

Canada Leader Denies Vietnam Proposal to LBJ

OTTAWA (AP) — Prime Minister Lester B. Pearson denied today he suggested to President Johnson that the President invite North Vietnam to peace talks in Geneva and then go there to await the delegation in an attempt to lure the North Vietnamese to the conference table.

A Canadian government informant had said Pearson made the suggestion when he met Johnson at the prime minister's country place outside Ottawa yesterday.

The informant reported Johnson was cool to the idea, said to have been coupled with a suggestion that the United States simultaneously halt the bombing of North Vietnam.

Johnson was in Canada on a fast, suddenly announced visit. In addition to the meeting with Pearson, he spent 75 minutes at Canada's Expo 67 in Montreal.

★ ★ ★

The President publicly pronounced himself delighted and thrilled by the exposition — but he was silent about the controversial U.S. pavilion.

HERALDED WIDELY

For about 30 minutes he visited the 20-story plastic and steel geodesic dome housing American exhibits. The dome itself has been heralded widely as striking and magnificent.

The contents have been tabbed everything from marvelous to horrible.

Unlike one of his potential 1968 election rivals, Michigan Gov. George Romney — who emphatically criticized the contents — the President wasn't offering any descriptions.

★ ★ ★

Reporters trailing Johnson on a swift tour tossed a couple of questions about how he liked the pavilion. Either he didn't hear or chose to ignore them.

FLAG RIPPED

A band struck up the U.S. national anthem when Johnson arrived and left. A 21-gun salute boomed out.

An apparent mishap ripped a hole in the blue field of an American flag as it was being hoisted to the side of the Canadian maple leaf. The flag was hauled down, taken away and the pole left vacant.

Fifty or 75 yards to the left as Johnson began speaking, perhaps a half dozen young people began yelling in French: "Johnson — Murderer!" Police collared a man and woman and hustled them away, one officer clapping his hand over the woman's mouth when she started yelling again.

**U.S. Help to Arabs,
Israel About Even**

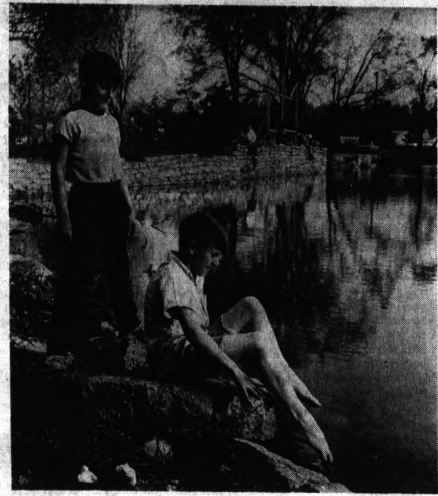

WASHINGTON (AP) — The United States has sent more than \$2 billion in aid since World War II to five Arab nations involved in the current Middle East crisis with neighboring Israel.

★ ★ ★

That's nearly twice the dollar value of all forms of U.S. government aid to Israel.

But unlike the Arab nations, Israel has in the United States private sources of aid and financing that have provided the Jewish homeland funds at least equaling the total of U.S. government help to Jordan, Saudi Arabia, Syria, Yemen and the United Arab Republic.

Military aid of \$227.8 million included in the total for Israel's Arab neighbors has gone almost entirely to Jordan and Saudi Arabia.

Pontiac Press Photo

'WADE' AWHILE — It's a bit too early to go wading, as this lad discovered as he tests the water temperature with tentative toe. But as the thermometer "soared" to 79 yesterday, it brought out thoughts of summer fun. Making the toe-test at the millpond in Beaudette Park is Kim Peters, 9, of 49 Sylvan, and looking on is Donald Guilds, 9, of 37 Ottawa.

79 Is Season's High

The mercury reached 79 shortly after 3 p.m. yesterday, a new high for the season. The previous high was 78 on April 2.

The weatherman offers a familiar forecast for the weekend — occasional showers or thundershowers.

★ ★ ★

Here is the official U.S. Weather Bureau report:

TODAY — Variable cloudiness, warmer and windy at times with occasional showers or thundershowers. High 78 to 84. Low tonight 54 to 60.

Southeasterly winds 8 to 16 miles per hour becoming south to southwesterly at 12 to 20 miles this afternoon and tonight.

TOMORROW — Considerable cloudiness and cooler with a chance of showers or thundershowers.

SUNDAY — Partly cloudy and cooler. For the next five days temperatures are expected to average about 5 degrees above the normal high of 71 to 74 and low of 48 to 53 except tomorrow and Sunday.

Precipitation is expected to total near one-tenth of an inch in showers.

Government Will Modify Disputed Car Safety Rule

WASHINGTON (AP) — The federal government agreed today to modify a controversial auto safety standard which auto companies had said they could not meet.

Federal Highway Administrator Lowell K. Bridwell announced the government's decision to ease the standard. It came after two days of hearings in Detroit this week and a third day's testimony in Washington.

The standard No. 201 is designed to protect occupants of a car who might strike the interior following a crash.

The automobile industry has contended it is unable to meet the standard by the Jan. 1, 1968 deadline.

Bridwell proposed an early meeting with technical representatives of the manufacturers and the National Traffic Safety Bureau to work out the modifications.

MODIFICATIONS NEEDED

He said it was apparent from the facts developed during a hearing this week on industry objections that some modifications in the standard are needed.

The standard would fix guidelines to minimize injury to passengers who might strike such interior components as the backs of seats, knobs, switches and other protrusions.

The industry has already filed suit in the U.S. Court of Appeals in Cincinnati to block the standard.

Bridwell said work could begin June 8 on modifications which both the industry and the traffic safety agency agree are needed.

Grand Jury Facts Sought

Philip O. Mastin Jr., supervisor from Hazel Park, yesterday urged fellow members of the County Board of Supervisors to call for a lifting of the one-man grand jury secrecy so the public will know what the probe is costing and what it has accomplished.

"Now that the State Court of Appeals has ruled that the county's grand jury has been operating illegally, I think the people deserve to know about the answers," he said.

Mastin said he understood that grand jury salaries alone during the past year have been over \$100,000 and he called for creation of a three-member committee by the supervisors to "get the answers."

Proposed for the committee by Mastin were Corporation Counsel Robert P. Allen, Prosecutor S. Jerome Bronson and Daniel T. Murphy, chairman of the County Board of Auditors.

The Court of Appeals this week ruled that Circuit Court Judge Philip Pratt was illegally appointed one-man grand juror for the county last Aug. 16.

'Goals Achieved,' Says Egypt Paper

BEIRUT, Lebanon (AP) — Egypt was reported today to have taken the position that it has achieved its objectives in its military confrontation with Israel and if there is to be war Israel will have to start it.

At the same time, the Soviet Union said it was up to the United States, Britain and other Western powers to restrain Israel.

A Soviet government spokesman said in Moscow the Kremlin has no doubts Egypt and Syria are doing their utmost to keep peace in the Middle East.

"Our understanding is that the source of tension is Israel," the spokesman said. "We believe it is for the United States, Britain and other Western powers to use their influence, to exert their influence on Israel to make it stop its provocations. This will be a real contribution to peace."

★ ★ ★

The Egyptian position was reported in the semi-official Cairo newspaper Al-Ahram by Mohammed Hassanien Heikal who often reflects the political thinking of President Gamal Abdel Nasser.

Heikal wrote in a full-page editorial that Egypt had frustrated what he called an Israeli plan to attack Syria and had accomplished a blockade of Israeli shipping in the Gulf of Aqaba.

"Egypt finds itself compelled at this stage to stop at what it has accomplished so far, even if this means that we wait to receive a blow from Israel," Heikal wrote.

"Let Israel start. This will be followed by a second blow on our side which will be the death blow."

County Unit Set for Two Airports

A three-member committee was established yesterday by the Oakland County Board of Supervisors as the legal operating agent for the two county-owned airports.

Named to the County Airport Committee were three members of the board of supervisors who presently serve on the supervisors' aviation committee.

★ ★ ★

Related Story, Page B-10

They are Wallace B. Hudson of Troy, chairman of the aviation committee; retired Brig. Gen. Frederick S. Strong Jr. of Orchard Lake; and Arthur T. Laurie of Royal Oak.

A term of office of up to two years can be given the newly established committee. No action was taken on the term length yesterday.

★ ★ ★

The aviation committee's proposal to establish the airport governing body met some opposition after the three members were nominated.

Oak Park Mayor Joseph Forbes suggested that the board defer action on closing nominations so that all members of the board could be fully evaluated as prospective commissioners.

But Daniel T. Murphy, chairman of the County Board of Auditors, urged the board to proceed as quickly as possible because lack of an established legal airport authority has hindered operating procedures, he said.

He pointed out that regulation of leases must be handled by a legal airport authority. Nominations were made and the three were elected.

The board of auditors and the aviation committee have been operating the two county-owned airports on a temporary (Continued on Page A-2, Col. 3)

PRIME MINISTER VISITS TROOPS — Prime Minister Levi Eshkol of Israel (left) is seen yesterday during a visit to Israeli troops in the Negev Desert. With Eshkol, who is also Israel's minister of defense, are Gen. Itzhak Rabin (uniformed, second from left); Yigal Alon (third from left), minister of labor; and Col. Israel Lior (right). Rabin is chief of staff of the Israeli Army and Lior is Eshkol's military secretary.

'Decked Concept Is Likely in Urban Renewal Project'

Final redevelopment of Pontiac's downtown urban renewal lands into a mall-type shopping complex will likely include elements of the "decked" design first proposed by a University of Detroit study.

This was the indication of remarks made yesterday by Mayor William H. Taylor Jr. at the regular meeting of the Pontiac Rotary Club at the Waldron Hotel.

"Putting his pride in his pocket," Taylor admitted that "the opposition has had a constructive influence."

Oak Park developer A. Alfred Taubman is charged with the creation of the shopping complex projected for the south end of Pontiac's central business district.

Taubman reiterated his confidence in Taubman and the proposed project while stating that changes have been made in the original concept.

AUBURN-ORCHARD LAKE

He said the City Commission had fought to prevent the closing of the Auburn-Orchard Lake crossover. "This will not happen now," he declared.

The mayor further disclosed that all of the extra land, beyond the urban renewal area originally thought to be necessary, might not be.

"I'm confident the project can go. We have not had a no-answer yet, and I'm as optimistic as the day we started with Taubman," said Taylor.

★ ★ ★

He emphasized that all urban renewal requirements would be met "to the letter."

Taylor reviewed for the Rotarians the city's dealings with various developers and proposed developments. Taubman is the eighth developer to be involved in proposals for rejuvenation of downtown.

Explaining in general terms, Taylor said Taubman has worked the proposed major tenant along to the point where they are "very happy" with the decked concept.

Taubman, who has a one-year agreement with the city to secure major tenants for the shopping center, faces a September deadline.

Taylor made no reference to renewal of that agreement, or even if it might be necessary.

Mother of 10 Suffers 2nd Tragedy

Pontiac Press Photo

By JEAN SAILLE

The softness of a small baby has a special comfort in times of grief, and Mrs. David Borton found 7-month-old Bettann with great tenderness.

★ ★ ★

The attractive redwood ranch home at 680 Brewer, Addison Township, bounces with the activity of the nine other small Bortons — the eldest 3-year-old Kenny.

"People tell us we'll make it, and I know we'll get along somehow," said 22-year-old blonde Mrs. Borton. "You wonder sometimes, though," she added softly.

Victim of a double tragedy, Mrs. Borton Wednesday attended the funeral of her second husband to whom she had been married just six months.

★ ★ ★

On April 30, 1966, she had attended the funeral of her first husband of 10 years. A pedestrian, he had been killed by an auto in Warren. At that time she had three small children and was expecting Bettann.

DIED OF CANCER

Then David's wife died of cancer last fall. David, her first husband's brother, was left with six small children. The two decided to marry and raise the 10 youngsters together.

"It was working out beautifully," Mrs. Borton said. "There was no distinction between the children. We bought this house with 2½ acres to give the kids room to roam."

Then on May 10, David was coming home from his job as an electrician at Chevrolet Gear and Axle when he fell asleep at the wheel.

★ ★ ★

The resulting head-on collision hospitalized him until his death Saturday.

ON NIGHT SHIFT

"He was tired. He'd only had about two hours sleep before going to work. He was on the night shift, you know," (Continued on Page A-2, Col. 2)

Romney Attacks 'Safety Hysteria'

NEW YORK (AP) — Gov. George Romney of Michigan, who recently hit the hand that once fed him by criticizing the auto industry's safety efforts, placed an olive branch in the industry's hand yesterday.

He accused the Johnson Administration of establishing a bureaucracy using the "automobile safety hysteria" as a trigger — to direct the automotive industry, while praising the industry for years of safety research.

Ten Small Borton Children Left Fatherless

Red Ambush Hits U. S. Company Hard

SAIGON (AP) — A company of about 150 American soldiers was badly cut up today fighting off an ambush by North Vietnamese soldiers wearing flashy red berets and Communist suicide snipers lashed in trees.

The U.S. command in Saigon said five of the American troops were killed and 46 wounded, but a report from the battlefield said about half of the company was killed or wounded. The U.S. Command said 71 North Vietnamese were killed.

As the 4th Division infantrymen fought for three hours in the thick jungle of the central highlands, U.S. Marines battled for a hill in the southern part of the demilitarized zone. Other action was reported in the muddy Mekong Delta and near Saigon, where three helicopters were shot down and eight more

riddled by bullets while evacuating a South Vietnamese patrol.

AP Correspondent John Wheeler reported from the central highlands that the 4th Division company was hit while searching the jungle for two Red regiments. The company commander was cut down in the first volley of coordinated sniper and mortar fire.

The Communists attacked a few hours after daybreak in an area where the 4th Division men have fought six stiff fights in the past eight days. The battlefield was just over three miles from the Cambodian border on the western border of Pleiku Province.

One assault was made by about 50 North Vietnamese wearing camouflaged uniforms and red berets. Wheeler, who was with the company that was hit, said the Reds were beaten off by defenses hastily organized by the company's noncoms when most of the officers were slain.

The thick double-canopy jungle made it difficult initially to bring in accurate supporting art and artillery fire. The Communists snipers were lashed high in the dense foliage and their fire caused many of the American casualties.

State House Tables Public Employe Bill

LANSING (AP) — The House voted yesterday to table its controversial public employe strike bill—allowing it to loom threateningly over this summer's teacher contract negotiations.

The bill, as amended by Republicans yesterday, includes these controversial features:

- The requirement that judges must issue injunctions against striking public employes;
- Binding arbitration of labor disputes involving police and fire employes;
- A provision that public employes may not be affiliated "with any labor organization which asserts the right to strike against government";
- A specific ban on public employe strikes called to protest unfair labor practices by their employers;
- Requirement that police and fire employes may not belong to a union which represents other

types of employes, and a similar requirement for supervisory personnel;- Creation of a new bargaining step: Fact-finding by a 12-member public employe relations panel which would be attached to the governor's office;
- A ban on picketing to force recognition as a bargaining unit and a requirement that certified employe groups bargain with the employers.

Tragedy Strikes Twice for Addison Mother of 10

(Continued From Page One)

she said, "and the day before had been my first husband's birthday. We'd taken the children to the cemetery to place some flowers on his grave."

Fortunate in that insurance has assured them a home and that Social Security should provide the necessities, Mrs. Borton revealed that she wouldn't move back to the city.

"I'm not trained for anything except raising children," she smiled. "Oh, I did have an office job before I was married."

"My first husband and I had just purchased a home in Warren before he was killed," she said. "And now this."

been stopping in to ask if they could help.

"My brothers and sister will have to go home soon to take care of their families," she notes and despite her protestations of "no need," one gets the impression that a baby sister to help out occasionally and some help with the yard would come in very handy.

"We're lucky we've got this place for the kids," she adds.

Another Street Goes One-Way

Traffic on North Johnson between Cass and West Howard is now one-way eastbound, city traffic engineer Joseph Koren announced today.

The change is designed to facilitate revised one-way patterns southbound on Cass and northbound on Oakland.

North Johnson traffic west of Cass will remain two-way, Koren said.

Unit Is Named Airport Agent

(Continued From Page One)

Gen. Strong, who announced in a brief acceptance speech that he had just turned 80, thanked supervisors for naming him to the post and added that he would not be unwilling to yield the position to a qualified younger man.

He received a rousing round of applause from the supervisors and no one accepted his offer to yield.

Gen. Strong was chief of the operations branch of the construction division whose responsibility was constructing airports and other Army bases in the Western Hemisphere during World War II.

He retired in 1946 when he was chief officer of the Northwest Service Command.

Auto Kills Tot

EAST GRAND RAPIDS (AP) — Krystal Tomlinson, 18-month-old daughter of Mr. and Mrs. James Tomlinson, was killed Thursday when a car backed over her at a home her mother was visiting. Police said Krystal apparently walked in back of a car operated by Mrs. Roberta Lee De Conner, 23, as she stepped from the driveway.

Walt, commander of the third Marine amphibious force, is leaving soon for reassignment in Washington at the Pentagon.

The presentation was made under a hot sun by Premier Nguyen Cao Ky.

Three directors opposed the motion, expressing their agreement "in principle" with the resolution, but questioning Urban League action on "specific lines."

The redistricting proposal, aimed at alleged de facto segregation in the two schools, originated Monday night with the Pontiac School District Citizens Committee on Human Relations.

The human relations committee asked the school board to include Bethune and Bagley elementary schools — 98 per cent Negro — in the predominantly white Washington Junior High district; and to switch virtually all-white Irving and Whitfield schools to Jefferson, presently having only a handful of white students.

DA NANG: Vietnam (UPI) — They pinned a bit of ribbon on the departing Lt. Gen. Lewis Walt today, awarding him the second highest Vietnam order ever given an American.

The presentation was made under a hot sun by Premier Nguyen Cao Ky.

Walt, commander of the third Marine amphibious force, is leaving soon for reassignment in Washington at the Pentagon.

Computerized Lab for Buick Tests Set

FLINT (AP) — The Buick Division of General Motors said today it has developed a computer-based laboratory complex designed to test safety and quality of new cars, including the anti-lock device for 1968 model cars.

The laboratory is capable of testing 80 cars a day through 80 tests for safety and quality. One test would measure the amount of carbon monoxide, carbon dioxide and hydrocarbons released through the exhaust, instantly compute the results, so adjustments can be made.

WW II Seizure Victims Sought Japanese-Americans' Assets to Be Repaid

WASHINGTON (UPI) — The Justice Department is looking for several thousand Japanese-Americans who stand to collect as much as \$11.7 million from the U.S. government.

The money represents assets seized by the United States at the outbreak of World War II from branches of the Yokohama Specie Bank Ltd., in this country.

A department spokesman said today that there was "no clear idea" of just how many Japanese-Americans were eligible for repayment. He said many have moved or died and that the department has no record of their whereabouts.

To try to locate those eligible, the department is sending notices in English and Japanese to newspapers and other outlets, urging those who think they have claims to contact the department's office of alien property.

Repayment of the seized money was ordered by the U.S. Supreme Court in April in a decision that overruled the department's earlier refusal to pay the claims on grounds they had been cancelled or abandoned.

PRELIMINARY WORK

The department spokesman said some preliminary work has been done in the repayment effort, but that no individual claims have yet been considered.

DEFENDS SOVIET — Russian author Mikhail A. Sholokhov, a Nobel prize winner in literature and long a spokesman for a hard line on artistic issues, denounced Stalin's daughter Svetlana Alliluyeva, in print today for her criticism of Soviet curbs on literary freedom.

The Communists attacked a few hours after daybreak in an area where the 4th Division men have fought six stiff fights in the past eight days. The battlefield was just over three miles from the Cambodian border on the western border of Pleiku Province.

One assault was made by about 50 North Vietnamese wearing camouflaged uniforms and red berets. Wheeler, who was with the company that was hit, said the Reds were beaten off by defenses hastily organized by the company's noncoms when most of the officers were slain.

The thick double-canopy jungle made it difficult initially to bring in accurate supporting art and artillery fire. The Communists snipers were lashed high in the dense foliage and their fire caused many of the American casualties.

