Zorin Evades Adlai's Challenge

UNITED NATIONS (AP) — "Do you... dare that the U.S.S.R. has placed and is placing medium and intermediate-range missiles and in Cuba? Yes or no... I am prepared to wait for my answer until Hell freezes over..." Stevenson took his stand in a calm, determined voice, hurling a direct challenge at Soviet Chief Delegate Valerian A. Zorin.

It was one of the most dramatic confrontations in the history of the U.S. Security Council. It unfolded last night with pictures as the world's two giant powers sparred over tiny Cuba.

Delegates crowded around as Stevenson described U.S. intelligence photographs he cited as evidence of a Soviet rocket build-up in Cuba. An aide with a pointer directed attention to the sites as Zorin spoke.

Chief U.S. Delegate Adlai E. Stevenson rested his case. Zorin conferred with aides and then replied in even tones.

Mr. Stevenson has put the question to me of the sending of nuclear weapons to Cuba. He asked me to give him an answer... and has then demonstrated

"proof" which the United States might present as a motive or evidence in support of their aggressive actions."

Zorin scorned the photographs, speaking of forgeries, and then went on to repeat the Kremlin boast of Sept. 11 that "our nuclear means are so powerful... and the Soviet Union has such powerful means of delivery... there is no need to seek any further sites for them outside the borders of the Soviet Union."

Stevenson quickly rose to the challenge again: "I have not had

a direct answer to my question... The question is have they missiles in Cuba — and that question remains unanswered. I knew it would be."

The climactic scene in the council chamber also brought bitter changes over how — and why — the crisis reached such a dangerous point and brought on the American quarantine against shipment of offensive arms to Cuba.

Stevenson declared: "The argument is that it is not the Soviet Union that it is not the

Soviet Union which created this threat to peace by secretly installing these weapons in Cuba but that the United States which created this crisis by discovering and reporting these installations."

In a tone of sarcasm, Stevenson went on: "This is the first time, I confess, that I have ever heard it said that the crime is not the burglar but the discovery of the burglar."

Zorin demanded to know why President Kennedy did not say a word about the missile site when

he met Soviet Foreign Minister Andrei A. Gromyko Oct. 15 — and added: "Why? Because no such facts exist... Falsity is what the United States has in its hands, false evidence."

HOW FAR?

Stevenson: "You ask with a fine show of indignation why the President did not tell Mr. Gromyko... about our evidence... well, I will tell you why — because we were assembling the evidence, and perhaps it would be instructive to the world to see how a

Navy Boards Ship Chartered by Reds; No Weapons Found

WASHINGTON (AP) — A U.S. Navy party boarded a Soviet-chartered Lebanese freighter today, and reported more than two hours later that no offensive weapons material was aboard.

The freighter, Marcula, was permitted to sail on for Havana with a cargo described as 12 trucks, sulphur, paper rolls, and parts for trucks.

Arthur Sylvester, assistant secretary of defense, told a news conference that the Navy had received a message saying that the boarding party was returning to the destroyer Joseph P. Kennedy at 10:20 a.m. EST. The message reported that no prohibited material has been found on board.

The message said all the Marcula's papers were in order and the boarding party had obtained a copy of the cargo manifest. "Cargo 12 trucks deck loaded," the message said. "All holds loaded to capacity. No passengers."

Stopping of the Marcula was the second interception announced and the first reported boarding by the Navy since it clamped a quarantine on Communist arms shipments to Cuba.

The Marcula, which Sylvester said was listed in Lloyd's shipping registry as a British-owned World War II Liberty ship, was given permission to proceed on a course for Havana.

The vessel reportedly flies Lebanese flag.

The boarding party, of undisclosed size, went aboard the Marcula at 6:50 a.m. 100 miles north-east of Nassau in the Bahamas.

SET OUT THURSDAY

Sylvester said that the destroyer John R. Pierce set out Thursday to intercept the Marcula, assisted by tracker airplanes.

The Pierce made a contact about 10:20 Thursday night and was joined by the destroyer Joseph P. Kennedy after midnight. The Kennedy was named for the President's brother, a Navy flier killed in World War II.

During the rest of the night, the Marcula headed on a south-southwest course at 12 knots, Sylvester said.

The freighter informed the Pierce that she had a cargo of sulphur, paper rolls, and truck parts.

Robert C. Smith, Republican challenger for State Rep. Arthur J. Law's second district state legislative seat from Pontiac, said the "purely political investigation has cost the state much in hard earned tax dollars."

India Declares Emergency as Reds Advance

Nehru Given Supreme Powers to Defend Against Chinese

NEW DELHI, India (AP) — Chinese troops drove deeper into India today and President Sarvepalli Radhakrishnan proclaimed a state of emergency, putting the nation on a war footing.

Prime Minister Nehru's government was given supreme powers to rally the nation's 457 million persons for an all-out defense of what he has charged is a Communist threat to their freedom.

The emergency proclamation came as the Red Chinese kept up their attacks at both ends of the northeastern frontier.

India, pushing regular army troops to the front to bolster outposts manned by border guards, claimed the Communists had been beaten off at two points as resistance stiffened.

in Norfolk, Va. Seventeen hundred military dependents were aboard. (See story on Page 25).

Meets With Stevenson's Aides

Thant Trying Mediation

UNITED NATIONS, N.Y. (AP) — Acting Secretary-General U Thant met with representatives of the United States today in an effort to set up negotiations to end the Cuban crisis.

He scheduled meetings later in the day with Soviet and Cuban diplomats.

Two top-ranking members of the permanent U.S. delegation to the United Nations — Ambassadors Francis T. P. Plimpton and Charles W. Yost — met with Thant in the absence of Chief

Delegate Adlai E. Stevenson who had rushed to Washington for consultations.

The first meeting took place at 11:30 a.m. EDT in the 36th floor office of the secretary-general. Thant arranged to see Soviet Deputy Foreign Minister Valerian A. Zorin at 4:30 p.m. and Cuban Ambassador Mario Garcia — Inchausti at 5:30 p.m.

CONSULTS WITH JFK

In Washington, Stevenson conferred with President Kennedy and attended a meeting of the

12-member executive committee of the National Security Council at the White House.

The meeting here began as the Navy announced in Washington that two destroyers had stopped and sent inspecting parties aboard a Soviet-chartered freighter bound for Cuba for the first time since the Cuban quarantine became effective Wednesday.

The vessel was the 7268-ton Marcula, a Lebanese flag ship out of Riga, in Soviet-run Latvia on the Baltic Sea. The Navy's announcement said the first message from the boarding scene, 180 miles northeast of Nassau, included the words: "Cooperation good."

Further Action in Cuba Hinted

WASHINGTON (AP) — A State Department spokesman said today "further action will be justified" if offensive military preparations in Cuba continue.

Press officer Lincoln White gave that reply to a question concerning the possibility of a U.S. invasion of Cuba. The present U.S. quarantine against offensive arms there is aimed against a build-up of long-range Soviet power in Cuba.

White declined to speculate on just what the United States might do. However, officials said surveillance discloses that the work of building missile sites in Cuba is continuing.

The spokesman said: "I would like to underline that portion of the President's speech Monday night which said, 'Should these offensive military preparations continue, thus increasing the threat to the hemisphere, further action will be justified.'"

White House officials reported an indication that events of the last 24 hours have been the Cuban crisis, despite optimism to that effect in sections of the European press.

That was their response to questions about reports that Western Europe — or a part of it — was speculating that the crisis had eased or was passing.

White House press secretary Pierre Salinger said he may have a statement later in the day on activity at missile sites in Cuba. White House sources had said yesterday that work is continuing at the Soviet-built installations.

There was no direct answer to questions whether the government is considering direct action against the missile sites. Questioning newsmen referred to President Kennedy's speech Monday night which said that measures beyond a blockade against delivery of offensive weapons to Cuba may be necessary.

Administration sources declined to identify any world leader with whom Kennedy might have communicated this week.

Broomfield Eyes Scope of Quarantine

Oakland County Congressman William S. Broomfield today questioned whether President Kennedy's "quarantine" of Cuba is inclusive enough.

Broomfield, a member of the House Foreign Affairs Committee, commented after a two-hour briefing of Michigan congressmen and senators in Chicago yesterday.

"At present, cement and liquid rocket fuel are admissible cargoes. If we want their offensive rocket, however, not only stopped but taken out, these cargoes should be stopped," Broomfield said.

He added Cuba has a cement shortage.

Broomfield also questioned allowing Russian technicians and military personnel to enter Cuba. "They have a tremendous number of mobile medium range (1,000 mile) missiles ready to go, and I think it is a reasonable assumption they have nuclear warheads for them," Broomfield added.

The congressman said he felt the President's action was necessary and very timely, but perhaps the quarantine list should be enlarged to be more effective.

News Flash

CAPE CANAVERAL (UPI) — The United States today successfully fired its mightiest war rocket, a 14-story Titan-2, some 1,500 miles across the Atlantic Ocean in a military test.

Grid Fans to Get Break

Football fans will welcome the warmer temperatures forecast for Saturday and Sunday. The Weather Bureau said temperatures will drop to 27 tonight but will rise to 47 tomorrow.

For the next five days recordings will average 2 to 5 degrees below the normal high of 52 to 56 and normal low of 32 to 38.

Monday will be a little colder but Tuesday and Wednesday will again be warmer.

Precipitation will total less than 4 of an inch in showers Sunday for Monday, and again Wednesday.

Morning northerly winds at 10 to 25 miles per hour will diminish tonight.

Twenty-four was the low temperature in downtown Pontiac before 8 a.m. The reading at 2 p.m. was 38.

Pontiac Press Photo by Phil Webb

SNOW QUEEN — By mid-afternoon yesterday, Pontiac area mothers were digging winter tops out of closets and little snow kings and queens were popping up everywhere.

Typical of the youngsters who romped for joy in the early snowfall is pretty Debbie Sexton, 10-year-old daughter of Mr. and Mrs. Hugh Sexton of 216 W. Fairmount St.

UF Campaign Workers Pushing Toward Goal

Two more days—that's the extra time given the house-to-house campaign of the Women's Division of the Pontiac Area United Fund Drive for 1962.

At the end of their original 10-day drive today, the women had reached 61 per cent of their \$28,214 goal.

The total campaign advanced slightly over a 30 per cent report earlier this week, with \$26,229 or 32 per cent of the \$76,125 goal now collected, reported General Chairman Fred V. Haggard.

He urged all division workers to redouble their efforts to complete all calls by Nov. 9.

The Women's Division chairman, Mrs. Joseph Fox, said she is very pleased with the results so far.

"Our women," she said, "have been out making calls in spite of the weather. Sixteen districts are now over the top."

Denial Called A Lie

'Barnett, U.S. Did Agree'

NEW ORLEANS, La. (AP) — A federal appeals court considering the contempt case against Mississippi Gov. Ross Barnett has been told of an agreement between Barnett and the federal government on James H. Meredith's admission to the University of Mississippi. In a memorandum filed with the 5th U.S. Circuit Court of Appeals here, the Justice Department said

it could prove false Barnett's denial of such an agreement. In a parallel development, a Baton Rouge, La., television station quoted U.S. Atty. Gen. Robert F. Kennedy as saying Barnett was making arrangements for Meredith to enter at Oxford at the same time as he was telling Mississippi no Negro would be permitted to enter the university.

Meredith's entry to Ole Miss sparked a campus riot Sept. 30 that killed two and injured hundreds before federal troops restored order.

In the television interview with WBRZ newsmen Brooks Read, taped in Washington and shown in Baton Rouge, Kennedy said: "Initially, the plan suggested by the governor was that he would go to Oxford while he moved Meredith to Jackson, but then he decided against that."

Later, the attorney general said, it was worked out for Meredith to arrive at Oxford on Sunday, Sept. 30, escorted by state patrolmen and school officials.

"We believed him, we trusted he would keep his word," Kennedy said, "but unfortunately the highway patrol was withdrawn at a crucial point during the rioting."

Kennedy said the administration had made "a real effort to avoid using any troops at all. We tried to work this out at the local level, with local leaders," he added.

CONSIDERS REQUEST
The appeals court is considering the Justice Department's request that it fine Barnett \$10,000 a day starting Oct. 2, for failure to purge himself of contempt. He was found in contempt Sept. 28 for blocking Meredith's admission to Ole Miss and given until Oct. 2 to purge himself.

The Justice Department memorandum was designed to answer last week's Mississippi contention that the federal government had given a wholly inaccurate picture of talks between it and Barnett.

"The denial of any arrangements between the governor and the United States for the entrance of Mr. Meredith on the campus of the University of Mississippi on Sunday, Sept. 30, is without foundation," it said.

"The United States stands ready to prove the details of the arrangements made and its intent."

In Oxford, Meredith prepared to wind up his fourth week as a student. His weekend plans have not been disclosed.

Student Rebels Vow to Fight Integration

OXFORD, Miss. (UPI) — A student group calling itself the "rebel underground" vowed last night to "resist by every effective means . . . brotherhood by bayonet" at the University of Mississippi.

In handbills circulated throughout the campus, the group said it was serving "notice to the forces of integration that we have only begun to fight."

The handbills said the "rebel underground" was composed of students who resented Negro student James H. Meredith here.

Adlai's Challenge Evaded by Soviets

(Continued From Page One)

Soviet official — how far he would go in perjury.

"And while we are asking questions, let me ask you your government, your foreign minister, deliberately, cynically deceived us about the nuclear build-up in Cuba?"

"Don't wait for the translation — yes or no?" Stevenson urged. The U.S. delegate then raised his demand for a "yes or no" answer.

WASHINGTON (AP) — U.N. Ambassador Adlai Stevenson flew to Washington for a meeting with President Kennedy today in advance of preliminary talks at the United Nations to determine whether negotiations are possible on the Cuban crisis.

Whether the Soviets were building missile sites in Cuba.

"I am not in an American corner, sir," replied Zarin, "and I do not wish to answer a question that is put to me in the fashion in which a prosecutor puts questions. In due course, sir, you will have your reply."

The Soviet reply came later — but not yes or no.

ODDS WITH BIRMINGHAM — The chances of a Birmingham girl being selected Monday as Michigan State University Homecoming Queen are twice as good as those of any other city. The Oakland County community is the only town represented by two queen finalists. The MSU beauties (front row, from left) are Carol Coates of Saline, Sheila Evans of Rahway, N.J., and Ruthann

Helmrich of 1305 E. Maple Road, Birmingham. In the center row are Mary Jane Walker, New Bedford, Mass.; Patty Johnson of Grand Rapids and Irene Hilker of Chicago. The others are Maria Colucci, Niagara Falls, N.Y.; Margaret Allen, Lakewood, Ohio; Sharon Thurman of Trenton; and Jane McKinley of 1195 Derby Road, Birmingham.

Third American Document Rejected by Russ in Moscow

MOSCOW (AP) — The Soviet Foreign Ministry sent back to the U.S. Embassy today another official American document on the Cuban quarantine. It was the third to be spurned.

The act of sending a note back amounts to a rejection.

The note delivered to the Foreign Ministry today was an addition to previous control orders governing the blockade. It put rocket fuel under the official U.S. ban.

Earlier, the Foreign Ministry had returned the general proclamation of the quarantine and a note concerning governing orders for submarines entering the blockade zone.

Despite these cold moves by the Foreign Ministry, relations between U.S. officials and Soviet personalities continued on an outwardly friendly basis.

But U.S. Embassy sources reported the Soviet government apparently had imposed a ban on travel outside Moscow by Western diplomats.

The ban apparently went into effect Tuesday, after President Kennedy announced the quarantine of arms shipments to Cuba.

U.S. Embassy sources said three of its officers had been sent back to Moscow. They noted, however, that an escorting officer with the touring Robert Shaw Chorale had not been affected. He is still with the group in Leningrad and is scheduled to accompany it to Kiev Saturday, they said.

The U.S. Embassy said the Foreign Ministry had not formally notified Westerners of any ban and no inquiries for explanation have been made.

Reds Harass Berlin Traffic

BERLIN (UPI) — East German Communist guards resorted to harassing tactics today that seriously delayed West German traffic on the 110-mile super-highway linking Berlin to the West.

West Berlin police reported that Communist guards at Marienborn, the Communist checkpoint on the western end of the highway, imposed a slow-down starting at 6 a.m. (1 a.m. EDT).

Police said trucks en route from West Germany to Berlin were painstakingly searched by the Red Guards, with many of the vehicles being forced to unload their cargoes completely. Some trucks were delayed up to four hours.

There was no immediate explanation of the Communist action on the autobahn. Some officials have feared a move against Berlin as a result of the Cuban crisis.

The crew decided to try a touch-and-go landing, with three men in the cockpit, one on the nose wheel and — POP! — on came the evasive little red light in the cockpit indicating the wheel was in place.

The ship roared back off the runway, circled the field and came in for a smooth landing with nothing damaged but with some nerves frayed.

A Delta official said a malfunction in the electrical system had caused the false indication and that the gear had probably been in place all along. "Our crew was acting in the best interests of safety with its caution," he said.

Birmingham Area News

5 Schools From City to Play at Band Night

BIRMINGHAM — All five of Birmingham's junior and senior high school bands will take part in a special All-City Band Night this evening at Seaholm High School Field.

Halloween will be the theme of the musical program to be presented during half-time of an 8 p.m. football game between Birmingham Groves and Dearborn Hoston High School.

A total of 200 young musicians

will represent Barsum, Derby and Groves junior high schools and Seaholm and Groves senior high schools.

In addition to a varied selection of tunes prepared for the event, the bands will present colorful formations of skeleton, cornstalks and other Halloween-inspired themes.

Mrs. Anna Halsted of Birmingham is in New York this week to be at the bedside of her ailing mother, Mrs. Eleanor Roosevelt.

New York sources reported yesterday that the former First Lady, 78, continues to rally under treatment for anemia and a lung infection.

Mrs. Roosevelt was released last week from Columbia Presbyterian Medical Center. Mrs. Halsted is staying at her famous mother's New York apartment.

A story in this month's issue of School Management Magazine, written by two Birmingham men, commends members of the Information Committee of Independent Citizens for Birmingham Schools.

The authors are William Lyman, chairman of the Lyman committee, and Walter J. Piel, administrative assistant in the Birmingham Public School System.

The article explains how the citizens committee members worked to help pass a millage issue in a November 1961 election.

Leander Weatherly
Service for Leander Weatherly, 85, of 1535 Ruffin St., will be at 1 p.m. tomorrow at the Manley Bailey Funeral Home. Burial will follow in White Chapel Memorial Cemetery, Troy.

Mrs. Weatherly died yesterday at home following a long illness. He was a retired employee of the City of Birmingham's Department of Public Works.

Surviving is his wife Myrtle.

Frank Olsen
Service for Frank Olsen, 79, of 384 W. Brown St., will be 2 p.m. tomorrow at Stebbins Funeral Home, Sheridan. Burial will follow in South Sidney Cemetery, Greenville.

Mrs. Olsen died unexpectedly yesterday in West Branch. He was a retired member of the Birmingham Volunteer Fire Department.

Surviving are a sister and a brother.

Dems Urge Probe in Overcharge Case

(Continued From Page One)

charged incumbent Prosecutor George F. Taylor "laughed off" the auditor's report as politically motivated.

Bronson said that if he is elected prosecutor, he will issue warrants against "major offenders" if they refuse to reimburse the county and halt the expense account practices under attack.

Drain Commissioner Daniel W. Barry is charged with overcharging the county \$740 in reimbursements for mileage expenses and other amounts concerning meals. Barry's opponent, Roy J. Russell, said Barry "is milking the county."

"ARROGANT HANDFUL"
Bronson termed the current Republican officeholders a "cynical, arrogant handful of incumbent politicians who don't want the public to know what's going on."

He said the audit disclosures probably represent "only about 5 per cent" of county fund misuse.

Fulkerson said Republicans talk about economy in government but "are liberal with money when it's for their own interests."

Candidates Return to TV Tonight

By The Associated Press

Against the background of an international crisis, Democratic Gov. John B. Swainson and Republican George Romney will compete for the attention of the television audience tonight in their third and last clash on the air waves before the Nov. 6 election for governor.

Swainson, trying for a second term, returned from Chicago where he attended a briefing by State and Defense Department officials on the Cuban situation. The briefing was for governors and congressmen from 13 Midwestern states.

At Detroit City Airport, Swainson told newsmen the briefing was worthwhile and important because "decisions may have to be made in Michigan and they must be intelligent decisions."

The State Civil Defense hasn't been developed as much as he would like, Swainson said, but he added, "I have been assured that there is a CD unit in each county ready to operate."

PROUD OF PARTY
Campaigning in southwestern Michigan's Berrien County Thursday, Romney replied to critics who complained he has been soft-pedaling the Republican party. He said, "Interestingly enough, the criticism has come from Democrats, and not from my fellow Republicans."

"Let me set the record straight here and now," Romney told the audience in a Republican stronghold. "I am a Republican. I am proud to be a Republican. And I am proud to be a part of this united Republican effort that will make our state once again ryanic, progressive, mighty Michigan!"

At the same time, Romney deplored what he called excessive partisanship.

"Michigan is suffering from an excessive partisanship," he said. "Too many people in this state consider themselves first as partisans and only secondarily as citizens."

**Radio Stations
Ask FCC for
More Power**

WASHINGTON (AP)—Radio Stations WJR of Detroit and WLW of Cincinnati have applied to the Federal Communications Commission for authority to increase their power to 750 kilowatts, 15 times the present authorized limit.

Both now operate on 50 kilowatts.

In separate applications, each expressed a desire to help fill so-called radio "white areas," usually rural areas which do not receive clear signals from any existing station.

WJR also said the power increase would be an asset to civil defense.

WJR is owned by the Goodwill Stations, Inc., and WLW by the Crosley Broadcasting Corp.

side Detroit by stations WJRT, Flint; WJMN and WJMN, Saginaw; WJMN and WJMN, Traverse City; WJMN, Lansing; WJMN, Grand Rapids; and WJMN, East Lansing.

Elsewhere on the political front, former President Harry S. Truman canceled his Saturday night campaign appearance in Detroit. He said he was calling off all campaign speeches because of the Cuban situation.

He had been scheduled to address a \$100-a-plate dinner to boost the campaign of the Michigan Democratic ticket.

The Detroit Free Press endorsed Romney for governor. Editorially, the newspaper said, "When George Romney announced last winter that he would be a candidate for governor, our immediate inclination was to cheer. Nothing since has provided

Training Courses Start in November

LANSEING (U) — New manpower development and training programs will start in November for Grand Rapids and Bay City.

The first of a series of training courses for nurses aides will start Nov. 5 in Grand Rapids and will run until Nov. 22. The original course will have 25 trainees and the program will continue as long as the demand lasts.

Programs for milling machine operators and engine-turret lathe operators will start in Bay City on Nov. 12. There will be 34 trainees enrolled for the eight-month courses.

First Lady's Mother to Be Stand-In at Show
WASHINGTON (UPI) — Mrs. Jacqueline Kennedy's mother will present the President's Cup to-night at the international horse show in behalf of the First Lady. Pamela Turnure, Mrs. Kennedy's press secretary, said the First Lady had asked her mother, Mrs. Hugh D. Auchincloss, to stand in for her. Mrs. Kennedy has canceled all social engagements because of the Cuban crisis.

Laughton Still 'Fair'

HOLLYWOOD (UPI) — Actor Charles Laughton, 63, who underwent surgery for a collapsed vertebra more than two months ago, remained in "fair condition" today at Cedars of Lebanon Hospital.

Monks to Fashion Windows for 2 Negro Churches

CONYERS, Ga. (AP) — Silent monks, garb and ritual little changed in centuries, have extended brotherly kindness across their monastery walls to span one of the widest gaps in Christendom.

Cistercian monks at a nearby monastery, 25 miles from Atlanta, decided to take stained glass windows for the rebuilding of two Negro Protestant churches burned last summer by arsonists in south Georgia.

The decision by the cloistered monastic community was made before the convening in Rome of the Catholic Ecumenical Council to discuss Christian unity.

'DIDN'T LIKE IT'

"We didn't like what happened and we wanted to make some gesture—not just as Catholics—for this is our part of the country now," said Father Charles, 45, a World War II veteran who left a journalistic career to enter the monastery.

Although they don't get newspapers and only a few are permitted to speak, the monks learned of the church burnings which came as a climax to prolonged racial troubles in Albany, Ga.

"When we heard about this, a number of us felt there should be some kind of expression from us as members of the same community," Father Charles said.

"Our love of our neighbors is of stability—that is, we will stay here until we die. So we feel very much a part of this area."

The church windows, which haven't been started yet pending completion of architectural design

for the church building, will be tediously and meticulously put together in the glass shop of the monastery.

AP Photos

BACK FROM RUSSIA — Opera star Jerome Hines and his wife Lucia were greeted at New York's Idlewild Airport by their sons after a singing tour of the Soviet Union. Hines said Premier Khrushchev drank

a toast to Soviet-American friendship backstage some 20 hours after President Kennedy's Cuban blockade announcement. The boys are (from left) John, 5, David, 8, and Andrew, 6.

Michigan Gets \$780,000 for Two Projects

WASHINGTON (AP) — President Kennedy yesterday signed into law a \$5-billion appropriations bill including \$780,000 for specific water projects in Michigan.

The bill includes \$400 million of the \$900 million authorized for an accelerated public works construction program in areas of economic depression and high unemployment.

The largest single item in the bill is \$3,153,286,000 for operating expenses of the Atomic Energy Commission.

Michigan items in the bill include \$300,000 for construction of improvements in the Detroit River above Belle Isle, \$350,000 for construction of improvements at Gladstone Harbor Little Bay De Noc, and \$50,000 for planning improvements along the River Rouge.

The bill also appropriates \$110,000 for a survey of water levels of the Great Lakes. The bill covers army engineers projects for flood control, beach erosion and navigation.

An average oil well in the U.S. produces upwards of 12 barrels of oil per day. There are about 450,000 producing wells in the U.S.

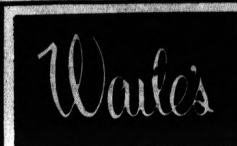

Fire on Sanford Street Destroys Vacant Home

A fire started by unknown persons yesterday gutted a vacant, one-story frame house at 474 S. St., at \$2,000.

