Up to Legislature, Says Williams

Awaiting Seaway Boom

KEY TO SAGINAW'S GROWTH — The Saginaw River, one of the foundations of past development of the city of Saginaw, is also a key to its future, officials believe. They're hoping the opening of the St. Lawrence Seaway will attract more ships into the river — and more industries into the area. The river now is used by ships carrying primarily coal and stone, pig iron, grain and petroleum products.

River Has Vital Role in Saginaw's Future

SAGINAW — Water, important in Saginaw's past, will play an equally important part in its future growth and development, local residents believe.

The Saginaw River, which bisects the city, carried enough logs before the turn of the century to make the town one of the lumber capitals of the world. Local officials aren't expecting Saginaw to become one of the world's major ports, but they're counting on the St. Lawrence Seaway and the Saginaw river to bring more ships, industry and people to the area.

★ ★ ★

The city is represented on a three-county committee currently investigating the potential of a Saginaw river port, including facilities necessary to attract a bigger volume of lake shipping. A $5.9 million river dredging job, soon to be launched by the federal government, will make navigation easier.

A diversified industrial town, Saginaw also lies in the center of one of the richest agricultural districts of the state. Officials ex-

Area Lawmaker Urges Land Tax

Rep. Clarkson Suggests Bill to Collect Part of Property Value Hikes

Rep. James Clarkson (D-Southfield) has come up with a new idea for raising money for Michigan's dwindling treasury, but he has little hope the measure will get past the discussion stage.

Clarkston suggests a tax be put on state land values.

He estimated it would pour about 80 million dollars annually into the state treasury, based on current land values.

Under the plan, the state each year would collect an amount equal to one per cent of the assessed value of land in each taxing district.

"This is not a property tax and it has nothing to do with improvements on the land," Clarkson said. "Basically, it levies a tax on the unearned increment landowners realize as land values go up.

★ ★ ★

As an example of what I mean," he said, "the state builds a superhighway. Immediately land values in that area zoom up. The landowner has done nothing to earn that money. It is the state which has created the new value; yet it doesn't realize a penny of it. This bill would return to the state part of what it rightly deserves."

Technically, he said, it is a specific tax and therefore not subject to the 15-mill constitutional limit on property taxes.

Collection costs would be nominal, he said, because local taxing districts already operate needed machinery.

"I entertain no illusions that the Legislature will adopt the bill this year," Clarkson said. "My main idea is to call attention to an area of taxation that has been overlooked.

★ ★ ★

"We tax incomes, property, manufactured products, but we completely by-pass land values," he said.

Clarkson predicted land speculators would mass to fight the proposal. "If enacted," he said, "the plan would tend to bring down land costs in developing areas where speculators have priced them above their worth."

Senate Pushes for Final Vote on Labor Bill

'Rights' Change May Be Rescinded as Southern Dems Reconsider

From Our News Wires

WASHINGTON (AP) — The Senate resumed debate on the Kennedy-Ervin labor reform bill today and planned to remain in session until late tonight pushing for a final vote.

The session opened two hours early and the senators quickly rejected by voice vote an amendment offered by Sen. Clifford P. Case (R-NJ).

★ ★ ★

Case's amendment would have knocked out a provision of the bill exempting from financial reporting requirements any union having fewer than 200 members or less than $20,000 annual gross recepits.

There have been numerous efforts to alter the bill, but thus far only a "bill of rights" amendment offered by Sen. John L. McClellan (D-Ark) has met Senate approval — and that by a single vote.

Sen. Hubert H. Humphrey (D-Minn) flew back to the West Coast today after a brief huddle with sponsors of the anti-racketeering measure.

THINKS LIBERALS SAFE

Humphrey's office said he now believed there would be sufficient votes to "carry the liberal position" against further efforts to amend the measure. But A spokesman said he would be "prepared to hop back in a hurry if it becomes necessary."

★ ★ ★

Humphrey was on a West Coast speaking tour when the McClellan amendment passed. He flew back to Washington yesterday for the strategy session.

The liberal faction expressed hope it would be able to overturn the "rights" amendment, and Southern senators were being recruited to help in the fight.

Sen. John Stennis (D-Miss) told a newsman he was having second thoughts on the amendment and that he believed some of his Southern colleagues were, too.

★ ★ ★

The amendment, by Sen. John L. McClellan (D-Ark), was adopted 47-46 Wednesday, largely on the votes of Republicans and Southern Democrats.

A host of other amendment proposals awaited action as the senators moved into what most hoped would be the final day of

Inter-County Group Declines Stand

Supervisors Debate Tax

The Supervisors Inter-County Committee yesterday toyed with the idea of endorsing a 2 cent increase in the state sales tax, but then backed away from taking any stand on the issue.

The brief floor debate helped enliven the committee's monthly meeting held at the Botsford Inn.

Delos Hamlin, chairman of the Oakland County Board of Supervisors, was re-elected without opposition to his second year as chairman of the six-county group. Bernard Kalahar of Macomb County, was re-elected to another term as vice-chairman.

Discussion over the sales tax was touched off after the committee's Special Projects Committee asked support for it.

After Hamlin said, "I doubt the wisdom of this group getting into this political squabble," Kalahar moved the matter be tabled "until the minds of the legislators have dwelt a little further on state financial problems."

★ ★ ★

But a show of hands was asked for of those favoring the controversial sales tax increase. Some 25 went up. Up popped Wayne Supervisor Ed Connor, too, who objected, saying the show of hands was "not a true reflection" and in no way represented a stand of the SICC.

Earlier, the committee planned a meeting with the Michigan Municipal League at which time it will map a joint effort to assure counties and schools a share of any tax increase program the Legislature might adopt.

★ ★ ★

Frederick C. Matthaei, chairman of the Detroit Olympic Games Committee and newly-elected University of Michigan regent, told the committee of the impact the 1964 Olympics would have on the six-county area should Detroit be awarded the games then.

He said his committee doesn't concede the games to highly favored Tokyo. Matthaei will be in Munich May 22 to put in Detroit's sixth bid for the world famous games.

Mrs. Luce Receives Committee Backing

WASHINGTON (AP) — The nomination of Clare Boothe Luce as ambassador to Brazil is scheduled to go to the Senate next Monday.

The Senate Foreign Relations committee recommended approval of the nomination Thursday. The vote was 16-1.

Sen. Wayne Morse (D-Ore), who cast the opposition vote, said he will continue his fight against the nomination on the Senate floor.

Morse opposes Mrs. Luce because of remarks she made about Franklin D. Roosevelt in the 1944 presidential campaign. He also claims she intervened in Italian elections while she was ambassador to Rome.

To Probe Jobs Issue

LANSING (AP)—A group of Democratic legislators will probe unemployment problems in the Lansing and Flint areas at a public hearing Saturday morning in the Flint Public Health Auditorium. The hearing is the first of a statewide series planned by Democratic lawmakers to help local communities cope with joblessness.

April Showers to Give Area Needed Dousing

A rainy weekend is in prospect for the Pontiac area.

Showers have been forecast for tonight and scattered showers and cooler temperatures Saturday. Tonight's low will be a mild 50 degrees, the weatherman says.

Temperatures for the next five days will continue cool with the high averaging near 54-56 and the low 35-41. The mercury will rise again about Tuesday or Wednesday with a warming trend.

Precipitation will total one-tenth to two-tenths inches in showers tonight and Saturday.

The lowest recording in downtown Pontiac preceding 8 a.m. was 50 degrees. The reading at 2 p.m. was 54.

Trio Foiled as Safe Bogs Down

Three men who stole a 700-pound safe from Jack Cole's Plymouth Sales, 1000 W. Maple Rd., Walled Lake, early this morning, apparently found "the long haul a little too much for them," said Walled Lake Police and sheriff's detectives.

★ ★ ★

Being held at the Oakland County Jail for investigation of a safe burglary are Raymond B. Schermerhorn, 28, and his brother Robert, 27, both of 2716 Woodlawn St., Oakley Park.

Under police guard at Pontiac General Hospital is Carl E. Hess, 18, of 960 Adelaide Dr., Walled Lake. Hess passed out when arrested. He was described in fair condition. Detectives said the other men denied any connection with the burglary.

Shortly before 4 a. m. today an anonymous caller told Walled Lake Police "someone is dragging something down Woodlawn street dropping checks."

★ ★ ★

Patrolman Robert Newman went to the scene and followed the trail of checks to a beach on Commerce Lake. On the beach were three men, three cars, and a safe.

He fired several warning shots and shouted, "Stop or I'll shoot." Two escaped, but Newman found Hess lying in the sand where he had buried $150. Hess admitted the burglary and named the brothers as the other parties involved, detectives said.

According to Walled Lake Police Chief James A. Decker and sheriff's detective Leo Hazen, Hess said Robert Schermerhorn had a key to the Cole establishment and the three entered, loaded the safe into one of Cole's trucks, and took it to Schermerhorn's house.

Then they returned the truck and "broke a window to make it look like a breakin," Hess was quoted as saying.

This is the story he told police:

After taking an estimated $200 to $500 from the safe, they dragged it to the beach with Schermerhorn's car.

★ ★ ★

The car got stuck in sand on the beach. The men got Schermerhorn's other car to pull it out. That got stuck too. Then they stole a neighbor's car but didn't succeed in rolling the safe into the lake or freeing the two stuck cars before police picked up the trail of checks four blocks long.

The Schermerhorns were picked up later at home.

He's 'Appalled' at Rejection of Funds Bill

Hopes That Senate Will Reconsider as Payless Days Near

LANSING (AP) — Gov. Williams said today "it's up to the Legislature" to stave off a financial breakdown.

"The administration has done everything it can to give the Legislature the opportunity to maintain governmental operations and functions," he told newsmen.

As the state edged toward a payless payday May 7 for 32,000 employes including prison guards and college teachers, lawmakers knocked off for the weekend after brief morning meetings.

Simultaneously, the governor summoned the State Administrative Board into a special meeting to go over the situation and start a study of priorities that might be effected in allocation of available funds.

Williams said he hoped that Monday night the Senate will reverse yesterday's refusal to pass the Beadle plan for state treasury relief through cashing state veterans trust fund securities.

Treasurer Sanford A. Brown, reiterating that money was not in sight to pay out poor relief funds due counties next Friday, echoed Williams' statement about the Legislature.

DECISION THEIRS

"The decision is theirs; I'm out of money," he said.

The trust fund bill was the only financial life preserver in sight.

★ ★ ★

The Senate, in action branded by Gov. G. Mennen Williams as "simply appalling," yesterday rejected, 11-22, a bill to avert fiscal collapse by sale of trust fund securities.

But there was a flicker of hope for ultimate passage after only 11 senators voted for a follow-up motion that would have killed off all chance for reconsideration of the showdown vote.

A move to reconsider is expected to be made Monday night by the lawmakers, who may be the first to feel the pinch of payless paydays.

A payroll of $48,300 is due next Thursday for legislators. Around five million dollars will be due other state employes a week later.

WELFARE TO SUFFER

State Treasurer Sanford A. Brown said universities, already 15 million dollars behind in receipt of state funds, would get the six million dollars due them May 13.

But he said a halt will be necessary in payment of about 14 million dollars due to the counties by that date for welfare.

★ ★ ★

Just before the vote, Brown sent the Senate a thumbnail sketch of the state's cash position—now and as anticipated May 15.

In three weeks, he said, if every dollar in sight for any purpose was used and all obligations were paid up the state would fall 33 million dollars short of making ends meet.

But the lawmakers were not swayed.

Tired and dejected, Sen. Frank Beadle of St. Clair, GOP majority leader and author of the plan, doubted the plan will pass. A Democratic leader predicted it would.

The Beadle bill, which provides for systematically rebuilding the 50 million dollar fund, polled 11 affirmative votes, seven of them Democratic. Twenty two senators opposed it, 17 Republicans and five Democrats.

★ ★ ★

Beadle, whose position as party whip carried no weight in the debate yesterday, warned payless paydays would "add another glow to Michigan's black eye."

"I'm thinking of the merchants in Lapeer, Traverse City, Caro, Coldwater, Pontiac, Kalamazoo and all the other places with state institutions," Beadle said.

The legislators are eying a June 19 quitting date for their business session with final adjournment possibly about a month later.

Atlantic to Great Lakes Opener

Ships Line Up for Historic Seaway Run Tomorrow

MONTREAL (UPI) — Ships were lined up like theater fans outside the box office of a Broadway hit today, waiting to be among the first vessels to use the long dreamed of St. Lawrence Seaway when it opens Saturday.

The 475-million-dollar 130-mile waterway, putting Great Lakes ports on the international shipping routes of ocean-going vessels, will open for business beginning tomorrow, but the official opening is scheduled for June 26, with Queen Elizabeth II and President Eisenhower officiating.

★ ★ ★

Dozens of ships steamed up the St. Lawrence River this week, taking places in a line that was expected to reach a total of 70 vessels by Saturday morning.

The Canadian Transport Department's icebreaker D'Iberville will lead the way on the first journey, carrying government officials, members of the Canadian Parliament, newsmen and photographers.

But the first ship officially to pass through the seaway as a toll-paying customer will be the Canada Steamship Lines' "Simcoe."

The Simcoe will be followed by the "Prescodoc," operated by N. M. Patterson and Sons.

USE PRIORITY SYSTEM

These first ships to pass through the seaway are vessels that always operate on inland waters. A priority system was set, providing that inland ships that wintered in Montreal would pass through the seaway ahead of ocean-going craft.

After the opening of the seaway, however, ships will enter the route in the order of their arrival at Montreal and notification that they are ready to steam ahead.

The first ocean-going vessel to enter the waterway will be the Dutch liner Willem George Frederick." It will be fifth in the line of ships traveling into America's heartland.

The United States Navy plans to send a fleet of 28 warships down the seaway this summer. Hundreds of pleasure craft are expected to swarm through the waterway in mass excursions organized by yacht clubs.

Transport Minister Hees announced in the House of Commons Thursday that a voluntary pilotage system is being established for the seaway, especially for the tricky route from the Welland Canal to Lake Huron.

Construction of the 27-foot-deep water highway began in 1944, after years of debate and planning.

Essentially, the seaway is the same route from the Atlantic to the Great Lakes that has been traveled since 1908. But a new system of canals and channels has made the route deep enough for large ships. The old route had a depth of only 14 feet.

Tolls to finance the project, jointly sponsored by the United States and Canada, will be 6 cents per gross registered ton for each

(Continued on Page 2, Col. 3)

ANXIOUSLY AWAITING SEAWAY RACE — With the opening of the St. Lawrence Seaway tomorrow morning, 70 to 80 ships from nations all over the world are anchored here at Lanoraie, Quebec, 30 miles east of Montreal, ready and hoping to be one of the first through the locks. However, they are scheduled to follow in convoy behind the Canadian icebreaker d'Iberville when she enters the seaway at 9 a. m. This will unofficially open the Great Lakes to ocean-going commerce. The official date is June 26, when the President of the United States and the Queen of England will be present to do the honors.

City May Hire Firm to Guide Centennial

Four women were appointed today to the Pontiac Centennial Advisory Committee and Mayor Philip R. Rowston suggested the possibility of hiring a professional consulting service to guide plans for the celebration, centering around the March 15, 1961 centennial date.

Accepting appointments were Mrs. Paul Gorman, past president of the Pontiac PTA Council and the Pontiac Federation of Women's Clubs; Mrs. George W. Gray Sr., president of the Wever-Owen-Hawthorne Community Club; Mrs. Myrtle Hillerman, president of the women's clubs federation; and Mrs. William McClure, past president of the Pontiac General Hospital Women's Auxiliary.

Rowston stressed that the word "advisory" had been added to the name of the 24-member committee.

"The committee will be asked to help out in the initial planning stage," the mayor said. "But planning will eventually become so involved that I believe the services of a full-time, professional agency will be necessary."

The mayor said he was considering asking the committee to set up a non-profit corporation to handle the financial end of the year-long centennial program which officials hope to stage.

He said that within two weeks, the committee probably will be invited to meet with representatives from a professional centennial advisory agency, with an aim to hiring the agency eventually to plan the centennial program.

Centennial planning gained momentum yesterday when Rowston and John W. Hirlinger, manager of the Pontiac Area Chamber of Commerce, visited with officials in Lansing, which is celebrating its centennial this year.

A representative of the Lansing centennial committee will be asked to meet with the Pontiac group, Rowston said.

The mayor also believed he would call a public meeting soon, at which initial proposals for the centennial celebration could be aired.

Twenty business and professional leaders were named to the committee at the City Commission meeting Tuesday night.

River Has Vital Role in Saginaw's Future

(Continued From Page One)

pect bean and grain crops could be among the area's most important seaway export items.

★ ★ ★

Besides the river, Saginaw also looks to its water supply as a drawing card for new development. In cooperation with Midland, a city less than 20 miles to the north, Saginaw in 1948 put into operation an $11.5 million water supply system.

The system, which draws its water from Lake Huron south of the Tawases, boasts a capacity of 71 million gallons of water daily. The cities have been using an average of approximately 20 million gallons daily in recent years.

Saginaw had a lot of catching up to do after World War II. The city's public works program limped along for years, hampered first by lack of tax money, then by lack of materials and labor.

★ ★ ★

In the past 10 years, the city has been busy providing the so-called necessities. A new sewage disposal system was constructed in 1951 at a cost of $8 million. Saginaw voters in 1954 approved a $5 million bond issue to start construction of a long-awaited trunk and relief sewer system. In 1957, they provided the funds to finish the sewer plan by approving a $3.6 million bond issue.

Industry has grown steadily in Saginaw. Eight General Motors plants are located in the city and metropolitan area. Numerous other industries—more than 200—insure a stable labor supply.

Like many of Michigan's industrial towns, Saginaw has been faced with problems of housing and slums. With federal aid, the city in 1956 opened a new 236-unit public housing project. Plans for a second 129-unit project are in the final stage, with construction scheduled to start this summer.

★ ★ ★

The city also is attacking blight and slum conditions. Final planning is under way for the city's first slum clearance and redevelopment program, estimated to cost $4.2 million. The city has chosen more than 400 acres of land for redevelopment for residential, commercial and industrial use.

Saginaw invested $1 million in parking facilities in its central business district in 1957 with construction of a three-deck parking structure. Numerous other parking lots were established to ring the downtown area.

Like many cities, however, Saginaw still suffers from downtown deterioration. A committee of merchants and businessmen is currently at work drawing up recommendations on what can be done to revitalize the business district. The committee was appointed by Saginaw's mayor.

Saginaw's residents also have gone ahead on a school building program. A new 10-year pay-as-you-go building program gets under way in July, financed with a three-mill tax levy. The three-mill levy replaces a four-mill program which started in 1950.

★ ★ ★

School officals expect the program will relieve current overcrowded conditions, replace old schools, and keep up with future school needs.

What's ahead for the future? Planning officials predict Saginaw, which now has an estimated population of 105,000, will have 280,000 people within its metropolitan area in 1980. A new comprehensive plan for the entire area is now on the drawing board, a plan expected to map the way toward meeting the community's future needs.

Senate Seeks Vote on Labor Legislation

(Continued From Page One)

debate on the hotly disputed measure.

Remaining to be settled are three major issues:

1. Whether to write in a provision strengthening the Taft-Hartley law sections aimed at secondary boycotts.

2. Whether to insert a provision sharply limiting organizational picketing.

3. Whether to try to modify or knock out the bill of rights amendment.

The Senate acted on 18 amendments in an 11-hour session Thursday.

CHANGE ADOPTED

One of those adopted would forbid a railroad, trucker or other interstate common carrier from agreeing with his employe not to haul products of another firm involved in a labor dispute. The Teamsters Union has insisted on such "hot cargo" clauses in most of its contracts.

Sen. John F. Kennedy, chief sponsor of the bill, said he thought that amendment would reduce the demand for a ban on other kinds of boycott. But McClellan said he would seek one.

Stennis made his comments about the bill of rights amendment after a huddle of Southerners with Majority Leader Lyndon B. Johnson (D-Tex).

He said he believed some Southerners did not understand the full implications of the amendment. He said some of its provisions—including one to give the secretary of labor broad authority to seek court injunctions—have been compared with those in the 1957 civil rights bill, which Southerners fought bitterly.

vessel, 42 cents per ton of bulk cargo and 95 cents per ton of general cargo. That is for the use of the full length of the seaway. Lower rates will be charged for voyages covering only part of the seaway route.

QUEEN'S YACHT DUE

The British royal yacht Britannia will sail a 3,000-mile route through inland waters this summer during the Queen's Canadian tour. The Britannia's toll for traveling through the seaway will be $346.16 each way, but the Canadian government plans to pay the bill for the Queen.

Earlier plans called for opening the Seaway last Monday, but ice conditions on the St. Lawrence and in Lake St. Louis, the first lake along the seaway route, forced a delay.

The first ocean-going ships destined for the seaway began arriving in the Montreal area two weeks ago, waiting for the signal to pay their first visits to the ports of Buffalo, Detroit, Toledo, Cleveland, Chicago, Milwaukee, and other Great Lakes cities.

Both the United States and Canada expect a great boom in shipping traffic to result from the seaway, resulting in new sources of prosperity for cities and towns on the Great Lakes. These towns will operate on a par with ocean ports, handling large ships and cargoes.

Lionel Chevrier, the first president of the St. Lawrence Seaway Authority and one of the architects of the project, said that one firm prediction could be made about the seaway's future.

"Iron ore and wheat will be the backbone of the seaway," he said.

Area Youths Get Jail, Fine on Drink Charge

Two Waterford Township minors were arrested by Pontiac Police early today and charged with illegal possession of intoxicating beverages.

The pair, John W. Bunnell, 17, of 5491 Elizabeth Lake Rd., and John H. Soderberg, 20, of 494 Shoreview Dr., pleaded guilty to the charge.

Each was sentenced to two days in jail and a $15 fine or five days by Municipal Judge Cecil B. McCallum.

Bunnell also pleaded guilty to reckless driving and was fined $25 and four days in jail or nine days.

Drayton Plains Man Found Dead in Auto

Oakland County sheriff's deputies found a Drayton Plains man, Charles L. Fishell, 28, of 2317 Denby St., dead in his auto last night on Clement road near Foster road in Springfield Township.

Deputies said Fishell apparently took his own life, Oakland County Deputy Coroner Dr. R. W. Bullard of Clarkston, pronounced him dead of carbon monoxide poisoning.

His body was taken to the Lewis E. Wint Funeral Home in Clarkston.

Bikes to Parade Sunday

The Pontiac Optimist Luncheon Club will top off its campaign to license all bicycles in Pontiac with a big Bicycle Parade at Pontiac Northern High School Sunday at 2 p.m.

The objective will be to select the "best dressed bikes". All children in Pontiac owning bicycles are eligible to enter.

George Tuson, of the Optimist Club, is chairman of the event.

The decorated bikes will be judged by John A. Dugan, Pontiac city commissioner, James Casey of radio station WPON, and Harry Reed, Pontiac Press managing editor.

Top prize will be a brand new bicycle. Second prize will be a radio. The third place winner will get a record player.

There will be 15 prizes in all. They include a speedometer, baseball bat, saddle bag, directional signal, baseball glove, roller skates, sun glasses and three cameras.

There will be free ice cream for all contestants. The awards will be presented by Patrolman James Lafnear of the Pontiac Police Dept., who will talk to contestants on bicycle safety.

Each contestant will be given a free reflector for his or her bicycle.

Area Pair Lost on Plane Trip to Arizona

Two area men aboard a light plane have been reported missing on a flight to Arizona.

The Civil Air Patrol launched a search today for the craft being flown by Milton A. Cunningham of 27032 Brush St., Madison Heights, with John Hackstock of 426 Grove St., Clawson, as his passenger.

The pair took off from Berz Airport on Maple road, Troy at 7:30 a.m. yesterday to deliver the single-engined Aeronca Champ to a buyer in Arizona.

They landed at Sturgis at 10:30 a.m. to refuel and were scheduled to make another stop at Springfield, Ill. They never arrived.

Cunningham, a Madison Heights fireman, was flying the plane to Arizona for Lloyd Town, the owner. Hackstock, unemployed, roomed at Town's Clawson home.

Jail Negaunee Man for Molesting Tots

A Negaunee man pleaded guilty yesterday to molesting young children and was sentenced 30 days in the Oakland County Jail by Municipal Judge Maurice E. Finnegan.

John J. Nault, 30, was arrested Monday evening after the Police Department received complaints from parents that Nault was attempting to entice their youngsters into immoral acts.

Nault was previously convicted on a morals charge in July of 1955 and spent 30 days in the Oakland County Jail.

The Day in Birmingham

Eager Youngsters to Vie for Fish, Prizes Saturday

BIRMINGHAM — Parents have the solemn promise of City Recreation Board officials that winners in tomorrow's Carp Carnival will bring home only those trophies awarded by the board.

Fish caught by Birmingham area youngsters will be disposed of by the city unless parents wish otherwise, according to Robert Girardin, recreation director.

From 1 to 4 p.m., the shores of Quarton Lake will be a beehive of activity. Last year about 400 youngsters turned out, each hoping to be a winner in one of the several divisions.

Boys and girls, 13 and 14 years old, will compete for the longest fish caught; those under 12 years of age will care little for the size of the fish as they will be judged on the number of fish they catch.

Prizes also are being offered to the youngest boy and girl to compete and for the most unusual fishing equipment.

Bait will be supplied by the recreation department.

Judges will be Warren Kendall, Oakland County Conservation officer, and Mayor Harry Denyes.

Birmingham Police today urged that bicycle licenses be purchased, especially as a means of identification, in case the bike is stolen.

Police Lt. Merlin Holmquist said the annual spring pattern of bike thefts is in full swing.

"Few people keep a record of bicycle serial numbers," he said, "and, since there are few distinguishing features on a bike, recovery and proof of ownership is difficult."

Serial numbers are automatically registered with the police when a license is purchased. The $1 tag lasts the life of the bike. It is not an annual cost like car plates, Holmquist concluded.

Members of the Birmingham Kiwanis club will hold their annual toothbrush sale throughout the city tomorrow.

Proceeds are used to finance the Teenage Traffic Court and Traffic Safety School.

Financial aid is also given to the Birmingham Civil Air Patrol cadet program and Camp Oakland for underprivileged children, as a result of the sales.

Mrs. Maxine Luscombe, president of the Birmingham Soroptimist Club, Mrs. Richard Dewey, Mrs. Carl Schmidt, Fern Hotton and Helen Larkin are attending the 51st annual conference of the Midwest Region of their group, in Louisville, Ky.

Mrs. Schmidt will conduct the necrology service at the Sunday morning breakfast.

Women of the Congregational Church of Birmingham will meet at the church at 10 a.m. Tuesday to prepare plans for their "County Fair of Congregational Corners."

The fair to be held in November, will include booths of gift items.

Directors of the Altrusa Club of Greater Birmingham will meet at 6:30 p.m. Monday at the home of Mrs. Cyril Lewis, 739 Lakeview Dr. Following their meeting, the general club meeting will be held at the home of Mrs. George Oehm, 452 Park Ave. at 7:30 p.m.

130 PBKs at Michigan

ANN ARBOR (AP) — The University of Michigan initiated 130 students into Phi Beta Kappa, academic honorary society, this week at the Michigan chapter's 51st initiation ceremony. The new members came from the literary school, music school, school of education and the graduate studies school.

Beating-Robbery Reported to Police

A 56-year-old man reported to Pontiac Police last night that he was beaten unconscious and robbed by two men.

Alex Corbine, 471 Kenilworth Ave., said the pair attacked him at 7 p. m. on the corner of S. Saginaw street and Orchard Lake avenue.

They dragged him behind the Pontiac Stamp and Stencil Co. at 94 Cass Ave. and took $6 from him, Corbine said.

"Give us some money, we want a jug," Corbine was told.

Police later arrested two men for investigation of unarmed robbery and are questioning them today.

Canadian Immigrants Top Emigrants to U.S.

TORONTO (AP) — For every three immigrants who arrived in Canada last year, at least one Canadian moved to the United States.

