Neighbors Pay Sen. McCarthy Final Respects

Controversial Politician Will Be Buried Today in Appleton, Wis.

APPLETON, Wis. (INS) Sen. Joseph R. McCarthy will be buried beside his Irish-immigrant parents today in the rural locale from which he sprang to worldwide fame and controversy.

Prior to the funeral rites, a move developed among his staunchest Senate supporters to wipe out the censure which his colleagues voted against him by a 67-22 vote in December 1954.

McCarthy will be laid to rest at a small parish cemetery just outside Appleton, Wis., his home town, after a High Requiem Mass at St. Mary Roman Catholic Church in that city.

Friends, neighbors and out-of-town admirers of the late Republican lawmaker, whose go it alone anti-Communist efforts won him the love and hatred of millions, gathered for final homage at the church and graveside.

The Mass to be conducted by the Rev. A. M. Grill climaxed two days of solemn ceremonies which began yesterday with Catholic and Senate funeral services extolling McCarthy as a fighter of subversion.

McCarthy's body was flown to Wisconsin in an Air Force transport plane late yesterday. His 32-year-old widow, Jean, four other family members and 10 close friends followed in another craft.

Royal Oak Police Investigate Find of 2nd Bomb

Royal Oak police today are investigating the finding of a home-made bomb, the second within one week, in Royal Oak.

Detective Virgil Scott said the bomb had been turned over to Walter K. Walburn, principal of Dondero High School yesterday, by student Ron Harworth of 615 West Ninth St.

★ ★ ★

He said he found it in the alley, west of Lafayette between Lincoln and Ninth streets.

Police quoted another boy as saying that he took the bomb and hid it after two irate teenagers fashioned it last week.

The first bomb, made by two ninth grade boys, 14 and 15 years old, last Wednesday had been set inside the door of a third floor classroom at Dondero. It fizzled in a cloud of smoke and was extinguished before it exploded.

Union Proposal Rejected by GM

UAW Asks Joint Study of Shorter Work Week Prior to Contract Talks

DETROIT (AP) — General Motors Corp. today rejected a United Auto Workers' bid for a joint union-management study of a proposed shorter work week in the auto industry prior to the opening of new contract talks in 1958.

Louis G. Seaton, a GM vice president, said in a letter to UAW President Walter P. Reuther, the union proposal "means that you are actually seeking to begin negotiations nearly a year ahead of time on a demand which has already been established by your union as its 'next major goal.'"

Reuther has proposed a shorter work week with increased take-home pay. He told the UAW's convention in Atlantic City, N. J., last month that the proposal will be given top priority in 1958 negotiations.

General Motors Corp. was the first of the big three to reply to Reuther's invitation for the auto companies to join with the union in a study of a shorter work week.

Probes Charges of Corruption, Misusing Funds

Beck Given 22-Page Bill of Charges at End of Hearing Monday

WASHINGTON (AP) — The AFL-CIO Ethical Practices Committee opened hearings today on charges of corruption within the Bakery and Confectionary Workers Union but made public no "indictment" such as was issued yesterday at a similar hearing on the Teamsters.

Henry Kaiser, attorney for Curtis R. Sims, suspended Bakery Workers secretary-treasurer, said the ethical practices group plans to recess the hearings from today until May 25.

The Teamsters hearings have been recessed until May 24.

Albert G. Hayes, chairman of the AFL-CIO group, said in a statement opening the Bakers' hearing that information available on charges concerning the union "raised a serious question as to whether there have been violations of the standard of trade union ethics prescribed by the AFL-CIO constitution."

The charges never have been spelled out, but Sims has accused Bakery Union President James Cross and Vice President George Stuart, now resigned, of alleged misuse of union funds.

CHARGES SUMMARIZED

A detailed summary of his charges was reportedly read at this morning's closed committee hearing, but was not made public.

It was the second hearing in two days by the AFL-CIO group involving charges of corrupt domination of affiliated unions.

The five-man committee Monday held a hearing on charges against Dave Beck and other officials of the huge Teamsters' Union

'Long Day's Journey' Wins Pulitzer Prize

NEW YORK (AP)—The late dramatist Eugene O'Neill has won his fourth Pulitzer Prize and Sen. John F. Kennedy (D-Mass) has won the first ever bestowed on a member of Congress.

The awards were among 14 Pulitzer Prizes in letters, journalism and music announced yesterday by the trustees of Columbia University.

O'Neill received the drama award posthumously for his autobiographical play "Long Day's Journey Into Night." It is a current Broadway hit, and last week received the drama critics' top award.

The biography prize went to Kennedy, 39-year-old Massachusetts Democrat, for his "Profiles in Courage." The book is a study of political integrity as exemplified by selected U. S. politicians, some famed and some obscure.

★ ★ ★

"I'm delighted—more than delighted," said Kennedy when told of the award.

O'Neill's widow, Carlotta Monterey O'Neill, said: "I am very happy to learn that the Pulitzer Prize has been awarded to 'Long Day's Journey into Night.' Now I know I did the right thing in giving it to Jose Quintero to produce and direct."

Quintero staged the Broadway production. When the play, written in 1941, was published last year it was explained that an earlier stipulation to delay publication until 25 years after his death had been rescinded. O'Neill died in 1953.

WON FOUR PRIZES

Only poet Robert Frost and the late playwright-biographer Robert Sherwood have also won four Pulitzer Prizes in the 40-year history of the awards.

O'Neill previously won Pulitzer Prizes for "Beyond the Horizon"

Halt Bay City Bus Service

BAY CITY (AP) — Balcer Bros. Motor Coach Co. announced today it will discontinue city bus service Aug. 5.

A spokesman said steadily rising financial losses dictated the decision.

★ ★ ★

The bus company was required to give 90-day notice under the terms of its contract with the city.

The company said it had lost more than $120,000 in the last decade. Fares dropped from 7,300,000 in 1946 to less than 1,500,000 last year, the company said.

The bus company has been operating in Bay City for more than 25 years. It operates 40 units.

Air Raid Siren to Screech 'Warning'

City Plans Tornado Alert

There may be a time when Pontiac's downtown air raid siren is used for other than its monthly tests.

Under provisions of the city's recently adopted Civil Defense and Natural Disaster Plan, the siren may be blown in case of "threatened widespread natural disaster," such as might occur if a tornado struck here.

"Its use would be on instructions from City Manager Walter K. Willman, who is civil defense director," explained Robert A. Stierer, Willman's assistant.

How residents are to distinguish from the siren's primary air attack warning and that of natural disaster, is dependent upon weather conditions, Stierer said.

"Most people have learned by now what weather usually means tornadoes," the official added.

The siren, atop the Pontiac State Bank Building, might possibly be used if there is a tornado "warning" for this area.

EXPLAINS TERMS

Stierer pointed out the difference between a "warning" and a "forecast."

A "warning" is issued for a localized area when a tornado has been sighted. People in the path of the storm should take immediate safety precautions, the Michigan Office of Civil Defense urges.

A "forecast" is issued for a general area where one or more tornadoes may occur. It thus alerts the public so that safety precautions may be taken later if a tornado is seen, or if a warning is issued.

★ ★ ★

For a "forecast" the city's natural disaster plan is placed on standby with all departments warned to listen to radio bulletins and await further instructions, Stierer said.

CHANNEL 'WARNINGS'

The city receives possible tornado and storm warnings through police channels and from a U.S. Weather Bureau teletype service at Pontiac Municipal Airport.

Pontiac schools and many business and industrial offices would learn of an approaching funnel through a Michigan Bell Telephone bell and light system. The City Hall also is connected to this system.

Senate Passes Water Measure

Bill Now Goes Back to House, Would Allow Sale From Detroit

A House-approved bill opening the door for Detroit water to be piped north to Pontiac was passed by the Senate in Lansing last night.

The senior chamber cut one provision that gave Detroit users priority before out-of-city customers and stuck in another giving the measure immediate effect upon passage.

The bill now returns to the House for approval of the two changes.

Sen. L. Harvey Lodge, of Drayton Plains said removal of the priority restriction makes the measure more attractive to potential customers.

"The clause would have blocked the sale of water to outlying communities, like Pontiac, unless Detroit users had all the water they needed," Lodge said.

The restriction had been added by a Detroit bloc to the original bill introduced by Rep. Leslie H. Hudson, of Pontiac.

If passed by the legislature, the bill would permit Detroit to charge prices more than double those paid by Detroit users.

★ ★ ★

Adherants to the proposal say this would allow the city to profitably build pipe lines and water mains to other communities, where the already - softened water would be picked up locally.

They say Detroit water could solve the growing water problem in Pontiac and other Oakland County communities.

Dies From Injury After 'Cycle Mishap

A Novi Township man died at University Hospital in Ann Arbor last night after being thrown from his motorcycle earlier in the evening.

Gerald Schardt, 22, of 46998 W. Twelve Mile Rd., was thrown from his motorcycle as it flipped after he came to a sudden stop behind cars at Twelve Mile road and Novi road, according to state police.

He hit his head on the pavement and was rushed to University Hospital, where he died of a fractured skull.

Union Opposes 6 Ballot Issues

Fisher Body Local Vote Hits Hospital, Sewage Bond Proposals

Members of Fisher Body Local 596 UAW voted unanimously Sunday to oppose all six propositions on the citywide May 20 special election ballot.

Harold A. Grant, president of the union local, said the vote represented all 3,500 Fisher Body workers, despite the fact that only 125 turned out for the regular membership meeting.

Members went on record as opposing a $1,850,000 bond issue and tax hike to complete Pontiac General Hospital, charging "This hospital issue has been mishandled all the way through," according to Grant.

Voters this month will cast ballots on a $4,550,000 bond issue to complete and furnish the city hospital, and to finance an auxiliary sewage treatment plant.

★ ★ ★

Grant said members opposed the treatment plant issue and tax increase because "We believe it will mean a climb in sewage treatment rates."

He further stated that members believed that the tax rate boost to help finance the hospital should be countywide, instead of just a tax for city residents.

In other action, Local 596 members voted to oppose a bill in the Legislature to increase beer and liquor taxes to support education.

Members voted to back demands of city bus drivers for a 20-cent pay hike.

Mrs. Sarduk to Stand Trial

Judge Orders Hearing in Fatal Shooting of Man in Her Home

Mrs. Rose Sarduk, 48, of 2435 Texter Rd., Addison Township, yesterday was ordered to stand trial for the fatal shooting March 23 of a boarder in her home.

She is accused of the second-degree murder of Martin J. Wojcinski, 48.

Police say Mrs. Sarduk admitted shooting Wojcinski after an agument in which "he swore in front of the children."

She admitted entering his bedroom and firing a shotgun as he lay in bed asleep, police said.

Know the Weather

By E. H. SIMS

Is it true that some women are able to foretell approaching rain by feeling their hairdo? Or is this an old wives' tale without scientific basis?

There are many tips for prophesying rain, many with scientific foundation, and human hair is one of them. Interestingly enough, some women can predict rain according to the way their hair feels.

Often they can tell rain is near a great length of time before it falls, and sometimes are able to accurately predict it a day ahead! And the color of hair makes a difference, too — !

Blonde-haired women usually are better forecasters than brunettes. Those who roll up straight hair at night will experience uncurling hair, while those with naturally curly hair will notice it becoming even more curly, if rain is approaching.

The fact that most hydrometers still use human hair to measure humidity confirms the soundness of the use of women's hair as a rain forecaster. So, when your wife, or mother, or maybe even little sister, says she is expecting rain because her hair tells her something, she might be right!

Girl, 5, in City Hospital After Being Hit by Car

A five-year-old Pontiac girl is in Pontiac General Hospital after being struck by a car yesterday.

Beverly Scott, daughter of Mr. and Mrs. John Scott, of 466 Branch St., was injured when she ran from behind a parked car Monday and was struck by an oncoming car, according to police reports.

The driver of the car, Arbutus B. Brice, 28, of 392 Howard McNeil St., said she couldn't see the child and was unable to stop when she ran directly out in front of her car.

Ruling Favors Ex-Communist

High Court Overturns New Mexico's Denial to Bar Candidate

WASHINGTON (AP) — The Supreme Court has ruled that former membership in the Communist Party cannot be taken alone as conclusive proof a lawyer is now disloyal or of bad character.

★ ★ ★

The tribunal, voting 8-0 yesterday, overturned New Mexico's refusal to permit Rudolph Schware to take that state's bar examination. In a similar case, the court by 5-3 vote decided California improperly refused Raphael Konigsberg of Los Angeles the right to practice law there.

Counsel for New Mexico said Schware's record included past Communist Party membership, use of aliases, and arrests without convictions.

Justice Black in Schware's case said there was nothing in the record during the last 15 years which reflects adversely on his character. When Schware was a Communist, the justice said, there was no indication he ever advocated violent overthrow of the government.

★ ★ ★

In a reversal for Dave Beck's beleaguered brotherhood of Teamsters and affiliates in Portland, Ore., the court decided that the National Labor Relations Board (NLRB) must act on charges that the Teamsters engaged in unfair labor practices against their own office employes.

★ ★ ★

The board — noting the case was the first in which such charges had been brought by one union against another — had ruled it had no authority to act. The case originated with the Office Employes International Union, Local 11, of Portland.

and handed the Teamsters head a 22-page bill of particulars.

3 CADILLACS LISTED

Included among the charges made by Sims were the use of union funds to pay for three Cadillacs and some $2,250 in personal telephone calls that Cross is alleged to have made from the union office.

Cross recently said that he is returning a Cadillac given him by a local union and that he is reimbursing the union treasury for the personal telephone calls.

The union's executive board has exonerated both Cross and Stuart of the charges made by Sims. In addition, Sims has been suspended from his job and barred from the Union's headquarters building in Washington.

The charges involved in the Bakery Workers case are less spectacular than those against the Teamsters.

BOARD BACKS BECK

The Teamsters' Beck, despite his difficulties, has received a new vote of confidence from his union's board. The group, on motion of Union Vice President James R. Hoffa of Detroit, unanimously expressed confidence in Beck yesterday.

★ ★ ★

"At no time has there been any discussion about the general president Beck resigning or any request before this board that he resign, and the board goes on record as cooperating and supporting the general president as it has in the past," a resolution said.

★ ★ ★

The probe of Beck's activities—and those of the Teamsters—by the AFL-CIO grew out of Beck's March appearance before the Senate committee.

★ ★ ★

At that time he invoked the Fifth Amendment 117 times in refusing to tell about his use of $300,000 to $400,000 in union funds. He has publicly acknowledged using that amount.

ENCAMPMENT, Wyo. (AP) — A girl's fourth birthday party ended in death for her and two sisters when flames swept through their three-room tarpaper home late yesterday. The mother, another sister and a playmate all were critically burned.

The flash fire took the lives of Barbara Alice Smith, whose birthday it was; her 2-year-old sister, Gale, and Berry Jean, 10 months. Mrs. James Smith, 34, the mother; her daughter, Jo Linda, 5, and the playmate, Gloria Rybin, 7, are in critical condition at Memorial Hospital at Rawlins, Wyo.

Parke, Davis Accord Ends 6-Day Strike

DETROIT (AP) — Company and union negotiators reached agreement early today on issues involved in a six-day strike at the Parke, Davis & Co. drug plant.

State mediator Walter Quillico and federal mediator E. M. Sconyers said the agreement between Parke Davis and Local 1288 of the International Assn. of Machinists was reached at 3:30 a.m. (EST).

★ ★ ★

Quillico said details of the agreement were not available, pending a ratification vote by Local 1288 members today.

During the strike which started May 1, company and union officials had agreed that a major issue in the dispute was the outside contracting of work that involved the 300 IAM maintenance employes at Parke Davis.

★ ★ ★

Harold K. Daniels, company director of personnel relations, said polio vaccine production could be resumed Wednesday if the contract is ratified.

A Birmingham man, Robert Granzenbach of 967 Ann St., yesterday was placed on probation two years for issuing a $15 check in Royal Oak Jan. 16 with insufficient bank funds.

Pleading guilty to the charge, Granzenbach was assessed $100 court costs by Circuit Judge George B. Hartrick.

White House Veto Hinted for 'Bad' Housing Measure

WASHINGTON (AP)—Hint of a presidential veto preceded House consideration today of a bill to expand mortgage credit and set up new home-buying preferences for war veterans.

As House leaders called up the big one-package housing measure, Rep. Talle (R-Iowa) said a "bad bill" would be sure to invite a veto.

★ ★ ★

Both Talle and Republican leaders left no doubt they considered as a "bad bill" the measure sent to the House by the Democratic majority of the House Banking Committee.

★ ★ ★

The House Veterans Affairs Committee also has opposed the bill's provision for a special veterans housing program under the Federal Housing Administration and the inclusion of some GI provisions which the veterans affairs group had rejected earlier.

With backing of the Eisenhower administration, Talle was ready to offer as a substitute another measure omitting all veterans preference provisions. The administration, he said, will "go along with it."

★ ★ ★

Public housing is not involving in the present bill.

Both the Democratic and Republican bills go beyond administration recommendations for easing mortgage financing and for standby authority to lower down payments on homes bought with government-insured mortgages.

Find Ohio Blast Deliberately Set

Dynamite Sticks Placed Outside Dayton Plant Making Fireworks

DAYTON, Ohio (AP) — An explosion and fire that caused an estimated $35,000 to $40,000 in damages at the United Fireworks Co., just west of here last night, was "deliberately caused by dynamite," the president of the company said today.

Walter Bleacher said an inspection showed 8 to 10 sticks of dynamite had been placed on the outside of a building that exploded.

The two explosions sent a wild brilliant display of fireworks soaring 500 feet into the sky and leveled two storage sheds.

A fireman who suffered a minor leg injury was the only casualty.

★ ★ ★

Bleacher said his investigation showed a hole three feet deep in the ground outside one building and added that the blast blew the cement block base of the building away. He said a center row cement block also was blown away.

Bleacher said dynamite explodes downward and out. He said he was calling in a demolition expert to confirm his analysis.

William Cheesman, state fire marshal representative here, said he also would ask a demolition expert to investigate.

Bleacher did not name the person or persons he thought responsible for placing the dynamite near the building.

Romeo Man Dies Fighting Grass Fire

William C. Fetzer, 65, of 79407 Kidder Rd., Romeo, died of exhaustion shortly before noon today trying to fight a grass fire he had started in his orchard.

★ ★ ★

According to Coroner R. G. Markle, who pronounced him dead at the scene, Fetzer had a history of coronary heart trouble and apparently died of overexertion.

Attempts by the Romeo rescue squad to revive him failed and he was taken to Roth's Funeral Home, Romeo.

New Demonstrations Break Out

Arrest Colombian Students

BOGOTA, Colombia (AP) — Many students were reported under arrest today after a fresh outbreak of antigovernment demonstrations in Bogota, a general business slowdown and continuing student strikes.

Police again moved in with tear gas and streams of dyed water to break up the rioting late yesterday. They were said to have seized and jailed "many" students from among the crowds.

In a radio-television address last night, President Gustavo Rojas Pinilla said three persons had been killed in Cali and two in Bogota.

★ ★ ★

The president described the situation in Colombia as a conflict between vested employer interests and the workers. He pledged the army would stand with the workers, "united unto death" if necessary.

There was no general strike call, but private banks, stores and most offices closed early yesterday. A curfew was nominally ended but only persons with permits were allowed on the streets.

★ ★ ★

The spreading student strikes were met by government orders to close all schools and universities. Ten newspapers across the country suspended publication, apparently in sympathy with the students.

NEWSPAPERS GET EIGHT

Eight prizes were granted in the field of journalism.

The Chicago Daily News took the meritorious public service award for exposing a 2½-million-dollar fraud in the office of the then state auditor of Illinois, Orville E. Hodge.

The work of 21 of the newspaper's staff members ultimately led to Hodge's imprisonment.

The Pulitzer Prizes were established in 1917 under the will of the late Joseph Pulitzer, publisher of the St. Louis Post-Dispatch and the old New York World.

The journalism awards are worth $1,000 each, except for the meritorious service prize. A gold medal is awarded for it.

The prizes for music and letters are worth $500 apiece.

Fire Alarm Boxes Replaced by Phones

BAY CITY (AP) — Bay City today replaced old-style fire alarm boxes with a city-wide telephone system.

★ ★ ★

Fifty telephone alarm boxes, painted bright red, have been placed strategically throughout the city. From now on, citizens will use the telephone to report any kind of an emergency—fire, accident or police calls.

The calls will go to a central switchboard and tape-recorder. Firemen said this should cut down the number of false alarms.

★ ★ ★

The telephone alarm system was installed by the Michigan Bell Telephone Co., which will maintain it.

Bay City is the second Michigan city to replace fire alarm boxes with telephones. Sault Ste. Marie installed such a system last year.

Police Question Cabbie in Costello Inquiry

NEW YORK (INS) — A cabbie described as "a very important witness" was scheduled for further questioning today on the attempted assassination of ex-gambling boss Frank Costello.

The man, whose identity was not revealed, dropped Costello at his home seconds before the would-be killer slightly wounded Costello with a .38 caliber bullet.

Meanwhile, Costello was scheduled to appear before a New York grand jury (at 2:30 p.m. EDT) today to tell under subpoena what he knows about the gangland style attack.

Italians Search for New Leader

Coalition Parties Seek Politician to Take Seat Vacated by Segni

ROME (AP) — President Giovanni Gronchi today began the search for a politician to patch together a new government from Italy's moderate center front.

The center coalition's collapse forced Premier Antonio Segni to resign last night after 22 months in office.

★ ★ ★

Seen as strong possibilities were two prominent lawyers, both members of Segni's Christian Democratic party. They are Adone Zoli, finance minister in the old government, and Guido Gonella, minister without portfolio under Segni.

★ ★ ★

Another Christian Democrat premier appeared certain. Although short of a majority in the 590-member Chamber of Deputies, the party's 262 seats are 119 more than the second-place Communists.

Segni's teetering four-party coalition fell apart last night when Vice Premier Giuseppe Saragat and the three other Socialist ministers pulled out of the Cabinet.

★ ★ ★

Italy's Western-aligned foreign policy was not an issue. The four parties had been bickering for months over domestic issues. The Republicans quit the Cabinet two months ago—saying they wanted a freer hand—but continued to vote with the government on major issues in Parliament.

Becomes Polio Victim After Fighting Disease

RACINE, Wis. (AP)—Wallace Reed, who worked long hours for the polio drive because his wife and daughter had the disease, today is in St. Luke's Hospital—himself a polio victim.

★ ★ ★

Physicians said Reed had not been inoculated with Salk anti-polio vaccine. They said he had the paralytic type. He was the third victim in Racine this year.

Reed, in January, spent long hours collecting truckloads of scrap metal and paper to enrich the polio drive.

The Day in Birmingham

State May 11 Deadline for Board of Education

BIRMINGHAM — Birmingham Board of Education has announced a 4 p.m. May 11 deadline for the filing of petitions for candidacy for that body. Each petition must be signed by not less than 50 nor more than 75 qualified registered voters in the district.

The appointment of election inspectors for the precincts, establishment of fees, voting places and voting hours will be decided at the May 21 meeting of the board.

May 31 is the deadline for registration to vote in the annual election on June 10. All registration must be made before 5 p.m.

The board also announced that beginning Friday and continuing through May 30 school census enumerators will be calling on Birmingham families.

Kindergarten roundup began today at Pierce school. Succeeding dates will be May 10, Beverly School; May 15, Bloomfield School; May 17, Terry School; May 27, Walnut Lake.

June 3, Pembroke School; June 10, Baldwin; June 11, Adams; June 12, Franklin; June 14, Quarton. Morning and afternoon sessions will be available at most of the schools.

★ ★ ★

An agreement was approved last night by city commissioners for the recreation boards establishment of horseshoe and shuffleboard areas on the land immediately north of the Birmingham Community House.

The Community House in cooperation with the recreation board maintains an extensive Senior Citizens program. They have leased the land to the city for the opening of a first out-door phase of this project.

Senator McCarthy to Be Buried Today

(Continued From Page One)

Wisconsin's 10-member congressional group.

CLOSEST COLLEAGUES

The vanguard flew to Appleton yesterday in the same plane with the casket. The four, McCarthy's closest upper chamber friends, were Sen. William E. Jenner, (Ind), John M. Butler (Md), Andrew Schoeppel (Kan) and George Malone (Nev) all Republicans. Also with them were former GOP Sen. Herman Welker (Idaho) and Gerald Nye (ND).

★ ★ ★

Malone said that when he returns to Washington he will attempt to have the Senate expunge the 1954 censure debate from its permanent record. He said this would nullify the action when it "condemned" McCarthy's conduct toward his colleagues.

Veterans and military organizations saluted the casket's arrival at Green Bay, Wis., airport yesterday and joined a 50-car cortege for the 28-mile drive to Appleton, where honor guards kept an all-night vigil over the flag-draped casket.

The body lay in state at St. Mary Church, where McCarthy worshipped as a youth, from its arrival until today's noon Mass. Townspeople formed lines which sometimes stretched for two and three blocks to file past the bier last night for a final look at Appleton's most famous citizen.

★ ★ ★

Mrs. McCarthy stood alone in front of the casket for one of her last views of her husband. Then, hundreds of townsfolk and overalled farmers walked slowly past the bier for a last look at their former neighbor.

Wanted Baby Born Outside

Prison Lovers Captured

SAN FRANCISCO (AP) — Martha Stachura and Hernando C. Cotton, who became lovers in the Kansas State Penitentiary, apparently have failed in an attempt to have their child born outside prison walls.

Cotton, 49, and Mrs. Stachura, 27, were recaptured here and face arraignment today on charges of robbery, auto theft and kidnaping.

★ ★ ★

They told police yesterday how they arranged meetings in a prison farm utility tunnel and made their escape "for the baby's sake" when the woman found she was pregnant. The child is expected in September.

A prisoner at the Lansing, Kan. institution since 1939, Cotton worked as a trusty in the prison utility shop. He met Mrs. Stachura when he did some repair work at the minimum-custody, unwalled prison farm across a road.

