Apollo Lands Safely; Astronauts Feel Fine

ABOARD USS YORKTOWN (AP) — Climaxing a magnificent space odyssey, the Apollo 8 moon explorers came home from the heavens today, steering their spaceship to a pinpoint landing less than three miles from the main recovery ship in a dark Pacific Ocean.

Air Force Col. Frank Borman, Navy Capt. James A. Lovell Jr. and Air Force Maj. William A. Anders reported they were in excellent condition after the momentous journey.

They landed just before dawn and waited patiently in their bobbing spaceship for 45 minutes until the first rays of light began to illuminate the Pacific so that swimmers could safely drop into the sea to secure the Apollo 8 craft.

America's newest heroes ended man's greatest space adventure and one of history's most momentous explorations when they survived man's hottest and fastest dive through the atmosphere and parachuted into a gently rolling sea about 5,000 yards from the Yorktown.

The astronauts climbed into a life raft and were hoisted aboard a helicopter 80 minutes after landing. They were ferried quickly to the carrier, which had steamed toward the scene from the moment of touchdown.

With a beautiful dawn breaking over the Pacific, Borman, Lovell and Anders were deposited on the carrier deck at 12:20 p.m. EST.

Hundreds of sailors cheered and snapped pictures as the bearded adventurers stepped on deck and strolled a bit uneasily across a red carpet rolled out for the occasion.

The astronauts were dressed in white flight suits, into which they had changed while waiting for recovery.

WAVE TO SAILORS

They smiled and waved to acknowledge the cheers of the sailors.

Borman stepped to a microphone and thanked the crew for the great recovery operation.

"We're very happy to be here with you," Borman said. "We appreciate your efforts. We know you had to stay out here over Christmas. It seems that Jim Lovell and I always seem to fly in December."

★ ★ ★

"But on Gemini 7," he added, "we got home before Christmas.

"We are very proud to be part of this great achievement. We're proud of it and we appreciate the part you played in getting us back."

★ ★ ★

Borman, Lovell and Anders all looked in great shape as they left the microphone and walked to an elevator, which took them down to a sick bay for a medical examination.

ANTHEM PLAYED

With the astronauts safely on the carrier, officials in the Mission Control Center in Houston unfurled a large American flag and the "Star Spangled Banner" was played over a communications circuit.

Helicopters spotted the six-ton spaceship dangling under its three red and white parachutes as it dropped for the sea. They were overhead moments after the 10:50 a.m. EST splashdown.

While waiting for pickup, the astronauts chatted by radio with the commander of the helicopter hovering overhead.

★ ★ ★

Cmdr. Donald S. Jones of Madison, Wis., asked the astronauts what the moon was made of.

"It's not made of green cheese at all," Borman replied. "It's made out of American cheese."

★ ★ ★

Asked what they wanted for breakfast, the astronauts replied "steak and eggs, the same that we had before we left the Cape last week."

FIRST LANDING IN DARK

They are the first U.S. astronauts to land in darkness. It was 4:50 a.m. local time, about an hour before dawn and 45 minutes before first light.

★ ★ ★

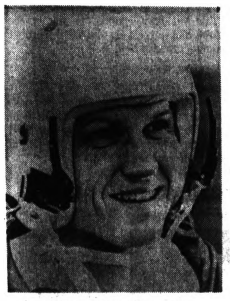

Unless there were an emergency, frogmen did not plan to deploy from the helicopters until first light, leaving the astronauts to wait out the recovery in their floating craft.

★ ★ ★

The astronauts had been away from earth exactly six days three hours on a dramatic mission that thrilled the world and gave man his first close-up look at the mysterious celestial neighbor that has intrigued humans since the beginning.

537,000 PERFECT MILES

They traveled 69 hours outward to the moon, circled it 10 times in 20 hours at an altitude of 70 miles and then raced home along a 58-hour corridor. They logged about 537,000 perfect miles.

COL. FRANK BORMAN

CAPT. JAMES LOVELL

APOLLO RECOVERY SHIP — The aircraft carrier USS Yorktown is the temporary home of the Apollo 8 astronauts following their splash-down and recovery in the Pacific Ocean this morning. The ship took the three spacemen aboard about 1,450 miles southwest of the Hawaiian Islands.

2 Gallant Ladies of War Improve With the Years

(EDITOR'S NOTE—This is the seventh of a series of columns that Bob Hope is writing during the holidays about our armed forces in the Far East.)

BY BOB HOPE

USS NEW JERSEY IN THE SOUTH CHINA SEA — We spent Christmas day in the company of two gallant ladies. Though no longer young, they've lost none of their grace, their charm and their character. In fact, like good wine they've improved with the years.

HOPE

No Newport dowager ever received her guests with more consideration and concern for their comfort and well-being than they did us. The first was a queen who has reigned for many years. Her current domain is the South China Sea. And she's called the USS Hancock, that's her formal name.

★ ★ ★

But since 1945, when she first took part in the battle for Okinawa, she's been known as "Fighting Hannah." Almost destroyed by a kamikaze attack in 1945, she was recommissioned in 1954.

She's been in action off the coast of

(Continued on Page A-2, Col. 3)

Press Delivery Delayed

Deliveries of The Pontiac Press were late yesterday, due to mechanical difficulties in the pressroom.

The lateness was not the fault of your carrier. The Press regrets the inconvenience.

Rain, Flurries Due Over the Weekend

Rain and some snow flurries are likely to dampen the Pontiac area this weekend, the weatherman predicts.

The U.S. Weather Bureau reports the following weekend forecast for Pontiac area residents:

TODAY — Occasional rain or drizzle and warmer weather with a chance of freezing rain ending early this afternoon, high 38 to 43. Tonight rain and warmer weather, with a low of 35 to 40.

TOMORROW — Cloudy and turning colder with a chance of brief showers. High 35 to 40.

SUNDAY — Cloudy and a little colder with a chance of snow flurries developing.

Probabilities of precipitation in per cent are near 100 today, 90 tonight, and 40 tomorrow.

The low temperature prior to 8 a.m. today in downtown Pontiac was 23. The reading at 2 p.m. was 32.

Pueblo Officer Used Charts to Foil Reds

SAN DIEGO, Calif. (UPI) — Fake charts were used by the navigation officer of the USS Pueblo to foil a Communist claim that the intelligence ship was seized inside North Korean waters.

Lt. Edward R. Murphy Jr., executive officer, said his captors forced him to make charts showing the ship violated territorial waters of North Korea, but he managed to insert enough errors to make them obvious fakes.

★ ★ ★

At a news conference yesterday, Murphy pointed out discrepancies in the coordinates used to pinpoint the Pueblo's position. One of them, he said, would have had the Pueblo traveling at 2,500 knots. The ship has a top speed of about 12 knots.

Murphy reiterated that the Pueblo was well outside North Korea's 12-mile limit when it was taken over.

At the same time, Pentagon sources see virtually no chance that any member of the USS Pueblo's crew will face court-martial for conduct during the months the men were prisoners of the North Koreans.

A court of inquiry usually is a prelude to a possible court-martial, and the Navy Judicial Board presumably will be obliged to make some statement concerning the conduct of the prisoners.

Flashes

WASHINGTON (AP) — Communist China detonated early today a nuclear device with a yield of about three megatons or three million tons of TNT, the Atomic Energy Commission announced. The AEC said the atmospheric test, the eighth detected by the United States, occurred in the Lop Nor area about 2:30 a.m. EST.

WASHINGTON (AP) — The State Department announced today final agreement on a $200 million deal to provide 50 Phantom jet fighters to Israel.

Flu, Fuel Needs Endanger NY

NEW YORK (AP) — Three New Yorkers have died from lack of heat and 10,000 are seriously ill in unheated apartments, the city health commissioner says, and any fuel firms that refuse to cooperate in making emergency deliveries will be prosecuted.

★ ★ ★

The board of health declared a "state of peril" Thursday, five days after a settlement was reached in the strike of fuel deliverers.

★ ★ ★

Delays in deliveries prompted Mayor John V. Lindsay to call for "extraordinary" efforts to get fuel to buildings with sick people.

★ ★ ★

The health commissioner, Dr. Edward O'Rourke, said three deaths were directly attributable to lack of heat. His department estimated that 2,400 would die in the city this week, half from flu complications.

★ ★ ★

Deputy Mayor Timothy W. Costello said Health Department personnel would be stationed at about 100 fuel depots in the city "to order that those buildings identified as health emergencies receive oil on a priority basis."

More than 700 unheated buildings have been designated as emergency hospitals because of a large number of ill residents.

'Beware of Spinach'

Peril for Popeye?

DALLAS (UPI)—American youngsters eat less spinach than other children around the world—and it may save their lives.

In a paper presented to the 135th meeting of the American Association for the Advancement of Science, Dr. Barry Commoner said that nitrates in spinach have poisoned infants in Germany and France. Commoner is director of the Center for the Biology of Natural Systems at Washington University.

★ ★ ★

His paper said evidence of nitrogen poison has been found in drinking water, especially in southern California.

The rise in the amount of nitrogen found in food and water is due to the increased use of nitrate fertilizers by farmers, said Commoner.

IN BABY FOODS

A large amount of nitrate in baby foods has been known to cause asphyxiation, he said. Children are more susceptible to the problem, he noted.

Commoner said nitrogen in well water in Minnesota has poisoned dozens of children and this nitrogen has come from fertilizers in the soil.

★ ★ ★

He expressed fears that a growing use of nitrogen fertilizer will result in the pollution of all the water systems in the United States.

Gift-Exchange Policies Vary

Many people will be returning Christmas gifts to area stores this weekend and merchants report that there will be no set policy regarding exchanges this year.

J. L. Hudson's and Montgomery Ward in the Pontiac Mall have requested that Christmas gifts be returned by Jan. 2.

Federal's Department Store in downtown Pontiac has set Jan. 5 as the date for exchanges to be completed.

The J. C. Penney Co. in the Miracle Mile Shopping Center and Sears and Roebuck downtown have no deadline for the exchange of Christmas gifts but would prefer to have presents exchanged as soon as possible.

'Road Needs to Outstrip Income'

(EDITOR'S NOTE — This is the second of three articles on the Oakland County Road Commission.)

By JEAN SAILE

A study of Oakland County's major-primary road needs for the decade 1968-78 points out that nearly $175 million must be spent for "minimal" improvement.

The study, made by the Oakland County Road Commission, indicates that the needed improvements are growing far beyond the communities' or the county's ability to pay.

★ ★ ★

"It is obvious that large amounts of local and county funds are going to have to be raised if a reasonable portion of the needed improvements are going to be made," states the report issued in May — three months before voters rejected a 1-mill road improvement levy.

"Without additional income over and above gas-weight taxes (state refunds), only one-sixth of the road improvements listed in this study will be completed by 1978," according to the reports.

MAJOR CUTBACK

The road commission, which this year operated on a $14.6 million budget, expects to get only $9.7 million in 1969. During the current year an additional $5 million—not normally included in the budget — was derived from the sale of bonds and a short-term loan. The latter is to be paid off in five years and the general obligation construction bonds for $4 million are to be paid off over 20 years.

Of the $9.7 million, $2 million is earmarked for construction and $6 million for maintaining roads at present standards.

The road commission points out that $6 million may not be sufficient for adequate maintenance.

The report delineates specific expenses and projected construction costs. It states that:

- One grader and operator are necessary for every 50 to 75 miles of gravel road; the annual cost is $20,000 per grader and operator.
- A dump truck and driver are needed for every 30 to 50 miles of road, an annual cost of $18,000 per truck and driver.
- Supervision costs $50 a mile.
- It costs $885 to add one inch of gravel to one mile of road.
- Ditching on a single road side costs 50 cents to $1 per foot.
- Calcium chloride—used for settling dust on dirt roads — costs $320 per mile per year.
- Pavement repair or replacement costs $3 to $7 per square yard.
- In a year, about $300 worth of salt per mile is used; the cost of truck and driver adds $100 per mile during the winter season.

★ ★ ★

- Widening a two-lane concrete pavement to four lanes costs from $250,000 to $350,000 per mile, and all new five-lane concrete pavement costs more than $500,000 per mile.
- To place a 2½-inch blacktop cap over existing pavement costs at least $25,000 per mile.

The report also notes that all costs are

McCormack Foe Faces a Stiff Battle

AP Wirephoto

IOWA KILLING SUSPECT — This is Anthony E. Williams, a fugutive mental patient charged with murder in the abduction and death of Pamela Powers, 10, of Des Moines, Iowa. He is being returned to Des Moines police headquarters after showing police where the body was. She had been missing since Tuesday.

WASHINGTON (AP) — Rep. Morris K. Udall's startling challenge to the House Democratic leadership was welcomed by liberal-moderates today, but he faces a stiff battle to unseat Speaker John W. McCormack.

Udall, in announcing yesterday he was after 77-year-old McCormack's job, said he had reached the decision without lining up any prior backing or consulting with the liberal-moderate leadership.

Several members of the liberal-moderate Democratic Study Group, a largely informal alliance of some 140 members, including Udall, said they were surprised by the four-term Arizona congressman's announcement.

"His chances are very good. He's very popular personally and he's very articulate. But it depends entirely on what the ones in the middle do," said a source aligned with the DSG.

IMPORTANT PLEDGE

There was a feeling among others, however, that Udall's pledge to call for other nominations if he unseats McCormack on the first ballot was the strongest factor going for him.

* * *

The belief is that a Northern or Western liberal wouldn't stand a chance against the speaker from Massachusetts, but that many members dissatisfied with McCormack would go for such a candidate if they thought it was a gimmick that could lead eventually to election of their own man.

* * *

First test of Udall's strength will come by secret ballot at the Democratic caucus Jan. 2. The nominee of the caucus will be presented to the full House when it convenes Jan. 3. Since the Democrats hold a 243 to 192 majority, their choice is a sure thing.

MODEST APPRAISAL

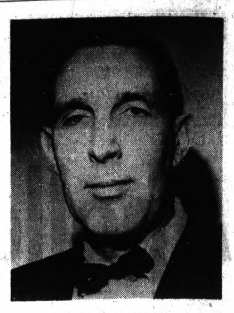

In announcing his decision to make the race, the 46-year-old Udall, brother of Interior Secretary Stewart Udall, said he would construe a first-ballot defeat for the McCormack "not as a decision that I should be Speaker" but only "a vote that a change is desired."

A caucus contest, he said in letters to colleagues, need not split the party but "should strengthen us in the House and in the country at large."

* * *

McCormack's backers, who include powerful committee members and deans of some of the larger state delegations, are not "running scared." They put Udall's top strength at 50 votes.

This challenge to McCormack, veteran of 40 years in the House, is unprecedented in modern history.

MORRIS K. UDALL

Widespread or Regional in 33 States

Flu-Related Death Rate Increases

ATLANTA, Ga. (AP) — Hong Kong flu has caused widespread or regional illnesses in 33 states while deaths attributed to pneumonia-influenza more than doubled during the third week of December, the National Communicable Disease Center reports.

Officials are standing by their earlier predictions that the epidemic will not hit its peak until next month.

During the week ending Dec. 21, the center's figures show about 500 more deaths from pneumonia-influenza in 122 selected cities throughout the nation than might normally be expected.

However, Dr. David J. Sencer, the center's director, cautioned that the figures from the 122 cities are "purely a sampling." He said that they should not be interpreted too strictly.

Sencer said the NCDC is taking the unusual step of using an editorial on the front page of its weekly report to caution about relying upon interpretations of the figures.

The weekly report is due for release later today but the figures it contains were confirmed last night by several NCDC officials, including Sencer.

* * *

The director said the rising number of deaths is part of a trend which began about two weeks ago and they were up "sharply" during the week ending Dec. 21.

Normally—in years with no flu epidemic—about 500 persons would be extected to die of pneumonia-influenza during the third week of December, a spokesman for the center reported. The actual total from the 122 cities will be about 1,000 dead, he said.

Ford Exec Is President of PR Group

BLOOMFIELD TOWNSHIP — Robert W. Hefty, director of public information for Ford Motor Co., has been elected 1969 president of the Michigan chapter, Public Relations Society of America.

He succeeds Donald F. Connell, public relations coordinator for Marathon Oil Co.

* * *

Other new officers are: vice president, John O. Montgomery, news relations manager, Chrysler Corp.; secretary, Charles J. Snell, vice president and director of retail marketing, advertising and public relations, Detroit Bank and Trust, and treasurer, Dan P. Lutzeier, director of public affairs, Burroughs Corp.

The Michigan chapter is one of the oldest and largest in the 6,000-member national organization.

EX-WIRE NEWSMAN

Hefty joined Ford in 1952 after 10 years with the United Press. He was manager of the Ford's news department and public relations manager of Ford divisions before being named director of public information in 1965.

He is a graduate of the University of Minnesota and lives at 3736 Peabody.

HEFTY

LUTZEIER

Montgomery, of Grosse Pointe, formerly with the Detroit Times, is a graduate of Michigan State University.

* * *

Snell is a graduate of Olivet College and holds a law degree from Wayne State University and resides in Pleasant Ridge.

Lutzeier is a graduate of Princeton University and lives at 3107 Upton, Troy.

Suspect Leads Iowa Police to Body of Girl, 10

DES MOINES, Iowa (AP) — A fugitive from a Missouri mental hospital has been charged with murder after leading police to the frozen body of 10-year-old Pamela Powers, missing since Christmas Eve.

A self-styled minister who identified himself as Anthony Erthell Williams, 24, wordlessly directed detectives to Pamela's half-clothed body, wedged between a culvert and the side of a snow-covered 15-foot embankment, yesterday.

* * *

Police waited results of an autopsy to determine how the blonde, blue-eyed fourth-grader died and how long she had been in the spot near Mitchellville, 10 miles east of Des Moines on Interstate 80.

Williams was arraigned on an open charge of murder under heavy guard at the Des Moines police station yesterday.

'NO SIGNS OF EMOTION'

Officers who accompanied Williams and the two detectives to the girl's body said Williams showed no signs of emotion.

His return to Des Moines police headquarters — only four blocks from the YMCA building where Pamela disappeared Tuesday — was conducted under heavy security after police received anonymous telephone calls threatening Williams' life.

Saigon Chafes as France Talks Politics With Cong

PARIS (UPI) — Saigon's war talks delegation chafed today at France's discussions with the Vietcong on the political future of South Vietnam.

The Saigon negotiating chief, Pham Dang Lam, denounced French Foreign Minister Michel DeBre's meeting yesterday with Tran Buu Kiem, the top Vietcong at the stalled Paris talks.

* * *

North Vietnam and the Vietcong countered with a communique demanding the immediate opening of negotiations around a circular table. The communique said Saigon was trying to sabotage peace efforts.

Kiem emerged from his conference with DeBre and announced "it remains only for the details to be fixed" before the Vietcong release three captive GIs in South Vietnam as promised.

OUTCOME 'PREJUDGED'

Denouncing the Kiem-DeBre session, the Saigon leader said the French foreign minister "has prejudged the nature of the (peace) conference to be held and its final outcome."

"It seems difficult not to link Tran Buu Kiem's efforts to be received by the French foreign minister with the effort put up by the Communist side with a view of winning for the Vietcong a certain status for the forthcoming Paris conference," Lam said.

One of the primary issues blocking the beginning of expanded talks is Saigon's refusal to accept the Vietcong as a separate entity at the bargaining table.

DeBre was the first French cabinet member to meet with a Vietcong representative — a meeting that gave the guerrillas a propaganda boost in their demand for official recognition.

'PEACE CABINET'

Yesterday's communist communique warned the Saigon regime would "sabotage the Paris conference" and urged the United States to overthrow the South Vietnamese government and replace it with a 'peace cabinet."

In Saigon, Vice President Nguyen Cao Ky and two of his delegates to the Paris talks met yesterday with President Nguyen Van Thieu.

Their aides would not reveal what the men discussed.

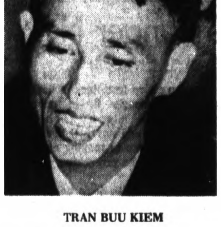

South Vietnam severed its diplomatic ties with France in 1964 in protest against President Charles de Gaulle's call for neutralizing all of Indochina, including Vietnam.

Meanwhile, Cyrus R. Vance's impending return to Paris raised expectations today of a new U.S. move to break the long deadlock delaying the Vietnam peace talks.

PROCEDURAL ISSUES

Vance, due back tonight, has been the U.S. negotiator in the talks with the North Vietnamese on the procedural issues blocking the start of the expanded conference.

Despite anticipation that Vance might be returning with new proposals, some diplomats are saying privately they expect no substantial progress of any sort until after Nixon is inaugurated.

TRAN BUU KIEM

County Fears Epidemic Is Not Yet at Peak

Oakland County health authorities remained cautious today despite optimistic comment from the state that the epidemic of Hong Kong flu appears to have leveled off.

"We're still running a 15 to 20 per cent work absenteeism rate countywide, which is not unusual for a flu season," said a county health official. He noted absenteeism during an apidemic is charted at between 30 and 50 per cent.

* * *

He said the department still believes that the middle of January will be the high point for flu cases in the county.

The comments followed an announcement by Dr. Willard Lenz, State Health Department epidemiologist. He said an informal survey showed the number of reported flu cases had leveled off over Christmas week.

'THINGS LOOK GOOD'

"If it continues the way it has this week, things look good," said Lenz. But he added:

"There is no way of being definite about the course of the outbreak at this point."

* * *

Lenz said the number of Detroit-area pneumonia and flu deaths for the week ending Dec. 20 would be the highest for the Detroit area since the flu outbreak started. At least 50 such deaths were reported in the first week of December and 70 in the second.

The State Health Department in Lansing planned to start an inquiry today on how Michigan Bell Telephone Co. managed to obtain a reported several thousand doses of the scarce anti-flu vaccine.

NEEDS 'IGNORED'

The investigation is in response to a charge by State Sen. Roger E. Craig of Dearborn that Parke, Davis & Co. ignored the needs of many hospitals and nursing homes to sell the drug to Michigan Bell.

Detroit's Herman Kiefer Hospital got its first Hong Kong flu vaccine Monday, more than a week after Michigan Bell started innoculating its employes.

Most hospitals and nursing homes in the area continued to impose restrictions on visits to patients pending the end of the outbreak.

NATIONAL WEATHER — Snow mixed with rain will move from the eastern Great Lakes to the Northeast tonight, and showers will fall in the Southeast. Snow will occur from the western Great Lakes to the northern Rockies, and there will be rain over the northern Rockies, and there will be rain over the north and central Pacific Coast.

Exam Set in Mate's Death

A 38-year-old Orion Township woman accused of the shotgun killing of her husband Christmas day faces preliminary examination on an open murder charge Jan. 7 before Waterford Township District Judge Kenneth H. Hempstead.

In custody without bond in Oakland County Jail is Mrs. Barbara Trudell of 881 Vernita.

She was arrested in her home when sheriff's deputies, who had been called to the scene by a neighbor, found her husband, Lyle E. Trudell, 34, dead in the living room.

Investigators said he had been shot in the head.

3 GUNS IMPOUNDED

Impounded at the scene were three guns, including a 12-gauge shotgun believed to be the murder weapon.

Capt. Leo Hazen, chief of sheriff's detectives, said deputies were called about 2:30 a.m. and advised that "something terrible" had happened.

* * *

He said one of the five Trudell children living at home asked the neighbor to call the department.

Cost of Living Continues Spiral

WASHINGTON (AP) — Living costs rose another four-tenths of 1 per cent last month, continuing the sharpest price spiral since 1951, the government reported today.

Although grocery prices dropped five-tenths of 1 per cent in November, sharp increases for housing, clothing, transportation and medical care pushed the Labor Department's consumer price index up to 123.4.

* * *

The index figure means it cost $12.34 in November for every $10 worth of typical family purchases in the 1957-59 base period.

The price index rose 4.8 per cent during the first 11 months of 1968 and Assistant Commissioner Arnold Chast of the Bureau of Labor Statistics said the 1968 rise will probably wind up at about that level.

* * *

This would be the largest increase in consumer prices since the 5.9 increase in 1951 during the Korean war.

Ladies of War Retain Character

(Continued From Page One)

Vietnam since the beginning. It was "Fighting Hannah' 'which launched the first reprisal raids against North Vietnam ordered by President Johnson in February of 1965.

YOUNGER GENERATION

You wouldn't worry about our younger generation if you could meet some of the kids who man ships like the Hancock. Cmdr. Bill Span of Ambridge, Pa., who leads the 22 Skyhawk pilots, told me that, from enlisted men to pilots, pulling eight-hour workdays, their performance and dedication are unbelievable. He told me of one of his pilots whose plane was hit over North Vietnam — this was before the bombing halt.

