Solons Hope to Quit Saturday

Armed Trio Rob Farmington Twp. Couple in Home

Use Ruse to Enter House; Loot Totals $1,900

Three pistol-brandishing thugs robbed a Farmington Township couple of $1,600 in jewelry and $300 in cash last night after using a ruse to enter their fashionable Wellington Road home.

The victims, Mr. and Mrs. Richard H. Norwall, of 27872 Wellington, told Oakland County Sheriff's deputies that the trio came to the house at about 9:45 p. m., saying they wanted to use the telephone because their car had broken down. Once inside all three drew guns.

Norwall, former Detroit cab company executive, said the thugs took a $1,000 diamond ring from his wife, Vera, along with a $400 wrist watch. A $200 wrist watch and $300 in cash were taken from Norwall, police said.

The couple was bound and left lying on a bed. Mrs. Norwall freed herself at about 11:15 and called police.

Two of the bandits were described as being in their late 20s, wearing white print, short-sleeved sport shirts. The Norwalls were unable to give a description of the third except that he was older than his accomplices.

The jewelry was partially covered by insurance, according to Norwall.

House Debating Controversial Home Measure

Conference With Senate Expected to Produce What Ike Wants

WASHINGTON (AP)—Congressional leaders pushed the throttle down today as hopes leaped that the first session of the 84th Congress would wind up on schedule tomorrow night after all.

House leaders, who previously had not expected Congress to quit before next week, supplied the biggest impetus.

After the House passed a bitterly disputed natural gas bill last night, the leaders got unanimous

(See Gas Bill Story on Page 2)

agreement to call up tomorrow minor bills which they originally had planned to handle Monday.

Sen. Clements (D-Ky), acting Senate majority leader, said a windup by tomorrow night was a good bet. One House leader indicated it was all but certain.

Both branches arranged to meet an hour ahead of the usual time today to try to clear out a few major items and a lot of odds and ends.

The House debates today the controversial housing bill, likely to be the biggest stumbling block before the session can end. This measure, blocked in the House Rules Committee for almost a month in a dispute over public housing, was cleared yesterday for floor action.

WHAT IKE WANTS

Some key members said privately the conference with the Senate would produce what President Eisenhower asked—35,000 units a year for the next two years.

Rep. Wolcott (R-Mich), senior House Banking Committee Republican, predicted the House would accept his substitute bill, which makes no provision for public housing.

Public housing foes on the House Rules Committee have held up action on the House bill for nearly a month. It was finally cleared for a floor vote yesterday, removing a principal stumbling block to congressional adjournment.

A housing bill is regarded as a "must" item, largely because the Federal Housing Administration is running out of authority to insure home loans.

The Banking Committee measure would grant FHA four billion dollars in new home mortgage insurance authority.

It also would extend FHA's home repair and modernization program for another year, raising from $2,500 to $3,000 the limit on individual loans FHA may insure for this purpose; raise from 5 to 12½ million dollars the ceiling on mortgages for large-scale rental housing projects which FHA may insure; add 500 million dollars in federal authority for grants to help in slum clearance and urban redevelopment; extend and liberalize the military housing program; make the Home Loan Bank Board an independent agency

State Road - Building Program Confused; Battle Looms on Superhighway Project

By BURDETT C. STODDARD

Michigan's highway-building program, and Oakland County's part in it, seemed more confused than ever today.

A battle looms between the State Highway Department and Michigan Turnpike Authority (MTA) over which will build a north-south superhighway to run through Oakland.

Results of a meeting between Oakland officials and Highway Commissioner Charles M. Ziegler in Lansing yesterday indicated the county may have to go it alone to a certain extent if it is to acquire better roads.

Events were touched off yesterday by word from Washington that Congress had killed the proposed federal-aid bill, relied on by the State Highway Department to push Michigan road construction at double time.

ASKS CONGRESS RECALL

But Sen. Charles E. Potter (R-Mich) said today President Eisenhower should recall Congress to a special session if it fails to pass a highway bill before adjourning.

The President asked Congress to reconsider its action yesterday, but House Democratic leaders turned him down.

Sen. Albert Gore (D-Tenn) said he would "urge the House leadership to act early" in 1956 on his bill. The Gore measure, which passed the Senate, calls for a five-year, 18 billion dollar road-building program.

Ziegler said Monday a north-south freeway could be built as fast as a toll road if the federal-aid bill passed. The freeway would parallel the proposed turnpike route and make it impractical to build the pay-highway.

First reaction to the aid bill's loss was that it cleared the way for a toll road.

MTA Chairman George N. Higgins, of Ferndale, immediately told his group to proceed at full speed toward beginning construction next spring.

But Ziegler told the Oakland group yesterday he still plans to continue building the freeway even though lack of increased federal money would set back its completion.

The apparent conflict may be ironed out when the MTA meets with the Highway Department Aug. 8.

The Oakland officials traveled to Lansing to follow up a Board of Supervisors resolution asking the County Road Commission and Road Committee to investigate the

Prof Terms Newspapers Today's Biggest Bargain

EAST LANSING (AP)—The newspaper you're reading right now is today's best and biggest bargain.

That's the contention of a Michigan State University professor who has made a study of newspapers.

The authority is Dr. Herbert Lee Williams of the MSU College of Communication Arts. Dr. Williams is co-author of "Newspaper Organization and Management," a book both for schools and the trade to be published in September.

Dr. Williams cited the former nickel cigar, the bus ride, the cup of coffee and the candy bar as a few typical items that have jumped in price with inflation.

In contrast, he said, the average newspaper has held the line at a price of five to seven cents.

With today's king-size newspaper editions, Dr. Williams said, the reader is getting more than five or seven cents worth of paper alone when he buys his newspaper.

"Today," he said, "a single sheet of unprinted newspaper costs a fraction less than a tenth of a cent." This means that when you pay seven cents for a 56-page newspaper you are getting slightly more than five cents worth of paper alone and are paying less than two for the reading matter it contains.

"The physical newspaper," he said, " is nothing more than a container or package. The real product publishers offer for sale is news and information.

"But what other discarded container is used so universally by the American family for everything from protecting the floor or cleaning the skillet to spreading on the picnic table?"

* * *

Newspapers in the larger cities, he said, regularly issue from 4 to 10 issues a day, each one of which contains enough reading matter to make more than a 300-page book.

FIGHT INFLATION

"But do they get book prices?" Dr. Williams asked. "Even 15 cents for a new book would be an incredible bargain."

Dr. Williams contended that newspaper publishers have fought a better fight against inflation than most other producers of consumer goods.

* * *

In contrast to most other businesses, he said, the typical newspaper has reduced its profits and absorbed the mounting costs of operation in order to avoid passing them on to the public in the form of price increases or reduction in the size of the product.

"Continuing cost studies reveal," he said, "that for more than a decade now newspapers have watched the profit margin shrink nearer and nearer the break-even point. In 1954, the national average of gross newspaper profit was just 11 per cent and the net profit barely above 5 per cent."

The MSU professor said that about the only other common commodity that has held the line against the inflationary trend is chewing gum, which generally still sells for a nickel.

* * *

"But chewing gum is not recognized in the United States Constitution as essential to the American way of life," he added. "The press is."

Hope He's All Wet

TOKYO (AP)—Dr. Hideo Nishioka, 42, science instructor at Tokyo's Kei University, said today world temperatures would get hotter every year for the next 250 years. He has a theory that general climatic changes occur in 700-year cycles.

See Fair Skies, Warm Weather This Weekend

A pleasant weekend is in store for Oakland County, with the Weather Bureau predicting mostly fair skies and warmer today, tonight and Saturday, with a possibility of occasional thundershowers Sunday.

Today's high temperature will be 82-88 degrees and tomorrow's 90-95. The mercury is expected to dip to a low of 64-70 tonight.

The five-day forecast calls for temperatures averaging up to 10 degrees above the normal maximum of 83 degrees. It's to turn cooler the first of the week with occasional thundershowers possible Monday and Tuesday as well as Sunday.

Meanwhile, in other parts of the nation, the "broken" heat wave mended, sending thermometers soaring once more. In Chicago, focal point of the extended heat wave, another record fell as the 16th day in July of 90-degree temperatures or better was recorded. Four persons died of heat exhaustion in St. Louis.

Yesterday's Pontiac temperatures ranged from a high of 83 to a low of 63. At 8 a. m. today, the downtown mercury reading was 68 degrees, rising to 86 by 2 p.m.

Jet Base Site Left to Congress

Air Force Announces Kalkaska County Spot Is Favorite

WASHINGTON (AP)—The decision on a site for a planned jet air base in Northwestern Michigan was left up to Congress today with an Air Force announcement favoring a Kalkaska County location to replace a House-rejected site near Cadillac in Wexford County.

The Air Force selection was made public yesterday by Rep. Knox, Sault Ste. Marie Republican, who released a letter from Assistant Air Force Secretary Lyle S. Garlock asking the House Armed Services Committee and Appropriations Committee to approve Kalkaska.

Chairman Cannon (D-Mo) of the Appropriations Committee promptly told the Air Force he approved. But a Senate-House conference committee was reported unofficially last night to have disapproved $1,881,000 in additional funds for the Air Defense Command base.

The Air Force selection follows months of controversy over proposed sites in Benzie, Manistee, Kalkaska and Wexford Counties.

Garlock said Kalkaska "will be in the best interests of the Air Force" from the standpoint of construction and operating costs and community support.

Talbott Decision May Give Dems Election Ammunition

WASHINGTON (AP)—Renewed demands from two Democrats that President Eisenhower fire Secretary of the Air Force Talbott indicated today they view the case as ammunition for the 1956 election campaign.

Eisenhower has announced he himself will decide, from the testimony in a now-ended Senate investigation of Talbott's profitable outside business activities, whether the secretary had violated "a proper standard of ethics."

The President received a copy of the hearing transcript yesterday, but Press Secretary James C. Hagerty said he did not know how soon Eisenhower could complete reading it.

Demands for Talbott's ouster came from Sen. Morse (D-Ore.) and Paul M. Butler, Democratic national chairman. Both have criticized Talbott's outside activities as a special partner in the New York firm of Paul B. Mulligan & Co.

Morse told the Senate yesterday Talbott should be fired "forthwith," and asked: "What is the President waiting for?"

"If this administration thinks that it is going to get the American people to swallow this mess of corruption," he said, "it is going to find that the people are going to gag."

Butler released a statement declaring, "It is difficult to see how Mr. Eisenhower can retain Mr. Talbott without serving notice, in the eyes of the public, that the President is lowering his administration's standards of integrity for all government officials."

"It is easy to set high standards, but the proof of integrity comes not in setting up rules but in living up to them," he said.

Winnie Briefed on Big 4 Talks

Eden Brings Churchill Up to Date on Geneva at Luncheon Meeting

LONDON (AP)—Sir Winston Churchill lunched today with Prime Minister Eden and got a private report on what happened at the Geneva summit talks.

The 80-year-old statesman, who proposed the talks two years ago but quit as prime minister before they were arranged, journeyed to No. 10 Downing St. from his Hyde Park home to see Eden, whose political destinies he guided for many years.

A cheering crowd of 1,500 surged against police lines to welcome Churchill. As Churchill got out before the open door of his former official residence, the crowd — including many American tourists — swarmed around his car. Sir Winston paused for a moment in the doorway to wave his stick in acknowledgment.

Churchill, now a backbencher in the House of Commons, has remained in the background during the post-Geneva period.

Some here believe Eden may invite Churchill to join in the welcome for the Soviet leaders and even to get in on the "valuable discussions" which Eden said last night would take place.

It would be something like: "If Churchill could not go to the summit talks then the summit talks will come to him."

Public pressure also is building up for Churchill to take an active part in the Russian visit.

Bonanzagram Prize Is Now Worth $600

If you were successful in completing Bill's grocery list in last week's Bonanzagram you can buy a lot of provisions—$600 worth. Answer to puzzle No. 20 appears today on page 20. This week's Bonanzagram is on page 31. If no one has submitted correct answer to No. 20 the cash award for the current puzzle jumps to $700.

Ice Skater Scott Quitting to Wed

She's Leaving Show to Become Wife of Sports Publicist Tom King

CHICAGO (AP)—The Hollywood Ice Revue reported today that skating star Barbara Ann Scott is leaving the show to marry Tommy King, director of publicity for Chicago Stadium Sports Enterprises.

* * *

Ludols Kassebaum, manager of the show, said Miss Scott and King probably would make a formal announcement of their plans in Toronto Tuesday.

Miss Scott would not talk with reporters. King would say only, "Barbara Ann and I have been very god friends for four years."

Kassebaum denied that Miss Scott had been "dropped" from the revue, adding:

"We can't stand in the way of love."

He said Miss Scott, 1948 Olympic skating champion and the top billed star of the revue for several years, may tour Canada on her own for about a year.

King, 31, is a one-time professional basketball player and veteran of the United States Marine Corps. He is the son of the dean of students for Michigan State University.

He first met Barbara Ann, now 26, when she joined the Hollywood Ice Revue in 1952.

Castle Priced at 5c?

STOCKHOLM (AP)—Anybody want to buy a castle for 5 cents? The Bergvik-Ala Co., a huge wood pulp firm, today offered to sell the big castle at Axmarbruk, in central Sweden, for that price. The gimmick: The purchaser must renovate it completely—at an estimated cost of $150,000.

Gary Gotta Get a Grouchy Goose as Film Gee-Gaw

LAS CRUCES, N. M. (AP)—They just can't find a grouchy goose.

That's Hollywood's problem.

Director William Wyler in Hollywood has advertised all over the country and contacted countless zoos for an ill-tempered goose that is photogenic. He wanted the fowl for a movie starring Gary Cooper.

When he couldn't find one to fill the specifications, he turned to the Stahmann Farms near here. But there wasn't a mad bird in the 150,000 there.

Pasqual Eyherabide, assistant superintendent of the huge goose farm, says the only time the geese are irascible is when they are breeding or hatching eggs. This happens only in the spring.

And the movie is scheduled to start shooting Aug. 15.

Set to Conquer Space

First Manmade Satellite to Be Launched by U. S.

WASHINGTON (INS) — President Eisenhower today approved plans for U. S. construction of an earth satellite to circle the globe for peaceful, scientific purposes.

The small "artificial moon" will be built and launched by mid-1957.

It is expected to cost about 10 million dollars and will be approximately the size of a basketball.

It will represent man's first penetration of space and his first step toward travel to other planets.

The seemingly fantastic proposal was made known at the White House by a group of top U. S. scientists who had outlined the project to the President and received his enthusiastic approval.

The scientists stressed that the objective of putting the satellite out into space is for the peaceful advancement of world scientific knowledge only.

They said that all nations, including Russia, would be given all information obtained from the satellite.

The world's first man-made satellite is expected to be built and launched within two years to a globe-girdling orbit between 200 and 300 miles above the earth's surface.

It will travel at an estimated speed of 18,000 miles per hour, circling the earth every 90 minutes.

Doak Signs for Last Season on Pro Grid

DETROIT (AP)—The Detroit Lions announced today halfback Doak Walker had agreed to terms and would play a sixth year of professional football.

W. Nicholas Kerbawy, Lions general manager, said Walker came to terms in a five-minute telephone conversation from his home in Dallas, Texas. But in agreeing, the former All-America from Southern Methodist University told the Lions this season would be his last in football.

Kerbawy's announcement followed by several hours published reports that Walker wouldn't play this year unless he was paid $32,000. Kerbawy said "the astronomical figure of $32,000 is away off." A source close to the Lions said Walker would get around $20,000.

Gas Producers Bill Hits Snag

Congress Recess Stalls Debate on Proposition to End Price Control

WASHINGTON (AP)—A bill to free natural gas producers from federal controls passed the House by a six-vote margin last night but promptly was snagged in the rush to adjourn.

Acting Majority Leader Clements (D-Ky) told newsmen the bill is not on the Senate program. Sen. Daniel (D-Tex), an all-out backer, conceded it is "awfully late" to start debate this year on such a controversial issue.

* * *

The Senate can act upon it during the session beginning next January.

The House last night passed 209-203 a bill by Rep. Harris (D-Ark), frankly aimed at overturning a 1954 Supreme Court decision. It would exempt producers from the Federal Power Commission's price fixing authority.

The high court had ruled that the FPC should regulate producer prices for gas sold to interstate pipelines. It said the FPC was wrong in contending it lacked this power under the 1938 Natural Gas Act.

* * *

On passage 86 Democrats and 123 Republicans voted for the bill. Against it were 136 Democrats and 67 Republicans. The House previously defeated 210-203 a motion by Rep. Wolverton (R-NJ) to send the measure back to the Commerce Committee.

What effect the proposal would have on consumers' gas bills was a matter for dispute. Backers said it would assure adequate supplies and thus keep future prices down. Opponents said the bill was a "giveaway" that would mean millions of dollars in extra profits annually for big oil companies owning the bulk of gas reserves.

Cases of Measles Show Increase Here

Increases in cases of measles and chicken pox in Oakland County appeared today in communicable disease reports released by Dr. John D. Monroe, Pontiac and County health director.

Reported cases of mumps in the county show a big upswing, with 36 new cases treated last week.

No mumps or chicken pox were reported in Pontiac for the week ending July 22. Five cases of polio appeared in the county report this week.

Breakdown of both reports, along with comparative figures for the previous week and a year ago follows:

Area Man Nominated for Tariff Board

William E. Dowling, 2175 So. Squirrel Rd., Bloomfield Hills, has been nominated by President Eisenhower for the U. S. Tariff Commission for the remainder of the term of James W. Jones, expiring June 16, 1957.

Now a practicing lawyer in Detroit, Dowling formerly was a Detroit corporation counsel and is described by the White House as an Eisenhower Democrat.

Jones will replace Commissioner Lynn Edminster, whose term expired June 16, the day after Jones was confirmed for the shorter term.

Surviving are a son, Lowell R. of Milford; a brother, Arden of Detroit; two grandchildren and three great-grandchildren.

Mr. Minard was past president of National Sales Engineering Corp. of Detroit and present chairman of the board.

Tigers Sign First Baseman, 3 Pitchers

DETROIT (AP) — Detroit Tigers signed a 1st baseman and three pitchers to minor league contracts today.

Larry White, 22, Kingfisher, Okla., a free agent and southpaw hitting 1st baseman, was signed after being out of baseball in 1954. He batted .280 with Abeline in the West Texas-New Mexico League in 1953.

Also signed were Jerry Fields, 18, a Detroit sandlot pitcher; Tom Loyd, 19, Burna, Ky., pitcher, and Don Hannam, 17, a right-hand pitcher from Sycamore, Ohio.

Hubby's Spiking TV Reason for Divorce

DETROIT (INS)—Detroit Circuit Judge Thomas F. Maher granted a divorce to Mrs. George Borrush after the woman complained her husband took the tube out of the television set when he went to work so she couldn't use it.

Mrs. Borrush said her husband removed the TV tube because he objected that her visiting women friends wore out the carpets and used up his coffee.

Before the divorce was granted, Mrs. Borrush told Judge Maher her husband also would not let her change the furniture around.

Auto Workers Plead Innocent

Reuther Cut Short by Federal Judge in Making Protest

DETROIT (AP) — The CIO United Auto Workers union today pleaded innocent to a four-count indictment charging it violated the Federal Corrupt Practices Act.

CIO and UAW President Walter P. Reuther made the plea after an attempted speech was cut short by Federal Judge Arthur A. Koscinski. No bond was set for the union.

The 1,500,000-member union was indicted July 20 by a federal grand jury on four counts of illegally using general funds to support political candidates on union-sponsored radio and television shows during the 1954 elections.

The union also asked and was granted a motion to obtain a bill of particulars by Sept. 30. Ordinarily, the bill must be received within 10 days of arraignment.

Harold H. Cranefield Jr., general counsel for the union, said, "No motion of significance — that is to dismiss — will be filed today. That will come later."

Reuther, before he was cut short by the judge, said in part:

"The issue involved, as we see it, is whether working people, banded together in a free labor union, can express their views, through their union, on political issues and other matters of broad public policy through the purchase of radio and television time."

"This is no place for talk of that nature" said Judge Koscinski.

Reuther then made the union's plea. Individual officers of the union were not named in the indictment.

Expand Insurance for Ford Salaried

DETROIT (AP) — Henry Ford II, president of Ford Motor Co., announced yesterday a new program of medical-surgical, life and disability insurance for 46,000 salaried employes.

He described it as one of the most liberal in the industry.

The program includes provisions to insure against expenses not covered by current medical insurance programs. Other improvements include increased Blue Cross and Blue Shield hospital-surgical coverage; higher in-hospital medical benefits and improved group life insurance and accident and sickness benefits.

Employe participation in the program will be voluntary, with the company and employes sharing the cost, Ford said.

Pilot Makes Forced Landing, Uninjured

A Walled Lake pilot was uninjured last night as he brought his fuel-less plane into a dead-stick landing in a wheat field while attempting to land at Wayne Major Airport.

John LeBaron, 31, said the top blew off the fuel tank of the twin engine plane he was flying from Muskegon, and the tank emptied.

The plane's landing gear and nose were slightly damaged in the landing. Lebaron said he circled the field to come in against the wind, but the engines failed as he approached the runway.

Modernity Wins

SAN FRANCISCO (AP) — Acting Police Chief George Healey has moved to abolish the historic Chinatown police squad which dates back 70 years to the days of Tong wars and slave girls. He recommended patrolling Chinatown's narrow alleyways with regular uniformed policemen.

seeming slight of Oakland in projects planned by the state.

They first went on record as approving any action to provide a turnpike.

The group presented a list of seven projects they feel must be done to relieve traffic congestion in this area.

The list included construction "as speedily as possible" of the planned overpass of Telegraph Road at Orchard Lake Road.

Ziegler said some of the work might be contracted for this fall with construction beginning next spring.

PROJECTS LISTED

Plans include the widening of Orchard Lake Road to Keego Harbor, he said.

Another listed project was the extension of Northwestern Highway from North Farmington northwest to Fenton.

The commissioner said Detroit's John Lodge Expressway will be completed to connect with Northwestern by the middle of next year and the road's extension probably can be started in 1957.

Ziegler held out little hope for another recommended move — the designation of Twelve Mile Road as a state highway and its widening to handle east - west traffic and to provide access to Grand River.

The other Oakland proposals included:

Continuing Rochester Road (M150) from Romeo north to the county line and that it be made four-lane from Stevenson Highway to the north county line.

Widen M59 to four lanes from Dequindre Road to the west county line and Southfield Road to four lanes to avoid a traffic bottleneck at Eight Mile Road.

NO READY SOLUTION

"It appears that we have a problem with no ready solution, but one that must be solved," said Waterford Township Supervisor Lloyd Anderson. "You're building a fine expressway system in Detroit which is dumping cars into Oakland at an increasing rate. But we have no roads to handle them when they cross the county line."

Sylvan Lake Supervisor Don R. MacDonald said, "It would be a terrible thing to attempt to empty Wayne County through Oakland in event of a civil defense disaster.

"We have almost an emergency condition. People are actually considering moving out of the county to get away from the traffic."

The Oakland group questioned Ziegler about possibility of the county launching a large - scale bonding program in cooperation with the state to finance roads on a basis similar to that used in Detroit. They said they would further investigate chances of such a program.

Besides MacDonald and Anderson, the delegation included Road Commissioners Lee O. Brooks, Robert O. Felt and Sol D. Lomerson plus Road Commission Highway Engineer Leon V. Belknap.

City Man Is Arrested After Accident Here

Pontiac Police arrested D. C. Turner, 48, of 217 Orchard Lake Ave. for driving without an operator's license yesterday afternoon after he was involved in an accident causing minor injuries to one Pontiac resident.

Viola Hopp, 55, of 38 Williams, was treated for bruises to the right arm and leg and later released from Pontiac General Hospital. The injured was a passenger in a car driven by Horton Graves, 48, of 155 Palmer.

The accident occurred at Wayne and Huron Sts. when Turner's car entered the wrong lane in which Graves' vehicle was approaching.

The average price of a farm-raised mink pelt is about $25.

Turncoat Trio to Be Arrested

Ex-GIs Will Be Seized When Liner Docks in Frisco Today

SAN FRANCISCO (INS)—Three former American soldiers who left Red China to return to the United States will be arrested today the moment they step ashore in San Francisco.

The three, dishonorably discharged when they elected to remain in Communist hands in Korea, are Otho Bell of Olympia, Wash.; William Cowart, Monticello, Ark., and Lewis Griggs, Jacksonville, Tex.

Sixth Army Headquarters said military police will take the turncoats into custody when they debark from the liner President Cleveland at the American President Lines pier.

The liner is due to dock at 1 p.m. (PDT.)

Lt. Gen. Robert N. Young, 6th Army commander, said the former GIs will be read court martial charges that "involve the offenses of aiding the enemy and informing on fellow American prisoners' resulting in punishment of their comrades by their enemy captors while in prisoner of war status."

If convicted, Bell, Cowart and Griggs could be sentenced to death or life imprisonment.

The charges were prepared from information given by returned American prisoners of war.

Congress Hoping to Quit Tomorrow

and provide other changes in existing law.

HOMES FOR ELDERLY

In addition, it would provide for 10,000 public housing units a year for two years for elderly families of low income.

* * *

Wolcott's proposal leaves out public housing altogether. It would give FHA $3,400,000,000 in new mortgage insurance authority, extend the home repair program a year as is, limit the military housing program and add 500 million dollars for slum clearance.

The Senate has voted for 135,000 public housing units a year for four years and for some other provisions the administration didn't ask.

The Senate also takes up the compromise version of the minimum wage increase bill and the $92,923,000 legislative appropriations bill—both must items.

