sickle, 492.

Dublin

An extremely light turnout of voters for the Dublin School District elections yesterday re-elected two incumbents to the School Board and dumped a third.

Raymond E. Hoffmann and Donald Fish were returned for three years with 86 and 75 votes respectively. They defeated Kenneth Kiner who garnered 49 votes.

Onni Kuhna lost out in his bid for re-election for one year to Frederick Corliss, who got 66 votes. Kuhna received 52 votes.

One hundred and nineteen voters cast ballots in the nonregistered district.

Farmington

A request to double the salaries of School Board members was approved by voters in the Farmington School District yesterday and three members elected to the Board of Education.

The salary increase proposal that raises board members pay from $150 to $300 a year was approved 745 to 491.

In the race for the one expiring three-year term Barbara Ann Brown defeated Calvin S. Opperthauser 782 to 772. They were the only candidates for the post.

★ ★ ★

The two new four-year posts were won by Richard H. Peters with 811 votes and George A. Nahstoll Jr., 557 votes.

Unsuccessful candidates for the state-created four-year terms were George Duke Jr., 515; John J Breen, 492; Mary L. McCracken, 327; Albert E. Katzer, 175; and George G. Young, 168.

Ferndale

Ferndale school district voters elected two members to the Board of Education. Elton Mavon received 1,877 votes and Dr. Elmer Miller, 1,845.

Holly

Of the 2,000 registered voters in the Holly School District, about one-fourth turned out at the polls yesterday to elect four members to the Board of Education.

Re-elected to a three-year term was incumbent Robert Brummeler with 264 votes. Winning the other three-year post was Allen Jones with 266 votes.

The two losing candidates for the office were David Field, 232 votes, and Elinore M. Seavey, 166.

Winning candidates for the four-year posts were R. William Fagan and Earl F. Farner with 345 and 211 votes respectively.

★ ★ ★

Unsuccessful candidates for the long terms were Walter A. London, 191 votes, and James H. Brown, 157.

Hazel Park

Elected to the Hazel Park School Board were Harold F. Neher with 1,190 votes and Robert Kettelwell with 1,142.

Huron Valley

The heaviest turnout of voters in years went to the polls yesterday in the Huron Valley School District to elect four members to the Board of Education.

Nearly 500 of the registered 5,000 electors in the district cast their votes for the largest field of candidates seeking election to school boards in Oakland County.

The only incumbent among the 19 candidates, Mrs. Louise Dildine, was re-elected to a three-year term by polling the highest number of votes, 421. The other three-year term winner was Maurice W. Rambsby with 284 votes.

Five losing candidates for the three-year posts and their votes were: E. Eugene Russell, 207; Dr. Eugene H. Campbell, 207; Edward E. Mollioncopf, 125; George Howard, 59; and Fred Schroeder, 51.

The two winning candidates for the state-created four-year posts were Mervyn H. Kidd, 222 votes, and Horace W. Lodge, 199.

The 10 losing candidates for the four-year-terms were Gordon D. Brooks, 189; Bert T. White, 159; Carlton Crawford, 134; Mrs. Walter Eis, 120; Kenneth Goodell, 91; Wesley Wilson, 81; Agnes M. Keith, 61; Mrs. Edna Dirkse, 52; L. J LaVoy, 36; and Arthur N. Eldred, 30.

Lamphere

Voters in Lamphere School District rejected a proposal to raise money for a swimming pool, 441 to 157. The accompanying bond issue also failed, 428 to 181.

★ ★ ★

Approved were propositions to transfer a debt fund balance, 459 to 148, and for a small property exchange, 441 to 157.

Lyon

Incumbent Donald K. Smith was returned to office yesterday in the Lyon School District by winning the one three-year-term with 414 votes.

★ ★ ★

His opposition, Mrs. Josephine Allen and Everett Williams, received 219 and 103 votes, respectively.

In the race for two four-year posts, successful candidates were William Markham, 327 votes, and Mrs. Glenn E. Dail, 299.

Losing candidates for the long-term were Donald Riddering, 244; Samuel Bailo, 198; Alton Miller, 179; Billy Linter, 106; and Ferman Rohraff, 94.

★ ★ ★

Linter was a sticker candidate. More than 750 voters turned out in the nonregistration district.

Madison Heights

Four new members were elected to the School Board at Madison Heights. Winners were Robert La-Mountain, 272 votes, Arthur Hoffman, 205, Kenneth Mitchell, 197, and Thomas Jones, 177.

Novi

Two incumbents were defeated in the Novi School District election yesterday that saw about 25 per cent of 1,450 registered voters turn out.

Unsuccessful in their bid for re-election to the School Board were Jack Crawford and Dr. Harold Morris. They received 86 and 75 votes, respectively.

Winning the two expiring three-year-terms were Walter Ambider, 240 votes, and John L. McBride, 174.

★ ★ ★

Another unsuccessful candidate was William G. Bean, 94 votes.

Oak Park

The two School Board members elected in Oak Park were Dr. Morris Weiss with 768 votes and Mrs. Marjorie B. Sandler, 481.

Rochester

The two incumbents and two new members were elected to the Rochester Board of Education by a below-average turnout of voters in yesterday's regular school election.

Board Treasurer Wallace R. Hodges and Secretary Mary Ann Beatty were re-elected to three-year terms by votes of 489 and 431 respectively.

Their unsuccessful challengers were Willis Plassey who polled 349 votes and Jack C. Hughson Jr. who received 190.

★ ★ ★

Topping the slate for the two newly created four-year terms were James S. Ludwick with 534 and Leroy Felton with 414. They beat out Eugene V. Rounds who tallied 367 votes and George Feeley with 221.

★ ★ ★

Rain and apathy were blamed for the relatively small turnout at the polls, school officials said today. There are 6,000 registered voters in the district.

Romeo

In a hotly contested race for the four vacancies on the Romeo Board of Education present Board President Dr. Ralph G. Renwick was re-elected along with former Board member Walter Sewell. They polled 494 and 548 votes respectively for three-year terms.

Leading the field of four for election to the two new four-year posts open this year were Conrad J. Friedemann with 498 votes and Carl L. Doepfer with 472.

Defeated for the three-year terms were Jerome E. School who received 432 votes and Howard Tyler with 249.

★ ★ ★

Unsuccessful candidates for the four-year terms were Donald L. Roth with 419 and David E. Pettibone with 317.

Royal Oak

Only one candidate was elected in the Royal Oak School District. The winner Mrs. Margaret B. Wakes received 1,130 votes.

Southfield

Elected in the Southfield School District were Charles L. Curtis, 686 votes, Ira M. Altshuler, 766 Douglas A. Kunna, 537 and Theodore Minke, 663.

Troy

A proposition for renewal of eight mills for operation in the Troy School District failed to pass by an almost 200-vote margin in yesterday's school election.

The proposed millage renewal, which would have been levied for another five years, lost by a vote of 506 no to 332 yes.

The two unopposed candidates for the new four-year terms open were present Board Secretary Alex Tunstall and Vice President Lloyd Stage. Tunstall polled 581 votes and Stage, 538.

Robert A. Meade won election to the unexpired term of Gene Johnson who resigned recently by 395 votes. He will serve for one year.

Defeated for this post was Donald W. Richards with 385 votes.

The millage renewal was deemed necessary by the Board of Education to help pay a carryover deficit of about $60,000 this year, to meet rising costs on nearly all school items and to open new classrooms in 1961.

Utica

The two incumbents up for re-election on the Utica Board of Education won easily in yesterday's election — one for a three-year term the other for four years.

Board Treasurer Walter Flickinger topped the field of six candidates for one of the three-year terms open this year. The other trustee, Marvin J. Priehs, led the six candidates running for the two 4-year terms open for the first time this year.

Flickinger tallied 766 votes and Priehs, 736.

Successful in his bid for election to a four-year post was Charles H. Bannow with 764 votes. The other three-year vacancy went to Joseph W. Boardman who had 614 votes.

★ ★ ★

The four out of the running for the two 4-year terms were Jerome J. Donahue, 423; Williams H. Robertson, 235; William Shugart, 224; and Mrs. Arlene R. Tyler, 325.

The unsuccessful candidates for the two 3-year terms were Edward H. Dore, 217; Frederick M. Hoepfner, 203; Theodore Hoerth, 174; and Everett L. Van Wulken, 177.

A total of 1589 votes were cast. This figure is high for an election without a special issue, school officials said today.

Walled Lake

A $250,000 bond issue for school site improvements and a one mill tax levy for eight years to pay off the issue were approved by voters in the Walled Lake School District yesterday.

Voters also returned to office two incumbents on the school board and elected two newcomers.

Re-elected to office to serve four-year terms were John C. Clark and Dwight L. Wiseman. Clark received 863 votes, Wiseman 859 votes. They were unopposed.

★ ★ ★

Elected to three-year-terms were Mrs. Barbara Scully with 719 votes and Julian M. Beals, 428 votes.

Losing candidates for the short term were Samuel R. Gardiner, 409, and Samuel W. Burnley, 323.

The bond issue proposal carried by a 542 to 467 vote. The millage proposition was approved 576 to 474.

West Bloomfield

A good turnout of voters in the West Bloomfield School District elections yesterday re-elected incumbent School Board members Kern Murphy and Edwin Dreyer to four-year terms with 832 and 596 votes respectively.

They chose to run for the four-year terms instead of seeking their own posts again for three years.

Elected to the two three-year Board of Education posts were Paul Rich, 538 votes, and Frank Marriott, 495 votes.

They defeated Thomas R. Lodden, 358 votes; Richard McClurg, 470; and Roswell Reeves, 231 votes.

Frank Jones bowed to the two incumbents in the four-year race with 590 votes.

Nearly a quarter of the 4,424 registered voters in the district cast their ballots. Election officials considered it a good showing.

SETS CON-CON WEEK — Rochester's Village President Sydney Q. Ennis, right, signs the proclamation setting this week as "Michigan Constitution Week" in Rochester. Shown with him are representatives of the local Citizens for Michigan unit which is backing a drive to get signatures to ask for a constitutional convention on the April 1961 ballot. They are, from left, Harry S. Huber, petition chairman, and Dr. Lowell R. Eklund, director of continuing education at Michigan State University Oakland. If approved by voters, a convention would be set to revise the State Constitution.

Special Week Proclaimed

Rochester Lauds Con-Con Drive

ROCHESTER — Village President Sydney Q. Ennis yesterday proclaimed this week "Michigan Constitution Week" in Rochester in recognition of the five civic groups gathering signatures for a vote on a state constitutional convention.

The proclamation states that constitutional revision is critically required to maintain and meet the needs of a modern state government.

It further specifies that the most efficient and best method of accomplishing a constitutional reform is with a constitutional convention.

The five groups actively supporting con-con are the League of Women Voters, Junior Chamber of Commerce, Michigan Education Assn., Michigan Congress of Churches and Citizens for Michigan.

FRIDAY 'BLITZ DAY'

They have set Friday as "Blitz Day" to gather the maximum number of signatures in Rochester.

A booth will be set up in front of the National Bank of Detroit on Main street, or, in case of rain, at North Hill Plaza shopping center.

Mrs. Walter Harland is coordinating the efforts of Citizens for Michigan in Rochester's petition drive.

Orion Township GOP to Discuss Con-Con Issue

ORION TOWNSHIP — Con-con will be the topic of the Orion Township Republican Club meeting at 8 p.m. Thursday at the Orion Township Hall.

★ ★ ★

Speaker will be Rep. Farrell Roberts (R-West Bloomfield Township). He will discuss the constitutional convention and hold a question and answer period after his talk.

★ ★ ★

As the time for the primary election draws near, it is important that people become politically conscious and attendance at this meeting is urged, club chairman Ernest R. Crawford said today.

Light refreshments will be served.

Walled Lake School Offers Driving Course

WALLED LAKE—A three-week summer driving program begins Monday at Walled Lake Senior High School for students who made application prior to June.

Fifteen two-hour classes will be held Monday through Friday. There will be both classroom studies and behind-the-wheel training.

Students are to report to room 417 at 8 a.m. Monday.

Instructors are Donald L. Smith and John Koczman.

CARO — The Conner School Reunion will be June 26 at Indianfield State Park near here. A pot-luck luncheon will be served at noon.

Squelch Move to Block Annexation to Rochester

ROCHESTER — A move to block annexation of certain residential properties in the South Hill area to the Village of Rochester was nipped in the bud with an explanation of annexation procedures by local officials last night.

Some 25 residents of the South Hill area came to the Village Council meeting armed with petitions stating they did not want to be annexed nor did they want water and sewer services.

The petitions bore 50 signatures of "bona fide" residents who live just off Rochester road, south of town.

Council members explained that Village Manager Paul York had met Friday with representatives of the South Hill Development Committee to give estimated costs of extending water and sewer lines to a ribbon-strip of commercial properties fronting on Rochester road from the village limits to Avon road.

★ ★ ★

A group of the larger property owners in this section had requested water and sewers along the strip last Nov. 23.

They are being represented by Mrs. Hazel Smith, administrator of Avon Center Hospital, and including representatives from Leader Dogs for the Blind, and the Detroit Branch and Machine Co., plus Dr. J. W. Eastman, Larry Jerome and Keith Crissman.

The Council told these property owners at the time that the only way they could have village water and sewers was to annex to Rochester.

It was decided that if the estimated costs were acceptable, the group would circulate annexation petitions in the area concerned. The petitions then go to the Oakland County Board of Supervisors who in turn set the date for a special election on the proposition.

Council members told the protesting residents that the village "is not forcing either annexation or extension of water and sewer lines." They restated that it is up to those who request annexation to promote it.

In other action, the Council adopted an ordinance setting mandatory retirement for village employes at the age of 70. The new measure will take effect in July 1961.

The hearing on condemnation of the Cora Barwick property at 333 Woodward St. was tabled for one month to allow legal work to be done preparatory to anticipated sale of the property.

The Barwick house was gutted by fire on Jan. 1, 1959.

Waterford Board OKs Winding Dr. Blacktop

There were only two objectors among the 23 people present at last night's Waterford Township Board special assessment hearing on the blacktopping of South Winding drive and the Board approved the project.

★ ★ ★

Township Supervisor Elmer R. Johnson was authorized to set up a special assessment district for the $15,800 project from Brookdale avenue to Elmhurst street.

One more hearing is slated before bids are opened July 5.

It is estimated that each property owner will pay $5.66 per front foot for the 1,400 feet of blacktopping.

CONSIDERS SEWER

In other business, the Board considered petitions filed by residents on Holbrook street for a sanitary sewer installation from Josephine to Tilden streets.

Township engineers Johnson & Anderson will make preliminary drawings and present estimated costs.

Almost $1,000 has been earmarked for police department photographic equipment which will be installed in a donated darkroom at the home of police reserve officer David Roberts, 4041 Baybrook Dr.

★ ★ ★

The Board authorized the cemetery department to purchase $180 worth of paint.

Township employes will paint the outside of Fire Station No. 2. Another $120 was approved for a six-week training course for township firemen.

Preliminary plans for Jayno Adams Heights Subdivision No. 3 were approved, which, with the new 88-lot plat, will bring the subdivision total to 182.

QUESTIONS TRACK ACTION

A representative of the Everett Equipment Co. which owns and operated a small-car race track at Dixie Highway and Telegraph road questioned the Board's action in closing the track this week.

Residents in the area had complained of noisy mufflers in use on the go-carts.

The Board said the track operation does not comply with the township race track ordinance.

Keego Man Tells of Being Jumped, Beaten, Robbed

A Keego Harbor man reported to sheriff's deputies early today that he was beaten and robbed while walking to a friend's house shortly after midnight.

John Ellington, 23, of 2960 Glenbroke St., told deputies he was walking south on Hiller road in West Bloomfield Township when a car with three men in it stopped and the men asked him directions to Beck road.

"Suddenly someone hit me over the head from behind and the three men jumped out and beat me," he said.

"When they thought I was out, they took my wallet, emptied it of about $32 and threw it on the ground," he was quoted as saying.

His assailants then sped away, going north with no lights on, he explained. Ellington said the car was a 1955 or '56 Ford, dark in color.

Newspaper editor Herbert Bayard Swope said that a sure way to failure was to "try to please everybody."

Flint Firemen Ask $2,500,000

Want Overtime Pay for Longer Hours Than Other City Workers

FLINT (AP) — A claim for nearly $2,500,000 in back pay made by 193 city firemen was accepted by the Flint City Commission without comment last night and referred to the city attorney.

The firemen, in making the claim, said they were entitled to the pay because of a city charter provision which says "compensation for a normal work week involving a greater or lesser number of hours should be directly proportional."

The firemen said they worked an average of 63 hours a week while other civil service employes in the same classification work 40 to 44 hours a week.

The firemen asked only six years back pay because of the statute of limitations. They said proportional compensation entitled them to 43 per cent more than they were paid.

They also asked $10,000 per man back interest at the five per cent legal rate.

City Attorney William J. Kane said he may hold public hearings on the matter before making a recommendation to the commission.

Soviet Role 'Danger to Security'

Treaty Over Antarctica Denounced by Senator

WASHINGTON (AP)—Sen. Clair Engle (D-Calif) charged today the Antarctic Treaty with the Soviet Union and 10 other nations poses "a danger to the security of the United States" and its Allies.

Engle, asking its rejection, said the treaty would settle "the seal of free world recognition on the Soviet presence in Antarctica in return for whatever assurance the treaty offers that the Soviets will not be trouble makers."

The treaty, signed in Washington last December, provides that Antarctica shall be developed and used only for peaceful purposes. It recognizes no territorial claims by any individual nation.

★ ★ ★

In addition to the United States and the Soviet Union, countries signing the treaty are Argentina, Australia, Belgium, Chile, France, Japan, New Zealand, Norway, South Africa and Britain.

Engle spoke against the treaty in testimony prepared for the Senate Foreign Relations Committee. Sen. Ernest Gruening (D-Alaska) also was listed as an opposition witness.

★ ★ ★

Chairman J. William Fulbright (D-Ark) told newsmen that if the treaty "runs up against much serious opposition this like in the session, it may have to go over to the next" session.

Engle said that for the United States to give up sovereign rights it has earned over the years in Antarctica "would be as great a folly as it would have been many years ago to forego purchase of Alaska."

★ ★ ★

"The treaty will give the Soviet Union a position of equality which it does not deserve, and which poses a danger to the security of our Allies in the southern hemisphere," Engle said.

Initiated by the United States, the treaty prohibits establishment of military bases in Antarctica, provides for freedom of scientific research and cooperation and bans nuclear explosions and the dumping of radioactive waste there pending conclusion of international agreements on nuclear uses.

★ ★ ★

In submitting it to Congress, President Eisenhower called it "a significant advance toward the goal of a peaceful world with justice."

