

Ike Asks Cut in Farm Price Supports

From 70 to 50 Pct.

Margin Requirements on Stocks Lowered

WASHINGTON (AP)—The government today lowered another anti-inflation barrier—the margin requirement on stock purchases—after breaking bad news on both production and income.

Effective today the Federal Reserve Board cut from 70 to 50 per cent the margin, or down payment, required for purchase of shares on the nation's sluggish stock exchanges. The 70 per cent requirement had been in effect for nearly three years.

The reduction was hailed by Keith Funtun, president of the New York Stock Exchange, as giving the market a desirable added liquidity that he said would help industry raise new funds for working capital and expansion.

Other reaction from financial circles was mixed, with some specialists sharing Funtun's optimism, others viewing the action as having only temporary effects on the market.

Still others said they thought the impact would be negligible. But most of those who commented expressed surprise.

EFFECTS FELT
First effects were felt on the Pacific Coast Stock Exchange in San Francisco. It was still open when the reserve board's action was announced, and prices spurted ahead in active trading.

Reserve board officials declined to make any forecasts that the move might help reverse the downward trend of business investment in new plant and equipment.

But their action spoke for itself: If such a movement developed, high margin requirements would not be standing in the way of stock issues.

The board's decision was made public immediately after two announcements which revealed that business ended 1957 with a harder-than-expected bump. These reports were:

1. Personal income, said the Commerce Department, dropped to a \$32,900,000,000 annual rate in December, down more than 2½ billion dollars from November.

This was the largest of four successive monthly declines, cutting the income of individuals four billion dollars, in annual rate, below August's all-time high.

Most of the decline resulted from a drop in the rate of change in income.

Friday's outlook is partly cloudy to cloudy, with a few snow flurries and the high about 33.

The prediction for Saturday is considerable cloudiness with intermittent light snow and not much change in temperature.

Twenty-three was the lowest recorded temperature in downtown Pontiac preceding 8 a.m. The reading at 1 p.m. was 27.

YOUTHFUL PONTIAC JURY SHOWS SPIRIT OF HELPFULNESS

Teenage Traffic Court Holds First Session

By SYLVIA de STEIGER

City teenagers tried primarily to help their peers, rather than punish them yesterday, at the first session of the Pontiac Teenage Traffic Court.

A jury of students from Pontiac Central and St. Frederick High Schools found all four of the accused teen traffic violators guilty.

In each case, it took more than 30 minutes to determine a way they thought each defendant would best realize his mistakes and improve his knowledge of traffic laws.

An Auburn Heights boy, who admitted he carried another boy

on his motor scooter which was constructed to seat only one, was ordered to write a 600-word theme on the significance of safety laws regulating motor-cyclists.

He also was referred to Pontiac Police Lt. Clayton Randolph, court referee, for a talk.

A second scooter-driver was ordered to attend the Pontiac Teenage Correctional Clinic, consisting of four two-hour meetings. When the jurors found out the scooter was without a speedometer, the probable cause of speeding 10 miles over the limit, they also recommended one be purchased although it is not required by law.

In the third traffic ticket case, an Oxford Lake boy was charged with driving his auto without tail-lights. He was given a suspended sentence because the jury felt he was very conscientious since he had called his parents immediately

after he was stopped by police. They fixed the auto temporarily with a flashlight, and the lights were repaired the following day.

Stiffest sentence was given to a 15-year-old Eastern Junior High School boy who had driven his parent's auto without their knowledge. He did not have an operator's license and had previously had several keys made for the car without his parents' knowledge.

This youth was ordered to write a 1,000-word theme on the reasons requiring an operator's license. He was also referred to Lt. Randolph for several conferences.

The teen court has the authority to suspend a license up to 29 days and if it desires, can recommend that the secretary of state suspend the license up to one year.

In each case, a parent of the defendant attended the hearing although the parent was not allowed to participate.

It was strictly teens working with teens. The parent and defendant are requested to sign forms before the hearing, stating they agree to participate and carry out the jury's wishes.

Local Men Given Citations at Annual Dinner

JAYCEE AWARDS — Gov. Williams is shown with three Pontiac men selected for citation last night by the Pontiac Area Junior Chamber of Commerce. Left to right are Lynn Allen Jr., Gov. Williams, Don Weddle and William J. Dean. Allen was named "Out-

Williams Paints Gloomy Picture as Outstanding Man

Defends His Proposals to Hike Intangibles Tax at Jaycee Banquet

Gov. Williams last night painted a gloomy financial picture for Michigan and gave reasons why a new tax source should be found.

Speaking in Elks Temple at the Pontiac Junior Chamber of Commerce "Bosses Night" banquet, Williams defended his proposal for a new intangibles tax.

"We want to keep our services at the present level and at the same time are faced with the second-fastest growing population in the nation," he said.

This growth, Williams said, is one reason his recommended budget will be "proportionately higher" than this year's budget. The recommendation may come next week, he said.

The state faces a \$35 million deficit in its general fund from now until the end of the fiscal year in July, Williams said.

BANKRUPT BY MAY
"In May, we may be temporarily bankrupt. But the really serious situation will exist next year, if more tax funds are not found," he said.

Williams gave two reasons for the state's being short of cash: First, the legislature appropriated more funds last year than (Continued on Page 2, Col. 1)

President of the West Side Kiwanis Club, Allen is a member of the American Legion, DAV, Amvets and the Elks club. Married with one daughter, Allen lives at 334 Argyle St.

Weddle, Jaycee second vice-president, was presented his plaque by Les Langford, president, for his service to the organization last year.

Dean runs a wholesale distributing company, Dean Brothers, at 474 S. Saginaw St.

Pontiac Motor Division, the Pontiac Area Chamber of Commerce, The Pontiac Press and several other organizations were cited for aid to the Jaycee program last year.

He'll Wait for Moon
PROVIDENCE, R.I. (AP)—A reservation has been made for the 1,000th trip to the moon by Prof. Charles H. Smiley, head of the Brown University Astronomy Department. "I want 999 successful returns before I take the trip," he said. "That just shows that I'm conservative."

Bob Hope Says He Almost Fell From Bomber

HOLLYWOOD (AP)—Bob Hope disclosed today that he nearly ejected himself—minus parachute—from a B47 jet bomber flying 600 miles an hour at 18,000 feet over the Pacific.

The incident occurred on his recent 18,400-mile tour to entertain troops in the Pacific during the Christmas holidays.

"The only thing that saved me from taking the biggest dive of my career was a lack of sleep," the comic told a reporter.

"We were at Yokota air base, outside Tokyo, when a general asked me to include some lonely soldiers at Guam on our itinerary. I flew the jet in advance of our troupe to set up the show."

"They sat me in the co-pilot's seat with oxygen mask, crash helmet and parachute. We weren't in the air long before I got to feeling very uneasy, a real claustrophobia. I couldn't see anything but a panel of instruments."

"I started sweating, took off my parachute and then asked the pilot if it were possible to make my seat go up so I could see out the blister. He told me to pull a little lever, similar to the kind on power seats in your car."

"I was a little groggy from lack of sleep and pulled the wrong lever. The pilot, watching me in a mirror, screamed: 'Get your hand off that!'"

"It was the automatic pilot ejection seat. We were a good 800 miles out in the Pacific. I shudder to think what would have happened if I had given the lever a strong pull and a squeeze."

"How could I ever top a finish like that?"

DETROIT (AP)—Ford Motor Co. is merging its medium-price, luxury and imported cars into a single division.

The division, announced yesterday, will have charge of Ford's Continental, Lincoln, Mercury and Edsel lines and the English Ford line in the United States.

Anglia, Perfect, Consul, Zephyr and Zodiac passenger cars and the Thames van trucks will be imported and marketed by the division.

James J. Nance, who has been general manager of the former Lincoln and Mercury Division, will head the new M-E-L Division.

Ford President Henry Ford II said the change was made because of the "new emphasis on the importance of both the medium-price and the imported car markets."

He said each line will be marketed and advertised separately. Late last summer Ford combined the Lincoln and Mercury Divisions.

Ford said "unified direction of the organizations responsible for the five M-E-L Division product lines will strengthen the profit potential of our dealers and assist in increasing the company's efficiency."