The minimum wage measure, calling for an increase from 75 cents to $1 an hour, is expected also to be passed by the House and sent during the day to President Eisenhower, who had asked for 90 cents.

The legislative money bill, carrying funds to run Congress, must go to conference with the House, but little trouble is expected.

The $2,703,641,750 foreign aid money bill, once regarded as a possible hurdle to adjournment, was sent to the White House yesterday.

Charlevoix Police Nab Former Pontiac Resident

A former Pontiac man, wanted on a bad-check charge here, has been arrested by police in Charlevoix on a similar count, according to Chief Investigator for the Oakland County Prosecutor's Office Robert C. Miller.

Jack Kirchmeyer, 32, was charged June 10 with passing a bad $36 check in Waterford Township May 20, said Miller.

Kirchmeyer will probably stand trial for the Charlevoix offense.

Temperature Today—122 in Tunisia's Sahara

TUNIS, Tunisia (AP)—That scorching Sahara wind — the sirocco — fired up temperatures in Tunisia today rare even for North Africa.

A peak of 122 degrees was registered at Ghardimaou, a railway village of 1,400 in the north near the Algerian frontier.

In Tunis, water consumption reached a near record volume as Europeans and Tunisians alike tried to fight off a sweltering 113 degrees.

Oakland Child Guidance Clinic Will Open Branch

The Oakland Child Guidance Clinic (formerly Pontiac Child Guidance Clinic) is announcing the opening of a branch in Birmingham.

Sparked by the Junior League of Birmingham, the branch office, an innovation in the state, will be under the direction of Madeleine Half, director of the Oakland Clinic, with the Birmingham supervisor in charge locally.

The Junior League, who will sponsor the branch, decided on its establishment only after careful research and a thorough survey of needs with community groups.

The new clinic will endeavor to aid parents with their emotionally disturbed or "problem" children as does the main clinic at 113 Franklin Blvd., and as Dr. Robert Mason, board chairman says, "this branch will in no way curtail the services of the Oakland Clinic, but will be an extension of those services."

The branch, to begin operation in January, will be a three year experimental project with these objectives:

EXPERIMENTAL PROJECT

To give increased child guidance service to the children of the Birmingham area and to evaluate branch operation and make recommendations for long range plans for this service in the community. Also, to undertake research including the effect of charging fees in a child guidance program.

(Because this is an experimental project supported by Junior League funds, the State Department of Mental Health can allow fee-charging on an experimental basis, which is against present state policy in regular clinics supported by tax funds.)

The branch will initiate and carry on its mental health education program in the community in conjunction with the State Department of Mental Health as well as the Oakland Child Guidance office.

Junior League women who will be on the board at Birmingham will be Mrs. Winthrop Conrad of Franklin, chairman, and Mrs. Steele Sellers of Birmingham, secretary-treasurer. They will also sit on the board at Pontiac.

Miss Half observed today, "Since child guidance is so important a preventive movement in mental health, our Birmingham branch and its experimental work is looked upon with keen interest by the staff here in Pontiac."

The Day in Birmingham

CAP Lads From England Visit Here for One Day

BIRMINGHAM—Birmingham and its environs will be only fleetingly glimpsed by the 25 young Britishers originally scheduled to arrive here today.

For the fourth year in a row, the local Civil Air Patrol will play host to the boys in the CAP program known as "Operation Cadet Switch."

However, transportation has posed a problem for the visiting teenagers, who are the English equivalent of the CAP here.

Instead, the specially selected group will reach here Sunday afternoon, accompanied by two Royal Air Force officers, and will depart again Monday morning.

Special arrangements were made to hold an open house and dance at the Community House at 8 p.m. Sunday due to the change in schedule. It will be for parents and personnel of CAP, or those interested in the program.

After visiting in the homes of local families, the group will continue on to Flint.

Ordered into the 1955 sidewalk construction program at the City Commission meeting this week were the areas on the east side of Woodward avenue, between Lincoln and 14 Mile Roads, where complete sidewalks do not exist.

Commissioners also approved filling in, grading and seeding by the city the area between the sidewalk and curb, along Pierce street from Brown to Lincoln, which was torn up during recent paving construction.

A month of camping at Camp Nissokone near Oscoda began yesterday for 19 local boys, who left from the YMCA.

Youngsters who boarded the bus were Bill Bachman, Steven Bartholomew, Tom Bartholomew, Charles Fiers, Frederick Gieb, Herbert Hariton, Lawrence Kimberly, John E. Martin, Jerry Purdy, Rudolph Reinhard, Neil Reynolds, and Richard Seiler.

Others were Jon Spoelstra, Robert Starr, Thomas Stedling, Robert Thompson, Douglas Thorburh, Thomas Tucker, and Edson Pool Jr.

Someone was not quite as sociable as the friends that Burton Wright of Royal Oak was visiting at 1520 Southfield Rd. last night.

While he visited, thieves removed the hub caps from his car, along with a set of golf clubs and a caddy cart in the back seat. Police estimated the loss at $275.

Frank B. Lamb

Service for Frank B. Lamb, 91, will be held at the Barber Funeral Home, Westfield, N. Y., tomorrow, with burial in Westfield Cemetery. He died Wednesday at the residence of his daughter Mrs. Steele R. Sellers, 960 Arlington.

Man Waives Exam on Morals Charge

Charged with taking indecent liberties with an 8-year-old girl, Clarence F. Sparks, 26, of Detroit, waived examination when he was arraigned yesterday.

He was bound over for examination in Circuit Court and returned to Oakland County Jail after failing to post a $500 bond set by Waterford Township Justice Willis D. Lefurgy.

Sparks, an unemployed factory worker, is charged with taking liberties with the Avon Township child while boating on Pontiac Lake last Sunday.

The suspect was cleared of implication in the Barbara Gaca slaying and the 1952 murder of Joann Gillespie, Detroit police said.

Rhode Islanders Have a Time With a Whale

WEEKAPAUG, R. I. (AP)—That whale is back again.

The carcass of the 10-foot mammal became wedged in rocks along the shore last Tuesday. After appealing to police and the Coast Guard, the townspeople arranged to have it towed to sea on Wednesday.

The tides yesterday beached the whale again, about a mile from its original landing.

A new group of townspeople is now appealing to town officials to give the whale a burial.

American Zinc Head Free of 'Collusion'

WASHINGTON (AP) — The office of Comptroller General Joseph Campbell says it was wrong in two accusations of wrongdoing against Howard I. Young, a government dollar-a-year man in 1951-53, and was dropping them.

Young is president of American Zinc, Lead and Smelting Co., of St. Louis. He retained his position with the company when he was an official in the Defense Materials Procurement Agency during the Truman administration.

Allegations of "conflict of interest" in Young's handling of some zinc contracts during his time with the DMPA were made by Campbell July 7. The Senate-House Defense Production Committee conducted an inquiry. Yesterday, the committee made public testimony taken the day before in which Campbell's office said two of its charges against Young were based on wrong information.

The charges were: that Young's firm sold $60,000 worth of machinery to the Mid-Continent; and that Young's firm sold 1,167 tons of zinc to the stockpile at a price 1½ cents a pound above the market price.

The committee did not say what steps it might take next.

Girl, 3, Keeps Police Guessing About Identity

BALTIMORE (AP)—The Police Department's missing persons bureau hoped today would bring someone to claim a pert 3-year-old who has been on their hands more than 36 hours.

"She's just precious," said one of the matrons. "She's playing quietly and having a good time."

The youngster, picked up Wednesday afternoon in a downtown 5 and 10 store, won't tell her name or where she lives.

She can talk but apparently doesn't care to. Slightly irked by all the attention she was getting yesterday at Pine Street station, the city clearing house for lost children, the tight-lipped miss told the matrons to "get away."

Once a Moonshiner, Always a Moonshiner

ST.LOUIS (AP)—The last federal raid on a still in St.Louis was in 1947 and Rayfield Holland, now 53, served two years in prison for operating it.

Federal agents made a raid yesterday in midtown St.Louis and whom did they arrest? Rayfield Holland.

He was charged with operating and possessing an unlicensed still.

30,000 Eagles Attending Convention in Milwaukee

MILWAUKEE (AP) — The Fraternal Order of Eagles, 30,000 strong, opened its annual convention here yesterday.

Delegates and auxiliary members began flooding the city and hotel and commercial rooming houses and motels were quickly jammed. About 700 delegates were housed in private residences and another 600 moved into Marquette University dormitories.

Thirteen hundred delegates to the auxiliary convention also registered.

Data on Savings Found Lacking

Businesses and Banks Call for Improvement in Reporting System

By SAM DAWSON

NEW YORK (AP)—Personal saving habits of Americans are reported changing. They are said to be saving less out of their incomes and using more for buying.

But there are few statistics with which individuals quarrel more than the one on personal savings.

* * *

Merchants, manufacturers, bankers and investment managers have a very real interest in statistics on savings. If it's true that most Americans prefer just now to spend more freely and save less, the store keeper will order accordingly for fall business. And the manufacturers will plan to turn out more goods.

Bankers and investors want to know how much Americans are saving because they need to know where capital funds are to be found. The economy's growth is based to a great extent on the savings of individuals and corporations. It is out of these that new plants are built and businesses financed.

* * *

And so the government's statistics on savings are always watched closely.

But a special study group appointed by the Federal Reserve Board to eye these statistics has just told a congressional subcommittee that improvement in the gathering and reporting on savings data is badly needed. The group says the information given now is inadequate and should be published monthly instead of quarterly.

* * *

The group particularly would like more of a breakdown on personal savings in their various forms. And it would like to see sample surveys taken of the savings habits of individual households in the upper and very low income groups.

Merchants could plan their ordering much better if they knew the trends in saving and spending in various income groups. And investment managers could use information on the source of future capital funds they hope to tap.

The government says Americans are saving about 18¾ billion dollars a year, three billion less than a year ago. Personal debts are at an all time high.

A cow that does not produce more than 6,000 pounds of milk in a 10-month production period is not worth keeping, a Purdue University notice to dairymen says.

Our Roads Scorned By U. S. Automobile Editors

Last week automobile editors from all over America gathered at Dearborn for a private preview of a new and truly beautiful Lincoln which will be announced later.

We're sworn to secrecy on the Lincoln, but we're free to repeat the conversation of visiting automotive editors about Michigan traffic and Michigan roads.

★ ★ ★

"How," asked one wonderingly, "do you people get along with these miniature Indian paths that seem to serve as highways?"

We told him we didn't know. No one had ever been able to figure it out.

"I never saw such crowded roads and such narrow pavements in important places," said another. "Michigan must have given up on her traffic problems and surrendered."

★ ★ ★

A New York writer was a bit — just a wee bit — more charitable. "Southeastern Michigan," said he, "is the home of the automobile. Think of that. And yet this very section of Michigan has let traffic give it about the worst licking of any district I know.

"New York City is a problem because of the skyscrapers, but outside of that our worst spots are better than practically anything the home of the automotive industry provides. Isn't that a laugh?"

It isn't a laugh to us who live here.

It's humiliating.

It's tragic.

★ ★ ★

Perhaps we aren't as bad as the visitors suggested, but for one, the Press is heartily ashamed of the way traffic has outstripped Oakland County and Southeastern Michigan, "the cradle of the industry."

We have let the automobiles which we build outpace our roads so far we face a titanic struggle to restore an equitable balance. The House in Washington has apparently kicked the Federal Road Bill into oblivion.

★ ★ ★

THIS MEANS MICHIGAN IS NOW DEPENDENT UPON HER OWN RESOURCES. THERE WILL BE NO OUTSIDE AID.

Commissioner Ziegler, it's really your move.

The problem rests in your lap.

★ ★ ★

Are the national automobile writers correct in their estimate of traffic conditions in the small area of the world that builds the cars?

And before we rest, we'd like to ask a question of the Democratic administration which now has almost complete control of Michigan.

What do YOU propose to do if Ziegler fails?

What plans have YOU made?

We're asking this of Governor Williams and Lieutenant Governor Hart, both of whom have declared themselves tremendously interested in the traffic problem.

Campaign to Draft Ike Launched in Michigan

With major party nominating conventions only a year away, it is natural for Republicans' thoughts to turn toward the identity of their 1956 candidate.

It is equally natural and perfectly logical for GOP leaders in Michigan, the birthplace of the party, to launch a DRAFT EISENHOWER movement. That, according to reports from Marshall, is just what has happened at a Republican gathering in the State's Third Congressional District.

★ ★ ★

Back of this action, of course, are continuing uncertainty as to the President's attitude toward a second nomination and his ever increasing political popularity. The masterful manner in which the President handled himself at the Big Four parley in Geneva served to emphasize and heighten that popularity.

While their plans still are incomplete, Third District Republicans are considering circulation of petitions throughout Michigan. These would ask Mr. Eisenhower to accept renomination at San Francisco next year.

★ ★ ★

Also under consideration are efforts to organize a citizens' committee in every one of Michigan's 83 counties. These would be charged with the responsibility of circulating the petitions on which it is hoped to obtain a minimum of one million names.

The movement to draft the President for a second term is timely and politically sound. This is especially so in Michigan, a traditionally Republican State, in which the GOP lost the last midterm elections to the Democrats.

★ ★ ★

With the draft movement should go early efforts to organize party ranks for 1956. Campaigns sometimes may be won in the last few weeks of electioneering. But victory seldom goes to a party which has neglected its grass roots work.

The Man About Town

Cities and Villages

Oakland County Now Has Largest Number in Nation

Optimist: A fisherman who includes a camera in his tackle.

Oakland County now has 17 incorporated cities and 12 incorporated villages. We wonder if any other county in the entire nation has such a large number. In case you're not familiar with the recent additions, here's a list: Cities: Pontiac, Royal Oak, Ferndale, Hazel Park, Birmingham, Berkley, Oak Park, Huntington Woods, Bloomfield Hills, Clawson, Farmington, Pleasant Ridge, South Lyon, Sylvan Lake, Keego Harbor, Walled Lake and Lathrup Village, with three more in the process of organization. Villages: Rochester, Holly, Lake Orion, Oxford, Milford, Clarkston, Ortonville, Orchard Lake, Leonard, Lake Angelus, Franklin and Wolverine Lake. Then there also are Drayton Plains, Auburn Heights, Waterford and several other communities, all with larger populations than some of the cities or villages, but not incorporated in any way, and still under the jurisdiction of the township in which located.

Although only recently incorporated as a city before being incorporated as a village, its official name is "Lathrup Village."

That long time seeker of odd facts,

Garfield Kingsland

of Keego Harbor, has discovered that

President Dwight D. Eisenhower

was born further to both the west and south than any other President.

"What is the total home frontage of Oakland County's lakes?" asks

Mason Mansfield

in a letter from Walled Lake. Using the established shore line of a number of the larger lakes, it is conservatively estimated that the homes already built and facing this county's lakes would fill one side of a street 500 miles long.

Himself an old time big league player,

Goodloe H. Rogers

feels that, no matter what else they do, the 1955 Detroit Tigers are one of the greatest spectators' teams in baseball history. "Perhaps 'thrillingest' is the word," says Goodloe.

About 12 million of the cars in the U. S. before World War II are still in use. But you'd never think so by an observation on Pontiac's streets.

We learn from that publication that ought to know,

"Canned Facts,"

that 60,000 tin cans are opened every minute in the United States. Forty million families annually open 36 billion cans.

More Alluring Than Ever

David Lawrence Says:

Eisenhower Is More Popular Today Than Any President in Last 50 Years

By DAVID LAWRENCE

WASHINGTON — Dwight Eisenhower is today more popular with the American peeople than any president of the United States has been in the last half-century.

* * *

This is due not only to the kindly and fair-minded personality of Eisenhower but to the confidence which the people generally have in his conscientious desire to carry out the national and international policies they want.

Politically, Eisenhower would win by a landslide if a presidential election were held this month. But whether he will win in 1956 depends on whether he maintains his popularity twelve months from now or suffers a dramatic reversal. Likewise, his political fortunes a year hence would depend on whether the nation is in a prosperous condition or in the midst of a recession.

One possibility of a decided change in the curve of the President's popularity is related directly to some sources of his present strength which could become weaknesses.

PEACE URGE STRONG

The urge to peace is the strongest passion in America today. Eisenhower to an amazing extent has the support of the two main bodies of American opinion.

* * *

First, the President is trusted by the Average man, who cannot be expected to follow the details of world problems and who feels that Eisenhower will do everything in his power to avoid another world war.

Second, the President has the confidence of those who do follow foreign policy closely and who believe that he will not be "taken in" or deceived by the Russian strategy because, with his military background, he is not likely to be fooled or victimized.

The months ahead will indicate what the true course of the Communists is to be. Eisenhower may have to choose between a course for America that could mean appeasement—a tendency to let the Communists consolidate their gains—and a forthright and adamant position against permitting Communist tyranny to become a permanent fixture in the world.

DEMS WAITING

The Democrats, although divided as a party and leaning for the most part now toward the appeasement side, will not hesitate to take political advantage of any "breaks" that go against the President. They will hold him responsible for any encouragement that the Russians may derive for further acts of aggression or enslavement of weak countries.

* * *

The Communist game is a tricky one. America is too strong to be challenged in a nuclear war. So the Soviets have decided that what they would not win by war they might win by "peaceful coexistence." So anxious are the Western peoples for peace that Eisenhower promises to go "to any length" consistent with justice and honor. But there is a large element in America which would just as readily omit the qualification and ask him to go to any length and pay any price for peace.

The Soviets have turned on the fountains of conciliatory words and pleasing gestures. Visits are to be exchanged by high officials. Exchanges of citizens groups are to be encouraged—and what is more logical, they think, than the opening thereafter of trade barriers so that needed machinery and raw materials can flow to Soviet Russia?

It will take months for this policy to be digested by the Western world, and then will come the appraisal by the public as to whether Eisenhower's leadership has had the net effect of strengthening Soviet Russia's position at the expense of the Western democracies.

* * *

The British and French and other governments of the free world will side with the President on any concessions he makes. They are terrorized by the idea of a nuclear war. But the test inside America will come when the people find out just what Eisenhower meant when he said that in October at the foreign ministers' meeting there would have to be some "giving" on our part.

WHAT DO WE "GIVE"?

What do we "give?" The Communists hold in prison camps many Americans and Europeans who ought to have been released long ago. Does the West have to pay a price to get Russia to keep her word on past pledges?

* * *

Do we "give" by accepting the status of the enslaved countries of Europe and by accepting a disarmed or weakened Germany?

These are questions that will not be answered decisively for a long time perhaps, but the trend of the Soviet policy on these matters cannot be concealed even for a few weeks more. Moscow is delighted with Eisenhower's friendliness, his peacefulness, his amiability and his sincerity, but right now the Kremlin can misconstrue this as a peace-at-any price psychology and make a grave error.

There is a better climate for peace only because the spokesmen for both sides choose to say so. There actually isn't any sign of a change on any vital issue, and the shooting down of a civilian airplane by Communist Bulgaria indicates that the "relaxation of tension" is still one-sided.

These are some of the circumstances surrounding the risks which the President's popularity curve may undergo in the next few months, and it may be said without exaggeration that everybody hopes Eisenhower will continue to satisfy the millions of Americans who are unwilling to make any compromises with principle and who want peace only with honor and justice.

'Use Foresight; Pipe Water From Great Lakes Now'

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature

Every day there is something in the papers about the impending water shortage for not only our community but many others. It seems everyone is aware of the situation, but no one wants to do anything.

If you knew that you were running out of food for your family, you'd certainly go out to get more or make arrangements to have someone else do it.

Then why not use the same foresight when the area is gradually running out of water? For communities with new water supplies almost impossible to reach, such indifference would be understandable. But Pontiac has it made to order.

When are we going to start piping water from the Great Lakes?

Soviet Will Wear Smile for Long Time to Come

By JOHN H. MARTIN
INS Foreign Director

Moscow's "Operation Smile" is not fleeting.

It is here to stay for some time. It will be a waxen smile, frozen into place above the political footlights.

* * *

This is evident from two developments. Britain has announced Soviet Premier Marshal Nikolai Bulganin and his teammate, Red party boss Nikita Khrushchev, have accepted an invitation to visit Britain next spring.

Bulganin and Khrushchev, en route back to Moscow, made a demonstration of Russian affection for the Communist puppet regime installed without benefit of free elections in East Germany.

Behind these two news items lie many that did not get space in the newspapers. Arrests and death sentences still are going on in the satellite states.

OUTBREAK OF TRIALS

Even before the Big Four met there were highly publicized "show trials" in Poland, Hungary, Czechoslovakia and Romania. There was an outbreak of trials and "confessions" by so-called "Western spies and agents."

* * *

It was Communist preparation for future Soviet charges of Western interference in East European nations, a counter to Western Allied attacks on the suppression of freedom in Eastern Europe.

President Eisenhower brought up the question of defaulted Soviet wartime pledges of restoration of sovereign rights and self-government at Geneva. But the East European situation got scant attention.

At the coming October Big Four foreign ministers' parley, the big problem will be Germany and the "European security" which Russia demands over reunification.

ADENAUER LISTENS

West German Chancellor Konrad Adenauer listened to the conference at a vacation retreat. No top Western leaders called on him.

In contrast, Bulganin and Khrushchev stopped off for days in East Berlin and East Germany. With Premier Otto Grotewohl of the Moscow-implanted local regime, they embarked on a public tour.

In London the announcement that Bulganin and Khrushchev would visit London was greeted with cheers in Parliament.

In East Berlin Bulganin and Khrushchev made it clear they would not "sacrifice" the illegal Communist government. In contrast to Parliamentary cheers in London the recruited workers at the mass meeting in the Marx-Engels-Platz were a captive audience.

Case Records of a Psychologist

Coed Falls Head Over Heels in Love With Man She Has Never Seen Before

Violet became a slave to a strange man. But he didn't know he had this magic power over her. So beware of this kind of love, since the victim has no chance to get acquainted first. It is much safer to develop an "earned love" romance. Paste this case record in your scrapbook.

By DR. GEORGE W. CRANE

Case O-395: Violet R., aged 19, is a beautiful coed in New York City.

"Dr. Crane, I want some advice immediately," she begged, and her eyes shone like stars.

* * *

"Last week I fell in love. It was love at first sight, too. I had never seen the man before that minute, but just one look and my heart stood still.

"I felt weak all over and thought my knees would give way. It was the most unique experience I have ever gone through.

"But this man doesn't seem remotely interested in me. And now I find that he is married and has two children.

"So I'm in a terrible state of mind. I can't sleep and I can't eat. I feel as if life isn't worth going on."

TYPES OF LOVE

There are two ways of falling in love. The first is the sudden love-at-first-sight variety.

It hits you like a bolt of lightning. That's what happened to me when I was 16, as I'll explain more fully tomorrow.

It is often dangerous, too, for the love may be entirely one-sided, as is true in Violet's case.

* * *

Or you may fall in love with a rotter who is totally unsuited to you. But he still has that magic power to zoom your pulse and blood pressure.

'EARNED LOVE'

The other type of love is what we psychologists call "earned love." In it you date a classmate or acquaintance without any special fondness at the start.

But as you share mutual pleasant dates at the theater or at athletic events and parties, all those pleasurably tinged episodes become emotionally linked with the other person.

You may even slowly fall in love without fully realizing the fact. Maybe threatened separation or the competition of another girl, may suddenly open your eyes to the fact you are ardently in love.

Meanwhile, of course, you have had time to get well acquainted. Your parents meet him and vice versa. You have mutual friends.

* * *

You know each other's personality fairly well and find out about your mutual hobbies. So "earned love" is safer and far more likely to produce marriages that will not end in the divorce courts.

LOVE AT FIRST SIGHT

"Dr. Crane, how can a person fall in love at first sight," Violet asked, "This man certainly never earned my affection."

No, but other men had, whom this stranger resembled in some vague way.

* * *

For example, Violet was very fond of her father. She also was devoted to a couple of older brothers. She had male cousins whom she admired very much.

So the "earned love" which her father and brothers or cousins had built up in Violet, may have become fastened to some odd little gesture or tone of voice, or a facial characteristic like the curve of the chin or arch of the nose, etc.

Suddenly, she met the stranger who possessed this "trigger" which released the pent-up admiration which Violet had unconsciously built up for other male relatives, friends, teachers, etc., with whom she had been acquainted in past years.

* * *

Now she must resolutely start dating other boys until she builds up an "earned love" romance with a suitable young man.

Woman, 88, Began Doing Brady Somersaults at 53

By WILLIAM BRADY, M.D.

According to a newspaper story published June 6, 1953, (some forty readers sent me clippings), a Minnesota woman celebrated her 88th birthday by walking 1½ miles to and from her favorite restaurant for breakfast in the morning and again for her dinner in the early evening, as she has been doing for many years. She advised people who want to stay healthy and in high spirits to roll a few somersaults every day, as she has been doing since her 53rd birthday. She began rolling 'em on the advice of one Dr. Brady, Ol' Doc Brady, that is, who, it seems, was urging people to roll somersaults away back when . . .

* * *

Then from Montreal comes a clipping of a story about an 84-year-old acrobat who died of a broken neck sustained while performing a somersault in a parochial entertainment.

Just what they call somersault in Montreal I don't know. According to this story a professional strong man cupped his hands and flipped his elderly friend in the air, but the courageous old gentleman failed to complete the turn and landed on his head and shoulder. He refused to be taken to a doctor, complaining only of "stiff neck" . . . but he died a few days later of broken neck.

Yahbut the accidents to which tumblers, acrobats or professional gymnasts are subject interest surgeons, osteopaths and insurance adjusters, maybe, not us rollers. At last survey the Minnesota woman was in fine fettle; my most admirable playmate, 85, who rolled one on the bowling green recently just to show us how, is still the hardest man to beat; and the gaffer who writes most of the pieces in this column counts the day lost when he can't do a half-dozen forward rolls.