He ejected and as he was going down he realized that capture was unavoidable. He took out his radio and began beaming information to his buddies still in action. "I see a flak site across the river that's firing at you. You ought to hose that down." He then gave them the results of their bombing, their hits and misses. And as he neared the ground, he said: "OK, gang. I've gotta sign off. Good luck. I'll see you when I get back."

FLAIR FOR LINES

And these kids have a great flair for a line. On the ship operations door, a sign read "A little bit of Hope is fine but a little bit of Ann-Margaret goes a long, long, way." And when 300-pound Rosie Greer was invited to sit in the cockpit of a Navy jet fighter and then couldn't get out, a sailor who was watching this scene said: "Rosie, you may have to wear this home."

The esprit de corps on the ship and especially the concern of the kids for the pilots was illustrated a couple of weeks ago when Lt. Pat Scott of San Diego was returning to the ship at night after a mission.

Because of the rough seas and the pitching deck he hit the stern, his plane broke in two and burst into flames and went into the sea. He ejected but he was too low and got tangled in his chute on the bow of the ship where he dangled helplessly.

Had it not been for some very alert sailors who hauled him to safety, he'd have had it. Scotty laughingly said: "I think I set a new kind of record. I'm the first Navy pilot who ever hit the stern and the bow of the ship at the same time."

SECOND LADY UNIQUE

Our second lady, USS New Jersey, is unique. She's the only battleship in the fleet and old as she is, she's doing the work of a dozen. She became famous in World War II as Adm. "Bull" Halsey's flagship. His cabin has been kept exactly the way he left it. I got a kick when I found out his phone number was 007.

No Deaths in Jet Crash

SIOUX CITY, Iowa (AP) — An Ozark Air Lines DC9 jet with 62 passengers crashed into heavy snow in a grove of trees on takeoff from the Sioux City Airport this morning, but no fatalities or serious injuries were reported.

Ambulances rushed at least 32 persons, many of them returning home from holiday visits, to hospitals, where spokesmen said most of the injuries consisted of bruises and cuts.

U.S. 1968 VIETNAM FATALITIES—Chart shows U.S. losses in the Vietnam War for the year, at four-week intervals. Figures for the period after Dec. 21 wil be released early next year.

Fighting by Yanks in Viet Reportedly at 3-Month Low

SAIGON (AP) — The U.S. Command said today that American troops are doing less fighting than they have at any time in the past three months. But the South Vietnamese government said its forces killed 146 Vietcong and North Vietnamese in four clashes Thursday, captured 49 new Vietcong draftees and uncovered a sizable store of munitions.

★ ★ ★

The South Vietnamese said their losses were nine killed and 33 wounded in the four clashes. Three were in the Mekong Delta and the fourth was near Da Nang.

The heaviest of the fights raged for several hours about 20 miles southwest of Da Nang. There South Vietnamese Rangers reported 74 North Vietnamese and seven rangers killed and 30 rangers wounded.

LITTLE RESISTANCE

A government spokesman said the Vietcong conscripts were captured 23 miles north of Saigon and apparently put up little resistance.

"There was some exchange of fire, but I think because they were draftees, they just surrendered," he said. Three South Vietnamese soldiers were wounded.

★ ★ ★

The spokesman said the government soldiers took the enemy by surprise while searching the area just after daybreak Thursday, while the 72-hour cease-fire proclaimed by the Viet Cong for Christmas was still in effect.

"They were still having their truce period, and maybe because of that it was such a big haul," he said.

72-HOUR DIFFERENCE

The Vietcong cease-fire extended until 1 a.m. today, but the U.S. and South Vietnamese commands ended their Christmas stand-down at 6 p.m. Wednesday.

The U.S. Command reported only light contact in scattered actions for U.S. forces.

★ ★ ★

One high-ranking U.S. officer said it was too early to determine the significance of the lull. But he said the Christmas cease-fire undoubtedly was a factor.

"We felt that for the most part there was a fairly good effort on the part of the Viet Cong to stay by the truce," he said.

NO GREAT EFFORT

American reconnaissance continued during the 24-hour allied cease-fire, and the officer said the enemy apparently did not make any great effort to maneuver troops and supplies during the period.

The U.S. command said 133 incidents of enemy activity were reported during the allied truce period, and 47 were considered significant because casualties occurred. The allied commands said two Americans, 34 Vietcong and North Vietnamese and 15 South Vietnamese were killed, while 36 Americans and 35 South Vietnamese were wounded.

People in the News

By The Associated Press

Former astronaut John Glenn Jr. is thinking of a second try at Ohio politics, the state Democratic chairman says.

GLENN

Glenn entered the Democratic senatorial primary in 1964 but withdrew after suffering a head injury in a bathroom fall. Sen. Stephen M. Young, the Democratic incumbent, has indicated he will not run in 1970, and Gov. James A. Rhodes, a Republican, is barred by state law from seeking reelection in that year.

Eugene P. O'Grady, the state chairman, declined comment on whether Glenn, the first American to orbit the earth, would seek the governorship or the Senate seat.

Actress Connie Stevens Gives Birth to Girl

FISHER

Actress Connie Stevens, 31, wife of singer Eddie Fisher, gave birth to a 5-pound, 5-ounce daughter yesterday in Burbank, Calif.

The baby, named Tricia, is their second child. Fisher, 39, formerly was married to Debbie Reynolds and Elizabeth Taylor.

Sophia, Ponti Get Biggest City Tax Bill in Italy

MISS LOREN

Actress Sophia Loren and Carlo Ponti have been given the largest city tax bill of any couple in Italy.

Rome tax assessors listed yesterday a combined taxable income for the couple of $1 million and called for $147,000 in taxes. Miss Loren was credited with $560,000 in earnings. Her tax equals that of Giovanni Agnelli, president of Fiat industries and considered Italy's richest man.

Survivor of Massacre to Wed in Phillipines

Corazon Amurao, the lone survivor of the 1966 Chicago nurse massacre, will marry her home town sweetheart, Alberto Atienza, a lawyer, Jan. 5.

MISS AMURAO

Miss Amurao, now 25, was elected a municipal councilor in San. Luis, the Philippines, after returning home from Chicago.

She hid under a bed while eight other nurses were slain in a dormitory at the South Chicago Community Hospital, and has since filed a multimillion-dollar suit against the hospital.

Miss Amurao was the key witness against Richard Speck, who was convicted of the killings and is now under death sentence.

Stress Mass Transit, Says Nixon Choice

WASHINGTON (AP) — John A. Volpe, President-elect Nixon's choice for transportation secretary, says more emphasis must be put on mass transportation systems to cope with the nation's urban traffic problems.

The Massachusetts governor said Thursday in his first news conference since appointed by Nixon that "Highways alone won't do the job."

★ ★ ★

The emphasis on public transportation came as a bit of a surprise since Volpe has gained a reputation as a man who believes in highways. As federal highway administrator in the Eisenhower administration he directed the start of the gigantic interstate road system and he founded a construction company that has built thousands of miles of highways.

Rapid-transit systems may not prove feasible in some areas, Volpe said, but there will be others where "you can't build any more highways without tearing a city apart."

MORE FEDERAL MONEY?

He added that the stream of cars coming into city downtowns makes it impossible "even to provide parking spaces for them without having to tear down half the city for parking lots."

In calling for more stress on mass transit, Volpe declines to say whether more federal money would be needed. And he stressed that each area would have to make its own decisions on what kinds of transportation it wanted.

★ ★ ★

Volpe also announced he plans to sell all his stock in his construction firm. He said his brother Peter would replace him as the chief stockholder.

Gun Wound in Mouth Kills Winchell Son

TUSTIN, Calif. (AP) — The son of columnist Walter Winchell died of a single gunshot wound in the mouth, the coroner's office says.

Walter Winchell Jr., 33, died Wednesday night. A .38-caliber pistol was found lying beside his body.

★ ★ ★

The victim's wife, Eva Annelies Winchell, 34, told police that her husband wrote a suicide note on Dec. 20. She said he attempted suicide last Christmas and underwent therapy for about four months following the incident.

According to police, Mrs. Winchell said her husband was talking with her and a friend when he "got up from the living room chair, walked over and gave me a hug and said he was going for a walk." Moments later they heard a shot and found Winchell's body in the garage.

Winchell was working as a dishwasher at the time of his death and the family was receiving welfare benefits. He listed his occupation as a free-lance writer.

Clunkers Fail to Flee Police

LEBANON, Tenn. (AP) — "I never had such a silly feeling," Sgt. Charles Douglas of the Tennessee Highway Patrol said, describing a Christmas Eve auto chase in which two old cars outran state police at speeds of over 120 miles per hour.

Douglas said they were mid-1930 models.

The incident brought reckless driving charges against Estil R. and Luther H. Eakes of nearby Donelson, Tenn. Police caught one of them as a result of congested traffic.

"He said he didn't know we were chasing him, and I'm inclined to believe him," Douglas said.

"One brother wanted to know what I was going to tell the judge, and I said I was going to tell him about the speeding."

"He'll never believe you," Douglas quoted the brother as saying.

'Temporary Help' Lightens His Work

LINCOLN, Neb. (AP) — A young man approached the main floor record counter of the Brandeis Gold's Department Store Thursday.

He told the clerk he had just been employed as temporary help and believed he was the employe's lunch relief.

"I'll go upstairs and check," the stranger said.

He returned in five minutes to confirm his assignment. When the regular clerk returned, $160 was missing from the cash register.

The Air Force is studying the development of hot-air balloons to enable midair rescues of aircrews who have parachuted from disabled aircraft.

Gets Assist From County Deputies

Santa Finds Family Burned Out of Home

GROVELAND TOWNSHIP — Santa Claus may have lost his way to the Emmett Hubarth family for a while this year, but he made up for lost time with an assist from the Oakland County Sheriff's Department.

Mrs. Hubarth told gratefully this morning how sheriff's deputies pitched in to help after Santa was thrown off the track by a Christmas Eve fire, which burned the Hubarth home to the ground.

★ ★ ★

"It was quite a shock," she said of discovering the fire. "We were just coming home from visiting friends, and saw some lights across the road. We thought someone was stuck, but then a sheriff's department car came by and they told us our house had burned."

While the Hubarths and their two children, Emmett II, 11, and Diane, 9, were making arrangments to stay with Hubarth's brother, Alfred, of 51 Cottage, Pontiac, Sgts. Ray Pelon and George Kessler of the sheriff's department went to work.

PUT OUT BULLETIN

The two put out a bulletin on the regional law enforcement teletype wire, explaining what had happened to the family and asking for help.

Even though it was 2 a.m. police from Southfield, Keego Harbor, Royal Oak, Garden City, Melvindale, Wayne and other metropolitan communities answered the call for help.

★ ★ ★

Some had surplus toys and clothing on hand from their own distrubitions to needy families.

The family was still awake at 6 a.m., Mrs. Hubarth said, when three sheriff's department cars pulled up in front of the house.

OFFICERS WITH GIFTS

"We were drinking coffee, still a little dazed, I guess," she said, "when in came six officers loaded with gifts for the children and clothing."

The officers had also rounded up an assortment of canned goods and a 17-pound turkey for Christmas dinner, she added.

★ ★ ★

"The children had worried quite a bit about whether Santa Claus would find them," Mrs. Hubarth said, "but they know for sure there is a Santa now."

Pontiac Press Photo by Ron Unternahrer

CHRISTMAS GATHERING — Emmett Hubarth II, 11 and sister Diane, 9, examine some of their Christmas presents with their parents, Mr. and Mrs. Emmett Hubarth of Groveland Township. Oakland County sheriff's deputies collected toys and clothing for the family after their home was destroyed in a Christmas Eve fire.

Shelby Twp. Board Changes, but Vote Totals Stay Same

By TOM GRAY

SHELBY TOWNSHIP — Some of the faces have changed on the Township Board, but the vote totals remain the same: 6-1.

Supervisor Kirby G. Holmes, the dissenter for two years as the sole Republican on the board, voted all alone again last week on one of the first major issues to come before the newly elected board, which is split, four Democrats to three Republicans.

The question before the board was the apportionment of monies from a $900,000 bond issue passed by township voters in 1967 for construction of new fire stations.

The board, taking up the much-discussed matter after postponing it for some time, agreed to ask its architects, Louis Berklich and Associates of Rochester, to draft plans for a reduced main station, measuring some 8,000 square feet in floor space.

OPPOSED PLAN

Holmes, conceding that "the politically expedient thing to do would have been to agree with everyone," voted against the plan, offered by new Republican trustees Robert Seidel and Jack Jenkins.

The supervisor listed his reasons as follows:

- The proposed main station, if approved by the board, would give the township facilities for 60 firemen. There are only 20 firemen on the township department.
- Increases in fire department manpower are unlikely, because there is no money to pay for them. The township already levies 2½ mills for manpower and operation of the department, the maximum allowed by state law.
- As a result, the new station would not increase the township's fire-fighting capabilities.

'MORE PLUSHY'

Summarized Holmes, "Should we build this station, we will not be spending money to increase our fire-fighting capacity. We are only taking what we have and making it more plushy."

The alternative suggested by the supervisor? Hold off on plans for the main station and build a substation instead at the present time. (The bond proposal called for a main station and three substations.)

★ ★ ★

A new substation, Holmes explained, would relieve the present overcrowded fire department facilities at the Township Hall and "give us a situation where we would have two fire stations adequate for our 20-man department, rather than three times what we currently need."

Building the substation, he added, would not necessitate selling as many bonds now, therefore easing the burden on taxpayers.

★ ★ ★

"We are going to pay the architects more money to redraw plans for a main station," concluded Holmes, "Plans that are excellent, except for a few minor alterations, and should be used for building a main station five to six years from now."

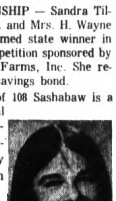

KIRBY G. HOLMES

Brandon Girl Wins 4-H Title

BRANDON TOWNSHIP — Sandra Tilton, daughter of Mr. and Mrs. H. Wayne Tilton, has been named state winner in the 4-H poultry competition sponsored by Heisdorf & Nelson Farms, Inc. She received a $50 U.S. savings bond.

Miss Tilton, 18, of 108 Sashabaw is a freshman at Central Michigan University. She has been enrolled in the poultry project for seven years.

MISS TILTON

"Chickens, of all the birds and animals around the farm, will always be my favorites," she said.

She has won several awards for poultry, including county and district medals in 1967 and 1968, a state excellence award for poultry in 1967, a second-in-the-state award in poultry judging in 1967.

★ ★ ★

"Early in my project I was sure of another medal, when the judge who was looking at my roosters told me that one of them was a hen," she said.

★ ★ ★

Even so, the state winner still considers chickens man's "second-best friend."

Driver Who Killed Couple Finally Loses His License

LANSING (AP) — The driver's license of a Howell man — convicted 80 days ago for negligent homicide — was suspended yesterday by the Department of State.

Secretary of State James Hare announced the one-year suspension of driving privileges of Frank M. Bignell, 54.

★ ★ ★

At the same time, Hare criticized the "time lag" between the conviction of a person on a traffic offense and receipt by his department of official notification of the conviction.

"In Bignell's case, we received the notice of conviction from the Washtenaw Circuit Court today," Hare reported yesterday. "Action was taken immediately.

CONVICTED OCT. 4

"His conviction on charges of negligent homicide in connection with two deaths dates back to Oct. 4, a time lapse of more than 80 days," Hare noted.

Bignell was convicted of negligent homicide in the deaths Aug. 3 of the Rev. Ellis Kincer of Ypsilanti and his wife Alice. They were struck by the car Bignell was driving as they walked along M52 about three miles north of Chelsea.

★ ★ ★

Bignell surrendered his license Monday, the secretary of state said.

"We have no way of knowing the disposition of any case until we get the notification in the form of an abstract from the court," Hare said.

"As expected," he said, "some courts are very prompt.

'OTHER EXTREME'

"At the other extreme, we had one case which took 405 days from the date of conviction to the time that our department received notification. In another case, it was 302 days lag time," he said.

Hare said he considered the time lag "a very serious problem."

"Although most of the drivers are not convicted of any felonies," he said, "they have had serious traffic offenses to cause suspension or revocation of their driving privilege."

Hare added that he has several times asked the State Supreme Court to take action against some lower courts which are often late in filing notices of abstract of convictions with his department.

Snowmobile-Ride Prices Questioned

DETROIT (AP) — With memories of that six-second, 25-cent slide on Belle Isle fresh in their minds, members of Detroit's Common Council decided yesterday that $11 an hour might be a shade steep for a snowmobile concession at Rough Park.

"So we don't get trapped like we did on that slide, let's get Mr. May over here," said Councilman Louis Miriani, proposing that the council summon John May, city director of parks and recreation.

May's department recommended the contract under which a private firm, Snow Trails Inc., would be allowed to operate the concession at the park.

County Board to Be Sworn In Jan. 6 at 7 P.M.

Oakland County's new board of supervisors probably will be sworn into office at 7 p.m. Jan. 6 at the County Courthouse.

County Clerk Lynn D. Allen is expected to administer the oath of office to the new 27-man board.

★ ★ ★

The first meeting of the group is expected to be Jan. 9.

Philip O. Mastin of Hazel Park is the Democrat's nominee for chairman, and Alexander C. Perinoff has been nominated for vice chairman.

GOP NAMES

Republicans are expected to name three men to a powerful new committee on committees. Designed to take over some of the functions formerly performed by the board chairman, the committee will recommend appointments to other board committees.

The Democrats, who suggested the committee in context with their reduction of the over-all number of committees from 24 to 12, have already named Mastin, George Grba of Pontiac, Niles Olson of Lake Orion and William Richards of Birmingham to the group.

★ ★ ★

Democrats have suggested a blue-ribbon citizens committee to study salaries for the new board. The plan has met opposition in the Republican caucus, which has come out in favor of a flat $5,000 yearly salary, based on an estimated $25 per meeting.

Republicans said to leave salaries to a bipartisan lay committee would be reneging on campaign promises they made to hold the line on salaries.

MORE IMPORTANT QUESTION

Behind the salary question is the more important decision, yet to be made, regarding functions of the board.

Some Democrats reportedly believe in full-time responsibility, assuming some administrative functions as well as policy making. Republicans reportedly adhere to the present policy-making only function of the board.

Garage-Sales Limits Urged in Rochester

ROCHESTER — The City Council has been asked to consider possible methods of regulating sales at garages here.

The council has referred to its attorney complaints from a number of area businessmen and representatives of the Salvation Army, who contend, according to City Manager Bill Sinclair, that the garage sales are "getting a little out of hand."

★ ★ ★

Sinclair said the complaints were concerned with sales "which appear to be going beyond the family property sale stage." Council was told, he said, that in some cases brand new merchandise is being sold.

In other business, the council has agreed to a State Highway Department proposal for updating and modernizing traffic and pedistrian signals along Main Street.

AGREEMENT APPROVED

The plan provides for placement of pedestrian signals at intersections with Third, Fourth and University streets and installation of enough new traffic lights so that each intersection will have two, Sinclair said.

The council also approved an agreement with Detroit Edison Co. on replacement of utility lines and poles in Rochester's urban renewal project area.

★ ★ ★

The question of footing the bill for the replacements, according to Sinclair, will hinge on a suit based on similar circumstances which has been pending for some time between Edison and the City of Detroit.

Under the agreement, if the courts decide in favor of Edison, Rochester will pay for replacement. If the outcome favors Detroit, the company will pay.

The Rochester City Council has scheduled a hearing for Jan. 13 for city residents to ask questions about proposed antiballistic missile bases for the area. The hearing will be held during that night's council meeting, which begins at 7:30 p.m.

PROPOSAL SUBMITTED

The State Highway Department also submitted a proposal for revision of the Romeo-Main intersection, at an estimated cost to the city of $30,000.

The council did not take action on the proposal, but directed Sinclair to contact representatives of Sun Oil Co., which operates a service station on the corner, to see if the company would be agreeable to suggested changes in street rights-of-way.

★ ★ ★

The council also:

- Passed resolutions honoring Roscoe Martin, outgoing municipal judge, and Lester Melstrom, outgoing county supervisor.
- Revised the retirement credit system for city employes to standardize it with those of other cities.
- Approved an agreement with the Oakland County Board of Auditors to provide temporary facilities for a district court. The court will be located in the council chambers for a rental fee of $320 per month.

Saks Chief to Retire

NEW YORK (AP) — Plans to retire Feb. 1, as president of Saks Fifth Avenue were announced yesterday by Adam L. Gimbel, 75.

Street Light Need Is Told in Wixom

WIXOM — Police chief D'Arcy Young has informed City Council members that 84 more street lights are needed throughout the city and subdivisions. The cost per light is $3.75.

He suggested that the money be allotted out of the 1969-70 budget.

★ ★ ★

Young also recommended that a light be installed at the intersection of Martin and Wixom. Dealer's Wholesale Supply on Martin is putting up a four-lot industrial subdivision at that intersection and had requested that a light be installed.

Holly Man Promoted by Insurance Firm

HOLLY — Ralph C. Schillinger Jr. of 410 Harden has been promoted to an assistant district manager in the Pontiac office of the American National Insurance Co., it was announced today.

Schillinger has been with the company since May of this year.

★ ★ ★

American National has regional and branch offices in 360 cities throughout the U.S. The Pontiac office is located at 3115 Dixie.

Blaze at Metro Forces Evacuation of Airport; No Injuries Reported

DETROIT (AP)—Detroit's Metropolitan Airport was evacuated last night and all flights of major airlines were suspended for 40 minutes when smoke from a kitchen fire spread through the terminal's ventilating system.

No injuries were reported. About 3,000 persons were evacuated from the terminal without incident.

★ ★ ★

Flights were suspended when employes were forced to leave the airport tower, located above the south terminal area where the fire began and was quickly extinguished. Damage was estimated at $200,000.

At least 15 planes were diverted to the nearby Willow Run airport or were forced to circle the airport until cleared to land.

★ ★ ★

Officials said the blaze began in grease in a kitchen duct.

Road Needs Seen Outstripping Income

(Continued From Page One)

escalating by more than 5 per cent annually.

There are more than 1,625 miles of city and village streets plus 2,475 miles of county roads in Oakland County.

"Since many of these roads are far from adequate, it would be a staggering and impossible problem to talk in terms of improving all of them to adequate standards in the foreseeable future," the road commission reported.

★ ★ ★

In northern Oakland County, the road commission suggests that the following areas be given top priority over the next 10 years. Other projects have been picked for southern Oakland County. The two together total $175 million in needed road construction.

CITIES OF NORTHERN OAKLAND COUNTY
Needed Improvements on Major Roads
1968 through 1978

Dr. George P. Raynale

Few men have so well and fully lived their mortal destinies as had Dr. GEORGE P. RAYNALE who died Sunday at the ripe age of 88.

Born in Birmingham and successively the third of a family of physicians, he was once literally and always figuratively a "horse-and-buggy" doctor. Literally, since that was the mode of travel when he began medical practice more than half a century ago; figuratively, because until the end his precepts of practice reflected the time-honored intimacy between doctor and patient and the willingness of the healer to go to the home bedside of those calling for medical treatment.

Dr. Raynale was an original member of the Oakland County Medical Society and a onetime president of the organization. He had also won honorary distinction in national medical circles, and in 1961 was named "Doctor of the Year" by the Michigan State Medical Society. Early in his medical career he had served his country as an officer in the Army Medical Corps in World War I.

An enthusiastic equestrian who found kindred enjoyment in sailing, Dr. RAYNALE's warm and outgoing personality had won a host of friends and admirers. A gathering of any sort was enriched by his presence.

★ ★ ★

The passing of GEORGE RAYNALE is a deep loss to the community. The many saddened by it will find comfort in the knowledge that he left an enviable and enduring record of personal achievement and service to his fellows.

Darkness, Wintry Weather Challenge Motorists

Darkness serves mankind in many ways, but it is no friend of motorists. During its sway, traffic accidents double.

This fact of motoring life — and death — is compounded by the hazards of winter driving, when frost accumulates on car windows and windshield, and fog, snow and sleet are seasonal phenomena.

"Smart motorists compensate for these dangers," says the Michigan State Safety Commission. "They make certain their lights are functioning properly and focused correctly, keep a brush or scraper handy to clear glass surfaces of encrusted snow, and maintain increasing vigilance at the wheel in street and highway traffic."

★ ★ ★

Your "peephole" artist, with his nose against the windshield straining for a view of what's going on around him is headed for trouble.

