

GI Apparently Captured

S. Viet Convoy Ambushed

Crime Probe Starts Thursday

Grand Jury to Check
Royal Oak Township

A grand jury investigation of Royal Oak Township in south Oakland County will start at 1:30 p.m. tomorrow.

Circuit Judge Philip Pratt, who will be the one-man grand juror, made the announcement shortly before noon today.

State police have charged that certain persons in the township have conspired to violate laws relating to elections, liquor, gambling, bribery and obstruction of justice.

Pratt's decision was made after meeting for one and a half hours with State Police Commissioner Frederick Davids, Sheriff Frank Irons and Prosecutor S. Jerome Bronson.

Also attending the session was Assistant Prosecutor James Roberts, who was burned in injury during a demonstration last Saturday in a shopping center in the township.

Roberts, who lives in the township, helped state police prepare their petition for the crime probe.

Township Supervisor Edward Kennedy and several other officials have insisted that the investigation was not needed.

A petition signed by hundreds of township residents, however, was presented to authorities asking that the request for the investigation be granted.

HIT BY BOMB — Debris dangles from the roof and litters the floor at the main entrance of the civilian terminal at the Saigon airport after a terrorist bomb exploded today.

More than 40 persons were injured as every window in the building was blown out and a section of the roof blown down.

Wet Spring Blamed

Mosquitoes Worst in 5 Years

By JODY HEADLEE

Home Editor, The Pontiac Press. Skeeeters are a-humming and Oakland County residents are a-slapping as they wage a losing battle against nature's needle-nosed vampires.

"We've had mosquito invasions as bad as this before," said Lyle Abel, Oakland County extension director. "But this is the worst in the last five years."

"A series of dry springs practically eliminated the mosquitoes' breeding grounds and the nuisance."

"But when it's been as wet as this year, we were sure to have mosquitoes."

"It won't be long, though, and their natural enemies, the dragonflies — often called mosquito hawks — will help keep them down in good shape."

Almost 2,000 known varieties of mosquitoes exist. Described as a "delicate, fragile, soft-skinned fly," mosquitoes must have water to develop.

Mosquito eggs are laid on water or on places that later become flooded. When hatched, they develop first into larvae (wigglers) and then into pupae (tumblers).

The pupal stage lasts only a few days and the adults mate shortly after they emerge.

An adult mosquito lives from ten days to two weeks if the weather is warm. Should it turn cool, the life span may be indefinitely extended.

Certain species carry such diseases as encephalitis, malaria and yellow fever but Oakland County residents need not fear.

"In this region," reassures Robert Coleman, director of

Environmental Health Division of Oakland County Health Department, "mosquitoes are a nuisance not a health problem."

And don't blame the male mosquito. All he ever nibbles on is plant nectar.

It's the female that zeroes in on you with sharpshooter accuracy. To add insult to injury, she deposits a little saliva to keep the blood from coagulating while she's dining, leaving you

(Continued on Page 2, Col. 8)

Fill Site Purchase OK'd

City Commissioners last night approved the purchase of 212 acres in Pontiac Township for a new sanitary land-fill site.

The city will purchase three parcels of land immediately north of the city for a total cost of \$226,750. Most of the funds are to come from a projected hike in the waste collection millage.

Adjacent to the north city limits, the land generally lies east of the Grand Trunk Western Railroad tracks, west of Joslyn and north of Collier.

Small portions of the land-fill property extend south across

Collier and west of the railroad tracks.

Recommended by City Manager Joseph A. Warren, the land-fill site purchase was incorporated in the revised 1965 city budget.

NEED REPLACEMENT

Warren has emphasized that the city would soon need a land-fill facility to replace the present Kennett Road site. The latter property is being filled quite rapidly, according to Warren.

Funds for the fill site are to come from a hike in the spe-

Saigon Blast Leaves 34 Yanks Hurt

SAIGON, South Viet Nam (AP) — A large Viet Cong force ambushed a government convoy 15 miles southwest of Saigon today, apparently captured the American adviser with the unit and shot down a helicopter sent in to relieve the convoy, U.S. spokesmen announced.

One of the American crewmen aboard the helicopter was killed and the other three were seriously wounded, the spokesmen said. The helicopter reportedly exploded in the air and crashed.

In an unrelated incident, two propeller-driven U. S. Air Force A1 fighters collided in the air and crashed on a mission near Pleiku, 240 miles northeast of Saigon.

A spokesman said one of the pilots was killed and his body was recovered. The other parachuted to safety uninjured.

An unofficial list of American combat deaths in the war rose to 416 and those from other causes to 182, making a total of 598.

A terrorist bomb exploded in the civilian terminal building of the Saigon airport, injuring 34 Americans and at least 12 other persons, but 120 U.S. troops waiting a short distance away to board two jet transports for the United States were not harmed.

None of the Americans were reported seriously injured.

The troops, waiting to return to the United States, were a short distance away from the civilian terminal where the bomb went off.

LANDED LATER

Two military jet transports they were to board landed a few minutes after the blast.

The district chief escaped during the fire fight, but the American was reported missing.

The helicopter apparently was hit in a fuel tank by an incendiary bullet.

News Flash

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara announced today plans to create a revolutionary air assault division which would be flown into battle in its own helicopters and planes.

Temperatures will register near 50 tonight and rise again into the low 70s tomorrow.

Fair and not much change in temperature is the prediction for Friday.

A low of 51 was recorded at 6 a.m. today. The thermometer reading was 73 at 2 p.m.

Seek to Have Tax Cut on LBJ Desk by Friday

OK'd in Senate, 84-3;
Joint Conference of
2 Houses to Get Bills

WASHINGTON (AP) — Senate leaders hoped to get started today on a Senate-House conference to complete congressional action on the \$4.7-billion excise tax cut bill.

"There is a strong push to get this bill to the White House as soon as possible," said Sen. Russell B. Long, D-La., floor manager of the bill the Senate passed 84 to 3 last night.

It was understood the drive was to get the bill on President Johnson's desk by Friday.

Both Senate and House must approve the recommendations of the conference committee.

Long said he hoped the first-stage excise cuts would go into effect about 10 days before July 1. This assumes the House will go along with the Senate on this date. The House bill specifies July 1 as the effective date for the first stage.

MAJOR DIFFERENCE

This is one of the major differences in the two bills, and Senate sources said they understood House conferees would accept their version.

Another major difference is in the treatment of the excise tax on autos, the biggest item in the bill amounting to \$1.9 billion a year.

Johnson asked for a cut of half of the present 10 per cent auto tax to 5 per cent. The House voted for repeal of the entire 10 per cent tax in stages ending in 1969.

The Senate also refused to go along with the President on this. But it voted to retain 1 per cent of the tax, yielding about \$190 million a year, to get rid of unsightly roadside auto graveyards.

SAFETY DEVICES

Then the Senate adopted an amendment eliminating the remaining 4 per cent conditioned on the agreement of auto makers to build the same safety devices into their cars which the federal government requires on autos it buys.

Nice Weather Here a While

Pontiac area residents can take advantage of the current pleasant weather through Friday.

Temperatures will register near 50 tonight and rise again into the low 70s tomorrow.

Fair and not much change in temperature is the prediction for Friday.

A low of 51 was recorded at 6 a.m. today. The thermometer reading was 73 at 2 p.m.

HOME TOWN HONOR — Space hero James McDivitt and his wife, Patricia, wave to the crowd in Jackson today as the astronaut was honored with a parade downtown in his native city.

Space Hero McDivitt Cheered in Jackson

JACKSON (AP) — Jackson gave a spectacular "conquering hero" welcome home today to its astronaut, James McDivitt, back from space 13 days.

This 36-year-old's home town of 55,000 was jammed by its record crowd in history — an estimated 125,000 — which lined a parade route.

While the Gemini 4 pilot was being welcomed here, his space-walking twin, Edward H. White II, from whom he was split Tuesday night, was receiving a similar reception at his native San Antonio, Tex., home.

Together since their splash-down in the Atlantic a week ago Monday, McDivitt and White received honorary doctor of astronautical science degrees from their joint alma mater, the University of Michigan at nearby Ann Arbor yesterday.

They split at Jackson's Reynolds Airport, where some 15,000 turned out last night to greet them.

The two will be reunited tomorrow at the White House, where they are to receive the Exceptional Service Awards of the National Aeronautics and Space Administration from President Johnson.

COLORFUL PARADE

Jackson's parade was colorful, fun and splashed with beauty. It also was loud, with a tiny cannon firing as it went, jet fighters from Selfridge Air Force Base roaring over the red and blue-plashed streets, and a roar of cheers following as McDivitt and his wife, Pat, rode down the packed parade route in a convertible.

A teen-aged youth epitomized the throng's spirit as he marched alongside the astronaut's car holding high a placard carrying a color picture of McDivitt and this caption: "By Gemini, you did it."

It was the first time that Goldwater had said he would oppose Hayden, 88-year-old dean of the Senate.

Previously, he had said only that he would run for the Senate if an opening developed.

Goldwater's old seat is held by Republican Paul Fannin, a former governor, whose term doesn't expire until 1971.

By throwing his hat into the political arena Goldwater ended seven months of "just relaxing" which included a motor tour of Europe.

Barry Plans Senate Race

May Run Against
Old Friend Hayden

SCOTTSDALE, Ariz. (AP) — Republican Barry Goldwater says he will try to regain a seat in the U.S. Senate in the 1968 election, even if it means running against an old friend, Democrat Carl Hayden.

Goldwater, the unsuccessful Republican candidate for president last year, said it would be difficult to oppose Hayden, "but I would do it."

He added in a speech to a political science club meeting last night that he will run "regardless of who runs on the opposition ticket."

It was the first time that Goldwater had said he would oppose Hayden, 88-year-old dean of the Senate.

Previously, he had said only that he would run for the Senate if an opening developed.

Goldwater's old seat is held by Republican Paul Fannin, a former governor, whose term doesn't expire until 1971.

By throwing his hat into the political arena Goldwater ended seven months of "just relaxing" which included a motor tour of Europe.

Army Copter Collision in Georgia 'Worse Than Viet Mishaps'

COLUMBUS, Ga. (AP) — "It's bad because it catches you off guard," said the officer in the pilot's flight suit. "I haven't any memory of anything as bad as this from Viet Nam, I'll tell you."

The veteran of Viet Nam was looking at the wreckage and some of the bodies of the 18 soldiers killed in the collision and crash of two Army assault helicopters Tuesday.

A thin stream of smoke rose from the smoldering parts of one of the two helicopters which rammed together during a training flight at nearby Ft. Benning.

One went down in flames and landed in a swampy area, the other struck a tall pine tree

about 50 yards away and fell to the ground.

There were two bodies under the wreckage and shattered tree branches and other bodies scattered about.

Tangled Wreckage Tells Story Of Death

"As an educated guess," said another officer who declined to be identified, "they sideswiped each other for some reason."

The second helicopter was not burned badly but it was a mangled mass of metal, tubing, cables, instruments and parts there by the pine tree.

Maj. Gen. John A. Heintges, the Ft. Benning commanding general, said in a statement that he joined with all personnel of the infantry center "in sorrow for those who lost their lives as well as for their bereaved parents and families."

IN TIGHT FORMATION

Capt. Wade Ladue, a Ft. Benning public information officer, said four HUIB helicopters were flying in tight formation when

the accident occurred. They were at low altitude shortly after takeoff.

\$5.5 Million for Calvin OK'd by Church Synod

SIOUX CENTER, Iowa (AP) — The general synod of the Christian Churches of North America Tuesday authorized the board of trustees of Calvin College in Grand Rapids, Mich., to spend \$5.5 million on campus development.

Included in the authorization was an auditorium-music-speech building, costing \$1.7 million, two resident halls, \$1.5 million, a commons building, \$1 million, and the first unit of a proposed science complex, \$1 million.

The two helicopters in the rear collided, he said, and as far as could be determined the men in the other two craft didn't see what happened.

Each of the helicopters had a capacity of 10 — three crewmen and seven infantrymen.

The information office said they were the same type used by the Army in Viet Nam but declined to say whether the soldiers were in training for action in Southeast Asia.

ON TRAINING MISSION

The victims were from B and C companies of the 1st Battalion, 38th Infantry Division. They were on a training mission in a remote area of the sprawling reservation. The helicopters were assigned to the 27th As-

sault Helicopter Battalion, 11th Air Assault Division.

The nearest road was 600 yards away from the crash scene. A bulldozer, brought by truck along the road, took more than an hour to clear and scrape a twisting trail to the scene.

The bodies were placed on litters and covered with olive drab blankets or rubber sheets to await transportation to the base.

A captain stopped, rearranged a blanket on one of the litters and said: "What a hell of a thing to happen."

The fanciest snowflakes are formed in relatively high temperatures.

Bill Making 4-Year Voter Sign-Up Optional Goes to Romney

LANSING (AP)—Democratic legislators—who at first did not succeed in getting a four-year voter registration bill written into law—tried again Tuesday.

The House passed an optional four-year bill 57-35. The Senate approved bill now goes to Gov. George Romney, who vetoed such a bill earlier this year.

The previous bill would have changed the state requirement for purging over registration lists from every two years to every four. The Senate bill allows the two-year registration to stand as the law, but permits communities to vote to lengthen the life span of registration lists from two to four years.

"This is purely permissive legislation," said Rep. J. Bob

Traxler, D-Bay City, majority floor leader. "This state had four-year registrations until the Republican party decided it is politically expedient to change it to two years."

DO IT AGAIN

"On March 16, we passed this bill by a margin of 71-36," said Rep. Russell Hellman, D-Dollar Bay, "and I suggest we do it again." A Democrat sponsored, Senate-approved bill to permit voter registration on Sunday drew numerous objections, some of them on religious grounds.

It failed to draw the 56 yes votes needed to pass. The vote was 53-37.

Rep. Claude Burton, D-Bellevue, called it "one of the most

ridiculous bills I've seen come before this house; I'd rather walk with God than with the speaker."

Traxler said the bill had legal clearance from State Elections Director Robert Montgomery, and asked opponents:

Milk Bill Faces Overhaul in Backers' Bid for OK

LANSING (AP)—A controversial milk trade practices bill faced substantial overhaul today in its backers' bid to win enough support for passage.

As a tide of pro-regulation mail began to counter an earlier flood of antiregulation correspondence, senators moved generally to simplify the House-approved measure.

The bill prohibits sale of milk for less than cost at any stage of production or distribution.

The Senate, at least tentatively, knocked out Tuesday a series of prohibited trade practices such as furnishing of long-term credit or merchandising aids by milk concerns.

ONLY 2 YEARS

Sens. Roger Johnson, D-Marshall, Agriculture Committee chairman, and Raymond Dzendzel, D-Detroit, majority leader, said they would amend the bill so it is effective for only two years.

"Then if it doesn't work, it'll automatically expire," said Dzendzel.

Chief argument in a debate which has continued all week is whether the legislation will keep small dairymen in business or drive up the price of milk.

A large grocery chain triggered a deluge of mail when it advertised the bill would increase milk prices. By Tuesday night, however, at least one senator had received a thick stack of mail supporting the bill.

PREDICTS APPROVAL

The bill survived a trip back to committee Tuesday. Johnson predicted later its worst trouble

"Please allow us the courtesy of not being bound by your convictions as you see them."

The House bypassed discussion of appropriations measures, including a higher education bill, containing a controversial \$6.3-

million cut in the University of Michigan appropriation for the coming fiscal year.

Under terms of the constitution, the bills are not eligible for passage until Friday, five reported out of committee.

Fiscal Figures for 1964 Are Presented to City Commission

Fiscal figures for 1964 were presented last night to the City Commission. City Finance Director Marvin M. Alward reported that the city ended last year with an unappropriated surplus of \$546,881 in the general fund. However, he pointed out that the cash was used to finance city operations during the first weeks of 1965, since tax collections are not made until July to finance the city's January-December budget.

In fact, the city has used the surplus and borrowed \$1.75 million to cover expenses until the annual tax collections.

Alward said that about \$225,000 of the surplus represented actual cash that was available for the current fiscal year.

So far as the so-called unappropriated surplus is concerned, Alward said city finances ended the year in good condition.

The surplus at the beginning of 1964 was only about \$18,000 in actual general fund cash. He said the net increase in the surplus was \$218,747.

In 1964, operating revenues exceeded budget estimates by \$130,352, totaling \$6.8 million. Expenditures totaled \$6.5 million and were \$136,106 under budget estimates.

Alward said the general fund budget for 1964 was set at \$6,679,924. An estimated \$4,068,648 was raised by taxation, while \$2,611,276 came from other sources.

Major revenue items that exceeded estimates were sales tax receipts, criminal fines, and gas and weight tax monies.

Alward said that some departments overexpended in 1964, while others were underexpended, giving the net drop in expenditures of \$136,106 or 2.04 per cent.

Three other city funds — capital improvement, sewage disposal and water supply — netted profits in 1964, according to the finance director.

The carry-over on the capital improvement fund totaled \$96,278. These funds are available in 1965. Alward said the carry-over results from some curtailment of construction and the deferment of payments of some improvements.

The sewage disposal fund had a net profit of \$179,774, but future expansion of sewer services is planned to eat up this revenue, said Alward.

Beefed up through a new rate structure, the water department netted a profit of \$150,228 in 1964. Such funds are used usually for the expansion of the system.

Revenues in the downtown parking system fund were down \$10,000 in 1964 over 1963, said Alward. Construction had curtailed the parking lot operations.

Meantime, the parking lots near Pontiac General Hospital experienced a \$2,000 jump in revenues last year, putting that system on a sound basis, according to Alward.

Alward said that about \$225,000 of the surplus represented actual cash that was available for the current fiscal year.

So far as the so-called unappropriated surplus is concerned, Alward said city finances ended the year in good condition.

The surplus at the beginning of 1964 was only about \$18,000 in actual general fund cash. He said the net increase in the surplus was \$218,747.

In 1964, operating revenues exceeded budget estimates by \$130,352, totaling \$6.8 million. Expenditures totaled \$6.5 million and were \$136,106 under budget estimates.

Alward said the general fund budget for 1964 was set at \$6,679,924. An estimated \$4,068,648 was raised by taxation, while \$2,611,276 came from other sources.

Major revenue items that exceeded estimates were sales tax receipts, criminal fines, and gas and weight tax monies.

Alward said that some departments overexpended in 1964, while others were underexpended, giving the net drop in expenditures of \$136,106 or 2.04 per cent.

Three other city funds — capital improvement, sewage disposal and water supply — netted profits in 1964, according to the finance director.

The carry-over on the capital improvement fund totaled \$96,278. These funds are available in 1965. Alward said the carry-over results from some curtailment of construction and the deferment of payments of some improvements.

The sewage disposal fund had a net profit of \$179,774, but future expansion of sewer services is planned to eat up this revenue, said Alward.

Beefed up through a new rate structure, the water department netted a profit of \$150,228 in 1964. Such funds are used usually for the expansion of the system.

Revenues in the downtown parking system fund were down \$10,000 in 1964 over 1963, said Alward. Construction had curtailed the parking lot operations.

Meantime, the parking lots near Pontiac General Hospital experienced a \$2,000 jump in revenues last year, putting that system on a sound basis, according to Alward.

Issue of Zoning Near Boys' Club Ends

A rezoning dispute between the Pontiac Boys' Club and the developer of land adjacent to the club's Columbia Avenue extension has been settled.

Acting on the request of Attorney James Howlett, representing the developer, the City Commission agreed last night to permanently table the rezoning.

Howlett had requested the rezoning because the developer had sold the property.

Commissioner Leslie H. Hudson commented that the land — about four acres — would probably be acquired by the Boys Club sometime in the future.

Residents of the area and Boys' Club representatives had opposed the requested rezoning, which would have permitted an apartment complex on the land.

FIRM SUES CITY

In other business last night, the commission received notice that the city is being sued by WKD, Inc., 108 N. Saginaw, for \$20,000.

The suit involves a WKC warehouse formerly in the R44 urban renewal project. The store alleges that the city did not give proper notice of condemnation.

The commission turned over the Circuit Court suit to the city attorney.

COMMERCIAL REZONING

Commercial rezoning was introduced last night for a lot north of Auburn and west of Eastway. Recommended by the City Planning Commission, the rezoning would provide for expansion of Economy Welding Co., now located there.

WON'T SELL LAND

A request to sell a city-owned lot at the southwest corner of Kennett and Stanley was rejected by the commission. The city decided not to sell the land because of pending development in the area.

The commission received a \$12,000 bond last night as security for scheduled site improvements at the Tel-Huron Shopping Center.

Under a 1957 agreement, the shopping center was to install certain site improvements — alley paving and street reconstruction — and these improvements are now being made.

In other business last night, Mayor Pro Tem Hudson and Mayor William H. Taylor, Jr., were designated as the city's delegate and alternate delegate to the National League of Cities conference in Detroit in July.

Voters Select Members for Area School Boards

Voters have made some important selections at the polls, and school boards all over the area have some new faces for their meetings.

Furthermore, the taxpayers approved by a wide margin additional millage to continue special education for handicapped and retarded children.

In Pontiac, Dr. Robert R. Turpin and Mrs. Lucille D. Marshall will begin devoting many hours to solving our school problems. Dr. Turpin's leadership has previously been shown in his work on the school study committee.

We are confident both he and Mrs. MARSHALL will serve the community well.

The community owes a vote of thanks to outgoing board president WILLIAM H. ANDERSON, who has served for eight years, guiding the education and future of Pontiac.

Welcomed to the Waterford board is Mrs. Virginia Ross, a former teacher who brings practical education experience to the office.

It would be a change for the better if some of the voters who put these people in office would attend some of the meetings and observe firsthand the decisions that must be made.

Most school board meetings find only school officials, reporters and teacher organization officers in attendance.

The number of registered voters who turned out to select these people was altogether too low for the importance of the job—approximately 10 per cent in Pontiac and 7.5 per cent in Waterford. What could be more important than the education of our children?

Communist Conspiracy a Threat to Our Nation

J. EDGAR HOOVER, one of our outstanding Americans, writes an editorial in his current message to "all law enforcing officials everywhere." The head of the FBI and the greatest police officer in the world says:

"America is engaged in a deadly struggle for the survival of the free world. While our Nation is fending off the strangling grip of international communism on foreign soil, attempts are being made at home to undermine and distort its actions.

"Tremendous pressure and criticism are leveled against the President and the Congress to confuse the public. Responsible charges of 'invaders,' 'brutal aggression,' and 'sneak attacks' are used to discredit our Government in hopes it will be forced to abandon its role as defender of freedom. Some of this comes from legitimate peace groups or the cause of those who are opposed to the course of action being followed in Viet Nam and the Dominican Republic. However, much of the agitation is part of a diabolical scheme contrived by the Communist Party, USA (CPUSA), an integral arm of the international Communist conspiracy.

"The CPUSA and other Communist groups are seizing this opportunity to advance their cause by false statements and half truths. Particularly, the party is seeking to influence the youth of our Country through the Communist-controlled W. E. B. DuBois Clubs and similar organizations.

"The CPUSA encouraged and endorsed the student march on the Nation's Capital protesting United States intervention in Viet Nam. Although not in actual control of this demonstration, the Communists participated in the march and distributed copies of 'The Worker,' an east coast Communist newspaper. Communist marchers from all over the country were present, and Com-

munist leaders claimed a major role in the demonstration.

"This is a typical example of the party's widespread campaign to influence our country's foreign policies. The party is working through non-Communist groups and front organizations to embarrass our Government and disrupt its efforts. Communist leaders are striving to initiate other marches and demonstrations to keep their campaign of fear and terror rolling. We can expect that the party will push for some type of nationwide action similar to 'peace' strikes or work stoppages to emphasize their aims. These are methods which have served Communist causes so well.

"Party leaders hope, of course, that more and more Americans will be duped and misled. They envision a commanding wave of hostility against American policies abroad. The goal is to incite citizens to the point that they will demand American forces be withdrawn from Viet Nam and other places, allowing international communism to take over and engulf more defenseless countries.

"Fortunately, the strength and greatness of our Nation lie in its million of patriotic and loyal citizens—Americans who will not swallow the Red bait of the cunning Communist emissaries. Americans who will rally behind our Government leaders at this crucial time; and Americans who are still proud to state: 'I was born an American; I will live an American; I shall die an American.'"

GOP Splitting on LBJ Support

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON—Republicans still don't sound unanimous or even happy although, split wide open in the 1964 presidential race, they suffered one of their worst defeats in history.

Since then they have been backing President Johnson's foreign policy, much to his satisfaction, while remaining rather peaceful themselves and among themselves.

It was never a peace that could last long, in a party divided into as many sharp factions as the Republicans, but even the peace such as it was is beginning to show cracks.

Four paragraphs, from four different stories in the news, tell the story:

1. Rep. Melvin R. Laird of Wisconsin, one of the top Republicans in the House, warned Johnson "We may be dangerously close to ending any Republican support of our present Viet Nam policy."