★ ★ ★

But Engle said it would demilitarize the continent and ban nuclear explosions just as if the Soviet Union had already concluded disarmament and nuclear test ban agreements with the free world.

Hogan Eyes Record Fifth Open Crown

Ben, Several Rivals Think He Can Win

Play Starts Thursday at Spacious Denver Course

DENVER (UPI)—The shadow of "The Hawk" hung high over the U.S. Open golf championships today—and the little man seeking a record fifth triumph agreed with them.

★ ★ ★

Ben Hogan admitted that the men who picked him to leave ancient Willie Anderson and the immortal Bobby Jones in his wake could be right.

"I'm playing pretty well," the 48-year-old four-time winner from Texas confirmed as he "clicked out" his touch on the putting green at Cherry Hills Country Club where on Thursday he will start his quest for his tie-breaking fifth victory in golfing's "big one."

There is white flecking the hair at Bantam Ben's temples and yet, such is the magic of his touch with the golfing sticks, nobody is selling him short in this fairway jamboree which is about to get under way. Least of all, Bantam Ben.

★ ★ ★

"What do you mean I'm liable to tire in that second round on Saturday?" he asked with some indignation. "Look up the records, and you'll see that always, and I mean always, I shoot my best round the second time around on Saturday.

"And," he added without pausing for a deep breath, "I'm playing pretty well now and, even more important, I'm putting a little better."

Ben is high on the Cherry Hills course, which is a par 35-36—71 of 7,004 yards. Because of the rare atmosphere in this mile-high city with the snow-capped Rockies in the background, golfers get 25 to 50 more yards on their drives.

★ ★ ★

"I've played a lot of Opens," said the taut-jawed Texan, "and this is the first course which has been absolutely perfect. The fairways are wider by 15 to 20 yards than any course over which I have played in the Open. They contend, rightfully, that the rough isn't too high, so I've got to figure it will be a low winning score."

Hogan holds the record — his winning 276 at California's Riviera Country Club in 1948 — and he figures that it could be broken this time around.

And, his cohorts contend, if that is so, there is one fellow who's going to do it. Namely: Ben Hogan.

★ ★ ★

"I'd pick Ben to beat anybody you name," said New York's Claude Harmon. "Give him a little bit of racing luck and there won't be anybody close."

Phlegmatic Doug Ford agreed wholeheartedly.

"Hogan has a helluva chance," he mumbled. "This is a good driving course, and that's one of Hogan's best departments. But there's something even more important than that. Ben can stop the ball on the green better than the rest of us—most bite know-how—and if we get the hot weather that they are promising, this could be the deciding factor.

"On top of that, he's an old campaigner. Everybody is talking about what a low score it will take to win. So he'll shoot a 280—while the rest of us are knocking our brains out trying to card a 272—and he could coast in."

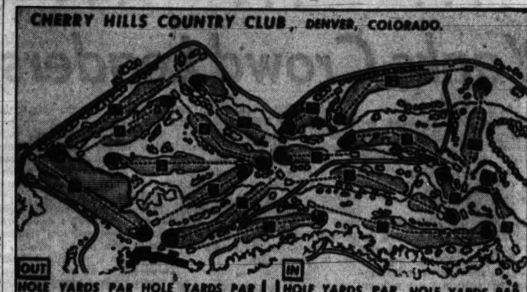

★ ★ ★

But is was bulldog Wally Burkemo who summed it up most succinctly. The little "Sarge," one of the deadliest players on the fairways, observed:

"Hogan is a threat anytime he tees it up. He'll shoot 280 even if he's putting bad."

★ ★ ★

That would be three shots under par. And even while they are talking about breaking Hogan's record 276 there isn't a man in the field who wouldn't settle for 280 right now and sit in the locker room and let them go at it.

U. S. OPEN SITE — This is the layout of the Cherry Hills Country Club course in Denver, Colo., where the U. S. Open Golf Championships will be played starting Thursday. The Course totals 7,004 yards and has a par of 35-36—71. Entries number 150. The tourney ends Saturday.

Ex-Middleweight Champ Investigated

LaMotta Faces Senate Probers Today

WASHINGTON (AP)—Senate investigators called Jake LaMotta former middleweight boxing champion, for quizzing today about his stormy up-and-down ring career.

★ ★ ★

Sen. Estes Kefauver (D-Tenn), chairman of the Antitrust and Monopoly Subcommittee which is conducting the inquiry, mentioned an earlier New York state investigation of "possible bribe offers to LaMotta."

Kefauver filed the statement with the subcommittee as part of the official record of its probe. He said the group would explore allegations that underworld figures are conspiring with some big shots in the boxing promotion field to wield monopoly role over professional boxing.

Police protection reportedly has been arranged for LaMotta and several other witnesses who are expected to testify freely at the hearings Subcommittee sources declined, however, to comment directly on the report.

★ ★ ★

Kefauver said assorted hoodlums and boxing figures, some of them hostile witnesses, will testify in various stages of the investigation.

He said the hearing will center on two of LaMotta's Madison Square Garden bouts in 1947, and the 1949 bout in which LaMotta beat Marcel Cerdan by a technical knockout in Detroit to win the middleweight title.

★ ★ ★

The subcommittee said it is looking into the June 6, 1947, middleweight match in which LaMotta won a decision over Tony Janero, and a bout on Nov. 14 the same year in which Billy 'Fox scored a surprising 10-round technical knockout victory over LaMotta in a light heavyweight bout.

"New York authorities conducted investigations concerning possible bribe offers to LaMotta in the two 1947 matches," Kefauver's statement said.

★ ★ ★

"The 1949 match was the first championship bout promoted under the sole or partial auspices of the International Boxing Club and marked the beginning of 'exclusive contract' control of major boxers by the IBC."

Before the championship fight, Kefauver said, LaMotta had signed a contract which, after his victory, gave IBC exclusive rights to handle his championship fights for a period of three years.

Kefauver's statement said the LaMotta hearings launch a wide ranging inquiry "to ascertain whether there has been and is now a continuing conspiracy between underworld elements and other persons in the boxing field to stifle competition and maintain monopoly control over major boxing contests throughout the country."

★ ★ ★

He indicated disclosures concerning the promotion of the 1959 fight in which Ingemar Johansson of Sweden won the heavyweight title from Floyd Patterson may figure in later hearings.

★ ★ ★

He said conviction of racketeers Frank Carbo and Gabriel Genevese for undercover boxing activities and "the exposure of Anthony (Fats) Salerno as the financier" for promotion of the Johansson-Patterson bout helped to spark the inquiry.

★ ★ ★

He said the west coast indictment of Carbo, Frank (Blinky) Palermo and others for "an allegedly extortive attempt to control the welterweight title" also indicated that "many boxing promoters and managers were in league with the underworld figures I have mentioned."

All-America Nine Named

OMAHA (AP) — Players from teams west of the Mississippi grabbed the majority of positions on the All-America college baseball team named Monday by the American Assn. of College Baseball Coaches.

★ ★ ★

The team was announced in connection with the NCAA college world series being played here.

The 10-man first team has a .404 hitting average and a home run total of 40.

The all-star battery is Bruce Gardner of Southern Cal and catcher Alan Hall of Arizona. Gardner has won 15 games without a loss, striking out 98. Hall came to the NCAA tournament with 13 home runs and a .404 season average. A second all-star pitcher, Dick Soergel of Oklahoma State, has won six and lost two.

★ ★ ★

First baseman Wayne Knapp of Minnesota has hit eight homers. The .400-plus hitters include second baseman Larry Fegley of Penn State with .404; shortstop Ron Cox of Missouri, .407; third baseman Jake Gibbs of Mississippi, .424; outfielder Thomas Perdue of Ohio State, .463, and outfielder Larry Peterson of Oregon State, .418.

Also on the list is outfielder Tyrone Cline of Clemson who has signed with the Cleveland Indians for $40,000.

Higgins at Helm for Bosox Today

DETROIT (AP) — Mike Higgins reached for the reins of the Boston Red Sox again today and indicated he doesn't intend to finish in the American League Cellar.

Asked whether he thought the club was a last-place team—and that's where it is after losing 25 of its last 32 starts—Higgins replied:

"I wouldn't think so. I certainly wouldn't think so."

He fended off questions about specific weaknesses or plans, however, saying "I haven't seen the team. I'll tell you about that in a couple of weeks."

He did say, "It appears to me that the pitching could be better than it has shown."

"I'm glad to be back," the big Texan smiled as he arrived here last night. "You sure do miss the dugout."

★ ★ ★

Higgins, who was replaced "with regret" last July 4, agreed Sunday from his Dallas home to come back as manager of the club.

"Naturally I was somewhat surprised," he said of owner Tom Yawkey's call to rehire him. "I gave him an answer right off.

"If Mr. Yawkey wanted me to come back I was happy to do it for myself and to do it for him," he said.

Higgins said he expected to use Russ Nixon, a catcher obtained in a trade from Cleveland yesterday, in tonight's game with the Detroit Tigers here.

Higgins discounted any trade talk, especially with the deadline looming.

"Ted Williams," Mike said of his slugging outfielder, "the last few days has been doing right well. I'll play him when he's available."

Higgins said he had no plans to try to talk Jackie Jensen, the outfielder who quit when traded from Boston, into returning to baseball.

Of Jensen, Higgins said "I think any ball club would miss a guy like Jensen He was a great player."

Higgins, retained by the Sox as a "special assistant" in the Southwest takes the place of Billy Jurges, released June 10 after being given a temporary leave following a doctor's examination.

Higgins replaced Lou Boudreau and his teams had a 360-330 record in Boston from 1955 until mid-1959. He finished fourth twice and third twice.

Champ Changes Attack Only to Workout Harder

Johansson Aims to Go Top Speed 15 Rounds if Necessary

GROSSINGER, N.Y., — (UPI) — Ingemar Johansson let out the big secret today. He said his new aggressive style had been adopted for training purposes only and not for use against Floyd Patterson in their return title fight Monday night.

Ingemar's surprising aggressiveness has been the widely publicized feature of this camp for the past five weeks as he prepared for his first defense of the crown.

His persistent attack — his relentless pressing of sparmates caused many observers in the Catskills to believe he would tear into ex-champion Patterson Monday night and try for a quick knockout.

But he said today "I changed my style in training this time to make me work hard — to make me throw a lot of punches in every round so I can go 15 rounds at top speed if necessary Monday night."

The fact that he is barging into his sparring partners doesn't mean that he's going to rush at Patterson in the first round, said the cahmpion.

"What I do Monday night," he said, "depends on what he does. I'll be ready for anything. I'm in much better condition than last year, I'm an improved fighter, maybe 25 or 30 per cent."

Johansson said he weighs 197 pounds, only one above his fighting weight.

Yesterday he was formally presented with the Ring Magazine's "World heavyweight Championship belt" by editor Nat Fleischer before more than 400 in the outdoor arena.

Avondale Church Softballers Just Ignore Weather

All but two teams braved last night's inclement weather to take part in Avondale Church softball league games.

The postponed contest was the scheduled battle for first place between Lake Orion RLDS and St. Paul Methodist.

Home Runs by Wayne Brannon and Molyneax and Ron Chaffee's two-hit pitching paced Judah Lake Baptist a 14-2 breeze over Avondale Baptist.

Bill Palmer got the victory as United Presbyterian tripped Pontiac RLDS 9-4, First Church of God walloped Elmwood Methodist 15-6 and darkness halted Emmanuel Baptist and Stone Baptist with the score tied at 5-5 after seven frames.

Tigers Hope Home Play Matches Wins on Road

DETROIT (AP)—The hit-happy Detroit Tigers are back from a triumphant road trip and they have 14 games to prove they can do just as well on their own home grounds.

They get their first chance tonight when they meet a reshaped Boston Red Sox team at Briggs Stadium.

The Tigers were a staggering team when they left on their road trip. The pitching was great but the hitters weren't hitting. And Rocky Colavito and Steve Bilko had just ended their exile on the bench.

But once on the road the Tigers started to jell. The pitchers and hitters began working together and Colavito and Bilko began banging the ball so well that Colavito boosted his average from .188 to .240 while Bilko soared from .141 to .262. Better yet, the club won eight of its 12 contests.

Manager Jimmie Dykes goes along with the general happiness trend. Dykes has indicated that even though the deadline on major league trading comes at 1 a.m. Thursday the Tigers aren't going to make any swaps.

★ ★ ★

Dykes said he was happy with the players he has and added that although Detroit could use some more bullpen strength he preferred to bring up youngsters from the farm system rather than trade for veterans.

Now in fourth place in the American League standings and just three games behind leading Cleveland, the Tigers will encounter a slightly revamped last place Boston team.

The Red Sox, 12 games out of first, will be playing their first game this season under manager Mike (Pinky) Higgins who returned to the post he lost almost a year ago.

And the Red Sox also will field two new players, catcher Russ Nixon and outfielder Carroll Hardy. Boston picked up the two from Cleveland yesterday in exchange for pitcher Ted Bowsfield and outfielder Marty Keough.

AP Photofax

I'M HERE — Mike "Pinky" Higgins beams a big smile after arriving in Detroit last night to join the Boston Red Sox whom he will manage for the rest of the season following the dismissal of Billy Jurges. The Bosox and the Tigers play a game tonight at Briggs Stadium.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: "I don't understand this 'overswinging'."

DIAGNOSIS: The term can be confusing.

TREATMENT: Much has been said and written by golf teachers about overswinging or "trying to kill the ball." At the same time, golfers have been urged to go ahead and take a good healthy cut at the ball, because distance is a prime factor in low scoring. Some confusion has been the natural result.

It is hard to describe in words just how much energy and effort a golfer should give to his swing. Certainly he must swing hard at the ball, because he can hardly play his best golf unless he gets his maximum power into the swing.

On the other hand, he must not try to swing so hard that he loses his balance.

Unless he stays on balance, he'll seldom hit the ball solidly. And even the most powerful swing is ineffective unless it brings the clubhead into solid contact with the ball.

A happy medium is what we're looking for to cover this problem. The best way I know how to phrase it is, "Hit the ball HARD, easily."

Start Cannon Test Case

LOS ANGELES (AP) — Halfback Billy Cannon's lawyer sketches him as a naive country boy from Louisiana who was slickered into signing a pro football contract in Philadelphia last Nov. 30 by the Los Angeles Rams.

★ ★ ★

Cannon, a star at Louisiana State University, also signed a contract with the Houston Oilers of the American Football League. The Rams and the National Football League have sued to enjoin Cannon from playing with the AFL, which makes its debut next fall.

Cannon maintains that regardless of the test case being tried here in U.S. court, he will not play for Los Angeles. The Rams contend that if he doesn't fulfill their contract he will sit out of pro football for the next four years (three years under the Los Angeles contract plus an option year).

Judge William J Lindberg of Seattle, trying the case, said the issue is whether Cannon's signature constitutes a valid contract with the Rams.

★ ★ ★

Cannon's lawyer, Lowell Dryden, maintains that the No. 1 issue is the credibility of the two witnesses to the signing of the Ram contract—Cannon and Pete Rozelle. Rozelle then was general manager of the Rams, now is NFL commissioner. He was to be called today as a witness.

IN COURT — All-America halfback Billy Cannon of LSU talks with his attorney Lowell Dryden in a Los Angeles court as the suit against him by the Los Angeles Rams began. The Rams are asking that Cannon be made to live up to his contract. They say he signed with them and then signed with Houston of the new American Football League.

Baseball Bill Moves on to U.S. Senate Floor

WASHINGTON (AP)—The baseball bill, which would liberalize the drafting of players from team to team, was in the lap of the Senate today. There was no indication how soon it might act.

★ ★ ★

The bill would provide that each major league club could own or control only 40 players exempt from draft by rival teams. There is one exception: A player would not be subject to draft until he had completed four years in organized baseball.

★ ★ ★

Just what effect the bill would have on the Continental League drafting players from the National and American Leagues remains to be seen.

The bill does not define a major league. It does not spell out whether a new league can simply declare itself in the majors and thus draft players, if the two older leagues dispute its right to do so.

★ ★ ★

The Senate Judiciary Committee Monday voted to report the bill to the Senate without any recommendation for or against its passage. The Senate may get the bill formally Monday.

Although it spotlights baseball, the bill seeks to apply antitrust laws to the business aspects of organized professional football, hockey and basketball as well. It also would exempt some phases of these sports from antitrust laws.

The Senate Antitrust and Monopoly Subcommittee drafted the measure's main provisions. Subcommittee aides expect it to be challenged in the courts if it is passed, no matter what language it may contain as finally enacted.

★ ★ ★

The Continental League has backed the bill strongly, complaining of monopolistic opposition from the two established big leagues. The majors deny any monopolistic practices.

★ ★ ★

Under the bill the draft provisions would become effective Dec. 10. Its main enforcement weapon, its backers say, would be the antitrust law provision against unreasonable or arbitrary actions that tend toward monopolistic practice.

★ ★ ★

The bill also would legalize the 35-mile radius of exclusive territorial rights for clubs in the four organized professional sports. It would legalize their right to restrict televising of games by stations within a 75-mile radius of the playing field on the day of a home game.

Yanks Crowd Leaders

By The Associated Press

Baltimore and Cleveland get going on a four-game argument over the American League lead tonight, but the New York Yankees, frolicking along at Kansas City, could be the club that has the last word.

★ ★ ★

The Orioles are a half-game behind the Indians as they open the three-day series at Cleveland. But the third-place Yankees are just one game shy of the top after winning their sixth in a row with an 8-4 decision over the A's Monday night in the only AL game scheduled.

It's Jim Perry (6-2), a right-hander shooting for his sixth straight success, for the Indians, and either Milt Pappas (3-5) or Billy Hoeft, the lefty just recalled from the minors, for the Birds.

Cleveland took over first place by winning five in a row, then slipped to second by losing the first two games of a scheduled four-game set in New York last weekend. The Indians climbed back on top Sunday when rain postponed their doubleheader with the Yankees and the Orioles lost two to Kansas City.

★ ★ ★

While the Birds and Indians play four, including a twi-night pair scheduled for Wednesday, the Yankees have three more left with KC, short for "Kissin' Cousins."

The Yankees made it seven straight over Kansas City, five this season, behind right-hander Bob Turley and slugging Moose Skowron Monday night.

Turley, now 4-1 with his fourth straight victory, had a one-hitter and had faced the minimum 21 men until the A's broke through for all their runs in the eighth. The Yankees had finished their scoring against loser Ken Johnson (2-4) and Bob Giggie by then. Skowron drove in four with a home run, single and sacrifice fly.

The Yankees, tying Detroit for the longest streak of the season in the AL, scored three in the first inning triggered by Tony Kubek's leadoff home run. Skowron homered in the third and then capped a three-run fourth by driving in two with his single. The Moose closed it out with the long fly in the sixth.