No Decision This Week on Pratt Appeal

Decision on any appeal of a state court ruling halting operations of the Oakland County grand jury will probably not be made before Wednesday, a spokesman for Judge Philip Pratt said today.

Pratt and his legal staff, involved since Aug. 16 in a probe aimed at allegedly illegal activities at Hazel Park race track, received a judicial setback Tuesday when the State Court of Appeals declared Pratt was illegally appointed grand juror.

The Appeals Court ruling was apparently based on prior decision by the State Supreme Court preventing one-man grand jurors from investigating the same areas of complaint for more than one year.

Pratt previously headed a grand jury investigation in Oakland County which terminated its activities two months before the present jury was convened.

Urban League Supports School Integration Plan

A proposal to realign boundaries of two junior high schools in southwest Pontiac received support yesterday of the board of directors of the Pontiac Area Urban League.

By voice vote, board members passed a resolution urging Pontiac school officials to reconsider a decision which would apparently sidetrack boundary changes at Jefferson and Washington junior high schools.

Three directors opposed the motion, expressing their agreement "in principle" with the resolution, but questioning Urban League action on "specific lines."

The redistricting proposal, aimed at alleged de facto segregation in the two schools, originated Monday night with the Pontiac School District Citizens Committee on Human Relations.

The human relations committee asked the school board to include Bethune and Bagley elementary schools — 98 per cent Negro — in the predominantly white Washington Junior High district; and to switch virtually all-white Irving and Whitfield schools to Jefferson, presently having only a handful of white students.

Viet Medal to Departing Marine Chief

DA NANG: Vietnam (UPI) — They pinned a bit of ribbon on the departing Lt. Gen. Lewis Walt today, awarding him the second highest Vietnam order ever given an American.

The presentation was made under a hot sun by Premier Nguyen Cao Ky.

Walt, commander of the third Marine amphibious force, is leaving soon for reassignment in Washington at the Pentagon.

County Tax Allocation Final

The Oakland County Tax Allocation Board today made a final ruling on the 1967 taxing authority for Oakland County, local school districts, townships and the intermediate school district.

Oakland County was given the same 5.4-mill allocation it was granted last year.

200 Republicans Attend Fund-Raising Breakfast

A special report on the activities of the 90th Congress was presented this morning to some 200 Republicans by U.S. Sen. Robert P. Griffin and Rep. Jack H. McDonald at a breakfast at Kingsley Inn.

McDonald prefaced his report with an account of the difficulty he had in making flight arrangements from Washington.

The House of Representatives had a session that didn't end until 11 p.m. yesterday, an hour after last direct flight to Detroit. He later took a two-stop flight and arrived at 4 a.m. The breakfast was at 8:30.

Hosted by a group of Republican leaders in the 19th District which McDonald represents, the breakfast was planned to raise funds for the congressional staff trust office in Farmington.

U.S. to Subsidize Viet Commissaries

DA NANG, Vietnam (AP) — The United States agreed today to help feed the families of South Vietnam's armed forces in the next year with a subsidy of \$42-million worth of commodities to be sold them at greatly reduced prices.

Receipts from the sales will be used to build up the commissary system of the South Vietnamese armed forces, a spokesman for the U.S. Agency for International Development said.

In Saigon, opponents of Premier Nguyen Cao Ky charged that the commodities would be used to buy votes for Ky in the September presidential election, while supporters of the premier let it be known the subsidy was the U.S. government's way of supporting Ky.

The AID spokesman said both sides were foolish.

"The program has been a

subject of discussion for some time now," he said. "It's not true that it's political."

Westmoreland said the subsidy would "permit the system to develop and grow and improve the morale and welfare of the 2-million dependents of the armed forces."

"The commissary system was established several years ago," said Westmoreland, "but it has never fully served its purpose because the government has not had the wherewithal to capitalize the enterprise."

\$100,000 Fire Damages Farm

QUINCY (AP) — Fire destroyed a major portion of buildings on the nearby farm of Ralph Dowdell Thursday. Dowdell estimated the loss at \$100,000.

The burned structures included two barns, a milk house, a corn crib and a grain elevator.

Shelby Ballot Likely to Include Question on Retirement Benefits

SHELBY TOWNSHIP — It appears a third question may be added to the Aug. 7 special election ballot here.

The ballot now contains a re-

quest for an additional 1.5 mills for the fire department and 2.5 mills for the operation of the police department over a period of 10 years.

It will also likely contain a question regarding retirement benefits for both groups. Whether that will involve additional millage or not and whether the question will actually be on the Aug. 7 ballot is expected to be determined by the township board at its June 6 meeting.

Petitions containing more than 1,000 signatures were turned in yesterday to the township clerk asking for a referendum on the question.

Firemen and policemen have agreed to give 5 percent of their wages to the fund. As planned it would pay a retired officer aged 55 with 25 years of service half his salary. It also provides for death benefits for an officer killed while on duty.

20 WOULD BENEFIT

The township's 16 full-time firemen and 14 policemen would benefit from the plan, which if approved, would not take effect until July 1, 1968, according to fire department spokesmen.

Where the township will get its share of the money for the program, if it is approved, will be a matter for the township board to determine, they said.

Increasing rapidly in population, the township has felt the need for expanded protection. The fire department has operated on a voted 2.5 mills, but police money has come from the general fund.

Officials believe the available money not adequate to staff "standard" departments.

Joint Meeting on Fund Bid Set

Lake Orion, Township Officials Will Confer

ORION TOWNSHIP — The first combined meeting of the Lake Orion village and Orion Township governments and their planning commissions has been set for June 14 at the Township Hall.

Purpose of the meeting is to coordinate efforts to obtain 701 federal planning funds for the preparation of master plans.

Both municipalities are under citation by the state for the alleged pollution of Paint Creek and Lake Orion, and a sewage system has been ordered.

While the village planning commission is relatively new, a like body has been active for some time in the township, but it has so far been unsuccessful in its bid for federal funds.

The Detroit planning consultant firm of Bruno Leon Associates has been hired by the village. A sum of \$5,666 has been set aside to pay for preparation of a master plan over a two-year period.

Leon is the dean of the School of Architecture at the University of Detroit.

School Merger Talks to Resume in Almont

Discussions on the merger of the three Lapeer County school districts of Almont, Imlay City and Dryden are to be reactivated tonight at a special meeting in Almont.

Two representatives from

4 in Almont Area Win Scholarships

ALMONT — The awarding of four nursing scholarships to young women of the area has been announced by the women's auxiliary of Almont Community Hospital and the Tri-County Nurses' Association.

Winners are Linda Rahl, 17, daughter of Mr. and Mrs. William Rahl of 231 Pleasant; Bonnie, Paulette Haberski, 16, daughter of Mr. and Mrs. Lewis Haberski, 1441 28 Mile, Washington; Jane Eldred, 21, daughter of Mr. and Mrs. Cameron Eldred, 415 Juliet, Almont; and Sharlene Buskirk, 18, daughter of Mr. and Mrs. John Buskirk, 7250 Webster, Imlay City.

The young women will receive \$500 each or 80 percent of the cost of books and tuition at the school of their choice.

Women Pick New Officers

TROY — New officers have been elected by the Troy Business and Professional Women's Club.

President is Mrs. David Grapoff. Others are Mrs. Arnela Bayless and Mrs. George Snooks, vice presidents; Mrs. Walter Burnard, secretary; Mrs. Leslie Kemper Jr., corresponding secretary; Mrs. Ross Cowser, treasurer; and Mrs. Anthony Terio, parliamentarian.

Award for woman of the year at a recent meeting was given to Mrs. Edmund Craig who presented the city with her painting of the old city hall. The painting is on display in the new building. She is chairman of the March of Dimes drive for the city.

ARE NEWS

Hearing Set on Employees of Rochester

ROCHESTER — A State Labor Mediation Board hearing to discuss setting up a bargaining agent election for city employees has been set for 10:30 a.m. June 13 in Detroit.

Joseph A. Valenti, president of Detroit Teamsters Local No. 214, said the hearing would determine whether there is sufficient interest in unionization and decide those employees to be included in the vote.

He said no hearing has yet been set on the unfair labor charge filed with the board in behalf of Glen Breakie, sewage disposal plant superintendent, reportedly discharged after nine years of service.

Last Story Hour

ROCHESTER — The last story hour of the season will take place at 10:30 a.m. tomorrow at the Woodward Memorial Library as members of Girl Scout Troop No. 60 present a play, "Uncle Tom's Cabin."

The Rochester Jaycee Auxiliary sponsors the story hours throughout the school year for 4-year-olds to those in second grade.

Walled Lake School District to Join Head Start Program

WALLED LAKE — The school district here apparently has done an about-face and decided to join the Office of Economic Opportunity's Head Start program this summer after all.

Three weeks ago, the board of education decided to conduct its own program with funds from Title I of the Elementary and Secondary Education Act of 1965 because it would have more control over its own program.

Yesterday, in a letter to James M. McNeely, executive director of the OEO, Schools Supt. George G. Garver asked for permission to join the Head Start program provided certain stipulations were met. Garver could not be reached for comment today.

Garver states in his letter that in accordance with the OEO's resolution which stipulates that there must be racially integrated activities for all children in the Head Start program, "the school district agrees that cultural exchange between peoples is an important part of any effective educational program and as such will provide some type of cultural exchange."

However, he said, if the application is granted, "The local school district will be the sole judge as to the type of activity that would best meet the needs of our children."

State Fires Kill a Record 297

LANSING (AP) — Fires killed a record 297 persons in Michigan last year, the State Police fire marshal's office reports.

The deaths, up 59 from the year before, included 165 adults, three firemen, and 129 children. Not included were an additional 26 deaths attributed to fires resulting from auto and aircraft accidents.

The fire marshal's reports that there were 90,877 fires in the state in 1966, a record up 11,243 from the previous year.

Total damage caused by fires were estimated at \$64,861,019 in 1966, up by almost \$7 million from 1965.

Carelessness was the reported cause of the greatest number of fires, 23,671. This included rubbish burning 10,808, and carelessness in smoking and in use of matches, 7,364.

Fires in the home killed 101 adults and 115 children. Adult deaths included 70 through careless smoking, 19 by clothing catching fire and 17 in explosions.

Twenty-eight children died in heating unit fires, 20 by playing with fire and eight by clothing catching fire.

Arsons resulted in four deaths, one adult and three children.

"We respect the right of OEO to recommend various activities but the final decision must rest with the board of education," he said.

"Our district does not want to ever be placed in the position that we were placed in last year where we were told

unless we did specific activities that we would not receive reimbursement for a program that was nearly completed."

He said if the goals and objectives of the two are made compatible, "We will attempt to operate the finest Head Start Program within Oakland County for the summer of 1967."

McNeely replied that Garver's position "is clearly within the framework of the policy of the OEO relative to integrated activities for Head Start programs."

He said the positions of the commission and of the school district are compatible.

Pontiac Press Photo

IT'S SCARY — The spook house at the Birmingham Village Fair presents a real challenge for a tot's courage. Having second thoughts about the adventure are (from left) Lynne Cole, 5, daughter of Mr. and Mrs. Don-

aid Cole, 323 N. Elton, and Ann Lisa Krsul, 3, daughter of Mr. and Mrs. John Krsul of 1545 Stanley, both Birmingham. The Village Fair with children's rides and food booths is open through Sunday.

Rochester to Pay Firemen's Insurance Tab

ROCHESTER — The city's volunteer firemen will no longer have to pay premiums on their life insurance.

The council has voted to take on the \$3.65 monthly premiums for 30 men affording them \$5,000 coverage each.

Unhappiness with the discontinuance of the city's drivers license bureau set for July 1 has prompted the Chamber of Commerce to ask for a meeting with city officials.

The council has approved a

Chamber representatives said they believed discontinuance of the service would hurt trade.

Village officials earlier voted to go out of the license business because of an inability to limit the area to be served and because of increased costs to the city in salaries necessary to take care of an ever expanding volume.

The council has approved a

new fine schedule for its violations bureau and Justice Court.

Chief of Police Robert Werth said he believed the new fines would put the city more in line with those being charged in other areas.

A fence-viewing board — its purpose to decide on variances to the ordinance — was named.

Mayor Roy Rewold with Councilmen Burdette Lewis and Harold Milton and Manager William Sinclair will serve.

Auburn Heights Jaycees Elect Study of Alternative to Split Sessions OK'd

James Cavins, 3005 Auburn, Pontiac Township, has been elected president of the Auburn Heights Area Jaycees. He succeeds Robert Grunnsnik.

Other new officers are Thomas Lawson, internal vice president; James St. Louis, external vice president; Robert Lewis, secretary; and Ray Ling, treasurer.

The directors are Gerald Hanley, David VanderLaan and Grunnsnik.

The club is currently involved in a cleanup campaign of the Auburn Heights business district due to end shortly with the planting of trees along Auburn Road.

Human Relations Council Elects 13

ROCHESTER — The Area Human Relations Council has elected 13 members, including seven new members, to its board of directors.

The new members are Mrs. Martina Harrison, Mr. and Mrs. Frank Irish, Mrs. David Mascitelli, Paul Olsen, Ralph Stallard and Mrs. William Tymkow.

Re-elected for two-year terms were David W. Hackett, Mrs. Hugo Swan, Mrs. David Walsh, Mrs. Stanley Weaver, Maurice Willea and Mrs. Robert Williamson.

ROCHESTER — A meeting in mid-June may determine whether or not some 1,000 elementary students here will go on split-day sessions next fall.

At an exploratory meeting with the board of education last night, representatives of the newly formed Citizen's Committee for Adequate Education won approval for the study of an alternate plan.

Schools Supt. Douglas Land

was directed to compile figures on the availability of outside classrooms, including activities rooms in present buildings and church rooms, and new attendance projections based on the May enrollment reports.

Citizens have objected to the plan that would put students from Meadow Brook and the new Long Meadow schools on half-day sessions until completion of the Long Meadow School.

The fear that the new school might not be ready until after the first of the year has heightened their worries.

SHOULD BE READY — Joseph Joachim, president of the group, said that an alternate plan should be ready if it appeared that completion would be later than Nov. 1.

His group, in that event, asks for retention of the present school attendance areas excluding Long Meadow and the use of outside rooms to relieve overloaded classes.

Fete Bus Drivers

LAKE ORION — Bus drivers for the Lake Orion Community Schools will be feted at a dinner at 7 p.m. Thursday at the Senior High School. Safety awards will be presented.

Residents Warned About Spider

Health authorities have warned state residents to beware of a vicious South American spider which has been discovered in many Midwestern states.

Called the brown recluse because of its shy habits it is said by doctors to be more venomous than the black widow or even most poisonous snakes.

The spread of the insect has been noted in medical and farm journals, and a severe bite with near-fatal results was noted in Michigan recently.

The brown recluse hides in dark places, particularly unused clothing, shoes or wadded paper. Because of its furtive behavior, it is easily transported among the items carried by tourists.

Authorities say the spider will attack and bite if disturbed in any way.

Its venom causes blistering, inflammation, swelling, hemorrhage and on rare occasions, death, doctors warn. A large ul-

cer may form at the bitten spot which could require skin grafts, a recent article points out.

The spider has a distinctive

violin-shaped dark marking on its body just behind the head. It is about one-half-inch long and medium brown.

Loxosceles Recluse, Or Brown Recluse

Hard Work, Organization in 19th

GOP Finds a Winning Formula

By KIT KINCADE
Associated Press Writer

DETROIT — Michigan Republicans can credit their 55-44 majority in the House of Representatives to hard work and organization.

Thorough and effective coverage of the 19th House District on Detroit's Northwest Side was a key factor in the surprise election of Republican Anthony C. Licata to the seat vacated by the death of Joseph Kowalski, former Democratic leader in the House.

Before Tuesday's election it looked like Democrat James P. Hoffa had everything going for him.

Interest Shown
in WorkshopMeeting on Facility
for Handicapped Set

A significant amount of interest has been exhibited toward establishment of a sheltered workshop in northern Oakland County for the handicapped, vocationally limited individual.

Approximately 80 persons attended a recent meeting sponsored by the Waterford Township Jaycees to get the proposed project off the ground.

Jaycee J. A. McIntosh, who conducted the meeting, said a second meeting has been scheduled for 7:30 p.m. June 5 at the Community Activities, Inc., building, 5640 Williams Lake.

Speaking at the initial meeting were Dr. John E. Hoskins, executive director of Goodwill Industries of Greater Detroit, and Claude Sheridan, public relations director of the organization.

Goodwill Industries has offered to staff and equip a building if sufficient area interest is demonstrated.

ACTING CHAIRMAN
A local resident, William Wright, was chosen acting chairman of the project. A committee to find a suitable site for the facility also was appointed. Sheridan also will assist in the effort.

It is estimated that \$20,000 to \$25,000 is needed to launch the program. Most of these funds would be for the building, according to McIntosh.

Interested persons can contact any member of the Waterford Township Jaycees.

Notables like Vice President, Hubert Humphrey and Sen. Robert F. Kennedy, D-N.Y., came to Michigan and endorsed the 26-year-old son of the jailed Teamsters Union president.

BACKING

And, Hoffa had the backing of his party, the United Auto Workers Union in the form of the local AFL-CIO, and the Teamsters Union.

But what seemed to mark Licata as a ready-made loser, his being just an available Republican willing to run in what was considered a "safe" Democratic district, turned out to be an asset.

2 MESSAGES

The Democrats figured they only needed to get two messages across: the date of the election and the name of the Democratic candidate.

Licata, who won by slightly over 150 votes, had the campaign assistance of Gov. George Romney, who carried the district last fall. Romney urgently needs Republican votes in the House to get some form of his fiscal program passed.

LACKED THOROUGHNESS

The efforts of the AFL-CIO

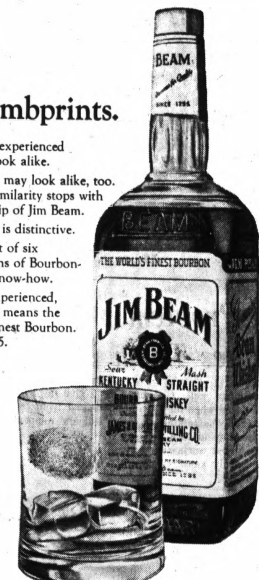

Thumbprints.

To the inexperienced they all look alike.

Bourbons may look alike, too. But the similarity stops with the first sip of Jim Beam.

The result of six generations of Bourbon-making know-how.

To the experienced, Jim Beam means the world's finest Bourbon. Since 1795.

Call for Study Panel Aims at Tax, Spending Reforms

WASHINGTON (U-P) — Its No. 1 tax authority says Congress needs a commission of outsiders to take a cold-eyed look at government spending and taxing. Chairman Wilbur D. Mills, D. Ark., of the House Ways and Means Committee says such a panel should look at current programs and lay the foundation for rational policy. Mills is on record as favoring a long-range policy of tax reduction.

He spelled out his ideas in more detail in the interview and said he intends to discuss them further if the House when it takes up a proposed increase in the national debt limit in about two weeks. Mills emphasized the study he proposes should not be aimed particularly at new government undertakings.

USEFULNESS PAST

"We can't have a reasonable tax policy apart from a reasonable spending policy," Mills told an interviewer. "We can't finance through taxes the programs now in existence as they may grow. Such taxes would throw the economy into a tailspin."

"But we lose our options for using tax policy to foster long-term growth because we simply don't know which programs are worth the most and which the least in terms of benefits related to costs."

"The best way to economize is not to cut \$10 million from this activity or \$20 million from that simply because you have the opportunity to do it. It might be much better to eliminate altogether the programs that are providing the least in relation to their cost."

Mills has mentioned in two recent speeches the possibility

"We have many programs on the statute books that are 50 years old, many that are 30 years old," he said. "Who knows but that some of these may have long outlived their usefulness? We have a different economy, in many ways a different society, from what existed when they were started."

"We need to know more about duplicating programs intended to help the same people. Training programs are an example—there is hardly a committee in Congress that has not authorized a training program. There may be great opportunities for consolidation, if we could get across the departmental lines."

Mills said he envisions a commission similar to those on government organization headed by former President Herbert Hoover, many of whose recommendations were enacted.