Immigration minister Ellen Fairclough said in a speech Thursday night 124,581 immigrants were received in Canada in 1958 and 45,000 Canadians took up residence in the United States. There were 10,846 migrants from the United States to Canada.

No One Has Ever Heard It

Killer Noise Tests Rockets

LOS ANGELES (AP) — A Los Angeles firm is developing an out-of-this-world sound — but it won't be heard on your hi-fi set or anywhere else.

This sound can kill you, said William Thomas, president of James B. Lansing Sound Inc.

★ ★ ★

He explains the sound is so loud that: "You can't hear it because you would be dead before you heard it. It's perfectly capable of destroying human tissue, and a human being subjected to such high frequency sound waves actually would be homogenized—or scrambled — in seconds."

★ ★ ★

Thomas described the firm's High Intensity Sound Simulator (HISS) as a major breakthrough in efforts to simulate tremendous vibrations encountered on a trip to outer space. Vibrations on such a trip are caused by high speed and shock waves.

★ ★ ★

Lansing Sound recently got contracts from two missile manufacturers to build similar noisemakers to test electronic components used in missiles. Thomas said HISS could be used in all fields of electronics to produce more reliable electronic components through testing by high frequency sound waves.

★ ★ ★

HISS sound waves develop high frequency vibrations capable of rattling a building with an intensity greater than an earthquake, he added.

But, Thomas noted, the noisemaker couldn't be used as a death ray in wartime because sound waves dissipate rapidly in the atmosphere.

★ ★ ★

He gave this description of Hiss. It is housed in a concrete structure weighing hundreds of tons and containing many high-powered loudspeakers, powered by seven 10-kilowatt amplifiers. These devices emit sound from the small end. The sounds travel through a horn, bounce off a two-inch-thick metal plate and are dissipated in a sink containing sound-absorbing material.

★ ★ ★

How loud is this big noise? Can't say, said Thomas, because no one has ever heard it.

The only noise comparable to HISS, he added, is the close-up roar of a giant missile just as it thunders off a launching pad, powered by several hundred thousand pounds of thrust.

The entire town of Tennant, Calif., was recently donated by the International Paper Co. to the Veterans of Foreign Wars as a retirement settlement.

School Chief Pleads Guilty to Pick-Up of Girl

SPOKANE, Wash. (AP) — The president of the Spokane School Board pleaded guilty Thursday to picking up a 16-year-old girl and was sentenced to 90 days in jail for vagrancy.

Edward S. Justice, 46, a businessman and former halfback for the Washington Redskins pro football team, began his jail sentence immediately.

★ ★ ★

Justice, married and the father of two boys, admitted he picked up the girl and took her for a ride in his car Easter Sunday evening. He denied any "lewd or dissolute" conduct.

★ ★ ★

The girl, who is married but separated from her husband, did not file a complaint against Justice. Neither did she appear in court.

★ ★ ★

Justice was arrested after police received telephone calls from several persons who saw Justice and the girl together.

Justice's attorney, Harold Gleeson, said he will resign as school board president. He said his family "is sticking by him."

Zoo Will Go on Tour, Thanks to Lions Club

EVANSVILLE, Ind. (AP) — Mesker Zoo has animals, and soon it will be able to travel.

★ ★ ★

The Lions Club decided that the zoo should go to those who can't go to the zoo. It bought an old truck and is fitting it up with six small cages and four large ones. The show will go on the road in the summer.

★ ★ ★

The Lions Club put one condition on its gift. The exhibit must always contain a lion cub.

HOME AGAIN — Army Sgt. Kenneth G. Carlson, 22, of San Leandro, Calif., points to the spot on the map locating the area in East Germany where he spent 68 days in a Communist prison because he boarded a wrong train. Sgt. Carlson arrived home recently after being released following lengthy negotiations by International Red Cross officials. He said he got on an elevated train that he thought would take him to downtown West Berlin. Instead, the train went into East Germany, and he was jailed.

Doctor Can't Decide Who Is Fit to Rule

LONDON (AP) — The British medical journal Lancet said today it isn't a doctor's job to decide whether a statesman is fit to rule.

★ ★ ★

"Decisions on fitness to rule must still be left to the people," the journal said.

★ ★ ★

"If it became customary to refer such problems for medical adjudication we would not envy the adjudicator," the editorial continued. "What terms of reference could we have? How can one estimate the value of a leader without being influenced by one's own opinion of his opinions?"

The Philippines has 55 per cent of the Orient's Roman Catholics. Catholics make up about 18,500,000 of the Philippines' population of 22,000,000.

Pornography-Crime Link Hit by Judge

BOSTON (AP)—A veteran Massachusetts judge says he doesn't believe pornographic literature leads its readers to crime.

Municipal Court Judge Elijah Adlow, who has been on the bench for 30 years, said "sex violence is congenital, the type is predisposed to it. They're born that way; few get the habit from association. I doubt you can trace their disposition to this literature although a great many like to collect and read those dirty books."

His statement was made Thursday before the Massachusetts Commission on Obscene Literature.

★ ★ ★

Informed that FBI Director J. Edgar Hoover recently described pornography as a major cause of juvenile crime, Judge Adlow said "I doubt it."

They Tempted Faith

MOORESVILLE, Ind. (AP) — Mrs. J. L. Reedy was a unanimous selection for the honor of being first to drive over the town's new $150,000 bridge. The old span had collapsed two years before just seconds after Mrs. Reedy drove across.

Elderly Sitter With Heart Ill Saves Children

LONG BEACH, Calif. (AP) — A 68-year-old baby sitter suffering from a heart ailment braved flames to rescue three children from their burning bedroom Thursday.

★ ★ ★

"I prayed to God, please, no heart attack, please let me save these children," said Florence Paradis, a grandmother.

★ ★ ★

She groped through smoke and flames to rescue Timmy Braswell, 7; his sister, Marsha Anne, 15 and a brother, Johnny, 10.

Firemen said the fire probably was caused by a defective cord on an electric clock. Damage was estimated at $2,000.

Now They Drill Wells 20,000 Feet Deep

NEW YORK (UPI) — The oil industry can drill a well almost seven times as deep today as it could at the turn of the century, according to industry sources.

Figures show the world's deepest wells today penetrate 20,000 feet into the earth's crust. The deepest known well in 1900 was 3,000 feet.

Draft of Treaty Forecasts Red Strategy

Nikita's 'Kampf' Reveals Berlin Aims

By LEON DENNEN

UNITED NATIONS, N.Y. (NEA)—What will Russia negotiate about at the foreign ministers' meeting? European diplomatic sources believe the answer lies hidden in a recent Soviet document known as "draft of a peace treaty."

The draft was first presented by the Kremlin last January to 28 nations which fought in the war against Germany. But it was largely ignored by the Western powers.

However, according to a high-ranking West German diplomat familiar with each twist and turn of Soviet policy it is this draft of a peace treaty rather than Nikita Khrushchev's conflicting statements that reveals the tactics Moscow will employ at the foreign minister's conference. It also throws light on the true aims Khrushchev hopes to achieve at a summit meeting.

"Just as Hitler disclosed his plan for world conquest in Mein Kampf, Khrushchev reveals Russia's goals in Germany in his proposed treaty draft," the German said.

Here are the main points of the peace proposals Moscow will try hard to sell to the West as a realistic and over-all solution of the German question and how European experts on Russia interpret them:

1. A peace treaty should be signed separately with West Germany and Communist East Germany.

This would in effect mean Western acceptance of the legality of the Communist regime in East Germany and also an admission that Germany will remain split for an indefinite period.

2. The two German states should form a "confederation" as an initial step toward eventual unity.

Since West Germany is a democracy and East Germany a Communist dictatorship such a confederation would merely create a dangerous source of permanent tension which the Russians will always be able to use to their advantage.

3. Establish yet a third German state out of West Berlin which would be declared a "demilitarized free city."

Since Communist East Berlin is not included in the Soviet proposal West Berlin would thus become easy prey for Red subversion, infiltration and subsequent domination by the Kremlin's puppets.

4. West Germany should withdraw from NATO after the peace treaty has been signed.

This, Moscow is obviously convinced, would lead rapidly to the deterioration of the Western alliance through the economic, political and military isolation of West Germany. Eventually it will also lead to the withdrawal of U.S. forces from Europe—which is, of course, Khrushchev's fondest hope.

5. The frontiers of Germany are to be fixed as of January 1, 1959.

Thus the Russians hope to trick the West into confirming their own and Poland's right to the Oder-Neisse line territory without negotiations and excluding decisions arrived at collectively.

Moscow's draft of a peace treaty which the Russians obviously hope to use as a diplomatic weapon for Western disunity is thus seen by European experts not as the much-trumpeted security program for the Soviet Union but a bold Red thrust into the democratic bastion of the West.

It aims not only to open West Germany to Communist aggression, but also to destroy the possibility of European intergration, the common market and combined defense policies.

Nikita Khrushchev has succeeded in confusing and baffling the West by scrambling the Berlin issue like a cat's ball of twine.

But he has made no secret of his strong opposition to German unity—unless, of course, it is a Germany united entirely under Red control.

The Soviet leader made his view emphatically clear in a recent conversation in Moscow with Carlo Schmid, vice-chairman of Bonn's Bundestag and the Social Democrats' candidate for President of West Germany.

"No one really wants a unified Germany," Khrushchev told Schmid bluntly. By "no one" he meant, of course, Russia since German unity has long been a cornerstone of U.S. policy.

ROME (AP)—Two police so far are casualties of the British royal visit to Rome.

One motorcycle patrolman was hurt in a fall while escorting Princess Margaret sightseeing. Another collided with an automobile while in the princess' escort to a night club.

Queen Mother Elizabeth, visiting here with her younger daughter, thanked the police for their services. But she asked that they save themselves by taking her and Margaret through Rome's busy streets at slower speeds.

Nixon's Moscow Trip Diplomatic and Timely

Vice President NIXON's July visit to Moscow to open the American National Exhibition can be taken as a sign of the Administration's good intentions to reach "the kind of mutual understanding upon which our peaceful future depends," as President EISENHOWER put it.

Courtesy undoubtedly played a great part in the decision for this trip. If Mr. NIXON had not arranged to go to the Soviet Union sometime soon, after Deputy Premier MIKOYAN's recent visit to this country, it would have seemed to be a snub.

The Soviet exhibition in midtown Manhattan's Coliseum will open before our own in Moscow. The Russian exhibit will feature power, i. e. hydro plants, sputniks, steel mills, atomic icebreakers, while the main attraction of our display in Moscow will show what free enterprise productiveness does for American working families.

★ ★ ★

Because of his official position in this country Mr. NIXON's trip can not be regarded as routine even though it is unofficial and nothing tangible is expected of it. The visit of the second highest official of the U.S. however, is of particular importance on account of its timing. The Vice President will have an opportunity to meet the Kremlin hierarchy after the conference of Foreign Ministers and before any possible summit meeting.

★ ★ ★

Mr. Nixon's keen powers of observation and pleasing personality have made him our top ambassador of good will. In a way his Moscow trip will climax this country's effort under the 1958 cultural exchange agreement with the Soviets, the only presently available approach to resolving East-West tensions.

Kurds Threaten More Middle East Trouble

Few foreign correspondents are left in Baghdad and what little news leaks out is so censored that it's hard to know whether or not there is a major rebellion in Iraq.

It seems certain, however, that some 800 Kurdish Iraqis have returned to Baghdad preceded by their rebel leader, MUSTAPHA BARZANI. All had fled to Russia in 1947 and now are being welcomed back.

★ ★ ★

The Kurdish people themselves are spread over several nations with no state of their own. For thousands of years they have lived in Eastern Turkey, Northeast Syria, Northern Iraq, Northwest Iran and in the Soviet Union's South Caucasus. In recent times they have revolted against Turkey, Iraq and Iran with the idea of establishing a nation of their own.

★ ★ ★

No doubt President NASSER has hopes of a Kurdish revolt in Iraq and possibly Iran. The Communists long have kept the Kurds stirred up and at times have even used Soviet Kurds to agitate for "freedom" for their brothers.

But these fierce mountaineers are not likely to be of much use to Russia, Kassem or Nasser. Their sole interest is to establish a Kurdish National Republic which would include parts of all the countries in which they now live. They are a potentially serious source of trouble in the Middle East and a constant threat to peace.

Baseball Contest Ends in Two Making Closest Guess

Baseball: What with our contest ended and the Tigers in moth balls, we'll talk about something else after today.

The $250 in U.S. Savings Bonds in our baseball contest is divided equally between

Warren Robarts

of 851 Robinwood Ave., Pontiac, and

Virgil E. Newton

of 1350 Fieldway Drive, Bloomfield Hills.

It was given to the contestant who predicted as to what player in the American League would have the highest batting average on the night of April 23, and who came the closest to estimating that average.

The player who topped the league after Thursday's games was

Vic Power

of Cleveland, and his average was .425. Robarts estimated the percentage at .424 and Newton at .426. None of the other 30 contestants who favored Power guessed the correct average. They ranged from .337 to .486. Two predicted .427, being the closest besides the winners.

Thanks to the 3,026 good sports who entered the contest, and here's hoping they will be with us in future contests. The only way to win is to keep everlastingly at it.

The batting average of the 10 top players at the close of the contest after Thursday's games was:

"We Turn Left—Or Is It Right? . . ."

David Lawrence Says:

Ike Wise to Delay Naming Herter

WASHINGTON—You can't win with some of the critics—you're wrong whatever you do! This must have been the thought that crossed President Eisenhower's mind as he read this week some of the caustic comments about an "unnecessary delay" in announcing the appointment of Christian Herter as secretary of state.

One can readily imagine what some of the same critics who were strong for the Herter appointment would have said if they were certain he wouldn't favor the changes they hope for in public policy.

LAWRENCE

"Look," they would have chorused, "here's the President acting precipitately on the most important appointment he has to make in this critical time in world history! And why does he appoint a sick man?"

President Eisenhower's deliberateness is to be praised rather than condemned. He knew of the arthritic condition of his under secretary of state. He realized the the newspapers would be printing pictures of a man on crutches. So it was decided to offset that criticism by getting a medical report to clear up all doubts. It took a few days to get that done.

The President talked to Mr. Herter on Monday, April 13—two days before the Wednesday on which the telephone resignation of Mr. Dulles was announced. Mr. Herter was told at that Monday conference by Mr. Eisenhower that, if the medical examination turned out all right, he would be the next secretary of state.

On Tuesday, April 14, it was announced that Mr. Herter would head the American delegation at the foreign ministers' conferences in Paris and Geneva. Why, then, on Wednesday morning did the President, in speaking to the press, mention the possibility of other candidates? Because he wasn't sure at that time what the medical examination would show.

★ ★ ★

Would the critics have a president give the impression that he was disregarding all suggestions and announce an appointment even before he received a formal letter of resignation? What if the medical report had turned out unfavorably? As soon as the favorable medical report came on Thursday afternoon, Mr. Herter was promptly asked to be on hand at Augusta, Ga., Saturday morning for the formal announcement of his appointment.

Is a delay of a few days in announcing the appointment of a new secretary of state such a blunder as has been described by critics? Actually, it was this very criticism—widely published in large part by those who disagree with the Eisenhower-Dulles policies—that gave rise throughout the world to the idea that the hesitation was a big mistake and that there was something behind it all which indicated a lack of confidence by the President in the man he selected.

The President is one of the most gracious and considerate persons in public life. He is not the kind that likes to see anyone announcing his candidacy for Congress immediately after the funeral of a deceased member. There are some amenities that ought to be observed, even in the rough and tumble of modern politics.

The tragic withdrawal from public office of John Foster Dulles touched the President deeply. His voice was choked with emotion at his Wednesday press conference. A man who has given his all to the post of secretary of state was seriously ill. The will to live is important to a sick man. The President wanted to encourage the outgoing secretary to feel he would continue to be valuable as a consultant. He hoped the press would emphasize the service of Mr. Dulles.

President Eisenhower knows the heart of America far better than do most of his critics. He did not show unseemly haste.

"The world is made up of those who want to improve it and those who don't mind as long as it doesn't interfere with them.

Dr. William Brady Says:

Hair Trouble May Mean Iodin Intake Deficiency

"Formerly," writes a Pennsylvania lady, "my hands and feet were like ice most of the time and I always felt chilled to the bone.

DR. BRADY

"I don't have that trouble any more. In fact, except on occasions, I don't wear a slip.

"Also my hair was a dirty dishwater color when clipped, and the ends always broke off before a desirable length was reached. So I didn't have it cut any more, because it never seemed to grow.

"Now my hair has a light brown color, never breaks off, looks a lot thicker, and I get it cut every 3 months.

"I have been eating iodin ration tablets for the past two years." (Mrs. C.J.A.)

One of the manifestations of iodin deficiency is lusterless, falling, breaking at the ends, prematurely gray hair. In many instances the eyebrows, too, are noticeably thin, especially the outer thirds.

★ ★ ★

A Massachusetts lady writes:

"Have been taking the iodin ration for two years, and I want to tell that my hair, which used to be brown has turned nearly black. I always had wavy hair, but now it is curly, so curly that everyone thinks I have a permanent." (Mrs. R.N.G.)

VITALITY IMPROVED

A New Jersey lady writes:

"I stared taking the iodin ration last September and here are my findings: Vitality considerably improved. . .Skin looks healthier and clearer. . .

Menstruation which was entirely gone for 14 months occurred after 3 months on iodin ration and has been regular and painless since—which hadn't happened before since 1948." (Mrs. S.H.C.)

Colorado lady writes:

". . .Within three months after starting iodin ration almost every ailment had vanished. Hip joints no longer painful, sore on foot gone, no more daily headaches, menstruate regularly with no trouble, vitiligo spots I had since my first baby 12 years ago were much smaller or had gone, helped my husband paint house and redecorated the interior myself, feel just wonderful. . .(Mrs. B.F.)

★ ★ ★

For instructions send stamped, self-addressed envelope and ask for the FREE pamphlet THE IODIN RATION.

And please understand—

1. This is not medicine. It is nutrition.

2. It can do no harm. Whether it will do any good is for you to decide after a reasonable test—of not less than three months.

3. **Many persons declare it has restored the natural color to their graying hair, I neither deny nor affirm. I'm just glad they feel and look younger.**

4. No competent physician or nutrition authority will deny that an iodin ration—that is a certain quantity of iodin in one form or another taken daily or regularly—is as necessary for good nutrition, functional efficiency and "vite" as a protein, calcium or vitamin B ration.

5. Let no reader infer that I recommend or approve taking iodin or iodide in medicinal doses—in any circumstance that is a question to submit to a doctor, not to a health column.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac Michigan.

'Abolish Public Schools' Driver Training Classes'

I intend to write our state representatives urging them to vote for House Bill No. 122 to repeal Driver Education programs in public schools.

★ ★ ★

The cost of this program is tremendous at a time when the State and schools are in financial distress. Cost to the State is $45 per student and schools have to hire a full time teacher for this.

★ ★ ★

I'm all for driver training, but it should be independent from our schools. I can't believe that children should lose an hour from school each day to learn to drive a car.

Troy Man Urges Public Interest

Citizens of a community should be kept well-informed of what takes place in meetings of their governing body. For example, a Troy Commissioner some time ago said he could save the city $5,000 to $6,000 a year by splitting certain officers' duties. The statement got headlines as it should if savings are effected.

★ ★ ★

A year later expenses have risen by $4,000 to $5,000. The same Commissioner moves to strip the mayor of statutory rights, a grand way to welcome the new mayor. The City Attorney's legal opinion was needed to stop this power-grabbing scheme.

★ ★ ★

The Planning Commission voted for a southern route on the expressway, and recommended a "no" vote on spot zoning issues. The majority of Commissioners voted exactly the opposite. Let's not let meaningless promises and power grabbing moves go unnoticed or unchallenged. You, the citizens, must speak up.

Case Records of a Psychologist:

Smoking Hinders Blood's Function

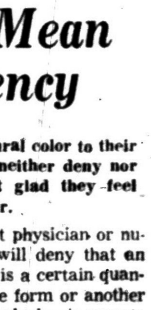

Paul is a smart athletic coach. His teams are always top contenders because he mixes sound medical and psychological strategy with his coaching association. I'm offering specific facts to explain why smokers get short of wind. Scrapbook this case and also tomorrow's follow-up for heart victims.

By DR. GEORGE W. CRANE

CASE B-417: Paul P., aged 29, is the athletic coach of a city high school.

★ ★ ★

"Dr. Crane," he began, "I wish you'd repeat your advice about the specific medical reasons why smokers are short-winded.

DR. CRANE

"Last year you spoke at our high school assembly and outlined those reasons why smoking hampers athletes.

"I told several other coaches in our state athletic association and they would like you to give us the same facts in your column.

"Then our students could all see them and scrapbook the article."

Suppose a track coach like Paul is facing a crucial track meet.

Would it be smart for him to let his runners donate a pint of blood a piece just before their race?

★ ★ ★

Certainly not, for the lack of a pint of red blood corpuscles will lower the oxygen carrying power of the blood.

The athletes who thus donate blood before a race would be shortwinded, wouldn't they?

Well, the same thing occurs when athletes smoke. For they inhale a lot of carbon monoxide in the incomplete combustion of the tobacco and cigarette paper.

Carbon monoxide kills the oxygen-carrying power of the red blood corpuscles.

Oh, the corpuscles are still flowing along in the blood. But they are now "fixed" so they cannot pick up oxygen as they pass through the lungs.

★ ★ ★

They are thus no more helpful to the athlete than the red blood cells that he might donate via a blood transfusion.

Heavy smoking can even produce a 10 per cent saturation of hemoglobin with dangerous carbon monoxide.

DRIVING HAZARDS

Actually, tests have shown that only 3 per cent carbon monoxide in the blood will also reduce your acuteness of vision and your depth perception, so eye experts warn against the hazard of tobacco for auto drivers.

Imagine how much more dangerous the effects are on the runner or swimmer whose heart demands every bit of oxygen possible. Your athletes are thus penalizing your hearts when you smoke, so be fair to that wonderful "motor" of your human chassis.

Furthermore, smoke irritates the lining of the windpipe and lungs.

With irritation, more fluid occurs, as you may recall when you got blisters on your palms from unfamiliar hard work.

★ ★ ★

The same excess secretion of fluid occurs in the lungs. But oxygen must pass across those lung membranes.

If a thicker layer of fluid separates the blood capillaries from the air spaces of the lungs, obviously, the transfer of oxygen is slowed down.

This thickening of fluids also explains why smokers have chronic coughs till they often think they have chest tuberculosis.

And if you are in a crisis, as during a heart attack, and your blood needs a lot of oxygen quickly, then this thicker fluid layer may even tip the scales in favor of the Grim Reaper.

B-417

You coaches might profitably send your players to the school library to study Chapter 8 in my book "How to Cash-In on Your Worries," for it offers charts and a fuller explanation of why tobacco hampers athletes.

And you older heart patients should read tomorrow's column on what to do if you are all alone when you suffer a heart attack.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

PHILIP F. McLELLAN

'Mutual Funds' Topic Tuesday

Boston Financier to Be Speaker for Jaycees' Program Here

Second speaker in the Pontiac Area Junior Chamber of Commerce lecture series on investments and securities will be Philip F. McLellan, president of the Massachusetts Life Fund, Boston.

McLellan will talk at 8 p. m. Tuesday in Pontiac Northern High School's little theater.

The public is invited, with tickets available through the Jaycee office, 1 Mt. Clemens St.

McLellan, whose offices are in Boston, Mass., will speak on the subject of mutual funds.

The speaker is a native of Indiana and a 1942 grgaduate of Haverford College, Haverford, Pa. He previously was with the investment firm of Vance, Sanders & Co.

The Jaycee series will continue on consecutive Tuesday nights through May 26. The last speaker will be David L. Babson, director and vice president of the widely known investment consulting service, Babson's Reports.

The series is sponsored by the Jaycees' National Convention Committee, which hopes to make the lectures an annual event.

Wyandotte Reports a Record Quarter

DETROIT (UP)—Wyandotte Chemical Corp. announced first quarter earnings of $744,000 on record sales of $19,582,000 for the first three months of 1959.

The earnings, equal to 43 cents a share on common stock, compare to earnings of $114,000 or a loss of one cent a share reported for the first quarter of 1958.

Robert B. Semple, president, said the first quarter sales were 16 per cent above sales in the first quarter of 1958 and slightly above the previous record first quarter sales reported for the first three months of 1957.

Generally Speaking!

CINCINNATI, Ohio (UPI)—A man-in-the-street poll on the question of "who will win the National League pennant in 1959?" found one man picking "New York."

Walter Reuther Claims:

Bugas Playing With Truth

DETROIT (UP) — United Auto Workers President Walter P. Reuther has accused Ford Motor Co. vice president John S. Bugas of playing fast and loose with the truth.

Reuther yesterday called Bugas guilty of a complete falsehood in the Ford official's statement that unions use a technique of shutting a key plant so workers in other plants of the same corporation would collect unemployment compensation.

Reuther said if this were true, the UAW could have struck key parts plants in Michigan last year and workers in other states idled as a result would have collected unemployment compensation from their states.

"The fact that we did not shows irrefutably that Mr. Bugas is playing fast and loose with the truth," Reuther said.

Bugas Wednesday asked the state Legislature to pass a law banning unemployment compensation for workers laid off because of strikes in other plants of the same company. Reuther has promised the UAW won't use unemployment compensation benefits for strike relief.

But Bugas indicated the Legislature should disregard the promise.

Bugas said Reuther's promise was beside the point and meaningless because of the UAW's record.

★ ★ ★

A recent State Supreme Court ruling said about 10,000 Detroit area Ford workers, who were laid off in 1953 because of a UAW strike at a Ford plant in Ohio, were entitled to unemployment compensation.

Ford has appealed the ruling to the U.S. Supreme Court.

Castro Kids Over Threats to His Life

NEW YORK (UP)—Heavily guarded Prime Minister Fidel Castro got a chance today to plug one of his favorites—sugar.

The 32-year-old leader of the Cuban revolution was invited to the downtown financial district to signal the opening of today's trading on the New York Coffee and Sugar Exchange.

The biggest security guard ever given a visitor to New York has been assigned to Castro because of a reported plot to assassinate him. Police were told of a report that hired gunmen were on their way here in two cars.

More About Castro Page 22

Police said the supreme test of the security forces will come tonight when Castro addresses a rally on the Mall in Central Park, where the wooded and rolling terrain will increase the difficulties of the guards.

At Castro's hotel, uniformed policemen and detectives stood guard in corridors, at elevators and in the lobby throughout the night.

Publicly at least Castro was the least concerned person involved.

"I'm not worried," he said, and added with a smile: "I will not live one day more than the day I am going to die."

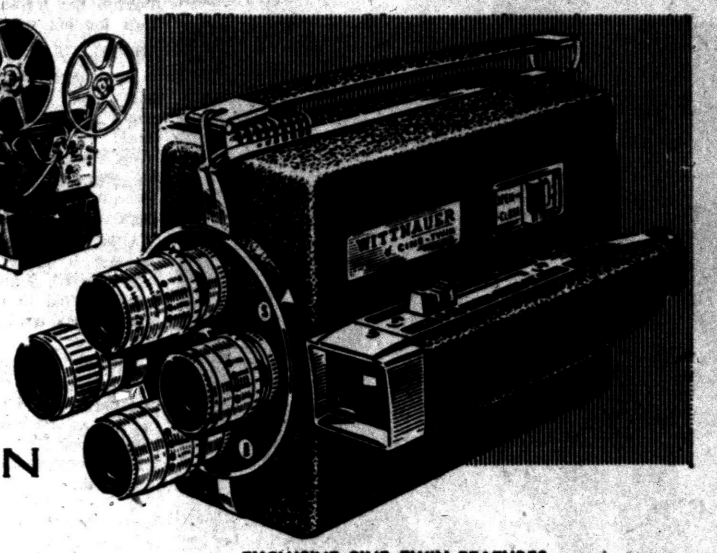

Government security authorities in Washington said the newest reported threat against Castro did not appear any more alarming than several hundred others made since his arrival in this country.

