TWO OF A KIND—Dean Strella (left) and Philip Babcock, of Hutchinson, Kans., have a lot in common. Both 6½ years old, they live across the street from each other, and their fathers work at the same place. A school reasoning landed them in the same kindergarten class. The same day Philip's mother discovered his first permanent tooth coming in with the baby tooth not yet removed, Dean showed his mother he was having the same trouble. Now they're both smiling with big gaps where the teeth were pulled—by the same dentist.

Economist Named to Steer Brazil Past Money Crisis

RIO DE JANEIRO, Brazil (AP)—Eugenio Gudin, head of the Brazilian Institute of Economics, was sworn in as Brazil's new finance minister last night to steer the nation through its serious economic crisis.

The 68-year-old economist said his first concern would be the coffee situation. Declining exports of this main Brazilian product have caused a severe foreign exchange shortage.

Gudin promised also to do his best to stabilize prices and curb state expenses in an effort to halt growing inflation.

President Joao Cafe Filho appointed Gudin yesterday to replace Oswaldo Aranha, who resigned this week with the rest of the Cabinet of ex-President Getulio Vargas after Vargas killed himself.

The new finance minister has been connected with American and British cultural institutions and has written a number of books on economics.

He was president of the Brazil-United States Institute in 1941. In 1944, he was the Brazilian delegate to the Bretton Woods world financial conference.

He faces a tough job in doctoring Brazil's economic ills. The country has had to borrow \$0 million (Continued on Page 2, Col. 3)

Mayor to Greet Peach Queen

Karen Hoff Bringing Basket of Fruit for City Official

Pontiac Mayor William W. Donahoe has an appointment today that he's determined to keep.

It's not that the mayor is lax about any of his appointments, but today Romeo Peach Queen Karen Hoff, 18, is going to present him with a basket of the delicious fruit.

The presentation will take place in the mayor's office, 714 Community Bank Building.

Karen just returned from a three-day trip to Washington, D. C. where she presented two fresh-frozen peach pies to White House aides for President Eisenhower.

Four other pies were left in a deep-freeze at her hotel. The popularity of the Michigan delicacy was proven when two of the remaining pies disappeared prior to a Michigan society luncheon for the vivacious queen.

She said she held no grudge against the person who took the pies from the deep freeze since whoever it was probably couldn't resist good food when he saw it.

Karen, of 270½ E. Blvd. S., was named Peach Queen early this month after being crowned Miss Pontiac July 31.

She will seek further honors when she vies for the Miss Michigan State Fair title at the annual event in Detroit early next month.

Racket Outlined by Homeowners

Witnesses Tell Senator of Being Bilked in Deals Financed by FHA

NEW YORK (AP)—Several homeowners have told a Senate committee they were bilked by salesmen who used fast patter and promises of commissions to sell them home improvement jobs financed through the Federal Housing Administration.

Witnesses appearing yesterday before the Banking and Currency Committee told of inferior products going into repair jobs, and how they were talked into signing certificates of completion before the work had even started.

The committee, with Sen. Prescott Bush (R-Conn.) sitting as a lone member, is probing windfall profits made by builders working through FHA and any other abuses of the federal housing law.

They were talked into home improvements in the first place, the witnesses testified, by slick salesmen—called "dynamiters" in the trade—who worked this way: The "dynamiter" would show up uninvited and persuade the homeowner to buy a new paint job, or new siding, or a garage, and obtain an FHA loan to pay for it. The price averaged around \$700 or \$800.

Inserting a constant refrain that "it won't cost you a cent," the salesman said the homeowner's new, improved house would serve as a "model" in the neighborhood and would mean a \$50 commission for every similar job sold to his neighbors.

One witness, Raymond Hobson of Queens, said he bought a \$1,000 roofing, siding and paint job from a Harold Orland.

Hobson, who said he was promised commissions if the neighbors contracted for similar work, said his own job was never finished and he never got satisfaction out of the company. "And I never got a dime out of any sales," he added.

Baby H-Bomb in Near Future, Hinshaw Says

Head of Joint Atomic Committee Reports on Latest Developments

WASHINGTON (INS)—Rep. Carl Hinshaw (R-Calif.) said today that "quite small" hydrogen bombs "of tremendous destructive power" may soon be built.

The chairman of the Research and Development subcommittee of the Congressional Joint Committee on Atomic Energy made the disclosure to the National Security and Foreign Relations commissions of the American Legion.

The joint meeting was one of the pre-convention events of the 36th annual Legion convention which formally convenes in Washington Monday.

Hinshaw coupled his revelation with a warning that the U. S. is not as much ahead of Soviet Russia and other nations in atomic and hydrogen weapons development "as we would like to think."

The congressional atomic committee asked the Legion to support legislation to assure the U. S. of maintaining a lead in the atomic and hydrogen bomb race and warned that "time is running out."

He said that present U. S. immigration laws must be liberalized to permit foreign atomic scientists to enter this country, that selective service laws must be revamped to exempt promising young scientists from military service, and that defense manpower policies should be re-examined and overhauled in the light of the atomic age.

Hinshaw told the legionnaires small hydrogen bombs are in sight which can be carried by aircraft or guided missiles to any point in the world.

He said: "We can foresee both nuclear and thermonuclear weapons quite small in both size and weight, but of tremendous destructive power, that can readily be transported by aircraft to any point in the world or installed in warheads of guided missiles."

Hinshaw also told the Legion that these changes were now in view for the near future:

1. Guided missiles with atomic or hydrogen warheads may end the use of crew-carrying bombers.
2. Fighter aircraft "may also be on its way out" with development of radar and ground-to-air missiles.