DOWNTOWN AND
DRAYTON PLAINS

Volunteers Feted by PAUF Women's Division

Standing with Mrs. Merrell D. Petrie (left) of Cherokee Road, chairman of the Women's Division, Pontiac Area United Fund, are three recipients of merit awards. From left are Mrs. Adolph Rollin, of North Mill Street, nominated by the Salvation Army; Mrs.

Leslie Shanks, Ferndale, nominated by the Kenny-Michigan Rehabilitation Foundation; and Mrs. Harry Little of Wall Street, honored for her work with the Michigan Cancer Foundation.

Shown approaching the entrance of Pine Knob Resort Thursday for the awards brunch are, from left, Mrs. John Shada, the guest speaker, with award recipient Robert D. Reese, Palmer Street, nominated for his work with the American Red Cross; and Mrs. B. B. Roush of West Ingalls Road, representative to Michigan United Fund two-day budget meeting.

Duke and Duchess Honored at Festivity

NEW YORK (AP) — More than 500 persons have paid homage to the Duke and Duchess of Windsor at a celebration in honor of the couple's marriage 30 years ago June 3.

The affair Wednesday night was held in a very unusual setting, as the party goes on into Bergdorf-Goodman's store jewelry area where they could collapse on red chairs and drink their champagne at pink-clothed tables.

THEIR LIFE

There they waited for the Windsors who, a few blocks away, had watched their lives flash before them.

All had attended the benefit premiere in America of "A King's Story" which recited the events leading up to the abdication of King Edward VIII for the American woman he could not live without.

The guests at the premiere as well as at the party, whose host was the store president Andrew

Goodman, were national and international and of diverse politics and professions.

AMONG GUESTS

Sharran Douglas, daughter of a onetime ambassador to Britain, and Mrs. Joseph P. Kennedy, whose husband also held that position, were among those to pay honor to the couple.

So were Perle Mesta, hostess with the mostess, and such socially prominent persons as Sonny and Marylou Vanderbilt Whitney, Mrs. Robert D.L. Cardiner, the Norman Winstons, the Winston Guests and fashion designers Bill Blas, Vera Maxwell and Jo Copeland.

The long line formed to greet the honored guests much as it had when the Duke, as the Prince of Wales, visited here four decades ago.

"Isn't it a wonderful night?" a woman asked the couple as she moved through the receiving line.

"It certainly is," the Duke and Duchess said in unison.

THE DUKE AND DUCHESS OF WINDSOR

No Tickee, No Kiddie

NEW YORK (AP) — Mothers who want to go shopping soon will be able to check their youngsters in much the same way they would park their cars or check their coats.

A new facility, called the "Check-a-Child Playground," will be opened by the Parks Department in June to enable mothers to shop in the area knowing their children are in good hands.

Parks Commissioner August Heckscher said Monday the facility would operate much like any other checkroom, with Parks Department employees taking care of the children.

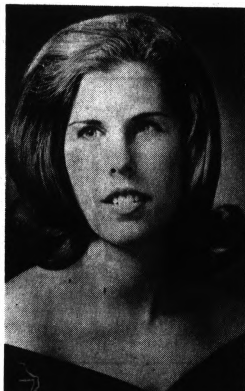

The cost will be 25 cents for the first three hours and \$1 an hour for each additional hour or part.

The playground will be in Union Square Park, near 14th Street.

UNCLAIMED

Any youngsters not claimed

by the end of the day will be taken to a police station.

JANE ANNE MARZELLI

University Michigan seniors, Jane Anne Marzelli and Ora Lynn Smith III are planning a wedding ceremony in early fall. Their parents are Mr. and Mrs. A. R. Marzelli of Fairmont Hill Court and Dr. and Mrs. O. L. Smith of Acorn Road.

GOP Conservative Loser Vows Fight From Within

By FRANCES LEWINE

WASHINGTON (AP) — Phyllis Schlafly has decided to stay in the National Federation of Republican Women and help her supporters fight for conservative candidates from precinct to the presidency in 1968.

But she still blames her May 6 defeat for the federation presidency on what she calls illegal tactics by New York-based liberals.

She promises now to provide her group with a liaison headquarters for what she calls strong pro-American political action and education on the big issues of the day.

She says the convention battle "proves that New York-based liberals are not willing for our side to have anything at all — not even the crumb of a

non-paid woman's position with no real power."

"You should banish any illusion that they will ever give conservatives their fair share of candidates, appointments or legislation," Mrs. Schlafly warns her supporters.

CAMPAIGNING

Mrs. Schlafly now is writing "dear and loyal friend" letters calling on her supporters to work together within the federation and the GOP to elect club officers, national committeemen and women, and delegates to the party's 1968 national convention.

Mrs. Schlafly still claims that "under fair rules, we would have won hands down."

Gladys O'Donnell, Long Beach, Calif., won the federation presidency 1,910 to 1,494. Mrs. Schlafly has scotched reports she might pull out and form a rival federation.

Mrs. Schlafly said she spent many days of deliberation at her Alton, Ill., home before deciding.

"Our overriding objective is to nominate and elect the right kind of president in 1968, who can lead America in these perilous times."

"Our side has a clear majority in the federation. It does not make sense to abandon the fruits of our labors to the noisy liberals," she wrote.

Mrs. Schlafly, 42, is the mother of six, author of the 1964 campaign book "A Choice Not an Echo" and a backer of Barry Goldwater.

In her letter, Mrs. Schlafly charged that outgoing federation president Dorothy Elston refused a Schlafly request to examine the convention voters' signature list.

Mrs. Elston said she regretted Mrs. Schlafly was "a poor loser."

Get Doctor's Advice

Nose Husband Out Gently

By ABIGAIL VAN BUREN

DEAR ABBY: I have a teenage daughter who is absolutely miserable about the size of her nose. She has been taunted and teased about it ever since she can remember.

I have been in correspondence with a reputable plastic surgeon, who will schedule her for an operation during summer vacation if I bring her in and he thinks she's "mature" enough.

My problem is my husband. He thinks our daughter is "beautiful" the way she is and doesn't need that kind of operation. He blames me for taking her side and says if it doesn't come out right it will be my fault. We don't expect miracles, but al-

most anything would be an improvement over what she has now. What can I do, Abby?

HER MOTHER

DEAR MOTHER: Your husband has "Papa myopia." If your daughter has been taunted and teased about her nose, she "needs" the operation to give her the self-confidence so necessary to a teen-ager. Take your daughter to the plastic surgeon and get his opinion. (If he's reputable, he will be honest.) I vote with you and your daughter.

CONFIDENTIAL TO "CANT FIGURE HIM OUT" IN ODESSEY: A man who is constantly bragging about his sex life probably gets more pleasure out of bragging than he does from his sex life.

How has the world been treating you? Unload your problems

on Dear Abby, care of The Pontiac Press. For a personal, unpublished reply, enclose a self-addressed, stamped envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abby, care of The Pontiac Press.

Teens Are Called

Teenagers 14 to 17 years of age, who are interested in volunteer work during the summer are to be interviewed by a member of the Oakland County Volunteer Bureau on Monday from 3 to 5 p.m.

This new bureau is designed to match volunteers with jobs needing to be done. Interviews will take place in the Birmingham YMCA, 400 East Lincoln Road.

Mrs. Maurice Finnegan (left) of Delaware Drive, Mrs. Gerald L. Bergin of Tuxedo Street and Mrs. Frank Totte of Starr Street discuss the guest speaker who will address the annual breakfast for the League of Catholic Women Sunday. He is Rev. Francis Vevenne, a Belgian member of the Congregation of the Immaculate Heart of Mary, and former teacher in the Belgian Congo.

Affluence Ratio Increased in '66

NEW YORK (UPI) — Statistically, the poor are getting fewer; the affluent are on the rise.

The Institute of Life Insurance reports that in 1965, nearly one out of every five families had incomes annually of \$3,000 or less. Last year, the proportion thinned to about one of every six.

Mr. and Mrs. Earl Gibbs of Pine Knob Road, Independence Township, will be celebrating their golden wedding anniversary Monday. Their daughter, Mrs. Kenneth Bice of Hadley, will honor them with open house at her home Tuesday from 3 to 5 p.m. The couple has a son, Earl, Jr., of Metamora; three grandchildren, Robert and Beverly Gibbs of Metamora and Mrs. Gerald Painter of Hadley; and two great-grandchildren, Deborah and Duane Painter.

Polly's Pointers

Notes From Kitchen

DEAR POLLY — My newly married daughter lives far across the country and when I write to her I always enclose a favorite family recipe.—MRS. H. A. S.

DEAR POLLY—I, too, had the annoying problem of shedding chenille bedspreads, so please tell Mrs. E. S. my solution was to dry it in an automatic dryer after washing the spread. This does the job but may take several treatments. A friend of mine who has no dryer washes hers at home, then takes it to a coin-operated dryer.—MRS. W. H.

DEAR POLLY—I want to pass on a few decorating pointers that the readers might like. Screen doors make beautiful dividers by adding hinges to two or more screens and then painting or decorating them as desired. Also a screendoor put on a bedroom doorway keeps out children and pets or keeps them in if that is what is needed. At the same time, the room is aired and an eye can be kept on the pets or children.

Slab doors make wonderful picnic or dining tables by adding legs. They can be sawed into two or three parts to make smaller living room tables. They are also quite good for paneling, cut for shelves or even smaller doors.

Handles can be added to framed mirrors to make trays or legs to make nice little tables.

MARGARET
DEAR POLLY—I have a good use for samples and left-over pieces of wallpaper. When I find I am using note paper with envelopes so thin that the letter can almost be read unopened, I line one side of the envelope with wallpaper. This really dresses up plain stationery.—SARAH

News of Area Students

James E. Burbott Jr., a 17-year-old Brother Rice High School senior, has won a four year college scholarship under the Sears Foundation Merit Scholarship Program for sons and daughters of Sears, Roebuck and Co. employees.

His parents are the James E. Burbotts of Birmingham. James will enroll at the University of Michigan in the fall where he plans to major in pre-law and economics.

MICHIGAN STATE UNIVERSITY
Carol Persinger, daughter of the Robert Persingers of First

Avenue, and 1967 graduate of Pontiac Northern High School, will receive one of 23 Michigan State University Creative Arts Scholarships.

Recipients are chosen through talent competition in four fields. She received her scholarship in creative writing.

Festive Events Precede DeLorenzo Rite Saturday

Several pre-bridal galas have been held for Kathleen Norma Khouri and Anthony J. DeLorenzo before their noon vows Saturday.

Mrs. Adeb Howrani and daughter, Mary Catherine of Flint recently hosted a pantry shower.

Mrs. William Shaheen with daughters, Elaine and Mrs. Bruce Knakfloor of Lansing gave a kitchen shower.

Another event was staged in the Grand Blanc home of Mrs. Joseph Joseph.

Entertaining for the newlyweds on their return will be

the Louis J. Colombos of Bloomfield Hills and Mrs. Maria G. Lalli of Detroit.

Expected to join the festivities of the rehearsal dinner this evening are the Charles DeLorenzos with daughter, Connie, the Victor DeLorenzos and the Joseph Floritas with son and daughter, James and Suzanne, all of Racine, Wis.

Coming from Libertyville, Ill., the Charles Fairbanks; from Madison, Wis., the Thomas Floritas, the Vito Paratore, Mr. and Mrs. Tony Parrish, Mrs. Joseph DeLorenzo and from Pittsburgh, Pa., the Russell Derra. Also expected are the Fred Bohens of Des Moines, Iowa.

Hosted by the Anthony G. DeLorenzos, the dinner takes place at the Flint City Club.

Pontiac Business Institute

Joseph I. Gardner of Wilcox Street, Avon Township, is shown accepting a certificate of appreciation of his services from David R. Ewalt, director of Pontiac's Department of Parks and Recreation. Mr. Gardner completed four consecutive terms as president of the Sunset Club, an organization for senior citizens sponsored by the Department of Parks and Recreation. The certificate was awarded earlier this week at an anniversary party celebrating the club's 17th year of operation.

How perfect a housekeeper should a woman try to be? It is difficult to know where to draw the line although that was never one of my problems. Certainly creating a charming, restful, lovely, physical atmosphere in the home is rewarding to the woman and her family. This is important and gives a lift to the spirit.

However, keeping a house in perfect order is a full time job, even with help, and few women have any today. If there are children, it is impossible unless one imposes damaging restrictions on them.

ENTHUSIASTIC
I myself respond enthusiastically to a beautifully decorated home, with everything just as it should be and have at times even felt a little envious. Then I think, "Where are the magazines, the books left open where the reader stopped reading?"

Where is the chess board, the pipe on the table, the natural clutter which is bound to occur when a house is lived in vibrantly? This is very different from the clutter of neglect and not caring enough to take the trouble.

I am thinking today of thousands of my readers who have young families, who do all the work themselves, who enter into all sorts of civic and philanthropic work, and still try to be perfect housekeepers.

I feel sure that many husbands and children would prefer a wife and mother who is gay and rested rather than one who is exhausted from trying to be a perfect housekeeper. Doctors' offices are filled with would-be perfectionists of all sorts.

ENTERTAINING
It seems to me that far too many women make entertaining a chore rather than a pleasure because they are perfectionists. Unless everything is perfect, they do not have friends in as often as they would like.

When they do have them in, the hostess is tense and nobody has much fun. I am convinced that unless the

hostess has fun, no one else does.

Anyhow, this is just a suggestion to the mothers of a lively hectic young family. Enjoy your children but enjoy your friends, too. If your main ambition in life is to be a perfect housekeeper, why not wait until the children leave home?

Even then you might want to do something more interesting, but I am no authority because I never could have been a perfect housekeeper. If I had waited for perfection to put the latchstring out for friends, I would never have put it out. However, it has been out there waving in the wind of welcome for many years, and nobody has seemed to mind what they found on the inside.

If you want to know how to gain friends and be popular, send for my free leaflet "Eight Weeks to Popularity." To obtain your leaflet send a stamped, self-addressed envelope with your request for it to Josephine Lowman in care of The Pontiac Press.

Extra Hamper

A covered hamper is convenient for stacking clean laundry out of sight until there is time to iron it. The clothes will come out especially fresh and clean smelling if you also drop a couple bars of unwrapped soap into the hamper.

Guest Leaves

Mr. and Mrs. Joseph Mihalak of South Berkshire Road have just bid their houseguest Rev. Gardiner Gibson, S. J., goodbye. He is returning to his post at Luca, Jamaica, British West Indies.

Ceremonies Are in Future for Engaged

July 14 vows are being planned for Marybeth Toomey and George Whitmore. Their parents are the Bart Toomeys of Orchard Lake and the Guy Whitmores of Detroit.

He is a former student at the University of New Mexico in Albuquerque.

Spencer-Schoof

Mr. and Mrs. Eric Spencer of West Predmore Road, Oakland Township, announce the engagement of their daughter, Loretta, to Robert Schoof, son of Mr. and Mrs. Robert Schoof of Rochester.

August 25 has been selected as a wedding date.

Gonser-Curran

The H. S. Gonsers of Paintcrest Drive, Oakland Township, announce the engagement of their daughter, Dawn Lee to Richard K. Curran.

His parents are Mr. and Mrs. John F. Curran of Foster Road, Independence Township.

The engaged couple attended Ohio University and Concordia College in Milwaukee, Wis. respectively. August 5 vows are planned.

Lesar-Thomas

Mr. and Mrs. Joseph S. Lesar of Coorner Road, West Bloomfield Township, announce the engagement and forthcoming July marriage of their daughter, Mary Patricia to PFC Robert James Thomas. His parents are Mr. and Mrs. William D. Thomas of Shoreview Drive.

PFC Thomas is stationed at the Defense Language School, Presidio of Monterey, Calif.

The engagement of Central Michigan University students, Mary Joyce Hazlett and Durrell Dean Banfield is announced by her parents, the John H. Hazletts of Denby Drive. His parents are Mr. and Mrs. Arthur D. Banfield of Marshall. Sept. 2 vows are being planned.

T. J. Whitemans Exchange Vows

Linda Jane Quail and Thomas James Whiteman exchanged vows recently in the Bloomfield Hills Congregational Church.

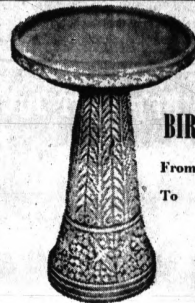

Their parents are Mr. and Mrs. Robert J. Quail of Birmingham and Dr. and Mrs. W. C. Whiteman of Bloomfield Hills.

The couple will reside in East Lansing where the bridegroom is a student.

Home Again

Mr. and Mrs. Fred Slavin Jr. and children, Marcie, Monica and Kevin of Rochester have recently returned from a visit to St. Petersburg Beach, Fla.

Not a Prayer of a Chance

Trio Heaven-Bent on Escape

SAN QUENTIN, Calif. (UPI)—tion section today because they weren't motivated by religion but by trying to dig their way to freedom from under the Protestant chapel.

Associate Warden James Park said the three inmates had dug nearly 80 feet when their work was discovered Wednesday by an inquisitive guard. The breakout attempt was disclosed yesterday.

Parks said if the industrious convicts had been allowed to continue, they would have wound up right where they started. They were heading in a circle.

"The convicts sure worked hard on this one," the official said. "We haven't figured yet how far short of the wall they were, but they failed by a good margin."

CHECKING ROOM

Discovery of the tunnel was made Wednesday while security officer T. A. Stewart was checking the janitor's supply room in the chapel.

Stewart noticed that a 3-foot square door leading into a small room for servicing heating ducts had been unlocked.

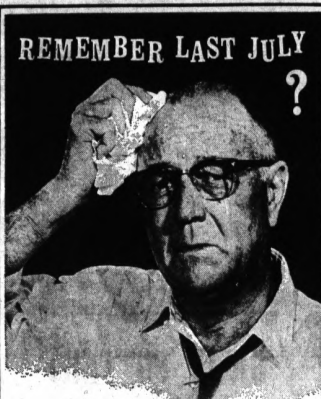

"Stewart climbed into the duct work and worked his way along it for about 25 feet when he came face to face with convict Lane Scott," Park said. "Scott and his fellow diggers managed to get into the duct work by removing a grill and filter for the intake."

"The main duct, which goes to the middle of the chapel floor, is about 60 inches square with several side ducts."

40 FEET TO GO

"Scott and the others had gone about 73 feet down the main duct cut a hole in the bottom and dropped to the ground."

"From there they started tunneling in a northerly direction from under the chapel which is about 40 feet from the wall."

Local Bowler to Collect for Hot Series in ABC

While the National All-Star Tournament in St. Louis and the annual Champion of Champions qualifying at a local establishment are about the only bowling action of interest locally, kiegler news continues to develop.

The biggest development recently is the American Bowling Congress' final unofficial results from this spring's tournament at Miami.

Pro Cage War Looms as Foes Head for Court

MINNEAPOLIS (AP)—Professional basketball's legal war flared into a million-dollar court showdown Thursday when two more National Basketball Association teams filed suits to try to block the jumping of stars to the new American Basketball Association.

The St. Louis Hawks filed companion suits in Federal District Court here to join their rookie star, Lou Hudson, from playing with the Minnesota Muskies of the ABA. The Hawks also seek \$5 million damages.

The San Francisco Warriors filed suit in San Francisco seeking to prevent Clyde Lee from going to New Orleans of the ABA. The Warriors seek \$1 million plus an unspecified amount of damages.

At issue is the reserve clause in NBA contracts, which the established league contends binds a player to a team for at least one year after he completes a contract.

The big winner locally is construction worker Dale Remley who will collect \$400 and a wrist watch for finishing second in the regular division actual singles. He had 717.

Lloyd Pearsall was 63rd in the event with a 670 worth \$115.28. A \$500 payoff goes to Strohs Beer teammates John Ruggiero of Detroit and Mike Samardzija Jr. of Pontiac for their 1388 in the classic doubles, good for fifth place.

TEAM EARNINGS
Two area classic league teams are due regular division prize money. Herks Auto Supply finished 78th and will divide \$161.50; Pelice Quality Market was 96th for \$146.

In the regular doubles, Brooks Robertson and Larry Crake will share \$146 for 72nd place. Bill Johns took 60th place for \$156.50 in the regular all events.