Mrs. Stachura was serving time because she and her husband sold a mortgaged car. Cotton was convicted of larceny and killing a fellow prisoner.

They escaped Dec. 29 to a hideout Cotton had prepared in the prison machine shop, then walked away from the prison Jan. 2.

They said they made their way across country, unsuccessfully trying to find work.

★ ★ ★

Arriving in San Francisco last week, they bought toy guns and painted them black, they told police, and Sunday night held up Anthony Travellick, 23, of nearby Cote Madera. They got $2 and his car.

The car stalled and a policeman who offered to push recognized it as stolen.

Kansas authorities want them back to face escape charges.

★ ★ ★

"We had to escape for the baby's sake," Mrs. Stachura said. The four "wonderful months" of freedom with Cotton were a "lifetime of happiness," she added.

The woman's husband, Edward M. Stachura, 30, sentenced with her in May 1956, remains in the Kansas prison.

Blast Kills Woman, Son; Estranged Husband Held

PARAGOULD, Ark. (AP)—A woman and her 5-year-old son died in their bed in a dynamite blast which shattered an apartment house here early this morning. Police are seeking her estranged husband for questioning.

Police Sgt. W. L. Brothers said Mrs. Edna Sexton, about 36, and Charles Bittinger, a son by a former marriage, were killed in the explosion which tore out a corner of the two-story house and blasted a hole two feet deep.

Brothers said Charles Sexton, 39, is being sought in connection with the incident. The Sextons were separated about six weeks ago and a divorce suit has been scheduled for hearing in July.

But Some Members Are Getting Up in Years

Average Age of Ike's Cabinet Isn't Old

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — President Eisenhower's Cabinet isn't very old—in average age—but some of his key men are away up there and, like Eisenhower, will be over 70 if they stick around to the end of his administration in 1961.

★ ★ ★

Eisenhower himself is 66. Three Cabinet members are older: Secretary of State Dulles, 69; Secretary of the Treasury Humphrey, 67; and Secretary of Defense Wilson, also 66 but three months older than the President.

★ ★ ★

Average age of the 10 Cabinet members: 59. Five of them are over 60, five under. If the 10 stay around until 1961, all but two will then be over 60, with an average of 63½. Three — Dulles, Humphrey, Wilson—will be over 70.

But Humphrey and Wilson are rumored just about ready to call it quits and go back to civilian life. Dulles' liking for his job seems undiminished, although he was operated on for an intestinal cancer six months ago.

★ ★ ★

The departure of these three would enable Eisenhower to bring younger men into his Cabinet. But this wouldn't mean a great deal—in the sense that younger men would be running things for the Republicans as Eisenhower's term ends.

Not one of those now in the Cabinet has been seriously mentioned as a likely candidate for the Republican presidential nomination in 1960. Vice President Nixon seems to have the inside track on that.

★ ★ ★

And if he won the election he almost certainly—in the tradition of presidents—would pick his own Cabinet.

Except for Dulles, Humphrey and Wilson, only two other Cabinet members are over 60. They are Secretary of Commerce Weeks, 63, and Marion B. Folsom, secretary of health, education and welfare, also 63.

All the rest are under 60: Postmaster General Summerfield, 58; Secretary of Agriculture Benson, 57; Secretary of Labor Mitchell, 56; Atty. Gen. Brownell, 53; and Secretary of the Interior Seaton, 47.

★ ★ ★

Humphrey has not denied reports that he intends to get out in the near future. Nor has Wilson.

Both men put in a lot of time working on the budget Eisenhower asked Congress to approve for next year. Wilson's interest in it, of course, was in getting Congress to vote the money he thinks the Defense Department needs.

Humphrey has an even wider interest: getting money for his own Treasury Department and for the government in general since, as the government's chief money man, the amount of money spent is of primary concern to him.

★ ★ ★

Both Humphrey and Wilson may leave after Congress finishes voting the money bills, which won't be until near quitting time for the lawmakers, perhaps next July.

Robert B. Anderson, former deputy secretary of defense, has been reported a good bet to become Treasury Secretary if Humphrey goes. Eisenhower liked his work when he was in government.

Donald A. Quarles, former secretary of the Air Force and now deputy secretary of defense, is said to be the likely successor to Wilson.

★ ★ ★

But if either Humphrey or Wilson departs it will almost surely be under his own steam and without any nudging from Eisenhower.

If Dulles quit, his logical successor would be Christian A. Herter, former governor of Massachusetts and now undersecretary of state.

Labor-Management Relations Marked by Extremes

(Labor had a tough struggle in its early years, but it grew to strength, wealth and immense influence. Has it become too strong? Is the pendulum likely to swing back? This is the second of five articles on the labor-management relationship.)

By RELMAN MORIN

WASHINGTON (AP) — Sen. John L. McClellan, chairman of the Senate committee investigating labor and management practices, describes a "pendulum of extremes and excesses" in their relations.

He recalls the days when the unions were young and weak. To see that period at close range—

★ ★ ★

On the morning of July 2, 1910, New York newspapers published a startling story. They reported that the Ladies Waistmakers Union had won a 52-hour work week.

In the context of the times, this was sensational news.

A 60-hour week was average in the garment industry then. At seasonal peak periods, people worked from 7 a.m. to 8 p.m. Then they carried sewing machines home so they could continue at night.

Wages averaged between $3 and $6 a week.

★ ★ ★

In New York, the law called for one lavatory for every 25 employes. Inspectors found shops where there was one for every 85.

On a windy spring day, 154 people died when fire broke out in a dress shop. A girl named Rosey Safran said, "they had the doors locked all the time." About a third of the victims jumped to death from the eighth floor of the building.

That was only one industry.

★ ★ ★

Today, organized labor is big, strong, wealthy, and in many instances, highly sophisticated in its dealings with management.

There are between 15 and 17 million men in American unions—an estimated one-fourth of the total working force.

★ ★ ★

A Senate Labor Subcommittee estimated last year that pension and welfare funds totaled more than 25 billion dollars. The figure is probably over 30 billion now. It covers over 45 million dependents.

The unions have gone far beyond the old fields of effort, the struggle over wages and working conditions.

All this — the growth in size, influence and wealth — stems largely from legislation passed in the 1930. Labor soared on the wings of the National Industrial Recovery Act, guaranteeing its right to organize; the Norris-LaGuardia Act, limiting the use of injunctions in labor disputes; the Wage and Hour Law, and the Wagner Act.

★ ★ ★

With new bigness came new problems.

Through sheer pressure of business, officers in the big unions grew farther away from the rank and file. That left room for rigged elections on the level of the local, instances where none at all were held for years.

Apathy was another problem. Today, union officials say, attendance at locals' meetings often falls as low as five per cent of the membership.

"We are suffering from our own success," a top official said.

Is the pendulum due to swing back now?

Easy Divorce Is Problem Behind Bamboo Curtain

HONG KONG (INS) — It's a familiar problem — "Hasty marriages, hasty divorces," and a bit of fickleness thrown in.

The Communist Chinese admit that these facts of married life constitute "quite a big problem" behind the bamboo curtain.

★ ★ ★

And Red newspaper reports from the mainland say easy marriage and easy divorce under the Communist regime have affected the morals of youth.

In Peiping last year, divorce cases outnumbered marriages by 85.7 per cent. In Tientsin, divorce cases outnumbered civil suits in the courts by 33 per cent.

Impulsive marriages and "fickleness" (the latter blamed for 78 per cent of the divorces in Tientsin in the first half of 1956) are blamed for the mounting incidence of divorce, by the Communist newspaper People's Daily.

★ ★ ★

A writer in the Kaung Ming Daily, another Peiping paper, added an additional cause: The unsound provisions in the marriage laws, which provide easy divorce.

HERE TODAY, GONE TOMORROW

As an example, he cited the case of a boy and a girl who struck up an acquaintanceship when buying tickets at a railway station. They dined together the next day and got married on the third. Not long afterwards they were divorced because of conflicting interests and differences in temperament.

The People's Daily cited the case of one couple who annulled their marriage registration two hours after the recording of the registration.

Another couple was married after seeing one movie together, but later divorced when the girl found that her husband was deaf and mentally unstable.

Referring to fickleness, the newspaper said marriages broke up because of the change in environment or living conditions.

For example, "one responsible official of a certain factory was promoted. The promotion made him feel that his wife could no longer match his new social status. He soon found himself involved in an illegitimate affair with another woman and had to ask for a divorce from his wife."

Leader of Men Lost in Pacific Tests Mettle

(This is the second of five articles by a famed reporter on one of America's most remarkable families, the Kennedys of Boston.)

By BOB CONSIDINE

There was no dream of future political heights in Lt. Jack Kennedy the night of Aug. 1, 1943. PT-109, which he commanded, was spooking along the inky waters of Blackett Strait in the Jap-encrusted Solomons. As war correspondent John Hersey later detailed the story, the motor torpedo boat was running on but one of three engines, seeking to make as little commotion as possible. Kennedy was at the wheel, the dozen other members of the crew at their stations.

"Ship at two o'clock!"

Kennedy swung the sluggish wheel to starboard and prepared to attack. Out of the night a new and terrible form took shape. PT-109 was about to be rammed by a blacked-out Japanese destroyer making 40 knots. The PT boat was cut in two as if by a huge cleaver. The 26-year-old skipper, who had been rejected by the Army because of a "football back" suffered at Harvard, was knocked flat upon the once-injured member and lay there stunned as the wet black wall of the Japanese warship crunched past.

"This is how it feels to be killed," was the only thing he could think.

Now he was in the water, alone. He shouted the names of his men and—incredibly—one by one they began answering. All but two were alive, but hurt. Kennedy, once a strong swimmer for Harvard, swam 100-yards from the wreckage closest to him and swam back with two injured members of the crew. It took 45 minutes for the return trip.

★ ★ ★

The rest of the night the men huddled on the deck of that part of the PT boat that remained afloat, whispering, wondering. Dawn was no boon. It showed them a Japanese camp on Gizo, only a mile away, and islands filled with Japanese three and five miles away. Kennedy told the men to keep low, and not move.

LEADERSHIP

The wreckage gurgled and suddenly flipped over. Kennedy gathered his bobbing little group around him, tightened their life-jackets, gave quick instructions to those who could not swim, and ordered them to follow him to an abandoned-looking island about four miles off. He put the strap of the Mae West of a badly burned crew member between his strong white teeth and towed the man the full distance. It took five excruciating hours. But he had guessed right. There were no Japanese there when the men stumbled to the beach and collapsed.

That next night, Kennedy swam out into Ferguson Passage in the hope of Signaling a PT. He carried a .38 slung around his neck and a heavy ship's lantern. No boat came that night. He fought the wicked current as long as he could and then he dropped his arms and stilled his legs and let it take charge. All that night, as if in a nightmare, his body was carried past Japanese islands, and in the morning—when his senses cleared—he found himself back where he had started the night before. He made it back to the little island before passing out.

And so it went for days—during which time the Memorial Mass was said back at the Rendova PT Base.

Kennedy led his men to another island at colossal risk, but starvation and death from thirst were the only alternatives. There they found cocoanuts. They moved on to still another island, with Kennedy still towing the burned boy, and found a box of Japanese candy and hardtack, a keg of water and a one-man canoe. Kennedy spent the night in the canoe, waiting for PT buddies who seemed to have abandoned that part of the world.

In time the haggard men fell into the hands of friendly natives who took out a message Kennedy scratched on a cocoanut with his pen-knife.

★ ★ ★

Days later, natives in a war canoe piled palm fronds over the men, as they lay in the bottom of the scooped-out craft, and paddled them to distant New Georgia, where contact was made with Rendova.

That next black night, the Solomon Islanders paddled the war canoe to a rendezvous with a three-motored war canoe of the 20th century, a PT boat from Kennedy's base.

"Hey, Jack!" a buddy called out of the night.

The future Senator from the Bay State responded in non-senatorial tones. He said:

"Where the h— you been?"

TOP MEDALS

He was awarded two of the Navy's top medals for valor and was retired for injuries in the last year of the war. In addition to his back injuries he came down with malaria and internal ailments probably rising from swallowing gasoline-soaked sea water in the course of towing actions.

Kennedy traveled, pondered going to law school—a field of study he often feels he sadly neglected—and entertained the thought of becoming a foreign correspondent. He worked briefly for the Chicago Herald American and INS, a quietly personable and industrious cub as much at home with a soggy paper-cup of coffee and a hamburger from the corner quick-and-dirty as at the palatial, broad-lawned home his father and mother maintain on the ocean at Palm Beach during winters.

He looked more like a slightly undernourished high school basketball scholar than congressional timber. But the people of the 11th Massachusetts district sent him to Washington by a vote of 69,093 to 26,000 for his opponent.

Two years later, though unopposed, he drew 106,366 votes. He won a third term in the lower house in 1950, by 87,699 votes to 18,302.

Then the resounding upset of Lodge, and Kennedy became the third Democrat ever to represent his state in the Senate.

'Government Waste,' Taxes Protested

Boston Tea Party Relived

BOSTON (INS)—Crates labeled "government waste" and "tax duplication" were dumped into Boston harbor Monday in a "Boston Tax Party."

It was a re-enactment of the historic "Boston Tea Party" of 1773 when rebellious colonists, disguised as Indians, dumped crates of tea into Boston harbor as a protest against high British taxes.

★ ★ ★

Today's harbor activity opened a day-long New England tax rally to protest against government waste, and propose a big slash in the $71.8 billion federal budget.

It was held near the scene of the original tea party.

Instead of tea, the tax protest cargo dumped into the harbor included crates labeled, "government waste," "tax duplication," "inefficiency in government" and similar slogans.

A two-masted schooner, the Tabor Boy, portrayed the sloop Dartmouth, which in 1773 came into the harbor with a load of tea, which was thrown overboard by the colonists.

Sponsors of the day-long program included the Greater Boston Chamber of Commerce, Associated Industries of Massachusetts, New England Council, Citizens Committee for the Hoover Commission and the Massachusetts Taxpayers' Association.

Speakers included Sen. Harry F. Byrd, Virginia; Rep. Walter H. Judd, Minnesota; Sen. Styles Bridges of New Hampshire and Olin D. Johnston, chairman of the executive committee, U. S. Chamber of Commerce.

GOEBEL BREWING COMPANY

RIVARD AND MAPLE STREETS
DETROIT 7, MICHIGAN

TO ALL GOEBEL PERSONNEL: WHAT IS CRYSTILLED WATER?

This is a question that you will be asked many times during the coming year.

Friends, customers, retailers and acquaintances will be coming to you asking just what does Goebel mean when they say, "Only Goebel is brewed with Crystilled water?"

HERE ARE THE ANSWERS:

Technically . . . "Crystilling" is a *super-filtration* system so effective in purifying water that it could be used to make water contaminated by a nuclear blast fit for human consumption!

The process itself is the process of *deionization* . . . the removal of positive charged ions and negative charged ions of minerals, chlorines, fluorides and other elements contained in ordinary city tapwater.

By the time ordinary city tapwater, with its unpleasantly chlorinated taste, has passed through our *"Crystilling"* equipment it is as pure as *triple-distilled* water!

"Crystilled" water is *purer* than the finest mountain spring water . . . *purer,* in fact, than nature's finest! *No other American brewery uses "Crystilled Water." It is a Goebel Exclusive! "Crystilled Water"* has been copyrighted by the Goebel Brewing Company and *no other brewery* can use "Crystilled Water" in brewing or advertising!

Now you know what "Crystilled Water" is and how it is a Goebel exclusive . . . a patented process . . . a thing that we own the copyright on.

Why all this fuss about the water? Because water is the most important element in the brewing of a fine beer or ale. You know that no brewery has a corner on fine malt, barley or hops.

Any brewer can use the best materials if he knows where to buy them and is willing to pay top dollar! But, *and here is the important fact,* every brewer has to put up with the water that is available . . . he has to use the chemically treated city tapwater that is piped into his brewery. *And it changes constantly!* Heavy on the chlorine one day . . . light the next.

Loaded with minerals one day and light the next! It constantly switches and he has to try and stay ahead of the switch . . . if he doesn't he will not have a consistently fine product!

Goebel has *licked* the final *problem* with their "Crystilling" equipment! Now let the water come to Goebel . . . heavy with chlorine, loaded with minerals! Our "Crystilling" equipment will make it pure, removing all chemicals or minerals and insure the good taste of GOEBEL PRIVATE STOCK 22 BEER!

Do we have a sales story? You're darn right we do, and it's based on *honest, scientific facts!* Facts that are supported by *evidence,* by *data,* by *proof!* Our 1957 campaign has no gimmicks . . . no meaningless claims . . . it is *truthful, believable, honest!*

"Crystilled Water" is already the talk of the entire brewing industry. It is making conversation all over our marketing area. The reception to it is overwhelming. It is *real!* It is here now! The water "Crystilling" room is in full operation. You can see it in action at the brewery *day* or *night* through the big picture window!

Remember . . . ONLY GOEBEL 22 IS BREWED WITH "CRYSTILLED WATER" AND "CRYSTILLED WATER" IS PURER THAN MOUNTAIN SPRING WATER!

For your customers wishing to know more about this great scientific advancement that is making brewing history, feel free to invite them to visit our plant. We will be proud and happy to show them *proof* that Goebel 22 is the beer they have been looking for . . . only Goebel is brewed with "Crystilled Water."

In closing, I would like to thank and to congratulate every one of our many Goebel employes. Thanks to your combined efforts and complete cooperation we have been able to make "Crystilled Water" a reality instead of a dream and in doing so have made Goebel Private Stock 22 Beer the most envied product in the brewing industry.

Ex-Queen Narriman Sick With Smallpox

BEIRUT, Lebanon (AP) — Ex-Queen Narriman of Egypt is sick with smallpox in her Beirut apartment, her attorney said today. He added she apparently caught it on a visit to Saudi Arabia.

Narriman, former wife of ex-King Farouk, has been living outside Egypt since she walked out on her second husband, a Cairo physician, late in 1954.

Britain to Export Nuclear Items

Nation Geared to Sell Wide Line of Products Including Power Plants

LONDON (INS)—Britain is fully geared today to export a wide range of nuclear products — from complete power stations with fuel to operate them to radioactive isotopes.

The Atomic Energy Authority and more than 2,000 British firms in the Nuclear Energy Trade Association are cooperating to revolutionize the nation's economy. And they provide new products for export that will shortly put conventional leading exports like whisky and automobiles in the shade.

The British can produce and are now offering complete nuclear power plants, research reactors, nuclear processing plants and hundreds of items of nuclear equipment. They can provide small "packaged" nuclear power stations for isolated communities and they are prepared to enter into "know how" agreements with overseas organizations.

They can provide all sorts of radioactive isotopes for medical and industrial purposes, many of which countless countries are not yet aware of.

And Britain has only begun her nuclear sales drive. To date she has been concentrating on research, design and the creation of nuclear capacity. The ballyhoo, the advertising, the sales campaign has not yet really gathered steam.

Before long the British nuclear industry will be opening sales offices all over the world to convince local governments and industry that British nuclear products are both practical and economical.

The idea will be to tell the nations of the world that they cannot afford to be bypassed by the nuclear age and that only Britain can provide the goods.

By 1958 Britain's nuclear industry expects to have orders for over $1,400,000,000 worth of nuclear power plants alone. No less than a third of these orders will be for the export market, the remainder for the nation's own mammoth atomic power plant program.

Postmasters Advocate Saturday Closing

LAKE ODESSA (AP)—The postmasters of Michigan's 8th Congressional District have decided they like closing up shop on Saturday.

Postmasters from six Southern Michigan counties said at a meeting here over the weekend that they would like to see permanent elimination of mail deliveries and window services on Saturdays.

There were few complaints because of the curtailment April 13, they said.

Marooned Sparrows Turning Neurotic

OKLAHOMA CITY (AP) — More than a dozen sparrows marooned on an oil drilling rig off the Louisiana shore for seven months are showing signs of turning neurotic.

"The sparrows can't see land and they're afraid to fly," reported Ross Cummings, public relations director for Kerr-McGee Oil Industries, Inc. "In fact they hardly ever fly."

The birds built nests on the rig when it was under construction at Pascagoula, Miss. They stayed when it was floated into the Gulf of Mexico in the east Cameron area last November. They live on scraps tossed to them by workmen.

Fateful Warning About Suez Given in Strange 1951 Prophecy

A strange man in Los Angeles known as "The Voice of Two Worlds," is offering, free of charge to the public, an astounding 64-page booklet analyzing famous world prophecies covering these times. Written in 1951, it successfully predicted that the next great world crisis would be at the Suez Canal. It shows that four of the greatest prophecies could not come true until the present time. But now they can, and the years that change the world are at hand. Great dangers but still greater opportunities, confront forward looking people in 1957.

"The Voice of Two Worlds," a well known explorer and geographer, tells of a remarkable system that often leads to almost unbelievable improvement in power of mind, achievement of brilliant business and professional success and new happiness. Others tell of increased bodily strength, magnetic personality, courage and poise.

These strange methods were found in far-off and mysterious Tibet, often called the land of miracles by the few travelers permitted to visit it. He discloses how he learned rare wisdom and long-hidden practices, closely guarded for three thousand years by the sages, which enabled many to perform amazing feats. He maintains that these immense powers are latent in all of us, and that methods for using them are now simplified so that they can be used by almost any person with ordinary intelligence.

The 64-page booklet he is now offering free to the public gives guidance for those who wish to prepare themselves for the momentous days ahead. It gives details of what to expect, and when. Its title is "Beware of These Days!"

The book formerly sold for a dollar, but as long as the present supply lasts, it is offered free to readers of this notice.

For your free copy of the astonishing prophecies covering these momentous times, as revealed in this 64-page book, address the Institute of Mentalphysics, 213 South Hobart Blvd., Dept. 189-E, Los Angeles 4, Calif. Send no money. Just your name and address on a postcard or in an envelope will do. No obligation. Readers are urged to write promptly, as only a limited number of free books have been printed.

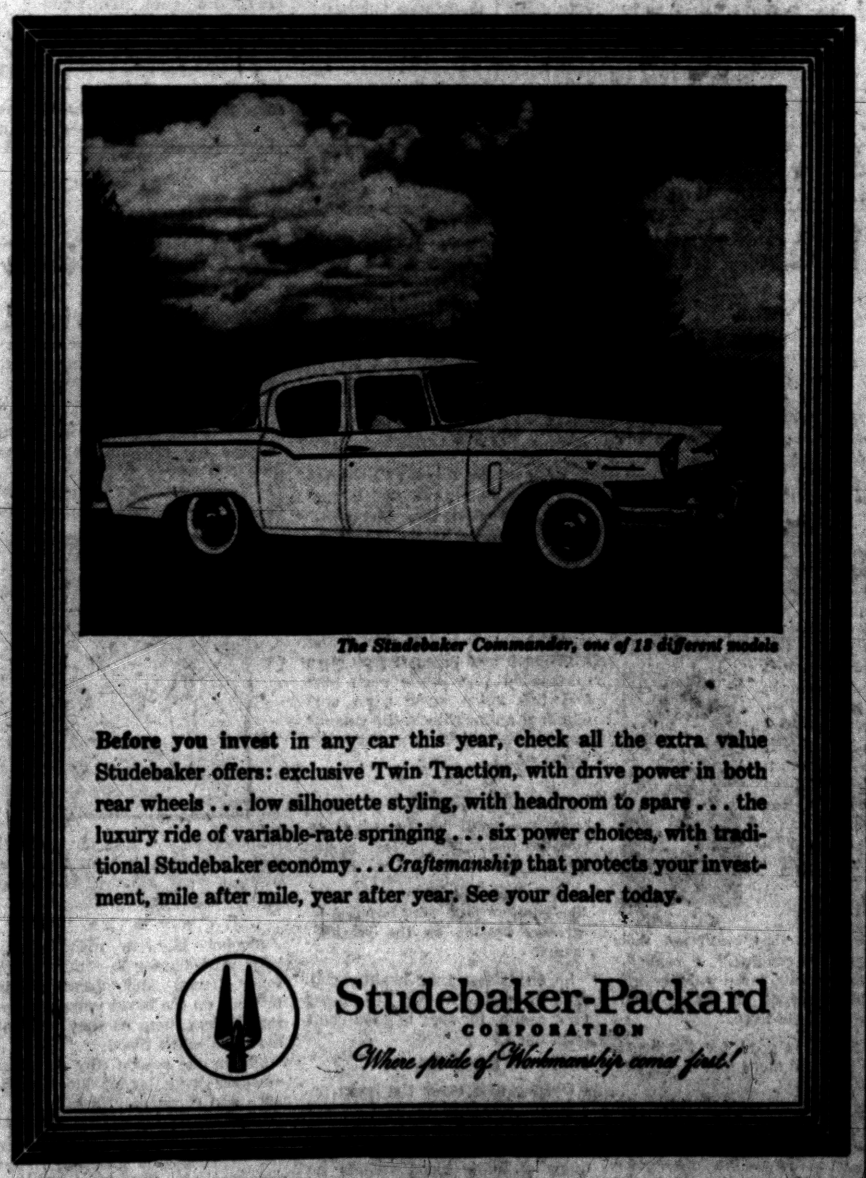

Great Britain Warned of Fallout Dangers

WASHINGTON (INS) — A leading nuclear physicist warns that Britain — because of inexperience — may produce a relatively large increase in radioactive fallout through its H-bomb test in July.

Dr. William Selove, University of Pennsylvania scientist noted yesterday that Britain will be exploding its first hydrogen bomb at Christmas Island in the Pacific.

He said the United States has learned through considerable experimentation to plan detonations so that the fallout is not significantly increased.

But with new nations entering the nuclear field, he said, their early tests are likely to raise the fallout level throughout the world.

Governor Supports Eisenhower Budget

President Dwight D. Eisenhower's unpopular Federal budget of $71.8 billion has found an earnest supporter and warm advocate.

You might guess.

It's Governor G. Mennen Williams.

★ ★ ★

Always an ardent believer in the Rooseveltian theory of "let's tax the maximum and spend the limit," Michigan's Governor excites no particular wonderment or surprise with his pronouncement, although it does flabbergast a few, as it places him behind a GOP President.