Ford said each car line will be merchandized and advertised individually, and the dealer franchise for each car line will continue to be handled on an individual basis.

Ford Motor Co. flatly denied today a report that its Highland Park plant is being sold for \$17 million and the firm is moving out of the historic birthplace of the assembly line.

Motorists buying gas in the Pontiac area will find gasoline prices reduced 2.2 cents today as many stations were expected to follow major companies in the price cut announced yesterday.

At the same time, a bill introduced to the Legislature would put the control of retail gas prices with the Michigan Public Service Commission.

Eugene G. McNery, president of the North Oakland Chapter of the Retail Gasoline Dealers Assn., said most stations in the Pontiac area would, or already have, cut the price of regular gas to approximately 31.5 cents per gallon, and 35.5 cents per gallon for premium.

The companies which have cut the prices of gas to their dealers by 2.2 cents are Standard, Sococo, Mobil, Speedway, Shell, Gulf, Pure and Sun Oil.

India Will Get Loans
WASHINGTON (INS)—The State Department said today the U.S. will extend 225 million dollars in loans to India to help that nation meet a serious economic crisis.

WASHINGTON (AP)—President Eisenhower today called for lower government price supports for major farm crops and dairy products, and an easing of production restrictions.

In a special message to Congress, Eisenhower laid out in 14 points what he termed a progress program and said it would let farmers benefit more from their own unparalleled ability to produce.

The program held out the prospect too of eventual lower food costs for consumers.

Eisenhower told Congress that agriculture in recent years has been experiencing a veritable revolution in productivity.

"Farm production per man-hour has doubled since 1940," he said. "There has been more change in agriculture within the lifetime of men now living than in the previous 2,000 years."

Eisenhower said the rapid changes taking place in agriculture are largely the result of a major breakthrough in agricultural science and technology, constitute a revolution that cannot be reversed, and are continuing.

It cannot be avoided and it need not be feared," he said. "In recognition of this basic fact, we must find ways of utilizing more completely the abundance that our farm people are now able to produce; we must find ways of further expanding markets for this increased production, not only among our own citizens but among people all over the world who produce in such abundance."

In outlining his recommendations, Eisenhower said it was essential that they be accepted this year to improve the status of rural people in greatest need, to aid agricultural adjustment, provide more freedom, expand markets, and, thereby, to help raise farm family income.

The proposals would require legislative action in some cases, and shifts in appropriations in still others.

They included:

1. Change the 1½-billion-dollar annual soil bank program by abandoning next year the costlier short-term acreage reserve and (Continued on Page 2, Col. 3)

Postman Won't Tangle With Fido Anymore
WASHINGTON (AP)—If your dog bites your postman, you're going to have to pick up your own mail.

Delivery to your home will be stopped, at once.

Postmaster General Summerfield said today, in announcing new instructions to post offices over the country to protect letter carriers from dog bites.

He cited the example of a clerk in the House of Representatives, who he said, had "jinketed" with \$2,000 to Buenos Aires and Rio de Janeiro. "His plane ticket was bought with Norwegian money from counterpart funds," Broomfield added.

Chairman John L. McMillan (D-S.C.) said the clerk was touring the foreign capitals "to see how some foreign countries treat their capital cities and how their officials are elected."

For Circuit Court
County GOP, Dems Unite in Seeking Fifth Judge
Hope for a fifth circuit judge at work on the Oakland County bench by next year brightened today as Republicans and Democrats united in Lansing on a bill which would reportedly have Gov. Williams' favor.

The measure, calling for a new judge to be elected next spring, was introduced in the House today under joint sponsorship of all six Oakland County representatives.

With further plans to amend the bill in committee to please Williams, the representatives hoped joint sponsorship would avoid the partisan scramble which ended last year when a Republican-favored bill was vetoed by the Democratic governor.

According to Rep. Leslie H. Hudson (D-Pontiac) the governor has said his approval hinges on how soon the new judge takes office after his election.

"The governor's position—and this was his argument when he vetoed the bill last year—is that if a new judge is necessary, he (Continued on Page 2, Col. 3)

Affects Major Crops, Also Dairy Products

14-Point Program Seen as Political Hot Potato in Election Year

WASHINGTON (AP)—President Eisenhower today called for lower government price supports for major farm crops and dairy products, and an easing of production restrictions.

In a special message to Congress, Eisenhower laid out in 14 points what he termed a progress program and said it would let farmers benefit more from their own unparalleled ability to produce.

The program held out the prospect too of eventual lower food costs for consumers.

Eisenhower told Congress that agriculture in recent years has been experiencing a veritable revolution in productivity.

"Farm production per man-hour has doubled since 1940," he said. "There has been more change in agriculture within the lifetime of men now living than in the previous 2,000 years."

Wrathful Over Promotion Delays

Police Officers Blast 'Stalling'

Angered over the issue of promotions, members of the Pontiac Police Officers Assn. last night sharply criticized the three-member Civil Service Commission, and threatened legal action.

Paul Merideth, association attorney, charged that the commission had "let the men down" by first promising promotions before civil service tests were given, and then saying that no promotions would be made at this time.

Merideth referred to communications from City Manager Walter K. Willman, in August, Willman wrote the commission that there were several vacancies for lieutenants and sergeants.

Last night, he wrote that no promotions would be made until the survey of the police department by Public Administrative Service is completed in April.

SEEN AS 'STALL'

Officers present charged that the "real reason" for the delay in promotions was to "stall this until the April election, when an attempt will be made to repeal Civil Service."

They said, "The Chief (Herbert

Straley) doesn't like some of the men who scored high on the Civil Service ratings and hopes to make his own promotions after repeal of Civil Service."

Sgt. William Hanger, top man on the lieutenants' eligibility list, shouted,

"This commission is just a farce. You commissioners remember there is a penalty in the Civil Service act for those who fail to follow the law."

The commissioners replied that they were not the appointing authority and could not compel the city manager to make promotions if he didn't want to.

PLANS COURT ACTION

At this point, Merideth said he would seek a writ of mandamus in Circuit Court "in the near future."

ture" to force the city manager to make the promotions.

Earlier in the meeting, Chief Straley challenged the commission's methods of establishing eligibility for promotion. He said the commission should personally examine the records of the officers to be certified for promotion.

After considerable discussion, the members agreed with the chief to have all officers rated by their superiors every four months and to average the last three ratings into Civil Service scores in the future.

They decided to discuss the procedure at a later meeting with the chief.

The commission also set a meeting for next Wednesday to discuss rules for the police department.

Waterford Bank Manager Named 'Man of the Year'

A young bank executive, interested in promoting spiritual guidance and character building qualities in American youth, has been named Waterford Township's "Man of the Year."

Harold Keith, 30, who is single and lives with his parents at 1464 Kempt Ave., was awarded the honor at the 4th annual "Bosses' Night" banquet held at the Community Activities Center.

Although he majored in Business Administration at the University

Greer, Byron Merritt was chairman of the contest. Keith will now be eligible for the state judging Feb. 22, to be held in Detroit. Five candidates will be chosen to enter the national contest in June.

HAROLD H. KEITH

of Michigan after his graduation from Pontiac High school, Keith has always been primarily interested in young people and their problems.

He is presently employed as a branch manager of the Pontiac State Bank, and has the distinction of being the youngest officer of the organization.

As manager-coach of the Emmanuel Baptist church softball team, he steered the group to the top of the 1937 church League Championship. Bowling, golf and baseball are also included in his work with the young people.

In order to better acquaint youth of the community with religious education, Keith is now enrolled as a night student at the Mid-Western Baptist Seminary in Pontiac.

Besides being a member of the Baptist church, he is affiliated with the Pontiac Christian Men's Club, the American Institute of Banking, and is a charter member of the Waterford Township Jaycees. The five judges who selected Keith, were Rev. Walter Teewis, William Shuck, Elmer Johnson, Bob Beattie, Sr., and Erwin

Ike Asks Cut in Supports for Farm, Dairy Products

(Continued From Page One)

strengthening the longer-term contract dollar to payments to any kind for long periods and putting it to grass, trees or other noncrop uses.

