

Rising Money Crisis Threatens 3-Year Halt on School Building

A serious financial crisis may force the Board of Education to abandon any new school construction for the next three years.

Dr. Dana P. Whitmer, superintendent of schools, said yesterday: "Money is simply not available to handle future needed construction." He blamed declining tax revenues for the money shortage.

He said the Pontiac School District also faces an operating deficit for the 1959-60 school year. That budget will be presented to the Board Feb. 26.

The cost of construction projects for the next three years would amount to \$1,650,000.

Income estimates made by school administrators in July of 1957 indicated the Pontiac School District would be able to ride the financial waves.

But new estimates last October showed that the earlier forecast had been too high, Whitmer said.

Because of reduced state equalized valuation, income from local taxes will be substantially lower for 1958-59 than the preceding year, Whitmer said.

EXPECTED LOWER REVENUE

It is expected that local tax revenues through the 1961-62 school year will be lower than 1957-58 despite increasing enrollment and apparent increases in the cost of living.

An operating budget plus debt service cuts of \$9,811,878 will probably be submitted to the Board shortly, but tax revenues may only supply \$9,771,085, Whitmer said.

Although funds available to the School District in 1960-61 and 1961-62 will be higher than in 1957-58, fewer dollars will be available per pupil, Whitmer reported.

In 1957-58, the income spent on each student amounted to \$519.75, but by 1961-62, the Board will be able to spend only \$485.17 on a youngster.

Making the future financial position of the schools even darker are forecasts that state equalized valuation will continue to drop through 1961-62, Whitmer said.

The County Tax Allocation Board is likely to reduce the millage of the school district in the years ahead, adding to the financial woes of the local schools, the superintendent warned.

The Tax Allocation Board allotted 10 mills of the total 15 mills for county, township and school taxes in 1957-58, but only 9.38 mills the past year.

In 1959-60, the possibility exists (Continued on Page 2, Col. 3)

Over 400 Newspapers Hiked Prices in 1958

NEW YORK (U-P)—More than 400 daily newspapers in the U.S., Canada, Hawaii and Puerto Rico raised their circulation prices last year, the American Newspaper Publishers Assn. reported today.

The ANPA survey showed 403 of the 1,477 papers reporting increased single copy, home delivery, mail subscription and wholesale rates. In 1957, 524 of the reporting 1,296 dailies increased prices.

Some newspapers predicted the trip would lead to an early East-West summit conference.

Dulles openly—and the French privately—endorsed the Macmillan venture as possibly useful, but they did not share the British public's expectation that it might start a thaw in the cold war.

One thing was clear: The West will await Macmillan's return from talks with Soviet Premier Nikita Khrushchev before forging any new proposals on the reunification of Germany to counter Soviet demands that the Allies get out of West Berlin.

Dulles still insisted that he is carrying no new proposals in his European tour of London, Paris and Bonn. He implied he is doing more listening than talking.

Dulles Talks With De Gaulle on Policy Issues

Hoping to Coordinate Western Views on Current Problems

From Our News Wires

PARIS —U. S. Secretary of State John Foster Dulles today meets with French President Charles de Gaulle in the second phase of his mission aimed at coordinating Western policies on Germany and other east-west issues.

Dulles also scheduled talks with Premier Michel Debre and Foreign Secretary Maurice Couve De Murville.

He will meet also with Paul-Henri Spaak, Secretary General of the North Atlantic Treaty Organization which has its headquarters in Paris.

Observers said Dulles may have received a powerful assist in his mission from an unexpected source—Soviet Premier Nikita S. Khrushchev himself.

Dulles arrived by plane from London last night after two days of cold-war talks with British Prime Minister Harold Macmillan and Foreign Secretary Selwyn Lloyd.

The London talks ended with a U.S.-Britain reaffirmation of their determination to stand firm against Soviet threats and pressure to force them out of Berlin.

Observers said the Dulles-De Gaulle discussions at the presidential palace would be a "plain talk" session. Diplomatic sources said it was De Gaulle's intention to "throw the book" at Dulles in a bid for a bigger role for France in Western policy-making.

The sources said there was little doubt that De Gaulle would bring up the fact that only he of the Big Three Western leaders has not been invited to Moscow.

Britons of all political complexion cheered Prime Minister Macmillan's decision to fly to Moscow Feb. 21 for what he called a reconnaissance mission.

The suave 64-year-old Macmillan was depicted in the British press as a "diplomatic Prince Charming out to win the hearts of the Soviet people."

Some newspapers predicted the trip would lead to an early East-West summit conference.

Dulles openly—and the French privately—endorsed the Macmillan venture as possibly useful, but they did not share the British public's expectation that it might start a thaw in the cold war.

The Load Just Got Too Heavy to Carry

SNOW COLLAPSES GARAGE ROOF — The heavy load of ice and snow piled up on this garage roof simply became too much for the frame structure to hold up. Used for storage by Holterback Auto Parts, the building, located at 273 Baldwin Ave., yesterday afternoon collapsed. This car and another were damaged, but no one was reported injured.

Flames Reach 2 While Parents Away

Boys Die in Locked House

CHATTANOOGA, Tenn. (U-P)—Two small boys, left alone in a padlocked home while their unemployed father looked for a job, died when fire destroyed the two-room dwelling.

His wife, Martha, also 29, was at her job as a waitress at the time of the tragedy. She said she and her husband could not afford a baby sitter.

Police said Boyd admitted padlocking the house despite warning four months ago from the Humane Educational Society not to leave the children unattended.

Two neighbors, W. C. Jenkins and G. W. Braden, attempted to save the children.

"Both of us kicked in the door," Jenkins related. "It had a padlock on the outside. When we opened the door, the children were still screaming. I got one foot inside, but the smoke and blaze knocked us back."

Origin of the fire was undetermined.

Police said the father was booked on a charge of involuntary manslaughter.

News Flashes

WASHINGTON (U-P)—Soviet Premier Nikita Khrushchev appears intensely interested in visiting the United States and quite irritated at President Eisenhower's unwillingness to invite him.

That was seen here as the immediate motivation behind Khrushchev's publicly proclaimed invitation today for Eisenhower to visit the Soviet Union.

THOMASVILLE, Ga. (UPI)—The White House today bluntly challenged Soviet Premier Nikita S. Khrushchev's sincerity in inviting President Eisenhower to Russia and said Eisenhower had no present plans to make such a visit.

Press Secretary James C. Hagerty pointed out that the so-called Soviet invitation was contained in a speech which also included "very hostile references to United States leaders."

WASHINGTON (UPI) — A House-approved bill to extend the draft four more years today seemed assured of Senate passage by an overwhelming margin.

The measure, a high priority legislative program, and backed fully by leaders of both parties, coasted to House passage yesterday on a rollcall vote of 381 to 20.

Saying he could not work with Straley to bring about the improvements in the police department which he was hired last October to accomplish, Eastman stripped the chief of powers last Nov. 12 and took over personal command himself.

The removal charges accuse Straley of incompetence and insubordination. In order to meet the time requirements of a statute of limitations, they must be filed within 90 days of the time Straley was still enjoying his full powers as chief.

Arthur G. Elliott Jr., county chairman, said he hoped other counties will follow Oakland's example, so that Republicans can pick from the entire state the two best possible men to oppose "Democratic" Supreme Court incumbent Justices George Edwards and John D. Voelker.

The local GOP official said the plan emanated from what he criticized as the Democrats' "partisan selection of non-partisan" candidates.

The selected Oakland lawyers were: William B. Hartman, Pontiac; David C. Pense, Ferndale; Bernard Girard, Birmingham; Clarence K. Patterson, Pontiac; Howard I. Bond, Farmington; William H. Wilmot, Pontiac; Clarence Smith, Pontiac; Howard K. Kelley, Royal Oak; Harry N. Dell, Royal Oak, and William R. Beasley, Ferndale.

Others were Glenn C. Gillespie, Pontiac; John Manikoff, Bloomfield Hills; John Martz, Birmingham; Lawrence King, Pleasant Ridge; George A. Dondoro, Royal Oak; James S. Thorburn, Royal Oak. (Continued on Page 2, Col. 7)

January Sales Tops in 3 Years for '59 Pontiac

Pontiac new car sales last month were tops for any January since 1956. S. E. Knudsen, General Motors vice president and general manager of Pontiac Motor Division said today.

January sales represented an increase of 27.63 per cent over the same period last year, he said.

During January, Knudsen said, dealers sold 30,145 new Pontiacs, compared to 23,619 in January, 1958.

Knudsen attributed Pontiac's steady climb in 1959 model sales and its increasing percentage of the new car market to the car's many new advances in engineering and styling.

Detective Orville C. Johnston, however, refused to buy the story of a bandit with a conscience and continued his investigation of the case.

The officer soon received a tip that the gas station employee and a friend had made up the holdup story and then decided to return (Continued on Page 2, Col. 7)

Police Have Ways to Sift Hoax From the Real Thing

By MAX E. SIMON

Saturday afternoon started out quietly at the police station.

A few calls trickled in over the switchboard but they were routine. Officers finishing their duty tour paused at the front desk for a few moments of idle talk before checking out for the day.

Suddenly the phone rang.

"Come quickly, I've lost a package of radioactive pellets," a hysterical voice said. "Any-one getting close to them will die."

Moments later two grim-faced police officers were on their way for a rendezvous with the caller, who identified himself as a U. S. Navy ensign.

They were to meet him at a phone booth in front of the Oakland County Courthouse. They would

have no trouble spotting him, the caller said, because he was in uniform.

The patrolmen brought the car to a screeching halt at the courthouse and jumped out. They saw a sailor strolling down Saginaw street, but no ensign. Perhaps the officer had ducked into a nearby store to warm up, they reasoned.

But a door-to-door check of the area failed to turn up any ensign. After a futile half-hour search, the pair headed back for the station.

There, they learned, no further word had been heard on the incident. None ever was.

The officers had been checking a false report.

Such calls of fictitious emergencies and crimes are common to the police. But not all are so

Convoy Drivers Suspect Plot

Believe Reds Set Up Incident in Germany on Purpose

HELMSTEDT, Germany (AP)—The drivers of a U.S. Army convoy held by the Russians for more than 50 hours said today they got the impression the Soviets had deliberately set up the incident in advance.

Specialist Elwood F. Johnson of Brooklyn, N.Y., acting as spokesman for the four drivers, said he couldn't explain their feeling, but "we got the impression it was pre-arranged."

"Within minutes of arriving at Marienborn we realized trouble was brewing up," he told a news conference at this Iron Curtain border town. The conference was held before the drivers and their four trucks resumed their interrupted journey from West Berlin to Mannheim, in West Germany.

Cpl. Richard C. Masiero of Stockbridge, Mass., the convoy commander, had returned to Berlin.

