Ike Plans Rebuttal May Hit Back at Red Chinese in Address

Denies That Far East Trip Was Failure; Calls It a Success

HONOLULU (AP)—President Eisenhower was reported to be planning to hit back at Red China claims that his Far Eastern tour was an ignominious failure.

The President's rebuttal and a contention that much good was accomplished despite cancellation of his visit to Japan will come, it was understood, when he reports to the American people next week.

Eisenhower will make a nationwide television-radio address within a few days after returning to Washington. Present indications are he will arrive there Saturday or Sunday.

Announcement of the President's plans to go on the air was made by White House secretary James C. Hagerty as Eisenhower, who arrived in Hawaii Tuesday night, continued to relax in glorious weather.

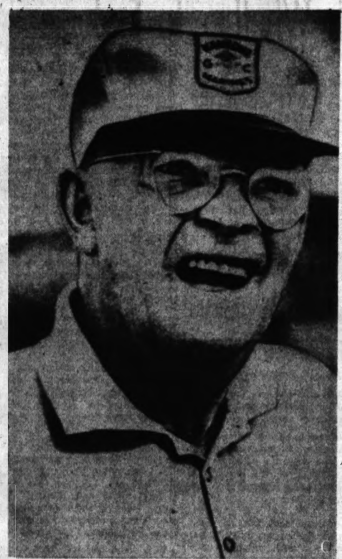

The President talked over his Far Eastern journey by telephone Tuesday with Secretary of State Christian A. Herter, in Washington.

After the 25-minute conversation, Hagerty reported that both Eisenhower and Herter felt that the President's visit to the Philippines, Nationalist China and Korea were completely successful.

Hagerty said he expected to see the two men had not discussed the washing-out of the President's plans to go to Tokyo for three days starting last Sunday.

Saying he had not seen a complete account, Hagerty declined comment on Herter telling a congressional committee that the administration had misjudged the serious situation which led to cancellation of Eisenhower's Tokyo visit.

Toll that Herter also testified that Eisenhower is abandoning personal high-level diplomacy and plans to move goodwill trips abroad, Hagerty replied only that he has been saying for some time that he knew of no arrangements for any additional trips outside the country.

AP Photo/Staff
DENIES TRIP FAILED—President Eisenhower, shown at golf in Hawaii, reportedly plans to hit back at Communist China's claims that his Far East trip was a failure. He will address the nation soon.

Dems Shift, Now Willing to Give Ike Sugar Control

WASHINGTON (UPI)—House Democratic farm leaders reversed themselves today and agreed to give President Eisenhower broad authority to cut Cuba's sugar marketings in the United States.

The about face came after Secretary of State Christian A. Herter said the time has come to cut down on marketing Cuban sugar in the United States. Herter made the statement at a public hearing of the House Agriculture Committee. A cutback in Cuba's sugar quota would be a stiff economic blow to Premier Fidel Castro and his anti-American government.

Committee Chairman Harold D. Cooley (D-N.C.) denied that "pro-Castro" charges leveled at the Democrats by a Republican campaign leader had anything to do with the decision.

He attributed the change of heart to a closed-door briefing given by Herter on conditions in Cuba.

The committee two weeks ago rejected, 19 to 14, a delegation of presidential authority to cut the Cuban quota. But Cooley said he now expects the committee to give its approval.

Herter told Democrats at the public session that they had taken "undesirable" action in denying the President's request.

Asked by newsmen after the hearing if the administration planned to make an immediate cut in Cuba's U.S. sugar marketings, he replied, "No."

Cuba supplies about one-third of the sugar consumed in the United States.

About one-half of Cuba's sugar is marketed in this country.

Cuba's economy is heavily dependent upon these sales which are made at higher-than-world prices.

There was a possibility that the Democratic-controlled committee might—in addition to voting the discretionary presidential authority—include some mandatory reductions in Cuba's scheduled U.S. sugar marketings this year.

Fisher Local to Start Hall

Will Break Ground for \$97,000 Building Near Factory Tomorrow

International United Auto Workers Union officials will be present tomorrow at ground-breaking ceremonies for a new \$97,000 hall for Fisher Body Local 386 (UAW).

Construction is to get under way immediately on a site on the west side of Baldwin Avenue, south of Kalamazoo road, near the Fisher Body Division plant.

