Points Out Gunman

Pontiac Press Photo

'HE SHOT ME' — From his hospital bed, 19-year-old Frankie Dale Newton points out for Prosecutor George F. Taylor the man who shot him in a Highland Township gas station holdup Nov. 30. The scene was Newton's third floor hospital room at Pontiac General in which examination was held for Victor Hood, 25, accused of the shooting, and his two younger companions, also charged in the robbery. The three were bound over for arraignment Monday in Circuit Court.

Identifies His Assailant From Hospital Bed

Lying on his hospital bed, Frankie Dale Newton pointed a trembling finger at ex-convict Victor Hood yesterday.

The movement identified Hood as the gunman who mercilessly shot Newton in the back during the course of a robbery, leaving him paralyzed from the waist down—probably permanently.

★ ★ ★

"That's Victor Hood," the 19-year-old Highland Township gas station attendant told about 25 officials and spectators in a makeshift courtroom at Pontiac General Hospital.

"It was a silly thing for him to do — to shoot me," said Newton after his evidence was examined by Roy J. Carl, Highland Township justice of the peace, and Hood and two young companions had been bound over for Circuit Court arraignment Monday on charges of armed robbery.

"I told him I wouldn't tell on him — I wouldn't say a thing to the police," Newton told the court.

★ ★ ★

"He told me to turn around, so I did, and that's when he shot me. I felt my feet give 'way and I fell down, but I didn't realize I was paralyzed until later at the hospital."

A nurse wheeled Newton's bed into a third floor conference room at the hospital, where the hearing was held for Hood, 26, of Pontiac; Theodore A. Mendoza, 16, of Lake Orion; and Carroll L. Lay, 17, also of Lake Orion.

The youths are charged with involvement in the robbery, but not the shooting.

Goodfellows Trials Stymied

Royal Oak Twp. Police Sergeant Not Guilty; Prosecution Stunned

The Oakland County Prosecutor's Office and State Police today expressed disgust and disappointment at the clearing of a Royal Oak Township police sergeant yesterday on charges of pocketing money from Goodfellow newspaper sales.

Township Justice Lonnie C. Cash returned a verdict of innocent against Police Sgt. James Gatewood, 44, saying:

"There was too much doubt in my mind about the guilt of this man."

A stunned Assistant Prosecutor Donald Brown said he planned to meet with Prosecutor George F. Taylor Monday before deciding the next step in the case.

Taylor today hinted the prosecution would proceed as planned.

"I am very disappointed about the verdict. The facts and circum-

Store Manager Shot in $9,000 City Holdup

Money Recovered as Police Nab Ex-Convict Hiding in Basement

By MAX E. SIMON

An ex-convict who boasted to police detectives that "I've spent 28 years in prison" was arrested yesterday in the shooting and $9,000 robbery of an A & P supermarket manager.

Fifty-year-old Eugene Thouin was nabbed by officers who found him hiding in the basement of an apartment building at 88 W. Mansfield Ave.

★ ★ ★

Police found $6,254 on Thouin and an additional $500 in a woodpile in the basement. An additional $1,600 was found in a car which Thouin purchased a few days ago under a phony name.

He was booked for investigation of armed robbery.

The holdup occurred in broad daylight.

Clare Kramp, 54, manager of the A&P at 1185 N. Perry St., and Mrs. Margaret Davis, 29, of 5947 Dwight St., Waterford Township, a cashier, were confronted by the bandit in the store's parking lot at 3:20 p.m.

★ ★ ★

They were returning from the Community National Bank after a trip for extra money to cash Christmas checks.

As they were leaving the car, Kramp said, the bandit came up with a shotgun and ordered: "Drop it."

"You're kidding," Kramp replied. The bandit fired once, hitting Kramp in the hand. The astonished manager dropped the bag and ordered Mrs. Davis to do what the gunman said.

FLED IN CAR

The gunman scooped up the bags and fled in his car.

More than 20 persons watched the holdup occur and some took down the bandit's license number.

Kramp was taken to Pontiac General Hospital for treatment. His condition is satisfactory.

The car was registered in the

Ike Pressures De Gaulle Toward Military Integration

PARIS (AP)—President Eisenhower today urged French President Charles de Gaulle to give ground in his opposition to integrating France's military forces with those of its western Allies.

This was confirmed by authoritative sources after Eisenhower and De Gaulle had met for 55 minutes after the opening session of a three-day Western summit meeting.

Eisenhower was reported to have supported Secretary of State Christian A. Herter. Herter earlier this week told the 15-nation NATO alliance ministerial meeting that an integrated European defense system is the basis on which the United States keeps on the continent.

De Gaulle's reaction was not outlined. Presidential press Secretary James C. Hagerty, however, described the De Gaulle-Eisenhower talks as "very frank and friendly." He said they might get together again this weekend.

Earlier, De Gaulle, Eisenhower, British Prime Minister Harold Macmillan, and West German Chancellor Konrad Adenauer opened their summit meeting in general agreement that an East-West summit session should be held.

Their talks ranged over hopes for unifying Germany and the question of divided Berlin as well as East-West negotiations on nuclear disarmament.

The four leaders took up the drafting of specific negotiating proposals to be laid before Soviet Premier Nikita Khrushchev at an East-West summit meeting next year.

Streamliner Rips Into Auto, Kills 8

FOWLERVILLE (AP)—A train-car collision killed eight persons in this southern Michigan village late yesterday.

Witnesses said the car occupied by five adults and three children drove onto a Chesapeake & Ohio railway crossing just as the streamlined passenger train "Pere Marquette" sped through at 65 m.p.h.

The crash at 5:44 p. m., after darkness fell, wiped out all the members of one family—Clyde E. Ballard, 22, his wife Bertha, 24, and their son, Keith, 8 months, of Fenton.

Others killed were Albert Simpson Sr., 29, of Fenton, driver of the car; and his son Albert Jr., 2 months; Mrs. Mildred Cameron, 26, of Howell; and her daughter Dawn, 9; and George Copeman, 36, of Fenton.

The big diesel engine of the Grand Rapids-to-Detroit luxury train crushed the car and tossed the bodies alongside the track.

"It was awful," choked engineer Grover Lamport of Grand Rapids. That was all he could say.

★ ★ ★

Police said the automatic flasher warnings were blinking. They quoted witnesses as saying the car stopped, then drove into the path of the train.

Floyd Stewart, manager of a grain elevator, saw the accident from his parked car 40 feet away.

"I had just left my office," he said, "and was ready to go home. I heard the train coming and I was waiting for it to come through."

STRUCK BROADSIDE

Stewart said it happened so quickly he didn't realize what happened until he saw bodies scattered about.

He said the car drove in front of the train and was struck broadside. The train came to a stop a half mile away.

Victor Epley, an employe at the grain elevator near the tracks, said he waved frantically at the driver of the car when he saw the train bearing down.

★ ★ ★

He said it came to a stop or a near-stop and drove onto the tracks.

Lawrence Gehringer, Livingston County sheriff, said he couldn't understand why the occupants of the car didn't hear the diesel's horn blasts or see the crossing lights.

He said the grain elevator did not obscure the view.

TAKEN TO HOWELL

The bodies were taken to Community Hospital in Howell where medical examiners helped establish identification.

The sheriff sent a car to Fenton to bring friends to identify the victims.

All were killed instantly except Mrs. Ballard who died at the hospital in Howell.

The train was delayed two hours by damage to the engine.

Convict Twenty in Racket Parley

U.S. Attorney General Lauds Jury for Action on Underworld Conclave

NEW YORK (AP)—A federal court jury Friday convicted 20 delegates to the 1957 Apalachin underworld convention of conspiracy to hide the real purpose of the conclave.

The conviction was hailed by Atty. Gen. William P. Rogers as "a landmark in the government's fight against organized crime and racketeers."

★ ★ ★

The verdict was returned by a jury of eight men and four women after more than 15 hours of deliberation to climax the 53-day trial. Some of the well-dressed defendants slumped in their seats, several sobbed. One moaned in Italian: "I'm innocent."

Judge Irving R. Kaufman commended the jury for its "intelligent verdict." He set Jan. 14 for sentencing. Each of the convicted men could get up to five years in prison and a $10,000 fine.

"You deserve the thanks of the community and the nation by your patience in sitting through this trial," Judge Kaufman told the jury. "This will show the country that grand juries and other federal agencies cannot be defied or sneered at by people who consider themselves above and beyond the law."

★ ★ ★

The defendants had explained the meeting of more than 60 underworld figures Nov. 14, 1957, at the Apalachin, N.Y., hillside estate of the late Joseph Barbara Sr. as a visit to a sick friend or a social affair. Some said they were there because they had auto trouble nearby.

Throughout the trial, the government conceded that it did not know the secret purpose of the meeting. However, Arthur L. Reuter, onetime acting commissioner of investigation, said in a report for former Gov. Averell Harriman that the conclave was believed to have been called to split up territories, divide proceeds and discuss extension of racketeering in labor unions.

★ ★ ★

From all over the country and even Cuba and Italy, the gangsters had converged on the mansion of Barbara, a 53-year-old beer and soft drink distributor who died of a heart attack last June. The meeting never got under way. State police began recording the license numbers of

Farah Gets Dior Gown for Wedding

TEHRAN, Iran (AP) — Farah Diba, the 21-year-old former art student who becomes the bride of the Shah of Iran Monday, has received the final item in her trousseau — her Dior wedding gown.

★ ★ ★

She tried it on as soon as it arrived by plane from Paris Friday. The other dresses, coats and accessories that she selected on a recent Paris shopping spree were already in the Queen Mother's palace, where Farah is living temporarily. They fill about 60 pieces of luggage.

The wedding gown is a princess satin in a light blueish, pearl gray shade which designer Yves Matthew Saint Laurent selected for the bride. It has a veil to match and a cape-like bolero.

The setting for the wedding will be the Hall of Mirrors in the Marble Palace, where last week Shah Mohammed Reza Pahlevi entertained President Eisenhower with a lavish luncheon.

Members of the Shah's family, Farah's family, high state dignitaries and a select number of guests will witness the ceremony.

In another part of the palace the heads of diplomatic missions in Teheran will wait to congratulate the Shah and his bride. They will include U.S. Ambassador and Mrs. Edward T. Wailes.

$87 Million Package Includes Liquidation of Veterans Trust Fund

LANSING (AP)—Michigan's marathon tax fight was over today and government heads waited anxiously for an 87-million-dollar revenue package to start pouring cash into an ailing state treasury.

The Legislature in a sudden burst of energy, wrapped up the new money program late yesterday and called it quits on the 175th day of the session, longest in state history. Weary lawmakers scattered quickly for home, leaving only a token force behind for final adjournment today.

Urged by Gov. Williams, reluctant House Democrats gave Republicans votes to spare yesterday in pushing through the Sen-

Odds and Ends Can Solve Christmas Shopping Woe

By JANET ODELL
Pontiac Press Home Editor

In these last shopping articles we'll pick up the odds and ends of suggestions, as you shoppers do just before Christmas.

There's a portable shuffleboard game that the whole family would enjoy. No need to paint the floor of your recreation room if you don't want to. There's also a space bug game that should amuse all ages.

For the bowlers we have another suggestion. We saw several kinds of bowling pin ashtrays. One holds a ball point pen, too.

Vinegar cruets must be back in fashion, for we have seen many of them. Some are beautiful pieces of glass.

In the same store we noticed a great variety of glass salt and pepper shakers with stainless steel tops.

If someone on your list likes place mats rather than table cloths, look for the imported, handmade ones. Really, they're not expensive.

A gift with a future would be a terrarium. One store has plastic and glass ones all ready to plant. Children love them.

Another gift that promises hours of interest is the visible man kit. With it you assemble a human figure. Excellent for teaching anatomy.

Although the hunting season is over, the ski season is just beginning. Any ardent skier would like red and white striped thermal underwear, wouldn't he?

For other sports minded individuals there is a silent minnow pail made of plastic. Or how about plastic golf scorers?

Toby jugs have been popular for years. We saw some fat little monks which reminded us of the conventional Toby mugs. You can get mugs, creamers and sugars and cookie jars to match.

There's nothing really unusual about a cannister set. But one we saw had the ordinary size holders, starting with salt and pepper shakers.

At the opposite end was an enormous container labeled "This and That."

Let your imagination take over.

SEEK TIGHTER UNITY — Big Four Western leaders meet in Paris in an attempt to resolve differences in preparation for the coming summit conference with Russia. From left around the table are West German Chancellor Konrad Adenauer, Eisenhower, British Prime Minister Harold Macmillan and De Gaulle.

Most of Us Will Be Hit by New Tax

LANSING (AP)— If you neither smoke, drink nor pay telephone nor telegraph bills, you'll escape all of Michigan's new nuisance taxes, set to begin Jan. 1.

But most taxpayers will contribute one way or another to the 34 million dollars they will produce in a year.

Indirectly, everybody will pay. Corporations almost certainly will pass on to consumers the one-mill increase in the corporation franchise fee, not a part of the nuisance tax package.

The nickle-a-pack state tax on cigarettes will go up to six cents, raising the combined state-federal levy to 14 cents.

Cigar smokers will pay 20 per cent on the wholesale price — two cents on a 10-cent cigar. Taxes on all other tobacco products such as snuff and chewing tobacco will go up the same amount.

The current one-cent per bottle tax on beer will be doubled. The tavern owner and retail distributor will decide whether to up the price a penny, a nickle or absorb the increase himself.

The state's 4 per cent excise tax on liquor also will be doubled, jumping from 20 to 40 cents on a fifth of whisky.

If your monthly telephone bill is $5, you can figure on paying 15 cents more under the three per cent use tax.

★ ★ ★

What's the yearly cost? A family consuming 10 packages of cigarettes and six bottles of beer a week, six fifths of whisky a year and having a telephone might figure on about $10.

Says Peaceful Uses of A-Energy Have Only Begun

ANN ARBOR (AP)—Research in the peaceful uses of atomic energy has only begun to scratch the surface, says the man who stepped down this week as first director of the University of Michigan's Atoms for Peace program.

Dean Ralph A. Sawyer, who headed the Memorial Phoenix Project during its first decade, said a vast, almost unlimited field of peaceful atomic research still lies ahead.

"After 10 years of operation, our research facilities are nearly complete, our staff is trained, and invaluable experience has been gained in the selection and operation of research projects," he said.

"And as operations expand, it is inevitable that many more beneficial uses of atomic energy will be found," Sawyer added.

Succeeding Sawyer as director of the Phoenix Project was Prof. Henry J. Gomberg, assistant director for the past eight years. Phoenix, the university's memorial to its dead of World War II, has been financed by eight million dollars in private gifts.

Sawyer will continue to serve as head of the university's school of graduate studies. A physicist, he was technical director of the Bikini atom bomb tests.

Rain Eases Up in East; Most Other Areas Dry

Arrest Ex-Convict in $9,000 City Holdup

(Continued From Page One)

name of a Clifford Rice, 88 W. Mansfield Ave.

Police Sgt. Herbert C. Cooley and Patrolman Wilbur Currier spotted a man crouched in the basement.

It was Thouin.

He struggled with the two officers, screaming, "Shoot me! I want to die."

He was finally subdued and taken to the station.

He admitted that he had purchased the car in Detroit Thursday under a name he made up.

The short and stocky holdup man, a former Pontiac resident, has been living in Florida with his wife and family. He flew into the Pontiac area on Wednesday.

Police found a suitcase in the basement of the apartment building. They theorized that Thouin was about to flee for Florida when apprehended.

Also found in the basement were some large manila envelopes addressed to his wife in Homestead, Fla. Police believe he may have planned to seal the money in the envelopes and mail them to his home in Fla.

"I was unemployed. It was near Christmas and I didn't have any money," Thouin was quoted by Cooley as saying.

Although he told Det. Thomas Mitchell he didn't mean to shoot the store manager ("I aimed at the ground"), Thouin refused to admit the holdup-shooting.

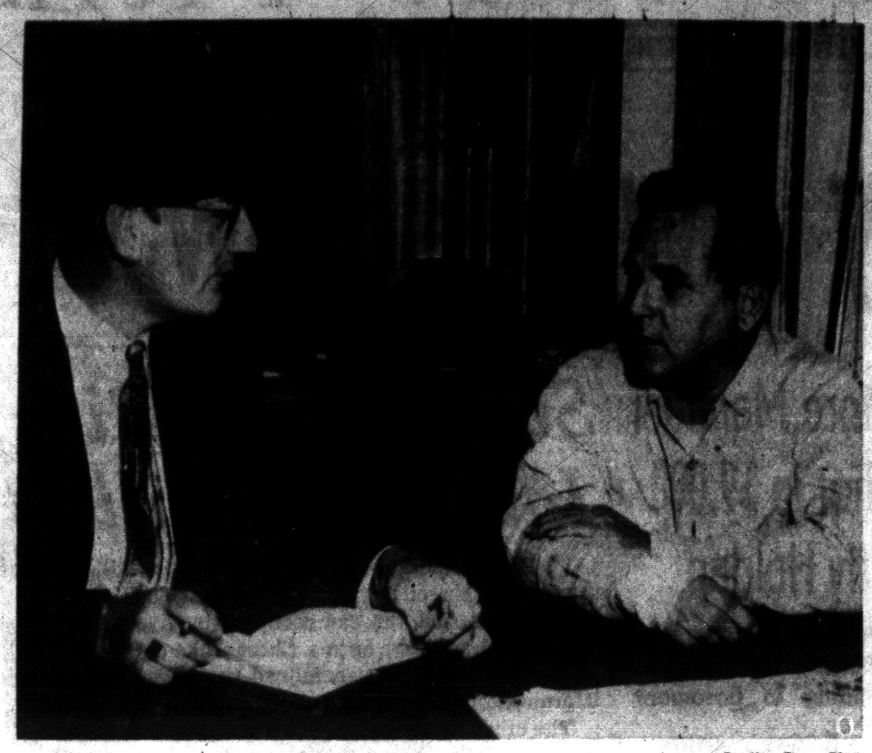

"I've been in prison 28 years and I know what the score is," Thouin said. "I'm a gonner and you know it."

Thouin said he moved from Pontiac to Florida three years ago. Police here say he has a long police record.

Police found Thouin's car in the Fisher Body plant parking lot. A money bag containing $1,600 in change was in the front, and a sawed-off shotgun partially hidden under the back seat were in the vehicle.

Kramp told police he thought Thouin looked familiar and took the order as a joke. The shotgun blast also drilled a hole in a money bag, causing change to be strewn about the lot.

Police said all but $600 of the loot has been recovered.

million-dollar veterans trust fund program, worth about 40 million dollars on the current bond market.

The fund, used to aid needy veterans, will be restored piecemeal by 1971 and the $1,200,000 which it yields annually will be appropriated from the general fund in the meantime.

State Treasurer Sanford Brown said securities in the fund probably will be sold within a month.

Organized veterans fought the proposal tooth and nail but the governor and leaders in both parties considered liquidation necessary to meet the state's most pressing obligations. The general fund treasury currently is about 95 million dollars in the red.

OTHER BILLS

Other bills passed yesterday will raise 34 million dollars a year starting Jan. 1, from new or increased taxes on liquor, tobacco, beer and telegraph bills. Another will add one mill to the four-mill corporation franchise fee, retroactive to last July 1, for an annual increase of 13 millions.

★ ★ ★

All the taxes will expire June 30, 1961.

By then, Republicans hope voters will approve a constitutional amendment to raise the sales tax ceiling from three to four cents. A proposition to put it on the November 1960 ballot carried the GOP-controlled Senate but died yesterday in the House, evenly split 55-55.

If voters ballot on the sales tax, Democrats plan a simultaneous vote on their solution to Michigan's money woes — a personal and corporate income tax.

★ ★ ★

It was party disagreement over the type and amount of taxes needed that tied the Legislature in knots from Jan. 14 till yesterday.

Republicans put through a 4 per cent use (sales) tax last August, but the State Supreme Court threw it out as unconstitutional eight weeks later.

BOTH UNHAPPY

Both Republicans and Democrats were unhappy with the revenue program that came out of this week's wrangling. Except for the trust fund, it was the same one house Democrats turned down a week ago.

But, with a choice of taking it or nothing, both sides rounded up substantial support.

Because it came from majority Senate Republicans, Democrats slapped a GOP label on it.

Gov. Williams called it "another series of patches on a Rube Goldberg tax structure," but went before Democratic caucuses in both the House and Senate to swing vital votes in its favor.

The logjam in the House broke after Democrats huddled for nearly three hours in two closed-door caucuses. The first bill in the six-bill package — a 3 per cent use tax on telegraph and telephone bills — got 52 Republican votes and 18 Democratic votes. The 70-23 count was 14 more than the minimum needed for passage.

From then on, every measure sailed through without trouble.

The veterans trust fund measure passed 65-27, attracting 47 Republican and 18 Democratic votes.

The six bills were tied together. Rejection of one would have killed them all.

Legislature Winds Up Without Usual Singing, Dancing in Aisles

LANSING (AP) — Legislators quit the state Capitol so fast last night, you'd have thought the building was on fire.

There was none of the singing, dancing in the aisles or lifting a toast in committee or cloak rooms that characterized windups in earlier years.

★ ★ ★

The lawmakers just wanted to get out of there and get home.

A few living within easy driving distance agreed to come back for the formality of ending the session officially at 11:20 a.m. today.

Most of the rest didn't want to see Lansing again until the start of the 1960 session on Jan. 13.

40 MINUTES FOR OK

The action moved fast in the House once the Democratic caucus agreed which way to jump.

Voting on the Senate-approved package of bills started just before 4 p.m. and the last measure of the tax package was approved within 40 minutes.

Even the diehard orators settled for just a few remarks.

★ ★ ★

"An example of reason giving way to panic," said Rep. George W. Sallade of Ann Arbor, rebel Republican who voted against the package. "It's far easier to tax sin than earning power."

"New patches on old patches," said disgruntled Detroit Democrat E. D. O'Brien of the bills.

House members then wrangled briefly before approving a 7 per cent pay hike for their own employes.

KEEPS PROMISE

There were some objections when Rep. Harry J. Phillips (R-Port Huron) started to give a report on his mental health investigating committee.

These died down when Phillips promised to—and did—keep the report brief.

PARIS (UPI) — The Big Four Western leaders entered their Western summit talks today agreed in advance on some pertinent points but divided on a number of other major policy issues.

Issues agreed upon in principle included:

—An East-West summit meeting should be held between April 21 and 25, 1960.

—The East-West meeting should be held in Geneva with Paris a possible alternative.

—The East-West summit should be limited in length to a week or 10 days. Its working plan should be firmly laid down in advance to curtail Soviet inclinations to turn the summit into a free-for-all propaganda parley.

—The East-West summit should hand down directives to their foreign ministers or top experts to translate summit decisions into concrete recommendations and plans. The summit should consider a second East-West meeting.

The Western Allies have reached basic understanding but not full agreement on these points:

—Any further summit meetings with the Russians should be held later in 1960 or in the spring of 1961, if warranted.

—The summit's primary aim should be to extract from Soviet Premier Nikita Khrushchev a clearer first-hand indication of the Kremlin's real intentions in its recent sweetness and light campaign.

—The Allies will go to the East-Wsst summit with the same "peace package plan" they unsuccessfully presented at the Geneva four-power foreign ministers conference last summer. (This means the Allied stand has stiffened, with no immediate new proposals on either Germany or Berlin for the summit.)

—Disarmament should be the summit's chief topic. Berlin should also be discussed, but there should be no "interim" agreement on Berlin unless talks with the Russians produce pressing reasons to the contrary.

Issues on which there is no Western agreement thus far, and even outright discord on, include:

—Scope of the East-West summit. Britain, and to some degree the United States, wants the summit to be merely a "starter" for East-West negotiations, limiting itself to a few cold war problems on which understanding is feasible; the French favor a freewheeling forum for discussion on coexistence prospects.

—What problems other than disarmament, Berlin and Germany should go on the East-West summit agenda? France wants talks on noninterference in the affairs of other nations; America and Britain prefer a more vague formula of "East-West relations" to avert irritation and propaganda.

—Franch favors proposing to the Soviets joint planning of aid to underdeveloped nations. America leans toward the British position that such a proposal is premature and politically inadvisable.

—West Germany wants disarmament made the chief test of Soviet sincerity at the summit, with the West calling off the parley if no progress is made on disarmament.

—The West lacks agreement on a joint disarmament plan, with Britain favoring the presentation to the summit of an imaginative allied arms-cut proposal with adequate control provisions.

—The nuclear test ban problem, under discussion in Geneva for the past 14 months. France is not interested in a test ban until she has exploded her atomic bomb.

Tiny White-Haired Lady Calms Huron St. Storm

By HARVEY ZUCKERBERG

A little white-haired lady in her late 60s is an unsung heroine in this city today . . . it is doubtful she would want the acclaim.

★ ★ ★

At least three dozen Pontiac citizens deem her so, however . . . especially the blind woman with the big dog.

It is hard to say just how it happened as the crowd waited for the light to change on the southeast corner of Saginaw and Huron streets a little after 2 p.m. yesterday.

But all of a sudden the light had changed and the German shepherd dog wheeled right, breaking into a fast dog trot down the center line of Huron street.

TRAFFIC CLOSES IN

The blind woman hung on tight, was dragged, stumbled, almost fell, pulled faster and faster.

She was halfway down the street. The crowd stopped and gaped. Traffic was starting toward her.

The white-haired lady broke from the crowd and darted after her. A man sped after, too. Both caught up to them at the same time.

★ ★ ★

As the cars were bearing down, the lady shouted at the woman, "Stay right there."

The man grabbed for the dog's harness and at the same time the lady shouted again, "No, no, stop."

He quickly found out why. He had made the move. The big dog spun into a crouch ready to leap.

Unknowing, the animal tugged on the leash and pitched the blind woman to the ground.

Snarling with teeth bared, the dog menaced what it thought was a threat to its mistress.

★ ★ ★

Another passerby who had caught up unwittingly tried again for the dog's harness, turning the situation into one of more grave danger.

★ ★ ★

The white-haired lady checked the arm of the passerby just in time.

The confused animal lurched again and snapped. A cab driver flew from his parked taxi.

All this in a few brief and terrifying moments . . .

The helpless blind woman awaiting her fate in the onrush of traffic.

The confused animal protecting its mistress from her helpers.

The bewildered rescuers.

Among them one white-haired oldster, calm, who knew what to do.

★ ★ ★

"Come this way, dear," she beckoned with her voice. And the blind woman was finally able to help herself. The oldster coaxed her to the curb.

NOT DOG'S FAULT

"Oh, there, there," she soothed her. "It wasn't her (the dog) fault."

"No," replied the blind woman, "I probably pulled her too hard in the wrong direction without realizing it."

"Where are you going?" asked the lady.

★ ★ ★

"To Saginaw and Mt. Clemens," the blind woman answered.

"Come on, dear, we'll go together," the lady said.

And the two of them, with the dog, left together, chatting as they walked down the street.

Goodfellows Trials Stymied by Verdict

(Continued From Page One)

stances of the case in my opinion were certainly beyond suspicion and inference," he said.

Gatewood was the first of 11 men to stand trial for allegedly keeping charity funds.

State Police detectives and racket squad investigators were equally stunned by the verdict.

They had planned and executed the investigation last Monday which led to the arrest of five township policemen, three firemen, a constable and three citizens.

One of the latter pleaded guilty. All were charged with larceny by conversion.

Police said they gave $57 in marked bills to the "newsboys." Only $6 of the marked money was returned in collections.

As Cash announced the verdict a little applause came from Gatewood's relatives and friends in the township recreation center's gymnasium.

