Roger Kyes Quits U. S. Defense Post

Had Promised Only One Year to Help Wilson

Friends Say His Work Has Greatly Improved Our National Protection

Roger M. Kyes, a top architect of the nation's new defense program, has resigned as deputy defense secretary effective May 1.

His resignation was announced by the White House and confirmed by Kyes at his Bloomfield Hills home.

The former head of GMC Truck and Coach Division here said the decision had nothing to do with the dispute between Sen. Joseph McCarthy (R-Wisc) and Army Secretary Robert Stevens.

Shortly after the announcement, Defense Secretary C. E. Wilson and Sen. Leverett Saltonstall (R-Mass) issued statements praising Kyes' contribution to defense planning.

"Roger Kyes' leaving the Department of Defense is a real loss and he will be missed by all members of the defense team," said Wilson.

Sen. Saltonstall, chairman of the Senate armed forces committee, said he was "terribly sorry" to learn Kyes was leaving.

"I have grown to have great respect for his ability and understanding of the problems in Congress dealing with the defense program," he added.

Meanwhile, in Washington today, the name of Secretary of the Navy Robert Anderson rode high in speculation on the administration's choice of a successor for Kyes.

Kyes has served as Wilson's top aide since the outset of the Eisenhower administration.

Both Kyes and Wilson said the deputy secretary took the job with the understanding he would remain for only a year. The year elapsed Feb. 1, but Wilson asked Kyes to remain on another three months.

"His grasp of international affairs has been especially helpful in our work with the State Department and Congress," said Wilson. "When Mr. Kyes accepted the appointment as deputy secretary he agreed to stay for only one year."

"I appreciate the fact that he was able to stay on at my request for another three months."

"Although I understand and must accept the reasons why he feels he must resign at this time, I wish he were staying on indefinitely."

Although Kyes has not revealed what he plans to do after May 1, it is expected that he will return to private industry.

"I severed all connections with business when I resigned from General Motors and sold my stock to accept the position," said Kyes. "I am trying to follow the spirit as well as the letter." (Continued on Page 2, Col. 3)

Innocently Convicted Man Still Facing Dim Future

HARTFORD, Conn. (UP)—Lawrence D. Howley faced the prospect today of getting out of prison for a crime he didn't commit and going to jail for one police said he did.

Howley, an ex-convict with a record dating back to 1940, was imprisoned last year for the robbery of the New Britain National Bank branch at Kensington, Conn. He was given a 10-year term.

On Saturday, however, Bernard La Clair, 31, was arrested at Fort Wayne, Ind., and confessed that he was the bandit who robbed the Kensington bank of \$25,000 on Jan. 6, 1953. FBI agents said the confession "left no doubt" Howley was innocent.

Officials here said they would study the FBI reports and Howley may be released from the Federal Correctional Institute at Danbury, Conn., today or Tuesday. But State Police Commissioner John C. Kelly cast a shadow on any prospects.

Deputy Secretary Prepares to Leave Post

MR. AND MRS. ROGER M. KYES

Kyes Praises President Eisenhower for Placing U.S. Back on True Course

Deputy Secretary of Defense Roger M. Kyes at his Bloomfield Hills home this morning issued a statement relative to his decision to withdraw from his public post and return to private activity. Mr. Kyes' statement to the Pontiac Press follows:

"Many Pontiac and Oakland County friends have been wondering why I did not come home Feb. 1 which completed the year I agreed to serve. It is because our good friend, C. E. Wilson, asked me whether I could not stretch it a little and stay longer. Under such circumstances, it seemed in the best interest of all concerned to announce a definite date for my leaving government.

"Therefore, I asked that my resignation be announced as soon as possible to take effect no later than May 1.

"My term of Deputy Secretary of Defense has been a very interesting one. If I were to put a label on the first year of the activities of the Eisenhower admin-

istration, I would call it that of unscrambling its inheritance.