Sanford St. despite efforts by three engines of the Pontiac Fire Department.

Fire officials estimated loss of the condemned building, owned by Michael Haroutunian of 261 Ferry St., at \$2,000.

Long-Time Monarch to Tour This Country

The longest-reigning living monarch in the world, Grand Duchess CHARLOTTE of Luxembourg, will be the guest of the United States for five days beginning Tuesday, Oct. 30.

During her trip to the U.S. she will spend two days in Washington on the invitation of President KENNEDY and then will travel elsewhere in the country.

★ ★ ★
The Grand Duchess, at 66, is expected to spend aside shortly in favor of her son, Prince Jean. On May 2, 1961, she appointed him as her lieutenant to exercise executive power in her behalf. The real power in Luxembourg, of course, belongs to the Christian Socialists and their premier, Pierre Werner.

★ ★ ★
Luxembourg, as a charter member of the North Atlantic Treaty Organization, is a United States ally. Its contribution to NATO may be small — its army consists of about 3,000 men — but because of its industrial facilities it is a strategic asset.

Americans are apt to think of Luxembourg as a tiny principality where all the women wear dirndls, and the U.S. ambassador looks like a combination of PEARL MESTA and ETHEL MERMAN.

★ ★ ★
True, it's tiny enough, smaller than Rhode Island, but it is also the very heart of the growing European community. Luxembourg is about as heavily industrialized as any area in Europe aside from the Ruhr, of which it is a sort of appendage. It ranks about 13th among crude steel-producing nations.

And the U.S. ambassador, JAMES W. WINE, who will accompany the Grand Duchess on her tour, bears not the faintest resemblance to Mrs. MESTA or Miss MERMAN.

Little to Cheer About in 87th's Long Session

The second session of the 87th Congress barely missed setting a record — for longevity. But it missed by a far wider margin any record for accomplishment.

Because of the late adjournment, the lawmakers will just miss meeting themselves returning to Washington for the opening session of the 88th Congress. At least some of them will.

★ ★ ★
Regardless of the makeup of the new body, however, one item should have top priority, and remain in that position, until realistic and constructive action is taken.

We are thinking of a genuine overhaul of our tax structure; not just another application of expedient and palliative patches to the existing crazy quilt system of taxation.

★ ★ ★
Passage of such reassuring and far-reaching legislation would do more than anything else to "get this country going again," President KENNEDY's campaign cry of 1960 which is being reiterated as November elections near.

If we are to increase our industrial growth—currently at an annual rate of less than 3 per cent and half that of several surging European national economies—business must be rid of the economic monkey riding its back.

American industry is saddled with nearly \$100 billion in obsolete plants and equipment while we try to compete with modern counterparts in Western Europe and Japan — built largely with our money.

★ ★ ★
But current tax laws work a great

hardship for U. S. companies in financing new plants and equipment. Insufficient funds are accrued from earnings under present depreciation laws to make the vital replacements.

Relying heavily on increased consumer buying to raise production and provide new jobs, the government still retains many excessive taxes dating back to World War II that act as a brake on buying.

These are but two, and related, defects of our tax program.

The new Congress can take an enduring place in U.S. history if it will do nothing more than evolve and pass a sane system of taxation.

The Man About Town

Rewrite History

Confederate Air Force
Is Not Just Hot Air

By HOWARD HELDENBRAND

When writing about the "Confederate Air Force" in a recent column, the MAT thought he was furthering a bit of a spoof contributed by a reader. But now, to his chagrin, he finds that he was just a naive patsy—there IS such a thing!

The source of this intelligence is Lynn D. Allen Jr., documented in the pages of *Files* magazine "Pilot."

★ ★ ★
Seems that in 1957, a group of World War II fliers, now numbering 70, organized it, with headquarters near Mercedes, Texas. First, and to date only, Commander is

Col. Jethro E. Culpepper.

There is no adjutant, and all members are colonels—to preclude any rank pulling.

Purpose of the "combat" organization is to acquire and preserve in flying condition as many types of first-line World War II military aircraft as possible.

Beginning with a P-51 Mustang Fighter, this "formidable" air arm now fields seven Fighters, one Medium Bomber and three Advanced Trainers (prop type).

★ ★ ★
"Sounds pretty phony to me."

In light of a recent happening J. Chester Reynolds

Press assistant composing room foreman, suggests that the ending of the well-known and applicable motto of the postal service be amended to "not even excepting the accompanying of one's hand to participating in High School Band Day in U. of M. stadium."

★ ★ ★
Clarkston band member "Stu" Cooney

is also a Press carrier. With youthful perception, he saw that he couldn't take part in his band's between-halves activity in Ann Arbor and deliver newspapers simultaneously. So what happened? You guessed it. His puppy

himself a Press carrier 41 years ago, picked up where he left off and delivered the paper — on a bicycle yet! ... What's the old saying, "Old newsboys never die; they just grow up to be successful lawyers?"

A recent call from Samuel Warwick

of 2650 Island Court, reported that a flock of 13 geese approached his dock early one morning, very hungry and quite tame because of it. He noticed that, oddly, several birds had damaged bills—in fact, the bill of one was entirely missing. The observer said that other flocks had also appeared, but none close enough to be fed.

Seemingly, this flock didn't intend to fly on empty stomachs!

Two most welcome Press callers this past week were

Congressman William S. Broomfield and

James M. Hare

Michigan's secretary of state.

Both are fine, able gentlemen, conscientiously serving their country and state.

Dallas Times Herald board chairman

John Runyon

says we should always find all the facts. A tent minstrel manager spotted a seedy couple squeezed in by their 12 children who paid half price.

★ ★ ★
"This is ridiculous," the manager roared. "We don't have a lot of seats—even for full price. You should left half yours at home."

The parents swallowed in embarrassment. Then the father gently replied: "We did."

Verbal Orchids to—

Mrs. Carrie Tillon

of Oxford; 53rd birthday.

Walter Gingely

of Lake Orion; 57th birthday.

'At Least Try to Smile'

David Lawrence Says:

Good Thing JFK Called K's Bluff

WASHINGTON—A war scare isn't always easy to deflate, but it isn't necessary to succumb to fears when indubitable facts point the other way.

For if there is one thing that is plain about the world situation today in contrast to any other period in history, it is that a nuclear stalemate exists now which restrains two major powers from destroying one another.

The two world wars of this century came about because there was no balance of power such as prevailed today. One side—the Kaiser in 1914 and Hitler in 1939—was really in each instance stronger militarily than the other side.

Also, the assumption in Berlin on both occasions was that the United States either wouldn't enter the war at all, or that its help would come too late to affect the result.

Today there is a balance of terror, and what has happened in respect to Cuba doesn't alter the overall situation in any way.

For Nikita Khrushchev isn't going to risk the lives of his soldiers in the Soviet Union in order to help Castro save face.

REMEMBER WW II
The people of the Soviet Union still remember their battle casualties in the Second World War—amounting to at least 7.5 million. The surviving relatives are numerous.

If there's any one thing certain, it is that the Soviet people will not wish Mr. Khrushchev to start a war, and he will not throw any bombs unless they are thrown at his people.

It is equally certain that the United States will not start a war.

For all practical purposes, the stalemate will continue for a long, long time. What confuses many people, and understandably, too, is the fact that bluffing in international policy has not become outdated.

The dangers of miscalculation are always theoretically present. It is often asked: "But supposing somebody pulls the trigger by mistake?"

The answer is that it takes more than one man to make a decision of such importance either in Moscow or in Washington, and the people who surround any commander-in-chief

nowadays know the consequences to them and their families if a mistake is not prevented.

Bluffing is, of course, a risky business. But the man who is doing the bluffing in this case—Premier Khrushchev in this case—knows the limits of such tactics. Once the other side shows resolute-ness the bluffing tends to become less significant.

Thus, it may well be that President Kennedy's vacillation on the Cuban issue in recent months wrongly gave the Soviets an impression of irresolution in the White House.

Dr. Wayne Brandstadt Says:

Noise Cuts Efficiency and Hearing at Times

Ambrose Bierce defined noise as a stench in the ears. More prosaically it may be defined as unwelcome sound. It might even be called an invisible form of air pollution.

The invention of explosives and power-driven machines such as air hammers, buzz saws, sports cars, airplanes has increased the amount of noise to which we are all exposed.

Noises may do harm by affecting our efficiency or our hearing. The effect on our efficiency is influenced largely by our attitude toward the noise rather than any measurable physiological effect.

Just as one man's meat is another man's poison, one man's noise is another man's music.

To a motor mechanic working on his own racing car a certain raucous noise might be described as a "sweet purring like a well fed kitten" and to the same man the noise emitted by a cornet at close range might be described as "maddening."

DEPENDS ON YOU
Within limits, therefore, the effect of noise on our efficiency depends on how irritated we permit ourselves to become, rather than on how loud the noise is.

This in turn may depend on how much sleep we had last night, the state of our digestion or our emotional equilibrium.

It is hard to say in some cases how much hearing loss is due to noise and how much to the hardening of the arteries that accompanies aging.

It is known that prolonged exposure to noises of 85 decibels may cause some loss of hearing but that in all such losses recovery occurs in a month or two if the person is no longer exposed.

Noises of 100 decibels continued for a few minutes may cause some temporary loss of hearing and if continued for over an hour may cause permanent loss in some ranges.

Noises of over 120 decibels cause heating of the skin, blurring of vision probably due to vibrations, and a muscular weak-

ness in addition to loss of hearing.

Dry cotton earplugs are of no practical value in keeping out sound but wax-impregnated cotton is very effective, not uncomfortable to wear, and can be replaced daily or as needed.

Much of the noise we are subjected to, however, is needless and when engineers devote as much effort to reducing noise as they do to increasing speed we may become a happier and saner nation.

(Copyright, 1962)

Voice of the People:

Ex-Dem Must Be Assured News Isn't Propaganda

Information has been released as to Castro's build-up and Russia's usual treachery. Information has grown steadily on Cuba's intentions. The President has released shattering news. Democrats have said this came as no news. Now, on the eve of election, we are given the usual doubletalk whammies for which the Democrats have been so famous. Sabers and rumors of war should be their slogan.

American unity behind the President, but I must know if this is prompted by political propaganda. The country has evidenced nationwide Republican gains. People must re-examine their convictions and take a long look at our past Democratic fear campaigns.

Has Been Democrat

'Halloween Candy Put to Good Use'

On Thursday, Nov. 1, at my home I am collecting unwanted Halloween candy for youngsters at the Oakland County Children's Center. Last year we collected over 500 pounds of candy.

(Editor's Note: Box score: 36 lines each, 44 lines shared or general. Count 'em.)

Romney is so honest and honorable that politics is no place for him. If he gets in office and puts this state back on the map, which he will, he will be crucified by these same people who need it so badly. I hope he doesn't win.

President Kennedy seems to be grasping for straws and I can't understand why a Democratic President can't hold office without having the country in war. Who wrote the article Kennedy read on TV?

This war shouldn't last more than a couple of days. Who will be here to vote anyway?
G. W. P.

Permanent Ditch Creates Imposition

What can a taxpayer expect from the city in maintenance and what permanent inconveniences can a city impose?

The DPW dug a ditch in front of my driveway and on the other

side of the road opposite my driveway entrance, making it impossible to leave or enter without scraping my car. The narrowness of the half street and a fireplug cause me to hit both ditches. After numerous calls a workman told me the ditches were there for drainage and I could drive over them or "cut around." I find a culvert for \$10 have it delivered, and the city would install it free.

Since when does the city have the right to force permanent, open ditches on one individual on a street and impose the responsibility and expense of correcting the situation?
A Widow Who Lives Alone

Portraits

By JOHN C. METCALFE

I am having many troubles... With the budget I must keep... So that we at home in comfort... Constantly can eat and sleep... When I look upon the figures... For the things each I am prone to speculation... Where our costly ways will end... I can see that we are spending... Often more than I can make... And this endless big income... Keeps my mind each night awake... On those gadgets for the household... And expenses for the car... And in buying fancy clothing... We are going much too far... Oh, I wish my budget troubles... Such a headache would not reap... And the family will notice... That I need to get some sleep.

The Almanac

The Decision

Wall Street Journal

The President has now committed the nation to the proposition that we will not permit the Cuban island to be turned into a threat to the safety of our country and of the Western Hemisphere. On that proposition the whole nation is prepared to support the President at whatever risks, now or hereafter.

It is precisely for this reason that it would be unfortunate to have the President's decision beclouded by doubts as to his judgments, suspicion as to his motives or uncertainty as to his resolution to carry through with the other decisions this decision may demand.

For months now, thoughtful and informed people have been talking of exactly the danger which the President described so vividly.

From the President's own description of the missile bases, with the medium range allies already operational, it is perfectly clear that all this could not have happened overnight. If our intelligence agencies did not know this before Tuesday of last week, then they have much to answer for.

The President himself cannot be untouched by this. For until his speech this week the public had been repeatedly assured both by the President and his key officials that all the warnings were simply alarmist talk.

The President is not untouched either by the fact that his action comes on the eve of an election in which his inaction on Cuba has been one of his opponents' chief criticisms.

Because the President's action itself was justified and necessary, all this might be passed over and soon forgotten except for the fact that this is not the best but the beginning of the hazards.

And we might as well face the fact that the act of stopping ships on the high seas or diverting planes in the air may someday be turned against us. At least it will be harder for us to condemn others who, in turn, do likewise. Even now it leaves us open to criticism.

Nor can we trust that the action by the U.S. in blocking Cuba will not be met by some counteraction from the Communist bloc. It could come at any time and take many forms. From pressure at Berlin to a thrust somewhere else around the huge perimeter of the Iron Curtain, or — perhaps — to an outright and warlike defiance. These things, too, we must be prepared to meet.

As the President warned us, no one can foresee what course events will now take. But taken altogether, the possibilities promise more trials ahead. The act of Monday night was direct, dramatic

and electrifying. The true test of resolution, for the President and for the nation, is before us.

In that situation it is not enough that the people understand the dangers posed by Communist penetration in this off-shore island; the people probably understood them before the President spoke. It is not even enough that the people are prepared to endorse the chosen course; here again the will of the people was probably in advance of events.

What the President has now done is, we believe, well done. But we have no illusions about what it entails. So in what comes hereafter he is going to need the full confidence of the country, and it is imperative that the country have full confidence in the President. Assuring that is a task in which he must not fail.

If you order now, you will receive a lovely FREE, one of our very beautiful "Garden Beauty" Tall Bearded Iris, valued up to \$1.50 each.

Would Aid Catholic Bishops

Eye Freer Policy Rule

VATICAN CITY (AP)—The Vatican Ecumenical Council worked today on a plan to give national conferences of bishops greater freedom in shaping ecclesiastical policies and practices.

The measure under consideration would give geographical branches of the Roman Catholic Church more rights to modify various worship customs to suit regional needs.

The proposal is one of many before the historic assembly that would widen the Rome-centered circle of church authority. In general, the effect would be to reduce the control of the Vatican's administrative curia, dominated by Italian conservatives, and give more autonomy to the bishops.

Also involved is an effort to balance the scales of doctrinal authority, bringing out that the infallibility of the Pope is shared by the worldwide corps of bishops in cooperation with him.

MAJOR ISSUE

This is a major issue between the Roman church and other Christians, who see church authority as corporate in nature. The issue's first test is being made on the council floor in con-

nection with the church's worship and ritual.

Included in the schemata or proposed constitution for revamping of the church liturgy is a measure to give national conferences of bishops the power to put into effect various changes at their discretion. Up to now any such modifications have had to be approved by Rome.

Although the proposed schemata has not been made public, it was learned that parts of it provide for the delegation to the bishops of various prerogatives in the matter of liturgy.

One section would allow them to substitute vernacular languages for Latin in part of the Mass.

A council liturgical expert, the Rev. Hermann Schmidt of the Pontifical Gregorian University, brought out in a news conference Thursday that the issue is whether to permit a greater variety in Catholic worship.

He said great uniformity now distinguishes Catholic worship, but more diversity may be in order. **NO FREEDOM**

"The Roman liturgy is so closely regulated by rubrics that there is no place for freedom," he said.

Three Theories Explained

What and How Does Khrushchev Think?

By PHIL NEWSOM

UPI Foreign News Analyst
Since Nikita Khrushchev is a

realist and a good tactician, he must have foreseen at least the possibility that the United States eventually would call a halt to its build-up of Cuba as a Caribbean Communist arsenal.

And just as President Kennedy foresaw a possible Soviet retaliatory move against Berlin and took steps to forestall it, so Khrushchev must also have considered his next step.

To believe otherwise would be to believe the Soviet leader totally incapable of logic and so to increase the danger of world nuclear disaster through simple miscalculation.

If initial Soviet reaction to the Cuban weapons blockade seemed uncertain, it could well have been less a matter of surprise than from the need to survey the Soviets' own timetable.

A number of reasons, all speculative, have been advanced for the Soviet course of action in Cuba. The island now is estimated to have at least \$200 million worth of Soviet arms, including nuclear-carrying missiles.

The simplest theory is that the

weapons would make easier the export of Castro's revolution to other Latin American nations by violent means.

Another is that Khrushchev intended to use Cuba to increase his bargaining position on Berlin.

And a third is that a Soviet base in Cuba might make the United States more agreeable to Soviet demands that foreign bases all over the world be eliminated.

THREE THEORIES?

In all three there may be some validity.

If Cuba can be obtained cheaply, then so much the better. But it seems highly unlikely that Khrushchev deliberately would seek a war over Cuba, far from Soviet supply lines and at a cost the Russian people inevitably would have to pay.

Khrushchev's world strategy requires a high degree of maneuverability, which already has been reduced by his own quarrel with Red China, China's attack on India and his own internal difficulties.

It seems highly unlikely that he would reduce this maneuverability further by entrusting the de-

cision over use of nuclear weapons to the unpredictable Fidel Castro any more than he would to East Germany's Walter Ulbricht.

There has been the suggestion that stepped up Soviet activities in Cuba have been but a smoke screen for planned Soviet action against Berlin.

And certainly from the standpoint of logistics Berlin would seem the most logical Soviet objective.

But if Khrushchev was operating with twin objectives, so was President Kennedy. Defense of the American hemisphere was but one American determination; to defend Berlin was another.

'Sick Comic' Faces Narcotics Charge

VAN NUYS, Calif. (UPI)—Comedian Lenny Bruce faced a preliminary hearing in Municipal Court today on narcotics charges stemming from his arrest Oct. 5.

The following week, Bruce, noted for his "sick" jokes, was arrested for knocking down a television cameraman who tried to photograph him.

On Wednesday night he was arrested by vice officers who claimed he used obscene language—in English and Yiddish—in his nightclub act.

Bruce was freed on \$25 bond yesterday on the obscenity charge. The comic had been accused by authorities of having narcotics in his possession when arrested Oct. 5.

How to tell the difference between
a Full Service Bank and all those other "banks"

(AND WHY IT WILL PAY YOU TO KNOW)

O'Brien

Viewed from the sidewalk, most financial institutions look pretty much alike. But once you look behind the doric columns and "Time and Temperature" signs, you'll find a difference. Doing something about this difference can save you cash money. It might even speed your financial growth. It will certainly enhance your credit reputation.

You see, different financial institutions do different things. Some take in savings and make real estate loans. Others make mostly personal and auto loans. But there is one kind of institution which, by law, does all of these things, and more. We're talking about a Full Service commercial bank.

A Full Service bank is a sort of "financial department store," capable of performing a wide variety of functions. It is not limited to savings and a few types of loans. It can accept both checking accounts and savings deposits, and can make home loans, personal loans, auto loans, travel loans, business loans, as well as loans for practically any other legitimate purpose you can name.

Why concentrate on a Full Service commercial bank?

The kind of people who have made the most of their money take all of their money matters to one place. They rely heavily on the personal counsel that one Full Service bank can give them.

In addition to any checking accounts in the family, they put all their long-range funds into a savings account. (This savings account may earn a little less than in some other places but it's worth a lot more, as you will see.) They make a point of getting to know at least one of the bank's officers and they have their Personal Financial Statement on file with him.

When they need money to buy a car or take a vacation, they borrow it from the bank, leaving their savings account intact and growing. Having this savings account assures them favorable treatment in getting a loan. Paying it back as promised enhances their credit reputation. (The low rate that Full Service banks offer on loans usually far overshadows the sometimes slightly

lower rate of interest paid on savings.) What's more important, they are building their reputation for the time when they might need a sizeable loan—for buying a home, sending the kids to college, taking advantage of a new business opportunity.

Get to know your banker before you need him!

If your money affairs are scattered all over town, take advantage of the one-stop benefits of a Full Service commercial bank. Let your checking and savings accounts be an introduction to the partnership benefits of a Full Service commercial bank. There is a difference between a Full Service bank and all those other "banks." It will profit you to put that difference to work for you. The sooner the better.

NAMED PRESIDENT — Gilbert W. Fitzhugh, 53, executive vice president of the Metropolitan Life Insurance Co., was named yesterday as the firm's president, and chief executive officer effective at the end of the year.

FBI Indicts 13 Tied in Bogus Bond Case

NEWARK, N.J. (AP)—The Federal Bureau of Investigation announced yesterday the indictment of 13 persons in connection with the printing of \$2.5 million in counterfeit bonds.

Ralph W. Bachman, special agent in charge of the FBI office here, said a federal grand jury indicted two officials and four employees of the Mattia Printing Co. on charges of violating federal laws by allegedly printing counterfeit securities, knowing they would be transported in interstate commerce.

Bachman said the securities were General Motors Acceptance Corp. 5 per cent debenture bonds. The FBI said \$1.5 million worth of the bonds have been recovered.

Declare Days of Prayer

GRAND RAPIDS (P) — Mayor Stanley J. Davis appealed yesterday to clergymen and residents of Grand Rapids to observe Saturday and Sunday as special days of prayer in connection with United Nations Week and the tense international situation.

Mexico's Profit-Sharing Law Still Pie in the Sky

MEXICO CITY (AP) — Juan Barra, \$9-a-week factory worker, pushed his wide sombrero back on his head and said wryly: "All this talk about the government making companies share profits with workers is just a lot of noise. It'll never happen."

BACKGROUND

Similar skepticism is common among those who suppose to benefit from a constitutional amendment forcing all companies — Mexican and foreign — to turn over part of their profits to employees.

The plan has been in the works almost a year and no one can say when it will go into effect or exactly how it will work.

President Adolfo Lopez Mateos government seems to be walking a shaky tightrope. Ideals and political expediency lie on one side, economic reality on the other.

Any measure to put compulsory profit-sharing into effect in too drastic a manner threatens to scare away much-needed foreign and domestic investment capital.

But letting the idea remain only a dream raises the possibility of increased unrest among the mass of low-salaried workers, prime targets for leftist agitation.

FUTURE IN BALANCE
Much of Mexico's future may rest on the solution that the reform-minded Lopez Mateos comes up with.

The idea of compulsory profit-sharing was written into the constitution in 1917, but through the years it remained merely an idea.

Last December Lopez Mateos surprised businessmen and workers alike by sending to his obedient congress a constitutional amendment aimed at putting teeth into the idea.

Congress whipped the measure to passage without a dissenting vote. More than the necessary number of state legislatures subsequently approved it. Then, several weeks ago, Congress ratified the legislature's action and sent the amendment back to the president.

It becomes law when Lopez Mateos decides to have it published in the official gazette.

The measure's pace has been slowed, however, by protests from worried businessmen and other expressions of concern at home and abroad.

The government has moved to counteract the concern by gathering expressions of support from prominent businessmen, but opposition persists. Talks are still going on, and there's no indication when they'll end.

The constitutional amendment provides that a government-named commission representing management, labor and the government shall administer the profit-sharing. It doesn't set up any criteria of judgment.

Should every company split a certain percentage of a year's profit with workers? Should the percentage vary from company to company? What about a company that doesn't make a profit? Should employees share in losses?

Those are some of the questions businessmen are asking. "No one has a reply for them because the process of putting the

plan into effect hasn't been worked out," says Undersecretary of Labor Julio Santos Coy.

A few firms already have profit-sharing plans of a sort. The telephone company, Telefonos de Mexico, withholds a percentage of each worker's pay and matches it with an equal amount of company money in a savings account turned over to the worker at the end of each year.

Almost every company gives a Christmas bonus.

What seems to worry businessmen most about the government's profit-sharing plan is the government control.

"Just suppose," says one factory owner, "that my politics differ from those of the government in power. By forcing me to turn over an unreasonable amount of the company's profits to the workers they could drive me out of business."

Pressure to put the measure into action is strong, however. Failure because the process of putting the

Says Santos Coy: "Of one thing done, we have no intention of hurt-couraging new ones. We need to be sure: Whatever is existing businesses or dis-them too badly."

NEW HOME?

ADDING A ROOM?

CHILLY ROOM?

Whether you're buying or building a new home or are looking for a new and better way to heat your present home, check these exclusive flameless electric heat advantages. You get pinpoint room-by-room temperature control; clean, odorless operation; space-saving, trouble-free design; even, draft-free comfort.

Electric heat's the easy way to add warmth to a newly finished upstairs, basement, enclosed porch or breezeway without adding a burden to your present heating system. Choose from the electric heating systems shown below—all are easily installed at minimum cost with minimum disruption of your household.

Supplemental electric heat is the quick and economical answer. One of the electric units shown below can make your hard-to-heat room as warm as the rest of the house (even warmer if you want). Electric heat operates independently of your central heating system —adjusts automatically for any degree of warmth.

CHOOSE FLAMELESS ELECTRIC HEAT!

Radiant electric heating cable usually goes in ceilings.

Radiant panels or forged air units go in the walls.

Electric heating units can replace baseboards.

Electric furnaces heat by forced air or hot water (Hydronics).

Heat pumps, for one room or the entire home, heat or cool as needed.

Bishops Back on the Board

GRAND RAPIDS (AP) — The 49th General Conference of the Evangelical United Brethren Church yesterday re-elected its seven-member board of bishops.

Membership on the board marks the denomination's highest office.

