

Indians' Backs to Wall in Fourth Series Game

Bonn, France Yield on Arms Control Issue

Nine-Nation Conference Reportedly Has Agreed on Controversial Points

LONDON (AP)—France and West Germany made concessions today on the issue of arms control, thus brightening the picture in the stymied nine-power conference on rearming West Germany and granting her sovereignty in partnership with the West.

This was disclosed after a top level executive session at which both French Premier Pierre Mendes-France and West German Chancellor Konrad Adenauer reportedly yielded on points which threatened to bog down the conference.

Two sessions were on tap for the afternoon—another executive session by the nine foreign ministers and then a meeting of Mendes-France, Adenauer and U.S. Secretary of State John Foster Dulles and British Foreign Secretary Anthony Eden to draft a declaration of intent to end the 9-year-old occupation of West Germany.

Yesterday Mendes-France suddenly announced opposition to a conference plan for control of German armaments production.

This stunned the other conference delegates, who had been under the impression Mendes-France was ready to go along with the compromise, drafted by Belgian Foreign Minister Paul-Henri Spaak. It called for NATO and an enlarged Brussels pact group to check any runaway rearmament by Germany.

Last night Dulles came up with a "dark horse" solution in hope of breaking the deadlock. In general it called for control of German armaments by the proposed enlarged Brussels alliance.

Pending its creation armaments (Continued on Page 2, Col. 2)

Ike, Gruenther Meeting Today

NATO Chief Flies to Denver to Give Views on Europe Defense

DENVER (AP)—President Eisenhower today kept abreast of efforts to clear away new obstacles to a western European defense alliance against communism and arranged to talk over the military aspects with Gen. Alfred M. Gruenther.

Gruenther, Supreme Allied commander of North Atlantic defense forces, flew to the President's vacation headquarters here last night to report on the troubled situation, as he has observed it from his Paris vantage point.

Newsman asked Gruenther last night whether he felt western Europe could be defended as effectively under the proposed nine-power London agreement as under EDG, which called for a six-nation European army.

"Yes," Gruenther replied, "so far as the purely military aspects are concerned. We can handle it either way."

But he added that the problem is "much broader" than the military aspects.

Red Hearing Aftermath

Clardy Seeks Disbarment of Attorney John Houston

LANSING (AP)—Rep. Kit Clardy (R-Mich.), a member of the House Un-American Activities Committee, has asked the State Bar of Michigan to disbar a Pontiac attorney on the grounds he invoked the Fifth Amendment when asked about membership in the Communist Party.

Clardy asked the action against John C. Houston of Pontiac, a witness before a subcommittee hearing here last summer.

The congressman said Houston should be added to two other attorneys for whom he previously had recommended disbarment. They were Morton Lefson and Max Dean of Flint, both witnesses at subcommittee hearings in Flint.

Clardy said he was sending the bar copies of the testimony of

Wedding Bells Ring Today

FOR O'BRIEN AND BRIDE—Jeanne Kumhera, of Seattle, and famed Johnny O'Brien, basketball and baseball star, were to be wed in Seattle today. Johnny and his twin brother, Eddie, are to return to the Pittsburgh Pirates baseball team next season.

Czechs Release Two Gls Held for 16 Days as Spies

WIDHAUS, Germany (AP)—Two American soldiers imprisoned in Communist Czechoslovakia since Sept. 17 as suspected spies returned to free West today.

1st Lt. Richard H. Dries of St. Albans, Long Island, N. Y., and Pfc. George Pisk of 4507 Placid Place, Austin, Tex., were liberated by their Czech captors at this lonely little West German checkpoint.

It ended a two-week ordeal which began when a roving Czech patrol seized them near Eslarn, Bavaria, while the pair was on a routine border mission.

After their arrest, Czechoslovakia charged the two were inside Czech territory on an espionage mission. A note accused them of "photographing military installations and carrying out observation with field glasses."

Army headquarters here rejected the charges, declaring the soldiers were on a legitimate mission and were picked up on West German territory.

Dries and Pisk looked tired and drawn. Their clothes were rumpled.

They arrived at the West German-Czech frontier in two limousines, accompanied by two Czech border officers.

They got out, walked into the Czech sentry house and minutes later across a 50-yard stretch of no man's land into West Germany.

On the West German side were two U.S. soldiers armed with carbines who had arrived a short time earlier.

Dries, who had been dressed in civilian clothes at the time of his capture, was greeted by a captain of the U.S. Military Intelligence Service. The captain, who did not give his name, approached Dries and said:

"Hello, Richard, how are you?"

Dries started to reply but the captain said:

"Let's get into a car and get out of here. We can talk later."

Pisk climbed in with them. Both Pisk and Dries carried the binoculars they had when arrested.

The two were rushed to Wieden. They were scheduled to go on to Nuernberg from there.

The Communists had tried to spruce the men up for their release. They both had been given haircuts.