But most of the overflow crowd of 600 remained silent.

'NOT BEYOND DOUBT'

"I didn't feel the state proved their case beyond a reasonable doubt," Cash said.

Lt. Howard Whaley, head of the detectives bureau at the Redford State Police post, felt differently.

"I feel we had a well prepared case. If we had it to do all over again, we could do no better," he said today.

Whaley said he was "very unhappy about the verdict." He said:

"One of our men gave Gatewood a marked $5 bill. Another was witness to this fact. We checked the collection money he turned in.

"The bill was not there. He couldn't have given it in change since there were no bills of higher denominations in his collections."

Gatewood said on the stand he didn't remember being given a $5 bill at all.

Cash said a marked dollar bill which State Police said they gave Constable Willie Brown turned up in Gatewood's receipts.

"That really was the clue which made it impossible for me to find him guilty without reasonable doubt," said Cash.

However, he said that he didn't feel Gatewoods' acquittal would be a precedent for the other cases.

Federal Jury Convicts 20 in Underworld Parley

(Continued From Page One)

their expensive cars and a roadblock was set up at the entrance to the estate.

FLED MEETING

Many delegates scrambled into their cars and sped straight into the roadblock. Others fled on foot into the nearby woods. John C. Montana, 66, a usually dignified former Republican councilman in Buffalo and onetime man of the year there, was caught when he hopelessly tangled himself in a barbed wire fence.

★ ★ ★

A few delegates got away, but the others were held for questioning. In the months following the raid, the delegates were interrogated by state and federal agencies. A result was the federal charge of conspiracy to give evasive and false answers. A federal grand jury indicted 27 of them last May as defendants and named 36 others as co-conspirators.

★ ★ ★

The defendants were reduced to 20 because four were fugitives, two had their trials severed because of illness, and one, Frank Cucchiara of Watertown, Mass., was acquitted for lack of evidence by Judge Kaufman during the trial which started Oct. 26.

★ ★ ★

The conviction gives the government a new lever with which to try to pry from the defendants the real purpose of the convention. As the defendants left the courthouse, seven were served with subpoenas to appear before the State Investigation Commission Monday. Cooperation with the commission could lessen a defendant's sentence.

★ ★ ★

None of the defendants are considered underworld kingpins but they are believed to represent some of the top echelon gangsters. None of them took the stand during the trial, which consisted mostly of the prosecution's presentation. Only Montana called character witnesses. Most of the defendants have indicated they prefer prison to talking.

ed to be set up to polish these proposals and to iron out differences.

In their meeting in De Gaulle's office, Eisenhower and the French president also took up Algeria, another sore point in relations between the two countries.

France is unhappy because the United States abstained recently in the United Nations on a resolution — opposed by Paris — urging the French and Algerian rebels to negotiate.

★ ★ ★

France also feels the United States should have given stronger support to De Gaulle's plan to give Algeria the right of self-determination after peace is restored in that North African territory.

Who Was Really Blind?

COLUMBUS, Ohio (UPI)— State Welfare Director Mary Gorman and Highway Safety Director J. Grant Keys said they compared notes and found several persons licensed to drive in Ohio are receiving welfare aid as being blind.

Huge Nativity in Manistee

Sets Christmas Scene

MANISTEE (AP)—One of the more fascinating Christmas decorations in the Manistee area for nearly a decade has been an eye-catching nativity scene prepared by master wood carver Albert Buerger.

Including more than 100 figures, some of them nearly life-size, it covers more than 700 square feet of space.

Buerger sets it up outdoors near his home at the east end of the city's main business district. A new background depicting a small village makes the scene more authentic this year.

Palm trees and grass mattings complete the surroundings. Garments are custom-tailored for each figure and the scene is specially lighted. Carols issue from a loudspeaker.

★ ★ ★

Buerger started his hobby shortly after coming from his native Germany to Illinois in 1926 when he was employed in production of wood products and spent leisure time carving religious figures.

He moved to Manistee in 1948 and started his first outdoor display.

Buerger describes the ability to afford the expensive hobby as a case of "bread cast upon the waters returning after many days."

Ever since he has been carving religious figures, he says, his personal fortunes as a builder of church furniture have expanded to a degree higher than all his expectations.

Space Setup Riles Johnson

Senate Dem Leader Assails Ike for Faulty Administration

WASHINGTON (AP)—Sen Lyndon B. Johnson (D-Tex) says America's civilian and military space efforts should be combined —"One man to be accountable, one man with powers to accomplish."

★ ★ ★

"We thought we had done this in the space act when we put the President in charge of it," the Senate Democratic Leader said Thursday night.

"If the executive department cannot or will not meet this responsibility," he added, "then the Congress must act."

★ ★ ★

Johnson, a possible contender for his party's presidential nomination next year, blasted President Eisenhower without mentioning him by name.

"It is not our technology that has failed," he said. "Our leadership has failed."

★ ★ ★

Johnson spoke at a dinner commemorating the 56th anniversary of the first airplane flight by the Wright Brothers.

'Beatnik' Bearded by Bad Board Battling Back

BOSTON (UPI) — It was bad enough, a young city employe said, when his superiors told him to shave off his bristly black beard or quit his job.

But when they implied he was a beatnik, it was too much, said David M. Ross, 24, a junior planner for the City Planning Board.

So Ross went to Superior Court yesterday with a petition to "enjoin and restrain" the board from firing him because he won't shave off his whiskers.

★ ★ ★

Ross said he was told that board chairman Timothy J. Regan Jr., was "extremely upset" over the beard.

What particularly annoyed him, he said, was a remark that "Beards are currently associated with beatniks and beatniks have no place on the planning staff of the city."

★ ★ ★

"Beatniks don't work," the young engineer said. "What's more I feel I have every right to grow a beard when I please. The growing of a beard does not constitute an action which harms any person or the public."

A hearing on Ross's petition comes up next Tuesday in a courtroom where a portrait of the late Judge James Bailey Richardson hangs on the wall.

The judge's face is hidden behind a luxuriant growth of whiskers.

MERRY CHRISTMAS

J. L. VOORHEES

Giving, is the spirit of Christmas. Age-old hymns sang by carolers are enjoyed by people in every country where Christianity is professed. The evergreen tree has a significance dating from the 8th century, replacing the sacrifices to Odin's sacred oak tree, taken to England where candles were used to bring back light to short winter days. Gifts are a legacy that have sifted down to us from the shepherds.

They brought gifts to the Christ child; Mary and Joseph were happy. Fragrance of baking cookies, fresh bread, roasting meat is as much part of Christmas as the tree, lights and gifts; they bring good cheer; harmony, peace to those around us.

Christmas is a birthday celebration but we think the Spirit of Christmas should be observed 365 days of the year. An unexpected gift given joyously is welcome no matter the day.

Keep the symbol of Christmas bright, all the time.

M. E. SIPLE

P. S. Merry Christmas to all of you.

Leaps Ahead 5 Points as Romney Tells Plans of 33-Pct. Output Hike

NEW YORK (AP) — A published statement by George Romney, president of American Motors, that his company will boost production by 33 per cent in the first half of 1960, sparked a jump of 5 points in the stock.

★ ★ ★

American Motors closed at 83 on 47,100 shares in trading on the stock market yesterday.

Sentiment also continued bullish about Ford's earnings and its 1960 prospects. Ford closed at 91¼, a net gain of 3 points.

General Motors and Studebaker-Packard were heavily traded, each gaining fractions. Chrysler rose 1½.

WILL HIRE 3,500

At Kenosha, Wis., Romney announced that the company's Milwaukee and Kenosha plants will go on three-shift operations early next year and 3,500 additional employes will be hired.

Operations will be on a 24-hour-a-day, six-days-a-week basis by late February, Romney said, "to meet unprecedented Rambler demands."

Employment at the two plants, now 23,000, will reach 27,000 by late February, he said.

Williams Asks Help for Houghton County

LANSING (AP)—Gov. Williams Friday asked Agriculture Secretary Benson to declare Houghton County an emergency feed grain area.

★ ★ ★

The designation would permit county farms to buy federal surplus grain for cattle feed at 52 cents a bushel, 58 cents under the current market price.

★ ★ ★

Bad weather, plus the green bug and red leaf virus, ruined the county's oat crop this year, the major grain produced.

★ ★ ★

The crop, 15 per cent of normal, represents a loss of 170,000 bushels. About 200 farmers, mainly engaged in dairy farming, were affected.

Clues Skimpy in Touhy Death

Blast Loosely Tied to Crime Syndicate, Days When Victim Ruled

CHICAGO (AP) — A piece of glass, some shotgun shells and a vague accusation against the Chicago crime syndicate were virtually all police had today in their efforts to bridge the years between Roger Touhy's heydey and his violent gangland-style death.

★ ★ ★

With these slender threads, police hoped to tie Touhy's death to the days when the slight little man known as "The Terrible," ruled Chicago's Northwest Side and fought off the encroachments of Scarface Al Capone.

Backing this theory was Walter Miller, 62, a retired police sergeant who was wounded with the 61-year-old Touhy last Wednesday night when two or three men opened fire on them with shotguns.

From his hospital bed, Miller told reporters that Touhy actually died of fright—the fright of those Touhy knew before he was sent to prison in 1934 for the kidnaping of John "Jake the Barber" Factor.

★ ★ ★

"Let me say it this way," said Miller. "Somebody might have to make adjustments in their lives since Rog is out. Some people may not be able to live as comfortable as they were before this."

"Miller said later he didn't know who the assailants were or who ordered Touhy's death. "I just can't say," he said.

Local Elections Tomorrow

Political Leader in Congo Warns He'll Defy Rulers

LEOPOLDVILLE, Belgian Congo (AP) — With local elections scheduled Sunday as a first step toward independence, one of the Congo's most powerful political leaders warns he will not recognize Belgian authority after the end of the year.

Joseph Kasavubu's Abako party is boycotting the election. Voters in large cities will choose communal councils in this big territory regarded a half-century ago as the personal property of the King of Belgium. Balloting in rural areas has already begun.

★ ★ ★

The Abako party newspaper published the statement denouncing Belgian authority as of Dec. 31. Copies were seized by the police, but many had already circulated in this city.

The statement called for talks between Abako leaders and Belgian authorities in January to discuss what relations might remain between Belgium and the 14 million Congolese. Belgium has promised them independence of sorts when tribal violence ends.

★ ★ ★

This is not sufficient for Kasavubu. He wants to form a nation of Bakongo tribesmen covering areas of the Belgian Congo, the French Congo republic and Portuguese Angola. France and Portugal would be almost certain not to agree to this.

Belgium's King Baudouin is here for a two-week tour. He was greeted on his arrival Thursday in Stanleyville by demonstrators calling for independence. Police used tear gas to break up the crowds.

★ ★ ★

The Belgians have scheduled the elections as a test of political sentiment. If Kasavubu can make good his threat to keep his followers from the polls, he appears certain to emerge as the Congo's most important leader. Other groups are split into scores of parties.

Dag to Rest Before His Trip to Africa

UNITED NATIONS, N.Y. (UPI) —U. N. Secretary General Dag Hammarskjold flew to Stockholm Friday for a brief stopover before starting out on a 15,000-mile-swing through Africa to find out what part the U.N. can play in helping the economic development of the continent.

★ ★ ★

Hammarskjold will confer with the top leaders in 21 states and territories in Africa during his six-week tour. He will meet also with Prime Minister Antonio de Oliveira Salazar of Portugal and Generalissimo Francisco Franco of Spain on his way back to New York.

Fined for Not Giving Doctor Party Line

MILLBURN, N.J. (AP)—A magistrate has fined a housewife $210 after ruling her guilty of refusing to interrupt her party line telephone conversation to let a doctor make an emergency call.

Magistrate Milton Freiman levied the fine Friday against Mrs. Peter Zelinski. No final action was taken on a codefendant, Jeanette Hausler, of Springfield.

Dr. Marvin Becker testified he tried five times to get the women to hang up Nov. 11 so he could call an ambulance to aid an elderly heart patient. He said the women told him "to go to hell."

Atlas Scores 2nd Success in Full Flight

CAPE CANAVERAL, Fla. (AP) —An Atlas intercontinental range missile registered its second successful full-range flight Friday night, streaking 6,325 miles to a target off the South Atlantic island of Ascension.

★ ★ ★

The launching came just one year after another Atlas was fired into orbit and broadcast President Eisenhower's famous Christmas peace message.

The Air Force announced Friday night's Atlas achieved all its test objectives and dropped a dummy warhead on an ocean target as planned. The last time an Atlas flew its full range was on Nov. 28, 1958.

★ ★ ★

Several other Atlases have covered courses ranging up to 6,000 miles.

The success was the 13th straight for the Atlas, which was declared operational last September.

Veterans Fund to Yield Only About $40 Million

LANSING (AP) — Michigan will realize only about 40 millions in cash in liquidating the 50-million-dollar veterans trust fund, Treasurer Sanford A. Brown estimated today.

★ ★ ★

The money is tied up in low-interest government bonds that will have to be sold on a declining market, Brown explained.

"There are so many other bonds and securities that offer a better return that they are not looked upon as a desirable investment," he pointed out.

The state can't expect to get the cash quickly.

WANTS 30 DAYS

Brown said he would like at least 30 days to work out an orderly sale of the securities.

About 37 million dollars of the fund is tied up in bonds callable in 1957 and maturing in 1972. They have been drawing 4.52 per cent interest.

"As soon as it is know we have them for sale, it will depress the market," Brown said.

★ ★ ★

Brown said he thought about seven million dollars in immediate cash could be raised on securities closer to maturity, some due in 1962. This money might be available in as soon as a week, he said.

Brown estimated value of the trust fund bond portfolio dropped about $1,500,000 during the past year and said the drop is continuing.

They cannot be offered on the market until enabling legislation is signed by the governor and the bonds are turned over from the trust fund to the treasurer's office, probably early next week.

11-YEAR RESTORATION

The bill liquidating the trust fund provides for its restoration over the next 11 years. It also calls an annual appropriation of $1,200,000 to continue the veterans benefits the fund has been providing.

The trust fund cash was made available at the time of a state surplus in 1943 and the money was officially converted into a trust fund in 1946.

Then Gov. Harry F. Kelly said it was intended to assure that no veteran would have to sell apples on the street corner.

★ ★ ★

The fund extends help, based on need, to veterans unable to get emergency assistance elsewhere.

★ ★ ★

Grants for medical treatment, rehabilitation, and the care of children of veterans have been typical uses of fund money.

Flint Woman Is Named to MESC Council Post

LANSING (AP)—Appointment of Jean Addison of Flint to the Michigan Employment Security Commission Advisory Council was announced Friday by Gov. Williams.

★ ★ ★

She will succeed Walter Campbell, resigned.

The appointment is for a term ending April 21, 1963, and does not require Senate confirmation.

Italy to Launch Rockets in 1960

Tests to Go as High as 500 Miles, Using Parts Made in America

ROME (AP)—Italy plans to launch its first space research rockets in 1960. It hopes to send up five or six from the Mediterranean island of Sardinia.

The main object of the tests will be to help solve problems of re-entry into the earth's atmosphere.

★ ★ ★

Italian space plans were disclosed in separate announcements by Gen. Silvio Napoli, chief of staff of the air force, and Prof. Luigi Broglio, president of the commission for space research of the National Research Council.

★ ★ ★

They said solid-fuel missiles constructed entirely in Italy will be used for tests to an altitude of 150 miles, while missiles using some American parts will be employed in tests up to 500 miles.

Cederberg With WJBK in Jac LeGoff's Spot

DETROIT (AP) — Carl Cederberg, veteran newscaster for Detroit Radio Station WWJ, has been hired by WJBK-TV here, effective Jan. 4.

Cederberg, a native of Bay City and formerly with radio station WBCM there, joined WWJ in 1946. Cederberg will handle 6:30 p.m. and 11:30 p.m. news telecasts formerly handled by Jac LeGoff.

LeGoff was fired by WJBK-TV last Nov. 18 for what the station said was "editorializing" in violation of company rules. LeGoff defended payola — gifts to disc jockeys and others for favors — as part of the American way of doing business.

Antibypass Bias Slips as Richland Sides With State

RICHLAND (AP)—Solid opposition to highway bypasses around cities is beginning to melt, if the attitude of this tiny Kalamazoo community is indicative.

★ ★ ★

For years, the State Highway Department has backed a program of bypasses skirting cities. The department says a trunkline through the center of a municipality impedes traffic and constitutes a safety hazard for motorists and pedestrians.

But the agency has run into almost 100 per cent opposition. Most of it comes from downtown merchants who claim they would lose business and from municipal officials who fear a decline in tax bases.

This week highway officials got a shock when they held a public hearing in Richland on planned improvements on M89. This highway and another trunkline, M43, meet in the center of the town.

Nearly one-third of the population of about 350 turned out for the hearing.

And, to the surprise of hearing officials, the witnesses asked unanimously for bypass construction removing both trunklines from the village.

It Seems to Me . . . .

Ike's Trip Abroad Best Way of Promoting Our Goodwill

President DWIGHT D. EISENHOWER has done this country a magnificent service in his trip abroad.

★ ★ ★

It has been a "triumphal tour" and any lesser designation is inaccurate. The President has comported himself in the very best traditions of his country. That friendly smile was always on display. In spite of the exhaustive schedule, he conducted himself just as 180 million Americans wanted.

He was a real star.

The man was terrific.

★ ★ ★

This nation is fortunate to possess a titular ambassador that can spread good will so effectively. We have too much unjustified ill will. The world is filled with people that don't believe it's unwise to "bite the hand that feeds you."

Whenever he spoke, the President said the right things. He was never arrogant or pompous. And yet he never forgot that he was the head of the greatest nation on earth. A proper balance between these two isn't always easy, but EISENHOWER handled himself perfectly.

★ ★ ★

On a trip such as this, there are always many places where advance plans cannot cover unexpected situations. All the diplomats in the world can't foresee the incidents that arise spontaneously.

These separate the men from the boys.

And Eisenhower never failed.

★ ★ ★

Furthermore, the press accounts provided by the Associated Press, United Press International and Reuters are truthful and accurate. When KHRUSHCHEV traveled in the United States he received mixed receptions. Always the crowds were friendly and respectful, but at times they were notably lacking in great enthusiasm; and on occasions they were small. These facts were duly reported here.

★ ★ ★

But it was different in Russia. The government-controlled newspapers announced anew each day that their leader was "greeted by the greatest crowds in the history of the city." Always "enthusiasm was at white heat" and always ole KHRUSHY was "cheered to the echo."

★ ★ ★

We report the truth here.

The Government has no control.

When Richard Nixon was in Central and South America, the crowds in some countries were enthusiastic, some lukewarm, some quietly hostile and some actually bestial. The A.P. and U.P.I. reported precisely that. In a few instances natives actually spat on Nixon and this was immediately printed. That's one of the basic differences between capitalism and communism. Under our system, the people hear the truth. Under communism, they learn what the Communist leaders decide.

★ ★ ★

EISENHOWER may well be the most popular man in the world. His receptions have been uniformly magnificent. Nation after nation has actually "gone wild" over IKE.

He's a great representative.

Our cause has been greatly advanced.

Hats Off to Osteopaths . . . .

Everyone I've talked with agrees that the osteopaths deserve a standing ovation for their current hospital action. Without any fanfare; public discussion or talk of subsidies, they laid a jugful of folding money right on the line and took over the HABEL property for expansion purposes.

★ ★ ★

Already they are operating a hospital of 150 beds, and when the Habel remodeling is completed there will be 170 more. Here are 320 hospital beds that haven't cost the citizens at large a plug nickel. More than a million dollars is involved in the new deal.

★ ★ ★

Hats off to the osteopaths.

They're helping solve a problem.

Also, an unoccupied piece of property becomes active and thus removes another yawning vacancy, several of which have plagued us a bit of late.

And in Conclusion . . . .

Jottings from the well thumbed notebook of your peripatetic reporter:

Hang onto your hats. Capital Airlines says it will have the new Convair 880 Jets next fall and they'll whiz past any commercial planes in the sky today . . . . . The U.S. may make WINSTON CHURCHILL an honorary American citizen. His mother was an American . . . . . Those Christmas decorations on Saginaw Street are especially spiffy and deserve three cheers.

★ ★ ★

Charley Goren, Sports Illustrated bridge expert, banks 150 grand per annum . . . . . New York understands Margaret Truman has been offered a concert tour through Europe . . . . . Purely personal nomination for an especially attractive young woman: Marjorie Patterson Pflug . . . . . Only 50 per cent of Americans take vacations in the summer now: 22 per cent are in the fall, 17 per cent in the spring and 10 per cent in the winter . . . . . New York will get its first "downtown" motel — a 3 million dollar job at 49th and Tenth Avenue.

★ ★ ★

A London professor says in time we won't talk any more. We'll just read each other's minds. When that happens, another million men a day will get their ruddy faces slapped . . . . . Your Uncle Samuel will pay interest charges of $9.1 billion next year. And this won't reduce the debt one penny. It just pay the service charge . . . . . A belated explanation of the ROONEY-PAAR incident: "Just par for the coarse." . . . . . Experts tell me CLYLE HASKILL is a particularly up and coming younger businessman.

★ ★ ★

"I wouldn't vote for you if you were St. Peter," scoffed the citizen. "Correct," agreed the politico. "You'd be living in the wrong precinct" . . . . . Our own Joe Haas has planted 5,000 tulips personally for next year . . . . . The Associated Press required dispatches totaling 50,000 advance words to arrange for complete coverage of Eisenhower's tour . . . . . Dept. of Cheers and Jeers: The C's — the last Jack Benny Show; the J's — the last Alfred Hitchcock show. Booooooo! (And "What's My Line" should perk up, too).

—HAROLD A. FITZGERALD

"IT ISN'T possible for anything mechanical or electrical to be smarter than a human being," says an electronics calculator techincian. Oh, yes, it is. A television set that decides to take a vacation can easily outwit all the TV repairmen in town.

The POWER of FAITH *by Howard Brodie*

"For unto you is born this day in the city of David a Savior, which is Christ the Lord.

And this shall be a sign unto you: Ye shall find the babe wrapped in swaddling clothes lying in a manger . . .

Glory to God in the highest, and on earth peace, good will toward men."

— Luke 2 11-12-14

Days of All Faiths:

Christmas Season Lasts 12 Days

By DR. HOWARD V. HARPER

Besides being (with Easter) one of the two greatest days of the Christian year, Christmas is also a "season" — 12 days long. This is why they wrote the now-too-popular song about "The Twelve Days of Christmas."

★ ★ ★

No religious season could possibly be concerned with such nonsense as partridges in pear trees and maids a-milking, but the silly song does confirm the fact that in olden times they thought of Christmas in 12-day terms.

And certainly it indicates that the folks in those days really let themselves go. It was a time of hilarity, commemorating an event that is quite beyond man's power fully to celebrate: the birth of the Savior of the World.

As with any festival season, Christmas is preceded by a time of self-examination and penitence. In the case of Christmas, this period of preparation is four weeks long and is called Advent.

★ ★ ★

Then, on Dec. 25, with the penitential season ended and the heart prepared, the gladness of Christmas breaks upon the world and men begin to rejoice in the strength of their salvation. One day is not nearly enough for the expression of this joy. Wisely the Church sets aside 12.

FIRST MARTYR

Within the Twelve Days of Christmas there fall certain special days, such as next Saturday, which is dedicated to Saint Stephen. By tradition this is the day "Good King Wenceslas looked out" on the snowy landscape and was moved to an act of charity that ended in a miracle.

It is also known in England as "Boxing Day," because for many years it has been the day on which servants and tradespeople show up at the back door to get their "boxes," that is, the packages containing their Christmas presents.

But the day is really about a young man named Stephen, who was the first person ever put to death for being a Christian. It happened in the year 34.

★ ★ ★

We first encounter Stephen in the sixth chapter of Acts, when the Apostles ordained Christianity's first deacons. Stephen was one of these, apparently the outstanding one, for he is the only one about whom the writer says that he was "full of faith" and that he "did great wonders and miracles among the people."

It was Stephen's faith and power that led to his death. He spoke with such spirit that he made converts in large numbers, which greatly disturbed the leaders of the synagogue. At first they tried to debate with him, but he always won. Finally they brought charges of blasphemy against him and got a conviction. The penalty was death by stoning.

Many Americans Take Aspirin for Everything

Please give your candid opinion of the value or aspirin as a remedy for cold or flu . . . (H.W.)

Ans. — Are you insinuating, sir, that I give opinions that are not candid? I have said many times that, in my opinion, aspirin is the least dangerous analgesic (pain killer we have — notice I don't call it safe—but aside from relieving ache or pain it has no remedial or curative effect. That so many Americans take aspirin even though they have no ache or pain indicates a national predilection to drug addiction.

DR. BRADY

★ ★ ★

When I asked for quinine-and-B1 tablets for prevention of stage fright and examination jitters, the druggist flew off the handle and called you a crackpot . . . so I went to another druggist and he had only quinine capsules . . . (Mrs. W. H. T.)

Ans. — It isn't very profitable. Send stamped, self-addressed envelope and ask for my free pamphlet Stage Fright and Examination Jitters.

★ ★ ★

Would a tubercular person show a normal reaction to smallpox vaccination? Have heard it is dangerous for such a person to be vaccinated, but the doctors here say it isn't. (H. R. H.)

Ans — It seems obvious that you refer to tuberculosis — Tuberculous is the word. The term tubercular might apply as well to leprosy, syphilis or other disease characterized by formation of nodules or tubercles in the affected tissues or organs. There is no reason why one with tuberculosis should not be vaccinated. In fact during one epidemic vaccination of 773 obstetric patients, 676 newborn babies, 90 erysipelas patients, 425 diphtheria patients, 644 scarlet fever patients and 386 tuberculosis patients, to say nothing of many with measles, mumps and other illnesses, gave excellent takes and there were no bad results.

Boil water in an aluminum vessel and then put goldfish in it. The fish won't live. How much do the aluminum people pay you for kitchen ware? (Anonymous)

Ans. — Boil water in any kind of vessel and put any kind of fish in it. They won't live. Keep a little stream of air bubbling through the water or keep a little stream of water spraying through the air or otherwise agitate the water so it will absorb some air and any kind of fish will live in it in any kind of vessel. If the aluminum people are going to pay me anything for endorsing aluminum kitchen ware I hope they'll hurry up — they're many years in arrears with it.

Signed letters not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Case Records of a Psychologist:

Wives, Prolong Husband's Life

Marsha was doubly shocked. For I told her the latest figures show the average wife will be a widow for 10 years. You wives better become more "bossy" around the house so you can help insure your mate at least five years longer lifespan. Scrapbook this case for re-reading each month.

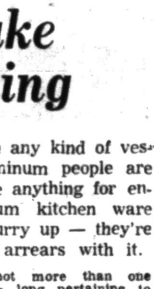

★ ★ ★

By DR. GEORGE W. CRANE

CASE D - 430: Marsha G., aged 34, is a well adjusted housewife.

★ ★ ★

"But, Dr. Crane," she protested, "I worry about my husband, for he works under too much pressure.

CRANE

"His blood pressure is up 20 points, and he also has symptoms of peptic ulcer.

"How can I get him to slow down and enjoy life more fully?"

Wives, a recent report indicated that each of you can expect to be a widow for 10 years before your own death.

★ ★ ★

"Gracious, Dr. Crane," Marsha exclaimed when I gave her that figure, "you don't mean that women outlive men that long, do you?"

