Confidence Vote May Spell Doom for Faure Rule

French Premier Stakes Future Control of Party on Assembly Ballot

FROM OUR WIRE SERVICES

PARIS—Backed in a corner after nine months of adroit parliamentary maneuvering, Premier Edgar Faure prepared to stake his government's life today on a vote of confidence on his demand for early elections.

The general expectation at the National Assembly was that Faure would be voted out. The Assembly ballot was due early tonight.

The resulting Cabinet crisis was expected to last several weeks, with the next Cabinet to be only a temporary team to arrange for election of the new Assembly in the spring. A spring vote could be billed as a compromise between the December date Faure sought and the balloting which otherwise would come in June.

Officially the vote was scheduled on the question of the Assembly's work schedule for this week.

The House's Agenda Committee recommended that it debate a motion by Francois Mitterrand, major supporter of former Pierre Mendes-France, that Faure's government is no longer capable of leading the country.

Faure called for cancellation of this debate so that discussion of the proposed new electoral law can go ahead without interruption. Mendes-France, like Faure a member of the Radical Socialist party, and his supporters want to delay the elections to give them time to marshal the voters behind the former Premier.

Faure already has lost on his original request for elections in December. His last proposal was for a date in late January but that also seemed doomed.

He admitted the hopelessness of his situation yesterday when asked to deliver a brief after-luncheon address, the Premier said.

"It is not very usual for a dead man to reply to a funeral oration."

Thursday Is the Day

Post Office Drivers Pledge Support to S-D Campaign

The city's post office drivers will support President Eisenhower's Safe-Driving Day campaign to make Thursday accident-free.

Postmaster Leslie H. Dean Sr. said today that the effort will be part of year-round safety training program, carried out nationally.

"We are trying to make every day accident-free," he said.

Part of the local program is to study all department accidents this month to see if accidents can be avoided in December.

"December is the toughest month for postal drivers," Dean explained.

He said that the 65 city drivers and 6 rural carriers travel a daily average of over 1,000 miles.

"Last year on S-D Day we had no accidents, and I think our over-all record is wonderful, with only seven minor accidents so far this year," the postmaster said.

He gave this advice to postal drivers and other drivers:

"Be sportsmanlike, give the other drivers the right of way when in doubt, obey speed and traffic regulations and there will be very few accidents."

President Urges Accepting Funds to Build Schools

But Warns Against Loss of Local Independence With 'Too Much' Aid

WASHINGTON (INS)—The White House Conference on Education begins its search for solutions to the nation's school crisis today.

President Eisenhower, in a special message filmed in Gettysburg, told the 2,000 participants last night that his administration believes in some federal assistance to school districts but not at the price of "central control."

The chief executive warned against "too much" dependence on federal aid.

He declared: "If we depend too much on outside help, too much

(See James Marlow story on page 2)

on the federal government, we will lose independence and initiative."

Eisenhower then added: "But if the federal government does not step in with leadership and with providing credit and money where necessary, there will be a lack of schools in certain important areas. This cannot be allowed."

Vice President Richard M. Nixon, addressing the conference, said that "some additional federal activity and responsibility is inevitable and necessary in the field of education."

But Nixon also warned that "we must remember that we want our education to be free and that freedom and federal control are incompatible."

The conference is made up of some 1,400 delegates and 600 ob-

Schimmel Is Delegate

Bar Examination Cheating Cited

Kavanagh Calls Session to Discuss Grand Jury Probe of Allegations

LANSING (UP) — Atty. Gen. Thomas M. Kavanagh called a conference for this afternoon to discuss a proposed grand jury investigation of suspected cheating in the last state bar examinations.

Kavanagh said he had received no request for a grand jury but that he understood from newspapermen that members of the State Board of Law Examiners had requested State Police Commissioner Joseph M. Childs to seek a grand jury investigation.

Kavanagh said he did not know why the suggestion was sent to Childs since the State Police chief had no status in the calling of a grand jury. He said he would confer with his own staff and Capt. Edward Johnston, head of the state police investigation squad, about the proposal at 2:30 p.m.

Asst. Atty. Gen. Perry W. Maynard of Kavanagh's criminal division said that he had been working with state police on the investigation of the cheating reports and that while he had no recommendations to make to his superiors he thought a grand jury might be valuable.

Two members of the State Board of Law Examiners made the charge that there had been cheating at the examinations conducted at Ann Arbor last September.

Joseph F. Deeb of Grand Rapids, president of the board, and Stanley F. Beattie, Detroit attorney and board member, who made the letter public, asked Childs for the investigation.

Below Normal Cold Predicted for Area

The weatherman says it will be partly cloudy tonight and tomorrow with a high ranging from 26 to 30. The low tonight will be between 14 and 18 degrees.

The five-day state weather forecast calls for temperatures averaging from 3 to 6 degrees below normal. It will be a little warmer Thursday and Friday but it will turn colder again over the weekend. There will be snow or snow flurries Friday and Saturday.

The lowest temperature preceding 8 a.m. was 8 degrees. The thermometer registered 29 at 2 p.m.

Neighbors Aid Johnsons

Neighbors, touched by the plight of the Johnson family, are doing their bit.

Mr. and Mrs. Leroy Johnson, 86 W. Beverly St., lost three of their five children in a home fire Saturday.

Two others, Donald, 3, and Steven, 4, remain in critical condition in Pontiac General Hospital.

The Johnsons had a small amount of insurance on the little, one-story frame house; but none on their children.

The young mother, Connie, is only 23. Her husband, 24, works for the city.

"We're doing what we can to help," Mrs. Margaret Beasley, 45 W. Beverly, said.

"We've raised $200 to help cover funeral and hospital expenses. But the Johnsons are going to need a lot more than that."

The Pontiac Press today contributed $100 to aid the family.

"Several people have offered clothing and furniture. But I don't know what they're going to do about their home. You can't live in it the way it is now," she said.

She and Mrs. Dale Tinnen, 36 W. Beverly, began a house-to-house campaign Sunday.

"None of us are rich up here," Mrs. Beasley said. "But if anyone else wants to help, they can send money to Mrs. Tinnen or myself.

"The Johnsons need a lot of help," she added.

Ready Highway Finance Report

5.7 Billion Dollar Plan Subject of Economist's Study in Lansing

How the recently proposed $5.7 billion dollar road program for Michigan can be financed will be reported on Dec. 14 in Lansing, according to Sen. Haskell Nichols (R-Jackson), chairman of the Senate Road Committee.

The long-awaited report will come from Richard Zettel, a research economist hired by the Legislature from the University of California Institute of Transportation and Traffic Engineering.

In a preliminary report, Zettel said the needed highways could be built in 10 years on trunklines, 15 years on county roads and city streets, without any major increase in user tax, if the following steps are taken:

The federal government agrees to pay 90 per cent of cost of work on the interstate highway system, federal aid is continued on present levels for the other systems and the state issues $500,000,000 in bonds at $50,000,000 a year for ten years.

The State Highway Department assumes all cost of constructing trunklines in municipalities, 50 per cent of local and rural road costs are paid for locally and not from user taxes and the present rate of local participation is maintained in the municipalities for city streets.

In his final report, it is expected Zettel will recommend changes in the present tax burden between various classes of highway users.

One Woman in His Life

WHITESBURG, Ky. (UP) — Sam Sexton, 60, who married and divorced the same woman seven times, died at his nearby Sand Lick Gap home yesterday. His wife was Mrs. Martha Sexton.

Thinks Nautilus Start of Nuclear Power for Navy

GROTON, Conn. (UP)—Charles S. Thomas, secretary of the Navy, said yesterday the atomic submarine Nautilus "is the start of the transition of the Navy from steam to nuclear power."

Thomas made the statement as he left the Nautilus after a 21-hour cruise in Long Island Sound.

During the trip, he said, the submarine was put through her paces with crash dives, maximum depth dives and other "advance underwater maneuvers."

Atomic Energy Commission Chairman Lewis L. Strauss and others also were aboard.

The Nautilus set a record early this spring by going 1,300 miles completely submerged. This was 10 times the existing record. She did it in 84 hours.

Wilson to Run Rose Fete

PASADENA, Calif. (UP)—Secretary of Defense Charles E. Wilson will be grand marshal of the 67th Tournament of Roses parade here Jan. 2.

Arson Charges Made Against 2

Three Firemen Injured in Sunday Garage Fire in White Lake Area

Arson charges were filed in Juvenile Court today against two White Lake Township juveniles who police say started a garage fire Sunday which injured three volunteer firemen.

The boys, 11 and 12 years old, had been seen on previous occasions playing near the building.

Oakland County Sheriff's detective Leo Hazen, who investigated the fire with White Lake Township Patrolman Andrew Piano, said the boys told him they had been playing with matches in the partially hay-filled garage, owned by Joseph Smith of 10 Union Lake Rd.

Newspapers on the floor had ignited, they said, and in an effort to smother the flames they had thrown bales of hay on the fire.

When the hay caught, they added, they ran away, returning later to watch the fire.

Smith estimated loss of the building at $2,000 or more. The stored hay, he said, was worth $200.

Ice Still Too Thin, Sheriff Irons Warns

Sheriff Frank Irons today warned County children and their parents that the ice on the county's 200 lakes "is by no means safe for skating yet."

"It takes several days of intense cold before the ice is safe," Sheriff Irons continued.

"Nearly every year we have to pull somebody out, and that's one job we don't want any part of."

Most smaller lakes and ponds froze over completely for the first time last night, as the temperature dropped to five degrees above zero at 9 p.m. and wind stilled.

Unruffled Merchant Tails Stickup Men

LONG BEACH, Calif. (UP)—When two men held up market proprietor James G. Browning he didn't get panicky.

When they left, he quietly followed. He saw them enter an apartment house. From a nearby service station he telephoned police. When officers knocked at an apartment door, Donald J. Robertson, an oil field worker, answered. With him was Alton G. Gardner, a laborer.

Browning identified Robertson as the man who leveled a revolver at him and took $93 from him. Police said that amount was found in the man's pockets. The two were booked on suspicion of robbery.

Uncle Miltie's Tired

HOLLYWOOD (UP)—Milton Berle left a hospital four hours after he was taken there yesterday, suffering from what was described as "extreme physical exhaustion." His doctor ordered him to rest at home for a week to 10 days before resuming his television work.

4 Dead as Snow Smothers Buffalo in 16-Inch Cloak

BUFFALO, N. Y. (UP) — A snowstorm spawned over the Great Lakes during the night crippled this sprawling industrial city today as even the main thoroughfares became clogged.

Four deaths were attributed to the storm.

State police warned that all roads in and out of the storm-lashed metropolitan area were dangerous and many were impassable.

All city schools, public and parochial, were closed. More than 50 others in suburbs and outlying areas also were unable to open. Many industries also shut their gates, and all downtown department stores.

Up to 16 inches of snow fell in Buffalo itself and there were reports of up to four feet south of the city.

In Buffalo, workbound thousands were stranded on street corners and in stalled cars. Roads leading to the city were blocked by stalled passenger cars.

A Buffalo Transit Co. bus bound for Hamburg was unreported during the night but it reached the Bethlehem Steel Plant in Lackawanna this morning. Passengers were given shelter and fed at the plant.

Five other buses were stalled on the Lake Shore Road and passengers huddled in hot dog stands and restaurants. Food was running low.

Dulles Cautions on Political Talk

Excesses of Argument in Campaign Endangers Nation, He Says

WASHINGTON (UP)—Secretary of State Dulles today called on Republicans as well as Democrats to avoid partisan foreign policy quarrels which, he said, might "endanger our nation."

* * *

Dulles suggested at a news conference that Republicans, as well as Democrats, should avoid what he called "excesses" in debate on foreign policy in the campaign.

He said he himself is trying to avoid getting drawn into "what would reasonably be considered a partisan position."

Dulles said he has no present intention of making Republican party speeches in the 1956 campaign. But, he added, unspecified events could change his mind.

Dulles refused to comment on criticisms of Eisenhower administration foreign policy made by Adlai Stevenson, Gov. Averell Harriman of New York, and other top Democrats.

* * *

The meeting with newsmen was Dulles' first since his return from the foreign ministers' conference at Geneva.

* * *

Answering questions, Dulles said Democrats could well follow the example he said had been set by Republicans during the presidential campaigns of 1944, 1948 and 1952.

"Through Rain or Shine . . . '

NEWSBOY DEFIES BLIZZARD — James O'Keefe, unconcernedly sells his papers on a blustery downtown street corner swept by Buffalo's worst blizzard in years. "People are great," he says, "They want to read about the storm while their feet are still wet from it."

Joint Merger Study Favored by Residents

By MILLIE TEMPLE
Press Waterford Correspondent

A study of the possibility of annexation of Waterford Township by the city of Pontiac is considered a good idea by a number of township residents. Many feel the study should be made by a joint committee representing both areas, however.

Charles Pappas, past president of Waterford Township Jaycees stated: "A mixed group should make the study and perhaps the joint committee could bring in experts in the field to speak before an open meeting of both Pontiac and Waterford Township citizens."

Geiston Poole, resident of Waterford and a Pontiac businessman, said he thought a study would be nice, with a combined unit perhaps better. Both communities would be better merged than a lot of small ones, as far as financial support is concerned, he added.

William Shunck, superintendent of Waterford Township schools, stated, "My guess is that 10 years from now Waterford will be of such size, population-wise, that it can't operate under its present form of government.

"As I see it," he said, "there are three choices, a part of the city of Pontiac; Waterford Township as a city; or Waterford Township as several little cities. The most unfortunate of these," Shunck asserted, "would be the third choice. I feel a study should be made in the township to see what is best for the area," he said.

Lloyd Anderson, Waterford Township supervisor, also favors a study as suggested by Frank Steere. "We are now obsolete, considering our size," Anderson said. "However, I'd like to see a study of all possibilities; that is, annexation, incorporation, or suggestions for new legislation for the present township government. I personally have no preference."

At the present time, Anderson pointed out, the township board has no power to pay a group to make such a study. A legislative proposal is being drawn up now which would permit township governments to set up planning commissions, Anderson said.

"The Township Board would be glad to appoint a committee to make a study," he added.

Helen Reese, president of the Waterford Township Business and Professional Women's Club, said, "I have the best interest of Waterford Township at heart, having been a resident since 1915, but before committing myself on the question of annexation there are many problems to be appraised and understood.

"This merits joint thinking of the basic problems in order to relate the problems confronting both bodies of government. I sincerely feel that the survey should be made by a joint study group from the two areas involved."

Harold Kruger, president of Greater Waterford Township Business Men's Assn., said, "We would be receptive to the idea of a joint meeting of the Pontiac Chamber of Commerce along with a committee of Waterford Township citizens who were not members of the Pontiac Chamber of Commerce and equal in size to the Chamber of Commerce Committee."

Irwin Green, Drayton Plains merchant, favors incorporating the township as a whole. "For us locally," he said, "it would be better, for in annexation we would be but a small part in a big city."

Adsit Stewart, Township Zoning Board member, said, "I've an open mind on the proposed study." He suggested a study should also be made as to whether the township should incorporate.

Bruce Annett, realtor, suggested also that a joint committee representing both areas should make the proposed study.

Teen Vice Probe Still Continues

Meeting and Discussion With Officials of Area Delayed by Sickness

An investigation is continuing into reports of extensive teenage vice activities in Southern Oakland and Northern Wayne Counties, Chief Assistant Oakland Prosecutor George F. Taylor said today.

* * *

Attention was focused on the area when an unnamed juvenile claimed to Detroit Police that other youths were carrying home-made guns, buying marihuana cigarettes and engaging in other unlawful activities.

* * *

Taylor said a planned meeting to discuss the situation with Detroit Police Commissioner Edward Piggins and Detroit Juvenile Judge Nathan Kaufman has been temporarily delayed because of the illness of Oakland Prosecutor Frederick C. Ziem.

* * *

Detroit, Wayne County, Royal Oak Township and Oakdale Gardens police are investigating the reports, said Taylor.

Inquest Date Slated in Woman's Death

The death of a Southfield Township women in a Royal Oak osteopathic surgeon's office will be investigated during a coroner's inquest set for Dec. 15, Chief Assistant Oakland County Prosecutor George F. Taylor said today.

* * *

Mrs. D. W. Campbell, 33, of 17325 W. Fourteen Mile Rd. died Nov. 11 about an hour after she entered the doctor's office for treatment of an asthma condition.

A six-person coroner's jury will assemble at 9:30 a.m. in Probate Court to conduct the inquest, said Taylor.

Dr. John J. Marra, Pontiac General Hospital pathologist, and Deputy Coroner Dr. E. W. Spohn, are expected to testify. Dr. Spohn signed the death certificate and Dr. Marra did a post-mortem examination.

* * *

Experts from two pharmaceutical companies, who made the medications administered to Mrs. Campbell, are also slated to testify, Taylor added.

School of Sanitation Planned for January

The next three-week sanitation school for food handlers is scheduled for January according to City Sanitarian Charles S. Cohen.

Attendance at the school is mandatory for persons employed in restaurants, soda fountains, taverns, bars and other establishments where food is handled.

A certificate of attendance will be presented when the three two-hour classes are completed.

"We attempt to train management in food handling with the idea in mind of improving standards," Cohen said. Since the school was started in 1949, there have been 2300 completions out of 3500 registrations for the classes.

The meetings will be held in the conference room of the Health Department in the basement of the City Hall.

200 Sylvan Residents in Dark for 1 Hour

About 200 residents of the Sylvan Lake area were without normal electrical power for more than an hour last night due to a power failure on a Detroit Edison line.

A spokesman for Edison said the failure was caused by a burned off tap connector between the second and third poles east of Telegraph Road on Ward Road.

He said it was difficult to determine what caused the tap connector to burn off but said it could have been caused by previous lightning. Normal voltage output was restored by 10:30 p.m. after Edison received the report at 9:14, he said.

Sleuth Bags Deer Twice in Thief Hunt

WAUSAU, Wis. (INS)—Kenneth Treu bagged an eight-point buck with a rifle bullet in the neck. He stopped to celebrate at a tavern.

Then he found his prize had been taken from the fender of his car. Treu turned sleuth and tracked down a possible suspect who had an eight point buck but claimed he had killed it with a shotgun slug in the stomach.

An examination of the buck bore out Treu's contention that the animal had been shot in the neck. Hunter Treu had bagged his deer a second time.

Soviet General Writes the Rules

Red Commander to See U.S. Protest Delegates When He Returns

BERLIN (INS)—The U. S. Commander in Berlin was ready to protest strongly today the detention of four Americans by East Berlin police, but his Soviet counterpart was stalling.

* * *

American officials finally agreed this morning on the text of the protest to be delivered by Maj. Gen. Charles L. Dasher, Jr., after about a day's debate on how harsh the note should be.

But Russian Gen. P. T. Dibrova's office said the general was out on inspection and an appointment time could not be fixed.

The American commandant thus was placed in the embarrassing position of being forced to wait until Dibrova saw fit to see him—and that could be days.

Meanwhile, Dasher conferred today with the British and French commanders in the divided city to discuss Sunday's incident which involved two U. S. congressmen, as well as a rash of recent Communist police attacks.

* * *

The quartet of Americans held at gunpoint by East German police included two congressmen—Reps. Harold C. Ostertag (R-NY), and Edward P. Boland (D-Mass)—Ostertag's wife and Lt. James T. McQueen, the Army escort who was showing them around the Soviet sector.

* * *

The U. S. party, which included a West Berlin chauffeur, was released after four hours and several protests.

Webberville Woman in Critical Condition

Mrs. Margaret L. Dormire, of Webberville, was reported in "critical" condition this morning at Pontiac General Hospital after an accident yesterday morning at Hatchery and Airport roads in which witnesses said she ran a stop sign directly into the path of a five-ton gravel truck.

* * *

Mrs. Dormire suffered a concussion and chest injuries. Her granddaughter, Rebecca, 4, is in "fair" condition with a concussion and multiple lacerations.

The truck driver, Herbert Cummings, 31, of 36 Sanderson Ave., was treated for bruises and released.

Rock and Bang 'Em

KERRVILLE, Tex. (AP)—Johnnie Anderson has been on crutches since a fall last month. Came hunting season and his friends built him a blind equipped with a rocking chair. Sunday he shot a fat turkey gobbler. Yesterday he rocked on and bagged a deer.

United Press Telephoto

SCENE THAT'S CAUSING DEBATE — White House security officials huddled yesterday on what to do about the reopening of the Gettysburg battlefield observation tower just east of President Eisenhower's farm home. The big steel tower, right, affords an excellent view of the President's rebuilt farm home and its surrounding meadows and farm land. The matter for debate among the officials was: How much of a security risk is involved in public use of the tower? The tower has been closed since Nov. 11 when the President arrived.

Carpenter Strike to Close Bridges

Highway Official Says Walkout Will Halt Span Projects in State

LANSING (AP)—State Highway Department officials were hopeful today that a carpenters' strike scheduled for Sunday would be called off before it halts work on state bridge projects.

* * *

The carpenters, members of the Michigan State Carpenters Council, called the strike against the Michigan Road Builders Association to back up demands for wage increases and fringe benefits in a new contract.

The association represents contractors with more than 90 per cent of State Highway Department projects.

J. C. Schaub, special assignment engineer for the department, said he is "hopeful something can be worked out" in negotiations this week.

* * *

Schaub said the department is not a party in the dispute, although he attends union-association meetings.

* * *

If the strike materializes, he said, it would affect only bridge construction projects. Highway projects could continue as usual.

* * *

C. J. Carroll, executive secretary of the association, said union members and association representatives are "not too far apart on wages but we are having trouble with the fringe benefits."

Commission Meeting Called Off for Tonight

Due to the absence of the mayor and five commissioners, there will be no City Commission meeting tonight.

With the exception of Commissioners Roy V. Cooley, all the lawmakers are attending the four-day American Municipal Congress which opened Sunday in Miami, Fla.

The weekly meeting for the following week is slated for Tuesday, Dec. 6 when the six are due back in the city.

Group life insurance plans date back to about 1911.

Lack of School Teachers Causes National Concern

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The lack of schoolteachers is one of the biggest dilemmas before the President's White House Conference on Education, which is meeting here for four days.

Will higher salaries get more men and women into teaching and keep them teaching? That's one of the possible solutions. The Fund for the Advancement of Education doubts it's the only one.

The fund, a private organization doing research in this field, points to another reason why more people don't make teaching a career: promotion is too slow and is not based on performance but on time served and credits accumulated.

* * *

What kind of salaries do teachers get? And how many teachers are needed? The following information has been put together from statistics gathered by the fund, the National Education Assn. and the U.S. Office of Education.

Right now in public and private schools — elementary, high and college—there are about 37,900,000 students. In 10 years the number will be an estimated 51,502,000.

* * *

More teachers will be needed not only to take care of the increase in the number of students but to replace teachers who quit for better jobs in private business or women who quit to be married and stay home.

S. M. Brownell, commissioner of the U.S. Office of Education, estimates there was a shortage of 141,300 qualified teachers this year.

* * *

But the number of college graduates has been going down. They reached an all-time high in 1950 when 434,000 were graduated. In 1955 the number was 285,000. They were of the generation born in the depression. Births picked up during and after the war. The number of college graduates in the future will increase.

But the President's committee on the White House conference says that only 86,696 of those graduated from college in 1955 were qualified to teach in grammar and high schools.

* * *

The fund says that to "maintain the present over-all pupil-teacher ratio, the schools will have to enlarge their teaching staffs more in the next 10 years than in the previous 35. The colleges and universities will have to add more teachers in the next 15 years than in all previous history combined."

* * *

The national average of teachers' pay in 1954-55 for grammar schools was $3,614 and for high schools, $4,194. The average for both combined was $3,816.

Swear In Two Members of Sylvan Lake Council

Two newly elected members of the Sylvan Lake City Council have been sworn into office.

Robert S. Menees, of 1535 Maplewood, and Willard L. McRae, of 1668 Inverness, were elected to the posts in a city election held Nov. 8. Both will serve three-year terms.

In other Sylvan Lake affairs, applications for connection to city's water main were requested filed in the city clerk's office according to sections 4.1 and 4.2 of "Water Services."

The new city water operating ordinance No. 49 was passed Oct. 26 and became effective Oct. 29 It is presently being printed for circulation.

Before any connection is made to any water main, application for a permit must be made in writing by the owner, or his authorized agent, of the premises to be served, at the office of the city clerk.

City Manager Ernest L. Ethier reported that no connection could be made until the applicant pays to the city regulated fees based on the size of the service desired.

Ethier said that pressure and chlorination of the system are now being made and date of permission to use the system will be given to the citizens upon acceptance by the city of the mains and the approval by the State Health Department.

In other business, it was announced that December 1955 county and school taxes were due by Dec. 10. A penalty of four per cent will be added starting Jan. 21, 1956 for those delinquent taxes.

The City Council also approved at its Nov. 9 meeting to pay West Bloomfield Township for use of its fire department, $2,500 per year for five runs and $75 per run after five runs.

U.S. Debt Above Set Legal Limit

Economist Says Nation Owes 453 Billion More Than Law Permits

DETROIT (AP)—The chairman of the Citizens Committee for the Hoover Report says that 20 million dollars a year have been saved in the Post Office Department alone as a result of Hoover Commission studies.

* * *

Clarence Francis, committee chairman, told the Detroit Economic Club yesterday that "business machines to compute payrolls have eliminated 5,000 jobs in the Post Office."

Francis said the Armed Services have realized similar savings in purchase of foods through a better system of estimating needs, but he added there still are governmental agencies with "out-of-line budgets."

"The Women's Army Corps," he said, "continues to buy 30,000 uniforms a year, while at no time since World War II have there been more than 15,000 women in the service. They have enough uniforms to last 10 years."

He also reported that a spot check of one Air Force supply depot showed there were enough items on hand to last from 9 to 69 years.

QUOTES FIGURES

"We dare not pile on waste any longer," Francis continued as he urged strong bi-partisan support for the Hoover Commission report.

He told the Economic Club that the national debt is closer to 700 billion dollars than the 247 billion limit set by law.

In reaching his 700 billion figure, Francis included the 274 billion dollar known debt, 240 billions of loans, 104 billions of guarantees and insurance services and 265 billions in unfunded liabilities in the retirement program.

The Hoover Commission, headed by former President Herbert Hoover, was formed by Congress to study governmental operations and recommend economies.

* * *

Francis urged that its recommendations still outstanding be put into effect "before the nation gets caught up in the political swirl of 1956."

Bay City Local Halts Auto-Lite Production

BAY CITY (AP) — Production was halted today at the Electric Auto Lite Co. when 1,000 members of Local 526, CIO United Auto Workers failed to report for work.

The union scheduled an afternoon meeting to air protests over local issues unresolved in a nationwide contract signed 10 days ago covering 27 Auto Lite plants.

Discharges, production standards and wages at the local level reportedly were involved. The Company has other Michigan plants at Port Huron and Owosso.

After 10 years of residence in Egypt, Albania's ex-King Zog has rented a villa at Cannes, France.

U.S. Hunts Solution to School Problems

(Continued From Page One)

tables," which become progressively smaller in number.

Thus, the views of the delegates on six key educational problems will be "distilled" for final submission as the official conference report.

The round table procedure, which bans floor debate and voting, was challenged last night by a lone woman delegate. Mrs. Edmund D. Campbell, a member of the Arlington, Va., School Board, asked that the conference be permitted to consider resolutions—which would require a floor vote.

However, Neil McElroy of Cincinnati, chairman of the conference, indicated to newsmen that despite protests the procedure would not be changed.

James R. Killian Jr., president of the Massachusetts Institute of Technology, opened today's discussion on "What Should Our Schools Accomplish?"

Killian declared that all participants should agree that a primary goal of the schools should be "the preservation of freedom of education."

He said: "We insist upon keeping this freedom even if some of the tidy advantages inherent in standardization must be foregone—we are all well aware that standardization and freedom rarely go together. And we cling to this freedom for the individual even though it looks at times as though the welfare of the nation were suffering from it."

Speaking of "crises" in education, such as the shortage of scientists and engineers, Killian said he is "convinced that the American system of finding voluntary ways to meet such crises is better than coercive methods."

The racial segregation issue was injected into the conference today.

Clarence M. Mitchell, a conference delegate representing the National Association for the Advancement of Colored People, charged southern states with "defying" the Supreme Court's ban on school segregation.

Therefore, the NAACP official said, his organization questions whether delegates from such states could legally receive travel expenses from the government to attend the conference.

France Returns to Assembly

Cancellation of Algeria Debate Brings Alphand Back to New York

UNITED NATIONS, N. Y. (INS)—France ends today her U.N. assembly boycott over the Algerian question.

* * *

Chief French Delegate Herve Alphand said he would take his seat in the global forum for the first time in 60 days when the assembly meets at 3 p.m. EST to ratify committee decisions on Korea and other matters.

France walked out of the Assembly on Sept. 30 when the world body voted to debate Algerian demands for independence, which Paris considers an internal matter.

Alphand also will be called on to vote on the Southwest African question—one of the issues which prompted another member, the Union of South Africa, to withdraw from the remainder of the session.

A COINCIDENCE?

By coincidence, Alphand was returning on the same day the French government undergoes a critical test vote in the Paris National Assembly. The government's chances for survival were reported slim.

The last obstacle to France's return to the Assembly was removed last night when the political committee voted 49 to 0 for a 31-nation resolution shelving discussion on the Moroccan question.

* * *

The Algerian question was dropped from discussion by the unanimous decision of the Assembly and political committee last Friday. France promptly announced it would return to the session.

* * *

Eagerness of the French to return to the assembly was seen in their decision not to await Assembly ratification of the political committee's vote to shelve Morocco. The Assembly is expected to act on the matter later this week.

* * *

The Assembly this afternoon will approve political committee recommendations to discuss the Korean unification problem at the 1956 U.N. session. The committee passed a U.S.-sponsored resolution which implies that North Korean Communist refusal to agree to free elections bars any solution at this time of the problem.

County Credit Union Banquet Scheduled

The Oakland County Employes Credit Union will hold its second annual meeting-banquet Jan. 18 at 6:30 p.m. in the Elks Temple, 114 Orchard Lake Ave., according to Robert C. Miller, program chairman.

New officers and directors will be elected and the dividend for 1955 declared. Speakers will be announced later.

Reservations can be made at the credit union office, third floor of the county office building at 1 Lafayette St. All county employes have been invited, regardless of whether they are credit union members, said Miller. Guests are welcome.

This May Do It

LOS ANGELES (AP)—Police hope to get the upper hand on Los Angeles' freeway traffic problem by using a helicopter to spot jams. The City Board of Public Works has authorized construction of a helicopter landing area atop the new police building downtown.

The Day in Birmingham

Jacobsons May Move Children's Department

BIRMINGHAM — Nathan Rosenfeld, president of the Jacobson store chain, said yesterday from his Jackson offices that his firm is "studying the possibility" of moving the children's section from the main store of West Maple avenue, to 275 N. Woodward Ave.

The Wilson Pontiac - Cadillac agency formerly occupied the large building, which is located at the southwest corner of Willits and Woodward.

Dropping all pretense that the move is only a possibility, Rosenfeld added that construction work will probably be started early in the year and he hopes, "ready for early fall."

Preliminary plans indicate that a two-story addition on Willits street would be added immediately west of the existing one-story structure. That building, vacant for a year and a half, will be completely remodeled, said Rosenfeld, to include new show windows and new entrance ways, among other things.

MORE COMPLETE COVERAGE

With this step is seen at least a "temporary abandonment" of enlarging the West Maple store, for which plans were announced last Spring.

Moving the children's line, which now occupies most of the store's lower level, will allow for more complete coverage in their women's, misses and junior wear, Rosenfeld explained.

An architect's sketch of this latest Jacobson store will be ready about mid-January, he said. Jacobson's Home Decorative Shop on North Woodward, just across the street from the future children's apparel building, is currently in the throes of expansion, with work probably to be finished in the Spring.

* * *

Following considerable discussion last night when affected property owners asked that the city contribute 75 per cent of the costs to acquire additional right-of-way for widening Willits Street between Woodward and Bates, the City Commission compromised and agreed to a 50-50 split.

Lawmakers based their decision on a traffic survey by T. M. Vanderstempel, traffic engineer, showing that Willits parking restrictions and improvements would relieve "dangerous congestion now experienced along Maple between Woodward and Chester, especially during rush hours."

Normal city participation in projects of this type is 15 per cent. Also approved was the Willits paving between Woodward and Bates, the city paying 25 per cent of costs. Further study will be given to paving from Bates to Chester, a move highly favored by Vanderstempel.

To improve traffic flow on Bates between Maple and Willits, a 30-day trial will be given to removing five parking spaces on the east side of Bates just north of Maple, providing a "storage" lane for cars entering the Wabeek parking lot.

In addition, parking lot attendants there and at the Jacobson lot across the street will issue parking stubs at least three parking lengths inside the lots, rather than at the entrance way.

* * *

Norman Nadel, drama critic, will discuss current Broadway plays when he is guest speaker for Friends of the Baldwin Public Library on Wednesday. "On the Aisle" columnist for the Columbus Citizen, Nadel will address the closed meeting at 8:15 p.m. af the library.

This summer he received, with Howard Lindsay and Roger L. Stevens, the Variety citation for "outstanding contributions to the theater," the first time a drama critic has ever won the award.

* * *

The appointment of Herbert H. Gardner as state chairman of the savings bank committee of the American Bankers Assn., has been announced by Fred F. Florence, president. Gardner is president of the Birmingham National Bank.

* * *

Three Advent lectures will be given by the Rev. Harold Towne of St. James Episcopal Church, the first at 10 a.m. tomorrow on "Humility." The others, "Privilege and Duty" and "Resourcefulness and Foresight," will be at 11 a.m. Dec. 7 and Dec. 14 at 10 a.m.

Pontiac Deaths

Gerald W. Daugherty

Gerald W. Daugherty, 54, of 9050 Pontiac Lake Rd. died Sunday at Pontiac General Hospital. He had been in ill health 10 years.

He was born in Fort Wayne, Ind. Sept. 3, 1901, the son of Walter W. and Elaine C. Brockerman.

A plasterer, Mr. Daugherty came here three years ago from Dallas, Tex.

Besides his mother, he is survived by a daughter, Mrs. Elizabeth M. St. John of Pontiac and a son, Gerald W. Daugherty of Detroit.

A brother, Alfred H. Daugherty of Farmington, and a sister, Mrs. Violet Smith of Pontiac, also survive.

The Rev. Paul R. Havens of the First Methodist Church will officiate at the service in the Pursley Funeral Home at 1 p.m. Thursday. Burial will be in Parkview Memorial Cemetery, Livonia.

Mrs. Edward Goddard

Mrs. Edward (Minerva David) Goddard, 85, of 32 W. Strathmore Ave. died yesterday morning at the home of her daughter, Mrs. Goldora Goddard, 116 W. Colgate St. She had been ill six months.

Born in Knoxville, Iowa July 17, 1870, she was the daughter of Sylvester and Laura Robinson Wilson.

A practical nurse, Mrs. Goddard attended school in Missouri and came to Pontiac in 1927. She had been a member of the First Baptist Church since 1942 and was a member of the Berean Class of her church.

Surviving are four children, George S. David of Detroit, Mrs. Myrtle Walton of East Jordan, Lawrence W. David of Pontiac and Mrs. Goddard at whose home she died.