Darwin's 'Origin of Species' 100 Years Old

See Space Flights Step in Evolution

PHILADELPHIA (AP) — Space scientists were likened today to the men who delved into the mysteries of time and found the earth older than they dreamed.

What the time detectives learned bolstered Charles Darwin's theories of human evolution.

What the space adventures are doing will fall into place as a major part of the scientific intellectual panorama which began before Darwin, and of which he was such a dramatic figure.

★ ★ ★

Links in this chain of evolutionary pioneering were traced in speeches and interviews by many of the scholars attending the American Philosophical Society's annual meeting. This year the society is observing the 100th anniversary of the publication of Darwin's greatest work, "The Origin of Species."

★ ★ ★

In the early 19th century, it was related, books on geology were gobbled up as books on space travel are today. Geology gave Darwin the frame and time pattern for his work.

MISCALCULATED

But physicists calculated the earth could be only a few million years old. This was one of the main threats to Darwin's theories. It raised the question whether all the changes ascertained by Darwin could have taken place in such a relatively short time.

Although the question had not become a public issue, Darwin was worried. Some of his worries are reflected in the revisions he made from edition to edition of his books.

With the discovery of radioactivity, however, it was learned that the universe did not lose its heat as fast as had been thought. Physicists took this as proof of a greater antiquity of life. They admitted they had been wrong about the shorter time range. The shift opened up both past and future inexhaustibly.

AHEAD OF TIME

"Darwin was pretty sure the age of the earth was greater than the physicists had guessed," said Dr. Loren Eiseley, author of "Darwin's Century" and one of the leading authorities on the famed naturalist. "He was ahead of his time. He realized that impressions of stability were due solely to our own short life span.

★ ★ ★

"Now we are tackling the wonders of space, another phase of the broad picture of man's evolution, physically and mentally. Certainly adaptability to new environments is part of the Darwinian story."

First diesel locomotive in the U.S. was tested by 10 different railroads during the years 1924-25.

SERTAPEDIC*-'59 SLEEP SET

with the first new sleep "Angle" for the home in 7,000 recorded years!

When head end is raised, Sertapedic mattress and box spring rest at the angle found useful for asthma victims, cardiac sufferers, or for those with other respiratory ailments, including the common cold.

When foot end is raised, Sertapedic mattress and box spring rest at the angle frequently prescribed in circulatory disturbances, pregnancy and post-surgical conditions.

When both ends are raised, the labor of bed making is reduced. The hospital bed height is convenient for home care.

If you have any symptoms of illness, consult your physician for the Tilt-A-Bed position best suited to you.

Tilt-A-Bed is the first home unit with beneficial sleep angle

Now . . . after 7,000 years . . . man has discovered a new "angle" on sleep for the home . . . an angle that will change the habits of centuries . . . make all old-fashioned mattresses and beds obsolete.

Doctors have long recommended the useful effects of sleeping at an angle. And now, Serta presents the '59 Sleep Set with Tilt-A-Bed action that will bring this new angle to *your* home.

Come in and see the Sertapedic-'59 Sleep Set with Tilt-A-Bed action . . . the most revolutionary kind of sleep equipment existing. You can own it for little more than the cost of an ordinary mattress and box spring.

Man, Sister Face Charges in Slaying

DETROIT (AP) — A mental hospital escapee and the sister who sheltered him both were to be arraigned today on charges stemming from the strangulation slaying of a five-year-old Detroit boy.

★ ★ ★

Samuel H. Olsen, Wayne County prosecutor, said George Ritola, 47, would be charged with first-degree murder in the slaying of Marvin Zdanowski. Olsen said Ritola's sister, Hilda, 56, would be charged with harboring an escapee from a mental hospital.

★ ★ ★

The prosecutor said he would ask sanity hearings for both Ritola and his sister after they were arraigned in Recorder's (criminal) Court.

★ ★ ★

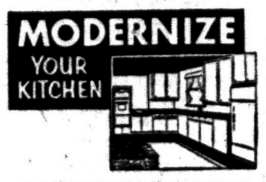

Olsen said Miss Ritola harbored her brother although she had been notified by authorities at the Galesburg, Ill., State Mental Hospital that he had escaped and to report him if he showed up at her apartment.

★ ★ ★

The Zdanowski boy's body was found in a garage behind his home. Police said Ritola admitted strangling the boy Monday, claiming the child was spying on him.

Cool Belt Heads for Great Lakes With Snow, Rain

By The Associated Press

It was cool and wet in some northern sections but continued mild, dry weather was on tap for most other parts of the country today.

★ ★ ★

Cold air moving southward from Canada extended from northern areas of Montana and Wyoming eastward across the Dakotas and Nebraska and headed into the Great Lakes region. Scattered showers or snow were forecast for most of the cool belt.

★ ★ ★

The Weather Bureau posted warnings to stockmen in Montana dropped into the upper 20s near Lake Superior as the cold air moved into the northern Midwest.

Warmer weather was reported throughout Texas and Oklahoma northeastward into the lower and middle Mississippi Valley. Readings were in the 50s and 60s. Temperature changes were minor in other parts of the country.

★ ★ ★

Light showers sprinkled areas from northern lower Michigan southwestward to central Missouri and parts of the plains states. Dry weather prevailed in other sections.

Kennecott Copper Doubles Its Profit

NEW YORK (AP)—Net earnings of Kennecott Copper Corp. for the first three months of 1958 were nearly double the profit in the first quarter of 1958.

The company reported earnings of $22,396,392 or $2.03 a share in the March quarter, against $11,651,594 or $1.05 a share in the same period last year. Sales and other income climbed to $132,248,482 from $88,098,945.

"While shipments in the first quarter of this year were 136,000 tons as compared with 118,000 tons in the same quarter of the year previous," the company said, "the improvement in earnings was due largely to price."

Knows Her Bucks, Has Serial Numbers

LOS ANGELES (AP) — Who'd ever think of writing down the serial numbers of all their dollar bills?

Pearl Richards did. Now she's seven bucks richer — that is, she's not seven bucks poorer.

Her wallet was stolen last week from a cafe she operates. A transient cook was arrested Thursday for a burglary. In his pocket, police found seven dollar bills.

They turned out to be Mrs. Richards' bills.

She knew the numbers because she was saving the bills in hopes of winning a television station's "lucky buck" contest.

State Has Big Future

LANSING (AP)—James H. Campbell, senior vice president of Consumers Power Co., has told a regional meeting of the firm's stockholders here that Michigan has not even begun to realize its full potential. "Michigan will go on to heights of achievement and prosperity that we can only dimly imagine today," Campbell said.

The National Bureau of Standards is developing methods for measuring wave length of light to an accuracy of one part in a billion.

Downtown Is Outdoor Showroom

Buick Festival in Flint

FLINT (AP) — A wide area of downtown Flint became a vast outdoor new car lot today.

Every car built at the Buick plant here on April 16 will be on sale on the street through tomorrow. The array of 336 convertibles, sedans, hardtops and others was lining five blocks along Saginaw street, one of Flint's main downtown streets.

★ ★ ★

Flint has taken a carnival atmosphere for the sale.

More than 20 salesmen from Buick retail stores will do the selling on the streets. The salesmen will be conspicuous by their colored derbies and badges proclaiming: "Boost Flint now. Buy Buick."

After each sale, the factory whistle at the Buick plant will announce the news to the city with a long blast.

Downtown merchants have promised special values to attract customers to the car sales and also to help other "Boost Flint" campaigns.

★ ★ ★

Banners have been strung across downtown streets and the area has been gaily decorated. Kiddie rides add to the carnival air.

Actress Settles Suit

LOS ANGELES (AP)—Swedish actress Ingrid Goude made an out-of-court settlement Thursday for a reported $4,500 in a traffic suit brought against her by a retired policewoman. Mary Ross, 60, complained she was injured when a car driven by Miss Goude, 21, hit an auto in which she was a pas-

PHILADELPHIA (AP) — Abe Pressman, an engineer with Radio Corp. of America, has just had a scientific book published. The title: Design of Transistorized Circuits for Digital Computers.

The event brought a pleasant flurry of fan mail and telephone calls.

His son, Norman, 10, answered the telephone the other day. The operator said it was a long distance call.

Norman thus: "Mommy, mommy, there's a call for daddy from California. Maybe they want to make a movie out of his book!"

Oui, Just Be Like Pierre and Live, Man

CHICAGO (UPI) — A driving ambition can push a young man right into a heart attack, a doctor warned today.

Dr. Henry I. Russek, consultant in cardiovascular research for the U.S. Public Health Service Hospital at Staten Island, N.Y., reported on high pressure men and their heart attacks at the 40th annual convention of the American College of Physicians.

★ ★ ★

Russek urged American males to take a lesson from the Frenchman, who devotes three hours to lunch, washes it down with wine, and "lives for the pleasures of today and doesn't worry about tomorrow."

As a result of the Frenchman's easy-going ways, Russek said, France has one sixth the number of coronary cases among males as does the United States.

Russek said researchers had compared the hereditary background, health practices, diet, way of life and sources of tension among 200 American persons between the ages of 25 and 40. Half of them suffered heart trouble.

"Almost without exception, the young coronary patient was an aggressive, ambitious individual who had lived beyond his normal capacity and tempo," Russek said.

2 Women Killed in UP Collision

CRYSTAL FALLS (AP)—Mrs. Elizabeth Voelker, 66, and Mrs. Emma Spokes, 65, both of Alpha, Iron County, were killed yesterday in a two-car collision on U.S. 2, two miles west of this Upper Michigan community.

The two women were riding in a car driven by Adlore Spokes, 44, also of Alpha, son of Mrs. Spokes.

Under treatment for injuries at Crystal Falls hospital were Spokes; two other passengers, Mrs. Vivian Voelker, 37, and her son, David, 5, and the driver of the other car, John L. Ponchaud, 34, of Crystal Falls.

State Police quoted Spokes as saying he swerved to avoid a collision with a car that came out of a side road and skidded into the path of Ponchaud's car.

Pontiac Bandstand Teen Dance Friday

The Eldoradoes, a five-piece combo from Waterford Township, will be the top attraction at Friday evening's Pontiac Bandstand dance from 7:30 to 11:30 p.m. at the National Guard Armory, Mill and Water streets.

Director of the new teenage program, Johnny Feero, said today that more than 900 boys and girls have attended the first five dances, sponsored by the Federation of Teen Clubs.

Prior to this week's dance, the teenagers will elect a president, vice president and secretary to help shape the program's policy.

"It's the kids' program," Ferro said.

Other items on the Pontiac Bandstand agenda will be the election of a permanent name for the new activity and the election of a Bandstand queen for May.

★ ★ ★

Ferro said queens will be chosen monthly and a queen of the year named to vie in a statewide contest of the Federation of Teen Clubs.

All the dances are chaperoned by area parents, Ferro said.

Calling the program an effective curb on juvenile delinquency, Ferro said the program has been praised by Pontiac police officers.

Members of the combo appearing Friday are Teep Wicker, guitarist and singer; Garry Skrobeck, lead guitarist; Dave Doyson, bass guitarist; Jerry Ellis, drums, and Bob Bartelbaugh, saxophonist.

Admission to the dance is by donation of 75 cents a person and $1.25 a couple.

Membership in the bandstand organization costs nothing, however, and 138 temporary membership cards have been issued, Ferro said.

Eventually, he said, membership in the organization will be limited, probably when 400 have joined.

★ ★ ★

Local merchants are supporting the program and contributing prizes.

Strict rules will be set up to govern conduct at dances, Ferro said.

Top local entertainers and current hit records provide music for the dances.

Grass Fire Blamed as House Destroyed

A grass fire today was blamed for the destruction of a four-room frame home at 27½ Parkdale Ave.

Acting Fire Chief James R. White said the fire probably was started by children playing with matches near the one-story unoccupied home.

The house is substandard and would have been probably torn down anyway, White said. It was insured for only $750.

The home was behind another at 31 Parkdale which is being rented by Prentiss Adams. The fire scorched the siding of his home causing an estimated $150 damages.

Both homes are part of the estate of a deceased Pontiac woman, Mrs. Emma Kinzer.

2 Reprimands in Bump Case

Air Terminal Officers to Receive 'Letters' for Part in Dispute

TOKYO (UPI) — The U.S. Air Force identified today two more officers who will receive official reprimands for their part in the case of the seven airmen bumped from a plane while en route home on emergency leave.

Lt. Col. Charles H. Platt Jr., of Brooklyn, N.Y., commander of the nearby air terminal squadron at Tachikawa Air Base, already had been fined $340, received an official reprimand and a transfer for his part in the incident.

The seven airmen were bumped from a U.S.-bound plane last March 26 to make room for Platt, who was taking his wife and four children to Hawaii for a vacation. Lt. Gen. Robert W. Burns, top U.S. commander in Japan, recalled the plane after it was 30 minutes out over the Pacific and put the enlisted men back aboard.

The Air Force said Maj. Samuel I. Baum, formerly of Memphis, Tenn., the booking officer at the terminal, will receive a "letter of admonition" from Burns and that Capt. John L. Navarro, formerly of Jersey City, N.J., the assistant booking officer, would receive a "letter of administrative reprimand."

A letter of administrative reprimand is stronger than a letter of admonition, the Air Force said, explaining that the major was not at the terminal at the time of the incident and that the captain was.

It said both knew of the incident and failed to correct the situation.

Tops Starting Price on Exchange

Ford Stock Rallies Briefly

NEW YORK (AP) — The guy who bought Ford Motor stock when it was offered to the public in 1956 had a little profit at one time yesterday — the first since trading started in the Ford shares on the New York Stock Exchange.

But the profit wasn't enough to cover commission charges and didn't last until the market closed.

Ford sold as high as $64.87 a share. That compared with the price of $64.50 at which the Ford Foundation offered 10,200,000 shares to the public on Jan. 18, 1956.

Final price for the day was the same as that offering price — $64.50.

★ ★ ★

Immediately after the public scrambled wildly for the shares in 1956 (they had to be rationed, so great was the demand) the price ran up to $70 asked in over the counter trading. It quickly fell back and when trading on the exchange started March 7, 1956 the price was under $64.50.

Three new model years rolled by. Last week the magic $64.50 figure was touched briefly, but not held to the close. Yesterday it held to the close for the first time in more than three years.

Dub Semi-Formal Affair 'Magical Interlude'

By BARBARA GRIFFIN

"Magical Interlude" is the theme of this year's J-Hop to be held Saturday in the girls' gym. Judi Hamilton and Barb Strang have been chosen co-chairmen of this semi-formal dance.

Committee chairmen are Judy Rouse, decorations; Gary Bramble, publicity; Henry Smith, refreshments; Forest White, post-dance; Marilyn Tomkins, tickets; Judy Dearing, patrons; and Adrienne Ressler, band.

Decorations and posters carry out the "Magical Interlude" theme with the Aladdin's magic lamps, blue, white, pink color scheme, and various other "magic" decorations. The theme was decided at a recent meeting of all juniors interested in a prom.

Tickets for the dance, which will be held at 9 to 12 midnight, may be purchased at the ticket booth in the front hall before and after school from the ticket committee.

Fifty-one members of the senior class have recently been elected as the June 1959 members of the National Honor Society from PCHS.

★ ★ ★

To receive membership in the National Honor Society students must be in the upper third of their graduating class. Students also are nominated on the basis of the outstanding leadership, character, and service in their three years at PCH. From these students, a faculty committee, representing the activities, casts a final vote to determine the new society members.

SENIORS ELECTED

The seniors elected to NHS are Lynne Anderson, Gerald Andrews, Chrisanthy Annas, William Bank, Bud Baril, Sandra Bunce, Maureen Callely, Gary Dalley, Genevieve d'Argy, Patricia DeKay, Nancy Donaldson, James Freet, Gail Gibson, Ann Gillies and Elaine Glazier.

Others are Jean Gordon, Dimitra Govenis, Donna Gravely, Kay Hamilton, Lee Hill, Ronald Hoekman, Kathleen Hunter, Georgianna Keiffer, Patricia Kline, Janet Kneale, Rey Ledesma, Vicki McLaughlin, Erna Miller, Jo Ann Morris, Harrison Munson, Judy Noren and Charlotte Osmun.

More are Richard Parr, Barbara Patterson, Carol Petroff, Gerald Powers, Richard Reynolds, Vasilike Sekles, Richard Serwin, Marcia Sherpard, Raymond Smith, Carol Stacy, Susan Steinbaugh, Linda Stickney, Sally Vogel, Stanton Walker, Sally Warren, Patricia Watson, John Wibley, James Williams and Mary Wood.

These 51 seniors will be formally inducted into the National Honor Society at an assembly sometime in May at which time they will receive from the National Honor Society a gold pin with a torch in the middle, signifying that these students will light the way for other students.

Pontiac Central High School has set up a memorial loan fund in honor of Arthur P. Sweet, who has spent many years teaching chemistry at the school. The fund is established to assist graduates of PCHS who are advanced students in the field of science at Michigan State University Oakland.

The principal of PCHS or a committee appointed by the principal, will receive applications and decide upon the recipient and the amount of money needs by the individual. The money is loaned out and will be paid back to provide students in the future to enjoy the same privileges the recipient did.

★ ★ ★

This fund has grown in the short time of existence from $150 to $3,000.

Eastern Michigan College will be the scene of the Future Teachers meeting Thursday. An all day tour of the college plus visits with professors will be on the agenda.

★ ★ ★

"Music Through the Ages" will be the theme of the annual water show to be presented by the Dolphins Club on the evenings of May 6, 7, 8 and 9 in the Northern High School pool. A matinee performance is scheduled for the elementary schools on May 6.

This year's show will be based on a general history of music. Numbers included in the program will be a primitive, Egyptian, Chinese, religious, folk song, operetta, and a minuet. Concluding the show will be an American folk song, a "Roaring 20s" song, a jazz and a popular number.

On Tuesday, 10 Co-Op Club students attended the state convention at Western Michigan University in Kalamazoo. Central students attending were Wanda Carter, Marilyn Floyd, Sandra Lovell, Janet Reichert, Janet Bedford, Wilma Snyder, Erna Miller, and Charlotte Neal.

Advisors were Ralph Rotsel and Robert Labarge. Also attending were PNHS students; Tim Agar, club president, and Dottie Hetherington, club secretary.

QUEEN CANDIDATES AT BRANDON HIGH — Five Brandon High School girls are competing for the title of Carnival Queen to reign with a King at the carnival to be held from 8 p. m. to midnight Friday and from 1 p. m. to midnight Saturday at the school. From left are Loretta MacAlpine, eighth grade; Lona McNeil, 9th grade; Carol Uloth, 10th grade; Kay Uloth, 11th grade; and Joyce Moors, 12th grade. The King and Queen will be named at 10 p. m. Saturday. The senior class is sponsoring the carnival.

Sophomore Class Dance Tonight at Waterford High

By JEAN A. REXFORD

"Spring Fever," a sophomore class sponsored dance, will be held in the gymnasium of Waterford Township High School this evening beginning at 8. As a novelty touch to the admission to the dance, the sophomores have set only a one cent difference between "stag" and "drag" tickets.

Winners of the inter-class competitive talent assembly will be announced during the Honors Convocation Assembly in May.

The sophomore section told of the Voyage of Sinbad and featured acts such as the barbershop quartet composed of Jo Ellen Prout, Sue Mobey, Sue Vaughn and Jane Moultrap.

Other artists included Sally Delbridge, Don Wennsten, and a pantomine to "Wild Bill Hick-up" which was given by Karolyn Klender, Kathy Bray, Jean Salathiel and Sandy Briney. Mike Mansour was master of ceremonies.

Featured in the Junior class division, a minstrel show, were Bob Cooper, Denny Burnea, Carleen Cook, Sandra Mae Abee, Elaine Coleman, and a trio, Beverly Wells, Donna Gracey and Sandy Allen.

At the conclusion of the junior acts the entire class, dressed in light shirts or blouses and dark pants or skirts, sang "Swanee."

The senior class participants were dressed as angels with Barry Campbell as the "Littlest Angel." Arlene Butler sang, followed by a humorous reading given by Marcia Cameron. Milton Meilke, Laura Upchurch, and Mike Moultrap were featured vocalists.

David Wilson played the piano followed by an instrumental number which featured Dan Dunaj, accordionist, who was accompanied by Tom McAllister on the drums and David Wilson on the piano.

Judges for the contest were Mary Phipps, Tom Beldon, and Mrs. Emma Olson. Tony Hiller, Student Council president, acted as master of ceremonies, and Dan Dunaj provided music between divisions.

On April 17 letters for the winter sports—wrestling, basketball and cheerleading—were awarded. Receiving letters for wrestling were Mike Hubbell, captain; Bob Black, Marvin Bracket, Jack Comas, Gary Cosey, Mike Ewer, Bob Featherston, Bob Akerly, Carl Koehler, Don Morgan, Dave Sherman and Rick Sherman.

Receiving letters for J. V. cheerleading were Diane Benedict, Loretta Chapman, Sally Delbridge, Sue Elliot, Elaine Finkbeiner, Nancy Hiller, Jean Honhart, and Donna Kellogg. A letter will be sent to Barbara Conibear, captain, who moved recently.

Varsity cheerleading letters were awarded to Janet Kunse, captain, Carolyn Ball, Donna Humbaugh, Judy Kent, Jerry Shroeder, and Janet Thomas.

Junior varsity basketball letter winner included Dave and Tom Goff, co-captains; Jerry Andre, Bob Carter, Jim DeLaunter, Dave Elliott, John Friedly, Jeol Goff, Mike Giannini, Gene Riabucha, Art Ruelle, Harry Savas, John Stickney, and Bob Sutton. Others were Benson Weedon, Terry Wilson and Wayne Zilka.

Varsity basketball letters were awarded to Larry Bowen, Bill Bryce, Barry Campbell, Gary Eichbrect, Tony Hiller, Jim Hoke, Gerry Lewis, Dale Mahrle, Wendy Meyer, Bob Newman, Harold Patterson, Ray Robinson, Ed Stigers, and John Studt.

Elected as the Most Valuable Players of the year and Honorary team co-captains were Barry Campbell and Larry Bowen.

"Teahouse of the August Moon," starring Tom McAllister, will be presented May 1 and 2 at Waterford High School.

Over 90 members of the Boys' and Girls' Glee Clubs will be going to Central Michigan College tomorrow to represent District 4 in the first annual State Festival of the Michigan School Vocal Association. Richard Meier is their director.

Magazine Drive Now On at Pontiac Northern High

By COLLEEN ADAMS

The magazine drive is now in full swing at Pontiac Northern Senior High School. Carol Campbell was tops in sales the first day. She received a portable radio. Second highest salesman was Bob Dombroske. Mike Montgomery took third prize.

Also on that first day, Wallace Schloerke's homeroom, B-1, had 100 per cent participation. Each member of that homeroom sold at least one subscription to put the room on top. Tuesday was a "pay and weigh" day.

The variety show was presented to Northern students Thursday during homeroom. All students who had sold $3 or more in subscriptions were able to attend the program.

★ ★ ★

Dick Delano, Jerry Menter and Mike Montgomery received the trophies awarded by Philip Wargelin, principal, to the winners of the intramural basketball tournament. The trophies were placed in the trophy case by the boys' gym.

May 11, 12 and 13, have been announced as the dates for the senior exams.

The senior boat trip has been changed to the weekend of May 28. The trip will be combined with Central's and Waterford's.

The marking period ends today. Cards are to be marked next Tuesday.

The junior prom committee is busily making plans for its dance to be held on May 23.

Plan Gym-O-Rama at Oxford High

When the Oxford High School physical education department presents its Gym-O-Rama on May 1, it will be keeping an important date, a date with its own destiny.

That date, which was set last October for no other reason than that it was Friday and May Day, now looms darkly against the future as the last opportunity that the department has in which to present its work to the parents before the election the following Monday, Mrs. Robert Brower, department director, said today.

The May 4 election, which will include a vote for increased millage, will decide the fate of the physical education department.

The purpose of the Gym-O-Rama, is to let the community see the high school physical education program in action, Mrs. Brower said.

The program will include demonstrations of basketball, volleyball and soccer.

Individual sports seen in action will include skiing, bowling, shuffleboard, table tennis, badminton, camping, swimming, wrestling, lawn tennis and tumbling.

Rhythm work will include the Maypole dance by members of the third grade at Daniel Axford School, square dancing and ballroom dancing.

'Chicks Pick and Pay' Oxford Dance Motto

By FRANCES FUJIOKA

Saturday night "Chicks Pick and Pay," the junior dance, will be held at 8 in the Oxford High School Student Center.

This all-high school dance is aimed at giving the students a "break."

In this manner the boys can enjoy a free evening, while the girls can take the initiative for a rare change. All those attending have been asked to dress informally. Even bermudas "go," but jeans and levis are not allowed.

Mrs. Balaam Directing Musical, 'Brigadoon'; Slated May 21 and 23

By SALLY COLLINS

This year the music department at Walled Lake Senior High will present "Brigadoon," a musical to be directed by Mrs. Frank Balaam. Participating will be all members of the fourth and sixth hour choruses.

"Brigadoon" was written by Lowe and Lerner, who have recently enjoyed success with "My Fair Lady." Rehearsals, for the tentative May 21 and 23 dates, have already begun in the chorus classes. Students of the chorus are responsible for all musical and dancing numbers. Students not in the chorus may take part in "Brigadoon" if they wish, according to Mrs. Balaam.

Since most costumes will be rented, the choruses are working on money-making projects such as selling pies in the cafeteria at lunch time and coffee and pie at the Adult Education classes on Tuesday evenings.

Members of the cast chosen from the choruses to play the leads are Jackie Mere, as Fiona and Stewart MacKenzie as Tommy. Others include Sue Lowrey, Meg; Keith Kaider, Charlie; Jamie Harris, Jeff; Sondra Forsyth, Jean; Terry Nicholson, Harry; Pat O'Connell, Archie Beaton; and Bob Reimer, Mr. Lundie; Pat Medaris, Stewart Dalrymple; Marty Thibideau, Maggie; Mike Kass, Frank; and Zoe Sova, Jane.

This is the first musical attempted by the senior high music department, and it is Mrs. Balaam's hope that it will become a traditional feature at Walled Lake.

Last week members of the Senior High elected Student Council officers for next year. The new president is Jim Haval, and the vice president is Margie Lang.

Rhele Diver, senior, was crowned popularity queen at the dance following the Spring Fun Fest last Saturday. She was awarded prizes donated by local merchants including a pearl necklace and rhinestone tiara. Her attendants, both seniors, were Marty Lamberson and Betsy Clark.

'Stag Night Stomp' Tonight at St. Mike's

By CAROL BAUER

Members of the "Michaelite" staff will sponsor a "Stag Night Stomp" from 8:30 to 11:30 tonight.

In charge of committees are Judy Merithew and Carol Bauer, publicity; Joseph Gallardo and Jaon Gibb, entertainment; Gloris Barnowsky, decorations; and Shelagh O'Rourke, refreshments and chaperones.

Two Girls Share Honors at Rochester

By ALICE LUPKE

Rochester High School's top two seniors have been named. They are Sharon Doyle, 17, who is valedictorian, and Phyllis Robertson, 17, salutatorian.

Sharon, who plans to attend the University of Michigan to become a Latin teacher, lists these among her high school activities:

Varsity cheerleader, Future Teachers Association secretary, Yearbook typing editor, Student Council treasurer, DAR representative, National Honor Society, Girls State, class secretary for three years, senior play, and Math Club.

Phyllis, who will attend Michigan State University Oakland and later the University of Michigan to become a medical technician, has been active in Yearbook and Math Club.

Twenty-three of the 211 graduating seniors have been chosen for National Honor Society. They are Charles Applegate, Barbara Baldwin, Louis Benham, Elizabeth Cook, James Crosslin, Dick Day, Judy Dillard, Sharon Doyle, Joann Hill, Howard Hinkel and Nancy Hutchins.

★ ★ ★

Others are Martha Lyons, Linda Morris, Garry Robertson, Catherine Scheans, Robert Schlecte, Paula Simon, Mary Stewart, Margaret Swoboda, Philip Townsend, Lynn Tolhurst, Jim Weisenborne, and Lynn Whipple.