Laird is chairman of the GOP Conference Committee.

2. Senate Republican Leader Everett M. Dirksen said his group will continue to "uphold the hands of the President" in Viet Nam, adding: "What else could you do in a situation of this kind?"

3. Former Sen. Barry Goldwater, whom Johnson defeated in the presidential race, in a radio-television interview said he feels Johnson should stop trying to be a general and let the military run the show in Viet Nam.

4. Republican organization leaders took a dim view of the project, formed of a new conservative organization to be headed by Goldwater as honorary chairman.

While Johnson has been heckled for his foreign policy, particularly in the academic and artistic world, he has been able to operate with reasonable confidence because of the backing he got in Congress.

True, he has had some individual critics there, but on the whole, Republicans lined up with the bulk of Democrats in supporting him.

But if Johnson and his policies begin to come under attack by just House Republicans, for whom Laird seemed to be speaking, his road will take a sour turn, reminiscent of what happened to President Harry S. Truman in the Korean War.

Republicans were constantly on his back then, calling it "Truman's war."

Embarrassingly Hard To Ignore!

David Lawrence Says:

Must Dramatize Viet Importance

WASHINGTON—There was an art festival at the White House Monday. It took the time and attention of the President of the United States.

The occasion had a praiseworthy purpose. But there is something far more important which needs the time and attention of the nation's chief executive right now. It's the wavering morale of the parents and relatives of the more than 50,000 American boys who are fighting the war in Viet Nam.

"These families cannot know what is going on in the jungles of Viet Nam just by reading the newspapers, and naturally little mention of individuals is made unless there are casualties.

Meanwhile, what the critics are saying, both here and abroad, is widely publicized. The impression is given that it is a useless war and that the lives of the American boys are being sacrificed in vain.

The real truth, however, is that the Americans in Viet Nam are performing a service not only for the 190 million people in the United States, but also for the hundreds of millions of human beings in other countries who are being protected against a nuclear war because of the steadfastness and resoluteness of America's armed forces.

President Johnson is conscious of the worries and anxieties of the families of the Americans who are in Viet Nam. But he admits yesterday that he had a difficult time replying to a letter from a mother whose son was en route to Viet Nam.

He said he told her the nation's liberty and freedom are so precious that her son's service is needed in Viet Nam.

President Johnson could readily dramatize at a ceremony in the White House the reasons why American troops are in Viet Nam.

A delegation of parents of soldiers, airmen and sailors in Southeast Asia could be brought to the White House at government expense so that the President personally could explain the war and what it means not

only to the American people but to the world as a whole.

Such an occasion would serve also to remind the parents of many boys who have not yet gone to Viet Nam that if a crisis comes, they, too, must be prepared for the great sacrifices that are necessary to prevent a nuclear war.

President Johnson did make a generalized speech on April 7 at Johns Hopkins University in Baltimore, but what he said then about Viet Nam needs reiteration.

Bob Considine Says:

Easy to Tell Which Side Spaceman Is On! Listen!

NEW YORK—People... places... and space... What's the difference between an astronaut and a cosmonaut?

Well, when an astronaut returns to earth he couldn't have gotten away with it without the teamwork and support of all the good Joe's at NASA and the Air Force Navy, and the hardware made by Martin, McDonnell, Rocket-dyne, etc.

He says he's lucky to have had the experience and it's nice to be back with the wife and kids. And now for a good old corned beef sandwich.

When a cosmonaut alights from the cosmos the first thing he says goes something like this:

"All hail the revolution of the workers! Honor is due the party and its tireless Supreme Soviet and Presidium."

"The forces of imperialism cannot prevail against the technology of enthusiastic comrades aligned against them. All hail the Great October!"

Otherwise, they're just alike, grow the same beard, have the same plumbing problems.

Shall any one say there shall never be a communication between the Moon and the Earth? The Art of Flying is

The President could say a lot more at a White House ceremony and awaken an appreciation of the service being rendered by brave American boys as they risk their lives so that their families and their fellow Americans can live free of the horrors of a nuclear war, plumbers and truck drivers.

Naturally, they don't make as much as carpenters working around the lunch pad. Can't strike, either.

(Copyright, 1965, New York Herald Tribune Syndicate, Inc.)

Voice of the People:

'Ask What Can Be Done to Help Our Policemen'

In a town of this size, so large in population and so small in actual concern, it would take a police force twice our size to reduce the crime rate and keep the people from hurting themselves.

What this town needs is a little more help from the people. Ask the police what can be done to help instead of blaming them for our shortcomings.

Comments on the Removal of Billboards

How does LBJ and his Socialistic Democrats get the authority to use taxpayers' money to penalize states for not removing billboards on federally financed roads? I don't believe in this blackmail, but since we can't stop him, let him go farther and stop the silly and filthy commercials and plays that use our living rooms as a billboard.

VICTIM

More Suggestions for Wide Track Drive

Your Wide Track Drive is certainly much better than it used to be at the south end, but the State of Michigan and the City of Pontiac haven't done a complete job yet.

As you go south a couple of blocks past Lewis', the end of Saginaw street splits. One turn reads "east" and the other reads "west." That's all right as far as it goes.

However, those of us who live in Birmingham and generally south of your city, can't tell which way to turn to continue south. I've learned by making a wrong turn the first time. To go south, you take the "west" turn and then turn south almost immediately on Wide Track. Can't you add the word "south" to the "west" sign?

BIRMINGHAMER

Does Law Violate One's Right of Privacy?

I'd like to hear a ruling by Supreme Court on the 88-year-old law that forbids one from remarrying for up to two years, that Judge Beer is enforcing on the offending party (whoever that is). It seems it could be a violation of the 14th Amendment of the Constitution in regards to one's "right of privacy" and "freedom of association."

Comments on Care of County TB Patients

The Patients' Benefit Association would like to thank all the supervisors that voted to keep the tuberculosis patients in the county. Patients transferred back from Herman Kiefer and Mayberry are pleased to be back in Oakland County. We hope the remodeling will continue at a rapid pace so that the remainder of the patients in Wayne County can be brought back to Oakland County and future Oakland County tuberculosis patients will be admitted directly to this facility.

EDITH WEAVER
PRESIDENT,
PATIENTS' BENEFIT ASSOCIATION

Tells Why Tax Millage Was Voted Down

I feel compelled to write on behalf of many voters in Bloomfield Township who voted down the added millage for road improvements, police, fire, etc. It is not that we do not need each improvement but that our taxes have been raised repeatedly for schools, with nothing left for other improvements.

When Bloomfield Hills is given as your address, most people vision, wealth, executives and big estates. There are many factory workers and salaried people who are trying to make a place for themselves and it gets increasingly difficult with each tax increase.

BLOOMFIELD HILLS RESIDENT

Reviewing Other Editorial Pages

Communist Action

The San Francisco Examiner

President Clark Kerr of the University of California was the first to say that Communists were involved in the student rebellion that rocked the Berkeley campus.

During the period of greatest unrest, the Examiner published photographs of demonstrators and identified several as members of the Communist party. Now it is revealed that FBI Director J. Edgar Hoover told a congressional committee that at least 43 individuals with Communist backgrounds played active roles in the explosive developments at Berkeley.

Dr. Stefan Possony of Stanford University's Hoover Institution, told a Senate committee: "The radicalization of American youth is proceeding beyond the wildest expectations of the Communists."

The evidence is clear. It should be convincing. The Communists are in our midst. They are active. They are destructive.

This is not to say that all who participated in the autumn of unrest at Berkeley were Communists. Far from it. Most of the participants were honest, honorable, patriotic young citizens pursuing what they regarded as legitimate aims.

Communists seek out pro-

test issues that have legitimate overtones. Then, through the skillful manipulation of loyal citizens, they are able to mask their own divisive and alien purposes. They let others do their dirty work.

They have instigated or infiltrated demonstrations against our actions in Korea, in Lebanon, in Cuba, in Laos and more recently against our actions in Viet Nam and the Dominican Republic. The Communists have involved themselves in petitions and parades against our nuclear tests, our atomic submarines and our military appropriations. These activists were strangely silent, however, when the Communist powers gobble up Latvia, Lithuania, Estonia, Poland, Albania, China, East Germany, Czechoslovakia, North Korea, North Viet Nam, Tibet and Cuba.

There were no peace marches when Communist tanks and guns crushed the revolt in Hungary by slaughtering tens of thousands of citizens who sought only a sliver of the freedom possessed by the

The Associated Press is entitled exclusively to the use for publication of all local news printed in this newspaper as well as all AP news dispatches.

The Pontiac Press is delivered by carrier for 50 cents a week; where delivery is not made, the subscription price is \$10.00 a year, delivered. All mail orders and all other places in the United States \$20.00 a year.

most oppressed in our nation. There were no protests recently when Red China detonated its second "dirty" nuclear bomb in the atmosphere.

Let those who fear up their draft cards and those who preach against our nation's actions in Viet Nam and the Dominican Republic take a long and searching look at the tragic pattern of appeasement that preceded World War II:

- Japan moved into Manchuria and we took no action.
- Mussolini moved into Ethiopia and we took no action.
- Hitler moved into the Sudetenland and we took no action.
- Stalin moved into Finland and we took no action.

The world paid a terrible price for appeasing this kind of wanton aggression. More than 50 million men, women and children died during six years of the most horrible and costly war the world has ever known.

That tragic war might have been avoided if the peace-loving leaders of the world had shown the same courage and the same convictions that have characterized the actions of President Johnson in meeting the Communist challenge in Viet Nam and the Caribbean.

Seldom Noticed

The Monterey County (Calif.) News

People seldom notice old clothes if you wear a big smile.

"Maybe they weren't so bright in those days, but I'll bet he could get tops off jars better than you can."

AEC Flooded by Bids for 'Megabuck' Atom Facility

WASHINGTON (AP) — A mad scramble for the megabuck has overwhelmed the Atomic Energy Commission.

From West Palm Beach, Fla., to Richland, Wash., the applications have flooded in, 65 of them from 39 states with more to come in the mail.

The prize they seek: a \$200-million atom smasher, to be the

largest and most powerful in the world. In atomic age slang, \$1 million is a megabuck.

The proposed proton accelerator for which would be devoted to basic research would be a huge circular structure a mile in diameter. It would have a capacity in the range of 200 billion electron volts — BEV. The largest one in the United States is now, at Brookhaven, N.Y., is 33

BEV. The Russians are supposed to be building a 70-BEV accelerator.

TREMENDOUS PAYROLL

Eventually 2,000 scientists, technicians and engineers will man the 200-BEV accelerator. Thousands more visiting scientists will pour in yearly. The payroll alone would be tremendous.

That is one reason why places like Washington County, Mich., Missoula, Mont., and the Bad Lands of South Dakota — to name a few — have applied to provide the site.

The deadline was Tuesday night, but AEC sources said applications postmarked Tuesday would probably get under the wire.

Some of the applications mentioned only the state, with no specific site suggested. Others were presented at a hearing before AEC commissioners Tuesday with elaborate brochures, and with senators, congressmen, governors and university presidents to extol their virtues.

'LOOK AT FACILITIES'

In effect, most of the applications shouted: "Look at us! Look at all the facilities, housing, educational institutions, and cultural advantages we have!"

Those are some of the things the AEC is looking for near the site. Others are an area of 3,000

acres, a firm electric power supply, a minimum of 2,000 gallons-per minute of high quality water, good surface transportation and a major airport.

Nothing like this scramble has ever been experienced before in the state, rarefied atmosphere of the AEC, a spokesman said.

Elvis Stahr, president of Indiana University, and Frederick Hovde, president of Purdue University, presented the case for Eagle Creek just outside Indianapolis.

CARRIED BALL

Sens. Frank L. Lausche, D-Ohio, and Stephen M. Young, D-Ohio, carried the ball for a site at Ravenna, Ohio. Another possibility is Piketon, Ohio, where the AEC has a gaseous diffusion plant.

Paul W. McDaniel, director of research for the AEC, told the Indiana witnesses that other applications offered electric power at rates substantially below the Indiana offers. He suggested that Stahr and Hovde go home and suggest to local power officials that they "sharpen their pencils" and figure out lower rates.

The AEC has asked the National Academy of Sciences to review the applications and come up with a recommendation by the end of the year. The field will first be narrowed down to 15 finalists by a board of review.

Congress has appropriated \$1.9 million for preliminary design work, but the rest of the cost is still to come.

Michigan Sites in the Running

WASHINGTON (AP) — Alternate sites at Fort Custer or south of Whitmore Lake in Washtenaw County are the Michigan entries among more than 65 applications submitted to the Atomic Energy Commission for a site for a \$200 million atom smasher.

The commission said Tuesday more applications were expected, bringing the total to possibly 75. The AEC had set Tuesday as the deadline.

Congress has not authorized building of the huge 200-billion-volt accelerator, but it has voted \$1.9 million for preliminary design work for the year starting July 1. The commission was told to select a possible site and report back to Congress.

Car Hits Truck; 5 Teens Killed

MERCER, Pa. (AP) — A joy ride ended in death for five teenagers as their car and a steel-laden truck collided Tuesday night on Route 62 near the western Pennsylvania community of Sandy Lake.

Coroner John Mohney identified the victims as Robert Watkins, 17, the driver; John Flepa, 15, and his sister, Anna, 16; Guy Portillo, 13; and Raymond Weir, 20, all of Meadville, Pa. The trucker, Francis J. Hovis, 43, of Polk, Pa., was treated for a leg injury at a hospital and released.

State police said the Watkins car was going west at high speed when it went out of control and crossed the center line.

Director Lists Plan to Extend MR-A Movement

MACKINAC ISLAND (AP) — J. Blanton Belk, director of Moral Re-Armament in the United States, Tuesday announced plans to extend the movement into Latin America, Southeast Asia and the Caribbean.

Belk made the announcement before 800 young persons attending the opening session of an MR-A youth conference, "Demonstration for Modernizing America."

Belk, who said he conferred recently with Prime Minister Sato of Japan, said "leaders from Japan, Latin America and the Caribbean will come to Mackinac to request ideological aid for their continents."

Debate Right to Education

LANSING (AP) — Who decides what is best for a child—the parents or the state? The question has been debated in the House twice this week, a so far the score is even.

In the defeat of an educational amendment for the noncertificated teachers of Michigan's Amish community Monday, members argued the right of a parent to deny his child advantages of an education that would prepare him for modern society.

The amendment was defeated, with the heaviest emphasis given to the dangers such exemptions would put to the state's educational standards, rather than the parental issue.

WON DEBATE

The parents won in debate over a bill that would extend to children in parochial and private schools, public health examinations and services identical to those afforded public school students.

Rep. Albert Kramer, D-Oak Park, succeeded only temporarily in striking from the bill a clause that would exempt "any child whose parents of guardians have religious objection to such examination or health service."

The amendment was approved in the preliminary debate stage, when fewer votes are required, but failed when challenged in the final voting stage, where 56 "yes" votes are needed. The vote was 41-29.

Kramer objected that the legislature would be passing a new program under which parents could deny their children health services.

OFFICIAL BIAS

"I do not believe this legislature should pass an official bias," he said, adding:

"If we are changing the long-standing so-called 'separation', then we are taking a new approach, and that new approach should not allow parents to tell their children: 'You cannot have these services.'"

NEW TINY ELECTRON EAR FITS INTO YOUR EAR CANAL

IDEAL FOR NERVE DEAFNESS

or if you hear but sometimes don't understand

Wear the tiny amazing new Electron Ear in your ear canal and enjoy the clear understanding of conversation and the self assurance that only good hearing can bring. Best of all, you look younger and feel younger because you won't miss what people are saying. And because it is so tiny that you wear it in your ear canal, you won't be conspicuous as with external type hearing aids. New super-miniature device is self contained with no tubes, cords or ear molds.

POWERFUL SOUND MAGNIFICATION
You hear with extra loud and clear sound magnification because tiny speaker is deep in ear canal close to your eardrum.

HEAR WITH BOTH EARS
Wear an Electron Ear into each ear. Allows you to know where sound is coming from.

FREE
SEND NOW

For free replica and information on new Electron Ear, just send name and address. No obligation.

Bombsight Inventor's Burial Set

ZURICH, Switzerland (U) — The Dutchman who invented America's World War II pin-point bombsight, Carl L. Norden, will be buried in a Zurich cemetery Thursday.

Norden, 85, died Monday night at his home in Zurich after a long illness. He had made his home here since the war.

The Norden bombsight was used during the massive raids over Germany and Japan as well as the atomic bombing of Hiroshima and Nagasaki. It raised American bombing to a degree of accuracy previously unknown in warfare.

The bombsight was one of America's most closely guarded military secrets during the war. So vital was it considered that 350 guards kept round-the-clock vigil at the plant where it was produced.

UNDER OATH

Bombardiers who used the sight were under oath to protect it from the enemy. If their planes were disabled over enemy lines, they usually smashed the 45-pound device.

Although his name became famous, Norden was known personally to only a small group of military and civilian engineers.

Born of Dutch parents in Java he was educated in Germany and Switzerland and took a degree in mechanical engineering. He emigrated to the United States as a young man and worked for a while for the Sperry Gyroscope Co. as consulting engineer designing stabilizing instruments for ships.

In 1915 he went into business for himself and began designing naval instruments.

FIRST SIGHT

The Navy's Bureau of Ordnance assigned Norden in 1921 to study precision bombing problems. In 1927 he and another engineer, Theodore H. Barth, turned out their first bombsight.

At the peak of its operation in World War II, the Norden company employed 18,000 men and women to work on the bombsight. Norden retired after the war and settled in Switzerland. His daughter Elsiebeth, wife of a Swiss doctor, said that her father never abandoned his Dutch citizenship and "never stopped feeling he was a Dutchman."

Also surviving is a son, Carl F. Norden, 57, who until recently was economic counselor at the U.S. Embassy in Caracas, Venezuela. Norden's wife died two years ago.

Crime Institute Hears Romney

DETROIT (AP) — Urging individual citizens to become "active, informed and concerned" in the campaign against crime and delinquency, Gov. George Romney Tuesday addressed the 12th annual National Institute on Crime and Delinquency.

"The only ultimate solution to the problems of juvenile delinquency and adult crime is to stop them before they start, and that means prevention as well as treatment," Romney said.

Referring to correctional personnel in the audience, Romney said, "You are the only ones who stand between an individual and total personal disaster. The rest of us are saying to you 'We've failed. And this individual has failed. Now see what you can do.'"

James V. Bennett of Washington, D.C., a long-time director of the United States Bureau of Prisons, was presented with the Roscoe Pound Award for outstanding contributions to the prevention, control and treatment of crime and delinquency.

Defend Award to the Beatles

More Heroes Return Citations in Protest

LONDON (AP) — Labor members of Parliament from the Beatles' home-town are defending Queen Elizabeth for decorating the Liverpool mop-tops as more British war heroes return their royal citations in protest.

"Plain silly and rather snobbish," said House of Commons member Eric Hoffer of the angry veterans.

Hoffer and other Liverpool Laborites introduced a motion in Commons supporting the royal action making the quartet M.B.E.'s — members of the Order of the British Empire. The award was in the queen's birthday honors list last week.

The motion said the Beatles had "captured the American market and brought in their wake great commercial advantage in dollar earnings to this country."

ESQUIRE ADDED

The M.B.E. entitles the Beatles to add an "esquire" to their names and wear a medal or a ribbon in their lapels. Traditionally it has been given for long and faithful service to Britain or for outstanding performance in the arts of professions. All such royal honors are made in the name of the monarch, but they are made on the recommendation of the prime minister.

Four more war veterans announced Tuesday that they were returning their royal decorations in protest against the award to the Beatles.

One of them was David Evan Rees, 70, a sea captain who was torpedoed twice during World War II. King George VI awarded him the O.B.E. — a grade higher than the M.B.E. — in 1940.

"I often listen to the Beatles on the radio, but they certainly don't deserve the M.B.E.," said Rees. "I'm disgusted that they have been made members of this most excellent order."

OTHER HEROES

Others who divested themselves of their awards were V. Blum, decorated in Italy during the war; James Berg, an anti-aircraft gunner during the blitz, and Paul Pearson, who rescued allied fliers from the English Channel.

Similar action was taken earlier by Hector Dupuis, a former member of the Canadian Parliament, and George Read, who rescued nine sailors during the war.

Action Urged on Pollution of Great Lakes

DETROIT (AP) — Gov. James A. Rhodes of Ohio called Tuesday for "comprehensive cooperation" and "definite action" among Great Lakes states and the U.S. government to combat water pollution of the lakes.

Rhodes spoke at a session of a federal enforcement conference on pollution in the Detroit River and on the Michigan shore of Lake Erie.

"This problem is too large for one state and we need the assistance of the federal government," Rhodes said. "And I'm not just talking about police action on pollution control but an over-all program to salvage and save the Great Lakes."

"We have a common goal," he added. "We're trying to clean up the Great Lakes and protect what we have."

250 CONFEREES

More than 250 persons, most of them representatives of concerned communities and industries, are attending the conference.

Michigan Gov. George Romney in an earlier speech said a great deal of progress — much of it on a voluntary basis — has been made in recent years in Michigan but much remains to be done.

Romney said "further major projects are ready to be taken off the drawing boards" and will be put into action as soon as definitive goals have been set in the conference between the Public Health Service and the Michigan Water Resources Commission.

A patented device makes it possible for a cripple to engage in bowling without leaving his wheelchair.

WAITING FOR DADDY—Johnnie Gail Hoozycutt, a frail 14-year-old blonde from Anniston, Ala., is hospitalized in New Orleans awaiting a kidney transplant. Her father will donate a kidney in an operation scheduled in two weeks to give the girl hope for a new lease on life.

Epidemic, Heat Strike in India

NEW DELHI (AP) — More than 70 deaths were reported today in a gastroenteritis epidemic in the northeast state of Assam and in a killer heat wave gripping northern India.

The 10-week gastroenteritis epidemic in Assam has taken 560 lives, reports to Calcutta said, and more deaths were feared imminent. The disease resembles cholera.

The heat toll hit 144 deaths today, and no relief was in sight.

Daytime temperatures for the past four days have ranged from about 108 degrees in New Delhi to more than 120 in the Gaya district of Bihar State, the hottest spot in India.

The government radio said the toll probably is much higher since death from sunstroke or heat prostration in the countryside often is not reported.

People in the News

By The Associated Press

Richard Cardinal Cushing, Roman Catholic archbishop of Boston, has appealed for unity among all Christians "from renewal of the inner life of our minds, from self-denial and unstinted love."

The cardinal spoke last night at the second annual National Workshop on Christian Unity in Boston, attended by Catholic and Protestant clergy and laymen.

He said: "It is becoming less and less possible for Christians to live in their own self-contained worlds. We might say that what is most required for the fullness of the ecumenical ferment to be realized is a change of heart."

Churchill's Widow Takes Lords Seat

Lady Spencer-Churchill, Sir Winston's widow, took her seat in the House of Lords in London, yesterday, an honor refused by her husband throughout his life.

She accepted a life peerage from Britain's Labor government last month, just a few weeks after her 80th birthday and four months after the death of her husband.

Festival to Play Ezra Pound Ballet

Gian Carlo Menotti, American composer, has announced that his Spoleto Festival of two worlds, which opens June 24 at Spoleto, north of Rome, will feature a ballet with music by Ezra Pound, the expatriate American poet.

A Junior Editors Quiz About BONE CHINA

QUESTION: Is bone china really made of bone?

ANSWER: Chinaware is a form of pottery and is generally regarded as being the highest form of the potter's art. It is called china because it originally came from that country.

True china is white and translucent, allowing some light to come through. The Chinese originated this ware by using a mixture of kaolin with petunse, called china stone.

China began to appear in Europe in the 1400's, but it was rare and costly. By the 1700's, a great desire to own fine china had arisen in Europe, but the Chinese did not want to give away the secret of how they made it.

Potters in various factories in Europe and England experimented and found out about the use of petunse and kaolin. In 1790, in England, Josiah Spode discovered how to add the ashes of burnt bones to the other materials.

The ware he produced was called bone china and became extremely popular. The Chinese made the china more durable and produced a slightly creamier look to the ware, making it very attractive.

Spode's formula was later used in other English china such as Coalport, Derby and Worcester. Bone china is quite light in weight and has a kind of smooth feel which reminds one of ivory.

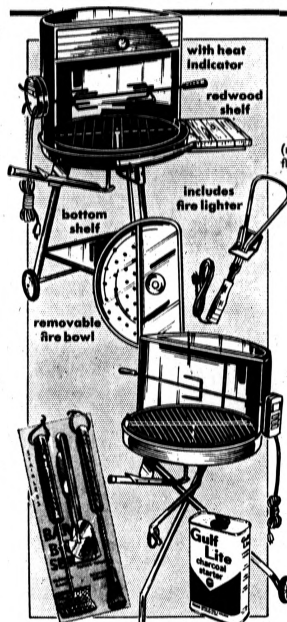

Not all china is made with bone. In the United States, only a small amount is produced in this way, because of a lack of specially trained workers who understand the process.