ROLL SOMERSAULTS

Although I maintain that anyone who is not crippled or decrepit should roll six somersaults (forward rolls) on the floor first thing every morning, I do not advise one who is crippled or decrepit to do so. If you try it, you do so at your own peril.

On written request accompanied with a stamped, self-addressed envelope I'll send you a pamphlet telling how and why every able-bodied person should do a few rolls every day—the pamphlet on Somersaults. Inclose 25 cents in addition if you want also Little Lesson 16, The 7 Keys to Vite. One of the seven keys is an adequate amount of exercise. Not that a half dozen or dozen forward rolls each day would be anywhere nearly equivalent to a brisk walk of two or three miles, but a few rolls, taking only seconds of time, are the best substitute for exercise for the individual who will not walk, work or play.

* * *

The movements from the Last Brady Symphony, described and illustrated in Little Lesson 16, take less than ten minutes to perform as a daily setting-up drill, starting and finishing the performance with a few rolls.

This is the minimum physical activity required to maintain a modicum of vite, and vite means "preservation of the characteristics of youth."

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

Board Approves 2 Subdivisions

Avon Township Passes Fieldcrest and Christian Hills to Zoning Board

ROCHESTER — Avon Township Board this week approved and recommended to the Avon Zoning Board two subdivisions, Fieldcrest and Christian Hills No. 3, both subject to the approval of the Oakland County Road Commission.

Edwin A. Owens was appointed member of the Avon Zoning Board to replace the recently resigned Mark Farrand, appointment was made subject to approval of Provate Judge Arthur E. Moore.

Earl Dean, trustee, reported on the joint fire contract between Avon Township and the village of Rochester. A recent meeting brought forth the decision to follow the township contract as written, with the originally included administrative salary to be omitted.

Supervisor C. E. Miller and F. O. Covert, clerk, accepted the new fire truck presented by Parke, Davis and Co. It is presently housed at the Avondale Fire Hall, Auburn Road.

Miller reported that all signatures for the water service of the township have not been received.

A meeting of the Avon Zoning Commission in the Township Hall at 7:30 p.m., Aug. 8, will consider an application requesting a zoning change from residential to commercial of lots 1894-1898, supervisor's plat of Brooklands, Park No. 4, Section 36. The property is located on west side of Dequindre, south of Auburn Road.

U.S. Against Tito Building Red Jets

BELGRADE, Yugoslavia (AP)—The United States reportedly has warned Yugoslavia that construction of Soviet MIG fighter planes here might seriously affect U.S. aid to President Tito's government.

Well-informed sources said the warning was given the Yugoslav Foreign Office by U.S. Ambassador James Riddleberger. Officials would not comment.

* * *

Rumors that Russia has expressed willingness to supply Yugoslavia's aviation industry with a license to build the MIGs have circulated here recently.

Yugoslavia decided some time ago to begin building jet aircraft. The government reportedly discussed the possibility of using Western designs with the United States, Britain and France, but the West's price was said to be too high.

READYING FOR SWIM TOURNAMENT — Climaxing six weeks of township - wide swimming instruction, the third annual Waterford Township Swimming Tournament will be held at the Pontiac Lake Recreation Area Saturday at 1 p. m. More than 100 awards will be given out for the 21 different events to be conducted, says Tom Belton, superintendent of recreation. Practicing above are (left to right) Cheryl Walton; Susan Krusheski; Margaret Schenck, recreation swimming instructor, and Barry Metkiny. Demonstrating the back stroke is John Crary. Participants in the contest may register at the beach Saturday and bleachers will be provided for spectators.

Name Principal at Waterford

Thad Carr Has Served Ann Arbor Schools Since 1945

WATERFORD TOWNSHIP—The board of education has named Thad Carr as the new principal of Waterford Township High School.

Roy Larmee, present principal, will begin his work on the staff of the University of Chicago in September.

Carr will assume the principalship in August. He comes from the Ann Arbor school system where he has been since 1945. Starting as a high school teacher, he served successfully as the assistant high school principal, and as principal of the Bach elementary school.

A native of Ohio, having graduated from Bell Center High School, he received his AB and AM from Ohio State University. He has also taken graduate work at the University of Michigan, and Columbia University.

During World War II, he served with the field artillery in both the African and Italian campaigns, receiving the Purple Heart and Silver Star.

The Carrs and their three children will move to Waterford Township as soon as their house is ready.

1,300,000 Set to Defend Far East

SEOUL (AP)—If war starts tomorrow in the Far East, what could America's Asian allies put on the line in their own defense?

* * *

In the face of billions of U. S. dollars spent in Far East trouble spots in the two years since the guns went silent in Korea, the answer is interesting.

Roughly, the United States probably could count on upwards of 1,300,000 soldiers and airmen from South Korea, Nationalist China and the Philippines—and this would be only the initial call-up.

* * *

An unofficial estimate of Allied power looks like this:

South Korea—21 divisions of 13,000 men each presently under arms. In addition, supporting these units are corps units, artillery and special weapons battalions which fatten the South Korean standing force to about 650,000 men.

Nationalist China—25 divisions of 10,000 men each with supplementary units and special weapons bulging the standing army figure to roughly 500,000.

* * *

The Philippines — The islands currently have 40,000 men under arms. Reliable informants say the Filipinos could call an additional 100,000 men in an emergency.

Another question often raised is: How good are the troops now available?

* * *

The South Koreans are the only soldiers who have seen recent combat on a large scale. They make up a young army, which has been praised as being able to hold its own with any in the world today.

The Nationalists have now been out of fighting for nearly six years, and they are growing older. A relatively stale army is always a big question mark.

* * *

The Chinese are sensitive about this point.

They argue that they are calling up youngsters all the time and that they have the young soldiers where it counts—Quemoy and Matsu. Unofficially, it is estimated that four of Chiang Kai-shek's toughest divisions are out on these offshore islands.

Air-wise, most Nationalist pilots are well over 30 and many are 40. But the air force, like the army, feels it has the youngsters to do the job.

* * *

Through the military defense assistance program, the United States is continuously expanding services of advisory commissions to its Far East allies.

Actualy, the United States can call up only three full divisions in Asia today. But that doesn't mean ground troops are being discounted in future military plans as reliance on the Air Force and atomic bombs increases.

* * *

Dispersal and mobility is being emphasized throughout Korea, Japan, Okinawa, Formosa and the Philippines, where American air or ground forces are stationed.

The present American ground force lineup in the Far East—with most units up to 25 per cent understrength—looks like this:

* * *

Korea—24th and 7th divisions and a large number of service troops and men attached to the Korean Military Advisory Group.

Japan — 1st Cavalry Division, which is responsible for ground defense of all central and northern Honshu and the newly arrived 508th Airborne Regiment.

Okinawa—75th Regimental Combat Team and two battalions of artillery now are being backed up with the arrival of two regiments of the 3rd Marine Division.

But there is some feeling that too much reliance is being played on the Air Force.

However, he ignored the fact that thousands of infantrymen and Marines gave their lives to seize islands which were converted into bases for the atom bombers.

Michiganders Saved Union Troops at Chancellorsville

ANN ARBOR (AP)—Michigan cavalry men in the Civil War had the frustrating job of telling a Union general that he was being outmaneuvered—and not being believed.

It happened in the first days of May in 1863. The result was the inglorious Union defeat at Chancellorsville, Va., when a handful of Michigan and Pennsylvania horsemen were all that saved a Union army from destruction.

The battle will be dramatized at 8:15 tonight on University of Michigan radio stations WUOM-FM and WFUM-FM. It is the fifth in a series on Michigan's part in the Civil War.

Focus your attention on Company L, First Michigan Cavalry, commanded by Lieut. John K. Truax of Grand Rapids. His men were among the very few cavalry men under General Fighting Joe Hooker's command when the battle began.

LAY OF THE LAND

This was the situation: Hooker devised an ingenious plan to demolish the Confederate army under General Robert E. Lee, who was plannin ga Northern invasion that would later carry to Gettesburg.

He split his army in half, sending one segment around the Confederate lines to catch the rebel forces in a gigantic pincers. At the same time, most of his cavalry was dispatched south to Richmond to cut off rebel supplies.

But cavalry are the eyes and ears of this kind of battle. Hooker literally blinded himself with his cavalry maneuver. All he left with the main army was a brigade of Pennsylvania horsemen and Company L.

By the morning of May 2, it was evident that something was wrong. Lee's men were moving—it was apparent. Where they were going was something Hooker had to find out. His remaining cavalry units had the job.

If Hooker had only known. Lee, using intelligence reports from his cavalry under Jeb Stuart watched the union splitting maneuver. Then he devised a counter-scheme, more brilliant by far.

Under General Stonewall Jackson, he sent his troops forced marching around the closing Union pincers. This was the movement, observed from the Union lines. But they couldn't tell what was happening.

Company L and the Pennsylvania horsemen, under Geral Aldred Pleasanton, reconnoitering saw the maneuver. They returned to tell General Hooker. Hooker said the Rebs were retreating.

JACKSON ATTACKS

Hours later, Jackson hit the Union flanking movement with the fury of a wildcat. His attack chewed the Union army to bits. Hooker, completely surprised, could not even call on the cavalry he had sent to Richmond.

But General Pleasanton — by hook and by crook—rounded up 22 artillery pieces. He put them hub to hub. His cavalry, including Michigan's Company L, were the only protection the guns had.

By concentrated fire, they held Jackson off, despite the fact that retreating Union infantry overran their positions. The Michigan and Pennsylvania horsemen stood firm, giving Hooker enough time to recover his scattered forces and affect a retreat.

It was an enormous union defeat, paving the way for a Confederate Northern invasion. But it cost the rebels too. It was in this battle that Stonewall Jackson, probably one of the greatest Confederate generals, was killed.

Old Roman Aquaducts Supplied More Water

ROME (AP)—No wonder they could afford to take baths back in the days of the Caesars. Rome had more water then than now.

That was what Christian Democrat Sen. Guido Corbellini today told Romans who have been protesting that the city's water supply is inadequate for this hot weather.

Ancient Rome's four major and seven minor aqueducts poured 3,565 gallons of water a second into the city. Modern Rome's water system brings in only 2,244 gallons a second.

Malaya Seats New Officials

Alliance Party Pledged to Seek Independence From British by 1959

KUALA LUMPUR, Malaya, (AP)—The Malay-Chinese-Indian Alliance today prepared to form the Federation of Malaya's first elected government after winning a majority in the 98-member Legislative Council.

Final results of the British protectorate's first national election Wednesday confirmed the Alliance's boast it would win 51 of the 52 seats at Stake. The British high commissioner, Sir Donald MacGillivray, will appoint the other 46 members.

* * *

The Alliance lost only one race, to the small Pan-Malayan Islamic Party. The chief opposition, the Malay Negara (National) party, did not elect one of its 30 candidates.

Tengku Abdul Rahman, the Malay leader of the Alliance who will become the federation's first chief minister, announced he would submit his Cabinet nominations to MacGillivray this weekend.

The Alliance is pledged to seek independence for Malaya by 1959. Under the new constitutional setup Rahman's Cabinet will take over control of much of the government but the high commissioner will retain a veto.

Confidence Men Hunted in Holdup Netting $60,000

LONDON, Ky. (AP)—Two confidence men were hunted today for the $60,000 robbery of a businessman, who planned to purchase money from them at "cut-rate prices."

The holdup occurred after Robert Close and his brother Kenneth flew here yesterday from their Toledo, Ohio, homes to complete the deal.

* * *

Leaving Kenneth at the airport, his brother joined the two men in an auto, was driven a short distance and robbed at gunpoint.

He told police the cash was to be used to purchase large bills from persons afraid to spend them because of income tax troubles. The rate of exchange was to be 60 cents on the dollar.

* * *

He said one of the bandits contacted him in Toledo several weeks ago and promised him and Kenneth a $30,000 to $40,000 profit.

The brothers, who operate an auto agency, said they raised $50,000 and another $10,000 was contributed by Steve Cross, also of Toledo.

A man listed as S. B. Cross, 45, Toledo, was picked up here last night for questioning but the FBI said it was uncertain whether the men were the same.

Argentine Police Clash With Reds in Rosario

BUENOS AIRES, Argentina (AP)—Police and Communists clashed last night in Rosario, Argentina's second largest city.

Authorities said the Reds were writing slogans on walls and attempting to organize a demonstration. Some arrests were made.

Rosario is about 250 miles northwest of Buenos Aires. Authorities there admitted yesterday that a Communist leader they had arrested after the June 16 revolt had died of a heart attack "during questioning in which violence was used."

Russia has about 16 million horses.

IN THE DAYS OF DAVY CROCKETT

Told by an Old Scout

Davy Crockett was always the champion of the weak and the persecuted. So was Jim Bowie. Jim once ordered a fellow who was unmercifully beating a slave to stop. The cruel scoundrel drew a gun but the Bowie knife settled that argument real fast!

It was a sorrowful time for Jim Bowie when a sickness took away his wife and children. Their loss also broke whatever ties Jim felt he had with Mexico. So when the trouble between that nation and the Texans started, Bowie joined up with the Texans.

Being a natural-born leader of men and a great fighter Jim was made a colonel of volunteers by General Sam Houston, the Texas commander-in-chief. Sam was a keen judge of men and he knew he had a winner in Jim. Bowie soon proved the General was right!

After Bowie and his men beat the stuffing out of the enemy in the Great Grass Fight and a couple of other battles, Jim headed his little band for the Alamo where, he'd heard, the small Texan force that held it would soon need all the help they could get.

Actress' Son Goes AWOL for 4th Time

ALTADENA, Calif. (AP)—Christopher Crawford, 12-year-old son of Joan Crawford, is back in military school again today after his fourth AWOL.

Young Chris and David R. Dyer, also 12, of Van Nuys, left Mount Lowe Military Academy yesterday. Sheriff's deputies picked them up a few hours later. The two said they were walking to Van Nuys.

Christopher has gone away twice since the actress' recent marriage to Alfred Steele, soft drink tycoon.

Miss Crawford and Steele are expected back in town next week from a European honeymoon.

Find Lutheran Minister Guilty in Heresy Trial

MILWAUKEE (AP)—A Lutheran pastor, found guilty last night in the first heresy trial in the 60-year history of the Northwest Synod of United Lutheran Church, said after the verdict, "I am not guilty as charged."

The Rev. George P. Crist, Jr., 31, summoned from his home at Durham, in nearby Waukesha County to hear the decision, told newsmen, "I have committed no offense against the rules of the United Lutheran Church. I am certainly saddened by the verdict, but I think I was as ready for it as I could be."

* * *

A synod trial board of seven pastors found him guilty of nine counts of deviation from church doctrine and recommended he be suspended immediately from his pulpit. He was found innocent of five charges. He denied the 14 charges were valid deviations from church doctrine.

He said he will begin a two-week vacation in northern Wisconsin tomorrow with his wife and three children. After the vacation, he said, he "doesn't know" what he will do.

* * *

The charges upon which Pastor Crist was convicted included that he denied the virgin birth of Christ, denied the physical resurrection of Jesus and denied the authenticity of a number of miracles.

Charges of which he was found innocent included that he mixed the word of God with his own opinions and surmises and denied the usefulness of all prayers.

Hold Detroit Wife of Poisoning Victim

DETROIT (AP) — Mrs. Alfreda Krycia, 32, was held today for investigation of murder in the poison death of her husband, Casimir, 37.

Ralph Garber, chief assistant prosecutor, ordered her held yesterday after day-long questioning, he said, revealed some discrepancies in her account of her husband's death.

Mrs. Krycia collapsed during questioning yesterday and was taken to Receiving Hospital for treatment.

"I didn't do it," she sobbed. "I didn't do it."

Krycia was found dead in a living room chair of their fashionable home in Harper Woods July 2.

Police reported yesterday that completion of analysis of the dead man's vital organs showed he had been poisoned.

Family Reunion at Soo Will Attract 400 to 500

SAULT STE. MARIE (AP) — The Richard Rye family, whose descendants number 713, will hold a reunion this weekend at the Soo.

Between 400 and 500 are expected — 300 from the area and the rest from coast to coast, including Canada.

Six generations have lived at the Soo since Richard Rye settled here in 1879.

Kohler, Union Mum

CHICAGO (AP) — Union and company negotiators maintained a noncommital attitude today as the government-sponsored talks aimed at settling the 15-month Kohler Co. strike moved into their third day.

India's planners have set a coal production target of 60 million tons annually by 1961, the end of their second five-year plan. Current production is 37 million tons annually.

Ike Tells Lads to Find Truth

President Speaks to Boys' Nation Delegates at White House

WASHINGTON (INS) — President Eisenhower offered these words of advice yesterday to a youthful office-holder: "Make up your own mind as to what is right and have the courage to stick by it."

Tre President spoke briefly in the White House rose garden to 96 delegates to the Boys' Nation, sponsored by the American Legion.

Addressing himself to 17-year-old Douglas Hopper of Glendale, Calif., news president of Boys' Nation, he recalled a favorite expression of "another young Californian, Dick Nixon."

* * *

The Chief Executive said Vice President Nixon has a habit of starting every discussion with: "Now, of course, the first thing we have to find out is, is it right?"

He told young Hopper: "Now if you can find out or make up your mind what's right and find the courage to stick by it, you'll justify your election to the presidency."

Eisenhower was presented with a Boys' Nation pin and a rototiller to till his vegetable garden at his Gettysburg farm.

The Alamo

In the center of San Antonio, Tex. is the Alamo, the fort where Davy Crockett and about 180 other brave men died fighting for Texas independence. Every defender of the Alamo lost his life.

The Alamo was originally a Spanish mission. The Texans used it as a fort. It has been restored to look just like it did during Texas' war with Mexico in 1836. It is a monument to American liberty and is owned by the state. Thousands of people travel there every year to see it.

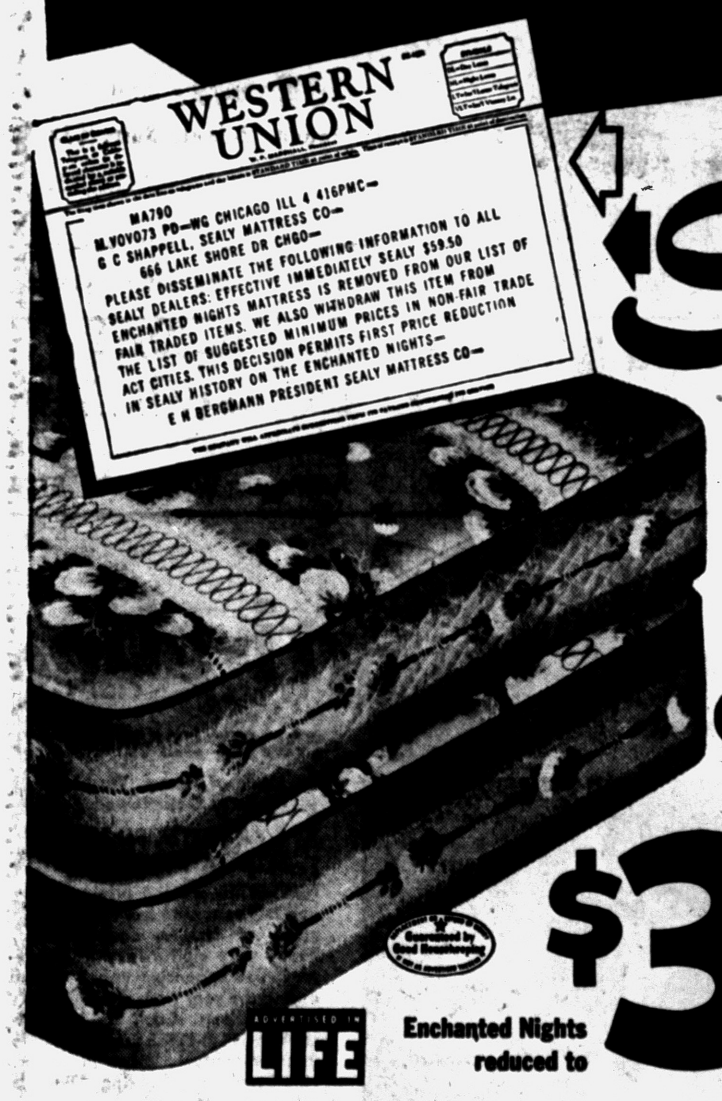

At the Alamo a company of 180 men, including the border heroes James Bowie and Davy Crockett, were trying to hold off the Mexican army under Gen. Santa Anna until Texas Gen. Sam Houston could reorganize his forces. Santa Anna had between 4,000 and 6,000 men. The siege began Feb. 23 and by March 6, when the Mexicans stormed the fort, there was almost no ammunition left. The Texans used their muskets as clubs and fought until only six men were left. One of those was Davy Crockett. Santa Anna ordered them all killed. The only survivors were an officer's wife, her baby and its nurse, and a small boy.

"Remember the Alamo" became a war cry and under Gen. Houston the Texas army put the Mexicans to rout on April 21 at San Jacinto, Tex.

Here are two Junior Editors looking at the Alamo. Mount the picture on cardboard and color with crayons. Cut out the flag of the Texas Republic under which Davy Crockett fought. Fasten it to a pencil with thumb tacks. Put the pencil in a spool and the flag will stand up. The flag has a white star on a blue field, with a white stripe above and a red one below. **Tomorrow: The Motel Game**

Hal Boyle Says:

Course Designer Predicts Big Golf Boom

NEW YORK (AP)—William Mitchell, who is 43, flew ten different types of aircraft as a Navy flight instructor during the last world war and is now one of perhaps 15 men who design America's golf courses.

* * *

He is also one of the nation's top sod salesmen. He sells golfer grass — turf for putting greens.

It is a highly specialized field. The firm Mitchell heads has sold some three million square feet—75 acres — of golf greens grass since 1923 and now has a fourth million square feet growing in a valley near North Sutton, N. H.

* * *

"We feel we have the world's largest golf greens nursery," said Bill.

"If all the turf we have produced were unrolled in a strip it would make a highway 1,000 miles long — and that's a helluva long putt."

The entire four million square feet has sprung from a four-square-inch patch of velvet bent, a south German variety of grass planted by Bill's father, an agricultural teacher, 32 years ago.

* * *

The grass, which grows swiftly and chokes out weeds, makes the kind of thick emerald carpet golfers like. The sod matures in two to three years, then is harvested by being cut into strips a foot wide and four feet long.

The strips are rolled up like rugs, rushed to distant golfing greens by trailer truck. Mitchell's workmen go ahead by plane to prepare the site.

* * *

Golfing is a big industry now, enjoying its biggest boom since the 1920's. Surveys show more money is spent on it than any other sport except fishing.

Mitchell, like many men in the business, credits President Eisenhower for spurring the revival of interest in golfing but feels the boom is really just getting under way.

* * *

"There are only about 7,500 courses in the country," he observed. "About four million people play golf regularly, but there are four million more who would like to."

Bill, who has modernized some 30 old courses, is now building his sixth new course — it's for the Putnam Country Club at Mahopac, N.Y.

"Golf is one thing that hasn't increased in cost," he said. "It used to take 200 men two years to build an 18-hole course. With modern machinery we can do it now with a dozen men in a year."

* * *

Because of the increased use of the steel - shafted club and a sprightlier ball, golf courses now stretch a minimum of 6,500 yards compared to 5,800 yards in the old days.

The price tag for a new golf course? From $100,000 to $200,000.

But designing a golf course is not for amateurs.

* * *

"To be a good golf course architect," said Mitchell, "you have to be first of all a golfer, then an artist, a civil engineer, an agronomist, a hydraulic engineer, a businessman, a field commander, a drainage expert, a landscaper and a meteorologist."

Bill feels knowledge of the weather is important since he was hit by three hurricanes while building one course — but still managed to finish it on schedule.

* * *

He has a 9-hole course on his 500-acre New Hampshire farm. How about his own game?

"At 14 I could shoot in the 80s," he said. "At 25 I was in the low 70s, but when I was 29 the Navy upset my life a bit. Right now I can respect the problems of the golfer who worries about breaking 100.

"I've been so busy I don't get much of a chance to play golf myself anymore."

Alaskan Oldtimers Decry Over-Civilization

By PHYLLIS BATTELLE

FAIRBANKS (INS) — When a tourist has spent three days in Alaska and has yet to see any wild life—except at a saloon called the Flame Cocktail Lounge—she feels called upon to inquire.

* * *

"Say," she says to a local big wig (Eskimo translation—wigpuk), "If this is Alaska, what of your moose and caribou, your seal and musk ox, your brown bear and siksikpuk (English translation — big siksik)?"

"Who?" inquires the bigwig. He has been drinking "Ever-Clear Punch," a local beverage composed of one part champagne three parts 191-proof grain alcohol.

"Your wild animals. You know, Gr-r-r-r-r, Gr-r-r-r-r," says the tourist, simplifying it.

* * *

"Oh. Well, they don't come into the city much anymore, ma'am." (Old Alaskans talk like Texans. Probably has something to do with the pioneer spirit.) "Too civilized for animals 'round here now. Truth is, it's too civilized for me too, and gettin' worse every year."

NOT LIKE OLD DAYS

And so it goes with some of the oldtimers in this one-time boom-town of Fairbanks. It an't like the old days, they say, when a good cigar was a smoke and gold was worth the trouble to dig it up.

* * *

Now there are 25,000 people fighting for stools in the 80 drinking establishments and there's a 10-story skyscraper hotel and a 12-man police department, and what-all. "You kin' hardly expect a moose to want to foul himself up in all this," the local bigwig says.

To a tourist from the big cities of the U. S., however, Fairbanks still is about as pioneer a place as was ever seen, the moose shortage notwithstanding.

