Shouting Match Mars House Antiwar Probe

AP Wirephoto

FLUSHED FROM SWAMP — South Vietnamese soldiers bind a Viet Cong guerrilla preparatory to questioning after he was flushed from a Mekong River delta swamp 120 miles southwest of Saigon. Troops of the 9th Division, borne by U.S. helicopters, were on a search-and-destroy mission when they located some guerrillas who were trying to hide their weapons in the swamp.

WASHINGTON (AP) — Lawyers for a dozen antiwar witnesses stalked from a House Committee on Un-American Activities hearing today after a wild shouting match with committee members about removal of an attorney who was dragged from the room by three policemen.

The lawyers, who represented all of the witnesses involved in groups denouncing U. S. involvement in the Viet Nam war, said they no longer could represent their clients after Arthur A. Kinoy, a middle-aged Rutgers University law professor, was expelled.

Kinoy, chief counsel for two witnesses who have challenged the constitutional basis of the hearings by the committee on un-American activities, was removed at the order of Rep. Joe R. Pool, D-Tex., the acting committee chairman.

Three plainclothed policemen, one holding Kinoy around the neck, dragged him from the room.

★ ★ ★

"Throw us all out," said Kinoy's partner, William Kunstler of New York.

NO REPRESENTATION

But after a brief recess, Kunstler and a half dozen other lawyers told the committee they were withdrawing, leaving their clients unrepresented before the committee.

"I am not prepared to take physical violence," said Beverly Axelrod of San Francisco.

"This has been an experience which has shaken me a great deal," said Joseph Forer, who said he has represented witnesses before the committee for 19 years.

Also walking out were Jeremiah S. Gutman, Frank J. Donner, Ira Gelobin and John Pemberton, who along with Kinoy and Kunstler has been handling a federal court action challenging the hearing by the American Civil Liberties Union.

At least 16 other persons were expelled today from the tumultuous hearings, bringing the two-day total to 33.

Pool said Kinoy was removed because he was being "obstreperous" and did not conduct himself in the professional manner the committee required of lawyers.

But the other attorneys disputed this. "I have never any time, ever seen a lawyer treated this way," Kunstler said.

★ ★ ★

Kinoy was dragged from the hearing room on orders of Pool after he had refused to halt his objections to testimony about his client, Walter D. Teague.

ONE OF 13

Teague, who is chairman of the U.S. Committee to Aid the National Liberation Front of Viet Nam (Viet Cong), is one of 13 persons subpoenaed to testify at the hearings on bills aimed at Americans who aid the North Vietnamese and Viet Cong.

The hearing then became a wild shouting match.

AP Wirephoto

EXITS UNDER PRESSURE — Arthur Kinoy, attorney for the American Civil Liberties Union, is hustled out of the hearing room of the House Committee on Un-American Activities today. Kinoy was one of several persons led or carried out from the hearing room. The committee is holding an investigation of anti-Viet war activities.

Cong Shells Kill 1 Viet, Wound 6

SAIGON, South Viet Nam (AP)—Shells fired by a Viet Cong suicide squad killed one Vietnamese and wounded six tonight at a U.S. motor pool a mile from Saigon's Tan Son Nhut airport. A U.S. spokesman said he knew of no American casualties.

Material damage was reported officially to be light from the bombardment, which followed up a Red ambush that killed 14 Vietnamese militiamen and wounded 12 only five miles south of Saigon.

U.S. military police opened up with machine guns by the light of flares, but were unable to determine whether they hit any of the raiders. The engagement lasted a half hour.

The Tan Son Nhut airport itself was the target of a heavier shelling with Communist mortars and recoilless rifles April 14.

That attack killed eight persons, including seven U.S. servicemen, injured 201 and inflicted heavy damage on grounded planes and helicopters.

While U.S. Marines and paratroopers and South Vietnamese rangers hunted for the Viet Cong's 5th Division in a coastal area 100 miles east of Saigon, another aerial mishap marred American war operations.

A U.S. Marine jet fighter-bomber, heavily laden with bombs and fuel, crashed into a Vietnamese village shortly after taking off from Da Nang and at least 26 villagers were killed.

Pioneer 7 Off Toward Orbit Around Sun

CAPE KENNEDY, Fla. (AP) —Spacecraft Pioneer 7 raced toward orbit around the sun today to reap the "solar wind" — great clouds of radiation that blow through space as a potential hazard to moon-bound astronauts.

Pioneer 7 darted into space just a week after the United States launched Lunar Orbiter 1 into a successful orbit about the moon.

Spurting a red-hot tongue of flame and a serpentine tail of white smoke, a three-stage Delta rocket bolted away from Cape Kennedy at 10:20 a.m. to start the 140-pound package of scientific instruments on its marathon journey at more than 24,000 miles an hour.

A spokesman for the National Aeronautics and Space Administration reported 40 minutes after launching that Pioneer 7 was in orbit around the sun.

★ ★

Officials said it would be nearly two days before tracking stations could determine the precise path and whether the craft was properly stabilized to carry out its mission.

3 Charged in Cigarette Ring in State

LANSING (AP) — Investigators cracked Michigan's biggest cigarette bootlegging operation in several years, Revenue Commissioner Clarence Lock said yesterday.

Three western Michigon men were charged with illegal transportation and sale of cigarettes by Ottawa County Prosecutor James Buzzard.

They were arraigned yesterday, demanded an examination, and were released on bond.

They were identified as Henry Tolman of Jenison, and Charles Green and Morris Gibson, both of Grand Rapids.

Lock said the Revenue Department seized more than 5,500 cartons of untaxed cigarettes and the truck in which they had been hauled from North Carolina.

★ ★ ★

He said the operation had gone on since spring. Tax liability on the one truckload alone was placed at $3,850, or 70 cents per carton.

PROVIDES TIP

Lock said a cigarette wholesaler who was losing business tipped off authorities, who began an investigation five weeks ago.

Cigarette bootlegging has increased in recent months in the east, especially New York City, where the tax per carton is $1.40.

For County

Park Levy on Fall Ballot

The Oakland County Board of Supervisors today approved a Nov. 8 election proposal calling for a ½-mill tax levy over 10 years for park acquisition, development, and operation.

Also approved today by the board for the same ballot were two annexation proposals by the city of Farmington.

Supervisors authorized the millage election issue after a presentation on the county park plans by Daniel T. Murphy, chairman of the county Board of Auditors.

Pro and con comments on the proposal were offered by several supervisors.

Murphy pointed out that a ½-mill levy over 10 years would raise $13,445,000 in the county based on the present valuation.

He also said that several organizations are "interested" in helping promote the parks program.

★ ★ ★

Both the county and state would contribute one-quarter of the cost of park land acquisition and the federal government would bear 50 per cent of this cost.

OBJECTION MADE

Among the objectors to the proposal were Mrs. Elizabeth Mitchell of Lathrup Village, who suggested a smaller amount of millage for a longer period of time.

Mrs. Mitchell argued that future residents of the county should help pay for a county-wide park network. She proposed a 30-year financing period.

Edward Cheyz of White Lake Township then advocated amending the proposal to ¼-mill over 10 years, but the amendment was voted down.

★ ★ ★

Among the strong proponents of the park system was John Carey of Springfield Township, who pointed out the "great need" for parks.

★ ★ ★

He told fellow supervisors that "people should now have

(Continued on Page 2, Col. 5)

Car Safety Bill Vote Is Today

House Is Expected to OK Measure for '68

WASHINGTON (AP) — The House votes today on a bill that would require 1968 model motor vehicles to meet federal safety standards. Passage appears certain.

The standards for passenger cars, trucks and buses, would be prescribed by the secretary of commerce not later than next Jan. 31 and would become compulsory not more than one year later.

The initial requirements presumably would follow those now in force for government-purchased cars, which must be equipped with head rests, padded dashboards and safety belts or safety harnesses.

New standards based on one year of experience would be set by Jan. 31, 1968.

The House timetable for enforcement of the safety requirements for new cars is the same as contained in a bill already passed by the Senate.

USED CAR RULES

A major difference is that the House version calls for mandatory safety standards for used cars within two years while the Senate measure called only for a study of used car standards.

Both bills would require manufacturers to notify purchasers of any defects.

UAW Demands Move on 50-Cent Pact Boost

DETROIT (AP) — The United Auto Workers have demanded that auto makers answer by next Monday the union's request for reopening of current contracts to write in increases of at least 50 cents hourly for skilled tradesmen.

Industry sources confirmed the 50-cent figure today. UAW spokesmen would say only that the union is asking "a substantial increase."

Skilled tradesmen themselves have talked about 25 percent or roughly $1 an hour.

If an increase is granted now, Leonard Woodcock, a UAW vice president, said the union has indicated it "would be just a down payment on demands to be made for skilled workers in new contract talks next year."

The three-year contracts, negotiated in 1964, do not expire for more than a year, and Chairman Henry Ford II of Ford Motor Co. is on record as saying reopening at this time would be "inadvisable."

★ ★ ★

The demand comes, however, just as the auto makers are beginning to roll out 1967 models.

Skilled tradesmen within the UAW contend they are underpaid when compared with others, particularly within the building trades.

Wet and Warmer Forecast for Area

Scattered showers, cloudiness and warm temperatures are being forecast for Pontiac area residents tomorrow. Highs will be 80 to 86.

Tonight will be partly cloudy and not as cool with lows of 58 to 64.

Winds are west to northwesterly 8 to 15 m.p.h., diminishing tonight.

Lowest temperature preceding 8 a.m. was 58. By 2 p.m. the thermometer read 82.

Medicare Patients Finding Program Isn't a Free Ride

(EDITOR'S NOTE — This is the last of two stories on the effects of Medicare in the Pontiac area.)

By L. GARY THORNE

Medicare patients are discovering that the newborn federal health care program isn't a free ride without the aid of supplemental insurance.

For example, Stanley M. went into a local hospital seriously ill. He was 67 and had both Medicare's hospital (part A) and medical (part B) coverage.

When Stanley presented his Medicare identification card, he was surprised to learn that he would have to pay the hospital $40.

"But, I've got Medicare," Stanley replied, shoving his card toward the clerk.

"Yes, but Medicare provides that the patient must pay the first $40 of hospital charges for each 'spell of illness'," the hospital clerk answered.

PRIVATE INSURANCE

The clerk explained further that if Stanley had private insurance to fill in the "gaps" not paid for by Medicare, then the $40 would be paid for him.

Stanley also learned that Medicare's medical coverage has a deductible charge. He would pay the first $50 in each calendar year for medical benefits. Private insurance for persons over 65 would have also paid these charges.

In addition, Stanley required seven pints of blood during his hospital stay. He

(Continued on Page 2, Col. 4)

City Development Plan Still Alive

WILLIAM H. TAYLOR JR.

The proposed Taubman plan for downtown Pontiac is very much alive according to A. Alfred Taubman in a telephone interview to The Pontiac Press yesterday from San Francisco.

Taubman said, "Negotiations are currently in progress and we sincerely hope that in the next two to four weeks we can announce the signing of a tentative agreement with the City of Pontiac.

"Working out details for such an immense undertaking involving urban renewal property requires numerous meetings to fulfill all the government regulations," Taubman noted.

According to Taubman the only remaining hurdle is agreeing on financial terms. It was his feeling that the two parties were not far apart.

★ ★ ★

Mayor William H. Taylor Jr. today confirmed Taubman's assessment of downtown redevelopment plans.

BIG PROJECT

In a prepared statement Taylor commented:

"The statement of Taubman, indicating his continuing high level of interest in redeveloping the south end of downtown Pontiac, is certainly reassuring. The magnitude of the project makes it very difficult to accomplish the detailed agreement in a short period of time.

"The city staff and members of the City Commission, assisted by a number of citizens of Pontiac who are knowledgeable in the field of commercial development and finance have been working steadily on this for a number of months.

"It is well known that Taubman's project requires more land than is currently cleared in the urban renewal area.

★ ★ ★

"Taubman is also expecting a major municipal offstreet parking development in conjunction with his shopping center. He is expecting that this will be free-to-the-user parking and that his development will pay a fixed

"The rocks in my collection are all clean but they sure made a racket in the washing machine."

LBJ: Unify Latin Economies

Vote Tally Shows No Big Change

The Oakland County Board of Canvassers today announced that no major changes occurred in the results of the Aug. 2 primary election during its official tabulation of the votes.

The canvass, completed yesterday afternoon, verified earlier reports that a record was established in the number of voters going to the polls in a county primary.

The total vote was 120,048. The previous high of 100,000 was set in 1964.

Revisions were made in the total votes of most candidates in all the races.

* * *

The final tally, however, did not affect the position of any candidates, with the exception of two in the judicial race for circuit court.

FIFTH PLACE

Pontiac Municipal Judge Cecil McCallum moved into the fifth spot among the six nominees for circuit judge, and Royal Oak attorney John N. O'Brien dropped into the sixth position.

The largest discrepency was in the total vote received by William H. Merrill, Democratic nominee for Congress from the 18th District.

The mistake had been discovered and reported a few days after the election, but it was not official until the canvassing was completed.

* * *

Merrill received 21,505 votes, rather than the 8,533 that was initially reported by the county clerk's office.

AP Wirephoto

GUERRILLAS GIVE UP — Two Viet Cong wade through the muddy waters of the Mekong River delta to give themselves up to South Vietnamese soldiers near Thei An village 120 miles southwest of Saigon yesterday. They were uncovered when the airborne 9th Division swept through the village.

State Motorcyclists Target of Kelley Plan

LANSING (AP) — Atty. Gen. Frank Kelley proposed today that the state establish special licensing and training for motorcyclists.

Kelley said the training program could be financed with license fees "under the same type setup as motor vehicle driver training."

* * *

The attorney general's proposals were outlined at a conference of law enforcement officials, who are attempting to develop a program to cut the soaring accident tool for motorcycles, motorscooters and motorbikes.

* * *

Accident rates have been nearly doubling each year, said Kelley, and there are five times as many such two-wheelers on the road as 10 years ago.

NO OPPOSITION

Kelley said he anticipated no opposition to his training plans from manufacturers or sellers of motorcycles. But he said the plan would have to be state-supervised because, he said, "I have no faith in voluntary training."

* * *

Birmingham Police Chief Ralph Moxley said many of the accidents involve persons with little or no experience in driving motorcycles.

* * *

Detroit officials cited fatal accidents where the operator had total driving experience of six blocks or less before failing to cope with an emergency situation.

Kelley and the 20 others agreed that cycle equipment—especially such items as size of lights and effectiveness of mufflers—must be examined and state codes revised.

Reserve Plan Is Questioned

Troops Now Exempt Could Head to Viet

WASHINGTON (AP) — A proposal to call thousands of young military reservists — now exempt — for combat service in Viet Nam, ran into sharp questioning in the Senate today.

Sen. Richard B. Russell, D-Ga., floor manager for the $58 billion annual defense money bill, strongly defended the proposed rider as a method of attaining "equality of service" between draftees and volunteers and the now exempt reservists.

Sen. Sam J. Ervin Jr., D-N.C., a member of the Senate Armed Services Committee, contended that lifting individuals from trained Army National Guard or reserve units might lessen their effectiveness. He said it might be wiser to call up complete units.

Russell, chairman of the Armed Services Committee, said Secretary of Defense Robert S. McNamara and President Johnson had decided against mobilizing entire companies or divisions of the reserves.

This probably was wise, Russell continued, noting that if a guard or reserve company is called in a community it often takes away several hundred young leaders, including men who have served in World War II, Korea and probably some from Viet Nam.

FOR BUILDUP

Russell also noted that regular army units had been stripped of trained men, both in this country and in Europe, for the Viet Nam buildup.

He said the pending proposal would probably mean that only seven or eight reservists — whose only prior service was for training would be taken from any unit.

Bid to Give Alliance a Shot in Arm

WASHINGTON (AP) — President Johnson called today for the economic integration of Latin America and a united drive to raise living standards.

* * *

In what was described by officials as an attempt to apply a "second-stage booster" to the Alliance for Progress program, Johnson declared "the alliance must set new sights," and "first among these," he said, "is the economic integration of Latin America."

* * *

Several months ago, in a visit to Mexico, Johnson proposed a meeting of hemisphere chiefs of state. He gave no clue on a possible meeting date in his prepared speech today on the fifth anniversary of the alliance, though the target date is understood to be early December.

* * *

Officials described the President's speech as a major one, aimed at helping prepare a possible agenda for the hemisphere summit. In it, Johnson listed some priorities, to consider in the years ahead.

BIG QUESTION

"The question is whether progress lies ahead in unity or isolation. Our sister republics in Latin America must decide that question for themselves. For our part, we believe that effective unity is vital to the needs of expanding populations," Johnson said.

* * *

"To my fellow presidents, I pledge: Move boldly along this path and the United States will be at your side. To all the hemisphere we say: Let the pace be quickened. Time is not our ally."

E. M. ESTES

Truck Record Seen for Chevy

Estes Predicts Sales of 600,000 This Year

Chevrolet Motor Division will sell more than 600,000 new trucks this year, E. M. Estes, general manager of the division said yesterday.

It would be the first time any company has reached that total in a calendar year.

Estes, a General Motors Corp. vice president and former general manager of Pontiac Motor Division, spoke at a news conference in St. Clair in connection with a preview of the 1967 Chevrolet truck line.

He said deliveries from Jan. 1-July 31 were nearly 374,000 units, compared to 336,000 for the same period last year.

* * *

By the end of the year, they will be well in excess of 600,000, surpassing the previous record of 574,136 set in 1965, he added.

PREDICTS RECORD

He predicted that truck sales for the entire industry also will set a new high in 1966, with 1,660,000 deliveries, including about 5,000 of foreign make.

"This is not only a strong market — but a changing one as well," Estes said.

"The changes have not only expanded the national truck fleet. They also influence the kind of trucks we build today and will build in the future.

"Pickup trucks provide an example of how changes in usage influence truck design. For many years the pickup was purely a utilitarian vehicle.

"Today, in some areas of the country, particularly the southwest, more and more people are buying a pickup truck as an all-purpose vehicle — for work or for pleasure."

Much of the growth in the light truck market is due to the big boom in camping, travel and other outdoor activities, Estes said.

CAMPER BOOM

He estimated the sales of truck mounted camper coaches at about 100,000 for 1966, and said more than 400,000 will be on the road by the end of this year.

Another development that has influenced the design of trucks and expanded their usage is the changing character of America from a rural to an urban nation, Estes said.

"The growth is in the suburbs, rather than in congested metropolitan centers," he said. "That means more business and more people must be served by trucks."

Birmingham Area News

Two Held as Suspects in Fox & Hounds Holdup

BLOOMFIELD HILLS — **Bloomfield Hills police have two men in custody believed to be the bandits in the July 6 armed robbery of Fox & Hounds Inn, 1560 N. Woodward**

The first suspect, James A. July, 18, of Detroit, was apprehended Aug. 4 in Riverside, Calif.

The second suspect, James Ingram, 20, of Detroit, was named by July and picked up yesterday by Detroit police. He is being taken to Oakland County Jail today.

The two will be charged with stealing $8,600 at gunpoint from the restaurant.

* * *

About $2,000 was dropped in the restaurant parking lot. The rest of the money has not been recovered.

July admits to taking only $2,775 and says that all of it has been spent, according to police.

Seven Birmingham and Bloomfield Hills residents are included among 99 artists from 27 states and Italy who will exhibit their art works at the fifth biennial National Religious Art Exhibition beginning Oct. 7 at Cranbrook Academy of Art.

The area artists are: Joseph D. Bulone of 388 Greenwood; Stephen Daly of 844 Hazel; Glen Michaels of 344 W. Brown and Donald F. Snyder of 1064 Abbey, all of Birmingham.

Also included are Charles R. Henry of 283 Lone Pine and Haruhiko Tanaka of Cranbrook Academy of Art, both of Bloomfield Hills; and Vera Gilpin of 1539 Lochridge, Bloomfield Township.

Approximately 4,000 color transparencies were submitted by 1,051 artists in 49 states and eight foreign countries for selection in the exhibit. The exhibition is open to all American-born artists.

Katharine Kuh, author, critic and art editor of the Saturday Review, will be the final judge

* * *

Patrons attending the 23-day show will be invited to purchase those works on which the artists have indicated a value.

In previous years, about 25 per cent of the works exhibited have been purchased.

British Arrest 2nd Suspect

Man Still Hunted in Death of 3 Detectives

LONDON (UPI) — John Duddy, 37, a tattooed Scotsman wanted in the killings of three London detectives, was captured today.

The arrest left only one of the three hunted men still at large. He is Harry Maurice Roberts, 30.

* * *

The slain detectives, members of the undercover squad against big-time crime, were shot down outside the walls of London's Wormwood Scrubs prison last Friday.

* * *

Scotland Yard had alerted the nation to help track down the wanted men but cautioned they might shoot on sight.

MASSIVE MANHUNT

Scotland Yard, hub of a massive manhunt by 20,000 policemen in the capital and provincial cities, also showed its concern by the decision to arm a hand-picked squal of 60 detectives.

* * *

British police are issued guns only in exceptional circumstances. A Yard spokesman said: "At first we decided to keep arms in reserve, but this order has just been countermanded from the top."

* * *

The special squad was divided into two teams of 30 detectives each, ready to roar into action in high-powered cars loaded with tear gas canisters.

* * *

Other policemen raided houses in London, Bristol and Glasgow; set up roadblocks on some highways out of the capital; checked ports and airfields.

MURDER CHARGE

John Edward Witney, 36, already has been arraigned on a charge of murdering — "with others" — the three London detectives who were shot down last Friday afternoon.

* * *

The detectives had stopped their car to question three men in a pale blue station wagon parked near the walls of Wormwood Scrubs Prison.

* * *

Witney was ordered held without bail until a further hearing in West London Court Aug. 23. He was sneaked into the court Tuesday handcuffed to two detectives and with his head hidden under a blanket.

Lion Kills Girl as Parents Watch

RENNES, France (AP) — A 20-month-old child, Catherine Menon, was killed by a lion in a zoo Tuesday, while her parents watched helplessly.

Catherine wandered from her parents while they were buying tickets for the zoo and toddled under an iron bar which normally keeps spectators back from the area of the lion cages. One of the lions seized the girl and fatally injured her.

Taxi Code Is Dynamite

BUDAPEST (UPI) — Taxi riders in Budapest are allowed to take along their pet dogs and canary birds but must leave dynamite at home, the Budapest taxi users code going into effect July 1, 1966, said among other things.

NATIONAL WEATHER — Tonight's weather will be rainy in parts of the Plains, plateaus and Mississippi Valley. It will be cooler in parts of the northeast and Plains and warmer in the Lakes region and parts of the Mississippi Valley.

Plan for City Is Said to Be Still Alive

(Continued From Page One)

rental to the city each year for its use.

TALK TOPIC

"This rental is currently the subject of considerable discussion," Taylor noted.

"A four-hour meeting was held with Taubman and his staff last week. Yesterday Philip Rowston, city attorney, met with Taubman's attorneys at length on the details of the agreement which is now approaching final form.

"Under the agreement, Taubman would post a $250,000 cash bond and be given a specified period of time to complete his negotiations with at least two major tenants, and a timetable would be established for action by both the city and Taubman.

* * *

"The disposition of the traffic which now travels Orchard Lake Avenue and Auburn, between East and West Wide Track, is a matter of considerable concern because the proposed shopping center must cross this street.

"Taubman has offered some solutions to this problem.

* * *

"These have not been satisfactory and we are working on other more reasonable solutions to keep within the city's ability to proceed.

"There are many problems to be overcome in accomplishing the Taubman proposal and some may be insurmountable but considerable time and major effort is being exerted to resolve the problems and progress is being made," Taylor concluded.

Reds: Can Fire Missiles in Air

MOSCOW (AP) — The Soviet Union can fire long-range nuclear missiles from airplanes, a deputy commander of the Soviet air forces said today.

He said this means Soviet bombers can be back beyond the limits of any enemy's antiaircraft defense zone and accurately fire a missile from a distance of many hundreds of miles.

Levy for Parks Put on County Ballot for Fall

(Continued From Page One)

the opportunity to make a decision."

The chief opponent of the millage proposal was David Levinson, chairman of the supervisors' ways and means committee.

He said he felt the board would be "irresponsible" to make the millage proposal an election issue, since no study has been completed for distribution to the public. A study is in progress.

* * *

The annexation proposals include one parcel of 1,800 acres and another of 457.

PICKETS PRESENT

The board meeting was marked by picketing by some 30 county employes, 10 of whom were members of the Oakland County Sheriff's Department.

* * *

Sgt. Donald M. Fauser, president of the sheriff department's unit of American Federation of State, County, and Municipal Employes, said the picketing was in protest of the county's stand on employe retirement benefits and vacation pay.

Mishap Fatal to Farmington Twp. Bicyclist

A 14-year-old boy died in Botsford General Hospital yesterday some five hours after his bicycle was struck by an automobile on a road in Farmington Township.

Dead is Kip Seger, son of Mr. and Mrs. Robert Seger of 28860 Drake, Farmington Township.

Oakland Highway Toll in '66

94

Last Year to Date 102

Township police said the youth was riding his bicycle on Halstead south of 12 Mile when he turned in front of a car going in the same direction.

* * *

The driver, Mrs. Sara Bower, 44, of 24228 Washington, Farmington Township, told police she was unable to avoid hitting the youth. She was not held.

* * *

The death was the 11th in Farmington Township traffic this year, high among cities and townships in Oakland County.

The total includes three boys who died in bicycle-car accidents and an additional three youths killed in motorcycle mishaps.

Commission OKs Study on Rail Crossing

Preliminary study for a future grade separation at Johnson and the Grand Trunk Western Railroad tracks was approved last night by the City Commission.

* * *

Estimated cost of the study is $22,500 to be split by the city and Grand Trunk.

The commission received a letter confirming the cost split from Grand Trunk, which under the law does not have to pay more than 15 per cent of the total cost for any grade separation.

Commissioners commented that the study represented a start toward solving traffic problems caused by railroad tracks crossing major city streets.

* * *

Other crossings, such as West Huron, would involve the state and federal governments, according to Mayor William H. Taylor Jr.

* * *

The engineering firm of Harley, Ellington, Corwin and Stirto, Inc., of Detroit will make the Johnson crossing study. The firm was recommended by the railroad.

Medicare Patients Face Costs

(Continued From Page One)

found that Medicare did not pay for the first three pints, which, when Stanley or his relatives could not replace them, cost him a total of $75.

Stanley spent 26 days in the hospital. He did not require surgery, but received extensive medication and laboratory tests. His total bill was $2,311.

* * *

Medicare paid the bulk of Stanley's expenses, but he was left with $167, which he had to pay out of his Social Security check.

CONFLICTING DATA

No doubt because of its complexity and the dissemination of conflicting information, a large percentage of Pontiac area senior citizens are confused on what Medicare does and doesn't pay for.

Pontiac hospitals report that their personnel end up doing the explaining.

"The biggest problem is people don't understand it," said Harold B. Euler, Pontiac General Hospital administrator.

* * *

"And quite a few don't want anything to do with Medicare," he added.

NOTE RELUCTANCE

Jack Whitlow, assistant administrator of Pontiac Osteopathic Hospital, said his staff has encountered reluctance on the part of Medicare patients to sign the necessary forms.

Despite the confusion about Medicare, local hospital officials estimate that about 90 per cent of these on the government plan do have private insurance to handle the "gaps" left by Medicare that can be so costly.

Medicare is set up on the basis of a "spell of illness" (a fixed time period for coverage; not necessarily a specific illness).

* * *

Under the hospitalization, a patient gets 60 days on each portion "spell of illness" for the $40 deductible, pays $10 a day for the 61st through the 90th day and picks up the full cost of hospital car beyond the 90th day.

20 PER CENT

Under medical benefits the patient must pay the $50 deductible for each calendar year. For the rest of the year the patient pays 20 per cent of medical costs covered.

A new "spell of illness" begins anytime a Medicare patient has not been hospitalized for 60 consecutive days.

More confusion may develop after Medicare has been in effect longer and several spells of illness have elapsed.

* * *

A check of doctors disclosed that most have not yet become directly involved with Medicare.

TWO METHODS

Under medical benefits of Medicare, the program provides two methods for paying for services rendered by doctors:

- The patient fills out a portion of the "Request for Payment" form and "assigns" the payment to the doctor. The physician then submits the claim form for his payment.
- The patient can pay the doctor, obtain a receipt and send in the claim himself and receive payment.

* * *

Most area doctors appear to be following the latter method during the "start up" phase of Medicare.

Medicare — like any new program—has produced problems, but most of the problems appear to be procedural ones that time may cure.

Humphrey Warns of Tampering

'Economy Is Fragile'

WASHINGTON (AP) — Vice President Hubert H. Humphrey said today the economy is a delicate mechanism that can be affected seriously by untimely tampering.

Answering Senate criticism of President Johnson's anti-inflation policies, Humphrey described the economy as strong and healthy and said, "I do not think this is the time to apply any drastic measure to it."

★ ★ ★

But he added in an interview: "You can be sure that it is a subject under intense study within the administration."

Sen. Russell B. Long of Louisiana, the assistant Democratic leader, and Sen. Albert Gore, D-Tenn., called in the Senate Tuesday for presidential action to bring down soaring interest rates.

LOW INTEREST

Humphrey said he has long favored low interest rates. But he said he does not believe restrictive measures on the economy are in order now.

"The economy is a delicate mechanism," he said. "One control may affect adversely another section of the economy. It can have a very serious affect if controls are applied to it, especially if they are untimely.

★ ★ ★

"It's like having your doctor keep a check on your health. You take the precautions he prescribes but you don't go around popping pills in your mouth because self-medication can be dangerous."

VICE PRESIDENT HUMPHREY

In another interview, Long urged presidential cooperation with Congress to cut interest rates. He talked in terms of linking this with credit controls, suspension of the investment tax credit and possibly standby price-wage controls.

INFLATION CURB

Long, who heads the Senate Finance Committee, complained that Johnson is leaning too heavily on high interest rates and a tight money policy in an effort to curb inflation.

★ ★ ★

"I for one feel that this is the wrong approach, that the burden falls heaviest on the working man and the poor. It's only the rich who benefit from high interest rates," Long said.

★ ★ ★

He added, however, that "we won't get anywhere unless the President takes the leadership."

Gore predicted in a separate interview that "this interest rate increase may become the biggest issue" in this fall's congressional elections.

45-YEAR HIGH

Gore said interest rates are the highest since the Harding administration 45 years ago.

★ ★ ★

"Franklin Roosevelt ran the money changers out of the temple and financed a war at reasonable interest rates," Gore said. "Harry Truman did the same thing."

The city of Winona, Minn., was built on sawdust. Once a boom town of the lumbering industry, Winona rests on those sands of tons of sawdust used to reinforce the shifting sands along the bank of the Mississippi.

Eavesdropper Safeguard Offer Irks Lawmaker

WASHINGTON (UPI) — Rep. John E. Moss, D-Calif., says congressmen are being offered an electronic antieavesdropping service for $25 a month. He's shocked anyone would think they needed it.

"In my view," the indignant Moss told the House yesterday, "no American, including congressmen, should have to labor under the burden of a special security check to ensure his privacy."

★ ★ ★

He asked the House Commerce Committee to consider a bill making it a federal crime to use an eavesdropping device against anyone, government official or otherwise.

Where The Real BIG BARGAINS Still Live

NEW MARINA — A new boat dockage facility called Mitten Bay Marina is now open on Kent Lake in Kensington Metropolitan Park. Well-protected from wind and wave action, the marina contains 36 spaces for boats up to 22 feet in length. The park now has 136 spaces available on a rental basis.

Board Slates Study of Gravel Pit Plan

WHITE LAKE TOWNSHIP — The Township Board passed a resolution last night to appoint a committee made up of board members and citizens to study the feasibility of establishing a gravel pit on Ormond Road.

★ ★ ★

The board also revoked a permit for a coin laundromat to be located at Cedar Island and Round Lake.

Approximately 200 people attended last night's meeting in which attorney Joseph Kosik, representing Lawrence Burns of Detroit, presented proposals for working the gravel pit.

Kosik emphasized throughout his presentation and question and answer period that the operation has to be something which the township wants or else the gravel pit will not be worked.

★ ★ ★

Kosik's client plans to work the 80-acre gravel pit by using a suction method. After 10 years the plan is for the land to be restored with a land-fill and used as a subdivision site.

COST ESTIMATE

Kosik said he received from an engineering firm an estimate that it would cost $411,000 to level the property and make it usable. He said that this would amount to approximately $3,000 per lot.

Kosik said the operation would be on a corporation basis. On the board of directors would be people from the township.

Rules and inspections would be set up to insure that the mining operation was properly carried out, according to Kosik.

Burns, Kosik said, is willing to set up a performance bond to protect the township in case the operation failed. He said it should be reviewed periodically to see if the requirements are met.

RESIDENTS CONCERNED

Many of the residents were concerned about the amount of dust and noise that would be involved in the operation. Kosik said other gravel pits have these factors controlled.

He mentioned one pit in Commerce Township where there was no noise outside of an area 1,000 feet from the crushing equipment.

Kosik said dust could be controlled by chloridation and that traffic would be regulated on Ormond.

Residents in the audience pointed out that the road has been ruined twice since the old gravel pit operation ceased.

LOAD CAPACITY

Township Supervisor Edward Cheyz said the County Road Commission should be asked to determine the load capacity of the road bed.

Kosik said that he has received letters from the engineering firm of Johnson and Anderson and from the Conservation Department saying that mining operations would have no effect on the levels of nearby lakes.

White Lake is 1,000 feet from the operation and tests have shown that it has a different water level than the pit.

★ ★ ★

Soil borings should be taken before operations begin, however, Kosik said, and the board of directors should keep a constant check on the water levels.

NOT ECONOMICAL

Residents inquired into the possibility of leveling the pit without working it, but Kosik said it would not be economical or feasible.

Cheyz pointed out that one advantage of mining the pit would be an increase in the tax base. He said the personal property tax from the operation would be approximately $2,600.

Arleigh Hess, head of the White Lake Citizens League, said building and earth moving are occurring already, before the township has authorized a permit.

★ ★ ★

He described it as "wholesale preparatory work" and the "building nucleus for a pit operation."

NO KNOWLEDGE

Both Cheyz and Kosik said they had no knowledge of what was taking place or who was doing it. Cheyz said that if operations are begun without a permit, an injunction would be served.

Kosik has not presented an application for a permit to begin operations, and until he does the board cannot take action.

The committee made up of board members and residents will study the objections to the operations and attempt to solve them.

★ ★ ★

If solutions cannot be reached, Kosik said, the plans for the operation will be canceled.

HEALTH PROBLEMS

Regarding the proposed laundromat, residents of the area were concerned with alleged health problems that would be caused by a lagoon-type drainage system.

★ ★ ★

Township Attorney Paul M. Mandel said it would be difficult to prove a health hazard and that the other alternative, a public nuisance theory, could not be used until the facilities were in operation.

★ ★ ★

After a discussion on sanitation and zoning, the board agreed to revoke the permit until the issues could be resolved.

Holly School Appointments

HOLLY — The board of education has approved three administrative appointments.

★ ★ ★

Donald Diegel, head counselor at Holly High School, has been appointed assistant high school principal.

Schools Supt. Russell D. Haddon said Diegel's duties will include being in charge of adult education and extracurricular activities. Diegel assumes his new position this week.

John Harrower has been appointed director of instruction for grades kindergarten through 12.

★ ★ ★

He has been with the school system for 15 years and was principal of Holly Elementary School. For the last two years he has been coordinator of curriculum.

★ ★ ★

Donald Mance, a sixth-grade teacher for the past three years in the school system, has been appointed principal of Holly Elementary School.

Exam in Slaying of Area Woman Now in 3rd Day

MOUNT CLEMENS — Justice Court examination of Johnnie Prince, 21, of 319 Chandler, Bruce Township, charged with the Aug. 4 murder of a Romeo woman, continued into its third day today.

Prince is accused of stabbing Mrs. John Riemann of 7090 Van Dyke, for whom he worked a short time at the nursery she and her husband owned.

★ ★ ★

Her husband discovered her body in the basement of their home a few hours after the killing.

Prince is appearing before Mount Clemens Justice of the Peace Edmund Schmidt on a warrant charging him with first-degree murder.

By Rochester Board

1966-67 School Budget OK'd

ROCHESTER — The school board has given final approval to a 1966-67 budget in which expenditures exceed anticipated revenue by about $125,000.

Schools Supt. Douglas B. Lund said the deficit will be made up from an estimated $550,000 in unallocated monies from the 1965-66 school year.

Total expenses for the coming school year are listed at $3,665,584 with estimated income at $3,540,414.

The budget breaks down to $2,802,770 for instruction; administration $117,956; health services $3,450; transportation costs $192,850; plant operation $356,200; plant maintenance $117,975; fixed charges $80,425; capital outlay $57,500; community services $22,400; student body activities $19,050; and a contingency fund of $5,000.

★ ★ ★

Total estimated income from local taxes is $1,779,864 on a levy of 22.59 mills. The remainder of the budget revenue will be made up with state and county funds.

It was reported at the Monday meeting that the Michigan Municipal Finance Commission has not yet approved a $7.3-million bond issue to finance construction of a new elementary school, an addition to the present high school and additions to the Woodward and North Hill elementary schools.

★ ★ ★

The board has not yet selected a site for the new high school. The new Long Meadow Elementary School will be located on Alston Road, in the Livernois-Tienken area.

Utica Residents 'Pleased'

School Survey Backs District

UTICA — Residents of the Utica School District are generally pleased with the way the school system is being operated and with the results it is achieving, a recent survey indicates.

The survey was conducted from June 7 to July 27 by a six-man interviewing team led by Ned S. Hubbell, a professional public relations counselor.

Hubbell was hired by the board of education to find out what residents expected of their school system and what they thought of the way it is functioning at present.

The interviewers' findings were presented to the board in the form of a 13-page report Monday night.