★ ★ ★

Most politicians who have been standing on the side lines with no personal involvement jumped away from the Eisenhower proposal as soon as they discovered it produced a wide and violent storm of protests from coast to coast. Those in Washington who had to face it have been hard pressed at times. Certain Republicans stood with the President because of "party loyalty," although those who construed opposition to their constituents at home as some part of "loyalty" remain a leading conundrum and come under the heading of inept interpretations.

Disapproval was rampant.

Voters rebelled on all sides.

★ ★ ★

Political figures that were in the clear joined the chorus and shouted down the staggering total. They threw gasoline into the open flame with loud denunciations. Hence, it is unexpected to find a leading figure in the opposition party declaring that the record-breaking peacetime budget is "just what the people need."

★ ★ ★

Williams' support for Eisenhower's unpopular proposal is novel and diverting. Most Democrats have pointed the finger of "honest shame" at the 71.8 and joined the swelling chorus.

★ ★ ★

That would have been the easy course for Michigan's Governor. This newspaper gives him full credit for standing behind his convictions that taxes must go up "for the good of the people."

Dwight D. Eisenhower and G. Mennen Williams are a strange looking pair of bedfellows. But now they agree on the subject of taxes:

"More and bigger payments for everyone."

U.S.A. World's Granary

Unless efforts are made to prevent the Nation's farmlands from shrinking, Donald A. Williams, an Administrator for the U.S. Soil Conservation Service, predicts a dire shortage in our future food supplies.

He declares that in spite of the present surplus, the U.S. will need its wasted acres to feed an estimated population of 200 million by 1967. Last year Mr. Williams says, nearly 1.25 million acres of our very best farmlands were used for industrial and other expansion.

★ ★ ★

Fifty-seven years ago Sir William Crookes, addressing a London meeting of the British Association for the Advancement of Science, warned of U.S. food shortages ahead. "Practically there remains no uncultivated prairie land in the United States suitable for growing wheat," he pointed out. "Within a generation the population of the United States will consume all the wheat grown within its borders and will be driven to import."

★ ★ ★

American wheat in 1900 averaged 12.2 bushels per acre and in 1956 it was 20. The acreage has remained practically the same in 56 years — about 50 million — but the yield rose from 600 million to one billion bushels.

In 1910 we exported 71,119,000 bushels of wheat and in 1954 almost four times as much. The U. S. in addition has a reserve and surplus supply ample to meet the Nation's needs for a year without growing any wheat.

With continuing research, new fertilizers and new methods of farming being put into use every day, this is a shortage prediction we're not going to worry about.

The Man About Town

Our Lake Levels

Generally About the Same as in the Average Years

Hash: What we appear to be making, in our efforts to feed the world.

Oakland County's lakes show a great variation of levels as compared with average years. Figures kept from surveys made by the office of

Drain Commissioner Dan Barry

show that Pontiac Lake is lower than usual, but it is being kept that way by regulation of the dam in the Huron River, on account of construction work downstream.

White Lake is higher than the average, this also being the case with Union Lake, while Cass, Orchard, Angelus, Tipsico and Duck Lakes are about at the average point. Where the water is not influenced by dams or prolific inlets or outlets, the levels are about at the average of former years.

We're quite in agreement with a letter from

Mrs. Grant Townsend

of Walled Lake, who writes: "I never buy anything that clutters up a TV program in blabbing about it."

Forty years ago today, May 7, 1917, a report of the

State Labor Commission

showed that Pontiac factory workers received an average of $3.52 per day, the second highest in Michigan, Flint being first, with $3.57. Detroit was seventh, with $2.99.

The wildflowers will soon be at their spring peak. We'll tell you when, in this column. But, remember that it is unlawful to pick them.

Having no objection to a pair of squirrels in their attic were

Mr. and Mrs. Arnold Friskorn

of Birmingham, whose interest is increased by the arrival of four babies.

When he installed oil heat in his home nine years ago,

Burton Aubrey

of Waterford shut the door on his coal bin. It was not opened until a few days ago, when he found that an electric light had been burning there all of that time. But Burt says it might be worse—he owns some stock in the utility company that kept the lamp burning.

There are no segregation problems among the birds at the home of

Mr. and Mrs. Frank Halterman,

as mourning doves, robins and sparrows are all nesting within a few inches of each other—and everything's congenial.

Oakland County's best known nature trails, those in Kent Lake Park, are opening, and

Superintendent David Laidlaw

says the excursion boat, "Valley Queen," will soon be in regular service.

Maybe We Could Make a Suggestion —

David Lawrence Says:

Nation Knows Little About Budget

WASHINGTON — The amount of misinformation about the federal budget circulating throughout the country is incredible — judging by the letters received by this correspondent and by many members of Congress.

LAWRENCE

Too many people do not know the difference between money "appropriated" or "authorized" for a given year and money actually spent in that next year.

Too many people now clamoring for tax reductions, in order theoretically to improve their individual or business incomes, do not know that under certain circumstances tax reduction could be as dangerous as excessive spending by the government.

Too many people do not know that to reduce taxes in times of prosperity merely adds money that is used to drive prices upward as more consumers seek to buy the limited amount of goods available.

SAVINGS EATEN UP

Too many people do not know that whatever they might save, through tax reduction, could be eaten up and further drains imposed on their shrinking income if an inflationary price rise ensues.

Too many people do not know that military appropriations left over from previous years — work in process and under contract — can cause the government to spend more money this next year than the budget provides, even if Congress cuts "appropriations." That's what happened with the big "carry-over" in the present fiscal year ending June 30 next.

★ ★ ★

So, in a complex situation of this kind, it is important for the public to get all the facts before swallowing either the line that the budget can be cut by a certain number of billions or that tax reductions can be achieved next January, as some of the politicians are already saying because they know it pleases the voters.

The first and most important point to be settled is whether tax reductions should come in times of prosperity. Most economists think it should not. They believe that the present — when there is a boom in consumer spending and prices are high — is no time to add fuel to the inflationary flames. The Democrats have always held to that philosophy, so it is a little surprising to see so many of their leaders in Congress promising a tax reduction for 1958 irrespective of what the situation may be on the inflationary front next January.

The next point to establish is weather conditions are or are not prosperous today and whether any stimulus is needed. All the evidence points to the fact that business over-all is running at high levels and that declines in auto purchases, for instance, are being offset by rises in other fields.

SALES SET RECORDS

The May issue of the First National City Bank Letter says: "With employment and consumer incomes at new high levels, department store sales set a record for the Easter season."

Also, the same authority says: "A new McGraw-Hill survey — suggesting that business men in the aggregate are tending to step up, not cut back, their capital spending plans for 1957 and the years beyond — both reflects and contributes to a confident view."

It is to be noted that, despite the setbacks in the federal highway program, spending by state and city governments on public works is increasing. Rather significantly the bank letter adds:

"But whereas in 1955 consumer expenditures and home buying were features of the recovery, and last year business capital investment made a notable upsurge, now government spending is taking over a major role in the business advance."

This means also that the backlog of armament contracts from previous years — bombers now coming into production and other weapons currently in the "pipeline" — is helping to bring about the competition for available goods and services. There is no way to regulate this except to find some inexpensive and miraculous way of abolishing the Kremlin and its menace.

★ ★ ★

With population growing and civilian demands increasing, and with the constant need for replacing worn-out plant and modernizing factory equipment, the national economy has a certain momentum today but, if suddenly arrested by meat-axe methods, "recession" and even a "depression" can be precipitated.

Tax reduction is a proper stimulus in hard times. It becomes a stimulus to inflation and rising prices in boom times. When will the boom times stop, and hard times begin? Who wants to start a chain reaction toward a "recession"? Which party in Congress will take responsibility for it?

Dr. William Brady Says:

No Wonder-Drug to Cure Single Chronic Disease

Just between ourselves and not for publication, tell me. Can you name four chronic diseases or ailments that are curable by medicine, manual or mechanical manipulation, physical therapy, or any other kind of treatment?

DR. BRADY

Well, three, then? Not even two? Of course you can't. I can't name one.

Consider for a moment the endless list of miracle medicines or wonder drugs that have been foisted on the public in recent years.

Each new drug, in the words of the medical man subsidized to introduce it to the ever-credulous profession, gives great "promise" of being the cure for the incurable disease in question—tuberculosis, cancer, the "common cold" (whatever that may be), "arthritis," etc.

Just how can so many doctors, the best doctors, string their patients along with a succession of wonder drugs that have only temporary remedial effects, if any?

★ ★ ★

These thoughts occur as I read a letter from an Illinois lady: "I am 80 years young, have my own teeth, and I can still walk three miles to church."

HUNG ONTO TEETH

Note particularly that the lady has her own teeth. I suppose and hope she has at least 20 of her own teeth. Or if not 20 of her own, then, say, 10 or 12 of her own and 8 or 10 artificial teeth. It doesn't matter as long as they are all functionally efficient.

Functionally efficient means that she can chew as well as you or I; or as well as I can, at any rate. For all I know, you may be a dental cripple—if you are, I hope this article will make you feel ashamed of yourself for neglecting your teeth.

Some people—far too many, I'm afraid—think it is just one of my nutty notions that sound teeth or, rather, functionally efficient teeth, determine the state of general health and longevity.

They demolish this theory immediately by mentioning some odd character who continued breathing 30 years after he had lost all his teeth. But notwithstanding facetious comments and testifying as an expert, I insist that a chief factor of health, vite, and longevity is functionally efficient teeth.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Case Records of a Psychologist:

Gives Advice for Healthier Heart

Athletics in youth will help give you a larger heart. And larger hearts have larger coronary arteries so they do not get plugged as soon by hardening of the arteries! Give your heart a break by following the medico - psychological advice below. For heart insurance spells longer lives.

By DR. GEORGE W. CRANE

Case U-374: When David was about 10 years old, we had some domestic rabbits which we raised for meat.

They were much larger and heavier than the wild rabbit which we often hunted on our farm in Indiana.

CRANE

But I showed David the difference between the hearts of the tame vs. the wild rabbits.

The smaller wild rabbits had larger hearts!

"How come?" David inquired.

"Because they exercised their hearts by running," I replied, "whereas our tame rabbits remained cooped up in a little cage all their lives."

Exercise is good for the heart, especially in youth and in regular doses.

For a large heart that has developed that way via our running and romping in childhood, as well as in track events like cross-country races and the mile or two-mile events, beats more slowly.

★ ★ ★

Thus, track men who are accustomed to running the distance events like the two-mile, may have a normal pulse rate of only 66 or 68, instead of the conventional 72.

Their hearts are so powerful that they can maintain the blood circulation without beating so fast. Thus, their hearts get five or six extra rest periods every minute.

Besides, the coronary arteries are also larger in the larger heart. In later life, therefore, such an athlete has better insurance against coronary attacks due to narrowed coronary arteries (coronary thrombosis).

Consider this analogy: Suppose you have a one-inch iron pipe and a two-inch iron pipe. If they were to develop rust inside each pipe and this rusty layer were one-eighth of an inch thick, the smaller iron pipe would be proportionately worse off.

★ ★ ★

For in the case of the human body, the small heart must circulate the blood just as fast as the large heart.

And that reduction of size in the smaller pipe thus imposes a greater burden on the smaller heart.

So encourage your healthy children to engage in athletics during their youth, for that is good heart insurance!

WAYS TO REST HEART

Obesity also taxes the heart unduly by speeding up its rate and also raising the blood pressure.

For your body sprouts three miles of extra blood vessels for every five pounds of excess fat.

And your heart must then beat faster and under greater pressure to keep your blood coursing through those extra miles of "pipes" at every beat.

If you need only 2,500 calories per day but eat 3,000, the extra food also clutters up your blood vessels.

For all the sugar and fat and protein that is digested filters through the intestinal walls into the blood vessels.

If you thus clutter up those vital channels with an extra 500 to

1,000 calories worth of foodstuff daily, you thus tax your heart, as well as your kidneys, liver and other vital organs.

★ ★ ★

Alcohol likewise makes your body work harder to eliminate the toxic effects. And tobacco seems to work on the blood vessels, helping thicken them so they will not carry as much blood.

That's one reason why so many smokers have higher blood pressure and coronary attacks.

Send for my booklet, "How to Stop the Tobacco & Liquor Habits," enclosing a stamped, return envelope, plus 20 cents.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Kern Discusses Hospital Again

The taxpayers have read where I live and who my father is, but they still don't know how much cash and accounts receivable they have at the City Hall. Is it a secret?

The taxpayers have seen some figures on the hospital "budget deficit" but nothing about the "operating deficit," which I understand amounts to about $500,000 in the last 4½ years and will double if the hospital is doubled under present management. The Mayor talks about "blood on my hands," but refuses to discuss why he went right ahead with a $5,350,000 hospital when he didn't have the money. Is he trying to blame the taxpayers for his own mess?

The taxpayers have heard about a "metropolitan city," when in fact Pontiac is but a small part of a large metropolitan area. Time and thought should be given to a program to eliminate the surcharge and let the folks in the metropolitan area who need and use 51 per cent of the hospital space join with Pontiac taxpayers to complete and support the hospital they need so badly. As far as I can ascertain, all hospitals built in the whole great Detroit area in the last 40 years have been built by private endowment, public subscription or an authority which takes in the whole area to be serviced, and in my opinion it is wrong for a few willful and uninformed men to try and bond the Pontiac taxpayers' homes and raise taxes to build and support a hospital that should be paid for by all the users.

R. N. Rapaport's letter gives me the opportunity to state that in April, 1954, the end of my father's three terms on the City Commission, all general obligation bonds had been paid, taxes had been lowered to their present rate, a city hall had been built and paid for and the plans and "pay-as-we-go financing" for a $900,000 public safety building and the Shelly library had been laid and executed, all debt free. In April, 1954, there was over $2,000,000 in cash and accounts receivable at the City Hall and there had been no $2,350,000 mistakes made with the taxpayers' money. I challenge Rapaport to tell all he knows about any wrong-doing by my father or any other public official, past or present; it is his duty.

It is always easy to get in debt and it is a fact that the easiest and laziest way out of any political mess is to try and bond the taxpayers' homes and raise taxes. Why doesn't the Mayor follow the examples of low taxes and pay-as-you-go financing he speaks of in his letter? The taxpayers have not had a tax cut since the Mayor was elected in 1954, nothing but a lot of misleading statements.

As a taxpayer, my position is this: I am for a hospital for the whole metropolitan area with no surcharges. I think it is wrong and immoral to bond and raise the taxes of 49 per cent of the hospital users in Pontiac to service the whole metropolitan area, especially when we find industry leaving Pontiac and taxpayers are working short shifts and only three or four days per week. History has proven, right here in Pontiac, that there is no end to public debt but calamity and bankruptcy for the taxpayer.

If taxpayers don't have confidence in and trust the judgment of those that handled and spent the first $3,000,000 bond issue, they should vote "NO" against any more bond issues on May 20, then get busy and finish the job the way it should have been done in the first place, with the help of the 51 per cent who need and use the hospital.

Has Inside Dope on '60 Nominee

A while back one of your readers said G. Mennen Williams was a top bet for the Democratic nominees for the presidency in 1960. If you want the real inside dope, Senator John F. Kennedy of Massachusetts is the Number One Boy.

Hush Hush

'One Difference in Ike, FDR'

I see one big difference in Ike's whopping peactime budget and those of Roosevelt's. When the latter was trying to give everyone security from the cradle to the grave, there was discontent and grumbling among the Republicans. Now Ike is blasted from both Democrats and Republicans. Even brother Edgar swells the chorus.

'Better Soft Soap Than Red Herring'

Mr. Democrat, after reading your article about soft soap, I say I'll take soft soap any time, but thank the Lord we are not fed on the past Democratic red herring. As a nation we all can breathe again. The stink has left us. Are you taking a vacation? Bet you are—three months if they'd give it to you. Don't deprive anyone of a little much-needed rest.

City School Class Appreciates Tour

You have a very interesting paper. Our whole room appreciates your letting Miss Elkins and Mrs. Aldrich show us around the Pontiac Press rooms. We thought it was very nice of the paper to give us our names on slugs. Our tour taught us a lot about the time and effort that goes into printing a good paper. What we saw and heard will teach us to write our own school paper, "The Children's Hour."

Schedule Clinic on Real Estate

Panel Discussion, Talk on Agenda for Persons Interested in Business

The Pontiac Real Estate Board is sponsoring a "Spring Sales Clinic" tomorrow at the Elks Temple, 114 Orchard Lake Ave., for persons interested in all phases of the real estate business.

Tickets may be purchased from any Pontiac realtor for $3.50 or they may be purchased at the door, according to Edward A. Maier, president of the board.

★ ★ ★

The clinic will open at 2:30 with a panel discussion on various phases of real estate. Moderator will be Bruce J. Annett, past president of the Michigan Real Estate Assn.

H. Edward Totzke, present president of the association, will speak on "The Realtor's Place in the Community" at 7:30 following dinner. The price of the ticket includes dinner, Maier said.

Other topics to be discussed at the afternoon panel session include "Today's Mortgage Market", "Appraising — A Major Selling Tool", "Why List With Me?", "Problems of Land Development", and "New House Sales — Trade In Values."

A. R. Saunders, executive vice-president of the Michigan Real Estate Assn., will present a report on the association.

4-Year-Old Mutt Named Sole Heir of $50,800 Estate

READING, Pa. (AP) — Bobby, a 4-year-old mutt who has no conception of the meaning of pedigree and doesn't care, today is the richest dog in Reading, Pa., and possibly one of the richest in the world.

Bobby yesterday was named principal, and practically sole, beneficiary of the estate of his late mistress Mrs. Ruth A. Maurer. The estate, filed for probate in the Berks County Court House, was estimated at $50,800.

All the money was left to care for the mongrel dog Mrs. Maurer picked up as a pup from the Humane Society.

Under terms of the will, Bobby will (1) have a practical nurse to look after him, (2) sleep in his own bed in the air-conditioned bedroom once occupied by his mistress, (3) have full run of Mrs. Maurer's three-room apartment and (4) be taken for a walk every morning and evening.

The will calls for Bobby's chair to be kept in the same place in the living room for his use. He won't do badly at chow time either. The bequest specifies Bobby is to receive "the best of food a dog can have."

The practical nurse is Mrs. Freda Kerby, an old friend of Mrs. Maurer. She is to receive $125 a month for her own expenses and live rent free in Mrs. Maurer's apartment until one year after Bobby's death.

Then the remainder of the estate is to be divided among Mrs. Maurer's niece, two brothers and a sister.

Mrs. Maurer died April 29. She was a widow. She lived quietly and nothing was available on her personal background.

Jaycees to Meet, Elect New Members

Pontiac Junior Chamber of Commerce members will gather tomorrow night at Scrib's Restaurant, 130 S. Telegraph Rd., to elect eight new members to the organization's Board of Directors.

Then the newly-elected board will elect a new president, three vice presidents, a secretary, and a treasurer.

According to Melvin Eller, present president, some 85 Jaycees are expected to attend the annual election night meeting.

Working on 'Lady Takes a Flyer'

Lana Says She's 'Had It,' Won't Ever Marry Again

By BOB THOMAS

HOLLYWOOD (AP)—"Not me; no sir. I'll never get married again."

These familiar words came from an unfamiliar source—Lana Turner. Many a recently divorced star utters the same sentiment. But Lana! This is too much!

"Don't you think I've just about had it?" she reasoned.

★ ★ ★

She had a point there. She has been married five times to four men — Artie Shaw, Steve Crane (twice), Bob Topping and Lex Barker, from whom she recently separated.

★ ★ ★

I reminded her that her pal Clark Gable made a similar no-marriage edict — and some time later married for the fifth time, to Kay Spreckels.

"That's right; he did," she reflected, adding with a giggle, "Well, you have to make conversation."

★ ★ ★

She said she hadn't started dating again. "I haven't got any playmates," she pouted. No doubt the situation will improve as soon as this word gets around.

Perhaps as an antidote to unhappiness, Lana has plunged herself into work. She is now making "The Lady Takes a Flyer" with Jeff Chandler, her first film in almost a year and a half. During her lunch hours, she is undergoing fittings for wardrobe in "Peyton Place," which she starts the day after she finishes "Lady."

★ ★ ★

"I only wish I could have started this grind with a little more energy," she remarked. "I haven't worked since a year ago November, when I finished 'The Rains of Ranchipur.'

★ ★ ★

"But just before I started this picture everything happened. There was the marriage breaking up, the television show (with Bob Hope), and the business with my daughter."

She referred to Cheryl's refusal to return to a private school, choosing to adventure on skid row. The girl is now in a public school and happy.

★ ★ ★

After her long years under straight salary at MGM, Lana is going for the dough. Her deal for the current picture at Universal-International gives her 50 per cent of the profits.

Hold 'Amnesia' Case as Marine Deserter

SEATTLE (AP)—A railroad timekeeper who told Seattle police May 3 he could remember nothing about himself prior to September 1955 and asked help in finding out who he was, was arrested yesterday by the FBI as a deserter from the Marine Corps.

★ ★ ★

Richard D. Auerbach, special agent in charge of the FBI office here, said a fingerprint check showed the man who called himself James John Kelly is really Joseph James Krankotz Jr., Butler, Pa.

★ ★ ★

Auerbach said Krankotz walked away from a Marine Corps training camp at Twentynine Palms, Calif., Sept. 20, 1955.

Krankotz admitted to the FBI his story of an amnesia attack was a hoax.

Stubborn Driver Pays Heavily for Temper

PITTSBURGH (AP)—C. T. Marshall wanted to make a left turn at a downtown intersection. A traffic officer waved him on.

Marshall objected, violently, said the traffic officer.

The officer took Marshall before a police magistrate and he paid a $10 fine for abusive language toward a policeman.

★ ★ ★

Marshall then went back to pick up his car. It wasn't there. It had been hauled to the city pound by a tow truck to avert a traffic tie-up.

Marshall paid another $8.50 for the tow truck fee.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

TOY BANKS — 2. Nibbler the Squirrel

When our country was young, money wasn't very plentiful and people learned that to have, you must save. Benjamin Franklin with his "Poor Richard's Almanac" taught thrift. Children learned from their school books that "A Penny Saved Is a Penny Earned," and "Waste Not, Want Not."

Penny banks for children first appeared in America about 1793, when copper pennies as large as today's 50-cent piece began to be used. Many people in those days had little confidence in paper money, preferring what they called "hard money" — gold, silver, and copper coins.

Here is the picture of an old toy bank that shows a great saver of the animal world. The squirrel carefully hoards nuts to tide him over the winter.

Color the picture and paste it on cardboard. Carry out the directions on the picture by fastening the squirrel through the hole, with the tab going behind the log. Paste a box behind the trunk as indicated, after you have cut out the slot in the trunk. When you drop a penny into the slot, swing the squirrel forward by using his tail as a hand hold. Then he'll dip his paws into the slot where the penny went as though he had just hidden a nut.

Insists He Didn't Pass Documents

Alger Hiss Hopes Book May Help Reopen Case

NEW YORK (INS) — Alger Hiss said today he still is confident of vindication and is pursuing "all leads" that might permit reopening of his case.

The former State Department official who went to jail convicted of falsely denying he or his wife, Priscilla, passed government documents to Whittaker Chambers in 1938 made the comment in connection with publication of his book, "In the Court of Public Opinion."

"My attorneys tell me that in certain circumstances the development of new evidence might make it possible to reopen my case," Hiss told International News Service, adding:

"All leads possible to this end are being pursued as far as available money and manpower will permit . . . I am confident now as I have always been of eventual vindication."

DECLINES TO SAY

Hiss declined to predict whether his book, published by Alfred A. Knopf, Inc., might help swing public opinion in his direction. That, he maintained, "is scarcely for me to say."

Rather, Hiss writes in his conclusion to "In the Court of Public Opinion," he wants to "let the record speak" for him.

This "record," according to the book, is that Hiss was convicted of perjury on the basis of forged and fraudulent evidence, particularly the Woodstock typewriter on which Mrs. Hiss reputedly copied or summarized documents Chambers said he received from Hiss.

★ ★ ★

Affidavits are cited in the book in an attempt to show that the documents could not have been typed on the same machines which was in the Hiss home at the time of the alleged spying.

For one thing, Hiss quotes his attorneys as saying, the Woodstock produced as evidence in his trial bore a serial number indicating it was built in July, 1929, at the earliest, whereas its typeface was of a style that had gone out of date by then.

Furthermore, Dr. Daniel Norman, an expert on metallurgy from Ipswich, Mass., is said to have sworn that the typewriter "shows definite signs of having been altered, in that many of its types are replacements of the originals and have been deliberately shaped."

★ ★ ★

A large part of "In the Court of Public Opinion" deals with the testimony given by Chambers to prove he had been much more than the casual acquaintance—known only as George Crosley, a free-lance writer—that Hiss maintains he was.

Rebels in Algeria Strike in 5 Areas

ALGIERS (AP)—Nationalist rebels struck in five areas across Algeria in the past 24 hours, shooting civilians, attacking farms and burning property. At least nine persons were killed.

★ ★ ★

In Tebessa, a hand grenade pitched in a packed movie theater killed one person and wounded nine. Four Moslems were killed and three others were injured in attacks in the Chelif region.

In the Oran region, terrorists attacked Moslem villages and burned and sacked farms. Two Europeans were killed and three injured in that area.

★ ★ ★

A baker's wife was knifed to death in Algiers by one of her husband's helpers. Also in Algiers, two gendarmes were seriously wounded as four rebels opened fire.

A government employe was slain north of Orleansville. In the Grand Kabylie region, rebels set fire to a big gasoline truck.

Man Told to Reappear in Court for Sentencing

Circuit Judge George B. Hartrick yesterday suspended sentencing of a Keego Harbor man, Richard Copeland, of 476 Lowell St., who admitted taking indecent liberties with a hitch-hiking boy, 15, last Jan. 19.

Copeland was ordered to reappear in court next month.