Turley had a perfect game until Whitey Herzog singled with one out in the fifth. Harry Chiti then hit into a doubleplay. A doubleplay also followed Bob Johnson's leadoff walk in the sixth.

Then came the eighth. Norm Sieburn opened with a double and Chiti, Johnson and Ken Hamline followed with one-out singles. A walk forced in one run and Bill Tuttle singled for the other two.

Turley finished with a six-hitter, striking out seven and walking just two for his second straight complete game.

Coast Guard Is Favored for U.S. Sailing Crown

DETROIT (AP) — The Coast Guard Academy is favored to take the national title Wednesday as the major events in the collegiate national sailing championships get under way on Lake St. Clair.

The Coast Guard moved into the favorite role on the basis of its 60-point victory margin in the New England spring invitational regatta.

The races continue through Saturday.

Competing for the national title over the 1½ mile Lake St. Clair course will be the Coast Guard and Boston University, representing the New England Collegiate Sailing Assn.; the University of Detroit and Ohio State, midwest; Navy and Princeton, Middle Atlantic Assn., and Occidental and Stanford, West Coast.

Hartack Engaged as Victoria Park Rider

STANTON, Del. (AP)—Trainer Horatio Luro advised today that jockey Bill Hartack had been engaged to ride E. P. Taylor's Victoria Park in the $35,000 Leonard Richards Stakes Saturday at Delaware Park.

Victoria Park, third in the Kentucky Derby and second in the Preakness, won the Queen's Plate at New Woodbine Saturday. Hartack won the Derby with Venetian Way and the Belmont Stakes with Celtic Ash.

Women 'Join' Tourney

ATLANTA (AP)—The southern amateur tennis tournament swings into its second round today with the ladies joining the action.

Only two seeded players ran into serious competition in Monday's opening round.

Mike Franks of Los Angeles, seeded No. 1, breezed past Al Pick of Atlanta 6-0, 6-0.

John Maloney of South Africa, No. 6, called on his experience to defeat Larry Shippey of Atlanta 7-5, 6-4.

Fourth-seeded Francois Godbout of Canada downed Pierre Howard Jr., Decatur, Ga., 6-3, 8-6.

High School Golfer Bags His First Ace

Banging a nine-iron shot, from No. 9 tee, at Clarkston Golf Club Sunday, 16-year-old Jim Gunter saw the ball run toward the cup, and disappear. The 140-yard flier proved to be Jim's first hole-in-one.

Jim was a member of Clarkston High's golf team this season, and his ace was the first of the season for the Clarkston layout. He was playing with his father and brother, and George Sugg, waiting at No. 9 tee, also witnessed the ace.

Busby to Orioles, Pearson Sent Down

BALTIMORE (AP) — Outfielder Jim Busby returned Monday to the Baltimore Orioles exactly two years after his first arrival.

The Orioles bought Busby from Miami, their affiliate in the International League. Albie Pearson, another outfielder, was sent to Miami in what amounted to an exchange.

★ ★ ★

Busby joined Miami this season after being released by the Boston Red Sox. The Orioles traded him to Boston after the 1958 season for infielder Billy Klaus. He batted .287 at Miami.

★ ★ ★

The pint-sized Pearson was exchanged by Baltimore for Lenny Green with Washington in May of last year. Rookie of the Year in 1958, the 24-year-old Pearson has batted .231 this season for Baltimore.

San Francisco Hosts Leading Pirates Tonight

Top Two Clubs Begin Three-Game Series; Burdette Wins 6th

By The Associated Press

Pittsburgh's National League-leading Pirates, getting their lumps on the road, trudge into San Francisco tonight for the opener of a three-game series with the second-place Giants, who haven't been doing much better at home.

★ ★ ★

The Pirates go into Candlestick Park with a one-game lead and right-hander Bob Friend (7-3) well rested for a duel with the Giants' Sam Jones (8-4).

Simple mathematics show that all the Giants have to do to take charge is sweep the set. That's what happened the last time the Bucs showed up at San Francisco. Pittsburgh went in with a two-game lead that time.

But that was a month ago. The Giants haven't won any of their last four series at home. And even if they break the slump by taking two of the three with Pittsburgh, they'll still trail the Pirates by percentage points.

★ ★ ★

The Giants missed another chance to close in on the Bucs Monday, blowing a 4-0, first-inning lead and losing 12-5 to third-place Milwaukee. That gave the Braves a split in the four-game series and put them within 3½ games of first place.

Johnny Logan drove in five runs for the Braves and Lew Burdette (6-2), who now has won three in a row for the first time this season. Logan doubled home a pair in a tying, four-run second inning that chased Jack Sanford, and then clinched it with a bases-loaded triple in the third off losing reliever George Maranda (0-1).

After the Giants got their four in the first, three on Orlando Cepeda's 11th home run, Burdette gave up just four hits the rest of the way. Ed Bressoud homered for the other run in the fourth.

It was the eighth time the Giants have had a chance to close in on the Pirates in the past two weeks—and the sixth time they've goofed. It also was the fourth time in that span that they've blown a chance to gain a virtual tie with the Bucs for first.

Bill Veeck Plans Big Giveaway on June 26

CHICAGO (UPI)—The Chicago White Sox plan to give away 1,000 cans of "Bill Veeck's Surprise Dinner" to ladies attending the Sox' June 26 game against the Boston Red Sox.

Veeck, White Sox president, announced yesterday the club would hold its second annual trading stamp day on June 26. Stamps would go to all ladies attending and to ball players.

The ball players would be "paid off" for merit. Each player on both teams would receive two books for a single, four for a double, six for a triple and 10 for a home run.

Both managers would get 15 books, as would any player hitting a bases-filled homer. Pitchers would get two books for each strike out and pinch hitters would get five apiece for hitting safely, plus the number of books earned by the hit.

Additionally, the ladies in the stands all stood to receive 100 trading stamps plus coupons good for 200 more.

Then there was to be a drawing for items ranging from compact cars to 1,000 jars of peanut butter.

In all, 19,000 items were to be given at the drawing.

Included were 1,000 cans of "Bill Veeck's Surprise Dinner," 10 yards of ready mix cement, 5,000 candy kisses and 1,000 loaves of frozen bread.

Matches Start at Spring Lake

GR's Carolee Evertse Medalist for Women's Open Links Event

SPRING LAKE, Mich. (AP) — Match play begins today in the 39th annual Spring Lake Women's Open golf tournament at the 6,088-yard Spring Lake Country Club course.

Carolee Evertse of Grand Rapids shot an eight-over-par 82 yesterday to earn medalist honors in qualifying for the tourney. She fired a 40-42 to top the field of 62 candidates.

Defending champion Patti Shook of Saugatuck was exempt from qualifying.

Two former champions, Mrs. Jack Scripsema of Grand Rapids (1958) and Mrs. Richard Babcock of Spring Lake (1949), and Sharon Miller of Marshall tied for runnersup with 83s.

Rounding out the championship flight were Nancy Way of Grand Rapids and Mrs. Edgar Reynolds of Lansing with 86s, and Mrs. Nels Michelson of East Lansing with 87.

Today's pairings: Miss Shook vs. Mrs. Scripsema; Miss Miller vs. Miss Way; Miss Evertse vs. Mrs. Reynolds, and Mrs. Babcock vs. Mrs. Michelson.

Rain-Plagued Series Hopes to Go Today

OMAHA (AP)—With the heavy rain clouds that have hung over Omaha for three days dissipating, the NCAA college baseball world series was expected to get under way again today after being washed out three times.

North Carolina was to play Minnesota. Two games were scheduled for tonight—Boston College and Colorado State College, and Southern California and St. John's of New York City.

Monday North Carolina coach Walter Rabb suffered a broken left wrist when he led his squad in a wind sprint during an indoor practice at the boys town field house west of Omaha.

Rabb fell heavily when a leg muscle tightened as he sped down the field house.

But he was expected to be with his team this afternoon, even, his doctor said, if a wheel chair had to be provided because of the leg hurt.

Palmer's Golf Earnings Lead Pros by $22,000

DUNEDIN, Fla. (AP) — Arnold Palmer of Ligonier, Pa., today held a $22,000 edge over his nearest rival in the race for golf's money winning honors of 1960.

* * *

The powerful, 29-year-old performer has won $52,200 this year on the tournament tour, according to latest Professional Golfers Assn. figures.

* * *

Dow Finsterwald of Tequesta, Fla., is second with $30,200. Others in the top five are Ken Venturi, Palo Alto, Calif., $29,800; Jerry Barber, Los Angeles, $27,200; and Julius Boros, Mid Pines, N. C., $23,800.

Cheslik Gets Big Prizes

Ex-Waterford Resident Bowls 300 in Florida

A former Waterford resident had to move to Florida to bowl his first 300 game in 25 years of trying.

John Cheslik, who left this area two years ago after operating a welding firm, hit his perfect game recently in league play at Hollywood, Fla. and has been collecting a jackpot of prizes ever since. He got $1,000, a diamond ring and watch and has more coming for bowling the first 300 to be rolled at an establishment.

Ironically, John is employed at a rival keg house as a mechanic.

Cheslik's previous best game had been a 279. His average had fallen off this year from 191 to 179 but the big effort may bring him back.

He and his wife, Alma, and their two daughters were plenty happy with the 300 before even realizing they had several prizes coming.

The Cheslicks have several relatives living in the Pontiac area.

Ortiz Accorded Top Role for Title Bout

SAN FRANCISCO (AP) — New Yorker Carlos Ortiz rates as the favorite at about 9-5 over Italian Duilio Loi for Wednesday night's junior welterweight title fight at the Cow Palace. He wants the victory as a stepping stone to a lightweight title bout.

Despite Loi's impressive record and his European welterweight championship, most observers have been more impressed with the little Puerto Rican in his workouts here.

In 110 bouts, Loi has lost only once and hasn't been defeated in the past seven years. At 31, he finally is getting a shot at a world championship after being a high-ranking lightweight contender several times.

Ortiz, 24, has lost only two of 35 fights. He reversed each loss in rematches.

Cubs Change Hurlers

CHICAGO (AP) — The Chicago Cubs today recalled pitcher Joe Schaffernoth from their Houston farm club and sent Ben Johnson to the same team on a 24-hour recall. Schaffernoth has an 8-2 record with Houston. Johnson is 2-1 with the Cubs. Both are right-handers.

American Legion Chief Pontiac Post 377 and its auxiliary have announced the election of officers for the coming year.

★ ★ ★

Elected commander of the post was Alfred Gulda of 4950 Elizabeth Lake Rd., Waterford Township. He has been a member of the post for six years.

The auxiliary president is Mrs. James Van Scoyoc of 3139 Pontiac Lake Rd., Waterford Township. She has been with the auxiliary since 1942.

Other post officers elected were L. C. McLauchlin, senior vice commander; John E. Harrington, junior vice commander; William Tunningley, adjutant; Verner Macom, finance officer, and Mitchell Rampart, chaplain.

★ ★ ★

The newly elected historian is Donald Richmond, Cletus Reed is sergeant-at-arms and Lyle Brown, the new judge advocate.

Auxiliary officers-elect include Mrs. Howard Bliss, first vice president; Mrs. Ernest Walker, second vice president; Mrs. Lawrence Curtis, treasurer; Mrs. L. D. McLauchlin, secretary; and Mrs. Emil Deaton, chaplain.

★ ★ ★

Others are Mrs. Roy Parden, sergeant-at-arms, and Mrs. Donald Richmond, historian. The post and auxiliary will hold a joint installation of the new officers in August.

61 Boston Educators Endorse Stevenson

BOSTON (AP)—Sixty-one Greater Boston educators today endorsed Adlai E. Stevenson for the Democratic presidential nomination.

★ ★ ★

Pulitzer Prize-winning poet Archibald MacLeish, Harvard sociologist David Reisman and faculty members at six colleges and universities signed a statement endorsing Stevenson.

★ ★ ★

Marshall Kaplan, chairman of the Massachusetts Stevenson-for-President Club, said more than 15,000 Massachusetts citizens have signed petitions backing Stevenson.

Among the signers was Mrs. Arthur Schlesinger Jr., wife of the Harvard historian who last week announced he backs Sen. John F. Kennedy of Massachusetts for the nomination.

May Is Busiest Month for Banks So Far in '60

Pontiac banks reported commercial accounts last month were the busiest of the year.

During May there was $92,259,485 worth of business transacted through customer accounts, according to Community National Bank and Pontiac State Bank.

The previous high of $92,111,871 was recorded in March.

Payrolls reached the second highest point of the year last month. Pontiac Manufacturers' Assn. reported a May payroll of $16,138,157. The previous high was January's $16,599,698.

Other figures indicating business trends in Pontiac last month were reported by the Post Office, the city building inspection and water departments, Consumers Power Co. and Detroit Edison Co.

State Dems to Read 'Strategy'

LANSING (AP)—The mails today carried 152 copies of Sen. John F. Kennedy's "Strategy of Peace," all of them gifts of Gov. Williams to Michigan Democrats.

★ ★ ★

The party group, 102 delegates and 50 alternates, will represent the state at the national convention in Los Angeles starting July 11.

Distribution of Kennedy's book that Williams credited with toppling him into the Massachusetts senator's camp came only a few days in advance of a preconvention caucus of the Democratic delegation.

Williams, as delegation chairman, will be trying at Saturday's caucus to swing into line a minority that leans toward Sen. Stuart Symington (D-Mo) and Adlai E. Stevenson — even though Stevenson says he is not a candidate.

Although party leaders expect all to close ranks by balloting time in Los Angeles, some privately estimate present Kennedy strength at about 40 of the state's 51 votes.

★ ★ ★

Newsmen were told by Williams after he declared for Kennedy that in reading "Strategy" he felt he "heard the next president of the United States talking" from the pages.

Mart Manages to Hold Steady

NEW YORK (AP)—Some market leaders eased fractions of a point early this afternoon as a faltering stock market struggled without noticeable success to maintain headway.

★ ★ ★

Gains and losses for the most part held to fractions or a point, with the latter increasing in number as trading continued, giving the list an irregularly lower tone. The market opened generally higher but quickly turned mixed.

Trading moved at an active rate, although the tape was able to keep up with transactions after the usual period of brief lateness at the opening.

Consolidation of last week's advance was the brokers' description of the market's current state. Easier money rates and published interviews viewing steel and rail business in an optimistic light weren't enough to push prices ahead, however.

★ ★ ★

Both steels and rails continued to show a mixture of plusses and minuses, as did most other groups. A few space age issues managed fair gains but others gave ground moderately.

U.S. Steel, American Telephone and Standard Oil (New Jersey) slipped fractions and General Motors held about unchanged. Westinghouse Electric lost more than a point.

Youngstown Sheet & Tube rose fractionally after its president predicted in a Dow Jones interview that steel production might turn upward in July. A similar story quoting the Pennsylvania Railroad president as hoping for an increase in freight rates left the stock of the nation's largest railroad off slightly.

Pleads Guilty to Price-Fixing

Allis-Chalmers Tells of Bid-Rigging; 12 Others Claim Innocence

PHILADELPHIA (AP)—Allis-Chalmers Manufacturing Co. today pleaded guilty to federal charges of price-fixing and bid-rigging in the sale of heavy electrical equipment.

Twelve other companies indicted with Allis-Chalmers pleaded innocent.

The 13 firms were indicted in connection with sales of more than 500 million dollars of equipment.

Ten executives of five of the companies also entered pleas of innocent.

TRIES 'NO DEFENSE'

W. Bradley Ward, an attorney representing Allis-Chalmers, first attempted to enter a plea of no defense in behalf of the company.

But when Federal Judge J. Cullen Ganey refused to accept this plea, Ward entered the guilty plea.

Also pleading guilty was J. W. McMullen, vice president and general manager of the Allis-Chalmers Power Equipment Division. Allis-Chalmers headquarters are at Allis, Wis.

Innocent pleas were entered by Westinghouse Electric Corp. and General Electric Co.—the nation's two largest; Federal Pacific Electric Co., I-T-E Circuit Breaker Co.; Joslyn Manufacturing and Supply Co.; H. K. Porter Co., Inc.; Schwager-Wood Corp.; Southern States Equipment Corp.; Moloney Electric Co.; Wagner Electric Corp.; Juhlman Electric Co.; and McGraw-Edison Co.

Some of the defendants were named more than once, and, in some cases, have entered pleas to various charges before today.

Claims Assessment Illegal

Troy Decries County Levy

TROY—City commissioners here last night decided to register a protest with the Oakland County Corporation Counsel regarding alleged illegal assessment for drainage ditches and repairs by the county Drain Commission.

★ ★ ★

According to city officials, several hundred residents and the city itself were assessed by the drain commission for the work without benefit of a public hearing.

In addition, city commissioners complain that the county unit exceeded the mile-cost limitation "by a considerable amount." They said the special assessments were paid "under protest."

According to City Clerk J. Lawson Lockhart, the city wants the situation corrected and also wants assurance that it will not happen again.

The counsel's report will be presented to the city commissioners before they decide whether to go ahead with court action on the matter.

The period of illegal assessment extends over a year, they said.

★ ★ ★

The matter of termination of the city's contract with Vilican-Leman and Associates Inc., Southfield plan consultants, was tabled for a month.

At that time a joint meeting will be held with the local planning commission, the Board of Appeals and the City Commission to decide whether to break off with the planning firm.

George Vilican Jr., of the Southfield company, receives a $6,500-a-year retainer from the city with provision for payments for extra services rendered.

The commission's voting majority wants a full-time planner.

After four months of consideration and study, the ordinance providing for licensing for top soil removal in Troy was passed last night by the Commission.

The purchase of two new police cars from Stark-Hickey Ford, Inc., was approved. The firm's low bid was $2,032.20 with trade-ins.

Special communications of Brotherhood Lodge No. 561 F&AM, Tuesday, June 14th, to conduct graveside services for brother Earl M. Guertler. Lodge will open at 12 noon. — Raymond A. Boatright, WM. —Adv.

News in Brief

Between 40 and 50 used tires, valued at an estimated $150, were stolen from Rogers' Texaco Service, 10 N. Opdyke Rd., Pontiac Township, the owner told sheriff's deputies Monday.

Thieves stole $23.50 from a change-making machine at the Quick-Clean Laundry, 220½ S. Telegraph Rd., yesterday, the owner reported to Pontiac police.

Won't Run for Old Seat

Higgins Not a Candidate

Despite some last minute urgings, Ferndale auto dealer George N. Higgins said he wouldn't be a candidate for his old State Senate seat this year.

Higgins, 59, of 31970 Bingham Rd., Bingham Farms, said he was too busy as a state civil service commissioner and on a state highway advisory board to become a candidate.

He was reported considering filing the $100 fee at the last minute for the senate nomination — on the Republican ticket.

"I'm still a Republican," he stressed, despite being appointed to the Civil Service Commission by Gov. Williams.

