

Chairman Pulls Vanishing Coup; Kills Rights Vote

LANSING (AP)—The sudden and unexplained disappearance of a House committee chairman appeared today to have doomed any chance for civil rights legislation in Michigan this year.

While a shivering crowd of some 400 sang, shouted and prayed outside on the Capitol steps yesterday for stronger civil rights laws, introducers of bills they were backing looked in vain for Rep. Lloyd Gibbs (R-Portland), State Affairs Committee head.

Gibbs, a blunt-spoken, 56-year-old farmer, conducted an hour-long hearing earlier in the day for groups backing and fighting civil rights bills assigned to his committee.

His unannounced absence in the afternoon prevented the committee from voting on the bills, which automatically fell on the scrap heap under a deadline for releasing them for House debate.

Gibbs' seat was vacant during a 30-minute meeting of the House this morning. His absence was unexcused. His secretary said she hadn't heard from him. However, no one appeared to fear an accident or foul play.

Bus Peace Depends on Mayor's Unit

Hope for a quick solution to Pontiac's long bus strike today appeared to rest solely on the efforts of the Mayor's special bus committee.

State and federal mediators gathered yesterday with union and company representatives for the first negotiating session in over a month.

After three hours the talks broke up and Leonard Bennett, a labor mediator, reported success.

No attempts to get the two sides together again will be made, Bennett said, "until they have a chance to cool their heels again."

Chief among the others at the Walden Hotel meetings were John Sysma, president of Pontiac Local 1087 (AFL-CIO) of the busmen's union, Maurice Biddie, operations manager for National City Lines, Inc., and Stuart Kelley, a federal mediator.

Earlier, union and company representatives heard a "formula" for settlement proposed by the 14-member citizens' group appointed last week by Mayor Philip E. Bond.

City Commissioner Floyd P. Miles, chairman of the committee, said afterwards that there was nothing to report yet about reaction to the proposal.

Without revealing any details, Miles had expressed the hope Tuesday that a settlement could be reached shortly.

He continued to stress that the citizens' committee is not attempting to break into the negotiations.

Pontiac's 38 drivers and mechanics walked off the job Dec. 5, the same day that strikes hit National City Lines, Inc. subsidiaries in Kalamazoo and Saginaw.

The strikers are seeking a 23-cent an hour package increase over a two-year period.

Up to a few weeks ago, the company offered only to renew the old contract without any pay raises.

But in proposing that the city lease the Pontiac City Lines equipment, the company said it could grant a 6-cent an hour increase for one year. It further promised to review the financial possibility of an 8-cent increase during the second year of a new contract.

BULLETIN

DETROIT (UPI)—A key witness in the examination of Mrs. Nellie Laessle and Gordon Watson on charges of conspiring to kill Mrs. Laessle's husband signed an affidavit saying he was prepared to testify if he cooperated with the prosecution.

The affidavit was filed in Circuit Court here by an attorney for Richard Jones before Jones confessed to second degree murder and turned state's witness on charges of conspiracy to commit murder and first degree murder against Mrs. Laessle and Watson.

MSU Alarmed Over Budget

Falling Slate Stymies Rescue Efforts in Mine

Two Entrances Blocked
Before Diggers Tailing
to Find 18 Workers

LOGAN, W.Va. (AP)—Two entrances, either of which was expected to lead to the 18 trapped men in a burning coal mine, were found blocked by slate falls today, delaying rescue efforts.

Wary, begrimed rescue workers, who had expected to reach their buddies by early morning, conceded that the job now would take much longer.

More than 48 hours has passed since last word was received from the trapped men on the mine telephone at noon Tuesday, and there is no indication whether they were dead or still alive.

A new rescue crew was ordered to duty at 3:30 p. m., a crew that officials of the Island Creek Coal Co., operator of the mine eight miles southeast of here, had hoped would not be needed.

Newsmen attempting to get some clue as to how soon the rescue might come inquired of an official about making arrangements to stay at the scene still another night.

"Go ahead and make 'em," he said glumly.

Word also filtered out of the mine, not confirmed, that the rescue workers were experiencing increasing difficulty with rising heat.

Mines normally have a temperature of 50 to 60 degrees, relatively comfortable in which to work.

Outside temperatures weren't so cold at the scene Wednesday night. Unofficially the low was 19 degrees above zero, compared with 11 above the night before.

More than a foot of new snow from Wednesday's near-blizzard blanketed the grimy mine buildings, one of which bore a red neon sign with the words, "Be careful."

The mine officials said the stubborn fire which has held the men trapped is practically under control and they expect rescuers to move on "as rapidly as possible."

"In order not to endanger the lives of other men," State Mines Director Crawford L. Wilson, who is directing the rescue operation, had said earlier, "we must extinguish this fire before proceeding further."

Wilson also had said he was launching a big push forward with six eight-man rescue teams, working around the clock. His plan was to detach around the fire by side passages.

The women dispersed after a one and one-half hour demonstration. They had stood firm on the tracks as a Grand Truck Western pulled to within inches of them.

They included five wives and one daughter of the striking United Workers of America Union members.

The women refused threats and entreaties of police and railroad attorneys to move. They said they were there because "the boys' constitutional rights are being jeopardized."

Their reference was to a court order issued yesterday restraining strikers from interfering with coal delivery to the steam plant.

Few lawmakers were seen weeping.

Among the bills killed were measures making up the bulk of Gov. William's 12th and last legislative year.

Sen. L. Harvey Lodge (R-Oakland County) had a \$100,000 program for a better break for emotionally disturbed children.

It'll Be Cool, Cats; Spring Still Isn't With Us

Little temperature change is expected through Saturday. Sides will be mostly cloudy tonight, and a chance of a light snow is forecast for Friday.

The weatherman predicts a low of near 15 degrees tonight and a high tomorrow of 26.

Northeasterly winds at 10 miles an hour this morning will become southeasterly at 15-20 miles an hour Friday.

Eighteen was the lowest recording in downtown Pontiac preceding 8 a.m. The thermometer registered 28 at 2 p.m.

Morris to Seek Governorship

Kalamazoo Lawmaker
Becomes 1st Republican
to Enter Race

LANSING (AP)—Sen. Carlton H. Morris, 42, a Kalamazoo lawyer, today formally announced as a candidate for governor, becoming the first Republican formally to enter the field.

In all probability, his decision will have the effect of assuring a contest for the GOP nomination with Paul D. Bagwell, the 1958 nominee whose declaration is expected in April.

Bagwell is generally regarded as a liberal Republican.

Morris, a self-styled conservative, declared "the government of Michigan in all its branches is now either dominated or controlled by Solidarity House."

The reference was to headquarters of the United Auto Workers Union in Detroit.

The people, Morris said, have had representative governments stolen from them by Solidarity House with the single outstanding exception of the Michigan state Senate.

Morris pledged to work for a campaign which he said would return government to the people.

"I am a conservative, dedicated to ending the tax-and-spend programs which have blanketed Michigan's good name in recent years."

In an apparent slighting reference to Bagwell, Morris added (Continued on Page 2, Col. 6)

CARLTON H. MORRIS

Honored for Boosting Pontiac

ACCEPTS AWARD — A highlight of the Pontiac Area Chamber of Commerce annual banquet was the presentation of a special award for his help in "boosting" the name of Pontiac throughout the country. Another booster award went to City Manager Walter K. Williams. Both were presented by Norman O'Brien, Jr., former president of the Pontiac Area Junior Chamber of Commerce, which originated the awards this year.

Knudsen Addresses City Businessmen

'Be a Good Neighbor'

By PETE LOCHMILLER

In his first major public address as head of Pontiac Motor Division, S. E. Knudsen last night urged "a fresh look" at Pontiac.

Revealing himself as a youthful, dynamic civic leader, the Pontiac Motor Division general manager and General Motors Corp. vice president solemnly stated:

"Unless we take this look, act with boldness, strength and precision, the city of Pontiac — like unprogressive communities in the past which were not prepared for the challenge — could become second rate."

Knudsen's words were heard by more than 425 Pontiac business leaders and their guests, gathered at Elks Temple to celebrate the 50th anniversary year of the Pontiac Area Chamber of Commerce.

During other highlights of the evening: President Harry J. Woodman accepted the gavel for 1960 from retiring president Edward A. Maier.

Knudsen and City Manager

Walter K. Williams were presented "booster" awards — initiated this year by the Pontiac Area Junior Chamber of Commerce.

Knudsen was so honored for spreading the fame of Pontiac and wide through the success of the 1959 and 1960 Pontiac automobiles.

Williams was cited for his eloquent address.

Four U.S. 'Copters Go to Russ Leaders

WASHINGTON (AP)—Russia has bought four American helicopters for the use of Premier Khrushchev and other top Soviet leaders, the Russian embassy said.

One of them is almost an exact duplicate of the specially sound-proofed deluxe model President Eisenhower used. Khrushchev became interested in it after Eisenhower took him for a ride over the capital when he visited here last September.

Last year's Pontiac sales were 87 per cent higher than the year before; this year's sales are up 15 per cent over last year.

This record is unmatched in automobile history," Varner declared.

The 67-year-old Knudsen brought his own style of boldness, strength and precision to bear in his talk.

Then itemizing the successful business philosophy at Pontiac Motor, he called on others to follow suit.

He urged businessmen to take a "fresh look" with "warm hearts, as well as cool minds."

"Be a good neighbor," was the heart of Knudsen's message.

Peppered throughout his talk were comments reflecting concern (Continued on Page 2, Col. 3)

On it hinged Williams' recommendation for a 164 million dollar building program, chiefly at state colleges and universities.

Also mixed were his bills of civil rights, a commission on water rights and uses, a flat 26 weeks of jobs pay, \$1.25 minimum wage, a new intermediate appellate court and a retraining program for chronic unemployed.

tion this year as president of the International City Managers Assn.

Past presidents of the chamber as well as the current officers and directors received an ovation, as did their wives.

A moment of sadness occurred over the death earlier yesterday of H. H. Thatcher, 84, the chamber's oldest living past president.

Glenn H. Griffin, 1932 president of the chamber and head of the Pontiac Board of Education, was master of ceremonies and D. B. Varner, chancellor of Michigan State University Oakland introduced Knudsen.

"If the proposed increase were available to Michigan State alone we could through much effort make ends meet," he said.

"But it is manifestly impossible to support all of these operations adequately with the (Continued on Page 2, Col. 1)

Varner Plans Trip to Lansing, Fight for Boost

State's Suggested High
Only \$25,000 Instead
of \$515,000 Requested

Michigan State University Oakland officials today were rocked by the possibility of having to run the university next fall on an "incredibly small" budget.

Instead of a \$515,000 increase over this year's budget, the new institution may get only \$25,000 more.

Alarmed by the budget news from the state capitol, MSU Chancellor D. B. Varner hastily planned an emergency trip to Lansing this afternoon to confer with legislators about the problem.

"We can't live within the budget that we're afraid we'll now get," Varner said this morning.

"We're not in a good position," he added.

The hopes of all state universities and colleges for a steep boost in state treasury money received a stiff jolt yesterday.

WHITTELL WILLIAMS' BUDGET

The bad news came from Republican budget planners in the Legislature who whittled \$4,000,000 off Gov. Williams' 1960-61 recommendation for higher education operations.

MSU, which is operating this year on a \$50,000 budget, has asked for \$1,065,000 for the next school year.

University officials fear they may get only \$25,000 more than they received this year.

MSU's budget allocation is included in the appropriation for its sister institution at East Lansing, Michigan State University.

The Senate Appropriations Committee recommended a \$20-164,000 appropriation for MSU, an increase of \$1,285,000.

President John A. Hannah called the figure "grossly inadequate."

The MSU appropriation has to be divided not only with MSU, but also goes for the Cooperative Extension Service, the Agricultural Experiment Station, the Highway Traffic Safety Center, and the Industrial and Labor Relations Center, Hannah said. The dividing is done by the MSU Board of Trustees.

"If the proposed increase were available to Michigan State alone we could through much effort make ends meet," he said.

"But it is manifestly impossible to support all of these operations adequately with the (Continued on Page 2, Col. 1)

News Flashes

LOGAN, W.Va. (AP)—An Island Creek Coal Co. official estimated today that rescue workers should find 18 men trapped in a burning mine about 4 p.m.

SACRAMENTO, Calif. (UPI)—California lawmakers killed a proposal to abolish capital punishment today and Gov. Edmund G. Brown said he was now "absolutely powerless" to interfere with Caryl Chessman's May 2 execution date.

WASHINGTON (AP)—Rep. John B. Bennett (R-Mich) charged today that the American Broadcasting Co. receives a seven-cent royalty on each record carrying case sold by a firm such as controlled by disc jockey Dick Clark.

WASHINGTON (UPI)—Sen. Hubert H. Humphrey (D-Minn) said today he has decided against competing with Sen. John F. Kennedy (D-Mass) in Nebraska's May 18 presidential primary because his campaign funds "are seriously limited."

FLINT (UPI)—Flint's 30-year-old mayor, Robert J. Agan, announced today his candidacy for the Democratic nomination as lieutenant governor in the Aug. 2 primary. It will be his first bid for a statewide office.

457 Bills Dumped in Lansing 'Ash Can'

'We've Got Too Many Laws Anyway'

LANSING (AP)—"We've got too many laws anyway," said silver-haired Harry Litwisch, the dapper Senator from Bay County, in defense of a bill that lay dead in his Agriculture Committee, all of them cut down by yesterday's deadline for approving bills for floor debate.

Four hundred and fifty other bills—more than half of all bills introduced since the 1959 Legislature first met Jan. 15—just had been swept into the discard by both Senate and House standing committees.

Few lawmakers were seen weeping.

Among the bills killed were measures making up the bulk of Gov. Williams' 12th and last legislative year.

Sen. L. Harvey Lodge (R-Oakland County) had a \$100,000 program for a better break for emotionally disturbed children.

of Washtenaw County's circuit judges, highest paid in the state.

None of the incumbents could get the boost during their current term of office.

In the Senate, the Education Committee gave life to a bill to require statewide testing of fifth

graders to check up on their progress in 3-R subjects.

A great many of the bills that fell by the wayside were deemed from the start, like the bill for a gross income tax and others to repeal new and increased taxes voted Dec. 15 on cigarettes, other tobacco, beer, whisky, telephone and corporations.

All 15 bills referred to the Senate Labor Committee, headed by Sen. John P. Smoots (R-Coldwater), wound up in the gas chamber. They called for a state minimum wage, a seven-hour day, liberalized jobless pay and workmen's compensation benefits. Smoots is an ultra-conservative Republican.

Government Claims It Holds Proof of More Frauds Against Powell

NEW YORK (AP) — The government says it will prove frauds "of far greater value" than the current charges against Rep. Adam Clayton Powell Jr. (D-N.Y.) on trial on income tax evasion charges.

The trial continues today.

A three-count indictment against the Negro congressman accuses him of cheating the government out of \$3,063 in income taxes on the 1951 return of his wife, Negro pianist Hazel Scott, and on their 1952 joint return.

Mrs. Powell is not a defendant. Asst. U.S. Atty. Morton S. Robison, in his opening remarks Wednesday told an all-white jury

which income of both husband and wife totaled \$100,000.

In 1951, Robison said, Miss Scott earned \$50,000 and the tax paid in her name was \$600. Powell earned \$18,500 that year, the prosecutor said, and paid about \$400 in taxes on a joint income of \$60,000.

Robison continued: "Powell, determined to pay almost no tax for himself or his wife, deducted in one way or another every check to a restaurant—primarily Sardi's and 21—every check cashed in those restaurants, his annual li-

Auto Scrappage Declines; 70 Million Units on Road

quor bill of over \$500, the cost of two television sets, his child's tuition at a private school, the repair and maintenance of two boats, approximately 40 per cent of his grocery bills, his laundry bills, his insurance bills, his household expenses, his fuel and light bills, all of his telephone bills and all of the money spent for theater tickets."

Powell, 51, faces a maximum of 15 years in prison and \$20,000 in fines if found guilty on all three counts in the indictment against him.

DETROIT (UPI)—Low scrap- page helped U. S. car and truck population soar to nearly 70 million units by the end of 1959, R. L. Polk & Co. announced Wednesday.

The statistical firm said vehicle scrappage last year was the lowest in six years with 3,141,357 cars and trucks leaving the highways.

In 1958, a total of 4,722,017

cent of last year's 5,026,500 new car registrations represented replacement business since 1959 auto scrappage was 2,769,272 units.

Truck scrappage of 372,085 units was the lowest since 1948 and represented only 39.56 per cent of new truck registrations.

The cost of living is so high that the average man has to work an hour to buy a minute steak. . . . A bachelor is a guy who figures it's better to have loved and lost than to have to do the homework for six kids. —Earl Wilson.

Highland Park Doctor to Head State Surgeons

FLINT (U)—Dr. Joseph Witter of Highland Park has been named president of the Michigan chapter of the American College of Surgeons at the group's eighth annual meeting here. He succeeds Dr. E. Thurston Thiem of Ann Arbor.

Dr. James B. Blodgett of Detroit was elected president-elect and Dr. Darrell A. Campbell of Ann Arbor was renamed secretary-treasurer.

Civilian-Reservist Air Post Is Created

A new civilian-reservist employee called the Air Reserve Technician is being created jointly by the Air Force and the Board of U. S. Civil Service Examiners.

Applicants for the positions as civilian airplane pilots must join the Air Force Reserve and are rated on the basis of experience, training and current flying ratings.

A written test is not required. Applications for the entire Midwest are now being processed. Information may be obtained at the nearest Civil Service office, post office, state employment office and at most Air Force installations.

Aerial photographic reconnaissance is being used to help fight forest fires in Oregon. Pilots photograph the blaze, develop the prints and drop them to ground fighters who study the pictures in planning their attack.

State Business Group Reveals Hearing Sites

LANSING (UPI)—Sites for four hearings of the Senate Study Committee on Michigan's business climate were announced Wednesday by Sen. Carlton H. Morris (R-Kalamazoo).

A hearing will be held March 14 in Gaylord and May 5 in Flint. He also announced hearings, but not dates, for Marquette and Detroit.

Midwest to See Total Eclipse of Moon Sunday

ANN ARBOR (UPI)—Associate Professor Hazel M. Loeb of the University of Michigan astronomy department said Wednesday there will be a total eclipse of the moon Sunday.

Dr. Loeb said the Lunar eclipse will be visible to early morning skygazers for the first time in

the Midwest since November 1956. She said that at 1:38 a.m. the moon "will touch the shadow" of the earth because of the five degrees tilt of the moon's orbit at that time.

The eclipse will be total by 2:41 a.m. and end at 5 a.m., she said.

The only thing more frustrating than being behind a woman driver is having her behind you... By the time you've finished paying for your home in the suburbs, the suburbs have moved 20 miles further out. —Earl Wilson.

Submit \$4 Million Bid for St. Clair Channel

DETROIT (UPI)—A New York firm and a Canadian firm have submitted a joint low bid of \$4,350,000 on an Army Corps of Engineers project to remove a dangerous S-curve in the southern portion of the St. Clair River. The bid was submitted by the Standard Dredging Co. of New York and the Canadian Dredge and Dock Co., Ltd. The government had estimated it would cost more than \$8,500,000 to create a new channel for ships by dredging through marshland on Harbort's and Walpole islands.

Developing Telescope for TV Survey of Space

WASHINGTON (UPI)—The Smithsonian Institution says its astronomers are designing a satellite telescope to make a television survey of the sky in ultraviolet light. Ultraviolet radiation, invisible to the human eye, is believed to carry a great deal of information about the chemical content of stars.

Subcommittee Report Calms Wild Rumors

A Foreign Relations Subcommittee under Sen. Mansfield, has issued a report on American aid to Viet Nam which offers a better picture of the situation than the irresponsible statements made by other Senators who visited the country recently.

The problem of proper use of our economic aid has been an overly bureaucratic approach which tended to frustrate local initiative and responsibility, says the Subcommittee. No doubt part of this is due to fear of criticism by Congress and others. Some waste and fumbling were admitted but basically the findings are encouraging both as to progress and usefulness.

The Subcommittee recommended that economic aid be aimed more directly at increasing self-reliance and that decisions be made promptly. Another matter touched on was the ostentatious living of some Americans in Viet Nam which is not always of their own choosing.

The few who are guilty make the headlines and impress the natives unfavorably. To remedy this it was suggested that allowances and pay scales be consolidated to permit "a reasonably modest American life" and that carefully selected personnel be given effective training in this country.

"In undertaking its examination of the U.S. aid program in Viet Nam," says the report, "the subcommittee sought to avoid a search for scapegoats or to give ear to rumor mongering." It concentrated solely on the question of administration of American aid.

That's exactly what the subcommittee was supposed to do and it is to be congratulated for not making political hay out of the situation.

Despite Bad Weather, Voters Flock to Polls

Despite low temperatures and slippery road conditions, voters of Pontiac turned out in number Monday.

When balloting was over, there were more votes cast in primaries in four districts than there were in five districts two years ago.

This is particularly encouraging, because there will be three more trips to the polls this year—the April 18 city election, the August 2 state primary, and the November 8 general election.

Let's hope the sign of increased interest continues through this important election year.

FCC Boss Disregards Impressions on Public

Two years ago when a House subcommittee was investigating charges that officials from the Federal Communications Commission (FCC) were accepting favors from the television industry, Johnson Dornier admitted that he had been a guest of a TV executive on a trip to Florida and the Bahamas. He also admitted accepting a free color set and had billed the Government for a West Coast trip which already had been paid for by the Broadcasters association.

Now Mr. Dornier confesses that he has repeated the indiscretion. He not only flew in the private plane "of his old friend" George B. Storer, owner of a broadcasting chain, but again was a guest on his yacht for several days. The friendship dates from the time

Mr. Dornier was appointed to the FCC seven years ago.

The chairman claims that he has "the right to associate with anyone." That may be true legally but not morally. The fact that he neither understands the distinction nor the implications of his behavior makes him unfit for any position in the FCC, an agency whose duty, among others, is to regulate the broadcasting industry in the public interest.

As a public servant in a position of high responsibility, Mr. Dornier has used poor judgment in failing to see the moral question involved. He should have avoided all appearance of evil.

Movie producers quite evidently expect their pictures to put people to sleep, as they end them with a wild crescendo of music seemingly calculated to wake anybody who isn't in a cataleptic state.

The Man About Town

Farming in Muck Neighbor County Does It: Why Not in Our Oakland?

Life: What is not measured by duration, but by donation.

Thousands of acres of black muck land in our neighboring county of Lapeer have taken a place among its most valuable agricultural acreage. Not many years ago it was looked upon as practically worthless.

This is rich topsoil on low ground, composed mostly of the decayed vegetation of many centuries. It is quite ideal for the growing of potatoes, celery, onions and other vegetables.

Oakland County also has thousands of acres of similar soil, mostly on the shores of some of our lakes, that is not being worked at all. Much of it is available for good drainage, and could be made as profitable as that in Lapeer County.

Some farmers here have already found this to be true, and plans are in the making for a much greater development. It can replace the acreage taken from agriculture by our housing and industrial encroachment.

Another phase of the work in Lapeer County is the shipping of this black topsoil to other localities, to be used as fertilizer. This has grown into a million dollar enterprise, but has been worked very little in Oakland County.

It can be seen that our neighboring county has good reason to make the annual celebration of "Muck Day" one of its biggest events.

Dogs and cats usually fight like cats and dogs. But not the case in the household of

Mr. and Mrs. Gregory Silverton of Waterford. Their "Rover" and "Tabby" not only eat and sleep together, but they also gang up to do battle for the individual rights of each other.

"How many remember the Chatauque held in many towns and cities in the Pontiac area around the turn of the century?" queries a letter from

Johnson Feldman of Chicago, who says he managed several in this vicinity. They enabled these communities to get good speakers and musical talent for a week's program under a big tent. But they went the way of the horse and buggy and vaudeville theater.

Here's congratulations to the Pontiac Federation of Women's Clubs. At a recent meeting at the home of

Mrs. J. A. Rammes they voted to donate the proceeds of their fashion show and card party to the Wisner Home. And here's hoping that other organizations will follow suit and make contributions to the same cause. We must have that historical shrine open to the public during Pontiac's centennial year celebration.

Congratulations also to Zonta for their \$1,000 contribution.

With an always healthy penchant for asking questions,

Bob Myers propounded a short one in his Lapeer County Press that a Detroit paper used all of the leading editorial in its Sunday issue to answer.

Mrs. Rebecca Kriebel of Waterford, 32nd wedding anniversary. Harvey Longmire of Lapeer, 32nd birthday.

Garfield Rignall of Sylvan Lake, 32nd birthday. Mr. and Mrs. Albert Bowers of Rochester, 32nd wedding anniversary.

Maybe So, but it Costs a Lot More

David Lawrence Says:

Court Handbill Verdict Inconsistent

WASHINGTON—The Supreme Court of the United States decided this week that the confusion and inconsistency which too often characterize its decisions is a bad thing.

Even the best lawyers in the country must be baffled now in attempting to say just what the "law of the land" is today with reference to the distribution of anonymous handbills.

The high court struck down a Los Angeles city ordinance which required the sponsors and distributors of such handbills to identify themselves to the public. The court said this would infringe on the right of free speech and free press.

For many decades now, under a law of Congress, newspapers and other publications have faced a loss of their second-class mail privileges if they did not publish at least once a year the names of their principal officers, owners and holders of their bonds or mortgages. This law has been upheld by the Supreme Court.