No, but the usual wife is about three years younger than her mate. And married women now have about 7 years more lifespan than men, so the net effect is about 10 years of widowhood for the average wife!

As a result, you thoughtful women like Marsha should be a little more "bossy" in the home.

★ ★ ★

See that your tense husband has a hassock in front of his easy chair and teach him to use it daily!

For when he props his feet on such a stool, his vertical height is cut almost in half. Thus, his heart can beat more slowly and under less pressure.

If you love your husband and wish to keep him for several extra years, then coax, cajole or "sell" him on the following practical home methods for adding to his lifespan:

★ ★ ★

(1) Give him that footstool. In fact, it's wise to have several in the house, for you wives can benefit from them, too.

If your ankles tend to swell by nightfall, a hassock will help reduce this effect and slenderize them.

(2) Stop the tobacco habit. Despite the attempt of the vested financial interests to minimize the hazard of lung cancer and, much worse, coronary attacks from cigarets, we medics still warn you against tobacco.

Cancer researchers say that the steady smoker shortens his life by from 5 to 7 years! And that's not malarky!

★ ★ ★

Their figures also show that the man who smokes one pack of cigarets per day has 10 times as much chance of lung cancer as the non-smokers.

And the 2-pack per day addicts has 60 times more chance of cancer!

(3) Eliminate overweight. Go on a mutual diet, for you get better results when you diet as a team or group. For then one person can prod the other and vice versa.

Obesity causes cancer, too, as well as heart attacks, diabetes, etc.

★ ★ ★

And it wears out your heart prematurely, for every 5 pounds of excess fat force your body to sprout 3 miles of extra blood vessels.

Each beat of your heart then must move blood in those extra 3 miles of "pipes," thus making your heart work harder.

(4) Take daily vacations. Don't drive yourself hard till August and then try to do a sudden, frantic let-down! Our oldest boy used to grin when he headed for bed before all of his homework at school was finished.

"Health before homework," was his excuse, and that wasn't a bad motto.

So go to a movie. Or play dominoes or double solitaire with your

mate. Consciously let down. To help get the proper attitude, just think:

"Suppose I don't wake up tomorrow! So I better not make such mountains out of my little workaday molehills. Instead, I'll relax with my wife and kids and have a little fun — TODAY!"

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

'Waterford School Board Ignores Taxpayers' Wish'

How stubborn can you get? That Waterford School Board is simply running against the wishes of the students, past and present, to change the fine name of the school.

★ ★ ★

Is the board ashamed of Waterford? If it is, the members should slink out of town and live somewhere else. The name they've selected has no significance at all. There are 10,000 Americans as well known and hundreds that have done more for this section.

★ ★ ★

Here is a clear case of the servants of the people taking advantage of their position and ignoring the taxpayers' requests. We need more representative school board and one that thinks more clearly and, what's a lot more important, more loyally.

★ ★ ★

Those that are ashamed of the word Waterford better clear out or at least resign from public office.

'They Don't Attend Things They Have'

I agree Clarkston hasn't much recreation, but that's because most of the kids don't attend functions they do have. The school and local churches are doing all they can, but how can they succeed if nobody shows up? There's no excuse for those boys acting that way, no matter what town it's in.

'Reader's Answer Not That Simple'

Norman Genez said the solution to Lady Chatterly's Lover was simple—just don't buy it. Norman, it isn't that simple for I never bought a copy myself, but a very dear friend gave it to me and said she had only read half and did I want it. Well, I read both halves and it's the dirtiest thing ever printed. So, you don't have to buy it to get it and just to make it worse I gave it to another girl when I got through and believe me my name will not be signed to this letter.

Well, 23-year-old wants to know what class drivers to get off the road to make safer driving. Auto insurance companies have the answer. Take all drivers under 25 off the road. That's why insurance rates are so high in that age group. Also, take all drivers off the road that use alcoholic drinks in any form or quantity. Tests show one bottle of beer retards a person's reaction. There's your answer, 23.

'Ask Yourself What Jesus Would Do'

Jesus has laid down the rules of life for proper living and everyone should read all about Him and His teachings and learn them by heart. Then when confronted with problems we must decide, we should go into silent communion and ask what Jesus would do under the same circumstances. We could only conclude Jesus would do nothing to hurt anyone but would try to help everyone. Why don't you give it a try? You won't hurt anyone and you'll have a much happier life.

Children's Program to Start With Worship

Christmas services at St. Mary's-in-the-Hills Church on Joslyn road will include a children's program at 4 p.m. Sunday.

Built around the theme, "Christ's Birthday," the program will start with a brief worship service in the undercroft. Dr. Daniel McGeen and Tom Culbert are in charge of festivities.

Carols of Many Nations Planned

Choral Vesper Is Set for 5 P. M. Sunday at Presbyterian Church

Swedish, Austrian, German, English, Polish and other Christmas carols will be sung at the annual Choral Vesper at 5 p. m. Sunday in the First Presbyterian Church. Mrs. Michael Siano will sing Schubert's "Ave Maria."

The music is under the direction of Lyndon Salathiel, choir director and organist.

★ ★ ★

The church school service will be held at 9:30 a. m. Sunday in the sanctuary under the supervision of Mrs. Philip Proud, assisted by Florence Schlesser, Mrs. Charles Buck and Judy Whitmer.

Children in the younger age group will provide most of the program. Ushers and greeters will be teen-age young people.

Dr. William H. Marbach will preach on "Peace and Good Will" at 11 a. m. The choir will sing "Come, Thou Long Expected Jesus," "Comfort Ye, My People" and "The Glory of the Lord." Jack Hillian will present a solo.

★ ★ ★

Junior and senior high young people will carol at homes of the sick or elderly at 6:30 Sunday evening. They will return to the church for refreshments as guests of Dr. and Mrs. Marbach.

'O Little Town of Bethlehem' Inspired by Trip to Holy Land

Phillips Brooks wrote the verses of "O Little Town of Bethlehem" for the children of his Sunday School at Holy Trinity Church in Philadelphia while he was rector there.

In 1865 he spent a year in the Holy Land, and on the day before Christmas went on horseback from Jerusalem to Bethlehem and visited the fields where, traditionally, the shepherds watched their flocks.

From 10 in the evening until three the next morning, he attended the Christmas service in the Church of the Nativity. The sublime experience became the background three years later for this carol.

Mr. Brooks had written the children from Palestine, "I remember especially on Christmas Eve when I was standing in the old church in Bethlehem, close to the spot where Jesus was born. The whole church was ringing hour after hour with the splendid hymns of praise to God."

A graduate of Harvard University, he was born in Boston in 1835. He attended Harvard at the time Lowell, Holmes, Agassiz and Longfellow were teaching there. He studied for the ministry at Episcopal Theological Seminary at Alexandria, Va. and was ordained in 1860.

Although called the "prince among preachers" of his day, he is most remembered because of his song, "O Little Town of Bethlehem."

Lewis Redner, organist and Sunday School superintendent at Holy Trinity Church, wrote the music for the beloved carol. He had been requested by Phillips Brooks to compose a melody and had promised the children he would have it for a certain Sunday.

At bedtime the following Saturday, the tune was still unwritten. During the night he was awakened by an "angel strain" ringing in his ears.

He wrote down the melody and finished the harmony the next morning. According to records, Redner always insisted it was a gift from heaven.

Published in The Church Post in 1874, the song was practically forgotten until printed in the hymnal of the Episcopal Church in 1892. Since then it has been popular in both the United States and England.

Yule's Significance Will Be Explained

"The Significance of Christmas" will be the theme of the Rev. Theodore R. Allenbach's sermon at 10 a.m. Sunday at the Oakland Avenue United Presbyterian Church.

The adult choir will sing four Christmas anthems.

At 7 p.m. the Sunday School will present the program, "Christmas Pathways." Included will be recitations, special music by the junior choir and a play.

Former youth director Mrs. Gloria Luck will tell the flannelgraph story, "The Manger Secret," at 7 p.m. Thursday. Carol singing and special Christmas music will be featured.

"COMMON RELIGIOUS ERRORS NOT ENDORSED BY THE BIBLE"

In denying the proposition that God heals MIRACULOUSLY and INSTANTANEOUS today exactly as he did through Jesus, the apostles, and others of the first century. Many people become alarmed and immediately assert that you are: 1. limiting and questioning the power of God, 2. dis-believing in prayer, 3. weak in faith, 4. asserting that God cannot do today what he did yesterday, 5. leaning more heavily on man than on God. However, these accusations are not true, it is only that we are misunderstood and implies that the accusers are not familiar with the scriptures.

Frequently Hebrews 13:8 is quoted. This passage is true of course, for Christ has not changed nor has God changed but the LAW HAS BEEN CHANGED. We read of the law being changed, Heb. 7:12. Long ago he saved in the ark but TODAY he saves in the church. Long ago he saved before and without baptism, TODAY he saves after baptism, Mk. 16 16. No, God and Christ have not changed but the law has.

We believe in prayer, for the Bible constantly encourages us to pray, Lk. 18:1. However, we must remember that we are not ONLY TO PRAY, but to ACT in accord with our prayer. For example, we are told to pray for our daily bread, Matt. 6:11, but we are not expected to pray and lie down to sleep and wake up and the bread be by the bed, even so, we are to pray for the sick and to thank God for healing them, but we are not expected to fall to MINISTER unto them. A story is told of a man who had an artery cut and instead of PRAYING AND TIEING the artery, the people just prayed. Such is the ignorance manifested by FAKE FAITH HEALERS?? today.

We believe in faith, but some seem to think THAT FAITH AT THE MOMENT ON THE PART OF THE ONE BEING HEALED IS ALWAYS AS INDISPENSIBLE PREREQUISITE OF MIRACULOUS, INSTANTANEOUS HEALING. Such is not true. What about Lazarus of Jno. 11 and Eutychus of Acts 20? What about the servant of Matt. 8 and the ruler's daughter of Lk 8? Did these have faith at the moment?

We believe that God can do today what he did yesterday but the question is, HAS HE PROMISED TO DO THE SAME THINGS TODAY AND IS HE DOING THEM? 1. Yesterday He made a man out of dust, is He making men that way today? 2. Yesterday He raised the four dead, is He doing that today? 3. Yesterday He fed five thousand with two fish and two loaves, is He feeding men that way today? 4. Yesterday he stilled the tempest and calmed the sea, is He doing that today? No, He is not, but He could, couldn't He? God is not in the MIRACULOUS WHOLESALE HEALING BUSINESS. HE IS IN THE OBEDIENT SOUL-SAVING BUSINESS. HE HAS NOT, HE DOES NOT, AND HE WILL NOT HEAL ALL MIRACULOUSLY AND INSTANTANEOUSLY BUT HE WILL SAVE ALL WHO OBEY HIS WILL. Heb. 5:8,9

Members of the General Motors Club once again have dressed dolls as gifts to girls who otherwise might not receive a Christmas present. Employes at Fisher Body, GMC Truck & Coach and Pontiac Motor divisions have worked on the annual project. Pictured with some of the 650 dolls are Judy Yaeger, left, and Mrs. Dale Hoobler of Pontiac Motor Division.

GM Girls Club Dolls Up Christmas for Children

For several years the General Motors Girls Club of Pontiac has made it a project to dress dolls as gifts for girls who otherwise might not receive a Christmas present.

★ ★ ★

This year some 650 dolls will be given to the Oakland County Children's Home, crippled and muscular dystrophy children at Mark Twain School, the Leukemia Clinic at St. Joseph Mercy Hospital and patients at Dearborn's Veterans Hospital for distribution to their youngsters.

The club also has given dolls to the Gold Star Mothers to present to children of veterans at the Oakland County Tuberculosis Sanatorium.

★ ★ ★

Needy families brought to the club's attention also are remembered.

The especially successful ingathering of dolls recently was made at each of the GM plants in Pontiac.

Mrs. J. C. Pickering was chairman at GMC Truck and Coach. Mrs. Margaret L. Dernberger was in charge of the project at Pontiac Motor Division and Norma Smith was the committee member representing Fisher Body Division.

Cocktail Parties Scheduled

They'll Precede Epsilon Sigma Yuletide Dance

Dear Abby Blames Mom

Mother Has Problems With 15-Year-Old Son

By ABIGAIL VAN BUREN

DEAR ABBY: My 15-year-old son has been going steady with a 13-year-old girl since last May. He practically lives at her apartment. Her mother is home but that doesn't make any difference.

ABBY

They still lay on her bed listening to records with the door shut. I saw it myself when I walked over there at 11:00 p.m. to tell him to come home. They have sat on our front steps in broad daylight with her crawling all over him and running her fingers through his hair and around his ears. It made me sick.

When I talk to him he hums and tells me to save my breath. His school called and said they are ready to throw him out because he cuts classes to go to her school and walk her home. I am half out of my mind with this problem. How does a mother handle a son who is bigger than she is when his father is dead?

HEARTSICK MOTHER

DEAR HEARTSICK: You are desperately searching for the fire hose after the house is in ashes. You didn't wake up one morning to find your 15-year-old son "out of control." He got out of control by inches. And you gave in an inch at a time. A 15-year-old boy who is all wrapped up in a 13-year-old girl, has no respect for his mother and defies the rules at school is a sitting duck for double trouble. If it isn't too late for a clergyman or an understanding teacher to straighten out this boy, the Law will do it eventually — the hard way.

★ ★ ★

DEAR ABBY: Here is my story and every word of it is true. Eight years ago I married a man who said he loved me so much he couldn't live without me. From the day I married him I have worked like a dog both at home and on split-shift waiting tables. He makes good money himself, but I have yet to see the first quarter. All these years he has never taken me on a vacation. But he goes himself every summer for three weeks. He has bought himself hunting guns, fishing tackle, and an outboard motor for cash. But he owes me $1,100. I buy all my own clothes, pay my own doctor bills, insurance and automobile. It looks like I married him for the privilege of sleeping with him. Is it worth it?

FRANCESS

DEAR FRANCESS: I don't know. Is it?

★ ★ ★

DEAR ABBY: I was born a third degree breach case and everything has been backwards for me ever since.

I had to quit school at 16 to help out at home because my mother was sickly. When I should have been having fun I was stuck at home. Mother died. At age 29 I took a business course which led to a good paying job. Then they moved our offices way out in the sticks and decided to employ only local women. I'm no Miss America but uglier girls are getting married every day.

How does a respectable woman my age meet a respectable man? Or aren't there any left?

BACKWARDS

DEAR BACKWARDS: Get interested in some outside activities. Church, choir, adult study groups, volunteer work or politics to name a few. Respectable people are found in respectable places. And be sure to let your friends know that you are interested in an eligible man your age. Almost everyone has a cousin, brother or visiting fireman.

For Annual Meeting

Story Leagues Gather

Mrs. William Dawson and Laura Cobb were hostesses when the Pontiac and Walled Lake Story Leagues gathered for the annual Christmas meeting Thursday at Adah Shelly Library.

President of the Walled Lake League, Mrs. Paul McKibben, welcomed members and guests with a poem expressing Christmas greetings.

★ ★ ★

Program chairman of the Walled Lake group, Mrs. Walter Heinke, introduced the story tellers.

"The Christmas Promise," by Ruth Sawyer, a Spanish tale, was told by Julia Dalzell. Mrs. McKibben told the story, "The Little Star," by the Rev. Richard Blanchard and Mrs. Theodore R. Fauble related "The Voyage of the Wee Red Cap," an Irish tale by Ruth Sawyer.

Christmas carols were sung with Mrs. McKibben accompanying on the auto-harp.

★ ★ ★

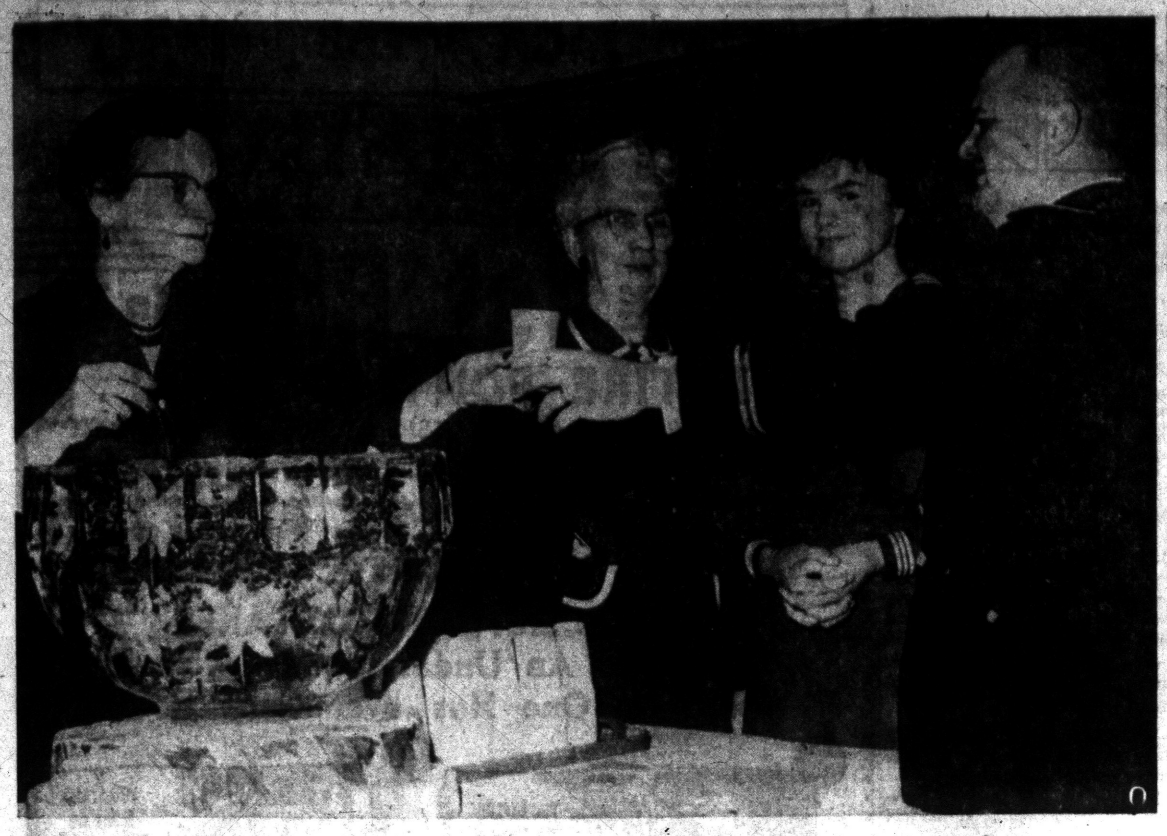

Mrs. Harold Tripp, a guest, told of the opening of the new children's play room at Pontiac General Hospital and the work being done by the hospital's auxiliary members for hospitalized children at Christmas.

Guests also included Mrs. Don E. Newman, Mrs. E. V. Mercer, Anna Weborg of Walled Lake and Laura and Jean Dawson.

Tips Okay; Can Go to Red Cross

By EMILY POST

Dear Mrs. Post: My husband and I own and operate a small motel and very often our guests offer us tips for taking ice to their rooms. I would like to know it it is proper to accept these tips or should we refuse. We do not have bell boys or mail service.

Answer: You might say to those guests who offer you tips, "As my husband and I are the owners of this motel we have decided to help the Red Cross by asking anyone who offers us a tip to put it in the box by the entrance."

★ ★ ★

Dear Mrs. Post: Is it the obligation of the bride's family to provide transportation for the wedding guests who have no cars, from the church to the reception?

Answer: In a city, no, but in the country where there are no taxis, those who have come by train and have no cars, should be provided with transportation.

Yule Program Is Presented at Wever School

Pupils of the Wever School presented their Christmas program for parents at the December PTA meeting Thursday in the gymnasium.

The Wever Band opened the program with a selection of carols, and all grades sang "Silent Night."

The Carolers, Enoch Green, Carol Taylor, Londa Briggs, Suzie Norberg, Cindy Carle, Debbie Talbott, David Somers, Tommy Kay and Joseph Wheeler, explained the significance of many favorite carols.

Kindergartners through the fourth grade sang Christmas hymns and songs. "'Twas the Night Before Christmas" in song and pantomime was done by the fifth and sixth grades and Larry Smith, Judy Thomas and Phillip Lawrence appeared in the pantomime.

The program closed with all grades singing "We Wish You a Merry Christmas." Music for the program was directed by Mrs. Melvin Boersma, assisted by Gail McLaren.

Gold was discovered for the first time in Idaho in 1860.

Yule Film Viewed by Wesleyan Guild

Members of the Junior Wesleyan Service Guild of Central Methodist Church were entertained by Helen Kinney and Mabel Smith of West Huron street Tuesday.

Eunice Collins gave evening devotions. Background music of recorded Christmas carols was played while films on the origin of Yule customs were shown. Miss Kinney read a Christmas story.

USO Is Host for Yule Party at the Armory

Military personnel at Pontiac area Nike sites and men from the local recruiting stations were entertained by the USO at a Christmas party Thursday evening at the Natonal Guard Armory.

★ ★ ★

General chairman of the affair was Kay Vedder of the YWCA. Assisting her with refreshments was Mrs. Lewis Swartz.

A USO show from Detroit and dancing to a five piece band provided the evening's entertainment. Junior hostesses were supplied by the Pontiac YWCA. Members of the Y-Teens had charge of the check room and coke bar.

★ ★ ★

Local groups assisting with refreshments were the Waterford - Clarkston Business and Professional Women's Club; MOMS unit 33 of Gingellville; the Gingellville Branch of the National Farm and Garden Assn; St. Michael Altar Society; Daughters of Isabella, circle 479; Mariner Ship 590, the "Mackinac;" and the Pontiac League of Catholic Women.

Santa and the ICE KING

by LUCRECE HUDGINS BEALE

SYNOPSIS: Oonik and Santa have finally found the Ice King, busily grinding out harsh winter storms from his fearful ice castle. When Santa explained that he and Oonik had come as friends, the Ice King stopped his work and suddenly burst into tears.

Chap. 12

Oonik marveled to see the Ice King cry. Even the King's tears were made of ice. They rained from his cheeks and clattered to the floor like hailstones on a roof.

"What is it? What is the matter?" cried Santa in alarm.

"Nothing," replied the Ice.

"WHO WOULD ever marry me," wailed the lonely Ice King.

King kicking away the tears. "It's just that you're the first to ever come here and call him-self friend."

Then he told Santa how all his life he had lived alone in his frozen castle where not even a servant would live. How no one ever came to call. How he had no friends and everyone in the whole world hated him because he was Winter itself and brought everyone cold and misery.

"But you are wrong!" protested Santa. "Winter has its proper place. Children love snow and animals love to hibernate and even grownups love to sit before their fires on stormy nights."

The King's face brightened. "Do they really like me?" he asked.

"Of course they do," replied Santa.

"I'M SO LONELY"

"But now," went on Santa sternly, "it is August. For four months the world has waited for spring and summer but still you send your ice and snow and frigid winds. That is wrong. Why do you do it?"

"It's because I am so lonely!" burst out the Ice King. "All winter I can keep busy making storms but in summertime there's nothing to do but sit and mope. So this year I decided I would just keep on making winter forever and that way I'll always be busy and happy too."

Santa shook his head sadly. "And so the whole world will freeze and starve."

The Ice King hung his head and walked away. "I thought since they hated me anyway I might as well be really hateful," he mumbled.

Santa took out his pipe and lit it. For a long while he smoked in silence and then he said, "You must get a wife."

"What?" cried the Ice King turning to stare.

"A wife. You must get a wife to love you and care for you and keep you from being lonely or feeling hateful again."

"A wife!" whispered the Ice King an his eyes softened and he began to smile. Then his face clouded over and he burst out bitterly, "Who would every marry me?"

★ ★ ★

There are lonely maidens in the world just as there are lonely men," said Santa. "The trick is to get them together. I have in mind for you a beautiful creature whom I happen to know is in a marrying mood."

"Who?" said the Ice King eagerly.

★ ★ ★

"The Sun Daughter," said Santa. She dwells in the East where the sun rises each day." He paused and scratched his head. "Ah," he sighed. "If only I had my reindeer back we could travel there in a single day!"

★ ★ ★

Oonik, quiet and awe-struck all this time, now tugged at Santa's sleeve.

"I can get the reindeer," he said.

Santa shook his head. "No, my boy, I turned them loose, you remember, and they are far away now hunting for the summer food they could not find up here."

"I am a good reindeer hunter," Oonik bragged. "My father taught me well."

"But even your father has not been able to find any reindeer this summer," said Santa.

"I will not find just any reindeer," insisted Oonik, "I will find your reindeer."

"But how can you?" cried Santa, "when I have turned them free?"

"Because," said Oonik with a smile, "they have followed you here, all the way."

GM Gets Tax Benefits on Big Missile Project

WASHINGTON (AP) — The Office of Civil Defense mobilization has authorized federal tax benefits to assist General Motors Corp. in financing a $6,035,000 project for research and development of missile guidance systems at Oak Creek, Wis.

The company was authorized to write off in five years, in depreciation for federal tax purposes, 45 per cent of the cost of the new facilities.

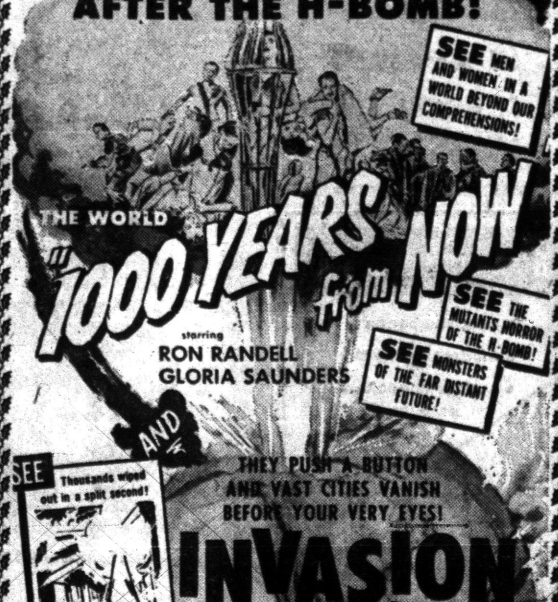

A normal depreciation period would extend over 20 to 25 years.

Bay City Chapter Conforms to Legion

BAY CITY (AP)—The local chapter of the former American Legion affiliate 40 & 8 announced Friday it had deleted a clause in the chapter's constitution restricting membership in the organization to white persons.

Berthart Darling, Chapter 690 correspondent, said the action was taken because the clause proved a "source of embarrassment and harm to the American Legion" and was "of questionable legality."

The 40 & 8 group was expelled from the American Legion recently for insisting on keeping its membership restricted to white persons.

Sugar Beet Plants Tell of Top Tons to Process

SAGINAW (AP) — Michigan Sugar Co. of Saginaw and the Monitor Sugar Division at Bay City claim an all-time record shipment of sugar beets for processing.

★ ★ ★

The firms said they had received 1,248,000 tons of beets. The massive shipment will be processed this winter at the Michigan Sugar Co.'s plants in Saginaw, and the Monitor plant at Bay City.

To Close Soo Locks Middle of Next Week

SAULT STE. MARIE (AP) — Shipping through the Soo locks will come to a halt for the winter next Wednesday and possibly Tuesday if all shipping has cleared.

The Army Corp of Engineers said the MacArthur lock, only lock still open to shipping, will be closed.

The engineers said any downbound ship leaving a Lake Superior port by midnight Sunday and any upbound vessel passing Detour by midnight Tuesday would be permitted through the lock.

Mild weather so far has enabled Great Lakes shipping to operate four days beyond last year's closing date.