Mrs. Berenice Baldwin, a Detroit housewife who testified she had been an undercover agent for the Federal Bureau of Investigation.

Clardy said her testimony linked Houston with the Communist Party, but that Houston "repeatedly" invoked the Fifth Amendment when asked about the alleged membership.

Clardy said he was sending the bar copies of the testimony of

Gruenther's Tel-Haven Shopping Center. Open every evening 11-2.

Half-Inch Rain Floods Streets, Jams Traffic

Little Damage Reported as Cloudburst Drenches County

A half-inch of rain swept into Pontiac by a 20-mile north wind last night, causing rapid flowing street floods, snarling traffic to almost a standstill and drenched last minute shoppers in the downtown area.

The downpour which let go nearly a third of an inch of rain in five minutes was accompanied by a fierce electrical storm which caused little damage, authorities said.

According to Pontiac Police, the city's east and north side streets were overflowing onto the sidewalks following the cloudburst.

Authorities said that many motorists had to stop their cars causing downtown traffic jams when they were unable to see through their windshields.

Lt. George T. Scott said that some streets were jammed with traffic lines as far back as a mile on Woodward, East boulevard and Oakland Ave.

Oakland County Sheriff's Dept. also reported that most of the county roads were badly flooded after the deluge which started shortly after 7 p.m.

Police said that hundreds of shoppers were stranded about 45 minutes in business districts waiting for the storm to let up.

Birmingham and Southfield Township said the summer-like rain caused flash floods and stalled traffic at Woodward and Harmon and at the East Maple viaduct.

Farmington officials said hail fell there about 10 minutes.

Detroit Edison Co. officials said about 50 Lake Orion homes were without service when a wire was felled by lightning. But service was restored "immediately" to the residents in Bunny Run Sub-division.

Bell Telephone and Consumers Power officials said their services weren't affected by last night's storm. Telephone company authorities said it was considered "lucky" that no damage occurred.

For Pontiac and vicinity, the U.S. Weather Bureau forecasts considerable cloudiness with scattered showers and possible thundershowers tonight and Sunday.

Little change in temperature is predicted with a low tonight of 63 to 65 and a high of 76 to 80 for Sunday.

Temperature at 1 p.m. in Pontiac were reported at 67 with light variable wind.

Friday's highest temperature was recorded at 70 and a low of 62.

Fight Looming for Senate Seat

Nevada Election Code Faces Test in Naming McCarran Successor

RENO (AP)—A court test of Nevada's election code was in prospect today with high stakes in this gambling state—the seat of Sen. Pat McCarran who died Tuesday.

To fill the vacancy, Republican Gov. Charles Russell yesterday appointed Ernest Brown, 51, Reno attorney.

Atty. Gen. William T. Mathews, a Democrat, ruled that Brown's appointment would be good only until Jan. 3 and that the rest of McCarran's unexpired term—until January 1957—must be filled in the Nov. 2 general election.

Both Brown and the choice of the state Democratic Committee—Alan Bible—raced 30 miles to the capital, Carson City, to file their candidacies.

The Nevada Supreme Court ruled it lacked jurisdiction to block the certification of Brown and Bible by the secretary of state.

Leader Summerfield, former Republican national committee man, promptly announced the GOP would seek injunctions in the district courts for all of Nevada's 17 counties to restrain county clerks from entering the candidates on the ballot.

Keith Lee, state Democratic chairman, termed the court's ruling "a victory for the people of Nevada who have the constitutional right to elect a successor."

Giants' Wonder Man Forced Out

SHOULDER HIGH—Bobby Avila, Cleveland's second baseman, is upended by sliding Jim Rhodes of the New York Giants who was cut down on a force play in the fifth inning of yesterday's Series game in Cleveland's Municipal Stadium. Rhodes, who tied a Series record by making a third pinch hit in yesterday's game, was out on Davey Williams' bouncer to Shortstop George Strickland. Giants won the third game 6 to 2.

Nicoletti Collapses in Court Teamster Official Guilty of Bribery and Extortion

DETROIT (AP)—Mike Nicoletti, president of an AFL Teamsters Union local, was convicted of extortion and bribery of building contractors last night.

A few moments after hearing the verdict of a recorder's criminal court jury comprised entirely of women, Nicoletti collapsed on the court room floor and was hospitalized.

The verdict, returned by the women after three hours deliberation, confronted Nicoletti, president of Teamsters Local 247, with a possible maximum prison term of 20 years.

Fainting, Nicoletti struck his head on a wooden bench. He was removed to Receiving Hospital and held overnight. At the hospital he swooned a second time.

The conviction was a climax to a labor racketeering case brought against five AFL Teamster men. Three pleaded guilty and the fourth was dismissed. The trial lasted five weeks.

Judge Joseph A. Gillis said he would pass sentence Oct. 12.

At that time he also will pass sentence on the three who pleaded guilty, all important Teamster local officials. They are Daniel J. Keating, president of Local 614; Louis C. Lintean, business agent of Local 614, and Samuel J. Marosco, business agent of Local 247.