But if newspapers are required to disclose their ownership and managing personnel, why should any other set of citizens be allowed to carry on campaigns of various kinds by distributing printed matter on the streets without having to reveal their sponsors?

Six justices of the Supreme Court—Black, Douglas, Warren, Brennan, Harlan and Stewart—put back and argued that, because recipients may be directed against the distributors of anonymous handbills, they can hereafter conceal or hide their identity.

In this case, the court related that "the handbills urged readers to help the organization carry on a boycott against certain merchants and business houses. Names were given, on the ground that, as one handbill said, they carried products of 'manufacturers who will not offer equal employment opportunities to Negroes, Mexicans and Orientals.'"

The dissenting opinion in the current case, written by Justice Frankfurter and concurred in by Justices Black and Douglas, points out the inconsistencies as follows: "All that Los Angeles requires is that one who exercises his right of free speech through writing or distribution shall identify himself just as often as one who speaks from the platform. The ordinance makes for the respectability in writing that is present in public utterance."

"When and if the application of such an ordinance in a given case encroaches on First Amendment freedoms, then will be some enough to strike that application down. But no such restraint has been shown here."

We have upheld complete protection of uninvited door-to-door canvassing as an invasion of privacy.

The dissenting opinion in the current case, written by Justice Frankfurter and concurred in by Justices Black and Douglas, points out the inconsistencies as follows: "All that Los Angeles requires is that one who exercises his right of free speech through writing or distribution shall identify himself just as often as one who speaks from the platform. "When and if the application of such an ordinance in a given case encroaches on First Amendment freedoms, then will be some enough to strike that application down. But no such restraint has been shown here."

privacy. Is this less restrictive than complete freedom of distribution—regardless of content—of a signed handbill?

"And commercial handbills may be distributed without (forbidden) regardless of content or identification. Is Talley's anonymous handbill, designed to destroy the business of a commercial establishment, passed out at its very front door, and attacking its then lawful commercial practices, more comparable with First Amendment freedoms?"

"I think not. Before we may expect international responsibility among nations, might it not be well to require individual responsibility for the distribution of anonymous handbills?"

The reference in the above quotation to the distribution of "commercial handbills" was based on a New York city ordinance barring

the distribution on the streets of any commercial advertising matter, even though signed or identified.

The decision upholding the ordinance was handed down in 1942 in a unanimous opinion by the Supreme Court of the United States, consisting then of Justices Black, Douglas and Frankfurter of the present court membership, and Justices Roberts, Murphy, Byrnes, Jackson, Reed and Chief Justice Stone.

So what it all boils down to is that a city may prohibit distribution on the streets of any commercial literature—even though signed—"puffing the wares" of a business, but it cannot prohibit anyone from distributing unsigned handbills or pamphlets, attacking a business or asking the public not to buy such wares.

Surely, inconsistency in the "law of the land" was never more dramatically revealed.

Dr. William Brady Says:

Medics Usually Should Tell Patients Full Truth

A Pennsylvania reader asks whether a doctor should tell a patient the truth if the patient has heart trouble. The reader says he thinks not. The doctor should just tell the patient for heart trouble but call it something else.

In some circumstances that is the best policy. It would depend more so if it were the heart disease of one kind or another.

DR. BRADY agrees and the character of the patient. It would depend also on whether the doctor is to see the patient just once or to continue as consulting or attending physician.

In some instances it might depend on whether the patient would want to make certain decisions or provisions. In any case the doctor should apply a responsible member of the patient's family of his findings or opinion and then get family approval of his handling of the patient.

I believe—I have never faced the situation—that I'd prefer to be told the unvarnished truth, whatever the trouble might seem to be. Even if it were cancer. Much more so if it were that heart disease of one kind or another.

I'd say that no matter what the trouble may be the doctor should always tell the patient the truth, unless there is some set good reason why not—and generally the doctor should consult with the patient's spouse, parents, or spiritual adviser about it.

The Pennsylvania reader's query implies that the reader, like most laymen, harbors the notion that heart disease necessarily causes early or sudden death. This notion is largely fictional.

Casual bystanders and experts or authorities far away are prone to attribute sudden or unexpected death to heart disease, heart "attack" or heart failure, and people generally accept this surmise as fact.

Poisoning by "overdose" of barbiturates is recognized as contributing in some instances but is ascribed to heart failure in as many instances, I believe.

Acetaminide (phenacetin) and phenacetin (acetaminide), the anti or coxifer analgesics (pain-killers) in doses of nostrums that purport to be good for headache, neuritis, backache, "cold," arthritis, rheumatism, neuritis,

Voice of the People

'Write Senators to Support Postal Rate Hike Request'

Just where does the taxpayer fit into the Postal picture? Maybe Country Boy should write his two Senators and tell them to jump through a hoop and help raise postal rates as the Postmaster asked, instead of playing petty politics.

Then the Postal Department would be self-entailing as it's supposed to be. Then the taxpayer, not taxpayers, would have the say. The Postmaster General would still support the postmasters.

So I suggest Little Country Boy write his two Senators as it might help. It would seem Pat and Phil have forgotten their oath of office is to the best interest of the nation, not a political party or any organization. Not So Stupid

'We Are Grateful for State Police'

We want to thank the State Police for finding our car after it was stolen Sunday and found at Marysville Sunday morning. Without such good teamwork as our State Police have, it would have been impossible to find it so fast. Guess that's what makes the good go around, by having good men like these and then some like our car thief, who has no respect for anyone or anything that belongs to someone else.

'Obey the Laws to Avoid Ticket'

I agree with Mrs. Parsons. I don't think there's a speed trap in Orchard Lake. I drive it twice a day and I haven't seen any thing unusual. I also say obey the law and you won't get a ticket.

C. T. Nixon

56 W. Rutgers Ave.

'Those Things Aren't True About Murray'

I take The Pontiac Press and like it very much. I also take the hometown paper from Murray, Va. A Detroit paper's story about Murray in connection with the Lassie slaying really burned me up.

Murray is one of the nicest, most decent and friendliest towns you'll find anywhere. I was born and raised there. We have been here five years, and it's nice here, but we came because there's more employment and we couldn't go back to Murray to live.

I don't know who writes say such awful things about Murray. Auburn Heights

'Now's the Time for Peace Drive'

If both the United States and Russia are so well armed that each can destroy the other, this is the perfect time to work out world peace.

Never before have two nations been prepared to annihilate the other completely in 15 minutes. This is a situation that demands peace settlements and complete disarmament. Neutral nations should police the work of destruction, war, and making certain that no other weapons of destruction are hidden in the ground or in far away places.

L. G. Gummer

Case Records of a Psychologist:

Hubby Near 40? Wives, Beware

Tom's case should warn all of you wives whose mates are approaching 40. When husbands begin to drink to excess, or gamble, or drive their cars recklessly, or casually criticize you wives and even tell you they never did love you, even at the time of the wedding, such symptoms usually cover up a growing platonic condition. Scrubbook this case and the follow-up.

By GEORGE W. CRANE, M.D.

Case E-40: Tom R., aged 44, presents a typical story.

"Dr. Crane," he began in embarrassment, "my marriage has been entirely platonic for the past two years."

"My wife thinks my failure to show her physical affection is due to my chronic alcoholism."

"For I stay at a tavern each night till I am staggering drunk."

"But that is to divert her attention and protect my ego, for I hate to admit to her that I am sexually no good."

"Sometimes I have even debated putting a bullet through my brain, but as this is a coward, I haven't got up the nerve yet."

"Do you suppose there is any hope for me?"

MALE SEX DECLINE

during the first year of marriage, then you can see why husbands get so panicky after the age of 40.

For sex is the basis of both production as well as reproduction. And men aged 40 are loaded with sexual energy and responsibilities on the job. They also have financial obligations at home concerning mortgages and other payments.

A young man of 25 is more a clockwork toy in the job and when he punches the time clock at the quitting hour, he is carefree and not loaded down with financial or family worries.

The 45-year-old husband, however, still has mental and physical burdens that cause worry and strain during the remaining hours till bedtime.

Thus, by the age of 40 and above, the usual sexual energy has diverted so much sexual energy into production, that he has much less energy left as he showed at 25.

Maybe the ratio drops from 4:1 to only 1:1 as compared with wife's erotic desire.

This is a huge reduction to the husband, so he begins to fret and worry about his wife.

His wife seldom realizes the dangerous mental state into which he has fallen, for even a 1:1 ratio is entirely satisfactory to the normal wife.

SEX NEUROTIASIS

The worried husband soon throws himself into a completely platonic state, for fretting is a mental function. It involves the brain.

But you can't "cerebrate" and also "emote" for very long before one or the other process must decline.

And "cerebrating" means you

'Nuclear Test Ban Only Way to Peace'

I've written to Eisenhower and our two Senators urging that no nuclear testing be resumed by the United States. The threat of force can no longer be an instrument of foreign policy and can't possibly improve chances for peace.

Many American scientists have warned there is no maximum safe dose of radioactive fallout. In the face of that warning, no responsible American can condone further testing.

The U.S. as a world power also has the responsibility of opposing and preventing expansion of the number of nations with nuclear weapons. World disarmament under U.N. inspection is the only legitimate aim of U.S. foreign policy and the only way to world peace.

Steel Industry Looks to Future

To Spend \$1.6 Billion
for Modernization—Not
Necessarily Expansion

PITTSBURGH (U)—The American
steel industry, faced with growing
challenges at home and abroad, is
embarked on a huge long-range
program of modernization and ex-
pansion.

Mill improvement and rehabili-
tation, while a continuous process
since World War II, is taking on
new significance for the industry
due to increase competition and the
country's rapidly expanding econ-
omy.

The industry plans to spend an
estimated \$1,600,000,000 this year
for new equipment and construc-
tion.

This would be a near-record out-
lay, second only to the \$1,722,000,
000 spent in 1957. And some steel-
men believe the 1960 estimate
might be exceeded.

EYE AUTOMATION

In most steel companies, the
emphasis is on cost-reducing mod-
ernization rather than outright ex-
pansion.

For example, Jones & Laughlin
Steel Corp. has stressed it is spend-
ing \$5 million this year to boost
mill efficiency and cut production
costs.

The steel industry entered the
1960s with annual steelmaking
capacity at a record level of some
145 million ingot tons, nearly 50
per cent higher than 10 years ago.

Even so, John F. Smith Jr., pres-
ident of Inland Steel Co., said re-
cently the industry must add about
22 million tons to its annual pro-
duction potential over the next 10
years to keep pace with the na-
tion's economic growth.

Besides improving equipment
and production methods, the in-
dustry is turning more to new
steelmaking processes.

One of the most significant of
these, the basic oxygen furnace,
continues to make steady gains.

Last year the industry added
124,240 tons of oxygen steelmaking
capacity, a 3 per cent increase
over 1958. Total capacity now is
just over four million tons annu-
ally, compared to only 340,000 tons
at the start of 1947.

Use of oxygen speeds up steel-
making, burning out impurities in
the molten metal more rapidly and
accelerating the refining process.
This makes for greater production
efficiency.

Seaway Pest Menace Probe Asked of Senate

LANSING (U)—The Senate was
asked yesterday to study the
threat of foreign plant and animal
pests stepped up by opening of
the St. Lawrence Seaway.

Sen. Arthur Delmet (R-Union-
ville) filed a resolution urging
creation of a special study com-
mittee of three lawmakers.

He said it was possible heavy
insects might be vectored on sugar
beets, barley, soybeans and other
crops unless preventive measures
were considered.

Nehru Suggests April for Meeting With Chou

NEW DELHI, India (AP)—In-
dian Prime Minister Nehru told
Parliament today that he has pro-
posed April 20 to Red Chinese
Premier Chou En-lai as the date
for their meeting in New Delhi to
discuss their border dispute.
Peiping has not yet accepted the
date, but Chou said earlier he
would be willing to come to India
for talks in April.

Forecasts British Peak

LONDON (U)—Sir Arthur Moore,
chairman of the British Travel
and Holidays Assn., predicted to-
day that more than 1,500,000 over-
seas visitors would come to Britain
this year. There were 1,390,000
visitors in 1959.

West Berlin has become the
first German city with two air-
ports in regular use by commer-
cial passenger planes.

Well, You See, It Boils Down to This . . .

That Puzzling Dow-Jones Index

NEW YORK (AP)—Wall Street and amateur index-watchers across the country—many owning no stock at all—shivered Tuesday when the Dow-Jones industrial index dipped below 600.

Yet it's a good bet that few of the amateurs could name the 30 stocks in the index or explain how the closing index figure of 599.10 was arrived at, especially since the actual dollar average of the 30 stocks that day was only \$73.03.

A few may even think that \$99.10 is the dollar average of the 30 stocks rather than a percentage of the index level that existed during a base period.

But stock market averages—such as Dow Jones industrial, the Associated Press 60-stock index, and Standard & Poor's 500 stock index—are closely followed by investors, amateurs, and much of the general public.

Thus newspaper readers noted that the Dow Jones hadn't been below 600 since Feb. 15, 1959, and by Jan. 4 of this year had reached 65.

LOTS OF WONDER
So the drop below 600 brings wonderment about what's coming next.

Indexes usually reflect accurately the changes in market trend, which is all they're designed to do. They don't show the trend of individual stocks or particular industries. Often these are going in the opposite direction from the index.

The oldest index is the Dow Jones, which started Jan. 2, 1897, with 12 stocks whose average that day was 41, at that time in both percentage points and dollars.

The AP 60-stock average has been compiled since 1935, although for comparison it was carried back to Jan. 1, 1871. Its range in 1935 was \$1.8 to \$1.7. It was compiled by simple arithmetic—just adding up the stock prices and dividing by 60.

Standard & Poor's 500 stock index started March 1, 1957, but uses the base years 1941-43 to get its percentage comparisons. Dow Jones and AP use market leaders. Standard & Poor's uses about half of the issues listed on the New York Stock Exchange, but the stocks used represent about 90 percent of the value of all stocks held by investors.

ISN'T LIKE ORIGINAL
The present Dow Jones Index

and AP's to a much less degree, bears scant resemblance to the original.

Only two stocks now in the Dow Jones index were in the original, and even these were out of it for some time. Three of the original 12 companies no longer exist. Another is now a division of a present index occupant. Four stocks were dropped last year and four others substituted.

The index number was raised to 20 in 1916 and to 30 in 1928. Simple arithmetic had to be given up. There have been so many stock splits, stock dividends, and substitutions of companies that just adding the 30 up and dividing by 30 couldn't give a true picture of the percentage of change.

DIVISORS USED
So divisors are used. Dow Jones first started dividing the 30 stocks by 15 instead of 30. This sent the index figure well above the dollar average on any particular day. The divisor has had to be lowered again and again. At the start of 1960 the total dollar value of the 30 stocks was divided by 3.83.

That is why, when Tuesday's index figure of 599.10 was down 4.92 points from Monday's close, the dollar average of \$73.03 was down only \$1 from Monday's average of the actual price of one share each of the 30.

Why divisors are needed can be seen in what happened to the 15 utilities in the AP index between this Monday and Tuesday.

Monday the utility index was 97.3, the divisor was 7.97, and the dollar average \$49.54. But Tuesday a 3-1 split in one of the utilities used went into effect. To compensate for that, the utility divisor was lowered to 7.64. Tuesday's utility index closed at 97.3 for a loss of two tenths of 1 per cent for the day.

VALUE FALLS
Because the value of the new share—about a half of Monday's unsplit share—was much lower than Monday's, the dollar average of the 15 dropped from \$31.42 to \$49.54 Tuesday, for a loss of \$1.88.

The dollar drop would have indicated a big decline in utility stock values, which just wasn't so. The AP utility index drop of 0.2 per cent compares with a drop in the Dow Jones 15-utility index of 0.24 per cent.

Happy Ending Hopes Up in Film Strike

HOLLYWOOD (AP)—Hopes are rising for a happy—and quick—ending to the Hollywood actors' strike.

Both sides will get together at the bargaining table Friday afternoon. It will be the first time the actors and the major studios have met since the Screen Actors Guild called the strike Monday.

The guild's 14,000 members are demanding a share in the profits from the sale of post-1948 films to TV.

\$100,000 Hike Sought by Rochester Teachers

ROCHESTER — Teachers in the Rochester Community School district are seeking pay raises that would cost approximately \$100,000 next year.

The salary committee of the Rochester Education Assn., headed by Jarvis Lamb, presented its recommendations to the Board of Education last night.

'Psychosomatics' Topic on Sunday

ORCHARD LAKE—The Aquinas Academy of St. Mary's College here will present an essay entitled "Psychosomatics" Sunday at 7:30 p.m. in the Campus Assembly Hall. The public is invited.

Guest speakers will be a psychiatrist, Dr. Aloysius S. Church, assistant medical director at St. Joseph's Retreat, Dearborn, and nationally known author of newspaper and journal articles.

This is the Academy's twelfth essay presentation, in keeping with its purpose of attempting to "discover the significance of the created world as reflected in literature, science, philosophy and the arts."

Moderator of the group is the Rev. Walter J. Ziemia, dean of studies.

Bride Invites 4 Sisters to Be Her Attendants

PONTIAC TOWNSHIP — Ellen Rae Goode became the bride of Carroll D. Dicke on at Five Points Community Church. The evening ceremony was performed by the Rev. Gordon Lindsay.

The bride is the daughter of Mr. and Mrs. Dolph E. Goode of 234 Richmond Rd. Parents of the bridegroom are Mr. and Mrs. Leslie D. Dickerson of 2527 Walnut Rd.

For her wedding the bride chose a gown featuring a white lace bodice ending below the waist, with a pleated net ruffle, and a set skirt. Her sweetheart necklace was edged with sequins, and her veil was secured by a cap of seed pearls.

The bride's attendants included her four sisters, Mrs. Gary Eason as matron of honor, Loretta, Pamela, and Bonnie, and Mrs. Jerry McGoldrick. The bridegroom's sister, Janie, was flower girl.

Duties as best man were performed by the bridegroom's brother-in-law, Johnny Foot. Ushers were the bride's brother, Vern, Robert Nadiger and the bridegroom's brother, Mark.

A reception was held in the church parlors immediately following the ceremony.

The bridegroom is stationed at Fort Huachuca, Calif., with the U.S. Air Force. The new Mrs. Dickerson will continue to live with her parents here until her husband is re-assigned, when she will join him.

Mrs. CARROLL D. DICKERSON

Birthday Party Fetes Keego Fire Deputy

KEEGO HARBOR—Deputy Fire Marshal John J. Sellman was honored yesterday at a surprise "This is Your Life" birthday party given by fellow Kiwanians at the Rotunda Inn.

More than 40 persons, including city employees, attended the party for Sellman, 229 Hester Ct., who is celebrating his 75th birthday. Sellman has been with the city since 1955, when he was first with the health department.

Thomas C. Tiley, Commerce Township supervisor, was master of ceremonies.

Galbraith to Talk at School's PTA

GINGELVILLE — Clinton Galbraith, Proper School principal, will speak at the school's PTA meeting at 8 p.m. Monday. His topic will be "Who Takes Care of Today's Children?"

Taking part in a panel discussion to follow will be the Rev. Sidney Rawhorse of the Gingelville Baptist Church, fourth grade teacher Mrs. Letta Cheal and Raymond Plouhar, custodian of Pack 29.

The slate of officers for the coming year also will be presented, and nominations will be taken from the floor.

First grade room motels will serve refreshments.

Lake Orion Sailor Pinned Night in Car

LAKE ORION — Recovering today from injuries suffered when his car rolled 60 feet down an embankment off an Oregon coast road is Seaman I.C. Michael J. Pearson of Lake Orion.

The 20-year-old serviceman and a girl companion were trapped overnight in the wrecked vehicle until they were discovered by a truck driver.

Pearson is the son of Mr. and Mrs. Richard G. Fisher of 323 Alwater St. His mother called the hospital when she heard of her son's accident, and was assured that he and the girl would recover.

They suffered bruises, cuts and head injuries.

Set Completion of Schoolrooms

Walled Lake Project at Smart, Union Lake to Start Soon

WALLED LAKE — Proposed additions to two schools in the area are scheduled for completion before September, assistant superintendent of Walled Lake schools, Roland J. Langerman, said today.

Planned for construction as soon as the weather permits is a 12-room addition to the Clifford H. Smart Junior High School and a 7-room addition to the Union Lake Elementary School.

Bids for the general contract work have not yet been let, Langerman said.

"The School Board is expected to decide on one of five alternate architectural plans at a Monday night meeting. However, the board already has awarded the mechanical and electrical contracts."

Langerman said the mechanical contract was awarded to Elmer Conrad of Walled Lake for \$85,000, and the electrical contract for \$25,000 to the Electrical Maintenance Co., Orchard Lake.

Money for the proposed construction was voted on two years ago when the school board sought a \$2 million bond issue, Langerman said.

"Most of the money from the bond issue has been used," Langerman said.

The Clifford H. Smart Junior High, completed last fall, cost an estimated \$1,015,000.

Additional money from the bond issue was used for a 9-room addition to the Walled Lake Senior High School, and for extensive remodeling of the Walled Lake Junior High School.

"Any funds left from the bond issue will nearly be exhausted with the proposed two new additions," Langerman said. But again, that will be decided by the school board depending on what plan it accepts," said Langerman.

BARBARA JEAN McDOWALL

A May 21 altar date has been set by Barbara Jean McDowall and Theodore R. Cram. The bride-elect is the daughter of Mr. and Mrs. James H. McDowall of 311 Elmhill Rd., Avon Township. Her fiancé's parents are Mr. and Mrs. Ervin L. Cram of 700 E. Snell Rd., Oakland Township.

EDITH KAY LONGFIELD

Mr. and Mrs. Henry Longfield of 326 King Rd., Highland Township, announce the engagement of their daughter Edith Kay to Cadet 1st Class Charles S. Diver of the U.S. Air Force Academy, Colorado Springs, Colo. He is the son of the late Mr. and Mrs. Bertice M. Diver, formerly of Milford. A June 9 wedding is planned.

Foree New Fire Chief of Brooklands Group

AVON TOWNSHIP — William Foree, 54, of 280 Gerald St., has been elected chief of the Brooklands Fire Department. He succeeds Harold Graves.

A new assistant chief is to be named.

Edward Weston walked and ran from New York to Los Angeles in 71 days in 1910 when he was 71 years old. The same walk would be 583 miles shorter today because of improvements in highways.

HONOR ISRAELITE — Prime Minister David Ben-Gurion of Israel arrives in Boston Tuesday to receive an honorary degree from Brandeis University. He said his nation's independence is in danger and in need of a great spiritual dedication. He also warned the world against scientific

development without accompanying moral direction. He is greeted by Lt. Gov. Robert Murphy, left center, and John McMorro, right, representing Mayor Collins of Boston. Mrs. Ben-Gurion is on the left.

Some Stands Displease Party Faithful

Here's a Strong Vote-Getter

By **GEORGE WEEKS**
LANSING (UPI)—Secretary of State James M. Hare has a special knack for bumming 'a cigarette.

Hare, who always seems to be without his own, sometimes doesn't bother to ask. If he spots a bulge, he'll just reach into his victim's pocket.

Hare, the first announced candidate for governor in 1960, also has a special knack for winning elections.

The 49-year-old ex-college professor led the Democratic ticket in 1958, winning by more than 200,000. He outpolled Gov. G. Mennen Williams by 45,226 votes with a total of 1,370,720.

Hare, father of three, was as surprised as anyone at his election success in 1958. He credited well-organized backing and his identification with traffic safety drives.

NAME'S ON LICENSES
His name is on all currently valid Michigan drivers licenses. His branch offices are in every community.

It is Hare's disgust with the

patronage system for Secretary of State branch offices that is causing him trouble within party ranks, among other things. He wants the branches under Civil Service.

Hare's tendency to speak his mind—and then issue a press release to get the word around—may have cost him a few votes here and there. Touristimes reacted sharply when Hare suggested it might be safer on holiday weekends if motorists stayed closer to home. Churchmen protested when Hare, a Unitarian, suggested the possibility of Sunday elections should be studied.

But Hare's success against Lt. Gov. John B. Swainson, who will be in the primary race, and Paul D. Bagwell, probable GOP nominee, will be determined to a larger degree on more major issues.

Because he remained aloof from the 1959 tax scrap, Hare lost some support among high party officials, who admired Swainson for fighting at William's side.

He promised this year to "pro-mote and fight for a liberal plat-

form and a forward-looking program."

With his pretty wife Anne, he will campaign across the state in a station wagon.

The three-time Democratic secretary of state held positions with the Detroit Board of Education, University of Michigan Extension Service, Detroit Teacher's Credit Union, Wayne State University and the Michigan State Fair, of which he was secretary-general manager.

When in Connecticut, Avoid Driving Eastward

HARTFORD, Conn. (AP) — For some reason, it's 30 per cent more dangerous to drive eastward in Connecticut than it is to drive westward.

State Police say they don't know why, but in a nine-month period, 543 traffic accidents involved east-bound cars, 417 westbound. The averages have held up over several years, they say.

Deaths in Pontiac and Nearby Areas

JOHN W. BLACKBERRY
John W. Blackberry, 59, of 382 Auburn Ave., died yesterday of pneumonia at Pontiac General Hospital.

He was an employee of Fisher Body Division.
Mr. Blackberry leaves his wife, Myrtle, three sisters and a brother. Service will be at 1:30 p.m. Saturday at the Donelson-Johns Funeral Home with burial in Holy Chapel Memorial Cemetery.