In the state women's tournament that concluded last weekend at Ann Arbor, Holly's Deloris Mavis and Mary Pierce tied for third place in the handicap doubles.

Pontiac 700 Club members will have their final monthly outing of the season 1 p.m. Sunday at Cooley Lanes. It will be a mixed doubles affair with a buffet to follow.

Monroe Moore reaffirmed his membership with a 715 series that included a 289 game as the travelling doubles classic concluded its season last week at 300 Bowl.

Predictions Holding Up in Tourney

OKLAHOMA CITY (AP)—If predictions with tournaments, Jack Rule Jr. and Kermit Zarley should finish well at the \$66,000 Oklahoma City Open. On a hot, windy day Thursday, Rule, who won here in 1965, and Zarley, a former NCAA champion, shot three-under-par 68s to claim a one-stroke lead.

Gay Player, Miller Barber and unknown Larry Ziegler were at 70.

HIGH CUTOFF
The tournament appeared headed toward the highest cutoff this year, with the wind pushing the projected cutoff to 151, seven strokes over par.

"I think my game has matured greatly in the last few months," Zarley said. "I'm ready to win a tournament."

Zarley missed a three-foot putt on the last hole which would have given him the lead.

Old Ace Helping Cards Stack Deck

By United Press International
One wild card may be all St. Louis needs to complete a stacked deck.

And if the vacancy sign is out, Richard Henry Hughes has the credentials to fill the position.

Dick Hughes is probably the wildest of all the Cardinals, and he has paid for it with nine years of his life kicking around the minor leagues. He didn't receive a shot at the majors until St. Louis called him up at the tag end of last season, when he was an aging 28.

Hughes continued to make the most of his chance by shutting out the Atlanta Braves on only two hits Thursday night as St. Louis won 5-0. The most amazing statistic of all was that not a single Atlanta batter received a base on balls.

"The only other time I can ever recall going nine innings without walking a batter was in the minor leagues in a spring training camp," Hughes said.

Hughes, a lean 190-pound right-hander, struck out nine, hit one batter and allowed singles to Woody Woodward in the third inning and Orlando Martinez in the eighth. Between the two hits, he retired 15 men in a row.

The Chicago Cubs edged Cincinnati 5-4 in the National League's only other game, cutting the league-leading Reds' lead to 2½ games over St. Louis.

In the American League, the Detroit Tigers routed the Boston Red Sox 9-3, the Kansas City Athletics beat the Minnesota Twins 3-2 and the Washington Senators squeaked out a 2-1 decision over the Cleveland Indians.

HOME RUNS
Lou Brock and Curt Flood homered for the Cards, Flood's coming with two mates aboard in the fifth to wrap up Hughes' second victory in three decisions. Dick Kelley suffered his fourth loss for Atlanta.

Ron Santo hit a bases-loaded single with one out in the ninth inning to provide the surprising Cubs with their second straight victory over Cincinnati and move them past Atlanta into fourth place.

Chicago twice overcame two-run deficits and reliever Cal Kneace shut out the Reds over the final four innings.

Bert Campaneris scampered from second base on an infield hit by Jim Gosger to provide Kansas City with its seventh winning run in the seventh inning.

Campaneris had reached first with a two-out single and then loser.

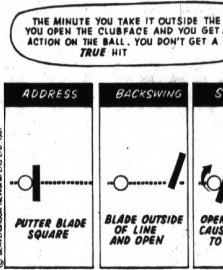

A ninth-inning single by pinch-hitter Jim King proved decisive for Washington, which snapped a string of seven straight losses to the Indians. Barry Moore, who had duled Sam McDowell over eight innings before being removed for a pinch-hitter, gained his third victory against one loss. Steve Bailey was the loser.

Campaneris had reached first with a two-out single and then loser.

Campaneris had reached first with a two-out single and then loser.

Campaneris had reached first with a two-out single and then loser.

City '9' Stays Near Top as Hurler Spins 3-Hitter

A three-hitter by Ralph Long carried Ron's 3-1 win over Bob's Bar last night in city softball action and kept the team one game back of American League-leading Town & Country.

While Ron's was struggling to victory, Town & Country gained a forfeit decision over Ideltime Bar.

Long gave up a triple in the fourth and a pair of singles in the sixth in taming Bob's Bar. Ron's pushed across a pair of runs in the first on an error, a triple by Al Hayward and a single by brother Bill Hayward. First baseman Bill Buck picked up three straight singles for the winners.

In a couple of National League games, Timberlans No. 1 (1-1) downed Hurry Bowl (0-2), 11-4, and Timberlans No. 2 (1-1) moved past L & S Standard (1-2), 5-1.

Tiberlans-1 managed only nine hits but put 16 men on base through walks, wild pitches and fielder choices. The winners scored five times in the third on five hits and added six more in the fourth on only two safeties.

Larry Fields and John Nelrick led the attack with two hits apiece. Keith Phillips picked up three hits for the losers.

Grid Team Ends Drills

MARQUETTE (AP)—Northern Michigan University's football Wildcats in the final week of spring drills are set for their ninth annual green and white intra-squad game Saturday night at Memorial Field.

Cranbrook '9' Posts 8-2 Win

Southpaw Ace Hurls Three-Hitter

Leth-and-er Steve Hanway gave up only three hits and fanned 13 in pitching Cranbrook to an 8-2 victory over Lake Orion last night in City Class A baseball action.

The losers moved in front on RBI singles by Will Williams in the first and Fred Ward in the second, but Cranbrook tied it with two in the last of the second and went ahead for good with two more in the third.

Tom Murray picked up a couple of singles and knocked in one run for the winners. After those singles in the first two frames, Hanway settled down and yielded only one more hit and he finished by striking out five of the last six batters.

'Boom Boom' Leaving Ice

NEW YORK (AP)—Bernie 'Boom Boom' Geoffrion has served notice to the National Hockey League's six expansion teams that he will retire as a player again if drafted during next month's meetings in Montreal.

The 36-year-old right winger of the New York Rangers told a news conference Thursday that he would remain in the Rangers' organization as an executive during the remaining two years of his three-year contract if selected by one of the new teams.

"I don't know whether the Rangers will protect me or not, but I won't go to any of the new clubs," said Geoffrion.

Registration Slated for Baseball Squad

Registration for the Pontiac Recreation Club's entries in the Optimist Club's boys baseball program will be 9 a.m. Saturday at Aaron-Perry Park, Rundell and Edison.

Organizer Howard Dell requires each boy 18-years and younger to bring his own glove and tennis shoes. Also, he asks that a parent accompany any boy who has not already signed up.

Dell is seeking adult volunteers (men or women) to coach teams, particularly in the morning leagues.

FREE gasoline with two special tire offers:

Offer #1

We'll give you our best deal
on 4 Atlas Plycron tires
and Standard will give you
30 free gallons of gasoline.

Offer #2

We'll give you our best deal
on 4 AMOCO 120 Super Tires
and Standard will give you 50
free gallons of gasoline.

Take your choice—either Atlas Plycron (the famous Round Tires) that roll up to 3000 miles farther than most new car tires—or Amoco® 120 Super Tires (torture-tested at 120 mph to give you greater safety wherever you drive). And you get all that Super Premium Gasoline. Free! Plus a king-size trade-in allowance on your old tires. You don't even need money. Up to a year to pay with your Standard Oil Credit Card. Or ask for Instant Credit. But don't wait. The offer expires May 31st. It's just one more way of proving that in tires as in everything else, "You expect more from Standard and you get it!"*

Detroit Unveils Soccer Cougars

State's New Pro Team Classy

DETROIT (AP) — Michigan's newest professional sports team, the Cougars, ran rings around budding Detroit soccer imports from Belfast, Ireland, at its first workout Thursday.

"We're just stretching our legs now," said player-coach John Colrain, who guided the Cougars to Northern Ireland, through the seven-week United Soccer Association season.

The first game will be Sunday at Boston. Vancouver will be the home opener for June 4. Back home in Northern Ireland the Cougars are known as the Glenora Cocks and Hens, and they've taken every trophy in sight there the past season.

And I wish we could iron out the bumps in the field. I can see one of the boys looking pretty silly when a ball bounces off a bump and right over his foot."

That was the only complaint Colrain had about Detroit.

"I'm real happy to be here," he said. "And so is the rest of the team."

"I love football (soccer), and I want to show the Americans that it's a great game."

Harry McNeely, the club's president, said each member of the team will be getting about \$80 a week.

"That's three times more than they make in Ireland," he said. Except the handsome husky, 6-foot Colrain, members of the team play for fun.

"Ruined my new

outboard... and what are you going to do about it?" the man wrote. Our laboratory experts discovered the outboard engine had been fueled by an inferior pre-mixed product—not with "GO-MIX".

WARNING! There is only one real GO-MIX—it is made by VALVOLINE. Beware of imitations... they can foul plugs, clog carburetor and combustion chamber, stall your engine, make it hard to start. Yes, inferior pre-mixed fuel can even ruin your engine.

GO-MIX is a refinery blend of high octane, unleaded Ashland gasoline and Valvoline Super Outboard Motor Oil (not ordinary oil). The gasoline and oil are homogenized, assuring a stable, uniform blend that will not settle out. Clean-burning GO-MIX keeps carburetors gum-free, minimizes spark plug fouling, exhaust port plugging. Motor starts faster, performs better. And there's no messy hand mixing.

Beware of imitations! For longer engine life and carefree boating, use GO-MIX, world's finest outboard fuel.

TEENING OFF

By FLETCHER SPEARS

If you have a yen to beat a professional swinger, the time is at hand.

And you get that full handicap, too, and the ladies get an additional seven handicap.

Whether you win or not from a scoring standpoint, the buck you pay to play will make you a winner since proceeds from this shot at the pros go to charity and educational projects.

DICK

Top Honors at Kettering for Miceli

The finest athlete in Kettering High School's young history was honored at a student assembly this morning.

Receiving the 'Most Valuable Senior Athlete' award was Dick Miceli, a three-year varsity performer who collected eight letters and who'll continue his career in sports this fall when he enrolls at Hillsdale College.

As a football, basketball and baseball star, Miceli made the All-Conference Team in the Tri-County League in all three sports in his junior and senior years.

On the football field last fall, Miceli, captain and quarterback of the team and also captain of teams in the other sports, passed for 1,400 yards in Kettering's 8-0-1 season and the performance earned him a spot on the All-County Class A grid team.

In two years under coach Jim Larkin on the gridiron, he flipped 13 touchdown passes and sported a 35-yard punting average. He booted a field goal last season that helped Kettering defeat Pontiac Northern.

TOSSED NO-HITTER
In baseball, he has one no-hitter to his credit, and this season, coach Tom Bryce has used him as a catcher when he's not on the mound.

For basketball coach Joe Duby, Miceli played a steady brand of ball at guard and forward, and was instrumental in helping the Captains to a 16-0 record last winter.

Eastern Michigan Gains 15-3 Win

UPLAND, Ind. (AP)—Eastern Michigan bashed 14 hits for 15 runs and mauled Lewis College of Lockport, Ill., 15-3 in the NAIA Area 6 baseball tournament Thursday.

In an earlier game, Taylor University of Upland defeated Ashland College of Ohio 13-7. EMU and Taylor play today in the championship game to determine which team goes to the NAIA national tournament June 5-10 at St. Joseph, Mo.

Veteran Heads Farmington '5'

Farmington's basketball fortunes will be in the hands of a successful South Haven coach this year.

John J. Lineman, head coach at South Haven High for the past four years, has accepted the basketball post at Farmington, athletic director John Cotton said today.

In four seasons at South Haven, Lineman-coached teams rolled up a won-lost record of 71-18 and reached the state Class B title game once.

The new coach is a graduate of Asbury College in Kentucky. He's expected to complete work on a master's degree at Western Michigan University in June. Lineman replaces former All-America Jack Quiggle who resigned to take a job in upper New York state.

U.S. Tennis Team Seeking Revenge

MEXICO CITY (UPI)—Cliff Richey of Dallas, loser of both his matches when the United States was upset by Brazil last year, will get a chance to redeem himself against Rafael Osuna of Mexico in the opening singles of the American Zone Davis Cup semi-finals on Saturday.

The doubles match will be planned Sunday and the conclusion of the Davis Cup tournament.

Softball Game Reset

Orchard Lanes and Idletime Bar will meet in a makeup softball game Sunday at 7 p.m. at Northside Park. The two American League squads were rained out last week.

Produced at Plate

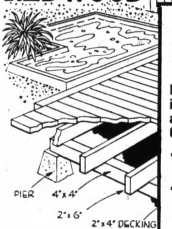

Manager Joe Adcock of the Cleveland Indians hit 10 grand slam home runs in the National League.

Hamm's premium beer is here...at popular prices

FOUR COLORS

© 1967 Theo. Hamm Brewing Co., plants in St. Paul, Minn., San Francisco, Los Angeles, Houston

From the land of sky blue waters®—comes the water best for brewing

From the land of sky blue waters comes Hamm's premium beer, bringing with it the frosty refreshment of the big north country where the air crackles with freshness and the water is unbelievably pure. Hamm's—brewed from these waters—never stops refreshing you. Glass after glass, round after round, gives

you flavor that's brisk, yet smooth as over a hundred years of brewing skill can make it. Small wonder some Michiganders have been bringing in Hamm's on their own. Now that it's here—and at popular prices—enjoy it.

Hamm's—Michigan's fastest growing beer.

200 MSU Students March on Capitol

LANSING (AP)—Some 200 Michigan State University students are rubbing their tired toes today and pondering the effects of their protest march on the State Capitol.

The students tromped the five miles from the MSU campus to have said they need at least the Capitol under a hot sun \$3 million to \$3.5 million more Thursday to protest a possible \$81 tuition hike as a result of levels next year.

Gov. George Romney's austerity

ly source for that extra money unless the Legislature raises the appropriation, they have said.

"NOT MUCH GOOD"

"I don't think we did much good by marching down here," said one coed. "I doubt that marches like this ever get results. But at least we'll get our opinion before the public."

Sen. Frank Beadle, R-St.

Clair, unimpressed with the demonstration, declined an invitation to speak to the students on the Capitol steps.

Beadle is chairman of the powerful Senate Appropriations Committee which controls the purse strings on state funds for Michigan State and all state institutions.

Wallace Talk Set

ESCANABA (AP)—George C. Wallace, former governor of Alabama, will address a banquet at the American Legion's Upper Peninsula convention June 17 at Escanaba, the Legion has announced.

The Brontons was one of the "giant beasts," or titanosaurs, of North America. It grew to be 6 feet high at the shoulders and 15 feet long. It lived about 40 million years ago.

AF Espionage Suspect Is Guilty

ALEXANDRIA, Va. (UPI)—A federal jury has found Air Force Staff Sgt. Herbert W. Boeckner guilty of passing U.S. defense secrets to the Soviet Union. He could be sentenced to death.

The jury deliberated about seven hours before convicting the 24-year-old, German-born, chairman on two counts yesterday.

U.S. District Judge Oren R. Lewis delayed sentencing until a presentence report is completed. A defense attorney said the case would be appealed.

On one count of conspiring to obtain secrets, Boeckner could receive up to 10 years in prison. The other, accusing him of passing secrets to the Soviets, carries a possible death penalty.

County OKs Land Purchase for Center Growth

The Oakland County Board of Supervisors yesterday authorized an expenditure of \$250,000 for purchase of 111 acres of land in Waterford Township for future expansion of the county service center.

Located northwest of Childe's Village, the six land parcels involved in the purchase extend west to Scott Lake Road, north to Alliance and are bounded on the east by the Grand Trunk Railroad right of way.

Purchase options on the land had been held for some time by the county. Options

on two of the parcels had expired but were renewed this week.

The property acquisition will boost the county service center size to 492 acres and should meet most expansion requirements in the foreseeable future, according to county officials.

Tied in with the action on the land purchase was approval of a resolution calling for an open space federal land grant application.

REDUCTION IN OUTLAY

Any matching federal funds allowed would reduce the county's outlay for the land.

Harry Horton and Willis M. Brewer, the two members of the ways and means committee who opposed the land deal in a committee session last Friday, both said yesterday

that they thought it was a shame that Waterford Township would lose some good tax base.

The largest of the six parcels was zoned industrial. It contains 46 acres and was priced at \$124,200.

Other parcels and their prices are nine acres, \$22,500; 21.66 acres, \$44,000; one acre, \$1,700; 10 acres, \$17,000; and 24.08 acres, \$40,600.

LOAN REPAYMENT EYED

David Levinson, chairman of

the supervisors' ways and means committee, said that the county will have sufficient funds for the land purchase when a loan advanced by the county for an Oakland University sewer project is repaid in a few months.

Supervisors voted 66 to 3 for the purchase. Joining Brewer and Horton in opposing the motion was Waterford Township Supervisor Elmer R. Johnson who said after the meeting that he also regretted losing tax

Parish Group Gets Challenge

Catholics Hear Rights Official

Several hundred Roman Catholics from throughout Pontiac and Oakland County were challenged last night to "carry the (civil rights) revolution to its conclusion."

The invitation was made to the group by Wilma H. Ray, Pontiac regional director for the state Civil Rights Commission (CRC), and sixth speaker to address the Catholic group

as part of "Project Commitment."

The meeting was held at the St. Michael parish hall, 100 Lewis.

"Time in itself is not an instrument for change," Miss Ray asserted. "The question facing us today is whether we will use time to our best advantage."

As part of the "tedious, time-consuming process of unlearning" accumulated bias toward Negroes, Miss Ray urged her audience to read a selected list of books, including "The Biography of Malcolm X." Black Muslim leader slain two years ago.

"I am speaking to a powerful and influential group," she concluded, "it is up to you to transcend an unconscionable tradition (of racial prejudice) and present to the community a demonstration of good faith."

Her final remarks were followed by a standing ovation.

The meeting was the next-to-last gathering scheduled for Project Commitment, a movement which originated in the Detroit archdiocese and is attracting national attention.

The Oakland County group is composed of selected individuals from 22 deaneries throughout the county.

2,000 Get Early Look at College

Program at OU Aids Students From Detroit

About 2,000 eighth and ninth grade students from more than two dozen Detroit inner city junior high schools are getting an introduction to college life at Oakland University.

The twofold aim of the program is to lift the youths' sights toward education or training beyond high school and to inform those from disadvantaged homes what financial aid is available to help meet the cost of higher education.

Called College Information-Incentive Day, the program is bringing six groups of about 300 students each for a full day on campus. The visits are spaced through June 6.

College Information-Incentive Day is the newest of four projects originated by Oakland University to encourage young people from the inner city or from impoverished homes in suburban localities to consider education beyond the high school level.

The others are Project Look Ahead, Upward Bound and Project 20.

Project Look Ahead is bringing 24 sixth grade pupils from two Detroit inner city schools to the campus for several visits.

Upward Bound, part of a nationwide program, is funded at OU to provide a summer session of encouragement and tutorial help for 75 10th and 11th graders from Pontiac, Ferndale, Hazel Park and Oak Park school districts.

Project 20 is seeking to recruit 20 Negro students from Pontiac, Ferndale, Oak Park and Detroit to enroll at Oakland as freshmen

Biologist Named

LANSING (AP) — Robert Strong, stationed at Sault Ste. Marie since 1959, has been named game biologist for the Southern Lower Peninsula with the State Conservation Department. He succeeds Nels Johnson Jr., who has been appointed regional game biologist for the Northern Lower Peninsula.

Rain, Snow, Gale Winds Sweep New-England

By the Associated Press
Heavy rain, snow and gale winds swept areas in New England today as a damaging late spring storm caused flooding from Cape Cod, Mass., to Portland, Maine.

Along coastal areas of Maine, Massachusetts, Rhode Island and New Hampshire, High tides, swept by the gusty winds, were 2 1/2 to 3 feet above normal from Cape Cod to Portland. Communities along the

coast reported streets flooded up to 3 feet. Some families were evacuated. There were power failures in many communities, including several sections of Boston.

The high winds toppled utility poles, uprooted trees and smashed windows.

CROP DAMAGE
The storms caused extensive damage to crops. Damage was estimated at \$1 million to poles and nets used to protect the Connecticut River valley tobacco crop. The weight of the snow collapsed the equipment, mostly in the northern valley areas.