Re-elected were bishops Reuben H. Mueller of Indianapolis, Ind.; Harold K. Heininger of Minneapolis, Minn.; J. Gordon Howard of Pittsburgh, Pa.; W. Maynard Sparks of Sacramento, Calif.; Paul M. Herrick of Dayton, Ohio, and Paul W. Milhouse of Kansas City, Mo.

Assignments to their areas of jurisdiction for the next quadrennium will be made later in the convention, spokesmen said.

JFK Allocates Works-Funds

\$165 Million Tossed Into Stepped-Up Plan

WASHINGTON (AP) — President Kennedy yesterday allocated \$165 million for public works projects in areas hard hit by unemployment.

Congress appropriated a total of \$400 million for a stepped-up public works program geared to such areas.

The White House said other allocations will be made later.

Kennedy approved a recommendation by Secretary of Commerce Luther H. Hodges for the \$165 million allocation.

Hodges said the program will provide worthwhile job-generating projects in eligible areas throughout the country.

He told Kennedy that the projects are the type on which work can begin promptly.

The program authorized yesterday will provide \$120 million in federal funds for state and local projects and \$45 million for federal projects.

Kennedy directed that the allocated funds be made available only for project expenses. He said allocations for necessary administrative expenses of the federal agencies involved will be considered later.

Kennedy made these allocations:

Department of Agriculture, \$15 million; Department of Commerce, \$9 million; Department of Defense for civil functions, \$9 million; Department of Health, Education and Welfare, \$40 million; Department of Interior, \$12 million; Housing and Home Finance Agency, \$30 million.

The money for the projects was included in the Public Works Appropriation Bill signed by the president.

General Dies at 70

MISSOULA, Mont. (AP) — Lt. Gen. Frank W. Milburn, 70, who served both as deputy commander and acting commander of all U.S. forces in Europe in 1949 and 1950, died Thursday.

WINS NOBEL AWARD — Author John Steinbeck, 60, and his wife arrive at their New York apartment yesterday after it was announced in Stockholm, Sweden, that he had won the 1962 Nobel Prize for literature. The California-born author is the sixth American to win the coveted literary award — this year worth \$49,656.

But Steinbeck Gets Award

No Glory for Writer

By ANDREW MEISELS

NEW YORK (AP) — Nobel Prize winner John Steinbeck, whose books dealt almost exclusively with America, American life, and American problems, says "there has never been a cultural climate for writers in the United States."

"The writer in this country is not really considered important. He's not a first class citizen," Steinbeck told a news conference Thursday.

He added: "That's a good thing. It stops him from getting uppity and keeps him among the people — where he belongs."

Steinbeck, 60, has been internationally recognized as a literary giant since his "The Grapes of Wrath" stirred a nation's conscience in 1939.

Steinberg wore a gray pin-striped suit and puffed on a cigar as he answered newsmen's questions. He mumbled a bit and ap-

Pyramid of 1250 BC Unearthed

AMMAN, Jordan (AP) — A South American archaeological expedition has unearthed a pyramid in the wilderness, about 21 miles south of Amman, which it believes is associated with Moses.

The pyramid—about 140 feet high with walls 95 feet wide—is the biggest single structure ever unearthed in Trans-Jordan or Canaan.

It was discovered by a Venezuelan expedition led by Prof. Julio Ripamonti, of the Venezuela Central University.

Ripamonti told The Associated Press that the pyramid dates to the late bronze age, around 1250 B.C. Inside is another smaller building, and in between the two are 12 small chambers which he believes may represent the 12 tribes of Israel.

Ripamonti said the outer pyramid was built with walls six feet thick.

From the top of the pyramid facing west it was possible to view Jerusalem and Bethlehem in the distance.

Ripamonti believes Moses' tomb may be found under the pyramid or in one of the rooms. Excavations will resume next August.

peared somewhat ill-at-ease, remarking, "talk isn't my field."

"How do you go about writing," asked a newsmen.

"With a pencil," Steinbeck answered affably.

"What are you writing now?" he was asked.

NO ADVICE

"If I talk about it, I won't write it," Steinbeck answered.

"What advice would you give to young authors?" he was asked.

"I never give advice to young authors," Steinbeck answered.

The author said his normal workday begins at 8 a.m. and continues until he finishes his word quota for that day—usually from 1,000 to 3,000 words.

"Writing for me is a nervous tic," he said, adding that he normally works six and sometimes seven days a week.

Does he have any plans for the \$50,000 that goes with the Nobel Prize?

"Nope. I just hope it doesn't interfere with my work schedule."

HIS FIRST SUCCESS

Steinbeck's first literary and financial success was "Tortilla Flat" in 1935, the whimsical story of a group of happy-go-lucky beachcomber types in Monterey, Calif.

But it was "The Grapes of Wrath"—a searing account of the plight of Oklahoma farmers during the depression years—that established Steinbeck's reputation as a warmly compassionate writer with an anger at social injustice.

Asked about his own favorite authors, he named the late Ernest Hemingway and the late William Faulkner.

Sounds Like a Fish Story but It's Worth a Bite

TOWSON, Md. (AP) — Howard Gilman was at a trout pond in Baltimore County when a stranger offered him a good-sized trout he had caught.

The stranger said he had a

couple of good reasons for not keeping the fish himself:

1. The fish had swallowed cheese bait, so he couldn't toss it back in the water because removing the hook would kill it.
2. He couldn't take it home because it was too big.

WINSLOW, Ariz. (AP) — Meteorologists at the U. S. Weather Bureau office in Winslow carry

Mathematics for Parents Popular Class

When the second phase of the Waterford Township Schools' Mathematics for Parents program begins Nov. 5, a large turnout of knowledge-hungry adults will surprise no one.

Robert Scrivens, mathematics consultant for the school system and instructor for the classes, said he was gratified at the intense show of interest by parents.

"We had 230 parents at Schoolcraft Elementary School for the first class earlier this month and 155 were present for the opening session at Monteth School," he said. "The fact that very few people have dropped out is even more amazing," Scrivens added.

The purpose of the program is to instruct parents in modern teaching techniques so they may be helpful to their children.

PARENTS LEARN
"The language used in textbooks now seems to be the big stumbling block," Scrivens explained. "Terminology is unfamiliar to most parents."

The school system was divided into four areas for the program. Parents in the two northern sections are now attending classes at Schoolcraft School Monday evenings and at Monteth on Wednesday.

Scheduled for the second four-week program are Monday classes at Haviland Elementary School and Wednesday instruction at the Donelson Elementary School, beginning Nov. 7.

Accept Registrations for Investment Course

Registrations are now being accepted for a free course in the basic principles of investing, beginning Wednesday, Oct. 31 at the Pontiac Public Library and continuing each Wednesday through Dec. 5.

Information can be obtained about the 7 p.m. classes by contacting the library at 60 E. Pike St., or Watling, Lerchen & Co., 402 Pontiac State Bank Building, cosponsors of the adult education program.

How to have a lovelier lawn next year—free from crabgrass and save \$2 now!

Right now you can make sure of having a richer, thicker lawn next year. It will be a lawn without crabgrass. And you can save money in the bargain! Here's how.

A fall or early winter spreading of HALTS forms a lasting barrier that will keep crabgrass from coming up. Yet it won't harm grass seed or seedling grass!

A feeding with TURF BUILDER at the same time will thicken the grass, encourage tillering (side shoots) and strengthen root growth. Your lawn will winter better and be lovelier than ever next spring.

How about this week end? It's so easy and pleasant to use

Scotts HALTS and TURF BUILDER. Takes less than half an hour to apply both to a 2500 sq ft lawn. Not much for a rich carpet of grass free of crabgrass, is it?

Special fall offer
If you buy a bag of HALTS and a bag of TURF BUILDER (enough for 2500 sq ft) now you will save \$2 on the combination. Remember, results are guaranteed with Scotts products—satisfaction, or your money back.

Visit or telephone your nearby Scotts Dealer. He has the advice and products to help you to a better lawn.

Women's Section

No, they're not giving a show. Mrs. Joshua Miller, Kirkshire Road (left) and Mrs. Richard B. Darragh, Ardmore Drive, are inspecting one of the items turned in for the Christ Church benefit sale Nov. 1 from 9 a.m. to 2 p.m. Some child will be happy when mama brings home this marionette theater.

Looks as if these women had found a pirate's treasure chest. All the pretty baubles will be on sale at Christ Church parish house Nov. 1 when the annual benefit sale takes place. Cataloging the items are (left to right) Mrs. Calvert Thomas, Franklin Road; Mrs. Richard Wagner, Birmingham; and Mrs. Robert Hackett, Wooddale Road.

Sorority Hears of Conclave

Alpha Alpha Chapter, Epsilon Sigma Alpha Sorority, met Thursday at the home of Mrs. Albert Anselmi for their model meeting. Each officer and committee head gave reports to the new pledges.

Guests for the evening were Mrs. A. J. Lazarus, Grace Sutton, Mrs. Harry Watkins and Mrs. David Wood.

Next meeting, also at the Deer Run Road home of Mrs. Anselmi, will be a fund raising woolen demonstration.

Awaiting Art Lecture

Best to Do as Friends Want to Do

By the Emily Post Institute

Q: Should dinner guests feel obliged to help with the clearing and washing of dishes after enjoying the hospitality of their host and hostess? I maintain that since the average woman spends most of her days in the kitchen, it's a treat for her to go out to dinner without feeling that kitchen duty awaits her.

Consequently, I never offer my services as I don't expect my guests to help me when they come to my house.

Some of my friends disagree with my point of view and think it is very inconsiderate on the part of a guest not to offer to help the hostess who has no maid. Your views on this matter will be appreciated.

A: If you have allowed a friend to help you clear your table and wash the dishes, you should reciprocate and help her when you dine in her house, but if you refused her help, or she has never offered it, you need do nothing.

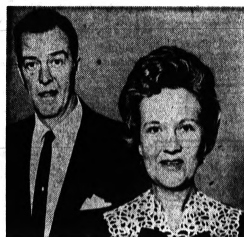

Q: I own a small beauty shop in the suburbs. I have two young women working for me. Very often some of my customers will offer me tips. I know it is not proper for the owner of an establishment to accept tips, but how can I tactfully refuse without causing embarrassment to my customers?

A: When a customer offers you a tip, simply say "No, thank you."

Q: I am having separate reception cards made up to be enclosed with the church invitations and I would like to know where these are correctly placed.

A: If the invitation is one that has to be folded in half, the card is placed within the fold. If it is one that fits into the envelope without folding, it is placed on top of the engraved sheet.

The correct wording and addressing of wedding invitations and announcements is described in the new Emily Post Institute booklet entitled "Wedding Invitations and Announcements." To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to the Emily Post Institute, care of The Pontiac Press.

The First Annual Symposium on the Arts at Michigan State University Oakland swung into its second evening session Thursday. Attending the lecture were (top left) Mr. and Mrs. Louis J. Colombo Jr. of Lahser Road and the Clifford B. Wests of Lone Pine Road (bottom left). Dr. and Mrs. Hilbert H. DeLauter of West Valley Road (top

right) were also on hand for the lecture and reception in Meadow Brook Hall. Below, Mr. and Mrs. Robert Hoopes chat with guest lecturer Howard Mumford Jones, professor emeritus, Harvard University, (center) who discussed "State, Society and the Artist in Mid-Twentieth Century America."

In Evening Meeting

Women Voters Discuss Tax Plan

Pontiac League of Women Voters met Wednesday evening at the Young Women's Christian Association on Franklin Boulevard.

The tax structure of the state, this year's league study project, was the theme for the evening's discussion.

Program chairman Julia Datzell presented the objectives of the state league's tax study and Elizabeth Halsey reported on the history of Michigan taxes.

Mrs. Charles Neidrett read a communication from state president requesting a vote by the local membership on a site for the establishment

of a state league office. Mrs. Neidrett was elected to serve on the state-wide committee researching the matter.

President Lillian Davidson announced a United Nations program Nov. 14 at the Birmingham Community House to which area league members have been invited.

Mrs. Robert Stierer was accepted as a member. Mrs. Thomas Jenkins, formerly with the Chicago League of Women Voters, was a guest.

Mention was also made of the rally, sponsored by the League to be held Monday at 7:30 at Pontiac Northern High School.

Garden Club Plans Dinner for Guests

The Bloomfield Hills Branch, Woman's National Farm and Garden Association, will serve the traditional cooperative beef dinner, Nov. 5 in the Bloomfield Hills Junior High School.

Husbands of members and special guests will share the many gourmet dishes offered. George Vilcan will speak on "City Planning and Its Effect on Land Use."

Special guests will be

Graham John Graham, Bloomfield Hills planning commissioner; Elmer Kephart, city manager, Bloomfield Hills; Arno L. Hulet and Homer Case of Bloomfield Township Planning Commission.

During the evening Dr. Harold DeWindt, pastor of Kirk in the Hills, will receive the Civic Improvement Award for 1962 from the Michigan Division, WNF&G.

Musical Has First Meeting

Mrs. O. L. Smith of Acorn Road opened her home for the first fall meeting of the Pontiac Tuesday Musical Workshop.

The season's study program, coordinated by Mrs. Walter Schmitz, chairman, will focus on theory and composition. Mrs. Clyde Marshbanks, vocalist, appeared on the program, with Mrs. J. B. Forman, accompanist.

Miss Elda Sutter, workshop hospital chairman, announced the following members would contribute a program for the Pontiac State Hospital: Mrs. A. C. Roberts, Mrs. Ferdinand Gaensbauer, Mrs. Rebecca Gould, Mrs. Paul Kern, Mrs. Marshbanks, Mrs. William Furlong and Mrs. Geraldine Snapp. The program will be presented under the direction of Mrs. J. B. Nicolls, hospital chairman for Tuesday Musical.

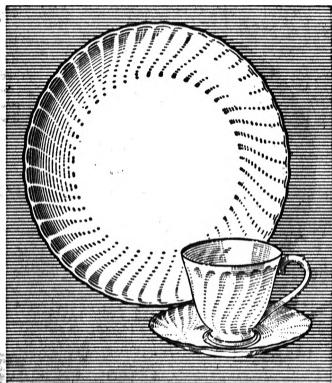

Club Readies Its Booth for Market

Lorraine Manor Branch, Woman's National Farm and Garden Club, met at the home of Mrs. Charles Cullen Thursday evening.

Members worked on items for their booth at the Waterford Green's Market, Dec. 6 at the Waterford Community Center, 9 a.m. to 6 p.m. Cochairmen for this event are Mrs. Cullen and Mrs. Fred Barnfather.

Other chairmen are Mrs. Ray Allen, Mrs. Robert J. Smith, Mrs. Robert Lewis, Mrs. Glenn Hickson and Mrs. Richard Smith.

U. of M. Set for Festivities

By BARBARA GRIFFIN
Elephant races, Bob Newhart or
twist contests, anyone?

It's Homecoming this weekend at the University of Michigan and these are only a few of the events which will be offered to students and alumni as part of Homecoming's new look this fall.

New contests have been added to the traditional rivalries to provide something for everyone in one of Michigan's biggest events of the year.

The colorful displays in front of the various housing units are one of the top attractions of Homecoming weekend.

'SING ALONG' THEME

These displays will center around the Homecoming theme "Sing Along With Mich." Competition is especially keen since a color television set is first prize. Sigma Kappa Sorority is planning an abstract display, "Minnesota in the Morning."

Charlotte Johnson of Ogema Road and Sandy Hilderley of Joy Road have been hard at work on their front lawn this week creating a victory symbol of two Michigan football players raising the Little Brown Jug with a dead Minnesota gopher at their feet.

A more friendly side of the Homecoming rivalry will be presented by Alpha Gamma Delta Sorority.

Karen Kessler of Waterford Township and Judy Haroutunian of Douglas Drive have been working on two paper-mache football players shaking hands to the tune of "I'll We Meet Again."

The Alpha Gams also will have an after-game open house honoring their alumni.

Ron Boyce of Starr Avenue has been working on Sigma Phi Epsilon's "Put Another Gopher In."

They are planning to build a nickelodeum showing gophers frantically spinning records inside.

The Sig Eps are among the many fraternities which will be giving house parties Saturday night after the Bob Newhart performance.

Never before in the history of Michigan Homecoming has anything so literally big as the elephant race occurred.

This afternoon six elephants will parade around Ferry Field, each wearing the colors and blanket of its sponsor and will be spurred on to the finish line by its own cheering section.

MUDBOWL GAME

Since 1936 it has been traditional for Sigma Alpha Epsilon to battle Phi Delta Theta in the annual Mudbowl game held Homecoming morning.

Ruler of this "competition" will be the Mudbowl queen, surrounded by the girls of Kappa Alpha Theta and Collegiate Sororities who will face each other in an equally rough soccer game during halftime.

Ready to take on the Thetas in soccer Saturday morning is

Barbara Shadley of Ottawa Drive, a member of Collegiate Sorority.

Ken Shaw of Delaware Drive and Doug Rooser of Neoma Drive have been practicing in the mudbowl all week for this annual battle with the Phi Deltas.

Other members of Sigma Alpha Epsilon, Dick Reynolds of Illinois Avenue and Jeff Longstrech of Drayton Plains, have been "coaching" Ken and Doug and have also been working on the SAE display, "Give the Gophers the Downbeat."

The most important contest during Homecoming, however, will be the annual gridiron battle for the Little Brown Jug between the Michigan Wolverines and the Minnesota Gophers.

The Golden Gophers have managed to retain the jug for the last two years and the Wolverines would like to retrieve it once more.

This tradition of the Little Brown Jug began in 1903 when Michigan's water jug was left behind in Minneapolis after a hard-fought tie.

The Minnesota equipment manager saved it until the next meeting of the two teams in 1909 when the Wolverines triumphed to win the first battle for the jug. It has changed sides ever since.

Sunday afternoon the university choir, the Michigan Men's Glee Club and the all-state high school choir presented a combined concert in Hill Auditorium under the auspices of the school of music.

Singing in this concert were Carol Wargelin of Voorhees Road, Judy Haroutunian of Douglas Drive, Marilyn Vernon of West Russell Street, Diana Owen of Auburn Road and Gary Relyea of Rosedale Drive.

Church Society Holds
Progressive Dinner

The Woman's Society of Christian Service of Central Methodist Church attended a progressive dinner Wednesday with Mrs. Richard Balmer as chairman.

The first course was served in Fellowship Hall of the church with Mrs. Harold Johnson in charge. Assisting her were Mrs. Robert Newlin, Mrs. William Pyles, Mrs. Charles Sayre, Mrs. Charles Rickard and Mrs. John Miller.

The Gerald Stankes of East Hammond Lake Drive opened their home for the main course served by Mrs. J. B. Brown, Mrs. William Freyermuth, Mrs. Harold Sibley, Mrs. Loy Bennett, Mrs. Carl Wagner and Mrs. Richard Eldridge.

Assisting with the dessert course in the North Hammond Lake Drive home of Mr. and Mrs. Enar West were Mrs. R. R. Dougherty, Mrs. Anna Gordon, Mrs. A. C. Ish and Mrs. Ray Allen.

The annual benefit sale, under the chairmanship of Mrs. C. B. Lane and Mrs. Gordon, is set for Nov. 9 in Fellowship Hall.

A baby's nursing bottle recently developed has a disposable lining and does not require sterilization.

Speech on China Slated at Kingswood Monday

"China: The Persisting Enigma" will be discussed Monday evening by Professor Charles O. Hucker of Michigan State University Oakland in Kingswood School Auditorium at 8:15.

WCTU Unit Is Hostess to Others

Frances Willard Unit of the Women's Christian Temperance Union was hostess to units of the Pontiac and Royal Oak areas during the annual fellowship dinner Monday evening in the Church of the Brethren.

Rev. Leroy Shafer opened the fellowship with prayer and Rev. Lola P. Marion, vice president, also read a prayer. Others participating in the program were Mrs. Leroy Shafer, Dr. L. G. Rowley and Mrs. Joseph Green, state press and publicity chairman.

State President Mrs. L. G. Rowley discussed the Presidents Recommendation on National Themes for Progress.

Robert Newman, deputy from the Oakland County sheriff's department narrated a film entitled "Communism: Thou Shall Not Steal."

The Church of the Brethren Youth and the Mary Morten Unit gave vocal selections. Federation president, Mrs. William Bradley, accompanied at the piano.

He has also been a Rockefeller Foundation Fellow in intercultural understanding. He was a resident in Taipei, Taiwan, as a special research fellow with Academic Sinica Institute of History and Philology and with National Taiwan University, resident of Kyoto, Japan, as visiting research scholar with Kyoto University Research Institute of humanistic sciences.

During his talk, Dr. Hucker will raise such questions as why China's transition toward a modern national state have been so agonizing for the Chinese and frustrating for outsiders. Has China's national character changed in the process? Is Chinese communism now a failure, such as nationalism before it?

Dr. Hucker will raise such questions as why China's transition toward a modern national state have been so agonizing for the Chinese and frustrating for outsiders. Has China's national character changed in the process? Is Chinese communism now a failure, such as nationalism before it?

Lectures to Pontiac Music Unit

The Pontiac Music Guild met Tuesday morning in the music room of the First Congregational Church.

Mrs. Helene Nordstrom of the Grosse Pointe Conservatory of Music, chose the subject "Children's Music of the 20th Century" for her lecture and demonstration on the piano.

A recital Nov. 28 in the Grinnell Bros. auditorium was announced.

Most forest fires in this country still are caused by incendiaries, debris burners and careless smokers, in that order.

The projects committee of Pontiac Women's Club is in charge of the card party to be given Oct. 30 at First Federal Savings and Loan of Oakland civic room. Those working on arrangements

include (left to right) Mrs. Earl V. Hoskins, Ogema Road; Mrs. H. M. Anderson, Rosshire Court; and Mrs. H. T. Rombough, West Huron Street.

Junior League Gathers

Birmingham Junior Leaguers met in small groups Monday for informal discussion of league activities.

Members opening their homes were Mrs. Robert Alkins, Mrs. John Bacon, Mrs. John Bones, Mrs. Thomas R. Branson, Mrs. George Cantrick, Mrs. William Chickering and Mrs. Thomas H. Clark.

Others were Mrs. Thomas C. Goad, Mrs. John Guenther, Mrs. James Ladd, Mrs. Charles G. MacGregor, Mrs. Robert McRae and Mrs. Edward B. Morley Jr.

The hostess list concludes with Mrs. Reginald Oak, Mrs. Richard C. Page, Mrs. Ed-

ward A. Proctor Jr., Mrs. William B. Williams and Mrs. Richard T. Denyes.

Opti-Mrs. Club Begins Sewing for Children

The Waterford-Lakeland Opti-Mrs. Club members began their sewing project Thursday evening in the home of Mrs. Donald Card on Jamestown Street.

The group has set a goal of 300 children's aprons for a booth at the Waterford Community Fair next June. Mrs. John Sawyers of Olympic Parkway was welcomed to membership.

Links Nutrition of Parents to Child's Sex

LONDON (UPI)—Wealthy, well-to-do parents are more likely to give birth to a daughter than a son, Dr. Ronald Sprenger said yesterday. Sprenger said a check on Debrett's, the who's who of British nobility, showed that the aristocracy listed there had 57 per cent daughters and 43 per cent sons. "There seems little doubt," he said, "that the nutritional state of parents has some influence on the sex ratio of the family."

Farmers put in 400 man-hours producing one acre of tobacco, far more than is required for any of the other usual field crops.

Unit Sets Benefit Card Party

Girls' Ranch of Camp Oakland will benefit from the card party to be given Tuesday by the Pontiac Woman's Club in the civic room of First Federal Savings and Loan of Oakland.

Mrs. Earle Hoskins is general chairman of the event. Assisting her are Mrs. H. M. Anderson, refreshments chairman, and Mrs. H. T. Rombough, prizes chairman.

Other members of the committee include Mrs. Clarence Myers, Mrs. E. M. Rose, Mrs. Leon McMillen and Mrs. Royal Pazik.

Homemakers Club

Creative Homemakers Extension Club held its monthly meeting Thursday at the home of Mrs. Fred Muller of Crane Street.

Mrs. Elvin Davis and Mrs. Thomas Stachler reported on the Christmas workshop they had attended.

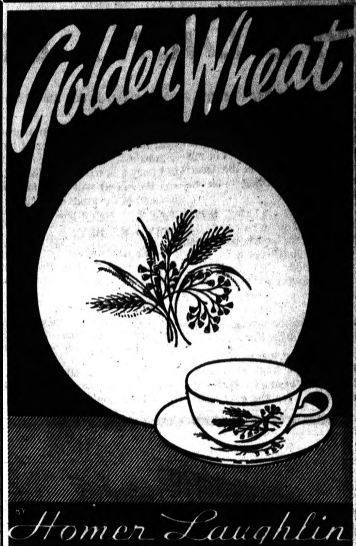

A new cleaning solvent especially for hobbyists removes grease and dirt without damage to plastics, insulation, or paint. It is electrically nonconductive.

We Didn't Buy' Khrushchev's Sales Pitch

By RUTH MONTGOMERY
WASHINGTON—Soviet Premier Nikita Khrushchev was perhaps overly influenced by Madison Avenue selling techniques in misjudging the temper of the American people regarding Cuba and Berlin.

the propaganda that Americans would not fight.
In a speech delivered in August 1961, the roly-poly dictator of the Communist world declared: "It is a fairy tale that they, (the U.S. and its Allies) will fight for the freedom of Germans in West Germany if we sign a peace treaty."

WOULD WE BUY?
Later, Khrushchev told visiting American poet Robert Frost that Americans are "too liberal to fight." He made similar remarks to Interior Secretary Stewart Udall, to American newspapermen, and to numerous diplomats from all parts of the free world.

If he said it often enough, Khrushchev apparently believed we would "buy" the no-

tion ourselves, and lose all will to defend the right.

Like other dictators of the past 70 years, Khrushchev underestimated the courage of the American people, their love for freedom, and hatred of subversion and tyranny.

The American people in this instance were even ahead of the administration in calling for action on Cuba. President Kennedy, knowing full well the awesome set of events which he could set off by any war-like move, weighed and reweighed the lonely decision that only he could make.