North Central School Unit Admits Ferris Institute

CHICAGO (AP) — Ferris Institute at Big Rapids, was admitted to membership today in the North Central Assn. of Colleges and secondary schools.

Ferris, a state college, was one of 16 institutions of higher learning receiving recognition at the association's 64th annual meeting here.

The addition raises the organization's membership to 416 colleges and universities and 3,527 high schools.

West Bloomfield Names Top Scholars for '59

By SUE PIERCE

West Bloomfield High School has announced that Dick Theis is valedictorian and Sandra Lemon is salutatorian of the 1959 graduating class.

Dick is the son of Mr. and Mrs. W. T. Theis of Wellington court. He has maintained a 3.78 average through high school.

Sandra, the daughter of Mr. and Mrs. John Lemon of Orchard Lake road, has maintained a 3.62.

Both Sandy and Dick have been active in extra-curricular activities as well as doing so well in their studies.

Dick played basketball for four years, been in cross-country races for two years, and on the track team for three years. In his junior year Dick became a member of the National Honor Society as well as receiving the "Most Representative Student" award. He has attained the rank of Eagle Scout, spent two years on the newspaper staff and worked with his class on numerous activities.

Sandy has been a member of the National Honor Society for two years, worked on the library staff in her junior year and on the office staff in her senior year. When Sandy was a junior she belonged to the Girls Athletic Assn. This year she is secretary of the Future Teachers Club. Sandy also received the Daughters' of the American Revolution "Good Citizen" award.

After graduation Dick plans to attend the University of Michigan. Sandy will enter Michigan State University Oakland to study teacher-education.

★ ★ ★

The junior class of West Bloomfield High School will present a play called "Our Hearts Were Young and Gay," written by Cornelia Otis Skinner and Emily Kimbrough, at 8 tonight in the high school gymnasium.

Some of the characters are Cornelia Skinner, played by Linda Saunders; Emily Kimbrough by Barbara Harroun; Dick Winters by Richard Haughton; and the steward by Dennis Brown. Student director is Carol Wilmont who is working under the guidance of Miss Janet Manz.

Clarkston High to Present Folk Song Operetta

By JOAN PAYNE

"Down in the Valley," by Kurt Weill, will be presented by Clarkston's music and drama departments April 30 and May 1.

The operetta is based on American folk songs. The scene opens with Brack Weaver in jail. His love for pretty Jennie Parsons proves stronger than prison bars and is his motive for escape.

The participants are Jerry Terry, Nancy Jennings, Danny Althouse, Skip Bonner, Ken Stock, Cliff Irwin, David Gallerger, Joe Jennings, Jim Lawless, Marvin Frick, Shirley Gaddis and Prudy Hutchins.

Curtain time will be 8:15 both nights, and tickets may be purchased at the door.

Area 4-H Plans Dress Revue

300 County Girls Will Model Garments Made by Themselves

Some 300 girls are expected to participate in the annual Oakland County 4-H Dress Revue to be staged at 8:15 p.m. Saturday at Pontiac Northern High School.

All committee work for the event is being done by leaders from the clubs in Area III, made up of the western half o the county, including Milford, New Hudson, Walled Lake and White Lake.

The revue is sponsored by the Oakland County 4-H Council and is for all girls working on clothing projects, as well as their junior and adult leaders.

Mrs. Paul Fortino, a former 4-H girl, will be in charge of the ceremonies.

Judging will be done in three divisions. They are: Young Miss Series, Junior Miss Series and Senior Miss.

★ ★ ★

The Young Miss Series is for girls in the 10 through 12 age group who will model aprons, cotton skirts or a cotton dress. Girls from 12 to 15 years of age, in the Junior Miss Series, will model a school dress, a sports outfit, a lounging costume or a blouse and skirt in wool.

Girls in the Senior Miss Series are 14 years old and older. They will wear a garment which they have made.

Judges will include Mrs. Anna Brown, county extension agent in home economics from Washtenaw County; Miss Sue Anderson, home making teacher at Pontiac Northern High School; Mrs. Gordon Adams, 4-H leader from Macomb County, and Mrs. Frank Anderson and Mrs. Don Kaiser, Pontiac homemakers.

Other judges will be 4-H leaders from Oakland County.

McElroy Warns of Red Progress

U.S. Faces Sacrifices in Economic Battle With Communist World

NEW YORK (AP)—Secretary of Defense Neil McElroy, warning that Soviet economic progress threatens America's leadership of the free world, told the nation Thursday night it faces sacrifices and hard choices to meet the challenge.

★ ★ ★

"We can no more afford to lose the economic competition with communism than we can afford to fall behind militarily. The only way I know to meet Soviet economic competition is to increase our own output," he said.

This, McElroy told a gathering of newspaper publishers and executives from throughout the United States and Canada, "may mean changes in emphasis in our own economy and sacrifices for our people.

★ ★ ★

"It may force us to make some hard choices. It may mean that our people will have to learn to get along with less in current consumption. Otherwise, we may come out second best in a competition for which there is no second prize."

The defense secretary, aldressing the 46th anniversary dinner of the Bureau of Advertising of the American Newspaper Publishers Assn. at the Waldorf-Astoria Hotel, stressed the need to prepare now for an economic contest with the Soviet Union.

Nehru Urges Red-Dalai Visit

Says 'Door Is Open,' Hopes High Lama Will Return to Tibet

MUSSOORIE, India (AP) — Prime Minister Nehru today invited Chinese Communist representatives and their puppet ruler of Tibet, the Panchen Lama, to visit the Dalai Lama at his refuge here in north India.

Nehru said he hoped the Dalai Lama, Tibet's 23-year-old spiritual and temporal ruler, would return to Lhasa, the Tibetan capital. It was an obvious bid to reconcile the Red Chinese government and the Tibetan god-king, who fled from Communist domination of his homeland.

★ ★ ★

The Indian prime minister made his peace overture in an impromptu news conference two hours before meeting with the Dalai Lama. Nehru arrived from New Delhi earlier today.

"I will welcome the Panchen Lama to come and meet the Dalai Lama and whomever he likes," said Nehru.

★ ★ ★

The prime minister said "the door is open" for the Chinese ambassador to India or any high representative of the Peiping government to see the Tibetan executive, who has set up headquarters in exile in a large mansion in this Himalayan hill station.

Nehru has refused to condemn the Chinese Communists for the repression of the Tibetan rebellion. But he has said India's sympathies are with the Tibetans and that autonomy, or local self-government, is the only ultimate solution for the situation in Tibet.

Castro's Beard, Belching TV Bums Irritating

NEW YORK — Assorted prejudices . . .

There is one infallible method of determining when a press agent's handout contains absolutely no news. That's when the envelope is stamped "News!"

The worst blow to a man's innate vanity is to step into an empty elevator and then watch the operator wait until he has other passengers, or a load, before taking off.

If Castro's people won the Revolution and have everything completely in hand, why doesn't he take off the uniform and shave?

Radio is here to stay, and has proved it by bravely surviving the dreariest cliche of our age. The cliche is, "But first . . ."

A bum can belch on television and gain a bigger audience than Milton won with "Paradise Lost." But Milton, who went in for the printed word, survives.

I can't conceive of a romantic Kentucky Derby without Bill Corum.

The greatest artist of my time was a penny-pinching, ungrateful bum named Charlie Chaplin.

Men, women and children with bleached bones through their noses are laughing at him in some jungle clearing right now as he eats the shoe in the "Gold Rush" or tries to keep "Gold Rush" or tries to keep up with the machine in "Modern Times." "City Lights" is still the best movie I ever saw. I wish the creep would release it for the late late show.

For a consistently clear view of the domestic and foreign scene, no editorial writer I know or read is as concise and discerning as Lichty, who draws a panel named "Grin and Bear It."

Under Warren Austin, his predecessor, we used to study the half truths and outright lies for a week or two, then issue a stately denial—which was played back in that section of the papers devoted to trusses and goitre cures.

Lodge is so quick with a counter charge that he has destroyed the Reds' easy access to the headlines.

The only stimulating or inspiring funeral I ever went to was that of Etta Massbaum, wife of the Philadelphia sponsor of Rodin. The rabbi simply read a letter she had left for her daughters.

Most funeral services are pagan and pitiless, and you get the melancholy feeling that the preacher wouldn't have known or even cared much for the late lamented—and certainly vice versa. My father died when I was just ten. The most vivid thing I remember about him was his counsel, "never shake hands with an undertaker."

Jimmy Cannon, who does this type of piece better than anybody, had a wonderful slab about Society Kid Hogan, the Chicago horseplayer, the other day.

He neglected, probably because it's unquestionably apocryphal, the story about the Kid's being questioned because he was seen running toward an Illinois friend Jake Lingle, Chicago Tribune crime reporter.

The cops asked, "you mean to say you ran right past your pal on the way to the train to Arlington! Why didn't you stop and help him?" Society Kid Hogan looked at them as if they were demented. "And miss the Daily Double?" he demanded.

Soil Contest Won by Oxford

South Lyon Runnerup in Ability to Judge Use, Care of Earth

The Oakland County soil judging contest for area Future Farmers of America and 4-H Club members was won by the Oxford FFA chapter, it was announced today by Jay Poffenberger, county agriculture extension agent.

The contest was sponsored by the Oakland County Soil Conservation District at the Jeff Holmwood Farm in White Lake Township.

Runnerup in the competition was the South Lyon FFA Chapter. Other entries were the Holly FFA Chapter and the East Orion 4-H Club.

"The contest determined the ability of entrants to judge best use and care of soil so that it will produce at its highest capacity without loss to erosion," said Poffenberger.

Entrant with the highest individual score was Lee Tope, 17, son of Mr. and Mrs. Norman Tope of 2265 Ray Rd., Oxford.

He will be presented with a medal and a plaque will be awarded to the winning chapter, Poffenberger said, "just as soon as we can get them back from the engravers."

Romeo Lobbyist Wins State Post

ROMEO — A Lansing lobbyist for the Blue Shield Corp. who lives in Romeo, has been appointed to the State Waterways Commission.

The Senate voted 32-1 yesterday to confirm the appointment of Louis H. Freye of 236 Church St. to the commission.

Sen. Carlton H. Morris (R-Kalamazoo) opposed confirmation of Gov. G. Mennen Williams' appointee because he didn't want "a lobbyist running government."

The Senate also confirmed appointments of George H. Smith of Detroit, and William Young of Mount Clemens, to the Electrical Administrative Board for terms expiring Aug. 10, 1960.

Freye's term expires at the pleasure of the governor.

Illinois Visitors Don't Sway Canada

OTTAWA (AP)—Canada's opposition to any additional water diversion from the Great Lakes at Chicago has not been decreased by the visit here of two U.S. congressmen, Prime Minister John Diefenbaker said yesterday.

Dievenbaker told Commons he listened to the views of the two Illinois Democrats — Sen. Paul Douglas and Rep. Sidney Yates—but was unable to offer them any hope that Canada's opposition to the diversion bill now before the U.S. Congress would be diminished.

The two American legislators are supporting a further diversion of lake waters, at the rate of 1,000 cubic feet pr second, for sewage disposal at Chicago. Canada contends navigation and power resources in the Great Lakes would be affected.

Faking Drunk Holds Up Bar for $1,000, Escapes

MADISON HEIGHTS — A man who sat quietly sipping beer for an hour held up a bar here this morning after the last customer left. He fled with $1,000 in cash.

Pretending to be intoxicated, the holdup artist staggered toward the door of Jac Mars Bar, 28775 Dequindre St., when the two attendants were ready to lock up for the day. That was at 2:30 a.m. The place otherwise was deserted.

Bartender Bill Wood and the waitress, Barbara Nehls of Hazel Park, were assisting the man out the door when he suddenly pulled a chrome-plated pistol from his jacket, immediately "sobering up," they said.

He took a coil of rope from another pocket and ordered the waitress to tie up the bartender. Then he tied up the waitress, scooped $1,000 from the cash register, ignoring checks in the till.

The man ordered his victims to "wait five minutes before doing anything," as he walked out. A car was heard speeding away as soon as he went out the door. "It seemed as if someone was waiting for him," Wood said.

Wood managed to wriggle loose and called the Madison Heights Police within minutes after the holdup.

The robber was described to be of average height, between 25 and 30 years of age, with black curly hair, weighing about 150 pounds and wearing a light gray jacket over a blue work suit.

Leo Burdelski of Detroit, owner of the bar, said having $1,000 in ready cash on hand was not unusual as many workmen from the surrounding plants come in to cash pay checks.

Dance to Benefit Bloomfield Boys

WEST BLOOMFIELD TOWNSHIP — The Women's Auxiliary of the West Bloomfield Township Fire Department will stage a spring benefit dance at 9 p.m. tomorrow in the VFW building at Keego Harbor.

Proceeds from the dance will be turned over to the West Bloomfield Township Boy's Club.

Tod Elwell's orchestra will provide music.

Event chairman is Mrs. Oren Rogers; co-chairman is Mrs. Ben Moshier.

Tickets may be purchased from various merchants in the Keego Harbor area or at the VFW Hall door. Use of the hall was donated by the VFW Post 2706.

Milford High Seniors to Give Three-Act Play

MILFORD — "Ghost Train," a three-act play by Arnold Ridley, will be presented by the Milford High School senior class next Wednesday, Thursday and Saturday at 8 p.m.

The cast of 11, who will participate in the production in the Little Theater of the school, includes Chuck Elliott, Cris Karle, Larry Adams, Jerry Garner, Sally Stiling, Janet Long, Roy Danley, Kaye Grantham, Paul Heil, Sid Hawley and Tom Manley.

N. Reed Mathis, English teacher, will direct the play, and Ceryl Johnston is the student director.

Roy Danley is general chairman, Don Renirie in charge of tickets, and Bill Veresh, stage manager.

One-fourth of all the persons accidentally killed are listed as farmers.

Boys to Display Achievements

Program Set for CAI Building in Waterford All Day Tomorrow

Members of Explorer, Cub and Boy Scout units throughout the northern part of Oakland County are busy today putting final touches on exhibits for the annual Manito District Scout Show.

Tomorrow, the public will be able to view first-hand activities and accomplishments of boys in the scouting movement in a gigantic display.

The show will be open from 10 a.m. until 9 p.m. tomorrow in the CAI Building at Waterford.

Each scout unit in the district will have a booth in the show presenting examples of handicrafts, leatherwork, camp-making, model-building and many other accomplishments of members.

Also included will be a radio and high-fi equipment display and a rifle safety booth.

A short stage presentation is scheduled for 3 p.m. and again at 7 p.m. It will feature skits and Indian dances performed by the boys.

The stage show is being directed by Harvey Beach of Lake Orion, a member of the Manito District Committee and general chairman of the entire show.

First, second and third place awards will be presented to both the troops and packs judged having the best booth displays.

The unit judged to have the best exhibit in the entire show will receive the Mitzelfeld Trophy.

The committee in charge of arranging the show is headed by August Jacober, scout leader of Troop 120 at Christ Lutheran Church, Waterford, and Donald McDonald, scoutmaster of Troop 31 which meets at the CAI Building.

Refreshments will be available. Tickets can be obtained from local scout groups or at the door.

Wheat in its various forms constitutes about 19 per cent of the total food of an American family.

New Church Studies Needs for Future

AVON TOWNSHIP—One of the primary concerns of the building committee currently studying the needs of the University Presbyterian Church is how Michigan State University Oakland will affect the proposed size and other requirements of the church, a spokesman for the group said today.

Edwin French is the newly elected president of the committee conducting this study and working with an architect on a master plan for the church. Harold Lindquist is committee secretary.

Tentative plans are being made to break ground for the first unit in the spring of 1960.

Oxford High Singers Plan Spring Concert

The Oxford High School Vocal Music Department, under the direction of Mrs. Dorothy Jean Valentine, will present its annual Spring Concert at 8 p.m. Tuesday in the high school auditorium.

Besides the junior and senior choirs singing such songs as "Michigan Morn," "O Brother Man," and "Anthem for Spring," the program will include selections by the Mixed Ensemble, Senior Ensemble and Junior Trio.

Wild Turkey Causes Problems at Airport

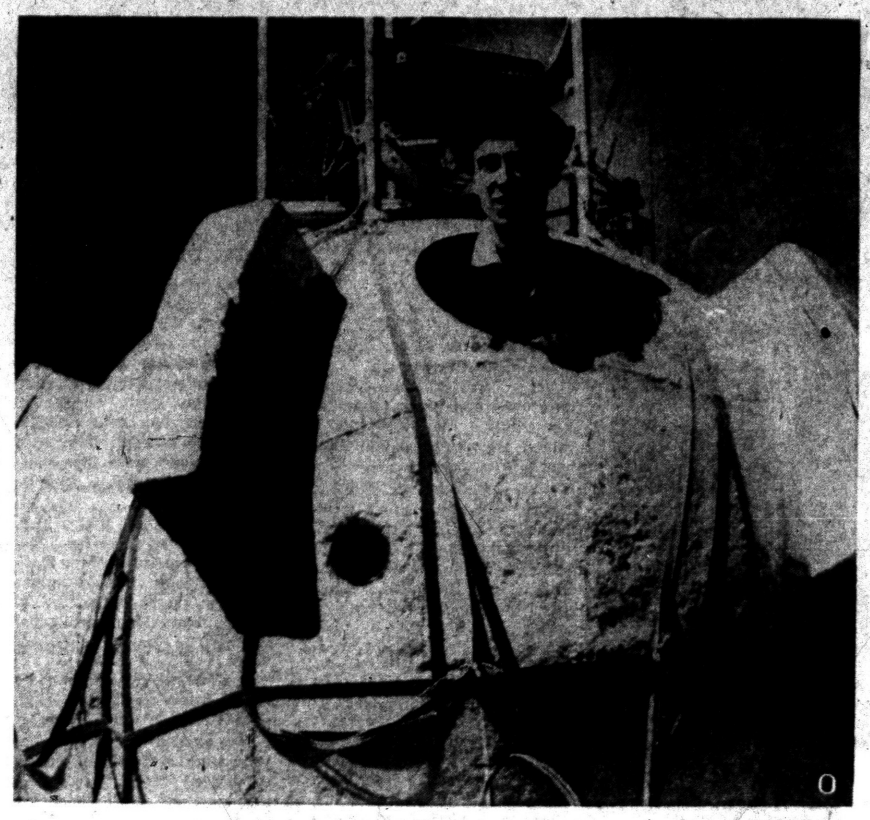

RICHMOND, Va. (AP)—A pesky wild turkey no longer plagues the wild blue yonder at Richmond's Byrd Field.

★ ★ ★

For two weeks, the fowl had given pilots the jitters by his antics during take-offs and landings.

★ ★ ★

The airport security officer, Charles C. Wilson, ended the hazard Thursday with a .22 rifle equipped with a telescopic sight.

AIMING HIGH — Set to soar skyward in his giant balloon, French aeronaut Audouin Dolfussin peers out at the landscape from the gondola on the airfield near Paris. Dolfussin expects to ascend to a height of 75,000 feet so he can take photographs of the planet Venus. The gondola, made of an aluminum alloy, weighs about 1,300 pounds when fully loaded.

Here's the Cake but Where Is Kirk Douglas?

PALM SPRINGS, Calif. (AP)—It was a happy birthday party for Mrs. Kirk Douglas, even before the giant cake was wheeled in.

Five feet high it stood, and four feet across. Emblazoned in big letters across it were the words, "Happy Birthday, Ann."

★ ★ ★

The band played, the 16 guests oh-ed and ah-ed. All was delightful, except for one thing. Kirk wasn't there.

But wait. My goodness, there he was. Climbed right out of the top of the cake, he did.

Douglas was supposed to be in Hollywood filming "Spartacus." The plaster of paris cake, used as a stage prop, looked real enough to give his wife quite a start when the actor suddenly emerged from it.

Sammy Davis Jr. Shed by Wife After 4 Months

LAS VEGAS, Nev. (AP)—Entertainer Sammy Davis Jr. is a bachelor again.

★ ★ ★

His brief marriage to singer Loray White ended Thursday when she got a divorce on grounds of mental cruelty. They married Jan. 10, 1958, but friends said they lived together only briefly.

★ ★ ★

Davis, 33, did not contest the divorce. Miss White, 24, will get $10,000 under a property settlement. Davis also agreed to pay $17,000 worth of accumulated bills.

To Seek Sunken Vessel

Bradley Search Party Sets Up Operations Base

CHARLEVOIX (AP)—An operations base from which a search for the sunken freighter Carl D. Bradley will be conducted was set up yesterday at St. James on Beaver Island at the top of Lake Michigan.

The base, established by the Bradley Transportation Co., is under the command of Capt. Don Nauts, Bradley fleet captian.

Nauts and a four-man crew made it to Beaver Island yesterday in the 38-foot cruiser Penmanta, which is especially equipped to scan the lake's bottom. Ice had prevented the Penmanta's departure heretofore.

The Bradley sank in a Lake Michigan storm last November with the loss of 33 of its 35 hands. Fifteen bodies have not yet been recovered.

Capt. Nauts will set up a search pattern in the vicinity of Gull Island, off which the Bradley radioed she was sinking. Two men who survived the night on a storm-tossed raft were picked up the next day.

The Seafarers International Union also plans to conduct a separate search for the Bradley in the hopes that from the wreckage it may be learned why the big ship broke apart and plunged almost immediately to the bottom.

★ ★ ★

Survivors of several Bradley crewmen have filed suits running into millions of dollars against the owner, a subsidiary of U.S. Steel Corp.

The Bradley was en route home to Rogers City, Mich., on Lake Huron from delivering limestone to Gary, Ind., steel mills when she went down.

Ground search groups were put off on both Gull and High Islands to search for traces of Bradley gear and bodies of missing crewmen.

Four educators who played an important part in the Pontiac Education Association's annual banquet last night get together before the program. Left to right are Garth Errington, toastmaster; Mrs. Jacob Martz, ticket chairman; Vera Mae Adams, who was in charge of the banquet, and Wilbur S. Edwards, the speaker for the evening.

180 Attend PEA Banquet

Outgoing PEA president, Melvyn Staebler, assistant principal of Madison Junior High School, left, has handed over the symbol of his office to Robert Boyce, assistant principal of Washington Junior High School, who will be president this coming year.

Battling for Men's Minds, Speaker Tells Educators

By RHEA E. VIETOR
Women's Editor
The Pontiac Press

"Our greatest battle today is the battle for men's minds," Wilbur S. Edwards, vice president of Encyclopedia Britannica Films told educators at the Pontiac Education Association's annual banquet last evening.

"Communications are the key to our civilization, and the only way to achieve peace and freedom," he told the 180 members and guests assembled at Devon Gables.

★ ★ ★

Mr. Edwards spoke of the vital role of audio-visual techniques and other scientific aids in the schools of tomorrow.

"The child of 2,000 A.D. will have to think on a higher plane than we do now," he explained. "He will start where we left off."

MORE TO LEARN

He declared that even today there is twice as much to learn as ever before and that we are fortunate that science is keeping pace with the tremendous necessity for more knowledge today.

Describing the classrooms of tomorrow, Mr. Edwards mentioned visual object recorders, a visual and sound wall that will replace the present method of showing films, microfilm books that can be projected on wall, ceiling or desks at will, and even an "electro-monster" that can teach complete courses and then go on to correct the examination papers of the students.

★ ★ ★

Mr. Edwards emphasized that these technological wonders are the tools, not the enemies of the teacher, and that a thinking machine can never substitute for the inspiration and encouragement only a teacher can give.

He stressed the fact that the challenge of education today is to educate in depth, and that scientific aids will not make learning easier, but will enable students to gain more than superficial knowledge twice as fast.

The Senior Boys Ensemble under the direction of Michael Dempsey entertained at the dinner. Mrs. David Walls read an original tribute in verse to retiring teachers. Garth Errington was toastmaster.

OFFICERS ANNOUNCED

Melvyn Staebler, outgoing president of PEA, turned over the gavel of his office to Robert Boyce, new president, and announced the officers for the coming year. They are: first vice president, Victor Lindquist; second vice president, Mrs. Mildred Dodson; corresponding secretary, Virginia Fowler; recording secretary, Mrs. Kenneth Healy; treasurer, Gordon Earhart.

★ ★ ★

Others are: Vera Mae Adams, Virginia Luther and Mrs. George Yansen, directors. Delegate to the classroom teachers department is Mrs. Alton Madden with Lois Coan as alternate. Delegate to the representative assembly is Mrs. C. A. Gordon with Lulu McGregor, alternate.

★ ★ ★

Vera Mae Adams was banquet chairman. Margaret Scott was in charge of the program. Mildred Gingell and Mrs. Peter Spring headed the decorations committee, with Jerome Libby in charge of music; Mrs. Jacob Martz, tickets; Virginia Fowler, invitations, and Mrs. Leo McDonald, publicity.

Special guests were Dr. and Mrs. Dana P. Whitmer, Dr. and Mrs. Philip J. Proud, Dr. and Mrs. Walter L. Godsell, Mr. and Mrs. Monroe M. Osmun, Mr. and Mrs. Glenn H. Griffin, Mr. and Mrs. Mitchell A. Calbi, Mrs. Robert K. Victor, the Rev. and Mrs. J. Allen Parker, Mr. and Mrs. Otto C. Hufziger and Joseph Denbow.

Pausing to chat before the PEA banquet last evening were, left to right: Dr. Dana P. Whitmer, superintendent of schools; Mrs. Otto C. Hufziger, wife of the assistant superintendent in charge of business, and Glenn H. Griffin, president of the Board of Education.

Cut Activities, PTA Leader Urges Mothers

NEW ORLEANS (AP) — Mrs. Ralph Hobbs, vice president of the National Congress of Parents and Teachers, Thursday urged mothers, "don't crowd your schedule by belonging to too many organizations."

Spend some time with the children, she said.

Mrs. Hobbs, of Catalula, Ga., was interviewed between sessions at the annual convention of the Louisiana Parent-Teachers Assn.

"We are running hither, thither and yon," she said, "doing things to save the home. And in so doing we are defeating our purpose.

"We have too many activities," she said, "and it's the same with the child. His schedule is terrific."

Women Drivers' Trouble Is Men, Says Stunt Girl

By DOROTHY ROE
AP Women's Editor

The trouble with women drivers is men, says blonde, breezy Pat Jones, of Wichita, Kan., professional stunt driver who teaches driving in her spare time.

"There's always some man either in the front seat or the back who gets the woman at the wheel rattled," says Pat.

"If he's a husband, it's fatal. No woman can be expected to keep her mind on her driving when her husband is sitting beside her saying 'Watch that car ahead!' . . . 'Don't forget to signal!' . . . 'Wow! you just missed that one!' . . . or 'Baby, can't you stay on your own side of the road?' "

Pat was interviewed in New York after winning an economy mileage test run, driving a standard Dodge from Kansas City to New York and beating the men drivers. She has driven 50,000 miles in the last seven months, and is a member of Jack Kochman's Hell-drivers, doing firewall crashes, crash rolls and ramp-to-ramp leaps.

"It gives you confidence in ordinary driving to know how to crash," says Pat. "Maybe that's why most women are so nervous when they're at the wheel—they've never crashed."

Miss Jones does not advise women drivers to go out and crack up to gain confidence. You have to have special cars and special gear for that. But she thinks nothing of driving a car head-on into a brick wall when she's prepared.

"Once when I was racing I got to thinking about a boy I'd met, and I turned over seven times going around a curve," she says. "It was okay. I wasn't hurt. Only I didn't win the race."

Pat was born in Ebano, Mexico, daughter of an American oil man, and has lived in Fort Morgan, Colo., and Casper, Wyo.

New President of DAR Has Know-How for Job

WASHINGTON (AP) — A successful businesswoman from Maine with a twinkle in her blue eyes, Mrs. Ashmead White has the job now of running a unique big business — the Daughters of the American Revolution.

She seems to have plenty of ideas about what to do.

They include "improvement in preparation, formulation and presentation of resolutions," which the DAR annually engages in wholesale.

★ ★ ★

Mrs. White, slim, gray-haired widow from a prominent Maine family, wants to encourage ample debate at DAR Congresses. That's something the Daughters have been short on to.