The streets are narrow and spotted with small craters, which explains why nobody drives anything more recent than a '51 Ford; the men are frequently bearded and inevitably tie-less; the summer air is warm and the spirit happily listless. And most significant of the frontier feeling, perhaps is the remark of the hotel clerk . . .

"No private rooms for tonight, lady," he says, "but you can share."

This tourist, preferring not to share a room, went to another hotel and shared a bath, instead. For the iron cot in the 8x10-foot room, and use of the bathroom—so popular that one had to make an appointment with nine other guests—the charge was $8.50.

THAT GOOD DOLLAR

"The local businessmen feel that the tourist's dollar is just as good as any one else's," the oldtimer explained reasonably.

The Alaskans, of course, can afford high rates for stand-in-line toothbrushing. The going salary for workers in Fairbanks ranges from $3.39 an hour for outdoor construction laborers to $4.50 for men with skills, such as steamfitters or plumbers.

Lady clerical workers with little or no experience get $383 a month, under civil service, for five-day weeks at nearby Ladd Field, the U. S. air defense base.

This being what is called the "interior" of Alaska, the weather is hot in summer (as high as 86 degrees), and usually frigid in winter (as low as 66-below).

Eskimos, like moose, do not care for the heat nor the civilized aspect of things, much. So the natives found in the local saloons and dime stores are Indians who have strayed from their real home territory to the southeast of here.

Alaskan Indians are agreeable, red-brown skinned people who like an Ever-Clear Punch as well as the next man, and it is said—by Fairbankers of distinction — that "they spend money as fast as they make it."

"But then," the honest Fairbankers contend, "most everybody up here does. What with the price of things."

Because the sun never sets completely in the summertime up this way, fruits and vegetables grow to double—sometimes triple—the normal size.

* * *

Strawberries are the size of plums. Cabbages are the size of basketballs, and so on. Prices are proportionately fat.

HONEST, FRIENDLY

"But the greatest part of all about Alaska," says the wigpuk, "is that the people are honest and friendly. 'Course we get new people from the states comin' in all the time and they're not always friendly to start with—but they get that way with a little fresh air and kindness.

* * *

"That's why I'm against over-civilization around here. You get big buildings and all of a sudden you got big heads. 'N that ain't so good."

The passenger fatality rate on U.S. railroads in 1954 was .07 per 100 million passenger miles.

5 GOP State Senators Slated to Boost Cause

LANSING (AP) — Five Republican state senators have been named to a "task force" to boost the GOP cause across the state in the next 15 months.

Sen. Creighton R. Coleman (R-Battle Creek), majority caucus leader named these members:

Lynn P. Francis, Midland; John Minnema, Traverse City; Edward Hutchinson, Fennville; Leo H. Roy, Hancock, and Frank D. Beadle, St. Clair.

Gentleman Steals Show From Beauty Queens

By EARL WILSON

LONG BEACH, Calif.—Now that Miss Universe's been picked and we only have Miss World and Miss America to go, I want to tell you about a glib gent named Bob Russell, "the big brother of the prettiest girls in the world."

★ ★ ★

While emceeing the Miss Universe pageant here, Bob tried good-naturedly to mimic the accent of Miss England.

Bob's from Passaic, New York and Philly, his speech isn't very Londonish. "That's not English—that's Scotch," Miss England told him.

"I didn't know you could smell it on me," replied Bob.

During this pageant—and the Miss America beauty spectacular at Atlantic City—the contestants prove their personality in a short speech.

★ ★ ★

Beautiful Miss Ceylon had run out of speech. Bob said: "Tell us about men in your country. What are they like?"

"Oh, they're all alike," retorted Miss Ceylon.

Miss Philadelphia (Doris Sommer Klein) was on her feet. Bob asked her: "Is it true you have a husband,"

"I've had one for two years," she answered quickly.

"Next girl, please," howled Bob.

TINA LOUISE

You may know Bob as the Sealtest barker on CBS TV. He should be one of the best TV MCs. He studied opera in Philadelphia for 6 years, emceed the Joe DiMaggio show, and is about to resume a show of his own, "Live Like a Millionaire."

"Bob," asked Miss St. Louis (Bennie Joan Pritchard) at one meeting, "do you have a fan club—and if not, may I be your first member,"

When one Scandinavian gal invited Americans to come and take a ride on an iceberg, Bob said: "Sure, we'll sit on an iceberg and watch the fjords roll by."

"They surely have rolled out the red carpet for us here," said Miss Colorado.

"Yes, but if you get invited into the den—say no," advised Bob.

My gosh, I just realize I took a TWA plane all the way out here to write a piece about a beauty pageant—and made the outstanding figure of it a man! I must have flipped.

THE MIDNIGHT EARL . . .

Noel Coward flew to England; he'll return in October for his CBS-TV shows . . . A California court ordered Jackie Coogan to pay his baby sitter $600.

"Ankles Aweigh," when it closes on B'way, may do a TV shot and play a Las Vegas hotel . . . Nejla Ates, the belly dancer in "Fanny," busted up with boy friend Jimmy Dell . . . Pretty Tina Louise added another title—she's now Queen of Italian Products Fair at Long Beach.

A new Italian film is titled "Please, No Coins In the Fountain" . . . Ava Gardner will record with the George Shearing quintet, as a singer . . . The Major Rob't de Havens (Connie Haines) named the baby girl Kimberly.

London Buzz: Churchill's health is failing again . . . Singer Earl Wrightson will get the Max Liebman TV buildup . . . That's earl, brother.

'Circus Big Top' Staged by Playground Youngsters

Pontiac Press Photos

Viewing the "Circus Big Top" performance at Washington Junior High School Thursday were youngsters who just came to watch and others waiting their turns to perform at the Parks and Recreation Dept. festival. Some 500 children from the 19 playgrounds in the department's summer recreation program either viewed or participated in the variety show, according to Leonard T. Buzz, activities supervisor. Youthful entertainers who were originally scheduled to perform in another show at Oakland Park Wednesday also participated in the Washington performance after being rained out Wednesday.

Two Washington Junior High School playground performers model the outfits they rigged up for Thursday's "Circus Big Top" show. Linda Strine of Menominee road is playing the role of an elephant, while her sister Cindy enacts the part of a bluebird. All props, costumes and acts used in the performance were made by the youngsters who took part.

Some grownup help was enlisted for this act at Thursday's show. Above right, Mrs. William Isaacson of Williams street gives a "fearsome" performance as the "Wild Woman of Borneo." Striving to control her gyrations are (left to right) Brenda Singleton of North East boulevard, Bonnie Thomas of Astor street (back to camera), Cheryl Glougie of Midland drive and Aarron Haase of South Marshall street. They are all from the Longfellow playground.

LeBaron playground was represented at the "Circus Big Top" by Hansel and Gretel, played, respectively, by Janet Strong of Third avenue and Lorraine Verbeek, also of Third avenue. They were among 300 performers at the children's show.

Houseguests Welcomed in Pontiac

Several Families Return From Stay at Lake Mitchell

Visiting her brother-in-law and sister, Mr. and Mrs. Eric R. Erickson of Henderson street, is Jean Baker of Stambaugh.

* * *

Mr. and Mrs. Erwin L. Collins of Colrain drive will have as their guests this weekend Mr. and Mrs. John Baad and son, Donald, from Colon.

* * *

Several Pontiac families have returned home after vacationing at Lake Mitchell near Cadillac for two weeks.

The Ralph Norvells of Wenonah drive with children, Virginia and Carol, stopped to see their son, Bruce, who is at Camp Mah-go-tah-see at Hale.

Other families were the Addison K. Oakleys of Cherokee road with Jan and Jimmy, the Willis D. LeFurgys of Colrain drive, and Dr. and Mrs. George Petroff of Cherokee road with their children, David, Katherine and George.

* * *

Jackie Kroeplin of Chamberlain street and Fran McCue of Liberty Manor will leave Sunday on the SS South America for a cruise around the Great Lakes. They will be stopping at Cleveland, Buffalo, Mackinac Island, Sault Ste. Marie, Duluth and Chicago.

* * *

Mrs. Fred Collins was hostess at a luncheon Thursday at her home on Silverhill road. Her guests were members of the board of the Waterford Branch of the Women's National Farm and Garden Association.

* * *

Mr. and Mrs. Earl L. McHugh of Sylvan Shores with their children, Mary Ann and Kathie, spent a day recently with the Jack Bells of Detroit on their cruiser, "Two Bells."

* * *

The Harold C. Elliotts of Clarkston announce the birth of a son, James Isaac, July 3. Grandparents of the infant are Dr. and Mrs. Isaac C. Prevette of Mary Day avenue and Mrs. Emerson Elliott of Drayton Plains.

* * *

The Rev. and Mrs. Theodore R. Allebach and family are vacationing with relatives and friends in Albany, Ore. He is the pastor of the Oakland Avenue Presbyterian Church.

* * *

Arriving this evening to spend the weekend with Mr. and Mrs. Harry S. Pearce of Oneida road are Mrs. Pearce's niece and her husband, Mr. and Mrs. John S. Conde.

Mr. Conde, stationed at Sampson Air Force Base, Geneva, N. Y., is being discharged today. The Condes are en route to Newton, Iowa, to visit their families.

John Baxter Feted at Birthday Dinner

Mrs. John P. Baxter surprised her husband recently with a dinner on his 68th birthday.

Guests from out of town included Mr. and Mrs. Arthur Baxter with their children, Gail and Michael, of Roseville; the Richard Baxters with their son, Harry, and daughter, Amy, from Oak Park; Mrs. Charles Rutherford, Pat McIntyre and Mrs. Baxter's 93-year-old father, Joseph McIntrye, all of Toronto, Ont.

Also invited for the birthday celebration were Mr. and Mrs. O. T. Baxter with their children, Bobby and Diane, Nadene Leach and Mr. and Mrs. Clarence Cavalier.

Gerry Bunce of North Saginaw street made a comical story teller at the "Circus Big Top" performance at Washington Junior High School Thursday. Other acts included puppet shows, pantomime, rhythm bands, acrobatics, dancing and singing. Gerry is from Baldwin playground.

Lois McIntyre Honored

Lois McIntyre, bride-elect of Robert Dodd, was honored recently with a crystal, china and silver shower at the home of Mrs. Harvey Kerr on Coleman drive. June Newcombe was cohostess.

* * *

Lois is the daughter of Mrs. Don McIntyre of Bronson and Robert is the son of Mrs. Edgar Dodd of Fourth avenue. Lois and Robert will be united in marriage Aug. 20 at 4 p.m. in the First Methodist Church.

Invited to the shower besides the mothers of the couple were the bride's grandmother, Mrs. Lollie Martin of Bronson; Mrs. Philip Miller, Mrs. Robert Pritchett, Joan McLain, Mrs. William Roualet, Mrs. Willard Sovey, Mrs. William Cheal, Mrs. Richard Benham, Mrs. Arthur Ellis and Mrs. Theodore Wiersema.

Others were Betty Bryan, Mrs. William Dabbs, Mrs. Edward Markham, Mrs. George Heenan, Mrs. Harry Bell, Mrs. Richard Ferris, Betty Giddings of Holly, Mrs. John Sandberg of Roseville and Mrs. George Fraser of St. Clair Shores.

Mrs. George Berz of South Lyon, Sally Passmore of Walled Lake, Mrs. Daryl Stevens of Battle Creek and Donna McIntyre of Washington, D. C., sister of the bride, were also guests.

A record number of 2,291,000 marriages took place in the United States in 1946.

It's really not a beard, but Diane Bowen of Homestead drive would like you to think so. She played the part of the "Bearded Lady" in the Parks and Recreation Dept. festival Thursday afternoon. Diane is a regular attendee of activities at Longfellow playground during the summer months.

Slightly amazed at her brother, Michael, in his clown outfit and all the activity on the Washington Junior High School grounds Thursday is little Jeanie Boga of Oneida road. Mike was one of the performers from Webster playground.

Keep Collars Crisp

Any accessory as showy as a white collar must be kept immaculate! Prominent as it seems, it's small enough to suds easily in the basin.

If you like your white collar stiff, let it dry after starching and then sprinkle it before ironing. A crisp white touch will keep you looking fresh and peppy even on the hottest day.

Centerpiece Is Disposed by Hostess

Not Permissible for Guest to Take Flowers

By EMILY POST

A very unusual question is asked by this wife: "My husband and I were invited to the wedding and reception of a relative recently. It was a sit-down dinner at small tables. There were 10 guests at each table, and in the middle of each table was a very pretty centerpiece of fresh flowers.

"When the reception was over I took the centerpiece home with me. It seemed a shame to leave it there either to be thrown out or taken home by one of the waiters. (The reception was at a hotel.) I have been severely criticized for this by several relatives. I would like to know if what I did was so terribly wrong?"

Answer: Disposal of the flowers was up to the hostess. Usually they are sent to a hospital.

"Dear Mrs. Post: Will you please tell me what to do when dining in a friend's house and you notice that a fork at your place is dirty? This happened to me the other evening and I was at a loss to know what to do without embarrassing my hostess. Is there a tactful way to handle a situation such as this one?"

Answer: I cannot imagine any hostess being so careless as to set a place at her table with a dirty fork. If this should happen I suppose that the guest would wipe off the tines on her napkin under the protection of the table's edge.

Scratches in dark woods often may be remedied with oil from a walnut, pecan, butternut or Brazil nut. Cut the nut in half and rub into the scratch.

Narrow strips of material cut with pinking shears make attractive hair bows to match children's dresses.

Stick With Former Steady if Interested

By ELIZABETH WOODWARD

"Dear Miss Woodward: I went steady with him for quite a long time, then we broke up and I didn't see him much. Now he comes over to my house quite frequently. I like him a lot and he tells me he likes me a lot, too. But I feel that he comes to my house just because he has nothing else to do.

"My mother says I'm foolish to put up with this. He talks about other girls, but I can see that's just to make me jealous. Should I leave things the way they are and wait until he changes, or just try and forget him?"

Answer: Nothing else to do but come over to see you often? You bet your sweet life he has plenty else to do! All those girls he talks about. He could be going over to see them or to see his boy friends. He has a home to stay in. He has plenty to do.

STICK WITH IT

He comes over to see you because he likes it at your house. He likes you, and he has for a long time. He enjoys being with you.

Maybe he hasn't broached the subject of going steady with him again. Maybe he doesn't want to go steady with anybody. Maybe he's waiting to see how your second round together will shape up. Maybe the indefiniteness of your relationship is what is teasing you into being restless and dissatisfied.

But why force yourself to try to forget a boy you like—a boy who apparently likes you? Stick with it. It will mean many a pleasant evening.

"Dear Miss Woodward: We've been going steady for over a year and we like each other very much; in fact, we're planning to be engaged next year and get married the year after that. The thing that bothers me is that I'm a couple of inches taller than he is, and I think people talk about us.

"The difference in our height doesn't bother him a bit, and he keeps telling me it should not bother me, either. If you were in my shoes, would you keep on with the marriage plans, or forget the whole thing?"

Answer: Quite frankly, the people whose possible talk is bothering you are all wrapped up in themselves, and not nearly as concerned with your height as you are. They'd be the first ones to say that your choice of a husband is your own affair, and any comments from them would be out of order.

If your friendship has deepened into love, and progressed to the point of making plans to marry, keep your eye on the main point—you're congenial and right for each other. It doesn't matter a hoot how certain people think you look together.

Serving ice cold punch and cookies at the YWCA open house Thursday were members of the grade school group. Assisting Mrs. Randolph Burns of Ogemaw road were Donna Carlson (left) of Voorheis road and Mrs. Burns' daughter, Pat. The open house for parents and friends closed the six-week YWCA Vacation Fun program.

Open House Concludes Vacation Fun

The YWCA Vacation Fun program closed Thursday with an open house for parents and friends. Approximately 60 people witnessed a skit depicting a day's activities at the YW and the awarding of certificates.

* * *

Lois Moore, counselor, awarded swimming certificates to Jeanette Abel, Pat Burns, Susan Bunker, Donna Carlson, Linda Crain, Arlene DeJager, Susie Everett, Brenda Edwards, Sharon Fowler, Jean Gabert, Judy Hillman and Gail Kimmel.

Sandra McIntyre, Darlene Magley, Gwendolyn Manning, Janet Minthorn, Barbara Moore, Wilma Moore, Nancy Newcomb, Barbara Spiess, Mary Julia Stoehr, Judy Tiberg, Emma Toler, Nedra White and Judy Whitmer were others.

Karen King, handicraft instructor, awarded certificates to Susie Everett, Sharon Fowler, Shirley Guthery, Vernita Hariskins, Sandra McIntyre, Gwendolyn Manning, Janet Minthorn, Nancy Newcomb, Mary Julia Stoehr, Sandre Taylor, Emma Toler and Nedra White.

Charm School certificates were presented by Irene Comps.

* * *

Refreshments, served by members of the grade school group, were supervised by Mrs. Carmi Odell and Betsy Comps. A tour of the YWCA building and a visit to the handicraft exhibit in the craft shop concluded the day's activities.

Fairway Club Attends Picnic

A picnic at the home of Mrs. Edward Pritchard on Riviera drive followed the weekly golf play of the Fairway Club Thursday.

Assisting with picnic arrangements were Mrs. Oswald L. Burke, Mrs. Gene Elkins, Mrs. Philip Sauer and Mrs. Harley Hyatt.

During the meeting Mrs. Burke, Mrs. Hyatt and Mrs. Elkins were appointed to serve on the nominating committee, and plans were made for the club's annual tournament beginning in August.

Good Office Manners Are Valuable

By ANNE HEYWOOD

"I wish you would say something about the value of good manners," a personnel director wrote me recently.

* * *

"I don't know why it is, but so many of the young people coming into business forget that manners are just as important in the office as they are in the ballroom—maybe more so. If they only realized! Their progress in the business world may be delayed just because their manners are so bad."

It's an interesting point, and a true one. If you want to get ahead in the job, better check and see if your manners pass muster. Here are some essentials:

Be punctual. This means getting to the office on time, every day. It means leaving for lunch when you're supposed to and getting back on time.

Say "Good morning" and "Good evening" and say it cheerfully.

SAY "PLEASE"

When you ask a favor, say "Please," and when people do something for you, say "Thank you." This is so basic, yet many people, in the rush and tension of a business day, overlook it entirely.

Be well groomed and don't use your desk for a dressing table!

If you take things from the file or borrow material from a co-worker, return it promptly and in good order.

Take telephone mesages pleasantly and accurately and write them down.

VOLUNTEER TO HELP

Be cooperative. When your work is finished, volunteer to help a busy coworker, but don't do it in a grudging manner.

Be trustworthy about confidences and stay away from gossip sessions. Many a girl has missed a big promotion, because her employer had good reason to suspect that everything she knew was discussed in the powder room!

Cream Adds Richness to Dessert

Mrs. W. Mecredy's Deep Dish Apple Pie Has Crisscross Top

By JANET ODELL
Pontiac Press Food Editor

Michigan apples are beginning to appear in the stores. The yellow Transparent and the Dutchess are excellent for pies and sauce. They would be just right for Mrs. William L. Mecredy's Deep Dish Apple Pie. It's a rich, filling dessert.

Mrs. Mecredy loves children and helps care for those in her neighborhood whenever possible. She likes to sew and to participate in a good game of pinochle. The only club she belongs to is the Maple Leaf Club.

DEEP DISH APPLE PIE
By Mrs. William L. Mecredy

1½ cups sugar
2 tablespoons flour
¼ teaspoon salt
Peeled and quartered apples
½ cup thick cream
Cinnamon
Rich pastry

Line a deep pan with rich pastry, saving some for over the top. Mix sugar, flour and salt and put half of this mixture in the bottom of the pan. Arrange the apples overlapping on this sugar mixture, filling the pan. Cover with the rest of the sugar and flour, add the cream. Sprinkle with cinnamon. Criss-cross pastry over the top.

Bake at 450 degrees for 10 minutes. Reduce heat to 350 and continue baking until apples are tender, about 30 minutes. Serve warm with a pitcher of cream that has been slightly sweetened. Serves 6.

Miscellaneous Shower Given for August Bride

A miscellaneous shower for Barbara Sarafinski was given Wednesday evening at the South Paddock street home of Mrs. Ted Sarafinski.

* * *

Barbara, the daughter of Mrs. Lucy Sarafinski of Homestead drive, will become the bride of Donald William Beacom, son of Mrs. Ovie Beacom and Donald Beacom, Aug. 20 in St. Vincent de Paul Church.

Guests included the mothers of the bridal couple, Mrs. Teresa Fisher and her daughter, Mrs. Mary Jane Busch, both of Detroit, Mrs L. Caswell, Mrs. Donna Linsenman, Mrs. Mary Gillespie, Mrs. E. Thornton, Mrs. E. Eicher, Mrs. F. Frye, Mrs. J. Wagner and daughter, Patricia, Mrs. Mary Stoner, Donna TerBush and Mrs. Elizabeth Murphy.

A mixture of half a pound of baking soda and a gallon of water makes an ideal solution for removing bugs from the windshield and finish of a car.

These separates are wonderful for a busy gal's wardrobe—they mix-match beautifully, eliminate weekend packing worries! Blouse with its graceful yokes, slim shorts, favorite 8-gore side button skirt—easy to sew, a joy to wear!

Pattern 4820: Misses' sizes 12, 14, 16, 18, 20. Size 16 blouse and shorts take 3⅛ yards 35-inch fabric; skirt takes 3¼ yards.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

His Boss Figured Out No. 20—Did You?

Bill, the grocery clerk, has a pretty good boss. When Bill arrived at work the next day, the boss smiled, explained he had figured out the note, said all was well—and charged Bill for what he took—plus a bottle of bleach which erased the key words.

* * *

The boss arrived at the correct wording in this way:

I'M BREAKING A STIFF RULE—that is, a rule rigidly enforced. The word STAFF, in the business world, more commonly refers to the executives of a firm. This would hardly include William, since we were told he was a clerk, nor does one usually think of grocery store employes as the STAFF.

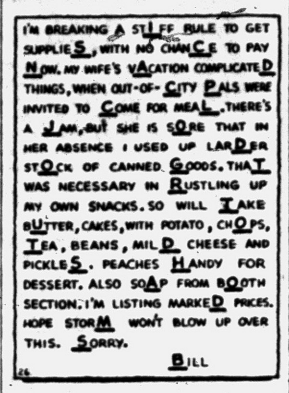

* * *

TO GET SUPPLIES (that is, the things he needed) WITH NO CHANCE TO PAY NOW—SUPPLIES is a more natural word for him to use here, rather than SUPPLIED. Even if he had the CHANGE TO PAY NOW, and the story clues said that he didn't, there would be no place to put the money, as the cash register would undoubtedly be locked up over night. So NO CHANCE TO PAY NOW is right, and the last word is not HOW in connection with his wife's doings.

MY WIFE'S VACATION COMPLICATED THINGS—The story clues told that his wife had been off on a two weeks' trip, undoubtedly her VACATION which she had not been able to synchronize with her husband's time off from the store. So her VACATION, and the belated return also mentioned in the story clues, COMPLICATED THINGS, especially on account of the dinner invitation. VOCATION, an unlikely word for William to use to describe his wife's social work, would not fit so well here.

WHEN OUT-OF-CITY PALS WERE INVITED TO COME FOR MEAL—This explains their dinner invitation problem. If their friends were OUT-OF-CITY, they are probably already on their way, and the dinner can't be postponed to a more convenient date. OUT OF PITY would not fit the situation so well, and PALS is more likely than GALS. TO COME FOR MEAL makes their food problem more definite than TO HOME, and INVITED TO COME is a more suitable phrase for an invitation. The MEAL is the crux of the problem, so it is not FOR MEAT, THERE'S A HAM.

THERE'S A JAM—A JAM, of course, is William's slang way of stating the difficulty. It was evident from the story clues that the two had a good deal of argument about what to do in the JAM. So the message goes on BUT SHE IS SORE THAT IN HER ABSENCE I USED UP LARDER STOCK OF CANNED GOODS. SORE is a better description of the insistent wife than SURE would be. The story clues mentioned an emergency shelf of supplies in the kitchen. This, of course, would be the LARDER STOCK OF CANNED GOODS, a STOCK OF CANNED GOODS being the conventional phrase for emergency supplies, rather than a STACK OF CANNED FOODS. If he had just used up a LARGER STACK of these extra supplies THAN WAS NECESSARY, there would not be so strong an implication of a bare cupboard.

* * *

Instead, William justifies himself with the statement THAT WAS NECESSARY, IN RUSTLING UP MY OWN SNACKS—RUSTLING UP has the slangy connotation of foraging around for food. HUSTLING, which might be used in this connection, is not usually followed by UP.

Then comes the itemized list of things the clerk is taking from the store. SO WILL TAKE BUTTER, CAKES—this is much more likely than WILL MAKE BATTER or BUTTER CAKES. BUTTER is logical; William has been "baching" it for two weeks, and there is probably only a dab of butter or margarine left at home, not enough for extra people. The list goes on WITH POTATO, CHOPS, TEA, BEANS, MILD CHEESE AND PICKLES. CHOPS, easy and quick to cook, would be fine for the meat course, since there is no HAM, as mentioned previously. Therefore it is not POTATO CHIPS. TEA, BEANS is a more likely listing than PEA BEANS, for this delicious vegetable is not sold in markets because it does not keep so well, must be eaten as soon as picked. The mention of TEA, which will supply the beverage, rules out MILK, and gives us MILD CHEESE as a good addition to the meal. PICKLES would also make an obvious side dish for the meal, more so than PICKLED PEACHES. The PEACHES will be HANDY FOR DESSERT; they may even be frozen ones to go with the CAKES. They're HANDY because no preparation is necessary, so the word is not DANDY. CANDY, of course, is more of a between-meal sweet.