Rain and snow also caused damage to other crops in New England. Rain hit wide areas from Atlantic City, N.J., to Burlington, Vt., and eastward to the Atlantic Coast.

OTHER WET SPOTS
There were wet spots in scattered sections of the nation, including parts of Indiana, Michigan and Ohio; from the southwest to eastern areas of

Colorado and Wyoming and western sections of Nebraska and Dakotas. More than one-half inch of rain fell at Cincinnati.

Skies were generally clear in most other parts of the nation. There was a display of the northern lights—aurora borealis—from Pennsylvania to Oregon.

Detroit Dies

DETROIT (AP)—Mrs. Mileva Bozen, 75, of Detroit, died Thursday of injuries suffered Mother's Day when a 12-year-old boy knocked her down and took her purse, containing \$5. She was the second woman to die this week of injuries suffered during a purse snatching incident.

Altricial birds are those which are hatched blind, naked and helpless.

and as far south as Kansas and Alabama. The Weather Bureau in Nashville, said the lights were the brightest in recent years in Middle Tennessee.

In contrast to the stormy cold weather in New England, temperatures were mild in the nation's midsection after record high marks Thursday in many cities for the second consecutive day.

Car Hits Truck; 6 Die

HIGH HILL, Mo. (UPI)—An automobile ran under a heavily loaded tractor-trailer truck on Interstate 70 east of here yesterday, taking the lives of six persons — two sisters and their four children.

Police said the car slammed into the rear of the trailer with such impact it knocked off the rear tandem wheel assembly and brought the vehicle screeching to a halt.

Authorities said the victims all killed instantly, were Mrs. Loretta Ellis, 31, believed to have been the driver, her two

children, Cheryl Ann, 8 and Marian Denise, 4, and Mrs. Ruth Anita Hunt, 21, and her children, Connie Sue, 2, and Johnny Wade, 1. All were residents of New Florence, Mo.

The accident occurred while the sisters apparently were headed toward Wentzville, 25 miles east of the accident scene, to visit relatives.

Police said they had no idea what caused the car to ram the huge truck.

The truck driver, Wesley Farland, 31, Kansas City, Mo., was uninjured.

Get Your MICHIGAN BANK Qwik-Loan this weekend It Takes Only 5 Minutes and 5 Cents

Five minutes to fill out the application below. Five cents for a postage stamp. We'll have your *Qwik-Loan* application first thing Monday. Then, as soon as your loan's approved, we'll phone you.

You'll get fast service, low bank rates and you can take as long as 60 months to repay us.

If you've got your heart set on any worthwhile purpose just write. Right.

Please use ballpoint pen and mail completed application to: Michigan Bank, N.A. *Qwik-Loan* Department, 2510 S. Telegraph, Bloomfield Hills, Michigan, 48013

Lawn and Garden News

VERSATILE ARRANGEMENT — Portraying Thomas Jefferson's words, "The God who gave us life, gave us liberty," in an arrangement, Mrs. William S. Dehm of 16045 Dunblaine, Birmingham; chose rich green yew branches, red geraniums and a wooden palette base. Mrs. Dehm, a member of the Beverly Hills Branch of the Woman's National Farm and Garden Association, earned an honorable mention ribbon. She served as invitational chairman for the flower show.

GARDEN ACCENT — Earning the Federation of Garden Clubs of Michigan lavender ribbon of appreciation was Mrs. Frederick Stefansky of 906 Dowling, Bloomfield Township, for her garden setting creation. Rubrum

lilies and weathered wood in a massive ceramic container introduced an Oriental flair to the show. The event was sponsored by the Michigan Association of Amateur Accredited Judges.

Spotlight Turns to Flowers

By JODY HEADLEE

Pontiac Press Garden Editor

Never underestimate the power of women. With ingenuity and enthusiasm, members of the Federated Garden Clubs of Michigan recently transformed the Henry Ford Museum's Street of Shops at Greenfield Village into a bower of floriferous beauty.

Under the sponsorship of the Michigan Association of Amateur Accredited Judges, the show was held in conjunction with the Michigan Federation's 38th annual meeting and the sixth annual Clara B. Ford Forum.

The show entitled, "America, the Beautiful" stressed America's heritage in the

past, present and future including classes depicting the four freedoms, interpretive and creative design and horticultural rarities.

Climaxing the Garden Forum's informal reception and forum banquet honoring Federation members and guests was an illustrated lecture by Dr. Richard H. Pough, president of the Natural Area Council, New York City.

★ ★ ★

Pough speaking on "Keeping America a Pleasant Place in Which to Live," pointed out that while God made the earth originally, He will make no more large tracts available to the populace and it is up to the people to change their

careless attitude toward the existing land if they are to preserve its beauty and usefulness.

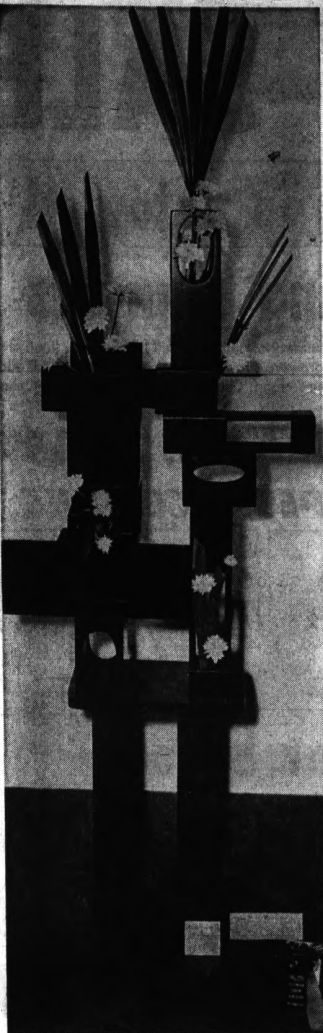

DIFFICULT TASK

"Though," he added, "it probably would be easier to get them to change their type of government.

"The best development of land," continued Pough, "is sensitive to the landscape as nature created it."

Cities are now suffering the woes of not setting aside enough space for playgrounds and stretches of green.

"One quarter of the land of any city," warned Pough, "should be left open and (Continued on Page C-5, Col. 1)

Pontiac Press Photos by Roll Winter

HABITAT — Mrs. H. F. Brown of 22932 Mayfield, Farmington Township, adapted the visionary housing development of Expo '67 as her arrangement. Materials included cut-out black blocks, clipped palm leaves and white chrysanthemums. The novel entry earned Mrs. Brown a blue ribbon first award and the coveted tri-color award. Mrs. Brown is a member of the Farmington Garden Club.

FREEDOM FROM WANT — The golden wheat, grape clusters and preserved leaves on a fabric-covered pedestal might well have symbolized the harvest of the first Thanksgiving. Bittersweet candles in gold candlesticks and a harvest still life complemented

the grouping's material. A member of the Lone Pine Garden Club, Mrs. Magnuson of 4958 Whispering Pine, Bloomfield Township, earned a red second place award for her entry.

TO ARMS — The British are coming! Two lanterns meant they would arrive by sea and one by land. A blue ribbon first was awarded Mrs. Kenneth Trombley of Farmington's Hill and Dale Garden Club. Mrs. Trombley of 32394 Lee Lane, Farmington, interpreted the crucial moment in American history with blood red tulips, shaggy barked hickory and a black wrought iron lantern.

FREEDOM OF WORSHIP — Earning Mrs. Donald Sorel of 22049 Treadwell, Farmington Township, a yellow third award ribbon was the vertical arrangement depicting religious freedom. In a tall container, Mrs. Sorel used yellow and pumpkin chrysanthemums and tropical leaves. Accessories included a Jewish Prayer Book and the traditional Sabbath candlesticks and candles. She is a member of Farmington's Forest Park Garden Club.

Rule of Thumb for Centerpiece

Have trouble deciding how high a floral centerpiece for a dining table should be?

Place your elbow on the table before the arrangement and clench your fist.

The flowers should be no higher than your fist, to permit comfortable cross-table conversation.

For buffets, however, the centerpiece may be as high as desired.

A Challenge to Grower's Creativity
Dish Gardens Gain in Favor

Gardens are growing indoors this spring. Miniature landscapes in the form of easy-care dish garden arrangements can make your home bloom now and all the year 'round with a fresh garden look.

Dish garden designs can challenge your creative imaginations, and experts have some tips to help you make the most of your indoor spring garden.

For one, well chosen props can turn a dish garden into a real conversation piece.

An expert flower arranger can create a dish garden around almost any prop, a figurine, a bird's nest, sea shells, even a sewing basket, a pipe rack or humidor, functional or otherwise.

Part of the fun of having one or more dish gardens at home is switching the fresh flowers to change moods for every new festive occasion.

ATTRACTIVE

A well designed dish garden, of course, should dress up a room with rich growing greenery even without flowers.

Any florist can supply the basic evergreen setting, and he'll know what ferns and greens will mix well with the various fresh flowers that will be available over the course of the year.

Your florist can also supply you with the tiny water filled tubes he uses to keep flowers fresh when they're "planted" in dish gardens.

Use them with fresh flowers of your choice. Cut the stems of the flowers at a slanting angle and remove all foliage below the water line.

In door dish gardens are easy to care for and handy, but it is well to keep one in a light area but away from direct sunlight, heat and drafts.

Picking containers for dish gardens is another part of the creative challenge they offer.

Besides unusual containers add to the decorative interest. Search your home and imagination for new ideas.

You would also be surprised at what you'll find at auctions and in antique shops. It's a simple matter to ask your florist to design a personalized garden arrangement in your own container.

Time to Sow Fall Bouquets

Dried bouquets are grown in summer in the garden by planting seeds of annual flowers, which are pretty when dried as they are while fresh.

Strawflowers are the kind most commonly grown. They bloom in bright colors: yellow, orange and red.

To contrast with them, why not grow bells of Ireland? This plant produces long spikes with green bracts around tiny yellow flowers. Or baby's breath with its delicate, small white blossoms?

Or, try another color scheme and plant seeds of annual statice that have pastel flowers: pale yellow, pink or lavender. Stems of the blue salvia, named Blue Bedder or Patens, blending beautifully with all the flowers in the garden.

They also may be dried to blend with paler or brighter blooms in winter bouquets.

An oddity is Honesty (also called money plant, Pope's Penny or silver leaf), grown for its flat, disc-like, silvery membranes. This, too, is effective with either pastel or brightly colored dried flowers.

Lower growing, thriving in hot dry locations is globe amaranth with attractive, clover-like white, pink, flesh-red or purple strappy flower heads.

There are also globe amaranth flowers striped in the colors mentioned.

Double and semi-double daisy-like flowers for your bouquet will be found in acroclium. Blossom colors are white, chamomile, flesh and rose.

Flower Show at Henry Ford Museum

(Continued From Page C-1)
green. We have a marvelous heritage and it's up to us to preserve it.

"We must protect our areas of mountain land for recreation and as a water source. It takes 100,000,000 gallons of water to raise a river one foot.

"Our redwoods must be saved to protect the watershed. It won't be long before all virgin redwoods will be gone except those in preserves.

"There's no pressing need to destroy these redwoods," Pough added with concern. "There's plenty of pulpwood

available on our lumber plantations. * * *

"And," he admonished, "we must stop using chlorinated hydrocarbons and the senseless killing of our wildlife."

"The toxic material of these chemicals, according to Pough, is stored in the animal

or fowl's fat and causes no apparent harm until the organism is forced to draw on that fat—in times of scant food supply, migratory transit or illness.

It is under these periods of stress that the deadly hydrocarbons begin their insidious march on the nervous system resulting in the ultimate death of the organism.

"There are safe chemicals," he said, "and we must use them."

Cosmos Give Lots for Little

Cosmos thrive on neglect. Select the type and color you prefer, plant the seeds and forget them. They'll grow and produce hundreds of bright flowers for your garden with an absolute minimum of care.

There are two entirely different types of cosmos. The first grows from 4 to 6 feet high and has flowers in white or shades of pink, rose or scarlet.

The second is earlier blooming, much lower (3 feet high) and has flowers of yellow or orange.

The first type described above is called Early Sensation and seeds may be bought of mixed colors or of separate ones.

* * *

Pinkie and Crimson Scarlet obviously have blossoms of the colors described by their names.

A two toned or bi-color cosmos is called Radiance. This is soft rose color with a deep maroon center which becomes a maroon flush as it spreads outward on the petals.

There also is a crested or anemone-flowered form of cosmos which has a single row of petals around a many-petaled or crested center—an interesting departure from the usual form.

Save Seeds for Friends

Save all sorts of seeds from your loveliest flowers of cosmos. Package them in plain white envelopes and write the names and growing directions on the front of each envelope.

* * *

A few packages made an extra little gift to include with a present next Christmas for your friends with "green thumbs."

Plan Your Garden for Summer Color

Your garden can be just as gay in late summer as it was earlier in the season. Simply plant the flowers that bloom late.

For instance, the little dahlias so easily grown from seeds started indoors, will begin to flower in August and continue until frost cuts them down.

Cosmos, especially the Sensation types, start blooming in late summer. A particularly colorful late season flower is the aster, available in luscious shades. Calendulas, too, can be depended on for late summer blossoms. Of course there also will be continued bloom from annual flowers that started to open buds earlier.

Turfgrass Choice Depends on You

Whether you plant Kentucky bluegrass-fine fescue, or the lower-growing Highland bentgrass, depends more upon the care to be given and your preference than upon inherent characteristics of the grasses.

* * *

The Lawn Institute suggests bentgrass or the Merion variety of Kentucky bluegrass for the more lavishly tended lawns and bluegrasses and the fine fescues for lawns that can receive only moderate attention.

Peconic Potatoes Disease-Resistant

Potato growers will have available next year a new, disease-resistant potato seed developed at the Cornell-Uhlein Foundation farm high in New York's Adirondack Mountains.

The spud, named Peconic, reportedly is highly resistant to the destructive golden nematode.

The farm produces disease-free seed and distributes it to seed growers who provide seed for commercial growers.

Twenty years of research have gone into Peconic.

With Bushels of Blooms

Brighten Your Garden

"Multiflora" means "many flowers," and it is the masses of blooms continuously produced during summer that are the distinguishing characteristic of Multiflora petunias. Three new hybrids in this class will be ready for you to plant in your 1967 garden: Sugar Blues, Purple Plum and Rose Star are their names.

Sugar Blues and Purple Plum are both new colors in the same petunia group to which the well-known variety, Sugar Plum belongs. If you've ever grown Sugar Plum, you know how well compact is its form, how weatherproof its blooms, and how wonderfully it succeeds anywhere, anytime. Sugar Blues and Purple Plum possess the same important features.

Sugar Blues is a lavender-blue version of Sugar Plum. Bloom centers are deep lavender-blue, and the coloring becomes lighter as it reaches the edges of the petals. Deep blue-violet, pencil-fine veining leads a two-tone effect and great distinction to this petunia.

Plants grow 12 to 15 inches high, and therefore, for best display, should be spaced 15 to 18 inches apart.

Purple Plum, again a new color in multiflora petunias, is a rich, warm, reddish-plum shade which would be perfect in an arrangement for a Victorian living room. It reminds one of the plush upholstery of that day so soft and deep is its hue.

Rose Star is a dark, rose-red and white bicolor of the multiflora type. Clean cut, sharply defined, alternating zones of the two colors make this an outstanding petunia. It is particularly recommended for mass display, both in public places and private gardens.

It flowers profusely on plants that are sturdy and vigorous. The same height, 12 to 15 inches, and the same spacing, 15 to 18 inches, as given for the other Multifloras described above, apply to Rose Star.

Different Types for Different Areas

How to Buy Your Grass Seed

The coming of spring to many folks means lawn care time.

How do you choose the proper grass seed? First, advises the U. S. Department of Agriculture, ask yourself a few questions about the kind of lawn wanted and your locale. Then—read the labels.

One of the first questions to consider is, what will the lawn be used for. It takes a different type of grass to make a carpet-like lawn than to cover an area where children frequently play.

Climate plays an important role in selecting lawn seed, too. Some grasses do better in northern states, while others are more suitable for warm regions.

How much shade or sunlight that falls on the area is important to remember, too.

START SHOPPING
Armed with this information, you are ready to look over the assortment of seed offered in your area . . . and to begin reading for the facts you want.

The label on a box or bag of grass seed will tell:

• What kinds of fine and coarse grasses are included in the blend and the percentage, by weight, of each.

• Percentage of weed seeds and inert matter—such as dirt, chaff and stones.

• Percentage of seeds of each variety likely to germinate.

• Date on which seeds were tested for germination. (Germination is considered reliable up to six months after testing.)

Such information is required under many states' laws and by the Federal Seed Act, a truth-in-labeling law, administered by USDA's Consumer and Marketing Service. The federal law applies to seed sold in interstate commerce.

Returning now, to the question of what kind of lawn is wanted. A back lot which children use as a multi-purpose playground is probably best seeded with a fast-growing, coarse grass. This seed usually is cheaper per pound than fine grass seed.

Fine grasses are slow to grow, and more costly per pound, but they are the key to carpet-like lawns.

In northern states, Kentucky bluegrass, rough bluegrass (often called Poa trivialis),

red fescue and bentgrass are suitable for lawns. These all are fine-textured grasses with narrow, soft leaves.

Grasses that tolerate shady areas include red fescue and

rough bluegrass. Bentgrasses and Kentucky bluegrasses require more sun.

Red and chewings fescue and rough bluegrasses (not really rough, but similar to Kentucky bluegrass) often are mixed with Kentucky bluegrass for shady areas of a lawn.

PERENNIAL

Most seeds used for lawns are perennial, surviving from year to year. A major exception is annual ryegrass which dies out after one season.

A blend of coarse and fine grasses is often recommended for a new lawn. The coarse grass, growing faster, will thus provide cover until the finer grass matures. Stick to the preferred type once your lawn is established, but in need of thickening.

Experts frequently recommend a blend of various suitable grasses to guard against some disease attacking a lone variety and ruining a lawn.

Because the proper blend of grasses varies according to an area, and even according to soil within an area, it is best to consult your county agricultural extension agent or advisor. They will know about town and suburban areas as well as farmland.

Sweet Rocket Thrives on Neglect

Is there a wild corner in your garden where you'd like to plant an easily-cared-for perennial? If so, scatter the seeds of sweet rocket, also called dame's violet, where you want the plants to grow.

No need to prepare the soil or even to cover the seeds.

The results of this casual seed sowing will be 3-foot-high stems bearing clusters of deliciously scented violet or white, phlox-like flowers in June.

Spacing is an important factor in growing sturdy, floriferous annual flowers, says the National Garden Bureau.

Sufficient room should be allowed when seedlings are thinned so each plant can spread its widest. Directions for spacing are on the seed packet.

FLORIFIC ASSET—Beautiful deep orange Polynesian Sunset Roses, bordered with white pansies, add soft tones to the harsh lines of this jutting window. A designed landscape greatly improves the appearance and value of a home.

Begonias Are Easy to Grow

Begonias are rated among the best of house plants because they are easy to grow.

They do not like soil that is constantly moist. Let the topsoil become almost dry, then water the pot thoroughly.

Campaign-Financing Law Unlikely

LBJ Asks Election Reforms

WASHINGTON (AP) — Congress plans to explore promptly President Johnson's new proposals for public financing of election campaigns, but chances of enactment this session appear slight.

Johnson strongly endorsed government subsidies for major items of expense in presidential election campaigns in a broad re-election message sent to Capitol Hill yesterday.

And he suggested the principle might well be extended to congressional campaigns, commenting: "I believe that our ultimate goal should be to finance the total expense for this vital function of our democracy with public funds, and to prohibit the use or acceptance of money from private sources."

Chairman Russell B. Long, D-La., of the Senate Finance Committee found much to commend in the message and said he would open public hearings on the subject of campaign financing next Wednesday.

Even as the President's message was submitted, Congress was taking final steps to render inoperative the key provisions

of the presidential campaign financing plan now on the books.

RIDER ATTACHED. A rider which would suspend these provisions until further action by Congress was attached to a compromise tax incentives restoration bill on which the House completed action Thursday. The Senate is expected to send it to Johnson next Wednesday.