Youth Put on Probation for Break-In of Grocery

Paul E. Hicks, 19, of 25 Stowell St. yesterday was placed on probation three years for the breakin April 2 of a grocery store at 20½ E. Huron St.

Pleading guilty to breaking and entering, Hicks was assessed $150 court costs by Circuit Judge George B. Hartrick.

Defendant's Impatience Brings Contempt Charge

STATESVILLE, N. C. (AP)—Impatient Arnold Tredway, 22-year-old furniture worker, learned in City Court that if you yell long enough, you are bound to be heard.

★ ★ ★

Tredway, charged with public drunkenness, twisted and turned as the court repeatedly bypassed his case while awaiting the arrival of the arresting officer.

Twice Tredway called to Judge Baxter H. Finch to please dispose of the case. Twice the judge told him to keep quiet.

★ ★ ★

Tredway tried a third time.

Result: contempt of court, 30 days in jail.

Adrian Hospital to Open

ADRIAN (AP) — Adrian's new Emma L. Bixby Hospital will open its doors to patients June 24, administrator Douglas McNabb said Monday.

Atom-Power Reactor Test Successful

DALLAS (AP)—The first successful operation of an atomic power reactor using only ceramic fuels was disclosed here today.

Four scientists and engineers from Argonne National Laboratory described the new type of fuel in a report to the national conference of the American Ceramic Society. The ceramic fuel is used in place of metal.

C. L. Hoenig, Western Springs, Ill.; R. J. Kittle, Naperville, Ill.; J. H. Handwerk, Joliet, Ill.; and C. R. Breden, LaGrange, Ill., said in a prepared report Argonne is using ceramic pellets of uranium oxide and thorium oxide to produce heat for electricity from a nuclear reactor.

They said tests indicated ceramic fuels appear to have several advantages and to be a major step forward in making atomic reactors of high efficiency.

Brain Insurance for Your Business?

Why not?

You wouldn't dream of operating your business without fire or accident insurance. Or *liability* insurance.

Then why not insure your company's greatest future *asset*—educated brains!

There's only one place where business and industry can get the trained brains so vital to future progress. That's from our colleges and universities.

Today these institutions are doing their best to cope with a mushrooming demand for educated men and women. But they face a crisis. For the pressure of applications keeps mounting, facilities must be expanded, and faculty salaries must be raised to a respectable level.

Insure your company's, and your country's, future assets by helping the colleges or universities of your choice—now! The returns will be greater than you think.

* * * *

If you want to know what the college crisis means to you, write for a free booklet to: HIGHER EDUCATION, Box 36, Times Square Station, New York 36, New York.

Schaerf Elected to Head Austria

New Socialist Leader, Strong Anti-Communist, Pledges Peace Aid

VIENNA (AP)—Another Socialist, Adolf Schaerf, is Austria's new president.

In voting Sunday, he defeated Dr. Wolfgang Denk, a Catholic Conservative and noted surgeon, for the post vacated by the death in January of Theodor Koerner. The vote was 2,259,097 to 2,160,424.

Schaerf was elected for a six-year term. Both Koerner and Austria's first postwar President, Karl Renner, also were Socialists.

* * *

Schaerf, 67, has been vice chancellor in the coalition Conservative-Socialist government and head of his party. He is strongly anti-Communist.

* * *

The campaign and the election were both quiet, with the candidates differing on few issues. Voting is compulsory in Austria and nearly 4½ million persons—an estimated 96 per cent of the total registration—cast ballots.

Schaerf's victory apparently was due to the fact that he is better known than Denk and to the Austrian voters' desire to keep a balance between the Socialists and Conservatives. Chancellor Julius Raab's Conservative party won a narrow victory over the Socialists in the parliamentary elections last year.

* * *

Schaerf's duties as president will be largely ceremonial. But he said during the campaign he would do everything he could "to use Austria as an instrument for maintaining world peace and banning atomic weapons."

* * *

The new president is a lawyer and veteran Socialist who was persecuted by both the 1934-38 dictatorship and the Nazis.

Australian 'Pirates' Board U.S. Carrier

SYDNEY, Australia (AP) — Ten Sydney University students in pirate dress boarded the U. S. aircraft carrier Bennington before reveille today.

They climbed unchallenged to the bridge and sent 2,500 American officers and sailors to battle stations by sounding the general alarm.

* * *

It was more than five minutes before the ship's company realized they were victims of a Commemoration Day prank.

The gaily garbed students slipped aboard the carrier from a small launch about 6 a. m. Officers on the bridge were taken by surprise, and could not prevent one youth from pulling the action-stations alarm.

* * *

One officer later said the prank was taken in the spirit in which it was intended, but "they certainly gave us one mighty scare."

The Bennington, which arrived at Sydney May 1 in connection with Australian celebrations of Coral Sea Week, left Sydney later today for Pearl Harbor and San Diego.

House Rules Unit Views Rights Bill

WASHINGTON (AP) — The House Rules Committee resumes its unhurried consideration of the civil rights bill today, but Democratic Leader McCormack predicted the House will pass it about the end of May.

* * *

McCormack said in an interview he expects the Rules Committee to finish its hearings this week. He said he will schedule the bill for House consideration as soon as practicable thereafter, considering the parliamentary situation.

* * *

Chairman of the Rules Committee is Rep. Howard Smith (D-Va), an outspoken opponent of the measure who has said he is in no hurry to act on it.

Southern strategy in both the House and the Senate has been to try to kill the bill by delay. The Senate version still is awaiting action by the Judiciary Committee.

Comanches were the first American Indians to become nomads when they drifted down into Texas and New Mexico in the early 1700s to acquire horses from Spaniards.

ECONOMY WHEN YOU WANT IT!

Here's the secret of its greater gas mileage. In the J-2 Rocket a single carburetor serves the engine, at peak efficiency, for all ordinary power needs.

You choose your own kind of performance—you're in economy range up to ¾ throttle. Yet you enjoy famous Rocket action all the way.

POWER WHEN YOU NEED IT!

All three carburetors (six barrels) go into action, automatically, whenever the occasion demands. Push your foot to the floor, and you have extra safety power on tap to whisk you up the steepest grade, or out of the path of danger. Here's alert action for extra safety.

OLDSMOBILE NOW OFFERS YOU THE MOST EXCITING NEW ENGINE DEVELOPMENT SINCE THE FIRST HIGH-COMPRESSION POWER PLANT!

Greater economy for all normal driving! A greater reserve of extra safety power for the exceptional situation! That's why Oldsmobile's new J-2 Rocket Engine* is like two engines in one. And you, the driver, are in complete control of how you want to travel. For practically all driving needs you enjoy the fuel-saving economy of a single carburetor. Or, a touch of the accelerator past the three-quarters mark will bring two additional carburetors into use. This gives you gas-saving performance over a 50 per cent broader operating range *plus* a reassuring reserve of power that means added safety. If you have not already tried the J-2 Rocket, your Oldsmobile Dealer invites you to come in for a drive soon. You'll find it is a totally new and wonderful driving experience.

*Optional at extra cost on all Oldsmobile models.

Bob Considine Says:

Shoemaker's Derby Boner Forgiven by Boss

NEW YORK (INS)—The owner of a racehorse named Gallant Man, who has now lost $200,000 by two noses, acquitted jockey Willie Shoemaker for making his dreams come true. The owner dreamed a few nights before the derby that the jockey on his horse pulled up in the stretch. For a brief moment Shoemaker did exactly that.

Lincoln Plaut, one of the best officials in racing, spotted Shoemaker's mistake instantly. So did Pat Lynch, racing editor of the N. Y. Journal-American.

★ ★ ★

In my section of the press box at Churchill Dows, only the veteran Bill Keefe of the New Orleans Picayune sensed that something was wrong. There were a few others. The rest of us in the box, the clubhouse and the stands knew only that a terrible exciting and close race was being completed.

Plaut believes Shoemaker's action cost Gallant Man the race. The stewards, actually alerted by word of the owner's dream, questioned Shoemaker briefly after the race.

At first Willie said the colt hesitated because of the "wavy" condition of the track. Then he reconsidered and said what must have been a hard thing for the great little pro to acknowledge—that he had goofed as he once had on Swaps, when Liz Whitney Lunn's Porterhouse beat the great one in a big California race.

But the owner chose to blame the track instead of the jockey. He said the finish line at Churchill Downs is too far down the home stretch, too close to the first turn.

★ ★ ★

We can't fault any man for standing up for his employee, of course, but if he's looking for somebody to complain to about the position of that finish line he'll have to commune with the shade of Matt Winn.

We can't resist saying, too, that Shoemaker has ridden in five or six debries now, and if he doesn't know where that wire is he's just not the fellow to put on a quiz show against 10-year-old Robert Strom or against Teddy Nadler, the eighth grade genius.

Shoemaker flew home to California after the Derby. The legend around room 1603 at the Kentucky Hotel, a story started by veteran horseman Frank Conniff, was that Willie got off at Albuquerque, thinking he was home.

Young senators—and some old ones, too, for that matter—are constantly in search of a good investigation that will (a) assure the folks back home that they're working, and (b) give them the national stature they understandably seek. Some make it, some fail.

★ ★ ★

These clumsy thoughts present themselves as Joe McCarthy is taken to his final resting place in Appleton, Wis. There was a time in his career, when all that was known of him was that he was an ex-Marine who was a great vote getter, when he tried to get the senate interested in investigating organized crime.

With that in prospect, McCarthy began collecting information on Frank Costello, Frank Erickson, Joe Adonis and most of the others who eventually became daytime TV stars. But the Senate was Democrat. The committee that was approved went not to McCarthy but to Estes Kefauver. The Tennessean did a good job, rode onward and upward from that. Joe wound up opposing rougher fighters. Trying to reply in kind he offended as many as he thrilled, and he died an obscure man on the national scene.

Suppose he had come up with the crime investigation committee? His rough-handed manner of investigating hoodlums instead of Harvards might have made him a much bigger man than he became. Without an Eisenhower on the scene, it might well have sent him into the White House.

Negotiators Talk With Hondurans

Latin-American Peace Team Attempts to Settle Border Dispute

TEGUCIGALPA, Honduras (AP) — A Latin-American peace team talked until early today with Honduras' ruling military junta about troop withdrawals from the disputed Honduran-Nicaraguan border area.

The meeting with the committee from the Organization of American States was held behind closed doors, but official sources said Honduras was insisting that Nicaragua pull its troops from the area of the Segovia or Coco River.

★ ★ ★

Honduras claims the river forms the boundary between the two countries, but Nicaragua claims both sides of the stream. The area northwest of the river forms the Mosquito Coast region, a jungle region both countries have claimed since the 19th century.

Sporadic clashes broke out in the region last week with both sides charging bombing and strafing of villages. A cease-fire has brought a halt to the fighting.

★ ★ ★

A three-man U. S. military mission arrived in Tegucigalpa yesterday from Panama to help the OAS set up air patrols to maintain peace along the border.

Senate Unit Warns of Delinquent Youths

WASHINGTON (INS) — A Senate subcommittee warns that a million teenage lawbreakers a year will come before the courts by 1965 unless there is a massive national effort to curb juvenile delinquency.

The Senate Juvenile Delinquency Committee calls for better schools, more recreation facilities and a concerted drive to wipe out narcotics traffic.

The panel, headed by Sen. Thomas Hennings (D-Mo), said the federal government must take "the leadership" in the campaign and delay could prove "disastrous."

The subcommittee estimated 530,000 children appeared before the courts last year.

The group reported that many teachers and parents cited television as an "evil" and a "detriment to school work." But it noted that TV could be used to help the "learning process."

But Pianist Must Prove Worthy of Princess

King Smiles on Romance

STOCKHOLM (INS) — Swedish King Gustaf Adolf VI was reported today willing to see his attractive granddaughter, Princess Margaretha, married to a British jazz pianist—if he proves worthy of her in a year or so.

★ ★ ★

Sources close to the palace said the princess considers her grandfather's advice sound and is willing to wait.

Palace informants pictured the 74-year-old monarch as being unopposed to their marriage, provided they take plenty of time to consider the consequences of such an important step in their lives.

This reaction to the romance between the princess, 22, and Robin Douglas-Home, 25, contrasted sharply to that of Princess Sibylla, Margaretha's mother.

★ ★ ★

Princess Sibylla was understood to have rejected Douglas-Home's bid for her daughter's hand with the blunt statement that the suit was "impossible" because he had "no money and no position."

NEPHEW OF EARL

Douglas-Home is the nephew of the Earl of Home, a Conservative leader in the House of Lords. Another uncle, William, is a playwright. But Douglas-Home earns less than $5,000 a year as an advertising agency man and has to supplement his income playing piano at a swank nightclub.

★ ★ ★

It was at the Casanova Club recently that Douglas- Home met Margaretha, while she was vacationing, and danced a few rhumbas with her.

Count Carl Reinhold von Essen, master of Princess Sibylla's household, reportedly had this comment on the romance:

"After a year or two, if the princess still loves him, and he has a little money and decent position in life, there appears to be no reason why they can't wed."

★ ★ ★

The London Sunday Express quoted the count as saying:

"The King merely asked her to wait a year or two until the young man proved worthy of her.

CERTAIN OF LOVE

"We are pretty certain that Margaretha is in love with him. The King thinks that he is a nice man. But at the moment he has little position and very much money."

★ ★ ★

Young Douglas-Home decided not to give up the suit for the princess' hand, despite the initial palace opposition, and reportedly sent Margaretha a note about their future over the weekend.

The princess herself apparently has not yet made up her mind about marriage. Palace informants reported she has not yet given Douglas-Home her own answer.

According to the informants, the princess has been amused, rather than saddened, at the worldwide publicity given the romance and the weekend developments.

★ ★ ★

They said that, in accordance with her mother's instructions, Margaretha has refused to comment on the romance, but laughs off all queries, and apparently is as gay and happy as she was before she returned from London.

Informants denied that the King had called her home. They explained that Margaretha remained in London as long as she had planned when she started her vacation.

★ ★ ★

They also emphasized that the princess legally can marry when and whom she wishes.

Among the passengers leaving for Honolulu aboard the SS Lurline from Los Angeles May 2 were Mr. and Mrs. James B. Donnelly of Birmingham.

Officers Installed by DAR

Mrs. Lloyd Porter was installed as regent of the General Richardson Chapter, DAR, at the recent meeting.

★ ★ ★

Others serving with her are Mrs. George Eldred, Mrs. William Kalwitz, Mrs. Earl McHugh, Mrs. Harry Going, Alice Serrell, Sarah Van Hoosen Jones, Agnes Hilton, Mrs. Harry Chapman, Adah Shelly, Grace Clark and Margaret Steward.

Mrs. Eldon Gardner, chaplain, installed the new officers and will continue to serve as chaplain for another year.

Welcomed as new chapter members were Geraldine Haynes, Doris Haynes, Janice Antona and Mrs. James R. Peterson of Rochester.

★ ★ ★

Mrs. William F. Streit of Detroit, state DAR chairman of the national defense committee, was guest speaker and discussed the resolutions passed at the recent DAR Congress.

Mrs. McHugh was hostess at her home on Sylvan Shores. She was assisted by Mrs. E. D. Benjamin, Mrs. Harry Windiate, Mrs. Ray Kemp, Frances Backenstose and Mrs. Harry H. Roh.

Reporting on their recent trip to Washington were Mrs. Porter and Mrs. E. G. Clark. They attended the National Congress of the DAR. Mrs. E. V. Howlett accompanied them.

Mrs. Emma Clark will represent the group at the Michigan Conservation Conference at Higgins Lake.

New Youth of Unity Conducts Installation

Grethal Hunter was installed as president and LeRoy Porter, vice president, of the newly organized Youth of Unity group in the Unity Church of Oakland County Sunday evening.

Other officers are Lorene Graber, secretary; Julia Elkins, treasurer; JoAnn Elkins, social chairman, and Kay Graber, welcoming chairman. Mrs. Florence Porter is sponsor and Mrs. F. R. Harrison, her assistant.

May Guest Ask Bridge Substitute?

Or Should She Let the Hostess Invite Another Player?

By EMILY POST

A reader tells me: "I belong to a bridge club and we play cards once a week. It so happened that something turned up that made it impossible for me to play cards with the group last week.

"I called a friend of mine whom all the others knew and asked her if she would fill in for me. She said she would be glad to. Was I wrong to ask someone to fill my place, or should I have called the hostess and told her that I couldn't make it and have left it up to her to get someone?

"I thought I was doing her a favor as I know it can be very difficult to get someone to fill in at the last minute, but it seems she resented this. I would appreciate hearing from you on this matter."

Answer: I do think you should have consulted the hostess before asking someone to fill your place as she herself may have had someone she would have liked to ask. If she knew of no one, then you could have offered to call your riend.

"Dear Mrs. Post: If one has a dinner date with a man and no special plans have been made, which one has the prerogative to choose the restaurant in which they are to dine—the man or the woman? It is my understanding that the woman should have the say as to where she would like to eat. Am I right about this?"

Answer: Generally he invites her to his club or his own favorite restaurant. He might, on occasion, ask her where she would like to dine, but unless he asks her she shouldn't suggest where to go.

"Dear Mrs. Post: If a girl does not wish to dance with a man, what can she say?"

Answer: She can smile and say, "Thank you, not just now; I'm very tired." But to refuse to dance with one man and then immediately dance with another is inexcusably rude unless he is intoxicated.

Sorority Elects Mrs. Knapp as President

Mrs. George Knapp was elected president of Lambda Chi Omega sorority when members met recently at the home of Mrs. Robert Holloway on Argyle avenue.

Mrs. Charles Kistner was named vice president; Mrs. Donald Bryson, corresponding secretary; Mrs. A. J. Lowe, recording secretary and Mrs. James Barling, treasurer.

Also serving are Mrs. George Schroeder, reporter; Mrs. Donald Wilson, associate organizer; Mrs. Richard Smith, historian; Mrs. Joseph Nouse, sergeant-at-arms and Mrs. James Eldred, rush captain.

Delegates elected to the national convention, to be held June 21-23 in St. Paul, Minn., are Mrs. Forrest Elwell, business; Mrs. Donald Wilson, alternate; Mrs. Harry Gemmel, social, and Mrs. Joseph Nouse, alternate.

Have Extra Care in Using Glass Cooking Utensils

Your ovenware or glass cooking utensils may break unless you follow a manufacturer's directions, home management specialists advise.

Ovenware is designed for use in the oven, and women who want to use it on burners instead should obtain wire racks to keep the pottery intact.

A glass utensil may be treated to take high temperatures, but still cannot adjust to them suddenly. It may break if you preheat it empty or let it boil dry.

Harsh scouring powders or steel wool should be avoided with glass utensils because either can break the surface tension of glass and thus make it more likely to break. To remove burned foods, soak in warm, soapy water or in a mixture of baking soda and water.

Skills Allow Her to Pick Best Job

By ANNE HEYWOOD

In that wonderful fence-whitewashing scene in Tom Sawyer, Mark Twain observed that a thing is work if you're obliged to do it and play if you're not.

This is especially true where housewives are concerned.

The woman who has only one skill—or more—and has to take whatever job she can get, if the family is to have any extras, is apt to resent it.

But to the woman with several skills, who can select the job she really loves and is not obliged to take what she can get, to work is play.

★ ★ ★

Amelia Finn is a case in point. Before her marriage, Amelia had worked as a secretary and as an editor. Then she married a schoolteacher and now has two girls, one just over 14 and one 9.

BACK TO WORK

While the children were still very young, Amelia decided to become a wage-earner again.

★ ★ ★

She made application in several firms and was offered a really good secretarial job, but it wasn't quite what she wanted.

Moreover, a full-time job would have required a full-time baby-sitter, which would have all but eliminated her profits.

Fortunately, Amelia had more than one string to her bow and continued to look around.

One day she was offered a job in the direct sales field.

Now many women may think, "Ugh, selling," but that's usually the reaction when they have no other choice and cannot find a product they like.

SOLD ON PRODUCT

Amelia knew she didn't have to take the job. Furthermore, she was 100 per cent sold on her product.

She is making out so well, now, that the family has moved to a bigger house in the city, bought a summer cottage in Maine and bought a second car.

As far as her work is concerned, Amelia says, "I just love it. I'd never again go back to a confining office job for twice the money. I couldn't stand it.

"Even when I drive as far as an hour away from home, which I sometimes do, breezing along with the radio playing is so much more pleasant than being stuck in an office."

★ ★ ★

As we all know, selling is not everybody's dish of tea. But for the women who love it, it can be wonderfully exciting.

If you are interested in the field, send me a stamped, self-addressed envelope, care of The Pontiac Press, and I'll send you a list of the good companies in the field.

Remember, everything depends on selling something you honestly like.

If you feel you're foisting an undesirable product on an unsuspecting customer, you'll fail.

But if you feel, as Amelia Finn does, that you've got such a worthy product that you're doing people a favor just to tell them about it, you can't miss.

New Beige Shades Promise to Be Popular

Today's Hair Dyes Achieve Natural Look

By JOSEPHINE LOWMAN

It seems that women have been dipping their heads into coloring solutions almost since the dawn of history. Today hair coloring is extremely popular.

★ ★ ★

Twenty-five years ago many women who wanted to do something about their gray hair did nothing because dyed or tinted hair was somewhat unusual, expensive and far from satisfactory.

In the early 30s we had the peroxide blonde, the henna rinse and many other makeshift preparations. These colored the gray hairs, but had an artificial, dyed look. May a woman who colored her hair dark brown or black looked more as though she had fallen into a coal scuttle.

In the past 25 years hair coloring has grown from an unimportant item to one of the most popular services to be obtained at beauty salons. Today tinted or dyed hair looks natural. You can get a satisfactory permanent even though your hair is dyed if you have an expert operator.

★ ★ ★

Not long ago one of the leading hair coloring houses had a huge hair-styling and fashion show at the Waldorf Astoria in New York City. Twenty-five hundred leading hair stylists in the United States were present and more than 26 hair stylists and 56 models took part in the mass demonstration of the new hairdos for this spring and summer.

SHAPED CLOSELY

One of the present day styles presented on the platform is shaped closely to the head, so that deep hats can be worn. This is called "The Newport Look." Another is the "Pixie Pouf" which has an upsweep movment similar to the fashions at the turn of the 19th Century, when deep hats were also being worn.

The bouffant hairdos, which are an elaborate version of the page boy which was rampant in the 1930s, have been carried over from last year. In fact, styles in clothes and hair are most reminiscent of the early 30s.

In hair coloring there was something new, namely the new beige shades. These range blonde, and give a delicate beige tone to the blonde family.

Beiges of all sorts were floating around: White beige, a white white blond; silver beige, a silver golden blonde; rose beige, a pinkish golden blonde; buttercup beige, a rich, golden blonde; and platinum, a delicate platinum blonde.

IT'S TIME TO THINK ABOUT BATHING SUITS

With swimming days practically upon us it is time to think in terms of swimsuits, playclothes, and beach wear. There is a most flattering style of bathing suit for every type figure.

★ ★ ★

For instance, the two-piece suit is unbecoming to the matronly silhouette. In fact it takes a slim figure, and an especially slim waist, to get away with one of these.

Not only does the bare midriff expose any rolls you may have, but the contrast in color between the white strip of skin and the suit makes you look wider. Color contrasts are used to make a very tall slim woman look shorter and fatter.

For this same reason the two-piece suit is flattering to the tall, slim woman, unless her ribs are too prominent. The one-piece suit which fits snugly at the waist and has a full skirt is also good for the tall, slim gal.

★ ★ ★

The woman who has a few extra pounds should avoid extremes. She looks best in a one-piece suit which has a skirt, but without fullness. Of course dark colors such as black and navy blue are more slenderizing than the lighter, brighter ones.

Here are a few more hints to keep you lovely looking during summer fun:

1. If you are self-conscious about a small bust, remember that you now can buy swimsuits with built-in falsies.

★ ★ ★

2. You also can get a waterproof mascara and makeup base.

3. A strip of camois placed around your head under your bathing cap, at its edge, will help keep your hair dry.

4. The bathing suit rules apply to playclothes, also.

5. Pedal pushers are much more flattering to the mature woman than very short shorts.

★ ★ ★

If you still have a few extra pounds and you missed my Nine-Day Reducing Diet, you may want it for a loss of 5 to 10 pounds in nine days time. If so, send 10 cents and a stamped, self-addressed envelope with your request for it to Josephine Lowman in care of The Pontiac Press.

Tomorrow: "Avoid Mannerisms Associated With Age."

Hair coloring is extremely popular today — in fact it is one of the most popular services to be obtained at beauty parlors.

Successful Wives Make Hubbies Feel Masculine

Such Women Obviously Like Mates as They Are and Don't Seek Perfection

By RUTH MILLETT

The most successful wives are women who make a man feel like a man.

★ ★ ★

A woman doesn't accomplish this by trying to "mother" him, clucking over his health, constantly reminding him to do this or that, always wanting him to be safe and never to take a chance.

A woman doesn't make him feel like a man if she meets his masculine attitudes with resentment and begins to wear a "men are all alike" chip on her shoulder.

Nor does a woman help a man to feel more of a man if she tries to boss him.

Or if she is determined to try and mold him into her idea of a perfect husband.

★ ★ ★

A wife makes him feel like a man first of all by obviously liking him as he is. It helps if she is free with her admiration and if she bites her tongue when she is tempted to criticize or find fault or nag.

HER DEPENDENCE

It is important for her to make him feel her dependence on him—faith in his ability to look after her.

One of the reasons why it is often a mistake for a wife to go to work—unless she has to—is because it so often seems that she has lost confidence in his ability to make a living for his family.

If she wants to contribute toward his feeling of masculine pride and strength, a woman doesn't tie an apron around a man's waist in an attempt to turn him into her household helper.

When you get right down to it, it's fairly simple. If a woman enjoys being a woman then she will enjoy making her husband feel every inch a man.

Beauty Hint

Make-up for the bride should be underplayed rather than overplayed. If your make-up is too vivid or there's too much of it, the effect will be harsh. Choose soft shades and use them with a light hand.