SAM CARROW
Sam Carrow of 515 Westview Dr., Warrenton Township, died yesterday of a heart condition in Detroit Memorial Hospital. He was 85.

He was a member of the First Social Brethren Church.
Surviving are his wife, Bessie; six daughters, Mrs. George Arthur of Montgomery, W.Va., Mrs. Odell Lacy of Keego Harbor, Mrs. Paul Johnson of Charleston, Mrs. Jim Johnson of Pontiac, Mrs. Gordon Snodgrass of Lower Straits Lake and Lola Carrow at home.

Also surviving are three sons, James, Harry and Gilbert; all of Pontiac; 15 grandchildren; a brother and three sisters.

Mr. Carrow's body will be at the Coats Funeral Home, Drayton Plains, until noon Saturday, when it will be taken to the First Social Brethren Church for service at 2 p.m. Burial will be in Perry Mount Park Cemetery.

HYATT M. KERSTEN
Hyatt M. Kersten, 64, of 382 Windsor Dr., died unexpectedly of a heart ailment at Pontiac Motor Division where he was employed in the packing department. Surviving are his wife, Alma; two daughters, Mrs. Arnold Michael of Lumb and Mrs. Howard Wymer of Pontiac; eight grand children; and a sister, Mrs. Ben Hudson of Pontiac.

Mr. Kersten's body will be taken from the Donelson-Johns Funeral Home Friday morning to the Bostick Funeral Home at Stratton for service at 2 p.m. Saturday. Burial will be in the Caldwell Cemetery.

DUANE D. MONROE
Duane D. Monroe, 40, of 114 E. Howard St. died unexpectedly Monday of a heart attack at his home. It was reported to The Press today.

An employee of Pontiac Motor Division, he was a member of Collier Road Community Church and a student at Pontiac Bible College. Surviving are his mother, Mrs. Clara Deere of Pontiac; and five children, Dorraine D., Duane D. Jr., Daniel D., Dorraine D. and Darlene D., all of Pontiac.

Mr. Monroe's body is at the Voorhees-Siple Funeral Home.
HENRY J. STOLZMAN
The Rosary will be said at 8:30 tonight at the Purshley Funeral Home for Henry J. Stolzman, 69, of 446 Mt. Clemens St. Service will be held at 10 a.m. Friday at the Holy Trinity Church in Mt. Hope Cemetery.

A retired employee of American Forge & Socket Corp., he was an elder, Mrs. Doris Musolf of Buffalo, N.Y., and Mrs. Nellie Stodolski of North Branch.

Mr. Stolzman was fatally injured yesterday when he fell from a scaffold at his home.

MRS. HEINRICH T. TITOLT
Mrs. Heinrich (Theresa) Titolt of 2070 Airport Rd., Waterford Township, died at her home yesterday after an illness of a year. She was 85.

Mr. Titolt was a member of Our Lady of the Lakes Church and the Rosary Altar Society of her home.

Survivors include a daughter, Mrs. Fred Herman of Pontiac; and six sons, Michael and Thomas, both of St. Louis, Mo., Martin of Pontiac, Peter, Henry and George, all of Drayton Plains.

Mrs. Titolt's body is at the Voorhees-Siple Funeral Home.
MRS. GLENN H. GREEN
FARMINGTON — Service for Mrs. Glenn H. (Minnie) Green, 76, of 3629 Shawanawase Ave., will be at 11 p.m. Saturday at Thayer Funeral Home. Burial will be in Oakwood Cemetery.

Mrs. Green died unexpectedly of a heart attack at her home yesterday. She was a member of the W.C.S.C. of Farmington Methodist Church.

Surviving are three daughters, Mrs. Genevieve Ellingworth of Palm Beach, Calif., Mrs. Ruth Mandfield and Miss Margaret Green, both of Farmington; and a brother, Louis Fendit, also of Farmington.

MRS. ALEXANDER E. KRAMER
MILFORD — Service for Mr. Alexander E. (Emma G.) Kramer, 81, of 944 Blackmore St., will be at 10 a.m. tomorrow at Voorhees-Siple Chapel, Pontiac. Burial will be in Mount Olivet Cemetery, Detroit.

Mrs. Kramer died yesterday after a long illness.

Several nieces and nephews survive.

JAMES P. OBERG
ROCHESTER — A Mass of the Angels will be sung for James P. Oberg, 3½-month-old son of Mr. and Mrs. H. James Oberg, 149 Woodward St. Burial will be in Mount Aven Cemetery.

The infant died yesterday at Children's Hospital, Detroit, of a heart condition.

Surviving besides the parents are a sister Janice at home; grandparents Mr. and Mrs. Harold Oberg of Rochester, and Mr. and Mrs. Homer Alverson of Mount Vernon.

Arrangements are by William R. Potere Funeral Home.

MILTON H. PATCH
AUBURN HEIGHTS — Service for Milton H. Patch, 60, of 224 Juniper St., will be held at 2 p.m. Saturday in Moore Chapel of Sparks-Griffin Funeral Home.

A retired Fisher Body Division employee, Mr. Patch died yesterday at his home after several months' illness.

Judgeship Measure Makes Progress

WASHINGTON (AP)—A bill to create 45 new federal judgeships has made some progress.

It was approved Wednesday by a House Judiciary subcommittee and referred to the full committee. If Congress passes the bill it would be the first increase in the federal judiciary in six years.

It has been held up because Democrats feared the administration would nominate more Republicans for the new judgeships. But Chairman Emanuel Celler (D-N.Y.) said the subcommittee had been assured by Deputy Atty. Gen. Lawrence E. Walsh that the new appointments would be evenly divided between Republicans and Democrats.

Some Michigan farmers and implement dealers are showing interest in a new trend in farm equipment business, that of leasing farm machinery. This practice is already gaining popularity in some western states.

Boy Finds Treasure: Police Foil His Fun

SYDNEY, Australia (U.P.)—It's not every day you find a boy paying a claim \$15 a day to carry his books to school. Or paying a kid \$1.40 the day just to keep out of the way.

So it was only natural that police, getting wind of such juvenile affluence, sent detectives to the school. They talked to 20 little big spenders.

And this is the report made public by the police:
Last November, a school boy played truant and went off to play among the stored gear of a circus. And there he came upon a black wooden box. He opened it.

Inside were 50,000 Australian pounds (\$12,000) by feverish schoolboy count. The boy grabbed a handful of notes and got out of there fast.

He confided to his pals. Eventually, 20 boys were in the know. They agreed to draw only a few pounds at a time from the box. But some boys got eager, and the agreement fell apart.

Thus began an era of elaborate tips and inflation in the prices of things for which schoolboys yearn. (One boy paid \$14 for a stamp he wanted for his collection.)

The detectives talked the boys into taking them to their private gold mine. When police opened the box only 30,000 pounds (\$44,000) was left.

Another 3,000 pounds was recovered from various caches at the boys' homes.

Now police are wondering what to do about it. They would be glad to return to the original owner what they have recovered. But where's the original owner? Circus manager Stafford Bullen says it isn't his money.

No one else has stepped forward to claim the cash. Police think

there may be a good reason. They believe the money was the loot from a series of robberies.

About 77 per cent of Americans believe the money was the loot from a series of robberies. About 47 per cent of women are licensed automobile drivers.

By Senatorial 8-7 Vote

California Keeps Its Death Penalty

SACRAMENTO, Calif. (AP)—A marathon, 22½ hour hearing ended early today with narrow defeat in the California Legislature for Gov. Edmund G. Brown's bill to repeal the death penalty.

The 8-7 vote by the Senate Judiciary Committee may have shattered Caryl Chessman's last hope in his 11½ year fight to escape the gas chamber.

It was Brown's reprieve of the convicted author and his calling of a special session on capital punishment that touched off the great debate.

Yet, as if by tacit agreement, not a single witness mentioned the controversial prisoner by name.

The long, almost subdued hearing by the all-laywer committee began at 9 a.m. Wednesday before a jam-packed audience. It ended at 1 a.m.

Even as the Senate committee debated the death penalty question, the California Supreme Court of Wednesday turned down Chessman's latest petition. This one challenged legality of his new May 2 execution date.

A. L. Wirtz, one of his attorneys, told newsmen here the decision ended Chessman's court appeals.

"Chessman's fate is now entirely in the hands of the governor unless the Legislature takes favorable action," he said.

Brown, after giving Chessman a 60-day reprieve Feb. 19, said he would let him die if the state's lawmakers rejected his plea to abolish capital punishment.

The 35-year-old prisoner was convicted in 1948 on charges of kidnap-robbery which involved

forcing two young women to perform an unnatural sex act.

The Senate committee listened to proponents of repeal for seven hours. It wasn't until 8:30 p.m. that opponents—chiefly law enforcement officers—stepped up to the witness stand in the theater-type hearing room.

'FCC Chairman Ready to Resign'

Paper Says Doerfer Is Drawing Up Letter After Storer Controversy

NEW YORK (AP)—The New York Herald Tribune says Chairman John C. Doerfer of the Federal Communications Commission was reported drawing up a letter of resignation and was expected to present it to President Eisenhower, possibly today.

Doerfer testified last week before a House investigating subcommittee that he had accepted a broadcaster's hospitality during a Florida vacation last month.

He said he had spent six nights on a yacht owned by George B. Storer, owner of 12 radio and television stations, and flown to Florida and back to Washington on Storer's plane. Doerfer declared he did not see anything wrong with his conduct. There was criticism in Washington official circles, however.

A Washington dispatch in today's Herald Tribune said informed sources told the newspaper that Doerfer had called at the White House Wednesday and had an interview with the President. The letter of resignation reportedly resulted from this meeting.

The Chicago Sun-Times carried a similar dispatch from its Washington bureau.

Sees Big Edge for McNamara

Detroit Paper's Poll Finds No Strong Foe for Michigan Senator

DETROIT (AP)—The Detroit News said today its poll shows that Michigan voters favor Sen. Patrick V. McNamara to either Rep. Alvin M. Bentley or Owsen, who is a candidate for the Republican nomination as senator, or Rep. Robert F. Griffin of Traverse City.

Griffin, co-author of the Landrum-Griffin Labor Bill, is expected to announce his decision soon on whether to run for the Senate primary Aug. 2.

The News poll, made by the Market-Opinion Research Co., showed voters preferred McNamara to either Rep. Alvin M. Bentley of Owsen, who is a candidate for the Republican nomination as senator, or Rep. Robert F. Griffin of Traverse City.

Griffin, co-author of the Landrum-Griffin Labor Bill, is expected to announce his decision soon on whether to run for the Senate primary Aug. 2.

The News poll gave McNamara 53.7 per cent; Bentley 43.3 per cent, with 1 per cent not voting.

It gave McNamara 55 per cent; Griffin 41.4 per cent, with 3.8 per cent not voting.

The News said, "The poll indicates McNamara is the strong man of his party in Michigan although he backed the party organization in entering the primary race in 1954."

Sylvan Council Makes 2-Year-Old Ordinance Legal

The Sylvan Lake City Council has amended its traffic code making it illegal to park on any city street from 3 to 9 a.m.

Signs declaring this regulation were installed on all city streets some two years ago when councilmen passed a resolution to the effect.

Recently it was discovered that the resolution was never incorporated in Sylvan's traffic ordinances, leaving the signs relatively powerless.

Councilmen set the record straight with a hasty vote last night.

Arrested in Home; to Get Examination

A Pontiac man was arrested yesterday at his home demanded examination on a charge of larceny from a person before Municipal Court Judge Cecil B. McCallum.

Edward H. Johnson, 25, of 44 Murray St., was returned to the Oakland County Jail when he failed to post a bond of \$1,000 set by McCallum.

His examination is set for March 16. Johnson was charged with purse snatching.

Alumni Can't Spell Own School's Name

ATLANTA (AP)—As with many public institutions, mail for Emory University often comes with various misspellings.

But the school, sometimes called "The Ivy League College of the South," continues to receive certain mail which is particularly unfitting for a reputation for education.

Letters come to Emory Spelling "Emory." And they come from alumni.

Tension Grips Court
as Finch Jury DebatesLOS ANGELES (AP)—Tension
as tangible as the smog outside
fills the Los Angeles County court-
house. The word moves constantly
from person to person:1959-60 Winter
Turns Colder
Than AverageBy United Press International
It's official now. Winter 1959-60
is colder than the average Michi-
gan winter.The Weather Bureau said to-
day below normal temperatures
since Washington's birthday —
Feb. 22 — have transformed a
mild winter into a severe winter.The bureau has been keeping
temperature statistics since before
the turn of the 20th Century and
lists the average mean temperature
day-by-day, week-by-week, month-
by-month and season-by-season.Until late February, Michigan
temperatures had been consistently
above normal and the state ap-
peared headed for one of the warm-
est winters on record.The over-average temperatures
of early winter were finally wiped
out by the steady run of below
average temperatures this morn-
ing."The jury's still out."
Five men and seven women are
in their sixth day of deliberating
the guilt or innocence of Dr. R.
Bernard Finch and Carole Tre-
gott.Rumors buzz through the
crowded corridors of the big new
courthouse: The jury is dead-
locked 10-to-2 to convict, the jury
is hung, one hold-out juror is de-
laying the entire decision. But
what is really going on in the
jury room is known only to the
12 who cast the ballots.Dr. Finch, 42, and Miss Tre-
gott, 23, are charged with murder
and conspiracy in the shooting of
the doctor's wife. Both counts car-
ry a possible death penalty.If the jurors find the couple
guilty they must decide at a later
proceeding what the penalty
should be: life imprisonment or
death in the gas chamber. The
court Wednesday prepared the in-
structions the jurors will be given
if they vote guilty, and then must
make the life-or-death decision.Word of this preparation may
have added to the apprehension
of the two defendants, whose
faces showed clearly the stress of
the long wait. The doctor stared
out by the steady run of below
average temperatures this morn-
ing.REPEAT OF A SELL-OUT

NO DOWN PAYMENT—Many Months to Pay

Chamber of Commerce Celebrates Its 50th Year

ATTENDED BY 425 — This was a lively table up front at the Pontiac Area Chamber of Commerce's 50th anniversary banquet. From left, Mrs. Douglas S. Baker takes a glance at The Pontiac Press cameraman, as Mrs. Harry J. Woodman and Mrs. Edward

A. Maier engage in one conversation and Mrs. Ralph Eastridge and Mrs. Thomas R. Jewell in another. Jewell is seated at the far right. More than 425 persons attended the chamber's anniversary banquet at the Elks Temple last night.

ALL SMILES — Mrs. S. E. Knudsen (left) and Mrs. Robert Emrick are engrossed in an amusing dinner table conversation.

TYPICAL SCENE — D. B. Eames (left) carries on a conversation across the dinner table as Mrs. Eames chats with dinner guest seated next to her.

SOME SERIOUS TALK — Mrs. Harold B. her husband, the administrator of Pontiac General Hospital, holds forth on a weighty subject.

Five Safe After Quake; Hope More Are Alive

RABAT, Morocco (UPI) — The discovery of five survivors more than a week after the Agadir earthquake disaster raised hopes today that more persons may still be alive under the ruins.

Three Moroccans buried alive for nine days were recovered yesterday by American soldiers who are systematically going through the ruins. On the day before, a Moroccan father and son were pulled out of the rubble.

45 Judgeships Okayed

WASHINGTON (AP) — A bill to create 45 new federal judgeships has been approved by a judiciary subcommittee and sent to the full committee. New district judgeships would include one in eastern Michigan.

ARRIVING — Dr. and Mrs. Dana P. Whitmer were about to enter the banquet room when they were stopped by The Press cameraman.

A GOOD TIME — The 50th anniversary was marked in a happy mood. Here are Mr. and Mrs. Maurice Barnett.

A FULL HOUSE — This is part of the big almost to capacity to hear S. E. Knudsen and others speak.

Venus Shot Halted by Fueling Trouble

CAPE CANAVERAL, Fla. (AP) — The United States today postponed an attempt to hurl an interplanetary probe deep into space. Fueling difficulties blocked the effort.

The 30 pound scientific package was designed to explore space between the earth and Venus. The National Aeronautics and Space Administration said a new firing date for the probe had not been scheduled.

Copper Outlook Marred by Excess Output Ability

NEW YORK (AP) — The copper industry's 1960 outlook is favorable, but an excess of world productive capacity mars the outlook for the next three to five years, Robert G. Page, president of Phelps Dodge Corp., said Wednesday.

Over the longer term, however, the outlook for copper is bright, he told stockholders in the firm's annual report.

Urban Renewal Gets Boost in Detroit

WASHINGTON (AP) — Detroit will begin execution of its Eight-Mile-Wyoming urban renewal project with the help of a \$3,185,517 loan and a \$2,465,642 grant announced Wednesday by the urban renewal administration.

The area, northwest of the central business district, includes 293 acres and 1,225 dwelling units. The 1,199 families living in the area will be offered relocation at other quarters.

Effective U.S. Tear Gas Being Used in Britain

WASHINGTON (UPI)—The Army has announced the adoption for training purposes of an American-invented, highly effective tear gas which also is being used by the British armed forces.

The chemical compound differs from ordinary tear gas in that it causes a burning sensation on the skin, nausea and painful forced coughing in addition to affecting the eyes.

Large Increase in Specialization by State Doctors

ANN ARBOR (UPI)—A University of Michigan study revealed striking changes among Michigan physicians in the past 25 years, notably a high degree of specialization.

Results of the three-year study were published in the Michigan State Medical Society Journal by

S. J. Axelrod and W. R. Mills of the U. of M.

Specialization has made "impressive gains throughout the state, even in the most rural areas," the researchers said.

They said one-fourth of the Upper Peninsula doctors are full-time specialists, and nearly 50 per cent of all Michigan doctors limit their practice to a particular branch of medicine.

There are about 700 theaters in New York City.

10,000 U.S. Soldiers Authorized More Pay

WASHINGTON (UPI)—The Defense Department has authorized the payment of \$50 a month in proficiency pay to each of 10,000 specialists in the military services.

Proficiency pay, authorized in 1958, until now has been limited to \$30 a month. Approximately 100,000 enlisted men are drawing the lower figure.

Nehru Pinpoints Area in Dispute With Reds

NEW DELHI (AP)—Prime Minister Nehru today said China and India are disputing a total of 51,000 square miles of territory. Nehru reported the Chinese had not extended their area of occupation in the last seven or eight months.

The Prime Minister and Red Chinese Premier Chou En-lai will meet in New Delhi next month to discuss the dispute.

Nehru told Parliament there are virtually no Indians in the affected area except for summer shepherds. Nearly all of the 12,000 square miles is believed to be in Ladakh, part of Kashmir state.

China and India are disputing a total of 51,000 square miles of territory. Nehru reported the Chinese had not extended their area of occupation in the last seven or eight months.

The Prime Minister and Red Chinese Premier Chou En-lai will meet in New Delhi next month to discuss the dispute.

Tax Men Indict Doctor Over \$284,197 Evasion

PHILADELPHIA (AP)—The government says a case against a prominent Philadelphia surgeon and his wife of evading \$284,197 in income taxes was prepared largely on the net worth theory.

Dr. James A. Lehman, 55, and his wife Adelaide were indicted by a federal grand jury Tuesday on five counts of evading the taxes from 1953 through 1957.

In applying the net worth theory Internal Revenue agents said they compared Lehman's expenditures with state income to determine if he was spending more than he reported he received for certain years. Agents also questioned hundreds of his patients.

Lehman flew to Switzerland last March to operate on Princess Grace of Monaco.

Wales is about the size of New Jersey, but its population is barely half as large.

Political Drive Publications 'Must Be Signed'

WASHINGTON (UPI) — The Supreme Court's ruling Monday against a Los Angeles ordinance barring distribution of anonymous handbills did not cloud state bans on anonymous publications in political campaigns.

Court authorities made this assessment based on the language of Justice Hugo L. Black's

majority opinion and the concurring opinion of Justice John M. Harlan in the Los Angeles case.

Thirty-six states have statutes prohibiting the anonymous distribution of materials relating to elections.

The key would seem to be whether the statute itself contains sufficient reason why its enactment was necessary, or whether state officials can offer evidence of a bad situation which the statute was designed to correct.

Neither could be done in the

Los Angeles case. The ordinance barred distribution of "any handbill in any place under any circumstances" which did not carry the name and address of the author, and distributor.

The National Safety Council said that since 1952 the fatality rate per 100,000 farm tractors has increased from 18 to more than 27, while non-fatal accidents involving farm tractors totaled about 6,000 annually. The Council said the total cost of all tractor accidents exceeds \$100 million annually.

Lansing Man to Head State Airport Group

LANSING (UPI) — Frank Siebel, assistant manager of Lansing's Capital City Airport, has been chosen president of the Michigan Association of Airport Managers.

Harold Treilby, manager of the Pellston Airport, was named first vice president; Dominic Vallejo, manager of the Marquette Airport, second vice president; Francis Gary, assistant manager of Flint's Bishop Airport, treasurer; and

Jack Hakes, manager of the Muskegon Airport, secretary.

Girl Who's 'in Love' Needs Spelling Lesson

TULSA, Okla. (AP) — A 12-year-old girl was being questioned in court about some letters she had written to her boy friend about their plans to run away together.

One of the letters ended: "I don't know for sure but I think I love you."

"P. S. How do you spell your last name."

New York Democrat Elected to U.S. House

NEW YORK (UPI) — Democrat Jacob H. Gilbert was overwhelmingly elected Tuesday to the U.S. House of Representatives in a special election.

Gilbert, a state senator, was elected to finish the unexpired term of Isidore Dollinger, also a Democrat, who resigned after being elected Bronx district attorney last November.

Complete returns gave Gilbert

4,579 votes to 575 for Republican Simon M. Koenig and 411 for liberal Hector Matthews.

Winter Fishing Increases

BRainerd, Minn. (AP) — The winter fish house development on big Mille Lacs Lake near here keeps going up and up.

Game Warden Bill Morris of Brainerd took an aerial survey and said there was a 17 per cent expansion this season over last year. He counted 4,285 fish houses. Last year the count showed 3,760.

Sorry That He Forgot Customer Always Right

ST. LOUIS (AP) — The customer tried on a size 42 topcoat, and tailor Hyman Frank told him it was too large. The man kicked out a display window and fled, wearing the coat.

The man returned after the store closed, broke into the tailor shop, left the overcoat and took a size 40 topcoat and a size 38 suit. "The suit won't fit him either," Hyman told police. "I'm afraid he'll come back for a size 40."

Wife Drops Charges; Loves 'Caveman Stuff'

VINELAND, N.J. (AP)—A disorderly conduct charge lodged against Jose Antonio Montes, 26, was dismissed after his wife told the judge she wished to drop it.

"I love him," said the woman in asking the judge to dismiss her complaint that Montes had hit her over the head with a bottle of detergent.

The first official U.S. flag was adopted by resolution of the Continental Congress on June 14, 1777.

Tiny Single-Celled Animal Built Limestone for Egyptian Pyramids

WASHINGTON (UP)—A tiny single-celled animal built the stone

that built the pyramids of Egypt. But whereas the Egyptians finished their pyramid-building stint in around 1,200 years, it took the animal, a species of foraminifera, 80 million years to manufacture the stone.

This was reported today by the Smithsonian Institution which possesses and is studying what it says is the largest collection of foraminifera in the world.

The foraminifera are sea animals, some of them "too small to be seen without the aid of a microscope, which make limestone chambers to live in.

According to the Smithsonian, "trillions of trillions" of these animals have in the past several hundred million years built a substantial part of the earth's rocky crust.

They have made limestone floors as much as 100 feet thick, the Smithsonian said. They built 30 per cent of the West Indian island of Barbados. Almost one-third of the floors in the deep parts of the oceans are composed largely of the remains of these animals.

Foraminifera come in various sizes. Many are about as big as a fine grain of sand. Others, a species known as the nummulites, have the size and shape of a silver dollar. It was the nummulites whose shells became the limestone quarries of the Egyptians. In addition to being great builders, foraminifera "are important aids in interpreting conditions in the geologic past."

They have been contributing to

the bottom some of the oceans since the period when animals were just getting started and dinosaurs ruled the continents.

Because some species of foraminifera have a limited temperature range, it is possible to deduce from their fossil remains whether ancient seas were warm or cold. Deep cores from the Arctic Sea bottom indicate by the kinds of foraminifera shells present that this ocean once was warm.

Studying foraminifera takes a lot of patience. As of recent date, the Smithsonian said, "Over 20,000 species have been described."

Need Never Eat Leather Again

Rescued Red Soldiers Get U.S. Ship Meals After 49 Days Adrift

HONOLULU (AP).—Four Soviets, long-haired when rescued after drifting 49 days in the Pacific and almost starving to death, are sporting American-style crew cuts today—and happy smiles.

The U.S. Aircraft Carrier Kearsarge picked up the stranded men Sunday from their 50-foot landing craft which had drifted 1,000 stormy miles into the Pacific from Etoro-To Island in the Kuriles.

ATE SHOE LEATHER

They had only some vodka, their canteen, three cans of beef and a loaf of bread during their ordeal, plus what rain water they could gather. They ate shoe leather in their hunger, they said. Each lost from 35 to 40 pounds.

After a breakfast of pancakes and milk Wednesday, one of the men, Pvt. Anatole Fedorovich Kruckowski, 20, demonstrated how much weight he had lost. He had to shorten his uniform belt eight inches to fit.

