

Pontiac Lawyer Refuses to Answer Probers

Hike in Phone Rates Denied

Tornado Strikes Connecticut Farm

REDUCED TO RUBBLE—Timbers from an 8-room farmhouse near Ellington, Conn. were scattered over a wide area when a sudden tornado hit the area. Two occupants, a mother and son, were found severely injured in an open field after being blown across the highway. A barn nearby also was flattened.

Michigan Bell Given 30 Days to Post Appeal

MPSC Says Earnings Already Exceed Fair Return on Investment

LANSING (AP) — The Michigan Public Service Commission today denied Michigan Bell Telephone Company's request for a \$22,300,000 annual rate increase.

The commission held unanimously that the company failed to prove that its rates are too low. The company has 30 days to appeal for a re-hearing.

Previously, the commission has granted Michigan Bell a total of \$28,949,882 in rate increases since the war.

Hearings on the current case started July 20, 1953, and were completed last Feb. 15.

If the rate increase had been granted, residential one and two party lines would have cost from 45 to 50 cents more per month, four party lines from 50 cents to 60 cents a month, rural rates 25 cents a month, business services from 50 cents to \$4.25 per month for flat rate services and from 75 cents to \$1.75 for message rate increases.

Michigan Bell based its petition on the rising price index since 1940 and the possibility of a business depression shrinking its opportunities for investment money. The commission said that the price level in the United States has risen steadily since 1940 without causing the "dire results" predicted by company attorneys for Michigan Bell's future.

The commission contended that the amount of money available for investment during inflation compensates almost entirely for the decline in the value of the dollar.

It said Michigan Bell has had no difficulty in securing "huge amounts of new capital" at its present dividend and earnings rate. The commission said that an earnings rate of 6.5 per cent on capital is adequate for Michigan Bell and that present earnings are in excess of that.

Vandalism Shuts Country School

32 Students Sent Home After Beer Drinkers Damage Building

Thirty-two students were dismissed from classes today after the county schoolhouse near Lake Orion was heavily damaged last night by beer-drinking vandals. The vandals smashed the Eaton School's seven windows with rocks and beer bottles and scattered debris over the floor.

Mrs. Ruth Young, teacher at the grade school, said she found pools of beer and empty bottles littering the floor when she arrived to open up this morning.

All of the students were sent home shortly after their arrival by school bus. Oakland County Sheriff's Deputy Ross Miller said this is the second time in a month that the school has been broken into. About a month ago thieves stole a movie and a slide projector and \$40 in cash.

The school is located at 1980 Predmore, about two miles east of Lake Orion.

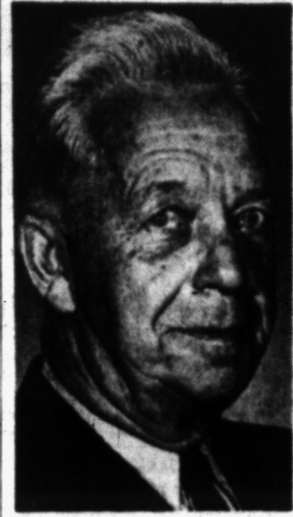

Woman, 74, Faces Court on 500th Drunk Charge

LIVERPOOL, England (U)—Mary Ellen McGregor, tiny, silver-haired and 74, appeared in court for the 500th time here today on a drunk and disorderly charge.

The magistrate gasped when Mary Ellen's record was read out by a court official, then commented sternly "we have no flags to put out here, but I am going to discharge you in commemoration of your notorious record."

Attorney Dies

CHARLES S. MATTHEWS

Veteran Lawyer of Pontiac Dies

Funeral to Be Thursday for Charles Matthews, Born Here in 1880

Charles S. Matthews, 73, native of Pontiac and veteran Pontiac attorney, died at Pontiac General Hospital Monday. He had been ill two weeks.

Mr. Matthews was born in Pontiac Dec. 28, 1880 and had lived here until he moved to Clarkston 14 years ago, where he resided at 52 E. Church St.

Son of Col. S. S. and Anna Hill Matthews, he married Mary M. Yokom in Detroit in 1912.

Mr. Matthews was a graduate of Pontiac High School and the University of Michigan Law School. He practiced law in Pontiac for more than 50 years, starting in with the late Judge James H. Lynch.

One of the highlights of his experiences at the University of Michigan was the fact that for four years he roomed with the late Fielding H. Yost.

A great lover of nature, Mr. Matthews had spent many hours hiking about the country.

He was a member of the Presbyterian Church, Oakland County and Michigan Bar Associations, Sigma Chi Fraternity, Michiganum Society and a life member of Pontiac Lodge 810 BPOE.

He is survived by his widow.

Funeral will be Thursday at 1:30 p. m. from Sparks - Griffin Chapel. Dr. Robert M. Atkins of the Clarkston Methodist Church will officiate and burial will be in Oak Hill Cemetery.

Identify Man Killed When Hit by Auto

Carl Edwards, 68, of 6 S. Shirley Ave., was identified last night as the man killed by an auto at 12-Mile Rd. and Woodward Ave. early Saturday, according to a report from St. Joseph Mercy Hospital.

Edwards' landlady, Mrs. Minnie K. Redmond, identified him after police found his address through a laundry mark on his shirt collar. He was employed at GMC Truck & Coach Division.

Funeral arrangements are pending at Pursley Funeral Home.

OK Is Unlikely for Dirksen's Speed Proposal

Mundt Asks Fairness; McCarthy May Begin Testimony Today

WASHINGTON (AP) — Sen. Dirksen (R-Ill) offered a new proposal today for suspending public hearings on the McCarthy-Army row but chances of its adoption appeared dim.

The Army opposed it and Chairman Mundt (R-SD), although saying he hoped "this miserable business" could be cut short, declared he would not vote to impose any procedure which any principal considered unfair.

There was a possibility that Sen. McCarthy might be called to the witness chair immediately after the vote, whatever the outcome.

Dirksen's plan calls for McCarthy to take the stand and for public hearings to be suspended once the senator has been examined.

However, there was a chance McCarthy would begin his testimony even if Dirksen's plan was rejected.

Just before the committee recessed for lunch, counsel for Stevens said the secretary was under treatment for a virus infection and suggested "it would be a gracious act" to excuse him from further testimony until he recovers. Stevens himself declared he felt fine.

But McCarthy put in that he felt the secretary would be excused under the circumstances and Chairman Mundt told Stevens he would not be called as a witness this afternoon.

That left uncertain who would occupy the witness chair.

Ray H. Jenkins, inquiry counsel, told reporters he would follow "orderly procedure" in calling the next witness. He refused to say whether this meant that Army Counselor John G. Adams would be the next on the stand.

The entire morning session was taken up with discussion of Dirksen's proposal.

All the Democratic members of the subcommittee as well as the Army opposed it.

From the witness chair, Secretary of the Army Stevens said the Army believes the hearings should continue in public and that "all the facts" should be put on the table.

Stevens said he thought the committee and the public should get a chance to see the witnesses on the stand, just as he has been subjected to 13 days of public questioning.

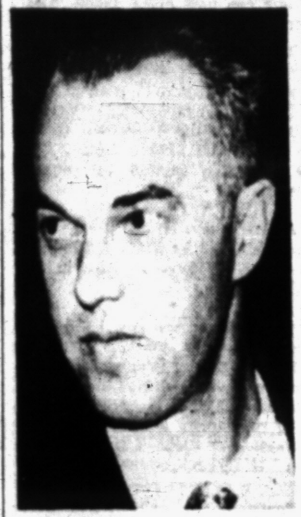

"All witnesses necessary should come before the committee in public hearings," he said.

Dirksen's proposal would suspend the public hearings after Sen. McCarthy testified, and they possibly would not be resumed.

Patriarch's Death Told

MOSCOW (U)—Church authorities disclosed today the death of Patriarch Gerg VI, head of the Armenian Apostolic Church.

Three Suspended

DR. C. L. MARKERT

DR. H. CHANDLER DAVIS

DR. MARK NICKERSON

REFUSE TO ANSWER—These three University of Michigan faculty members have been suspended by President H. H. Hatcher for refusing to answer questions about communism before the House un-American activities subcommittee Monday.

Pilot Dies While Waving Greeting to Girl Friend

MADRID, Spain (U)—A light plane carrying two Spanish air sergeants on a training flight swooped low over the city today so one of the airmen could wave at his girl friend. The plane crashed in a patio a few doors from the girl's home, killing both men.

John C. Houston Defies Solons at Red Hearings

Invokes 8 Amendments to Dodge Questions at Lansing Session

LANSING (AP) — John C. Houston, Pontiac attorney and recent University of Michigan graduate, today invoked half the Bill of Rights to refuse to answer questions on whether he is a Communist.

He was the first witness in today's televised hearings before the House un-American activities subcommittee in Lansing.

Asked if he was a member in his student days, the 28-year-old attorney invoked eight of the first 13 amendments to the federal Constitution in declining to answer.

They included the Fifth Amendment, which guarantee against self-incrimination.

"It is none of your business," he told the committee. He refused to answer questions about alleged Communist infiltration of the Ann Arbor Chapter of the National Lawyers Guild or of the Ann Arbor Town Club.

"It is the function of the people to tell Congress what to think, not Congress to tell people what to think," he said.

Rep. Gordon Scherer (R-Ohio), a committee member, asked Houston "Aren't you regularly conferring secretly with high party functionaries in Pontiac?" and "Isn't it a fact that you are the leader of the Communist underground in this area?"

Houston declined to answer and added, "You have no right to ask that question. Whether you like the Constitution or not, I do."

Houston, who was born in Dearborn, was represented at the hearing by Archie G. Leonard, a Pontiac attorney. Chairman Clardy pointed out at the start of the hearing that the committee does not infer any implication against any attorney representing witnesses.

Houston asked not to be telecast (Continued on Page 2, Col. 3)

Dulles Explains Position in Asia

Says U.S. Wants Pact Pledging Members to Fight Red Aggressor

WASHINGTON (U)—Secretary of State Dulles said today the United States wants a Southeast Asian alliance which would pledge member nations to fight if openly challenged by Communist aggression.

While Dulles said he hopes such an alliance will cover all Indochina, he asserted firmly that the loss of some or all of that country would not necessarily bring the loss of all Southeast Asia.

The secretary noted that President Eisenhower once advanced the theory that Southeast Asia might go down like a row of dominoes if Indochina falls.

On other matters Dulles:

Disagreed with former President Truman who said in a speech yesterday that foreign policy is no longer bipartisan. Dulles said he has done and will do everything in his power to continue the bipartisan approach at a time when the United States faces the greatest danger in its history.

2. Declared the Communist proposal at Geneva for an Indochina settlement is unacceptable because it is simply a device for extending Red conquest. He said that on the basis of the French proposal it would be possible to save Southeast Asia from communism.

3. Asserted he does not know of any basis in developments at the Geneva Conference on Asian affairs for any view that the United States suffered a diplomatic defeat there.

Bombers Pound Red Fortress

French Planes Level Three Rebel Villages Near Hanoi

HANOI (INS)—The French Air Force pounded a "Red Dien Bien Phu" near Hanoi today after Vietnamese troops in a series of sharp attacks seized a French defense post six miles from the city.

French military sources said 50 French bombers and fighters leveled three enemy-held villages in an air offensive launched last night to halt what appeared to be a new Vietnamese drive against the Red River Delta and the Hanoi area.

The villages were situated 18 miles east and southeast of Hanoi, where the French maintain military headquarters.

The Red-led Vietnamese forces for weeks, it was disclosed, have been converting the area into fortresses with barbed wire barricades and underground shelters similar to those at the French stronghold of Dien Bien Phu, 175 miles of Hanoi. The French stronghold fell Friday.

While the French planes were hammering the Red-held villages in the ricefield along the Haiphong-Hanoi railroad and highway, the Vietnamese attacked a half dozen French outposts from the western side of the delta.

Pushing out of the Sontay-Phuly area forming an arc near Hanoi, the rebels singled out the defense posts manned by Vietnam National Guards.

The French said all but one of the defense posts beat off the assault.

Holmes Names Advisor

LANSING (U)—Dwight H. Rich, superintendent of the Lansing Public Schools, today was appointed education advisor to the State Selective Service System by its director, Col. Arthur A. Holmes.

Pontiac Jaycees Select Officers for Two Years

Elected last night as president of the Pontiac Junior Chamber of Commerce for two years was John A. Benson. He succeeds William L. Treanor.

Benson is vice president of the M. A. Benson Lumber Co. He will take office June 1.

Other new officers named were: Stephen Hale, first vice president; Melvin Eller, second vice president; Richard Veasey, secretary; and Alfred Hansen, treasurer. Treanor and William O'Connor will serve as state delegates.

Men elected to the board of directors, other than the officers, were Donald Bergeron, William Fox and Richard Gruen.

Birmingham Commission OKs Porritt Land Zoning; Plat Approval to Be Next

From Our Birmingham Bureau
BIRMINGHAM — Moving swiftly through last night's agenda, the City Commission held a hearing and approved the zoning of the 40-acre Porritt property on Adams road.

The land will be developed by the W. E. Reid Development Co.

Next step will be approval of the additional Birmingham news on page 18.

planning calls for about 230 duplex units, 20 single-family residences and business frontage on Adams.

Commissioners approved a rewritten zoning ordinance to fit in with the modern trend of lower buildings. The ordinance governs awnings, marquees and canopies over public rights-of-way.

Paving and sidewalks on Torrey street, from Holland north approximately 110 feet, were approved at a hearing. Another hearing will be held when assessments are set up.

A proposed licensing ordinance to maintain control over the opera-

Navy Reports Flier 'Presumed Lost'

BIRMINGHAM — The Jacksonville, Fla. Naval Base has reported ENS. Donald R. Wilson, 23, the son of Mrs. Ralph A. Wilson of 1370 Riverside Dr., missing and "presumed lost," following his disappearance in a fighter plane over the Atlantic near Cuba.

Donald L. Cummings, spokesman for the family, said Wilson's wife, the former Peggy Kirby, had been notified that his plane disappeared from a formation while on gunnery practice.

A severe rainstorm impeded the immediate search, Cummings said.

A vice president of the Wilson Drug Co., the missing pilot was a 1948 graduate of Baldwin High School. He had been attending the School of Pharmacy at Georgia Institute of Technology when he entered the service about two years ago.

2 Birmingham Churches Report Thefts of Money

BIRMINGHAM — Thieves hit another church Sunday.

Following the report that about \$30 had been taken from purses at St. James Episcopal Church, police were notified yesterday by Irvah B. Waterbury, of 335 Williamsburg that her billfold containing approximately \$20 was taken Sunday from the Christian Science Church, a few blocks from St. James.

Birmingham Woman, 40, Hurt in Crash Monday

BLOOMFIELD TOWNSHIP — Mrs. Lillian M. Kennedy, 40, of 740 W. Lincoln, Birmingham suffered a fractured left hand and bruises in a two-car collision at Maple and Lahser Rd. yesterday. She is in good condition at St. Joseph Mercy Hospital, Pontiac.

Police said a car driven by William E. Holliday, 38, of Clarkston had stopped for a light when Mrs. Kennedy's car struck his in the rear.

Doctor Will Check on Godfrey's Hip

BOSTON — Radio-TV star Arthur Godfrey will have a check made of his year-old hip operation within a week or 10 days.

Bone specialist Dr. Otto Aufranc, who has been handling the Godfrey case since the death of Dr. Marius N. Smith-Petersen, will go to New York to make the checkup, a spokesman said last night.

The hospital announcement came after the entertainer told his TV-radio audience, "I've got to go back to the hospital and have it (the operation) done all over again" because there is "something mechanically wrong" with the hip.

The original operation, performed last May by Dr. Smith-Petersen, replaced the shattered hip bone with a new ball and socket joint covered by a metal mold. Both Godfrey's hips were smashed in a Washington automobile accident more than 20 years ago.

Einaudi Starts 7th Term

ROME — Luigi Einaudi today began the seventh and final year of his term as president of Italy.

Attorney Refuses to Answer Probers

(Continued From Page One)
vised at the hearing and his request was granted.

It was brought out that Houston has been practicing law 2½ years and was educated at the University of Michigan.

Frank Travenner, committee counsel, told Houston that Mrs. Berenice Baldwin of Detroit had identified him as a member of the Communist party in 1947.

"Is that true?" Travenner asked.

Houston replied that it was none of the committee's business.

Houston made a reference to the spiritual damage being done by the committee and Chairman Clardy said "It is not meet for anyone adhering to the Communist philosophy to talk of spiritual values."

Other questions that Houston refused to answer were whether he knew the number of Communist clubs on the University campus and if the Communists were successful in infiltrating the university chapter of the National Lawyers Guild.

When asked if he were issued Communist party card No. 69464 for the year 1947, Houston said, "This is clearly out of your field. I decline to answer."

At this point, Congressman Scherer (R-Ohio) said that he wanted the record to show that Houston's laughing and smirking throughout the testimony was "part of your contemptuous attitude."

Houston said, "Honestly, I have no contemptuous attitude. I have no disrespect for Congress, but for a long time, I have objected to the antics of this committee."

Richard K. Fox, unemployed East Lansing carpenter and former Michigan State College student, protested his being called and charged that a committee investigator had broken into his father's home to serve the subpoena.

Clardy denied this and warned Fox that he was putting himself in danger of a perjury indictment.

Fox repeatedly interrupted Clardy's statements and at one time called him a liar. Clardy then instructed the sergeant-at-arms to sit beside Fox while he testified.

Fox then refused on the grounds of possible self-incrimination to tell the committee his middle initial, in what branch of the service he served, whether he attended Michigan State College and if he was a member of the Communist Party in Detroit and Lansing.

Richard L. Davis, 43, a Detroit salesman, refused to answer all questions on whether he was a member or officer of the Communist Party or whether he had obtained naturalization in 1944 through concealing that he was a Communist.

Last night three university faculty members were suspended from their teaching duties when they refused to answer similar questions.

The subcommittee recommended contempt citations against one of the faculty members and two graduate students who appeared at yesterday's session.

University President Harlan H. Hatcher ordered the suspension of the two faculty members.

Harold Shapiro of the Independent Fur and Leather Workers Union of Detroit and Richard L. Davis of Detroit, an employee of the Concrete Wall Co., were other witnesses scheduled to appear today.

At the conclusion of yesterday's session, the subcommittee voted to recommend that the full committee cite the following for contempt of Congress:

Edward H. Shaffer, 31, of Ann Arbor, graduate student in economics at the university.

Byron E. (Mike) Sharp, 25, university graduate student.

Dr. H. Chandler Davis, 26, university mathematics instructor.

Clardy said the subcommittee would further study the testimony of Dr. Mark Nickerson, 37, associate professor of pharmacology, and Dr. Clement L. Markert, 37, assistant professor of zoology, before deciding on contempt proceedings.

Clardy said Shaffer and Sharp were in contempt because of contemptuous attitudes and answers and Dr. Davis because he relied only on the First Amendment to the federal Constitution in declining to answer.

The First Amendment guarantees freedom of speech, press and association. The subcommittee, Clardy said, recognizes only the Fifth Amendment, guaranteeing against self-incrimination, as a valid reason for declining.

All five declined to answer the direct questions: "Are you now or have you ever been a member of the Communist Party or of any organization advocating the overthrow of the government by force and violence?"

Dr. Hatcher said this was sufficient grounds for the immediate suspension of Drs. Davis, Markert and Nickerson from their teaching duties pending an investigation.

Dr. Hatcher said they had the right of appeal to a special committee of the University Senate before their cases go before the Board of Regents.

SIGHT TEST—Little Susan Caspary, 4, of 168 Lincoln Ave., one of the tots who came in for a free vision test at the Pontiac Vision Screening Center yesterday points a finger upward to show how easy it is to "read" the letter E. With her is Mrs. Phillips VanDusen of Birmingham Junior League. Vision tests will continue to be given today and tomorrow, from 9:30 to 4:30 p. m., at Stevens Hall, All Saints Episcopal Church, Williams and Pike Sts. All parents with children between the ages of three and five are invited to bring them in for vision examinations.

For Pre-School Children Vision Testing Continues Through Wednesday Here

Is your pre-school age child one of the 10 per cent who will walk in the world of shadows?—one who will, perhaps, never see anything sharply, clearly defined?

If you want to be sure he isn't, you still have one more day to take him in for a free sight test.

The Pontiac Vision Center, which opened Monday will remain open until 4:30 p. m. today and all day tomorrow from 9:30 to 4:30. Its location is Stevens Hall of All Saints Episcopal Church, Williams at Pike Sts.

It offers free vision examinations for children between the ages of three and five.

It is hard to believe, but one out of 10 children between the ages of three and five actually has faulty vision. Such vision defects, if caught before the tot reaches school age, are almost always correctable.

The vision screening clinic wants to test the eyesight of every child between the ages of three and five. It wants to be sure your child won't be one of the unlucky 10 per cent.

Sponsored by the Junior League of Birmingham, the program is in cooperation with Pontiac Board of Education and city, state and county health departments. It is backed by an advisory committee including prominent local physicians. It is instituted as a community service for people of all income brackets.

Here's how the tests are conducted: When you take your child in to the center, he (or she) will be greeted by one of the friendly, specially trained Junior League workers, who will start him off on interesting sight games that teach him how to "read" the testing chart. In a few moments the test is over, and all the youngest knows is that he's had a good time.

But you will know how well he sees. And if he happens to be one of the 10 per cent, you will have the chance to correct his vision before irreparable harm is done.

The vision screening program makes no attempt to diagnose or treat the cases of faulty vision. If your child fails to pass the tests, he will be referred to your family eye doctor for treatment. The Snellen section of the Massachusetts Vision Test is the method used. It takes but a few moments, and no appointment is needed.

The program closes in Pontiac tomorrow. For those who cannot come in now, three more clinics will be set up:

In Drayton Plains May 17-18 at Community United Presbyterian Church, Sashabaw Rd. and Monroe St. On May 19 at Christ Lutheran Church, Airport and Williams Lake Rds. And on May 21, at West Bloomfield Town Hall, 4460 Orchard Lake Rd.

The program is aimed to help your child. Take advantage of it.

St. Joseph Hospital Night Tours Slated

St. Joseph Mercy Hospital announced today it will stage an evening series of tours Thursday from 7 until 8 p. m.

Harold Brady, assistant administrator, said 150 men and women turned out to visit the hospital Monday, the first day of a four-day open house. Volunteers and St. Joseph Mercy Hospital alumnae will guide visitors on tours of the hospital from 2 until 4 p. m. today through Thursday and 7 to 8 p. m. Thursday as the hospital celebrates National Hospital Week.

American Red Cross volunteers acting as tour guides Monday were Mrs. Grace M. Dadds, Mrs. Margaret O. Reid, Mrs. Blanche Worthington, Mrs. Vernon Catlin and Mrs. George Horned.

Alumnae tour guides were Mrs. James Greene, Miss Dorothy Williams, Mrs. Richard Gagne and Mrs. Robert Timereck.

2 County Probation Violators Sentenced

Two south Oakland County men were sentenced to Southern Michigan Prison at Jackson yesterday by Circuit Judge George B. Hartick for violation of probation.