Oriental SHOW-YOU-SAUCE

Be Gentle With Child's 'Wonder'

By MURIEL LAWRENCE

Do you remember when you fell in love?

If so, you remember an experience with what we call "wonder." It came suddenly. One moment your young man was just another attractive companion. Then he laughed or said "anywhere" to a taxi-driver — and you were in love. Without warning you'd become suddenly aware of his sexuality.

In addition to his power to make you giggle, comfort you, know what to do about a missed train, you abruptly realized that he could also make love to you. You were filled with wonder — its promise of unexplored joys.

On the strength of this wonder, you now put up with his habit of spilling ashes on your slipcovers.

★ ★ ★

We women also experience wonder when we enter a baby's room in the morning. The sight of him sleeping, breathing, unbelievably ours, wills us again with the sense of unexplored joys. On the strength of this wonder, we squeeze orange juice, go without sleep, read Dr. Spock.

WHY SO GRATEFUL

If we remember how we felt, we understand why children are so grateful when we encourage their experiences with wonder.

★ ★ ★

We are slow with accusations of "stubbornness" when Jimmy insists on standing at the window instead of coming when he's called. Aware that he may be wondering instead of stubborn, we join him.

Sure enough, we discover that he's absorbed in watching raindrops moving down the window pane. He is lost in wonder at the way their tiny streams rush together, separate — and converge again.

My advice to be gentle with his wonder is not poetic but very practical.

★ ★ ★

A child whose wonder has been called bad names like "stubbornness" becomes very irritable. He develops angry distrust of the pessimists who continually suggest there are no unexplored joys for him. Denied wonder, he loses the happy expectancy that enables us all to put up with frustrations.

CYNICISM'S OPPOSITE

Psychoanalyst Rollo May calls wonder an attitude of "opening — heightened interest, response — the opposite to cynicism and boredom."

★ ★ ★

Today, because parents are too busy with nonsense to appreciate the value of wonder, many children are horribly bored.

Sharing a child's wonder with him is one of the surest ways on earth to come close to him.

Margaret MacKenzie presided at the tea table during the social hour.

This is the season for mauve. It's a lovely color but it's not for everyone. If your skin is slightly sallow, avoid mauve, lavender and the allied shades.

Fashion Hint

Try pink (but a very small amount of pink) with mauve this spring. You might wear pale pink beads or a pink chiffon scarf with a mauve tweed coat or suit.

Children of GI Alive and Safe

IRON MOUNTAIN (AP)—The missing Okinawan wife of a Michigan serviceman and their two children have been found safe, but out of money at Fort Smith, Ark.

The three had been the object of a cross-country hunt the last several days.

Sheriff Harry Julian said Fort Smith police told him that Mrs. Jerry Rose, 22, and the children, Ginger Mae, 5, and Linda Lee, 3, were visiting a Japanese woman Mrs. Rose had known on Okinawa.

Julian said Mrs. Rose telephoned her husband's parents, Mr. and Mrs. Clifford Rose, at Iron Mountain Saturday night and asked for sufficient funds to continue to their home.

Pvt. Rose sent his family to live with his parents after learning he was to be transferred from Okinawa. They were due to arrive last Tuesday, but no word had been heard of them since they boarded a train at San Francisco.

Julian said he did not know how the family got to Fort Smith.

Soviet Chief Given Mixed Reception

JAKARTA, Indonesia (AP)—Soviet President Klementi Y. Voroshilov got a mixed reception yesterday on his arrival in Jakarta for a 12-day state visit.

There was a 21-gun salute, a crowd of 100,000 and a correct official welcome at the airport. But later a near riot developed outside the presidential palace where demonstrators threatened to mob the Russian leader.

★ ★ ★

"Better go home than give this man a hearty welcome," shouted members of the crowd. Posters bearing Voroshilov's picture were torn down. Police were rushed in to restore order.

Many persons have criticized the visit at a time when Indonesia is going through a serious economic and political crisis. President Sukarno, who visited the Soviet Union last November, rejected the criticism.

★ ★ ★

Voroshilov came here from a tour of Communist China. He told the airport crowd "imperialist forces" are increasing world tension and hampering cooperation in economic and cultural fields.

Security for You

If Goat Eats Check, You Can Replace It

By RAY HENRY
Associated Press Writer

You think you got troubles?

How about the fellow who recently wrote the following letter to the Santa Rosa, Calif., Social Security office?

"This afternoon I received my check for April. While I was picking up some packages from the rear seat of the car, a goat (my pet, of which I'm the blessed owner) grabbed the check from my hip pocket. Before I could catch her, she devoured it. What do I do now?

To back up his story, he attached a signed statement from an eye witness.

Your Social Security check may never be the victim of a hungry goat. But, there's always a chance that one of them will be stolen, lost, misplaced or badly damaged. Such things happens to thousands of checks every month.

REGULAR ROUTINE

Because they do, the Social Security offices have a regular routine to follow so you can get another check.

If something should happen to one of your checks, you can follow one of two courses.

You can go into your Social Security office, describe the situation involving the check and fill out a form to have the check replaced.

Or, you can write a letter to the office describing the circumstances completely about the disappearance or damage to the check.

NOTIFIES OFFICE

In either case, the Social Security office will notify the chief disbursing officer of the Treasury Department. What action he'll take will depend on the circumstances in your case.

Generally, if you report your check stolen, lost or misplaced, notify the United States Treasurer's office which will put out an order to stop payment immediately on the check.

Then, an investigation will be made to see whether the check has already been cashed.

CHECK NOT CASHED

If the investigation shows that the check hasn't been cashed, the Treasury Department will send you an application form to be used to get a substitute check. The sooner this application is completed and returned, the sooner another check will be issued.

Usually, it'll take between two to four weeks from the time you report the missing check and the time you'll be issued another. But the exact time will depend on the circumstances of your case.

If, however, you report a stolen, lost or misplaced check and the government finds that the check has been cashed, you'll be sent a photostatic copy of both sides of the check. You'll be asked to certify that the endorsement is not your own. If it's your endorsement, you'll be asked to drop your claim for a second check.

★ ★ ★

But, a forged endorsement will automatically start an investigation to bring out the facts surrounding the forgery.

In the meantime, you'll be asked to fill out a claim form so that another check can be issued to you. You'll probably not be held accountable for the amount of the forged check, unless, of course, the investigation shows that you're involved in some way.

The length of time it will take to issue you another check if the first has been cashed by a forger probably will be longer than two to four weeks. Because the circumstances can vary so widely in such cases, the Treasury Department declines to make an esitmate on the time.

(Questions on Social Security problems may be addressed to "Social Security," in care of The Pontiac Press. Questions will be answered by mail from the Pontiac office of the Social Security Administration. There is no charge for this service.)

Winner of the trophy for losing the most weight last week was Mrs. Edwin Broom.

Pig trophy winners were: Mrs. Wayne Ostrand, Mrs. Harvey Leinenger, Mrs. Robert Hammill and Mrs. Edgar VanWinkle.

JoAnn Murder Trial Postponed

Indefinite Delay Due to Illness of Singer's Defense Attorney

DETROIT (AP)—The murder trial of Philip J. Singer in the slaying of JoAnn Gillespie is postponed indefinitely because of the defense attorney's illness.

The physician attending G. Leslie Field notified Recorder's Judge Gerald W. Groat that it will be "not less than a week" and possibly longer before Field will be able to return to court.

Field was stricken last Friday with a heart ailment and is still hospitalized.

Completion of the trial awaits finishing direct examination of Singer, his cross-examination, rebuttal testimony, final arguments and the judge's charge.

Court aides said because Field alone was representing Singer and has built up a painstaking case emphasizing an alibi, the judge would be reluctant to turn the defense over to another attorney.

Warner Stands Mute on Kidnaping, Robbery

SAGINAW (AP) — Wallace Warner stood mute yesterday when arraigned in circuit court on kidnaping and armed robbery charges.

The 28-year-old former Saginaw man was accused of abducting and robbing Charles Harden, 20, of Saginaw, and Harden's 19-year-old girl friend April 21 while on parole from southern Michigan prison. He was convicted in Midland County circuit court last week of raping the girl and sent back to prison for life.

No trial date was set on the kidnaping and robbery charges.

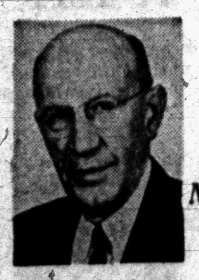

Portland District Attorney to Be Sentenced Today

PORTLAND, Ore. (AP)—Dist. Atty. William Langley, convicted last month of deliberate failure to prosecute gambling, is to be sentenced today.

Langley's case is the first important one to reach trial in the yearlong investigation of vice and corruption here.

Meanwhile, the trial of Portland gambler Big Jim Elkins and his employe Raymond Clark, accused of illegal wiretapping, resumes in U. S. District Court.

They're eager-beaver beauties... these Chevrolet wagons!

They're built to carry heavy loads, yes, but you can drive them with a light touch—these gay, good-looking Chevrolet wagons. You have six models to choose from—and they're all Sweet, Smooth and Sassy!

Talk about beautiful hard-working wagons! Chevrolet offers you the handsomest line-up of all to choose from. Whether you hanker for a wagon to help with do-it-yourself projects, to tote your gear for outdoor sports, or just to use as an all-round family car—here are eager beavers to see.

There are two-door and four-door models, with six- or nine-passenger capacities. They convert in a flash to take up to half a ton of cargo. The tailgate opens first, and wide, so there are any number of loads you can slip in without having to open the topgate.

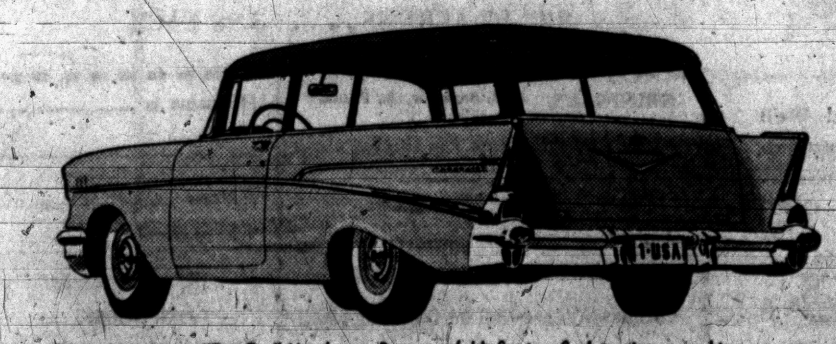

Being Chevrolets, they have the performance, too; up to 245* V8 horsepower that's frisky and smooth, yet practically as quiet as a kitten on a carpet. Being a Chevy, the one you choose will be a joy to handle with its steady way of going, its easier steering, smoother cornering and its keen, alert response.

Drop by your Chevrolet dealer's soon. Let him help you answer the only question that could possibly remain: *Which* of these Chevrolet station wagons is for you?

*Optional at extra cost. 270-h.p. high performance V8 engine also available at extra cost.

TUESDAY, MAY 7, 1957 — PONTIAC, MICHIGAN — FIFTEEN

PROBLEM 1, STRAIGHT LINE — Driver moves forward and backward on a straight path 11½ inches wide while keeping left wheels between the spheres (arrow). This young lady, as viewed from the car behind, was in trouble as she ran over the whole row of inside spheres.

PROBLEM 2, SERPENTINE — Driver twists and turns his car forward and backward through the exercise formed by five clusters of flag-topped markers. Most of 96 Greater Clevelanders taking test failed to navigate through the limited areas without touching a marker.

PROBLEM 3, OFF-SET ALLEY AND STOP LINE — After negotiating stanchion-lined narrow curve, driver must move into a dog-leg or off-set alley, at end of which is a stop line. He must try to stop with the bumper over the line.

PROBLEM 4, PARALLEL PARKING — Poles represent two cars that hogged a little extra room at parking meters. Contestants lost points for bumping poles, bumping the "curb," or stopping too far away from the curb line.

Test Young Drivers' Skill

Because of the extreme public criticism, mostly unwarranted, directed at young drivers and general alarm over the entire traffic situation, the United States Junior Chamber of Commerce in 1952 began the Teen-Age Road-e-o. Patterned after the National Truck Roadeo, last year's event was entered by some 275,000 teenagers. Four of the obstacle-type exercises are pictured above as preliminary tests were held at the Cleveland-Lakewood (Ohio) Road-e-o skill course.

Local winners move to the state finals with the state champion receiving an all-expense trip to Washington, D. C., on Aug. 12-15 where the three high-scoring contestants from the 48 state winners and Alaska and Hawaii representatives will receive $1,500, $1,000 and $500 scholarships.

You're eligible to enter if: you will not have reached 20 years of age by Aug. 15, 1957, the last day of the national contest; you have a driver's license or permit, and you have a clean record of no moving traffic violations in the six months preceding Aug. 1, 1957.

Involved in Break-Ins, Youth Put on Probation

Named as one of three youths involved in 22 recent Pontiac area breakins, David Wilson, 17, of 419 Howard McNeil St., was placed on three years probation yesterday.

Wilson, assessed $100 court costs by Circuit Judge George B. Hartrick, pleaded guilty to larceny from a building.

The other two youths were under the age of 16 and have been turned over to juvenile authorities.

Chinese Protest as Diem Arrives

Criticize Saigon Edict; Viet Nam's President Seeks Aid in U.S. Visit

SAN FRANCISCO (AP) — Viet Nam's President Ngo Dinh Diem, who arrived here yesterday for a state visit, today faced the same problem he left behind in Saigon —the status of the estimated 700,000 Chinese in his country.

★ ★ ★

Diem arrived from Honolulu last night in President Eisenhower's personal plane, the Columbine III, to find three of San Francisco's four Chinese newspapers carrying editorials deploring a set of decrees his government issued last August which make Chinese born in Viet Nam citizens of that country.

When Diem left Saigon Thursday several hundred Chinese had wrecked the first floor of the Chinese legation trying to get information on a reported offer by the Chinese Nationalist government to resettle them on Formosa.

Diem is in the United States to seek increased aid over the 200 million dollars the country has received each year in anti-Communist support.

Children's Home to Admit Public in Open House

Oakland County Children's Home has scheduled its first open house for Sunday, May 19.

From 1 to 5 p.m. the public will be able to visit the home at 2050 N. Telegraph Rd. and see how the county cares for its neglected, dependent and problem children, Superintendent W. O. Moulton Jr. said.

Visitors will tour the home itself, where delinquent children are housed and schooled, and the nearby cottages for homeless children and those from broken homes.

The teaching staff, affiliated with the Waterford School District, also will be on hand, although Sunday is a day-off from classes, Moulton said.

Resident psychologists and counselors will explain their interpretation of youngsters' problems and what is needed to help them.

Included in the tour, Moulton said, will be a visit to the medical unit and a description of the recreational program.

There will be displays based on the therapeutic handicraft program and movies showing the entire children's home operation.

Refreshments will be served at the end of the tour, Moulton said.

Steel Fist of 6th Fleet Offsets Red Arms

By JOHN BARBOUR
AP Writer

The clenched steel fist of the U.S. Navy moved into the Eastern Mediterranean last week — offsetting the weight of Russian arms in the delicate Middle East balance.

Some of the ships already have been ordered to leave.

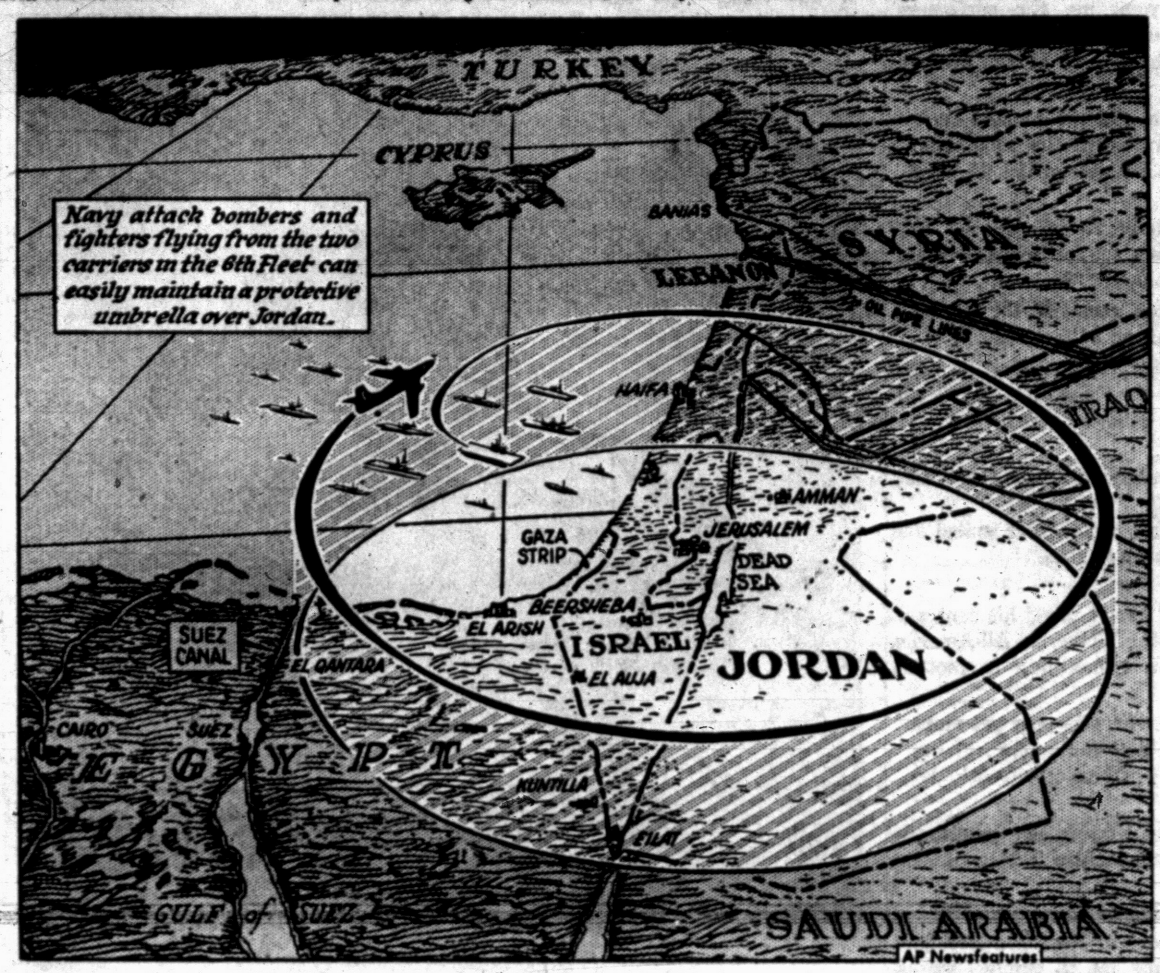

The U.S. 6th Fleet is a unique force with a unique duty. It includes two aircraft carriers, one of them the 60,000-ton supercarrier Forrestal.

The fleet's more than 170 planes are capable of providing close up tactical support for troops or delivering an atomic blow as far as Moscow, 1,000 miles to the north.

The Forrestal itself carries some 100 planes. The 40,000-ton Lake Champlain carries another 70. Their main air weapon is the Douglas A3D Skywarrior, a twin jet bomber that flys as 600 m.p.h. As the map shows, these aircraft could easily maintain a protective umbrella over Jordan.

★ ★ ★

With this air strike force are the battleship Wisconsin, the heavy cruisers Salem and Des Moines, some 16 to 24 destroyers, at least two submarines and a flock of support vessels.

The fleet's land legs are 1,800 tough Marines with super firepower, well-trained in beachhead operations. Largely because of its size, the Marine force is restricted to quick strikes inland or support for friendly troops.

For all its power, the 6th Fleet is more important for what it can do, than for what it likely will be called to do.

OUR VOICE RAISED

Vice Admiral Charles R. Brown, a former pilot, who commands the fleet, has said: "We can raise our voice without shouting. And without firing a shot we can create terrific repercussions." Events of the past weekend appeared to prove the statement beyond doubt.

Probably more important than its long range atomic potential in the current crisis is the fleet's capability of supplying ground support for troops such as the 20,000 man Arab Legion of Jordan.

★ ★ ★

The fleet has been carrying on large scale combat maneuvers in the Mediterranean with other members of the North Atlantic Treaty Organization.

Brown, who has headed the fleet since August, took his ships into French and Italian ports for Easter. The order to ship out to the Eastern Mediterranean came soon after.

It isn't the first time the 6th Fleet has had to drop what it was doing and bring help quick.

REPEAT SHOW

Last October, the fleet was carrying out landing exercises on the island of Crete. On the day Israel attacked Egypt, the fleet got its orders. The Marines clambered back aboard and the fleet moved quickly to Egypt.

While the larger ships kept a weather eye within sight of the shore, smaller ships went in to pull out American civilians from Egyptian cities. Marines stood by in case they met with opposition. Some 1,200 men, women and children were taken aboard and hurried to safety.

Ever since 1948, the 6th has patrolled the Mediterranean, protecting American interests. Lately, behind the Eisenhower doctrine, it has become the long hard arm of U.S. foreign policy.

Supreme Soviet Convenes to Revise U.S.S.R. Economy

MOSCOW (AP) — The Supreme Soviet convened today to approve a sweeping decentralization of Soviet economy involving everything from vast industrial enterprises to corner groceries.

Russia's equivalent of Parliament opened its special session in the Kremlin's marble-pillared former throne room of the Czars. The Soviet put the economic plan at the top of its agenda.

During deliberations in the next few days the legislators will approve the administrative resolution drafted by Communist party boss Nikita Khrushchev. The plan completely revamps the monolithic economic structure the Kremlin built up over the last 40 years.

Until now, the Soviet economy has been directed by several dozen big ministeries in Moscow. The new plan calls for a territorial system of organization. The central government will still set the broad lines of policy and planning, control prices and wages, allocate scarce materials and check on production by each region.

REGIONAL COUNCILS

But economic councils of the various administrative - economic regions of the Soviet Union will take over planning for local production and supervision of local performance, cutting many of the administrative strings that now lead back to Moscow.

The plan's approval by the more than 1,300 members of the Supreme Soviet is certain. But the plan itself will take months and possibly years to realize fully.

When and if it is completely achieved, it will give a new face to communism in operation in the Soviet Union. Many government ministries ultimately will be abolished or have their functions trimmed.

★ ★ ★

This plan represents the biggest revision of Soviet economy since Stalin collectivized the farms nearly 30 years ago. Since Khrushchev announced it in March, it has been the major topic of discussion in Communist party groups, factories and institutions of higher learning and by the press and radio. Some differences of opinion have developed over details but not over the conception as a whole.

Try to Save Deer by Using Helicopters

NEW ORLEANS (AP) — Coast Guard, National Guard and private helicopters joined forces today for an attempt to rescue 500 starving deer driven from feeding areas by high water.

Officials of the Fish and Wildtitle Service said the deer were trapped in marshes near the mouth of the Mississippi River. Some already have died of starvation, a spokesman said.

Officials planned to run the deer until they tired, then catch them and hoist them into boats for removal to other sections of the state where they can feed.

The idea of throwing hay to them was rejected. Officials said the deer will refuse to eat anything else if given hay.

Turnpikes to Reward Vacationers

WASHINGTON (NEA) — New concrete and asphalt will add a 12 per cent bonus to the weekends and vacations of Americans this summer.

★ ★ ★

This results from an estimated 1,000 miles of turnpikes, multi-lane federal-state highways, city bypasses and expressways which have been completed during the past year.

★ ★ ★

Taking advantage of this record highway growth will be 60 million Americans who plan to spend their weekends and vacations traveling in their automobiles. This is an all-time record and an increase of about 10 per cent over vacation driving last year.

The U.S. Bureau of Public Roads and other highway agencies supply the new road construction figures.

THE LURE OF THE TURNPIKE — One of five new superhighways opened since last summer is the 256-mile Kansas Turnpike, where 80 mph is the legal speed limit.

Experts of the American Automobile Association estimate the increase in travel and what the new roads mean in the way of a travel bonus. AAA National Travel Director, Elmer Jenkins, explains it this way:

★ ★ ★

"The new highways and city bypasses and expressways permit motorists to go more places more safely and easier than ever before. Vacation sites once considered too far for a weekend drive are now reachable. The same goes for the one, two and three-week vacationer and the places he can reach by car."

Jenkins points out, for example, that Chicagoans can save close to seven hours driving to New England. Travel time to Florida will be slashed, thanks to a new 108-mile turnpike in that state.

Just about 500 miles of new turnpikes—toll roads—will be open to the public as part of the nation's highway system. This figure and a unique collection of other information on turnpike driving comes from Parade, as reported in a recent article and in a guidebook and map which that publication has prepared.

★ ★ ★

Consolidated toll road information is difficult to gather because the federal government has no direct interest in turnpikes. And most of the turnpike authorities do not report directly to state highway agencies. Thus Parade's complete turnpike data is something the average motorist cannot get on his own.

The Parade report finds:

"Five new turnpikes have opened since last summer. The Kentucky Turnpike, 40 miles long, funnels traffic around Louisville and gives it a running start south. The 123-mile Massachusetts Turnpike connects the state's Berkshire playgrounds with the coast. Florida's 108-mile Sunshine State Parkway swings down the coast from Ft. Pierce to Miami. Kansas' 80 mph Turnpike offers a high speed route through the wheat country."

When the Indiana Turnpike was completed last winter Chicago and New York were linked by an 830-mile express road.

The study also reveals that nine major extensions and new turnpikes, totaling more than 400 miles, are now being added to the toll road network and will be completed between this summer and 1958.

★ ★ ★

These include the Erie, Berkshire and Niagara extensions to the New York Thruway; the Calumet Skyway, Chicago-Rockford-Beloit Turnpike and Chicago Belt Line in the Chicago area; and the Richmond-Petersburg Turnpike in Virginia, among others.

An estimated 500 miles of public, federal-state highways, comparable to the toll roads were also opened this year, giving a total of 6,400 miles of free expressways to U.S. drivers.