FOR YOU TO DO: If there is any china in your home, ask your mother or father to tap a piece very lightly. Fine china will have a beautiful ringing sound. Cups and saucers made from other pottery, while perhaps beautiful, will have a duller sound.

of the enemy, but they keep sleeping back at night aboard river sampans.

"We had rebuilt two bridges they destroyed on our main supply road before we landed here," said Lt. Edward C. Riley, 23, Rochester, N.Y.

* * *

"We figured they'd try to hit the bridges again sooner or later, so we threw a defensive perimeter around them."

IMPORTANT BRIDGE

One bridge was guarded by a squad of 18 led by Sgt. Hilton O. Williams, 28, Greenville, Ala. It is a small, single-lane bridge only 20 feet long, but important beyond its size.

"That afternoon we picked up a small 7-week-old puppy and gave him some chew, and he stuck with us," said Sgt. Williams.

At 2:45 the next morning the puppy suddenly started growling.

* * *

"I hear something moving out there," said Lance Cpl. Curtis R. Jackson, 21, Pollock, Tex., tall, lanky man known as "Big Foot" because of his trouble in getting boots large enough to fit him.

WILLIAMS LEAPS

Williams leaped toward the front of the squad's position Jackson toward the rear.

"In the darkness I saw what looked like a bush that hadn't been there before. I called for the password, and all at once the bush turned in to five men and I started firing.

"And then there was firing from all sides. They had spent hours creeping up through the rice paddies, and they had us surrounded.

* * *

"They threw in a round of mortar and then opened up with small arms and 30-caliber machine guns. Our men were all within 10 yards of our machine gun, and we fired back with everything we had.

FIRST ATTACK

eight or nine Viet Cong trying to rush the squad's position.

After emptying his rifle, Jackson leveled his 45-automatic. Before he could pull the trigger, an enemy bullet hit his pistol and knocked the hammer off.

SAVES LIFE

"Actually, that saved his life," said his commander, 2nd Lt. Tim Schwartz, 22, Latrobe, Pa. "If the bullet hadn't hit his pistol, it would have gone through his chest."

But the embattled Texan yelled, "Throw me another rifle," then collapsed. During the lull he was evacuated by a helicopter which made a perilous

Jackson, who is in good shape in an Okinawa hospital, was credited with killing one and wounding two, who were killed the following morning when they put up resistance.

Jackson has been recommended for a medal. Sgt. Williams, the only other Marine

OVERS

casualty, suffered slight shrapnel wounds.

"There's no doubt about it," he said. "Cpl. Jackson saved our rear position — he saved it all. And only the afternoon before I had chewed him out for going bare footed. He said his feet were hurting."

Wedding Traditions Extend to Reception

BY JANET ODELL
Pontiac Press Food Editor

There's nothing so traditional as a wedding. From the moment the engagement is announced to the departure of the newlyweds on a honeymoon, tradition rules.

One of the oldest traditions is to toast the bride with wine.

Even the word, "honeymoon," comes from the ancient Norse custom of drinking mead wine made from honey, each day for 30 days after the wedding, to insure good luck, good health and wedded bliss.

The customs of some countries direct that the bride and groom seal their vows by sipping from a loving cup.

At wedding receptions, the punch bowl holds a prominent place. Punch is simple to serve, even to large numbers of guests.

You want punch to be well chilled, but not watery.

The best way to prevent the ice cubes from diluting the punch is to freeze fruit juice in your ice cube trays. Reconstituted frozen lemonade makes excellent ice cubes.

You can freeze a piece of fruit or even one perfect flower in each cube if you desire. Or you can freeze a wreath of fruit or flowers in a ring mold.

Just be sure the ring mold fits the punch bowl.

The simplest of all punches is ginger ale poured over blocks of sherbet. As the sherbet melts, it both flavors and chills the ginger ale.

It's a good idea to make any fruit base ahead of time and let it mellow in the refrigerator. When you are ready to serve, add the soda water or ginger ale right in the punch bowl.

The Spanish Sherry Institute tells us that:

Wedding punches are generally a blend of wine and fruit juices, to which fruit and spices are added, the whole being lightly sweetened with sugar, honey, Grenadine, or some other sweetening ingredient.

For freshness, lemon juice is often combined with orange or pineapple juice, half and half. Equal amounts of fruit juice and wine are used in the punch; for every two bottles of wine used, a bottle of soda or ginger ale is added at the last minute. Sweeten to taste.

For a punch without much sweetness a dry fino or nutty amontillado sherry is generally used.

Both punches are made in the same way, the different sherries providing the variation in taste.

Popular garnishes for wedding punches are long peels or slices of lemon or orange and strawberries or pineapple sticks. Cinnamon or cloves grated into the bowl add a pleasing spiciness.

Apple blossoms or roses are often floated in the bowl or arranged around it.

A colorful punch is called Fino Rosado, or Fine Pink.

1 bottle dry Fino sherry
1 can frozen orange juice
1 pint bottle cranberry juice
1 quart club soda

Combine the sherry and the juices in a punch bowl containing a block of ice, add the soda, sweeten to taste, if necessary, and garnish with strawberries and mint sprigs.

A second bottle of fino sherry can be added to bring out the taste of the wine, or a second bottle of club soda can be added to make the punch lighter in taste.

A punch cup serving is generally two ounces, so the basic recipe will make about 36 servings, enough for eighteen guests.

CUPID'S FARE — Toast the newlyweds with sparkling pineapple punch as they cut the first slice of wedding cake. The bright, refreshing flavor of canned pineapple juice is a perfect base for a bubbly champagne punch or

a flavorful fruit juice punch. These recipes can easily be doubled or tripled if the reception is large. In estimating the amount you'll need, plan on at least 2½ servings for each person, more if the day is unusually warm.

Groom's Golden Cake Will Mellow Well

Home economists have worked out several time-management possibilities to facilitate the baking and serving of this elegant groom's cake.

For example, dried fruits which have been in the freezer for a short time, or until firm but not brittle, will cut more easily and will not stick to the knife.

Cakes may be baked as much as a month ahead and wrapped either uncut or sliced for freezer storage.

If the cakes are sliced into boxed pieces and foil wrapped individually before freezing, the boxes could be filled right from the freezer.

Storage tests also indicate that the cake may be baked two weeks in advance, wrapped tightly in foil and stored at room temperature.

The texture of the cake is moist and the good apricot flavor has mellowed. The color of the cake will be somewhat darker than it was just out of the oven.

Groom's Golden Cake
1 pound (2 cups) margarine
4 cups sifted flour
2 teaspoons baking powder
½ teaspoon salt
½ teaspoon allspice
1 teaspoon cinnamon

Toasted Almonds
Salted When Hot

Once you have salted your own almonds, you'll never want any other kind. These are so nice to serve at wedding receptions.

One pound of almonds in the shell will make approximately one-half pound salted nuts. Shell and Blanch. Put into baking pan with 1 teaspoon butter or oil. Place in 400 degree oven and heat until light brown. Stir frequently. Sprinkle with salt.

1 pound (2½ cups) packed dark brown sugar
10 eggs
1 cup honey
1 cup apricot nectar
2 tablespoons lemon juice
½ cup cream
2 pounds pitted dates, sliced
2 pounds dried apricots, sliced
1 pound toasted almonds, chopped
½ pound seedless golden raisins
Sift together flour, baking

powder, salt, and spices. Cream together margarine, brown sugar, and honey. Beat until mixture is smooth and fluffy.

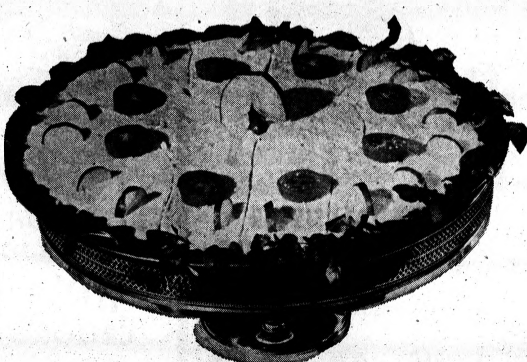

To the creamed mixture add the eggs, beating well after the addition of each. Add ½ of the sifted ingredients to the batter and beat until thoroughly blended.

Combine the apricot nectar, lemon juice, and cream. Stir into the cake batter. When bat-

ter is well mixed, fold in chopped fruits and nuts, which have been dredged in the remainder of the flour mixture.

Pour the cake into four 9 by 5 by 3-inch loaf pans rubbed with shortening and floured. Bake in a very slow oven (250 degrees) for 3 hours. Cool in pans before removing. Makes 4 cakes (2½ pounds each).

Note: Dip knife in water before slicing to prevent cake from crumbling.

Canape Pie Filled With Ham, Custard

Wedding receptions and shower parties will have greater distinction with the unusual taste and texture of this elegant, but easy to make canape "pie."

CHILLED CANAPE "PIE"
Pastry for 2-crust pie
6 egg yolks
3 tablespoons soft butter
2 cups sour cream
3 tablespoons flour
¼ teaspoon salt
¼ teaspoon garlic salt
1½ cups grated Swiss cheese

2 ½ oz. cans deviled ham
Roll crust to fit a 12" round shallow pizza pie pan. Bake at 425 degrees about 10 minutes or until lightly browned. Cool.
Blend eggs, butter and sour cream in top of double boiler, then stir in flour and seasonings.

Cook over boiling water until quite thick, add Swiss cheese, blend well and cook just until cheese is melted. Cool thoroughly.

Spread deviled ham on baked pie shell, then spread cheese mixture evenly over the top. Cover with protective film and refrigerate for at least two hours (this can be chilled overnight).

Just before serving cut into 24 wedges and garnish with watercress, radishes, olives, cherry tomatoes, pickle fans or cucumbers. Serves 24 or more depending on size of wedges.

Float Ice Ring in Pink Punch

Float a colorful ice ring in punch to keep it chilled.

To make it, line a ring mold with canned pineapple slices and strawberries and add enough water to cover the fruit. Freeze. Then fill mold with unsweetened pineapple juice or water and freeze solid.

Blushing Champagne Punch
2 (46-ounce) cans pineapple juice
1 large bottle pink champagne (about 25 ounces)
1 large bottle champagne (about 25 ounces)
Chill all ingredients. Combine in punch bowl over block or ring of ice. Makes about 1 gallon or 40 servings.

Country Club Pineapple Punch
Thoroughly chill ingredients. Combine in punch bowl over ice block 1 (46-ounce) can pineapple juice, 2 pint bottles cranberry juice cocktail and 1 quart bottle ginger ale. Makes about 3½ quarts or 30 servings.

Chop Suey Salad Is a Bit Different

It's good for using left-over meat combined with crunchy Chinese noodles and walnuts.

Chop Suey Salad with Noodles
1½ cups diced, cooked turkey, chicken, veal or pork
1 cup chopped celery
2 tablespoons minced onion
2 hard cooked eggs, chopped
¼ cup diced sweet pickle
½ cup coarsely broken walnuts
½ cup crisp Chinese noodles
½ cup mayonnaise
2 tablespoons wine vinegar
1 tablespoon Worcestershire sauce
1½ teaspoons salt
Combine all ingredients and chill. Serve on crisp iceberg lettuce. Makes 4 servings.

Chip and Melt Block of Ice for Cold Bowl

To make a punch bowl from a huge block of ice is not too difficult.

Select block size according to amount of punch it must hold. If ice has been stored at zero degrees, let it stand at room temperature about 20 minutes before you start shaping the bowl.

Start hole in top center of block by chipping lightly with chisel. Chip carefully; ice is brittle and can split if hit too hard.

Place metal pan in hole and keep pan filled with very hot water until depression is desired size. Corners can be rounded by scraping.

When serving, set ice on tray or shallow pan to take care of melting. Conceal pan with leaves or flowers.

Bridal Tortoni Cups Are Rich and Elegant

Even though you can buy special ice cream for wedding receptions, it is nice to make your own frozen dessert.

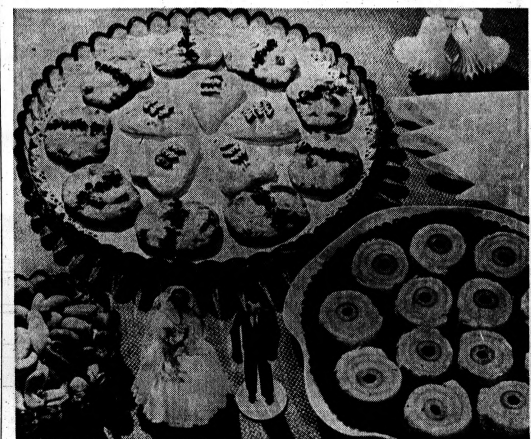

These Tortoni cups can be made ahead of time and kept in the freezer.

BRIDAL TORTONI CUPS
4 cups (1 pound) macaroni crumbs
2 cups sweet sherry
2 cups diced candied cherries
2 egg yolks
3 cups confectioners sugar
12 egg whites beaten stiff
1½ quarts heavy cream, whipped
½ cup brandy
silver candies
Dry the macaroni in a slow oven. Cool. Pulverize them in

a blender or crush with a rolling pin. Soak 3 cups of the crumbs in the sherry. Meanwhile, dice the cherries fine.

Beat egg yolks with sugar until mixture forms a thin ribbon when dropped from a spoon. To this add crumbs, cherries, and brandy.

Combine in a large bowl with beaten egg whites and whipped cream. Fill little paper souffle cups (1½ x 3 inches) almost full. Sprinkle lightly with a small spoonful of crumbs. Decorate tops with little silver candies. Pack filled cups in layers in a large box and cover each layer with aluminum foil. Seal box tightly and put into freezer.

PARTY SANDWICHES — Slice party rye, bread thin, spread with cheese pinoleto filling and garnish with parsley flakes. Heart shaped slices of white bread are covered with cream cheese and nuts and decorated with pecans. The rolled sandwiches at the right are deviled ham swirls with stuffed olive centers.

Vegas Patrons Wild for Judy

Recovering Singer Is a Hit in Opener

LAS VEGAS, Nev. (AP)—Singer Judy Garland, making her first Las Vegas appearance in more than three years, received a standing ovation Tuesday night — just hours after she was released from a hospital.

She was on stage for 40 minutes in the hotel night spot, curtsying to continuous applause, shouts of "more, more," and even hand-clapping from routinely hushed waiters.

Las Vegas show patrons seldom demand encores, standing ovations are few and waiters haven't been known to cheer in recent years, old-timers here noted.

The capacity crowd of 750 began applauding minutes before she appeared as the orchestra ran through a medley of songs long associated with Miss Garland, including "Over the Rainbow," and "The Trolley Song."

SONGS GALORE

Then, wearing a bright orange jumper and white boots, she strolled onstage clutching a microphone, sat on the piano stool, and began belting out songs in a style that has attracted a vocal and vigorous following.

At one point, the audience began singing along with her. Between numbers, she sipped a glass of water, mopped her brow and told the crowd: "I could sing all night for you."

After two encores, she went to her hotel room. She will be in Las Vegas for two weeks.

Miss Garland, 43, was released from the University of California at Los Angeles Medical Center Tuesday morning after treatment for an allergic reaction to medicine.

She was taken to the hospital Saturday with a rash and fever.

The underground transmission of Dutch elm disease from one tree to another can be checked by a new chemical discovery.

AP Phototax

LAS VEGAS ARRIVAL—Singer Judy Garland arrived in Las Vegas yesterday for her opening night at a casino. Mark Herron, her fiancé, is at her side. Miss Garland arrived from Los Angeles where she was admitted to the UCLA Medical Center for treatment concerning an allergy.

Chicago Negroes Are Using Southern-Style Protests

CHICAGO (AP) — The mass rallies, daily marches and civil disobedience marking the civil rights drive in Chicago are patterned after protests in the South, its leaders say.

"We're demonstrating for the same reason in Chicago as they are in Jackson, Miss. — against the basic injustice of our society," said Albert A. Raby, 32, head of the Coordinating Committee of Community Organizations, the group leading the protests.

"It's our intention," he said in an interview, "to have the same kind of drive here as in the South."

Another march was called for today.

MASS ARRESTS

In six days, the protest leaders have staged three rallies, one prayer meeting and four marches on City Hall. The marches resulted in mass arrests and traffic chaos. More than 525 persons have been arrested.

At least 85 marchers were arrested Tuesday after a sit-down at State and Madison streets in the downtown district. About 250 other marchers, led by Raby, who was not arrested, continued to City Hall for conferences with a group of clergy-

men acting as mediators between the demonstrators and Mayor Richard J. Daley.

GROWING AWARENESS

"There's a growing awareness that this is a long-term project," a spokesman for the demonstrators said. "We are not just going to march around a building and magically solve the problem."

"People are becoming more and more aware that it is going to take sustained action to do it — a heavy commitment of time and action."

The first target of the protests was Schools Supt. Benjamin C.

Willis, rehired for another 18 months by the board of education May 20. The integrationists originally demanded that Mayor Daley oust Willis.

ALSO A TARGET

Now, they say, Daley also is a target.

"Willis is not important," said Raby. "If we can topple the Daley machine in Chicago, we can topple the machine of any Northern City."

"If we are not successful in marches, we will find economic means."

He indicated those means would include a mass turning out

of water faucets, and the boycott of telephone, gas and electrical services.

As in the South, clergymen are taking part in the Chicago demonstrations. At least 65 clergymen — 75 per cent of them white — have been arrested. Some have been from the South.

"This is the only way we can show that we care down there what is happening here," said the Rev. John Morris of Atlanta, Ga., national chairman of the Episcopal Society for Cultural and Racial Equality. "The way this thing is worked out in Chicago is the way it will go in the South."

Staleys Wed in Petoskey, Travel East

The Frederick Allen Staleys (Pamela Allen Moon) left for a honeymoon in the Catskills and the east coast after their vows and reception, Sunday, in the First Methodist Church, Petoskey.

Their parents are the Glenn Cumberlands of Petoskey and Mr. and Mrs. Francis Staley of Glendale Avenue.

A scoop neckline edged with pearls highlighted the bride's A-line gown and train of white silk organza, worn with illusion veil and modified pillbox. She carried white roses and lilies of the valley.

Honor matron at her sister's wedding was Mrs. Bruce Morgan. Bridesmaids included a college roommate, Beth Travis, also Mrs. Rex Francis and Jane Wells.

On the esquire side were Bruce Morgan, best man, and ushers Rex Francis, Douglas Roesser and Kenneth Shaw.

Beta Theta Phi Appoints Group to Plan Picnic

Committee members were appointed for the annual picnic of Alpha chapter, Beta Theta Phi sorority.

Mrs. Harold Davidson, president of the group, asked Mrs. Homer Tinney to be chairman when members gathered recently in the Auburn Heights home of Mrs. Emil F. Malin.

Serving with the chairman will be Mrs. Duane Bates, Mrs. Howard Johnson, Mrs. R. Stanton, Mrs. L. Z. Monroe and Mrs. Leslie Cross.

Mrs. Tinney will host the picnic on July 25 in her Elizabeth Lake Road home.

Luncheon Planned

A cooperative luncheon is planned for members of the Friendship circle of Welcome Rebekah lodge No. 246. Mrs. Harry Aiken of Harper Street will host the Thursday event which begins at noon.

Pontiac Press Photo

It's off to Girls' State in Ann Arbor for these three high school leaders. Anticipating a seven-day whirlwind of model governmental activities are, from left, Kay Madsen of Pioneer Drive, Margaret Fitzgerald of South Jessie Street, and Patricia English of North Paddock Street. On campus, the girls will learn the workings of government by electing officials from among themselves and forming a state.

MRS. FREDERICK ALLEN STALEY

Make Up for His Sake

By ABIGAIL VAN BUREN
DEAR ABBY: I am 22 and Don is 26. We've been dating (steadily) for nearly two years and I'm sure it's love.

There is only one thing we have ever fought about, and that is my make-up. Don

doesn't want me to wear any make-up at all!

Abby, I am no natural beauty, and I NEED make-up. I feel positively naked without it. I don't wear a lot compared to most girls.

I use a foundation base, just

a hint of rouge and a tiny bit of blue eye shadow.

Being a dishwasher blonde, my eyebrows and eyelashes are practically invisible, so I need a touch of eyebrow pencil and mascara. I use an eye liner, but that is considered fashionable these days.

The lipstick I use is so pale it can hardly be noticed.

Everyone else thinks I look great. Last Saturday night Don told me I looked like a " " (If I used the word, this would never get in the paper.)

We had a terrible fight over it and I asked him to take me home. We haven't spoken since. Abby, I do love Don.

He would make a wonderful husband if it weren't for this thing he has against my using cosmetics. What do you suggest I do?

DEPRESSED
DEAR DEPRESSED: Kiss and make up. But in the future, "make up" more subtly.

DEAR ABBY: The letter about "old love letters" and who has a right to read them reminded me of an experience I had back in World War II.

My buddy had a hobby of writing to girls and collecting their pictures. He had a boxful. He happened to be married, but he really wasn't a bad guy, Abby.

—He loved his wife, but when he wasn't with the one he loved, he loved the one he was with, if you get what I mean.

Well, his number came up in North Africa, and I lost the best buddy I ever had. When they put all his stuff together to send home to his wife, I made sure she wouldn't get anything that would scar her memory of him.

Urban League Guild Schedules Its Tea

Invitations are being mailed for the annual tea of the Urban League Guild.

This year, Mrs. Harry L. Riggs will open her Franklin Road home from 4 to 6 p.m. on June 27.

The Guild uses proceeds from this event to assist its youth projects. These may be scholarships or other activities for teen agers.

Mrs. Julian Catlett and Mrs. William White are co-chairmen of the affair.

Working with them will be Mrs. Lee Attrice Stewart, hos-

teses; Mrs. William Easery, registration; Mrs. Pertin Cobb, refreshments.

Mrs. F. G. Williams, Mrs. Eva Spears and Mrs. Odell Walker will assist Mrs. Easery.

Mrs. Cobb's committee consists of Mrs. Emma Gandy, Mrs. Gladys Tippitt, Mrs. Grace Carothers and Mrs. Ann Russell.

Past presidents of the guild will preside at the tea table. They are, Mesdames B. L. Long, Anna Williams, Harry L. Riggs, Jimmie Taylor, Barbour Williams and Robert Turpin.

Pontiac Press Photo

Mrs. Harry L. Riggs, Franklin Road (left), has an inspector on the job when she polishes the silver, three-year-old Harry Jr. With them is Mrs. William White of Rapid

Street. Mrs. Riggs is preparing to be hostess at the annual tea of the Urban League Guild on June 27 from 4 to 6 p.m. Mrs. White is co-chairman of arrangements.

Music Theme for Group

Mrs. Arthur Arnold of Desmond Street will entertain members and friends of the Waterford Book Review at a cooperative luncheon on Monday.

An election of officers will follow the 11:30 a.m. luncheon. With Music as the afternoon's theme, Mrs. E. A. Loury will conduct the program.

She will discuss "A Little Night Music" by Chotznoss and "The Last Savage" by Gian Carlo Menotti.

Honeymoon in Islands

Aboard a flight to Puerto Rico from Miami this week will be the Edward Norman Lugenbeals (Marilyn Patchin) who were wed recently in the Pioneer Memorial Church, Berrien Springs.

A reception in the Campus Health Center of Andrews University follows the ceremony performed by Dr. Earle Hilgert.

LINEN GOWN
White linen fashioned a gown and open-crown pillbox capping a silk illusion veil for

Marilyn Patchin, daughter of the DeForest Patchins of North Farmington Road, and Edward Lugenbeal of Riverside, Calif., and the late Mr. Lugenbeal, had Deane Nelson for his best man.

The bridegroom, son of Mrs. Edward Lugenbeal of Riverside, Calif. and the late Mr. Lugenbeal, had Deane Nelson for his best man.

Dr. Herald Habenicht, Lawrence Geraty, Daniel Patchin and William Garber were groomsmen. DeForest Patchin, Ivan Blazen and James Garber ushered.

The bride is an alumna of Andrews University where her husband is on the faculty.

Golfers Will Dine After Dusk Match

A seafood buffet will greet members and guests of the Birmingham Golf Club as they finish their twilight golf match on June 25.

Joe Nash will provide dinner music at the piano and later there will be dancing to the strains of the Jack Hagen Trio.

VanSicklens Fly South After Vows

The John Thomas VanSicklens (Mary June Stewart) who were wed recently in Our Lady of Refuge Catholic Church have arrived by plane at Treasure Island, Fla. for a honeymoon.

Her parents, the Thomas H. Stewarts of Westacres were hosts at an evening reception in Westacres Clubhouse.

The bridegroom is the son of the Harold G. VanSicklens of West Lake Drive, Novi Township.