Archie Wilson, 20, of 10646 Hinsdale St., Ferndale, was arrested for stealing a suit from a parked car and received a one to 15 year term. He had been placed on three years probation last Dec. 21 for breaking and entering in the nighttime.

Carl Hyett, 23, of 2805 East 11 Mile Rd., Royal Oak, was sentenced to one to 10 years for enticing away a minor child. He had been placed on one year probation Feb. 8 for the same offense.

Telephone Calls to Boost X-Rays

TB Committee to Call Local PTA Members, Tell of Coming Drive

Pontiac's tuberculosis X-ray steering committee Monday named Mrs. Wayne Weaver as chairman for a telephone drive to tell local PTA families of the chest X-ray vans' coming visit.

The committee, meeting at Pontiac High School, dropped a proposed door-to-door canvass in favor of the telephone drive.

The mobile X-ray units will tour Pontiac for six weeks starting May 21 to take free chest X-rays of Pontiac people in a county-wide drive to find cases of tuberculosis.

The drive is sponsored by the Oakland County Health Department, Medical Society, Tuberculosis Assn. and Michigan, Pontiac, Birmingham and Ferndale-Pleasant Ridge health departments.

Mrs. Weaver, secretary of the Pontiac PTA Council, said the 22 Pontiac PTAs will attempt to call all PTA members to make sure families know of the drive.

Copies of the chest X-ray survey leaflet "Why Not Be Sure?" will be sent home with school children. Pontiac Zonta Club members, with Miss Lola Parkins as chairman, will mail letters about the visit to 400 local organizations.

Volunteers to help staff the two mobile X-ray units will be organized by Mrs. M. L. Shadley of the Oakland County Medical Auxiliary, assisted by Mrs. Matt Shelton. Mrs. Calvin A. Demmon was named publicity chairman for the steering committee.

6-Year-Old Injured in 3-Car Smashup

A 6-year-old Pontiac girl was treated at Pontiac General Hospital for head injuries sustained when the auto in which she was riding was involved in a three-car pile-up Monday on Highland road, Waterford Township.

Penny Lynn Shaw of 449 Racine St., was injured when the car, driven by her father, Reginald, 30, was struck in the rear by one driven by Leroy Smith, 40, of 301 Going St.

Waterford Township Police said Shaw had slowed behind Mrs. Nadeline Erickson, 32, of Waterford Township, who had halted for a hole in the road. Smith, coming behind, was unable to stop and struck Shaw's auto, driving him into the back of Mrs. Erickson's car.

The vision screening program makes no attempt to diagnose or treat the cases of faulty vision. If your child fails to pass the tests, he will be referred to your family eye doctor for treatment. The Snellen section of the Massachusetts Vision Test is the method used. It takes but a few moments, and no appointment is needed.

Jaycees Promote Youth Driving Contest May 23

A Teenage Road-E-O safe-driving contest for local youngsters will be sponsored here May 23 by the Pontiac Junior Chamber of Commerce, according to James P. Hursey, Jaycee chairman for the event.

All teenagers holding a driving permit or license are eligible to enter the contest which will be held in the Pontiac Motor Division parking lot at Kennett and Joslyn Rds.

The local winner will compete in a state event at Lansing on June 5, with a chance to proceed to the national contest slated for Aug. 10 through 14 in Washington, D.C. Application blanks can be obtained at Pontiac and Avondale High Schools or from any member of the Pontiac Insurance Assn.

Demands Examination on Narcotics Charge

William Thomas, 29, of 70 Bagley St., charged with illegal possession of narcotics, demanded examination Monday when he appeared before Pontiac Judge Cecil McCallum. Thomas was returned to Oakland County Jail after failing to post a \$1,000 bond, pending the hearing May 19 at 9:30 a. m.

Sgt. Donny Ashley, head of Pontiac Police Vice Bureau, said Thomas was arrested in a bar Saturday night while in possession of 48 marijuana cigarettes and 17 heroin capsules.

Vietminh General Agrees to Evacuation of Wounded

SAIGON, Indochina (U. S. Rebel Gen. Vo Nguyen Giap broadcast over the Vietminh Radio today his agreement to a meeting with French army representatives on the airfield at Dien Bien Phu to arrange for evacuation of the wounded from that fallen fortress.

Giap agreed to the quick evacuation of the fortress' 1,300 wounded after Gen. Henri Navarre, French Union commander, had addressed a message to him which was dropped on the battered fortress by a French plane early this afternoon.

The French commander also made an attempt to contact Giap by Radio Hirondele, the voice of the French forces in the Far East at Hanoi.

The Vietminh agreed at the Geneva Conference yesterday to permit the French to fly out 1,300 seriously wounded Union troops the Reds claimed were in the Dien Bien Phu bunkers when they captured the fortress.

Giap's message said his field agreement was "in conformity with the humanitarian policy of President Ho." He referred to the Moscow-trained Vietminh leader, Ho Chi Minh, who claimed to be president of the phantom government he has set up in the Indochinese jungles.

Once arrangements with Giap are made, the big problem will be landing facilities for the French transports. Dien Bien Phu is 175 miles northwest of Hanoi, nearest hospital center big enough to handle such a large number of cases.

The fortress' two airstrips were churned to rubble by rebel mortars and artillery. The besiegers' ever-encroaching trenches poked them repeatedly. Before the planes can land there, the strips will have to be repaired.

Whether the Vietminh will do this themselves, using war prisoners for labor, or leave it to French engineers was not known.

It appeared possible helicopters might start bringing out the most gravely wounded shortly.

The Vietminh radio said last night every possible medical aid

was being given the wounded. It said most of the injured men were being treated by their own doctors, who also are captives.

The broadcast made no mention of Genevieve de Galard Terraube, French air force nurse who was trapped in the fortress after rebel fire destroyed the helicopter which took her there for a visit last March.

DR. CHARLES L. ANSPACH

The annual meeting and dinner of Clinton Valley Council, Boy Scouts, will be held at Farmington Junior High School on May 13 at 7 p. m.

The guest speaker will be Dr. Charles L. Anspach of Mount Pleasant, President of Central Michigan College of Education. Several awards for outstanding scouting will be made.

Holly Township Boy Hurt in Car Mishap

A 1-year-old Holly Township boy was injured Monday afternoon when the car in which he was riding went out of control and struck a tree on Rattalee Lake road, Rose Township.

Kimberly Beebe of 17475 Buckhorn Lake Rd., Holly, is in critical condition at McLaren General Hospital, Flint. He suffered a brain concussion, hospital attendants said.

The driver, Miss Shirley Ann Grant, 19, also of 17475 Buckhorn Lake Rd., told Oakland County sheriff's deputies that the infant grabbed the wheel, throwing the auto out of control.

Miss Grant was treated for face cuts and bruises by a Holly physician.

Violators Plead Guilty

BLOOMFIELD HILLS—Appearing before Judge A. J. Richardson yesterday, Raymond C. Pitts, 22, of 63 Chamberlain, Pontiac, and Grant W. Davis, 45, of 880 N. Pemberton, Birmingham, both pleaded guilty. Both paid \$100 fines. Pitts was charged with driving under the influence of liquor and Davis with reckless driving.

14 Dead in Jap Cyclone

TOKYO (U. S. The known dead in a terrific wind storm which lashed northern Japan Sunday night rose to 14 today. Many persons were still missing.

No room charge for children under 14!

This plan is in effect every day of the week, every week of the year at Statler

★ If one or more children under 14 occupy the same room with both parents, the regular two-person rate applies for the room. If one or more children under 14 occupy a room with only one parent, the one-person rate applies for the room.

★ If one or more children under 14 occupy a room without a parent—that is, if more than one room is needed for a family—the one-person rate applies for the second room.

Bring the family for weekend of fun at the Detroit Statler!

SPECIAL STATLER FEATURES FOR TRAVELING FAMILIES

- Children's menus • Children's plates and silver
- Balloons for the youngsters after meals • Formulas prepared
- Reliable baby sitters • High chairs and cribs
- A basket of fresh fruit in every room occupied by children
- Radio in every room
- Delicious box lunches prepared

O-JIB-WA BITTERS HIGHLY PRAISED BY DETROIT COUPLE

Mr. and Mrs. Joseph Van Gansbeke, 6449 Concord Street, Detroit, publicly praise O-JIB-WA BITTERS for the relief that it has brought to them.

"My wife and I have suffered many years with indigestion and gas on our stomachs. I have

About two weeks after I started taking it, I was relieved of the pains and stiffness. My suffering from gas and indigestion went away too, so I talked Alice into trying it. She found relief too, in fact we enjoyed eating more as the food seemed to taste better. I used to take my bottle of O-JIB-WA BITTERS to work with me, so I could take my noontime dose. The other fellows at work often made fun of my taking it, but that didn't bother me because I knew it was good medicine. I suppose they were laughing at the name, "O-Jib-Wa," but what difference does it make what it's called as long as it makes people better. I am retired now, and my wife and I feel fine, thanks to your swell medicine. We are happy to tell everyone what O-JIB-WA has done for us."

AT ALL LEADING DRUG STORES

Mr. & Mrs. Van Gansbeke

been bothered with rheumatism, too, as the muscles in my back, hips and legs were stiff and very painful. Sometimes I was in such bad shape that I could hardly walk home from work. I tried many different medicines but nothing helped much until I read in the newspaper about O-JIB-WA BITTERS, and tried it.

To Build Dams in Partnership

U.S. Interior Secretary
Tells of Plans to Join
With Utilities Firms

PORTLAND, Ore. (AP)—The Eisenhower administration favors a "partnership plan" for construction of another huge hydroelectric power project on the Columbia River, Interior Secretary McKay said last night.

McKay, a former governor of Oregon, told a television and radio "partnership policy" would apply to construction of the proposed multimillion-dollar John Day Dam, an Army Engineers project. "In effect," McKay said, "the local public and private parties propose to put up some 60 per cent of the cost of the dam and get repayment in power over a period of 50 years. The federal government would pay the balance for power, flood control and navigation benefits. Ownership of the dam, including all power generating equipment, would remain in the federal government."

"This is a partnership arrangement in its broadest concept. It includes the federal government, public agencies, such as public utility districts and municipal systems, and commercial companies joining in a concerted effort to produce electric energy."

McKay said the Interior Department had joined with the secretary

FRANK CARRUTHERS
FUNERAL HOME
110 WESSEN ST.
PHONE FE 3-7374

Ambulance Service
at Any Hour

of the Army in pushing for an early start on the Great Libby Dam project on the Kootenai River in Montana.

"Libby is second only to Grand Coulee in its potential power production. . . . It is very much better than the proposed Hells Canyon Dam (on the Snake River between Oregon and Idaho) and less expensive," McKay said.

He also reaffirmed an earlier statement that federal power projects are not "for sale." "We will keep them as they are and build some more," he said.

McKay cited several other proposed projects which he said the administration's power partnership program would make possible. These included Cougar Dam on the south fork of the McKenzie River; Green Peter on the Santiam River, both in Oregon, and Priest Rapids Dam, on the Columbia River in Washington.

Would Halt Death to Study 'Breed'

PHILADELPHIA (AP)—A national jury known penal authority wants to save convict-author Caryl Chessman from California's gas chamber for use as a "guinea pig" for criminologists.

Dr. Negley K. Teeters of Temple University described the 34-year-old convicted kidnaper as a "brilliant criminal psychopath" who should be studied in order to find out about his breed and thus know more about hundreds of young delinquents who are following in the same pattern.

Scheduled to die Friday, Chessman has written a best-seller book about his 5½ years in death row at San Quentin Prison. Teeters said Chessman has an IQ of 172 compared to the normal 100.

Dane Tells U.S. to Keep Shemales Out of Denmark

LOS ANGELES (INS)—America can keep its men who want Christine Jorgensen-type sex change operations. Denmark doesn't want any more of them.

"Don't let the prospective Christines come to Copenhagen any longer."

Then he added with a smile: "Send them to the Middlesex Hospital in England instead."

That's the word from Dr. Viggo Starcke, a member of the Danish Parliament.

TURN IT OFF—Construction crews in York Beach, Me., don't mind radio programs or conversations on two-way radios. They put up this warning sign because dynamite can sometimes be set off by the radio signal of a passing car. Some frequencies have reportedly set off a charge prematurely as far away as 400 feet.

Jury Gives \$50,000 Policy to Actress

NEW YORK (AP)—Despite protests by A. Pam Blumenthal's widow, a jury has ruled a \$50,000 insurance policy left by the late financier should go to television actress Lisa Ferraday.

The jury decision in State Supreme Court yesterday granted the money to Miss Ferraday as guardian of her 7-year-old daughter, Carol Kincaid, who was named as beneficiary.

Mrs. Blumenthal's attorney had called the Hungarian-born actress a homewrecker and declared Blumenthal, who died Jan. 26, 1953, named Carol as beneficiary to defraud his creditors.

Miss Ferraday wept when the verdict was announced.

The actress, whose real name is Mrs. Elizabeth de Mezye Kincaid, met Blumenthal in 1949 after she had separated from her husband, Air Force Col. E. L. Kincaid Jr.

1 Word Causes Row in Senate

Foreign Policy Dispute
Aroused by Dem's Use
of 'Replace'

WASHINGTON (INS)—A Senate flareup over one ill-chosen and later-eliminated word in a Democratic speech generated new political tension today over foreign policy.

The word was never uttered by its original author, Sen. George Smathers (D-Fla.), but it was left unchanged in an advance news release and flashed abroad.

That prompted the foreign relations chairman, Alexander Wiley (R-Wis.) to denounce Smathers for what he branded a "faint-hearted and ill-advised" proposal.

The controversial word was "replace," and it was used originally by Smathers in a prepared statement urging that America "replace" her "now tired, worn allies of the old world" with younger, more - ignored allies in Latin America.

When Smathers delivered his Senate speech—two days after it was released to the press—he changed the word "replace" to "reinforce."

His change completely altered the meaning and, if corrected in time, would have altered the news stories which moved overseas. A change would have removed much of the sting it carried for the European allies.

Wiley, accusing Smathers of advocating a course of "appeasement" which would mean "walking out" on Europe, told the Democrat:

"You have set forth in the press of Europe that we must get rid of them. That was the only reason I sat down and got out my answer."

The incident was the first argument in Congress over foreign policy since Senate Minority Leader Lyndon Johnson (D-Tex.) accused the administration of pressing a foreign policy which would leave the U.S. standing "naked and alone in a hostile world."

It was an increasing indication that foreign policy will be directly involved in the 1954 election campaign—with more and more to come in congressional debate.

Smathers protested that he lacked the kind of foreign policy information which Wiley and other foreign relations leaders get from the State Department.

Wiley told him he could "go down and see the secretary of state." The Democrat replied with a query: "Where would I find him—he's in Geneva one day and somewhere else the next."

'Copter Pilot Saves Pair Stuck on Peak

FAIRBANKS, Alaska (AP)—An Air Force helicopter pilot, maneuvering his plane in the air currents swirling around lofty Mt. McKinley yesterday rescued a flier and his wife who had been marooned for four days on the peak's snowy slopes.

After three days of 100-mile-per-hour winds and fog, Capt. Ralph Searle of the 74th Air Rescue Squadron landed the 'copter at the 7,500-foot level of McKinley and picked up Mr. and Mrs. Dick Collins of Fairbanks.

Collins' light plane crashed last Thursday as he attempted to land supplies to a party climbing the highest peak on the North American continent. Collins and his wife escaped injury.

Fitzgerald to Run for State Post, Say Associates

DETROIT (UP)—Associates said today George S. Fitzgerald, former Democratic national committeeman, plans to seek the Democratic nomination for lieutenant governor.

A spokesman said petitions supporting Fitzgerald's candidacy are being prepared and soon will be circulated. Fitzgerald served as national committeeman from 1948 to 1952.

If he makes the race, Fitzgerald will oppose Philip J. Hart, legal aide to Gov. G. Mennen Williams. Hart so far has been the only candidate to announce he will run for the nomination.

Fitzgerald, an attorney for the AFL Teamsters Union, clashed with Williams in 1950 over the Democratic party's district conventions. He charged that "strong-arm" methods kept many elected delegates from attending the conventions.

The discoverer of the Wassermann reaction, August Von Wassermann, was a German professor of medicine. His death occurred in 1925.

Danish Workers Halt Weddings, Await Pay Rule

COPENHAGEN, Denmark (AP)—Forty Danish civil servants planning a mass wedding June 1 to get higher pay said today they will call the whole thing off—if the government provides equal pay for both married and unwed employees.

Married or divorced civil servants are paid more in Denmark than single ones. The group has announced the 20 husbands and 20 wives will apply for legal separation three minutes after the ceremony.

Verner Overoe, a customs officer who is spokesman for the group, said today all 40 would prefer not to marry and were ready to cancel the plan if the Finance Ministry met their pay demand.

Parliament will debate the civil service wage question tomorrow. If the outcome is not satisfactory, the 20 couples will meet tomorrow night to make final marriage plans.

Medical Science Now Stops Bleeding Piles Without Surgery

New York, N. Y. (Special)—Medical research has developed a harmless, painless, quick-acting wonder drug called RECTORAL, that is taken internally and goes right to the seat of the trouble. It does away with the old-fashioned messy, disagreeable-to-use ointments, suppositories, etc., that give little or no relief. It really is just a few days, bleeding with any accompanying irritation and soreness begins to disappear and in a few days more is completely gone. It has been tested in thousands of cases without any return of bleeding, even years afterwards.

RECTORAL can now be obtained without prescription at Simms, J.V. Hallman Drug, Lottrell Pharmacy, Walgreen's, Thrifty, Blankner & Jones, Dunsmuir, Cole's, Putney's, Rite, Quality, Kears, Drug, Kears, Harbor, Drayton, Plains, Auburn Heights.

Medics Should Try Diets Before Prescribing Them

By LAURA Z. ROBINSON
By International News Service

A physician after my own heart is a heart specialist I've never seen but whom I admire for his meaty good sense about doctors and diets.

He's Dr. Irvine H. Page, of the Cleveland Clinic. During a recent address to the American Heart Assn., one of several matters he covered was low-fat diets.

As any woman who's ever decided to diet. She swears off whipped cream, ice cream, butter, french dressing, chocolate and a dozen other goodies that go by the horrid name, "fats."

Which is just what Dr. Page did. He decided to go on a low fat diet himself.

For one year he stayed with his drastically reduced fat intake, with results that should fascinate anybody.

"An impairment of my disposition, and a constriction in the circle of my friends," were some of the side-effects of his experiment.

Desirable medical results were achieved, of course, like a decrease of fat in his blood and a loss of body weight.

"But worse," he went on, "was the feeling of depression and irritability... the experiment ended after a year with the firm conviction that diets should be changed with the greatest caution, and that physicians should be required to try their diets before prescribing them."

It isn't only diets, either, that doctors might start trying out on themselves before passing along advice.

"Stop worrying," "Get more exercise," "Go to bed earlier," "Drop everything and have a nice little vacation down south for a couple of weeks" — all these are familiar little directives handed out millions of times a year by America's M.D.s.

Just suppose you could say, "You go to bed early for a year first, Doc"—wouldn't that perk you up mentally and physically right off the bat?

Or let's say you have three school kids, nobody to help with the cooking, cleaning, marketing, mending and tasty arrangement of flowers, and your doctor says, "You must take a long rest every afternoon."

Low-Flying Bird Cuts Power in Oxnard, Calif.

OXNARD, Calif. (U)—Hundreds of Oxnard residents were almost an hour late to work yesterday because a bird flew low over a 16,000-volt power line with a piece of wet string and short circuited the Southern California Edison Co. lines. This caused a circuit breaker to cut the power from a 66,000-volt power line feeding Oxnard. The bird got away with his life.

Atom Plant in Asia Urged by Douglas

NEW YORK (U)—Supreme Court Justice William O. Douglas proposes that the United States build an atomic plant in Asia dedicated to peace.

Douglas told the American Assn. for the United Nations last night: "We were the ones who first scorched a city with the bomb—and that city was in Asia. Let us, in humility, take to Asia an atomic plant dedicated to peace."

"It will speak more eloquently than any propaganda of the devotion of America to the interests of the common man, whatever may be his creed or color."

Cost of H-Bomb Brings Evasion in Parliament

LONDON (U)—Laborite Sydney Silverman got a fast double shuffle in the House of Commons last night when he asked how much it would cost Britain to make one of America's latest hydrogen bombs.

"Unless Mr. Silverman is able to give me particulars of the American bomb to which he refers," replied Supply Minister Duncan Sandys, "I cannot estimate the cost of manufacture." Sandys added solemnly:

"My answer is intended to be purely evasive."

Deaths Last Night

TUCALOOSA, Ala. (AP)—Frank Thomas, 55, former football coach and athletic director at Alabama, who led Crimson Tide teams into three Rose Bowl games and through four undefeated seasons. Born in Minnie, Ind.

NEW YORK—Ashley Wend Dickinson, 64, obituary editor of the New York Journal-American, a former sports editor of the Morning Telegraph and a newspaperman for 40 years. Born in St. Paul, Minn.

WILTON, Conn.—Mrs. Cecelia Cuddeback, 80, a member of the Chicago meat-packing family.

CRAWFORDVILLE, Ind.—Mrs. Louise E. Manson, 84, a past national president of the Ladies of the Grand Army of the Republic, an auxiliary of a Civil War veterans organization.

You Can Go First Class With Rennel

All the way in your social circle, at your office and in your home. No need to be burdened with a weight handicap, nor be concerned with the effects of a party snack. Rennel Concentrate, a quality product, is priced within your reach. Mrs. W. Layton, 2148 Collingham, Farmington, Mich., writes, "I am so happy with the results from Rennel and the speed with which it works. In very short order I lost 22 lbs. going from 140 to 117 lbs. No more do I have to refuse party refreshments and settle for a cup of black coffee because I know I can count on Rennel to take care of my weight. I tried just about every reducing pill on the market and dieted too but my weight kept going up. Then I read about Rennel and now I wouldn't be without it. My family is as pleased as I am with my new glamorous figure. I owe all this to Rennel. I don't have to starve anymore to keep in trim shape." Legg Rennel goes to work quickly. If not pleased with the very first bottle return it to the manufacturer for your money back. \$1.40 at your drugstore.

CIO Local 594**Re-opens Hall**

Open House for Retired Members to Continue Through Thursday

A three-day open house for retired members of UAW-CIO Local 594, and their friends, got under way this morning in the union hall at 90 Mount Clemens St. Hours are from 10 a.m. to 5 p.m.

Union members authorized the expenditure of \$1,500 last March to equip the union hall with furniture, television and games. Now completed, the renovated hall will be used as a drop-in center for about 200 retired members.

Mrs. Josie Mann of 41 E. Montcalm St., Thomas Hodgson of 7034 Bridgeland Rd., Clarkston, William Morris of 81 Longfellow Ave., and Frank Ball of 107 N. Sanford St. are members of the preparations committee.

During the past week they have spent their spare time cleaning the hall and arranging the furniture for the open house.

Blood Donors at MSC**Set New School Record**

LANSING (UP)—Michigan State College students have established a new blood donor record of 2,129 pints, the Lansing Regional Blood Center said today.