"Many fine Americans, Republicans and Democrats alike, have become deeply concerned as to the direction toward which this country has been drifting. Under the leadership of President Eisenhower, our Ship of State is returning to its true course with the fundamental principles which made this country a great Nation as its compass.

"I feel that the American people are indeed fortunate to have President Eisenhower as their leader.

"One closely associated with him cannot help but be impressed with his greatness and his human understanding.

"You all know my great affection and esteem for another great American, C. E. Wilson. He is our greatest industrialist and his knowledge has been invaluable to this country in overhauling the huge defense program."

Austrian Avalanches Kill 12 Over Weekend

INNSBRUCK, Austria (AP)—Austria's toll of avalanche deaths over the past weekend climbed to 12 today as rescue workers uncovered the bodies of three more skiers buried under a 30-foot-deep snow slide.

It took rescue workers 12 hours to find the three Austrians. The deaths brought to 153 the number killed by snow slides in Austria this year.

Traffic Kills 8 Over Weekend

2 Michigan Deaths Due to Head-on Collisions; One Child Dies

By The Associated Press
Traffic accidents claimed at least eight lives in Michigan over the weekend.

William G. Patterson, 22, of Detroit was killed in a head-on collision Sunday on U. S. 10 seven miles south of Flint.

Carl Sheneour, 17, of Frontier, was killed Sunday in a head-on collision 11 miles southwest of Hillsdale.

Joseph Palluconi, 47, of Iron Mountain was killed Saturday when his car skidded into a telephone pole and a building on Iron Mountain city limits.

Paul Benko, 44, and his wife Vivian, 39, of Flint were killed Saturday when their car collided with another on M. 78 about 10 miles west of Flint.

Police said Raymond Morton, 6, of Ann Arbor was killed when he broke away from his mother and dashed into the path of a car in downtown Ann Arbor Saturday.

Mrs. Ruth Moore of Kalamazoo and Waite Scott of Bloomington were killed in a two-car collision Sunday night on M. 43 five miles west of Kalamazoo. Bloomington is a Kalamazoo suburb.

Lion Roar Gone as Lamb-Like Climate Arrives

After roaring in like a lion, March apparently has swapped its name for a sheepskin.

At least the U. S. Weather Bureau predicts more lamb-like weather for the Pontiac area. After a low of 25 to 27 tonight, the mercury is expected to rise to a high of 42 to 46 degrees Tuesday.

Sunday brought the temperatures climbing from a low of 30 to a high of 42 degrees in the city.

At 8 a.m. today the reading was 27, but by 1 p.m. in downtown Pontiac the mercury registered 38 degrees.

Tax Review Board to Hear Complaints

Pontiac's Board of Tax Review this week will hear complaints from real estate owners on assessment of their property, according to James F. Spence, group chairman.

Since convening March 2, the board has considered 240 complaints on city tax assessments, Spence said.

This Thursday and Friday will be spent in the field checking complaints.

McCarthy Asks Radio, TV Time to Speak for Ike

Would Reply to Attack on Himself, Eisenhower by Adlai Stevenson

WASHINGTON (UP)—Sen. Joseph R. McCarthy emerged today as the defender of President Eisenhower and the Republican Party against Democratic attacks.

The Wisconsin Republican wants free radio and television time to reply to a speech delivered Saturday night by Adlai E. Stevenson to a \$100-a-plate dinner audience in Miami, Fla.

Stevenson directly assailed Eisenhower on the issue of "McCarthyism," implying that the President was appeasing McCarthy against his own beliefs and principles in strategy designed to win the 1954 congressional election for the Republican Party.

This speech was cut to fit Democratic National Committee Chairman Stephen A. Mitchell's strategy of an all-out Democratic attack on the President.

As the southern rally was gathering in Miami, Mitchell said: "It is now time to make President Eisenhower our target."

Stevenson said McCarthy had made demagoguery and deceit a national movement; that Eisenhower sheltered it for political purposes. Although McCarthy was often and caustically mentioned, Stevenson's basic target was Eisenhower, on grounds that he was responsible for the Republican Party, and all in it.