Orders or Not, Sandu Would Join the Enemy

By EARL WILSON

NEW YORK—Sandu Scott, a willowy blonde who resembles Jayne Mansfield here and there, is always urging New York cab drivers to watch her on the television show, "Anything Goes."

WILSON

They ask her a lot of silly questions about it, such as "What time is it on?"—and she tells them it's on around the witching hour.

"But I watch Jack Paar," they have a way of saying.

"Who is Jack Paar?" she has a way of replying.

It's probably as good a way as any to face a currently hopeless situation. The brass has warned performers on "Anything Goes" not to mention Jack Paar on the show. They apparently feel that if they ignore him, he will go away.

"Do you ever sneak into your dressing room and watch him when you're not doing something on the show?" we asked Miss Scott the other evening at the Stockholm over an aquavit.

"No—I don't have time," she said.

Sandu — whose romantic and exotic-sounding name she made up—was born in Detroit with a rather prosaic moniker, Marianne Alexandra Bott.

SANDU

She's now married to Sol Silver, owner of two Montreal cafes, and commutes Canada-ward each weekend—and is convinced that she's making progress professionally opposing the Paar show.

Sandu's a mite vague about how she got that name.

"I met a Hungarian boy in Canada whose name was Sandu and he said it really meant Alexandra in Hungarian," Sandu said, batting her eyes prettily. "Since my name is Alexandra, I took Sandu, too. I picked Scott because I was working with Dean Martin and Jerry Lewis—and Jerry loved the name Scott. In fact, he named his son Scott."

★ ★ ★

Sandu's glarmour-girled around South America and also England where she got to a function or two with the royal family while dating Prince Christian of Denmark.

Seeing Prince Philip, she forgot herself and exclaimed, "Oh, there you are!" whereupon he stopped and smiled—and she took some pictures.

"Don't you know you're not allowed to take pictures of the royal family?" a guard demanded.

"No, I don't," replied Sandu—holding onto the pictures. "I got some good ones, too," she boasts.

New Dem Job for Hare's Aide?

Deputy Farnum Seen as Leading Candidate for State Party Post

LANSING (UPI)—Deputy Sec. of State Billie S. Farnum — right-hand man to James M. Hare nearly two years — stood today as top candidate for a new high-level post in the Democratic Party organization.

Party sources said State Central Committee Chairman Neil Staebler, recognized by many as one of the primary reasons for Democratic gains in Michigan, needs help.

"He works 80 hours a week, going at top speed all the time," one party spokesman said. Another said travel and frequent late strategy sessions obviously were taking a toll on Staebler.

Farnum wasn't saying anything.

Mentioned with Farnum as a possible assistant for Staebler was Sidney Woolner, executive secretary of Gov. G. Mennen Williams.

Woolner, also a political strategist of high reputation in Michigan, put the stop to speculation he might be leaving Williams' office for the party job.

The Democratic Party post is not yet created. It would be executive secretary and general manager of the State Central Committee.

The committee is composed of delegates from throughout the state and it would have to vote on the man for the job.

Farnum's "chances are pretty good," one high party source said.

Khrushchev Soviet Santa to U.S. Parents

CHICAGO (AP) — A Chicago couple was overcome with emotion Friday when they learned an appeal to Soviet Premier Nikita Khrushchev had lifted the Iron Curtain and they soon will be reunited with their two children after 15 years.

★ ★ ★

Soviet officials in Moscow told the U.S. Embassy the two Lithuanian children, Regina Leonas, 20, and her brother, Tomas, 17, will be sent to Chicago to join their parents some time next month.

Mr. and Mrs. Paulius Leonas, who had made a personal plea to Khrushchev for reunion with their children when he was in Des Moines last Sept. 23, were thrilled.

City Shrine Club to Install Chief

Will Combine Ritual With Christmas Party Tonight

The Pontiac Shrine Club will install David S. Neal of 245 Voorheis Rd. as its new president tonight at the club's annual installation ceremony and Christmas party.

Neal, first vice president for the past year, has been a member of the Shrine Club here for seven years.

He is a 32nd degree Scottish Rite Mason, Knight Templer, and a Knight of York Soverign College.

Next in the new order of command, Roland Lewis of 78 Newberry St., will be installed as first vice president.

Other new officers are R. J. Stanton, second vice president; Sid Ayles, secretary; Roy Gallipo, treasurer; and Warren G. Hargraves, chaplain.

The installation and celebration will take place in the banquet hall of the Pontiac Federal Savings and Loan Assn., 761 W. Huron St.

Nine Convicted in U.S. Fraud

Filed False Non-Red Affidavits but Lawyer May Appeal Verdicts

DENVER (AP)—A U.S. District Court jury Thursday convicted nine men associated with the International Union of Mine, Mill & Smelter Workers (Ind) of conspiring to defraud the government.

Judge Alfred A. Arraj allowed the defendants to remain free on $5,000 bond each pending defense motions.

★ ★ ★

Telford Taylor, chief defense lawyer, said he will ask that the verdict be set aside. Failing that, he said, he will appeal the case to the 10th U.S. Circuit Court of Appeals here. Judge Arraj set Jan. 18 as the deadline for any defense motions.

★ ★ ★

The convicted men each face a possible maximum penalty of 5 years in prison and a $10,000 fine.

They went on trial here Oct. 26 on charges of conspiring to file false non - Communist affidavits with the National Labor Relations Board in order that the union could make use of the agency's services in labor matters.

Challenges Press at Last Bulwark of Our Language

ANN ARBOR (UPI)—Carl E. Lindstrom, former executive editor of the Hartford (Conn.) Times, said Thursday night the "press is the last bulwark of the English language."

★ ★ ★

Lindstrom, now a professor of journalism at the University of Michigan, told members of the national journalism fraternity Sigma Delta Chi that "as communication and education become more oral and visual, the printed word disintegrates and is corrupted by indifference and vocal abuse."

He said "the plain fact is that no discipline during recent decades has devoted such earnest study and research to the writing of communicative English as the newspapers of the U.S.

"Newspapers today are using the printed word in its most understandable form and thus are nearly the sole defenders of literacy.

★ ★ ★

"There are no more valiant battlers for the best written English than the journalism schools and the newspapers of America," he said.

Start Shopping Center in Grand Rapids Suburb

GRAND RAPIDS (AP) — Groundbreaking ceremonies Friday started preliminary work on a proposed eight-million dollar suburban Wyoming shopping center.

★ ★ ★

Matthew P. Doyle, secretary of Pioneer Shopping Center, Inc., of Kalamazoo which announced the plans last Jan. 29, said actual construction will start next spring.

Plans call for a center of 35 to 40 stores and Doyle said a total of 14 firms already have signed leases to occupy space in the project.

Suburbs by the Truckload

Suburbs are spreading farther out into the wide open spaces as our population continues to grow by leaps and bounds — and truck transportation makes this giant expansion program possible. That's because trucks are the only transportation system flexible enough to service all the out-of-the-way places people are moving to these days . . . Trucks go wherever there are roads — so homes (and factories and business establishments, too) can be located just about anywhere and everywhere in this big country . . . No matter where you live or do business, trucks assure you fast, efficient service for all your transportation needs.

"I Want My Money Back!"

Occasionally this Board receives a complaint concerning the policy of a merchant relative to refusal of refund of money or exchange of merchandise. In most cases, the **complainants take it for granted that the store will refund their money or exchange** the merchandise if it does not give complete satisfaction. We must remind such **complainants that matters of refund, exchange or repair** are part of each store's adjustment policy and any settlement is within the discretion of the store.

Merchandise specially ordered or made-to-order cannot be returned. Nor is it returnable if you purchased it on an "as is" or "all-sales-final" basis. Any store also has the right to refuse merchandise if soiled, worn or used, or altered from the condition in which it was bought.

The public is asked to co-operate by making careful selections of purchases and the retailers are urged to give customers complete information about their return policies to eliminate misunderin which it was bought.

COZY CORNER — Golden haired Jo-Ellen Paavola of Garden City was visiting her grandparents the day these pictures were taken. Doesn't she look comfortable perched on the hearth? In this cozy corner of the family room the two walnut chairs have bright orange cushions. On the corktone tile floor there is a handmade Finnish rug in blue, rust and black. Pictures from Finland decorate the walls. Some of the little tables are brass with tile tops; others have plastic tops. Curtains are cream color.

FOR COFFEE BREAKS — This round plastic topped table is the scene of many a coffee session. Even now — in the picture — the coffee pot is plugged in. Chairs at this table have metal frames to match the table. Seats are white leather and backs walnut. All cupboards in the kitchen are birch. That one at the left is really large.

Your Neighbor's House

Scandinavian Influence in Metsa Home

By JANET ODELL
Pontiac Press Home Editor

We know that the Pontiac Press has a wide circulation, but we're not sure every issue goes as far as Finland. A copy of today's Home Section is definitely going to be read in at least one Finnish home where relatives of the Matti Metsas live.

★ ★ ★

Not quite two years ago Mr. and Mrs. Metsa and their two grown children bought a home in Marotta's Orchard. They live on Big Trail and have a 197 x 200 foot lot that backs up to a ravine. Mrs. Metsa has a fine garden out in back.

The homes in this area are bi-levels. The exterior is red brick with redwood siding and white trim. Charles Marotta Building Corporation was the builder.

On the upper level there is a formal living room, three bedrooms and a bath. The Metsas have a bedroom that overlooks the garden and the ravine. There are deep green scatter rugs on the hardwood floor. Curtains are also deep green with a design in gray, avocado and rust. Furniture is mahogany.

Their son has a smaller bedroom in front. One wall has shelves to hold art objects gathered on an European trip and books. The walls are off-white. On the floor there is a brown and beige fiber rug. Curtains are beige.

Instead of a bed, Metsa has a small sofa chair that converts. There is also a Danish modern chair with coral cushions and a walnut chest.

Daughter Inez has a row of walnut chests under the windows in her room. Curtains are white with pink and aqua designs. Scatter rugs are white.

Over the bed are drop brass lights. To brighten the white spread there are aqua, purple and pink throw pillows. The bed table has a round marble top.

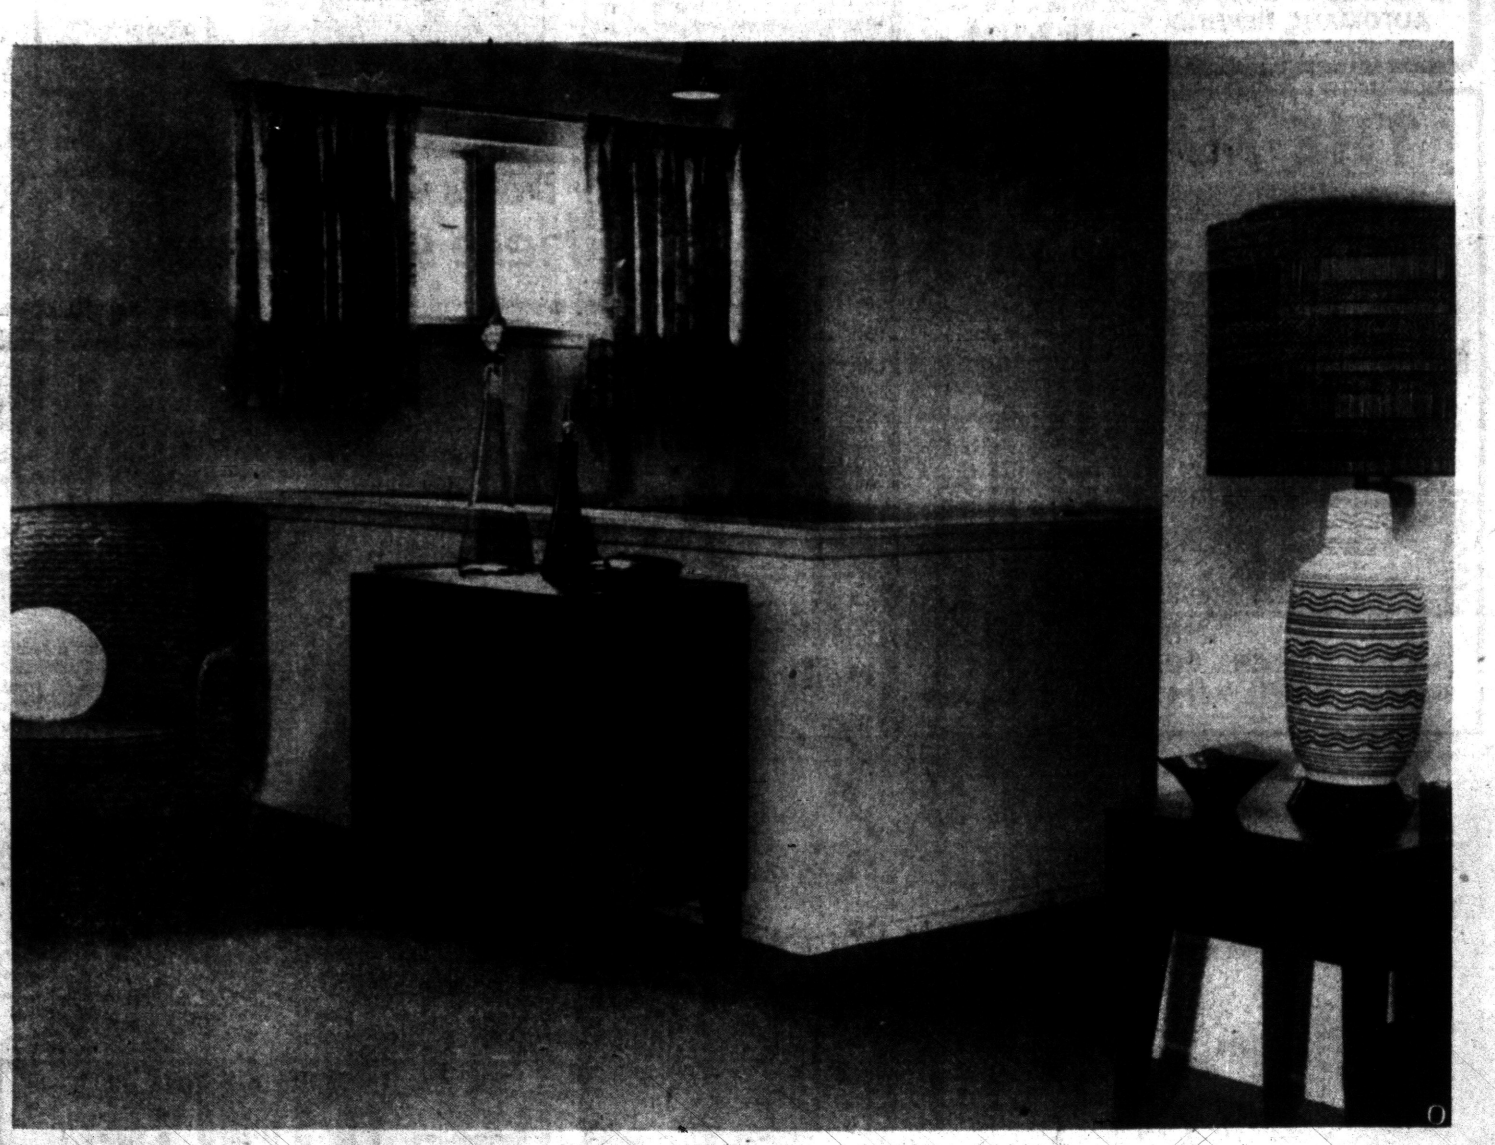

There's an Oriental touch in the low wooden table that holds a plant. A tiny statuette stands next to the plant. Above on the wall is a scroll. Next to this table is a black chair with a purple seat.

The same off-white walls are found in the living room. Here the furnishings are Danish modern walnut, except for the blond hi-fi set under the front windows.

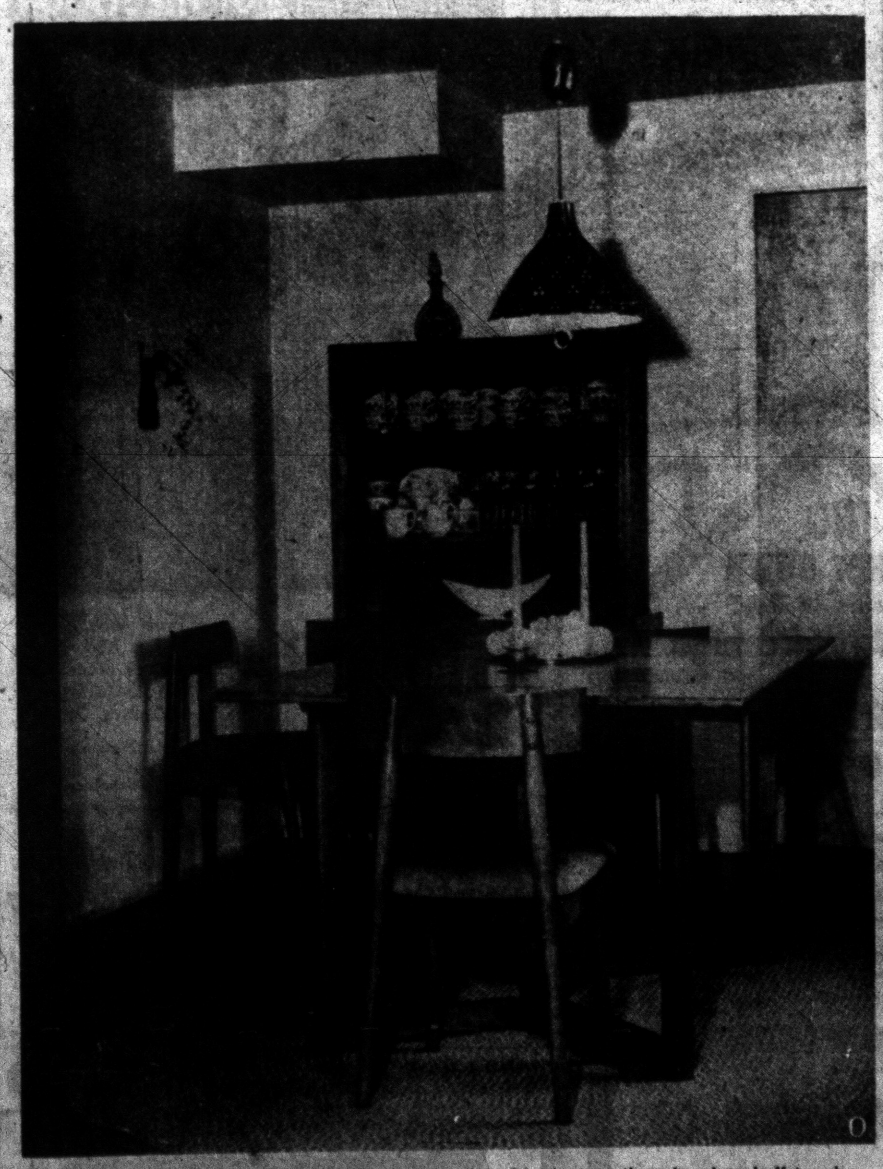

Carpeting is beige. Draperies are white with gold. The gray Roman brick fireplace has a low brick hearth. Accessories are brass.

In front of the deep blue sofa there are two little square coffee tables with marble tops. One armchair is upholstered in two shades of blue. A trio of rush stools that slide under one another give extra seating space.

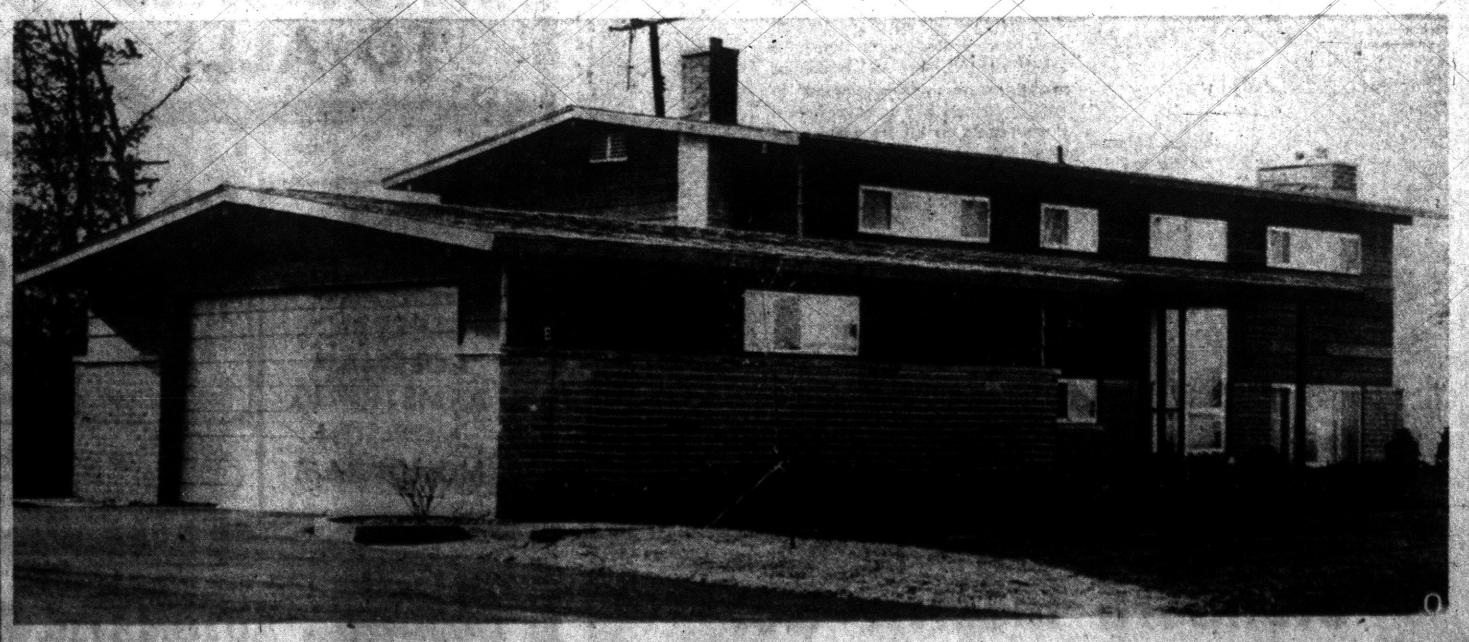

Lamps are all large. Three of them have white bases. One

AT THE TOP OF THE STAIRS — The formal living room is on the upper level, with one wall open to the stairway. Walls are off white. Carpeting is beige. The curtains are white with a gold design. The shade on the lamp is blue and white. Two shades of blue are combined in the armchair at the left. Colored glass bottles add further touches of color.

SIMPLE LINES — Dining room furniture is birch. Its simple lines are very pleasing. Chair seats are beige. The oval braided rug is beige and yellow. In addition to the glass topped china cupboard in the rear there is a long buffet under the windows. Walls are off white. The pull down light fixture is pierced metal.

BRICK AND REDWOOD — The Matti Metsa home is located on an almost square lot on Big Trail in Marotta's Orchard subdivision. It is a combination of red brick and redwood siding with white trim. The double garage is attached.

Charles Marotta Building Corporation did the building. The Metsas have been in residence almost two years.

Is Lumber Green?

Prevent lumber shrinkage by checking for green lumber when delivered. Cut a sliver from the edge of the board. If it snaps cleanly when bent, it's probably dry enough for use. Green wood slivers bend easily and leave ragged edges.

Building Costs Continue to Rise

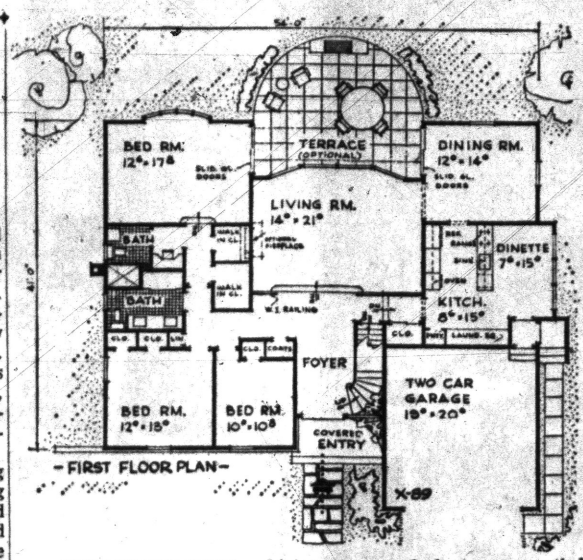

NEW YORK — The cost-to-build in eight northeastern and north central states has gone up 2 per cent in the six months ending Oct. 1, according to Myron L. Matthews, manager-editor, the Dow Building Cost Calculator, an F. W. Dodge Corporation service. This area includes: upstate New York, Ohio, Pennsylvania, Indiana, Illinois, Michigan, Wisconsin and Delaware.

Thirty-three of 36 cost-sampling cities reported increases ranging from one to 4 per cent; 2 reported no change and one city reported a decrease of one per cent in the six months. All 36 cities averaged an increase of 3 per cent for the past year.

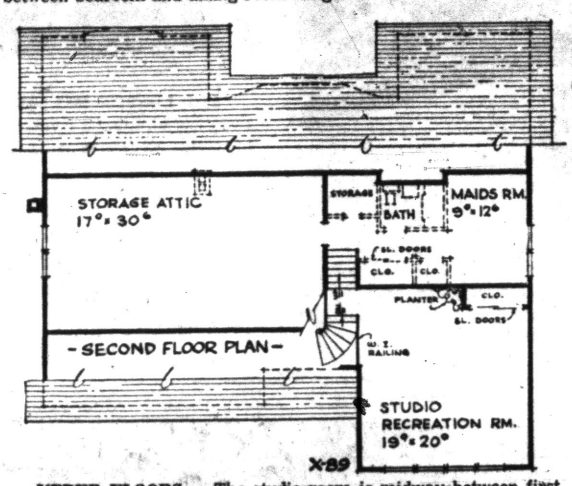

The cumulative 18-year increase from 1941 in these 8 states is 165 per cent. This means that a house which cost $7,500 for materials and labor in 1941 would cost $19,875 to build today.

Each dollar invested in a building in 1941 is now worth $2.65, less physical depreciation of at least 20 per cent. This leaves $2.12, a gain of $1.12 on each dollar invested, or an annual average of 6.2 per cent.

Base hourly wage rates have continued to mount. The half-year rise is 3 per cent and the cumulative increase for the twelve month period ending in October is 4 per cent. Wages have increased 172 per cent since 1941 in the northeast and north central states. This figure is arrived at by averaging local 18-year increases ranging from 146 to 206 per cent.

MAIN FLOOR PLAN — Living room overlooks terrace nestled between bedroom and dining room wings.

UPPER FLOORS — The studio room is midway between first and second floors. Space shown as storage attic could be finished as additional living quarters.

Test Wallpaper First for Water Resistance

How do you know what kind of wall paper you have? That's something you should determine when you buy the paper. Look on the backs of samples and you'll see the type specified. Where the wallpaper was already up when you moved in, always make a test in some inconspicuous area.

Rub with a damp cloth and see how the paper stands up under it. If it begins to shred or crumble a little, it's probably water-sensitive paper. If not, it's water-resistant. Plastic-treated paper is apparent to the eye.

Here's the Answer

QUESTION: Can you tell me something about those little fiber plugs that are used in walls as anchors for screws? I have no trouble with them when using them in a solid wall, such as masonry. But whenever I use one in a plaster wall, it slips back into the wall when I attempt to drive a screw into it. How can this be prevented? Or should the plugs not be used in plaster walls?

ANSWER: The type of fiber plug you mean can be used in almost any kind of wall, including plaster, although it is easier to handle when it is being placed in a hole made in a wall thicker than the length of the plug.