2. Legislation giving the secretary of agriculture discretion to permit wheat, cotton, rice, tobacco and peanuts up to 50 percent above levels now provided by legal formulas. Such increases would be made only if there were potential markets for the larger output. They would be coupled with lower price supports.

3. Legislation eliminating acreage allotments for corn. This would put corn on the same basis as other livestock feed grains.

4. Repeal the escalator clauses of present price support laws requiring that supports for wheat, cotton, corn, rice and peanuts be increased when supplies decline. Secretary of Agriculture Benson has said these clauses would increase the price of food, encourage new surpluses.

5. Legislation to fix the range of possible price supports for wheat, cotton, corn, rice, peanuts, tobacco and dairy products at 60 to 90 percent of parity. The present range is 75 to 90. Parity is a standard for measuring farm prices declared by law to be fair to farmers in relation to their costs.

This proposal calls for repeal of a law requiring that tobacco be supported at 90 percent of parity when marketing quotas are in effect, regardless of the supply.

6. Amend the price support law to base price supports for cotton on the average quality of the crop. Present law requires use of midling 1-1/2 inch quality, which is below the average. This change would put supports for cotton on the same basis with other crops and would tend to lower the supports by more than two cents a pound. Present supports are slightly above 28 cents.

7. Legislation increasing the membership of the advisory board of the Commodity Credit Corporation — price support banking agency — to seven from five, and giving it authority to advise the secretary of agriculture on price support levels. Members would require Senate confirmation, which now is the case.

8. Extend the Agricultural Trade Development Act authorizing the Agriculture Department to sell farm surpluses abroad for foreign currencies and permitting the use of those currencies in financing trade development and other U.S. government expenses in the purchasing countries. The extension would permit the sale of an additional 1 1/2 billion dollars worth of surpluses. Congress already has authorized disposal of four billion dollars worth.

9. Expand research to develop new industrial uses for farm products. The President called for in-

21 Killed, 95 Hurt in Peru Quake

Rush Emergency Water to Survivors in Shattered City of Arequipa

AREQUIPA, Peru (INS) — Twenty-one persons were killed yesterday in a strong earthquake which rocked historic Arequipa and its outskirts.

According to police, 95 other persons were injured in the tremor, which sent thousands of persons fleeing from their homes into the streets.

Thirteen of the deaths occurred in the outskirts community of Tiabaya when several adobe houses collapsed. The other eight deaths occurred in the central part of the southern Peruvian city of some 60,000 persons.

Tiabaya is one of the poorer sections of the city which was built on the site of an old Inca town.

Authorities ordered the population not to drink the city's water for at least two days. The quake broke many water mains. Emergency tank trucks were sent out to distribute water to the population.

Authorities said 60 per cent of the houses in the city suffered cracked walls in the quake.

The Day in Birmingham

Valuation of New Building Over \$1 Million Lower

BIRMINGHAM — New building dropped slightly more than a million dollars in Birmingham last year, Andrew F. Butt, building inspector, reported.

The annual building report shows that 498 permits were issued by the city in 1937 for construction with a valuation of \$3,307,097. In 1936, construction was valued at \$4,914,370, with 607 permits issued.

April led the 1937 construction picture with permits issued for \$494,900 in new building and \$258,435 in alterations. April permits totaled 55.

Margin Requirements on Stocks Lowered

(Continued From Page One)

from smaller than usual year-end dividends, reflecting corporate caution and some squeeze on profits. But about 750 million dollars of the drop represented reduced wage and salary payments.

2. Industrial production sagged in December to the lowest level since July 1936, when a nationwide steel strike hobbled output.

The Federal Reserve index of physical output from mines and factories dipped three points in the month to 136 per cent of the 1947-49 average. Auto assemblies declined 10 per cent and steel mills further slowed their operations to a rate of 40 per cent below a year ago.

These reports followed by a day the December employment figures, which revealed that joblessness rose by 200,000 to 3,374,000. This was the highest unemployment for any December since the recession year 1949.

Although officials and economists here almost unanimously predict an upturn by summer, the Federal Reserve's relaxation of margin requirements, applying both to purchases and short sales, was the latest in a series of government moves to counter the recession.

GOP, Dems Unite in Seeking 5th Judge

(Continued From Page One)

should go to work immediately," Hudson said.

For this reason, it was expected that the bill would be amended in the Judiciary Committee to have the judge take office for a short, six-months term beginning July 1, 1939.

TWO INITIAL TERMS As amended, the bill would call for creation of a new judgeship with two initial terms, the short one and another of the normal six years, beginning Jan. 1, 1960.

Candidates would run for the long and short terms at the regular April 1 election. Each term would be listed separately on the ballot.

Another representative, Farrell E. Roberts (R-West Bloomfield Township) said he would ask the committee for the amendment and had "every reason to believe it would be accepted, barring any political controversy."

Roberts is a member of the committee. Besides Hudson and Roberts, the joint measure was signed today by Republicans Lloyd L. Anderson, Waterford Township; Theodore E. Hughes, Berkeley; and Donald E. Brown, Royal Oak, as well as by Walter T. McMahon, Democrat, Hazel Park.

Roberts, Brown, Anderson and Hughes yesterday had filed their own bill with the house clerk. It called for the same election in the spring of 1939, but had the new judge taking office in January, 1960.

Governor Outlines Need for New Tax

(Continued From Page One)

were due to come in, he said.

"This was done knowingly, apparently with the philosophy that a little deficit will keep the administration on its toes."

Secondly, during a national recession, Michigan's tax intake falls. "We're a very volatile state and one of the first to go up and down financially," he believed.

Faced with more obligations than income, he said, the state has borrowed from one fund to pay off a pressing debt in another and, as a result, "too much working capital has been taken out of the system."

At the same time, he pointed out, the state administration is dedicated to big road, school and mental health programs, which account for the bulk of the state's expenditures.

"I don't know what the legislature will do about next year's budget," he said.

"The situation will become intolerable next year if we don't impose new revenues," he said. "It's either that or cutting services."

By E. H. SIMS

How much difference is there between the average temperature in the extreme south and extreme north of the United States?

The difference averages about 30 degrees, on an annual basis. But the difference is quite often considerably greater. In January, for example, it sometimes drops to 40 degrees below in northern Minnesota.

In the extreme southern sections of the country the temperature—on the same day—might be in the high 80s.

In the extreme north the average January temperature is 20 degrees. In July it is only 60. Even in winter the average is higher than 60 degrees in the extreme south.

By THE ASSOCIATED PRESS

Fresh snow today thickened the snow blanket covering the Northeast section of the nation with depths measured at from 9 to 25 inches.

A nor'easter yesterday clobbered the region with gale force winds and high tides in addition to heavy snow.

The snow cover extended as far south as West Virginia and northern Kentucky but the fall was relatively light in these areas.

Fresh snow brought the depth at Rumford, Maine, to 25 inches. Caribou, Maine, measured 20 inches of snow on the ground. In western New Hampshire, Lebanon recorded 18 inches, and Albany, N.Y., had a 9-inch blanket.

The storm caused closing of some schools in New York state areas and broke power lines and disrupted highway travel.

In the Boston area, wharves and railroad bridges were flooded by abnormally high tides. Along the New England coast winds were clocked at 40 to 60 m.p.h. during the height of the nor'easter.

Curb Teen Rocketing

CALGARY, Alta. (U.P.) — A rash of harmful teenage rocket experiments has prompted Calgary druggists to bar sales of explosive substances to minors. The Retail Druggists Assn. voted to limit such sales to adults.

Willman to Address Rotary Club Today

City Manager Walter K. Willman was scheduled to present his annual "state of the city" message to the Rotary Club at the club's weekly noon luncheon held today at the Waldron Hotel.

In his talk, Willman planned to review the current financial status of Pontiac, improvements going on at the present, and the outlook as to future growth of Pontiac.

NOTICE!

Due to an error in our advertisement Wednesday, January 15, 1938 in the Pontiac Press The Hub Clothiers Will Not Be Open Thursday Night 'til 9 P. M. as indicated

Due to the Death of FLOYD E. FRANKLIN STEWART GLENN CO. Will Be Close from 1 to 3 P. M. on Friday, January 17th

MAKE OVER PAGES

COULD YOU STOP IN TIME? — Poorly aimed headlights make night driving even more dangerous for yourself and young pedestrians like these. Because the headlights on half the nation's cars have been jarred out of aim by normal traffic bumps and rough roads, General Motors and its dealers are spearheading a national "Aim to Live" safety campaign. They urge headlights be checked for aim twice a year. It's worth the few extra minutes — three times as many fatal accidents happen at night as during the day.