EMPIRE GOWN
Peau d'ange lace accented the bride's Empire gown and 'train of white silk organza over taffeta. Her bouffant silk illusion veil fell from a lace headpiece.
Kathryn A. Stewart of Chicago attended her sister as maid of honor with Margaret Stewart bridesmaid; and Joan Stewart flower-girl. Other bridesmaids were Leah Laffrey and Mrs. James Rourke.

On the esquire side were John T. Stewart, best man, with Dennis VanSicklens, James D. Rourke and Donald Lyon seating the guests.

Writers Will Meet

The Oakland Writers' Workshop will be held Thursday at 1 p.m. in the YWCA on Franklin Boulevard.

Janice Rae Halter exchanged recent vows with Robert Edward Stocker before Rev. Lawrence Kaiser in Our Lady of the Lakes Catholic Church. Their parents are the Robert P. Halter, Alco Drive, and the Robert D. Stockers, Auburn Heights. Alencon lace accented the bride's gown and train of white silk organza worn with tiered illusion veil. Attendants were Mrs. William T. Mountain, Jo Anne Czumak, Terre Haute, Ind., Susan Forbes, Karen Matill, Lori and Cindy Sheldon. With best man Freddie Hylen, were ushers Ronald Halter, James Mosher and Gerald Sheldon. The couple left for northern Michigan after a reception in the CAI Building.

The James Robert Bradleys (Gloria Jean Sebastian) left for a Canadian honeymoon after recent vows and a reception in the First Baptist Church. White Rochelle lace fashioned a chapel-length gown for the daughter of Mrs. Anna E. Sebastian of Williams Lake Road and the late John W. Sebastian. Attendants at the rite performed by Rev. Kenneth Hafner were Jeanette Davies, Mrs. John Best, Detroit, and Linda Liddy; Terri Cole, Cynthia Valley and Charles Cole, ring-bearer. Lomez Brooks, Royal Oak, was best man for the son of the James L. Bradleys of Hamilton Street. Harden Davis and Oren R. T. Brooks ushered.

The cards in a new micro-film system can be corrected or updated by using only a pencil and an eraser.

Honeymooning at Higgins Lake are the Dennis Marvin Vincents (Janet Pauline McIntyre) of Mt. Clemens Street who spoke recent vows before Rev. Philip Somers and Rev. Carl Koerner in the Marimont Baptist Church. Their parents are the Gordon J. McIntyres of Oakwood Road and the Marvin Vincents of Lapeer Road. Belgian lace accented the bride's gown of white silk organza worn with short tulle veil. Diana Giles was honor maid with Gayle Ellsworth and Mrs. Thomas Buchanan, bridesmaids. With Mark Vincent, his brother's best man were ushers Ronald Rowe, Duane and Ronald McIntyre, Gilbert Carlisle, Gerald Tisworth and Alex Bishop.

White French lace over tulle fashioned a chapel-length gown for the recent vows of Carol Lyn Williams and Walter Frederic Coe, followed by reception in the First Methodist Church with Rev. Carl Adams officiating. Parents of the newlyweds, presently in northern Michigan, are Mr. and Mrs. Rowland T. Williams of Devonshire Road and the Howard R. Coes of Birmingham. Attendants were Marilyn Robinson, Suzanne Pulbe, Joyce Ball and Susan Miller, Grasse Pointe; James Whaley, Detroit, James St. Jouis, Jim Williams and Philip Bell. The couple will live in Royal Oak.

Vote Question Is Subject of Talks

Busy is the word to describe the June meeting of the Frances Willard unit of the Women's Christian Temperance Union.

Held at the home of the group's president, Mrs. LeRoy Schaffer of South Paddock Street, the unit sent invitations to other WCTU groups to attend the upcoming discussion at Cobo Hall on the question of whether 18-year-olds should vote.

Members also sent cards to State Representative Mrs. Daisy Elliott, who is sponsoring the bill on teen-age suffrage.

Mrs. Anna Bone, Mrs. Alice Glosch, Mrs. Carleton Edwards and Arthur Bowen presented the program.

The group is planning a co-operative dinner for their July meeting at the home of Rev. Mrs. Lola Marion on James K Boulevard. All units of WCTU are invited.

Pam Dunnam Has Round of Parties

Nancy McKenney has invited college and high school friends of Pamela Dianne Dunnam to a bridal luncheon and shower on Saturday in the McKenney home on Franklin Road.

The honoree will wed Bruce Murdoch Morrison, son of the Douglas M. Morrisons of Quanton Road, June 26, in the Marimont Baptist Church. Her parents are the Daniel W. Dunnams of Collier Road, Pontiac Township.

IN FRANKLIN

Mrs. William Jacobsen of Franklin honored her nephew's fiancée at a recent shower and candlelight supper. Mrs. John Jacobsen was cohostess.

Guests at a recent shower in the home of Mrs. Bob Balf on Airport Road included mothers of the bridal couple, also Mrs. Cleo Vandegriff, Miss Dunnam's great-aunt, Mrs. Richard Gorman assisted the hostess.

Sharing hostess honors at a recent shower in the Marimont Baptist Church parlors were Mrs. Clare Tisworth, Mrs. Norman Chivers, Mrs. John Hassenzahl and Mrs. James Winkle.

Mrs. Hope to Be Feted

An open house in honor of Mrs. Beulah Hope will be held from 7 to 9 p.m. June 17 at Laura Smith Haviland Community School.

She is retiring from the Waterford School System after 41 years of teaching.

All friends, students and former students are invited.

Watch That Man If He's Past 40

NEW YORK (UPI)—Eight out of ten husbands who leave home each year have passed their 40th birthday, according to Tracers Co. of America, a firm that tracks down missing persons.

It says the number one reason for leaving home is money problems and it estimates that over 75,000 husbands disappear from home each year.

Litter Business Flourishes Here

NEW YORK (UPI)—Keep America Beautiful, Inc., a national anti-litter group, says that the United States produces more rubbish per year per person than any other nation.

It estimates the amount at a half ton per year.

As nations industrialize, their litter problems grow, the association said.

Tea Is Universal

Some 300 billion cups of tea are drunk each year by almost every race of people in the world.

Here's Beauty Tip for Summer Brides

NEW YORK (UPI)—Girls scheduled to take a June trip down the aisle — and others who aspire to summer weddings — can find the beginning of the young look on the nursery shelf, beauty experts advise.

Samples — baby cream is good for overnight skin softening; baby oil on lips overnight will keep them soft; baby powder adds the finishing touch after the bath.

Beta Sigs Give Award for Program

Mrs. Karl Stuckel of Phi
chapter, Beta Sigma Phi was
presented a gift for giving the
best program of the year.

The presentation was made
Tuesday evening in the home
of Mrs. Thomas Drohn of
Clatskanie.

It was at this same gathering
that committee chairmen
were named for the new year.
They include Mrs. Roy Stuart,
Mrs. Albert Padar, Mrs. Gerald
Morgan and Mrs. Georgia
Gohn.

Others are Mrs. Russell Far-
num and Mrs. John Nord.
New City Council representa-
tives are Mrs. Timothy Un-
derwood and Mrs. Robert
Schmidt.

Mrs. Harold Morgan pre-
sented a program entitled
"The Connoisseur" and Mrs.
Padar's talk was on "The Im-
portance of Speech."

Plans were discussed for a
Hawaiian luau to be held in
August.

Juniors Close Music Year

Jodi Nouse and Linda Hess
of the Junior League of the
Pontiac Tuesday Musicale
were awarded trophies recent-
ly.

Scene of the award presenta-
tion was the North Lake
Drive home of Mrs. Norman
Cheal.

Tom Putnam was presented
a certificate of merit from the
National Federation of Mu-
sic Clubs.

At the picnic affair, Linda,
Susan Sayers, Jodi and Bill
Quist presented the program.

Assisting the hostess were
Mrs. Betty Quist and Mrs. Al-
bert Latosa.

Buying to Climb?

Consumer spending for
goods and services will in-
crease by 50 per cent in 1975
to \$825 billion annually, the
National Industrial Confer-
ence Board predicts.

SEW SIMPLE By Eunice Farmer

Mrs. Henry Stewart, Ft. Worth, Texas, says:
I underlined and finish the edges of the seams before beginning
construction. You can save time by placing the lining under your
garment fabric. Carefully baste through the center to prevent
slipping (also through the center of all darts).

After basting around the outer edges, being sure to ease the
lining slightly to avoid making it smaller than your garment
section, use the zigzag stitch and go over the edges of all seams.
This will prevent raveling during construction and save seam
finishing later.

For sharing this advice, Mrs. Stewart is being awarded this
week's Tailor Tix pressing board award.

Dear Eunice:

My newest pattern has me completely baffled, the neck-
line is cut for a normal 12-year-old girl and look at the
neck, it wouldn't fit a doll. Why do they do it?

Mrs. D. D.

Dear Mrs. D. D.:

So happy you enclosed the piece of pattern so I could check
into it. The pattern you have
selected has a neck ruffle and
this is the piece you sent.

It is cut much smaller than
the actual neckline of the dress
because that is the only way it
will fall into a soft ruffle.

If it were cut the same size
as the dress, it would lay flat
like the facing.

In applying the ruffle, ma-
chine stitch on the seamline at the neck edge.

Clip the seam allowance about every inch clear down to the
stitching line. This will release enough fabric so that it can
be stretched enough to fit the neckline. Some ruffles are faced
and you have a finished outer edge, others are merely hemmed.

I have seen a few that are pulled at the edge to resem-
ble an uneven fringe. The neckline treatment of all these
must be treated the same.

When we suggested lightly brushing nail polish on the seams
of nylon dresses that ravel, we especially mentioned nylon be-
cause it doesn't need ironing.

Please do not use nail polish to reinforce any other area of
your garment that requires ironing because the results could be
disastrous.

My thanks to those of you who have written about unhappy
experiences in using collarless nail polish.

GLOSSARY

Facing: A shaped piece of fabric used to finish the neckline,
front edges, armhole or most any outer edge. A collar facing is
often called under-collar.

Spray on Nitrogen to Freeze Foods

CHICAGO (UPI)—Research
engineers here have built a
device that freezes food by
spraying it with liquid nitro-
gen.

The freezing apparatus is
contained in a compact

mobile unit that can be
brought close to fields at har-
vest time, to a dock when a
fishing boat comes in or be-
side a slaughterhouse for
quick freezing meat.

The role of the house fly in
transmitting infection became
definitely known only within the
last 40 years.

Pontiac Press Photo

Mrs. Ray C. Jewell of
Rockcroft Street was
elected state com-
mander of the Disabled
American Veterans
Auxiliary at the recent
convention held at Al-
pena. Mrs. Jewell is past
commander of Pontiac
Chapter No. 16 DAV
Auxiliary.

Rhyming Names Just Go Together

CASPER, Wyo. (AP)—A minor
collision at an intersection
here was investigated by a
nearby police officer, Donald
Couture, 26, and Beverly Wol-
ter, 25, were the drivers in-
volved.

Next day, the same officer,
Dave Dovula, investigated an-
other motor mishap—only to
find that the cars again were
driven by Couture and Miss
Wolter.

Wars Against Rust

Advances in metal finishing
make it possible to guarantee
wrought iron against rusting
for 10 years. Tempered glass
tops are five to eight times
stronger than ordinary glass,
and guaranteed against break-
age. Mesh, slate-textured fi-
berglass, Formica, and wood
add to the choice of table tops.

Here's Ironing Tip

Press synthetic materials
with the iron set at a low
temperature. Also, they press
better when done on the wrong
side.

Clay Pots Selling

This year's retail sales of
clay-potted plants will top \$550
million, predicts Stone Manes,
executive secretary of the Na-
tional Clay Pot Manufacturers
Assn.

City Hall Study Unit Formed

Eye Building Purchase

WALLED LAKE — The City Council last night officially began considering purchase of a downtown building to convert to a city hall.

Its attention is directed at the Post Building at 209 E. Walled Lake, which now houses Shuman Ford Sales, Inc.

Indicating they were open to suggestions, councilmen discussed the proposed move among themselves and with residents attending the session.

They wound up by establishing a committee to study the proposition further.

Current price tag on the building is \$42,000, "but the city has made no counteroffer," Mayor Wendel G. Kellogg Jr. said.

TWO SECTIONS

He noted that the two-sectioned building owned by Maynard Post has space in front for municipal offices and "a good-sized meeting room."

The 60-by-65-foot garage area at the back could hold

AREA NEWS

all but two of the city's fire and road maintenance trucks, he said.

The property also includes a 100-by-100-foot area behind the building for parking.

Immediately west of the property, on the northeast corner of Barnston and Walled Lake Drive, is a vacant parcel which could be added to the city's holdings.

ASKING PRICE
Asking price for that parcel is \$10,000, according to the mayor.

Estimates are not firm on the amount of money it would take to remodel the building.

"It would cost in the neigh-

borhood of \$15,000 to fix it up in the manner it should be," Kellogg said.

To be subtracted from the \$67,000 total cost would be about \$5,000 realized from holding the lease on the building for a year.

PLAN NEW BUILDING

Shuman's lease does not expire for another two years, but the firm has plans to construct a new sales building on Pontiac Trail and could start the project in a year, Kellogg said.

This is the second time in as many years that the council has considered purchase of an existing building for city headquarters.

After deciding not to buy the Ramsey Building in 1963, the council last year purchased a four-acre parcel on West Maple for a city hall site.

Kellogg estimated last night it would cost about \$60,000 to build a structure there the size of the Post Building.

OTHER USES

He noted that the property could be used for other purposes — a library or recreation area, for instance — if a city hall is not built there.

Discussion centered in determining the best location. A downtown city hall would boost the appearance of the area and would conform to the city's master plan for improvements there, Councilwoman Margaret A. Thibideau said.

"We've been working on the means of financing this," Councilman Wilson C. Sparks said. "We can do this in a reasonably short time. But if we put the building out there (on Maple), the people will find themselves in hock for 25 or 30 years."

NOT IN FAVOR

Councilman Marshall Taylor said he was not in favor of the move.

"I just can't see putting a city hall down there now — especially at that price," he said.

Councilman E. V. Mercer said he favored the purchase, while Frank Hamilton and John E. Nail indicated they were undecided.

The committee appointed by Kellogg is to report back to the council by July 19.

Serving on it will be Mrs. Thibideau, Taylor and Hamilton from the council; former mayors Louis James and Milton Parrish; Hugh Hinkley, a member of the City Planning Commission; and Forrest Hubbell, local developer.

AMATEUR ARTISTS — Jack Drew of 2501 Predmore, Oakland Township, and Mrs. William Beardsley of 866 Sebek, Oxford Township, show off the paintings they will exhibit in an art show beginning Friday in the Orion Township Library.

At Lake Orion Show

Amateur Artist Display Slated

LAKE ORION — Thirteen amateur artists will display their work in a special showing at the Orion Township Public Library for five days beginning Friday.

The artists are members of a continuing education class taught by Mrs. John Benetti of 525 Golden Gate, Orion Township.

"This will be the first appearance of an art exhibit in any public building in Lake Orion," she said.

The exhibit is under the auspices of the Friends of the Orion Township Library.

Mrs. Benetti explained that the paintings represent each artist's version of the same still life subject.

"These people are all amateurs," she said, "but they are very talented."

Exhibitors will be Barbara Crandall, Ernest McManus, Marcella Pierce, Rosalie Hunter, Phyllis Wyrick, Priscilla Schaar, Ray Cummings, Maxine McManus, Nancy Petruska, Thelma Cobb and Beverly Barnett.

The exhibit will be open from 8 to 9 p.m. Friday, from 10 a.m. to 5 p.m. Saturday and from 1 to 5 p.m. Monday through Wednesday.

Wheat Allotment Deadline Set

Robert Long, chairman of the Oakland County Agricultural Stabilization and Conservation (ASC) committee, has announced that applications for 1965 wheat allotments must be filed with the county ASC office not later than June 30.

Producers on farms with no allotment who are interested in obtaining price support for wheat next year may request that an allotment be established for their farm, Long said.

Applications are available at the ASC office, 63 Oakland, Pontiac.

Some 600 Oakland County farmers now have wheat allotments on their farms, according to Marshall Mooney, ASC office manager. There are 1,748 wheat farmers in the county.

Thumb Area Awaits Government Grant for Antipoverty Plan

LAPEER — The Thumb Area Economic Opportunity Committee, Inc. is still waiting for approval of a federal grant for antipoverty programs.

Approval was expected last April for the program, which embraces Lapeer, Tuscola, Sanilac and Huron counties.

Clifford Sanford, supervisor of the Lapeer County Bureau of Social Aid and an alternate on the commission board of directors, said the commission has been requested to supply more information and clarify a few of the clauses, but that approval is expected in the very near future.

The commission consists of members from each of the four counties. It was incorporated as a nonprofit organization several months ago and filed a request for a development grant from the federal government.

To be eligible, the commission had to provide 10 per cent of the funds in cash or in kind. Sanford said each of the four county boards has approved \$375 in cash or in kind to make up the 10 per cent.

WANTS \$35,000

The commission wants \$35,000 for a 12-month period in 1966. It originally requested \$21,000 for seven months of 1965 but Sanford said he doesn't know if the money will be prorated.

For its first project, the commission submitted a remedial reading program for the Huron County Intermediate School District.

"Inasmuch as this was neither approved nor disapproved in time for this summer, we could not do it," said Sanford.

He said a pilot program for family counseling in Tuscola County is in the making and if it is approved and works satisfactorily, it may be expanded to the other counties.

Project Head Start, a program

to provide indigent preschool children with a greater background of cultural and enrichment opportunities, was recently approved for the Bay Port and Pigeon area.

Sanford pointed out that rural areas have unique characteristics which make them significantly different from urban poverty areas.

While there are few well-marked poverty pockets, there is a poverty problem spread out throughout the area.

"I hope we hear something fairly soon," said Sanford. "At first there was a lot of interest in this, but it's dragged out so long people are beginning to lose interest."

Farnum to Speak at Gala in Holly

HOLLY — Rep. Billie S. Farnum, D-19th District will officiate at the opening ceremonies for Holly's centennial Friday.

Farnum will speak at the 3 p.m. commemoration of the village's founding.

"I would urge all others with deep roots in Oakland County to join the good people of Holly on this festive occasion," Farnum said in accepting the invitation of the centennial committee.

"Holly is representative of a section that in itself is representative of America at its most beautiful," he said.

Southfield to Graduate Largest Senior Class

SOUTHFIELD — The largest class in the history of Southfield High School will be graduated in ceremonies at 8 tonight in the school gym.

The class of 595 graduates is headed by top students Nancy Miller, 21230 Mc Clung, and Nancy Garlock, 18440 Midway.

Milford Village Manager Quits

MILFORD — The Village Council has accepted the resignation of Village Manager Donald G. Weidner, effective July 15.

Weidner, 29, of 475 Summit has accepted the position of assistant city manager in Glendale, Calif.

He first came to Milford in March 1962. This post was his first as village manager. Prior to 1962, he served as assistant to the city manager in Huntington Woods.

He has also worked as a property appraiser for the Oakland County Tax Equalization Committee.

While he was attending Wayne State University, where he earned bachelor's and master's degrees, he served as a government intern in Oak Park.

NO REPLACEMENT

No replacement for Weidner has been named.

In other business Monday night the council continued discussion on the possibility of a land purchase. The property is now owned by the Ford Motor Co. and "can be purchased very reasonably," says Weidner.

"The problem is our insurance company. They say that unless we can provide 'adequate' safety measures, our premium costs will be pretty high," Weidner stated.

"But the seven acres would make a beautiful recreation

DONALD G. WEIDNER

spot right out in the mill pond area," he said.

RAISE PARKING FINES

The council also voted to raise the rates of the traffic violations in the metered parking zones. The hike will include a \$1 fine for tickets paid within 48 hours and \$2 for payments after that. This is an increase from the original 50 cents before and \$1 after the 48 hour period.

The reason for the increase is that there are still outstanding bonds on the meters and the system wasn't paying for itself with the lower fines, Weidner said.

The first reading of a zoning ordinance amendment was presented. If passed at the June 28 session it will make it possible for home owners to build two-foot fences in their front yards.

Miami to Use U-D Transfers

5 Gridders May See Action in 7 Games

MIAMI, Fla. (AP)—The University of Miami decided Tuesday it could use five football players who transferred from Detroit's now-defunct team against seven of its nine opponents next fall.

The exceptions are Florida and Vanderbilt.

The transfers, all juniors, include two potential first stringers on Miami's rebuilding team and three potential second stringers.

The trustees' athletic committee issued a statement saying it decided the players were eligible under NCAA rules. They would be ineligible only if the game contracts specifically prohibited them, the trustees said.

FOES LISTED
The seven teams the school said it could use the players against are Southern Methodist, Syracuse, Tulane, Louisiana State, Houston, Pittsburgh and Notre Dame.

Southeastern Conference rules would prohibit the use of transfers, but the contract with LSU does not state that the game will have to be played under SEC transfer rules.

The Detroit players, who came to Miami after their school dropped football, are linebacker Tony Tocco and defensive back Tom Beier, both considered first string material, and tackle Mike Haggerty, middle guard Bob Liebel and full-back Dennis Hackett.

waukee and Matty with San Francisco, teamed up Tuesday night to move the Braves a game closer to the National League-leading Los Angeles Dodgers.

Felipe drove in six runs with two homers and a single, sparking the second-place Braves to a 12-7 victory over Philadelphia while Matty scored both runs in

the Giants' 2-1 triumph over the Dodgers, Milwaukee now trails Los Angeles by 2½ games.

CBS Gains TV Rights

NEW YORK (UPI)—The Columbia Broadcasting System (CBS) has obtained exclusive television rights to the National Invitation Basketball tournament for 1966 and 1967.

The Alou brothers, including Jesus, played together with the Giants in 1963. At the time, Felipe was in his sixth year, Matty his fourth and Jesus his first at San Francisco. But in December of that year, Felipe was shipped to Milwaukee, and then there were two.

BOTH REGULARS

Jesus has been a permanent fixture in the Giants' outfield

this year while Felipe has started either at first base or in the outfield at Milwaukee. Matty, on the other hand, has been only a sometimes San Francisco starter.

He enjoyed one of his better nights against the Dodgers, though. With one out in the first inning, the 26-year-old lefty doubled and stole third as pitcher

Don Drysdale peered in for the sign for his first pitch to Willie Mays. Mays then tripled for the first run.

After Wes Parker's home run tied the game in the fourth, Matty led off the sixth by beating out a bunt in front of the plate. He moved to second on an infield out and raced home as Jim Hart singled to right.

The first National League to knock in six runs in a game this season. His performance brought his average to .302, his homer total to 10 and his runs batted in mark to 36, the last just one behind Ed Mathews' team-leading 37.

In other NL games, Pittsburgh outslugged St. Louis 10-6, Cincinnati downed New York 5-

1 and Chicago whipped Houston 5-0.

Bid for Track Denied

GRAND RAPIDS (AP)—Permission for the Sports Car Club of America to use the former Kent County Airport for racing events next September was denied Tuesday by the county aeronautics board.

'Holding Cong May End War'

Fulbright Says Reds May Negotiate in Fall

WASHINGTON (AP) — Sen. J. W. Fulbright says that if the Viet Cong offensive can be held in check the Communists may be willing to negotiate on Viet Nam when the monsoon season ends in the fall.

Fulbright, chairman of the Senate Foreign Relations Committee, told the Senate Tuesday that the United States must do two things in Viet Nam: (1) Demonstrate that it cannot be driven from the country by force and (2) "Offer the Communists a reasonable and attractive alternative to military victory."

Fulbright's speech came one day after he conferred with President Johnson on Viet Nam. There was widespread belief in Congress that he was reflecting White House views. He said a complete U.S. military victory would cost more than it was worth and called for a negotiated settlement. He also praised Johnson's patience in dealing with a situation he said holds the threat of catastrophe.

The Arkansas Democrat said: "There have been pressures from various sources for expanding the war. President Johnson has resisted these pressures with steadfastness and statesmanship and remains committed to the goal of ending the war at the earliest possible time without preconditions."

AIR STRIKE LULL

Fulbright said a previous five-day lull in U.S. air strikes at North Viet Nam was too short. He added: "It also must be noted that the suspension elicited no response from Hanoi and Peking."

U.S. officials said a second pause in the bombings had never been ruled out. But they added that no advance word will be given on such a move since it would permit the Communists to use the lull to move up reinforcements.

Fulbright spoke after Sens. Ernest Gruening, D-Alaska, and A. Willis Robertson, D-Va., urged the President in Senate speeches to take the Viet Nam matter to the United Nations.

Sen. Jacob K. Javits, R-N.Y., who favors a Senate Foreign Relations Committee inquiry into the Viet Nam situation, says that group could combine such a probe with its upcoming fact-finding survey of the situation in the Dominican Republic.