The drive, sponsored last week by the Army and Air Force ROTC cadets, topped MSC's fall mark of 2,106 and is the nation's best collegiate donation so far this year.

Israel's Sixth Birthday

People of Israel and Jews throughout the world can look back with great satisfaction on the progress made by this democratic republic in the first six years of its life.

Situated as it is in the turbulent Middle East, Israel's problems are many and difficult. But since its Independence Proclamation May 14, 1948, the strides it has made in all directions have exceeded expectations.

Total area of Israel is 8,048 square miles, or about the size of New Jersey. At the outset the Jewish population was 650,000. By the end of 1953 that total had been augmented by the immigration of 718,000 Jews from 72 countries.

Today the total population is 1,630,000. This includes 180,000 non-Jews of whom 123,000 are Moslems, 40,000 Christians and 16,000 Druzes.

Israel's government includes a unicameral, 120 member Knesset, or parliament, which elects the country's president. Having been created as a Jewish homeland, it was only natural that the first law passed by the first Knesset should be the "Law of the Return." This provides that every Jew has the right to return to Israel without restriction.

Effective efforts are being made for expansion of agriculture to as near self-sufficiency as possible. Increased industrial activity also is the aim of government policies. Since 1949 exports have increased from \$10,000,000 to \$34,000,000 a year.

In this anniversary period the young democracy has the best wishes of the Western world for continued growth and increased prosperity.

Scelba Warring on Reds

For Italy's Western Allies the best recent news is the vigor with which Premier MARIO SCELBA is cracking down on that country's Communists.

This is important because the Communist party in Italy is the strongest on this side of the Iron Curtain.

His first move was to order the party and its affiliates to vacate government buildings they seized during the liberation and have occupied rent free since. He has forbidden the party to use government printing presses for its publications.

But far more important, the premier is seeking five new laws which would be body blows to the Communist party. One of these would end its monopoly of East-West trade, a percentage on which keeps the party's treasury well filled.

SELBA wants a law to fire higher civil service officials if they are Communists, and another to exclude Red members of parliament from all connection with defense, police and foreign affairs.

The others would create a commission to investigate Italian Reds' ties with Russia and bar persons with foreign citizenship from parliament. The latter is aimed at PALMIRO Togliatti, leader of the party, who holds Russian citizenship and is a member of the chamber of deputies.

SELBA's task isn't an easy one. The Reds have 2,000,000 members and they are well financed and well organized. But Italian opinion is that the SELBA policy of continuous counteroffensive is the only hope of containing the Reds. Certainly the passive resistance policy of previous Italian governments has proved futile.

Building Industry Busy

Another of the favorable signs visible on the economic horizon is the fact that new construction in the first quarter of this year continued at about the 1953 rate.

The importance of this is that last year the total of all new building construction reached the all time record peak of just under \$35 billion. New construction, of course, is one of the mainstays of the country's economic life.

Figures furnished by the U.S. Housing and Home Finance Agency show the effect of price changes in the home building field. In 1953 residential building was the biggest single item in overall construction, amounting to more than a third of the total.

Private home building added up to \$11.9 billion. This was only \$700,000,000 under the dollar peak set in 1950 even though the number of new homes started was nearly 300,000 fewer. The difference is that the average construction cost per dwelling unit was \$9,500 for 1953. This was about \$1,000 higher than in 1950.

One of the reasons for continued high activity in construction is the Nation's \$200 billion annual payroll, reached for the first time this last year. Here is dramatic proof of the extraordinary expansion of the people's purchasing power in the last decade.

Incidentally, this record national payroll is larger than the total of national income for any year prior to 1948.

"CALIFORNIA Thief Steals Five Tons of Steel."—Headline. It must be terrible for a person to have something that heavy on his conscience.

Tulip Display Reaching Its Top Beauty in a Few Days

Spring: A season which appears to be in training for the championship backward spring.

The annual tulip display is approaching its peak at

White Chapel Memorial Park, corner of East Long Lake and Crooks Roads, and will be at its best over the coming weekend. In most every color, 100,000 tulips will greet visitors. All can be seen from the driveways, without leaving your car. There is no admission fee, and

Manager Dorval D. Symons states that the park is open from eight o'clock in the forenoon until sundown every day, including Sunday.

Driving past the Bloomfield Hills Golf Course Monday morning.

Roger Harmsworth of Birmingham reports that he saw three deer, one with large horns, who leisurely teed off when he approached them.

Now retiring after serving as a nurse at Oakland County Tuberculosis Sanatorium for 28 years,

Miss Goldie Masters has been honor guest at a number of recent functions.

In commenting on their prizes, Mrs. Bernice G. Jozwik of 6151 Adamson Road, Drayton Plains, and

Robert I. McCormick of 76½ Newberry St., Pontiac, both state that for many years all members of their families have made entries in the Man About Town baseball and football contests, now winning for the first time. They both say it always is worth the effort, even if you don't win.

A Pontiac after luncheon friendly card game almost became unfriendly the other day when the dealer asserted one of the others was crooked because he was not playing the cards he had been dealt.

Pontiac Manager of the Detroit Tigers, George Winters,

figures they might finish as high as fourth if they don't have too many injuries, and if their youngsters keep up their early season hitting. However, the trout season is causing George to wax nostalgic even more than the baseball season. When the boys talk of heading north George recalls the huge trout that used to rise in the stream that meanders through Grass Lake.

In a bridge opening parade at Flint Saturday, one of the oldest cars in line was a 1909 Model T Ford, owned by

Robert C. Beattie of 3557 West Walton Boulevard, and driven by him. Bob denies the Sunday paper story that the old car flunked out, apparently arising from the fact that some boys appeared to be pushing it, when they only wanted to touch the venerable vehicle. It made the entire distance on its own power, and still is going strong.

Now living at Long Beach, Calif.,

P. T. Rucker, aged 83, writes that he attended the Michigan Military Academy at Orchard Lake in the closing year of the last century, and wonders if anybody here has some pictures of it. If you can be of any assistance, contact Man About Town.

Controversy Over Progressive System of Education Disturbs 'Parents of Two'

(Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these requests, unless the letter is critical in its nature.)

As parents of two children we are concerned over recent remarks made questioning the effectiveness of the progressive system of education being taught throughout the nation.

A recent magazine article claimed that the progressive system is fine for above average students but of little benefit for average and below average students.

We understand that teachers in junior high schools feel that average students taught under the progressive system are inadequately prepared for the more complicated studies and concentration is low.

We understand that teachers in junior high schools feel that average students taught under the progressive system are inadequately prepared for the more complicated studies and concentration is low.

By DAVID LAWRENCE
GENEVA — They are trying here the unprecedented job of endeavoring to negotiate a military armistice at a political conference.

It means all the jockeying back and forth of a Panmunjom palaver plus all the doubletalk of official propaganda that goes on at a political conference of 19 delegations.

If out of all this comes a ceasefire in Indochina satisfactory to the Allies, it will be a miracle. If there emerges a sell-out to the Communists, this will not surprise the "left wing" elements throughout the world which have been clamoring for it, but there could be some grave consequences from such a surrender.

As Secretary Dulles said in his main speech here, "Peace is always easy to achieve — by surrender." The United States has already announced it would disassociate itself from such a so-called "settlement."

The United States has given the go ahead to the French to explore the whole subject in further discussions on the basis of the proposal made last week by Foreign Minister Bidault.

This doesn't mean that America approves it or will guarantee it in the end but merely that it is a desirable starting point.

There is always the possibility that the Communists will reject any proposals that are offered, and hence America cannot be in the position now of refusing to see any plans advanced in the parleys with which it might in some respects be in disagreement.

The general principles of an Indochina settlement have been stated only in part thus far.

The question of whether the United States will join in guaranteeing by military force an armistice line depends on whether, as a practical matter, the proposed line does or does not constitute a means by which the Communists will obtain control of Indochina.

There are so many "ifs" involved that a long-drawn-out negotiation seems in prospect. The key to this conference is the "peace at any price" attitude which exists in so many countries, including the United States.

It is wrong to generalize that none of the free nations today has the will to fight, for a real crisis — such as a threatened invasion — the situation would change overnight.

But to mobilize strength to ward off such an invasion, to bring some

As the lower grades are the formative years, not only in their basic education but in their ability to settle down and understand teachings, serious thought must be given to the very best method of teaching the all important three R's.

How do other parents feel? We would like to hear both pro and con on this vital subject.

The talks of staff officers at Singapore have proceeded, to be sure, as a sort of concession to American pressure and as a piece of camouflage to give an outward appearance of unity, but in reality it may be doubted whether a Southeast Asia pact is sincerely desired by the British government and whether they will go along with it wholeheartedly despite the pledge of unity which they gave Dulles when he was in London on April 12.

What this means to the negotiations at Geneva for a settlement of the Indochina war is that, at a moment when the United States made a constructive suggestion for a plan that would encourage the whole of Southeast Asia to resist further aggression by the Communists, the British government decided to pour cold water on the idea in a debate which was forced upon it by the opposition Socialist party in parliament.

This is not the way to impress the Communists. It is the way to cause them to miscalculate the resoluteness of the free world.

Such a miscalculation, once made by Hitler, can be made again by Malenkov and in the end, as a result of some overt act, would come a world war.

(Copyright 1954)

But there has been no formal statement since that same evening, when, in the course of a parliamentary debate, Secretary Eden backed away from this declaration, saying it was not any commitment whatsoever.

It would be interesting, I thought, to learn whether the calcium deposit in the bursa, discovered a year after complete recovery from bursitis, when I had a fracture of the other shoulder and X-ray films of both shoulders were made for comparison, was still present.

But the trouble cleared up and I suppose the question will remain unanswered until the autopsy.

A good many physicians, I gather from browsing in current medical literature, harbor a half-baked notion that a "deposit" of calcium (calcareous material) or calcification in or around a bursa, as shown by X-ray, is the cause of bursitis.

This is an error into which doctors fall because they are not well grounded in pathology or they have forgotten the fundamental

principles of pathology under the impact of the findings of research investigators subsidized by rich corporations.

Only after several years' study of the question have I concluded that there is no scientific evidence to support the notion that calcification or a deposit of calcareous material in or about bursas, joints, artery walls, or other tissues or organs is a cause of disease.

Such calcification occurs only as a consequence of injury, sprain, strain, degeneration or other pathological process. I make this statement without fear of contradiction.

From correspondence with hundreds of semi-invalids who sorely need an optimal daily intake of calcium and vitamin D I learn that even when the poor souls have experienced striking benefits from a few weeks of Ca and D feeding, their nineteenth century doctors are likely to warn them to discontinue supplementing their faulty diet that way for fear of

Case Records of a Psychologist

Heart and Blood Vessels Endangered by Smoking

"Why do doctors smoke?" you may wonder. Well, most of them started as glibbie teenagers and now are victims of this nuisance habit. If you want the real lowdown on tobacco, study this Case Record carefully.

By DR. GEORGE W. CRANE
Case L-302: Bert L., aged 28, is the husband of Lorna, whom we mentioned yesterday.

"Dr. Crane, is it really true that cigarettes are medically harmful?" he asked.

"If so, why do so many physicians and dentists and other scientists use them?"

"What would you consider the most objectionable things about tobacco from both the medical as well as the psychological angles?"

Tobacco is simply a nuisance habit which the tobacco companies have foisted upon a glibbie public in order to make cash profits. Tobacco offers you no food

Baering Down

By ARTHUR "BUGS" BAER
International News Service
Bipartisan foreign policy means the Republicans want the Democrats to take half the blame.

We are hooked up worse than an idiot's mule. Which is a hold-over from Roosevelt's untrammelled capers.

Roosevelt was as independent as a glazier throwing rocks at a greenhouse. He caught 'em and told 'em nothing.

If Franklin Dee had been born twins he would never have let his left hand know what the voice of Esau was saying.

At that time the GOP complained morosely it got half the grief and none of the gravy.

Harry Truman was the heir to the hoar, and tied on several ribbons of his own.

So the GOP couldn't complain it hadn't taken over a going concern. It was going in more directions than frightened fish.

The Republicans walked into a fertile mine-field trapped with such exploding trifles as the Truman doctrine, North Atlantic Treaty and Marshall Plan. They had no more to say in those apertures than you have in the marginal notations on a Tibetan prayer wheel.

The GOP was like the guy who sub-leased a house and tried to heat it with the cinders in the cellar.

In the ultimate diagnosis of sheer and sheer alike it is the galled sheep that winces.

Even in whispering campaigns the two parties do not see ear-to-ear.

THOUGHTS FOR TODAY

And his mother said unto him, upon me be thy curse, my son: only obey my voice, and go fetch me them.—Genesis 27:13.

That was a judicious mother who said, "I obey my children for the first year of their lives, but ever after I expect them to obey me."—Beecher.

Dr. Brady Finds No Scientific Evidence That Calcium in Bursas Cause of Bursitis

By WILLIAM BRADY, M. D.
For a few days last week it seemed I might be getting a recurrence of the subacromial bursitis I had twenty-four years ago.

It would be interesting, I thought, to learn whether the calcium deposit in the bursa, discovered a year after complete recovery from bursitis, when I had a fracture of the other shoulder and X-ray films of both shoulders were made for comparison, was still present.

But the trouble cleared up and I suppose the question will remain unanswered until the autopsy.

A good many physicians, I gather from browsing in current medical literature, harbor a half-baked notion that a "deposit" of calcium (calcareous material) or calcification in or around a bursa, as shown by X-ray, is the cause of bursitis.

This is an error into which doctors fall because they are not well grounded in pathology or they have forgotten the fundamental

value. It doesn't promote health or mental agility. It just gives you a nervous outlet which chewing gum can do better.

Obviously, it isn't as hazardous as liquor as regards driving an auto or operating dangerous machinery, for tobacco has only a moderate injurious effect on mental processes.

But it burns up over \$80 each year from the pocket of the average cigaret smoker in America.

It also adds considerably to the carbon monoxide content of your

blood, thus cutting down your "wind," as athletes describe it.

It promotes inflammation of the windpipe and bronchial tubes, thus causing heavy coughing at night and morning when the smoker first lies down or arises from his bed.

Lung cancer is now the most common type of cancer of all varieties, and it is regarded as a result of smoking. So, too, are mouth and throat cancer.

The smoker not only has constant inflammation of the windpipe, but also irritation of the lining of his blood vessels, thus causing them to become scarred and inelastic, so the blood pressure must rise.

Other toxins besides tobacco causes high blood pressure but the smoker is endangering his heart and blood vessels with every cigaret. Burger's disease is a final result of this damage to arteries.

In Burger's disease the patient has pains and night cramps, in the calves of his legs due to reduced circulation, for the vessels grow so thick they can't carry adequate blood.

Ultimately, gangrene sets in and he may require amputation of one or both legs or even his arms.

The smoker ultimately becomes relatively if not entirely impotent. In my extensive practice, I've found that men past 50 who complain of impotency are the heavy tobacco users.

"But why do doctors smoke?" Bert protests.

Because they are human beings and, as such, react uncritically in their teens to the superb advertising psychology used on them by the tobacco companies via radio, TV, colored movies and magazines.

The tobacco and liquor companies do the best job of advertising in America, partly because they pawns cause cancer with the cigarette. Inconsistent, isn't it?

Leaders in the anti-cancer campaigns cause cancer with the cigarette in their left hand, while in the right they hold out pledge cards asking you for funds to combat cancer. Inconsistent, isn't it?

Always write to Dr. Crane in care of this newspaper, enclosing a long 3-cent stamp, addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

These 1890 style doctors generally have only a vague idea of the minimum nutritional requirement of calcium and sunshine vitamin D in infancy, youth, adulthood, pregnancy, lactation and advanced age.

If they knew a little more about nutrition they would realize that the daily Ca and D intake of most Americans and Canadians is insufficient to

New Rebels in Paraguay Likely Will 'Go for Broke'

By CHARLES McCANN
United Press Staff Correspondent
The new revolution in Paraguay is only one of a number.

Paraguay seldom gets into the headlines except when it has either a revolution or a war. Then, sometimes, the headlines are big. The little country's national

motto might well be "go for broke."

Its politics are rugged. Paraguay has had six different presidents in the last six years. It has had 19 presidents in the last 34 years and 34 in the last 55 years, including some who

went out of office but returned later.

Paraguay's wars are rugged, too. It can only get into a war against great odds. It is one of two South American countries which has no ocean boundary. It is surrounded by Argentina, Bolivia and Brazil, all far larger.

But when the time comes to fight, Paraguayans do not ask the odds. They go all out. The blood of the Spanish Conquistadors and the Guarani Indians flows in their veins and it is fighting blood.

In 1864 Brazil intervened in a Paraguayan civil war. The civil war became a Paraguayan-

Brazilian war. Argentina and Uruguay entered on the Brazilian side.

At the time Paraguay's population was about 1,337,000. The able-bodied men went into the fighting first. After every able-bodied man had gone in, the women and boys went in.

When the war ended in 1870, whole battalions of women and of boys 12 to 15 years old were fight-

ing. The country's population was estimated at about 250,000. Only about 28,750 were men. Even now, the population has risen to 1,425,000.

No country, big or small, in modern history has fought like that.

In 1932, part of the wild Chaco territory was in dispute between Paraguay and Bolivia. Little groups of soldiers of the two coun-

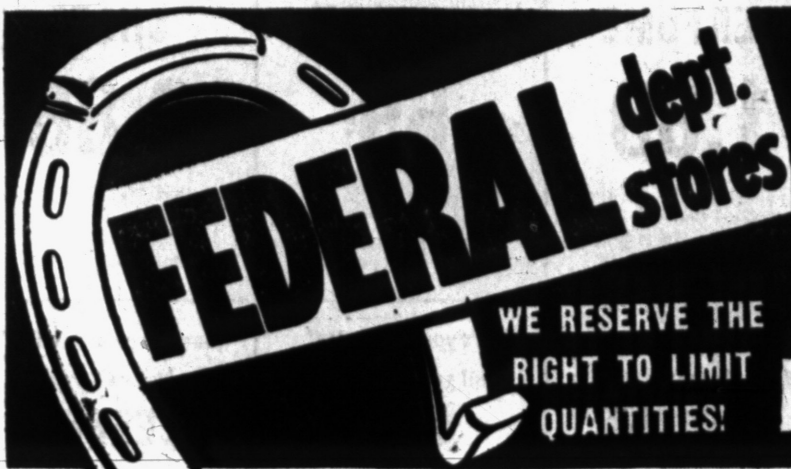

tries had been fighting skirmishes for several years before the real fighting started.

Paraguay was soon exhausted economically and financially. This made no difference. It fought on. It held its part of the Chaco.

A truce was arranged in 1935. Under an arbitration award of 1938 Paraguay received about three-

fourths of the disputed territory. Bolivia was given free transit through certain zones.

Commission Has Short Agenda

Will Deal With 12 Items of Routine Business at Tonight's Meeting

A short agenda containing 12 items of routine business is scheduled for the Pontiac City Commission meeting tonight.

A resolution is expected authorizing the city clerk to advertise for bids on public liability and property damage insurance for city-owned vehicles plus workmen's compensation insurance for city garbage workers.

A communication is slated from the recording secretary of Local 186, Utility Workers, CIO, endorsing a resolution adopted by the Oakland County CIO council asking adjustment in the method of dealing with union grievances at Pontiac General Hospital.

A report is expected from the city attorney regarding a land contract for the Pilgrim Holiness Church for purchase of the west 95 feet of lots 123-127, inclusive, of Hillside Manor Subdivision.

A report is scheduled from the City Planning Commission approving assessor's plat 163 pending authorization from the city engineer.

Resolutions are slated to receive special assessment rolls for planned construction of:

Sanitary sewers in Wyoming from existing sewer east of Miller to Franklin and in Brooklyn from Stanley to Richmond.

Combined sewers in Rutgers from University to the PO & N Railroad and in West Princeton from Carlisle to Stanley. Curb, gutter, drainage and related work on Stout from Green to Palmer.

An engineer's cost estimate is scheduled for planned construction of curb, gutter, drainage and related work on First from Barkell to Fuller.

A public hearing on intention to construct is expected on proposed curb, gutter, drainage and related work for Tennyson from Joslyn to Highwood.

Public hearings are planned on special assessment rolls for construction of:

Curb, gutter, drainage and related work on Longfellow from Baldwin to University. A water main in Tennyson from Baldwin to the PO & N Railroad.

In the crater of Mt. Ruapehu, 9,175 foot peak in North Island, New Zealand, is a lake of hot water surrounded by drifted snow.

keeps white houses white ...for years!

Reason why millions buy BO-PEEP

Nothing like it
in your washing
machine!

It's new!
IT SUDS!
It's wonderful!

Little Bo-Peep
AMMONIA CLEANING COMPOUND

ightens dozens of tasks!

See label on bottle

IN AUTOMATIC WASHERS:
Add Little Bo-Peep in the
pre-soak or suds cycle. It
dissolves grime and grease,
loosens dirt and prepares
clothes for general washing.
Little Bo-Peep actually
floats dirt away. Also keeps
your automatic washer
free from suds and soap
deposits.

IN REGULAR WASHERS:
Add Little Bo-Peep when
you add soap. It will dis-
solve grease and float away
dirt. You'll have cleaner
washes—for Little Bo-Peep
makes any soap work bet-
ter and faster. Helps pre-
vent soap curds and scum.

Almanac editorial: The Russians
have come up with a couple of
new home made perfumes called
"Spirit of Red Moscow" and
"Jubilee of the Red Army."

Why can't America come to its
own scents, too, and quit leaning
on the French for our perfume
nomenclature? It's time we put
some patriotic, star-spangled al-
lure in our own bottled smell
merchandise.

Just to get the ball rolling we
suggest: "Rebel Dilight," "Reno
Remorse," "Yankee Bliss," "Mo-
ment in Pittsburgh," "Potomac
Passion," "Seattle Mist," "Wash-
ington Whiff," "Tennessee Throb-
," "Montana Madness," and "Erie
Canal No. 5."

Almanac science department:
There are over 900,000 known
species of animal life on the earth,
and about 675,000 are insects.
The animals with stiff spines,
known as chordates, total about
45,000 species, including birds,
frogs, fishes... and an unknown
number of husbands.

Know-your-America department:
You can win wagers by betting
your friends they can't name the
two American states that have no
official motto. Oregon has never
had one... In 1866 Ohio adopted

Hal Boyle Says:

U.S. Eating, Burial Habits Fascinate African Visitor

NEW YORK (U)—The oddity
almanac—facts and fancies from
a world of wonders:

What feature of American civil-
ization do you think would most
startle a visitor from darkest
Africa? ... Our skyscrapers,
movie palaces, traffic jams, or
supermarkets?

Well, none of these impressed
James Ngaiyaye, a native African
minister en route through Denver
to a church conference in San
Francisco, as much as America's
ornate cemeteries and its restau-
rants.

"Burial in South Africa is such
a simple thing it is difficult to
comprehend the lavishness put
upon it in the outside world," he
said. "And eating in Africa is a
personal or clan affair. The many,
many eating places here are most
surprising. It is difficult for me
to get used to the custom."