The Soviet government has been notified of the rescue. The Kearsarge is carrying them to San Francisco and is expected to reach there about March 15.

Dag, Adenauer to Talk in New York Monday

UNITED NATIONS, N. Y. (AP)—U.N. Secretary General Dag Hammarskjöld plans to confer with West German Chancellor Konrad Adenauer in New York Monday. West German sources say. The meeting will give the two men an opportunity for a general review of the international situation, especially Soviet threats to West Berlin.

Adenauer is due in New York Saturday. He will leave for Washington Monday evening for talks with President Eisenhower.

Hope Will Serve Neglected Peoples

Medical Mercy Ship to Leave for Asia Soon

SAN FRANCISCO (AP)—Conversion of the mothballed Navy hospital ship *Consolation* into a floating medical center for a unique type of health service in Southeast Asia and elsewhere is about to get under way.

The *Consolation*, laid up in San Francisco Bay naval yards since her return from 20 months of

service during the Korean conflict, will be renamed the *Hope*—taken from the initials of the project's concept of "Health Opportunity for People Everywhere."

Project Hope is sponsored by the people-to-people health foundation

Allocation of a conversion contract to a Pacific Coast shipyard is expected momentarily, officers at Hunters Point naval shipyard said today.

Instead of the present 800 hospital beds, she will have only about 25, along with enlarged lecture and demonstration rooms.

The *Hope* is due to sail for Indonesia late in August or September. There are only 1,600 doctors in Indonesia and a shortage of technicians capable of administering antibiotics and other medicines.

Mobile units will be sent out from the *Hope* to the country villages to train auxiliary personnel.

Treatment of patients aboard the *Hope* will be limited largely by the training mission. Education will be put ahead of treatment.

The *Hope* will be staffed with both full-time and rotating medical personnel. She will have a permanent staff of 15 physicians, two dentists, 20 nurses and 20 auxiliary personnel.

A rotating group of 35 physicians will be flown to the ship periodically for four-month tours of duty and a virtual post graduate training course.

She will carry a civilian crew provided by American President Lines, which will operate her initially on a nonprofit basis.

The *Hope's* first port of call will be Jakarta, Indonesia. Other countries that have invited her to call include Viet Nam, Korea, Pakistan, Okinawa and Morocco.

The approximately \$2 million conversion job will be paid for by the government but funds for the *Hope's* operation overseas are being raised through a national campaign.

Hamilton's House Amouderin' in N. Y.

NEW YORK (AP)—A two-story frame house which was once the home of American statesman and former Secretary of the Treasury Alexander Hamilton is slowly mouldering away on New York City's upper West Side.

The house, built by Hamilton in 1801 and called The Grange, is in dilapidated contrast to the appearance of luxury it had when occupied by one of the men closest to Gen. George Washington during the Revolution.

It is a museum now but the organization maintaining it cannot find the \$400,000 necessary to move it to a more suitable site and restore it.

Meantime paint peels, plaster falls and vandals get in their work.

Castro Confiscates \$40 Million Holdings

HAVANA (AP)—Prime Minister Fidel Castro's government announced Wednesday the confiscation of the 40-million-dollar industrial empire of Amadeo Barletta, an Italian national. The holdings include Cuba's largest auto agency, TV stations and the newspaper El Mundo.

The announcement said the minister for recovery of stolen property has formally taken over all property, funds and other

holdings of Barletta, his family and three other persons linked with his business enterprises.

The ministry accused Barletta of having amassed most of his property through illegal dealings with dictator Fulgencio Batista. It condemned him for serving as Mussolini's consul in both the Dominican Republic and Cuba.

Barletta, who denied the charges, has been a guest in the Italian embassy since the government started its move against him. Castro appointees have taken over the operation of El Mundo, a formerly independent morning newspaper.

"Worst roads in
the world, but
this new Chevy
takes all the
roughness out!"

Out near Watons, Kansas, farmer Milt Roundy tends 800 acres with only one helper—his 1960 Chevrolet pickup. The truck almost never runs on Kansas's fine state highways—instead it averages about 2,500 miles a month on unimproved back-country trails or on hauls into the fields, off the road. "In my book, these are the worst roads in the world," Mr. Roundy says, "but this new Chevy takes all the roughness out. It doesn't fishtail or whip around like other trucks — I can steer it with one finger!"

They're speaking right up, these owners of '60 Chevrolets. Everywhere you go, they're giving out glowing reports on a revolutionary new truck ride that leads to a bigger day's work at less expense, praising truck power that knows the most about saving money. It's Chevy's total teamwork they're talking about. And you'll be talking, too, once you turn a new Chevrolet loose on your money runs. Your dealer can get you started, right away!

It takes Chevy's new Torlon-Spring Ride to smooth out a road like this!

RHUBARB CAKE—Pat Leiboldt (left) of Utica, Queen of the Fifth Annual Michigan Hothouse Rhubarb Festival, cuts a piece of the Rhubarb Angel Food Cake that won the Senior Grand Prize on Saturday. With her is Mrs. Carolyn Schrock, Oakland County Home Demonstration Agent. Mrs. Lawrence DeHondt of Utica made the cake. *Patricia Press Photo*

Filled Angel Food Wins Rhubarb Recipe Contest

Michigan rhubarb growers in the Utica area produce approximately 85 per cent of all hothouse rhubarb grown in the United States. Each year in March they hold a festival, complete with queen and cooking contests.

This year the Senior Grand Prize winner of the prepared rhubarb disher was Mrs. Lawrence DeHondt of Utica. She made a Rhubarb Angel Food Cake which she cut into three layers, then filled and frosted with more rhubarb. Here is her recipe:

RHUBARB ANGEL FOOD CAKE

1 cup cake flour
1 1/2 cups confectioners sugar
1/2 cup egg whites (12)
1 1/2 teaspoons cream of tartar

1/4 teaspoon salt
1 cup granulated sugar
1/4 teaspoon vanilla
1/4 teaspoon almond extract
1 teaspoon rhubarb juice

Measure and sift flour and confectioners sugar together. Beat until foamy the egg whites, cream of tartar and salt. Gradually add granulated sugar, 2 tablespoons at a time. Continue beating until meringue holds stiff peaks. Fold in flavorings.

Gradually sift the flour-sugar mixture over meringue, folding until flour disappears. Bake in ungreased tube pan 30-35 minutes at 375 degrees. Invert to cool.

Filling

2 cups rhubarb, sliced thin

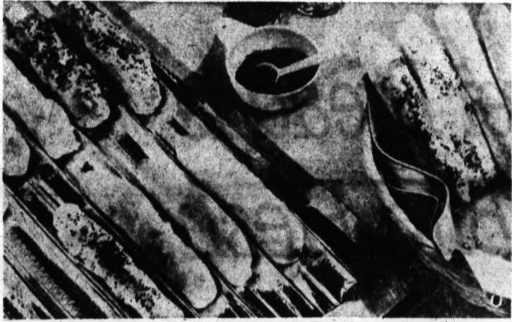

1/4 cup sugar
1/4 cup butter or margarine
1/4 teaspoon vanilla
1/4 cup water
1/4 teaspoon salt
1/4 teaspoon lemon extract

Cook together until thick. Cool. When both cake and filling are cool, cut cake into three equal layers. Put rhubarb filling between layers and reassemble cake. Frost with creamy frosting and place more rhubarb filling as a garnish on top of frosting.

Frosting

1 cup milk
1/4 cup butter
1/4 cup confectioners sugar
1/4 cup granulated sugar
1/4 teaspoon vanilla

Cook flour, milk and rhubarb juice together until thick. Let cool, then add rest of ingredients. Beat until smooth and creamy. Add enough more rhubarb juice to taste.

QUICK STICKS—Bread sticks which are increasingly popular can be made easily and quickly in a pleated foil pan. Use biscuit mix and top the sticks with seeds or cinnamon and sugar.

Pleat Foil Pan for Quick Sticks

Here is an interesting way of making biscuit sticks that are delicious and pretty to look at. The pleated foil pan make an easy pan.

Quick Sticks in Foil Pan

2 cups biscuit mix
1/4 cup milk
1/4 cup butter, or melted butter
1/4 cup orange juice
1/4 cup cinnamon
1/4 cup sugar

Grease foil pan.
Tear off an 18-inch length of 14-inch quilted broiling foil. Fold into accordion pleats 1-inch wide. Open out slightly and place on cookie sheet.

Into biscuit mix stir milk, oil

and orange peel. Pat out dough on a lightly floured square of 14-inch foil. Divide into 16 parts. Roll each part into a stick. Place in pleats of fan.

Brush with orange juice. Sprinkle sticks with sugar and cinnamon, poppy seeds or sesame seeds. Bake in a hot oven (450 degrees) 12-13 minutes.

You Won't Gain on This

"Wishful shrinkers" have special reason for enjoying a refreshing drink of soup on the rocks—that now famous cupped beef broth (bouillon) and ice cube beverage. A nine-ounce glass holding two ice cubes and the undiluted beef broth contains fewer than 20 calories! To preserve the bouillon's full-bodied flavor, chill the cans in the refrigerator before pouring. You'll find it a delightful pre-dinner beverage.

Little Cheese Bits Have Nippy Taste

Fine for an appetizer—or excellent with the soup course.

Spley Cheese Squares

1/2 cup firmly-packed grated cheddar cheese
1/4 cup cheddar cheese
1/4 cup cheddar cheese
1/4 cup cheddar cheese

Mix cheese, chili sauce, curry powder and Worcestershire sauce together thoroughly. Toast bread lightly, spread one side of each bread slice with cheese mixture, covering edges. Place on foil under broiler until cheese melts. Cut each slice in 4 squares and serve at once. Makes 4 servings.

When you are pan-frying onions to accompany liver, steak or hamburgers, add a suspicion of sugar.

War against Germs

ROMAN BLEACH

has germ-killing power

Roman Bleach is a safe germicide for all household disinfecting. Easy to use, economical. Careful homemakers use Roman Bleach every day to insure sanitary cleanliness in bathroom, kitchen, nursery. See label.

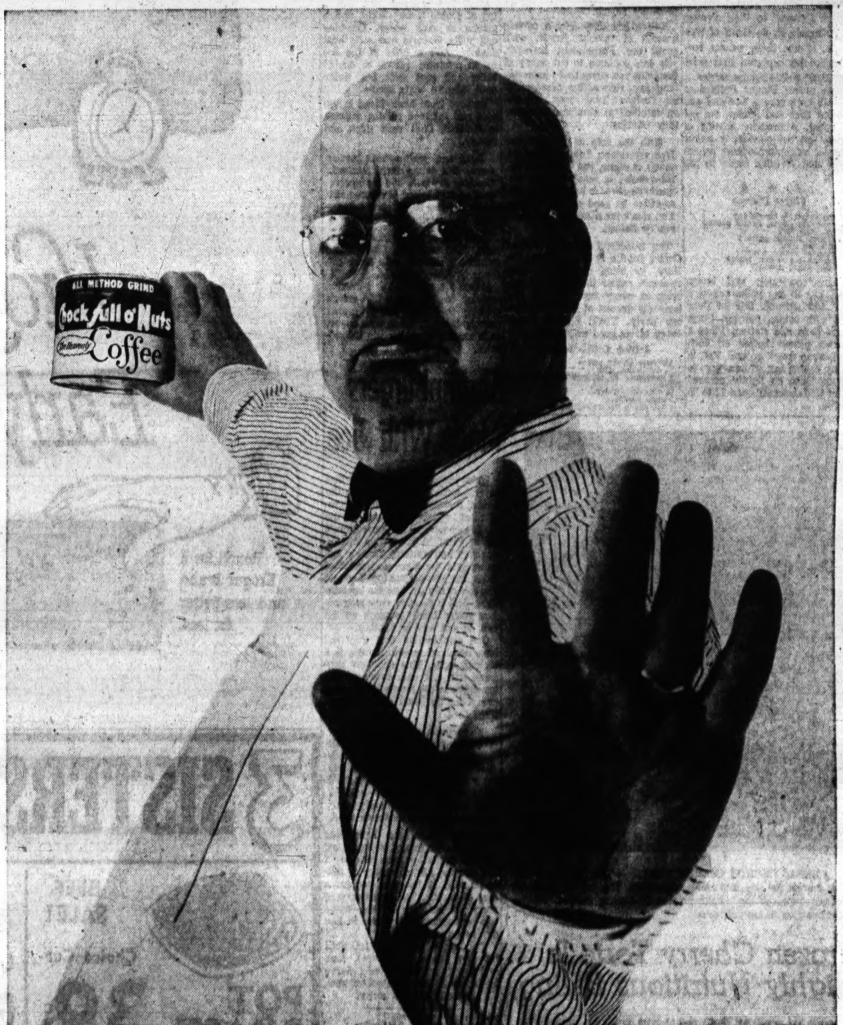

ROMAN BLEACH IS A CLEANSER, A BLEACH, AND A DISINFECTANT.

French Toast Sandwich dish for a quick supper. Make the sauce. Place another slice on top. French toast as usual. Then over add a center garnish of the apple one slice of the toast spoon hot sauce . . . and there you have cinnamon flavored canned apple!

Mount Mitchell in North Carolina with an altitude of 6,711 feet, is the highest peak in the Appalachian range.

First rural free delivery mail routes in the United States were put into operation in West Virginia, October 1, 1898.

DON'T SPEND THE EXTRA MONEY FOR THIS COFFEE...

(unless you're just plain crazy about good coffee)

Hold it! If coffee to you is just another hot drink, Chock Full O' Nuts Coffee is definitely *not* for you. Stick to your present brand, and save the few extra pennies. ■■ But...if a good cup of coffee is more precious to you than money...if you can *smell* the difference and *taste* the difference between coffees...then by all means insist on Chock Full O' Nuts Coffee. It's the *heavenly* coffee.

FINGER PUTTERS — These were the prize winning cookies submitted in the first National Grange baking contest late last year. Not-too-sweet cookie dough is wrapped around a filling

Peanut Flavor Dessert Is Nutritious Inside and Out but Low-Caloried

Hall a cookie queen, crowned a winner in the first National Grange baking contest held in Long Beach, California, late last year. Dubbed "Finger Putters" by their creator, Mrs. Eugenia R. de Groot of Woburn, Maine, these peanut butter delicacies captured first prize over 38,000 cookie recipe entries.

What makes Finger Putters so special? Let's take a bite and see. Ummm! Rich and tender, but not too sweet. A crunchy coating of peanuts on the outside, a secret filling of honest-to-goodness peanut butter that literally melts in the mouth.

Finger Putters
1 cup vegetable shortening
1 cup brown sugar, firmly packed
1 egg, separated
1/2 cup sifted flour
1/2 cup baking powder
1/2 cup creamy peanut butter
1/2 cup salted peanuts
Cream shortening and brown sugar. Mix in egg yolks one at a time. Add extract. Stir in flour sifted with baking powder. Form into 24 balls and flatten. Place 1 teaspoon peanut butter on each round, wrap dough around. Roll in slightly beaten egg whites, then in peanuts. Bake on lightly greased pan in (350 degrees) oven 12 to 15 minutes.

CEREAL CRUNCH CHERRY TORTE — This torte is a festive dessert for any important celebration. The traditional cereal improves the nutritive value of dessert recipes. Frozen cherries give flavor and color.

Frozen Cherry Torte Is Highly Nutritious Eating

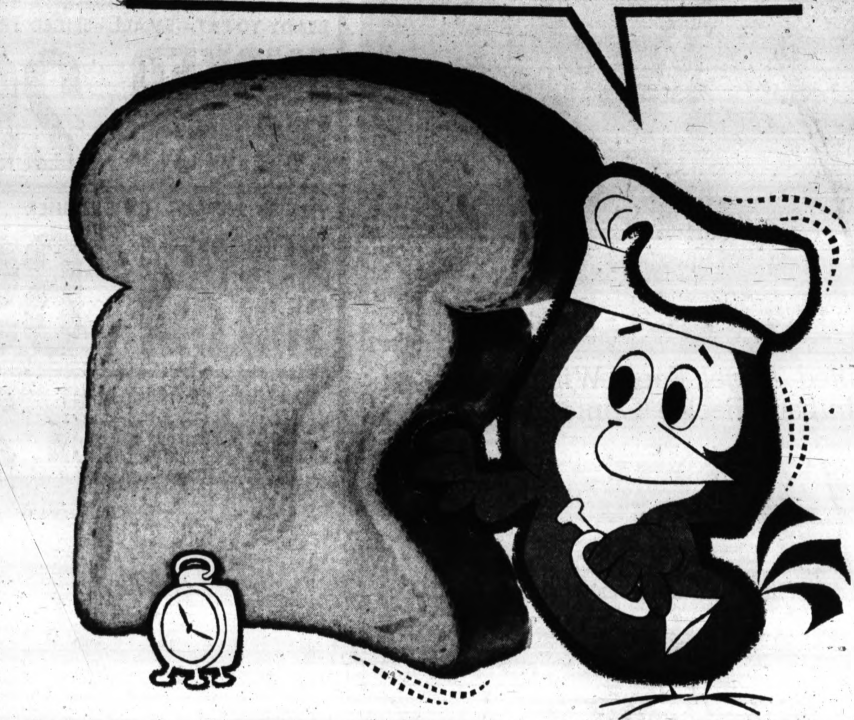

There's no need to limit the serving of Cereal Crunch Cherry Torte to February, the traditional month for cherry desserts. Serve it whenever you wish to be festive and celebrate a special occasion. Bring it to a boil over medium heat, stirring until sugar is dissolved. Continue boiling until a small amount of syrup forms a firm ball in cold water for to a temperature of 246 degrees F. Stir in butter or margarine.

Pour syrup over cereal, stirring lightly to coat. Add toasted coconut and mix quickly. Spread 18-inch spring form pan with butter or margarine. Press cereal mixture gently and evenly over bottom of pan and up 1 1/2 to 2 inches on sides of pan. Chill.

Soften ice cream slightly with spoon and fold in well-drained cherries. Spread mixture into cereal shell. Place in freezer until serving time.

Measure cornstarch into small saucepan. Stir in cherry juice gradually. Heat slowly, stirring constantly, until mixture thickens slightly and is clear. Cool and stir into cereal. Yield: 8 to 10 servings.

See! It's Soft...It's Early-Bird Fresh

Kroger Bread is Early-Bird Fresh

Reach for a Kroger Brand and live better for less.

KROGER WHITE SLICED ENRICHED BREAD

2 20-OZ. LOAVES 41¢

We're lucky indeed this year that several foods so well suited to the Lenten season are so plentiful. Two of them, which stand out on the U. S. Department of Agriculture's list of Plentiful Foods this month, are rice and shrimp. There's lots to be said for them as individual foods but put the two together and you can really get into the superlatives. And it's never very long before you're likely to team up the two in one way or another.

One combination that may not have occurred to you, though, is a shrimpburger. This delicious two-some will not only fascinate the teenagers in the family but all who are young in heart and like bundled fare.

To prepare, cut peeled and deveined cooked shrimp into small pieces. Melt 2 tablespoons of butter, remove from heat and stir in 3 tablespoons of flour. Return to heat and gradually add 1/2 cup milk, stir constantly until thickened, over a moderate oven.

Remove from the heat, add shrimp and 1 cup of cooked rice, 1/2 cup grated process cheese, 2 tablespoons grated onion, 1 teaspoon salt, 1/4 teaspoon pepper, a dash of cayenne and 1/2 teaspoon of curry powder. Chill. Then shape into patties and roll patties in fine dry bread crumbs.

Fry in 1/2 inch hot fat until browned (about 2 minutes), turn and brown on second side. Serve in batters, hot hamburger buns... toasted is even better.

Garlic and Thyme Inserted in Roast

Use this method to have seasoning seep into a lamb roast!

Savory Roast Lamb
1 lb. of lamb (about 4 pounds)
Dried crushed thyme
If you like you can have the bone removed and 3 slices cut from the sirloin end of the roast to use at another meal.

Now season the remaining roast this way: with the tip of a small sharp knife, make 6 gashes in the meat; insert slivers of garlic and some thyme in each. Roast in a slow (325 degrees) oven until as brown and done as you like. Note: For browned potatoes, par-boil pared small potatoes and add to the roasting pan about 1/4 hour before the meat has finished cooking.

VERSATILE MEAT LOAF — Today's modern shopper looks for versatility in almost anything that is purchased, whether it be in the line of home furnishings, or clothing, or the foods that go on the family table. Few foods can compare in versatility with ground meats, and this picture gives only a limited number of ideas of the variety that can be achieved merely by shaping the same meat mixture into assorted uses.

One Meat Mixture Baked Several Ways

Ground meats can be made to muffs, twelve 1-inch thick individual preferences; patties, 2½ inches in diameter; six loaves 3x3x1½ inches; a 1½ quart ring or a 5x3-inch loaf. Bake in a moderate oven (350 degrees) for the following lengths and can be used individually or in combination, such as is suggested in the recipe.

No family need ever tire of ground meat because the possibility of creating an entirely new dish is always present, and the making of a meat loaf is only one of the many ways in which ground meat can be used.

In this recipe for Versatile Meat Loaf — Shaped to Please, the ingredients remain the same regardless of the various ways it is shaped. However, the length of cooking time will vary, and care should be taken to observe the times listed.

Combine 1½ pounds of ground beef, ½ pound ground pork, ½ cup grated carrots, ½ cup chopped onion, 1½ cups soft wheat, 1 cup bread crumbs, 1½ cup milk, 1 teaspoon salt, ¼ teaspoon pepper, 1 tablespoon Worcestershire sauce, and 2 eggs slightly beaten. Mix thoroughly.

Shape into individual loaves or patties, firmly into pan of desired shape. This recipe will yield twelve muffs, using 2½ inch diameter muffin pans.

CANAPE CREAMS—All the rich looking fillings in the tiny tart shells and puff above, were made with dessert topping mix.

Dessert Topping Creams Double as Filling, Dips

Interesting and unusual canape fillings and cocktail dips can be made from dessert topping mix. This mix, originally introduced in a 2-ounce package, now also comes in an economy-size package that contains two envelopes of the mix.

This low-calorie topping (17 calories per tablespoon as opposed to 100 calories per tablespoon for whipped cream) keeps well on your shelf, is easy to prepare and stores for several days in the refrigerator. Try one or all of these creamy mixtures.

Mocha Canape Cream
1 cup prepared dessert topping mix
1 teaspoon sugar
1 teaspoon vanilla
1 teaspoon instant coffee
1 teaspoon instant chocolate
Prepare dessert topping, as directed on the package. Combine 1 cup dessert topping, sugar, pecans, rum extract and food coloring and mix well. Chill about 1 hour.

Blue Cheese Chive Canape Cream
1 cup prepared dessert topping mix
1 teaspoon grated blue cheese
1 teaspoon chives
1 teaspoon salt
Prepare dessert topping, as directed on the package but omit the vanilla. Measure out 1 cup of topping. (Store remaining topping.) Add a small amount of moisture to the cheese and mix well. Fill the canape cups. Makes 12.

Quick Corn Chowder
For a good corn chowder use a can of condensed cream of chicken soup as the base. Cut 2 slices of bacon into 1-inch pieces and brown with ½ cup chopped onion. Stir in the chicken soup, ½ cup milk, ½ cup water, and 1 cup cream-style corn. Don't forget pretzels or crackers as a snack with this soup. Make enough for 4.

BWARE! SPOOKS COMING — A Spook House will be one of the many attractions at the Stringham School PTA Fair to be held from 4:30 to 7:30 p.m. Saturday, March 19, at the school. There will be a homemade bake goods booth, a treasure chest and a roomful of used toys and

costumes for sale. Boy scouts will take orders for plants. Proceeds will be used to purchase a public address system for the school. From left are Susan Anderson, Mrs. Robert Field, Mrs. Roscoe Lund, co-chairman of the fair, and James Pfeuffer.

Clevelanders May Hear Dixie Melodies

In Mountain Music Mood

CLEVELAND, Ohio (UPI)—Plans are being made here to provide a little of "back home" for the thousands of persons who come to this industrial area from the Appalachian South.

The Cleveland Committee on the Southern In-Migrants is studying the possibility of a news letter and mountain music on the radio to help these people adjust to urban living.

It's estimated that about 50,000 to 100,000 persons from West Virginia and Kentucky and some of

the other southern states live in the Cleveland, Akron, and Youngstown areas.

The committee is working through Perley F. Ayer, executive secretary of the Council of Southern Mountains of Berea, Ky. He is an associate professor of sociology at Berea College.

Ayer urged against too much "urbanizing" of the newcomers at one time. He described the southern mountain people as possessing the virtues of "individuality, independence and self-sufficiency that many city people have forgotten and would, do well to recapture."

Among plans under study is one for formation of clubs on the basis of state and county of origin.

Three More Tremors

Rock Arequipa, Peru

LIMA, Peru (AP)—Earthquake-plagued Arequipa in southern Peru was rocked by three more violent tremors Wednesday night. Early reports said one person died of a heart attack and 20 persons were injured.

Learns of Birth by Telephone

SOMERSET, Pa. (AP)—Mrs. Robert L. Custer, an expectant mother, received numerous phone calls Wednesday, congratulating her on the arrival of her new son.

Would Welcome Probe of State's Conservation

LANSING — State Conservation Director Gerald E. Eddy said today he would welcome "a thorough and unbiased investigation" of his department.