McCarthy, also in Miami on a business-pleasure trip, promptly said he would demand free radio and television time from 10:30 to 11:00 p.m., next Saturday night in (Continued on Page 2, Col. 6)

Harrelson Guilty in Traffic Death

Youth Faces Sentencing March 29 by Oakland County Judge

Leann W. Harrelson Jr., 19, of 28 Delaware Dr., this morning was found guilty of negligent homicide by Circuit Judge George B. Hartwick.

He was released on \$2,500 bond and will be sentenced March 29.

Harrelson, son of Rep. Leann W. Harrelson (D-Pontiac), was charged in the Oct. 9 death of Mrs. Veda N. Coon, 37-year-old mother of three children, of 37 Dwight Ave.

Harrelson's car struck Mrs. Coon as she was crossing Huron street at Dwight.

In making his ruling, Hartwick said: "This is not an aggravated case, and could have happened to anyone. According to testimony, the woman apparently stepped into the path of the car, but under the broad scope of the law, any negligence on the part of the driver makes him guilty."

Harrelson, in his testimony, said he "might have been going between 40 and 45" in the 35 m.p.h. zone.

Launch 'Peroxide' Sub

STUFF BLONDES (SOME) ARE MADE OF—Hydrogen peroxide, the stuff that can change a brunette to blonde, can also run a submarine. The "Explorer," Britain's 225-foot submarine designed to be powered by hydrogen peroxide, is shown as it hits the water at Harrow, England, in launching ceremonies. Some experts claim it will be the world's fastest submarine. The peroxide replaces air for combustion, allowing longer stays under water.

Puerto Rican Nationalists to Face U.S. Grand Juries

WASHINGTON (INS)—The Justice Department began its crackdown on Puerto Rican Nationalist fanatics today by ordering prompt federal grand jury investigations in New York and Chicago.

Department sources said FBI agents in both cities served subpoenas on leading members of the extremist movement. The number of witnesses called to testify was not immediately disclosed.

It was understood that the department was moving against the Puerto Ricans under the seditious conspiracy sections of the internal security laws as an outgrowth of last Monday's attack on the House of Representatives in which five congressmen were wounded.

The conspiracy statutes apply to two or more persons in any state or territory, "or in any place subject to the jurisdiction of the U.S.," who conspire to "overthrow, put down, or to destroy by force the government of the U. S."

The law also applies to a conspiracy to wage war, to oppose the U. S. by force or to forcefully "prevent, hinder or delay the execution of any law of the U. S., or by force to seize, take or possess any property of the U. S. contrary to the authority thereof."

Seditious conspiracy carries a possible maximum penalty of \$5,000 in fines and six years in prison.

Although it was understood that the department would ask indictments under this statute, a spokesman said it was "too early to tell" whether the violation of other laws, such as the Smith Act, would be shown in grand jury testimony.

Ralph Bunche, Famous U.N. Mediator, Learns Spiritual Strength From Mother

By JOHN L. SHEERILL
The reporter, waiting impatiently while Ralph Bunche completed another interview, turned to the secretary: "Tell me, just what is it makes your boss tick?"

The secretary smiled. "A lot of people try to figure that out. I'm sure I don't have the answer."

Seconds later a buzzer sounded and the reporter was shown into Bunche's office. A solid, heavy-chested man was seated in a swivel chair, his head tilted back, his eyes closed, his hands clasped in prayer.

Part of the answer certainly lies in Nana. Although Bunche has grown tired of the reference, it is still true that his grandmother, Nana, who raised him, was born a slave.

"Nana, traveled the troubled road most of her life," Bunche says. "She had two families to raise: her own, and when my mother took sick, she raised our family too."

Nana was a tiny woman but she ruled the clan with her great will.

America OKs Millions to Build Military Alliance

Former Foes Become Partners; Agreement Must Go to Diet

TOKYO (AP)—Japan today took its biggest step on the long way back to becoming a military power.