Long, author of the 1966 campaign financing law, fought unsuccessfully through seven weeks of Senate debate on the tax bill to knock off the rider and keep the financing law alive.

Some Democratic supporters of the plan complained privately that if Johnson had sent up his message two months ago, before the debate began, the plan might have been saved in a revised form.

Sen. John J. Williams, R-Del., a senior Republican on the Finance Committee, told a reporter he remained opposed to any substantial financing of election campaigns from the U.S. Treasury. He said he was sure a great majority of GOP legislators held the same view.

But Williams said he might be willing to support use of carefully circumscribed government funds to pay for a limited number of national telecasts in a presidential campaign.

The Finance Committee also will have before it a different proposal introduced earlier this week by Sen. Albert Gore, D-Tenn., which would put a \$14-million ceiling per party on spending by Democrats and Republicans in the 1968 White House campaign.

They would be given a choice of taking this in a government payment or raising it from private contributions. A similar choice would be offered candidates for the Senate and House.

Several committee members said in view of the wide diversity of proposals and the sharply differing positions voiced in the protracted Senate debate, they saw only a small chance of final congressional agreement on the subject.

Government figures show that Italian farm population declined five million between 1961 and 1966, due to a migration to the cities and a falling birth rate.

MARKETS

Trading Is Moderate

Mart Moves Irregularly Lower

NEW YORK (AP)—The stock market moved irregularly lower early this afternoon in moderate trading.

Volume for the year on the New York Stock Exchange reached the billion-share level as turnover broke for another annual record. Last year's billion mark was not reached until June 23.

After a mixed start, softness

in blue chips dampened the averages. An early superiority of gainers over losers vanished and the edge in that ratio slipped over to the minus side.

Meantime, the Middle East situation remained dangerous. Construction awards sagged in April.

The Associated Press average of 60 stocks at noon was up .1 at 323.3 with industrials off .1, rails up .7 and utilities off .5.

The Dow Jones industrial average at noon was off 1.67 at 869.04.

disappointing sign of technical weakness.

Senate Kills License Bill

Vague, Imperfect—Saginaw Republican

LANSING (AP)—A measure that would have forced a driver to surrender his license if arrested for a traffic violation was killed Thursday in the Senate.

Sen. Robert Richardson, R-Saginaw, committee chairman, said the committee was "fully aware of the grave problems presented by the great number of unlicensed drivers."

But he said the legislation was vague and imperfect on procedure and had not been given proper consideration.

Under the proposed new law, a driver stopped for a traffic violation would have been required to surrender his license to the police officer.

The motorist then would be given a temporary permit expiring on the court date set down by the officer. If the motorist ignored the ticket and did not appear in court, the temporary permit would automatically expire and the motorist would be driving without a license.

The measure breezed through the House on a 96-5 favorable vote.

Hearing of "an ominous prognosis" from the Senate Judiciary Committee, Secretary of State James Hare wrote Gov. George Romney asking for his support in getting the bill out of committee for debate and passage.

The governor was in New York City for a speaking engagement when the bill was introduced in the Senate.

ILLINOIS MODEL

The measure, backed by Hare as chairman of the state safety commission, was modeled after an Illinois law.

Hare said it was needed to control an increasing number of motorists ignoring traffic violation notices.

Hare had termed it one of the most important pieces of legislation to be considered by the Michigan Legislature in many years.

Richardson said one flaw in the bill is that the police officer cannot set a court date—that is up to the judge.

Meanwhile, he said, State Police were working on the use of computerized data machines to furnish information on drivers to officers on the road.

News in Brief

Joe Wood, 37, of Detroit told Pontiac police a suitcase, clothing and an electric guitar were stolen from his car, parked at a service station on Orchard Lake, yesterday. Police said the car had been stolen in Taylor Township and found in Pontiac.

An undetermined amount of change was taken from a cigarette machine during a break-in early today at Gilmore's Elizabeth Lake and Dover Service, 3925 Elizabeth Lake, Waterford Township, according to township police.

Ernest Smith of 3356 Indian view, Waterford Township, reported to township police yesterday the larceny of a boat valued at \$100 from a dock in the rear of his property.

To Remedy Alleged Discrimination

Banks Recruiting Jews

By JOHN CUNIFF
AP Business Analyst

NEW YORK—Less than one year after reporting that 45 of the nation's 50 largest commercial banks had no Jewish senior officers, the American Jewish Committee claims that banks now are making remedial measures.

At its annual meeting here, the AJC reported the American Bankers Association already has taken several steps against the "pattern of exclusion."

The causes, the AJC maintains, range from open discrimination to more subtle—often unintentional—stereotyped thinking.

"Thus, the absence of Jews from bank management was most frequently attributed to a supposed lack of interest in jobs of this kind, which in turn was thought to stem from such qualities as 'Jewish aggressiveness.'"

BANKERS' REASONS

These were some of the reasons given by bankers, as quoted by the AJC:

• "Second, it wasn't good business to have so few Jewish officers."

• "It occurred to many of us that banking was undergoing changes that made it extremely wise policy that we should have the benefit of all of the talented people available to no matter their ethnic origin."

• "New developments in banking have made merchandising or marketing necessary. To the extent that it is true that Jews have a developed affinity for merchandising, they are needed in banking today."

ANTIDISCRIMINATION LAWS

Still another factor entered the picture last Nov. 30. On that date nearly 95 per cent of the nation's commercial banks were deemed government contractors, subject to antidiscrimination laws because they handle federal funds.

Whatever the reasons—legal, business, charitable, moral—discrimination in the banking industry may be lessening. As Dr. Walker says, "There is no room for discrimination in banking or any other industry."

Business Notes

Richard L. Minewasser has been elected second vice president of the Life Insurance Leaders of Michigan.

discrimination to be included at the ABA annual convention in September.

WORKING ON PROBLEM

The ABA verifies that it is working on the problem, but it doesn't concede that conscious discrimination created it.

As to the cause, Dr. Charles Walker, executive vice president of ABA says, "I frankly don't know. Some people would argue that there was conscious discrimination. But what we do know in no way indicates the cause."

The causes, the AJC maintains, range from open discrimination to more subtle—often unintentional—stereotyped thinking.

"Thus, the absence of Jews from bank management was most frequently attributed to a supposed lack of interest in jobs of this kind, which in turn was thought to stem from such qualities as 'Jewish aggressiveness.'"

BANKERS' REASONS

These were some of the reasons given by bankers, as quoted by the AJC:

wheling and dealing and impatient with the slow advancement of the typical banking career.

• The slow progress of banking does not appeal to people who are aggressive.

• Banking does not appeal to Jews because they are too anxious to get ahead and make substantial money.

The real reasons, the AJC maintains, are bias, false assumptions about the ability of Jews to become part of a team, misconceptions about career goals of Jews—they are supposedly too money-oriented and impatient.

In addition, the AJC maintains, young Jewish college graduates are discouraged from finding banking jobs because of the obvious absence of success by previous candidates and employees. And the bank's recruiter, convinced that the bank's antiasia edicts are simply for show, sometimes believes Jews are unwelcome.

UNBALANCED RATIO

In Philadelphia, where Jews represent about 10 per cent of the population, the AJC found Jews made up only one-half of all senior officials in six major commercial banks.

But it also found that John R. Bunting Jr., executive vice president of The First Pennsylvania Banking and Trust Co., helped initiate a program at his bank designed to convince the Jewish recruit that he had a good chance to succeed.

Bunting gave these reasons for acting:

• "First, it was the right thing to do."

• "Second, it wasn't good business to have so few Jewish officers."

• "It occurred to many of us that banking was undergoing changes that made it extremely wise policy that we should have the benefit of all of the talented people available to no matter their ethnic origin."

• "New developments in banking have made merchandising or marketing necessary. To the extent that it is true that Jews have a developed affinity for merchandising, they are needed in banking today."

TV Sets—Missile Screen?

By DICK WEST
United Press International
WASHINGTON — Let's say, just for fun, that the Chinese or Russians launch a missile at tack against us.
The air raid warnings sound and we all rush out into our front yards with our portable color television sets. We put the sets face up on the ground and turn them on.
Don't bother about the schedule. It might be time for Art Linkletter's "House Party," but "Peyton Place"

or "Gilligan's Island" will work just as well.
What we are doing, you see, is erecting a ballistic missile defense system, so the program doesn't really matter.
If everything goes as I envision, the incoming missiles will be destroyed before they reach the earth.
NOT GUARANTEED
Unfortunately, however, can't guarantee the system will work.
But these are perilous

times and it behooves us all to put forth brilliant ideas, even if they don't pan out.
I got this idea from a couple of press releases issued this week by Rep. Paul G. Rogers, D-Fla., and Rep. Craig Hosmer, R-Calif.

In one, Rogers expresses concern that certain color television sets under certain conditions may be leaking more radiation than is good for the viewers out front. Or rather underneath.

'PROBE NEEDED'
"I do not wish to start a national scare," Rogers said. "But now I think there are compelling reasons to hold public hearings and initiate proper steps to find out exactly the extent of the potential menace."

He quoted the U.S. Public Health Service as saying that "the radiation was aimed downward at the floor and not at the viewer directly."

But he said the service did not know whether "the radiation stopped at the floor or traveled through it and affected anyone who happened to be below the television."

As one who happens to spend a lot of time beneath a TV set, I read Rogers' statement with interest, if not alarm.

USE OF X RAYS

In the other release, Hosmer, a member of the Joint Congressional Atomic Energy Commission, voluntarily "confirmed a national news magazine's speculation that X rays might be used" for missile defense.

I gather Hosmer was not necessarily thinking in terms of using television sets as the source of the radiation. But then he may not have seen Rogers' release.

At any rate, it seems to me the possibilities of using television as a defense against missiles should at least be investigated.

And if that doesn't work, then maybe we should give some thought to using missiles as a defense against television.

Co-Op Group Fetes Bosses

MARK EICHER

Over 100 Walled Lake co-operative education students tipped their hats to area employers at the fourth annual Co-op Employer-Employee Banquet last night.

The smorgasbord banquet was given to thank employers of co-op students and to give the employers a chance to see the facilities Walled Lake uses in its co-op program.

Special remarks were given by Earl Halvas, business education consultant with the State Vocational Department in Lansing, and Max Burt, director of instruction at Walled Lake.

At the conclusion of the remarks, Jim Giglio presented to the school the trophy he won for his study in marketing at the Distributive Education Conference in Lansing in March.

Six employers performed a skit entitled "The Hekawis Are Coming, The Hekawis Are Coming," a parody of the television show "F Troop."

The co-op students also performed a skit entitled "The Wizard of Op."

Additional remarks were given by Mike Olvin, distributive education president; Jack Dean, trade and industrial president; and Lowell Montgomery, Nurses Aides' president, before certificates were given to the co-op students.

Special citations were given to the four employers who have hired co-op students for at least three consecutive years: Sherwood Pattern Company, on Marston Road in Walled Lake; James Dunne, consultant and arbitrator in Westacres; Clark Vis Pharmacy, Inc., in Union Lake; and Montgomery Ward and Co., at the Pontiac Mall.

CLASS — Wylie E. Groves High School seniors lineup in the style of the class of '67 in preparation for their mock fashion show, part of the "This Is Your Life" senior assembly planned for June 9.

They are (from left) narrator Betsy Bates and models Jeannie Daniels, Carol Avery, Paula Weiermiller and Virginia Suydan.

Avondale High Seniors Tour Montreal's Expo 67

By HELEN LOWERY

Avondale High seniors left on their journey to Expo '67 Montreal yesterday at 5:30 p.m. They were all anxious to visit the fair grounds and tour surrounding cities.

Transportation to, from and while there is furnished by bus.

There are four days of fun and education in store for the travelers.

Earlier this week, Jesse Gerulli, co-op instructor, prepared a spaghetti dinner for all students who have worked as office secretaries throughout the past year.

Monday students received their Yet-O-Jac yearbooks. Navy blue in color, they have silver emblems on the covers.

Today, John Thompson, journalism instructor, and Helen Lowery toured the Oakland Community College campus.

Wednesday Avondale will hold its annual All-Sports Banquet in honor of outstanding sports participants. It will be a smorgasbord feast.

Next Friday the awards assembly is to be held in the school gym.

Ending all social events for '67 will be the Junior-Senior Banquet, June 3.

Baccalaureate services mark the last step before graduation on June 8.

In regard to the article concerning Avondale High School's American Field Service students, a correction must be made. It was stated that the Field Service sponsored the foreign trips, but the trips are planned by Youth For Understanding.

Groves Seniors Plan Assembly

By BENITA ROSEN

"Class of '67 — This Is Your Life" is the title of one of the acts to be performed at the Wylie E. Groves Senior Assembly on June 9.

The assembly is for the presentation of awards and honors to outstanding seniors.

It also gives various seniors the chance to say "good-by" to Groves through the presentation of skits and talent displays.

"This Is Your Life" will be a review of the entire history of the Class of '67.

Other acts in the show will be a drummer, several singing groups and a band.

Dancing, baton twirling and parallel bar stunts will also be featured.

FACULTY ADVISERS
Aiding the students in rehearsals and in organizing the show are five Groves teachers.

They are Margaret Glommen, home economics; Georgiana Jordan, speech; Susan LaBatt, drama; Thomas Otto, business education and Evelyn Micheletti, choir.

Under the leadership of their student directors, six groups of Drama II students have been working on short dramatic productions since late in April.

The scenes from famous plays will be presented to Groves English classes next week.

BROADWAY EXERPTS
Among the plays to be presented then will be cutting from the Broadway production "The Miracle Worker," "Mary of Scotland" and "The Zoo Story."

A two-act comedy farce, "A Case for Two Detectives," and a one-act tragedy, "Riders to the Sea," will also be performed.

An exchange student from Japan will read some Japanese poetry.

A special act by the National Thespians group at Groves of some selections from "Thurber Carnival" is also planned.

Emmanuel

By MARCIA PERKINS

The "Conqueror," Emmanuel Christian School's yearbook, was presented to the students this week.

This year's theme, "Building Christian Character," was effectively carried out on the burly cover and throughout the book.

This was the first year for Emmanuel to have its own yearbook, separate from Midwestern Baptist College's "Flame."

Six Students at PNH Will Go Abroad

By DEBBIE KILLEN

During the week of June 15, six Pontiac Northern students will be going abroad as foreign exchange students, each to a different country.

They will spend eight weeks with a family, learning their ways and customs.

All are traveling through the summer Youth for Understanding Program.

Each student will be expected to describe their trip and experiences to the student body on his return.

These students will also show foreigners what teen-agers of America are really like, and tell them about life in America.

DESTINATIONS

Juanita Holmes will travel to Sweden, Jeanne Rayner, Germany; Nancy Sumpter, Finland; Aloma Julian, Brazil; Barbara Wightman, Japan; and Carol Taylor, Holland.

All six were required to submit adult recommendations to International Club sponsor Raymond Hall. These were in turn sent to Ann Arbor to be approved and accepted. The students must have had at least one foreign language.

Student Council officers for next year have been elected.

Leigh Dushane will be president of Northern's student council for the 1967-68 year; Kim Calahan, vice president; Terri Kay, secretary; and Mike Giroux, treasurer.

OTHERS ON BALLOT

All other students who were on the ballot — Greg Adsit, Mike Clancy, Teresa Dean, Terri Lambertson and Jeanne Rayner — will form the advisory board for these newly elected officers.

The Northern Music Department under the direction of Judith Davis and John Tausley is presenting the annual Spring Concert at 7:30 tonight.

The music group which will perform are the A Capella Choir, the Madrigal Singers, the Girls' Hushies, Girls' Choir, Girls' Ensemble, the Male Chorus, the Beauty Shop Quartet, the Girls' Glee Club and the Norsemen.

From Waterford High Seniors Visit Expo

By MARY JERGOVICH

Waterford Township High School seniors left for Montreal to visit Expo 67 for their senior educational trip yesterday.

The students are traveling by bus and will be guided by the Seniorama Tours company. They will return home Monday.

Tuesday afternoon in a traditional ceremony, new National Honor Society members received their pins.

Parents and faculty members were on hand to see 21 juniors and 25 seniors receive their pins.

Pins were presented by old members of the society.

SENIOR MEMBERS

Senior members include Robert Absher, Jana Ballard, Brent

Barnes, Diane Bowen, Cheryl Brenda Byrd, Carolyn Cook, William Craig, Stephen Day, Joann Field, Paul Hatfield and William Hill.

Judith Jostock, Judy Keller, Judy Kems, Steven Kidwell, James Kressbach, Mary Krug, Enid Martin, Donna Marsh and Marilee Mason were also elected.

Ronald McAllister, Judith McCully, John Mercer, Kathleen Messier, Cheryl Miller, Carole Phelps, Connie Phillips, Gretchen Platz, Mary Poole, Thomas Quarles and Douglas Raber were included.

Ending the list of seniors are David Rieth, Mary Ann Rochelleau, Nancy Ruelle, Janice Sharrard, Robert Slating, Mark and

Tabala, Judith Thomason, Anna Voydanoff, Betty Wheeler, Peter Worden and Linda Yonke.

JUNIOR MEMBERS

Juniors, who are all probationary members are Pamela Best, Brenda Clemans, Nancy DeHousha, Louis Dohner, Gary Edwards, Christine French, David Galloway, Margaret Jacobs and Susan Nye.

Other juniors are Thomas Ott, Phyllis Ranke, Billie Rooksberry, Sheridan Seiber, Carole E. Smith, Jerry Sobota, Ann Spees, Sharon Terry, Sharon Upton, Robyn White, Karen Yakman and Kathryn Ziemia.

All new members are recommended and elected by the faculty on the basis of their leadership, scholarship, character and service.

Mary Zaha and Kathy Culloty, who are angry that the boys are not ready for the junior-senior prom tonight at the Elks Temple.

At Oxford High

Prom Has 'Heaven' Theme

By CATHY OBERG

Saturday night, the Oxford High School student center will literally become heaven as the Student Council presents "Stairway to Heaven," the annual prom.

Students will dance among rocket ships, satellites, falling stars and planets as the council utilizes the outer space motif for decorations.

Refreshments will be served from a stand which looks like the Big Dipper.

Archie Armstrong and his orchestra will provide the entertainment from nine until midnight.

The annual spring concert was performed by the Oxford Band Monday night.

CONCERT HIGHLIGHTS
A flute solo by Andrea Aebel, a flute-oboe duet by Susan and Sharon Dick, and a saxophone quartet by Denise Wait, Ann Kozachik, Dennis Barrett and Dick Specht highlighted the concert.

It was the last concert for the nine seniors of the band: Dawn Jones, Betty Redman, Lorraine Mann, Cathy Oberg, Bill Burr, Dave Weckle, Keith Achesson, Steve Porter and Peter Olinicence.

Friday was Bermuda Day at Oxford. On this day, it is legal and proper to wear bermudas and slacks to school.

Marines Keeping Watch on Strategic Hill 881

DONG HA, Vietnam (AP) — U.S. Marines continue to keep a watchful eye on Hill 881.

The hill, a strategic peak near the Laotian border in the north-west corner of South Vietnam, overlooks the Khe Sanh Valley. This is believed to be a main infiltration route.

The Marines took Hill 881 North, the last of three border peaks, on May 5 after 12 days of heavy fighting.

Since then at least two battalions have been pulled out. One fresh battalion of four companies, about 1,000 men, is now based in the Khe Sanh Valley.

Only small units of Marines are on Hills 881 and Hill 861, all of which serve as observation posts. From the Khe Sanh Valley, the Marines are conducting

deep patrols in efforts to check Communist movements.

Since May 5, these patrols have had only one reported significant action. A patrol ran into an estimated 150 North Vietnamese. Fighting lasted less than an hour. Two Marines were killed, eight wounded, and 25 Communists were killed.

Marine intelligence officers report that only small Communist units have been sighted recently. U. S. Air Force and Marine fighter-bombers have been daily pounding suspected enemy positions.