Showers Expected in Pontiac Saturday

Showers Saturday are expected to follow partly cloudy and slightly warmer weather in the Pontiac area tonight according to the U. S. Weather Bureau.

Low tonight is expected to be 58 to 62, with a high tomorrow of 78 to 82.

Yesterday's temperatures ranged from 60 to 69 in downtown Pontiac. This morning at 8:00 the mercury registered 58 degrees and rose to 76 by 1 p.m.

France Will Not Ally With Poland Against Germany

PARIS (AP)—France will turn down an offer of alliance by Communist Poland against Germany, a French Foreign Ministry spokesman said today.

The offer, which the Polish Information Bureau said was made two days ago, was designed as part of the Soviet plan for European "security system" that would bar the United States.

The French spokesman said Poland would be told that such an alliance would not solve any international problems and there is no real possibility of it.

The United States was not named in the Polish note. When the Russians made their proposal at the Berlin conference last winter, they suggested that the United States be included in the system only as an observer.

The Polish proposal was apparently timed to coincide with the debate now going on in France over whether the country should join in a six-nation European Army.

Crash Kills Pilot of Farmington

Lt. Ray Carroll Among Eight Victims of B25 Smashup in California

SACRAMENTO, Calif. (AP)—A 31-year-old Farmington, Mich., instructor pilot was among eight men killed when their twin engine B25 hit a mountain in rugged northern Napa County yesterday.

He is 1st Lt. Ray Carroll who enlisted in the Air Force in 1942, spent three years in service in the last war and rejoined the service as an instructor-pilot in January, 1952.

The bodies were found last night after an all-day air and land search. The plane fell near by Mather Air Force Base Wednesday evening on a routine training flight.

An Air Force spokesman said the plane was flying at 2,500 feet through a rainstorm and plowed right into rocks in the coast range mountains, 51 miles from San Francisco. The air force said the cause has not been determined.

WACs Now Fighting Own Battle of Bulge

WASHINGTON (AP)—Women soldiers who helped Uncle Sam win World War II took their measure today and found they can throw around a lot more weight.

But that realization isn't adding to the cheer of the WAC Veterans Assn. gathered here for its eighth annual convention, a two-day affair ending tomorrow.

Former WAC Capt. Violet Powers Duffie of Silver Spring, Md., the convention chairman, complained she had saved her wartime uniform but couldn't get into it.

"Anyone who believes that old soldiers just fade away should ask his wife to put on her old WAC uniform," she sighed.

Cheboygan Boys Are Found Safe

Four Spent All Night in Swamp; Were Looking for Cattle

CHEBOYGAN (AP)—Four small boys, lost overnight in a swampy woods near Cheboygan while looking for stray cattle, were found safe this morning.

The four were found shortly after 10:30 a.m. by conservation officer Norman Aldrich of Cheboygan and troopers George Halverson and Edward Hill of the Traverse City State Police Post.

The three searchers, using a jeep to bounce through rough trails, located the boys in a brushy part of the swamp. They were reported to be in "good" condition.

The youngsters said they stayed off hunger by eating apples they found in an abandoned orchard during their wanderings through the swamp.

The missing youngsters were Bernard Beethem, 9; his brother, Lowell, 8; Leo Appleford, 8; and his brother, George, 7. The youngsters lived on neighboring farms.

The Appleford children were barefooted and accompanied by their dog.

Governor Nomination Conceded to Byrd

Kremlin May Decentralize Red Government Offices

MOSCOW (AP)—A campaign is under way to de-emphasize the Kremlin as the seat of Soviet government power and to establish the ancient walled fortress as a symbol of Russian history and culture.

Government leaders are moving out to scattered villas and many government departments already have been established elsewhere in Moscow. A plan has even been announced to move the bodies of Nikolai Lenin and Joseph Stalin from their Red Square tomb to a new pantheon in the outlying Lenin Hills.

Just across Moskovorets Square from the Kremlin, on the banks of the Moscow River, the steel framework of a new skyscraper is going up.

Muscovites say upon completion this will provide government offices, enabling remaining officials at the Kremlin to leave.

Persons at the British Embassy dinner for former British Prime Minister Clement Attlee and his Labor party delegation during their recent visit to Moscow said Communist party secretary Nikita S. Khrushchev told them the government hopes to open the entire Kremlin to the public as a museum within a relatively short time.

The informants said Khrushchev did not tell them the government was planning to leave the Kremlin altogether, but said such a conclusion might be drawn from the plans to make it a museum.

These charges have been examined by the special committee, which selected 13 as being "most important" and grouped them under five general headings as a basis for the public hearings which are due to open next Tuesday.

Flanders asked the Senate to censure McCarthy for what he called conduct unbecoming a senator and tending "to bring the Senate into disrepute."

The five categories of charges on which the special committee has settled range from allegations that McCarthy encouraged federal employees to give him classified documents out of government files to complaints that he was abusive of fellow senators.

Flanders said he has every reason to expect a pre-election decision by the Senate.

After his conference with Watkins Flanders told newsmen he was "very much pleased with the expressed attitude" of the special committee of three Democrats and three Republicans.

Claim 11 Killed in Small-Scale Hit-Run Attack

U.S. Discounts Action as Serious War Threat Against Formosa

TOKYO (AP)—Communist China today announced a small-scale hit-and-run raid on Quemoy, a Nationalist-held offshore island. There was no indication that it was a prelude to the Reds' loudly heralded threat of invasion of Formosa.

A Peiping radio broadcast said 40 Communist soldiers made two separate landings on Quemoy Monday night, killing 11 Nationalist soldiers before pulling back to the mainland 15 miles away.

Nationalist sources in Taipei said the raid was one of several staged by the Reds in recent weeks to capture prisoners. They said one Nationalist soldier was captured and the Reds lost one man taken prisoner.