The Commission passes along these timely operating hints:

● Before starting out on a cold day, especially at night, start the engine a few minutes ahead of time, and turn on the heater and defroster. Allow time for the inside air to become warm enough to prevent condensation on the glass.

● Streaking windshield-wiper blades should be replaced with new ones or refills, thus assuring that windshield can be cleared effectively in rain, sleet or snow; and minimizing the glare from approaching headlights.

● Under adverse traffic conditions, the winter-wise motorist will reduce speed, taking into account that it takes longer to make gradual starts and stops on snow, or ice under the snow.

● Maintaining a safe following distance behind other vehicles, signaling turns well in advance, and practicing defensive driving at all times for possible mistakes of other drivers are essential to security in winter driving.

"Safety is no accident," it has been well said. But the safety should be provided by diligence, not merely by good luck.

Science Sees Weeds as Food Source

If a nice mess of weeds shows up as the piece de resistance on your dinner table in the not too distant future, blame scientists at the University of California.

They are looking into possibilities of expanding our food supply by making hitherto despised garden weeds as nourishing as present food plants, such as spinach.

★ ★ ★

Spinach happens to be a good example, since it is under the most intense study in the effort to decipher the secrets of photosynthesis, the complex chemical process by which green plants transform sunlight, carbon dioxide and water into food components, fats and proteins.

Once they learn how spinach does it, researchers hope to duplicate the process in the laboratory to produce a chemical which, sprayed on weeds, would convert them into food plants. They report progress. Several plant elements that initiate and control photosynthesis have been isolated.

Success would certainly rank as a momentous scientific achievement, but chances are it would make no difference at all to countless small fry who already regard spinach as a weed.

In Washington:

U.S. Has Lost Face on Pueblo

By RAY CROMLEY
NEA Washington Correspondent

Washington — The opinion around the U.S. State Department is that the arrangements for freeing the Pueblo crewmen make Kim Il Sung's North Korean government look ridiculous.

CROMLEY

They openly use the words "terribly clever" and "ingenious" in describing the U.S. negotiating team's work.

But the U.S. government may be in for a surprise.

It is a wonderful thing to have the Pueblo prisoners freed. It was worth considerable sacrifice to achieve this purpose.

But we should not fool ourselves about the cost.

★ ★ ★

The U.S. government, in signing the North Korean-dictated "confession" and simultaneously denying the validity of that "confession" did win the freedom of the Pueblo officers and men. U.S. officials also undoubtedly sneaked through a very sophisticated legal coup.

But in doing this, Washington stated officially that the U.S. government's signature on an official document was not worth the paper it was written on.

NOT CONVINCING

Never mind that this statement was intended to apply only to one document. Who is to convince Asians it doesn't (or won't) apply to other agreements, if convenient?

The more the United States repudiates the Pueblo "confession," the more many Asians will tend to believe that a U.S. signature on an agreement is worthless.

★ ★ ★

The North Koreans, North Vietnamese and Communist Chinese have been saying this for a long time. Now U.S. officials are saying it "barefacedly" about one document.

Henceforth, when the United States accuses the North Vietnamese of breaking the agreement on Laos, the terms of the bombing halt or whatever agreement is signed on Vietnam, fewer Asians will take us seriously.

PROOF OF POWER

Secondly, Asians place great stock in the proof of power, as demonstrated in making a formal apology or "confession."

When a man is in the right, and apologizes to a lie, then this is all the more proof of his weakness in a showdown.

★ ★ ★

The greater the lie one man, one group or one nation forces another to confess to, the more the contempt felt for the one who confesses.

The U.S. repudiation will be taken by millions of Asians merely as an attempt at face-saving.

★ ★ ★

The State Department experts understand law and its niceties. They do not understand Asian psychology.

'Just Soften Him Up A Bit!'

David Lawrence Says:

Criticism of Cabinet Is off Base

WASHINGTON — How little the European press understands the American political system was emphasized when many newspapers in various countries abroad stressed the fact that President-elect Nixon did not appoint either a Democrat or a woman or a Negro to his Cabinet.

LAWRENCE

These "omissions," of course, were mentioned on television and radio and in the press of this country, but it was also pointed out as a matter of news that Nixon had asked Sen. Edward Brooke, R-Mass., a Negro, to become a member of the Cabinet, and that he declined.

In the recent election, more than 12 per cent of the Negroes, according to the pollsters, voted for Nixon.

The theory that there must be representation in the Cabinet not only from the opposite political party but also from every religious or ethnic or racial group fails to take into account the basic principles of party government in the United States.

Certainly no parliamentary system puts into the cabinet persons from another political party unless the two parties have formed a coalition at the polls.

SECTIONAL NEEDS

There was a time when a president could not pick a Cabinet without giving weight to arguments of politicians in every section of the country who felt that their area should be represented.

Doubtless if Nixon had turned away from some especially qualified men, he might have found a woman who could have filled a Cabinet post.

★ ★ ★

Politics, of course, never ceases to be a prime consideration with any president.

Nixon is fortunate in having in his Cabinet former Atty. Gen. William P. Rogers, who has been active in politics in the Republican party, and also Rep. Melvin Laird, who was one of the leaders of the Republican party in the House.

POLITICAL SAVANTS

When political questions arise, the new president will be able to get the counsel and advice of men who know the political risks or advantages that a particular policy may involve.

As government grows, the Cabinet will become more and more important, and efforts are already under way to make plans for consolidating various government agencies within certain executive departments.

The national government cannot be organized or operated like a private business. But much can be learned from the persons who have had experience and have made a success in the business world. Nixon gave prime consideration to this point in selecting his Cabinet.

Mr. and Mrs. Fred Rasmussen of 169 Gateway; 51st wedding anniversary.

Mr. and Mrs. Bruce Everett of 3781 Lincolnshire; 52nd wedding anniversary.

Mr. and Mrs. A. L. Nique of Ortonville; 57th wedding anniversary.

Mrs. Josie Scott of Union Lake; 86th birthday.

Mr. and Mrs. Robert Haslock of Davisburg; 58th wedding anniversary.

Bob Considine Says:

Happy New Year Unlikely for the Starving of Biafra

NEW YORK—It is not going to be easy to convince the 10 million people of Biafra that this is to be a happy new year.

CONSIDINE

"About 25,000 Biafrans will be dying each day from starvation and terribly needed medical supplies by the first of the year," the Irish missionary said.

★ ★ ★

It was Desmond Doran speaking, one of the intrepid missionaries who labor among the blockaded and besieged Biafrans. He was accompanied by Father Philip Jarmack, and by Mrs. Catherine Menninger, wife of Dr. Roy Menninger of the famed Topeka (Kansas) psychiatric institution.

They and other dedicated people, representing religious and charitable groups, are trying to stop a catastrophe which pales even the war in Vietnam.

★ ★ ★

Beat-up charter planes, operated by veteran crews, make up a pitifully inadequate but still breathtakingly costly and dangerous airlift to Biafra. They fly each night from a small Portuguese island of Sao Toma.

The mercy planes have to run a double line of anti-aircraft fire coming in and going out.

★ ★ ★

They fly only at night. There is no communication with the Biafrans except flashlight signals near the end of a trip. The landing strip is a road not much longer than 1,000 feet. It has been frequently bombed and is only lighted with kerosene pots — two minutes before landing.

The cost is prohibitive. Up to $3,500 for one 3-hour round trip.

Some crews, make as many as three round trips a night.

★ ★ ★

It is not healthy work. All four DC7's provided by a German Lutheran group have been destroyed. Negro pilot Augie Martin crashed on his final approach to the tiny Biafran airstrip not long ago and all died, including his wife — who had gone along with him. As a child, Martin played "Buckwheat" in Our Gang comedies.

"You are only prolonging the war," the Nigerian ambassador to U.N. told Fathers Doran and Jarmack, and Mrs. Menninger, when they pleaded in vain for a land route to the dying in Biafra.

★ ★ ★

At the State Department, when the group applied for one or two of the many obsolete U.S. Air Force cargo planes now about to be junked, it was told that the U.S. could not afford to take sides — even in the name of mercy — in what the department considered "an internal affair."

★ ★ ★

"You've lost a thousand planes killing people in a war in Vietnam," Father Doran said. "But you can't give us even one to save people in Biafra. I just can't understand."

Voice of the People:

Senator Lodge Comments on Recent Incident at OU

The ordeal of Senator Huber's "Shameless Nude" at the great university of Oakland has desecrated one of the greatest gifts of the youth of America. I cannot condone the "incident" or the misadventures of obscenity by a few on our campuses as I do detest filth, but the crucifixion of a university because of the misguided conduct of one is unjustified.

LODGE

I regret the error of my brother Senator's caustic brew, and I cannot support the inquisition he has ordained. I will attend the meeting at the university on Monday—not as a persecutor, but on behalf of the fine, intelligent student body of Oakland University whose character and integrity has been maligned.

★ ★ ★

Education cannot be attained at the point of a bayonet nor through shielding one from the world with puritanical guidelines. Everyone has the choice of honor, morality and integrity, or the oblivion of degradation.

★ ★ ★

By 1970 one-half of the population of Michigan will be under 25 years of age. The future of America lies in their hands. So I will call upon, not alone the youth of Oakland, but the youth of all America—to rally to the aid of education by setting standards of morality, decency and integrity—cleaning their own universities of filth, dope addiction, immorality and lack of integrity of a few.

Do not be "tarred" by the brush of association—become leaders instead of running with the "pack." It is easy to destroy, but I desire to build with the finest—the youth of Oakland. The caustic of Senator Huber's teacup will dissolve in the storm of protest from the fine, intelligent body of Oakland University.

SENATOR L. HARVEY LODGE
17th DISTRICT, MICHIGAN

'Majority Don't Support Student's Action'

It's too bad that students, faculty and the school's reputation must suffer because of one thoughtless student at Oakland University. I'm sure the majority of students at Oakland do not and will not support this kind of action in any class.

★ ★ ★

As far as the 12 students living together in Rochester and the number of coeds having illegitimate children, please show us these facts before passing judgment on the whole student body as well as the faculty and school.

BOB GOHL
CONCERNED STUDENT AT OU

Question and Answer

I heard someone talking about a short ton and a long ton. They seemed to know what they were talking about, but I certainly didn't. Can you tell me?

NEW-MATH DROPOUT

A short ton is the ton you're familiar with—2,000 pounds. A long ton is 2,240 pounds.

Question and Answer

Are there any rules against putting up a Christmas tree as decoration for a grave?

L. L. D.

REPLY

Each cemetery would have its own ruling. However, Ottawa Park and Oak Hill Cemeteries don't allow Christmas trees. The ruling states they are considered an "embellishment" which other lot owners might find offensive. Artificial or evergreen wreaths and blankets or real flowers are the only decorations allowed at the two City cemeteries. Other cemeteries we called said no, too. White Chapel said they discourage Christmas trees, but when an occasional small one appears for a baby or small child, it is conveniently overlooked. Better check with the cemetery you have in mind.

Reviewing Other Editorial Pages

Retirement

Vancouver (Can.) Province

There are reports that Pope Paul has decided to resign at the age of 75 (Sept. 26,1972) or before that if his health fails. His Holiness is said to have ruled recently that all high Vatican officials should retire at 70 and to have urged cardinals over 70 to do the same.

Now there are rumors he intends to apply himself the ruling he imposed on others. Already there are reports he has prepared the text of the letter of his resignation and told two cardinals much younger than himself of his intentions.

★ ★ ★

This has aroused some speculation, particularly in view of the publicity given the papacy in recent weeks. Some wonder whether a Pope can, in fact, ever give up the throne of St. Peter.

In nearly 2,000 years there has been only one papal abdication. The Pope involved was Clestine V who, in 1294 found the job "out of his world" and beyond him.

★ ★ ★

He had been chosen by the Conclave of Cardinals when it despaired of agreeing on any of the "recognized" candidates. It was quite by chance that someone mentioned Peter of Murrone, a revered and holy hermit.

But while retirement is becoming the order of the day for aging business leaders, judges, senators and so on, should a world spiritual leader retire? Or could he?

Halt Inflation

New York Daily News

Living costs now are rising at a rate of 4.5 per cent a year.

This news came down from the Bureau of Labor Statistics. Such a rate of inflation is ominous.

★ ★ ★

All the more timely, therefore, is a proposal unveiled by Herbert Stein, a Brookings Institution expert who heads a group of financial advisers to President-elect Richard M. Nixon.

Mrs. Stein feels it should be possible to adjust the federal income surtax, recently adopted, year by year so as to keep inflation at a crawl if not stop it.

★ ★ ★

Certainly this idea merits wide public discussion. And certainly fighting inflation will be one of the Nixon administration's most urgent jobs. It's encouraging to see the Nixon team begin now to plan for that fight.

'Control of Franking Up to Congress'

Post Office Changes Its Tune

WASHINGTON (AP) — The congressional mailing privilege enjoyed by a Republican senator of doing hatchet work for President Johnson, said today it was giving up its watchdog role over Post Office Department, accused by Democrats.

The decision, which said congressmen should decide for themselves whether the franking or free mail privileges were being properly used, made no mention of charges by Michigan's Robert P. Griffin.

* * *

But the senator issued a statement saying both he and the department, which passes from Democratic to Republican hands next month, will benefit. He said he will press for Congress to draw up its own guidelines in the next session.

During the peak of the controversy last fall over Abe Fortas' nomination as chief justice of the United States, the Post Office Department accused Griffin of misusing the franking privilege and said he owed the government $25,000.

LED THE FIGHT

Griffin led the successful fight to block nomination of Fortas, an old friend and adviser of the President's.

"When you stick your neck out and buck the Johnson administration, I guess you have to expect this sort of thing," Griffin said at the time.

* * *

The new decision follows a Nov. 26 meeting between Griffin and Postmaster Gen. Marvin W. Watson at which Griffin said he submitted a 15-page legal memo arguing he had not misused the franking privilege as charged during his tough 1967 campaign.

The department said Griffin had franked a newsletter that had political—and therefore improper—implications in its reprint of a statement by Secretary of Agriculture Orville L. Freeman.

GRAY AREA

Until now, Post Office policy has been to issue rulings on possible violations of the privilege, leaving collection or prosecution to some other agency.

Because congressmen use the privilege to report on their activities in Washington, a good deal of which are naturally political, misuse falls into a gray area that makes enforcement hard. As far as it is known, there have never been any convictions.

* * *

In the new policy statement, Timothy J. May, general counsel of the Post Office Department, said the use of the franking privilege for official correspondence "is a matter strictly between the member of Congress and his conscience."

May said that after examining past situations, he feared it could lead to constitutional problems involving possible censorship of Congressional mail.

'NOT A RESPONSIBILITY'

"Congress has not ordered the department to police the behavior of members in the use of franking privilege, nor is there any regulation under which the Post Office Department can collect payment if such an abuse occurs," May said.

"Therefore, it is obvious that Congress never intended that the Post Office should be a collection agency regulating the Congress.

* * *

"Further, we receive full payment through congressional appropriations for franked mailing.

"Under these circumstances, we therefore feel that we can provide advisory guidelines to the officials possessing a franking privilege, but that they themselves should have the responsibility for policing themselves."

'GROWING PROBLEM'

The statement said also that the department's involvement in franking rulings has grown over the last several years from an occasional inquiry "to the point where the mailings of a substantial number of congressmen are being questioned on a continuing basis."

* * *

Griffin, in his statement, said "The issuance of a new policy is not the most satisfactory resolution of the dispute from my point of view. But I am glad, at least, that final action has been taken by this administration."

Hold this up to your mirror—
any way you look at it, we're behind you.

When we guarantee an electric water heater, we guarantee that you get all the hot water you need. That's right. All the hot water you need. Or you get all your money back. And you have a full year to make up your mind about it.

Satisfied? There's more. For large families we have an 80-gallon heater that provides plenty of hot water for about $5.03 per month in normal use. And for not-so-big families a 50-gallon heater that runs about $3.30 per month in normal use.

Still more. Edison's No-Charge Repair Service. No charge for electrical operating parts or labor. Got the picture?

So, if you're not satisfied with your present water heater, why not consider a new electric one?

That'll put you in a good frame of mind.

All the Hot Water You Need GUARANTEED by EDISON

A Road Commission Crew Loads Salt To Fight Slippery Conditions

Road Team Ready for Anything

Operation of the Oakland County Road Commission during the winter months is a job for a prophet.

Activity depends on what the weatherman dishes out, and everybody knows that's an iffy proposition.

* * *

To be ready for anything is the requirement of the department.

To that end the commission can mobilize 150 men in an emergency, also 87 trucks and 25 graders.

ONE DAY'S WORK

A big snowfall, if confined to one day, can be cleared off main roads and trunk lines in one day, according to Sol Lomerson, chairman of the commission.

It takes 2½ to three days to clear out all roads, including subdivision roads, Lomerson said.

A continuing storm, he noted, has a different effect. It requires longer utilization of emergency equipment on main roads.

* * *

Last year the commission spent $973,000 for snow and ice removal. Of that, approximately $560,000 was spent on local and primary roads and $413,000 on state trunk lines. The latter sum is reimbursed by the state, Lomerson said.

Exam Stalled for 2 Suspects in Break-In

The preliminary court examination of a Pontiac man and woman charged with breaking and entering a city television store was adjourned yesterday until next Thursday.

Miller C. Webb, 26, of 312 Hughes and Mrs. Billie G. Williams, 30, of 404 Central are being held in the Oakland County Jail in lieu of $5,000 bond each.

* * *

Webb reportedly was arrested inside Hod's, 770 Orchard Lake, when police responded to a burglar alarm.

Mrs. Williams was arrested a short time later while driving a car seen leaving the vicinity of the store.

Police said it was necessary to issue a new warrant against Mrs. Williams since she gave a false name and address when she was arrested. She identified herself at the time as Mary G. Williams.

Police were informed of the false identification when another woman by the name name and a similar address contacted The Pontiac Press to check the coincidence.

Girl, 7, Killed in Fire After Rescuing Five

UTICA, N.Y. (AP) — Wendy Lerch, 7, was killed in a fire in her home shortly before midnight Thursday after rescuing her four sisters and a brother.

* * *

Her mother, Mrs. John Lerch, sat hysterical on the sidewalk in a straight-back wooden kitchen chair, wrapped in borrowed blankets as firemen—fighting in subzero weather their sixth major fire of the night—put out the flames and then searched for Wendy's body.

Mrs. Lerch had rescued her crippled husband, confined to a wheelchair the last three years, while Wendy got Patty Pearl, Ricky, Renee and Linda away from their home.

* * *

Fire officials said the fire was caused by a faulty heater under Lerch's bed. He and one of the children were taken to a hospital for treatment of minor burns.

* * *

Wendy returned to the blazing house to make sure all her family was safe and was trapped on the second floor at the top of the stairs.

The Lerch family lost a son in Vietnam about a year ago.

SDS Confab On

ANN ARBOR (AP) — More than 1,000 members of the Students for Democratic Society are expected to be on hand today when a weeklong series of SDS meetings starts at the University of Michigan. Expected topics of discussion are the possibility of staging demonstrations at the inauguration of President-elect Richard M. Nixon and recruiting high school and more college students to join SDS.

Marine Mauled by Viet Tiger May Get Its Skin as Souvenir

Da Nang, Vietnam (AP) — A young Marine who was mauled by a tiger Sunday in the northwest corner of South Vietnam may get its skin as a souvenir.

U.S. Marine spokesmen said yesterday that if the tropical heat and some other problems permit, the skin will be preserved. They still declined to identify the Marine. He was listed in good condition in a hospital in Quang Tri north of Da Nang.

★ ★ ★

The latest tiger incident occurred while a six-man reconnaissance team was on a mission Sunday about six miles east of the Laos border in northern-most Quang Tri Province.

They had completed their task for the day and were waiting for a helicopter to pick them up.

'IT'S A TIGER!'

"Suddenly I heard somebody scream," said Pfc. Thomas E. Shainlin of Gilbertsville, Pa. "Then somebody else was yelling, 'It's a tiger! It's a tiger!'"

★ ★ ★

Pfc. Roy Regan of Nacogdoches, Tex., was next to the Marine who was attacked.

"I jumped and saw the tiger on my partner. All I could think about was to get the tiger away from him. I jumped at the tiger and the cat jerked his head and jumped into a bomb crater 10 yards away, still holding his prey."

QUICK PURSUIT

The Marines quickly pursued the tiger to the crater and opened fire on the animal. When he was hit, the tiger dropped the Marine.

The Marine staggered out of the bomb crater and "looked dazed and asked what had happened," said Pfc. Maurice M. Howell of Richmond, Ky.

★ ★ ★

He was given first aid treatment for lacerations and bites on the neck, and a helicopter soon arrived to pick him up, the rest of the team and the dead tiger.

The incident took place about 10 miles south of the spot where a Marine was killed by a tiger Nov. 12.

Three weeks ago a group of Marines was sent out with two South Vietnamese hunters to try to find the killer tiger and three other believed in the area. They had no luck. It was not known if the tiger slain Sunday might have been one of the four targets of the hunt.

There are 26 Republican governors in the nation.

70 POUNDS LIGHTER — John Higgins, a fireman on the captured USS Pueblo, stands on San Diego Naval hospital grounds yesterday, showing how he looks after losing 70 pounds during his 11 months as a prisoner of the North Koreans. According to the Navy, the 6-foot-5 seaman weighed 280 pounds when captured.

N. Korea Diet 'Helps' GI Shed 70 Pounds

SAN DIEGO, Calif. (AP) — The low-fat diet of his North Korean captors helped John Higgins shed unwanted weight — about 70 pounds.

Behind the walls that held America's USS Pueblo crewmen, his mates tried to joke in their misery by calling Higgins "Slenderella."

★ ★ ★

The 6-foot-5 sailor from St. Joseph, Mo., still was no 97-pound weakling. He weighed 280 pounds when the U.S. intelligence ship was seized last Jan. 23. When he reached the 121st evacuation hospital in Ascom City, South Korea, last Sunday with the other 81 survivors, Higgins weighed 210.

There, he chowed down on such American nonsolids as chicken noodle soup, coffee, milk and juices. In five days he had gained five pounds.

LIKES TO EAT

"I'd like to eat every kind of food there is," he said.

Most of his fellow captives lost 20 to 40 pounds in the compound at Pyongang, North Korea. Their diet consisted of the food of the season—"during winter we had turnips a lot. In the summer we had some kind of spinach plant and we had a lot of cabbage."

But, mostly, it was soup.

With a little rice.

"If only the Korean cooks had some imagination," Higgins said in San Diego Naval Hospital, where the Pueblo men were taken Tuesday for medical tests and official questioning.

NO HAUTE CUISINE

"I'd like to try turnips again. I'd like to try them cooked with spices and really cooked instead of just boiled in soup. These guys just chopped them up and threw them in the water and let them simmer for a while.

"I thought I'd be weak when I got back, but strangely enough I can still crush a tin can with my hands," Higgins said yesterday.

Nobody calls Engineman Higgins Slenderella to his face any more.

Rites Set for Exec

GROSSE POINTE FARMS (AP)—Services for George Ashley Schemm, who founded and served as president and board chairman of the Bin-Dicator Co., will be held Saturday in Grosse Pointe's Christ Episcopal Church. Schemm died Wednesday at the age of 68.

Navy Operations Chief Speaks

'Pueblo Crew Won't Be Prejudged'

WASHINGTON (AP) — Adm. Thomas H. Moorer, chief of naval operations, says "I'm not going to prejudge" whether the officers and men of the U.S. intelligence-gathering ship Pueblo conducted themselves properly while held captive by North Korea.

At least two admirals have referred publicly to Cmdr. Lloyd M. Bucher, the Pueblo's skipper, and the other 81 surviving crew members as heroes.

★ ★ ★

"Some people have expressed personal opinions," Moorer acknowledged when asked about this in an interview. He indicated he was not criticizing them.

The Navy's top admiral insisted expression of personal opinions by high ranking officers will not impair a Navy court of inquiry's ability to reach an objective judgment.

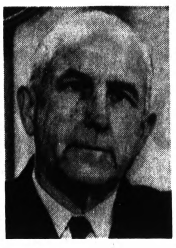

'CONFIDENT'

Moorer said "I am confident" the Pueblo did not enter North Korea's claimed territorial waters.

If the ship had done so, Bucher would have been violating his sailing orders to stay at least 13 miles clear of North Korean territory.

A Navy court of inquiry at San Diego under Vice Adm. H.G. Bowen probably will open proceedings in two weeks after the recuperating crew has had some leave.

Pacific Fleet commander Adm. John G. Hyland, who will review the findings of the court,

ADM. THOMAS H. MOORER

told the Pueblo's crewmen earlier this week that "You are regarded as a group of young heroes."