Tell that to your wife the next
time she wants to eat out. ...
But this African minister would
have been even more amazed if
he had visited the Wall Street
section here a few years ago,
when financial clerks used to eat
their lunch while perched on the
crumbling tombstones in the old
Trinity Church Cemetery.

Woman's place is in the home
note: When Mrs. Edith
Friedman, mother of five children,
decided to build a housing develop-
ment in the Philadelphia area, a
big real estate broker told her,
"forget it. You don't even know
how to climb a step ladder." But
Mrs. Friedman didn't take the
brushoff. She has finished one 108-
home community, now has started
another of 138 homes. Her secret?
The problem of building many
homes is the same faced by any
wife in building a single home:
"Coordinating manpower and ma-
terials" ... She found workmen
willing to do things for a woman
contractor they wouldn't do for a
male boss.

as its motto, "Imperium in Im-
perio—a government within a gov-
ernment," but revealed it in 1887
shortest motto: "Hope" ... Texas
got both its motto—"Friendship"
—and its own name from an In-
dian word, Tejas, meaning friends
... Washington state has the most
restful motto: "Bye and Bye" ...
The motto of the District of Colum-
bia is "Justitia Omnibus," which
some politicians believe means
"just always stay on the right
bus." Actually, of course, it is
Latin for "Justice for All."

Almanac long-range weather
forecast: Better buy that air con-
ditioner early. Hay fever sneezing
season starts promptly Aug. 15,
and a flourishing crop of ragweed
is in prospect.

Town Re-enacts Quantrill's Raid; Stands Collapse

SHAWNEE, Kan. (U)—Some 30
horsemen set fire to a paper fa-
cade of pre-Civil War Shawnee last
night in a re-enactment of Quan-
trill's raid on the community 92
years ago.

At the height of the excitement,
and to the accompaniment of
pistol shots (blank), the judges' platform collapsed, spilling a
number of local dignitaries. There
were no injuries.

The "raid" was part of the
town's celebration of the 100th an-
niversary of territorial Kansas.
Quantrill was leader of a lawless
element operating along the Mis-
souri border.

ARRIVES—Flashing a V—for
victory—sign, No Kum Sok, for-
mer North Korean pilot, is shown
as he arrived in San Francisco
from South Korea. The 22-year-
old pilot, who received a \$100,000
award for delivering a Russian-
built MIG-15 to UN forces in Ko-
rea, said he always dreamed of
"living in a free country."

Red-Run Union Controls Sought

Brownell Asks Power to Dissolve Labor Units Full of Communists

WASHINGTON (AP)—The government has asked Congress for far-reaching power to dissolve Communist-honeycombed labor unions. A request for this and other new anti-subversive authority was sent to Capitol Hill yesterday by Atty. Gen. Brownell, who said he has the backing of the White House.

Brownell proposed that the Subversive Activities Control Board (SACB) be empowered to disband not only Red-infected unions, but in a new departure—to dissolve business firms it finds are Communist-infiltrated and in a position to harm national security.

The attorney general also suggested that Congress permit the government to bar subversives from privately owned defense plants.

The union-dissolution power was proposed as a drastic substitute for a Taft-Hartley Act requirement that union officials file non-

Communist oaths with the National Labor Relations Board before their unions can be eligible for board services.

Sen. Ferguson of Michigan, chairman of the Senate Republican Policy Committee, promptly introduced two bills to implement Brownell's recommendations.

The Justice Department is known to have had trouble trying to enforce the non-Communist oath requirement.

In the seven years since the Taft-Hartley Act became law, the department has investigated scores of cases of union officials suspected of filing false non-Communist affidavits, but there have been only four convictions, and one of these was reversed.

According to Justice Department authorities, the difficulty stems from language requiring union officials to certify only that they are not Communists at the time of filing. They say an official with Red connections could resign from the Communist party to take the oath, then rejoin the next day.

These officials said they hoped the union-dissolution weapon would impel Red-dominated labor organizations to purge themselves.

George Clemenceau, French statesman, once taught in a girls' school located at Stanford, Connecticut.

Students Taking Polygraph Tests

Mass Quiz Program Under Way to Discover Missing Baby-Sitter

LA CROSSE, Wis. (AP)—Today you are a high school boy in La Crosse, the western Wisconsin river city where 15-year-old Evelyn Hartley vanished from a baby-sitting job more than six months ago.

You are called from your classroom to another room where there is a chair and a mysterious-looking machine. It is a Stoelting polygraph. The device is attached to your arm, to a band around your chest.

A man named A. M. Josephson asks you your name; you tell him. He asks where you live; you tell him. He asks what grade you're in; you tell him. He asks, "Do you know what happened to Evelyn Hartley?" You say no. Then you are disconnected from the polygraph, which is a standard lie detector, and go back to your classroom. You meet another boy on his way in and you grin.

It's a break in the school-day routine—a lark.

"But," says Dist. Atty. John Bosshard, "it wouldn't be a lark for the young man who couldn't truthfully say no to the big question."

Not that the La Crosse County prosecutor really expects to have this mass quiz program turn up the abductor of the pretty young baby sitter who was snatched from the home of a family friend while her small charge slept unharmed in another room.

It turns up leads, though. There have been a dozen already—checked out as fruitless, but still leads—and this is only the fourth day of the long project. Twenty to thirty boys can be processed a day, and there are more than two thousand in the city's three high schools. Josephson says it's the largest such test in the history of crime detection.

Josephson is the polygraph expert fresh from four years of service as an expert with the Army's Criminal Investigation Division in the Far East. He was hired last month to head the new La Crosse City-County Crime Laboratory.

"The tests have renewed the in-

KISSING CARD—That's a "Kissing Card" David Abela, of Topeka, Kan., is holding over his mouth—and incidentally, over his wily beard. Topeka is currently celebrating its 100th anniversary and for the occasion, many men are letting their beards grow and are wearing old time costumes. Most wives, however, are wary of the scratchy beards. Idea of the card is to cover the beard so the good wife will not object to kissing her husband.

terest of the public," he said. "We may finally get a tip, a fragment of information, that someone didn't think was important back when the case was hot. One of those will lead us to the answer."

Senator Wants High Production

Humphrey Says U. S. Economy Should Be \$500 Billion by 1960

WASHINGTON (AP)—Sen. Humphrey (D-Minn.) told a CIO "full employment" conference today the nation should set its sights on a 500-billion-dollar economy by 1960.

The economy now is running at about 360 billion dollars a year, but Humphrey said vastly increased national production is needed to prevent a decline in living standards.

He was a featured speaker at a meeting of CIO delegates called to discuss the unemployment problem. The latest government report showed 3,465,000 jobless in April, many in factories organized by the CIO.

The Minnesota senator, a frequent critic of Eisenhower administration economic policies, was invited to express one point of view. Secretary of the Treasury George M. Humphrey was invited

to speak for the administration. Sen. Humphrey said in his prepared remarks that yesterday's goals are no longer adequate for "the needs and aspirations of today and the tomorrows to come." He said a constantly expanding economy is needed for a growing population in an era of great scientific advancement.

"We cannot stand still, without really slipping backwards," he said. "Our total national production ought to grow by at least 4 per cent every year, in order to just keep up with our existing needs. . . . And all of us want to do more than that."

If U.S. economic growth can expand to the 500-billion-dollar mark by 1960, Sen. Humphrey said, it could mean:

Seventy million jobs.

A \$4,000-a-year minimum standard of living.

An over-all increase of 40 per cent in U.S. living standards.

An average weekly wage of \$100 for production workers. (It now is a little more than \$71 a week.)

A 20-25 per cent rise in farm production, with plenty of markets.

Dogs and turkeys were the only domesticated animals in North America at the time Columbus discovered the New World.

The Winner and Still Champion Amazing Collinite Auto Wax

TESTED UNDER ALL CONDITIONS

Collinite out-performs all other waxes, polishes and coatings. This exclusive new development makes regular Waxes obsolete.

READ WHY

Collinite is an especially hard high gloss protective wax with amazing adhesive and polishing qualities. Collinite is more durable than paint itself. Will not rain spot or bug stain, not affected by heat, gasoline, oil or many other chemicals. Easily applied, requires no hard rubbing or buffing. Have you ever before seen a wax that protects a new car finish for the life of the car? Collinite does it and on any car, old or new, the lustre will hold up for one year or longer. Collinite gives you the brightest, best protected car in your neighborhood.

Perfume That Clings

Q—Dear Penny: I adore perfume, but for some reason or other its fragrance just does not last on me. I have told several of my friends that I want a new perfume, but first I must find out about a lasting one.—Mrs. A. W.
A—A particularly good idea for women who claim that perfume does not "stay with them" is a Liquid Skin Sachet. It smooths on the skin very easily, and lingers longer because of its sachet base. It has a slower rate of diffusion and evaporation than any other type of fragrance and was originated by Houbigant. Try their Chantilly Liquid Skin Sachet. Only \$1.85 plus tax at better stores.

Luncheon and Style Show Draw Republican Women Together

300 Attend Federation Gathering

Hear Talks Given by State and County Candidates

Three hundred members and guests of the Republican Women's Federation of Oakland County were entertained with a luncheon and fashion show Monday at Northwood Inn.

Chairman for the annual affair was Mrs. Bernard Girard. Co-chairman was Mrs. William Doner.

Mrs. Helen Randall presided in the absence of the Federation president, Mrs. William A. Kennedy. Program chairman Mrs. Bert Norton introduced Mrs. Everett Reese who, in turn, introduced candidates for state and county offices.

Speaking briefly were Owen J. Cleary, Michigan secretary of state; D. Hale Brake, state treasurer; Frank Millard, state attorney general, and Fred Beardsley, state representative.

Also introduced were Frank Granger, candidate for state senator; Louis Dorman Jr., candidate for state representative, and Ralph Main, drain commissioner.

Others were Lynn D. Allen, Orrin McQuaid, State Rep. William S. Broomfield, State Rep. Theodore Hughes and Harry Henderson, who spoke briefly for Donald Leonard.

Mrs. Glenn Ellis gave the invocation and Mrs. Fred Ziemi led the salute to the flag. Mrs. George A. Brown, president of the Pontiac Women's Republican Club, read letters from U. S. Rep. George A. Dondero and others who were unable to attend.

Commentator for the fashion show called "Spirit of Spring" was Mrs. Maurice Barnett.

Invitations were extended by Mrs. Brown and Mrs. Henderson took charge of tickets, with Mrs. Don Smith arranging decorations.

Also attending will be Mr. Pfahler, Mr. and Mrs. Harley Bowers, Pierre Shaver, Mrs. Gretta Scott, Catherine McCrindle, Mr. and Mrs. E. A. Pearson and Mrs. Roy W. Wilton.

A special meeting will be held at the Roosevelt Masonic Temple, May 28.

Esther Court 13 Holds Gathering

Fifty members attended the Friday evening meeting of Esther Court 13, Order of the Amaranth. Announcement was made that Mrs. William C. Pfahler, royal matron, and Edward Pritchard, royal patron, will be delegates to the Grand Court, Order of the Amaranth, at Grand Rapids Thursday through Saturday.

Also attending will be Mr. Pfahler, Mr. and Mrs. Harley Bowers, Pierre Shaver, Mrs. Gretta Scott, Catherine McCrindle, Mr. and Mrs. E. A. Pearson and Mrs. Roy W. Wilton.

A special meeting will be held at the Roosevelt Masonic Temple, May 28.

Mrs. Copenhaver Honored at Shower

A pink and blue shower honoring Mr. Gerald Copenhaver was given recently by Victoria Thomas and Mrs. John Graham at the former's home on Owego drive.

Twenty-eight guests including the honoree's mother, Mrs. L. T. Erickson, attended.

Getting together for luncheon at Northwood Inn Monday were Mrs. Rolfe Smith of Clarkston, Mrs. Bruce Annett of Sylvan Shores drive, Mrs. Robert Sutton of Lincoln avenue and Mrs. W. Arthur Vernon of Sylvan Shores drive (left to right). The occasion was the annual luncheon and style show sponsored by the Republican Women's Federation of Oakland County.

Open House to Be Held at Hospital

National Hospital Week will be observed by Pontiac General Hospital Auxiliary with an open house on Thursday and Friday.

Pontiac area residents have been invited to visit the hospital and inspect its facilities during the afternoon and evening of these days and by special appointment through Saturday.

Guided tours, demonstrations of equipment and a tea will be featured on the program.

Principal sponsor of this event is the hospital auxiliary. Lauretta Paul, hospital director, and Shirley Dove, administrative assistant, are helping to carry it out.

General chairman is Mrs. P. Eugene Miller; Mrs. W. Arthur Vernon is chairman of tours; Mrs. Ben Madison, chairman of hospital displays; Mrs. Gwendell Purkiss, correspondence; Mrs. C. B. Steffey, reception and refreshments, and Mrs. Ralph Babbington, publicity.

Mrs. Cunningham Heads Homemakers

Mrs. Allan Cunningham was elected president of the Merry Homemakers when the group met Monday evening with Mrs. Walter Wharton of Illinois avenue.

Other officers elected were Mrs. Dale Trueblood, vice chairman; Mrs. Clifford Barkell, secretary; Mrs. Wharton, reporter.

Mrs. Edmund Alchin is assistant leader; Mrs. James Rodewig, recreation chairman, and Mrs. Leonard Barker, community chairman. Mrs. Cunningham, assisted by Mrs. John Ridgway, gave the lesson on table arrangements and centerpieces.

Officers Installed by Central WSCS

Officers for the ensuing year were installed recently by WSCS of Central Methodist Church.

Mrs. G. Richard Jarvis is president; Mrs. Richard Balmer, vice president; Mrs. William S. Dawe, recording secretary, and Mrs. Charles Crawford, treasurer.

Secretary of promotion is Mrs. Loy Bennett; others are Mrs. George Fisher, missionary education; Mrs. Maurice Baldwin, Christian social relations; Mrs. Keith Johnston, student work; Mrs. Percy Jones, youth work;

Mrs. Lloyd Nixon, spiritual life, and Mrs. Howard Strigley, literature and publications.

Mrs. George Hartwick was installed as head of supply work; Mrs. Russell Vessells, status of women; Mrs. Allen Palmer, membership; Mrs. Robert Byrnes, publicity; Eda Cummings, Wesleyan Service Guild; Mrs. George Dietrich, local church activities, and Mrs. P. G. Latimer, nominating committee.

Mrs. Arthur Lake is representative to the board of education, and unit chairmen are Mrs. N. E. Maytag, Mrs. Pearl Kline, Mrs. G. Harry Baker, Mrs. Harry Martin, Mrs. Irwin Brockie, Mrs. Francis Mapley, Mrs. Raymond J. Boone, Mrs. William B. Conrad and Mrs. Burr Lane.

In charge of installation was Mrs. John Garrison, vice president of the Detroit Conference, WSCS. Charlene Deeg and Joan Wright of Oakland Park Methodist Church spoke on the Detroit Conference Youth Bus Caravan and showed slides of various projects supported by the society.

Rosa Bradley was a guest for the evening and Mrs. Jarvis, president of the group, presented a life membership certificate to Mrs. Herbert Waters who will make her new home in Seattle, Wash.

A mother-daughter banquet was announced for Tuesday, Mrs. Ernest Wittkopf had charge of refreshments assisted by Mrs. James Moore, Mrs. Vessells, Mrs. Wesley Johnson, Mrs. William Moulton Jr., Mrs. John Mulder and Mrs. Donald Porritt Jr.

At Women's Clubs Installation

Auditor's Wife to Speak

Guest speaker for the Pontiac Federation of Women's Clubs installation dinner Wednesday will be Mrs. John B. Martin Jr., wife of the state auditor general and newspaper columnist.

Mrs. Martin, mother of four children and an instructor of adult speech classes, has chosen "Stage Fright" as her topic, based on her experiences in adult speech classes.

A state board member of Michigan Congress of WTA, Mrs. Martin is also a member of the Michigan Society for Mental Health and Michigan Children's Aid Society.

MRS. JOHN B. MARTIN JR.

Lois Stachler, M. A. Morrow Wed in Toledo

A ceremony Saturday morning in Blessed Sacrament Church of Toledo, Ohio, united Lois Ann Stachler and Maxium A. Morrow.

Lois, daughter of former Pontiac residents, the V. J. Stachlers of Toledo, chose a gown of Chantilly lace and nylon tulle over satin.

The bridegroom is the son of Mr. and Mrs. Edward Morrow of Bloomfield Hills.

The bride's gown was fashioned with an empire bodice of lace with a small wing collar. Deep bands of lace edged the full skirt and the train, and a lace Dutch cap held her fingertip veil of illusion.

Wearing a yellow ballerina-length gown was the maid of honor, Helen Rickner of Chippewa road. In a similar gown was the bridesmaid, Mary McHugh of Toledo.

Ellen Mertes was flower girl in powder blue, and carrying the ring was James Morrow.

Best man was Thomas A. Stachler of Denver, Colo., the bride's brother, and seating the guests were the bridegroom's brothers, James and Carl Morrow of Bloomfield Hills.

After a wedding trip to Niagara Falls, the couple will reside in Toledo.

Niblick Bowler Receives Award

Mrs. Floyd Schoonover received the Pontiac Women's Bowling Association pin for the highest score of the year when Niblick Bowling League held a luncheon Thursday at Elks Temple.

Receiving individual trophies as members of the highest scoring team were Mrs. Howard Grady, Mrs. Ben Bowman, Mrs. Jack Marek, Mrs. Walter Willman and Mrs. Arthur Barnes.

Mrs. Schoonover is president of the group. Officers assisting her are Mrs. Marek, vice president; Mrs. Kenneth Sprung, secretary; Mrs. Fred Switz, treasurer, and Mrs. Fred Swartz, sergeant-at-arms.

Social chairman for the Thursday meeting was Mrs. Percy Newman assisted by Mrs. Harold King and Mrs. Grant Helwig.

Attends School

Alpha Sigma Nu sorority attended a recent school of cooking in Consumers Power auditorium. Jessie Stevens was the chairman assisted by T. P. Robinson, Mrs. D. J. Hackett, Mrs. Parks A. Smith and Olive Huntley. Mrs. James Gibbs gave the lecture on desserts assisted by Mrs. James Stratton.

PTA Activities
Executive board of Emerson School PTA will meet Wednesday at 7:30 p.m. with Mrs. L. D. McLaughlin, 715 Melrose Ave. New officers and committee members are asked to attend.

Sarah McCarroll
PTA executive board of Sarah McCarroll School will meet Wednesday at 7:30 p.m. in the school.

Owen
The final meeting for the year of Owen School PTA will be held Wednesday at the school. Officers will be installed.

Langfellow
PTA of Langfellow School will meet Thursday at 7:30 p.m. A Board of Education member will speak and answer questions on the school millage proposal.

Amvets Auxiliary to Convene in June

Announcement of the ninth annual state convention of Amvets Auxiliary was made Monday evening at a meeting of Region Six of the auxiliary council, Kalamazoo is the place and the dates are June 11, 12 and 13.

Hostess for the meeting was Mrs. Carl Bragan of Auburn road. Mrs. John Allen was elected as regional president. Other officers will be elected in July.

BPW Club Has Election of Officers

Pontiac Business and Professional Women's Club met Monday evening for dinner and election of officers at Hotel Waldron.

Mrs. Melvin C. McPherson is president; Mrs. C. W. Salton, first vice president, and Nora Day, second vice president.

Mrs. W. O. Coxen is recording secretary; Jessie Gamble, treasurer, and Mrs. Kenneth Cavender, corresponding secretary. Mrs. Sanford Craft presented a tentative budget, and a report was given on a recent meeting of District One at Redford.

Walter Barnett, guest speaker for the occasion, chose "The Telephone, Yesterday, Today and Tomorrow" as his subject.

Using a flannel board to illustrate his lecture, Mr. Barnett traced the improvements in telephone service through the years. He explained how a universal number system for the whole country is one step toward reducing the time required for a toll call. Of the 92 toll areas in this country, southeastern Michigan stands fourth in the number of toll calls, he said.

This, he explained, is why Birmingham has been chosen as one of the first offices to have long-distance dialing.

Hostesses for the evening were Mrs. Cavender, Mrs. Ross Boyd, Mrs. Craft and Frances King.

All set to entertain their mothers with a period fashion show are (left to right) Janet Allen of State avenue and Ellen Taylor of South Marshall street with Mrs. R. W. Vesells of East Iroquois road. The fashion show will highlight the mother-daughter tea to be given this evening by Ida Kahn Unit of Central Methodist Church.

Style Show Planned at Tonight's Banquet

Ida Kahn Unit to Tell 'Saga of Hemline'

"Saga of the Hemline" is the title of a fashion show planned by members for the Ida Kahn Unit of Central Methodist Church for this

evening's mother-daughter banquet. The show will feature costumes from 1890 to the present day. Modeling the fashions will be Janet Allen, Mary Moore, Ellen Taylor, Karen Barling, Mrs. R. W. Vesells, Winona Elmy, Donna Brosted and Anne Kuhn.

Mrs. Wesley Johnson is toastmistress for the occasion and Marilyn and Dianne Brown will entertain with a dance.

Sorority Elects Mrs. Holloway to Presidency

Mrs. Robert Holloway was elected president of Beta Theta Chapter of Lambda Chi Omega sorority at a recent meeting held in the Delaware drive home of Mrs. L. B. Cullen.

Other officers elected were Mrs. Forest Elwell, vice president; Mrs. L. K. Smith, recording secretary; Mrs. George Knapp, recording secretary, and Mrs. Robert Campbell, treasurer.

Mrs. George Eldred is reporter; Mrs. Donald Bryson, historian; Mrs. Maurice Shekel, rush captain; Mrs. James Barling, associate organizer, and Velma Sturgeon, sergeant-at-arms.

Plans are being made for a money-making project Thursday. The group will sponsor the children's playroom activities at Pontiac State Hospital as another project. Mrs. Holloway is chairman of this program.

Committee members for the event include Mrs. Frederick Poole and Mrs. Raymond Boone as general chairmen; Mrs. Harold Sibley and Mrs. Lowell Stuckman, decoration chairmen, and Mrs. Howard Barling, program chairman.

Mrs. Vesells and Mrs. Charles Steeber have charge of the kitchen and Mrs. William Bullock has charge of the dining room.

On the ticket committee are Mrs. William Bailey and Mrs. Norbert Hoffman, and publicity is under the direction of Mrs. Walter Wittkopf.

Mrs. Donald Porritt Jr. will give a toast to the mothers, and a toast to daughters will be given by Mrs. Lloyd H. Nixon.

The banquet will be at 6:30 this evening at the church. A rhythm band will also be included in the entertainment.

Dinner-Dance Held by Square Set Club

Bob Bunce was master of ceremonies for the annual dinner-dance of Square Set Club held Saturday evening in Roosevelt Masonic Temple.

Callers included Harry Anderson, Fred Kline, Sid Olson, Ralph Price, Worley Smith, Pete Messelman, Jack Price and Jim Thompson. Mrs. Kenneth Hoskins and Mrs. Messemann arranged the decorations.

Mrs. James Thompson was in charge of dinner reservations. Initiation ceremonies for incoming officers were planned by Mrs. Olson and Mrs. Bunce.