U. S. officials in Washington labeled the raid no more than a skirmish and pointed out that even the conquest of Quemoy would leave the Reds far from their goal of "liberating" Formosa.

The Nationalist stronghold lies 100 miles across the Formosa Strait, guarded by the U.S. 7th Fleet and an American-equipped army.

For several weeks Peiping has been broadcasting almost daily threats to "liberate" Formosa and wipe out the Nationalist regime of Chiang Kai-shek.

In advance of any invasion, the Reds would be expected to seize a chain of Nationalist-held offshore islands running from Quemoy north to the Tachens, some 200 miles northwest of Formosa.

However, U.S. military experts have discounted the possibility of a Red attack on Formosa and have pointed out that there has been no large-scale Red troop buildup along the coast opposite the Nationalist island.

U.S. sources in Tokyo said today they regarded the Quemoy attack and recent threats to invade Formosa as a propaganda campaign aimed at the forthcoming Manila conference to map a Southeast Asia security agreement.

These sources said the Reds are trying to show conference participants that the United States will go to war over Formosa and the signers of any defense pact would be giving up any initiative in the matter.

Snare Extortionist Suspect in Serge Rubinstein Home

NEW YORK (AP)—A police trap set in the Fifth Avenue home of Serge Rubinstein yesterday snared the alleged leader of a \$355,000 extortion plot against the millionaire draft dodger.

Two other men also were arrested outside the town house of the Russian-born Rubinstein, who served two years in prison as a World War II draft evader and currently is fighting deportation proceedings.

Seized in the financier's quarters was Emanuel Lester, 31, who assertedly used threats in an attempt to force Rubinstein to settle a pending \$750,000 federal court suit for \$535,000. The suit was filed some months ago as a result of a foreign business transaction.

Lester—whose name was Emanuel Lieberman until 1945 when he had it legally changed—was not the original complainant in the case but entered it later.

Dist. Atty. Frank S. Hogan said the trap laid for Lester was the culmination of several incidents:

Rubinstein was punched in the face Aug. 17 by an unidentified man on the street. The next day a rock was thrown through a window of Rubinstein's home and a note attached to the missile read: "You have your warning. Next (Continued on Page 2, Col. 6)

The Day in Birmingham

Final Approval of Sewer Expected Next Thursday

From Our Birmingham Bureau
BIRMINGHAM — Final approval for the proposed \$2,740,000 interceptor sewer to serve Birmingham and neighboring communities should be given next Thursday, City Manager Donald C. Egbert said yesterday.

He said this will give each participating governing body a chance to review the allocation of costs, which are based on ultimate population for each municipality.

Then the Oakland County Board of Supervisors will be asked to create the sewage district and begin engineering studies through the county drain commissioner's office.

A complete report of construction costs was made when the advisory committee of the district—known as the Evergreen Interceptor District—met yesterday.

Birmingham's share, third highest of the five units, would approximate \$285,000. Egbert said, of which \$60,000 would be offset against sewers already existing in Birmingham. Net cost would then be \$225,000.

Heaviest contributor would be Southfield Township, which would pay \$1,700,000. The second largest contribution, \$302,000, would come from Bloomfield Township.

Bloomfield Hills and Troy Township are the other two units in the project, one brought about after pollution of the Rouge River was ordered stopped by the State Water Resources Commission.

Funds for the sewer would undoubtedly have to come from a millage increase, Egbert said. He said he thought the question would be placed on the April ballot.

Negotiations for treating sewage from Bloomfield Township during the interim (it is anticipated that the interceptor would be in operation by January 1956) have been in progress and will probably be discussed at Monday's City Commission meeting, Egbert said.

Agreeing with the principle of quick turnover parking, the Planning Board this week approved plans for an access drive which would park 12 cars in front of the shopping section on West Maple at Chesterfield. The area will be dedicated to the city.

Estimates for a shelter house and baseball diamond for Eton Park will be presented at the next Recreation Board meeting. It was determined at this week's City Commission meeting.

Justice Finds Two Young Men Not Guilty

BIRMINGHAM — Tuesday the Press reported a case heard by Associate Justice John C. Emery Jr. in which he freed Charles G. Schumann and William H. Weatherford. The report stated that the two young men had pleaded guilty to disorderly conduct. This was true, but after he heard their testimony Justice Emery changed their pleas to not guilty and set them free.

Lawton Points to Red Menace

Retiring Major General Figured Prominently in Army-McCarthy Quiz

FT. MONMOUTH, N. J. (AP)—Maj. Gen. Kirke B. Lawton, retiring commander of this Army Signal Corps center whose name figured prominently in the McCarthy-Army hearings, says "complacent America" is "marching slowly and steadily" toward the dangers of communism.

Lawton spoke last night before 300 religious representatives and post chaplains at a banquet in his honor—the first of several farewell tributes.

"I've got all the confidence in this country that it will only think, and think hard," said Lawton, who is retiring from the Army at the end of the month for medical reasons.

Lawton said he recalled the time when an officer could advocate worship more strongly to his men, but remarked that "all hell would break loose if we tried to send men to church today. There are some things you cannot do today, not because of parents but because of some other reasons."

Sen. McCarthy charged during the hearings into the row between him and the Army that Lawton provoked Army ire by his cooperation with McCarthy's subcommittee in its hunt for alleged subversives at Ft. Monmouth.

Army Secretary Robert T. Stevens testified he had considered relieving Lawton of his command at one time. The reason for this, he said, was Lawton's public statements and not any cooperation the general gave McCarthy's investigators.

Palmer held a 1-up advantage at the 9-hole turn, then picked up another on the 11th when Meister took a bogey 5 to Palmer's par.