The white brick, one-story building should be ready by late fall, said Gerald W. Kehoe, local president.

The first shovelful of dirt will be turned at 2:30 p.m. ceremonies by Emil Mazy, international secretary-treasurer of the UAW.

Other guests include four international representatives, local Union officials, Mayor Philip E. Rowston, and several local dignitaries.

Local 386 officers, directors and building committee members plan to attend.

The local's headquarters for many years has been in a converted home at 821 Baldwin.

The new building will feature a large assembly hall, with a seating capacity of 300.

Construction is being financed by a 25-cent per capita deduction from regular monthly dues over a 10-year period, said Kehoe.

A. N. Hickson, Inc., is the general contractor.

Walled Lake Boy, 8, Killed by Automobile

An eight-year-old Walled Lake boy was killed last night when he darted in front of a car on Pontiac Trail.

He is the fifth grade child of William Austin Burt School.

Michelle Burns was chosen yesterday for the juvenile lead in the forthcoming film "Pontiac Story of Progress and Promise," which the Pontiac Area Chamber of Commerce is preparing for the centennial observation next year.

Michelle—known by all her friends and family as Mickey—was one of 23 entrants and five finalists.

She is the daughter of Mr. and Mrs. Van H. Burns, 823 Lakeside Dr., Waterford Township, and will be in the fifth grade this fall at William Austin Burt School.

PANTOMIME SPECIALTY

A tiny girl—she is only 4-feet-5½"—Michelle has appeared in school plays and has made almost 50 appearances in various public programs in the past year.

Her specialty is pantomime.

Judges were Mayor Philip E. Rowston, D. B. Varner, chancellor of Michigan State University, Oakland, Mich., and George Beamer, an actor; Betty McGill, the photographer; and George Field, the writer.

K Sees Victory for Socialism Without War

Reaffirmation of Policy of Coexistence Seen as Rebuke to China

LONDON (AP)—In an apparent rebuke to Red China's leaders, Soviet Premier Nikita Khrushchev said Tuesday the Kremlin has no intention of giving up its policy of peaceful coexistence and relaxation of tensions.

"No world war is needed for the triumph of Socialist ideas throughout the world," Khrushchev said in a speech at the third congress of the Romanian Communist party in Bucharest.

"These ideas will get the upper hand in the peaceful competition between the countries of socialism and capitalism," he declared.

Khrushchev did not mention Red China, but his remarks were an obvious reply to Peking's sharpshootings at the Soviet premier's professed policy of seeking better relations with the capitalist nations.

Chinese propaganda has harped on Lenin's statement that war between communism and capitalism is inevitable.

Khrushchev recalled that the co-existence policy was linked directly to the line laid down by the 20th Soviet party congress of 1956 that "war is not inevitable in our time."

"Those who do not understand this," he said, "do not believe in the power of creative abilities of the working class, underestimate the might of the Socialist camp and do not believe in the great attractiveness of socialism which has clearly demonstrated its advantages over capitalism."

In a new blast at the Eisenhower administration, Khrushchev said the Soviet people hope to see in America "the election of a president and the formation of a government which recognizes and corrects the mistakes committed by the present government."

Khrushchev shrugged off the importance of U.S. spy plane flights. They missed photographing the Soviet Union's rocket bases, he claimed, discovered nothing of importance to U.S. defense and failed to uncover "powerful military means" the Soviet Union has developed.

Urban Renewal Effort Approved

City Commission OKs Application for \$76,000 Federal Loan

Pontiac's downtown urban renewal efforts are under way.

The City Commission last night authorized the administration to apply to the Urban Renewal Administration and Housing and Home Finance Agency for a \$76,000 loan with which to finance a plan for renewal of the 20-acre business triangle bounded by Saginaw and Pike streets and the Grand Trunk Railroad.

This area had once been included as part of the city's first urban renewal project east of downtown but is now considered a separate project by itself.

Plans for widespread clearance could be ready within 12 months if the loan is granted, said Robert A. Stierer, assistant city manager and urban renewal coordinator.

KEY OBJECTIVES

Stierer told the Commission last night that there are three key objectives in the project:

1. Acquisition of land east of the railroad as right-of-way for the southeastern segment of the proposed downtown loop highway.
2. Acquisition of land for extensive public parking within the loop.
3. Clearance of the 7½-acre site bounded by Saginaw, Pike, Cass and Patterson streets for a big shopping center development.