★ ★ ★

The report was based on the opinions expressed by a representative, selected cross-section of the adult school district population.

THOSE INTERVIEWED

Hubbell said that of the 575 persons interviewed, 309 had children now in the Utica Community Schools while the balance of 266 either had no children or did not have children in the system currently.

Survey questions fell into the four general categories of educational goals and standards, curriculum, praise and criticism and familiarity with the schools.

Asked how they would describe an "educated person," respondents, in order of their preference, said he is a person who gets along well with others, has a good educational background, has a wide range of interests and knowledge, expresses himself well and makes wise decisions.

★ ★ ★

Better than 70 per cent of the respondents said that youngsters finishing Utica's elementary schools are well-educated. The percentage dropped to less than two-thirds, however, when the same question was asked about high school graduates.

WORK LOAD

Only one-fourth of parents of school-age youngsters thought pupils are not being given enough work, while two-thirds said the load was "about right."

In the area of curriculum, all residents strongly supported courses in English, mathematics, social studies, science and physical education as essential for all pupils.

Respondents indicated that they are satisfied with the scope of the curriculum in both the elementary and secondary schools.

Support was almost unanimous for adult education and summer school programs but about a third of those interviewed were not familiar with the elementary school research centers and the after-school enrichment programs.

Area News

TERMS EXPLAINED

Schools Supt. Phillip Runkel said the problem seems to be one of communications since the surveyors reported that once the terms "research center" and "enrichment program" were explained to the uncertain respondent, both of them won endorsement.

The most frequent criticism of the school system (50 per cent of all respondents) was "half-day sessions." About 45 per cent said they had no dislikes.

Praise for the schools centered for the most part around the simple opinion that it is "an over-all good school system."

★ ★ ★

Teachers, instruction techniques and teacher-pupil relationships also came in for special commendation.

More than half of the parents of school-age children and a third of all respondents indicated that pupils are the primary source of information about the schools.

General conversation and newspapers shared second position.

Better than three-fourths of the subjects said they were satisfied with the amount of information about the schools they receive.

Supt. Runkel said the board will soon publish a condensed version of the report for dissemination to all the residents in the district.

★ ★ ★

The results, he indicated, would be useful in planning a school program more responsive to the needs and wishes of district residents.

Listed in Fair Condition

Avon Collision Injures Youth

An Algonac youth is listed in fair condition at St. Joseph Mercy Hospital after the car he was riding in collided with another automobile at an Avon Township intersection yesterday.

★ ★ ★

Paul L. Smith, 20, suffered multiple contusions and facial lacerations in the accident, which Oakland County Sheriff's deputies said occurred at Rochester and Avon roads.

Michael N. Zelenock, 19, of Algonac, driver of the car Smith was riding in, was treated for injuries at St. Joseph Mercy and released.

Driver of the second car, Linda G. Fuchs, 17, of 6705 John R, Troy, told deputies she didn't see the red light at the intersection until just before colliding with Zelenock's automobile.

★ ★ ★

The girl and her mother, Mrs. Alma L. Fuchs, 54, escaped serious injury in the mishap.

Art Exhibition

WEST BLOOMFIELD TOWNSHIP — Linda Talaba of 1534 Hartley is one of 99 artists from 27 states and Italy who will exhibit their art works at the fifth biennial National Religious Art Exhibition beginning Oct. 7 at the Cranbrook Academy of Art, Bloomfield Hills.

HUMAN TARGET — Eight-year-old Mark Patterson of Barre, Vt., is not so sure it was a good idea to volunteer as a target at the wet-sponge throwing booth on his school playground. He readies himself (left photo) figuring, "Ah, maybe they'll miss." But, alas, the sponge arrives right on target—"splat." It's enough to dampen your spirits.

King, Chicago Mayor Meet to Discuss Open Housing

CHICAGO (AP) — Dr. Martin Luther King Jr. and Mayor Richard J. Daley meet today to discuss open housing but not to seek a halt to the increasing number of protest marches. Other civil and civil rights leaders participate in the conference.

The confrontation between King and Daley will be the first since July 11. It was then, after receiving no specific commitments on a list of civil rights demands, that King declared:

"We have to move into an action program to bring the picture before the conscience of Chicago."

The next day, riots broke out on the West Side and the expanding series of demonstrations began late last month.

Today's conference was called by the Chicago Conference on Race and Religion in an effort to resolve the question of alleged discrimination by real estate firms in Chicago.

★ ★ ★

The Rt. Rev. James W. Montgomery, Bishop coadjutor of the Episcopal Diocese of Chicago and chairman of the CCRR, has reiterated the meeting is not intended to urge a halt to the marches.

FIRM PICKETED

Leaders of the Chicago open housing movement picketed several real estate firms on the Northwest Side last night and marched at five downtown agencies.

Ten persons were arrested at Jefferson Park where an effigy burned at a lamp post was labeled, "Martin Luther King" on one side and "Burn, Baby, Burn" on the other.

King, chairman of the Southern Christian Leadership Conference, was not with the group of 60 demonstrators who picketed the real estate firms.

Nobody Does It

Listening Career Is Profitable

By HAL BOYLE

NEW YORK (AP) — Are you looking for a profitable hobby or a way to earn a good post-retirement income?

BOYLE

Well, why not become a paid listener? It's a new and wide open field.

Hardly anybody in America listens any more.

Employes don't listen to their employers.

Children don't listen to their parents.

Students don't listen to their teachers.

★ ★ ★

Husbands don't listen to their wives.

Waiters don't listen to their customers.

CONGRESS, TOO

There are even signs that Congress no longer hears everything that Lyndon B. Johnson says.

The art of listening is about as dead as scrimshaw, which is the art of carving on whalebone.

★ ★ ★

People will do almost anything for each other except listen to each other. The guy who will gladly give you the shirt off his back balks at merely lending you his ear. Today it's even hard for a minister to recite the marriage ritual without either the bride or the bridegroom interrupting him to ask, "How's that again? What did you say?"

★ ★ ★

About the only people who do listen are psychiatrists and those who are paid to bug your telephones. And there is considerable suspicion among patients that psychiatrists don't really listen all the time.

EVERYONE TALKS

While no one is willing to listen, everybody is more than willing to talk. Everyone has something he wants to get off his chest.

This means there has to be a tremendous market for good listeners. Why not tap it? Why not turn your idle hours to financial advantage by becoming a paid listener? Why not rent your ear?

★ ★ ★

As soon as I get my pension, I'm going to start a new career as a listener.

Whenever anyone grabs me by the lapels and start wagging his jawbone, I'll silently hand him a printed folder which says:

"You are speaking to a man who earns his living by listening. So, please button your mouth unless you are willing to pay my rates, which are as follows:

"Listening to comments on the weather, baseball and politics: 50 cents an hour."

ABOUT WIVES

Homemaker Attains Scholastic Goal

Plaudits are due an indomitable Madison Heights housewife, a mother of nine, on completion of her three-year mission to win a college degree after having been a high school dropout.

Last week, Mrs. DONALD TIMBROOK was awarded a bachelor of arts degree at Oakland University's commencement and has accepted a teacher's assignment in Troy.

★ ★ ★

To say that the academic task she set herself was a rigorous one would be the understatement of the year. Considerable accommodation had to be made between the Timbrook domestic routine and the pursuit of academic credits by the homemaker.

But through a refreshing display of family unity and cooperation, plus the student's undeviating devotion to purpose, her objective was attained. Indeed, she scarcely missed a class when, during her second semester, the ninth of the TIMBROOK brood arrived.

★ ★ ★

The PRESS warmly salutes the exemplary lady on her accomlishment and the spitit of determination and independence it reflects.

Foreign Dairy Products Milk Domestic Market

American dairy farmers and processors are getting a pretty cheesy deal. Additionally, insofar as U.S. taxpayers are concerned, there is an odor of over-ripe Limburger, according to Sen. WILLIAM PROXMIRE, D-Wis. To remedy the injustice, the senator has introduced a bill limiting importation of dairy products.

What restrictions there are on imports of cheese and butter are ineffective. Though importation of the latter commodity is limited to 707,000 pounds annually, butterfat products known as butter oil and exelone are brought into the Country in large quantities. They are then processed into butter and ice cream.

In addition to the economic losses suffered by domestic farmers and processors, American taxpayers indirectly bear a big burden. Under the price support laws, the Government is compelled to buy as surplus commodity an amount of dairy products equal to the imports in order to minimize losses to dairymen. Sen. Proxmire claims that since 1959 the taxpayer has paid twice the value of every pound of dairy products imported.

★ ★ ★

With the European Common Market nations and others of our Western "allies" concerned exclusively with looking after their own trade interests, maybe it's about time that Uncle Sam took a leaf out of their economic book.

Fluoridation Foes Face Futile Fight

The Los Angeles City Council is currently weighing the pros and cons of fluoridating the city's water supply.

At a recent hearing in council chambers, opponents of the measure were given a chance to present their views. It was more like a political rally than a dispassionate, rational inquiry.

A capacity crowd of partisans cheered the foes of fluoridation and booed when one councilman raised questions as to their qualifications.

The same thing has happened in other cities. Why this is such an emotional, almost religious, issue to so many people is a mystery—especially to the millions all over the Country who have been drinking fluoridated water for many years.

★ ★ ★

Surely enough scientific evidence has been accumulated over the decades to settle any questions concerning it. But in this matter, for some reason, one man's science is another man's fanaticism.

★ ★ ★

Apparently all the cavities in humans are not in their teeth. The vociferous vilifiers of fluoridation prove it.

Post Office Cancels Bid to Nix Junk Mail

Mrs. VINCENT BOWLING tried, anyway.

The Camarillo, Calif., resident put a sign on her mailbox reading:

★ ★ ★

"No one named Occupant lives here. Please return all mail so marked to sender."

Postal officials said they sympathized, but snow or sleet or gloom or put-upon patrons notwithstanding, the junk mail had to go through.

LBJ Whistling in the Graveyard

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — President Johnson is talking confidently under a gloomy umbrella.

He is more frank about Viet Nam than President John F. Kennedy was and shows more realism about it than used to be exhibited by Robert S. McNamara, who is his secretary of defense and was Kennedy's.

MARLOW

Although this country pumped billions of dollars in economic and military aid into South Viet Nam under President Dwight D. Eisenhower and Kennedy, that country was in danger of being lost to the Communists because the American-backed dictator President Ngo Dinh Diem did not put in the reforms the United States insisted upon.

You didn't hear much about it from Kennedy. Apparently he felt that if Diem went, all hope went, until at last he cracked down shortly before Diem was assassinated. After that event, things picked up. Gradually, American forces there were built up.

McNamara seemed to have such a poor understanding of what was happening meanwhile, and of what lay ahead, that as late as 1964 he told Congress even if the war didn't go well this country should still withdraw most of its troops by 1965.

He said the Vietnamese had the primary responsibility for winning the war, which was true. But that always had been true. And if the South Vietnamese had been left to themselves, the Communists would have overwhelmed them, which was exactly what this country didn't want.

WRONG CONCLUSIONS

And there were McNamara's seemingly endless expeditions to Viet Nam and his returns with statements almost always sunny, like "things are progressing very well out there" when, as it turned out, things weren't and the Vietnamese weren't.

Over the weekend the American commander in Viet Nam, Gen. William C. Westmoreland, flew to Johnson's Texas ranch and talked with him for four hours about problems, present and future.

Then — this was the confident part — Johnson said the Communists will not defeat the American forces in Viet Nam and that a victory for them is not only "improbable" but "impossible."

★ ★ ★

Then he stood under this gloomy umbrella: Although he said the Reds can't win, he admitted he doesn't know when they finally will stop trying.

NO ONE CAN SAY

And further, because no one can say when the Communists will admit they can't win, no one can say now how many more Americans will be needed in Viet Nam to convince them.

At this moment there are about 291,000 American troops in South Viet Nam, but there are 280,000 enemy Viet Cong in South Viet Nam. The North Vietnamese are sending in more all the time.

Election Time Political Leanings!

David Lawrence Says:

Outcry Over House Quiz Curious

WASHINGTON — It's a strange thing but, during all the weeks that the House Committee on Un-American Activities was investigating the Ku Klux Klan, little protest came from the champions of "the right of dissent."

LAWRENCE

They became vocal only when the same committee started to look into the activities of these groups which have been accused of giving aid and comfort to the enemy in Viet Nam.

Suddenly the very authority of the House committee to summon witnesses was questioned in the federal courts, with the argument that freedom of speech is being interfered with.

When the House committee, moreover, began drafting legislation rightly restricting the secret activities of the Ku Klux Klan, the so-called "liberal" exponents began to find fault with the proposals as likely to interfere with all militant blocs which debate their strategy in the privacy of organization meetings.

★ ★ ★

It has been an established principle of constitutional law that a committee of either house of Congress may at any time be authorized by the Senate or the House of Representatives to call witnesses and get information on any issue which may be the subject of proposed legislation.

MUST APPEAR

While investigating committees have to respect the constitutional rights of an individual to refuse to answer questions that involve self-incrimination, anyone subpoenaed has to appear. He may then refuse to testify by claiming, under oath, that the questioning is in violation of his constitutional rights.

In such cases, contempt of Congress charges may be filed, and it is left up to the courts to decide whether the committee had the right to ask the questions.

In many instances, the courts have ruled against a congressional committee. But never before has any federal judge endeavored — as happened this week — to interfere by court order with the actual holding of a congressional hearing.

★ ★ ★

Such a restraining action has heretofore been considered to be prohibited under the constitutional principle of the separation of power between the judicial and legislative branches of the government.

The net effect of this now will be to strengthen the position of the House Committee on Un-American Activities. For, despite the occasional charges of unfairness that crop up from time to time in the examination of witnesses, the committee serves a useful purpose.

Newspapers do not risk exposing persons in this country suspected of consorting with the enemy, as it could lead to libel suits by the accused individuals.

The words of the proceedings of Congress and its committees, on the other hand, are "privileged." This means that publication of what is said therein cannot be made a legal basis for libel suits.

A congressional committee investigation, even if it doesn't always lead to the passage of a law, is an essential means of keeping the people informed of many things that otherwise would never be exposed to public view.

The advantages of the system far outweigh the disadvantages.

(Copyright, 1966, Publishers Newspaper Syndicate)

Bob Considine Says:

'Men at Work' in Space Astronautical Problem

NEW YORK — The announcement that four astronauts — Schirra, Stafford, Borman and Lovell — have been awarded the Harmon Trophy for their classic meeting in space last December reminds us that the day is not distant when the cosmos will figuratively swarm with earthlings.

CONSIDINE

Gene Bylinsky, writing in "Air Force and Space Digest," takes up the fascinating topic of construction workers and garbage collectors in space, the constructioneers to build and maintain various permanent space fixtures and the garbageers to do something about all those loose nuts and bolts that are circling us.

It won't be easy work. Astronaut Mike Collins came back to earth from the latest Gemini flight with a rugged tale of how difficult it was for him to perform the simplest little mechanical chore assigned to him during his cumbersome "walk."

"Till now the chief concern of engineers has been to protect the spaceman rather than to help him work," Bylinsky writes.

★ ★ ★

"The pressure suit protects him, but it also restricts his movements. Sea-level pressure at orbital altitudes inflates the suit like a stiff football and turns the spaceman into a statue unable to bend arms or legs.

REDUCE ABILITY

"The solution has been to lower the air pressure inside the suit to four-tenths of an atmosphere, the pressure mountain climbers encounter at 20,000 feet.

"But such partially pressurized suits limit arms and leg movements . . . bulky gloves reduce an astronaut's ability to perform fine work."

Solution to this dilemma appears likely to be work-capsules fitted with strong mechanical arms and hands somewhat along the lines of those now used in deep-sea explorations or handling radioactive materials.

Moreover, such capsules could provide the worker with the heavy shielding he'll need when sent up, let's say, to replace a fuse in Early Bird, which is 22,300 miles out in space.

Voice of the People:

Investigate Candidates to Elect Honest Officials

Responsible voters should take time to investigate the past records of candidates of all parties. Voters should choose good, honest people to serve in our government, then we shall have good, honest government. It is the responsibility of each voter to determine for himself the character of the people for whom he votes.

There is plenty of time before November. Start now.

Asks Status of City Urban Renewal Projects

I am asking The Press to give the people of Pontiac the facts on the current status of both urban renewal projects. Certainly a monthly or quarterly report on the Taubman Company proposal should be forthcoming. Is the proposal dead or was it a vague issue to start with?

Let the chips fly where they may in making your report to the people.

STANLEY SWIERCZYNSKI
335 DICK

(Editor's Note: See today's story.)

'We Have Helped the Foes of Communism'

Here's my answer to why we should expect help in Viet Nam. In the '50s we showed the world that the real "paper tiger" could not even overrun Quemoy or Matsu, let alone Formosa. We sure did lift a finger to help the "foes of communism" on Formosa.

★ ★ ★

We kept our "cool" (and our fingers) in Indonesia. Now they shout "Reds go home." Certainly we should expect and have received help in Viet Nam.

★ ★ ★

So let's be proud that, in an imperfect world, we've kept on trying.

W. J. BEST
WHITE LAKE TOWNSHIP

Suggestions for Reducing Teen Accidents

About two weeks ago, three boys (aged 17 and 16) drove to Kensington Park for a day of fishing. Returning late the same day, two slept. The driver must also have fallen asleep for the car left the road, crashed into an embankment and overturned. All three boys were seriously injured.

★ ★ ★

I suggest two ways to cut down accidents of this type:

(1) Raise the age limit for obtaining a driver's license to 19.

(2) Eliminate the course of driving lessons from the public schools.

★ ★ ★

A certificate recognizing a 16-year-old boy to be qualified to drive puts his parents on the spot until they agree to his getting the license.

DUANE BLAIR
ORCHARD LAKE

'All in Service Should Have Right to Vote'

All governments within the United Nations that are not aiding the cause in Viet Nam to bring peace to that part of the world do not deserve our aid in word or deed.

I would like to see the right to vote extended to all in Service under age twenty-one.

WILLIAM REID
PONTIAC

Question and Answer

What kind of study is the University of Detroit doing in Pontiac? Two local radio stations have carried reports but I have not found any mention in The Pontiac Press. Where can an interested citizen find more information.

VERN McVETY

REPLY

It has received mention in The Press. For detailed account write: Prof. Donald Davidson, School of Architecture, University of Detroit, 14001 W. McNichols, Detroit.

Reviewing Other Editorial Pages

Prison Proposal

Chicago's American

Rep. Roman C. Pucinski (D., Ill.) has proposed a study which we believe has merit. Pucinski would have the Congress build a series of intensive research wings to a half dozen prisons.

Persons convicted of vicious crimes would be sentenced to these research wings where they could be studied by professional psychiatrists, sociologists, et al.

As far as the prisoners are concerned, their treatment in the research centers would be no different than that of their brethren behind prison walls.

★ ★ ★

Pucinski's point is that we know very little about what causes a person to take leave of his senses — as this term is commonly accepted — and turn into brute killer.

In broad terms, psychiatry tells us something about what caused William Heirens to dismember Suzanne Degnan, what caused Lee Harvey Oswald to assassinate President Kennedy, what caused the Kansas killers to wipe out the Clutter family, what led Charles Joseph Whitman to massacre 15 persons, and why one man would murder eight nurses.

★ ★ ★

Broken homes, slum environment, domineering mothers are only catch-all phrases which tell us something and at the same time tell us nothing.

A broken home, slum environment, and a domineering mother all were present in the case of Oswald. Yet for every Oswald, there are hundreds of thousands of persons who have lived through the same circumstances and did not assassinate a President.

★ ★ ★

Pucinski's research centers would not be designed to return such murderers to society. That's not the point. Rather, it is possible that information and research might be turned up to help juvenile workers spot a potential Oswald or Whitman before he becomes a menace to society.

★ ★ ★

There is no guarantee that such a study would put an end to the criminally insane mind. But if it did help prevent one more dismembering, one more assassination, or one more massacre, we will have made a sound investment.

Rare Article

Norfolk-Portsmouth Ledger Star

Oleomargarine had a long fight against the butter lobby to establish itself as a food product with an identity all its own. Now, with a boost from the courts, it has attained an even more flattered status. It can be imitated, too, just the way it started out for itself by imitating butter.

★ ★ ★

What happened was that someone put up for sale a product labeled "imitation margarine" that somehow differed in content from the makeup accepted for margarine by the Food and Drug Administration. The FDA decided that Congress had declared all look-alikes for butter should be called margarine. Ergo, reasoned the FDA, anything that looks like butter, but isn't, should have the same content as margarine. Can you have an imitation of an imitation?

★ ★ ★

The answer to that one, according to the U.S. District Court of Northern New York, is yes. Knocking down the FDA position, the court said "The dogmatic assertion laid to Congress that all products made in semblance of butter are to be called margarine and that there shall be but one imitation of butter is a striking statement."

★ ★ ★

We'll go along with the jurists. But for a while there the FDA had us thinking that margarine really was that rare article, the only genuine imitation.

Status of Some Major U.S. Legislation

WASHINGTON (UPI)—Status of major legislation:

CRIME

GUNS — President has asked prohibition on mail order sales of fire arms except through federally licensed dealers and manufacturers. Senate: Judiciary subcommittee has approved bill.

House: Ways and means committee has held hearings, awaiting Senate action.

NARCOTICS — Administration is supporting reforms of narcotics laws to provide civil commitment for medical treatments instead of mandatory jailing of offenders.

House: Approved. Senate: Hearings under way in juvenile delinquency subcommittee.

REDISTRICTING

House approved a bill to limit gerrymandering by requiring that congressional districts be compact and composed of population within 15 per cent of the "ideal" average for each state.

Senate: Judiciary Committee approved a revised bill. Prospects clouded.

HOME RULE

Administration has requested legislation to permit Washington D.C. to elect its own local government.

* * *

Senate: Approved. House: Approved differing version, requiring vote of citizens on home rule question.

Efforts to reconcile the two bills apparently have failed.

Attempt will be made in Senate to attach its bill as rider to House-approved college aid bill.

FOREIGN AID

Administration asked $3.38 billion in overseas economic and military aid during the year starting July 1.

Also called for authorizing program for five years instead of present one year. House: Approved almost entire money request and endorsed two-year authorization.

Senate: Approved a separate $2 billion economic aid bill and $792 million military measure. Both are only one-year authorizations. A conference committee will try to reconcile the differences.

CONSULATES — President has asked the Senate to ratify an agreement with the Soviet Union on reciprocal creation of consulates in cities outside the capitals of the two countries.

Foreign relations committee has approved, but opposition has developed.

CONSUMERS

TRUTH-IN-LENDING — President Johnson proposed that lenders be required by law to tell borrowers the true annual interest and total amount of interest for consumer credit, but actual legislation has not yet been submitted.

Senate: Has similar bill by Sen. Paul Douglas, D-Ill., which is stalled in Banking Committee. House: No action.

* * *

TRUTH - IN - PACKAGING — Administration has endorsed legislation to require more packaging and labeling information for the consumer on the quantity, quality and price of supermarket goods. Senate: Approved. House: Commerce committee hearings under way.

HOUSING

SLUMS—President has asked Congress to authorize a pilot program under which entire slum neighborhoods would be physically and socially rehabilitated.

The $2.2-billion cost would be spread over six years, with about 80 or 70 cities participating.

House: Banking committee approved modified version. Senate: Banking committee approved modified version.

CONSERVATION

POLLUTION — Senate Public Works Committee, exceeding administration plans, approved $6 billion, six-year program for cleaning up major river basin waterways. House: Public works committee hearings completed.

Water Curbs End

MIDLAND (AP)—Restrictions on water use imposed June 30 were ended yesterday by acting City Manager Jack J. Foster. Because of shortage of rainfall earlier in the year, the city had restricted lawn sprinkling and other outdoor uses of water.

Communications Relay for Apollo Due Fall Launch

By Science Service

WASHINGTON—The first new link in the communications chain that will connect moon-bound Apollo astronauts with earth will operate through a satellite that has yet to go into orbit.

The Intelsat II satellite is scheduled to be locked into a synchronous orbit, hovering over the Atlantic Ocean, in October.

The "link," a British-made communications station that includes a 42-foot dish antenna, is now en route to Ascension Island in the Atlantic, where it will begin preliminary operations by Sept. 21.

For the moon flight, the station will receive signals from the astronauts, then pass them on via the satellite to a station in Andover, Maine, for transmission to the Goddard Space Flight Center in Maryland.

OPEN EVERY NIGHT TO 9 Drayton open Sun. noon to 6 DOWNTOWN AND DRAYTON PLAINS

AP Wirephoto

SHE FLIES THROUGH THE AIR — Five days a week, 18-year-old Sue Goris works for the Kalamazoo County Safety Council. The other two days she spends sky-diving. In top photo, Sue starts a free fall from 3,000 feet. At bottom, she flashes a pretty smile after a safe landing.

Safety Council Girl Sky-Dives on Side

KALAMAZOO (AP)—The affable executive-director of the Kalamazoo County Safety Council says he nearly fell out of his chair when he learned of his new secretary's avocation.

"I'm a sky-diver," pretty 18-year-old Sue Goris told director Stan Peck while on her second day on the job.

* * *

"A what?" Peck gulped weakly.

Sue, who began her aerial antics March 13, told her boss she enjoys sky-diving because "it's so neat, really!"

AMONG POSTERS

Sue began work in the safety council office several weeks ago among posters saying "Darkness Hides Danger," "Facts About Seat Belts," and "Watch Out for Kids."

* * *

She works among the safety slogans during the week, then on Sundays leaps out of airplanes 3,000 feet from the ground. A few square yards of silk, and the ability to pack the material properly, stand between her and death.

* * *

"I think about that sometimes," Sue confides. "When I'm going up in the plane, usually. You think it could all be so very final."

Until last winter, Sue had never been in an airplane. At Christmas time, she took a round-trip jet plane ride to the state of Washington.

OPENS AUTOMATICALLY

Her 12 parachuting attempts so far have been undertaken at airports near Kalamazoo and Muskegon. The first five jumps were "static-line" leaps, during which the chute is opened automatically by a line attached to the plane.

The more recent jumps were free-fall ventures with Sue pulling the rip-cord.

* * *

What started her desire to be a sky-diver?

"I used to watch sky - diving programs on television," she said. "It looked so neat, so I tried it—and it was!

PERFECT JUMP

"The first jump was perfect," said said. "I jumped off the plane and when I felt the chute snap open I thought, I've done it, I've done it.

* * *

A couple other attempts didn't go so well. On one, Sue was dragged by the chute on landing, and in another she got caught in a "thermal"—an updraft of hot air—and drifted nearly a mile off target.

* * *

"I wasn't really worried," she said, "I just didn't know what to do. I came down okay, but I was shaking after I landed."

10 Viet Victims Are Identified

WASHINGTON (AP) — The Pentagon provided today the names of eight Army men and two Marines killed in action in Viet Nam.

Two other men died but not as a result of hostile action.

Killed in action:

ARMY

CALIFORNIA — Sgt. Eddie Achica, San Francisco; Spec. 4 Chevo G. Lara, Sacramento.
COLORADO — 1st Sgt. Albert L. French, Colorado Springs.

Romney Drive Opens Today

'Will Campaign Hard' Seeking a 3rd Term

LANSING (UPI) — Michigan Gov. George Romney opened his campaign for reelection to a third term today.

* * *

"I am starting my campaign early and I am going to campaign harder than in the past," Romney said.

At the end of the political rainbow could be a possible GOP presidential nomination in 1968 for the governor.

Romney, accused of being a loner in his past two campaigns, has been told by political observers he must display a "coattail" effect in this year's state election to win the presidential nomination.

* * *

The governor already has taken the hint in stumping strongly for the election of Sen. Robert Griffin, R-Mich., whom Romney appointed in April to fill the unexpired term of the late Sen. Patrick McNamara.

DISTINCTION

Romney was the only Republican to win statewide office in 1964 during the landslide in Michigan for President Johnson.

Democrats also took control of the State Senate for the first time in more than 30 years.

Griffin, a former five-term congressman, is being challenged by former six-term governor G. Mennen Williams who has the support of the 700,000 member Michigan AFL-CIO organization.

* * *

Zolton Ferency, Democratic state chairman who is opposing Romney, has been campaigning on the issue Romney "will be a part-time governor" because of his alleged vision of becoming the GOP presidential nominee in 1968.

McNamara Injury Delays Climbing

TACOMA, Wash. (AP) — An injured ankle has interfered, at least temporarily, with Secretary of Defense Robert S. McNamara's plans to climb 14,410-foot Mt. Rainier.

* * *

Dr. Robert Livingston, a neurologist from the University of California at San Diego, treated McNamara's ankle yesterday at Camp Sherman, near Mt. Jefferson, and then the secretary and his party went back into the Oregon wilderness to set up camp.

* * *

McNamara injured the ankle three weeks ago, apparently while playing tennis.

Senate Panel to Reopen Bitter TFX Controversy

WASHINGTON (AP) — A Senate subcommittee plans to reopen the whole bitter question of whether the United States is buying a second-best warplane — the TFX — to save $1 billion.

Sen. John L. McClellan, D-Ark., chairman of the Senate permanent investigations subcommittee, said so Tuesday in the Senate without specifying just exactly when.

Presumably, however, the hearing will be held prior to the time the Navy has to decide whether its version of the TFX, called the F111B, is useful. The Navy will reach a conclusion next March or April.

In a brief, off-the-floor interview, McClellan said he would propose an amendment, probably today, to the $59-billion defense appropriations bill forbidding the Pentagon to procure F111Bs through the expenditure of appropriated but unused funds.

The present appropriation bill does not include money for the purchase of the F111B beyond the five included in a research and development contract with General Dynamics of Fort Worth, Tex.

* * *

In an exchange with Sen. Richard B. Russell, D-Ga., chairman of the Senate Armed Services Committee, McClellan elicited this statement from Russell: "The Navy states it cannot utilize the plane in its present configuration."

Four of the five Navy prototypes have been produced. A fifth is due off the assembly lines at Calverton, N.Y., this month. Grumman Aircraft and Engineering is subcontractor to General Dynamics for the Navy version.

At the time Model 4 came off the lines in July, industry sources reported it was 12 to 18 months behind development schedule.

McClellan noted in the interview that nobody, including Defense Secretary Robert S. McNamara, ever had come up with a yardstick by which the claim of a $1-billion saving could be measured.

In a statement on the Senate floor, McClellan said: "Four years ago, when Secretary McNamara four times overruled the competent judgment and recommendations of our best professional and civilian experts — approximately 235 of them — and selected the second-best design and proposal which was submitted by General Dynamics over the design and proposal submitted by the Boeing Co. (of Seattle), it was claimed by the Department of Defense that we would need more than 1,700 of these planes.

"Now that we are in a war which apparently may be of long duration and in which we have already lost more than 300 planes over North Viet Nam alone, why is the Department of Defense scaling down its requirements and buying a smaller number—maybe less than 1,000 — of these planes?

"It surely cannot be said that our arsenal is adequate or that the need is less urgent. Is this reduction in acquisition being made because it is now conceded that the plane is inferior?

"Or is it because 1,000 planes, or even a lesser number, will cost more than it was represented that the original number of 1,700 would cost?"

Orbiter Snaps Moon Tomorrow

PASADENA, Calif. (AP) — Lunar Orbiter circles the moon today as a prelude to its first picture-taking tomorrow of possible lunar landing sites.

Tracking experts at Jet Propulsion Laboratory said yesterday that the U.S. spacecraft's 3-hour, 37-minute orbit ranges from 124 to 1,151 miles from the lunar surface.

While orbiting the moon, the 850-pound camera vehicle is automatically computing its position relative to the star Canopus.

An exact fix is necessary before firing a rocket aboard Orbiter Sunday to bring the craft down to 28 miles above the lunar surface for more detailed pictures.

Spokesmen said some Orbiter pictures are expected to be televised tomorrow, beginning at 4:15 p.m. EST.

By Sukarno

Leave S. Viet, U.S. Told

JAKARTA, Indonesia (AP) — President Sukarno called today on the United States to "please get out of Viet Nam. He said if America did not heed his plea, "You, yourself, will land into trouble."

* * *

Speaking to a Jakarta crowd estimated at 80,000 on the 21st anniversary of Indonesia's independence from the Dutch, Sukarno:

—Again labelled Malaysia a British "neocolonialist project" and said Indonesia would not recognize the federation until the Borneo states of Sabah and Srawak vote on whether to remain in it. He said the Bangkok agreement signed with Malaysia last week was not a final pact but only one "which will pave the way to peace."

DENIES ROLE

—Denied he had anything to do with the Communist-led coup attempt last Oct. 1.

—Declared "I am your great leader. Follow my leadership, obey all my directives. I am not overambitious, I do not seek private gains."

At this point, nearly 1,000 university students turned and walked away.

Sukarno, reduced to a figurehead since the abortive coup, spoke for more than two hours, facing a sea of colors, bright sarongs and red banners, as armed soldiers guarded the presidential area and held back catcalling students.

Speaking in Indonesian, Sukarno changed to English to denounce U.S. policy in Viet Nam.

Pravda Salutes Indonesia, Snubs Ex-Strongman

MOSCOW (AP) — The Soviet Communist party organ Pravda noted the 21st anniversary of Indonesia's independence today without mentioning President Sukarno by name.

Less than a year ago, with the once strong Indonesian Communist party pledged to Peking, the Soviet Union was concentrating on support for Sukarno personally to maintain influence in Indonesia.

* * *

The Communist coup attempt in Indonesia last Oct. 1 and subsequent crackdown on Peking-oriented Indonesian Communists put the Russians in a difficult position. They denounced the crackdown, but still supported Sukarno.

IRAQI JET DISPLAYED — A Soviet-built MIG21 fighter plane is displayed at an Israeli airfield for newsmen after its Iraqi pilot defected yesterday. The pilot, identified as an air force captain, flew his plane across the Israeli-Iraqi border and wished to land. Two Iraqi MIG21s were reportedly shot down in an air battle with Israeli jets Monday.

Pilot From Iraq Flees to Israel

Defector Brings Top Soviet-Made Plane

TEL AVIV, Israel (AP) — An Iraqi air force captain has defected to Israel in a MIG21 — a Soviet-built delta-wing airplane that can fly twice the speed of sound.

It was the first time the Soviet's top military aircraft had been put in Israel's possession and Brig. Mordechai Hod, air force commander, told newsmen Tuesday, "It is a comfortable feeling to have your enemy's top plane in your possession."

* * *

Hod was referring not to the Soviet Union, but to Iraq and also Egypt and Syria which have been supplied the same plane by the Kremlin.

"We have many plans for this plane," he said without saying what they were.

RECEIVED LETTER

Hod said he had received a letter from the pilot 10 days ago saying he intended to defect. But Hod said he thought it sounded too good to be true."

The pilot's name was withheld.

* * *

Nevertheless, Hod issued orders to expect the arrival and ensure safe escort. Two Israeli French-built Mirage jets met the MG21 at the Jordan border and escorted it to a safe landing.

The pilot said his Roman Catholic faith made his position in the Iraqi air force — consisting almost entirely of Moslems — "rather awkward." The 30-year-old man added that he was tired of being assigned to bombing missions against the Kurdish rebels in Iraq.

MOVED FAMILY

He said he had managed to move his family out of Iraq before sending his letter notifying Israel of his intentions to defect.

The pilot told newsmen he had taken off from Rashid air base and flown over Jordan before crossing into Israel. He said that shortly after crossing the border he dipped his wings and lowered his undercarriage when he sighted the Israeli Mirages.

* * *

The pilot said he spent 10½ years in the Iraq air force and four months in the Soviet Union learning to fly the MIG21.

State GI Dies

WASHINGTON (AP) — The Pentagon said yesterday that Marine Pfc. John W. Edgerly, son of Mr. and Mrs. Roy E. Hann of Dowagiac, Mich., died in Viet Nam from nonhostile cause

Teacher Need Great in Special Education

By Leslie J. Nason, Ed. D.

Jeff had difficulty grasping even the simplest ideas in the day's lesson. But his teacher was patient and Jeff managed to make a little progress.

However, by the next day, the new ideas were almost forgotten.

This happened with regularity until Jeff was placed in a special class. Here, with fewer students, he received more personal attention.

With this better opportunity to learn and to apply things concerned with ordinary living, his progress was sure, even though slow.

* * *

His new teacher was especially trained and understood Jeff's learning problems.

GOOD USAGE

There are an estimated 6 million boys and girls who need special attention if they are to be trained to make good use of the small abilities they have.

In the National Education's booklet, "The Shape of Education for 1966-67" one whole chapter is devoted to the education of the special child.

U. S. Senator Winston L. Prouty, R-Vermont, is the ranking minority member of Senate Labor and Public Welfare Committee which deals with education needs.

* * *

He is quoted as saying, "We need 300,000 special education teachers, and there are only about 60,000 public day school teachers available in the field — some of them only partially trained."

NEW TEACHERS

The National Association for Retarded Children estimates that 55,000 new skilled teachers are needed immediately.

This need is not being neglected. Schools of education throughout the country offer training toward special credentials in the teaching of exceptional children.

During the past summer, federal, state and private grants have sponsored work shops.

* * *

At the University of Illinois for example, five summer work shops were conducted to train teachers in instructing children who are gifted, mentally handicapped or who have learning disabilities.

DIRECT LINK

One hundred teachers were thus directly concerned with the with the needs of exceptional children.

However, Prof. Robert Henderson, department chairman, estimated the need for new teachers in the handicapped field in the state of Illinois alone by 1969 to be 8,000, with at least an additional 1,000 to teach gifted children.

At the University of Southern California, a special study summer institute, funded by the U. S. Office of Education, is offered by the Department of Exceptional Children.

* * *

Twenty California school districts sent 40 administrator-teacher teams to the institute, the staff of which included prominent specialists in various aspects of learning disabilities.

* * *

It is, indeed, heartening to know that we as a nation have not lost our traditional concern for the underdog and the less fortunate. With special training, these individuals can become contributing members of society.