CODE OF CONDUCT

Rear Adm. Edwin M. Rosenberg has spoken of Bucher as "a hero among heroes."

Among other things, the court will consider whether the crew men lived up to the mode of conduct which specifies how American military men shall handle themselves when prisoners of a hostile nation.

A key section of the code states that:

"When questioned, should I become a prisoner of war, I am bound to give only name, rank, service number, and date of birth. I will evade answering further questions to the utmost of my ability. I will make no oral or written statements disloyal to my country and its allies or harmful to their cause."

This code was drawn up in 1955 following instances in the Korean war in which Americans signed statements critical of their country while imprisoned in North Korea.

There were several occasions when the North Koreans released film and tape recordings of Pueblo crewmen allegedly confessing to espionage and aggression.

In one such film, Bucher was recorded as admitting the Pueblo was well within the North Korean territorial sea limits.

★ ★ ★

Also, relatives said they had received letters from members of the crew in which they wrote of their guilt. However, many of the relatives said the language in the letters was stilted, unnatural and strained.

And one photograph of several crewmen sent to a relative seemed to show some of the men making a gesture with a finger that is generally considered an obscene motion signifying defiance.

EXPLAINS CONFESSIONS

In a news conference after being freed, Bucher told newsmen he had surrendered the Pueblo to avoid useless bloodshed. He also said the alleged confessions were made to "save some people from some very serious misfortunes."

Bucher had said the North Koreans had beaten and terrorized crew members.

Moorer has said the Navy court will go into a wide range of matters in the Pueblo case.

He declined to discuss details, saying, "I couldn't anticipate what the president of the court will do."

'ROUTINE THING'

He said the court of inquiry is "a routine thing" which is conducted whenever the Navy loses a ship.

Right to Counsel Ruled Limited in Minor Cases

LANSING (AP) — Where the defendant in a criminal case is charged only with a misdemeanor, the judge is not required to tell him of his right to an attorney, the State Court of Appeals has ruled.

Upholding the Detroit Recorder's Court conviction of three women for accosting and soliciting, the appeals court said the State Constitution guarantees all criminal defendants the right to counsel.

★ ★ ★

But, it added, the constitution does not require a judge to advise the defendant of that right. The requirement, it said, is found in the State's General Rules, and applies only in felony cases.

The court also held that a railroad which is not incorporated in Michigan does not have express legal authority to condemn lands in the state. The ruling reverses a Saginaw County condemnation case previously decided in favor of the Chesapeake & Ohio Railway Co., which is incorporated in Virginia.

REVERSED DECISION

The court reversed the recorder's court conviction of George Mashlakjian, who was ticketed for operating a lodging house without a license. Mashlakjian had applied for a license renewal two years before receiving the ticket, but the City of Detroit had taken no action.

★ ★ ★

If the city fails to act on an application, the court said, "It should not be heard to say that licensee's rights are at an end and that it can thus put the renewal applicant out of business without notice of hearing.

"It is not too much to expect," the court added, "that the city which seeks to enforce the law itself obey the law."

Lake Levels Vary

DETROIT (AP) — The U. S. Lake survey indicates water levels on the Great Lakes range from two inches above to two inches below the levels one month ago. Lake Superior and Lake St. Clair both are measured at two inches below last month. Lake Michigan Lake Huron and Lake Erie are down one inch and Lake Ontario is two inches higher than last month.

Man Charged in Girl's Death

DETROIT (AP) — A 39-year-old man was charged Thursday with the Christmas Eve shotgun death of a 13-year-old girl.

The arraignment took place behind locked doors after Detroit Recorder's (Criminal) Court Judge Douglas Paterson ordered the room cleared when a relative of the slain girl lunged toward Robert Bryant, accused in the murder.

Bryant stood mute on the charge of slaying Nina Wencher as she waited for midnight and the right to open her Christmas presents on Christmas Eve. A plea of innocent was entered for him.

Bryant was held without bond for examination, set for Jan. 3.

ORDERED OUT

Police said witnesses had told them that shortly before the shooting, Bryant had been ordered from the building by Nina's stepfather, Theo Hodges, and that Bryant had threatened to return with a gun.

The fatal shots were fired through a basement window. A brother and a sister of the slain girl were not struck. Nina was dead on arrival at a Detroit hospital.

$1 Million to Help Poor Buy

Detroit Weighs Housing Plan

DETROIT (AP)—A $1 million housing plan was among six proposals for Detroit's Model Neighborhood slated for discussion today by the city's Common Council.

The money would be spent on $600 to $700 grants to about 1,600 eligible residents of the neighborhood and would come from the federal government as part of a $20.4 million model cities grant. The money would be used to help residents buy their own homes.

Other programs to be discussed are aimed at strengthening building code enforcement in the area, giving area residents more voice in police and public school affairs, increasing job training programs and access to public service agencies and educational and health proposals.

Copies of the plans, which must be approved by federal officials before Detroit gets funds, were distributed to Council members Thursday. Councilmen promptly asked David Cason, director of the Model Neighborhood program, to appear today to "discuss" the proposals.

City officials must submit plans to Washington by Tuesday to meet federal deadlines.

Detroit's Model Neighborhood has between 120,000 and 150,000 residents, about half black and half white.

The $1 million in grants proposed would be used for down payments, closing costs and the first year of property taxes on homes purchased.

The Model Neighborhood program's governing board also recommended giving aid to families displaced by public building programs and aid to apartment tenants who seek to buy their buildings and form cooperatives.

Most NY Students Prefer a Vacation

NEW YORK (AP) — Most of New York's 1.1 million students are passing up voluntary school-days during their Christmas vacation aimed at making up time lost during three teachers' strikes this fall.

Schools were open Thursday, but attendance averaged only 25 per cent.

★ ★ ★

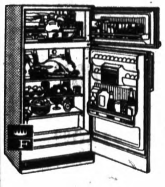

But 80 per cent of the teachers reported for work, the board of education said, taking advantage of a chance to make some of the pay lost when they struck.

Pontiac Press Photo by Rolf Winter

It was to be a day of sledding for the Theodore Villani family of Lake Orion with mother, Betty Villani, R.N. off work for the day. From left are Betty, Paul, Bill, Colette, Peter and Mr. Villani. Missing from the family portrait are Louis, Ted and Amiel who all had other plans for the day.

Nurse Mixes Social Therapy Liberally With Hygiene

By JEANNE NELSON

The tall, slender brunette in a public health nurse's uniform greets her youthful "patients" with a warm smile, but more than that—with understanding.

Betty Villani (Mrs. Theodore), a registered nurse with the Oakland County Health Department, spends most of her infield working hours conducting social therapy classes for young, unwed mothers.

★ ★ ★

Certainly, she teaches hygiene, along with nutrition, baby care and the like, but her real work as she sees it, is to establish a feeling of self esteem in these young women.

Most of the girls in her classes, which are held in Macedonia Baptist Church, are Negro. Few have ever received the kind of guidance that might have prevented their present situations.

To be sure, some of the pregnancies resulted from meaningful relationships of long standing, but many more were the outcome of casual encounters.

Mrs. Villani says "there are no simple answers." Her classes, she remarks, "are only one step in the direction which ultimately must be taken."

ACCEPTED THING

"Because of insufficient facilities and lack of interest in adoption, most of the mothers keep their babies," she says, "with the outcome that illegitimate births are now an accepted fact of life in the Negro community."

She cites the prevailing mood of these girls as one that considers welfare and ADC assistance is an answer. This kind of attitude is folly, she thinks, and insists that "financial assistance alone will never be a solution. The only real help lies in education," she says.

Working towards this end, the nurse strives to provide encouragement to these young mothers. Hopefully, this will lead to a stronger motivation on their part to become independent and to seek out educational aids.

★ ★ ★

"If a 13-year-old girl's formal education is stopped now, what future can she hope for?" asks Betty. "As it stands now, if she doesn't return to school, she will only repeat her mistake, perhaps more than once again.

"Only by recognizing her own worth as a person will she be able to better her own life and that of her child," the nurse states.

Next fall, the Opportunity Center on Huron Street will open its doors to her classes. Betty says, "The physical and psychological aspects of such a move should help to make some impact on future classes.

"Central High School is just a step across the street, but a giant step that is made easier by its proximity," she states.

HOME LIFE

That fighting spirit wasn't born of the past five years' work but is an integral part of Betty's makeup. Being the mother of seven, keeping house and working is all part of her routine. However, she is quick to point out that her husband, Ted, has come to the rescue many times when things at home became too much.

★ ★ ★

In addition to the daily tasks involved with such a full schedule, Mrs. Villani also manages to be an active worker in the Oxford-Lake Orion Human Relations Council, sew many of her own clothes and tend her vegetable garden.

★ ★ ★

In time to come, her activities may be curtailed because of a chronic illness, but for now, she intends to make the most of every hour.

Mrs. Johnson Reminisces on Her Role as First Lady

WASHINGTON (UPI) — Lady Bird Johnson revealed today that her favorite spot in the White House is the Truman balcony.

Her husband brings problems to her. She likes to walk around the presidential mansion at night, but has not encountered any presidential ghosts.

The First Lady disclosed her intimate view of life in the White House in an hour-long television interview with commentator Howard K. Smith to be broadcast by the American Broadcasting Company at 7:30 p.m. EST tonight.

Recalling her waits for the President to return to the family quarters from his office, she said, "Sometimes we have dinner at 11 p.m."

"Finally I hear the three rings on the elevator," she said, "That is the sign that he is coming and then in a moment I hear his voice saying, 'Where is Bird?' And I know the day is ended and he is home."

★ ★ ★

Speaking of the White House, Mrs. Johnson said: "I like it at night. I often walk around, just to sense it and drink it in. But no, I haven't had any encounter with ghosts. However, there is sometimes a sense of presence.

"I remember one night in February, I think it was '65, the centennial of Lincoln's death. I was watching a very good TV drama alone in my bedroom and the fire was flickering and I looked above the mantel and my eyes came to light on the plaque that said 'In this room Abraham Lincoln slept in the years of his presidency 1862 to 1865' and I got that eerie chill."

Most of the program was devoted to Mrs. Johnson's thoughts and feelings about the White House. But President Johnson popped in briefly during the broadcast to confide, "Mrs. Johnson has been my most careful and dependable reporter and I think she reflects the judgement of the average American and I find that after 35 years of living with me, she can be still objective about me."

TAKES ADVICE

Johnson also said that he "listens to his wife's advice all the time, more so than any other person I know."

Mrs. Johnson said "Yes, of course" the President brings his problems home to her. "I would feel somehow I had failed if he didn't, because where else can he feel more relaxed about them and more . . . where would he have an audience better suited to hearing about them quite privately and quite honestly?"

What will Mrs. Johnson miss when she moves out of the White House on Jan. 20? "This house is a magnet, a crossroads for good conversation, for ideas, for stimulation," she replied. "It is an exceedingly stimulating place. That I shall miss."

What will she be happy to leave behind?

★ ★ ★

"The horrendous ring of that telephone at 4 a.m. that drags you to consciousness and you know on the other end that it is something significant. And it is never good when it rings at that time."

She also said that she saw her main job as providing her husband with "an island of serenity in which to work, to do his job."

She said that she cannot forget that she moved into the White House at a "time of national trauma" when John F. Kennedy was assassinated and that she felt "intense resolution" to live up to her role as a First Lady, to back up her husband and an "overwhelming sympathy" for the Kennedys.

She said the White House has three roles — as a national monument, a museum and a home for the first family.

"When we moved in we had a tendency to walk on tiptoes and talk in whispers," she said. "But that goes, you become used to it."

Hills People Spice Holidays With Ski Trip

By SHIRLEY GRAY

Dr. and Mrs. Glenn Sanford of Bloomfield Hills had their Christmas in two installments. The week before the holiday, they celebrated with a family dinner and gifts. Then, for the holiday proper, they took off for a few days of skiing at Boyne Highlands with their three teen-agers.

★ ★ ★

Another one with Christmas skiing plans is Chris Andreae, son of Mr. and Mrs. Maynard Andreae of Bloomfield Hills — somewhere in Switzerland.

★ ★ ★

Mr. and Mrs. George Tischer, former long-time residents of Birmingham, now of Cleveland, will be back in town for a New Year's visit with their daughter and son-in-law, Mr. and Mrs. Michael J. Lutomski of Birmingham.

HORSE SHOW

It will be a gala weekend at Bloomfield Open Hunt. Time again for the annual *Holiday Horse Show Saturday* and Sunday — two days of events for junior and adult riders, in the club's indoor ring.

On New Year's Day, the club will have a champagne brunch.

Bloomfield Hills Country Club will put on its last big party of the year on New Year's Eve.

★ ★ ★

Lawrence Parrott, son of the John E. Parrotts of Bloomfield Hills, is a Peace Corpsman serving in the Loja region of Ecuador. The little town he has called home since September, San Isidro, is five hours from anywhere, three of those hours on horseback.

★ ★ ★

Christmas in Ecuador was a very meaningful experience for Larry — he told his family he realized the true meaning of the Christmas spirit this year. The people in his village are very, very poor, but extremely happy and content.

Ladies' Man Dead or Alive Woman Says of Husband

By ABIGAIL VAN BUREN

DEAR ABBY: I am 68 years of age. I am not "married," but my wife is. She says there will be no men at my funeral, but the place will be crowded with weeping widows. She's right. I like the ladies and the ladies like me!

★ ★ ★

My problem: Having no men friends, I find I am short six pallbearers, so I am wondering if it is proper to have women pallbearers? I'm sure they wouldn't have any trouble getting women. If anything, it would probably cause a big fight because so many women would want the honor.

Abby, will you kindly take care of this matter for me as soon as possible as I have a feeling I am living on borrowed time.

WILD BILL

DEAR BILL: I have never heard of women pallbearers, and don't expect your wife to be one. From your letter I'd say the old girl has carried a pretty heavy load during your lifetime.

★ ★ ★

DEAR ABBY: "I have a problem and you are the one who is causing it. I am women's editor of The Times-Herald in Newport News, Va., and every few days I get calls from irate readers who say, "You left off Abby's answer again today!"

Now, Dear Abby, I see all your columns before they go into the newspaper, and I know that sometimes you don't answer a letter — it just stands by itself — since it is a comment on a previously published letter, or someone just letting off steam.

But my readers want to boil me in oil. I'm sure other editors around the country have the same problem. Defend yourself, Abby!

JOY GALLAGHER

★ ★ ★

DEAR JOY: It's not necessary. You've explained those "unanswered" letters, and also defended me very well. And I thank you.

★ ★ ★

DEAR ABBY: We are three college students who feel that you are completely unjustified in maintaining that "there is no such thing as a haunted house."

How can you classify yourself as an authority when many surveys have been taken and have proved that these things exist? Thank you for your attention.

JOY, MARION, AND CAROLYN

DEAR J., M., AND C.: That which is "haunted" (according to my Webster's Unabridged Dictionary) is "inhabited by ghosts." If one believes in ghosts, then I suppose there are haunted houses. But I think they should more accurately be called "reputedly haunted houses."

★ ★ ★

Everybody has a problem. What's yours? For a personal reply write to Abby, The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056.

★ ★ ★

Hate to write letters? Send $1 to Abby, The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056. for Abby's booklet, "How to Write Letters For All Occasions."

New AAUW General Directorship for Michigan's Alice Beeman

WASHINGTON — Appointment of Alice L. Beeman, director of information services at The University of Michigan, to the position of general director of the American Association of University Women was announced here this week.

★ ★ ★

In her new post, effective May 1, Miss Beeman will serve as chief administrative officer for an organization of 180,000 members in 1,640 local branches in all 50 states. In Washington, she will direct a staff of 90 persons serving the AAUW study program, legislative activities, and program of fellowships awards to women students.

FORMER EDITOR

Miss Beeman has been a member of the University of Michigan staff since 1946, when she was named assistant editor of the University News Service. From 1949 to 1960 she was special publications editor, and from 1960 to 1964 she was director of the publications office.

★ ★ ★

Since 1964, she has served in her present capacity as director of information services.

★ ★ ★

Michael Radock, vice president for University relations, said Monday that "Alice Beeman is a person of keen intellect and superior analytical ability. She is knowledgeable about the major issues and problems which face higher education in America.

"Her professional competence and leadership ability long have been recognized by her peers, both in the state of Michigan and at other colleges and universities throughout the nation. The recognition given Miss Beeman by this appointment makes her University colleagues very proud."

★ ★ ★

Miss Beeman has long been active in the AAUW in voluntary capacities. She was president of the Michigan Division in 1955-57 and was a member of the national board of directors as a regional vice president in 1957-61. She has served six years as a member of the AAUW Educational Foundation, and is now chairman of its development committee.

A graduate of the journalism school of the University of Texas, Miss Beeman served on the public relations staff of that university and of Vanderbilt University prior to her appointment at Michigan.

She has been active in the American College Public Relations Association, serving on its national board of directors for three years.

In Ann Arbor, Miss Beeman has worked with the Business and Professional Women's Club, of which she is a past president, and has assisted with publicity for the United Fund and the Red Cross.

Robert Olivers Travel to Christmas Reunion

It was a trip to St. Louis, Mo. for the Robert B. Olivers of West Iroquois Road who spent Christmas Eve and Day with their daughter and family, Mr. and Mrs. Gary Spees of that city. On hand to welcome their grandparents were Michelle, Susan and Kimberley.

Homeless Spinster Lives in Abandoned Houses

PHILADELPHIA (AP) — A windswept, abandoned house on the Philadelphia waterfront, being razed for an expressway, leaves a 70-year-old spinster homeless.

The state contractor boarded up the lower part of the three-story house. Upstairs Stefani Murawska snapped a piece of wood and tossed it into a stove.

Wind whistled through the narrow dwelling, which will be demolished soon.

★ ★ ★

Stefani says she's independent and doesn't worry about her plight. The Polish immigrant has lived in this section of the city since coming to the United States as a teen-ager.

★ ★ ★

She says she is used to living in abandoned quarters, without lights or electricity.

CIGAR ROLLER

For years she roomed with families in this neighborhood while she was drawing a weekly salary of $40 for rolling cigars. Later she went on Social Security. She continued working for a while as a domestic and began seeking abandoned houses for shelter.

★ ★ ★

Whatever belongings a family left behind, she had a use for. "Steffie," as she is known, explained "I don't like to stay in one place. I like to be on the move."

★ ★ ★

Not too long ago, a Roman Catholic priest arranged for her to live in a home for the elderly. She didn't stay.

The Welfare Department tried to convince her to board with a family. She resisted this, too.

"I'm happy," Steffie said. "I go and come as I please. I don't worry — it's no good to worry."

AP Wirephoto

PHILADELPHIA—Stefani Murawska feeds scraps of wood into a fire in her old-fashioned four-lidded kitchen stove. A resident of the neighborhood since she was 18 and newly come from Poland, Miss Murawska isn't bothered by the lack of water and electricity. Neighbors allow her to fill empty plastic bleach containers with water when she needs it.

Polly's Pointers

Stops Obscene Calls

DEAR POLLY — My daughter received some obscene telephone calls. A policeman told her to buy herself a good shrill whistle and place it beside the telephone.

When one of the calls came, he told her to hold on to herself a minute until she calmed down, then blow the whistle into the telephone and give it a long blast. That will probably end the calls from that obnoxious person. — THELMA

DEAR POLLY — I want to know how to care for an expensive off-white damask divan. I wonder if any of the readers have had any experience with the foam-backed throws that are advertised. My experience with foam rubber is that it shreds as it dries out. I do not want these gritty little pieces between my cushions. I want the fabric to show through any cover I use and my husband and I both dislike plastic.

I thought about a slip cover but the divan is such an odd shape the cover would have to be custom-made and I need to go a less expensive route. — MRS. B. R. G.

A June wedding is planned by University of Michigan graduates Brenda Gee and Dale Bjorklund. Their parents are the Maurice Gees of Lake Drive, Highland Township and the Arnold Bjorklunds of Muskegon.

The Earl Hallidays of Highland announce the engagement of their daughter, Gayle Virginia, Western Michigan University graduate, to William T. Aspenwall. He is the son of Mrs. Harry Wood of Rivard Street and William F. Aspenwall of Buckingham Street.

Blind Teen-Ager Is Prize-Winner

HUDSON, Ohio (AP) — Though she has been blind from birth, 18-year-old Marcia Springson not only takes complete care of her horse, but also is a prize-winning rider.

★ ★ ★

She has taken first place in three shows with the Los Cabelleros 4-H Club here and recently placed fifth in the Summit County Junior Fair at Tallmadge, Ohio, among 23 vying for the blue ribbon in the novice pleasure horse class. A student at Hiram College, she plans to transfer to Ohio State after two years to study animal science.

A coat of wax on the card table will protect it from rings made by setting beverage glasses on it. And while you are at it, wax the cards too. It will keep them looking new.

Knitwear for Spring Transparent

Winter is the season when most knitters keep themselves in stitches. It's a good time, too, to knit for spring and resort wear.

The newsmakers from French and American fashion centers say that the transparent look is in. Lacy looks will play an important role for spring, and that's great news for knitters.

The styles today have trim, tailored silhouettes, perfect shaping for a lacy, peek-a-boo texture. The sweaters are knitted in a crisp blend of Irish linen and cotton. The yarn has its own built-in texture that knits so nicely into the tiny openwork pattern.

The V-neck pullover can be knitted for either a man or a woman. How about that? All you do to make the distinction is to sew the neck band in proper place.

For a woman's style, the right band should cross over the left band at the center front; for a man, it's just the reverse. Knitting instructions also tell you how to knit the topper with short or long sleeves.

For your youngster, knit the same pattern stitch into classic T-shirt styling. The youngster's design is a lightweight pullover with easy lines for an active Tom — either boy or girl.

★ ★ ★

Knitting instructions for the V-neck pullover are given in sizes small to extra large, and directions for the child's pullover are in small, medium and large to fit sizes 8 to 14.

For a copy of knitting instructions for the three toppers, send 50 cents to Stitchin' Time, in care of The Pontiac Press, Box 503, Radio City Station, New York, N.Y. 10019. Please ask for leaflet S158 and be sure to enclose your name, address and zip code.

Knit for a fashion-right family look. Knitting instructions for the V-neck pullover for either him or her, plus the child's T-shirt topper are available.

Pontiac Press Photo

Fifteen-month-old Ivette Matos stands between her great-great-grandfather (left) Louis Marotz, 91, and her great-grandfather, Edwin King, 74, of Vernon Street for this five-generation photo taken while on a Christmas visit here with her mother, Mrs. Edwin Matos of Puerto Rico. At right, rear, is grandfather, Edwin L. King, also of Vernon Street. Mr. Marotz lives on South Anderson Street.

Special Care Is Required for Leathers

Here are a few suggestions on caring for leather: Keep your leather clothes on a padded hanger, out of plastic bags. Like furs, leather must breathe, and hanging in a plastic bag tends to discolor it.

Never store suedes spotted by food stains, because they attract moths which nibble at the nap, leaving little tracks. Never store leathers in a damp cellar or a hot attic.

* * *

A scarf should be worn with suede jackets or coats to prevent hair oil from discoloring the collar. Never buy a leather garment that fits too tight, this will cause the skins to stretch. Seams can always be taken in a bit, but never let out without making stitch marks that are impossible to remove.

To press a suede or leather garment at home, set the iron on its lowest setting, never steam! Use heavy brown paper between the iron and the surface of leather or suede and press with constant motion; avoid overheating.

Although leather won't be harmed by light rain, don't wear it as a raincoat; if it should get wet, be sure to dry it at room temperature.

Be sure your dry cleaners will send your garment to a reputable cleaner who specializes in fine leathers. And above all, remember they are a luxury to wear and own, so you must be willing to spend the extra money necessary to have a first class cleaning.

Birthday Bargain Really Cut-Rate

INDIANAPOLIS, Ind. (UPI) — Mrs. Charles Ober went shopping for a birthday present for her husband. She bought an abandoned 100-year-old school house for only $13.

She admitted she didn't know what to do with the building which was last used in the 1870s. The structure was in the path of an interstate highway and hence was offered for sale. Mrs. Ober said she couldn't resist the bargain price.

Case No. H-543

Don't Die Too Young

By GEORGE W. CRANE

CASE H-543: Marilyn R., aged 19, is a college coed

"Dr. Crane," she began, "Daddy died of a heart attack a month ago.

"But he was only 46 years old!

"And he seemed in perfect health until that very day when it occurred.

"So what could have caused such an early death?"

DR. CRANE

Heart and blood vessel damage (apoplexy) cause 1,000,000 deaths each year in the U.S.A.