She is also survived by 14 grandchildren, 18 great - grandchildren and six great-great-grandchildren.

Dr. H. H. Savage, her pastor, will officiate at the service Thursday at 1:30 p.m. in the Huntoon Funeral Home. Burial will follow in White Chapel Memorial Cemetery.

Victoria, Richard and Mark Johnson

Victoria, Richard and Mark Johnson, children of Mr. and Mrs. Leroy H. Johnson, 86 W. Beverly St. are at the Pursley Funeral Home where service will be held Wednesday at 2 p.m. Burial will be in Oak Hill Cemetery.

The Rev. George B. Garner of the Victory Tabernacle, Lincoln Park will officiate.

The children were burned in a sudden fire at their home Saturday. Richard, twin brother of Victoria, 2 yrs. old, died Saturday. Victoria and the baby, 8 months old Mark, died at Pontiac General Hospital Sunday.

Edward P. O'Reilly

The Rosary will be recited at 8 o'clock this evening in the Brace-Smith Funeral Home for Edward P. O'Reilly, 81, of 104 Center St. The funeral will be from St. Vincent de Paul Catholic Church at 11 a.m. Wednesday.

The Rev. Father Edward P. O'Reilly, son of the deceased, will be celebrant of the Mass. Burial will follow in Mount Hope Cemetery.

Mr. O'Reilly is survived by his wife and six children, the Rev. Father Edward O'Reilly of Roseville, Mrs. Phillip Jordan of Las Vegas, Nev., Mary Elizabeth, John, Robert and William O'Reilly, all of Pontiac.

A sister, Mrs. Frank McKenna, also survives. Mr. O'Reilly died Sunday.

John Lee Youngquist

John Lee Youngquist, three month old son of David L. and Maureen Sweet Youngquist, was dead on arrival at Pontiac General Hospital last night.

The baby was born here Aug. 31, 1955. The parents with two other children, David B. and William M. Youngquist, make their home at 4005 Elizabeth Lake Rd. The family attends St. Benedict's Catholic Church.

Prayer service will be at 10:30 Wednesday morning in the Donelson-Johns Funeral Home with burial in Waterford Center Cemetery.

Architect Will Study School Addition Bids

BLOOMFIELD HILLS — At a special School Board meeting last night, bids considered "very favorable" were received for the Wing Lake School seven room addition.

Low bids for construction, mechanical and electrical portions of the work totaled $160,229, with Detroit Contracting and Engineering Co. submitting the low construction bid of $112,000.

Bids included a septic tank and drain field not originally figured in the board's $150,000 estimate, and accounting substantially for the approximate $10,000 added over the first estimate.

Bids will be studied by the architect and returned Monday for approval. The board will also hold a special session Thursday to receive bids for the new six classroom elementary school on Westview, east of Woodward.

Expansion of work among the lepers into five new centers in the Gold Coast is reported by Accra.

Turnabout Was Considered Fair Play Until Women Designed Men's Clothes

By SAM DAWSON

NEW YORK (AP)—Men design women's clothes. And now some women are designing men's apparel.

One maker of men's suits (H. Daroff and Sons) has hired a woman to advise retail outlets to encourage women to shop for men's clothing, with the idea that will boost sales volume.

A maker of men's hats (Frank H. Lee Co.) has hired a woman to design its new spring line on the theory that a woman would know best how a man should look—so as not to clash with his wife's fashions.

MEN RESENT IT

Many women have long been very vocal about telling their men what they ought to wear. Many pick out the clothes on the theory the husband's taste can't be trusted. Others go along as unpaid but certainly not unheard consultants.

But a lot of men resent it and won't permit their wives to choose anything for them.

Some merchants say the wife spurs the husband into spending more on his appearance than he would if he weren't nagged. They report 50 per cent of their sales of men's suits are made while the wife watches.

* * *

Others say that the wife just complicates sales, wastes clerk's time and upsets other and unaccompanied males who may be there shopping.

WOMEN BUY 'EM

Some men, who choose their own suits, are content to let the women do the shopping for shirts, underwear, socks, pajamas and the like.

Merchants say 70 per cent of such items are bought by women.

H. Daroff and Sons also had a research organization query women shoppers on the subject of men's duds.

* * *

More than a third of the women said, "Everything is left up to me." But almost half said style was specified, though less rarely was brand and color mentioned.

The women said when they went along with their husbands they were listened to on the matter of fit, but seldom consulted about fabric, color, brand or price.

Cubs of Crofoot School Hold Court of Awards

Cub Pack 8 of Crawford School held a court of awards last night at the school, with 75 in attendance.

Awards were given to: Robert Woody, Harry Smith, Wolf badge; Kenneth McClellan, Douglas Sheffield, Jimmie Measel, James McCurdy, Jack Bennett, Silver Arrows; Jimmy Measel, Michael Measel, Jon Gary, James Mitchell, Gold Arrows; Patrick Glynn, Jack Bennett, Bear badges; Ernest Humphreys, Lion badge; and Kenneth Goff Jr., James McCurdy Jr., Douglas Sheffield, Richard King, two-year service star pins. Cubmaster is Ken Goff.

Bolivia has prohibited flower and vegetable seed imports to protect the Cochabamba nursery industry.

Probation, Court Costs Given Blane Roberts

In Oakland County Circuit Court yesterday, Blane A. Roberts, 21, of 91 Stimpson, Detroit, was placed on three-year probation and assessed $200 court costs by Judge George B. Hartrick.

Roberts admitted Nov. 21 stealing clothing Nov. 9 from a cleaning plant at 28681 Northwestern Hwy., Southfield Township.

Jail Term, Probation

Thomas Winegar, 22, of 136 S. Edith St., yesterday was placed on two-year probation and assessed $200 court costs by Circuit Judge George B. Hartrick.

Winegar admitted Nov. 21 breaking into the Holiday Park office at 4300 Cass-Elizabeth Lake Rd., Waterford Township, Aug. 15. He will spend the first 60 days in Oakland County Jail.

Greece has imposed a new regulation restricting petroleum company profits to amounts earned before April 27, 1955, Athens reports.

Plea of Guilty Entered by Harold S. Thrower

After pleading guilty to indecent exposure Nov. 14, Harold S. Thrower, 31 of 50 E. Sheffield Ave., was placed on two-year probation and assessed $150 court costs yesterday by Oakland County Circuit Judge George B. Hartrick.

Thrower admitted exposing himself before two girls in Pontiac Nov. 5.

Belgian Rabbits Threaten Nation

State Officials Worried as Burrowing San Juan Animals Bring Havoc

WASHINGTON (INS) — The Federal Fish and Wildlife Service fears that the country can be going to the rabbits.

Not the famed cottontails, which have been around for a long time, but the burrowing Belgian hare type of European rabbit sportsmen have been bringing into the U.S. from prolific stocks on the Juan Islands off Washington state.

No one knows how many small colonies of the long-ears have been shipped from Washington to satisfy hunters and dog clubs but they are known to have shown up in Pennsylvania, Maryland, Ohio, West Virginia and Illinois.

Fish and wildlife men warn that anyone who tries to establish hutches of San Juan rabbits is playing with fire, since one of the colonies may explode into a plague.

Once established in a locality, the rabbits resist extermination more than rats or mosquitoes.

NATIONS PLAGUED

England, France, Australia and New Zealand are already being plagued by millions of rabbits, hopping, eating, breeding and denuding the earth to such an extent that sheep have starved.

In France, a scientist introduced a rabbit-killing disease that is causing controversy throughout the nation. It seems opinion is divided on whether rabbits are more of a pest because of their eating habits or a benefit because of the fact they can be eaten.

Washington state authorities refuse to do anything about the question, contending that those who entertain fears are "unduly alarmed." The Fish and Wildlife Service says it can do nothing. There is no law against shipment of the San Juan rabbits in interstate commerce.

The rabbits may solve one problem for the nation, though. Conceivably, they could eat enough to eliminate future agricultural surpluses.

DIXIE DUGAN

By McEvoy and Strieber

Editor, 17, Resigns

HYDEN, Ky. (UP) — Kentucky's youngest newspaper editor resigned yesterday at the age of 17. Denzil Allen said he sold his half of the Leslie County News, a weekly, to J. E. Nolan, his partner. The paper was started in June.

Greater attention to instruction in civics in Eire's schools is urged by T. White, Dublin labor leader.

Chinese Nab 1,331 Reds

TAIPEI, Formosa (UP) — Chinese Nationalist guerrillas operating off Fukien province along the coast opposite Formosa have captured 1,331 Communists in four years.

A young giraffe, "Happy," will appear on the Christmas cards of members of the Dublin, Eire, Zoological Society this year, as they wish their friends a "Happy Christmas."

Writer of Williams' Speeches Gets OK

LANSING (UP) — Gov. Williams' new speech writer, after a brief trial period on the governor's personal payroll, has been placed on the state payroll, it was disclosed today.

The executive office said that James G. Crowley, former Detroit and Washington, D.C., newspaperman and radio commentator, was placed on the office payroll Oct. 24.

Under civil service rules he started at $7,621 a year and has been jumped to $8,268. In another three pay periods he will be raised to $8,915, the office said.

Williams announced Oct. 6 that he was employing Crowley with "private funds" temporarily to prepare data for the special legislative session.

Crowley has written Williams' major speeches since then.

Taylor Board Reviews Plan

School Officials Given State Proposal on Row Over Traffic Light

DEARBORN (INS) — Taylor Township School Board members today were studying a four-point proposal submitted by the State Highway Commission in an effort to solve the row over a traffic light at Cypress and Telegraph Road.

* * *

The board members agreed last night to review the recommendations of a survey made by the Highway Department.

However, since none of the recommendations included the erection of a traffic light at the intersection, for which township mothers have picketed, it appeared the problem would remain unsettled.

The recommendations included:

1. Reduction of the speed limit on Telegraph between Van Born and Brest from 50 to 45 miles an hour.

* * *

2. Prohibition of all but three left turns and U-turns on Telegraph between Von Born and Northline. This also includes the prohibition of two left turns onto Telegraph from Ames and Byers Roads.

* * *

3. A 24-hour full-time flasher at the disputed intersection.

* * *

4. Rerouting school buses to eliminate their crossing Telegraph.

Orville Jones, superintendent of the township schools, told Harold Bauerle, assistant state highway commissioner, and William L. Marvin, Detroit district traffic engineer of the Highway Commission, that the board would let them know within the week whether the proposal would be acceptable.

* * *

Baurle and Marvin told those attending the meeting last night that their survey showed a traffic signal at the intersection would have a tendency to cause more accidents and speed up rather than lessen the speed pattern in the area.

A 692-foot tanker, the largest freight ship ever built in the Netherlands, was launched recently in Amsterdam.

Use Old Cards for Decorations in Wrapping Gifts

HOLLYWOOD (INS) — Now you can put those old Christmas cards which have been gathering dust for the past year to use by using them to decorate your gift packages.

All you need is a pair of scissors, some glue and a little imagination and you're all set.

First, wrap your gifts in plain colored tissue or transparent paper. Next, carefully cut out the designs from the Christmas cards: Santa, noinsettias, snowmen, holly, angels, wreaths, or whatever else appeals to your fancy.

Arrange them in groups or singly on the packages, holding them in place with a little glue.

* * *

To complete the job, tie them up with brightly colored ribbons, using bits of holly, little bells, tinsel and Christmas seals for garnish.

Here are a few suggestions on the many startling effects you can achieve after a little practice.

To create a delightful winter scene slant a ribbon across a package and paste some jolly snow people on it as though they were tumbling down a slide.

* * *

You might try designing the wrapping to suit the gift or the porsonality of the person who will receive it.

If your friend is a chess player, you can create a checkerboard motif with a red and green Christmas colors.

If the present is for a skiing enthusiast, a mountain scene depicting skiers would be appropriate.

Mouse Interrupts Radio Broadcast 20 Minutes

SPRINGFIELD, Ohio (AP) — "Mighty Mouse" or one of his country cousins knocked Springfield's radio station WLBY off the air yesterday for 20 minutes and electrocuted himself in the process.

* * *

Station officials said a field mouse crawled into a 220-volt transmitter in WLBY's transmitting building outside the city limits. The rodent knocked the station off the air and burned himself up when 1,000 kilowatts of power passed through his body.

Holiday Traffic Toll Worst in State Annals

State officials are justifiably concerned about the heavy Thanksgiving Day traffic toll.

Besides many serious injuries, a total of 22 persons lost their lives in Michigan automobile crashes. This is more than twice as many deaths as the nine which occurred on Thanksgiving Day 1954.

★ ★ ★

More alarming, this record is the worst for any one day holiday in State history and accounts for 20 per cent of all 116 deaths reported in the United States over the holiday.

Governor Williams, shocked by the unprecedented slaughter, has asked State Police Commissioner Childs to study and make a detailed report on every one of these fatal accidents.

★ ★ ★

What baffles them and everyone else interested in highway safety, is why 19 of these fatalities occurred between 5 p.m. and midnight. The weather was ideal, roads were dry and traffic was not unusually heavy. Perhaps these excellent conditions were contributing factors.

Whatever the case, these Thanksgiving Day deaths should make every Michigan motorist resolve anew to obey every highway safety rule to the letter.

Equal State Aid Asked for Parochial Schools

In a statement issued at Washington, the Roman Catholic hierarchy has asked for equal church school rights to financial grants and aids now accorded public schools.

This statement says that because church schools "emphatically are an integral part of the American education system and are carrying a large share of the educational burden, they have full right to be considered and dealt with as components of the system."

The church further contends that "students of these schools have the right to benefits from those measures, grants or aids which are manifestly designed for the health, safety and welfare of American youth, irrespective of the school attended."

This newspaper recognizes the great progress made by parochial schools in the United States. There now are more such excellent schools here than in any other country. We rejoice in the fact that this has been possible because of the religious liberty guaranteed by our Federal Constitution.

★ ★ ★

But we must point out that the same Constitution which guarantees that religious freedom also explicitly decrees separation of church and state. So explicit is this Constitutional barrier that in 1947 the Supreme Court held in a New Jersey case:

"No tax in any amount, large or small, can be levied to support any religious activities or institutions, whatever they may be called, or whatever form they may adopt to teach or practice religion."

★ ★ ★

The wisdom of keeping church and state separate is emphasized by the fact that our national history is singularly free of religious strife. We do not believe that doctrine could be relaxed without danger. The safe course for the country's 260 religious groups is to shun state aid for their schools and thus avoid state interference. If aid were granted to Catholic schools, financial assistance would necessarily have to be accorded all other church and private schools.

Helicopter Saves 21 in Epic of Sea and Air

No more thrilling chronicle of sea and air has been written than the helicopter rescue of a wrecked ship's crew of 21 off the northeast tip of Cape Breton Island, Nova Scotia.

For 28 hours the *Kismet's* Greek captain, Anast Maniatis, and his men had clung to their foundering vessel before they saw any hope of escaping death. Then a Canadian Navy helicopter, which had been grounded by the fierce gale, was able to make the first of four rescue flights to the battered ship's deck.

Only stouthearted men brave the northern seas at this time of year. It is good to know that equally stouthearted men are willing and able to go to their aid in times of peril.

"A survey of large corporations uncovers only one, a manufacturer of chocolate, that has no vice president." —Trade note. On the other hand, we've heard tell of a corporation that had so many vice presidents it had to add still another one—a vice president in charge of vice presidents.

A mule may break a farmer's leg by kicking him, but he won't turn over on him and mash him to death, as a tractor will do if it gets the chance.

The Man About Town

Let's Make Pledge

With Ourselves to Assist in Observance of S-D Day

Safe Driving Day: When we're asked to drive as we always should drive.

MAT is asking readers of this column to make a pledge to themselves for a better observance of all safe driving rules. If we have any bad accidents on

National Safe Driving Day,

let us not have any member of the MAT family on the guilty list. It is our intention to consult with

Clyle R. Haskill,

Pontiac chairman for that event of Dec. 1, and the local officials, and ascertain if any guilty person belongs to our family. And let's keep up the habit we learn in this observance of the day.

Giving $25,000 to Flint's college and cultural development fund are

Mr. and Mrs. Ivan L. Wiles,

placing them among the substantial contributors to this $15 million project. Now Buick Division manager, Mr. Wiles got his start with General Motors in Pontiac in 1928.

A bear that he came across near Vanderbilt was so close to

Horace Martindale

of Drayton Plains that he could hear him grunt, but disappeared in a ravine before he could shoot. Horace says the animal made a derisive back kick before vanishing from view.

A lemon tree, now three feet high, in the home of

Mrs. Justin Parvu

of Wixom, has two lemons, each as large as a grapefruit.

The leopard, panther, mountain lion, wild cat or whatever it was that was seen a couple of years ago around Leonard, Holly and some other Oakland county points, has evidently moved to Ann Arbor, where it was recently seen near the stadium. This causes

Randall Van Wert

to suggest that it may be a wolverine.

The new captain of the Detroit state police post,

Jack Warner,

is a Pontiac area resident, living at 3425 West Long Lake Road.

Pontiac's nearest neighboring city, Sylvan Lake, has chosen

Mayor Anthony Kreps

for his seventh term. Congratulations, Tony.

After trapping along the Clinton and Huron Rivers for over a quarter century,

Hank Friskhorn

of Pontiac Lake, looks for a big muskrat crop during the open season which runs from Dec. 1 to Jan. 15. The muskrat houses seem more numerous than ever.

of Birmingham; golden wedding.

Mr. and Mrs. James Brooks

of Oxford; golden wedding.

"Let's Put It In His Glove—For Luck"

David Lawrence Says:

Critics of Nevada Atomic Blasts Think Nothing of Soviet Hydrogen Bomb Tests

WASHINGTON —Strangely enough, now that the Russians have exploded a powerful hydrogen bomb, there is no wave of protest from the same quarters which criticized the Atomic Energy Commission in recent months for testing bombs in Nevada.

It will be inferred that when the Russians do it, the critics in this country and abroad think it's all right. If the United States had exploded such a bomb last week, the United Nations corridors would be rocking with the thunderous comments of the "neutralists" and others who feel America should be prohibited from making atomic tests.

The most sensible comment—a thoroughly American point of view — has come from Senator Clinton P. Anderson, Democrat, chairman of the joint Congressional Committee on Atomic Energy, who called on the United States to step up its hydrogen-bomb tests to answer Russia's display of firepower.

He said the United States "cannot afford to take a chance" and that, "if you're in a contest, as their explosions indicate, you better make sure you're up to date."

The Russians announced that, because they exploded their bomb at a high altitude, there was no danger from the "fall-out." The question of what real damage the "fall-out" can do has been debated.

The Russians aren't handicapped by criticism. They don't worry about "The Geneva Spirit," either. Even though their top governmental people are in India supposedly to encourage the "neutralist" government there to keep on shouting for "peaceful coexistence," it doesn't seem to bother the Kremlin to pick just such a time to explode the most powerful hydrogen bomb Russia has ever tested.

SENATOR SPEAKS

Information as to what Russia is up to comes from a variety of sources — not the least sensational being a speech by Senator Stuart Symington, of Missouri Democrat, who was formerly secretary of the Air Force under the Truman administration. Speaking at a political dinner this week in Baltimore, Symington said in part:

"The future looks worse. For a great many years, since 1920, the Soviets have been working continuously on guided and ballistic missiles. They obtained much help from the Nazis in this field.

"In this country we have been working casually on comparable missiles. I say casually advisedly — because for two years we dropped entirely the development of the now acknowledged most important weapon in the whole missile field — the intercontinental ballistic missile.

"This weapon with a hydrogen warhead, could hit us from Moscow less than an hour after a button had been pushed.

"Against this weapon there is no known defense, except the automatic deterrent which would result from having buttons and missiles of our own. But we have no such missile today, and even now we are not making an all-out effort in this field."

At the Air Force offices here it was said that no information could be made available, as this would be the same thing as furnishing information to the Russians on a highly secret matter.

The Missouri senator also makes good political use of a speech by J. Russell Wiggins, chairman of the Freedom of Information committee of the American Society of Newspaper Editors," quoting the latter as follows:

"History does not record a free government that was secret or a secret government that was free."

The Russians, of course, censor their press, so they keep secrets. In America there used to be a self-imposed or voluntary censorship by the press itself. It worked well during the two world wars but during the "cold war," when there are being manufactured hydrogen bombs of the most devastating nature and missiles that supposedly can cross between Russia and the United States in an hour's time, the demand is made that all this be published.

Symington himself argues that the people have a right to know what is being done about missiles. But the administration isn't anxious to help Russia to know. Hence, the exact amount being spent on missiles is carefully concealed in the budget, and nobody will say for publication that America has or hasn't licked the missile problem.

It could be, of course, that there is no known defense against the intercontinental ballistic missile because there is no known missile. This correspondent frankly doesn't know and doesn't want to know, as that's the kind of secret nobody should proclaim from the housetops.

Doctor Forwards Arguments Against Tonsil Removals

By WILLIAM BRADY, M.D.

Back in the days when medicine was still a profession I valued and sometimes bent a little backward to hold the esteem of my erstwhile colleagues.

As expressed in an appraisal of my teachings, published in a Minnesota medical journal, "The fact that his (Brady's) statements hold water somewhat over 50 per cent of the time should be a cause for congratulation rather than censure."

The Minnesota medical journal editorial was inspired by my advocacy of the diathermy (electrocoagulation) treatment as an alternative for tonsillectomy for infected tonsils.

A fairly effective method that is safe instead of a method that involves the risk of life in every instance.

I still plump for diathermy (electro-coagulation) treatment as the method of choice for infected tonsils.

Your life is your own to risk recklessly if you wish. I'm a coward and wouldn't risk mine if I had infected tonsils.

HE'D SUBMIT IF—

I'd submit to tonsillectomy if I had tuberculosis, actinomycosis, syphilis or cancer. But no tonsillectomy for me in any other circumstance.

From numerous inquiries I gather that the operators expedite tonsillectomy (tonsil "removal") by giving parents that shabby line: "The child will continue to have one cold after another until those bad tonsils are out."

From the most authoritative statistics available (Kaiser's Children's Tonsils In and Out) I quote: "Statistical studies on groups of children with control groups of like ages reveal only a slight benefit for the children whose tonsils and adenoids have been removed . . . It must be recognized, however, that colds do not bear in many instances a close relation to the tonsils and adenoids . . ."

Removal of tonsils had been advised for 4,400 Rochester school children. Of these, 2,200 underwent tonsillectomy; 2,200 were not operated on. All of the children were in the 4 to 7 years age group.

When the children were 14 to 17 years old, of the 2,200 whose tonsils and adenoids had been removed 484 were still subject to repeated colds, while 682 of the 2,200 whose tonsils had not been removed were subject to repeated colds.

The difference is insignificant, and the doctor who operates on such questionable ground is reckless.

* Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

(Copyright 1955)

Voice of the People

Rev. Gouvellis Proposes Junior College in Pontiac

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Having read the excellent editorial, "Report Sounds Warning of U.S. Teacher Shortage," I got to thinking of what our President has made public. He is asking that all communities in our nation do something about the education of our children.

As one of the many spiritual leaders of our ever-growing city and county, I turn to a subject which will arouse some interest, a junior college for our city. It is not an impossibility.

We have excellent facilities being built in our system. The teaching personnel can compare and exceed many a college in America. There are few in our system who cannot prepare a course for college level. Every teacher in the high school plus the other schools can act and be instructors. We read of our teachers going to various colleges to instruct college students.

Is Highland Park, which has an enrollment of over 1,000 students in its junior college, better than Pontiac? Look what happened to Flint's junior college. It is now part of the University of Michigan system.

We can act and act fast. We need action from all. I feel that all who are interested should write to the paper and ask for action. Our school board will act accordingly and bring this about.

The present high school can be used for housing the students, and the results will be a better Pontiac through better educated citizens. The ancient Athenians had a saying that a sound body means nothing without a sound mind. Let us offer the chance to make better minds.

If a directive were put out to instruct all schools of secondary in the system to see who would go to college if one were here, the results would speak for themselves. This county is growing daily. Let Pontiac grow with it, not only our great Pontiac car, but also our Pontiac citizen.

Father Sam
Rev. Sotorios D. Gouvellis

Hal Boyle Says:

Rootin', Tootin' Cowboys Did Mighty Poor Shootin'

NEW YORK (AP)— In the wild and woolly West, it seems, there was nothing wilder than a cowboy's aim.

* * *

Millions of American kids today take it for granted that the oldtime cowboys were faster than greased lightning on the draw and practically never missed their target in a gunfight.

"The plain fact is," says Herbert O. Brayer, "that cowboys as a group were generally poor shots. Alas, it is all too true. They couldn't hit the broad side of a barn!"

* * *

Brayer, alas, is no mere killjoy bent on overturning youthful idols. He is recognized as a top authority on the wild West, and spent years going through court records and getting sworn testimony to debunk the legend that the average cowboy was an artist with a six-gun.

* * *

Here are a few of his disclosures:

Item: The famous Texas cattleman, Charles Goodnight, told Brayer: "I've known hundreds of the best and worst cowpunchers in the business, and the number of real working cowboys who could hit a man at 50 feet with a .44 or .45 you could count on your fingers and toes. But some of them were pretty fair shots with a rifle—and some were damn good!

"The best shots in the cow country certainly were not the cowboys—they were the ones who usually got shot! It was the professional gun slingers who spent their time learning to draw fast and shoot straight while the honest cowpoke was busy branding, driving up the drags, repairing fence, or busting steers out of the bush.

* * *

Item: Jim Shaw, a veteran trail rider who became president of the Wyoming Stock Growers Assn., said: "I only knew a half dozen real cowboys who were experts with revolvers. My brother could put five out of six bullets into a playing card at 50 feet, but I've seen him miss completely against a live target at 25 feet."

Item: Many cowboys preferred rifles or shotguns to revolvers, and as early as the late 1870's many ranchers forbade the carrying of firearms on the range, during roundups or while on the trail. If on rare occasions they needed a gunman they hired one. They didn't depend on their own cowboys.

* * *

Item: In 1881 two rival groups of cowboys got in a gunfight in a Dodge City, Kan. saloon. More than 100 shots were fired, and the only casualty was a cat. The cowboys could have done better with rocks or beanshooters.

Item: In one shooting fracas in New Mexico in 1884 a 19-year-old Mexican boy killed four cowboys and wounded six others, then holed up in an adobe hut and fought 80 besieging cowboys to a draw. Some 4,000 shots were poured at him, but at the end of 33 hours the boy surrendered unharmed on his own terms and got off scot free.

* * *

Item: Many cowboys kept their guns in such poor condition that if fired they were more likely to blow up themselves than their quarry. In 1887 U.S. Deputy Marshal Timothy Tooms of the Dakotas said: "Most cowboys are very slow in drawing and unless they take plenty of time to sight their weapons have little chance of hitting even a stationary target."

* * *

The truth is that many of the cowboys were teen-agers who wore a six-gun only as a badge of manhood—and really didn't know quite how to handle it if they tried to use it in a hurry.

Of course, kiddies, you already knew that the Indian was a pretty poor shot, too. Or did you? Any good modern archer today could outshoot the bow-and-arrow Indian of a century ago.

Who can a kid believe in? Maybe Buck Rogers. . . . Maybe.

Case Records of a Psychologist

Personality Prints Left Everywhere Decide 'Memorial' You Leave Behind

Contrast Herman's "memorial" with that of Margaret Mitchell. Then enumerate the unwitting accomplices who joined her slayer in producing her death. Is your job helping build up happy homes, or tearing them down? Don't let fat pay checks becloud your analysis. Jesus warned us about placing stumbling blocks in front of children. Take heed!

By DR. GEORGE W. CRANE

Case Q-308: Herman H., aged 55, was a German carpenter living near Bonn, Germany.

It was during the depression of the early 1930's, just before Hitler took over.

Herman was afraid he might be permanently out of a job. So he decided to insure more work for himself and his fellow carpenters.

Whenever he labored on a new house, therefore, he inserted a wooden panel in the chimney.

Ultimately, this piece of wood became so hot it slowly started glowing red.

* * *

And when it finally burned through, it would ignite the trigger of a bomb which would then explode and cause the house to catch on fire quickly.

It was years before Herman was apprehended and convicted of this diabolical plot. He was sent to prison, where he committed suicide two years ago, at the age of 77.

But it was impossible to obtain a complete record of all the houses he had worked on, so his vile scheme still is causing homes to be destroyed in this late year of 1955.

This seems a terrible kind of "memorial" for any man to leave behind him when he graduates from this earth via death, doesn't it?

* * *

But everybody is building his own "memorial" every day. The costly mausoleums in the cemeteries and the statues which men

may have erected in their honor, are not their major memorials.

We leave our personality prints on everything we touch, much as the criminals leave their telltale fingerprints at the scene of their crime.

Herman's "prints" are still destroying homes and possibly burning little children to death during the middle of the night.

That's not a very pleasant type of "monument" to leave, is it? But a great many modern Americans are doing very little to leave the world a better place for their having lived in it.

Margaret Mitchell, however, wrote a great historical novel "Gone With the Wind."

But a drunken driver careening down the street, killed Margaret Mitchell with his automobile. That's part of his "memorial."

And what about the fellows who made, distributed and sold the alcohol which caused that worried driver to seek oblivion via whiskey? Would you call them accessories to the murder of Margaret Mitchell?

Men today in our large cities sell doped cigarettes to high schoolers. They also stand on street corners and hand out free samples of standard cigarettes to grammar school boys and girls. Why?

Because of their greed for money! Many of you readers find it hard to believe that even Judas could sell out Christ for a matter of 30 pieces of silver.

* * *

Yet it's being done every day in modern America! We physicians and psychologists, as well as the clergy, can't avoid seeing thousands of dead and hundreds of thousands of mutilated auto wreck victims who got that way because of alcoholic drivers.

Oh, they weren't staggering drunk. No, just slap happy, euphoric and slowed down 10 per cent in their reaction times.

I'm putting this pretty straight for every man must make up his mind whether he is working to make the world better, happier and healthier, or just working for a pay check, though the results of his efforts degrade and destroy lives, happy homes and morality.

Just remember, expensive mausoleums are not our major "monuments." Christ inveighed against anybody's placing a stumbling block in front of children!

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 2c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

(Copyright 1955)

U.S. Detects Radioactivity Spewed Over Globe by Russian A-Blasts

WASHINGTON (INS)—Tiny particles of radioactivity spewed around the globe by every nuclear blast tell the U.S. almost immediately whenever Russia sets off off a new and larger test bomb.

* * *

More than 200 U.S. weather stations and high-flying observation planes patrolling the perimeters of Communist power, detect the radioactivity particles and transmit reports to Washington by telegraph and radio.

These reports tell much more than the mere fact that a bomb has gone off. A quick analysis will show whether the test weapon was an atomic or a hydrogen bomb and its aproximate power in "kilotons" or "promegatons."

The U.S. could scarcely hope to hire messengers who would bring news of Soviet nuclear experiments faster than the high-altitude winds into which the particles are thrown by the force of each blast.

* * *

Sclentists have calculated that the easily-measureable radioactivity added to the atmosphere by each blast is normally distributed around the earth in three or four days, and under the worst conditions would reach every portion of the globe within ten days.

PATROL NEAR SOVIET

Since the U.S. presumably has weather stations and patrol planes within a few hundred miles of the Soviet test center, the news of a Russian explosion conceivably could reach Washington a few hours after the detonation.

The reason is that the high-altitude winds normally travel at more than 100 miles per hour and frequently reach jet speed of 600 miles an hour or more. As the winds race around the earth, some radioative particles—enough to measure—are certain to fall on every waiting instrument.

This is the kind of mathematical certainty with which atomic scientists are constantly dealing. Even though it may take years for all of the particles to return to earth, a definite fraction will fall during any given period and at any given place.

* * *

And because atoms are so small that there are several billion in the head of a pin, even a tiny quantity of radioactive matter may be considered "infinitely divisible."

For the same reason, the fact that radioactivity can be measured does not indicate that it is at all dangerous. It may be only a billionth or a trillionth of the amount that would be damaging.

An aura of secrecy still surrounds the U.S. detecting system, which produced its first news of a Soviet explosion in 1949, but bits of information concerning the system have leaked out so often that they can scarcely be considered secret any longer.

For example, it is well known that American reconnaissance planes which make regular biweekly flights over the North Pole, and other observation tours out of Alaska, carry instruments for measuring radioactivity.

Similarly, it is certain that detecting planes and stations are active around Japan, and these are probably closest to the Soviet test center—assumed to be in Eastern Siberia.

The quantity of radioactivity tells the size of the bomb, and the kind of radioactive particles the type of weapon that has been detonated.

Reports have certainly told the U.S. whether Russia has exploded a "U-bomb"—the kind in which high speed particles created by an H-bomb are used to split atoms in an ordinary uranium shell—or a "C-bomb," in which cobalt is added to increase the deadliness of radioactive fallout.

It is also certain that the U.S., from tracing back high altitude wind directions, knows the approximate location of the Soviet test center. But neither the location nor the news concerning bombs other than A-and H-types, has ever been hinted at in official statements.

Stevenson Feels Florida Warmth

Crowds Applaud Adlai on His First-Day Tour to 'See the People'

GAINESVILLE, Fla. (AP)—Some of Florida's political leaders and voters are showing signs of warming up to Adlai Stevenson, who ran almost 100,000 votes behind President Eisenhower in 1952.

* * *

Starting out today on a handshaking tour of the University of Florida campus, the candidate for the Democratic presidential nomination said he felt "highly encouraged" after the first day of his "see the people" tour of the state.

UOLITICOS COOL

e A crowd estimated at several hundred broke into applause when he arrived at the municipal airport yesterday afternoon and a crowd that filled one entire side of the courthouse square cheered when he was introduced last night.

Few of the state's political leaders showed enthusiasm for the former Illinois governor in 1952 when he made only two hurried speaking trips to Florida.

* * *

Stevenson told the crowd last night that he had come to Florida to win back the state from the Republicans in 1956.

Florida is regarded as an important testing ground not only for the Democratic nomination but for the 1956 presidential election. The state last year elected its first Republican congressman since Reconstruction days, Rep. William Cramer of St. Petersburg.

Family of 10 Ready for Spleen Removal

MINNEAPOLIS (AP) — Doctors were setting up surgery schedules today for a family group of 10, all victims of an unusual blood condition.

* * *

They are the Steffenhagen brothers of Frontenac, Minn., Roy, 37, and Robert, 31, and their eight children, ranging in age from 1½ to 11.

The last of the group of 10 were scheduled to enter University of Minnesota Hospitals today.

Their heriditery blood condition is one in which the spleen breaks up the red corpuscles. Doctors said they plan to remove their spleens. They said that should remedy the condition.

* * *

Dr. Willard Akins, Red Wing, Minn., said the condition produces a marked weakness, lack of appetite and lethargy. All but the two youngest children have received blood transfusions.

Mrs. Lily Steffenhagen, grandmother of the children, died from the same condition six years ago.

China's 500 million people comprise one-fourth of the world population.

Sources Declare President to Tighten Provisions of Defense Production Act

GETTYSBURG, Pa. (INS) — Informed sources said today President Eisenhower is expected this week to set rigid, new standards for private executives who serve the government.