In the other 36-hole semi-windup, former British Amateur champion Bob Sweeney of Port Washington, N. Y., was 1-up on Dr. Ted Lenzyk of Newington, Conn., after 11 holes.

Dr. Lenzyk was 1-up at 5, but Sweeney won the first 2 holes on the back nine.

Palmer, the 24-year-old former Coast Guardsman, was shooting with deadly accuracy on the front side of the testing 6,875-yard layout. Meanwhile, Meister, 37, nearly got lost in some trees on the 3rd hole and wasn't hitting iron shots particularly well.

The new government is said to favor easing some of the rigid state controls on commerce and industry, allowing them to expand with greater ease, but likely would have to move slowly in blocking the salary increases or putting through politically unpopular reforms.

The pro-Vargas newspaper Ultima Hora, which apparently will oppose the new government, reported pressure is being put on Cafe to postpone the state and congressional elections scheduled for Oct. 3.

The new foreign minister, Raul Fernandes, told an interviewer the new government planned no changes in foreign policy. Under Vargas Brazil was allied solidly with the United States against communism.

One of the planks of the new President's Social Progress party platform calls for greater freedom for foreign investors.

Vargas was buried yesterday in a small cemetery in Sao Borja, his family home in Rio Grande do Sul State. Thousands from all over the state passed by his bier.

Sao Borja's Roman Catholic priest made a brief oration and blessed the coffin just before it was carried from the town hall to the cemetery, but because Vargas had died a suicide there was no religious ceremony. Nearly 30,000 persons sang the Brazilian national anthem as the body was placed in the family mausoleum.

Thieves Take Fish Gear, Come Back to Steal Boat
BLOOMFIELD TOWNSHIP — Insult was added to injury yesterday when thieves made off with a 14-foot metal boat from which a rod and reel and tackle box had been stolen two weeks before.

The boat, fastened down with a heavy chain at the edge of Island Lake, was valued at \$125 and the equipment at \$45. Mrs. J. W. Bolinger of 1536 Kirkway told police.

Pontiac Deaths

Mrs. Lewis Barton
Mrs. Lewis (Grace A.) Barton, 65, of 121 Orchard Lake Ave died yesterday at Pontiac General Hospital after several weeks illness.

Born April 1, 1889 in Wisconsin, she was the daughter of John T. and Adelaide V. Van Alstine. Mrs. Barton came here from Port Huron 25 years ago and is a member of the Salvation Army.

Surviving are three sisters and one brother, Mrs. Alta Wightman of Buffalo, N. Y., Mrs. Nina Sandler of Isley, Alberta, Canada, Mrs. Beatrice England of Crediton, Ontario, Canada and Charles M. Van Alstine of Washington, D. C.

The body is at the Pursley Funeral Home.

Mrs. Thomas Johnson
Mrs. Thomas (Mackie L.) Johnson, 22, of 372 W. South Boulevard died Wednesday, at her home.

Born in Pontiac Aug. 31, 1931, she was the daughter of Marcus and Mary Smith Hollis. She was married here in 1948 and was a member of the University Haggie Spiritual Church.

Besides her husband, she is survived by her parents and three children, Lorene, Maggie Leone and Thomas Jr., all at home. Also surviving are three sisters and three brothers, Mrs. James Smith, Mrs. Elvira Hauley and Mrs. Susie Abran of Pontiac; Franklin of Dayton, Ohio; George Lee in the U.S. Marine Corps and Jerome of Pontiac.

The funeral will be Monday, at 2 p.m. from the University Haggie Spiritual Church, with the Rev. Alvin Woolingham officiating. Burial will follow in Oak Hill Cemetery. The body will be at the Frank Carruthers Funeral Home this evening at 7 p.m.

Grand Rapids Engineer Appointed to Committee

Joseph P. Jewell of Pontiac, president of the Michigan Engineering Society, announced today the appointment of Otto S. Hess of Grand Rapids as chairman of the society's legislative committee.

Hess, engineer-manager of the Kent County Road Commission, will be assisted by Claude R. Erickson and H. T. Ward, both of Lansing, and Grover C. Dillman of Houghton. Jewell is superintendent of the Pontiac Department of Public Works.

Lie Tests Planned for Holdup Suspects

Lie-detector tests will be given to two Flint men who Pontiac Police believe are involved in the Aug. 14 holdup of an Oakland avenue gas station.

M. B. Woody, 27, and Leroy Spence, 30, have consented to the tests after the gas station attendant, Dale Neely, 28, was unable to positively identify them as the men who robbed him at gun point of \$109, and \$35.38 check, according to Detective Allen Noble.

A third man, Riley C. Williams, 21, also of Flint, was bound over to Oakland County Circuit Court on an armed robbery charge by Pontiac Judge Cecil McCallum for arraignment Aug. 30. Williams was unable to furnish \$4,000 bond and is being held in Oakland County Jail.

The three men were arrested by police shortly after the holdup following an eight-mile chase that ended in Drayton Plains.

Local Resident Appeals Drunk Driving Conviction

Frank G. Monnett, 54, of 202 N. Cass Ave., appealed to Oakland County Circuit Court Thursday after he was found guilty of drunk driving by Pontiac Judge Cecil McCallum.

Monnett, freed on a \$200 bond pending his arraignment Sept. 7, contended he was not driving under the influence of liquor when police arrested him Aug. 11.

Following yesterday's trial, Judge McCallum ordered Monnett to pay a \$75 fine and sentenced him to 15 days in Oakland County Jail, or 30 days in jail if unable to pay the fine. He pleaded innocent at his arraignment Aug. 12.