In thin plaster walls, it's a good idea to place the screw through the hole of the object being fastened. Drive the screw into the end of the plug the tiniest bit — two or three turns at the most. Then place the plug into the hole in the plaster and complete the fastening.

Since the plug will be attached to the screw, it can not fall back into the wall. Another way to attach something to a plaster wall is with a toggle bolt—which has a wing-like spread that grips the back of the wall after it passes through.

QUESTION: In a do-it-yourself book I am reading, there is a reference to "fish tape." Can you tell me what this is?

ANSWER: "Fish tape" is the expression sometimes used by electricians to describe what most of us called a "snake." It's the narrow strip metal, properly flexible, that is used for "fishing" wire through the spaces in the walls and floors.

★ ★ ★

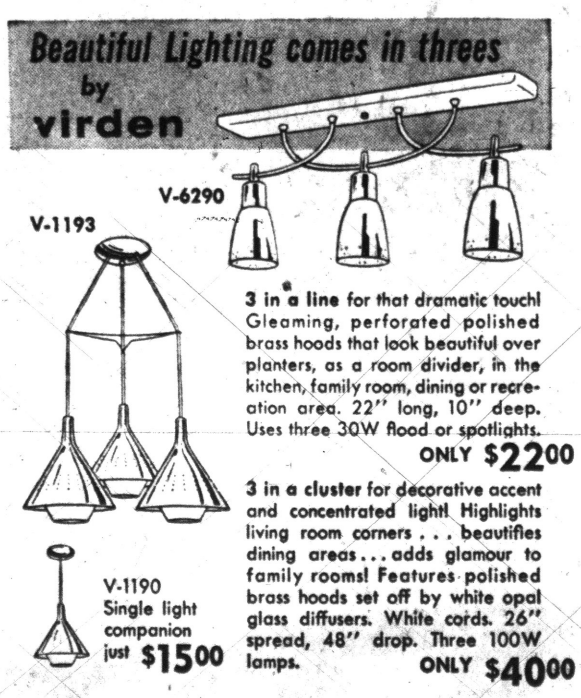

QUESTION: I am thinking of using squares of striated plywood for the walls of a room in the attic. Can these squares be stained?

ANSWER: Yes. For a striking decorative effect, every other square can be stained a different shade. It's much easier to do this before the squares are attached.

Home With Studio Room Can Be Practical Too

If you expect to find an artist's palette and brushes under the Christmas tree this year, you might give Santa Claus a hint that it would be nice for him to throw in this studio house to complete your equipment.

That probably is the most outlandish reason ever advanced for home ownership, but living in this home would offer so many other advantages Santa Claus might overlook the lack of logic.

In addition to the dramatic studio — which for families not artistically inclined would serve as a bright recreation and hobby room — X-89 in the House of the Week series has an impressive foyer with curved stairway, a sunken living room and a luxurious master bedroom. There are two other sleeping rooms downstairs and possibility of others upstairs.

Architect Herman H. York created the studio room by fitting an intermediate level in what is basically a 1½ story house. The studio is only seven steps above the foyer level. Seven steps further up is an optional maid's room and bath on the second floor.

In addition to bathing the studio in natural light, the large window wall in this room adds to the exterior beauty of the house.

Over-all dimensions are 55' width by 41' depth.

Habitable area on the first floor is 1,830 square feet. The two higher levels offer a total of 1,250 square feet. Garage covers 396 square feet.

A minimum lot width of 75' is recommended. More may be required by some zoning ordinances.

The area on the second floor to the left of the future maid's room can be used as an attic storage area or converted into a finished room.

The first floor covers 1,930 square feet of habitable area. The two upper levels offer an additional 1,250 square feet, although all of this need not be finished. The two-car garage is 396 square feet.

The main floor has excellent separation between sleeping, entertaining and working areas. The key to the good circulation is the large entrance foyer.

Living room, dining room and kitchen are all two steps lower than the foyer level. Wrought iron railings decorate the inside boundary of the living room and a bay window on the opposite side overlooks the rear terrace. An open arch leads from the corner of the living room into the dining room.

The extra large kitchen is arranged so that the food preparation area is completely separated from the dinette. There also is room here for the laundry, although this equipment could be placed in the cellar if the owner desires. There's a service entry foyer off the kitchen which connects with both the outdoors and the two-car garage.

LUXURIOUS BEDROOM

The master bedroom has several glamorous features: its huge size, a bay window and sliding glass doors opening on the terrace. There's a private bath and two large walk-in closets.

Vertical boards and battens over a low section of brick veneer are used on part of the front exterior wall. Architect York suggests wood shingles for all other exterior walls, preferably wood sawn.

A full open cellar is provided, although clearance is only 6' under kitchen, dining room, living room and master bedroom.

Glass No Barrier to Dust

Even though cupboards have tight-fitting doors, check glassware for a film of dust or grease before the party. It's surprising how soil can seep into things.

More Leisure More Projects

People are living it up — at home — more than ever before. Time was when home was a place to eat, sleep and be merry. Today home is a community center on the family level.

"Home today is a way of life," says a housing expert who travels 90,000 miles a year talking to builders and homeowners.

Jay Simpson of Allied Chemical's Barrett Building Materials Division says his studies show that a typical homeowner has up to 75 hours a week, exclusive of sleeping time, to spend at home.

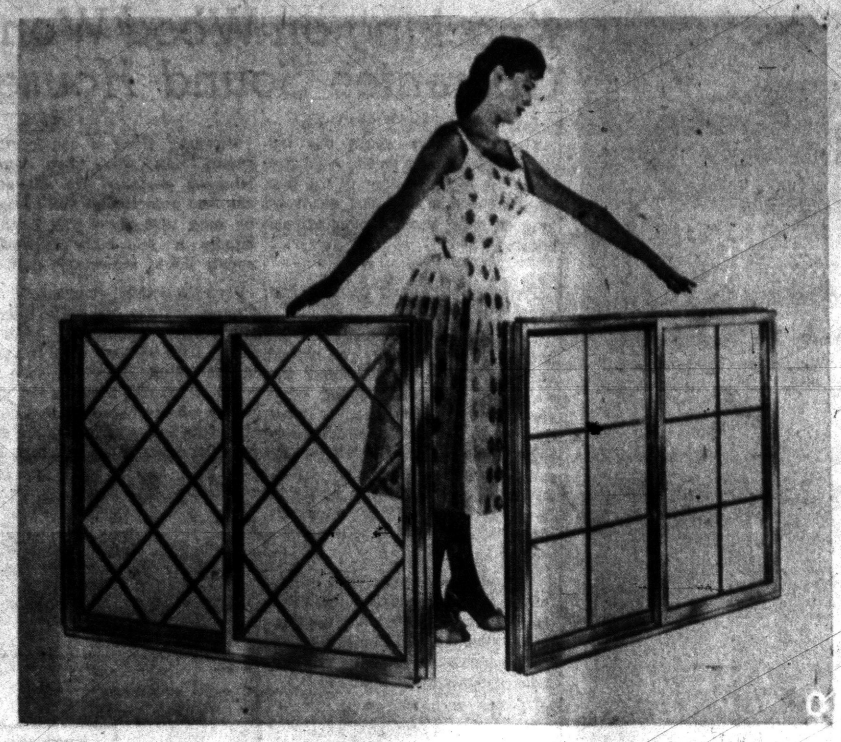

"A factory worker with a 35-hour week living within 30 minutes of the shop has over three days a week to keep himself occupied at home," figures Simpson.

"This added leisure time creates the demand for more activity and greater utilization of floor space," points out Simpson. "Often it means providing Dad with a study, a music corner or soda bar in the basement for the youngsters, a sewing room for Mom, a patio and barbecue pit for the entire family.

"Fortunately, the rising standard of living has provided the homeowner with the money as well as the time," adds Simpson. "And even where there isn't the ready cash, FHA and other sources stand ready to make the necessary funds available.

"Fortunately, too, this added time has given Dad more incentive to develop skills that can be useful around the house while developments in building materials and techniques make it practical for him to undertake extensive home improvement projects.

"Fibreboard products such as decorative ceiling tiles, fireproof gypsum board and rock wool insulation are examples of building materials that are economical and easy to install," concludes Simpson. "In fact, they're so easy Dad is once again man of the house."

ALUMINUM WINDOW — New prime horizontal gliding aluminum window introduced by Glidorama Division, Whizzer Industries, features muntin bars sealed between glass panes. New window was designed to permit architects, builders and home owners to achieve traditional styling, plus clean trim lines and ease of maintenance. Sealed air space between panes insulates as well as providing space for diagonal, or horizontal and vertical bar designs. Because dividing bars are inside glass, unit eliminates need for small pane cleaning. Available in all standard window sizes; special sizes to architectural specifications.

Questions and Answers

QUESTION: I'm always seeing the expression "16 inches on center" when reading about the spacing of studs. Exactly what does it mean?

ANSWER: It means that the studs are spaced 16 inches from the center of one stud to the center of the next. If the studs were set the edge of one to the edge of the next, they actually would be more than 16 inches apart on center.

QUESTION: We have a large kitchen covered with inlaid linoleum. It has become dull looking but is still in good condition. We were wondering whether it would be possible to paint over the linoleum and, if so, what kind of paint to use?

ANSWER: There is a special type of paint made for linoleum. Almost any hardware or paint store carries it. Because it must stand up under constant traffic, this paint is exceptionally durable. While it costs a little more than ordinary paint, it is well worth it for the particular purpose.

QUESTION: We would like to have a ceiling fixture installed in our living room. There is no ceiling outlet at present. There is a crawl space over the ceiling.

Our problem is this: we plan to redecorate in about six months and wonder whether it would not be wise to wait until that time, since the electrician will have to make a hole in the ceiling?

ANSWER: There is no reason to wait. Where there is an attic or crawl space over the ceiling, the plaster is broken only where the outlet is to be fitted. Therefore, when the fixture is in place, there will be no visible sign that any fresh work has been done.

Three Dimensional Effect

New designs in wall covering with a three-dimensional effect have been made washable with soap or detergent suds. The covering is vinyl and available in metallics, grass cloth, brocades and mosaics.

has a blue and white shade; the others are white.

In the downstairs family room the floor is corktone tile. There is a handsome, handmade Finnish rug combining blues, rust and black. Draperies are cream colored.

★ ★ ★

Down here the fireplace is red brick with a raised hearth. On one side of the fireplace there are a number of pictures from Finland. A pull-down lamp gives light for readers in the nearby walnut chair with bright orange cushions.

Opposite the fireplace is a white leather sofa. Two brass coffee tables with tiled tops stand in front of it. On the wall side there is a slatted bench used as a table.

In the area near the window wall there are bookcases and a brass pole lamp. Another lamp pulls down over the round plastic table.

Around the table are grouped white fiberglas chairs. Under the bookshelves are blonde chests. Two more chairs are rush with turquoise cushions.

FOR YOUNGSTERS

The Metsas say everything down here is for the grandchildren who come to visit often. The day we visited the house four-year-old Jo-Ellen Paavola was on hand.

Dining room furniture is birch. Under the windows is a buffet; on one wall a china cupboard. Chair seats have beige upholstery.

Draperies are cream with gold threads. In the center of the room is an oval braided rug in beige and yellow. Over the table is a cone shaped light fixture.

★ ★ ★

As might be expected, the Metsas are great coffee drinkers. In the kitchen there is another table where they can gather over a steaming cup. This table is oval with a plastic top resembling walnut. The walnut-backed chairs have metal frames and white leather seats.

Cupboards are birch. Counter tops are beige linen weave Formica. On the curtains is a geometric design in rust, brown and white.

On the inner wall there is a long slatted bench that holds plants. The whole family loves plants. Above this bench copper molds lend a cheery note.

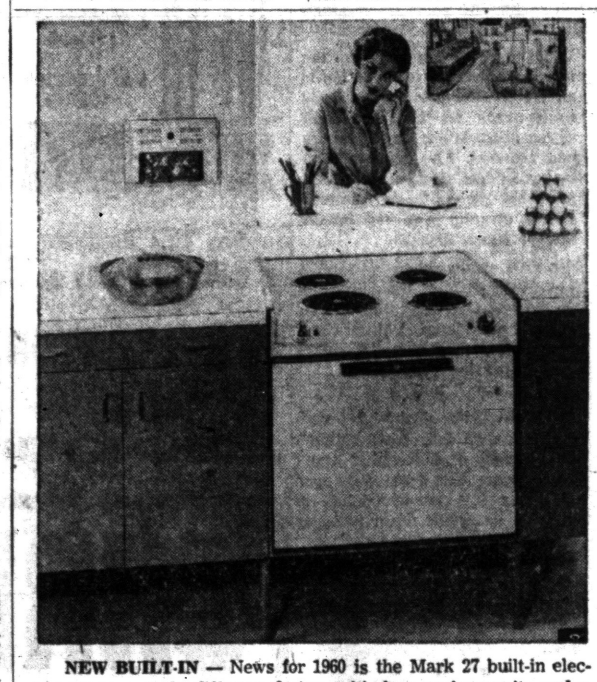

Both Metsas were born in Finland but have long lived in this country. For many years Metsa worked in the Hancock mines.

Draftsmen's Competition Sponsored by SMCAD

The Michigan Society of Architects (MSA), Detroit, announces a Draftsmen's Competition sponsored by the Sheet Metal Contractors Association of Detroit Industry Fund. The SMCAD Industry Fund is offering $1000. (one thousand dollars) in cash prizes to be awarded to draftsmen, engineers and architects, not principals of firms, self-employed or employed by members of the three Chapters of the MSA-AIA — Detroit, Saginaw and Western Michigan.

★ ★ ★

The Competition starts immediately and prizes will be awarded during the MSA Convention March 30, 31 and April 1, 1960. Complete information is available through the SMCAD Industry Fund or the MSA-AIA Detroit Offices.

NEW BUILT-IN — News for 1960 is the Mark 27 built-in electric range, a truly different design, with four surface units and a full-sized master oven all in one piece. Designed by General Electric's engineers to provide high style, while saving space and installation costs, the Mark 27 fits into any standard countertop between standard or custom base cabinets. Homemakers will like the chrome remote control panel which hangs on the wall out of children's reach (upper left); the graceful design of the new recessed cooktop; the bake-and-broil oven; the selection of five colors; and most of all, the simple elegance of the built-in look.

New Carpet Patterns Achieved by Knife

New tools cut carpeting without visible seams, enable worn, burned or badly soiled areas to be replaced. Endless patterns can be achieved by cutting out certain areas and inserting contrasting colors and textures or other materials such as vinyl tile.

The carpets are bonded to a curved sponge rubber base, are mildew, lint, and moth proof, and are available in a wide range of patterns, colors and textures. Although the carpets are held firmly in place, they can be peeled up easily for cleaning, repairing or moving.

Garages Have Space Potential

A garage, regardless of its size or lot location, offers the home handyman plenty of opportunity to install needed storage and recreational facilities.

Among the many projects that can be accomplished by a do-it-yourself enthusiast are inside storage compartments, deck or attic floor, lean-to room on the back or side, front door vestibule and an extra room on the roof.

Interior walls can be "put to work" by installing panels of heavy duty Peg-Board where all sorts of garden equipment and supplies can be stored between uses.

One section of the Peg-Board wall can be used as a garden center, workshop or hobby area. Tools can be hung on the wall within easy reach.

A detailed plan showing how to build a simple garage catch-all can be obtained by writing a postal to the Home Service Bureau, Suite 2037, 111 W. Washington St., Chicago 2, Ill., requesting free plan No. AE-361.

This plan shows how a handyman can increase substantially the storage facilities of a small garage by building overhead racks for garden and automobile equipment and supplies.

Floors Can Be Waterproofed

Treatment of hardwood flooring with a water repellent preservative can reduce considerably the amount of possible cupping or warping in the flooring strips.

That was the conclusion of the Maple Flooring Manufacturers Association as a result of special comparative tests on treated and untreated Northern hard maple flooring.

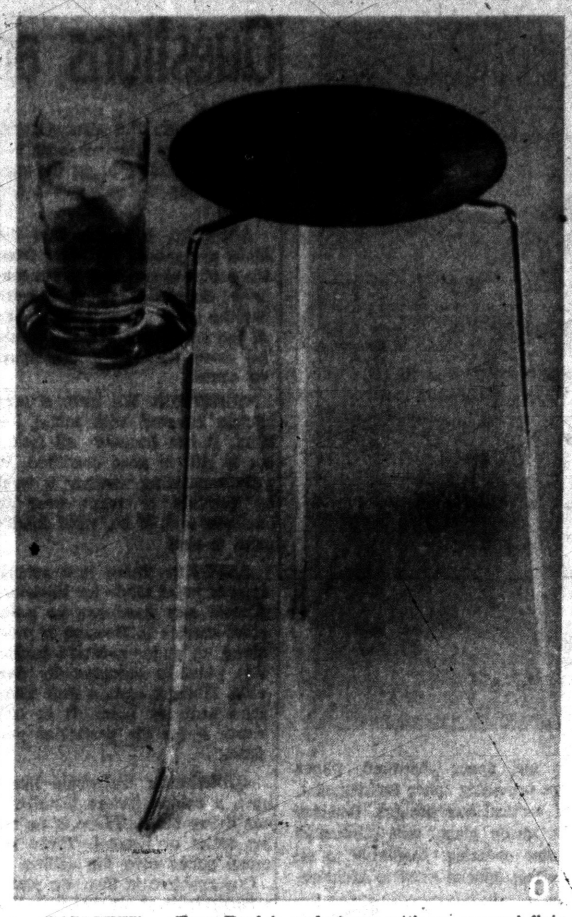

In connection with recommendations for water repellent preservation of maple flooring, the association said:

"The water repellent preservative is applied after the completion of final matching. The flooring is completely immersed in a vat of the preservative for three minutes or treated by vacuum process in which the cycle is adjusted, to produce the same retentions of preservatives.

"All surfaces exposed by cutting, planing or trimming subsequent to treatment must be re-treated by applying at least two (2) liberal brush coats of a water repellent preservative meeting the recommendations.

"The flooring can be treated individually or in bundles. Please remember, treated flooring must be dry before installing. When dry it is odor free. If odor of petroleum solvent is detected, place flooring in a warm room (about 70 degrees) and arrange bundles for maximum air circulation. Air dry until odor free."

TABLETTE — Tony Paul is a designer with an unusual flair for giving purely functional devices a dressed-up appearance. His latest improvisation is the new Woodlin Hall tablette, a lightly scaled, individual-sized snack table. Designed to take the punishment of family TV-snacking, it also functions as the perfect adjunct to a bridge game, leaving the playing table uncluttered. An oil-finished walnut plate is set upon three wiry brass legs to which a removable coaster-ashtray is attached. Measuring at chair-seat-height, 18 inches, the tablette is only 11-sandwich-inches wide.

Hardboard Found in Roof Overhang

The deep roof overhang featured in many contemporary homes not only provides shade and protection from the elements, but also increases the apparent size of the home.

Builders are using various types of hardboard for deep overhangs, because the material is extremely durable and will not splinter or crack during adverse weather.

To increase the horizontal appearance of a home, many builders are using a hardboard siding with square-cut grooves. Called Panelgroove, the siding's neat pattern also increases the home's attractiveness.

For added eye appeal, some builders prefer Peg-Board paneling for overhangs. The board's perforations add a decorative exterior highlight and allow partial ventilation of the roof.

A low-cost overhang can be Masonite Panelwood, a slightly less dense hardboard. The smooth, grainless surface takes a long-lasting paint job.

Handyman Can Install Home Intercom System

A telephone intercom can be installed by do-it-yourselfers almost as easily as putting in a light switch. The system accommodates up to seven phones.

Handsets are pushbutton-operated and provide direct call facilities to any household area. The circuit also provides for a telephone-front door loudspeaker connection and an electric front door opener that can be controlled by a designated button on all phones.

Housewife Can Choose Her Sink

CHICAGO (UPI) — Something wonderful has happened to the kitchen sink. At least one manufacturer has put it to harder work for the housewife.

★ ★ ★

There are three-bowl, two-bowl and single-bowl sinks in new lines. All are sleek in stainless steel.

The three-bowl models are the most elaborate. Two large bowls on either side provide generous work areas for big jobs such as accommodating large platters and roasters. The smaller bowl in the middle doubles as a disposer section for food trimmings and a cleanup sink for breakfast or lunch dishes.

Smaller sinks have almost as much work surface, thanks to cutting boards and vegetable baskets which fit over them. A fitted cover for one bowl of a bar sink makes it ideal for ice storage.

★ ★ ★

All sinks in the group have such innovations as flat-bowl bottoms with corner drains which won't tip glassware. The drain stops open and close by remote control to save the housewife from plunging dry hands into greasy water.

Six-speed power blenders are built right into many new sinks. Others feature knife-sharpener attachments and garbage disposal units.

★ ★ ★

With all these features, the sink truly becomes the workhorse of the kitchen. Food arrives there and is prepared, and waste is disposed of, not to mention the dishes that still are washed there.

Knocking on Wood Won't Guarantee Sound House

The man who wears out his shoes kicking tires on the used car lot is the blood brother of the one who wears his knuckles out rapping on walls when buying an old house.

★ ★ ★

The result in each case is just exercise.

To determine whether an old house is worth buying, you should know what goes on behind the wallpaper, just as knowing what goes on under the hood is what counts in a used car purchase. But wall-rapping won't tell you. If you don't know, bring along someone who does. That's the advice of Jay Simpson, building materials specialist for Allied Chemical's Barrett Division.

"An old house may be a great buy, even if the cost of modernization is included," Simpson says, "but it should be inspected before purchase by someone who knows construction features."

★ ★ ★

Simpson recommends paying a local contractor or architect to accompany you when you are seriously thinking of buying an old house. He can check into construction details the layman may not be familiar with and also estimate how much it will cost to make necessary alterations.

★ ★ ★

"A man thinking of buying a $1,000 automobile is glad to pay $5 to a reliable mechanic to look the car over and advise him on the shape it is in. It's certainly worth paying more than that to make sure of a purchase of $10,000 or more," the Barrett specialist points out.

Bringing along a construction expert can work two ways, Simpson explains. He not only can find defects that you missed, he may also show you how to handle a seemingly expensive repair job at reasonable cost.

For example, cracked or chipped ceilings and walls may be covered by attractive, noise-reducing tiles that are easy to install and maintain. They are also low in initial cost. Warped wood shingles can be replaced by less costly asphalt shingles. An asphalt shingle with extra wide tabs, can also help give an old house the long, low look of modern homes.

★ ★ ★

So, before buying, don't knock on the walls, knock on the door of a construction expert. Then, concludes Simpson, you won't have a kick coming.

Want to Build Home on Government Land

In the vast open areas of our western states there is plenty of land for everyone — if you know where to look. In many cases a vacation spot of your own, on public lands, can be purchased, leased, or rented within a short distance of crowded campsites.

More than 100,000 American and Canadian families have already built vacation homes on public land sites, says the December issue of a home magazine. Prices start as low as $100, and leases are often as inexpensive as $10 a year. In most cases, you must make certain improvements on the property within the first few years, and your labor counts in the evaluation of improvements.

For information on homesites and campsites available, write the following agencies: Bureau of Land Management, Department of the Interior, Washington 25, D.C.; U.S. Forest Service, Department of Agriculture, Washington 25, D.C.; Bureau of Reclamation, Department of the Interior, Washington 25, D.C.

The magazine also lists several Canadian agencies offering tracts for sale.

Light and Heavy Colors

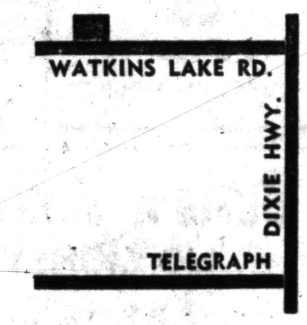

Some colors seem heavier than others. Deep colors, for instance, compared to pale colors. The "lightest" color of all would consequently be white; the "heaviest," black. Next time you're traveling, notice the suitcases. See if the light-colored ones don't look lighter in weight than the black ones.

Pontiac Central Cagers Drub Outclassed Flint Central, 61-36

Chiefs Notch 2nd SVC Win, 4th Altogether

Balanced PCH Offense Features Easy Victory Over Indians

By BILL CORNWELL

FLINT — Pontiac Central's frustrating one-point defeat by Flint Central here last February was avenged Friday night—with 24 points to spare.

The Chiefs have been itching to take another crack at the Indians ever since that memorable evening when coach Joe Dowdy's racehorse basketball forces handed them their lone setback of the 1958-59 season, a 53-52 overtime decision.

At long last, coach Art Van Ryzin's PCH cagers were given the opportunity and they really made the most of it.

With four players hitting double figures in the scoring column, the Chiefs handed Flint Central a convincing 61-36 shellacking at Ballenger Fieldhouse for their 4th triumph of the 1959-60 campaign without a defeat.

★ ★ ★

Displaying their finest offensive balance of the still-infant season, the Chiefs practically chased the Indians off their own court.

It was their 2nd Saginaw Valley Conference victory in as many tries and enables them to take a holiday vacation in a first-place tie with Saginaw High on a 2-0 league record.

Flint Central's record now stands 1-1 in the Valley and 1-3 over-all.

★ ★ ★

Saginaw stayed even with the Chiefs last night by lacing Bay City Central 81-50 on the Bay City floor. In Friday's other SVC contest, Flint Northern dealt Arthur Hill a 55-46 reversal at Saginaw.

Flint Central's aggressive but erratic quintet was never in contention in this game.

The Chiefs jumped off to a 6-0 lead with Booker Hurner accounting for all six points and they were away and running.

They enjoyed a 14-5 edge at the end of the 1st quarter and expanded the bulge to 30-15 at halftime. The same 15-point spread prevailed after three quarters, 44-29, and they pulled even further away in the final eight minutes.

★ ★ ★

Both coaches emptied their benches in the final two minutes of the 4th period.

Hurner and George Fed, who improves every game, fired 16 points apiece while Phil Rabaja and Bill Pritchett each bagged 10. Bill Hayward added eight points to their well-balanced attack.

Fed and Hayward were rebounding standouts and Rabaja was the floor leader in this rout of an outclassed foe.

★ ★ ★

The run-and-shoot Indians were guilty of numerous court violations to further aid the PCH cause. They made many bad passes and their ball handling was frequently sloppy.

Rabaja, who seemed to be all over the court, pounced on nearly every loose ball given up by the careless Indians.

Flint was unable to land a player in double figures. The best they could do from a scoring standpoint was a seven-point effort by forward Dick Horning. Jack Rashleigh, their leading scorer entering the game, was limited to six.

★ ★ ★

Hurner got the Chiefs off and running by firing 11 of his 16 points in the 1st period. Fed carried the point-making load in the 2nd half by netting 11 of his 16.

Hayward suffered a cut on the side of his head in the 2nd quarter after colliding with Pritchett, who scales a solid 220 pounds.

Quick first aid was administered to Hayward, the kingpin of Pontiac's strong defense, and he carried on without any noticeable letup. He was later treated at a hospital.

The victory was an important one for the Chiefs.

★ ★ ★

"You're defending Valley champs," Van Ryzin told his players before the game, "let's play that way." They did.

CLOSE QUARTERS — Waterford forward Bob Newman had little room to get this shot away but he did and made it in the 3rd quarter of Friday's Skipper triumph over Southfield. Ken Schaffer of the Jays is 25. Waterford went on to win, 74-54.