Soviet border guards halted the convoy Monday at the Marienborn checkpoint because Masiero had refused to permit an inspection of its cargo of broken-down jeeps. The convoy was released without an inspection late Wednesday after strong U.S. protests, including one from President Eisenhower.

Johnson added that it was his third convoy from Berlin and when they set off, "I had a feeling something would happen, but I didn't know the Russians would pick on my convoy."

Ava Gardner Not Worrying Trabert's Wife

SALT LAKE CITY (AP)—The wife of tennis star Tony Trabert says she isn't concerned over reports linking her husband with movie actress Ava Gardner.

"Tony is very upset," said Shauna Trabert, a former beauty queen here. "He just wrote another letter hoping everything was all right and hoping I would understand... which I do."

Australian newspapers have described Trabert as Miss Gardner's latest romantic interest.

Trabert is in Australia with a professional tennis troupe. Miss Gardner is there making a picture.

Rising Money Crisis Threatens 3-Year Halt on School Building

A serious financial crisis may force the Board of Education to abandon any new school construction for the next three years.

Dr. Dana P. Whitmer, superintendent of schools, said yesterday: "Money is simply not available to handle future needed construction." He blamed declining tax revenues for the money shortage.

He said the Pontiac School District also faces an operating deficit for the 1959-60 school year. That budget will be presented to the Board Feb. 26.

Mother Rescues Her 5 Children

Early Morning Fire Tragedy Averted by Waterford Woman

Braving smoke and flames, a Waterford Township mother rescued her five children from their blazing home early this morning.

Unharmed by the fire that quickly engulfed their one-story frame home were Mrs. Jack Seconder, 250 N. Cass Lake Rd., and the children: Douglas, 1; Mary Ann, 2; Dwight, 4; James, 6; and Jack Jr., 8.

Mrs. Seconder told township firemen she awoke about 2:30 a.m. smelling smoke.

"The whole bedroom wall across from my bed was a mass of flames," she said.

The mother grabbed the two youngest children, who were sleeping in another first-floor bedroom, and carried them out of the house to the family car.

Then she returned to the house and headed towards the basement where the three older children were sleeping.

"The basement stairs were full of smoke, I could hardly see," she said.

Awakening the children, she led them up the stairs hand-by-hand to safety.

Firemen said the upstairs was gutted, with about \$2,000 damage to the contents and home.

Cause of the blaze had not been determined. Seconder, a laid-off factory worker, is in Arizona searching for employment, his wife said.

Denies GM Break-Up

WASHINGTON (UPI)—Assistant Attorney General Victor R. Hansen today described as "wild-eyed" reports that the government will attempt to divest General Motors Corp. of some of its auto lines. Hansen, chief of the Justice Department's anti-trust division, said its investigation of the big auto firm covers other anti-trust aspects besides monopoly control.

Dulles Talks With De Gaulle on Policy Issues

Hoping to Coordinate Western Views Over Current Problems

From Our News Wires

PARIS — U. S. Secretary of State John Foster Dulles today meets with French President Charles de Gaulle in the second phase of his mission aimed at coordinating Western policies on Germany and other east-west issues.

Dulles also scheduled talks with Premier Michel Debre and Foreign Secretary Maurice Couve de Murville.

He will meet also with Paul-Henri Spaak, Secretary General of the North Atlantic Treaty Organization which has its headquarters in Paris.

Observers said Dulles may have received a powerful assist in his mission from an unexpected source—Soviet Premier Nikita S. Khrushchev himself.

Dulles arrived by plane from London last night after two days of cold-war talks with British Prime Minister Harold Macmillan and Foreign Secretary Selwyn Lloyd.

The London talks ended with a U.S.-British reaffirmation of their determination to stand firm against Soviet threats and pressure to force them out of Berlin.

Observers said the Dulles-De Gaulle discussions at the presidential palace would be a "plain talk" session. Diplomatic sources said it was De Gaulle's intention to "throw the book" at Dulles in a bid for a bigger role for France in Western policy-making.

The sources said there was little doubt that De Gaulle would bring up the fact that only he of the Big Three Western leaders has not been invited to Moscow.

Britons of all political complexion cheered Prime Minister Macmillan's decision to fly to Moscow Feb. 21 for what he called a reconnaissance mission.

The suave 64-year-old Macmillan was depicted in the British press as a "diplomatic Prince Charming out to win the hearts of the Soviet people."

Some newspapers predicted the trip would lead to an early East-West summit conference.

Dulles openly—and the French privately—endorsed the Macmillan venture as possibly useful, but they did not share the British public's expectation that it might start a thaw in the cold war.

One thing was clear: The West will await Macmillan's return from talks with Soviet Premier Nikita Khrushchev before forging any new proposals on the reunification of Germany to counter Soviet demands that the Allies get out of West Berlin.

Dulles still insisted that he is carrying no new proposals in his European tour of London, Paris and Bonn. He implied he is doing more listening than talking.

Boys Die in Locked House

CHATTANOOGA, Tenn. (U)—Two small boys, left alone in a padlocked home while their unemployed father looked for a job, died when fire destroyed the two-room dwelling.

Police quoted the father, Howard R. Boyd, 29, as saying he had left Stephen Edward, 3, and Jimmy Lee, 5, asleep on a couch while he went to hunt work. He said he

had been without a job for 18 months.

His wife, Martha, also 29, was at her job as a waitress at the time of the tragedy. She said she and her husband could not afford a baby sitter.

Police said Boyd admitted padlocking the house despite warning four months ago from the Hu-

mane Educational Society not to leave the children unattended.

Two neighbors, W. C. Jenkins and G. W. Braden, attempted to save the children.

"Both of us kicked in the door," Jenkins related. "It had a padlock on the outside. When we opened the door, the children were still screaming. I got one foot inside, but the smoke and blaze knocked us back."

Origin of the fire was undetermined.

Police said the father was booked on a charge of involuntary manslaughter.

News Flashes

WASHINGTON (U)—Soviet Premier Nikita Khrushchev appears intensely interested in visiting the United States and quite irritated at President Eisenhower's unwillingness to invite him.

That was seen here as the immediate motivation behind Khrushchev's publicly proclaimed invitation today for Eisenhower to visit the Soviet Union.

THOMASVILLE, Ga. (UPI)—The White House today bluntly challenged Soviet Premier Nikita S. Khrushchev's sincerity in inviting President Eisenhower to Russia and said Eisenhower had no present plans to make such a visit.

Press Secretary James C. Hagerty pointed out that the so-called Soviet invitation was contained in a speech which also included "very hostile references to United States leaders."

WASHINGTON (UPI) — A House-approved bill to extend the draft four more years today seemed assured of Senate passage by an overwhelming margin.

The measure, a high priority legislative program, and backed fully by leaders of both parties, coasted to House passage yesterday on a rollcall vote of 381 to 20.

4 Children Die as Fire Races Through House

AUSTELL, Ga. (U)—Four children, aged 1 to 4, perished in a fire that raced through their two-room frame house near here Thursday night.

Police identified them as Loretta Ellison, 1; Gary Gene, 2; William Henry Jr., 3; and Sara Ann, 4, children of Mr. and Mrs. William Henry Ellison.

The parents were visiting neighbors when the fire broke out.

Ellison told police he guessed the reason the house burned so rapidly was because it was sealed with old cardboard boxes. The cause of the fire was not determined.

A Familiar Story: More Snow, Cold

A few scattered snow flurries and continued cold with a low of 10 degrees is the weatherman's prediction for the Pontiac area tonight.

Saturday will be a little warmer with a high of near 28 degrees, but Sunday and Monday will be colder.

Precipitation will total four-tenths inches with snow Saturday night and again Monday.

The lowest recording preceding 8 a.m. in downtown Pontiac was five above zero. At 1 p.m. the mercury read 15.

Police Have Ways to Sift Hoax From the Real Thing

By MAX E. SIMON

Saturday afternoon started out quietly at the police station.

A few calls trickled in over the switchboard but they were routine. Officers finishing their duty tour paused at the front desk for a few moments of idle talk before checking out for the day.

Suddenly the phone rang.

"Come quickly, I've lost a package of radioactive pellets," a hysterical voice said. "Anyone getting close to them will die."

Moments later two grim-faced police officers were on their way for a rendezvous with the caller, who identified himself as a U. S. Navy ensign.

They were to meet him at a phone booth in front of the Oakland County Courthouse. They would

have no trouble spotting him, the caller said, because he was in uniform.

The patrolmen brought the car to a screeching halt at the courthouse and jumped out. They saw a sailor strolling down Saginaw street, but no ensign. Perhaps the officer had ducked into a nearby store to warm up, they reasoned.

But a door-to-door check of the area failed to turn up any ensign. After a futile half-hour search, the pair headed back for the station.

There, they learned, no further word had been heard on the incident. None ever was.

The officers had been checking a false report.

Such calls of fictitious emergencies and crimes are common to the police. But not all are so

easily solved as "The Radioactive Pellets Case."

MONEY RETURNED — Last year a Pontiac gas station attendant reported he was held up at pistol-point and the bandit

was easily solved as "The Radioactive Pellets Case."

Police Dispute Before Citizens

Charges Against Chief Ready Should Peace Attempt Fail

Removal charges against Police Chief Herbert W. Straley were ready for filing today as a 15-member citizens committee prepared to meet to head off open battle between the chief and Public Safety Director George D. Eastman.

The charges could be placed in the hands of the Civil Service Commission by late today if the 3 p.m. session of the committee fails to bring about a reconciliation.

The finalized charges rested in a desk drawer in the office of City Attorney William A. Ewart. In order to reach the Civil Service Commission, they must be signed and delivered by City Manager Walter K. Willman.

Some city officials have figured Thursday as the deadline for filing charges, but reckoning by the calendar, the deadline could be Monday.

The committee, appointed by Mayor Philip E. Rowston, has as its assigned task the ticklish job which Willman couldn't accomplish during the past four months.

It's up to the committee to get Straley and Eastman to work together or persuade one of them—probably Straley—to go quietly.

The City Commission authorized the committee to work to prevent charges from being filed in an effort to avoid the "bad publicity" it suspects would develop in an open hearing.

Willman okayed the preparation of charges by Eastman two weeks ago, after failing to persuade the two police officials to work together and being rebuffed in his efforts to get Straley to resign.

Saying he could not work with Straley to bring about the improvements in the police department which he was hired last October to accomplish, Eastman stripped the chief of powers last Nov. 12 and took over personal command himself.

The removal charges accuse Straley of incompetence and insubordination. In order to meet the time requirements of a statute of limitations, they must be filed within 90 days of the time Straley was still enjoying his full powers as chief.