END BICKERING

Senate Democratic Leader Mike Mansfield of Montana and Sen. Thomas J. Dodd, D-Conn., appealed to the South Vietnamese to end internal bickering.

Mansfield said in a Senate speech that "regional, religious and other feuds" are hurting the war effort. Dodd told a newsman it is imperative that "the Catholics, the Buddhists and all other sects put aside their differences in the interest of their own freedom and security."

Dodd also said that while last week's change of government in Saigon was regrettable he didn't consider it "a real coup."

Extra educational and training benefits for servicemen who fight in Viet Nam were urged by the House Republican Policy Committee in endorsing a bill to give Viet Nam veterans "the same benefits accorded the veterans of World War II and Korea." The measure was introduced Tuesday by Rep. Ross Adair of Indiana, senior GOP member of the House Veterans Affairs Committee.

Need Agreement, VP Tells Farmers

WASHINGTON (UPI) — Vice President Hubert H. Humphrey says that farmers must agree on what they want if they are to be heard in Congress.

"In candor, I must say our farm organizations have a tendency to go their own separate ways instead of uniting," Humphrey yesterday told a delegation of farmers from his own state of Minnesota. "You're in the minority and you can't afford much diversification."

"When you have a strong voice and make an insistent, consistent, coordinated request, you'll get better results," he said.

'Amigos Anonymous' Head for Mexico Slum Projects

BERKELEY, Calif. (AP) — Some 250 California college students who call themselves "Amigos Anonymous" are heading this week for a vacation in which they will pay to work and live in Mexican slums for the privilege of doing good.

The students from more than two dozen California schools will staff 14 community development projects in central Mexico for 10 weeks.

"But we don't go in and play 'do-gooder' and tell them how to

run their lives," said the Rev. Joseph O'Looney, a Paulist priest who originated the project.

Father O'Looney watched as the first volunteers climbed aboard buses Tuesday afternoon at Newman Hall, headquarters of the Catholic group at the University of California at Berkeley which coordinates the project.

CONCERN FOR POOR

"They are students in social welfare, political science, education, nursing, agriculture

and other fields," the priest said. "They give up their summer because of concern for the poor."

Most, but not all are Catholic, says Father O'Looney. "Mexico is full of poverty," he said, "but they have no Peace Corps workers there. We try to work along Peace Corps lines and we only go where we are invited."

The villages, ranging from 700 to 4,000 in population, are located in the states of Guanajuato and Michoacan.

In the four years since the projects began, students have built schools, libraries, dispensaries, roads, a cheese and honey factory.

"Our kids sometimes have to sleep on the floor and they eat tortillas," Father O'Looney said. "That's a luxury."

The students each pay \$75 for transportation, carry about \$100 apiece for personal expenses and campaign on their campuses for a year for necessary medical supplies, construction

equipment, sleeping bags and pots and pans.

They started last fall to learn Spanish, group leadership and community development. Their training included tutoring impoverished children of Mexican descent in Oakland and San Francisco and working with migrant families in the Santa Clara-San Jose area.

"Students today are looking to be helped," Father O'Looney said. "They want to be involved."

You are included

Regardless of your age. Regardless of what else you may eat. You need the 86 nutrients in milk—for vitality. Milk is essential to every balanced diet, every weight control diet. That's why everyone needs milk's 86 nutrients. Including you.

Ex-Solon Wins With GOP Tag

COLUMBIA, S.C. (AP) — Political switch-hitter Albert W. Watson carries his new Republican pennant back to Washington today, the landslide winner in a race to regain the House seat he won twice as a Democrat.

In the conservative, Republican-minded 2nd Congressional District, Watson proved that among Southerners, there is still political glitter in the name Barry Goldwater.

He trounced Democrat Preston H. Callison Tuesday, 55,849 votes to 24,781. Special election returns from the eight-county district, the state's most populous, were complete but unofficial.

Watson wasted no time in reclaiming the House seat he quit Jan. 27 after Democrats took away his slender seniority because he supported Goldwater's Republican presidential bid.

STRAIGHT FOR HOUSE

He planned to fly to Washington today and head straight for the House. Watson said he had asked House GOP Leader Gerald R. Ford to have him sworn in again at today's session.

Watson said House Republicans have told him they can get unanimous consent to bypass official state certification of his election and have him seated at once.

With Watson's election as a Republican, the GOP holds 141 House seats. The Democrats have 294.

Callison pointed to that lineup in arguing that a Democrat could achieve more in Washington than a Republican.

LABELED CONSERVATIVES

Both contenders labeled themselves conservatives.

But Watson's conservatism had an extra ingredient: the Goldwater label.

Watson argued northern liberals had sought through him to punish the people of South Carolina for backing Goldwater.

Goldwater carried the 2nd District by a two-to-one margin over President Johnson. Watson's victory was even more one-sided.

NOT WORN OFF

Jubilant GOP State Chairman J. Drake Edens Jr. pointed to that showing and said: "There's no reason we can't do the same thing again next year, with good organization and good candidates."

He said Watson's victory proved the thrust that Goldwater's campaign gave the fledgling party has not worn off. "It proves a Republican can win," he said. "We thought so, but you've got to see it done. It gives us a big shot in the arm."

Democratic chairman N.C. McLeod used the same phrase in describing the impact for the Republicans of Watson's win.

Watson became the first Republican elected to Congress from South Carolina since 1893. The last GOP House member from South Carolina was George Washington Murray, a Negro.

In a heavily Negro Columbia ward, Callison got 1,358 votes. Watson got 26.

Watson's margin there in Callison's home county of Lexington approached three to one.

It is estimated that there are some five million persons in the United States today who are trapped in some stage of alcoholism.

Roundup of World News

4 Fanatic Assassins Executed in Iran

TEHRAN, Iran (AP) — Four Moslem fanatics were executed by a firing squad today for the assassination of Premier Hassan Ali Mansour last Jan. 21.

They were Mohammed Bokharai, who shot the premier as he was entering the Parliament buildings, Reza Safar Eramdi, 23, Morteza Niknejad, 24, and Sadeq Hamanadi, described as the ringleader of the plot.

The shah commuted the death sentences of two other members of the Fedayan Islam terrorist organization to life imprisonment. Seven other top members received sentences ranging from five years in solitary confinement to life imprisonment.

KUCHING, Malaysia (AP) — Australian troops ambushed a large party of Indonesian soldiers 25 miles southwest of Kuching Tuesday night, a military spokesman reported today.

The spokesman said "a number" of Indonesians were believed killed, and several wounded were seen crawling away.

ROTTERDAM, Netherlands (AP) — At least 10 Dutch workmen were killed today when a Norwegian tanker was gutted in the port of Rotterdam after a heavy explosion.

Police said at least eight others were missing.

The captain of the 22,000-ton tanker Ronastar reported that all 42 crew members and passengers were safe.

TOKYO (AP) — Dr. Ichiro Oga, 82, who made 2,000-year-old lotus seeds bloom, died of a cerebral hemorrhage Tuesday night in Tokyo University hospital.

Retired Educator Dies

SHREVEPORT, La. (AP) — Dr. Joe J. Mickie, 66, president of Methodist-supported Centenary College at Shreveport for 19 years before he retired last year, died Tuesday.

Current Books

By The Associated Press
A HOUSE OF MANY ROOMS.
By Rodolfo Hunter. Knopf. \$4.95.
Genre: Mormon Utah. Time:
the turn of the last century and
the early years of this one.

Mrs. Hunter's book celebrates
the virtues and satisfying fru-
itions of an agrarian age, the
unsophisticated jobs of earthy,
poet-pioneer, village life — when
family love and affection were
unmistakable, when no one
sneered at emotion, when the
valued self-reliance of the past
century was accepted as hon-
orable and sterling.

The story is anecdotal, nos-
talgic in a rough way, and filled
with lamp-lit remembrances of
old songs, old customs and old
values.

Best of all, it is a tribute to
the father and mother of this
story, memorable figures in a
narrative which has an anchor-
age in our early heritage.

COMMANDER-I. By Peter
George. Delacorte. \$4.95.

The story begins with the sud-
den disappearance of New York
City, the President's home town

and an Alaskan radar outpost.
There is a grim, chilling scene
in the Pentagon as the United
States unleashes its megatons
against Russia—which of course
replies with its megatons.

The scene shifts to a sub-
marine under polar ice. Space
scientists had thought up an
experiment in which three
men and three women are en-
cased in a capsule which stimu-
lates a rocket journey to an-
other planet.

Sitting out the nuclear war,
the stupid commander of this
submarine follows previous or-
ders and delivers the six
"guinea pigs" to a tropical is-
land for the next step in the
now outmoded experiment.

As in many cases of mid-
level science fiction, the Nuclear
Novel can carry frightening
messages, even though it suffers
from glaring flaws of common
sense.

AUGUST IS A WICKED
MONTH. By Edna O'Brien. Si-
mon & Schuster. \$3.95.

In earlier days this would
have been called a Summer Re-
sort novel — meaning it is about
one of those hot-weather flings
into sin.

Mix together the Summer Re-
sort flirtations and the elliptical
conversations of the pseudo-jet
set and you have this odd little
comedy, written in a slightly
frayed vein left over from yester-
day's literary shockers.

It's about Ellen Sage, a mor-
onic young Irishwoman from
London. Separated from her
husband, who has taken their
neglected son off to a Welsh
camping trip, she decides to
have her big Freedom Fling at a
French resort.

Miss O'Brien has the fash-
ionable touch, which consists mostly
of non sequitur actions and
dialogue.

State Treasury Report

LANSING (AP)—Income into
the state treasury during the
past week was \$22.1 million and
outgo was \$33.9 million. The
treasury balance at the end of
last week was \$33.2 million.

Disarmament Unit Adjourns

UNITED NATIONS, N. Y.
(AP)—The U.N. Disarmament
Commission prepared to adjourn
its eight-week session today after
calling for early resumption
of the arms talks in Geneva.

A resolution approved by the
14-nation commission Tuesday
recommended that the Geneva
committee give priority to the
question of preventing further
spread of nuclear weapons and
extending the test ban treaty to
include underground tests.

The vote was 83-1 with Al-
bania casting the lone negative
vote and 18 nations abstaining.
The Soviet bloc obtained af-
ter Russia protested that a para-
graph deploring failure of some
nations to refrain from tests in
the atmosphere was aimed at
Red China.

The commission last week en-
dorsed an Asian-African propo-
sal for a world conference on
disarmament including Red
China.

President of New York Paper Denies Merger Report

NEW YORK — Walter N.
Thayer, president of the New
York Herald Tribune, says there
have been discussions by his
newspaper with four other
dailies in the city about mutual
production problems and the
costs of producing the news-
papers as the result of recent
union settlements.

Thayer denied a television re-
port that negotiations were un-
der way for the merger of the
Herald Tribune with the Jour-
nal-American and the World-
Telegram and the Sun.

Gabe Pressman, televi-
sion newsmen for the National
Broadcasting Co., reported
Tuesday night that he had "just
learned that negotiations are
under way" for the merger of
the Herald Tribune with the
Journal-American and the
World-Telegram.

Pressman said the talks have
"apparently been going on for
some time" and added that the
plan was to merge the papers

"into one newspaper with morn-
ing and afternoon editions."

'BY MIDSUMMER'

The Herald Tribune is a morn-
ing newspaper; the other two
are afternoon newspapers.
Pressman said that "one report
is that the merger will take
place by midsummer."

In a statement published on
page 1 of today's Herald Tribu-
ne, Thayer said:

"There have been discussions
by the Herald Tribune with the
Journal-American and the
World-Telegram and the Sun
individually and collectively,
about our mutual production

problems and the costs of pro-
ducing our newspapers as a re-
sult of the settlements with the
unions in 1963 and 1965.

"Similar discussions have
been held by the Herald Tribune

with the New York Times and
the Daily News for the same
purpose. These talks have taken
place over the past two years
and have continued into this
year. No plan has yet been de-
veloped which presents a feasible
and acceptable method of
joint operation."

Arthur Ochs Sulzberger, president
and publisher of the New
York Times, said:

"All New York newspapers
are confronted with the prob-
lem of reducing production
costs. In an effort to achieve
this end there have been dis-
cussions of joint printing op-
erations in which the Times has

participated. The Times does
not have under consideration
any merger with any other New
York newspaper."

A spokesman at the Daily
News said Thayer's statement
was correct about discussions
having been held with the Her-
ald Tribune. The spokesman
said no further comment would
be made.

Americans are using about
371.7 billion gallons of water a
day, according to the Depart-
ment of Commerce. By 1970, the
total will increase to an esti-
mated 411.2 billion gallons daily.

VIENNESE ALMOND TORTE — An old world tempter with lively modern flavor is Viennese Almond Torte. It's baked as a cake of hospitable proportions to serve both friends and family with ease.

Bake Viennese Nut Torte in Angel Food Cake Pan

A tempting dessert with old-country flavor to do justice to a gay coffee house is Viennese almond torte. It's a cake of magnificent proportions to be served in thin slices for afternoon tea, then cut larger for later enjoyment with after-dinner coffee.

A torte, in its true sense, can hardly be labeled fluffy, for it is very rich and tender with a fine crumb.

It's this very feature—a butter

batter filled with almonds resembling that of a pound cake—that gives Viennese almond torte its splendid keeping and eating qualities.

It certainly is one cake that is at its best minus frosting although a sprinkling of powdered sugar is perfectly permissible.

Because it's a "made from scratch" cake, Viennese almond torte gives as much pleasure to the creative cook as it does to the later diner. Preparation includes cutting in of the butter rather than creaming, and just to make things a bit easier, evaporated milk is included among the ingredients.

Pre-measured and ready to use, it gives rewarding results in a beautifully glazed crust and long keeping qualities in the baked cake.

Viennese Almond Torte
3 cups sifted regular all-purpose flour
2 cups sugar
½ teaspoon salt
2 teaspoons baking powder
1 cup butter
3 eggs, beaten
1 tall can evaporated milk (1½ cups)
1½ teaspoons almond extract
1 cup finely chopped toasted almonds
Sift together flour, sugar, salt and baking powder in a large size mixing bowl. Cut in the butter with a pastry fork or blender until mixture resembles fine meal. Add eggs, evaporated milk and almond extract and beat just until smooth. Fold in the chopped almonds.

Turn batter into a well greased 10-inch tube pan (angel food cake pan). Bake in preheated moderate oven (350 degrees) for approximately 1½ hours or until done when tested. Cool in pan set on cake rack for 10 minutes.

Remove from pan and cool thoroughly before slicing. Note: This cake keeps well when wrapped in aluminum foil. Makes 12 to 15 servings.

Canned Artichokes Added to Chicken

If you want a "different" chicken salad this is it!

Chicken and Artichoke Salad
2 cups diced (about ¾-inch) cooked chicken
1 jar (6 ounces) marinated artichoke hearts
Salt and pepper
Salad greens
Sliced tomato and cucumber
Into a medium mixing bowl, turn the chicken.

With a fork, remove the artichoke hearts one by one from the jar, and as you do so, slice them lengthwise and add to chicken; add all the marinade remaining in the jar.

Mix well, adding salt and pepper to taste. Arrange on salad greens. Garnish with tomato and cucumber. Makes 4 servings.

If you like, you may pass mayonnaise (preferably home-made) with this salad.

Cool, thin slices of cucumbers with seasoned cream cheese make a quick high-noon sandwich, or do it more daintily for tea sandwiches.

Supper Is Served as a Sandwich

Mix mayonnaise, chopped nuts, flaked tuna or cubed cooked chicken and seasonings to taste. Hollow out frankfurter buns and fill with mixture. Top with slivers of cheese and drained cut green beans.

Broil just long enough to melt the cheese for a June Is Dairy Month supper dish.

Turkey Coleslaw Has Oranges, Too

Here's another meal from the turkey that combines oranges and crisp cabbage.

Turkey Cole-slaw

4 cups shredded cabbage
2 oranges, peeled and sectioned
1 teaspoon grated onion
¼ cup julienne strips cooked turkey

1 tablespoon lemon juice
salt
pepper
¼ cup cooked low-calorie dressing
1 orange, peeled and sliced
Combine the cabbage with the orange sections, grated onion, cooked turkey and lemon juice. Season with salt and pepper. Moisten with the salad dressing.

Vegetable Protein

The rich vegetable protein in beans is enhanced when served with meat or cheese or eaten with some grain food. Examples are pork or bacon and beans with traditional brown bread and chili con carne with crackers. The proteins supplement each other and step up nutrition values.

BATTER-FRIED CHICKEN

Another all-time
FAVORITE RECIPE from **McCall's**

2 1/2 to 3-pound broiler-fryer, cut
in serving pieces

1/4 cup unsifted all-purpose flour

Salted oil or shortening

Batter:

1 1/4 cups sifted all-purpose flour

2 teaspoons baking powder

2 teaspoons salt

1/4 teaspoon pepper

2 eggs

1/2 cup milk

1 1/2 tablespoons salad oil

1. Wipe chicken with damp paper
towels. Roll in flour.

2. In deep-fat fryer or deep
skillet, slowly heat oil (at least
2 inches deep) to 250°F. Also,
preheat oven to 300°F.

3. Make batter: Sift flour with
baking powder, salt, and pepper;
set aside.

4. In medium bowl, with rotary
beater, beat eggs, milk, and oil
until combined. Add flour mixture
gradually, beating until
smooth. Dip floured chicken
pieces in batter, to coat evenly.

5. Deep-fry, a few pieces at a
time and turning several times,
18 to 20 minutes, or until golden-
brown and tender. Drain well on
paper towels.

6. Place cooked chicken in shal-
low pan in oven, to keep warm
while rest of chicken cooks.
Serves 4.

Fruit Drink Is Deep Pink Shade

NEW YORK (UPI)—Frothy foamy. Gradually add 1 tablespoon of sugar; beat until stiff but not dry. Fold into juice mixture.

Combine 1 cup each of lemon juice, grape juice, orange juice, and red maraschino cherry syrup with 2 cups of water; mix well and chill.

Beat one egg white until

Blend 'Goop' for Spread

Make up an unusual spread for hamburgers. This one, made in a blender, has lemon in it.

Western Hamburger Spread
1 cup mayonnaise
1 unpeeled lemon, cut into pieces

3 tablespoons chopped onion
3 tablespoons chopped celery
1/4 cup catsup
1/4 teaspoon salt

Spoon mayonnaise into electric blender. Add lemon pieces and blend until smooth. Remove from blender and mix in the onion, celery, catsup and salt. Makes 1 1/4 cups.

A pound of almonds in the shell usually yields 1 1/4 cups nuts.

Avocado Halves Hold Seafood Salad Mix

Mix flaked crab meat or diced cooked chicken with chopped celery, green pepper, pimiento, mayonnaise, a little lemon juice and dried tarragon or savory.

Mound into avocado halves. Arrange salad greens and pineapple rings on salad plates; place avocado half on each ring.

Milk Best for Calcium

ANN ARBOR—Milk remains the least expensive and most palatable source of calcium in your daily diet, say dietitians at the University of Michigan Medical Center.

Calcium, the "bone builder" of the body, is needed all through life. Although growing children and pregnant women

have a special need for calcium, adults need it too.

The U-M food specialists say it may be difficult to get adequate calcium without milk. (For most people, foods other than dairy products provide less than 25 per cent of typical daily needs.)

In addition to promoting healthy bones and teeth, cal-

cium aids in body functions such as blood clotting, nerve response and muscle contraction. Experimental animals have shown that adequate intake of calcium also leads to greater vitality and a longer prime of life.

Mix two parts of vegetable shortening with one part of flour and use for coating pans in which cake or cookies are to be baked.

Overseas Visitors to United States Like Regional Dishes and Request the Recipes

NEW YORK (UPI) — Many foreign visitors are returning home with an appetite for United States regional cookery.

This report comes from the United States Travel Service (USTS), an agency of the U.S. Department of Commerce. The USTS was created in 1961 to

promote tourism to the United States from abroad.

C. P. Austin, director of the agency's Visitor Services Division, says many foreign visitors develop such a taste for American food that they ask their local USTS offices for recipes. The agency which main-

tains nine overseas branches responds with mimeographed recipes.

Austin said that reports from the branches indicate that the most popular U.S. dish with such visitors is chili con carne, followed closely by roast turkey, Boston baked

beans and Virginia smoked ham.

There also are universal compliments for American seafood and ice cream.

He said that foreign visitors' pet peeves include ketchup on everything, ice in almost all beverages, and tea in bags.

Reactions vary by country, Austin said. In general, the British praise our cuisine more than the Italians and French do.

The latter two tend to wonder if there is a law compelling all American potatoes to be fried; to say they dislike our pallid, flabby bread; to ask in vain for

fresh fruit in restaurants; and to deplore the way salad dressing is sprayed onto lettuce like some insecticide.

The following quotes were gleaned from the USTS file on visitors' comments:

From an Australian: "I found

it a perfect delight to wander about American sampling regional fare. It was a fine adventure — and the foods were, for the most part, quite palatable.

"But I suspiciously wondered what creatures met their demise for the preparation of such

dishes as scrapple, gumbo, acrod, jambalaya, lomi-lomi and shoo-fly pie. However, I was determined if Americans could stand such names, so could I!"

From an Italian journalist: "Americans always make you eat beef until the brand shows."

Washington News Briefs

Plan to End Foreign Aid Opposed

WASHINGTON (AP) — Chairman Thomas E. Morgan of the House Foreign Affairs Committee says he is opposed to the Senate's idea of ending the foreign aid program in its present form in two years and setting up a special committee to study it.

"Foreign aid isn't going to end," Morgan, D-Pa., told a newsman Tuesday.

As for a study committee, Morgan said there have been 11 studies of foreign aid and "I can't see where it is going to benefit anybody by having a further study."

The proposal to end the program in its present form in 1967 and creation of the special committee are among the main differences between the Senate bill and the House bill. Another is that the Senate version authorizes spending for two years instead of one.

WASHINGTON (AP) — The head of the Office of Manned Space Flight says the Gemini space program is ahead of schedule. But he said it is too early to say if the date for a moon landing can be moved up from the late 1969 target.

Dr. George E. Mueller noted that the four-day Gemini 4 mission just concluded originally had been scheduled for the third quarter of the year.

"We have considerable confidence about being able to carry out a lunar landing by the end of 1969 if we continue to be supported with resources," Mueller told a luncheon meeting of the National Space Club Tuesday.

He also said the United States has a long way to go before it can safely say it is ahead of the Soviet Union in space research.

WASHINGTON (AP) — Tight new safeguards on use of mail covers in criminal investigations have been ordered by Postmaster General John A. Gronouski.

Written permission from the chief mail inspector or one of 15 regional inspectors will be required for mail covers, in which postal authorities record the name and address of the sender of a piece of mail, the place and date of postmarking and the class.

The Post Office Department says the mail is neither delayed nor opened and its contents are not examined.

Among the rules announced by Gronouski Tuesday were:

- No check may be made on mail between the subject and his attorney.
- Inspectors will not be permitted to give mail information to investigators pursuing fugitives.
- No mail covers may remain in effect after the subject has been indicted except in cases involving fugitives.

WASHINGTON (AP) — A new Defense Department building will be named for the late James V. Forrestal, the nation's first secretary of defense, according to an announcement made Tuesday by President Johnson.

Johnson unveiled a model of the structure which will be three buildings tied together by plazas and walkways. It will span 10th Street in southwest Washington.

The building is expected to cost \$30 million to \$32 million and will house some 6,600 Army and Air Force employees now scattered around Washington. Construction is due to start this year with completion in 1967.

WASHINGTON (AP) — Postmaster General John A. Gronouski says nearly 25 per cent of the 34,000 U.S. post offices are obsolete.

He announced Tuesday a 5-year program to erect 4,500 buildings at a cost of between \$800 million and \$850 million.

FASHIONABLE DISPLAY — Britain's Queen Elizabeth II and her husband, Prince Philip, ride in an open landau on the track of the Royal Ascot race meeting at Ascot, England, yesterday. The meeting is a traditional high spot of the racing season.

Manila (UPI) — Typhoon Dinah moved closer to the Philippines today and warnings were issued to the tobacco-growing provinces on heavily populated Luzon Island. The storm had 140-mile-an-hour peak winds.

The typhoon was pinpointed about 330 miles east-southeast of Luzon. Manila was not in the direct path of the storm but heavy rains were forecast for tomorrow.

Cartoonist Succumbs

SANTA ANA, Calif. (AP) — Bury Shaffer, 65, a cartoonist whose fictional J. Wesley Smith bumbled through history for years in the Saturday Review, died Tuesday of a blood clot in a lung. He was born in Findlay, Ohio.

Businessmen Say 'Investor's Climate' in India Has Undergone Rapid Deterioration

NEW DELHI, India (AP) — The American industrialist was discussing his chances of landing a huge contract in India. Millions of dollars were riding on the deal.

There was no enthusiasm in his voice, no thrill of the chase shown by Americans who are building dams, airports and factories all over the world.