Splits Ease at Election Time

Too Many Generals Veil Senate Acts

By RUTH MONTGOMERY

WASHINGTON — All Gaul was divided into three parts, but the U.S. Senate is divided into four, which may explain why our upper chamber has more generals, strategists and interminable warriors than the Roman Empire.

As everyone knows, the Democratic side of the aisle is split between Northern and Dixie flanks, which have even less in common than the liberal and conservative wings of the GOP membership.

What makes the situation doubly intriguing is the political bent of the two generals who control this year's campaign purses for their respective allies.

The man to whom such civil

rights advocates as Hubert Humphrey of Minnesota, Paul Douglas of Illinois and Pat McNamara of Michigan must go to re-election—Barry Goldwater of Arizona is charged with doling out the cash to help re-elect such GOP liberals as Clifford Case of New Jersey, Margaret Chase Smith of Maine and John Sherman Cooper of Kentucky.

GOLDWATER ACCUSED

The situation is almost equally fuzzy in Republican quarters.

Highlighting Sen. Barry Goldwater of Arizona is charged with doling out the cash to help re-elect such GOP liberals as Clifford Case of New Jersey, Margaret Chase Smith of Maine and John Sherman Cooper of Kentucky.

Both Barry and George are hand-

some, rugged, he-men types who

are popular on both sides of the aisle. Oddly enough, Barry's philosophical affinity is probably closer to the Southern flank of the opposition party than it is to Case or Cooper, while Smathers' thinking is undoubtedly more akin to some of the Republicans than to white supremacy diabolists like Sens. James Eastland and Herman Talmadge.

Eastland is up for re-election this year, and although many of his Dixie Party compatriots winced last week at the rough language he used to describe decisions of the U.S. Supreme Court, Smathers as a campaign chairman will be in there pitching to help him retain his Senate seat.

He'll do the same for McNamara, Humphrey and Douglas, just as Goldwater will try as hard to re-elect his party's liberals as he will the conservatives like Styles Bridges and Karl Mundt.

NORMAL PROCEDURE

That's the way politics is played in the big time.

Smathers, who has been ardent during the Senate graveyard shifts in behalf of the Southern filibuster, is Florida's "favorite son" presidential candidate.

This means little more than a holding operation for front-running candidate John F. Kennedy — a long-time pal of Smathers.

Kennedy, who logically should be in the Senate singing the praises of civil rights legislation, meanwhile is out campaigning while his ardent Southern supporter speaks against it.

Most Republicans are reasonably united in favor of a civil rights bill, but Goldwater has already served notice that he'll vote against shutting off the Southern filibuster unless paragraphs one and six are stricken from the measure.

If the senators currently seem like a bunch of crazy, mixed-up kids, blame it on the setup.

The never could have licked the Germans if his troops had all been generals.

Adenauer Likely to Raise Eyebrows

Decision on High Flights to Berlin Facing Trouble?

WASHINGTON (AP)—The U.S. decision against resuming high altitude plane flights to West Berlin may complicate President Eisenhower's presumptive policy talks here next week with German Chancellor Konrad Adenauer.

Adenauer is coming to Washington next Tuesday to urge a stiff American stand on Germany and Berlin issues in the summit negotiations with the Soviet Union at Paris next May.

He is known, furthermore, to be suspicious of any Allied action which might be construed as a sign of weakness or lack of resolve. Diplomats say he may take the new U.S. decision as such an action.

An effort to forestall any misunderstanding by Adenauer of the official U.S. position, Secretary of State Christian A. Herter sent word to Bonn late Tuesday advising that the decision had been made and providing an explanation as to the reason.

GET ADVANCE NOTICE

Similar advance notice was given to the British and French governments when Ambassador Sir Harold Caccia and Ambassador Herve Alphand were summoned to the State Department Tuesday afternoon.

The decision was announced publicly Wednesday by Herter at his news conference. He said Eisenhower had decided "that there is no operational necessity at the present time" for flying the corridors to Berlin above the 10,000-foot level in defiance of Soviet objections and possibly dangerous contraband.

This was a complete reversal of the U.S. position on high altitude flights as it had been agreed with Britain and France about two weeks earlier.

The decision at that time was that flights would be resumed shortly and the Soviet Union would be given advance notice. Although that was not announced it became known, and officials said the reason was that jet-powered aircraft operate most efficiently above 10,000 feet.

The Western powers had for years rejected the Soviet's claim of an agreed ceiling. Therefore it was decided that the air space above 10,000 feet should be employed, since jet aircraft are coming into increasing use and the failure to act might be construed by the Soviets as a tacit acceptance of the ceiling.

The reversal came, officials

SMASHING ACHIEVEMENT — Joseph B. Tate, left, a senior at Normandy (Mo.) High School, designed and built a working cyclotron in the basement of the school. The atom smasher, which weighs over five tons, was built as a science project when Tate's physics teacher Louis Deall, right, jokingly suggested it as an entry in a St. Louis Science Fair. Tate is wondering what to do with the machine after the fair. It is valued at "around \$20,000."

Press for Interim Appointment

Boom Mrs. Neuberger for Oregon Senate Seat

SEN. R. L. NEUBERGER

U.S. May Alter Pact on Sugar

Administration Says It Wants Changes, but Not to Injure Cubans

WASHINGTON (AP) — Rep. Harold D. Cooley (D-NC) said today the administration apparently plans to ask for a new sugar law which he said could be a "weapon of reprisal" against Cuba's Prime Minister Fidel Castro.

Administration sources confirmed that some changes which Cooley opposes are included in a bill they intend to submit next week to the House Agriculture Committee, which Cooley heads.

But they denied the administration measure is designed as a club against Cuba, which reaps a \$50 million dollars yearly bonus under present law. They said their bill is merited for agricultural reasons, and would not hurt Cuba.

SUGAR HOT ISSUE

Sugar legislation is an especially hot issue this year because of Castro's attacks on the United States and seizure of American-owned property in Cuba. Some congressmen see the sugar bill as a golden chance to hit back at Castro. President Eisenhower has declared against retaliation.

Cooley said Eisenhower's recent Latin-American trip apparently has made no change in earlier administration plans to seek a four-year extension of the sugar law, a slight juggling of sugar quotas which Cooley termed unfavorable to Cuba, and executive branch power to cut foreign quotas further.

Cooley said the mere proposal by the administration of such a plan would set off wide anti-American feeling in Latin America.

SALEM, Ore. (UPI) — Pressure mounted today on GOP Gov. Mark Hatfield to appoint Mrs. Maurine Neuberger to succeed her late husband, Oregon Democratic Sen. Richard Neuberger, in the U.S. Senate.

There were informed indications that she would run for the post whether or not Gov. Hatfield appointed her to fill out the unexpired term of her husband.

Oregon Democratic National Committeeman C. Gerard Davidson said "I have talked with Maurine and I am confident she will be a candidate for election to the U.S. Senate."

The executive board of the Oregon Democratic Party in an emergency meeting Wednesday night unanimously recommended that Mrs. Neuberger be appointed to serve out the unexpired term.

She has not commented officially on whether she will enter the 1960 race—whether or not she is appointed temporarily by Hatfield—but speculation was strong that she would.

The deadline for filing for the vacant post is 5 p.m. Friday.

The widow said she would accept the interim post if offered and consider it an honor. Telegrams flooded the governor's office, most of them urging her selection.

Sen. Neuberger died in a Portland hospital early Wednesday of a cerebral hemorrhage at the age of 57. A battle with cancer beginning in 1958 had drained his strength.

Pronounced cured of the disease and fit enough by doctors to run for re-election, he filed only last week.

The sudden death, only three days before the filing deadline for the May 20 state primary, touched off a giant Oregon political scramble.

He was unopposed in his own party and Oregon Republicans had indicated they were hard-pressed to line up an opponent to face him. His first term would have ended next January.

The Neubergers, married in 1945 and childless, were the Oregon Legislature's first husband and wife team, he in the Senate and she in the House. He was elected to the U.S. Senate in 1954 and she worked with him closely in Washington on legislation for national health and other favorite topics including Indian welfare, resource conservation and power development.

Pipe Imperils Xway

DETROIT (U-P) — Four sections of pipe buckled beneath new Cobo Hall Wednesday night, and police closed one lane of the northbound John Lodge Expressway. The buckled sections appeared they might fall onto the expressway. The pipe is part of the fire sprinkler system. Freezing water in the pipe apparently caused it to buckle.

NEW FROM SIMMONS! QUILTED BEAUTYREST

Another great "First"... famous independent coil Beautyrest construction plus the added comfort of this new smooth quilted sleeping surface

Here it is, the new Quilted Beautyrest with the smoothest sleeping surface ever! Not a button or a tuft. It's Beautyrest through and through... provides the buoyant firmness that's kind to your back because under the gay, smooth quilted top is the famous never-sag independent construction. Beautyrest separate springs give you single-bed comfort in a double bed for luxury sleeping.

Beautyrest, either tufted or the new quilted, costs you less to own. In durability tests made by the United States Testing Company, Beautyrest lasted 3 times longer than ordinary connected coil mattresses. So come in today, see and try the new Quilted Beautyrest. Full or twin size only \$79.50. Also available in Supersize models and in your choice of firmness.

Sharing a table at the celebrity luncheon which followed the final Pontiac-Oakland Town Hall session is a group from Woodcreek Farms. From left are Mrs. Philo Wright, Mrs. Ross Plewes and Mrs. Wil-

liam Weightman. They are representative of women from a countywide area who enjoy their Town Hall membership.

Green Lakers filled a table at the luncheon. Discussing Wednesday's program with enthusiasm are from left, Mrs. Kenneth S. Hedges of Warner drive, Mrs. Elmer Boch and Mrs. Gene Boules

of Wellington court, Mrs. Ernest Fuller of North Shore court, Mrs. Albert Stanker of Alden drive and Mrs. Harry L. Geruvis of Warner drive.

Audience is Captivated by Town Hall Soprano

By MARJORIE EICHNER

A vibrant tawny-haired soprano brought the artistry of the Met to Pontiac Wednesday morning at the final session of Pontiac-Oakland Town Hall.

Jarmila Novotna is a brown-eyed ambassador of good-will who completely captivated her audience with the beauty of her singing, her warm and winning personality, and her natural and unassuming manner. She dealt a death blow to the image of the "typical" opera star. If subscribers expected temperamental and haughty, they were in the wrong theater.

What they received in good measure was a near dozen songs varying from familiar operatic arias to intimate lullabies and folk melodies. These were gently sandwiched into a narrative that traced Mme. Novotna's career and experiences from the age of 14 when she knew most of the standard operatic arias to her present-day life of jet plane commuting between Vienna and the United States.

Many of her anecdotes were humorous giving us a glimpse of a radiant smile and honest laugh crackles at her eyes.

PROJECTED EASILY

Though suffering the effects of a cold, Mme. Novotna projected with ease to the farthest corner of the Oakland Theater. The treat of hearing live the richness of a great voice was a rare privilege. The mechanics of accompaniment were handled most gracefully.

The singer used recordings of the piano accompaniments on a sensitive phonograph lent by Grinnell's. The trick, she explained, was in controlling the volume carefully and constantly. She added, "In this case, the artist follows the accompaniment."

This method permitted Mme. Novotna to delight the audience

by singing a duet with herself—the haunting Barcarolle from Tales of Hoffman.

Much of the charm of the hour lay in the artist's ability to create an intimate atmosphere in the theater. Undoubtedly some of this is a byproduct of her theatrical training in the Staniislavski school of acting under Max Reinhardt in which an actor absorbs the qualities of the character he is portraying until, in a sense, he becomes that character.

TRULY WOMANLY

However, Mme. Novotna is truly womanly, with all the grace the term implies. She conversed with her audience informally. Her idiom was "woman-talk" and the audience loved it.

Concluding her program with the poignant "Songs My Mother Taught Me," Mme. Novotna sang with such emotion and feeling that the audience demanded two encores. The singer graciously presented her favorite, "Jennie With the Light Brown Hair" and a lilting Czech folk song.

At the celebrity luncheon which followed at the Pine Lake Country Club, Mme. Novotna expressed gratitude for

the effect of the Marshall plan in rebuilding Europe. The sincerity of her belief and appreciation of our country's political and artistic freedom was evident.

Speakers of artists, she said, "Through suffering, we grow. Our emotional capacity grows, and our performances reflect it."

"Touching on the absence of live performed music in American homes, the singer thought this might be the byproduct of the ever-present and ever-perfect "canned music" of our society. She urged us to have the courage to express ourselves by making music and to encourage this quality in our children.

Mme. Novotna was struck by the number and quality of the symphony orchestras in this country — "More than all the world together!"

"I hear you have a very good symphony yourself," she said, "Be proud of it!"

Town Hall hostesses were Mrs. A. Dodd, Mrs. Laurence G. Clark, Mrs. John W. Conley, Mrs. Paul E. Urechallitz and Mrs. Harold B. Euler.

Others were Mrs. H. F. Kendrick, Mrs. Ben E. Bowman, Mrs. Carroll C. Braid and Mrs. Milo Cross.

Baby Your Hubby Instead: Abby

At 73, She's Thinking of Divorce

By ABIGAIL VAN BUREN

DEAR ABBY: I can't understand why every man wants me except my own husband. He never gives me a compliment. He won't say two words to me when we are in a crowd. But he gets mad if another man does. If I smile or talk to other men he says I am making a play for them.

He says I am going into my second childhood because I keep myself nice and watch my shape which is pretty nice (I am told) for my age. I am 73 and he is 75 and we have been fighting for 55 years. I have even thought of divorce. I know I could get somebody else. But he couldn't. What should I do?

STILL YOUNG
DEAR STILL: Humor him. Kid him. Flatter him. Baby him. And stick with him. "Better to live with the ill you know than to fly to others you know not of."

DEAR ABBY: I am nine years old and my father is a very nice man but sometimes he talks like he has never been to church. When he hits his finger with a hammer or something like that, he will say a

phrase using the Lord's name in vain in it. It goes something like "Blankety blank it!" I said it once and my mother had a fit. She said I should say "Ding bust it!" instead. So while I say "Ding bust it!" my

father keeps right on saying "Blankety blank it." Is this fair, Abby?

ROBERT

DEAR ROBERT: No, ding bust it! Your father should follow your example.

DEAR ABBY: I am 38. My wife passed away after nine years of a very happy marriage, leaving me with a seven-year-old boy. I have a civil service job and a business on the side which leaves me with very little time to care for my home or boy.

For very practical reasons I need a second wife. I'm lonely and have a lot of love to give. How soon can I start dating again in good taste? When can I marry again without being criticized? This is a small town and people talk. I have no one in mind yet.

POSITIVELY CONFIDENTIAL

DEAR POSITIVELY: There is no timetable for true love. It's your happiness and that of your boy that counts. Date her when you see her and marry her if she's the one. And who cares if people talk!

CONFIDENTIAL TO H. L.: You are mistaken. There IS something worse than a reformed jet. One who hasn't reformed yet.

What's your problem? For a personal reply, write to Abby in care of this paper and enclose a stamped, self-addressed envelope.

Send for Abby's pamphlet, WHAT EVERY TEEN-AGER WANTS TO KNOW, in care of The Pontiac Press. Enclose a large, stamped, self-addressed envelope and 25 cents in coin.

OK to Take Long Trip With Boy

By EMILY POST

Dear Mrs. Post: My parents live in the country but I work and live in the city. I have been going with a boy who also lives here in the city but whose family lives in the country (about five miles from my family). My boy friend is planning on driving home next week-end to see his family and asked me if I would like to drive with him and visit my family at the same time.

I would like very much to go but don't know whether it would be proper. He intends to leave Friday evening right from the office, which means we will be driving most of the night. Will you please tell me whether or not it would be proper for me to go?

Answer: If you and the young man both have very good reputations and if your parents will not mind being awakened in the middle of the night and you drive straight through, I don't think anyone will criticize your going.

Dear Mrs. Post: When people say they are coming to see me on such and such a day, is there any excuse then for not letting me know should they not be able to come? The excuse such a person gave me was that she didn't bother because I had said I was going to be in on that day. Even so, wouldn't it be better to have called me?

Answer: I would have been thoughtful of her to telephone you to say that she wasn't coming so that you would be free to go out if you wanted to. On the other hand, if you told her you were going to be in anyway, I can't say that she really was discourteous.

Dear Mrs. Post: I have been invited to a large dance at my boy friend's school. I am going to wear a floor-length evening dress. I would like to know if elbow-length gloves are necessary, or would short ones be better, but short ones also would be correct if you prefer them. It is entirely a question of personal taste.

Past Grands Get Together

The Past Noble Grands' Club of Pontiac Rebekah Lodge 450 met Tuesday at the home of Mrs. Barney W. Warner of East Cornell avenue. Mrs. Orry Ritter arranged the entertainment enjoyed by the 12 members present. Mrs. Herman Wegner was named entertainment chairman for the April 12 meeting at the home of Mrs. Walter Goodrich of Bigham avenue.

Five Pages Today in Women's Section

Mrs. Donald Seed of Rochester, left, joins guest artist, Mme. Jarmila Novotna in a gay laugh at one of the many anecdotes the singer shared with Wednesday's Pontiac-Oakland Town

Hall audience. The pair are entering the Pine Lake Country Club dining room where the celebrity luncheon was held.

Women's Section

Here's How to Find Plan Buffet Luncheon

NEW YORK (UPI)—Obesity test: Lie flat and relax. Place a 12-inch ruler on your abdomen. With one end between the flare of your ribs. On a normal abdomen, the ruler will lie flat. If the ruler points upward and away from your ribs, extra pounds are gathering.

A buffet luncheon will precede the business session at the League of Catholic Women Archdiocesan meeting at the League home on South Park street March 22. Our Lady of Refuge Church, Orchard Lake was host to the Northwestern Deanery meeting Wednesday.

At the Monday morning meeting of the LCW, Mrs. Delmo Chappelaine was elected delegate to the National Council of Catholic Women Convention at the Statler-Hilton Hotel in Detroit, March 28. Mrs. Clergue Webster was elected alternate. Mrs. William B. Dean, Mrs. Lewis Swartz and Mrs. Matthew Gill will also attend.

Archbishop John F. Dearden of Detroit and Bishop Harold Henry of Korea are listed for convention talks. The cancer committee reports 219 pads made in February.

Moose Chapter Sets Dance for Saturday

At the Monday evening meeting of Women of the Moose, Pontiac chapter 360, a St. Patrick's dance was announced for Saturday evening. Sponsors will be the Academy of Friendship members. Mrs. Michael Blahut spoke on "The City of Contentment," located at Orange, Fla., before the 35 members present. Mrs. Harold Finn played Irish accordion numbers. New caudates, Mrs. Thomas as Norr, Mrs. James Beach and Mrs. John Hoffman, were enrolled in Pontiac Chapter 360 and Mrs. Robert Barr in Home chapter. This class was in honor of Mrs. Vernon Taylor.

Many Enjoy It, but Importance Lags

Teens Not THAT Wild About Dancing

By EUGENE GILBERT
If you, dear adult, consider the dance as the chief tribal rite of the teen generation, you err. Although the majority of youngsters enjoy dancing, there is a sizable number who say they don't. In fact, they assert that dancing gets little emphasis in the teen crowd.

As an enviable characteristic, the ability to cut a figure on the dance floor rates low indeed among teen-agers.

And you'd be surprised at the popularity of some of the ancient dances: the foxtrot, the lindy and even the waltz.

ENJOYED BY 82 PCT.

These conclusions were drawn from the answers of 797 teen-agers whom we questioned in a nationwide survey.

Of this cross-section, 82 per cent say they enjoy dancing while 16 per cent do not.

On the other hand, 79 per cent of the young people say their crowds do not particularly emphasize good dancing, while only 19 per cent say they do.

Moreover, only 56 per cent prefer dates who are good dancers.

This, incidentally, is of more concern to the girls than the boys;

63 per cent say they prefer a good dancer as compared with 48 per cent of the boys.

As a clincher, only 4 per cent of the youngsters consider ability to dance the first item of importance in rating the popularity of another boy or girl.

An interesting personality is most important, say 78 per cent of the youngsters, while 16 per cent are especially attracted by good looks.

DISPLAYS PERSONALITY

Dancing is highly regarded, nev-

ertheless, as a means of displaying a winning personality.

"It is important," says 16-year-old Duane Bell of San Francisco, "because you can show off your personality while dancing and having fun and meeting people."

The nearest thing to a current dance craze would be rock 'n' roll, but its popularity isn't overwhelming. ***

Almost half the young people say it is the favorite dance in their area, with the foxtrot second, the

cha cha third and the Lindy fourth. But personal preference is something else again.

Only about one-third of the youngsters say the rock 'n' roll is their own favorite.

Again the foxtrot ranks second. The jitterbug is third, cha cha fourth and the waltz fifth.

PREFER 'ANY SLOW DANCE'
More youngsters say they prefer "any slow dance" than those who vote for "any fast dance."

Forty per cent of the teenagers we questioned are ashamed

of their own dancing, while 48 per cent step onto the dance floor with confidence.

Almost half the young people feel embarrassed when they find themselves on the dance floor with a flashy dancer.

"I believe he makes a fool out of himself, and I feel foolish," says Janet M. Bailey, 17, of San Francisco.

"I am afraid I would goof up the whole dance," says 17-year-old Mary Ann Marshall of Struthers, Ohio.

Activity Means Leaner Teens

CAMBRIDGE, Mass. (UPI)—Sitting, not stuffing, makes a teen-ager overweight.

Researchers at the Harvard School of Public Health have found that lean adolescents actually eat more, averaging 4,600 calories a day compared with only 3,300 for the "fat-ties."

The difference: the lean

youngsters use all their food energy, but the heavy ones let their calories settle as body fat.

Consult Doctor About Acne

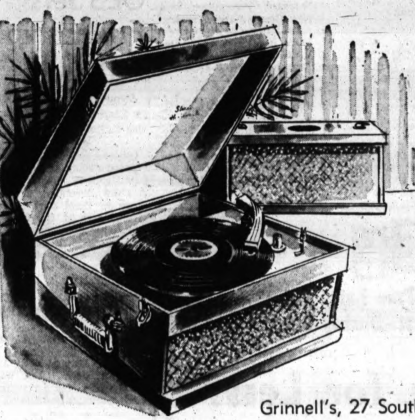

(UPI)—There is no cure for acne, since doctors do not even know the cause. The best these preparations can do is dry up the blemish.

A physician should be consulted early when acne appears so scarring can be prevented.

Eye Strainers Cut TV Fun

NEW YORK (UPI)—If your eyes get weary watching television, check for eye strainers. Don't let children sit close to the set looking up. Don't place TV in a "cross traffic" area. Don't watch from chairs placed at angles to the set. Don't read or sew and try to watch TV.

For Her Work at State Hospital

Named Volunteer-of-the-Month

Named Volunteer-of-the-Month by Central Volunteer Bureau of Pontiac Area United Fund, for her work in horticultural therapy at Pontiac State Hospital, is Mrs. William H. Burlingame, 40 Oak Hills drive, Bloomfield Township.

After graduation from University of Michigan, Mrs. Burlingame studied horticulture at Michigan State College with emphasis on greenhouse production. Her enthusiasm as a dirt gardener, combined with academic training, places her in demand as a lecturer in Detroit and other Michigan cities.

At the beginning of her volunteer services at the hospital in 1951, Mrs. Burlingame originated therapy designed for patients of all ages to develop interest in flower arrangement and in growing plants and flowers.

A group of eight children, in 1954, was the beginning of a horticultural program in which over 50 children residing at the hospital are now actively involved in outdoor gardening on their 40 x 40 foot plot on hospital grounds.

MRS. WILLIAM H. BURLINGAME

For elderly patients, Mrs. Burlingame has originated flower arranging.

Over 500 patients have responded to this therapy, designed to augment various other types of therapy used by the hospital staff.

In her volunteer service, Mrs. Burlingame has influenced many area farm and garden clubs to participate in volunteer horticulture at the hospital.

Stated for early publication is a book "Therapy Through Horticulture" written by Mrs. Burlingame at the request of the company's publisher. This will be the first book on the subject.

Mrs. Burlingame teaches gardening, writes a column for a suburban weekly, designs gardens, and is currently taking a group to New York City to view the flower show.

Due to the knowledge derived from research at PSH, Mrs. Burlingame is developing a prison program at the Detroit House of Correction, which may be adopted throughout the country.

Pythian Sisters Host Top Chief

Fannie E. Thompsons Temple 41, Pythian Sisters, met Monday evening in Pythian Hall to receive the annual official visit of Mrs. Chair Wendy of Milan, grand chief of Michigan.

Present in a fraternal capacity was District Deputy Mrs. Theodore Kelley of Birmingham.

Buffet supper with a St. Patrick motif was served.

CAROLYN M. KLUG

A September altar date has been named by Carolyn Maxine Klug, daughter of Mr. and Mrs. Leonard A. Klug of West Long Lake road, Bloomfield Hills, for her marriage to Paul Dean Bartlett. Her fiancé is the son of Mr. and Mrs. Robert Bartlett of Hummer Lake road, Oxford.

Discard Ragged, Old Feathers

(NEA)—Bedraggled feathers never made any bonnet a thing of beauty to behold. But it's surprising how many women cling to them, along with a torn, limp bit of veiling. Be ruthless about discarding both and applying new trim.

Webster PTA Sets Card Party

Webster School PTA members are planning a March 21 benefit card party and fashion show at 7:30 p.m. in the school gym. Women and children's fashions from Arthur's Women's Apparel Shop will be modeled by parents and children from the school.