Find Attorney for Son

Couldn't Read German

By ABIGAIL VAN BUREN

DEAR ABBY: My son, who just turned 21, recently came home from two years in Germany with the Army. He had some pictures of a 17-year-old German girl. He thought she was "pretty." (I thought she was fat.)

ABBY

Well, soon after he got home he got this letter from her written in German, which nobody around here can read, so how was he to know she was telling him she was pregnant?

He didn't find this out until yesterday when he got a letter from her which she had a friend write in English. What is he supposed to do about this? He said they were close, but not that close. Please help me. I have no husband.

SOLDIER'S MOTHER

DEAR MOTHER: If your son is still in the Army, he should talk to the legal officer in his outfit. If he can prove that he wasn't that close, or that others were equally "close," he could be absolved of all responsibility for the girl's condition.

But if he is responsible, the laws are the same over there as they are here, and he may have to support the child. If your son is out of the Army, he will need a civilian lawyer. Preferably one who is versed in international law.

★ ★ ★

DEAR ABBY: Do you think parents should accept collect calls from their children who work in other states and can well afford to pay for their own calls?

These children are too lazy to write letters so they call us collect because they know we love to hear from them. It is really a hardship on us to pay for all their calls. We would like your advice.

ANONYMOUS

DEAR ANONYMOUS: Remember the old days, when you "trained" your children? Well, now they're training you! Shift gears, back up, and start training them again. When the telephone operator asks if you will accept the charges, say, "No!"

★ ★ ★

DEAR ABBY: I have one daughter-in-law who insists on calling me "grandma." Now I do not object to having my grandchildren call me "grandma," but I certainly do not care to be called "grandma" by a woman who could not possibly be a granddaughter of mine.

If she doesn't wish to call me "mom" or "mother" as my other daughters-in-law call me, she may call me by my first name, or anything else that she likes. But I do wish she would quit that "grandma" business. How do I make this plain to her?

FURIOUS

DEAR FURIOUS: How about simply telling her? She probably isn't aware that you are furious.

★ ★ ★

CONFIDENTIAL TO ANDY IN CHEYENNE: Yes, a bird in the hand is worth two in the bush, but it can make a man look awfully foolish if he's not in the poultry business.

★ ★ ★

Troubled! Write to Abby, in care of The Pontiac Press. For a personal reply, inclose a stamped, self-addressed envelope.

★ ★ ★

For Abby's booklet, "How to Have a Lovely Wedding," send $1.00 to Abby in care of The Pontiac Press.

AP Wirephoto

MAJ. GOLDSMITH

State Nurse Joins Forces in Viet Nam

DETROIT (AP) — What makes anybody — especially a woman-volunteer to serve in war-torn Viet Nam?

"Everybody has a motivation," answers Maj. Dorothy Goldsmith. "Mine is to serve. It's as simple as that."

Maj. Goldsmith, an Army Nurse Corps officer, left Detroit Sunday for Viet Nam after volunteering to serve there. She had been stationed in Korea.

And she doesn't think Viet Nam is such a special place.

"It's just another assignment in another place where I feel I am needed," she says.

DOING PART

"Sure, I'd make more money and have more comforts in a civilian hospital," the petite surgical nurse explains. "But I wouldn't have the peace of mind that comes with knowing I'm doing my part where I'm needed most."

She was one of the first Army nurses in North Africa during World War II. She also served in Germany and England before volunteering for the assignment in Korea.

Maj. Goldsmith says there's a serious shortage of nurses in South Viet Nam.

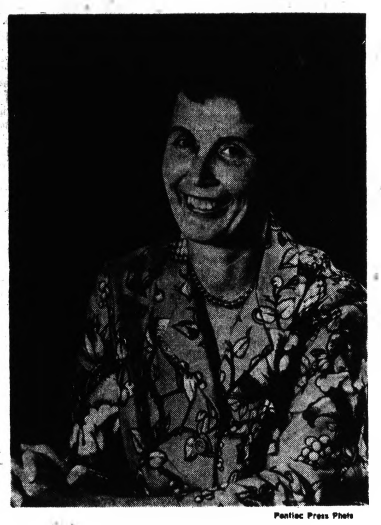
★ ★ ★

"Besides," she adds, "I get so mad when I pick up a newspaper and see pictures of sign-carrying pacifists and draftcard burners that I want to be counted among those who are supporting the men who are defending all of us."

Meadow Brook Music Festival Thursday, 8:30 p.m. Detroit Symphony Orchestra featuring world premiere of commissioned work, "Markings" by Ulysses Kay and Meadow Brook Chorus in Walton's "Belshazzar's Feast." Baldwin Pavilion. Admission charge.

Pontiac Press Photo

Making up programs for the Alpha Delta Kappa sorority convention Sept. 24, at Oakland University, are from left Mrs. Melvin Boersma of Locke Street, president of the chapter which will be in charge of the luncheon, and Mrs. Lewis Cornell of Lansdowne Street, Epsilon chapter. Her group is in charge of the banquet for the evening.



Pontiac Press Photo

MRS. ZOLTON A. FERENCY

Wife of Zolton Ferency Both Energetic, Versatile

By MADELEINE DOEREN

Checking some 9,000 trees on a 20-acre reforestation program in Lapeer County is more than a hobby for Mrs. Zolton A. Ferency, whose husband is a candidate for the office of Governor of Michigan.

"Best thing about our voluntary responsibility in this government program is that no pruning is done although we do check the little trees for disease," says Mrs. Ferency

★ ★ ★

"The trees were purchased through the State Conservation Department and were planted by machine. They are about three feet tall now.

HUSBAND LENDS HAND

"My husband helps me with this project which provides a change of pace from his law practice and his work as chairman of the Democratic State Central Committee."

★ ★ ★

Mrs. Ferency is on the 'coffee circuit' this week with Mrs. Neil Staebler of Ann Arbor who is Democratic National Committeeman and Mrs. William Clark of Birmingham, Oakland County Democratic Committee vice chairman.

★ ★ ★

The trio is visiting Democratic headquarters in Pontiac, Berkley, Madison Heights, Hazel Park, Oak Park and Royal Oak.

★ ★ ★

Mrs. Ferency who teaches sixth graders at the Okemos Junior High School is thrilled to be taking on an art class at the school this fall although she was employed ostensibly to teach math and science.

She has a bachelor's degree from the University of Detroit and holds a teacher's certificate and a master's degree from Michigan State University.

★ ★ ★

The Ferency sons are Mark, 15, who attends East Lansing High School, and Michael, 18, who is a history buff ready for fall term at Oakland University in the liberal arts program.

★ ★ ★

"I like to paint landscapes in oil and make many of my own dresses," she told us in our capsule interview.

★ ★ ★

"My gracious hostesses and I toured the new County Building Monday and visited the Community Action Center and Project Headstart at Jefferson Junior High."

★ ★ ★

Mrs. Ferency expressed a strong awareness of the many things that need to be done in the state educational program and hopes to use many of her skills on a voluntary basis.

Dramatic Music Stirs Meadow Brook

By BERNICE ROSENTHAL

A new composition was given its world premiere last night at Meadow Brook. "Melorhythmic Dramas," by Carlos Surinach, specially commissioned for this festival, was received with a standing ovation, prolonged applause, thunderous shouts and awed acclaim by both audience and orchestra.

★ ★ ★

Surinach has a bold, broad approach to music. He brings drama, sometimes even melodrama, right down to the audience. The effect is so vivid that the audience finds itself participating actively as the music unfolds. Seven shades of emotion, "fervid, festive, poignant, tragic, voluptuous, vehement and mournful," are portrayed, as if on a kaleidoscope, yet each so markedly different, so slightly exaggerated, that one might imagine a mummer's mask donned to portray each characteristic feeling.

ORIGINALITY

Mr. Surinach has remarkable orchestral craftsmanship, refreshing originality, optimistic creativity and an uncluttered directness rarely heard in modern music. The listener finds himself actively "with it" at all times, and not left floundering on a sea of noise and sterile gimmicks as is so often the case with new music. "Melorhythmic Dramas" is a great tribute both to Meadow Brook and to modern music, and should find itself performed, before long, by every major orchestra with great success.

★ ★ ★

Sixten Ehrling is undoubtedly at his best in contemporary and modern music. Meeting the challenges of constant new approaches and technical difficulties spurs him to new heights, and he delights in bringing out new ideas, playing with them and wringing them dry. It is a special talent, and one that merits international recognition.

★ ★ ★

Completing the program, all of which having been written or revised since 1960, were Milhaud's Tenth Symphony, Martin's "Four Elements", and Henze's Symphonie Number 1. The Milhaud Symphony, in classic form, is sometimes bombastic and strident, sometimes lonely and unworldly, often epic in scope. Martin's "Four Elements" depicts earth, water, air and fire in a definitive way with skillful orchestral colorings.

★ ★ ★

The modern West German composer, Hans Henze, was represented by his Symphonie Number 1, which this listener found quite uninteresting. Themes and ideas seem to float around a periphery which never came together anywhere, and the result was nervousness and frustration. However, it did serve to give us the rare opportunity of hearing the orchestra's brilliant violist, Nathan Gordon, in several solo parts.

★ ★ ★

The Thursday and Saturday concerts will present more new composition, and Friday's concert will feature the Youth Orchestra in a program including a work by Detroit pianist and composer, Norman Gifford.

Vows Scheduled

Mr. and Mrs. Stanley Munroe of Oxford announce the betrothal of their daughter, Kathy Sue, to Airman 3. C Thomas LeRoy Guerin, son of the Duane Guerins of Roslyn Street.

★ ★ ★

Her fiance is stationed at Wurthsmith AFB in Oscoda.

Mid-October vows in the First Baptist Church of Oxford are being planned.

Mary T. Chambers Is Wed

The Trinity Episcopal Church in West Branch was the setting recently for the marriage of Mary Theresa Chambers of North Cass Lake Road, to Karl A. Gottleber of Dearborn.

Their parents are Mr. and Mrs. Lawson F. Chambers, Rose City, Mrs. Ronald Pyles, Swartz Creek and the late Harry F. Gottleber.

★ ★ ★

A Brussels lace mantilla complemented the bride's chapel-length gown of ivory peau de soie styled with Empire bodice of matching lace.

She wore her grandmother's heirloom necklace and carried orchids, ivy and Stephanotis.

★ ★ ★

Honor matron was Mrs. Richard Chambers with Mrs. Dennis Pinkston and Sally Tissari as bridesmaids.

★ ★ ★

With Dale Swenson, best man, were ushers Richard Chambers and Charles Gregory.

★ ★ ★

After a reception in the West Branch Masonic Temple, the bridal couple left for a northern honeymoon.

Clean Lights Outdoors

Porch lights, driveway lamp posts, hurricane lamps, and other outdoor lighting fixtures should always gleam brightly. "like a good deed in a naughty world." To make sure they throw their beams as far as possible, include these in your cleaning schedule to wash away summer dust and insects.

First wipe off surface soil. Then wash the fixtures with a cloth dipped into hot soap or detergent suds, rinse with clear water, and wipe dry.

What's Practical Food Budget for Two?

By MARY FEELEY
Consultant in Money Management

Dear Miss Feeley:
Please tell me what you think is a reasonable amount for food for two people. My husband refuses to give me any set amount for the week's groceries. He just hands me what he wants to when I get out of the car to go into the store. And I have to take a lecture everytime I come out, for every penny I spent. Still, he expects to be fed good meals.

MARY FEELEY

He makes a good salary. Lots of people would be happy to make what he does.

I was raised by a strict mother and was well-trained when I was married. So I know I'm a little better than average at cooking and planning. Our children are married, so there are just the two of us to shop for. How much is fair?

Reader, Massillon, Ohio

Dear Reader:
Your mother must have taught you not to sass the head of the house, among other wifely virtues. But if you ask me, there's a limit to knuckling under. Your husband is putting you in the position of having to fight for his rights — a well-spread table — as well as your own — a chance to plan ahead and shop smartly. A ridiculous situation all around.

* * *

If he won't listen to you, may be he'll pay some attention to what umpteen other people around the country say: the minimum amount of money required per week to feed two people between the ages of 35 and 55 on a Moderate Scale is $20.20, to feed the same two on a Liberal Scale, $23.30. This doesn't necessarily allow for steak every day and twice on Sundays.

These national averages have been compiled by the U.S. Department of Agriculture, based on recent spending patterns.

If your husband can afford more for a gourmet menu, he's punishing himself by not putting out enough to cover it. But the main point, of course, is that you should know in advance how much you have to work with, so you can stretch every dollar and take advantage of specials when they're offered at your market.

* * *

If neither you nor I can change his attitude, plant your feet and refuse to leave the house. Let him take over the food shopping.

Dear Miss Feeley:
Would you please inform me if it is customary for Nuns to tip while on a trip — that is, to porters, bell hops, waiters, taxi drivers, etc.
If so, what is the usual amount? Thank you for your help.

S.N., Cincinnati, Ohio

Dear S.N.:
According to a member of a large Order, tipping for services is entirely proper. In fact, it will make you less conspicuous than if, for example, you insisted on carrying your own bag through a hotel lobby.

Nuns customarily tip the usual percentages — from 10 to 20 per cent. Big metropolitan hotels and restaurants will be on the high side where tipping is concerned.

Dear Mary Feeley:
I am a single male, never married, 50 years old. My brothers and sisters and their offspring keep telling me I should buy a house so that I will have something to hold onto when I retire in about 15 years.

I live in an apartment that costs about $110 to operate. I will have a retirement income of about $300 a month. What do you think I should do?

H. M., Highwood, Ill.

Dear H. M.:
Let your own particular temperament be your guide. Some bachelors take to change with no pleasure at all. Financially, with a paid-up mortgage in 15 years, you could no doubt swing home ownership.

It wouldn't actually mean a free roof over your head, of course. There'd still be yearly maintenance including heat, taxes, insurance amounting to 3 to 5 per cent of the original cost of the house.

True, a home would be an anchor. How much do you want an anchor? On $300 a month, you could maintain a less expensive apartment and still eat. Tell your family to keep quiet for a spell while you commune with your innerself.

If puttering around a house and mowing the lawn begin to look attractive, then take the plunge. But don't be pushed into it.

(You can write to Mary Feeley in care of The Pontiac Press Questions of wide interest will be answered in her column.)

MRS. JOSEPH HERR AND MICHAEL

Today's Young Homemakers

Pride in Ownership

By JANET ODELL
Pontiac Press Women's Editor

Today's young homemakers can be realistic and hard-headed. They may start out with stars in their eyes and a romantic idea about marriage, but they soon come to terms with facts.

* * *

Joe and Jan Herr met at a motorcycle "scramble" in 1963. They were married 13 months later, as soon as Jan graduated from high school and are now the parents of 17-months-old Michael.

* * *

For almost a year they have lived in their own ranch style house on Maxwell Street. It is the apple of both their eyes and the pride of possession stands out in their conversation.

Joe is over 21, but Jan is not yet 20. He is a welder.

HOME OWNERSHIP

"There's nothing like owning your own home," say the Herrs, "It's throwing money away to pay rent when you can be making payments on a house."

The house sits on three lots. Joe never touched a lawn mower when he was single, but now he keeps the grass cut and does all the yard maintenance cheerfully. He even likes doing it.

* * *

Jan loves housekeeping, doesn't know any part of it she dislikes. She's sorry she didn't help her mother more at home, but she's learning fast now

* * *

Both admitted that they had been the usual untidy teenagers, but now they're almost fanatics about a neat house. Of course, having an active baby might account for some of that attitude.

Like so many other young couples, the Herrs have their biggest problems with the budget. They want so many things but are determined to keep installment payments on a level they can handle.

* * *

Jan's birthday present this month is a handsome Early American rocker covered in patchwork upholstery. No new purchases will be considered until this one is all theirs.

* * *

The Herrs have discovered the advantages of 90-day charge accounts which carry no interest.

Although both come from large families, they think two children are ideal.

They would like to build a house some day.

* * *

They think Joe should have more education (he didn't finish high school). His job calls for ability in math and he'd like to know more about the subject.

* * *

The Herrs get regular bulletins from Oakland County Cooperative Extension Service. These have been helpful, they say, in learning how to budget and how to shop.

* * *

Any young homemakers may receive these monthly mailings by contacting Mrs. Carol Kurth, extension home economist at 155 North Saginaw, Pontiac.

WCTU Unit Hosts

The Anna Gordon Union, Women's Christian Temperance Union will be the host unit at an all Pontiac W.C.T.U. cooperative luncheon in the Oakland Avenue Presbyterian Church, Thursday, at 11:00 a.m.

MRS. G. K. NELSON

Island Trip for Nelsons After Vows

A Mackinac Island honeymoon followed the recent marriage of Sandra Lee Dickson to Gary Knute Nelson in the Walled Lake Methodist Church.

Parents of the couple who repeated vows before Rev. Ellis A. Hart are the Douglas M. Dicksons of Wolverine Lake and the Knute H. Nelsons of Auburn Road, Pontiac Township.

* * *

For the evening rite the bride chose a gown of white peau taffeta with a chapel train, both edged in Belgian lace. She carried white Shasta daisies.

Carole Reamer was her cousin's maid of honor. Dorothy Dickson and Mrs. Robert Thompson were bridesmaids.

Best mag duties were performed by Norman Nelson with Roy Dietch and Robert Thompson as ushers.

* * *

A reception in the Wixom Union Hall followed the rite.

Miss Thornton Wed Recently

Wed in a recent evening service at the First Baptist Church of Clarkston were Bertha Mae-Bele Thornton and Raleigh Charles Parrott.

Parents of the couple are Mr. and Mrs. Calvin A. Thornton of Williams Lake Rad, Mrs. Herbert G. Parrott of Hadley Road, Independence Township and the late Mr. Parrott.

Rev. Glenn Ray of Covington, Ind. performed the ceremony for his niece.

Maid of honor was Sandra Berry. Bridesmaids were Mrs. Gene Thornton, Mrs. Lyman Thornton, Sue James and Mary Anderson with junior maid, Cheryl Thornton.

* * *

Gary Parrott was best man with Gene Thornton, Lyman Thornton, Dale Sanchez and Charles Parrott as ushers.

A white Chantilly lace over satin gown was worn by the bride who carried a bouquet of cascading white carnations and roses.

The newlyweds greeted guests in the church parlors before leaving on a wedding trip to New York State and Canada.

OU Hosts Brubeck Jazz Quartette

Dave Brubeck, internationally-acclaimed jazz artist, will open Oakland University's Meadow Brook Series, 1966 with a Sept. 10 appearance in the Howard C. Baldwin Memorial Pavilion.

The jazz-concert by the Brubeck Quartet is set for 8 p.m. in the outdoor pavilion, home of the Meadow Brook Music Festival.

* * *

One of the most exciting groups in the history of jazz, the Dave Brubeck Quartet which includes Brubeck, Paul Desmond, Joe Morello and Gene Wright, has won countless polls and awards in jazz during the past 12 years. It will be the first jazz group to perform in the University's pavilion.

JAZZ ON CAMPUS

Planned to bring a variety of top artists to the OU campus for students and the public, the fall series includes five other attractions, all to be staged in the auditorium of the University's new Matilda R. Wilson Hall.

The Meadow Brook Chamber Orchestra of 16 members, with Albert Tipton conducting, will present concerts on Sept. 21 and Nov. 18. The Detroit Severo Ballet Company will perform "Madeline" on Sept. 30 for students and on Oct. 1 for the public.

On Oct. 12 pianist Eugene Pridonoff, sponsored by the Edgar M. Leventritt Foundation, will appear in concert. He will be followed in the series by the National Shakespeare Company, presenting "Much Ado About Nothing" for the public on Nov. 5, and "Hamlet" for the campus audience on Nov. 7.

Curtain time for each of the Wilson Hall attractions will be 8:30 p.m.

* * *

According to University series planners, only 500 season tickets will be sold for the complete series, with a limited number available to the public. Tickets are now available for the series at the Meadow Brook Festival Ticket Office, Oakland University.

Single tickets may now be purchased for the Dave Brubeck Quartet concert.

The Robert D. Stockards of Tebeau Court, Pontiac Township, announce the engagement of their daughter, Betty Roberta, to Oscar Darrell Tucker, son of the Ezra M. Tuckers of Grimms Landing, W. Va.

November vows are being planned by Betty Carol Vance and Jerry W. Barker. She is the daughter of Mrs. Thomas M. Singleton of Scottwood Street and Wade Vance of Fort Lauderdale, Fla. His parents are the Edward Barkers of South Shirley Street.

Kids, Adults Alike Have Right to Feelings

By MURIEL LAWRENCE

It had been a hot afternoon and I'd spent it shopping for a cotton dress whose hem would come within hailing distance of my knees. There weren't any. So it was with considerable bitterness that I finally collapsed behind a restaurant table and ordered a pot of tea.

Beside me somebody said, "We have twins!"

From the table next to mine, a middle-aged woman with blue hair, leaned over to me, and patting my arm repeated: "We have twins! Two little girl twin babies!" Then, nodding at a closed faced young man and a very small boy who shared the table with her, she said:

* * *

"That's my son and this is my grandson, Bobby. We've just come from the hospital. Of course, Bobby didn't see the babies, did you, dear? The hospital wouldn't let him upstairs. But his daddy and I saw them. And we saw mommy, too."

I've told you I felt gloomy. I said, "Twins mean twice the work for their mother and twice the expense for their father."

There was a silence during which the small boy looked at me and then resumed stroking his ice cream.

"Oh, their mommy is a big, strong girl," said the blue-haired woman "Besides, the babies will sleep a lot. But when they're awake, oh, what fun they'll be, won't they, Bobby? And you're going to be their big kind brother . . . the only little boy on your whole block who has two dear little baby twin sisters to love and take care of. . ."

The face of the small boy had acquired a greenish tinge. He gave a miserable wriggle, gulped, whispered: "Daddy" —and did exactly what I felt like doing. He threw up.

As he was borne off to the men's room by his father, his indefatigable grandmother offered me a diagnosis of his stomach's revulsion.

"It's excitement," she said. "He's just so excited and happy to have two dear little baby sisters to love instead of one."

* * *

I behaved quite well for me. Rising to pay my check, I said, "I'm sure you're right. You have only to look at him to see how happy he is." But what I wanted to say was, "He may just loathe these dear little baby sisters of his.

"It's always within the realm of human possibility that we should loathe what we are forced to love. And that's just fine with me, that loathing, representing our insistence on our right to feel our own feelings So if you don't learn to shut up, you're going to make one awful time for these kids."

The raw cotton in the average cotton product makes up about one-sixth of its value.

Brownie Bars Made With Cocoa, Dry Milk

By JANET ODELL
Pontiac Press Food Editor

Mrs. Gilbert Hooker of Lake Orion has four active boys to feed. She likes to bake and is always looking for good new recipes.

She shares her recipe for economical brownies with Press Readers. These cookies don't last long at the Hooker home.

ECONOMICAL BROWNIES
By Mrs. Gilbert Hooker

¾ cup flour
1¼ cups sugar
¼ teaspoon salt
½ cup cocoa
½ cup nonfat dry milk powder

Add to sifted mixture all at once:

½ cup soft margarine
1 egg
¼ cup water
1 teaspoon vanilla

Blend well and beat one minute. Stir in one-half cup chopped nuts broken into pieces.

Pour into greased 9-inch square pan. Bake 30 minutes at 350 degrees. Cut into squares.

List Your Possessions in Case of Fire, Theft

By AILEEN SNODDY

(NEA) — How many families go through three fires in the home in five months? Very few. But a newspaperman in Louisville, Ky., did last fall and any individual with a few pieces of furniture and clothing can capitalize on his experiences.

First of all, he admitted he was uninsured. The family was in the process of redecorating the first floor and had moved some valuable antiques to the attic. These were not adequately covered.

The family did not have a list of personal possessions and it took him days to itemize their closet by closet, under the bed, etc., losses.

MORE MISTAKES

There are more "mistakes." The basic point he made was to think about what you own and realize the amount needed to replace items if destroyed by fire or stolen. Take steps to protect as much of these as old dad's salary will allow, he advises.

Many young couples today, for example, buy good antiques which accrue in value through the years. S. V. Dawson, president of the National Association of Dealers in Antiques, cites the case of one couple who bought $3,000 of then relatively low-cost antiques several years ago. They paid $450 for a new sofa.

* * *

When they moved last year and sold their furnishings, the couple got $8,000 for the antiques and $50 for the sofa. If they had had a fire or had their antiques damaged in transit, the couple admitted they couldn't document the worth of these items.

Since "antiquing" has become a quarter-billion-dollar industry, it is essential couples protect their investments.

Initially, it is important to check on whether they are investing in an antique or just something old. Dawson recommends dealing with a reputable dealer who can back up his claims about a piece.

Carol Bell Is Feted Before Vows

Carol Ann Bell, daughter of the Cecil B. Bells of Sashabaw Road is being entertained before her marriage to Marvin Douglas Barnhart on Saturday.

Her cousin, Mrs. Clark Rehberg (Barbara Bell) of Germany was proxy hostess for a recent luncheon-shower in the home of the Earl Bells on Sharon Street. Sharon and Janet Bell were cohostesses. The invitations were mailed from Germany.

BRUNCH

Hostess at a recent Saturday brunch for the bride-elect and the school set were Jean Honhart of Curwood Drive with Marilyn Bell assisting.

Mrs. Herbert Brown opened her home on Sashabaw Road to the women of the Community United Presbyterian Church who presented gifts to Miss Bell following dessert.

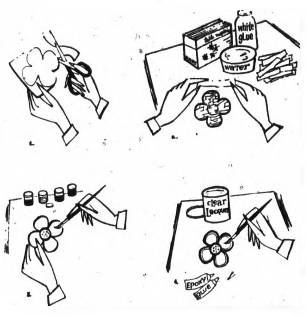
The bridegroom's family and neighbors brought kitchen gadgets to a recent dessert given by Mrs. Dave Barnhart of Beacham Street.

* * *

Peggy Porter of Clinton entertained at a recent luncheon for Miss Bell and her friends from Ferris State College.

The Edwin Barnharts of Riviera Street will host the rehearsal dinner for their son and his fiancee.

What's New on Scene? Papier Mache



To create bright, gay baubles of papier mache jewelry, just follow these simple steps: Cut pattern from heavy cardboard. Tear soft dinner napkins in strips, soak in white glue and water mixture, apply to pattern. Let dry overnight. Brush on design with tempera paints. When dry, cover with one or two coats of clear lacquer or varnish. Attach the pin or earring backing with epoxy glue.

Pontiac Press Photo

Phyllis McMillen, 13, (left) tries a papier mache earring on Sally Hanson, 11. Both girls live on Wenonah Drive. This jewelry they made and are wearing has suddenly become popular. It is surprisingly easy to make. The two girls just painted their creations, but the items can even be stone set.

Bulky and bold, papier mache jewelry is a summer fashion hit. The lightweight, easy-to-wear bracelets, earrings, and pins are easy and fun to make from soft dinner napkins and a minimum of other materials.

Polly's Pointers

Water Shapes Plastic

DEAR POLLY — For a perfect fit when reupholstering the backs of kitchen chairs with plastic material, run very warm water over the plastic as you stretch and shape it to the curves. If your faucet water is not hot enough have someone pour carefully from the tea kettle.—MRS. R.L.M.

DEAR POLLY — I always keep on hand some empty tin cans that fruit or vegetables came in and that have smoothly cut edges where the tops were removed.

My mother, who lives alone, is very fond of homemade cake so whenever I bake one I pour part of the batter into one of these cans, well-greased, and bake it in the oven with my own cake. This gives me a nice cake to take along when I make my weekly visit.

It is just the right size and mother likes the appearance of the round-cut slices — E. N.

DEAR POLLY — I have a plastic tablecloth that is backed with a kind of flannel. Do any of you know how I can press this cloth? — MRS. M. E. V.

* * *

Anyone submitting a Polly's Problem, a solution to a problem or a favorite homemaking idea will receive a dollar if Polly uses the item in Polly's Pointers.

Study Factors of Death Rate

CHICAGO (UPI) — A study of the effects of social and economic factors on the death rate shows that among white Americans, the higher a person's family income and level of education, the longer he can expect to live.

* * *

The survey was made by Professor Philip M. Hauser and Associate Professor Mrs. Evelyn Kitagawa of the University of Chicago's Population Research and Training Center.

* * *

For six years they directed an exhaustive study of 340,000 Americans who died between May 1 and Aug. 31, 1960.

Cotton is chosen for three-fourths of all children's ready-to-wear garments.

Kidney Stones Found in Soapy

DETROIT (AP) — Former Gov. G. Mennen Williams, 55, remained in satisfactory condition at Jennings Hospital today where he is undergoing treatment for kidney stones.

Doctors at the hospital reported Tuesday finding two small kidney stones. However, they predicted the stones would be expelled without surgery.

★ ★ ★

Williams visited his nearby Grosse Pointe Farms home briefly Tuesday before returning to the hospital.

His physician, Dr. Albert Steinbach, described the kidney stones as a fairly common malady.

STOMACH PAINS

Williams entered the hospital Monday after complaining of stomach pains the day before.

A Williams aide said the former governor plans to be out of the hospital in time to attend the Democratic State Convention Friday in Grand Rapids. Williams is the Democratic candidate for U.S. Senator, opposing Sen. Robert Griffin, R-Mich. in the Nov. 8 election.

AP Wirephoto

READY TO GO — A U.S. First Infantry Division soldier, a member of a special reconnaissance platoon trained to go on long patrols without being resupplied, awaits airlift into enemy territory in S. Viet Nam. The platoon searches in small groups for information about the enemy and fight only when there is no other alternative.

Local Woman Is Satisfactory After Stabbing

A 35-year-old Pontiac woman, allegedly stabbed by her former husband yesterday afternoon, is listed in satisfactory condition at St. Joseph Mercy Hospital.

Mrs. Pauline Bell of 398 Howard McNeill suffered wounds on the right hand and left shoulder according to Pontiac police.

Held in the Oakland County Jail and facing arraignment on a charge of felonious assault is Cleve Bell, 36, of 231 Raeburn.

Police were told the stabbing took place during an argument between the pair in a home at 53 Hillsmount.

2 Not Drowned

SOUTH HAVEN (UPI) — Vernon Crawford, 14, and Norman Cox, 11, two rural South Haven boys who were believed to possibly have drowned in Black River yesterday, were found in Benton Harbor last night, police reported today.

By Waterford Board

Review of School Plans Slated

The Waterford Township Board of Education is scheduled to review preliminary plans for several elementary school alterations at its 7:30 meeting tomorrow night.

The major part of a $5.9-million bonding proposal approved by voters in the June 13 election, the proposed primary school improvements include gymnasium-multipurpose rooms for 20 schools and library-instructional materials centers at 12 buildings.

Architects who drew the plans were Harry Denyes Associates and O'Dell, Hewlett and Luckenbach, Inc.

Also tomorrow night, the board will open bids on athletic field lights for Waterford-Kettering High School and review plans for a remodeling project at the same school.

Estimated cost of the lights is $27,000 to $28,000.

Last year U.S. teen-agers spent nearly $15 billion on merchandise ranging from airplane models to real automobiles.

Mine Sealed Off to Smother Fire

FAIRMONT, W. Va. (UPI)— The No. 9 mine of Mountaineer Coal Co. remained closed near here yesterday after workers sealed off a section two miles underground to smother a raging fire.

★ ★ ★

No injuries were reported in connection with the fire which started Monday afternoon at nearby Farmington. Officials said 100 men were safely evacuated after the fire erupted in a section being worked by a continuous mining machine.

Charges Lead to Suspension of Patrolman

DETROIT (UPI) — A city policeman was suspended today after he was indicted on charges of conspiring to operate an after-hours tavern.

Police Supt. Ray Girardin said Patrolman Carlos Gonzalez would remain off duty until his case is reviewed by his superiors.

Gonzalez was one of three persons indicted yesterday by Circuit Judge Edward S. Piggins in his role as a one-man grand jury. The other two were Charles Sherman, a reputed gambler, and Charley Sam.

The warrant charged the trio ran "an unlicensed place where persons engaged in drinking for a fee."

The establishment was alleged to have been a Detroit restaurant. Two unnamed persons were also named in the indictment.

3 Youths Sought for Theft in City

Pontiac police are seeking three youths in connection with the reported theft of $115 yesterday afternoon from Ray's Sunoco Service, 720 Baldwin.

Raymond C. Lyman, 29, owner of the station, said three boys walked into the station's office about 2 p.m. while Lyman was outside.

Lyman said he heard the cash register being opened and then saw the three run past the rear of the building with a cash box containing the money.

Senate Panel OKs Boosts in Minimum Pay

WASHINGTON (UPI) — The Senate Labor Committee yesterday approved a bill to increase the federal minimum wage to $1.60 an hour by 1968 and extend coverage to nearly half the nation's work force.

The measure would bring 7.2 million additional workers under minimum wage coverage, including more than 6 million employes of large service and retail establishments.

It also would cover for the first time nearly half a million farm workers.

A bill already passed by the House would raise the present $1.25 hourly minimum wage to $1.60 by 1969.

★ ★ ★

The House version also includes some 800,000 low paid public school employes.

UNDER SENATE BILL

Under the Senate bill, the minimum wage would go up from $1.25 to $1.40 on Feb. 1, 1967, and increase another 20 cents a year later.

The pay raise would apply to the 29.6 million workers now covered and to 665,000 newly covered federal custodial and maintenance employes.

Japan Death Toll From Storms 30

TOKYO (AP) — The death toll from storms that lashed southern Japan this week rose to 30 today as search teams continued to clear away debris from landslides and receding flood waters.

Eighteen persons were still reported missing and 12 injured as a result of the torrential rains that flooded more than 6,000 homes.

NOTICE OF ZONING HEARING

Notice is hereby given of a scheduled public hearing to be held by the Pontiac Township Zoning Board at the Township Hall, 2060 Opdyke Road, on Tuesday, September 6th, 1966 at 7:30 p.m. to consider the following applications for rezoning:

Deaths in Pontiac Area

Charles E. Butler

Service for Charles Edwin Butler, 53, of 2357 Briggs, Waterford Township, will be 11 a.m. Friday in St. Paul Methodist Church with burial in Crescent Hills Cemetery by the Voorhees-Siple Funeral Home.

Masonic Brotherhood Lodge No. 561 will hold a memorial service at 7:30 p.m. tomorrow in the funeral home.

Mr. Butler, a foreman at GMC Truck & Coach Division, died yesterday after a short illness.

He was a member of St. Paul Methodist Church, Methodist Men's group of the church, president of GMC Truck & Coach Division Foreman's Club, past commander of Bemis-Olson Amvets, Brotherhood Lodge No. 561, F & AM, and Low-Twelve.

Surviving are his wife, Dorothy; a son, David R. of Pontiac; a grandson; a brother, Raymond of Pontiac; and two sisters, Mrs. Murial Griffith and Mrs. Wilma Stapleton of Waterford township.

Mrs. Cloide Pace

Service for Mrs. Cloide (Beulah) Pace, 85, of 1191 Edison will be 2 p.m. tomorrow in Emmanuel Baptist Church with burial in Commerce Cemetery by D. E. Pursley Funeral Home.

Mrs. Pace died Monday after a short illness.

Harvey W. Perry

Service for Harvey W. Perry, 63, of 2795 North Lake, will be 1:30 p.m. Friday in Sparks-Griffin Funeral Home with burial in Perry Mount Park Cemetery. Roosevelt Masonic Lodge will conduct graveside service.

Mr. Perry, a retired insurance agent, died Monday after a short illness. He was a member of Roosevelt Lodge and past president of Pontiac Life Underwriters Association and the YMCA Toastmasters Club.

Surviving are his wife, Queena; two sons, Arlon D. of Clarkston and Darill W. of Pontiac; five grandchildren; four sisters and two brothers.

Memorials may be made to the Kirk-in-the-Hills.

Irvin A. Forbes

WHITE LAKE TOWNSHIP — Service for former resident Irvin A. Forbes, 74, of Hale will be 1 p.m. Friday at the Elton Black Funeral Home, Union Lake. Burial will be in Lakeside Cemetery.

Mr. Forbes died yesterday after a short illness. He was an auto mechanic.

Surviving are his wife, Viola; two sons, Harry of Milford and Raymond of Union Lake; two daughters, Mrs. Frank Smith of Midland, Calif., and Mrs. Alvin Wright of Union Lake; 11 grandchildren; and seven great-grandchildren.

Eugene L. Johnson

KEEGO HARBOR — Service for Eugene L. Johnson, 32, of 2161 Willow Beach will be 3 p.m. Friday at the Voorhees-Siple Funeral Home, Pontiac. Burial will be in Oak Hill Cemetery, Pontiac.

Mr. Johnson died Monday in an auto accident. He was a foreman for Happyland Shows.

Surviving are his wife, Marilyn; a daughter, Deborah Jane at home; his parents, Mr. and Mrs. Wade B. Johnson of Pontiac; a sister, Mrs. Henry Fleming of Pontiac; and three brothers, Phillip and Leroy, both of Keego Harbor, and Wade Jr. of Pontiac.

Lloyd Zablocki

COMMERCE TOWNSHIP — Service for Lloyd E. Zablocki, 51, of 4829 Halberd will be 3 p.m. tomorrow at the Richardson-Bird Funeral Home, Walled Lake. Burial will be in Glen Eden Cemetery, Livonia.

Mr. Zablocki died Sunday after a short illness.

Mrs. Harry Wendell

HIGHLAND TOWNSHIP — Mrs. Harry (Adelaide) Wendell, 61, of 3432 N. Milford died today after a short illness. Her body is at the Richardson-Bird Funeral Home, Milford.

Mrs. Wendell was a member of White Lake Methodist Church.

Surviving besides her husband are three sons, Dr. Harry L. of Forrestville, N.Y., Dr. Howard L. of Mayville, N.Y., and Lawrence L. of Highland; her father, Roy S. Crouther of Grand Blanc; three brothers; two sisters; and eight grandchildren.