VARIED BACKGROUND

A Wellesley graduate, she taught languages, economics and history in New York City and Massachusetts schools before getting into the business world.

Besides financial know-how, she has executive experience gained as training director of a large Fifth avenue department store and head of a family-owned industrial firm.

★ ★ ★

Mrs. White is a member of the investment firm of Pierce, White & Drummond, Inc., Bangor, Maine. She lives in her birthplace, Lubec, Maine.

She has served for six years on Maine's Judicial Council, a group of lawyers, judges and laymen formed to study legislation and propose new laws. "Eleven men and me," she said with a smile.

She said she probably will have to quit the council, however, to assume full time duties as president general of the 186,000-member DAR.

★ ★ ★

Her predecessor in office, Mrs. Frederic A. Groves of Cape Girardeau, Mo., traveled 87,000 miles in her three-year term.

LOOKS THE PART

In a slate gray gown, an ermine stole over her slim shoulders, Mrs. White looked as though she belonged in the plush president general's reception room after her election early today.

She wore two white orchids. She doesn't think it's good taste to wear more than that. This may set a new style in the DAR.

A widow since 1954, Mrs. White has no children. She has been a member of the DAR since 1937, by virtue of ancestors who fought in the Revolutionary War. She doesn't list her age.

★ ★ ★

Mrs. White thinks the DAR needs better publicity on its good works.

She started out her three-year term early today with a good deed of her own, omitting the usual election-night reception in her honor. It was 3 a.m.

New DAR officers look very happy about the whole thing. Mrs. Ashmead White, left, of Lubec, Me., is the new president general of the Daughters of the American Revolution and Mrs. Harold E. Erb of Garden City, N. Y., is first vice president. They posed early this morning after gaining the top posts of this 186,000 member organization.

Start Slowly

Be Faithful With Your Daily Exercises

By JOSEPHINE LOWMAN

We certainly should treat ourselves as well as we treat our cars! We give our cars a spring tune-up each year. This week "Why Grow Old?" is bringing you a SPRING MAKEOVER!

As those of you who have been reading this column this week know, I have been printing the menus for my 9-Day Reducing Diet and also giving you an exercise a day as a part of your spring pick-up. So far I have given you four exercises.

Today I would like to tell you how to use the exercises. Do each one 10 times the first day. Each day add the exercise for the day (10 times) to the ones before it. Continue doing all exercises 10 times. In all I am going to give you seven as a part of this program. Most of them are fairly easy, but if any are too difficult for you, leave them out until later on.

To receive any benefit from the gymnastics you will have to continue them for a few weeks. You should have you blood pressure and heart checked always before beginning exercise if you are not accustomed to it, or have not had a recent check-up with your physician.

I am giving you the menus for both Saturday and Sunday so that you can get necessary supplies in the house.

MENUS FOR SATURDAY

Breakfast
One-half grapefruit
Two slices crisp bacon
One thin dry slice of whole wheat toast
Black coffee

Luncheon
1 medium hamburger
Sliced tomatoes
One glass skimmed milk

Dinner
Good helping liver
Stewed tomatoes

Here is your exercise. Kneel on right knee. Extend your left leg straight out to the side, knee stiff. Raise your left arm up by your left ear and bend to the right, trying to touch the floor with the fingertips of your right hand. Return to starting position.

Repeat, bending your left knee this time, raising your right arm by ear and bending your trunk to the left. Continue slowly, alternating.

Philip A. Harts Acquire Family House, Airplane

LANSING (AP) — Jane Hart, wife of Sen. Philip A. Hart (D-Mich), reports acquisition of a new family-sized house and plane—both new to the Hart family, that is.

The plane is a five-year old Bonanza, painted green and white and able to carry five passengers and the pilot.

The house is an eight-year-old tri-level in Washington, D.C., with six bedrooms and room for more to accommodate the large Hart family.

The senator's wife was equally enthusiastic about both.

"The plane has 1,500 hours on it but has a completely reconditioned engine," she said. "I particularly like the call letters — 100-E. I plan to fly it to Washington Saturday and bring Phil home for the weekend."

★ ★ ★

On the House, she reported: "It's just 15 minutes from the capitol so Phil can get back and forth when he works odd hours. A yard for the children and a nice district — the Korean embassy is just in back of us. We hope to close the deal this weekend."

Remove Coat Without an Invitation

By EMILY POST

"Dear Mrs. Post: When paying a visit, isn't it up to the hostess to ask her visitor to remove her coat? I always thought so. However, the other afternoon I went to see a lady whom I always thought a very gracious hostess. She let me sit in her living room for almost an hour and never asked me to take off my coat. Wasn't this very rude on her part?"

Answer: Yes, she should have asked you to take off your coat, but there was no reason why you shouldn't have done so without her express invitation.

"Dear Mrs. Post: Is there any way that I may announce my forth-coming graduation to friends and relatives without making them feel obliged to give me a present. I am a senior in college and expect to be graduated in June.

"I was on the committee three years ago that chose the permanent graduation announcements so I am anxious to send one to all my friends and relatives, but in this part of the country people usually feel obligated to send a gift after receiving an announcement. Is there anything I can do to prevent this?"

Answer: You may write in your own handwriting "Please no present" on the announcements.

"Dear Mrs. Post: When one receives an invitation to a wedding that is taking place several hundred miles from here and it is obvious that the receiver will not be able to go, is it necessary nevertheless to send regrets when r.s.v.p. is included on the invitation?"

Answer: Yes it is polite to do so, especially in the present day when the airplane has shrunk hundreds of miles into really nothing at all.

Back in 1820, when former American slave were bought in Liberia from local African tribesmen, the price included a box of soap — along with other commodities.

74 Is Old Enough to Settle Down—Abby

Daddy Travels Dangerously Fast!

By ABIGAIL VAN BUREN

"DEAR ABBY: My father is 74 but he doesn't look his age and lately he hasn't been acting it, either. He's retired and lives a few months here and a few months there. (You might say he "travels.") I heard from my sister in Canton, Ohio, that Daddy was there with his new wife. Last spring he brought his new wife here and they stayed with us. He met her in Florida and said he married her in Cuba. Her name was Maybelle.

ABBY

"My sister said he and his wife were there and her name was Della. My husband says if he comes back he'd better bring Maybelle or he isn't going to let him in the house. We never had this kind of trouble with Daddy before and Mamma's been gone 16 years. Can you tell me how to cope with it?"

DAUGHTER

DEAR DAUGHTER: You had better talk to Daddy like a Dutch Uncle. Either he is not going through the formalities of marriage and divorce or he has failed to mention these technicalities. Cavorting with assorted make-believe "missuses" (at any age) can land Daddy in the Paddy.

★ ★ ★

"DEAR ABBY: I would like your honest opinion of what I am going to ask you. What do you really think of a husband who is far from perfect himself, who professes great love for you and then tells you to your face that you are ugly without makeup? I have practically lost all feeling for him over this and wonder if possibly I can be wrong. Thank you kindly."

UGLY WITHOUT MAKEUP

DEAR UGLY: Your husband's choice of words is something less than exquisite but I think he means well. Don't be upset over this. Kiss and make up and makeup and kiss!

★ ★ ★

"DEAR ABBY: There is a little store near us where I have traded for five years. I run a little bill and usually pay at the end of the week. Sometimes I leave a slight balance if I am short. The owner of this store is a man in his fifties. Lately when I go to the store he pats me here and there. I am married and have a family.

"Sometimes I catch him looking me over. He said once I shouldn't worry about running a bill as my credit was good with him and maybe we could make 'a deal.' What do you suppose he meant by that?"

WONDERING

DEAR WONDERING: Never mind what he meant. Do not run any bills with him. Just RUN!

★ ★ ★

"DEAR ABBY: Please don't laugh at my problem as it is very serious to me. I am 20 years old and am engaged to a wonderful man who is studying for the ministry. My little brother (13) has been threatening to tell him something that has bothered me for years and I don't know if (or how) to tell him. You see, my family tells me I snore very loud for a girl."

SINCERELY GIRL SNORER

DEAR GIRL: Why not see an Eye, Ear, Nose and Throat Specialist? Perhaps he can help you. If it can't be helped, don't worry about it. (There is always a possibility that your fiance snores, too, in which case you could make beautiful music together.)

Cootiette Club Holds Installation

The Queen's High Cootiette Club No. 128, associated with the VFW, held installation of officers Wednesday evening at the home of Mrs. Robert Bradish on Canterbury drive.

★ ★ ★

Serving with Mrs. Bertram Barber, president, are Mrs. Josephine Seiser, senior vice president; Mrs. Bradish, junior vice president; Mrs. Donald Moore, secretary; Mrs. Albert Haege, treasurer; Mrs. Hector McClellan, conductress; Mrs. Otto Zander, chaplain; and Mrs. Ronald Turner, guard.

★ ★ ★

Mrs. Glen Mason, Mrs. William Vandecar and Mrs. Myra Ostrander are trustees. Mistress of ceremonies is Mrs. Hazel Burns.

Installing the officers were Mrs. Mason, past president, assisted by Mrs. McClellan.

Mrs. Moors was presented a past presidents' pin following a luncheon served by the hostess.

The club is the "fun" organization of VFW. Its proceeds benefit hospitalized veterans.

Making a Dress?

When you start to cut your new dress from the fabric, cut the notches outward rather than into the seam allowance, advise extension clothing specialists. This leaves a full seam allowance which can be very important in material which frays easily.

'Bread and Work'

Queen Mother Accosted

ROME (AP)—An Italian woman grabbed British Queen Mother Elizabeth today, shouting "bread and work! bread and work!"

Four policemen pulled the hysterical woman away and hauled her off for investigation.

★ ★ ★

The queen mother, who was on a sightseeing tour of Rome, did not appear ruffled.

She waved to the stunned crowd of about 400, stepped into her car and rode off.

★ ★ ★

The queen mother had just toured the museum at Rome's City Hall and was standing under the portico, taking leave of museum and city officials.

Suddenly the woman broke from the crowd of spectators and with both hands clutched the queen's dress at the waist. As the crowd gasped, policemen pulled the woman away.

The queen barely faltered in her farewells, then turned and shook hands with museum director Carlo Pietrangeli.

"Viva la regina!" roared the crowd as the royal car drove off.

Princess Margaret was sightseeing elsewhere today. She and the queen mother arrived Monday for a holiday visit. They return home Saturday.

'Bad' Child Really Wants Approval

By MURIEL LAWRENCE

He was told to apply his blue finger paint to his picture. Instead, he got a fingerful of green paint and smeared it across the picture of the little girl beside him at the nursery school table.

She hit him. They were hastily parted and he was invited to rearrange the dollhouse family instead.

As he shoved the mother doll under a bed, he said in a loud, clear voice, "We have a baby at our house. Being bad is the only way I can get attention."

This was not an original observation, but one he'd overheard grownups parrot from parent education books. As a new brother, it had impressed him deeply. For he often needed attention badly, and the grownups' idiotic phrase had told him the way to get it was by being as "bad" as he could.

So needing attentive help with his picture, he sought it by obnoxious behavior. The idiotic phrase had taught him to reach for kindness by attracting as much resentment as possible.

We must stop telling children they are "bad" in order to get our attention.

When we do, we just compel them to be worse. For they require attention as they require food. And the kind they receive for being "bad" is not the kind they are seeking at all.

In this confusing situation, they can only get worse in the desperate hope that our angry attention will turn into the approving kind they want.

★ ★ ★

Yet grownups, thinking themselves fancy psychologists go right on saying, "He spilled his milk deliberately to get attention."

Do you bask in other people's resentful attention? Do you adore being the target of their angry interest? All right then. In the presence of children, stop saying: "He's being bad to get attention."

It's not only bad psychology—it isn't true.

Long Styled Bobs Date Older Women

The older woman who persists in wearing her hair in a longish bob is fooling only herself. Actually, she's dating herself and making herself look older.

The most becoming hairdo for a mature woman can be found in long hair worn as some variation of the chignon or in very short and skillfully cut hair. Both are fairly easy to keep and both add to the charm of an older woman.

Everybody likes fresh soap available at the wash basin and the bathtub at all times!

Chocolate Mixture May Be Fudge or Topping

By JANET ODELL
Pontiac Press Home Editor

Here is a recipe for a fudge topping that is made in a little different manner. It may also be made into fudge. Mrs. Harold Welch of Westacres says its flavor is unlike any fudge sauce she has ever tasted.

★ ★ ★

Mrs. Welch is a musician and willingly shares her talent with others, especially young people. She is a member of a child study group and the AAUW. Active in church work, she is on the Presbyterial Board of Detroit.

FUDGE TOPPING or CANDY
By Mrs. Harold Welch

2 tablespoons butter or margarine
2 tablespoons cocoa
1 cup milk
2 cups granulated sugar
½ cup corn syrup
Dash of salt
1 teaspoon vanilla

Melt butter and add cocoa. Blend well. Add milk and let come to a boil, stirring constantly. Then add sugar. Boil to the soft ball stage, testing in cold water.

Beat until it loses its gloss. Add nuts, if desired and pour into buttered pan. Cut in squares when cool.

For fudge topping do not boil the mixture so long. It is delicious as a cream puff topping.

She Plays the Field, Has Wonderful Time

By RUTH MILLETT

Most of the letters to this column against steady dating for teenagers come from parents and teachers.

It's fairly rare for a teen-ager to take pen in hand to put in a good word for dating more than one person at a time.

But here's that kind of letter and since it comes from a 17-year-old girl, maybe other teenagers will at least listen to her point of view. She says:

"Ever since I started dating I've been going steady. Sometimes I only went with a boy for a couple of months. But once it was for more than a year. I thought I'd be lost without a boy I could call my own and depend on.

"But when I broke up with Bob, my last steady date, my mother finally persuaded me not to go steady for six months.

"The six months is about over and I'm having so much fun I wouldn't go steady with the cutest boy in school. At first, I'll admit I didn't always have a date when I wanted one. It took the news that I wasn't going steady a while to get around.

"But once the boys know for sure you aren't going steady and aren't interested in going steady, you get all the dates you want.

"My mother was right. It really is fun not knowing who you'll be dating next Saturday night and what you'll be doing. It's kind of exciting to wonder.

"And you have lots more fun. After you've gone with a boy for a little while you find you are doing the same things over and over.

"But when you date a lot of different boys you do different things. Some like to dance, others like to bowl, some like to go to movies, others like to get up a crowd and come by our house for a real jam session. It's always something different —and that is fun.

"So at least you know that one teen-ager now agrees with you 100 per cent."

Clean Stairs Often

Keep stair treads clean. This is not only for a neater home but for greater safety. Dirt tracked in by the family can pack into the treads, destroying their effectiveness. A good sudsing prevents this.

Interlakes Club Picks Officers

New officers of Interlakes Extension Club group were elected Wednesday at a meeting held at the Dover road home of Mrs. Carl Weber.

They are Mrs. Frank Hickson, chairman; Mrs. Carl Weber, vice chairman; Mrs. George Quine, secretary-treasurer; Mrs. John McConnell, project leader; Mrs. William Hurlburt, assistant leader; Mrs. Quentin Sweet, corresponding secretary; Mrs. L. H. Martin, news reporter; Mrs. Charles Allen, community chairman; Mrs. Raymond Swaney, recreation leader; and Mrs. William Miller, historian.

Mrs. Victor Stachler is a new member. Yearly reports on activities were given. The lesson was on "Sensible Dieting."

The May meeting will be held at the home of Mrs. Joseph Treitsh.

Suds the Surface of Plastic Yardage

Colorful plastic may be purchased by the yard for a tablecloth or many other household uses.

It is important to wipe the surface of new plastic yardage with soap or detergent suds. This removes the powder that most manufacturers sprinkle on liberally to prevent the plastic from sticking to itself when rolled up.

Even no-iron curtains may benefit from a little touch-up ironing —especially on ruffles and tailored hems.

THE EXCITING CHORA-TONE!

Chora-Tone means "Choral Tone" and gives the organ a chorus effect produced by a group of orchestral instruments rather than a strictly choral group. This produces a richness and warmth of tone — a completely new dimension of tone and sonority — an authentic pipe organ tone no other organ can produce. It is probably the most revolutionary and exciting development in Baldwin's history! It is completely electronic and can easily be attached to any Baldwin Electric Organ at nominal cost. Castro Faces Big Job Putting Cuba on Its Post-Revolutionary Feet

By WILLIAM L. RYAN
AP News Analyst

Fidel Castro's visit to the United States apparently has done a world of good both for him and for American understanding of what happened in Cuba. But unless Castro puts to work what he appears to have learned in this country, his future and that of the Cuban revolution will be in danger.

★ ★ ★

The Castro I saw Thursday, when he was the guest of the Overseas Press Club in New York, was still an astonishing personality. But in some respects he differed much from the Castro I saw in Havana after the revolution overwhelmed the Cuban capital.

★ ★ ★

He seems to have learned some humility. Watching him fielding tough questions from veteran overseas reporters, one felt he had concluded that if there is to be proper understanding between North Americans and Cubans, he would have to be a heavy contributor to it. In fact, he said part of his mission was to "wipe out the prejudice of us to you and you to us."

The young prime minister, still wearing army fatigues, bushy beard and innocent look, captured and captivated his audience. But he failed to dispel all the nagging doubts about him and some of those who surround him.

DEFENDS IDEAS

Eloquently he defended his own ideas of revolutionary justice. The firing squads, he insisted, were an example to present and future police and soldiers "so they never again will torture for political purposes."

The ideas he propounded were noble enough. But often 32-year-old Castro seemed to be a man way off on cloud 9, far removed from the realities of politics, economics, government and life.

★ ★ ★

Castro's uniform itself is disquieting. A prime minister in uniform indicates a military government. Military government suggests dictatorship. It would seem wise for him to discard his hero's garb, to don civilian dress and get down to the hard work of making a government function.

★ ★ ★

Cuba's economy is shaky. Castro needs help if he, his government and hopeful revolution are to survive.

There are forces at work inside and outside Cuba anxious to bring Castro to his knees. His enemies outside the country have much more money than backed Castro's revolution. His internal enemies include trained soldiers discharged from the Batista army.

★ ★ ★

They may number many thousands more than the rag-tag band of guerrilla fighters who took to the woods with Castro and his 26th of July Movement in 1956. Perhaps a counter-revolution would not have much popular support now, but support would tend to mount if disillusion set in.

The disillusion can come if the economy of the rich island nation is unable to recover from a post-revolutionary tailspin.

★ ★ ★

Castro has won much public support in the United States by his visit. He probably can win important U.S. govtrnment assistance. If he has a mind to, he also may reactivate the confidence of American private investors in Cuba's economic future. But, as Castro said, it is a matter of removing "prejudice of us to you and you to us." He cannot accomplish these things unless he and the Cuban government can get seriously to work.

Castro still is adored by his followers. But in Cuba they cannot live forever on enthusiasm. If his economic policies and, indeed, his approach to politics, eventually breed disillusion, the dsappointment and bitterness will be all the greater because he was such a popular hero.

★ ★ ★

In broken English, Castro quoted Abraham Lincoln as saying "nobody can fool anybody for long time." He would be well advised to heed those words. If his followers believe Cubans will be satisfied indefinitely with glory and hero-worship, they will be fooling themselves.

Music in the Round

SAUNDERS

It took the Capitol people three tries, but persistence paid off and they came up with a dandy Dixie LP by Red Nichols & the Five Pennies.

"Red Nichols at Marineland" (T-1163) is one of those wonderfully swinging Dixie albums that pop up once or twice every 10 years.

Capitol experimented with a Nichols LP last year with strings and all that frilly jazz. Then came the "Parade of The Pennies" LP in which things were considerably closer to earth but sported too many "big names" and too little Nichols.

The latest is by far the best, not only of Nichols, but of Dixieland Jazz on the Capitol label in recent years. Joe Rushton is great on "Buster," one of his bass saxes (the other is "Beatrice"). The numbers are not of the "how many times have I heard this" variety. The redhead's golden horn is as beautiful and lyrical as any Nichols I've ever heard (and that's going back to 1925).

And put on your dancin' shoes. It was recorded at a famous West Coast night spot and will take you back 30 years to the days when jazz was for dancing.

★ ★ ★

APRIL ALBUMS: Serious? Try a few discs on the Angel label, "Soviet Army Chorus" (SFS-35411) or "Wagner: Tristan and Isolde" (3588 E-L), a set of five LPs by the Philharmonia Orchestra conducted by Wilhelm Furtwangler with the chorus of the Royal Opera House, Covent Garden, studded with great names in the operatic world.

★ ★ ★

On the lighter cultural side, try a real interesting LP of everything from blues to Scottish Border Ballads, "A Night at the Ash Grove—an evening of coffee house music" (World Pacific WP-1254). This is some of the most atmospheric folk music to come along in some time.

FIVE ACES: The "in one week and out the next" race continues with "So Fine" (The Fiestas), taking top spot in Pontiac area record shops this week.

★ ★ ★

"Come Softly To Me" (The Fleetwoods) steals ever so softly back to second place, stepping lightly on "Pink Shoe Laces" (Dodie Stevens), shuffled into third spot.

Fourth in the ranking goes to "Happy Organ" (Dave Cortez), not so happy about the slip. "Guitar Boogie Shuffle" (The Virtues) gets last place by virtue of a single vote.

John Wayne Linked to Plot

Panama Accuses Actor of Aiding Roberto Arias in Revolution Scheme

PANAMA CITY (UPI)—Panama yesterday linked movie actor John Wayne, hero of scores of Hollyaccused mastermind of a plot to wood adventure epics, with the overthrow the Panamanian government. Wayne replied their connection was limited to business.

Presidential press secretary Salustiano Chacon said a memorandum found in a blue canvas suitcase belonging to accused revolutionary Roberto (Tito) Arias mentioned Wayne in connection with the payment of more than half a million dollars for Arias' "Panamanian operations."

Chacon said Arias, son of a former president of Panama and husband of British ballerina Dame Margot Fonteyn, left the bag behind in fleeing government troops that raided a hideout disclosed by a captured rebel identified as Alfredo Jimenez.

Wayne said in Hollywood he had been "in business with the Arias family for a long time" in a number of ventures, including a shrimp import company, and that he was shocked at reports that Arias and Dame Margot were involved in a revolutionary plot. Dame Margot was deported from Panama yesterday and now is in New York.

"Roberto never talked politics," Wayne said, "and I never heard him say anything about overthrowing the Panamanian govenment."

WORKERS WHO HAVE LOST their jobs to automation can learn new trades in evening classes conducted at Flint's "Community Schools."

Schools Throw Open Doors

Flint Rallies to Retrain Jobless for New Posts

FLINT (NEA)—Here in this auto town—where in two wards half the men are out of work—there may be a partial answer on what to do when unemployment hits a city.

Flint is organizing each neighborhood to help itself. And as always in this city, the local school is the nucleus.

★ ★ ★

Schools heads are pushing for a leader in each block to take the initiative. They've opened the schools wide for community activities.

Several schools have cleaned out basements, installed washing and ironing machines and small kitchens. Hard hit families—whose electricity has been shut off because they couldn't pay the bills—come regularly to cook their meals, wash and iron their clothes.

A hundred sewing classes have been set up in the city's schools, where 1,500 women are currently learning to sew better. Groups of women are using the school's machines to remodel and repair old clothes. In some cases, they are making clothes out of scrap materials.

★ ★ ★

Special cooking classes have been organized to teach wives to buy and cook nourishing meals for less money.

Committees call on landlords, store operators, other businessmen, ask them to hold off for a while on throwing out delinquent tenants, on forcing payment of bills, foreclosing of mortgages.

At one school the employed and unemployed are bringing their children's outgrown clothing to a common pool, where they mend, alter and redistribute the clothes. No parent loses his pride by taking a shirt, trousers or a dress for his child, because he has either given clothing, helped mend, or both.

Parents are organizing dances, skating parties, volley ball, basketball and hobby clubs — centering their social life around the local school. The unemployed—who can't afford to go to the movies—can make the free or almost-free school doings.

★ ★ ★

Most of Flint's unemployed are unskilled. Automation and a sag in sales of Buicks—which are made here—have taken their jobs. Like a million or more of the nation's 4.7 million unemployed, they won't be able to get jobs again until they've learned some skills.

Flint's neighborhood schools have set up classes to train these men and women. A course of 10 night clases — once a week — comes to three dollars. It's free if the student doesn't have the three dollars.

Example: "Trades and Industry" courses on home construction, industrial wiring, electronics, arc welding, sheet metal, technical sketching, small engine repair.

Example: "Business" courses on comptometry, bookkeeping, business machines, shorthand.

Example: Elementary courses in reading for those who haven't yet learned to read and write.

★ ★ ★

If 12 men or women ask for a course, the adult school puts it in.

When some of the towns plants took on extra defense work, 1,600 men and women crowded into the school within two evenings to ask for courses in blueprint reading. Harassed nightschool administrators asked local industry to help find teachers in a hurry. The factory men came through and Flint schools met the crisis.

Because of automation too, it looks now as though the auto industry — which dominates Flint — will never be able to reemploy all these men, even if they do learn new skills.

So Flint is setting up a committee of men to work to bring in new firms, diversify the city's industry, make it more than an auto town.

★ ★ ★

Flint has been surprised at some of the results:

Unemployment has brought more of the parents to school with their children. That's brought families closer together. Net result: A decline in juvenile delinquency.

Unemployment has convinced parents and children alike they need more education to get ahead.

In poorer sections of the city where the "drop-out rate" from high school was heavy, and hardly a boy went on to college, the attitude is changing.

Fathers are urging their sons and daughters to stay in school. For the first time young men and women in these poor neighborhoods are getting ready to go to college.

Michigan Ranks High in School Spending

WASHINGTON (AP)—Michigan ranks ninth among the states in per capita expenditures for education and 11th in average annual salary to teachers, the National Education Assn. reported today.

The NEA's annual report said Michigan spends $62.03 yearly in its per capita expenditures for education. Classroom teachers' salaries were reported at $5,150 a year.

The report said Michigan ranks seveneth in estimated public school enrollment in elementary and secondary schools with 1,590,000 students. The state was 13th in current expenditures of $375.99 per pupil in average daily attendance.

Michigan was 21st in per cent of draft registrants who failed preinduction mental tests. The state figure was 10.6 per cent.

Recommends DDT Spray to Save Pine Trees

By WAYNE B. SIEFERT
County Extension Agent,
Horticulture

Have you had trouble with a worm in the shoots of your Mugho pine or Scotch pine? Then I'm sure you know how this pest can ruin a beautiful plant. There has been considerable confusion concerning how to stop this pest, but at last we know of one sure way.

I know many of you may chuckle and say, "Sure, cut down the tree!" Tests using DDT have proven this chemical is extremely effective, but what we did not know was when to put the chemical on. We now know it must be sprayed on the trees before May 1.

One application in the bud clusters of DDT at the 2 tablespoons per gallon of water will be sufficient.

CRAB GRASS

I know crab grass is a dirty word to many home owners, but now is the time to strike the blow that will destroy this pest plant. Two products are presently on the market which give outstanding control against crab grass. Both of these chemicals destroy the seed before germination is complete.

The basic ingredients are 72 per cent chlordane in one and calcium arsenate in the other. The chlordane can be purchased as 72 per cent chlordane or in a formulated product by Scotts, called Halts. The arsenate product is sold as a formulated product called Pax.

★ ★ ★

Neither of these will hurt pets, once it is applied and in addition to giving control into the second year will destroy grubs and wireworms.

Dormant sprays for strawberries has been one of the reasons why professional berry growers can get 4,000 quarts to the acre.

A common fungus disease known as leaf spot spreads to the blossoms and stems during the spring. A single dormant spray, using organic mercuries, such as Tag 331, puratized apple spray or coromerc when new leaves can first be seen in the crown seems more important than any other treatment for this troublesome fungus disease.

FRUIT TREE SPRAYS

Getting the dormant spray on fruit trees is an annual program for many small orchard owners.