A week ago last Tuesday, he received "hard" information that missile bases were being estab-

lished on Cuban soil, 90 miles off our own coastline.

He directed stepped-up surveillance and evaluation of the evidence which poured in from our intelligence sources.

Two days later, he listened stoically in his office while Soviet Foreign Minister Gromyko stated that Soviet assistance to Cuba was purely defensive in character.

A student of history, Kennedy must grimly have remembered the morning of Pearl Harbor, when Japanese diplomats called on Secretary of State Cordell Hull to prattle about their peaceful intentions, at the moment that Jap pilots were attacking our Pacific fleet.

The President departed as

planned on his political tour, but the author of "Profiles in Courage" was not heartened by the political posters at news rallies which read: "Less profile and more courage."

Kennedy abruptly cut short his cross-country tour in Chicago Saturday morning, and flew back to Washington. Vice President Lyndon B. Johnson was ordered home from a similar political tour in Hawaii, and during the succeeding three days, with top military, diplomatic and intelligence officials working around the clock to assess the aggressive build-up in Cuba, the die was cast.

The President's dramatic address mobilized the American people to whole-hearted, bi-

partisan support of the risk involved.
As always in a time of national crisis, the American people were united in a single cause.

This is the quality of a free society which no dictator can seem to comprehend.

Just such miscalculations as this have unleashed the horrors of war in times past.

Let us hope that Khrushchev, who calls himself a "man of peace," has now learned this lesson well.
In his pudgy hands rests the power for peace or war.

In a normal year Cuba exported 2.5 million tons of sugar to the U.S.

WHY MORE TRAINING?

The Job Guide, published by the U.S. Dept. of Labor, gives this answer: "You should weigh carefully the long run advantages offered by jobs you are considering against immediate gains. You should be aware of the great importance of education as a general and specific asset. Technical or professional training received after leaving high school will give you definite advantage in seeking and finding a job. When advancement opportunities occur, preference is generally given to persons with superior educational qualifications—other things being equal."

Foreign Teens at PCH

By JANE BIGLER

Pontiac Central High School students this year are learning many new customs and ideas from three foreign exchange students.

Two are sponsored by the

American Field Service and one by the world Council of Churches.

Coming from Athens, Greece is Anti Karali. Anti is sponsored by the American Field Service and is spending the year with the Ben Hawkins family. Her

American sister is senior Chris Hawkins.

Anti is 17 years old and will graduate from Pontiac Central in June. She enjoys football a great deal and finds our school system very pleasant.

Gus Costa Valvado also is sponsored by the American Field Service. Gus is 18 years old and hails from Belo Horizonte, Brazil.

Gus is also in the 12th grade and is staying with the Robert Lorenz family while in Pontiac. Bob Lorenz is his American brother. Gus has made many friends and likes our city very much.

Each year one student from Pontiac Central is selected to spend the summer in a foreign country. In this way our exchange program with the American Field Service is completed.

This year the honor fell to senior Kathy LaCore who spent the summer in Oslo, Norway.

There are several qualifications for AFS applicants. They must be a junior in high school, have had at least two years of one language and have an adequate knowledge of their country and world affairs.

From the many applicants received, four are selected and sent to the New York office. The final selection is then up to the New York office which announces its decision in the latter part of May.

History teacher John Burton heads Pontiac Central's AFS club. This organization raises \$1,200 to bring two AFS students to Central each year.

Officers are: Pam Griffin, president; Mike Jenkins, vice president; Joan Grahek, secretary and Jim Nelson, treasurer.

Their fund raising projects include selling malts during the lunch periods and at home basketball games, and selling Christmas cards, candy and shamrocks.

FROM GERMANY

Sponsored by the World Council of Churches, Peter Kruger is also spending the year in Pontiac.

Peter, 16, is from Wilhelmshaven, Germany and is staying with the Mark Lightfoot family while in Pontiac.

His American brother, Mark, spent the summer in Germany with him as a delegate from the Council of Churches.

Peter is a very active person who enjoys music and sports. He holds a position on Pontiac Central's junior varsity football team.

Big Week for Rochester

By Barbara Dunford

Rochester High School's game tonight against Romeo is only the half-way mark in Rochester's week long celebration of Homecoming.

Following the game, the Senior Class will sponsor an after-game dance.

The Homecoming Dance Saturday evening tops off the wonderful week.

TASTE OF AMERICA — Sipping malts from a favorite vending machine at Pontiac Central High, are (from left) Anti Karali, from Greece; Gustavo Valvado, from Brazil; and Peter Kruger, from Germany. Proceeds

from the machine, operated by the PCH American Field Service Chapter, helped bring the three exchange students to Central this year.

Kettering Sends 10 to 'News' Day

By BARB SECAN

Michigan State University will be the destination of 10 members of Waterford - Kettering High School's Navigator staff to meet, to attend the annual Newspaper Day held on the campus.

The program is conducted by the College of Communication Arts at the university. Prior to the luncheon a number of areas concerning newspapers will be covered.

Some of the features on display will be Michigan school newspapers, journalism textbooks, printing processes, and photographic equipment.

Other topics of discussion during this time will be photos and photo editing, reporting and news-writing techniques, and features and special articles.

Students taking the field trip are Karen Elmquist, Joy McReynolds, Brian Pakewitz, Bob Plenz, Carol Michewitz, Janet Root, Kathy Shepherd, Barb Secan, Brenda Wilson and Sue Stephenson.

To Fete Frosh at St. Mike's

By BILL O'NEILL

Tonight from 8 to 11, the seniors of St. Michael's High School will sponsor a dance to welcome freshmen.

This event, known as "The Freshmen Night Out," will be open to all St. Mike's High School students.

Freshmen will be admitted free; other students will pay \$5 cents.

Dick Ghastin is chairman of program and records committee; Mike Hurst, refreshments; Pat Dunley, decorations; Dave Moreno, posters; Barbara O'Shea, tickets; and Judy McInnis, chaperones.

Tests for McGregor Scholarships are now available to St. Mike students by appointment only. Forty of these college grants will be offered in the Archdiocese of Detroit.

Students are thankful to their pastor, Father Hayes, for the new look of the high school library.

The expansion of the stockroom and the addition of six sets of shelving for library books make for a better library program.

Northern Vocal Groups to Blend Chords Nov. 5

By SUSAN KILLEN

For the next few weeks, many groups at Pontiac Northern will be performing old tricks and learning new ones.

The vocal music groups will be presenting their old tricks at the fall vocal music concert to be held in the Northern gymnasium Nov. 5.

The choir, Velvetones, Senior Boys and Senior Girls Ensembles, Norsemen and girls clubs will all be participating.

Michael Dempsey and Judith Parry will conduct Northern's sector of the concert. Tickets may be purchased from any vocal music student.

Members of the Pontiac Northern Polaris, the school newspaper, will be traveling to Michigan State University tomorrow.

MSU is sponsoring its annual "High School Newspaper Day." It is here that new ideas are discussed and old ones are reviewed in the publication of a high school newspaper.

Clinics will be held on photog-

raphy, sports-writing, feature writing, layouts, advertising, managing and general newspaper work.

There will be a display of various high school newspapers among which will be the Northern Polaris.

William Sturgeon, a shop teacher at Northern, is due to return from a 19-day tour of Europe Nov. 5. Mr. Sturgeon and his wife, and about 300 other Antique Automobile Club members are now touring the continent viewing automobile collections.

The group will separate and their tours will include the countries of England, Holland, Germany, Switzerland, Belgium, and France.

Mr. Sturgeon will then return to Northern to relate his adventures and to continue teaching.

The production dates of Nov. 15-17, for the Northern Players first production of the season, "The Inspector-General," are coming close at hand.

Waterford Twp. High All Excited

By LIZ VENIE

Homecoming fever reaches its peak today as Waterford Township High School students begin the many activities of the ninth annual homecoming weekend planned by the student council.

To "kick off" the festivities, the varsity cheerleaders presented the second pep assembly of the season this afternoon.

Boosting spirit for the football game tonight, the pep assembly came to its climax with the announcement of the 1962 Homecoming king and queen.

Candidates for queen are seniors Betsy Gillen, Marilyn Ott and Marilyn Seiber. Clark Lemaux, Dave Patterson and Bob Reader, all seniors, are the nominees for king.

After the king and queen are named, the remaining seniors will make up part of the attending court.

UNDERCLASSMEN Underclassmen representatives elected to the homecoming court are students to the reigning seniors are John Nicholson and Fred Finkbeiner, juniors; Pam Morgan and Larry Hould; sophomores; and Janice Abel and Mike Lewis, freshmen.

Tomorrow, centered around a fantasy theme, the coronation ball, "Fantasia," will take place in the gym from 8 to 11 p.m.

In a wooded scene recreated on the stage, the king and queen will be seated on thrones camouflaged by jeweled trees.

Decorations committee chairman Sheryl Jones announced that woodland gives and gigantic glittering butterflies will adorn the walls amid large flowers.

Couples in semiformal attire, will dance to music provided by Dave Martin and his band, of Detroit. Refreshments will also be served in a fantasy atmosphere in the cafeteria.

Preceding tonight's football game, a pep rally will be held at the Pontiac Mall, led by the cheer-

leaders and Waterford's marching band.

From the Mall, a parade of homecoming floats will lead a car caravan to the football field where the Waterford Shippers meet the Huskies of Pontiac Northerns.

"Cruising" on a CrisCraft, the senior attendants will be followed by the "pearl" of the junior class, riding in the center of a large oyster pulled by two sea horses.

The sophomore attendant will be seen riding a tugboat, and following her, the freshman attendant slides in on a dog sled pulled by a worn Northern Huskie. The sled will be driven under the whip of a mighty Waterford Skipper.

Also adding floats to the parade are Y-Teens, the yearbook staff and the choir.

Marilyn Seiber, student council vice president, has been overseer of all the plans of various committees set up by the council.

The pep rally was planned by Jane Tripp, while Dick Toles and his committee built the bonfire at the far end of the football field, Margaret St. Dennis is in charge of the halftime festivities.

Headed by Sue Stevens, the coronation committee conducted elections for the king and queen and the underclassmen representatives. They also placed pictures of the candidates in the show case, and planned the coronation ceremonies.

(from left) Marilyn Ott, Dave Patterson, Marilyn Seiber, Bob Reader, Clark Lemaux and Betsy Gillen. The four losers will hold top honors in the court.

BRANDON BEAUTIES — Pretty, blond Linda York (right), Brandon High School's 1962 Homecoming Queen, is admired by her three competitors. The three losing candidates, who reigned as queens of their respective classes, are:

(from left) Faye Bolyea, a junior; Gail Wray, a freshman; and Marian Thompson, a sophomore. Linda was crowned queen at last Friday's homecoming game in Orionville.

Pontiac Press Photo

Observe U.N. in Assembly at St. Fred's

By SHEILA LANE

In observance of United Nations Day, Oct. 23, the sophomore class of St. Frederick's High School presented a symposium today on the United Nations before the school assembly.

The students participating in the symposium, under the direction of Sister Marylis, IHM, teacher of economics and government at St. Fred's, discussed such aspects of the U.N. as its first conception as a League of Nations, the history of the U.N., the participating nations, and the U.N. Security Council.

A knowledge of this organization is important and the students demonstrated their interest in the brisk question and answer period which followed the formal symposium.

St. Fred's chapter of the Catholic Youth Organization Association of Teen Clubs is really going to greet Halloween in goblin fashion this year by presenting "Witches' Twist," a costume dance to be held at the parish hall Halloween night.

Kathy Kinney and Mary Jo Dobski, general chairmen of the affair, are busily making "tricky" preparations.

Fell Under Moving Train

Injured Stunt Man Recovering

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD — By all logic, Bob Morgan shouldn't be alive today.

Any man who has had a train run over him, who has been taken to a hospital virtually in pieces, stands little chance of living for many days.

"When the doctors first looked at me, they figured I had two or three days at the most," says Morgan.

But he was an expert at long chances. As one of Hollywood's most daring stunt men, he had doubled for stars like Burt Lancaster, Randolph Scott,

Chuck Connors, John Wayne and Robert Ryan in some of the most amazing feats ever filmed.

SWEPT OFF TRAIN

His last stunt was for "How the West Was Won" on an Arizona location. He was doubling for George Peppard in a fight scene on a moving train when a log swept him off the car.

Fast action by aides in the film company prevented his life from ebbing away. He was taken to a hospital and after hours of work, his injuries were assessed: left leg crushed by the train wheels with six inches of bone missing; right leg, compound fracture at the femur; pelvis smashed; lower vertebrae crushed; right side of the face flapped open; various internal injuries and abrasions all over his body.

SHOOK THEIR HEADS

"The doctors just looked at me and shook their heads," he recalls.

Morgan himself wasn't sure he would survive. Not until the second night, anyway. That was when he woke up and saw his wife, Yvonne De Carlo.

"I decided right then I was going to make it," he says. "It was the love of my family and friends that did it for me. They have been fabulous."

The doctors weren't so sure about his plans for survival. He refused to have his left leg amputated although it seemed beyond hope. Gangrene developed, and he lingered near death. The leg was removed, but his toxic condition remained for two weeks with temperatures of 105-4. Once a 6 feet 4, 200-pounder, he dropped to 105 pounds.

He says he actually died twice,

meaning that the functions of life had ceased—"but fortunately I was in the operating room both times and they brought me back."

Morgan beat the rap and now he's at Los Angeles Orthopaedic Hospital taking four and a half hours of daily therapy. He is already being fitted for a new leg and is working hard to bring the badly damaged right leg back to use.

"I can't say enough for this therapy," he commented. "A lot of so-called handicapped people would get back to normal life if they would just work hard at it. I don't consider myself handicapped. I'm going to be doing just about everything I did before. Golf is my goal. When I get back to playing golf again, I'll figure I've made it."

FUTURE?

What does the future hold for him?

"I've got a golf instruction kit on the market which might take off; it's called step into balanced golf," he said. "I might go back to some straight acting, which I had also been doing. But my main goal is to be an action director in films."

"I picked up a lot of tricks in 17 years as a stunt man. I know the camera and I know action. I think I can be a big help to

Harrison Signs to Play in 'My Fair Lady' Film

NEW YORK (UPI) — Warner Brothers announced yesterday that Rex Harrison has been signed to play Professor Higgins in the film version of the Broadway hit "My Fair Lady." The role he created on the stage.

He will appear opposite Audrey Hepburn who has been signed for the role of Eliza Doolittle. Start of filming is scheduled for early 1963.

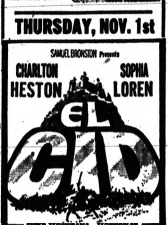

some of these new directors who are out of television and don't know how to deal with action. Some people think of action as violence. But stunts don't have to be violent; they can be used for comedy and excitement. And they provide movement, which is what the motion picture is supposed to have."

Wild West Show Flips

WINCHESTER, Va. (AP) — It is quite evident that this city lacks something in Wild West performance. The Opegon Saddle Club had eight contestants in the calf roping contest at its horse show. The calves were too fast and tricky and there was no winner of the contest.

Minister Sees It As Missionary Challenge

'Church in Suburbia Not So Dreary as Critics Claim'

By LOUIS CASSELLS
United Press International
The Rev. Robert A. MacGill is a courageous clergyman. He

dares to say a good word about suburban churches.
To find any signs of health and vitality in suburbia is a very unfashionable thing to do these days. It's getting so you can hardly pick up a church periodical without encountering a jeremiad against the "materialism," "parochialism" and "shallowness" of suburban Christianity.

It is a little startling, therefore, to find the Rev. Mr. MacGill saying boldly in The Living Church magazine:
"Despite the prophets of suburban doom, the Church is still mediating Christ's salvation... even in status heights. And it is doing so remarkably well, in my opinion."

The Rev. Mr. MacGill served until recently as vicar of what he describes as an "arch-typical" suburban parish—the Episcopal Church of the Nativity, Indianapolis, Ind. He is now on the staff of the National Council of the Episcopal Church.

He acknowledges that the average suburban congregation is far from being the dedicated body of Christian disciples that it ought to be. But

with all of its shortcomings, suburban Christianity is not as "dreary and foolish" as its critics paint it.

In suburbia, the Rev. Mr. MacGill says, "The Gospel is being proclaimed and received by men and women who want badly to know that there is Good News with power to save."

'BLAZING AREAS'

"The historic creeds are shaking out blazing areas of eternal truth for lonely, transient and skeptical folk whose uniformly college-educated minds still clamor for the few simple certainties of life."

"The food and drink of the Eucharist are penetrating the lives of worldlings who know acutely what it is to hunger and thirst in the midst of cocktail and cocktail plentifulness."

Instead of scorning suburbia as a wasteland of Pharisaism, the Episcopal minister says, churches should recognize that it "may well be the greatest missionary challenge to Christianity in America today."

From his own ministry in the suburbs, the Rev. Mr. MacGill has learned two lessons which he

commends to all clergymen who are assigned to this "missionary" frontier.

The first is that "Suburbanites do not need the church for picnics, parties and the like... They have their own resources for leisure and recreation."

"The effort spent in so many churches on organized outings and social affairs is an essential waste," he says, because it merely provides another opportunity for human relationships on an "artificial level."

CHANCE TO KNOW

"What people want is the chance to know other Christians in some depth. Adult study programs of an unabashedly religious nature — and especially those with lay leadership — are the obvious alternative."

The second lesson is that "Suburbanites are painfully self-conscious Christians because, despite their high level of book-learning, they are essentially ignorant about the Christian religion."

"Too often we ask a church member to accomplish the impossible task of being a Christian

without giving him basic instruction in what Christianity is all about."

"In the transient world of suburbia, a terrifying number have never had that introduction. They do not know the Bible. They do not know why the Church is as it is, and does as it does. And they are ashamed and self-conscious because they don't know."

His remedy—which worked wonders for the Church of the Nativity at Indianapolis—is to provide adults as well as children with systematic, basic instruction in the "context of the Christian faith."

To provide this instruction, the Church of the Nativity worked out an "unashamedly old-fashioned curriculum" in which the Bible was the principal textbook.

"Modern religious educators will probably scream," says the Rev. Mr. MacGill, "but this was the moment when these suburban Christians began to lose their self-consciousness and to become properly conscious of Holy God. I am convinced that there is a major key to the life of the church in suburbia."

STUFF AND NONSENSE — Western Michigan University undergraduates yesterday claimed an international title for "stuff-stuffing" after 260 men squeezed themselves into a 9½-by-13-foot dormitory room. Michigan State University

students grabbed the title a few weeks ago, cramming 230 into a room of similar size. The fad started at Kansas State University.

Picket Red Ship; Cuba Load Aboard?

MOBILE, Ala. (UPI) — A Yugoslav freighter believed carrying Cuban cargo was picketed yesterday and a union spokesman said no Americans would work on the vessel's cargo.

Longshoremen preparing the SS Kupres for cargo walked off the ship yesterday when eight union pickets surrounded it shortly after it docked.

A union spokesman said the vessel recently docked at Cuba and "We learned that the vessel now has Cuban cargo aboard that is listed on the ship's manifest."

The Kupres was the first ship to be tied up here for trading with Cuba although two others have been picketed at Houston, Tex. The Kupres reportedly came here from New Orleans.

Student Pilot Nabs Ratfler With Airplane

MIAMI, Fla. (AP) — Student pilot John Smiley, 22, has found a new way to catch rattlesnakes — with an airplane.

Smiley was bringing his plane in for a landing when he spied the snake on the runway.

"Rattlesnake sighted on final approach," Smiley radioed the airfield tower. He landed and taxied the plane over the serpent, pinning it to the concrete with one wheel.

A field service truck drove up and its operator smashed the snake's head.

Tiny aquatic snails of the Florida everglades have extended their range to South America by cruising comfortably aloft in the feather of a bird, the ibis.

Free Press OKs Romney

Both Detroit Papers Now for GOP Man

DETROIT (UPI) — The Detroit Free Press today endorsed former American Motors Corp. President George Romney's candidacy for governor of Michigan.

The newspaper, in an editorial entitled "Romney Is the Man Michigan Should Elect," said when the GOP candidate announced his intention to run for governor "our immediate inclination was to cheer."

Michigan's only morning newspaper said the campaign between incumbent Democratic Gov. John B. Swainson and Romney boiled down to four issues.

Michigan's next governor, the editorial said, "must be the central figure, the creator of policy and the decision maker in the drive for constitutional reform, fiscal reform, apportionment reform and economic expansion of a stagnant state."

The Free Press said, "We believe his demonstrated selling ability, his fiscal reform program, a new constitution and legislative response to the governor will change the business climate for the better."

Detroit's other metropolitan daily, the afternoon Detroit News, also threw its editorial support behind Romney's bid for election.

Cuba Tests Taylor Theory on Showdown Site

By RAY CROMLEY

WASHINGTON (NEA) — The Cuban blockade is the first test of a key Cold War theory of Gen. Maxwell Taylor, who became chairman of the Joint Chiefs of Staff and the nation's top military man on Oct. 1.

Navy Task Force in Atlantic: Forces on the spot are overwhelmingly superior.

to be stopped, there must be a showdown. If there's going to be a showdown, let's have it at a place and time of our choosing, not Khrushchev's.

Let's have it where we have the advantages — the superiority of arms and men, the short lines of supply. Let's have it where there's the least danger of escalating into an all-out nuclear war. Let it be a clean-cut showdown.

Let's have enough force at the spot to make the decision sharp and relatively quick. In this there is no substitute for "the personal sharing of the danger" by Americans meeting the Russians face to face.

A quick face-to-face action in a location where Americans have overwhelming superiority will decrease — not increase — the chances of global war.

WILL CONVINCE REDS

Such action will tend to convince the Soviet Union that the United States means business; it will make the Soviets more reluctant to take chances elsewhere in the world. So runs the theory.

The Cuban blockade meets these Taylor criteria, say Pentagon officials. It is a clean-cut showdown; the Soviet ships must submit or resist.

The forces the U.S. Navy and Air Force have in the Cuban area are overwhelmingly superior to those the Soviet Union can bring to bear at the spot.

The U.S. Atlantic Fleet has six attack aircraft carriers, half of which will normally be available for the blockade. It has seven antisubmarine warfare support carriers.

The Soviet Union has no known available carriers.

The United States on the spot can heavily outnumber the Soviet Union in destroyers, cruisers, submarines.

The Russians have few bombers and fighters available for use any distance off the Cuban coast.

The U.S. Navy and Air Force can make a sizable chunk of the American fighter and bomber forces available from carriers and from airfields in the Southeast.

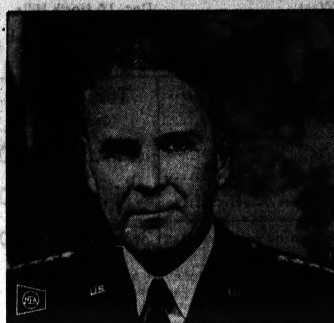

SUPPLY LINES SHORT U.S. supply lines are short in the Cuban area: Russian supply lines are long.

If fighting breaks out, it will be between ships or planes at sea, thus relatively easy to contain, unless the Russians want war. "Then the fat's in the fire anyway," says one Defense Department strategist.

To keep any fighting from spreading, U.S. orders have gone out to use no force unless necessary; use the bare minimum force needed to accomplish the blockade.

If Cuban or Russian ships or planes fire on U.S. ships or aircraft, Americans will protect themselves.

They will attack those forces attacking them. But they will not, according to the present Pentagon ground rules, schedule a general retaliatory attack on Russian or Cuban ships, planes or installations.

Taylor—Enough force for quick decisions.

These restraining rules do not hold, of course, if the Cubans fire a ballistic missile at the United States or at any other Western Hemisphere country.

U.S. NECKS ON BLOCK

In the Cuban blockade there can be no feeling the U.S. is asking its allies to stick their necks out while the U.S. backs them up.

It's the American necks that are on the block.

The Taylor theory holds that the U.S. open show of willingness to risk American necks will boost the confidence of Ameri-

can allies and increase their willingness to stand firm.

Contrast these Cuban blockade conditions with Laos, South Viet Nam, Turkey, Iran or West Berlin.

In every case, U.S. supply lines are long, the Red bloc supply lines short. Near Berlin, the Soviet Union has a marked superiority of highly mechanized army divisions, fighter and bomber planes.

The same is true at the Iranian and Turkish borders. In Laos and South Viet Nam, Red North Viet-

namese and Red Chinese can throw in troops much faster than can the United States.

MIGHT USE A-WEAPONS

To hold off the Russians in Western Europe, Turkey or Iran, American troops might be forced into a quick use of atomic weapons.

Inevitably the Soviet Union would do the same. Cities would be hit. The fighting could easily escalate into full scale nuclear war.

Even in the Cuban blockade, of course, Khrushchev could spread the action. He could retaliate with a blockade around Berlin or action against Turkey, where the U.S. has bases, or Iran.

If Khrushchev does move in those areas, he will be risking war. For Pentagon officials say the Taylor theory holds the U.S. should run a Berlin blockade, for example, if it was imposed.

The joint chiefs have worked out and have on hand ready for use as of today detailed plans for defense in Turkey, Iran, Berlin and all Western Europe.

There are a series of plans to meet a wide variety of possible threats.

This, of course, could result in all-out war. But the Taylor theory holds that if such limited Soviet aggressions are quickly "reisted with adequate means" there will be less risk of the conflict expanding into general war.

'Gitmo' Dependents Scatter Across Country

NORFOLK, Va. (UPI) — Dependents of servicemen at Guantanamo Bay, herded here because of the Cuban crisis, scattered to all parts of the country today to wait out the threat of a shooting war.

Some of the 2,400 women and children, many declaring that the American outpost in Cuba was their "real home," left for home towns last night and others departed throughout the day.

Despite the cold weather, the evacuees, arriving in a flotilla of four ships yesterday, met a warm reception from residents of this seaport city.

The pangs of sorrow were obvious but the Navy pulled out the stops in a determined attempt to

Ike Backs Up JFK in Cuba; Hits at Home

PITTSBURGH (AP) — Former President Dwight D. Eisenhower appealed to Americans Thursday night to make whatever personal sacrifices are necessary in the Cuban crisis, then he ripped into the Kennedy administration on domestic issues.