Just 12 years, 3 months and 1 day after Pearl Harbor, the United States agreed to give Japan 100 million dollars worth of guns, tanks, airplanes, ammunition and advice.

"This is just the beginning," a highly placed American source said. "We can support any project Japan wants."

Russia is chagrined. Communist China is disgruntled. South Korea is hopping mad.

But Foreign Minister Katsuo Okazaki and U. S. Ambassador John M. Allison sat down and penned their names to an instrument making the military alliance legal.

Under terms of the mutual defense agreement, Japan does not have to send troops overseas—but she can if she wants to.

Japan is bound to fight side by side with the United States, leaving no doubt that Japan is definitely in the camp of the Western world.

There will be trouble pushing the ratification through the Diet. Strong Socialist opposition is expected.

But with backing from the Liberals and Progressives, a favorable vote is expected within this month.

The program will go into effect as soon as the Diet ratifies the pact.

Negotiations took a year and Prime Minister Shigeru Yoshida took the same amount of time selling the program to his colleagues in the Diet.

Socialist opposition in the Diet, Communist opposition in the labor groups and anti-American sentiment generated by the reaction to the occupation took 12 months to wear down.

But Yoshida thinks he has it behind now and he has cast his political future onto the floor of parliament.

There seems no doubt any more that if war comes to the Far East again, GI Joe and Heital-san will be fighting side by side.

Will H. Hays Dies; Once Active in GOP

SULLIVAN, Ind. (AP)—Will H. Hays, 74, who led a predepression cleanup of movie morals after uniting the Republican party behind President Harding, will be buried in his beloved home town Wednesday.

The man who served 24 years as so-called czar of the motion picture industry died in the quiet of his home here yesterday.

Once a Republican national chairman before he was 40, he kept an interest in politics till death, though a heart ailment had made him an invalid since October. Only in the last week did his condition become critical.

Certainly the earliest memories in Bunche's life were of these troubles. His childhood in Detroit was humble. If not downright poverty-stricken. His father earned just enough at his barber's job to live in one of Detroit's near-alum districts.

Birmingham Commission Puts Two Court Cases on Agenda for Tonight

From Our Birmingham Bureau
BIRMINGHAM — Tonight's City Commission meeting will center around two court cases. One case involves the city versus the Birmingham Development Co., which has started construction of homes at the southwest corner of Maple and Cranbrook, just west of the city limits in Bloomfield Township.

Birmingham has received a temporary injunction against further building there, since sewage from the development would flow through the city's already over-burdened sewage system.

The other case is a "friendly" suit which would break subdivision restrictions to permit construction of the proposed West side fire station at Maple and Chesterfield.

Police Chief Ralph W. Moxley will make a report on traffic problems in the area bounded by Woodward, Maple, Adams and Lincoln.

A hearing will be held on rezoning four lots on the west side of Pierce street north of 14-Mile road from single residence to parking.

District classification. Another one will be on the paving of lots 1, 10 and 11 on Chesterfield.

Mrs. Charles Neidrett, director of district services for the state PTA group, will be guest speaker at the Bloomfield Hills School PTO meeting at 8 tonight. A discussion period will follow Mrs. Neidrett's talk on the work of the state organization.

A square dance is also scheduled for April 23, with proceeds to purchase new musical instruments for Vaughan School.

"The McCarthy Dilemma" will be the subject of Prof. John P. Dawson, University of Michigan law school professor, when he speaks at the Community House March 16 at 8 p. m. Sponsored

Hearing Opens on Gas for State

American Co. Hopes to Bring in Big Pipeline, Panhandle Opposes

WASHINGTON (AP) — A power commission hearing opens today on a \$154,200,000 pipeline project aimed at relieving natural gas shortages in Michigan and Wisconsin.

The American Louisiana Pipe Line Co., a recently organized subsidiary of the American Natural Gas Co., seeks authority to build a 1,200-mile, 30-inch pipeline to bring Southern Louisiana gas to the Midwest.