* * *

ALSO SOAP FROM BOOTH SECTION — Many food stores keep their household and laundry supplies in a sort of alcove in the rear or at the side. If the housewife has been away for two weeks, the soap supply might be down to a sliver. The clue that this is not SOUP FROM BROTH SECTION lies in the broken bottle of laundry bleach mentioned in the story clues.

I'M LISTING MARKED PRICES—In keeping careful record of what he owes, a super-market clerk would think in terms of the prices. MARKED on each object, and not of MARKET prices. Of course, as an employe, he may get a discount on the sum total.

* * *

HOPE STORM WON'T BLOW UP OVER THIS. SORRY—The clerk is worried about getting into trouble, so STORM is better than STORE here. Actually, it's the boss who might BLOW UP, and not the STORE. SORRY is his apology for breaking the rules, and fits better than WORRY. In the latter case, the word would have been WORRIED.

The nickname for William may be either BILL or WILL, but in the context of the story, the appropriate signature for a man who owes money is BILL.

Hand 25-Year Term to WW II Deserter

NEW YORK (AP)—A World War II Army deserter — who changed his name, raised a family and founded a thriving business — has been sentenced to 25 years at hard labor by a court-martial.

The penalty, imposed yesterday after Arthur Athans, 35, Falconer, N.Y., pleaded guilty, is subject to automatic review.

Athans's wife, Marjorie, who took their five children with her to the court-martial on Governors Island, tearfully told the board: "You couldn't ask for a better husband."

* * *

She married the ex-soldier in 1946, and has said she knew nothing of his desertion until his arrest last May.

Approximately 600 friends of the family petitioned the court-martial for leniency.

The deserter, who took the name of Joseph Trainer, operated a successful automobile agency near Jamestown in upstate New York for five years. Then military police got on his trail in some unexplained manner.

Cancer Society May Get Funds

Says Possible Offer of $100,000 From State Group Likely

ANN ARBOR (AP) — Additional funds of up to $100,000 a year may be provided for cancer research by action of the Michigan Division of the American Cancer Society.

The State Executive Committee today notified individual county units that they may divert local funds if they wish to the Cancer Foundation at the University of Michigan Kresge Medical Research Building.

The University now gets a grant of $20,000 a year from the American Cancer Society, Dr. A. C. Furstenberg, dean of the Medical School, said the additional funds will permit the research program "to go forward in a vigorous and aggressive manner."

At present county units turn over 50 per cent of their funds, made up of contributions and collections, to the national society and retain 40 per cent for local use. The remaining 10 per cent goes to the state division.

The society said Wayne County is not included in the diversion plan. Its research funds go to the Detroit Institute of Cancer Research which is alloted $250,000 from the national group for its program.

Wounded Parrot Being Treated by Trio of Vets

MOBILE, Ala. (AP) — Sam the wounded parrot is getting devoted attention from three veterinarians who hope to return him alive and well to his unhappy 9-year-old mistress.

The vets say that he has a 50-50 chance to recover from gunshot wounds suffered when he played hookey while Patricia Doyle was in a hospital. The parrot was mistaken for a chicken hawk.

Patricia knows Sam escaped but not that he has been wounded. She is being shielded from the news while recovering from an operation for a chronic leg condition. Her mother Mrs. Julian Doyle said:

* * *

"It hurt her so much when he left that we don't want to build her up and then — well, have something else happen."

Sam flew away while Pat's father was giving him his daily airing Sunday. A boy shot him, discovered his mistake and began treating the parrot's mangled wing and injured chest.

The youngster wept when he read a newspaper story about Pat's unhappiness and carried Sam home.

GMTC 'Baking' Own Parts Here

By ARNOLD S. HIRSCH

To meet the needs of modern bus construction, GMC Truck & Coach Division is "baking" many of its own parts in a new aluminum extrusion foundry.

Don't let the word "extrusion" throw you. Mrs. Housewife "extrudes" everytime she uses a cookie press to make heart-or flower-shaped goodies.

In GMTC's case, the "dough" is a cylinder-shaped chunk of aluminum forced under tremendous pressure through a slotted disc known as a die.

The resulting "goody" may be any one of the 250 aluminum parts used either structurally or for trim purposes on the buses turned out at the South boulevard plant.

Since the foundry was put into operation last September, a million and a half pounds of aluminum have been run through its furnaces, extruding devices and stretchers, according to F. R. Falberg, factory manager.

STARTS IN FURNACES

The process starts in gas-fired furnaces capable of heating 18,000 pounds of raw aluminum and aluminum scrap to temperatures of 1,350 degrees. After bubbling there, the molten aluminum "batter" is poured into molds which make ingots 10 feet long by 7 inches round.

In a second furnace, the log-like ingots are baked for 20 hours at 950 degrees. This second process homogenizes the ingots, making uniform grain structure throughout, explains Robert Bailey, metallurgist.

After the slow-baking step, the cooled ingots are cut into lengths of roughly 28 inches, then are heated again in preparation for extrusion.

The short sections, called billets, are placed in a 2,200-pound extrusion press where a ram forces the soft aluminum through a die. And what is a squat 28-inch billet when it enters the press comes out in lengths ranging from 15 to 80 feet.

WAVY SECTIONS

The extruded sections are wavy when they come out of the press and so are placed on a stretching machine, which has jaws on each end. The powerful stretcher lengthens the piece one inch for every seven feet of original length while making the section arrow straight.

Final processing comes in a 350-degree aging oven in which both structural and trim extrusions are parked for eight hours.

Later, the finished extrusions are cut to size. The aluminum parts range from tiny trim molds measuring ½ by ⅛ inch to heavy structural angle pieces measuring 6½ by 5-16 inches.

SAVES PRODUCTION TIME

According to Falberg, GMTC established the foundry for several reasons, including economy. But along with the savings realized by producing its own aluminum parts, the division also gains by not losing valuable production time when new extruded parts are needed, he says.

The importance of aluminum parts in the production of the coaches is emphasized by the fact that up to 85 per cent aluminum parts are used in the bodies.

This means a one-third reduction in bus weight compared to all-steel construction and permits such modern designs as the Scenicruiser.

GMTC is the only General Motors division with its own aluminum extrusion plant, mainly because it is only in buses that extruded parts are now used. Steel is still much cheaper for general purposes, Falberg points out.

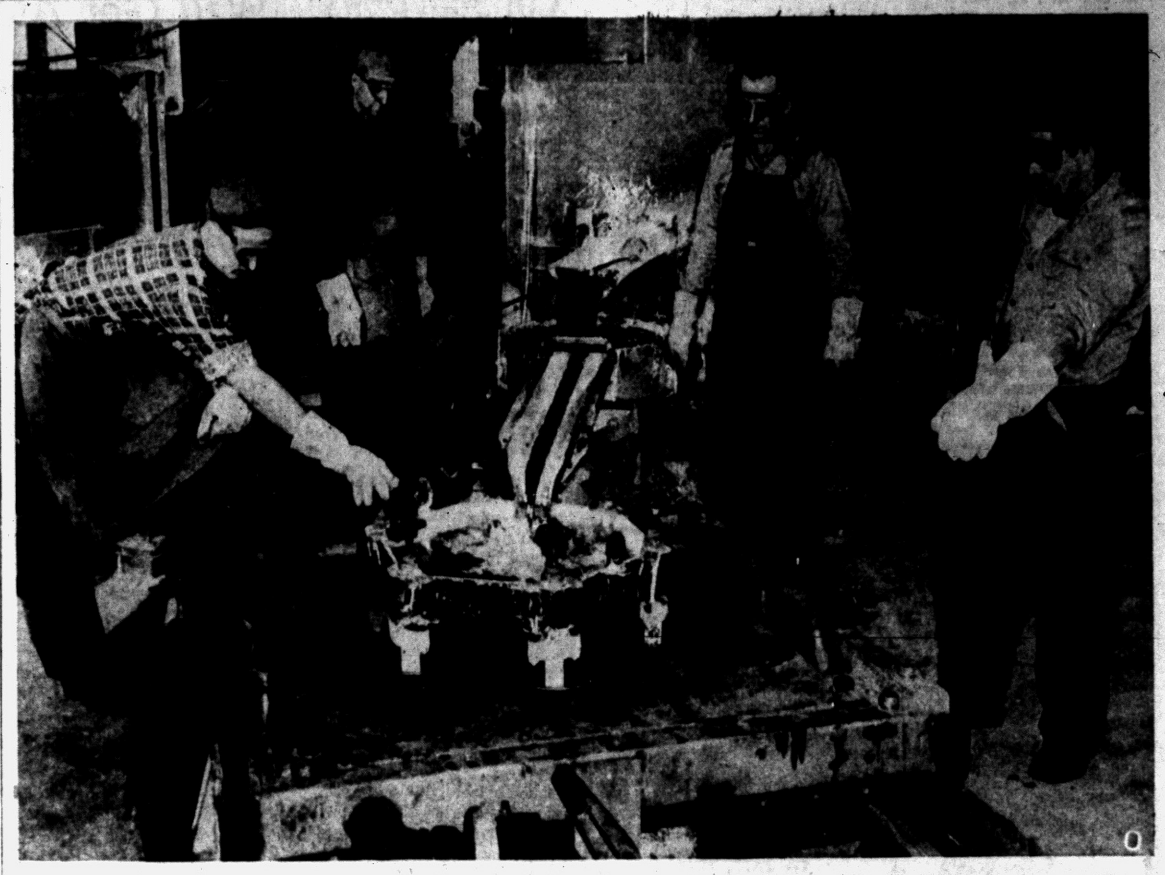

PRODUCE ALUMINUM PARTS — Two of the 15 employes at GMC Truck & Coach Division's aluminum extrusion foundry (top photo) guide an extrusion as it emerges from a disc-shaped die. The men are James H. Stuart and Joseph E. Boone. Below, H. B. Ford (left) and Judge E. McCall (right rear) raise a load of extrusions from the heat treating dip tank. Note the life preserver next to the 34-foot deep tank.

Water Safety in a Foundry?

Looking out of place in a giant industrial plant are the two life preservers mounted beside the dip tank at GMC Truck & Coach Division's aluminum extrusion foundry.

The 34-foot deep tank, into which the long extrusions are dipped before being heat treated, contains only soft water. A fall into it wouldn't be dangerous — unless the person dunked couldn't swim, thus the preservers.

Nobody's fallen in yet.

POUR MOLTEN 'BATTER' — GMTC employes M. D. Leinonen, Earl Gordon, Nathan Heard and Frank Ellis pour super-heated aluminum from a 1,350-degree furnace into six cylindrical molds. The molten metal is water cooled at the rate of four inches per minute as the mold is lowered beneath the floor. When totally cooled, the aluminum will be in the form of 10-foot "logs."

New Methods Have Industrialized Farms

By JOE HAAS

Many of us do not realize or appreciate the fact that modern methods have had as much effect on agriculture as on our industrial life.

In fact, in this highly industrialized area our farmers could not continue in business were it not that their occupation had become industrialized. They never could compete with the wages paid in factories.

HAAS

It is a far cry from the days of the hand grain cradle, scythe and flail, the hand cultivator, the rib cracking plow handles, the horse drawn harrow and drag, the corn sickle whose driving power was a muscular wrist and whose chief accessories were the sore arms and neck in their close communion with the corn leaves.

COME A LONG WAY

We've come a long ways from pump handle milking, when the family cat watched for a squirt in her direction, and we buried in the foaming milk any particles of dry manure and other foreign substances that fell from the cow's side into the milk pail.

Or if the cow was temperamental and didn't like our touch, and put her foot into the pail, and which we helped her to extricate, and then went forward with the job, without wasting any of the milk that had been her foot bath.

Or when we "haired" the butter that was the product of the hand dasher churn, from cream that our wife or mother had skimmed by hand from pans of milk spread out in the cellar. This was done by dragging a table fork through the fresh butter to catch any cow hairs that had eluded previous detection.

The hand-operated harvesting tools were driven out by the grain reaper, which met its fate at the hands of the binder which now succumbs to the combine.

The old fashioned harrow and drag game way to the cultipacker and disker. The corn binder displaced the sickle. The milking machine snuggled up to the cows—and they liked it. The cream separator put the milk pan and dasher churn out of business. And the silo put green feed on the year round cattle menu.

FARMER INDUSTRIALIZED

Yes, the farmer is industrialized to such an extent that one man now can do, without back breaking toil, the same work (and do it better) than did fourteen of his forefathers.

Where he once produced only enough to feed himself and four others, he now produces enough to feed twenty others—and feed them better, while grabbing off the cream of the crop for himself.

Don't feel sorry for the farmer. He doesn't want your sympathy, and isn't entitled to it.

All he wants is a price for his product that will render him a living wage, and something for the lack of that rainy day that causes his crops to fail.

In spite of what he may tell you, he usually gets what he wants —and with some to spare. He has his proportion of government securities and stocks and bonds. Did you ever notice the balances in the so-called rural banks?

His wife may lack the lipstick and rouge of some city dames, but graces her home better than most of them do, and is a better cooperative mixer in her neighborhood.

His children go to the best schools in the world, and keep the town kids on their toes when competing for the top class positions.

The farmer works in nature's atmosphere that approaches the ideal. His field of operation is air conditioned. In his home he has every modern convenience that city folks enjoy. He lacks the inconveniences that plague us in town.

He may have troubles getting hired help in such an industrial competitive wage market as we have in the Pontiac area. But he fully realizes himself that he is a specialist, when a city-bred man comes out and tries to help him. Then he appreciates ignorance.

In this and other ways he has a lot of fun in laughing up his sleeve —and often right out loud—at most of us when it comes to even a remote knowledge of the occupation of the man who feeds us, clothes us, and really supports us.

Drive to Limit Peacetime Income Taxes Near Fulfillment, Says Western Council

Taxpayers, take heart.

The Western Tax Council says the drive to limit peacetime federal income taxes is "close to fulfillment."

The council seeks to have a limit imposed on income taxes through adoption of a constitutional amendment.

To accomplish this, 32, or two-thirds of the 48 states must petition Congress to draft such an amendment.

Last month, Oklahoma became the 30th state to make such a demand.

"Only two more states to go, and Congress will have to act," said Frank E. Packard, executive director of the tax council.

Packard said the proposed amendment would limit income taxes in peacetime to a top rate of between 25 and 35 per cent, compared with the current top of 91 per cent.

All lesser rates would be scaled down proportionately, he said, with a minimum rate of about 5 per cent. The minimum now is 20 per cent.

* * *

Oklahoma's legislature voted to petition Congress for the amendment May 23.

If two more states follow suit, Congress then must call a constitutional convention to propose the amendment.

The amendment then must be ratified by 36 state legislatures or state conventions to become law.

* * *

"A ceiling on federal tax rates is in the American tradition," Packard said.

"The constitutions of 17 states limit the state taxing power, and 43 states limit the right to borrow."

Packard said all local governments, by law or charter, operate under restrictions limiting their taxing power.

"Only the federal taxing powers are boundless," he said.

* * *

"Washington could legally tax all citizens up to 100 per cent of their income today, and there is nothing they could do about it."

The 30 states that have joined the movement thus far are Alabama, Arkansas, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Massachusetts, Michigan, Mississippi, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, Oklahoma, Pennsylvania, Rhode Island, South Dakota, Texas, Utah, Virginia, Wisconsin and Wyoming.

Alcoholism Is Acute Problem

There is an easy way to rid yourself of problems — be an alcoholic.

However, once the need for alcohol becomes compulsory, other more serious problems will arise.

Along with loss of social responsibility will come financial difficulties, job insecurity, physical pain — and your family will be miserable.

Many professional and lay people are studying the problem of alcoholism. The cause, treatment, and rehabilitation of an alcoholic is an involved and delicate process. The public has many misconceptions about why a man or woman flees from day-to-day reality to drunkeness.

ATTENDS YALE SCHOOL

Recently returned from the Yale School of Alcohol Studies in New Haven, Conn. is Mrs. Mary Burrell, supervising nurse at the Pontiac Health Department.

She was selected as one of the 21 nurses, doctors, ministers and Michigan psychiatrists to attend the four-week school, which dealt with all the factors of the disease.

The purpose of the studies was to educate 193 persons from the U. S. and five foreign countries with a comprehensive examination of the disease. Lectures, movies and seminars were included in the program.

What makes an alcoholic? Contrary to common belief, someone afflicted with the disease is not necessarily a "weak" person, Mrs. Burrell said.

Alcoholism knows no economic or social boundries.

'FAMILY DISEASE'

It is known as a "family disease," for it effects the whole social strata in which the alcoholic lives, as well as himself.

Statistics show that about one of every five known alcoholics is a woman.

"Once an alcoholic realizes he has a serious problem and brings his trouble into the open by consulting proper authorities, he and his family are quickly relieved of some tension," Mrs. Burrell said.

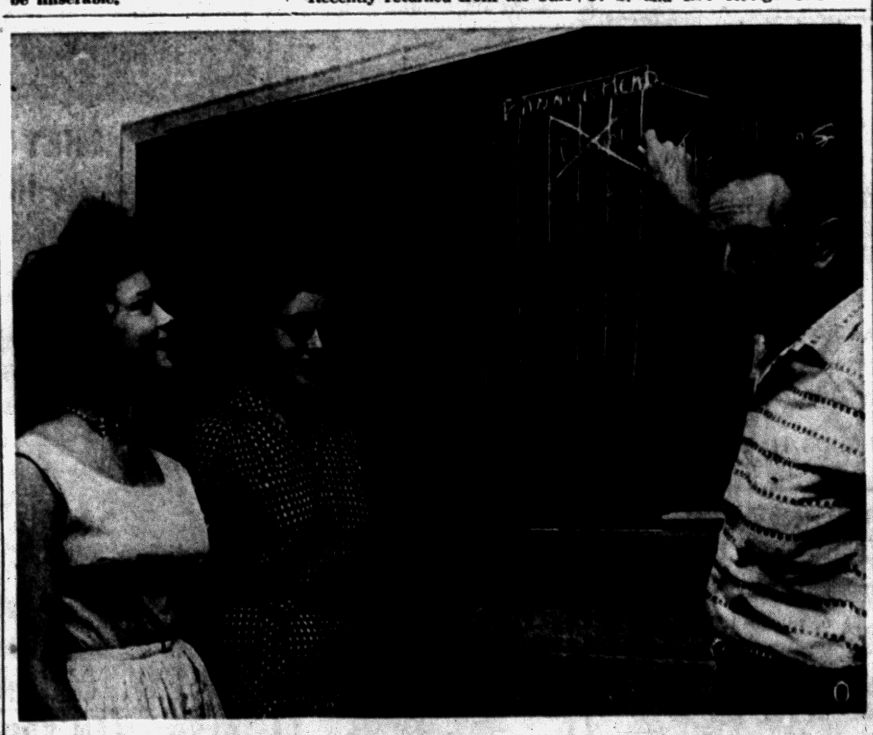

Hiding or excusing the situation is no remedy, and there is no short cuts to rehabilitation. The alcoholic must be convinced that drink for him means an unhappy, impossible way of life.

The statement that "once an alcoholic, always an alcoholic" is indeed true, but not as somber as it sounds, Mrs. Burrell explained.

NEVER CURED

"After continual treatments, a man or woman may return to sobriety but they are really never cured. Usually, if they try to test their resistence by taking a drink or two, they fall right into the disease again," she said.

A clinical approach to the problem is being accepted by many states. In this area, besides the local health department and the Alcoholoics Anonymous, the Detroit Committee on Alcoholism also is prepared to give help.

ATTEND WORKSHOP—Two Pontiac High School students are attending a publications staff workshop at the University of Michigan's Department of Journalism. Shown above, left to right, are Judy Lou Elwell, 221 Dick Ave., and Sharon Holland, 117 E. Iroquois Rd., and Robert Beauchamp, PHS instructor who is acting as workshop counselor.

Cornell Backs Car Seat Belts

University Proves That They Would Prevent Deaths, Injuries

NEW YORK (UP) — You're going to hear more and more about putting seat belts in automobiles for safety's sake, just as there are seat belts in airliners for the same reason and which everyone uses without question.

Cornell University has launched a campaign to bring them into general use in cars, under the slogan: "For safer motoring, fasten seat belts."

The idea is that they should be in every car and should be fastened around all passengers any time the car is in motion.

Through its aeronautical laboratory, the university developed scientific proof that a very high percentage of the people killed or injured in automobile accidents, probably wouldn't have been even hurt if they had been buckled into their cars with belts.

The contention of the Cornell experts and other safety engineers is that motorists and their passengers will think no more of fastening a seat belt around themselves than airplane passengers do — once they have them in their cars and once they get accustomed to having them there.

Governor's Appointee to Study Unemployment

LANSING (AP)—Gov. Williams has appointed O. K. Fjetland, director of employment for the State Employment Security Commission, to be chairman of his special committee studying future employment possibilities for the Mackinac Straits Ferry Employes.

The Governor appointed Thomas J. Fagan of Lansing, personnel director of Motor Wheel Corp., to the committee to replace A. A. Hendrix, General Motors Personnel Director, who declined appointment.

The committee is to study job possibilities for the ferry employes whose work will end when the Straits bridge is completed two years from now.

Falls 20 Inches, Breaks Knee, Leg in 4 Places

LANSING (AP)—George J. Burke of Howell, business manager of the State Liquor Control Commission and formerly its chairman, paid a heavy price for a good deed.

His office said he fell 20 inches from the bottom rung of a ladder and broke his kneecap and his left leg in four places. The office said he was taken to St. Joseph Hospital at Ann Arbor where he will undergo surgery next month.

Far Eastern Debut

U.S. Forces on Okinawa Will Get Atomic Cannons

WASHINGTON (AP)—Atomic cannons are being added to the weapons of American forces garrisoning the Asiatic island of Okinawa, it was learned today.

The first of the 280mm guns, capable of firing either conventional or atomic shells, will be landed on the island within a few days.

* * *

Batteries of the huge guns have been in Europe for more than a year. The guns being sent to Okinawa, however, are the first to go to the Far East.

The atomic cannon, using its full size shell of slightly over 11 inches in diameter, has an accurate range of about 20 miles. Using a smaller shell, fired in the 280mm bore, it can range out to about 30 miles.

* * *

The atomic cannon, mounted on a base slung between two power tractors, can be transported in large landing craft.

It would be possible for instance, in event of Chinese Communist attack in the Far East, to transport these cannon to beachheads on the mainland 90 miles away for use in support of landing forces and bombardment of tactical targets.

Despite its 80-ton weight, the gun and carriage can move over average roads or across fields.

The Army is believed to have at least 50 of the guns. Six battalions, or 36 guns, are in Europe. The Army proof-fired an atomic cannon at the Nevada atomic weapons proving ground two years ago.

Grade School Touter Knows His Bangtails

AUCKLAND, N.Z. (INS)—An elementary school pupil has put in his bid for the "student most likely to succeed."

The story came out at a parent-teachers meeting in Auckland. The schoolboy advised his teachers to "put his shirt" on a certain "daily double."

The lad came back a few days later and disclosed he himself had won $760. The horse lover-student presented every kid in the class with a fountain pen and gave the with afountain pen and gave the teacher a pen and pencil set.

Suggest Nixon Go to Moscow

2 Solons Want to Invite Top Soviets to U.S. for Reciprocal Visit

WASHINGTON (AP)—Sens. Aiken (R-Vt) and Sparkman (D-Fla) have suggested that top Soviet leaders be invited to the United States and that Vice President Nixon be sent on a reciprocal visit to Russia.

The two members of the Senate Foreign Relations Committee made these proposals after President Eisenhower told a news conference this week that exchange visits "throughout the whole echelons of government" had been discussed informally at the Geneva Big Four conference. Eisenhower added that no definite invitations were issued.

Aiken noted that Prime Minister Eden had announced in London that Soviet Premier Nikolai Bulganin and Communist party chief Nikita S. Khrushchev will visit Britain next spring.

Sparkman said in a separate interview he would "look with favor on any decision our government might make about sending either Vice President Nixon or Secretary of State Dulles to Russia."

It was learned at the State Department, meanwhile, that officials have begun to work on plans for an expanded exchange of Russian-American visitors.

Russia has denounced this requirement in the past. Moscow canceled a proposed U.S. visit by a group of student editors rather than allow them to be fingerprinted.

Hollywood Headlines

Joseph Cotten Signs Up for TV and Movie Stints

(While Louella Parsons in on vacation her column will be written by Dorothy Manners.)

By DOROTHY MANNERS

HOLLYWOOD (INS) — Bright and early this morning, Joseph Cotton signed two important contracts with 20th Century-Fox. First, he will serve as master of ceremonies on the 20th Century-Fox TV hour.

Cotten's other contract calls for one picture a year. And you can just make a smart bet that the first one will be "Anastasia." It's as good as set for Joe to play the ambassador in the movie version of the Broadway hits for which Darryl Zanuck paid a hot half-million dollars.

NEWS FOR 'HI FI SET'

One of my "hep chick" friends tells me I'm old-fashioned referring to her contemporaries as "bobbysoxers." The new term is "hi fi set," so may I say that the hi fi set should be delighted that Tab Hunter, their current honey, achieves fulls stardom in "The Girl He Left Behind" for Warners.

Producer Frank Rosenberg has brought Marion Hargrove here from New York to write the script which is about the peacetime draft.

GARY GOING TO VEGAS

Gary Crosby is taking his entire CBS radio show, "The Gary Crosby Show," to Las Vegas to headline at the New Frontier Hotel for three weeks starting in November, and this time I hope he doesn't bother to deny he's Las Vegas-bound as the contracts are signed.