All were accused of demanding gifts and payoffs ranging up to \$500 from contractors in return for promised favors from the union.

Several witnesses told of making payments under threats. The case was the outgrowth of a 1-man labor racket grand jury investigation. Circuit Judge Miles N. Culehan was the grand juror. The grand jury was conducted more than a year ago.

Nicoletti was charged with soliciting payments from contractors on threats of work stoppages or other union difficulties.

Judge Gillis canceled Nicoletti's \$5,000 bond. In remanding the defendant the court said it wanted a psychiatric investigation of Nicoletti.

Strange Bird Calls Invade Philadelphia

PHILADELPHIA (AP)—If you passed the Free Library building last night and thought you heard the cry of the loon, you weren't loony.

Prof. Paul Kellogg of Cornell University was giving a lecture, using sound films he took on expeditions to the South American jungle, the Hudson Bay area and elsewhere.

The evening was warm and the doors were open. The film sound track filled Logan Square with strange bird calls. Several passers-by reported to police Philadelphia was invaded by non-local birds.

Lopez Recalls Lemon to Stave Off Giant Drive

Durocher Calls Out Don Liddle in What Could Be Final Tilt

BY TED SMITH

CLEVELAND (AP)—Under balmy skies the "Rhodes Show" World Series of 1954 approached a climax today in a mammoth Municipal Stadium.

Propelled by dusty Rhodes, the amazing pinch hitter, the New York Giants took on the Cleveland Indians in the fourth and possibly last game. The Giants, against all odds, have swept the first three games and are only one away from the championship.

In desperation the Indians called on their pitching ace, Bob Lemon (23-7) to return to the mound after only two days' rest. He was beaten in the first game 5-2 by Rhodes' 10th inning pinch homer with two on. Pitching against Lemon is the tiny Giant southpaw, Don Liddle (9-4).

A crowd of about a thousand gathered early for bleacher seats, and because it is Saturday and the weather is favorable there were indications the attendance would be well over yesterday's 71,555. In 1948 a series attendance record of 86,388 was set here.

Aside from the humidity the weather was ideal. A high temperature of 82 was indicated and although showers were forecast they

DON LIDDLE

BOB LEMON

were not expected until evening. Yesterday there was the threat of showers in the afternoon but nothing happened.

Although Cleveland is jammed with baseball fans, there is no denying the series has taken a sour turn from the local viewpoint. Scalpers were offering reserved tickets for today's game under the regular \$7.00 price.

"The scalpers are getting a good scalping," said Detective Inspector James E. McArthur.

Manager Leo Durocher of the Giants has refused to predict a four game sweep for his team, and also refused to speculate on his Sunday pitcher—if a Sunday game is necessary.

"Play 'em one at a time," he said. "Maybe we'll snap out of it."

(Continued on Page 2, Col. 7)

4 State Gls Die in Rented Plane

Crash Before Dawn in Cornfield 9 Miles From Holland

HOLLAND, Mich. (AP)—Four young Michigan soldiers were killed today in the pre-dawn crash of a rented plane in which they were flying home on furlough.

Apparently lost and out of gas, the four died in the wreckage of their single engine plane in a cornfield nine miles northeast of Holland.

Ottawa County sheriff's deputies identified the victims from army identification cards as:

Harold Brooks, 19, 481 First St., Manistee.
Robert L. Brooks, 19, Hotel Chippewa, Manistee.
Norbert G. Bunkert, 22, 14551 Whitcomb, Detroit.
Sam S. Soultanian, 22, 16844 Linwood, Detroit, the pilot.

Sheriff's deputies said papers found at the scene indicated the four were on furlough from Camp Leonard Wood, Mo. The plane had been rented from the Waynesville Travel Service at Waynesville, Mo.

The plane, apparently trying to land in the corn field, rough and soggy from recent rains, bounced several times, then hit a six-foot ditch and piled up 50 yards beyond it.

'Bugs' Baer Says Leo's Contortions Left Him Puzzled

CLEVELAND (INS)—We tried to copy Leo Durocher's signals in the visitor's trench yesterday. We'll let you figure out the motions. Leo chopped seventy pounds of hamburger very fine, went up a rope hand-over-hand, frightened a herd of zebras off the front lawn, directed traffic as far south as Cincinnati, pulled in a two-hundred pound tarpon, dusted the cowboys off the moon and dug a well with a bone-handled knife, says 'Bugs' Baer.

Gomez pitched fine until he gave way to Knuckles Wilhelm. Durocher's non-transferable pantomime for this deal was swimming butterfly with one arm while winding a candy pull with the other.

The Clevelanders could not steal these signals without getting into charades. They thought Leo was playing "What's My Line" with a troupe of Japanese barrel jugglers.

Solon's Law Backfires

HATTIESBURG, Miss. (UP)—state Sen. Stanton Hall, who authored a recently-enacted law requiring full payment of city ad valorem taxes before purchasing car license tags, was refused his tags Friday because he didn't pay his city taxes.