Waterford, Northern Win I-L Games

Skippers Down Jays, 74-64; Vikings Beaten

Good Chance Appears for Fight to Finish in Title Race

By CHUCK ABAIR

Several area prep basketball leagues have given indication in the early play that they may go right to the wire before being settled this season. The Inter-Lakes moved front-and-center in this respect last night.

Victories by Pontiac Northern, Waterford and Farmington sent those three off to 2-0 starts with the remaining trio just the opposite heading into the holiday break.

But Walled Lake, Southfield and Berkley, the defending champion, are considered far from out of the running with so little to choose between any of the teams. All go back to the loop wars Jan. 8.

Walled Lake, especially, must be still rated right in the thick of things since the Vikings have bowed twice by a combined total of only three points giving new coach Jim Horein early nightmares.

★ ★ ★

Waterford failed to show any ill effects of its battering by outside opponent Fordson in a 74-64 whipping of Southfield. Walled Lake lost to Farmington, 48-47.

Jerry Wallace got some more balanced scoring and good hustle out of his Skippers in their third success in four tries.

Ed Stigers stole the show to the delight of the jam-packed crowd scooting all over the court to steal passes, block shots and dribble the ball away from amazed bigger opponents. He also found time to lead the scoring with 17 while setting up others.

★ ★ ★

Waterford took an early lead and never relinquished it but the Skippers had to keep hitting the hoop. There was no chance to coast along despite the final score in the close-pressing, running game.

Stigers clicked for 13 of his points in a first half which ended 45-34. His two successive layups after steals sandwiched between two foul conversions by Bill Bryce and a goal by Dave Goff made up a hot streak which enabled the Skippers to offset a Southfield rally in the second period.

The Bluejays were down only 28-25 before the splurge started after coach Will Steinke inserted some of his usual regulars who had been dropped from the No. 1 unit.

★ ★ ★

Pulling away to 15-point advantage at one point, Waterford led 62-50 as the third quarter closed.

The losers tried to make a spirited battle of it in the final session in hopes of avoiding their 4th setback in five outings.

They opened the period with five quick digits cutting the difference to seven. The scoreboard read 67-58 beginning the last four minutes.

★ ★ ★

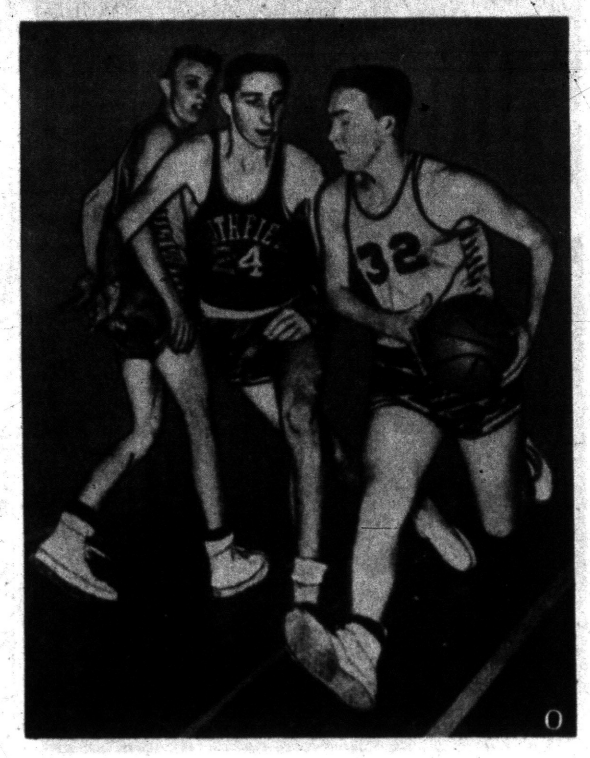

It was back to seven again with 1:59 left and Waterford starters Bryce and Bob Newman out on fouls. But the WTHS gang held on aided by the clutch baskets of reserves Gene Riabucha and Jerry Lewis.

Bryce followed Stigers with 14 and rebounded well. Newman and Ray Robinson matched 11 totals as the victors shot 41.8 per cent from the floor. SHS was even better at 42.6 topped by Gordy Dye's 16 and 15 by Jim McGaffin. Tim Delaney helped considerably with 12.

At Walled Lake, it was a tight one all the way although Farmington held a slight edge most of the contest.

★ ★ ★

The Vikings were down by five at the 1st quarter but moved ahead 25-23 at the half as scoring stars Gary Wilkoff and Bill Allen combined for 11 of 14 in the second stanza.

SKIPPER SKIPPING — Skipping downcourt at a pace too fast for Southfield's Gordon Dye (24) is Waterford guard Jerry Lewis in last night's Inter-Lakes game at the Skipper court. The home team won to stay in a three way tie for first place. Waterford standout Ed Stigers is watching Lewis win the race.

Huskies Bounce Berkley, 42-30, on Home Court

PNH Gains 2nd Victory and Both Have Been in League Play

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Pontiac Northern has taken a liking to Inter-Lakes competition. The Huskies won their second game of the season by beating Berkley, 42-30, and both wins have been against league foes.

★ ★ ★

Three losses have been at the hands of non-league rivals this season.

It was a low scoring and poor shooting game on the PNH court, but the Huskies maintained a good margin from the very start.

Four points was the closest Berkley got in the second half after falling behind 23-13 at intermission.

★ ★ ★

Northern led 11-2 at the start and 11-6 at the quarter, and the margin got to 12 points several times during the game.

Berkley played control ball hoping for the good shots but even so, the Bears hit on only 26 per cent of their shots and only six of 13 free throws.

Northern's shooting was slightly better as the Huskies collected 13 field goals in 51 attempts for a 27.4 percentage.

★ ★ ★

Coach Dick Hall revised his starting lineup, using Dennis Harbert at center in place of Dennis Vincent, and Marty Everett at guard in place of Jim Capistrant.

Harbert contributed nine points and eight rebounds. He made 5 for 5 at the charity line which gives him nine straight free throws covering three games.

★ ★ ★

Leading 34-26 after three quarters, Berkley started to dwindle the margin pulling to 36-32 after two minutes of the 4th quarter when Northern began getting careless by losing the ball on three straight floor violations.

★ ★ ★

Dale Perry, who did not start the game for Berkley, hit three straight push shots in the third quarter to keep the Bears within striking distance, but he fouled out midway in the 4th quarter after collecting a total of 10 points.

Steve Thompson led the Northern attack with 12 points, hitting on five field goals in nine tries. Bruce Norton had 10 points.

★ ★ ★

Northern will be off until Jan. 8th when the Huskies play host to Walled Lake in the resumption of Inter-Lakes Conference play.

Mikes, Rams Losers in SCL Race

Friday night's final pre-holiday basketball games for the two Pontiac parochial quintets provided little Christmas cheer for players, coaches and fans, as both St. Michael and St. Frederick tasted the bitter dregs of defeat.

Shamrocks were edged 41-35 by currently unbeaten Highland Park St. Benedict. Cross-town compatriots St. Frederick was the victim of an upset, 43-41, at the hands of an improved Center Line St. Clement five.

In the only other Suburban Catholic League engagement last night, St. Rita surprised Royal Oak St. Mary 44-38, paced by Jim Latra's 11 points. Bob Dorr had 10 for ROSM.

Last night's defeats were the first for the Shamrocks, second for Rams. OL St. Mary defeated St. James Thursday to retain, along with the Ravens, the SCL lead (3-0).

It took a last-minute pair of free throws to defeat Gene Wright's Rams. With 55 seconds to go, the count was tied 41-all. At that point, Crusaders' Bob Vigneaux grabbed a pass, drove in for a shot, but was fouled by Rams' Phil Bieri. The St. Clement lad dunked both tries to clinch the win.

Rams had two bad periods, the first when they bagged six points and the finale with only five. However, it was really the poor free-shooting that beat them. Rams collected three of 14 tries, their opponents three of four.

After a hot third period led by Ted Dobski, top scorer for the night with 15, Phil Bieri and Mike Reed, Freds led by seven points. But Bob Forten and Vigneaux came back in the finale to lead a 14-point splurge.

Shamrocks jumped off to an early lead, kept in the battle with the Ravens all the way and were leading midway in the third session. St. Benedict managed a rally at that point and went on to win with a six-point margin.

Ravens were paced by Eddie Everhardt with 14, but game honors went to Shamrocks' Tom Dabbs who hit 16.

St. Michael, which put up a real battle all the way, hung to the lead from the start, until Art Massucci plunked in five gift shots in a row. That broke the ice and with two more free throws that followed, Ravens were in control, ending the period with a one-point edge, 27-26.

Final frame saw a tight, see-saw scrap with the Ravens never going more than 5-6 points up, right down to the wire.

Jim Niebauer praised his club for a "courageous, hard-fought effort." They were plagued by an off night on shooting, but were in control of the boards most of the way, with George Drake turning in a fine job in this particular. "The kids really hustled," Niebauer said.

Maples Victors, 58-43; EML in Four-Way Tie

The Eastern Michigan League has four members holding 1-0 records in conference play today as Birmingham, Port Huron and East Detroit all scored wins last night.

Birmingham rolled over Hazel Park 58-43 after falling behind 12-11 in the first period. After that, the Maples went out at halftime 28-19 and held a seven point margin consistently throughout the second half.

East Detroit surprised Ferndale 59-57 with a 22 point final quarter, including 10 free throws. The Dales held a 9 point lead with three minutes to go, but the Shamrocks hit accurately from the charity line.

Port Huron drubbed lowly Royal Oak Kimball, 49-27, to join the first place contingent, although this was the first win for the Big Red in three starts this year.

Birmingham with a 2-1 over-all record, got a 17 point performance from Merv Gallup, with Bill Massey adding 13 and John Spoelstra 10.

Birmingham had a miserable day at the free throw line, sinking only 14 of 35 attempts while Hazel Park was making 21 of 34.

Ferndale held a 24-23 lead at halftime and 40-37 margin after three periods before the 4th period collapse.

★ ★ ★

Dennis Stinson led the Dales with 21 points, while Bud Weinert had 14 and Ernie Keskes 11 for East Detroit.

The loss was the first for Ferndale, which was favored in the EML cage race. When EML action resumes Jan. 8th, Birmingham will be at East Detroit and Ferndale at Port Huron in games which dissolve the crowded first place spot.

NAIA Names 9 to Grid 'Hall'

3 Coaches, 3 Players Among Those Honored at Banquet

ST. PETERSBURG, Fla. (AP)—The National Assn. of Inter-Collegiate Athletics, representing 452 small colleges, last night named nine men to its Football Hall of Fame for 1958.

The men received the award at the annual NAIA Hall of Fame banquet part of the program surrounding today's Holiday Bowl game between Texas A & I and Lenoir Rhyne.

Named for their contributions to the game were Robert Earl Bowles, former coach at William Jewel College, Liberty, Mo.; Howard Hancock, former coach and presently athletic director at Illinois State Normal University at Normal; and Alfred Nash Higgins, former coach at the University of Tampa.

Three coaches named for the honor were Joseph Aillet, Louisiana Polytechnic College, at Ruston; Dale Hamilton, Central Oklahoma State College at Edmond; and Volney Ashford, Missouri Valley College at Marshall.

Players named were Norb Hecker, formerly of Baldwin-Wallace College, Berea, Ohio, and the Washington Redskins; Raymond Vincent Borleski, formerly of Whitman College, Walla Walla, Wash.; and Clarence Stasavich, formerly player and now coach of Lenoir Rhyne College, Hickory N.C.

Anchor Bay, Memphis and Almont Post Wins

Anchor Bay had a surprisingly easy time with Dryden romping 55-38 last night to stay unbeaten in the Southern Thumb race.

In other action, Almont nipped Capac 48-47 and Memphis slammed New Haven 44-26 after trailing starting the 2nd quarter.

Anchor Bay opened fast with leads of 17-9 and 33-24 following the first two quarters. Seven was the closest Dryden could come the rest of the way against a tight press.

Dick Rivard caged 18 and Don Paul 17 to almost match Dryden's total. Leo Andea and Carl Grondin had 10 apiece for DHS.

It took 14 minutes to do it but Almont fought back from a 10-point halftime deficit to go ahead and down Capac. Don Eschenburg led the surge by swishing six of 11 floor shots of 12 of his 20 points while Jeff Bagocius controlled the backboards.

Almont went ahead for the first time with two minutes to play and held off a Capac attempt to pull it out. Wallace contributed 11 to the winning cause which featured a 41 per cent shooting effort and 29 rebounds by Bagocius. John Staniloui hit 14 for Capac, Bill Abraham 13.

Memphis came back to gain a 19-18 edge at halftime and broke things wide open after the intermission with a 25-8 edge.

Ken Stahl, who led Memphis in the last two periods with eight points, wound up with 10 in balanced group. Bill Schellin had seven for New Haven.

Clarkston Snaps Slump, Barons Clip Northville

West Bloomfield Is 73-54 Loser in Game at Brighton

Clarenceville, one of the second division teams in the final standings of the Wayne - Oakland League last season, stands alone in first place today.

The Trojans won out in impressive fashion by beating Holly 56-45 in a battle for the top rung last night.

Clarkston, the pre-season favorite, snapped its slump long enough to dump Milford 38-32, improving Bloomfield Hills surprised Northville, 51-38 and Brighton belted West Bloomfield 73-54 in other games.

Holly, the Barons and Brighton are now locked in a deadlock for the runnerup position looking ahead to the resumption of loop action Jan. 8 with 2-1 records. Milford remains the only winless quintet with the others having 1-2 marks.

★ ★ ★

Clarenceville started the season by dropping a "tuneup" to South Lyon but has come on strong since.

The Trojans were down 7-0 and 16-14 but went ahead 26-25 at halftime. They increased their margin to four at the 3rd quarter although it reached 10 one time during the session before Holly put on an effective press.

Failure at the foul line hurt Holly's chances in the final period as the Broncos missed six times on 1 and 1 situations.

★ ★ ★

Ron Warren tallied 18 featuring driving layups and Tony Giacobazzi hit 16 while rebounding well for the victors. Ron Morlan had 23 in defeat.

Clarkston led all the way but Milford was always within striking distance thanks to the shooting of Gene Schuett, who had 14. It was only 22-21 before the Wolves moved more comfortably in front in the 3rd quarter.

Bill Powell tossed in 16 for Clarkston to top both teams as former scoring ace Bob Porritt was held to six. He has only 13 in the last two games.

Northville was expected to be riding high after its upset of Brighton but the Barons took command right from the opening whistle with a zone defense. The home club built up a 28-11 intermission lead and coasted the rest of the way.

A well balanced Bloomfield attack had Tom Maron hitting 13, Bruce Billings 12 and Art Tregenza 11. Roger Atchinson of Northville swished 15.

Brighton looked like a very capable defending champion with a fast break which virtually ran the West Bloomfield boys off the court. This was another contest decided early with such scores as 19-9 and 39-13. A 24-point 3rd period followed before the Lakers showed some offense in the last session to slice a deficit which had reached 35.

Jump shot artist Don Appleton had another 29-point game giving him a 25.4 average for five. Doug Verellen followed with 14 and Randy Marx hit 11. Denis Alix was the Keego star in defeat swishing 20.

Dragons Romp, 61-38; Troy and Fitzgerald Victorious

Reed Paces Orion Over Clawson

Lake Orion and Fitzgerald kept right on the heels of Troy with easy Oakland B victories last night as the defending champion Colts chalked up another triumph.

Orion walloped Clawson 61-38 starting out with a 14-2 first quarter advantage. It was 27-14 at halftime and all Dragons from then on. The home team piled up 20 in the last period to make sure.

★ ★ ★

Capable junior Tom Reed rung up 17 points and 25 rebounds to spark the Orion cause. Chuck Hunter added 11 and Dean Callison 10.

Gary Boss hooped 11 and Jim Thomas 10 for Clawson.

Fitzgerald drubbed Madison by a 73-50 count while the scoreboard read 71-28 when Troy got through with Oak Park.

Madison, like Clawson, was out of its game early. Fitzgerald raced to a 32-19 halftime advantage and kept right on rolling closing out the night with a 30-point final quarter.

Phil Morgan's 28 points for the Spartans paced both teams. Bob Radlinski contributed 16 to the winners' attack.

Gene Shooltz and Jim Nitz accounted for half of the Madison total with 14 and 11, respectively.

There was no stopping Troy as 11 different boys got into the point column before the massacre was over. Bud Acton headed the pack with 17 followed by Bob Kelly's 13 as those two combined to top the Parkers. Ron DePauw chipped in with 11.

Troy was in the van 19-3 and 38-4 following the first two quarters. Colt skipper Peyton Goodwin tried all his reserves from then on but the score kept going higher and higher.

★ ★ ★

Bob Hauger was high man for the Parkers with nine.

Troy is now 3-0 in league play. Lake Orion and Fitzgerald are 3-1. Idle Avondale dropped to 3rd with 2-1. Fitzgerald now has a 4-1 mark for all games.

Clawson's defeat was its 3rd in four loop starts. Oak Park is 0-3 and Madison 0-4.

Our Lady Loses, 45-44

Two free throws in the final seconds gave St. Thomas of Ann Arbor a 45-44 victory over Our Lady of Farmington last night.

Our Lady got within one point 43-42 with 50 seconds to play but St. Thomas made it 45-42 before a late field goal closed the gap. John Herzel had 16 and Bob Unks 10 for Our Lady, while Dick Pelletur had 12 for St. Thomas.

44-Point Scorer Beats Rochester

Rochester could not cope with one of the state's outstanding shooters coming out on the short end of a 69-49 score at St. Clair Lakeview last night.

John Lenders, a 6-2 sharpshooter in close, was just five short of matching the Falcon team score with a 44-point performance.

Romeo finally found the victory column by downing Oxford 45-41 while Lapeer was taking it on the chin for the fourth straight time.

The Rochester contest was not as one-sided as the score would indicate. Lakeview led all the way but a big 19-7 RHS edge in the 3rd period cut the difference to only three starting the final eight minutes.

★ ★ ★

But Lenders, who had 31 by then, scored some points to start the last session enabling the home team to pull away safely again. Lakeview had led 38-25 at halftime before the Falcons got hot featuring Bill Mason and Reggie Dixon with 13 of the 19 in the comeback.

It was strictly a one-man show as no other St. Clair boy could get over six. Almost all of 18 field goals were made from right in front or under the hoop. He missed only 13 floor attempts in setting a school record. Lenders now has 109 points in three successive wins.

Mason swished 15 and Dixon 13 in Rochester's third setback in four games.

Romeo held the advantage most of the way but never by much at Oxford. It was 11-10 at the first period and 26-21 at halftime. Oxford moved in front 32-31 as the third quarter ended but the Bulldogs took command again soon after.

Steady Jim Black swished 14 to top the victors. Jim Brady of the Wildcats tallied 20-12 on free throws. Oxford is now 1-1.

Lapeer keeps improving but not quite enough. The Trojans bowed 66-59 at Davison after trailing by 18 at one time. The losers got within four in the closing minutes.

Bob Smith of Davison took game honors with 22. Tom Connors canned 16, Don LeDuc 13 and Augie Maasch 10 in defeat.

Top Weights Are Given to Sword Dancer, Hillsdale

ARCADIA, Calif. (AP) — Hillsdale and Sword Dancer Friday were assigned an unprecedented 132 pounds each as the top-weighted horses nominated for the $100,000 added Santa Anita Handicap.

Never before in the history of the race, which was inaugurated in 1935, have two horses been asked to carry more than 130 pounds.

The handicap at a mile and one quarter, highlight of the Santa Anita meeting which opens Dec. 26, will be run Feb. 27.

Hillsdale, owned by C. W. Smith of Detroit, is now at the track. The Brookmeade Stable's Sword Dancer, voted "horse of the year" for 1959, is in Florida and there is no certainty that he will race in the Santa Anita feature.

Racing Secretary Jimmy Kilroe announced the imposts.

Chiefs Beat Flint Central

PCH Tankers Win, 60-35

Pontiac Central's swimming team won its third victory in four starts by scoring a 60-35 win over Flint Central, in a Saginaw Valley dual meet last night in the PCH pool.

The Chief tankers took eight events, led by a pair of individual vietories for Bruce Norvell and a team and pool record by Ted Gaensbauer.

Norvell won his specialties, the 100 yard butterfly in 1:06.5 and the breast stroke in 1:09.6.

Gaensbauer's mark came in the individual medley in which he recorded a time of 1:57.1.

★ ★ ★

In the 200 yard freestyle, Ben Donaldson was a surprise winner over Gaensbauer by taking the event in 2:10.5.

Flint Central's Dave Bale outpointed Bruce Lewis in the diving events and Ernie Eichorn came in first in the 100 yard freestyle ahead of Greg Uligian in :61.1.

The PCH medley relay team made up of Blamey, Doerr, Osler and Roeser won in a time of 1:35.4 and the speed relay with Joe Fox, D. Fox, Milton and Osler won in 1:24.8.

The Chiefs are 1-1 in SVC competition.

Late Goals Bring Win for 'M' Hockey Squad

ANN ARBOR (AP)—Two final-period goals in 40 seconds permitted Michigan to tie and then go ahead for a comeback 4-2 hockey victory over Toronto last night.

The Wolverines and the Canadian school are rematched tonight.

Gary Mattson scored on Bobbie Watts' rebound early in the third period to knot last night's game 2-2. Watts sent Michigan ahead 3-2 with a 20-foot screen shot 40 seconds later and the Wolverines then added an insurance tally.

Ortonville Rolls Over Imlay 65-39

Friday's Cage Prep Stars

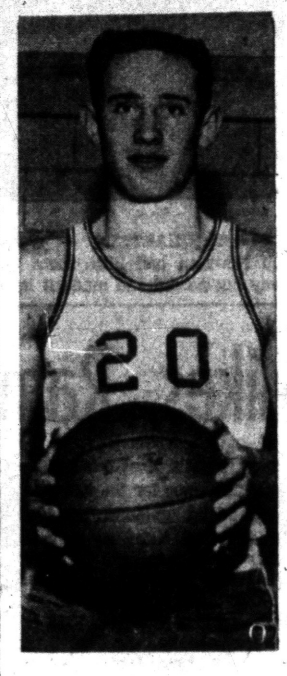

BILL POWELL

Clarkston's first victory in the Wayne-Oakland League last night was helped by the scoring and play of big Bill Powell, a 6-3 junior who had 16 points for the Wolves in the 38-32 win over Milford.

STEVE THOMPSON

Pontiac Northern got its second victory in the Inter-Lakes Conference by drubbing Berkley 42-30 last night and Thompson again gave a steady performance in leading the Huskie scoring with 12 points.

MEAD MEYERS

Ortonville got sweet revenge for the many beatings it took in the past from Imlay City, and it was Mead Meyers, 6-2 senior center, who led the attack with 25 points and 29 rebounds.

North Oakland County Quintet Enjoys Sweet Revenge in League

Few can remember the last time Ortonville won four straight basketball games, but the Blackhawks of Northern Oakland County did just that last night in trouncing Imlay City 65-39.

Imlay City, long the kingpin in the South Central Conference, and among the top rated teams in Class C for many seasons, appears to have a long road ahead this year.

The victory was the second in league play for Ortonville and the new year should bring a quick showdown for conference honors.

Oxford, which is 1-0 in the league, lost to Romeo, a nonleaguer, last night, and the Wildcats will face Ortonville in the first game after the holidays.

★ ★ ★

In another SCC game, Millington defeated North Branch 50-45 by putting together three players in double figures to offset the 21 points by North Branch's Mike Ribner.

Dave Zink had 12, Mike Zink had 10 and Mike Kolaja had 10 for Millington.

Ortonville enjoyed itself against Imlay, a team which gave the Blackhawks many beatings in the past.

Imlay got only two points in the first period and Ortonville coasted to a 29-12 halftime lead.

★ ★ ★

Mead Meyers, 6-2 senior center, poured through 10 field goals and five free throws for 25 points. He also pulled down 29 rebounds.

Jim Hutchings added 20 points and 19 rebounds, while Pete Brabb led Imlay with 16 points.

Continental Opening May Be Late

PITTSBURGH (AP) — Branch Rickey, president of the newly formed Continental Baseball League, says that a lack of cooperaton from the major leagues probably will force his circuit to open in 1962 rather than in 1961.

★ ★ ★

"Three months ago I felt we could get under way in 1961," Rickey told newsmen yesterday. "But recently we have not received the cooperation we need from the major leagues."

★ ★ ★

Rickey cited the following roadblocks as reasons against the new circuit's opening in 1961:

1. The monopoly of players and territories by the two current leagues.

2. A lack of foresight on the part of the National and American Leagues. Rickey asserted that the major leagues cannot foresee that such expansion as the new league is the only salvation for baseball in this country — since the minor leagues are dying off.

3. The American League's talk of expansion. The Continental League, said Rickey, can't get membership because baseball people feel their city may be taken into one of the current leagues.

Despite the problems, however, Rickey was quite optimistic about the prospects of the third league. He said that once the circuit got started, it would be ready to compete in a World Series in three years.

★ ★ ★

"It isn't going to be a weak league," Rickey asserted. "Each club which comes into the league will have a pot of $1,500,000 for player procurement with another million in reserve for the same purpose if necessary."

Hamner Appointed Richmond Manager

RICHMOND, Va. (AP)—Granny Hamner, who jumped directly from high school to the major leagues 15 years ago, is coming back home next year as a playing coach for the Richmond Virginians of the International League.

★ ★ ★

The 32-year-old Hamner, who spent 11 of his 12 full seasons in the majors with the Philadelphia Phillies, was named last night to replace Randy Gumpert, who has been given a scouting assignment by the New York Yankees.

Hamner, released at the end of the 1959 campaign by the Cleveland Indians, said he expects to play third base for Richmond, a Yankee farm.

"I'm quite sure I'll play third, but, of course that'll be up to Steve Souchock (Richmond manager)," Hamner said.

Sammy Baugh Favors Pro Rules in College Football

NEW YORK (AP) — Sammy Baugh, back in pro football after a seven-year stint of ranching and college coaching, would like to see college football adopt the pro rules.

"I think everyone really prefers pro football. There's no doubt it's the best," the lean, 45-year-old Texan said Friday after he had signed a three-year contract as head coach of the New York Titans of the new American Football Legaue.

★ ★ ★

"I'd like to see the colleges take every rule in the pro book. It would make a better game. We've been fighting for that down at Hardin-Simmons."

Baugh joined the Hardin - Simmons coaching staff while he still was an active player with the Washington Redskins and he was persuaded to become head coach after Murray Evans quit in 1955. He said he took the job only because it was near enough to his 6,000-acre ranch at Rotan, Tex., that he could drive back and forth daily.

★ ★ ★

In recent years, he said, the ranch has become less important to him. When the Titans approached him he decided that as long as he was going to be in football he should be where football is best.

Baugh feels there's plenty of room for expansion in pro football and that the game as a whole has advanced in recent years.

★ ★ ★

"Financially they've made a lot of progress," he grinned. "My contract calls for quite a bit more than I ever made as a player.

"There are more good players on every team now than when I was playing.

"How long do I think it will take the American League to reach parity with the National? Well, I'll say three years, but I really have nothing to go on. I don't know what players we'll have."

Baugh played 16 seasons with the Redskins—one more than any other NFL player—and set some records the new league can't equal until it reaches a ripe old age.

★ ★ ★

Among other things he had a career mark of 1,709 pass completions on 3,106 attempts for a total distance of about 13 miles. He was league leading passer six seasons, completed more than 70 per cent of his passes in 1945 and had an overall efficiency record of 56.7 per cent.

He retired as a player after the 1952 season and had rejected all approaches by pro clubs until the Titans' offer was made last week.

