

Since Barack Obama Has Become President

- He signed an order to close Guantanamo Bay without a plan to deal with the terrorists who are there.
- He borrowed an additional \$350 billion for TARP money.
- He borrowed nearly \$800 billion from the Chinese and the Saudis to pay for his “stimulus” spending bill.
- He raised the federal debt ceiling to \$12 trillion, more than \$40,000 for every man, woman and child in America.
- He passed a \$400 billion omnibus spending bill that represents the largest spending increase since Jimmy Carter (except immediately following 9/11).
- He announced a new “cap and trade” plan that might cost the economy an additional \$1 trillion to literally trade “air” on Wall Street.
- Through his budget he announced massive amounts of new spending on healthcare, a massive tax increase on small business owners in 2011 and cuts to military spending during time of war.
- He signed an order to have the White House run the census, which determines the makeup of Congressional districts.
- 3 Obama Cabinet nominees have withdrawn.