Proceeds will be used to purchase roller skates for use in various recreation programs.

Mrs. Ben Sweeney is chairman for the event. Assisting are Mrs. John Rothchild, refreshments; Mrs. Leonard Sundahl, tables; Mrs. Mike Anderson, door prizes; Mrs. Eugene Burdette, playing materials; and Mrs. Howard Dell, table favors.

Others are Mrs. Kenneth Nagley, prizes; Mrs. Robert Fote, publicity; Mrs. Douglas Green, tickets; Mrs. D. T. Sheppard, decorations; and Mrs. George Walters, models. Tickets may be obtained from room mothers of the school or from Mrs. Green who lives on James K boulevard.

A Spot Thought

NEW YORK (UPI)—Try removing spots from wooden furniture by rubbing spirits of camphor on a soft cloth and then polishing with furniture polish.

Newlyweds Honeymoon in Portsmouth, Va.

MRS. DONALD LEE STEM

The Waterford Community Church was the setting for Saturday vows of Jenny Belle Hall and USN Fireman Donald Lee Stem, repeated to the Rev. Robert D. Winne. After flowers were all-white arrangements of gladioli and chrysanthemums.

The bride's parents Mr. and Mrs. Harvey Montague Spaetzle were hosts at the reception in their home on Terrell street, Waterford Township.

Tiers of white Chantilly lace over silk tulle, fashioned the skirt of the waist-length bridal gown. They covered buttons extended from the scalloped V-neckline of the elongated fitted bodice and were repeated on the long tapering sleeves.

Attached to a crown of pearls and flowers of nylon was the fingertip veil of silk tulle. The bride carried a nosegay of white carnations and pink roses.

Loretta Mae Hall was her twin sister's only attendant. Complementing her beautiful tulip-shaped dress of white nylon was a picture hat of orchid nylon. Her corsage was of pink and white carnations.

Robert Stem stood as best man for his brother. They are the sons of Mr. and Mrs. Leonard Frank Stem of Mechanic street. The bride's brothers, Melvin and Louis Hall, seated the guests.

The newlyweds left for Portsmouth, Va., where the bridegroom is stationed.

For her daughter's wedding, Mrs. Spaetzle appeared in pale blue lace with navy hat and accessories. Stem chose a light blue printed jersey dress, black hat and accessories. Their flowers were shoulder sprays of pink and white carnations.

Officer Slate Is Selected by Chapter AW

Chapter AW of the P.E.O. Sisterhood named Mrs. James Harold R. Batters, Mrs. L. H. Dean Jr., Mrs. Robert Watson, Mrs. William Medlen and Mrs. Edward Komonoski participated.

Presiding at the March birthday table were Mrs. M. B. Holmes, Mrs. Komonoski, Mrs. Byron Rogers, Clarence Rush, Mrs. Medlen and Mrs. Robert Schaff.

Mrs. Harry Long, chairman of obituaries of Grand Chapter, was a guest.

Hostesses were Mrs. William Cox and Mrs. J. B. Wilder. Refreshment Chairman Mrs. Daniel Peterson was assisted by Shirley Lovelace, Mrs. Harmon Howard and Mrs. Holmes.

Dr. Helen Dodson Prince of the McMath-Hulbert Observatory, Lake Angelus, was guest speaker at the 14th birthday luncheon of Xi Chapter of Delta Kappa Gamma sorority at Dev-on Gables.

Mrs. Oscar Forslund presided as Doris Haynes gave the birthday tribute.

Members from Lambda, Kappa, Alpha and Beta chapters were guests, also State President Anna Betts and State Vice President Helen R. Fulkerton. Ruth Heidem, a scientist who works with Dr. Prince was introduced.

Hostesses were Sally Adams, Doris Hays and Mrs. Charles Walt. Gertrude Overton and Mrs. Peter Spring. Mrs. Harold Laudenslager was in charge of the music.

Automatic Cleans Pillows Up Nicely

(UPI)—Feather pillows come out light and fluffy after a quick cleansing through an automatic washer and dryer.

Fluff pillows without washing by putting them in a dryer if it has a "no heat" setting.

Doctor Prince Speaks at Fete of Xi Chapter

Dr. Helen Dodson Prince of the McMath-Hulbert Observatory, Lake Angelus, was guest speaker at the 14th birthday luncheon of Xi Chapter of Delta Kappa Gamma sorority at Dev-on Gables.

Mrs. Oscar Forslund presided as Doris Haynes gave the birthday tribute.

Members from Lambda, Kappa, Alpha and Beta chapters were guests, also State President Anna Betts and State Vice President Helen R. Fulkerton. Ruth Heidem, a scientist who works with Dr. Prince was introduced.

Hostesses were Sally Adams, Doris Hays and Mrs. Charles Walt. Gertrude Overton and Mrs. Peter Spring. Mrs. Harold Laudenslager was in charge of the music.

Automatic Cleans Pillows Up Nicely

(UPI)—Feather pillows come out light and fluffy after a quick cleansing through an automatic washer and dryer.

Speak Their Vows in Lutheran Service

Candlelight vows of Bonita L. Fuch and Donald A. DeLong Jr., son of the Donald A. DeLong of Lansing, were solemnized by the Rev. Arvid Anderson, Sunday, in Christ Lutheran Church, Dryden Plains. Assisting as guest organist was Mrs. Fred Fuch of Holly.

Parents of the bride are Harold Fuch of Windlake drive, Waterford, and Mrs. Robert Johnson of North Kingston, R. I.

Given in marriage by her father, the bride chose ballerina-length white Chantilly lace over tulle. From a coronet of seed pearl flowers, fell a shoulder-length veil of nylon illusion. White carnations and white roses were arranged in her cascade bouquet.

Honor maid, Diana Dailey of Waterford, in blue nylon organza flecked with small pink and white flowers, wore a veiled halo of blue petals fashioned her hair band. The bride's brother, Ronald, and the bridegroom's brother, George.

Lynda Goodwin, cousin of the bride, presided over the guest book at the home reception following the ceremony.

After a brief honeymoon, the newlyweds will reside on Windlake drive, Waterford.

MRS. DONALD A. DELONG JR.

best man was Larry Ball of Lansing. Ushers included the bride's brother, Ronald, and the bridegroom's brother, George.

Lynda Goodwin, cousin of the bride, presided over the guest book at the home reception following the ceremony.

After a brief honeymoon, the newlyweds will reside on Windlake drive, Waterford.

Play Bridge

The Pontiac Duplicate Bridge Club met Monday evening at Elks Temple with 13 tables in play.

Winners were Dr. and Mrs. E. F. Collins, C. A. Blakey and William D. Hagen, Harold Fineburg and Artie Sackrider, Earl Grisdale and Frank Andrus, George Armstrong and J. G. Martin and Mrs. Melvin Small and Tom Cram.

U.N. Helps to Get Them Equal Political, Voting Rights

Women of World Waging Quiet Revolution

UNITED NATIONS, N.Y. (UPI)—While governments rise and topple, while crises explode and subside, the women of this world have been waging their own quiet revolution.

As quiet, that is, as anything involving women can be.

What they are after, and have largely won, are some of the basic Twentieth Century rights—the right to vote, be elected and hold public office on equal terms with men.

This may seem like an old story to American women, who have been guaranteed the vote by the federal Constitution since 1920 and by many states long before.

But in Asia, Africa, Latin America, and even parts of Europe, women at the polls and in public office are post-World War II achievements for the most part, and ones which had to be struggled for at that.

U.N. A FRIEND

On these continents, the United Nations has emerged as woman's best friend. This sounds like the opening line of a bad advertisement.

In reality though, it is one of the most honest compliments one can pay the U.N., that it has wholeheartedly and persistently used its worldwide influence to try and persuade governments to extend women political rights where they did not already have them.

Since the U.N. Charter was signed in 1945, 25 countries have granted full or limited rights to their womenfolk.

They range from the new nations of Africa, Ghana and Guinea, to old-timer Belgium, to tiny San Marino, where women became eligible to vote in national elections as of this year.

Ten countries still bar their women from the polls. They are Afghanistan, Iran, Iraq, Jordan, Libya, Liechtenstein, Paraguay.

I think that there are three things you should remember in order to derive real benefit from your daily walk. In the first place, it must be brisk enough to stir up your circulation.

Saudi Arabia, Yemen, and that highly industrialized, paradoxical little nation, Switzerland.

In Saudi Arabia and Yemen, even the men have no voting rights. The U.N.'s role in championing woman's cause has been a versatile one.

In 1952, the General Assembly adopted a three-part convention on the political rights of women, providing the rights to vote, be elected, and serve in public office on equal terms with men.

To date, some 22 countries have become parties to the convention, which means that it is legally binding on them.

The troublesome part of the convention is the third article, giving women the right to hold public office on equal terms with men. This is where prejudice and the custom of centuries is hard to break down.

In some states, including even Britain, women receive lower pay than most for equal government positions. In others, women in public service have to choose between a husband and their job; upon marriage they must retire.

In many parts of the world,

women are still barred by law and tradition from large numbers of government jobs, such as the diplomatic corps. If legally eligible, they must "have intelligence, bright spirits, fighting courage and flexibility," to quote a Swedish report, if they expect to compete successfully with men.

The U.N. has held two seminars, in Asia and Latin America, to help make women aware of the part which they deserve to play in political and public life. The spouse has been tremendous, and it is helping to speed up woman's quiet revolution.

Go Stir Your Circulation

It's Time for Spring Walks

By JOSEPHINE LOWMAN

We are approaching one of the loveliest times of the year for the daily walk. Many of us rugged souls love to walk with the snow blowing in our face or the frost nipping at our heels.

However, many people find the weather too cold in winter and too hot in summer to really enjoy walking. But, spring and fall are different! Everyone loves to get outdoors then.

So, don't miss those daily walks for the next few months. Make a large part of your walk really brisk, in order to stir up circulation. After that, loaf and dream and become a part of spring.

The leather walking shoe is enjoying a resurgence in popularity not only because it provides support and comfort but because it has become so good-looking.

The stacked leather heels appear arches higher than they actually are and new designs make the feet and legs look trimmer and slimmer.

I think that there are three things you should remember in order to derive real benefit from your daily walk. In the first place, it must be brisk enough to stir up your circulation.

Don't miss those daily walks for the next few months. Make a large part of your walk really brisk in order to stir up circulation.

However, if your feet are not appropriately shod, you will have a halting pace, and experience discomfort. You will not enjoy yourself and will therefore get little benefit from this wonderful exercise.

Supple leather uppers and flexible leather soles make walking a pleasure. Also the form of support they provide is essential. This is especially true in the case of the overweight woman because those extra pounds place an extra strain on the arches.

So, in order to benefit from your daily walk it should be fairly brisk, you should wear the right kind of shoes, and you should walk correctly, or make an attempt to do so.

The walk starts at the hips. In other words, you reach out for step from the hips, not the knees. With each step the heel hits first and the weight should be propelled forward on the outer sides of the feet, with the pushoff from the toes.

The spine should be straight. The abdomen pulled in and the hips tucked under. The knees should be relaxed in that they do not push out backward vigorously at the end of each step. The shoulders should be relaxed and the arms should swing naturally.

Tomorrow: "Reader Has a 'Problem' With Sugar in Her Coffee."

Heads PTA at McCarroll

Mrs. Sidney Olson has been named president of the McCarroll School PTA.

Others elected at a meeting Tuesday in the school auditorium are Mrs. William Eklund, vice president; Robert Everett, father vice president; Mrs. Milton McEachern, secretary; and Mrs. Francis Mack, treasurer.

Council delegates are Mrs. Herbert Hensley, Mrs. Virgil Everett and Mrs. Emery Holcomb. Janice Antonia and five members of her citizenship class presented a program. Italy, Germany, Holland, Ireland and Japan were represented.

Methodist Group Assembles Tonight

The Women's Society of Christian Service of Aldersburg Methodist Church will meet tonight at the church. The theme will be "Stewardship."

Mrs. Gloria Fuller from Oakland Park Methodist Church will speak on "The Value of Spiritual Retreats."

Mrs. C. Warren Wilson will lead devotions.

The Extensionists Discuss Topics for Next Year

Subject material for next year's lessons was discussed at a meeting of The Extensionists Tuesday, Mrs. Lester Carlson of Graydon street was hostess.

A report on the group's yearly council held at the Oakland County Health Dept. March 2 was read by Mrs. Lloyd Overholt.

After a luncheon served by Mrs. Carlson, assisted by Mrs. Osworth, Mrs. Wayne Cook played a tape recording of a radio discussion by a University of Michigan psychiatrist, and Dr. Sam Burman, gynecologist, on the subject "Physical and Emotional Adjustment During Menopause."

A lesson on good grooming was given by Mrs. H. D. Nicholls. Mrs. Carl Weber and Mrs. Barney McKevitz were guests.

Bible Class Gives Birthday Surprise

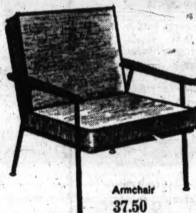

The Co-Workers Bible Class of Baldwin Avenue Evangelical United Brethren Church met for co-operative dinner Sunday at the home of Mr. and Mrs. J. Barbour Williams on Florence avenue.

The occasion was a birthday surprise for Mrs. Lewis Ball, Sunday School Superintendent.

House Cold? Check These
 MINNEAPOLIS, Minn. (UPI) —If your house feels cold, check the furniture arrangements. A chair or sofa may be blocking a heating outlet, say heating experts.
 * * *
 Lamps, television sets, and other heat-producing devices also can disrupt the heating system if placed too close to the thermostat.
 * * *
 "You'll look lovely . . . if you wear a narrow scarf in the opening of your sports shirt and made, of course, of the same silk or cotton as the shirt."

Too Busy With Hairdressing
No Gossip at Claude's
 By GAY PAULEY
 NEW YORK (UPI) —Traditionally, the beauty shop is the place to go, not only to pretty up, but to catch up on the latest gossip.
 But the tradition doesn't work with Claude, a man for whom dozens of socialites daily let down their hair.
 About all I could wrest from him in the way of talk about the Duchess of Windsor, for instance, was that she brings her own Paris-designed smock when she gets her hair done and the smock isn't always freshly laundered.
 "I don't know why she prefers her own," sighed Claude. "Ours are cleaner. At Claude's, a smock is never used twice."
 The Duchess also refuses to use the community dressing room to change—she gets out of her Dior suits in Claude's tiny office. The hairdresser can't figure why this fabled unless, he grinned "she's afraid some other customer might copy one of her costumes."
 Most of the customers who crowd into Claude's shop in a remodeled town house couldn't care less about copying—their custom-made wardrobes already have helped them become preeminent in best-dressed lists. Mrs. Henry Ford, II, Mrs. Thomas Bancroft Jr., Mrs. Winston Guest and actress Rosalind Russell, for instance.
 All are regulars at Claude's when they're in town and frequently will call for him and his 15-carat gold razor for snipping when they're out of town.
 He flew recently to Grosse Pointe to do the coiffures of the Ford women when Charlotte Ford made her lavish debut.
 During the winter social season at Palm Beach, he often will fly down to do Mrs. Guest's hair or that of the Duchess, if she and the Duke are south with friends.
 On occasion, Mrs. John Hay Whitney, wife of the United States ambassador to the court of St. James', sends her private plane to bring him to Fisher's Island where the family has a summer home.
 "I've no idea the miles I cover each year for customers," said Claude. Maybe what I should do is set up a beauty shop in a trailer, huh?
 The customers pay the expenses and for Claude's time when they get much special service, but the hairdresser wouldn't say how much he asked for, say, a jaunt to Palm Beach.
 Claude, a small, shy man who I'd guess is in his late 30's, studied hairdressing in his native France under the famous Antoinette. He has worked in New York 10 years, and today has a staff of 25 hairdressers, manicurists and colorists.
 "I asked him what he felt had made him a pet of the social set. He modestly mentioned his ability as a hairdresser, and then added: "I think also because they know at my shop their privacy is not invaded. I do not invite gossip. Besides, I'm too busy for it."
 You'll look lovely . . . with a series of small gold buttons sewn everywhere possible on your navy blue woolen suit.

Emma Toler Marries James Edward Kendall

 Mrs. JAMES E. KENDALL
 The Rev. Thomas Guest officiated at the Monday nuptials of Emma Lee Toler and U.S.N.M.M. James Edward Kendall in First Social Brothers Church.
 Ann Barquet of Pontiac was pianist.
 Mr. and Mrs. Lewis Hayes Toler, of Sanderson avenue, parents of the bride, were hosts at the church reception.
 Receiving with them, were the Edwin Kendalls of Walden road, Clarkston, parents of the bridegroom.
 Ice-blue Chantilly lace over silk taffeta fashioned the strapless waist-length bridal gown, worn with a long-sleeved lace bolero. The elbow-length cloud veil was of silk illusion. Pink carnations and red rosebuds comprised the cascade bouquet.
 * * *
 Gwendolyn McElquham of Pontiac was the bride's only attendant. A corsage of white carnations was pinned to her sheath dress of sky-blue crepe, worn with veiled headpiece.
 Arthur Yuanna of Pontiac stood as best man for the bridegroom.
 * * *
 For a brief honeymoon before the bridegroom's Mediterranean assignment, the new Mrs. Kendall changed to a suit of sky-blue sheer wool with white accessories.
 Red accents sparked Mrs. Toler's dress of navy blue silk crepe. Mrs. Kendall, also in navy crepe, chose black accessories.
 Both mothers wore miniature red roses arranged in a shoulder corage.
Heel Umbrella? Oui, Madam
 (UPI)—Paris leather manufacturers have saved up an idea from shoe designs for a rainy day—the shoe heel umbrella.
 The heel is studded with rhinestones and made of aluminum with a copper top. It is mounted on a black macassar handle. The umbrella is beige taffeta.
Allow Shrinkage if Washing Drapes
 (UPI)—Make generous allowances for shrinkage if you plan to wash draperies. A fabric labeled "not to exceed two per cent residual shrinkage" should not shrink more than three-quarters of an inch per yard.

Man Best Judge of What Woman Should Wear
 NEW YORK (UPI) —Going wardrobe shopping? Take a man along, not another woman, says a fashion consultant.
 "Men have better taste in clothing, get a clear picture of how a woman will look to others, and are less influenced by what people say," said Terry Mayer, director of a retailing and marketing consultant firm.
 On the other hand, women friends often criticize a choice of dress untirably because of subconscious jealousy, Miss Mayer added.
Cover Cold Signs With Lotion, Color
 (UPI)—If the skin around your nose is tender and sensitive due to a head cold, apply soothing moisturizing lotion before using makeup foundation. And if your eyes have a red-rimmed look that often accompanies a cold, use both eye liner and eye shadow to cover it.
 Add a bright, clear red lipstick, and though you may not feel fine, you'll look fine.

Maxwell, Tigers in 'War of Nerves'

LAKELAND, Fla. (AP)—The hold-out battle between Charlie Maxwell and the Detroit Tigers has developed into a war of nerves.

Two nights ago, general manager Rick Ferrell called Maxwell at his home at Paw Paw, Mich., in another effort to effect a settlement of the dispute.

Maxwell wanted \$26,500. The Tigers offered \$25,000. This difference of \$1,500 already had resulted in a pretty hot verbal tug-of-war between club president Bill DeWitt and the veteran outfielder.

Ferrell, a gentle fellow who doesn't want to issue ultimatums or set deadlines, thought he would have Maxwell under contract yesterday.

"We were coming along nicely, I thought," said Ferrell. "We sweetened our offer a little and I felt Charlie would accept it."

Maxwell was supposed to get in touch with Ferrell. All day yesterday the front office waited for a call or wire from Paw Paw. None came.

The situation has become so

clouded that sometimes it appears that even the participants aren't sure of the facts. An indication of the confusion came yesterday when Maxwell said he—*not the club*—had given in a little. He was just waiting for the club to do its part of the compromising.

This is no match for an Alford Hitchcock thriller, but it is a pretty important item around camp. And it is one that has some of the players guessing because the club's leading home-run hitter and run producer generally is on time.

Today Maxwell's holdout enters its 10th day. It no longer is a laughing matter or something merely for pool hall conversation.

The front office has offered Maxwell in several trade discussions but the chances of his departure are slim. Other clubs place a lower value on his services than do the Tigers, said a club spokesman.

Ferrell believes Maxwell may be doing himself quite an injustice by dallying.

"It's hurting him now," said the

G.M. "He's 33—not a kid anymore—any day of spring training is important. Maxwell is 10 days behind in his conditioning. He'd have to work hard to catch up."

State Glovers Tied for Fifth

Get 12 Points in Final Chicago Test; Annual Match at N.Y., March 21

CHICAGO (AP)—Chicago's Golden Gloves squad will take boxing skill rather than kazo power against New York's best amateurs in the intercity bouts in Madison Square Garden March 21.

There was not a knockout in a carded last night in the finals of the 33rd Tournament of Champions witnessed by 11,159 in Chicago Stadium and viewed, in part, by a national television audience. However, paced by new heavyweight champion Cassius Clay, a real fancy Dan, and two perpetual-motion little scrappers in Greek twins, Pete and Nick Spanakos, the Chicago squad is clever and quick.

Although Chicago emerged first in team scoring with 20 points, one point for each bout won in the tournament which started last week, the team trophy went to Cincinnati with 19 points. Chicago, as host team, was ineligible for the trophy.

Other point leaders included Toledo with 15 points; Hollywood with 13; Louisville, Ky., Port Worth, Tex., and Grand Rapids, Mich., with 12 each; and Denver and Nashville, Tenn., with 11 apiece.

PCH, Rochester in Finals

The Pontiac Central Gladiators and Rochester moved into the finals of the YMCA Community League basketball playoffs last night. The Gladiators gained a forfeit victory over Clarkson H-Y and Rochester defeated First Christian Church. PCH and Rochester clash next Wednesday at 8 p.m. in the YMCA court for the playoff crown with First Christian and Clarkson tangling in a consolation game at 7 p.m.

CITY CLASS D CHAMPS—Here are the members of Weiden's basketball team, Class D City League champions for 1960. Kneeling, from left to right, are Corner Fulkerson, Dave Jones, Roger Hart and Bill Manning. Standing, from left to right: Ken Shaw, Dan Jensen, Bruce Bergstrom, Dick Brown and Bob Davidson. Not pictured is Dennis Hall. Weiden's won the title with a 53-41 victory over Elks No. 723 and finished the season with a 14-3 record. Class D competition is for boys under 18 years of age.

Kansas, Oregon in Semis; NIT Begins

By The Associated Press

Add Kansas and Oregon to the 16-team NCAA regional semifinals, bringing in the start of the NIT along with continuing play in the NAIA and NCAA small college competition.

Kansas, beating arch-rival Kansas State in a Big Eight Conference NCAA playoff 84-82 in overtime, and Oregon, a 68-60 winner over New Mexico State in a first round game of the Western regional, completed the lineup last night for the Friday-Saturday regional showdowns in the big school NCAA tournament.

Today, the NCAA takes a 24-hour breather while the oldest postseason scuffling, the National Invitation Tournament, gets going for the 23rd time in New York's Madison Square Garden.

Meanwhile, the NAIA small school tournament in Kansas City is at the quarter-final stage with defending champion Tennessee State bidding for its fourth straight title, and the NCAA small college field at Evansville, Ind., is to the semifinals, including host and defending champ Evansville College among the survivors.

Tennessee State whipped West Virginia Wesleyan in a second round game Wednesday 84-79 and advanced along with Hamline.

Southwest Texas State, New Mexico Highlands, Grumbling, La., Westminster, Pa., Wofford, and William Jewell.

In the NCAA's little guy tourney, Evansville whipped American (D.C.) 101-81 despite a record 54 points by the losers' Willie Jones and reached the semis along with Cornell of Iowa, Chapman, Calif., and Kentucky Wesleyan. Tonight, Chapman plays Cornell and Kentucky Wesleyan plays Evansville with the survivors meeting for the title Friday night.

Three sophomores did the big job for Kansas against K-State last night as the Jayhawks qualified for the Big Eight league's berth against Southwest. Conference champ Texas in the NCAA midwest regional at Manhattan, Kan., Friday night, Wayne Hightower had 28 points, Jerry Gardner added 21 and a third soph, Al Correll, dropped in two free throws with 15 seconds left in the overtime to clinch the victory.

T&C Cagers in 'C' Finals

Town & Country advanced to the finals of the Class C City League basketball playoffs last night with a 51-45 victory over the Pontiac Police on the Pontiac Northern court.

Field's Landscape eliminated Smith's Fuel Oil from the double elimination event with a 51-38 triumph in the other Class C game.

Lee's Sales, with Mike Mont-

gomery and Mike Plourde scoring 15 points apiece, defeated the Black Hawks, 48-44, at Lincoln Junior High yesterday to win the Class D loop's 2nd division championship. Steve Foss fired 21 points in a losing cause.

Clarkson and Rochester clashed tonight on the Northern floor at 8 o'clock for the city Class B title. Jim Kothe bagged 15 points to spark the T&C victory while Elmo Burgess made 18 for the Police.

Field's an dthe Police closed next Monday at Pontiac Central with the winner meeting T&C the following night. Also at PCH, for the Class C crown.

Kansas State, trailing 82-80 before Correll's two free throws, had a royal chance when Phil Hightmeyer took a pass in the clear about 20 feet from the basket. Moving in for a close-in layup, and the ball went to Kansas. Correll promptly was fouled and his two points cushioned Kansas against a last gasp field goal by K-State's Larry Conley.