Michelle to Star in Pontiac Story She's City's Movie Queen

A peppy 10-year-old is Pontiac's movie queen.

Michelle Burns was chosen yesterday for the juvenile lead in the forthcoming film "Pontiac Story of Progress and Promise," which the Pontiac Area Chamber of Commerce is preparing for the centennial observation next year.

Michelle—known by all her friends and family as Mickey—was one of 23 entrants and five finalists.

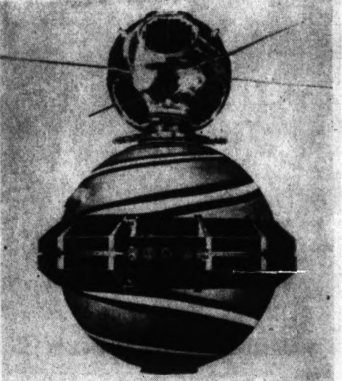

She is the daughter of Mr. and Mrs. Van H. Burns, 823 Lakeside Dr., Waterford Township, and will be in the fifth grade this fall at William Austin Burt School.

PANTOMIME SPECIALTY

A tiny girl—she is only 4-feet-5½"—Michelle has appeared in school plays and has made almost 50 appearances in various public programs in the past year.

Her specialty is pantomime.

Judges were Mayor Philip E. Rowston, D. B. Varner, chancellor of Michigan State University, Oakland, Mich., and George Beamer, an actor; Betty McGill, the photographer; and George Field, the writer.

AP Photo/Staff
DOUBLEHEADER—For the first time, a rocket has launched two satellites at once. And the U.S. did it. Early this morning, an Air Force Thor-Able-Star missile boosted these two attached spheres into orbit. The larger one is a Transit II-A and the smaller one a "piggy back" satellite to measure solar radiation. They separated in orbit and were reported approximately on their intended paths, transmitting strong signals.

Man Lands on Moon ... Well, What Then?

WASHINGTON (AP)—The big job of building big enough boosters to get man to the moon is progressing well, the House Space Committee reported today, but little is being done to see how he can stay there.

The indications are it will be something less than a pleasure trip for the first spacemen to arrive.

The temperature on the moon ranges each day from a low of 270 degrees below zero to 212 degrees above.

There is practically no atmosphere and little gravity.

Meteorites are constantly bombarding the surface, cosmic radiation is intense, and an accidental look at the sun would lead to instantaneous, permanent blindness.

These hazards of lunar living were cited by the committee in a report backing a plan by the Army Corps of Engineers to build a research facility to simulate conditions on the moon.

The facility would cost six million dollars and take three years to build, the committee said.

The committee said big booster projects to provide the thrust for moon trips have top priority ratings.

But neither the Defense Department or the National Aeronautics and Space Administration has a single program to simulate conditions a moon explorer will face, it added.

The space program for the next 10 years, as outlined by NASA, calls for manned orbital flights around the moon by the end of the decade. No manned landings on the moon are contemplated before the early 1970s.

Donaldson Receives OK as Postmaster

Approval of the appointment of William W. Donaldson as Pontiac Postmaster was given today by Michigan Sen. Philip A. Hart and Patrick McNamara.

Donaldson, former Pontiac mayor, was among 14 Michigan appointees approved. The Senate traditionally does not confirm such appointments without endorsement of senators from the state.

Acting postmaster since mid-February following the resignation of Acting Postmaster Robert C. Miller, Donaldson resigned as city commissioner when he took up the local postal duties.

Annual salary for the 56-year-old official will be \$8,500. He lives at 153 W. Lawrence St., was declared a free man in Superior Court today—far as Massachusetts is concerned.

MUSKOGEE (AP)—Circuit Judge Archie McDonald today granted a defense motion for a directed verdict and acquitted ex-sheriff Arthur Davis on a charge of assault and battery on a 29-year-old woman.

More Showers Forecast for Pontiac Area

Pontiac area residents can expect considerable cloudiness with more showers or thunderstorms this afternoon and tonight.

Following a low tonight of between 57 and 62, tomorrow's high will range between 72 and 78. The Thursday and Friday outlook includes cloud-shrouded skies and little temperature change.