House Rules Committee

Plans to Fight Junkets

WASHINGTON (AP) — Chairman Smith (D-Va.) said today his House Rules Committee will bear down hard on legislation providing for nondefense spending and on proposed congressional junketing abroad.

Bills or resolutions dealing with either subject, he said in an interview, will have a hard time clearing his committee "unless a very good case is made for them." Without such clearance, legislation has extreme difficulty reaching the House floor for a vote.

"Legislation which is essential to national defense," Smith said, "will have no difficulties in our committee. But we are going to take a long and hard look at every proposal involving spending not strictly related to national defense. They are going to have to be mighty important before we will clear them."

He said the committee should

take a stiffer attitude toward congressional traveling abroad, which reached a peak during the summer and fall of 1957. The rules group must approve travel abroad by House committees.

Reports \$21,000 Theft to Impress Girls

CHICAGO (AP) — Willie Lewis is a 32-year-old glass blower who says he likes to "impress the girls" and "see my name in the papers."

That's why he inflated a \$500 robbery into an eyebrow-lifting \$21,000 job, he told police.

Lewis had reported that two men forced their way into his South Side apartment, slashed open his money satchel and escaped with \$21,000 he had hidden because he didn't trust banks.

He said he won the money gambling in the Army in 1945, but under questioning said he actually saved only \$500 — by selling lunches to fellow workers at the plant where he is employed.

Thief Takes Nothing in Waterford Break-In

Owner of the Shore View Market, L. P. Roettger, reported to Waterford Township police that his store at 2425 Voorhees Rd. was broken into sometime last night. Entrance was gained after breaking a left front plate glass window, but nothing was reported stolen, according to police.

Two Ships Missing With 30 Men Aboard

TOKYO (AP) — Two Japanese ships with a total of 30 men aboard were reported missing today. The Maritime Safety Agency said Coast Guard vessels were searching for the 574-ton cargo ship Seiko Maru off northeast Honshu, and the 80-ton fishing boat Zuiko Maru, with a crew of 13, missing in the East China Sea. Both were last heard from on Wednesday.

Waterford Sees Gain in Commercial Building

5 Major Projects Approach Half-Million

There is almost a half-million dollars in commercial construction work now in progress in Waterford Township according to reports from the township building department.

Of the five major building projects in the area, the \$400,000 Federal department and Kresge stores being erected in the Drayton Plains Center on Dixie Highway, tops the list.

The main part of the shopping area in the Federal store will be on one floor, with an open balcony constructed for office space.

Adjoining Federal's to the north, the Kresge store will be approximately in the center of the shopping area, and there will be three more spaces available for other businesses.

The brick layers are expected to begin work on the buildings next week, according to job superintendent Newton Levin of the S. & L. Construction Company. Opening date for both stores has been set for about June 1, he added.

Another project underway at the corner of Dixie highway and Telegraph road, is a \$40,000 remodeling of a building into a grocery store. A building permit was issued to Demino & Fidler for the remodeling operation.

A retail store costing some \$25,000 is being constructed next to the Food-Town super market at Highland and Williams Lake roads. A permit was issued to Clark Easley for this building.

A super-meat market costing \$8,000 is past the foundation stage, and is located next to the Richard-

Raising Cane No Trick for This Fellow

MONCURE, N. C. (U)—On a lofty hill one mile from here stands a large mock-orange tree that was once a walking cane.

The cane belonged to Waverly Lassiter, whose hobby was walking. Before entering the house, he casually stuck the stick in the soft dirt and left it there.

The stick sprouted and began to grow, day by day, year by year. Today it is more than 50 years old.

22 Million Vets in U. S.

WASHINGTON — There are 22,000,000 persons in the United States classified as war veterans, and these with their families make up 75,000,000 of the nation's 172,500,000 population.

Fete 100th Anniversary

Romeo Masons Plan Weekend

Other Groups to Join Chapter 17 Observance of Centennial

ROMEO — The Masonic Temple here will be the scene of an historic event this weekend when Romeo Chapter No. 17, Royal Arch Masons, celebrates its 100th anniversary.

This is the second such memorable event staged in the Romeo temple. In January 1951, Romeo Lodge No. 41 F&AM observed its centennial.

The local Royal Arch Masons' original charter was issued Jan. 13, 1858, by the Grand Chapter of the State of Michigan. Greenleaf Wadleigh was elected the first high priest.

All Master Masons, members of the chapter, of the Order of Eastern Star and of the local Assembly of Rainbow for Girls are invited to attend the special functions open to them during the two-day celebration.

Chairman Roy H. Davis, high priest of the Romeo chapter, said that he expects visitors to be present from State Grand Chapter plus numerous other chapters in Michigan and Ontario.

The program opens Friday evening at 7:30 with a reception for visiting companions followed at 8 p.m. by a Royal Arch Degree to be conferred by past high priests of the Romeo chapter.

The official welcome at 1 p.m. Saturday afternoon will precede the Initiation ceremony of Rainbow Girls. This portion of the day's activities is open to all OES members and Master Masons.

SPECIAL FEATURE

The ladies' program, from 1:15 to 5 p.m., will feature an arts and crafts demonstration in the temple.

At 3 p.m., a Mark Master Mason degree will be conferred by the Hiawatha Chapter No. 252 of Sarnia, Ontario, in honor of the centennial. Its members will represent the Grand Chapter of Royal Arch Masons of Canada.

The smorgasbord dinner will be served by the ladies of St. John Lutheran Church in the First Congregational Church across the street from the temple.

Visitors will be honored at a 7 o'clock reception at the temple. Past High Priest George E. McKeough will act as master of ceremonies during the special Centennial Program at 8 p.m. in the Masonic Temple auditorium. Principal speaker will be Arthur M. Burke, past grand high priest, Grand Chapter of Michigan. The entertainment which follows will feature modern and early American dancing in the temple ballroom and cards in the dining room.

Three Men Captured by Hazel Park Police

HAZEL PARK — Three young men were captured by Hazel Park Police early this morning following an auto chase at a high rate of speed.

Found in their car was a 500-pound safe, three quarts of motor oil, a case of anti-freeze, two batteries and assorted tools which police said were taken from the Nine Mile-Highland Service Station, 430 W. 9-Mile Rd. The amount of money in the safe was not disclosed.

Being held for investigation of breaking and entering are Charles B. Collins, 19, of 1862 Maple Lane; John C. Cooper, 20, of 267 W. Woodruff; and Marvin Parks, 21, of 26051 Dalton St., Madison Heights.

Officers William Webster and Matthew Nickrand said they were making a routine check of the gas station about 1:40 a.m., when the car with the three young men sped out from the side of the building.

After a chase of about a mile and a half, the car stopped after being hit on the left side with gunfire from Nickrand's service revolver, officers said.

Hiawathan Wildlife Film Set Tonight at Rochester

ROCHESTER — The second lecture tour of the ninth annual Hiawathan Wildlife Program will be held at 7:30 tonight in the Rochester Junior High School gymnasium.

A film, "By Erie's Changing Shores" will be featured by G. Harrison Orin. Moving pictures of winter and summer fishing, man's story with his freighter, his joys of leisure and wildlife on the shores of Lake Erie all go to make up the interesting story and film.

The program is sponsored by Rochester Community Schools Department of Adult Education.

WEIGH-IN—Cute little Mary Keller, 5, of Camp Hill, Pa., makes friends with day-old chicks as she weighs the poultry on a beam scale at the huge Pennsylvania State Farm Show, one of the nation's largest all-farm exhibition under roof in the state's farm show building.

Your PTA Is Planning Educational Television Is Topic for Discussion

CLARKSTON — "Education TV and Your Child," will be discussed by John Barson of educational television station WTVS, at the Oakland County Council of PTA meeting Tuesday.