Yet all types of cancer, combined, kill only 300,000 annually!

At birth, God Almighty figuratively places 2½ billion heart beats in our "cardiac bank account."

If we lead a temperate life, free from unnecessary tensions, anxieties, stimulants and obesity, they should last us to the age of 80 years.

But if we "race the motor" and use them faster, we may die at 46, like Marilyn's daddy.

To help your heart and thus hoard those two and half billion heart beats wisely, sit down when you work, if possible.

And while reading or viewing TV, keep your feet on a hassock!

For when you stand, your heart must pump your blood maybe six feet in the vertical and this will require possibly two or three beats more per minute.

When you sit in a chair, your six-foot height drops to about four and a half feet.

But with feet on a hassock (or desk or windowsill), it is only three feet.

The least strain on the heart is while you are in the horizontal posture, so the main purpose of sleep is thus to rest your heart and salvage about 3,000 heart beats each night.

Obesity will usually zoom your pulse rate and thus consume those two and a half billion beats many years ahead of time.

For it requires three miles of newly sprouted blood vessels to service each five pounds of extra fat!

So your faithful heart must beat harder and faster to keep up the circulation in those additional miles of "pipes."

Smoking likewise speeds up your pulse rate as much as 20 beats per minute. And this acceleration may last for 20 minutes after you have finished your cigarette!

Tobacco addicts also tend to have hardening of the artery walls, with a reduction in their diameter.

This requires more pressure and a faster pulse rate, so your normal blood pressure of possibly 120-75 may zoom to 200-95.

With this almost doubling of pressure, it is obvious why strokes of apoplexy occur, for an auto tire with double its proper air pressure may blow out when you hit a bump.

Drugs and even sleeping pills can likewise wear out your heart prematurely, for they must be destroyed in the liver and excreted via the kidneys, but the heart must meet this extra prodding.

Caffeine products, like tea and coffee, as well as the cola drinks, also speed up your heart. So does lack of salt via excessive sweating.

And worry, apprehension, fear, anger or other emotions will exhaust those two and a half billion heart beats ahead of schedule.

Durell Diane Lazin and Toby Lee Pitser spoke vows Saturday in Orchard Lake Community Church. Their parents are Mrs. Marie Lazin of Leroy Lane, West Bloomfield Township and Mr. and Mrs. William Pitser of Keego Harbor.

MRS. TOBY L. PITSER

Toby Lee Pitsers Wed

Orchard Lake Community Church was the setting for vows spoken Saturday evening by Durelle Diane Lazin and Toby Lee Pitser.

* * *

Attired in a princess-style gown of peau de soie with accents of lace and seed pearls, the bride was attended by Patricia Brown of Salt Lake City, Utah, as honor maid, with bridesmaids Jill Lawson, Susan Elliot and Sandra Spencer.

Her short illusion veil was held with a crown of pearls and lace and she carried a bouquet of white roses, carnations and holly.

* * *

Randal Hogan was best man for the son of the William Pitsers of Keego Harbor. Ronald Norton and Michael Cady ushered.

The bride is the daughter of Mrs. Marie Lazin of Leroy Lane, West Bloomfield Township.

A reception in the Bloomfield Community Centre honored the newlyweds.

Paula Rampart, daughter of Mr. and Mrs. Mitchell Rampart of McCormick Drive, will be installed as Honored Queen of Bethel No. 40 of the International Order of Job's Daughters, Saturday. The ceremony will be held in the Roosevelt Temple on State Street. Others taking office are: Mary Jo Driller, senior princess; Candy Elmer, junior princess; Janet Lamberson, guide; and Jean Ann Edward, marshal.

Hospital Needs Patient Escorts

The patient entering a hospital may feel apprehension, resignation, or despair, but a cheerful greeting can change his fears to hope.

The Oakland County Volunteer Bureau in Birmingham is seeking women who can provide this friendly companionship while they escort incoming patients through the admissions procedures at a local hospital.

* * *

The volunteer will escort patients to X-ray or lab tests and then direct them to their rooms. She will be able to put patients at ease by answering their questions and providing information about hospital services.

* * *

If you enjoy meeting people and would like to serve in this way, contact the Bureau.

Opening lead—♠K

By Oswald & James Jacoby

We managed to dodge the Unlucky Expert for several months but he finally cornered us again. This time his complaint was about an International Match Point game.

There didn't seem to be anything remarkable about the hand he showed us. We did comment on the fact that the four-heart game was not as ironclad as we would like all contracts to be, but it certainly was not the sort of game you would want to stay out of.

★ ★ ★

He said, "Look at South's two-club call. He did not have to bid and he surely showed a better hand than he actually held."

We disagreed and felt that South's immediate two-club bid merely showed some distributional values and no desire to double a spade contract. Anyway, the final four-heart contract wasn't astonishing and South's only real problem in the play was to make sure that he led diamonds from is own hand instead of from dummy.

★ ★ ★

Then we asked, "How did you get killed by this bid?

He replied; "My partner didn't bid two clubs and it was up to me to act over two spades. Naturally I jumped to three no-trump. East opened a spade and the best I could do was to settle for down one."

We sympathized with the Unlucky Expert, but merely to get rid of him. Actually, we felt that his three no-trump call was frightful. He could expect a spade lead and he had but one spade stopper. He should merely have bid two no-trump.

If his partner passed, he would at least show a profit but we are certain that South would have tried a three-club bid, whereupon the Unlucky Expert could have jumped to four hearts.

♥♦CARD Sense♠♦

Q—The bidding has been:

West	North	East	South
			1♥
Pass	2♦	Pass	3♦
Pass	3♠	Pass	3N.T.
Pass	4♣	Pass	4♦
Pass	4♥	Pass	?

You, South, hold:
♠J4 ♥AK987 ♦KS2 ♣QS2

What do you do now?

A—Bid five hearts. Your partner has taken this very roundabout route to four hearts to show that he wants to reach a slam and you have never rebid your good five card heart suit.

TODAY'S QUESTION

Your partner jumps to six no-trump. What do you do now?

Answer Tomorrow

THE BETTER HALF

"Hi — Is this where the action is?"

BERRY'S WORLD—By Jim Berry

"What do we do if everybody at control central gets the flu?"

Astrological Forecast

By SYDNEY OMARR
For Saturday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (March 21-April 19): Be receptive to money suggestion. Listen to facts; discard rumors. Welcome aid or one with experience. You can have fun tonight. But avoid extravagance. You need some rest.

TAURUS (April 20-May 20): New contact is made at social gathering. Proves beneficial. Cycle high. You can successfully propose original ideas. Take initiative. Personality sparkles. Give attention to appearance.

GEMINI (May 21-June 20): Analyze doubt, fear. You may find that only a minor detail holds you back. Be thorough. Break through to progress. Excellent for attending theater, dining out.

CANCER (June 21-July 22): Relax—get together with GEMINI individual. Develop contacts, friendships. Outline hopes, wishes. If analytical, you could come up with valuable answers. Welcome change, variety.

LEO (July 23-Aug. 22): Protect prestige. Someone may try to trap you with flattery. Be realistic. Strengthen family ties. Don't risk something of value for nothing. Check values. Live up to potential.

VIRGO (Aug. 23-Sept. 22): Future plans can be profitably discussed. Applies especially to travel, advertising, publishing. Combine practicality with imagination. Avoid tendency toward self-deception.

LIBRA (Sept. 23-Oct. 22): Strengthen communication lines with one who handles finances. Express affection. Give of yourself. Be day to hold back. Build on solid base. Examine fiscal status. Assets could provide surprise.

SCORPIO (Oct. 23-Nov. 21): You may be reminded of promises, obligations. Stick with what you know. Some may encourage you to skip essentials. Best to adhere to legal regulations. Spotlight on mate, partner.

SAGITTARIUS (Nov. 22-Dec. 21): Avoid excess. Start living up sensible resolutions. Remember promises to yourself concerning health. Get together with one who shares your interests. Fine for being with co-workers.

CAPRICORN (Dec. 22-Jan. 19): Good lunar aspect today coincides with news concerning opposite sex. Children may demand attention. Conflict of interest could arise. Fulfill prior obligations. Then you relax.

AQUARIUS (Jan. 20-Feb. 18): Remember family member who may be observing anniversary. Review basic values, relationships. Pleasure indicated through social activity. Forces tend to be scattered. Take one thing at a time.

PISCES (Feb. 19-March 20): Many plans discussed; involve party, holiday celebration. Relative may be supersensitive. Don't compound error. Obtain hint from AQUARIUS message. Display sense of humor.

★ ★ ★

IF SATURDAY IS YOUR BIRTHDAY you possess original ideas — you are a natural pioneer. Your feelings are often locked within. Few persons know the real you. Regent enterprise could blossom.

★ ★ ★

GENERAL TENDENCIES: Cycle high for TAURUS, GEMINI. Special word to PISCES: avoid unnecessary travel.

(Copyright 1968, General Features Corp.)

OUT OUR WAY

BOARDING HOUSE

Daily Almanac

By United Press International

Today is Friday, Dec. 27, the 362nd day of 1968 with 4 to follow.

The moon is between its first quarter and full stage.

The morning stars are Mars and Jupiter.

The evening stars are Saturn and Venus.

★ ★ ★

On this day in history:

In 1932 the largest indoor theater at the time opened in New York City — Radio City Music Hall.

In 1941 the Japanese bombed the neutral city of Manila.

★ ★ ★

In 1945 the United States, Russia and Britain announced they would govern Korea as joint trustees for 5 years, then grant independence.

In 1963 the Commerce Department authorized the sale of surplus wheat to Russia.

Harold L. Ickes, secretary of the Interior, and Frances Perkins, secretary of Labor, are the only two members of Franklin D. Roosevelt's cabinet who held their offices throughout the entire period of his presidency.

Hazen Is Undersheriff as Irons Promotes 3

Oakland County Sheriff Frank Irons today announced three major promotions, effective next Wednesday, resulting from the recent retirement of Undersheriff Donald M. Francis.

Replacing Francis as the department's second in command will be Capt. Leo Hazen, present chief of sheriff's detectives.

HAZEN

Hazen, 44, joined the department Jan. 1, 1948, and has previously served as a patrolman and desk sergeant in addition to detective.

Married and the father of three children, Hazen lives in Wolverine Lake.

DETECTIVE CHIEF

Moving up to head the detective bureau as captain will be Sgt. Harry Maur, 44, of Commerce Township.

A 16-year veteran of the department, Maur has been a detective since 1955 and was promoted to sergeant in 1961.

He and his wife have two children.

* * *

MAUR

WHITLOCK

Promoted to detective sergeant to replace Maur as bureau executive will be Detective Charles P. Whitlock, 46 of Clarkston.

In addition to his service with the sheriff's department, Whitlock was a Pontiac policeman for two years, the chief investigator for the county prosecutor's office in 1951 and helped establish the Waterford Township Police Department in 1954.

VETERAN DEPUTY

Married with three children, he has been with the sheriff's department since 1957, and served with the department in 1952 and 1953.

Death Claims Retired Adman

Frank W. J. Linder, a retired advertising executive and former U.S. State Department official, died Wednesday. He was 61.

Services will be 11 a.m. tomorrow at Christ Church Cranbrook, Bloomfield Hills, with cremation at Evergreen Cemetery, Detroit.

* * *

Surviving are his wife, Mary; a son, Eric; and a daughter, Kristin Ann.

* * *

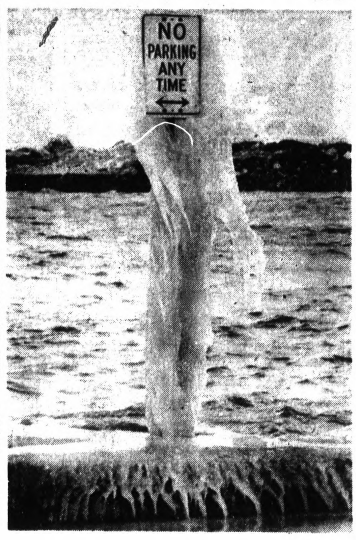

Linder, a 25-year veteran of the advertising business, had worked for Batten, Barton, Durstine and Osborn Inc., had been vice president of Tom Marker and Co. in Detroit, and had headed South American offices for the McCann-Erickson Inc. and J. Walter Thompson advertising agencies.

* * *

He was also an export advertising and merchandising manager for American Motors Corp.

* * *

He was State Department director of radio information for a large part of South America during World War II.

AP Wirephoto

SPOOKY SIGN OF WINTER — Frozen spray from the icy waters of Lake Erie make this Cleveland traffic sign look ghostly. The scene is common along the lake as temperatures stayed well below freezing.

LBJ, Advisers Work on National Budget

WASHINGTON (UPI)—President Johnson was busy today with the federal books, just trying to "balance my budget like everyone else after Christmas."

The chief executive got off that wry comment yesterday as he worked through a round of meetings with Arthur Okun, Council of Economic Advisers chairman, and defense budget specialists.

* * *

Johnson, who considers budget problems the "most difficult" he faces in the waning days of his administration, is drafting the economic message and analyses he will deliver shortly after submitting his last budget to Congress Jan. 13.

* * *

Involved in yesterday's sessions were Defense Secretary Clark M. Clifford; Deputy Defense Chief Paul Nitze; Budget Director Charles Zwick; the Joint Chiefs of Staff; and Defense Comptroller Robert Moot.

Deaths in Pontiac, Neighboring Areas

Mrs. O. G. Allen

Requiem Mass for Mrs. O. G. (Arlene J.) Allen, 56, of 155 Pingree will be 9 a.m. tomorrow at St. Michael Catholic Church with burial in Mount Hope Cemetery by the Voorhees-Siple Funeral Home.

Mrs. Allen, a member of St. Michael Church, died yesterday.

Surviving are her husband; a son, Eddie G. of Pontiac; three daughters, Mrs. Charles Wheeler of Denver, Colo., and Sharlee Allen and Kathy Allen, both of Pontiac; two grandchildren; and two brothers.

Clifford D. Bacon

Service for Clifford D. Bacon, 66, of 2195 Garland will be 1:30 p.m. Monday at Huntoon Funeral Home with burial in Perry Mount Park Cemetery.

Mr. Bacon, a custodian for the Bloomfield Hills Board of Education, died today. He was a member of First Baptist Church.

Surviving are his wife, Lillian; a daughter, Mrs. L. Jay Clark of Waterford Township; two grandchildren; and five great-grandchildren.

Myron D. J. Church

Service for Myron D. J. Church, 66, of 304 Pioneer will be 1 p.m. Monday at the Donelson-Johns Funeral Home with burial in White Chapel Memorial Cemetery, Troy.

Mr. Church died Monday while vacationing in Port Charlotte, Fla. He was a retired die and pattern maker with the Fisher Body Plant in Pontiac and a member of the Pontiac Elks.

Elks Lodge 810 will conduct a Lodge of Sorrow at 8 p.m. Saturday at the funeral home.

Surviving are his wife, Helen B.; a son, Robert M. of Waterford Township; one sister; two brothers, including William S. of Pontiac, and two grandchildren.

Mrs. Charles Edson

Service for Mrs. Charles (Rosa) Edson, 82, of 49 N. Midland will be 1:30 p.m. tomorrow at Voorhees-Siple Chapel with burial in Mount Avon Cemetery, Rochester.

Mrs. Edson, a retired employe of the Riker Building, died yesterday.

Surviving are three sons, J. C. of Pontiac, Donald V. of Lake Orion and Herbert of Boyne City; a daughter, Mrs. Nina McQuaid of Pontiac; a brother, William Salisbury of Clarkston; a sister; nine grandchildren; and 20 great-grandchildren.

Herbert G. Francis

Service for Herbert G. Francis, 67, of 1215 Lochaven, Waterford Township, will be 1 p.m. tomorrow at Elton Black Funeral Home, Union Lake, with burial in Oakland Hills Memorial Gardens, Novi.

Mr. Francis, an employe of General Motors Hydramatic Plant in Willow Run, died yesterday.

Surviving are his wife, Kathleen; a son, Michael of Port Huron; a sister; and three grandchildren.

Bennett C. Welch

Service for Bennett C. Welch, 87, of 6310 Williams Lake, Waterford Township, will be 3 p.m. tomorrow at Voorhees-Siple Funeral Chapel with burial in Perry Mount Park Cemetery.

Mr. Welch, a retired coal miner, died yesterday.

Surviving are four daughters, Mrs. Adelaide Potts of Knoxville, Tenn., Mrs. Julia A. Nance of Waterford Township, and Mrs. Juanita Garcia and Mrs. Virginia Grooms, both of Pontiac; three sons, Arthur of Cedar Bluff, Va., George E. of South Pointe, Ohio, and Guy E. of Leominster, Mass.; 33 grandchildren; and 12 great-grandchildren.

Mrs. Frank Williamson

Service for Mrs. Frank (Rosa Lee) Williamson, 56, of 608 a son, L. J. at home; four sisters, including Mrs. Elnora Jackson of Pontiac and a brother.

Mrs. Williamson, a beautician, died Monday. Surviving are four sisters, including Mrs. Elnora Jackson of Pontiac and a brother.

Harry C. Brooks

ROSE TOWNSHIP—Harry C. Brooks, 79, of 8890 Milford died today. His body is at Dryer Funeral Home.

Percy L. Havens

ALMONT — Service for Percy L. Havens, 80, of 302 Branch will be 2:30 p.m. Monday at Muir Brothers Funeral Home, with burial in Dryden Center Cemetery, Dryden Township.

Mr. Havens died yesterday. He was formerly a farmer.

Surviving are his wife, Gladys; a daughter, Mrs. Ida Stroup of Lapeer; four sons, Lewis and Ross, both of Almont, Ronald of Port Huron and Harold of Tulare, Calif.; and 11 grandchildren.

James L. Dunning

HOLLY—Service for James L. Dunning, 45, of 210 Lakeview will be 10:30 a.m. tomorrow at Dryer Funeral Home, with burial in Crestwood Memorial Gardens, Grand Blanc.

Mr. Dunning died Wednesday. A former employe of the Fisher Body Division of General Motors Corp., he was a member of the Holly Moose Lodge.

Surviving are his wife, Rita; ters, including Mrs. Mildren Diles and Mrs. Gloria Quick, both of Holly; and a brother.

Mrs. Arch Robertson

ROMEO — Service for Mrs. Arch (Nora) Robertson, 87, of 66696 Van Dyke will be 1 p.m. Monday at Roth's Home for Funerals with burial in Romeo Cemetery. Eastern Star Memorial service will be 8 p.m. Sunday at the funeral home.

Mrs. Robertson died yesterday. She was a past matron of the Davis Chapter 402, OES, and a member of the Romeo Chapter 19 and the First Congregational Church.

Surviving are two daughters, Mrs. Clyde Marsh of Detroit and Mrs. Duncan Barkley of Romeo; a son, William H. of Macomb; a sister, Mrs. Dan Beetham of Romeo; seven grandchildren; and 14 great-grandchildren.

Memorials may be sent to the donor's favorite charity.

Mrs. Harold Stevens

WHITE LAKE TOWNSHIP — Service for Mrs. Harold (Bonnie J.) Stevens, 45, of 10620 Oakford will be 2 p.m. Sunday at the Elton Black Funeral Home with burial in Lakeside Cemetery.

Mrs. Stevens died yesterday.

Surviving besides her husband are three daughters, Jenelle at home, Mrs. Richard Ellis of Orchard Lake and Mrs. Daniel Hayward of Mount Pleasant; a son, Jay Ashley of Detroit; a sister; and three grandchildren.

Ex-Waterford Scientist Is Dead at 69

Dr. Fred D. Stimpert, executive vice president and acting director of the Pinellas County Science Center in St. Petersburg, Fla., died Dec. 19 in St. Petersburg. He was 69.

Dr. Stimpert, former resident of Waterford Township, was with Parke-Davis Pharmaceutical Co. in Rochester where he headed the Virus Research Section. He was director of microbiological research and scientific director of Biological Production and Development Section before moving to Florida.

* * *

Service was from the R. G. & G. R. Harris Funeral Homes Inc., Detroit, Tuesday morning.

Surviving are his wife, Audrey, and a daughter, Stephanie, and a son Timothy, both at home.

MONTANA GRADUATE

Dr. Stimpert, a graduate of University of Montana, received a microbiology certificate from the Pasteur Institute in Paris, France. He also attended the University of Southern California Medical School.

In Helena, Mont., he organized and taught lecture and laboratory courses in bacteriology as special professor at Carroll College.

* * *

From 1948 to 1954 he was special lecturer for Wayne State University and the University of Michigan.

In 1963 he moved with his family from Waterford Township to St. Petersburg, where he became director of scientific operations and executive vice president of Germfree Products Inc.

Crash in Area Injures Three, One Critically

One of three persons injured in a collision Wednesday in Pontiac Township is reported in critical condition in Pontiac General Hospital.

Undergoing treatment in the intensive care ward is Leon Matheny, 24, of 2045 Opdyke, Pontiac Township, according to a hospital spokesman.

* * *

He was injured when a car driven by Fred Miracle Jr., 30, of 2111 Galloway, Pontiac Township, collided with a tow truck driven by Richard Bolton, 21, of 3604 Baldwin, Oxford, on Opdyke north of Pontiac Road.

Miracle and Matheny's wife, Wanda, are reported in satisfactory condition.

* * *

Bolton, Carl Healy, 26, of 5251 Hough, Dryden, a passenger with Bolton, and the Mathenys' 3-month-old daughter, Venda, reportedly escaped serious injury.

Woman Held for Trial in Mate's Death

A Pontiac woman was bound over to Oakland County Circuit Court yesterday to stand trial for second-degree murder in the knife slaying of her husband.

* * *

At the same time, Pontiac Municipal Judge Cecil McCallum set bond at $2,000 for Mrs. Mary F. Thomas, 49, of 543 California. She had been held without bond on an open charge of murder.

* * *

Mrs. Thomas is accused of killing her 53-year-old husband, Gus, during an argument the evening of Dec. 11 or the morning of Dec. 12.

He was stabbed with a six-inch bread knife in the arm and near the collarbone.

* * *

When police arrived at the couple's home they found Thomas dead in a sitting position in the bedroom and his wife sitting in a living room chair.

* * *

Her arraignment in Circuit Court is scheduled for Jan. 8 at 1:30 p.m. before Judge Clark J. Adams. Her trial will be set at a later date.

Blood Donors Given Appeal

A special appeal for blood donors was issued to all Pontiac area residents today by Oakland County American Red Cross officials.

As a result of the flu epidemic and the normal holiday slump in donations, the Red Cross Blood Center's inventory is at a very low level, according to Ken Winter, Oakland regional manager, southeastern Michigan chapter, American Red Cross.

* * *

Pontiac residents may donate blood Monday at the Red Cross Bloodmobile at the Pontiac State Hospital from 10 a.m. to 4 p.m.

Requirements for donation include good health, that an individual be between 18 and 60 years old and weigh more than 110 pounds.

* * *

Information about other bloodmobile activity in the Pontiac area may be obtained by contacting the Red Cross office located at 118 Franklin Blvd.

M59 Project to Be Delayed

Contractors Required to File Rights Form

* * *

The question of equal opportunity employment has forced a five-week postponement of a scheduled Jan. 8 bid-letting on some $5.8 million worth of highway work in the state, the State Highway Commission said yesterday.

The widening and resurfacing of M59 at Duck Lake Road in Highland Township will be affected by the delay.

* * *

The commission explained that a Federal Highway Administration order on equal employment opportunity took effect Dec. 1.

It requires contractors bidding on federal aid highway projects costing more than $500,000 to certify they are undertaking "affirmative action programs" to assure equal employment opportunity without regard to a worker's race, color, religion or national origin, the commission said.

MUST BE APPROVED

Forms sent to more than 300 Michigan contractors last month must be approved by the State Highway Department and the U.S. Bureau of Public Roads before a contractor can qualify for construction contracts.

Many contractors have yet to be qualified, said Highway Director Henrik Stafseth. He added that the same situation exists in other states.

* * *

The five-week delay affects bids on projects totaling an estimated $5.8 million, the commission said. The M59 portion of the projects is estimated to cost $210,000.

Those bids are expected to be added to those on an estimated $15.4 million of projects to be let Feb. 12.

* * *

The largest project set for the January bid letting calls for nearly three miles of grading and paving on M-39 in Berrien County. Others are in Genesee, Houghton, Iosco, Jackson, Kent, Lenawee and Muskegon counties.

Arson Likely in Royal Oak, Clawson Fires

ROYAL OAK (AP) — Police hunted an arsonist today after fires damaged three apartment buildings within a half hour in the Royal Oak area. The buildings were located within a half mile of each other.