January Sales Tops in 3 Years for '59 Pontiac

Pontiac new car sales last month were tops for any January since 1936, S. E. Knudsen, General Motors vice president and general manager of Pontiac Motor Division said today.

January sales represented an increase of 27.63 per cent over the same period last year, he said.

During January, Knudsen said, dealers sold 30,145 new Pontiacs, compared to 23,619 in January, 1958.

Knudsen attributed Pontiac's steady climb in 1959 model sales and its increasing percentage of the new car market to the car's many new advances in engineering and styling.

\$2,675,000,000 Measure Goes to House Now

Much Bigger Budget for Airports Next on Agenda Today

WASHINGTON (U)—The Senate today takes up an airport grant bill far exceeding President Eisenhower's request after passing a \$2,675,000,000 omnibus housing measure containing a billion dollars more than he asked.

Senators stayed late last night to put through the big housing measure, first major piece of legislation they have handled this session.

It goes to the House, which is not expected to act before the week of Feb. 15.

The passage vote was 60-38, slightly more than the two-thirds margin which would be needed to override a veto.

Democrats trimmed the housing bill somewhat on the floor in an effort to minimize its impact on the fiscal 1960 budget and thus avert a veto by President Eisenhower.

The airport and bill calls for 563 million dollars in federal grants compared with Eisenhower's request for 200 million. However, for the next fiscal year it would exceed the budget by only about 35 million.

Sen. A. S. (Mike) Monroney (D-Okla.), sponsor of the airport bill, said he has no advance plans to make floor compromises such as the Democrats agreed to on housing.

Sen. Barry Goldwater (R-Ariz.), housing bill passed by the Senate said: "The Four Horsemen of bankruptcy ride again — deficit, debt, inflation and waste — spurred on by the disciples of massive irresponsibility."

Some Republicans charged that the action on housing coupled with Democratic plans for the airport bill showed that wild spenders were in control of Congress and that any hope of a balanced budget was wrecked.

But Democratic leaders contended they had met the President half way on the housing measure and that they did not see how he could veto the bill.

Sen. John Sparkman (D-Ala.), author of the bill, said he did not believe it would increase spending. (Continued on Page 2, Col. 2)

Plan to Push Top Lawyers for Justices

Oakland County delegates to the Republican State Convention next week will spearhead a drive to draft two nominees for the Michigan Supreme Court from among the top-flight lawyers in the state. Oakland Republicans then will offer a slate of 19 county attorneys whom they "believe would make excellent, well-qualified members of the Supreme Court."

Arthur G. Elliott Jr., county chairman, said he hoped other counties will follow Oakland's example, so that Republicans can pick from the entire state the two best possible men to oppose "Democratic" Supreme Court incumbent Justices George Edwards and John D. Voelker.

The local GOP official said the plan emanated from what he criticized as the Democrats' "partisan selection of non-partisan" candidates.

The selected Oakland lawyers were: William B. Hartman, Pontiac; David C. Pense, Ferndale; Bernard Girard, Birmingham; Clarence K. Patterson, Pontiac; Howard I. Bond, Farmington; William H. Wilmut, Pontiac; Clarence Smith, Pontiac; Howard K. Kelley, Royal Oak; Harry N. Dell, Royal Oak, and William R. Beasley, Ferndale.

Others were Glenn C. Gillespie, Pontiac; John Manikoff, Bloomfield Hills; John Martz, Birmingham; Lawrence King, Pleasant Ridge; George A. Dondoro, Royal Oak; James S. Thornburn, Royal Oak. (Continued on Page 2, Col. 7)

\$89,000 State Airport Grant Proposed for Pontiac

Father Kills Son During Movie

Slashes 4-Year-Old in Theater as Mother Screams for Help

WILMINGTON, Del. (AP)—A woman screamed hysterically in the darkness: "He's killing my baby."

An usher snapped on the theater lights, and some 50 patrons turned in their seats. They saw Jose Longoria slashing wildly with a pocket knife at a small boy, his son Steven.

The 4-year-old died quickly of body wounds.

The mother, Violet, 23, sobbing as she was taken to a hospital for treatment of shock, told police the story.

She and her husband were estranged. She and Steven were living with her parents, Longoria, 32, was released from jail only last Thursday after serving time for drunken driving. He asked to meet her Thursday to discuss future custody of the boy.

The child sat enthralled by the movie, one specifically aimed at youngsters. His parents became more and more embroiled in a bitter discussion.

Apparently, no one heard them. They were in the back row of the spacious Warner Theatre. Most of the other patrons were down front, or in the balcony.

Suddenly, police said, Longoria flashed the knife.

A patron, David Cole, was the first to reach Longoria when the lights went on. The father offered no resistance.

Police said Longoria had told them he felt the child was under a bad influence.

"I love my son, but I'd rather have him dead than grow up to be a juvenile delinquent," he said. Longoria, onetime investigator for a private detective agency and lately a laborer, was charged with murder.

Camera Store Theft of \$948 Told to Police

The theft of \$948 in cash and checks was reported to Pontiac police yesterday by Mark Davis, owner of Mark's Camera Mart, 83 N. Saginaw St.

The theft, discovered yesterday, was believed to have taken place last weekend. Davis told police the checks totaling \$688 and \$240 cash were in a bag kept in a locked drawer.

Police said there was no evidence the drawer had been forced open.

George Yansen to Attend Principals' Convention

George R. Yansen, principal of Madison Junior High School, will be among the 5,000 educators attending the 43rd annual convention of the National Association of Secondary School Principals.

The five-day conference will open tomorrow in Philadelphia.

\$1 Billion Is Added to Housing Measure

(Continued From Page One)

ing by more than 100 to 130 million dollars in fiscal 1940. Eisenhower had estimated a 70 million surplus for the year which begins July 1.

The bill is designed to give a shot in the arm to the nation's housing industry by meeting emergency financing needs of some key programs.

It also contains far-reaching extensions of the slum clearance and public housing programs under which many cities are rebuilding their dilapidated areas.

In floor debate, Democrats agreed to 250 million dollars of cuts softening the immediate effect of the bill on the budget. But they beat down all Republican efforts to cut the long-range programs.

Eisenhower has asked \$1,650,000,000 of new money authorizations. Some Democrats tried to knock from a bill a provision which would boost the maximum interest rate on GI home loans from 4 1/4 to 5 1/4 percent. The effort was beaten 54-27. Administration officials had said private lenders would not take mortgages at 4 1/4 percent.

Draft Bill Due in House

WASHINGTON (AP)—Extension of the military draft, overwhelmingly approved Thursday by the House, headed today for slower action in the Senate.

WASHINGTON (AP)—Mrs. Leah Shmuel told police her husband has been missing for five months. Asked why she didn't report his disappearance sooner, she explained: "I didn't miss him until now."

BITHA, Israel (UPI)—Mrs. Leah Shmuel told police her husband has been missing for five months. Asked why she didn't report his disappearance sooner, she explained: "I didn't miss him until now."

Top Job—Dogcatcher

EFFINGHAM, Ill. (UPI)—Mayor Paul Taylor today advised aspiring office-holders to start right at the top—and run for dogcatcher. The mayor's job pays \$800 a year; the dogcatcher's \$1,200.

To Get Help, Not Punishment

Twins' Parents Released

HOUSTON, Tex. (UPI)—Officials were so touched by the troubles of the young couple who sold their

eight-year-old twin boys for \$500 that they dropped all charges against them.

Offers of help for the couple were put forward.

District Attorney Dan Walton told Justice of the Peace W. C. Ragan yesterday "I see no purpose to be served in prosecuting these people. What they need is help. I recommend dismissal of the charges."

Ragan did just that. "I've been hoping someone would make such a motion," he said.

Mr. and Mrs. Clark D. Stillion yesterday turned over the twins, Mrs. Stillion's children by a previous marriage, to a policeman and a juvenile officer who posed as a childless couple.

The officer gave Stillion \$300 in marked bills and promised to return in an hour with \$200 more.

In return Stillion made out a "bill of sale" for the boys.

The officers arrested the couple and charged them with selling minor children.

Besides the twins, who were born in England before their mother moved to the United States, the Stillions have two girls, Nancy, 4, and Tina, 3. Mrs. Stillion divorced the twins' father in England in 1933, and married Stillion, in the police press room.

Stillion said he knew the "bill of sale" for the twins was not legal, and planned to return and reclaim the boys when he got a new start.

They were reunited with their children, who had been kept in the police probation department, in the police press room.

Broomfield Wants Revised Homestead L.

Solon Seeks Aid for '59ers

Hopes brightened today for "The Fifty-Niners," who plan to settle in Alaska's Kenai Peninsula, with the announcement by Oakland County Congressman William S. Broomfield that he is striving for

more federal assistance for such homesteading adventures.

Broomfield said he has already begun work on two possibilities — revision of the homestead laws to make group settlements easier, and release of surplus foods to settlers who need the supplies.

The 50-family group knows as "The Fifty-Niners" was unable to get federal help of food and machinery as they readied their upcoming emigration to a primitive section of the rugged Kenai Peninsula.

"The Homestead Act in particular," Broomfield said, "has some antiquated provisions which ought to be brought up to date. It was designed to take care of individual families, not groups like the Fifty-Niners."

Representatives of the group had hoped to get an agreement which would permit them to live in one community instead of building a home on each 160-acre homestead as required by law.

"This provision is in special need of change," Broomfield said, "and I believe Congress will be receptive to solving problems of this nature."

On Sunday, Feb. 15, the two will host a breakfast in Avon Township and appear at noon at the Farmington Savings and Loan Building.

Senator Hart Will Tour County With Judge Candidate

U.S. Senator Philip A. Hart, formerly from Birmingham, will tour sections of Oakland County Feb. 14 and 15 with James C. Allen, candidate for Circuit Court Judge.

Allen will be with Hart for a breakfast Feb. 14 at Mitchell's in Waterford Township, a noon luncheon at the Villa Inn in Lake Orion, a stop in Clarkston at 3 p.m., and a 7 p.m. dinner at the CAI Building in Waterford Township.

On Sunday, Feb. 15, the two will host a breakfast in Avon Township and appear at noon at the Farmington Savings and Loan Building.

Ice Cicles Stop Locomotive

BISHOPTON, England (UPI)—Iceicles stopped a heavy locomotive last night. Railwaymen said the iceicles hanging over the mouth of a tunnel were so big that the engineer was forced to stop after hitting them and wait 35 minutes until they were cleared from the track.

Snow flurries flecked the Appalachians, and light snow and flurries fell in the Great Lakes region from northern Indiana northward through northern Michigan. The snow cover at Houghton, Mich., was 4 1/2 inches.

Light snow also was reported in the northern Rockies, adding one inch to the 37 inches already on the ground at West Yellowstone, Mont.