Couple Honeymoons in East, Canada

Touring the eastern states, Montreal and Quebec are Mr. and Mrs. Eugene Frederick Duffy, who were married Saturday morning in Gesu Church of Detroit.

The bride, the former Beverly Jean McIntyre, is the daughter of Mr. and Mrs. Michael T. McIntyre of Detroit, and the Fred J. Duffys of Willard street are the bridegroom's parents.

The Rev. Dennis Burns of the University of Detroit performed the 11 o'clock High Mass before 250 guests.

For the occasion Beverly chose a gown of Chantilly lace over ivory satin fashioned with a stand-up collar and long sleeves pointed over the wrists. A half-bonnet held her fingertip veil and she carried a prayerbook fastened with stephanotis and lilies-of-the-valley.

Ice blue silk was worn by Mrs. Robert Blinstrub of Detroit who was the matron of honor.

The other attendants were Mrs. Richard Mieloch, Bonnie McConnell and Mary Elaine Blinstrub as flower girl. They carried bouquets of blue carnations.

Mr. Blinstrub was best man, and seating the guests were Raymond Duffy of Royal Oak, Vernon Duffy and Cyril Duffy of Birmingham.

Gray lace over satin with navy accessories and yellow orchids was the ensemble worn by the bride's mother. The bridegroom's mother wore blue lace over satin with navy accessories and pink orchids.

A reception at the home of the bride's parents followed the ceremony.

MRS. EUGENE F. DUFFY

Mary Freegard Is Entertained at Bridal Party

Mary Freegard, bride-elect of Charles Halpin, was honored Thursday with a miscellaneous shower at St. Michael Hall.

Cohostesses for the party were Mrs. Robert Hunt, Mrs. Howard Seeley and Mrs. Howard Mitchell, aunts of the prospective bridegroom.

Mary, daughter of Mr. and Mrs. Thomas Freegard of North Saginaw street, will speak her vows with Charles, who is the son of Mr. and Mrs. Floyd Halpin of North Ardmore avenue, May 29 at St. Michael Church.

Among the guests at the shower were Pauline Bayus, Marge Raymond, Ginger Vervey, Janet Ashton, Pat Zielinski, Rita Halpin, Mrs. Stanley Cook, Mrs. Francis Bender, Mrs. Arthur Ebert, Mrs. Freegard, Mrs. Halpin, Mrs. Emery Estes, Mrs. Irene DeGraff and Mrs. Harland Matthew.

Others were Mrs. Joseph Schutz, Mrs. Julia Edwards, Mrs. Guy Edwards, Mrs. Floyd Zielinski, Mrs. Francis Crews, Mrs. Ford Snyder, Mrs. Charles Wesley and Mrs. Harold Wesley.

Completing the list were Mrs. Paul Miller, Mrs. Arthur Oxley, Mrs. Cecil Elsholtz, Mrs. Peter Dorman, Mrs. Louis Janka, Mrs. Kenneth Nichols, Mrs. Ralph Chapman and Mrs. Catherine Pearson.

Gleaners Told of Mothers Day

Mrs. L. G. Rowley gave a Mothers Day message to 65 members and guests of the Wayside Gleaners of First Baptist Church.

The speaker told of the origin of Mothers Day and of its founder, Anna Jarvis of Philadelphia.

Mrs. Herbert Flemington of Birmingham gave a devotional message from the story of Naomi in the Book of Ruth. A program including vocal solos was given by Stait Lloyd accompanied by Mrs. Robert Murphy. Eunice Philthea Class served the breakfast.

Couple to Marry

Mr. and Mrs. N. C. Madsen of Oliver street announce the engagement of their daughter, Eleanor of Washington, D. C., to Cpl. Michael J. Trotta, son of the Joseph Trottas of Glen Cove, Long Island. An August wedding in New York is planned.

Betrothal Revealed

Mr. and Mrs. Chris Anderson of Flint, former Pontiac residents, are announcing the engagement of their daughter, Marilyn Marie, to Pvt. William Roy Blue of Ft. Knox, Ky. He is the son of Mr. and Mrs. Albert Blue of Flint.

Ruth J. Opland became the bride of John F. Dawson Saturday afternoon at Lutheran Church of the Ascension. The Carl R. Oplands of Square Lake road and the Fred J. Dawsons of Stambaugh are their parents.

MR. and MRS. JOHN F. DAWSON

Ruth Opland Speaks Vows

White flowers and palms decorated Lutheran Church of the Ascension Saturday afternoon when Ruth Jeanette Opland spoke her nuptial vows with John Frederick Dawson.

The bride is the daughter of Mr. and Mrs. Carl R. Opland of Square Lake road, and Mr. and Mrs. Fred J. Dawson of Stambaugh are the bridegroom's parents.

A gown of embroidered net and nylon tulle over satin was chosen by the bride. The strapless dress was covered with a jacket of matching fabric with long sleeves and a Peter Pan collar.

Her veil was held by an embroidered crown ornamented with seed pearls and her bouquet was a semi-cascade of white hyacinth fleurettes and ivy centered by a corsage.

Joan E. Hoover of Grosse Ile was maid of honor. Her dress was of seafair green sheer shantung in a ballerina length. She wore a matching headpiece and carried a semi-cascade of Johanna Hill roses, yellow daisies and ivy.

In a similar gown of pale lavender was Marilyn Stamy, bridesmaid. Her bouquet was composed of sweetheart roses and ivy.

Donald Miller, the bridegroom's brother-in-law from Chicago, was best man. The bride's brother, Ronald M. Opland, was groomsmen, and seating the guests were Tom Richmond and Tunney Lee of Ann Arbor.

For her daughter's wedding Mrs. Opland chose a navy shantung print with white carnations. Mrs. Dawson wore navy silk with red carnations.

After a reception in the church parlors the bride changed to a cream-colored flannel suit with white roses and a white coat for the wedding trip to Toronto and Ottawa, Ont.

Ruth is a graduate of Michigan

State Normal College and the bridegroom is a graduate of the University of Michigan.

Emily Post Answers Questions About Parties Honoring Brides-to-Be

Only Close Friends Should Be Invited to Gift Events

It's Bad Taste for Family Members to Give Showers

(Editor's Note: This is the second of seven articles on the etiquette problems of weddings.)

By EMILY POST

While plans for the wedding have been going along, friends are making other plans of their own for showers, luncheons, teas, etc. But it is in very bad taste for any member of the bride's family to give the bride a shower.

Only the bride's close friends should be invited to a shower because the occasion calls for presents.

Here are the answers to some questions about entertainment for a bride-to-be:

"My son is engaged to a girl from another city. She does not know many people here and my son would like to give a bridal shower for her so that she can meet some of my friends. Would it be proper for me to give such a party?"

Give a party "to meet her," yes, but not a "bridal shower" which would obligate each guest to bring a present.

"I have been asked to be the maid of honor at a friend's wedding. I have been told by another friend that the maid of honor is expected to give a shower for the bride-to-be."

"I hadn't counted on giving one as my finances are limited and I can just about manage to pay for my wedding clothes."

"I want to do what is expected of me and if this is an obligation, I will try to meet it."

There is no such obligation. All of the attendants, whether maid of honor or bridesmaids, are expected to buy their own wedding clothes, but that is the only "must!"

If they can give the bride a present, they do so, but when supplying their wedding clothes is all they can afford, nothing further is required.

"A very dear friend of mine was married rather suddenly four months ago at the base where her husband-to-be was stationed."

"As this was a good distance from here, none of her friends was present at the wedding."

"She will be coming home soon for an extended visit with her parents and I would like to know if it would be proper to give a shower for her at that time."

I think it would be very thoughtful, as well as proper.

"My father is going to marry again soon and my sister and I would like to give a luncheon in honor of his fiancée, a widow."

"Will you please tell me if it would be proper to invite mother's sisters to this luncheon?"

The answer to this depends upon your knowledge of their feelings. It would be entirely proper to invite them unless you think it would be too distressing to them to come to a party given for the one who is to take their sister's place.

"My daughter is giving a tea for a friend who soon will become a bride. Should the mothers of both bride and bridegroom be invited and, if so, should they be given any special recognition, such as being asked to sit at the tea table and pour?"

"Or perhaps, if not this, would you suggest that they be asked to receive with my daughter and the guest of honor?"

For summer, 1954, dress hats feature dark colors with contrasting light bands as in this center-crease narrow-brimmed balaclava straw.

They are invited but not given any more recognition than is given any of your other guests — unless they do not know many people and you introduce plenty.

"A very dear friend has just announced her engagement. However, she will not be married until next summer. Will you please tell me the proper time to give her a shower. Should it be given now or just before the wedding?"

Not necessarily just before the ceremony, but later on nearer the time of the wedding.

"My grandson is going to be married soon and I am going to give a tea for his fiancée who is a stranger in this town."

"As my apartment is very small, I am going to have the tea at my daughter-in-law's house."

"I would like to know who stands in the receiving line. Should my daughter-in-law be asked to receive as the tea is in her house?"

You, as temporary hostess, stand at the entrance and greet the guests, and your grandson's fiancée stands next to you.

Your daughter-in-law should mingle with the guests and make herself generally agreeable — even though it is her house she has lent it to you for the time being.

Set your table with this modern version of that traditional favorite — pineapple design! Center motif is a square — can be used for doilies, runners, bedspread.

Crochet pattern 630; cloth, 60 inches in 4-ply Mercerized cotton. Center motif, 24 inches square. Send 25 cents in coins for this pattern — add 5 cents for each pattern for first-class mailing. Send to 124 Pontiac Press Needlecraft Dept., P.O. Box 164, Old Chelsea Station, New York 11, N.Y. Print plainly pattern number, your name, address and zone.

When a person you have just met starts to leave and says "I am glad to have met you," meet his courtesy at least half way. A half-hearted smile and a nod aren't enough. Say something like: "Thank you. I've enjoyed talking with you." But no matter what you say be sure to look right at the person when you say it.

An interested look speaks louder than words.

Jewelry Tempting

This year's springtime debut of tempting new jewelry designs, coupled with a fifty per cent slash in the Federal excise tax, provides an exciting opportunity for fashion-conscious women everywhere to put into practice their wise conviction that jewelry can be fashion's most beautiful complement.

Clubwomen, Don't Slight Your Looks

Hannah Troy Says Smart Appearance Builds Confidence

By DOROTHY ROE

Associated Press Women's Editor

A successful clubwoman should look the part, says Hannah Troy, New York designer noted for the understated good taste of her costumes.

"The outside clubwoman in the flowered dress and garden party hat has been the object of cartoon jokes too long," says Mrs. Troy. "Actually America's 30 million clubwomen are mostly smart, alert leaders of their communities."

"They are the girls who get things done when there's a new school bond to be voted or a juvenile delinquency problem to be licked."

"Usually they know all the tricks of grooming and smart appearance. But sometimes they're too busy to pay much attention to their looks. This is a mistake."

"A woman who knows she is correctly dressed for the occasion is going to make a more effective speech or rostrum appearance than the one who remembers too late that her gloves are not quite clean and that she has a run in her stocking."

Here are some tips on correct dress for women in the public eye, as outlined by Mrs. Troy:

1. Never overdress. For instance, don't make the mistake of wearing an elaborate cocktail dress to a luncheon.

2. Women who have to make a lot of public appearances have learned the trick of keeping the dress simple and achieving a feminine touch with a frivolous hat.

3. A dark, solid-color dress or suit is the safest bet for the smart clubwoman.

The dress should be cut on simple lines, with a flattering neckline, not too low. It may be dressed up or down with accessories as the occasion demands.

4. Be sure that all your accessories, such as gloves, scarf, blouse, hat and veil are bandbox fresh.

Your hair should be perfectly groomed, your makeup carefully applied, the seams of your stockings straight, shoes and handbag well-brushed or polished.

These may seem unimportant details, but they are the ones always noted by the sharp eyes of a feminine audience.

Madam President

She's off for the club luncheon perfectly dressed in a simple summer suit of charcoal gray silk-and-cotton designed for busy women by Hannah Troy.

IF you are not slim—

The impression of bulk accentuates overweight. The combination of diagonal and vertical lines is ideal.

Mrs. N. S.—In this swing to the blouse line, modified or in full bloom, your choice of fabrics is important. Canton crepe again front-darted with modified back blouse, you might try—but don't miss diagonal and vertical lines as safe slimmers.

Woman Should Enlist Others' Help

Wants to Give Baby Shower for Sister

By ELIZABETH WOODWARD

Should a sister give a shower for her own sister? Though circumstances do alter cases, the open solicitation of presents by one relative for another is in questionable taste. But here's the situation.

"Dear Miss Woodward: My sister is expecting her first baby, and I am curious to know if it would be proper for me to give her a shower?"

"We live in a very small town, and although there are plenty of people who know her well enough to come to a shower, they don't know her well enough to go to all the extra work of giving the party."

"I have my own home and would love to do it for her—but should I?"

You're the moving force behind a very nice idea, but I think you could very smoothly sell the idea to some of your sister's best friends. Couldn't you quietly and tactfully broach the subject to the girl who is closest to your sister?

Not that she would be expected to have the party herself and assume all of the responsibilities. But just so someone outside of the family could get the ball rolling.

A "committee" of good friends could plan the shower and issue the invitations and stage the party at some convenient home, not necessarily yours. The "committee" (with your help) could make the guest list, do all the extra work and divide the expenses.

Such a labor of love would come with especially fine grace from some of your sister's many friends.

How formal and elaborate can a girl's second marriage ceremony be—and still be in good taste? That's the question.

"Dear Miss Woodward: Our daughter is planning to be married quite soon and what we want to know is what is appropriate for a second marriage?"

"The problem is this: She is divorced and has a small son. Her fiancé wants a church wedding and so does she."

Often Furnishes Inspiration

Just Marking Time in Job May Be of Future Benefit

By ANNE HEYWOOD

Have you ever thought that your life was at a standstill; that you were just treading water and not really getting anything accomplished? We all have, at one time or another, had that deadly feeling.

And yet, many times we are making more progress than we think—observing things that may one day merge together in our minds and start a whole new venture.

That's what happened to Eleanor Heller.

Mrs. Heller is a charming woman who has two grown children. After her homemaking

duties had lessened, she decided to get a job.

Because she had done a good deal of traveling and had many friends who traveled, she went into a travel agency on a commission basis.

"I learned as I went along," she told me, "and it was very interesting. But I didn't have the feeling of really accomplishing as much as I wanted to."

"After a few years of it, I went to Florida to visit my family—and, looking back, I can see that it was that which started a whole new chain of events."

While visiting in Florida, Mrs. Heller took trips to the surrounding resorts in the Caribbean. Being in the travel business, she quite naturally had a deep curiosity about them.

But everywhere she went, Mrs. Heller saw girls who looked miserable—girls who had sunk their whole bank account in their vacation cruise, but who were not having any fun.

"For one thing," Mrs. Heller said, "there were the girls who were overweight. There were so many of them, and they looked so awful in their bathing suits, and not much better in their evening clothes."

"They never had any beaux, and I felt terribly sorry for them. You could see they had expected so much fun, and they weren't having any at all."

As a result, Mrs. Heller now has a job which enables her to help these girls. She represents a firm where business girls can go, for a weekend or a whole vacation, and lose weight painlessly and really effectively.

"I just love it," Mrs. Heller told me. "It's a wonderful place and it isn't very expensive, and the girls can really come out looking like a million. And that makes such a difference in a girl's happiness—in her whole life, in fact."

"I'm so excited about the results that I've even worked out an hour lecture which I give at the drop of a hat to any business girls' group."

During periods when we seem to be making no progress, we may be planting seeds which will bring a wonderful harvest.

The only way some men could get a woman to chase them would be to snatch her purse.

Family Sure to Gobble Up Sweet Rolls

Cinnamon-Flavored Buns Suggested by Mrs. Fred Roe

By JANET ODELL

Pontiac Press Food Editor

Is there anything more tantalizing to smell than fresh cinnamon buns? They're a yeast sweet roll that the whole family will enjoy. We are indebted to Mrs. Fred Roe of Oxford for this recipe.

The Fashionette Club includes her in its membership. At home she has the care of two children and, now that spring is here, a garden.

CINNAMON ROLLS

By Mrs. Fred Roe

2 teaspoons sugar
1 cup lukewarm water
2 packages dry yeast
1/2 teaspoon salt
1/2 cup milk
6 cups sifted all-purpose flour
1 cup shortening, melted and cooled to lukewarm
2 eggs
1 cup melted butter
2 cups brown sugar
2 teaspoons cinnamon
1 cup raisins

Dissolve the two teaspoons sugar in the lukewarm water. Add the yeast and let it stand 10 minutes. Scald the milk, add salt and one-half cup sugar; stir well and cool to lukewarm. Add dissolved yeast to lukewarm milk mixture, add half the flour gradually and beat until smooth.

Add shortening and eggs, beating well after each addition. Gradually add remaining flour, mixing well. Turn out on lightly floured board and knead five minutes.

Place in greased bowl. Brush top of dough with shortening. Cover and let rise in warm place until double in bulk, about 1 1/2 hours.

Without punching down, turn out on floured board. Cut dough in half; cover; let rest for 10 minutes. Roll each piece of dough into an 8x16-inch rectangle. Brush with butter; sprinkle with combined brown sugar and cinnamon and, if desired, raisins.

Roll up jelly-roll fashion and seal edge. Cut into 1-inch slices and place cut side down in well-greased muffin pans, ring mold or deep pan.

Let rise in warm place until double. Bake at 400 degrees 15-18 minutes. Makes 3 to 3 1/2 dozen rolls.

by Laura Wheeler

IN THIRTY-FIRST YEAR — Miss Irene Barnes, R. N. (left), is in her 31st year of nursing at Pontiac General Hospital. During the past 15 years she has helped bring several thousand babies into the world. With her are Mrs. G. B. Gray, of 27 Palmer Dr., and daughter, Nan Carol. Besides being an expert at caring for mother and child, Miss Barnes is skilled in soothing the nerves of the expectant father.

Nurse for 31 Years Says Fainting Fathers Common

"I've seen fathers take one look at their new babies and faint," Miss Irene Barnes, registered nurse at Pontiac General Hospital said today as she described her 15 years in maternity work there.

The 56-year-old nurse, now in her 31st year at the hospital, was interviewed prior to Pontiac General's annual open house Thursday and Friday.

Miss Barnes, who has been present at the birth of several thousand Pontiac residents, says the expectant father often gives the hospital staff more trouble than his wife.

"Particularly when a man's confronted with the experience for the first time," she said. "You might think he was going to have the baby."

"A man who's been a father three or four times is usually quite casual about it though and often will reassure the beginners in the waiting room," she added.

"Usually the calmer the mother, the more nervous the father," Miss Barnes said. Asked what the reaction is when a man is presented with triplets instead of the expected one baby, Miss Barnes said, "They're usually a bit nonplused at first, but they warm right up and are thrilled with the idea."

A nurse's job in a delivery room often is a busy one, Miss Barnes said "because patients have a way of starting their deliveries at once." While hustling around during a busy night last fall Miss Barnes slipped and broke two ribs. Though all parents are quite sure their child is different from any baby previously born a numbering system is used to avoid mix-ups, she said.

Each mother is given a bracelet with a number, she explained, and the child is given another bracelet with the same number. Blue in color if a boy and pink if a girl.

"Babies are quite different from one another through," Miss Barnes said. "They have varying personalities. Some enter the world with a delicate, little cry, while others scream and throw their arms around."

Some immediate activity is necessary, she explained, so the

Grand Juror Defies Statute

Judge Calls State Law Unconstitutional, Hopes for Court Ruling

DETROIT (INS) — Grand Jury Judge John P. O'Hara tested the one-man grand jury law today because "it does not allow him to act in the triple role of complainant, prosecutor and judge."

O'Hara assumed the triple powers yesterday in defiance of the statute, holding that the Legislature had no constitutional right to decree that a grand juror must not accuse citizens and then judge them.

The judge said he hoped his action would lead the Supreme Court or the Legislature to grant one-man grand jurors "more of

the broad powers they had before the new statute was written."

The new law provides that a grand juror may not sit in judgment of his own indictments or charges.

O'Hara took up his defiant position because, he claims, two Detroit patrolmen lied to him.

Patrolmen John Eberhardt and Lee Roy Murchison told O'Hara they had not entered the home of Edward Stephan, a reputed Detroit numbers racketeer.

But O'Hara had on his desk two photographs which police said were pictures of the policemen entering Stephan's headquarters.

Monday, the judge accused the two suspended patrolmen of being in contempt. He then proceeded to sit as judge hearing his charges against them.

Eberhardt did not have his attorney, however, and O'Hara recessed until Wednesday.

There are about 60,000 retail druggists in the U. S.

State Police to Interview Prospective Enlistees

Men between 21 and 30, interested in joining the State Police during the current recruiting pro-

gram will have an opportunity for an interview with Sgt. Melvin Will, commanding officer of the Pontiac Post, in his office Monday, May 17, between 8 a. m. and 5 p. m.

Candidates are now being

sought for 50 additional trooper positions authorized by State Legislature. The closing date for application is May 26, with state civil service examination scheduled for June 12.

How far away is a helping hand?

Mr. George Cronin of Detroit found out recently. When he arrived home from his nighttime job at 3 A.M., he sat down to read for a while. His wife was visiting in Chicago so he was alone in the house.

When he got up to go to bed he felt a tingling in his arm. Seconds later he collapsed to the floor with a stroke.

Although he was barely conscious, Mr. Cronin knew he must somehow reach the telephone many feet away. With tremendous effort, inch by agonizing inch, he finally made it.

The operator who answered was Rosa Gies. Speaking with great difficulty he mumbled the telephone number of a friend. Miss Gies telephoned the friend who soon was at Mr. Cronin's side. Meanwhile, the operator remained on the line in case she could be of further help.

Mr. Cronin is now well on the way to recovery. After the incident he expressed his gratitude in person to Miss Gies. For her helping hand and his telephone had spared him hours of discomfort.

Your telephone is worth a lot more than it costs

CARTOONIST AND PRIZE WINNER—Herbert L. Block of the Washington, D. C. Post and Times-Herald poses with cartoon which won a Pulitzer prize for him. It pictures the hooded figure of death saying to Stalin, "You were always a great friend of mine, Joseph."

Bob Considine Says:

Flying Trip to Tennessee No Escape From Hearing

WASHINGTON (INS) — When the guards at the Senate caucus room weren't looking the other day, I bolted through an open door, scaled a high fence, hopped in to a large black car with drawn blinds, streaked to the airport and escaped to Nashville in an American airliner with muffled propellers.

But the McCarthy-Army hearings were there, too, wherever one turned or wherever my host, Silliman Evans of the Nashville Tennessean, steered me. Which, if you know Evans, was everywhere.

Tennessee feels as strongly about McCarthy, one way or the other, as any other state. There is no middle ground. They hate him if they see him as a shining knight.

The same presses grind out the Nashville Tennessean and the Nashville Banner. The latter likes or tolerates Joe; the former's attitude toward him can best be stated that it uses Herblock's cartoons of McCarthy from the Washington Post and Times Herald, depicting McCarthy as a menacing bum.