Motorist Hurt at Car Collides With Test Truck

Earl Agar, 52, of 335 Waldon Rd., Orion Township, was admitted to Pontiac General Hospital with injuries suffered yesterday when his car collided with a test truck on M24 near Bald Mountain.

Harvie D. Powell, 46, of 219 E. Pike St., told Oakland County Sheriff's Deputy Albert DeConinck that when he applied brakes the truck skidded sideways into the path of Agar's northbound car. Powell is employed by GMC Truck & Coach Division. Agar is reported in fair condition today with knee, arm, hand and hip injuries.

Hutchinson Reported Set for New Contract

DETROIT (AP)—The Detroit News today reported today that Detroit Tiger manager Fred Hutchinson will receive a new one year contract to manage the Tigers in 1955.

The News reported that Walter O. (Spike) Briggs Jr., said he had made up his mind to retain the 35-year-old manager and his staff of assistants.

However, Briggs said Hutchinson's 1955 status had not been discussed with directors of the Detroit Baseball Co. and would not be until the end of September when the board meets.

Caution Urged on TV Repairs

Hiringer Says Some List Low Prices but Gouge on Parts

Television-set owners, were warned today by the Pontiac Chamber of Commerce against some TV-repair firms which advertise a lower than average service charge, but more than make up the difference by overcharging for parts installed.

C. of C. Assistant Manager John W. Hiringer said there is evidence one such company recently began operating in Pontiac.

A Pontiac housewife, Hiringer said, called in the company after receiving a card-advertisement similar to many distributed throughout the city.

The repairman replaced three tubes, at least two of which were still good, and charged \$1.10 over the established price for each tube, Hiringer reports.

The serviceman didn't list the tube numbers on the bill as is common practice, Hiringer explained, and attempted to carry the replaced tubes with him when he left.

"A reputable firm never takes parts from the home," the C. of C. man said.

"In the case of tube replacement, they say the service charge will be so much and charge just that plus price of parts installed, with no extra fee for installing the new tubes."

"The service fee is increased only when a repair job is lengthy and complicated."

"Companies, such as the one reported, usually are fly-by-night outfits who come in to make some fast money, then leave. They hurt both the people they do work for and reputable local dealers who operate on ethical standards."

"These fast-money firms have been known to replace perfectly good tubes in one man's set, then go next door and put tubes taken from his set in his neighbor's."

time you won't walk away. Pay your debts."

Rubinstein's attorney, Edwin B. Wolchok, quoted Lester as saying last June 21 that he had his own ways "of settling personal matters" when the lawyer refused to settle the case on Lester's terms.

Lester insisted that Wolchok arranged a personal meeting with Rubinstein.

Three detectives hid in Rubenstein's home. The detectives said they heard Lester say "What you got the other night was only the beginning."

After arresting Lester, the officers seized Raymond H. Shepherd, 38, and William Love, 35, outside Rubenstein's home.

Lester is free on \$7,500 bail awaiting trial on a charge of filing a false auto registration. He was arrested last year as a suspect in a ring, which bought cars in Canada with small down payments and then brought them to this country to be sold under fake registrations.

Authorities said Lester earlier was fined for illegal transportation of liquor and has been charged with illegal transportation of gold.

Boy Dies in Auto Crash During Race With Police

SOUTH HAVEN (UP)—A teen-aged boy was killed and his companion injured seriously during a high-speed police chase early today when their stolen car plunged off a section of highway known locally as "dead man's curve."

The dead boy was identified from papers found on his body as Paul Zion and his companion as Raymond West, both of Chicago. Both were 15. State police said they believed the youths were juvenile fugitives from Chicago.

In addition to her husband, Mrs. Mattison is survived by a daughter, E. Marlene, at home; three sisters, including Mrs. Charles O. Grimm of Williams Lake, and three brothers.

Boy on Motor Scooter Hits Parked City Bus

William McClaughly, 14, of 40 Sanderson St. was treated for minor injuries at Pontiac General Hospital Thursday when he ran his motor scooter into the rear of a parked city bus at Pike and Sanford Sts.

The youth was quoted by Pontiac Police as saying he momentarily disregarded traffic and waved to friends walking near the intersection. Police said the bus driver was Emory Overbaugh, 47, of 412 Riverside Dr.

Skunk May Not Return

HOLLYWOOD (UP)—Mr. and Mrs. Collins Johnson doubted today they would recover their "Petunia" despite the fact they are offering a "substantial reward."

"Petunia" is a skunk.

2 Hurt in Crash in Troy Township

A Troy Township motorist was hospitalized and a Birmingham man was injured yesterday when their autos collided as one motorist attempted to turn into his driveway on Big Beaver road between Livernois and Rochester Rds., according to Troy Township Police.

Clarence DeLoe, 58, of 632 Big Beaver Rd., is reported in good condition today at St. Joseph Mercy Hospital with scalp cuts and an arm injury.

Police said DeLoe was turning into his drive when his car collided with another driven by Angel Di Santis, 23, of 3496 N. Main, Birmingham. Di Santis, treated for forehead injuries, claimed DeLoe gave no signal before he turned. Police vice squad members went to make a statement.

3 Youths Create Monster in Basement Laboratory

ROYAL OAK — Shades of Boris Karloff! And Boris probably would turn a shade or two greener — with envy — if he saw the Frankenstein monster three Royal Oak youngsters created in just three weeks in a basement "laboratory."

The boys, Dan Jubet, 13, of 710 Hawthorne; David Staats, 14, of 332 Maryland, and Billy Russell, 13, of 625 Gardenia, dreamed up the mechanical man when they saw an article in a magazine outlining plans for constructing a robot.