"Until this urgent problem (Cuba) is solved to the satisfaction of our nation," the two-time Republican president said, "every loyal American will, without hesitation, carry out and conform to any instructions, pertaining to it, proclaimed by the commander in chief."

Eisenhower, speaking before a packed crowd of some 17,000 at a GOP rally in Pittsburgh's Civic Arena, called upon his countrymen for "visible and genuine unity" in face of international dangers.

After referring to the Cuban situation, Eisenhower swung into an attack on the administration's domestic policy. He said the 21 months of the Kennedy administration has broken the economy and paved the way to continued unemployment and deficit spending.

RICIDULES DEMS

In a speech intended to enhance the chances of Pennsylvania Republican candidates in next month's election, Eisenhower ridiculed Democratic party philosophy as "Government of the people, by the Washington bureaucracy, for the expansion of executive power and the entrenchment of far-frontier theorists."

He said, "our country is too great in its destiny to be turned over to the members of a clique in Washington, tinkering and tampering, in the attempt to produce, someday, somehow, an acceptable blueprint for the future of every one of our 50 states and 183 million citizens."

Panic Buying Not Evident

No Canned Foods in Case Lots Being Sold

By The Associated Press
There is some scare food buying around the nation because of the Cuban crisis, but no concerted rush to strip shelves of canned goods and packaged staples, a survey showed today.

As one food chain executive in the Washington, D.C. Maryland area put it, the best indication of a scare would be in purchases of case lots and his chain has had none of that beyond normal sales.

However, in Baltimore, Md. one woman bought \$40 worth of canned goods and first-aid material, telling the cashier she was heading for the hills of West Virginia.

Grocers in Arizona reported a sharp upswing in sales of canned goods, baby food, canned milk, etc., but nowhere near the reported heavy buying in the Los Angeles area. In Los Angeles, city officials urged housewives to keep a two-week supply of food on hand.

A Fort Worth, Tex., restaurant posted a sign reading: "Eat out—save your groceries for an attack."

Civil defense authorities are giving this advice to house-

holders. Stock your basement with a two-week supply of canned goods and water; plan on a quart of water per person each day as adequate for drinking purposes only. Supplies should include a battery-powered radio, a first-aid kit, blankets and warm clothing.

K's Cuban Capers Key to Berlin?

By JOHN M. HIGHTOWER

WASHINGTON (AP) — Soviet Premier Khrushchev may have ordered construction of missile bases in Cuba as part of a Kremlin plot to put President Kennedy under a surprise threat of nuclear war in an attempt to force U.S. concessions on Berlin.

This possible strategic purpose for the sudden and unexplained installation of Soviet nuclear missiles 90 miles from the United States is being given serious consideration in official quarters here.

It is one of the reasons why authorities are sticking grimly to their conviction that while the first phase of the Cuban crisis has been passed on the naval blockade front, a second and potentially far more serious phase is yet to come.

2 POSSIBILITIES As to the nature of the second phase there are two possibilities in speculation. One is that Khrushchev is intent on forcing a showdown with the West over Berlin and may go through with his main plan in spite of the de facto closure of the Cuban missile build-up. The other is that the U.S. government is determined that the missiles must be removed from Cuba and the bases demolished.

The frantic diplomatic search for a peaceful way out of the crisis, centered at the United Nations, is so far little more than a lull in the diplomatic storm which broke over the world Monday night.

A defense spokesman reports that Soviet missilemen and military technicians—of whom there are an estimated 5,000 on the Caribbean island—are still working at top speed to complete the bases and get whatever missiles are available to them in place.

The naval blockade force which President Kennedy set in motion Monday has proved an effective barrier to the introduction of more missiles into the island but the U.S. action has not evidently put a halt to the Soviet activities already under way there.

One point on which authorities seem agreed is that the thrust of Soviet nuclear striking power into the Western Hemisphere must represent a basic Soviet policy decision made much earlier this year. The indication is that the decision called for a switch to a much more aggressive strategy with much greater reliance on military power to serve Moscow's expansionist purposes in the world.

Perhaps Khrushchev and his advisers had decided that their "peaceful coexistence" efforts to penetrate Southern Asia, Africa, and Latin America by economic means were too slow and too costly. They may also have expected that the Western powers would demonstrate more apprehension about Soviet nuclear might, as displayed in last year's nuclear test

explosions, than the Allies did. The projection of this analysis is that the Soviet government was compelled by frustration and impatience and perhaps by political discontent within the Soviet bloc, to achieve some spectacular victories in the cold war by a more reckless brandishing of nuclear weapons than ever before.

If that was the policy, the U.S. reaction upon discovery of the installations in Cuba seems to have given the Kremlin strategists a reason for pause and reassessment. Whether it has also persuaded them that they are in a dangerous danger of setting off a nuclear war, no one here knows.

The judgment of at least some Washington authorities is that an undetected establishment of Soviet missile bases in Cuba would not have altered the basic balance of power between the United States and the Soviet Union since both have the means of striking at targets thousands of miles away.

The ability of the Soviets to launch heavy nuclear attack from a position close to the United States, however, would probably increase accuracy and would certainly reduce the time between launching and arrival of warheads on target to a very few minutes.

Kennedy Works Long Hours

White House Busy During Cuban Crisis

WASHINGTON (AP)—In these days of crisis, President Kennedy is putting in 12 and 17 hour days at his desk. A telephone is never more than a step or two away.

Even while he lounges in his rocker, chatting with visitors, a telephone dangles from the coffee table near his hand.

The grave challenges of Cuba are taking up about 90 per cent of his time. But those about him say the President is making his decisions coolly and calmly.

GEARED FOR CRISIS

While the executive mansion and its staff is geared for crisis, it isn't quite on a war-time basis. Tourists still parade through the White House. But now they have to check their purses and packages outside.

Pickets are still permitted to patrol in front of the mansion and they seldom miss a day. Banners of ban-the-bomb groups are the ones most in evidence.

No unusual increase in security has been ordered. The same number of secret service agents are still guarding the President and his family. However, the White House police have been getting some overtime and a few metropolitan police are usually stationed outside the fence.

The crisis has brought late dinners, sleeping in hotels and on cots, and night shifts for some of the President's aides.

WORKING LATE

In the basement of the executive wing, the "situation room"—the nerve center through which filters secret information from all around the world—is manned 24 hours a day by presidential assistants.

It has a huge, complex communication system with closed-circuit television, maps and charts.

This situation room is never unmanned but now key officials take turns standing watch at night. Among them are the President's

special assistant for national security affairs, McGeorge Bundy, and Bromley Smith, executive secretary of the National Security Council.

STAY ON JOB

The White House press office is also staffed 24 hours a day. Pierre Salinger, press secretary, has taken quarters in a hotel a block away. His assistants, Andrew T. Hatcher and Malcolm Kilguff, spell each other at spending the night in Salinger's office equipped with an army cot.

The driveway and lawn in front of the executive offices are crisscrossed with cables for lights, telephones, television and radio equipment.

At night, passersby gawk at television newsmen, beamed in brilliant lights, as they give their reports in front of cameras outside the White House.

TELEVISION TRAILERS

Television trailers are parked just beyond the iron fence on West Executive Avenue.

EXTRA PHONES

Blocking the sidewalk is a trailer with telephones for the overflow of newsmen that have overloaded the phones in the cramped press room.

Added to the extra chores has been a flood of telegrams which has poured into the White House since Kennedy's speech Monday night announcing the arms blockade.

Salinger said about 40,000 telegrams have arrived and they run about 22 to 1 in favor of Kennedy's decision.

So far, there's been no count of the letters. "We're still digging out from under the telegrams," said Salinger.

He said the White House has not yet received—or at least not yet located—a telegram from British philosopher and pacifist Bertrand Russell urging the President to end the blockade.

It was in reply to a similar appeal from Russell that Soviet Premier Khrushchev made the suggestion for a "meeting at the highest level" to discuss the threat of nuclear war.

LIGHTS BURN LATE — Lights burn late at the Pentagon last night where a careful watch on the Cuban situation is being maintained. The lighted windows on the third

floor at the top of the columns are in the offices occupied by Secretary of Defense Robert S. McNamara.

1962 PONTIAC PRESS BOWLERAMA ENTRY

MEN'S SINGLES TOURNAMENT

QUALIFYING: (Denote Choice)

Dec. 2 Howe's Dec. 9 Cooley Lanes

Dec. 2 Nor-West Dec. 16 North Hills

Dec. 9 West Side Dec. 16 "300" Bowl

FINALS: DEC. 23—AIRWAY LANES

Total—\$7.00

Wings Don't Win but Still Unbeaten

Redskins Must Put Best Foot Forward

United Press International
 This is the Sunday when the undefeated Washington Redskins find out just how good they really are.

The amazing "Skins, whose record of four victories and two ties is the surprise of the National Football League, take on the New York Giants at Yankee Stadium. And the Redskins are 7-point underdogs.

Sunday's schedule also includes two games involving four of the top teams in the NFL's western division. The champion Hornung-Less Green Bay Packers, with six straight victories, are the choice by 13 points over the Colts at Baltimore and the Detroit Lions are favored by 7 points at home over the Chicago Bears.

In other Sunday games: The Dallas Cowboys are picked by 7 points at home over the St. Louis Cardinals; the Cleveland Browns are the choice by 4 over the Steelers at Pittsburgh; the San Francisco 49ers are favored by 13 over the winless Rams at Los Angeles, and the Minnesota Vikings

and Philadelphia Eagles are rated even at Minneapolis-St. Paul.

The Redskins (4-4-3) cannot drop out of first place in the eastern division whether they win, lose or tie the game against the second place Giants (4-2). They are not counted in computing the win-loss percentages in standings.

This game, however, will be the toughest test of the season for the Redskins. The only "upper crust" team they have beaten thus far is Cleveland.

Yankee Stadium holds a painful memory for the "Skins and their fine young second-year quarterback, Norm Snead. In last year's game, Snead was thrown for two safeties as the Giants scored a 53-0 rout.

THREE-IN-ONE
 This is a far different Redskin team than its predecessors which won only one game in each of the 1960 and 1961 seasons. For one thing, Giant coach Al Sherman emphasizes, Snead absorbed "three seasons of experience" during the trials of his rookie year.

"This is no Cinderella team," says Sherman. "We are preparing for them as we would the Packers."

With the return of pass-catcher Del Shofner to full-time duty with the Giants, both teams are in good shape.

MAKES SAVE — Ed Johnston, Boston goalie, makes a save off the stick of Floyd Smith of the Red Wings last night. The Boston Garden game ended 3-3.

Bruins Rally to Force 3-3 Tie at Boston

Howe in Penalty Box When Tying Goal Hit in Final 30 Seconds

BOSTON (AP)—It's come to the point where a tie with unbeaten Detroit is a moral victory in the National Hockey League.

Boston rookie goalie Ed Johnston in his major league debut, Irv Spencer, who scored with 30 seconds left, and Coach Phil Watson were delighted when the Bruins deadlocked the Red Wings 3-3 Thursday night.

"We were lucky to get a tie," sighed Watson afterward. "It sure helped to have that Gordie Howe off the ice."

ONE SECOND
 The veteran Howe, who had scored his 304th NHL goal and assisted on another, had one second left on a penalty when Spencer jammed the puck under masked veteran Terry Sawchuk, the Detroit netminder who had yielded only six goals in five previous starts.

"I gave up set lines near the finish," Watson added. "We pulled the goalie with 1:15 left and I just threw six men out there. (Forwards Wayne Hicks, Don MacKenney, Wayne Connelly and Guy Gendron) joined Spencer along with defenseman Doug Mohns. Suddenly Spencer picked up a loose puck and there it was."

"The goaltender did a marvelous job—terrific. That means we've got two goalies now. That's an improvement over last season in itself."

Longtime minor league workhorse Bobby Perreault, 31, opened Boston's NHL season and his NHL career in sparkling shutout fashion against Montreal. He was unbeaten in three games, then was beaten for 10 goals in three straight losses.

"The change was no knock on Perreault's work," Watson said. "But he's caught a lot of rubber. We'll decide on our goaltender from game to game though I believe Johnston has earned the right to be there again in our next game Thursday."

FELT 'GREAT'
 "I felt great," said the 26-year-old Johnston, picked up for the \$20,000 draft price from the Montreal system last spring when he was left off the protected list. "I was real nervous for the first few minutes, but after that I felt at home."

Informed he had made 40 saves, Johnston replied: "Forty saves, huh? How many did they have—Sawchuk?" "Told it was 26 he said: 'Oh, I guess that's okay then.'"

What was the major difference from minor league hockey, he was asked. "It's a heckuva lot faster," was the sweat-soaked reply. Boston rallied from 1-0 and 3-2 deficits. Guy Gendron and Don MacKenney scored earlier Bruins goals while Howe, Alex Delvecchio and Bruce MacGregor counted for the Red Wings, who stand atop the NHL with four victories and two ties.

Not Too Early for Bowlerama Entries

County Area Entries Roll at Fast Rate

High Average Keglers Aim for Invitational Portion of Tourney

Too early to enter The Press Bowlerama?

That's not what bowlers in the county area outside the city of Pontiac think.

Mail entries have gradually been coming in to The Press sports department at a 3 to 1 ratio in favor of bowlers outside the city.

The majority of entries thus far are shooting for the opening qualifying date, December 2nd at Howe's or Nor-West, with the idea that if they fail to make it they still have two more chances.

Entries have their choice of times and when squads are filled at a given time by early entries then others must be moved to different squads.

TEAMS TO ENTER

Thus far entries have arrived from Rochester, Milford, Clarkston, Lake Orion, Waterford and Pontiac and many entire teams have indicated they would enter.

In fact, next Thursday night, an entire league, the Mobile Bowlers carrying averages of 185 or better, is planning to submit entry forms at the 300 Bowl.

The majority of the top scratch bowlers will be eligible to compete in the Actual's Invitational part of the tournament. The bowlers are invited in this portion on the basis of average, actual score in the qualifying and position in the finals.

The Actual's will feature a big field with bigger prize list and without entry fee. The entire Actual's field will bowl three games and then the cutoff of 16 finalists will be made. All 16 will be assured of a prize with the winner shooting for \$100 plus a big beautiful trophy.

The biggest winners in past years in the Bowlerama handicaps have been bowlers in the 160-170 bracket, although prizes have gone to handicap bowlers with averages as low as 113.

To dispute the argument of high average bowlers that the big money is won by the high handicappers is indicated from last year's prize list when six of the top 20 prizes were won by averages of 180 or better.

Wounded Lions Meet Fast Healing Bears

By BRUNO L. KEARNS

Sports Editor, Pontiac Press
 Hunters of most any game adhere with one pretty strict rule. Stay away from a wounded beast, such as a bear or lion.

But what happens when the two wounded animals meet each other? The Detroit Lions and Chicago Bears hold only the nicknames of these beasts, but when they meet each other, the result is usually as vicious as a jungle meeting.

The Bears are on the mend after having 11 players out when they were trounced by the Rams, 40-0 a few weeks ago. Last week the ailing players returned and another member of the animal kingdom, the Baltimore Colts, felt the Bears' wrath, 35-15.

This week, it is the Lions who are hurting with offensive and defensive captains, Terry Barr and Joe Schmidt as the main casualties, beside several other minor ailments.

The Lions' offensive line which took a thrashing from the big New York Giants' defensive unit is in for another rough day when 6-8 Doug Atkins, Bill George, Joe Fortunato, Fred Williams and company go after Milt Plum and his running backs, Nick Pietrosante, Tom Watkins and Danny Lewis.

Chicago quarterback Billy Wade is on a red hot passing streak as he passed for 315 yards and three touchdowns against the Colts who have the top aerial artist in the league in Johnny Unitas.

Joe Marconi, the big fullback

obtained from the Rams, counted for two touchdowns via the ground.

IMPORTANT GAME

Both teams know what the game means to them. They are tied for second place behind Green Bay with 4-2 records and another loss may mean the end of the trail for the loser.

It marks the last home game until Thanksgiving Day for the Lions when they entertain the Packers after games in Los Angeles, San Francisco and Minnesota.

A capacity crowd of 53,000 is assured for Sunday with 7,000 seats going on sale at 11:00 a.m. The Thanksgiving Day game is also a reserved seat sellout, except for 7,000 bleachers.

Chicago and Detroit have split their annual series the past two years. In 1960 the Bears won at home 28-7 and Lions did likewise, 36-0. But last year, the Bears won in Detroit 31-17 while the Lions won in Chicago, 16-15.

Former All-County football star, John Van Sicklen of Walled Lake, started at tackle last week for Iowa State against Colorado. A guard while at Walled Lake, the 215 pound Van Sicklen was honored by his teammates as the "team lineman of the game." His parents were on hand to see Iowa State beat Colorado.

The rescheduled clinic for the Post, Pass and Kick contest will be held for all boys and parents Saturday morning at 10:00 a.m. at Jaycee Park. The contest is sponsored by the Ford dealers and the National Football League.

A White House Command Performance troupe of Finnish gymnasts will appear at the U. D. Memorial Building Sunday at 8:00 p.m. This is the only Michigan appearance of troupe, touring U.S. for two weeks. They appear at the White House next week.

Titans Make Changes for Homecoming Tilt

DETROIT—Head football coach John Idzik has juggled his probable starting lineup looking for speed as the Titans prepare to host Dayton in tonight's Homecoming clash at U-D Stadium. Kickoff time is 8:15 p.m.

The major backfield change in the offensive unit is the promotion of the diminutive (5-8, 182) but speedy Joe D'Angelo at left halfback. "He (D'Angelo) has been improving offensively and he may give us the breakthrough back we need," Idzik said in announcing the move.

All-American candidate, Jerry Gross, will be at the controls, of course, in an effort to regain the major college passing lead, wrested from him by default last week as the Titans had an open date on their schedule. Vic Battani, the team's leading rusher (38-146.3), will be at fullback.

In the forward wall, junior Dick Johnson, a 213-pound Detroit St.

Catherine product, will start at left end in order to give the Titan's more defensive strength. Senior John Lower, second leading pass receiver with 14 catches, has been hobbling with an injured knee for the past three weeks but will see offensive action.

Replacing Johnson at second team right end will be Royal Oak sophomore John Everly.

The game is the ninth between the two U-Ds, Detroit winning six of the previous eight meetings.

Detroit will be outzipped up front due mainly to Dayton's two mammoth tackles, Bob Schwab, 6-1, 265 and Barry Larave, 6-5, 241, both sophomore starters.

ANN ARBOR (AP)—Between them, Michigan and Minnesota have recorded five scoreless games so far this season — but they're on the opposite side of the ledger.

The two meet here tomorrow for the 47th Little Brown Jug game. The Minnesota Gophers have held three opponents scoreless, while the Wolverines failed to score in their last two contests.

In fact, the closest Michigan came to a touchdown was Michigan State University's 16-yard line two weeks ago when they lost 23-4. They pushed to the Purdue Boilermakers' 22 yard line last week in a 37-0 rout.

To top it off, there are those who expect the Gopher attack to break loose one of these weeks and match their defense with some impressive scoring.

Minnesota fought to a scoreless tie with Missouri, downed Navy 21-0, lost to Northwestern 23-34 in a fourth quarter Wildcat scoring spree, and posted a shaky 17-0 win over hapless Illinois.

Michigan downed Army 17-7 after losing its season-opener with Nebraska 25-13.

THE 'WHIP'

Coach Bump Elliott has been

cracking the whip — lightly — this week as the Wolverines went into secret practice sessions to review fundamentals.

"They're anxious to learn and ready to go," Elliott said as practice progressed. "Morale is good and the Wolverines should be up for the homecoming game."

Sophomore Bob Timerlake —

the brightest development in Michigan's football fortunes this fall — will enter his second game as the Wolverines' starting quarterback.

He replaced veteran Dave Glinka, who had been Michigan's starter for more than two seasons, last week. Glinka's college career ended in the same game with a knee injury.

MSU Must Be Careful

EAST LANSING (UPI) — The steadily improving Michigan State Football team was off on another Big Ten junket today and could look forward to its first breather after three consecutive must contests.

Following their opening defeat at Stanford the Spartans had to beat North Carolina to prove they weren't misrated when they were leaving for Bloomington that

Youngstown Tops Hillsdale, 29-6

YOUNGSTOWN, OHIO (AP) — Youngstown University scored 17 points in the final six minutes of the second quarter and went on to defeat Hillsdale 29-6 last night.

Halfback Phil Williams scored touchdowns on runs of 35 and 24 yards and Dick Bartoli kicked two extra points and a 23-yard field goal for the Penguins after the victors had tied the score at 6-6 early in the second period.

Hillsdale got its touchdown on a 23-yard pass from quarterback Jack Lucadam, of Keego Harbor, to halfback Bill Macene. The pass was the second straight for Lucadam after it won its first four games. Youngstown's record is now 4 and 2.

Lucadam suffered a leg injury and may be lost for the season. Snow fell throughout most of the game, but there was very little accumulation on the field.

PNH-Waterford Rivalry Deadlocked

Skipper Win Necessary to Gain-L Tie

Huskies in Possession of Trophy Awarded by Amvets Post

When a team finds itself eliminated from title consideration late in the gridiron season, it will look for another conquest on which to feast its hungry pride.

Pontiac Northern's Huskies will have such a conquest in mind tonight as they travel to Waterford Township High School. The Huskies, the Inter-Lakes League fifth place team, will meet a Skipper squad that by winning can assure itself a share of the loop crown.

Walled Lake, which meets Berkley, is currently tied with the Skipper with 3-1 conference mark with one I-L contest apiece left.

Not only will a PNH victory label the Huskies as spoilers but it would enable them to retain possession of the Jimmy Dey Amvets Post No. 12 trophy which they last year 26-13 over Waterford.

The "Jimmy" cup was offered to the winner of the first Huskies-Skipper game in 1959. Waterford claimed the permanent trophy with a 13-7 victory. The following year PNH's bid for the cup ended in a 20-20 tie; but the Red and White could not be denied last year.

HOME COMING

Ed Heikkinen's team will not have an easy time defending its prize this season. The home team will be seeking to rebound from last week's 20-7 pounding at Walled Lake before its homecoming crowd.

In winning three of five starts, Stu Thorell's Blue and Gold eleven has averaged 21 points a game and permitted 16 a game. In that one, they beat Farmington (12-7 winner over PNH last Friday) 28-4.

Reserve running back Tom Guepe has paced the Waterford scoring this year with six touchdowns.

PNH has been in a scoring slump in recent weeks, dropping its last two starts to make its log read 2-3-1 overall and 1-2-1 in the loop. In those two starts, the Huskies have produced one touchdown and permitted six TDs.

Both teams have two non-league games remaining after tonight's struggle.

Eaglet Harriers Lose

Dual Meet in Detroit

Orchard Lake St. Mary had an unsuccessful prepping for the Class B cross country state regional meet tomorrow at Franklin Hills Country Club and the parochial runoff Tuesday at River Rouge when it dropped a 24-31 decision to Detroit Notre Dame yesterday.

Bill Donahoe's third place time of 11:09 was the best the Pontiac runners could do on the cold River Rouge two-mile course. Dick Kalmenak and Bob Marrow paced the winners. Kalmenak's 10:41 was one second better than his team-mate's time.

OLSM finished its dual meet season with a 3-4 log.

A week ago, the Saginaw Valley Conference race was a seven-team affair. Now it has boiled down to four schools.

Pontiac Central, one of the three schools knocked out of contention last week, hosts winless Saginaw High at Wisner Stadium tonight at 8:00.

The Chiefs, now seventh in the nine-team league, can do no better than the idle Flint Central for fifth place by winning. PCH will stay in sixth if Midland upsets Bay City Central on the Wolves' gridiron.

Big game in the SVC sends Bay City Handy to Flint Southwest.

Arthur Hills is home for a non-league game with Muskegon Catholic Central. Flint Northern is idle.

A big game in the area, al-

though one that will have no bearing on a league championship, is Romeo at Rochester.

The mubeten Bulldogs have already copped the Tri-County grid championship, but records mean nothing when these two schools collide on the gridiron. Rochester is 1-5.

HOLDS KEY

Holly may hold the key to next week's Wayne-Oakland showdown between Bloomfield Hills and West Bloomfield. The Broncos host the Barons and have always played well against coach Don Hoff's team.

West Bloomfield is expected to have little trouble making Clarkson its seventh straight victim.

Pontiac Central hasn't lost at home this season—the Chiefs haven't won on the road—and the trend is expected to continue against Saginaw.

The Trojans may take to the

air in an attempt to loosen a tough PCH rushing defense.

Coch Paul Dellerba is expected to keep the Chiefs on the ground, utilizing the speed of Charley Humphrey, Jesse Hodges and Tom Lewis.

Lewis has been the main running threat for PCH in the last two games. This complicates matters for the Saginaw defense.

In past games, opposing teams have been concentrating on stopping the slants and sweeps of Humphrey and Hodges.

Wrestling at 8:30 P. M.

Wrestling at the Pontiac Armory starts at 8:30 p.m. tonight with three big bouts on tap. Frank Thompson faces Joe Blanchard, Pierre La Belle goes against Leon Smith and Frank Tazzo meets Chuck Campbell.

New Group Hits State Land Moves

By DON VOGEL

Outdoor Editor, Pontiac Press
Correcting an alleged abuse by the Conservation Department of a state law is the first goal of the newly organized Southeastern Michigan Council of Conservation Clubs.

Joe Rhoades, of the Oakland County Sportsmen's Club, elected chairman of the new organization last night, pointed out:
"According to state law, when the Conservation Department's parks division takes over lands purchased by hunt-

ing and fishing license money, land of equal value must be turned over to the game division.
"Parks and recreation land is not purchased with license money," he said, "but with money appropriated by the legis-

lature or from the state park sticker sale."
Frank Lawrence, an OCS member, told the delegates to the meeting, "This hasn't been happening."
"While the sportsmen of southeastern Michigan have been sleeping," he said, "the parks division has been taking lands, paid for by hunters and fishermen, and is using the land for recreational purposes."
"Whenever a parcel of land has been turned over to the game division as required by law, it is usually worthless for game management purposes."