New developments in fruit growing has shown this to be a needless project. At one time, certain fruit tree pests were so resistant that dormant sprays were the most effective and economical. But regular sprays with a malathion-methoxychlor-captan give good insect control and high quality fruit.

Often the question is asked, "How many times should I spray my fruit trees to get good fruit?" In spite of much progress in the field of new spray chemicals, the answer still is 10-15 times.

MORE THAN BITE SIZE — A gardener with a green thumb, Earl Vance of 1206 Vinewood St., proudly displays five-pound, one-ounce parsnip he grew in his own backyard.

Time to Start War on Weeds Is Now

By CYNTHIA LOWRY
AP Newsfeatures Writer

Those April showers which bring May flowers also bring back the weeds — except chickweed, of course, which never went away. And, in spite of all the new chemical gardening aids, which include the so-called weed killers, we are already joined in the annual battle against unwanted plant invaders.

★ ★ ★

The dictionary definition of a weed is a "undesired, uncultivated plant that grows in profusion. . ." But, for the gardener, a weed is any plant growing where he doesn't want it. And in the last few years, new chemicals in liquid and solid forms have made the weed battle much easier for the human defenders of the lawn and garden plots.

Today there are chemical herbicides which can destroy any plant material to which they are applied. They are effective and a great boon in keeping down weeds which sprout in driveways and in clearing out patches of poison ivy and poison oak But they are so lethal that they must be handled with great care so that none of the killer chemicals are sprayed or wind-blown onto desirable plants.

The biggest development in herbicides, however, has been in the selective weed-killers — the chemical preparations which kill certain plants but spare others. Among these are the crabgrass killers and those which knock off broad-leafed plants but roll harmlessly off those with narrow leaves.

★ ★ ★

The latter are great for lawns, providing that the lawnkeeper considers that only narrow blades of grass are "desirable" plants. In other words, that he doesn't want to keep his broad-leafed clover.

But in spite of these chemical aids, there is still plenty of old-fashioned hand weeding to be done in our gardens. No one yet has come up with an invention to replace the long-handled hoe or cultivator as a practical means of keeping down weeds in the small garden, nor has anything as yet replaced the hand cultivator and the fingers for the delicate job of weeding clos to the garden plants.

★ ★ ★

Some companies are putting out combination preparations, which may be sprayed or spread, which feed the lawn, kill certain of the insect pests and also dispatch broad-leafed plants or control crabgrass.

Lawn keepers who are also clover fanciers can get rid of undesired dandelion, plantain,

dock- thistle and such by spot-spraying with a selective weed-killer in an aerosol bomb or in containers with trigger controls which may be applied to the hose nozzle.

★ ★ ★

And, as with the chemical bug-killers, the gardener who uses and enjoys these work-saving chemical helpers has the responsibility of handling them carefully, reading the manufacturer's directions with utmost attention — and following them implicitly. If you use a non-selective weed killer, label the containers in big letters and even if you have cleaned them carefully, don't use them for anything else. If you do, you may lose your best azalea or ruin a big patch of lawn.

Sorry, Wrong Number

MEMPHIS, Tenn. (AP)—Theatrical producers run into untold numbers of complaints, but one from a spectator here nearly tops them all. She informed the management that an actor in the play, "The Seven Year Itch," was dialing long distance incorrectly. She said that since the setting is in New York, the actor should dial 211 — not 110.

Research Reports Reveal

CRAB GRASS PROBLEM SOLVED

One PAX Application Gives Years of Control

Research reports just released reveal a major breakthrough in control of crab grass. Test plots, where a single PAX application was made, show no crab grass three years later. These tests are now confirmed by similar findings by leading universities throughout the country. PAX results were so outstanding that experts state, "The lasting control and ease of a single PAX application solves the crab grass problem."

PREVENTIVE CONTROL

Crab grass is an annual that dies each winter leaving millions of seeds. PAX kills these seeds and those that blow in from neighbors' lawns for years. Thus, PAX ends forever the continuing task of digging or spraying to remove the growing weed.

CONTROLS CHICKWEED

Tests now confirm PAX as a positive control for mouse-ear chickweed, speedwell and Euphorbia.

FEEDS LAWN — KILLS PESTS

PAX contains fertilizer to renew lawn beauty and chlordane insecticide to control lawn moth larvae (sod webworms), night crawlers, cutworms, ear wigs, grubs and ants.

PEAT MOSS POTS—Roots are permitted to grow right through peat moss pots as shown in the top picture. The pots can go right into the ground. Test plantings of African violets, bottom, left and right, are compared to conventional potting, center.

Gardener Saves Work With Peat Moss Pots

Whether your thumb is green or merely of the plain, old, standard hue, it will most likely be put to use starting and transplanting things right on through early summer.

A distinct help to home gardeners is now in the market—peat moss flower pots.

New in the home field, they're a long-time aid to commercial growers.

Pots are formed of peat moss, plus a plant nutrient additive.

The peat moss is sterilized before manufacture, to remove any possible weed seed or bacterial contamination.

Plants started in pots from seed or clippings are in favored environment for their root systems.

Roots can grow right through walls of the pots, thus minimizing undoe crowding.

Signs of roots in the pot wall, in fact, are indications that plants are ready for transfer to the garden.

★ ★ ★

That's where a second, added value of the peat moss pot comes in to play. There is no knock-the-plant-out-of-the-pot routine to go through.

Pots are placed directly in the ground, where they later disintegrate and form humus to add to the value of the soil in which they are placed.

Control plantings indicate that peat moss pottings give upward of a two-week advantage in growth rate over more conventional startings, partially due to the fact that shock to the plant in transplanting is minimized.

★ ★ ★

What can be started in the pots?

In the vegetable line, tests have been quite successful with tomatoes, eggplant, peppers, cauliflower and melons.

Flowers that thrive in peat moss pottings include: zinnias, pansies, petunias, verbena, dwarf dahlias, snapdragons.

Plants that do well: geraniums, begonias and, of course, the prima donna of the kitchen window sill, the African violet.

Those flowers and vegetables are cited only as examples. Many other plantings seem to benefit from the new environment.

Because of the pots' porosity, roots remain well-aerated and water retention is high; seedlings require less watering.

Moderate in cost, pots are sold in 2¼-inch size in sets of 12, and the 3-inch pots are sold in sets of eight.

You'll be seeing them in garden supply departments, this spring.

Q—Can you tell me of an easy way to build an outdoor fireplace?—L. O.

A—Easiest way to do it is to buy a metal fireplace unit that has built-in doors and grates. Units are available in many sizes and styles, and building a masonry wall on three sides is a cinch. In fact, many installation instructions tell you exactly how to go about it.

Highway Work Added

LANSIN G(AP)—The State Highway Department reports it has added 396 miles of resurfacing and widening to its five-year road program. Estimated cost of the addition is 14 million dollars.

Don't Wait, Treat Rose Bushes Now

There are over thirty million gardeners in America today and 90 per cent of them grow roses.

Roses begin to grow during the months of April and May in about 25 states across the country and experienced home gardeners know just when to start protecting their plants against the destructive insects and diseases that inhibit healthy, vigorous growth. However, for the beginniner or gardener who is planting roses for the first time this spring, Union Carbide offers these important tips on the care of roses.

Timing is essential to the well being of roses. Don't wait until you can see the insects or diseases (they may not be visible to the naked eye at first).

Prepare for the invaders before they enter the garden and provide a lethal atmosphere for any venturing in thereafter. Begin your preventative protection as soon as the foliage begins to form and repeat at 7 days intervals.

During periods of rapid growth or persistent infection caused by heavy rainfall or high humidity, applications may be needed twice a week.

Thoroughness is of the essence in rose care. Whether you dust or spray, be sure that the upper and lower surfaces of the leaves are lightly but thoroughly coated. This should be done preferably in the late afternoon or early evening when the air is calm and the plants are dry.

Finally, sanitation is very important in the rose garden. Old foliage and weeds should be cleaned up because they harbor pests and may become excellent sources of infestation. The prompt removal of affected leaves from the plants also aids in combating disease.

For the spare time gardener who has only a few precious hours each week to devote to his hobby, "Eveready" Rose Spray in an agrosol can is a real boon. Quick and easy to use, it provides very effective control of those pests and diseases that are most destructive to roses.

For best results, hold can 18 to 24 inches from plants and spray with a wide sweeping motion. Here, too, it is recommended that you use a light but thorough motion and avoid over-spraying plants.

Wife Divorces Grandson of Psychoanalyst Freud

LOS ANGELES (AP) — The grandson of the late psychoanalyst Sigmund Freud was divorced Thursday after his wife testified he said he didn't care what happened to their marriage.

★ ★ ★

Irish-born writer Caroline Blackwood Freud, 27, was granted a default decree. Her husband, Lucian Freud, 35, a portrait artist, is in London, where the couple was married in 1953. He did not contest the action.

★ ★ ★

Mrs. Freud did not ask for allmony. They had no children.

Red Double-Talk Dictionary

UNITED NATIONS (NEA)—Dennen's dictionary of Red double-talk, or how not to be fooled by the foreign ministers' conference reports:

★ ★ ★

When the Russians say a democratic Germany they mean of course a Communist Germany.

Progressive means: Pro-Soviet.

Peace-loving means: To follow obediently Red policy in international affairs.

Free City means: West Berlin deprived of any guarantees assuring its independence and defense against Communist aggression.

Demilitarized zone means: A political, economic and military vacuum. It also means territory which Moscow eventually hopes to dominate through blackmailing the Western powers at a summit meeting.

Disengagement means: Dissolution of NATO and other Western defense alliances and the eventual withdrawal of U. S. forces from Europe.

Confederation means: A Red scheme to prevent German national unity through free elections.

Nuclear Electricity Being Used in France

PARIS (AP)—Electricity generated by nuclear power is being fed into lines serving France.

The French Atomic Energy Commission announced the power is coming from the Marcoule atomic pile in southeastern France. It was cut into the national network yesterday.

There was no immediate indication how much atomic electricity is being produced.

Hollywood Headlines

20th to Make Epic Film of 'John Brown's Body'

By LOUELLA O. PARSONS

HOLLYWOOD—For his own first personal production in over a year, 20th Century-Fox head Buddy Adler has signed Joseph Mankiewicz to write and direct "John Brown's Body," Stephen Vincente Benet's Pulitzer Prize winning poem.

Buddy tells me that the "recitation" type presentation used by the late Tyrone Power, Raymond Massey and Judith Anderson who road-showed "John Brown" three years ago, won't be used in the movie. Instead all the vivid action of the Civil War poem will come to "life."

It goes without saying that the epic poem will be filmed as one of 20th's most costly and important pictures on the same scale with "Gone With the Wind" and before that the classic "Birth of a Nation."

The last picture Buddy personally handled was "Inn of the Sixth Happiness" with Ingrid Bergman.

★ ★ ★

Sidney Sheldon, who wrote the book for Broadway's hit "Redhead," has returned to adapt "The Man Who Had No Private Life," the Otto Furth play, at Paramount.

Sidney also is trying to line up Cyd Charisse and Tony Martin to co-star in "Redhead" on the coast. It would be wonderful to see them together on the stage. This deal has gone so far that Robert Fryer has commissioned Sheldon to offer Cyd and Tony a very fancy price, and this includes a 22 week tour of the coast.

GWENN WANTS ROLE

Gwenn Verdon, of whom we are all so very proud, and who won an award for "Redhead" on Broadway, wants to do the movie version.

The award for the two best sports in town goes to Johnny Mercer and Andre Previn. When Sheilah and Gordon MacRae weren't able to make it for Dinah Shore's dinner at the Beverly Hills Hotel Johnny sang and Andre played without any rehearsal, and believe me, they were good. Why shouldn't they be?

Although it will be five months before Mrs. Jerry Lewis has her baby, Dr. Blake Watson has told her he will not be surprised if she has twins, because of the weight Patti has already added.

It makes him even more suspicious because there's a long history of twins in both Patti's and Jerry's families.

However, if at least one girl doesn't arrive, the Lewises will put in an order to adopt one as they have four boys.

It took a trip to New York for William Perlberg to persuade Charles Ruggles to make a comeback in motion pictures by playing one of the leads for Perlberg-Seaton with Fred Astaire and Lili Palmer in "The Pleasure of His Company."

Snapshots of Hollywood collected at random:

There need be no excitement over Debbie Reynold's date with Harry Karl at La Rue. He has been active in the Thalians for five years and it was a business meeting.

The fact that Claire Bloom has sold her home in London and wants to live permanently in this country after she finishes "Rashomon" in New York, adds fire to the rumor that she and Rod Steiger will probably marry.

Oscoda Air Base to Get $941,000

OSCODA (AP) — Approximately $941,000 has been released to the Wurtsmith Air Force Base here, for additional facilities it has been announced.

Col. Adolf Kroeber, USAF installations representative for the Ohio river region, made the announcement. He said the money would be used for an automotive shop and heated storage place, a vehicle refueling shop, and support items for the airborne missiles utilized by aircraft of the Strategic Air Command.

The Strategic Air Command is dispersing a portion of its bomber wing strength to Wurtsmith Air Force Base, Col. Kroeber said.

Contracts for the installations at Wurtsmith will be let late this spring, with the job scheduled to be completed early in the spring of 1960, according to Col. Kroeber.

Pravda Couple Assert Name Is Embarrassing

PHOENIX, Ariz. (AP) — George Pravda and his wife, Joanna, filed a court petition to change their last name to Prav. Pravda means "truth" in Russian but it also is the name of an official newspaper of the Soviet Union.

They said they wanted to change their name because Pravda is known as an organ of Communist propaganda and therefore the name causes them embarrassment. The court took the petition under consideration.

Air-to-Ground Missile Debuts

'Hound Dog' Shot From B52 Called Success at Cape Canaveral

CAPE CANAVERAL, Fla. (AP) — The Hound Dog, a new airplane-launched missile that can carry an atomic warhead 500 miles at supersonic speeds, has made a highly successful launching debut off the Cape.

While the Hound Dog was being run through its paces for the first time Thursday, a two-stage Cree missile was fired 13 miles up over the Florida Gulf Coast to test a unique parachute device that could be used in the man-in-space program.

★ ★ ★

The Hound Dog, a 43-foot missile powered by a jet engine and equipped with stubby wings, was blasted from a giant B52 jet bomber far out to sea.

Air Force officials announced the missile had achieved its test objectives, but no details were given.

★ ★ ★

Defense Secretary Neil McElroy took time out from a prepared speech in New York to hail the Hound Dog success as "very encouraging."

The Hound Dog is capable of high maneuverability and also can help its mother plane take off and then guide the bomber accurately during its flight.

★ ★ ★

When operational, two Hound Dogs may be hung beneath each wing of the B52.

Watering Place Rains Water on Noted Guests

HARROGATE, England (AP) — Mayor Bernard Wood reached the high point of his speech Thursday welcoming 24 distinguished guests to a luncheon in this favorite watering place in the north of England.

★ ★ ★

Water came cascading through the ceiling as the cheese and port were being enjoyed. The flood sent everyone scrambling, including Charles Norris and Sir Charles Jocelyn Hambro, a director of the Bank of England.

★ ★ ★

Two plumbers working on a floor above the dining room had a misunderstanding about who was supposed to turn the water off.

"Harrogate's famous waters were certainly laid on for us," said Lord Godber. "Didn't improve the port, though."

His Job Expensive

BEVERLY HILLS, Calif. (AP) — Talk about the two-pants suit. A store here made a suit with eight pair for Johnny Bachemin. Johnny does an act that requires him to jump from a piano to the stage, doing the splits. He uses up a pair of trousers a week.

Brodowski Makes Tribe Fans Forget Bullpen Trade

Relief Hurler Snuffs Tigers for 10-4 Win

Mossi - Narleski Deal to Tigers Forgotten in Cleveland

DETROIT (AP) — His third shot at a big league job is working like a charm for Dick Brodowski and the Cleveland Indians are in first place partly because of his relief pitching.

The 26-year-old right hander from Bayonne, N.J., boasts neither new pitches nor gimicks. The only new thing is his attitude.

When Brodowski was at spring camp with the Indians a year ago, he made it plain he did not expect to win even a bullpen job despite a 13-6 record the previous year at San Diego. "I'll probably leave on the first cut," he said. Sure enough, he was one of the first to go.

The Indians, sorely needing pitching help for a first division push, called Brodowski up from San Diego last Aug. 29. He brought a 10-10 record with him and posted a 1-0 mark with the Tribe in five games. The Indians made the first division by a half game over the Tigers.

★ ★ ★

Brodowski shows no sign of a letup this season. In four relief appearances he has yet to yield a run. He gave up his first hits as the Indians walloped Detroit 10-4 yesterday, the Tigers collecting three against the curve-balling hurler in 4 1/3 innings.

There were those who insisted general manager Frank Lane went too far when he traded relief twins Ray Narleski and Don Mossi to Detroit last winter.

But Brodowski — with 18 2/3 shutout innings in a Cleveland uniform — got his second victory — he has saved two others — and Narleski took his fourth loss in their Briggs Stadium duel yesterday.

The season is young, but right now Brodowski is making Cleveland fans forget all about the one-two bullpen punch Lane sent to Detroit.

Two walks and a pair of singles produced a pair of Cleveland runs in the second and the contest got out of reach in the next inning. Narleski loaded the bases on two more walks and a single.

Jim Bunning succeeded him, and two runs scored on a hit batsman and an infield force play.

★ ★ ★

Then came what undoubtedly was the most bitter part of the long afternoon for the Detroit team. The Tigers' ex-teammate, Billy Martin, unloaded a three-run homer into the lower left field pavilion.

Norman paraded four more pitchers to the mound in an effort to stem the uprising. But the Indians scored once off Pete Burnside, once off Tom Morgan and once off Don Mossi. Rookie Jerry Davie shut them out in the ninth.

There was a time in the contest when a home run would have tied matters. Detroit scored once off 22-year-old Jim Perry in the fourth and had him on the ropes in the fifth.

Two walks and three singles produced two runs and left the bases loaded. But Brodowski blanked the Tigers after letting in one run on a base on balls.

Brodowski, helped out by two double plays and some faulty baserunning by the Tigers, worked his way 'out of two mild jams and racked up his second triumph in relief.

Ralph Terry will be Hoeft's opponent as the Tigers and the A's open a three-game series tonight in Municipal Stadium.

Players Humming About Trade Talks

Tigers' Clubhouse Jittery

DETROIT (AP) — The faltering Detroit Tigers, foiled in three directions, switched to the Kansas City Athletics today to solve their desperate need for a slugger.

Bob Cerv, the A's home run hitting, slow-footed outfielder, became the Tigers' newest objective.

But General Manager Rick Ferrell wasn't too confident he could swing a deal for the Kansas City belter. Ferrell changed signals on his original plan to accompany the Tigers to Kansas City for a three-game series beginning tonight.

All the trade talk seems to have made some of the Tigers jittery.

There was considerable discussion among the players in the clubhouse before yesterday's 10-4 loss to Cleveland. In the game, the Tigers were guilty of four lapses on the basepaths and two in the field that couldn't be recorded as errors.

★ ★ ★

Ferrell has been rebuffed in trade discussions already this week with the Washington Senators, Baltimore Orioles and New York Yankees. A long-ball hitter was his objective.

Washington turned down his bid of $100,000 and a front line pitcher for outfielder-first baseman Roy Sievers. Baltimore wouldn't listen to his overtures for catcher Gus Triandos, New York wasn't willing to part with more than second line personnel.

"All our trade talks have bogged down," said Ferrell sadly.

But he hoped something would pop up soon to bail out the Tigers, who've lost nine of their first 10 games. They're eight games off the American League pace with only two weeks of the season gone.

★ ★ ★

Jim Bunning, Paul Foytack, Billy Hoeft, Harvey Kuenn, Charlie Maxwell, Gail Harris and Larry Doby are among the Tigers said to be mentioned in trade talk.

Ferrell apparently intends to concentrate on Kansas City for a while.

Foytack or Bunning and Maxwell might be enough to pry Cerv away from the A's.

Parke Carroll, the A's general manager, wants a front line pitcher, probably Foytack. But it is believed more than just a pitcher would have to go into the ante to bring Cerv to Detroit.

The A's refused Maxwell in trade talks last winter involving Roger Maris and Hector Lopez. But Carroll would need someone to play left field if he barters away Cerv.

★ ★ ★

It's interesting to note that the last time the Tigers dealt away several front line players in one deal was June 3, 1952. They sent George Kell, Hoot Evers, Johnny Lipon and Dizzy Trout to Boston for Walt Dropo, Johnny Pesky, Fred Hatfield and Don Lenhardt.

The 1952 Tigers, off to as bad a start as the current club, got worse after the trade. They went on an extended losing streak and finished the season in last place with 104 defeats. It was the only time the Tigers finished last in their long history. No Detroit club ever lost more games.

ROUGH GOING — Husky Mike Souchak gets out of the rough on the 15th fairway in fine shape as he continued through 18 holes with a 6-under par 66 to take the lead in yesterday's first round of the $46,000 Tournament of Champions in Las Vegas. He leads by two strokes ahead of John McMullin.

Big Boy Fires 66; Palmer Scores Ace

Souchak Leads Champs' Tourney

LAS VEGAS, Nev. (AP) — A select array of 24 golf professionals swing away in the second round of the $46,620 Tournament of Champions today, with Mike Souchak firmly in front.

The big fellow clipped six strokes off par 36-36—72 as he toured the Desert Inn Country Club course in 34-32—66.

★ ★ ★

Two strokes back was unheralded John McMullin of Alameda, Calif., who slipped in virtually unnoticed with a pair of 34's for 68.

Two other dark-horses, Ernie Vossler of Midland, Tex., and veteran Pete Cooper of Lakeland, Fla., were tied at 69, while such pre-tournament hotshots as Gene Littler and Art Wall Jr., were down the line—though hardly out of contention.

★ ★ ★

Littler, who has won this event three times, rallied after a shaky start and landed in a five-way tie at 71, while Wall, in steady but unspectacular fashion, was even par 36-36—72.

Deadlocked at 70 were Arnold Palmer, whose case was improved by a hole-in-one on the 163-yard 16th hole, and Julius Boros, each with 35-35 for the round.

★ ★ ★

"Sure, I'd trade that hole-in-one for a couple of putts I missed in the Masters," Palmer admitted. He referred to the heart-breakers which cost him a chance of winning the Masters for the second straight year earlier this month.

Eleven players managed to better par. Rounding out the list in the 71 bracket were last year's winner, Stan Leonard, Ken Venturi and Paul Harney.

★ ★ ★

The even par included Cary Middlecoff, Bill Casper, Bob Goalby, Billy Maxwell, Tommy Jacobs, George Bayer and Wall.

"Yes, I played good golf," said Souchak, 199-pound ex-Duke football player. He added with a wide grin: "When you play like I did, the greens are better and the rough is thinner."

The scores:	
Mike Souchak	34-32—66
John McMullin	34-34—68
Ernie Vossler	36-33—69
Pete Cooper	33-36—69
Julius Boros	35-35—70
Arnold Palmer	35-35—70
Stan Leonard	39-32—71
Doug Sanders	37-34—71

Three Favorites for 'Peach' Test

SPARTANBURG, S.C. (AP) — A durable field of 36 tees off here today in the seventh annual Peach Blossom-Betsy Rawls women's open golf tournament.

★ ★ ★

Favorites in the $6,000 tournament are Miss Rawls, for whom the tournament is named; Louise Suggs of Sea Island, Ga., and defending champion Wiffi Smith of St. Claire, Mich.

★ ★ ★

The field will include 28 professionals and eight amateurs. Play is over the par 72 Spartanburg Country Club course.

West Bloomfield Club Needs Players

The West Bloomfield Boys' Club is seeking baseball and softball players to fill out teams for the coming season.

Director Carl Misfeldt has announced plans to enter three teams in Pontiac city baseball loops. Six or eight softball teams will be formed within the club.

★ ★ ★

More skin diving is being planned for the summer carrying on from a year ago. Arrangements have already been completed to enter a Pee-Wee football team in an area league next fall.

"More sports will be added or the present ones ones will be extended if there is enough interest," said Misfeldt. Donald Scott is serving as athletic director at the club.

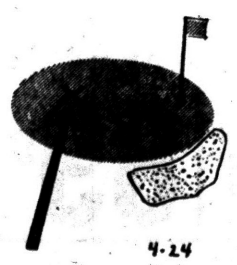

Doctoring Your Golf

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: Trouble with the middle-iron.

DIAGNOSIS: Attempting the unlikely.

Treatment: Unless you're an exceptional iron player — or unless your situation in the match is desperate — play your four, five and six irons for the "fat part" of the green — not for the pin. Trying to hit the cup continually with these irons makes strong demands on the average player, and will eventually tear down his confidence.

4-24

It's much simpler to aim for the middle of the green. In this way, you're apt to swing with more confidence — and so with a freer and better crack at the ball.

On shots from the iron range, the big idea, remember, is to get onto the green. Never for the pin alone unless it's favorably placed.

With the shorter irons, the situation changes. You can expect to control these better. Also, the shot will have less room in which to go wrong. So with the short irons you can afford to be bolder.

BULLPEN FIREBALLERS — Bullpen pitchers of the Chicago Cubs are summoned but not to pitch. A fire started in the vines of the bullpen at Chicago's Wrigley Field when a bleacherite dropped a cigarette into the ivy on the left field wall. The blaze temporarily halted the game but the Cubs put out the fire and beat the Cardinals 6-1.

Turley Off to Rocky Start for Yanks

Senators Ruin 3-Hit Pitching With 3-2 Win

Hit by Bertoia Gives Nats 1st Victory Over Yankee Ace Since '55

By The Associated Press

Bullet Bob Turley, who carried the New York Yankees to another American League pennant and a World Series conquest of the Milwaukee Braves last year is having a rocky start this season.

Manager Casey Stengel is running into pitching problems with his entire staff with only three complete games produced so far and two of those by Whitey Ford. But Turley has had it rougher than anyone else.

★ ★ ★

The Yanks' right-handed mound ace has won only once in three decisions and the cruelest blow of the 1959 season came yesterday when Turley lost a 3-hit 3-2 game to the Washington Senators, whom he had conquered 12 straight times since May 30, 1955.

Detroit Tiger castoff Reno Bertoia singled home the winning run in a 3-run Washington 7th after Bobby Richardson's error opened the door to the rally. Turley had no-hit the Senators for five innings and owned a one-hit shutout entering the fatal 7th.

★ ★ ★

Chicago's idle White Sox gained a share of 2nd place with the Yankees while Baltimore took 4th spot by turning back Boston, 8-7. The Kansas City Athletics, with Preston Ward and Frank House driving home three runs each, blasted Fort Leonard Wood, 14-2, in an exhibition game yesterday.

Baltimore's Willie Tasby, a favorite for rookie-of-the-year honors in the AL, homered and batted in four runs for the Orioles. He singled home the winning run as Baltimore completed a comeback with three runs in the 8th inning.

Ernie Johnson, the Milwaukee castoff, won his 2nd game in relief. Leo Kiley was the losing pitcher for the Red Sox, also in relief.

Pension Plan in NFL Favors Young Players

PHILADELPHIA (AP) — The Pro Football Players Assn. won a pension plan from the National Football League, but the price came awfully high to veteran players.

★ ★ ★

Actually, as NFL Commissioner Bert Bell put it the pension, hospitalization, medical and life insurance plan granted yesterday by league owners "won't cost owners or players a nickel." Bell, of course was talking about cold cash.

★ ★ ★

The truth of the matter is that the association in its desire to stick its foot in the fringe benefit door had to sacrifice most of the present crop of players. Bill Howton, president of the association intimated this when he commened:

"Heck, I doubt that I can play five more years to qualify for a pension. I probably wont become eligible."

★ ★ ★

A check of NFL rosters discloses that some 200 of the league's 400 plus active players probably won't qualify for the retirement benefits. Why? Well, the plan calls for playing tenure of four years plus one game in a fifth year with everybody starting from scratch in 1959. Thus, no player will be eligible for retirement benefits until 1963.

★ ★ ★

The average career of a pro football player has been calculated at 3.7 years.

★ ★ ★

Howton and his associates had their eyes open when they accepted the NFL plan with thanks. They are willing to make the sacrifice.