The meeting will convene at 3 p.m. at the Pine Knob Elementary School, 6029 Sashabaw Rd., Clarkston.

Barson, producer for Channel 56, directs all the science and music shows for the station and is an authority on special educational programs for children.

Orion Township Dr. W. W. Oliphant, Lake Orion physician, will speak on "The Home, School, and Community in Africa" at 7:30 p.m. Monday before the Lake Orion Junior High School PTA. This will be the group's first meeting since organizing in November.

Dr. Oliphant spent four years in Africa as a missionary. Realizing the great need for doctors he returned to the United States, studied medicine and then went back to Africa. He and two other doctors are rotating, one in Africa, and two in the clinic at Lake Orion.

Dr. Oliphant, who is the father of four children, also will show household articles and trophies from his missionary travels.

The Carpenter School PTA will meet on Monday to hear Mrs. Vena Kirkpatrick, administrative assistant in charge of elementary education, discuss achievement, reading readiness, and intelligence tests as they are applied in the Lake Orion School District.

Business will include discussion of a money-making project, a change in meeting dates and its part in the Founder's Day program planned as a joint PTA effort.

Auburn Heights Auburn Heights School will hold its Fathers Night PTA meeting at 8 o'clock tonight at the Community Hall on Squirrel road. Lester Olds, father vice president, will preside.

Hershel Peters of Michigan Bell Telephone Co. will show a film on the laying of trans-Atlantic cables.

Refreshments will be served.

Lake Orion The Webber School PTA are sponsoring a bake sale at Sheldon's Restaurant in Lake Orion beginning at 10 a.m. Saturday, January 18, and continuing until sold out. Cochairmen are Mrs. Burdette Smith and Mrs. Tuano Pirala.

Proceeds of the sale will be placed in the movie projector fund.

Metamora The Metamora PTA will meet at the school at 8 o'clock this evening.

2,685 Register for Charter Vote

Westwood Sees 12 File for 7 Posts on Charter Commission

WESTWOOD VILLAGE — Of the 4,500 registered voters here, 2,685 yesterday re-registered, making them eligible to vote Feb. 3 on the proposed village charter.

Yesterday also was the last day for filing nominating petitions for the office of village clerk and the seven seats on the charter commission.

Alice Spencer is the only candidate for clerk. Twelve persons filed for charter commission posts.

They are Waldo H. Asbury, Chester S. Guilmet, Theodore J. Sura, Marvin D. Cline, Robert Larsen, Douglas J. Wood, Ed M. Shurtliff, Russell H. Seaburger, David M. Thompson, Robert B. Reed, John E. McFall and Hugh G. Allerton Jr.

The clerk and charter commissioners will take office only if the charter is approved in the February election.

Residents in the 4 1/2 square mile area in the northern section of Southfield Township voted last September to incorporate as the village of Westwood.

Women's Club in Rochester Meets Friday

ROCHESTER — The Rochester Junior Women's Club will meet at the home of its adviser from the Senior Woman's Club, Mrs. Robert A. Woodruff, of 144 Glenade, Friday at 12:30 p.m. Co-hostesses are Mrs. John Cochran, Mrs. Richard Seitz and Mrs. John A. Bird.

Mrs. George W. Goble, president, has announced an appointment in the Youth Committee. Mrs. Donald Smith will replace Mrs. Bruce Todd as head of the Handicapped Children's Committee.

Sixteen members of the Youth Committee, who assist at the Oakland County Society for Crippled Children School met Jan. 6 for instruction and program planning with the school staff.

Collecting Funds for Girl's Memorial

ORION TOWNSHIP — A memorial fund is being started by members of the Northern Oakland County Girl Scout Council to commemorate Helen A. Bisballe, 12-year-old daughter of Mr. and Mrs. Fred Bisballe, of 1049, Absegami Trail, who died Sunday.

Books will be purchased from the fund for the Camp Sherwood Library, near Lapeer. A memorial plaque will be placed on a shelf of the books purchased from the fund.

Heien was an intermediate scout with the Lake Orion neighborhood. Her mother is president of the Northern Oakland County Girl Scout Council.

Donations may be sent to the Girl Scout Office, 310 National Building, Pontiac.

Clarkston Masons to Honor 6 Members

CLARKSTON — When Clarkston Masonic Lodge No. 60 meets at 8 o'clock tonight, it will honor six of its oldest members.

Fifty-year pins will be awarded to Clarence Drake and Guy Walters of Clarkston. Former Clarkston residents William Walters of Las Vegas, Nev., and David Miller now of Bradenton, Fla., also will be given 50-year awards.

Ray Ackerson of Clarkston will receive a 60-year pin.

The Clarkston Lodge boasts some 400 members, many of whom live in Waterford Township and surrounding areas, according to secretary Roy Conrad.

Vision Tests Due in Three Grades at Walled Lake

WALLED LAKE — The Massachusetts Vision Screening Test will be given to all students in the seventh, ninth and 11th grades in Walled Lake schools.

The Michigan Department of Health said it feels that these annual tests are necessary because the eyesight of growing children changes constantly.

The cost to the students will be 30 cents. This should be turned in to the student's homeroom teacher by tomorrow.

The program will begin Jan. 27.

BETTY LOU BULLARD

The engagement of Betty Lou Bullard to Daniel E. O'Brien has been announced by her parents, Mr. and Mrs. Wilburn Lawson, of 11855 Shaffer Rd., Davisburg. The prospective bridegroom is the son of Mr. and Mrs. Daniel O'Brien, of 5175 Ormond Rd., Davisburg. A May 24 wedding is being planned.

WW I Vets to Meet

DETROIT — Lewis Brake, national commander of the Veterans of World War I, will address state units of the organization Jan. 19 following a weekend tour of the Veterans Administration Hospital at Saginaw and two radio and television speeches.

Neighbors Aid Fatherless Brood

Family of 11 Gets House

DRYDEN — Neighbors and friends of the Leroy Waterman family here, whose timely assistance helped Agnes Waterman and her 10 children over the rough spots following a hay-baling accident which killed Mr. Waterman last July 16, got a real glow this week.

They saw Mrs. Waterman and the youngsters, ranging in age from 1 1/2 to 14 years, happily installed in their own six-room modern home on Cherry street.

Leroy Waterman, 37, was found dead with both arms amputated last summer on the Hollow Corners road farm of George Mott where he had been working. His death left his family of 11 without any means of livelihood.

Neighbors, veterans' and other clubs, church groups and strangers who read the touching story in their newspapers, rushed to the family's assistance with offers of aid. Donations poured in, and soon the family was able to move from the farm where Mr. Waterman had been sharecropping to a rented house at 4149 S. Mill St.

But that wasn't quite enough. Farm machinery which the Watermans owned provided some money, and this with funds from other sources and the interest of a local real estate man made it possible to purchase the home.

Now the Watermans have roots in their own home. And though they still miss Dad terribly, they can smile again because the family is assured of staying together in comfortable surroundings. They're home.

Walled Lake Board Checks Firms

School Contracts Held Up

WALLED LAKE — The Walled Lake Board of Education has tabled until a special meeting the awarding of contracts for the construction of a seven-room addition to Twin Beach School. This was done to permit investigation of the work of some of the firms which had submitted bids, Supt. Clifford H. Smart said.

Meanwhile, Walter Anica, school architect, will seek written approval of the Oakland County Health Department of plans for the septic and drainage system for the addition.

Members of the planning commission for the proposed junior high school have recommended that the two outer units of the new school be constructed first.

Anica was instructed by the board to proceed with such preliminary planning as can be done prior to the special election called for Feb. 17. At that time the school district electorate will vote on a two-million-dollar bond issue for construction of the junior high school building, additional elementary buildings, purchase of sites and repair and renovation of present school buildings.

If the bond issue is approved, there will be no change in the present tax rate of \$8.50 per \$1,000 of equalized valuation, according to Supt. Smart and the board.

Rolland Langerman, administration assistant for the school system and chairman of the Junior High Planning Commission was named general chairman of the election by the board.

In other action, Mrs. Viola Williams was given a contract to teach home economics in the junior high school, replacing Mary Elizabeth Freels whose resignation is effective Jan. 24.

John Williams, also administrative assistant, presented a financial report of the school cafeteria, showing them to be operating at a deficit.