Lake Death Exam to Resume Aug. 25

Pretrial examination of a Waterford Township man charged with manslaughter in a boating death last month, will resume Aug. 25 after being partially heard yesterday.

The defendant, 52-year-old Harold Ions of 4489 Parnell, is accused of killing the occupant of an anchored fishing boat in a nighttime collision July 3 on Pontiac Lake.

Witnesses told Oakland County Sheriff's deputies that an inboard operated by Ions ran into the other boat at "a high rate of speed," fatally injuring Walter Balaskey, 30, of 174 Florence.

Top Marine in Viet Back for U.S. Stay

DA NANG, South Viet Nam (AP) — Lt. Gen. Lewis W. Walt, commander of the U.S. 3rd Marine Amphibious Force and the highest ranking American Leatherneck in South Viet Nam, returned to the United States today for two weeks.

Walt will inspect the Marine training program at Camp Pendleton, Oceanside, Calif., which is preparing Leathernecks for duty in Viet Nam.

★ ★ ★

Maj. Gen. Lewis J. Fields, commander of the 1st Marine Division, will take over Walt's duties during the two weeks.

Teacher Fights Arkansas 'Monkey Law'

LEADS ASSAULT — Biology teacher Susan Epperson poses at her desk at Little Rock Central High School. The Arkansas teacher has become the vanguard of the Arkansas Education Association's legal assault on the state's 38-year-old law banning the teaching of Darwin's theory of evolution — one of the nation's last three "monkey laws." AP Wirephoto

By BILL SIMMONS

LITTLE ROCK, Ark. (AP) — One day when Susan Epperson, an attractive young biology teacher, stepped into a public school classroom, she says she lost part of her freedom of speech.

She wants it back.

As a result, she has become the vanguard of the Arkansas Education Association's legal assault on the state's 38-year-old law banning the teaching of Darwin's theory of evolution—one of the nation's last three "monkey laws."

* * *

"We just decided it was time for the law to go,' says Forrest Rozzell, head of the association. "It is an unwarranted affront to the ability and integrity of teachers."

Mrs. Epperson, 24, completing her third year on the faculty at Little Rock Central High School, became the association's champion in the courtroom this year.

She filed a suit to declare the law unconstitutional. And she won Round 1.

Murray Reed, a Chancery Court judge, one step below the Arkansas Supreme Court, held in May that the law must go because it tends to restrain the quest for knowledge by banning a theory that poses no hazard to the community.

STATE APPEALING

The state is appealing to the Arkansas Supreme Court. It has pledged to fight to the U.S. Supreme Court, and Mrs. Epperson's attorneys say they will carry the battle as far as necessary to eliminate the law.

Essentially the questions are: What limits may be placed on freedom of speech in public schools? Is the law a "reasonable" exercise of the peoples rights to regulate public schools?

Outgoing Gov. Orval E. Faubus likes the law as a means of keeping "way out" teachers in line. Republican gubernatorial candidate Winthrop Rockefeller sides with the teachers' association.

Baptist ministers, in convention resolutions, have pointedly affirmed their faith in the Bible story of creation. Presbyterians, no less faithful to the Bible story, nevertheless called for an end to the law.

* * *

The U.S. Supreme Court has dealt with immerable cases involving specific restraints on freedom of speech but it has not established a broadly applicable definition of legally reasonable restraints.

'NOT SO DANGEROUS'

In his decision, Reed said the freedom to teach and freedom to learn must be unrestrained except when they involve a doctrine hazardous to a community.

He decided that the evolution theory was not so dangerous.

The freedom-of-speech question rests on the first amendment, which forbids Congress from "abridging the freedom of speech." The Supreme Court has held that this applies as well to the states.

* * *

At the same time, the court has made it plain that freedom of speech is neither absolute nor totally unrestrained.

For example, in 1927 the Supreme Court held that "the teaching of what is immoral or inimical to the public welfare may be forbidden by the state, even though taught as a moral or religious duty."

Bicyclist Killed

WHITE PIGEON (UPI) — A 76-year-old bicycle rider was struck and killed yesterday when his cycle collided with a car at the intersection of M76 and a country road.

Authorities said Wendell P. Thursday, White Pigeon, apparently wandered into the path of the auto while riding along the highway.

Beatles Arrive in Toronto and Crawl Into Bed

TORONTO (AP) — The Beatles arrived in Toronto early today from a Philadelphia performance. An airport crowd of 500 teen-agers got only a 10-second look at their idols, who were whisked off to a downtown hotel for some sleep before a show tonight at Maple Leaf Gardens.

* * *

Another group of fans, including three sisters from Ashtabula, Ohio, who were driven to Toronto by their mother, was outside the hotel.

* * *

"Mom doesn't mind," said one. "She's as crazy as the rest of us."

AP Wirephoto

HEADING HOME TO ENGLAND—Academy Award-winning American actress Patricia Neal holds a Japanese doll and a "noh" mask as she sits with her British writer-husband, Raold Dahl, in Tokyo yesterday. They are headed back to their home at Great Missenden, England. Miss Neal is recovering from three massive strokes suffered in Hollywood in 1965.

U.S. Moon Landing in '68 Said Possible

WASHINGTON (UPI) — The man who heads America's manned spaceflight program believes there is "a small possibility" of landing Project Apollo astronauts on the moon in 1968 — ahead of schedule.

* * *

At the moment, however, "it would be idle to forecast when the first landing will take place," said Dr. George E. Mueller, associate administrator of the National Space and Aeronautics Administration (NASA).

Mueller's remarks yesterday were in response to reports that NASA is now shooting for a lunar landing in early 1968 instead of some time in 1969.

He told the National Space Club at a lunch meeting that he is confident the original goal—a landing on the moon before 1970—will be met.

* * *

But he pointed out that the mighty Saturn 5 moon rocket and the Apollo spacecraft and lunar landing "bug" still have to go through a lot of testing on the ground and in orbit before they can be certified safe.

OPEN QUESTION

He left open the question of whether the Russians will get to the moon first.

Optimism that the first U.S. moon landing can be accomplished in 1968 stems largely from the success so far of the Gemini pre-Apollo flight program.

Gemini, which started out behind schedule, is now running ahead. The plan is to wind up the Gemini phase of the manned flight program this year instead of next, as originally planned.

* * *

As for Apollo, for which all the most important trials are yet to be made, if everything works perfectly this year and next "we might be able to carry out the manned landing earlier than now scheduled," Mueller said.

Jackson Named Locale for 2nd Housing Confab

DETROIT (AP)—The Michigan Civil Rights Commission said Tuesday that Jackson has been selected for the second of a series of public hearings on equal housing opportunity.

* * *

The hearing will be held Sept. 21-22 in the Jackson City Hall. The commission, cochaired by John Feikens and Damon J. Keith, said Jackson appears to be a community with a typical housing pattern of Negroes, regardless of income, concentrated in one area.

The first in a series of such hearings was held in Saginaw in June.

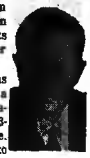
'BOTTOMLESS WAITRESSES — The owner of the new London restaurant, named "Nero, the Mad Ox," has his waitresses wear mini-skirts with the hem even with the top of the tables. This can mean a really short-short skirt as in the case of Helen Turner (left) and Linda Bennion. Linda's hair is 27½ inches long and her skirt is 10 inches above her knee.

Farley Granger Returns to Hollywood With Acting Technique

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — "I left Hollywood because I didn't know my craft," says Farley Granger. "I was a star, but I knew nothing of the techniques of acting. I figured I'd better learn, or I'd be in trouble when the star aspects of my career wore off."



THOMAS

Granger has returned to a Hollywood career after a 13-year absence. He admits to being 41, but it's hard to believe. He still has the lean, boyish look — "Tennis and calisthenics help" — that thrilled female hearts in the postwar period.

* * *

His last movie here was "The Girl in the Red Velvet Swing" in 1955. He has returned for television shows and in repertory with Eva LeGallienne's company, but his home remained in New York.

"Now I'm ready to settle down here again," he said. "There are some television shows in the wind, and a couple of movies, too. I think I can handle whatever comes."

He wasn't always so confident. As a North Hollywood High School student in 1943, he had the notion he wanted to be an actor and got a job with a Little Theater on Highland Avenue.

That was the extent of his dramatic training. Samuel Goldwyn's scouts spotted him and he was signed to a contract, which began with "North Star."

ROUTINE FILMS

After service in the Navy, Granger returned to find himself a bobby-sox idol. He made a number of routine films and a few he enjoyed, notably "They Live by Night" and two with Alfred Hitchcock, "Rope" and "Strangers on a Train."

However, he took a dim view of most of his films, and the view grew dimmer as he matured. His conflicts with Goldwyn became more frequent — "I was on suspension most of the time for turning down scripts."

In 1953 he decided it was time to make the break, even though picture offers were still coming.

Once engaged to Janice Rule, he has never married.

The actor's return to the Hollywood scene will be signaled by his costarring with Julie Harris in the opening drama of NBC's Bob Hope Chrysler Theater on Sept. 14.

Hair Is Long, Skirt's Short

Small London Girl Is a Big Attraction

LONDON (AP) — Linda Bennion bobbed up Tuesday as the girl with the longest hair and the shortest skirt in swinging London.

Her hair dangles 27½ inches beneath her shoulders.

Her hemline is 10 inches above her knees.

Her main occupation is studying the graphic arts. She is presently waiting to see if she qualified for a cash grant to continue her studies in this field.

While waiting, she is contributing her figure to the graphic arts scene and her talents to the waitress profession.

SHORT SKIRT

Why such a short skirt?

"Well," she said, "my boss wants the girls to wear their hemlines at the level of the table tops. I'm not as tall as some of the other girls, so that makes me have a really short skirt."

Her boss is Samuel Gee, 42, who sold his British cosmetic business for a reported $1.4 million, retired, and then went into the restaurant business. His place is called "Nero, the Mad Ox."

What does the title mean?

"I'm not quite sure," he says. "Does there have to be a reason?

"This is a change. The food and the mini-skirts. My wife and I got tired of looking at one another all day."

Official to Retire

LANSING (AP) — Stanton Farville, 64, will retire Friday as chief state assistant attorney general, a post he has held under three attorneys general since 1955. He will practice privately and work with Supreme Court Justice Paul Adamk. No successor has been named.

ONE COLOR

The Negro and Black Power – 3

Militant Muslims Preach Justice and a 'Separate State'

By TOM TIEDE

NEW YORK (NEA) — Within the loosely defined but visible borders of Harlem are the Shabazz Food Mart, the Shabazz Realty, the Shabazz Novelty Co., the Shabazz Grocery and the Shabazz Restaurant.

They are Negro-built, Negro-owned, Negro-operated and Negro-patronized. White America is definitely unwelcome.

Only a fool or an innocent walks into any of them without a Negro passport or invitation. This reporter had an invitation to the restaurant.

The militant society here calls this system "Black Power." Moderates term it ironic segregation.

The militants in this case are Black Muslims, the controversial followers of astrology, numerology and voodoo as professed by fragile, Bible-spouting Elijah Muhammad who says he has voice communication with God, (Allah) and ties with the ancient Islamic religion of which Shabazz was a tribe.

BEST KNOWN

This group, which claims national membership of 200,000 (impartial observers put it closer to 10,000), is the largest, strongest and best-known of all colored extremist organizations.

They have at least 30 mosques in 28 cities and 17 states, a weekly newspaper, an unrecognized university, radio and television outlets and fund-gathering techniques which range from tithing to collecting trading stamps (current goal: 400 books for a used school bus).

Pious Muslims believe the movement's popularity is based on "peace, wisdom and belief in a black Allah."

* * *

The less formal opinion, however, is that God, of whatever color, has nothing to do with it.

'OFFER . . . EVERYTHING'

As one member says: **"We have strong appeal for the black man who has nothing, because we offer him almost everything."**

Items offered:

"Complete freedom, justice and equality."

"A separate state or territory for the black race."

"Release of all believers now held in federal prisons."

"Exemption from all white taxation."

"Complete economic maintenance by whites for the next 20-25 years."

* * *

Moreover, Muslims want all Negroes brought home from Viet Nam and released from the armed forces, complete segregation of integration movements, free schooling provided by the U.S. government and severance of all social relationships with whites.

NO VIOLENCE?

So strong for separatism is the Muslim doctrine, in fact, that critics call it a reversed form of the aryanization once practiced in Hitler's Germany.

Members of the faith won't deny their wish for a superrace of blacks, but insist they plan no violence to attain it.

Said Louis Farrakhan, Muslim minister for Harlem: "We are peaceable people, and realistic. We know force won't work against white slavemasters. You are too strong. You would crush us probably."

* * *

As proof of intent, he added: "We believe firearms are divinely prohibited."

Despite such assurances uneasy whites and Negroes are far from being convinced.

Muslims practice absolute discipline, blind obedience to a rather unstable Muhammad and an almost fanatical adherence to physical health and power; all of which, according to one disgruntled ex-member, "makes them a deadly enemy of the white population."

Farrakhan himself, although exhorting the hope of a justice with order, warned that blacks are capable of employing other methods to hasten their struggle:

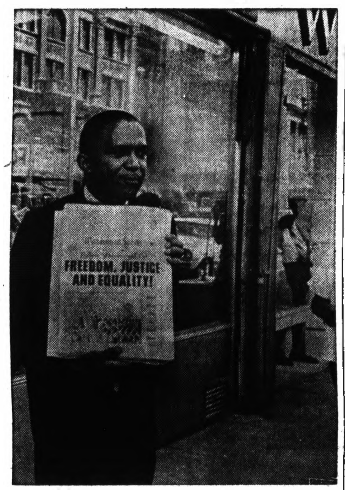
"I compare the Negro in America today to the Israelites in the Egypt of yesterday.

* * *

"The honorable Elijah Muhammad is the 'Black Moses' who has been crying for years to 'let my people go.' And soon he will take all of us to the promised land."

(Next: On Ivy League Militant.)

LOUIS FARRAKHAN



PUSHES PAPER — A Black Muslim hawks his sect's newspaper, "Muhammad Speaks," in front of the Shabazz restaurant in Harlem.

Astronomers Keep Eye on 'Crazy' Orb

By Science Service

WASHINGTON — Astronomers around the world are checking up on a "crazy" quasar that has unexpectedly jumped 20 times in brightness during the last year.

Quasars are strange stellar-like objects sending radio and light radiation into space at a tremendous rate.

Some scientists believe these bizarre objects are quite close to the Milky Way galaxy in which the sun and earth are located, while others are convinced they are the most distant sources known.

Dr. Allan R. Sandage of Mt. Wilson and Palomar observatories, Pasadena, Calif., discovered that the quasar designated as 3C-446 is behaving in an unusual fashion and so alerted astronomers to keep an eye on it.

* * *

Since last September, 3C-446 has brightened optically by 3.2 magnitudes, a 20-fold increase — twice as high as ever detected for a quasar.

Deed on Land for Park Received

The City Commission moved last night to have the city become the official titleholder of more land in the proposed 25-acre industrial park slated for a southeast section of Pontiac.

The commission approved receipt of the deed to 143 lots in the proposed park area. The lots were purchased last year on a land contract for $70,391.

City Manager Joseph A. Warren reported last night that the city's total investment in the projected industrial park now totaled $103,462.

Warren also reported that the Industrial Park Development Committee, a 14-man advisory panel created last fall, met

Monday to review progress on the park proposal.

★ ★ ★

He said a detailed report would be forthcoming on the group's recommendations.

PROPOSALS DENIED

In other business last night, the commission upheld four planning commission recommendations to deny proposed:

- **Commercial-1 (C-1) rezoning for a vacant lot on Franklin, north of 178 Franklin Road.**
- **C-1 rezoning for three lots on the northwest corner of Franklin Road and Nevada.**
- **C-1 rezoning for four lots on the north side of Fisher, between the Clinton River and Bagley.**
- **Residential-3 rezoning for 11-acres on the south side of Collier, east of Joslyn.**
- **Action on proposed C-1 rezoning for 6.69-acres on the east of Woodward, across from St. Joseph Mercy Hospital, was tabled one week.**

Public hearings were held last night on plans to construct sanitary sewers on the south side of Walton, Highwood to the Ivy Trunk; and on the east side of Highwood, Princeton to Walton. Special assessment rolls are to be presented Aug. 23.

Also last night, hearings on intention were held on construction of a sidewalk on a portion of the north side of Gladstone; and paving Jordan, Mount Clemens to the south line of the subdivision. Action was postponed two weeks on the latter project.

A similar hearing was held on paving Maxwell, Mount Clemens to the south line of the subdivision. This too was deferred two weeks to permit the circulation of protest petitions.

Public hearings were ordered for Aug. 30 on special assessments for paving Stephens, Perry to Moreland; and sidewalk construction on the east side of Telegraph, Ruth to the Clinton River.

★ ★ ★

In still other business last night, the commission received the deed to land on the north side of Pike at the head of Front for the extention of the nearby city parking lot.

BOUGHT FROM UNION

The city previously bought the property for $21,250 from the United Rubber Workers International Union.

Action was deferred one week last night on vacationg portions of Young and Kennett adjacent to a projected Fisher Body Plant parking lot. The postponement was granted to permit a meeting with neighboring residents.

Vacation of an alley parallel to Montcalm, between Corwin and Blaine, was approved in relation action.

★ ★ ★

Public hearings were set for Sept. 20 on vacating two alleys bordering properties at 21, 29 and 33 Michigan, between Belmont and the M59 right-of-way.

Plea on Plan Unanswered

Pontiac's plea for an answer as to why the city's workable program for community improvement has not been recertified has largely gone unanswered.

Mayor William H. Taylor Jr. disclosed last night that only one of the city's three representatives in Congress had replied to his telegram on the question.

Taylor said the office of Congressman Billie S. Farnum had contacted him yesterday and offered to set up a meeting here with a Housing and Urban Development (HUD) agency representative to explain the workable program.

Taylor and some of the other commissioners indicated the city did not want or need an explanation of the program, but rather wanted a reply on who or what was holding up recertification.

The workable program for community improvement is a document detailing efforts of a local community to improve itself while involved in federally-sponsored programs, such as urban renewal.

NECESSARY STEP

Annual recertification is necessary for continued federal support.

Taylor said the commission felt the city's staff was "very aware" of what the workable program was.

Reacting in even stronger terms, Commissioner Leslie H. Hudson said the city had complied with every request, answered every question fully and it was up to the city's representatives to find out what the delay was.

Hudson reiterated that local projects, particularly those aimed at easing the housing shortage, were being held up by the lack of recertification.

★ ★ ★

"Evidently," concluded Hudson, "the shortage of homes isn't important enough to our representatives."

Taylor is to follow up last week's telegrams with another batch this week, again asking why the city's 1965 workable program has not been recertified. The certification expired April 1.

Hospital Gets Okay to Seek Federal Aid

The City Commission last night authorized application by Pontiac General Hospital for federal aid to carry out proposed expansion of its emergency facilities.

★ ★ ★

Expected to cost $600,000 to $700,000, the emergency facilities are planned for a one-story building to be constructed to the rear of the present building.

The commission authorized application for up to $322,000 in federal Hill-Burton hospital construction funds. The balance of the construction monies are to come from the hospital.

The commission's action last night also authorized the Pontiac General Board of Trustees to go ahead and hire an architect to prepare plans for the expansion.

★ ★ ★

A two-phase construction program expected to total $2.1 million has been proposed for the city-owned hospital. Added emergency and mental health facilities are slated through the building program.

WILLIAM D. McMASTER

GOP Position to Resident

A Pontiac Township man William D. McMaster has been appointed 63rd legislative district director of the Republican Party by Oakland County Chairman Joseph R. Farnham.

McMaster, 2322 Old Salem, is a communication specialist for the Burroughs Corp., and was formerly employed as public relations director for Junior Achievement of Southeastern Michigan.

A member of the Economic Club of Detroit, the Detroit Press Club and the Public Relations Society of America, McMaster serves as director of governmental affairs for the Detroit Junior Board of Commerce.

Road Projects Let in County

Three contracts, one of them for $1,319,371, have been awarded for Oakland County highway projects by the Michigan State Highway Department.

The largest went to the Sargent Construction Co. of Saginaw for the widening of 2.3 miles of I-96 from the Livingston County line east and the widening of bridges over the Huron River and Kensington Road in Lyon Township.

The widening is to be finished by Aug. 31, 1967. The two other projects involve landscaping of I-75.

The J. D. Armstrong Landscaping Co. of Fraser was awarded a $91,484 contract to develop 8.6 miles from Baldwin to U.S. 10.

★ ★ ★

The remaining 12.3 miles from Dixie to M54 will be landscaped at a cost of $64,608 by the Marine City Nursery of Marine City.

The landscaping projects are scheduled for completion by Nov. 30, 1967.

Voters Get Tax Plan 2nd Time

BAY CITY (AP) — The Bay City Commission has agreed to put a city income tax before voters for the second time.

Commissioners voted Monday night to place the issue, defeated in a special advisory election earlier this year, on the Nov. 8 general election ballot.

Commissioners said they felt the income tax was the only fair method of raising funds for a capital improvement program. If approved, the tax levy would be one per cent on residents and one-half cent on non-residents who work in the city.

The commission promised to reduce property tax by four mills, or $4 per $1,000 of assessed valuation, if the income tax is approved.

Prompt Action Will Save the Day When Freezer Stops

Do you know what to do if your freezer stops?

Quick action can keep food from spoiling. The Rural Defense Office, Michigan State University, lists steps you should take when your freezer stops:

Keep the freezer door closed. Determine the cause of the failure and then decide what your next step will be. If the freezer has stopped running because of the freezer's failure, call a repairman immediately.

If the problem is a power failure, replace the fuse and check it. Call the power company to report a line failure and ask the company for an estimate of interrupted service.

Check with your dealer to learn how long the food will stay frozen. Then mount of food in the freezer, the type of food stored in it, and the construction of the freezer all determine how long the food will be frozen.

The average freezer will keep food frozen 24 to 48 hours, depending on the amount of food stored in the freezer and the insulation used in the freezer's construction.

If a freezer is very cold and full, "wrapping" it will extend the period for keeping food. To wrap a freezer, place several layers of newspapers over the door seal area and tape the layers in place.

Spread a light blanket flat on the floor and cover it with firmly crumpled newspaper to a depth of three inches. Lay a heavy blanket over the crumpled paper, and pin the blankets in two-foot squares to hold the paper in place. Both blankets must be large enough to cover the entire freezer and be sealed to the floor.

SEAL TO FLOOR

Place the blanket pad over the freezer with the light blanket on the inside and seal the pad to the floor with weights. The pad must be removed from the freezer just as soon as the appliance begins to operate again.

To clean a freezer after it has stopped for a time, wash the inside with soap and water. Go over the surface with a dry cloth, asd then wash again with baking soda, vinegar, or ammonia mixed with water.

If an odor still persists, place a source of dry heat in or near the freezer and leave the door or lid open. Activated charcoal burned in a metal grill is one way to dry out the freezer and absorb odors.

Put the grill just outside the open freezer door, or if the grill is small enough, put it inside. Use only a small amount of charcoal and be sure the grill doesn't touch the sides of the freezer. After, a few hours blow the air out with a fan.

You could also use an electric heater and keep a fan going constantly at low speed.

Thawed food is a great problem when a freezer stops running. Poultry and fish should be discarded if there is any sign of spoilage.

However, if it still contains ice crystals, it can be refrozen immediately or stored in a refrigerator under normal conditions. Or it could be cooked and eaten immediately or canned.

Meat, fruit and vegetables that are still firm and have ice crystals may be refrozen too. If they have thawed completely, but color and smell are all right, they can be cooked and eaten or canned. Fruits can be made into jams, jellies and preserves.

Discard any package that seems fermented or spoiled.

Be sure to refreeze vegetables, shellfish and cooked foods IMMEDIATELY. Odor and color won't tell whether foods are spoiled and bacteria can live at low temperatures.

BRAISED CHUCK ROAST OUTDOORS — Economical Braised Beef Chuck Roast Rosemary and tiny browned potatoes, kettle-cooked slow and easy until juicy- tender, makes a handsome dinner with little fussing.

Easy Cook-Out

Charcoal Cooks Roast

There's no doubt — summer's greatest pastime is cooking outdoors. Cook-outs can be enjoyed by most everyone. No fancy equipment or costly foods are necessary to make outdoor cooking and eating an occasion.

For an easy cook-out dinner, tote a heavy cast iron or aluminum Dutch oven outdoors and cook a fine roast. Braised Beef Chuck Roast Rosemary, cooked over a charcoal fire, makes a handsome dinner with little fuss and for a little price.

Brown the beef chuck on both sides in a Dutch oven, over a hot charcoal fire. Add a sauce with a bouquet of interesting seasonings and herbs, cover the pot and set it in a spot on the grill where the meat will cook gently until fork tender, about 2½ hours.

There will be plenty of time to weed the garden or take a siesta while the meat is cooking. What a lazy, fun way to cook a meal!

BRAISED BEEF CHUCK ROAST ROSEMARY

- 4 to 5 pound beef chuck roast
- 2 tablespoons shortening
- 1 cup sliced onion
- 2 cloves garlic, finely minced
- ½ cup catsup
- ½ cup water
- ¼ cup red wine vinegar
- 2 tablespoons Worcestershire sauce
- 1 teaspoon dry mustard
- 1 teaspoon rosemary
- 1 teaspoon salt
- 1½ pounds peeled fresh or frozen small whole potatoes

In a heavy pan brown meat well on both sides in hot shortening. Add onion and garlic. Cook until onion is limp. Combine remaining ingredients, except potatoes, and pour over meat. Cover and cook slowly until meat is fork-tender, about 2½ hours.

Drop potatoes around roast about 25 minutes before end of cooking time. Cover and cook until tender. Yield: About 8 servings.

Luncheon Meat Bakes With Cornbread

Sophisticated cooking has its place in even the busiest homemaker's schedule. Although elaborate dishes take extra time and effort, it's fun occasionally to present a delectable expression of your own creativity — a very special something that's deftly touched with herbs, spices, and imagination.

But these once-in-awhile culinary adventures are the icing on the cake — when it comes to everyday cooking, the key is simplicity. A look through your recipe collection will prove it; we'll bet the homey, uncomplicated recipes hold top spots in your file.

Here's such a recipe — tempting Cornbread Bake with Mushroom Sauce, a quick and easy main dish that teams convenience foods in an inspired way.

Bake hearty canned luncheon meat strips into a base of golden cornbread — packaged mix, of course. Hot-from-the-oven Cornbread Bake comes to the table cut into generous servings, topped with a savory mushroom sauce enhanced with the gentle flavors of honey and nutmeg and sparked with a hint of lemon.

Think the sauce requires lengthy preparation? Not today —saucery is simplified when you begin with canned mushroom gravy. This smooth, rich brown gravy full of choice sliced mushrooms is the perfect "finishing touch" for hurry-up dishes.

Remember canned gravies (in addition to mushroom, choose from beef, chicken, and giblet) when you prepare convenient skillet dishes and casseroles or when you sauce potatoes, meats and sandwiches. Canned gravies are the quick-cook's favorite helpmate!

Cornbread Bake with Mushroom Sauce

- ½ package (12 to 14-ounce size) corn muffin mix
- ½ cup milk
- 1 egg
- 1 can (12 ounces) luncheon meat, cut into 8 strips
- 1 can (10½ ounces) mushroom gravy
- ¼ cup honey
- 1 tablespoon lemon rind
- ⅛ teaspoon nutmeg

Combine corn muffin mix, milk, and egg; pour into greased shallow baking dish (10x6x2"); arrange meat on top. Bake at 400 degrees for 20 minutes or until browned. Meanwhile, in saucepan, combine remaining ingredients. Heat; stir now and then. Serve with Cornbread Bake. Makes 4 servings.

CORNBREAD BAKE — Corn muffin mix, canned luncheon meat, and canned mushroom gravy team in this winning main dish. Try this Cornbread Bake with Mushroom Sauce for brunch, lunch, or supper.

YOU MAY HAVE
PIN-WORMS
AND NOT KNOW IT

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms...ugly parasites that medical experts say infest 1 out of every 3 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then — Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge . . . ; small, easy-to-take tablets . . . special sizes for children and adults.

PEACH TARTS

Crop on Light Side

Peach Season Is Just Under Way

By JANET ODELL
Pontiac Press Food Editor

Peaches are a little less plentiful this year because of the May freeze. But there are enough for us all to enjoy some of our favorite peach dishes.

All Michigan peaches are "freestones" and most of them are a variety of the Halehaven which was developed in Michigan and now makes up half of the world's peaches.

Most orchards cool their fruit in an ice water bath as soon as it is picked. This allows the peaches to ripen more evenly.

Look for peaches that are bright and fresh in appearance with a yellow or creamy background. Avoid green peaches.

Let the fruit ripen at room temperature, then put in the refrigerator. Do not allow peaches to sit on the window in the sun the sun causes shriveling and possibly decay.

Fresh peach tarts are simple to prepare. In this recipe you do not cook the fruit.

FRESH PEACH TARTS

3 lbs. (about 12 medium) fresh peaches
1 tablespoon fresh lemon juice
1 cup sugar
4½ teaspoons cornstarch
6 (5-inch) baked tart shells
Whipped cream

Peel and slice peaches into eighths. Combine peaches, lemon juice and sugar. Let stand 20 minutes.

Drain juice into a measuring cup. There should be 1 cup of liquid. If not, finish filling cup with water. Blend in cornstarch and cook until transparent. Cool.

Divide fruit equally among six tart shells. Spoon cold sauce over each tart to form a glaze. Chill until the glaze is set. Garnish with whipped cream.

If you prefer a dessert with cooked peaches, try a peach cobbler, using a coffee cake mix for the topping.

SUNNY PEACH COBBLER

Peach Base:
5 cups sliced fresh peaches
¼ cup sugar
1 tablespoon lemon juice
1 envelope cinnamon topping from coffee cake mix

Topping:
One 10-½-oz. pkg. easy coffee cake mix
⅛ teaspoon nutmeg
1 egg
½ cup milk

Sauce:
¾ cup dairy sour cream
½ cup sifted confectioners' sugar
¾ teaspoon grated orange rind

Heat oven to 375 degrees. Place peaches in 8-inch square baking dish. Sprinkle with sugar, lemon juice and envelope of cinnamon topping contained in easy coffee cake mix package. Place peach mixture in oven 15 minutes.

Put nutmeg, egg and milk into large bag of mix. Follow directions for mixing. Mix about 40 seconds or until egg is completely blended.

Squeeze bag to empty batter evenly over hot peaches. Bake in pre-heated oven 30 to 35 minutes. Serve warm with sauce, made by combining all ingredients. Makes 6 servings.

Peach Velvet is a frozen dessert. It should ripen about four hours or more, so you can make it early in the day.

PEACH VELVET

1 envelope whipped topping mix
½ cup cold milk
½ teaspoon vanilla
¼ teaspoon almond extract
1½ cups chopped fresh peaches
¼ cup sugar

Combine whipped topping mix, milk, vanilla, and almond extract; whip as directed on envelope. Combine peaches and sugar; then fold into prepared whipped topping.

Pour into a shallow pan. Freeze about 30 minutes; then stir thoroughly. Cover with wax paper or foil. Freeze until firm—about 3 hours.

Spoon onto slices of honeydew melon or cantaloupe and garnish with additional sweetened sliced peaches and sprigs of mint, if desired. Makes about 4 servings.

Note: Flavor improves if allowed to ripen 4 hours or more.

Brandied peaches have been a favorite specialty for generations. They are so simple to prepare that you will want to do more than one batch.

Brandied peaches are an elegant dessert by themselves or a fabulous sauce for ice cream.

BRANDIED PEACHES

9 or 10 firm but ripe peaches
2½ cups water
3½ cups sugar
Brandy

Dip peaches into boiling water for a few minutes to loosen the skins; slip off skins. Blend water and sugar in a shallow, wide saucepan, bring to a boil.

Add fruit, a few peaches at a time and poach, with the syrup just at a simmer, until the fruit is tender enough to be pierced with a wooden pick. Remove to hot, carefully washed or sterilized jar.

When all the peaches are cooked, bring syrup to a boil and cook rapidly for a minute or two. Measure and add half as much brandy as syrup. Cover fruit with brandy mixture and seal the jars.

Store for at least two weeks before using. Makes 2 pints.

Trip Meals Discussed in Booklet

For millions of Americans this year, it will be "bon voyage" and "bon appetit" as they enjoy outdoor living and cooking on wheels while discovering America.

To make the trip more enjoyable, Ford Motor Company has published Volume II of the Ford Times "Traveler's Cookbook."

Prepared for car travelers, picnickers and outdoor chefs, the book includes 41 prize-winning outdoor recipes from readers of the Ford Times magazine.

This year's cookbook is divided into four categories — "Cooking en Route — Family Style," "Gourmet Cook's Tour," "Cooking for Campers" and "Back Packing: One-Burner Banquets."

The cookbook was edited by Nancy Kennedy and Mary Augusta Rodgers. Miss Kennedy is women's editor of Ford Times and has edited four volumes of the popular "Ford Treasury of Favorite Recipes from Famous Restaurants." A native of Detroit, she reports on the worlds of auto travel and cooking.

Miss Rodgers, who resides in Birmingham, Mich., is a freelance writer of fiction and articles for national women's magazines.

* * *

Copies of Volume II of the cookbook are available at many Ford dealerships or can be obtained at 50 cents each by writing to Ford Books, Dept. A, P.O. Box 1059A, Detroit, Mich. 48232.

PEACH VELVET

BRANDIED PEACHES

Creamy Dressings Fills Tomatoes

Once a year — during the height of the tomato season — you can indulge in the riotous use of fresh tomatoes. Stuffing them with a virety of fillings is a way to surprise your family. Try Mushroom Stuffed Tomatoes.

For 8 large, firm tomatoes — tops sliced off and centers scooped out—make the filling as follows: Fry ½ cup chopped bacon and in the drippings, brown 1 tablespoon finely chopped onion and ¼ cup chopped celery. Blend with 1 quart of toasted ½-inch bread cubes and add 1 can of condensed mushroom soup. Stuff tomato shells with the mushroom mixture.

Top each with ½ tablespoon grated Parmesan cheese. Bake at 350 degrees for 30 minutes.

Put Luncheon Meat in Potato Salad

A summertime picnic is made up of sand and flies and sometimes bruised knees on overeager softball buffs. Summer picnics are made of food, too . . . a bountiful array of foods that can be served just as well indoors, but always taste much, much better under the sun.

And no picnic menu is complete unless one of those foods is a hearty, well-seasoned potato salad.

If you don't have a truly good recipe for such a salad or if you feel the need of trying something new, give this one a test next time you plan a picnic menu.

It's delicious and hearty enough to be the main course if you choose, because there are strips of luncheon meat tossed with the other salad ingredients. The canned luncheon meat adds to the color and the flavor of the potato salad and, combined with the hard cooked eggs, makes this a dish that can be counted as very high in important proteins.

The tang of onion and the refreshing coolness of cucumber are pleasing partners in this potato creation that's dressed with mayonnaise AND dairy sour cream.

Olive-Tomatoes

Olive stuffed tomatoes . . . you'll have to see them to appreciate their charm. Simply cut off the tops of cherry tomatoes and carefully hollow them out. Drain upside down on a paper towel. Stuff with big shiny pitted ripe olives. They always just seem to fit!

Sour Cream Potato Salad

6 cups diced cooked potatoes
¾ cup diced pared cucumber
¼ cup sliced green onion
1 12-ounce can luncheon meat, cut in ¼-inch strips cut in ¼-inch strips
1 teaspoon celery seed
1½ teaspoon salt
⅛ teaspoon pepper
1 cup dairy sour cream
⅓ cup mayonnaise
¾ cup vinegar
1 teaspoon prepared mustard
4 hard cooked eggs

Combine potatoes, cucumber, onion, luncheon meat, celery seed, salt and pepper; toss lightly to mix. Blend sour cream, mayonnaise, vinegar and mustard; add to potato mixture and mix lightly.*

Dice three eggs and fold in gently. Chill. Slice remaining egg and use for garnish when serving. Makes 8 servings.

SOUR CREAM POTATO SALAD — Bite-size strips of luncheon meat are added to this potato salad before the combination dressing of sour cream and mayonnaise. It's a picnic dish you'll enjoy at the beach, in the park or simply in your own back yard.

Frozen Vegetables Cook Well on Outer Edge of Grill

It's convenient and practical to cook frozen vegetables over coals. While the steak, chicken or seafood is being cooked on the center part of the grill, the accompanying vegetables can be cooked at the outer edge where the heat is less intense.

No matter what type of frozen vegetable product is used—solid pack, loose pack, plain or with sauce — there is an easy way to cook it. Here is the basic technique:

Plain Vegetables: Place solid block or as much as desired of loose-pack frozen vegetable in center of square of heavy duty aluminum foil. Add pats of butter, salt and any seasonings desired.

Form a tight package by bringing opposite sides of foil together and sealing with a double fold. Seal ends with double folds.

Place on grill and let steam until done, turning the packages occasionally so vegetables cook evenly.

Vegetables With Sauces: If packaged in cook-in foil container, remove cardboard or foil cover. Cover with a tent made from a double thickness of heavy duty foil. Place on grill.

If packaged in a polybag, cut bag open with scissors and remove contents. Wrap in a square of heavy duty foil as indicated for plain vegetables.

In general, allow 10 to 15 minutes more time than when cooking frozen vegetables on top of the range. As for all outdoor cooking, the exact cooking time depends upon many variables: temperature of coals, distance from coals, temperature of the day, amount of wind.

Vegetable casseroles also can be cooked over coals. For easy clean-up, use a heavy black cast iron skillet and line it with foil. Place foil cover lightly over the top to aid in heating the top surface.

If the outside of the skillet is coated with soap, smoke stains will adhere to the soap and can we washed off easily without scouring.