"If I win," he said, "I lose." His dejection summed up the attitude of many Western businessmen in New Delhi: if lucky

enough to win a contract, you may wind up losing money. For in the past three months, businessmen say, the "investor's climate" in India has deteriorated rapidly.

They claim doctrinaire Socialists in Prime Minister Lal Bahadur Shastri's government have beaten down economic moderates who desperately tried to attract foreign private capital.

JOINT REJECTED
Joint ventures that would have poured American dollars

and British pound sterling into India now are being rejected as symbolic of grasping, greedy economic imperialism.

Massive mounds of bureaucratic red tape are being thrown before hard-charging Western businessmen, despite their pleas that in business time is costly.

A worsening foreign exchange crisis is driving some Western firms to curtail operations or halt altogether.

India's reserves slipped last week to an all-time low of \$162

million — enough for six weeks, according to one estimate.

To save hard currency, the government is turning to Eastern Europe, where Communist regimes are willing to deal in Indian rupees.

All this is a tremendous change from the climate created by Finance Minister T. T. Krishnamachari, 66, a self-made millionaire, who told Parliament in March the hunt had begun for foreign money.

ROLE TO PLAY
Private foreign capital, he

said, had a role to play in India and the government was going to harness it to achieve rapid economic growth.

Then, earlier this month, the

largest business deal on the Indian horizon fell through.

U.S. diplomats were stunned. The deal would have more than

doubled American private investment in India and, they hoped, taken some pressure off the \$6-billion U.S. economic aid program.

Some Western businessmen blame the aid program itself for stunting business prospects.

GIVEN FREE
"The Indian government isn't going to buy my machines when the Americans give them free," said an official of a British firm.

Experts, however, feel the Indian government's attitude re-

flects a sudden fear that it was getting too close to capitalists.

"The average Indian official has never seen a balance sheet or been inside a modern plant," one American said. "He's afraid American companies will take over India. It's a combination of strong nationalism and pseudo-Marxism."

The cells of the yeast plant are so small that if 3,000 of them were laid side by side on a straight line they would measure only one inch in length.

Australian Destroyer Leaves Yard in State

BAY CITY (AP) — The Australian guided missile destroyer Perth was scheduled to leave the Defoe Shipyards here today for Boston where she will be commissioned.

Two sister ships, the Hobart and the Brisbane, await completion. The Hobart's maiden voyage is scheduled within six months and the Brisbane within two years.

Reporter Rides U.S. Jet During Air Strike Against Viet Cong

(EDITOR'S NOTE: The U.S. Air Force allowed correspondents for the first time today to ride American jets during air strikes against the Viet Cong in South Viet Nam. Here is a report on one strike, as observed from aboard an F100 Super Sabre.)

By JOHN T. WHEELER

DA NANG, South Viet Nam (AP) — Our flight of four jet fighter-bombers circled the Viet Cong village like silver birds in lining up for the attack.

A smoke bomb dropped by a liaison plane marked the target, a cluster of huts in the jungle near Route 19 about 280 miles northeast of Saigon.

First Lt. Samuel Nelson of Weirwood, Va., was at the controls of the F100 Super Sabre in which I witnessed the raid.

The altimeter unwound like a clock gone mad and the plane plummeted at 450 miles an hour. It lurched slightly as two 500-pound canisters of napalm were dropped.

A moment later a corner of the village was a roaring hell of burning jellied gasoline.

After his run, the pilot pulled up steeply to avoid a hilltop and banked left for his next pass.

The gravity meter registered 4.5, indicating the tight pullout and turn had made our bodies 4½ times their normal weight.

As we continued turning, the second jet, piloted by Capt. Harold Stewart, Tulsa, Okla., released two napalm canisters and Capt. Robert Hires, Gary, Ind., turned in on his first run.

The forward air controller, who was running the strike from a A-1H spotter plane, radioed corrections to the jets in a dry, emotionless voice:

"Mary 71, this is Yucca. Let's put the last load of nape (napalm) about three yards to the east. Then start with the bombs."

Capt. Ralph Havens, Falls Church, Va., dropped his pair of canisters. As he pulled up, the inferno caused by two tons of napalm had consumed an area three times the size of a football field.

The FAC, as forward air controllers are called, then crisply called out instructions for the bombing run.

SHARP DIP

The nose of our plane again dipped sharply as we made a diving turn and the second series of passes began.

The pilot punched forward slightly as he lined up crosshairs on the target. Then came the same jolt as two 750-pound bombs were released, and the same clawing drag of gravity as the plane pulled up.

On the ground, huts burned furiously. The forward air controller, who was flying slow enough to count, said eight huts were destroyed. Neither he nor the jet pilots saw anyone on the ground.

No doubt the villagers and the Viet Cong had taken refuge in foxholes and bunkers when the jets appeared. These afford some safety from bombs but not from napalm.

Burning for more than 20 minutes, the napalm sucks up air from underground bunkers, consuming the oxygen and causing death by suffocation.

Pure silver in the form of a very thin membrane is said to offer to process industries and laboratories a degree of filtration control never possible before.

Events Seem to Be Pushing Wilson Toward Electoral Disaster

By ARTHUR L. GAVSHON
LONDON (AP) — Like a man painfully trying to scale a high mountain, Prime Minister Harold Wilson seems in danger of sliding to electoral disaster.

Only the most biased of his Conservative opponents would dare to write the dramatic Wilson's political obituary yet. But the impression is spreading at home and abroad that his eight-month-old Labor government is fighting for its life and will be forced into a national election by the fall.

Among the most recent developments contributing to this impression: —Britain's international trade took a sharp turn for the worse during May. The nation for the fifth successive month spent more abroad than it earned.

—The already wobbly pound sterling weakened again on world money markets. This

pointed to a new financial crisis by October, when seasonal pressures on the pound are greatest.

—Laborites claim they have brought Britain's trade deficit down this year to half the 1964 average, when the Conservatives were ruling. But they also confess the national performance still is not nearly good enough. With consumer price inflation, a falling production index and the pound on the slide, tough new economic

squeeze, action is in the cards. This is unlikely to improve Wilson's standing with the public.

—A Gallup poll published last week gave the Conservatives a 4% per cent lead over the Laborites — enough to put them back into power if an election were held now. In the previous poll Labor led the Conservatives by 1% points.

WHAT'S WRONG?
What has gone wrong for Wilson? To begin with, he scraped into office last October with a margin of only three votes in the 630-member House of Commons.

He inherited a massive fiscal

crisis that compelled him to raise a series of multibillion-dollar loans to sustain the pound against devaluation.

Ever since, his administration has looked as if it were trying to do the splits between short-term emergency measures and long-term measures promised in its election program.

STUMBLING
One result: Labor has failed to fulfill the excessive expectations aroused during the campaign.

Instead of the brave new society in which inefficiency, frustration and selfishness was to vanish, Britain has seemed to stumble and bumble along from one crisis to another. The government, playing for time, has had to make do with policies that have a secondhand look.

Instead of sounding Britain's voice loud and clear in world councils as Wilson pledged to do, Labor has seemed in its defense and foreign policies to be even more conservative than the Conservatives.

Workers uncovered the body of a 17th victim of Friday's flash flood, a small boy, in an auto wrecking yard Tuesday.

Authorities said he presumably was one of 10 persons listed as missing and presumed dead, but they had been unable to identify the child.

Nearly a foot of rain in Sanderson Canyon sent the flood hurtling through this far west Texas town, causing an estimated \$2 million damage.

Find 17th Victim of Flood in Texas

SANDERSON, Tex. (AP) — Workers uncovered the body of a 17th victim of Friday's flash flood, a small boy, in an auto wrecking yard Tuesday.

Authorities said he presumably was one of 10 persons listed as missing and presumed dead,

but they had been unable to identify the child.

Nearly a foot of rain in Sanderson Canyon sent the flood hurtling through this far west Texas town, causing an estimated \$2 million damage.

Spacemen Greeted by Thousands

JACKSON (AP) — The two smiling, neatly dressed young men looked just like recent college graduates and they even had diplomas with them. But no college graduates ever attracted such tumultuous attention.

Their degrees said "Doctor of Astronautical Science" and they earned them with four days and 17 million miles of space exploration.

Thus, the Gemini 4 twins, James A. McDivitt Jr. and Edward H. White II, came to Jackson — McDivitt's home town — and found 15,000 cheering admirers waiting Tuesday.

Hours earlier, in nearby Ann Arbor, they had stood in cap and gown and received their honorary degrees from the University of Michigan, which helped launch them on their space careers.

RAISE IN RANK

And last week, President Johnson nominated the two for promotion from Air Force Majors to lieutenant colonels.

McDivitt's mother, Mrs. Margaret McDivitt, reviewed these events but said "He's still little Jimmy to me."

To thousands of persons, equipped with thousands of cameras, space pilot McDivitt and his space walking partner were a big attraction.

More than 500 turned out at Willow Run Airport near Ann Arbor. Some 30,000 attended the degree-granting ceremonies at the University of Michigan stadium.

CROWDS CHEER

Police estimated about 10,000 persons lined the motorcade route from the stadium to the university's \$1.7-million Space Research Laboratory, which the astronauts helped dedicate, and about 2,000 watched the dedication.

In downtown Ann Arbor, McDivitt and White drove underneath a half-dozen street-wide banners proclaiming "Welcome home," and underneath a shower of confetti.

Nearly every store window in the area had a sign congratulating the astronauts and the Ann Arbor News carried a large "Welcome, astronauts" banner on its front page.

Weather for the festivities was ideal. Sun drenched the bowl-shaped football stadium, and a breeze set the array of college flags behind the speaker's platform fluttering.

SHAKE HANDS

Outside the stadium, dozens of youngsters surrounded the astronauts and tried to press close enough to shake hands. Many succeeded.

"The last few days of my life have been days I'll never forget. Today itself is nothing short of magnificent," McDivitt told the stadium audience.

"Just a few years ago I sat right up there and admired the men receiving honorary degrees," he added. "I never dreamed it would be possible for me. I feel I can accept it only on behalf of all the other people that worked on our program."

"I had trouble getting used to people calling me 'colonel,'" he said. "I'll never in a million years get used to 'doctor.'"

SIGN DISPLAY

Jackson was ready with its own prominent display of signs, including one placed on the front porch of Mr. and Mrs. James A. McDivitt Sr. by their neighbors, reading "Welcome home, Jim and family."

It also was ready for a parade today for McDivitt, with nine bands, 22 floats and ten color guards included in the planned lineup.

A similar reception awaited White in San Antonio, Tex., where he flew Tuesday night.

The Gemini space twins were on the speaker's platform at the Jackson airport when they parted for the first time since before their flight began June 3.

"The only thing that makes me unhappy is that Ed has to leave," McDivitt said.

The Philippines were ceded to the United States by Spain in 1899.

Ex-Neighbor Knew Astronaut's Family 'Back When'

By A. F. (PETE) MAHAN
Associated Press Writer

JACKSON — I've done it a thousand times as a newsman and as just plain Pete Mahan: listened to a guy's "I knew him when story" and then forget about it.

This is that kind of story, and I'm telling it.

A major fresh out of the Air Force and picking up a career with the Associated Press in the late 1940's, I rented an apartment in Park Fairfax, a housing development in Alexandria, Va.

A neighbor down the street was Col. Edward H. White. Until Tuesday at Willow Run Airport I saw him last in 1948.

MORE WEIGHT

He was a bit more plump then, and so was I. His hair was only a shade thinner and he was as effervescent as ever. Really, though, I spotted Mrs. White for sure first, even though her hair now is gray instead of blond.

Sidling around a National Aeronautics and Space Administration guard, I tapped a now retired Maj. Gen. White on the shoulder.

I asked: "General, did you ever live in Park Fairfax?"

Quick as a flash, he replied: "Sure I did."

HAD A PARTY

I was remembering a time, shortly after the then Colonel returned from Harvard School of Business to become the Air Force's first controller and got

his stars as a brigadier. We had a bit of a party.

In response to his quizzical look on the Park Fairfax question I said: "Well, I'm a fellow named Pete Mahan who lived a couple of doors up the street. Remember me?"

His face crinkled in a friendly grin and he blurted: "Sure I do, Pete, but I'd have never recognized you with a mustache."

"Well, I think I would," smiled Mrs. White, reaching out her hand and asking, "How is little Pete?"

"Fine," I said, and asked: "How's Jimmy?"

Young Pete Mahan (now with the Federal Aviation Agency in Miami) and young Jimmy White (now Lt. James White, an Air Force Academy graduate and a flight trainee at Williams Air Force Base) were great pals. It seems in reflection they weren't as much as 12, but the calendar says they must have been.

"Jimmy," his father said, "would like to be here, but he just couldn't get away."

It was quite obvious how old Edward Higgins White II was doing. He and a fellow named James Alton McDivitt were what all the fuss was about. Eddie, a boy of 17 when I saw him last, had walked in space—the first American to do so—with McDivitt at the Gemini 4 controls.

ALMA MATER

They were en route to their alma mater, the University of Michigan, to receive its welcome.

I asked about Jenne, a blonde, older sister.

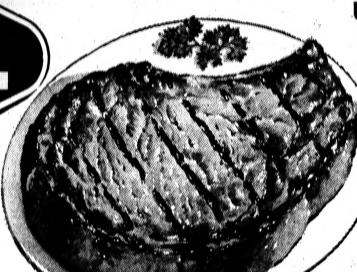

"Fine," said Mrs. White. "She's married now to Dr. Lewis R. Whitley of Cartersville, Ga."

"And if you're still writing for the newspapers," she added, "mention that Gen. White's cousins are here from Fort Wayne, Ind., Mr. and Mrs. William T. White and their daughter, Elizabeth. They'd like that."

End Results of Dominican Crisis May Restore Some of U.S. Image Among Latins

By WILLIAM L. RYAN

MEXICO CITY (AP) — The United States risked its good neighbor image by its military action in the Dominican Republic. The image now is tarnished in many Latin-American eyes.

But even as the Dominican crisis drags on, threatening to be worse in the long run than when it began, the end results for some of Latin America may turn out better than had been expected at the outset.

That depends on Latin Americans.

Some consolation for whatever loss of prestige the United States may have suffered from the Dominican intervention can come from a few unexpected results in Latin-American countries.

WHAT NEXT?

It all could be nullified, however, at any moment by one more crisis like the Dominican Republic—the next time not on a little Caribbean island but in a mainland country, such as Guatemala, for example, where

such a crisis would hit with explosive force.

Barring such an explosion, however, some Latin American governments seem to have been strengthened, to have more confidence than before in the face of extremist threats. Some have tartly back-sassed Uncle Sam to the extent that noticeably more foreign policy independence may be developing.

One well-informed U.S. source says that would be all to the good. The U.S. aim, he says,

should be development of Latin-American policies independent of United States and Communist camps. He contends this would help Latin politics on the road to more internal stability.

Feelings in Hispanic America were bruised by the U.S. military action in the Caribbean. Even in countries which supported U.S. efforts to raise an inter-American force, the U.S. troop landings were condemned by some leaders. Some said it would give a new handle to extremists and a new point of at-

tack from which to launch violence. A ripple of fear ran through government and business circles.

MORE OUTBREAKS?

What would happen now? Whose turn would be next? If there were an explosion elsewhere, would the Yankees land troops? Surely there would be wild outbreaks in the streets of many a Latin-American city.

Among moderate elements, many said privately what they would not say in public: that the

U.S. action probably averted a Castro take-over. They regretted it had to happen and that the United States failed first to ask permission from the Organization of American States.

While some elements openly applauded the U.S. action, there was considerable worry about the precedent. Nevertheless, one can detect a feeling of relief among moderate Latin Americans that the worst, which might have happened, did not occur.

Some moderate and obviously responsible Latin-American leaders see, as a result of the crisis, a chance to bolster stability in South America. They expressed belief that more show of local independence of the United States in foreign policy would help in that direction.

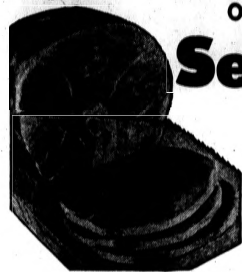

The average engineer graduating from college this June will be offered \$630 a month compared to the commerce graduate who will start at \$415 per month.

Communist 'Liberalization' Is Applying to Dogs, Too

BRNO, Czechoslovakia (AP) — What's a dog worth in Communist society?

There still are some dog-matists left over from Stalinist times who hold that a dog is of no use at all in communism. But in some East European coun-

tries, "liberalization" drives have made themselves felt also in the kennels.

Czechoslovakia even plays host this year to the first world dog show ever staged behind the Iron Curtain. Fanciers from

East and West will meet here Saturday and Sunday to bid for top honors in looks and performance contests.

There is no dog population explosion, however. Czechoslovakia has 14 million people and slightly more than 40,000 dogs.

All but about 6,000 dogs are used for hunting and for official guard purposes.

People who keep a pet just for the fun of it have to pay stiffer taxes. Keeping a poodle in Prague costs about one-third of an average monthly salary.

There are a few other hitches, too, in dog's life in the East.

"Unfortunately, we have no trimming shops yet and there is no way of telling when we will have advanced that far," says Czerny. "Canned dog food is still unknown and there is no pet

hostel where you can leave him while you are away from home."

"It's just like everything under communism," commented one dog owner. "If you don't carry any card you're bound to face trouble."

Viet Buildup to Be Aired?

WASHINGTON (AP) - Secretary of Defense Robert S. McNamara may discuss today the scope of a mounting U.S. troop buildup which could reach 75,000 to 80,000 men in South Vietnam in the next several months.

Engineers Solving Air-Cooling Voes

By SAM DAWSON

AP Business News Analyst

NEW YORK - If the stock market bothers you there is a group of engineers eager to help you cool off this summer.

They work for a host of makers of air-conditioning equipment of all types.

And they know of marked changes and improvements which may solve some of the problems

that nag this once exuberant industry from achieving earlier goals fast.

Sales are definitely up this year. And the pending cut in federal excise taxes should help.

The industry talks of hitting a \$2.5-billion pace this year. The emphasis is on the home, but makers of big units for schools, record sales in equipment for office buildings, apartments, industrial plants, hospitals, hotels and schools.

Fedders of Massapequa, N.Y., sees expense cutting as opening new markets. Carrier of Syracuse, N.Y., counts on more efficient equipment to make the cooling of the entire home the greatest potential market for the industry.

Fedders thinks one of the things that held people back in the past was the high cost of assembling a home system and charging it with refrigerant from the site. This time-consuming and expensive method has been replaced by new systems designed by the engineers to be assembled and charged at the factory. The cost of work crews at the building site has been cut deeply.

Your comfort at home isn't the only concern of the engineers. They think changes in office equipment and installation techniques will push that market to a sales total of \$2.4 billion in the next five years.

And they have their children in mind. The big boom in school construction is opening a new market. Many now being built include year-round temperature control. Air-conditioning sales are expected to grow 10 percent this year, and help boom their industry.

Sen. Frank B. Rowan, R-S.C., said to strike the \$4 million on grounds it duplicated other programs but withdrew his amendment when it drew no support.

The Department of Public Instruction will administer the \$4 million to projects submitted by districts. Senators pointed out most under

Prepares Them for Classroom

Playing School Trains Kindergartners

By LESLIE J. NASON, E.D.

For the beginner, school looms as a big, unknown world. Lest he be overwhelmed, give him a little school experience in advance.

Play school can set the stage for a child's upcoming school experience, just as simulated orbits help train an astronaut.

As teacher, mother can give her child an idea of the be-

havior that will be expected of him in school — listening to instructions, following them out, completing tasks and relating incidents.

As a child listens to mother read a story and as he retells it, he practices concentration.

In this setting mother can get some idea of her child's span of attention and what his be-

havior may be like in a classroom. She can give him a head start in self-control while he is engaged in such activities as finger-painting or clay modeling.

GETS PRACTICE

When an older brother or sister or a neighbor's child acts as the teacher, the new pupil-to-be gets practice in following directions from a person other than his mother.

When mother makes it clear to him that she has delegated authority to the new "teacher" she can see firsthand how well he responds to such a situation.

When "school" can consist of several pupils, problems resulting from the rights of others enter in. A child who enters school next fall with this background of training will be happier the first days and problems of the teacher will be less.

Beyond the preschool age, each child can get his turn in play school at being the teacher.

er and assume the responsibility of explaining. He gets practice in organizing knowledge and in expressing himself.

IMAGINARY CLASS

I know one very successful college student who recalls that all through her early years in school she prepared her lessons by teaching an imaginary class.

She used an actual portable blackboard and four or five imaginary pupils represented by empty chairs.

Having explained the lesson to her imaginary pupils she was always prepared to recite in an actual classroom.

Play school can be an effective and needed supplement to present day schools with their large classes. There is just not enough time in a regular school day for a child to get sufficient practice in formulating and expressing ideas.

(You can write Professor Nason in care of The Pontiac Press.)

By JACOBY AND SON

Jim Jacoby asks his father another question today.

Jim: "When you played as Sidney Lenz' partner in the Culbertson-Lenz match what were the strongest and weakest parts of his game?"

Oswald: "They were rather closely related. The strongest part of his game was his play of no-trump contracts."

The weakest part was a no-trump complex that led him to many three no-trump contracts when he should have been in a major suit game. This hand is a good example."

Jim: "We have always stressed the importance of responding with one of a four card major suit to any minor suit opening by partner. If Sidney had just responded one heart you would have raised hearts and there would have been no trouble about that contract. Did he make three no-trump?"

Astrological Forecast

By SYDNEY OMARR

For Thursday

"The wise man controls his destiny." — Aristotle points the way. People now show their appreciation. Your past catches up in a most pleasant manner. Live up to principles. Many want to follow your example. Friendly debate could gain admirers.

TAURUS (Apr. 20 to May 20): Daring technique could win friends, influence people. Practice ties—professionally and within community. Speak to those in authority. But be frank. Many can be impressed.

SCORPIO (Oct. 23 to Nov. 21): Relatives should ask you in and in research project. You need and benefit through COOPERATION. Time when creative talents show their worth.

LEO (July 23 to Aug. 22): Speak out person who can aid your cause. Let bygones be bygones. Don't mistake any gracefulness for pride. Means be willing to listen. Permit LOGIC to dominate emotions.

VIRGO (Aug. 23 to Sept. 22): There is plenty of room for improvement. Know it and welcome cooperation, suggestions. One who serves you is sincere. Open your mind. — Be flexible. Avoid stubborn attitude.

LIBRA (Sept. 23 to Oct. 22): Concentrate on personal desires. Take steps to fulfill AMBITIONS. Good time now to start accomplishing goal. Win friends, allies. Doors will open.

SCORPIO (Oct. 23 to Nov. 21): Some events may appear to go in reverse. Take surprise in stride. Hidden enemies may come to surface. Be observant, perceptive. No brooding over past.

SAGITTARIUS (Nov. 22 to Dec. 21): Many demands. Be versatile. Maintain sense of humor and fair play. Check on business deal. CAPRICORN (Dec. 22 to Jan. 19): Cycle still high, but money demands attention. Avoid forming opinion until you get facts. Prospect appears near completion. Don't repress. WELCOME future!

AQUARIUS (Jan. 20 to Feb. 18): Time to display new ideas. Dress up formal. campaigns. Dramatic beliefs. Add to wardrobe — combine business with pleasure. Day when new contacts PAY DIVIDEND.

PISCES (Feb. 19 to Mar. 20): Visit with confident individual. — Indicated. Work out plan to overcome limitations. Insist all be proved valid. Time to keep mind open for ideas, impressions.

IF WEDNESDAY IS YOUR BIRTHDAY: You have business acumen — you insist confidence and would make excellent financial adviser, banker, broker.

GENERAL TENDENCIES: Cycle high for CAPRICORN, AQUARIUS, PISCES. Special word to LIBRA. Mixture of opposite sex seems very much attracted.

(Copyright 1965, General Features Corp.)

Oswald: He certainly did and without any great ado. Ely Culbertson cashed his four good diamonds and shifted to a spade. Of course, Sidney was lucky that the diamonds were 4-4 and not 5-3 but the fact that he made the rest of the tricks was skill, not luck."

Jim: "Skill is right! I assume that he started by running off four heart tricks and ending up in dummy. Then he must have led the jack of clubs."

Oswald: "Right! Sidney had noted that Ely had shown the four top diamonds and the jack of hearts. If Ely had also held the queen of clubs he would have opened the bidding."

Jim: "It was still mighty fine play and a splendid recovery from a bad bid."

Q—The bidding has been: South West North East

LAMBERT FLAG — Dennis Page, a sixth grader at Lambert Elementary School in Waterford Township, shows the flag he designed which was selected from the top five entries of an original 65 as the official school flag. Nearly 90 per cent of the school's 245 pupils went to the polls Monday — Flag Day — to select a school flag. Votes were tabulated yesterday.