* * *

The President will issue an executive order designed to tighten provisions of the Defense Production Act as a result of the "conflict of interests" controversy involving administration figures.

Eisenhower is understood to have discussed the new proposals with Attorney General Herbert Brownell, Jr., at Camp David, the presidential retreat at Thurmont, Md., last Monday and Tuesday.

He is also reported to have conferred with other top advisers on plans for handling the controversial issue.

The order was prepared by Judge Stanley Barnes, assistant attorney general and chief of the justice department's anti - trust division.

EXECUTIVES AFFECTED

The directive, which the President must still approve, would affect executives who serve the government with or without compensation, and presumably would cover members of government advisory committees.

The Defense Production Act amendments call for the filing of statements by individuals of any financial interests in private businesses within 60 days of their government appointment.

The President is known to be concerned with instances in which several officials of his administration have drawn congressional fire for allegedly using government influence in private deals.

This was pointed up by Eisenhower's acceptance of the resignation of Hugh W. Cross as chairman of the Interstate Commerce Commission.

Cross, a target of senate investigators in a conflice - of - interest case involving a Chicago railway transfer contract, denounced the charges as "baseless."

He said he was resigning, rather than remaining to fight the accusations, because of his own and his wife's health and his "regard and respect" for the ICC and the President.

Cross joined other administration officials who also quit after their affairs were probed by congressional committees.

They include Air Force Secretary Harold E. Talbott and public building commissioner Peter A. Strobel.

Another conflict of interest case involved the Dixon - Yates power contract which the Atomic Energy Commission canceled this week.

Senate testimony brought out that Adolphe Wenzell, senior vice president of the First Boston Corp., of New York, served as a budget bureau consultant while his firm was engaged in helping finance the project.

* * *

In an opinion on the case, AEC General Counsel William Mitchell said: "It appears that Wenzell, while having a conflicting private interest, acted as one of the principal advisers of the government in the negotiation and formation of the terms . . . upon which the contract was founded."

Meany Flatly States Merged Unions Will Push for Power in Politics

(AFL and CIO will merge next week into a single, powerful alliance of 16 million members. What are the aims of this group, socially and politically? Will it succeed? Can it reconcile factions long at odds? The answers depend largely on one man, George Meany. This second of three articles by a veteran labor reporter looks at Meany the man.)

By NORMAN WALKER

NEW YORK (AP)—The first man to concede that the AFL-CIO merger will tend to concentrate and broaden organized labor's economic and political powers is George Meany, who will boss the job.

* * *

But Meany says the powers will be used to benefit the nation as a whole. Economically, he argues that unions have won much of the nation's present prosperity by increasing worker purchasing power and that the merger will be aimed at advancing that cause.

Politically, he says:

"Fears have been expressed that there will be too much power, too much concentration of power, and that it might be used politically. Well, in my book it will be used politically.

CONTINUE MARCH

"Not with the idea in mind of running the country, not with the idea in mind of seeking public office for trade unionists — although there is nothing wrong with that, we have some pretty good ones—but with the idea of continuing the forward march of American labor, getting for American labor the fair share of what we produce.

* * *

"Let those who worry about labor's political power remember this: We did not choose the battleground, this political battleground. If they can pass laws that can hamstring, weaken and destroy the trade union movement, then our place to defend ourselves is in the same halls where they passed those laws."

USE POWER WISELY

Meany has recognized that misuse of increased labor power may be countered by new legislative curbs against unions. He has counseled that union powers must be used wisely or face that consequence.

* * *

The merger, which becomes effective next week, will throw together 108 AFL unions and 30 CIO unions into one federation. The CIO group is to remain intact as a Department of Industrial Organizations within the new federation.

SAME SALARY

Presumably this will leave the CIO free, in the first few years of the merger at any rate, to quit as a body and establish a rival federation just as happened in 1935 when a group of unions withdrew from the AFL to form the CIO. Nobody, however, seems to be worrying now about another schism.

* * *

Meany will draw the same $35,000 per year salary as head of the AFL-CIO as he presently receives as AFL president. While this is above the average union leader's salary, it's less than the $50,000 paid to miners chief John L. Lewis or to Teamsters Union President Dave Beck, or the $76,000 received by George Harrison, president of the Brotherhood of Railway Clerks.

Little effect of the merger is expected on the forthcoming presidential campaign. For the next year or more, the combined AFL-CIO plans codirectors of political activity, one for AFL unions and one for CIO unions. They probably will operate more closely than in the past, however.

DOWN THE LINE

A two-year period after the merger has been arranged to perfect the dovetailing of the thousands of state, area and city AFL and CIO organizations, some of which have maintained strong rivalries for years.

They are supposed to merge all down the line and, if they haven't at the end of the two-year period provided, they are to be forced together.

* * *

Leaders of the AFL and CIO seem to feel they'll be able to collect more voluntary political contributions from union members under the new setup.

MAIN ADVANTAGE

However that turns out, the main union political advantage out of the merger is likely to be that one AFL-CIO organization in each state eventually will have the power to give or withhold substantially all organized labor support. In the past, unions have sometimes diluted their over-all influence—one supporting one candidate while another supports his opponent. Political support of the AFL-CIO thus is likely to be more meaningful and thus courted more by prospective candidates.

* * *

Will the merger lead to more strikes and pressures on employers? Unions will operate much as they have in the past, each bargaining separately on its own with employers.

REUTHER STRIKE FUND

However, the CIO's Walter Reuther, who probably will remain as chief spokesman for CIO unions within the new federation, has proposed establishing a huge strike fund from which all AFL-CIO unions could draw for money aid during walkouts. He has offered to start such a fund with a million-dollar contribution.

* * *

Thus, there is a possibility of more union cooperation in strikes and perhaps wider use of the labor boycott or refusal to handle goods produced by an employer embroiled in a labor controversy.

Union leaders predict considerably expanded union organizing activities after the merger. This is likely to get under way slowly but persistently. However, Philip Ray Rodgers, a member of the National Labor Relations Board, reports the number of cases coming to the NLRB this year indicates a considerable burst of union organizing effort well in advance of the merger.

TAFT AIDE

Rodgers, former aide to the late Sen. Robert A. Taft (R-Ohio), told an employer group in California a few weeks ago that "it's my sincere belief this merger will achieve a notable success."

* * *

"It's an almost certain event," Rodgers said, "that this new organization will find millions of ready buyers for its product and services, with the result that both unionization and collective bargaining will come to encompass an ever-broadening part of our economy.

* * *

"The result of such a development, measured against experience, would seem to promise both general and specific economic advantages."

Santa Gives Aid to Save Elephant From Oblivion

GLASGOW (INS)—Santa Claus came early in Scotland to save the life of Charlie the elephant.

The former inhabitant of the now-defunct Glasgow Zoo has received a stay that will enable him to enjoy his Christmas dinner.

Several months ago when the zoo closed, authorities announced that the elephant would be destroyed if no one came forward to buy Charlie.

The sales price was not the only consideration, however. Board and lodging for the ten-foot high animal runs more than fifty dollars a week.

The announcement prompted gifts of money from around the globe and offers from five circuses. A steamship line also agreed to deliver Charlie free of charge to a new owner.

New Kind of Safe Medicine for Awful ASTHMA attacks

If you dread those awful attacks of asthma that clog up your bronchial breathing tubes so you choke, cough, pant, wheeze and gasp for air, don't wait for the next attack to hit but right now start taking the new medicine called BATOR TABLETS that work such wonders fast. Without potassium iodide, without any of the old-fashioned drugs that irritate so many, new BATOR TABLETS work through the blood stream (1) to loosen and help get rid of the thick secretions that clog the breathing tubes (2) to counteract the spasmodic coughing, choking, wheezing and gasping before it starts (3) to ward off the allergy of asthma and thus let you breathe freer and easier again.

Now at Thrifty Drug Stores

New Bator Tablets are now available at druggists without a prescription. Entirely safe, these tiny tablets contain nothing harmful, nothing habit forming. Fast, in just a few short hours a course of Bator starts doing its wonders internally through the bloodstream. Bator allays the asthma attack in advance, lets you sleep, lets you live in more normal peace and comfort once again. Complete satisfaction or money back. Get new Bator Tablets from Thrifty Drug Stores.

THE BERRYS By Carl Grubert

Maurice Samuel Retells Stories of Old Testament

By MARY ANGLEMIER

In a clear, concise, and often humorous manner, Maurice Samuel, Jewish author and scholar, retold the tales of Old Testament characters in his book, "Certain People of the Book" Saturday night at Temple Beth Jacob.

He brought entertainment, enlightenment and a fresh viewpoint to the ancient, beloved Bible stories of Elisha, King David and Abigail, Isaac, Essau and Jacob and Naaman's little servant girl.

He told these stories in words that made the personalities seem just as vivid as the man next door.

Of his book, Samuel wrote: "The Book and the People are so alive that many different pictures and many different opinions can be justified by the same Text. What is obvious and compulsory for me will strike others as fanciful.

"Some will be alarmed by my irreverence, some scandalized by my mysticism. A few may be impelled to go for the first time to the source (Old Testament). They are the only ones likely to derive any benefit from this book."

To his audience, Samuel said: "Go home, look at your Bible, read and study. This is the greatest human document ever written."

During the question and answer period he was asked about the versions of the Bible. This was his reply: "The King James Version is the best for me. The language is unsurpassable in beauty and dignity."

Born in Romania in 1895, Maurice Samuel was educated in England, came to the United States in 1914 and served two years in the Army during the First World War.

Immediately after the war, he acted as interpreter at the Peace Conference. He has lived ten years in Palestine. In 1944 the Saturday Review of Literature awarded him a prize for his book, "The World of Sholom Aleichem," considered the year's best contribution toward the improvement of inter-group relations.

Samuel was sponsored by the Pontiac Jewish Welfare Federation. The group includes Temple Beth Jacob, Congregation B'nai Israel, Hadassah and B'nai B'rith.

Committee members responsible for bringing the lecture series to Pontiac are Rabbi Saperstein, Rabbi Henry Hoschander, Dr. Harry Arnkoff, Mrs. Irwin Kampner, Mrs. Thomas Horwitz, Arthur Rosenthal, Jay A. Meyer, Fred Niedelson, Mrs. Irving Steinman, Jay Jacobson, Mrs. Ben Nigeier, Mrs. Sol Newhouse, Mrs. George Wyman and Mrs. H. B. Stenbuck.

GM Center Opens

DETROIT (AP) — The General Motors' Fisher Body division says its huge facilities at the new GM technical center in Warren now are fully occupied and in operation. James E. Goodman, GM vice president and division general manager, said more than 5,600 engineers, researchers, designers, mechanics, machinists and other specialists are at work in the new plant.

Type metal is usually made of lead with a hardening of antimony.

TEMPTING FIGURE—Tasty three-foot figure of British actress Diana Dors is shaped in London—from ice cream. It took 1,000 portions to make the statue, used at a banquet honoring the actress. In Arctic-style parka is sculptor and ice cream canufacturer Remo Bertorelli, 36. He's doing his sculpturing in the 30-degrees-below-zero temperature of his factory refregirator.

Reds May Halt H-Bomb Testing

Russians Repeat Offer 'if U.S.-Britain Cease Nuclear Experiments'

LONDON (AP) — Russia offered again today to stop testing nuclear weapons if the United States and Britain promise to quit also.

The offer, broadcast by the Moscow radio, came only three days after the Kremlin announced the Soviet Union had exploded its most powerful hydrogen bomb.

Both Britain and the United States plan to hold new tests next year.

Today's broadcast was a repetition, in the form of a direct proposal to America and Britain, of a more general Soviet plan submitted to the U. N. subcommittee on disarmament last May 10. At that time Russia proposed that all nations possessing atomic and hydrogen weapons stop testing them.

The Big Four foreign ministers at their recent Geneva conference failed to agree on a disarmament plan, referring the subject back to the U. N. subcommittee. The West has frequently rejected Russian proposals for a ban on atomic and hydrogen bombs without guarantees of strict international supervision.

Bob Considine Says:

Nuns Hock House—for the Best of Causes

NEW YORK (INS)—"The nuns hocked their mother house," the man said, explaining why he thought I should show up at a dinner in Pittsburgh that touched off the Divine Providence Hospital campaign. What he said was true, odd as it sounds. A story goes with it.

A few years ago the Most Rev. John F. Dearden, bishop of Pittsburgh, bought an abandoned hospital on the North Side of the city for $151,000. He assigned the Sisters of Divine Providence the colossal job of rebuilding it and equipping it with every modern facility for the diagnosis, treatment and care of patients.

The sisters, of an order founded in Germany more than a century ago and represented in this country since the 1870s, staff 51 schools in Pennsylvania, New England and Puerto Rico.

Through the long years of payless work they had built on a 160-acre farm at Allison Park, Pa., a mother house which in time became valued at more than $1,000,000.

Mother Tharsilla, a character out of one of those good religious pictures Hollywood sometimes makes, presented herself at the People's First National Bank and Trust of Pittsburgh one day and borrowed the whopping sum of $900,000.

She put up the mother house as security. Since that time the nuns and their friends have battled valiantly to pay their bills and give the community the finest possible hospital service.

The order has supplied 25 sisters with professional degrees to help staff the hospital. They serve without pay. Their cheerful charity has touched the heart of a great city, for they apparently haven't the faintest interest in a sick person's race, color, religion or points of view. To be in need of aid is enough for them.

* * *

At the dinner the other night, put on to help them pay off their heavy debts, none of the speakers was more articulate or sincere than J. A. Warren Jr. or Elmer Hamburg. Warren is a Presbyterian; Hamburg is a leader in the city's Jewish organizations.

It was a most unusual head table. In addition to assorted men of the cloth and good-hearted people in general, the table featured Daniel and David Camino, 6-year-old sons of the foreman of the Allis-Chalmers carpenter shop's North Side plant.

The lively youngsters were saved at birth by Divine Providence, Sister Bernadine's incubator and loving care. They spent the evening tickling each other and half-suppressing some of the happiest, healthiest laughter we've heard in a long time.

Good people.

THE GREAT STEAK

Twenty-two years ago a boy named Johnston got a job as a busboy in a depression-laden quick-and-dirty restaurant to support himself. Now he's the latest to open a salon glorifying the great American steak.

* * *

Naturally, he has pitched his place along "Steak Row," the area in New York's East 40s where traffic sometimes stops that occupants of busses, trucks and cars can inhale the heady aroma of broiling steaks, chops and hamburgers wafting fragrantly from a couple dozen such restaurants.

It has become the steak capital of the world. If we can get Bulganin and Khruschchev to visit us, they'll never go home.

Johnston has added a new wrinkle to the "do it yourself" craze. He lets his customers not only select their steak but cook it the way they want. Supplies them with chef's hats.

Liberace's has sequins. His hat, not his steak, though he's considering that, too.

A Hollywood Western has been dubbed with a German sound track for screening through West Germany. In one of the sequences an Indiain chief raises his hand and is made to say:

"Wie Gehts."

Which recalls a 1950 French-captioned Western in which the villain pounded on the frontier bar and roared, 'Gimme a shot of red eye." The discreet French subtitle read, "Dubonnet, s'il vous plais."

Post Office Denying Claim of McCarthy

WASHINGTON (AP)—A spokesman for the Post Office Department says that, contrary to an announcement by the office of Sen. McCarthy (R-Wis), Thomas Miller "has not been appointed" acting postmaster for Appleton, Wis.

* * *

Appleton is McCarthy's home town. He had recommended the appointment of Miller, 57, to succeed Stephen Balliet, who reaches the mandatory retirement age of 70 tomorrow. McCarthy's office said Wednesday Miller had been appointed.

The department spokesman, who declined use of his name ,refused to indicate whether Miller would or would not get the post later.

"The whole matter of an appointment is under review by the department," the spokesman said.

McCarthy himself was not available for comment.

Miller, a former tavern keeper, was convicted in 1931 of violating federal prohibition laws and in 1946 and 1950 of violating Wisconsin gambling laws.

Tourists Jamming Italy

ROME (AP)—Italy is heading for another record-breaking tourist year. The State Tourist Agency announces that in the first nine months 9,300,493 foreigners crossed the borders. In all of 1954, when all previous marks were exceeded by 20 per cent, 9,327,512 tourists were recorded.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

THE WONDERLAND OF BOOKS — 2.

Boys' Stories—Tom Sawyer

A man who called himself Mark Twain remembered his life as a small boy in a town along the Mississippi River and wrote about it in two books, "Huckleberry Finn" and "Tom Sawyer."

Tom was an orphan living with an aunt. One day she told him to whitewash the fence — a long and tiresome job.

But Tom was a clever boy, and when other boys came along he made them believe whitewashing the fence was a special privilege — a task his aunt wouldn't entrust to anyone else.

Soon they were bargaining for a chance to help. In record time the fence was done and Tom had collected marbles, toys, tadpoles and other things the boys had given him. And Tom hadn't done any work at all!

Paste this picture on cardboard and color with crayons. Cut out the parts. Fold back on the dotted line and the figure and the fence will stand.

Attach the separate arm to Tom's shoulder with a brass fastener or bent pin. Now Tom can swing the brush up and down to show the other boys how to whitewash the fence.

Junior Editors pays $10 for any reader's idea that is used. Write your suggestion to "Junior Editors" in care of this newspaper; it cannot be acknowledged or returned.

Tomorrow? The crow and the pitcher.

Mishap Hospitalizes Nanette Fabray

NEW YORK (AP)—Actress Nanette Fabray was knocked unconscious when hit on the head by a falling 75-pound scenery weight backstage at a television show last night.

* * *

Two doctors revived her in an ambulance on the way to Doctors Hospital.

The hospital declined today to issue a report on her condition.

Shortly after her admission last night, however, it was announced that preliminary X-rays indicated there was no skull fracture or concussion. Doctors said Miss Fabray, 33, would be kept in the hospital several days for observation.

* * *

Miss Fabray, who plays comedian Sid Caesar's wife in the NBC TV show Caesar's Hour, was injured just after leaving the stage at the Century Theater a few minutes before the show ended.

Reuther Named Head of Industrial AFL-CIO

NEW YORK (AP)—CIO President Walter P. Reuther has been picked by the CIO Executive Committee to head the Industrial Union Department of the merged CIO and AFL.

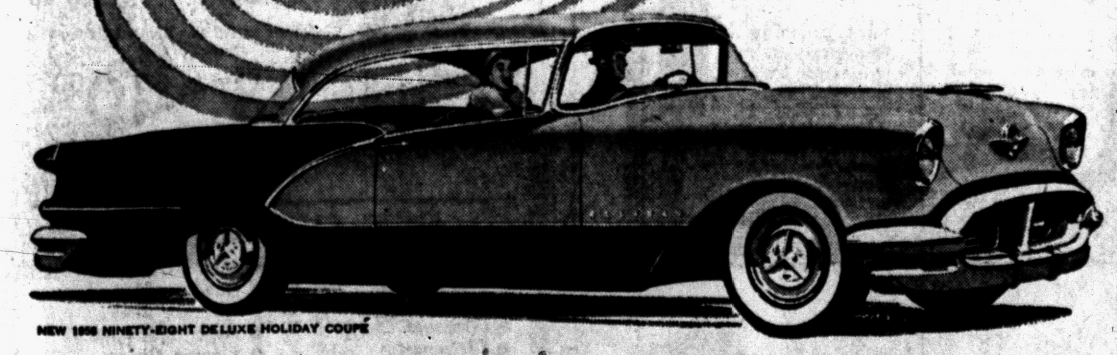

The designation is subject to formal approval at a special convention of industrial union delegates here next week.

The new department, which will promote industrial unionism, will be created when the AFL and CIO unite next Monday at a joint convention. Virtually all the CIO's 32 unions are expected to enroll in the department.

Crime Boxscore Arms Reader With Facts

By PHYLLIS BATTELLE

NEW YORK (INS)—One civic-minded New York City paper has recently begun printing a daily boxscore on the crimes about town, keeping us posted on the latest murders, robberies, assaults and so on.

This is very thoughtful indeed.

* * *

If a reader earnestly follows this handy guide day in and night out, he can sort of figure how things are going in criminal circles, and make his plans accordingly. It is nice to know, for instance, that Friday is an off day for burglary.

Makes you feel sort of good about leaving home for a week-end fling.

With a bit of mathematical application, one can surmise on any given day just what is up the criminal sleeve — revolver, knife or blowtorch.

* * *

After jotting down the results of several weeks of boxscores, I know right off that the women molesters are quite quiet on Sundays, but that is the day when auto thieves are just hitting stride.

What does this tell me? It is safe to let one's daughter walk to church on Sunday, but it is wise to obtain a sitter for one's car.

DEATH'S DEAD DAYS

Barring upsets, which of course must sometimes occur in anyone's life (or death), the murderers of New York appear to be reasonably inactive on Thursdays, Fridays and Sundays.

* * *

Sunday's cutback on killing is easy to figure if you want to be poetic and assume that death takes a holiday like the rest of us; but nobody is able to explain why Thursday and Friday are dead, deathwise.

Monday is the big day for burglars, from which one can only deduce that weekends are the time for quiet looking ahead.

Grand larceny slumps dramatically on Sunday, which is to be expected, but picks up with a tremendous impetus on Mondays. The average daily grand larceny quotient is 69 in New York City. On Sundays it drops as low as 38, but on Mondays hops back to a 95 or more.

The most consistent, unvarying crime, day in and day out, is felonious assault. The number of daily assaults runs around the 20s most of the time, Mondays through Sundays, seldom running much over 30 or dropping much below 20.

Which proves, I guess, that if there's one thing you can really count on in a big city it is bad tempers.

ROBBERY NEXT

Robbery is next in line for the title of most even-keeled crime on record. There are an average of 20 robberies a day here, and they run pretty true to form on every day but Sunday.

Presumably Sunday is a tough day for the trade, in that about the only safe place for robbers to operate is in a crowd. And about the only crowds to be found on Sunday are in church. And it has often been proven that most crooks have principles against that kind of thing.

The "average" daily crime rate in New York City figures out like this: Murder, 1; rape, 3; robbery, 31; felonious assault, 27; burglary, 140; grand larceny, 69; and auto theft, 40.

But thanks to my daily box score, I figure I can avoid trouble if I simply stay in the house with a police guard on Mondays, and carry insurance and a knife the other six days of the week.

Vaughns Stands Mute at Murder Arraignment

Charged with second degree murder, Samuel Vaughns yesterday stood mute when arraigned in Circuit Court and Judge George B. Hartrick entered an innocent plea for him.

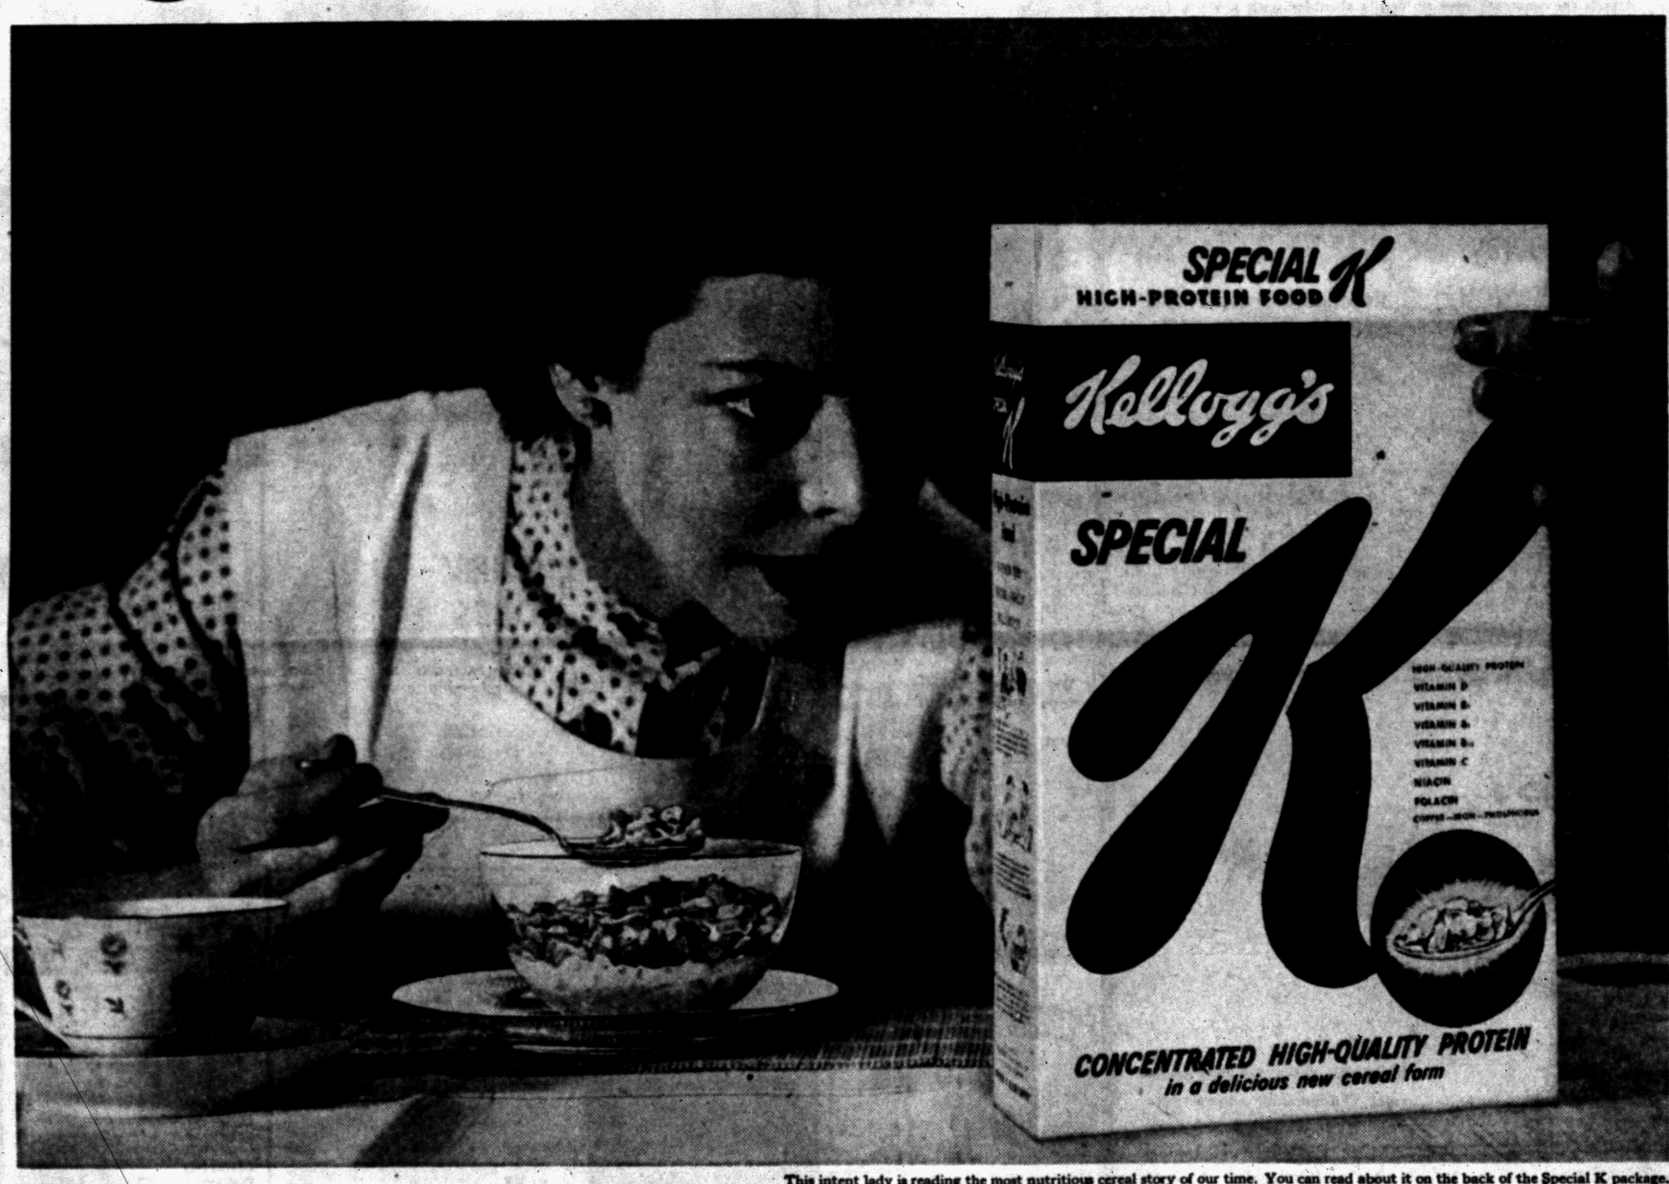

Vaughns, 33, of 73 Crawford St., is accused of shooting Detroiter Willie Henry Oct. 28 at Bagley and Hibbard Sts. The shooting followed a quarrel, police said.

The accused will await trial in Oakland County Jail.

10 Hurt in Cuban Riot

SANTIAGO, Cuba (AP)—Six students and four policemen were injured last night when club-wielding police broke up a demonstration against the government of President Fulgencio Batista.

Kellogg's discovers a great new protein food

This intent lady is reading the most nutritious cereal story of our time. You can read about it on the back of the Special K package.

Concentrated high-quality protein
in a delicious new ready-to-eat cereal form

LIKE most of us these days, this young mother is well aware that the key to her family's good health is protein—and plenty of it.

She knows that high-quality protein is the foundation of balanced meals. That it helps her youngsters to grow strong and sturdy . . . keeps grownups going longer without a letdown.

And now—with Kellogg's Special K—she can start herself and her family out in the morning with the kind of protein they need: *concentrated high-quality protein in a delicious new ready-to-eat cereal form.*

Special K was developed in collaboration with nutritionists from two leading American universities. It took four years to find a way to combine protein-rich grains with the valuable properties in other foods (including milk and yeast).

The result is a new food with more high-quality protein than any other leading cereal—hot or cold. And twice their average.

With so many health-giving properties, including substantial amounts of all the vitamins you need most you're probably wondering what Special K tastes like. We can assure you that it is unusually tempting to eat. In fact your whole family will enjoy it not only for breakfast, but any time they want wholesome food *fast*.

The proof is in the package with the big, red "K" on it at your grocer's. We invite you to try it—especially if your family hasn't been eating cereals too frequently.

Special K, for all its extraordinary health benefits, costs only about 4½¢ for a generous one-ounce serving. And where else could you get so much high-quality protein for so little money?

Expectant mothers require far more protein than usual. Kellogg's Special K provides high-quality protein that helps assure a healthy baby. Also more nutritional benefits than any well-known cereal.

Fast-growing youngsters need up to twice as much protein as grownups. They need high-quality protein—the kind in Special K—to build sturdy bodies, good red blood.

Weight watchers will appreciate this: Kellogg's Special K has more high-quality protein than any other well-known cereal, yet an average (1 ounce) serving contains only 105 calories.

Mature adults find protein helps them lead active lives years longer. Special K's high-quality protein is easily digested and its inviting flavor helps stir lagging appetites.

Dondero Talks to City Republican Women's Club

Pontiac Press Photos

Mrs. Charles J. Barrett (left) of Mohawk road greets Mrs. Fritzi Stoddard of Ottawa drive as she arrives for the gathering of the Pontiac Republican Women's Club Monday. Hostess was Mrs. Frank Stout at her home on Ottawa drive. Speaker for the program was Rep. George A. Dondero.

Soloist for the Monday program given by the Pontiac Republican Women's Club was Mrs. B. B. Kimball (right) of Lahser road. Grouped with her are Mrs. C. M. Pelican (left) of South Anderson street and Mrs. C. E. Cooper of Moreland avenue.

Three members of the Pontiac Republican Women's Club getting together to discuss the day's program were (left) Mrs. Kenneth B. Nichols of Franklin, president of the Federation of Oakland County Republican Women's Clubs; Mrs. George L. Brown (center) of Voorheis road, past president of the Pontiac Republican Women's Club, and Mrs. Ray Peterson of Lincolnshire road.

Rep. George A. Dondero was speaker for the Monday meeting of the Pontiac Republican Women's Club. Shown greeting him is Mrs. Grace Shulz of State avenue, president of the club.

Mrs. Stout Is Hostess for Meeting

Congressman Puts Emphasis on Ike's World Role

Republicans do not yield and give up when the principles upon which this country were built are at stake, U. S. Rep. George A. Dondero told members of the Pontiac Republican Women's Club Monday.

* * *

Those gathering at the Ottawa drive home of Mrs. Frank Stout were told of the importance of all Republicans going to the polls in the next election.

The congressman told the group that he could not say whether the President would run again, but he expressed hope that he would.

"The President of the United States has captured the goodwill not only of our people, but that of the world," Dondero said.

* * *

Declaring that Eisenhower has done more to bring about permanent peace for the entire world than any man living today, Dondero said that people in these countries are very much concerned about the President's health.

ROADS NEEDED

Pointing to the road issue, Dondero said that an adequate system of roads is the most urgent national need of our day. A road program, he declared, will be the most important problem facing the 84th Congress when it meets in January.

* * *

"We must replace obsolete and dangerous roads with a new system of highways to meet the standards of safety and efficiency —40,000 deaths and the destruction of four billion dollars in property is a tragic record," Dondero stated.

During the business meeting held by the club, plans were made for the Dec. 19 Christmas party at the home of Mrs. William Krekiow.

Reporting on the meeting of the Federation of Republican Women's Clubs held in Lansing recently was Mrs. William A. Kennedy.

* * *

Hostesses for the program and tea were Mrs. D. G. Castell, chairman; Mrs. David L. Brown, Mrs. Robert Castell, Mrs. Robert Alton, Mrs. Don Nicholie, Mrs. Ray Peterson, Mrs. Verne Hampton and Mrs. Charles J. Barrett.

Presiding at the silver service were Mrs. Kenneth Nichols and Mrs. George B. Hartrick.

TUESDAY, NOVEMBER 29, 1955 — PAGES 13-15

Will Usher In Christmas Week

Choral Concert to Be Given Dec. 18

A concert, which has ushered in the Christmas season for the past 22 years, will be presented again this year at Pontiac High School.

The combined high school choir and glee clubs, the MacDowell Male Chorus and the Pontiac Women's Chorus will give the annual Christmas Choral Concert Dec. 18 at 3 p.m. in the high school gym.

The 700 singers in the PHS Vocal Department will perform as individual boys' and girls' clubs, as small ensembles, and as a massed choir.

The MacDowell Male Chorus and the Pontiac Women's Chorus will each sing a group of numbers including works from the masters as well as the familiar carols.

There will be no admission charge to the program, which will also feature the community singing of carols.

Programs Are Planned for Webster

Dr. Edith Roach Snyder of James K boulevard was hostess to the program-planning committee of the Webster School PTA Monday evening.

Guests of the group were Mrs. Sara Colvin, director of education for the Michigan Region, National Council of Christians and Jews, and secretary of the Michigan Congress of Parents and Teachers, and Mrs. Alan Canty, Detroit Round Table consultant and a member of the Detroit Board of Education.

Plans for the winter workshop were discussed at the meeting. The theme for the January to March period will be "Human Relations Workshop — Rearing Children of Goodwill."