Rain dampened opposite corners of the country — in western sections of Washington and Oregon and in southern Florida. Falls in most spots were under one inch.

Skies were generally clear to partly cloudy for most of the Eastern sections of the country except for snow flurries in the Appalachians and lower Great Lakes region. Clear weather prevailed from California eastward across the southern Rockies and throughout the Plains and Mississippi Valley.

Bill Introduced in Legislature

Would Provide Funds Toward \$356,000 Plan for Expansion

A bill in which Pontiac Municipal Airport is seeking \$39,000 in state funds for a \$356,000 expansion program next year has been introduced in the Senate in Lansing.

Whether the city gets the money depends on the mood of the economy-minded Legislature.

The Pontiac bid, approved by the State Department of Aeronautics, was included in a \$1,211,000 package introduced by Sen. Greene (R-Grand Rapids) to restore annual general fund appropriations for airport projects throughout the state.

Homer D. Hoskins, Pontiac airport manager, said the \$39,000 would be adequate, if matched by local and federal funds, to finance improvements making the airport more attractive to commercial passenger and cargo flights.

Two big projects planned for 1940, he said, are extension of the new east-west runway to 5,500 feet in length and construction of a terminal building, which is scheduled for construction this year.

The money would also cover asphaltting the east-west runway and its taxi strips and installation of lights along other taxi-strips, Hoskins said.

Plans call for the construction to be financed under the federal aid to airports program, in which the federal government shares in 50 per cent of the cost and state and local governments 25 per cent each.

Thus, the airport is hoping the city will match the state's \$39,000 with its own \$39,000 and the federal government will put up \$178,000.

"But if any of the agencies—federal, state or local—trims its share, then the others will have to trim theirs accordingly under the formula," Hoskins pointed out.

In an austerity drive last year, the Legislature sliced its appropriation for the terminal building by \$50,000, with the result that the city was threatened with losing a total \$300,000 for the airport under the federal aid formula.

Later, the \$50,000 was restored by the Aeronautics Board out of its reserves, bringing local and federal contributions back up.

But the Aeronautics Board virtually exhausted its reserves last year in helping Pontiac and other communities stricken by the legislative economy move, Hoskins pointed out.

"That means that if the Legislature decides to trim our appropriations again this year, we haven't any prospects of being bailed out of trouble by the Aeronautics Board again," Hoskins warned.

Not only is the airport threatened by economy in Lansing, but in Washington, too, where the federal airport appropriations bill is under debate by Congress.

Pontiac's appropriation is tied in to a \$255,000,000 aid-to-airports bill there, but some quarters have suggested trimming this to \$200,000,000.

"With the airplane transportation business converting from conventional engines to turbo-prop and jets, this is no time to cut federal assistance to airports," Hoskins said.

"Airports are not in financial position to expand on their own, even with state aid. They've got to have federal assistance."

The runway expansion at the Pontiac airport calls for 1,500 additional feet at the west end of the east-west runway, a project for which property and clearance rights were acquired last year.

With a 5,500-foot runway, the airport could handle conventional cargo planes and medium-sized commercial-passenger planes, Hoskins said.

4 Small Children Saved as Flames Destroy Home

ANN ARBOR (AP)—Firemen rescued four small children last night from a fire that destroyed the home of the superintendent of Ferry Field at the University of Michigan.

Fire broke out in the two-story frame house while the parents, Mr. and Mrs. Robert Hurst, were away at church services. They had left the children in care of grandparents.

Pamela Sue, 10, and Friscella, 7, jumped from a second-story window into the arms of firemen.

A fireman climbed into a second-floor bedroom and crawled on the floor in rescuing two other children, Terry, 3, and Gary, 5.

Wearing a smoke mask, fireman Eugene Zulu, 30, found the boys overcome by smoke. He handed them out the window to other firemen.

Firemen said the boys' lives were saved by reviving them with a resuscitator at the scene. The boys were reported in good condition at University Hospital today.

The grandparents, Mr. and Mrs. George Hurst, were not injured. The fire melted phone lines and they fled to a neighbor's house to summon help.

Firemen said the fire may have started from an overloaded fuse box.

The grandfathers, Mr. and Mrs. George Hurst, were not injured. The fire melted phone lines and they fled to a neighbor's house to summon help.

5 Men Killed in 3 AF Crashes

Futile Search Goes On for Plane Carrying 12 Missing Over Atlantic

By The Associated Press—

Three Air Force planes crashed Thursday, killing at least five men. A futile air-and-sea search of the Atlantic continued for an Air Force weather plane.

The accidents brought the total of air fatalities for the week to a minimum of 87. Thirteen persons are missing, 12 of them aboard the weather plane. Worst of the crashes was that of an American Airlines plane which plunged into the East River at New York Tuesday night, killing 65.

Three civilians testing an Air Force Flying Boxcar C119 were killed when the plane crashed and caught fire at the edge of San Francisco Bay. The plane was on a test flight. Killed were M. L. Vinson, 46, the pilot; C. W. Clam-pitt, 49; and Russell Hansen, 44.

A twin-jet F89 fighter crashed on a high ridge 25 miles southwest of Great Falls, Mont., killing one of its two crewmen. The other man is missing. Names were withheld.

The jet was on a routine training flight from Malmstrom Air Force Base at Great Falls.

A B25 approaching the Little Rock (Ark.) Air Force Base suddenly fell, killing one of the five men aboard. He was Sgt. E. C. Wilson, 31, of Newark, Ark. The juries.

It was the second fatal accident at the base since Tuesday night, when a B47 crashed while making a landing approach. All three aboard were killed.

The Coast Guard said no sign has been found of wreckage or survivors of the B50 hurricane hunter plane which left Bermuda Wednesday.

MEADVILLE, Pa. (AP)—Death has claimed a second former member of the "Our Gang" movie comedy cast within the past three weeks.

Don Law, 38, who played "Fats" in some 20 of the old-time child comedy films, died here Thursday after a brief illness.

Carl (Alfalfa) Switzer, 32, was shot to death Jan. 21 in Van Nuys, Calif., in a fight over \$50.

In recent years Law managed a clothing store and the Meadville office of the Greyhound-Harmony shortline bus companies. He is survived by his wife and three children. Funeral service will be held Monday.

Police Have Ways to Sift Hoax From the Real Thing

(Continued From Page One)

the \$35. Under questioning, the two suspects admitted the robbery story was a hoax.

Both pleaded guilty to making a false report and were fined \$50 in municipal court.

Alert detectives can sometimes detect a false crime report as soon as they receive it.

In the summer of 1937, an elderly man ran into the police station at 1:05 p. m. Saturday, screaming he had been robbed of \$1,750 five minutes earlier upon leaving a downtown bank.

The self-styled robbery victim told Detectives John Williams and Allen Noble the robbery occurred on Saginaw street, but that passers-by "didn't notice" the crime.

A third detective overheard the report and, in a flash, exploded the complainant's story.

The banks, he observed, closed at noon Saturdays so the "victim" could not have possibly been in one at 1 p. m. The complainant then broke down and admitted his money had been taken by a confidence man.

"In that case, the complaining person wasn't prosecuted," Williams said, explaining, "It was punishment enough that he was conned out of all that money."

The reasons given for turning in false reports many times cause police officers to scratch their heads in bewilderment.

Peaches and oranges were cultivated in China 4,000 years ago.

Make Final Bids to Stall Negroes

Alexandria Has Not Given Up, but Will If Segregation Pleas Fail

RICHMOND, Va. (AP) — Alexandria's 11th hour bid to delay public school integration comes before a federal judge today as seven schools in Arlington and Norfolk complete a week of integrated operations.

At Alexandria, the school board asks U.S. Dist. Judge Albert V. Bryan to delay his order for the admission of nine Negroes to white schools next Tuesday. If Bryan turns down the request, the school board will make a similar petition to Chief Judge Simon E. Sobeloff of the U.S. 4th Circuit Court, of Appeals.

If the Alexandria School Board is unable to obtain a delay, it plans to admit the Negroes to white schools, Bryan directed the admission of the nine Negroes after hearing arguments on the validity of the board's rejection of 14 Negro applications for white schools.

Integration at six secondary schools in Norfolk and one junior high in Arlington proceeded peacefully again Thursday. Arlington officials prepared to eliminate fixed police posts around Stratford Junior High.

There were other developments on the school scene.

The Norfolk City Council replied to a federal judge's injunction against its funds cutoff plan by contending, in a formal answer, that the judge had no juris-

FANCY FENCING — Bars can't stop this tree, which has swallowed up an iron fence in the front yard of the home of Edward Harris, in Washington, D. C. He studies the conquering tree, which was only five inches in diameter when he moved into the house 25 years ago.

UPI Photo

diction in the case. The council is appealing the decision, which removed the final barrier to integration.

Four Richmond officials conferred with Virginia's attorney general about the city's school segregation problems. And 268 teachers from nine col-

leges in the state signed a statement urging a newly appointed Schools Study Commission to "preserve universal public education."

Flamingoes feed with their heads turned upside down, according to the National Geographic Magazine.

Vandals Deflate Police

BRISTOL, R.I. (UPI) — Vandals recently added insult to injury here by letting the air out of the tires of a police cruiser parked a few feet from the police station.

Unused Battleship Goes to Scrap Pile

BALTIMORE (AP) — A 55 million dollar U.S. battleship that never went to war is headed for the scrap heap.

The Kentucky will be towed into Baltimore today. She is a victim of the times and mishaps.

They couldn't finish her in time for World War II. It ended too soon. So work on her stopped.

Then she was to get a new lease on life. She was to become a missile carrier in a new age.

But when the battleship Wisconsin was damaged in a collision in 1956, the Kentucky had to give up her bow to make the Wisconsin whole again.

After that the unfinished battleship had all she could take. She just laid around the Newport News, Va., shipyards for years.

She's being sold by the Navy to the Boston Metals Co. for \$1,176,000.

Libel Case Lost by Maria Callas in Milan, Italy

MILAN, Italy (AP) — Maria Callas has lost another fight.

A Milan court ruled Thursday that the music critic of the newspaper Il Giorno didn't libel her when he wrote after her La Scala performance of "Anna Bolena" last year that she had hired people to applaud her, "struck amateur-like poses," and was "unworthy to tread the stage of La Scala."

The court said the writer, Beniamino dal Fabro, was only exercising his normal right of artistic criticism. The soprano was ordered to pay costs of the case. She had sued for 100,000 lire—\$160.

Chairman of the board of the Oakland Child Guidance Clinic Noel Buckner, left, discusses progress reports with Mrs. William Thomas and Judge Clark J.

Adams. Mrs. Thomas is director of the clinic's Birmingham Branch, and Judge Adams is a member of the board.