If Gary has his way, Peggy King, the cute and fast-rising singer on George Gobel's TV show, will be his featured gal vocalist. It takes a bit of doing as Peggy appears each Saturday on Gobel's program.

They hope to work it out by flying Peggy in for the TV show and then back to Las Vegas for the rest of the week.

INSPIRED BY HILTON

Before Marion and Joe Fields took off for London for the opening of his "Anniversary Waltz" (he also wrote "Wonderful Town") he called to say he's working on a new musical under the temporary title, "Istanbul for Free."

"It's about a planeload of Hollywood stars and newspaper people invited to attend the opening of a hotel in Istanbul, and if you're drawing your own conclusions about a certain recent junket, I can't help it," said Joe.

This is the second story this week seemingly inspired by Conrad Hilton and his hostelries. Another Joe, last name Pasternak, has "10,000 Bedrooms" coming up, also about a chain of hotels.

ARE THEY MADE UP?

Hollywood in shorts: Aren't Rhonda Fleming and Dr. Lew Morrill quietly but definitely reconciled?

It was good to see Charlie Morrison looking so well and suntanned at the Bel Air Hotel pool the other "brunch" time. Charlie hasn't yet made a trip to his Mocambo nightery but he's delighted over the business Edith Piaf is doing.

Bill Haines is hosting a black-tie wingding at Romanoff's the night of Aug. 13 for the honeymooning Joan Crawford and Al Steele by way of welcoming them back to Hollywood.

Move over Janet Leigh. Ann Sothern is the latest to go into the dress business with a line of "Ann Sothern Evening Gowns" patterned after the clothes she wears in her nightclub act—but cheaper. She also has her "Private Secretary" line of clothes.

Low Cost Auto Battle Sharpens

Pontiac 860 and Other Stripped Models Cause Competitors Concern

DETROIT (AP) — Ward's Automotive Reports says in its current issue:

"The low and medium priced car sales battle is getting a new razor-like edge that could mean continued bargains for the '56 car buyer.

"Ford, Chevrolet, Plymouth cars and other similarly priced will introduce 4-door hardtop sedans powered by sixes and V-8's for the new year — and maybe at a slight advantage.

"Medium priced makes will have them, too. But in some cases they will be absent from a producer's lowest priced line.

"In return, a leading medium priced car will counter with introduction of a stripped down series. Another will retain its six-cylinder line.

"Evidently both companies have Pontiac in mind. It introduced the 860, its lowest priced line, this year and has accorded it a favorable 23.8 per cent of the total production since Jan. 1.

SELLING BOOM

"However, all cars in this price class will have to contend with sharply increased V-8 capacity at both Plymouth and Chevrolet. At Ford, running near 85 per cent V-8's this year, the chrome hoop that runs across the roof has definitely put Fairlane sales in halo category and reportedly will be retained as a styling feature for '56.

"Currently these giants are enjoying a midyear selling boom which in April-June gave them their first 1,000,000-unit quarterly sales of all time.

Girls Adopt Starlings and Teach Them Tricks

ROANOKE, Va. (AP)—The starling, a European import, often is regarded as a nuisance in America, but not everywhere.

Yvonne Worrell, 10, and Karen Rosendahl, 11, adopted two young birds which fell out of a nest. The starlings eat from their hands.

Find Bit of Old Italy Here

Garden Grows in City Yard

Vines, Tied to Poles, Reach Skyward to Get Their Sunshine

A veritable "Jack's Beanstalk" had been reported growing in the yard of the Ross Aquino residence at 21 Clarence St., and your Press reporter walked into the garden there to find not only a 20 foot beanstalk, but a bit of old Italy.

Mrs. Aquino stood beside the huge beanstalk which was strung on a pole and towered nearly 15 feet above her head.

So dense and so tall was the vegetation in the garden which covered nearly two-thirds of the regular-sized residential lot that the photographer was unable to get in a spot where he could take a full-length shot of the huge vine.

The Aquino garden, which is weedless because of the daily attention it gets from Aquino, is bordered by a very healthy looking, narrow row of squash vines.

All the rows in the garden, containing beans, tomatoes, lettuce and other vegetables are very narrow. The plants, even the tomatoes, strung on poles, climb toward the sky for their sunlight.

And speaking of tomatoes, Mrs. Aquino was picking them, red and ripe, from their garden.

Every spot in the little lot was utilized for plant life, and in the corners around the porch of the spick and span house were flowers.

Aquino, who works in a Pontiac plant, has the seeds for his garden sent to him from Italy.

As we turned to leave the shady spot with its luxuriant growth of vegetables, Mrs. Aquino, in true old-country hospitality, proffered refreshment including delicious-looking homemade cakes.

Say the neighbors of the Aquinos: "They're very good-hearted people, always sharing fresh produce from their garden with friends and neighbors!"

Protect Trees Against Borer

These Insects Attack After Tree Is Weakened by Drought or Heat

You can wrap some of your tree troubles in an old burlap bag. The bag is one to be torn into strips for wrapping around pet trees to borer attacks. Secondary borers borer attacts. Secondary borers are those insects that attack and gain entry in trees usually weakened by severe drought and searing heat of several past seasons.

F. R. Lancaster, entomologist and technical adviser for a tree expert company says burlap wrapping saturated with chemical protectors offer a barrier against the ruthless pests.

Trunks and limbs should be wrapped as high as you can go safely. Five or six tablespoons of wettable DDT powder or lindane, or a combination of both, in a bucketful of water make good repellents.

The poison can be applied on wrapped trunks and limbs with a paint brush or with the trusty spray gun.

Neither the wrappings nor the poisons supplant good tree care practices as the answer to the borer problem. Prevention is the best method of borer control.

This means trees kept in good health and growing vigor are less likely to become victims of borer fifth columnists. Pruning, feeding, spraying against leaf eaters and adequate watering help build up trees' resistance to invasion.

Vacation-Bound

Don't Let Your Garden Wilt While You Play

By ALBERT S. FULLING

So you're going on vacation?

Your garden isn't. It is in full production of everything you planted — and a lot you haven't.

The work has been hard in preparing the garden. You've made the soil ready, planted seeds, watered it in dry times, weeded a bit — done all of the chores up to the holiday.

Then you plan to take off for a week, two, three or four or more.

You wouldn't leave your office, factory or business without making plans for keeping things running efficiently, so let's outline a step - by - step routine to spare your garden a vacation daze.

1—Make sure tthat you have thinned all your plantings to the prescribed distance apart.

2—Weed the vegetables and flower beds thoroughly.

3—Apply fertilizer between rows. A Dutch hoe is good for tthis. Cover the fertilizer well with the turned up soil. You not only are fertilizing, but you are cultivating at the same time.

4—Water in everything well with seeper for deep mosture.

5—Apply a mulch. This can be about two inches of garden peat moss, well- soaked first, grass clippings or the closest available mulch supply in your area.

6—Give all the plantings a good spraying of all purpose insecticide and fungicide — or of your garden supplies allow, use special sprays for your flowers, roses or vegetable plantings.

7—Go ahead and have a good time.

But:

If your vacation is prolonged, say three or four weeks, get together with a neighbor. Make a deal. He'll be going on vacation too, in the course of things. Ask him to cut the flowers for his own use or for the nearest hospital or sick persons in the area — and also to use the vegetables when ripe.

You can assure him you'll do the same while he's away.

You'll also have to make an arrangement with someone to mow your lawn once a week. Many a high school boy or college youth on vacation will be glad to perform the task regularly for a modest fee. If you are really loaded with coin, you can hire a landscaping firm to do it.

The Question Box

Q—Foliar feeding has been suggested as a means of increasing our vegetable crops. What is your opinion?

A—A four-year-study of complete liquid fertilizers at the Ohio State Agricultural Experiment Station showed that crop yields were not significantly increased by foliar feeding. The experiments showed that it was not a practical substitute or supplement to the usual soil fertilizing practices — and it was more costly.

* * *

Q—Will the fruit on a peach tree be contaminated because the bark was cut through by the copper wire of a plant label?

A— The copper wire would not poison the fruit for eating purposes. The worst it could do would be to kill, by strangling, the branch on which it was fastened.

* * *

Q—The leaves on my Blaze climbing rose are infected with some leaf spot disease and also are being eaten by some insect. Can you recommend a spray for both troubles?

A—Any all-purpose rose dust or spray containing captan for the leaf spotting and malathion or methoxychlor for the leaf eater will do the trick. Apply weekly and immediately after each rain.

* * *

Q—What went wrong? Sowed top-grade tomato seed in a well fertilized soil. Watered frequently. Results: only a few straggly plants.

A—It is unwise to use a fertilized soil as a seed bed. Seed germinates best in a sandy humusy unfertilized soil kept moderately moist. Shading is necessary only until the seedlings are an inch high. Fertilizer is mixed with the soil when the seedlings are transplanted.

Rid Lawn of Crab Grass Before It Goes to Seed

Crabgrass shows its toughest face in the summer when better grasses are slowed down by the heat.

To get it out of the lawn, the August issue of a garden magazine suggests killing it with a spray before it goes to seed. If not, it will be back in force next spring.

New Orchard Grows From Old One

(P) Newsfeatures

GRAY, Maine — There's a new apple orchard growing right out of an old one here.

It's Everett W. Bartlett's sawed-off, stump-grafted orchard.

Bartlett bought the half-century old property as a hobby in 1947 and several years later began a rejuvenating project.

He sawed off 60 old and weary Ben Davis apple trees at the trunks. Then he grafted scions of Gravenstein, McIntosh and Cortland varieties into the cambium layer of the stumps. The new growth this year averages 15 to 18 feet tall.

Bartlett explains that by utilizing the massive root systems of the old trees he's getting a crop twice as fast as if he had set out new trees.

Last year these stump trees averaged nearly a bushel each. He expects three bushels this fall and 20 bushels within five years.

No novice at grafting is Bartlett, 61. He was taught the art by his late father, Everett N. Bartlett, a Winterport orchardist. At the age of 16 he earned $10 a day grafting trees for his neighbors.

RENEWED — Everett Bartlett and one of his new-old trees.

Observe 5 Rules in Garden Care to Lighten Chore

By HENRY PREE

Summer care of the garden need not be much of a chore if one observes certain requirements.

First comes regular spraying or dusting to control insect pests and diseases. Second is feeding with a complete fertilizer. Third comes watering, followed by pruning, cultivation and mulching in any order you choose.

Spraying or dusting for the preservation of the foliage is of utmost importance because all the food of a plant is manufac-

tured in the leaves. Thus protection should start as soon as leaf development begins in spring and continue until frost. To wait until the damage is done can be disastrous.

Spraying or dusting should take place every 10 days or two weeks, and oftener in wet periods. And, if insects suddenly appear, even though you sprayed yesterday, get out your pun and wipe them out. This is especially true of aphids—tiny sucking insects which drain the life of a plant, but which succumb to a Black Leaf 40 or Lindane spray.

Your Garden Hose Can Last Longer

When investing in a garden hose a guarantee of faithful service for from five to 15 years can be counted on. With care, however, this can be just the beginning.

Proper attention of the hose can stretch its life for years, says an article in the August issue of a garden magazine. Proper storage is the key to a long-lasting hose. Whether it is rubber or plastic a hose ages fast in the summer sun, so it should be hung up when not in use.

One way to get more service form a hose is to select attachments designed specifically to make the hose easier and faster to use. Several attachments will also make the hose last longer, because they reduce wear, reports the article.

To take care of normal wear and tear practice simple steps of maintenance.

Triple Tie at 67 for Tourney Medalists

Doug Ford Still Beats Par

AKRON, Ohio (AP)—Doug Ford, keeping up a busy home life between rounds, was in the lead today as the Rubber City Open went into its second 18 holes.

The PGA champion from Kiamesha Lake, N.Y., blazed over the first 18 on the 6,700-yard Firestone Country Club course yesterday with a six-under-par 32-34—66.

* * *

Then he went home to his house trailer, helped his wife shop for groceries, took his three youngsters swimming and returned to the course with his family later to take part in a golf clinic.

Starting in this tournament only two days after he whipped Dr. Cary Middlecoff at the PGA title match in Detroit, Ford whacked four strokes off par on the first nine holes with an eagle on No. 2 and birdies on No. 6 and No. 7. On the No. 2 hole he dropped a curling 50-foot putt for an eagle-3. Four straight pars started him on the right track on the back nine, and he found birdie range on two of the next three holes before finishing with two pars for his 34.

Close behind him were six golfers from the starting field of 151, all tied up at 67. They were Mike Homa, Rye, N.Y.; Al Balding, Erindale, Ont.; Ralph Blonquist, Glendale, Calif.; Ed Oliver, Lemont, Ill.; Art Wall Jr., Pocono Manor, Pa., and E. J. (Dutch) Harrison, St. Louis.

Six men were tied at 68, and another six were deadlocked at 69.

Defending champion Tommy Bolt of Chattanooga, Tenn., had a 70 for the opener. He went out with a three-under-par 33, but used 37 shots on the back nine.

After today's 18 holes, the field will be slashed to the low 60 pros and 10 low amateurs who will go on through 18 holes tomorrow and the final 18 Sunday.

HONORED — In recognition of his role in the recent campaign to raise funds for sending the U. S. team to the 1956 Olympic Games, a silver tray has been presented to Irving A. Duffy, vice president and general manager, Tractor and Implement Division, Ford Motor Company, Birmingham. The Detroit Junior Chamber of Commerce which conducted the campaign, raising $88,000, made the presentation. John Lindquist, drive chairman, presents tray to Duffy, above right.

General Motors, warming up for Sunday's "Amateur Day" scrap, rolled merrily along Thursday night at Wisner Field with a 4-1 win over Don Nicholie Real Estate in a Class A City League baseball game.

First baseman Les Stone helped solve Manager Paul Parks' pitching problems for the busy weekend ahead by taking over mound duties last night and chucking a neat two-hitter at the Realty nine. The lanky southpaw struck out 13 batters and walked only three.

While Stone was mowing down the opposition, GMC went to work on starter Dick Womack with a pair of runs in the 1st inning. A lead-off triple by Bob Fell, two fielding mistakes, and Wes Roberts' double did the scoring.

Singles by Jack Farms and Roberts, combined with a costly outfield error, tallied another run in the 3rd. The Coachers pushed home their final score in the 6th stanza on singles by Al Barkeley, Bob Swindell and Stone.

Don Nicholie's lone run came in the 4th frame when Stone committed an error on John Wert. Wert took 2nd base on a passed ball and scored on Howard Wiley's single.

Womack hurled for the losers until the 7th when he was removed for a pinchhiter. Dick Lewis pitched the last inning.

Watrous and McMichael Card Individual 73s; Match Play Opens

By H. GUY MOATS

Top-flight teams in the 5th annual Birmingham Country Club's Invitational Best-Ball tournament all but made the championship division a sub-par clique.

Out of the 16 teams making the top list in yesterday's 18-hole qualifying rounds, only three in the par-71 class got in. All the rest hit 70 or lower, paced by three pairs of sharpshooters, tied for the medal at 67.

This was the 1st time in the five years of the fine event that such a knot has developed.

Medalists are:

Tommy Watrous and Skip McMichael of the University of Michigan, a pair of 20-year-old players, who turned in individual 73s, veteran players Doug Williams and Cy James of the host club, who fired 71 and 77 respectively, and the defending titlists, Art Olfs of Lansing and Royal Oak policeman, Wally Smith, with a pair of hot rounds, completed the "knot." Williams' 71 was his best round of golf, he said.

Watrous and McMichael are the tourney's youngest team. This is their 1st try at the Birmingham event, although both have played several times in the Pine Lake Invitational.

Olfs and Smith are making their 5th try for the title. They have won it four times.

James is 55 years old, Williams 33.

Stars of other sports than golf were included in yesterday's field of 112 teams. Most of them found the going rather rough. Hal Newhouse, former Tiger lefty, and John Panelli, ex-Detroit Lion fullback fired 71. It wasn't good enough to make the grade, in the draw.

There was George Gee, former Red Winger, and Dorne Dibble of the Lions turning in an 86.

Olfs and Smith were playing Birmingham's Rollie Weyand and Dick Whiting, always a tough combination in today's 1st match. Watrous and McMichael met Perry Byard and Ed Ervasti of Oakland Hills and DGC, respectively, while James and Williams were paired with Floyd Burdette and Jim Lock of Birmingham CC.

Other qualifiers included:

John Niebauer-Ned Berger (69); Steve Purdo-Bill Jordan (70); Angelo Lottix-Tony Lopucki (69); John Andrews-Carl Daniels (71); Gayle Strinner-Harry Linklater (69); Fred Missal-Tom Lowery (71); Bob Babbish-John McCormick (69); George Linklater-Bill Nettle (70); Elmer Ellstrom-Pat Schwab (69) and Bob Holden-Robert Nelson (71).

Wins $10,000 Prelim

Scott Frost Is Heavy Hambletonian Favorite

VERNON, N.Y. (AP)—Scott Frost's stock for the Hambletonian was sky high today after his clean sweep of the $10,000 Hambletonian Test at Vernon Downs.

The fleet 3-year-old son of Hoot Mon scored a length-and-a-half victory over Galophone in 2:02 in a twohorse raceoff last night. Each had taken two dashes in two fields of 17 Hambletonian eligibles.

Even before the race, the easy-going bay colt owned by Sol Camp of Shafter, Calif., had been an odds-on favorite to take the $95,000 trotting classic at Goshen next Wednesday.

* * *

With little Joe O'Brien at the reins, Scott Frost won the first dash in his division in 2:03. In the second, he turned in a scorching 2:00 flat.

Childs Hanover came in second in the first dash and Miss Rodney third. The second time, Scott Frost led Wayahead and Home Free.

Scott Frost paid $2.30, $2.10 and $2.10 for the first triumph and $2.20, $2.30 and $2.60 for the second.

There was no pari-mutuel betting on the raceoff.

* * *

Galophone, driven by Curly Smart, outdistanced a field of eight in 2:01 in the first dash and 2:02 4-5 in the second.

Butch Hanover placed in the first dash, while Black Rico took the show spot. Butch Hanover placed again in the second dash but Satinwood was third.

The victories gave Scott Frost, son of the 1947 Hambletonian winner, a string of eight straight triumphs.

Last October at Lexington, Ky., he became the first 2-year-old trotter ever to race a mile in two minutes.

OCSC Annual Picnic Takes Place Sunday

Pat Metzdorf, chairman, of Oakland County Sportsmen's Club annual family picnic, scheduled for Sunday, Aug. 7, announced today that plans are nearing completion for the all-day event.

Club members and friends are invited to spend the day at the club's headquarters, D. R. Wilson, Sportsmen's Park, Waterford.

Gaber's Games will get underway promptly at noon, with a full compliment of athletic contests and games for both young and old.

Oakland County Sheriff's "Posse" will make an appearance at 2 oclock with a parade and square dance on horseback. There will also be free hayrides for the children.

Shea Puts in Bid for Berth on U.S. Team

Californian Wants to Join Trabert, Seixas, Flam on Net Squad

LOS ANGELES, (AP)—Tennis experts in this tennis conscious country think that the U.S. Davis Cup committee could do well by itself if the members give extra thought to Gil Shea of Los Angeles as a member of the cup team.

The 26-year-old former University of Southern California intercollegiate star frankly agrees with the opinions expressed here.

And that's his mission coming up in the East — in tournaments at South Orange, N.J., and Newport's stylish Casino — to convince the committee that he merits deep consideration for the team.

The tall, aggressive performer, before leaving for the East, said that Tony Trabert, Vic Seixas and Hamilton Richardson apparently are set.

"But I really believe I merit consideration as the fourth man—if I do well at Orange and Newport," Shea said, earnestly.

His most recent outstanding victory was scored at Wimbledon over Seixas, in the second round.

Seixas complained of a shoulder ailment. But as one observer here said, asking not to be identified, "Maybe Vic's shoulder wasn't as bad as it seemed, since he's continued to play since that match. Maybe," he observed, "Shea was playing awfully well that day."

Gibie, as his friends call him, pointed out that he has beaten such tournament veterans as Art Larsen, Eddie Moylan, Herbie Flam, Bernard Bartzen and others at various times since he got out of the Army two years ago.

Favorites Gain in Net Tourney

But Burrows Upsets Top Foreign Player, Kurt Nielsen

SOUTHAMPTON, N.Y. (AP) —The Meadow Club Tennis Tournament was down to the quarterfinals today with nothing to indicate that it will not be top-seeded Tony Trabert and defending champion Eddie Moylan in the finals.

* * *

Trabert, who brushed aside John Lesch of Los Angeles 6-2, 6-2 yesterday, meets Japanese Davis Cupper, Atsushi Miyagi in the upper half of the draw. And in the lower half Moylan, from Trenton, N.J., takes on the other Japanese Davis Cup player, Kosei Kamo. Moylan lost only his sixth game of the tourney in downing Cliff Mayne of San Francisco 6-0, 6-1.

* * *

In Trabert's section of the draw Herb Flam of Beverly Hills, Calif., matches strokes with Sam Giammalva of Houston and Moyland's half, Grant Golden of Chicago opposes Hal Burrows, veteran from Charlottesville, Va.

Burrows turned in the big upset yesterday when he sidelined Denmark's Kurt Nielsen, the No. 1 foreign seed, 6-2, 6-2.

Old Timers to Play St. Thomas, in Canada

Pontiac's entry in the International Old Timers Baseball League travels to St. Thomas, Ont., Saturday, to meet the St. Thomas club.

Pontiac players will leave from the VFW hall, South Saginaw street at 9 a.m. Game time is 2 p.m., according to Bud Leslie, Pontiac manager.

Pontiac Table Tennis Champs Beat Plymouth

Pontiac's Junior Table Tennis champions got off to a winning start here Thursday night in preseason matches with Plymouth. Pontiac scored a 3-0 victory.

Carol Ryan, state Junior Girls titlist, downed Plymouth's Earl Robertson, 21-15, 21-15. Ellen Tiffany, state Novice champ, defeated the visitors' Dennis Bonnette, 21-10, 21-18.

In the remaining match, Pontiac's Bob Erb trimmed Dick Morrison, 21-18, 21-17.

Indianwood to Hold Stag Day, Saturday

An extensive program, including golf, pitching, putting contests and many other features, with a lot of prizes, has been arranged for Indianwood Country Club annual stag day. Event takes place Saturday. Dinner and entertainment will follow.

Carl G. Ruebelman, general chairman, reports the course in the finest shape in years.

About 300 are expected for the event.

Wiffi Bows in Quarter-Finals of Western Test

Michigan Star Upset by 17-Year-Old From Washington State

CHICAGO (AP)—The State of Washington was certain of a title contender as the 55th Women's Western Amateur Golf Tourney entered its semi-final round today.

The upper bracket semi-final match at sun-broiled Olympia Fields was between Seattle's Pat Lesser and 17-year-old Anne Quast of Everett, Wash.

* * *

In the lower bracket, co-medalist Carol Diringer of Tiffin, Ohio, met an impressive southern contender, Mary Patton Janssen of Charlottesville, Va.

If history repeats, Miss Lesser, 21 a Curtis Cupper and a former member of Seattle University's golf varsity, will conquer Miss Quast. As a 14-year-old, Miss Quast lost to Miss Lesser, 6 and 5, in the second round of the 1952 National Amateur. Anne also bowed to Pat, 2-up, in the first round of last year's Western Amateur.

But Miss Quast is growing up golfwise and may produce the shots to spill her Seattle rival today. Anne played terrific golf yesterday to eliminate co-medalist Wiffi Smith, 2 and 1, turning the first nine in 36 and finishing the 17 holes three under women's par.

Miss Lesser, who gained the semifinals with a 3 and 1 triumph over 20-year-old Vernice Pico of Galesburg, Ill., was one over par, even with a conceded eagle-3 on the 17th hole.

* * *

Miss Diringer, seeking her first Western Amateur crown in 10 tries, is not only a sentimental favorite but a fairly solid choice on her play all week.

The lithe, 29-year-old Ohioan hasn't played a poor round since her medal-sharing 75 with Miss Smith in Monday's qualifying test.

* * *

She uncorked a fine wood game and sizzling putter in whipping a formidable quarter-final opponent, Mrs. Mae Murray Jones of Southern Pines, N.C., 5 and 4, yesterday.

Miss Janssen, 26, although fairly unknown in these parts, plays a sharp game. She squared some sort of a neighborhood feud yesterday by whipping Mrs. Scott Probasco, the 1950 Women's Collegiate champion, 4 and 2.

Doak Won't Talk on Salary Demands

DALLAS (AP)—Doak Walker could not be contacted for comment last night on a report that he was asking $32,000 to play pro football with Detroit next season.

Walker was asleep and his wife declined to awaken him when newsmen sought to talk with him.

That Walker was asking the $32,000 figure was reported by the Detroit Free Press, which said he drew about $23,000 last season.

Walker has played five seasons with the Lions but has been undecided this year if he will return.

Pontiac Pacer Third in Northville Feature

Marna Creed, owned by M. Van Wyk of Holland, won the feature pace at Northville Downs last night.

The 3-year-old filly, driven by George Kile, paced the mile in 2:05 2/5.

Direct Eddie, owned by Ethel Linehan of Adrian and driven by Leon Boring, was 2nd. St. Jeff, owned by Ben Jerome Jr. of Pontiac and driven by Don Hall, was 3rd.

BC Wins Close Race

Class E Action Best as City Juniors Wind Up Pre-Playoff Baseball Schedule

Griff's Grill 27, Mets 1.

CLASS E

Boys Club 2, Cass Ponts 1.
Lunsford Market 12, Vivian's 7.

KNOTHOLE

Red Sox 12, Whitfield Cubs 8.
Wing Lake 22, Athletics 11.

By far the best competition in Pontiac's junior baseball leagues this season has come among the six teams in Class E.