At a party for National Newspaper Promotion Assn., meeting in Nashville over the weekend, a man in all seriousness said to me, "How can you sit through those hearings in Washington and watch Stevens pick on McCarthy all day? Makes my blood boil."

And another chimed in with

something that made me understand more fully why the junior senator from Wisconsin sleeps with a gun.

I thought there was no place to hide until Evans took me to the 13th running of the Iroquois Memorial Steeplechase at Nashville's beautiful Percy Warner Park. There is no sports event quite like it in this country, though I suppose the Maryland Gold Cup and some of the Virginia hunts may have more glitter.

The Steeplechase course at Percy Warner Park is the only race track in the land built by the government. When Evans was pulling a heavy gun around Washington in Roosevelt's time, he persuaded F.D.R. to spring loose a modest shovel of PWA money for the construction of the layout.

The project was roundly damned here and there, but completed. Today it is the joy of people for hundreds of miles around.

This is great horse country, the rolling green hills around Nashville, and a mecca for rich and poor riders is this park. It looks like something dug out of the British countryside near Runnymede and transported intact.

The day was in interesting contrast to the previous Saturday. At Churchill Downs there were more than 100,000, drinking mint juleps

and marching to and from the voracious mutual windows with regimental precision. The business of racing was at its zenith.

At Percy Warner Park, children played, families "visited," child jockeys in the pony races waved shyly to parents on the hill, and the track announcer, unable to inform the people just who was leading in one of the races, casually drawled, "Everybody here knows the riders are amateur. But so is the announcer."

It was easier to go back to work filled with the memory of a garden breakfast at the ancient estate of Mr. and Mrs. Mason Houghland.

Birmingham Expands in Business, Housing Developments

Nears Its Limit in Single Homes

City Has Borne Brunt of Residential Housing Demand in Area

By HARRY J. REED

Pontiac Press Staff Writer

This is the sixth in a series of articles describing population and industrial growth for communities in Oakland and adjoining counties.

Nearing its limit in single family residential housing, the city of Birmingham continues daily to expand both in commercial developments and multiple family housing.

A popular area for home building for many years, Birmingham has borne much of the brunt of providing pleasant suburban residences before industry began expanding into Oakland County.

A good indication of this expansion is shown in Birmingham, where the population of 15,467 in 1930 has zoomed to an estimated 23,000 at present.

Another trademark of such increases is the race between school construction and rising student enrollment. "If we built a new classroom every two weeks, we would be keeping up with the newly arriving students," Supt. of Schools Dwight B. Ireland has said.

Residents approved a \$3,300,000 bond issue in November, 1932 for two new elementary schools and additions to six other schools.

The Birmingham High School, a national showplace of modern school design completed in 1931, is already filled to capacity, and a three or four million dollar bond issue is contemplated to add 30 rooms to the high school and to provide a new junior high school.

This coming bond issue could be financed continuing the millage levied for the 1933 building program. Increased valuations have brought in more than anticipated revenue.

Holy Name Catholic Church is in the process of expanding, with ground breaking on a new \$600,000 church set for July.

"There aren't too many residential building sites left in the city," City Planner Robert Boatman stated, "but 40 per cent of the land zoned business is undeveloped in that use."

BOATMAN As the approximately 750 residential lots continue to dwindle, commercial, church and school expansion continue to keep building figures high in Birmingham.

Last year the S. S. Kresge Co. moved from its former location on North Woodward to a spacious new building on the site of the former First Methodist Church at Maple and Henrietta.

The Maple avenue Wabcock Corporation's imposing office structure is scheduled for a large addition to the north, and Wilson Pontiac-Cadillac Co., now located at Woodward and Willets, will soon occupy extensive new quarters on North Woodward in a former shopping center building purchased by Edward E. Wilson and his brother, C. E. Wilson Jr.

Jacobson's, Inc. has opened a home decorative shop on North Woodward, West Maple Road, scheduled for widening this summer, has been the site of the relocation of the Methodist, Presbyterian and Redeemer Lutheran Churches.

Under construction now at Woodward and Fourteen Mile Rd., is a drive-in branch of the Birmingham National Bank.

An increase in multiple housing has been evidenced during the past few years, with terrace apartments at Maple and Eton, Southfield and Adams Roads.

The Adams road former Porritt property, a 45-acre tract annexed from Troy Township in April, will provide the last large development within the present city limits. Sixteen single family residences and 216 duplex units are planned for the tract, with business along the Adams road frontage.

With only 14 per cent of the city zoned for it, industry has been contained along Eton road and Cole street. Housed there are the Restrict and Lawson lumber yards, the Cox and Parks Coal companies, Torrence Oil Co., Birmingham Plastics, and Arcadia Manufacturing Co.

Much of the building affecting Birmingham now is on its outskirts. A \$6,000,000 home project is in the offing at Cranbrook and Maple roads, in nearby Bloomfield Township, Troy Township property north of the Pembroke area of Birmingham will soon bud with new homes.

"Problems of growth have not caused much alarm here because city commissions with foresight saw them coming and laid the groundwork for their solutions," Chamber of Commerce Executive Secretary Charles Mortensen says.

Planning Board member Harry

SHOWPLACE — A showplace of modern school architecture is the Birmingham High School, completed in 1931. Increase of students has filled the building to capacity, and a bond issue to add 20 rooms and construct a new junior high school is being contemplated.

Denyes Jr., a local architect, says: "We're at the cross-roads of development in Birmingham, and subject to continual pressure from now on to increase the density of population and commercial aspects of the city."

"Our biggest problem is preserving our identity as a city, and not just another suburb, a city in name only," he added.

The population increase which Birmingham has undergone in the past three years has brought three major problems, Assistant City Manager Jack Walker says. "They are providing adequate water supply, sewage disposal, and fire protection."

The water problem has been met by bringing the number of city wells to eight, and entering a joint community authority which will allow purchase of water from Detroit at a later date.

Sewage disposal problems were overcome when the voters approved allowing half the city's sewage to be funneled to Detroit treatment plants, by joining the Southeastern Oakland County Sewage Disposal District in 1932.

Fire protection was also provided by vote of the people, when they approved April 5 a \$225,000 bond issue for two new fire stations, one on each side of the city.

Parent Conference Set for Tomorrow

WEST BLOOMFIELD TOWNSHIP — Conferences for parents of children planning to enter kindergarten next fall will be held tomorrow and next Wednesday.

Those living in the Roosevelt School area will meet at that school's kindergarten room at 1:30 p. m. tomorrow.

Parents of future kindergartners in the Green, Hosner and Scotch school districts will gather at the Scotch School at 1 p. m. a week from tomorrow.

Children who are five years old on or before Dec. 1 are eligible for registration. The schools have invited the youngsters to accompany their parents to the conferences, to meet the teacher and see the kindergartners.

Mothers of present kindergarten children will act as hostesses.

Almont High Band to Give Spring Concert

ALMONT — Melvin West will conduct the annual spring concert of the Almont High School Band at 8 p. m. Thursday.

Also appearing on the program will be the junior band, made up of fifth through eighth graders. The senior band will be heard in selections ranging from marches to Beethoven's "Egmont Overture," to popular Rodgers and Hammerstein melodies.

Lapeer Holstein Show to Be Held on Thursday

LAPEER—Annual Lapeer County Holstein Show will be held at the Center Bldg. here Thursday. The program will begin with 4-H, FFA and adult judging contests at 10:30 a. m. A basket lunch will be held at noon. Health papers must be brought with the animals. Winners will receive model cows.

Avondale OK's School Bonds

Vote Is 3 to 1 in Favor of \$550,000 Program for New Buildings

AUBURN HEIGHTS — By a vote of three to one, Avondale School District Monday endorsed a \$550,000 school building program. The money from the sale of the bonds will construct a junior high school (to be located in Auburn Heights) and an addition to the Elmwood Elementary School on Auburn road.

Proposition one, covering the bond proposal, received 347 "yes" votes and 117 "no." Out of 468 votes cast, four were void.

The tax limitation proposal received a total of 479 votes with 350 "yes" ballots and 125 "no." Following the close of the polls at 8 p. m., the Avondale Board of Education held a special meeting to canvass the votes. Members said they would push the building program into effect immediately.

"We must try to have some elementary classroom additions by September," said Ray Baker, superintendent of Avondale schools.

Baker attributed the success of the bond issue campaign to the work and cooperation of the Parent Teacher Associations in the schools.

"They recognized the need that exists here and went out and did something about it," he said.

Rural Students to Get Diplomas Wednesday Night

IMLAY CITY — Commencement exercises for 16 rural schools in this area will be held Wednesday night at the Imlay City High School.

Included in the program will be the invocation by the Rev. David Evans and songs by the graduates and the Imlay City Boys' Glee Club. Principal Richard Wheeler will be the speaker.

Presenting the eighth grade diplomas to the 36 graduates will be Superintendent Alvin Norlin.

Schools taking part are Abbot, Arkdale, Bower, Buckingham, Clarks Corners, Cole, Erity, Folsom, Flansburg, Howland, Muir, Rutherford, Sandhill, Walker, Webster and White.

Boy Scout Troop 136 Holds Honorary Dinner

DAVISBURG—Explorers, scoutmasters and committeemen of Boy Scout Troop 136 last week feted their mothers, wives and friends at a dinner at the Old Plantation. Each guest was presented a corsage.

Troop members are currently busy with hikes and overnight camps for their merit badges.

Market Burned April 3, Now Open for Business

METAMORA — Destroyed by fire on April 3, the Mirror Lake Market on M24 has been re-opened for business.

Some new equipment has already been installed, with more scheduled for arrival soon, according to owner O. C. McCree. The market is operated by Mr. and Mrs. Robert Stiglich.

Girl Scout Mothers' Tea Held Recently

WATERFORD CENTER — Annual Girl Scout Mothers' Tea was held at Waterford Center School last week.

Mrs. Alfred Keith, Troop 119 leader, presented year-award pennants to Mary Jean Thornton, Jackie Little, Mary Kay and Patricia Smith, Ann Fulkerson, Judy Armstrong, Jeaniene, Bittle, Faith Hoover, Candy Winderle, Cheryl Webster, Rosemary Gardner and Carol McDonald.

Tenderfoot pins were awarded to Sandra Bass, Lynn Franklin, Carol Thomas, Diane Peterson, Sandra LaBarge and Joyce Smith. Other recipients were Marsah Bigsby, Jerri Lee Larson, Susan Winderle, Susie Lymbaugh and Dana Temple.

Star Farmer Picked at FFA Presentation

WALLED LAKE — Richard Campbell was named Star Farmer at the annual Future Farmers of America awards presentation held last week in conjunction with a parent and son banquet.

Sam Smith was honored with the 80-point award and the annual DeKalb medal.

Ring awards were presented to Jude Nelson, Gerald Avery, Paul Heinke and William Andrews and Heinke and William Andrews. Heinke was also recipient of a 40-point award, along with Bob Thibodeau, Rodney See, Ronald Johnson, Bill Andrews and Tob Abersold.

Guest speaker was David Boyne of Marlette, national FFA president.

County Calendar

Metamora — The Metamora Lions Club will hold a stag benefit at 8 p. m. Thursday. Lunch and refreshments will be served.

Family Night will be held Thursday evening at 7 p. m. at the Church of the Holy Trinity. A potluck supper will be followed by a program.

Auburn Heights — Women's Missionary Society of United Presbyterian Church will hold an all-day meeting Wednesday at the Churchhill road home of Mrs. George Hudson.

New Hudson — WPCS of New Hudson Methodist Church will hold its spring luncheon and guest day at 1 p. m. Thursday at the church, with Mrs. W. E. Canfield of Northville as guest speaker.

Seymour Lake — Mrs. Iva Miller will be hostess to the WPCS at the Pine Knob road home tomorrow noon. An election of officers will follow a potluck luncheon.

Waterford Township — MOMS Unit 36 will meet at 1:30 p. m. tomorrow at the home of Mrs. Elmer Davis on Andersonville road.

Members of the council board, board of trustees and missionary board of Waterford Community Church will hold an organizational meeting at 7:30 p. m. Thursday.

County Births

Metamora — The Rev. and Mrs. Charles Robbins announce the birth of a son, David Bryan, May 7 at Lapeer County General Hospital.

North Branch — A son was born May 7 to Mr. and Mrs. Marvin Hailed.

Now's the time to Make it Milk!

South Lyon Set for Bond Vote

Electors to Decide Fate of \$540,000 Issue for New High School

SOUTH LYON — May 20 has been set for a special election here for voters to decide on a \$540,000 bond issue to build a new 300-pupil high school.

The proposed new building would be located on a site adjacent to the present 14 classroom elementary school on a 27-acre tract of land in the northwest section of the village.

Plans call for a cinder block construction with ten modern academic classrooms and other special rooms for library, commercial department, agricultural science, music and home economics. There would also be a gymnasium with a capacity of 300 spectators, locker and shower rooms, a team room, administration offices, a kitchen and a cafeteria.

A bus loading platform would be provided alongside the building. About 75 per cent of the students of the high school ride buses.

The bond issue proposal, also calls for construction of a one-room addition to the New Hudson Elementary School. Plans for both buildings were prepared by Walter Anica and Associates of Ann Arbor, architects for the elementary school.

"Due to the increase in size and valuation of the district these structures can be built with no increase in millage," said Donald E. Smith, president of the South Lyon Township Board of Education.

3 Activities Slated at St. Paul Church

ROCHESTER — Three activities are slated for tomorrow and Thursday at St. Paul Methodist Church.

Executive committee of the WPCS will meet at 1:30 p. m. tomorrow in the church house, while the May general meeting of the society will be held at 7:30 p. m. Thursday in the church sanctuary.

Mrs. Charles Meeker of Romeo, will conduct the local installation service.

Bethany and Martha circles will hold a potluck supper and election of officers in the church house at 6:30 p. m. Thursday.

Couple to Live in Pontiac

Carol Ann Laing Is Wed to James Hargraves Jr.

AUBURN HEIGHTS—Carol Ann Laing became the bride of James Ernest Hargraves Jr. Friday evening in a ceremony in First Baptist Church of Pontiac.

The ceremony, performed before an altar decorated with candelabra, palms and vases of white flowers, was attended by 125 persons.

Carol Ann is the daughter of

Mrs. James E. Laing of 2739 Auburn Rd. James' parents are Mr. and Mrs. James E. Hargraves of 3260 Auburn Rd.

For the ceremony the bride wore a light blue flannel suit, white leather shoes and a small lacy hat. She carried a bouquet of white roses and shattered carnations with streamers.

Serving as her matron of honor was Mrs. Kenneth White, her sister of Pontiac.

Kenneth White, brother-in-law of the bride, served as best man for the bridegroom. Ushers were Jack Spurlock of Pontiac and Don Baker of Auburn Heights.

A reception was held in the home of the bride's brother, James C. Laing of Drayton Plains. The newlyweds left for a Florida honeymoon, with the bride wearing a blue suit, leather accessories and a corsage from her wedding bouquet.

After their honeymoon, Mr. and Mrs. Hargraves will make their home on Murphy street in Pontiac. Both are graduates of Avondale High School.

Man, 60, Killed in Truck Crash

Police Say He Drove Through Army Convoy Early Today

ROYAL OAK TOWNSHIP — A 60-year-old Oakland Gardens man was fatally injured today when his pickup truck was crushed by an Army truck as he drove through a State Police-escorted military convoy.

James W. Ethridge of 21377 Ithaca, an employee of the American Brass Co., died soon after arrival at Mj. Carmel Mercy Hospital, Detroit.

Police said Ethridge, driving on Wyoming, entered 8-Mile road with the green light and apparently did not see the convoy.

Sgt. Edward Wilson of Royal Oak Township said there was a gap in the convoy. Six trucks had already passed the intersection on the red light, when Ethridge passed in front of a seventh truck and was hit.

The Army truck driver, Pfc. Frank Claccia of the 99th AA Battalion, was scheduled to make a statement to the Oakland County Prosecutor's office today.

A State Police car was at the head of the truck procession.

Body of Navy Man Killed in Air Crash Returned

IMLAY CITY — The body of Aviation Machinist Mate 3C Gerald P. Lepard was returned to the United States last night.

Lepard and nine others were killed in a Navy patrol bomber crash in the Bahamas Saturday. His body was taken to an East Coast funeral home, pending transportation here. He was the son of Mr. and Mrs. Munroe Lepard of 355 W. Fifth St.

Boy, 15, Lives in Subway Room

Runaway in Brooklyn Quits Home to Escape Father's Rule, School

NEW YORK (AP)—A teen-age runaway, who for 12 days kept house in an unused subway cable-splicing room, has been evicted from his hideout 20 feet below a busy street intersection in Brooklyn.

The youngster, Robert C. Lindahl, 15, had equipped his neat bachelor quarters with an old auto seat for a bed, a rickety wire chair and other comforts salvaged from a dump. A picture of a basket of flowers adorned the wall.

The boy told police he had discovered the underground room while playing with friends, and decided to move there in order to escape school and his father's rule about being home by 8:30 at night.

Police discovered Robert asleep in his secret lodgings yesterday after a friend who had been entertained there let the boy's family know where he was.

It had been a lot of fun, Robert said, "but I won't do it again. The police said they'll put me in a real hole—with bars—next time."

The noise of traffic clanking across a manhole cover overhead didn't disturb him after the first night, he reported.

During the day Robert would push aside a sliding steel door and slip out of the subway tunnel where it emerged into an open cut near the Brooklyn Botanic Garden.

Then he would head for Manhattan, where he collected as much as \$3 a day in handouts and tips for running errands. However, his resources had dwindled to 2 cents by the time he was sent home.

Empty bottles and cans in his hideout showed his meals there consisted of root beer and beans. He had religious candles for light and a can of alcohol for cooking.

Back home—where he lives with his grandmother, three sisters and his father, a widower cab driver—Robert was given a bath and a hearty meal. His father, grinning over the escapade, packed the shaggy-haired boy off to a barber shop.

200 Expected at Meeting

BATTLE CREEK (AP)—Some 200 delegates from six Michigan cities are expected to meet in Battle Creek Saturday for the annual convention of the Michigan section of the National Assn. of Power Engineers. They will come from Grand Rapids, Detroit, Muskegon,

'BIRD' WATCH—Cpl. Harold E. MacMillan, a member of the Kalamazoo Marine Reserve unit, demonstrate the paternal attitude he and his rugged companions feel toward "Yard Bird," a mother robin who built her nest (circle) on the boom of the unit's crane. The commanding officer has ruled that the crane remain idle until the five eggs in the nest have hatched.

Couple Awaiting Trial

George Preston, 33, of 601 Nevada Ave., and Virginia Washington, 21, of 21086 Glen Lodge, Ferndale, charged with accosting and soliciting, respectively, both pleaded innocent Monday before Municipal Judge Cecil McCallum. Pres-

ton failed to post a \$25 bond and Miss Washington was unable to furnish a \$50 bond. They are being held in the Oakland County Jail pending trial May 20.

Idaho, with its two and one-half million sheep, ranks fourth in the U. S. in the production of wool.

Boy Scout Is Found Accidentally Hanged

WEST ORANGE, N. J. (AP)—A mother returning from a YWCA meeting last night found her son, a 13-year-old Boy Scout, hanging in the family garage.

Authorities said the victim, Robert Mowle, apparently hanged himself accidentally while practicing knot tying for a troop contest.

Police said he must have climbed a ladder, which was found at a 45-degree angle, and thrown one end of the rope over a beam. He may have been hoisted up and hanged when one of the knots caught on the beam.

Mrs. Helen Mowle saw the body hanging as she entered the driveway. She and her husband Thomas rushed to the boy. While Mowle held the body, Mrs. Mowle cut the rope. Artificial respiration by police failed to revive the boy.

Mowle is controller for the Wall Street Journal.

America's annual residential heating bill is believed to be one billion dollars more than necessary because of the lack of adequate insulation.

Trusty Walks Away
JACKSON (AP) — Chester L. Root, 34, a trusty at the north dairy farm, walked away Monday night.

Southern Michigan Prison officials said, He was sentenced to 2-5 years for grand larceny from Berrien County, July 25, 1952.

Curb Expenses Child Star Told

Court Orders Mother of Margaret O'Brien to Spend Less

LOS ANGELES (AP) — A Superior Court judge, noting that actress Margaret O'Brien's fortune declined \$34,623 in two years, has ordered her mother and guardian to curb her expenditures stringently.

The onetime child star of films, now 17, will have to get court approval of any expenditures exceeding \$500. Under California law, Superior Court has jurisdiction over the business affairs of wage-earning minors.

Judge Victor R. Hansen made his ruling yesterday at a hearing on accounts submitted by Mrs. Gladys O'Brien, guardian and mother of the actress. The accounts showed that Miss O'Brien's worth in December 1950 was \$190,920 but in December 1952, had dropped to \$156,297.

Mrs. O'Brien, explaining the heavy expenditures, said it was necessary for Margaret to keep herself before the public in furtherance of her acting career.

The accounts were approved by the court with the exception of \$1,325 in charitable contributions, which the mother said she would transfer to the estate from her own funds.

Ore Miners Face Layoff

ISHPEMING (AP) — Grover Holt, general manager of the Cleveland Cliffs Iron Co., said Monday that about 25 per cent of the company's 1,500 Marquette range workers will be laid off May 15. He said the cutback would hit workers at the Bunker Hill, Cambria, Lloyd, Maas, and Mather mines. He blamed cuts in steel production for the layoffs.

One-third of the accidents each year on American farms occur in the homes.

OUTDOOR GIRL—Complete with buckskins, six-gun and a five-gallon hat, winsome Colleen Hulseley suns herself by the old corral in Fort Worth, Texas. An aircraft worker in the big state, pretty Colleen spends all her weekends in the great outdoors.

Zsa Zsa Reveals Betrothal to Rubi in Hollywood

HOLLYWOOD (AP) — Zsa Zsa Gabor says she and Porfirio Rubirosa, Dominican Republic diplomat, are engaged.

Her announcement, which didn't surprise anybody present, was made to reporters yesterday while Rubirosa was unloading her 20 pieces of luggage from his plane, in which they flew from New York.

Rubirosa didn't say much of anything. He is still married to heiress Barbara Hutton.

Miss Gabor said she was wearing an engagement ring under her glove. But she wouldn't remove the glove. And she said the ring didn't come from Rubirosa.

"It's my old 'working diamond,'" she said, adding: "We're engaged, but we cannot speak of marriage because neither of us is yet free."

She has an interlocutory divorce decree from actor George Sanders. It won't be final for a year. Miss Hutton and Rubirosa are estranged, but no divorce complaint has been filed.

Zsa Zsa says she is going to work in television here. Rubirosa said he will be around for a couple of weeks, then return to Europe.

Suit Filed in Movie of Rita, Aly Khan

LOS ANGELES (AP) — A four-million-dollar suit has been filed in connection with "Champagne Safari," the movie account of the African hunting trip taken by Rita Hayworth and Moslem Prince Aly Khan on their honeymoon.

Defense Film Corp., the distributor, brought the court action yesterday, complaining that the film has been maliciously and wrongfully kept from the screen.