Among those actively interested in the Child Guidance program are, left to right, Dr. Morris Weiss,

chief consulting psychiatrist; Mrs. Warren Booth, Mrs. John Guenther and Abraham Brickner.

Irritation Often Prompted by Frustration

By MURIEL LAWRENCE

When her infant brother is fed, jealous Nora gets as close to the harrowing sight as possible. Pressing against her mother's shoulder, she watches, silent, and intent as Bryan's face takes on a look of blissful content. As his eyes close to a gentle hiccup, she'll say suddenly and passionately, "I want a bottle, too. Why can't I have a bottle, too?"

Disturbed by the intensity of Nora's feeling, her mother says

hastily, "Oh, you don't want a bottle like poor little Bryan. He just gets one because he's so weak he can't hold a glass for himself as you can."

By thus belittling the importance of the baby which causes Nora's jealousy, she is really trying to belittle the importance of the jealousy.

I'm not scolding Nora's mother for this attempt. Today, fewer and fewer of us can tolerate intense feelings in other people.

Recently, the father of a friend of mine died. She got the news as she was leaving for work. At her usual coffee counter she found herself unable to eat her breakfast, and breaking into tears, told the waitress why.

The young woman was as terrified by her grief as Nora's mother is of the child's jealousy.

Frantically plying my friend with paper napkins, she said, "Don't cry, don't cry. We all have to go sometime, don't we?" So my friend had to run into the street with her upsetting emotion.

We are terrified by children's expressions of anger, jealousy and injury because like Nora, we learned early that these feelings in us were disapproved. When we kicked and yelled in anger, the grownups said, "Is that a nice way to carry on?"

When a little sister's birthday glories made us jealous, they said, "You should be happy that Grandma sent Baby a new coat."

If we fell and cut our knee, they said, "Big boys don't cry over every little scratch."

As a result, many of us carry about with us unshed tears and unvoiced cries.

So when our child explodes some passionate feeling, like

Nora's mother and the waitress in the coffee bar, we hasten to belittle its importance. We have to do this.

If we don't minimize the feeling quickly, our own angers, jealousies and hurts might become real to us. Those unshed tears might have their way with us.

If Moving Pack China With Care

Every year about 44,000,000 Americans pack up their belongings and move to a new home. Sometimes the new location isn't far away, but as often as not, it's a long distance move. Problem: How do you get your fine china from one place to another without breaking any? Solution: Pack it carefully.

There are two ingredients which are essential to a good packing job. The first is a clean sturdy container, like a

wooden or fiber barrel. Some chemicals which are stored in barrels cause acid flames which could damage your china's glaze, so be sure the container is clean. The second is newspaper — lots of it. If you plan to store your china for any length of time, use clean white tissue paper.

It never hurts to have insurance when you move, so ask the man you hire to do the actual moving about it. It's not expensive.

When a little sister's birthday glories made us jealous, they said, "You should be happy that Grandma sent Baby a new coat."

If we fell and cut our knee, they said, "Big boys don't cry over every little scratch."

As a result, many of us carry about with us unshed tears and unvoiced cries.

So when our child explodes some passionate feeling, like

Child Guidance Clinic Hears Expert

Sontag Addresses Annual Meeting

A growing awareness of the constitutional factors in the development of children was stressed by Dr. Lester W. Sontag Thursday night at the annual dinner meeting of the

Oakland Child Guidance Clinic. Dr. Sontag, director of the Fels Research Institute on the campus of Antioch College, addressed the group at Northwood Inn.

Dr. L. W. Sontag, director of Fels Research Institute, spoke to staff members, the board of directors and those interested in the Oakland Child Guidance Clinic Thursday evening at Northwood Inn. With him is Rabbi Mordecai S. Halpern who gave the invocation.

He pointed out the importance of the continuation of study in the mechanisms of human behavior. "It is necessary to have a more effective utilization of the personality of a child in order for him to make the proper adjustment to his particular environment," he said.

Dr. Sontag's report on research being done with the "automatic nervous system" explained recent developments in measuring scientific testing results against the actual behavior pattern of the individual tested. Stating that the two invariably equalled, Dr. Sontag noted that the controlled person tested out as controlled and the "acter-outer" tested out as one who always tended to act out his problems.

Dr. Sontag said that in mental tests done to secure the I.Q. of children ranging in age from six months through elementary school age, it has been established that "the I.Q. is not a constant thing." Of the group tested, one quarter changed upward in some cases as much as 60 points, and another quarter changed downward as much as 29 points. Personality growth of the child has much to do with

this, he said. Children allowed to develop normally from the dependent infant stage to an independent stage showed considerable growth, the speaker pointed out.

Attention was pointed to the exacting job of the mental hygiene clinic staff in the treatment, prevention, cure and adjustment aid of the growing personality so that it can successfully adjust to its own environment.

Through research in this field, and in the fields of prenatal influence, problems of the mental defect due to metabolic error, the horizon of the mental health field has broadened considerably, Dr. Sontag told his audience.

Noel A. Buckner, chairman of the Oakland clinic conducted the meeting and expressed thanks to the board of directors and staff for excellent work during the past year, with special commendation to the Birmingham Junior League for support of the Birmingham clinic.

Dr. Sontag was introduced by Dr. Morris Weiss, chief consulting psychiatrist to the agency. Reports were read by Abraham Brickner, chairman of the South Oakland branch and Madeleine Hall, agency director.

THE REV. EDGAR A. LUCAS

Moslem Temple Names Chaplain

Appoint Rev. E. A. Lucas of Rochester to Serve Detroit Masonic Group

ROCHESTER—At the annual election of Moslem Temple, Detroit, illustrious Potentate Herbert Payne Jr. appointed the Rev. Edgar A. Lucas, rector of St. Philip's Episcopal Church, Rochester, chaplain of the Temple for 1936.

The Rev. Lucas has been prominent in Masonic efforts for the past 20 years, and became a Noble in Moslem Temple 10 years ago.

The Rochester minister became interested in the work of the Shrine while serving as chaplain of the Wayne County Juvenile Court. He received help from the various Shrine clubs in and around Detroit in the program he instituted for the rehabilitation of delinquent boys in the form of "The Big Brother Movement," the first of such programs in Michigan.

In addition to his recent appointment, the Rev. Mr. Lucas is a member of Phoenicia Lodge F&AM No. 331, Detroit; the Highland Park Chapter No. 180 RAN; and the Highland Park Commandery No. 53.

He also holds and honorary membership in the Rochester Lodge No. 5 F&AM, and is chaplain of the Rochester Shrine Club and an honorary member of the North Woodward Shrine Club, Royal Oak. He also is a member of the Boulevard Shrine Club of Detroit.

Holly School District OKs 6 Mill Tax Rate

HOLLY — By a vote of 746 to 694, in a special election Thursday, the proposition to increase the tax millage in the Holly Area School District to six mills for one year was approved.

Those voting in Holly gave it an affirmative vote of 622, with 491 voting in opposition.

At Davisburg the proposition was turned down by a vote of 124 to 203.

Prices Off at Auction of Champion Animals

LANSING — Prices paid for champion animals were slightly off from last year at the livestock auction, windup event of the main session of Michigan State University Farmers Week.

But exhibitors putting the blue ribbon winners on the auction block still took home a nice bundle of cash.

The champion pen of Berkshire hogs shown by L. & L.

NANCY LEE SNIDER

The engagement on Nancy Lee Snider to Pat Nunn is announced by her parents, Mr. and Mrs. Harold Snider of Linden. Pat is the son of Mr. and Mrs. Clifton Nunn of 820 Main St., Rochester. His fiancée is a member of the Lake Fenton School faculty. The couple plans an April marriage.

Jaycee Caravan Due to Visit Area

Walled Lake Residents Invited to Tour Exhibit of Group Activities

WALLED LAKE — The "Jaycee Story" trailer caravan is scheduled to visit Walled Lake Monday. They public is invited to tour the unit which will be open from 9 a.m. to visit Walled Lake Monday. The Shopping Center parking lot.

Information on Junior Chamber of Commerce activities on the national, state and local level will be displayed. Members of the local Jaycee Auxiliary will be present to answer questions and to serve coffee and doughnuts to visitors.

The Detroit Calliapi will be on hand from 11:30 a.m. until 1:30 p.m. providing musical entertainment.

The Walled Lake Junior Chamber of Commerce is presently working with the Library Committee of the community, circulating a petition requesting tax support for the local library which is currently being operated as a charity.

The petition will be available for visitors to the trailer to sign if they wish, Bob Beckett, publicity chairman, said.

Jim Jordan is chairman of the "Jaycee Story" trailer project and Dean Smith is in charge of the group's Library Committee.

Couple Returns to Finish Senior Year of College

GINGELLVILLE—Making their home in Mount Pleasant where they are both seniors at Central Michigan College are newlyweds Mr. and Mrs. Gregory L. Anspaugh.

The bride, Dawn Lucille, is the daughter of Mr. and Mrs. Harold Gilling of 4110 Baldwin Rd. here. The bridegroom is the son of Charles Anspaugh of Escanaba.

They were married by the Rev. William Miles at Gillingville Baptist Church.

For the ceremony, the bride chose a white-length gown of crystaline over satin with a lace bodice and a sash in blue. A pearl and rhinestone princess crown held her fingertip veil of French illusion silk.

She carried a cascade bouquet of stephanie lilies and carnations on a white satin ribbon.

A cousin of the bride, Eleanor Gilling of Gregory road, was maid of honor. Bridesmaids were the bride's sisters, Mrs. Walter Elmy and Mrs. Gerald Elmy, both of Gillingville.

Ron Laeder of Deckerville served as best man. Ushers were cousins of the bridegroom, Ron and Dennis Wilson of Ionia and Frank Gilling of Gillingville, cousin of the bride.

A reception was held in the church parlors following the ceremony.

OUTSTANDING AWARD — West Bloomfield Township Boys Club Director Carl (Gramps) Missett is the proud recipient of a special award for his devotion to youth work in the community. He is only the second person in the nation to be so honored by the parent organization, Boys Club of America. "Gramps" is flanked by the local club's president, Bill Auch at left and by Keego Harbor Police Chief James K. Sisk.

Keego's 'Gramps' Gets Rare Boy's Club Award

By STAN BOK

PONTIAC PRESS CORRESPONDENT

WEST BLOOMFIELD TOWNSHIP — Last night was "Gramps Night" at the West Bloomfield Township branch of the Boys Club of America.

"Gramps" is Carl Missett, a well known figure in the Keego Harbor area, who has devoted himself to the cause of the township boys club from the time it was organized in 1936.

His reward for outstanding service was in the form of a special award and certificate from the Boys Club of America.

George W. Auch, president of the West Bloomfield club, made

the presentation to Missett in the absence of Ray Bogden, district director of the central region of the Boys Club of America.