The line would have a maximum daily capacity of 300 million cubic feet. It would deliver up to 200 million to the Michigan Consolidated Gas Co., which serves Detroit and several other Southern Michigan cities.

The other 100 million would be delivered through a connection at Bridgman, Mich., to the Michigan-Wisconsin Pipe Line Co., which serves the Milwaukee Gas Light Co. and 14 other utilities in Michigan, Wisconsin, Iowa and Missouri. Michigan Consolidated, Michigan-Wisconsin and Milwaukee Gas Light are all units of the American Natural system.

American Natural has promised the project would "bring an end to the present natural gas shortage" in the areas it serves "and result in the removal of all restrictions on the sale of gas for heating and other purposes."

The Panhandle Eastern Pipe Line Co. opposes the whole project. It contends Michigan Consolidated has refused to negotiate with Panhandle on the possibility of expanding its own facilities. Panhandle now furnishes 42 per cent of Michigan Consolidated's gas supply.

\$6,000 Blaze Destroys Home

Fuel Spilled on Floor From Burning Oil Stove Spreads Fire

Fire destroyed the 5-room Pontiac Township home of Earl Jeffries, at 1453 Vinewood, Sunday night when several neighbors were unable to control roaring flames shooting from an oil stove.

Damage was estimated at \$6,000. No one was reported injured.

Mrs. Elmer Willis, of 1453 Vinewood, owner of the Jeffries home, said her husband and two other neighbors were called to help extinguish the flames after the township fire department was called.

"They tried to carry the stove out, but tipped it, spilled oil on the floor and ignited the rug," she said.

The fire gutted the home and destroyed the roof after the blaze spread to the rest of the structure.

Mrs. Willis said she saw flames leaping from the chimney after Jeffries returned home from a weekend trip with his family.

Crash Hospitalizes Troy Township Man

A Troy Township motorist, unconscious for seven hours after his car hit a parked vehicle on his way home from work early Sunday, was not found until his wife and son began a search at dawn when he did not arrive home.

James R. Williams, 45, of 2906 Iowa St., the injured man, is in fair condition today at Memorial Hospital in Van Dyke. He suffered severe chest injuries and bruises in the crash, according to Troy Township police.

Police Chief David Grattop said Mrs. Williams and her son, Robert, reported the accident to him about 8 a. m. Williams, he said, crashed into a car owned by Anthony La Fata, 37, of 2720 Iowa. The car was parked in front of La Fata's home.

Mrs. Williams told Grattop that she found her husband walking around in a dazed condition at the scene at 3 p. m. No one in the area could remember hearing the crash, Grattop said.

County to Study Special Census

Extra Meeting Called Wednesday to Review Controversial Issue

A move to call off Oakland County's special census will come into the open when Oakland County Board of Supervisors meets Wednesday.

Some 40 supervisors, who want to review the census the board approved in January, asked for the unscheduled session. Meeting time is 9:30 a. m. in the county office building, 1 Lafayette St.

The new census would be used to distribute the sales, intangibles and other state tax returns among local cities and townships.

Some cities which have grown fast since 1950 would profit by the new population count others, including Pontiac, would lose quite heavily.

Several other matters are on Wednesday's agenda.

The board's markets and buildings and grounds committees, headed by Norman R. Barnard and Harry W. Horton, will ask supervisors to approve architects' plans for a new county market on Pontiac Lake road.

William F. Norn, legislative committee chairman, will discuss bills now before the Michigan legislature which might affect Oakland County.

Norn plans to report on the fourth judge bill, clarify a bill giving boards of supervisors' chairmen the right to call special meetings, and another which would let each county prosecuting attorney, probate judge and county clerk fill vacancies in certain county offices. Boards of supervisors now appoint people to fill the vacancies.

H. Lloyd Clawson, special court house committee chairman, will submit a progress report.

McCarthy Hits Back in Defense of Ike

which to answer Stevenson. CBS television and NBC broadcast the Stevenson speech free as a public service.

Network representatives did not immediately reveal whether McCarthy would get the time.