The new benefit plan as explained by Bell gives the players the following:

★ ★ ★

Hospitalization, medical care, life insurance from $5,000 to $20,000 depending on length of service, and the right of any player who is sick and in financial distress to borrow $1,000. At age 65, a player eligible for retirement benefits will get a percentage per years of service of what is in the accrued fund. The first pension to a pro football player won't be paid for at least 30 years.

PA Reveals Unknown Ace

Where'd That Shot Go? In the Cup, Naturally!

Did you ever hear of a golfer hitting a hole-in-one and not finding out about it until the next day?

Such an occurrence would seem very unlikely, but it happened to Dick Ayling, youthful golf coach at Pontiac Central High School.

These are the facts, all verified by reliable authority.

★ ★ ★

AYLING

Ayling, former star athlete at Alma College and a PCH alumnus, was touring the north side nine at City Golf Course with Mike Andonian, three-time Michigan Publinx champion and Central math teacher, and Bill Willson, wrestling coach at new Northern High.

Following his 5-iron tee shot on the 175-yard 6th hole, Ayling said he felt tired and thought he would quit. As Ayling headed for the Municipal clubhouse, he asked Andonian and Willson to pick up his ball.

★ ★ ★

After reaching the green, Andonian and Willson found the ball in the hole wedged against the pin. When they completed their round and returned to the clubhouse, Ayling had gone home.

Andonian decided to keep Ayling in the "dark" as long as possible to make the news even more surprising. He carefully tried to avoid Ayling at school on the following morning, but failed to do so.

★ ★ ★

Although Ayling didn't learn of his ace from Andonian, he got a little bit suspicious after asking Mike what became of his tee shot and receiving an evasive answer.

★ ★ ★

How did Ayling finally discover the "hole" truth? It was announced over the PCH public address system.

President Ray Chabot announces there will be a meeting of the Walled Lake Babe Ruth League Monday at 8 p.m. All person interested in helping with teams are invited to attend.

Headpin Tourney at Rochester

Area bowlers will get a good chance to test their accuracy May 1-3 when a Six-Ball Headpin contest is held at Rochester Lanes sponsored by the St. Andrews Booster Club of that village.

Tickets are now on sale and will be throughout the tournament for what is expected to be a fun-packed event. Contestants can bowl six balls for every ticket purchased.

Pinfall will be counted on balls that hit the headpin only. Several prizes have been arranged for the top performers.

How About Uniform Switch?

Detroit Wins — Not Tigers

Who says Detroit isn't winning in baseball? At the bottom of the American League standings Detroit is listed with a 1-9 record.

At the top of the state college standings Detroit is also listed with a 9-1 record.

The only difference is the nickname, one is the Tigers and the other is the Titans.

Maybe a switch could be made in uniforms without anyone noticing it.

The U. of D. nine won its 8th straight by easily romping Ferris Institute, 12-3, as the Titans drew 13 walks.

Local Titles Will Be Decided in 5 of Them

6 Keg Events This Weekend

Five local bowling championships will be decided here this weekend as six different keg houses host tournament action.

Titles to be decided will be in the Elks Mixed Doubles, Howe's Lanes Singles, the Oakland County Mixed Singles at Cooley Lanes, 700 Chapter Singles at West Side Recreation and Troy Marcum Memorial Doubles at Motor Inn.

In the 2nd weekend will be the Dixie Doubles at Dixie Recreation.

The Bill Warden squads will highlight the final session at Elks Lodge 810 Sunday night. A delegation from Ann Arbor will compete that afternoon. Port Huron bowlers will be gunning for top honors Saturday.

★ ★ ★

The combination of Phyllis Shaul and Gerald Weber head the pack after five weeks with 1322. The duo is from Pontiac as are nine others in the top 15. Lou Koprince and Shirley Pointer hold the best actual score with 1196.

A 942 has kept Ray Ball in the lead ever since opening week at Howe's. His 826 is tops for actual pins. Emery Tee has the best game there of 247 although he is not in the top ten.

Anyone still interested in entering this meet can do so until the final squad begins Sunday night.

★ ★ ★

The women will be battling the men again in the 2nd and last two-day session at Cooley. Five men hold the edge in that unique meet.

Frank Miller of Orchard Lake is currently in the van with 674. Pat Burch is the No. 1 woman on a 642.

The 700 Chapter's 1st event should be an interesting one. It starts at 1 p.m. Sunday. Each of the 57 members will roll three games with three separate divisions according to league averages.

★ ★ ★

A special granddaddy division will also be featured. Each of seven members 55 or over will be competing for that prize.

Doubles teams from Fisher Body Local 596 UAW will clash for honors in the Marcum tournament both Saturday and Sunday.

Trophies and cash awards will be presented after the action. Marcum was a local star athlete who died last fall.

★ ★ ★

The only tourney continuing after Sunday will be the one at Dixie which runs through June 15. Lyle Jones and Lee Marino took the early lead with 1303.

Guaranteed prizes are $300 for 1st and $150 for runnerup. Deadline for entries is when the last squad starts in the meet. Men's, women's or mixed teams are eligible to take part. Women are allowed 80 per cent handicap to 70 for men.

7-10 Conversion Only Excitement for ABC Tourney

ST. LOUIS (AP) — A St. Louis bowler converted the 7-0 split during the American Bowling Congress tournament and that was all the excitement the tourney provided yesterday.

★ ★ ★

Chuck Steele made the big railroad in the 10th frame of his 2nd singles game. It was the 12th 7-10 conversion of the 69-day-old tournament.

Tonights action will be limited to low average booster teams.

★ ★ ★

Top output in the booster team division last night was the 2,600 series by J-K Service of Afton, Mo. Phelan's Paints of East St. Louis led the open division scoring with 2,818. Both scores were far off the pace of the leaders.

First Shot an Ace

SPRINGFIELD, Ohio (AP)—It was 14-year-old Joe Borst's first trip to the golf course.

He looked at the 100-yard par three hole at Snyder Park, took out his driver, swung at the ball and watched it bounce into the hole for an ace on his first golf shot.

The excited youth raced to the club house to tell pro George Smith.

Skippers Sweep 1sts in 91-18 Track Romp

Little Al Cuthrell has his Waterford track team rolling along in impressive style. The Skippers have shown good balance rather than any one or two stars in getting off to a big start.

That balance was plainly evident at Southfield yesterday when Waterford took 1sts in every event and slammed four of them on the way to a 91-18 romp.

Larry Warner was the only double winner in the victory. Most of the other one-event 1st placers added a 2nd or 3rd and had a hand in relay triumphs. Waterford slammed both hurdles, the pole vault and high jump.

Farmington hurdle great Warren Cawley went wild in another Inter-Lakes meet scoring 16¼ points in a 74-35 drubbing of Van Dyke. He won the highs, set a school record by broad jumping 20 feet, 7½ inches, took the high jump and anchored the 880 relay team. Mike Agee of the Falcons took both dashes.

Sophomores Leon Prentis, Bob Smaglinski and Clark Montgomery sparked the Pontiac Central Jayvees to a 78-31 track win over Royal Oak Dondero with a total of five 1sts.

Victories by St. Michael, Orchard Lake St. Mary and Rochester headed a long list of baseball action Thursday.

★ ★ ★

St. Michael won its 2nd Suburban Catholic game downing St. Benedict, 7-5. Tom Dabbs broke a 3-3 tie with a two-run single. Lefty Ken Biron was the winner with help from Paul Harding.

St. Mary extended its loop record to four straight beating St. James of Ferndale 5-2. The Eaglets clinched it early for Stan Krogulecki, who fanned 14 for a total of 41 whiffs in three games. St. Clement blanked St. Rita 12-0.

Rochester won its 3rd outing and evened its Tri-County record at 1-1 with a 3-2 nod over L'Anse Creuse in nine innings as Lapeer was taking over 1st by tripping Romeo, 5-3.

★ ★ ★

Dwight Swords batted in Dave Hecht with the Falcon clincher. Dennis Scott pitched the route striking out 15. Lapeer came from behind with four in the 7th for its victory. Ray Ritter slammed a solo homer for Romeo.

Brighton and Clarenceville took Wayne - Oakland triumphs. The Bulldogs broke a see-saw affair in the 6th and pulled away to a 7-3 verdict at Clarkston. Jon Nelson flipped a one-hitter for Clarenceville besting Doug Danzier and Bloomfield Hills, 10-3.

★ ★ ★

Our Lady of Sorrows and New Haven got off to big starts. OLS got 15 hits whipping Clawson 9-5. New Haven got 19, five by Nate Petty, socking Capac 22-3. The Our Lady Grade School nine belted St. Michael 20-7 with Ron Pruyt throwing a no-hitter. Lamphere was Harper Woods' 38th victim in a row, 12-2.

The Waterford track winners were: High Hurdles — Ed Stigers, 16.9; Medley relay — Elbert Harrell, Harold Tipolt, Roger Myers and Benson Weedon, 2:47; 100-Warner, 10.8; 880 — Mike Ewer, 2:07.1; 440 — Tipolt, 58.5; Low Hurdles—Jim Smith, 21.4; 220 — Warner, 23.5; Mile — Mike Kaines, 4:56.5; 880 relay — Smith, Tim Underwood, Stigers and Warner; Shot put — Barry Campbell, 43 feet, 5 inches; Pole Vault — Ed Bartle, 10 feet; High jump — Darwin Baldwin, 5 feet, 4 inches; Broad jump — Underwood, 18 feet, 10 inches.

London Relaxes Training Grind

Champ Goes On With Workouts, as Both Sign Title Bout Contract

INDIANAPOLIS (AP) — Hard-training heavyweight challenger Brian London practically took the day off today, giving his sparring partners a break and limiting himself to eight miles of road work.

★ ★ ★

Champion Floyd Patterson, who will put his title on the line in a 15-round bout with the Englishman at the State Fairgrounds Coliseum May 1, kept up his regular training routine. He took a day off earlier in the week.

The two fighters put their signatures on the contract in an elaborate ceremony at the statehouse yesterday.

★ ★ ★

London was promised $60,000 plus expenses for transportation and training. Patterson was guaranteed $75,000 or 60 per cent of net gate receipts, plus all the $200,000 television income and any other money left after London is paid.

The Indiana Athletic Commission ruled that the fight will be scored on the "five-point must" system. The winner of a round will get five points and the loser any lesser number, with an even round being scored 5-5.

★ ★ ★

The two fighters will both hold public workouts at the Coliseum Sunday, Patterson sparring first, with London following him into the ring.

Central Golfers Defeat Northern at Municipal

Pontiac Central and new Pontiac Northern met on the golf course for the first time yesterday and Central's team triumphed in the 9-hole medal play match at City Golf Course, 303-350.

Tom Deaton led the Chiefs to victory with a four-over-par 38 on Municipal's north side, good for medal honors. Northern's best shooter was Dick Delano, who carded 44. Central's dual meet record now reads 5-1.

Softball Workout

Members of Stadium Inn Class A city league softball club will convene for a practice session and tryout, Sunday, from 2 to 5 p.m. Drill is set for Beaudette Park, and the manager says he needs pitchers.

Lawrence Wins; Phils Best Braves in Homer Duel

Have Reds Found Hurling?

By The Associated Press

For the past few seasons, Cincinnati's main weakness has been pitching. And it was that same problem that haunted the Reds again this spring, although new manager Mayo Smith admitted "it might be we have the pitching, but just can't find it."

Smith "found" one of his long-lost pitchers last night as Brooks Lawrence, once the big man of the staff, beat Pittsburgh 5-2 with a five-hitter. It was Lawrence's first complete game since the middle of last July, and his first victory as a starter in 10 tries since he blanked Milwaukee 1-0 last July 2.

It was the fourth complete game by the Reds' staff (Bob Purkey has two, Don Newcombe the other) and the third full-game victory. This one lifted the Reds into a even split for 10 games. They're tied for fifth, two games behind National League leading Milwaukee.

The Braves, who more or less live on homers, were beaten 4-3 by three Philadelphia home runs as the Phils cut Milwaukee's lead over idle Los Angeles to a half game. The Chicago Cubs whipped St. Louis 6-1.

★ ★ ★

Lawrence, 34, a big right-hander who won 19 in 1956, 16 in '57 and then fell off to an 8-13 record last season, walked but three and allowed only three hits until the ninth. The Bucs scored on a walk and Dick Groat's two-out single in the second inning, then counted in the ninth on two hits and a sacrifice fly.

The Reds, who were 0-2 against George Witt when he won seven straight as a rookie last year, beat the young right-hander for the second time this season.

All of the runs came on homers at Philadelphia, with the Phils coming from behind on three runs in the ninth. Gene Freese's second pinch-hit home run—the other was a grand-slam last weekend—followed one of six walks given up by loser Juan Pizarro. Then Gran Hamner put it away with his first home run of the year. Bob Bowman hit the other Phillie homer in the sixth off Pizarro (0-1), who gave up only six hits and struck out 11, but walked six.

★ ★ ★

Eddie Mathews hit his fourth home run for Milwaukee, with a man on in the third inning, and Hank Aaron belted his third in the ninth as Ray Semproch gained his second victory with an eight-hitter.

Walt Moryn and Dale Long homered for the Cubs in a three-run sixth inning against loser Lindy McDaniel (1-2). Moe Drabowsky (1-1) was the winner, blanking the Cards on three hits until Bill White hit his first home run leading off the ninth. Drabowsky finished with a five-hitter and needed Don Elston's relief.

Broncos at Drake Relays

DES MOINES, Iowa (UPI) — Eight members of the Western Michigan University track team were entered today in five events in the Drake University relays here.

Coach George Dales made the trip with Ron Hopkins, Lansing; Jerry Ashmore, Griffith, Ind.; Art Eversole, Monroe; Douglas Wuggazzer, Birmingham; Ken Edgerly, Royal Oak; John Bork, Monroe; Ken Woodring, Muskegon; and Larry Taylor, Fenton.

The Broncos entered teams in the four-mile, sprint medley, two mile, mile and distance medley relays during the two-day event.

Teen-Ager in N-S Semis

PINEHURST, N.C. (AP)—Jack Nicklaus, a 19-year-old who plans to become a pharmacist, and three men in their forties comprised the semifinal field today in the North and South amateur golf tournament.

Nicklaus, of Columbus, Ohio, who also is a Walker Cup player, engaged Bob Cochran of St. Louis, 45-year-old paper company salesman, who has two teenage sons in college.

★ ★ ★

Two insurance men, Gene Andrews, 45, of Pacific Palisades, Calif., and Jack Penrose, 44, of Miami, Fla., met in the other 18-hole match.

Survivors play over 36 holes tomorrow for the title.

★ ★ ★

Nicklaus had the closest call in yesterdays quarter-finals. He lost the last four holes, but outlasted Don Essig of Indianapolis and LSU, the 1957 public links champion, 1 up.

Cochran put out Mal Galletta, 1944 winner from Old Westbury, N.Y., 2 and 1.

★ ★ ★

Andrews and Penrose, a couple of straight-hitting, cool customers, scored 3 and 2 victories. Andrews ousted John Guenther of Reading, Pa., and Penrose eliminated Bill Campbell of Huntington, W. Va., who has won three of nine previous North and South tournaments.

Michigan Track Team Seeks Top Honors at Philadelphia

PHILADELPHIA (UPI) — The Penn Relays—the nation's oldest and often gaudiest of relay carnivals—opens its 65th annual stand on Franklin Field today with Penn State's crack ensemble of middle-distance runners favored to dominate the two days of competition.

★ ★ ★

But Michigan, powerful Big Ten indoor champion whose Penn Relays record is second only to host Pennsylvania, will be racing for honors in eight events.

The meets opens, as customary, with the 400-meter hurdles event and the Timber Toppers touch off the show which won't end until dusk tomorrow night. In between, an estimated 3,700 contestants ranging from school kids in knee pants, will run, jump and throw in a grand total of 106 events. Twelve individual championships are up for grabs.

★ ★ ★

Events today, in addition to a number of schoolboy races, included the hurdles, the college two-mile run and the college distance medley championship, the only three major running titles on the line.

Warriors Hope Stilt Will Change

PHILADELPHIA (AP) — Eddie Gottlieb, owner of the Philadelphia Warriors of the National Basketball Assn., Thursday made a firm contract offer to Wilt Chamberlain to lure him from the Harlem Globe trotters Terms of the offer were not disclosed.

★ ★ ★

"He said he'd think it over and discuss it with his family," Gottlieb quoted Chamberlain as saying. Gottlieb added:

★ ★ ★

"He gave no indication of whether he'd accept. We're going to meet again next week."

Trout Opening May Be Surprisingly Good

By JERRY CHIAPPETTA
United Press International

Trout fishermen will find surprisingly good conditions on most waters opening day.

Barring a last-minute downpour, it is safe to predict better than average stream conditions in many sections of Northeastern lower Michigan and fair fishing in the Grand Traverse area.

Upper Peninsula fishing will be generally poor due to the severe winter. In fact, Ken Lowe of Marquette reported that almost all of the inland lakes are still ice covered.

Fred A. Westerman, chief of the fish division of the state conservation department, said:

"It doesn't look too bad. It's going to be cold and streams will be on the high side, but not too bad. We still have snow in the swamp areas."

Westerman urged the 75,000 trout fishermen expected to be outdoors Saturday to "fish for fun" and "enjoy Michigan's outdoor life."

The state's No. 1 fish manager will not be in the ranks of anglers opening day. Not taking his own advice, Westerman will be the indoor-outdoorsman tomorrow, chained to his desk.

★ ★ ★

"I'm not really an opening-day enthusiast," he rationalized. It's great fun to be with your friends on that special day. I usually wait a little longer for my trout fishing."

He said that more than a half million legal-size trout would be planted by midnight tonight and that approximately two million trout would be dumped into Michigan waterways before the stocking program for the year ends.

Due to changes in fishing conditions from one area to the next, United Press International surveyed the entire state for the latest reports.

★ ★ ★

Northwest Lower Michigan: Gordon Charles from Traverse City said fishermen in his area of the state will find high and cold water opening day. Some streams are slightly colored, including parts of the Boardman and Big Manistee.

Charles said that these, however, "will not be too bad." The Platte will be good and clear. Fifteen thousand rainbows were planted in the Big Manistee in Kalkaska County alone.

Northern Lower Michigan: High water resulting from extra heavy snowfall. However, this area will be good because the thaw has been slow. With no heavy rains, fishermen in this section expect a "better than usual" opening day. Crooked Lake, Burt Lake and the Sturgeon and Maple Rivers should be fine.

Northeastern Lower Michigan: This section should be the best for early season fishing. The south branch of the nationally-known Au Sable is a little high. Rifle River is about normal. So is the east branch of the Au Gres.

Rainbow runs are on in the east branch of the Au Gres. Good fishing at More Trout Dam near National City. Guiley Pond on Guiley Creek, a tributary of the east branch, should also be good.

The south branch is up slightly. However, natives in this section expect a "big gang" Saturday as usual.

★ ★ ★

The Upper Peninsula: Things don't look too bright here. All streams are high. Winter still grips most of the interior sections.

The Carp and Huron are just a little above their summer levels. They are going down fast and should be tops in a few weeks.

Southern Michigan: Trout waters in the heavily populated areas of Wayne, Lapeer, Oakland, Tuscola and Genesee counties are well stocked with legal-size trout. Fishing is expected to be slow. Waters in this crowded Southeastern corner of the state usually provide some remarkable fishing.

★ ★ ★

Throughout the state, long underwear will be in order. The below normal temperatures have reduced trout feeding and spawning activity.

Worms are the No. 1 choice for bait and wet flies second. Fisherman will also find secondary roads in low-lying sections in poor condition, some even impassable.

Fish hard boys, fish hard.

Dance at Hillcrest CC

Richardson Benefit Scheduled Saturday

Recovery has been slow and difficult for Max Richardson, but if it helps to have a host of friends in time of trouble, he should recuperate with flying colors.

It was last January that Richardson, a Pontiac resident and well-known figure in area golfing circles, suffered severe burns from an explosion in his garage.

Max has been confined to St. Joseph's Mercy Hospital ever since the accident and he currently is undergoing skin grafts, a long and costly procedure.

★ ★ ★

Saturday night at Hillcrest Country Club, where Max was employed as club manager, a benefit dance will be held with the proceeds going to Richardson to help defray his mounting medical expenses.

Two orchestras, the Sauter-Finegan orchestra and Bob Durant's band will furnish the music at the benefit affair in the big Hillcrest ballroom.

Hillcrest is located at Groesbeck and Cass in Mt. Clemens. Tickets are $5 and reservations can be made by calling WO 3-6663. A 1959 Pontiac Bonneville automobile will be given away as a door prize.

★ ★ ★

Richardson formerly served as club manager at Pontiac Country Club and Edgewood CC. Max left Edgewood last year and went to Hillcrest, following in the footsteps of head golf pro Jack Hoffman who earlier made the same move.

Max has been an outstanding amateur golfer for several years in the Pontiac vicinity and was a frequent competitor in county area tournaments.

Welter Title Bout Tonight

Rate Jordan, Akins 'Even'

ST. LOUIS (AP)—Don Jordan, a young champion on the way up, pits his speed and skill against Virgil (Honeybear) Akins, a veteran slugger who may be past his peak, in a twice-postponed welterweight championship fight tonight.

★ ★ ★

The oddsmakers call the fight even—5 to 6 and take your pick. This might be because half of them saw Akins destroy Vince Martinez for the title a year ago, and the other half watched him badly outclassed by Jordan in Los Angeles Dec. 5.

The fight will start at 10 p.m. EST, and will be nationally televised by NBC.

★ ★ ★

The 31-year-old Akins and his handlers must be haunted by the fact the St. Louis fighter has looked bad in all three of his fights since he blasted Martinez for the crown. The question is, can he return to the form which brought him the title?

Both Jordan and Akins have the added incentive of probably big future paydays.

★ ★ ★

Jordan's manager, Don Nesseth, said Jordan likely will meet Art Aragon in Los Angeles if he defeats Akins. Aragon always draws large crowds in Los Angeles, although it seems many fans turn out only to boo him. Nesseth said a Jordan-Aragon fight would be certain to draw a big gate, especially if Aragon gets by Joe Micelli.

Promoter Tommy Moyer at Portland, Ore., has offered Jordan a $70,000 guarantee to meet his nephew, Denny Moyer, during that city's centennial celebration.

★ ★ ★

But Nesseth said Hollywood promoter Jack Leonard has promised to match the Portland offer and a Jordan-Aragon match is a sure thing if Akins doesn't spoil it.

Akins could gain a match with ex-champ Carmen Basilio if he wins and looks good doing it. St. Louis promoter Sam Muchnick is talking of a Akins-Basilio outdoor fight in Busch Stadium.

Currie and Starr Sign

GREEN BAY, Wis. (AP)—The signing of quarterback Bart Starr and linebacker Dan Currie for the 1959 season was announced today by the Green Bay Packers of the National Football League.

Havana Club to Remain in International

NEW YORK (AP) — The Havana Sugar Kings, with the blessings of Cuban prime minister Fidel Castro, will stay in the International Baseball League.

Club President Bob Maduro made the announcement last night after conferring with Castro for three and a half hours.

"A plan has been evolved whereby Havana will be able to not only maintain its International League franchise," Maduro said, "but will procede with plans for possible participation in major league baseball if a third league comes into being."

Maduro said a baseball administrative council will be formed in Havana to assure the club of the revenue necessary to keep it in operation. He did not explain how this would be achieved.

Big 10 Nines Open Today

11th Frame

By CHUCK ABAIR

Monroe Moore deserves a word of credit for his outstanding performance in the ABC Masters tourney at St. Louis this week. He really made his presence known before getting eliminated.

Many of the big stars such as Don Carter, Ed Lubanski and Buzz Fazio were long gone by the time "Mo" got cut down in the two-game knockout event.

Just the fact that he made the head-to-head match round was quite a feat in itself when you consider all the "name" stars in the nation were entered.

He has bowled five non-sanctioned 300 games and an official 289.

All the recent talk about the great performances of young keglers in this sector brings to mind a letter and clipping received some time ago from former pin toppler par excellence Ed Stepleton.

The clip concerned a match at the old Orpheum Recreation between the Orpheums and City of Pontiac in which the teams shattered state records with a combined 6715 with the City team winning on 3448. The victors came from behind with games of 1183 and 1202 to do it.

Fred Gardella had a 299 and 242 en route to 720, Fred Tocco hit 702, Jack Olson 701, Bill Mills 679 and John Gilboe 646 for the win.

Stepleton rolled 245-232-258 to pace both teams with 735 in defeat. A fellow named Nagengast had 676, Don Hackett 658, Solwick 638 and Al Johnson 560. Best game for the Orpheums was an even 1100.

Gardella had a string of 15 successive strikes making 11 in the 299 after finishing the 242 with four. "I recall that if you didn't have 4 or 5 strikes in a row you was a dog," says Stepleton.

2 International Sports Car Prizes to Pontiac Entry

Exhibiting his MGA sports coupe for the 1st time, Dr. D. E. Fraser of Pontiac won two trophies recently in the First International Sports Car Show sponsored by the Oakland County Road Running Club at the State Fairgrounds.

The Fraser vehicle won out over 120 entries from several states in the class and overall divisions in the judging by engineers from General Motors, Chrysler and Ford. Style, cleanliness, production and presentation were the key factors in the judging.

Dr. Fraser and his son, Mike, a three-sport performer at St. Frederick High, shared the honors. They had previously won awards in area rallies.

'M' 1964 Card Has Air Force

Wolverines to Play New Service Academy on Gridiron

ANN ARBOR (AP)—The Air Force Academy and Michigan will meet on the football field for the first time in 1964.

The nine-game 1964 slate, announced by Michigan today, includes seven games with Big Ten rivals, Navy and the onrushing Air Force. The Falcons will visit Ann Arbor Sept. 26 for the 1964 inaugural, with Navy appearing in 101,001-seat Michigan Stadium a week later on Oct. 3.

★ ★ ★

Fritz Crisler, Michigan athletic director, said the schedule is in line with school policy of bringing top non-conference attractions to Michigan. Four of the Big Ten foes also will play at Michigan Stadium.

Arch-rival Michigan State will be met Oct. 10 in Spartan Stadium at East Lansing.

The 1964 schedule: Sept. 26, Air Force at Ann Arbor; Oct. 3, Navy at Ann Arbor; Oct. 10, Michigan State at East Lansing; Oct. 17, Purdue at Ann Arbor; Oct. 24, Minnesota at Ann Arbor; Oct. 31, Northwestern at Ann Arbor; Nov. 7, Illinois at Ann Arbor; Nov. 14, Iowa at Iowa City; Nov. 21, Ohio State at Columbus.

'M'-MSU Play 3-Game Series Over Weekend

Neither Wolverines Nor Spartans Figured in Title Running

By The Associated Press

The Big Ten opens its baseball season this weekend with defending champion Minnesota taking on Ohio State in a single game today and Indinia in a doubleheader tomorrow.

If the Gophers, who have won two titles in the last three years, take advantage of playing at home and run up three quick victories, they could get up enough steam to win their second straight championship.

However, the big series this weekend involves Michigan and Michigan State — two teams usually in contention for the championship, although this year they are expected to be out of the running.

Michigan State opens at Michigan today. The two schools then go to East Lansing for a doubleheader tomorrow. Michigan State boasts two of the best players in the conference in pitcher Dick Radatz and outfielder Dean Look. Both were instrumental in the Spartans' second place finish last year.

★ ★ ★

In other games today, Northwestern is at Purdue, Wisconsin is at Illinois and Indiania is at Iowa. All except the two Michigan schools switch opponents for Saturday's round of doubleheaders.

For the first time in 38 years the Wolverines head into a Western Conference campaign under a new manager—former Detroit Tiger coach and Michigan alumnus Don Lund who took over for Ray Fisher, who retired.

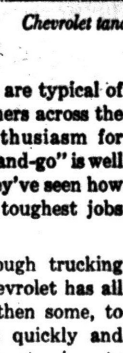

Fisher has been helping Lund with the club this spring in an unofficial capacity and will watch the game from the stands.