In explaining the significance of the award, Auch pointed out that the presentation to Missett marked only the second time the Outstanding Service Award was given out by the Boys Club of America since it was organized in 1906.

"Gramps" came by his nickname in a natural way since the nearly 300 boys who belong to the club regard him as a special guy who's always on their side.

Supposedly in retirement, "Gramps" has worked full time

for the club ever since he helped organize it.

Vernon Edward, mayor of the city of Keego Harbor, summed up the feeling of boys and adults alike when he said Missett has been a big credit to the City of Keego Harbor and West Bloomfield Township for his untiring efforts put forth on behalf of boys in the community.

"Gramps" and other officials of the club are now faced with a critical problem: that of moving the present Boys Club building to a new location in the near future.

Now located next to Roosevelt Elementary School in Keego Harbor, the club building must be moved when the school is remodeled this summer.

Boys Club officials now need a parcel of land and sufficient funds to move the building and set it up properly for use at a new location.

A fund-raising campaign will be held to "save the club," Missett said.

Club officials will map out a plan to raise funds.

Mrs. Morita to Speak at Rochester Club Slates Floral Expert

ROCHESTER — An authority on floral composition, Mrs. Aiko Morita of Troy, will be guest speaker at the regular monthly meeting of the Rochester branch of Woman's National Farm and Garden Assn. to be held at 1:30 p.m. Tuesday in the Avon Public Library here.

Mrs. Morita, winner of the 1936 Sweepstakes Award at the Michigan State Fair, will give a demonstration illustrating the "Sogetsu School of Modern Arrangements."

As a small child in Japan, Mrs. Morita studied flower arranging, which is a prerequisite of all children of the upper classes there. She returned to her homeland in 1923, for further study. And in 1925, she spent the summer attending special classes in design at a school in Los Angeles, Calif.

Last year Mrs. Morita was awarded a blue ribbon for her creative work exhibited in the Detroit Historical Museum's Christmas Show. She also received a blue ribbon in the 1936 Detroit Flower Show.

Hostesses for the day will be Mrs. Howard Blanchard and Mrs. Norman M'Amada. Chairman of the tea committee is Mrs. George Marquart. Mrs. Harry Freeman, Mrs. Clarence Shepard, Mrs. Howard Millat, Mrs. Vern Pixley, Mrs. Vern Sutton, Mrs. Jack Taylor and Mrs. Edward Potere.

The floral arrangement for the table will be presented by Mrs. Carl Oxford.

Hearing Monday for Ex-Officer on Misconduct

OAK PARK—Ousted Police Lt. Joseph Roberts, 36, of 15200 Oak Park Blvd. will get a hearing on charges of "misconduct" Monday at 7:30 p.m. before City Manager Pro Tem R. J. Alexander.

Roberts was dismissed from the force Dec. 2 after he allegedly shot-up a juke box in a Detroit bar with his service pistol. He was off-duty at the time.

No charges have been laid against Roberts in Detroit. He was dismissed by Safety Director Glenford Leonard here on the same day that the incident occurred.

The ex-policeman appealed the dismissal and will be represented by attorney James B. Hartrick at Monday's hearing.

Judge Raps Farmer in Neglect Find Animal Skeletons, Others in Bad Condition

KALAMAZOO — Municipal Judge Clark M. Olmsted went to the farm of Ralph Fritz to learn first-hand what all the fuss was about.

Olmsted said he found 60 sheep skeletons and a cow skeleton covered by barnyard snow. Inside the barn, said Olmsted, were 150 sheep, packed in the basement so they hardly could turn. He found only five bales of alfalfa for their food.

The judge said every third plank was missing from one side of the barn and the basement.

St. Mary's College to Do 'Caine Mutiny'

ORCHARD LAKE — St. Mary's College, here, site of the proposed Polish-American Catholic Marian Shrine, will present Herman Wouk's prize-winning drama "The Caine Mutiny Court Martial" on Sunday at 7:30 p.m. in the campus auditorium.

The play, produced by Skarga Society of St. Mary's College, is given in commemoration of the Orchard Lake Schools' — St. Cyril and Methodius Seminary, St. Mary's College, and St. Mary's Preparatory — 50th anniversary of settlement at Orchard Lake.

Starring in the drama are Detroiters Ronald Modras, Peter Ziebron, Norbert Kendzierski, Ronald Nowicki and Thomas Grubba. The Rev. John Gabalski, moderator of Skarga Society, is stage director. Tickets for the performance are \$1.50 and may be purchased by writing directly to Skarga Society, St. Mary's College, Orchard Lake, or at the box office on the evening of the performance.

Named 'Party-Defendant' With Township in Court

By LEE WINBORN

SHELBY TOWNSHIP — A court order was signed in Mount Clemens yesterday making Curtiss-Wright Corp. a "party-defendant" with Shelby Township in a case which threatens to block construction of an automobile race track on the company's property here.

Attorneys for the corporation petitioned Macomb County Circuit Court Judge Howard R. Carroll for leave to intervene in the matter.

No objections were raised by Miss Dee Edwards, one of the Detroit attorneys for the plaintiffs. Miss Edwards

Youth-for-Christ 3-County Rally Slated in Utica

UTICA — The "Three-County Youth for Christ Rally," which offers free counseling to all, will be held at 7:30 p. m. tomorrow in the Utica Community High School auditorium.

The rallies are held regularly the first Saturday of every month and are geared for youth and their present-day need for counseling and "spiritual" advice, according to the Rev. Lloyd O. Chase, pastor of the Washington (Mich.) Baptist Church, who is head counselor.

The board of directors is made up of pastors and laymen of different denominations, and guest speaker at Saturday's meeting will be the Rev. Roland DeRenzo, pastor of Trinity Baptist Church, Warren.

Another feature of the program will be a male quartet and a Bible quiz, with Five-Point Community Church challenging Elmwood Methodist Church.

Church at Rochester to Consecrate Officers

ROCHESTER—The First Congregational Church here will have a consecration service at 11 a. m. Sunday for newly-elected officers of the church.

Dr. Ray M. Hardy will conduct the service of dedication. The title of his sermon, which is the first in a series of four, will be "Mental Attitude Affects Our Daily Living."

In observance of Boy Scout Week, the local Boy Scouts will attend the 9:30 a. m. service in a body.

White Lake Will Offer Rabies Vaccine Clinic

WHITE LAKE — A rabies vaccination clinic will be held at the township fire hall, 7555 Highland Rd., from 1 to 4 p.m. tomorrow, Clerk Bert A. McKeachie announced today. He urged pet owners in the area to be sure their animals have been inoculated.

McKeachie also noted that the regular monthly meeting of the township board will be at 7:30 a.m. tomorrow, one week earlier than usual.

People 60 to 80 APPLY FOR OLD LINE LEGAL RESERVE LIFE INSURANCE

If you are under 80, you can still apply for a \$1,000 life insurance policy to help take care of final expenses without burdening your family.

You handle the entire transaction by mail with OLD AMERICAN of KANSAS CITY. No obligation. No one will call on you!

Prep League Leaders Targets

Rochester Aims for Win No. 11 Against Romeo

Pacesetters in Seven Conferences Unbeaten in Loop Play

Leaders in seven Oakland County area prep leagues are riding along with unbeaten marks within their respective conferences.

However, this could be a day of decision for those unsathed league leaders.

Rochester, 3-0 in the Tri-County and 9-0 overall, travels to Romeo to meet a dangerous Bulldog quintet. A win for Rochester would clinch the league title, but a loss would put Romeo in a tie for the lead.

Berkley, one of the top ranked "A" teams in the state, has virtually sewed up the Inter-Lakes crown, but the Bears' 10-0 mark is in jeopardy at Southfield.

Ferndale, also on its way to the Eastern Michigan League title with a current 6-0 record, could have trouble at East Detroit.

Brighton is unbeaten in the Wayne-Oakland League and should make it 7-0 after playing host to Milford, while competitor Holly with a 5-1 loop mark meets Bloomfield Hills.

Imlay City, the class of rankings locally in class C, can also put a wrap on the South Central title with a victory over Millington.

Troy, 7-0, in the Oakland-B conference, doesn't appear to be in any trouble in its Madison encounter.

Games with little league bearing share the spotlight as far as competition goes. Oxford and Ortonville play on the latter court, and Avondale meets Fitzgerald on the Auburn road court in battle to break second place deadlock in Oakland-B.

RO Dondoro, future Pontiac Central foe and one of the top ranked class A teams in Michigan, tries to hold on to a tie in the Border's Cities League at Wyandotte. The Acorns are 7-2 for the season.

Pay-as-You-See Grid Telecasts May Have Trial

CHICAGO, (AP) — The NCAA television committee is "quite sympathetic" to pay-as-you-see experimental telecasts of regional college football in Los Angeles and San Francisco next fall.

The committee will act on subscription TV when it reconvenes in Chicago Feb. 16-17 for a final vote on the 1959 football program.

Adjoining a three-day session yesterday, the committee provisionally agreed on a plan similar to that of 1958 which includes 9 national and 4 regional telecasts. The 1959 program, which must be approved by a 2-3 vote in a membership mail referendum, could have a 1-game variance in the national-regional ratio—either 10-3 or 8-5.

Albion in Overtime

ALBION — Albion scored its third win in 15 basketball starts last night when it edged Ohio's Bluffton College 83-79 in a non-conference overtime game.

Prep Front

By BILL CORNWELL

They're having quite a controversy in the Hoosier state and the issue centers around a couple of brothers whose parents recently filed suit against the Indiana High School Athletic Association.

The purpose of the suit was to protest an edict by the IHSAA which prohibits the two boys, Billy Joe and Frank Stevenson, from playing basketball this season at Seymour High School.

What's the reason for the ban? Well, last summer the Stevenson family moved from Joppa in Illinois to Seymour, Ind., and the IHSAA then barred the youngsters for life on the grounds that undue influence was used to convert them into Hoosiers.

Joe and Pearl Stevenson, the boys' parents, immediately filed suit against the prep athletic body in Jackson County Circuit Court at Brownstown.

The Stevensons are arguing that the IHSAA "is not a corporation or association organized under, or pursuant to, any laws of the state of Indiana." The IHSAA, they claim, has a monopoly over the conduct of athletics in Hoosier high schools.

Mr. and Mrs. Stevenson said that a chance for "better living conditions" prompted them to move to Seymour last Aug. 1.

The IHSAA, which investigated the situation, maintains that the Stevensons were persuaded to move by an offer of a factory janitorial job for the father and that two Seymour residents paid the family's moving expenses. In addition, the IHSAA placed the high school on probation for one year.

At any rate, Circuit Judge John M. Lewis issued a restraining order to halt the IHSAA ban and, for the time being, the two brothers are firing buckets for Seymour High.