Last autumn McCarthy was given free time to answer former President Truman who, in turn, had free time to answer charges that he was responsible for promoting a known Communist government officer.

Mitchell welcomed the idea of free time for McCarthy on grounds that it would be good for the Democrats if the senator could be on the air and television an hour every day.

"Now we will see," Mitchell said, "whether McCarthy controls the Federal Communications Commission and the broadcasting companies. But don't get me wrong. I'm all in favor of it."

McCarthy said Stevenson had done a good police court lawyer's job in attacking him.

"It may take possibly a week to get a complete answer ready," McCarthy said. "Stevenson did a very clever job of confusing the people in his attack on me."

"Stevenson's argument (in the recent Army Department case) was that if Ike would not stop the exposure, there was something radically wrong with Ike. Obviously, Ike doesn't subscribe to that and I don't either."

OLIVER MILTON

Lecturer on Africa to Speak, Show Film

BIRMINGHAM — Replacing the traditional May breakfast of the Ruth Shain Class in International Affairs, Mrs. Charles J. Shain has announced that the group will present Oliver Milton, lecturer and game warden of Tanganyika, East Africa, at an opening meeting at the Community House at 8 p. m. Wednesday.

Milton's jurisdiction encompasses about 18,000 square miles. He will speak and show pictures of his work.

His pictures, Mrs. Shain says, reflect the confidence shown in him by the natives and animals. She added that Milton's enemies are poachers and illegal ivory hunters.

2 Fires Require Off-Duty Firemen and Volunteers

BIRMINGHAM — Two fires at the same time Saturday afternoon briefly left only the 1924 pumper in the fire station, and called off-duty firemen and volunteers into action.

A basement fire at the 945 N. Glenhurst home of K. M. Lee was caused by an incinerator igniting some stored papers. Fire Chief V. W. Griffith said. Damage possibly in excess of \$1,000 to building and the contents was estimated by Griffith.

The second alarm, 18 minutes later, was under control when firemen arrived at 907 Ann St. Owner Edward Dingler was using a wallpaper steamer which got out of control. There was smoke damage.

Donors Needed for Bloodmobile

To Be at Elks Temple
2 Till 8 Next Monday;
Phone FE 4-3575

Oakland County Chapter, American Red Cross, today appealed for 250 blood donors to fill the schedule of next Monday's "bloodmobile" visit here.

The mobile unit will stop at Pontiac Elks' Temple, 114 Orchard until 8 p.m.

"You may be the next person to need a pint of blood due to surgery, accident or serious illness," Mrs. N. E. Durocher, Red Cross blood donor recruitment chairman for Pontiac, said today.

"It takes only 45 minutes to give a pint of blood. Anyone 18 through 59 years-old can give — anyone 18 through 20 needs their parents' consent."

The Red Cross office, FE 4-3575, is taking appointments for next week's "bloodmobile" call from 8:30 a. m. until 5 p.m. daily.

Saginaw Buses Halted by Strike

Drivers Walk Out as Months-Long Pay Talk Bogs Down

SAGINAW (UP) — Saginaw bus riders looked for other modes of transportation today in the face of a strike by 58 drivers and mechanics employed by Saginaw City Lines.

The employees were scheduled to stay off their jobs today to support pay demands. Contract talks with the company were broken off last Feb. 25 and the union announced last Saturday there would be a strike today.

The drivers and mechanics are members of the AFL Amalgamated Street Car, Electric Railway and Motor Coach Employees of America. Their original demand when wage talks began last Nov. 1 included a 35-cent hourly pay increase and certain fringe benefits.

Clifford de Fore, president of Local 142, said the best company offer during negotiations was 6 cents an hour and none of the other benefits. A governor's fact-finding panel recently recommended a 15-cent hourly pay boost.

NO KICK-BACKS — NO EXTRAS — JUST \$8.98!