Committee members for the program are Orrin Huntoon Jr., chairman; Mrs. Thomas Hollis, PTA president; Ralph Dawe, Arthur Bell, Robinson Bronoel and Mrs. William Wright. Completing the list of program planners are Mrs. Elsie Welch and Mrs. William Graves.

Soroptimists Hear Guest Talk on Italy

Members of the Soroptimist Club had Mrs. Marion Fisk, former member, as their guest at the Monday meeting in Hotel Waldron.

Mrs. Fisk gave a talk on her recent trip to Italy and showed stereopticon pictures of Naples, Florence, Rome and Capri.

Final plans were made for the "Kard Kapers" to be held Wednesday at 8 p.m. in the Pontiac Federal Savings and Loan Building.

Panhellenic Plans Christmas Dinner

Mrs. Clare Scriven of Oriole road is handling reservations for the Pontiac City Panhellenic Christmas dinner to be held Dec. 5 at the Hotel Waldron.

Mrs. William Brace is program chairman for the affair. The group has extended an invitation for membership to anyone in the area affiliated with a college sorority.

Sa-Shay Quadrille Gathers in Lapeer

Elks Sa-Shay Quadrille Square Dance Club met Sunday in Lapeer for a square dance and cooperative dinner. Mr. and Mrs. Elra Amidon were hosts to the group.

John DePauw, Bill Schmiel, Howard Upton and Bill Moore were callers for the dance.

Senior Group Receives Letter From President

The more than 50 members of the Senior Workshop of the Birmingham Community House are the recipients of a letter from the President of the United States.

* * *

The women of the knitting group of the Senior Workshop knitted and crocheted an afghan for President Eisenhower to use during his recuperation and he has written them thanking them for the gift.

The Senior Workshop members meet every Friday morning at the Birmingham Community House where they work on such projects as afghans, favors for children in hospitals, and pads for the American Cancer Society.

The group has knitted 12 afghans this year for the Veterans' Hospital. Their work is followed by luncheon and card games.

* * *

The workshop is co-sponsored by the Birmingham Community House and the Birmingham Junior League and is open to women over 60 years of age living in the area who wish to do this type of work.

Newcomer to U. S. Honored at Shower

Mrs. Gerald Lengers, who arrived in America six weeks ago, was honored at a pink and blue shower given by Mrs. Joseph Launinger of Kimball street.

Among the guests at the shower were several friends who are also recent arrivals from Holland.

Mr. and Mrs. Clarence Siegert were married Saturday at First Baptist Church. She is the former Barbara Jean Brabbs, daughter of Mr. and Mrs. Harold Brabbs of Harper street. He is the son of Mr. and Mrs. Reinhold Siegert of Detroit.

MR. and MRS. CLARENCE SIEGERT

Barbara J. Brabbs Wed in Chapel at First Baptist

Barbara Jean Brabbs was given in marriage by her father to Clarence Siegert of Detroit Saturday afternoon in Barnett Chapel, First Baptist Church.

* * *

The Rev. H. H. Savage performed the double-ring ceremony in the presence of the immediate families.

The bride is the daughter of Mr. and Mrs. Harold Brabbs of Harper street. Clarence is the son of Mr. and Mrs. Reinhold Siegert of Detroit.

She wore a waltz-length gown of pure silk with a portrait neckline and princess-style bodice that extended into a full skirt. Her long sleeves ended in points at the wrists. A silk headpiece trimmed with seed pearls held her fingertip veil of illusion.

The bridal bouquet was of pink rosebuds and white carnations. Her only jewelry was a single strand of pearls, a gift of the bridegroom.

Mrs. Jesse McKee of Wyandotte was her only attendant. Her gown was turquoise taffeta with a scoop neckline and full skirt. She carried a bouquet of pink carnations.

Luellyn Brabbs wore a pink nylon lace-trimmed frock and carried a small bouquet for her duties as flower girl.

Karen Hauden sang the bridal recital accompanied by Mrs. J. M. Henderson of Chatham, Ont.

* * *

Walter Siegert of Detroit served as best man. Ira Pence Jr. of Clarkston was usher.

The couple will reside on West Colgate avenue.

Rhinestone Pin Aids Feminine Appearances

NEW YORK (INS) — A rhinestone pin can do almost as well as tattooing if you want to glue all eyes to your anatomy.

And just as with tattoos, it's not the design—it's the placement that counts.

Try these two tricks used by the high fashion models in New York:

1. Put a Rhinestone Pin under, not onto, the lowest part of your low neckline.

2. Put a dangling Rhinestone Pin under the bustline on the right or left instead of at the shoulder over the bustline.

That first idea may sound peculiar, but you pin the jewelry to the bra or camisole you're wearing at a point just under the center of your neckline. After that, just keep breathing—and the up-and-down disappearance act of shiny rhinestones at your decolletage will fascinate people as much as a yo-yo.

The second idea is equally effective, even though it may look unusual when you first try it. Your escort will do a double-take when he spots that pin under the bustline.

Sprinkling ground nutmeg on vanilla ice cream gives a new flavor treat to the favorite.

FLORENCE ASHBAUGH

Mr. and Mrs. Edgar Ashbaugh of South Roselawn drive announce the engagement of their daughter, Florence Ruth, to Fredrick R. Haynes, the son of Mr. and Mrs. Arthur Haynes of Waterford. No date has been set for the wedding.

Laugh at Nicknames and They'll Disappear

By ELIZABETH WOODWARD

"Dear Miss Woodward: One of the boys in my freshman class began calling me nicknames that I greatly dislike. Other boys heard him and copied him.

"At first I ignored the whole thing hoping it would stop, but it hasn't. I feel sure if that one boy would stop, the other would, too. Please give me some advice."

Answer: Those boys are having a beautiful time teasing you. When you get red in the face, look like a storm cloud and flounce away, they're getting just the rise out of you they want. And so long as they can see that their needling is getting under your skin they'll keep it up.

If you can really ignore it, go ahead. But it's hard to pretend indifference without appearing miffed or stuckup. You might have better luck if you laughed with them.

But before you can crash through with a hearty giggle you'll have to convince yourself that it is teasing, and it's silly to suffer so hard over it. Tell yourself they're having an unusual sort of fun, and enter into it.

Snap back with a couple of well-chosen nicknames of your own. Not nasty ones. Nice ones. Then they'll know that you know it's just a game. And as with most games, sooner or later they'll tire of it and think up something new to do to somebody else.

"Dear Miss Woodward: My boy friend (he's 14) and his friends do a lot of very childish things, like shooting paper wads at my brother. This made my mother mad and she told them what she thought about it.

"It has me worried to death. What am I to do? I don't want anything to ruin our friendship.

"I like my boy friend so much and he's shy enough as it is. My mother thinks they're all little brats, but I don't agree. How could I keep him liking me?

Answer: You're feeling very delicate indeed about this wad-walloping episode. You're taking it all very personally. And suffering tortures of worry that it will upset your applecart for you.

Boys who do "childish" things are quite used to hearing the riot act read to them. Somebody is always calling them down. They shrug it off. The scolding goes in one ear and out the other. It certainly doesn't keep them from playing more childish tricks.

Take it for granted that your friendship has received no severe jolt. Be your own sweet self when you see your boy friend.

Put your mother's encounter with him in the back of your mind and stop suffering over it. Act as though it never happened. Then you won't be shy, awkward and self-conscious with him. You'll make him feel at ease.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send 35 cents in coins for this pattern—add 5 cents for each pattern for first-class mailing. Send to Anne Adams, care of 137 Pontiac Press Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

Keep leather slippers and casuals high on your Christmas list. They are sure to please every member of the family—particularly those who like glamour and practicability combined.

20 inches diagonally
874

by Laura Wheeler

One pineapple-design hexagon (20-inches diagonally point to point) makes a centerpiece; two a scarf; seven a cloth!

Pattern 874: A 20-inch hexagon to crochet in No. 30 mercerized cotton; larger in knitting and crochet cotton smaller in No. 50.

Send 25 cents in coins for this pattern—add 5 cents for each pattern for first-class mailing. Send to 124 Pontiac Press Needlecraft Dept., P.O. Box 164, Old Chelsea Station, New York 11, N.Y. Print plainly pattern number, your name, address and zone.

Look for smart gift ideas in our Laura Wheeler Needlecraft Catalog. Crochet, knitting, embroidery, lovely things to wear. Dolls, irons, quilts, aprons, novelties—easy, fun to make! Send 25 cents for your copy of this book now! You will want to order every new design in it.

Lists Rules for College Weekend

Emily Post Tells Young Man What He Must Do

By EMILY POST

A young man at college writes: "It seems all the adviee about inviting a girl to a weekend party at college is written for the girl and nothing much for the enlightenment of the man who invites her. Will you enumerate some of his 'musts' in connection with such a weekend?"

Answer: The "musts" are: 1.—Tell her the exact duration of the weekend. 2.—Note activities planned so she will know what clothes to take. (There's no excuse for ruining her good time — and yours—by having her leave the right clothes at home.) 3.—Tell her where she is to stay (whether in a dormitory, fraternity house, house of friends, or hotel with other guests).

Explain that you will meet her when she arrives, of if impossible for you, who the friend is who will come in your place. You are not expected to pay for the transportation of your guest.

As her host you must pay for her accommodation. Usually you and some of your classmates look after your guests as a group and divide the expenses between you.

"Dear Mrs. Post: My sister-in-law's mother and two sisters who live in another state came to visit her and my brother recently. They were here for about a week. I had never met any of her family.

"My brother thinks that I was very unfriendly toward his in-laws for not inviting them to my house for a meal during their visit.

"I think it was up to my sister-in-law and brother to invite us to their house first to meet them. There has been quite a discussion about this and we would appreciate your opinion on this matter."

Answer: Your brother should certainly have invited you to their house to meet them. Then you would return their invitation by inviting them to what you best can—not necessarily to a meal but at least afternoon tea.

Married Saturday evening at the Church of Christ were Melba Jane Vincent and Glen Hasting. She is the daughter of Mr. and Mrs. Cleveland R. Vincent of Meadow avenue. He is the son of Mr. and Mrs. Roy Hasting of Auburn avenue.

MR. and MRS. GLEN HASTING

Melba J. Vincent Speaks Vows in Candlelight Rite

The Rev. Milton E. Truex of the Church of Christ officiated at the marriage of Melba Jane Vincent and Glen Hasting. The couple was married in a candlelight ceremony Saturday evening in the presence of 150 guests.

* * *

The bride is the daughter of Mr. and Mrs. Cleveland R. Vincent of Meadow avenue. The bridegroom, of Allison street, is the son of Mr. and Mrs. Roy M. Hasting of Auburn avenue.

For her wedding, the bride chose a floor-length gown of lace and tulle over satin. Her fingertip veil of illusion fell from a headpiece trimmed with seed pearls. She wore a single strand of pearls, a gift of the bridegroom, and carried roses and fugi chrysanthemums.

Gayla Hasting was her only attendant. She wore a pink ballerina-length gown and carried a bouquet of pink carnations.

* * *

Eddie Brown of Auburn Heights was best man. Ushers were Roy Morris, A. J. Hasting, Joe Hasting, Tullos Vincent and Charles Vincent.

For the reception held in the church parlors, Mrs. Vincent was gowned in a dusty blue dress with pink accessories and pink roses.

Mrs. Hasting wore a light blue suit with pink accessories and a corsage of pink roses.

The new Mrs. Hasting wore a gray tweed suit with matching accessories when the newlyweds left for a honeymoon trip to Washington, D. C., and Niagara Falls. On their return they will reside on Walton boulevard.

11/29

Leave that pouffed line to the tall but you can try modified bloused hemline unless you're on the plump side.

Harem or bloused hemline is strictly for slim figures. But in soft silk organdie it should not overwhelm your short stature. A delicious pouffed skirt is essentially a young fashion.

Tangy Toast Emergency Snack Treat

Mrs. L. L. Hotchkiss Pours Raw Egg Mix on Slices of Bread

By JANET ODELL
Pontiac Press Home Editor

Company drops in when you have nothing in the way of cake or cookies to serve them? You can whip up this quick snack with ingredients you're sure to have around the kitchen. Mrs. Leslie Hotchkiss relies on it for emergencies.

The mother of a small daughter, Mrs. Hotchkiss is learning to knit for both of them. She belongs to the Junior Chamber of Commerce Auxiliary and to the Eastern Star.

QUICK EVENING SNACK
By Mrs. Leslie L. Hotchkiss

2 raw eggs
¼ cup New York sharp grated cheese
1 tablespoon worcestershire sauce
Bacon cut into bits
4 slices bread

Beat egg with cheese until well mixed. Add Worcestershire sauce. Spread on slices of bread, dot with bacon bits and broil until browned and cooked through. Makes four servings.

Patterns Determine Quality of Apparels

One of the first keys to the quality of a man's suit, is whether the manufacturer uses the extra fabric required to make patterns match at the seams. In better suits, patterns such as plaids and stripes meet closely. In lower-priced suits, patterns are sometimes matched in only one direction—and then not always exactly—and you can often observe that the grain or yarn of the cloth is pulled out of line.

Precise pattern matching, of course, adds nothing to the life of a suit—but it is important in its appearance.

Calkins WCTU Installs Officers

Installation of officers was held by Emor L. Calkins Unit, WCTU, when it met with Mrs. Bradley C. McCoy of Shoreview drive.

Those elected were Mrs. Frank Hardenberg, president; Mrs. Phoebe Davis, vice president; Mrs. Laura Gorthy, recording secretary; Mrs. Pearl Karr, assistant secretary, and Mrs. McCoy, treasurer.

Mrs. Katie Cummins was accepted as a new member and reports from state and district conventions were given by delegates at the recent luncheon meeting.

Something to dream about. At a recent Hollywood showing, one model wore a pendant necklace made of ranch mink, fastened at intervals with pearl and jade beads. Tiny balls of mink fur were fashioned as earrings.

OES Chapter Has School of Instruction

Pontiac Chapter 228, OES, met Monday evening for a school of instruction with Mrs. Paul Hagle, worthy grand matron, giving the lesson. Mrs. Hagle was presented with a gift by the chapter.

Mrs. Floyd Levely, worthy matron, presided at the meeting and announced the luncheon to be held Thursday at the Lawrence street temple with Mrs. Seth Welch and Mrs. Davy Gilpin as cochairmen.

Mrs. Clyde Lotan was in charge of the dinner Monday evening.

Coming Events

The Wayside Gleaners of the First Baptist Church will hold a Yuletide luncheon Friday at 12:30 p.m. with Mr. and Mrs. Kyle Wilson in charge of the program.

The Royal Neighbors get-together will be Thursday at 10:30 a.m. with Mrs. Dale Kline, 223 N. Cass Lake Rd. A cooperative luncheon will be served at noon.

The Parliamentary Study Club will meet Wednesday at 2 p.m. at 18½ E. Lawrence St.

WSCS of Baldwin Avenue Methodist Church will meet Wednesday at 9:30 a.m. for a friendship breakfast with Mrs. Carl Norberg, 122 W. Brooklyn Ave.

The Ladies Aid Society of the Oakland Avenue United Presbyterian Church will meet at Fellowship Hall Thursday at 10 a.m. for sewing and dessert luncheon, followed by election of officers.

The Queen Mary Section of the Needlework Guild will meet Thursday at 1 p.m. with Mrs. Andrew McKerrow, 21 Monroe St.

Widow Becomes 'Home Executive'

By ANNE HEYWOOD

"I have no patience with women who say they can't find work because they're over 50!"

* * *

The speaker was a charming woman I met at an evening lecture. She was attractive, poised, well dressed and looked for all the world like an executive in a business office.

"Not me!" she smiled. "I'm a home executive."

And she went on to tell me a most interesting story.

"I was widowed when I was 51," she told me. "I never had any experience except keeping house. But I loved it, even the cleaning and dishwashing.

* * *

However, I am not terribly good with children. My own were fine, but I don't have patience enough with other people's children.

"For this reason, I thought of getting into the housekeeping end of a hotel, hospital or other institution. But that might mean living in and I hated to give up my own apartment, freedom and social life.

VARIETY OF JOBS

"I considered all kinds of things," she continued, "and watched the help wanted ads in our paper.

* * *

"I saw a great many ads for cleaning women or for a woman who would fix dinner for a working couple. I decided that I would do something along these lines.

"But instead of working all week for the same people—which might be boring—I decided to take three customers per week, one day per customer.

"I inserted an ad in the paper myself, saying I would spend the day cleaning, marketing, doing odds and ends like picking up shoes, laundry, dry-cleaning, receiving packages and preparing dinner.

* * *

"I made it clear that I didn't serve dinner—just prepared it and had it ready. Also, I said it was for working couples only, no children.

ONE DAY NEEDED

"I just knew that the average working couple desperately needs one day of cleaning and odds and ends and one day when the tired wife doesn't have to prepare dinner herself.

* * *

"That was five years ago," she concluded, "and now I work four days a week, for four of the nicest couples. I make a good wage and still have time for myself.

"Moreover, I am treated with dignity, as a good, professional worker. I love the work and the day flies by.

"And I am 56 years old, with many productive years ahead of me!"

(Copyright 1955)

Jersey, that wonderful traveler and favorite of any age, takes on new importance in this Marjorie Montgomery dress, designed with the California casual look. Its wide stripes shade from charcoal to light gray, and are further defined with a rick-rack effect. The soft sweater look of the top features a ribbed jersey banding at neck and sleeve. Soft, unpressed pleats in the skirt are eased into a smooth, natural waistline.

Hair Spray Helps Set Pin Curls

Setting hair every night is at best a tedious process. For this reason, any advance in the techniques should be a boon to the many gals and women who do it 365 days a year.

The new product this time is a hair spray for setting the curls. According to the manufacturer, use of this spray on the pin curls should make it possible to skip setting every other night. This spray shampoos out.

The maker says that there is an antihumidity ingredient in the canned spray that should keep hair from falling on those damp days that always seem to come on the occasion of a big dance.

There are three ways of using this spray with varying degrees of permanence.

The first, most permanent method, is this. The hair is dampened with a wet comb, or from a shampoo. Pin curls are set one at a time with an application of the spray just before rolling and pinning.

* * *

The second method, not quite as lasting as the first, is to spray the whole collection of damp pin curls at once.

The third, or emergency method, is to spray the dry or only slightly moistened pin curls all at one time. This method is supposed to leave the hair as soft and springy, but will not last too long.

Family Night Slated at Wever School

Family Night will be held at Wever Junior High School Wednesday for the ninth grade homerooms 202, 206, 208, 103 and 300.

The program, which starts at 7 p.m., will include a discussion of the selection of high school courses and a showing of the film, "The Age of Turmoil." The film gives practical suggestions for the improvement of relations between parents and teenagers. Refreshments will be served following the program.

Many of next year's sportshirts for men will be seen in solid colors, so that it will be possible to wear them with a patterned sport jacket. Large plaid or check sport shirts will be strictly for wearing without such a jacket.

Patterned Fabrics Return

Patterned fabrics are back, and ready to claim the spotlight. Glen plaid worsteds, herringbone tweeds, stripes, checks and overchecks. To a certain extent, mixing-and-matching will still be possible, but only successful for those who use care and discrimination.

A big item next year will be the dressy, single-breasted suit of mid-gray with chalk white pin stripe, in mid-weight wool flannel. But the man who tries wearing the jacket of this suit with contrasting slacks, or the pants with a contrasting jacket, will find either combination a dismal failure.

Stripes are impossible to mix-and-match. Herringbones and glen plaids are somewhat less of a problem, especially if the fabric has a rough, tweedy appearance.

Curtains will slide on a curtain rod faster if a small piece of adhesive tape is put over the end of the rod.

Here Are Few Helpful Hints to Stop Colds

Mothers can help prevent some colds by observing certain precautions. Here are some of his suggestions:

1. Keep children properly dressed—not too warm and not too cold.
2. Don't keep rooms overly hot and dry. Many doctors believe sudden change in temperature and humidity can trigger a lurking cold.
3. Help maintain high body resistance in the child through proper diet and vitamins which your doctor prescribes.
4. In bad weather, if your child seems run down don't hesitate to keep him home from school.
5. By all means keep him home if he gets a cold. It is thoughtless to let him infect the rest of the children in his class.
6. When the sniffles start, put your child to bed, give him plenty of fruit juices and see that he gets lots of rest.

Paint odor in a newly-painted room will disappear more rapidly if a pail of water is set in the room.

SHIRLEY J. NELSON

Mr. and Mrs. Lawrence Nelson of State avenue announce the engagement of their daughter, Shirley Jean, to Frank S. Rulkowski Jr., son of Mr. and Mrs. Frank Rulkowski of Center Line. He is a graduate of the Detroit Institute of Technology where he was affiliated with Alpha Gamma Upsilon.

Weekend Party Dresses Require Expert Selection

A big weekend at a nearby school or college is a lot of fun for a teenager.

The weekend may include a football or basketball game, a dance, a house party, or it may be just a visit on an ordinary weekend.

Whatever it is, the prime question is "what to wear?" It's so important to most girls to be absolutely right on this kind of occasion that they drive themselves into a frenzy over the matter.

It got so serious where it concerned the Eastern men's schools that a couple of wise young men wrote a book discussing at length what was to be worn and what was not to be worn on certain campuses. This made the young ladies concerned even more nervous.

Of course, it's possible to overdress and it's possible to look shabby, but generally speaking, if good taste looks out-of-place on a certain campus, that campus is mighty odd.

A suit seldom looks wrong. No one ever erred in selection a well-covered afternoon dress.

Do, however, check your shoe wardrobe for the trip with care. It really is impossible to go hiking in a pair of sandals; just as it's impossible to dance in a pair of tennis shoes.

You should have: Leather pumps for traveling; dancing shoes in satin or silver, if there's to be a formal dance; flat heels in smooth or suede leather for walking or spectator sports; lounging slippers.

If this seems like a lot, keep in mind that shoes won't double up and you generally can't borrow a comfortable pair.

THE PONTIAC PRESS

TUESDAY, NOVEMBER 29, 1955 PONTIAC, MICHIGAN. SEVENTEEN

This Is the Army?... Men at Nike Base Wonder as They Join Community

The Pontiac area's first Army base just north of Auburn Heights is fast becoming a familiar part of the countryside.

To have a guided missile base in the midst of a civilian area is proving as unique an experience for the personnel of Battery D, 516th Antiaircraft Artillery as it is for their non-military neighbors.

Men like Pfc. Ernest Pretzer, of White City, Kan., and Cpl. Daniel Converse, of Standish, Mich., probably never imagined they would pick apples during their Army careers.

But they did.

The men have helped Dr. Stanley Slowik, who lives in a rambling house next to the base at Squirrel and Featherstone Rds., harvest apples in their off hours.

In turn, Dr. Slowik, an Auburn Heights dentist, has sent bushels of fruit to the base personnel.

To help establish community good-will, Capt. Harold E. Strong, battery commander, speaks before civic and veterans' organizations.

Soon he expects permission from higher authorities to allow the clubs to tour the base, which is an important part of the nation's defense system.

Capt. Strong said he is making ex-Boy Scouts available to Scout troops to serve as scoutmasters. The Pontiac Boys' Club also will be offered the off-hours services of volunteers in the unit, he said.

The Pontiac USO has come to the support of the men and supplies tickets for such entertainments as theaters and concerts. It will also supply hostesses for a dance next month.

Under current plans, there will be either a dance or a USO show each month, Strong said. Women's groups have volunteered to furnish refreshments.

The "Nike" base's impact on the community is more widespread than the mere physical presence of the 35-acre site and its neat buildings.

Eighteen officers and men live with their wives and families in the area.

Although some live as far away as Monroe and Mt. Clemens, most families live in Auburn Heights and Pontiac so the men can go home as soon as they get off duty.

They go to local churches, shop in nearby stores and their youngsters attend area schools.

Many of the unmarried men have found friends in the area and on days off often go to Pontiac and Detroit.

It's generally agreed the "Nike" base has come a long way toward settling down into the community pattern since coming in as an unfamiliar new neighbor five months ago.

Pontiac Press Photo

TIME FOR CHURCH — Rev. James W. Deeg, of Oakland Park Methodist Church, welcomes M.Sgt. and Mrs. Alvin Atwell and their family to his church. Atwell serves at the "Nike" missile base near Auburn Heights. The youngsters, Betty, 5; Jerry, 9; and Terry, 8, attend McCarroll School. The Atwells live at 421 Lowell St.

Pontiac Press Photo

MARKETING DAY — Sgt. Forrest A. Short and his wife, Ila, go shopping in a Pontiac supermarket on his day off from the guided missile base in Auburn Heights. The Shorts and their son, Orville, 9, live at 2595 Auburn Ave., Auburn Heights.

The 11 Moores — 4 Years Later

For the 11 Moore children, this Christmas will be the fourth time all 11 stockings haven't been hung from the same mantelpiece.

It was just over four years ago—Nov. 10, 1951—that their parents, Mr. and Mrs. Murray J. Moore of Leonard, were killed in an automobile accident on M24 near Bald Mountain.

Fifteen-year-old Gerry, oldest of the children, tried hard to keep the family together.

"He was trying to be father to the whole bunch," says Royal Oak attorney Maurice A. Merritt, a trustee of the fund donated by well-wishers all over the country. "He found out, though, it was hard enough just to keep himself."

SPLIT UP BY TRAGEDY — Shown here are the 11 children of Mr. and Mrs. Murray J. Moore of Leonard, who were killed in an auto accident Nov. 10, 1951. After seeking to remain together, the children finally were split up among foster parents, and are now scattered over the country.

Oakland County Probate Judge Arthur E. Moore, and co-guardians Richard T. Moss and Arthur J. Mercure, uncles of the children, reluctantly decided to accept some of the many offers to adopt the children.

Mr. and Mrs. J. Donald Babb, of Pittsburgh, Pa., originally wanted to adopt all 11 orphans. They now have Jean, who is 13 now, and Barbara, 10.

Baby Michael, 4, is living in Oakland County with a friend of the family.

James, 9, and Jeffery, 7, recently moved to California with their foster parents, Dr. and Mrs. Arthur Friesen, who formerly lived in Pennsylvania.

Janet, 12, and Shirley, 6, now are foster-daughters of an Oakland County teacher. Sharon, 15, has been adopted by a Wayne County attorney.

Thomas, 16, attends a military school in Lebanon, Tenn.

Ann is a 17-year-old high school senior in Lapeer County, and Gerry, 19 now, is married and works in a tool shop near Detroit.

Although the children have never been all together at once since the family was separated, they have all seen each other recently. A little over a year ago, James and Jeffery visited their brothers and sisters in Michigan on their way to the new home in California.

And last June, Barbara and Jean also visited Michigan from Pennsylvania. Tom and Ann saw Gerry and his wife, Colleen, last summer.

Baby Michael was adopted almost immediately—over Gerry's protests. The other 10 children managed to stay together for eight months, but the financial handwriting on the wall was too plain.

Fund trustee Maurice Merritt said recently he hopes to find a way to keep the fund alive. It's used, he said, to provide tuition for Tom, room and board for Ann, and "general maintenance" — including doctors' bills for the whole family.

"We've used it where we thought it was most needed," Mr. Merritt said, "and now we're running out. We're afraid the money will be too limited to keep Tom in school."

Senate Investigators Seek 'Security Risk' Definition

WASHINGTON (AP) — Senate investigators sought today a precise explanation of how the Army will handle security risk cases under the terms of a new directive.

Sen. Hennings (D-Mo) of the Senate subcommittee on constitutional rights called Jerome D. Fenton, Defense Department security officer, for questioning on ramifications of the order, issued 10 days ago.

Fenton told the subcommittee last week details of the order were not then completely clear to him.

In general the directive instructs that an effort be made to spot potential security risks before they are drafted for Army service. If found, they are exempted from induction—and thus spared the stigma of a less than honorable discharge for preserve conduct.

Chairman Philip Young of the Civil Service Commission testified yesterday that three of every four persons fired by the government in cases involving "serious questions of security" never are told they are suspected risks.

They embrace a group, he said, who are fired for cause—in some cases for drunkenness — and against whom security risk accusations indicating possible subversion also have been made.

Young, who keeps the administration's official box score of security risk firings and resignations, said he combines into a single total the number ousted as downright security risks and those fired for nonrisk reasons but against whom there also is a backlog of other derogatory information.

Hennings has denounced the practice as a misleading "numbers game."

Young's newest box score listed firings of 3,685 persons between May 28, 1953, (when the program began) and last Sept. 30. This was 99 more than were listed in the period through June 30.

He said 704 persons were "terminated because of security questions within the purview" of President Eisenhower's directive, in the 12 months ended Sept. 30.

Of them, he said, 531 were never charged formally with being security risks or notified they were suspected, while being dropped on other grounds. He said about the same percentage could be applied fairly to the entire 3,685 cases.

He said he doesn't claim that all were security risks, and that about the only time he uses that term is by inadvertence, as he did repeatedly at the hearing.

"Frankly," Young said, "I don't know the definition of a security risk."

Wade Faces Judge for Appeal Petition

DETROIT (AP)—Morrison T. Wade, convicted charity racketeer, will be returned to Detroit from Southern Michigan Prison tomorrow for a Federal Court hearing to determine whether he should be released pending a new appeal.

* * *

Federal Judge Thomas P. Thornton refused to release Wade, of Orchard Lake, without bail pending a hearing.

Wade petitioned for a writ of habeas corpus and release within four hours of surrendering at the Jackson prison yesterday on a sentence of 4 to 10 years.

Wade claimed his constitutional rights had been abridged through alleged irregularities among the jurors who convicted him and his wife, Bessie Lou, at a record 104-day trial in 1951.

* * *

The Wades were convicted of obtaining $750,000 by fraudulent means through their Society of Good Neighbors and converting the money to their own use. He drew the 4-to-10-year prison term; his wife a $5,000 fine and five years probation.

Truman Going to Frisco Dinner for Library Aid

LOS ANGELES (INS) — Harry S. Truman goes to San Francisco to speak tonight at a dinner to raise funds or a library at Independence, Mo. to house his presidential papers.

He addressed a similar meeeting in Los Angeles last night and told the audience it is important to preserve mementos of the nation's highest executive because he is one of the most powerful persons in world history.

He pointed out also that the presidency ranks in importance with the legislatinve and judicial branches of American government, yet is the only one whose papers are not published.

Reporters alleged that one of dent Richard Nixon is a "... his views was that Vice Presi- ....," but Truman denied emphatically that newsmen had heard him say those words on his arrival in Los Angeles.

Truman was not coy, however, in saying he felt certain that any man the Democrats nominate in 1956 can win the presidency from any Republican candidate, including President Eisenhower.

Truman declined to say whom he favors for the Democratic candidate, but said he will make his wishes known at the national convention.

State LCC Will Hold Public Hearing Dec. 6

LANSING (AP) — The State Liquor Control Commission said today it will hold a public hearing on the liquor laws at the Lansing City Hall Dec. 6.

State law provides that two such hearings will be held annually to receive public comments and complaints on administration of the liquor laws.

South Viet Nam Eyes SEATO

Young Republic Sees Itself as Saint George Against Red Dragon

SAIGON, South Viet Nam (AP)—The young republic of Viet Nam is beginning to regard itself as something of an Asiatic St. George intent on destroying the dragon of communism.

* * *

Some of its leaders say privately they consider that the fate of Southeast Asia hinges on what happens in this southern segment of a divided country. A number of diplomats and foreign observers go along with this argument at least part of the way.

* * *

Viet Nam's vision of her new international role is reflected in increasing suggestions that she become a full-fledged member of the eight-nation Southeast Asia Treaty Organization.

* * *

The confident new attitude being expressed in Saigon has aroused British anxiety. "We want South Viet Nam to remain quiet and avoid provoking the Communist North," said one British diplomat recently. "President Diem needs all the time he can gain to strengthen himself."

* * *

The United States for similar reasons is not encouraging Viet Nam's membership in SEATO.

* * *

South Viet Nam's army of 170,000 has come a long way since the day it was formed three years ago by the French. From a ragtag, bobtail, divided force it has been whipped into effective fighting strength by a team of American and French advisers.

Michigan GOP Sets Plans for 6 Dinners

DETROIT (AP)—Michigan Republicans have set their fund-raising goal at $600,000 for a series of six $100-a-plate Eisenhower dinners Jan. 20.

The GOP hopes to attract a total of 6,000 to dinners to be held in Detroit, Flint, Grand Rapids, Saginaw, Lansing and St. Joseph.

In announcing the dinner schedule, the party said they had the support of Postmaster General Arthur Summerfield, National Committeeman Clifford O'Sullivan and State Chairman John Feikens.

Feikens and Summerfield, often at odds in recent years, reached what party leaders labeled a "peace formula" at a recent Washington conference.

Under the formula, Summerfield adherents will be given representation on an overall "strategy committee" for the 1956 election campaign.

Rule Woman Suicide in Motel Room Death

COOK, Minn. (AP)—Death of a St. Paul woman whose body was found in an Orr, Minn., motel last Friday was a suicide, a coroner's jury ruled late yesterday.

* * *

The jury ruled Mrs. Myrl Crommett, 38, wife of an architect, died from a self-inflicted bullet wound. A rifle had been found near her body.

Dr. William Heiam, deputy St. Louis County coroner, said it was established at the inquest that Mrs. Crommett's companion Thomas Pierce was having breakfast at a cafe at the time she died.

Pierce, 49, financial secretary and business representative of the Minneapolis AFL Building Service Employes Local 26, was held without charge for questioning until Saturday night. He was one of the witnesses heard during the inquest

He Finds a Bird in Hand Not Worth Two in Bush

DETROIT (AP) — Grocery owner George Jacob gave chase when a man armed with a knife robbed his store of $256 last night.

But when a gust of wind whipped $80 in bills from the thief's hands, Jacob stopped to retrieve his money.

So did passers-by.

Jacob salvaged $38, the thief netted about $175 and passers-by scampered off into the darkness with the rest.

Romulo Cancels Talk

MOUNT PLEASANT (AP) — U.N. duties have forced indefinite postponement of the scheduled appearance of Brig. Gen. Carlos P. Romulo, Philippine leader and U.N. official, on the Central Michigan College artist series. He had been due to talk Monday.

GM Session to Hear Finance Companies

WASHINGTON (AP)—The Senate Antitrust subcommittee called for additional testimony today on the difficulties of independent finance companies in getting General Motors business.

* * *

Spokesmen for both big and little independents testified yesterday that General Motors Acceptance Corp., wholly owned by General Motors, gets the lion's share of the financing on GM products.

Walter Lundell, vice president and general counsel of Commercial Investment Trust Co., Inc., largest of the independents, said his company gets a "very, very small" percentage of its auto financing business from GM products. In the auto financing field, he said, there are "two markets—GM and non-GM."

Charles T. Crossfield, senior vice president of Commercial Credit Co., Inc., suggested "habit, history and loyalty" were the chief reasons why GM dealers give most of their business to GMAC.

* * *

David C. Cassat of Interstate Finance Corp., Dubuque, Iowa, said GMAC, because it is owned by GM, can acquire auto financing business at a fraction of his cost.

Naval Base Losing Potable Water Wells

POINT MUGU, Calif. (AP)—This naval air missile test center, surrounded on three sides by water, is threatened with a serious water shortage.

* * *

A Navy spokesman said, however, the shortage is of fresh water. One of four wells serving the Navy reservation has been dropped from use because of salt water intrusion.