* * *

Residents of the buildings were forced to flee into subfreezing temperatures as firemen fought the blazes.

* * *

Two of the buildings were in Royal Oak, one in neighboring Clawson. The latter, a 12-unit structure, was nearly destroyed.

* * *

Clawson firemen William Coleman and George Holloway were injured. Coleman was hospitalized and Holloway was treated and released.

'ARSON'

"It appears to be arson," said Royal Oak Fire Marshal Gus Bowers. "There's too much similarity between the three fires to be just coincidence."

* * *

In each case, firemen said, the blazes were started in utility rooms.

The largest student dormitory in the world is Bancroft Hall, U. S. Naval Academy, Annapolis, Md., which serves as living quarters for 4,000 midshipmen.

U.S. Road Toll 231 Over Yule Holiday

CHICAGO (AP) — Traffic accidents across the nation during the 30-hour Christmas holiday claimed the lives of 231 persons.

The record of traffic deaths for a one-day Christmas observance is 253 set in 1946. There were 107 fatalities counted during a nonholiday period of equal length two weeks ago.

* * *

The National Safety Council had estimated that 280 to 360 lives might be lost in traffic mishaps from 6 p.m. Tuesday to midnight Wednesday.

The lowest one-day Christmas holiday toll since World War II was in 1947 when 179 persons were killed. In 1963, the last time Christmas was a one-day holiday, 226 persons died in traffic.

After 38 Years on DST

Time for a Change in Russia

MOSCOW (UPI) — Somebody forgot to tell the Russians in the Fall of 1930 to set their clocks back an hour.

For 38 years, the people here have been living on Daylight Savings Time without realizing they were getting up one hour earlier year-round.

* * *

Nobody bothered to correct the situation which placed Russia's time zones an hour ahead of the world's standard time zones.

Today, a special commission of the Soviet Bureau of Standards and Measurements is preparing to revise the nation's time zones.

ACCOMPLISHED IN '69

According to the newspaper Kummunist Tadzikistan, the revised system will go into effect June 1.

The commission plans not only to correct the timekeeping, but also redraw boundaries of the time zones. These were originally drawn in 1919 when rivers, lakes and coastal areas were used for separation of different time zones.

* * *

These boundaries, the newspaper complained, are so inadequate that "even portions of railroad tracks" were used as boundaries in Soviet Asia.

The Daylight Savings Time idea was introduced in the Soviet Union in 1920. For several years, the Russians set their clocks one hour ahead in the Spring and reset them one hour back in the Fall.

1930 SETBACK

It was in the Fall of 1930 that they missed.

Reasons for the omission are not known, but ever since the nation has been living on Daylight Savings Time.

As the nation grew, the 191 boundaries began to create a variety of problems.

According to the Soviet news agency Tass, the boundaries are so obsolete that the city of Novosibirsk, the nation's ranking intellectual community, is living on two standard times.

In 1919, Novosibirsk was a small town on the left bank of the River Ob. The river was then used as a boundary between two zones.

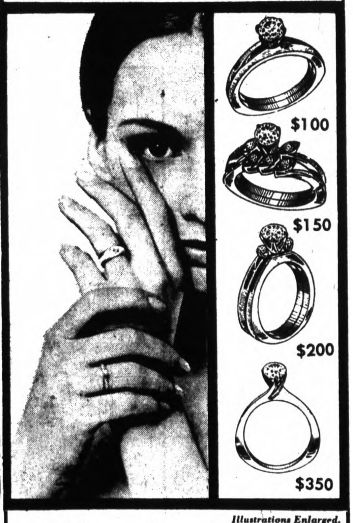

BRIDGE SPANS TIME

Today, Novosibirsk is a large community spreading on both banks of the Ob, but there is an hour's time difference between the two ends of bridges spanning it.

Kommunist Tadzikistan says the move to update the timekeeping and the zones system is being opposed by employes of the nation's communications industries who claim they would face serious difficulties if the reform is adopted.

There is little chance this opposition will be successful.

Ford Hopes Its Maverick Will Be Another Mustang

DETROIT (AP) — Ford Motor Co., which hit the jackpot when its Mustang became the first of the sporty, personalized cars to hit the marketplace four years ago, is looking for more of the same with a Maverick.

* * *

That was the name which Henry Ford II, board chairman of Ford, announced in December for the new car which is to go into production next March.

Originally given the code name Delta, the Maverick is Ford's answer to the U.S. auto industry's problem of how to meet the growing challenge posed by small foreign imports on the U.S. market.

* * *

With import sales climbing steadily towards the million-car-a-year market, U.S. auto firms finally have embarked on programs to meet the challenge.

FIRST OF MINICARS

According to present timetables, Ford's new Maverick will be the first of the subcompacts to make its bow — perhaps as early as the Chicago Auto Show next spring, when a prototype model may be shown.

Details about the new Maverick are sketchy because Ford—and the other auto firms—marked the new car top secret.

* * *

Usually well-informed sources say the Maverick will have many of the lines of Ford's current bottom of the line offering, the Falcon. It will be a two-seat, five-passenger fast-back job.

In comparison with the current king of the imports, Volkswagen the Maverick will be about 178 inches long, compared with 158.8 for VW and will weigh 2,500 pounds, about 725 pounds heavier than VW. Present plans are to power the Maverick with a standard 100-horsepower engine, compared with 53 hp for VW.

Ford's minicar will be built at its St. Thomas, Ont., and Kansas City plants with 2,000 Mavericks scheduled for production next March and the tempo picking up to 10,000 a month in April.

No price tag has been set for the new Maverick as yet, but some sources have estimated the new car would be in the $1,900 bracket in order to be competitive.

One of the big questions is what effect Maverick's introduction will have on sales of Mustang and Falcon.

Answers are hard to come by since John B. Naughton, Ford vice president and general manager of its Ford Division, along with other Ford officials parried all questions about the new minicar with the standard response, "We never talk in advance about new products."

Mustang, along with Chevrolet's Camaro, dominates small, personalized car field and is holding its own in the sales race this year, but the sales percentage of the over - all personalized car market is shrinking as the trend is towards intermediates and bigger cars, according to sales charts.

Those charts led some people to question the auto industry's timetable in bringing out a new minicar line at a time when buyers appear affluent and in a mood to spend money to dress up their cars. A recent survey of Mustang buyers showed, for example, that while the base price of the stripped-down car was around $2,400, the average buyer had added another $500 to the price tag by adding options such as radios and automatic transmissions.

The Maverick and the rest of the U.S. minicars not only will be competing against Volkswagen and other foreign cars in the American market, but overseas as well.

"Undoubtedly a lot of the minicars will be sold as a second or third car but we also believe it will be the basic transportation of many a one-car family," said one Ford marketing man who declined use of his name.

"We are going to have to convince a lot of people that the subcompact American car is not only good basic transportation but that it has a lot of zazz as well," he said. "It will be a tough sales battle, but I think you will see a pretty substantial drop in sales of imports in this country within the next two years."

(Tomorrow: General Motors jumps into the minicar race.)

Bipartisan Partying

Paris Viets Ride Fence

PARIS (AP) — Members of the large Vietnamese colony in Paris have become avid party goers as they take advantage of the flurry of diplomatic receptions and cocktail parties given by both sides in the deadlocked Vietnam peace talks.

At least some of the guests seem interested in more than the champagne and caviar offered by both sides. They want to be seen.

* * *

With the outcome of the peace talks and the future of South Vietnam in doubt, they apparently are playing both sides of the fence and thus pointedly appear at South Vietnamese and Communist receptions alike.

French officials also go to the receptions of both sides. American delegation members are seen only at those given by their South Vietnamese allies. Commmunist diplomats go only to those given by the Hanoi delegation or the National Liberation Front.

RED CHINESE PRESENT

Regular guests at the Communist receptions are members of the Red Chinese Embassy in Paris. Wearing Mao Tse-tung tunics and huge buttons with their leader's image, they appear at all North Vietnamese and NLF receptions, where they sip the champagne with a connoisseur's relish.

The Peking government again and again have called on Hanoi to fight for total victory rather than negotiate with the American imperialist aggressors and their lackeys." Yet the Chinese diplomats here cafefully avoid giving the impression that they are ignoring the talks, perhaps because Peking may want to be included in a peace settlement later.

* * *

Whils both the Vietnamese sides in the war try to outshine each other with receptions in some of the swankiest hotels, their delegations thus far have avoided the night life and social whirl otherwise.

Vice President Nguyen Cao Ky of South Vietnam has not been seen in a nightclub since he arrived in Paris Dec. 8. Back home, he and his stunning ex-air hostess wife, Mai, have a reputation as swingers. In Paris, the ebullient vice president seems to be wary of any suggestion by his enemies that he is living it up while they wait patiently for the start of the peace talks.

IN QUEEN'S RESIDENCE

Until Ky and his wife flew back to Saigon for Christmas they took most of their meals in the stately residence belonging to the Spanish family of Queen Fabiola of the Belgians.

The Communist delegates, too, eat mostly at home.

Unlike the South Vietnamese, nearly all the Hanoi and NLF officials left their wives behind when they came to Paris.

* * *

Ky and the two Communist delegations have protection by the French police.

Auto Insurance—Is It Profitable or Not?

(EDITOR'S NOTE — Whether the auto insurance business is crying all the way to the bank, or headed for the poorhouse, depends on which of two sets of figures you look at. This report examines both sets.)

By HARRY F. ROSENTHAL

WASHINGTON (AP) — In petitioning state regulatory agencies for rate increases, the auto insurance industry invariably reports it is losing money. At the same time, it consistently assures stockholders that it is earning substantial profits.

Which claim is true? From the industry point of view, both are. It's all a matter of bookkeeping procedures. By using methods which the industry frankly concedes "differ in some respects from generally accepted accounting principles," auto insurers can legally show both a profit and a loss.

* * *

"There is indeed a great deal of discussion on whether or not the auto insurance business is profitable," says Sen. Philip A. Hart, D-Mich., whose antitrust and monopoly subcommittee has scheduled new hearings on the industry next month. "Sometimes the argument turns more on accounting methods than the actual state of health of the companies."

Last year, for example, the 10 largest stock property and casualty companies using what the industry calls the "statutory method" of accounting reported an underwriting loss of $273 million. When adjusted to generally accepted accounting methods, Hart said the figure came out as a $55-million profit. And he added, neither figure included the net income on investments for the same 10 companies a total of $1.7 billion.

NEED FOR REFORMS

Hart claims the hearings, begun this year, already have shown a need for major reforms in the business of insuring the nation's 103 million drivers. The industry freely concedes this and has offered its help to the Hart subcommittee and to the Department of Transportation which is just beginning a two-year study.

Among other things, the time-honored liability system itself may be on its way out to be replaced eventually with a nofault system resembling that of health insurance.

* * *

Abuses in auto insurance — discriminatory rates, unwarranted cancellations, racial discrimination, and pick-and-choose underwriting — have been examined in the hearings.

But it is in the area of profitability, a question that arises every time a state is asked to approve rate increases that the auto insurance business is most controversial and complicated.

GRAVE DOUBTS

In a recent decision upholding a $25-million automobile insurance rate increase, Justice Henry X. O'Brien of the Pennsylvania State Supreme Court commented that "we will not substitute our judgment for that of the (insurance) commissioner . . . even though we have grave doubts that the accounting system now used accurately reflects underwriting profits or losses . . ."

Insurance companies claim they lose money on underwriting automobile liability — and frequently they do. But the loss is far overshadowed by profits the companies make investing the premiums they collect from policyholders.

* * *

"What bothers me most is a plea of poverty based on underwriting results only," says Hart.

The industry insists that only its underwriting experience should be taken into account in the rate-making process, contending that income from investments is of concern only to stockholders.

'NOT THEIR CONCERN'

United States Fidelity and Guaranty Co., replying to a questionaire from the Hart subcommittee, put it this way:

"One buys a policy — a contract for protection — and has no rights other than to receive the services contracted for in the policy. Thus neither investment income nor capital gains or losses are properly allocable to any line of business. They belong to the stockholder who risks his funds to guarantee performance of the policy contract."

RAKING IN PROFITS

Dr. Richard Norgaard of the University of Southern California testified before the subcommittee that casualty insurance companies are earning greater rates of profit than 90 per cent of 641 major American corporations.

He said the average 15-year-rate of return on investment for Allstate Insurance Co., the country's largest automobile underwriter, was 24.6 per cent; for State Farm Mutual 14.6; for Hartford Accident and Indemnity 10.4; Nationwide 13.6; Safeco 41.5; Southern Farm Bureau 39.4 and Geico Government Employes Insurance Co. 24.3.

* * *

The industry countered with a study, which it commissioned, by Arthur D. Little Co. Whereas Norgaard had examined only casualty insurance companies the Little study covered the entire industry, and concluded that over a 10-year period the companies had an average rate of return of 4.4 per cent.

T. Lawrence Jones, president of the American Insurance Association, asserted the Little study presented a fairer picture than did Norgaard's, which centered on one part of the industry. "To say that auto insurance is special and not like the rest of the property and liability insurance industry," Jones said, "is like saying that a Volkswagen isn't an automobile because it looks so different from all the other cars."

BIG PROBLEM

The disagreement between two analysts studying similar data for the same purpose, points up the difficulty in finding out just how much money auto insurers make or lose.

"One set of figures at our hearings indicated this was a highly profitable business, another that it was dismal," said Hart. "The real truth is probably somewhere in between."

* * *

The business can seem to be in the red when actually turning a profit, said Hart even without taking profits from investments into account.

One way to do this is through so-called "statutory underwriting profit or loss" — the accounting method prescribed by law.

LISTS A LOSS

It works something like this:

On Dec. 1 you give your agent $240 for one year's auto insurance. On December 31st, the company closes its books for the year but takes credit only for the premium actually earned — in this case one-twelfth year, or $20. Then the company deducts its expenses in selling you that policy, about 35 per cent — $84 in your case. Thus, while the company actually received $240 from you, it lists a loss on your business of $64.

Best's Insurance Reports, the statistical Boswell of the industry, says, "This statutory figure does not completely disclose the underwriting results." But when the insurance companies go before state regulatory agencies to justify a rate increase, the figures presented are the statutory ones.

* * *

The Hart subcommittee brought out that more conventional accounting methods are used by the companies to arrive at an "adjusted underwriting profit or loss."

Thus, for example, Continental Insurance Cos. of New York reported in statements to stockholders that in 1966 and 1967 it lost 28 cents per share, based on the statutory accounting, but had an underwriting profit of $1.61 on an adjusted per-share basis.

$12.90 PER SHARE

Add to that a per-share investment income of $11.29 and total adjusted earnings before taxes is $12.90 per share for the two years. Stockholders were paid $5.85 per share in cash dividends.

Hart says stockholder-owned property and casualty companies showed a statutory underwriting loss of more than $731 million for the years 1958 to 1967 — but when this figure is adjusted it becomes a $413-million profit. During the same 10-year period, Hart says, the industry's income from investments was more than $7 billion.

* * *

"Except for the policyholder's premium dollar, insurance companies would not be realizing these billions in investment returns," said Dean Sharp, assistant counsel for Hart's subcommittee. "The money set aside for possible claims and return of unused premiums is financed solely from policyholder premiums. The nub of all this, according to our figures, is that the average return on investment is around 13 per cent for the industry since 1948."

"When someone turns one pocket inside out to show you how empty it is but has over $7 billion in the other pocket," said Hart, "it is difficult to take their claim of poverty too seriously."

Nonetheless, state agencies do take them seriously. Forty states granted auto rate increases in 1965, 23 states in 1966 and 25 states last year. A half-dozen states lowered rates last year, but by December the national average cost of auto insurance had risen 45.1 per cent over that for the 1957-to-1959 period.

* * *

George H. Kline, vice president and general counsel of Allstate Insurance Co. — largest auto insurer in the country with more than 6½ million policyholders, told the Hart subcommittee:

"I must point out that we do not plan and build highways; we do not train drivers; we do not license them or renew their licenses; we do not arrest them or convict them when they drive 100 miles an hour or drag race, or tailgate, or become the instrument of violence that causes the death of a fellow human."

CITES ADDED COSTS

Barring dangerous drivers from the highways would substantially reduce traffic violence and bring down the cost of automobile insurance, said Kline.

He cited increases in "costs which automobile insurance pays" such as doctors' fees, up 100 per cent in 20 years; hospital care up 92 per cent in 10 years, 354 per cent in 20 years; higher costs of repairs and replacements of such things as wrap-around windshields.

The subcommittee countered with figures showing that since 1948, the rate of disabling injury and death per 10,000 registered motor vehicles and 100 million miles driven has decreased by nearly one-third. During that same period, said the subcommittee, insurance company premiums have increased 44 per cent more than medical care costs, 36 per cent more than auto repair, and 30 per cent more than the private average weekly earnings in current dollars.

In the 20-year period, the total amount of auto premiums written was $113.4 billion, but the companies paid out losses of only $57 billion.

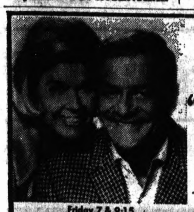

It is statistics like these that caused the American Insurance Association to propose in October a no-fault plan: one under which a driver's own insurance company would pay his losses — no matter who was at fault.

"The present system is a grotesque sham which forces everyone involved — the insurance company, the agent, the insured and the courts — to act out a string of illogical and ludicrous charades in an attempt to show themselves or their insured blameless and the other party totally at fault" Rhode Island's insurance commissioner, Ralph A. Petrarca, told a hearing held by Sen. Warren Magnuson, D-Wash., last March.

* * *

Critics of the current system argue that auto insurance came into being to protect negligent drivers from losing assets because of lawsuits. But through the advent of compulsory insurance and financial responsibility laws, now in effect in all states emphasis has shifted from protecting the negligent driver to compensating accident victims.

That makes the driver financially responsible for his accidents and gives the insurance companies a captive market of more than 103 million drivers, from which they collected more than $10 billion in premiums last year, the critics contend.

The Gourmet Adventures of Jayson's

Onions are used by more people all over the world than any other single vegetable. They are certainly the most popular of all seasonings used to enhance the flavor of almost any dish except desserts. Onions are delicious raw in salads; they are out of this world when sliced, dipped in batter and crisped in deep hot fats and quite delectable when sauteed in butter as part of a good stew or fish concoction. This is one vegetable you can buy already cooked in the can, if you want whole tiny cooked ones. You can use them for just about any dish you are making.

The Year That Was—4

April Meant Tragedy, Violence

By JOY STILLEY
Associated Press Writer

April spelled tragedy in the United States. Not only was Negro civil rights leader Dr. Martin Luther King Jr. assassinated, but there was an aftermath of riots that left death, destruction and bitterness.

A Nobel Peace Prize winner and advocate of nonviolence, King met violent death by gunfire as he stood on the balcony of a Negro-owned motel not far from downtown Memphis, Tenn. It was April 4.

* * *

As word spread through the country, so did disorder, fires and looting. In Washington, Hardest hit of 100 cities, Negro mobs burned and looted within two miles of the White House. A curfew was imposed, sales of firearms and liquor were banned and 4,000 federal troops were called up.

Other Americans reacted by closing stores, cancelling sports and social events, and halting campaign activity. A mourning nation counted up the cost in lives — 46 dead, all but five of them Negroes. The cost in money was nearly incalculable.

NEW MEMPHIS PACT

The 65-day strike of the mostly Negro sanitation workers in Memphis, which had brought King to the city where he died, ended with a new contract on April 16.

Life crept back toward normalcy and political activity resumed. On April 27 Vice President Hubert H. Humphrey made the not-unexpected announcement that he would seek the nomination for president from the Democratic party.

* * *

Three days later New York Gov. Nelson A. Rockefeller reversed himself and declared he would be a candidate for the Republican nomination. Within hours he had scored an upset write-in victory in the Massachusetts primary against favorite son Gov. John A. Volpe.

Meanwhile the number of Americans wounded in the Vietnam war reached a record 3,886 for one week. But there was a bright note. North Vietnam agreed at long last to peace talks with the United States.

The month was highlighted by highly unusual finishes in two sports events.

In the Masters golf classic at Augusta, Ga., a slip of the pencil crowned a new champion. The final round on April 14 had ended with a pair of 277 scores for Bob Golby, 37, of Illinois, and Roberto de Vicenzo, 40-year-old Argentinian.

Then an error was discovered on De Vicenzo's score card. He had been credited with a par 4 on the 17th hole instead of the birdie 3 he had actually made. Having signed the card and returned it to the committee, he was forced by official rules to abide by its 66 total instead of the 65 that had won him a tie. Automatically Golby was declared winner.

After another year of striving for a more perfect Volkswagen, we bring you the only visible results.

Four nice new shades.

Of course, some people won't be terribly impressed.

The way they see it, we let year after year go by without ever really trying to improve our appearance.

Never a bug with dramatic new tail fins. Never a bug with a revolutionary new grille.

Well, making sensational outside changes just isn't like us. Right from the start we've believed in unsensational inside changes.

Take this year's bug. Nice though each of its 13 improvements are, there's not a one you can exactly call the stuff of high drama.

Certainly not the new night-and-day inside mirror.

Or the better kind of weather stripping between the engine cover and the body.

Or the new electric rear window defogger.

Or even the new ignition lock that combines with the steering wheel lock.

Over the years, the result of our striving has mostly been little things. 2218 little things to be exact.

But it's the little things that make for perfection.

And perfection is no little thing.

Atwood's Synthetic Surface Complimented

Flint's New Astro-Turf Passes First Popularity Test

The artificial "grass" on the football field at Flint's Atwood Stadium has passed its popularity test with flying colors.

The overwhelming majority of football coaches whose teams have gametested the synthetic surfacing favor it over regular turf, according to Richard M. Leach, consultant in secondary physical education and athletics for the Flint Board of Education.

Leach said this was revealed by a survey of head coaches at Flint and Saginaw Valley prep schools, both public and parochial, that performed at Atwood during the 1968 football season — the first one in which the manufactured "grass" was in use.

JOINT VENTURE

The synthetic carpet, which bears the trade name of AstroTurf, was installed late last summer at a cost of approximately $250,000.

* * *

The project is a joint venture of the Flint Board of Education, the Charles Stewart Mott Foundation and the Flint Recreation and Park Board, which owns the stadium.

The synthetic surfacing was intended primarily for football use, but also is seeing use for soccer and other sports.

Twenty-two out of 25 coaches responding to a questionnaire replied that they prefer AstroTurf to regular turf, Leach reported.

Three coaches expressed a desire for their games to be played on regular turf if the football field is in excellent condition, Leach added, commenting:

COULDN'T GET ALONG—It was a happier day three years ago when Dan Reeves (right), majority owner of the Los Angeles Rams, held a press conference to announce he had hired George Allen as the team's head coach. Yesterday, Reeves announced that he had fired Allen because of a "personality conflict."

Big Gamble Fails; Yanks Claim Cup

ADELAIDE, Australia (AP) — Harry Hopman's big gamble failed and the Davis Cup, the symbol of world tennis supremacy, is headed back to the United States for only the fourth time in the last 18 years.

* * *

Stan Smith and Bob Lutz, a pair of collegians from the University of Southern California who perform together like precision dancers on a chorus line, climaxed an eight-month American campaign by crushing Australia's Ray Ruffels and 17-year-old John Alexander in the deciding doubles match 6-4, 6-4, 6-2.

FAST FINISH

The rout required only 67 minutes, giving the United States a 3-0 lead in the best-of-5 match series and a chance to score the first 5-0 sweep in 20 years.

The doubles victory took tension and importance away from the final two singles matches statring Saturday (10:45 p.m., EST, Friday).

Clark Graebner of New York meets Ruffels in the first match followed by a joust between Arthur Ashe Jr., of Richmond, Va., and Australian champion Bill Bowrey.

A three-hour, five-set victory by Graebner over Bowrey and Ashe's triumph over Ruffels in four sets put the Americans up for today's doubles clincher.

Hopman's gamble was in inserting teen-ager Alexander into the doubles although he and Ruffels played together only eight days except for the obscure tournament several weeks ago.

YOUNGEST PLAYER

Alexander became the youngest player in history to compete in the Challenge Round and his nervousness and insecurity were apparent as he lost vital two sets and wilted under the constant pounding of the two more experienced Americans.

"Alexander and Ruffels were a bit tense," Donald Dell, the U.S. captain said. "We had a big edge on teamwork. I thought it would be a much closer match."

He said he thought this lack of coordination was due to the fact that they were a scratch pair put together officially only a few hours before the match.

"But I am not criticizing Hopman," Dell said.