Boys Club wound up the preplayoff action in 1st place Thursday by a slender half-game over Lunsford Market, while Cass Ponts was 3rd just another game back.

Cass bowed to Boys Club, 2-1, Thursday, while Lunsford's tripped cellar-dwelling Vivian's Beauty Shop, 12-7.

Chuck McIlrath's 4th inning home run handed Cass a 1-0 lead, but Boys Club wiped it out in the 5th on Chuck Johnson's single, McIlrath's error and Don Dayner's single.

Both BC's Jerry Orr and Roger Vaughn of Cass had 4-hitters. Vivian's committed 7 errors that hurt their chances against Lunsford's. Leon Weeks gave the losers only 2 hits.

The lopsided Class D race wound up more so as Griff's Grill, unbeaten in 12 games, overwhelmed Mets, 27-1. Truman Lamphere led the Grillmen's 17-hit attack with 4 safeties, while Al Hayward and Bob Smith had 3 apiece.

In Thursday's Knothole play, Red Sox downed Whitfield, 12-5, as Pete Douglas and Bob Smith limited the Cubs to 2 hits, and Wing Lake doubled the score on the Athletics, winning 22-11. Dean Sutton had 3 hits for Wing Lake, while Vincent Kovacick had the lone safety for the A's.

There was a little bit of almost everything in the city softball leagues Thursday night. Poniac fans witnessed a one-hit shutout, a runaway game halted after five innings, a slugfest, a forfeit, and an assured title.

Shaw's Jewelers continued its domination over the rest of the field with a 2-0 decision over Riteway Softwater at North Side Park. Glenn (Wimpy) Johnson blanked the Riteway nine on just one hit, a single by George Landino in the 4th.

Shaw's won the tilt in the 1st inning without benefit of a safety. A hit batsman, an error, a sacrifice, another error and a fielder's choice tallied the two runs off hard-luck Roger Reynolds, who gave up only two hits.

Stadium Inn, runner-up in the American loop, clinched the Class A softball championship by thrashing Elks 810, 16-1, at Beaudette. The contest was halted at the end of the 5th because of a league rule prohibiting games to continue with a 15-run difference.

Verle Sheldon hurled a five-hitter for the winners, who will compete in the MSA district tournament at Highland Park. Stadium collected 14 hits off an ailing Elks pitching staff, including two home runs by Ray White.

In a girls tiff at North Side, Shaw's moved into a 2nd-place tie with GMC by whipping cellar-dwelling Gingellville, 10-5. Jo Ann Tibbits homered for Shaw's.

Franklin Products were awarded a 7-0 victory over Pontiac & Opdyke via the forfeit route.

Top Jockeys and Horses Meet in Arlington 'Cap

CHICAGO, (AP) — The Arlington Handicap tomorrow will be a blistering duel of the nation's top jockeys as well as finest thoroughbreds.

The mile and three-sixteenths test over the Arlington Park turf course has drawn 16 candidates. If all go to the post the event will gross $162,000. The winner's share would be $105,650.

* * *

Willie Shoemaker and Willie Hartack will meet face to face in their torrid rivalry for 1955 riding honors.

Shoemaker, who has been campaigning on the West Coast, has been assigned Hasty House Farm's Mister Black. Hartack, who has been at Arlington Park throughout the meeting, will be aboard Brookmeade Stable's County Clare.

Two old masters of stake competition also will be in action, Eddie Arcaro on King Ranch's High Gun, the probable favorite, and Eric Guerin on Alfred G. Vanderbilt's Social Outcast. High Gun, winner of the Metropolitan and Brooklyn Handicaps, is topweighted at 130 pounds.

* * *

The duel of the "Willies", Hartack and Shoemaker, will continue at the Washington Park session opening Monday. It will mark the first time the two little reinsmen have hooked up for a sustained battle at one meeting.

The Arlington handicap will be the first time they have met in a major event since last year's Preakness when Hartack rode Ring King and Shoemaker was up on Correlation.

'A' Leader GMC Tangles With City All-Stars in 'Amateur Day' Feature, Sunday, at Wisner

General Motors will clash with the City Baseball League All-Stars Sunday afternoon at Wisner Field in the Pontiac Baseball Federation's annual "Amateur Day" festivities. Game time is 3 p.m.

GMC earned the right to meet the "stars" by virtue of its top position in the Class A circuit. Coachers, boasting a 13-1 record in the city loop, have run away from the field and now lead their nearest rival, Auburn Merchants, by 4½ games.

Coach club, managed by Paul Parks, has been very active in baseball circles this summer. Parks' nine has been competing in the newly-organized Michigan State Baseball League in addition to its city league activity.

Veteran Pontiac baseball fans have been seeing the "new look" in the 1955 edition of GMC, since only four members of the John Abel era — Jack Farms, Ernie Zubalik, Wes Roberts, and Bob Swindell — remain from the 1947 national champions.

All-Stars will be confronted by a sound pitching staff in Sunday's encounter. GMC's mound corps, comprised of youngsters Jack Hruska, Dick Goldsworthy, and Jim Wagner, plus the dean of the staff, Herman Bishop, has been consistently tough to crack. Bishop, with professional experience behind him, boasts a 5-0 mark.

Coachers will also throw a rugged array of hitters at the opposition. Paced by Terry Thomas with 16 hits in 28 times at bat for a lusty .572, GMC has compiled a team batting average of .345.

Thomas, Clarkston school teacher who formerly played minor league ball with Memphis, has collected five doubles and three triples and driven in 11 runs. First baseman Les Stone is hitting at a .462 clip, catcher Wes Roberts shows a formidable .368, and reliable Bob Swindell is batting .258.

All-Stars will have their big guns too. The starting nine has a respectable .295 average and the bench will be knee-deep in reserve strength. The All-Star team and coaching staff will be announced in Saturday's Pontiac Press.

In preliminary activity Sunday, three-inning contests will be played by members of the Knothole and Class F loops in the city's Junior Leagues. Little leaguers get under way at 1:30 p.m.

Purpose of "Amateur Day" is two-fold. It is an attempt to stimulate interest in baseball in Pontiac and at the same time raise funds to send the Pontiac representative to the MRA tournament in Battle Creek. City's representative will face the Canadian Soo at 4 p.m. on September 2, the tourney's opening day.

Dick & Wes Sports stayed on the tail of the league leaders and Richardson Dairy ended a prolonged victory famine in Thursday's Waterford Softball League double header at Drayton Plains.

The Sportsmen routed Day's Sanitary, 20-1, to narrow the margin between themselves and 1st place Waterford Lions to a half-game. One more week remains in the regular season.

Richardson's finally won its 2nd game of the season by drubbing Sylvan Center, 11-2, to make their record 2-14.

Wayne Janks pitched 3-hit ball for Dick & Wes and Jim Cuthrell led a 20-hit attack with 5 singles. Bob Ferree homered with 2 aboard to highlight an 11-run 6th inning, after which the game was called.

Richardson's spotted Sylvan a 2-run lead then tied it up in the 2nd and took a 2-run lead in the 3rd on Earl Lambertson's single, a walk, and George Kaiser's triple.

Five runs in the 6th, sparked by Frank Richardson's 2nd triple, put the victory on ice for the win-hungry Dairymen.

Tigers Win, Gain on Leading AL Clubs

BOSTON (AP) — With the Detroit Tigers entering town for a four game stand starting tonight with the "Terrible Red Sox," two questions are floating around baseball circles:

How did Detroit ever get only 5½ games out of 1st place and will they keep going?

The latter appears easier to answer than the 1st. Most anyone closely connected with the ball club will tell you "no!" and even the most violent of Tiger rooters say, "maybe."

Why? It may be only 5½ games, but it's a long haul past the Red Sox (three games ahead), the Cleveland Indians 4½ games ahead) and the 2nd place Yankees and 1st place Chicago White Sox, who stand at the top of the heap separated by only two percentage points.

Further, Detroit now is in the midst of a 19-game road trip on which it must still take on: 1. Boston, four games; 2. Washington, three games; 3. New York, four games; 4. Cleveland, three games.

And everybody knows road games come twice as hard for Detroit as home games.

It appears that Detroit's sudden rise to 5½ games from the top principally was brought about by the sudden fall of the Yankees. While Detroit has been playing 2nd division clubs, and winning, the four ahead of Detroit have been pounding down the Yankees and beating each other. From this, Detroit benefits.

Such was the case yesterday when Detroit took its 4th game of a five-game series from the Baltimore Orioles, 7-5. Meanwhile, Chicago beat New York and Cleveland beat Boston.

For Detroit, it was substitute Reno Bertoia's double that emptied loaded bases and enabled the Tigers to take the lead in the 1st inning.

Frank Lary took his 10th victory against 11 defeats, leaving in the 8th. Art Schallock, a Baltimore southpaw, was the loser.

Schallock started shakily by walking Bill Tuttle and Al Kaline. Jack Phillips' grounder hit Tuttle for an automatic out, but Bubba Phillips followed with an infield single to load the bases. Bertoia, subbing for sore-kneed Ray Boone, cleaned the bases with his double to center.

2 Detroit Scullers Win 'Henley' Events

PORT DALHOUSIE, Ont. (AP)—Two Detroit Boat Club scullers and Jackie Pearce, the high school oarsman from the Hamilton Leanders', split the three finals in yesterday's Royal Canadian Regatta, opening a four-day water carnival.

John Welchi of the Boat Club captured the junior 155-pound singles and Bill Walker, another boat club ace, took the 135-pound singles title.

Pearce, rated one of Canada's brightest young prospects in sculling, took the junior high school singles with ease.

American Swim Stars Oppose Best of Japan

TOKYO (AP)—Seventeen American swim stars, including Nisei aces Ford Konno and Youhi Oyakawa, arrived by plane today for the U.S.-Japan swimming meet opening Aug. 5.

They were accompanied by Coach Robert Kiphuth of Yale University.

In the last U.S.-Japan swimming meet, in August, 1950, the American team won 46-17.

Sam H. McMeeking, presiding steward at Churchill Downs, will retire at the end of this year after serving at the track for the past 36 years. McMeeking, 66, saw his 1st Kentucky Derby in 1908.

Iharos Plans Bid for Landy's Mile Record

Hungarian Sets New Mark for 1,500 Meters in 3:40.8

HELSINKI (AP) — Sandor Iharos, slim 22-year-old Hungarian Army lieutenant, took aim on John Landy's 3:58 world record for the mile today after clipping a full second off the Australian's international standard for 1500 meters.

The 6-foot 125-pound officer lowered the 1500 mark to 3:40.8 Thursday in a dual meet between Finland and Hungary and immediately announced he'll attempt to crack Landy's mile record in the Hungary-Britain meet in London Aug. 12-13.

* * *

Records are nothing new for the young Army lieutenant. Within the last three months Iharos also has bettered the world marks for 3,000 meters and two miles. His best clocking for the 3,000 is 7:55.6 and 8:33.4 for two miles.

The 2-mile record was hung up in London May 30, the day after he was too ill to compete in a mile race in which three men broke four minutes with another Hungarian, Laszlo Tabori, winning in 3:59.

Iharos broke the world record for 1500 meters last year with a 3:42.4 performance but Landy pushed it down to 3:41.8.

"This 1,500-meters is the record I like best of all," said Iharos." I have tried for it for two years and now I will set out for Landy's mile record as soon as I get a chance."

IBC and Pennsylvania Are Back on Friendly Terms

SCRANTON, Pa. (AP)—The Pennsylvania Athletic Commission and the International Boxing Assn. are getting back on a friendlier footing.

After a meeting here Thursday, both groups indicated recent differences had been clarified.

"We had a frank discussion and thoroughly understood each other's problems," said Chairman James T. Crowley of the Pennsylvania group.

* * *

Crowley, of Scranton, Alfred Klein of Philadelphia and Paul Sullivan of Pittsburgh are the three members of the Pennsylvania commission. Representing the IBC were Managing Director Harry Markson and Executive Secretary Truman Gibson.

The meeting was a result of recent statements by Gov. Leader to the effect that if boxing in Pennsylvania couldn't be cleaned up, the state would be better off without the sport.

The IBC has had large interests in Pennsylvania boxing over the years, both as direct promoters and as suppliers of talent.

After the meeting, Crowley and Markson said an "area of exploration" had been reached during the discussion and "we each have a better understanding of the other's problems."

Tennis Tourney Gains Quarters

KALAMAZOO, Mich. (AP) — Top-seeded Mike Green of Miami Beach, Fla., meets fifth-seeded Art Andrews of Iowa City, Iowa, today in the quarterfinals junior singles matches of the National Junior and Boys Tennis Championships.

Green advanced to the quarterfinals defeating Robert Delgado of Los Angeles, 6-1, 6-4, yesterday. Andrews turned back Roger Werksman, of Los Angeles, 6-1, 6-0.

Earl Buchholz of St. Louis, top seeded in the boys singles, meets sixth-seeded Richard Leach of Arcadia, Calif., today after defeating Kenneth Lang of Richmond, Calif., 6-4, 6-3, in yesterday's fourth-round play. Leach downed Lawrence Nagler, of Roslyn Heights, N.Y., 9-11, 11-9, 6-3.

Preliminaries to Challenge Round for Cup Ending

By THE ASSOCIATED PRESS

Australia meets Canada at Montreal and Italy and Sweden clash in Milan Friday as play in the Davis Cup tennis whirl nears the big challenge round against the United States at Forest Hills, N.Y., late next month.

The Australians, favored in their matches against Canada, go into the 3-day North American Zone final without Lew Hoad, one of the whiz kid-wonders of past cup play.

* * *

Captain Harry Hopman replaced Hoad with Rex Hartwig for today's opening singles competition. Hoad has sulked and his game is off since his bride of six weeks was sent home following the Wimbledon championships.

* * *

Ken Rosewall meets Bob Bedard of Sherbrooke, Que., in the opening match, while Lorne Main of Toronto and Vancouver plays Hartwig. In Saturday's doubles, Hartwig and Hoad will play Bedard and forces.

Toronto's Don Fontana. In the concluding singles events Sunday, Bedard plays Hartwig while Main faces Rosewall.

The surprising Italian team which has whipped through the European Zone play without dropping a match is favored to defeat the Swedish squad.

Omaha Deer Not Dear to Pilots Having Fits

OMAHA, (AP)—There may be some deer hunting soon on the greens of the Omaha airport.

The airport is located north of the city and adjacent to the lowlands of the Missouri River. In the cool of the evening the not-so-shy but quite hungry deer come up from the river bottoms to graze on the airport greens.

That gives pilots fits.

So the State Game Commission today is considering sending in some expert riflemen from its

Chisox Pull Back Into AL's 1st Place

For the first three months of the 1951 season they called the Chicago Americans "those amazing White Sox" and everything looked rosy for a pennant at Comiskey Park.

But after the All-Star game in July the magic potion wore off, and the Pale Hose dropped like morning glories. The go-go kids were gone. Ever since, they said, when the chips were down and the heat was on in July after the All-Star excitement it would be bye, bye White Sox.

* * *

So look. Today, two weeks after the All-Star tilt, it's been just the opposite, and Marty Marion's scrapping Chicago gang has knocked the New York Yankees out of first place. By only two slim percentage points, to be sure, but the White Sox showed no signs of folding this time as they whipped the Yankees yesterday 3-2 and took the vital series two games to one.

* * *

In fact, Chicago reached first place the hard way with an uphill battle. When league play resumed July 14 after the All-Star recess, the White Sox were in third place, six games back of New York, and a game behind second place Cleveland of 17 games and has been rolling at a .706 pace.

But, it's a long way to the end of the season in September and the top five clubs in the American loop could be covered with a large blanket today.

Cleveland defeated the Boston Red Sox 6-4 to pull within a game of the lead yesterday, while Detroit overcame Baltimore 7-5 to trail the leaders by only 5½ games—in fifth place. Washington and Kansas City were idle.

* * *

Rookie pitcher Roger Craig and Brooklyn home runs produced a 10-2 victory over Cincinnati as the Dodgers maintained their 12½-game National League spread over the second place Milwaukee Braves who defeated Philadelphia 4-2.

The New York Giants downed the Chicago Cubs 4-1 while the St. Louis Cardinals defeated the Pittsburgh Pirates by the same score.

* * *

Walt Dropo continued his batting spree, his two-run homer in the third off Bob Turley proving the White Sox margin over New York. Connie Johnson had the Yankees shut out until Mickey Mantle hit his 22nd homer in the ninth with one aboard.

* * *

Cleveland snapped back at Boston after losing the first two games of the series, with Al Rosen hero for the Tribe. He batted in three runs, two with his 16th Lomer in the third inning. Boston rallied in the eighth, routing Early Wynn with a walk, single and double. With one run in, Don Mossi threw a called third strike past Ted Williams.

Roy Campanella hammered a pair of Brooklyn homers, while Craig fanned 11 Redlegs to run his pitching string to 3-0 since joining the club two weeks ago.

Bob Buhl pitched his eighth victory, a six hitter, as Milwaukee swept its three-game set with Philadelphia. Eddie Mathews slapped his 25th homer for the Braves.

Willard Schmidt tossed three-hit ball for eight inings, but lost his shutout when Pittsburgh got a run on two hits in the ninth inning.

OUT OF A CANNON — Canadian dare-devil driver Jim Curry sits high in the air in his heavy car that has just left the huge "cannon" at right, in a thrilling feature of the coming Congress of Canadian Dare-Devils at Pontiac Speedway track. Program takes place Sunday night at 8:30 p. m. Car on the ground is occupied by troupe owner Jack Darbyson. Curry's car eventually lands on the platform at left. Shot above was made at a recent show.

Another Pacing Record Broken by Adios Harry

Mile and a Half Mark Falls to Holder of Other Standards

WESTBURY, N.Y. (AP) — Adios Harry, who apparently is making a career of rewriting the harness racing record book, today has the world mark for a mile and a half to go with his sensational mile times.

The 4-year-old pacing son of Adios from the barns of J. Howard Lyons of Greenwood, Del., stepped the mile and a half at Roosevelt Raceway Thursday night in 3:04 2-5 to win the $35,000 Nassau Pace. The time clipped two-fifths of a second off the record established by Hillsota in winning the event last year.

* * *

Earlier this month at Vernon Downs, N.Y., Adios Harry paced a mile in 1:55, the fastest clocking ever in a race. Before that he stepped two consecutive miles over the 6-furlong Vernon track in 1:55.2 and 1:56.1 for a world two-heat mark of 3:51.3.

* * *

Thursday night, Maurice MacDonald, subbing for the ailing Luther Lyons, took the 1954 Little Brown Jug winner to the front at the three-quarter pole and won by a length and a half over Diamond Hal. Philip Scott was a head back in third place.

Adios Harry's $17,500 share of the purse boosted his total earnings to $121,623. He has won 12 of his 15 starts this season.

Majeski Ending 12-Year Career

Veteran Infielder in Line for Scouting Job With Orioles

BALTIMORE (AP)—Hank Majeski, all-around infielder, was ready today to give up playing major league baseball after more than 12 seasons and become a Baltimore Oriole scout.

Majeski, who will be 39 in December, was placed on waivers for the purpose of being given his unconditional release. As a 10-year veteran he has the privilege of refusing to report in case any other American League club chooses to claim him.

It is Majeski's intention to do so and take an Oriole scouting job.

The Orioles got Majeski on waivers earlier this season from Cleveland which bought him in 1952 from the Philadelphia Athletics. He also played for Chicago and New York in the American League after starting in the majors in 1941 with Boston of the National.

* * *

Majeski's release made room on the Orioles for second baseman Don Leppert who was recalled yesterday from Charleston, W.Va., of the American Assn.

Canadian Dare-Devils Back for 2nd Thrill Show Here

Congress of Canadian Dare Devils will present their thrill show for the 2nd year at the Pontiac Speedway Sunday night.

The 2-hour show, which includes 28 events, will get under way at 8:30 p.m. at the M59 track, located 3 miles west of the Pontiac Airport.

Highlight of the program is Jimmy Curry's stunt of being shot from a giant 10-ton steel cannon in a convertible.

Now on their 9th annual North American tour, the Dare Devils use a fleet of 1955 Fords and bill themselves as world champions in their specialty.

In addition to the cannon shot, the show includes jumping cars over ramps, precision driving, motorcycle polo, acrobatics, and a flaming "slide for life" among other events, while Shorty and Paul, a pair of clowns, also entertain.

Hardtops will be in action Saturday night at the Speedway, with a 25-lapper featuring the program, which starts at 8:30 p.m. following 7 o'clock qualifying.

Kocsis-Riggen Win 1st Match in Kazoo Test

KALAMAZOO (AP)—Chuck Kocsis of Detroit and Tyler Riggen of Kalamazoo, defending champions, moved into the 2nd round of best-ball match play at the 2nd annual Kalamazoo Country Club Invitational golf tournament today. Kocsis and Riggen defeated Fred Behymer and Emil Gallas, both of Lansing, 3 and 2, in opening play yesterday.

Bruce Cudd of Portland, Ore., member of the U.S. Walker Cup team, and Dave Britigan of Kalamazoo, turned back Ted Schoonbeck and Don Meantz of Grand Rapids, 5 and 3.

Balanced

Everything it takes to be "TOPS"

STANDARD GASOLINES

...balanced for top power, economy, and all 'round performance ... and raised to the Highest Octane levels in our history

Yes, STANDARD WHITE CROWN and RED CROWN Gasolines have been stepped-up and pepped-up to give you the highest octane ratings in our sixty-six year history . . . designed to meet the most exacting anti-knock requirements of modern cars with high compression motors. They'll make older cars perform better, too. But important as octane is, good gasolines need something more. They must be *balanced* for all 'round performance. Standard Gasolines give you . . . controlled volatility—the right gasoline for the right season; no vapor lock even in the hottest summer weather; and clean burning, economical, efficient performance.

Try a tankful today and drive away convinced that these gasolines have everything it takes to be tops!

Are all gasolines pretty much the same?

NO, THEY'RE NOT. Standard Gasolines are distinctly different. Our chemists and engineers conduct a continuing program of research and development to bring you the best in gasolines. In addition, Standard guards the quality of the gasoline all the way from the refinery to your car through private and exclusive terminal facilities, lake tankers, river barges, pipelines, tank cars and trucks. And a good thing to remember is this . . . no gasolines arrive at or go out of our terminals but Standard Gasolines.

You expect more from STANDARD and get it!

Don Eaddy, former University of Michigan baseball and basketball star, started a triple play in his 1st full game in organized ball with Des Moines of the Western League. Eaddy is a shortstop.

Fading Yankees Are Growing Desperate

NEW YORK (AP)—The New York Yankees, battling for their sixth American League pennant in seven years, trail the pace setting Chicago White Sox by only two percentage points today but they are getting desperate.

And well they might be for they have frittered away a five-game lead since the All-Star game July 12 and, in addition to trailing the White Sox, hold only a one-game bulge over the Cleveland Indians, three over the rambunctious Boston Red Sox and 5½ over the resurging Detroit Tigers.

* * *

The hitters are not hitting and the pitchers are not pitching. At least they are not pitching winning ball. Manager Casey Stengel has received just five complete games from his hurlers since starting their latest disastrous western trip on July 14. And only four of them were victories.

* * *

Stengel has admitted he can do nothing about his hitters except perhaps put the eight best in the lineup, regardless of the positions they play, and hope for the best. That would mean Bill Skowron .340, Elston Howard .305, Mickey Mantle .301, Bob Cerv .292, Gil McDougald .277, Yogi Berra .276, Gerry Coleman .258 and Andy Carey .256.

As for the pitching, steps were taken yesterday to correct that. Don Larsen, a righthander, was recalled from Denver of the American Assn. where he has a 9-1 record and has hit seven home runs. Larsen, who came to the Yankees in the deal that brought Bob Turley from Baltimore last winter, couldn't make the grade at the start of the season but Stengel is hopeful he has learned something in the minors.

* * *

To make room for Larsen, the Yanks are expected to option righthander Tom Sturdivant to Denver. Sturdivant has a 1-3 record with the Yankees.

Bob Grim in the disabled list since June 29, may be available in two weeks, but he hasn't looked like the 20-game winner of 1954. He has a 4-2 record.

There also are rumors that Stengel and General Manager George Weiss have other deals on the fire with veteran shortstop Phil Rizzuto and Ed Lopat, 36-year-old southpaw pitcher, likely to be given coaching status in the realignment.

* * *

Lopat, who had a 12-4 record last year, has been a big disappointment to Stengel. He has won only four while dropping eight and hasn't pitched a complete game since June 19 when he beat the White Sox 7-1.

Tommy Byrne, who didn't even figure in Stengel's plans at the start of the season, Whitey Ford and Johnny Kucks are the only hurlers to go the route since the All-Star game.

* * *

Turley, who had an 8-1 record on May 25 now is 11-9. He hasn't finished what he started since July 9 and has been a big disappointment against the three other top teams. He has beaten the White Sox, Cleveland, Red Sox only three times while losing seven. The big fireballer was the loser yesterday as the White Sox moved into first place.

Pontiac Press Photo

FIRST TROPHY — Nine-year-old Larry Ramos was a really proud youngster, when he posed with the big pike, above. It was doubly thrilling for Larry because this was his very 1st fish, and he's getting his picture in the paper. Larry had never been fishing before.

* * *

First Fishing Jaunt Thrills 9-Year-Old

A Pontiac youngster went on his 1st fishing excursion Tuesday night, proudly sporting a new spinning rod his father bought for him last Saturday. The youth showed his appreciation of the gift by catching a hefty pike, although he did receive some aid.

Larry Ramos Jr., nine-year-old son of Mr. and Mrs. Larry Ramos, 361 Oakland Ave., landed the three-pound, 10-ounce specimen in Lake Lawrence at Clarkston. Larry hooked the fish with a live minnow, his father played it, and then mother got it in the net.

