## Legal Information Service Established

In recognition of the need for free, readily available legal information for students, Commuter Council submitted a Legal Aid Information Service proposal to the Oakland University Board of Trustees in October, 1973 for consideration. It was approved December 1, 1973. This service, a satellite organization of the Oakland County Legal Aid Society, will be initiated January 21 of this year.

This program is preceded by a similar attempt to establish a legal information service on campus. Initiated Fall, 1972, and abandoned the following semester because of a myriad of complications, the precedent program provided information to students in all areas of legal consideration but primarily counseled draft, tenancy, and traffic violation problems.

DEAN WOODARD TO SPEAK

## COMMUNITY DIALOG

The third in Commuter Services' continuing series of Community Dialogs will feature Doug Woodard, Dean for Student Life. Dean Woodard is professionally and personally concerned about the relationship between the student and the University, as an organization and as a viable community. The Dean feels that students should be encouraged to learn from, and enjoy those "life experiences" which the University can offer beyond classroom instruction. Further, Dean Woodard offers an enlightening historical perspective as well as an innovative future orientation concerning student-university interaction.

The dialog, which will take place in Lounge II of the Oakland Center (near southwest entrance), at 12:30 p.m., January 11, will give students an opportunity to ask questions and contribute ideas.

In discussing the discontinuance of the previous program, Student Life Dean Doug Woodard cited the major issue as being that the previous program possibly went beyond the limits of state law.

"We were informed by the University attorney that it was his opinion that the informing students of legal alternatives was not an information service, as we saw it, but rather the practice of law. Therefore," according to Woodard, "in order to be sure we were within the limits of the law, we asked Oakland County Legal Aid Society to set up a satellite operation on our campus using law students."

"The law students," he continued, "still will only provide information about alternatives and in no way will a law student represent a student in a case."

The present program, supervised by Ms. Dorothy Cottrell and Mr. Steve Bernstein of the Oakland County Legal Aid Society, is funded by Commuter Council and coordinated by Commuter Council and Commuter Services. An intern attorney will be available approximately fifteen hours per week to provide information on legal alternatives in any legal problem a student may face.

Appointments may be made at the Office of Commuter Services, 118 Oakland Center.

The dialog series, set up by Bruce Campbell, will continue to facilitate student-university interaction by means of personal contact and unintimidated conversation between students and selected University officials. Bruce hopes to have Assistant President for Campus Development, Glen Brown, discuss parking problems in the near future. He would also like to have another dialog appearance by President O'Dowd later this year.

## BASKETBALL:

### PIONEERS WIN TWO LOSE ONE IN HOLIDAY TOURNAMENT

The Oakland varsity upped its record to 9-2 by winning two of three games at the six team Marshall Optimist Classic last week-end.

The Pioneers defeated Albion College in the first round of play at Marshall. Oakland broke away early in the game and had a 37-12 lead at one point which grew to a 55-31 score at half-time. Albion chipped away in the second half and closed the gap to 76-69 before Oakland senior Walt Johnson sank four free throws in the last minute to put the game away. Johnson led all scorers with 25 points. Pioneer seniors Larry Henderson and Frank Nesbit added 14 points each while Albion's high scorer was Paul Cryderman with 18 points.

Oakland lost to Wheaton College, Illinois, in the second

round of the Marshall Tournament taking a 75-73 overtime defeat. Wheaton kept a tight 2 to 4-point margin over Oakland throughout the first half. The Pioneers came out running for the second half and quickly jumped ahead by 6 points before Wheaton slowed the game to a standstill. It took a jumper by Oakland junior Larry Fotte with 12 seconds remaining to tie the score at 69 all at the end of regulation time. Wheaton center Steve Clum, however, became the night's hero when he grabbed a rebound off a missed Crusader free throw with three seconds left and fired the ball into the basket for the game winner. Clum was later named the tournament's Most Valuable Player. Larry Pierce led the Pioneer scoring with 16 points and Walt Johnson chipped in 15.

Oakland senior Larry Pierce set a school record by passing for 17 assists and Walt Johnson scored 29 points as Oakland defeated Kalamazoo College 81-72 in the third round consolation game of the Marshall Tournament. The Pioneers led by only two at halftime 37-35 but broke away early in the second half on the passing of Pierce and the shooting of Johnson. Pierce scored 14 points himself and sophomore Kevin Williams added 12. Johnson, who prepped at Grand Rapids Ottawa Hills was honored by being named to the All Tournament team.

### SPORTS COMMENT

Oakland's tremendous success in basketball continues to go unnoticed by the University's students. According to Sports Information Director Al Lavoy, only once has the three thousand-seat gymnasium been even half-filled. "Usually only five or six hundred people show up."

Why should OU students, residents or commuters, find time to go to basketball games? One reason is the team's 9-2 record, its best start ever (the JV's are undefeated!!). Another is the admission price---it's absolutely free to OU students with a valid I.D.! Ticket prices for non-OU students are 75¢. The general public pays \$1.50.

### STUDENTS TO BE SURVEYED

If you get cornered in the OC this week by a wild-eyed student waving some papers under your nose and stuttering something about a survey, relax, it's just us. The survey is an attempt to find out what kind of activities (concerts, lectures, parties, etc.) you would like to see at Oakland.

The survey idea originated with freshmen Jim Christopher, John Badagilalacqua, Kevin Gerndt, Jean Miller and Mark Deldilian. Working with Linda LaClair and Don Johnson from Commuter Services, the group has secured the support and assistance of the University Programming Committee in carrying it out.

After the initial survey on January 7 and 8, the instrument will be revised prior to administration of a final survey in classes on January 16 and 17.

Surveyors hope to get the widest response possible so that programming planned is as representative of student interest as is possible.

## TAKE CONTROL OF YOUR LIFE

If you had a week to live any way you wanted, what would you do? When do you feel the best as a person? Who or what has influenced you the most? Such questions and discussions are a part of the Human Potential Seminars which will begin the week of January 14. There is still time to enroll for the seminars, which help identify and learn behavior which permits people to set goals and have control over their lives. A participant can receive two (2) units of credit for the seminar. To enroll, call the leader of the session which best fits your schedule.

### MARRIED WOMEN TO TAKE

### VOCATIONAL INTEREST TESTS

On Monday noon, January 14, or Tuesday noon, January 15, married women can meet together over lunch. Bring your sack lunch, grab something in the Grille or cafeteria, and come to room 125, Oakland Center to talk with other married women students between 11:30 a.m. and 1:00 p.m. The focus of the meeting will be to take vocational interest tests. On January 28, (Monday group), and January 29, (Tuesday group), a representative of career placement will meet with the group to discuss the present job market.

In preparation for these meetings, a small group of married women students has been meeting to share lifestyles and brainstorm needs and interests of women students at Oakland. Interest areas of the group include the following: the present job market, financial aid for married women, career and life planning, parent/child communication, possible major concentrations, and child care. Later sessions will be planned to cover the interests mentioned above. Plan now to attend.

## PARKING HASSLES?

Got a gripe about a parking ticket? Many students receive citations which they feel are unjustified. Well, you can do something about it. Parking citations can be appealed.

A Parking Appeals Board reviews appeals and can void citations it determines to be unjustified. The Board is composed of Anne Pogany, Mike Juszak and Harry Cleaver.

A written appeal to the Parking Appeals Board must be made within five days after the ticket was issued. Forms can be picked up at Public Safety or Commuter Services. The completed appeal form and the citation must be turned in to Public Safety.