* * *

Three other wells are still operating, the Navy said, but supplies are approaching the danger mark.

The Navy met today with the United Water Conservation District in an effort to obtain needed supplies.

Dies of Crash Injury

CHEBOYGAN (AP)—Funeral service was to be held today for Mrs. George Sparks, 66, of Levering, who died Sunday night, eight days after being injured in a Cheboygan automobile collision.

Ginny Simms Robbed

HOLLYWOOD (INS) — Police are looking for thieves who broke into the home of Singer Ginny Simms and stole a mink coat, a diamond-and-ruby ring and a diamond-and-ruby brooch.

Saginaw Council OKs Garage for 350 Cars

SAGINAW (AP)—Construction of a triple-deck, city-owned parking garage in the center of downtown Saginaw was approved last night by the City Council.

The ramp-type structure is expected to cost about $900,000. It will be financed through revenue bonds.

The garage will provide parking spaces for 350 cars. The Council hopes it will help alleviate an acute parking problem in the business district.

Set Lands Law Hearing

LANSING (AP) — A public hearing will be conducted by the State Conservation Department Dec. 16 on proposed rules and regulations for administering the Great Lakes submerged lands law. The hearing will be in room 337 of the Mason Building at 1:30 p.m.

Drug Combination Helps in Treatment of Oldsters

BOSTON (AP) — Use of a new drug combination could prevent many oldsters from going "over the hill" to a mental institution, the American Medical Assn. was told today.

* * *

Two Michigan scientists said experiments with the drugs among senile patients in hospitals indicate control can often be achieved at home by family doctors for behavior problems that ordinarily require hospitalization for such people.

* * *

Reseachers John T. Ferguson and William H. Funderburk of Traverse City State Hospital made the report in a scientific exhibit at the annual clinical meeting of the American Medical Assn.

* * *

They said their objective was to eliminate "abnormal behavior" — such as destructiveness of clothing or furniture, or faulty habits of personal appearance — which predominated in each case, regardless of the mental diagnosis.

* * *

The drugs used were reserpine, which is a "tranquilizing" substance, and methyl-phenidylacetate which acts as a stimulant of the central nervous system.

The idea was to produce an "active tranquility" in the patients, the doctors said, declaring that doses of the respective drugs were designed to take care of both "overactivity" and "underactivity" in the patients.

* * *

Describing studies among 215 female mental patients, the doctors said that in the large majority there was "marked improvement in the ability to cooperate and a new interest in their outlook on life and themselves."

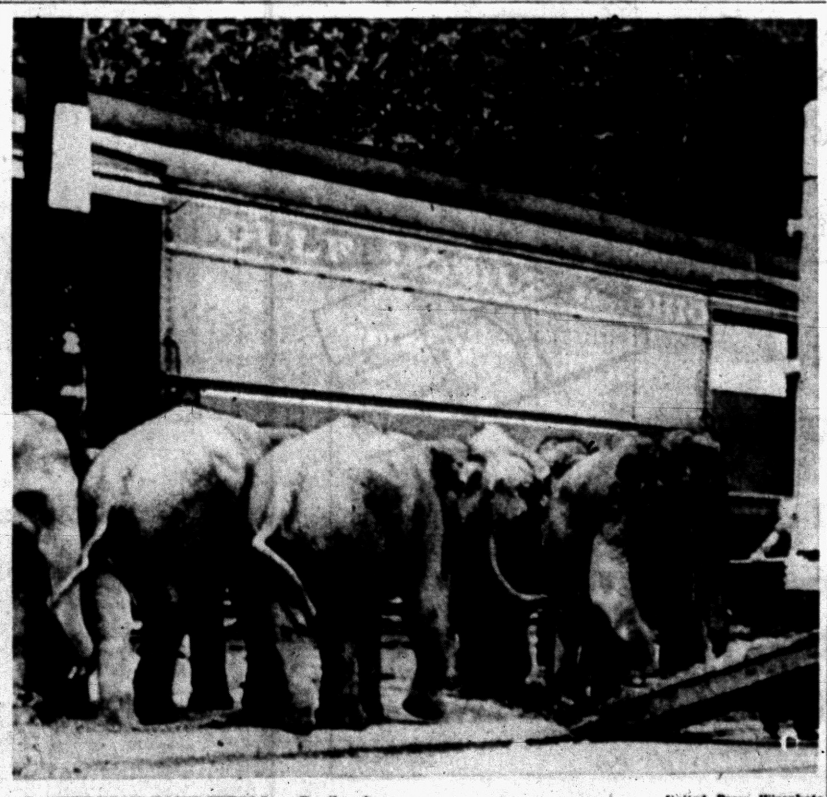

* * *

For example, the staff beauty shop operator was "swamped" with work following the drug treatments, and appointments for dental treatments rose sharply.

EAVESDROPPER — "BB," a nine-months-old boa constrictor, nuzzles affectionately against Janet Crawley, an assistant at New York's Bronx Zoo, during one of its periodic "visits." The boa, along with other reptiles, is brought to the office to help it get used to people so it will behave when taken to schools for lectures.

United Press Wirephoto

PACHYDERMS TAKE STROLL — Docile after an impromptu stroll through the streets of Charleston, S. C., six elephants lumber obediently back into their truck. After breaking loose while en route to the city's Municipal Auditorium for the annual Shrine Circus, two wandered into a train station, one strolled down some railroad tracks and held up an express train, and the other three were caught on a main road a half-mile away.

CIO to Hold Confab

LANSING (AP) — The Michigan CIO Council will hold its 5th annual legislative conference at Lansing's new Civic Center Jan. 27-28. Topics will include taxation, FEPC and civil rights, workmen's compensation and safety, unemployment compensation and welfare, reorganization and reapportionment, state labor legislation and social welfare legislation.

NATIONAL DISTILLERS PROD. CORP., N.Y. • 86 PROOF • 65% GRAIN NEUTRAL SPIRITS

COMING DOWN—Workers have begun tearing down the old City Hall, long the headquarters of Pontiac. The building was erected in 1908, and held the city offices until the new city hall was completed recently. Plans for the future of the site have not been revealed.

Landmark of Pontiac, Old City Hall Crumbling Under Blows of Wreckers

One of the landmarks of Pontiac is rapidly going into oblivion.

Workers last week began tearing down the old City Hall at the corner of Pike and Mill streets.

The two-story edifice served as the heart of the city government since its construction in 1908 until May of this year when the move to the present $1,200,000 City Hall was made.

City Engineer Lewis M. Wrenn said he expects the work to be completed in about three weeks. He said future plans for the 75 by 100 foot corner lot are undecided but that the city had discussed a possibility for a parking lot or a public park.

The plot of land that extends from Pike to Water Streets and from the Clinton River to Mill Street was purchased on March 2, 1904 from Frances H. Drake for an unbelievable price of $50, according to Wrenn.

In addition to the old City Hall, the police department garage and the National Guard Armory stand on this block.

Back 47 years, the contract price for the constructions of the buildings was $9,500 with a total price of construction set at about $12,500.

In former times Commissioners would journey across the street to the upstairs of the present fire station and hold their meetings amidst a tangle of fire hoses.

Pastor's Idea May Dampen Kids' Yule Joy

LONDON (INS) — Christmas morning may prove a disappointment for some youngsters in the English town of Radlett in Hertfordshire.

That is if their parents listen to and follow the advice of Rev. K. McFarlane Harley of the local Congregational Church.

The minister recently told his parishioners, "Don't shower gifts on your children." The Rev. Mr. Harley explained:

"They soon get tired of expensive novelties. They often are much happier with the old rag doll than the most expensive, eye-opening, grunting china or plastic doll with flaxen hair and wide blue eyes."

Jackson Prison Term Given for Bad Check

In Oakland County Circuit Court yesterday, Albert Moye, 19, of 312 Fisher St., was sentenced to 1½ to 14 years in Jackson state prison by Judge George B. Hartrick.

Moye pleaded guilty Sept. 19 to passing a bad $42 check in Pontiac Aug. 26.

Killed in Rail Crash

FLINT (AP) — Robert D. O'Brien, 30, of Swartz Creek, was killed yesterday when his truck and a Grand Trunk Western train collided at a crossing three miles southwest of Flint. O'Brien was alone.

The Edward W. Sparrow Hospital, Lansing

"When you're running a hospital, as I am, you can really see the value of Blue Cross . . .

Past President of the Michigan Hospital Association, member of the American College of Hospital Administrators, and Director of the 291-bed Sparrow Hospital, Mr. Glen Fausey knows the importance of hospital protection that keeps abreast of today's hospital costs. "The way Blue Cross protects its members," he says, "it's easy to see why more than half of our patients have it."

Blue Cross protects you in terms of today's hospital costs!"

says Mr. Glen Fausey, Director, Edward W. Sparrow Hospital, Lansing

"If you have the same hospitalization coverage you had, let us say, five years ago, and you are paying the same rates, you have something that will not do a job for you in our hospital. I don't know of a hospital where it will do a real job for you.

"You see, our costs have gone up more than 35 per cent during the past five years. The first requirement of realistic hospitalization coverage is that it keep up with hospital costs.

"This is why we are for Blue Cross. Blue Cross benefits always keep up with the times. They give you protection in terms of today's hospital costs and the requirements of today's hospital practice.

"Most people have learned to appreciate this fact. More than half of our patients have Blue Cross-Blue Shield."

Round 2: Soviet Bear Scents Middle and Far East

By WARREN ROGERS JR.

WASHINGTON (AP) — A preliminary U. S. study pictures Communist strategy for Round 2 of the cold war as this: Hold the line in Europe and push steadily south in the Middle and Far East.

Such relentless downward pressure from the Russo-Red Chinese empire, this study indicates, is not the kind that can be checked solely by a "policy of containment" such as the Truman administration devised to hem in Soviet military power.

* * *

The new Communist plan is viewed as involving much more than that—economic aid and trade concessions, for instance—and as being too complex and too subtly applied for a single solution. Further U. S. countermeasures are expected to be developed as the study, being conducted in the highest councils of government, progresses.

Still there, of course, are the Russian bear's muscle and growl—Soviet military might and the threat to use it. This was nowhere better demonstrated than in the last week's news that Russia has exploded its biggest H-bomb type of nuclear blast to date.

But the new Soviet strategy, as seen by American experts viewing the wreckage of this year's Geneva conferences, mixes up the plays like a talented quarterback operating behind a powerful line:

The Kremlin's combined leadership—calling signals for Red China and the Eastern Europe satellites as well as for the Soviet Union—will strengthen local Communist parties, tempt trade-hungry countries with deals they want and need, run guns to troubled areas, give "big brother" encouragement to uneasy neutrals, promise no-strings-attached help to underdeveloped countries, and on and on.

* * *

All the time, the Soviet leaders are expected to taunt the West, particularly the United States, as the enemy of newly free peoples and as supporters of colonialism.

* * *

Concrete examples of this strategy in action include:

1. At Geneva, the Russians refused to negotiate with the West on German unity. After Geneva, the Russians declared German unity was something the Germans themselves could settle. This looked to the West like a sit-tight operation in the expectation that Russia, which has diplomatic relations with both halves of Germany, could settle the issue alone.

2. In the Middle East, the Communists have stirred up a hornets nest by selling arms to Egypt. They also have vaulted the pro-West security line to offer economic help to Egypt and other Arab countries. In Afghanistan, the Soviets already have 500 technicians at work, and party boss Nikita Khrushchev and Premier Nikolai Bulganin currently are touring India, Afghanistan and Burma.

3. In the Far East, the pressure takes the form of new Communist threats of warfare. Red Chinese Deputy Premier Chen Yi told an interviewer last week about extensive military preparations along the China coat for possible assault on Formosa if talks with U. S. representatives at Geneva break down.

* * *

The Committee on International Policy of the National Planning Assn., reviewing the situation in a report yesterday, said the cold war is in its "most perilous phase." It called for a courageous and imaginative program.

The association describes itself as a nonprofit, nonpolitical organization devoted to planning by Americans in agriculture, business, labor and the professions.

John L. Lewis Says Laws Are Adequate

WASHINGTON (AP) — John L. Lewis has told a Senate Labor subcommittee he thinks existing laws are adequate for dealing with any "human jackals and scoundrels" who misuse union welfare funds.

The 75-year-old head of the United Mine Workers suggested, however, that the attorney general be urged by a congressional resolution to step up prosecutions of such cases.

PUT HOUSE IN ORDER

Lewis, making his first public appearance since his recovery from a recent mild heart attack, said union leaders must share responsibility for safeguarding such funds. He said:

"If some of the leaders of organized labor would abandon their holier-than-thou attitude ... and put their own house in order, welfare funds might have a better chance to live."

* * *

Regarding the welfare fund operated by his own union, Lewis said, "I'd like for you to show me one crook in the United Mine Workers union and see what I'd do about it."

4-H to Give Show

DETROIT (AP) — Thirty-two counties will send 425 4-H Club boy and girl exhibitors to the 26th annual Detroit Junior Livestock Show Dec. 6-8. They will show 570 steers, 78 pens of fat lambs and 67 pens of market hogs.

To Address Lions

DETROIT (AP) — Rep. Wolcott (R-Port Huron), an international counsellor of Lions International, will speak at a luncheon of 40 Lions Club members Dec. 7 in recognition of "Leader Dog Week." The Lions Clubs are the chief backers of the leader dogs for the blind school at Rochester.

Waterford Township Launches Student Testing Program

$500,000 Blaze Razes Market

70 Firemen Battle Fire; 30 Police Reroute Grand River, 8 Mile Traffic

Fire destroyed a Wrigley Supermarket at 27500 Grand River, Livonia, last night, causing damage estimated at a half million dollars.

Seventy firemen from eight communities including Farmington, Southfield, Livonia and Clarenceville were drawn to the holocaust which was at the triangle of Grand River, Eight Mile and Inkster roads just over the Oakland County line.

Hampered by stiff winds and icy temperatures, they fought the blaze for two and a half hours before bringing it under control. Two firemen received treatment at the scene for frostbite.

Some 30 policemen from six different agencies were used to reroute traffic for several hours.

TWO IN STORE

Only two of the 72 store employes were in the store when the fire was discovered about 8:30 p.m. The blaze was found by 41-year-old Paul Taylor of Farmington. The other employe in the building at the time was 18-year-old Ernest J. Bolt of Farmington Township.

* * *

The only thing left standing after the fire was the four walls of the building. However, firemen prevented the blaze from spreading to a drugstore separated from the supermarket by only a fire wall.

Police guarded the area after the store manager informed authorities that a safe, containing between seven and eight thousand dollars, was still in the building.

Fire authorities were to investigate today to determine cause of the blaze.

Police Arrest Boy on Arson Charges

FARMINGTON — A 14-year-old boy was discovered by Farmington Police to be the cause of the $15,000 fire at H. and M. Lumber Co. on Ten Mile Road, last Nov. 6.

The boy was arrested on a breaking and entering charge, police said, and upon questioning, admitted setting the fire by piling papers and sacks on a roll of tar paper at the rear of the company.

He is in juvenile custody.

County Directors of Farm Bureau Announced

Recently elected directors of the Oakland County Farm Bureau are Berton Brendel of Holly, Adolph Engler of Lake Orion, Lloyd Hewitt of Highland and Mrs. Otto Rexin of Farmington, all named for three-year terms.

William Scramlin of Holly and Carleton Crawford of Milford, were both elected to one-year terms.

Carlos Long of Milford, was re-elected chairman of the board with Edward Bourns, of South Lyon, vice president and James Reid of Milford, secretary-treasurer.

Princess to Visit Airman Friends

Catherine of Romania Will Fulfill Her Dream While Touring U.S.

PAIRS (INS)—Neither the Iron Curtain nor the passage of years is preventing Romanian Princess Catherine Caradja from turning into reality her dream of visiting the U.S. airmen whom she saved from the Germans.

Early next month, some three years after her escape from the Communist satellite, she will sail for America and call on as many as possible of the 110 fliers shot down during attacks on the Ploesti oil fields.

The 62-year-old princess, a descendent of a royal house that was on the Romanian throne until 1818, was running an orphanage and hospital on her estate 11 miles from Ploesti during World War II.

She gave asylum, with the help of the authorities, to Americans shot down in the great air strikes, thus keeping them out of German prison camps.

Princess Caradja admitted that her favorite airman is Richard Britt of Houston, Tex., whose airplane crashed into her garden. She will visit him first. Others whom she will call on are:

Robert O'Reilly, of St. Louis, Mo., William Love of Arcadia, Calif., and Charles Decrevel of Beaverton, Ore.

The princess fled Romania in 1952, in the company of a guide who had her permission to shoot her if they were captured.

By that year, the Communist government had taken away virtually all her property and belongings. She escaped with only her wedding ring.

The princess, who has been living in Paris with her daughter and the latter's French husband, will arrive in New York on the Nieuw Amsterdam Dec. 14. She will travel to Houston by bus.

Joe Louis Clouted With New Tax Lien

DETROIT, (UP) — Internal Revenue authorities yesterday filed a second tax lien against Joe Louis, former world heavyweight boxing champion.

The government claims Louis owes a total of $507,610 in back taxes and interest for the years 1949, 1950 and 1951.

Louis also has been facing claims totaling $651,771 in taxes from 1946 to 1949.

TESTING PROGRAM—Pictured (left to right) are three school testing consultants, James C. Lafferty, director of psychological services of Wayne Board of Education; Dr. Marie Skodak, director of visiting teachers, Dearborn Schools; and Dr. H. Glenn Ludlow, associate professor of education, University of Michigan, discussing with Howard Bennetts of Waterford Township High School the 40-page brochure, "Recommendations for a Testing Program" presented yesterday to the teachers of Waterford Township School District at their workshop.

Educators Work Year on Set-Up

School Supt. Schunck Opens Workshop

By JANE WINDELER
Press Correspondent

WATERFORD TOWNSHIP — With the words, "It is altogether possible that this will be the most worthwhile day we have ever spent together and probably the day that will be more far-reaching than any other," Supt. of Waterford Township Schools, William Shunck opened an all-day testing workshop for teachers of the district.

* * *

The program was key-noted with a philosophy on testing by Dr. Marie Skodak, director of visiting teachers, Dearborn Schools. She felt that it was highly momentous that teachers and lay-people alike were looking at the schools and wanting to improve the program.

"The influence of the 'learner' on what he learns is one of the most significant things that we have discovered in the last twenty-five years. The characteristics that make him differ from any other child are what affect his learning. To understand him, we have to see him in a wide variety of situations—observe him, try him out and evaluate him," Dr. Skodak pointed out.

She went on: "We must have a frame of references to interpret what we see. So far we have had attendance records, grades, samples of work and possibly his autobiography plus our own observations to rely on in understanding the youngster. But often we don't trust our own judgment in evaluating a child. Tests, however, have a standard meaning. Scores have specific, definable communications."

CITES PITFALLS

And there are pitfalls in any testing program, according to Dr. Skodak, "the greatest of which is to rely on tests completely.

The three hundred teachers who attended divided into group sessions during the morning and afternoon. Leaders were the five committee members who have been studying and setting up the program for the past year: Howard Bennetts, high school English teacher, Bernard Heaney, assistant principal of Isaac E. Crary Junior High School; Mrs. Emily Hicks, principal of Stringham School; Mrs. Catherine Parr, teacher at Lambert School; and Mrs. Barbara Penman, teacher at Waterford Village School.

Five consultants rotated in visiting each group. Dr. Edith Jay, assistant professor of psychology at Wayne University, was the consultant on mental maturity tests which, under the new program, will be given in grades three, seven and ten.

* * *

Achievement tests are scheduled for grades three, five, seven, eight and eleven. Consultant in this area was Dr. H. Glenn Ludlow, associate professor of education at the University of Michigan.

James C. Lafferty, director of psychological services for the Wayne County Board of Education, advised on the personality tests or "check lists" which are to be given in the ninth grade.

Milma Wickstrom, administrative assistant, department of guidance and placement of Detroit Public Schools, spoke on the aptitude tests slated for the first and ninth grades. And Dr. Buford Steffler, assistant professor of guidance for Michigan State University was consultant for interest tests which are to be given in the eleventh grade.

JOYCE PETERSON

Joyce Peterson, daughter of Mr. and Mrs. Hans Hansen, of 2436 Auburn Rd., recently graduated from Hinsdale Sanitarium and Hospital School of Nursing, Hinsdale, Ill. She is now working in Butterworth Hospital, Grand Rapids.

Auto Collision Sends Woman to Hospital

LAKEVILLE—Mrs. Fred Brecht, 56, of 850 E. Drahner Rd. is in Pontiac General Hospital suffering five broken ribs, cuts and lacerations, after she was involved in a head-on collision Monday morning at Mack and Townsend Roads.

Driver of the other car was Alton Herkimer, 28, Lakeville Motel. He suffered a sprained ankle, and cuts and bruises. He was treated at the hospital and released.

According to Romeo state trooper Paul Uerling, both cars were totally wrecked.

Rebel Tribesmen Slay Five Moroccan Soldiers

RABAT, French Morocco (UP) — More trouble from rebellious tribesmen in the Riff Mountains was reported today as Premier-designate Mohammed Bekkai continued conferences trying to form Morocco's first representative government.

Sketchy reports reaching here said a military truck was ambushed yesterday in the Nador Pass area near the Spanish Moroccan frontier. The bodies of five soldiers were found near the vehicle.

Second Free Salk Clinic in Romeo to Be Wednesday

ROMEO — The second free clinic offering first injections of Salk Polio Vaccine is scheduled for Wednesday from 2 to 4 p.m. at the South School.

Those eligible to receive the shots are needy children, 1 through 14 years of age, and pregnant women who cannot afford them from their own physicians.

The last opportunity for persons to have the first injection will be from 2 to 4 p.m. on Dec. 7 at the same location.

Southfield Woman's Death Investigated

SOUTHFIELD TOWNSHIP—The death of Mrs. Beverly Jackson, 22, of 29055 Southfield is being investigated after she died in Receiving Hospital Sunday night. The cause was given as peritonitis resulting from an alleged illegal operation.

Mrs. Jackson told detectives before her death that she underwent an illegal operation in September.

She said that the operation was performed by Mrs. Yvonne Baker, 52, of 661 Brainard for $75. Mrs. Baker was arrested Friday for investigation of the alleged operation.

Michael Ross of the Argentine took his pet eagle, Tiki, with him to Edinburgh, Scotland, where Michael is now attending school.

DR. ROBERT E. LUCAS

Dr. Robert E. Lucas, assistant professor of the Michigan State University Soil Science Department, is one of three MSU specialists who will speak to muck and vegetable growers in Imlay City Wednesday. The program is held in cooperation with the Extension Service and the Chamber of Commerce. Other speakers will be Lawrence N. Shepherd, a graduate assistant at MSU in soil science research and John A. Knierim, an assistant professor of entomology at the University.

Comic Fined as Drunk

HOLLYWOOD (INS)—Comedian Wally Vernon has been fined $125 for drunk driving. Other motorists complained the 50-year-old actor was driving so erratically he forced several cars off the road.

Council Votes in New Member

Rochester Group Also Studies Possibility of New Well

ROCHESTER — The Rochester Village Council at last night's meeting voted Norman H. Day, 227 Walnut St., into the Council to fill the unexpired term of Clarence Shaw who resigned.

Village Manager Robert Slone opened bids on a half ton pick up truck for the Public Works Department. The Larry Jerome Sales presented the lowest bid of $1084 for the truck.

President Clarence Burr appointed a committee of three to meet with the Avon Township Board to take up the matter of a fire service bill recently rendered the township. Those appointed are Frank Rewold, John Dahlman, and S. Q. Ennis.

The Village Manager was authorized by the council to purchase an additional turbine meter for measuring wells at the Water Works. The meter will cost about $485.

DISCUSS WELL

Council discussed the possibility of starting a new well in the Spring. Two locations have been considered for drilling, one near the large reservoir and the other near a smaller one, reported Slone. He was given authority to make tests and consult engineers relative to the drilling.

* * *

The council ordered general government bills amounting to $1,488.50 and water and sewer bills of $1,754.07 to be paid.

Your PTA Is Planning:

Pageant Slated at Stiles

AVON TOWNSHIP — Stiles PTA will present its annual Christmas pageant Thursday evening at eight o'clock at Avondale High School.

Students from all grades in the school will participate, singing folk songs and dressed in the costumes of many lands. The Tonettes will render several selections of Christmas music under the direction of John Nezteck.

Mrs. William Sullivan will give several piano selections. The public is invited.

Avon Township

The Executive Board of Elmwood PTA will meet at 1:30 p.m. Thursday at the home of Mrs. Edwin Kirsch of Auburn Road.

Fellowship Class Will Meet at City Mission

WATERFORD—The Gospel Fellowship Class mission service of the Waterford Community Church will be held at the Detroit City Mission at 8 p.m. today.

Cars will leave from the church for Detroit at 6:30 p.m.

Troy Board Meets With Drain Engineer

TROY TOWNSHIP — The Troy Township Board met with Donald Ringler, engineer with the County Drain Commission to discuss drainage in Troy Township.

Under discussion was the proposed cleaning out of the Spencer Drain, plans on the Sprague drain that is in the northwest section of Troy, and the Hill Drain that runs into Macomb county.

The board pointed out the objections the Sprague Drain had brought during the recent hearing of the residences near Sprague. Ringler agreed to do some additional work on the plans and report back later to the board.

Troy Methodists Schedule Annual Christmas Fair

TROY TOWNSHIP — Troy Methodist Church is holding its annual Christmas bazaar at the church Wednesday and Thursday.

There will be booths of hand work, baked goods, hand made jewelry, home made candy, potted plants and many other items including a parcel post sale.

Mrs. Clarence Williams, general chairman, states the bazaar will open each day with a dinner to be served starting at 5 p.m. A roast beef dinner will be served Wednesday and a chicken dinner Thursday. The public is invited.

Niece of Prince Philip Seen Eying Marquis

LONDON (INS)—Lovely, 22-year-old Princess Margarita of Baden—niece of the Duke of Edinburgh—is stealing some of the society publicity from Princess Margaret.

Margarita's name is being linked with that of the Marquis of Milford Haven, who was the Duke's best man when he married the then Princess Elizabeth.

The young princess is studying to be a nurse in London.

Clear Way for Milford Parking Lot

MILFORD — Last night Village Council members cleared the way for the Chamber of Commerce to proceed with the off-street parking project.

* * *

A $3,500 deposit was placed with the Michigan Finance Corp., assuring the company that all necessary work would be completed upon issuance of a bond for $16,000. The Oakland County State Bank is prepared to buy the entire bond issue.

Now that the State Commission approves the plan, a down payment will be made to Chester Arms for his property on Union street. The Chamber of Commerce will then remove the building, fill in the excavation and surface the property which is just back of the stores on Main street.

The Detroit Edison Co. has agreed to light the parking lot.

Another large real estate development was approved by council members at last night's regular meet. The David Builders of Detroit presented a plat for council approval which includes 123 lots on 35 acres at Summit street and Weaver road. This acreage formerly belonged to the C. Schuett Co. and was purchased by the present firm last week.

APPROVE PUBLICATION

Publication to rezone three more pieces of property from residential to industrial was also approved by council members.

The newly proposed rezoned land belongs to Henry Busch and Cloyd Feigley and Brooks Peters and is just inside the village limits on General Motors road.

A representative from Wilkins Appraisal and Revaluation Consultants was asked to submit a proposal to the village for revaluing the real estate and personal property in Milford.

* * *

The planning commission for the village submitted a recommendation to rezone the Milford Fairgrounds, the Perry Orvis property and land lying east of North Milford road from residential to industrial.

The recommendation is under consideration by council members.

Deaths in Nearby Communities

Mrs. Thyrza Benton

HOLLY—Service for Mrs. Thyrza Benton, 77, 9493 Dixie Highway, will be held at 2 p.m. today from Davisburg Community Church with burial to follow in Davisburg Cemetery. Mrs. Benton died Saturday.

Survivors include one daughter, Mrs. Lucy Willer Bell, with whom she made her home and one grandson.

Mrs. Leontine Pranger

UTICA—Service for Mrs. Leontine Pranger, 59, 7618 15 Mile Rd., will be held at 10:30 a.m. Wednesday at the Schwarzkoff-Milliken Funeral Home, with burial in Utica Cemetery. Mrs. Pranger died Sunday.

She is survived by her husband, Frederick; one daughter, Mrs. Mary Leidholdt of Utica; a son, Alphonse Carroll of Portland, Ore.; two brothers, Frank and Phillip Elskens; a sister, Mrs. Helen Hernelsteen, all of Detroit; and four grandchildren.

Mrs. Jessie D. Narrin

LAKE ORION—Service for Mrs. Jessie D. Narrin, 83, 140 S. Andrews Ave., will be held at 2 p.m. Wednesday from Aller's Funeral Home, with burial in Hadley Cemetery. Mrs. Narrin died Monday.

She is survived by two daughters, Mrs. John Ridgeley of Mason and Mrs. Robert Fortney of Jackson; three sons, James B. of Flint, Elgin E. of Wauwatosa, Wis. and Austin R. of Lake Orion; one sister, Mrs. Willard Van Riper of Holly; one brother Walter Downey of Groveland Township; 12 grandchildren and four great-grandchildren.

Burnell J. Schlusler

LEONARD—Service for Burnell J. Schlusler, 54, of 35 Division St., will be held at 2 p.m. Wednesday at the Leonard Methodist Church with burial in Lakeville Cemetery. Mr. Schlusler died as the result of an automobile accident at Rochester Saturday.

Survivors include his wife, Mildred; four daughters, Mrs. Edward Porter, Mrs. Gerald Wright, Mrs. Eugene Mallia, and Mrs. Robert Mills, all of Leonard; three sons, Mike L. Schlusler of Leonard, Marvin L. Baza of Duluth, Minn. and Burton Baza of Tucson, Ariz.; his foster father, Pete Ladebeauche of Pontiac; two sisters, Mrs. Marshall Gratz of Waterford Township, and Mrs. Velma Johnson of Hurlong, Calif.; two brothers, Howard of Clearwater, Fla. and Russell Schlusler of Pontiac and 16 grandchildren.

Arrangements are being made by the William R. Potere Funeral Home, Rochester.

Announce Marriages of Daughter and Son

WATERFORD TOWNSHIP—Mr. and Mrs. Charles E. Hauser of Pontiac Lake Road, announced the marriage of their daughter, Patricia, to Albert Netzle of Drayton Plains on Nov. 18.

At the same time, Virginia Grifley, daughter of Mrs. Albert Smith of Lake Orion became the bride of Don Hauser, son of the Charles Hausers.

The young people spent a week's honeymoon in northern Michigan.

Sister Tells of Proposals

Adlai's Personal Life Recounted

NEW YORK (INS)—So many women wrote to Democratic presidentiail candidate Adali E. Stevenson after his divorce that his office staff had to set up a special file marked 'proposals."

His sister, Mrs. Elizabeth Stevenson Ives, made this and other disclosures today about Stevenson's personal life in the December issue of "Ladies' Home Journal."

Of the weekly press rumors linking him with new "fiancees," she said Stevenson once commented: "They must think the plural of spouse is spice!"

In the second excerpt from her forthcoming book, "My Brother Adlai," Mrs. Ives, whom Stevenson fondly calls "Buffie," describes the eventful four years between his successful bid for the governorship of Illinois and his unsuccessful 1952 campaign for the presidency.

"His debut into politics started a glare and blare of publicity, and for my reticent brother it was not an easy kind of relationship to get used to," she wrote.

She reported that on the day he launched his gubernatorial campaign in Illinois, two photographers confronted the astonished Stevenson as he was shaving in his bathroom.

THRIFTY EXECUTIVE

According to Mrs. Ives, Governor Stevenson kept a firm hand on the budget at the Illinois executive mansion, even to turning down a $2,000 upholstery estimate in favor of inexpensive cleaning and dyeing. He also thriftily refused to have the state's 10-year-old Cadillac replaced, she said.

"He always turned out lights when he left a room, and the rest of us had to do the same," she recalled. "I had enthusiastic plans for repapering several of the bedrooms which the former governor's daughters had evidently decorated by tacking up school banners.

"Adlai nipped this expenditure: 'Just put up a few pictures to cover those marks on the walls.'

"The memos he sent on food amused me. After he'd been hunting he must have wanted his bag of game to stretch, because I got a thrifty message: 'One big duck should serve four people—four little people'."

Mrs. Ives, who served as her brother's hostess in the executive mansion at Springfield, said that up to the last minute, Stevenson tried to refuse the Democratic nomination in 1952.

She said he honestly wanted to run again for governor and that his great future hope was to become "president of a good university." Instead, she said, he was drafted as a candidate and embarked on the cross-country speaking tours which he described as "requiring the wind of an Olympic runner and the timing of a cuckoo clock."

Mrs. Ives said that when Stevenson's name was being mentioned for the nomination, his mail jumped from about 100 to 300 letters a day. Some of the letters, she said, were "just plain silly," including a few from "foolish women." She added:

* * *

"One woman gave her qualifications in this businesslike way: "I am a nice eligible lady offering my services as a wife. I could serve you in kitchen or drawing room. You need somebody to look after your clothes'."

Several others, she said, wrote Stevenson how much they "loved children and dogs."

Court Hearing Scheduled on Permanent Injunction

An injunction was continued yesterday in Oakland County Circuit Court restraining the Rev. T. Walter Harris from taking any steps further encumbering land at Diston and Bagley Sts. on which the Providence Missionary Church is located.

Judge George B. Hartrick said a hearing will be held to determine whether the injunction will be made permanent and the pastor ordered to give an accounting of money contributed to a building fund.

The suit was brought by Albert Branch, a church trustee, who asserted that thousands of dollars have been placed in a building fund under supervision of Rev. Harris.

Branch alleges the congregation has received no benefit from the money and the church lands bought with it are in the minister's name.

He claimed Rev. Harris has borrowed money against the church property and is negotiating for sale of the church to a private buyer.

Rev. Harris yesterday said donations from the congregation were not sufficient to pay costs of constructing the building and it was necessary for him to borrow money from outside sources.

Some $14,000 is still owed, he stated.

The minister said he obtained loans, using the church lands as collateral, in order to make part-payment of building costs.

"I would be glad to have the trustees made responsible for these debts," said Rev. Harris.

Judge Hartrick dissolved a temporary order restraining Mr. Harris from disposing of his private home and land. Branch had asked a lien against the minister's property which would have allowed the church to sell it to pay off some of the alleged debts.

Judge Hartrick advised Mr. Harris to get all papers relating to the land and money transactions in order before the hearings and "see if you had a legal election of trustees."

Navy Official to Speak

DETROIT (UP) — Rear Adm. Albert G. Mumma, chief of the Navy Department's bureau of ships, will speak on "The Navy and Nuclear Engineering" at the Wednesday meeting of th Engineering Society of Detroit.

NOW HERE'S A GIFT SHE'LL LOVE

This Christmas give Mother a bedside telephone. Few gifts will bring her such comfort, convenience and pleasure every day of the year. It will never outgrow its usefulness, will remind her of your thoughtfulness every time she uses it.

And it's easy to give! Just a call to our Business Office will bring a gift-wrapped Christmas phone, ready to put under the tree. After Christmas, at Mother's convenience, a telephone man will come around to install it.