Frankly, our difficulty in convincing the public that they can purchase complete glasses at the one price of \$8.98. After being "film-flashed" for years by people who advertise one price, then charge for "extra tint," "extra shape," "extra strong correction" and extra high profits, it is understandable that the one price of \$8.98, with no extras, irrespective of the type or style of frame, is hard to believe. Now prove to yourself, without cost or obligation, that you can get complete glasses for \$8.98!

Four Arrested in Station Holdup

Warren Police Officer Stops Youths Following 90-Mile-an-Hour Chase

FERNDALE—Four youths were lodged in Ferndale jail early yesterday after the holdup of a gas station at 503 E. Eight Mile Rd. and a 90-mile-an-hour chase by a Warren Township policeman.

Sgt. Howard Gleener spotted a car with gunshot marks at 13 Mile and Dequindre Rds. after hearing a radio description of the car with four men who held up the station shortly before.

Gleener gave chase to the car at 90 miles an hour, finally forcing it into a ditch at 11 Mile and Dequindre.

Held on suspicion of armed robbery were Arthur Benoit, 18, Arthur H. Manginet, 19, and Keith E. DeLong, 18, all of East Detroit, and Arthur R. Case, 20, of Detroit.

The four allegedly entered the gas station on a pretense of using the washroom. Holding attendant Billy Harris of 26344 John R. at gunpoint, they took \$50 from the cash register.

Harris said he had shot at the car as the youths were making their getaway. Police later found nearly 40 pellets from Harris' shotgun in the body of the car.

Choristers Victimized

HOWELL — After Sunday morning services, some 15 ladies of the First Presbyterian Church choir returned to the cloak room to find that thieves had been there first and taken \$100 from their purses.

QUADRUPLETS NEXT? — Odds are against "Bossy" (above) having quadruplets next year. But her owner, Charles Brown of Allegan, wouldn't bet against it. The cow has had six offsprings in two years. First she delivered a set of twins. Last year she was content with a single calf, but her 1954 contribution to the cow population is the set of triplets shown above with her. Veterinarians say such a record is rare. Often calves are born dead or die shortly afterwards.

Official Predicts Shortage of Farm Acreage by 1975

WASHINGTON (INS) — A government farm expert said today the country may be short about one-third the number of acres it needs in 1975 to produce adequate food and fiber for the rapidly increasing population.

Agricultural Research Administrator B. T. Shaw told a House subcommittee in testimony made public today that new estimates of cropland availability for 1975 indicated shortages ranging from 122 million to 165 million acres.

The range is determined by new census bureau estimates of the U. S. population in 1975. Dr. Shaw said he believes about 507 million acres probably will be available for use by that time. At the same time, the research administrator warned the congressmen that the increase in production per acre probably will not be as large in the next few years as it has been in the past 15.

Dr. Shaw said he doubts that U. S. farmers can find the required farm land by 1975 but will be required to make up the difference by increasing production per acre.

The Agriculture Department reports meanwhile that imports of cattle into the United States last year totaled 198 thousand head, an increase of 58 thousand head from 1952.

Cattle make up the largest part of U. S. trade in live animals, and often are brought in from Mexican and Canadian ranches owned by U. S. citizens.

Despite the increase in cattle imports from the previous year, the 1953 figure was the second smallest since 1947. Imports of hogs and sheep and lambs also increased last year.

The department expects imports of cattle to remain relatively small this year, with Canada remaining the only nation from which cattle will be secured in volume.

The United States now has an all-time record number of cattle — 94 million 700 thousand head — on farms and ranches. This is an increase of about one million head from the January, 1953, total.

Canada's cattle numbers also have increased, but still are about eight percent below the record high of 10 million 300 thousand head reached in late 1944.

Cattle prices in the U. S. and Canada are in close adjustment to each other. In 1953, imports of cattle from Canada totaled only 70 thousand head — even though the border was open only 10 months of the year.

Clarkston Soldier Classified as Dead

CLARKSTON — Cpl. Junior V. Ridgeway, son of Mrs. R. A. Ridgeway of 8630 Clairridge Rd., is among four Michigan service men listed by the Army as dead after they had been carried on the missing in action rolls for more than a year.