Their "man" is powered by 40,000 volts of low amperage electricity coursing through an involved series of motors, devices and gadgets.

Frankenstein generally lies under a sheet, but he can raise his

arms and sit up. The youngsters hope to have him talking and moving his legs before long. Materials cost \$12.75, of which they have recouped \$2 from visitors. They charge 10 cents for adults and a nickel for children to view Frankenstein.

FARMINGTON — Lions Club members will gather near the town-hall on Oakland avenue tomorrow with brushes and hoses for an all-day benefit "Street Auto Wash."

Proceeds from the session will be used by the club for their projects for the blind or partially blind.

The local club's most recent contribution to the cause was a \$200 donation to the Leader Dog for the Blind Corp. Periodic contributions are given to the Leader Dog organization in Rochester to help make possible the continued supply of seeing eye dogs.

SASHABAW PLAINS — An ice cream social and peach festival will be held Saturday at the Sashabaw Presbyterian Church, beginning at 5:30 p. m.

Principal Sets Registration

High School Located on Crescent Lake Road Opens Aug. 30, Sept. 3

WATERFORD TOWNSHIP—Students in grades 9 through 12 attending the Waterford Township High School on Crescent Lake road will register for their coming school year from Aug. 30 through Sept. 3.

Roy Larmee, high school principal, reports that the high school office will be open from 7:30 a. m. to 1:30 p. m. each of those days with the evening of Sept. 1 set aside from 7 to 9 p. m. for those who cannot enroll during the day.

Regular classes for grades 9 through 12 will begin on Sept. 5. Due to work on the Crescent

Lake road, adjacent to the high school, enrollments have been coming in very slowly, said Larmee.

He urged students to try to report during their allotted times, but said if they are unable to do so, they should contact the high school office.

Expansion Necessary

WATERBURY, Conn. — John W. Nolan petitioned the city board of aldermen to waive the building code to allow him to convert a second floor porch into a bedroom. He needed the extra room, he explained, for his recently born twins. The petition was granted.

Dr. Dodson also has been elected to the council of the society.

Dr. Dodson to Receive Honor Rarely Bestowed on Women Astronomer's Achievements Merit Unusual Award

By JUDITH L. CLEMENCE
 Pontiac Press Women's Editor

A distinction rarely bestowed upon women in the field of astronomy now is claimed by Dr. Helen W. Dodson of the McMath-Hulbert Observatory at Lake Angelus.

Dr. Dodson, who has gained wide recognition for her outstanding work in solar research, has been awarded the American Astronomical Society's Annie Jump Cannon Prize—the highest honor open to women in the field of astronomy.

The award will be officially presented to Dr. Dodson at Princeton, N. J., in April when the society meets.

And, this same society also elected Dr. Dodson to its council—yet another honor she has earned.

Dr. Robert R. McMath, director of the observatory, said "The institution is greatly honored by these well-earned distinctions which have come to its staff member."

However, Dr. Dodson, who has received many distinctions in the past, modestly remarked that "the observations secured here (at the observatory) are unique and of such interest that our study is bound to lead to this sort of thing."

An associate professor of astronomy at the University of Michigan, Dr. Dodson is assigned to the research staff of McMath-Hulbert Observatory, which is a part of the university.

This scientist's work is based on the study of solar activity as recorded on motion picture film taken at the observatory.

Dr. Dodson keeps a close contact with Goucher College in Baltimore, Md.—an institution that will never cease to hold her high in its esteem. From this college she received her A.B. degree, and in 1931 she was the recipient of the highest honor it could confer—an honorary doctor's degree.

Following graduation from college, Dr. Dodson served as assistant statistician in the Maryland Department of Education. It was during this time that she decided to plan a career in science.

She took her post-graduate work at the University of Michigan where she received her doctor's degree.

At the L'Observatoire de Meudon just outside of Paris, Dr. Dodson studied solar physics, and she is a member of the Societe Astronomique de France. She also holds memberships in Phi Beta Kappa and Sigma Xi honorary societies.

A member of All Saints Episcopal Church, Dr. Dodson resides at Lake Angelus.

Fairway League Has Box Social at Lake Home

Mrs. Earl Stevenson's lakeside home on Motorway drive was the setting Thursday for the Fairway Golf League's September party and box social.

Following golf in the morning at Pontiac Country Club, members gathered to discuss final plans for the league's annual award party on Sept. 9.

Mrs. John C. Wilson was judged winner of the prize for the most attractively wrapped box at the luncheon.

Mrs. Elinor Moriarty was the guest of Mrs. Stevenson for the affair, and Mrs. Don Q. Breen had Mrs. Joseph Marcero Jr. as her guest.

The committee in charge of arrangements included Mrs. Fred Foster, chairman, and Mrs. Kenneth Bogard, Mrs. Wilson, Mrs. Ray Hoover, Mrs. Delbert Hammett and Mrs. Glen Hickson.

Soybean Futures Climb Higher

CHICAGO (U)—September soybean futures climbed further on the Board of Trade today in early dealings on buying influenced by reports of continued rain in the growing areas.

Wheat was firm on buying by houses with cash and export connections, but later dipped somewhat on profit-taking. Corn and oats also were higher.

Near the end of the first hour wheat was $\frac{1}{2}$ higher to $\frac{1}{4}$ lower. September $\$2.14\frac{1}{2}$, corn was up $\frac{1}{4}$ to $\frac{1}{2}$, September $\$1.64\frac{1}{2}$. Sats were unchanged to $\frac{1}{4}$ higher. September 74 $\frac{1}{2}$, rye was $\frac{1}{4}$ higher to $\frac{1}{2}$ lower, September $\$1.28\frac{1}{2}$. Soybeans were unchanged to $\frac{1}{4}$ cents higher, September $\$3.11\frac{1}{2}$, and lard was 15 cents a hundred pounds higher to 10 cents lower, September $\$17.37$.