He said even as late as last night, one day before today's deadline for filing, friends were urging him to toss in his hat.

He served six years in the House of Representatives and eight years in the Senate from 1939 through 1952.

"I haven't got the time now," Higgins said.

He promised one thing, that he would "fight like hell" any candidate of either party that came out for a state income tax.

Higgins was a staunch backer of Sen. Carleton H. Morris (R-Kalamazoo) for the Republican gubernatorial nomination before he withdrew recently. Morris strongly opposed a state income tax.

Higgins said he'll now support the remaining GOP candidate, Paul D. Bagwell.

Tribute Slated for Sen. Lodge Tomorrow Night

Friends and fellow senators of Oakland County Sen. L. Harvey Lodge will thank him for his four years of service in the Senate at a special testimonial dinner Wednesday night.

★ ★ ★

And old political arguments apparently will be forgotten, at least for the evening.

For among the number of senators who have accepted invitations are Sen. Harold M. Ryan, Detroit Democrat.

Others who are expected to attend the $10 a plate dinner at the Old Mill Tavern are Sens. Paul C. Younger of Lansing, Clyde H. Geerlings of Holland, John Minnema of Traverse City, Frank D. Beadle of St. Clair, and John Stahlin of Belding, all Republicans like Lodge.

Lodge is seeking election as probate judge rather than a third two-year term in the Senate.

Convair Machinists to Vote on Strike

SAN DIEGO, Calif. (AP) — Machinists today were voting on an offer by Convair that could ease the missile industry's labor troubles, as strike deadlines neared for 50,000 other workers.

★ ★ ★

The International Assn. of Machinists began polling 30,000 members Monday night on an offer that involves field wage rates, per diem pay, relation benefits and seniority at Atlas missile bases struck eight days ago.

The strike, stretching from Cape Canaveral in Florida to California's Vanderberg Air Force Base, has tied up the sites that test and fire the mighty Atlas—the United States' only operational intercontinental missile.

IAM spokesmen said, however, that the supplemental offer by Convair concerns only the outside missile sites and does not affect all of Convair's 27,000 employes.

NEGOTIATORS KEEP BUSY

Voting was being conducted at Vanderberg, 165 miles north of Los Angeles; Edwards AFB, Calif.; Cape Canaveral; Offutt AFB, Neb., and Warren AFB, Wyo.

Negotiators continued to meet on an around-the-clock basis in San Diego.

In San Diego, the Engineers and Architects Assn. staged a walkout Monday, causing a heavy traffic jam outside the Convair plant.

Macomb Teen Gets Solitary for 81 Days

MOUNT CLEMENS (AP) — Donald Reaume, 17, has been given 81 days in solitary confinement and told: "You are either going to live in society or you will be removed from society. I'm giving you until Aug. 31 to think it over."

The statement was made yesterday by Macomb County Circuit Judge Howard R. Carroll as he imposed sentence on the Roseville youth.

Reaume was charged with probation violation. He had been placed on five years probation by Carroll for market burglary.

Police said he violated probation by breaking into two cabin cruisers and stealing fishing equipment and beer.

Corn Futures Meet Scattered Demand

CHICAGO (AP)—A scattered demand for corn futures met even lighter offerings today and prices of that grain were bid up major fractions of a cent during the first several minutes of dealings on the board of trade.

All deliveries were well ahead. Other grains and soybeans were mostly within a steady range on a small volume.

Soybeans steadied somewhat on an overnight sale of 448,000 bushels to Denmark and a small amount of soybean oil to Pakistan.

Lansing Deadline Today

Candidates Dash to File Petitions Before 4 P. M.

LANSING (AP) — Political battles for state and congressional offices were taking final shape today as candidates converged on Lansing to make their formal entries.

Deadline for candidates to file petitions or pay a nominating fee was 4 p.m. today.

Those who arrive at the secretary of state's office even a minute later will be out of luck, said State Elections Director Robert M. Montgomery.

Lively primary contests already are assured for a number of key offices.

Lt. Gov. John B. Swainson officially joined battle with Secretary of State James M. Hare for the Democratic nomination for governor yesterday, submitting petitions carrying a record 34,780 signatures. Detroit common councilman Ed Connor was to make it a three-man race today.

Paul D. Bagwell, the 1958 GOP gubernatorial candidate, is unopposed for the Republican nomination.

Donald S. Leonard, former state police commissioner, filed 21,147 names to qualify him to oppose Rep. Alvin M. Bentley (R-Mich) for the GOP nomination for U. S. senator.

Leonard, who ran unsuccessfully against Gov. Williams in the 1954 gubernatorial race, described the Owosso congressman as "a leopard who appears to have changed his spots for political advantage."

Bentley, he said, "is not so conservative as he has been, now that he is seeking office in an election year."

★ ★ ★

The former Detroit police commissioner labeled himself "a constructive, moderate conservative."

★ ★ ★

The winner of the Aug. 2 primary will take on Sen. Patrick V. McNamara (D-Mich), who will get the nomination for a second term without opposition.

★ ★ ★

Sen. Edward Hutchinson (R-Fennville), had the field all to himself for the lieutenant governor nomination until today, but several candidates from both parties were ready to jump into the fray.

Congressmen from all 11 outstate districts were assured of opposition in the Nov. 8 general election. Nominating petitions for all incumbents but Bentley have been submitted.

Those from Wayne and Oakland counties, single county districts, can file with their respective county clerks.

Hotly contested primary races were in prospect for Bentley's Eighth District where five Republicans and two Democrats have jumped into contention to fill the vacancy.

★ ★ ★

One of the Democratic contenders is Miss Mary M. Harden, retired schoolteacher from Carson City, who claimed to be the first woman ever to compete for the post from the district.

To Bid for Federal Loan

Polish City Renewal Plan

First step in the proposed urban renewal plan for the southwest portion of downtown Pontiac may be sought from the City Commission next week.

★ ★ ★

Robert A. Stierer, assistant city manager, said city planners are polishing up a bid for a federal loan to plan the project in detail.

★ ★ ★

Stierer declined to discuss the figures involved until they are reviewed for a final time.

Planners' interest in a second urban renewal project in Pontiac was reported earlier this year to the mayor's steering committee for downtown redevelopment.

The project under consideration would cover, basically that portion of the downtown area which federal officials trimmed from the current urban renewal project in the fall of 1958.

AREA IS TRIANGULAR

This triangular area is bounded, roughly, by Pike street on the north, Cass avenue on the west to Saginaw street on the east. Most of the Saginaw street frontage between Pike and Patterson street, however, is included in the present urban renewal project.

Stierer said the second project would be strictly commercial in nature, whereas the first one is residential.

Federal officials trimmed the Pike-Cass-Saginaw triangle from the first project because it wasn't predominantly residential.

After the decision, city planners foresaw that redevelopment of the triangle would have to proceed without federal aid, if it were to proceed at all.

But last year, Congress authorized the use of up to 20 per cent of urban renewal funds for strictly commercial redevelopment.

"We hope to qualify for aid under thi new program," said Stierer.

The triangle is considered an important factor in downtown redevelopment.

If the city were to acquire it under an urban renewal plan, it could be used as the site of the biggest commercial redevelopment in downtown Pontiac, planners figure.

Suggests Split of Bradley Fund

35 Shares Proposed of $1,250,000 Offered by U.S. Steel

CLEVELAND (AP) — A proposed division of $1,250,000 among the estates of 33 men who died and two who lived when the ill-fated Carl D. Bradley sank in Lake Michigan has been made by a commissioner.

★ ★ ★

Division of the settlement fund from U.S. Steel Corp. was proposed yesterday by Jerome N. Curtis, a Cleveland lawyer, who earlier this year took testimony on claims at hearings in Rogers City, Detroit and Cleveland. Curtis recommended a distribution of shares ranging from zero to $73,309.19.

Suits totaling about 16½ million dollars were filed against the U.S. Steel Corp., owner of the Bradley, after the 31-year-old limestone carrier, a 615-footer, went down in 360-foot-deep water off Gull Island during a storm Nov. 18, 1958.

An original offer by U.S. Steel to settle all claims for $660,000 was increased last Dec. 5 to $1,250,000. Curtis was appointed commissioner Dec. 10, and concluded his hearings March 18.

★ ★ ★

Claimants have until June 28 to object to Curtis' findings before Federal Judge Charles J. McNamee who will determine any changes in the commissioner's recommendations.

A Coast Guard investigating board last July 23 reported the Bradley must have "developed and undetected structural weakness or defect," and broken up during heavy storm and high waves.

The largest share recommended by Curtis was $73,309.19 for the estate of John F. Fogelsonger, 31, of St. Ignace, second mate. He left a widow, Mary Fogelsonger, 30; a two-year-old son, John Jr., and a one-year-old daughter, Sheri-Marie. His life expectancy was set at 38.2 years and his net average annual earnings at $9,980.

Mrs. Fogelsonger said "I sued for a million. It was kind of ridiculous, I guess. I think the recommendation is fine. I don't think I should have gotten any more. I don't have anything special to spend the money on. I probably will buy some stock and try to live on the interest."

19 Area Men Drafted During May

Pontiac Draft Boards No. 65 and 67 inducted 19 area men into the Army during the past month.

The new inductees from Pontiac were Bruce H. Gabert of 78 S. Francis St., Joseph E. Wier of 82 S. Edith St., Trueman G. Lamphere of 286 N. Saginaw St., Gary R. Sprout of 455 Midway St., and Guy A. Spratt of 459 Raeburn St.

Others from nearby areas were Nicholas C. Robards of Pontiac Township; Lester C. Wilmot Jr., and Louis J. Goderis Jr., both of Waterford Township, and Joel W. Capps, Jack A. McCully, James F. Rumble and Robert A. Yeargan, all of Rochester.

Also E. J. Hatton of Holly, Clark B. Martin, Gerald N. Cosway, and James L. Wilson, all of Walled Lake, and Larry L. Miles of Lake Orion.

Rounding out the list of new inductees were Ronald E. Ostrowski and Remi J. Emery, both of Royal Oak.

Five Congressmen Declare for Johnson

WASHINGTON (AP) — Three Democratic senators and two House members from the West joined Monday in urging that Sen. Lyndon B. Johnson of Texas be nominated Democratic candidate for president.

The five are Senate Majority Whip Mike Mansfield of Montana and Sens. Oren E. Long of Hawaii and Alan Bible of Nevada, and Reps. Cecil King of California and Daniel Inouye of Hawaii.

In a statement the five pointed out that in four sessions of Congress the Democrats had unanimously selected Johnson as their Senate leader.

Inouye said the people of his state, Hawaii, remember Pearl Harbor and don't want it to happen again.

"Johnson," he said, "is the only Democratic candidate who has the responsibility of leadership and judgment of statesmanship to prevent another Pearl Harbor."

Johnson still hasn't announced he is seeking the nomination but he is expected to do so soon.

To Order Pilots Back to Work

Judge Ready to Sign Injunction Which Would Aid Eastern Air Lines

MIAMI, Fla. (AP) — A federal judge, who has barred the Federal Aviation Agency from Eastern Air Lines strike case, said he would sign an injunction today ordering pilots to cease their walkout.

Also scheduled were hearings on contempt citations against some of the pilots who refused to honor a court order to fly Eastern's planes out of Miami.

The big carrier told U.S. Dist. Judge Joseph P. Lieb that the walkout, which is not union-sanctioned, is costing Eastern 1½ million dollars a day.

★ ★ ★

An EAL spokesman said only 21 per cent of its planes flew Monday. Eastern normally operates 400 flights daily on routes that extend from Houston, Texas, east to San Juan, Puerto Rico and north to New York.

The pilots struck Friday night at Miami in protest to allowing FAA inspectors to occupy cockpit seats on passenger flights. They claim that practice can distract the pilots.

The FAA was turned down on a request to intervene in the court case as an "interested party."

★ ★ ★

A spokesman for the Air Line Pilots Assn. said pilots of Trans World, American and Pan American air lines have adopted resolutions saying they will not fly planes in which full crews are not available for duty.

To Ask Mental Test for Ex-Wayne Lawyer

SAN FRANCISCO (AP)—The U.S. Attorney's office said yesterday it would seek psychiatric examination of Francis Parker Yockey, former Wayne County assistant prosecuting attorney, held under $50,000 bail on charge of passport fraud.

Asst. U.S. Atty. William P. Clancy, Jr., announced at a hearing on reduction of bail that a motion would be presented tomorrow in U.S. District Court, based on Yockey's actions in hearings before Commissioner Joseph Karesh.

Clancy said further ground for asking a psychiatric examination was the fact Yockey had been discharged from the army as a mental case. Security officials have shown interest in the case.

Parolee Sentenced to Prison Again

Paroled from Jackson Prison last December, Lyman G. Holt, 31, of 3478 Prairie St., Berkley, is going back.

Circuit Judge Frederick C. Ziem yesterday sentenced Holt to one to two years after he pleaded guilty June 2 to issuing 25 checks without an account.

He was paroled seven months ago after serving the minimum of a 3- to 10-year term for a similar charge.

A KISS FROM A PRINCESS—Princess Grace of Monaco, the former screen actress Grace Kelly, leans over to kiss the hand of her newest nephew, John B. Kelly III, son of her brother John B. Kelly Jr., rowing champion. The baby was christened Sunday with the Princess in attendance. She had flown home two weeks ago to visit her ill father. In attendance are Grace's mother Mrs. John B. Kelly, with the baby's sisters Anne, 3, at left, and Susan, 5.

Says Adlai Set for Draft Move

Pennsylvania Governor Sure All Dems Will Be Winners

HARRISBURG, Pa. (AP)—Gov. David Lawrence of Pennsylvania says he thinks Adlai E. Stevenson would run for president if the Democratic party urged him.

Lawrence, a powerful Democratic leader and staunch supporter of Stevenson in the 1952 and 1956 Democratic conventions, discounted statements by some that Stevenson could not win in view of the two previous losses.

"I think all Democrats can win," Lawrence told a news conference Monday.

Lawrence, who will head Pennsylvania's 81-vote delegation to the national convention in Los Angeles July 11, said he conferred with Stevenson by telephone during a weekend trip to Chicago.

★ ★ ★

"We talked about the whole (political) picture," Lawrence said. He declined to elaborate.

Stevenson said Sunday: "I am not a candidate."

But Eleanor Roosevelt, who had thrown Stevenson's hat into the presidential race shortly before his statement Sunday, said Monday she thinks he is a candidate.

Mrs. Roosevelt told a news conference she thought Stevenson would respond to a groundswell, which she indicated is developing, but "he will not ask people to make him a candidate."

But Can't Use State Funds

Court Rules Bus Service to Private Schools Legal

HARTFORD, Conn. (AP)—The Connecticut Supreme Court of Errors today ruled that a state law permitting transportation of parochial school pupils in public school buses is constitutional.

The state's highest tribunal added, however, that use of money from the Connecticut School Fund for this type of service is unconstitutional.

This means that some communities may have to revise their fiscal housekeeping.

★ ★ ★

But Chief Justice Raymond E. Baldwin, with three of the other four judges concurring, found nothing wrong with the law permitting nonprofit private school children to ride to their classes in public school buses.

The law, they said, "aids the parents in sending their children to a school of their choice, as is their right. It protects the children from the dangers of modern traffic and reduces the hazard of contracting illness in bad weather."

Moreover, the opinion continued:

"It is consistent with the present day policy of gathering children in modern schools for better educational opportunities. It primarily serves the public health, safety and welfare and fosters education.

"In the light of our history and policy, it cannot be said to compel support of the church. It comes up to, but does not breach, the "wall of separation" between church and state."

★ ★ ★

The fifth justice Samuel Mellitz, disagreed with the portion of the opinion ruling the law constitutional.

He said the question was whether the fact that the town pays for transporting pupils to and from the Roman Catholic school involved in the case constituted support of the school.

He said it did and that this was not constitutional.

The school bus law has produced one of Connecticut's bitterest controversies since it won narrow approval by the 1957 General Assembly after a House vote of 134-133.

★ ★ ★

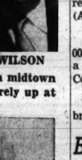

The test case involved a handful of school children in Newtown, one of Connecticut's smaller towns.

Linda's Always Had a Life of Luxury

By EARL WILSON

NEW YORK — I was talking to Linda Christian about her memoirs and asked if she'd discuss all her love affairs. "Not just love affairs—a search for happiness . . . SAY, THAT'S NOT A BAD TITLE!" Linda exclaimed.

"All my life, I've been in the lap of luxury," she said. "I've been to the best schools. People who don't know this say 'Who's keeping her?' For two years during the war when we were cut off from my father's money, I had to work and learned the value of money. But I still can't add. I was in a bank yesterday for an hour because of a summation I'd made in favor of the bank against myself. And when I came out, I owed $5 for a parking ticket."

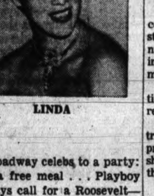

WILSON

I wish some philanthropist'd build benches in midtown so strollers in our beautiful city could gaze leisurely up at St. Pat's or Time-Life, or Seagram's, or Steuben Glass — Why, there's no place to sit!

I'm getting an honorary degree of Doctor of Letters — and the wife tells people, "It means he knows his A,B,Cs."

I had a Voisin salad so delicious, I got the ingredients for you salad-lovers: Chicory, escarole, endive, chutney, oil and vinegar. Created by the late Jules Miller, founder of Voisin, it's been a success 50 years.

Enters Innocent Plea for Driver

Delbert McCluskey of Troy Mute in Court on Mrs. Cooper's Death

A plea of innocent was entered yesterday for Troy truck driver Delbert R. McCluskey, charged with negligent homicide in the May traffic death of an Avon Township woman.

★ ★ ★

McCluskey, 50, of 1825 Eastport St., stood mute when arraigned before Circuit Judge Stanton G. Dondero.

His $500 bond was continued pending his trial in Circuit Court. No date was set.

A warrant charges McCluskey with failing to stop on May 17 at a red light at the intersection of M59 (Auburn road) and Rochester road.

★ ★ ★

His huge truck, loaded with 90,000 pounds of gravel, crashed into a car driven by Mrs. Glema M. Cooper, 55, of 589 South Blvd.

Mrs. Cooper was killed instantly. McCluskey said the truck's brakes failed.

Broadway Cheers as Its Curtains Rise Once More

NEW YORK (AP) — Broadway celebrated the end of its first stage blackout in 41 years Monday night in a welcome blaze of glowing marquees and the sounds of music, drama and song.

Curtains went up for the first time in 12 days as 19 productions returned to the boards.

It was a happy end to the contract fight between actors and producers. Actors, producers and show-starved theater-goers made the most of it.

★ ★ ★

The nearly 800 actors who returned to the footlights gave the kind of peppy, inspired performances associated with first nights. They were back on stage with wage increases plus the first actors pensions in theater history.