Portuguese Vegetable Casserole

2 slices bacon, diced
1 cup finely chopped smoked ham
¼ cup frozen chopped onion
¼ cup frozen chopped green pepper
1 cup chopped ripe tomato
¼ cup drained capers, chopped
½ cup water
½ teaspoon crumbled oregano leaves
2 teaspoons salt
⅛ teaspoon freshly-ground black pepper
2½ cups loose-pack frozen lima beans
2½ cups loose-pack frozen Italian green beans
1 cup frozen whole kernel corn
Heavy duty aluminum foil

Put bacon and ham in a large cold skillet. Cook over low heat until lightly browned. Add onion and green pepper; cook about 5 minutes, or until tender, stirring frequently.

Add tomato, capers and water; cook, covered, 5 minutes. Add frozen vegetables. Mix well. Transfer to a 10-inch cast iron skillet which has been lined with a double thickness of heavy duty aluminum foil.

To cook, place at edge of grill or about 6 inches above gray coals. Cover with foil. Allow 40 to 50 minutes cooking time, removing foil to stir occasionally. Makes 10 to 12 servings.

Bake Onions With Butter

It's an easy and delicious way to oven-cook a vegetable.

Rosy Onions

6 medium (1½ pounds) onions
2 tablespoons each butter (soft), honey and water
½ teaspoon salt
1 teaspoon paprika

Peel onions and cut in half crosswise; place in a baking pan (about 10 by 8 by 2 inches). In a small bowl, mix together the soft butter, honey, water, salt and paprika; spread over onions; cover tightly — with foil if pan has no cover.

Bake in a moderate (350 degrees) oven until onions are tender — 45 to 60 minutes.

Kraut Stuffing Has Some Varied Uses

Kraut stuffing is ideal for baked or barbecued meat and fish.

Thoroughly drain 2 cups of sauerkraut, reserving ½ cup of juice; chop kraut. Mix reserved juice with ½ cup of melted butter or margarine, ½ cup of water, 1 (8 ounce) package of prepared bread stuffing mix, 1 beaten egg, ½ cup of chopped onion and ¼ cup of chopped parsley.

Roll ham slices, bologna slices or chopped beef around stuffing or use it to fill cavity of chicken or fish and bake or barbecue on outdoor grill.

COOKING OVER COALS—All types of frozen vegetables—plain, with sauce, solid pack, loose pack—can be cooked easily over coals. Illustrating the technique, starting at top and continuing clockwise, are: broccoli with cheese sauce in cook-in foil container; loose-pack frozen vegetables combined in casserole recipe; solid-pack whipped potatoes with butter pats and seasoning; peas and onions in butter sauce removed from polybag for grilling in foil.

Chinese Cooks Put Cucumber in Shrimp Dish

An interesting dish adapted from a Chinese cookbook cooks cucumbers.

Shrimp With Cucumbers

Pound shrimp (28 to 30 count) shelled and deveined
1 teaspoon each salt and sugar
2 teaspoons cornstarch
1 tablespoon dry sherry
1 clove garlic, minced
2 large cucumbers, peeled and quartered lengthwise
3 tablespoons salad oil
2 tablespoons minced scallion

Cut each raw shrimp lengthwise and crosswise to make 4 pieces. Stir together ½ teaspoon of the salt, sugar, cornstarch, sherry and garlic; mix with shrimp and reserve.

Cut seeds away from quartered cucumbers; cut crosswise into ½-inch pieces. In a 10-inch skillet, heat 1 tablespoon of the oil; add the cucumber, scallion and remaining ½ teaspoon salt; cook lightly, stirring, for several minutes; remove and reserve.

Heat the remaining 2 tablespoons oil in the skillet; add shrimp; cook and stir for a few minutes or until opaque through. Stir in cucumber and reheat. Makes 4 servings.

Ever add grated Swiss cheese to mashed potatoes? Good served with veal or chicken breasts.

MTU to Probe 'Political Role'

School Charged With Helping a Candidate

HOUGHTON (UPI)—A spokesman for Michigan Tech University today said the school would investigate a charge it helped a political candidate in the recent primary campaign.

Houghton County Prosecutor Walter T. Dartland said yesterday the school was guilty of "a serious breach of public trust," and asked the auditor general's office to investigate a complaint he said he received from an employe of the school.

A spokesman for the university said, "The charges of the prosecuting attorney came as a complete surprise to the university."

He said school authorities would "investigate the situation to see if state or university regulations have been violated" and added the school will "take appropriate action."

* * *

The complaint filed by Dartland alleged that the employe was sent in a school car on school time to Ironwood three days before the election to pick up an envelope marked "political ad" and deliver it to Houghton.

LOSING CANDIDATE

Dartland was one of two unsuccessful candidates who opposed Sen. Joseph S. Mack, D-Ironwood, in the 38th District Democratic primary.

Mack also is a member of the Senate Appropriations Committee, which, among other things, controls the purse strings of the state's colleges and universities.

Detroit Board to Ask 5-Mill School Hike

DETROIT (AP) — The financially troubled Detroit School Board agreed Tuesday to ask voters to approve a five-mill increase in the school tax.

The proposal, which would raise taxes $5 per $1,000 of assessed valuation, will be on the Nov. 8 general election ballot.

The board reasoned that Detroit's current 7.5-mill tax has declined by $10 million since 1961 because of a drop in the city's total assessed valuation.

Earlier this year, the board had decided to put first and seventh graders on half-days because of a money shortage. However, this action was rescinded last week after a meeting with state officials and Gov. George Romney.

* * *

Romney, the Legislature and State Board of Education indicated verbal agreement to aid Detroit schools. However, a Detroit board spokesman said Tuesday that all state officials said a prerequisite to state assistance would be a larger local effort by Detroit.

Kelley Set to Meet on Motorcycle Drive

LANSING (UPI) — Atty. Gen. Frank J. Kelley planned to launch his motorcycle safety campaign today by meeting in his office with law enforcement officials to lay groundwork for uniform standards and possible new legislation.

* * *

Invited to the first of three scheduled meetings were representatives of the State Police, local police, sheriffs, prosecuting attorneys, city attorneys, and secretary of state's office and appropriate legislative committees and safety commissions.

* * *

Kelley said response to his call for action due to the skyrocketing use of motorcycles was "most encouraging."

Actress Is Dead

HOLLYWOOD (AP) — Actress Seena Owen, who made more than 50 films between World War I and the early 1930s, is dead at 72.

Miss Owen, who died Monday at Hollywood Presbyterian Hospital, will be buried in Hollywood Cemetery Thursday following private funeral service.

Detroit May Push for State Law to Confiscate Slum Housing

DETROIT (AP)—City officials are considering a plan to confiscate slum housing from landlords who refuse to meet health and safety laws in the dwellings.

The proposal, described by Mayor Jerome P. Cavanagh as among "possible new and different techniques" to solve Detroit's rundown housing problem, is modeled after a program in Chicago.

* * *

Harold Black, director of the Mayor's Committee for Community Renewal, said until now most rehabilitation of slum housing in Detroit "has been as a result of moral persuasion."

Under the plan, he said, officials would seek enactment of a state law allowing a court to order confiscation of slum dwellings if landlords refused to meet safety or health regulations.

* * *

A nonprofit corporation would be established to rehabilitate the confiscated dwellings. But landlords could regain ownership of their properties by paying the agency for upgrading the housing.

* * *

State funds probably would be sought to give the corporation capital to use in repairing the dwellings and making them fit for habitation, he said. Rents collected from refurbished buildings would repay costs of repairs, he said.

* * *

Black said "there could easily be several hundred buildings" in Detroit which might fall under such a program.

She Was the First in Long, Tragic Line

LONDON (AP) — A special church service was held today in memory of Bridget Driscoll, Britain's first reported victim of the automobile.

Exactly 70 years ago — on August 17, 1896 — Mrs. Driscoll was knocked down and killed by a car traveling at four miles an hour. Her death created a public outcry.

Last year, 7,952 Britons — about 3,000 of them pedestrians — were killed in automobile accidents.

South Viets: Regret Bombing of Border Village

SAIGON, South Viet Nam (AP) — The South Vietnamese Foreign Affairs Ministry expressed regret today over the bombing of a village on the Cambodian-Vietnamese border and said it would pay compensation to the victims.

* * *

The ministry communique disagreed, however, with the contention of Cambodia's chief of state, Prince Sihanouk, that the village, Thlok Trach, was in Cambodia. It said the village was under Viet Cong control and inside Viet Nam and referred to a Cambodian chart for proof.

In Washington, the U.S. government also expressed regret Wednesday over the bombing incident and said that the visit of representatives of the International Control Commission to Thlok Trach Aug. 2 "clearly indicates that the area in question is under the administration of the Royal Government of Cambodia."

* * *

The Vietnamese communique said:

* * *

"Following erroneous versions given about the Thlok Trach incident, the Foreign Affairs Ministry deems it necessary to give the following exact Viet Cong control, are inside the information:

"The above villages, under Viet Cong control, are inside the Vietnamese boundaries, as proven by a chart of Cambodian origin Cambodian - Vietnamese borders map drawn in March 1964 on 1-100,000 scale Prey-Weng East Indochina map, sheet No. 209E.

* * *

"The government of the Republic of Viet Nam plans to pay damages to the victims and regrets that the incident has caused losses in human lives and material damage.

Killed in Action

WASHINGTON (AP) — Army 1st Lt. Robert B. Hadden of Roseville, Mich., was listed by the Pentagon yesterday as killed in action in Viet Nam. He was the husband of Sharon L. Hadden of Roseville.

Blizzards in Miami

MIAMI, Fla. (AP) — It may not snow in Miami, but there are plenty of Blizzards. The telephone directory lists 14 Blizzard families.

Prof Out on Limb: Claims Tree Tallest

BERKELEY, Calif. (AP) — Dr. Paul Zinke, University of California associate professor of forestry, says he has found the tallest living tree on record.

* * *

Zinke said the giant is a 369.3-foot redwood tree in the Founders Grove of Humboldt Redwoods State Park.

The tallest tree previously listed is the 367.8-foot Howard Libbey tree on Redwood Creek in Humboldt County, discovered in October 1963.

GOP Conservative Has Slim Lead in Wyoming Race

WASHINGTON (AP) — Former Wyoming Rep. William Henry Harrison, a conservative Republican who was turned out of office in the Democratic sweep of 1964, clung to a slim lead early today in his comeback bid.

A heavy crush of late ballots delayed counting in Tuesday's Wyoming primary, but Harrison, 70, held a 800-vote lead over Roy Peck, 44, a Riverton newspaper publisher, with two-thirds of the vote tallied.

In other top state races, Democrats Ernest Wilkerson and Mayne Miller, two Casper attorneys, took commanding leads in their battles for the Democratic nomination for governor and congressman. Republican Stan Hathaway held only a two-vote margin in his race for the GOP gubernatorial nomination.

Montana also held a statewide primary Tuesday but there was only one major contest.

BIG LEAD

In that, radio station owner Richard D. Smiley of Bozeman pulled into a big lead over Butte miner Edward P. Canty with about one-third of the votes counted in their race for the Republican nomination for Congress.

The winner will face three-term Democrat Rep. Arnold Olsen in November. Olsen had no primary opposition.

* * *

Also nominated without opposition were Sen. Lee Metcalf, who is seeking a second term this November, and his Republican challenger, Gov. Tim Babcock.

In the state's other congressional district, Republican Rep. James F. Battl and his challenger, Democrat John D. Melcher, were nominated without opposition.

WINS UNOPPOSED

In Wyoming, Rep. Teno Roncalio was unopposed for the Democratic senatorial nomination. His opponent will be Gov. Clifford Hansen, who easily won the nomination for the U.S. Senate, outpolling I.W. Kinney by a better than 5-to-1 margin.

Roncalio, a liberal Democrat, defeated Harrison in 1964. Harrison had served four House terms, two of them in the 1950s and again from 1960 to 1964.

* * *

Hathaway, 42, a Torrington attorney, and State Rep. Joe Burke, 48, a Casper sheep rancher, were locked in the state's closest race — for the Republican nomination for governor. A third candidate, Arthur Linde of Laramie, was far behind.

On the Democratic side, Wilkerson, a 45-year-old graduate of Yale, led a field of six candidates, including former acting Gov. Jack Gage and State Reps. Bill Nation and Howard Burke. Wilkerson held a 1,000-vote lead over his nearest challenger, Casper attorney Raymond Whitaker.

* * *

Miller faced three other candidates, but only one of them — State Rep. Al Christian — provided a serious challenge. Miller led Christian by about 700 votes with less than 50 per cent of the precincts reporting.

Royalty en Route

LONDON (AP) — Prince Philip, his son, Prince Charles, and daughter, Princess Anne, returned from Jamaica today and flew to Scotland to join Queen Elizabeth II vacationing at Balmoral Castle.

The prince and his children attended the British Commonwealth games in Jamaica.

What Quality Beef Does A&P Sell?

That's a fair question. But not an easy one to answer because we have our own quality standards, different from any other meat merchant.

These standards don't fit exactly the familiar terms you know for grades of meat. As an example, did you know that some beef, graded U. S. Choice, just doesn't meet our "Super-Right" specifications? It's true! You see... we don't buy by grade. We use our own high standards to bring you the best values.

That doesn't mean we don't approve of such grading—not at all. It just means we're very fussy about the beef we label "Super-Right." It stands to reason we have to be or A&P wouldn't be America's number one meat merchant.

If you haven't learned the true meaning of "Super-Right" Quality—try it. Let the taste be the test. After all, it doesn't matter what the label or grade is. It's the EAT in the MEAT that counts.

The EAT in the MEAT is unconditionally guaranteed in "Super-Right" Beef. Either you agree that the "Super-Right" Beef you buy is as flavorful, as tender as you think it should be or you get your money back.

Is it any wonder with a quality guarantee like that, that "Super-Right" Beef is the choice of thousands?

Are "Super-Right" Meats a good reason for shopping A&P?

They're one of many!

Aliens Die for U.S. in Viet

WASHINGTON (AP) — An estimated 24 non-American citizens have been killed while serving in U.S. forces in Viet Nam, Pentagon records indicated today.

An unofficial check disclosed possible, although not definite, alien casualties from Yugoslavia, Colombia, Jamaica, the Netherlands, Switzerland, Venezuela, Ireland, Costa Rica, Haiti, Germany, Canada and the Philippines.

A Defense Department spokesman said the exact number of non-American citizens who have died fighting with U.S. units in Southeast Asia is not known because Pentagon casualty records do not specify citizenship.

The two dozen is an estimate based on Pentagon files listing foreign addresses for Viet Nam victims' primary next of kin.

The check excluded what appeared to be American men with wives of other nationality living in such countries as Germany and Japan, or at U.S. installations in the Philippines, Guam and Okinawa, for example.

The defense press office has not assembled an official list of non-American dead in the Viet Nam war because, it was explained, this would require an extensive check of individual personnel files not available in Washington.

* * *

Nor can the services say how many non-American citizens wear the U.S. uniform in Viet Nam, although they estimate 24 390 aliens are among the three million persons serving in Army, Navy, Air Force and Marine units around the world.

Bodies of 3 Babies Found in Freezer

TOFIELD, Alta. (AP) — Discovery of the bodies of three babies wrapped in brown paper and placed in a seldom-used freezer cabinet has led to the arrest of a 22-year-old woman in Edmonton.

* * *

Patricia Florence Brown was arrested Tuesday and charged with concealing information that she had given birth. In a brief court appearance, she was remanded one week in custody.

More Yanks Needed, Says Ky

PLEIKU, South Viet Nam (AP) — Premier Nguyen Cao Ky said today the ultimate size of the American troop commitment in Viet Nam would depend on the enemy buildup but he added that more U.S. troops were definitely needed.

Ky told newsmen there were many imponderables in the future of the war, including the possibility that Communist China might commit troops to the conflict.

"If that happens, of course we will need more American troops," Ky said.

Asked about his comment last week that American forces could possibly begin withdrawing in two years, Ky said he had been misquoted.

Ky said that he had replied to questioners that in two years, if a democratic government could be established and the armed forces of Viet Nam were built up, then the situation might enable Americans to begin moving out.

"It all depends on the other side and what they do," Ky said.

Ky talked with newsmen at the headquarters of the newly arrived units of the U.S. 4th Division near Pleiku.

The premier earlier had viewed a display of North Vietnamese weapons captured during Operation Paul Revere west of Pleiku.

He also questioned some North Vietnamese prisoners taken in the operation, including a lieutenant.

Ky termed a success the recent fighting along the Cambodian frontier.

"I don't see how the Communists can win in the dry season when they have failed in the wet season. This is the time of the year for their advantage," he said.

Approximately 292,000 U.S. troops are now in Viet Nam, and about 100,000 more are expected by the end of this year.

South Viet Nam Has Election Fever

SAIGON (UPI) — South Viet Nam has election fever and has it bad.

The rich are giving to the poor.

The police are preparing for mayhem.

American officials are worried but happy.

* * *

It is all very strange — especially the election.

FREE AS POSSIBLE

This troubled country has not experienced the rigors and pleasures of an election in three years and then the voting was done under dictator Ngo Dinh Diem.

Counters seemed to stop tallying opposition votes when they ran out of fingers.

A free election, and the coming vote Sept. 11 probably will be about as free as is possible in Asia with the Viet Cong at the gates, is therefore as exotic as a hot dog in Saigon.

* * *

Take the society ladies whose husbands or brothers or fathers — or possibly themselves — are candidates.

LISTEN TO POOR

They are coming out of their high-walled villas and moving through the slim alleys.

They hand out bread for the poor and smile and listen to the voice out of the bovel.

There are the American officials who used to bite their lips and toy with their office air-conditioners during discussions of South Vietnamese politics.

Said one: "Well, now we've got an election and it's as democratic as the Vietnamese probably can make it.

ELECT 108

"It doesn't have all the niceties we expect back home. But people are going to have their say. That's one of the reasons we're here, you know."

The people are going to have their say in electing 108 citizens to draft a constitution.

Premier Nguyen Cao Ky's military-dominated regime has picked this as the first step up the ladder to democratic civilian government.

* * *

The 108 elected citizens will have six months to draft the basic law.

CONSTITUTION

With Ky's approval, the constitution will be adopted and then a parliament will be elected to rule the country and allow Ky to return to his air force, if he still wants to.

South Viet Nam has about 14 million people. Half are adults and could vote.

Of these, five million adults — 70 per cent — live in non-Communist-controlled areas and are eligible to vote Sept. 11 for the constitution-writing constituent assembly.

Campaigning officially opens Aug. 26. But the game already is on.

TO CRITICIZE KY

The 542 candidates already are at work on their pamphlets and posters.

Many plan to criticize Ky's government — but not enough to risk being classed as pro-Communist or neutralist, a political sin punishable by banishment from the polls.

Most of the candidates are the educated, merchant and lawyers class who reach for political power in developing countries around the world. All will preach anticommunism.

* * *

But most are expected to stress also the South Vietnamese yearning for independence.

EQUAL PARTNERS

Twenty-five years of war have given national pride terrible punishment.

The Vietnamese regard themselves as equal if not senior partners with Americans here.

This does not displease U.S. officials, although it seems to surprise some Americans.

* * *

There are few political parties of stature. Many of South Viet Nam's 71 parties consist of members who could all dine out of one rice bowl.

The years of national woe have eroded the parties.

Japanese Tanker Is Biggest Ship Afloat

WASHINGTON — The new Queen of the Seas is a broad-beamed heavyweight with a tremendous liquid capacity — a supertanker.

The hefty monarch is Japan's Tokyo Maru, the largest ship ever launched. It has a cargo capacity of 150,000 deadweight tons. The ship is a fifth of a mile long.

Since World War II, tankers have supplanted superliners as the biggest commercial vessels afloat, the National Geographic Society says. The British are building Q4, a replacement for the venerable Queen Mary, but the new ship could be the last of the great luxury liners.

The Q4 is considerably smaller than Queen Mary. Tankers, however, keep getting bigger and bigger. Only 10 years ago, a ship merely one-third the size of Tokyo Maru was the world's greatest tanker.

Under construction in Japan is the 205,000-deadweight-ton Idemitsu Maru, scheduled for completion late in 1966. At launching, it will be the world's largest ship — temporarily. Even bigger tankers are on the way.

Japanese shipbuilders have become experts at making huge ships. One shipyard has building docks that can handle 250,000-ton ships, and experts predict that 300,000-ton tankers will be launched within a decade.

Supertankers are too big for the Suez and Panama Canals, so they must round the Cape and the Horn. But the ships carry more payload in fewer trips, and cost proportionately less to run than smaller ships.

When a Japanese tanker is launched, a large paper ball, called a kusudama, dangles from the bow. As the ship slides down the ways, the ball breaks open in a shower of festive confetti, ribbons, balloons — and live pigeons.

* * *

The kusudama is almost the only tradition that Japanese shipbuilders retain.

* * *

"I take it as a basic part of my reasoning that there is nothing to be gained by accepting traditional methods," says Wataru Shindo, head of the shipyard that built Tokyo Maru."

Prof at Tulane

SALT LAKE CITY, Utah (AP) — Dr. Keith Teemtsma of Tulane Medical School at New Orleans, La., has been appointed professor and head of the department of surgery at the University of Utah College of Medicine.

Junior Editors Quiz on FOREIGN MONEY

QUESTION: What are some of the foreign currencies worth in our money?

* * *

ANSWER: This is a good question. The answers will help you understand about foreign money when mentioned in books. The basic money unit of Spain is the peseta, originally a silver coin, later issued in brass and aluminum bronze.

The value in American money is $.0167, over 1½ cents. A peseta is worth 1000 centimos.

In Mexico, the unit is the peso, worth $.0802 in American money, just over cents. Besides Mexico, the peso serves as money unit for other Spanish-American countries, such as Argentina and Colombia, although with a different valuation in our currency.

The French nouveau (new) franc is worth $.2041, nearly 20½ cents, while the Swiss franc is worth over 23 cents.

Francs in Belgium and Luxembourg are worth 2 cents. In England, the pound sterling is worth slightly over $2.80.

The shilling, 1/20th of the pound, is valued at 14 American cents; there are 12 pennies to the shilling.

The Canadian dollar is worth one cent more than our own dollar. Remember that currency values often change for various reasons.

* * *

FOR YOU TO DO: Figure out how the American penny relates to the English penny in value.

Soap Project for Viet a Hit

LOUISVILLE, Ky. (AP) — An Army sergeant who is conducting a campaign to bring the luxury of washing with soap to Vietnamese mountain children, writes that the project is going well.

* * *

In a letter to his mother here, Sgt. Henry G. Logsdon Jr. said he has received more than 400 bars of soap since last month when he returned to Viet Nam after home leave. He said a church in Frankfort plans to send him 2,134 bars.

Iran Bus Toll at 10

TEHERAN, Iran (UPI) — Ten passengers were killed and 36 seriously injured yesterday when a bus plunged into a ravine about 100 miles north of Shiraz in southern Iran.

Rules Strict on Captured Red Arms

SAIGON, South Viet Nam (AP) —A U.S. infantryman may battle it out hand-to-hand with an enemy soldier in Viet Nam, wrestle away his weapon and kill him with it. He probably won't be able to keep the gun as a souvenir.

The Military Assistance Command Viet Nam —MACV— has a set of rules concerning war trophies. U.S. servicemen cannot bring home any semiautomatic weapon capable of firing two or more shots without being reloaded. Automatic enemy weapons are forbidden even if welded and sealed so tightly they couldn't possible be restored to use.

No allied weapon of any kind may be taken home, even those recovered from the enemy.

What this leaves isn't much—Communist-bloc revolvers, bolt-action rifles and some shotguns —all a rarety these days on battlefields.

CHINESE COPIES

Generally found after a Communist-U.S. clash are Soviet semiautomatic or automatic rifles, or machine guns or Chinese copies of them.

Probably the gun found most often is the little folding-bayonet semiautomatic carbine that is a Chinese copy of the Soviet weapon. It is followed in numbers by Chinese light automatic assault rifles copies from other Soviet guns.

Battlefields are littered with these after each big American-Communist fight: None can be brought home.

The provost marshal's office spokesman said he did not know why MACV had forbidden return of semiautomatic weapons. One military source said it is possible that authorities are trying to stop a large flow of weapons to the United States by rearming veterans.

LARGE STOCKS

U.S.units are acquiring large stocks of captured weapons and don't know exactly what to do with them.

A Marine officer said the Leathernecks are turning many of their captured weapons over to Vietnamese forces.

The U.S. 1st Cavalry Airmobile, Division has three warehouses stacked with captured weapons, most of them Chinese made. Although the cavalry has never officially said so, they are reportedly giving some to Vietnamese long-range penetration units.

Rare Tiger's Lair Is Found

Chances Good for Catch in Tasmania

By Science Service

HOBART, Tasmania — The chances of catching alive one of the world's rarest animals — a Tasmanian tiger — are the best in 30 years.

Experts said here that they are confident a tiger will return to a lair on an isolated farm in Tasmania's northwest.

A trap has been set in the lair, where the tiger had been only two weeks before.

The location of the lair, found by a farmer some months ago, is being kept secret to guard it from hunters and sightseers.

* * *

Microscopic techniques used by the Tasmanian Criminal Investigation Bureau positively identified hairs found in the lair as coming from a Tasmanian tiger.

RESEMBLES DOG

The Tasmanian tiger, a marsupial wolf, resembled a dog and has black and brown stripes over its rump. It stands between 18 and 24 inches at the shoulder.

A Tasmanian tiger was last captured 30 years ago and many hunting expeditions since have been unsuccessful.

The chairman of Tasmania's Animals and Birds Protection Panel, Dr. E. R. Guiler, said the chances of the tiger returning to the lair were good, but whether the trap would be successful was another thing.

The last positive trace of a Tasmanian tiger was four years ago, when blood and hair from a trap at Sandy Cape on the west coast were identified as a tiger's.

Dr. Guiler said if the tiger was trapped, it probably would be examined, photographed and then released.

Dean's Cottage Cheese... tender cheese nuggets, nestled deep in rich Grade A-cream.

That's Country Charm Quality.

Salads start here. With a pepper...dark green and showy. Filled to its crisp brim with Dean's cottage cheese. You'll find each nugget of cheese just the way you like it—tender, firm, and nestled in just the right amount of cream. Try Dean's Cottage Cheese soon. Humphrey Dedicates Sports Arena-Auditorium

Duluth Says 'Hello World' With $6.1-Million 'Dream'

DULUTH, Minn. — There's a new shining star in the northland, and what was once considered the No. 1 depressed area in the No. 1 port of the Great Lakes has now become a symbol for cultural and economic development.

The city of Duluth, with its 100,000 excited residents, dedicated this week at 6.1-million-dollar sports arena-auditorium with the theme "Hello World."

★ ★ ★

For Duluth residents and community business leaders it was a tough decision to make because this area was considered to be in the depth of a regional depression despite the high economic levels across the country.

Something had to be done and done fast, and Gino Palaucci, Duluth businessman who built a $50-million Chun King food business from a borrowed $2,500, led the way in less than three years.

In fact a referendum for a bond issue to provide the money had to be held in a month, and when 30,320 Duluth residents went to the polls to decide whether to borrow 3.1 million dollars, many were skeptical but the issue passed by more than a 2 to 1 margin.

Now, Manley Goldfine, Arena-Auditorium board president says 750,000 people will go through the doors in its first year and it will bring the community more business in its first year than the amount of the bond issue, and it will make this a better place in which to live."

DEDICATION HELD

Vice President Hubert Humphrey helped dedicate the magnificent structure last weekend, and as the state's native son he proudly pointed out that "this is not only a building but a catalyst that has brought the community together."

The mayor of Duluth, George Johnson added, "This project has made oil and water mix."

The arena-auditorium has already been booked for 280 of its first 365 days, including 34 conventions with a 131,000 delegate-days included, and an estimated $35 to be spent by delegate each day.

The first convention will draw 10,000 Shriners to the city this weekend.

★ ★ ★

A concert last Saturday night, featuring Metropolitan opera star Robert Merrill was the first cultural event held in the building.

Palaucci and the late Mayor E. Clifford Mork met late in 1961 to discuss their depressed community. Together they and the Chamber of Commerce went out to sell the people on the benefits of this dream, and Mork set up a citizen's committee to get the ball rolling.

Mork never saw this dream come true, but local business, private individuals and a sagging industry were determined to keep the wheels turning and last week this star of the northland was dedicated.

FACILITY SIZES

The oval arena is two feet longer than a football field and 210 feet wide. It can be prepared for a rodeo in 14 hours and cleared in 12.

The basketball floor can be down in 55 minutes, and ice can be laid in seven hours and shaved away in 70 minutes.

The 176,000 watts of lighting don't give a shadow anywhere in the place.

★ ★ ★

Six thousand people will watch Duluth hockey teams, and 8,000 will attend other events.

Temperatures for hockey can be held at 62 degrees, and sports fans of all sorts will enjoy their events with many luxuries of comfort and including the magnificent all-purpose scoreboard for hockey, boxing, basketball, curling, etc.

Joined to the arena by a 10,000 square foot lobby is the rectangular 2,400 seat auditorium, richly carpeted, marble columned foyer and basketball court-sized stage.

★ ★ ★

Downstairs the 42,000 square feet of exhibition space is surrounded by seven soundproof meeting rooms and a kitchen which can serve 2,400 dinners.

Six architects, one representing each of the six local firms, put their ideas together, and now Duluth residents which have had to go to Minneapolis or Chicago or other cities to see and do things, proudly welcome visitors from upper Michigan and Wisconsin to join them in their dream.

Already a big, but happy, problem for Duluth is lodging, but private citizens are making available their homes when 10,000 Shriners move in this weekend.

Mayor George Johnson made known this week that already a three-million dollar hotel-motel complex would be announced within three weeks, and five million dollars in other construction adjacent to the arena is on the drawing board.

By 1972, Goldfine says that the completion of Interstate highway 35 would lead from the parking area non-stop to Laredo, Texas.

"And the sign atop the arena-auditorium will say 'Hello World'," says Goldfine.

Tiger Reliefers Check Yankees

SPORTS

Bullpen Crew Sharp in 6-3 Detroit Victory

Monbouquette Gains Decision as Bengals Rally in Eighth

DETROIT (AP) — Effective relief pitching by Hank Aguirre, Joe Sparma and Bill Monbouquette Tuesday night made Manager Frank Skaff feel that "maybe things are looking up" for the Tigers.

Monbouquette received credit for his third win over the Yankees this year when the Tigers rallied for three runs in the eighth inning and gained a 6-3 victory.

★ ★ ★

Johnny Podres was touched for bases-empty homers by Tom Tresh and Clete Boyer in the first inning and gave way to Aguirre after he had given up two more singles in the third to run the Yankee hit total to six.

"Those three guys we had in there for relief really did a job, though didn't they?" Skaff continued. "They did just what we wanted them to do—keep the game close."

★ ★ ★

The Tigers were held to three hits through the first six innings by Al Downing, who holds five career decisions over them without a loss.

ONE RUN

Bill Freehan doubled in the seventh and Gates Brown contributed a pinch-single fo one run and Don Wert slammed a low fast ball into the seats to put the Tigers ahead, 3-2.

Roger Maris tied the score in the top of the eighth with a homer off Monbouquette but the Tigers bounced back for three runs on a double by Al Kaline, an intentional walk to Jim Northrup, a single by Freehan and Ray Oyler's two-run triple.

★ ★ ★

Oyler said he hit a "bad slider" for his triple. Asked about starting all three twin-killings pulled off by the Tigers, Oyler said, "that's what I'm paid to do."

Podres ran into trouble in the second inning when he walked Maris and gave up singles to Horace Clarke and Jake Gibbs. But he struck out Downing and Tresh bounced int a double play.

★ ★ ★

Aguirre came on with one away in the third and got Elston Howard to hit into an inning-ending double play.

No-Hit Pitcher Repeats, but Defense Fails

Lakeland Overcomes Reynolds; Dairymen, Bar Team Triumph

Lakeland Pharmacy found a way Tuesday to beat Roger Reynolds but getting hits off the veteran Town and Country Lounge hurler is still an unsolved dilemma.

The Waterford Township Softball League champion nipped the Pontiac entry in the District Class B playoff at the Drayton Plains diamond, 4-3, but was held hitless for the second straight night.

★ ★ ★

The triumph squared the series at one game apiece, and Reynolds now has until Thursday night's 7:30 title showdown to tighten his teammates' leaky defense. Five errors ruined the no-hitter Tuesday.

In other District action, Richardson's Dairy made its "C" record 2-0 at Northside Park with a 4-1 conquest of Jameson's Insurance from Holly.

Norton's Bar of Holly blanked Pontiac's Bob-Ken's Bar, 5-0, at Drayton Plains in Class D tournament activity.

TONIGHT'S GAMES

Bob-Ken's meets Midget Bar of Waterford at 7:30 p.m. today as the "D" district continues, and Jameson's plays Ron's Roost of Pontiac in "C" action.

Lakeland scored an unearned run in the first off Reynolds and led until Town & Country tallied twice in the fifth on Dick Greenlee's double and two errors.

The pharmacy team promptly scored three more runs aided by three errors, a walk and two sacrifice outs Walt Allison's run-scoring double cut the gap to 4-3 in the seventh, but T&C left the tying and winning runs on base.

Richardson's erupted for three runs on one hit in the seventh to break a 1-1 tie. Three walks, an error and Charles Young's single did the damage. The winners now meet the survivor of tonight's Pontiac-Holly game for the "C" crown.

★ ★ ★

Norton's scored off Bob-Ken's in the first inning on Jim Bass' rbi-single and led all the way. Pitcher Al Alexander chipped in with two rbi's and held the Pontiac team to three hits and a walk.

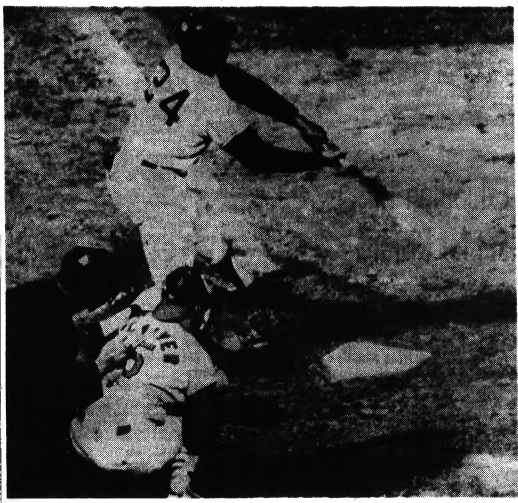
Keglers Receive Call for Classic

All classic male bowlers interested in competing in the Oakland County Traveling Classic should be represented at the organizational meeting 2 p.m. Sunday at West Side Lanes.

★ ★ ★

President Les Pennell has called the meeting to discuss plans and scheduling for this season's competition.



AP Wirephoto

WILLIE BELTS ONE — San Francisco's Willie Mays connects for his 534th home run in the third inning with this swing against the St. Louis Cardinals last night in San Francisco, and the swat left Willie tied with Jimmy Foxx for second place on the all-time list of home run hitters behind Babe Ruth. The homer was Willie's 29th of the season. Watching the ball head for the fence are catcher Tim McCarver and umpire Ken Burkhart. Giants won, 3-1.

Right-Hander Mays Ties HR Mark

By The Associated Press

Willie Mays, on the threshold of becoming the greatest right-handed home run hitter in baseball history says the long ones don't come as easy as they once did.

Mays tied Jimmy Foxx for second-place on the all-time list with his 534th Tuesday night, helping Gaylord Perry win his 19th game as San Francisco topped St. Louis 3-1.

★ ★ ★

"I think it's getting harder to hit home runs because of my age," Mays said. "I'm 35, you know. Sometimes I'm not strong enough to swing the bat good."

In spite of his advancing years, Mays' home run output has earned him the National League title in each of the last two years. In fact, the 52 he blasted last year marked his best one-season production ever.

Mays' 534th came leading off the third inning against left-hander Al Jackson. It was Willie's 29th this season and left him four behind Hank Aaron, the National League leader.

The only man left with more home runs than Mays is the legendary Babe Ruth, who finished with 714. Ruth swung from the left side and helped build a power elite aura for left-handed hitters.

CONGRATULATION

Foxx, who sent Mays a telegram congratulating him, said "I hope he hits 600."

Elsewhere, first place Pittsburgh blanked New York 3-0 in a game called by rain in the seventh inning, Philadelphia edged Chicago 5-3, Atlanta downed Houston 4-2 and Los Angeles blanked Cincinnati 2-0.

Pitcher Tommie Sisk was the hero for the Pirates. He held the Mets to a pair of singles, scored one run and drove in another.

Four straight walks with two out in the eighth inning gave the Phillies their victory over the Cubs.

★ ★ ★

Rico Carty scored two runs and Dick Kelley pitched five-hit ball for seven innings as the Braves defeated the Astros. It was Atlanta's seventh victory in the last nine games and Houston's 14th loss of the last 16.

Don Sutton blanked the Reds on two hits and Tommy Davis drove in both Dodger runs with a first inning single that extended his hitting streak to 11 straight games.

Sharp Overtime Play Earns WDGA Victory

It took a sharp performance in overtime yesterday for Mrs. S. E. (Susan) Gawne of Bloomfield Hills to notch her first victory of the season in the Women's District Golf Association weekly play.

In play at Orchard Lake Country Club, Mrs. Gawne fired a 43-37-80 to share the top spot with Kathy Henrickson of Atlas Valley (41-39-80) in the field of 74.

She won the playoff with a steady game while Miss Henrickson ran into trouble.

★ ★ ★

Playoffs are total strokes for three holes, and on the extra three, Mrs. Gawne carded 5-5-3, while Miss Henrickson picked up a pair of sevens.

Taking third with an 83 was Joyce Kazmierski of Grosse Ile, the 1966 Michigan Women's champion.

Lapse in Memory Costly for Amateur

A brief memory lapse kayoed one of Michigan's finest amateurs yesterday in the U. S. Amateur qualifying at Country Club of Lansing.