At the same time the gigantic 50 billion dollar new federal-state highway program which will end up adding 41,000 miles of super highways, 235,000 miles of primary roads and 520,000 miles of two-lane secondary roads is now under way.

Work has begun on 825 miles of the super highways in this program.

Doctor Sought by Community

Town Without Physician Appeals to Governor of Pennsylvania

ORANGEVILLE, Pa. (AP) — This tiny community in north central Pennsylvania wants a doctor. It has been without a physician for seven years.

Yesterday the town, which has about 500 persons, sent its second appeal to Gov. George M. Leader regarding the situation after hearing another candidate had been turned down. Two foreign-educated doctors who wished to practice here have been rejected by the State Board of Licensure.

The community has been told that Dr. O. Ersoy, a Turkish physician on the staff of Casualty Hospital in Washington, did not qualify to practice in Pennsylvania. Dr. Ersoy is a graduate of a medical college in Turkey. He served his internship at St. Louis, Mo., Baptist Hospital and has been at the Washington hospital for a year and a half.

The board said the Turkish medical school did not meet state requirements. Previously Orangeville had hoped to secure the services of a Hungarian refugee doctor but he also failed to qualify under Pennsylvania standards.

Just seven years ago, in 1950, the Detroit Lions started the football season with 8,685 fans assured for every home game. This was the total of season tickets sold that year.

As the football fortunes went up, the customers' demands also rose. The world championship team of 1952 brought 21,606 season ticket holders to Briggs Stadium the following year.

Another championship team and the demand grew to 28,553 for 1954. Last year, despite the cellar team of 1955, a record breaking 36,586 season tickets were sold.

Yesterday, the Lions officially kicked off the 1957 ticket campaign but already there are less ducats remaining than the entire amount sold in 1951.

To date, orders have been received for 31,228 season books, which is far ahead of last season.

Since Briggs Stadium has 44,053 reserved seats, there is no doubt a great portion of the remaining 13,717 will be long gone before the season gets underway.

WHAT'S WITH KRAMER?

Recently, someone asked Ron Kramer if the Green Bay Packers have tried to sign him.

Kramer, the Packers' top draft choice, just smiled and shrugged answering, "they've been around."

★ ★ ★

Yet, apparently Kramer still hasn't inked his contract. The source then indicated that the Wolverine All-America end may be thinking about a twin-killing in football and basketball.

If Kramer goes to Canada where he may get more money, the football season will end sooner, giving Ron a chance to swing into pro basketball with the Pistons.

The Pistons would like to have Kramer as a local drawing card when they start their franchise in Detroit next season.

Familiar Faces Tame Tigers in 13 Inning Battle

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

DETROIT — It never seems to fail in baseball — trade away a couple players and in due time they will find occasion to come back and hurt you.

That's just what happened at Briggs Stadium yesterday when the Baltimore Orioles snapped Detroit's four game winning streak with an 8-6 victory in 13 innings.

It was former Tiger Jim Brideweser who delivered a double down the left field line in the 13th frame to drive in the two runs which broke a 6-6 deadlock.

The victory went to another ex-Bengal, George Zuverink who won his second game (2-0) in relief with masterful pitching for seven innings.

★ ★ ★

The Tigers, on other hand, were unable to get the necessary aid from a couple players they received via the Kansas City trade.

Relief pitcher Jack Crimian suffered the loss as the Orioles blasted him in the 13th, and Eddie Robinson again failed in a pinch hitter's role to deliver a clutch hit which was needed in the 11th frame with a big run in scoring position.

For Brideweser it was his first hit of the season, but it was the big one. Gus Triandos opened the 13th with a double. Dick Williams was walked intentionally after Jim Pyburn flied out. Then Brideweser drove the ball past Reno Bertoia down the line for the double as both runs scored.

★ ★ ★

Rookie Don Lee was given a 4-0 lead in the first inning with Frank House doubling in three of the runs after Al Kaline tripled home Frank Bolling.

Baltimore's three runs in the 3rd came with three singles and a triple, the big blow by Bob Boyd.

In the 5th, Lee singled, Harvey Kuenn sacrificed, and Bolling and Karl Olson had infield hits aided by Kaline's fly for two runs to make it 6-3.

★ ★ ★

Bob Nieman homered in the 6th to make it 6-4, but in the 8th Baltimore tied it up. Lee gave up singles to Boyd and Triandos, but he left the mound with two outs after getting hit in the ankle with a line drive.

Steve Gromek relieved him and his first pitch felled George Kell as it hit him in the head. Pyburn ran for Kell and the bases were loaded.

Gromek then drove Dick Williams away from the plate with his sidearm pitch, but then Williams singled and the tying runs scored.

The best pitching performance came from Jim Bunning for the Tigers. Bunning did not give up a hit in 2 2/3 innings.

The loss again pushed the Tigers below the .500 mark as the Washington Senators moved into town for a three game series. Paul Foytack was slated for the mound against Russ Kemmerer today.

The injured Kell was removed to Detroit Osteopathic Hospital where he will be kept under observation for 48 hours. X-rays showed no concussion.

PULLED THE SWITCH — The Tigers couldn't use (l to r), pitcher George Zuverink, outfielder Bob Nieman and infielder Jim Brideweser against the Orioles yesterday. But these three — all ex-Tigers—combined their talents ofr an 8-6 victory over the Tigers in 13 innings. Zuverink pitched seven scoreless innings of relief ball to get the victory; Nieman hit a sixth inning homer and Brideweser drove in the two runs that won the contest with a 13th ining double.

Lions Report Outlook to Be Bright for '57

DETROIT — The Detroit Lions looked over their 1957 grid prospects at a press luncheon in the Detroit Athletic Club yesterday and the picture which was outlined was by no means pessimistic.

★ ★ ★

Coach Buddy Parker, who received a two-year contract after the 1956 Lions jumped from the 1955 cellar to within a half game of the Western Division title, indicated satisfaction with the array of veterans which would report for training camp at Cranbrook later this summer.

"We do hope to get some help from six or seven rookies, however, and there is a possibility of a trade," said Parker.

The trade in mention could be either with Green Bay, Cleveland or San Francisco.

★ ★ ★

Parker said Harry Gilmer would not return to the club and as a result former Iowa quarterback Jerry Reichow would move into the position behind veteran Bobby Layne.

This could mean that the Lions may look to Green Bay for an additional signal-caller. The Packers have Babe Parilli, Tobin Rote, Bart Starr and their top draft choice Paul Hornung.

No Lion names were mentioned as trade-bait, but from the Browns, Parker would like to get Roger Zatkoff, linebacker who starred at Michigan.

★ ★ ★

The Lions expect to open training camp at Cranbrook late in July with about 60 players. A pre-season schedule of six games will be played.

Need Playoff for Medalist

Kirby, Probasco Tied at 79 in Southern's Qualifying Round

MEMPHIS, Tenn. (AP)—Two former champions of the Women's Southern Amateur Golf Tournament tee off today in a sudden death playoff to determine this year's medalist.

★ ★ ★

Dorothy Kirby of Atlanta and Mrs. Scott Probasco Jr. of Chattanooga, Tenn., both finished yesterday's 18-hole qualifying play with six over par 79s.

In a sudden death playoff, the first player to win a hole wins the medal.

★ ★ ★

Tied for third place with 80s were Polly Riley of Fort Worth, five times winner of the tourney; Mrs. Maurice Glick, Baltimore, also a former champion; and Frances Rich of Dallas.

★ ★ ★

Mary Ann Downey of Baltimore, the defending champion, came in with an 81 and sixth place. She had to shoot the lowest nine of the qualifying to hit that figure, going out in 43 and coming in with a nifty 38.

★ ★ ★

Match play continues through Saturday with the finals over 36 holes.

HEADS HE WINS — Fullback Tony Cervato of the Italian team seems to be taking a stroll in thin air as he heads the ball away from a Northern Ireland athlete before a packed Olympic Stadium in Rome.

Amateur Status Questioned

SAN FRANCISCO (AP)—A formal investigation into the amateur standing of two-time National Amateur golf champion Harvie Ward appeared likely today after grand jury testimony by his employer that he paid Ward's expenses to two Eastern tournaments in 1954.

★ ★ ★

An official of the United States Golf Assn., which supervises amateur play, predicted the group's amateur status and conduct committee probably would ask Ward for a formal statement "very soon."

★ ★ ★

USGA rules expressly forbid accepting expenses "from any source other than one on whom the player is normally or legally dependent but excluding an employer." The USGA's northern California director, Stuart Heatley, said if Ward accepted the expenses, he "definitely breached his amateur standing."

San Francisco automobile dealer Edward E. Lowery told the grand jury that he took Ward to Ontario, Canada, where he won the 1954 Canadian amateur championship.

★ ★ ★

"Then," Lowery confided, "we went to Detroit to play in the U.S. amateur championship." The auto dealer said Ward was his guest as a reward for "good work as a salesman."

Lowery made the statements last month before he was indicted on charges of evading state income taxes of $43,666. The testimony was made public yesterday.

★ ★ ★

Ward, 31, a salesman for Lowery, returned to San Francisco last night from the Colonial Golf Tournament in Texas. He told newsmen he was not working for Lowery at the time of the 1954 trip and had merely been his "guest." Part of the trip, Ward added, was paid for by the USGA itself.

★ ★ ★

The grand jury transcript also disclosed Lowery loaned $11,000 to the golfer. Heatley, who recently succeeded Lowery as a USGA director, indicated that if the tournament expenses were included in the loan, Ward "is in the clear—if it is paid back."

Lowery declined to discuss the $11,000 loan on advice of his attorney.

Hart Asks for Walt Byars Following Runaway Victory

NEW YORK (AP)—Garnet "Sugar" Hart, 21, Philadelphia's classy welterweight prospect, today offered substantial guarantees to the three leading contenders and Boston's Walt Byars for a June or July fight in Camden, N. J.

★ ★ ★

Boston's Tony De Marco and Byars can get at least $10,000 each and Mexico's Gaspar Ortega and Cuba's Ike Logart $7,500 each for a scrap with Hart, said Manager Marty Stein.

★ ★ ★

Stein, a Philadelphian, issued the challenge after Hart handed Al "Sugar" Wilson a terrific pasting in a telecast 10-rounder at St. Nicholas Arena last night.

The skinny, 5-11 Hart received 9-1 votes from all three officials. He lost the ninth because of a low blow.

"From now on we want only the top contenders and Byars—especially Byars," said Stein. "We'll even guarantee him $10,000 and fight him in Boston if he doesn't want to fight in Camden."

Hart is dead set on getting a return crack at Byars, a crafty ex-marine who outpointed Sugar in Madison Square Garden last March 8. That was Hart's second pro defeat and his first loss in two years.

★ ★ ★

"Byars won by going into his shell and fighting like a turtle," said Hart. "Now I know how to cope with his kind of style. Willie Stevenson and Wilson both tried to fight like Byars."

Hart stopped Stevenson in seven April 15.

★ ★ ★

"After the fourth round I decided not to go knockout crazy against Wilson," said Hart. "He was just trying to go the limit and he's got a real strong jaw. Another turtle fighter."

The kid with the Elvis Presley sideburns hit Wilson, making his first start in five months, with every punch in the book. He had Al bleeding from the nose and staggered him several times but he couldn't floor him. Wilson has been stopped once and that happened eight years ago.

★ ★ ★

A 5-1 favorite, Hart, 148, scored his 22nd victory. He has lost two. Wilson, 149, lost his 17th fight. He has won 27. A crowd of 1,385 paid $2,865 to see the near-shutout.

Net Champ Will Miss Tourney

ST. PETERSBURG, Fla. (AP) — The National Senior Clay Court Tennis Tournament opened today without champion Bryan "Bitsy" Grant.

Grant, a former Davis Cup player, advised the tournament committee he could not play because of pressure of business. He had won the event the past two years.

With Grant out, the No. 1 seeded position went to Jack Station of St. Petersburg, the 1954 champion.

Station drew a first round bye and will play Carl Herkner of Haddonfield, N.J., in the second round.

Two Mustang Athletes Lose Scholarships

DALLAS (AP)—Southern Methodist University has cancelled the scholarships of two athletes because of a recent dormitory disturbance, Athletic Director Matty Bell disclosed yesterday.

★ ★ ★

Bell said the athletes, football end Willard Dewveall of Weatherford, Tex., and high jumper Clarence Miller of Crane, Tex., both were suspended from their teams. They were asked to move out of the athletic dormitory, Bell said.

★ ★ ★

He said they came into the dormitory early last Wednesday, yelling and kicking on doors. Bell said the question of their being restored to good standing next year depends on their coach's recommendations.

From Trotter to Warrior for 'Woody' Sauldsberry

PHILADELPHIA (AP)—The Philadelphia Warriors of the National Basketball Assn. have announced purchase of Woodrow "Woody" Sauldsberry from the Harlem Globetrotters.

The price for the 6-foot-7 Sauldsberry was not announced. Originally from Los Angeles, Sauldsberry starred in college days at Texas Southern and joined the Trotters late in the 1954-55 season. He is rated a good shooter and rebounder.

Around the Prep Front

By CHUCK ABAIR

Baseball dominated the Prep sports calendar around the Oakland County area yesterday with an abundance of highlights packed into the games played.

Some of these were a triple play pulled by winless Bloomfield Hills, a no-hitter by Milford's Dan Lancaster, the scoring of 23 runs in four innings by Orchard Lake St. Mary, Romeo's sixth straight victory, and the use of a total of 10 pitchers in a game by Clarkston and Holly.

Important league action was featured in the Wayne-Oakland loop with Milford and Clarenceville holding on to their division leads. Orchard Lake St. Mary moved ahead of the pack in the Suburban Catholic with two victories.

★ ★ ★

Three errors by his mates and nine walks kept Lancaster in hot water in his 5-2 verdict over Brighton as the Redskins extended their record to 4-1 in the north. Pat Kelley's two-run single paced a three-run 1st that clinched the game early.

Clarenceville remained the only unbeaten team in the W-O whipping Northville, 9-3. The 1st place battle left the winners with a 5-0 record to top the southern group.

West Bloomfield moved into a tie with Northville for 2nd with an 8-6 triumph over Bloomfield Hills. The Lakers tallied three times in the last two frames to break up a nip-and-tuck battle.

★ ★ ★

The Barons turned in the triple play in the 5th with two on when 3rd sacker Frank Borgon caught a line drive. He threw to 2nd to Jim Jones for the 2nd out, and the relay to Bob Barrett at 1st completed the gem. Barrett was the hit star of the day with three safeties. Bloomfield Hills has dropped five straight.

A 13-hit attack and some fine relief pitching by Ed Roberts enabled Clarkston to stay in contention for northern division honors with a 13-6 win over Holly. George Lang, Leroy Parks and Dave Gaddis each had three runs batted in against the total of six Bronco hurlers.

The Orchard Lake-St. Benedict debacle was called after 4½ innings due to the one-sided 23-6 score. Paul Franckowiak was the winning pitcher and also belted three hits, one a grand slam homer.

★ ★ ★

Speaking of homers, Romeo was held to one but it broke up the game as the Bulldogs walloped Utica by a 13-4 count. The visitors overcame a 2-1 deficit and led 3-2 when Roy Ritter connected with two on. Bortman had a two-run circuit for the losers. Fred Browarski won his 3rd start as four mates garnered two hits apiece.

★ ★ ★

In track, Ortonville took nine 1sts and tied for another to easily win a triangular at Flint with 81½ points. The Michigan School for the Deaf was 2nd with 38½ and Morrice had 19. Larry Burns and Al Dickason were double winners as the Hawks won their 3rd meet in six outings.

The schedule for Wednesday:

Track
Waterford at Walled Lake
Rochester and Ortonville at Oxford
Clawson at Berkley
Holly at Durand
Birmingham at Ferndale
E. Detroit at Hazel Park

Golf
Birmingham at Ferndale
Waterford at Walled Lake
Clarkston at St. Frederick

Royal Oak at Berkley

Lew Burdette 'Spitting' Mad

Crazy Hop Helps Dodgers Shade Braves

By THE ASSOCIATED PRESS

Lew Burdette was mad enough today to spit. And so were the rest of the Milwaukee Braves.

The ball took a crazy bounce yesterday at the most inopportune moment, depriving Burdette of his fourth victory and the Braves of a 4-3 triumph over Brooklyn.

★ ★ ★

Instead, the Dodgers went on to win 5-4 in 14 innings to gain a split in their two-game series at Ebbets Field.

★ ★ ★

Here's what happened. The Dodgers were at bat in the 12th, trailing 4-3, two out, runners on first and second and Carl Furillo the batter.

Burdette, who had overcome a 3-0 deficit and a warning from plate umpire Lee Ballanfant after nearly decapitating Roy Campanella with a pitch, was getting along swimmingly. Since the first inning, when Carl Furillo smashed a three-run homer, the Dodgers hadn't come within spittin' distance of a run. Burdette disposed of the first two batters easily but Gino Cimoli clubbed a double for his fourth hit.

★ ★ ★

Sandy Amoros walked on a 3-2 pitch but the game apparently was over when Furillo sent a bouncer to shortstop. Just as Johnny Logan got set to field the ball, it took a bad hop over his head and Cimoli raced home with the tying run.

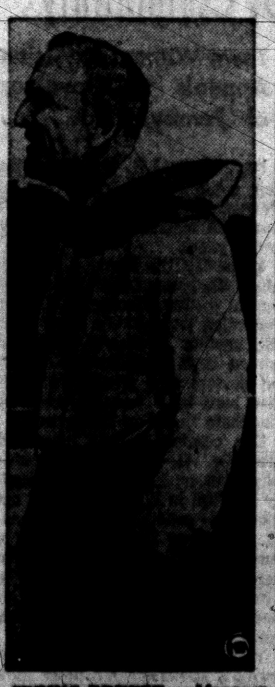

★ ★ ★

In the 14th, Cimoli crashed a pitch by reliefer Red Murff into the left field stands for a home run to break up the overtime tussle.

★ ★ ★

In the only other game in the National League, the Chicago Cubs whipped the New York Giants 6-2 to move into a seventh-place tie with Pittsburgh.

Kansas City, the early season surprise of the American League, broke a three-way tie for fourth place with an 8-2 victory over Washington. Baltimore dropped Detroit into sixth place, defeating the Tigers 8-6 in 13 innings.

SPRING BREEZE — Manager Casey Stengel airs himself on the Yankees' first western swing, but the early going hasn't been quite as easy as a lot of people suspected.

Improvements Completed at Birmingham CC

The Birmingham Country Club completed a major expansion and improvement program this week with the opening of a new men's grill.

★ ★ ★

Containing approximately 6,000 square feet of space and seating 140 persons, the completed two-level grill permitted expansion of the men's locker room by 64 lockers.

★ ★ ★

The improvement program also included construction of a swimming pool and a new shower room in addition to air-conditioning the clubhouse.

★ ★ ★

Naming and formal dedication of the grill room will be held later in the season.

Ailing Vasquez Drops Out of Detroit Fight

DETROIT (AP) — A new opponent was sought today for a May 22 televised bout against Kenny Lane of Muskegon, Mich.

★ ★ ★

Baby Vasquez of Mexico, who was scheduled to fight Ken, withdrew yesterday. His manager, George Parnassus, said the fighter had injured his back while training.

Birmingham Golfers Whip Pontiac High

A well-balanced Birmingham High School golf team handed Pontiac a 13½ to 1½ trouncing Monday afternoon at Pontiac Municipal Golf Course.

Four Birmingham golfers broke 80, led by medalist Pete Green with 73. Pete Jackson shot 75, Mike Conroy 77, Tom McDaniel 79 and Warren Sumner 80.

Sam Coleman fired 78 to lead the Chiefs. Other Pontiac scores were Dick Singleton 82, Dick Whitmer 83, Nick Shorter 84 and Jerry Martin 91.

Match play results:

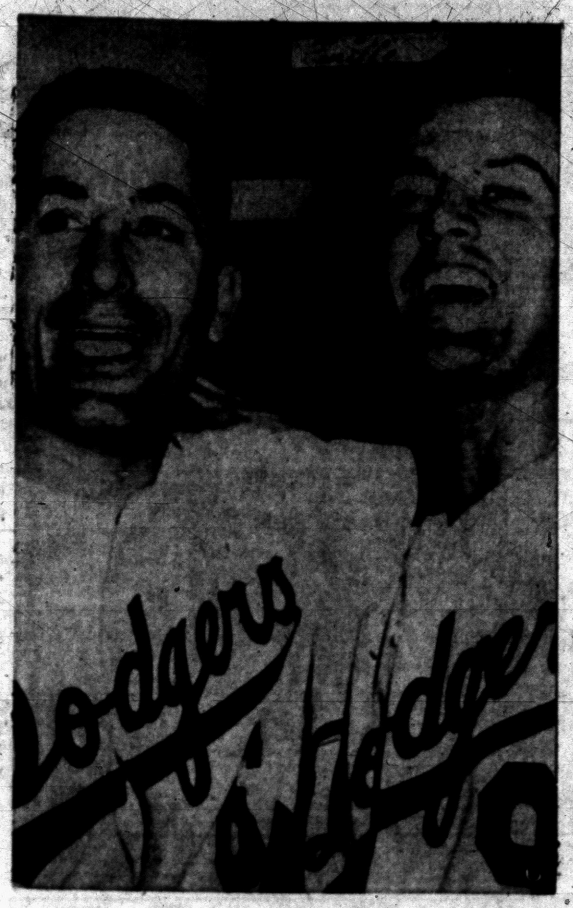

Jackson (B) def. Whitmer (P), 3-0; Sumner (B) def. Martin (P), 3-0; McDaniel (B) def. Shorter (P), 3-0; Conroy (B) def. Singleton (P) 2½-½; Green (B) def. Coleman (P), 2-1.

Basilio Fights May 20

SEATTLE (AP) — World welterweight champion Carmen Basilio will fight a 10-round non-championship match here May 20, the Seattle Boxing Club announced tonight. Basilio's opponent has not been named. Club officials said he will be an Eastern welterweight.

Ackerman Wins Pair

DETROIT (AP) — Brown Valley Farm and driver-trainer Jack Ackerman won two more races at Northville Harness Race Track last night. Iosola Song won the third race and Royal Valley won the seventh.

HITTING HEROES — Gino Cimoli, right, gets the hero treatment from Carl Furillo in Dodger dressing room last night after Cimoli's 14th inning home run broke up the game with Milwaukee, giving the Dodgers a 5-4 victory. The two outfielders accounted for nine of the Dodgers' 13 hits and all five of the runs. Furillo had four hits, including a three-run homer in the first inning. Cimoli scored on a Furillo hit in the 12th to tie things up after Milwaukee had taken the lead, and his game winning homer was his fifth hit.

Publinxers Steal Show

By H. GUY MOATS

With a record-tying 66 for his individual card, young and very efficient Herb Marcussen of Redford public course teamed with three amateurs to grab an unprecedented three-way victory in the season's 1st PGA Pro-Am golf test of the season. The publinxers stole the show.

Herb tied a Tam O'Shanter course mark set a year ago by the host pro, Warren Orlick. His personal card was a five-under-par 34-32—66 (par is 35-36—71). On the way Marcussen fired seven "birds" and bogied two holes, the 1st and 17th. His birdies came on the 4th, 7th, 10th, 11th, 14th, 16th and 18th. He chipped into the cup for his final shot of the day, a better than 20-footer.

No. 1 team and card was the 64, coupled with Howard Matson.

★ ★ ★

In the No. 2 position Herb had a 65, paired with Leo Gitre and the same score was compiled with Stan Savage of Pontiac for the third top place. Matson is from Redford, Gitre from Rackham course, all operated by the City of Detroit.

Marcussen took down $298 for his share of the $496 his teams won.

Tied for 4th were Bob Inman of Detroit Golf Club, who had 66 with radioman Don Wattrick; Tom Talkington of Washtenaw CC with Ken Gamber, and Talkington with Wally Sinterman, all with 66s.

Seven shared the 5th spot at 67, last place that got in the money. They were Chet Jawor of Detroit (Rackham) with John Knapp; Bob Solomon, new aide to Wally Burkemo at Franklin Hills, with Ken Charlend; Reg Myles Jr. of CC of Detroit with Lou Wendrow; Bob Keller of Red Run with Dick Whiting and George Wilson; Tony Ondrus of Meadowbrook with Lou Dallas and Dick Haymen of Lochmoor with Dennis McInerney.

Field included 49 professionals, 184 total players.

Archie's Ready if Price Is OK

FRANKFURT, Germany (AP) — Archie Moore, 40-year-old light heavyweight champion, yesterday came up with a couple of "ifs" for his tentative championship fight with Tony Anthony June 7.

Moore told a press conference of German and American newsmen he wants $100,000 to defend his title.

"I've lost at least $100,000 in the almost five years I was kept waiting for a shot at the light heavyweight title and I believe its only reasonable that I get the same amount for the title defense," he said.

★ ★ ★

"I'm willing to defend my title against Tony Anthony if my monetary demands are met and if I'm in fighting shape again," Moore added.

Banquet Honors County Workers Bowling Teams

The Social Katz team, representing the Social Welfare Board, clinched its 3rd title in five years in the Oakland County Employees League recently with 89½ wins for the season. The champs led since late November.

Ohio Team Takes Over Lead in WIBC Event

DAYTON, Ohio (AP) — Weidemann's of Portsmouth, Ohio, with 2,406, leads division No. 2 of the Woman's International Bowling Congress Tournament today.

★ ★ ★

Weidemann's moved into the lead Sunday night, dropping Northfield Tap, Grand Rapids, Mich., with 2,400, into second place. Division No. 2 is limited to teams with 650-750 averages.

MONDAY'S STARS

Batting — Gino Cimoli, Dodgers —Cracked five hits in seven times at bat, including a 14th inning home run that gave the Dodgers a 5-4 victory over the Milwaukee Braves.

★ ★ ★

Pitching — George Zuverink, Orioles — Hurled four-hit ball in seven shutout relief innings to be credited with Baltimore's 13-inning 8-6 triumph over the Detroit Tigers.