Larry's pike, measuring 25½ inches long, was quite a bit short of the lead pike in the Pontiac Press "Big Fish Derby" (six pounds, two ounces). But the thrill of a boy catching his 1st fish was still there.

Football Coaches Attend CMC Summer Grid School

Three Pontiac High School football coaches, and one area athletic head will attend the summer coaching school at Central Michigan College in Mt. Pleasant August 15-19.

Head football coach Ed Graybiel, line coach Arnold Wilson, and backfield instructor Dean Wilson will participate in the five-day session, along with Gene Conley of Rochester.

An outstanding faculty is slated for this year's school, sponsored jointly by the Michigan High School Athletic Association and Central Michigan College. School will be directed by Danny Rose, Central's athletic director.

Heading the staff will be Minnesota's head football coach, Murray Warmath and line coach, Denver Crawford; Forrest (Fordy) Anderson, basketball coach at Michigan State University; and track coach Don Canham from the University of Michigan. Each mentor will devote a full day at the clinic.

Game-to-Game Captains

Left without a captain for 1955 when Vic Zucco transferred to Michigan State, Wayne University's football squad will select game captains for each game and name an honorary captain at the conclusion of the 1955 season.

Sam Snead's Golf Clinic

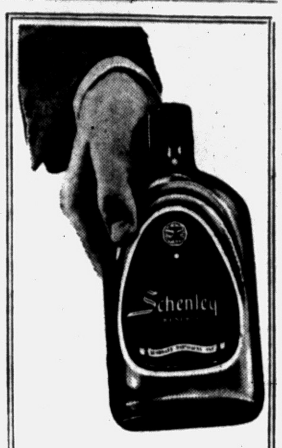

The golfer who dips his left knee in the backswing instead of keeping his left knee level with the right, by lifting his left heel, cannot lever against his straight left side since his left leg won't be straight when club meets ball. Left knee dippers twist around to

the right as far as they can go. Then, when they straighten up in beginning the downswing, the left side is pushed away from the shot instead of rather forward into it.

Instead of the club head coming down into the ball inside out, it comes down outside-in and across the ball. And the player gets a heavy slice. If as you swing down, with that "everything-moving-together" swing with the left shoulder rising in the shoulder pivot, your left heel goes down. Then your whole left side is almost a perpendicular line from heel to shoulder. This provides a fulcrum to lever against.

Michigan Truckers Get Tax Refund From Ohio

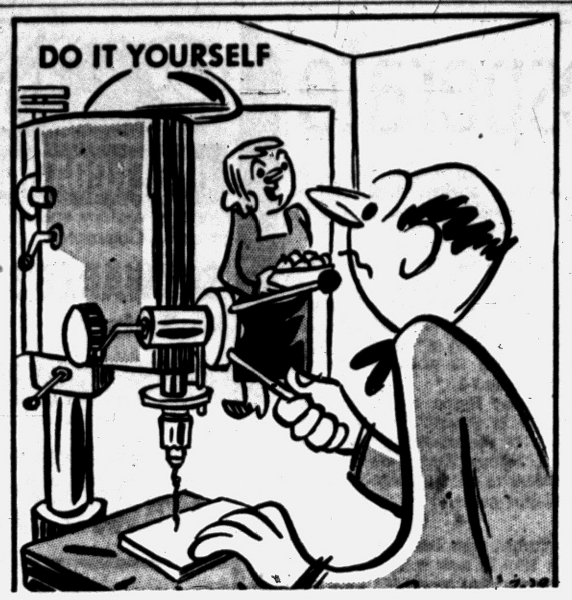

COLUMBUS, Ohio (AP) — Ohio's Supreme Court Wednesday ordered refund of state highway use taxes collected from Michigan truckers. Officials said the decision jeopardized operation of the 1955 law without declaring it unconstitutional.

Tax Commissioner Stanley J. Bowers said the 4-3 decision meant loss of more than three million dollars received or claimed due from Michigan truckers, and might cost Ohio millions more from operators in other states.

"It might spell the doom of the axle tax," Bowers speculated. The Commissioner said he would seek a rehearing.

The tax, effective Oct. 1, 1953, cost trucks with more than two axles, engaged in interstate business, from one-half to 2½ cents a mile to use Ohio highways.

In southeast Pakistan, people often keep cows as a sign of prosperity although they make no use of their meat, milk or hides.

'Bonanzagram'

Have Fun! Win $100!

"Bonanzagram" is an exciting new puzzle in which the Pontiac Press offers both fun and a $100 cash prize. BUT before you try your hand at "Bonanzagram" **be sure and read the rules** at the bottom of this page. Solution will appear in the Press Aug. 5.

CLAIM CHECK

Below is a duplicate of the "Bonanzagram" entry you send in to contest headquarters. It is ESSENTIAL that you fill it in and save it until the correct solution to "Bonanzagram" No. 21 is published Friday, Aug. 5. Unless you do so, you will be unable to collect the prize if you should send in a winning solution. Check the rules below for further details.

Bonanzagram No. 21

Story Clues

On the first warm Sunday of summer, Mr. and Mrs. Smith and their son set out for a day at the beach. Junior, aged ten, had been cooped up, recovering from chicken pox, and was eagerly looking forward to the outing. The beach was crowded—a mass of people, umbrellas and beach chairs. The Smiths found a good spot and rented an umbrella. They swam and loafed and had their lunch. In the early afternoon, Mr. and Mrs. Smith dozed off. When they woke up, Junior was nowhere to be seen. They thought nothing of it at first; the boy was filled with natural curiosity, liked to explore everything, and made friends easily. But it came time to go home, and still no Junior. The parents were in search of him, one going up the beach, and one down. They arrived at their umbrella without finding him, and discovered that, during their absence, he had returned and left a note—a newsy account of his adventures and of where to find him. But the note was scribbled on a piece of waxed paper left over from a sandwich wrapping, and needed a good deal of filling in where letters had failed to show. However, they did succeed in figuring out the message, and located their wandering boy. Can you, too, work out what the boy was telling them?

How To Play 'Bonanzagram'

Solve the "Bonanzagram" by filling in all the missing letters, as indicated by the underscores, in the message. Insert only one letter above each underscore. Many clues to the missing letters are hidden in the story or anecdote, accompanying the message itself, and, in a few cases, the contestant's general knowledge should provide the correct letter. The contestant will note that the message is unpunctuated. Punctuation will help solve the message but is not necessary to win.

All missing letters must be correctly inserted to win a Bonanzagram prize. Punctuation will not be considered in judging a correct answer.

When properly filled in, the "Bonanzagram" will spell out a clear message that will conform in every way with the clues. In many cases it will seem that more than one word would be the correct one. That's part of the fun! You should weigh the clues and select the BEST possible word in each case.

How to Submit Entries

1. After solution is completed, "Bonanzagram" should be clipped and pasted to a two-cent postcard with your name and address.

2. Entries will be received at the Pontiac Press office, 48 W. Huron St., until 5 p. m. Tuesday, Aug. 2. Mail entries must be postmarked before midnight Tuesday, Aug. 2 for Bonanzagram No. 21. Address "Bonanzagram, % Pontiac Press, Pontiac, Mich.

3. Entries may be mailed in envelope but contestant's full name and number of puzzle must be printed in upper left corner of address side of envelope.

4. Copies of the Press need not be purchased to enter. Facsimiles made by hand and corresponding as closely as possible to the original "Bonanzaaram" printed in the Press will be accepted but are limited one to a family. Mimeograph, duplicator or other unofficial mechanical reproduction is forbidden.

How to Collect the Prize

The entrant must work out and keep duplicate solution as a claim check. When the solution is published in the Press, he should compare his "claim check" with the published solution, and, if his claim check is identical, he should call in person with his claim check at the Press office, 48 W. Huron St., before 5 p. m. on the Monday following publication of the solution.

If a winner cannot call at the Press office in person, he should mail his solution to "Bonanzagram Editor." This letter must reach the Press not later than 5 p.m. the Monday after publication of the answer. Correct answers are void unless the contestant reports his claim by the deadlines listed here.

About Eligibility, Information, Etc.

1. Anyone is eligible for the "Bonanzagram" contest except employes of the Press and members of their immediate families. (Immediate family means all those living in an employe's household.)

2. No question as to winners will be answered by phone.

3. The Press will award a prize of $100 to the winner of each weekly Bonanzagram. If more than one winning answer is received, the prize will be divided equally among the winners. If no correct solution is received, the $100 will be added to the next week's prize. If the winner is a subscriber of record to the Press a $20 bonus will be added to the $100.

4. Only one winning entry from a family will be eligible for the prize, but there is no limit on number of entries.

5. The Press retains the right to correct typographical errors.

6. Judges' decision will be final and contestant's submission of entries indicates acceptance of these rules.

7. No liability is accepted for entries that fail to reach us.

8. The Press reserves the right to alter rules and/or discontinue the contest at its discretion.

Soybeans, Corn Slightly Higher

CHICAGO (AP)—Soybeans eked out small gains on the Board of Trade today following a government report of smaller stocks of cash beans in all storage positions than the trade had expected.

Corn also was higher at the start. In both soybeans and corn, however, prices backed down from their best levels as trading progressed.

Wheat near the end of the first hour was ½ to ¾ lower, September $1.98½; corn ⅛ lower to ⅛ higher, September $1.35½; oats ⅜ to ⅝ lower, September 60¾; rye ¼ to ¾ lower, September 99½; soybeans unchanged to 1 cent higher, September $2.28, and lard 5 cents a hundred pounds lower, September $10.80.

Ford Company Adds 3 Models to Tractor Line

Continuing its expansion in the farm and industrial tractor and equipment field, Ford Motor Company today announced it has added three "special utility" models in two power series to its tractor line, bringing to 11 the number of Ford tractor models introduced since January.

The new four-wheel models are in two power series, and according to the manufacturer's rating, the "600" with 134 cubic inch engine displacement delivers approximately 26.8 horsepower at the drawbar, and the "800" with a 172 cubic inch displacement engine, delivers approximately 35 horsepower at the drawbar. They have been designated the models 620, 630 and 820.

"These new tractors are priced very competitively and offer the best value in the American tractor market today in the fields for which they are adapted," said Irving A. Duffy, Ford vice president and general manager, Tractor and Implement Division.

Eaton Announces Vassar Promotions

Appointment of H. F. Russell as acting general manager of the Eaton Foundry Division at Vassar, and promotion of Paul W. Olson to assistant general manager, was announced today by F. H. Mott, administrative vice president in charge of Michigan operations for the Eaton Manufacturing Co.

The two men will assume their new duties Monday, with the reopening of the Vassar plant following its shutdown for vacations and business readjustments, Mott said.

Russell, who also will continue as general manager of the Eaton Saginaw Division, takes over the foundry division responsibilities from Mott, who recently assumed temporary control.

Olson, plant manager at Vassar since October 1954, and with the foundry 10 years, will continue to maintain his headquarters in Vassar, Mott said.

Battle for Libby Firm Results in Libel Suits

CHICAGO (INS)—The proxy battle for control of the $136 million Libby, McNeil & Libby food packing firm has resulted in libel suits filed by both sides.

Charles S. Bridges, president of the firm, yesterday filed a two million dollar suit against three stockholders, Mitchell May Jr., Alfred W. Parry Jr. and Wilbur E. Dow Jr.

The three, with business interests mainly in New York, have set up an independent stockholders committee seeking to unseat Libby's present 9-member board of directors.

Roy O'Brien Co. to Supply Four School Buses at Troy

TROY TOWNSHIP — At the recent Board of Education meeting, the Roy O'Brien Company was low bidder for four new 60-passenger buses.

Two buses will cost $5,427.99 each and two will cost $5,662.40 each. These will be available by Sept. 1. Lewise Keeler was hired as commercial teacher at Troy High School.

Dow Earnings Jump on Record '55 Sales

MIDLAND (AP) — Dow Chemical Co. reports its net income for fiscal 1955 ending May 31 was $37,414,000, equal to $1.64 a common share. In the similar period last year net income was $33,425,000, or $1.42 a share.

The company reports record sales of $470,742,000 for the period compared with sales of $428,000,000 for the 1954 fiscal year.

Home Accidents Deadly

DETROIT (AP)—Dr. Joseph G. Molner, city health commissioner, says falls in home accidents accounted for more deaths last year than any other form of fatal accidents. Of 276 home accident deaths, 152 were caused by falls, he said.

Stocks Maintain Mixed Position

NEW YORK (AP)—The stock market maintained a mixed position today in early dealings.

Bethlehem Steel dropped 3 at 154¾ on an opening block of 2,000 shares, and then it slipped a little lower.

The company yesterday after the close raised the dividend payment and reported record high earnings. However, no action was taken toward splitting the common stock as had been hoped in Wall street trading circles.

The stock closed off ¼ yesterday after swinging wildly in a range of 153 to 159, but following the directors' action in New York, the stock plunged down in trading on the West Coast.

The steel section was lower today with losses other than Bethlehem fractional. Also lower were the motors and rubbers.

The railroads were unchanged to higher, and the aircrafts tended to rise. Other sections of the list were mixed.

JACK ROWE

Watkins Lake Man Promoted at Ross

Jack Rowe had been appointed vice president of Ross Operating Valve Co., it has been announced by R. J. Cameron president.

Rowe has been plant manager for seven years. He joined Ross in 1947 as sales engineer. He also has been coordinator of research and development with Parker Appliance, Cleveland.

Cameron said Rowe's promotion is in line with a planned program of expansion at Ross. The firm produces more than 1,000 types of valves.

Rowe lives with his wife and four children at Watkins Lake.

News in Brief

Dick Porter, 42, of 227 N. Saginaw St., was sentenced to 60 days in Oakland County Jail yesterday after he pleaded guilty to driving under the influence of liquor. He failed to pay a $75 fine and $25 costs assessed by Waterford Township Justice Willis D. Lefurgy.

Charged with drunk driving, Daw Payne, 38, of Detroit, pleaded innocent yesterday when he was arraigned by Ferndale Justice Earl N. Nash. Payne was remanded to Oakland County Jail after he failed to post a $100 bond.

Edward Maguire of 131 W. Lawrence St. reported to Pontiac Police yesterday that his son's bicycle was stolen sometime between Wednesday evening and Thursday morning.

Harold L'Hussier of Pontiac State Hospital Grounds reported to Pontiac Police yesterday that his automobile battery was removed from his car sometime Thursday. Value of the battery was unknown.

Gas Areas OK'd Include County

Consumers Power Given Authority to Service More State Families

LANSING (AP)—The State Public Service Commission authorized Consumers Power Co. today to add another 30,000 natural gas space heating customers.

Of the increase, 13,700 installations will go to customers who have had applications on file for more than 12 months and the balance of 16,300 will be divided among the several divisions in proportion to their non-space heating customers and the number of all applications on file.

The allocations by divisions:

Marshall-Battle Creek, 67; Bay City, 734; Central, 225; Flint, 3,737; Jackson, 1,137; Kalamazoo, 1,251; Lansing, 2,883; Saginaw, 1,524; Southeast, 18,442.

The commission said that on July 1 Consumers Power had 90,698 applications, of which 58,623 were in the southeast division. The Commission said that the applications go back further in some divisions than in others and that it had ordered the first installations go to all applicants, regardless of division, whose application has been on file for more than one year.

At the same time, the Commission withdrew approval of unrestricted service to year-around air conditioning customers.

The American Indians buried the hatchet when making peace and dug it up again when on the warpath, hence the expression "to bury the hatchet."

Card of Thanks 1

WE WISH TO THANK OUR RELATIVES, friends & neighbors for their floral & financial gifts and their wonderful acts of kindness during the recent loss of our dear mother and wife. The George Wheatcroft Family.

In Memoriam 2

IN LOVING MEMORY OF JERRY R. Emeigh, who left this earth July 29, 1953.
Now he abides in his heavenly home,
In the heavenly Father's care,
And though we miss him each day down here,
We know we'll see him again up there.
His five Children and their Families

IN LOVING MEMORY OF JERRY R. Emeigh, who passed from this life July 29, 1953.
They are not dead, those loved ones who have passed,
Beyond our vision for a little while,
They have but reached the Light, while we still grope
In darkness, where we cannot see them smile.
Then let us gird us once again with hope
And give them smile for smile the while we wait;
And loving, serving, when our Father calls,
We'll go to find our loved ones wait us at the gate.
Deeply missed by his wife, Ellen S. Emeigh.

IN LOVING MEMORY OF OUR dear Mother, Martha Behroeder, who passed away 2 yrs. ago today, July 29.
Loving and kind in all her ways,
Upright and just to the end of her days,
Sincere and true in her heart and mind,
Beautiful memories she left behind.
Sadly missed by her loving sons and daughter.

IN LOVING MEMORY OF JOHNny Barber Jr., who passed away July 29, 1951.
Today recalls sad memories,
Of a dear son gone to rest.
Sadly missed by Mom and Dad,
Brother and Sisters, and Grandparents, Mr. and Mrs. Joseph King Sr.

IN LOVING MEMORY OF MR. W. L. Mecredy, who passed away on July 29, 1951. Ever remembered by Mr. & Mrs. Ambrose McInnes.

IN LOVING MEMORY OF HAZEL L. Frazier, who passed away July 29, 1954.
Do not ask me if I miss her,
For there's such a vacant place,
Oh! I think I hear her footsteps,
Or I see her smiling face.
For she left me broken-hearted,
Friends may think the wound is healed,
But they so little know the sorrow,
That is in my heart concealed.
The Husband, Son & Daughters.

IN LOVING MEMORY OF OUR beloved mother, Christina Gay, who passed away three years ago July 30, 1952.
Many a lonely heartache, Often a silent tear,
But always a beautiful memory, of one we loved so dear.
Deep in our hearts your memory is kept,
We loved you too dearly ever to forget.
Sadly missed by her daughter, Christine Blower, and son Douglas Gay.

IN LOVING MEMORY OF W. L. Mecredy, who passed away 4 years ago today.
There is a link that death cannot sever.
Love and remembrance lasts forever.
Sadly missed by wife, Rose.

Shy Shoemaker Gets New Poise

Other Opera Authority Appears Too Confident to Many Viewers

By JACK OBRIAN

NEW YORK (INS)—Both Bayard MacMichael and little Gino Prato, the Bronx shoeman, have won, respectively, their $8,000 and $16,000 "plateaus" aboard "The $64,000 Question" and both plainly are showing the effect of showmanship.

* * *

Gino is no less lovable and sympathetic, but his complete shyness now has passed and he is at home on the TV studio stage; who knows, he may never leave.

Tuesday night he even threw kisses to his audience as he explained with attractive calm and poise that he knew Puccini's unfinished final opera was "Turandot," that it was completed by Franco Alfano, had its premiere April 25, 1926, at La Scala in Milan.

Before Gino agreed to go on he revealed to the national audience that should he win he will use the cash to go visit his 92-year-old father near Genoa, whom he hasn't seen since 1923.

* * *

He also said all the research and operatic refreshers he took all week, speaking aloud in order to be put to memory, had caused him virtually to lose his mellow Genoese voice.

LOTTA KNEELING

Gino said he did a "lot of thinking and a lotta church kneeling and praying," and that "to go across (meaning the ocean) and do what I gotta do, I take the chance and go for the $16,000."

He went and he won.

* * *

The sympathetic admiration of the whole nation for the fine little 53-year-old immigrant has been a lovely summer wave of warmth that hasn't been chilled by all the air cooling in use anywhere.

In moving $8,000 along toward the $64,000 MacMichael added fuel to the furor he has caused.

"I don't pretend to have any ubiquitous knowledge of opera but I am interested, as a layman," he assured emcee Hal March in his best pedantic fashion.

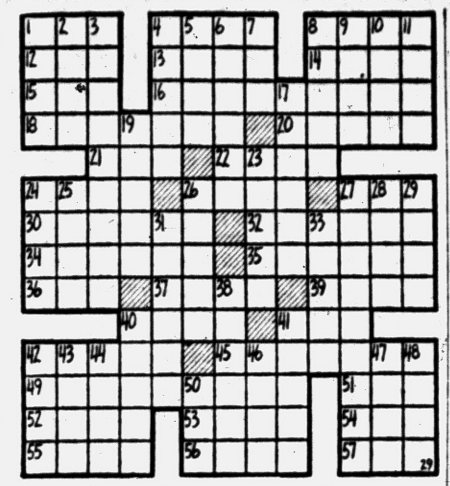

* * *

Then, cinching his $8,000, he ticked off the three operas Giuseppi Verdi tailored to Shakespearean dramas (Macbeth, Otello and Falstaff, from the Merry Wives of Windsor) with not only absolute certainty, but with a free marginal lecture on the various eras in Verdi's career when the Shakespearean items were composed:

"Otello" in his middle 70s, "Falstaff" when Verdi was an "octogenarian," topping it all with "I'm sorry for the embellishments but I thought it would embroider the subject."

DIFFERENT REACTIONS

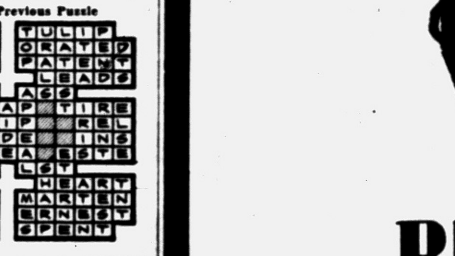

It's strange how the same TV public reacts to two such different types, both opera lovers, as Gino and Bayard MacMichael, the later also riding on his wave of operatic insight toward the $64,000 peak.

Bob Considine Says:

Adventurous Soviets Balk at Flying in Dark

NEW YORK (INS) — There's never enough time to write it all, when you attend an event such as the Geneva conference of the Big Four. Here are a few final notes:

* * *

Bulganin, Khrushchev and Molotov, men with a background of massive slaughter and daring adventure in a conspiracy where one slip-up would have meant the loss of their heads, were afraid to fly to Moscow on the night the conference ended. It was too dark.

Most Russian pilots feel the same way about night flying. They haven't had the training nor are their ships as well equipped for such flight as are ours.

Iron Curtain direction beams and other aids to night flying are primitive. Russians prefer to fly with the railroad tracks in clear view.

Everybody was wondering what the Russians felt about the Big Four meeting until Frank Conniff of the New York Journal American clapped Pravda's burly foreign editor, Yuri Zhukov, on the back and put the question to him.

Zhukov solemnly handed Frank a fresh copy of the famed Russian propaganda blatter and pointed to a picture of the happy-looking members of the Big Four and their aides. Then he intoned, "Eef eet war not sockcess there vould be no peekture in Pravda."

ODDLY REASSURING

I know it is dangerous to underestimate the enemy but a closeup view of the Russian leaders and their flunkies was oddly reassuring. Bulganin looks like a fat grandfatherly type, forced somewhat against his will to leave the comfort of his rocking chair and venture into strange lands.

Khrushchev looks, like an ill-mannered, illiterate slob, showing off in the streets as if he were at a national convention of his lodge. Zhukov was dressed like a fat chorus boy in the rear row of the male chorus of "The Student Prince." Molotov looked like a Russian actor trying to imitate Teddy Roosevelt.

There is no boss among these four Red chieftains, and that's for sure. When Stalin was alive these four sat at his feet like frightened schoolboys, afraid to open their yaps. Stalin prepared none of them for leadership.

In Geneva they were frightened, I think, and had a feeling of inferiority around Eisenhower. They had nobody to telephone to in Moscow, for instructions. They knew that if they made a mistake they couldn't go home to face their restless peoples.

It must have been a great, great relief to them when the formal announcement was made that the whole matter of decision was being turned over to the foreign ministers for considertion next October. For these men a postponement is as good as a victory.

PRAISE FOR HAGERTY

Jim Hagerty's job of briefing the world press at the Geneva conference was the best of its kind I've ever seen. His fine reporter's background served him beautifully through long days and nights of note-taking on the most complex matters.

The clarity of his explanations was tops when it came time for him to turn over to the rest of us the fruit of his long toil. The room burst into applause for him at his last briefing—causing Jim's first blush since he was christened.

The Paris edition of the Herald-Tribune rendered Ike a great disservice, I thought, in a story stating that the President's historic mutual inspection plan was a spur-of-the-moment decision.

The article said the idea came as a complete surprise to Dulles and other advisers. No direct retraction was made when Washington announced that Eisenhower's psychological blockbuster had been asesmbled 10 days previously in the National Security Council.

The world spins on. Scraping these notes together after a cool and undisturbed transatlantic sleep in the wide berth of a Sabena DC6B, I turned and saw seated behind me a man whose work may next fill our front pages: U. Alexis Johnson, U.S. ambassador to Czechoslovakia, en route to Washington for guidance before sitting down with the Chinese Reds to discuss the return of American boys being held behind the Bamboo Curtain.

Dog Tags Will Carry Name of Religion

WASHINGTON (AP) — Religious preferences of members of the Armed services will hereafter be spelled out fully on their dog tags instead of being designated by single letters.

The Defense Department said this will make it possible for chaplains in an emergency to know precisely which last rites to administer.

McCarthy Wants Chiang Represented at Red Talks

WASHINGTON (AP)—With a new blast at "appeasing the Chinese Communists," Sen. McCarthy (R-Wis) demanded yesterday that Nationalist China be represented at next week's U. S.-Red Chinese talks at Geneva.

He introduced a resolution asking the Senate to back that stand, but there appeared little likelihood of action in the rush toward adjournment.

"It is not by accident," he said in a speech, "that a Far Eastern sell-out is taking shape at the very time the Congress adjourns. The administration hopes to bring off its deal while we are out of session, and thus avoid having to answer to the representatives of the American people."