Melvin 'Bud' Stevens of Livonia, winner of nearly every major state amateur title last year, marked a ball twice on one hole during the 36-hole test, violating a rule put on the books this year, and it cost him a spot in the national tournament early in September in Ardmore, Pa.

Bud's lapse came on the 152-yard, par-3 No. 7. His tee shot landed 10 feet from the hole. He marked the ball.

After replacing the ball, he missed the first putt. Forgetting, he marked the ball again, violating the putting-out rule and incurring a two-stroke penalty. He finished by three-putting the green and wound up with a 36-hole score of 148.

Scottish-born Hunter McDonald of Birmingham led the qualifiers with a 70-72—142, gaining one of five berths in the national tournament.

James Jewell of Mount Clemens finished a stroke back of McDonald and the other three berths were decided in a four-way playoff—and were won by Chuck Kocsis of Royal Oak, Bob Meyer of Niles and John Grace of Detroit. All fired 147s.

Meyer, state amateur champion, took the first sudden-death hole with a birdie three. Kocsis pared the second hole to gain a spot and Grace's 20-foot birdie putt on the third hole ended the playoff and he becomes the first alternate. Stevens takes the second alternate spot.

Arrows' Defenders Facing Tough Test Against Colts

The offensive unit of the Pontiac Arrows looked sharp in the 21-6 victory over Flint's Blue Devils last Saturday night, but this week the defensive squad is expected to get a stiff workout when Dayton's Colts invade Wisner Stadium.

It's the second pre-season game for the Arrows, who rate a slight edge over the Colts. Kickoff time at Wisner is 7:30 p.m.

Particularly pleasing for coach Lisle Wells last Saturday was the passing of Bill Harrington, Jim Sytek and Ron Bishop and the receiving of 218-pound end Tony Odneal, a product of Mississippi Industrial College.

Sytek and Bishop tossed touchdown passes to Odneal, while the other score came on a 100-yard run with a kickoff by defensive back Jesse Parrish.

★ ★ ★

Dayton finished second to Pontiac last year in the MFL race with a 5-2-1 record, and the two are co-favorites in the 1966 battle.

SHARP QUARTERBACK

The Colts will bring along the No. 2 quarterback in the league last year in Pete Mikolajewski and the top offensive end in Keith Smith, 6-3, 220-pounder who played at University of Dayton.

★ ★ ★

Smith sparkled on the Wisner turf last season, catching three touchdown passes as his teammates bowed to the Arrows, 21-19, and he played a key role later in the year when the Colts knocked off the Arrows in Dayton, 14-7.

Tickets go on sale at the gate at Wisner at 6 p.m. Saturday.

Diamond Foes End Elimination Series

Teamsters 614 coach Paul Parks may be a wary watcher at tonight's Class A Baseball elimination finale under the Jaycee Park lights at 8 o'clock.

Booth Homes and M. G. Collision tangle for the right to meet the regular season pace-setting Teamsters in the best-of-three city championship series next week.

The trend has been for the underdog to win as both the second and third place teams fell in the eliminations.

Booth won all three of the regular season meetings with M.G., so if the collision nine should prevail tonight the Teamsters' mentor may have some superstitious misgivings entering the title series.

Of tonight's two contenders, only M. G. managed a regular season conquest of the unionmen in six games.

Roarke Reactivated

DETROIT (UPI) — The Detroit Tigers Tuesday placed reserve catcher Orlando MacFarlane on the disabled list and reactivated coach Mike Roarke for immediate duty.

Boyish Rookie Plays Rough

DETROIT (AP) — In a pre-season questionaire, the Detroit Lions ask their rookies about a favorite hobby.

"Football," was the reply given by linebacker Bill Cody, a chubby-faced youngster from Auburn.

★ ★ ★

Lions Coach Harry Gilmer liked the answer.

"That baby face will fool you," said Gilmer, conducting training camp at nearby Cranbrook Academy. "Cody will rack you."

Gilmer was especially pleased with Cody's performance in Detroit's 28-14 loss to St. Louis last week in a National Football League exhibition.

BOYISH SMILE

Right now, he thinks Cody is good enough to back up All-NFL right linebacker Wayne Walker.

Cody has two teeth missing in the middle of his boyish smile.

★ ★ ★

"They were knocked out in the game with Alabama when I was a sophomore," explained Cody.

There is a lot of ribbing among the players about Cody, being from Auburn, playing for Gilmer, the ex-Alabama quarterback.

★ ★ ★

The rivalry between the two Alabama schools is one of the most intense in college football. Auburnites get especially upset when the name of Alabama Coach Paul (Bear) Bryant is brought up.

"Playing for coach Gilmer is fine," said Cody. "He goes back awhile.

"But now if I went to work for coach Bryant, that'd be different. He's really something. There's a lot of dislike between our schools."

DEFENSIVE ACE

Cody, named Defensive Player of the Year in the Southeastern Conference last season, scored three touchdowns in three games, two on pass interceptions and one on a recovered fumble.

Surprisingly, his Lion teammates have not pegged him with the nickname Buffalo Bill (Cody), for the legendary hero of the Old West.

AAU Swim to Open Thursday

LINCOLN, Neb. (UPI) — The 16th annual men's and women's AAU swimming and diving championships open a four-day stand here Thursday with one of the greatest fields ever assembled for a nation competition.

Nineteen defending champions, 10 world record holders and six 1964 olympians, including four-medal winner Don Schollander, will vie for honors in this world series of the tank sport.

Competition gets under way at 9:30 a.m., with the men's one-meter springboard diving. Finals will be held Thursday night in five women's and five men's events.

The championships will be held at spacious, two-year-old Woods Memorial Pool in East Lincoln. They last through Sunday night.

It is only the second time in AAU history that the ladies and male competition has been consolidated.

It is the first time the meet has been staged in Nebraska.

Nearly 800 swimmers and divers will compete in 36 events.

Team champions will be crowned in both the men's and women's divisions.

GARY PLAYER'S GOLF CLASS: Weekenders are always short

Bar Nine Squares Series With Motorcar in Playoffs

Idletime Bar squared its National League softball championship playoff with Motorcar Transport at one game each with a 2-1 decision last night at Northside Park.

MGM Cleaners-Shalea Lounge posted a 26-4 romp over The Pontiac Press to reach the finals of the Slow Pitch playoffs. Sport-O-Rama Lounge ousted Artco, 12-8.

Idletime and Motorcar play the third game of their series tonight while Sport-O-Rama and The Press collide to determine who will play MGM-Shalea in their finals.

Charlie Johnson scattered four safeties and Nick Niera twice drove in Jerry Strebe with doubles to decide the Motorcar-Idletime second meeting.

QUICK RUN

The game's first three batters reached base as Motorcar grabbed a quick 1-0 lead. But a quick double play by first baseman Jim Skinner prevented further damage.

John Parks lead-off double was the only damaging blow off Johnson. He retired 22 of the final 24 hitters.

Strebe, Niera and Buck Pointer each had two hits for Idletime.

The No. 2, 3 and 4 batters collected 14 of MGM-Shalea's 28 hits, including five each by Ed Freeman and Bill Waun. Two of Freeman's blows cleared the left field fence, and Bob Prisbe connected with two on.

★ ★ ★

Dave Cook singled four times for the Pressmen who were the victims of 11 unearned runs in the second inning.

Larry Olsen's two homers went for naught as Sport-O-Rama broke a 5-5 tie with two runs in the fifth, and then five more in the sixth.

The winners had a single, double, triple and homer in that order during the five-run outburst with Tim Maloney's two-run circuit clout capping the outburst.

Exhibition Tilts Set for Pistons

DETROIT (AP)—The Detroit Pistons announced Tuesday a 15-game preseason schedule beginning Sept. 22 and featuring five contests in Michigan.

The National Basketball Association team scheduled six encounters with the new Chicago Bulls, four with the New York Knicks, three with the St. Louis Hawks and two with the Baltimore Bullets.

★ ★ ★

The Pistons open their regular season Oct. 15 at Cincinnati. Training starts at St. Clair Sept 12.

Michigan games, opponents and dates for the preseason series are: Chicago at Holland Sept. 29; Baltimore at Lansing Oct. 4; New York at Ypsilanti Oct. 4; New York at Bay City Oct. 6; and Chicago at Flint Oct. 10.

Host to Tourney

NEWARK, Del. (AP) — The 1967 world table tennis championships will be in Stockholm, Sweden, next April, instead of Australia, J. Rufford Harrison, chairman of the U.S. Table Tennis Association's International Committee said Tuesday.

Teen-Ager Gets Senators' Bonus

WASHINGTON (AP) — The Washington Senators announced Tuesday the signing of their top draft choice, Tom Grieve of Pittsfield, Mass., for a "substantial bonus."

★ ★ ★

Grieve, an 18-year-old outfielder, reportedly will be paid a bonus of about $60,000.

Mrs. King Awaiting Nationals

MANCHESTER, Mass. (AP)—Mrs. Billie Jean Moffitt King, the Wimbledon champion from Long Beach, Calif., gradually is working toward the national singles tennis championships at Forest Hills, N.Y.

Mrs. King said yesterday that she is building her game in a bid for the national crown. Her plans call for a loss of "five or six pounds."

★ ★ ★

The 22-year-old standout, co-ranked with Nancy Richey as this country's top player, settled down after a slow start and defeated Elena Subirats, an 18-year-old Mexico City schoolgirl, 7-5, 6-2, yesterday in advancing to the quarter-finals of the 39th Essex Women's Invitation Tournament.

Mrs. King, who is top-seeded, required only one match to advance and concentrated on doubles today, pairing with Maria Bueno of Brazil.

Quarter-final singles start on Thursday.

Miss Bueno, seeded second, arrived late for the opening of play at the Essex County Club and had two singles matches set for today.

Francoise Durr, the No. 3 seed from France, also had two matches scheduled.

In other first round action yesterday, fifth seeded Karen Krantzcke of Australia defeated Faye Urban of Canada 6-3, 6-3, and seventh seeded Winnie Shaw of Glasgow, Scotland, eliminated South Africa's Maryna Godwin, 6-3, 6-4.

Hooks First Fish

WEDGEPORT, N.S. (AP) — John W. Anderson, captain of the United States team, was the first to hook a bluefin Tuesday at the opening of the International Tuna Cup competition. However, the 110-pound test line broke after a brief struggle and the tuna got away.

Special Teal Permits

There were 8,700 valid applications for the 15,000 available special teal hunting permits, according to the Conservation Department. The permits for the Sept. 12-20 season will be mailed next week.

'Cookie' in New Cupboard?

By the Associated Press

Cookie Gilchrist, whose tiffs with management are well known in pro football, soon may be bucking the line for the Oakland Raiders of the American Football League.

The Denver Broncos are reported close to a deal with the Raiders for the rebellious star fullback, who has refused to play for the Broncos this season.

★ ★ ★

Mac Speedie, Denver coach, says the deal "has not been consummated yet and may not be for another couple of days." A veteran lineman, whom Speedie would not identify, and several rookies reportedly will switch from Oakland to Denver.

If the deal goes through, Oakland would be the eighth club for Gilchrist. The native of Brackenridge, Pa., was with five Canadian clubs before joining the Buffalo Bills in 1962 and promptly becoming the leading ground-gainer in the AFL. He was traded to Denver by the Bills after the 1964 season.

CUT LOOSE

Back in 1954, Gilchrist was signed by the Cleveland Browns of the National Football League, but the Browns released him at their Hiram, Ohio, training camp in August of that year.

The reported Gilchrist trade highlighted pro activities Tuesday. Many players were cut as the AFL clubs got down to the Aug. 16, 48-player limit.

Boyd Dowler stole the show in the NFL. The Green Bay Packer end snared six passes in practice, ranging far and wide for his grabs.

Ron Mix, a star tackle, and linebacker Frank Buncom were still absent from camp of the San Diego Chargers at Escondido, Calif. The two players, who left Monday, want more money.

Fullback Clarence Peaks suffered a recurrence of a back injury in scrimmage and will be lost to the Pittsburgh Steelers for at least three weeks. Washington got guard Mitch Johnson from Dallas for an undisclosed draft choice

The Philadelphia Eagles released halfback Jim Brown while the New York Jets put Bob Schweickert, a defensive back, and Jim Waskiewicz, a linebacker, on waivers.

Other cuts included: Oakland, end Loren Hawley, defensive back Lawrence Chambers, tackle Pat Russ. San Francisco, center Paul Gore, linebacker Don Gunaldo, fullback Warren Jackson. San Diego, defensive back Pete Jaquess. Denver, defensive back Jerry Brussell, tackle Charlie Janetette. Buffalo ends Ernie Warlick and Leroy Moore (former Pontiac Central gridder).

U.S. Net Stars in Top Action at Newport

Ralston, Buchholz Meet Foreign Aces During 3rd Round

NEWPORT, R.I. (AP) — Dennis Ralston was to go against Lew Gerrard of New Zealand and veteran Art Buchholz of St. Louis was pitted against Australia's Owen Davidson in feature matches today at the Newport Casino Tennis Tournament.

Ralston, the U.S. Davis Cup ace from Bakersfield, Calif., advanced through two rounds with little trouble Tuesday, while Buchholtz pulled a first-round upset, then got a bye in the second round.

Buchholz surprised Stan Smith, Pasadena, Calif., 8-6, 6-4, in first round play, then advanced by default into the third round. Ralston, meanwhile, stormed over Mike Mercin, San Gabriel, Calif., 6-2, 6-1 and eliminated El Shafei of Egypt 6-4, 6-4.

Gerrard advanced with a 6-0, 8-3 decision over Ray Keldie of Australia, and Davidson eliminated José Villarete of the Philippines, 8-0, 6-2.

OTHER MATCHES

Tony Roche of Australia whipped Dick Heath, Jamestown, R.I., 6-1, 6-4, Cliff Richey of Dallas, Tex., took Australian Ray Ruffels 6-1, 6-3 and Ray Moor of South Africa defeated eighth-seeded Mark Cox of England 8-6, 6-3 in other major second round matches.

Davis Cupper Arthur Ashe of Los Angeles led Dave Power, Fort Collins, Colo., 6-3, 11-11 when their match was halted by darkness.

The tourney's start was delayed from Monday because of rain, and was held up for several hours Tuesday.

Netter Peaches Wins 3rd Round

PHILADELPHIA (UPI) — Hamtramck's Peaches Bartkowicz continued defense of her title in the 49th annual U.S. Girls Grass Court Tennis championships at the Philadelphia Cricket Club by coasting to an easy third round win.

Miss Bartkowicz played soundly from the backcourt to defeat Sally Horan of Fort Worth, Tex., 6-1, 6-1.

Second-seeded Rosemary Casals of San Francisco also advanced easily, defeating Kathy Presly of Palm Beach, 6-0 and 6-2.

Flamboyant Home First

YONKERS, N.Y. (AP) — Flamboyant won the $25,000 Lou Dillon Trot for 2-year-old fillies at Yonkers Raceway Tuesday night She paid $5.60 as the 9-5 second choice.

KC's Campy Keeps Hex on White Sox Hurler

By The Associated Press

It isn't that Bert Campaneris owns Tommy John exactly, but if there is a latter-day Abraham Lincoln around Tommy would like a word with him.

The state of the Chicago pitcher's serfdom to the slippery Kansas City shortstop reached maddening, slightly ridiculous, proportions Tuesday. Campaneris single-handedly ruined what could have been a fine job of pitching and accounted for the Athletics' 4-2 victory over the Sox.

Campy scored all the Kansas City runs and had four of its six hits — including three of the five given up by losing-pitcher John in the seven innings he worked.

* * *

But, as usual, it was on the basepaths that Campaneris really did the damage and got John, reliever Hoyt Wilhelm and the rest of the White Sox muttering to themselves.

DOUBLE STEAL

He began the game by beating out a single to short and moving to second on a sacrifice. Then Danny Cater walked, and the routine plays ended. Campaneris and Cater pulled a double steal and When Sox third baseman Don Buford muffed the throw trying to nail Campaneris, he scored.

In the third, Campy tripled and John, perhaps worried more about him than the batter, heaved a wild pitch and Campaneris was home again.

* * *

He singled in the fifth and John, who did everything but ignore him, attempted to pick him off. The ball bounded all the way down the right-field line and by the time the Sox caught up with it, Campaneris was home again.

* * *

By the eighth, John was gone and Wilhelm was facing Campy, but with no more discernable success. The little speedster singled, stole second, went to third on one passed ball and scored on another one.

In other American League games, Baltimore beat Boston 6-4, Detroit took New York 6-3, Minnesota bounced California 8-1 and Washington edged Cleveland 6-5 in 13 innings.

Baltimore won its usual victory with its usual weapon, home runs. Boog Powell's 31st of the season, a three-run shot in the ninth tied the score and, after Curt Blefary reached base on an error, Bob Johnson hit his first of the year. Earlier, Frank Robison hit his 37th and number 361 lifetime, tying him with Joe DiMaggio at 15th on the all-time list.

Minnesota also used the home run to excellent advantage in crushing California. Harmon Killebrew, Tony Oliva, Don Mincher and Andy Kosco ali had a pleasant trot around the bases. Jim Perry allowed the Angeles but three hits and one unearned run.

* * *

Ken Harrelson smacked a two-run homer with two outs in the 13th accounting for Washington's victory. The Indians had tied the game twice, once on Rocky Colavito's 25th homer.

BOWLERS

We have several openings for Teams or Individuals in the

Ladies Continue Mapping Plans for Keg Season

The annual briefing session for league officers in the Pontiac Woman's Bowling Association continues tonight at the Elks Temple on Orchard Lake Ave.

A change in the annual procedure has PWBA president Margaret Lally and secretary Gen Bradley holding sessions at three locations on successive nights.

This provides better geographical coverage of the PWBA territory. The first briefing was last night at North Hill Lanes in Rochester.

Tomorrow's 7 p.m. meeting will be at Wonderland Lanes in Commerce. Mrs. Bradley advises any league officers who didn't make their reservations by mail to call her at FE 4-0421 for a spot at either tonight's or tomorrow's session.

TUESDAY'S FIGHTS
By The Associated Press

MONTREAL — George Chuvalo, 220, Toronto, knocked out Mel Turnbow, 240, Peterson, N.J., 7.

MIAMI BEACH, Fla. — Al Jones, 225, Goulds, Fla., outpointed Jefferson Davis, 200, Houston, 10.

LAS VEGAS, Nev. — Larry Clark, 140, Las Vegas, stopped Mariano Serrano, 133½, Mexico, 8.

Record Entry for Pontiac Kennel Club Show

Waterford Show Site on Sunday

It will take another year, but the Pontiac Kennel Club members aren't impatient.

By the summer of 1967 the annual PKC outdoor show should attract over 1,000 dogs. This is a major milestone for any club the size of Pontiac Kennel.

★ ★ ★

The local group came close this time. There is a record 935 dogs entered in this Sunday's show at the Waterford Township High athletic field. This is an increase of 112 over last year. Entries totaled 946.

Fifty-two entries have been received for obedience; another gain over 1965. This leaves 894 of the entries competing for The Pontiac Press Best-In-Show Trophy.

The bench and obedience judging will start in six rings at 9 a.m. The Best-in-Show dog will be selected by John P. Hackett, 1453 Pierce, Birmingham, about 6:30 p.m.

A new breed is making its first appearance in a PKC show. Four Briards, French sheepdogs, have been entered.

Poodles top the entry list with 67 miniature, toy and standard scheduled to be on hand. Next in line are 53 German shepherds, 38 Doberman pinschers, 36 Cocker spaniels, 32 Great Danes and 28 Afghan hounds.

BIG WEEKEND

The PKC show is the third on a heavy weekend schedule. Competition opens Friday at Traverse City. A show is scheduled in Flint Saturday.

Pontiac's show will be unbenched. This means that the dogs can be removed from the grounds after being judged.

Juding breeds and variety groups will be John A. Cuneo, W. Medford, Mass.; Forest N. Hall, Dallas, Tex.; Phil Marsh, Fort Wayne, Ind.; and Mrs. Frances O. Holland, Lake Oswego, Ore.

Denis J. Grivas, New Orleans, will judge breeds and Miles C. Flanagan, Olmstead Falls, Ohio, will decide obedience.

The junior showmanship will be at 2:30 p.m.

A rare entry in the sporting group is schedule to be shown. Two Gordon setters have been entered. Both 13 and 15-inch beagle entries show gains.

Following is the judging schedule for Sunday's PKC show at the Waterford Township High athletic field, entries in parenthesis:

RING ONE
Judge: Denis J. Grivas

9 a.m.—Doberman Pinscher (38), 10:45—Boxer (31). Noon—Great Dane (32). 1:15 p.m.—Alaskan Malamute (8); Rough Collie (15); Samoyed (2). 2:15—Siberian Huskie (13); Pembroke Welsh Corgi (11). 3:15—Old English Sheepdog (9); Shetland Sheepdog (18).

RING TWO
Judge: John A. Cuneo

9 a.m.—Bulldog (5); German Shorthaired Pointer (22); Gordon Setter (2). 10:15—Black (13), Ascob (11) and Parti-Colored (12) Cocker Spaniels. 11:45—Irish Setter (50).

1:45 p.m.—English Cocker (7) and English Springer (8) Spaniels. 2:45—Keeshonden (4); Dalmatian (21). 3:45 p.m.—French Bulldog (1); Chow Chow (3); Lhasa Apsos (14); Labrador Retriever (12); German Wirehaired Pointer (4).

RING THREE
Judge: Phil Marsh

9 a.m.—American Foxhound (1); Basenji (13); Bloodhound (2); Norwegian Elkhound (9). 10—Borzoi (4); Scottish Deerhound (1); Irish Wolfhound (7); Whippet (4); Papillon (1); Long Coated Chihuahua (8). 11—Smooth Coated Chihuahua (11); Brussels Griffon (4); Italian Greyhound (2); Maltese (8).

Noon—Pekingese (5); Miniature Pinscher (4); Pomeranian (11); Silky (6) and Yorkshire (12) Terriers; Pug (9). 1 p.m.—Afghan Hound (28).

RING FOUR
Judge: Mrs. Frances O. Holland

9 a.m.—Basset Hound (21); 13-inch Beagle (4). 10—15-inch Beagle (7); Weimaraner (18). 11—Longhaired (11), Smooth (22) and Wirehaired (3) Dachshunds. 12:30 p.m.—Airdale (7), Australian (1), Bedlington (5), White Bull (2), Lakeland (2) and Cairn (8) Terriers. 1:30—Dandie Dinmont (6), Wire Fox (5), Irish (6), Kerry Blue (5) and Welsh (3) Terriers.

2:30—Miniature Schnauzer (21); Skye Terrier (3). 3:30—Scottish (13), Sealyham (2) and West Highland White (9) Terriers.

RING FIVE
Judge: Forest N. Hall

9 a.m.—German Shepherd (53); Giant Schnauzer (2). 11:15—Flat Coated Retriever (1); Golden Retriever (13); English Setter (10); Vizsla (1). 12:15 p.m.—Miniature Poodles (25). 1:15—Bouvier Des Flandres (1); Briard (4); Newfoundland (1); Puli (1); Standard Schnauzer (4); St. Bernard (15). 2:15—Brittany Spaniel (17); Toy (27) and Standard (15) Poodles.

RING SIX
Judge: Miles C. Flanagan

All Obedience: 9 a.m.—Utility (6). 10:15—Open A (4), B (7). 12:15 p.m.—Novice A (25), B (10).

Junior Showmanship will be at 2:30 p.m. and variety group judging about 4 p.m.

FRUITFUL TRIP — Mr. and Mrs. Grant Chapel (left), 5499 Tubbs, Waterford Township, and Mr. and Mrs. George Endsley, 405 Second, are fishing their way around Alaska. Chapel holds a 14-pound silver salmon taken from Seward Harbor. The men are retired Pontiac Motor employes and the women are twin sisters. They will return home early in October.

New Officers for District

Three new conservation officers have been assigned to the Pontiac Lake District 14 office.

One will work in Oakland County and the other two have been given duties in Wayne County, according to district law supervisor George Bruso. All three are recent graduates of the Higgins Lake training school.

Richard Peterson of Commerce will patrol southwestern Oakland County. Charles LaValley, Richland, and William Leutscher, Muskegon, received the Wayne assignments.

The addition of the new officers brings District 14's total to nine. Veteran officers patroling the Oakland area are Warren Kendall, Rochester; Harold Stoll, Rose Township; and Rex Glidden, Romeo.

★ ★ ★

Other officers are stationed at Algonac, Mt. Clemens and Detroit. The new men will live in their patrol areas.

'Bowhunters Miss Boat'

"A lot of bow hunters are missing the boat by not hunting around home," according to Howard Greene, district game biologist of the Conservation Department.

"In fact, I would say that they have a much better chance of getting a deer around here than they would up north."

★ ★ ★

Greene, who long ago set aside his deer rifle for a bow, admitted that the "call of the north" is very strong, but pointed out that mid-week hunts are possible and could prove fruitful in the Pontiac area.

The archery deer season opens in Michigan Oct. 1.

Greene points out that there is "little competition" from other bow hunters in Southern Michigan and that pheasant season doesn't start until Oct. 20.

"However a lot of bow hunters would just as soon have bird hunters prowling around because they move the deer."

★ ★ ★

He suggests that the best way to find spots in Oakland County is to start investigating prospective areas about two weeks in advance to discover locations deer are using.

In Press Fish Contest

Time Is Running Out

Time is running out on Oakland County fishermen.

They have only to Sept. 6 to enter that big black bass, northern pike, walleye or muskie in the 31st annual Pontiac Press Fish Contest.

Savings Bonds in the amount of $50 each are awarded to anglers entering the heaviest fish in the bass and pike divisions. Only first place awards are made and the fish must be caught in Oakland County waters.

Walleyes, northern pike and muskies are grouped in the pike division. Large and smallmouth black bass comprise the bass class.

The bass leader is a 6½-pound largemouth. Topping the pike division is an 11¼-pound northern. Should this pike take the laurels, it will be the lightest in many years to win.

Only Oakland County residents are eligible. The entries must be brought to The Press sports department for weighing between 7 a.m. and 2 p.m. Monday through Saturday. The Press building is not open Sunday.

★ ★ ★

Following is the fishing report for Southeastern Michigan.

Small catches of panfish are being made on the Huron River near Pte. Mouille. Crickets are producing some nice bluegills at Lower Pettibone, Orchard and Orion lakes.

The Huron River in the Proud Lake recreation area is yielding an occasional smallmouth bass. Best action on largemouths has been at Orion and Lakeville with nightcrawlers.

A few pike are being taken on small minnows at Walled Lake. Action has started to pick up on Lake St. Clair and in Lake Erie around Pte. Mouille.

A few muskies were caught at Lake St. Clair last weekend, including a 32-pounder. Walleyes, however, have been very slow in both the lake and river.

Improved Duck Hunting Predicted for Michigan

Duck flights passing through Michigan this fall should be larger than a year ago and the state's waterfowl hunters may find shooting regulations relaxed slightly to take advantage of the situation.

That's the news officials of the Conservation Department brought home with them after attending last week's meeting of the Waterfowl Advisory Committee in Washington.

★ ★ ★

The two-day session was attended by state and private conservation agencies and the U. S. Bureau of Sport Fisheries and Wildlife to work out proposed waterfowl regulations for this fall.

Recommendations aired at the meeting will be shaped into federal hunting options for the 1966 waterfall season which are expected to be announced later this week.

Highlights of a waterfowl status report revealed that North America's duck breeding population has made a "remarkable" comeback from its low level of 1965.

STILL DOWN

The birds' increase and improved nesting conditions on their northern prairie breeding grounds are expected to produce larger flights of ducks in the fall.

Mallards, which are particularly important targets in Michigan and other Mississippi Flyway states, have made a 29 per cent gain in numbers over a year ago.

Still, the popular birds are down about 16 per cent from their 11-year average.

Name Laycock to Position of Regional Chief

William E. Laycock has been promoted to manager of the Conservation Department's Southern Michigan Region (III).

★ ★ ★

Laycock, 51, has been assistant manager of the southern region since September of last year. He succeeds Warren W. Shapton who recently was elevated to deputy director of field operations.

Two years after starting his career with the department in 1944 as a game area manager, Laycock was promoted to district game manager at Gladwin.

In 1951 he was named the department's Pittman-Robertson Fund federal aid coordinator. Laycock was assigned to the post of regional game biologist for the Upper Peninsula in 1956 and remained their until becoming assistant regional manager.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's SOLUNAR TABLES.

Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

Day	A.M. Minor	A.M. Major	P.M. Minor	P.M. Major
Today	6:30	—	8:00	12:10
Thursday	7:55	12:45	8:40	1:10
Friday	9:05	1:40	9:10	2:05
Saturday	10:15	2:35	9:50	3:00
Sunday	11:30	3:30	11:35	3:55
Monday	—	4:25	12:45	4:50
Tuesday	12:35	5:20	1:55	5:45
Wednesday	1:25	6:10	3:00	6:35

Prep Marksman Gunning for 2nd Trapshoot Crown

VANDALIA, Ohio (AP) — An Alden, N. Y., high school student who won the big event at last year's Grand American Trapshooting Tournament will be battling a jinx and a huge field of sharpshooters when he defends his title here next week.

Daniel Paulter Jr. was only 16 when he copped the Grand American Handicap by breaking 99 of 100 targets from the 20-yard line.

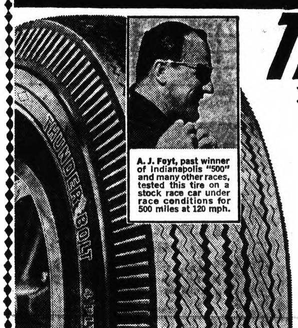
★ ★ ★

Paulter's fancy shooting against the 3,000 other gunners in the competition nailed down the big prize money. But no one has ever won the Grand twice in the 67-year history of America's premiere shooting classic.

Amateur Trapshooting Association officials predict an all-time record entry that may exceed 3,500.

Three days of preliminary firing start the nine-day program Friday with regular events beginning on Monday.

GOODYEAR
BLITZ!
Thunderbolt
Premium Quality Nylon Cord tire tested by A. J. Foyt for 500 miles at 120 mph



priced at... $18.50

Opening lead—♣K

By OSWALD AND JAMES JACOBY

Jim and his wife Judy are conducting a bridge cruise to Hawaii this October. His father is reminded that just before Jim was born the older Jacobys assisted the Culbertsons in running a similar cruise to Bermuda. Jim was along most unofficially.

JACOBY

Oswald: "Here is a hand bid by the Culbertsons against a Bermuda team in a match we played while spending a few days in Bermuda."

Jim: "The seven spade contract is certainly a good one to reach. With 11 high card points opposite 16 I doubt if many modern pairs would get past six. Will you explain the Culbertson bidding?"

Oswald: "Delighted. Ely had just invented the Culbertson 4-5 no-trump. In this convention the four no-trump bid shows either three aces or two aces and a king of a bid suit.

"The five no-trump response shows either two aces or one ace and the kings of all bid suits. Thus when North bid five no-trump South was looking at three aces of his own and knew that North had to be showing the other ace and the two important kings.

"It was no problem for him to go right to the grand slam after receiving that information."

Jim: "It would be impossible to get that information across by either regular or Roman Blackwood. What went wrong with this Culbertson convention?"

Oswald: "It worked perfectly on this hand. In fact the Bermuda pair who held the North-South cards against us did not even get past four spades so we made a real pick-up on this hand.

"Unfortunately the convention failed to achieve popularity because of the restrictions. In Blackwood you just ask for information. In Ely's convention you give it also."

Destroyed Missile Starts Brush Fire

VANDENBERG AIR FORCE BASE, Calif. (AP) — A malfunctioning Minuteman intercontinental ballistic missile was destroyed Tuesday shortly after it was launched.

Debris from the exploded missile started a brush fire which was brought under control by 200 men. Nearly 300 acres of brush was blackened. There were no injuries, the Air Force said.

A second Minuteman later was launched successfully.

Acrobat Falls on Mayor's Wife

SAINT TROPEZ, France (UPI) — A circus acrobat lost his balance while trying to stand on his head yesterday and fell from a trapeze 21 feet onto the wife of the mayor of this French resort community.

The mayor's wife, Mrs. A. Lescudier, suffered only a bruise on her head while acrobat Eugenio Laribles broke his breast bone.

CARD Sense

Q—The bidding has been:

West	North	East	South
	1♦	1♠	Pass
1♦	2♠	2♦	?

You, South, hold:
♠K J 6 5 ♥A Q 4 3 ♦2 ♣A K 9 4
What do you do?

A—Bid three diamonds. You are very much interested in a slam and this is the way to force your partner.

TODAY'S QUESTION

You bid three diamonds. West passes. Your partner bids three spades. What do you do now?

Answer Tomorrow

Ever add a little vanilla to sliced fresh strawberries that are to be served with cream?

Astrological Forecast

By SYDNEY OMARR
For Thursday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 - Apr. 19): Fine time to improve relations with fellow workers . . . to show superiors you can handle assignments, responsibilities. Take no unnecessary chances where routine is concerned. Best to double check!

TAURUS (Apr. 20 - May 20): Change, variety indicated — along with unusual announcement. Romantic area of chart affected. When loved ones appear excitable, . . . be patient! Keep both feet on ground.

GEMINI (May 21 - June 20): Check domestic area. Conflict arises if you permit irritations to multiply. Exercise tact, consideration. Observe rules . . . or you could tempt one in authority to clamp down.

CANCER (June 21 - July 22): Unless you plan ahead . . . travel not favored. Surprises possible. You may not get where you are going until after some delay. Better to go slow . . . not rush into new situation just now.

LEO (July 23 - Aug. 22): You can be a shrewd bargainer . . . if you are wary. A "great buy" could contain flaws. Study fine print, be perceptive. Individuals in authority tend to share your views. Confidence pays off.

VIRGO (Aug. 23 - Sept. 22): Shake off lethargy. Be frank in expressing views. But also realize that those close to you may be ultrasensitive. Applies especially to mate or partner. Act in mature manner.

LIBRA (Sept. 23 - Oct. 22): Stress greater self-expression, independence. You may feel restricted. But realize you have ability to cut through red tape. Don't be detoured by minor interruptions.

SCORPIO (Oct. 23 - Nov. 21): You may feel sense of letdown early . . . but later you bounce back. If you perceive some of your wishes are impractical . . . revise them intelligently. You can make significant gain.

SAGITTARIUS (Nov. 22 - Dec. 21): You make most headway through display of humor, versatility. Emphasis on professional activity. Individual in your home may have valid complaint. Listen . . . take constructive action.

CAPRICORN (Dec. 22 - Jan. 19): Gain shown if you study written word. Don't take persons, situations for granted. Be available to get across own side of story. Some conflict . . . but you can handle it!

AQUARIUS (Jan. 20 - Feb. 18): Personal attention to financial affairs needed. Favorable for paying, collecting debts. Check messages, calls. You could uncover information of value.

PISCES (Feb. 19 - Mar. 20): Highlight ability to work with those holding opposing views. You make intelligent concessions . . . then others are likely to follow your example.

★ ★ ★

IF THURSDAY IS YOUR BIRTHDAY . . . you are capable of helping persons with their problems. You could be professionally dedicated to public service, highest ideals of humanity.

★ ★ ★

GENERAL TENDENCIES: Cycle high for VIRGO, LIBRA, SCORPIO. Special word to GEMINI: Make necessary home adjustment.

New Low Ground for '66

Stock Mart Continues to Sink

NEW YORK (AP) — The stock market continued to sink into new low ground for 1966 early this afternoon.

Trading was moderate.

The market declined at the opening, firmed a bit around midmorning and then fell back.

Investors had higher interest rates to worry about in addition to their uncertainty over Viet Nam.

PRIME RATE

Major banks boosted the prime rate — the amount of interest charged to their biggest and best customers — to 6 per cent from 5¾ per cent after yesterday's close. The brokers loan rate was increased to 6¼ per cent from 6 per cent today.

On a block of 16,500 shares, General Motors fell ⅞ to 75, a new 1966 low, but later shaved its loss to half a point.

* * *

The Associated Press 60-stock average at noon was down .7 to 295.5 with industrials off .9, rails off .8 and utilities off .3.

The Dow Jones average of 30 industrials at noon had declined 3.29 to 820.54.

* * *

Prices declined in moderate trading on the American Stock Exchange. Losses of a point or so were taken by F. B. Brown, Community Public Service and Textron warrants. National Video advanced two points and Conductron and Syntex were up about a point.

Copyrighted by The Associated Press 1966

Sales figures are unofficial.

Unless otherwise noted, rates of dividends in the foregoing table are annual disbursements based on the last quarterly or semi-annual declaration. Special or extra dividends or payments not designated as regular are identified in the following footnotes.

a—Also extra or extras. b—Annual rate plus stock dividend. c—Liquidating dividend. d—Declared or paid in 1965 plus stock dividend. e—Declared or paid so far this year. f—Payable in stock during 1965, estimated cash value on ex-dividend or ex-distribution date. g—Paid last year. h—Declared or paid after stock dividend or split up. k—Declared or paid this year, an accumulative issue with dividends in arrears. n—New issue. p—Paid this year, dividend omitted, deferred or no action taken at last dividend meeting. r—Declared or paid in 1966 plus stock dividend. t—Paid in stock during 1966, estimated cash value on ex-dividend or ex-distribution date.

z—Sales in full.

cld—Called. x—Ex dividend. y—Ex dividend and sales in full. x-dis—Ex distribution. xr—Ex rights. xw—Without warrants. ww—With warrants. wd—When distributed. wi—When issued. nd—Next day delivery.

vj—In bankruptcy or receivership or being reorganized under the Bankruptcy Act, or securities assumed by such companies. fn—Foreign issue subject to interest equalization tax.