Pilgrims Arrange Wreath on H. M. Robert's Grave

WASHINGTON (AP)—Many people go to Arlington Cemetery to lay wreaths on the tomb of the Unknown Soldier. But today a little band of pilgrims made its way to the grave of another American hero buried in Arlington, Brig. Gen. Henry M. Robert, and gratefully placed a wreath there.

Robert was the man who wrote "Robert's Rules of Order," for more than 75 years the final authority on how to conduct a meeting.

The pilgrims were members of Toastmasters International, an organization which specializes in teaching how to conduct meetings and make speeches. It's

Fired Teacher Hits Dismissal

Professor at U. of M. 'Underhanded'

ANN ARBOR (AP)—One of two University of Michigan faculty men fired for refusing to cooperate with congressional Communist hunters today called the university regents' action "very underhanded."

Dr. Mark Nickerson, associate professor of pharmacology, also said the action was "a very serious blow to freedom of thought."

Dr. Nickerson, 37, and Dr. H. Chandler Davis, 28-year-old mathematics instructor, were dismissed by the regents. Dr. Clement Markert, 37, a third faculty man who balked at some questions asked by a House Un-American Activities Subcommittee at Lansing last May, was ordered reinstated. He is a biology instructor.

The regents' action appeared final, with no avenue of appeal.

It was one of a number of repercussions from the subcommittee hearings. Several Flint auto workers and Detroit and Wayne University teachers were fired in the wake of the congressional investigation.

University President Harlan Hatcher, announcing the regents' action, said the vote on dismissing Davis was unanimous—8-0. Nickerson was discharged on a vote of 7-1.

On the regents' vote to discharge Nickerson, regent Alfred Combs of Kalamazoo voted only to censure him. Regent Kenneth Stevens of Detroit recorded the lone vote opposing reinstatement of Markert.

Davis was indicted by a federal grand jury at Grand Rapids Wednesday on 26 counts of contempt of Congress. This also stemmed from the Lansing hearing, conducted by a subcommittee headed by Rep. Kit Clardy (R-Mich.).

All three had been under suspension ordered by Dr. Hatcher shortly after they stood on constitutional grounds in refusing to answer subcommittee questions.

Fugitive Gives Up, Wants a New Start

DETROIT (AP)—Irving Goldfarb, a 32-year-old fugitive from Southern Michigan Prison, surrendered to Detroit police yesterday, saying, "We want the chance to start over again—with the record clean."

At his side was his wife Shirley. "Shirley and I talked it over," Goldfarb told police. "We figured the best thing to give of us would be for me to give myself up and when I do get out, we can start clean. We've got a 3-year-old daughter. We're thinking of her too."

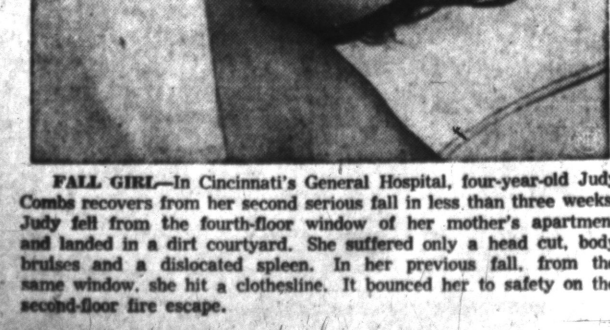

Goldfarb escaped from a prison farm six weeks ago. He still has a minimum of five years to serve. He was originally sentenced in 1944 to a 7½ to 15-year term. Paroled in 1949, he was arrested in 1950 and sentenced to one to four years for burglary.

The Machalak girl died yesterday in St. Francis Hospital, Hamtramck, of injuries suffered Wednesday when she was struck by a car after running from behind a parked car into a street near her home.

The Verlinde boy was killed when he broke away from his father and two older brothers and ran into the path of an auto three miles south of St. Johns.

Benjamin was injured fatally when a car in which he was a passenger overturned on U.S. 27, six miles south of Marshall.

Frechette was killed when he lost control of his car, 11 miles south of Traverse City on M37.

FALL GIRL—In Cincinnati's General Hospital, four-year-old Judy Combs recovers from her second serious fall in less than three weeks. Judy fell from the fourth-floor window of her mother's apartment and landed in a dirt courtyard. She suffered only a head cut, body bruises and a dislocated spleen. In her previous fall, from the same window, she hit a clothesline. It bounced her to safety on the second-floor fire escape.

Woodman Stumped by His Wooden Leg

GRAVENHURST, Ont. (AP)—Sixty-year-old Bert McConnell wasn't really lost the other night after a blueberry picking trip. He was just delayed because his wooden leg kept coming off.

Searchers found McConnell yesterday at a farm house. He had become separated from a friend while picking berries near here.

"Why call the cops?" asked McConnell. "I know these woods like the back of my hand. It was my darn leg that held me up."

McConnell's left leg is severed at the knee.

"It kept getting caught, coming off, and I broke the harness on it. Otherwise, I'm all right... and I got the blueberries."

First synthetic yarn was spun in the U. S. in 1910.

Horsepower Going Up

DETROIT (AP)—At least three makes of cars will have engines developing in excess of 260 horsepower in 1955. The steady increase in power output has started specu-

lation that 1956 may see a 300 horsepower automotive engine of the customary piston type.

Time zones in the U. S. were first adopted for the convenience of the railroads.

Theater Ideas Invade Scripts

Top Stage Performers to Appear in Shows by Leland Hayward

By JACK GAVER
United Press Drama Editor
NEW YORK—The influence of stage people on television—or maybe it is vice versa—will be more pronounced than ever this coming season.