A hearing is scheduled Feb. 11 to decide whether or not a temporary injunction should be issued against the IHSAA. We'll try to keep you posted on further details.

ODDS AND ENDS
Michigan State, Wyoming, and Louisville are among the schools wooing Bill Jennings, Avondale's All-State and All-County tackle.

MSU already has landed the services of Don Barnhart, Avon's other stellar tackle last season. Bob Flier, Southfield's All-County Class A quarterback, is headed for the University of Michigan.

Jack Coton, Farmington High School athletic director, has been presented the Farmington Junior Chamber of Commerce Distinguished Service Award for his outstanding work with young people in 1958.

Charlie Barge, Pontiac Central's recently graduated basketball star, has been working on a parttime basis in — of all places — the new Pontiac Northern cafeteria.

Farmington High will play host to a pair of regional prep events this year. The regional wrestling meet is scheduled there March 6-7 and the regional golf tournament will be held at Farmington Country Club in the spring.

Economy moves at Avondale may force the Yellow Jackets to do away with golf this spring. They'll try to have a team if at all possible.

Youth Brigade Takes Command

Jerry Magee Leader in Phoenix Tourney 7-Under 63

PHOENIX, Ariz. — A youth brigade, commanded by 25-year-old Jerry Magee of Toronto, Canada, led today's parade of touring pros into the second round of the \$20,000 Phoenix Open golf tournament.

Magee moved out front yesterday with a seven-under-par 63 that knocked one stroke off the Arizona Country Club course record.

Magee needed only 13 putts in posting a four-under-par 30 on the front nine, and 14 for the three-under 33 coming home.

One stroke back was Joe Campbell, Knoxville, Tenn., 23-year-old former collegiate golfer and basketball star from Purdue University.

The leaders:
Jerry Magee 26-63
Joe Campbell 27-64
Tommy Jacobs 28-65
Gene Lister 29-66
Bob Harris 30-67
Paul O'Leary 31-68

Youth Brigade Takes Command

Jerry Magee Leader in Phoenix Tourney 7-Under 63

PHOENIX, Ariz. — A youth brigade, commanded by 25-year-old Jerry Magee of Toronto, Canada, led today's parade of touring pros into the second round of the \$20,000 Phoenix Open golf tournament.

Magee moved out front yesterday with a seven-under-par 63 that knocked one stroke off the Arizona Country Club course record.

Magee needed only 13 putts in posting a four-under-par 30 on the front nine, and 14 for the three-under 33 coming home.

One stroke back was Joe Campbell, Knoxville, Tenn., 23-year-old former collegiate golfer and basketball star from Purdue University.

The leaders:
Jerry Magee 28-63
Joe Campbell 29-64
John McMillin 29-65
Tommy Jacobs 29-66

Eaglets Grab Share of SCL Title

Freds, Bens Mix Tonight

By H. GUY MOATS

Orchard Lake St. Mary cagers will be sitting on the sidelines tonight, hoping that St. Frederick's club comes through with a victory over Highland Park St. Benedict.

Eaglets last night powered out a 62-25 win over a hapless St. Clement quintet and thereby clinched a share of the Suburban Catholic League basketball title.

The Rams-Ravens argument will determine whether or not St. Benedict will also wind up with a piece of the championship. Rams are out of the championship race, but could give the Orchard Lakers a very welcome bit of assistance by knocking off the tough Ravens.

Eaglets and Ravens held identical records going into their final SCL tests, at 8-1. Coach Rev. John Rakoczy's boys have reeled in their 9th win, to finish their schedule.

St. Frederick, holding the only win over the Ravens this year, 26-24, in overtime, seeks its 8th win tonight in the big Pontiac Central court. Varsity game is set for 8:15 o'clock, and no changes have been made in either club's lineup.

This tilt pits a pair of evenly matched clubs, as to height, and

play-making abilities, but with entirely different styles of play. Leading scorers for the Rams include Tom Derocher, Steve Pocs, Joe Keller and Phil Bieri, a balanced outfit. Ravens lean heavily on big Art Maccucci and stocky Eddie Everhart.

In last night's windup for OLSM, at Center Line, the Crusaders' Ron Van Hulle dunked the first bucket. Then the Eaglets opened fire with 22 straight points, for a 22-3 first period. In that string they got five goals in as many shots, missed one, bucketed five more without a miss, for 10 of 12 attempts.

Chet Wlodkowski's 26-point total paced scoring, with Don Duszynski getting 14.

In case Ravens win, tonight, an agreement has been recalled to pit this club and OLSM in a playoff, next Monday, at Hamtramck St. Florian gymnasium. Winner will go on to the Catholic League title tourney, starting Feb. 15, against St. Florian.

Summary:

Fitzgerald Tames Huskies

Pontiac area wrestling squads were busy Thursday with Pontiac Northern's Huskies put on leash by a strong Fitzgerald crew 30-14, Waterford losing to Farmington, 44-10, in an Inter-Lake league windup, and Walled Lake bowing to a tough Van Dyke outfit, 31-16.

Illness hit both Skipper and Farmington squads, including Waterford's ace Mike Ewer. Each squad forfeited a match on this account. Mike Hubbell pinned Jack Callahan for his other Waterford win. Farmington winners were Don Hendryx, pin over Jim Mullenix in 41 seconds at 103 pounds; Randy Jordan, Jerry Cassell, Dick Broden, John McCamy, George Faucett (all pins), Tom Peckham, Dave Timm and Fran DePodesta.

The visiting Walled Lake grapplers managed one pin, three decisions and a draw. Wes Cottrell

pinned Allison at 127 pounds. Jim Balkwell won by decision over Henig at 133 pounds. Gary Eskelinen took a decision over Crull at 145 pounds and Bob Cristian (154) defeated George. Jim Teday drew with Copeland in a light-heavyweight bout.

PNH-FITZGERALD SUMMARY
95 pound—Jerry Mikus (F) pin Dan Scott of (PNH) 1:42 (3rd)
102 pound—Mel Marcell (F) pin Rog-ger Richards (PNH) 1:32 (2nd)
113 pound—Dick Malleszewski (F) dec. Carl Bille (PNH), 4-2
120 pound—Martin Chaisson (F) dec. Bud Beale (PNH), 4-1
127 pound—Ralph Clauson (PNH) pin Reed Bumbalough, 1:27 (3rd)
133 pound—Mike Adams (F) dec. Stan Hertel (PNH), 7-5
138 pound—Bob Hocking (PNH) dec. Bob Sauters (F), 5-4
144 pound—Bill Collie (F) pin Larry Chambers (PNH)
154 pound—Morris Lackey (PNH) dec. R. Wilkenberger (F), 3-0
165 pound—Geeley (PNH) dec. Tom Chopp (F), 9-3
178 pound—Bill Chodowsky (F) dec. Don Davis (PNH), 4-2
Heavy—Tony Miller (F) dec. Bill Green, (PN), 4-0.

Missouri Valley Power Whips Non-Conference Seattle

Bradley Set for Title Push

By The Associated Press.
The way the Bradley Braves have honed their hatchets, the approaching three-team run to the Missouri Valley Conference basketball title ought to be a dilly.
The Braves, who sharpened up with an 86-70 whipping of Seattle in an inter-sectional game last night, are involved in a race with Cincinnati and St. Louis that should carry the stretch suspense of some of the old Cunningham-Venzke-Bonthon mile duels.

Only the Southeastern Conference, with Auburn, Kentucky and Mississippi State, can hope to match the Mo Valley for class and balance at the top of the league standings.
Cincinnati and its great Oscar Robertson is the front-runner with an 8-0 league mark. St. Louis, carrying a 12-game winning streak, and Bradley trail with 5-1 — both defeats inflicted by Cincinnati.

But there's still a lot to come before the race winds up on March 7 — when Bradley entertains Cincinnati on its home court. In between, Cincinnati has another

game with St. Louis, and St. Louis and Bradley meet in a home-and-home series.
These should be some matches, with Cincinnati currently fifth in The Associated Press' national poll with a 15-2 overall record. Bradley eighth on a 16-2 ledger and St. Louis ninth with 14-2.

The hunch is all three are stronger clubs since the last time they saw each other, Cincinnati's nailed nine in a row since it ran into a two-setback roadblock in the Dixie Classic during Christmas Week. St. Louis hasn't lost since it fell to Cincinnati 57-50 on Dec. 20.

And now Bradley is streaking with six victories since falling to Louisville three weeks ago at the end of a rugged four-game road trip. It's only previous loss was at Cincinnati, 85-84 in double overtime.

The prize they are aiming for carries an automatic berth in the NCAA tournament. The conference runnerup usually goes to the National Invitation Tournament. It would be no surprise to see all three in tournaments when the March classics arrive, with the NIT grabbing the two "losers."

St. John's (NY) returned to Madison Square Garden and regained its winning touch 85-76 over Richmond; Utah fattened its Skyline Conference lead by trimming Colorado State U. 68-48; and Eastern Kentucky held its Ohio Valley Conference leadership with a 72-69

Buick Tied for 2nd After 39-37 Victory

Oliver Buick moved into the title picture in the Class C City League basketball race Thursday night with a 39-37 victory over the Pontiac Police at Pontiac Central.

The narrow win enabled Oliver to deadlock the Police for 2nd place on a 5-4 record and leave Town & Country all alone in 1st spot with a 5-3 mark. Game scoring honors went to Bill Newman of the Police with 15 points while Jack Johnson tallied 10 for Oliver. Alex Amerson fired 26 points to pace the Vikings to a 46-40 triumph over Wingemire's of Holly. Amos Bradsher notched 10 for the Holly cagers, who lost their 6th straight game.

300 for Csizmadia in Huron 'A' Loop

Jim Csizmadia of the Oakland County Road Commission rolled Pontiac's 2nd sanctioned 300 game of 1959 in the Huron Bowl "A" League Wednesday night.
His big game and a 703 series sparked Judah Lake Shopping Center to a big 3103 actual total. It was his 1st 300 and the 2nd in the history of the alleys. Bill Furlong rolled the other in December 1957.

THURSDAY'S FIGHTS
LOS ANGELES — Joe Beterra, 117, Guadalajara, Mexico, knocked out Mario D'Agia, 117, Italy, 10.
RICHMOND, Calif. — Art Rampont, 227, Richmond, outpointed Dick Kirby, 135, Los Angeles, 10.
MIAMI, Fla. — Eddie Beattie, 138½, Hamilton, Ont., knocked out Billy Hall, 153½, Norwood, Ga., 4.
CAGLIARI, SARDINIA — Piero Rolin, 169½, Italy, knocked out Corrado Moreira, 167½, Chile, 6.

decision over Tennessee Tech in last night's other features.
Dan Smith, the scoring ring-leader of Bradley's balanced team led the Braves with 30 points as Seattle lost its fourth in 19 games against college foes. Seattle stayed even until a 14-3 burst gave Bradley a 42-30 halftime lead. Bradley, hitting at a 46 per cent season pace, made 30 of 63 field goal attempts.