"I would have done the same thing under the circumstances. I think Hopman felt it was all he could do."

Hopman since 1938 has captained 21 Australian teams and has sent 16 of them on to victory, losing to the Americans on the five occasions he came up bare-handed.

He made a similar gamble in 1953 in Melbourne, breaking up the great Lew Hoad and Ken Rosewall combination by substituting Rex Hartwig for Rosewall.

The American team of Vic Seixas and Tony Trabert scored an easy victory although the Australians retained the Cup.

AP Wirephoto

SELECTED BY 'M'—Bo Schembechler from Miami of Ohio was picked to be the new head football coach at the University of Michigan. He posted a 40-17 record in six seasons as coach of the Redskins.

Schembechler From Miami (O.) Replaces Elliott

ANN ARBOR (AP) — The University of Michigan has picked 39-year-old Bo Schembechler from Miami University of Ohio — a school known as the "cradle of coaches" — as its new football coach.

The Associated Press learned Thursday that Schembechler will succeed Chalmers 'Bump" Elliott, who in turn will move up to the position of associate athletic director after 10 years at Michigan.

CONFERENCE TODAY

Michigan athletic director Don Canham announced the coaching change as well as other reorganizational changes at a news conference today.

Michigan officials confirmed the reports that Schembechler, who compiled a 40-17-3 record in his six years at Miami, is the coach.

Schembechler, who played offensive tackle at Miami from 1948 to 1950 and early '50s, is the latest of many a Miami graduate to be selected for top rank coaching.

Some include pro coaches Paul Brown, who led the Cleveland Browns for many years and now coaches the Cincinnati Bengals, and Weeb Ewbank of the New York Jets, and college mentors Ara Parseghian of Notre Dame, John Pont of Indiana, Carmen Cozza of Yale, Paul Dietzel of South Carolina, and former Army coach Col. Earl "Red" Blaik.

In addition to playing as undergraduates, Parseghian and Pont also coached at Miami, located in the southwest Ohio town of Oxford.

Schembechler was graduated from Miami in 1951 and received his master's degree at Ohio State, where he served as an assistant to Hayes.

Schembechler also served as an assistant to Parseghian at Northwestern.

He led Miami to two Mid-American Conference football championships and three second-place finishes. He was named coach of the year in 1965, and Ohio coach of year in 1966.

LONG STREAK

During 1966, the Miami Redskins had a 12-game winning streak the longest in the nation at the time.

It is the first time since 1938, when Fritz Crisler arrived from Princeton, that Michigan has gone outside its own family for a head football coach.

Earlier rumors this week had given former Michigan line coach Bob Hollway the inside track for the job. Others mentioned included Penn State's Joe Paterno, Georgia's Vince Dooley and Tennessee's Doug Dickey.

Rams' Players Are Not All 'Surprised'

LOS ANGELES (AP) — The firing of Los Angeles Rams' head Coach George Allen left most Ram followers puzzled and shocked today, but some players say they weren't totally surprised.

Allen, 46, was fired Thursday by Dan Reeves, president and general manager of the National Football League club. Reeves said a personality conflict led to his decision. "It was probably more my fault than his," said Reeves.

* * *

Allen called a news conference for today.

In three years with the Rams, after the Western Division team had suffered seven straight losing seasons, Allen turned Los Angeles into a winner with seasons of 8-6, 11-1-2 and 10-3-1.

FIRST CLASH

The first public hostility between the quiet Allen and Reeves came after the Nov. 17 Ram game with the San Francisco 49ers.

The teams tied 20-20. After the game, Allen said the muddy field conditions were the worst he'd ever seen. Reeves called the comments unnecessary and ill-advised.

* * *

"But we heard rumors in training camp," said Roman Gabriel, the No. 1 quarterback of the Rams under Allen.

"We heard rumors that George Allen would be fired if we didn't win it all this year," Gabriel said. "And those rumors popped up more often as the season progressed.

MAKES COMMENT

"Before our last ball game with the Baltimore Colts, Coach Allen said he wouldn't be back next year," said offensive guard and co-captain Joe Scribelli.

Allen seems to always have commanded the respect of his players. In 1963, while a coach with the Chicago Bears, the team there presented him the championship game ball, an honor normally reserved for players.

* * *

"It's hard to realize that a man who's been a winner like George Allen could be fired," Gabriel said. "He gave more to his players than any other coach I've ever played for.

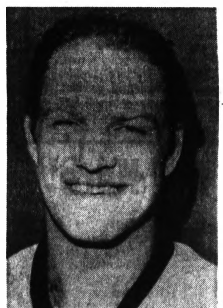

"If he goes to another team, and he wants me to play for him," Gabriel said, "I might make it known I'd like to be traded. I've also thought about sitting out a year or even retiring."

SUCCEEDS SVARE

Allen came to the Rams the successor to Harland Svare, who had a 4-10 record in 1965. Reeves fought a court battle with Chicago owner George Hallas for Allen, then gave his new coach a five-year, $40,000 a year contract.

Allen's deals earned him the name of The Trader and in 1966 the Rams were 8-6, their best record in eight years.

The following season Los Angeles was 11-1-2, won the Coastal Division title and, after a 28-7 loss to Green Bay for the Western Division crown, thrashed Cleveland 30-6 in the Playoff Bowl.

AP Wirephoto

DOWNED HAWK—Bobby Hull of the Chicago Black Hawks, top scorer in the National Hockey League, suffered a fractured jaw Christmas night when elbowed during the game with Toronto.

Hull Will Miss Only Two Games

CHICAGO (AP) — Bobby Hull of the Chicago Black Hawks, the National Hockey League's leading scorer, had a broken jaw wired together Thursday but possibly will miss only two games.

"The fracture is just above the angle of the jaw and below the right ear," said Dr. Myron Tremaine, team physician. "It's hard to say how long he will be out, it may be a week to 10 days. But knowing Bobby, I don't think he will sit out too many games as long as he can skate."

Wilt Bypassed as Top Center; 'Big E' Picked

NEW YORK (AP) — Elvin Hayes, the sensational San Diego rookie, has been picked over towering Wilt Chamberlain for the starting center position on the Western team for the annual National Basketball Association All-Star game.

The 19th annual East-West classic will be played at Baltimore's Civic Center Jan. 14.

* * *

Forward Elgin Baylor, Chamberlain's teammate on the Los Angeles Lakers, was the only unanimous choice of the sports writers and sportscasters from the franchise cities who picked eight players. Western coaches will select the other four players for the squad next week.

OTHER STARTERS

The other starters, named today, include another Laker super star, guard Jerry West; guard Len Wilkens of Seattle, and forward Don Kojis, another San Diego star. Also selected were forward Lou Hudson of Atlanta, guard Jerry Sloan of Chicago and Chamberlain.

* * *

Phoenix and San Francisco were shut out. However, the coaches must pick at least one player from each of those teams. The maximum is three players from one team, achieved by the Lakers.

Hayes, a 23-year-old, 6-foot-9 235-pound All-American from Houston, is leading the league in scoring and is second in rebounding.

The voting score of the selected players:

Forwards: Baylor, 14.000; Kojis 8.469, and Hudson 7.278.

Centers: Hayes 11.215 and Chamberlain 9.452.

Guards: West 13.604; Wilkens 11.855, and Sloan 5.385.

Motor City Classic Has Tip Off Tonight

In the opening game of the Motor City Basketball Classic tonight, Miami of Ohio meets Temple at 7:30 p.m.

In the second game of the evening, 11th ranked University of Detroit faces Southeast Conference foe Mississippi State. The games are slated for the U. of D. Memorial Building.

OU Cagers Play in Alma Tourney

Oakland University's basketball team with a 1-2 record gets into the Holiday Tournament swing by competing in the 4-team Alma College Tourney tonight and Saturday.

Olivet and Grand Valley are the other teams entered and Oakland meets Olivet in the opener tonight.

* * *

The Pioneers have lost to Albion and Wayne State while defeating University of Chicago in three games thus far.

Gordie Tebo, Warren junior, led the Pioneers against Wayne with 27 points, followed closely by Greg Ranney, Detroit junior, with 24 points.

Ed Holloman, Oak Park junior, scored 17 points. Tom Allan, Royal Oak junior, leading scorer in the first two games was held to 8 points.

Ed Holloman is the leading scorer to date with 63 points, Tom Allan has made 56, Greg Ranney 54 and Tebo 43.

Allan and Ranney are the leading rebounders.

Status of Kuharich With Eagles Is Still an Undecided Matter

PHILADELPHIA (AP) — The status of Joe Kuharich as head coach of the Philadelphia Eagles may not be decided until as late as next April 1, owner Jerry Wolman said Thursday.

Wolman also said he has not yet acquired a buyer for the National Football League Club, but noted he has until May to do so if he can't solve his financial problems.

* * *

Kuharich, whose 1968 team posted a 2-12 record, including an 11-game losing streak, is working on a year-to-year contract as coach. He has 11 years remaining on a 15-year pact as general manager.

Wolman said Kuharich and his coaching staff will represent the Eagles at the NFL player draft next month.

* * *

In connection with the draft, Wolman said the Eagles would select the best football player on the board when their turn comes. It is believed Kuharich is interested in quarterback Terry Hanratty of Notre Dame.

Wilson Plans Meeting

Bills Interested in Ex-Ram

DETROIT (UPI) — Ralph Wilson, owner of the Buffalo Bills, said today he wanted to talk to George Allen about coaching or managing his American Football League club.

Wilson told United Press International that until Allen had been fired as head coach of the Los Angeles Rams, he would not have talked to Allen about the posts before.

* * *

"However, now if he's relieved of his duties, certainly I would be interested in talking to him," Wilson said.

"Dan Reeves Rams general manager is a good friend of mine. I would never talk to his head coach while he was working for Dan."

"He's a very good coach, as his record proves. Although I have never met him personally, he's very much respected as a coach in professional football by everybody."

* * *

The Rams finished 10-3-1 for the season in the National Football League. The Bills wound up 1-12-1 in the AFL.

"We haven't made up our mind yet what we're going to do for '969," Wilson said.

"We're not going to rush into hiring a new head coach. If we do hire a new head coach to take Harvey Johnson's place, we're going to give it a lot of thought and consideration."

Bowl 'Eyes' Ready

By the Associated Press

It's time for the nation's college football fans to go into orbit around their television sets.

All systems are "go" as the bowl season is about to blast off with 11 games in the next six days, most of them to be televised somewhere or other.

The action on the field begins tonight when Ohio University, unbeaten, untied and ranked 15th in the nation, meets Richmond's Southern Conference champions in the Tangerine Bowl at Orlando, Fla.

TOTAL OFFENSE

Individually, quarterback Cleve Bryant was ninth in total offense and fullback Bob Houmard was fifth in scoring with 19 touchdowns.

Richmond is an air-minded team. The combination of quarterback Buster O'Brien passed for 1,961 yards and 21 touchdowns while Gillette caught 50 passes for 857 yards and eight scores.

Saturday finds Missouri against Alabama in the Gator Bowl at Jacksonville, Fla.; Auburn and Arizona in the Sun Bowl at El Paso, Tex., and two all-star contests the East-West Shrine Game in San Francisco and the Blue-Gray at Montgomery, Ala.

* * *

Next week it's the Peach Bowl Monday, the Blue Bonnet Bowl Tuesday and the Rose, Orange, Cotton and Sugar Bowls Wednesday.

A crowd of 68,000 is expected to watch a defensive battle between Missouri and Alabama in the Gator Bowl. 'Bama ranked fifth in total defense and defense against scoring and seventh in rushing defense. Missouri was eighth in total defense and fifth in pass defense but the Tigers also ranked 12th in rushing offense and 21st in total offense.

The Sun Bowl also could be a defensive struggle in this year of the exploding scoreboard. Although Auburn has a potent aerial duo in Loran Carter and Tim Christian and Arizona has a fine receiver in Ron Gardin, they also rank among the defensive leaders.

No. 2 Quarterbacks Helped Grid Teams

By DUFFY DAUGHERTY
Head Football Coach
Michigan State University

The past college football season was noted for its high scoring and individual records, and also for an unprecedented one-two punch in quarterbacks.

It used to be that a team's No. 2 signal caller rode the bench hoping for a high scoring game just so he could get in enough playing minutes to earn his letter. That wasn't the story this year.

A number of winning teams had to call on their No. 2 quarterback to prevent defeat. The most notable efforts by reserve play callers and passers were turned in by Frank Champi of Harvard, Ron Maciejowski of Ohio State, Jim O'Toole of Army and Joe Theisman of Notre Dame.

Nothing seemed to go right for George Lalich, Harvard's regular quarterback, when the Crimson met Yale in the battle of unbeaten teams for the Ivy League title.

Yale led 22-0 and seemed on the way to an easy victory. But late in the first half, Coach John Yovicsin of Harvard put junior Champi into the game, and then stuck with him.

SCRAMBLER

Champi's passing and scrambling put 16 points on the board in the last 42 seconds to bring about an unbelievable 29-29 tie.

Champio had not played enough to win his letter but Coach Yovicsin made an exception.

Ohio State came up with two fine sophomore quarterbacks and enters the Rose Bowl with a 13-game winning streak. First it was Rex Kern.

★ ★ ★

When Kern injured his leg, Maciejowski took over and the Buckeyes continued their Big Ten title march. In Maciejowski's first start against Wisconsin, he scored three touchdowns and passed for another.

Army wasn't doing so well against underdog Navy despite the presence of veteran Steve Lindell at quarterback. Then late in the third quarter Coach Tom Cahill inserted O'Toole and his passing helped put the winning touchdown on the scoreboard.

Terry Hanratty set Notre Dame passing, completion and scoring records but hurt his knee in practice and underwent surgery. He saw the last three games on crutches.

But Joe Theisman, a slightly built 163-pound sophomore from New Jersey, led the Irish in victories over Pitt and Georgia Tech and starred in the 21-21 tie with unbeaten Southern California. Theisman proved especially adept at passing while on the run.

MILESTONE FOR WEST — Jerry West of the Los Angeles Lakers drives in for two points against the Detroit Pistons last night in Cobo Arena. West collected his 16,000th National Basketball Association point on this play. Defending are Happy Hairston (left) and Jimmy Walker. The Lakers won, 95-94.

Laker Joins NBA Elite; Crushes Pistons' Hopes

By the Associated Press

Jerry West crashed the National Basketball Association's 16,000-point barrier . . . and kept driving for more.

The Los Angeles backcourt ace dribbled almost the length of the floor and put in a driving, one-hander with 10 seconds to play, giving the Lakers a 95-94 victory over the Detroit Pistons Thursday night.

Earlier in the game West, who finished with 29 points, became the eighth player in NBA history to reach the 16,000 career mark.

★ ★ ★

Elsewhere, Boston drubbed Milwaukee 139-106, Philadelphia stopped Baltimore 125-120, Chicago trimmed Cincinnati 104-95, Atlanta riddled Seattle 126-96 and San Francisco nosed out Phoenix 119-118.

ABA GAMES

Indiana nipped Minnesota 134-133 in overtime and Miami slipped past Houston 111-108 in American Basketball Association play.

The Lakers wiped out a seven-point deficit in the final 3½ minutes behind the shooting of West and Elgin Baylor, who scored 20 points in all. Detroit missed a shot with 14 seconds remaining and the Lakers grabbed the rebound. West took it the rest of the way.

★ ★ ★

Boston broke loose for 11 consecutive points . . . nine by Larry Siegfried . . . midway in the first period and breezed past the Bucks to end a three-game home court losing string. John Mavlicek led the Celtics' attack with 29 points, Bailey Howell got 27 and Siegfried 23 . . . including 17 in the first half.

Marshall Tourney Opens

Ferris State Cagers Win

MARSHALL (UPI) — Ferris State and Taylor of Indiana moved through the first round of the Marshall Optimist Basketball Classic in easy fashion Thursday night, Ferris dumping Albion, 89-77, and Taylor downing Adrian, 93-78.

Four other teams in the tournament will see action tonight when Kalamazoo meets Manchester (Ind.) and Ohio Northern takes on Calvin College, the defending tournament champion.

SLIM LEAD

Ferris held a slim 40-38 half time margin over Albion but got hot in the second half when Jesse Mangham netted 17 of his game high 28 points. The win gave Ferris a 4-0 mark and dropped Albion to a 3-3 season record. Mike Wilson was the high scorer for Albion with 18 points.

★ ★ ★

In the nightcap, Taylor jumped out to a 43-37 lead at the intermission, saw it dwindle to 66-63 with eight minutes to play and then moved out for the final victory, its eighth of the season against only one loss. Chuck Taylor was high for Taylor with 19 points but game honors went to Greg Darow of Adrian who netted 29 points. Adrian is now 1-6.

In Saturday's games, Ferris State will meet Taylor, while the winners of Friday's games meet with the championship round scheduled for Monday.

Second Half Rallies Help

The winners used strong second half performances last night in Pontiac Church Basketball League play.

Stone Baptist (3-1), ahead 19-16 at intermission, found the range in the second half and went on to a 43-26 victory over Rochester Nazarene (0-4), while Pontiac Free Methodist (3-0) broke away from an 18-13 lead at intermission to gain a 57-40 decision over Bloomfield Hills Baptist (2-2).

Ron VanCurran tossed in 20 points to pace Stone Baptist.

★ ★ ★

Jack Neidrick checked in with 21 markers for Pontiac Free Methodist while Mike McCoy matched that total for Bloomfield Hills Baptist.

The all-star break comes Monday with teams from the American and National loops colliding at 7:45 at Pontiac First Free Methodist.

Staging Events Cost Lower on Astro-Turf

(Continued from Page C-1)

"Obviously, this would be impossible to insure because of the high number of games played at Atwood, inclement weather, condition of the turf and other unpredictable factors."

The Flint stadium is the first Michigan facility and one of few in the nation employing the new miracle covering.

The carpet-like material minimizes the risk of injuries, especially to the knees and ankles; provides favorable playing conditions in any weather and requires practically no maintenance.

★ ★ ★

Besides its other advantages, AstroTurf also proved a top attraction at the gate drawing a total of 82,278 fans, according to James A. Bruce, superintendent of the recreation and park system.

This compares, it was noted, to 26 events, including almost all high school football games, in 1967 which drew 66,123 spectators.

Where it cost $695 to stage an event in 1967, Bruce said, the 1968 cost was $97.70.

Putting AstroTurf to test in its initial season were 15 high school games, four junior varsity, 24 junior high, 18 Mott Program (a Saturday program involving 7th, 8th and 9th graders) and three professional football games.

Additional use included eight soccer games, five "Punt, Pass and Kick" contests, 15 football practice sessions and two band practice periods.

SPECIAL PRAISE

Special praise for AstroTurf came from Duffy Daugherty, head football coach at Michigan State University, whose team used Atwood for a workout prior to its Wisconsin game.

"I am convinced," Daugherty said, "that the synthetic field is better than the natural grass turf and is the field of the future."

"We are convinced that advantages far outweigh any disadvantages," Leach stressed.

Other plus factors besides those cited, Leach said, include:

- Elimination of mud and dust.
- A resulting reduction in expense of cleaning uniforms.
- Painted yard lines and markers are visible at all times.
- Easier identification of players during a game by fans, coaches and spotters.

"It all adds up to a better brand of football," asserted Leach, concluding:

"I predict all communities with a lack of outdoor space and facilities eventually will have artificial surfacing for athletic contests. It is inevitable that all major colleges and professional football teams will explore the possibilities of an AstroTurf gridiron."

New! Homelite Snowmobiles

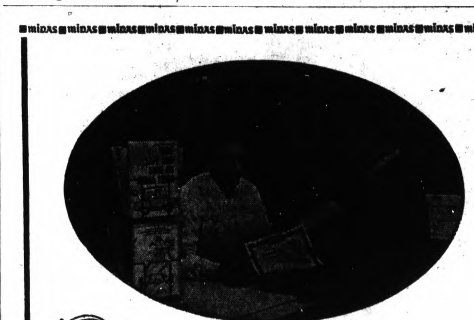

Fast and Frisky!

The totally new HOMELITE SNOWMOBILE really moves. Great for sport. Outmaneuvers other Snowmobiles in deep powder or hardpack. Cruises with mobility. Zigs around obstacles with new ease. Eastern Routs Tourney Foe

ST. CLOUD Minn. (AP) — Wanting a win but not a full-scale massacre, Eastern Michigan coach Jim Dutcher tried to do the gentlemanly thing when his Hurons whipped Bemidji State Thursday night in the opening game of the Granite City Basketball Classic.

He pulled his starters after 10 minutes of the first half when Eastern Michigan ran up a 23-11 lead. But the reserves proved just as strong as Eastern romped to an easy 93-62 victory.

In other games in the first round, Concordia nipped Eau Claire, Wis., 79-78; Drury Mo., edged St. John's, 59-58; and host St. Cloud State downed Lincoln, Pa., University 69-55.

By JERE CRAIG

It's a banner year on the lanes at Huron Bowl for the area's women bowlers, if the High Score List compiled by the Press sports staff is any indication.

While there have been two 300 games and a pair of series in the 770s among the men locally, the women generally have stepped up the good scoring pace set last season.

Joyce Lewis, the Sterling Heights housewife, earlier this month became the third Pontiac Woman's Bowling Association member ever to post a sanctioned 700 at a North Oakland County establishment.

It came in a Pontiac Motor employee's league at Huron and also included a 275 game.

However, most of the leading women's scores have come from the Huron Bowl Ladies Classic, especially in team efforts.

Huntoon's dominates the team series class with three of the top four totals, and Taylor's 5 and 10 has three of the top five team games — all in the Huron Classic. A 2709 by Huntoon's and a 958 by the Huron team rank No. 1.

In the individual reports, two Sylvan Lanes bowlers have gained recognition: Maxine Bradley's 276 game is the best women's one reported this season, and Marie Reynolds' 664 last week set a house record and is the second best series this season

Laura Chenoweth in the 300 Bowl Ladies All-Star hit a 275 game for one of three such runner-up efforts presently.

MEN'S BIG NIGHTS

Huron Bowl also was the site of one of the 300 games. Bob Garrett did it in the Friday night men's classic. The other perfect effort was by Don Roehl at West Side Lanes in the first month of the current season.

Don Clark's 778 at Airway Lanes, and Al Pietz's 773 at Cooley are well ahead of the other leading men's series. the team competition, similarly, has two clearly superior totals in both categories.

The Oxford Merchants have a 3258 series and Herks Auto Supply rolled a 3247. The merchants' 1149 high game is only pin behind the top figure, 1150 by Hartford Roofing. All were registered in the Huron classic.

The leading game among the junior bowlers' score reported this season is Jeff Weichel's 267 at Howe's Lanes. Only one 7-10 split conversion has been listed and it was by Dick Goldworthy.

Vikings Down Stevenson in Cage Tourney

Balanced scoring and a strong defense helped Walled Lake advance last night in the consolation round of the Northwest Suburban Basketball Tournament.

The Vikings tripped Livonia Stevenson, 68-59. They will play Berkley, a 68-66 overtime winner over Livonia Bentley, Saturday at 5:30 p.m. All games are at Redford Union.

★ ★ ★

In tonight's championship bracket semifinals, Southfield meets Redford at 7 and North Farmington takes on Farmington at 8:30. The winners will meet Saturday at 9:15 p.m. in the title game and the losers will clash at 7:30.

Bentley and Stevenson, winless in the tourney, will open Saturday's four-game slate at 4 p.m.

★ ★ ★

Five Vikings hit in double figures led by Mike Ridley's 17 points. Walled Lake's defense forced the Spartans to shoot from the outside and they hit only 20 of 76 shots for 28 per cent. The Vikings, who have lost once in the tourney, shot a good 49 per cent on 29 of 63.

WALLED LK. (68)	FG	FT	TP	STEVENSON (59)	FG	FT	TP

Raiders Head for Frigid NY and AFL Tilt

OAKLAND (AP) — The Oakland Raiders, who spent an extra day in the relative warmth of the West, were to leave today for the frigid scene of their American Football League title game with the New York Jets Sunday.

Originally, the Raiders were to fly to New York on Thursday, but they elected instead to spend one more day in Oakland to get in some warm-weather practice.

★ ★ ★

The strategy seemed to have backfired when nearly an inch of rain fell Christmas Day, but Thursday was bright and sunny, allowing the Raiders to get in a last-minute workout.

A noon workout, closed to press and public, was scheduled for New York's Shea Stadium on Saturday.

RANGER ON ICE — Oakland Seal Carol Vadnais (5) wrestles New York Ranger Vic Hadfield to the ice during a scuffle in last night's National Hockey League game. Watching are Mike Laughton (left) of the Seals, Ranger Jean Ratelle (19) nad Seal Bert Marshall. Vadnais and Hadfield each drew a five-minute penalty. The Rangers won, 3-1.