One Marine officer said the absence of any sightings of large elements of the 325th Division and the fact that there has been no heavy recent fighting leads him to believe the Communist, the Marines are conducting

ACTION FITS TALK — Patty Duke (left) tears a wig from the head of Susan Hayward in one of their scenes from the picture, "Valley of the Dolls." Some earthy dialogue accompanies the wild action, and Miss Hayward doesn't necessarily like it. "Personally, I like to see a nice picture," says Miss Hayward. "But then, I'm old-fashioned."

Susan Hayward Dislikes Earthy Dialogue in 'Dolls'

By GENE HANDSAKER

HOLLYWOOD (AP) — Susan Hayward, furiously: "Get outa my way! I've got a man waitin' for me!"

Patty Duke, nastily: "That's a switch from the fags you're usually stuck with!"

Patty yanks off Susan's hair ("My God! It's a wig!") and rushes with it to a toilet. Susan: "My God! She's thrown it down the can!" Patty: "How do you like that? You can't even flush it down the john!"

'CRUMMY PEOPLE' — Such is the mood of realism — exemplified Tuesday in this

acting for "Valley of the Dolls" — and Miss Hayward doesn't necessarily like it.

"It's the way crummy people talk," she justified after the hectic scene. Is that all to the good? "Not necessarily. Personally, I like to see a nice picture. But, then, I'm old-fashioned."

"If you take these lines out of context, they're pretty vulgar. But it's the kind of vulgarity 99 per cent of us use when we're prodded beyond being ladies and gentlemen."

"Still, I think Hollywood more and more is not too healthy an influence. So sue me."

LOVED CORN

"I liked motion pictures better when you walked out with an uplift. Some said 'Sound of Music' was corny. I loved it. 'The backbone of America still likes decency, and so do I.'"

At 47 Miss Hayward still looks great — svelte, brittle, cool, a redhead whose cover picture on the Saturday Evening Post got her into movies at 20.

Her role as a tough show-biz veteran, into which she stepped after Judy Garland withdrew for what the studio called personal reasons, is her first in Hollywood in four years. In late '65 she made a film with Rex Harrison in Rome.

Divorced from Jess Barker, by whom she has two 22-year-old sons, one of whom is about to enter the Army, she was widowed last year by the death of Eaton Chalkley, Georgia lawyer and ex-FBI agent.

Moved in a canal behind her Florida home are her 38-foot sport-fishing boat, 55-foot shrimp- and 18-foot Boston whaler.

WANTS A MARLIN

With friends, she sails to the Bahamas. She caught a 69-pound kingfish and is "shooting" for a white marlin.

Does she, like the Helen Lawson character she's playing, have feelings against rising younger actresses?

"You have your day and then it's somebody else's day," Susan reasoned. "Why try to hang on? I'm not trying to hang on. I thought this part might be interesting, something different."

Complex Flight Fares ---Job for Computers

By ROBERT COCHRAN
Newspaper Enterprise Assn.

NEW YORK — Ask some airline official about new fare structures and he'll groan and attempt to move the discussion into another area.

The fares are so complicated that only a computer is able to handle a ticket quickly and accurately.

Unfortunately, ticketing is just about the only airline function still controlled by human hands. So there's human error, too.

"We'll eventually have the computer working for us here, too," says an Air Transport Association spokesman, "but for the moment every ticket has to be handled individually because, with the exception of group flights, very few tickets are the same."

Air travel today can be a real bargain if you fly at the right time and in the right class of service.

1934 PRICE

For example, in 1934 the price of a one-way ticket from New York to Los Angeles was \$160. The flight took about 22 hours, a hop-skip-jump with about a dozen stops. Today, planes fly the nonstop route in about five hours. The price of a first-class ticket is \$160.90.

However, there's now a special, "Discover America" rate which enables the passenger to buy a round-trip, New York-Los Angeles ticket for \$200.

Here are the current fare schedules:

FIRST CLASS — Top of the line service; more elbow and leg room, more food, free cocktails. It's only about \$10-\$20 over coach rate in the United States, can be up to \$300 more on international flights.

COACH — The basic service. Round-trip coach from

New York to Miami is \$143.80.

EXCURSION — This permits the traveler a reduced round-trip fare with certain restrictions as to dates of return and length of stay. The restrictions vary with each carrier.

FAMILY — Under this plan, the father of the family pays full fare for himself, two-thirds of the full fare for his wife and one-third for each of his children. A family of four flying round trip from New York to Los Angeles would save \$450 using the family plan. Dad pays \$280.20, mom \$193.44, children \$96.72.

DISCOVER AMERICA — This provides a 25 per cent round-trip discount for adults traveling round trip and beginning their return portion the week after the trip began. Specific restrictions vary with the carrier.

TRANS ATLANTIC GROUP INCLUSIVE TOUR BASING FARE — The plan allows groups of 15 or more to fly round trip at a reduced rate from the East Coast to several foreign cities, including London, Istanbul and Hong Kong. To qualify, each traveler must purchase at least \$70 in ground services (hotels, restaurants, tours, etc.) in the city to be visited. Round trip to London is \$230.

MILITARY AND YOUTH FARES — Youths between 12 and 22 and servicemen are allowed to fly at a 50 per cent discount on a standby basis.

TAP Funds OK'd

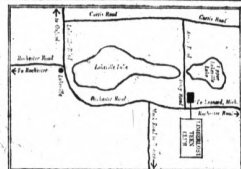

WASHINGTON (AP) — The Office of Economic Opportunity Thursday approved an \$899,365 grant for Detroit's Total Action Against Poverty (TAP) program to finance summer head start programs for 7,034 Detroit children.

THE FARE MAZE

The chart shows the 13 existing fares now offered between New York and Miami. Fares between other points are similar.

CLASS OF SERVICE	FARE	REMARKS
First-Class Jet	\$193.40	Round Trip
First-Class Prop	169.20	Round Trip
Coach-Class Jet	143.80	Round Trip
Coach-Class Prop.	107.40	Round Trip
De luxe-Coach Jet	128.40	Round Trip—First Class Section of Night Flight
Night-Coach Prop	112.80	Round Trip—Tourist Section of Night Flight
22-Day Excursion First-Class Jet	124.00	Round Trip—Monday, Thursday, Saturday; minimum six-day stay
22-Day Excursion First-Class Prop	120.00	Round Trip—Tuesday, Wednesday; minimum six-day stay
22-Day Excursion Economy-Class Jet	94.00	Round Trip—Monday, Thursday, Saturday; minimum six-day stay
22-Day Excursion Economy-Class Prop	90.00	Round Trip—Tuesday, Wednesday
30-Day Excursion	108.00	Noon Monday to noon Friday; noon Saturday to noon Sunday
Military Standby	36.00	One Way
Youth Fare	36.00	One Way

Car Production Climbs Slightly

Week's Total Below Last Year's Output

DETROIT (AP) — Automobile production climbed slightly this week, but failed to match the pace of the corresponding week a year earlier.

Production totaled 175,552 cars, compared to 183,074 a year ago, reported the trade publication, Automotive News.

Production was up from 174,375 last week.

For the calendar year so far, production is 3,223,549, about 800,000 below production of 4,066,670 at the same point in 1966.

TRUCK OUTPUT — Truck production this week amounted to 35,633, short of the 38,459 a year ago but up from 35,369 last week.

So far this year, truck production totals 718,814 compared to 798,861 for the 1966 period.

In Canada, auto output for the week was 13,836, slightly over the 13,162 of a year ago, but down from 16,928 last week.

Canadian truck production was 4,564 this week, short of the 5,678 of last week, but ahead of the 3,745 of a year earlier.

BBC Newscast

Had 'Late' News

LONDON (UPI)—There will always be an England department.

"When time came for the British Broadcasting Corp. (BBC) to air its first news program today, the news reader—'The BBC's name for its newscaster'—said:

"The boys are still working on the newscast."

A minute of silence followed.

Then, the news reader said, "Ah, here it is," and began reading the news.

Rebidding OK on Drain Work

The drain committee of the Oakland County Board of Supervisors yesterday authorized rebidding for the Hamlin Drain project serving Bloomfield Township and the City of Pontiac.

Seymour Weisman Corp. which was awarded the construction contract last winter on a low bid of \$789,000 withdrew as contractor on a legal technicality.

The contract called for sale and delivery of bonds for the storm drain project by April 8 but this was not accomplished until April 21.

New bids for the job estimated to cost \$760,000 will be opened at 11 a.m. June 9.

Clothing Is Stolen From Colonel's Car

Civilian clothing valued at more than \$200 was stolen from an Air Force officer's car parked in a lot in Uptown, Pontiac police were told yesterday.

Col. Allen P. Forsyth, 53, of Goldsboro, N.C., told investigators that he was among the items taken.

Police said entry was made by breaking the car's vent window in order to reach the door handle.

Ground Broken for Supermarket

Ground has been broken for the construction of a new A & P Supermarket at Baldwin and Montclair, on the site of the Baldwin Plaza, currently under construction.

The new store, of Early American design, will contain 13,750 square feet of floor space, according to T. J. Fiebach, company vice president.

Simple Burial

GROSSE POINTE (AP)—Oscar Webber, a prominent civic leader and retired J. L. Hudson Co. executive, was buried Thursday in a simple ceremony attended by friends, relatives and business associates. Webber died Tuesday in Detroit hospital at the age of 78.

Weekly Record List

Teens Like 'Groovin' Best

What young people think are the top records of the week as compiled by Gilbert Youth Research, Inc.

1. Groovin'—Young Rascals

'WADE' AWHILE — It's a bit too early to go wading, as this lad discovered as he tests the water temperature with tentative toe. But as the thermometer "soared" to 79 yesterday, it brought out thoughts of summer fun. Making the toe-test at the millpond in Beaudette Park is Kim Peters, 9, of 49 Sylvan, and looking on is Donald Guilds, 9, of 37 Ottawa.

79 Is Season's High

The mercury reached 79 shortly after 3 p.m. yesterday, a new high for the season. The previous high was 78 on April 2.

The weatherman offers a familiar forecast for the weekend — occasional showers or thundershowers.

Here is the official U.S. Weather Bureau report:

TODAY — Variable cloudiness, warmer and windy at times with occasional showers or thundershowers. High 78 to 84. Low tonight 54 to 60.

Southeasterly winds 8 to 16 miles per hour becoming south to southwesterly at 12 to 20 miles this afternoon and tonight.

TOMORROW — Considerable cloudiness and cooler with a chance of showers or thundershowers.

SUNDAY — Partly cloudy and cooler. For the next five days temperatures are expected to average about 5 degrees above the normal high of 71 to 74 and low of 48 to 53 except tomorrow and Sunday.

Precipitation is expected to total near one-tenth of an inch in showers.

3-Man Unit Set Up as Agent for Two County Airports

A three-member committee was established yesterday by the Oakland County Board of Supervisors as the legal operating agent for the two county-owned airports.

Named to the County Airport Committee were three members of the board of supervisors who presently serve on the supervisors' aviation committee.

Related Story, Page B-10

They are Wallace B. Hudson of Troy, chairman of the aviation committee; retired Brig. Gen. Frederick S. Strong Jr. of Orchard Lake; and Arthur T. Laurie of Royal Oak.

A term of office of up to two years can be given the newly established committee. No action was taken on the term length yesterday.

The aviation committee's proposal to establish the airport governing body met some opposition after the three members were nominated.

Oak Park Mayor Joseph Forbes suggested that the board defer action on closing nominations so that all members of the board could be fully evaluated as prospective commissioners.

But Daniel T. Murphy, chairman of the County Board of Auditors, urged the board to proceed as quickly as possible because lack of an established legal airport authority has hindered operating procedures, he said.

He pointed out that regulation of leases must be handled by a legal airport authority. Nominations were made and the three were elected.

The board of auditors and the aviation committee have been operating the two county-owned airports on a temporary (Continued on Page A-2, Col. 3)

Supervisor Asks Secrecy Lifted From Grand Jury

Philip O. Mastin Jr., supervisor from Hazel Park, yesterday urged fellow members of the County Board of Supervisors to call for a lifting of the one-man grand jury secrecy so the public will know what the probe is costing and what it has accomplished.

"Now that the State Court of Appeals has ruled that the county's grand jury has been operating illegally, I think the people deserve to know about the answers," he said.

Mastin said he understood that grand jury salaries alone during the past year have been over \$100,000 and he called for creation of a three-member committee by the supervisors to "get the answers."

Proposed for the committee by Mastin were Corporation Counsel Robert P. Allen, Prosecutor S. Jerome Bronson and Daniel T. Murphy, chairman of the County Board of Auditors.

The Court of Appeals this week ruled that Circuit Court Judge Philip Pratt was illegally appointed one-man grand juror for the county last Aug. 16. He completed a previous year-long grand jury probe in June 1966.

Noting that Pratt is planning an appeal, Sherwin Birnkrant, attorney for the City of Pontiac, suggested to fellow supervisors that Mastin's proposal be tabled for at least 60 days.

The deferment was approved.

Let Israel Start—Egypt

BEIRUT, Lebanon (AP) — Egypt has achieved its objectives in its military confrontation with Israel and if there is to be war, Israel will have to start it, the semiofficial Egyptian newspaper Al-Ahram of Cairo said today.

A full-page editorial written by Mohamed Hassouni Heikal, who often reflects the political thinking of President Gamal Abdel Nasser, said Egypt had frustrated what he called an Israeli plan

to attack Syria and had accomplished a blockade of Israeli shipping in the Gulf of Aqaba.

"Egypt finds itself compelled at this stage to stop at what it has accomplished so far, even if this means that we wait to receive a blow from Israel," Heikal wrote.

"Let Israel start. This will be followed

by a second blow on our side which will be the death blow."

At the same time, Associated Press correspondent Hanns Neuberger reported from the Jordanian port of Aqaba at the head of the gulf that Egyptian anti-aircraft guns apparently fired on two Israeli Mirage jet fighters from Egypt's side of the gulf. But the planes landed apparently undamaged at Elath, the

Israeli port two miles across the bay from Aqaba.

MAY SEEK CONFERENCE

In Ottawa, a Canadian government informant said President Johnson told Prime Minister Lester B. Pearson at their conference yesterday in Canada that he may propose a Big Four summit conference if U.N. efforts fail to bring peace in the Middle East.

House Shelves Public Employee Strike Measure

LANSING (AP) — The House voted yesterday to table its controversial public employee strike bill—allowing it to loom threateningly over this summer's teacher contract negotiations.

Flexing their muscles after Tuesday's special election victory, House Republicans slapped down by straight party-line votes Democratic attempts to put the bill to a vote and defeat it.

Republican leaders obtained the support of all 54 GOP members to table the get-tough measure, which labor spokesmen vehemently opposed, but reportedly could not get the votes required to pass it.

The bill, as amended by Republicans yesterday, includes these controversial features:

- The requirement that judges must issue injunctions against striking public employees;

- Binding arbitration of labor disputes involving police and fire employees;

- A provision that public employees may not be affiliated "with any labor organization which asserts the right to strike against government."

- A specific ban on public employee strikes called to protest unfair labor practices by their employers;

- Requirement that police and fire employees may not belong to a union which represents other types of employees, and a similar requirement for supervisory personnel;

- Creation of a new bargaining stage: Fact-finding by a 12-member public employment relations panel which would be attached to the governor's office;

- A ban on picketing to force recognition as a bargaining unit and a requirement that certified employee groups bargain with the employers.

Romney Attacks 'Safety Hysteria'

NEW YORK (AP) — Gov. George Romney of Michigan, who recently bit the hand that once fed him by criticizing the auto industry's safety efforts, placed an olive branch in the industry's hand yesterday.

He accused the Johnson Administration of establishing a bureaucracy using the "automobile safety hysteria" as a trigger — to direct the automotive industry, while praising the industry for years of safety research.

AP Wirephoto

PRIME MINISTER VISITS TROOPS — Prime Minister Levi Eshkol of Israel (left) is seen yesterday during a visit to Israeli troops in the Negev Desert. With Eshkol, who is also Israel's minister of defense, are Gen. Izhak Rabin (unarmed, second from left); Yigal Alon (third from left), minister of labor; and Col. Israel Lior (right). Rabin is chief of staff of the Israeli Army and Lior is Eshkol's military secretary.

'Decked Concept Is Likely in Urban Renewal Project'

Final redevelopment of Pontiac's downtown urban renewal lands into a mall-type shopping complex will likely include elements of the "decked" design first proposed by a University of Detroit study.

This was the indication of remarks made yesterday by Mayor William H. Taylor Jr. at the regular meeting of the Pontiac Rotary Club at the Waldron Hotel.

"Putting his pride in his pocket," Taylor admitted that "the opposition has had a constructive influence."

Oak Park developer A. Alfred Taubman is charged with the creation of the shopping complex projected for the south end of Pontiac's central business district.

Taylor reiterated his confidence in Taubman and the proposed project while stating that changes have been made in the original concept.

AUBURN-ORCHARD LAKE

He said the City Commission had fought to prevent the closing of the Auburn-Orchard Lake crossover. "This will not happen now," he declared.

The mayor further disclosed that all of the extra land, beyond the urban re-

newal area originally thought to be necessary, might not be.

"I'm confident the project can go. We have not had a no-answer yet, and I'm as optimistic as the day we started with Taubman," said Taylor.

He emphasized that all urban renewal requirements would be met "to the letter."

REVIEWED DEALINGS

Taylor reviewed for the Rotarians the city's dealings with various developers and proposed developments. Taubman is the eighth developer to be involved in proposals for rejuvenation of downtown.

Explaining in general terms, Taylor said Taubman has worked the proposed major tenant along to the point where they are "very happy" with the decked concept.

Taubman, who has a one-year agreement with the city to secure major tenants for the shopping center, faces a September deadline.

Taylor made no reference to renewal of that agreement, or even if it might be necessary.

LBJ Delighted by Expo, Mum About Pavilion

WASHINGTON (AP) — President Johnson publicly pronounced himself delighted and thrilled by Canada's Expo 67 — but he was silent about the controversial U.S. pavilion.

Johnson spent 75 minutes at the exposition at Montreal on a fast, suddenly announced visit across the border yesterday.

For about 30 minutes he visited the 20-story plastic and steel geodesic dome housing American exhibits. The dome itself has been heaped widely as striking and magnificent.

The contents have been tabbed everything from marvelous to horrible.

Unlike one of his potential 1968 election rivals, Michigan Gov. George Romney — who emphatically criticized the contents — the President wasn't offering any descriptives.

Reporters trailing Johnson on a swift tour tossed a couple of questions about how he liked the pavilion. Either he didn't hear or chose to ignore them.

FLAG RIPPED

A band struck up the U.S. national anthem when Johnson arrived and left. A 21-gun salute boomed out.

An apparent mishap ripped a hole in the blue field of an American flag as it was being hoisted to the side of the Canadian maple leaf. The flag was hauled down, taken away and the pole left vacant.

Fifty or 75 yards to the left as Johnson began speaking, perhaps a half dozen young people began yelling in French: "Johnson — Murderer!" Police collared a man and woman and hustled them away, one officer clapping his hand over the woman's mouth when she started yelling again.

U.S. Help to Arabs, Israel About Even

WASHINGTON (AP) — The United States has sent more than \$2 billion in aid since World War II to five Arab nations involved in the current Middle East crisis with neighboring Israel.

That's nearly twice the dollar value of all forms of U.S. government aid to Israel.

But unlike the Arab nations, Israel has in the United States private sources of aid and financing that have provided the Jewish homeland funds at least equaling the total of U.S. government help to Jordan, Saudi Arabia, Syria, Yemen and the United Arab Republic.

Military aid of \$227.8 million included in the total for Israel's Arab neighbors has gone almost entirely to Jordan and Saudi Arabia.

Mother of 10 Suffers 2nd Tragedy

Pontiac Press Photo

Ten Small Borton Children Left Fatherless

By JEAN SALLE

The softness of a small baby has a special comfort in times of grief, and Mrs. David Borton holds 7-month-old Bettann with great tenderness.

The attractive redwood ranch home at 680 Brewer, Addison Township, bounces with the activity of the nine other small Bortons — the eldest 9-year-old Kenny.

"People tell us we'll make it, and I know we'll get along somehow," said 28-year-old blonde Mrs. Borton. "You wonder sometimes, though," she added softly.

Victim of a double tragedy, Mrs. Borton Wednesday attended the funeral of her second husband to whom she had been married just six months.