Move Okayed on Car Tariffs

Canada-U. S. Accord Can Be Carried Out

WASHINGTON (AP) — The House Ways and Means Committee Tuesday approved legislation to carry out the U.S.-Canadian agreement to eliminate tariffs on new automobiles and parts.

The committee left intact the core of the legislation, allowing the president to proclaim an end to the tariffs, effective immediately or retroactive to Jan. 17, when Canada dropped its duties on imports of the same goods from the United States.

Two changes were made in subsidiary portions of the bill.

As proposed by the administration, the legislation would have authorized carrying out similar agreements with other countries if they were negotiated. The committee wrote in a provision that any such agreement must be submitted to Congress, which could block implementation by a concurrent resolution adopted by both houses. If Congress did not act with 60 days, the agreement would go into effect.

The change made to the legislation for special assistance to firms or workers who could show they underwent special hardship because of the agreement. The bill original provided for a presidential determination of need. The committee added a provision for the Tariff Commission to make the investigation on which the president would base his determination.

The agreement has to do with provisions in the legislation for special assistance to firms or workers who could show they underwent special hardship because of the agreement. The bill original provided for a presidential determination of need. The committee added a provision for the Tariff Commission to make the investigation on which the president would base his determination.

VANDALS STRIKE — A tent "Truth for Youth" crusade had been scheduled to begin last night at the corner of Auburn and Crooks in Auburn Township until youthful vandals Monday night knocked down and ripped on the tent. Rev. James Harding of 3204 Devonshire, Auburn Township, and his son, Jim Jr., (pictured) said the three-week crusade would continue in the open on the site until the tent could be repaired or until some other facilities could be found.

Star-Tracking System Tested

CAPE KENNEDY, Fla. (AP) — A 1,000-pound experimental payload carrying an "electronic navigator" rocketed 400 miles today and used a telescope-eye to lock onto the North Star for guidance.

The Air Force announced success of the test, the first for a new star-tracking guidance system which might steer future missiles on spacecraft.

A needle-nosed Polaris A1 Missile, which was modified after serving 17 months on patrol aboard the nuclear submarine Abraham Lincoln, roared away from a land launching pad at 8:56 a.m. (EST) and buried the package 400 miles high.

Then it looped over and plunged to a fiery atmospheric friction death 225 miles south-east of Cape Kennedy.

The payload carried a compact inertial guidance system which literally steered itself by a star. The telescope peered into the heavens, sighted the North Star, and latched onto it for a reference. Appropriately, the North Star is named Polaris.

Cavanagh Dad Again
DETROIT (AP)—Mary Helen Cavanagh gave birth Tuesday to the eighth child of Detroit Mayor Jerome P. Cavanagh. The baby, a seven-pound, seven-ounce girl, and Mrs. Cavanagh were reported doing well.

Wants Street Named After 'Quiet' Chicago

IPSWICH, England (UPI)—Chicago is no longer a city of hoodlums, declared Raymond Wootton after a visit to the Windy City recently.

Now he has asked the local council to name a street here after the city "so Chicago's name may be cleared."

HOLLYWOOD — If they can make their way through the graduation celebrations these nights, middle-aged music fans can enjoy a nostalgic experience at the Occident Grove. Playing melodic piano on the bandstand, just as his daddy did before him, is young Peter Duchin. As he lifts through Chopin's nocturne in E flat, long-memorized listeners can close their eyes and picture the tall, patrician-looking Eddy Duchin, star of a gentler era in popular music.

THOMAS

Unlike some second-generation performers, Peter Duchin makes no effort to escape from the image of his famous sire. Some of his arrangements are the same that the elder Duchin played for young romancers who are now grandparents.

But Peter aims to please the young crowd, too, and his band can beat out a Watutai that can convert the dance floor into a writhing mass. A graduate of Yale and the U.S. Army, he has applied modern methods to the long-ailing band business, and he just might be able to help bring it back to health.

GROWTH OF ENTERPRISE
Duchin, 27 and with dashing good looks, explained how his enterprise has grown since his band debut less than three years ago.

"I found I was getting more bookings than I could handle, and many of them would be for one night a long distance away. It wouldn't have been econom-

ical to transport the orchestra that far for a one-night engagement.

"In the old days, MCA would book most of the orchestras, and thus arrange tours which provided many dates on the same route. There is no agency to do that now. So I contacted booking agents in 22 locations and made them franchise holders of Peter Duchin Orchestras, Inc."

"Now, when I have a date in a place like Florida, I notify our franchise agents, who make other dates at the same time so it is practical to transport the musicians."

BOOKS OTHERS
The enterprise has grown to the degree that it books not only

the Peter Duchin orchestra but a half-dozen others as well, plus everything from rock 'n' roll combos to a single flamenco guitarist.

"I have the distinct feeling that bands are coming back," said Duchin. "I just made a tour through the South, and people crowded around the bandstand just to watch as we played. You know, the way they used to do in the era of the big bands."

Peter is too young to remember that era, although he had a taste of the band business after the war. "I carried music for a while," he recalled. That exposure was enough to convince him that he wanted to follow his father's line of work.

The conviction grew at Yale, where he led his own combo, and in the Army, where he headed a band of 28 enlisted men and native players in Panama. In 1962 he made his debut at the Maitland Room of the St. Regis Hotel in New York and promptly became the pianist laureate of high society.

Senator Seeks Tire Standard Amendment

WASHINGTON (AP)—Sen. Gaylord Nelson, D-Wis., led Tuesday that tire standards specified in the excise tax reduction bill are inadequate and obsolete.

Nelson proposed an amendment which would provide for revision of the standards. The tax bill would require car makers to include as standard equipment auto safety features now prescribed for federally-bought autos, including tire standards.

Nelson said his amendment aims at assuring the motorist the tires placed on a new car can carry the load of the vehicle and avoid blowouts and tire failures.

Killed in State Crash

COLON (AP)—Benjamin Bracker, 31, of Elkhart, Ind., was killed Tuesday in the crash of his panel truck and a car on M78 west of Colon.

Answer to Previous Puzzle

Series of Earthquakes Shake Up Small California Desert Town

WESTMORLAND, Calif. (UPI) — A series of earthquakes last night damaged several buildings, including a hotel and city fire house, but caused no apparent injuries, police reported.

At least three temblors rocked this desert town about 160 miles southeast of Los Angeles and near the Salton Sea about 25 miles north of the California-Mexico border.

Police Chief Delbert Williams said the fire department moved its trucks out of the firehouse, which suffered some cracks. The arcade of the Cochran Hotel, which had been abandoned some years ago, also was damaged, he said.

"The arcade is cracked pretty badly," Williams said, "it really shook it up." He said there apparently was no damage to stores under the arcade. An abandoned building next door to the Country Kitchen

restaurant had one of its windows smashed, Williams said. Williams said he could feel his house "shake a little bit. There were little ones all the time. Quite a series of small shakes. Four or five were pretty good jolts."

Police in nearby Brawley originally reported that the fire department building and hotel had been evacuated.

Dr. Charles Richter, seismologist at the California Institute of Technology in Pasadena, said his instruments measured three temblors, starting at 8:56 p.m., and ending at 11:48 p.m., EDT. He said the strongest of the quakes registered 4.5 on the Richter scale.

One fireman reported that the quakes had been "shaking everything around. It was a pretty good blast." Police in Brawley, about seven miles from here, said dishes were knocked off shelves in some buildings there.

Didn't Want Rescue; Just Wanted Some Fish

DUNGENESS, England (UPI) — The Dungeness lifeboat and a coast guard rescue launch put to sea yesterday when someone reported seeing a boatload of people waiting for help.

The rescuers found only a group of happy anglers throwing out their lines.

A trap that will catch 15 mice at one setting is spring-operated and is wound up like an alarm clock.

'Ordinary' Briton Celebrates His 109th Birthday

LONDON (UPI)—John Turner, believed to be Britain's oldest man, celebrated his 109th birthday yesterday.

Turner remains cheerful and healthy despite failing eyesight and hearing. He is a teetotaler and does not smoke.

"I feel fine," he told well-wishers at a birthday party in a local Red Cross center. Queen Elizabeth sent a special telegram of greetings. Someone asked Turner for the key to long life.

"I cannot give you one," Turner said. "I am not an extraordinary man, just an ordinary man who has lived an extraordinary time."

Legislation Asked on Bail Framework

WASHINGTON (UPI) — An administration official yesterday described present federal bail practices as imposing "intolerable injustices, meaningless deprivations of liberty and harmful losses to individuals and society for decades."

Deputy Atty. Gen. Ramsey Clark appeared before two Senate Judiciary committees to endorse legislation that would change some current bail practices.

"The need to overhaul the statutory framework of federal bail practice is clear. The time is now," he said.

Car Falls on Driver

BLADWIN (AP)—Frank Reed, 71, of Baldwin, was crushed to death Tuesday on his own car near Idlewild Lake. A ship slipped while Reed was under the car and the vehicle fell on him, police said.

Lovers in Broadway Hit Play Silent Roles Offstage

By EARL WILSON
NEW YORK—I often think that the drama offstage in a Broadway hit is more fascinating than the drama on the stage. . . . for example, Barbara Streisand and Sydney Chaplin, who play the lovers in "Penny Girl," are not speaking to each other beyond the curtain.

They shy from each other, into opposite corners, even while waiting to take their curtain calls.

Chaplin, as much an individualist as Barbara, has his own firm ideas about the show, and is having a row with the producers who got Actors Equity to invite him to a "friendly discussion" meeting where, I'm told, no charges were filed, though some in the cast were questioned about their, and his, performances. Barbara, incidentally, has at one time complained about Chaplin whose acting talent she vastly admires.

Dagmar told her husband Dick Hind, "I lost 20 pounds." He replied, "I hope you never find it." . . . Nipsey Russell's great summation of the fight: "I went to the Sonny Liston fight but Liston sat down before I did."

Burgess Meredith phoned from Connecticut to explain that he was arrested for refusing to drive a car from a forbidden zone in Hollywood "because I'd had a couple of drinks and I wasn't going to get near that steering wheel." It was a friend's car, the friend was still in a bar, and Meredith chose to pay the \$25.50 fine for being in contempt of the cops. "If I'd tried to drive the car, I might have got in worse trouble," Meredith said. Here for a few days, on leave from his TV show, Meredith said, "I'm going to go right back to California. . . . I think I'll walk."

"The Gleason Express"—with dancing girls, Dixieland musicians, bartenders and even a monkey act—steams out of Penn Station July 31 for Miami Beach to take Jackie back to his CBS TV summer labors. Maymie Elliott Roosevelt will greet him.

THE MIDNIGHT EARL

Producer Kermit Bloomgarden'll talk to Mamie Van Doren about a B-way musical based on Marilyn Monroe's life. . . . Liz Taylor saw her film "The Sandpiper" and cracked, "I think my leading man has a great future in movies." (He's R. Burton.)

Trini Lopez, asked to do a fourth show at crowded night spot, said wearily, "No-play my albums for the fourth." . . . Rex Harrison and Shirley MacLaine, co-stars in "Yellow Rolls Royce," may appear in "Goodbye, Mr. Chips." . . . Patty Duke's a lucky teen-ager—her Paramount dressing room is next to Rock Hudson's and Tony Curtis', with Kirk Douglas nearby. . . . Sonny Sales' two sons formed a singing group, will have their first record out soon. (Also in the group: Burgess Meredith's son, John.)

(The Hall Syndicate, Inc.)

New Field Worker

for Unit on Elderly

LANSING (AP) — The Commission on Aging has announced appointment of Philip Nunnen of Lansing as a field representative. A native of Michigan, Nunnen previously was employed by the State Health Department and the U.S. Public Health Service in New York City.

Job Bias Law May Stir Battle of Sexes

(EDITOR'S NOTE: This is the third of a four-part series on equal employment.)

By NEIL GILBRIDE

WASHINGTON (AP) — Women take a major step forward in the battle of the sexes July 2 when a new federal law bans job discrimination based on — among other things — sex.

Or, in some cases, it could be a step backward.

If the law is interpreted strictly, the ladies may not always like it. It could wipe out state laws designed to protect them from dangerous work, and it might mean the end to special concessions like extra rest periods, earlier retirement and — yes, even maternity leave.

On the other hand, a lady with muscles who has always wanted to be, say, a jackhammer operator, may finally get her chance to overcome traditional male resistance.

AREN'T SURE

Lawyers aren't too sure just what the law will do to traditional job lines between men and women.

Asst. Atty. Gen. Norbert A. Schlei puts it this way: "It could become one of those lawyers' nightmares."

How did it all come about?

When Congress wrote the 1964 Civil Rights Act, some Southern opponents threw the word "sex" into the equal employment opportunity section which also bans job discrimination based on race, color, religion and national origin.

Justice Department lawyers believe it was a move to gum up the bill. If it was, it may have succeeded.

STATE LAWS STAND

Vice President Hubert H. Humphrey, who was Senate floor leader when the bill was passed, said the sex provision would not wipe out laws in 43 states and the District of Columbia designed to protect women.

"I hope he was right," Schlei observes dryly.

It is generally believed — although by no means certain — that the courts will not disturb most existing laws and practices.

"I am sure they won't rule that if someone refuses to hire a woman as a jackhammer operator that this is discrimination in violation of the law," says Donald Slatman, director of the AFL-CIO civil rights department.

There is an exception in the law allowing hiring on the basis of sex if it is "a bona fide oc-

cupational qualification reasonably necessary to the normal operation of that particular business or enterprise."

That would seem to cover a job in a ladies' — or men's — locker room. But other areas are more shadowy.

Does the law mean a restaurant cannot advertise for a "waiter," because a waiter is a man?

"I think that advertising for waiters may be a violation; it may not be," said Slatman.

NEWSPAPER HEADINGS

The law conceivably could wipe out the traditional headings of "men wanted" and "women wanted" in newspaper classifieds.

But Schlei thinks newspapers can get around that by listing "advertisements of primary interest to men" or women, as the case may be.

"It ought to be possible to signal to a woman looking for secretarial work not to look in the ads for foundry workers," he said.

"There is going to have to be some reasonableness in application of the sex provision of the law," he added.

But as to state laws that protect women from certain dangerous work, limit the number of hours they can work and, in some cases, how much they lift or carry, Schlei warned: "That is the area that is going to cre-

ate a great deal of trouble. There is no way of knowing what attitude the courts are going to take.

Georgia, for instance, bars women from employment in retail liquor stores. Michigan law says a woman employee can lift or carry no more than 15 pounds. In Utah, which apparently considers women stronger, the limit is 35 pounds.

Suppose a woman insists on operating that jackhammer? Or suppose a man wants a secretarial job customarily reserved for women?

"An occupational qualification which appears natural and logical to members of the favored sex may seem quite unreasonable to those discriminated against," says Richard K. Berg, Justice Department lawyer.

LOT OF LAWSUITS

If they feel strongly about it, that could mean a lot of lawsuits.

Berg also sees trouble where state law or a labor contract gives women benefits denied to men, "such as rest periods, maternity benefits, and earlier retirement privileges."

He added: "Problems can arise either from demands by male workers for equivalent benefits, or from a refusal to hire women because of the added cost of providing such benefits."

Next: Facing his toughest job, how will FDR Jr. operate?

By KODAK**M-50 - INSTAMATIC - M2****MOVIE PROJECTOR**

Be a showman — the easy way. This high-quality projector automatically threads film right onto the 200 foot take-up reel. Projects the brighter, sharper, more colorful enjoyment of new Super 8 movies! Simple to operate. One control for forward projection, power rewind. Fast f/1.5 lens projects bright screen images. And best of all — it's budget priced.

MOVIE CAMERA

It's a whole new way to take better movies! No film threading. Drop in a Kodapak movie cartridge and the camera's loaded and ready for action. Batteries drive your film, let you shoot a full 50 feet of film with no winding. Fast f/1.8 lens. Built-in, automatic Type A filter lets you shoot indoors-outdoors on the same roll of film.

HONOR SPACE DUO — Gemini 4 space twins Edward H. White II (left) and James A. McDivitt carry honorary doctor of astronautical science degrees presented them yesterday at the University of Michigan. The degrees were created especially for the astronauts, both graduates of the university.

Spacemen Separate for Home Welcomes

JACKSON — For the first time since they blasted off 13 days ago, the Gemini 4 twins — astronauts James A. McDivitt and Edward H. White II — were separated today.

White returned to his native San Antonio, Tex., to receive the plaudits of the city where he was born, and McDivitt, was here for a home town welcome. But before the week is out, they will be together again, this time in the White House Rose Garden.

Start Probe Tomorrow

Circuit Judge Philip Pratt, after conferring with authorities for one and a half hours, announced this morning that the grand jury probe of Royal Oak Township will begin at 1:30 p.m. tomorrow in his courtroom.

Seek to Have Tax Cut on LBJ Desk by Friday

OK'd in Senate, 84-3; Joint Conference of 2 Houses to Get Bills

WASHINGTON — Senate leaders hoped to get started today on a Senate-House conference to complete congressional action on the \$4.7-billion excise tax cut bill.

"There is a strong push to get this bill to the White House as soon as possible," said Sen. Russell B. Long, D-La., floor manager of the bill the Senate passed 84 to 3 last night.

It was understood the drive was to get the bill on President Johnson's desk by Friday.

'Skeeter' Invasion Worst in Five Years

By JODY HEADLEE
Home Editor, The Pontiac Press

Skeeters are a-humming and Oakland County residents are a-slapping as they wage a losing battle against nature's needle-nosed vampires.

"We've had mosquito invasions as bad as this before," said Lyle Abel, Oakland County extension director. "But this is the worst in the last five years."

MAJOR DIFFERENCE

This is one of the major differences in the two bills, and Senate sources said they understood House conferees would accept their version.

Another major difference is in the treatment of the excise tax on autos, the biggest item in the bill amounting to \$1.9 billion a year.

Johnson asked for a cut of half of the present 10 per cent auto tax to 5 per cent. The House voted for repeal of the entire 10 per cent tax in stages ending in 1969.

The Senate also refused to go along with the President on this. But it voted to retain 1 per cent of the tax, yielding about \$190 million a year, to get rid of unsightly roadside auto graveyards.

SAFETY DEVICES

Then the Senate adopted an amendment eliminating the remaining 4 per cent conditioned on the agreement of auto makers to build the same safety devices into their cars which the federal government requires on autos it buys.

Both houses agreed that repeal on two items, the first 3 per cent of the auto tax and 10 per cent of the tax on air conditioners, would be retroactive to May 15, when Johnson first announced his recommendations.

A second series of cuts would go into effect next Dec. 31 or Jan. 1, and a third series would be scheduled in 1967, 1968 and 1969.

Nice Weather Here a While

Pontiac area residents can take advantage of the current pleasant weather through Friday.

Temperatures will register near 50 tonight and rise again into the low 70s tomorrow.

Fair and not much change in temperature is the prediction for Friday.

A low of 51 was recorded at 6 a.m. today. The thermometer reading was 70 at 1 p.m.

OK Purchase of Land-Fill Site

Pontiac Twp. Parcels to Cost City \$326,750

City Commissioners last night approved the purchase of 212 acres in Pontiac Township for a new sanitary land-fill site.

The city will purchase three parcels of land immediately north of the city for a total cost of \$326,750. Most of the funds are to come from a projected hike in the waste collection millage.

Adjacent to the north city limits, the land generally lies east of the Grand Trunk Western Railroad tracks, west of Joslyn and north of Collier.

Small portions of the land-fill property extend south across Collier and west of the railroad tracks.

Recommended by City Manager Joseph A. Warren, the land-fill site purchase was incorporated in the revised 1965 city budget.

Warren has emphasized that the city would soon need a land-fill facility to replace the present Kennett Road site. The latter property is being filled quite rapidly, according to Warren.

NEED REPLACEMENT

The balance of the \$326,750 purchase price is to come from monies received from the Michigan State Highway Department for M59 road right-of-ways.

Three parcels make up the new fill site. The city will pay about \$1,538 per acre for the 21 acres.

The largest of the parcels runs 120 acres, while the smallest is just over 33 acres.

Warren said that the Kennett Road facility has a life of about two years before the land will be reclaimed.

The new land-fill site should handle the city's needs for about two decades at present rates, he added.

HIT BY BOMB — Debris dangles from the roof and litters the floor at the main entrance of the civilian terminal at the Saigon airport after a terrorist bomb exploded today. More than 40 persons were injured as every window in the building was blown out and a section of the roof blown down.

'Skeeter' Invasion Worst in Five Years

Home Editor, The Pontiac Press

Skeeters are a-humming and Oakland County residents are a-slapping as they wage a losing battle against nature's needle-nosed vampires.

"We've had mosquito invasions as bad as this before," said Lyle Abel, Oakland County extension director. "But this is the worst in the last five years."

Barry to Run for Senate Seat

SCOTTSDALE, Ariz. (AP) — Republican Barry Goldwater says he will try to regain a seat in the U.S. Senate in the 1968 election, even if it means running against an old friend, Democrat Carl Hayden.

Goldwater, the unsuccessful Republican candidate for president last year, said it would be difficult to oppose Hayden, "but I would do it."

He added in a speech to a political science club meeting last night that he will run "regardless of who runs on the opposition ticket."

It was the first time that Goldwater had said he would oppose Hayden, 88-year-old dean of the Senate.

Previously, he had said only that he would run for the Senate if an opening developed.

Goldwater's old seat is held by Republican Paul Fannin, a former governor, whose term doesn't expire until 1971.

By throwing his hat into the political arena Goldwater ended seven months of "just relaxing," which included a motor tour of Europe.

21 Dominicans Killed in Battle

SANTO DOMINGO, Dominican Republic — Sharp explosions and gunfire echoed today in the heart of Santo Domingo, where a day-long battle yesterday between rebels and U.S. troops left 21 Dominicans dead and 24 American paratroopers wounded.

The gunfire, however, was described as moderate to light.

Rebel sources said rounds of either bazookas or mortars were coming from the direction of the U.S.-controlled East-West corridor through the city.

There was no confirmation from U.S. sources.

During the night, mortar shells landed in the rebel sector at intervals of 15 to 30 minutes after a cease-fire ended the big battle.

NO REPORT

There was no report of casualties from the mortar firing. But the rebels said it could provoke new fighting.

The rebels suggested that the mortar fire came from troops of the military-civilian junta in the northern sector of the capital, on the far side of the international safety zone occupied by the inter-American force.

The dead in the prolonged battle yesterday included 17 rebel soldiers and two children. Twenty-six wounded Dominicans were brought into a hospital in the rebel sector. A Brazilian lieutenant of the inter-American peace force also was wounded.

2,000 VARIETIES

Almost 2,000 known varieties of mosquitoes exist. Described as a "delicate, fragile, soft-skinned fly," mosquitoes must have water to develop.

Mosquito eggs are laid on water or on places that later become flooded. When hatched, they develop first into larvae (wigglers) and then into pupae (tumblers).

The pupal stage lasts only a few days and the adults mate shortly after the emerge.

An adult mosquito lives from ten days to two weeks if the weather is warm. Should it turn

Saigon Airport Blast Leaves 34 Yanks Hurt

U.S. Copter Crewman Killed; Army Adviser Apparently Captured

SAIGON, South Viet Nam — A large Viet Cong force ambushed a government convoy 15 miles southwest of Saigon today, apparently captured the American adviser with the unit and shot down a helicopter sent in to relieve the convoy, U.S. spokesmen announced.

One of the American crewmen aboard the helicopter was killed and the other three were seriously wounded, the spokesmen said. The helicopter reportedly exploded in the air and crashed.

In another part of Viet Nam, two U.S. Air Force fighters collided and crashed, the spokesmen announced.

They said one pilot parachuted to safety and was picked up but may have been wounded.

No one was seen parachuting from the other plane before it crashed, the spokesmen reported.

NORMALLY CARRY

Both planes were A1 propeller-driven fighters, which normally carry two persons.

A terrorist bomb exploded in the civilian terminal building of the Saigon airport, injuring 34 Americans and at least 12 other persons, but 120 U.S. troops waiting a short distance away to board two jet transports for the United States were not harmed.

None of the Americans were reported seriously injured.

THE TROOPS, WAITING TO RETURN TO THE UNITED STATES, WERE A SHORT DISTANCE AWAY FROM THE CIVILIAN TERMINAL WHERE THE BOMB WENT OFF.

LANDED LATER

Two military jet transports they were to board landed a few minutes after the blast.

In the convoy ambush southwest of Saigon, an estimated several hundred guerrillas attacked a unit of about 40 Vietnamese militia led by a district chief and his U.S. Army adviser.

The district chief escaped during the fire fight, but the American was reported missing.

The helicopter apparently was hit in a fuel tank by an incendiary bullet.

EVACUATION

Another helicopter evacuated the surviving crewmen and the body of the dead American.