This ideal Christmas gift costs only about a dollar a month plus $2.25* for installation. You can pay for it monthly if you wish.

This Christmas, give the gift that makes life easier. Remember, modern homes have *convenient* phones. More and more people are ordering phones for bedrooms, kitchens and "rec" rooms—and for teen-agers!

*Telephones in sparkling decorator colors are available for a one-time additional charge of $1 to $7.50, depending on color and style selected.

Michigan Bell Telephone Company

Warriors Have Rights

Wilt Already Causing Pro Cagers to Worry

PHILADELPHIA (AP)—When "The Stilt" comes home, can paradise be far behind? That might be the question uppermost in the mind of Philadelphia Warriors Owner Eddie Gottlieb—and the reason for an almost perpetual smile on his face.

* * *

Gottlieb confirmed yesterday that he had drafted Wilt (The Stilt) Chamberlain for his 1959 Warriors, even before the 7-foot basketball star left the quiet confines of Overbrook High School here for the wide open spaces of Kansas University.

The unprecedented drafting of a player four years before he is eligible for pro ranks was approved last spring when the National Basketball Assn. passed a new draft rule.

Gottlieb, sensing a surefire star for the pro ranks, exercised his territorial rights and promptly grabbed Chamberlain.

* * *

Joe Lapchick, coach of the New York Knickerbockers and a perennial seeker of extra-tall talent, said yesterday in Syracuse that the NBA had "created a monster when it let Chamberlain go to Philadelphia. It was a grave error."

Lapchick, who has a couple ball players also scraping the 7-foot mark in Ray Felix and Walter Dukes, revealed that owner Ned Irish of the Knicks had opposed giving the Warriors the early rights to Chamberlain.

Oklahoma Wins O'Donnell Trophy as Top Team

By THE ASSOCIATED PRESS

Undefeated Oklahoma, winning at the polls in the same whirlwind fashion that it won most of its games, today captured the 1955 national college football championship and the Father J. Hugh O'Donnell Trophy in the 20th annual Associated Press poll.

* * *

The bowl-bound Sooners amassed the impressive total of 3,581 points of the final AP poll of sports writers and broadcasters for the season to top Michigan State by more than 300 points. Maryland, Oklahoma's opponent in the Orange Bowl game, Jan. 2, finished third in the balloting.

Oklahoma succeeds Ohio State, Big 10 champion for the second straight year, as winner of the national championship trophy. This marked the second time the Sooners have taken the award, named in honor of the late Rev. J. Hugh O'Donnell, former president of Notre Dame. They also finished first in the 1950 poll. It must be won three times to gain permanent possession.

Since 1941 The Associated Press poll has determined the winner of the national championship award. Notre Dame retired the Dr. Henry L. Williams Trophy in 1947 and the next year the Notre Dame Monogram Club created the O'Donnell Trophy in memory of Father O'Donnell, a former Irish football player who served as president of the university from 1940 through 1946.

In earlier years the Jack F. Rissman Trophy (1924-1930) and Knute Rockne Trophy (1931-40) were awarded to the national champion as determined by another rating system.

The Associated Press poll was established in 1936. Each newspaper or radio or TV station may cast one ballot, rating the teams awarded on the basis of 10 for each first place vote, 9 for second, etc., down to 1 for tenth.

In the final 1955 balloting, Oklahoma was first on 218 of the 394 ballots cast, second on 99 and third on 35. It was one of the heaviest votes in the 20-year history of the poll.

* * *

Michigan State, with 88 first-place votes, polled a second-place total of 3,204 points and Maryland, with 55 firsts, received 3,024 points. Others finishing in the Top 10 were UCLA, which will meet Michigan State in the Rose Bowl, Ohio State, Texas Christian, Georgia Tech, Auburn, Notre Dame and Mississippi.

* * *

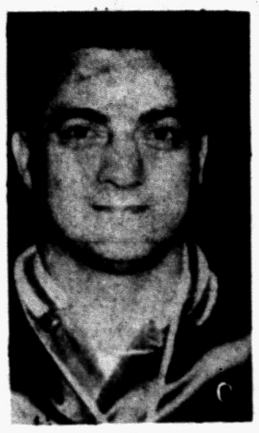

Ohio State, last year's winner, went through the Big 10 season without a defeat but lost non-conference games to Stanford and Duke. The Buckeyes are ineligible for a second successive Rose Bowl appearance under conference rules.

* * *

Other previous winners of the O'Donnel Trophy were Michigan, Notre Dame, Tennessee, Michigan State and Maryland.

EML Scans Parkers' Five

Moving all the way from last place to 1st in one season is a pretty big jump in any basketball league. But that's the way coaches feel about Hazel Park in the Eastern Michigan League this year.

COACH PETRAKIS

Defending champion Birmingham, with the loss of four of five starters, is not expected to repeat, but the Maples still have 7 lettermen returning and cannot be counted out of the running.

Maple coach John Petrakis has been handicapped during the 1st three weeks of practice. Four of his leading players, members of the football team, could not report to practice until yesterday because of the Thanksgiving Day game with Royal Oak last Thursday.

Center Bob Isbell, along with forwards Don Picman and George Huffman all reach the 6-3 mark. Bill Swaney, Maple quarterback and Greg Bavis, both 5-9, are leading candidates for the guard posts.

Last year the Maple won the EML title with a 9-1 record. Including the tournament playoff-loss to Mt. Clemens, the overall mark read 14-2.

Cagers will begin where the football team left off by meeting Royal Oak in the opener next Tuesday on the Acorn court.

Coach Dan Lutkus of Hazel Park is optimistic. He has five top lettermen back, including high scoring center Dan Potter who stands 6-3, and Bill Byrd and Bill Hazelrigg at forwards.

Guards Nick Kamenoff and Bob Croteau along with newcomer Larry Clyma give the Viking good strength in the outer court.

Hazel Park had a disappointing 1-9 league mark, finishing last a year ago.

Runnerup Mt. Clemens, with 6-6 Ed Noe and 6-5 Charles Nicolai is making overtures for the title. The Bathers were nosed out of the EML title by Birmingham, but came back to win the regional championship in which the Maples were the 1st victim.

Port Huron and East Detroit figure themselves as spoilers with perennially powerful Ferndale looking for the worst.

* * *

Sophomore Ronald Emerick, 6-5, will bolster East Detroit's hopes. Shamrocks have six lettermen around whom coach Fred Lee will build a nucleus. Port Huron's big man is 6-4 Carl Chandler, a senior center.

GREG BEVIS

Tony DeMarco Feels He Will Regain Crown

Meets Carmen Basilio in Boston Re-match on Wednesday

BOSTON (AP)—For a fellow who took a sound shellacking from Carmen Basilio the last time around, ex-welterweight champion Tony DeMarco fairly breathes confidence. Tony is sure he is going to take back the 147-pound title from Basilio in the Boston Garden Wednesday night.

* * *

The 23-year-old, 5-5½ ex-champ says he feels 100 per cent better now. He's had only one fighting chance to prove that and on the record it looks good. Big-chested Tony stopped heavier Chico Vejar, the Stamford, Conn., actor-fighter with the push-button chin in 2:40 of the first round on Sept. 14.

Promoter Sam Silverman expects to sell out the Boston Garden to its 13,900 capacity.

This fight will be telecast and broadcast across the country but the New England area will be blacked out.

NEW MICHIGAN CAPTAIN—End Tom Maentz (left) of Holland, Mich., who was named captain of the 1956 Michigan football team, shown shaking hands with outgoing captain Ed Meads (Oxford) at banquet for the Michigan team in Detroit last night.

Duffy Selects Stanford, USC Films for Study

Both Teams Met UCLA This Year, Provide Check for Jan. 1

EAST LANSING (AP)—Michigan State has selected the Stanford and Southern California games as its movie previews of what can be expected from UCLA this time in the Rose Bowl.

Under a new agreement, the West Coast league and the Big Ten are exchanging two films this year instead of relying on personal scouting reports.

Coach Duffy Daugherty said UCLA had not yet notified State which two Spartan games are wanted.

Spartan selections came as expectable choices. Both teams played Stanford so that the film will give the coaches a chance to see how UCLA operated on offense and defense against known quantity and common foe.

UCLA beat Stanford 21-13 and the MSU edge was 38-14.

UCLA whipped Southern California 17-7 in the last game of the season. This film will provide State with the last available word on UCLA football operations.

Meanwhile, Daugherty announced some tentative plans for the practices on the west coast. The 44-man squad arrives at Pasadena Dec. 16.

"We've about decided on three or four days of double practice, Daugherty said. "Then we'll settle back to one-a-day."

He was asked if the squad would scrimmage—something the Spartans have avoided this fall since the season started.

"We'll probably have only one team scrimmage," he said, "that one a few days before the game. Otherwise, we'll just work hard and stick to group scrimmages."

Tangerine Gets Missouri Valley as Juniata Foe

ORLANDO, Fla. (AP) — Missouri Valley of Marshall, Mo., will meet Juniata College of Huntington, Pa., in Orlando's Tangerine Bowl football game Jan. 2.

Selection of once-beaten Missouri Valley was announced last night. Juniata, unbeaten in 23 consecutive games, was picked Friday night.

Hillsdale (Mich.) college, unbeaten king of the Michigan Inter-collegiate Athletic Assn., was eliminated from consideration several days ago. Tangerine Bowl officials said Hillsdale was "too strong" for other teams under consideration.

Johnson Stops McNeece

NEW YORK — Tony Johnson, 174, New York, TKO'd Billy McNeece, 171½, New York, in 2:06 of 8th round.

Fritz Crisler Is Honored by NY Grid Club

Gets 1955 Award for Doing Most for Football

NEW YORK (AP) — The University of Michigan's veteran athletic director, Herbert O. (Fritz) Crisler, has been named winner of the New York Touchdown Club's 1955 Award for having done the most for football over a period of years.

* * *

Presentation will be made at a banquet Jan. 26.

* * *

Crisler was head football coach at Minnesota, Princeton and Michigan for a total of 18 years before he became U-M athletic director. He is credited with introducing the two-platoon system in college football and with developing the buck lateral and spinner attacks. As a coach, his teams won 116 games, lost 32 and tied 9.

Cagers to Lift Lid on Season

Opening tipoff for area prep quintets begins tonight with a shallow schedule of two games.

South Lake of the Bi-County League meets Romeo on the home court and Almont of the Southern Thumb League travels to Imlay City a member of the South Central circuit.

The Imlay-Almont scrap should be interesting in view of the highly enviable records posted last year.

Almont has seven lettermen from the squad which had a 12-0 league mark and 16-3 season record, to pit against Imlay City which was also unbeaten with 8-0 in league play. Final record for Imlay was 15-4 last year.

Coach Bob Hutton at Romeo had four veterans returning to throw against the Bi-County co-champs from South Lake.

Bulk of the area prep schools go into action Friday night.

"Accelerated Madness"

UM President Asks for De-emphasis of Articles on Post-Season Bowls

DETROIT (AP)—Decrying pre-season ratings of teams and players and emphasis on post-season bowl bids, the University of Michigan's president has called for a curb on what he terms "the accelerated madness" of college football.

* * *

Dr. Harlan H. Hatcher, Michigan president, told 700 at the annual UM "Football Bust" last night:

"I sincerely hope a way is found to preserve the game in its proper college setting, so that we won't have to alter it — as I am sure we will have to do if our present course continues."

Hatcher said he read "with sinking heart" magazine reports which rated Michigan No. 1 in the nation before it had played its first game this year and other articles which forecast conference championships bowl bids months ahead.

Michigan ended up with a 7 won; 2 lost record. A 17-0 loss to Ohio State in the final game cost the Wolverines the Big 10 championship and a trip to the Rose Bowl. Ohio State won the conference crown and handed the bowl bid to Michigan State. OSU went last Jan. 1. Under conference rules no team may go two years in succession.

Citing newspaper reports of last Saturday's games emphasizing bowl bids, Dr. Hatcher said:

"'Coveted bids,' they are called. Here's another: 'Army knocks Navy out of Cotton Bowl.' And one says: 'Tennessee ruins Vanderbilt's bowl hopes.'

"There was a time when football games were played to see who would win. Now everything points to the 'coveted bid' to a bowl.

Game Biologist Speaker to Show Film on Rabbits

A program of unusual interest has been listed for members of the Oakland County Sportsmen's Club for tomorrow evening.

D. H. Jenkins, game biologist, specializing in small game, with the Michigan Conservation Department, will be the featured speaker, and will introduce the film, "Missouri Cottontail." The film has gained national acclaim during the past year. It depicts, from a seasonal standpoint, the doings of Molly Cottontail and her family of youngsters, throughout the four seasons.

In addition, the club's annual deer antler contest will be determined. Suitable awards will go to the winners who enter racks in the following classes: largest antlers from the Upper Peninsula, best balanced rack from the Upper, largest antlers from the Lower, best balanced antlers from the Lower, the best freak antlers, and also for the smallest legal set of horns.

An award will also go to the hunter bringing in the largest bear.

Meeting will get underway promptly at 8 o'clock. Special announcements concerning the Dec. 18 kiddies Christmas party, New Year's dance, and wildlife-Adventure series tickets will be made.

Philadelphia Stars Close In on Laker

NEW YOR (AP)—Clyde Lovellette of the Minneapolis Lakers still holds the scoring lead in the National Basketball Assn. today, but Paul Arizin and Neil Johnston, a pair of old hands in the scoring business with Philadelphia's Warriors, are right on his stern.

Lovellette, No. 1 for the third week, has totaled 246 in 12 games. Arizin, who won the title in 1952, has 233 and Johnston, who's worn the crown the past three years, has 219.

Both Warrior aces have played only 10 games and are well up on the big Laker center on a points-a-game basis.

About 400 high schools field football teams in California.

Solunar Tables

For the Pontiac area, the best times for fishing and hunting during Wednesday are as fololws, according to the John Alden Knight solunar tables, prepared especially for this section:

WEDNESDAY

A.M.		P.M.	
Minor	Major	Minor	Major
6:30	12:05	6:45	12:35

Here's How NFL Draft Wound Up

PHILADELPHIA, (INS) — Following are the draft selections of the National Football League teams at their meeting Monday in Philadelphia:

Bonus pick: Pittsburgh, Gary Glick, (qb), Colorado A&M.

Here are the draft picks:

San Francisco: Earl Morrall, (qb), Michigan State; Bruce Bosley, (t), W. Va.; Bill Herschmann, (t), Texas Tech.

DETROIT: HOWARD CASSADY, (hb), Ohio State; LEON CLARKE, (e), Southern Cal. (traded to Los Angeles); JOHN McILHENNY, (hb), SMU.

Philadelphia: Bob Pellegrini, (c), Maryland; Frank D'Agostino, (t), Auburn; Don Schaefer, (fb), Notre Dame.

Pittsburgh: Art Davis, (hb), Miss. State; Joe Krupa (t), Purdue; James Taylor, (e), Baylor.

New York: Joe Marconi, (fb), W. Va. (traded to Los Angeles); Henry Moore, (hb), Arkansas; Robert Huff, (t), W. Va.

Chicago Cards: Joe Childress, (fb), Auburn; Norman Masters, (t), Mich. State; John Roach, (qb), SMU.

Green Bay: Jack Losch, (hb), Miami (Fla.); Forest Gregg, (t), SMU; A. D. Williams, (e), College of Pacific (traded to Los Angeles).

Baltimore: Lenny Moore, (hb), Penn State; Dick Donlin, (e), Hamline; Bob Pascal, (hb), Duke.

Chicago Bears: Menan Schriewer, (e), Texas; M. L. Brackett, (t), Auburn; Larry Ross, (e), Denver (traded to Cleveland).

Los Angeles: Charles Horton, (hb), Vanderbilt; Hugh Pitts, (c), TCU; John Marshall, (hb), SMU.

Washington: Ed Vereb, (hb), Maryland; John Paluck, (e), Pittsburgh, Fred Wyant, (qb), W. Va.

Red Sox Buy Frisco Club

Acquire 19 Contracts Along With Franchise of PCL Team

COLUMBUS, Ohio (AP) — The Boston Red Sox have bought the San Francisco franchise for $150,000 in a deal calculated to strengthen the Pacific Coast League and are negotiating the sale of their Louisville farm in the American Assn.

* * *

Joe Cronin, Red Sox general manager, surprised the minor league convention last night by buying the Coast League outlet as Cleveland's Hank Greenberg sat back and waited for the club to fall into his lap.

* * *

Assured the Red Sox would do "everything possible" to have a contending club in San Francisco, the league's directors approved the sale. One half of the purchase price of $75,000 is to be paid Dec. 15, the balance by Feb. 1.

In addition to the franchise, the Red Sox acquired the contracts of 19 players including veterans like Gene Bearden, Wally Judnich and Bill Serena who have had a whirl in the majors.

* * *

The league assumed all obligations of the former owners, the San Francisco Seals Inc., headed by Damon Miller. It had declared the franchise forfeited by Miller's group at a special meeting at Vancouver, B.C., Nov. 11. Out of the $150,000 must come $50,000 to pay a note due the league and $3,750 in back salary to former Manager Tommy Heath. After all debts are paid, the remainder will revert to Miller's group.

25 High School 11's Complete Flawless Year

By THE ASSOCIATED PRESS

Twenty-five high school football teams finished the 1955 season with perfect unbeaten, untied records.

This is four more than last fall marks.

Only repeaters are Napoleon and Corunna.

Corunna holds the longest winning streak in the state — 23 straight. Its last loss was a 13-7 decision to Chesaning early in the 1953 season.

Napoleon ranks next with 16 successive victories.

These exclusive figures were compiled for the Associated Press by Dick Kishpaugh, veteran statistician from Kalamazoo.

Only three Class A teams went through the 1955 campaign without a loss—Ann Arbor, Detroit Pershing and Lincoln Park. Ann Arbor has gone 38 games without a setback and has 11 straight victories since a 0-0 tie with Battle Creek in 1954.

U. of M. 3rd in Race

CHICAGO (AP) — University of Michigan finished 3rd in the Midwest Dinghy Sailing Tournament over the weekend. Brown University took the championship and Ohio State was 2nd, with 205 and 180 points, respectively.

Michigan got 179 points. Michigan State finished 7th with 142 points.

Monte Irvin Top Name of Minor Leaguers Picked in Draft; Tigers Take Joe Presko

COLUMBUS, Ohio (AP) — Monte Irvin, whose big bat played a key role in the New York Giants' miracle finish in 1951, is coming back to the major leagues at the ripe old age of 37—this time with the Chicago Cubs.

The slugging outfielder, abandoned by the Giants last summer, was the only big name among the minor leaguers selected by the majors in yesterday's annual draft session which officially opened the winter baseball meetings. Today it was the higher minors' turn to draft players from their little brothers.

* * *

The Cubs, in desperate need of a strong right-handed batting outfielder, plucked Irvin from Minneapolis, the Giants' farm club in the American Assn., for the $10,000 draft price, beating out at least two other clubs—Detroit and Cincinnati—to the aging flychaser. If Irvin can come anywhere near the .352 batting average he posted with the Millers, he will prove a real bargain. Chicago also took title to pitcher Vito Valentinetti from Toronto. A former Chicago White Sox chattel, Valentinetti had a 9-15 record with Charleston last season.

* * *

The Cubs were the only club to choose more than one player in the lightest draft since 1945 when the same number of players were selected. The current crop represented an outlay of $115,000 by the big league clubs. The list included eight pitchers, an outfielder and a first baseman. Three of the players were taken from the Pacific Coast League, costing $15,000 each.

The biggest surprise was Washington's selection of a practically unknown pitcher, righthander Conrad Grob, from Montreal, as the No. 1 pick. The Senators, exercising their privilege of making the first selection by virtue of their last place finish in the American League, chose this 23-year-old dark horse in preference to other eligibles with superior records and better reputations. Grob had an 11-9 record at Mobile before being moved to Montreal.

* * *

"According to Charlie Dressen, Washington manager, Grob is an "Erskine type" pitcher—smallish, sneaky-fast, and "he pitches to spots."

The second choice went to Pittsburgh, which selected Jack McMahon, a southpaw on the Denver roster who turned in an 11-5 record for Birmingham last season. Baltimore next on the list, picked first baseman Bob Boyd off Rochester. A former outfielder with the Chicago White Sox, Boyd batted .309, drove in 94 runs and hit 15 home runs at Houston.

The Tigers, disappointed at being beaten out of Irvin, who would have been the first Negro on their roster, selected Joe Presko, a former Cardinal righthander who had a 6-10 record at Omaha.

The Giants took righthander Steve Ridzik, former Philadelphia and Cincinnati pitcher, on the strength of his fine performance in the Puerto Rican Winter League. Ridzik was drafted from Seattle who obtained him from San Diego where he won 2 and lost 1. He currently boasts an 8-0 record with Santurce.

Fullback Places Team Above Money

PORTALES, N. M. (AP) — Eastern New Mexico University fullback Tommy Hightower, in position to take the ball on a drive through the line, spotted a half dollar and a quarter on the playing field. A move to pick up the money would have cost his team a five yard penalty. He didn't make the move.

When he came back, he couldn't find the money and went on to help ENMU defeat Washburn College 19-12.

After the game Coach Dewey Langston looked over the field and brought back the half dollar and quarter—and two dimes as well.

More than one-third of Ted Kluszewski's hits in 1955 went for extra bases. He had 47 homers and 25 doubles among his 192 hits. He batted .314. He had no triples.

Final Grid Poll

The top 10 teams with first place votes and won-lost records in parentheses (points based on 10 for first place, 9-8-7 etc.):

1.	Oklahoma (218) (10-0)	3,581
2.	Michigan State (88) (8-1)	3,204
3.	Maryland (35) (10-0)	3,024
4.	UCLA (9) (9-1)	2,637
5.	Ohio State (4) (7-2)	1,980
6.	TCU (9) (9-1)	1,941
7.	Georgia Tech (8-1-1)	1,391
8.	Auburn (6) (8-1-1)	854
9.	Notre Dame (8-2)	796
10.	Mississippi (1) (9-1)	708
	SECOND TEN	
11.	Pittsburgh (1) (7-3)	272
12.	Michigan (7-2)	217
13.	Southern Cal (6-4)	149
14.	Miami (Fla.) (6-3)	176
15.	Miami (Ohio) (9-0)	113
16.	Stanford (6-3-1)	94
17.	Texas A&M (7-2-1)	90
18.	Navy (6-2-1)	89
19.	West Virginia (2) (8-2)	83
20.	Army (6-3)	66

Wings Victorious, but in Exhibition

HAMILTON, Ont. (AP) — Detroit Red Wings of the National Hockey League defeated Hamilton of the Ontario Hockey Assn., 12-2, in an exhibition game last night.

Beliveau Leads Hockey Scorers

Montreal Center Tops NHL With 27 Points; Howe Tied for 2nd

MONTREAL (AP)—Jean Beliveau, the youngster who came into his own with the Montreal Canadiens last season, still had the National Hockey League by the tail today, topping the scoring leaders with 27 points and sharing the goal production list with 14.

* * *

The 24-year-old center, who broke in among the leaders for third place on 73 points in his fourth NHL year last season, leads teammate Bert Olmstead and Detroit's Gordie Howe by 4 points. Olmstead is tops with his 18 assists while Howe, rounding into his old form after a slow start, has scored 10 goals in gaining his 23 points.

Toronto's Ted Sloan shares the goal-scoring lead with Beliveau, but has only 17 points.

Montreal's Jacques Plante, as ever, is tops among the goalies, racking up 5 shutouts and allowing only 37 goals in 23 games for a 1.61 average. Detroit's Glenn Hall is second at 2.04.

NHL goaltenders have registered 19 shutouts thus far, 6 more than at this stage last season.

Four states are represented in the Pacific Coast League.

Pontiac's Gene Bone Set to Play in Winter Tour

Gene Bone, former Pontiac High School golf star and no wassist-ant pro to Warren Orlick at Tam O'Shanter Country Club, will play on the winter tour, Orlick has announced.

Bone's trip has been made possible by Orlick's recent appointment to the National PGA Tournament Committee and Tam O'Shanter's membership in that organization.

Expenses for Bone's participation in the winter tour are being financed through a committee headed by Tam's Asher Tilchin. The committee is collecting money for Gene and present plans are to sustain him on the tour until March 15.

Now completing his 1st year in professional golf, Bone finished in the money at 18th place in last summer's Michigan Open, his 1st appearance in that tournament.

Gene also won an alternate spot in the National Open qualifying and has pocketed cash in his last four Pro-Am efforts. Tam members offer their best wishes to Gene on his 1st try at the winter tour.

Maentz Will Head Wolverines in '56

ANN ARBOR (AP) — End Tom Maentz of Holland, Mich., was named today to captain the 1956 Michigan football squad.

Maentz, a six-foot-two, 218-pounder, amazed Coach Bennie Oosterbaan this year with his improved speed, prompting Oosterbaan to say he had two of the greatest ends in the country with Maentz and Ron Kramer.

Despite a painful back injury, Maentz played seven games beginning with Army. He caught 11 passes for 253 yards and three touchdowns. He did the bulk of the punting for a 40.1 yard average.

Van Ryzin and Foley Screen Squads for Forwards

By H. GUY MOATS

By an unusual coincidence, both Pontiac and Catholic Central High School basketball teams are in need of forwards—and what squad isn't?

Chiefs and Central open their seasons Friday night in Detroit.

From the confines of the west side Detroit parochial school comes the information that "only two regulars" from the 1954-55 club are back. But there are some five others who were just about as regular as the regulars, when it came to getting in the CC games last winter.

Coach Bill Foley, former CC star and Wayne grad, has been sifting his squad for the last week, looking for additional forwards. He hopes to bolster his front court performers, where it was said today he had only 5-10 Ed Sheridan.

Central has plenty of good, fast guards, including the veterans Brian Huffey (who hit some 20 points here last winter) and pilotman Bob Skrzyski (6-4) who dunked 22. Central won the 1954 contest, 65-58, but did it from the foul line. Chiefs outshot the Irish from the floor.

Other lettermen filling out the top list for CC include 5-9 Tony Dietz, guard, the speedy John Rogera, a 5-8 guard, and Mike Dinan, another 5-8 guard.

Where Skrzyzki is the top scorer (a hook-shot expert), Huffey is the playmaker and spearhead of the CC driving game.

All those mentioned above are seniors.

On the other hand Pontiac has a young team, Coach Art Van Ryzin reports. He has a crew of mostly juniors and sophomores. And only one 1954 letterman will see action in the opener.

Strong contests are under way for most positions. One in particular is the battle for the pivot post. Hudson Ray, the fine PHS high jumper, and sophomore Joe Skinner (6-3) have been battling for the job. Ray is temporarily out of the picture with a pair of sprained wrists. That leaves Skinner as the probable starter Friday.

Rod Tregis, gridder and last year varsity man, and Willie Dewalt, a fast lad, will go at the forwards. With a lot of guards to pick from, Van Ryzin said he would probably start Terry Zellhart (6-1) and Larry Peet (5-6 soph.). Dave Diehm (5-9 junior) and Dave Simmons (5-11 junior) are sure to see action also.

Chiefs also have transfer student, Clyde Lewis, from Ohio, a husky 5-10 guard. Bob Castell has been converted to a forward, to go along with 6-foot James Jones, and Dave Scriven, who also works at a guard spot.

Van Ryzin summed up his views about his squad and its chances for Friday night by the remark, "I'm optimistic, but there's no substitute for experience, which a young team like ours lacks."

Friday's opener will be played at Catholic Central located on Outer Drive, west Detroit.

Notre Dame's only football defeat in 1954 was to Purdue by a 27-14 count.

Bobby Dodd marked his 11th year as Georgia Tech's head coach in 1955.

Women's Bowling Mark

A new women's bowling record was set in Hawaii when a five-woman team rolled 1037. Lilly Kinzie had 229, Lillian Sato 213, Frances Klein 207, Mildred Omura 206, and Dot Andrade 182.

One animal is the legal limit for the javelina season — Feb. 11-27—in Arizona.

Strange Virus Believed to Be Deer Killer

LANSING — Dead deer, victims of the same strange disease that killed some 150 whitetails this fall, were found recently in Ogemaw and Oscoda counties.

The deer, one in each county, were the first known victims of the disease in Ogemaw and Oscoda.

Conservation Department game specialists believe the deer killer, which struck heavily in five western Michigan counties last September, is a virus disease. Some deaths were also reported as far east as Midland and Saginaw counties.

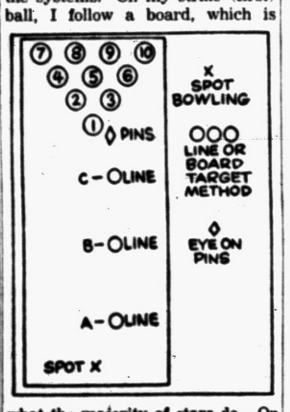

Two more victims of the disease also were found by game workers in Manistee county recently.

Bowling Clinic

By BILLY SIXTY

THREE WAY DEAL—You have a choice of three methods with which to hit the strike pocket consistently between the Nos. 1 and 3 pins: By picking a spot near the foul line on which to release the ball; by rolling your ball over a target board, or by keeping your eye on the pocket from the very beginning.

Leading bowlers use any one of the three. The sketch illustrates the three methods. I use two of the systems. On my strike (first) ball, I follow a board, which is

what the majority of stars do. On spares I look at the pins, because in this way I am able to reach out farther at release.

Try all three methods in practice, and I'm sure you'll do best with the board (strike) and pin (spares) systems. They lend themselves to follow-through, while spot bowling invites a quick, jerky release. Of course there are good spot bowlers, but they are in the vast minority.

(Copyright 1955, John F. Dille Co.)

Ivy Basketball League is the oldest in the country. It is now in its 52nd season.

Navy's Beagle and Welsh, Army Star, Trinity's Fullback Head All-East 11

A one-handed end, a limping, 165-pound quarterback, a small college fullback and a player so versatile no place could be found for him are featured performers on the 1955 Associated Press All-East football team.

* * *

The end and quarterback are Ron Beagle and George Welsh, Navy's one-two passing punch that made the Midshipmen the No. 1 air-gaining team in major college football this season.

Beagle, an All-America end last season, broke a small bone in his left wrist just before the first game this year. He missed that one before he was fitted with a leather brace, which is laced tightly over his wrist from forearm to fingers and then covered with tape.

* * *

The fullback is Charlie Sticka, the subject of anguished outeries when he left Trinity (Conn.) during his freshman year for a brief visit to Notre Dame, where Trinity supporters figured he might become an All-America performer. Instead he returned and lived up to his billing by leading Trinity to two undefeated seasons as a junior and senior.

* * *

The versatile enigma is Army's Ralph Chesnauskas, perhaps the best all-around lineman in the East. An All-America guard last year, Chesnauskas divided his time between tackle and end this season, did well at both positions but not well enough to beat out the full-time performers.

As an end he didn't have much chance against Beagle and big John Paluck of Pitt, tabbed "Mean John" because of his rugged, enthusiastic play. As a tackle he couldn't outshine the equally big, angular and rough Phil Tarasovic of Yale or lean, quick-moving Tom Powell of Colgate.

With Sticka and Welsh in the backfield named today by The Associated Press Eastern selection board are Jimmy Brown, a swift-moving 212-pound halfback from Syracuse and equally swift Lenny Moore of Penn State.

* * *

In the middle of the line are guards Stan Slater of Army and Bill Meigs of Harvard, both outstanding linebackers, and center John Cenci, the anchor man of the powerful Pitt line.

Steeler Bonus Pick Has Successful Predecessors

PHILADELPHIA (AP)—Gary Glick, the Colorado A&M quarterback selected as the bonus choice in the National Football League draft yesterday by the Pittsburgh Steelers should make the grade if history is any criteria.

Since Bert Bell, commissioner of the NFL, initiated the bonus choice in 1947, seven of the nine previous selections made good as pros. One still is in the service and hasn't had a chance to play, while the other was injured and forced to retire.

The first bonus baby back in 1947 was Bob Fenimore picked by the Chicago Bears. Fenimore, an Oklahoma A&M star as a collegian was injured in his first year with the Bears and retired from pro football. Bobby Garrett, the Cleveland choice in 1954, later traded to Green Bay for Babe Parilli, Kentucky, quarterback, is in the armed services. The Stanford ace is expected to report to the Packers next season.

Last year, Baltimore picked the winning slip and came up with George Shaw, Oregon passer who has pitched the Colts out of the cellar and into contention in the Western Conference.

Iowa Runner Edges Kennedy in NCAA

EAST LANSING (AP)—A pair of sophomore speedsters are likely to rewrite a lot of college distance records before their running days are over.

Charles (Deacon) Jones of the University of Iowa won the NCAA cross country run yesterday by covering the four-mile Michigan State University course in 19:57.4.

But he had to kick out like a sprinter at the finish line to end just a yard and a 10th of a second ahead of Henry Kennedy of Michigan State.

Michigan State won the team title with the University of Kansas 2nd and Notre Dame and New York University tied for 3rd.

Booklet Tells About State Deer Feeding

LANSING — Michigan deer hunters will want "Deer and Aspen," a new publication of the American Box Board Company.

Deer use aspen leaves and twigs for food. Good forestry makes more of this browse available for deer and the brightly-colored booklet points out what is being done in Michigan to further this work.

A post card request to the company's offices at Filer City will bring a free copy.

Warriors Have Rights

Wilt Already Causing Pro Cagers to Worry

PHILADELPHIA (AP)—When "The Stilt" comes home, can paradise be far behind? That might be the question uppermost in the mind of Philadelphia Warriors Owner Eddie Gottlieb—and the reason for an almost perpetual smile on his face.

* * *

Gottlieb confirmed yesterday that he had drafted Wilt (The Stilt) Chamberlain for his 1959 Warriors, even before the 7-foot basketball star left the quiet confines of Overbrook High School here for the wide open spaces of Kansas University.

The unprecedented drafting of a player four years before he is eligible for pro ranks was approved last spring when the National Basketball Assn. passed a new draft rule.

Gottlieb, sensing a surefire star for the pro ranks, exercised his territorial rights and promptly grabbed Chamberlain.

* * *

Joe Lapchick, coach of the New York Knickerbockers and a perennial seeker of extra-tall talent, said yesterday in Syracuse that the NBA had "created a monster when it let Chamberlain go to Philadelphia. It was a grave error."

Lapchick, who has a couple ball players also scraping the 7-foot mark in Ray Felix and Walter Dukes, revealed that owner Ned Irish of the Knicks had opposed giving the Warriors the early rights to Chamberlain.

Oklahoma Wins O'Donnell Trophy as Top Team

By THE ASSOCIATED PRESS

Undefeated Oklahoma, winning at the polls in the same whirlwind fashion that it won most of its games, today captured the 1955 national college football championship and the Father J. Hugh O'Donnell Trophy in the 20th annual Associated Press poll.

* * *

The bowl-bound Sooners amassed the impressive total of 3,581 points of the final AP poll of sports writers and broadcasters for the season to top Michigan State by more than 300 points. Maryland, Oklahoma's opponent in the Orange Bowl game, Jan. 2, finished third in the balloting.

Oklahoma succeeds Ohio State, Big 10 champion for the second straight year, as winner of the national championship trophy. This marked the second time the Sooners have taken the award, named in honor of the late Rev. J. Hugh O'Donnell, former president of Notre Dame. They also finished first in the 1950 poll. It must be won three times to gain permanent possession.