The suit was filed against Beckwith Corp., financial backers of the venture, and Columbia Pictures, Inc. Harry Cohn, president of Columbia, also is named as a defendant. Miss Hayworth, now the wife of crooner Dick Haymes, is under contract to Columbia, and the pact provides that Columbia must give permission for her appearance in any film.

Accident Victim Dies

COLDWATER (INS) — Mrs. Clara Bridges, of Detroit, died today in the Branch County Health Center of injuries suffered Saturday in a two-car crash on U. S. 27, near Coldwater.

Yvonne Has Chatter Advice for Shelley

HOLLYWOOD (AP) — Two glamor girls met on an airplane flying from Europe to America. One was Shelley Winters, the other Yvonne DeCarlo.

"I'm going to divorce Vittorio (Gassman)," Shelley said sadly. "Oh, are you?" said Yvonne. "Yes, and I've decided I'm not going to talk about it."

"Now you're using your head for the first time."

For Shelley to be silent on any topic is unusual in the extreme. But to Yvonne, it would be the most natural thing in the world. She is in demand as a film actress on two continents, and part of her success can be attributed to the fact that she refuses to tell all.

She is unique in an era when stars reveal everything, from their breakfast menus to their bedtime habits. She harks back to the time when the film famous had an aura of mystery, a la Garbo.

"I don't believe in telling everything about my life," says Yvonne. "I keep my personal matters to myself and let people guess what kind of life I lead."

The only time she broke this edict was when she made a picture with Carlos Thompson, the Argentine lover. Since she had some money in the film, she allowed a romance to be blown up between her and Carlos. But she confesses that the publicity got out of hand.

As for other and more authentic romances, it's anybody's guess. She has boy friends from here to Persia and does nothing to encourage or discourage reports of her love matches.

"The French have a lot of fun with it," she laughed. "They call me 'La Dernière des Femmes Fatales.' That means I am the last of the movie vamps, along the lines of Theda Bara. When I was at the Cannes Film Festival, I had come down to the Riviera from Switzerland with some French friends. I didn't want them to be bothered, so I wouldn't tell people where I was staying. The French papers came out with the news that Yvonne DeCarlo was hiding out with her lover in a chateau!"

I saw Yvonne on her old home lot, Universal-International, where she rose to fame as queen of the sagebrush and Scheherazade epics. Oddly enough, she was working in an RKO picture, "Where the Wind Dies," which was borrowing U-I's massive back lot for outdoor scenes.

She reported she had just returned from Paris, where she had made a film in French. She said she had liked the picture but hated the producer and told him so. Her return from France was her 16th crossing of the Atlantic.

Included in one ton of paper-board are 1,906 pounds of waste paper, corrugated board, and various kinds of cardboard.

**Kidney Slow-Down
May Bring
Restless Nights**

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exercising or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 60 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 million of kidney tubes and filters flush out waste. Get Doan's Pills today.

UNUSUAL SHOT—Along the coast of Cornwall near St. Ives, England, a large sea gull swoops down on a daring young girl to get a bite to eat. Other gulls hover in the background, waiting to see outcome of the transaction before following suit.

**Clothing Workers
Now a Rich Union**

ATLANTIC CITY, N. J. (AP)—Jacob S. Potofsky, president of the CIO Amalgamated Clothing Workers of America, says the 385,000-member union is one of the richest in the world with assets of over "a quarter of a billion dollars."

"We were a penniless, obscure organization 40 years ago," he told the opening session of the union's biennial convention yesterday. "Today we are well known—rich in honor and rich in material resources."

"Honor cannot be measured but material resources can. They exceed a quarter of a billion dollars, if we include our subsidiaries."

Union-owned banks, insurance companies, hospitals, credit unions and apartment houses all go to make up the organization's great wealth.

Synthetic rubber is not a true synthetic because it is not a chemical twin of the natural product.

**De Gasperi Will Head
European Coal Group**

STRASBOURG, France (AP)—Alcide de Gasperi, former Italian premier, was elected president of the Assembly of the European Coal

and Steel Community here. The only nominee, De Gasperi was chosen by acclamation. He succeeds Paul-Henri Spaak of Belgium, who retired from the post when he became Belgian foreign minister recently.

**Atom Fuel Plan
Told to Industry**
**Sale of Power to Come
When No International
Mixup Would Result**

WASHINGTON (INS)—Private industry was assured today that congress will consider outright sale of atomic power fuels when it becomes clear that this would not cause international complications. Proposed legislation now before congress would limit the government to leasing the fuels to firms wishing to build private atomic power plants. President Eisenhower suggested private ownership of the fuels earlier this year.

Rep. Sterling Cole (R-N.Y.), chairman of the Joint Atomic Committee, said that the original plan was changed only because of objections involving in-

ternational arrangements for exchange of atomic materials and information.

Cole is presiding over public hearings which started Monday on the administration's bill. Industry spokesmen have been virtually unanimous in asking the government to authorize outright purchase and sale of the fuels, which might be anything from natural uranium to refined explosive.

Walker Cister and a group of other executives representing utilities generating a third of the nation's electricity testified Monday. Additional industry spokesmen were to be heard today.

Both Cole and Rep. Chet Holifield (D-Calif.) another member of the committee, mentioned international objections to private sale of atomic materials during Monday's session, but they were reluctant to discuss the subject in detail.

Few known mines contain more gold than that which is contained in the government vaults at Fort Knox.

NEW — Boosts Engine Power Up to 25%*!

NEW Mobilgas SPECIAL—The Only Gasoline

Double Powered

with

1 Mobil Power Compound

most powerful combination of chemical additives ever
put into any gasoline to correct engine troubles...

2 Top Octane

for greatest knock-free power—result
of the world's
most advanced refining developments!

Now, in New Mobilgas SPECIAL—Mobil Power Compound, an exclusive combination of chemical additives—has been combined with top octane to bring new benefits to every motorist:

Boosts power up to 25%—improves every car's performance!

Checks pre-ignition ping. Mobil Power Compound's amazing additive, RT 125, quells and controls glowing particles responsible for this trouble.

Corrects spark plug misfiring due to injurious combustion deposits. Mobil Power Compound increases life of spark plugs up to three times.

Controls stalling due to icing of the carburetor. No other gasoline offers the protection of GLYMONATE, unique de-icing additive developed by Socony-Vacuum.

Combats gum which causes automatic chokes and other parts to stick. New additive, RT 200, reduces engine-formed gum—cuts waste of fuel.

Combining top octane and Mobil Power Compound—New Mobilgas SPECIAL gives the greatest protection against engine troubles ever offered in any gasoline.

* Laboratory controlled tests in passenger car engines showed increases in engine power output up to 25% when using New Mobilgas SPECIAL as compared to conventional premium gasoline.

Bengal Starters Keep 'Bulpen' Inactive

By JOE FALLS
DETROIT (AP) — Fred Hutchinson, manager of the Detroit Tigers, worried about his pitching when it was bad. That was natural.
Now, as a twist, he's worried because it's been too good.

This is Hutchinson's predicament as the Tigers, with a slim but surprising hold on 1st place, began a 16-game home stand today against the Washington Senators.

Due to the many postponements,

Detroit has played only 17 games. Steve Gromek, Ned Garver and Billy Hoelt—currently the big three—have started 13 of those games, leaving only four starting assignments for the rest of the staff.

Additionally, Gromek, Garver and Hoelt have pitched 18 complete games. That means that Detroit's bullpen has seen little activity in the first month of the season.

Therefore, because of the post-

ponements and strong pitching done by the big three, Hutchinson has had little opportunity to appraise his other nine hurlers.

And by midnight tomorrow, Tigers will have to cut three players from their roster. Possibly one or two pitchers will have to go.

"Don't get me wrong," Hutchinson said yesterday. "I like nothing finer than to see all those complete games piling up. I'd like to see it continue all season. It means

you're getting good pitching. "But," he continued, "I haven't had much chance to see what we have in the bullpen."

"Then, too, we need five starting pitchers because of the many day and night games. I haven't given up on Ted Gray (who failed to finish his 1st three starts). He's our number four pitcher. Now I need a 5th starter."

Hutchinson said that Ralph Branca, who has been impressive in

four relief appearances, would start against Washington today. The hulking right-hander has a 2-0 record, hasn't yielded a run in eight innings, allowing only seven hits during that time.

"Next week I might start Ray Herbert or Al Aber," Hutchinson said. "Maybe one of those is ready to take a regular turn."

Last year at this time, Hutchinson's worries were strikingly different. His team had won only three games, while losing 13, and only twice did his starting pitcher go all the way. Tigers held undisputed possession of last place.

This year, however, the Detroiters begin their 1st long home stand, boasting an improved pitching staff, five .300 hitters in the regular lineup (Tuttle, Kuenn, Boone, Dropo, and Delsing) and a strong defensive unit. It makes them the surprise package of the 1954 season.

Improvements Scheduled for Wisner Diamond

Pontiac Baseball Federation held its monthly meeting last night at the City Parks & Recreation Department.

It was announced that plans are under way for improvement work at the Wisner Field diamond.

A new fence will be erected completely encircling the diamond and shortening distances in the outfield to 400 feet at center and 325 feet at either foul line. Trees will be planted along the sides of the field to act as wind-breaks.

Seven teams have entered the Class A League which opens soon. Teams are Local 594, General Motors, Auburn Merchants, Jerome Cadillac, Oliver Buick, Pontiac Jets and Elks Lodge No. 723.

Plans for the annual Amateur Day program were discussed and the date for the event was set for Aug. 1.

Garver's 0.49 ERA Mark Best for Major Pitchers

By BEN OLAN
NEW YORK (AP) — Righthander Ned Garver of the Detroit Tigers and southpaw Curt Simmons of the Philadelphia Phillies, both of whom were sidelined for a good part of last season, were leading the major leagues in earned run averages today.

Garver, troubled by an ailing knee in 1953, paced the American League with an earned run mark of 0.49, figures compiled by the Associated Press disclosed. The 28-year-old native of Ney, Ohio has given up only two earned runs in 37 innings while recording three victories against no defeats.

Simmons, sidelined for a month in '53 following the partial amputation of the big toe on his left foot, leads the National League with an ERA of 1.40. Curt has yielded seven earned runs in 45 frames. He

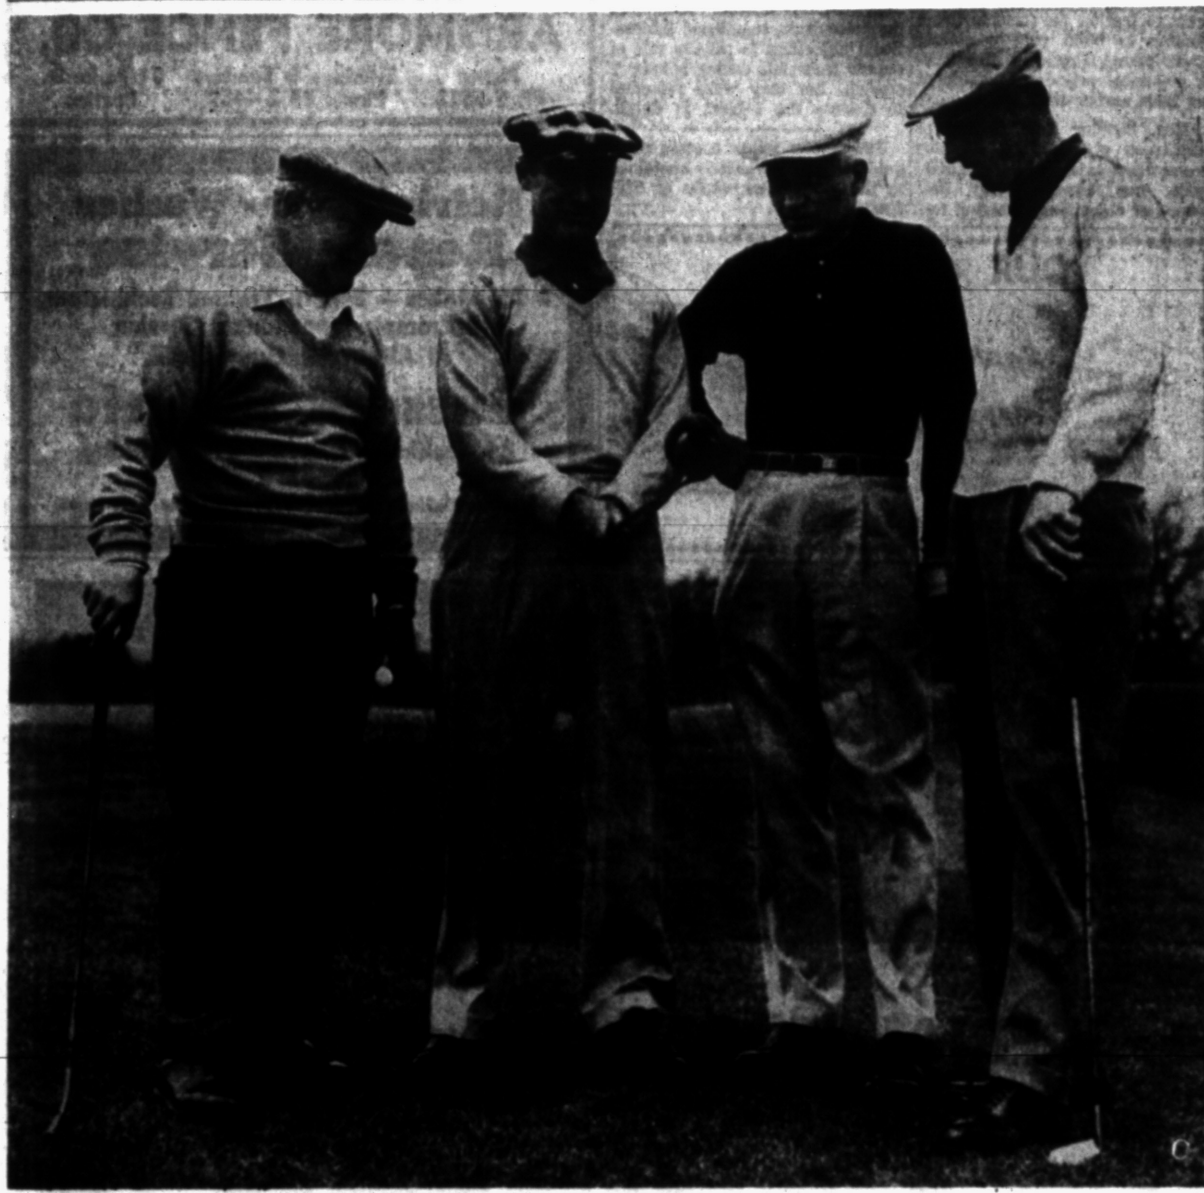

has a 3-2 won-lost record, including a pair of shutout victories.

Baltimore's Bob Turley is second in the American League with 1.67. Steve Gromek is third with 1.72 on nine earned runs in 47 frames. The Detroit star has won five games (all complete) and dropped none.

Bob Keegan of Chicago (3-1) is fourth with a 1.80 average followed by Ed Lopat of the New York Yankees with 1.97.

Runnerup to Simmons in the National League is teammate Robin Roberts with 2.04.

Garver, who won 20 games for the St. Louis Browns in 1951, finished well down in the American League run listings last season with 4.45 while compiling an 11-11 record. An operation on his knee last September apparently has restored his effectiveness.

START '54 PRO-AM ACTION—A quartet of golf professionals at Oakland County clubs have a chat prior to teeing off in Monday's 1st pro-amateur event of the season, held at Forest Lake Country Club.

Club. From the left are Warren Orlick of Tam O'Shanter, Henry Ransom of Pine Lake, Ray Maguire of Birmingham and Bob Gajda, new Forest Lake pro.

Red Run Newcomer Takes Honors in First Pro-Am

A fine turnout of 108 players, 54 best-ball teams, participated in Monday's opening pro-am tournament of the Oakland County area golf season at Forest Lake Country Club.

Bill Markham, new to county golf circles this year, teamed with Rev. Frank Walsh of St. Anne's church, Warren, to win the 18-hole event with a best ball of 65. Markham is assistant pro at Red Run Country Club.

This was two strokes better than the 67s posted by driving range pro Ralph Yankee and Bill Breeding and the team of Horton Smith and A. H. Aldinger.

Seven teams tied at 68 including Jerry Beck-Bill Walsh; Ted Maged-Augie Bergamo, the ex-St. Louis Cardinal outfielder; Faust Bianco-Dave MacHarg; George Spencer-Jim Mousakis; host pro Bob Gajda-Blaine Eynon; Chick Harbert-

Darcy O'Neill and Bill Entwistle-Bill Raymond.

A total of 29 teams bettered the course par of 35-37-72.

Bill Markham-Rev. F. Walsh 32-33-65

International Ring Card

WINDSOR, Ont. (AP)—The weekly Motor City fights move across the Detroit River tonight to Windsor, where a pair of 10-round bouts are scheduled in the Windsor arena.

In a heavyweight match, Johnny Summerlin meets Oscar Pharo. Both are Detroiters.

Allie Gronik of Detroit faces Chicago's Cyril Kelly in a welterweight 10-rounder.

Penn Golfer East Champion

Wallace Shoots Under Par in Extra-Hole Win Over Yale Man

HANOVER, N.H. (AP)—Ed Wallace of the University of Pennsylvania today held the Eastern Intercollegiate Golf Assn. championship after firing sub-par golf to score a 20-hole victory over Murray Vernon of Yale at the Hanover Country Club.

Wallace, a 21-year-old senior from Westmont, N.J., gained yesterday's final by trouncing Johnny Tosca of Holy Cross, 6 and 5, in the morning semifinal. Vernon, who defeated Princeton's Fred Hoyde, 1 up, in a semifinal, is a 21-year-old senior from Greenwich, Conn.

Berkley Links Squad Winner of I-L Crown

Berkley High School's golf team ignored the cold weather at Franklin Hills Country Club Monday to win the Inter-Lakes Conference links championship by eight strokes.

Bears' 4-man team toured the par-72 layout in 351 strokes. Walled Lake was 2nd at 359, three strokes ahead of defending champion Southfield with 362. Waterford High was 4th with 368.

Farmington, 449, and Van Dyke, 439, rounded out the field. Berkley's Rayme Martin fired a steady 39-39-78 to take medalist honors. He was particularly sharp with his short game, chipping in from off the green on the 6th and 14th holes.

Dick Hartle of Walled Lake shot 82, while Don Bradley of Southfield and Craig Dollohan of Berkley, 83s, trail Martin. Low man for 4th place Waterford was Jack Reynolds with 89.

Veteran Netter Upset

NEW YORK, May 10 (AP)—Hamilton Richardson, youthful Davis Cup team member from Baton Rouge, La., defeated veteran Gardner Mulloy of Coral Gables, Fla., 6-2, 6-3 in the round robin tennis competition tonight at the Town Tennis Club.

This Year's Open May Be Hogan's Last, Snead Will Be Making Tremendous Effort for Victory

By GRANTLAND RICE
NEW YORK — The Open Golf Championship to be held in June 17-19 at Baltusrol may be one of the most exciting events in a long time.

It may well be one of the most important happenings along the way of the Ancient Green held in many years.

In the first place, it is no longer a certainty that Ben Hogan will play in an Open after 1954. Ben is no longer a dashing kid. He may play for years, but if he wins his fifth record-breaking U.S. Open next month, he may decide to call it a career and let someone else try to make it five or six in a row.

In the second place, it is no certain thing that Sammy Snead will keep trying to win his first Open forever. Snead is good enough to win right now. He proved that at Augusta in the Masters. But he has been trying a long, long time—at least 20 years—and as each year passes it becomes tougher and tougher.

Sammy had at least three of these Opens won, only to blow the big chance on a short missed putt or some other mistake.

I followed Macdonald Smith, one of the finest of

all golfers, for 25 years only to see him blow many chances. It became evident finally that he wasn't going to win, although he rarely hit a bad shot and ordinarily dallied around 70.

He could beat any Open star, Gene Sarazen and Walter Hagen, included, until he reached an Open. Then the door closed.

Back of Hogan and Snead there will be many challengers—a long parade of younger golfers who have practically all the shots needed to win any event. But they have yet to prove the concentration and determination required to win a 72-hole medal test of a course like Baltusrol.

I would rather take a chance on such veterans as Lloyd Mangrum or Dutch Harrison, the Duke of Arkansas. Mangrum slipped earlier this season, but came bounding back at Augusta. He may be right again. He is a dangerous competitor.

Gene Littler, Bo Wininger, Dye Douglas are brilliant on occasions but when it comes to the blue chips of an Open, I'll take Hogan, Snead, Mangrum, Dutch Harrison, Cary Middlecoff or a few of those who have become seasoned in the rigid tests required over 72 holes.

Mulloy Hits U.S. Cup Policy

By WILL GRIMSLEY
NEW YORK (AP) — Gardner Mulloy, outspoken critic of Uncle Sam's tennis brass, proposed a four-point program today for recapturing the Davis Cup and said one of the most vital needs is a year-around captain.

Preparing to leave for Europe where he will climax his campaign at Wimbledon, the 40-year-old Coral Gables, Fla., veteran suggested as a means of stealing the march from Australia:

1. Adoption of a new policy, not as professional as that of the Aussies but not as lax as that of the U. S. at present, a sort of middle-of-the-road deal.
2. A year-around captain or manager of the Harry Hopman type, someone who can keep an eye on talent and coordinate our interests.
3. A better system of selecting Cup members, with ability and season records the final gauge as

in the case of golf's Walker and Ryder Cup teams.

4. More emphasis on playing talent and less on the camp followers. No extra managers and no wives on the Davis Cup trips.

"We must decide whether we want to make an all-out effort to regain the cup," the tall Southerner said. "We don't want to go to

the extreme that Australia does but neither do we want to be as lax and free as we have been.

"Down there boys quit school and become outright pros in their teens. We want to encourage education but at the same time we must encourage tennis."

"We must have a more realistic

approach to selecting our teams. We have to pick players on the basis of ability and with the idea of winning back the cup."

Mulloy played Ham Richardson of Baton Rouge, La., a young cup member, in the round robin at the Town Tennis Club last night. He lost to the youngster, 6-2, 6-3.

'War' Continues Canadian Pro Gridders May Be Seen on Video

NEW YORK (AP)—The "war between United States and Canadian professional football will take to the air this fall when the National Broadcasting Company begins regular Saturday afternoon telecasts of Interprovincial Rugby Football Union games.

The American TV fan, previously familiar with the Canadian game only through accounts of U. S.-Canadian wrangling over players, will get his first chance to compare the two games. NBC announced yesterday it will televise 13 games from Montreal, Ottawa, Toronto and Hamilton starting Aug. 28 and running through Nov. 20 and including all playoffs.

Actually, the Canadian telecasts will conflict on only two Saturday afternoons with those of the NFL, televised by DuMont. DuMont's schedule calls for a national "game of the week" on Sunday afternoons, plus extensive regional telecasts of individual games.

many of them on Saturday night.

NBC's telecast of Canadian games, however, will be in direct competition with the colleges' "game of the week" program sponsored by the National Collegiate Athletic Assn. and aired by the American Broadcasting Company.