Air Strikers Ponder Pact

May Face Legislation if Friday Vote Is No

WASHINGTON (AP) — Striking machinists deliberated today whether to approve a hefty new contract and end history's worst airlines strike, or risk tough legislation that also would be an historic first.

Top officials of the AFL-CIO International Association of Machinists held high hopes that a wage escalator clause plus a 56-cent wage hike and other benefits would persuade the 35,400 strikers to approve the proposed three-year contract in voting Friday.

* * *

The strikers rejected a White House agreement July 31 that left out the escalator clause, which would provide up to an extra 6 cents per hour if living costs continued their sharp upswing.

In Kansas City, Mo., the executive board of a local with 4,600 members recommended acceptance of the contract. "We got what we went out for. Now it's time to go back to work," said Paul Coker, strike cochairman of the Kansas City local.

CONGRESS RELUCTANT

Congress, reluctant to act on the politically explosive issue, held up action on a resolution to order the strikers back to work for up to six months pending outcome of Friday's vote.

While Congress stepped in three years ago to halt a threatened railroad strike and blocked other strikes in wartime, the airlines bill would be the first time strikers ever were forced back to their jobs by law.

* * *

Officials of United, Eastern, National, Northwest and Trans World airlines said they could get some of their planes back in the air within hours if the strikers approve the proposed contract and end the strike now in its 41st day.

GM Claims Larger Output of '67s Slated

DETROIT (AP) — A General Motors spokesman said today the firm plans to turn out more passenger cars between now and the end of the year than it did in the initial run of new models a year ago.

* * *

The comment came in the wake of widely circulated reports that GM would be cutting down on its production pace when the 1967 models start coming off the assembly lines.

"Some of our plants are starting a couple of weeks earlier this year than in 1965," the spokesman said. "And then, too, we have added a new Chevrolet plant in Lordstown, Ohio."

* * *

Reports that GM was expected to cut back on its production apparently stemmed from a company announcement that it was not calling back some 370 workers to its Arlington, Tex., Chevrolet plant. The plant had employed approximately 4,500 workers.

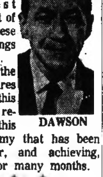
Most Business News Is on 'Higher' Level

By SAM DAWSON
AP Business News Analyst

NEW YORK — Whether it concerns unit volume of goods produced, dollar total of sales, number of jobs, trend of prices, profits, debts and interest rates — most of the news these days is of things going higher.



DAWSON

Many of the official figures announced this week set records. And this in an economy that has been straining for, and achieving, new highs for many months.

* * *

What isn't going up sometimes gets the most headlines. Stock prices are shaky. Housing starts are off. Money available for lending, or borrowing, is in tight supply. Car production is at a seasonal low after setback in late spring.

But most of the econo[illegible] still is booming. Some of t[illegible] low is due to rising prices. [illegible]flation makes things look m[illegible] prosperous than they really are. But there are some solid figures, too.

Industrial production, which measures unit output of the nation's factories, mines and utilities, has hit a new high, with still more of a climb in prospect. Price inflation may have been the incentive for some of the busy outpouring of goods and materials, but is not reflected in the figures on unit output itself.

Dollar volume of sales in many fields bears the imprint of inflation. But merchants report unit sales also are up as a prospering public spends more — even while it grumbles at higher prices.

* * *

Defense spending increases are beginning to show up in industrial output figures. But business equipment production also has increased.

Steel output has climbed sharply this month, as the factory shutdowns for vacations dwindle and customers plot fall production schedules.

DEFENSE ORDERS

Total employment hit a record 76.4 million in July. Some of the gain could be traced to increased orders for defense needs, but much of it was for producing the goods and services that a prosperous public is expected to demand in the weeks and months just ahead.

For many, rising wage scales are offsetting climbing prices. For many others, inflated living costs spell only problems.

* * *

And the accelerated pace of the economy — the increased production, the spending for new plant and equipment, the borrowing to rescue budgets pinched by higher prices — has had its toll in the money market.

Borrowing costs are setting one record after another. Although the supply of money has expanded rapidly in recent months, the demand for loans to finance the business boom has grown even faster.

AVERAGE RETURN

This week, the U.S. Treasury had to give investors a record average return of 5.048 per cent on its 13-week bills. Its 26-week bills jumped sharply to a record yield of 5.315 per cent. The previous record had been 5,099 per cent in January 1960. In this tight and costly money market, the Treasury will auction this week $3 billion in tax-anticipation bills.

Inflation often goes hand in hand with business booms, and particularly with consumer spending sprees. It also frequently brings with it rising interest costs. And these in turn often clip stock prices, while investors look elsewhere than the stock market for higher yields. Tight money often pinches home mortgage funds and the financing of small business enterprises.

So the divergent trends — some of the economy pointing ever higher while other segments turn down — may not be as unrelated as you might think at a quick glance.

After Rate Boost

Curb Loans, Banks Urged

WASHINGTON (AP) — Reacting to a wave of increases in prime lending rates, the Johnson administration has urged banks to curb credit expansion by saying "no" to more prospective borrowers.

This could apply to the little fellow who wants a loan for a car, a house or other purposes as well as a big business firm seeking a major loan.

* * *

In rapid fire order Tuesday, commercial banks in several cities increased their prime lending rates for the fourth time in a year, this time to 6 per cent.

Other banks across the country were expected to follow suit today. There was no solid indication President ohnson would try to roll back the boost or talk the bankers out of it.

PRIME RATE

The prime lending rate — that charged the largest and most creditworthy customers like big corporations —forms the basis for the commercial interest rate structure.

Thus, when a bank's best customer is charged 6 per cent, other borrowers may be charged 6.5 per cent, 7 per cent or more. Experts said pressure will be placed on installment and other small loans, but supplies of money for personal or consumer loans will tend to be available, although at higher rates.

* * *

Secretary of the Treasury Henry H. Fowler issued the plea for restraint after the First National City Bank of New York initiated the increase by raising one-fourth of 1 per cent its lowest interest rate for business loans of 90 days or more.

A bank spokesman said the move was designed "to moderate the continuing extraordinary loan demand."

FOLLOWS SUIT

When Continental Illinois National Bank & Trust Co. of Chicago quickly followed suit, Chairman William H. Moore said, "We think in view of the pressure on interest rates this increase is amply justified."

* * *

Fowler contended, "There is a better way to limit credit than by simply raising its price."

"When demands exceed a bank's resources, credit expansion can and should be restrained by bankers saying 'no' to borrowers on criteria other than that of who is willing to pay the highest rate," he said.

Ecorse, Union Reach Accord

Pact Hinges on OK by Striking Teachers

ECORSE (AP)—The Ecorse Board of Education today reached a contract agreement with teachers' union that went on strike June 3.

The contract is subject to ratification by members of Local 1425, American Federation of Teachers, who were fired after the walkout began.

* * *

Miss Lydia Rizzo, president of the Ecorse local, said the union negotiating team would recommend approval of the one-year contract by the membership.

She said a ratification meeting would be held on or before Aug. 29.

ON SCHEDULE

If the contract is ratified, Ecorse schools will open on schedule, Sept. 6.

"It is an excellent initial contract and one of the highest settlements for teacher conracts negotiated so far," said Robert B. Blackwell, executive secretary of the Michigan Labor Mediation Board.

* * *

The agreement was reached shortly before 3:40 a.m. today after a sometimes stormy negotiating session that centered on the problem of reinstating the fired teachers, Miss Rizzo said.

The Ecorse board agreed to change the status of the fired teachers from "discharged" to "laid off" between June 3 and Sept. 6.

* * *

Miss Rizzo said the contract called for a new pay scale for teachers with Bachelor's degrees ranging from $5,800 to $9,500 over a 10-year period. The previous scale went from $5,625 to $8,575. For instructors with master's degrees the scale will be from $6,300 to $10,100. Their previous pay schedule ranged from $6,025 to $9,075.

Kelly Service Office Opens in Pontiac

Kelly Services, Inc., which supplies temporary office, technical, marketing, and industrial services, has opened a branch office at 125 N. Saginaw

* * *

McKee Kirpatrick, formerly an account executive in the Detroit office, is the Pontiac Kelly manager.

"Business and industrial expansion in this area has created an unprecedented demand for experienced and qualified temporary personnel" commented Kirpatrick.

News in Brief

Damages of $120 were reported to Pontiac police last night after vandals threw several rocks through plate glass windows at Dimy's Market, 78 Lull.

Successful Investing

By ROGER E. SPEAR

Q. "My holdings are losing ground steadily. Should I take the losses in Consolidated Edison bought at 82; Scott Paper, 36; Korvette, 34; and ANelex, 32?" R.W.

A. May I point out that Cons. Edison shares were split two-for-one in 1965; your cost should be adjusted to 41. You hold two investment issues — Cons. Edison and Scott Paper — which should not be disturbed, and two speculative issues Korvette and ANelex. Each of the latter might in time recover from current weakness, but meanwhile your funds could perhaps work more effectively elsewhere.

I suggest a switch to Avco Corp. Government contracts for electronic equipment and helicopter engines are on the increase, yet over half of Avco's net income is derived from commercial operations in several growth areas: abrasives, farm equipment, anit-pollution systems, radio and TV broadcasting and finance services. Earnings of $1.14 a share for the first half of the current fiscal year were up 37 per cent. For the full year I consider $2.35 a reasonable estimate compared with $1.78 in fiscal 1965. The annual dividend of $1.00 offers a four per cent yield.

Cons. Edison has requested permission to raise electricity rates and cut gas rates by October 1, a move which, if granted, would improve income. Earnings for Scott Paper should also pick up. Profit margins have been squeezed by start-up costs on new equipment, the training of mechanical personnel and shipping problems.

We don't want none.

It's not just a matter of grammar. Everybody knows that higher education means higher income. And when an advertiser wants to close a lot of sales in a hurry, he wants to talk to the people who have the most money to spend — the people who are his best prospects. The only problem is: how does he reach them?

Well, surveys prove that as education and income go up, newspaper readership goes up, too. In fact, almost everybody who earns over $5000 a year reads the newspaper every day. And that means: just about everybody who owns his own home, just about everybody who owns two cars, just about everybody who uses credit cards and keeps charge accounts at local stores.

If you've got something to sell, turn to the newspaper reading public first. Newspaper readers are your prime prospects — the super-consumers.

Death Notices

BABB, AUGUST 14, 1966, CHARLES H., 243 Whittemore Street; age 50; beloved husband of Lillian Babb; dear brother of Mrs. Cecelia Owen, Mrs. Helen Jepson Jr., Fred and Bernard Babb. An A.H.E.P.A. Memorial service will be held today at 7:30 p.m. followed by Trisagion service at 8 p.m. at the Voorhees-Siple Funeral Home. Funeral service will be held Thursday, August 18, at 1:30 p.m. at St. George Greek Orthodox Church with Rev. Fr. Gus Tsomanas officiating. Interment in Oak Hill Cemetery. Mr. Babb will lie in state at the funeral home. (Suggested visiting hours 3 to 5 and 7 to 9 p.m.)

BUTLER, AUGUST 16, 1966, CHARLES EDWIN, 2357 Briggs, Waterford Township; age 53; beloved husband of Dorothy Butler; dear father of David R. Butler; dear brother of Raymond Butler, Mrs. Murial Griffith and Mrs. Wilma Stapleton; also survived by one granddaughter. A Masonic memorial service will be held Thursday at 7:30 p.m. at the Voorhees-Siple Funeral Home under the auspices of Brotherhood Lodge No. 561. Funeral service will be held Friday, August 19, at 11 a.m. at St. Paul's Methodist Church, with Rev. Samuel Selzert officiating. Interment in Crescent Hills Cemetery. Mr. Butler will lie in state at the funeral home. (Suggested visiting hours 3 to 5 and 7 to 9 p.m.)

ELKINS, AUGUST 15, 1966, GEORGE, 121 Prall Street; age 80; dear father of Mrs. Joseph Harmon, Mrs. Andrew J. Ballard, Mrs. Wesley J. Howes, Carl and George Elkins Jr.; dear brother of Harry and Homer Elkins; also survived by four grandchildren. Funeral service will be held Thursday, August 18, at 1:30 p.m. at the Sparks-Griffin Funeral Home. Interment in Perry Mount Park Cemetery. Mr. Elkins will lie in state at the funeral home. (Suggested visiting hours 3 to 5 and 7 to 9 a.m.)

FORBES, AUGUST 16, 1966, IRVIN A., Hale, Michigan, formerly of Union Lake; age 74; beloved husband of Viola Forbes; dear father of Mrs. Alvin Wright, Mrs. Frank E. Smith, Harry and Raymond Forbes; also survived by 11 grandchildren and seven great-grandchildren. Funeral service will be held Friday, August 19, at 1 p.m. at the Elton Black Funeral Home, 1233 Union Lake Road, Union Lake, with Rev. Dorr Fockler officiating. Interment in Lakeside Cemetery. Mr. Forbes will lie in state at the funeral home after 7 p.m. today.

HAWKINS, AUGUST 14, 1966, GEORGE N., 1107 S. Lake Drive; age 39; beloved husband of Phyllis Hawkins; beloved son of Mrs. Gertrude A. Hawkins; dear father of Mrs. Raymond (Carol) Swartz, William, George L., Gary Lee and Thomas Daniel Hawkins; also survived by four grandchildren. A memorial service will be held today at 8:30 p.m. under the auspices of F.&A.M. #468 of Highland Park. Funeral service will be held Thursday, August 18, at 1 p.m. at the Richardson-Bird Funeral Home, Walled Lake. Interment in Oakland Hills Memorial Gardens. Mr. Hawkins will lie in state at the funeral home.

JOHNSON, AUGUST 15, 1966, EUGENE L., 2161 Willow Beach, Keego Harbor; age 32; beloved husband of Marilyn Johnson; beloved son of Mr. and Mrs. Wade B. Johnson Sr.; dear father of Deborah Jane Johnson; dear brother of Mrs. Henry Fleming, Phillip L., LeRoy H. and Wade Johnson Jr. Funeral service will be held Friday, August 19, at 3 p.m. at the Voorhees-Siple Funeral Home with Rev. James H. McLaurin officiating. Interment in Oak Hill Cemetery. Mr. Johnson will lie in state at the funeral home. (Suggested visiting hours 3 to 5 and 7 to 9 p.m.)

PACE, AUGUST 15, 1966, BEUNAH, 1191 Edison Street; age 85; dear mother of Mrs. William (Vera) Weishear, Mrs. Frank (Roxeiene) Davis, Mrs. Oscar (Freda) Velie, Harold, Howard W., Hobart W. and Frederick A. Pace; dear sister of Mrs. Anna Albertson; also survived by 19 grandchildren and 22 great-grandchildren. Funeral service will be held Thursday, August 18, at 2 p.m. at the Emmanuel Baptist Church with Rev. Arvel DeVeney officiating. Interment in Commerce Cemetery. Mrs. Pace will lie in state at the D. E. Pursley Funeral Home. (Suggested visiting hours 9:30 a.m. to 9:30 p.m.)

PERRY, AUGUST 15, 1966, HARVEY W., 2793 North Lake Drive; age 63; beloved husband of Queena Perry; dear father of Arton D. and Darill W. Perry; dear brother of Mrs. Rose Parker, Mrs. Nina Warner, Mrs. Lydia Steele, Mrs. Mae Bolinger, Oliver and Lewis Perry; also survived by five grandchildren. Funeral service will be held Friday, August 19, at 1:30 p.m. at the Sparks - Griffin Funeral Home. The graveside service is under the auspices of the Roosevelt Masonic Lodge. Interment in Perry Mount Park Cemetery. Mr. Perry will lie in state at the funeral home. (Suggested visiting hours 3 to 5 and 7 to 9 p.m.) The family suggests memorial contributions may be made to the Kirk-in-the-Hills Church.

ZABLOCKI, AUGUST 14, 1966, LLOYD E., 4829 Halberd, Commerce Township; age 51; beloved husband of Esther Zablocki; beloved son of Mr. and Mrs. Paul Zablocki; dear father of Paul and Sheila Zablocki; dear brother of Mrs. Eldon Cheetam, Mrs. Wilfred Beauchamp, and Lyle Zablocki. Funeral service will be held Thursday, August 18, at 3 p.m. at the Richardson - Bird Funeral Home, Walled Lake. Interment in Glen Eden Cemetery. Mr. Zablocki will lie in state at the funeral home.

Lawrence of Arabia

LOCAL ISSUE, 7:00 p.m. (56) Films and interviews profile Prof. Thomas J. J. Altizer, a proponent of the "God Is Dead" theory.

T. E. Lawrence, 7:30 p.m. (56) The life of the legendary Lawrence of Arabia is examined.

MERV GRIFFIN, 8:30 p.m. (50) Jayne Mansfield heads guest list.

JOHN GARY, 10:00 p.m. (2) John welcomes Liberace, singer Susan Barrett and comic Tim Conway.

Carol Lawrence Survives Red Cross Gala 'Disasters'

By EARL WILSON

MONTE CARLO — Her serene highness Grace Kelly's Red Cross galas out at the Sporting Club with American women visitors wearing diamonds the size of ice-cubes are always memorable . . . and one person who will especially alway remember the last one is the singer-dancer Carol Lawrence.

WILSON

The very glib master of ceremonies introducing her to the poshest gala audience yet, referred to Carol Lawrence's many attainments and he pronounced her name as: "Lawrence Carol."

Well, Miss Lawrence Carol, as we have never thought of her, since she is the wife of Robert Goulet, and a mother, came swinging out as though nothing had happened, and began to sing—her chest mike wasn't working. It did later work . . . about once out of 20 times, and the lighting never quite functioned properly either, and all in all, Carol would have been justified if she'd asked the Red Cross to give her first first aid midway in the act.

Instead, she smiled through it all, and managed to make a little speech without crying, winning her enormous applause on all sides because if there ever was a sporting girl in this sporting casino, it was Miss Lawrence Carol of Hollywood and New York, U.S.A., who crossed the ocean, yet, to have a chest mike break down on her.

Princess Grace sat one table away from our party, and the high point for one of the group was when she was able to say:

"Look, Grace has put her glasses on!"

She looked so gorgeous and so youthful that hardly anybody looked at the other beauties, and it was almost funny to see all the wealthy ladies limping under their jewelry gtting their husbands up to dance so they could goggle down at Grace.

THE MIDNIGHT EARL . . .

Salome Jens, who has a nude scene with Rock Hudson in "Seconds," refused to pose for Playboy. She says, "For art, yes; for publicity, no" . . . **Luci Johnson Nugent's** thank-you notes are going out—McCall's magazine got one for its gift of a recipe book.

Bill Travers and Virginia McKenna (of "Born Free") are expecting their fourth . . . **Mrs. Betty Sperber**, mgr. of the Wild Ones rock 'n' roll group, had to leave Shepheard's in a hurry — to rush to a hospital and have her baby.

★ ★ ★

WISH I'D SAID THAT: You're getting old when the girl at whom you smile thinks you're one of her father's friends.—Pic Larmour.

REMEMBERED QUOTE: "It is surprising how many people remember the good advice they gave you, and how few remember the bad advice they gave you."

EARL'S PEARLS: Someone described a politician as "a man who says what he thinks, without thinking."

Bob Hope saw the artificial grass in the huge Houston Astrodome, and commented, "It'll look even more realistic next week—They're putting in some artificial crabgrass." . . . That's earl, brother.

(The Hall Syndicate, Inc.)

Florida's commercial citrus crop consists of 10 varieties of oranges, five of grapefruit and one each of tangerines, limes and lemons.

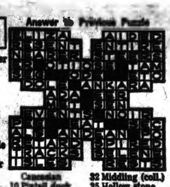
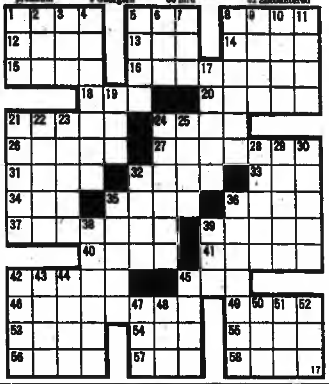
Answer to Previous Puzzle





Dagger Left by Killer at Police Door

STOCKPORT, England (AP) — A dagger was found today on the steps of the Stockport police station with a note containing a confession to two unsolved murders and a threat to strike again.

The note said: "My next victim will be a teen-ager. Ha ha — from the killer of Marjorie Hill and John Crossland."

★ ★ ★

Police said tests confirmed the dagger was the one used to murder John Crossland, 44-year-old theater doorman who was stabbed in a lonely lane in nearby Cheadle Sunday night.

Marjorie Hill was stabbed to death in Bramhall Park, a few miles from Cheadle, a year ago.

★ ★ ★

Detective Chief Supt. Percy Wilkes said, "I think that this will convince everyone that there is a dangerous criminal or maniac about, and one cannot treat the message as a joke."

Volcano Erupts

JAKARTA, Indonesia (AP) — The volcano Mt. Awu, located in Indonesian territory close to the Philippines, has erupted, the official news agency Antara reported today.

★ ★ ★

The agency said the explosion hurled ashes about 3,000 feet in the air and cast a pall of darkness over Taruna, main city on the island.

Jayne Remains in Taxing Spot

CARACAS (UPI) — Actress Jayne Mansfield's government-enforced vacation entered its 60th day here yesterday with no sign when the ban against her departure would be lifted.

★ ★ ★

Miss Mansfield has been kept in this country since last Thursday by Venezuelan tax officials, who said she cannot leave until they finish the investigation of a tax charge against her.

Although somewhat irritated, Miss Mansfield has accepted her enforced stay with patience.

After an interview with the judge yesterday morning, Miss Mansfield said, "I love the place and the people and everyone is doing his best to sort it out. But it's no holiday for me."

★ ★ ★

The actress, in Venezuela for nightclub engagements, was detained at the airport as she was leaving last Thursday.

★ ★ ★

Tax officials said her documents had been "adulterated." She is due to appear before the examining judge again tomorrow.

Plane Ditched; 3 Aboard Safe

Picked Up by Ship in 'Middle of Nowhere'

MIAMI, Fla. (AP) — Three persons whose light plane went down at sea Tuesday night are aboard a 710-foot tanker heading for Venezuela, the Coast Guard said today.

★ ★ ★

It was believed that the pilot, identified only as N. Ficke of Cincinnati, Ohio, ditched alongside the Liberian motor vessel, World Industry, when he saw the Cessna 182 wasn't going to make it to land, the Coast Guard spokesman said.

★ ★ ★

"I sure wouldn't want to ditch out there," the spokesman said in referring to the location. "That's in the middle of nowhere."

The area in the South Atlantic is about 360 miles southeast of Miami.

ENGINE TROUBLE

It was not learned how long Ficke and his passengers, Mr. and Mrs. Bob Pierson, also of Cincinnati, were in the warm tropic waters or whether they had life-saving equipment with them.

★ ★ ★

The plane had taken off from Nassau and was heading for South Caicos when engine trouble developed, the Coast Guard said, and Ficke radioed his difficulties.

★ ★ ★

He turned the plane around and was heading back for San Salvador when he apparently decided to try the ditching maneuver, the Coast Guard said.

The tanker is scheduled to dock Thursday in Amuay, Venezuela.

Show in Detroit Doesn't Go On

DETROIT (AP)—Almost 2,000 playgoers were turned away from the comedy hit "Generation" Tuesday night because actor Robert Young reportedly was ill.

★ ★ ★

The veteran actor reportedly was suffering from fatigue. A spokesman for the Fisher Theater said Young should be back in the cast tomorrow night.

★ ★ ★

The play, about the differences between the younger and the older generations, opened Aug. 8.

Third Annual Contest for Girls 8 to 18

DETROIT AREA GIRLS TO WIN SAN FRANCISCO TRIP

SEWING CLASSES TO START SEPT. 12

Dressmaking classes for beginners and advanced students will begin in all Montgomery Ward stores in Southeastern Michigan on September 12th. The classes, supervised by Harriett Herndon, well-known sewing instructor, cover such things as making dresses, suits, skirts, blouses and related garments. The enrollment fee is $15.00 and upon graduation, each student is given a 10% discount coupon good toward the purchase of fabrics for future personal projects.

Over 2,000 women have been graduated during the past two years. Many women continue into more advanced phases of sewing and have adopted sewing as a hobby as the result of their "expose" in Ward's classes.

Enrollments are accepted in the Sewing Machine Departments of all Ward stores (except So. Flint Plaza and Allen Park).

HOME DECORATING CLASSES TO START SEPTEMBER 15

Annabelle King, popular author and lecturer in the field of home decorating and furnishing, supervises classes on the subject in all Montgomery Ward stores beginning September 15. The eight sessions of one and one half hours each cover: Furniture arrangement; color coordination; how to buy furniture; carpeting and window treatments; decorative use of wallpaper and paint; wall arrangements & accessories; imagination vs money; and furniture refinishing and antiquing. The course cost is $15. Upon graduation, each student is given a merchandise certificate worth $15 toward the purchase of furniture, carpeting or custom draperies costing over $150.00 (except sale priced merchandise). Students may enroll by calling DU 6-1020 any day 9 A.M. to 5 P.M.

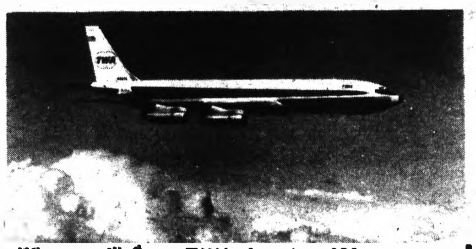
NEXT WENDY WARD AND SUGAR'N SPICE CLASSES TO START SEPT. 12th.

Poise, Posture, Grooming, Fashion Coordination, Cosmetic Application and Manners are among the subjects covered in every Wendy Ward (12 - 18) and Sugar 'N Spice (8 to 11) class starting Sept. 12.

Enrollment fee is $7.50 which includes (for Wendy Ward students) a personal charm book and a cosmetic kit. Enroll in the Junior Shop (Wendy Ward) or the Girls Department (Sugar 'N Spice). Classes are held Saturday of each week.

Hundreds of dollars in prizes to be won

ALL EXPENSES PAID TRIP TO SAN FRANCISCO VIA TWA JET TO WINNERS



Winners will fly on TWA's 4 engine, 100 passenger jet liner from Detroit to San Francisco.

World known San Francisco's Golden Gate Bridge is just one of big attractions.

MISS SUGAR 'N SPICE FOR GIRLS 8 TO 11

TWA

A fortunate mother and her attractive daughter will board a huge, 4 engine TWA jet liner in the Fall and head for historic San Francisco for a week-end of touring and sightseeing – guests of TWA and Montgomery Ward.

To enter the contest, mothers should take their daughter to the nearest Montgomery Ward store and ask for an entry blank in the Girls Department.

Her daughter will be photographed in the Back to School outfit she selects from Ward's fine selection of Girls fashions. The mother and daughter will then write a short, 25 wordessay on why the daughter would like to be Miss Sugar 'N Spice. Contest dates are August 8th through 31st.

YOU MAY ENROLL YOUR DAUGHTER IN OUR GIRLS WEAR DEPT. MON.-SAT. 9:30 A.M. TO 9:00 P.M.

In addition to the trip to San Francisco, the girl selected as Miss Sugar 'N Spice will be seen on Channel 9 in a TV Special sponsored by Montgomery Ward. She will also receive a complete back-to-school wardrobe, Samsonite luggage, a transistor radio and $25 worth of current popular records. The winner will also receive the clothes she is wearing at the time she is photographed.

Judging will be conducted by some of Detroit's leading fashion authorities and will be based on poise, personal grooming, personality and originality of the essay. Finalists from each Montgomery Ward store will be asked to attend a final judging when "Miss Sugar 'N Spice" of 1966 will be selected.

MISS WENDY WARD CONTEST FOR GIRLS 13-18

The Third Annual "Miss Wendy Ward" contest will be held in all Montgomery Ward store between August 8 and 31st. This year's winner will be awarded the most fabulous prizes in the three year history of the contest.

First prize will be a trip to San Francisco aboard a TWA jetliner – with hotel and all expenses paid. Other prizes will include a set of Samsonite luggage, a complete back-to-school wardrobe, the clothes the winner is wearing when she is photographed, a transistor radio and $25 worth of current popular records.

To enter, a contest simply visits her nearest Montgomery Ward store, select the outfit she would like most to have for back-to-school, have her photo taken in it (right there in the department), write in 25 words or less "why I selected the fashions"... and presto, she could be a winner. Contestants need not have been graduates of any Wendy Ward or Sugar 'N Spice class.

Each store panel of judges will select a contestant to compete in the area-wide contest for "Miss Wendy Ward of 1966". At the final judging, such things as poise, posture, grooming and personality will be the deciding factors which the distinguished panel of judges will use in determining "Miss Wendy Ward of 1966". Decision of the judges will be final.

Past "Miss Wendy Ward" contestants and Winners have gone on to win crowns in many other beauty contests. Miss June Eden, "Miss Wendy Ward of 1965" holds several titles – all tributes to her beauty, poise and personality.

ENTRY BLANKS MAY BE SECURED IN OUR JUNIOR SHOPS - 9:30 - TO 9 P.M.

6 Ejected During House Hearings

Cigarette Ring in State Cracked

LANSING (AP) — Investigators cracked Michigan's biggest cigarette bootlegging operation in several years, Revenue Commissioner Clarence Lock said yesterday.

Three western Michigan men were charged with illegal transportation and sale of cigarettes by Ottawa County Prosecutor James Buzzard.

They were arraigned yesterday, demanded an examination, and were released on bond.

They were identified as Henry Tolman of Jenison, and Charles Green and Morris Gibson, both of Grand Rapids.

Lock said the Revenue Department seized more than 5,500 cartons of untaxed cigarettes and the truck in which they had been hauled from North Carolina.

★ ★ ★

He said the operation had gone on since spring. Tax liability on the one truckload alone was placed at $3,850, or 70 cents per carton.

PROVIDES TIP

Lock said a cigarette wholesaler who was losing business tipped off authorities, who began an investigation five weeks ago.

They followed the truck to North Carolina and observed the cigarette pickup from a legal source. North Carolina is the only state which levies no cigarette tax.

By not paying the Michigan tax, said Lock, bootleggers could undersell legitimate wholesalers by four to five cents per carton.

Cigarette bootlegging has increased in recent months in the east, especially New York City, where the tax per carton is $1.40.

'Plan for City Is Still Alive'

Developer Taubman Sees Agreement Soon

The proposed Taubman plan for downtown Pontiac is very much alive according to A. Alfred Taubman in a telephone interview to The Pontiac Press yesterday from San Francisco.

Taubman said, "Negotiations are currently in progress and we sincerely hope that in the next two to four weeks we can announce the signing of a tentative agreement with the City of Pontiac.

"Working out details for such an immense undertaking involving urban renewal property requires numerous meetings to fulfill all the government regulations," Taubman noted.

According to Taubman the only remaining hurdle is agreeing on financial terms. It was his feeling that the two parties were not far apart.

★ ★ ★

Mayor William H. Taylor Jr. today confirmed Taubman's assessment of downtown redevelopment plans.

BIG PROJECT

In a prepared statement Taylor commented:

"The statement of Taubman, indicating his continuing high level of interest in redeveloping the south end of downtown Pontiac, is certainly reassuring. The magnitude of the project makes it very difficult to accomplish the detailed agreement in a short period of time.

"The city staff and members of the City Commission, assisted by a number of citizens of Pontiac who are knowledgeable in the field of commercial development and finance have been working steadily on this for a number of months.

"It is well known that Taubman's project requires more land than is currently cleared in the urban renewal area.

★ ★ ★

"Taubman is also expecting a major municipal offstreet park-

U.S. Press Is Barred

PARIS (AP) — Representatives of the U.S. press will be barred from Cambodia during French President Charles de Gaulle's Aug. 30-Sept. 3 visit there, the Cambodian Embassy said today.

House Votes Today on Car Safety Rules

Bill Passage Seems Certain; Will Apply to 1968 Model Run

WASHINGTON (AP) — The House votes today on a bill that would require 1968 model motor vehicles to meet federal safety standards. Passage appears certain.

The standards for passenger cars, trucks and buses, would be prescribed by the secretary of commerce not later than next Jan. 31 and would become compulsory not more than one year later.

The initial requirements presumably would follow those now in force for government-purchased cars, which must be equipped with head rests, padded dashboards and safety belts or safety harnesses.

New standards based on one year of experience would be set by Jan. 31, 1968.

★ ★ ★

The House timetable for enforcement of the safety requirements for new cars is the same as contained in a bill already passed by the Senate.

USED CAR RULES

A major difference is that the House version calls for mandatory safety standards for used cars within two years while the Senate measure called only for a study of used car standards.

Both bills would require manufacturers to notify purchasers of any defects.

Included in the House bill are major provisions of a separate Senate measure dealing with tire safety.

These would require the secretary of commerce to establish a grading system for tires and to require that all tires bear the name of the manufacturer and basic construction data.

AP Wirephoto

PICKETS ON PARADE — Demonstrators from various anti-Viet Nam war groups carry signs outside the White House yesterday. Some of them are also protesting activities by the House Un-American Activities Committee, holding a probe of anti-war groups.

Uproar Mars Antiwar Probe for Second Day

Avowed Communist Says Government Is Most Hated in World

WASHINGTON (AP) — Six more persons were hustled out of hearings by the House Committee on Un-American Activities today for applauding antiwar speeches by a witness.

The second day of the tumultuous sessions, which saw 17 persons arrested yesterday, began relatively peacefully with only about 100 persons in the corridors and 305 quietly occupying seats in the hearing room.

The witness, Richard Mark Rhoads of New York, charged the committee was conducting "a circus intended to harass."

He displayed frank hostility under questioning by Alfred M. Nittle, the committee counsel, and Rep. Joe R. Pool, D-Tex., the acting committee chairman.

★ ★ ★

"I came to the committee to tell as much of the truth as I can before being interrupted by the committee," Rhoads said when asked to swear he would tell the truth.

'MOST HATED'

Rhoads, who said under questioning that he is a member of the pro-Communist Progressive Labor party and a Communist, told the committee that "the most hated government in the world today is the government of our country."

The ejections of spectators came during loud bursts of applause at various points during Rhoads' testimony.

Police and federal marshals seized individuals in the crowd and led, carried or dragged them out, in line with a warning by Pool that any persons who demonstrated would be taken out of the room.

★ ★ ★

Rhoads, in his testimony, challenged the committee's constitutional authority — a question to be argued later today before a three-judge federal court.

UAW Demands Move on Reopening Pacts

DETROIT (AP) — The United Auto Workers have demanded that the auto makers give them an answer by next Monday on the union's request for reopening current contracts to write in higher wages for skilled tradesmen.

The three-year contracts, negotiated in 1964, do not expire for more than a year, and Chairman Henry Ford II of Ford Motor Co. is on record as saying reopening at this time would be "inadvisable."

The demand comes, however, just as the auto makers are beginning to roll out 1967 models.

The union said its only weapon now is "the power of persuasion." But a strong demand always raises the spectre of work stoppages, and all the manufacturers like to begin a new model year with a rush.

Skilled tradesmen within the UAW contend they are underpaid when compared with others, particularly within the building trades.

★ ★ ★

They point to a Detroit straight-time scale of $4.63 hourly for carpenters and $5.20 for electricians.

CITE FIGURES

In the Big Three auto plants, they claim tool and die makers average $3.87, and in job shops of the Detroit Tooling Association, $4.25. Other skilled trades are millwrights and machinists.

Wet and Warmer Forecast for Area

Scattered showers, cloudiness and warm temperatures are being forecast for Pontiac area residents tomorrow. Highs will be 80 to 86.

★ ★ ★

Tonight will be partly cloudy

Winds are west to northwesterly 8 to 15 m.p.h., diminishing tonight.

★ ★ ★

Lowest temperature preceding 8 a.m. was 58. By 1 p.m. the thermometer read 81.

Motor Pool Hit by Cong Shells

U.S. Jet Crashes Into a Village, Killing 26

SAIGON, South Viet Nam (AP) — Viet Cong mortar men tonight shelled a U.S. motor pool about a mile from Saigon's Tan Son Nhut airport, where a similar attack last April 14 killed seven Americans and wounded 108 persons.

★ ★ ★

Americans fought back by the light of flares.

A U.S. spokesman said the bombardment, which followed up a Communist ambush that killed 14 Vietnamese militiamen and wounded 12 only five miles south of Saigon, was reported to have caused light material damage. He had no word on casualties.

While U.S. Marines and paratroopers and South Vietnamese rangers hunted for the Viet Cong's 5th Division in a coastal area 100 miles east of Saigon, another aerial mishap marred American war operations.

★ ★ ★

A U.S. Marine jet fighter-bomber, heavily laden with bombs and fuel, crashed into a Vietnamese village shortly after taking off from Da Nang and at least 26 villagers were killed.

ESCAPES INJURY

The pilot, identified as Lt. Walter J. Doherty, 22, of Gold Hill, Ore., escaped serious injury.

★ ★ ★

His parachute failed to open after he ejected, but the fall of his ejection seat was broken by a tree.

LI'L ONES

"The rocks in my collection are all clean but they sure made a racket in the washing machine."

Theater Storage Barn Is Leveled by Blaze

A storage barn used in connection with the Will-O-Way Apprentice Theater and Playhouse in Bloomfield Township was leveled by fire yesterday.

The 100-year-old barn housed scenery and props required by the nationally famous actor studio at 775 W. Long Lake Road, according to Mrs. Celia Merrill Turner, president and director of the playhouse.

The barn had been in the Merrill family for more than a century, and was used only for storage and occasional rehearsals.

Mrs. Turner and her brother, William Merrill, established Will-O-Way Playhouse, a stock company which gained a national reputation for excellence.

TRAINING PROGRAM

A professional training program for actors was added in 1940, and in 1949, Will-O-Way was licensed by the Michigan State Board of Education as a trade school for theater arts.

★ ★ ★

The fire caused an electric power failure that affected some 1,000 customers in the Long Lake-Telegraph area of the township for 45 minutes.