Since 1941 The Associated Press poll has determined the winner of the national championship award. Notre Dame retired the Dr. Henry L. Williams Trophy in 1947 and the next year the Notre Dame Monogram Club created the O'Donnell Trophy in memory of Father O'Donnell, a former Irish football player who served as president of the university from 1940 through 1946.

In earlier years the Jack F. Rissman Trophy (1924-1930) and Knute Rockne Trophy (1931-40) were awarded to the national champion as determined by another rating system.

The Associated Press poll was established in 1936. Each newspaper or radio or TV station may cast one ballot, rating the teams awarded on the basis of 10 for each first place vote, 9 for second, etc., down to 1 for tenth.

In the final 1955 balloting, Oklahoma was first on 218 of the 394 ballots cast, second on 99 and third on 35. It was one of the heaviest votes in the 20-year history of the poll.

* * *

Michigan State, with 88 first-place votes, polled a second-place total of 3,204 points and Maryland, with 55 firsts, received 3,024 points. Others finishing in the Top 10 were UCLA, which will meet Michigan State in the Rose Bowl, Ohio State, Texas Christian, Georgia Tech, Auburn, Notre Dame and Mississippi.

* * *

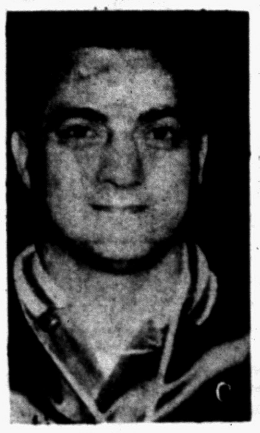

Ohio State, last year's winner, went through the Big 10 season without a defeat but lost non-conference games to Stanford and Duke. The Buckeyes are ineligible for a second successive Rose Bowl appearance under conference rules.

* * *

Other previous winners of the O'Donnel Trophy were Michigan, Notre Dame, Tennessee, Michigan State and Maryland.

EML Scans Parkers' Five

Moving all the way from last place to 1st in one season is a pretty big jump in any basketball league. But that's the way coaches feel about Hazel Park in the Eastern Michigan League this year.

COACH PETRAKIS

Defending champion Birmingham, with the loss of four of five starters, is not expected to repeat, but the Maples still have 7 lettermen returning and cannot be counted out of the running.

Maple coach John Petrakis has been handicapped during the 1st three weeks of practice. Four of his leading players, members of the football team, could not report to practice until yesterday because of the Thanksgiving Day game with Royal Oak last Thursday.

Center Bob Isbell, along with forwards Don Picman and George Huffman all reach the 6-3 mark. Bill Swaney, Maple quarterback and Greg Bavis, both 5-9, are leading candidates for the guard posts.

Last year the Maple won the EML title with a 9-1 record. Including the tournament playoff-loss to Mt. Clemens, the overall mark read 14-2.

Cagers will begin where the football team left off by meeting Royal Oak in the opener next Tuesday on the Acorn court.

Coach Dan Lutkus of Hazel Park is optimistic. He has five top lettermen back, including high scoring center Dan Potter who stands 6-3, and Bill Byrd and Bill Hazelrigg at forwards.

Guards Nick Kamenoff and Bob Croteau along with newcomer Larry Clyma give the Viking good strength in the outer court.

Hazel Park had a disappointing 1-9 league mark, finishing last a year ago.

Runnerup Mt. Clemens, with 6-6 Ed Noe and 6-5 Charles Nicolai is making overtures for the title. The Bathers were nosed out of the EML title by Birmingham, but came back to win the regional championship in which the Maples were the 1st victim.

Port Huron and East Detroit figure themselves as spoilers with perennially powerful Ferndale looking for the worst.

* * *

Sophomore Ronald Emerick, 6-5, will bolster East Detroit's hopes. Shamrocks have six lettermen around whom coach Fred Lee will build a nucleus. Port Huron's big man is 6-4 Carl Chandler, a senior center.

GREG BEVIS

Tony DeMarco Feels He Will Regain Crown

Meets Carmen Basilio in Boston Re-match on Wednesday

BOSTON (AP)—For a fellow who took a sound shellacking from Carmen Basilio the last time around, ex-welterweight champion Tony DeMarco fairly breathes confidence. Tony is sure he is going to take back the 147-pound title from Basilio in the Boston Garden Wednesday night.

* * *

The 23-year-old, 5-5½ ex-champ says he feels 100 per cent better now. He's had only one fighting chance to prove that and on the record it looks good. Big-chested Tony stopped heavier Chico Vejar, the Stamford, Conn., actor-fighter with the push-button chin in 2:40 of the first round on Sept. 14.

Promoter Sam Silverman expects to sell out the Boston Garden to its 13,900 capacity.

This fight will be telecast and broadcast across the country but the New England area will be blacked out.

Red Sox Buy Frisco Club

Acquire 19 Contracts Along With Franchise of PCL Team

COLUMBUS, Ohio (AP) — The Boston Red Sox have bought the San Francisco franchise for $150,000 in a deal calculated to strengthen the Pacific Coast League and are negotiating the sale of their Louisville farm in the American Assn.

* * *

Joe Cronin, Red Sox general manager, surprised the minor league convention last night by buying the Coast League outlet as Cleveland's Hank Greenberg sat back and waited for the club to fall into his lap.

* * *

Assured the Red Sox would do "everything possible" to have a contending club in San Francisco, the league's directors approved the sale. One half of the purchase price of $75,000 is to be paid Dec. 15, the balance by Feb. 1.

In addition to the franchise, the Red Sox acquired the contracts of 19 players including veterans like Gene Bearden, Wally Judnich and Bill Serena who have had a whirl in the majors.

* * *

The league assumed all obligations of the former owners, the San Francisco Seals Inc., headed by Damon Miller. It had declared the franchise forfeited by Miller's group at a special meeting at Vancouver, B.C., Nov. 11. Out of the $150,000 must come $50,000 to pay a note due the league and $3,750 in back salary to former Manager Tommy Heath. After all debts are paid, the remainder will revert to Miller's group.

Monte Irvin Top Name of Minor Leaguers Picked in Draft; Tigers Take Joe Presko

COLUMBUS, Ohio (AP) — Monte Irvin, whose big bat played a key role in the New York Giants' miracle finish in 1951, is coming back to the major leagues at the ripe old age of 37—this time with the Chicago Cubs.

The slugging outfielder, abandoned by the Giants last summer, was the only big name among the minor leaguers selected by the majors in yesterday's annual draft session which officially opened the winter baseball meetings. Today it was the higher minors' turn to draft players from their little brothers.

* * *

The Cubs, in desperate need of a strong right-handed batting outfielder, plucked Irvin from Minneapolis, the Giants' farm club in the American Assn., for the $10,000 draft price, beating out at least two other clubs—Detroit and Cincinnati—to the aging flychaser. If Irvin can come anywhere near the .352 batting average he posted with the Millers, he will prove a real bargain. Chicago also took title to pitcher Vito Valentinetti from Toronto. A former Chicago White Sox chattel, Valentinetti had a 9-15 record with Charleston last season.

* * *

The Cubs were the only club to choose more than one player in the lightest draft since 1945 when the same number of players were selected. The current crop represented an outlay of $115,000 by the big league clubs. The list included eight pitchers, an outfielder and a first baseman. Three of the players were taken from the Pacific Coast League, costing $15,000 each.

The biggest surprise was Washington's selection of a practically unknown pitcher, righthander Conrad Grob, from Montreal, as the No. 1 pick. The Senators, exercising their privilege of making the first selection by virtue of their last place finish in the American League, chose this 23-year-old dark horse in preference to other eligibles with superior records and better reputations. Grob had an 11-9 record at Mobile before being moved to Montreal.

* * *

"According to Charlie Dressen, Washington manager, Grob is an "Erskine type" pitcher—smallish, sneaky-fast, and "he pitches to spots."

The second choice went to Pittsburgh, which selected Jack McMahon, a southpaw on the Denver roster who turned in an 11-5 record for Birmingham last season, Baltimore next on the list, picked first baseman Bob Boyd off Rochester. A former outfielder with the Chicago White Sox, Boyd batted .309, drove in 94 runs and hit 15 home runs at Houston.

The Tigers, disappointed at being beaten out of Irvin, who would have been the first Negro on their roster, selected Joe Presko, a former Cardinal righthander who had a 6-10 record at Omaha.

The Giants took righthander Steve Ridzik, former Philadelphia and Cincinnati pitcher, on the strength of his fine performance in the Puerto Rican Winter League. Ridzik was drafted from Seattle who obtained him from San Diego where he won 2 and lost 1. He currently boasts an 8-0 record with Santurce.

Duffy Selects Stanford, USC Films for Study

Both Teams Met UCLA This Year, Provide Check for Jan. 1

EAST LANSING (AP)—Michigan State has selected the Stanford and Southern California games as its movie previews of what can be expected from UCLA this time in the Rose Bowl.

Under a new agreement, the West Coast league and the Big Ten are exchanging two films this year instead of relying on personal scouting reports.

Coach Duffy Daugherty said UCLA had not yet notified State which two Spartan games are wanted.

Spartan selections came as expectable choices. Both teams played Stanford so that the film will give the coaches a chance to see how UCLA operated on offense and defense against known quantity and common foe.

UCLA beat Stanford 21-13 and the MSU edge was 38-14.

UCLA whipped Southern California 17-7 in the last game of the season. This film will provide State with the last available word on UCLA football operations.

Meanwhile, Daugherty announced some tentative plans for the practices on the west coast. The 44-man squad arrives at Pasadena Dec. 16.

"We've about decided on three or four days of double practice, Daugherty said. "Then we'll settle back to one-a-day."

He was asked if the squad would scrimmage—something the Spartans have avoided this fall since the season started.

"We'll probably have only one team scrimmage," he said, "that one a few days before the game. Otherwise, we'll just work hard and stick to group scrimmages."

Fritz Crisler Is Honored by NY Grid Club

Gets 1955 Award for Doing Most for Football

NEW YORK (AP) — The University of Michigan's veteran athletic director, Herbert O. (Fritz) Crisler, has been named winner of the New York Touchdown Club's 1955 Award for having done the most for football over a period of years.

* * *

Presentation will be made at a banquet Jan. 26.

* * *

Crisler was head football coach at Minnesota, Princeton and Michigan for a total of 18 years before he became U-M athletic director. He is credited with introducing the two-platoon system in college football and with developing the buck lateral and spinner attacks. As a coach, his teams won 116 games, lost 32 and tied 9.

Cagers to Lift Lid on Season

Opening tipoff for area prep quintets begins tonight with a shallow schedule of two games.

South Lake of the Bi-County League meets Romeo on the home court and Almont of the Southern Thumb League travels to Imlay City a member of the South Central circuit.

The Imlay-Almont scrap should be interesting in view of the highly enviable records posted last year.

Almont has seven lettermen from the squad which had a 12-0 league mark and 16-3 season record, to pit against Imlay City which was also unbeaten with 8-0 in league play. Final record for Imlay was 15-4 last year.

Coach Bob Hutton at Romeo had four veterans returning to throw against the Bi-County co-champs from South Lake.

Bulk of the area prep schools go into action Friday night.

"Accelerated Madness"

UM President Asks for De-emphasis of Articles on Post-Season Bowls

DETROIT (AP)—Decrying pre-season ratings of teams and players and emphasis on post-season bowl bids, the University of Michigan's president has called for a curb on what he terms "the accelerated madness" of college football.

* * *

Dr. Harlan H. Hatcher, Michigan president, told 700 at the annual UM "Football Bust" last night:

"I sincerely hope a way is found to preserve the game in its proper college setting, so that we won't have to alter it — as I am sure we will have to do if our present course continues."

Hatcher said he read "with sinking heart" magazine reports which rated Michigan No. 1 in the nation before it had played its first game this year and other articles which forecast conference championships bowl bids months ahead.

Michigan ended up with a 7 won; 2 lost record. A 17-0 loss to Ohio State in the final game cost the Wolverines the Big 10 championship and a trip to the Rose Bowl. Ohio State won the conference crown and handed the bowl bid to Michigan State. OSU went last Jan. 1. Under conference rules no team may go two years in succession.

Citing newspaper reports of last Saturday's games emphasizing bowl bids, Dr. Hatcher said:

" 'Coveted bids,' they are called. Here's another: 'Army knocks Navy out of Cotton Bowl.' And one says: 'Tennessee ruins Vanderbilt's bowl hopes.'

"There was a time when football games were played to see who would win. Now everything points to the 'coveted bid' to a bowl.

Game Biologist Speaker to Show Film on Rabbits

A program of unusual interest has been listed for members of the Oakland County Sportsmen's Club for tomorrow evening.

D. H. Jenkins, game biologist, specializing in small game, with the Michigan Conservation Department, will be the featured speaker, and will introduce the film, "Missouri Cottontail." The film has gained national acclaim during the past year. It depicts, from a seasonal standpoint, the doings of Molly Cottontail and her family of youngsters, throughout the four seasons.

In addition, the club's annual deer antler contest will be determined. Suitable awards will go to the winners who enter racks in the following classes: largest antlers from the Upper Peninsula, best balanced rack from the Upper, largest antlers from the Lower, best balanced antlers from the Lower, the best freak antlers, and also for the smallest legal set of horns.

An award will also go to the hunter bringing in the largest bear.

Meeting will get underway promptly at 8 o'clock. Special announcements concerning the Dec. 18 kiddies Christmas party, New Year's dance, and wildlife-Adventure series tickets will be made.

Tangerine Gets Missouri Valley as Juniata Foe

ORLANDO, Fla. (AP) — Missouri Valley of Marshall, Mo., will meet Juniata College of Huntington, Pa., in Orlando's Tangerine Bowl football game Jan. 2.

Selection of once-beaten Missouri Valley was announced last night. Juniata, unbeaten in 23 consecutive games, was picked Friday night.

Hillsdale (Mich.) college, unbeaten king of the Michigan Inter-collegiate Athletic Assn., was eliminated from consideration several days ago. Tangerine Bowl officials said Hillsdale was "too strong" for other teams under consideration.

Johnson Stops McNeece

NEW YORK — Tony Johnson, 174, New York, TKO'd Billy McNeece, 171½, New York, in 2:06 of 8th round.

Philadelphia Stars Close In on Laker

NEW YOR (AP)—Clyde Lovellette of the Minneapolis Lakers still holds the scoring lead in the National Basketball Assn. today, but Paul Arizin and Neil Johnston, a pair of old hands in the scoring business with Philadelphia's Warriors, are right on his stern.

Lovellette, No. 1 for the third week, has totaled 246 in 12 games. Arizin, who won the title in 1952, has 233 and Johnston, who's worn the crown the past three years, has 219.

Both Warrior aces have played only 10 games and are well up on the big Laker center on a points-a-game basis.

About 400 high schools field football teams in California.

Solunar Tables

For the Pontiac area, the best times for fishing and hunting during Wednesday are as fololws, according to the John Alden Knight solunar tables, prepared especially for this section:

WEDNESDAY

A.M.		P.M.	
Minor	Major	Minor	Major
6:30	12:05	6:45	12:35

Here's How NFL Draft Wound Up

PHILADELPHIA, (INS) — Following are the draft selections of the National Football League teams at their meeting Monday in Philadelphia:

Bonus pick: Pittsburgh, Gary Glick, (qb), Colorado A&M.

Here are the draft picks:

San Francisco: Earl Morrall, (qb), Michigan State; Bruce Bosley, (t), W. Va.; Bill Herschmann, (t), Texas Tech.

DETROIT: HOWARD CASSADY, (hb), Ohio State; LEON CLARKE, (e), Southern Cal. (traded to Los Angeles); JOHN McILHENNY, (hb), SMU.

Philadelphia: Bob Pellegrini, (c), Maryland; Frank D'Agostino, (t), Auburn; Don Schaefer, (fb), Notre Dame.

Pittsburgh: Art Davis, (hb), Miss. State; Joe Krupa (t), Purdue; James Taylor, (e), Baylor.

New York: Joe Marconi, (fb), W. Va. (traded to Los Angeles); Henry Moore, (hb), Arkansas; Robert Huff, (t), W. Va.

Chicago Cards: Joe Childress, (fb), Auburn; Norman Masters, (t), Mich. State; John Bosch, (qb), SMU.

Green Bay: Jack Losch, (hb), Miami (Fla.); Forest Gregg, (t), SMU; A. D. Williams, (e), College of Pacific (traded to Los Angeles).

Baltimore: Lenny Moore, (hb), Penn State; Dick Donlin, (e), Hamline; Bob Pascal, (hb), Duke.

Chicago Bears: Menan Schriewer, (e), Texas; M. L. Brackett, (t), Auburn; Larry Ross, (e), Denver (traded to Cleveland).

Los Angeles: Charles Horton, (hb), Vanderbilt; Hugh Pitts, (c), TCU; John Marshall, (hb), SMU.

Washington: Ed Vereb, (hb), Maryland; John Paluck, (e), Pittsburgh, Fred Wyant, (qb), W. Va.

U. of M. 3rd in Race

CHICAGO (AP) — University of Michigan finished 3rd in the Midwest Dinghy Sailing Tournament over the weekend. Brown University took the championship and Ohio State was 2nd, with 205 and 180 points, respectively.

Michigan got 179 points. Michigan State finished 7th with 142 points.

25 High School 11's Complete Flawless Year

By THE ASSOCIATED PRESS

Twenty-five high school football teams finished the 1955 season with perfect unbeaten, untied records.

This is four more than last fall marks.

Only repeaters are Napoleon and Corunna.

Corunna holds the longest winning streak in the state — 23 straight. Its last loss was a 13-7 decision to Chesaning early in the 1953 season.

Napoleon ranks next with 16 successive victories.

These exclusive figures were compiled for the Associated Press by Dick Kishpaugh, veteran statistician from Kalamazoo.

Only three Class A teams went through the 1955 campaign without a loss—Ann Arbor, Detroit Pershing and Lincoln Park. Ann Arbor has gone 38 games without a setback and has 11 straight victories since a 0-0 tie with Battle Creek in 1954.

Beliveau Leads Hockey Scorers

Montreal Center Tops NHL With 27 Points; Howe Tied for 2nd

MONTREAL (AP)—Jean Beliveau, the youngster who came into his own with the Montreal Canadiens last season, still had the National Hockey League by the tail today, topping the scoring leaders with 27 points and sharing the goal production list with 14.

* * *

The 24-year-old center, who broke in among the leaders for third place on 73 points in his fourth NHL year last season, leads teammate Bert Olmstead and Detroit's Gordie Howe by 4 points. Olmstead is tops with his 18 assists while Howe, rounding into his old form after a slow start, has scored 10 goals in gaining his 23 points.

Toronto's Ted Sloan shares the goal-scoring lead with Beliveau, but has only 17 points.

Montreal's Jacques Plante, as ever, is tops among the goalies, racking up 5 shutouts and allowing only 37 goals in 23 games for a 1.61 average. Detroit's Glenn Hall is second at 2.04.

NHL goaltenders have registered 19 shutouts thus far, 6 more than at this stage last season.

Four states are represented in the Pacific Coast League.

Fullback Places Team Above Money

PORTALES, N. M. (AP) — Eastern New Mexico University fullback Tommy Hightower, in position to take the ball on a drive through the line, spotted a half dollar and a quarter on the playing field. A move to pick up the money would have cost his team a five yard penalty. He didn't make the move.

When he came back, he couldn't find the money and went on to help ENMU defeat Washburn College 19-12.

After the game Coach Dewey Langston looked over the field and brought back the half dollar and quarter—and two dimes as well.

More than one-third of Ted Kluszewski's hits in 1955 went for extra bases. He had 47 homers and 25 doubles among his 192 hits. He batted .314. He had no triples.

Final Grid Poll

The top 10 teams with first place votes and won-lost records in parentheses (points based on 10 for first place, 9-8-7 etc.):

1.	Oklahoma (218) (10-0)	3,581
2.	Michigan State (88) (8-1)	3,204
3.	Maryland (55) (10-0)	3,024
4.	UCLA (9) (9-1)	2,637
5.	Ohio State (4) (7-2)	1,989
6.	TCU (9) (9-1)	1,941
7.	Georgia Tech (8-1-1)	1,301
8.	Auburn (6) (8-1-1)	854
9.	Notre Dame (8-2)	796
10.	Mississippi (1) (9-1)	768
	SECOND TEN	
11.	Pittsburgh (1) (7-3)	272
12.	Michigan (7-2)	217
13.	Southern Cal (6-4)	149
14.	Miami (Fla.) (6-3)	136
15.	Miami (Ohio) (9-0)	113
16.	Stanford (6-3-1)	94
17.	Texas A&M (7-2-1)	90
18.	Navy (6-3-1)	89
19.	West Virginia (2) (8-2)	83
20.	Army (6-3)	66

Wings Victorious, but in Exhibition

HAMILTON, Ont. (AP) — Detroit Red Wings of the National Hockey League defeated Hamilton of the Ontario Hockey Assn., 12-2, in an exhibition game last night.

Pontiac's Gene Bone Set to Play in Winter Tour

Gene Bone, former Pontiac High School golf star and no wassist-ant pro to Warren Orlick at Tam O'Shanter Country Club, will play on the winter tour, Orlick has announced.

Bone's trip has been made possible by Orlick's recent appointment to the National PGA Tournament Committee and Tam O'Shanter's membership in that organization.

Expenses for Bone's participation in the winter tour are being financed through a committee headed by Tam's Asher Tilchin. The committee is collecting money for Gene and present plans are to sustain him on the tour until March 15.

Now completing his 1st year in professional golf, Bone finished in the money at 18th place in last summer's Michigan Open, his 1st appearance in that tournament.

Gene also won an alternate spot in the National Open qualifying and has pocketed cash in his last four Pro-Am efforts. tam members offer their best wishes to Gene on his 1st try at the winter tour.

Maentz Will Head Wolverines in '56

ANN ARBOR (AP) — End Tom Maentz of Holland, Mich., was named today to captain the 1956 Michigan football squad.

Maentz, a six-foot-two, 218-pounder, amazed Coach Bennie Oosterbaan this year with his improved speed, prompting Oosterbaan to say he had two of the greatest ends in the country with Maentz and Ron Kramer.

Despite a painful back injury, Maentz played seven games beginning with Army. He caught 11 passes for 253 yards and three touchdowns. He did the bulk of the punting for a 40.1 yard average.

Van Ryzin and Foley Screen Squads for Forwards

By H. GUY MOATS

By an unusual coincidence, both Pontiac and Catholic Central High School basketball teams are in need of forwards—and what squad isn't?

Chiefs and Central open their seasons Friday night in Detroit.

From the confines of the west side Detroit parochial school comes the information that "only two regulars" from the 1954-55 club are back. But there are some five others who were just about as regular as the regulars, when it came to getting in the CC games last winter.

Coach Bill Foley, former CC star and Wayne grad, has been sifting his squad for the last week, looking for additional forwards. He hopes to bolster his front court performers, where it was said today he had only 5-10 Ed Sheridan.

Central has plenty of good, fast guards, including the veterans Brian Huffey (who hit some 20 points here last winter) and pilotman Bob Skrzyski (6-4) who dunked 22. Central won the 1954 contest, 65-58, but did it from the foul line. Chiefs outshot the Irish from the floor.

Other lettermen filling out the top list for CC include 5-9 Tony Dietz, guard, the speedy John Rogera, a 5-8 guard, and Mike Dinan, another 5-8 guard.

Where Skrzyzki is the top scorer (a hook-shot expert), Huffey is the playmaker and spearhead of the CC driving game.

All those mentioned above are seniors.

On the other hand Pontiac has a young team, Coach Art Van Ryzin reports. He has a crew of mostly juniors and sophomores. And only one 1954 letterman will see action in the opener.

Strong contests are under way for most positions. One in particular is the battle for the pivot post. Hudson Ray, the fine PHS high jumper, and sophomore Joe Skinner (6-3) have been battling for the job. Ray is temporarily out of the picture with a pair of sprained wrists. That leaves Skinner as the probable starter Friday.

Rod Treais, gridder and last year varsity man, and Willie Dewalt, a fast lad, will go at the forwards. With a lot of guards to pick from, Van Ryzin said he would probably start Terry Zellhart (6-1) and Larry Peet (5-6 soph.). Dave Diehm (5-9 junior) and Dave Simmons (5-11 junior) are sure to see action also.

Chiefs also have transfer student, Clyde Lewis, from Ohio, a husky 5-10 guard. Bob Castell has been converted to a forward, to go along with 6-foot James Jones, and Dave Scriven, who also works at a guard spot.

Van Ryzin summed up his views about his squad and its chances for Friday night by the remark, "I'm optimistic, but there's no substitute for experience, which a young team like ours lacks."

Friday's opener will be played at Catholic Central located on Outer Drive, west Detroit.

Women's Bowling Mark

A new women's bowling record was set in Hawaii when a five-woman team rolled 1037. Lilly Kinzie had 229, Lillian Sato 213, Frances Klein 207, Mildred Omura 206, and Dot Andrade 182.

One animal is the legal limit for the javelina season — Feb. 11-27— in Arizona.

Strange Virus Believed to Be Deer Killer

LANSING — Dead deer, victims of the same strange disease that killed some 150 whitetails this fall, were found recently in Ogemaw and Oscoda counties.

The deer, one in each county, were the first known victims of the disease in Ogemaw and Oscoda.

Conservation Department game specialists believe the deer killer, which struck heavily in five western Michigan counties last September, is a virus disease. Some deaths were also reported as far east as Midland and Saginaw counties.

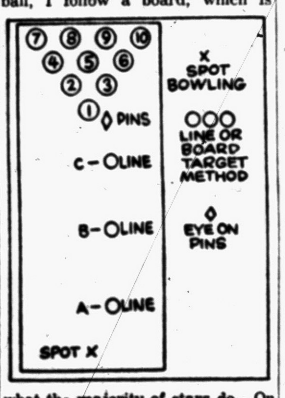

Two more victims of the disease also were found by game workers in Manistee county recently.

Bowling Clinic

By BILLY SIXTY

THREE WAY DEAL—You have a choice of three methods with which to hit the strike pocket consistently between the Nos. 1 and 3 pins: By picking a spot near the foul line on which to release the ball; by rolling your ball over a target board, or by keeping your eye on the pocket from the very beginning.

Leading bowlers use any one of the three. The sketch illustrates the three methods. I use two of the systems. On my strike (first) ball, I follow a board, which is

what the majority of stars do. On spares I look at the pins, because in this way I am able to reach out farther at release.

Try all three methods in practice, and I'm sure you'll do best with the board (strike) and pin (spares) systems. They lend themselves to follow-through, while spot bowling invites a quick, jerky release. Of course there are good spot bowlers, but they are in the vast minority.

(Copyright 1955, John F. Dille Co.)

Ivy Basketball League is the oldest in the country. It is now in its 52nd season.

Navy's Beagle and Welsh, Army Star, Trinity's Fullback Head All-East 11

A one-handed end, a limping, 165-pound quarterback, a small college fullback and a player so versatile no place could be found for him are featured performers on the 1955 Associated Press All-East football team.

* * *

The end and quarterback are Ron Beagle and George Welsh, Navy's one-two passing punch that made the Midshipmen the No. 1 air-gaining team in major college football this season.

Beagle, an All-America end last season, broke a small bone in his left wrist just before the first game this year. He missed that one before he was fitted with a leather brace, which is laced tightly over his wrist from forearm to fingers and then covered with tape.

* * *

The fullback is Charlie Sticka, the subject of anguished outcries when he left Trinity (Conn.) during his freshman year for a brief visit to Notre Dame, where Trinity supporters figured he might become an All-America performer. Instead he returned and lived up to his billing by leading Trinity to two undefeated seasons as a junior and senior.

* * *

The versatile enigma is Army's Ralph Chesnauskas, perhaps the best all-around lineman in the East. An All-America guard last year, Chesnauskas divided his time between tackle and end this season, did well at both positions but not well enough to beat out the full-time performers.

As an end he didn't have much chance against Beagle and big John Paluck of Pitt, tabbed "Mean John" because of his rugged, enthusiastic play. As a tackle he couldn't outshine the equally big, angular and rough Phil Tarasovic of Yale or lean, quick-moving Tom Powell of Colgate.

With Sticka and Welsh in the backfield named today by The Associated Press Eastern selection board are Jimmy Brown, a swift-moving 212-pound halfback from Syracuse and equally swift Lenny Moore of Penn State.

* * *

In the middle of the line are guards Stan Slater of Army and Bill Meigs of Harvard, both outstanding linebackers, and center John Cenci, the anchor man of the powerful Pitt line.

Steeler Bonus Pick Has Successful Predecessors

PHILADELPHIA (AP)—Gary Glick, the Colorado A&M quarterback selected as the bonus choice in the National Football League draft yesterday by the Pittsburgh Steelers should make the grade if history is any criteria.

Since Bert Bell, commissioner of the NFL, initiated the bonus choice in 1947, seven of the nine previous selections made good as pros. One still is in the service and hasn't had a chance to play, while the other was injured and forced to retire.

The first bonus baby back in 1947 was Bob Fenimore picked by the Chicago Bears. Fenimore, an Oklahoma A&M star as a collegian was injured in his first year with the Bears and retired from pro football. Bobby Garrett, the Cleveland choice in 1954, later traded to Green Bay for Babe Parilli, Kentucky, quarterback, is in the armed services. The Stanford ace is expected to report to the Packers next season.

Last year, Baltimore picked the winning slip and came up with George Shaw, Oregon passer who has pitched the Colts out of the cellar and into contention in the Western Conference.

Iowa Runner Edges Kennedy in NCAA

EAST LANSING (AP)—A pair of sophomore speedsters are likely to rewrite a lot of college distance records before their running days are over.

Charles (Deacon) Jones of the University of Iowa won the NCAA cross country run yesterday by covering the four-mile Michigan State University course in 19:57.4.

But he had to kick out like a sprinter at the finish line to end just a yard and a 10th of a second ahead of Henry Kennedy of Michigan State.

Michigan State won the team title with the University of Kansas 2nd and Notre Dame and New York University tied for 3rd.

Booklet Tells About State Deer Feeding

LANSING — Michigan deer hunters will want "Deer and Aspen," a new publication of the American Box Board Company.

Deer use aspen leaves and twigs for food. Good forestry makes more of this browse available for deer and the brightly-colored booklet points out what is being done in Michigan to further this work.

A post card request to the company's offices at Filer City will bring a free copy.

Notre Dame's only football defeat in 1954 was to Purdue by a 27-14 count.

Bobby Dodd marked his 11th year as Georgia Tech's head coach in 1955.

Hollywood Headlines:

Ballet's Margot Fonteyn Won't Dance for Soviets

By BOB THOMAS

HOLLYWOOD (AP) — Margot Fonteyn, generally acclaimed the world's greatest ballerina, has no great yen to dance in Russia.

Here as the top star with the Sadler's Wells Ballet, Miss Fonteyn indicated she would not join the move of Western cultural attractions to Russia.

"I think it would be rather frightening to perform ballets in the place where they originated and are cherished," she remarked.

But wouldn't that present a challenge?

"Perhaps," she laughed, "but I'm not particularly interested in challenges."

She has danced in most of the major cities of Europe and North America and has some interesting observations on differences in audiences.

"It's amazing, but the so-called hot-blooded countries are less demonstrative than the Anglo-Saxon countries," she remarked. "I believe the response is due to the amount of ballet they have been exposed to.

* * *

"In Italy, for example, the audiences can be very cold. That's because the ballet is in poor shape there. It's odd, because Italy was the center of the ballet a hundred years ago. But now they are more interested in opera."

Audiences in England and the United States react differently, she said, and in some ways she prefers them here.

* * *

"In England, they wouldn't think of applauding during a performance," she remarked. "You dance through the whole ballet wondering if they like it. They applaud at the end. But they're fully prepared to stay and clap indefinitely.

"Here, they applaud for everything—when a dancer appears on the stage, during a routine and after it—whenever they see something they like. I must say it's very satisfying to the dancer; it sort of encourages you on. The only time I don't appreciate it is when I'm in a mood ballet like 'Sylphides' where applause would interrupt my thought."

Ransom, Assistant Bloe to Attend Conference

City Assessor W. Raymond Ransom and his assistant Edward C. Bloe will attend the Tenth Annual Short Course for Assessing Officers to be held at the University of Michigan, Dec. 12-14.

Discussion and explanation of the assessor's manual to be made available by the Senate will be a major session at the meeting.

Winnie Reaches 81 Tomorrow

Churchill Keeps Busy Painting, Strolling and Eying the Bangtails

LONDON (AP) — Sir Winston Churchill observes his 81st birthday tomorrow.

* * *

In the seven months since he bowed to age and resigned as prime minister, Churchill has made only one appearance in the House of Commons, where he spent more than half a century. That was to be sworn in after the May elections as a Conservative backbencher—an ordinary member of Parliament.

But outside the glare of world attention, the veteran statesman has kept busy.

He spent two months this fall vacationing on the French Riviera. Much of his time there was devoted to writing and painting.

Now in the peaceful solitude of his country home, Churchill dictates and polishes a few more pages of his book on the history of the English-speaking people. It is scheduled to be published next year.

* * *

If the whim strikes, he settles down before an easel to put a few more touches of bold color on a canvas.

Dressed in a floppy hat and the siren suit he made famous, he walks along the paths of his estate in Kent with Rufus, his poodle, dancing excitedly at his side.

Since retiring, Churchill — "I am a friend of animals"—has expanded his interest in race horses by buying a stud farm. To him his mares, stallions and foals are "mother horses, father horses and baby horses."

* * *

Among his rare public appearances now are those at the racetrack.

Churchill is said to keep in close touch with current events, but his mood seems to be that of a man who feels he has a right to relax and in a detached sort of way watch history unfold. He gives the impression of deliberately trying to avoid any appearance of having a say in state policy—a right that might normally fall to him as a respected elder statesman.

Holdup Brings Sentence of Jackson Prison Term

Billie B. White, 22, of 800 Young St., yesterday was sentenced to 3½ to 15 years in Jackson state prison by Oakland County Circuit Judge George B. Hartrick.

White admitted Nov. 18 holding up a man in Pontiac Oct. 11 and taking $217.

Welles Will Do What?! Saw Marilyn in Half!

By EARL WILSON

GUYS & GALS & GAGS & GOSSIP . . .

NEW YORK—Gloria Vanderbilt's friends think she'll bypass the glamour guys and marry brilliant TV director Sidney Lumet, ex-husband of Rita Gam. At least, "They're very happy being together and it points that way . . ."

★ ★ ★ ★

Few gals can get Marlon Brando to adjust their sash but Marilyn Monroe did in a shot announcing that she'll be an usher Dec. 12 at the world premiere of "The Rose Tattoo" for benefit of the Actors' Studio. Orson Welles'll do his magic act — and has offered to saw Miss Monroe in half

MARILYN and MARLON

THAT'S GRATITUDE FOR YOU

When delicatessen owner Max Asnas was honored by HIAS (the Hebrew Immigrant Aid Society), Max warned Toastmaster Harry Hershfield, "Don't praise me too much. I got enough baloney in the store."