Pontiac Has \$546,801 Surplus in Fund After Fiscal Year 1964

Final figures for the fiscal year 1964 were presented last night to the City Commission. City Finance Director Marvin M. Alward reported that the city ended last year with an unappropriated surplus of \$546,801 in the general fund.

Alward said that about \$328,000 of the surplus represented actual cash that was

available for the current fiscal year.

However, he pointed out that these funds were used to finance city operations during the

first weeks of 1965, since tax collections are not made until July to finance the city's January-December budget.

In fact, the city has used the surplus and borrowed \$1.75 million to cover expenses until the annual tax collections.

GOOD CONDITION

So far as the so-called unappropriated surplus is concerned, Alward said city finances ended the year in good condition.

The surplus at the beginning of 1964 was only about \$18,000 in actual general fund cash. He said the net increase in the surplus was \$218,747.

In 1964, operating revenues exceeded budget estimates by \$130,352, totaling \$6.8 million. Expenditures totaled \$6.5 million and were \$136,106 under budget estimates.

Alward said the general fund budget for 1964 was set at \$6,679,924. An estimated \$4,068,648 was raised by taxation, while \$2,611,276 came from other sources.

REVENUE SOURCES

Major revenue items that exceeded estimates were sales tax receipts, criminal fines, and gas and weight tax monies.

Alward said that some departments overexpended in 1964, while others were underexpended, giving the net drop in expenditures of \$136,106 or 2.04 per cent.

Three other city funds — capital improvement, sewage disposal and water supply — netted profits in 1964, according to the finance director.

The carry-over on the capital improvement fund totaled \$96,

278. These funds are available in 1965. Alward said the carry-over results from some curtailment of construction and the deferment of payments of some improvements.

FUTURE SPENDING

The sewage disposal fund had a net profit of \$179,774, but future expansion of sewer services is planned to eat up this revenue, said Alward.

Beefed up through a new rate structure, the water department netted a profit of \$150,328 in 1964. Such funds are used usually for the expansion of the system.

Revenues in the downtown parking system fund were down \$10,000 in 1964 over 1963, said Alward. Construction had curtailed the parking lot operations.

Meantime, the parking lots near Pontiac General Hospital

experienced a \$2,000 jump in revenues last year, putting that according to Alward.

Issue of Zoning Near Boys' Club Ends

A rezoning dispute between the Pontiac Boys' Club and the developer of land adjacent to the club's Columbia Avenue extension has been settled.

Acting on the request of Attorney James Howlett, representing the developer, the City Commission agreed last night to permanently table the rezoning.

Howlett had requested the rezoning because the developer had sold the property.

Commissioner Leslie H. Hudson commented that the land — about four acres — would probably be acquired by the Boys Club sometime in the future.

Residents of the area and Boys' Club representatives had opposed the requested rezoning, which would have permitted an apartment complex on the land.

FIRM SUES CITY
In other business last night, the commission received notice

that the city is being sued by WKD, Inc., 108 N. Saginaw, for \$20,000.

The suit involves a WKC warehouse formerly in the R44 urban renewal project. The store alleges that the city did not give proper notice of condemnation.

The commission turned over the Circuit Court suit to the city attorney.

Commercial rezoning was introduced last night for a lot north of Auburn and west of Eastway. Recommended by the City Planning Commission, the rezoning would provide for expansion of Economy Welding Co., now located there.

WON'T SELL LAND

A request to sell a city-owned lot at the southwest corner of Kennett and Stanley was rejected by the commission. The

city decided not to sell the land because of pending development in the area.

The commission received a \$12,000 bond last night as security for scheduled site improvements at the Tel-Huron Shopping Center.

Under a 1957 agreement, the shopping center was to install certain site improvements — alley paving and street reconstruction — and these improvements are now being made.

In other business last night, Mayor Pro Tem Hudson and Mayor William H. Taylor, Jr., were designated as the city's delegate and alternate delegate to the National League of Cities conference in Detroit in July.

Carlson is the 14th most common element in the earth's crust.

Staleys Wed in Petoskey, Travel East

The Frederick Allen Staleys (Pamela Allen Moon) left for a honeymoon in the Catskills and the east coast after their vows and reception, Sunday, in the First Methodist Church, Petoskey.

Their parents are the Glenn Cumberlands of Petoskey and Mr. and Mrs. Francis Staley of Glendale Avenue.

A scoop neckline edged with pearls highlighted the bride's A-line gown and train of white silk organza, worn with illusion veil and modified pillow. She carried white roses and lilies of the valley.

Honor matron at her sister's wedding was Mrs. Bruce Morgan. Bridesmaids included a college roommate, Beth Travis, also Mrs. Rex Francis and Jane Wells.

On the esquire side were Bruce Morgan, best man, and ushers Rex Francis, Douglas Roesser and Kenneth Shaw.

MRS. FREDERICK ALLEN STALEY

Pamela Allen Moon, daughter of the Glenn Cumberlands of Petoskey, and Frederick Allen Staley, son of the Francis Staleys of Glendale Avenue, spoke vows Sunday in the First Methodist Church, Petoskey.

Urban League Guild Schedules Its Tea

Invitations are being mailed for the annual tea of the Urban League Guild.

This year, Mrs. Harry L. Riggs will open her Franklin Road home from 4 to 6 p.m. on June 27.

The Guild uses proceeds from this event to assist its youth projects. These may be scholarships or other activities for teen-agers.

Mrs. Julian Catlett and Mrs. William White are co-chairmen of the affair.

Working with them will be Mrs. Lee Altrice Stewart, hos-

tes; Mrs. William Essery, registration; Mrs. Pertin Cobb, refreshments.

Mrs. F. G. Williams, Mrs. Eva Spears and Mrs. Odell Walker will assist Mrs. Essery. Mrs. Cobb's committee consists of Mrs. Emma Gandy, Mrs. Gladys Tippitt, Mrs. Grace Carothers and Mrs. Ann Russell.

Past presidents of the guild will preside at the tea table. They are, Mesdames B. L. Long, Anna Williams, Harry L. Riggs, Jimmie Taylor, Barbara Williams and Robert Turpin.

Pontiac Press Photo

Mrs. Harry L. Riggs, Franklin Road (left), has an inspector on the job when she polishes the silver, three-year-old Harry Jr. With them is Mrs. William White of Rapid

Street. Mrs. Riggs is preparing to be hostess at the annual tea of the Urban League Guild on June 27 from 4 to 6 p.m. Mrs. White is co-chairman of arrangements.

Beta Theta Phi Appoints Group to Plan Picnic

Committee members were appointed for the annual picnic of Alpha chapter, Beta Theta Phi sorority.

Mrs. Harold Davidson, president of the group, asked Mrs. Homer Timney to be chairman when members gathered recently in the Auburn Heights home of Mrs. Emil F. Malabu.

Serving with the chairman will be Mrs. Duane Bates, Mrs. Howard Johnson, Mrs. R. J. Stanton, Mrs. L. Z. Monroe and Mrs. Leslie Cross.

Mrs. Timney will host the picnic on July 25 in her Elizabeth Lake Road home.

Luncheon Planned

A cooperative luncheon is planned for members of the Friendship circle of Welcome Rebekah lodge No. 246. Mrs. Harry Aiken of Harper Street will host the Thursday event which begins at noon.

Pontiac Press Photo

It's off to Girls' State in Ann Arbor for these three high school leaders. Anticipating a seven-day whirlwind of model governmental activities are, from left, Kay Madsen of Pioneer Drive, Margaret Fitzgerald of South Jessie Street, and Patricia English of North Paddock Street. On campus, the girls will learn the workings of government by electing officials from among themselves and forming a state.

Make Up for His Sake

By ABIGAIL VAN BUREN

DEAR ABBY: I am 22 and Don is 26. We've been dating steadily for nearly two years and I'm sure it's love.

There is only one thing we have ever fought about, and that is my make-up. Don

doesn't want me to wear any make-up at all!

Abby, I am no natural beauty, and I NEED make-up. I feel positively naked without it. I don't wear a lot compared to most girls.

I use a foundation base, just

a hint of rouge and a tiny bit of blue eye shadow.

Being a dishwasher blonde, my eyebrows and eyelashes are practically invisible, so I need a touch of eyebrow pencil and mascara. I use an eye liner, but that is considered fashionable these days.

The lipstick I use is so pale it can hardly be noticed.

Everyone else thinks I look great. Last Saturday night Don told me I looked like a "—". (If I used the word, this would never get in the paper.)

We had a terrible fight over it and I asked him to take me home. We haven't spoken since. Abby, I do love Don.

He would make a wonderful husband if it weren't for this thing he has against my using cosmetics. What do you suggest I do?

DEPRESSED
DEAR DEPRESSED: Kiss and make up. But in the future, "make up" more subtly.

DEAR ABBY: The letter about "old love letters" and who has a right to read them reminded me of an experience I had back in World War II.

My buddy had a hobby of writing to girls and collecting their pictures. He had a boxful. He happened to be married, but he really wasn't a bad guy, Abby.

He loved his wife, but when he wasn't with the one he loved, he loved the one he was with, if you get what I mean.

Well, his number came up in North Africa, and I lost the best buddy I ever had. When they put all his stuff together to send home to his wife, I made sure she wouldn't get anything that would scar her memory of him.

NO REGRETS

Localites at Girls' State

Three local girls will learn government firsthand at the 26th annual Wolverine Girls' State this coming week.

They are Margaret Fitzgerald, daughter of the Maurice Fitzgeralds of South Jessie Street; Kay L. Madsen, daughter of the Kenneth Madsens of Pioneer Drive; and Patricia English, daughter of Mr. and Mrs. Charles English of North Paddock Street.

Miss Fitzgerald represents Cook-Nelson Unit No. 20 of the American Legion. She attends St. Frederick's School.

Elks Lodge No. 810 sponsors Miss Madsen, who is a student at Pontiac Central High School.

A student at St. Michael's High School, Miss English represents the Past President's Farley of Cook-Nelson Unit No. 20.

At U. of M. the 462 high school juniors will form a model state, electing their own representatives, city, county and state officials.

The girls, assigned to cities, will petition for offices, form party platforms, and hold caucuses.

HISTORY
Established in 1941, Wolverine Girls' State works for the development of girls who have demonstrated qualities of leadership.

It seeks to interest them deeply in the development of civic and home life and to inspire them to be even better citizens of the future.

The government education program, sponsored by the American Legion Auxiliary, will last from June 16 to 22.

At the close of the convocation, two girls will be selected to represent the state at Girls' Nation to be held in Washington, D.C.

Music Theme for Group

Mrs. Arthur Arnold of Desmond Street will entertain members and friends of the Waterford Book Review at a cooperative luncheon on Monday.

An election of officers will follow the 11:30 a.m. luncheon. With music as the afternoon's theme, Mrs. E. A. Loury will conduct the program.

She will discuss "A Little Night Music" by Chotzinoff and "The Last Savage" by Gian Carlo Menotti.

Honeymoon in Islands

Aboard a flight to Puerto Rico from Miami this week will be the Edward Norman Lugeneals (Marilyn Patchin) who were wed recently in the Pioneer Memorial Church, Berrien Springs.

A reception in the Campus Health Center of Andrews University followed the ceremony performed by Dr. Earle Hilgert.

LINEN GOWN
White linen fashioned a gown and open-crown pillbox capping a silk illusion veil for

Marilyn Patchin, daughter of the DeForest Patchins of North Farmington Road, and Edward Norman Lugeneal, son of Mrs. Edward Lugeneal of Riverside, Calif., and the late Mr. Lugeneal, had Deane Nelson for his best man.

Dr. Herald Habenicht, Lawrence Geraty, Daniel Patchin and William Garber were groomsmen. DeForest Patchin, Ivan Blazen and James Garber ushered.

The bride is an alumna of Andrews University where her husband is on the faculty.

Golfers Will Dine After Dusk Match

A seafood buffet will greet members and guests of the Birmingham Golf Club as they finish their twilight golf match on June 25.

Joe Nash will provide dinner music at the piano and later there will be dancing to the strains of the Jack Hagen Trio.

VanSicklens Fly South After Vows

The John Thomas VanSicklens (Mary Jane Stewart) who were wed recently in Our Lady of Refuge Catholic Church have arrived by plane at Treasure Island, Fla. for a honeymoon.

Her parents, the Thomas H. Stewarts of Westacres were hosts at an evening reception in Westacres Clubhouse.

The bridegroom is the son of the Harold G. VanSicklens of West Lake Drive, Novi Township.

EMPIRE GOWN
Peau d'ange lace accented the bride's Empire gown and train of white silk organza over taffeta. Her bouffant silk illusion veil fell from a lace headpiece.

Kathryn A. Stewart of Chicago attended her sister as maid of honor with Margaret Stewart bridesmaid; and Joan Stewart flower-girl. Other bridesmaids were Leah LaFrey and Mrs. James Rourke.

On the esquire side were John T. Stewart, best man, with Dennis VanSicklens, James D. Rourke and Donald Lyon seating the guests.

Writers Will Meet

The Oakland Writers' Workshop will be held Thursday at 1 p.m. in the WYCA on Franklin Boulevard.

STAY PUT Holding Congress May End War

Fulbright Says Reds May Negotiate in Fall

WASHINGTON (AP) — Sen. J. W. Fulbright says that if the Viet Cong offensive can be held, in check the Communists may be willing to negotiate on Viet Nam when the monsoon season ends in the fall.

Fulbright, chairman of the Senate Foreign Relations Committee, told the Senate Tuesday that the United States must do two things in Viet Nam: (1) Demonstrate that it cannot be driven from the country by force and (2) "Offer the Communists a reasonable and attractive alternative to military victory."

Fulbright's speech came one day after he conferred with President Johnson on Viet Nam. There was widespread belief in Congress that he was reflecting White House views. He said a complete U.S. military victory would cost more than it was worth and called for a negotiated settlement. He also praised Johnson's patience in dealing with a situation he said holds the threat of catastrophe.

The Arkansas Democrat said: "There have been pressures from various sources for expanding the war. President Johnson has resisted these pressures with steadfastness and statesmanship and remains committed to the goal of ending the war at the earliest possible time without preconditions."

AIR STRIKE LULL
Fulbright said a previous five-day lull in U.S. air strikes at North Viet Nam was too short. He added: "It also must be noted that the suspension elicited no response from Hanoi and Peking."

U.S. officials said a second pause in the bombings had never been ruled out. But they added that no advance word will be given on such a move since it would permit the Communists to use the lull to move up reinforcements.

Fulbright spoke after Sens. Ernest Gruening, D-Alaska, and A. Willis Robertson, D-Va., urged the President in Senate speeches to take the Viet Nam matter to the United Nations.

Sen. Jacob K. Javits, R-N.Y., who favors a Senate Foreign Relations Committee inquiry into the Viet Nam situation, says that group could combine such a probe with its upcoming fact-finding survey of the situation in the Dominican Republic.

END BICKERING
Senate Democratic Leader Mike Mansfield of Montana and Sen. Thomas J. Dodd, D-Conn., appealed to the South Vietnamese to end internal bickering.

Mansfield said in a Senate speech that "regional, religious and other feuds" are hurting the war effort. Dodd told a newsmen it is imperative that "the Catholics, the Buddhists and all other sects put aside their differences in the interest of their own freedom and security."

Dodd also said that while last week's change of government in Saigon was regrettable he didn't consider it "a real coup."

Extra educational and training benefits for servicemen who fight in Viet Nam were urged by the House Republican Policy Committee in endorsing a bill to give Viet Nam veterans "the same benefits accorded the veterans of World War II and Korea." The measure was introduced Tuesday by Rep. Ross Adair of Indiana, senior GOP member of the House Veterans Affairs Committee.

Roll-out rails on a new car-top carrier extend down the sides of the car making it easier to load a small boat.

Doctors Trim 2 Inches Off Flabby Waists!
NEW YORK (Special): German Doctors at famous Max Planck Institute have discovered an instant-trim method that reduces waistline in 30 days... puts you back in shape fast. Called "Isometric Contraction," one 60-second daily work-out reduces waistline 2 inches — fast. 10 simple movements can be done at home or at work anywhere. Acclaimed internationally by coaches, scientists, athletes, used by actors and actresses. Complete Program yours to try for 30 days for only \$1.10 postpaid. If tape measure doesn't show results, return Program for refund. Send \$1 to BETTER HEALTH, Publishers, 364 Main St., Dept. (DR-139), East Orange, New Jersey.

'Amigos Anonymous' Head for Mexico Slum Projects

BERKELEY, Calif. (AP) — Some 250 California college students who call themselves "Amigos Anonymous" are heading this week for a vacation in which they will pay to work and live in Mexican slums for the privilege of doing good.

The students from more than two dozen California schools will staff 14 community development projects in central Mexico for 10 weeks.

"But we don't go in and play do-gooder" and tell them how to

run their lives," said the Rev. Joseph O'Looney, a Paulist priest who originated the project.

Father O'Looney watched as the first volunteers climbed aboard buses Tuesday afternoon at Newman Hall, headquarters of the Catholic group at the University of California at Berkeley which coordinates the project.

CONCERN FOR POOR

"They are students in social welfare, political science, education, nursing, agriculture

and other fields," the priest said. "They give up their summer because of concern for the poor."

Most, but not all are Catholic, says Father O'Looney.

"Mexico is full of poverty," he said, "but they have no Peace Corps workers there. We try to work along Peace Corps lines and we only go where we are invited."

The villages, ranging from 700 to 4,000 in population, are located in the states of Guanajuato and Michoacan.

In the four years since the projects began, students have built schools, libraries, dispensaries, roads, a cheese and honey factory.

"Our kids sometimes have to sleep on the floor and they eat tortillas," Father O'Looney said. "Rice? That's a luxury."

The students each pay \$75 for transportation, carry about \$100 apiece for personal expenses and campaign on their campuses for a year for necessary medical supplies, construction

equipment, sleeping bags and pots and pans.

They started last fall to learn Spanish, group leadership and community development. Their training included tutoring impoverished children of Mexican descent in Oakland and San Francisco and working with migrant families in the Santa Clara-San Jose area.

"Students today are looking to be helpful," Father O'Looney said. "They want to be involved."

VIENNESE ALMOND TORTE — An old world tempter with lively modern flavor is Viennese Almond Torte. It's baked as a cake of hospitable proportions to serve both friends and family with ease.

Bake Viennese Nut Torte in Angel Food Cake Pan

A tempting dessert with old-country flavor to do justice to a gay coffee house is Viennese almond torte. It's a cake of magnificent proportions to be served in thin slices for afternoon tea, then cut larger for later enjoyment with after-dinner coffee.

A torte, in its true sense, can hardly be labeled fluffy, for it is very rich and tender with a fine crumb. It's this very feature—a butter

Vegetables Marinate to Add Flavor

Herbs, vegetables and dressings marinate together to bring a cool, colorful salad in focus.

Western Vegetable Salad Platter

- 1 large perfect head of cauliflower
- 1 teaspoon salt
- 1/2 teaspoon oregano
- 1/2 teaspoon thyme
- 3 cups small green beans, cooked whole
- 1 cup French dressing
- 1 head iceberg lettuce
- 6 tomatoes, peeled
- 1 tablespoon chopped chives

Cream Dressing
2 tablespoons olive oil
2 tablespoons vinegar
1 teaspoon salt
1/2 cup tomato catsup
1 cup commercial sour cream

Cook washed and trimmed cauliflower, covered in small amount of boiling water to which you have added lemon juice, salt, oregano and thyme. Chill.

Marinate beans in French dressing. Chill.

Arrange cauliflower in large lettuce cups on a platter. Drain green beans and place around cauliflower in six individual servings, alternating with tomatoes. Garnish with lettuce and chill thoroughly.

To make dressing, mix oil, vinegar and salt; beat in catsup and sour cream slowly. Pour part of the dressing on cauliflower. Garnish with chopped chives.

Serve balance of dressing in separate bowl. Makes 6-8 servings.

Cover Peach Halves With Cookie Dough
Drain a 1 lb. 13 oz. can cling peach halves. Place peaches cup-side up in muffin cups. Cut enough 1/4-inch slices from slightly softened refrigerator chocolate-chip cookie roll to cover peaches. Bake as cookie package directs.

Cool slightly; remove from muffin cups and serve in a la mode on dessert plates. (Bake remaining cookie dough as package directs for cookies.)

Add Last for Bounce
Add sparkling wines or any carbonated mix (well-chilled) to the basic punch mixture just at serving time. This will keep the bubbles dancing.

Supper Is Served as a Sandwich

Mix mayonnaise, chopped nuts, flaked tuna or cubed cooked chicken and seasonings to taste. Hollow out frankfurter buns and fill with mixture. Top with slivers of cheese and drained cut green beans. Broil just long enough to melt the cheese for a June Is Dairy Month supper dish.

Turkey Coleslaw Has Oranges, Too

Here's another meal from the turkey that combines oranges and crisp cabbage.

- Turkey Coleslaw**
4 cups shredded cabbage
2 oranges, peeled and sectioned
1 teaspoon grated onion
3/4 cup julienne strips cooked turkey

1 tablespoon lemon juice
salt
pepper
1/2 cup cooked low-calorie dressing
1 orange, peeled and sliced
Combine the cabbage with the orange sections, grated onion, cooked turkey and lemon juice. Season with salt and pepper. Moisten with the salad dressing.

Vegetable Protein

The rich vegetable protein in beans is enhanced when served with meat or cheese or eaten with some grain food. Examples are pork or bacon and beans with traditional brown bread and chili con carne with crackers. The proteins supplement each other and step up nutrition values.

End Results of Dominican Crisis May Restore Some of U.S. Image Among Latins

By WILLIAM L. RYAN

MEXICO CITY (AP) — The United States risked its good neighbor image by its military action in the Dominican Republic. The image now is tarnished in many Latin-American eyes.

But even as the Dominican crisis drags on, threatening to be worse in the long run than when it began, the end results for some of Latin America may turn out better than had been expected at the outset.

That depends on Latin Americans.

Some consolation for whatever loss of prestige the United States may have suffered from the Dominican intervention can come from a few unexpected results in Latin-American countries.

WHAT NEXT?

It all could be nullified, however, at any moment by one more crisis like the Dominican Republic—the next time not on a little Caribbean island but in a mainland country, such as Guatemala, for example, where

such a crisis would hit with explosive force.

Barring such an explosion, however, some Latin American governments seem to have been strengthened, to have more confidence than before in the face of extremist threats. Some have tarty back-sassed Uncle Sam to the extent that noticeably more foreign policy independence may be developing.

One well-informed U.S. source says that would be all to the good. The U.S. aim, he says,

should be development of Latin-American policies independent of United States and Communist camps. He contends this would help Latin politics on the road to more internal stability.

Feelings in Hispanic America were bruised by the U.S. military action in the Caribbean. Even in countries which supported U.S. efforts to raise an inter-American force, the U.S. troop landings were condemned by some leaders. Some said it would give a new handle to extremists and a new point of at-

tack from which to launch violence. A ripple of fear ran through government and business circles.

MORE OUTBREAKS?

What would happen now? Whose turn would be next? If there were an explosion elsewhere, would the Yankees land troops? Surely there would be wild outbreaks in the streets of many a Latin-American city.

Among moderate elements, many said privately what they would not say in public: that the

U.S. action probably averted a Castro take-over. They regretted it had to happen and that the United States failed first to ask permission from the Organization of American States.

While some elements openly applauded the U.S. action, there was considerable worry about the precedent. Nevertheless, one can detect a feeling of relief among moderate Latin Americans that the worst, which might have happened, did not occur.

Some moderate and obviously responsible Latin-American leaders see, as a result of the crisis, a chance to bolster stability in South America. They expressed belief that more show of local independence of the United States in foreign policy would help in that direction.

The average engineer graduating from college this June will be offered \$630 a month compared to the commerce graduate who will start at \$415 per month.

Communist 'Liberalization' Is Applying to Dogs, Too

BRNO, Czechoslovakia (AP) — What's a dog worth in Communist society?

There still are some dog-maniacs left over from Stalinist times who hold that a dog is of no use at all in communism. But in some East European coun-

tries, "liberalization" drives have made themselves felt also in the kennels.

Czechoslovakia even plays host this year to the first world dog show ever staged behind the Iron Curtain. Fanciers from

East and West will meet here Saturday and Sunday to bid for top honors in looks and performance contests.

There is no dog population explosion, however. Czechoslovakia has 14 million people and slightly more than 40,000 dogs.

All but about 6,000 dogs are used for hunting and for official guard purposes.

People who keep a pet just for the fun of it have to pay stiffer taxes. Keeping a poodle in Prague costs about one-third of an average monthly salary.

There are a few other hitch-hikes, too, in dog's life in the East.

"Unfortunately, we have no trimming shops yet and there is no way of telling when we will have advanced that far," says Cherny. "Canned dog food is still unknown and there is no pet

hostel where you can leave him while you are away from home."

"It's just like everything under communism," commented one dog owner. "If you don't carry any card you're bound to face trouble."