The board instructed Smart and Williams to make a thorough study of the cafeteria of the district and to recommend what steps be taken to prevent operating at a loss.

To Study TV in Schools

ANN ARBOR — The educational television and radio center will conduct a conference in St. Louis Jan. 18-19 to discuss the use of television in schools. Educators and television specialists from five states have been invited to the meeting.

Weekly Lessons in Skating

Avon Recreation Slated

ROCHESTER — The Avon Youth Service and Recreation Association will hold one night a week of supervised recreation at the new Avon Skating Rink which opens Friday night.

The rink is located on the site of the old Avon Water-Works, at Wabash and Hazelton, west of Rochester road. It is lighted, and an instructor will be present from 7 to 9 p.m. to teach the fundamentals of skating.

Baton lessons have been completed and there are no further plans for more until the summer schedule goes into effect.

Along with the Harrison Central PTA, the AYSRA will sponsor a class in creative ballet for junior and senior high school girls at the junior high school on Tuesdays from 6 to 7 p.m. The instructor is Norma Carter, of the faculty of the Bloomfield School for Gifted Children. She also teaches the All-City Dance groups.

There are openings for more members. Those interested may call Mrs. Robert Curtis OL 2-2951 any evening for information, or come to the junior high school Tuesday evenings at 8 o'clock. Exercises and muscle toning will be featured.

Plans are being made to start a Community Recreation Council for the purpose of coordinating the recreational needs of the area. A meeting date will be decided upon notification of organizations.

County Calendar

South Lyon The Couples Club and Chapel Forum Class of the South Lyon Presbyterian Church will meet at 7:30 p.m. Friday at the church in preparation for a toboggan party at Kensington Park. Refreshments will be served at the church.

The Old Fellows Blood Bank Club Southeastern district of Michigan will meet at 8 p.m. Tuesday in the Old Fellow Hall on Merriman Rd., Garden City.

Southfield The Optimist Club of Southfield will meet this evening at Fruitridge Inn, Southfield, between 12 and 13 Mile roads. Three men from the Hoyt Vandenberg Squadron, Civil Air Fairo, will be present.

Walled Lake The Stewardship and Finance Commission of the Walled Lake Methodist Church will meet Monday at 8:15 p.m. Complete plans will be made for the centennial gift of the church.

Mr. and Mrs. Winford Stephens will host the Intermediate MYP of the Walled Lake Methodist Church at a skating party at their Pontiac trail home at 3 p.m. Saturday. Assisting them will be Mr. and Mrs. Morris Marshall, the group's sponsors.

Says Canadians Bilk Americans With Tree Notes
BATHURST, N.B. (AP) — Generous Americans responding to notes attached to Christmas trees sent thousands of dollars worth of gifts to distinctly undeserving Canadians, a weekly newspaper reports.
The Northern Light says Americans were bilked in "a racket which is increasing each year." Needy children began attaching notes to southbound Christmas trees several years ago. When their notes got widespread attention, "hundreds of greedy grown-ups" began writing notes, the paper said.

They Won, Hands Down
DETROIT (AP) — The retired men who used to play cards in Clark Park's municipal shelter are back again. The men protested to the Common Council recently when they showed up for their daily game and found "no smoking" signs posted and their table shoved into a small adjoining room to make way for ping-pong tables. Councilman William C. Rogell took the matter up with park officials, the card table came back and the smoking signs came down.

Open Monday and Friday Evenings Until Nine!

New Hours to Procure Driver-Licenses

Oakland County Sheriff Frank W. Irons today announced the new hours for issuing driver's licenses at various stations outside Pontiac.

The new schedule is as follows:

Farmington Township: Every Monday from 1 to 7 p.m. at Farmington Township Fire Station on Wheeler St.

Southfield Township: Every Tuesday from 1 to 3 p.m. at Southfield Township Fire Station at 10 Mile and Evergreen Roads.

Holly: Every second Wednesday from 1 to 7 p.m. at Holly Police Department.

Lake Orion: Every second Thursday from 1 to 7 p.m. at Orion Township Hall.

Walled Lake: Every Thursday from 1 to 7 p.m. at Walled Lake City Offices.

Millford: Every second Friday from 1 to 7 p.m. at Millford Police Department.

Persons residing anywhere in Oakland County outside of a city or village that issues licenses, may apply at any of these stations, or at the Oakland County Jail in Pontiac.

Hours for renewals or student's permits at the Oakland County Jail are 8:30 a.m. to 5 p.m. Monday through Friday, except Wednesdays when the office will remain open until 9 p.m. The hours on Saturdays are from 8:30 a.m. to noon.

Read tests will be given daily, except Saturday, until 3:30 p.m., and until 9 p.m. on Wednesday evenings.

Sheriff Irons also reminded the public that renewals may be made anytime within 90 days before one's birthday. Minors under the age of 18 must have their father's signature.

enough direct scholarships "to make a big impact," he added. "It would cost so much money that we would have trouble trying to sell it."

Frozen Food Exports Shipped From Sweden

STOCKHOLM — Swedish frozen food exports in 1957 totaled about 5,000 tons. This export trade began not long ago with shipments of

frozen strawberries to the United States Army in Western Germany. Later a market was opened in England, where the export drive was accompanied by cooking courses for housewives and food preparation demonstrations by Swedish girls in their national costumes. Other frozen-food customers are East and West Germany, the United States, and Poland.

Giraffes range up to about 19 feet in height, and they usually sleep standing up. They can outrun a lion.

Anyone for Poker?

LONDON — Playing cards first appeared in Europe in the 13th and 14th centuries when the Crusaders returned from the Holy Land with the customs and products of the East.

Ask FHA-Type Aid for College Students

WASHINGTON (AP) — A plan for government-insured loans to college students that would operate much like the Federal Housing Administration's home loan program has been proposed by two Michigan freshman congressmen.

Reps. Griffin and McIntosh, Michigan Republicans, said the government could insure loans made by college loan funds and commercial lending institutions.

They told a reporter they were not necessarily proposing the program as a substitute for President Eisenhower's recommendation of direct federal grants for 10,000 college scholarships. But Griffin said:

"A scholarship program providing for outright grants would impose additional burdens on taxpayers and would not help enough students.

"On the other hand, a loan insurance program would make it possible for every qualified student with the necessary will and determination to obtain a college education."

Griffin, a member of the House Education Committee, called 10,000 scholarships "a drop in the national budget."

SHRIMP-FILLED GRAPEFRUIT—A novel way to serve shrimp as a cocktail is to use grapefruit halves instead of dishes. Every other segment of grapefruit is removed and is replaced with shrimp. A simple vinegar dressing is added.

Savannah Cookbook Plays Up Local Food

By JANET ODELL
Pontiac Press Home Editor

When we go traveling, we don't buy many souvenirs. Goodness knows, our house is cluttered up enough now. But I always look for cookbooks, preferably regional ones, to add to my collection.

I was disappointed not to find a Florida cookbook. Maybe I wasn't there long enough or didn't look in the right places. As we headed north I was bemoaning the fact that I didn't have a new recipe book.

Then we stopped in Savannah to visit the birthplace of Juliette Low, founder of the Girl Scouts. There, in the little gift shop in connection with the Low house I found my cookbook. It is a local one, The Savannah Cook Book by Harriet Ross Colquitt. It is subtitled "A Collection of Old Fashioned Recipes from Colonial Kitchens."

The author has made no attempt to make this a general cookbook. She has tried rather to concentrate on dishes peculiar to the locality. This includes a great many shrimp, crab and rice dishes.

This first recipe combines the seafood with rice:

Shrimp and Rice Croquettes
1 cup rice
2 eggs
1 tablespoon butter
2 quarts shrimp
Cook rice and add butter while hot, then eggs, slightly beaten, and the finely minced shrimp. Season with salt and pepper. Roll into rounds or cones, dip in bread crumbs and egg and fry in deep hot fat.

How about a southern version of canned corn?

Corn Creole
1 cup canned corn
1 cup well-seasoned tomato sauce
1 red or green pepper, cut up
Stew all together a few minutes and serve on toast. This is a simple and savory luncheon dish.