One of the prominent signs of this can be seen in the announcement by Leland Hayward, a highly successful stage producer during the past decade, of his first of 13 supershows in color which he will supervise over a 13-month period, beginning Oct. 18.

The first one will consist of three of the nine plays from Noel Coward's collection called "Tonight at 8:30," an attraction that first was done here on the stage in 1936 and was revived a decade later.

Mary Martin, who has had only two TV appearances, will appear in all three of the Coward short pieces — "Red Peppers," "Still Life" and "Shadow Play." She will have a different leading man in each—Cyril Ritchard, a stage standby as actor and director, in "Red Peppers"; Joseph Cotten, who starred on Broadway last season in "Sabrina Fair," in "Still Life"; David Niven of Hollywood in "Shadow Play."

The scenery will be designed by Cecil Beaton, noted both in London and New York for his stage decor; Jay Blackton, orchestra conductor for many a Broadway hit, will be in charge of the music, and Richard Whorf, a theatrical triple-threat as actor-director-designer, is the associate producer for the Hayward TV series.

That's about as much stage influence as you can get before one set of TV cameras at the same time. In addition, Hayward outlined in an interview with this writer several weeks ago other of his program ideas and most of them stemmed from the stage.

One of them is the presentation, probably around the Christmas holidays, of Miss Martin in a TV version of the musicalized "Peter Pan" which she is currently doing on the stage on the West Coast. Hayward, incidentally, may bring this production to the stage in New York this fall.

Hayward emphasized in the interview that he was going to rely for his TV material on proven dramatic and musical works for the most part and, with few exceptions, these stem from the theater. And, although the material may be familiar, his chief aim is to use the flexibility of TV production in such imaginative fashion as to make it appear to be new.

Color Television Lines Now Reach 65 Cities

NEW YORK (UP)—Lines for color television transmission are operating into 65 cities and will be serving 95 cities by the end of the year, the Long Lines Department of the American Telephone and Telegraph Co. said today.

The company said that about 31,000 of the 59,000 miles of TV channels are now engineered to carry the color broadcasts.

COMO RETURNS—Now back on TV for his 11th year of broadcasting with the same sponsor is Perry Como. This coming year his program will feature an outstanding guest each week.

Pontiac Scouts Visit Colorado

Meet Home Town Folks During 4,200 Mile Tour of Rocky Mountains

GRAND LAKE, Colo. — Three Pontiac Explorer Scout posts arrived here today for horseback riding during a 4,200-mile tour of the Rocky Mountains.

Two of the members met friends from Pontiac who also are visiting Colorado.

David Birschmeier of 417 East Montclair street was greeted here by Mr. and Mrs. Orville E. Rule, Eddie Winchester of 200 Ypsilanti avenue met Mr. and Mrs. John Streiff, Streiff is Pontiac City assistant recreation director.

Here in the mountains, the group has been busy taking pictures and movies of almost every turn in the road, especially on famous Trail Ridge Road through Rocky Mountain National Park.

En route to Colorado, both posts 13 and 66 had minor mishaps.

The trailer of post 13 blew off, much to the dismay of Jim Spring of 101 Illinois avenue and Don Hegeman of 25 Ruth avenue, who had designed and built the lid just before leaving.

The one-wheeled trailer of post 66 also caused trouble. The wheel was repaired, Archie Haynes of 970 East Walton boulevard, however, continues to insist that "the wheel was in perfect condition when I overhauled it in Pontiac."

Most interesting event so far for Robert N. Webb, post four adviser, was inspection of an alfalfa processing mill in Cozad.

Robert Franks of 392 Lowell street, meanwhile, was impressed by the miles of corn fields in Iowa.

The Pontiac Scouts are camping in tents on their trip which will include stops at Colorado Springs, Colo.; Laramie, Wyo.; and Santa Fe, N. M.

Socialite Seeks to Reclaim Furs

Mrs. Ortiz Patino Says Friend Swindled Her Out of \$10,000 Coat

ROME (AP)—Joanne Connelly Ortiz Patino, voted New York's most beautiful debutante of 1948, filed a criminal charge today that she was swindled out of a \$10,000 mink coat and other furs last June when she left her husband, Bolivian tin heir Jaime Ortiz Patino.

The blonde socialite, 23, appeared with her lawyer, Earl J. Carroll, at the prosecutor general's office to demand return of the furs from Mrs. George de Randich, widow of a former Russian czarist officer.

Mrs. Ortiz Patino's complaint said Mrs. De Randich helped her escape from a Rome clinic last June, her first step in getting away from her husband, and that Mrs. De Randich subsequently turned her furs over to an attorney representing him.

She said the furs were her property long before she was married and asked the Rome Criminal Court to act against Mrs. De Randich.

Mrs. Patino is suing her husband heir to 60 million dollars, for divorce in Lausanne, Switzerland. He has a similar action under way in Paris.

Under Italian criminal law a foreigner cannot take legal action against another foreigner unless the latter is actually living in Italy. Ortiz Patino was not named as a defendant.

Deal for Deers

ROCKFORD, Ill. (AP)—Stephanie, an amputee doe, has found shelter in the home of Harold J. Williams. She has learned to share the quarters with other orphaned and hurt deer, Rudy, a little buck deer, and June, another doe.

MANILA (AP)—A Pacific typhoon generating winds up to 150 miles an hour was 200 miles east of the Philippines today and the Weather Bureau said it could strike the Batanes Islands off northern Luzon Saturday.
If it maintains its present course, the center of the typhoon would pass between the Philippines and Formosa, but both islands would be raked by edges of the big storm.