There were 48 inches of rainfall recorded at midmorning today. Southerly winds 20 m.p.h. at 10 a.m. were expected to become light and variable tonight.

Lowest temperature preceding 6 a.m. in downtown Pontiac was 61. By 2 p.m. the thermometer read 72.

Transit 'Rider' Shot Together, Split in Space

First Double Launch; Previous Attempt With Vanguard Unsuccessful

CAPE CANAVERAL, Fla. (AP)—The United States, scoring a spectacular space "first," rammed two satellites into orbit with a single rocket today.

The doubleheader rocket that turned the trick was a two-stage Thor-Able-Star, an Air Force vehicle making only its second flight.

It rose smoothly from its searchlight-illuminated pad at 12:35 a.m. and streaked like a fiery comet toward the southeast.

The second stage fired for about four minutes, shut off and coasted for 20 minutes, then re-ignited for 13 seconds to kick the satellites into orbit.

The two new moonlets flashing the skies are Transit II-A, a second experimental navigation aid satellite, and a basket-ball-sized aluminum sphere crammed with instruments to measure solar radiation.

The latter is called a "piggy back" satellite because it hitchhiked a ride aboard the larger Transit payload.

Transit II-A is a 36-inch ball weighing 225 pounds. The 40-pound package, looking much like a sea diver's helmet, was clamped to it until a spring device separated the pair in orbit.

America tried once before, with a Vanguard rocket, to fire a pair of satellites into orbit simultaneously, but failed. As far as is known, the Soviet Union has not attempted such a feat.

Confirmation of orbit came 14 hours after launch when the satellite duo—the smaller leading the larger—passed over a Seattle station for their first globe-circling passes.

Navy officials in Washington reported the satellites were spinning approximately in their intended orbits and were transmitting strong signals. They said it would be some time before the exact age and perigee are determined.

Both were aimed at near-circular orbits 500 miles high and at courses which would take them over all parts of the world between the Arctic and Antarctic circles. This covers most of the Soviet Union.

Transit II-A is an advanced version of Transit I-B, which was boosted into orbit by the first Thor-Able-Star last April 12. Both are forerunners of an operational network of Transit satellites that can give ships, submarines and airplanes accurate position fixes in any weather, day or night, anywhere in the world.

Two or three more test flights are scheduled for launching before the system becomes operational, probably in 1962.

News Flashes

BOSTON (AP)—Joseph J. (Specs) Keefe, 61, who helped mastermind the \$1,250,000 Irish robbery and later turned state's witness, was declared a free man in Superior Court today—far as Massachusetts is concerned.

MUSKOGEE (AP)—Circuit Judge Archie McDonald today granted a defense motion for a directed verdict and acquitted ex-sheriff Arthur Davis on a charge of assault and battery on a 29-year-old woman.

NEW YORK (AP)—Mayor Robert F. Wagner refused today to permit the American Nazi Party to hold a July 4 rally in Union Square.

NEW YORK (AP)—Promoter Mervyn Fugate said today the Archie Moore-Erskine Bowles light heavyweight title bout, scheduled for Toronto July 18, definitely would be postponed at Moore's request. He said a new date will be set in August. Moore is having trouble making weight.

WASHINGTON (AP)—The Senate today ratified the U.S.-Japanese security treaty by an overwhelming vote.

Mob of 40,000 Rudges Home

Hirohito Seals Treaty; Senate to Vote Today, Then Ike Will Sign

TOKYO — An 11th-hour leftist demonstration to stave off activation of the U.S.-Japan security pact lost steam tonight as a mob of 40,000 began wearily dispersing. The snake-dancing columns shouted "Down with Kishi" and "Dissolve Parliament" as they circled the Parliament building and thundered past the Foreign Ministry and Tokyo police headquarters after a morning of short strikes.

But a predicted turnout of 100,000 failed to materialize, and by nightfall the demonstration apparently had fizzled.

The controversial pact gives the United States bases in Japan for another 10 years and promises American defense of this former enemy nation against outside attack.

It needs only U. S. Senate approval and the exchange of ratification instruments to become law. The exchange of documents in Tokyo is expected to come within hours after the Senate approval and President Eisenhower's signature in Honolulu.

Swift and overwhelming Senate approval of the pact seemed assured today.