Lawrence, who has studied the recreation-game management practices in the Holly recreation area for the past year, charged the parks division is taking over game managed lands in this area "at such a rate that in five years there will be nothing left for hunting and fishing."

The Holly area will be the target when delegates of the new organization meet with Conservation Department officials.

No date has been set for the meeting, but Rhoades announced that it probably would be held before the close of the deer season.

Rhoades was elected along with other officers and delegates at last night's meeting at OCS.

Others named were Everett Ramsey, Multi-Lakes, co-chairman; Ray Harrington, Lake Conservation League, secretary; and Jim Stiversen, Fenton Lakes Sportsmen's Club, treasurer.

Named delegates to meet with Conservation Department officials and legislative committees were Lawrence, Al Meredith, Multi-Lakes, and Harrington. The alternates elected were Roland Bringer, South Lyon Target Busters, and Edgar Schulhaus, Swartz Creek Conservation Club.

Clubs from Oakland, Wayne, Genesee and Macomb Counties are listed as members of the SMCCC.

Lawrence reviewed the 1946 state law that approved establishment of the Holly area and outlined administration of the project.

"According to the law," Lawrence said, "the parks division would administer the Holly area as it does all recreation areas in the state."

Game management, he said would be practiced on lands suitable for this work, and not suitable for recreation purposes. He defined recreation purposes as swimming, camping, hiking.

He stated that \$3,000,000 was appropriated for purchase of the land.

OTHER PARCELS

"Since then, additional parcels have been purchased with license money and added to the area. These are game managed with federal Pittman-Robertson funds."

"The parks division interpretation of the law is that all lands used for recreation is to be left in a natural state. Game management calls for impoundments, plantings, and so forth."

"Leaving an area in its natural state does not necessarily make it good game habitat. And once the parks division tags any parcel within a recreation under its jurisdiction as a 'high use' area, it is immediately taken out of game management."

"We will aim for a precedent in the Holly situation," said Rhoades.

The SMCCC voted to circulate petition for presentation to the Conservation Commission if talks with department officials "fail to produce the desired results."

Pair Is Deadlocked in Southern Seniors

PONTE VEDRA BEACH, Fla. (AP)—Dorsey Nevergall of Pompano Beach, Fla., began the second round of the 54-hole Southern Seniors Amateur Golf Tourney today hoping his putting was improved.

In spite of his complaints about his putting, Nevergall shot 77-75 Thursday and shared the first round lead with John Connolly of Fairfax, Va., who had a 28-37. Both were three over par for the Ponte Vedra Seaside course.

BOWLING

The onslaught of cold, wintry weather has been sufficient to spur an interest in indoor recreation in most sports lovers. Local bowling proprietors are ready to encourage this interest as the action has been warm at their alleys.

Westside Lanes had 74 games of 200 rolled in its classic circuit Monday. This sharp rolling produced 16 series of 600. The proprietor's team set a new team high series mark for the league with a 3105 total.

Paul George fell five pins short of a 700 series with games of 225-226-244. Don Pennell's 238-203-235 were good for 678. Gary Thompson hit for a 245 game and Joe Foster had a 235.

Leading the classic loop is Dale Cook Construction with a 46-10 mark. Colonial Lounge trails the builders with 39-17.

4 Nations Offer Challenge Cup

U.S. Has Edge in Horse Show

WASHINGTON (AP)—The U.S. team with six horses going, has the edge in tonight's finale of the President's Challenge Cup at the Washington International Horse Show.

Sixteen horses from four nations qualified for the event Thursday night in a round of jumping won by Mexico's Hector Zatarain with Goliath.

The best of the show's civilian

and international team horses will be taking the tough courses designed especially by Douglas Bunn of Sussex, England.

Bunn, with the help of his wife, who is a course expert, too, has been giving Americans a sampling of what European jumping courses are like.

LIKES COURSE

And David Kelley, veteran rider from Armonk, N.Y., who has been jumping Bunn's courses more

than any other entrant in the past three days, says they're "tougher than average" and he likes it.

Kelley, 37, riding four jumpers and nine hunters, has amassed more ribbons and points than any other civilian rider in the show.

Bunn is the first time. It's giving American riders a chance to try things the European way, Kelley says, and it's a good way to get ready for competition in European shows "to use the type of jumps they use."

The biggest difference, Kelley notes, is Bunn's use of a longer distance between jumps more attuned to the hunter's extended style.

It may be tough for horses jumping here to get used to the extremely short spaces that usually prevail at the Madison Square Garden show in New York where many of them will be appearing next week.

But, Kelley is faring well under the conditions, bringing in winners consistently.

PRESIDENT'S CUP

Kelley will ride two of the top open jumper horses—defending champion Windsor Castle and an Irish import, Skyrne—in tonight's President's Cup.

Mexico's Capt. Zatarain will be competing with his qualifying round winner, Goliath and his teammate Lt. Col. Ruben Uriza is entered with Perico.

David Barker, England's lone rider, held his mount, Mister Softie, out of competition for a day to give him a better chance in the coveted President's Cup.

Three rider riders will have a double chance at the cup, each qualifying with two horses. From the U.S. equestrian team, 18-year-old Mary Mairs, of Pasadena, Calif., the top-point scorer in international jumping so far, will ride Tomboy and Anakonda, and Kathy Kusner, 22, of Arlington, Va., is entered with Unusual and High Noon. Anakonda and Unusual took second and third, respectively, in the qualifier.

Canada's Miss Gail Ross rides her Wings of Gold and Pinnacle. From the non-team group, five open jumpers got into the finale, including a top contender, Jackie Or Better, owned and ridden by Ben O'Meara of Montville, N.J.

First Lady Jacqueline Kennedy was scheduled to present the President's Cup to the winner tonight, but she cancelled her appearance because of the Cuban crisis. Her mother, Mrs. Hugh D. Auchincloss is to appear in her place.

In the same league, Pontiac Window Cleaning has built a 7-game margin over Eamon Electric in the 16-team loop. Two of the teams marked the 3000-pin team series mark last week. The window washers hit for 2057 and Cabli Music 3021.

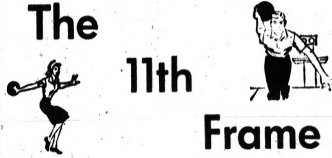

The 300 Bowl & Lounge team has developed a three-game winning streak in the Travelling Classic League. A 184 decision over Wonderland Lanes by the leaders blimished that previously unbeaten record in the loop and left second place Huron Bowl a game behind.

Huron Bowl, also, triumph 13-5 over Maple Lanes while Cooley garnered its first victory 10-5 against Airway. Bud Mills' 246-217 were good enough for seven Huron points and Paul Corwell collected half of the Cooley total with 232-196.

Garth Green hit 236-216 and six points in the 300 Bowl triumph.

Sunday's action will find Westside at Cooley at 1 p.m. seeking its first win. Maple will visit 300 Bowl in an effort to stop the leaders at 3 p.m. and Huron will in-cent based on 200 scratch. All events will be rolled at the Elks Lanes and there will be door prizes each weekend.

Of local interest are the article and photographs in the October issue of Bowling Magazine regarding this summer's PBA tournament at 300 Bowl. The tourney will return here next spring.

The 11th Frame

The American Bowling Congress has approved the first all-synthetic bowling pin for use in ABC sanctioned competition.

Developed by the Maga-Pin Corporation of Buffalo, N.Y., the pin is the result of three years testing and examination under the supervision of the ABC new equipment committee.

The basic test was a season long comparison of scores using the new pins and the old style in two Milwaukee establishments' leagues. These scores, plus comparisons made in special tournament play, proved the Maga pin met three basic requirements—the fundamental specifications, pin action and durability.

Most important, the comparisons indicated no significant change in the scoring.

All ABC members are reminded they are eligible to submit proposed amendments to the ABC Constitution, Rules and Regulation. Deadline for proposals is December 1st. All items submitted should be sent to Ken Hurley, manager of the ABC Rules department.

Ups and downs on the national scene: Long Island, N.Y. resident Chris Engel received the first ABC Century award. The award is given to league bowlers who post a score of at least 100 pins above their league average in sanctioned play.

On August 1st, the first day the award was effective, Engel rolled a 230 game, 102 pins above his regular average.

A St. Louisan, Payne Rose,

Elks Ladies May Sign Up for Tourney

Entries are being accepted for the Pontiac Elks Ladies National Invitational Bowling Tournament scheduled to begin January 19th.

Only Women's International Bowling Congress sanctioned bowlers are eligible. In addition, all entrants must be an Elks wife, mother, widow, unmarried daughter or unmarried sister.

Deadline for entries in the sixth annual tournament sponsored by Pontiac Lodge No. 810 is November 17th. Entry fees are \$4 for singles, \$8 for doubles and \$29 for teams.

The entry fee includes bowling, prize money and expense costs. Trophies will be presented to team doubles and singles champions with handicaps. There will be trophies for the all-events champion for actual pins and handicap.

The bowler's highest average as of October 20th will be used. Individual handicap will be 75 percent based on 200 scratch. All events will be rolled at the Elks Lanes and there will be door prizes each weekend.

TIPS FROM CHAMPS

BY BLUTH

WASH AND WIPE

"A good going over"

Champions keep their bowling balls as clean as possible. Dust and dirt in the pit area, ball return and on the lanes can adhere to the surface of the sphere and interfere with consistent traction.

Before bowling, the ball should be put in the establishment's ball cleaning machine for a good going over.

During competition, frequent wiping with a towel is good.

PEACE OF MIND ALL WINTER WITH NEW MARAFUEL OIL

Hydrogenation does it! New Marafuel burns cleaner because of a revolutionary refining process. It cuts down carbon... leaves less soot and gum... reduces your annual maintenance and repair bills. Result: New Marafuel gives you more heat for your money.

The Marafuel Budget Plan (at no cost to you) also protects you if you can't work for 14 days or more. Your heating bill will be paid until the doctor returns you to work... for the rest of the heating season in case of death...

For peace of mind and a warm home this winter—call your Marafuel Oil Distributor now. (For oil burner service, also consult your Marafuel distributor.)

PARKING IN REAR

Demonstrating new '63 Chevrolet truck features the hard way!

When we came to a river we got wet. This river bed was paved with rocks the size of melons. What a test for new light- and heavy-duty suspension systems this was!

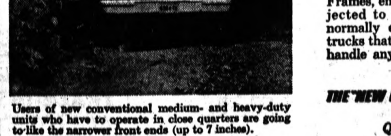

Conventional light-duty units have co-spring independent front suspension—easier on truck, load and driver.

Now engines, suspensions, frames and narrower front ends show their stuff on Mexico's tough Baja Run!

With months of proving-ground tests under their belts, why did new Chevrolet trucks take on the rugged Baja (bah'bah) Peninsula? This is the toughest line of trucks Chevrolet has ever built. Sending them over the most punishing terrain in North America (a road totally unlike the fine highways on the Mexican mainland) was double proof of this fact. Frames, engines, suspension systems were subjected to stresses far greater than trucks normally encounter. You can be sure that trucks that can handle this kind of beating can handle any kind of work.

THE "NEW RELIABLES" FROM CHEVROLET

Quality trucks always cost less

Users of new conventional medium- and heavy-duty units who have to operate in close quarters are going to like the narrower front ends (up to 7 inches).

See the "New Reliabilities" now at your Chevrolet dealer's!

New West Junior High to Open--Already Filled

ROCHESTER—The doors of the new \$1.3-million West Junior High School, 500 Old Perch Road, will open Monday to 643 students. This number is already 43 students more than the building was planned to accommodate.

All 11 classrooms and other facilities are expected to be ready for the students, with the exception of the gymnasium, which is to be completed in "10 days or so," according to Asst. School Supt. Richard F. Huizenga.

The one-story, charcoal gray brick building was constructed from funds provided by a \$3.1-million issue approved by voters on May 9, 1961.

Money from this bond issue also made possible additions to the senior high school, Hamlin and Meadow Brook elementary schools and construction of the new McGregor Elementary School.

GOLDEN ANNIVERSARY — Mr. and Mrs. John C. Westerly will celebrate their 50th wedding anniversary Sunday from 2 to 6 p.m. at the Ortonville Masonic Hall. Married Nov. 1, 1912, they have four daughters, three sons and 23 grandchildren. The couple lives at 1215 M59, Ortonville.

Kiddies, Missiles to Fire Halloween Celebration

WALLED LAKE — Needle-nosed missiles, new cars and costumed children will be featured in a Halloween parade tomorrow sponsored by the Wall Lake Junior Chamber of Commerce.

The parade will begin 11 a. m. at Riley Field, proceed north on Pontiac Trail and continue east on Maple Road to the Maple Plaza Shopping Center.

Jaycee President Wendell Kellogg Jr. today announced that as an added attraction prizes will be awarded to children with the best Halloween costumes.

Any youngster from this area may take part in the parade by reporting in costume, to Riley Field at 10:30 a. m., Kellogg said.

In addition to several local floats, the U. S. Army will be represented by an exhibit, and the Navy will display its supersonic Talos missile.

A calliope will be entered by the Detroit Edison Co., and local auto dealers will display their 1963 models.

Truck loads of pumpkins will be taken along the parade route to the shopping center.

TO SELL PUMPKINS — Immediately following the parade, the pumpkins will be sold by Jaycee members to aid their community projects during the year.

On Halloween night, at the climax of the local festivities, a \$25 savings bond will be presented at the home with the best pumpkin display.

MOMS Club Sets Party Monday

AUBURN HEIGHTS—The area MOMS Club will kick off its fall activities with a Halloween party at 7 p.m. Monday in the fire hall, 3426 Auburn Ave.

Unit members are requested to come masked.

Next on the list of seasonal activities will be the club's participation in the Halloween parade. Members will meet, again masked, at 6:45 p.m. Wednesday on the corners of Auburn Ave. and Oak St.

On Thursday, the mom's club will conduct their annual Harvest Dinner from 5 p.m. "until the food runs out" at the Community Hall.

The public is invited to attend the dinner.

COLLEGE QUEEN — Louise Pirtle, 21, of Commerce Township, is reigning this weekend over homecoming festivities at Albion College. A senior home economics major, she is the daughter of Mr. and Mrs. Albert Pirtle, 391 Longspur St.

Highways Claim 1,261

EAST LANSING — Traffic accidents have killed 1,261 persons in Michigan so far this year, provisional figures compiled by state police showed today. The toll at this date last year was 1,250.

Store Windows to Be Painted

Davisburg Approves Constructive Idea

SPRINGFIELD TOWNSHIP — Children from this area will cover store windows in Davisburg with paint next week—and it will be strictly legal.

The youngsters will have the approval of their parents and township officials.

As a constructive variation on an old bit of Halloween mischief, a select group of pupils from area schools will be allowed to paint pictures on store windows with water colors.

The pupils who will be allowed to express their talents were chosen for their artistic abilities. Only the windows of vacant stores will be painted.

The best store window artists will receive prizes at a Halloween party at 7:30 p.m. Wednesday in the Springfield Township Hall in Davisburg.

The party, organized by the local Community Activities Organization, also will feature apple bobbing, a cakewalk and several other recreational activities for area youngsters. It is sponsored by the Township Park Commission.

After the party, all the store windows will be scrubbed clean.

Lake Orion to Vote for Yule 'Miss'

LAKE ORION — Local residents will have an opportunity to pick this year's little Miss "Merry Christmas" by casting ballots at stores of participating merchants between Nov. 5 and Nov. 24.

Entries for the annual contest will be accepted until Nov. 2. To enter the contest a girl must live in the village or Orion Township and must be 8, 9 or 10 years old by the entry deadline.

The Sweetheart Shop, DorMay Gift Shop and Noble's Suburban Shoppe are taking part in the contest.

Winner of the contest will receive gifts from the Lake Orion Merchants Association and ride tickets in the Dec. 1 pre-Christmas parade.

Firemen Invite Addison Kids on Halloween

ADDISON TOWNSHIP — Fire Department members are planning on the appearance of many goblins, ghosts and other creatures at their Halloween party, which is to begin at 7 p.m. Wednesday in the fire hall.

Prizes will be awarded to children in the prettiest, homeliest and most original costumes. Cider and doughnuts will be served to all.

The time for "haggling" is set for between 6 and 7 p.m. At 7 p.m., when the fire siren wails, the firemen's party will begin.

This will be the 12th annual Halloween party put on by the Addison Township Fire Department.

State Apple Crop 'Smaller but Tastier'

Fewer but tastier apples are being marketed in Michigan this fall. Agriculture authorities blame a dry weather for this year's apple crop of only 12 million bushels—a drop of 25 per cent from a year ago.

The lack of moisture also caused many apples to be small, yet "outstanding in flavor, color and condition," according to Holland F. Patterson, manager of the Michigan Apple Commission.

Patterson points out that this year's decreased production will boost fresh apple prices to growers about 50 cents per bushel. The higher prices will have little effect on consumers, except for the fact that "there won't be as many 'Retail specials' as there were last season," he says.

Family Counts Noses, Comes Up One Short

TUCSON, Ariz. (AP) — A California family traveling through Arizona took a nose count and came up one child short.

They back-tracked 12 miles and found one of their five children waiting at a service station where the family had stopped earlier.

Highways Claim 1,261

EAST LANSING — Traffic accidents have killed 1,261 persons in Michigan so far this year, provisional figures compiled by state police showed today. The toll at this date last year was 1,250.

LIESBETH C. CHURCH

Mr. and Mrs. Raymond W. Church, 1322 Park Drive, White Lake Township, announce the engagement of their daughter Liesbeth C. to Edward A. Brinker, son of Mr. and Mrs. Edward G. Brinker, 4001 Burnet St., Commerce Township. A Feb. 9 wedding is planned.

JO ANNETTE CARLSON

Announcement is made of the engagement of Jo Annette Carlson to Albert J. Smith by the bride-elect's mother Mrs. Betty Carlson of Escanaba. Miss Carlson lives at 3991 Thomas Road, Oxford. The prospective bridegroom is the son of Mr. and Mrs. Norman E. Smith of 1756 Hadley Road, Lapeer.

Series to Give Tips on Nature Studies

Thousands of youngsters will get tips on how to discover nature's wonders when the 1962-63 school lecture series provided by naturalists of the Huron-Clinton Metropolitan Authority begins the annual five-month program starting Thursday.

Some of the creatures the boys and girls will be learning about include the marsh bird called "the last bittern," the great horned owl and the saucy red squirrel.

Though illustrated slides and film, they also will learn about forests, marshes, animals, birds, insects and rocks.

William F. Hopkins, chief naturalist, pointed out that authority naturalists are available to give lectures on topics of natural science at schools in Livingston, Macomb, Oakland, Washtenaw and Wayne counties from Nov. 1 through March 29.

SERIES POPULAR

Over 41,000 youngsters in the five-county area, participated in the lecture program last year compared to over 39,000 in 1960-61 and over 17,000 in 1959-60.

This free service may be obtained by contacting the Huron-Clinton Metropolitan Authority, 1739 Guardian Building, Detroit 26, and requesting an appointment which usually requires several weeks advance notice.

Each school can be visited only one day each year and the naturalists prefer to talk to auditorium groups, but can provide up to four lectures on a single day if a divided student body is necessary.

Most lectures are designed for boys and girls in grades 3 through 12 and cover 45 minutes, but 30-minute programs also are available for youngsters in the kindergarten, first and second grades.

Wildlife and Michigan natural resources are stressed and many photographs were taken at Kensington and Metropolitan Park southeast of Brighton.

Traveling the lecture trail this season are Huron-Clinton naturalists William F. Hopkins and Richard A. Mortimore.

2 Area Women Named to State Nursing Board

Four women, two of them from this area, have been appointed to the Michigan Board of Nursing by Gov. John B. Swainson.

The appointments require Senate confirmation.

The governor said the new board members are Mrs. Ruth Edelson, 21924 Leyte St., Farmington Township; Mrs. Gladys Palmer, Lapeer; Mrs. Carmen Waters, Lapeer; and Rita Radzinski of Hamtramck.

For Halloween Activities Rochester's Kiwanians Set Annual Flare Sale

ROCHESTER—Kiwanians will appear on streets in the village and in Arden Township from 1 to 4 p.m. tomorrow, selling flares to finance Halloween activities planned by the local club.

Members will be stationed throughout the village's shopping district and in other suburban districts of the township.

Proceeds from the flare sales will be used to provide entertainment for all area school children, according to Richard Huizenga, chairman of this year's drive.

"Every area student receives benefits from the sales," Huizenga said. He told of how Kiwanians reach all the children and young people.

Kiwanians will continue their door-to-door sales tomorrow in addition to the suburban sales.

Evangelistic Meeting

WHITE LAKE TOWNSHIP — Evangelist O. W. Stuckey will conduct a series of evangelistic meetings Nov. 4 through Nov. 11 at 7:30 p.m. at the Mauden Lake Community Church, 815 Round Lake Road.

TO VISIT SCHOOLS

"During the day of Oct. 31 Kiwanians visit the grade schools, where they provide entertainment and distribute cider, doughnuts and caramel corn to the children," Huizenga said.

"At night there will be dances at the senior and junior high schools, with entertainment, refreshments and supervision provided by the Kiwanis Club," he said.

Pontiac, Nearby Area Deaths

CECIL J. HAMPHIRE—Service for Cecil J. Hampshire, pharmacist at the Dunsmuir Drug Store for 13 years, will be 2 p.m. tomorrow in Woodhouse-Siple Chapel with burial following in Perry Mount Park Cemetery.

Mr. Hampshire, 62, of 600 E. Madison Ave., died yesterday in Sinai Hospital, Detroit. He had been hospitalized five days.

A member of the Michigan Pharmaceutical Association, Mr. Hampshire attended Case Technical School and Ferris Institute. He

is a graduate of Wayne State University.

Surviving besides his wife Dorothy are a daughter Margaret C. at home; and three sisters, Mrs. Eldon J. Sweeney and Mrs. George W. Stiles, both of Pontiac, and Mrs. Walter B. Davis of Farmington.

ALVIN C. F. WINGES—Service for Alvin C. F. Winges, 80, of 874 Monroe St. will be 3 p.m. Monday in Grace Lutheran Church with burial in White Chapel Memorial Cemetery.

His body is at Sparks-Griffin Funeral Home.

Mr. Winges, a retired employee of GMC Truck & Coach Division, died yesterday in St. Joseph Mercy Hospital after an illness of several months.

A graduate of Teachers College in River Forest, Ill., he taught in Lutheran Schools for many years. He was a member of Grace Lutheran Church and of the Lutheran Laymen's League.

Mr. Winges leaves his wife, Ann; a daughter Miss Vita Winges of Pontiac; two sons, Herbert of Rochester and Alvin Jr. of Pontiac; two grandchildren; five great-grandchildren; and a sister.

ROBERT W. HOLGERSON—Service for Robert W. Holgerson, 49, of 7386 Hatchery Road, Waterford Township will be 2 p.m. tomorrow in the Lewis E. Wirt Funeral Home, Clarkston. Burial will be in the Crescent Hills Cemetery.

Mr. Holgerson died unexpectedly yesterday in Pontiac General Hospital. He was a self-employed painter and decorator.

Surviving are his wife, Ann; his parents, Mr. and Mrs. Orla Holgerson of Munnich, Pa.; a son Carl at home; four sisters, Mrs.

Howard Willis of Commerce, Mrs. Robert Ferrault of Pontiac, Janet and Karen, both at home; five grandchildren; a sister and a brother.

GEORGE F. ELLIOTT—Service for George F. Elliott, 86, of 61 S. Holcomb St. will be 1 p.m. tomorrow at First Methodist Church.

Graveside service will be conducted by Cedar Lodge No. 60, F&M in Lakewood Cemetery.

A retired carpenter, Mr. Elliott died yesterday after an illness of 10 months. Besides belonging to the lodge, he was a member of the Methodist Mens Club and the Pioneers Club of Clarkston.

His body will be at Sharpe-Goyette Funeral Home until 10 p.m. today. It will be at the church tomorrow until time of service.

His wife Victoria and a brother survive.

Common Mart Delays Farm Decision

BRUSSELS, Belgium (AP)—Europe's Common Market, deadlocked with Britain over the terms to be offered British farmers, bypassed that issue today and turned to other business.

After Deputy Foreign Minister Edward Heath objected to demands British negotiators put forward from the moment of joining, the six made a final effort to get Heath to accept their terms.

ISSUE DROPPED

With neither side making progress, discussion was dropped until the ministers' next scheduled meeting with the British in mid-November. Deputies were urged to keep talking it over while other things were discussed.

These include two other British requests:

1. That certain industrial materials, such as aluminum and neoprene which are of special interest to Canada, should be allowed in duty-free.

2. That better terms be issued for certain Asian products from India, Pakistan and Ceylon.

MAKES DEMANDS

The six-France, West Germany, Italy, Belgium, the Netherlands, and Luxembourg—laid down conditions Thursday for bringing British farmers into the market.

They insisted that any transitional period must end by 1970 and that the present direct subsidies to British farmers must be replaced by a price support system from the moment Britain becomes a member of the European Economic Community.

Shakedown Works for Practical Dog

MEMPHIS (AP)—The 10-cent vendor who covers the Vincent Skillman neighborhood here belongs to the practical real estate school.

The Skillman's big boxer, Rebel, took offense at the ice cream cart in the spring and did battle with it every time it appeared—until the driver took action.

Now when the bell tinkles, Rebel joins the kids in the rush. The driver hands Rebel a pop-sicle, compliments of the house. All is serene.

Consumption of sugar in Hawaii is about 146 pounds per person annually, compared with 130 pounds in Australia, 106 pounds in Canada and 94 pounds in the U.S.

INSIDE DOPE

The Street also has access in

PENNY PARADE—The Pontiac Area United Fund seemed a good investment to 308 children at Pontiac's Crofoot Elementary School. In their annual penny parade, they dropped 1,350 of the coins into a punchbowl

yesterday. Shown (from left) are David Eastman, 9, of 209 Florence Ave.; Janet Stickley, 7, of 15 Evelyn Court (dropping coins); and Janice Lookabaugh, 9, of 26 Miller St.