Man Walks All Over Car

HOUSTON, Tex. (AP)—Curtis F. Maxwell "got even" with a motorist who blocked a pedestrian lane for a red light in downtown Houston. Maxwell jumped onto the fender of the car, walked across the hood and jumped down on the other side.

The driver, Walter Sama, 31, hailed a policeman, had Maxwell arrested and swore out a malicious mischief complaint.

Maxwell was released on \$300 bond.

Sama said Maxwell, a 6-foot, 200-pounder, left several pedestrians—as he walked across the car.

MAKE OVER PAGES

Newcomers Club Schedules Bloodmobile Visit Oct. 20

From Our Birmingham Bureau
BIRMINGHAM — With talk of the high price of coffee on many lips these days, local residents may take note that coffee will be given away in Birmingham on Oct. 20. That's the day the Newcomers Club will sponsor a Red Cross Bloodmobile visit at the Community House.

No one will be asked for money—just a pint of blood in exchange for coffee, a snack, and the satisfaction of knowing that they contributed toward the 200 pints Birmingham has been asked to donate.

Appointments are necessary for donors, who may call either Mrs. Allen Otto or Mrs. Lon King, co-chairmen of the drive. The bloodmobile will operate from 2-5 and 6-8 p.m. on "Blood Donor Day" here.

Mrs. Otto and Mrs. King urge Oakland County residents between the ages of 18 and 59 to make an appointment for their contribution.

They stressed the importance of keeping appointments so that collection operation can proceed in an efficient manner. They also commented that the donor station will be staffed by skilled medical, nursing and technical personnel, supplemented by Newcomers Club volunteers.

Members of St. Dunstan's Guild claim they have lost Adolph, a dithering snake who holds the key to the plot of "My Three Angels," which the guild will open its season with each Friday and Saturday for the next two weeks.

And without Adolph they say Henri Tronchard, played by Frederick Graef, will never meet his demise, a development on which the story is hinged. Mrs. George H. Heideman and Mrs. John D. Kline, who played the mother and daughter roles, are listed as other likely suspects by their fellow members.

Any clues as to Adolph's whereabouts will be gladly welcomed by Mrs. John Warner, director, or Mrs. Otis Thompson, in charge of production. Those interested in the final outcome, are invited by the guild to obtain their tickets either at Grinnell's or by contacting Mrs. Muir Lind.

Congressman George A. Dondero, (R-Royal Oak) is to be the guest speaker at Monday's luncheon meeting of the Rotary Club, which will be held at noon at the Community House.

Following this week's City Commission meeting, a lease agreement is expected to be signed immediately, which will authorize the city to operate the 15-car parking lot behind the S. S. Kresge Co. building.

Officials hoped that with the installation of parking meters a faster turnover will be accomplished through discouraging all-day parking.

In other action, commissioners asked that the awarding of a contract for resurfacing five streets in the Quanton Lake Estates subdivision be held off for one week, while City Engineer L. R. Gare checks the qualifications of the low bidder, Detroit Concrete Products, and the second low bidder, Don Wells, Inc.

The bids for resurfacing Pilgrim, Puritan, Lake Park, Fairfax and Suffolk were \$22,095.75 and \$22,354.75 respectively. The low-bidding firm was in question because of delays and other conditions in

Possession of Alcohol Costs Youths \$35 Each
BIRMINGHAM—Fines of \$25 and \$10 costs were paid by each of three local youths who pleaded guilty yesterday when they appeared before Justice John J. Gaffill on a charge of illegal possession of an alcoholic beverage.

They were: James LaPine, 19, of 645 Woodland Ave.; Michael O'Connor, 18, of 551 Oakland Ave.; and John E. Bell, 19, of 529 Chester St.

involved in its construction of tennis courts at Eton Park.

Already this season over 3,700 visitors have toured the gardens and park of Cranbrook House.

In anticipation of more autumn visitors, the gardens will remain open Saturday and Sunday afternoons until Nov. 1. A nominal admission fee is charged to benefit deserving students needing scholarship aid, who wish to attend Kingswood or Cranbrook School.

New officers were elected at this week's meeting of the Toastmaster's Club, with Pat Murphy taking over as president; William Andrews, vice president; Stuart Skelly, secretary-treasurer; and John Arbour, sergeant-at-arms.

Impromptu speeches were given by all members on "What is your opinion of the recent charges of favoritism towards GM in recent defense contracts?" and "What will be the outcome of the fall elections?"

Anyone interested may attend the club meetings which are held at 6:30 p.m. Tuesdays at the local YMCA.

Believing in the relevance of the Ten Commandments to our time, the Rev. Emil Kontz of the First Baptist Church, has scheduled a sermon series on the subject, which will be discussed under the general theme of "The Safeguard of Our Religious Heritage."

The series will start tomorrow and continue each Sunday at the 11 a.m. worship hour.