A vote on the treaty was delayed, unexpectedly Tuesday night, about 4 1/2 hours of debate. But leaders said it was simply a case of senators being tired and wanting to go home.

Agreement was reached after an additional half hour of debate at today's session.

Plans for delivery of the ratification documents were surrounded with secrecy in an effort to thwart the desperate leftist opponents of the treaty.

Students, laborers and Socialists were reported planning to blockade U.S. Ambassador Douglas MacArthur II and Foreign Minister Aikido Fukuyama in their homes to prevent them from getting together to complete the formalities.

Premier Nobusuke Kishi's Cabinet put its final approval to the treaty Tuesday night, and Emperor Hirohito affixed the great imperial seal to it soon after. To prevent leftist interference, the documents were taken secretly to each Cabinet member individually and then to the Emperor.

Head of U.S. Nazis Is Almost Mobbed

NEW YORK (AP)—George Lincoln Rockwell, head of the American Nazi party, was nearly mobbed in a State Supreme Court corridor today. Police were called to protect him from a group of about 100 persons, mostly young men, who were shouting and waving American flags.

The disturbance began when Rockwell emerged from a courtroom where a hearing was being held to determine whether he should be held in custody. He was being interviewed by a television newsman when about 100 people raised a cry of "throw him out."

More Rain Falls; Blythe Not Blithe at 101 Degrees

By The Associated Press

Scattered thunderstorms fell early today over parts of the plains area, upper Great Lakes, the Mississippi Valley and the Atlantic Coast states.

Precipitation at Augusta, Ga., amounted to .79 of an inch, the heaviest reported to the Chicago Weather Bureau office.

Blythe, Calif., recorded 101 degrees at midnight.

FREE-WINNERS—The fishing trip to Lake Huron that netted this "robbery" of perch was the Grand Prize for these 10 Pontiac Press carriers who captured top place in the Press' Circulation Contest. The boys had exclusive use of a chartered boat as they spent most of yesterday hauling in these big ones on Lake Huron, near Caseville. Among the group were Larry S. Truba, 866 Olive St., Oxford; Frank J. Masarczyk, 135 Leeds St., Walled Lake; Larry F. Spencer, 677 Lucille St., Walled Lake; Stephen J. Diel, 7530 Biscayne Dr., Milford; Frederick Evans, 22 Grant St.; Samuel E. Pankey, 701 Stirling St.; Kenneth B. Goff Jr., 37 Henry Clay St., all of Pontiac; Charles M. Hayes Jr., 1863 Cass Lake Front, Keego Harbor; and Raymond A. Chud, 6225 Waking Lane, Williams Lake.

Chrysler, AMC Merger Denied

Colbert, Romney Both Say Tipster Reports Absolutely Untrue

DETROIT — Reports that Chrysler Corp. and American Motors Corp. are going to merge are not true, say L. S. Colbert, Chrysler Board chairman, and George Romney, AMC president.

Romney did not identify the source of the rumors in making his denial yesterday, but an AMC spokesman said such reports had circulated recently on some financial tipsters.

Colbert said he hadn't heard the rumors but that he, too, would be happy to deny them.

"The success of American Motors and Rambler's fast climb has multiplied such rumors," Romney said. "We now feel we must categorically deny them because they not only are completely untrue but unfair to everyone who has a stake in our plans for continued growth."

"We are continuing to study further diversification of the company, but these studies do not include merger with Chrysler because we see no reason why such action would be helpful to us."

Law Seizes Cave Chairs

It was standing room only at the Cave of the Ninth Cat after the Sheriff's Dept. paid a visit yesterday afternoon.

The beatnik coffee house suddenly was seatless as workers took 300 folding chairs out of the establishment and to the county garage.

Armed with a writ of replevin signed by Circuit Judge Stanton G. Dendore, Sheriff Frank Ives and Pontiac vice squad officers stood by as the furniture was removed.

The Elit Corp., a Detroit rental agency which furnished the chairs, sued for their return, charging non-payment of rent.

Their suit named Patrick D. Witherspoon and Jack D. Christensen, III as defendants.

The corporation alleges in its suit, that Witherspoon and Christensen contacted it before April, claiming to represent a corporation named Kate-Eye Inc. which intended to open a "coffee house and meeting place" at 20 S. Perry St.