Gossip Right and Left Sends Stocks Up, Down

By SAM DAWSON

AP Business News Analyst

NEW YORK—The low affair between the stock market and Dame Rumor rarely has been more evident.

Rumors send prices down and new rumors send them up. This has held true this week both for prices in general and for prices of individual stocks which responded to rumors about how the parties

company would fare in view of the latest rumor.

Prospects for different industries and for individual companies were revised almost hourly as stock traders listened to the latest inside news on how the Cuban

war was shaping up.

Any such threat of war was enough to trigger a drop in stock prices and a rise in commodity futures. The Monday price peak was a natural one. The follow

through on Tuesday after the entire world had been given the official news in the usual war scare tradition.

Then the rumors really took over. What would Khrushchev do? Anyone with a clue, a guess, or what he had been told was inside information was listened to.

The other big question was what would happen to the economy in general, given any one of several variations of the new look in the cold war—or a possible hot one.

And then, what would happen to particular companies and therefore to their stocks?

While guesses, good or bad, were being made, and while the world waited to find out for sure what would be the outcome of the Cuban crisis, Dame Rumor had a field day. She isn't likely to take a back seat either, for some time.

many cases to inside corporate information. Example: A company put out notice to be ready for a national emergency may know before the public does that such an emergency is in the making or feared. This information often reaches outside ears—bankers, brokers, businessmen having contacts with the firm.

Such rumors, plus the evaluation of the air of tension in Washington building up over the weekend, gave Wall Street traders—along with most Americans probably—the notion, Monday morning that a showdown with the Soviet Union was shaping up.

While guesses, good or bad, were being made, and while the world waited to find out for sure what would be the outcome of the Cuban crisis, Dame Rumor had a field day. She isn't likely to take a back seat either, for some time.

Earlier the arrested youths said Grobov was driving but changed their story while pleading guilty as charged before Orion Township Justice of the Peace Helmer G. Stanback Wednesday.

He sentenced them to 10 days, or 30 days if fines and court costs of \$40 each are not paid.

The passengers, both of Lapeer also, are Wayne T. Grobov, 18, 650 Demill Road and George A. Rappuhn, 17, 201 Davis Lake Road.

Deputies are still seeking a third passenger, not identified, but believed to be also from Lapeer.

Stierer Named to Plan Board

32 Appointed to Area Groups by Governor

City Manager Robert A. Stierer was one of six Oakland County men who have been appointed to the Detroit Metropolitan Area Regional Planning Commission by Gov. John B. Swanson.

Also named to the commission were Norman R. Barnard, Oakland County Corporation Counsel; R. J. Alexander, director of the County Department of Public Works; Arno L. Hulet, chairman pro tem of the County Board of Supervisors; Supervisor Roy Goodspeed, of Ferndale; and Farmington Mayor Robert B. Lindbert.

The Oakland appointees were among 32 named to the commission by the governor.

Included were State Conservation Director Gerald E. Eddy; State Health Commissioner Albert E. Heustis; State Highway Commissioner John C. Mackie; State Water Resources Commission executive secretary Loring F. Oens; and Boyd Beveling, an aide in the governor's office.

Other appointees were Walter E. Neumann, St. Clair Shores; Louis A. Lowen, Roseville; Mrs. Mildred Stark, East Detroit; J. T. Tallman, Warren; Merlin E. Damon, Mount Clemens; Curt W. Will and Robert M. Leary, Ann Arbor; George A. Barber, Lincoln Park; and Joseph P. Tattan, Wayne.

Detroiters appointed were Mrs. Jean Pearson, Albert E. Champney, Lyle E. Miller, Jacob P. Sumack, James H. Brickley, Richard Strickland, Edward Connor, Glenn C. Richards, Charles A. Blessing, Clyde L. Palmer, Olga M. Madar, and Gerard H. Coleman.

Stierer will speak on the Cuyahoga River, which will be held in the Detroit area. The Detroit area is the only one of the four areas which will be held in the Detroit area.

Moonlet Set to Go for Study

CAPE CANAVERAL (UPI)—A 96-pound satellite was tucked in the nose of a rocket for a planned leap into space today.

The earliest planned launching time was 6:15 p.m. Pontiac time today.

One of the deadly hands was put up there by a U.S. high-altitude nuclear explosion last July 8. The other was the result of a Soviet nuclear blast above Asia Oct. 22, informed sources said.

The new bells, combined with the natural Van Allen radiation zones around the globe, shaped up as a threat to unmanned satellites and possibly to manned flights into space in the future.

The one created accidentally by the U.S. blast already has been blamed for the death of several artificial satellites and for damaging others.

The moonlet the United States hoped to put into orbit today was a device to measure this man-made radiation and possibly determine how long it may exist.

The satellite, to be named "Explorer XV" if it is successful, was loaded into the nose cone of a three-stage Delta rocket for the attempt. The Delta has run up a string of 12 successes over a period of two years.

EVERY 5 HOURS

Scientists hoped to put the moonlet into a widely elliptical orbit around earth, ranging from 170 miles to 10,360 miles above the surface of the globe.

If all goes as planned, the moonlet will swing once around the world every five hours or so, and take detailed measurements for the next 60 days.

College Kids Need Bigger Beds in Dorm

LOUISVILLE, Ky. (U)—College basketball players aren't the only ones who are taller these days. So is the average student.

Three Kentucky colleges, recognizing the trend, are furnishing new men's dormitories with king-sized beds.

Girls are growing taller, too. University of Kentucky purchasing agent Debraugh Pratt says, "But they're not a problem yet. After all, the 6-foot girl is still uncommon."

Pratt says the university is buying 7-foot beds for its new 525-bed men's dormitory. Standard size is 6 feet 2 inches.

The University of Louisville will have 7-foot beds in its new men's dormitory and Bellarmine College says it may decide to do the same with its new dormitory.

Miracle Mile Group Elects Officers

Officers and members of the board of the Michigan Miracle Mile Business Association were elected Wednesday at a meeting in Devon Gables Restaurant.

Officers elected for the 1963 term are Isa Katsuh, president; Nathan Weiner, vice president; Silbey Shoes; Stuart Galbraith, treasurer; Pontiac State Bank; and Gray Graham, secretary.

Members include Marvin Barnett, Peggy; Ralph East-ridge, J. C. Penny; Morris Fierberg, Nacion; Donald Finney, Connolly; and Frank Hadfield, W. T. Grant Co.

Others are Al Lucier, Poole Hardware; Dave Novitz, Monarch Men's Ware; Gene Schweiss, Kreng's; and Marvin Tann, Lion Store.

1914 Conference Established the McMahon Line

(Editor's Note—Most of the border fighting between China and India centers around a dispute over the McMahon Line. The following dispatch traces the history of the line.)

NEW DELHI (UPI)—A British diplomat said Tibetan and Chinese representatives in the early 1900's to fix the boundaries of Tibet with China and British-ruled India.

The names of the Tibetan and Chinese would mean nothing to the world today.

The name of the British diplomat has become news again because of the India-China undeclared border war.

He was Sir Henry McMahon.

The disputed northeastern boundary line between Tibet and India is known as the McMahon Line.

The boundary was drawn after the Simla Convention of 1914. It begins at the juncture of Tibet, India and Bhutan 10,000 feet up in the Himalayas and meanders for 500 miles through the mountains to the juncture of India, Burma and Tibet.

India says it is the legal border. Communist China says it is not.

The boundary was drawn up by McMahon at the joint conference with a representative of the Dalai Lama of Tibet and a representative from the then central Chinese government.

All three initiated it but China later refused to ratify it.

Now Communist China has launched an offensive to "reclaim" 33,000 square miles south of the line which it maintains has been illegally occupied for years by India.

POINT OF DISPUTE

McMahon's original drawing followed the watershed north of the Brahmaputra River in the area blue lines on two pink maps. The Chinese insisted the tracings should follow the foot of the mountains of which the McMahon line is the crest.

Beginning with Dr. Sun Yat-sen, founder of the Chinese republic, the Chinese have claimed that the Mikhi, Aka, Abar and other tribes in the

area have no ethnic relation with the Tibetans and that the Chinese never before in history tried to enter the Northeast Frontier Area (NEFA), India's extreme northeastern region.

The Simla Conference started in 1913. The plan was to divide Tibet into an inner Tibet adjacent to India.

The Indians claim the tribes in the area paid tribute to the rajahs conquered by the British in 1838 and point out that the tribes had individual treaties with the British before 1900.

India also says the tribes in

the area have no ethnic relation with the Tibetans and that the Chinese never before in history tried to enter the Northeast Frontier Area (NEFA), India's extreme northeastern region.

OKs Testifying Against Pair

Ex-Wife of Suspect to
Be Witness in Murder

Mrs. Nina Maroley of Farmington Township was released from the Oakland County Jail for hospital treatment Wednesday after agreeing to testify against her father and ex-husband, who are charged with murder.

Mrs. Maroley, 21, of 2360 Middle Belt Road, was taken to Pontiac General Hospital for treatment of diabetes. She is expected to remain there until early next week.

Her attorney Paul Hardy of Southfield told County Prosecutor George F. Taylor that Mrs. Maroley has agreed to serve as a material witness against her father, Stanley Maroley, 46, of the same address, and her former husband, Richard Drobil, 20, of Belleville.

Taylor said her confinement in the hospital will give him an opportunity to re-evaluate the information that prompted police to hold her for investigation of aiding and abetting in the crime.

No warrant was issued for her arrest.

Drobil and his former father-in-law are accused of murdering Peter Perva, 44, of Inkster, 10 days ago.

State police said Drobil admitted shooting Perva and burying him in a shallow grave in Independence Township, "as a favor" to Maroley.

Police said Maroley had been dating Perva's wife, Vivian, 40, for the last three years.

Both men pleaded innocent at their arraignment Monday.

State police said they have recovered the shovel that was used to dig Perva's grave along with his wallet. They were found at the bottom of a pond near the death scene.

The gun, believed to be the murder weapon, was found behind a heater hose in Drobil's car, police said.

Truman Critical of Summit

INDEPENDENCE, Mo. (AP)—Harry S. Truman said yesterday in his opinion international summit meetings "don't amount to a damn."

The former president made the comment at a press conference in which he announced he was cancelling the remainder of his campaign speeches.

Asked if he thought anything could be accomplished in a summit conference on the Cuban situation, Truman said:

"I don't believe in them. They don't amount to a damn. I have been to two of them and nothing was accomplished."

Truman said he did not like the attitude of Canada in the Cuban situation. The Canadian prime minister has refused to associate the country with other nations in the Western Hemisphere in support of the American stand against arms shipments to Cuba.

"We have supported them in former times and in crises," Truman said. "They should stand behind us today."

"The Latin American countries have made a stand and our position is strengthened in these countries and that part of the world," he added. "And that is another reason I don't like the stand Canada has taken."

The purpose of his press conference was to announce cancellation of the remainder of his speeches for Democratic office seekers.

The former president said he had done so "because of the developments in the world situation and in keeping with my long time practice that partisan politics be adjourned in time of national danger."

One of his appearances was to be at a Democratic rally in Detroit Saturday night.

Test-Tube Forest Fine

SEATTLE (UP) — Weyerhaeuser Co. says its "test tube" forest on the huge Yakult Burn in south-west Washington is a success. Experiments on 20-acre plots of Douglas fir in the burn showed fertilizing trees with nitrates has been accompanied by a 50 per cent gain in diameter and 40 per cent in height since 1956. Seed cone production was increased four-fold.

Zorin Evades Adlai's Challenge

ZORIN

UNITED NATIONS (AP) — "Do you deny that the U.S.S.R. has placed and is placing medium and intermediate-range missiles and sites in Cuba? Yes or no? I am prepared to wait for my answer until Hell freezes over."

Stevenson took his stand in a calm, determined voice, hurling a direct challenge at Soviet Chief Delegate Valerian A. Zorin.

It was one of the most dramatic confrontations in the history of the U.S. Security Council. It unfolded last night—with pictures—as the world's two giant powers sparred over tiny Cuba.

Delegates crowded around as Stevenson described U.S. intelligence photographs he cited as evidence of a Soviet rocket build-up in Cuba. An aide with a pointer directed attention to the sites as Stevenson spoke.

Chief U.S. Delegate Adlai E. Stevenson rested his case. Zorin conferred with aides and then replied in even tones.

Mr. Stevenson has put the question to me of the sending of nuclear weapons to Cuba. He asked me to give him an answer and has then demonstrated

"proof" which the United States might present as a motive or evidence in support of their aggressive actions."

Zorin scorned the photographs, speaking of forgeries, and then went on to repeat the Kremlin boast of Sept. 11 that "our nuclear means are so powerful . . . and the Soviet Union has such powerful means of delivery . . . there is no need to seek any further sites for them outside the borders of the Soviet Union."

Stevenson quickly rose to challenge again: "I have not had

a direct answer to my question . . . The question is have they missiles in Cuba — and that question remains unanswered. I knew it would be."

The climactic scene in the council chamber also brought bitter exchanges over how — and why — the crisis reached such a dangerous point and brought on the American quarantine against shipment of offensive arms to Cuba.

Stevenson declared: "The argument . . . of the Soviet Union is that it was not the

Soviet Union which created this threat to peace by secretly installing these weapons in Cuba but it was the United States which created this crisis by discovering and reporting these installations."

In a tone of sarcasm, Stevenson went on: "This is the first time, I confess, that I have ever heard it said that the crime is not the burglar but the discovery of the burglar."

Zorin demanded to know why President Kennedy did not say a word about the missile site when

he met Soviet Foreign Minister Andrei A. Gromyko Oct. 18 — and added: "Why? Because no such facts exist . . . Falsity is what the United States has in its hands, false evidence."

HOW FAIR?

Stevenson: "You ask with a fine show of indignation why the President did not tell Mr. Gromyko . . . about our evidence . . . well, I will tell you why — because we were assembling the evidence, and perhaps it would be instructive to the world to see how a

Dems Urge Probe Into Overcharge

Five county Democratic candidates today demanded a complete investigation into Oakland County government in the wake of charges and denials of misuse of county funds.

S. Jerome Bronson, candidate for county prosecutor, and George J. Fulkerson, congressional candidate, insisted a grand jury investigation should be considered.

Meanwhile, the Republican oficeholders accused by State Auditor General Billie S. Farnum of overcharging the county some \$11,000 on expense accounts and other Republicans blasted the charges as only a political move.

State Rep. Lloyd L. Anderson, R-Waterford Township, said the auditor's report released Tuesday was "a desperate, last-minute effort by a tired Democratic administration to try and garner a few more votes in Oakland County."

CHARGES POLITICS

Delos Hamlin, county board of supervisors chairman accused of overcharging the county \$5,610 in per diem payments, said, "That's Democratic politics."

He said Farnum spent about \$30,000 "witch-hunting, and probably was disappointed he didn't find something really wrong."

"I didn't ask for a raise," he said. "I did ask the board of supervisors to check it out first, which they did."

"At any time that the courts should decide that the county didn't act in a legal manner, I would issue a check for the amount immediately."

Robert C. Smith, Republican challenger for State Rep. Arthur J. Law's second district state legislative seat from Pontiac, said the "purely political investigation has cost the state much in hard earned tax dollars."

Bronson, in a morning press conference at the Waldron Hotel, charged incumbent Prosecutor George F. Taylor "laughed off" the auditor's report as politically motivated.

Moscow Radio announced the Soviet Union's strategic rocket troops have been ordered on a state of increased combat readiness.

Krasnaya Zvezda (Red Star), the defense ministry newspaper, said: "The unprecedented aggressive actions of U.S. ruling circles toward the Cuban republic and other states could not but provoke retaliatory measures from the Soviet government."

Premier Khrushchev's conditional acceptance of a Thant negotiation proposal was seen by Western diplomats in Moscow as preparation for him to appear before the United Nations. They said he also apparently had directed Soviet ships carrying arms to turn back from Cuba.

Washington sources said the Soviet ships turning back include most of those suspected of carrying offensive weapons, among them was a huge vessel designed to transport missiles.

QUARANTINE STAYS

A White House authority emphasized "there are still Soviet ships headed toward Cuba, and the only way this government can get precise information on some of these ships or the cargo they are carrying is through the quarantine."

U.S. strategists believed the climax of the crisis was still to come with the issue up to the Kremlin whether the solution would be military or peaceful.

As the peace efforts focused on the United Nations, demonstrations for and against the U.S. blockade continued around the world.

Western Europe's newspapers greeted with relief the willingness of the United States and the Soviet Union to talk. But many feared the crisis may smolder for weeks.

Silent on Military Tactics

U.S. Is Mum on Cuba Plans

By ELTON C. FAY

WASHINGTON (AP) — The United States won't tip its hand in advance on whether nuclear or conventional weapons would be used in any U.S. military action to eliminate the Communist missile bases in Cuba.

Fixed policy is to keep the other side guessing. It's a policy made clear by Washington officials long before the Cuban crisis became acute or any question existed about missile bases on the island.

Secretary of Defense Robert

S. McNamara, for example, has said the United States is not committed in advance as to what, when or how nuclear weapons might be used in any trouble spot.

The policy is that a particular tactical or strategic situation will determine the choice of weapons.

Recent comments by government figures have pointed up the possibility that action to compel withdrawal of offensive rockets from Cuban soil still remains a possibility.

FULLY JUSTIFIED

Secretary of the Treasury Douglas Dillon, speaking to Latin American finance ministers in Mexico City two days ago, said that if offensive preparations in Cuba are not halted "further action will be fully justified."

Since then, some of the approximately 25 Soviet cargo ships headed for Cuba have

changed course, even though they apparently had not reached the U.S. Navy quarantine fleet.

Both White House and Defense Department spokesmen say this doesn't change the picture; President Kennedy has said the objective is to get the bases out of Cuba.

A defense spokesman said Thursday night that work on the sites is still going on, as shown by what he called "constant surveillance."

Rep. Hale Boggs, D-La., assistant Democratic House leader, said in a statement Thursday night if the missiles are not dismantled "we have the power to destroy them, and I assure you that this will be done."

Leaders of both political parties have made clear they accept the prospect that full scale military action may be needed to assure removal of the missile menace.

Indians Retreating

Chinese Drive On Deeper

NEW DELHI, India (AP) — Chinese Communist troops have driven deeper into India at both ends of the northern frontier, an Indian spokesman said today.

Almost a week after the Chinese launched their offensive into India there is still no sign of the Indian army being able to check Communist advances.

The fighting is reported bitter and casualties heavy but no statistics have been released. The Red Chinese are said to be taking no prisoners.

A Defense Ministry spokesman reported a Chinese division of 10,000 men Thursday attacked the town of Jang, four or five miles east of the important monastic town of Tawang which was captured Wednesday.

Jang is on the jeep track from Tawang. (Continued on Page 2, Col. 7)

SNOW QUEEN — By mid-afternoon yesterday, Pontiac area mothers were digging winter togs out of closets and little snow kings and queens were popping up every-

where. Typical of the youngsters who romped for joy in the early snowfall is pretty Debbie Sexton, 10-year-old daughter of Mr. and Mrs. Hugh Sexton of 216 W. Fairmount St.

Get 'Good Cooperation' on Red-Chartered Ship

WASHINGTON (AP) — The Department of Defense said today the U.S. Navy had stopped, boarded and was inspecting the Soviet-chartered freighter Maruca, bound for Cuba.

This was the second announced intercept of a Soviet-bloc nation ship headed for Cuba in two days and the first reported boarding of a vessel in the U.S. arms blockade of Cuba.

The Navy said the intercept of the 7,268 gross-ton ship took place at 6:50 a.m. today 180 miles northeast of Nassau in the Bahamas Islands. Arthur Sylvester, assistant secretary of defense for public affairs, said the

intercept was carried out by boarding parties from the destroyers Joseph P. Kennedy and Pierce.

Sylvester, at 10:45 a.m., said the boarding party was still aboard and that the first message from the scene read:

"Party aboard Maruca at 6:50 a.m. Cooperation good. No difficulties expected."

Sylvester told a news conference that "until the boarding party returns after looking at the manifest, inspecting cargo and interrogating the personnel we cannot be sure of the composition of the cargo."

The Maruca is a Lebanese-flag ship, built in 1945 with a length of 441 feet, a beam of 57 feet and 27 foot draft. Sylvester said she sailed from Riga, in Communist-

WASHINGTON (AP) —

The Navy reported more than two hours after it had sent inspectors onto a Cuba-bound, Soviet-chartered ship that no offensive weapons material was aboard.

conquered Latvia on the Baltic Sea, under charter to the Soviet government.

The boarding party was commanded by Lt. Cmdr. Dwight G. Osborne of East Paterson, N.J., and Lt. Cmdr. Kenneth C. Reynolds of Coronado, Calif. Osborne is executive officer of the Pierce, and Reynolds executive officer of the Kennedy.

The Pierce was skippered by Cmdr. James W. Frost of Groton, Pa., and the Kennedy by Cmdr. Nicholas M. Mikhalovsky of Staten Island, N.Y.

TANKER YESTERDAY

The first ship to be intercepted

(Continued on Page 2, Col. 8)

Broomfield Eyes Scope of Quarantine

Oakland County Congressman William S. Broomfield today questioned whether President Kennedy's "quarantine" of Cuba is inclusive enough.

Broomfield, a member of the House Foreign Affairs Committee, commented after a two-hour briefing of Michigan congressmen and senators in Chicago yesterday.

"At present, cement and liquid rocket fuel are admissible cargoes. If we want their offensive rocket bases not only stopped but taken out, these cargoes should be stopped," Broomfield said.

He added Cuba has a cement shortage.

Broomfield also questioned allowing Russian technicians and military personnel to enter Cuba.

"They have a tremendous number of mobile medium range (1,600 mile) missiles ready to go, and I think it is a reasonable assumption they have nuclear warheads for them," Broomfield added.

The congressman said he felt the President's action was necessary and very timely, but perhaps the quarantine list should be enlarged to be more effective.

Denial Called A Lie

'Barnett, U.S. Did Agree'

NEW ORLEANS, La. (AP) — A federal appeals court considering the contempt case against Mississippi Gov. Ross Barnett has been told of an agreement between Barnett and the federal government on James H. Meredith's admission to the University of Mississippi. In a memorandum filed with the 5th U.S. Circuit Court of Appeals here, the Justice Department said it could prove false Barnett's denial of such an agreement.

Student Rebels Vow to Fight Integration

OXFORD, Miss. (UPI) — A student group calling itself the "rebel underground" vowed last night to "resist by every effective means . . . brotherhood by bayonet" at the University of Mississippi.

Adlai's Challenge Evaded by Soviets

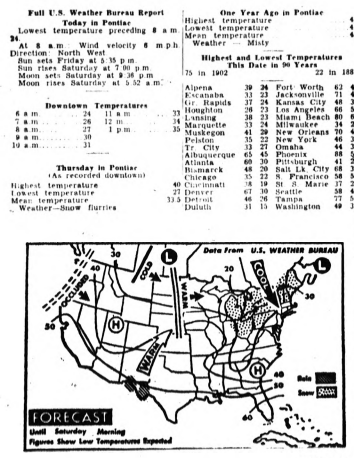

(Continued From Page One) Soviet official — now far he would go in perfidy.

WASHINGTON (AP) — U.N. Ambassador Adlai Stevenson flew to Washington for a meeting with President Kennedy today in advance of preliminary talks at the United Nations to determine whether negotiations are possible on the Cuban crisis.

whether the Soviets were building missile sites in Cuba. "I am not in an American courtroom, sir," replied Zorin, "and there I do not wish to answer a question that is put to me in the fashion in which a prosecutor puts questions. In due course, sir, you will have your reply."

The Weather

Full U.S. Weather Bureau Report PONTIAC AND VICINITY—Partly cloudy and cold today with chance of a few snow flurries, high 40. Fair and cold tonight, low 26. Saturday partly cloudy and not so cold, high 47. Winds northwesterly 10 to 25 miles today diminishing tonight.

NATIONAL WEATHER — Cloudy skies may cover the New England states, Ohio Valley and parts of the Pacific Northwest and Plateau tonight, with fair weather expected elsewhere. Snow flurries may occur over the eastern lakes, Ohio Valley and New England with some scattered showers in the Plateau region. It may be cooler along the mid and north Atlantic states with a warming trend over the nation's mid section.

Meredith's entry to Ole Miss sparked a campus riot Sept. 30 that killed two and injured hundreds before federal troops restored order.

In the television interview with WBRZ newsmen Brooks Reed, taped in Washington and shown in Baton Rouge, Kennedy said:

"Initially, the plan suggested by the governor was that he would go to Oxford while he moved Meredith to Jackson, but then he decided against that."

Later, the attorney general said, it was worked out for Meredith to arrive at Oxford on Sunday, Sept. 30, escorted by state patrolmen and school officials.

"We believed him, we trusted he would keep his word," Kennedy said, "but unfortunately the high-way patrol was withdrawn at a crucial point during the rioting."

Kennedy said the administration had made "a real effort to avoid using any troops at all. We tried to work this out at the local level, with local leaders," he added.

CONSIDERS REQUEST The appeals court is considering the Justice Department's request that it fine Barnett \$10,000 a day starting Oct. 2, for failure to purge himself of contempt. He was found in contempt Sept. 28 for blocking Meredith's admission to Ole Miss and given until Oct. 2 to purge himself.

The Justice Department memorandum was designed to answer last week's Mississippi contention that the federal government had given a wholly inaccurate picture of talks between it and Barnett.

"The denial of any arrangement between the governor and the United States for the entrance of Mr. Meredith on the campus of the University of Mississippi on Sunday, Sept. 30, is without foundation," it said.

"The United States stands ready to provide the details of the arrangements made and its contents."

In Oxford, Meredith prepared to wind up his fourth week as a student. His weekend plans have not been disclosed.

Wheel Trouble Feared on Airliner

By DICK BUCK An hour-long drama in the skies over Detroit ended safely and happily last night.

The plane, carrying 43 passengers and a crew of seven on a trip from Miami, West Palm Beach, Atlanta and Louisville, landed without incident at Metropolitan Airport after an anxious hour in the sky.