Showdown Talks Set for Today With Nats Here

Senators Plan 'Drastic Changes' After Losing Eighth Straight Contest

DETROIT (AP) — Calvin Griffith said today he plans to relieve Charlie Dressen as manager of the last-place Washington Senators.

★ ★ ★

Griffith made an overnight trip from Washington where he had been quoted as saying he planned "drastic changes" after the Senators lost eight straight games, and 16 of their first 20.

★ ★ ★

Griffith at first refused to comment on a published report that he planned to fire the 58-year-old Dressen, now in his third season at the Senators' helm. Later he said "I don't know how the story got out—only a couple of people knew about it."

★ ★ ★

He was asked about the report that he would offer Dressen a job as assistant to the president.

"Everything will have to wait until I talk with Chuck. He may not want what I'm going to offer him. I may not even talk with him until after today's game," Griffith said.

★ ★ ★

The Senators were scheduled to open a three-game series against the Detroit Tigers this afternoon. Griffith said "You have to make some kind of a move when things are going as badly as they are for us right now—and you can't piddle around—you have to make the move fast."

"We were pretty close to swinging a couple of player deals then," Dressen explained, "but they'll take the four or five real solid players on our club. Hell, the rest of these guys are trying to get us to finish 10th in an eight-team league."

★ ★ ★

The report from Washington said Griffith was prepared to offer Dressen a post as assistant to the president. Asked if he would accept such a position, the manager said:

"I don't know. I have to talk to 'the man' first. I can't say anything until I see him — he's the boss. I figured maybe we'd talk on the phone tomorrow about a trade — but I never expected anything like this."

★ ★ ★

Dressen, who parted company with the Dodgers after the 1953 title season because Dodger President Walter O'Malley wouldn't give him more than a one-year contract, said this about his Washington club:

★ ★ ★

"We didn't expect miracles, but we figured we'd get off to a better start. We have pretty much the same team that finished seventh last year — and some of these other teams, Baltimore, Kansas City and Detroit — have improved themselves."

'Most Valuable' Recognition

Gordie Howe Gets Hart Trophy for Third Time

MONTREAL (AP) — Gordie Howe of the Detroit Red Wings yesterday became the 3rd player in National Hockey League history to win the Hart Trophy more than twice.

The big right winger now has won the coveted prize, and the $1,000 that goes with it, for the 3rd time in his 11-year NHL career. The trophy is awarded to the player judged by hockey writers, broadcasters and telecasters in the six NHL cities to be the most valuable to his team.

Howe won easily. He polled 111 points to his nearest rival, Jean Beliveau of the Montreal Canadiens who got 58. Andy Bathgate of the New York Rangers was third with 51 points.

The award money boosted Howe's extra winnings for the season to $4,500. He won the NHL scoring championship, was a member of the title-winning Wings and was voted to the right wing spot on the NHL all-star team. Each of these achievements was worth $1,000. Howe also won $500 as a member of the losing Stanley Cup semifinal team.

Winning the Hart Trophy for the 3rd time moves Howe into select company. In seasons long past Eddie Shore won it four times and the late Howie Morenz, three times. No other player has won it more than twice.

Last season Howe scored 44 goals and had 45 assists for 89 points.

In his 11 seasons in the NHL — all with Detroit — the 29-year-old native of Floral, Sask., has won the league scoring title five times, has been selected to the first all-star team five times and the 2nd team three times and has been a member of eight NHL champions and four Stanley Cup winners.

Behind Howe, Beliveau and Bathgate, 16 others received points in the voting. Players who reached double figures were Terry Sawchuk, Boston Bruin goalie, who got all his 35 points at the mid-season balloting before he quit the Boston team; Doug Harvey, Montreal Canadiens, 17, and Eddie Litzenberger, Chicago Black Hawks, 13.

Preakness Takes Spotlight

By ASSOCIATED PRESS

The word among racing fans around the country is "Preakness". The big second-third of the Triple Crown, scheduled for two Saturdays hence, is attracting interest wherever a horse with entry possibilities is racing.

Such was the case yesterday at Garden State Park at Jamaica, when two possible opponents of Iron Liege, Bold Ruler, et al, showed their possibilities—good or bad.

★ ★ ★

And the verdict in both cases was good and bad. At Garden State, Calumet's idea of having another twosome in the Pimlico May 18 received a severe jolt when Simon Kenton showed poorly in the Riverside Purse. He was outrun and outgamed by Raritan Stables Hello Junedear.

In the feature event at Garden State, P. and W. Stables Lucky George sped to a length and a half victory in the $10,000 Lancaster Purse in 1:11 3-5. He paid $9.40.

The verdict for the Preakness at Jamaica was favorable and impressions were good as Greentree Stables Cohoes won a length and a half victory in the Rock Hill Purse.

★ ★ ★

There were still racing fans at Churchill Downs on the first racing day after the 83rd Kentucky Derby. There were also some memories of Saturday's memorable event.

In the feature, G. S. Kilpatrick's Mr. Fantastic withstood a stretch drive by Betsy T. to win the $4,000 feature in 1:11 4-5 to pay $4.

Shoemaker Is Out for 15 Days

Jockey Gets Suspended for Misjudging Finish in Kentucky Derby

LOUISVILLE, Ky. (AP) — One of the biggest miscues in racing history has cost jockey Willie Shoemaker a 15-day suspension.

★ ★ ★

Churchill Downs suspended Shoemaker yesterday for "gross carelessness" in misjudging the finish line in last Saturday's 83rd running of the Kentucky Derby.

★ ★ ★

Shoemaker's mount, Gallant Man, finished second in a photo finish to Calumet Farm's Iron Liege.

After the race, Shoemaker said he mistook the 16th pole for the finish line and eased up on his mount.

Officials at the Downs said their authority is limited to Kentucky, but, normally, all American tracks will honor the suspension, which goes into effect tomorrow.

★ ★ ★

Shoemaker agreed the action will keep him out of the Preakness at Baltimore's Pimlico track May 18. He added he had been assigned to ride Gallant Man in that race.

★ ★ ★

The suspension will keep him from riding until May 23.

Tiger Reserves Little Help as Pinch-Hitters

DETROIT (AP) — What happened to all this bench strength the 1957 Detroit Tigers were supposed to have?

Tiger pinch hitters currently are banging away at American League pitching at a .080 clip. Manager Jack Tighe has called on 30 pinch batters.

Five have reached base via bases on balls. Two have hit safely. The 2-for-25 batting clip is far under the club's 1956 pinch-hitting mark. It was 43-for-153 last season and the average was .281.

CMC Footballers to Play 10 Games

The Central Michigan College football team, riding a 15-game winning streak, will play a 10-game schedule which will include powerful Western Kentucky State this year, it was announced today by Dan P. Rose, athletic director.

The newcomer to the slate will be met at Bowling Green, Ky., Oct. 26. Season play begins Sept. 14 with Bradley providing the opposition in the annual Red Feather tilt at Saginaw.

★ ★ ★

The schedule: Sept. 14 vs. Bradley at Saginaw; Sept. 21 vs. Western Michigan at CMC; Sept. 28 vs. Hillsdale at CMC; Oct. 5 at Illinois Normal; Oct. 11 at Eastern Michigan; Oct. 19 Northern Illinois at CMC; Oct. 26 at Western Kentucky; Nov. 2 vs. Eastern Illinois at CMC; Nov. 9 at Southern Illinois and Nov. 16 vs. Western Illinois at CMC.

Madison Nips Eastern in Junior Track Meet

Victory in the final event of the afternoon — the 440 relay — gave Madison a 42½-34½ triumph over Eastern yesterday in a junior high dual track meet at Wisner Field.

Dennis Vincent, who won the 100 yard low hurdles, and Dave Fox, shot put victor, each scored 9 points for Madison. Eldorado tallied 10 points for Eastern, winning the 100-yard dash and the high jump.

The win was Madison's 2nd in three outings.

Big Ten Votes to Continue Financial Aid to Athletes

CHICAGO (AP)—Big Ten athletic leaders are divided over a question asking whether the new financial aid to athletes program led to wholesale raiding by outside schools.

★ ★ ★

Stu Holcomb, Northwestern athletic director, yesterday blamed the plan for large scale raids in the Chicago area but received the backing of only three other schools—Iowa, Minnesota and Indiana.

★ ★ ★

The others — Illinois, Michigan, Michigan State, Wisconsin, Ohio State and Purdue—said they could see little or no difference.

The 6-4 margin is the same by which the Big Ten approved the new program last February. The plan prohibits a conference school from making a formal or valid tender of aid to an athlete until June 15. It also bases aid to athletes on proven need and financial statements from parents are required to prove such need.

★ ★ ★

"In time the plan will kill us," Holcomb said. "I am sure the rest of the conference had anticipated an invasion of recruiting forces from outside because of the new plan."

★ ★ ★

Holcomb listed the following schools as "very aggressively recruiting in this area:

Notre Dame, Pitt, Syracuse, Stanford, Colorado, Kansas, Kansas State, Kentucky, Nebraska and Penn, Columbia, Cornell, Yale, Dartmouth, Princeton and Harvard, all Ivy League schools.

Stanford Coach Chuck Taylor, however, said the school hasn't heightened proselyting in the Chicago area in recent years adding "we've never been too strong there."

Bob Devaney, new football coach at Wyoming, is the ninth Michigan State assistant coach in recent years to move into a head coaching post.

UNHAPPY HARVIE — National Golf Champion Harvie Ward, left, just returned from the Colonial Tournament in Texas, reads a newspaper story concerning his amateur standing, at San Francisco last night, as reporters wait to question him. His employer, auto dealer Edward E. Lowery of San Francisco, under indictment for assertedly evading income taxes, has said that he sponsored Ward in several amateur tournaments. Ward, who was very close-mouthed with the reporters had apparently not known of the furor until he disembarked from a plane.

A's Are Loaded in Outfield

KANSAS CITY (AP) — Manager Lou Boudreau of the Kansas City Athletics has a problem and it's simply this: How do you play six outfielders who have hit 17 home runs and batted in 56 runs in the team's first 19 games?

★ ★ ★

"I'm happy to have this problem," said Boudreau after the A's swept three games from the Washington Senators. "I hope I have it with me all year."

★ ★ ★

Leading the parade of slugging Athletic outfielders is veteran Harry Simpson, who is batting .384, second in the league, with 19 RBIs and five home runs.

★ ★ ★

Next comes Gus Zernial, the once feared home run hitter who in the past couple of seasons has seen entirely too many curve ball pitchers. Gus has regained his old form and is hitting .279 with 13 RBI's and four homers.

Lou Skizas, a .314 hitter last season, hit five home runs and batted in 10 tallies in the first 14 games and then was hit by a pitched ball.

★ ★ ★

Crux of the whole trouble lies with Jim Pisoni, a rookie who is a defensive wizard. Pisoni slugged a bases loaded homer yesterday. But his average, home run included, is .184. Then there are Bob Cerv and Joe De Maestri.

Major League Baseball Bid

San Francisco Tries Again

SAN FRANCISCO (AP)—San Francisco will make another bid for major league baseball Thursday when Mayor George Christopher flies to New York to meet Walter O'Malley, Brooklyn Dodger president.

★ ★ ★

The mayor said his eastern trip "will be in the best interest . . . if we want major league baseball."

Christopher declined to speculate on a 10-team National League, a two-division league or shifting of franchise. He said O'Malley "has something in mind that is brand new."

The Dodger president has discussed West Coast baseball with financiers and major league officials since his return to New York from Los Angeles last weekend, the mayor said, adding:

"He has impressed upon me that this trip is absolutely essential."

★ ★ ★

Christopher asserted three days ago that if Los Angeles gets a major league team, San Francisco "won't be far behind — there is an excellent chance for next year."

'Judge' Hayes to Question; 'Czar' Beck to Answer

Union Leaders Contrasted

By International News Service

The chairman of the AFL-CIO Ethical Practices Committee contrasts sharply with Dave Beck—the man it has called to answer charges his Teamsters Union is dominated by corrupt influences.

Al Hayes, president of the Machinists Union, is an unflamboyant labor leader who avoids Beck's baronial style of living.

The 57-year-old Hayes lives like thousands of other suburbanites at his Silver Spring, Md., home, does his own gardening and lawn mowing, and follows a strict 7:45 in the morning to 4:30 p.m. schedule at the office. His wife does her own housework.

A one-time sandlot baseball star in Milwaukee, where he was born of German Lutheran parents, Hayes has won himself a solid reputation among his fellow leaders as a skilled though soft-spoken negotiator.

STARTED YOUNG

His first victory as a negotiator came when he served as an apprentice boys' chairman in a Milwaukee railroad shop and won a dispute on their behalf.

★ ★ ★

Hayes also knows the bitterness involved in a strike, having served as a local union chairman in the prolonged, angry railroad dispute of 1922.

For years afterward, in terms of the machinist trade, he "boomed" around the country, working from city to city and shop to shop, before settling in Chicago.

Showing skill as a negotiator, he first came to Washington in 1944 as an international vice president of the then-independent labor group. He succeeded to the presidency in 1949 when his predecessor retired and led the machanists back into the AFL.

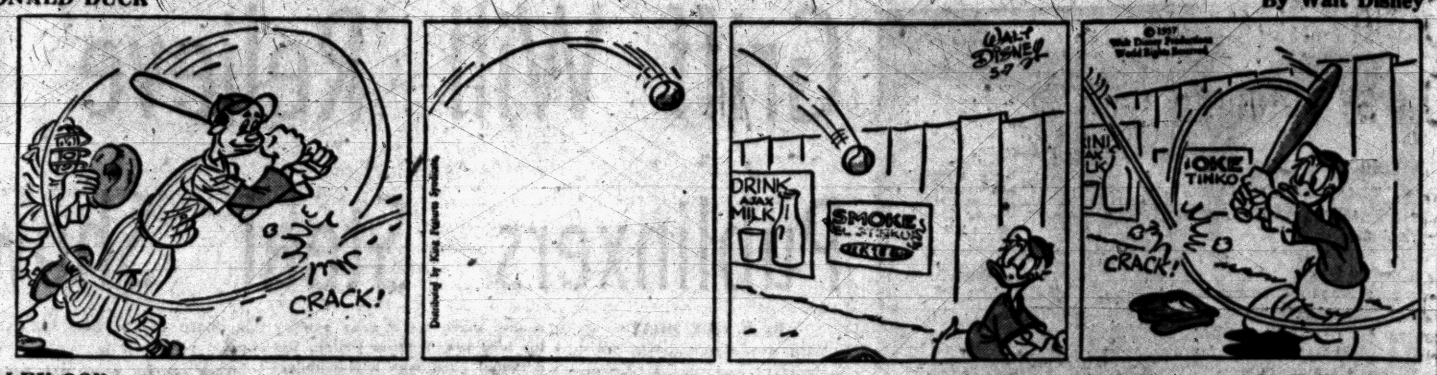

Since he has headed the union, the machinists have doubled their membership and Hayes personally has settled a number of bitter jurisdictional disputes with other unions, including one with the Teamsters.

★ ★ ★

Fellow colleagues describe him as resembling a dignified but warm and pleasant judge, and his approach to the handling of the Beck controversy has been strictly judicial.

When he gets the chance, Hayes spends his free time hunting and fishing and doting on four grandchildren.

Grain Futures Off by Fractions

CHICAGO (AP) — Practically all grain futures were off fractionally in early dealings on the Board of Trade today.

Good field weather in the Southwest resulted in a little selling in new crop wheat at the start of trading. The nearby May contract lost more than a cent a bushel on selling by brokers acting for export and elevator interests. The absence of export demand also was a factor in the early trade.

Corn was a little easier on scattered selling by commission houses. Observers said there was no special reason for the trend except continual arrivals of cash corn at Chicago. Arrivals overnight totaled 183 cars, of which 122 belong to the commodity credit corporation.

Near the end of the first hour old wheat was ⅛ to 1 cent lower, May $2.16⅝; new wheat was ⅛ to ½ lower, July $2.08; corn was ⅛ to ½ lower, May $1.28⅜; oats were unchanged to ¼ lower, May 68½; rye was ⅛ to ½ lower, May $1.17⅜; soybeans were ⅛ to ¼ lower, May $2.41½, and lard was 2 to 7 cents a hundred pounds lower, May $13.72.

Pontiac Man Awaits Sentencing May 13

W. H. Hudson, 27, of 86 Houston St. will be sentenced May 13 for carrying a concealed .32 caliber revolver with which he allegedly threatened a man.

Hudson, who pleaded guilty yesterday before Circuit Judge George B. Hartrick, remained free under $100 bond.

Advocates Budget Cut

GRAND RAPIDS (AP) — Senate Republican leader Knowland has called again for a minimum three billion dollar cut in President Eisenhower's record 72 billion dollar budget. "It will and should be cut by Congress," the California senator told a Republican finance dinner last night.

Several Stocks Move Ahead

NEW YORK (AP) — Aircrafts, rails and selected stocks gained in a generally mixed stock market early this afternoon.

Most pivotal stocks showed slight changes ranging from fractions to around a point. Turnover held up pretty well above the daily two-million share level.

The market was still consolidating a shade below the 1957 highs which were almost penetrated last week, brokers said. There was enough variety in corporate news to prompt fairly brisk buying and selling.

A sign of possibly easier money came in a drop in the U.S. Treasury's short-term borrowing costs to the lowest level since October. A government clamp-down on export licenses for steel scrap had little immediate effect on steel shares. The leaders showed practically no change.

Theft of Masking Tape Costs $150, Probation

Claude E. McCord, of 2348 Pauline St., yesterday was placed on probation three years for the larceny of a box of masking tape and dispensers from a building at Pontiac Motor Division's Glenwood avenue plant, April 5.

McCord, pleading guilty, was assessed $150 court costs by Circuit Judge George B. Hartrick.

Parking Lot Deals Near Close

City commissioners are expected to learn tonight that the city has acquired rights to the last property needed to complete the large Jacokes-Lafayette Municipal parking lot.

City Manager Walter K. Willman will seek commission approval to close deals securing several parcels behind Oakland avenue businesses. These will allow 140 more spaces in the lot, the manager said.

The city has been deadlocked for sometime in its negotiations to secure these and other pieces of land to finish the 328-stall three-section lot.

Other items to be taken up on a 26-point slate includes 15 public improvement items, three reports from the City Planning Commission, and agreements for certain improvements in the Sallee Woods Subdivision.

★ ★ ★

City Attorney William A. Ewart will seek approval of an amendment to "strengthen" the city's public nuisance ordinance.

The plan group will recommend to commissioners that they concur in their findings to deny rezoning requests to Commercial 1 classification for the northwest side of Perry street from Oliver to East boulevard, and on the northeast side of Perry from Harper to Joslyn.

In a third report, plan commissioners have recommended the rezoning to Commercial 2 for the south side of Columbia avenue from 200 feet west of the Pontiac, Oxford and Northern Railroad, and on the north side of Longfellow avenue 200 feet west of railroad.

★ ★ ★

The city has scheduled the following public hearings on intention to construct these projects:

Five-foot concrete sidewalk and related work on the north side of Kennett road from the west line of assessor's plat 144 to 80 feet west of the east property line of the proposed Kennett road Elementary School, and for the east side of Monroe street from Newberry to 37 feet south of the north line of Lot 57 of the Recreation Park Subdivision.

For a combined sewer on Ivy street extended from Columbia to Walton.

Curb, gutter and related work on Washington street from Henderson to Prall.

Two-inch blacktop pavement for Washington from Henderson to Prall.

Additional hearings will be aired on special assessment rolls to finance the following curb, gutter, and related work projects:

On Cadillac avenue from Oakland to Rundell; Hudson avenue from Pingree to Summit; Jefferson avenue from Cadillac to Kimball; Kimball avenue from Jefferson to the south end of the street; Pingree street from Cadillac to LeGrande, and for Putnam street from Cadillac to LeGrande.

Hearings will be conducted on rolls to finance curb, gutter, grading, graveling, and related work for Rundell street from Baldwin to Pingree, and for Colorado avenue from Bagley to Franklin.

Disappears From Macao

Missing American, Family Believed in Red China

MACAO (AP)—A high police official today said he is almost certain a missing American businessman and his family have gone to Red China.

The official, who refused to be quoted by name, said he is definitely satisfied Donald J. Blackwood, 25, of Cincinnati, Ohio, and Seoul, his Korean wife and their 8-month-old son are not in Macao. He added there was no other place for them to have gone but Red China.

★ ★ ★

The family dropped from sight April 27, leaving behind an unpaid hotel bill and two suitcases. They had been due in Hong Kong 40 miles away, the next day but did not arrive.

Blackwood's father James, a Cincinnati restaurant owner, arrived in Macao tonight to help in the search for his son.

Blackwood, a former U. S. airman in South Korea, had been working for a clothing house in Seoul.

Police said they had discovered that after coming to Macao, he met a Chinese man he appeared to have known before and later dined with him. That was one of the last times the family was seen.

Police and American consular investigators acknowledged they had reached a blank wall in their hunt for the family. The Americans said they did not discount the story of a Chinese cook that he saw a family answering to the Blackwood's description on nearby Communist-held Lappa Island the day after the trio disappeared from Macao.

Police said it would be easy and cheap to hire one of the hundreds of junks lining the waterfront for the trip across the 500-yard channel separating Macao from Lappa.

The Portuguese authorities added if the Blackwoods did go to Lappa, they probably are not there now. They said the Kwangtung government, which has jurisdiction over the island, is under orders to move any "intruders" to Canton at once.

Appeal Admitted in Assault, Battery

An appeal by Floyd B. Harmon, 47, business agent for Pontiac Teamsters Local 614 who was convicted last week of assault and battery, was added yesterday to the Circuit Court docket.

It was expected that Harmon, who lives at 2990 Barnes St., Waterford Township, will be arraigned on the charge next Monday.

★ ★ ★

He is charged with slugging a union member, Herbert R. Smith, 29, of Keego Harbor, as Smith was attempting to take the union leader's photograph in a Bloomfield Township tavern last month.

Harmon was convicted after trial before West Bloomfield Township Justice Elmer C. Dieterle and fined $25 plus $10 costs or 10 days in jail.

The sentence is held up until the appeal is concluded.

Ferndale Man Faces Trial in Shooting

A Ferndale man, Grady Lee Miller, 33, yesterday was ordered to stand trial on a charge of assault with intent to murder.

Miller stood mute to the charge he shot and wounded a Pontiac State Hospital attendant April 11 in a car on the hospital grounds.

A plea of innocent was entered and Miller was continued free by Circuit Judge George B. Hartrick under $300 bond.

Miller admitted shooting Preston Bell, 25, of 15460 Winder St., Detroit three times in the right arm and once in the back, police said. They quoted Miller as saying he mistook Bell for someone else.

Workers at Chrysler Walk Out Again

DETROIT (INS) — Chrysler said approximately 400 workers walked out at its Outer Drive plant today when a chief steward was fired and four millwrights disciplined for refusing to load dies intended for another plant.

Approximately 400 other employes, the company said, remained at their jobs.

★ ★ ★

Earlier, a chief steward was fired and two material handlers suspended at the Vernor South plant for refusing to move equipment between facilities.

A chief steward and a crane operator were disciplined at Vernor South yesterday for similar reasons and 400 tool and die workers walked out in protest. They were joined by 240 afternoon shift employes.

★ ★ ★

However, the 400 day workers continued on their jobs today.

Awaits Trial on Charge of Drunk and Disorderly

James D. Leahy, 35, of 17 Allen St., yesterday was freed under $200 bond until trial on a charge of drunk and disorderly conduct, third offense.

Leahy pleaded innocent at arraignment before Circuit Judge George B. Hartrick.

MIDLAND (AP) — Dow Chemical Co. directors today voted a regular quarterly dividend of 30 cents per share on common stock, payable July 15 to stockholders of record June 14.

Edison Head Reports Atom Plant Progress

NEW YORK (AP)—Walker L. Cisler, president of Detroit Edison Co. gave the annual stockholders' meeting yesterday a progress report on the Enrico Fermi atomic power plant project near Monroe, Mich.

Detroit Edison and 52 other companies are associated in the project.

Cisler said recent advances in the project include: Singing of a contract between the Atomic Energy Commission and Power Reactor Development Co., providing for initial nuclear fuel supply and for special research by the AEC; receipt by the Power Reactor Development Co. of the first two million dollar installment of a 15 million dollar bank loan to finance the reactor plant construction, and starting of the plant's steel reactor building which is scheduled for completion in August.

Young Businessmen Hit for Aerial 'Stupidity'

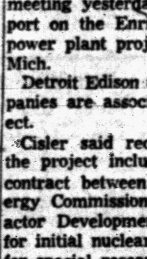

LOS ANGELES (AP) — Young business executives with private planes have entirely too many crackups, says an aerial traffic cop who adds: "They're fat, dumb and happy."

Charles Walker of the Civil Aeronautics Administration said young businessmen buy expensive planes with fine instrumentation, then never learn how to use the instruments properly.

"They made a success in business and they think flying is easy so they stick their necks out," said Walker, who believes that 90 per cent of aircraft accidents are due to "stupidity."

Underwriters Group to Hear Grady Clark

Grady Clark, vice-president of Sales for Investors Diversified Services, will speak to the Pontiac Life Underwriters Assn. at the group's May breakfast meeting Wednesday.

CLARK

The 8:30 a.m. session will be held at the Waldron Hotel.

Clark will explain how the investment companies thain their salesmen to urge prospects to purchase life insurance before getting into an investment program.

Police Inspector Retires

DETROIT (AP) — Senior Inspector Charles E. O'Brien, 51, has announced his retirement from the Detroit Police Force after more than 26 years. He was in charge of precincts on the West Side of the city.

Windsors in London for Private Visit

LONDON (AP) — The Duke and Duchess of Windsor arrived here from Paris today for a three-day private visit.

★ ★ ★

Among those on hand to greet the Windsors at London's Victoria Station was former Conservative Labor Minister Lord Monckton, a close companion of the duke when he abdicated in 1936. Another old friend, the Earl of Dudley, was among the greeters.

★ ★ ★

The American-born duchess has never been received by the royal family since the duke gave up the British throne to marry her.