"These divine rules for living have never been either cancelled or qualified," said the rev. Mr. Kontz.

"They still remain the basic faith and our moral order. Our age needs a renewed understanding of them and a redoubled observance of them."

Bonn, France Yield on Control of Arms

(Continued From Page One)

ments control would be in the hands of the occupation powers—Britain, the United States and France.

This morning Dulles had a private talk with Mendes-France. At one point Dulles was reported to have asked testily of the French premier: "Just what are you after—everything?"

The ministers then went into a regular session, where Mendes-France's attitude was reported "tougher than ever."

Eden, who has been in a "peace negotiator" role during much of the conference—which was called mainly at his suggestion—then proposed the executive session, at which each minister has only one assistant.

Informants said at this session Mendes-France yielded on the French definition of what areas near Communist territory would be out of bounds for manufacture of weapons of mass destruction.

In turn, Adenauer gave his country's pledge not to undertake manufacture of ABC weapons—atomic, bacteriological, chemical and possibly others.

Struve Hensel, U.S. assistant secretary of state who was Dulles' adviser at the morning executive session, said afterward "It looks very good." Spaulk told newsmen "solutions are being found." He said Adenauer made "a great concession."

It seemed certain that the conference would carry over until tomorrow. Dulles had planned to take a plane for Washington tonight but an American official indicated a delay was in the works following introduction of Dulles' "dark horse" plan.

Weather Balloon Found on Farm in Troy Township
Police today are trying to find the "home base" of a U. S. Army Signal Corps weather balloon found yesterday by a Troy Township man on his farm.

The balloon, about three feet in diameter, was found by Leonard Kessler of 5501 Coolidge Rd. Cpl. Emmett Bradley of the Michigan State Police post here, said the balloon had a small radio, about three inches across.

Officials at Selfridge Air Force Base will take the balloon and eventually return it to its home station, Bradley said.

School to Shift Negro Students

Milford, Del., Removes Disputed Children After White Pupil Boycott

By THE ASSOCIATED PRESS

Attendance at the Milford, Del., High School returned to normal after the removal of Negroes. All except about a third of the white pupils had been boycotting classes.

Milford's new school board, reversing a stand taken by a previous board, decided to remove 11 Negroes who had been assigned to the high school.

It seemed likely that they would be sent to an all-Negro school at Dover, 18 miles away. In Dover a member of the school board, J. Leon Tarburton, called a meeting to discuss prevention of "terrorism by lawless forces."

A group of about 200 citizens appeared at a district school board meeting in East St. Louis, Ill., to protest increased enrollment of Negroes in the Centerville Grade School near East St. Louis.

Paul Chitty, spokesman for the group, said about 100 have transferred from an all-Negro school to the Centerville school, which has had a few Negroes for years. A committee named by Chitty meets with the local school board Monday to discuss the protest.

The Topeka, Kan., Board of Education has filed a brief with the U. S. Supreme Court stating that the court need not issue de-segregation orders for Topeka because racial integration will be accomplished by September of next year.

The board said segregation is being ended with "full public cooperation and acceptance of both white and Negro pupils, teachers and parents." The Topeka board was defendant in one of the segregation cases on which the Supreme Court ruled in May.

Florida sent another sort of brief to the court. Atty. Gen. Richard W. Ervin filed a 243-page document which said Florida's school system would be endangered by an immediate end to segregation or by "a decree of a period of short delay."

The brief asked for broad powers of discretion vested in local school authorities to determine administrative procedures.

2 Demand Exams in Burglary Case

Examinations on breaking and entering charges were demanded yesterday by two youths accused of breaking into a barber shop at 607 Franklin Rd. Sept. 27.

Eugene Burnes, 18, of 85 1/2 Gillespie St., and Cleo Johnson, 17, of 276 W. South Blvd., the accused, were unable to furnish \$3,000 bond each and are in Oakland County Jail awaiting examination Oct. 6. They appeared before Pontiac Judge Maurice P. Finnegan.

Two others, Percy Buckley, 23, of 503 Highland Ave., and Joseph Johnson, 19, of 293 W. South Blvd., were released by police yesterday.

Three juveniles implicated with Burnes and Johnson will be held for further investigation, according to Capt. Clark M. Wheaton.

RABBI HENRY HOSCHANDER

Day of Atonement Begins Wednesday

Rabbi Henry Hoschander of Congregation B'nai Israel announces the services for Yom Kippur (Day of Atonement) as follows:

Wednesday
Mincha 3:00 p.m.
Kol Nidrei Service 5:40 p.m.
Sermon "Drifting" 6:00 p.m.
Maariv 6:30 p.m.

Thursday
Shacharis 8:00 a.m.
Torah Reading 10:00 a.m.
Sermon
"Yom Kippur 5715" 10:45 a.m.
Yizkor Memorial Service 11:15 a.m.
Mincha 4:00 p.m.
Neila 5:00 p.m.
Final Shofar (Ram's Horn) Sounding 6:45 p.m.