Some aspects of the Canadian game are likely to appeal to the U. S. viewer. The bigger playing surface—Canadian fields are 10 yards longer and approximately 10 yards wider—permits a more wide-open game.

The restricted interference rules in Canadian football are likely to gain sympathy for the ball carriers from the U. S. fan. Instead of unlimited downfield blocking, they are permitted interference only for 10 yards beyond the line of scrimmage. After that they're on their own.

A Canadian football team consists of 12 men compared to 11 in the U. S.

Shamrock Nine Beats St. Fred

St. Michael's baseball team won its 1st victory of the season yesterday, downing cross-town rival St. Frederick, 6-2. Loss was the 4th in a row for the Rams.

Dave Smith set the Reds down with one hit, a 5th inning single by 3rd-baseman Jerry Crake. Smith struck out eight and issued three bases on balls. Don Picmann, the loser, fanned eight and walked two.

Mike's shortstop Danny Dropps collected two hits in three trips to the plate and drove in four runs. He singled in the 5th to score Bud Schwartz and Schultz and doubled in the 6th, scoring Schwartz and Joe Wilhelm. He scored a 5th run himself, racing home on an error by the catcher in the 6th.

St. Mary of Orchard Lake won its 3rd victory in four Suburban Catholic League starts, downing Royal Oak St. Mary, 4-3. Eagles scored their winning run in the 7th frame, when shortstop Ted Kopacki singled with the bases loaded to score Wayne Zettel.

St. Michael's 000 024 6-4 7 2
St. Fred 001 1-3-4 0 4
Smith and Schwartz: Picmann and Green.

St. Mary RO. 200 100 0-3 9 1
St. Mary OL. 001 200 1-4 5 2
Pitcher and Batter: Schemm and Frankowski.

Navy's Rowing Coach Sees Huskies on Top

NEW YORK (INS) — Rusty Calow, veteran coach of the Navy crew which has been unbeaten in 24 straight races over three seasons, predicted today that the University of Washington would make a clean sweep in the intercollegiate regatta on Lake Onondaga, N. Y., June 19.

"If the west coast boys' morale is high—and I have no reason to believe it won't be—they probably will beat us," said Rusty.

Rusty is not overly confident about Navy's chances in the annual sprint championships on the Potomac at Washington, D. C., next Saturday.

Pontiac High Golf Team Loses Match

Pontiac High's golf team dropped its 3rd match in nine starts yesterday, bowing to Port Huron 8 1/2-6 1/4 at Port Huron's Black River Country Club.

Match was the final dual test of the season for the Chiefs, who go to Flint for their regional meet Saturday. Only the Saginaw Valley Conference and state meets will remain after that.

Port Huron's Crichton was medalist Monday with a 5-over-par 77. Low man for Pontiac was Don Walker, with a 90.

No 'Average' Player

By GAYLE TALBOT
NEW YORK (AP)—Willie Keeler, the remarkable little man who contributed the sage advice to "hit 'em where they ain't" to baseball lore, stood only 5 feet 4 and weighed but 140 pounds, yet he was large enough to post a batting average of .345 during his 19 years of outfielding in the big leagues.

Johnny Evers, member of the famous Tinker to Evers to Chance double-play combination, was even smaller than Willie, though, if you want to judge them on weight alone. The pugnascent second baseman carried only 135 pounds on his 5 feet 9 inches over an 18-year

Riders, Horses Have Bad Day

Six Jockeys Are Thrown at Belmont, Moreno Breaks Leg

NEW YORK (AP)—It was a bad day for the jockeys, especially Pete Moreno, at Belmont Park yesterday.

Six of them were tossed from their mounts but all escaped injury except Moreno. He received a broken leg when he was tossed from his mount, Libby's First, while at the gate for the start of the second race.

Pete's younger brother, Hank, was thrown by his mount in the last race and Ted Atkinson was deposited on the wet grass by Grover B. during the running of the feature event. Grover B. was taken from the track in an ambulance with a broken leg.

The other three, T. Mongiello, P. Murphy and A. Egito, were thrown during the running of the steeplechase.

Top Weight for Dancer
NEW YORK (INS)—Alfred Vanderbilt's Native Dancer has been assigned the top weight of 130 pounds for the \$30,000 Metropolitan Handicap at Belmont Park Saturday.

The Dancer, winner of 19 out of 20 starts in his sensational racing career, will be making his second start as a four-year-old in the Met.

Kryhoski Caps Fine Comeback With Four RBI's

Leads Baltimore Nine to 7-6 Triumph Over Athletics Monday

By LOU PANOS
BALTIMORE (AP)—Dick Kryhoski, who refused to give up on himself when just about everybody else had chalked him off as a gone goose, was the biggest Oriole in Baltimore today.

The 29-year-old first base veteran, virtually eliminated by injuries before he could get up a good head of steam early this season, capped a brilliant comeback last night by knocking in four big runs as the Orioles squeezed by the Philadelphia Athletics, 7-6.

Kryhoski, starting only his third game, bagged two doubles and a single in four trips as he boosted his season's performance to 8-for-14 and a team-leading .571 average.

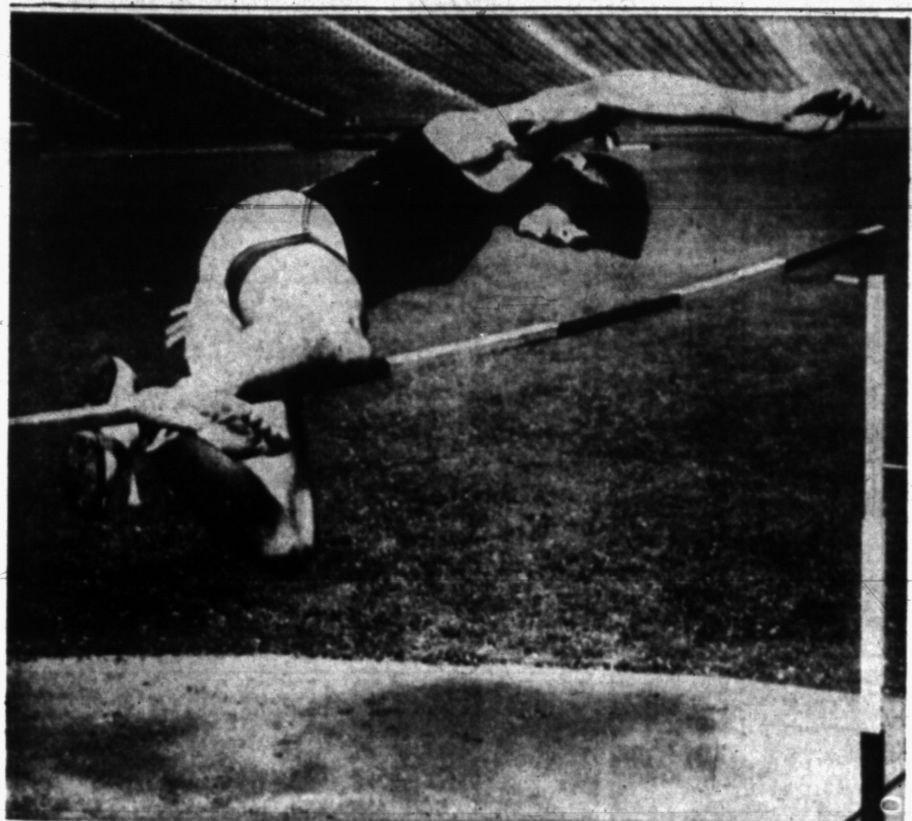

The four runs driven in by Kryhoski during the evening equaled the total Oriole production for any previous game as Manager Jimmie Dykes desperately switched his lineup to find a player who wasn't in a slump.

Only a few hours earlier Manager Jimmie Dykes had declared Kryhoski and Vic Wertz were the only hitters who would remain in the Oriole lineup against either right-handed or left-handed pitching. Kryhoski, taking over first base after smooth-fielding Eddie Waitkus went into a tailspin at the plate, had hit safely in two previous starts and in part-time duty against the Yankees last week.

Only a few weeks ago you could have named your own odds on Kryhoski's playing for the Orioles regularly.

He had reported to spring training with a reputation for being unable to

Tribe Leaves Home Folks Limp on 8-7 Win

AIMS AT 7-FOOT LEAP—Ernie Shelton of USC, shown clearing the bar at six feet six inches in a practice jump yesterday, is one of the current crop of athletes who may be next to break one of track's most elusive records—the 7-foot high jump. Shelton, who has cleared seven feet in practice

only to knock the bar off on the way down, is another athlete who practices with the thought in mind that the record can be broken, and he is the man who will do it. This is similar to the method Parry O'Brien uses, and he set a new mark in the shot put of 60 feet 5 1/2 inches.

Lions Sign Fowler From Rose Bowl 11

DETROIT (UP)—Detroit Lions have signed professional football contracts with Larry Fowler of Michigan State College and Gerald Perry, a free agent tackle.

Coach Buddy Parker announced Monday that Fowler, a 210-pound tackle on last year's Rose Bowl championship team, would be used at guard by the Lions during the 1954 season.

Lions planned to try Perry at defensive tackle. Perry, an ex-University of California player, was drafted by the Los Angeles Rams last year but was released before the start of the National Football League season.

Only one letterman infielder returned to this year's Duke baseball team. He is second baseman Dick Brewer.

High Jump, Discus Marks Now Targets for Athletes

By GRAHAM BERRY
LOS ANGELES (UP)—With the 4-minute mile and 60-foot shot-put out of the way, a couple of local athletes plan to crack this year—two more of track and field's magic round numbers—200 feet in the discus and 7 feet in the high jump.

Just the gents to achieve these feats are Fortune Gordien, world record holder in the discus and better than ever after 15 years of competition, and Ernie Shelton of USC, whose 6-9 1/2 is the nation's best altitude mark this year.

Both boys are close to "sonic barrier" performances in their specialties; both are improving and both are confident.

Gordien, who established a world record of 194-6 last year, already

has hit 192 this season, officially. He unleashed one good for 196-4, but unfortunately stepped 1 1/2 inches outside the circle. He exceeds 190 feet every day in practice. Shelton has jumped 6-10 1/2 in practice this season. He tried 7 feet 1-4 inches, got on top of it, but kicked off the bar on the way down.

Shelton, who leaped 6-9 1/2 in Finland last year, was second in the national AAU meet to Walt Davis, formerly of Texas A&M. Davis, who holds the world mark of 6-11 1/2, is not competing this year.

Both Shelton and Gordien believe, now that Roger Bamister and Parry O'Brien have paved the way with their 3-59.4 mile and 60-5 1/2 shot-put, that this is the magic year in track.

Are Tigers Road Club?

DETROIT, May 11. (UP)—One month of brilliant baseball hasn't blinded Fred Hutchinson, manager of the Detroit Tigers.

The 34-year-old manager—youngest in the majors—is naturally pleased over the early season surge which has carried the Tigers to the top of the American League. But he's also aware that his team, essentially a young one, has its shortcomings.

"We've got a 16-game home stand coming up," Hutchinson said Monday. "That could hurt us, rather than help. Our ball park (Briggs Stadium) favors the hitters and we've only got two long-ball hitters on our team—Ray Boone and Walt Dropo.

"We'd do a lot better, I think, if we played on the road, say in Washington or Chicago."

Statistics stand behind Hutchinson. The Tigers have had a losing

record at home—three victories and four losses. On the road, they have had a glittering 8-1 record, the best mark in major league baseball.

The Tiger skipper takes a realistic appraisal of his club.

"I'm satisfied with the pitching," he said. "Steve Gromek and Ned Garver have done well but that's not surprising. Both are fine pitchers.

"Billy Hoeltz has stopped trying to be cute on the mound," he continued. "He's bearing down all the time now. So he's a better pitcher. "Our rookies have looked good. . . and they have looked bad. They're coming around."

Detroit's G-men—Gromek and Garver—have been the force behind Detroit's rise. Gromek has pitched five straight victories—all complete games—while Garver has a 3-0 record. These were also complete games.

"With all these complete games

and postponements, I'm concerned about our bull pen hurlers. They haven't had any chance to work. But I'll still take the complete games," Hutchinson said.

Detroit's three rookies—second baseman Frank Bolling, center-fielder Bill Tuttle and right-fielder Al Kaline—have tightened the Tigers' defense and their hitting, as a unit, has been better than anticipated.

Olympic Champ Looks Ahead to Maxim Contest

NEW YORK (UP)—Winner of all 13 of his pro fights, 19-year old Floyd Patterson will take a giant step on June 7 when he will meet Joey Maxim, former light heavyweight champion.

"He's ready now," said manager Custer D'Amato after the Olympic middleweight champion all but knocked out experienced Jesse Turner en route to a unanimous eight round win at Eastern Parkway Arena last night.

The broad-shouldered, fast-punching Brooklyn Negro staggered his smaller, lighter and unranked foe from St. Louis several times with rights to the chin and felled him for four (the mandatory eight count was given) in the final round with a smashing right to the jaw.

GMC Archery Leagues Will Open Next Week

General Motors' four archery leagues are scheduled to open their seasons next week.

Deer Slayers, under the direction of Tom Manion, will get under way Monday at 5:30 p.m. Jack Stepleton's Robin Hoods start the following day at 5:30 p.m. and the Nite Owls, captained by Dick Sanderson, begin Wednesday, May 19, at 10 a.m.

Girls' league opens with a practice session on Thursday, May 20, at 5:30 p.m.

Riley, Faulk Meet 'Underdog' Foes

BIRMINGHAM, Ala. (UP)—Medalist Mary Lena Faulk and defending champion Polly Riley, moving toward a head-to-head battle in the second round, met underdog opponents in today's first round of the Southern Women's Golf Tournament.

Miss Faulk, the national amateur champion from Thomasville, Ga., drew Mrs. Harry Webb of Huntsville, Ala., as her first match play foe. Miss Riley, the Fort Worth veteran seeking her fifth Southern title, met Mrs. Carl Robbins of Fort Smith, Ark.

Tiger-Chisox Playoff of Tie Set June 29

CHICAGO, May 11 (UP)—The 10-inning scoreless tie game between Detroit and the Chicago White Sox Sunday, called because of darkness, will be replayed June 29 at Comiskey Park as part of a two-night doubleheader, the White Sox said Monday.

Zenzo Shimizu is the non-playing captain of the 1954 Japanese Davis Cup team which will play in the United States this summer.

Philley's 'Grand Slam' Home Run Is Big Blow

Yankees Battle Back, but Fall Short; Orioles Nip Athletics

By BEN PHLEGAR

Associated Press Sports Writer
Al Lopez' writers obviously have given the Cleveland manager a new script for the Indians' series with New York this season.

After trying it out twice out of town with great success, the Indians played the new version for the home folks for the first time last night and left 'em limp.

This one is a real thriller. The story line is a direct switch from last spring when the Indians played the meek little lambs being led regularly to slaughter by the big bad Yankees.

The 1954 script casts the Indians in the role of the hero who cuts the "complacent" Yankees down to size.

In the three showings so far the "actors" have shown great versatility. The first time, in New York, the Indians left the thrills for the curtain call, scoring five runs in the 10th inning for a 9-4 triumph. The next day, still in New York, the Indians showed the Saturday matinee crowd their muscles and came off with a 10-2 victory.

The version unveiled in Cleveland last night topped anything so far. Most of the action was jammed into the first act, but the suspense continued right through to the final curtain as the Indians won 8-7.

Cleveland spotted the Yankees three runs, then roared back with seven before the New Yorkers could get anybody out in the home half of the first inning. The big Cleveland blow in the frame was Dave Philley's home run with the bases full.

Almost everybody got into the act as Umpire Bill Summers thumbed Yogi Berra and then Casey Stengel from the game during the uprising.

With seven runs home, Jim Hegan on third, nobody out and Whitey Ford and Bob Kuzava shelled from the mound, in came Yankee rookie Bob Grim.

The youngster promptly started pitching a no-hitter.

Meanwhile the Yankees cut their 8-3 deficit to 8-5 after two innings and 8-7 after three, but Don Masi and Mike Garcia held them the rest of the way.

Only one other major league game was played last night. The Baltimore Orioles rallied for four ninth-inning runs and shaded the Philadelphia Athletics 7-6. The run total was the highest for the Orioles this season.

CLEVELAND (UP)—Bobby Avila, Cleveland's peppery second baseman, was riding a 13-game batting streak today—but he's lost ground during the skein.

Hasty Road Listed for Preakness Race

BALTIMORE (UP)—After three supplementary entries put \$22,600 in the pot for the 78th Preakness, May 22, Allie Reuben's Hasty Road became a definite starter, Monday. Pimlico officials now consider the list closed, with 10 starters. Hasty Road was the Kentucky Derby runnerup.

Winner of the Preakness will get \$91,650, top award for this rich event.

Woodruff Fires Florida Back

GAINESVILLE, Fla. (UP)—Coach Bob Woodruff yesterday kicked Harry Speers, his No. 1 quarterback, off the University of Florida athletic scholarship roster for "disciplinary reasons—misconduct."

He declined to amplify the reasons but Speers, 20-year-old sophomore from Knoxville, Tenn., said he got into "a little trouble with the police at a night club Wednesday night—I talked back to them."

Speers, the leading passer and extra point kicker, was the regular starter most of the 1953 season. Doug Dickey who usually spelled him is graduating. That leaves Bobby Lance, sophomore from Kingsport, Tenn., Dick Allen, freshman from Atlanta, and Fred Robinson, senior from St. Petersburg, to handle the signal calling.

Brighton Leads W-O by Slim Half-Game Margin

COUNTY BASEBALL
Keego Harbor 5, Milford 3
Northville 4, Holly 3
Brighton 2, Clawsonville 0
TRACK
Troy 60 2/3, Clawson 48 3/5

Brighton was back in the lead of the Wayne-Oakland Baseball League today, but its position was anything but comfortable.

Bulldogs blanked Clawsonville, 2-0, to take a half-game edge, but hovering in 2nd place were the defeated Clawsonville nine: Keego Harbor, which downed Milford Monday, and Clarkston, which was idle.

Max Southwell's 5-hit pitching beat Clawsonville. Bill Chadwick homered in the 6th inning. Bill Nicholson broke a 3-3 tie in the 7th at Milford with a 2-run triple that gave Keego a 5-3 victory.

In the other league game, Northville whipped Holly, 9-3.

In track, Troy defeated Clawson, 60 2/5 to 48 3/5. Fred Burnard took the 100 yard dash, Max Lankford won the broadjump and the pair ran a dead heat in the 220.

Tuttle, Musial Set Major Batting Pace

NEW YORK (UP)—The major league season swings into its 5th today with outfielders Stan Musial of the Cardinals and Bill Tuttle of the Tigers leading their respective circuits in batting.

Musial, aiming for his seventh hitting title, tops the National League with a .382 average. Tuttle, a rookie, is the American League pace-setter with a mark of .375. Figures include Monday's games.

Billy Goodman of the Red Sox ranks 2nd in the junior loop with .362 and teammate Jackie Jensen is next at .346.

Ken Gibbard won 2 events for Clawson.

Troy's Jim Pouget joined the ranks of the county's best half-milers by reeling off a fine 2:05.7 effort.

Julius Boros Fined for Speeding Charge

SANGER, Tex., May 11 (UP)—Julius Boros, Mid Pines, N. C., who won the Ardmore, Okla., Open golf tournament yesterday, paid a fine for speeding in Texas last night, state highway patrol records showed.

The Texas Highway Patrol stopped Boros in Cooke County of north Texas. He was charged with speeding and paid a fine of \$19.70 to Justice of the Peace A. M. Peabody in Sanger. Boros continued his trip, but none of the officers knew his destination.

The amount of speed was not known. State maximum speeds are 60 miles an hour in daytime and 55 at night.

BALTIMORE (UP)—It took American League clubs almost four weeks to pin the first loss off Bob Trice, rookie righthander of the

Philadelphia Athletics, but now they're making it a habit.

Jacoby on Canasta

Tighten Up Bolivia Rules to Make Interesting Game

By OSWALD JACOBY and ALFRED SHENWOOD
"We have experimented with the various games of the canasta family," writes a Cincinnati correspondent, "and have come up with a new game."

"We went from the original game of canasta to samba, and didn't care too much for it."

"Then along came bolivia, which eliminated some of the objectionable features of samba. Nevertheless, we thought that bolivia was too loose a game."

"We switched to using only two decks instead of the three decks that you normally use for bolivia. This tightens up the game very nicely."

"Since there are only 12 wild cards in the game, only one side can make a canasta of wild cards. Moreover, it's rather difficult to get such a canasta. It's also difficult to make sequence canastas in the two-pack game."

This sounds like a very interesting game. Just in case you want to try it and have forgotten some of the other rules of bolivia, here are a few other features: In three-pack bolivia deal 15 cards to each. In two-pack bolivia, deal 11 cards to each in a four-hand game.

Draw two cards at each turn, when drawing from the stock pile. Discard only one card at a turn.

A canasta of seven wild cards earns a bonus of 2,500 points. A which must be a sequence (as allowed) earns a bonus of 1,500

points. Natural and mixed canastas are, as usual 500 and 300 points respectively.

In three-pack bolivia you need two canastas to meld out, one of which must be a sequence canasta.

As in samba, you need two canastas to get credit for your side's red threes.

Game is 15,000 points. You need a minimum meld of 150 points when your score is 7000 or more.

Black threes are one-play stop cards, as in all forms of canasta. They count five points each if you meld three or more of them (possible only when you are melding out), but they count 100 points each against you if you are caught with them in your hand when some other player (partner or opponent) melds out.

Prison Changes Stripes: Zebra Out, Vertical In

HELENA, Mont. (AP)—After 30 years, the Montana Board of Prison Commissioners took official note yesterday that state prison inmates no longer wear those zebra-striped convict suits.

The prisoners last wore the suits in 1924. Now, under a newly adopted rule, it's correct for them to wear overall suits with white stripes down the seam of each trousers leg.

Woman Gets 15 Months for Killing Drinking-Pal

DENVER (AP)—A 60-year-old Denver woman drew a 15-month to four-year prison term yesterday for the slaying of a drinking companion.

Complaining he had been whispering about her, Mrs. Carrie Anderson pleaded guilty to voluntary manslaughter in shooting

Walter B. Reed, 57, last November 8. He was killed during a party in the rooming house where both lived.

Officers said Reed was secretly planning a surprise party for Mrs. Anderson when she took offense.

Washington was admitted as a state in 1889 and became the 42nd to enter the union.

Director of 'Zoo' Ponders Plan

Parade Marks 4th Year This Month, Has Won Many Awards

NEW YORK — Marlin Perkins hasn't as yet discovered a way Zoo Parade viewers can toss peanuts to the program's elephants, but don't think he hasn't given the problem some thought.

Zoo, Perkins believes, are for the people and should be seen by and made of interest to all of them. On his weekly Zoo Parade telecasts on TV, his primary goal is to present an entertaining and enlightening picture of home life at Chicago's Lincoln Park Zoo, of which he is director. The program marks its fourth anniversary on the TV network May 28.

A Sunday afternoon at the zoo via television is now a favorite American pastime.

SEARS PRICES ARE ALWAYS LOWER!
NOW YOU SAVE EVEN MORE