★ ★ ★

Her rare visits to Britain always touches off newspaper speculation that Queen Elizabeth might invite her to Buckingham Palace and thereby heal the rift in the royal family.

Walled Lake Driver on 3-Year Probation

Ralph Sparks, of 263 E. Lake Dr., Walled Lake, yesterday was placed on probation three years for an auto accident last summer in which one person was seriously injured.

Sparks pleaded guilty to felonious driving in an accident July 21 on 10 Mile road in Lyon Township.

He was assessed $100 court costs by Circuit Judge George B. Hartrick.

Gets 3-Years Probation for Statutory Rape

A three-year probationary sentence was received yesterday by Gwin Frye of 3481 Kennilworth Ave., who pleaded guilty to the statuatory rape of a 13-year-old Pontiac girl last September.

Frye was assessed $200 court costs by Circuit Judge George B. Hartrick.

Gets Prison Sentence for Car Larceny

An Oxford resident, Merle R. Cole of 18 Dayton St., yesterday was sentenced to prison for unlawfully driving away an automobile from an Avon Township sales lot April 16.

Cole, who pleaded guilty, was sentenced by Circuit Judge George B. Hartrick to 2-5 years in State Prison of Southern Michigan.

Suspend Sentencing of Man in Morals Case

Circuit Judge George B. Hartrick yesterday suspended sentencing of James Stenske, 2066 Willow Beach Rd., Keego Harbor, who pleaded guilty to an act of gross indecency with another man last Dec. 25 in West Bloomfield Township.

Stenske was ordered to reappear in court next month.

Humphrey Gives Views on Bill

Would Curtail Program of Fast Tax Write-Offs for Certain Industries

WASHINGTON (AP)—Secretary of the Treasury Humphrey gives his views today on a bill to curtail the present broad program of fast tax writeoffs or defense-connected industries.

Humphrey was called before the Senate Finance Committee as the initial witness on the bill. Humphrey has indicated previously his sympathy with the general purposes of the proposal, sponsored by Sen. Byrd (D-Va).

★ ★ ★

Byrd does not seek to cut off the program entirely, but to limit its benefits to companies making military items used directly by the Defense Department or Atomic Energy Commission.

The fast writeoff privilege permits a company to deduct from its income for tax purposes part or all of the cost of a new plant in five years. Normally this would be written off in much smaller amounts over a 20-year period or longer.

★ ★ ★

In theory, the company pays the full tax eventually, unless the corporation rates are cut in the meantime, but some congressional experts contend that actually some companies never would catch up.

Woman Pleads Innocent to Charges of Knifing

Essie Mae Thomas, 34, of 476 Fildew St. yesterday pleaded innocent to charges of slashing the wrist of another woman March 23 with a razor.

To Include Handicapped in '57 School Census

LANSING (AP) — This year's general school census, just getting under way, will include a special enumeration of mentally handicapped children.

Such a count will be made for the first time under an amendment to the state school code, the state superintendent of public instruction's office said yesterday.

Under state school law, local districts which maintain special programs for the mentally handicapped are eligible for special state aid grants.

Greece has authorized barter transactions with Albania and Iran for the first time.

Swiss Village Road Probed

Council Has Session to Discuss Territory Near Orion

LAKE ORION — The Council meeting, which lasted until near midnight, was almost entirely devoted to the discussion of the section of road (Central Ave.) that leads to Swiss Village.

Due to the fact that the township and village lines cut the road at a diagonal angle which creates a problem as to whose responsibility the 130 feet of the total 280 feet necessary to cut down the hill would be, the Village Council again refused to vote to spend the necessary funds to do the job.

Another point they considered was the fact that the road is improved at this point and is in good condition.

However, when the township and county improve their part of the road the hill will be 2½ feet higher, when their grading is completed.

★ ★ ★

Hugh Galloway, councilman from Swiss Village resigned at this meeting, but the council did not accept his resignation.

An agreement that was acceptable to both Walter Green and the Village Council, exchanging 16 foot each on the South side of Green's home, squaring both his property and that of the Village Park was referred to the Village Attorney. An easement there would also no longer be necessary.

Campaign Fund to Hire Experts Is Under Way

ROYAL OAK — A Chamber of Commerce campaign fund of $20,000 to finance the hiring of experts in various fields in relation to the proposed re-development of Royal Oak's business center is under way here.

Malcolm M. Heber, chairman of the Chamber's Civic Re-Development committee said that over $6,000 has already been pledged or paid by Royal Oak businessmen.

The money will be used by either the Chamber or city commission to hire experts in preparing detailed plans for redevelopment, for advertising the plan and "generally educating the public", he said.

Principal features in the plan call for re-development of Washington Street as a pedestrian mall fronted by shop windows and parking facilities for 5,000 cars.

Fall Wedding Planned

ROCHESTER — League of Catholic Women members of St. Andrew Catholic Church are holding a meeting in the interest of the American Cancer Assn. at 8 p.m. Wednesday in St. Andrew Hall. A film will be shown and Dr. Roy E. Neumann will conduct a question and answer period following the picture.

The public has been invited to attend the meeting.

TWIN BLESSINGS — Fathers Donald and Richard Heidkamp bless their parents, Mr. and Mrs. Emil Heidkamp, after the twins were ordained as Roman Catholic priests at St. Mary of the Lake Theological Seminary, Mundelien, Ill. The elder Heidkamps make their home in Chicago, Ill.

Joyce Walmsley, Frederick Irish Wed in Dryden

DRYDEN — Joyce Marie Walmsley, daughter of Mr. and Mrs. Allen Walmsley of Sutton road and Frederick D. Irish, son of Mr. and Mrs. Myron Irish of Attica repeated their marriage vows in the Methodist Church, Saturday evening.

The eight o'clock, double-ring service was read by the Rev. Stephen Chapko. About 200 guests were present.

Given in marriage by her father, the bride wore a floor length gown of net and lace. A molded bodice with a Queen Anne collar, long sleeves, and bouffant skirt accented long lace points appliqued on net.

Her finger tip veil of nylon net was held in place with a band of lace and sequins. A white orchid on a white Bible made up the bridal bouquet.

JoAnn Smith was the maid of honor with Diane Grandin as bridesmaid. Junior bridesmaid was Patricia Klueh with Cathy Irish, niece of the bridegroom, as flower girl.

Attending as best man was Richard Avery. Ushers were Richard Irish, Gene Hodges and Wayne West.

A reception was held at Hunters Creek Hall after the ceremony. After a short trip to the southern states the couple will be at home on the Irish farm on Lake Pleasant road.

Township Road to Be Improved

Waterford Board OKs Crescent Lake Work, if County Shares Cost

Last night members of the Waterford Township Board voted to have Crescent Lake road from M-59 to Hatchery road blacktopped, providing the Oakland County Road Commission pays 50 per cent of the cost.

★ ★ ★

Leon Belknap of the road commission told the township board there is $10,120 in the commission treasury allocated to Waterford Township for construction work, if the township can match the figure.

He also estimated that the one-mile stretch of road would cost approximately $18,000 plus seeding and sodding due to the erosion on the sides of the road.

According to the road commission's traffic counter records, for a highway of this kind Crescent Lake road has more traffic than any other road in the township.

★ ★ ★

There is $24,000 in the township budget to be used for highway construction work, according to Elmer Johnson, supervisor.

SEWER PROJECT

Residents were present to check with the township board on whether sewer construction work will be resumed in Sylvan Shores Subdivision on May 31 as promised.

★ ★ ★

The board postponed construction work in January due to freezing ground conditions.

Residents of the Ideal Country Club Subdivision on the west side of Williams Lake asked the board to check their gravel road. They claim no work has been done in the last three years, and roads are almost impassable.

Johnson said the association must pay for the gravel and the township pays for hauling the gravel in.

★ ★ ★

A contract to bulldoze, level and cover the Cooley Lake road dump was awarded to Vern Richardson. He will be paid $10 an hour and expects to complete the job in two days.

PRESENTS PETITIONS

Robert Barett of 1950 Mather Ave. presented petitions signed by his neighbors allowing him to maintain two purebred horses on his property.

★ ★ ★

However, the township board referred him to the Zoning Board of Appeals for further action. His land is zoned residential.

Nearly half of New York State's 30 million acres are covered by forest.

KAREN E. LANPHER

Mr. and Mrs. Finey Lanpher, 1175 John R., Rochester are announcing the engagement of their daughter, Karen Evelyn, to Airman Third Class James L. Hendershott. He is the son of Mrs. E. C. Hendershott and the late Capt. E. C. Hendershott, also of Rochester. No date has been set for the wedding.

West Bloomfield Players Plan New Production

WEST BLOOMFIELD TOWNSHIP — The Township Players of West Bloomfield are bustling into their fifth production in a little over a year. The Players have chosen the comedy, "I Like It Here" by A. B. Shiffrin.

James Beall, director, states the comedy affords a change of pace both for the club members and the theater patrons. In previous productions, the Township Players have done comedy, drama, mystery and science fiction.

To produce plays which no-one else has done locally, is one of the characteristics of the group. "I Like It Here" is a play which has not, as far as anyone knows, been produced in or around Detroit.

The play will open for a three night stand June 13, 14 and 15, 8:30 p. m., in the West Bloomfield High School Auditorium, corner Orchard Lake and Commerce Lake Roads, Keego Harbor.

Slate Art Shows

ROCHESTER — Annual Art Show of pupils of the Baldwin Elementary School will be held at Goodison Wednesday evening from 7 to 9 p.m. Students will act as hosts throughout the six rooms. Your PTA Is Planning:

Final Clarkston Meeting; Auburn, 4 Town Sessions

CLARKSTON — Final meeting of Clarkston Elementary PTA is scheduled to be held at 8 p.m. Thursday in the high school gymnasium.

Guest speaker, Ernest L. Bridge, with Oakland County Juvenile Court, and active in the field for more than 20 years, will speak on "Juvenile Delinquency."

The public has been invited, with parents especially urged to attend. Refreshments will be served afterward by first and second grade room mothers.

North Branch

With Mrs. Orpha Sealey serving as installing officer, the following new officers took their respective places at the recent PTA meeting here.

Installed were: Mrs. Thelma Edwards, president; Mrs. Mary Schmidte, mother vice-president; William Beadle, father vice-president; Mrs. Sarah Burkitt, teacher vice-president; Mrs. Ruth Haack, secretary and Mrs. June Sillers, treasurer.

The entertainment was highlighted by the annual presentation of the style show, under the direction of Mrs. Vera Engstrom, Home Economics instructor.

Auburn Heights

The PTSA of Avondale Junior High School will meet at 8 p.m. Thursday at the Junior High building. Mrs. A. A. Tallman will give a report on the PTA convention at Traverse City.

Joe Haas of the Pontiac Press will be guest speaker. Refreshments will be served.

Four Towns

Four Towns School PTA is meeting Thursday, and from 7:30 to 8 p.m. the parents may meet with their children's teachers.

The program will include the awarding of safety and service plaques. First grade mothers will serve refreshments.

5 Are Injured; Protect Driver

Police Question Victims to Determine Person at Wheel in Troy Crash

TROY — Troy Police are still questioning the five persons injured in an accident Sunday night to determine the driver of the car. Police say they have a good idea who the driver was but that none of the injured will admit it.

David Bailey, 32, address unknown, was hospitalized with lacerations and a fractured hip. Ronald Barnes, 17, received injuries to his hand and a fractured left leg. Eugene Franzel, 16, of Rochester suffered head and arm injuries.

William Dickson, 15, of Utica recived cuts of the head and hands. Wade Johnson, 17, Pontiac suffered a fractured hip. All were taken to St. Joseph Mercy Hospital.

The five were injured when their car left the road at Rochester and Urbancrest and plunged into the stream bed between the bridge and a nearby walk.

Witnesses told police that they had seen the car, a '57 Chevrolet traveling at a high rate of speed prior to the accident.

Slate Music Program

IMLAY CITY — The music department of Imlay City Community Schools will present two Elementary programs, the first on Wednesday and the second on May 15. The programs, to be held in the high school at 8 p. m., will be put on by grades 1-8, including the rural schools.

Troy Mom-Daughter Banquet to Be Friday

TROY — The WSCS of Troy Methodist Church is holding its annual Mother-Daughter banquet at 6:30 p.m. Friday, at Big Beaver Church on Rochester Road.

Mrs. Robert Shafer will be toastmistress and Mrs. Claude Leach Jr. will give the invocation. Mrs. Tillman Schoonover will render several musical numbers and Linda Dunsworth will be the tap dancer.

A special feature of the evenings' entertainment will be Earl Gotberg, Detroit ventriloquist. Reservations may be made with Mrs. Robert Schultz, MU 9-1940. Public attendance is invited.

Spivak Credited for TV Success

Jack O'Brian Praises Performances Given by Moderator

By JACK O'BRIEN

NEW YORK (INS) — There doesn't seem to be much of a contest in our department's selection of a "best public affairs" category.

★ ★ ★

Since we do not include Rubirosa or Aly Khan, and must stick to the topic at hand — television — it therefore behooves us to name that dependable traditional, sturdy old newsmaker, "Meet the Press."

"Meet the Press" meets its obligations for a great many reasons, most of them spelled Lawrence Spivak.

Spivak is a dogged interviewer, tough to dislodge from a topic once he sinks his questions into it. It is a program of great importance to the public, and certainly to Spivak, who reacts in the proper fashion:

He performs with an obviously fine heap of research behind his queries. Sometimes he comes off the villain, the semi-wise guy, but that's his calculated risk in attaining a good program at his own expense.

NOT THE NICE GUYS

It's not nearly so bad as Leo Durocher maintained baseball managing is, but in hounding after news it's not always nice guys who win headlines, so Larry's larruping performances are his contribution to the cause of news and a better bank balance.

★ ★ ★

He also manages to lose many an exchange and he sometimes comes off lamely. Again it's for the good of the show, for if a guest answers the roughest question gracefully or satisfactorily and turns a blunt and painful-appearing inquiry to his own personal, political or controversial advantage, the show takes on an added dimension, to Spivak's advantage also.

There is a constantly revolving set of newshawks sitting with Spivak but none is more satisfactory aside from Larry than May Craig, the spunky lady who has thumbed many a figurative eye in her knockdown-dragout verbal bouts with Spivak's guests.

May wears a mighty perky hat and has a stylish cut to her suits, but that's hardly what the public remembers; they see a woman who might ordinarily be home cooking Sunday dinner out there arguing with ambassadors and presidential candidates and Cabinet members and holding her sturdy head high; she's the feminine answer to Larry Spivak, and has come to be a real personality kid. She has gumption.

★ ★ ★

May and Spivak and the rest of an excellent assortment of newshounds and a constantly topical parade of guests keep "Meet the Press" foremost in its field.

Taffy and Tiny Tuttle Still Hunting for Man

By EARL WILSON

NEW YORK — Taffy Tuttle and her sister Tiny were sitting up in bed reading the papers about Tommy Manville getting married—and groaning about how to get a man and how to get to Hollywood.

★ ★ ★

"I bet if we got more into TV we could find a guy," murmured Taffy. "Phil Silvers married a girl on TV; so did Steve Allen."

"Oh, but not everybody on TV's married," protested Tiny, who is called that because she's younger but bigger than Taffy.

"WHO isn't?" glared Taffy, "Lassie?"

"Bishop Sheen!" giggled Tiny.

"How are you getting along with John?" Taffy asked Tiny later. John was a CBS press agent who knew Jackie Gleason intimately—but liked him anyway.

"He never gets anyplace," shrugged Tiny. "He's a regular Johnny Come Late."

★ ★ ★

"What I mean," snapped Taffy, a bit irked, "is, does he ever mention the future?"

"Oh, yes, that's all he ever talks about!" gushed Tiny.

"Ummm, that's nice," sighed Taffy, "What does he say?"

★ ★ ★

"Why, every time we talk on the phone," Tiny sang out, "he says, 'I'll call you in a week or two!'"

THE MIDNIGHT EARL . . .

Says New Tax Bill Won't Pay Enough

LANSING (AP) — The deputy state revenue commissioner says the state may find itself in a worse financial fix next year than it faces now if the pending school aid bill becomes law.

The official, Clarence W. Lock, told the State Governmental Accounts Assn. yesterday that the House-approved bill, now before the Senate, will not pay out.

That is, distributions of school aid contemplated by the bill could not be supported by revenues provided to finance the program.

★ ★ ★

"Last year, the legislature accepted the wildly optimistic sales tax estimates of some of the school interests rather than the more conservative estimates of the state's fiscal experts," Lock said.

"The result is a school aid program short by some 26 million dollars. If we are not careful, we will be even worse off a year hence," he said.

The school aid bill proposes an increase in the assistance formula to a basis of $195 instead of $190 a pupil, and an increase in deductible millage — an offsetting factor — of one fourth.

The same measure would double the state's beer tax and put a five per cent excise levy on liquor.

200 See Display by City Coin Club

Pontiac Coin Club's annual spring show, held Sunday at the Federal Savings & Loan Assn. auditorium, attracted some 200 persons, according to Albert Wilson, secretary of the club.

The grand award for the best display went to Milton E. Crooks of Bay City who exhibited a plaque with two gold-plated Indian head coins with a silver bust of Chief Pontiac in high relief.

Four members of the local club won first place awards. For a U.S. paper money display, Walten L. Wilson won first prize. Lawrence Wilkins exhibited a copper coin display worth first prize, as did Arthur Webster with an ancient and foreign coin exhibit, and John Slocum with a miscellaneous display.

British Sailors to 'Live It Up' on Dollar a Day?

LONDON (AP)—How far can a tar go on a dollar a day in Norfolk, Some 2,000 sailors on three British warships are worried, because a dollar a day is all they're getting when they attend the U. S. naval review at Norfolk June 8-17.

The ships are Britain's biggest aircraft carrier, the Ark Royal, and the destroyers Diamond and Duchess.

The daily spending money limit was fixed by the British treasury, which suffers a chronic shortage of U. S. currency.

British newspapers reported some of the sailors are grumbling that they will be known around Norfolk as "just another bunch of poor Limeys." An admiralty spokesman said he thought a dollar a day would be enough—"they will live on board, where all essentials are available."

The spokesman conceded that he had never personally tried having fun in Norfolk on a buck a day.

At Orchard Lake Road

Set December Date to Finish Underpass

December is the target date for completion of the Orchard Lake-Telegraph road grade separation, State Highway Commissioner Charles M. Ziegler has announced.

Bids will be taken May 22, he said, for construction of approaches to the underpass proper, which is well on the way to completion.

Relocation of Telegraph west of the existing road, plus widening of Orchard Lake on its present route is involved.

About .9 mile of dual, 24-foot-wide concrete pavement will curve Telegraph west from Rockwell street in Bloomfield Township to James K. Boulevard, in Pontiac just north of the Clinton River.

PASS UNDER

As the relocated route swings west, it will pass under the bridge over which Orchard Lake traffic will flow.

Another construction project, a new bridge over the Clinton, also will be bid on at the Lansing letting, Ziegler said.

About .37 mile of widening is involved on Orchard Lake. Dual, 22-foot-wide concrete pavement is planned from Wellington avenue in Bloomfield Township to Berkley avenue, two blocks within the city.

★ ★ ★

The city has agreed to bear 25 per cent of the cost of widening from Berkley to the present Telegraph road.

Widening of Orchard Lake ties in with long-range Highway Commission plans to extend the dual pavement to Commerce road in Keego Harbor.

There will be two structures in the Clinton River bridge, one of them 44 feet long with a 54-foot-wide roadway for northbound traffic, and the other 50 feet long with a 66-foot-wide roadway for southbound traffic.

★ ★ ★

Each bridge will have two three-foot-wide sidewalks.

Some channel excavation and about 250 feet of the relocation grading are included in this project.

The bridge project is scheduled for completion Dec. 1, Ziegler announced, and the relocation and widening work by Dec. 15.

Actor John Carradine Divorced From Wife

RENO, Nev. (AP)—The curtain has fallen on the turbulent marriage of actor John Carradine and his onetime leading lady Sonia Sorel.

The 35-year-old actress was granted an uncontested divorce in District Court yesterday on ground of extreme mental cruelty.

Mrs. Carradine had filed a divorce complaint against the 50-year-old actor in Los Angeles last September. He countered with a cross complaint in December. Mrs. Carradine's attorneys indicated in Los Angeles last night that both cases there eventually will die for lack of action.

The couple married in Las Vegas, Nev., in 1944 and rewed in Los Angeles the next year. They have three sons.

Woman the Wise Is Sitting in the Driver's Seat

Watch Out, Pop--You're Fading Fast!

By PHYLLIS BATTELLE

NEW YORK (INS) — This is a warning, offered free and with feeling, to the men of America:

Women are slowly, sinisterly, almost subconsciously taking over the reins in America.

The movement which is putting ladies in the driver's seat was initiated by and promoted by men. So let's not have any accusations that females are ambitious, driving and greedy (maybe some are, but those instincts could've been kicked or kissed out of them, if men had been smarter earlier.)

No, the fact is that American men in the last decade have given women the responsibilities of making family decisions, spending family money, and otherwise guiding family fate.

Even more important, men have contributed to their own potential backslide by setting themselves up as scapegoats for a large percentage of the nation's jokes and situation comedies.

On TV and radio, in comic trips and cartoons, man has become the No. 1 court jester — and woman the wise, if caustic, queen. She rules. He slips on banana peels while attempting to hang a picture in the study.

BEASTLY CHLDREN

The banana peels were placed on the floor of the study by those beastly little American children, who are always pictured as snickering at papa while respecting mother.

★ ★ ★

"It's a sorry state of affairs," said a well-known cartoonist at a weekend party. "They call today's humor 'homespun.' As I see it, this means that the man in the house is always in a tailspin, and the woman's got to be sane and smug.

"If you do a cartoon of a woman falling on her face, it's not funny. It's sacrilegious. Good old beautiful, bountiful mom, she's sacred. Dad and the kids are jerks. Insidious!

"And yet men, with that egotistical stupidity that says 'it an't me they're talking about,' are laughing harder at themselves than the women are."

The cartoonist asked to have his name withheld. He has future banana peel pictures to dispose of, and doesn't care to be unpopular in the smear-men fraternity.

BLUSHABLE SITUATION

In TV, no man escapes being put in a blushable situation, if he's in a situation comedy. Even Robert Young, the father who allegedly knows best, doesn't often come off as well as his wife or female neighbors; and compared with Desi, George, Sid, et. al., he is remarkably intelligent.

★ ★ ★

This new psychological-selling racket called "motivation research" indicates that virtually every big outfit with something to barter is looking to the study of women's habits and whims.

Because it's well-known — though kept suppressed in polite party conversation — that the women of America own most of the money and make most of the decisions and live longer to buy more.

I don't like to be an alamist, but the way things are going men had better watch their step . . . and start stepping on the women, instead of on themselves.

Things are matriarchal enough, as it is; if the trend continues to expand, that monster that the artists and avertisers are creating may turn out to be an Amazon.

We women wouldn't like that to happen. We still prefer a man we can look up to, over one we must laugh at.

Groom Puts Up Bond to Keep Date at Altar

BATTLE CREEK (AP)— James D. Rogers, 22, and Donna Eileen Hywood, 19, got married in the Battle Creek Church of the Brethren Sunday — but James still has a date with a justice of the peace.

In fact, James had to raise $150 to make it to the altar. So did his brother, Richard, 24.

They were arrested Saturday at the wedding rehearsal. Police said a citizen accused them of racing in their automobiles. Both pleaded innocent and their trial was set for May 14 when they were arraigned in Justice Court.

Couples married less than one year buy 40 percent of carpets sold in the U. S.

1,000 Knights Initiated

DETROIT (AP) — A national record class of more than 1,100 candidates was initiated into the Knights of Columbus here over the weekend. The previous high, officials of the order said, was a class of 857 inducted in Pennsylvania several years ago.

5 out of 10 Smaller Cars wear a Pontiac Price Tag— yet none give you Any of Pontiac's Advantages

PONTIAC GIVES YOU UP TO 8.9% MORE SOLID CAR PER DOLLAR!

Not one of the smaller cars can give you the heavy-duty construction, the road-hugging heft and solid security that surround you in every Pontiac. Yet Pontiac's the nimblest heavyweight you ever managed—and your Pontiac dealer can show you more than six dozen advanced-engineering reasons why! Pontiac has gone all out to make this genuine big car the best behaved beauty that you ever had the pleasure of bossing. You'll find Pontiac's exclusive Precision-Touch Controls make steering and braking the surest, easiest you've ever experienced! Park it, cruise it, try it in stop-and-go traffic . . . this is driving the smaller jobs can't possibly equal.

PONTIAC GIVES YOU 4 TO 7 INCHES MORE WHEELBASE!

The small cars extend bumpers and fenders to look big—but Pontiac puts the extra length where it counts—between the wheels! Here's extra length that brackets the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six footers. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive Level-Line Ride no car at any price can surpass . . . and a built-in sense of direction and security that will spoil you for the smaller cars forever!

PONTIAC'S PERFORMANCE TOPS THE BEST THE SMALL CARS CAN OFFER—BY A WIDE MARGIN!

Not one of the smaller cars can measure up to Pontiac Performance. Whether you judge a power plant by engineering statistics or on-the-road performance, Pontiac's Strato-Streak V-8 stands head and shoulders above anything in the low-price field. Your Pontiac dealer will be happy to show you a complete facts-and-figures comparison—then an eye-opening test drive in traffic or out on the highway will supply all the heart-lifting proof you need that Pontiac has separated the men from the boys when it comes to performance!

—AND PONTIAC HAS ALWAYS BEEN FAMOUS AS ONE OF AMERICA'S TOP TRADE-INS!

Maybe it comes as a surprise to you that so much more car can be yours at the same price you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too! As you know, it has always commanded a top trade-in. So why not step out of the small-car class and into a Pontiac . . . there's nothing in your way. Your Pontiac dealer has the keys and an eye-opening offer waiting for you right now!

So why not look and feel like a million—instead of a million others?