Cantors Jay Karzen of Chicago and Lazarus Hershovitz will give the liturgical portions of the services under the direction of Rabbi Hoschander.

Scaffold Fall Kills Man

DETROIT (UP)—Felix E. Bracey, 55, a worker on the new water tower under construction at the General Motors Technical Center near Warren was killed Friday when he fell from an 18-foot scaffold.

QUITTING SHOW BUSINESS—Actress Betty Hutton shown with her two children Candice (left) and Lindsay, says she is going to quit show business. The "Blonde Bombshell" gave this as her prime reason: "I just can't bear to have the children say once more: Mommy, do you have to go away again?"

United Press Photo

September Report

Weather Hits Average Despite Odd Temperatures

Despite unusually high and low temperatures here, the month of September averaged close to normal weather-wise.

Starting out with a bang, September had several days in the high 80's and 90's. Highest temperatures reached on the 5th, when the mercury soared to 98, the hottest day of the year.

This was preceded by a high of 91 on the 3rd and followed by the same temperature on the 6th.

Last year the high was 101 with two other days of 98 recorded for the first three days of the month.

The low for September this year was on the 23rd when the mercury dipped to 39 degrees. The first trace of frost was seen on that day but not enough to do any serious crop damage.

Six days of 50 degrees and below brought the average for the month to 65. The normal is 65.6.

Little Community Lights Up When the Stork Calls

PHILADELPHIA (UP)—A "lights on" tradition has been established in Zooks Corner to celebrate the birth of every child born in that 16-home community near Lancaster, Pa.

Albert M. Lohr, started the idea in 1947 when he was slow in taking down his Christmas decorations.

The lights were still up outside in April when he took his wife to the hospital to give birth to their fifth child.

Lohr promised his neighbors he would turn on the lights to let them know when she was with her baby.

The originator of the tradition decided to extend the courtesy to all new parents in the area. So far the lights have been on six times.

The most recent "light on" night was May 16 for Mr. and Mrs. Maurice Keene. It was the couple's first child after 19 years of marriage.

"I'll bet you never expected to put lights up here," was Keene's comment.

Duck Forgets to Duck as Bomber Passes By

GRAND HAVEN (UP)—A duck forgot to and became a military casualty.

The duck crash into the fin of a B-26 target towing plane making a radar-tracking flight from Camp Claybans to the Muskegon County Airport Friday.

The "kill" was made about 1,200 feet over Lake Michigan. Lt. Kenneth Williamson, the pilot, said the bird dented the tail and knocked down the ship's antenna.

Harlan County Booster Quits Post for Economy

HARLAN, Ky.—The manager of the Harlan County Chamber of Commerce resigned because the money paid him, he said, could be used more advantageously for community projects.

Ben Runkle also advised the Chamber in a letter yesterday that "all the money in the word" would not help this hard-hit coal-producing area unless the citizens decided to work together for improvements.

Baby Smothers in Bed

ZEELAND, Mich. (UP)—Three-year-old Michael Lee Cole, son of Mr. and Mrs. Dale Cole of Zeeland, was suffocated when he became tangled in bed clothing in his crib Friday afternoon.

Indians' Backs to Wall in 4th

(Continued From Page One)

said Manager Al Lopez of the Indians. "We have to."

No team has ever won the World Series after losing the first three games. Vic Wertz, the Indian slugger, pointed out that "nobody in the American League ever won 111 games either. Maybe we're due for another first."

Should the Indians win today and tomorrow, the two teams will return to New York for the sixth game on Monday, and the seventh, if needed, on Tuesday.

Historic Vessel Could Be Rebuilt From Old Data

BUFFALO, N. Y. (UP)—A former shipbuilder has a 170-year-old book containing data he thinks could be used for restoring the famous warship Constellation, now rotting away in a Massachusetts shipyard.

The book contains specifications for warships of the Constellation-Constitution class.

The Constitution, the "Old Ironsides" of 1812, has been restored but her sister ship, which shot her way to fame against French privateers in the late 18th century, is little more than a shabby hulk at Charleston, Mass.

The owner of the book, Albert E. Aldef, has checked the data with the superstructure of the Constitution and has found that they agree.

The 52-year-old former Rhode Island shipbuilder deduces that the missing above-decks of the Constellation could be replaced authentically from figures in his book, should public or governmental sentiment support a restoration.

Once the possession of the builder of the Constitution, the ancient, yellowed book was found among old nautical instruments when Aldef and his father bought the Warren Boat Yard at Warren, R. I. in 1932.

It is entitled "The Ship Builder's Assistant, or, Marine Architecture." It was written by William Sutherland and published in London in 1748.

On the flyleaf in quill script is the inscription: "Given by George Claghorn, Constructor of the Frigate Constitution to Ephraim Covell."

Arraignment Is Set for Teenage Girls

Two teenage Pontiac girls, arrested Thursday night on charges of illegal possession of beer, are expected to appear in Pontiac Municipal Court today for arraignment.