Canadiens Surge to Top of NHL Eastern Division

By United Press International

It's hard to keep a Stanley Cup champion down.

The Montreal Canadiens, defending titleholders of the National Hockey League, battled from behind Thursday night to defeat the Toronto Maple Leafs, 4-2, and regain first place in the East Division race.

The Canadiens are now one point ahead of the Boston Bruins who were idle Thursday.

Bobby Rousseau, known for his sizzling slapshot, fired a backhander off goalie Bruce Gable's pads and into the net to break a 2-2 tie at 17:58 of the second period. John Ferguson added an insurance goal at 13:31 of the final period.

TAKE LEAD

Toronto had jumped to a 2-1 lead on goals by Murray Oliver and Norm Ullman before Henri Richard split the Maple Leaf defense and beat Gamble at 12:39 of the second stanza.

Ralph Backstrom scored the first Montreal goal in the opening period.

The St. Louis Blues overcame a two goal deficit to beat the Pittsburgh Penguins 3-2 and increase their lead in the West Division to 12 points. Jim Roberts and Gary Sabourin beat Pittsburgh goalie Les Binkley twice within 90 seconds to carry the Blues to victory. St. Louis has not lost at home since Nov. 2.

★ ★ ★

First period goals by Val Fonteyne and Gene Ubriaco gave the Penguins a 2-0 lead. Noel Picard tallied his fourth goal of the season to make it 2-1 after two periods.

The New York Rangers downed the Oakland Seals for the eighth straight time by taking a 3-1 decision behind goals by Reg Fleming, Phil Goyette and Dave Balon.

The Rangers, who have never lost to Oakland since the West Coast team began play in the NHL last season, jumped to an early 2-0 lead when Fleming and Goyette beat goalie Gary Smith from close range. Gary Jarrett scored his 16th goal of the season for the Seals and Balon netted his first goal in 24 games to close out the scoring.

Pistol Pete Widens Lead

NEW YORK (AP) — Pistol Pete Maravich of Louisiana State has widened his lead over Calvin Murphy of Niagara in the major college basketball individual scoring race.

The latest weekly statistics from the National Collegiate Sports Services today showed Maravich on top with an average of 47.4 points in five games through last Saturday. Murphy is second with a 37.1 average in seven games.

Rick Mount of Purdue is the No. 3 high scorer with a 32.0 average followed by Spencer Haywood of Detroit at 30.8 and Rick Travis of Oklahoma City at 29.7.

Haywood is the top rebounder with an average of 22.5.

	G	FG	FT	Pts.	Avg.
1. Pete Maravich LSU	5	87	63	237	47.4
2. Calvin Murph Niagara	7	99	62	260	37.1

BOWLING

The women continue to improve upon what has been an outstanding season of scoring for them.

The Taylor's 5 and 10 Team in the Huron Bowl Ladies Classic blasted away at the pins for a 2687 actual series, the second best women's actual reported locally this year.

Oxford Mattress' entry in the same circuit posted a 907 game the same night, only one pin shy of its season high (and the sixth best total to date).

Marge Curtis' 239 game and Helen Fry's 591 series led the individual pinspilling.

ALL-STAR LADIES

The Ladies' All-Star Classic at 300 Bowl recorded a 239 game, also. Virginia Brancheau had the fine score while hitting a 585 series. She lost high series by five pins to Laura Chenoweth's 201-200—594.

Newlywed Peg (Carter) Dyer hit 226—559.

Among the men this week, Ron Cotner led the Wonderland Lanes Masters with 247-258—688. Bob Leibler rolled a 246 as there were 40 games of 200 or better.

The team totals included a 1015 for Copper Mug. Gorman Gulf posted a 1002 and Emery Corp. a 1001.

WONDERLAND LANES
Friday Wonderland Mixers
HIGH GAME AND SERIES — James McCririck, 241—635.

300 BOWL
Saturday Guys & Dolls
HIGH GAMES — John Mofield, 226; Harold McElyea, 217-202; Leroy Mirovsky, 204; Dwight King, 203. WOMEN'S HIGH SERIES — Evelyn Johnston, 204—586.

Friday Twilight Men
HIGH GAMES — Stewart Cox, 220; Bill McVay, 214; Arnold Jeffery, 213. HIGH SERIES — Harold Hadden, 203-205—611.

AIRWAY LANES
Monday Sunnyvale Chapel

MONTCALM BOWLING CENTER
Saturday Mariment Baptist Church
HIGH GAMES — Arnie Vaught, 233; E. A. Lundeen, 204; Rod Athaeler, 213; Ollie Hughes, 201. SPLIT CONVERSION — Dave Brooks, 3-7-10.

HURON BOWL
Monday Morning Blind
MOST PINS ABOVE AVERAGE — Irene Palen (106 avg.), 129-136-129; Mary Chase (46 avg.), 85-88; Maxine Yontz (64 avg.), 99-101-109. SPLIT CONVERSION — Mrs. Yontz, 5-10. TEAM POINTS — Mrs. Roberts, 39½; Mrs. Lohr's, 35½; Joe Green's and Mike Maxwell's, 34 each.

MSU Wins in Conference Hockey Event

MADISON, Wis. (UPI) — Defending champion Minnesota overpowered Ohio State, 10-1, and Michigan State upset Wisconsin 3-2 Thursday night in the first round of the Big Ten Second Annual Hockey Tournament.

Michigan State advanced to Saturday night's finals. Minnesota will meet Michigan Friday night for a berth in the title round, as Michigan had an opening bye in the five team meet. Wisconsin will meet Ohio State Friday night.

Michigan State 3-7 for the season, scored the winning goal at 9:37 of the third period on a shot by Bob Pattullo, assisted by John Juntikka. Pattullo's goal broke a 2-2 tie.

Wisconsin scored in the second period on a Dave Smith goal and in the third period on a shot by Mike Cowan. The Badgers now have an 8-5-1 record.

Novi 5 Loses in Tourney

Novi, a 60-54, loser to Airport in the Milan Holiday tournament meets Holly tonight.

Leading by eight points at halftime, Novi was outscored 20-6 in the third quarter. Lee Snow and John Van Wagner each had 16 for Novi.

Fewer than one-third of all West German employes belong to a trade union, and total union membership dropped by 2 per cent during 1967, to about 6.4 million.

Trading Is Moderate

Mart Continues Mild Recovery

NEW YORK (AP) — The stock market continued a mild recovery early this afternoon in moderate trading.

Gains outnumbered losses by something over 100 issues on the New York Stock Exchange.

★ ★ ★

The Associated Press average of 60 stocks at noon was up .7 to 360.7, with industrials up 1.1, rails up .2, and utilities up .4.

★ ★ ★

Most steels were a little higher. Industry sources reported that orders for steels were leveling off at a healthy position.

Motors presented a mixed pattern. Chrysler was down a point. Ford gained a fraction, as did General Motors. American Motors eased.

AVERAGE UP

Chemicals were irregularly higher. Price increases have been in the news recently in the chemical industry.

★ ★ ★

The Dow Jones industrial average at noon was up .81 at 955.06.

★ ★ ★

The average backed away from a gain of 2.55 in the first half hour. Analysts saw the mar..et as relying chiefly on a technical strength after a string of declines accompanied by reports of higher interest rates and tighter money.

★ ★ ★

The small gain, however, did continue Thursday's modest rise, making it look more probable that the tradition of a year-end rally, small as it might be, would be maintained.

★ ★ ★

Merrill Island Mining, up a fraction, was the most-active stock on the American Stock Exchange. Most stocks were higher. Rath Packing, up ½ at 12 on a block of 56,700 shares, ran behind Rath Packing in trading volume.

1968 IN GRAPHIC REVIEW

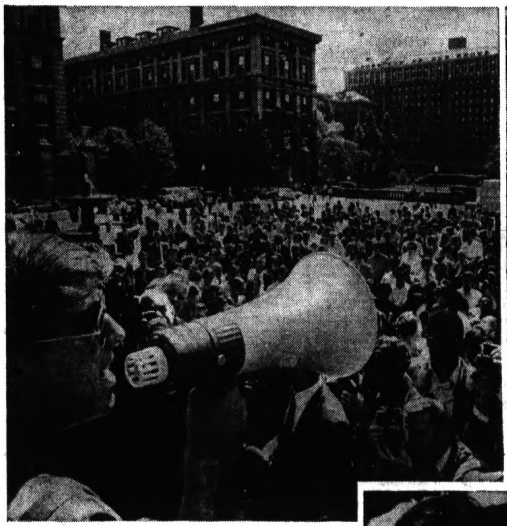

IN A PHOTO FINISH, Republicans Richard M. Nixon and Spiro T. Agnew were elected president and vice president. What promised to be an uninteresting election year brought many surprises, such as the drop-out of LBJ from the presidential race, a Democratic convention marred by riots and violence, a last-minute push that almost carried Hubert Humphrey to victory and the astounding Nixon comeback.

RESURRECTION CITY, a community of tents and plywood buildings, rose alongside Reflecting Pool in Washington, D.C., after a Poor People's March led by the Rev. Ralph Abernathy, head of the Southern Christian Leadership Conference.

HEARTS were in—and out—as transplants were conducted around the world. Here Dr. Philip Blaiberg, longest living human heart recipient, leaves Cape Town, South Africa, hospital with his wife.

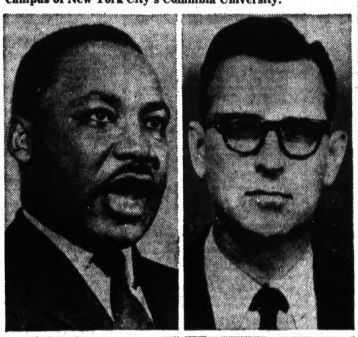

STUDENT PROTESTS swept campuses here and abroad; in Paris, expanded to a mini-revolution. In photo above, Mark Rudd, 21-year-old student leader, exhorts a crowd on campus of New York City's Columbia University.

VIETNAM WAR, heretofore limited for the most part to rural areas, exploded in the cities with the Tet offensive early in the year. After fierce fighting in Hue, above, and Saigon, Communist forces were driven back with heavy casualties on both sides. Peace talks were begun in Paris, but war's end seemed a long way off to observers.

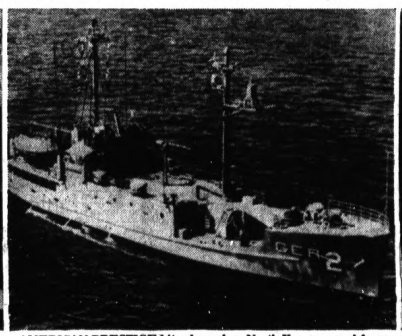

APOLLO 7, America's first manned spaceshot in nearly two years, was termed flawless, opening way for manned lunar orbit. Photo shows expended Saturn IVB as seen from spacecraft.

WEDDING OF THE YEAR took world by surprise. Jacqueline Kennedy, 39, married Aristotle Onassis, 62, on his private island off the coast of Greece. Here, they leave chapel for a reception aboard Onassis' luxurious yacht.

AMERICAN PRESTIGE hit a low when North Korean naval force of patrol boats seized the USS Pueblo, an intelligence ship operating in the Sea of Japan. As MIG fighters circled overhead, the Pueblo was forced by Communists to put into port of Wonsan.

HEMISFAIR—this year's world's fair—was held in San Antonio, Tex. Here are the Peacock Fountain and Tower of the Americas.

ASSASSINATION of prominent Americans Dr. Martin Luther King and Sen. Robert F. Kennedy stunned supporters and critics alike. James Earl Ray, upper right, is accused in the King slaying and awaits trial in Memphis. Sirhan B. Sirhan, lower left, is charged with the RFK murder.

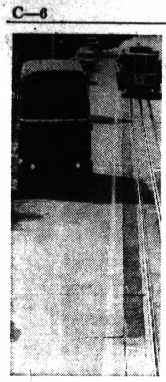

RUSSIAN TANKS rolled into Prague as the Soviet Union and four allied satellite nations invaded Czechoslovakia and seized control of the government. Czech citizens defied Moscow in acts of passive resistance. Invasion prompted second thoughts by NATO nations losing interest in the organization.

CHICAGO was not a town for toddlers during the Democratic National Convention. While delegates cheered, made speeches and marched in the aisles of the convention hall, police and demonstrators mixed it up outside in a shocking display that brought strong criticism of Mayor Daley and his methods of controlling the city.

DOUBLE-DECKER — San Francisco's famed cable cars are made for the sort of steep going for which the city is noted, but this English double-decker bus has performed nearly as well up and down the hills. The bus is owned by former Londoner Shaun Wiltshire, who imported the vehicle to have a touch of home about.

Pneumonia Claims Heart Recipient, 55

HOUSTON, Tex. (AP) — Andrew S. Perhacs, 55, a heart-transplant recipient, died Thursday in St. Luke's Episcopal Hospital.

A hospital spokesman said Perhacs of Hempstead, N.Y., died of pneumonia and there was no sign of rejection of the new heart he received Nov. 9.

* * *

The spokesman said an autopsy was planned.

Perhacs received the heart of an unidentified woman. The donor's two kidneys and a lung also were transplanted into other recipients. The lung recipient died.

Baby Deserted

DETROIT (AP) — Police are looking for the mother of a one-day-old Negro baby found in a garbage can in Detroit on Christmas day. The infant boy, weighing 6 pounds, 14 ounces, was reported in good condition in Children's Hospital. He was discovered by a 10-year-old boy who had started to empty garbage into the can.

Death Notices

ALLEN, ARLENE J.; December 26, 1968; 155 Pingree Street; age 56; beloved wife of O. G. Allen; dear mother of Mrs. Charles (Marlene) Wheeler, Eddie G., Sharlee and Kathy Allen; dear sister of Francis and Kenneth Cornell; also survived by two grandchildren. Funeral service will be Saturday, December 28 at 9 a.m. at St. Michaels Catholic Church. Interment in Mt. Hope Cemetery. Mrs. Allen will lie in state at the Voorhees-Siple Funeral Home. (Suggested visiting hours, 3 to 5 and 7 to 9.)

BACON, CLIFFORD D.; December 27, 1968; 2195 Garland; age 66; beloved husband of Lillian Bacon; dear father of Mrs. L. Jay (Marjorie) Clark; dear grandfather of Mrs. Fred Putman and Larry Gravelle; also survived by five great-grandchildren. Funeral service will be held Monday, December 30 at 1:30 p.m. at Huntoon Funeral Home with Rev. Charles Reed officiating. Interment in Perry Mount Park Cemetery. Mr. Bacon will lie in state at the funeral home.

CHURCH, MYRON D. J.; December 23, 1968; 304 Pioneer; age 66; beloved husband of Helen B. Church; dear father of Robert M. Church; dear brother of Mrs. G. H. Stephenson, William S. and James R. Church; also survived by two grandchildren B.P.O.E. No. 810 will conduct a Lodge of Sorrow, Saturday, at 8 p.m. at the Donelson-Johns Funeral Home. Funeral service will be held Monday, December 30, at 1 p.m. at the funeral home. Interment in White Chapel Cemetery. Mr. Church will lie in state at the funeral home after 7 tonight. (Suggested visiting hours, 3 to 5 and 7 to 9.)

EDSON, ROSA; December 26, 1968; 49 North Midland Street; age 82; dear mother of Mrs. Nina McQuaid, J. C., Donald V. and Herbert Edson; dear sister of Irene, Mike and William Salisbury; also survived by nine grandchildren and 20 great-grandchildren. Funeral service will be held Saturday, December 28, at 1:30 p.m. at the Voorhees-Siple Funeral Home with Rev. Charles A. Davenport officiating. Interment in Mount Avon Cemetery. FOR FAST ACTION
NOTICE TO
ADVERTISERS
ADS RECEIVED BY 5 P.M.
WILL BE PUBLISHED THE
FOLLOWING DAY.

"All errors should be reported immediately, or no later than the day following publication. If no notification of such error is given before that time, it will be assumed the ad is correct. The Press assumes no responsibility for errors after that, to cancel the charges for that portion of the first insertion of the advertisement which has been rendered valueless through the error.

The deadline for cancellation of transient Want Ads is 9 a.m. the day of publication after the first insertion. When cancellations are made be sure to get your "KILL NUMBER." No adjustments will be given without it.

Closing time for advertisements containing type sizes larger than regular agate type is 12 o'clock noon the day previous to publication.

CASH WANT AD RATES

In Memoriam 2

IN LOVING MEMORY of Helen Kobulnicky, who passed away December 27, 1967.
God saw you getting weary,
So He did what He thought best.
He came and stood beside you and Whispered gently, "Come with me."
You wished no one a last farewell,
Not even said goodbye.
You were gone before we knew it
And only God knows why.
Sadly missed by her Husband and Family

IN LOVING MEMORY of Cecil D Baker who passed away December 27, 1967.
A wonderful memory,
More precious than gold
Of a father whose worth
Can never be told.
Your memory is a keepsake with which we'll never part
Though God has you in His keeping
Your love and spirit remains in our hearts.
Sadly missed by daughter Barbara and family

IN LOVING MEMORY OF James and Emily Wade
Gone are the faces we loved so dear, Silent are the voices we loved to hear. Even tho' we are far apart, their love remains in our hearts. Their life was full of kindly deeds, They had hearts full of gold, That the young people need to hold.
Sadly missed by their sons, daughters, and grandchildren.

GI Dead in Viet

KALAMAZOO (AP)—The Defense Department has notified a Kalamazoo woman, Donita Burrell, that her husband, Marine Sgt. George Burrell, has been killed in Vietnam. The department said Burrell's death was not due to hostile action.

Pueblo Hero to Be Buried With Honors

SAN DIEGO, Calif. (AP) — Pueblo crewman Duane D. Hodges, described by his skipper as "a hero in every sense of the word," will be buried with full military honors Saturday in his home town, Creswell, Ore.

Hodges, 21, was the only crew member to die when the Pueblo was captured last Jan. 23 by the North Koreans.

★ ★ ★

Funeral services will be at the junior high school in Creswswell. Members of his former Navy Reserve unit will be pallbearers, and a graveside rifle salute will be fired by active duty members of the naval reserve training center in Eugene, Ore.

The sailor's mother, Mrs. Jesse D. Hodges, said Pueblo skipper Cmdr. Lloyd M. Bucher told her that Duane was "standing on deck, bending over, destroying secret papers when he was hit by enemy fire."

Hodges' body came home to the United States Tuesday along with the 82 surviving Pueblo crewmen who were held for 11 months by the North Koreans.

Two Dead in Car

DETROIT (AP)— The bodies of two Detroit youths were found Thursday in the front seat of a borrowed car parked in a Detroit garage, the victims of carbon monoxide poisoning. Police identified the two as Mary Enole, 19, and Charles Ganos, 22. The car's motor was still running when the two were found. Authorities said the deaths apparently were accidental.

Romney Fills Dentistry Post

LANSING (AP)—Gov. George Romney has announced the reappointment of Dr. Richard W. Huffman of Grand Ledge to the State Board of Dentistry.

Romney also announced one appointment and two reappointments to the Detroit Recorder's Court jury commission.

★ ★ ★

Renamed were Karl McKeehan and Mrs. Bernice E. White. The new appointee is Mrs. Marjorie McDaniels, succeeding Cassandra Lewis, who resigned.

Carol Her Devastating Best in a TV Spoof of Marlene

By EARL WILSON

NEW YORK—Carol Channing did her most devastating satire yet of Marlene Dietrich on her ABC TV taping with Pearl Bailey —and still she's confident that Marlene will not lift a leg in protest.

"Marlene and I were on the Tony Awards show this year and Marlene told me she'd never objected," Carol told me at a swinging party later at the Rainbow Room.

"I had to add a couple of things, such as when I come on, I say, 'Voodn't you teenk dere'd be more applause for Marlene Dietrich?' just to let everybody know who she is."

★ ★ ★

WILSON

Carol has Marlene gutturally growling "Gott in himmel!" at mention of Brigitte Bardot and going "Pttt!" at the name Sophia Loren. Then Carol has Marlene's beautiful leg and shoe getting caught in a chair. Carol tugs madly to get it loose. It's a classic.

"I did it in Las Vegas and Lucille Ball later told me I shouldn't satirize a great legend like Marlene," Carol explained.

"The next week Lucille took off not only Marlene but also 'Hello, Dolly!' "

Our Fearless Forecast is that it will be a highlight of 1969 TV and that Marlene, being the good sport that she is, will approve and applaud.

★ ★ ★

Pearl Bailey ran wild at the taping with asides, an extra word here and there, some kidding of the director, and running behind the curtain instead of in front of it. Carol said "The boss of ABC is out there. You'd better get scared." Pearl shot back: "There's David Merrick out there. That's the only one I'm scared of."

THE MIDNIGHT EARL . . .

David Black, producer of "George M!" will team up with **Ed McMahon,** who's to be executive producer of the Inaugural Gala in Washington Jan. 18, in bringing in the top stars. They've been friends since **McMahon** stepped into a vacation spot for **Alan King** in "The Impossible Years" which **Black** produced.

Lauren Bacall and estranged husband **Jason Robards** were together at the "Seagull" premiere, and arrived together at the party at **L'Etoile** . . . After **David Elsenhower's** bachelor party at Bill's Gay '90s, a bartender told him, "Come back some time —bring your in-laws."

TODAY'S BEST LAUGH: Flip Wilson claims nudity on B'way is getting out of hand: "One actor lost a job because his navel wasn't right for the part."

WISH I'D SAID THAT: Victor V. Murray says he doesn't mind wearing some real he-man perfume—as long as he has his choice of **rye** or **Scotch.**

REMEMBERED QUOTE: "The only reason the average American family doesn't own a hippopotamus is that it hasn't been offered to them for a dollar down and a dollar a week."

EARL'S PEARLS: Lou Brecker of Roseland insists that lots of married couples do hold hands in public—if they happen to be sitting next to someone who appeals to 'em.

Danny Simon asked his doctor what he'd advise the ailing astronauts when they were hit by flu. The doctor said, "Oh, the usual—stay indoors a few days and keep out of crowds." **That's earl, brother.**

(Publishers-Hall Syndicate)

A Look at TV

Apollo Use of Color Eyed

BY EDWARD K. DELONG

SPACE CENTER, HOUSTON (UPI) — Even as the Apollo 8 astronauts were presenting their last live telecast of their Christmas moon-flight yesterday, engineers on the ground were figuring out ways to fly a tiny color camera aboard future Apollos.

The camera used inside the moonship is an electronic marvel, weighing less than five pounds, but it can transmit only black and white pictures.

★ ★ ★

Pictures from space, such as the view of earth's globe which Frank Borman, James Lovell and William Anders featured in the last yuletide telecast, lose much of their impact without colors.

The shot of earth from 111,633 miles out, for instance, showed clouds covering much of North and South America. But in black-and-white, the clouds and the land appeared as similar shades of gray despite the sharp image transmitted by the camera.

RICH COLORS

In color the land would have stood out in rich greens and browns surrounded by royal blue seas and topped by puffy white clouds.

Engineer Max Mesner of the Radio Corporation of America, the man who built the camera now used in Apollo, said a color camera would be possible before men land on the moon next summer.

★ ★ ★

"We think it could be made a little bit larger," he said.

"This is just an idea right now, but it's an idea based on some very sound principles."

Weight is a big factor in Apollo, and squeezing a television camera down small enough to be carried in the moonship and to operate off its limited electrical current was a triumph of the new technology of miniaturization.

SMALL ENOUGH

The Apollo camera is small enough to fit into the glove compartment of a car. It has both a wide angle and a telephoto lens. Built with miniaturized integrated circuits—specks of crystals carrying entire arrays of electrical components — it requires only six watts of power, compared with 500 watts for a studio camera.

Lower power means it uses a different scanning system from a regular TV camera, producing 320 horizontal scan lines per inch compared with 525 lines for broadcast television.

★ ★ ★

Because of this, ground station converters are needed to convert the signal for home viewing

For Apollo 7 there were two experimental scane converters, one at Cape Kennedy and the other at Corpus Christi, Tex. By the time of Apollo 8, however, regular scan converters had been installed at stations at Cape Kennedy, Goldstone, Calif., and Madrid, Spain.

★ ★ ★

These new converters resulted in a marked improvement of Apollo 8's television.

There was better shading, sharper contrast and much greater detail than seen during Apollo 7 telecasts

Mesner said the National Aeronautics and Space Administration has no plans to put color cameras in future Apollos, but added it could be done.