Producers, overjoyed to see the end of a shutdown that cost them a million dollars in box office receipts, exchanged warm felicitations as throngs milled outside busy ticket windows.

The Antarctic continent is almost as large as South America and has the highest average elevation of any of the world continents.

Reruns Begin to Sprout; Let's Pick the Flowers

By FRED DANZIG

NEW YORK (UPI) — Chin up. Let's not lock the door and have a good cry just because the summer rerun, TV's crabgrass, has started sprouting across the network gardens.

★ ★ ★

Since it can't be stamped out, we'll avert our gaze from the blighted areas and, like Ferdinand the Bull, we'll seek out the flowers.

What TV night-blossoms, first-run only, will beckon us to the video gardens in the hot months ahead?

First, the familiar weekly shows that will keep going with new material:

Sunday — "Music on Ice," "Ed Sullivan Show," "Mystery Show" and "What's My Line."

Monday — "Ted Mack's Amateur Hour."

Wednesday — "The Price is Right," "Music for a Summer Night," "I've Got a Secret," boxing, "U.S. Steel Hour" (alternate weeks).

Thursday — "To Tell the Truth."

Friday — "Masquerade Party," and "Play Your Hunch."

Saturday — "Dick Clark Show" and Lawrence Welk's Dancing Party.

Second, the brave new shows that will be coming along this summer, in defiance of the rerun tradition:

★ ★ ★

A detective-science series, "Diagnosis Unknown," will sub for "The Garry Moore Show" each Tuesday. "Moment of Fear," a suspense series, replaces the Friday night fights. A Western "Wrangler," replaces Ernie Ford.

"Video Village," a game show, takes over part of "Desilu Playhouse. New episodes of "Richard Diamond" and "Invisible Man" are scheduled, too. In addition, we're promised a number of first-run situation comedy films in the Red Skelton and "Hennesey" corners. A revamped "Talent Scouts" is returning, along with "The Spike Jones Show." New episodes of "Happy" and "Tate" continue in Perry Como's time slot.

Summer specials on TV are usually as rare as a Nelson Rockefeller photo in Richard Nixon's office, but we can look forward to "The Emmy Awards" next Monday, "Eddie in Wonderland," starring Eddie Hodges, on June 23, "Coke Time," starring Pat Boone and other teen-age idols, on June 27, and a Phil Silvers Musical on June 30. After that, we wait until early August for "Esther Williams at Cypress Gardens."

★ ★ ★

Sports, politics and pulchritude round out the summer TV attractions. The pulchritude comes on July 9 when the "Miss Universe" finals will be televised. The "Miss America" show comes in September.

★ ★ ★

On July 2, there's sports — the final Olympic track and field trials. The PGA competition will be televised on July 23 and 24. The summer Olympic games in Rome will be packaged into 20 hours of TV programming between Aug. 26 and Sept. 12.

Politics? The political jousts in Los Angeles with the Democrats and Chicago with the Republicans will keep the tubes aglow through the week of July 11 and July 25, respectively.

On July 30, Herb Shriner will be the host for a salute to the Boy Scouts.

Devotees of "Pantomime Quiz," are out of luck this year.

Between the above-mentioned programming, everything else is crabgrass, or reruns, this summer.

New Army to Back Up Police if Any Trouble When Ike Comes

TOKYO (AP)—Japanese security officials are alerting troops of Japan's new army to back up police in case violence flares during President Eisenhower's visit.

A Defense Board spokesman said a 2,000-man regiment had been placed on alert and a division of 15,000 stationed in Tokyo could be rushed up if the situation warranted.

★ ★ ★

The spokesman stressed that responsibility for guarding Eisenhower rests with a 25,000-man police force to be mobilized against leftist demonstrations expected when Eisenhower arrives Sunday.

Violence accompanied police raids on union and student headquarters in search of leaders of Friday's Communist-sparked mob attack against White House press secretary James C. Hagerty's car.

In a series of pre-dawn raids, police rounded up five officials of a leftist labor union and seized evidence after searching a factory in Kawasaki, south of the capital, and headquarters of the Zengakuren student federation on two Tokyo campuses.

Zengakuren students tried to repel the police with rocks and staves. Eleven policemen were reported injured, but no students were arrested.

Major non-Communist leftist organizations were reported considering abandoning plans for a large-scale demonstration at the airport, although it appeared likely they would demonstrate elsewhere during the President's visit against the U.S.-Japan security treaty and Prime Minister Nobusuke Kishi's government.

There were reports of a possible truce between Kishi's beleaguered government and its Socialist opposition to take the heat off Eisenhower's visit.

Natives of New Guinea Lay Claim to the Moon

By THE REV. DR. R. M. WILTGEN, S.V.D.

MADANG, New Guinea (UPI)—When the first American or Russian lands on the moon, he will find his country's lunar claim disputed by some natives of New Guinea who say it's their own personal property.

Authority for this statement is Peter Aiu of Rivo, custodian of native traditions in this area, who says the moon originally belonged to the villagers of tiny Malmai Island just north of Madang.

According to Aiu, one Malmal native was long ago appointed keeper of the moon, which he always kept locked up in his room by day, hanging it up in the village by night to spply everybody with light.

Then one morning, leaving most of their children behind, the men and women of Malmal went to the mainland to work on their gardens.

"Open the door and let us have a closer look at the moon," said curious youngsters to the boy whose father was keeper of the moon.

"No, I can't do that," the boy said trembling. "If my father ever found out that I opened the door while he was gone, he would give me the worst beating of my life."

But his playmates bothered him so much that he finally gave in and unlaced the strong vines which held the door shut.

In a flash, the moon sprouted legs and ran away as fast as he could, out of the grass hut, across the yard and up the highest tree in the village.

THROWS EMBERS

One of the boys had enough presence of mind to pick up some glowing embers from the fire on the floor and throw them into the moon's face as he ran past, hopping to blind the moon and hinder his flight.

But the moon's eyes were not damaged and his escape seemed complete.

The keeper's son doggedly went after the moon and followed him up the tree. The moon kept right on going and after clearing the top of the tree, he went sailing through space until he landed somewhere between the earth and the stars where he has remained ever since.

That night the keeper of the moon came back from the mainland and gave his disobedient son the worst thrashing of his life.

"Today when you look at the moon," Aiu said, "you can still see the black marks from the glowing embers that were thrown in his face."

Aiu confessed that he personally was not sure whether the story was fact or fiction, but he said it had been handed down by his ancestors for countless generations.

May Leave Britain Without a Farthing

WASHINGTON—Britain's famous farthing, worth one-fourth of a penny, may be going the way of the Confederate dollar.

The bright bronze coin will buy literally nothing, though it costs the Royal Mint a halfpenny to make one. Nowadays the bit is mentioned most often in the wills of testy old uncles who wish to cut off their playboy nephews "without a farthing."

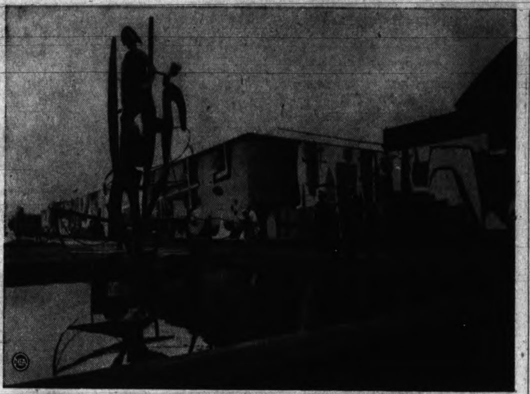

Most of the 250 or so millions of farthings struck since 1860 apparently lie forgotten in bureau drawers or catchalls. None has been manufactured since 1956. The Royal Mint believes that the coin's usefulness has ended, and it should be withdrawn.

Before the farthing dropped out of sight, eight coins were used commonly in Britain, the National Geographic Society says. The others are the halfpenny; the huge brown penny; the threepence or "joey"; the sixpence, which is worth eight pennies in terms of United States money; the shilling or "bob"; the two-shilling florin; and the half crown. Most are sizeable, heavy, handsome coins that clink cheerfully in one's pocket but tend to wear holes in it rapidly.

The farthing is about the size of an American cent, but slimmer. In name it is one of Britain's most historic coins. Beowulf, the 8th-century hero of Britain's oldest epic, spoke of the "feorthung" or the "fourth-thing." The King James version of the Bible tells of the poor widow who "threw in two mites, which make a farthing" (Mark xii:42).

FOUNTAIN AND 500-FOOT MURAL: "Cowboys and Indians would not be very creative."

Should Paint Cowboys, Indians

Abstract Art at Oregon Centennial Elicits Sneers From Traditionalists

By AILEEN SNODDY

PORTLAND, Ore. (NEA)—The most controversial display at the Oregon Centennial is art.

The Centennial needed artwork to enliven a 65-acre tract near the stockyards as its exposition grounds. It awarded a $25,000 contract for a 500-foot abstract mural and six metal fountains to a Vancouver, Wash., sculptor.

The Oregon Society of Artists, as might be expected, said the commission should have gone to Oregonians.

The Society also objected to the exposition's overall art theme — mainly abstract expressionism. It wanted more representational art — Indians, covered wagons and giant trees.

Portland artist Louis Bunce received a $2,500 commission for a 25-foot mural for the exterior of an exposition building. Oregonians are still grumbling about his large abstract mural unveiled this spring at the International airport here.

Portland artist Carl Morris executed several abstract murals in a Hall of Religion building on the grounds. The building itself resembles a pot-bellied teepee with too many poles at the top. Traditionalists say the murals are out of place.

But that isn't all. The Sign, Scenery and Pictorial Union claimed jurisdiction over mural painters who were filling in the pre-fabricated 500-foot mural that covers the International Trade Fair Building. The artists objected.

However, the Centennial commissioners stood firm. When the gates opened to the Exposition grounds north of here June 10, the controversial works were resting peacefully in place. Not so the viewers.

One of the commissioners, Anthony Brandenthaler, snapped, "Cowboys and Indians on the buildings would not be very creative."

Another commissioner, Howard Lane, called the murals "excellent as utilitarian art."

Mrs. Monroe Sweetland, also a commissioner, said the giant mural on the Trade Fair Building did an excellent job of camouflaging a hideous structure. To Easterners who expressed surprise at the extent of modern art in the Portland area, she said, "The East has a very colonial attitude."

* * *

Muralist Bunce is a quiet-spoken man, with wavy graying locks. Married, he likes traditional home furnishings and does a mean Charleston.

He is director of the Associated Painters and Sculptors, representing this city's professionals.

A sad note creeps into his voice as he discusses the task of the artist to educate the public to appreciate and buy.

"Oregon may be celebrating 100 years of pioneering," he says ruefully, "but there are no pioneers left here . . . not in progressive thought."

Marine Band Full of History

Only Group to Play Regularly at Social White House Affairs

WASHINGTON — The Marine Band, the only musical group that performs regularly at White House social functions, has played a rhythmic accompaniment to the nation's history.

Fifes and drums of the Continental Marines sounded aboard John Paul Jones' fighting ships in the American Revoluion.

In 1798 the Marine Band earned official status by an Act of Congress calling for "one drum major, one fife major and thirty-two drums and fifes."

Through the years the band has grown into a superbly skilled organization, Stuart E. Jones points out in the National Geographic Magazine. Most bandsmen are graduates of the nation's leading conservatories — Peabody, Eastman, Curtis or Juilliard. They can play the most difficult symphonic works.

The band has made nationwide tours since 1891 when John Philip Sousa was its famous leader. In 1960 the Marines' music men will visit the southeastern and southwestern states. Proceeds of the concerts go to charity or to civic projects, with the sponsors underwriting all expenses.

The earliest Marine musicians piped and thumped in the streets of Philadelphia when it was the capital of the United States. Youths trooping after them heard a patriotic speech—and often wound up in the corps.

Works Out New Way to Find Lost Child

PHILADELPHIA (UPI) — A new method for finding lost children is working out well here, reports Police Commissioner Thomas J. Gibbons.

Replacing the previous "all-points bulletin" procedure of notifying police throughout the city, the new system is based on a concentration of manpower.

The report of a missing child 10 years or younger marshals the forces of the Juvenile Aid Division, policewomen, divisional detectives, traffic division motorcycle police and patrolmen, detectives of the intelligence squad and the uniformed men of the district station.

Dozens of men and women are thus thrown into a concentrated search in the area where the child was last seen.

In every case where the new system has been used since it was inaugurated last June, the missing child has been found within a matter of hours.

WELCOME CEREMONY — President Eisenhower stands at attention with a lei of flowers around his neck as the National Anthem is played shortly after he arrived in Manila. Next to him is Philippines President Carlos Garcia. A million and a half wildly cheering Filipinos greeted Eisenhower on the second stop of his current foreign trip.

Township Picks From 17 to Fill Four Vacancies

Victory List Includes Boardman, Barningham, Field and Lemaux

Four new members were elected to the Waterford Township Board of Education in the annual school election yesterday.

Among the 13 unsuccessful candidates were two incumbents.

Winners of the four positions were John D. Boardman, 957 votes; Mrs. Dorothy B. Barningham, 689; Robert E. Field, 806; and Duane M. Lemaux, 627.

Mrs. Barningham and Lemaux will succeed incumbents Mrs. Donald E. Adams and Lester K. Carlson for three-year terms.

Field and Lemaux will fill newly created posts, bringing total Board

membership to seven. They were elected to four-year terms.

Defeated in attempts to gain three-year terms were: Leonard W. Coats, 610; Mrs. Elizabeth S. Adams, 585; Lester K. Carlson, 555; Mrs. M. Virginia Ross, 447; John W. Osborn, 294; George H. Bellairs, 286; Charles W. Meyka, 175.

Unsuccessful in seeking four-year terms were: Donald W. Fraser, 613; Frank R. Ruffass, 561; Raymond L. Cole, 550; Dennis D. Donnelly, 339; Welbon A. Crebassa, 317; and Verner G. Goodger, 118.

Altogether, 2,260 votes were cast. A former Pontiac school teacher, Mrs. Barningham, 52, lives with her husband and their two teenage children at 2856 W. Huron St.

WANTS GOOD VOTER TIES

Said Mrs. Barningham:

"I will strive to increase a good relationship between the school board and the township voters."

Field, 44, of 147 S. Avery Rd., is a mechanical engineer at General Motors Truck and Coach Division.

He has lived in the township the last 10 years, following graduation from the General Motors Institute. He is married and has three children.

Field said: "I will do everything I can to make this school

746-Vote Bulge Tops Downes in City Election

School Board Prexy Returns for Another 4-Year Term

Pontiac Board of Education President Glenn H. Griffin last night was re-elected to a four-year term on the school system's governing body by a 746-vote margin over his sole opponent, Willie S. Downes.

Griffin polled 2,416 votes, to 1,670 for Downes.

★ ★ ★

Including invalid ballots, a total of 4,135 registered voters turned out at the school district's 19 polls in what is considered a "very good" response to a one-seat Board vacancy election.

There are some 42,000 registered voters in the school district.

Griffin's was the only expiring term this year on the seven-member Board. He has served as a Board member 11 years.

★ ★ ★

For Downes, yesterday's results handed him his second defeat as a Board of Education candidate.

The Pontiac Township industrialist ran for a four-year term in 1948 and lost by a vote of 686 to 439 to Donald Porritt.

Griffin won a majority of votes in 13 of the 19 precincts.

MARGIN TOO SLIGHT

Downes was victorious at the Close street station precinct, Wilson precinct, Central precinct, Hawthorne precinct, Jefferson precinct and the Willis precinct.

It was evident as precinct reports came in to the Board of Education offices last night, however, that Downes' margin of victory in precincts he carried was too slight to be hopeful.

Griffin's led grew and then doubled with the final report from Washington precinct.

★ ★ ★

A cheer went up in the Board offices as the final count was chalked in on a blackboard close to 10 p.m.

Said Griffin: "I am most appreciative of the support at the polls. I am happy to have the

Filipino Multitude Ecstatic Over Ike

MANILA (AP)—A joyous, singing, almost uncontrollable mass of Filipinos today nearly overwhelmed President Eisenhower with an ecstatic welcome.

This land which the United States set free only 14 years ago gave Eisenhower perhaps the greatest tribute he has ever received overseas.

One and a half million or more roared their acclaim along a flag-bedecked route showering Eisenhower with a near blizzard of pastel confetti and even paper boxes.

The crowd rivaled the nearly hysterical turnout of Indians who welcomed Eisenhower to New Delhi last December.

★ ★ ★

Sometimes surging out of control, the tide of humanity slowed his parade to a walk as they jammed to within inches of the open car.

He rode beside Philippine President Carlos P. Garcia from the airport to downtown Manila, 10 miles.

Acrid fumes from the slow-moving cars occasionally brought tears to Eisenhower's eyes. Filipino and American security agents strained to clear a path in humid 85-degree heat. One enthusiastic well-wisher tried to climb on the hood of the automobile. Police hustled him away.

ESTIMATES VARY

U. E. Baughman, head of the U. S. Secret Service, estimated the crowd at 1½ million. The Philippine press secretary, Jose P. Nable, said police and military officials set the total at three million—1½ million in Manila alone.

Dripping with perspiration, Eisenhower flashed his famous grin at the crowds.

They smiled and waved back at him with affection for a home town boy made good—the young Army officer who served here in the '30s and later became president. The display was unequaled in the islands' history.

The tone of the popular greeting was obvious from the moment Eisenhower landed at the airport after a long, tiring flight from Alaska via Wake Island.

Garcia—despite political pressures that sometimes make it expedient to strike an unfriendly pose toward America—was unstinting in his praise of Eisenhower and the United States as leaders of the free world in a quest and just world peace."

Kennedy Lashes Again at Ike, Nixon Policies

WASHINGTON (AP)—Sen. John F. Kennedy (D-Mass) said today that if Soviet Premier Nikita Khrushchev hadn't wrecked the summit conference it would have foundered on what he called obsolete U.S. policies.

Kennedy, a leading candidate for the Democratic presidential nomination, said that if the presidential campaign turns on the issue of who best can stand up to Khrushchev, the American people will lose, no matter who wins in November.

★ ★ ★

His major Senate speech coupled a series of foreign policy suggestions of his own with a slashing attack on President Eisenhower and Vice President Richard M. Nixon, the probable GOP presidential nominee.

It obviously was intended both to reply to his Republican critics and to counter implications by some supporters of rival Democratic aspirants that Kennedy, at 43, is too youthful and inexperienced to negotiate with Khrushchev.

Kennedy said the American delegation headed by Eisenhower went to the Paris summit meeting with "no fresh ideas" and only "obsolete policies and meaningless slogans."