A third girl, Joyce Gjelhaug, 18, of 873 Woodland Dr., pleaded guilty to the same charge yesterday before Judge Cecil McCallum, who deferred her sentence until Oct. 8 and freed her on personal bond.

Police are looking for a fourth youth, Robert Franzell, 20, of 1250 Cherrylawn Dr., owner of the car in which the youths were reportedly drinking. All four were released by police the night of their arrest.

Gjelhaug and the other girls, Doris Nightengale, 18, and Bobbie Sloop, 19, both of 171 N. Mill St., are already on probation for conviction of a similar charge two weeks ago.

Slain Woman's Husband Is Arraigned in Death

DETROIT (INS)—Claude W. Morse, 44, of Canton Township, stood mute when arraigned yesterday on a first degree murder charge in the death of his first wife, Verlie, whose body he admits having stuffed in his car trunk.

Dearborn Township Justice of the Peace George E. Whitman entered a plea of innocent for Morse and remanded him to jail pending examination Wednesday.

Morse insists that his wife died in an accidental fall from his car.

Train Ferry Refurbished

DETROIT (UP)—Lengthened and repowered, the trolley ferry Marquette 21 will go back into service Monday on the Chesapeake & Ohio's Ludington - Mantowac, Wis., run across Lake Michigan.

"Its record on the internal Communist issue is not one which inspires confidence, despite the protestations of its individual members to the contrary."

Nixon, making a Northeast campaign tour for Republican candidates, said the Democrats failed in dealing with the Communist problem because a few of their leaders "underestimated and ignored the danger, covered it up when it was exposed and refused to cooperate with and heed the warnings of J. Edgar Hoover and the FBI."

Man Is Seriously Injured in Royal Oak Accident

Eugene Pertulla, 19, of 735 St. Louis, Ferndale, was seriously injured early today when his motorcycle and a car collided in Royal Oak.

Pertulla, who was admitted to St. Joseph Mercy Hospital, suffered a compound leg fracture and head and hand injuries. No one else was injured, according to the hospital.

Pontiac Deaths

Eric O. Brown

Prayer service for Eric O. Brown, infant son of Henry and Juanita Jones Brown of 15 Clove St. will be held Monday at 2 p.m. from the William F. Davis Funeral Home. The Rev. T. Walter Harris of the Providence Missionary Baptist Church will officiate with burial in Oak Hill Cemetery.

Besides his parents, he is survived by a half-brother Llewellyn Berli Jones.

Eric was one year old August 31 and died in the Contagious Hospital Thursday after a two weeks illness.

William G. Kaul

Word has been received by Earl F. Kaul, 2275 Ophye Rd. of the death of his father, William G. Kaul, 79, a former Pontiac resident. He was born Dec. 18, 1874 and died Tuesday at his home in Dearborn.

Besides his wife, Anna, and son, he is survived by a daughter, Alice Luedeman of Jackson; five grandchildren and 12 great-grandchildren. A sister, Annie Gilcher of Clare, also survives.

The funeral will be held Monday at 1:30 p.m. from the McFarland Funeral Home, 5401 Schaffer Rd., Dearborn.

Arthur R. Sutherland

Prayer service for Arthur R. Sutherland, seven-months-old son of Vern and Arthine Bohn Sutherland of 1661 Giddings Rd. will be held Monday at 11 a.m. from the Voorhes-Siple Chapel, with burial in Perry Mount Park Cemetery.

Besides his parents, three sisters survive, Ruth Sutherland Verna and Belva Turner all at home.

Arthur was born here Feb. 28, 1954, and died suddenly this morning at St. Joseph Mercy Hospital.

One Bottle of Wine Can't Win Election

BOSTON (UP)—As required by law, William J. Gallagher has filed a report of campaign contributions in connection with his unsuccessful fight for a seat in the Massachusetts House of Representatives.

The report: "Contributions—one bottle of wine donated by a tavern-keeper. The wine was consumed by my campaign workers."

STANLEY KIMES

Stanley Kimes, Bass, Will Sing in Quartet

Stanley Kimes, bass, of the Cathedral Choir of the Kirk in the Hills, began his musical career by winning the National High School Vocal Contest. He earned a scholarship to study music at the James Milliken University in Decatur, Ill. and was awarded the Cape Neal Kinley Fellowship of \$1000.00. At the same time, Koussevitzky awarded him the John Hancock Fellowship which included a season in Opera Theater in Tanglewood, Mass.

He was a Fulbright scholar in Europe, and studied for a year at the Giuseppe Verdi Conservatory in Milan. He has been featured soloist with the Westminster Choir in New York Town Hall, and the Brooklyn Academy in Carnegie Hall with the New York Philharmonic.

Mr. Kimes has appeared on both radio and television with the Firestone Program. In August, he was soloist with the Detroit Symphony Orchestra.

During the fall and winter months the choir will present Sunday afternoon concerts.