Oregon, an at-large team in the tournament, came from four points behind with 10 minutes left to win New Mexico State's Border conference champs at Corvallis, Ore.

Local Wrestlers Start Finals Friday

Plans are being completed for the staging of the annual Michigan High School Athletic Association wrestling championship this weekend at Michigan State.

Pontiac Northern coach Bill Wilson will be in East Lansing tonight as a member of a committee handling the seeding of individuals for the Friday and Saturday event.

Competition starts tomorrow

afternoon at 2 in the new Men's times at night. Saturday matches start at 1 p.m. with the finals to begin at 7:30 that night.

The top four finishers in each weight class at last week's regional tourney in Farmington will be participating.

Competition starts tomorrow Northern, Central and Western

Kansas City Baseball Boss, Arnold Johnson, Is Dead

WEST PALM BEACH, Fla. (UPI)—Arnold M. Johnson, millionaire industrialist and owner of the Kansas City Athletics baseball team, died this morning in a local hospital after suffering an apparent heart attack.

The 54-year-old Chicago-born executive died at 1:45 a.m. EST at Good Samaritan Hospital, where he was taken hours earlier after collapsing at the wheel of his car on a downtown street.

Johnson had attended a Kansas City workout early in the afternoon and was driving back to his winter home at Palm Beach when he suffered the attack.

A policeman found Johnson slumped over the steering wheel of his car. Johnson apparently had sensed the onset of the attack and was able to stop the car before collapsing.

He was conscious when taken to the hospital but later lost consciousness and was placed in an oxygen tent.

A club spokesman said the cause of death will not be announced until later this morning but said "it's assumed Mr. Johnson suffered a heart attack."

With Johnson at his death were his wife Carmine and a brother Earle. He is also survived by a daughter, Wendy, 11, and a son, Jeffrey, 5.

Johnson purchased the Athletics from the Connie Mack family in 1954 and shifted the club to Kansas City the following year. He sank millions into the chronic second division team.

He gained his first entry into sports as a member of a group that purchased the Chicago Black Hawks hockey team.

Although a giant in the business world, Johnson failed to build the Athletics into contenders in the American League. He spent almost \$200,000 on the team during its

first year in Kansas City. The Athletics climbed to sixth that year but tumbled into last place in 1956. They were 7th the next three seasons.

In recent years, the Athletics completed numerous deals with the Yankees and soon became known derisively as "the Yankees' Kansas City farm club."

However, Johnson always defended his deals with New York, maintaining they were aimed at strengthening both clubs.

He was especially looking ahead to the start of the new season because he felt the Athletics, under new manager Bob Elliott, were ready to abandon their also-ran tag in the American League.

DeBusschere 9th in Scoring Race

NEW YORK (U)—Dave DeBusschere of Detroit stood ninth in individual scoring among college basketball players, the NCAA said yesterday.

DeBusschere scored 671 points at an average of 25.2 per game. The University of Detroit was seventh in scoring with 83.5 points a game. The Titans made 2,170 in 26 games.

Individual scoring:

Player	Team	Points	Avg.
Oscar Robertson	Cincinnati	26 235 546	886 34.5
Tom LaGarde	St. Bonaventure	22 377 131	765 32.0
Tom LaGarde	Bowling Green	24 189 127	765 32.4
Frank Williams	Georgia	27 284 216	784 29.0
West Virginia	West Virginia	31 290 232	800 28.7
Al Butler	Nagasaki	25 278 118	714 26.6
Jerry Lucas	Ohio State	22 244 128	614 26.7
John Davidson	Detroit	22 199 133	573 25.8
Dave DeBusschere	Detroit	26 260 111	671 25.4
Jim Mott	N. Tex. St.	24 222 81	605 23.3

Champion Still Ahead

GRAND RAPIDS, Mich. (U)—Defending three-cushion billiards champion Harold Worst lost a block to challenger Joe Chamaco but he's still out in front.

The Mexico City challenger won last night's third block, 58 to 50, in 58 innings, but the Grand Rapids tilt is still ahead, 150-137.

Lake will each have three boys in the group going to MSU.

Winfred Miracle (158), Jan Lawrence (161), and Ralph Casson will represent the Eagles while heavyweight Tom Evans, Sam Wicomb (154) and Bob Kaler (65) will be wearing the Chief colors.

Regional heavyweight king Jim Toddy will head a Wallied Lake quartet. The others will be John Van Sicken (175), Tom Bolkwell (138) and Gary Eskelinen (145).

Berkley and Farmington will have six entries each, Detroit Thurston 5, Port Huron 4, Hazel Park, Fitzgerald and Detroit Catholic Central 3 apiece, Southfield, Royal Oak Dondoro and Van Dyke 1.

Lion Fullback Faces Arrest in Alimony Matter

OAKLAND, Calif. (U)—A warrant is out for the arrest of John Henry Johnson, Detroit Lions' fullback, for failure to make alimony-support payments to his former wife, Barbara.

Johnson, father of five children, was found in contempt of court Jan. 28 for being more than \$2,000 in arrears.

His attorney said the football player was ill in Detroit with influenza.

Superior Judge William J. McGuiness had ordered Johnson to appear in court yesterday or present an affidavit from his Detroit doctor.

Johnson was absent and there was no affidavit. Judge McGuiness remarked he did not believe Johnson was ill and issued the arrest warrant. Bail was set at \$1,000.

Eight Big Ten Cagers Receive Spartan Vote

EAST LANSING (U)—Big Ten opponents took eight of 10 berths on an all-opponent outfit selected by the Michigan State basketball team today. The nominations:

First team — Jerry Lucas, Ohio State; John Tidwell, Michigan; Terry Deitchinger, Purdue; Ron Johnson, Minnesota; Jimmy Darrow, Bowling Green.

Second team — Darrell Imhoff, California; Mel Nowell, Ohio State; Walt Bellamy, Indiana, Governor Vaughn, Illinois; Frank Radovich, Indiana.

Fleeman Wins Disputed Decision in Scotland

GLASGOW, Scotland (AP)—Don Fleeman, 17½, Midshipian Tex., won an eight-round disputed decision over Britain's Ron Redrup, 17½, Wednesday night.

There was a storm of booing when the referee raised Fleeman's hand. The crowd didn't quiet down until Redrup appealed for silence.

State Police Moving

GRAND HAVEN (U)—Transfer of State Police post operations from a site near the old Jack-knife Bridge to a newly-built \$60,000 structure on U.S. 31 is expected to be complete in two weeks.

at Milton W. Swingle, post commander, said radio equipment and some furniture already has been installed.

Lions Will Play Pontiac Coaches in Hoop Game

The Detroit Lions will be in town next Tuesday night—to play basketball that is.

Such outstanding gridgers as Joe Schmidt, Hopalong Cassidy and Terry Barr will be cawing on the hardwood at Pontiac Northern against a team made up of city coaches.

Coaches taking part will be Dick Hall, Joe Doby, Jack Fear and John Backman of PNH, Central's Dick Ayling and Doug Trevis, Ralph Allen of Eastern, Washington's Don Kelly, Dick Craig of Jefferson, Pat May of Lincoln and Madison pair Ralph Springfield and Bud Johnson.

Tip-off time will be 8.

Pistons Rehire McGuire, Nip Lakers

DETROIT (U)—The Detroit Pistons go into the National Basketball Assn. playoffs Saturday with a bit of psychological lift.

The Pistons concluded a modest regular season by edging Minneapolis last night, 117-115, shortly after the club rehired playing coach Dick McGuire.

McGuire, paid a reported \$16,000, has been handling the club's Red Rocha, was fired last Dec. 28. The former star Detroit coach indicated he'd be a bench coach next season and give up playing.

A dogged style of basketball paid off for the Pistons in the victory over Minneapolis.

Behind from the start, the Pistons won the lead for the first time with only 35 seconds to go and held on.

The game was a preview of the Pistons' opener with Minneapolis here Saturday in the best of three Western Division playoffs of the National Basketball Assn.

Detroit finished the regular season with a 30-43 record. Minneapolis finishes against New York tonight.

Stellite McMillon led the Pistons with 26 points, including the Pistons' last two field goals. One gave Detroit the lead for the first time 135-124 and the second clinched the victory.

Gene Shue ended the regular season with a new record of 1,712 points for guards. He scored 23 in the game. Elgin Baylor of Minneapolis led both teams with 31.

Gonzales Still Tops

MINNEAPOLIS (AP)—Pancho Gonzales of Los Angeles proved to the satisfaction of 2,250 tennis fans Wednesday night that he is still the peer of the world's professionals.

He defeated four-time Pancho Saguna 6-4 and 10-8 to run his record for the two-month-old Jack Kramer world professional tour to 26 victories and 2 defeats.

Tidwell Heads Cagers

ANN ARBOR (U)—John Tidwell, scoring ace of the University of Michigan basketball team, is the Wolverines' captain for next season.

Arnold Palmer Still Top PGA Money Winner

DUNEDIN, Fla. (AP)—Arnold Palmer of Ligonier, Pa., continues to hold top money spot in the Professional Golfers Assn. standings.

Palmer has grabbed \$22,000 in the nine tournaments he has entered up to the Baton Rouge Open, according to PGA standings released yesterday. He took first place in three of the events.

Jack Fleck of Los Angeles comes next with \$11,500 in eight tournaments played. Bob Goaly of Crystal River, who entered nine with \$10,000.

Cardinals Sign U-D End

CHICAGO (AP)—The Chicago Cardinals today signed Tom Chapman, University of Detroit end, and their 12th draft choice.

Chapman, 21, 6-4 and 216 pounds was captain of the 1959 Detroit Titans and during the season caught 53 passes for 270 yards.

Can't Race in Snow

BOWIE, Md. (AP)—Bowie race track late Wednesday night cancelled its Thursday's program because of snow.

It was the fourth cancellation at the southern Maryland track since the opening of a 40-day meeting Feb. 12.

Dixie Digging, Too

Poor East, Buried Again

One of winter's most crippling snowstorms which battered the Midwest and southern areas into Virginia pounded wide areas in the East today.

The late winter storm lost none of its power as it continued to dump snow and sleet from the Georgia coast northeast through the Carolinas across Virginia into Ohio and Pennsylvania.

Heavy snow fell from northern North Carolina, Virginia and West Virginia during the night. Sleet, freezing rain and rain in southern North Carolina threatened to spread northward over Mid-Atlantic coastal areas.

The storm that fanned across the Middle Mississippi and Ohio valleys appeared to have lost much of its fury as it moved northeastward across the Appalachians. But snow fell through Maryland and Delaware, with falls from 2 to 6 inches. Lesser amounts were forecast in New Jersey and New York.

MORE SNOW INDICATED

Meanwhile, a new storm which developed in the central Rockies extended southward across the western Dakotas and more snow was indicated in the storm-weary midcontinent and the Upper Ohio Valley.

The major storm spread a heavy blanket of snow across a dozen or more states after sweeping out of the Texas Panhandle Tuesday. The fresh falls piled atop the heavy covering from last week's storm across the same wintry path.

Snow depths were up to two feet in southwest Virginia and piled up to record amounts in many communities in Illinois, Indiana.

Calhoun Might Run for Senator

Huntington's Mayor Would Oppose Lodge for GOP Nomination

David R. Calhoun, Huntington Woods mayor, supervisor and Detroit manufacturer, is "seriously considering" running for the state Senate on the Republican ticket this year.

He'd oppose incumbent Sen. L. Harvey Lodge, who is expected to seek his third two-year term, and two others for the Aug. 7 nomination.

It was learned by The Pontiac Press that a group of county Republicans, including a top county leader, met several weeks ago seeking to draft Calhoun.

Calhoun confirmed today there was a meeting, but would say only that he "met with a few friends." He said he'd make up his mind in about two weeks.

He indicated his consideration of jumping into the race for the state's 11th District seat by saying such reports were "not false rumors."

"I am seriously considering it," Calhoun said, "but haven't made up my mind yet." He declined to say on what his decision would hinge.

Lodge, who hasn't officially said he would seek re-election, had earlier told The Press "the more the merrier" in the GOP nomination race.

Says NFL Cardinals Moving to St. Louis

CINCINNATI, Ohio (UPI)—The Chicago Cardinals professional football team will be moved to St. Louis tomorrow, Pat Harmon, sports editor of the Cincinnati Post & Times-Star said today.

Harmon, in an exclusive story

had been forced by Harry Wismer, chairman of the television committee of the new American Football League.

Wisner announced the new league will televise its games into Chicago.

Has Washington Plan

WASHINGTON (UPI)—Sen. Hubert H. Humphrey (D-Minn.) introduced legislation today to ban job discrimination in the nation's capital.

Wrong Baby! We Mean You and Not 'BB'

PARIS (AP)—The Seine Tribunal today tried down Brigitte Bardot's demand that the Charrier Bottled Water Co. rip down big advertising posters which pose the question, "Does baby like Charrier?"

Brigitte argued that the slogan suggests all is not well between

her and her husband Jacques Charrier. In French the word for baby is pronounced like the letters BB, which every Bardot fan knows stands for Brigitte Bardot.

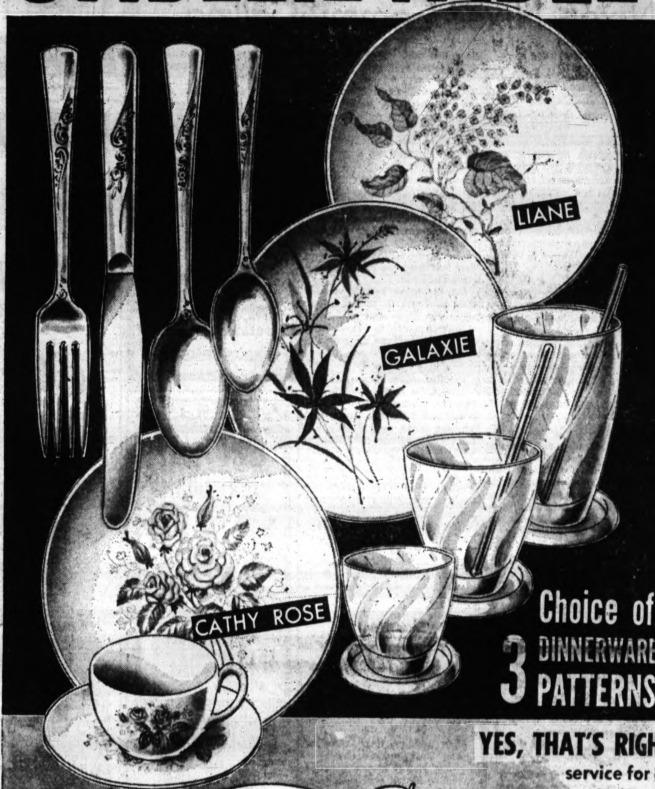

The tribunal said there is no urgency to get the posters down because the Charrier company has added a picture of a plump little baby and a bottle of water to its advertisements. The tribunal added there is no reason to think the slogan refers to Brigitte and Charrier.

About 96 per cent of all U. S. farms and ranches are family-operated, according to the U. S. Department of Agriculture.

Grandmother is Named Citizen of the Year

MOUNT PLEASANT, N. H. — Mrs. Mary Hanel Claire, a 74-year-old grandmother, was named Mount Pleasant's citizen of the year for 1959 at the city's annual Chamber of Commerce banquet last night. Mrs. Claire won the award, usually given to a man, for her long-time work for the needy. She has been chairman of the Isabella County and Mount Pleasant Christmas Service Committee for 10 years.

John D. Rockefeller reportedly refused to argue with people if they did not agree with him.

Telephone 84 Years Old Today

NEW YORK (UPI)—Alexander Graham Bell spoke into a device in a Boston attic 84 years ago today. "Mr. Watson, come here. I want you."

The words have gone ringing down the halls of history and caused that ringing down the hall for your teen-age daughter.

Last year, 60 Americans picked up pepped up versions of that first phone and said: "Hello, operator, Gimmie FIVE."

And got it forthwith.

If they had called Pilem Island, Nauru, the Aden Protectorate or Bhutan, they'd have been all alone by the telephone.

STILL WITHOUT 'EM

Those are among the very few places in the world where there are no phones at all.

How many phones in the world can you reach from your own phone? The most recent figure is 125 million.

Of those, 71 million are in the United States, which makes it the phoniest nation—with more phones than the rest of the world combined.

The telephone talking place in the world is Alaska, with 609 conversations per person in 1958, followed closely—as it was in statehood—by Hawaii, with 396.

However, the Hawaiians are working at a disadvantage.

They use words like "gumuhunukunukunapua" to mean only one little fish whereas the eskimos can say "ugh" and hang up having slayed a whole paragraph of intelligence.

That same Mr. Watson (Thomas A., by name; he was Bell's assistant) invented the phone booth the year after his boss invented the gadget to go in it.

A landlady mothered the invention. She waxed with at Watson's hollering while trying to talk to Bell on an experimental long-distance call to New York.

BLANKET, BARREL STAVES

Watson threw a blanket over some barrel staves, got down on all fours under it, and that's how phone booths were born.

The Bell Co. recently installed its millionth U. S. public (coin) phone.

The world's busiest public phone is both No. 17 in New York's Grand Central Station, at the end of a booth, now on the upper level near the ticket windows.

No. 17 handles at least 4,500

Bell's First Words Ring Across the World

has 4,411,604 — by topping all other cities, and, by Google, all countries outside the U.S.A. except four: the United Kingdom, Canada, West Germany and Japan.

New York has 17 million miles of wire and cable that deliver 21 million calls a day. The Bell system nationally handles 208 million calls a day.

6 BILLION A YEAR

The annual figure for the whole U.S. phone industry is 86 billion calls a year.

One of these was from an avid auto racing fan in Texas who phoned the Indianapolis Speedway

just to hear the racers razz-at for half an hour.

Another was from a housewife who wanted snap beans but told the grocer to bring one to the phone and break it.

He did it. Popped. "Okay, they're fresh; send me three pounds," she said.

Then there was the little girl who answered and was told by the caller to have her mother call Capital 3-6699.

There was a long silence, and the caller inquired if she had the number right.

"Just not sure how to make a capital three," said the little girl.

Turns Back on Former Ways

Nixon Nixes Commy-Calling

By JACK BELLE

WASHINGTON (AP) — Vice President Richard M. Nixon is making an all-out effort to crash into the South in the November election.

With the Republican presidential nomination all but wrapped up, Nixon already has under way a campaign pointed at Texas, Florida and Virginia as key states.

The 46 electoral votes represented in these three states could be decisive if New York's 45 votes go to the Democrats.

Nixon hopes that differences with New York Gov. Nelson A. Rockefeller have been patched up. But he isn't sure.

Rockefeller has warned someone what, but not enough to be entirely reassuring, since the New York governor withdrew as a potential rival for the presidential nomination with a blast at the GOP Old Guard.

CASHING IN

As a precaution any measure, Nixon has taken steps to cash in on the South's dissatisfaction with most of the aspirants for the Democratic presidential nomination. These have grown out of the current controversy in Congress over civil rights legislation.

The theory in the Nixon camp is that Sen. John F. Kennedy (D-Mass), Hubert H. Humphrey (D-Minn), Stuart Symington (D-Mo) and Lyndon B. Johnson of Texas, the Senate majority leader, will have been forced to vote for civil rights amendments and im-

timations that will make them anathema to the average Dixie voter.

Nixon's backers are trading on the psychological gambit that southerners would rather vote for an all-out Republican advocate of civil rights than for a Democrat they may regard as a renegade to their cause.

The Nixon men do not discount the fact that Adlai E. Stevenson, twice the party nominee, will not have been embroiled in this controversy. Merely because of this, so far as the South is concerned, they fear Stevenson more than any other Democrat.

But the Nixon camp's view is that Stevenson is fading. They agree with many other professional politicians that the Democratic race now is between Kennedy and Johnson.

For this reason they are happy to report the results of polls that they say indicate only Johnson could beat Nixon in Texas and Virginia. In the same breath they express the opinion that Johnson won't be the opposing nominee.

Nixon's supporters hired professional pollsters to operate in Virginia. They came up with the forecast that Nixon would beat Kennedy 52-48, take Stevenson 54-46, dispose of Symington 53-47 but lose to Johnson, 55-45.

In Texas the Nixon supporters depend on Johnson's own poll. It shows that of all the Democratic

Mid-Eastern Students Unhappy After America

They Study in U.S.; Then Are Misfits

CAIRO (AP)—Many of the Middle Eastern students who go to U.S. and European colleges become misfits on their return home.

A young Sudanese with tribal marks slashed in his cheeks recalls his days at the University of Iowa. He came home to take a job in a grimy government office in Sudan, warily copying documents and pushing files around for the equivalent of \$100 a month.

"Seven years have passed since I left Iowa, and I have hated every minute of it," the young man said bitterly. "My heart aches when I think of the good times I had in America. It would have been better if I had never gone there."

The young Sudanese is typical of many others.

Some do their best to stay in the West. Iranian ministry of education officials estimate, for example, that 40 per cent of the Iranians who go to the West to study never return home. Many others find their education makes it impossible to adjust either at home or in the West.

"Too many of our students are absolutely ruined because they go abroad and study too young," an Egyptian educator complained. "They get impressed with the Western standard of living and the relatively free social life. They come back despising everything in their own country."

This problem is reduced by 50 per cent among those who get their bachelor's degrees in Egypt

and then only do graduate study abroad.

This is one of the main reasons the Egyptian government now discourages undergraduates from studying abroad.

Students on government scholarships are not allowed to take undergraduate study abroad except in fields not taught in Egyptian schools.

The result is that the overwhelming majority of Egyptian students abroad now are graduate students. And most of these have already

Pakistan Urges Birth Control

Isolated Areas Make Task Big One; No Resistance Met

KARACHI (AP)—The government of Pakistan is trying to convince its people they should have fewer babies.

The job is monumental in this largely illiterate nation. Villagers have little contact beyond their fields, and reaching the people to teach family planning is difficult.

The government is opening family planning centers and distributing free contraceptives.

President M. A. Jinnah and Ayub Khan has warned Pakistanis that rapid reproduction is worsening the economic problems which his martial law regime seeks to solve.

Lay Helpless on the Floor as Wife Was Dying

DETROIT (AP)—Police found Cornelius Terry, 68, lying helpless on the floor of his apartment Wednesday. Near him lay his wife, 50, unconscious.

Terry is paralyzed. His wife had suffered an apparent heart attack and died en route to the hospital.

The husband, paralyzed since he suffered a stroke, had fallen when he left his bed to go to the telephone to call for help.

Mrs. Terry had collapsed as she was preparing to go to her job as a domestic.

Police came in response to neighbors whose phone calls to the couple went unanswered.

Terry might not have been able to use the telephone if he had reached it, police said. His hands are crippled.

Crowley Firm Opens 3rd Detroit Area Store

DETROIT (UPI)—Crowley's planned to open its third retail department store in the Metropolitan Detroit area at noon today

on Grand River, company president James Chamberlain announced.

He said the new store has 45,000 square feet of space and was the first Crowley store built in an established residential area.

Prehistoric Inland Sea Left U. S. Raw Material

COLUMBUS, Ohio (AP)—About 300 million years ago, says the Ohio Department of Natural Resources, a vast inland sea extended from

what is now Lake Erie south across Ohio to West Virginia.

It deposited salt up to 300 feet thick in some places and this is now the basic ingredient for about 14,000 manufacturing and industrial processes.

Many May Qualify

\$600 Question: Who's Defendent?

(EDITOR'S NOTE: Your taxable income is determined and for every dependent you claim, it will be reduced by \$600. This article is a series on figuring your income tax, and this one may be counted as a dependent.)

By JAMES MARLOW
AP Staff Writer

Who's a dependent? That's the \$600 question. For each dependent you can rightfully claim — in filing your 1959 income tax return — you knock \$600 off your income before figuring your tax.

A dependent could be your child, parent, some other relative, or even a friend. The rules are different for different kinds of dependents. Let's get the fringed out of the way first. That's the easiest.

You can claim him as a dependent if he lived in your house the full year, if no income of his own amounted to \$600, and if he got more than half his support from you. A paid servant in your house is not a dependent.

You can't claim as a dependent a full-time student. But you can claim one who was born or died anytime in 1959, provided you contributed to more than half his support in that part of the year while he was alive.

Your own child, adopted child or stepchild can be claimed as a dependent if he got more than half his support from you in 1959 and even if he had \$600 or more income, provided he was under 19, or, if he was 19, he was a full-time student.

If such a child had that much income he'd have to file his own return, claiming his own \$600 exemption, but you could still claim him as a dependent, get a \$600 exemption for him on your return, and not have to include his income in your return.

If your child, stepchild or adopted child received a school scholarship, it is not considered income in determining whether you provided more than half his support.

NOT A STUDENT

But he is not considered a full-time student if, for instance, he had a regular or part-time job and went to night school or took a correspondence course.

Further, you cannot claim an extra \$600 exemption for a dependent because he was blind or over 65.

A relative who got more than half his support from you, and did not have \$600 or more income of his own, can be claimed as a dependent if he does not have to live with you. You may, for instance, have been supporting your father who was living with some other relative.