"Our conferees have consistently gone to the international bargaining table ill-staffed, ill-prepared and ill-advised," he said. "Coordinate efforts — with all agencies and all allies—have faltered without strong direction from the top; and strong direction from the top has often faltered because the president has not been kept fully informed."

★ ★ ★

Because of this, the Massachusetts senator said it was "fortunate that the violent manner in which the Soviets carried out their determination to wreck the summit made it clear to the world that the blame for the collapse of the conference rests on Mr. Khrushchev."

Political 'Stars' Battle for Featured State Role

LANSING (UPI)—Douglas Fairbanks and Charles Boyer both want the same featured role in the Wexford legislative district.

Fairbanks, a Democrat and Cadillac businessman, filed nominating petitions yesterday for the part now played by Boyer, Republican state representative and Manistee insurance man.

County's Patrol Joins Nikita in Missing the Boat

The Oakland County Sheriff's Water Patrol isn't going to get that jet-powered speedboat from the government.

★ ★ ★

The boat is a special 18-foot Turbocraft, without propeller or rudder, that President Eisenhower was to give to Nikita Khrushchev on the President's canceled trip to Russia.

When the trip was called off, Water Patrol Deputy James W. Stuart of 2611 Landsdowne St., Waterford Township, wrote the President about the county's water safety program and suggested that the boat could be put to good use by the Water Patrol.

★ ★ ★

Word came from Washington today that the boat, which had been sitting on the lawn of the American embassy in Moscow, will be returned to its maker.

City Rejects Sewer Line for New Shopping Center

City commissioners again have turned down a request for sewer service to the proposed shopping center area at Telegraph and Elizabeth Lake roads in Waterford Township.

The request was made by Aaron Gershenson of the A & W Management Co. of Detroit in behalf of the proposed Montgomery Ward Co. store.

Gershenson asked the city to let the store tie in with Pontiac sewers.

On advice of City Manager Walter K. Willman, city commissioners at their informal meeting last night decided to stick by their policy of "no services without annexation," at least for a while.

"We will tell the company that the present policy may be reviewed after the new sewage treatment plant is under way," said Willman.

Willman said additional loads on the sewage disposal system are unwelcome at present.

Another shopping development planned at the 75-acre site failed five years ago when the city and township bassled over sewage connections.

At the end of the month the city will be in default of a Water Resources Commission order to have contracts signed for $3,300,000 in improvements in the sewage disposal system.

The state board probably will go to Circuit Court for an order forcing the city to finance the improvements. Willman wants to do it through a general obligation bond issue.

Latin Lovers Attention: Princeton on Your Side

PRINCETON, N.J. (AP)—The salutatorian at every Princeton University graduation since 1748 has read his address in Latin.

And, unles today's 213th commencement is an exception, all the classmates will laugh or applaud in the right place.

Each graduate gets a copy of the speech with notations when to applaud, laugh, groan or shout.

Commencement Slated Thursday

Central to Graduate 420

Diplomas will be awarded to 420 Pontiac Central High School graduates at commencement exercises beginning 8 p.m. Thursday in Wisner Memorial Stadium.

The commencement speaker will be Dr. Stanley J. Idzerda, director of Michigan State University Honors College and assistant to the provost.

Presiding over the program will be Glenn H. Griffin, president of the Board of Education.

Graduates will file in to the ceremonies to the processional, "Pomp and Circumstance," played by organist A. Michael Dempsey, Central High music teacher.

The Rev. Paul T. Hart, pastor of the First Methodist Church, will deliver the invocation.

After remarks from Senior Class President Kenneth Shaw, Idzerda will present his address on "The Next 50 Years and the Last 2,000."

Idzerda is a member of the Committee in Teaching of the American Historical Assn., a trustee of the American Society for Aesthetics and Art Criticism and a regional associate of the American Council of Learned Societies.

SPEAKER'S WORKS

His published works include articles in the fields of French history, American literature and theoretical studies concerning general education and the education of the gifted.

Idzerda's address will be followed by the march, "Sortie Toccata," and presentation of the graduating class by Francis W. Staley, principal.

Dr. Dana P. Whitner, superintendent of schools, will award the diplomas.

The recessional, "Trumpet Voluntary in D," will conclude the program.

★ ★ ★

Recognition will be given to 20 "Special Honors" students during the program. These students ranked in the top five per cent of the graduating class scholastically.

They are Ruth Bell, Judy Cantarella, Mary Coleman, Priscilla Dawe, Linda Dorris, Sherry Fink, Dianne Flicker, Theodore Gaensbauer, Dianne Hillman, Richard Jackson, Ronald Joyner, Suzanne Koprince, Charlotte Lange, Nancy MacAfee, William Rioseri, Kenneth Shaw, William Shile, Barbara Strang, Valerie Vasbinder and Sandra Wray.

Graduating class officers are Kenneth Shaw, president; Jerry Jerome, vice president; Dianne Pickford, secretary; and Mary Aughenbaugh, treasurer.

The commencement program will be held at the high school in the event of inclement weather.

Pontiac Northern High School's commencement exercises will take place at 8 p.m. Friday in the school's gymnasium. Dana Rose, assistant vice president of the Michigan Bell Telephone Co., will address the 226 graduates.

About Grand Rapids Furniture

To Answer Charges of 'Waste'

WASHINGTON (AP) — The State Department promised today what it called "a detailed refutation" of charges by Sen. William Proxmire (D-Wis) that it was guilty of serious irregularities in buying furniture.

Proxmire told the Senate Monday that a firm headed by the son of Secretary of Commerce Frederick H. Mueller had received nine contracts totaling $89,400 for furniture for embassies abroad.

"Not one of the contracts was awarded on the basis of competitive bids," Proxmire said.

He particularly criticized the purchase of more than $69,000 of furniture for the U.S. Embassy in Caracas, Venezuela, and the shipment of most of it there by plane at an added cost of $30,000.

He rejected as unsatisfactory the State Department's explanation that the decision to ship by plane was made because of a longshoremen's strike. He said the strike ended last Oct. 9 and the embassy wasn't ready for occupancy until Nov. 1.

The State Department said that if the furniture had not arrived by Nov. 1, it would have had to retain its old quarters for another month at a rental cost of $11,000.

Proxmire recalled that in a Wisconsin speech last November, Secretary Mueller declared "we shall continue to expose (and) strike down every 'spendthrift' claw reaching for the taxpayer's pocket."

BOUGHT IN GRAND RAPIDS

Proxmire said he knew of no financial interest Mueller had in the son's business, adding that Mueller had severed his connections with furniture manufacturing when he came to Washington in 1955.

★ ★ ★

In Grand Rapids, Mich., the secretary's son, Frederick E. Mueller, said that Proxmire was playing partisan politics with half-facts and innuendos.

★ ★ ★

He said his firm, Mueller Metals Corp., had done business with the State Department for years before his father became secretary of commerce. He said that the Caracas transaction followed standard practice and was not extravagant.

Secretary Mueller declined comment, but an aide said he has no connection with his son's firm and has never tried to solicit government business for the firm.

Parks Get 8,000 Books

LANSING (AP)—The State Library has shipped some 8,000 books to 37 state parks for use by summer campers. The number was the largest shipped in the 12-year history of the program, reported Mrs. Loleta D. Fyan, state librarian.

Herter Says Soviets Have Largest Network of Spies in World

WASHINGTON (AP) — "The Soviet Union," says Secretary of State Christian A. Herter, "has built the largest of all intelligence machines and maintains an unparalleled network of agents throughout the world."

★ ★ ★

Herter said, "It has been reliably estimated that within the Communist bloc and the free world some 300,000 trained officers serve in the 27 intelligence and security services of the Soviet bloc states."

★ ★ ★

Herter gave those figures Monday in a 23-page statement filed with the Senate Foreign Relations Committee, which will meet later this week to consider a report on its recent investigation of the U2 spy plane incident.

Herter presented the statement as a "source of ready reference" on Soviet espionage. It was submitted to the Senate by Sen. J. William Fulbright (D-Ark), chairman of the committee.

DETAILS PRACTICES

The report gave details of many Soviet intelligence practices.

"The activities conducted on behalf of the Soviet Union by members of foreign Communist parties, numbering some four million adherents in the free world, are well known," the report said.

★ ★ ★

"In recent years, some 360 individuals in 11 different countries of the free world have been convicted of espionage for the Soviet Union. These convictions include: 7 in Denmark, 65 in Finland, 1 in France, 2 in Holland, 1 in Japan, 15 in Norway, 11 in Sweden, 2 in Turkey, 6 in the United Kingdom, 13 in the United States and 241 in the German Federal Republic, where the Interior Ministry reported on May 13, 1960, that some 18,300 persons had been arrested during the past year in connection with Soviet espionage."

Many Openings Left in Y Swim Classes

With the registration deadline set for Friday, there are still 150 openings in the Pontiac YMCA "Learn to Swim" program.

"Y" general secretary Ted Slosson said applications have passed the 300 point, with a ceiling of 465 set. The classes are open to all boys and girls nine years of age or older who do not know how to swim.

One parent must register.

Parents must register children at the "Y". Telephone and mail registrations are not being accepted. Classes begin June 20, and end July 1.

June Weather Just Miserable Ohio Eastward

By The Associated Press

Light rain, fog, drizzle and brisk winds combined to bring miserably unseasonable weather today to the country from central Missouri eastward through the Ohio Valley, the lower Great Lakes and portions of the middle Atlantic states.

★ ★ ★

Thunderstorms struck parts of Virginia. At Dumfries, southwest of Washington, D. C., a storm knocked out power lines and dumped more than 12 inches of water on sections of a highway. Some trees were felled.

At Washington, the Weather Bureau reported nearly 1½ inches of rain. Indianapolis got nearly 1 inch.

In Chicago, intermittent rain and drizzle falling for some 24 hours, brought more than an inch of precipitation.

Early morning temperatures ranged from the 40s in the upper Great Lakes to the 90s in the desert Southwest.

County Candidates Race Today's Filing Deadline

Candidates of both political parties seeking 16 Oakland County positions this election year were racing the clock today to meet the 4 p.m. deadline for filing petitions or fees.

This morning 42 — including five for two nonpartisan probate judgeships — had already submitted their qualifying papers.

Democrats had a slight edge with 21 candidates. Republicans had 16.

Many more were expected to turn in the necessary nominating petitions or the alternate $100 fee before the deadline this afternoon.

★ ★ ★

Candidates are filing for Oakland's congressional seat, state senator in Lansing, six state representative posts, six local county offices, and a four-year regular procreated two-year term.

All incumbent county officers, with the exception of Surveyor Ralph A. Main, had qualified for a spot on the Aug. 2 ballots. Main said he would file.

The race for Republican Congressman William S. Broomfield's seat in Washington appeared to be the top prize of local Democrats. Four had filed this morning, with the possibility of three more by the deadline.

Pontiac's incumbent State Rep. Arthur J. Law, a Democrat, was without opposition from either fellow Democrats or Republicans. The Republicans had not, as of this morning, entered a candidate.

★ ★ ★

Other incumbents, State Reps. Lloyd L. Anderson (R-Waterford Township), S. James Clarkson (D-Southfield), William Hayward (R-Royal Oak) had submitted. Missing, but expected to fil, was Rep. John C. Hitchcock, Hazel Park Democrat.

★ ★ ★

Shooting for a higher post was State Rep. Farrell E. Roberts, West Bloomfield Township Republican.

Roberts, who said once he was through with Lansing politics, suddenly changed his mind and tossed his hat in the ring for Oakland's 12th District state senator seat, made vacant when Sen. L. Harvey Lodge decided to try for the new probate term.

Filing for the new two-year probate judgeship, to start Jan. 1, were former Circuit Judge Theodore F. Hughes, Donald E. Adams, Waterford Township justice of the peace, and Detroit attorney David Kaufman of Southfield.

★ ★ ★

There was no opposition for incumbent Probate Judge Arthur E. Moore for another four-year term. None was expected.

If Brigitte Does, Expect Sudden Boom in Antiques

PARIS (AP) — Brigitte Bardot reportedly says she is going to quit the movies after four more films and start selling antiques.

"My decision is irrevocable," the curvaceous blonde star said in an interview published by the newspaper Paris Jour. "B. B. is dead so far as the cinema is concerned."

Bardot said it would take her about 11 months to complete the four movies for which she is under contract.

Electronics Pace Life

Sets Own Heartbeat

MILWAUKEE, Wis. (AP)—Carl Barker, 38, an engineer, sets his own heartbeat by an electronic pacemaker.

★ ★ ★

Barker explained today how he has obtained a new lease on life with the aid of the electronic gadget installed in January by a team of University of Minnesota surgeons.

★ ★ ★

Barker, father of four children, said he had suffered several heart attacks and his heart beat had slowed to about 20 beats per minute. The attacks finally forced him to quit work last fall.

He heard about the pacemaker developed at Minnesota and went there to consult Dr. C. Kwalton Lillehei, famed for his open heart surgery.

BACK AT WORK

The Minnesota surgeons developed a pacemaker for Barker and he was able to return to work this spring.

★ ★ ★

The pacemaker he uses is a transistorized package. It has an eight-inch special steel wire leading through Barker's chest to the heart where it is attached in two places to the ventricular muscle.

★ ★ ★

With a simple dial, Barker regulates the electrical stimuli to cause his heart beat at the rate of 80 to 85 beats per minute during the day. At night he slows his heart beat to about 60 beats per minute. He experiences no feeling from these small electrical shocks but keeps tab on his heart by means of a flashing light on the pacemaker.

Southfield Man Dies in Expressway Crash

A Southfield man was one of two drivers killed instantly when his taxi collided head-on with a panel truck early today on the John C. Lodge expressway in Detroit.

The victims were identified as Jack E. Smith, 53, of 27235 Lahser Rd., Southfield, and August Mielke, 26, Detroit truck driver.

Detroit police said Mielke was driving his truck in the wrong direction on the expressway's southbound lane when he crashed into the cab driven by Smith. Both vehicles were traveling about 50 miles per hour, according to police.

Firemen had to pry open both vehicles to release the pinned bodies of the drivers.

Lemaux has taken the stand of keeping the present top-rate teachers, rather than increasing the starting pay rate he said.

The four new School Board members will assume their positions July 1 at an annual salary of $250 a year.

A special Board of Education meeting has been called for 7:30 tonight for an official canvass of votes.

Suggested by Willman

City Eyes Parking-Bond Payoff

City Manager Walter K. Willman has suggested a plan that could lead to broader horizons in downtown municipal parking.

The idea was taken under study by the City Commission at an informal meeting last night. The features:

1. Recall of the outstanding bonds of the 1956 revenue bond issue for parking lots. These total $470,000. It would cost an extra $20,000 to recall them, Willman said.

2. Refinancing of the bonds locally, possibly at a lower interest rate. The present rate is four per cent.

3. As a result, greater local control over the hours, rates and operation of the lots.

Local control would allow flexibility in the use of the lots in downtown promotional plans, Willman indicated.

Here are some of the ideas, advanced by downtown leaders, that might be carried out:

★ ★ ★

1. More frequent free parking days, sponsored by downtown merchants.

2. Leasing of some of the less busy parking areas to downtown concerns for employe parking.

3. Free parking every day, if Pontiac merchants elected to carry out the so-called Royal Oak plan. Downtown property owners in Royal Oak have decided to pay off revenue parking bonds through special assessments, eliminating the need for meter revenues.

Willman pointed out that after a $66,000 payment on interest and principal in September, there will be an accumulated $170,000 in the parking meter fund.

The funds are frozen under the present setup. But if freed, they could be used for expansion of the parking system, Willman pointed out.

The plan to recall the bonds would help settle objections raised recently in Circuit Court by the Pontiac Outdoor Parking Co., it was pointed out.

The private company contended the city was illegally putting general fund money into the municipal parking lot system.

Okay to Mow Lawn Sundays if It's Not Labor

Baltimore, Md. (AP) — Baltimoreans may cut their lawns with a power mower on Sundays if it's quiet and they don't have to push it much.

That was the gist of a two-page opinion by the attorney general's office after Magistrate Milton Saul asked if use of power mowers and the labor that goes with it violated the Sunday "blue laws."

The opinion said a magistrate would have to determine the facts in each particular case, deciding if the mower made "loud and unseemly noises" and if the pushing was hard enough to constitute bodily labor.

Will Reappoint Citizens Group

Commission to Submit Names From Districts at Tonight's Meeting

Reappointment of the 70-member Citizens Advisory Committee is expected to be completed tonight by the City Commission.

The committee is comprised of 10 civic-minded residents from each of the city's seven voting districts.

★ ★ ★

Commissioner John A. Dugan of District 5 and Commissioner William H. Taylor Jr. of District 3 have already nominated their committee members.

The other five commissioners are expected to turn in their nominations tonight.

Commissioners have only a few other items of business on their agenda.

Two zoning ordinances are scheduled to be introduced for hearings July 5.

The first would rezone from residential to commercial 2½ lots at the southeast corner of West Huron street and Johnson avenue, where a medical office building is planned.

The second would see eight lots in the Buena Vista subdivision rezoned from commercial to residential, Bounded by Kennett road, Dearborn street and Carlisle avenue, the lots are in an area once zoned commercial for a shopping center.

Tribute Slated for Sen. Lodge Tomorrow Night

Friends and fellow senators of Oakland County Sen. L. Harvey Lodge will thank him for his four years of service in the Senate at a special testimonial dinner Wednesday night.

And old political arguments apparently will be forgotten, at least for the evening.

For among the number of senators who have accepted invitations are Sen. Harold M. Ryan, Detroit Democrat.

Others who are expected to attend the $10 a plate dinner at the Old Mill Tavern are Sens. Paul C. Younger of Lansing, Clyde H. Geerlings of Holland, John Minnema of Traverse City, Frank D. Beadle of St. Clair, and John Stahlin of Belding, all Republicans like Lodge.

Lodge is seeking election as probate judge rather than a third two-year term in the Senate.

Gainesville Negro Coed Let Out Over Grades

GAINESVILLE, Fla. (UPI)—The University of Florida announced yesterday that Negro coed Esther Langston of Orlando, second Negro to enter the school, has been dropped for poor grades.

A freshman in medical school, she had entered last fall.

The first Negro to enter the university, law student George Starke of Orlando, dropped out earlier this year.

Stellato Files in Race for Congressional Seat

DETROIT (AP) — Carl Stellato, president of United Auto Workers Local 600 at Ford Motor Co.'s Rouge Plant, yesterday filed as a Democratic candidate for Congress in the 16th District.

Stellato will oppose Rep. T. John Lesinski (D-Mich) in the Aug. 2 primary. Stellato opposed Lesinski in the 1958 primary but was defeated.

The Day in Birmingham

Voters Give Solid 'Yes' to Pay Hike for Teachers

BIRMINGHAM — A proposal to increase school taxes to raise the pay scale of teachers and school personnel in the Birmingham School District was approved by a large majority in yesterday's election.