★ ★ ★

Cause of the blaze has not been determined, according to the Bloomfield Township Fire Department.

Township officials said the barn had been condemned and was scheduled to be torn down.

Contract Ratified

KALAMAZOO (AP) — A new contract with the Plainwell Division of Weyerhauser Corp. was ratified by a 92 per cent majority Tuesday by 285 members of Local 1082, United Papermakers and Paperworkers.

Pontiac Press Photo

FIGHT FIRE — Bloomfield Township firemen battle a blaze yesterday that destroyed a 100-year-old barn which was utilized by the nationally known Will-O-Way Apprentice Theater. The barn at 775 W. Long Lake was used for storage. The cause of the fire has not been determined.

Medicare Patients Finding Program Isn't a Free Ride

(EDITOR'S NOTE — This is the last of two stories on the effects of Medicare in the Pontiac area.)

By L. GARY THORNE

Medicare patients are discovering that the newborn federal health care program isn't a free ride without the aid of supplemental insurance.

For example, Stanley M. went into a local hospital seriously ill. He was 67 and had both Medicare's hospital (part A) and medical (part B) coverage.

When Stanley presented his Medicare identification card, he was surprised to learn that he would have to pay the hospital $40.

"But, I've got Medicare," Stanley replied, shoving his card toward the clerk.

"Yes, but Medicare provides that the patient must pay the first $40 of hospital charges for each 'spell of illness'," the hospital clerk answered.

PRIVATE INSURANCE

The clerk explained further that if Stanley had private insurance to fill in the "gaps" not paid for by Medicare, then the $40 would be paid for him.

Stanley also learned that Medicare's medical coverage has a deductible charge. He would pay the first $50 in each calendar year for medical benefits. Private insurance for persons over 65 would have also paid these charges.

In addition, Stanley required seven pints of blood during his hospital stay. He

LBJ: Unify Latin Economies

Vote Tally Shows No Big Change

The Oakland County Board of Canvassers today announced that no major changes occurred in the results of the Aug. 2 primary election during its official tabulation of the votes.

* * *

The canvass, completed yesterday afternoon, verified earlier reports that a record was established in the number of voters going to the polls in a county primary.

The total vote was 120,048. The previous high of 100,000 was set in 1964.

Revisions were made in the total votes of most candidates in all the races.

* * *

The final tally, however, did not affect the position of any candidates, with the exception of two in the judicial race for circuit court.

FIFTH PLACE

Pontiac Municipal Judge Cecil McCallum moved into the fifth spot among the six nominees for circuit judge, and Royal Oak attorney John N. O'Brien dropped into the sixth position.

The largest discrepency was in the total vote received by William H. Merrill, Democratic nominee for Congress from the 18th District.

The mistake had been discovered and reported a few days after the election, but it was not official until the canvassing was completed.

* * *

Merrill received 21,505 votes, rather than the 8,533 that was initially reported by the county clerk's office.

AP Wirephoto

GUERRILLAS GIVE UP — Two Viet Cong wade through the muddy waters of the Mekong River delta to give themselves up to South Vietnamese soldiers near Thei An village 120 miles southwest of Saigon yesterday. They were uncovered when the airborne 9th Division swept through the village.

Bid to Give Alliance a Shot in Arm

WASHINGTON (AP) — President Johnson called today for the economic integration of Latin America and a united drive to raise living standards.

In what was described by officials as an attempt to apply a "second-stage booster" to the Alliance for Progress program, Johnson declared "the alliance must set new sights." and "first among these," he said, "is the economic integration of Latin America."

* * *

Several months ago, in a visit to Mexico, Johnson proposed a meeting of hemisphere chiefs of state. He gave no clue on a possible meeting date in his prepared speech today on the fifth anniversary of the alliance, though the target date is understood to be early December.

Officials described the President's speech as a major one, aimed at helping prepare a possible agenda for the hemisphere summit. In it, Johnson listed some priorities to consider in the years ahead.

BIG QUESTION

"The question is whether progress lies ahead in unity or isolation. Our sister republics in Latin America must decide that question for themselves. For our part, we believe that effective unity is vital to the needs of expanding populations," Johnson said.

"To my fellow presidents, I pledge: Move boldly along this path and the United States will be at your side. To all the hemisphere we say: Let the pace be quickened. Time is not our ally."

* * *

Johnson noted that when the hemisphere program for reform and economic development was launched five years ago, it set as a goal a 2.5 per cent increase in the average Latin American's income.

* * *

Now, the President said, the growth rate is larger than that and in the future "annual per capita growth rates should increase to the range of 4 to 6 per cent."

E. M. ESTES

Truck Record Seen for Chevy

Estes Predicts Sales of 600,000 This Year

Chevrolet Motor Division will sell more than 600,000 new trucks this year, E. M. Estes, general manager of the division said yesterday.

It would be the first time any company has reached that total in a calendar year.

Estes, a General Motors Corp. vice president and former general manager of Pontiac Motor Division, spoke at a news conference in St. Clair in connection with a preview of the 1967 Chevrolet truck line.

He said deliveries from Jan. 1-July 31 were nearly 374,000 units, compared to 336,000 for the same period last year.

* * *

By the end of the year, they will be well in excess of 600,000, surpassing the previous record of 574,136 set in 1965, he added.

PREDICTS RECORD

He predicted that truck sales for the entire industry also will set a new high in 1966, with 1,660,000 deliveries, including about 5,000 of foreign make.

"This is not only a strong market — but a changing one as well," Estes said

"The changes have not only expanded the national truck fleet. They also influence the kind of trucks we build today and will build in the future.

"Pickup trucks provide an example of how changes in usage influence truck design. For many years the pickup was purely a utilitarian vehicle.

"Today, in some areas of the country, particularly the southwest, more and more people are buying a pickup truck as an all-purpose vehicle — for work or for pleasure."

Much of the growth in the light truck market is due to the big boom in camping, travel and other outdoor activities, Estes said.

CAMPER BOOM

He estimated the sales of truck mounted camper coaches at about 100,000 for 1966, and said more than 400,000 will be on the road by the end of this year.

Another development that has influenced the design of trucks and expanded their usage is the changing character of America from a rural to an urban nation, Estes said.

"The growth is in the suburbs, rather than in congested metropolitan centers," he said. "That means more business and more people must be served by trucks."

Birmingham Area News

Two Held as Suspects in Fox & Hounds Holdup

BLOOMFIELD HILLS — Bloomfield Hills police have two men in custody believed to be the bandits in the July 6 armed robbery of Fox & Hounds Inn, 1560 N. Woodward

The first suspect, James A. July, 18, of Detroit, was apprehended Aug. 4 in Riverside, Calif.

The second suspect, James Ingram, 20, of Detroit, was named by July and picked up yesterday by Detroit police. He is being taken to Oakland County Jail today.

The two will be charged with stealing $8,600 at gunpoint from the restaurant.

* * *

About $2,000 was dropped in the restaurant parking lot. The rest of the money has not been recovered.

July admits to taking only $2,775 and says that all of it has been spent, according to police.

Seven Birmingham and Bloomfield Hills residents are included among 99 artists from 27 states and Italy who will exhibit their art works at the fifth biennial National Religious Art Exhibition beginning Oct. 7 at Cranbrook Academy of Art.

The area artists are: Joseph D. Bulone of 388 Greenwood; Stephen Daly of 844 Hazel; Glen Michaels of 344 W. Brown and Donald F. Snyder of 1064 Abbey, all of Birmingham.

Also included are Charles R. Henry of 283 Lone Pine and Haruhiko Tanaka of Cranbrook Academy of Art, both of Bloomfield Hills; and Vera Gilpin of 1539 Lochridge, Bloomfield Township.

Approximately 4,000 color transparencies were submitted by 1,051 artists in 49 states and eight foreign countries for selection in the exhibit. The exhibition is open to all American-born artists.

Katharine Kuh, author, critic and art editor of the Saturday Review, will be the final judge

Patrons attending the 23-day show will be invited to purchase those works on which the artists have indicated a value.

In previous years, about 25 per cent of the works exhibited have been purchased.

British Arrest 2nd Suspect

Man Still Hunted in Death of 3 Detectives

LONDON (AP) — John Duddy, 37, a tattooed Scotsman wanted in the killings of three London detectives, was captured today.

The arrest left only one of the three hunted men still at large. He is Harry Maurice Roberts, 30.

* * *

The slain detectives, members of the undercover squad against big-time crime, were shot down outside the walls of London's Wormwood Scrubs prison last Friday.

* * *

Scotland Yard had alerted the nation to help track down the wanted men but cautioned they might shoot on sight.

MASSIVE MANHUNT

Scotland Yard, hub of a massive manhunt by 20,000 policemen in the capital and provincial cities, also showed its concern by the decision to arm a hand-picked squad of 60 detectives.

* * *

British police are issued guns only in exceptional circumstances. A Yard spokesman said: "At first we decided to keep arms in reserve, but this order has just been countermanded from the top."

* * *

The special squad was divided into two teams of 30 detectives each, ready to roar into action in high-powered cars loaded with tear gas canisters.

* * *

Other policemen raided houses in London, Bristol and Glasgow; set up roadblocks on some highways out of the capital; checked ports and airfields.

MURDER CHARGE

John Edward Witney, 36, already has been arraigned on a charge of murdering — "with others" — the three London detectives who were shot down last Friday afternoon.

* * *

The detectives had stopped their car to question three men in a pale blue station wagon parked near the walls of Wormwood Scrubs Prison.

* * *

Witney was ordered held without bail until a further hearing in West London Court Aug. 23. He was sneaked into the court Tuesday handcuffed to two detectives and with his head hidden under a blanket.

2 Inmates Sought After Guard Slain

MANDAN, N.D. (AP) — A guard at the North Dakota State Industrial School was found beaten to death Tuesday night after two teen-agers escaped from the school.

* * *

Police set up roadblocks throughout the state and called out all available officers in the Mandan-Bismark area. Mandan is across the river from Bismark, the state capitol.

* * *

Police said the guard, Raymond A. Wietstock, apparently had been beaten with an Indian club and a chair leg.

Pioneer 7 Launched Toward Orbit of Sun

CAPE KENNEDY, Fla. (AP) — The United States today launched the Pioneer 7 spacecraft toward an orbit around the sun, aiming to reap the "solar wind" — clouds of radiation that blow through space as a potential threat to astronauts.

A three-stage Delta rocket, spouting a serpentile tail of white smoke, blasted away from Cape Kennedy at 10:20 a.m. (Pontiac time) to start the 140-pound scientific package on a marathon journey.

* * *

The flight control center reported early phases of the mission appeared excellent as the rocket winged out over the Atlantic Ocean. The National Aeronautics and Space Administration hoped to know within an hour whether Pioneer 7 achieved a solar orbit.

* * *

As Pioneer 7 cruises around the sun on a path between the earth and Mars, it was to gather information on the solar wind, radiation, magnetic fields and other properties of interplanetary space.

FORECAST FLARES

It could help forecast when dangerus radiation-producing flares might erupt on the sun, permitting manned lunar and planetary flights to be rescheduled.

On its wide-looping course, the spacecraft was to circle the sun every 400 days at distances ranging from 92 million to 102 million miles.

* * *

The combination of Pioneer 7 and Pioneer 6, launched into sun orbit last December, would provide scientists with comprehensive data about a wide area of the solar system. Pioneer 6, still sending strong signals, is orbiting the sun on a path between the earth and Venus and presently is nearly 80 million miles from earth.

Plan for City Is Said to Be Still Alive

(Continued From Page One)

ing development in conjunction with his shopping center. He is expecting that this will be free-to-the-user parking and that his development will pay a fixed rental to the city each year for its use.

TALK TOPIC

"This rental is currently the subject of considerable discussion," Taylor noted.

"A four-hour meeting was held with Taubman and his staff last week. Yesterday Philip Rowston, city attorney, met with Taubman's attorneys at length on the details of the agreement which is now approaching final form.

"Under the agreement, Taubman would post a $250,000 cash bond and be given a specified period of time to complete his negotiations with at least two major tenants, and a timetable would be established for action by both the city and Taubman.

* * *

"The disposition of the traffic which now travels Orchard Lake Avenue and Auburn, between East and West Wide Track, is a matter of considerable concern because the proposed shopping center must cross this street.

"Taubman has offered some solutions to this problem.

* * *

"These have not been satisfactory and we are working on other more reasonable solutions to keep within the city's ability to proceed.

"There are many problems to be overcome in accomplishing the Taubman proposal and some may be insurmountable but considerable time and major effort is being exerted to resolve the problems and progress is being made," Taylor concluded.

Pastor's Got Spirit

MATTITUCK, N.Y. (AP) — A presbyterian minister, Robert L. Sullivan, has decided to learn surfing to keep in close touch with his parishioners. He thinks his skill at guitar playing also will come in handy with the young people here.

Reserve Call Voting Today

Would Give Johnson Unasked-For Power

WASHINGTON (AP) — Senators face a showdown today on a proposal to give President Johnson authority to call up thousands of young military reservists — now exempt — for possible combat duty in Viet Nam.

The President has not asked for such authority.

* * *

The reserves proposal and other controversial riders — including a proposed $522.5-million slash — upset plans of Senate leaders to complete passage Tuesday of a massive $58 billion-plus defense money bill.

Needing a two-thirds majority to add their reserve call-up proposal to the appropriation measure, Sens. Richard B. Russell, D-Ga., and Leverett Saltonstall, R-Mass., based their appeal on fair treatment for draftees and volunteers in the Southeast Asian war.

AGAINST MOVE

Secretary of Defense Robert S. McNamara, presumably with White House backing, has rejected congressional suggestions that the citizen-soldiers be called to active duty.

The Russell-Saltonstall proposal would permit Johnson to call to active duty for 18 months any ready reservist whose previous service was limited to training. Existing law limits the active service of a reservist to one year unless a national emergency has been called. Neither Congress nor the President has done so in the Viet Nam crisis.

Taxi Code Is Dynamite

BUDAPEST (AP) — Taxi riders in Budapest are allowed to take along their pet dogs and canary birds but must leave dynamite at home, the Budapest taxi users code going into effect July 1, 1966, said among other things.

Newspaperman's Death Attributed to Heart Attack

BOGOTA (UPI) — Jules DuBois, 56, veteran Latin American correspondent for the Chicago Tribune, was found dead in his hotel room here yesterday.

Doctors said after a preliminary examination he had died of a heart attack. An autopsy will be performed later.

Newspapermen and government leaders throughout the hemisphere expressed their grief at DuBois' death.

They hailed him as a tireless worker for the cause of freedom of the press.

* * *

DuBois, who had traveled widely throughout Latin America for the past 37 years, arrived in this Colombian capital last Friday to cover the "little summit" conference of five South American nations that opened here Monday.

Mishap Fatal to Farmington Twp. Bicyclist

A 14-year-old boy died in Botsford General Hospital yesterday some five hours after his bicycle was struck by an automobile on a road in Farmington Township.

Oakland Highway Toll in '66
94
Last Year to Date 102

Dead is Kip Seger, son of Mr. and Mrs. Robert Seger of 26860 Drake, Farmington Township.

Township police said the youth was riding his bicycle on Halstead south of 12 Mile when he turned in front of a car going in the same direction.

* * *

The driver, Mrs. Sara Bower, 44, of 24228 Washington, Farmington Township, told police she was unable to avoid hitting the youth. She was not held.

* * *

The death was the 11th in Farmington Township traffic this year, high among cities and townships in Oakland County.

The total includes three boys who died in bicycle-car accidents and an additional three youths killed in motorcycle mishaps.

Commission OKs Study on Rail Crossing

Preliminary study for a future grade separation at Johnson and the Grand Trunk Western Railroad tracks was approved last night by the City Commission.

* * *

Estimated cost of the study is $22,500 to be split by the city and Grand Trunk.

The commission received a letter confirming the cost split from Grand Trunk, which under the law does not have to pay more than 15 per cent of the total cost for any grade separation.

Commissioners commented that the study represented a start toward solving traffic problems caused by railroad tracks crossing major city streets.

* * *

Other crossings, such as West Huron, would involve the state and federal governments, according to Mayor William H. Taylor Jr.

* * *

The engineering firm of Harley, Ellington, Corwin and Stirto, Inc., of Detroit will make the Johnson crossing study. The firm was recommended by the railroad.

The Weather

Full U. S. Weather Bureau Report

PONTIAC AND VICINITY — Mostly sunny and a little warmer today, highs 78 to 84. Partly cloudy and not as cool tonight, lows 58 to 64. Thursday variable cloudiness and warm with scattered showers or thundershowers, highs 80 to 86. West to northwesterly winds 8 to 15 m.p.h. diminishing tonight. Outlook for Friday—partly cloudy and cooler. Precipitation probabilities in per cent: today 10, tonight 10, Thursday 50.

NATIONAL WEATHER — Tonight's weather will be rainy in parts of the Plains, plateaus and Mississippi Valley. It will be cooler in parts of the northeast and Plains and warmer in the Lakes region and parts of the Mississippi Valley.

Medicare Patients Face Costs

(Continued From Page One)

found that Medicare did not pay for the first three pints, which, when Stanley or his relatives could not replace them, cost him a total of $75.

Stanley spent 26 days in the hospital. He did not require surgery, but received extensive medication and laboratory tests. His total bill was $2,311.

* * *

Medicare paid the bulk of Stanley's expenses, but he was left with $167, which he had to pay out of his Social Security check.

CONFLICTING DATA

No doubt because of its complexity and the dissemination of conflicting information, a large percentage of Pontiac area senior citizens are confused on what Medicare does and doesn't pay for.

Pontiac hospitals report that their personnel end up doing the explaining.

"The biggest problem is people don't understand it," said Harold B. Euler, Pontiac General Hospital administrator.

* * *

"And quite a few don't want anything to do with Medicare," he added.

NOTE RELUCTANCE

Jack Whitlow, assistant administrator of Pontiac Osteopathic Hospital, said his staff has encountered reluctance on the part of Medicare patients to sign the necessary forms.

Despite the confusion about Medicare, local hospital officials estimate that about 90 per cent of those on the government plan do have private insurance to handle the "gaps" left by Medicare that can be so costly.

Medicare is set up on the basis of a "spell of illness" (a fixed time period for coverage; not necessarily a specific illness).

* * *

Under the hospitalization, a patient gets 60 days on each portion "spell of illness" for the $40 deductible, pays $10 a day for the 61st through the 90th day and picks up the full cost of hospital car beyond the 90th day.

20 PER CENT

Under medical benefits the patient must pay the $50 deductible for each calendar year. For the rest of the year the patient pays 20 per cent of medical costs covered.

A new "spell of illness" begins anytime a Medicare patient has not been hospitalized for 60 consecutive days.

More confusion may develop after Medicare has been in effect longer and several spells of illness have elapsed.

* * *

A check of doctors disclosed that most have not yet become directly involved with Medicare.

TWO METHODS

Under medical benefits of Medicare, the program provides two methods for paying for services rendered by doctors:

- The patient fills out a portion of the "Request for Payment" form and "assigns" the payment to the doctor. The physician then submits the claim form for his payment.
- The patient can pay the doctor, obtain a receipt and send in the claim himself and receive payment.

* * *

Most area doctors appear to be following the latter method during the "start up" phase of Medicare.

Medicare — like any new program—has produced problems, but most of the problems appear to be procedural ones that time may cure.

Carol Bell Is Feted Before Vows

Carol Ann Bell, daughter of the Cecil B. Bells of Sashabaw Road is being entertained before her marriage to Marvin Douglas Barnhart on Saturday.

Her cousin, Mrs. Clark Rehberg (Barbara Bell) of Germany was proxy hostess for a recent luncheon-shower in the home of the Earl Bells on Sharon Street. Sharon and Janet Bell were cohostesses. The invitations were mailed from Germany.

BRUNCH

Hostess at a recent Saturday brunch for the bride-elect and the school set were Jean Honhart of Curwood Drive with Marilyn Bell assisting.

Mrs. Herbert Brown opened her home on Sashabaw Road to the women of the Community United Presbyterian Church who presented gifts to Miss Bell following dessert.

The bridegroom's family and neighbors brought kitchen gadgets to a recent dessert given by Mrs. Dave Barnhart of Beacham Street.

★ ★

Peggy Porter of Clinton entertained at a recent luncheon for Miss Bell and her friends from Ferris State College.

The Edwin Barnharts of Riviera Street will host the rehearsal dinner for their son and his fiancee.

What's New on Scene? Papier Mache

Pontiac Press Photo

To create bright, gay baubles of papier mache jewelry, just follow these simple steps: Cut pattern from heavy cardboard. Tear soft dinner napkins in strips, soak in white glue and water mixture, apply to pattern. Let dry overnight. Brush on design with tempera paints. When dry, cover with one or two coats of clear lacquer or varnish. Attach the pin or earring backing with epoxy glue.

Pontiac Press Photo

Phyllis McMillen, 13, (left) tries a papier mache earring on Sally Hanson, 11. Both girls live on Wenonah Drive. This jewelry they made and are wearing has suddenly become popular. It is surprisingly easy to make. The two girls just painted their creations, but the items can even be stone set.

Bulky and bold, papier mache jewelry is a summer fashion hit. The lightweight, easy-to-wear bracelets, earrings, and pins are easy and fun to make from soft dinner napkins and a minimum of other materials.

Polly's Pointers

Water Shapes Plastic

DEAR POLLY — For a perfect fit when reupholstering the backs of kitchen chairs with plastic material, run very warm water over the plastic as you stretch and shape it to the curves. If your faucet water is not hot enough have someone pour carefully from the tea kettle.—MRS. R.L.M.

DEAR POLLY — I always keep on hand some empty tin cans that fruit or vegetables came in and that have smoothly cut edges where the tops were removed.

My mother, who lives alone, is very fond of homemade cake so whenever I bake one I pour part of the batter into one of these cans, well-greased, and bake it in the oven with my own cake. This gives me a nice cake to take along when I make my weekly visit.

It is just the right size and mother likes the appearance of the round-cut slices — E. N.

DEAR POLLY — I have a plastic tablecloth that is backed with a kind of flannel. Do any of you know how I can press this cloth? — MRS. M. E. V.

★ ★ ★

Anyone submitting a Polly's Problem, a solution to a problem or a favorite homemaking idea will receive a dollar if Polly uses the item in Polly's Pointers.

Send Flowers

One of the nicest ways to remember a first anniversary is to send the same flowers the bride carried on her wedding day. For any anniversary, the flowers of the season make a wonderful gift.

Sunny Feet

Sun-climate shoes demand pretty feet. Do yourself and those who are toe-gazing a favor. Smooth dry skin and heel. Give yourself a pedicure and you'll be able to put your two best feet forward.

Soda Solution

Baking soda sweetens as well as cleans. Use it in a solution often to wash baby's toys and playpen.

Study Factors of Death Rate

CHICAGO (UPI) — A study of the effects of social and economic factors on the death rate shows that among white Americans, the higher a person's family income and level of education, the longer he can expect to live.

★ ★ ★

The survey was made by Professor Philip M. Hauser and Associate Professor Mrs. Evelyn Kitagawa of the University of Chicago's Population Research and Training Center.

★ ★ ★

For six years they directed an exhaustive study of 340,000 Americans who died between May 1 and Aug. 31, 1960.

Cotton is chosen for three-fourths of all children's ready-to-wear garments.

GOP Conservative Has Slim Lead in Wyoming Race

WASHINGTON (AP) — Former Wyoming Rep. William Henry Harrison, a conservative Republican who was turned out of office in the Democratic sweep of 1964, clung to a slim lead early today in his comeback bid.

A heavy crush of late ballots delayed counting in Tuesday's Wyoming primary, but Harrison, 70, held a 800-vote lead over Roy Peck, 44, a Riverton newspaper publisher, with two-thirds of the vote tallied.

In other top state races, Democrats Ernest Wilkerson and Mayne Miller, two Casper attorneys, took commanding leads in their battles for the Democratic nomination for governor and congressman. Republican Stan Hathaway held only a two-vote margin in his race for the GOP gubernatorial nomination.

Montana also held a statewide primary Tuesday but there was only one major contest.

BIG LEAD

In that, radio station owner Richard D. Smiley of Bozeman pulled into a big lead over Butte miner Edward P. Canty with about one-third of the votes counted in their race for the Republican nomination for Congress.

The winner will face three-term Democrat Rep. Arnold Olsen in November. Olsen had no primary opposition.

* * *

Also nominated without opposition were Sen. Lee Metcalf, who is seeking a second term this November, and his Republican challenger, Gov. Tim Babcock.

In the state's other congressional district, Republican Rep. James F. Battı and his challenger, Democrat John D. Melcher, were nominated without opposition.

WINS UNOPPOSED

In Wyoming, Rep. Teno Roncalio was unopposed for the Democratic senatorial nomination. His opponent will be Gov. Clifford Hansen, who easily won the nomination for the U.S. Senate, outpolling I.W. Kinney by a better than 5-to-1 margin.

Roncalio, a liberal Democrat, defeated Harrison in 1964. Harrison had served four House terms, two of them in the 1950s and again from 1960 to 1964.

* * *

Hathaway, 42, a Torrington attorney, and State Rep. Joe Burke, 48, a Casper sheep rancher, were locked in the state's closest race — for the Republican nomination for governor. A third candidate, Arthur Linde of Laramie, was far behind.

On the Democratic side, Wilkerson, a 45-year-old graduate of Yale, led a field of six candidates, including former acting Gov. Jack Gage and State Reps. Bill Nation and Howard Burke. Wilkerson held a 1,000-vote lead over his nearest challenger, Casper attorney Raymond Whitaker.

* * *

Miller faced three other candidates, but only one of them — State Rep. Al Christian — provided a serious challenge. Miller led Christian by about 700 votes with less than 50 per cent of the precincts reporting.

Royalty en Route

LONDON (AP) — Prince Philip, his son, Prince Charles, and daughter, Princess Anne, returned from Jamaica today and flew to Scotland to join Queen Elizabeth II vacationing at Balmoral Castle.

The prince and his children attended the British Commonwealth games in Jamaica.

What Quality Beef Does A&P Sell?

That's a fair question. But not an easy one to answer because we have our own quality standards, different from any other meat merchant.

These standards don't fit exactly the familiar terms you know for grades of meat. As an example, did you know that some beef, graded U. S. Choice, just doesn't meet our "Super-Right" specifications? It's true! You see... we don't buy by grade. We use our own high standards to bring you the best values.

That doesn't mean we don't approve of such grading–not at all. It just means we're very fussy about the beef we label "Super-Right." It stands to reason we have to be or A&P wouldn't be America's number one meat merchant.

If you haven't learned the true meaning of "Super-Right" Quality–try it. Let the taste be the test. After all, it doesn't matter what the label or grade is. It's the EAT in the MEAT that counts.

The EAT in the MEAT is unconditionally guaranteed in "Super-Right" Beef. Either you agree that the "Super-Right" Beef you buy is as flavorful, as tender as you think it should be or you get your money back.

Is it any wonder with a quality guarantee like that, that "Super-Right" Beef is the choice of thousands?

Are "Super-Right" Meats a good reason for shopping A&P?

They're one of many!

Hits '66 Low

Stock Market Continues Slide

NEW YORK (AP) — The Stock market resumed its decline in moderate trading early today.

The market took a sharp loss Tuesday, sinking to a new 1966 low.

* * *

After Tuesday's close, major banks increased the prime rate — interest charged to the biggest and most credit-worthy borrowers — loan rate to 6¼ per cent from 6 per cent.

This heightened investors' worry over tight money.

General Motors declined ¾ to 75⅛, a new low for the year.

SHOW SLUMPS

Xerox slumped more than 4 points and Polaroid fell more than 3.

Losses of 2 points or so were taken by Zenith and International Business Machines.

Opening blocks included Sperry Rand, off ¼ at 31⅞ on 17,000 shares; American telephone, off ⅛ at 52 on 8,500 shares; Fairchild Camera, off 2½ at 199 on 4,000 shares, and Ford Motor, unchanged at 44 on 3,000 shares.

* * *

Tuesday the Associated Press 60-Stock Average declined 4.0 to 296.2.

Prices declined on the American Stock Exchange.

Air Strikers Ponder Pact

May Face Legislation if Friday Vote Is No

WASHINGTON (AP) — Striking machinists deliberated today whether to approve a hefty new contract and end history's worst airlines strike, or risk tough legislation that also would be an historic first.

Top officials of the AFL-CIO International Association of Machinists held high hopes that a wage escalator clause plus a 56-cent wage hike and other benefits would persuade the 35,400 strikers to approve the proposed three-year contract in voting Friday.

* * *

The strikers rejected a White House agreement July 31 that left out the escalator clause, which would provide up to an extra 6 cents per hour if living costs continued their sharp upswing.

In Kansas City, Mo., the executive board of a local with 4,600 members recommended acceptance of the contract. "We got what we went out for. Now it's time to go back to work," said Paul Coker, strike cochairman of the Kansas City local.

CONGRESS RELUCTANT

Congress, reluctant to act on the politically explosive issue, held up action on a resolution to order the strikers back to work for up to six months pending outcome of Friday's vote.

While Congress stepped in three years ago to halt a threatened railroad strike and blocked other strikes in wartime, the airlines bill would be the first time strikers ever were forced back to their jobs by law.

* * *

Officials of United, Eastern, National, Northwest and Trans World airlines said they could get some of their planes back in the air within hours if the strikers approve the proposed contract and end the strike now in its 41st day.

Most Business News Is on 'Higher' Level

By SAM DAWSON
AP Business News Analyst

DAWSON

NEW YORK — Whether it concerns unit volume of goods produced, dollar total of sales, number of jobs, trend of prices, profits, debts and interest rates — most of the news these days is of things going higher.

Many of the official figures announced this week set records. And this in an economy that has been straining for, and achieving, new highs for many months.

* * *

What isn't going up sometimes gets the most headlines. Stock prices are shaky. Housing starts are off. Money available for lending, or borrowing, is in tight supply. Car production is at a seasonal low after a setback in late spring.

But most of the economy still is booming. Some of the glow is due to rising prices. Inflation makes things look more prosperous than they really are. But there are some solid figures, too.

Industrial production, which measures unit output of the nation's factories, mines and utilities, has hit a new high, with still more of a climb in prospect. Price inflation may have been the incentive for some of the busy outpouring of goods and materials, but is not reflected in the figures on unit output itself.

Dollar volume of sales in many fields bears the imprint of inflation. But merchants report unit sales also are up as a prospering public spends more — even while it grumbles at higher prices.

* * *

Defense spending increases are beginning to show up in industrial output figures. But business equipment production also has increased.

Steel output has climbed sharply this month, as the factory shutdowns for vacations dwindle and customers plot fall production schedules.

DEFENSE ORDERS

Total employment hit a record 76.4 million in July. Some of the gain could be traced to increased orders for defense needs, but much of it was for producing the goods and services that a prosperous public is expected to demand in the weeks and months just ahead.

For many, rising wage scales are offsetting climbing prices. For many others, inflated living costs spell only problems.

* * *

And the accelerated pace of the economy — the increased production, the spending for new plant and equipment, the borrowing to rescue budgets pinched by higher prices — has had its toll in the money market.

Borrowing costs are setting one record after another. Although the supply of money has expanded rapidly in recent months, the demand for loans to finance the business boom has grown even faster.

AVERAGE RETURN

This week, the U.S. Treasury had to give investors a record average return of 5.048 per cent on its 13-week bills. Its 26-week bills jumped sharply to a record yield of 5.315 per cent. The previous record had been 5.099 per cent in January 1960. In this tight and costly money market, the Treasury will auction this week $3 billion in tax-anticipation bills.

Inflation often goes hand in hand with business booms, and particularly with consumer spending sprees. It also frequently brings with it rising interest costs. And these in turn often clip stock prices, while investors look elsewhere than the stock market for higher yields. Tight money often pinches home mortgage funds and the financing of small business enterprises.

So the divergent trends — some of the economy pointing ever higher while other segments turn down — may not be as unrelated as you might think at a quick glance.

After Rate Boost

Curb Loans, Banks Urged

WASHINGTON (AP) — Reacting to a wave of increases in prime lending rates, the Johnson administration has urged banks to curb credit expansion by saying "no" to more prospective borrowers.

This could apply to the little fellow who wants a loan for a car, a house or other purposes as well as a big business firm seeking a major loan.

* * *

In rapid fire order Tuesday, commercial banks in several cities increased their prime lending rates for the fourth time in a year, this time to 6 per cent.

Other banks across the country were expected to follow suit today. There was no solid indication President ohnson would try to roll back the boost or talk the bankers out of it.

PRIME RATE

The prime lending rate — that charged the largest and most creditworthy customers like big corporations —forms the basis for the commercial interest rate structure.

Thus, when a bank's best customer is charged 6 per cent, other borrowers may be charged 6.5 per cent, 7 per cent or more. Experts said pressure will be placed on installment and other small loans, but supplies of money for personal or consumer loans will tend to be available, although at higher rates.

* * *

Secretary of the Treasury Henry H. Fowler issued the plea for restraint after the First National City Bank of New York initiated the increase by raising one-fourth of 1 per cent its lowest interest rate for business loans of 90 days or more.

A bank spokesman said the move was designed "to moderate the continuing extraordinary loan demand."

FOLLOWS SUIT

When Continental Illinois National Bank & Trust Co. of Chicago quickly followed suit, Chairman William H. Moore said, "We think in view of the pressure on interest rates this increase is amply justified."

* * *

Fowler contended, "There is a better way to limit credit than by simply raising its price."

"When demands exceed a bank's resources, credit expansion can and should be restrained by bankers saying 'no' to borrowers on criteria other than that of who is willing to pay the highest rate," he said.

GM Claims Larger Output of '67s Slated

DETROIT (AP) — A General Motors spokesman said today the firm plans to turn out more passenger cars between now and the end of the year than it did in the initial run of new models a year ago.

* * *

The comment came in the wake of widely circulated reports that GM would be cutting down on its production pace when the 1967 models start coming off the assembly lines.

"Some of our plants are starting a couple of weeks earlier this year than in 1966," the spokesman said. "And then, too, we have added a new Chevrolet plant in Lordstown, Ohio."

* * *

Reports that GM was expected to cut back on its production apparently stemmed from a company announcement that it was not calling back some 370 workers to its Arlington, Tex., Chevrolet plant. The plant had employed approximately 4,500 workers.

Ecorse, Union Reach Accord

Pact Hinges on OK by Striking Teachers

ECORSE (AP)—The Ecorse Board of Education today reached a contract agreement with teachers' union that went on strike June 3.

The contract is subject to ratification by members of Local 1425, American Federation of Teachers, who were fired after the walkout began.

* * *

Miss Lydia Rizzo, president of the Ecorse local, said the union negotiating team would recommend approval of the one-year contract by the membership.

She said a ratification meeting would be held on or before Aug. 29.

ON SCHEDULE

If the contract is ratified, Ecorse schools will open on schedule, Sept. 6.

"It is an excellent initial contract and one of the highest settlements for teacher conracts negotiated so far," said Robert B. Blackwell, executive secretary of the Michigan Labor Mediation Board.

* * *

The agreement was reached shortly before 3:40 a.m. today after a sometimes stormy negotiating session that centered on the problem of reinstating the fired teachers, Miss Rizzo said.

The Ecorse board agreed to change the status of the fired teachers from "discharged" to "laid off" between June 3 and Sept. 6.

* * *

Miss Rizzo said the contract called for a new pay scale for teachers with Bachelor's degrees ranging from $5,800 to $9,500 over a 10-year period. The previous scale went from $5,625 to $8,575. For instructors with master's degrees the scale will be from $6,300 to $10,100. Their previous pay schedule ranged from $6,025 to $9,075.

Kelly Service Office Opens in Pontiac

Kelly Services, Inc., which supplies temporary office, technical, marketing, and industrial services, has opened a branch office at 125 N. Saginaw.

* * *

McKee Kirpatrick, formerly an account executive in the Detroit office, is the Pontiac Kelly manager.

"Business and industrial expansion in this area has created an unprecedented demand for experienced and qualified temporary personnel" commented Kirpatrick.

News in Brief

Damages of $120 were reported to Pontiac police last night after vandals threw several rocks through plate glass windows at Dimy's Market, 78 Lull.

Successful Investing

By ROGER E. SPEAR

Q. "My holdings are losing ground steadily. Should I take the losses in Consolidated Edison bought at 82; Scott Paper, 36; Korvette, 34; and ANelex, 32?" R.W.

A. May I point out that Cons. Edison shares were split two-for-one in 1965; your cost should be adjusted to 41. You hold two investment issues — Cons. Edison and Scott Paper — which should not be disturbed, and two speculative issues Korvette and ANelex. Each of the latter might in time recover from current weakness, but meanwhile your funds could perhaps work more effectively elsewhere.

I suggest a switch to Avco Corp. Government contracts for electronic equipment and helicopter engines are on the increase, yet over half of Avco's net income is derived from commercial operations in several growth areas: abrasives, farm equipment, anit-pollution systems, radio and TV broadcasting and finance services. Earnings of $1.14 a share for the first half of the current fiscal year were up 37 per cent. For the full year I consider $2.35 a reasonable estimate compared with $1.78 in fiscal 1965. The annual dividend of $1.00 offers a four per cent yield.

Cons. Edison has requested permission to raise electricity rates and cut gas rates by October 1, a move which, if granted, would improve income. Earnings for Scott Paper should also pick up. Profit margins have been squeezed by start-up costs on new equipment, the training of mechanical personnel and shipping problems.

* * *

Q. "I am a 72-year-old widow. I now receive Social Security, a small pension and an annuity, bringing me in about $200 monthly. I also receive dividend checks from savings and loan accounts totaling about $1,000 annually. My knowledge of stocks is limited. Should I withdraw my savings to invest in stocks, and if so, which ones?" J.W.

A. In your case I hesitate to suggest withdrawal of any bank funds to buy stocks. While you might do moderately better dividendwise, at your age and under your circumstances, I feel your funds should remain where now placed.