Michigan State nipped Michigan 1-0 in the Florida State University tournament at Tallahassee and finished up pre-conference activity with a 9-5 record compared to Michigan's 4-7. Both lost to the University of Detroit.

★ ★ ★

Radatz was expected to get the starting assignment for Michigan State today against Michigan's Al Koch. Lund said he'd probably go with southpaw Nick Liakonis and Bob Marcereau tomorrow.

Wes Ferrell hit nine home runs in 40 games in 1931 which is still an all-time high for a pitcher.

Mud and massive loads stop other trucks—but not this Chevy!

Chevrolet tandem slogs through deep mud to deliver huge load.

F. F. Kirchner, cement block manufacturer of St. Ann, Mo., has this to say about his Chevy 10703 tandem: "Fully loaded we're up over 40,000 lbs. GVW and at most excavation sites we have to move through soft sand and mud . . . My driver tells me he always gets through, too, even where other, bigger trucks can't make it!"

Statements like this are typical of Chevrolet truck owners across the country. Their enthusiasm for Chevrolet's "git-up-and-go" is well founded in fact—they've seen how Chevy tames their toughest jobs in record time.

For your own tough trucking jobs, you'll find Chevrolet has all that it takes, and then some, to get the work done quickly and economically. With stamina to spare, Chevrolet trucks keep on the go day after day. Powerful engines haul maximum loads—hold fuel and maintenance expenses to a minimum. And Chevy's solid build keeps cabs and bodies tight through years of work.

For the right truck and components to handle your tough job, contact your local Chevrolet dealer. He'll prescribe the correct cost-cutting Chevy combination that'll make your toughest job look easy.

Common Market Worries Swiss

By SAM DAWSON
AP Business News Analyst

BERN, Switzerland — Like the United States, Switzerland is on the outside of the new European common market looking in. And like U.S. businessmen, the Swiss are apprehensive of what they see.

But the Swiss have relatively more at stake than the Americans. Some 58 per cent of Swiss imports come form common market nations and some 40 per cent of its goods are sold to the six countries—Italy, France, West Germany, Holland, Belgium and Luxembourg.

America is relatively less dependent upon them for trade. But for the first time in many years America now finds a geographic entity that rivals it as the world's leader in foreign trade.

The United States has been accounting for about 18 per cent of total world trade, with Great Britain trailing as second with 11 per cent. But the six nations in the new customs union will have 17½ per cent of the world's market to start with.

Thus the three great trade units will control nearly half of all the world's trade. They are ready to fight hard to hold or increase their respective shares. That makes it just that much tougher for outsiders.

★ ★ ★

The Swiss realize the common market is their prime challenge today. As the six nations lower the trade barriers between themselves and raise a common tariff wall against outsiders, the Swiss must bargain hard to hold traditional markets.

As an exporting nation, Switzerland seeks to form some sort of a bargaining unit with other European countries to make a deal with the six. It is wooing Austria, which also is closely allied to the six in trade.

Switzerland studies the movement for unity among the Scandinavian lands. It tries to get Great Britain to see that concessions must be made to the common market nations on a tit for tat basis.

★ ★ ★

Switzerland boasts it can beat the world at making precision instruments requiring much hand labor. It says it can compete also in heavy electric equipment—American firms charge this is because Swiss labor is cheaper than American.

Germany is fast becoming Switzerland's chief competitor.

The Russian bear and its Chinese ally also loom on the eastern horizon. Today trade with iron curtain countries accounts for only a tiny part of the Swiss total. But the Swiss aren't sure what the Chinese laborer might be taught to do with his hands in precision work, or what the Russian disregard for the usual economic laws might lead to in world competition.

Both American and Swiss authorities here look for a slow but steady increase in mutual trade. Despite flareups now and then over watch imports into the United States or Swiss banking practices in U. S. Security markets, Swiss-American trade relations are usually good.

And the American exporter has found a brand new market here. In the last couple of years the fastest growing import from America has been frozen chicken, going from about $100,000 a year to around three million dollars.

Meat is high priced here and the Swiss housewife—like any other—knows a bargain when she sees it.

Gent's Room in Piccadilly Coming to U.S.

LONDON (AP) — Among the next British exports to flow into the channels of trade with the United States may be a gent's room. It's a collector's item.

If all goes well, the quaint little cubicle with "men" on the door will find a new home in Virginia City, Nev.

★ ★ ★

Arrangements for the transfer have been made in behalf of Roy Shetler, wealthy Virginia City businessman. They say he wants to make it a tourist attraction.

The 75-year-old, green glass-topped structure stands in cobbled Dansey Place near Piccadilly Circus and has long been out of use.

★ ★ ★

The Westminister City Council today gave its approval to this commercial transaction — provided it doesn't have to spend any money.

"There will be no charge for taking this cubicle away," said a spokesman.

★ ★ ★

"Shetler is welcome to the thing. We had been thinking of tearing it down anyway. The dismantling, however, must be done at no cost to the council."

The naming of Shetler as the would-be exporter ended a two-week mystery.

★ ★ ★

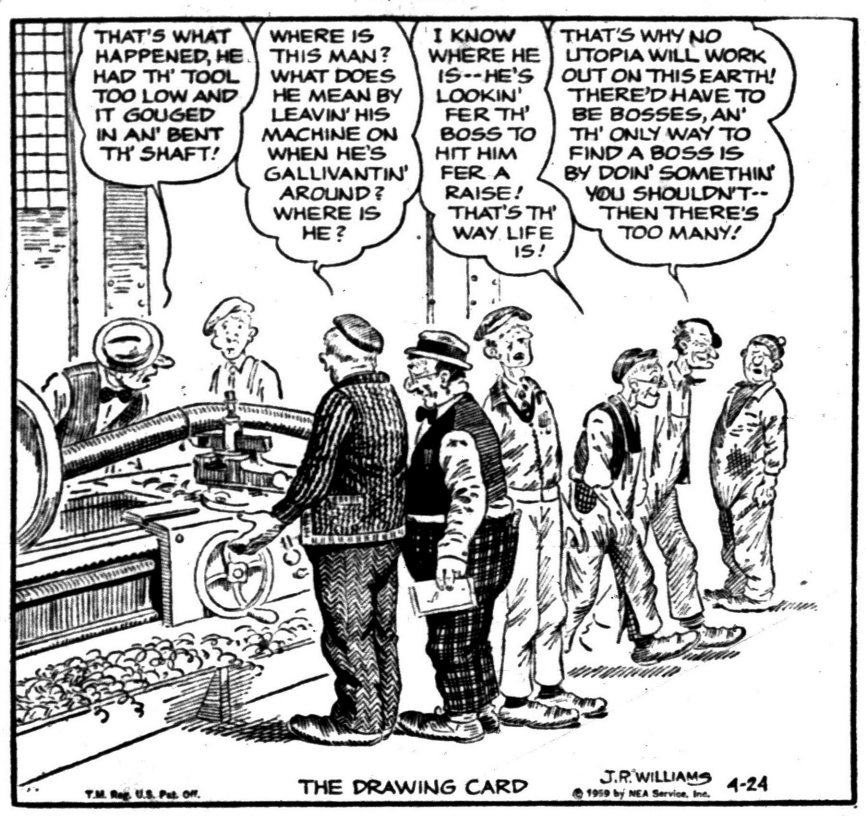

A London firm of fine art dealers said it was negotiating for the cubicle in behalf of an American who fell in love with it on a visit here.

The firm wouldn't identify the American then. It said he felt the cubicle "represents the decorative public lavatory of the Victorian Age at its very best."

Wheat Futures Lead Setback

CHICAGO (AP)—Moderate selling weakened the grain futures market generally today in early board of trade transactions with May wheat leading the setback on a loss of as much as a cent a bushel within the first few minutes.

It was only the second time in a month or more that the May delivery had slipped under $2. It sagged under that figure for a short time earlier this week but rallied from that level.

Most corn and some other deliveries were down major fractions while distant rye months were independently firm.

After about an hour wheat was unchanged to ⅞ cent a bushel lower, May $1.99¾; corn ⅝ to ¾ lower, May $1.25; oats ¼ to ⅝ lower, May 65⅞; rye ⅜ lower to ⅛ higher, May $1.38⅛; soybeans ¼ to 1⅛ lower, May $2.28¾.

DETROIT LIVESTOCK

DETROIT, April 23 (AP) (USDA)—Cattle—Salable 150. Small receipts, cleanup affair; few early sales unchanged but not enough any one class to set up quotations. Compared last week average choice and better steers and heifers fully steady along with utility and standard grades; good to low choice offerings steady to 50 cents lower; cows and bulls fully steady; most good to low choice slaughter steers 26.00-28.50; loads mixed good and choice steers 29.50-29.50; bulk choice steers 950-1247 lb. steers 29.50-31.00; few loads and lots high choice 1048-1196 lb. steers 31.50-32.00; standard to low good steers 23.50-28.00; utility steers 21.50-23.50; most good to low choice heifers 25.50-28.00 few loads choice heifers 28.00-29.50; small lot high choice around 900 lb. heifers 30.00; standard to low good heifers 23.00-25.50; utility heifers 21.00-23.00; utility cows 19.50-21.00; canners and cutters 15.00-19.50; utility bulls 23.00-25.00; strong weight commercial bulls up to 25.50; cutter bulls 21.00-23.00; load good to choice 319 lb. stock calves 35.00; load good to choice 645 lb. yearling stock steers 33.00; few lots medium stock steer calves 28.00-29.00.

Vealers—Salable 35. Not enough done to make a market. Compared last week vealers opened the week 1.00 higher, however, demand on prime vealers late narrow due to the non-kosher holidays; lower grades 1.00 higher throughout the week; most choice and prime vealers 35.00-40.00; few up to 40.50 and 41.00 early in week; standard and good 27.00-35.00; cull and utility 16.00-27.00.

Sheep—Salable 100. Not enough done to make a market. Compared last week slaughter lambs 50 cents higher; slaughter ewes steady; most good and choice shorn lambs 103 lbs. down 20.00-21.50; few loads high choice shorn lambs 22.00-22.90. High choice to prime shorn absent, few loads mostly choice 90-95 lb. shorn lambs 22.00-22.50; best outlet on light weight lambs; utility to good lambs 18.00-20.00; load good and choice fine wooled shorn lambs 19.50; cull to choice slaughter ewes 5.00-10.00.

Hogs—Salable 150. Butchers under 240 lbs. 50 cents higher but not enough done to establish market on others; early sales mixed No. 2 and 3 180-240 lbs. 16.50-17.00; load No. 2 252 lbs. 16.75; small lot mostly No. 1 216 lbs. 17.25.

Market Turns Upward Again

NEW YORK (AP) — The stock market resumed its uptrend after two sessions of reaction from record highs. Early trading was fairly active.

Gains of key stocks were from fractions to about a point generally. There were scattered losses.

Selected issues in the electronics and chemical field made wider gains.

★ ★ ★

The ticker tape was late for a six-minute spell in the opening flurry.

Motors, steels and rails showed a slight uptrend.

American Motors was delayed about a half hour in opening due to a flood of buy orders. It rose ⅞ to 40¾ on 25,000 shares. Studebaker-Packard, also delayed in opening but for a shorter period, rose ⅞ to 13½ on 45,000 shares.

★ ★ ★

The two makers of "compact" cars were in much demand following their encouraging earnings reports yesterday and the declaration of a bigger-than-expected cash dividend by American Motors.

Zenith spurted 9 points, International Business Machines added a half dozen points, Litton Industries more than 5, Coca Cola and Vick Chemical about 2 apiece and Texas Instruments over a point.

★ ★ ★

Pfizer dropped more than a point. Raytheon was more than a point ahead.

Better earnings helped New York Central and Pennsylvania to fractional gains along with other leading carriers.

★ ★ ★

The big three motors, steels and most aircrafts were up moderately.

Ford rose ½ to 65 on two sucat 85 on an opener of 4,000 shares.

Tells Record Earnings

DETROIT (AP)— Federal-Mogul-Bower Bearing Corp. says its first quarter earnings this year were a record $2,966,00 or $1.22 a share. It said earnings for the first three months of 1958 were $1,600,000 or 66 cents a share. The firm said its first quarter sales this year were $29,959,000, compared with $23,388,000 for the first quarter of 1958.

STATE OF MICHIGAN—In the Probate Court for the County of Oakland, Juvenile Division.

In the matter of the petition concerning Timothy Baker, minor. Cause No. 16630.

To Orville Baker, father of said child.

Petition having been filed in this Court alleging that the present whereabouts of the father of said minor child are unknown and said child has violated a law of the State, and that said child should be placed under the jurisdiction of this Court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Oakland County Service Center, Court House Annex, 1260B West Blvd., in the City of Pontiac in said County, on the 5th day of May A.D. 1959, at nine o'clock in the forenoon, and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in The Pontiac Press, a newspaper printed and circulated in said County.

Witness, the Honorable Arthur E. Moore, Judge of said Court, in the City of Pontiac in said County, this 20th day of April A.D. 1959.

NEW BOAT STORE OPENS—This is the new Cruise-Out Boat Sales Store, 63 E. Walton Blvd., which is holding its grand opening today through Sunday.

Center for Water Sports Celebrates Business Start

A Pontiac man who has always wanted a boat and sporting goods store saw his dream come true as the Cruise-Out Boat Sales, 63 E. Walton Blvd., today began celebrating its three-day grand opening.

★ ★ ★

Owner of the new $15,000 store is John Rennie, who has been servicing boats and running a marine supply business for a year from his home, 1401 Highwood St.

With a vast background in boating, servicing boats and motors, and boat building, Rennie said he has planned his store to meet the needs of anyone interested in water sports.

He will stock a complete line of boats in the Duratech, Glass Magic, Sportcraft, Trojan and White House brands, ranging from 8-foot prams to 28-foot cruisers in wood, aluminum and fiberglass models.

★ ★ ★

The store will also offer a complete line of trailers, motors, sporting goods, and a wide variety of marine equipment.

A total of 1,720 square feet of floor space will be devoted to a show room and repair department. The building has a shining plate glass front and is of cement block construction.

Fire Destroys House of U. of M. Fraternity

ANN ARBOR (AP) — A fire roared through the Sigma Nu fraternity house at the University of Michigan Thursday night. Most of the three-story building was destroyed.

No injuries were reported. Most of the 38 residents were away while firemen battled the blaze for two hours. Firemen said defective wiring in a third-floor dormitory area apparently started the fire.

Graham Draws Million Persons in Australia

SYDNEY, Australia (AP)—Billy Graham's crusade headquarters today claimed an attendance of more than one million since he began his Australian crusade Feb. 15.

This is a tenth of Australia's total population, but thousands have heard him more than once. His campaign reaches the halfway mark this weekend.

★ ★ ★

"We thought it would be just fine if we could touch the million mark in Australia; and now we've reached it before the campaign is halfway over,' said crusade director Jerry Beavan.

Beavan also noted that a great number of Australians have seen and heard the North Carolina evangelist on TV and radio.

He said 25,440 "decisions for Christ" were made in Melbourne and 22,156 in the 11 days thus far of Sydney's campaign.

★ ★ ★

Attendance fell to 18,000 Thursday night. Graham told newsmen he was not worried and that he would preach if only one person came out.

"These are the greatest audiences I have preached to anywhere in the world," he said.

S-P Reports Profits of $1.20 Per Share

SOUTH BEND, Ind. (AP)—Studebaker-Packard Corp. reported net profits of $7,754,991 or $1.20 per share, for the quarter ended March 31.

The profit came on sales of $115,455,806. It compares with a net of $3,680,574 on sales of $88,651,896 for the final quarter of 1958.

The company, its fortunes hinged to a new smaller wheelbase car, reported unit sales in this year's first quarter amounted to 51,500 cars.

Sales for the 1959 model year through March this year totaled 85,018 or 51 per cent greater than the total for the entire 1958 model year. The quarterly report was made public yesterday.

S-P reported working capital at the end of March amounted to $55,183,241 compared with $44,845,055 at the end of 1958.

They Want Vote, Too

SAN DIEGO (UPI) — Rep. Bob Wilson (R-Calif) reported that he has read into the Congressional Record a communication signed by "some of my younger constituents" — 26 students at Oak Park School. It read: "Dear Congress: We think the children between 12 and 21 should be able to vote also. At the next Congress meeting, we would appreciate if you would bring it up. Thank you."

FAMILY-A-FAIR — That's the theme of the Waterford Township Donelson School Fair to be held from 3 to 7 p. m. Saturday. Six-year-old Bobbie Clift Jr. watches his mother, Mrs. Robert Clift (seated) and Mrs. Clifford Simonson make last minute checks on items to be sold at the fair. Also included in the Fair activities will be hayrides, movies, a bake sale, a game room, needlework booth, fish ponds and a snack bar. Proceeds will be used to purchase school equipment.

Levenson, Lewis to Sub for Godfrey

NEW YORK (AP)—Sam Levenson is taking over the Arthur Godfrey daily program period on television, and Robert Q. Lewis is substituting for Godfrey on radio, the Columbia Broadcasting System announced yesterday.

"The Sam Levenson Show" starts April 29 and will be on the air thereafter Monday-through-Friday from 10:30 to 11 a. m. (EDT).

★ ★ ★

On April 27 and 28 the video time will be occupied by Jack Sterling, an emcee on Columbia's New York outlet, because Levenson has a prior commitment.

Lewis takes over the radio time starting Monday and will be on daily from 9:05 to 10 a. m. He is currently in Los Angeles, winding up a road tour in the play "A Visit to a Small Planet."

Gielgud Towering Figure in 'The Browning Version'

BY WILLIAM EWALD

NEW YORK (UPI) —"The Browning Version" is a typical Terence Rattigan play — slick, small-scaled, fluent, fluid and a superb parlor car for actors in search of trophies.

Last night, John Gielgud and Margaret Leighton took up temporary lodgings on CBS-TV Du Pont Show of the Month, were presented with "The Browning Version," and promptly threw a party. The year is only four months old, but I would guess that both players — and Gielgud in particular—will bulk large on all those tedious prize-giving lists in December.

★ ★ ★

As a chunk of theatre, "The Browning Version" is, of course, a marvelous piece of sleight of hand. It is an artificial bunco game, a slab of glossy hokum, redeemed by its glassy craftsmanship. Rattigan may not dig hard or deep or in original ground, but he knows his theatre.

Gielgud in the role of the schoolmaster was outrageously good. One scene, in which he received a gift from a schoolboy, broke down and cried, was tremendously moving. But I hate to isolate single scenes in Gielgud's case because he was simply a towering figure all night.

Miss Leighton played his wife with an almost immoderately effective sense of the desperation of the caged slattern. And very solid, too, were all of the supporting players — Cecil Parker, Robert Stephens, Rhoden Streeter, James Valentine.

Curiously enough, CBS-TV's Playhouse 90 presented a Tad Mosel play, "A Corner of the Garden," with a subsidiary theme very much like that of "The Browning Version" — the frustrated wife who de-masculinizes her husband.

However, Mosel was writing a more complex play than Rattigan and while it lacked the butterfly flow and didn't play nearly as tightly, Mosel's effort was more honest and less formularized in its approach to its human beings.

Mosel was dealing with a large chew of ideas — the strangling effects of what passes for normality, the man-woman war, the inadequacy of affection as a substitute for love, the hatred the imprisoned always feel for the free, the damaging effects of the cramped life, the impossibility of growth without freedom and self-understanding.

"A Corner of the Garden" was written especially for Eileen Heckart and Hecky really booted a winner home. She had able support from Gary Merrill and a lovely, satiny young actress named Heather Sears.

Takes $25,000 Worth of Razzing for Charity

By EARL WILSON

NEW YORK — Broadway has the strange custom of publicly razzing somebody it likes and this time the victim was Comedian Joey Adams.

WILSON

Jan Murray demanded an investigation of Joey getting the Broadway March of Dimes' Division "Man of the Year" Award. "What year was it" Jan persisted. "Where was everybody? They're giving Joey Adams a dinner and Bernard Baruch is sitting on a park bench? They giving Joey a plaque and Albert Schweitzer's trophy room is empty?"

"Joey knows a lot—he just can't think of it," declared Morey Amsterdam who got the testimonial off to a smashing start. Up came quizmaster Jack Barry. (Red Buttons had announced that Jack was going to speak on "Honesty.")

"I have been asked to speak about Joey Adams' success on television. Good night," said Barry, sitting down instantly.

★ ★ ★

Hermione Gingold recalled that she was on a radio show with Joey, Morey Amsterdam and Henry Morgan. She was new and nervous.

"Do you know who got me a cup of tea, who gave me jokes and encouraged me?" Hermione asked. "Henry Morgan!"

"Unfortunately, while sitting here tonight, we have all missed 'Maverick,'" Morgan lamented.

Gypsy Rose Lee sent a telegram saying she could not be present because she had a cold in her head. "That is the place where I least expected it," she added. Henny Youngman's telegram said, "Good luck to a wonderful fellow—me."

ADAMS

Red Buttons said Joey started out in life poor and has given so much of his time gratis to various charity enterprises that he is now a very rich man.

★ ★ ★

But to show the real spirit underneath the gags, the dinner turned away customers and raised more that $25,000 for the March of Dimes.

Oil Well Gas Burns Fiercely Near Springport

SPRINGPORT (AP)—An oil well near the Jackson-Calhoun county line burst into flames last night when drillers struck a pocket of gas as they probed into the ground.

One man was slightly burned and another injured in an automobile accident as he rushed to a telephone to turn in the fire alarm.

Calhoun County sheriff's deputies said flames shot high into the sky and were visible for miles.

The gas continued to burn uncontrolled through the night. State Police, sheriff's deputies and the Springport Fire Department strove to extinguish the blaze with a mud and cement mixture. But they said the flames probably would not die out until all the gas in the pocket was burned.

Police said the flames were not dangerous to area residents. But curiosity seekers who flocked to the scene were blocked from approaching the burning well by officers.

The well is located on the Earl Midland Jr. farm, just inside Calhoun County, about six miles west of here. Springport is in Jackson County.

Dillon to Get Key Job

WASHINGTON (AP) — Under Secretary of State C. Douglas Dillon reportedly will be named chief assistant to Secretary of State Christian A. Herter. He may have much broader duties than anyone who filled such a position in the past.

Rifle Bullets Pepper Plant

But Carolina Textile Workers Able to Leave Building Unharmed

HENDERSON, N. C. (UP) — Sporadic rifle fire peppered the Harriet-Henderson Cotton Mills again Thursday night until second-shift workers left the two plants under heavy police guard.

No injuries were reported.

Operation of a second shift at the plants, struck Nov. 15, has brought criticism from Gov. Luther Hodges, who said he had warned the management it might mean bloodshed.

★ ★ ★

Shortly before the second shift left at 11 p.m., highway patrolmen fired two parachute flares over the South Henderson plant. Other patrolmen patrolled a back street across from the mill where most of the sniper fire had originated.

Under the brilliant light of the flares and the watchful eyes of the patrolmen, the workers left without incident.

In Raleigh, Gov. Hodges, himself a former textile official, disclosed he had warned mill president, John D. Cooper Jr. April 16 against opening the second shift.

Cooper, who started the second shift April 20, told Hodges that to close the shift would be "an absolute surrender to force and violence."

Gov. Hodges said he released details of his letter to Cooper "to remind Cooper of his personal responsibility for the present difficulty."

★ ★ ★

Cooper said previously he would close the mills permanently if he had to close down any of the shifts.

The strike began after the company insisted on elimination of an arbitration clause from a new contract with the Textile Workers Union of America. It apparently had been settled April 17.

Union strikers were to be rehired on the second shift and a promised third shift. When they arrived Monday, they said, only 30 jobs were available.

Since then, the mills have been targets of rifle fire. A force of 100 highway patrolmen has been recalled.

Between 1861 and 1948, annual per capita income in Italy rose only $112—from $176 to $288. But in the past 10 years it has risen by $152—to $440.

Some 200 Lepers Still Inhabit Molokai

By PHYLLIS BATTELLE

HONOLULU—The Hawaiian Chamber of Commerce will talk freely about anything—except Kalaupaupa.

Kalaupaupa is an isthmus that stretches out like a magnificent emerald from the island, "the lonely isle," of Molokai. It is as beautiful as any single portion of our 50th state; yet tourists rarely are aware it exists, because tourists are too misinformed to understand.

Kalaupaupa is the settlement founded in 1866 by Father Damien for persons with leprosy . . . though that word is tabu today. It is called "Hansen's disease" in English, or in Hawaiian "ma i pake," (meaning Chinese sickness.)

Few people desire, or are permitted, to visit this peninsula which clings to Molokai, yet is cut off from the unafflicted inhabitants by an 1800-foot jagged cliff.

I went through barrels of red tape before my visit there was approved. Everyone insisted on knowing why I wanted to go, not realizing that a reporter is no better than Bluebeard's wife.

Finally, after extracting a promise that I would later visit the modern, scientific hospitals for Hansen's disease at Pearl City, the health authorities granted permission.

★ ★ ★

It is only a 10-minute flight from Waikiki's luxury to Kalaupaupa's dramatic and pastoral beauty.

Flying over the unbelievably green peninsula, you see upwards of 30,000 graves and the pilot reveals that there are less than 200 live people residing there among them.

As the two-seater plane bumps down on the red dirt "runway," it seems that most of the population is out to meet it.

A red-haired young doctor steps forth and gives the official greeting, explaining that it's always quite a treat to have visitors. There aren't many any more.

He introduces you to some of Kalaupaupa's local officials, from the county superintendent to the president of the Lions' Club.

Having been assured that the disease is virtually noncommunicable to white adults, and certainly not contagious by a handshake, you extend your palm. They back away, smiling shyly, refusing contact.

"They are more superstitious than the rest of the world," the doc explains. "They don't want to take a chance of giving you their troubles."

The people live in small cottages, unless they are extremely "active" cases who must be confined to the hospital. Their chief hobbies are raising flowers, hunting, fishing, watching TV and reading newspapers. The world has passed them by, but they are intensely interested in the events of the world outside.

WERE ORDERED OFF

Some years ago, after erection of the modern hospital at Pearl City (on Oahu), health authorities tried to order these "isolated" patients to leave Kalaupaupa. The ones who remain are the ones who refused. At least 100 of them are "arrested cases," thanks to the wonders of the sulfone drugs, but they have no desire to return to the civilization which turned them out.

It is not bitterness; it is the real knowledge that the marks which leprosy has left on their bodies would make it difficult to adjust themselves to a society that still considers Hansen's disease a dread stigma.

No new patients are being sent to Kalaupaupa, so the people play an ironic game. They've set up a pool, wagering on who will be the last one alive. Winner take all.

Still, they put their best grins forward for a visitor. They express pride in their lovely island. They appear happier than could be expected.

I hope I shall not forget Kalaupaupa the next time I hate the world because it gave me a virus...

Fail to Dislodge Ship in 58 Years

TANGIER, Va. (AP)—Generations after she was sent to the bottom of Chesapeake Bay by the guns of the battleship New Hampshire in 1911, the historic ship San Marcos is still resisting efforts to remove her as a menace to navigation.

The wreckage is still within 20 feet of the surface after the Navy used 11 tons of explosives in the latest efforts. The ship has been the object of other military firepower operations including aerial bombing by Brig. Gen. Billy Mitchell.

The world's annual production of diamonds would fill about 75 bushel baskets, says the National Geographic Society. To attain one carat even a modern equipped mine must process about three tons of worthless rock.

Qualifications for Dyna-Soar Pilot Listed

WASHINGTON (AP)—Space pilots who will man the Dyna-Soar — the most advanced weapon system under development today — will be chosen because of their experience and not their age.

Planes, official publication of the Aircraft Industries Assn., says the pilots selected for the initial flight on the Dyna-Soar — a manned boost-glide vehicle with orbital flight potential — will be approximatey five feet ten, and weigh between 150 and 155 pounds.

Their training will include being whirled in huge centrifuges and making simulated space flights with many of the expected conditions duplicated.

on July 1 held assets of 103.6 billion dollars, an increase of, more than 60 per cent over the end of 1950.