★ ★ ★

Two expiring School Board posts were also filled. One incumbent was re-elected, another defeated.

The proposition calling for an increase of $1.90 for each $1,000 of assessed valuation carried by wide margin of 5,628 to 4,159.

The additional millage will run for a five year period.

MRS. BIER RE-ELECTED

Re-elected to serve a four-year term was Mrs. Mary Beier with 3,577 votes.

A long-time member of the School Board, incumbent William Spence, was defeated, placing fourth among the five candidates. He received 3,108 votes.

Upsetting Spence was E. Ross Hanson, with 4,231 votes, the highest number of votes cast for a candidates.

★ ★ ★

Other unsuccessful candidates were Albert C. Scott and Garvin Bawden, 3,173 and 2,898 votes, respectively.

★ ★ ★

Approximately one-third of the 27,000 registered voters in the school district cast ballots.

ALL SALARIES TO RISE

The additional money that will bring in about $394,000 annually is to be used for increasing the salaries of all school personnel.

In March, a proposal in a special election that would have increased school taxes $4 for each $1,000 of assessed valuation was defeated 4,695 to 3,363.

However, at that time, the proposed millage increase would have been used to increase salaries, set up an improved curriculum program, purchase library books for the high school and to acquire new instructional material.

★ ★ ★

The approved lower figure will only be used for making salary improvements.

Incumbent Merrill O. Bates was returned to the Bloomfield Hills School Board by voters yesterday for a four-year term by polling the highest number of votes in the election, 870.

★ ★ ★

Also named to a four-year term was W. Earl Givens, with 712 votes.

The two losing candidates were John M. McBride and Robert W. Morse, with 446 and 231 votes, respectively.

Winning the two expiring three-year terms were William B. Bachman, 664 votes, and Dr. Charles L. Bowers, 705 votes.

20 PER CENT VOTE

The three losers for the short term were George A. Jones, 376; Hugh T. Carney, 285; and Richard T. Phelps, 216.

About 1,400, or 20 per cent, of the 7,000 registered voters in the district turned out in the Bloomfield district.

Heavy Rains Cause Floods

Telegraph Road Traffic Backed Up, Monroe Roof Collapses

By The Associated Press

Heavy rains during the past two days resulted today in flooded roads and basements in some areas of southeastern Michigan.

★ ★ ★

At Monroe, the roof of a large bowling alley collapsed early today under the weight of accumulated rain. No one was injured.

In the Detroit area, Telegraph road was flooded between Warren and Ford roads. Police said southbound traffic on Telegraph was backed up for 10 miles.

Traffic in Detroit's suburbs was delayed by flooded streets. Most of the streets were passable at slow speeds.

★ ★ ★

The Weather Bureau said more than two inches of rain have fallen in the Detroit area since Sunday.

★ ★ ★

The collapse of the roof of the New Center Recreation bowling alley in downtown Monroe followed a hard rain. A V-shaped wedge from the flat roof fell on eight alleys on the second floor. The building has seven alleys and a bar on the first floor.

3 Face Exam in Slaying

Three Flint men accused of beating and kicking a Rochester area youth to death will be examined June 22 on charges of first-degree murder.

Billy Joe Housley, 21; Clinton J. Harris, 23; and Frederick C. Brown, 20, stood mute at their arraignment yesterday before Flint Municipal Judge Raymond C. French. They were returned to Genesee County Jail without benefit of bond.

The men are accused in the brutal slaying Saturday night of Dennis R. West, 17, of 140 Montmorency Rd., Avon Township.

West and three companions were driving through Flint when they became lost. West went into a restaurant to ask directions and was beaten to death as he left. His companions fled to seek police help.

Police said Housley, Harris and Brown jumped the youth in a "reasonless and unprovoked" attack.

Service for the victim will be at 10 a.m. tomorrow at St. Andrew Catholic Church, Rochester. Burial will be in Mount Calvary Cemetery, Buffalo, N.Y.

A Rosary service will be held at 8:30 p.m. today at the William R. Potere Funeral Home, Rochester.

Bower-Fox Vows Told

Carol Ann Fox and Stuart Steel Bower of Fort Wayne, Ind., pledged nuptial vows before the Rev. Lyal Howison Saturday evening in the First Free Methodist Church of Pontiac.

The reception in Roosevelt Temple was hosted by the bride's parents, Mr. and Mrs. William Care Fox of Stirling avenue. Receiving with them were the Raymond G. Bowers of East Long Lake road, Bloomfield Hills, parents of the bridegroom.

Joan Kissock, Sharlene Rankin and the bride's sister Mary Jean Fox preceded her to the altar. Their ballerina length dresses of embroidered aqua silk organza were styled with gathered bodices and tiny puff sleeves.

They wore matching petal caplets and held cascades of pink carnations.

The bridal gown of white mist taffeta was styled with a basque bodice of Chantilly lace and three-quarter-length sleeves of taffeta. The bouffant chapel-length skirt featured a Venetian drape with inserts of Chantilly lace.

Attached to a crown of crystal beads was the elbow-length veil of silk illusion. The cascade bouquet included white roses and orchids.

Best man was R. Thomas Costello of Orchard Lake. The bridegroom's brother Alan ushered with Milton Strong.

For traveling to Fort Wayne, Ind., where the couple will make their home, the bride donned a rust splash print silk sheath with matching jacket and beige accessories.

Mrs. Fox chose beige rayon with green embroidered trim for her daughter's wedding. Her corsage was of deep pink roses. Mint green silk organza with lace bodice was Mrs. Bower's selection. She wore pink roses.

Attending the wedding were the bride's grandmother, Mrs. Lewis P. Temple of Silverwood, her great-aunt, Mrs. Gordon Sessions of London, Ont., and a cousin, Mrs. Charles H. Jackson of St. Petersburg, Fla.

Esther Court Installs Officers

Esther Court No. 13 Order of the Amaranth met Friday at the Roosevelt Temple on State street to elect, appoint and install the following officers.

★ ★ ★

Mrs. Lloyd Wait will serve as associate conductress. Assisting will be Mrs. Edward Moden, charity; and Mrs. Theodore Marchbanks, prelate.

Mrs. Florence Schingeck, Royal Matron presided at the event. Due to illness of present officers a special dispensation was granted from Grand Court for the installation.

Assisting Mrs. Schingeck were Royal Patron Ira Inwood; Grand Lecturer Mrs. Toba Pearson, acting as installing marshal; and William Pfahlert, grand representative to South Carolina, assisting marshal.

★ ★ ★

Mrs. Schingeck reported on the Grand Court session held at Flint last month. A memorial was read by the secretary, Catherine McCrindle for past Supreme Royal Patron William H Picard.

★ ★ ★

A fish fry at the Temple will take the place of the meeting June 24. On July 8 an all-member and guest party will be held at the L. E. Lacy home on Pembroke street, Detroit.

Refreshments were served by Gladys McVean, Caroline Harrison and Josephine Hoskins.

Pontiac Woman to Head Legion Auxiliary

Mrs. Eldon Showen of Pontiac will serve as president of the Eighteenth District American Legion Auxiliary for the forthcoming year.

Assisting Mrs. Showen are Mrs. Hugh McHugh of Birmingham, vice president; Mrs. Joseph Stout, Royal Oak, treasurer; Mrs. Charles S. Chandler of Pontiac, chaplain; and Mrs. Chester Fralick, Royal Oak, historian.

Forty members, representing all units in the district, were present for the annual luncheon held at Cook-Nelson Post 20 Saturday. Executive committee members also elected were Mrs. Stuart Capron, Oxford; Mrs. Carl Shindorf, Pontiac; and Mrs. George Boucher, Ferndale.

Mrs. Ralph Howell, Pontiac, was a guest of the group.

CAROL L. MARTIN

Wedding vows are planned by Carol Lucille Martin and Dkain Earnest Brennan, son of the James J. Brennans of Homestead drive. The bride elect is the daughter of Mrs. Arthur Withun of Fourth avenue and Cleve Martin of Pontiac.

Group Holds Birthday Fete

The June Group of the First Presbyterian Church held its birthday meeting Friday at the home of Mrs. Charles Galloway on Pemberton drive, Bloomfield Hills with Mrs. Howard Marsh, Mrs. M. A. Benson and Mrs. Clark Hagstrom as assisting hostesses.

★ ★ ★

Nineteen members welcomed Mrs. Homer Jackson and Mrs. Gordon MacDougall into the group. Guests of the group were Mrs. T. C. McFetridge and Mrs. Margaret Sneddon from Scotland.

Participating in the program were Mrs. Asa Drury and Mrs. Galen Hershey. Standing committees also gave their reports.

It Can Be Done by Using Tact

BY EMILY POST

Dear Mrs. Post: We have a neighbor who constantly cuts through our hedge to take a short cut to our house. She is a very nice person and I would like to keep her friendship, but this going back and forth is ruining our hedge.

Is there any way we can tell her that we do not like her cutting through the hedge without hurting her feelings?

Answer: There is no reason why you should allow your hedge to be ruined in polite silence. You might add a few plants to it and ask your neighbor to please not cut through where they are planted so that they can grow and make the whole hedge beautiful and even....

Dear Mrs. Post: When I was a little girl my mother kept reminding me not to say "I am full" after eating, because it was in bad taste. Consequently I cringe when I hear it.

Through the years I have often heard it said and by people who are supposedly well brought up. Do you not agree that such a remark is very unrefined?

Answer: I certainly do agree. For a grown person to say this is unthinkable.

Wit, He Says, Not for Women

ANN ARBOR—Wittiness, in the opinion of a psychiatrist at the University of Michigan Medical Center, is strictly a masculine trait.

According to Dr. Ronald E. Trunsky "Today's woman, if she is young and intelligent, had better not show her wit too, obviously, for she will scare the contemporary male.

Since we unconsciously judge the trait to be masculine, he said, women are not allowed to be witty.

"Women traditionally are supposed to be incapable of even telling a good joke, however, lady bosses—and other women successfully impersonating male roles—are as skillful in inventing and telling a joke as any man."

While at the college, Miss Lowery was a member of Delta Zeta Sorority, Delta Omicron, honorary music fraternity, Central Singers, concert choir and Student Senate.

Try This Exercise to Slim Waistline

To trim down a thickening waistline, do this ballerina's exercise:

Stand with feet slightly apart and arms over head with hands clasped together. Now, bend first to the right and to the left, keeping arms up and legs straight.

This is a tough one. You'll feel it all through the middle, up into your arms and down into your hips. But it gets results. You'll find that spare tire melting away in no time. Star with a count of ten and gradually work up to thirty.

Many Strands Attractive

(UPI)—The wide diversity in spring's new necklines inspires equal diversity in necklace lengths. Major emphasis goes to the shorter necklace with from two to many strands. The nested necklace that starts at the base of the neck and circles in close-stacked strands gives a wonderful outline to the high-throated and collarless look.

★ ★ ★

Bib necklaces in splendid-looking spills of blended, related or purposely clashing colors provide both color beauty and a look of balance to the full-skirted silhouette.

Girl Scouts Hold Rite

Girl Scout flying-up ceremonies and presentation of awards were held Saturday afternoon at St. Michael Church with the Rev. Father Charles E. Cushing conducting the services.

★ ★ ★

Flags presented to the troops by the Altar Society were blessed by the Rev. Cushing, as were pins and badges that were given.

Troops participating in the ceremony were 500, 499, 586 and 514. Two mariner scouts from troop 500 also received awards. Brownie troop 535 acted as ushers for the event. Benediction of the Blessed Sacrament was held following the award presentation.

Refreshments were later served in the church basement. Parents of the scouts and the Sisters of St. Joseph were guests and Father Leon Kennedy, pastor, was guest of honor.

Can Be Bought and Built

One Needn't Inherit Beauty

By JOSEPHINE LOWMAN

Today beauty is made up of a dash of what we inherited and all of those things women can do and products they can use to make themselves attractive. To be born with curly hair is no longer a great blessing since permanents are available. It is nice to fall heir to magnificent eyes, but make-up can glamorize even small ones.

We have figure molding and falsies. Eyelashes can be put on and inches can be taken off and splendid grooming can make up for many a homely ancestor!

And a splendid personality is within the reach of every woman. She just must develop an outgoing happy spirit and constantly widen her horizons of interest.

Feminine allure now depends on vitality, a keen awareness, lovely posture, clothes sense, the clever use of cosmetic aids and attractive hairstyling.

NEED DAILY ROUTINE

There is no reason for any woman to be discouraged because of her inheritance. However, in order to develop latent good looks faithfulness to a daily routine is essential. The many small attentions we regularly give our skin and hair, good nutrition and exercise, and the habit of taking advantage of cosmetic aids add up to a charming appearance.

Most serious defects can be remedied or improved today. Protruding or crooked teeth can be corrected and extreme difficulties with the complexion usually can be overcome. Plastic surgery has the answer for any real deformity.

Some of today's most fascinating and sought after women are not beautiful, or even pretty, but they are smart and charming. They have verve and they are good looking!

DEVELOP POTENTIAL

The average woman has potentialities for beauty which she has not developed. If life with its complexities has beaten you down a little so that you have neglected yourself, why not work out a daily routine and stick with it?

The minutes you spend in self-improvement do not count up to a big total in time, but they do in increased attractiveness!

Beauty isn't dependent on your inheritance today with the many beauty aids available. We even have false eyelashes.

White and washability simply must go together. Frequent laundering is the only sure way to keep white accessories fresh and lovely.

THE VEILED BRIDE — The scene of this wedding Thursday night was Chicago's Lincoln Park. But it might have been someplace in Biblical Judea. Gittel Brandwein was marrying Chaim Goldzweig, a Chassidic (extremely orthodox) rabbinical student, in a type of ceremony that dates from ancient times and rarely is seen in Israel today, much less America. Prayers were said by 14 rabbis as the bride, veiled and unable to see, and the groom stood under a canopy.

Army Pays Appalling Prices

'Waste' Shocks Senator

WASHINGTON (UPI)—The senator from Illinois, scholarly-looking Paul H. Douglas, held aloft a small lamp socket.

He said it sold for 25 cents in retail stores but cost the Navy $21.10.

There also was a set of wrenches. The Illinois Democrat told his colleagues the set cost the Army $22. Bought from Dep Boys Quality Tool Co., he said, they cost $3.89.

Douglas displayed eight small drill bushings which cost the Air Force $6.95 each. He said they were appraised for 25 to 50 cents.

The senator shook his head.

"Appalling waste," he concluded.

The items were among 10 which Douglas showed the Senate in attacking the military procurement system which he said sometimes pays six to 100 times the actual value of various equipment.

He said he obtained the items in question from a state which receives them as government surplus. He said they were accompanied by invoices showing their original purchase cost.

Douglas did not identify the state, nor the firms from which the items were purchased. But he said the invoiced items were checked and verified through auditors from the General Accounting Office.

Douglas, a consistent critic of defense contract methods, estimated the military wasted from two to three billion dollars a year through "present practices and wasteful methods."

* * *

This could be saved and used for planes, tanks, guns, missiles and Marine Corps and Army combat troops "if there were a will and a necessity to do so," he said.

He criticized the Defense Department for purchasing $19,700,000,000 — or 88.4 per cent, of its supplies last year by negotiated contracts instead of through competitive Bids.

"The law is clear," he said, "that negotiated contracts should be utilized only in limited circumstances, but it appeared the department was corrupting the law to "universalize negotiated contracts."

Rep. Diggs Asks Huddle With Williams Over Stu

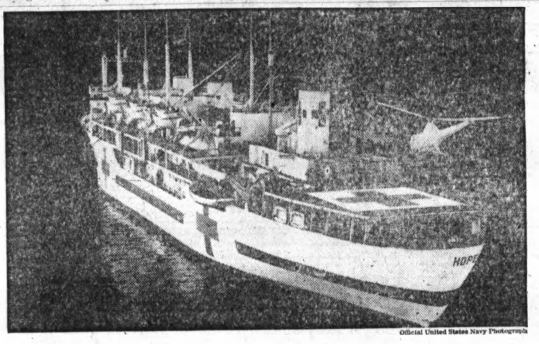

LANSING (AP) — Gov. Williams says he meets privately today with Rep. Charles C. Diggs Jr. (D-Mich.), an avowed supporter of Sen. Stuart Symington, Democratic presidential hopeful.

Williams said the huddle in his Detroit office was scheduled at Diggs' request.

The Detroit congressman did not indicate his reason for asking the meeting, the governor said, but it was considered likely the conversation would center on Symington's candidacy.

* * *

Diggs threw his support to the Missouri senator a number of weeks ago. Williams announced his endorsement of Sen. John F. Kennedy (D-Mass) after a conference with the senator June 2 on Mackinac Island.

This great seaborne health center will carry a new kind of aid abroad—*with your help.* Part of the people-to-people project Hope, it will enlist 200 specialists in sharing our health skills."

Ambassador with a blackboard, the Hope specialist will help the often woefully few local medical technicians train helpers. The result: many more hands. And that means one Hope dollar is multiplied many times over.

YOUR HELP CAN COME BACK A HUNDRED TIMES OVER

One local doctor for 100,000 people. These are the odds Hope may face. Yet Hope can mean so much. The health of this child. The health of five Indonesians. *Trained* hands and only a dollar's worth of penicillin can cure them of crippling yaws.

If enough of us help, the S.S. Hope will be outbound in 1960. First port of call: Indonesia. A bold health project called Hope will be underway.

The need is crucial. Many places, too many health hazards exist. Too many people robbed of the will to live. Too few hands to help. Often, a doctor for 100,000.

Hope's approach is *practical.* Help where a nation's doctors ask help. Help them help themselves to health. By training, upgrade skills—multiply hands. Hope's doctors, dentists, nurses, and technicians will man a center complete to 300-bed mobile unit and portable TV.

You can not only make every dollar do the work of many, you can earn a priceless dividend. With health comes self-respect. People at peace with themselves are less likely to war with others.

Hope is *yours* to give. It's a people-to-people project. For one year's worth, 3½ million Americans must give a dollar. Don't wait to be asked. Mail a dollar or more now to HOPE, Box 9808, Washington 15, D.C.

Yellowstone Can't Hide Quake Scars

Park Has Grim Addition

WEST YELLOWSTONE, Mont. (AP)—The thousands of vacationists who tour Yellowstone National Park this summer will view a new attraction—the scars left by last August's death-dealing earthquake.

* * *

Many of the scars are plainly visible . . . mile after mile of patched highway, water-covered roads, closed thoroughfares, huge cracks in the earth, mountains split open, gigantic rock slides.

There also are invisible scars, stamped in the hearts of those who lost relatives and friends in the disaster that killed nine persons. Another died later of injuries, and 19 still are missing.

Actually, no one was killed or injured inside the park. The earthquake, comparable in force to that which wrecked San Francisco in 1906, dealt its greatest damage in the park's western shadows.