Lion Directors Present Coach With '60 Pact

Replacement Expected for Assistant Other Than Ramsey

DETROIT (AP)— George Wilson, with a new contract to coach the Detroit Lions again next season, may do some shuffling on his coaching staff for the 1960 campaign.

The Associated Press learned today Wilon is contemplating a change involving one of his assistants.

Wilson currently has one vacancy on his staff. Buster Ramsey, Detroit defensive coach for eight years, resigned Wednesday. He became head coach of the Buffalo Bills of the American Football League.

Wilson's other aides in 1959 were Aldo Forte, Ray (Scooter) McLean, Bob Nussbaumer and Bob Dove.

The Lions' board of directors gave Wilson a contract for 1960 at a meeting yesterday. Edwin J. Anderson was given a vote of confidence as president general-manager.

★ ★ ★

Anderson wouldn't be pinned down about a possible coaching change. Wilon was unavailable for comment.

The Lions president said any decisions about the staff would be made by Wilson alone.

"George has completed latitude," Anderson said. "he has the right to hire and fire as he sees fit and no one interferes with him."

Anderson said the directors took Ramsey's departure in stride.

"We're in no hurry to find a replacement," he said. "we want to find the best possible man."

★ ★ ★

Ramsey was largely responsible for the Lions' tough defensive units during the recent glory days when the Lions won three world championships and added a divisional title. The defense was the most reliable part of the club in the last two season as Detroit totalled only seven victories.

But Anderson and Wilson said better days are coming for the Lions.

They agreed the outlook for next season was "very, very optimistic" because of the many fine rookies the club expects to sign.

"There's nothing wrong with the Lions that a winning or an interesting team couldn't cure," Anderson said he told Wilson and the board.

The rehirings, although expected, quieted all talk of internal strife on the club. A few weeks ago some directors said they wanted to oust both Wilson and Anderson, but the revolt died out.

"I'll admit there have been some difficulties," Anderson said. "but I don't consider them major ones. There are always differences of opinion when you have 13 people on a board. But I believe my directors are solidly behind me and I'll stand on the record I have made since I became president of the Lions 10 years ago."

Anderson has been mentioned as a possible candidate to become commisioner of the National Football League before next season. Austin Gunsel has been acting commissioner since Bert Bell's death in October. The NFL is expected to name a successor at its Jan. 20 meeting in Miami Beach, Fla.

"I'm not campaigning for the job," Anderson said, "but if the other 11 club owners feel I'm qualified, I would give it serious consideration."

Mountaineers Face Kentucky in Tourney Final

W. Virginia After Revenge

By The Associated Press

Jerry West and his rough, tough West Virginia Mountaineers get a chance at sweet revenge tonight when they meet Kentucky in the final of the University of Kentucky Invitational Basketball Tournament in Lexington.

Last year, the same two teams met for the championship and the Wildcats won 97-91.

This time, though, the Mountaineers will be the favorites. They cleared their first big obstacle Friday night in the first round of the tourney by edging St. Louis, 87-86, to run their record to 7-0.

Kentucky, slow starting, advanced at the expense of North Carolina, 76-70.

In the other big tournament on tonight's card, Navy goes against Duke for the title in the Birmingham Classic in Birmingham, Ala. The Middies turned back Auburn, 68-61, and Duke trounced Alabama, 78-60, in first-round games.

All-America West was the big man in the West Virginia triumph scoring a record 37 points, 25 of them in the first half. He fouled out with 22 seconds left in the game.

West Virginia had an easier time than the score would indicate. The Mountaineers piled up a 51-36 bulge at halftime. It wasn't until late in the game that St. Louis pulled up close.

★ ★ ★

With one second to go, and West Virginia ahead, 87-85, Jim Warren fouled Jim Dailey. Dailey made good on the first throw to cut the deficit to one point, but missed his bonus toss.

Kentucky didn't take the lead until 10:05 of the first half, but then pulled away until the Tar Heels rallied late in the second half.

Bennie Coffman was high man for the winners with 23 points. Lee Shaffer led the Tar Heels with 22.

In the Birmingham Classic, Navy, now 6-0 had to come from behind at the half to overcome Auburn. Jay Meltzer, a 6-6, 225-pound senior, scored 27 points for the Middies.

★ ★ ★

Duke (3-1) had little trouble with sophomore-studded Alabama. The Blue Devils trailed by one point, 17-16 midway in the first half, but the rest of the way in, they were in command.

Ohio State, terror of the Big Ten, and Bradley, another Midwest power, remained undefeated, Ohio State blasted Butler, 96-68, with soph star Jerry Lucas pitching in 20 points. Bradley took the measure of Boston University, 94-69, with the second and third stringers playing most of the second half. Ohio State and Bradley both are 6-0.

★ ★ ★

Maryland and Texas were dumped from the unbeaten ranks. Wake Forest cut down the Terps, 54-47, while Oklahoma City turned back the Longhorns, 98-90.

★ ★ ★

Elsewhere, Notre Dame made it six victories in seven starts with a 67-45 decision over Loyola of Chicago, Kansas rolled over San Francisco, 73-42; Purdue nipped UCLA, 75-74; Kansas State walloped Brigam Young 86-55; Richmond vanquished Rhode Island 82-71; Southern Methodist downed Tulane, 86-61; Texas Tech beat Louisiana State, 72-65; George Washington rolled over William and Mary 98-71 and California came from behind to nip Colorado 51-47.

Brings Spirit to Knicks

Braun in Coaching Debut

BOSTON (AP) — Carl Braun brings a fighting spirit but no plans for a personnel shakeup to the job of playing-coach of the slump-ridden New York Knickerbockers.

The veteran backcourt man makes his coaching debut today with the National Basketball Assn. club for which he has played 11 seasons. The Knicks meet Boston here in a televised contest—4 p.m. EST, NBC.

Braun was named to replace Fuzzy Levane Friday by owner Ned Irish.

★ ★ ★

New York lost its fourth straight, 137-126, to Boston at Providence, R. I., Thursday night. The Knicks, mired in the Eastern Division cellar, have been able to win only 8 of 27 starts.

"I've been told that nobody is expecting miracles this year," Braun said, "but I'll be trying just as hard as if they were expected."

Braun said he met with the team and assured them there would be no changes in the club roster.

"One thing I do intend to do," Braun added, "is play Kenny Sears more regularly. He had scarlet fever in August and at one time was down to 186. Kenny's up to about 200 now and I'll use him about 35 minutes a game instead of the 22 he's been playing.

"As for myself, I'll start some games depending upon which teams I think I'm most effective against. I'll use mysef the way I think a 32-year-old player like me should be used.

"I've always looked forward to becoming a coach and hoped it would be with the Knicks."

Pair of Piston Players Fined

DETROIT (AP) — Two of the slumping Detroit Pistons have been fined for reporting late before National Basketball Assn. games.

One of the players was fined $150, the other $135, it was learned. Coach Red Rocha today confirmed he levied the fines earlier this week against two players. But Rocha would not identify them.

The Pistons have lost five of their last six games after challenging for the Western Division lead. They face the Syracuse Nationals here tonight.

Rocha explained he has a rule that all players must appear in the dressing room one hour before a game. The fine for being late, he said, is $5 a minute. He said the two offenders had been late more than once and were notified of their accumulative fines this week.

The coach said he also gave one of his players a stern chewing out at halftime of last Sunday's game. The Pistons won the game 147-129 over the New York Knickerbockers in their greatest offensive scoring spree ever.

Titan 5 Gets Big Chance Tonight

By The Associated Press

Detroit's dynamic Titans have been vaulting higher and higher in stature. Tonight the Titans get their big chance to crash into basketball's select circle of national prominence.

Coach Bob Calihan takes his unbeaten Titans to Bloomington, Ind., to face Indiana, the Big Ten's pre-season favorite.

A sixth straight victory for the sophomore-laden Titans should spurt them into the top ten in the national rankings. They return home Sunday afternoon to play Boston College.

Sophs Dave DeBusschere and Charlie North have blended expertly with veteran Ray Albee. The Titan trio already has its supporters talking about post-season tournament bids.

Detroit has beaten one Big Ten foe this season, Purdue 84-63 last Saturday. But the Boilermakers are not in the same strong category as Indiana.

The state's other unbeaten major quintet, Michigan State, also is on the road. The Spartans go after their fourth straight triumph against strong Wyoming.

Winless Michigan has another tough opponent in an afternoon regionally televised game. The thrice-beaten Wolverines take on Tennessee, one of the Southeastern Conference's powerhouses.

Western Michigan, which already has equalled its two victories of last season, plays Marshall of West Virginia on the road in a Mid-America Conference clash.

Central Michigan is at Milwaukee State and Otterbein at Lawrence Tech in other games of state interest.

Northern Matmen Head Locals in Area Tourney

With Northern leading the way, Pontiac area prep matmen took an impressive opening showing into today's deciding rounds of the annual Southeastern Michigan Amateur Wrestling Association tournament at Allen Park.

Coach Bill Wilson of the Huskies took 20 boys to the meet and 16 of them were still in the running when another long session got under way just before noon.

Pontiac Central, Waterford and Walled Lake all have boys still in the running for medals which will go to the top four finishers in each weight class.

Two pins by Tyson Daniels and a pair of victories each by Stan Hertel and Jan Lawrence featured the impressive PNH start.

A pair of veterans, Sam Wiscombe, 154, and little Bob Kaiser, were the shining lights for Central with two triumphs apiece. Each won the only matches sending PCH boys against Huskies.

Wiscombe defeated Jim Miller and Kaiser downed Ben Chancey in a preview of a big dual between the schools set for Tuesday night at the PCH gym.

The tournament started with some 521 contestants representing 30 schools. Finals start tonight at 7:30.

Barbers Hold Lead in PTTL by One Point

A 5-1 victory for Capitol Barbers in Thursday's Pontiac Table Tennis League, kept the tonsorialists in the top spot by a single point. Newberry Market, runnerup, also won with a shutout, 6-0, over A & W. Barbers defeated Cone Top.

Other results, as the league nears conclusion of its first half season play, included 5-1 wins for Seman Mfg. over Fox, L. H. Cole over Frostop, 4-2 victory for Dorris & Son over Pontiac Motors, and 4-1 for All Aluminium over Nutrilite. Two more weeks of play, starting Jan. 7, will end the first half.

Perc Secord and Howard Heckman are the only remaining unbeaten players in the PTTA.

Standings:

Colorado Pucksters Stave Off MSU Rush

COLORADO SPRINGS, Colo. (AP) —Colorado College stormed to an early 5-1 lead and staved off Michigan State's third period rally for a 5-3 Western Collegiate Hockey League victory last night.

State's goalie Eldon Van Spybrook was kept busy with 39 saves during the bristling home opener for the Tigers.

Ed Ozybko, Tom Mustonen and Jack Roberts accounted for the Spartan scores.

3rd for Country Day

Paced by hot-shooting Jerry Jeffrey, with 20 points, Country Day cagers last night defeated Birmingham Groves at the Seaholm gymnasium, 41-33.

Victory was the 3rd straight for Country Day, and Groves first loss in two starts.

CC broke the game open in the 4th period after holding a close margin from the start.

Frank Green led Groves with 10 points.

Shrine Wins Third, 57-47

Royal Oak Shrine won its third game in four starts by whipping Redford St. Mary 57-47 last night.

Stan Cracki's 19 points paced Shrine, with Jerry McCullough adding 16 and Ron Bishop 10.

Leading 27-22 at halftime, Shrine was never in danger in the second half. Tom Began led St. Mary with a 17 point output.

Albion Quintet Rolls

ALBION (AP) — Albion toppled Western Ontario 75-65 last night with a second-half rally led by Garth Richey.

The Canadian five took a 35-30 lead in the second half only to be outscored 26-15 in the first 10 minutes. Richey netted 18 points as Albion squared its record at 4-4. Bill Lawson topped Western Ontario with 24 points.

Chips Get Walloped

DEKALB, Ill. (AP) — Northern Illinois scored its second straight IIAC victory by whipping Central Michigan 77-40, last night. Northern raced to a 30-18 halftime lead and had things its own way throughout the game.

4th in Row for Dondero

Royal Oak Dondero stayed unbeaten in its fourth start of the young season by defeating Monroe, 51-45, in a Border Cities League game.

The game was tied once in the third quarter, but the Acorns never fell behind after 24-22 halftime advantage.

Howie Bryant with 15 and John Meadows with 12 led the Dondero scoring.

Surgery for Harris

DETROIT (AP)—Gail Harris, Detroit Tiger first baseman, underwent an emergency appendectomy today at a Detroit hospital.

Doctors said he was doing nicely. Harris was hospitalized earlier this year for minor surgery.

FIRED UP — Gil McDougald, Yankee infielder and a former San Francisco fireman, is all fired up by hot stove league rumors that he may be traded. The hat is a gift from Yankee Stadium fans, the hose he uses in the garden of his home in Tenafly, N.J.

Meet Maple Leafs Tonight

Red Wings Eye 5th in Row

TORONTO (AP)—Coach Sid Abel and his Detroit Red Wings have become streak conscious.

But Abel wants it kept hush-hush.

★ ★ ★

Abel is hoping nothing happens over the weekend to snap three National Hockey League streaks.

His Wings, winners of four straight and unbeaten in six games, start a weekend road trip tonight against the Toronto Maple Leafs. The Leafs have dropped their last five contests.

Detroit plays the Boston Bruins tomorrow. The Bruins have lost three in a row, winning only twice in their last 17 games.

★ ★ ★

"Don't even talk about such things as streaks," Abel said, happy as the Wings firmly hold second place.

"There's no such animal as a sure thing in hockey. All a team needs to do is get the crazy idea and it gets knocked flat."

The Wings trail the leading Montreal Canadiens by six points. Their margin over third-place Toronto is five points. Boston, in fourth, is another seven points behind the Leafs.

The weekend seems like a good time for the Wings to pull away from their closest pursuers.

"But this league is tough," said Abel. "Anyone can beat anyone any night."

All-Army MVP Title Awarded to Pat Wilson

EAST LANSING (UPI) — The Army Times, weekly newspaper of the U.S. Army, has named former Michigan State football star Pat Wilson as the 1959 all-Army football team's most valuable player.

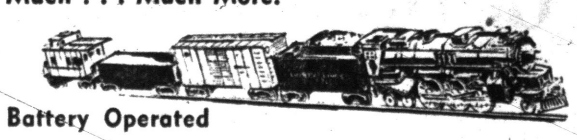

Wilson, a pilot, quarterbacked the 7th Division team this fall in Korea, hit 57 passes in 110 tries for 825 yards and 14 touchdowns.

Also named to the team was Don Gilbert, fullback on 1955-57 Spartan teams. He played halfback on the Fort Dix, N. J. squad. Wilson called signals for the 1956 MSU team which won seven and lost two.

Short Form Aid to Small Unions

It Has Only One Page; Three Tests Required for Meeting Conditions

WASHINGTON (UPI) — Labor Secretary James P. Mitchell Friday made it easier for thousands of small unions to file financial reports required by the new labor reform law.

★ ★ ★

He came up with a single page short form for reports by unions whose annual income does not exceed $20,000. The unions also must keep two other tests.

Mitchell further introduced a detailed nine-page form for other unions to report their income and expenditures.

Under the bill passed by the last Congress, about 55,000 national and local unions must submit reports on their finances to the Labor Department within 90 days after the end of their fiscal year. The idea is to prevent misuse of funds by corrupt union officials.

Mitchell developed the short form under a provision of the law requiring simplified reports if submission of detailed reports would impose an undue burden on unions with only a few hundred members and nonpaid, part-time officers.

CERTAIN CONDITIONS

Unions may use the form if they are self-governing, their yearly receipts are under $20,000 and their expenses would be unduly increased by using the long form.

★ ★ ★

On both forms, the unions must list the salaries, allowances, expenses and other payments to each of their officers and employes who received more than $10,000 a year.

Also required is a report on cash on hand, bank deposits, securities, real estate and other investments. Entertainment expenses, legal fees and outside publicity expenses must be shown.

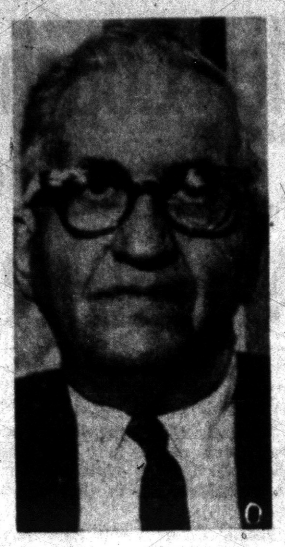

The law carries a maximum penalty of one year in jail and a $10,000 fine for failure to report or knowingly file a false statement.

★ ★ ★

The Labor Department said 75 per cent of union members in this country belong to organizations which must file the more complicated form.

Runway to Be Longer

MOMBASSA, Kenya (UPI) — Work will be completed next June on extending Mombassa Airport's main runway to 6,200 feet. The modernization program is expected to cost 210,000 pounds ($708,000).

ALONZO WILSON

Now Williams Can Fire Wilson

Governor Says He'll Give State Banking Chief Chance to Quit

LANSING (UP) — Adjournment of the Legislature today will clear the way for Gov. Williams to fire State Banking Commissioner Alonzo L. Wilson.

The governor indicated he again would ask the 60-year-old Commissioner to quit the job to which he was appointed in 1957 and reappointed last January.

★ ★ ★

If Wilson continues to refuse, the governor said, he will be dismissed.

Williams disclosed this week he has been trying since August to persuade Wilson to resign because of a conflict of interest. Two Traverse City banks accused Wilson of using his influence improperly to help the Empire State Bank, in which his wife holds 9.5 per cent of the stock.

Wilson authorized the bank to move its main office from Empire to a house trailer on a site within 200 feet of the Traverse City limits.

★ ★ ★

Wilson also holds stock in the Traverse City State Bank and the First People's State Bank. They obtained an injunction closing the Empire Bank's new office last summer and are seeking to make it permanent.

"Wilson has told me he will resign after this court case is settled," the governor said. "I want to check to find out how long this might take and check again with Wilson before I make a decision."

★ ★ ★

Under the state constitution, the governor may not dismiss an elected or appointed state official while the Legislature is in session.

3 Unions Fight Monroe Reactor

Request Appeals Court to Set Aside Order to Build A-Project

WASHINGTON (UP) — Three labor unions have asked the U.S. Circuit Court of Appeals to set aside an Atomic Energy Commission order permitting construction of a nuclear reactor near Monroe.

The unions contended among other things that the 100 000 kilowatt facility, scheduled for completion next year, endangers the lives of two million persons in the Detroit-Toledo area.

The reactor is being constructed by Power Reactor Development Corp., a utility combine headed by Detroit Edison Co.

The AEC entered a final decision earlier this year rejecting the union objections and stating that a reactor of the type proposed by PRDC can be constructed without undue risk to the public safety.

Unions fighting the installation are the United Auto Workers, the International Union of Electrical Workers and the United Paper Workers.

William Peterson, 36, Youngest Judge in State

CADILLAC (UP)—William R. Peterson, 36, has been sworn in as Wexford Circuit Judge and will assume office Jan. 1, becoming the youngest circuit judge in Michigan.

Peterson was elected last April to succeed Howard L. Campbell, who is retiring in the 28th Judicial Circuit. The circuit covers Wexford, Missaukee, Kalkaska and Benzie counties.

Treasury Head Cooped — Leave It to the Marines

By EDDY GILMORE

PARIS (UP) — Secretary of the Treasury Robert B. Anderson Friday gave an autographed dollar bill to a Marine who mistakenly locked Anderson in a conference room.

★ ★ ★

It was also the Marines who released Anderson from his temporary incarceration. The secretary's autograph read:

"To Sgt. Casteel, by a fellow Texan, who made me secure in Paris."

The sergeant was Roy Jack Casteel, of Graham, Tex.

Anderson, from Vernon, Tex., is in Paris attending the NATO ministerial conference.

Earlier this week the secretary decided to hold a small special conference at the Paris headquarters of the American NATO delegation. He selected a small, empy room. Unfortunately the lock on the door was faulty.

LOCKS DOOR

When Sgt. Casteel was making his rounds of the building, he found the door unlocked. Following orders, he turned the key.

★ ★ ★

A few minutes later the secretary tried to leave. But the key wouldn't turn in the lock. He and the two other officers beat a tattoo on the portal. Finally someone heard the hammering and summoned the Marines.

Efforts to get the door open from the outside failed. But nothing's too much for the Marines. One of them slid through a window and pried open the door. Greatly relieved, Anderson thanked his liberators.

The autographed bill was handed to the sergeant by Anderson's assistant, Niles Lennartson of Augusta, Maine.

★ ★ ★

"Actually," explained Lennartson, "you've got two autographs, for all dollar bills carry the secretary's signature in the corner."

India's wheat crop this year was a record 362 million bushels, about 25 per cent more than last year.

YOU May Have to Tangle With Your Car's Innards

Auto Mechanics Few, Far Apart

By BEN PHLEGAR
AP Automotive Writer

DETROIT—Few men ever are called upon to tangle with a piece of machinery more complex than a modern automobile.

For many drivers the innards under the hood remain a complete mystery. In earlier days cars came equipped with sets of tools and detailed instruction books. The owner not only was able to dismantle almost any part, it was expected of him.

As motor cars became more complex, the tools and instructions disappeared. Owners who need repair work were advised to seek trained mechanics at garages or service stations.

What of the future? Could we be headed back to the do-it-yourself era?

When Ford introduced its compact Falcon this fall quite a point was made of the simplicity of the new engine. "Backyard mechanics once more will be able to tinker," declared one enthusiastic engineer.

Prof. Amos E. Neyhart, head of the Institute of Public Safety at Pennsylvania State University, hints that we might have to return to fixing our own cars.

MECHANICS NEEDED

He says the United States is 100,000 short of the number of trained mechanics needed to maintain our cars and trucks.

"Only the stupid and hard-to-handle pupils are today entering auto vocational classes," Neyhart said in a recent Detroit talk. "Within five years we will be 140,000 below the minimum number to keep our vehicles in good running shape."

The professor says that 20 years ago there was one mechanic for every 72 vehicles. "Today there is about one to 90 and in five years it will be one to 103," he added.

On the other hand the average adult car owner can marvel at the mechanical tricks known and practiced by many present-day teen-agers.

Some are able to soup up worn out jalopies and turn them into first rate vehicles. Or they swap parts on standard engines and transmissions until a sedate family car is transformed into a real hot rod.

* * *

Nobody has said whether faith in Americans' mechanical ability or a worry about the diminishing supply of mechanics is responsible, but most foreign manufacturers include tool kits in the cars they send to this country.

The English Hillman has tools for adjusting distributor points, removing and replacing spark plugs, in addition to jack, lug wrench and hub cap remover. The Sunbeam Rapier, another British entry in the low price class, comes with 14 tools.

Renault and Volkswagen are equipped with tool kits. Volkswagen also has a spare fan belt while Renault has a jack handle that doubles as a crank.

And at the extreme luxury end of the import field the Rolls Royce has a tool set, appropriately chrome plated, and lodged in a tool box which includes illustrated instructions and a trouble light. The Rolls' set is so complete it provides one special tool to adjust the automatic transmission.

CARRY THESE ITEMS

Even if you aren't mechanically inclined you would be well advised to add some simple equipment to the usual jack and lug wrench which come with American cars.

The following items should see you through many a minor difficulty:

Several wood blocks to chock wheels; a set of warning flares or reflectors.

Flashlight (check batteries periodically), either chrome or light colored in case it's dropped in the dark; tire wrench; pliers or visegrip wrench; claw hammer; screwdriver set with a variety of interchangeable blades; jackknife.

Tire pump for use on slow leaks or a pressurized can of air; electrician's tape; work gloves.

Small first aid kit, but leave out liquid antiseptics—they deteriorate too rapidly.

For winter, add an ice scraper; small spade or shovel; a sand bucket filled with either sand or ashes; chains; a length of good rope.

Depending on your ability or your inclinations you can add any number of other items. A modest investment could save you some money and headaches.

Adlai Has Ideas for 2 Problems

'Not a Candidate' but Sees Hope to End Arms Race, Help Nations

NEW YORK (AP) — Adlai E. Stevenson says he sees new hope for an end to the arms race with the Soviet Union.

"Once a revolutionary regime leaves behind its adolescent fanaticism," Stevenson writes in the quarterly magazine, Foreign Affairs, "risk and cost become powerful considerations. I believe they exercise genuine influence in Moscow today and that we should do what we can to encourage the trend."

* * *

The former Illinois governor and two-time Democratic nominee for the presidency has said he is not a candidate for the 1960 nomination. But Foreign Affairs says Thursday's 7,500-word article is his most comprehensive discussion of foreign affairs since his 1956 campaign.

* * *

"I am much encouraged by evidence from many quarters that the Russians are genuinely worried about the political and technical dangers and the cost to the USSR of continuing the arms race indefinitely," he wrote.

* * *

He said it appears that "controlled disarmament" was back at the top of the world's agenda "where it belongs." But, he added, the West must maintain a balance of military power with the Communists—for its own safety and to strengthen its hand during disarmament talks.

Stevenson also suggested that the Free World pool its resources for a 200-billion-dollar investment program for underdeveloped nations.

* * *

He said the program would last 40 years and "we shall have to coordinate all aspects of the effort with other nations—not only investment but opportunities for trade, international liquidity and so foth. The developed nations must all cooperate."

* * *

"To me," he added, "the two most dangerous realities we now face are the multiplication of nuclear weapons and the disparity in living standards between the rich nations and the poor."

He said the Eisenhower administration has lost the initiative to the Soviets by giving priority unnecessarily to budgetary considerations.

Asks Legal Aid on Teamsters

Chief Monitor Chasing New 'Dirty Business' Stymied by Attorneys

WASHINGTON (AP)—The chief Teamsters Union monitor appealed in court Friday for more legal help in chasing down what he called some new "dirty business" in the big trucking union.

★ ★ ★

Martin F. O'Donoghue, chairman of the three-man court appointed monitor board, said he had uncovered new evidence relating to Teamsters President James R. Hoffa's use of $400,000 in Teamsters funds to help finance a Florida real estate project.

But O'Donoghue complained to the U.S. Court of Appeals that he needs more legal help to pit against an array of union lawyers blocking him with litigation at every turn.

He asked that the appeals judges sanction hiring of a law firm at Teamsters expense to aid the monitors in court cases.

'UNLIMITED LAWYERS'

"They have unlimited lawyers at their command," O'Donoghue said of Hoffa and the union's high command.

"Every time I go up there (to Teamsters headquarters) I meet a bar association . . .

"It's just always climbing up hill to get anything accomplished."

★ ★ ★

O'Donoghue said he has been kept so busy defending monitor actions against Teamsters legal challenges in the courts that he can't proceed with proper speed on needed reforms.

For example, he said the monitors have complaints involving 35 recent Teamsters local union elections that need investigating.

Business Notes

D. N. Frey, 586 Fairfax Rd., Birmingham, has been appointed assistant chief engineer of the car product engineering office of Ford Motor Company's Ford Division.

Frey joined Ford in 1951 as manager of the metallurgical department in the scientific laboratory and subsequently advanced to director of the engineering research office.

Prior to his present assignment, he served as executive engineer of car product engineering. Frey holds a doctor of philosophy degree in metallurgical engineering from the University of Michigan.

Admiral Hears German Spoken; Wonders Why

WASHINGTON (AP)—U. S. Navy wives in Germany puzzled Adm. Arleigh A. Burke, chief of naval operations, when he visited there this week.

★ ★ ★

"They all spoke to me in German," Burke said on his return today.