He appeared in jovial spirits, remarking to a newsmen that he bought only one container of milk because "I'm trying to cut down on my liquid bill."

U.S. Fires N-Device High Over Pacific

HONOLULU (AP) — The United States exploded a submunition nuclear device at high altitude above the Pacific early today. The flash briefly lit the ocean with a rainbow of red, green and blue for hundreds of miles.

A Thor missile, which failed in three previous tries at the same test, carried the warhead to its firing height, estimated at 30 to 40 miles. The booster apparently performed perfectly during its controlled flight to detonation.

The nuclear device packed a wallop of between 20,000 and 30,000 tons of TNT. It was the second-most powerful high-altitude explosion of the 1962 series.

The actual detonation occurred near Johnston Island, 750 miles southwest of Hawaii. The blast was clearly visible there but in Honolulu it was a short-lived flash of light.

A reddish glow arched across the clear sky when the shot went off a few seconds past midnight Hawaiian time. The color changed quickly to green, then gray-blue for the time being.

3RD SUCCESS The test was the third high-altitude success of the drawn-out operation Dominic series which began April 26. The first was a thermonuclear blast July 8 which created a giant radiation belt in outer space and lit up the Pacific with a dazzling array of color. The second was a low-yield detonation Hercules rocket.

ODDS WITH BIRMINGHAM — The chances of a Birmingham girl being selected Monday as Michigan State University Homecoming Queen are twice as good as those of any other city. The Oakland County community is the only town represented by two finalists. The MSU beauties (front row, from left) are Carol Coates of Saline, Sheila Evans of Rahway, N.J., and Ruthann

Helmrich of 1305 E. Maple Road, Birmingham. In the center row are Mary Jane Walker, New Bedford, Mass.; Patty Johnson of Grand Rapids and Irene Hilker of Chicago. The others are Maria Colucci, Niagara Falls, N.Y.; Margaret Allen, Lakewood, Ohio; Sharon Thurman of Trenton; and Jane McKinley of 1195 Derby Road, Birmingham.

Link Truck on Lease in Teamster Trial

DETROIT (AP) — A truck on lease figured yesterday in the U.S. District Court trial of a Teamsters Union official and a Youngstown, Ohio, trucking executive on charges of violating the Taft-Hartley Labor Relations Law.

On trial before a jury are William F. Wolff Sr., president and principal stockholder of the Youngstown Carriage Co., and Roland B. McMaster, 48, secretary-treasurer of Teamsters Local 299 here. The government charges that Wolff made payoffs of \$8,820 to McMaster.

Reds Harass Berlin Traffic

BERLIN (UPI) — East German Communist guards resorted to harassing tactics today that seriously delayed West German traffic on the 110-mile super-highway linking Berlin to the West.

West Berlin police reported that Communist guards at Marienborg, the Communist checkpoint on the western end of the highway, imposed a slow-down starting at 6 a.m. (1 a.m. EDT).

Police said trucks en route from West Germany to Berlin were painstakingly searched by the Red Guards, with many of the vehicles being forced to unload their cargoes completely. Some trucks were delayed up to four hours.

There was no immediate explanation of the Communist action on the autobahn. Some officials have feared a move against Berlin as a result of the Cuban crisis. The Reds possibly decided to harass West German traffic as a reminder that they control the access routes to this city.

ONE WAY CHECK The slow-down was clamped down at the U.S. Army ended four days of games in Berlin designed to underscore the readiness of American fighting men to defend this isolated city.

Police said only Berlin-bound truck traffic was affected by the Communist slowdown.

Police said it was borne in mind that in the past the communists frequently have slowed down truck traffic carrying vital cargo to and from Berlin for no apparent reason.

But they were quick to point out that for some time the Communists have not imposed careful searches on truck cargo and compelled the vehicles to be unloaded for inspection.

The Chinese claimed Indian forces on the northeast front also were driven southward after Communist forces recovered three passes and other points.

CABINET MEETS After the news of the fall of Toward reached New Delhi, the cabinet met for nearly two hours to discuss the massive advance by more than 30,000 well-trained Chinese in the northeast.

Informal sources said the cabinet also discussed the Soviet backing for Peiping's proposals for peace talks. The Soviets urged the talks in both the Communist newspaper Pravda and the Soviet government newspaper Izvestia.

One local newspaper said the Pravda editorial caused dismay in New Delhi. While it has given little both economic and military aid, Moscow has been neutral toward the border fighting.

CAPE CANAVERAL, Fla. (AP) — Technical difficulties with the Thor-Delta booster rocket today forced a one-day postponement, until tomorrow, of an effort to launch an Explorer satellite to study a man-made radiation belt.

The crew decided to try a touch-and-go landing, with throttles open for a quick leap back into the air, to see if the nose wheel would hold the plane's weight.

The big piston-engine craft hovered over the runway, settled on its main landing gear, then on the nose wheel and — POP! — on came the evasive little red light in the cockpit indicating the wheel was in place.

A Delta official said a malfunction in the electrical system had caused the false indication and that the gear had probably been in place all along. "Our crew was acting in the best interests of safety with its caution," he said.

Birmingham Area News

5 Schools From City to Play at Band Night

BIRMINGHAM—All five of Birmingham's junior and senior high school bands will take part in a special All-City Band Night this evening at Seaholm High School Field.

Halloween will be the theme of the musical program to be presented during half-time of an 8 p.m. football game between Birmingham Groves and Dearborn

Chinese Driving Deeper Into India

(Continued From Page One) Toward to the plains of Assam in eastern India.

Authoritative sources said two battalions of Indian troops were to make a stand where the track crosses the 13,840-foot high pass 14 miles east of Towang.

But this is expected to be little more than a two- or three-day delaying action rather than halt the onrushing Red Chinese.

On the western front, in Ladakh, the defense ministry said the Communists were hurled back in an attack on Poet, a few miles from Chushul, where India has its only airfield near the battlefield. The fall of Chushul would be a severe blow to India's thin supply lines in Ladakh.

INDIANS REPULSED Radio Peiping claimed Indian attacks were repulsed both on the northwestern front in Ladakh and on the northeast front about 1,000 miles to the east.

A defense ministry spokesman said the new Chinese attacks on the northeast boundary were launched 32 and 50 miles east of Longlu, about midway between Bhutan and Burma.

The main Chinese blows have fallen to the west of Longlu, where the trading center of Towang was overrun Wednesday. Towang is 17 miles south of the border claimed by India.

As the attacks widened, it appeared the Chinese were trying to capture all the 32,500 square miles they claim in the northeast bordering Tibet. It is believed they already have captured most of the more than 12,000 square miles of territory they claim in Ladakh.

As the attacks widened, it appeared the Chinese were trying to capture all the 32,500 square miles they claim in the northeast bordering Tibet. It is believed they already have captured most of the more than 12,000 square miles of territory they claim in Ladakh.

As the attacks widened, it appeared the Chinese were trying to capture all the 32,500 square miles they claim in the northeast bordering Tibet. It is believed they already have captured most of the more than 12,000 square miles of territory they claim in Ladakh.

Boards Ship Headed for Cuba

(Continued From Page One) was the Soviet tanker Bucharest but she was not boarded and was allowed to proceed for Cuba after the Navy had checked her hatch work from afar to determine that she was a legitimate tanker and that her trim in the water indicated that she was fully loaded with fuel.

Sylvester gave this chronology of the boarding operation: At 6:34 a.m., EST., the commanders of the two ships ordered boarding parties away. The Kennedy lowered its whaleboat at 6:39. At 6:32, the Marula lowered a Jacob's ladder for the boarding party.

At 6:46, the party was alongside and boarding, and at 6:50 the party was aboard.

There was a possibility that still another ship had been intercepted and allowed to pass on to Cuba. The Cuban radio reported the arrival early today at Havana of a ship, the name of which sounded like Vinitza, and described it as the first Soviet vessel to "pass the imperialist blockade." The broadcast said the ship had been intercepted but not searched.

UF Agencies Sponsor Halloween Parties

Four Pontiac United Fund agencies are sponsoring two Halloween parties — one next Tuesday, the other next Wednesday.

The agencies are the YMCA, YMCA, Boys' Club, and Campfire Girls. The host will be the Boys' Club, 530 E. Pike St.

The first party will be from 4 to 8:30 p. m. Tuesday for children in the 8-to-12-year age bracket.

Teen-agers will have a "Swing-in' Box Hop" on Halloween night from 7:30 to 10:30 p. m., with three disc jockeys taking turns. Admission to both parties is free with tickets which can be obtained from the four cooperating agencies.

OFFER PRIZES

Both events will be costume parties. Prizes will be offered for the best boys' and girls' costumes.

Games of skill and a spook house will be additional attractions, in addition to Halloween-type refreshments.

Disc jockeys contributing their services will be Jerry Olsen, Dale Tino, and Dave McLaughlin.

The interagency adult committee which planned the parties includes Boys' Club Executive Director Cressy Larson; John Miller, YMCA Youth Activities director; Raymond Hall, H-Y director, Eastern Junior High School; Miss Eleanor Logan, director of the Teen-age Program.

Mrs. Reba Ross Netzel, executive director, YMCA; Mrs. Doris Beck, executive director, and Miss Pamela Harrison, field director, Campfire Girls; and Ralph Strahm, program director, Boys' Club.

Youngsters from various agencies have also assisted in the planning, Mrs. Netzel reported.

Vote Honesty Goal of Unit

DETROIT (AP) — A citizens group headed by President Walker Ciesler of Detroit Edison Co. yesterday announced formation of a nonpartisan committee for honest elections.

Ciesler said the step was taken as a result of recent disclosure that Detroit has an estimated 40,000 persons on voter registration rolls who no longer live in the city. He called this an "invitation to fraud."

Bar Owners Form Group

42 Charter Members
Name Officers

Forty-two Pontiac bar owners Wednesday night became charter members of the newly-organized Pontiac Bar Owners' Association. At a dinner in the Waldron Hotel, the new group also installed its first officers.

Named president was Kenneth Cumberworth of 32 Newberry St.

Other officers are vice president Joseph Fortino, 210 Dick Ave.; secretary-treasurer Mrs. David Saks of 6 Bloomfield Terrace; and corresponding secretary Mrs. James Osborne, 2729 Berry Drive, Bloomfield Township.

Pontiac Mayor Robert A. Landry presented the charter to the organization.

Among the purposes of the group is an educational program to keep members informed of political and legislative problems of the liquor and beer industry. It also aims at mutual improvement, protection and benefit, equitable enforcement of liquor laws and increased public relations.

The group includes 42 out of the 52 licensees in Pontiac.

Some Thoughts and More Thoughts on Khrushchev

By BOB CONSIDINE
WASHINGTON — Nikita Khrushchev's awesome personal power when he cynically used doddering old Sir Bertrand Russell as a kind of earthbound Teletar off which he bounced a summit tease to President Kennedy.

World reaction was electrically instant. Stocks lurched upward. Nervous housewives stopped buying canned goods, bottled water and hardtack with which to stock their shelters.

An armada of Soviet freighters, some of them probably loaded to the gills with offensive talk for Castro, did tacks and nip-ups of an undetermined nature in mid-Atlantic.

Reporters scurried to the White House, Pentagon, the Capitol and U.N. for reaction stories. "Spokesmen" bumbled forth with double-talk statements.

Millions of Americans wheezed relief and neglected to read the last part of the message to Sir Bertrand.

Khrushchev was never more

(Advertisement).

No gummy, powdery taste or odor. **FASTERITE** is available (un-acted) from your dentist (please order directly). Get **FASTERITE** at drug, cosmetic stores everywhere.

verbally fiery or threatening than in the closing portions of a message which earlier had once again dangled the irresistible carrot of a summit meeting before the nose of a man of good will.

Khrushchev acted in his role of

Khrushchev, contemptuously ignoring U.N., his Warsaw Pact nations, his press and public opinion. It must give the one-time swineherd and boy miner quite a feeling.

Among the more nebulous trea-

sures owned by Pan American World Airways are two million Cuban pesos, the equivalent of \$1 million.

At least they'll be worth a

BOXER'S BATH — Boots appears annoyed by the invasion of its privacy while taking a bath at Dallas. The 40-pound boxer likes to relax in a pink baby tub.

million bucks just as soon as those two bearded souls, Uncle Sam and Fidel Castro, kiss and make up.

PanAm doesn't plan to hold its breath until that day arrives.

The pesos were accepted from the 106,000 Cuban refugees the company's planes have flown out of Havana since January 1961.

Service was abruptly terminated Tuesday when Castro announced that if any American plane attempted to land at Havana Airport it would be shot down.

Discontinuation of the service leaves more than 50,000 Cubans pathetically stranded on the island after having obtained clearance from Castro to leave, and U.S. permission to enter this country.

The almost-completed deal ramming the Bay of Pigs prisoners, largely for food and medicine, also has collapsed — to the despair

of relatives who were practically ready to assemble at Miami Airport for the emotion-packed reunion.

PanAm was making two trips a day into Havana in DC-4s. The planes would go in empty, scoop up 107 ticket-brandishing and always frightened Cubans, and bring them out.

Two hundred and fourteen every day, seven days a week. There was never a "no show."

Now — nothing, a word that also applies to the 2-million pesos.

IT WON'T TELL
The Defense Department has not, and will not, announce how it obtained those photographs of Cuban missile sites, air strips and the like.

The photographs were taken by U2 aircraft, handled by intrepid men, some of them perhaps civil-

ians attached to the Central Intelligence Agency.

An engine failure, or a lucky hit from ground defenses, would mean curtains for the pilot. He would face sterner judges than Francis Gary Powers faced.

Without the U2 it is conceivable that we would now be still drawing while the Russians built Cuba into a most ominous base.

For all his ranting and raving against the U.S., and Guantanamo Naval Base in particular, Castro has never gotten around to cutting off the fresh water line leading into the base from Cuban reservoirs and pumping stations. We pay him \$18,000 a month for his water.

He probably needs the dough to pay for TV time in which to blast us.

BOWLING

The onslaught of cold, wintry weather should be sufficient to spur an interest in indoor recreation in most sports lovers. Local bowling proprietors are ready to encourage this interest as the action has been warm at their alleys.

Westside Lanes had 74 games of 200 rolled in its classic circuit. Monday, this sharp rolling produced 16 series of 600. The proprietor's team set a new team high series mark for a 245 game and a 3105 total.

Paul George fell five pins short of a 700 series with games of 225-226-244. Don Pennell's 228-203-235 were good for 676. Gary Thompson hit for a 245 game and Joe Foster had a 235.

Leading the classic loop is Dale Cook construction with a 46-10 mark. Colonial Lounge trails the builders with 39-17.

4 Nations Offer Challenge Cup

U.S. Has Edge in Horse Show

WASHINGTON (AP)—The U.S. and international team horses will be taking the tough courses designed especially by Douglas Bunn of Sussex, England.

Bunn, with the help of his wife, who is a course expert, too, has been giving Americans a sampling of what European jumping courses are like.

Sixteen horses from four nations qualified for the event Thursday night in the annual jumping over the Hecor Zatarain with Goliath.

The best of the show's civilian and international team horses than any other entrant in the past three days, says they're "stiffer than average" and he likes it.

Kelley, 37, riding four jumpers and nine hunters, has amassed more ribbons and points than any other civilian rider in the show. Bunn is designing U.S. courses for the first time.

It's giving American riders a chance to try things the European way, Kelley says, and it's a good way to get ready for competition in European shows "to use the type of jumps they use."

The biggest difference, Kelley notes, is Bunn's use of a longer distance between jumps more attuned to the hunter's extended style.

It may be tough for horses jumping here to get used to the extremely short spaces that usually prevail at the Madison Square Garden show in New York where many of them will be appearing next week.

But, Kelley is faring well under the conditions, bringing in winners consistently.

PRESIDENT'S CUP
Kelley will ride two of the top open jumper horses—defending champion Windsor Castle and an Irish import, Skyrne—in tonight's President's Cup.

Mexico's Capt. Zatarain will be competing with his qualifying round winner, Goliath and his teammate L.L. Col. Ruben Uriza is entered with Perico.

David Barker, England's lone rider, held his mount, Mister Softee, out of competition for a day to give him a better chance in the coveted President's Cup.

Three rider riders will have a double chance at the cup, each qualifying with two horses. From the U.S. equestrian team, 18-year-old Mary Mairs, of Pasadena, Calif., the top-point scorer in international jumping so far, will ride Tomboy and Anakonda, and Kathy Kusner, 22, of Arlington, Va., is entered with Unusual and High Noon. Anakonda and Unusual took second and third, respectively, in the qualifier.

Canada's Miss Gail Ross rides her Wings Of Gold and Pinnacle. From the non-team group, five open jumpers got into the finale, including a top contender, Jacks Or Better, owned and ridden by Ben O'Leary of Manville, N.J.

First Lady Jacqueline Kennedy was scheduled to present the President's Cup to the winner tonight, but she cancelled her appearance because of the Cuban crisis. Her mother, Mrs. Hugh D. Auchincloss is to appear in her place.

In the same league, Pontiac Window Cleaning has built a 7-game margin over Eamon Electric in the 16-team loop. Two of the teams surpassed the 3000-pin team series mark last week. The window washers hit for 3057 and Calbi Music 3021.

The 300 Bowl & Lounge team has developed a three-game winning streak in the Travelling Classic League. A 135 decision over Wonderland Lanes by the leaders demolished that previous unbeaten record in the loop and left second place Huron Bowl a game behind.

Huron Bowl, also, triumph 13-5 over Maple Lanes while Cooley garnered its first victory 10-5 against Airway. Bud Mills' 246-217 were good enough for Huron points and Paul Corwell collected half of the Cooley total with 232-195.

Garth Green hit 236-216 and six points in the 300 Bowl triumph.

Sunday's action will find Westside at Maple at 1 p.m. seeking its first win. Maple will visit 300 Bowl in an effort to stop the leaders at 3 p.m. and Huron will invade Wonderland at the same time. Airway Lanes has a bye.

By CHUCK ABRAIR

The American Bowling Congress has approved the first all-synthetic bowling pin for use in ABC sanctioned competition.

Developed by the Maga-Pin Corporation of Buffalo, N.Y., the pin is the result of three years testing and examination under the supervision of the ABC new equipment committee.

The basic test was a season long comparison of scores using the new pins and the old style in two Milwaukee establishments' leagues. These scores, plus comparisons made in special tournament play, proved the Maga pin met three basic requirements—the fundamental specifications, pin action and durability.

Most important, the comparisons indicated no significant change in the scoring.

All ABC members are reminded they are eligible to submit proposed amendments to the ABC Constitution, Rules and Regulation. Deadline for proposals is December 1st. All items submitted should be sent to Ken Hurley, manager of the ABC Rules department.

Ups and downs on the national scene: Long Island, N.Y. resident Chris Engel received the first ABC Century award. The award is given to league bowlers who post a score of at least 100 pins above their league average in sanctioned play.

On August 1st, the first day the award was effective, Engel rolled a 280 game, 102 pins above his regular average.

A St. Louisan, Payne Rose, won the record book by bowling six consecutive 7-10 splits in the Sportsman League. There is no indication what score he finished with.

SPARES & SPLITS
Speaking of splits, on the local scene last week Fran McCallum of the Airway Queens League picked up the 6-7 split during his 242 game.

The pins were falling pretty good for the local women last week. The Airway Angels League saw Irma Steed, a normal 137 kiegler, hit a 550 series with games of 186, 181 and 183. In the Rockettes circuit, Peggy Kives was 78 pins over her average when she hit a 188.

HURON CLASSIC
The Huron Bowl Classic had some fancy scores last Friday with 17 men having 600-or-better series. Bob Smith led the way with 660 and Bill Landry was 10 pins behind him. The 224 mark was bettered 19 times. Smith doing it twice. Ken Will topped the pack with 248.

In the same league, Pontiac Window Cleaning has built a 7-game margin over Eamon Electric in the 16-team loop. Two of the teams surpassed the 3000-pin team series mark last week. The window washers hit for 3057 and Calbi Music 3021.

The 300 Bowl & Lounge team has developed a three-game winning streak in the Travelling Classic League. A 135 decision over Wonderland Lanes by the leaders demolished that previous unbeaten record in the loop and left second place Huron Bowl a game behind.

TIPS FROM CHAMPS

RAY BLUTH

WASH AND WIPE
"A good going over"

Champions keep their bowling balls as clean as possible. Dust and dirt in the pit area, ball return and on the lanes can adhere to the surface of the sphere and interfere with consistent traction.

Before bowling, the ball should be put in the establishment's ball cleaning machine for a good going over.

During competition, frequent wiping with a towel is good.

PEACE OF MIND ALL WINTER WITH NEW MARAFUEL OIL

Hydrogenation does it! New Marafuel burns cleaner because of a revolutionary refining process. It cuts down carbon... leaves less soot and gum... reduces your annual maintenance and repair bills. Result: New Marafuel gives you more heat for your money.

The Marafuel Budget Plan (at no cost to you) also protects you if you can't work for 14 days or more. Your heating bill will be paid until the doctor returns you to work... for the rest of the heating season in case of death.

For peace of mind and a warm home this winter—call your Marafuel Oil Distributor now. (For oil burner service, also consult your Marafuel distributor.)

Champions keep their bowling balls as clean as possible. Dust and dirt in the pit area, ball return and on the lanes can adhere to the surface of the sphere and interfere with consistent traction.

Before bowling, the ball should be put in the establishment's ball cleaning machine for a good going over.

During competition, frequent wiping with a towel is good.

PEACE OF MIND ALL WINTER WITH NEW MARAFUEL OIL

Hydrogenation does it! New Marafuel burns cleaner because of a revolutionary refining process. It cuts down carbon... leaves less soot and gum... reduces your annual maintenance and repair bills. Result: New Marafuel gives you more heat for your money.

The Marafuel Budget Plan (at no cost to you) also protects you if you can't work for 14 days or more. Your heating bill will be paid until the doctor returns you to work... for the rest of the heating season in case of death.

For peace of mind and a warm home this winter—call your Marafuel Oil Distributor now. (For oil burner service, also consult your Marafuel distributor.)

Demonstrating new '63 Chevrolet truck features the hard way!

When we came to a river we got wet. This river bed was paved with rocks the size of melons. What a test for new light- and heavy-duty suspension systems this was!

Users of new conventional medium- and heavy-duty units who have to operate in close quarters are going to like the narrower front ends (up to 7 inches).

Conventional light-duty units have co-spring independent front suspension—easier on truck, load and driver.

New engines, suspensions, frames and narrower front ends show their stuff on Mexico's tough Baja Run!

With months of proving ground tests under their belts, why did new Chevrolet trucks take on the rugged Baja (bah'bah) Peninsula?

This is the toughest line of trucks Chevrolet has ever built. Sending them over the most punishing terrain in North America (a road totally unlike the easy highways on the Mexican mainland) was double proof of this fact. Frames, engines, suspension systems were subjected to stresses far greater than trucks normally encounter. You can be sure that trucks that can handle this kind of beating can handle any kind of work.

THE "NEW RELIABLES" FROM CHEVROLET
Quality trucks always cost less

See the "New Reliables" now at your Chevrolet dealer's!

MIDAS MUFFLERS ARE GUARANTEED FOR AS LONG AS YOU OWN YOUR CAR

Once a MIDAS Muffler is installed on your car, it is the last muffler you will ever pay for as long as you own that car. That's what the MIDAS guarantee means!

September Cost of Living Hiked

Largest Increase in 4 Years: .6 Pct.

make its first appearance at Horse Show in New York Tues.

The increase was due primarily to a jump in meat prices following a withholding action by farmers

The Labor Department's consumer price index had held steady during August at the record level set in July. But the September index rose to 106.1 per cent of the 1957-59 average.

Ewan Clague, commissioner of the Bureau of Labor Statistics, said the major part of the rise was due to temporary or seasonal factors.

CITES WITHHOLDING

Limousine

the National Horse Show in New York City, beginning Tuesday.

The eight-passenger car, which is more than 20-foot-long, can be ordered locally through R & R Motor Sales, 724 Oakland Ave.

C. E. Briggs, Chrysler vice president and general manager of the Chrysler-Plymouth Divi-

Clague said the meat situation had changed by mid-October, with wholesale prices dropping to about their August level and retail prices being reduced by about half the September increase.

Clague said it was too early to tell whether the Cuban crisis will have any effect upon the cost of living. However, he added, there is no reason why it should, because there are no shortages in the United States. Instead, he

perial six-passenger cars. They are delivered to customers who have ordered them in advance. The coach work is done by the Ghia firm of Turin, Italy.

Interior appointments and conveniences are described by Briggs as the finest known to the automobile industry, in this country or abroad.

★ ★ ★

The vastly improved financial picture came even though Chrysler's worldwide sales of cars and trucks increased by only 5.7 per cent, much below the industry average, from 534,518 last year to 565,046 this year.

Sales in the auto industry have shown an average increase of more than 21 per cent this year over last.

Dollar volume was up \$110 million from last year when it lost \$20.5 million in the similar period.

SAIGON, Viet Nam (AP) Viet Cong forces fought their way into the Roman Catholic leper colony north of here Wednesday night. They looted the camp of drugs and medical equipment, according to reports reaching here today.

* * *

Upon leaving, the Viet Cong set off an ambush for government soldiers, with snipers firing and soldiers hurrying to the scene, and a fierce fire fight lasting 40 minutes ensued. The Viet Cong reportedly left 20 bodies. Government losses were reported as three.

There are, of course, a host of offerings to choose from, but I will mention two and you can make your pick. I don't favor long-term bonds for individuals, because their return is low until maturity and they are subject to a capital gains tax if they are held and paid off at parity. I suggest State of California bonds due 1985/83 selling to yield 13.20% and City of New York 3's due 1980 selling at 9%.

the \$4 dividend (including \$1 extra) was not earned in 1961 nor in the first half of 1962. The shares have had a price drop amounting to 42½ per cent this year and have shown little bounce in the recent recovery. This stock is just not everyone's cup of tea, and certainly not mine — during a period when a business downturn seems imminent.

Mr. Spear cannot answer all mail personally but will answer all questions possible in his column. Write General Features Dept., 250 Park Ave., New York 17, N. Y.