Keep this in mind: a person

adopted child is considered your child; your stepchild, but not his descendants; your brother or sister, half-brother or half-sister; your parent, grandparent, or other direct ancestor, but not a foster half brother or half sister; stepmother; your aunt or uncle, meaning a brother or sister of your father or mother; your niece or direct ancestor, but not a daughter of your brother or sister; your father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law.

is established, they do not end through death or divorce. For example: you can continue to claim your mother-in-law as a dependent if she gets more than half her support from you, even though your wife died or divorced you.

None of the relatives mentioned above has to live with you in order to qualify as a dependent. You cannot claim an exemption for a married child who filed a return with his or her spouse, even though you provided more than half that child's support. (Tomorrow: Deductions.)

THE GIRLS

By Franklin Folger

who files a return, because he had at least \$600 in taxable income, does not include or report any nontaxable income. Example: Social Security benefits are nontaxable.

But it's not that simple when you're determining whether you provided more than half the support of a person you want to claim as a dependent. You must also figure the total support he got from other sources.

For example: suppose your 10-year-old father received \$600 in Social Security benefits, but the money in a bank and didn't use it to live on. You could claim him as a dependent. You must also support.

IF HE SPENDS IT:

But suppose, instead of banking the money your father used that \$600 to help him live. You couldn't claim him as a dependent unless you spent more than \$600 on his support from your own money. You can claim these relatives as dependents if the other requirements are met:

Your child, grandchild, great-grandchild, and so on; a legally

"Well, of course I didn't count the money I received from my stocks and bonds as income. All that money was spent weeks before I received it."

Michigan-Cash Threatens Again

Bills Near \$67 Million; No Vets Trust Fund to Turn To Now

LANSING (UPI) — Michigan's cash crisis, which was eased but not ended late last year, threatened the treasury again today.

But this time there was no \$50 million dollar veterans trust fund to restore a semblance of fiscal order.

State Treasurer Sanford A. Brown said bills will amount to \$66,700,000 next Tuesday. Another \$31,700,000 will be due school districts by June 30.

Veterans trust fund bonds were sold for more than \$40 million dollars and the Legislature passed a series of midline taxes to alleviate a nine-month money crisis last year.

Larry LaLone, director of veterans' affairs, said needy ex-servicemen and their families were still getting aid.

"There has been no lessening of aid from the fund just because the bonds were sold," LaLone said. "We expect this year's spending to be just about the same as last year."

An appropriation of \$1,200,000 for aid to veterans in the 1960-61 fiscal year is before the Legislature now.

Starting in the 1961-62 fiscal year, lawmakers will have to appropriate money to begin rebuilding the fund. When it was cashed a provision was made to restore the full \$50 million dollars by 1971. This year, there was no apparent source of ready cash to bolster the general fund.

Grain Prices Settle Into Weak Range

CHICAGO (U.P.)—The grain futures market settled into a weak price range today in a fairly active trade.

During the first several minutes contracts shifted only minor fractions from previous closes. Toward the end of the first hour, however, liquidation became fairly heavy in spots.

Dealers said the selling appeared to reflect disappointment over light commercial demand.

Filibuster Gag Vote Due Today

House Starts Wrangling on Milder Rights Bill Simultaneously

By JOHN CHADWICK
WASHINGTON (AP)—The Senate votes today on a petition to clump a time-limit on its civil rights debate, now in its fourth week and likely to continue. Almost simultaneously, the House starts debate on a civil rights bill that is far less objectionable to Southern opponents than the measure before the Senate.

The vote in the Senate was forced by a group of self-styled liberals against the advice of the leaders of both parties, and defeat of the effort was widely predicted.

The vote was ordered on a petition of 21 senators to invoke the Senate's closure rule under which each senator's speaking time would be limited to one hour.

The rule, not successfully invoked since 1937, can be put in effect only by a two-thirds majority vote of the senators present. The Senate agreed to meet five hours in advance of the vote, with each side to be allotted equal time to make its arguments.

Pontiac Twp. Father Killed in Ohio Crash

A Pontiac Township man was killed near Fremont, Ohio, last night when his car skidded on icy roads and crashed into an auto transport truck.

James T. Goodson, 34, of 2300 Salmontown Rd., died in Toledo's St. Joseph Hospital after the accident. He was taken to Fremont Memorial Hospital and later transferred to the Toledo Hospital.

Resident of the Glenview Trailer Park, Goodson was married, the father of two children. His wife is expecting a third child.

At the time of his death Goodson was unemployed, it was reported.

Unionist Found Guilty of Oak Park Bribery

Morris Sherman, known more for his boxing career than union activities, yesterday was found guilty of bribery in the acceptance of \$50 from a former Oak Park restaurant owner, last summer.

Following four days of the non-jury trial in Circuit Court, Judge H. Russell Holland found the 36-year-old suspended union business agent guilty as charged. Sherman had waived a jury trial.

His attorney, Frank Bennett, said an appeal would be made to the State Supreme Court.

"I'm shocked," Sherman said, "I can't understand it. I'll run me, but we'll appeal."

Sherman, of 17523 San Juan, Detroit, was arrested July 6 after he accepted an envelope containing the marked money from Daniel Lambert, 36, who owned Daniels Restaurant, 8410 W. Nine Mile Rd.

"FOR PROTECTION"

Lambert testified he paid the money to Sherman for "protection" and because he was "afraid of union violence." He said Sherman promised no attempts would be made to regulate his employees after he paid the money.

Lambert, of 23451 Rossmore St., Oak Park, testified he paid the money even though he knew the money went to the union.

NATO Council Given Disarmament Plan

PARIS (AP) — A five-power Western disarmament plan was presented to the North Atlantic Council today preliminary to East-West disarmament negotiations opening in Geneva next Tuesday.

Apparently France still did not agree with the other four nations — the United States, Britain, Canada and Italy — on all points of the plan. Sources close to NATO said that a spokesman for one of the five nations presented a "separate view" of the proposal to the council.

Couple to Quit England After Baby Gossip

LITON, England (AP) — Lou and Yvonne Moore sold their little bungalow today and prepared to leave Liton forever because of the local uproar over their decision to give their baby to an American couple after it is born.

Moore now plans to fly to America with his 39-year-old wife later this week. She will have the baby there and immediately give it for adoption to Mr. and Mrs. Wilbur Prescott of North Charleston, S.C.

How Much Snow Should 'He' Shovel?

Testing Exercise for Heart Patients

PHILADELPHIA (AP) — A new program in which heart-attack victims literally will be put on a treadmill is being initiated here to determine how much stress recuperating cardiac patients can take.

If a heart patient is a millman for example, a team of specialists at Hahnemann Hospital will duplicate his step-climbing on a treadmill, carefully observing the reaction of his heart and blood system. If the patient is a factory foreman who walks three miles a day on the job, his work conditions will be reproduced in the clinic.

And if he's an overworked business executive, the team will investigate how he plays golf and whether he is prone to tantrums before they recommend more exercise.

The idea is an extension of the knowledge about exercise and the heart dramatized after President Eisenhower's heart attack in 1955. The President's rehabilitation program spread belief many heart patients should get up and around — even shovel snow, if possible, instead of lying in bed.

"It may be well to say that shoveling snow is good for a heart patient," says Dr. William L. Hoff, head of the Hahnemann program, "but how much? Shouldn't we also know how big the sidewalk

is and how heavy the snowfall?" ably good for the heart, is a game. He said that golf, although probably in which a man is fighting himself. The idea is to find out how much reserve energy the heart patient has for the game — of golf and life.

self. The idea is to find out how much reserve energy the heart patient has for the game — of golf and life.

By 1970, it is expected that Americans will own one trillion dollars in life insurance.

This Restless Gun Will Rest in Peace

LOCKPORT, N.Y. (AP) — When the city's park department discovered someone had been shooting out lights around ice skating rinks, Forester Nelson C. Goehle turned

to television for a nickname for the culprit — "Restless Gun." "If we get our hands on him," Goehle promised grimly, "the Restless Gun will rest in peace."

The nation's first canals were built to transport coal.

THE PONTIAC PRESS MAKE OVER PAGES

Honored for Boosting Pontiac

ACCEPTS AWARD—A highlight of the Pontiac Area Chamber of Commerce annual banquet was the presentation to S. E. Knudsen (left) of a special award for his help in "boosting" the name of Pontiac throughout the country. Another

booster award went to City Manager Walter K. Willman. Both were presented by Norman O'Brien Jr. (right), president of the Pontiac Area Junior Chamber of Commerce, which originated the awards this year.

Knudsen Addresses City Businessmen

'Be a Good Neighbor'

By PETE LOCHNER

In his first major public address as head of Pontiac Motor Division, S. E. Knudsen last night urged "a fresh look" at Pontiac.

Revealing himself as a youthful, dynamic civic leader, the Pontiac Motor Division general manager and General Motors Corp. vice president solemnly stated:

"Unless we take this look, act with boldness, strength and precision, the city of Pontiac—the past which we were not prepared for the challenge—could become second rate."

Knudsen was so honored for more than 425 Pontiac business leaders and their guests, gathered at Elks Temple to celebrate the 50th anniversary year of the Pontiac Area Chamber of Commerce.

During other highlights of the evening:

President Harry J. Woodman accepted the gavel for 1960 from retiring president Edward A. Maier.

Knudsen and City Manager Walter K. Willman were presented "booster" awards—initiated this year by the Pontiac Area Junior Chamber of Commerce.

Spreading the fame of Pontiac far and wide through the success of the 1959 and 1960 Pontiac automobiles.

Willman was cited for his election this year as president of the Pontiac Board of Education, past president of the chamber as well as the current officers and directors received an ovation, as did their wives.

A moment of sadness occurred over the death early yesterday of Hiland H. Thatcher, 94, the chamber's oldest living past president. He held the post in 1924.

Glenn H. Griffin, 1952 president of the Pontiac Board of Education, was master of ceremonies and D. B. Warner, chancellor of Michigan State University Oakland introduced Knudsen.

Varner had glowing words for Knudsen's accomplishments and spreading the fame of Pontiac far and wide through the success of the 1959 and 1960 Pontiac automobiles.

Knudsen's address was a reference to a single, impressive statistic:

Bus Settlement Hopes in Hands of Mayor's Unit

Mediation Talk Fails, With No Sessions Set for Immediate Future

Hope for a quick solution to Pontiac's long bus strike today appeared to rest solely on the efforts of the Mayor's special bus committee.

State and federal mediators gathered yesterday with union and company representatives for the first negotiating session in over a month.

After three hours the talks broke up and Leonard Bennett, state labor mediator, reported briefly: "No progress."

No attempts to get the two sides together again will be made, Bennett said, "until they have a chance to cool their heels again."

Chief among the others at the Waldron Hotel meetings were John Sytem, president of Pontiac Local 1097 (AFL-CIO) of the busmen's union; Maurice Biddle, operations manager for National City Lines, Inc.; and Stuart Kelley, a federal mediator.

Earlier, union and company representatives heard a "formula" for settlement proposed by the 16-member citizens' group appointed last week by Mayor Philip E. Rowston.

City Commissioner Floyd P. Miles, chairman of the committee, said afterwards that there was nothing to report yet about reaction to the proposal.

Without revealing any details, Miles had expressed the hope Tuesday that a settlement could be reached shortly.

He continued to stress that the citizens' committee is not attempting to break into the negotiations.

Pontiac's 38 drivers and mechanics walked off the job Dec. 3, the same day that strikes hit National City Lines, Inc. subsidiaries in Kalamazoo and Saginaw.

The strikers are seeking a 25-cent an hour package increase over a two-year period.

Up to a few weeks ago, the company offered only to renew the old contract without any pay raises.

But in proposing that the city lease the Pontiac City Lines equipment, the company said it could grant a 6-cent an hour increase for one year. It further promised to review the financial possibility of an 8-cent increase during the second year of a new contract.

Coors Search Goes On

GOLDEN, Colo. — The silent search for Adolph Coors III goes on. His wife and other members of the mining brewer's family have received infrequent telephone calls since he vanished Feb. 9, but a spokesman says all the callers appeared to be crank.

Chairman Pulls Vanishing Act

Dooming Civil Rights Vote

LANSING —The sudden and unexplained disappearance of a House committee chairman appeared today to have doomed any chance for civil rights legislation in Michigan this year.

While a shivering crowd of some 600 sang, shouted and prayed outside on the Capitol steps yesterday for stronger civil rights laws, introducers of bills they were backing looked in vain for Rep. Lloyd Gibbs (R-Portland), State Affairs Committee head.

Gibbs, a blunt-spoken, 56-year-old farmer, conducted an hour-long hearing earlier in the day for groups backing and fighting civil rights bills assigned to his committee.

His unannounced absence in the afternoon prevented the committee from voting on the bills, which automatically fell on the scrap heap under a deadline for release of the House debate.

WON'T COME UP

Rep. Joseph J. Kowalski (D-Detroit), Democratic floor leader, vowed to rally his forces for a showdown vote on forcing the bill from the Republican-controlled committee.

It appeared doubtful, however, that they would come up for passage before Wednesday's deadline for approving House bills.

Gibbs, whose committee has killed civil rights legislation three times in the past three years, cold-shouldered bills again this year but authorized a public hearing.

Two hours later demonstrators rallied by local chapters of the National Assn. for the Advancement of Colored People (NAACP) massed at the Capitol in bitter 23-degree cold.

The placard-carrying crowd, mostly Negroes, urged the Legislature to "strengthen civil rights now" and supported demonstrators for equal rights for Negroes in the South.

LANSING —Sen. Carlton H. Morris, 42, a Kalamazoo lawyer, today formally announced as a candidate for governor, becoming the first Republican formally to enter the field.

In all probability, his decision will have the effect of assuring a contest for the GOP nomination with Paul D. Bagwell, the 1958 nominee whose declaration is expected in April.

Bagwell is generally regarded as a liberal Republican.

Morris, a self-styled conservative, declared "the government of Michigan in all its branches is now either dominated or controlled by Solidarity House."

The reference was to headquarters of the United Auto Workers Union in Detroit.

The people, Morris said, have had "representative governments stolen from them by Solidarity House with the single outstanding exception of the Michigan state Senate."

Morris pledged to work for a campaign which he said would return government to the people.

"I am a conservative, dedicated to ending the tax-and-spend programs which have blackened Michigan's good name in recent years."

In an apparent slighting reference to Bagwell, Morris added (Continued on Page 2, Col. 5)

Rescuers Hoped to Reach Men by Midmorning

Have Had No Contact Since Tuesday With 18 Trapped Workers

LOGAN, W. Va. (AP)—Mine officials today extended for a few hours more the target time when they expect to reach 18 men trapped four miles inside a fire-blocked coal mine.

Rescue crews had hoped to tear through the last barricade and reach the stranded men by mid-morning. But after that time had passed, word was issued that the time had been extended a few hours.

That has been the story since the 18 men were trapped behind a slate fall and smoldering fire last Tuesday morning in the Island Creek Coal Co. No. 22 Mine at nearby Holden.

The hours save turned into days.

There has been no contact with the 18 since noon Tuesday when the telephone connection with them went dead, apparently cut by the fire.

Temperatures weren't so cold at the scene Wednesday night. Unofficially the low was 19 degrees above zero, compared with 11 above the night before.

More than a foot of new snow from Wednesday's near-blizzard blanketed the grimy mine buildings, one of which bore a red snow sign with the words, "Be careful."

The snow subsided to flurries during the morning, but leaden skies held promise of more.

The mine officials said the stubborn fire which has held the men trapped is practically under control and they expect rescuers to move on as rapidly as possible.

THROUGH MUD

Rescue workers, their faces black with grime, slugged through water, mud and debris in the bowels of the southern West Virginia coal mine.

In order not to endanger the lives of other men, State Mine Director Crawford L. Wilson, who is directing the rescue operation had said earlier, "we must distinguish the fire before proceeding further."

Wilson also had said he was launching a big push forward with six eight-man rescue teams, working around the clock. His plan was to defeat another fire by side passages.

It'll Be Cool, Cats; Spring Still Isn't With Us

Little temperature change is expected through Saturday. Skies will be mostly cloudy tonight, and a chance of a light snow is forecast for Friday.

The weatherman predicts a low of near 15 degrees tonight and a high tomorrow of 26.

Northerly winds at 16 miles an hour this morning will become southeasterly at 15-20 miles an hour Friday.

Eighteen was the lowest recording in downtown Pontiac preceding 8 a.m. The thermometer registered 31 at 1 p.m.

News Flashes

BABY UP—Rescue workers today pulled five weak and dazed children from the rubble of Agadir, which was virtually destroyed by an earthquake 10 days ago.

BATTLE CREEK —Women relatives of striking Consumers Power Co. employees, in defiance of a court order, blocked entry today of coal cars to the company's downtown steam plant. The women stood firm on the tracks as a Grand Trunk Western train pulled to within inches of them.

Nixon Receives Janet Long

Local Girl Named 'Miss Young America'

CONGRATULATED BY NIXON — Oakland County's reigning 4-H queen, Janet Long of Commerce Township, has been crowned "Miss Young America in 4-H." The 18-year-old Michigan State University Oakland freshman is being congratulated by Vice President Nixon following her

selection in Washington, D. C., yesterday. Janet, the daughter of Mr. and Mrs. G. Carlos Long, 3888 Sleeth Rd., is Oakland County 4-H Queen. She is a freshman at Michigan State University Oakland on a full-time 4-H scholarship.

Representing the nation's 2 1/4 million 4-H Club members today is 18-year-old Janet Long of Commerce Township.

She was named "Miss Young America in 4-H" in Washington yesterday, and was among six delegates to be received by Vice President Richard M. Nixon at the White House.

Her selection for the top honors was made by leading 4-H officials and editors of Seventeen, a magazine for youth.

Janet, the daughter of Mr. and Mrs. G. Carlos Long, 3888 Sleeth Rd., is Oakland County 4-H Queen. She is a freshman at Michigan State University Oakland on a full-time 4-H scholarship.

On hand to congratulate the farm girl in Washington yesterday were

Water Conservation Stamp to Be Issued

The world's first stamp commemorating water conservation will be issued April 18 at the National Watershed Congress in Washington.

The stamp will go on sale the next day at post offices throughout the country, the U. S. Postal Department has announced.

"This beautiful, new stamp dramatizes the fact that water is today our most precious and most limited natural resource," said Merrill Ray, county soil conservationist.

Some 30 or more agricultural and conservation organizations will be represented at the Congress, which will be concerned with water problems in the nation's small watersheds.

Secretary of Agriculture Ezra Taft Benson, Administrator of Federal Extension Service C. M. Ferguson, U.S. Senators Philip A. Hart (D-Michigan) and Patrick V. McNamara (D-Michigan), and U.S. Rep. William S. Broomfield (R-Oakland County.)

FETTERED AT DINNER

The young 4-H delegates are being fettered at luncheon and dinner in the national capital.

Tuesday they dined in the Presidential Room of the Congressional Hotel.

The 4-H members' four-day stay in Washington will end Saturday. It includes visits to the

U.S. Chamber of Commerce, a Federal Extension Service staff conference and a sightseeing tour.

Janet attended the National 4-H Club Congress in Chicago recently after winning first place in the Michigan achievement award program. She was elected as a Washington delegate while in Chicago.

A graduate of Milford High School, Janet has spent nine years in 4-H Club work. She has completed 67 4-H projects on her family's 220-acre farm, and is active in church, school and community activities.

Will Take Up Race Track Squabble

High Court to Hear Shelby Case in April

SHELBY TOWNSHIP — A hearing in the State Supreme Court is expected the middle of April in litigation proposed establishment of an automobile race track on the Curtis-Wright Corp. property here.

A group of Shelby Township home owners initiated court action in January 1959, seeking to block construction and operation of a big-time race track at the former Packard Proving grounds.

The home owners had charged that the township acted illegally in rezoning the Curtis-Wright property to permit racing.

They also contend that the proposed track would create a nuisance because of noise, crowds, traffic, litter, dust and vibrations.

FEAR TAXATION HIKE

In addition, they charged that it would cause an increase in taxation and depreciate property values.

Curtis-Wright entered the action as a "party defendant" with the township. The case subsequently was dismissed May 28.

by Macomb Circuit Judge Howard R. Carroll.

The judge then refused to enjoin the township from issuing the permits needed by the company to proceed with construction.

The plaintiffs directed their attorneys to go ahead with an appeal which has been perfected and is scheduled for hearing during the April term of the high court, Township Attorney William V. Wendt of Mount Clemens said today.

"The chances are that there will be oral arguments before the bench," Wendt said.

A decision on the matter usually is not immediate because after the hearing it is assigned to one of the Supreme Court justices for a written opinion.

OTHERS GIVE OPINIONS

Then the rest of the Justices either agree or disagree with his findings.

In the meantime, Curtis-Wright is awaiting the outcome of the litigation before proceeding with final plans for construction of the track.

Before the bill of complaint was filed, company officials had announced that the proposed facility would be designed for major sanctioned national and international races of Indianapolis "500"-type cars.

There is already a 2 1/2-mile oval on the 675-acre track.

7,500 S-P Workers Strike Over Speedup

SOUTH BEND, Ind. (AP) — About 7,500 workers at the Studebaker-Packard Corp. struck at midnight last night in a dispute over production standards.

Officials of Local 5 of the United Auto Workers accused the company of a speedup in production schedules. The company said high production standards are necessary if the firm is to remain in a competitive position with other automobile companies.

The union authorized the strike in a vote several weeks ago. Last-minute efforts by federal mediator Chester Bialston failed to effect a settlement.

Pickets were set up at the plant gates.

as seen on TV

now playtex brings you a fabulous new bra fabric holds its shape month after month

playtex cotton-pretty bra

Now you can see on TV how actual tests at Good Housekeeping Institute confirm that this new bra holds its shape month after month. It's a special blend of cotton and dacron* created for the new Playtex Cotton-Pretty Bra. Even after 65 machine washings it won't become limp, shrunken or shapeless. And all new Playtex Cotton-Pretty bra lasts longer—smooth without ironing—after—absorbs like cotton. You'll wear it longer—you'll love it longer—than any bra you ever wore. White only. 32A-40C. Only \$2.50.

SHIPBOARD ROYALTY — The Shah of Iran and Queen Farah stand together aboard the Iranian ship Syrus during a visit to Khorramshahr, Iran recently. An official of the royal household has announced the Queen is expecting a baby in November. The Shah married Farah after divorcing Queen Soraya because she did not bear him an heir to the throne.

Islamabad in Pakistan to Be Brand New City

RAWALPINDI, Pakistan — Pakistan's new capital, like Brazil's Brasilia, will be built from scratch.

The name of Islamabad has been chosen for the new city to be built on rolling farmland north of here. Officials hope to have Islamabad functioning by the end of 1963.

"There will be 50,000 or 60,000 people living there within five years," says Maj. Gen. A. M. Yahya Khan, chairman of the Federal Capital Commission. "It will be a complete city, with businesses and some light industries as well as government."

Arrested in Home; to Get Examination

A Pontiac man arrested yesterday at his home demanded examination on a charge of larceny from a person before Municipal Court Judge Cecil B. McCallum.

Edward H. Johnson, 25, of 44 Murray St., was returned to the Oakland County Jail when he failed to post a bond of \$1,000 set by McCallum.

His examination is set for March 16. Johnson was charged with purse snatching.

Sylvan Council Makes 2-Year-Old Ordinance Legal

The Sylvan Lake City Council has amended its traffic code making it illegal to park on any city street from 3 to 9 a.m.

Signs declaring this regulation were installed on all city streets some two years ago when councilmen passed a resolution to the effect.

Recently it was discovered that the resolution was never incorporated in Sylvan's traffic ordinances, leaving the signs relatively powerless.

Councilmen set the record straight with a hasty vote last night.

Mountain Village in Italy
Too Poor to Pay Taxes

VALLE AGRICOLA, Italy (U.S.A.)—A customer walked into this village's only bar and ordered a cup of espresso coffee.

He sipped it slowly, to enjoy it to the last drop, and then asked: "Antonio, how much do I owe you?"

"One egg," said the proprietor.

You can hear exchanges like that every day in Valle Agricola. Only 30 miles east of the teeming port of Naples, this is Italy's poorest village. Lack of any money at all forces most of the 1,300 residents to use a system of barter.

It's been that way for generations. This is the only village in Italy so poor that its residents are permanently exempt from taxes.

The village is a cluster of buildings on a hilltop 2,300 feet above sea level, surrounded by rocky, barren fields where little will grow. Except for scraggly little vegetable plots, almost all that grows goes as feed for the village's 300 sheep and 20 cows.

NOT ON MAP

A wagon road leads here, but isn't shown on the map. Electricity finally was wired in two years ago, but only about 20 weak bulbs glimmer at night in the shabby houses.

The plight of the poverty-ridden village first came to attention several hundred years ago when the bishop of nearby Caserta ruled that inhabitants of Valle Agricola should be exempt from all taxes.

Every government in authority over the little village since then has followed that rule—except one.

In 1938 dictator Benito Mussolini sent a tax collector to Valle Agricola. The village sent him back to Rome with two sheep—as a gift not to be regarded as tax.

Two years ago tax return forms mailed to the residents were burned in the village square.

This Water-Dwelling Hog
Really Has a Heart.

SAN DIEGO, Calif. (AP)—The haughty has three hearts. One has no nerves, and has been kept beating outside the fish for days by researchers.

Jeffrey D. Frautschi, assistant director of Scripps Institution of Oceanography, told the San Diego Propeller Club that pulverized bagfish heart rejuvenates hearts of other small creatures when given as a drug.

The haughty is about a foot long and resembles an eel.