This first dessert recipe has the intriguing title of Moonshine.
Beat the whites of 6 eggs with two cups of sugar until very stiff. Fold in a heaping tablespoon of preserved fruit or jelly. Set on ice to chill thoroughly and serve with cream.

Here is a recipe for a white cake that the author says has

Glazed Carrots Indiana

Cook 18 small whole carrots in a deep skillet in 1-inch boiling stock or consommé until just tender. Drain. Add 2 tablespoons butter or margarine, 1 cup honey, 1 teaspoon salt, 1 teaspoon ground allspice, 1/2 teaspoon powdered dry mustard and 1/4 teaspoon ground black pepper. Shake over low heat until all are evenly glazed. Serves six.

A light-colored honey is usually milder in flavor than a dark-colored one.

Grapefruit Holds Shrimp

"The once-lowly shrimp has secured an exalted place on American menus, and it's gaining all the time." In this way the president of the Shrimp Association of the Americas described the popularity of shrimp.

Perhaps one reason for the popularity of shrimp is that it combines so well with other foods—rice, spaghetti, toast, other fish, chicken and ham, vegetables and fruits. In fact, it's unusually taste tempting with citrus fruits, such as this combination.

Shrimp-Filled Grapefruit
Plan on half a grapefruit and six cleaned cooked shrimp for every serving. If you can get the pink grapefruit, so much the better. But the regular grapefruit will make a pretty dish, too.

Halve the grapefruit and remove the seeds. Carefully loosen the segments with a sharp knife. Then take out every other segment. In each empty segment, place a shrimp, with the tail end sticking up toward the center. Chill.

Pour Vinaigrette dressing (recipe below) over the grapefruit just before serving. Garnish with watercress, curly endive or other leafy greens.

Vinaigrette Dressing
Mix two parts of oil with one part of vinegar (herb or wine vinegar if you have it). Season to taste with salt and pepper. Add dry mustard, if desired. Shake the dressing well before serving.

been used since 1880. Note that no baking temperatures are given. (My cookbook at the office says 375 degrees for 25 minutes).

Governor Northern's White Cake

8 egg whites
1 cup sweet milk
1 cup white butter
2 cups sugar
2 tablespoons baking powder
2 cups sifted flour
1 cup cornstarch
Cream the butter and sugar. Add the milk, then the flour sifted with baking powder. Add cornstarch. Beat egg whites stiff and add to first mixture. Bake in layer pans. Put together with white icing.

SPICED PEACH SALAD—Spiced cling peaches and chopped walnuts molded in black cherry-flavored gelatin make a flavorful and colorful luncheon salad for cold winter days. With a casserole dish, rolls and dessert, you have the makings of a good family meal.

Mold Spiced Peaches in Black Cherry Gelatine

Fruit-flavored gelatin and cling peaches have long been a favorite salad combination. Here is a new twist to this popular treat which features spiced canned cling peach halves and chopped walnuts molded in black cherry-flavored gelatin.

This handsome mold is easy to prepare, so you'll enjoy serving it this winter as an ideal luncheon salad. It's also a tasty side salad with roast beef or lamb. You'll find that menfolk, too, will like its full-bodied black cherry flavor and the touch of spice.

Spiced Peach Salad
1 can (1 lb. 12 oz.) cling peach halves and juice
1/2 cup brown sugar
1/4 cup white vinegar
1 package black cherry-flavored gelatin
1 cup hot water
1/2 cup cold water
1 cup chopped walnuts
Place peaches with juice, sugar, and spices in a saucepan. Bring to a boil and simmer 5 minutes. Remove from heat and allow to stand 30 to 60 minutes. Drain peaches, reserving juice.

Dissolve black cherry-flavored gelatin in hot water. Add cold water and 1/2 cup of the spiced

Dress Up Low Cost Meal With Spiced Peaches

Like the tinsel and ribbon on a glamorous package, a pretty gar-

nish will give "sales appeal" to a can of cling peach halves. Add 2 1/2 five minutes. When it has boiled a few minutes, add the peach halves and turn the heat down. Cook about five minutes on low place it over high heat for about 10 minutes, then cool.

Meat - tenderizing salt may be used on venison steak to advantage. When you broil or pan-fry this steak, remember that it should be served rare.

Two Pontiac clubs will engage league foes on "home courts." Because of other commitments, Pontiac Central High's big gymnasium has been lost to Bob Minewear's St. Michael Shamrocks for their battle with St. Clement's club. Instead of playing on the

wide open spaces at PCH, Shamrocks and the Crusaders will collide in Madison Junior High gymnasium, out Perry street, near the new Northern High School.

For this contest, Minewear says he will not shift his lineup from the one that upset RO St. Mary Monday night, 50-38. Bob hopes Bob Minewear and Art Robak are as hot on the hoops Friday, as they were Monday, when Bob collected 17 and Robak 18 points.

Mikes are currently in 3rd place with a 2-1 mark. Crusaders are without a victory in four starts. Orchard Lake St. Mary Eaglets are also favored to add a 4th win to their 3-1 standing, behind St. Benedict, which is still unbeaten at 4-0. Eaglets entertain St. Rita (1-4), on the Orchard Lake court.

Rams of St. Frederick go to Ferndale to tackle St. James, 6th place club (2-3), in hopes of regaining some of the confidence that seemed to have been lost in the 46-21 wallowing dished out by the Bens, who might catch a Tartar in RO St. Mary. However, that possibility is rather remote, if what Eaglets did to the Irish last week (58-20).

FRIDAY'S GAMES
Pontiac at Flint Northern
Flint Central at Saginaw
Arthur Hill at Bay City

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

For the past three seasons, it seems that Pontiac and Flint Northern always meet for that "crucial" game during the basketball season.

Friday night's contest at Wildanger fieldhouse is another one of those key games in as much as another loss for either team could seriously hurt any thoughts of the Saginaw Valley Conference title.

Both teams are now deadlocked along with Flint Central behind pace setting Saginaw in the league.

Northern is running a streak of three straight wins, the latest being a last second 46-45 victory over city rival Central last Friday.

The loss knocked Central out of the SVC lead, and Saginaw could pad that lead tomorrow by beating Flint Central on the Trojan's court.

Flint Northern is another speedy team with good balanced scoring. Three of last year's top shooters are back, Maurice Woodson, Phil Gaines and Reginald Gillard.

Gillard and Woodson are both hitting better than 14 points a game. It was Woodson's rebound basket with three seconds left which defeated Central last week.

Gillard has been the team's big rebounder along with junior Bob Hamilton.

In their recent hectic series, Northern defeated Pontiac twice in the 1955-56 season and then the Chiefs bumped the Vikings out of tourney regional.

Last year, Pontiac whipped Northern twice, but the Vikings came back to eliminate the Chiefs in the big game of the regional tourney.

Pontiac, with the loss of Hudson Ray, does not have any high scorer among the SVC pointmakers, but the Chiefs currently show balance with three players in double figures.

Dick Whitmer, Jim Skinner and Charley Barge are each hitting slightly better than 10 points per game. Fortunately, since Ray's departure, in three different games Pontiac has been able to come up with a good scoring night for a different player each time.

To get to Wildanger fieldhouse, take Dort Highway to Leith Street. Leith angles half left off Dort about five lights past Court Street. The fieldhouse on Leith near Saginaw.

BOWLERAMA PRIZE LOOT—Here are the prizes for the 1938 Pontiac Press Bowlerama. These go along with the numerous cash awards for the 2nd annual tournament which gets started in a few weeks. (1) Women's Championship pen-calender set. (2) Men's championship pen-calender set. (3) Women's runnerup clock trophy. (4) Men's runnerup clock trophy. (5) Women's high qualifler trophy. (6) Men's high qualifler trophies. (7) Souvenir aluminum glasses for oldest male entry. (8) Souvenir aluminum glasses for oldest lady entry. (9) Lighter award if '38 men's champion was also '37 entry. (10) Compact award if '38 women's champion was also '37 entry. (11) Bowling ball to high actual woman's series in qualifying. (12) Bowling ball to high actual men's series in qualifying. (13) Bowling bag to high actual game in women's qualifying. (14) Bowling bag to high actual game in men's qualifying. (15) Bowling shoes to high actual series in men's finals. (16) Bowling shoes to high actual series in women's finals. (17) Bowling pin table lamp to best husband-wife score in finals. The championship round of the Bowlerama will be held February 22nd at the Huron Bowl.