Tony Jackson scored 32 points and Alan Seiden 28 for St. John's, which broke a three-game losing streak for a 13-4 record. Two free throws by Pete Brunone and three by Don McGorty in the last minute enabled Manhattan to win its fourth straight, 63-58 over NYU in the second game of the Garden doubleheader.

Big Pearl Pollard, all 6-8, 240-pounds of him, led the way with

19 points as Utah gained a 6-0 Skyline record and boosted its conference streak to 13 covering last season.

Ad Man Gives Merger Views

Jones of MacManus, John, Adams Does Not See Giant Trend

ATLANTA, Ga. — The continuing trend toward merger among advertising agencies is not likely to result in domination of all advertising by a few giant agencies, Ernest A. Jones, president of MacManus, John & Adams, Inc. said today.

Jones spoke before the annual meeting of the Southeast Council of the American Association of Advertising Agencies.

"Agencies are not manufacturing concerns," Jones, a director of AAAA said. "All we have to offer is creative brains—our sole inventory. And I do not think even the most ardent exponent of strength through size believes that doubling or tripling size increases brain power proportionately."

"If it did the world today would be hip deep in dinosaurs who instead outgrew their brain power and their capacity to feed themselves and vanished from the face of the earth."

Jones said he believed merger is justified if:

1. The goal is better service rather than sheer size.
2. If the operating philosophies of the contracting agencies can be blended harmoniously.
3. If the combined managerial talent is not spread too thin.
4. If the loyalties and ambitions and teamwork of the staffs are not thwarted or destroyed.
5. If the resultant new agency is a more complete functional unit than were the combining forces.

"It might be well for us to remember," Jones told his audience in the Dinkler-Plaza Hotel, "that two weaknesses cannot produce a strength; two losers cannot produce a winner; zero multiplied to infinity, remains zero. And if size for the sake of size becomes oversteering, drop around to your friendly neighborhood museum. Ask for the Dinosaur Department."

Advertising agencies—"by a sort of Darwinian law of survival"—will tend to remain at the ideal size to do their particular job, Jones concluded.

Communication Means Power

Strategic Air Command Counts Wire Network Covering Globe

OFFUTT AIR FORCE BASE, Neb. (UPI) — The Strategic Air Command's awesome force of bombers and missiles, dispersed around the world, would be useless in this age of split-second warfare without a communications network that borders on the fantastic.

LT. Col. Joe H. Beler, a peppery, 40-year-old amateur radio enthusiast and chief of SAC's air electronics branch, put it this way:

"Communication is synonymous with command power."

Beler, who began his service career 19 years ago as a private, oversees the operation of the nucleus of SAC's vast communications network in the command post buried three stories deep in the rolling Nebraska prairie at Offutt Air Force Base near here.

SAC messages circle the globe by telephone, teleprinter, cable and radio. Both normal high frequency radio and a version new to the military, single side band, are incorporated into the system, Beler said.

The teleprinter room in the underground nerve center houses some 76 teleprinters and keeps 265 persons working. There is a direct line to SAC bases all over the globe.

The teleprinters are all outfitted with cryptographic equipment which takes messages, scrambles them into unreadable garble, then decodes them instantaneously on the receiving printer. SAC has telephone equipment which does the same thing — as a precaution against the interception of secret messages.

New Page Sworn In

LANSING (UPI)—Negro page Huey Ferguson, 14, Detroit, was sworn in yesterday by House Speaker Don R. Peers (R-Buchanan). He is a 10th grader at Detroit's Eastern High School. He is not the first Negro page in the legislature.

This Kid All Sewed Up

JOHNSTOWN, Pa. (U) — Nurses in the emergency room of a Johnstown hospital did a double take the other afternoon when 5-year-old Richard Neuman had three stitches taken in his forehead as the result of a spill at his home. A few hours earlier Richard had been in the same hospital and received two stitches for a cut on the left cheek, also received in a fall.

Buick Promotes Glenn D. Wilson to Fleet Sales

FLINT—Glenn D. Wilson, a former Pontiac resident and manager of Buick's retail operations, has been appointed national fleet sales manager. Edward C. Kennard, general sales manager, announced today.

George G. Spaulding Jr., who has been on special assignment with Buick since last October, will succeed Wilson, Kennard said.

Both appointments are effective immediately.

Wilson, 49, has had experience in both retail and wholesale marketing of automobiles. He started with Buick in 1945 as used car manager of the Flint retail store and was made manager in 1948.

Two years later he was sent to Pittsburgh as zone manager and the following year he took a similar post in Cincinnati.

He returned to Flint as director of merchandising in 1953, a position he held until he became manager of retail operations last April.

As manager of fleet sales he will maintain his headquarters in Flint, Kennard said. However, most of his time will be spent in the field working with Buick dealers and helping them with their contacts with fleet users.

Holland Counts New Oil Wells

Derricks Getting Just as Common as Dikes in Landscape

THE HAGUE, Holland (UPI)—Oil derricks are as much a part of Holland's landscape as dikes.

The world's most densely populated nation is now producing even more oil than the United States—at least on a land ratio basis.

The U. S., with an area about 200 times larger than Holland, produced 333.3 million tons of oil last year, or 256 times as much as the 1.3 million tons of oil produced in Holland in the same year.

The more than 350 producing wells in Holland are run by Nederlandse Aardolie Maatschappij, or NAM, a joint venture on a 50-50 basis involving the Bataafsche Petroleum Maatschappij, BPF, and Standard Oil of New Jersey.

Holland's young oil industry—its first productive drilling operation came 10 years ago—provides for 25 per cent of the national consumption and production is steadily increasing.

Before World War II, oil derricks were to the Dutchman what windmills were to the American—structures known only from films and pictures.

Today, these derricks are towering over the cows in the meadows, over the famed glass-houses in the "Westland" and in the dunes along the North Sea.

They have even moved into the cities and have become a familiar sight in the northern residential suburbs of The Hague. After a while, the derricks disappear to make way for nearly-inconspicuous installations which pump oil through small underground pipes to larger collection centers.

Oil thus far has been found in exploitable quantities in Holland in the general area of Schoonebeek, in the central northeastern part of the country, and in the nation's most densely populated province, Zuid-Holland, between The Hague and Rotterdam.

The ownership of land in Holland does not include the minerals in the soil, which belongs to the state.

Chrysler Will Recall 5,000 at Hamtramck

DETROIT (UPI)—Chrysler Corp. said today it will pull back to work next Wednesday 5,000 employees at the Dodge assembly plant in Hamtramck.

This will leave about 15,000 employees at other assembly plants in the nation still idled by a strike at Pittsburgh Plate Glass Co. plants. A shortage of windshields forced curtailment of operations last month.

But the company has found alternate sources of supplies to permit recall of workers at the Hamtramck plant which produces Dodge and De Soto Firesweep passenger cars.

Guard Trains Parrot to Call Time on Visits

CAIRO (UPI) — Visitors at the Cairo zoo were startled when the parrot they were looking at shouted "please get out" several times. Somebody looked at his watch. It was closing time.

The guard had taught the phrase to the parrot so he could be spared the trouble.

Solos in Eight Hours

DUNCAN, Okla. (U) — Richard Spurgeon made his solo airplane flight on his 18th birthday with less than eight hours formal instruction. He got his student permit early in the morning and soloed in the afternoon. The boy's father had been instructing him to fly since he was eight.

Business Notes

Max E. Wilson, associate manager of the Pontiac District Life Insurance Co. of Virginia, has been promoted to agency training supervisor for the Michigan and Ohio areas.

A past president of the Pontiac Life Underwriters Assn., Wilson lives at 473 S. Opdyke Rd. with his wife and their two children.

Prof. Hart Appointed Head of LIT Group

Professor Arthur Hart, member of the electrical engineering faculty at Lawrence Institute of Technology, will become the director of the college's Technical Institute at the start of the second term on Feb. 17.

The appointment was announced by Dean Mordica M. Ryan, head of academic administration, who said that the new position consolidates the duties previously performed by several members of the faculty under Co-ordinator Arnold Blythe who served on a part-time basis. Blythe will continue on the faculty as a social science professor.

Hart has been a member of the L.I.T. faculty since 1946. He attended a special conference at Case Institute of Technology in Cleveland last summer, designed for technical institute directors.

The Technical Institute offers programs in building construction technology, electric and electronic technology, industrial supervision, mechanical, refrigeration and air conditioning technology.

Hart, who lives in Walled Lake, is a graduate of Lawrence Tech.

Police Take Kidnaper After Fast Chase

FAIRFIELD, Calif. (AP)—Officers captured a gunman-kidnaper today after a 120 m.p.h. bullet-spattered chase.

They identified the man as Charles D. McArthur, 40, of Dixon, 5 1/2 hours after the wife of a wealthy Dixon chicken rancher was kidnapped and a \$100,000 ransom demanded.

He was caught on the outskirts of nearby Vacaville at 5:31 a.m. in the auto of rancher John Dawson after firing a shotgun charge and blowing out the windshield of a pursuing sheriff's car.

Dawson's wife, Hilda Faye, 65, was rushed to a Vacaville doctor.

The intruder was armed with a sawed-off shotgun and wore a silk stocking mask and gloves.

Dawson said the man took Mrs. Dawson outside and then returned to say: "I want \$100,000—I'll be contacting you in a day or two."

The man gained entry, Dawson said, by breaking in a patio door window.

Roadblocks were set up immediately after Dawson called the sheriff.

DETROIT (U) — Ford Motor Co. states it will lay off 625 employees at its Dearborn Iron Foundry and Engine Plant, effective this week-end.

The layoffs, affecting 225 employees at the Foundry and 400 at the Engine plant, will be for an indefinite period, Ford said. The Foundry's normal employment is 5,000, the Engine Plant 4,100.

A company spokesman said the layoffs followed a reduced demand for the eight cylinder engines produced at Dearborn and an upturn in demand for six cylinder engines made in Cleveland.

WHICH IS WHICH — That's what this pupil is scratching his head about. He's trying to decide which of the look-alike young women is his teacher. They are Betty Trinkle, left, and her 21-year-old identical twin sister Barbara. Both teach in a Newton, Iowa grade school.

MARKETS

The following are top prices covering sales of locally grown produce brought to the Farmer's Market by growers and sold by them in wholesale package lots. Quotations are furnished by the Detroit Bureau of Markets, as of Wednesday.

Detroit Produce

Apples, Delicious, bu. \$4.20
VEGETABLES