Hershfield claims that when a beggar asks for a sandwich Max gives him 50c to buy one, for his self-respect. But it being the holiday season, Max gave one panhandler 75c. The bum sat down to eat, argued with a waiter, then suddenly shouted at Max: "You got a hell of a nerve charging 75c for a sandwich!"

★ ★ ★ ★

Sammy Renick, the TV commentator and ex-jockey, says some possible sale prices quoted on Nashua are ridiculous—the horse, if he runs next year, will quickly pass Citation as the greatest money-winner of all time, easily reaching the $1,500,000 mark, and then if he retires should be good for 15 years at stud, at fees of $250,000 a year. With William Woodward gone, who's to take Nashua? Why not "Sunny Jim" Fitzsimmons, his trainer, now 81—"and let them retire together"?

★ ★ ★ ★

THE MIDNIGHT EARL . . .

"Silk Stockings" won't let Gretchen Wyler go over to the "Damn Yankees" road company . . . Millie Considine'll do a Morning Telly column titled "Mixing With Millie." . . .

Bob Hope gave Wally Westmore 8-1 odds that Bing Crosby won't retire now (Bing's comment: "I like the odds") . . . "Plain and Fancy" must leave the Hellinger Theater in March; Rex Harrison's "Pygmalion" will move in . . . The Shelley Winters-Ben Guzzara backstage blasts are exciting . . . One of the few husband-wife teams in the cafes is the Alan and Phyllis Sues combo at Le Ruban Bleu.

Will Gen. Van Fleet be our next ambassador to S. Korea? . . . Harry Truman may vacation in Miami Beach this winter . . Greer Garson's reading the late Robert Sherwood's play, "Small War in Manhattan" . . Peter "Masquerade Party" Donald's undergoing a hospital checkup . . . Ted Atkinson's reported to be the richest of the jockeys — because he never bets on horses . . . A songwriter who had money invested in a new screen process saw some film rushes and dashed out to sell his stock.

EARL'S PEARLS — An American city's a place where by the time's you've finished paying for your home in the suburbs, the suburbs have moved 20 miles further out.—Ottawa (Kans.) Herald.

Armless Motorist Speedy With Feet

COLORADO SPRINGS, Colo. (AP) —A peace officer said last night he was forced to drive 106 mph to arrest an armless motorist.

Undersheriff Clinton E. Haugh identified the motorist as Edward Ernest Higgins, 29, of Pueblo.

* * *

Haugh said Higgins told him he was born without arms and drove with his feet. He charged Higgins with speeding and reckless driving.

The undersheriff said he could find no special equipment on the car and it appeared Higgins drove with one foot on the steering wheel and used the other for the brake and accelerator pedals.

2 Utica Men Placed on Two-Year Probation

Two Utica men yesterday were sentenced by Oakland County Circuit Judge George B. Hartrick after they admitted Nov. 21 to stealing a car in Pontiac July 8.

Ora J. Howard, 25, of 8500 Rhode, and Sheridan Norman, 18, of 47594 Frederick, were placed on three-year probation and assessed $200 court costs.

Durgapur, West Bengal has been tentatively chosen as the site for India's third steel plant.

Man Seeks Treasure; Finds Corpse Instead

HOPKINSVILLE, Ky. (AP)—Henry Morris went to the river bank to look for hidden treasure yesterday but accidentally found a corpse instead.

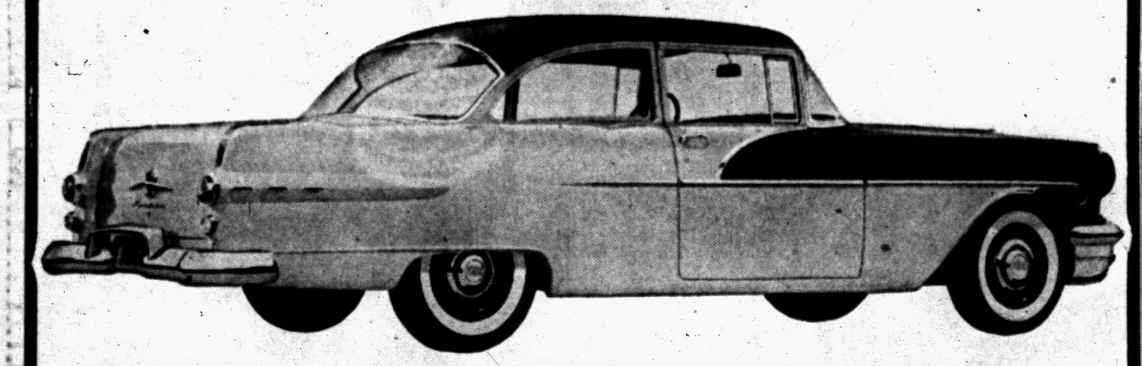

Morris, following broadcast clues from a local radio station in a publicity promotion campaign, found the body of Gene Carter, 66, of Pembroke.

The station offered $200 to anyone who could locate the treasure and broadcast clues directing listeners to the river.

State Democrat Position: 'Williams—for Any Office'

LANSING (AP) — The Michigan Democratic party's "position until changed by convention vote" is to support Gov. G. Mennen Williams "for whatever office he may seek" in 1956.

That was emphasized by Neil Staebler, Democratic state chairman, in denying published reports Sunday that the Michigan delegation would be "delivered" to Adlai E. Stevenson on the second ballot at the 1956 Democratic national convention.

Staebler, represented by some as a Stevenson supporter, said he had telegraphed a denial to a national magazine of its report that he and August Scholle, state CIO president, would hand Michigan's votes over to Stevenson after a token first ballot for Williams.

Staebler told the state central committee meeting here Sunday that the national convention delegation could not be delivered by any party official.

'WHATEVE' OFFICE'

He recalled that the party's last state convention pledged its support to Williaims "for whatever office he may seek" and declared "that is the Michigan party's position until changed by convention vote."

The central committee passed a resolution condemning the Republican-controlled state Senate for what the committee called an "internecine civil war" with Republican "Young Turks" in the House. It said the Senate's stand was resulting in injury to mentally retarded children.

The resolution said the Senate is "an example of the vicious result of an unjust apportionment" of representation. Democrats claim that apportionment of Senate seats prevents the upper chamber from properly representing the popular will.

* * *

The committee approved a 1956 campaign budget of $280,000, compared with $195,000 voted for the 1954 campaign.

County and district spring conventions were set for April 26.

* * *

State Boxing Commissioner Floyd Stevens of Grand Rapids and Mrs. Charles Kilmartin of Lincoln Park were elected to vacant committee seats. Stevens succeeds Robert C. Jakems of Grand Rapids and Mrs. Kilmartin succeeds Mrs. Stuart Strachan of Wyandotte. Resignations created both vacancies.

Americans spend about $9 billion a year for automobile vacation trips. The estimated figure includes all expenses such as gas, oil, hotels, food and other miscellaneous costs.

New '56 Rambler Readied for Dealer Display Dec. 15

DETROIT (INS) — The all-new 1956 Rambler—representing American Motors' 21-million-dollar challenge to the low-price and high-volume passenger car market—will go on display in Hudson and Nash dealerships Dec. 15.

* * *

This is the car that captured the fancy of many hard-to-impress automotive writers during an October preview. It is a more streamlined and bigger looking car, but still has the same 108-inch wheelbase "that makes it a foot and a half shorter than the average American car."

An unusual styling feature bound to attract the eye of the prospective new car buyer is a sculptured-like rear pillar that sweeps upward and around the enlarged rear window.

A spear outlined in bright metal trim extends from the front to the rear, accentuating the car's length and setting off the three-tone color styling on the custom models as well as the Rambler station wagons.

The popular station wagon also is new from the wheels to the roof, although it retains the two-level top with the luggage rack on the rear section.

For added convenience, there is a single tailgate instead of the usual two found on station wagons. The rear window rolls down into the tailgate by means of a combination crank and lock.

New models include the first Rambler four-door hardtop convertible sedan, and "the industry's first four-door hardtop convertible station wagon." Early in January AMC intends to bring out another innovation in the station wagon field—a hardtop convertible model without centerposts.

Both the passenger car and station wagon models have brand new 120-horsepower overhead valve 6-cylinder engines. The "highest fuel economy, with increased power and performance" is claimed for them.

Waterford Township Homes Hit by Fire

WATERFORD TOWNSHIP—The two-story frame home of Ruth Lawson, 7010 Cooley Lake Rd. broke into flames at 1:30 this morning, but the family, asleep at the outbreak of the blaze, escaped uninjured.

Estimated damage was $2,000 to the building and $50 on the contents, covered by insurance.

Cause of the blaze was undetermined, according to Waterford Township Fire Department. Both Union Lake and Waterford responded to the call

Ray Carpenter, 5516 Lake Vista was thawing water pipes with a blow torch Monday morning when the pump house adjacent to his home, caught on fire, burning the side of the home.

Damage to the pump house and main house was estimated at $300. Station No. 3 of the Waterford Fire Department answered the call.

Three Clarkston Girls Still on Missing List

Three 15-year-old Clarkston girls who apparently ran away from their homes a week ago were still on the missing list this morning.

Oakland County Policewoman Barbara H. Riley said this morning two of the trio had tried running away three weeks ago. On this occasion, she said, Ohio State Police had picked them up near Toledo.

Cold Snap Helps Grains Prices

CHICAGO (AP)—A firm trend ruled in grains on the Board of Trade today, largely because of a lack of selling pressure.

* * *

Wheat scored the best gains at the opening. Brokers said the buying appeared to come mainly from previous short sellers. The bread cereal backed down a bit as trading progressed.

Cold weather continued throughout much of the main livestock feeding belt and was a help to feed grains and soybean meal.

Wheat near the end of the first hour was ½ to 1 cent higher, December $2.02¾; corn unchanged to ⅜ higher, December $1.25⅜; oats ⅛ to ⅜ higher, December 63; rye ¼ lower to ⅝ higher, December $1.09¾; soybeans ¼ to ½ higher, January $2.34¼, and lard 5 cents lower to 5 cents a hundred pounds higher, December $7.70.

Pair Admits Looting Cars in Farmington

FARMINGTON TOWNSHIP — Steve Johnson, 20, and his 16-year-old bride admitted to police that they have looted parked cars in the Farmington area.

A short time ago the Farmington police found the young couple asleep in their car, hungry and broke. Kindly police found the Johnsons a room in a motel.

In the same room police discovered stolen items piled high. The couple admitted burning some of the stolen items.

Mrs. Johnson has been turned over to the Oakland County Juvenile Home.

Icebox-Raiding Bandit Takes Shotgun, Too

A hungry bandit who broke into the Brandon Township home of Mrs. Bernard Phillips ate up all the food in her refrigerator before walking off with a 12-gauge shotgun, she told Oakland County Sheriff's deputies yesterday.

Mrs. Phillips said she had been away from home for three days over Thanksgiving, and had left the back door unlocked.

FOOL MISTAKES WERE KEEPING ME BROKE

So I Sent $6 to The Wall Street Journal

I always seemed to do things wrong. For example, I sold some land when prices were low. I bought a new home when prices were high.

Then one day I picked up a copy of The Wall Street Journal. I saw right away that it had the facts I needed to help me in my personal affairs and in my job. So I sent $6 for a Trial Subscription.

The Journal not only tells me how to earn more money—it also tells me how to get more value for the money I spend. An automotive article helped me trade in my old car at the right time. Articles on food and clothing point out the things to stock up on in order to save money. Articles on taxes guide me on what to do to keep my taxes down.

This story is typical. Because the reports in The Wall Street Journal come to you daily, you get quick warning of any new trend that may affect your income. You get the facts in time to protect your interests or seize a profit. The Journal is a wonderful aid to salaried men making $7,000 to $20,000 a year. It is valuable to owners of small business concerns. It can be of priceless benefit to ambitious young men.

The Wall Street Journal is the complete business DAILY. Has largest staff of writers on business and finance. The only business paper served by all four big press associations. It costs $20 a year, but you can get a Trial Subscription for three months for $6. Just tear out this ad and attach check for $6 and mail. Or tell us to bill you.

Published daily right in the Midwest to bring you vital business and Washington news immediately. Address: The Wall Street Journal, 711 W. Monroe St., Chicago 6, Ill.

Action Irregular in Stock Trading

NEW YORK (AP) — Price changes were irregular and small in early trading on the stock market today.

* * *

After a burst of activity at the opening, trading slowed. Gains and losses were in fractions with some few exceptions.

Montgomery Ward was up 1¾ at 104½ on an opening block of 4,000 shares following news after yesterday's close of a proposed 2-for-1 stock split and higher dividends.

Other opening blocks included Studebaker-Packard off ⅛ at 9⅝ on 2,000 shares, Chrysler up ⅛ at 95⅝ on 1,000, Cities Service off ¼ at 59⅜ on 1,800 and U.S. Steel off ¼ at 57⅝ on 1,000.

* * *

Ahead were Bethlehem Steel, U.S. Rubber, Boeing, Kennecott, Superior Oil of California and Standard Oil (NJ). Losers included General Motors, Anaconda Copper, Southern Railway and Texas Co.

News in Brief

Two 17-year-old Commerce boys, Norman Wimbrow and Ralph Shaw, pleaded guilty to simple larceny yesterday before Waterford Township Justice Willis D. LeFurgy and paid $15 costs of court apiece. Three Pontiac youths, before Justice LeFurgy on the same charge, also pleaded guilty. Russell Darrell, 18, of 57 Tregent St. failed to pay $15 costs and was sent to jail for five days. Richard Miller, 18, of 49 Clovese St., paid the $15, as did 21-year-old Robert Scalan, of 2882 St. Clair St.

Ray Crites, 46, of 140 Oakland Ave., pleaded guilty to driving under the influence of liquor yesterday before Pontiac Municipal Judge Maurice E. Finnegan. He was committed to Oakland County Jail for 30 days after failing to pay his fine of $100.

Pleading guilty to reckless driving, Fred Mowery, 29, of 47 Allison St. was fined $100 yesterday by Pontiac Municipal Judge Maurice E. Finnegan Donald Sutton, 23, of Auburn Heights, before Judge Finnegan on the same charge, also was fined $100.

Charged with driving under the influence of liquor, 39-year-old Leonard Reniff of Walled Lake pleaded guilty and was fined $20 with $10 costs.

Detroiter Ben Stevenson, 21, pleaded guilty to reckless driving yesterday before Bloomfield Township Justice Alva Richardson and was fined $40 with $10 costs.

Joa Reinert

LAPEER—Service for Joa Reinert, 52, 4476 Merwin Rd., will be held at 2 p.m. Wednesday at the Hadley Federated Church with burial to follow in Greens Corners Cemetery. Mr. Reinert died Sunday at his home.

Wildcat Strike Idles 17,100 at Chrysler

DETROIT (INS) — A second wildcat strike involving 180 men idled a total of 17,100 workers on two shifts today at the Plymouth, Mack and Vernor plants of Chrysler Corp.

The strike started on the afternoon shift yesterday and forced the company to send home 9,100 workers at Plymouth and Mack.

Material handlers on the day shift walked out at 7:30 a.m. today, halting Plymouth assembly lines and resulting in 3,000 workers being sent home. About 1,500 production workers were kept on the job.

An hour later, 5,000 were sent home from the Mack plant, which supplies Plymouth with bodies. Some 500 were laid off at the Vernor trim shop.

A Chrysler spokesman said the dispute centered around proposed changes in job classifications for some of the material handlers. The changes were agreed to by the company and union in recent contract talks but have not been put into effect.

Four Pontiac Schools Entered Over Weekend

Four more Pontiac schools were broken into Sunday night and last night, Pontiac police said today, bringing the total to seven in the past two weeks.

Detective Sgt. Ray Meggitt, investigating the breakins, said they are apparently the work of a gang of teen-agers. In each case, he said, schools are entered through a window and desks and offices are rifled.

The most recent breakins occurred at Lincoln Junior High, Wisner, Central and Hawthorne schools, where pencils and small change taken totaled about $5.

Driver Thinks Lightning Can't Strike Three Times

RUTLAND, Vt. (AP) — Charles H. Laurin, 27, of Springfield, Mass., was fined $75 in municipal court yesterday on a plea of guilty to driving after his operator's license was suspended.

After paying his fine, he got into his car and drove off. An hour and a half later, he was picked up by state police—again for driving after his license was suspended.

He pleaded guilty a second time, but this time Judge Edward Mc Clallen Jr., sentenced him to 6 to 12 months in the House of Correction.

Earnings

NEW YORK (INS)—Hilton Hotels Corp. reported today net income for the nine months ended Sept. 30 of $6,327,842, equal to $3.54 a common share. This compared with $4,009,442, or $2.27 a common share, in the same period last year.

NEW YORK (INS) — Fedders-Quigan Corp. announced net income in the fiscal year ended Aug. 31 totaled $732,980, equal to 36 cents a common share. This compared with $1,167,023, or 61 cents a common share, in the preceding year. Sales amounted to $47,540,649 as against $46,639,370 in 1954.

ADVERTISEMENT FOR BIDS

Board of Education, Walled Lake Consolidated Schools, Walled Lake, Michigan.

Requests: Sealed Bids for Decker Road Elementary School of approximately 25,000 sq. ft. area.

Bids will be received to 5:00 p.m. EST., December 12, 1955, at the present Walled Lake Junior High School, 615 North Pontiac Road, Walled Lake, Michigan, at which time they will be publicly opened and read.

Access to Plans: Office of the School Superintendent, Walled Lake, Michigan; Office of the Architect—W. T. Anicka & Associates, 2300 Washtenaw, Ann Arbor, Michigan;

F. W. Dodge Corporation, Detroit, Michigan;

Builders and Traders, Detroit, Michigan.

Plans and specifications may be secured of the Architect or the Superintendent of Schools upon deposit of twenty dollars ($20.00) which will be refunded upon return of same.

Basis of Bidding:

a. Architectural Trades

b. Mechanical Trades

c. Electrical Trades

All Bids must be accompanied by a Certified Check or Bid Bond of five per cent (5%) of the Bid submitted, made payable to the Board of Education.

All Plans and Specifications shall be returned at time of bidding. Contractor shall identify with his name each Plan and Specification, which will be used as a basis of signed contract set. No bid shall be accepted from any contractor unless this item is fulfilled.

The Board reserves the right to reject any and all bids and to waive any irregularities when in the opinion of the Owner such action will serve the best interests of the school district. No bid may be withdrawn after closing time for a period of thirty (30) days.

Successful bidder will be required to furnish one hundred per cent (100%) Performance, Labor and Material Bonds.

WALLED LAKE CONSOLIDATED SCHOOLS, WALLED LAKE, MICHIGAN.

By DWIGHT WISEMAN, Secretary of Board of Education.

Nov. 21, 29, 1955

NOTICE OF LAST DAY OF REGISTRATION OF THE QUALIFIED ELECTORS OF AVONDALE SCHOOL DISTRICT, OAKLAND COUNTY, MICHIGAN, FOR A SPECIAL ELECTION TO BE HELD ON MONDAY, DECEMBER 12, 1955

To the Qualified Electors of said School District:

Please take notice that a Special Election will be held in said School District on Monday, December 12, 1955.

Section (2) of Act 199, Public Acts of Michigan, 1951, provides as follows: "The Inspectors of election at any annual or special election shall not receive the vote of any person residing in a registration school district whose name is not registered as an elector in the city or township in which he resides."

The last day for receiving registrations for said Special Election will be Friday, December 2, 1955. Persons registering after 5:00 o'clock p.m. on said day will not be eligible to vote at said Special Election. Persons planning to register must determine when the Clerk's Office will be open for registration.

Under the provisions of Act 199, Public Acts of Michigan, 1951, registrations will not be taken by school officials and only persons who have registered as general electors with the appropriate Township or City Clerk of the Township or City in which they reside are registered school electors.

This notice is given by order of the Board of Education of Avondale School District, Oakland County, Michigan.

EDWARD I. TURNER, Secretary, Board of Education.

Nov. 21, 29, 1955

Partridge

IS THE "BIRD" TO SEE

Here's a brand new 3 bedroom brick ranch home built the "old-fashioned" way. The finest materials and workmanship have been used throughout. The large living room is high-lighted by the attractive planter and Georgian Marble fireplace. There's a colorful full tile bath plus an extra tile lavatory just off the kitchen. The dining L and kitchen will "knock your eye out." It's an all Youngstown decorator color kitchen with built in garbage disposal, stove hood and fan and Lazy Susan. All countertops are Formica. The extra large tiled basement will make an ideal family room. There's a roomy 2 car attached garage, plus many other extras. Best of all you can trade-in your present home for this showplace. Priced very reasonably at just $29,500 on terms. See it today.

WHITE BROS.

NORTH END

For those who desire a very attractive home, here it is! An all brick 2 bedroom house, large kitchen with utility room. Living room 16x15 with picture window. Modern bath. This is plastered throughout with cove ceilings. Oil furnace, storms and screens and an electric dryer included in a very low price. Call today!

YEAR-END SPECIAL

Want to be in a nice cosy home to enjoy the coming holidays? We have a beautiful home covering 1,000 sq. ft. of living space. Located in a community of fine homes. This home has such features as colored bath fixtures, aluminum vent awnings, and large 100x150 ft. lot. The large living room blends into an equally spacious kitchen and two very comfortable bedrooms and utility room. This home is only 2 years old and in excellent condition. The lucky buyer of this fine home can have almost immediate possession as owner is now a member of Michigan State Police serving in northern Michigan. If you have just the germ of an idea you are going to buy a home, you had better see this one at only $9,950. With a low down payment of only $1,500. Call for appointment today!

Current Trend Hit by Actress

Character Star Slated to Appear Tomorrow on Fox Hour

By JOAN HANAUER

NEW YORK (INS) — Thelma Ritter believes the theater is in a sad state—"You can have your pick these days of what you want to be depressed by, dope addicts, mental cases, juvenile delinquents or sadists."

* * *

The character actress, who'll make a CBS TV appearance Wednesday on the 20th Century-Fox Hour in "Christopher Bean," added:

"That goes for movies, too. I'm so sick of abnormality that when I saw 'Marty' I was moved to tears. The scene where he kisses her is the first tender kiss I've seen in ages—no ju-jitsu. Now with the wide screens, when they start to wrestle they look like they should be in a fight ring.

"I suppose it's a cycle. In a couple of years I expect to see 'The Five Little Peppers and How They Grew.' And I'll love it."

Miss Ritter, who has been in the entertainment business since she was 8, has a question to ask Hollywood:

"Why do they bother building personalities when there's so much real potential talent around? You take Craig Hill, the boy who has the love scenes in 'Christopher Bean.' He's nice looking. Not the Rocky type, of course, and today everybody's busy being Marlon Brando.

* * *

"But working with him—and the others like Gene Lockhart, Phil Ober, Les Tremayne, Mildred Natwick — it's like suddenly finding yourself in a table tennis game with an expert."

SCARED TO DEATH

The good-humored actress said that her first television role—as the Statue of Liberty, no less—"scared me to death. I stopped being nervous after I talked to Helen Hayes, who was in the cast. I ended up telling her 'Helen, you'll be all right.'

* * *

"There I was opening the show as the Statue of Liberty—it was the 'Salute to the President' show—with the President of the United States in the audience and on a national hookup."

Miss Ritter and her advertising agency husband live in New York with their two children, 18-year-old Anthony and Monica, aged 15.

From speaking of her own youngsters, the subject switched to child actors.

* * *

"Any child star who lasts is amazing," she said. "They're cute when they're little, but then they ought to be stuffed. And oh, the mothers!

"During casting for 'Viva Zapata!' I was sitting in my dressing room when one of those mothers pulled her little girl past. 'Don't tell anyone you're allergic to horses,' she told the kid. Those mothers are scary."

HITCHCOCK FAN

Her future plans depend on what scripts are offered her, but she added, beaming: "I could work for Alfred Hitchcock for the rest of my life. Being asked to act in a Hitchcock picture is a little like being knighted. It's too bad he's had such success as a director—he'd have made a wonderful low comedian."

She worked with the British-born director in "Rear Window," where she had to carry Jimmy Stewart around, complete with genuine, 20-pound plaster cast.

"And he's 6 foot 4," she added. "I'm 5 foot 1. Everything went wrong in that first scene one day and I was very nerve - wracked. Hitchcock came over to me and said: 'Please keep in mind that this is only a motion picture.'"

Some 37,000 workers in 33 tea gardens of India's Jalpaiguri district went on strike demanding a bonus and other benefits, Calcutta learns.

Church Council Sees Multimillion Budget

OMAHA, Neb. (AP)—A multimillion-dollar budget for 1956 will be a chief item of business for the General Board of the National Council of Churches in its business sessions here tomorrow and Thursday.

Other top subjects on the agenda of the board, holding its first sessions west of the Mississippi, will include the "plight of America's Indians," racial relations in the United States, and the future course of the churches' world disaster fund.

The council represents more than 35 million members of Protestant and Eastern Orthodox churches.

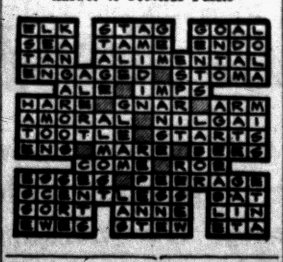

U.S. Eatery to Purchase Caviar From Red Asia

MOSCOW (INS) — The clientele of New York's fashionable restaurant "21" soon will be eating their caviar and crab meat direct from the waters off Kamchatka, in Soviet Asia.

Co-owner Maxwell Kriendler announced yesterday after talks with Russian trade officials that he had agreed to buy 10,000 cases of the crab meat and a smaller quantity of the caviar.

He refused to reveal how much he was paying for the Russian delicacies.

Democritus Sniffed Bread

He Willed to Keep Alive

XANTHI, Greece (AP) — Greek philosopher Democritus, who fathered the atomic theory nearly 2,500 years ago, is to have a commemorative monument erected in his home town, Abdera.

Atomic scientists from all over the world will be invited to attend the unveiling next year. The University of Salonika is sponsoring the project.

Recent excavations brought to light the vestiges of Abdera, 15 miles south of the contemporary town of Xanthi, in western Thrace.

TAUGHT BY MAGI

Democritus was born there between 470 and 460 B. C. Tradition has it that he learned theology and astrology in his early teens from Chalean Magi who came to Thrace in the wake of Persian King Xerxes' invading armies. Later he traveled extensively.

By the time he came back home, he had become one of the most erudite men of his generation.

He died at the age of 109.

It is said that he felt the hour of his death approaching and told his sister. The news greatly upset the old lady, because she figured his death would prevent her from attending the Feast of the Thesmophores, due to be celebrated that same day. So Democritus obligingly postponed his death three days.

He managed it, legend says, by applying freshly baked bread loaves over his nose and inhaling their hot fumes.

Democritus was the first philosopher to uphold the theory that "all matter is made up of atoms."

U.S. to Exhibit Ike's Aerial Survey Plan

UNITED NATIONS, N.Y. (INS) — The United States announced today it is sponsoring a popular exhibit describing President Eisenhower's plan for aerial surveys.

The exhibit entitled "Mutual Inspection for Peace" will be held at the Carnegie Endowment Building, adjoining U.N. headquarters. It is scheduled to open Dec. 3.

The exhibit will feature aerial photographs, charts, maps and models.

U.S. Ambassador Henry Cabot Lodge said they will be used to "show what aerial photo reconnaissance can do in helping to provide against the dangers of great surprise attack."

Ed Sullivan Calls Pride of Spartans 'Ohio State Man'

EAST LANSING (INS) — Television's Ed Sullivan has again aroused the anger of college students in Michigan—this time for introducing Michigan State's All-American quarterback Earl Morrall on his show as "that Ohio State man—the Buckeye."

Sullivan finally introduced Morrall properly, but only after the MSU star refused to appear on stage until correctly identified.

MSU students say the blunder was the third Sullivan has pulled against the Spartans.

Two years ago, the famous emcee introduced State's All-American end Don Dahoney and had the orchestra play the University of Michigan fight song. A week later he had the musicians play State's fight song but announced:

"This is in honor of the University of Michigan."

Students at MSU are drafting a telegram which they will send to "wrong-way Sullivan."

Doctors Separate Twins of 100,000-to-1 Birth

LONDON (INS)—British doctors have reported the successful separation of twin boys who were born joined at the chin.

The announcement yesterday said the chances of such a birth were 100,000 to 1.

The so-called "locked twins" were born to a London housewife, Mrs. Ann Showell, 22, on Nov. 19. They were separated almost immediately after their delivery.

Tower at Gettysburg Closed to Sightseers

GETTYSBURG, Pa. (INS)—The National Park Service has closed the much-discussed Gettysburg battlefield tower which thousands of sightseers have climbed to get a long-distance glimpse of President Eisenhower's farm.

The tower had been closed as a security measure after the chief executive's Gettysburg arrival on Nov. 14, but it was reopened last weekend.

The Secret Service now says a "misunderstanding" has been corrected and that the tower will remain closed for as long as the President stays at Gettysburg.

Pup Swallows 20-Inch Stick, Lives to Bark

PHOENIX, Ariz. (AP) — Marquis Von Shawn may have lived to tell about it, but no one will ever believe him.

The frisky boxer puppy swallowed part of a toy rake handle while playing a week ago. It was 20 inches long—that's right, 20..

Dr. Louis Becker, the veterinarian, removed the stitches from Shawn's neck yesterday. He described the operation:

"It was a stick. I pulled on it. Five inches of it. Ten inches of it. I couldn't believe it. I can hardly believe it now. Golf balls, marbles, fishhooks I've taken from the stomachs of dogs . . .

"But never a stick 20 inches long!"

UM Prof Foresees 'Best' Business Year

CHICAGO (INS) — A University of Michigan business expert feels 1956 will be the best year yet for American business.

Prof. J. Philip Wernette told a conference of bank correspondents in Chicago that eight of 12 key business barometers are favorable and two neutral.

The only two unfavorable, he said, were "uncertainty connected with the election year, and business does not seem to be bothered much by this factor," and net excess reserves position of the banks.

"If a business decline should begin the federal reserve could change this condition from unfavorable to favorable overnight," he added.

The professor said the current booming housing development depends chiefly on the level of national prosperity. He concluded by predicting that with continuing prosperity the nation will be building two and a half million homes a year by 1970.

Molasses Moves Faster After Blast Hits Storage Vat

LEBANON, Ohio (AP)—They joke a lot about the slowness of molasses in cold weather. But there wasn't anything inactive about the 2,500 gallons delivered yesterday at Brant's farm elevator here.

* * *

A blast shook the elevator building a few minutes after a tank truck, carrying the molasses, had been unloaded.

* * *

Zane Brant, a member of the firm, said the molasses, used in mixing livestock feeds, was found oozing from a concrete tank in the basement. Nearby machinery was covered with the sticky mess.

Brant said the damage would "run into thousands of dollars." He could not explain the explosion.

"It is said that churchianity has become so different from Christianity that people are shy of churchgoers," said the president of Britain's Methodist Conference.

Delaware Professor Wins Science Award

DETROIT (AP) — Robert Lamar Pigford, chairman of the University of Delaware's Department of Chemical Engineering, was announced today as 1955 winner of the Professional Progress Award of the American Institute of Chemical Engineers.

* * *

Selection of Dr. Pigford was announced by Prof. B. F. Dodge, institute president and head of the Yale University Department of Chemical Engineering. It carries a $1,000 stipend and will be presented formally tonight at a banquet highlighting the institute's 1955 convention.

Only men under 45 are eligible for the award "to recognize outstanding progress in the field of chemical engineering, for the betterment of human relations and circumstances." Dr. Pigford was described as "an inspiring teacher and investigator; a true servant of his profession."

* * *

Dr. Pigford is a native of Meridian, Miss., and a 1938 graduate of Mississippi State College. He received his master's degree from the University of Illinois in 1940 and his doctorate from Illinois in 1942.

He Whistles Up Help Just as He Planned

BOSTON (AP) — For many years Samuel Lipson, 67, has kept a police whistle handy at his Eastern Labor Agency on Scollay Square in case a holdup man ever approached him.

It worked. The man fled and a nearby traffic officer came on the run, just missing the man.

Shoplifting in Caddy?

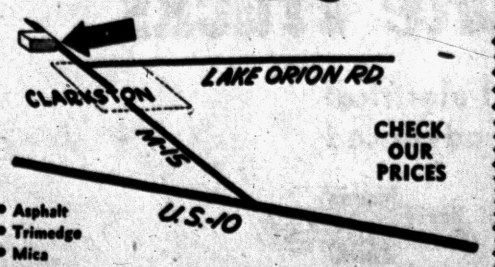

PHOENIX, Ariz. (AP)—A 52-year-old woman was stopped by police yesterday carrying an armful of Christmas wrappings and carving knives from a store in one of the fancier shopping centers in Phoenix. After a hurried conference, she agreed to pay $70.28 for the goods, and police let her go. She drove away in a 1956 Cadillac.

Calvin Philosopher Dies

GRAND RAPIDS (AP) — Cecil DeBoer professor of philosophy at Calvin College since 1950, died Monday at Blodgett Memorial Hospital following a heart attack. He was 58. DeBoer, a native of Whitinsville, Mass., was a graduate of Calvin and University of Michigan.

Development of a model industrial district is proposed at Cali, Colombia.

GOP Awaiting Ike's Decision

Presidential Message May Give Clue to Party About Election Bid

WASHINGTON (AP)—President Eisenhower's message to a republican National Committee meeting this week was awaited today as a possible clue to his thoughts about seeking a second term.

* * *

It will be read to the committee meeting in Chicago Wednesday and Thursday.

GOP National Chairman Leonard W. Hall said in a statement yesterday that the committee will meet "in an atmosphere of unity and confidence."

'DONE SO MUCH'

"No other administration has done so much for so many," he declared. "The American voters will give this administration the same overwhelming vote of confidence we received in 1952 when President Eisenhower carried 39 states.'

The GOP committee has listed Henry Cabot Lodge Jr., American ambassador to the United Nations, Secretary of Commerce Weeks, Secretary of Labor Mitchell and Secretary of Agriculture Benson as chief speakers.

BENSON IN CENTER

The center of attention will be on Benson, under fire from some Republicans as well as most Democrats in connection with the administration's flexible farm price support program.

Sen. Watkins (R-Utah), who had a part in obtaining Benson's appointment to the cabinet, complained yesterday that the secretary of agriculture was being left to defend almost single-handedly the administration's controversial farm program.

"We can't leave to a few Cabinet members—and mostly Benson himself—the job of backing up this farm program," Watkins said. "Secretary Benson keeps slugging for his program, but he is slugging alone. If they believe in it, some other Republicans have got to help."

Trust Buster Urging GM, GMAC Divorce

WASHINGTON (AP) — A former New Deal trust buster Monday urged the divorcing of General Motors Corp. and its finance subsidiary, General Motors Acceptance Corp.

* * *

Holmes Baldridge, who spent 13 years in the Justice Department's antitrust division during the Roosevelt and Truman administrations, said there "always will be coercion" of dealers as long as the No. 1 car manufacturer operates the largest of the automobile financing companies.

Baldridge conducted years of anfitrust litigation against GM and GMAC. He said he felt then and still feels that General Motors should be required to divest its control of the finance company.

* * *

Baldridge testified before the subcommittee, which is studying Senate's Antitrust and Monopoly various phases of General Motors operations.