DON'T EXPECT LAG

Yellowstone officials and towns like West Yellowstone that depend on summer tourist trade for survival have wondered whether the earthquake would cause vacationists to bypass the park.

Advance reservations indicate the answer is no. Already, more sightseers than at this time last year are pouring through this small resort community.

In fact, tourists through Yellowstone this summer may exceed the record 1½ million-plus who visited in 1957, R. L. Latimore, manager of reservations and tours for the Yellowstone Park Co., says prepaid reservations are 10 per cent ahead of last year.

* * *

All traffic leading into the park has been restored. Yellowstone appears much as it was before the morning tremor of last Aug. 18.

Most of the geysers scattered throughout the park are normal once more. Old Faithful still erupts on an average of once every 65 to 67 minutes.

Only one highway—U.S. 287—from West Yellowstone to Ennis, Mont., still is closed, covered by water for five miles.

18,000 IN PARK THEN

Some 18,000 persons were in the park when the quake hit and hurled millions of tons of rock into the Madison River canyon, trapping between 100 and 150 below a dam.

* * *

Places like West Yellowstone became ghost towns for a few days. Rescue units removed the dead and the injured by helicopter. The bodies of those still missing are believed to be in the huge landslide five miles downstream from the dam. Engineers say the slide will be a permanent place of burial, since further digging has been abandoned.

Political Fence in Beauty's Way

Miss Hong Kong May Be Barred in Miami Due to Dad's Ties

HONG KONG (AP)—Miss Hong Kong may be barred from a U.S. beauty contest because of her father's politics, it developed today.

* * *

Miss Vivien Cheung, 20, a secretarial student was crowned Miss Hong Kong Saturday night. Victory entitles her to compete with 55 other international beauties in the Miss Universe beauty pageant to be held at Miami Beach July 3-10.

Miss Cheung's father, Chung Yi, is a star actor and executive of Hong Kong's Cheung Lien Motion Picture Corp., which is on the U.S. Treasury Department's list of "foreign-designated nationals."

Listing means Washington considers the company and its employes are "substantially controlled" by Far Eastern Communist interests. American nationals who conduct any business with them are subject to fines and imprisonment.

* * *

A U.S. consular official said: "Of course the sins of a father are not imputable to the children but the fact Miss Cheung's father was connected with a company which was blacklisted under both foreign assets control and trading with an enemy the act means we will now have to examine her very, very carefully."

Miss Cheung's father and mother, Mui Yee, were the most popular Cantonese acting team in Hong Kong before World War II. They were divorced after the war and Miss Cheung lived with her mother until six months ago when her mother entered a Catholic convent here.

* * *

Some U.S. officials here conceded privately they thought the lengthy separation between daughter and father is likely to weigh heavily in Miss Cheung's favor.

Hollywood Finds New Kick

Movies Become More Adult-Erous

By BOB THOMAS

HOLLYWOOD (AP) — Movies are more adult-erous than ever.

Hollywood isn't exactly advertising that slogan, but this cycle-happy town has apparently found a new kick: films about marital infidelity. It's not true that the cycle was triggered by the Oscar to Simone Signoret for playing the ill-starred adulteress in "Room at the Top."

THOMAS

No, the trend has been going on ever since the film industry decided it had to make more adult movies. As some finger-pointers have observed, producers sometimes confuse adult with adultery. The money possibilities of this theme have already been explored with such works as "Peyton Place," "A Summer Place" and "Bramble Bush" all localed in supposedly chilly New England.

To show there is no geographical prejudice, Hollywood has also explored the theme in New York ("The Best of Everything"), Pennsylvania ("10 North Frederick") Texas ("Home from the Hill"), the Deep South ("The Fugitive Kind") and even Hollywood itself ("Beloved Infidel").

A number of recently previewed and upcoming films continue the cycle.

"Strangers When We Meet" features Kim Novak and Kirk Douglas in a torrid love match despite the inconvenience of having other mates. After the big affair, Kim and Kirk go back to their respective families apparently unscathed.

★ ★ ★

"The Apartment" pictures Fred MacMurray as a Manhattan masher who compromises an elevator girl (Shirley MacLaine) despite his family in the suburbs. The film details how he and other executives mooch the apartment of an underling, Jack Lemmon, for their after-hours rendezvous.

"Portrait in Black" portrays Lana Turner and Anthony Quinn in a love match which is hampered by the presence of her ill-tempered husband, Lloyd Nolan. The lovers' solution is an ancient one: murder.

"Sons and Lovers" shows a coal miner's son, Dean Stockwell, torn between his passion for a farm maid, Heather Sears, and a fellow worker. Mary Ure, married to a brutal husband. This is the early work of sex pioneer D. H. Lawrence.

★ ★ ★

"From the Terrace" is the work of John OHara, famed chronicler of sex in Pennsylvania. Paul Newman and Joanne Woodward play the married pair who seek partners elsewhere.

"All the Fine Young Cannibals" is an intramural affair involving Natalie Wood, Robert Wagner, Susan Kohner and George Hamilton.

"Butterfield 8" (O'Hara again) features Elizabeth Taylor as a girl who practices her easy virtue on a married man, Laurence Harvey.

★ ★ ★

"Go Naked in the World" shows Gina Lollobrigida as the sweetheart of Tony Franciosa. Complications arise when he discovers she has also been the sweetheart of his father, Ernest Borgnine, as well as many other prominent married men.

Old Ragpicker Leaves Estate of $741,000

MILWAUKEE (UPI)—An 86-year-old rag picker who lived in a $23-a-month, litter-laden flat left an estate valued at more than $741,000, it was reported today.

Authorities who searched the tiny, three-room flat of Albert Friedrich after his death found a garbage can filled with stock and bond certificates.

Friedrich reportedly spent his days studying the market and his nights picking rags out of garbage cans and waste piles.

Europe Papers Salute President

One Tabloid Says Ike Has 'Guts' but Another Recalls Archduke

LONDON (AP)—Newspapers of Western Europe today saluted President Eisenhower's courage in carrying on with his visit to Japan. But many expressed doubt that the trip will prove worth while.

★ ★ ★

Non-Communist newspapers of France in general described the visit as necessary though dangerou. Those of West Germany took a similar view, though Frankfurt's independent Neue Presse said nobody expects this trip to strengthen American-Japanese relations."

★ ★ ★

The London tabloid Daily Mirror, often critical of U.S. foreign policy, said "You've got to hand it to President Ike. This man has guts."

Corriere d'Informazione of Milan, Monday edition of the independent Corriere Della Sera, said the outbreaks in Tokyo may serve a useful purpose by removing illusions about "the complex reality of the Asian spirit."

★ ★ ★

The Stockholm Aftonbladet recalled that Archduke Francis Ferdinand of Austria in 1914 rejected warnings against his visit to Serbia and was assassinated, thereby setting off World War I.

★ ★ ★

"Eisenhower should accept the appeal from Japanese secuity police authorities to postpone his visit to a more appropriate date," it said.

★ ★ ★

Norway's largest afternoon newspaper, the Oslo Dagbladet, said Eisenhower could hardly avoid the trip and wished him well.

May Is Busiest Month for Banks So Far in '60

Pontiac banks reported commercial accounts last month were the busiest of the year.

During May there was $92,259,485 worth of business transacted through customer accounts, according to Community National Bank and Pontiac State Bank.

The previous high of $92,111,871 was recorded in March.

Payrolls reached the second highest point of the year last month. Pontiac Manufacturers' Assn. reported a May payroll of $16,138,157. The previous high was January's $16,599,698.

Other figures indicating business trends in Pontiac last month were reported by the Post Office, the city building inspection and water departments, Consumers Power Co. and Detroit Edison Co.

New City Bus Routes to Get 30-Day Trial

The city will try out new bus routes on a 30-day trial basis if there is public demand for them.

★ ★ ★

This was decided by city commissioners meeting informally on the question last night.

The trial periods will be arranged under the new lease agreement the city has with Pontiac Transit Corp.

The bus company has agreed to try out new routes if the city is willing to guarantee a subsidy whenever operating costs begin eating up more than 90 per cent of the revenues.

★ ★ ★

"Without question, we are going to have many demands for additional routes and more service," said City Manager Walter K. Willman.

"I recommend the 30-day trial period. In that time, we will be able to get a pretty good idea whether new routes will work out or not and at the same time the city won't be stuck with a big bill."

The Commission decided to ask for more routes only after petitions for them have been turned in.

Mayor Philip E. Rowston said the petitions would have to show "substantial interest — at least 50 or 100 signatures."

★ ★ ★

The first added service may be on Joslyn road, extending the existing route from Walton boulevard a half mile north to Collier road at the city limits.

★ ★ ★

A petition for this extension has been on file at City Hall several years.

State Dems to Read 'Strategy'

LANSING (AP)—The mails today carried 152 copies of Sen. John F. Kennedy's "Strategy of Peace," all of them gifts of Gov. Williams to Michigan Democrats.

★ ★ ★

The party group, 102 delegates and 50 alternates, will represent the state at the national convention in Los Angeles starting July 11.

Distribution of Kennedy's book that Williams credited with toppling him into the Massachusetts senator's camp came only a few days in advance of a preconvention caucus of the Democratic delegation.

Williams, as delegation chairman, will be trying at Saturday's caucus to swing into line a minority that leans toward Sen. Stuart Symington (D-Mo) and Adlai E. Stevenson — even though Stevenson says he is not a candidate.

Although party leaders expect all to close ranks by balloting time in Los Angeles, some privately estimate present Kennedy strength at about 40 of the state's 51 votes.

★ ★ ★

Newsmen were told by Williams after he declared for Kennedy that in reading "Strategy" he felt he "heard the next president of the United States talking" from the pages.

Flint Firemen Ask $2,500,000

Want Overtime Pay for Longer Hours Than Other City Workers

FLINT (AP) — A claim for nearly $2,500,000 in back pay made by 193 city firemen was accepted by the Flint City Commission without comment last night and referred to the city attorney.

★ ★ ★

The firemen, in making the claim, said they were entitled to the pay because of a city charter provision which says "compensation for a normal work week involving a greater or lesser number of hours should be directly proportional."

The firemen said they worked an average of 63 hours a week while other civil service employes in the same clasification work 40 to 44 hours a week.

The firemen asked only six years back pay because of the statute of limitations. They said proportional compensation entitled them to 43 per cent more than they were paid.

★ ★ ★

They also asked $10,000 per man back interest at the five per cent legal rate.

City Attorney William J. Kane said he may hold public hearings on the matter before making a recommendation to the commission.

'Unpleasant Matters Not Kept From Ike'

WASHINGTON (UPI) — Defense Sec. Thomas S. Gates told Congress yesterday President Eisenhower makes the decisions within his administration and is not shielded from unpleasant facts or circumstances by any palace guard.

★ ★ ★

Gates said the National Security Council, Eisenhower's cabinet-level advisory group, is functioning "effectively and efficiently."

★ ★ ★

He said the President "participates actively in all council meetings."

Windsor Teamsters End 14-Year Trusteeship

WINDSOR (AP) — Members of Windsor Teamsters Local 880 voted yesterday to end a 14-year trusteeship by the international Union.

★ ★ ★

The election, first since the trusteeship was set up in 1946, saw Leo Labombard, a Windsor truck driver, elected president. Labombard got 630 votes to 537 for Trustee Ivan M. Dodds.

The local has 5,000 members in the Windsor area.

Mixed Market Slows Pace

NEW YORK (AP)—The stock market quickly turned mixed in early trading today after a higher opening.

Trading slowed somewhat after the first burst of big blocks, but still was at an active pace. Moves by leading issues were from fractions to a point or so, with a few exceptions.

Ampex was up a major fraction and actively traded after opening up ⅛ on a block of 9,000 shares. American Motors opened higher on a block of 10,000 shares and held its gain. Standard Coil, which also started on 10,000 shares, added to a slight opening bulge.

Brokers liked the way the market has managed to maintain at least a bit of momentum during the consolidation phase to be expected following last week's big runup.

Keego Man Tells of Being Jumped, Beaten, Robbed

A Keego Harbor man reported to sheriff's deputies early today that he was beaten and robbed while walking to a friend's house shortly after midnight.

John Ellington, 23, of 2960 Glenbroke St., told deputies he was walking south on Hiller road in West Bloomfield Township when a car with three men in it stopped and the men asked him directions to Beck road.

"Suddenly someone hit me over the head from behind and the three men jumped out and beat me," he said.

"When they thought I was out, they took my wallet, emptied it of about $32 and threw it on the ground," he was quoted as saying.

His assailants then sped away, going north with no lights on, he explained. Ellington said the car was a 1955 or '56 Ford, dark in color.

In 1885 there were 695 strikes in this country, reports the U.S. Bureau of Labor Statistics. In 1952 there were 5,117.

Macomb Teen Gets Solitary for 81 Days

MOUNT CLEMENS (AP) — Donald Reaume, 17, has been given 81 days in solitary confinement and told: "You are either going to live in society or you will be removed from society. I'm giving you until Aug. 31 to think it over."

The statement was made yesterday by Macomb County Circuit Judge Howard R. Carroll as he imposed sentence on the Roseville youth.

★ ★ ★

Reaume was charged with probation violation. He had been placed on five years probation by Carroll for market burglary.

Police said he violated probation by breaking into two cabin cruisers and stealing fishing equipment and beer.

Corn Futures Meet Scattered Demand

CHICAGO (AP)—A scattered demand for corn futures met even lighter offerings today and prices of that grain were bid up major fractions of a cent during the first several minutes of dealings on the board of trade.

All deliveries were well ahead. Other grains and soybeans were mostly within a steady range on a small volume.

Soybeans steadied somewhat on an overnight sale of 448,000 bushels to Denmark and a small amount of soybean oil to Pakistan.

Claims Assessment Illegal

Troy Decries County Levy

TROY—City commissioners here last night decided to register a protest with the Oakland County Corporation Counsel regarding alleged illegal assessment for drainage ditches and repairs by the county Drain Commission.

★ ★ ★

According to city officials, several hundred residents and the city itself were assessed by the drain commission for the work without benefit of a public hearing.

In addition, city commissioners complain that the county unit exceeded the mile-cost limitation "by a considerable amount." They said the special assessments were paid "under protest."

According to City Clerk J. Lawson Lockhart, the city wants the situation corrected and also wants assurance that it will not happen again.

The counsel's report will be presented to the city commissioners before they decide whether to go ahead with court action on the matter.

The period of illegal assessment extends over a year, they said.

The matter of termination of the city's contract with Vilican-Leman and Associates Inc., Southfield plan consultants, was tabled for a month.

At that time a joint meeting will be held with the local planning commission, the Board of Appeals and the City Commission to decide whether to break off with the planning firm.

George Vilican Jr., of the Southfield company, receives a $6,500-a-year retainer from the city with provision for payments for extra services rendered.

The commission's voting majority wants a full-time planner.

After four months of consideration and study, the ordinance providing for licensing for top soil removal in Troy was passed last night by the Commission.

The purchase of two new police cars from Stark-Hickey Ford, Inc., was approved. The firm's low bid was $2,032.20 with trade-ins.

Lansing Deadline Today

Candidates Dash to File Petitions Before 4 P. M.

LANSING (AP) — Political battles for state and congressional offices were taking final shape today as candidates converged on Lansing to make their formal entries.

Deadline for candidates to file petitions or pay a nominating fee was 4 p.m. today.

Those who arrive at the secretary of state's office even a minute later will be out of luck, said State Elections Director Robert M. Montgomery.

Lively primary contests already are assured for a number of key offices.

Lt. Gov. John B. Swainson officially joined battle with Secretary of State James M. Hare for the Democratic nomination for governor yesterday, submitting petitions carrying a record 34,780 signatures. Detroit common councilman Ed Connor was to make it a three-man race today.

Paul D. Bagwell, the 1958 GOP gubernatorial candidate, is unopposed for the Republican nomination.

Donald S. Leonard, former state police commissioner, filed 21,147 names to qualify him to oppose Rep. Alvin M. Bentley (R-Mich) for the GOP nomination for U. S. senator.

Leonard, who ran unsuccessfully against Gov. Williams in the 1954 gubernatorial race, described the Owosso congressman as "a leopard who appears to have changed his spots for political advantage."

Bentley, he said, "is not so conservative as he has been, now that he is seeking office in an election year."

★ ★ ★

The former Detroit police commissioner labeled himself "a constructive, moderate conservative."

★ ★ ★

The winner of the Aug. 2 primary will take on Sen. Patrick V. McNamara (D-Mich), who will get the nomination for a second term without opposition.

★ ★ ★

Sen. Edward Hutchinson (R-Fennville), had the field all to himself for the lieutenant governor nomination until today, but several candidates from both parties were ready to jump into the fray.

Congressmen from all 11 outstate districts were assured of opposition in the Nov. 8 general election. Nominating petitions for all incumbents but Bentley have been submitted.

Those from Wayne and Oakland counties, single county districts, can file with their respective county clerks.

Hotly contested primary races were in prospect for Bentley's Eighth District where five Republicans and two Democrats have jumped into contention to fill the vacancy.

One of the Democratic contenders is Miss Mary M. Harden, retired schoolteacher from Carson City, who claimed to be the first woman ever to compete for the post from the district.

To Bid for Federal Loan

Polish City Renewal Plan

First step in the proposed urban renewal plan for the southwest portion of downtown Pontiac may be sought from the City Commission next week.

★ ★ ★

Robert A. Stierer, assistant city manager, said city planners are polishing up a bid for a federal loan to plan the project in detail.

★ ★ ★

Stierer declined to discuss the figures involved until they are reviewed for a final time.

Planners' interest in a second urban renewal project in Pontiac was reported earlier this year to the mayor's steering committee for downtown redevelopment.

The project under consideration would cover, basically that portion of the downtown area which federal officials trimmed from the current urban renewal project in the fall of 1958.

AREA IS TRIANGULAR

This triangular area is bounded, roughly, by Pike street on the north, Cass avenue on the west to Saginaw street on the east. Most of the Saginaw street frontage between Pike and Patterson street, however, is included in the present urban renewal project.

Stierer said the second project would be strictly commercial in nature, whereas the first one is residential.

Federal officials trimmed the Pike-Cass-Saginaw triangle from the first project because it wasn't predominantly residential.

After the decision, city planners foresaw that redevelopment of the triangle would have to proceed without federal aid, if it were to proceed at all.

But last year, Congress authorized the use of up to 20 per cent of urban renewal funds for strictly commercial redevelopment.

"We hope to qualify for aid under thi new program," said Stierer.

The triangle is considered an important factor in downtown redevelopment.

If the city were to acquire it under an urban renewal plan, it could be used as the site of the biggest commercial redevelopment in downtown Pontiac, planners figure.