On April 30, 1966, she had attended the funeral of her first husband of 10 years. A pedestrian, he had been killed by an auto in Warren. At that time she had

three small children and was expecting Bettann.

DIED OF CANCER

Then David's wife died of cancer last fall. David, her first husband's brother, was left with six small children. The two decided to marry and raise the 10 youngsters together.

"It was working out beautifully," Mrs. Borton said. "There was no distinction between the children. We bought this house with 2½ acres to give the kids room to roam."

Then on May 10, David was coming home from his job as an electrician at Chevrolet Gear and Axle when he fell asleep at the wheel.

The resulting head-on collision hospitalized him until his death Saturday.

ON NIGHT SHIFT

"He was tired. He'd only had about two hours sleep before going to work. He was on the night shift, you know," (Continued on Page A-2, Col. 2)

Red Ambush Hits U.S. Company Hard

SAIGON (AP) — A company of about 180 American soldiers was badly cut up today fighting off an ambush by North Vietnamese soldiers wearing flashy red berets and Communist suicide snipers lashed in trees.

The U.S. Command in Saigon said five of the American troops were killed and 46 wounded, but a report from the battlefield said about half of the company was killed or wounded. The U.S. were shot down and eight more

De Gaulle Greets Astronauts at Show

PARIS (UPI) — President of Ambassador Charles E. Bohlen (Gaule) today opened a Paris air show dominated by Soviet-American-Soviet rivalries in the field of rocketry and winged aircraft.

De Gaulle spent two hours touring the show, the world's largest exhibition of aircraft and space equipment, at Le Bourget Airfield.

The 76-year-old leader accompanied by a large number of ministers, ambassadors and high military officers, inspected in detail French and British exhibits where the two nations are showing aircraft produced jointly in addition to their national production.

He was given a detailed account of the performances of the giant 150-foot Vostok rocket, similar to the one which launched the first Soviet cosmonaut, Yuri Gagarin, into space in 1961.

De Gaulle warmly shook hands with cosmonauts Cosmonaut Feoktistov and Col. Paul Beliaev, who accomplished orbital flights in 1964 and 1965, respectively.

A few minutes later the French President equally warmly complimented American astronauts Michael Collins and David R. Scott when he toured the U.S. exhibit in the company

Another Street Goes One-Way

Traffic on North Johnson between Cass and West Howard is now one-way eastbound, city engineer Joseph Koren announced today.

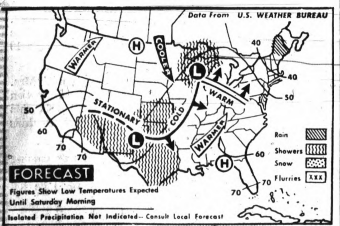

The change is designed to facilitate revised one-way patterns southbound on Cass and northbound on Oakland.

North Johnson traffic west of Cass will remain two-way, Koren said.

The Weather

NATIONAL WEATHER — Showers are forecast tonight in portions of the Mississippi Valley, the western Great Lakes, the southern Plains and Plateaus and the western Gulf Coast. Light rain is expected in northern New England. It will be warmer from the Great Lakes through the eastern Gulf states and eastward with the exception of New England.

WW II Seizure Victims Sought

Japanese-Americans' Assets to Be Repaid.

WASHINGTON (UPI) — The Justice Department is looking for several thousand Japanese-Americans who stand to collect as much as \$117 million from the U.S. government.

The money represents assets seized by the United States at the outbreak of World War II from the Japanese American Specie Bank Ltd., in this country.

A department spokesman said that there was "no clear idea" of just how many Japanese-Americans were eligible for repayment. He said many have moved or died and that the department has no record of their whereabouts.

To try to locate those eligible, the department is sending notices in English and Japanese to newspapers and other outlets, urging those who think they have claims to contact the department's office of alien property.

Repayment of the seized money was ordered by the U.S. Supreme Court in April in a decision that overruled the department's earlier refusal to pay the claims on grounds they had been cancelled or abandoned.

PRELIMINARY WORK — The department spokesman said some preliminary work has been done in the repayment of the money, but that no individual claims have yet been considered.

Urban League Supports School Integration Plan

A proposal to realign boundaries of two junior high schools in southwest Pontiac received support yesterday of the board of directors of the Pontiac Area Urban League.

By voice vote, board members passed a resolution urging Pontiac school officials to reconsider a decision which would apparently sidetrack boundary changes at Jefferson and Washington junior high schools.

Three directors opposed the motion, expressing their agreement "in principle" with the resolution, but questioning Urban League action on "specific lines."

The redistricting proposal, aimed at alleged de facto segregation in the two schools, originated Monday night with the Pontiac School District Citizens Committee on Human Relations. The human relations committee

Ruling on Authority County Tax Allocation Final

The Oakland County Tax Allocation Board today made a final ruling on the 1967 taxing authority for Oakland County local school districts, townships and the intermediate school district.

Oakland County was given the same 5.4-mill allocation it was granted last year.

Local school districts and townships as a group fared about the same as last year.

Township allocations ranged from no millage for Lyon and Springfield to 1.40 mills for Avon, Bloomfield and West Bloomfield. Schools received from 8.20 to 9.60 mills.

Today marked the third consecutive year that the millage spread has exceeded the former 15-mill limitation. Under the relatively new State Constitution, provision is made to exceed this limitation.

Many of the taxing districts have a total of 15.20 mills among the governmental units.

ABE COHEN

Exec Elected Head of Rotary

Abe Cohen, executive vice president and general manager of Standard Electric Co., Inc., was elected president of the Pontiac Rotary Club yesterday.

Brigadier Ernest Adler, manager of the Salvation Army Men's Social Service Center, was previously elected president but was unable to serve. He was elected first vice president yesterday.

Other officers of the Rotary Club elected last month include Francis P. Miller of the Pontiac Credit Bureau, treasurer; and Thomas J. Schultz of Auto Electric Shop, Inc., secretary.

John W. Fitzgerald, editor of The Pontiac Press, and Roderic W. Wiley, national business manager of Pontiac Motor Division, were selected as directors.

Officers will assume their positions in July.

Viet Medal to Departing Marine Chief

DA NANG, Vietnam (UPI) — They pinned a bit of ribbon on sweating, departing Lt. Gen. Lewis Walt today, awarding him the second highest Vietnam order ever given an American.

The presentation was made under a hot sun by Premier Nguyen Cao Ky.

Walt, commander of the third Marine amphibious force, is leaving soon for reassignment in Washington at the Pentagon.

No Decision This Week on Pratt Appeal

Decision on any appeal of a state court ruling halting operations of the Oakland County grand jury will probably not be made before Wednesday, a spokesman for Judge Philip Pratt said today.

Pratt and his legal staff, involved since Aug. 16 in a probe aimed at allegedly illegal activities at Hazel Park race track, received a judicial setback Tuesday when the State Court of Appeals declared Pratt illegally appointed grand juror.

Unit Is Named Airport Agent

(Continued From Page One) basis pending the establishment of an operating agent.

AIRPORTS RENAMED — The county purchased Pontiac Municipal Airport from Pontiac as of Jan. 1 and since has renamed it Oakland-Pontiac Airport. The other county-owned airport formerly was known as Allen Airport and now is designated as Oakland-Orient Airport.

All three County Airport Committee members had been serving on the aviation committee by virtue of their interest in and knowledge of aviation-related matters.

Gen. Strong, who announced in a brief acceptance speech that he had just turned 80, thanked supervisors for naming him to the post and added that he would not be unwilling to yield the position to a qualified younger man.

He received a rousing round of applause from the supervisors and no one accepted his offer to yield.

Gen. Strong was chief of the operations branch of the construction division whose responsibility was constructing airports and other Army bases in Western Hemisphere during World War II.

He retired in 1946 when he was chief officer of the Northwest Service Command.

Auto Kills Tot

EAST GRAND RAPIDS (AP) —Krisan Tomlinson, 18-month-old daughter of Mr. and Mrs. James Tomlinson, was killed Thursday when a car backed over her at a home her mother was visiting. Police said Krisan apparently walked in back of a car operated by Mrs. Roberta Lee De Commer, 23, as she backed from the driveway.

Birmingham Area News Beautification Group Announces 4 Winners

BIRMINGHAM — The Beauty Birmingham Committee has announced the winners of civic awards in the commercial classification.

Each business will receive a walnut plaque to display.

Winners are: apartments — Willets West Co. townhouses, developed by Carl Luckenbach, professional — Desimpe Co. 195 W. Brown, retail — Davidson's at 409 Pierce, industrial — Birmingham Lumber, 777 S. Eton.

George W. Smith of 1882 Melbourne will report on his recent visit to Civil War battlefields at a meeting of the Michigan Regimental Round Table at the Congregational Church, Woodward at Cranbrook, at 7:30 tonight.

The "Avenue of Flags" will be dedicated in a Memorial Day service at Oceola Park Cemetery, 31800 Southfield, at 11 a.m. Tuesday.

Conducting ceremonies will be the Birmingham Masonic Lodge 44, F&AM.

Guest speaker will be Ivan Adis of Dearborn, grand master of the Masonic Lodges of Michigan. A military honor guard will take part.

\$3,000 Holdup

DETROIT (AP) — Two bandits held up Budd Federal Credit Union on the city's East Side Thursday and fled with \$3,000. It was the second robbery at the office within a month.

U.S. to Subsidize Viet Commissaries

DA NANG, Vietnam (AP) — The United States agreed today to help feed the families of South Vietnam's armed forces in the next year with a subsidy of \$42-million worth of commodities to be sold them at greatly reduced prices.

Receipts from the sales will be used to build up the commissary system of the South Viet-

namese armed forces, a spokesman for the U.S. Agency for International Development said. In Saigon, opponents of Premier Nguyen Cao Ky charged that the commodities would be used to buy votes for Ky in the September presidential election, while supporters of the premier let it be known the subsidy was the U.S. government's way of supporting Ky.

The AID spokesman said both claims were foolish. "The program has been a

subject of discussion for some time now," he said. "It's not true that it's political."

Gen. William C. Westmoreland and Lt. Gen. Cao Van Vien, South Vietnam's defense minister, signed a "memorandum of understanding" in Da Nang providing for the United States to supply the military commissary system with such items as cooking oil, flour, sugar and salt.

Westmoreland said the subsidy would "permit the system to develop and grow and improve the morale and welfare of the 2-million dependents of the armed forces."

"The commissary system was established several years ago," said Westmoreland, "but it has not served its purpose because the government has not had the wherewithal to capitalize the enterprise."

\$100,000 Fire Damages Farm

QUINCY (AP)—Fire destroyed a major portion of buildings on the nearby farm of Ralph Dowdell Thursday. Dowdell estimated the loss at \$100,000. The burned structures included two barns, a milk house, a corn crib and a grain elevator.

Benzie Unit Aid

FRANKFORT (AP) — The Benzie County Migrant Ministry Committee has been awarded a \$3,500 grant from the Department of Health, Education and Welfare. The funds will be used to provide health services for migrant workers.

Campaign-Financing Law Unlikely

LBJ Asks Election Reforms

WASHINGTON (AP) — Con- election campaigns in a broad
gress plans to explore promptly
President Johnson's new pro-
posals for public financing of
election campaigns, but chances
of enactment this session ap-
pear slight.

Johnson strongly endorsed
government subsidies for major
items of expense in presidential

and he suggested the princi-
ple might well be extended
to congressional campaigns,
commenting: "I believe that
our ultimate goal should be to
finance the total expense for
this vital function of our de-
mocracy with public funds,
and to prohibit the use or ac-
ceptance of money from pri-
vate sources."

Chairman Russell B. Long, D-
La., of the Senate Finance Com-
mittee found much to commend
in the message and said he
would open public hearings on
the subject of campaign financ-
ing next Wednesday.

Even as the President's mes-
sage was submitted, Congress
was taking final steps to render
inoperative the key provisions
of the presidential campaign fi-
nancing plan now on the books.

RIDER ATTACHED
A rider which would suspend
these provisions until further ac-
tion by Congress was attached to
a compromise tax incentives
restoration bill on which the
House completed action Thurs-
day. The Senate is expected to
send it to Johnson next Wednes-
day.

Long, author of the 1966
campaign financing law, had
fought unsuccessfully through
seven weeks of Senate debate
on the tax bill to knock off
the rider and keep the financ-
ing law alive.

Some Democratic supporters
of the plan complained privately
that if Johnson had sent up his
message two months ago, be-
fore the debate began, the plan
might have been saved in a re-
vised form.

Sen. John J. Williams, R-De-
l., a senior Republican on the
Finance Committee, told a re-
porter he remained opposed to
any substantial financing of elec-
tion campaigns from the U.S.
Treasury. He said he was sure
a great majority of GOP legis-
lators held the same view.

But Williams said he might be
willing to support use of care-
fully circumscribed government
funds to pay for a limited num-
ber of national telecasts in a
presidential campaign.

The Finance Committee also
will have before it a different
proposal introduced earlier
this week by Sen. Albert Gore,

D-Tenn., which would put a
\$14-million ceiling per party
on spending by Democrats and
Republicans in the 1968 White
House campaign.

They would be given a choice
of taking this in a government
payment or raising it from pri-
vate contributions. A similar
choice would be offered candi-
dates for the Senate and House.
Several committee members
said in view of the wide diversi-
ty of proposals and the sharply
differing positions voiced in the
protracted Senate debate, they
saw only a small chance of final
congressional agreement on the
subject.

A Junior Editors' Quiz About POTATOES

QUESTION: Of what use are the "eyes" on a potato?

ANSWER: Visiting a potato farm, Jerry was surprised to learn that they raised new plants by putting actual potatoes, or parts of them, in the ground.

"Don't potatoes have regular seeds?" he asked. The farmer pulled up a plant to show him—you can see the half grown potato tubers hanging below.

He explained that potatoes have flowers and that some varieties have fruit and seeds like other plants, but that new plants raised by planting the seed would not remain true to the particular variety he desired.

"Here is where the importance of the 'eyes' on potatoes comes in," explained the farmer. "New plants can grow from these eyes as well as from seeds, and they stay true to type. One can either plant a whole seed potato, or cut it in good-sized pieces each of which has an eye in it." Potatoes are not underground roots, but rather, enlargements of the ends of underground stems called tubers. One can expect three to six full-sized potatoes from each plant.

To Remedy Alleged Discrimination

Banks Recruiting Jews

By JOHN CUNIFF
AP Business Analyst

NEW YORK—Less than one year after reporting that 45 of the nation's 50 largest commercial banks had no Jewish senior officers, the American Jewish Committee banks now are taking remedial measures.

At its annual meeting here, the AJC reported the American Jewish Association already has taken several steps against the "pattern of exclusion."

The causes, the AJC maintained, range from open discrimination to more subtle—often unintentional—stereotyping thinking.

The committee's report states: "Thus, the absence of Jews from bank management was most frequently attributed to a supposed lack of interest in jobs of this kind, which in turn was attributed to stereotypes from such alleged qualities as 'Jewish aggressiveness.'"

Among the steps:

- Distribution by the ABA of a career brochure on banking to Jewish college graduates.
- Foundation engaged in Jewish religious and cultural programs.
- Addition of studies on discrimination and minority employment problems to the curriculum of Stonier Graduate School of Banking at Rutgers University.
- Plans for a workshop on "Jews in Banking."

These were some of the reasons given by bankers, as quoted by the AJC:

- Jews are inclined toward "banking."
- "First, it was the right thing to do."
- "Second, it wasn't good business to have so few Jewish officers."
- "It occurred to many of us that banking was undergoing changes that made it extremely wise policy that we should have the benefit of all of the talented people available no matter their ethnic origin."
- "New developments in banking have made merchandising or marketing necessary. To the extent that it is true that Jews have a developed affinity for merchandising, they are needed in banking today."

ANTIDISCRIMINATION LAWS

Still another factor ended the picture last Nov. 30. On that date nearly 95 per cent of the nation's commercial banks were deemed government contractors, subject to antidiscrimination laws because they handle federal funds.

Whatever the reasons—legal, business, charitable, moral—discrimination in the banking industry may be lessening. As Dr. Walker says, "There is no room for discrimination in banking or any other industry."

Business Notes

Richard L. Mineweaver has been elected second vice president of the Life Insurance Leaders.

He is an agent for Equitable Life Assurance Society and a 10-year life member of the Life Insurance Leaders.

Successful Investing

Q. "I'm aged 62 with an annual income of \$5,400. I do not own property and have no investments, only a savings account of \$4,000. Would I be wise to invest some of this? I would appreciate any help you can give me." H.B.

Q. "I often wonder if I am doing the right thing by holding onto my stocks. So many of my friends are constantly switching. Do you think I should change any of the enclosed list?" L.S.

A. Looking over your holdings, I believe your policy is greatly to be preferred to that of your friends. Your issues for the most part seem well selected with generally favorable prospects for the future.

Senate Kills License Bill

Vague, Imperfect—Saginaw Republican

LANSING (AP)—A measure that would have forced a driver to surrender his license if arrested for a traffic violation was killed Thursday in the Senate Judiciary Committee.

Sen. Robert Richardson, R-Saginaw, committee chairman, said the committee was "fully aware of the grave problems presented by the great number of unlicensed drivers on the roads."

But he said the legislation was vague and imperfect on procedure and had not been given proper consideration.

Under the proposed new law, a driver stopped for a traffic violation would have been required to surrender his license to the police officer.

TEMPORARY PERMIT

The motorist then would be given a temporary permit expiring on the court date set down by the officer. If the motorist ignored the ticket and did not appear in court, the temporary permit would automatically expire and the motorist would be driving without a license.

The measure breezed through the House on a 96-5 favorable vote.

Hearing of "an ominous prognosis" from the Senate Judiciary Committee, Secretary of State James H. Duff, Jr., said, "It is a measure that will be passed."

ILLINOIS MODEL

The measure, backed by Hare as chairman of the state safety commission, was modeled after an Illinois law. Hare said it was needed to control an increasing number of motorists ignoring traffic laws.

He had termed it "one of the most important pieces of legislation to be considered by the Michigan Legislature in many years."

Richardson said one flaw in the bill is that the police officer cannot set a court date—that is up to the judge.

Meanwhile, he said, State Police are working on the use of computerized data machines to furnish information on drivers to officers on the road.

News in Brief

Joe Wood, 37, of Detroit told Pontiac police a suitcase, clothing and a radio were stolen from his car, parked at a service station on Orchard Lake, yesterday. Police said the car had been stolen in Taylor Township and found in Pontiac.

An undetermined amount of change was taken from a cigarette machine during a break-in early today at Gilmore's Elizabeth and Dever Service, 3025 Elizabeth Lake, Waterford Township, according to township police.

Ernest Smith of 3356 Indian, Waterford Township, reported to township police yesterday the larceny of a boat valued at \$199 from a dock in the rear of his property.

Gainers Outnumber Losers

Stock Market Becomes Mixed

market was mixed today following Thursday's technical rebound.

Gains and losses of fractions to about a point were scattered throughout the list.

Gainers outnumbered losers but the industrial average was lower because of a sloppy showing by blue chips.

Du Pont, Control Data and General Dynamics were fractional losers.

Combustion Engineering was up 2 1/2.

Some very low-priced issues were active and fractionally higher. Among them were General, Gar Wood and United Parcel Mines.

International Oils were irregularly lower following their rally.

The volume on Thursday's rally was disappointingly small, so chartists had little faith in the advance. The Middle East situation remained critical. Construction awards sagged in April.

Standard Oil (New Jersey) General.

opened on 5,400 shares, off 1/2 at 82 1/2.

General Motors rose 1/2 to 79 1/2 on 3,200.

On Thursday The Associated Press average of 60 stocks rose 2 1/2 to 323 1/2.

Prices were mixed on the American Stock Exchange. Molybdenum rose about a point. Up fractionally were Edo Corp. "A," Kaiser Industries and Struthers Wells. Small losses included Brazilian Traction, United Air Products and Aerojet-General.

Standard Oil (New Jersey) General.

The New York Stock Exchange

DETROIT (AP)—Prices bid and asked for No. 1 live roasters here were 27 1/2¢; broilers and fryers whites 18 1/2¢.