Witherspoon personally guaranteed the rental for 300 chairs, the suit alleges.

The chairs were delivered, but the rental remained unpaid and the chairs were not returned, the agency charged.

The rental agency said that the chairs were delivered in March

Pontiac City Affairs Set Hearing on Vacating

Final action on the proposal to vacate West boulevard in the Oakland County Service Center is scheduled for July 28.

A public hearing for then was scheduled last night by the City Commission.

If the city gives up West boulevard, the county will construct a new service drive in the center and pay for the cost of maintaining it, according to city-county agreement.

Hearings Tuesday were scheduled on three proposed curbs and gutter projects involving Clifford, Russell and Howard streets between Auburn avenue and Osborn street.

The three jobs will cost more than \$120,000, including both city funds and special assessments.

Confirmed in two annual payments was the assessment roll for a sidewalk completed on the west side of Tasmania avenue, Michigan to Lois.

Another hearing July 28 will be on a proposal, approved by the planning commission, to vacate the Clara street right-of-way near Arlene street for subdivision purposes.

The Metropolitan Club was given a fireworks permit in connection with a program scheduled for July 1 at Wisner Stadium.

Passed to the city manager were complaints about noise and late hours at the new trampoline centers.

In a routine move, the commission canceled the permission it had given suburban bus lines to pick up and discharge passengers in the city during the bus strike.

Commissioner Winford E. Bottom and Wesley J. Wood called for minor street repairs, Bottom at the corners of Baldwin and Cornell and Baldwin and Strathmore, and Wood at the corner of Riverside and East boulevard.

New complaints about dust from the Miracle Mile shopping center were passed to the manager. They have come from residents of Fildew and Fearsall streets.

Test YOUR Driving Skill

Skillful Driving

How to master 30 of the most crucial situations of modern traffic

13

By MAXWELL N. HALSEY

CAN YOU MAKE IT?

One of the nascent traffic problems involving judgment is the battle between the driver wishing to turn left and one wishing to go straight through in front of him. If an oncoming driver does not know you are going to turn left he will frequently be endangered or very often inconvenienced. The earlier he learns your plans the easier it is for him to come to a stop gradually—or, if he has time, to speed up a little and be out of your way before you arrive.

Ex-Press Employee Wins Fellowship

A former Pontiac Press editorial employee has been named as one of six recipients of American Political Science Association Congressional Fellowships this year.

The two-month grant will go to Robert A. Pope of Detroit, who was a Pontiac Press copy editor in 1955 and 1956. He has been a reporter for the Detroit Times since 1956.

Pope, 29, will begin studying this fall with U. S. representatives and senators in Washington, D. C.

County AFL-CIO Splits on Whether to Endorse

The question of endorsing Democratic political candidates for Oakland County offices has two organizations tearing at each other.

The Oakland County AFL-CIO Council met this week, but only toyed with the possible endorsement of some of the 34 party candidates. The members are split all over the place on the question, Fred V. Haggard, Council president said.

Another meeting has been called for Monday night to resolve the issue.

The second group appears a lot closer to picking its favorites for endorsement.

Gives City Approval for Renewal Query

(Continued From Page One)

The city planners hope will spur redevelopment throughout downtown.

The city is already scheduled to acquire Saginaw street frontage in this area under the present urban renewal plan, which is expected to be given final federal approval soon.

The Commission had no objections to the administration's proposal for a second urban renewal project.

But Commissioner Milton R. Henry asked that planners proceed carefully with any acquisition of commercial properties on Orchard Lake avenue.

Stierer expressed optimism about capturing funds under a new federal formula, adopted last year.

AMONG 1ST TO TRY

It allows federal agencies to grant up to 20 per cent of renewal funds to strictly commercial projects.

"Other cities are trying to get some of these commercial funds, of course. But we're going to be among the first to apply and I have good hopes that we'll be successful," Stierer said.

Stierer pointed out that the project if approved by the federal government would not cost the city any direct outlay of cash, but only investment in public improvements.

This would be in the form of such jobs as the loop road and the Clinton River tunnel, he said.

At present, it's estimated the gross project cost would hit \$7,715,000, with resale of land to commercial developers bringing in about \$1,000,000.

The net cost of \$1,680,000 would be split, with the federal government paying two-thirds (tentatively figured at \$1,120,000) and the city one-third (\$560,000).