Finally, he said, he asked why.

"They reminded me I put out an order three years ago that families should use the language of the country where they were living," he said. "One little wife asked me, 'Admiral, don't you speak German?' "

★ ★ ★

He said he admitted he didn't, at least not very well.

Shareholders Approve Merger of 2 Paper Firms

KALAMAZOO (AP) — Shareholders of KVP Co. and the Sutherland Paper Co. have overwhelmingly approved a merger of the two paper manufacturing firms.

The merger, which will take effect around the first of next year, will result in the KVP-Sutherland Paper Co., with a total payroll of some 8,000. The firms had combined 1958 sales of $116,000,000 and operate plants in Kalamazoo and 13 other locations in the United States and Canada.

MSU Men Honor Clark L. Brody, 80-Year-Old Dean

LANSING (AP)—Clark L. Brody, 80-year-old dean of the board of trustees of Michigan State University, was honored at a farewell party by fellow board members here Thursday.

★ ★ ★

Brody, first appointed to the board in 1921 by Gov. Alexander J. Grosebeck, will retire Dec. 31. He was re-elected for six consecutive six-year terms and served for 16 years as board chairman. Brody, of East Lansing, was a Michigan Farm Bureau executive until his retirement last February.

★ ★ ★

The party also honored board member Arthur K. Rouse of Boyne City, who was defeated in a re-elected bid last spring. Both are Republicans.

Taking office with the first of the year will be Warren H. Huff (D-Plymouth) and Frank Merriman (R-Deckerville).

Judges Weigh News' Prodding

Challenged by Detroit Paper to Cite Editor for Contempt

DETROIT (AP) — A U. S. district judge said today he and three colleagues "haven't decided what we are going to do" about a newspaper's direct challenge to cite its editor for contempt.

The challenge was made in a page one editorial yesterday by the Detroit News.

★ ★ ★

It joined the Free Press and Times in printing names and details involved in a civil case which the judges had ordered kept secret.

Both the Free Press and News previously had termed the written rule adopted Wednesday by the judges "a gag." It allows any district judge, at an attorney's request, to suppress all information regarding a pending suit.

The four judges who signed the rule met twice yesterday. Two other district judges are absent and did not participate in drafting the rule.

INVOLVES PRESIDENT

The newspapers all reported that the suit involved a Detroit architectural and engineering firm.

They said it involved the president and a former president, their differences and division of fees, among other things.

All three also pointed out that the former head bookkeeper of the firm was arraigned in state courts last week on a charge of embezzling more than $100,000 and that she left in 1957 about the time there was a change in the presidency.

The suppression rule was promulgated by chief Judge Theodore Levin and signed by Judges Ralph M. Freeman, Thomas P. Thornton and Clifford O'Sullivan.

Judge Levin said the court acted under its "inherent power" in writing out a suppression rule.

She Votes Yes—They'd Heard About Michigan

LANSING (UPI — State Rep. Josephine Hunsinger (D-Detroit) shouldn't have any more trouble in Chicago cashing checks drawn on the once-depleted Michigan treasury.

She helped return the treasury to solvency when she voted Friday for an 87-million dollar revenue package.

"When I was in Chicago late in October, three banks refused to cash a $129.26 state check," Mrs. Hunsinger said in debate yesterday.

"They said they had heard about Michigan."

U.S. Unable to Aid Detained Reporter

WASHINGTON (AP) — State Department officials said today they fail to see anything else the U.S. government can do in the case of James Buchanan, Miami Herald reporter, who has been jailed by the Castro government in Cuba.

Some days ago, the department said consular authorities were in touch with the case and following it closely. That is their routine responsibility when a U.S. citizen is arrested in a foreign country.

Officials said the real difficulty now is not any limitation on the ability of the State Department to act, but the unhappy state of relations existing between the United States and Cuba.

Two Ford Executives Will Trade Jobs Jan. 1

DETROIT (AP)—M.S. McLaughlin will become general sales manager of the Ford Division of Ford Motor Co. Jan. 1.

McLaughlin was appointed to the post Thursday in a job swap with Walter J. Cooper, who becomes western regional sales manager at San Jose, Calif.

Ford said it is company policy to rotate key executives between field and home offices.

Rocky Back Home: 'Wonderful' Trip

NEW YORK (AP)—Gov. Nelson A. Rockefeller has wound up his 5,636-mile six-day tour that took him into seven states. He says he has done all the traveling he is going to do in researching his presidential possibilities.

★ ★ ★

Rockefeller called the trip "wonderful." He arrived here by plane Friday night from Miami.

★ ★ ★

"I'm neither optimistic nor pessimistic," Rockefeller said when asked whether the trip had shed any light on his national political possibilities. He said he wants to make up his mind before the New York Legislature meets Jan. 5

Lansing Schools Get Gloomy Finance Tale

LANSING (UPI)—The Lansing Board of Education was given a rather gloomy picture of the schools' financial status Thursday night.

★ ★ ★

Superintendent Dwight Rich told the Board that the state is about $363,000 behind in state aid to the local schools and that by January, it was expected the lag would amount to more than $500,000.

★ ★ ★

The schools have borrowed about $1,085,000 for this school year because of troubled finances.

Boy in Bad Shape

MILWAUKEE, Wis. (UPI)—Milwaukee police believe they have captured one of the youngest traffic violators in history. Officers yesterday confiscated a 10-year-old boy's go-cart because the motor-drive vehicle had no lights and no horn and the boy lacked a driver's license.

Coffee Comin' Up, Up

NEWARK, N. J. (UPI)—A 60-ton crane is used to deliver six cups of coffee each day to six iron workers dismantling a downtown building 180 feet above the ground.

3rd U.S. Citizen Gets Prison Term in Cuba

HAVANA (AP) — Another U.S. citizen faced a long prison sentence for alleged counter-revolutionary activities and two condemned enemies of Fidel Castro's regime were ordered before a firing squad today.

John V. Martino, an ailing Miami, Fla., businessman accused of serving as a link between anti-Castro forces in Cuba and Florida, was handed a 13-year sentence Friday. The prosecution had asked for a 20-year term.

★ ★ ★

Martino, 49, joins two other Americans convicted by revived military tribunals — pilot-adventurer Frank Austin Young, sentenced to 30 years; and Peter John Lambton of Nassau, Bahamas, given 25 years.

A fourth American, Miami Herald reporter James Buchanan, is being held for trial on charges of aiding Young in his brief escape from a Pinar del Rio prison last week.

TWO RELEASED

Two Americans arrested last week when they came to Havana to join the Caribbean Legion were released Friday night. Military intelligence headquarters said the two—Edwin R. Eckersley, 26, of Portland, Ore., and Monty Mulph, 21, of Eden, Idaho—boarded a plane for Miami. The Legion is a loosely organized group of adventurers with the announced objective of overthrowing dictatorships.

Scheduled for execution today were two former soldiers of ex-President Fulgencio Batista, Luis Lara and Jose Morfi. They were convicted of plotting a military uprising against Prime Minister Castro's government.

★ ★ ★

Martino was convicted of attempting to smuggle the wife of a former Batista army officer, Col. Esteban Ventura, out of Cuba and of carrying a bond of the White Rose Society, a counter-revolutionary group operating in the United States.

★ ★ ★

Martino was arrested an hour after his arrival in Havana July 23 and has been under prison hospital treatment since for a kidney stone condition.

Christianity Still Survives in Red China

INDIANAPOLIS (AP) — An Australian Protestant minister reports that Christianity still survives behind the Bamboo Curtain in Communist China.

The Rev. E. Lyall Williams, principal of the College of the Bible of the Churches of Christ in Australia, visited the Chinese mainland last summer.

★ ★ ★

He says about three million Roman Catholics and 700,000 Protestants continue to hold services in China with many congregations forced to use the same building.

In the Shanghai area, he says, the "people appeared to be worshipping in a perfectly relaxed way. The congregations were made up of young and old, with a normal proportion of men and women."

Yule Tree Towers High Above Lake on Bridge

HOUGHTON (AP) — The highest Christmas tree in the Copper Country is on top of the north tower of the Portage Lake lift bridge.

The tree towers some 200 feet above the lake surface.

It was put there as part of the City's Christmas decoration.

In the past, some of the mine shaft houses in the Copper Country have had Christmas trees on their pinacles. But none of these ever reached the height of the one on the bridge tower.

'Taking Hold of Eternity' Will Be Methodist Theme

"Taking Hold of Eternity" will be the theme of Dr. Milton H. Bank's sermon at the two morning services in the Central Methodist Church Sunday.

At 10:45 the junior and senior choirs will combine to sing "Gesu Bambino" by Yon and "The Snow Lay on the Ground" by Hallstrom.

Following the sermon the senior choir will sing "And the Glory of the Lord" from Handel's "Messiah."

At the close of the services a Christmas candle and a copy of a short service for worship in the home on Christmas Day will be given each family.

"The Lost Gift," a Christmas play written and directed by Garth Errington, will be presented in the sanctuary at 4:30 p.m. The play centers around a child and a lost gift. The story is told through a narrator, with choric speaking and carols by a youth choir.

Included in the speaking choir will be Jo Lynn Yansen, James Bank, Betty James, Sandra Briney, Jeanette Wright, James Moyer, Warren Gooch and Ronald Mapley.

A candlelight communion service is scheduled for 10:45 on Christmas Eve. The quartet will sing "Some Children See Him" by Burt.

This will be followed by the baptism of a child, and the senior choir will present "Slumber of the Infant Jesus" by Gaevert. Freeman Williams will sing "He Came as a Babe From Heaven" by Don Humphrey.

Dr. Bank will speak on "The Christmas Story."

Lutherans to Teach Spanish Language

ATLANTIC CITY, N. J. (AP) — The Board of American Missions of the United Lutheran Church is planning to conduct a 10-week Spanish language school for Lutheran pastors who work with Spanish-speaking immigrants.

★ ★ ★

Plans call for five hours a day of intensive instruction for a selected group of 12 to 18 pastors who work with Spanish-speaking groups in New York, Philadelphia, Trenton and Camden, N. J.

★ ★ ★

It is hoped that the pastors will become proficient enough in the language to be able to deliver a sermon while reading from a manuscript. The school will be held in New York sometime in 1960.

State and Local Taxes 50 Pct. Higher in Michigan

LANSING (AP) — Sate and local taxes on business in seven selected industrial states average only 50 per cent of similar taxes in Michigan, a Senate tax study report concludes.

★ ★ ★

The report was prepared by Dr. Dwight B. Yentema, professor of economics at Hope College, Holland, and released by Sen. Clyde H. Geerlings (R-Holland), committee chairman.

The business tax burden in other states ranged from only 33 per cent of the Michigan tax in Illinois to 78 per cent in Wisconsin, Yntema said.

He said the figures were arrived at by compiling questionnaires returned from 100 companies doing business both in Michigan and the other states.

INDIANA 50 PCT.

Indiana businesses were shown to pay 50 per cent of the Michigan tax, New Jersey 46 per cent, New York and Pennsylvania 53 per cent. cent and Pennsylvania 53 per cent.

All nonpayroll taxes were compiled and the figure was based on taxes per employe.

The report said firms doing business within Michigan paid just over one-third of their taxes to the state government, primarily in the form of business activities and corporate franchise taxes.

★ ★ ★

The remaining two-thirds of the total resulted from local taxes, mostly on real and personal property.

"This report should end the long and confusing argument over the ability of Michigan industry and business to shoulder a larger share of the tax burden," Geerlings said.

"It proves that our industries are approaching the breaking point, or already have passed that point, if they are to be competitive with manufacturers in other industrial states."

'JUSTIFIES SENATE'

Geerlings said the report also justified the position of Senate Republicans against increased business taxes.

Swedish Soprano Hailed as New Diva of Met

NEW YORK (UPI) — The metropolitan opera had a new star today. Swedish soprano Birgit Nilsson triumphed in the difficult Wagner opera Tristan and Isolde last night.

Her debut performance was front-page news in both the New York Times and the New York Herald Tribune, whose critics lavished superlatives on the new diva.

"Birgit Nilsson filled the Metropolitan Opera House last night with the glory of the finest Isolde since the unforgetable days of Kirsten Flagstad two decades ago," said Times critic Howard Taubman.

Escapees Sentenced —With Sympathy

COLUMBUS, Ohio (UPI)—Lanky Grady Floyd Stone, 23, complaining about "slinging a 21-pound hammer on one egg and a cup of coffee breakfast," told a federal judge Friday of the "rotten" conditions which led him and 18 others to escape from the Ivy Bluff, N.C., prison.

★ ★ ★

The glib-tongues prisoner and three other escapees, who were captured in Cambridge, Ohio, two days after the escape, pleaded guilty at their arraignment to charges of transporting a stolen auto from Charleston, W. Va., to Cambridge and transporting two rifles from Ivy Bluff.

★ ★ ★

Judge Mel G. Underwood sentenced each of the men to two five-year terms, to be served consecutively, on each of the counts.

But he promised to urge an investigation by the Department of Justice.

Ministers' Pay Takes Big Jump Since 1947

NEW YORK (AP) — Ministers' salaries are on the rise, at least in two Protestant denominations, says the National Council of Churches.

★ ★ ★

The NCC's 1960 Yearbook of American Churches compares the 1947 and 1957 salaries of Congregational Christian and Protestant Episcopal clergymen.

The average annual cash salary of a Congregational Christian minister was $2,640 in 1947. It rose to $4,541 in 1957.

★ ★ ★

Protestant Episcopal ministers who received $3,575 in 1947 were getting $5,341 ten years later.

News in Brief

Gordon Baynton, of 1145 Rhodes Rd., Lake Orion, told Oakland County sheriff's deputies Friday that someone cut down and hauled away an 11-foot blue spruce tree, valued at $65, from his property.

June LeBell, of 1001 Hickory Ridge Rd., Highland Township, Friday reported the theft of two antique lamps, valued at $195, six platinum and gold plates valued at $75, a record player, and other miscellaneous items from her home, sheriff's deputies said.

Battered and Soaked; She's Still Walking

LONDON (AP) — Battered by wind and rain, grazed by a passing car and with one leg hurting, Dr. Barbara Moore trudged doggedly past the one-third mark today in her 373-mile march from Edinburgh to London.

The 56-year-old dietician resumed her marathon walk at dawn after resting 90 minutes at an inn in the tiny North Country village of Tow Law.

★ ★ ★

At that point, she had covered 125 miles since she left Edinburgh just before noon Thursday.

"The doctors wanted her to rest this morning," said innkeeper Walter Allan," but she insisted on getting back on the road."

Dr. Moore was grazed and shaken by a passing car in the night. Earlier, she took such a buffeting from wind and rain that at one point she was blown into a ditch.

★ ★ ★

The doughty doctor, who usually eats only fruit juices and honey, has subsisted on her march so far on grapes, apples and fruit juice.

The Russian-born wife of English sculptor Harry Moore undertook the long-distance walk to prove that women can be as tough as men. Twice in recent weeks, she trudged 110 miles from Birmingham to London.

FOR THE EXECUTIVE
Owner will reduce price considerably for large cash down payment. Home has fair market value of $46,000. Any reasonable offer will be submitted to owner. Good west side location. 1 year old. 5 master sized bedrooms, 2½ baths. Spacious living room & large dining area. Kitchen a "woman's dream." Built-in oven, stove, freezer, refrigerator & plenty of eating space. Separate utility room and children's play area within view of the kitchen & utility room. Huge exposed rec. room in basement. (Has seated & served 80 people at one time.) 2 fireplaces, 3-car plastered garage. Imagine all this. Situated on 2 acres of land with the most beautiful trees you have ever feasted your eyes upon. It is our pleasure to show you!
WON'T SOMEBODY PLEASE
Buy me—I'm a valuable piece of commercial property. Located on U.S. 10. There are 2 buildings setting on me. One a cute 2 bedroom house, now renting for $60 month—the other a 20 x 30 cement block building, that you can either live in or rent out for business. Dr. says I'm too narrow, but I'm a full 54 ft. across the front and besides I am 480 ft. deep. I promise to pay my own way and I'll try to return a handsome profit to my new owner. Look at my low price—only $12,800, terms.

150 at Starr Boys Home Help Goodfellow Fund

DETROIT (AP)—More than 150 boys and staff members at the Starr Commonwealth Home for Boys in Albion went without lunch in order to contribute $150 to the Old Newsboys-Goodfellow fund.

A spokesman for the home said the boys cut one meal a year and give the money to charity.

This year they chose the Old Newsboys after hearing the group had fallen short of meeting its goal.

Natives who beat drums to ward off evil are laughed at by Americans—who blow horns to break up traffic jams . . . When a woman suffers in silence, it probably means that her phone's out of order. —Earl Wilson.

Pontiac Couple, Utica Woman Hurt in Collision

SHELBY TOWNSHIP — A Pontiac couple and a Utica woman were injured yesterday in a two-car-truck collision at West Utica and Mound roads.

★ ★ ★

Mrs. Frances Button, 60, of 1050 Canterbury Dr., is in fair condition today in St. Joseph Mercy Hospital.

Her husband Arthur, 61, and driver of the second car, Mrs. Helen I. Priehs, 45, of 8434 Hall Rd., Utica, were treated for their injuries.

Driver of the pickup truck Ernest L. Brown, 44, of 8144 Mary Ann Ct., Utica, escaped injury.

★ ★ ★

Macomb County sheriff's deputies said Brown told them Mrs. Priehs knocked Button's car into his when Button moved out from a stop sign.

Deputies said Mrs. Priehs claimed Button failed to stop for the sign.

Small Engines Popular for Lawn Mower Use

CLINTON (AP)—The power lawn mower industry will consume another 500,000 small engines in 1960, bringing consumption to 4,500,000, Karl W. Mueller, president of Clinton Engines Corp., believes.

★ ★ ★

"While much depends on the continued availability of steel, the outlook for use of small engines is extremely favorable for lawnmowers, chain-saws, outboards and industrial uses," Mueller said. Clinton claims second place in the production of small air-cooled gasoline engines.

Marilyn Wants No Intervention

Actors Shun Monroe Doctrine

HOLLYWOOD (UPI) — Marilyn Monroe is proving she still has the capacity for setting movieland on its ear. This time it is an uproar over a leading man for her new movie.

The blonde glamor girl arrived here more than a month ago to co-star with Gregory Peck in a film modestly titled "The Billionaire."

Answer to Previous Puzzle

She was accompanied by husband Arthur Miller and drama coach Paula Strasberg. Miller came along to rewrite his wife's role. Paula made the trip to keep a sharp eye on Marilyn's camera angles on the set.

Peck, who had future commitments, didn't like the idea of a rewritten script. It figured Peck couldn't help but come off second best with Marilyn's role being fattened by her own husband.

Then, too, la Monroe specializes in being late. Both she and Peck began dance rehearsals, but time dragged by without a camera cranking. Peck gave up in disgust and begged off — after learning a few simple dance routines.

Undaunted, Marilyn continued to rehearse her musical numbers without a leading man.

NOT HESTON!

Charlton Heston's name cropped up as a suitable co-star for the curvesome sex goddess. On second thought the powers that be decided a man who had played Moses in "The Ten Commandments" and the title role in "Ben-Hur" shouldn't be playing lover-boy to Marilyn.

In a flash of boxoffice brilliance the brass chose Rock Hudson, beefcake king of the movies, to star with Marilyn.

But Hudson is under contract that studio bombed the project from the beginning, refusing Marilyn's offer to star in a future picture for U-I.

Producer Jerry Wald tested handsome Steve Boyd, an unknown who played Messala in "Ben-Hur," Marilyn hasn't cleared him as yet.

"Marilyn doesn't have leading man approval," Wald said. "But naturally, she should have something to say about the final decision."

★ ★ ★

Many reasons are given for the problem of finding a leading man for Mrs. Miller — most of them inaccurate.

Those close to the scene know that Marilyn is difficult to work with. She demands — and gets — retakes whenever she feels a scene isn't right. She has a tough time remembering lines. She is chronically late. She plays the role of "movie star" to the hilt.

Stars Tony Curtis and Jack Lemmon, who worked with her in "Some Like It Hot," swear they will never appear with her again. Director Billy Wilder, a good-natured little man, was distraught throughout the picture. They all had one compensation. The picture was a hit.

Wald, who admits Marilyn's new film will be at least a month late in starting, says, "She is not temperamental. She's the most cooperative girl I ever worked with."

★ ★ ★

Now rumor has it Marilyn may back out of the project altogether unless a co-star is found soon.

Enough Problems Here

WEST GRANBY, Conn. (UPI)—Mrs. Florence A. Sears said on her 104th birthday, "We should keep to this world and forget about putting a man on the moon. There are enough problems here which haven't been solved yet."

Virus Pictured in Human Cell

Feat Done First Time With a Polio Strain, Cancer Society Says

ALBANY, N. Y. (AP) — Polio viruses have been photographed for the first time inside the human cell where they were manufactured, the American Cancer Society reported Friday.

The photographs were made by Drs. D. C. Stuart, Jr., and Jorgen Fogh of the New York State Department of Health, supported by Society funds.

★ ★ ★

Contrary to current belief, the scientists said, polio viruses are not formed in the nucleus or heart of the human cell.

When the virus invades the cell and takes over the cell's mechanisms to manufacture more virus particles, it apparently does the manufacturing in the pool of liquid matter between the nucleus and the cell wall, the scientists said.

★ ★ ★

One single human cell can produce something like 100,000 virus particles in only a few hours, they said. These particles are so small that they occupy only about one or two per cent of the cell space.

Polio virus, one of the smallest viruses known to infect man, are so tiny that it would take almost a million of them end to end to make an inch.

★ ★ ★

The technique by which the polio viruses were photographed is important to the American Cancer Society because of the possibility that some kinds of cancer may be caused by viruses.

Sicily Re-Elects Red-Backed Leader

PALERMO, Sicily (AP) — Silvia Milazzo, Communist-backed former Christian Democrat, Friday was re-elected president of this Italian island's regional government.

★ ★ ★

His victory was a new blow at Italy's dominant Christian Democrats in their attempts to regain control of the semi-autonomous Sicilian government. He obtained 50 votes in the 90-member regional assembly, an indication that at least one or two Christian Democrats voted for him in the secret ballot.

Last Wednesday 32 Christian Democrats, the largest Sicilian party, stayed home and blocked Milazzo's re-election temporarily by preventing a quorum.

Here Are Ways to Keep Trees Fresh and Safe

EAST LANSING (UPI) — The following advice to keep Christmas trees from becoming fire hazards is offered by Phillip Mielock, farm specialist at Michigan State University.

"Be sure to choose a tree that's been cut recently," Mielock said. "You can tell the old trees by their rather brittle branches and loosely held needles. These branches would soon become dry kindling."

★ ★ ★

After the tree is brought home, the following steps should be taken:

—Cut off trunk at slight angle at least an inch above the original cut and water immediately.

—Put tree in cool place away from radiators and fireplaces.

—Use light sets with Underwriters Laboratory label, discard frayed and worn lighting and check lighting sets before putting them on the tree.

★ ★ ★

—Decorate trees with noncombustible material such as tinsel, metal, glass and asbestos. Never use lighted candles on the tree.

—Dispose of gift wrappings before they accumulate, but in a furnace, not in an open fireplace.

Wilson Kin Gets Theft Sentence

No Punishment, Since Total Restitution Has Been Made to CAP

NEW YORK — Hugh M. Pierce Jr., son-in-law of former General Electric president Charles E. Wilson, Friday was given a suspended sentence for petty larceny from the Civil Air Patrol.

He originally had been indicted on grand larceny charges along with another man, Alfred W. Sutter, involving alleged thefts totaling $54,350 through sale of yachts donated to the CAP.

Both are former lieutenant colonels in the patrol.

★ ★ ★

Pierce, 36, of Scarsdale, N. Y., was allowed to plead guilty to the lesser charge.

Asst. Dist. Atty. Jay Goldberg said that he had cooperated fully in the case, and that full restitution of the funds had been made to the CAP.

General Sessions Judge Mitchell D. Schweitzer, in suspending sentence, put Piercee on probation for a year. Pierce, an Eastern Air Lines pilot, is married and has two children.

Sutter, 43& an electronics engineer of New Rochelle, N. Y., still is to be sentenced. He also is married, and has two children.

Both have been dismissed from the CAP.

Praised for Cracking Lansing Logjam

Sen. Beadle Our Next Governor?

By GEORGE WEEKS

LANSING (UPI) — Senate Majority Leader Frank D. Beadle (R-St. Clair) was hailed today as a Paul Bunyan among lawmakers for the way he broke one of the biggest logjams in Michigan's legislative history.

There was a suggestion he should run for governor.

Beadle was credited by his GOP colleagues for Senate revival of once-rejected plans to cash in the veterans trust fund and hike the corporation franchise tax.

"He's one of the greatest guys in Michigan," said Sen. Haskell L. Nichols (R-Jackson), who wanted the Senate to adjourn Wednesday after it had defeated the franchise bill. "I think we should start a unanimous campaign and make him run for governor."

Beadle, a homespun type who smokes a pipe and writes poems, cut such talk short.

"I'm not a campaigner," Beadle, 60, said. "I haven't got what it takes to be governor of Michigan."

Beadle's self-appraisals have been wrong before.

When the Senate GOP caucus earlier in the week rejected his plan for an 87-million-dollar plan to include the franchise fee, a package of nuisance taxes and the trust fund, Beadle said "I guess I'm a poor salesman."

After the Senate passed the Beadle plan Thursday night, Sen. John Mimema (R-Traverse City) said it was because Beadle "inspired the boys to continue. He reversed a lost cause."

Beadle's supporters said he deserved credit no matter what the outcome of House action on the Senate package.

PRESSURES HOUSE

They said Senate action Thursday night took the onus off majority senators and put pressure on the House.

GOP senators had been criticized by their own party leaders for sitting on the trust fund plan since June 3 while the state was unable to pay bills.

"We showed we can cooperate," said Sen. Clarence Graebner (R-Saginaw), who voted against the franchise bill Wednesday and for it Thursday.

Beadle, a senator since 1950, acknowledged that he worked with veteran Sen. Elmer R. Porter (R-Blissfield) to muster Republican votes for the Thursday night showdown.

Beadle, a "moderate," was the link that forged a bond between warring conservatives and liberals of the Republican caucus.

Until Thursday night, Sen. Carlton H. Morris (D-Kalamazoo) had been the strong man in the GOP caucus.

Morris, also mentioned as a possible GOP candidate for governor in 1960, voted against the trust fund and franchise fee plans.

County Woman Writes of Tumult

Sees *India Cheer Ike*

An Oakland County woman living abroad can testify from first-hand experience that India likes Ike.

★ ★ ★

Mrs. Richard J. Parvis has written her parents Mr. and Mrs. S. E. Summers, 3850 Commerce Rd., West Bloomfield Township, of the tremendous reception President Eisenhower received in New Delhi.

Mrs. Parvis, a graduate of Pontiac Central High School and the University of Michigan, and her husband moved to Lucknow, India, last summer. Parvis is spending two years there teaching social service methods to students at the University of Lucknow.

★ ★ ★

"The papers are full of the enthusiastic reception Ike had," she said.

The couple saw the President along the streets of the city, and also heard his speech at the inauguration of the World's Agricultural Fair there.

She said the United States exhibit showed "lots of imagination."

They were also invited to attend a reception for the President at the home of Rajendra Presad, president of India.

★ ★ ★

Mrs. Parvis wrote that Ike's daughter-in-law, Barbara, also was scoring heavily with the people of India.

"She was shopping with cameras clicking and crowds ogling," she wrote.