Are You Oldest Man or Lady to Enter Tourney?

Who's the oldest man or woman bowler to enter the 2nd annual Pontiac Press Bowlerama? There's a beautiful souvenir gift awaiting that man and woman, besides the opportunity of winning one of several of the many cash awards, trophies and merchandise gifts.

Of 150 entries to date the oldest man to enter is 51. None of the ladies have dared to designate their age on their entry blanks.

Merely list your age along side your name on the entry blank. It's worth the little effort.

Boston University's hockey team includes five Canadian skaters.

Equal Chance for All in Bowlerama

By CHUCK ABRAH

It isn't always the star bowlers who win the big prizes in handicap tournaments. This was proven last year when little known high school kegler Joe Tinson took men's honors in the 1st annual Pontiac Press Bowlerama. Will it happen again this next month?

Tinson, who is still attending Pontiac Central and hoping to repeat last year's feat, was carrying only a fair 152 average and had never bowled in a tournament before when he entered the Bowlerama. Yet he won all the marbles along with Donna Verhey.

That is the big advantage of such a handicap event. It gives the little guy an equal chance with the top average veterans.

Such Keglers as Tinson, Ivan Ewald (148), Leo Barcome (160), Ken Senior (134), Joe Chapell (150) and Lou Seay with only 126 were some of the finalists a year ago who beat out opponents carrying averages over the 180 and 190 marks.

Compton and Pavlinac won top qualifler trophies. Pickett and Seay finished in order behind Tinson.

The women had some surprises along the same line. The biggest was Karen Fargo who entered with a 121 average yet won a top qualifler award. Edna Bachnak (122) and Mrs. Lyle Bailey (127) were others.

High average bowlers also fared well to gain strong representation in the finals in both groups making it well balanced all around.

Montclair Centre and Howe's Lanes will be the qualifying sites for men Feb. 8-9 while women bid for berths in the finals Feb. 15 at Motor Inn. Finals for both divisions will be Feb. 22 at Huron Bowl.

All Oakland County residents who are sanctioned with ABC or WIBC are eligible to compete. Entry blanks may be obtained at any county alley, clipped out of the Press or picked up at The Press building.

Men have only until Feb. 2 to enter and women until Feb. 10. The time is growing short to get into this county battle which features \$1,250 in guaranteed prizes be a "tournament of prizes." Every quaffer is certain of finishing in

Leaves None in Doubt on His Stand Knowland Devoid of Guile

By INTERNATIONAL NEWS
President Eisenhower may not like everything about the behavior of Senate GOP leader William F. Knowland, but he'll never be in doubt as to where his Senate lieutenant stands.
Most of the time—90 per cent of it, according to Bill Knowland's own calculations—the blunt Californian will be standing squarely behind the President and his legislative program.
There is rough sailing ahead

program and Knowland will not be for it 100 per cent. He already has indicated he thinks the President's request for a five-year extension of the Reciprocal Trade Act is too broad, and should be held to three years.
The 49-year-old Republican, who was still in his World War II uniform when appointed to the Senate in 1946 by then Gov. Earl Warren, has taken issue with other aspects of administration foreign policy.

And he kept himself in the race for the 1956 GOP presidential nomination up to the moment Eisenhower made it plain he would assent to a second term. Knowland had prefaced this by speaking out against his party's having any "reluctant" presidential candidates.

PREPARES TO LEAVE
Now that the President is heading into trouble as he approaches the halfway point of his second and final term, Knowland is preparing to leave the Senate and a leadership post few ambitious politicians would give up. He is a candidate for governor of California this year and his Senate term ends in January, 1959.

But he has announced he will spend all his time during this session of Congress "on the job" in Washington.

Knowland, a veteran of public life since his first days in the California Legislature in 1933, is regarded by his friends as essentially a shy person. He is devoid of guile and highly respected by Democrats and Republicans alike.

And, like Ike, he's a family man. The Knowlands have three married children and five grandchildren.

Although Knowland is said to regard the governorship of California as a better springboard for the presidency than he has found the Senate, getting closer to his family has been advanced as a prime reason for his return to the West Coast. He also will be closer to the family business. He is assistant publisher of the Oakland Tribune.

Noted Irish Hotel Collapses While Up for Auction

ENNIS, Ireland (INS) — Ten persons were killed and 40 injured yesterday when the top floor of Carmody's Hotel, well-known to thousands of tourists landing at nearby Shannon Airport, collapsed while the hotel was being auctioned.

Police and fire department

emergency teams dug through the wreckage in search of more victims of the accident.
Carmody's, built in 1870, has been a favorite tourist hotel for many years. Its owner died

recently and his heirs decided to sell the hotel. Several hundred were in the building when the floor of the top story gave way.
There are about 21 million bicycle riders in the U.S.

Make Synthetic Fiber

PORTLAND, Ore. — Chemists have developed a new synthetic fiber from lignin, heretofore a little-used waste product of pulp and paper production. Rayon and

acetate are among the better-known synthetic fibers previously developed from wood.
All of the land in four Nevada counties is owned by the federal government.

Chemist Heads Science Drive

Dr. Wallace R. Brode Named New Adviser to State Department

WASHINGTON 25 — The United States has selected a 57-year-old chemist to help its campaign to match Soviet science and technology.

"My feet are already under the desk," Dr. Wallace R. Brode told reporters Monday minutes after his swearing in.

Dr. Brode, for 20 years a chemistry professor at Ohio State University, is the new science adviser in the State Department. The post has languished, unfilled for two years, partly because of U. S. smugness over being the No. 1 scientific country in the world, partly because of a desire to keep the budget well trimmed.

But Russia changed that last Aug. 26 and Oct. 4. On those occasions the Soviet announced (1) they had launched an intercontinental ballistic missile and (2) they had put an earth satellite in orbit.

An old U.S. program was revived: scientific attaches in U.S. embassies abroad. To head it as science adviser, Brode was selected.

Brode told reporters it was up to Russia whether the United States sends a science attaché to the U.S. Embassy in Moscow.

"I see no impediments on our side," he said.

Brode said his first task will be to organize a staff in the State Department to help him in his \$16,000-a-year job. After that, he said half a dozen science attaches will be sent abroad.

England, India and Japan undoubtedly will get science attaches he said. Other countries are under consideration. But he pledged that every area in the world will be covered by a U.S. science attaché stationed in half a dozen or more U.S. embassies abroad.

Brode is president of the American Assn. for the Advancement of Science.

Seeing Eye Dog Forced to Retire From Politics

CHICAGO (U)—Dutchess, a German shepherd Seeing Eye dog, whose bite was as bad as her bark, has been retired from Chicago politics.

Her blind master, Alderman Herbert F. Geisler, said, "When a politician cannot talk to his constituents without his dog growling and nipping at them, that's bad."

Geisler explained that after nearly nine years of attending Chicago City Council meetings, Dutchess got jealous of anyone who approached her master. Policemen were her special targets for nips and bites.

"She was frightening everybody," Geisler said. "People were afraid to come up to talk to me." Geisler recently sent Dutchess back to the Seeing Eye Foundation at Morristown, N.J., "to have some of the bark and bite trained out of her."

But it didn't do any good. Dutchess was found hopelessly alien to crowds and will be given to someone not around other people so much.

Geisler's new guide dog, Phoebe, attended a Council meeting yesterday and generally had a fine, well-behaved time.

"Maybe," observed one City Hall cynic, "she has not been around aldermen enough to know better."

Slippery Character Slipped to Downfall

LOUISVILLE, Ky. (U)—It wasn't a slipup which led to Francis S. Beck's downfall — it was a slip down.

Police arrived at a store to investigate a break-in. Beck, 35, clung out of sight under a car for several minutes. But his hands finally slipped on greasy parts. Officers heard him fall and nabbed him.

He was charged with storehouse breaking.

In 1752 Benjamin Franklin succeeded in his famous experiment of flying a kite in a thunderstorm and sending a charge of lightning-generated electricity into a Leyden Jar.