These decoys are made by sawing out pieces from a pattern. Then the pieces are glued up with waterproof glue and the solid piece is shaped and smoothed with a rasp. The next and last step is to follow the painting directions on the pattern to produce a realistic effect that will not only fool other ducks but other hunters. The heads may be turned in different ways for naturalness. As a caution to you hunters we suggest that you make a few extras for wives who want to use them for lamp bases and other decorative purposes. The pattern for making these decoys is No. 404 which is 25c per copy. This number is included in the Sportsman's Packet for five full size patterns for \$1 postpaid. Write "Workshop," The Pontiac Press.

Home Handyman Can Hook Up Garage Lights

Most home handy men can hook up extra lights in a garage or basement work area if an electric circuit has already been installed close by.

You won't want 110 volts "tingling" up your arm, so turn off the electricity first. Then install a new fixture box, and run a cable from the closest light fixture to the new box.

Buying a Farm? Now's the Time

Before Your Purchase Consider Well These Important Points

The squeeze on profits resulting from lower market prices and higher production costs on farm produce has resulted in a gradual decline in the price of farm land.

The beginner farmer now has an opportunity to buy good farm land at a reasonable price for the first time since the beginning of World War II.

Here are some points that should be considered in deciding whether to buy:

Here's the basic and most obvious point. Yet a surprising number of farmers still judge soil fertility by appearance. The only real measure is analysis by a recognized laboratory, of both top and subsoil. Then you'll have exact information on what's required to raise fertility to a profitable level.

Farm size—The increased use of power machinery for farm work saves on labor but it raises capital investment. On a small farm, the cost of using machinery may reduce profits to almost nothing. Two hundred and forty acres seems to be the minimum size for a farm in the corn belt, with much larger acreage in the West and Southwest.

Farm buildings—Just because buildings are gleaming white and in good repair they don't necessarily lend themselves to modern farming methods. Look for buildings that can be easily adapted to labor saving electrical equipment and other power-driven devices.

Consider also how difficult the buildings will be to maintain. Buildings finished with a material like insulating siding, which requires no painting or staining, will give you more time for work that increases farm production.

Another important consideration in buying a farm is to break down the total price into separate items—land, buildings, fences, livestock if any. Then you'll have an acceptable basis for claiming depreciation costs on your future income tax returns.

It's obvious that buying a farm involves not one but many important decisions.

Metal Lath Used to Help Beautify, Strengthen Gate

Metal lath in diamond mesh adds beauty and strength to a fence gate.

An easy way to dress up almost any fence gate, and strengthen the frame at the same time, is to attach sheets of diamond mesh metal lath to either side of the gate.

When building a gate, the mesh can be sandwiched in between a double frame, which is then firmly nailed together.

Metal lath is used most of the time for plastering and so can be found at any building supply house or lumber yard. It is easy to cut with tinners' snips and can be fashioned into various designs to fit the needs of the home craftsman.

The diamond mesh type of this material, weighing 3.4 pounds per square yard, is recommended for a yard fence. You can get it either in an expanded copper alloy steel, dipped in protective paint, or galvanized. Either form can be painted to suit after filing with a solvent.

Six Simple Rules Promise Happy Carpet Selection

There is a type and quality of carpet to meet every requirement and to suit every budget.

To help you select the carpet you want here are some broad basic rules that will serve as a guide:

Deal with an established and reputable store.

Having selected the store, rely on the advice of the dealer in making your choice. Carpets are his business and his professional knowledge is yours for the asking.

Buy the best carpet that you can afford. In this connection, carpet longevity far exceeds that of many household furnishings and considered on the basis of years of use is an exceedingly economical household necessity.

As to type select that which best meets your needs, whether it is one of the new handcrafted textures, rugged tweeds, or one of the tightly twisted weaves that gives a smooth look. No weave is better than another and there are many variations in each of the basic carpet groups, whether axminster, velvet, wilton, chenille or tuffing. What matters is not the weave or construction but the amount of yarn used to make the carpet, a matter about which the dealer is fully informed. Just as type of weave does not reflect relative quality neither does the height of pile or nap. Either high or low pile can be of highest quality.

Arrange for a pad to go under your carpet. This gives it a double softness effect, prolongs the carpet's life and increases the insulation factor. (Carpets cut down chill at floor level and increase the warmth of rooms.) The pad also doubles the ability of the carpet to deaden floor as well as other noises.

TWO TOOLS IN ONE—This idea can save time in tight places, can be formed by carefully bolting an inexpensive level to the short leg of a square. This is a carpenter's tip from the idea pool of the American Builder, trade publication.

Buried Century in Tree

HESPERIA, Mich. (AP) — A 52-inch circular saw screeching through a big beech log lost all its teeth when it had hit a woodsman's wedge imbedded deep in the log. Experts estimated the wedge had been there for 100 years, judging from the growth of the tree around it.

A nuthatch usually will build its nest in a dead stump or tree from two to 60 feet up, so that its young may eat the insects that flourish in this habitat.