Rochester Plant Swept by Fire

Damage Is Unestimated in Blaze at Production Planning Co. Unit

ROCHESTER — Fire of an undetermined origin swept through Plant 2 of Production Planning Co. here last night leaving behind extensive damage.

The plant, located at 530 Woodward Ave., manufacturers ventilation equipment.

Residents on nearby Oak street discovered the blaze at about 10:25 p. m. Rochester volunteer firemen, with five fire trucks, battled the flames for nearly five hours before bringing the raging fire under control.

No estimate of the damage had been made this morning. Firemen said there was extensive damage to the upper story of the plant and the roof. Company officials said approximately a third of the plant was destroyed.

Cause of the fire had not been determined. Firemen said the blaze apparently started in a shipping room among paper cartons.

Hold Reading Clinic in Holly Wednesday

HOLLY — A clinic on reading problems for pupils will be held Wednesday in the Holly schools.

The clinic will open with a luncheon in the school cafeteria at noon, and continue until 4 o'clock. All parents are urged to attend.

Blue and Gold Banquet Held by Cub Scout Pack

DRAYTON PLAINS — Cub Scout Pack 52 held a blue and gold banquet in Drayton Plains School auditorium last week with Cubmaster Kirk Francis presiding over a graduation ceremony.

Graduating were W. John Teewissen, Jeffrey E. Barnhart, Joel L. Gould, Daniel W. Chamberlain and Robert R. Carter.

Peder Neilson, member of Clinton Valley Council of Boy Scouts, presented the Pack 52 charter to Neil Stranahan. Registration cards were presented to Donald Redman, L. Z. Monroe, Arthur Goff and Francis as pack committee heads.

Certificates of appreciation were presented to denmothers Mrs. John Bougine, Mrs. Leonard Elliott, Mrs. John Hazlett, Mrs. Kenneth Hubble, Mrs. Carl Healey and Mrs. Robert Johnson.

Experts Say School Facilities Lacking

LAKE ORION — Education experts of the University of Michigan Friday found a lack of facilities in Lake Orion Community Schools in a visit here.

After talking with students, teachers and members of the administration, L. W. Anderson, consultant for the Bureau of School Services, said Lake Orion schools were in desperate need of more facilities.

In a letter to A. A. Reed, superintendent, Anderson and colleagues praised the "fine attitude and cooperation" existing in the schools, but deplored the lack of classrooms, the small library, inadequate gymnasium facilities and a necessarily limited curriculum.

When Capezios get into your life, they are there for life. There isn't a moment in a day that doesn't have its own Capezio, nor an age that Capezio doesn't have.

What is the magic of Capezio? Tradition. A spirit of freedom and youth. American functionalism, American Art. Capezio owes its best tradition to the ballet last; as the ballet grew and gathered the moods of America to itself, Capezio was there with the footwear to match these moods. We are tremendously honored in being chosen to present Capezios . . . may we have the privilege of showing them to you . . . tomorrow?

Only Capezio Makes Capezios . . . and Every Capezio Customer Knows It!

MESC Predicts Drop in Michigan Unemployment

Soybeans Dip but Recover

CHICAGO (U)—Soybeans dropped several cents at the opening and then recovered a good part of their losses in active dealings on the board of trade today. The November future, representing the 1954 crop, bounced back above Friday's close.

The rest of the market opened mixed but then developed a firm trend. This particularly true of the new crop wheat futures which were wanted because of continued dry weather in the drought area over the weekend. Old crop wheat firmed on prospects of exports.

Wheat near the end of the first hour was 1/4 to 1/2 cents higher, March \$2.24 1/2, corn 1/4 lower to 1/2 higher, March \$1.52 1/2, oats unchanged to 1/2 higher, March 78, Rye 1 to 1 1/4 higher, March \$1.22 1/2, soybeans 2 cents lower to 1/4 higher, March \$3.47.