Among costs are the \$75,000 for planning, \$17,000 for administration, \$1,731,000 for property acquisition, \$105,000 for site clearance and \$986,000 for public improvements by the city.

Louis F. Surridge Dies After Illness

Funeral service for Louis F. Surridge, 60, assistant to the general manager of Curtiss-Wright Corp.'s Utica Division, were to be held today in East Detroit and Birmingham with burial in Mount Olivet Cemetery, Detroit.

Mr. Surridge, who also was director of quality control at the Utica plant, died Sunday in St. Joseph Mercy Hospital, Pontiac, after a short illness.

The rites were to be conducted at 9 a.m. at Reed-Schultz Funeral Home, East Detroit, and at 10 a.m. in Holy Name Church, Birmingham.

Surridge whose home was at 330 Adams Rd., was formerly quality control manager of the Ford Motor Co.'s aircraft division in Chicago.

He also was one of the seven charter members of the American Society for Quality Control.

Surviving are his wife, Ethel J.; two daughters, Mrs. Virginia Olechowski of St. Clair Shores and Mrs. Marjorie Conner of Warren; and eight grandchildren.

The Day in Birmingham School Board Approves New Salary Schedules

BIRMINGHAM — New salary schedules for teachers in the Birmingham School District were approved last night by the Board of Education.

The salary increases, which go into effect when school begins in September, are a result of the recent school election in which voters approved a 1 1/2 millage increase for operations.

The additional millage which is slated to increase the salaries of all school personnel will bring in approximately \$294,000 annually.

Clerical and custodian salaries will be revamped at a later date.

Several additional teachers also will be hired with the additional funds.

The new schedule calls for two classifications, teachers with bachelor degrees and no experience, and teachers with master's degrees and no experience.

The first calls for a minimum salary of \$4,000 with raises to a maximum of \$7,325.

Teachers with master degrees will receive a starting salary of \$4,000 with a maximum of \$7,825.

Under the former salary schedules teachers with a bachelor degree received a maximum of \$6,500 and teachers with a master's degree, \$7,100.

Six areas here are attending the 23rd annual Wolverine Boys State at Michigan State University.

Some 1,000 delegates have been operating a mythical 51st state on the MSU campus as a lesson in practical politics under the sponsorship of the American Legion.

Elected to office from Birmingham are Edward H. Layton, 1234 Westwood Rd., Monroe Justice of the peace; William H. Race, 1300 Puritan St., a state representative and councilman for the city of Birmingham; and Daniel J. Gresham, 21891 Hampstead Rd., Hayes City councilman.

Others are Frederic Maish, 292 Abbey Rd., Baldwin County drain commissioner; and Theodore H. Egner, 1084 Melton St., state representative.

Neil J. Thomas of 800 W. Long Lake Rd., Bloomfield Hills, was elected a probate judge.

The eight-day convention ends tomorrow.

The area of Florida is 58,560 square miles and 4,238 of those square miles are inland water surface.

State Barbers Mount Clean Shop Drive

EAST LANSING—The Michigan Barbers Assn. is cracking down on unsanitary barber shops.

A new constitution adopted by the organization at its annual convention authorizes fines up to \$100 and revocation of membership privileges for violation of sanitation standards. The group also set up a board to hear violation cases.

Jack Devereaux of Royal Oak was re-elected to a third term as president.

FALSE TEETH

That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little **PARTHENT** on your plates. Hold them tight more firmly, so they feel more comfortable. Does not hurt. Chews like real teeth. Get **PARTHENT** at drug counters everywhere.

MAKERS OF POWER — Four leaders of America's march to more missile money are shown here as Dr. Eberhard Reese, second from right, receives the Distinguished Civilian Service Award. Bestowing the medal at the Pentagon Tuesday is Wilber M. Brucker, secretary of the Army. Dr. Reese, deputy director of the Development Operations Division at the Redstone Arsenal in Alabama, has worked with Dr. Werner von Braun, second from left, and his missile team in the development of the Army missile. At right is Dr. Keith Glennan, director of the National Aeronautics and Space Administration, to which the Von Braun team will transfer July 1.

Unhappy at Treatment, Singer Gets Divorce

SANTA MONICA, Calif. (AP)—"I was very unhappy the way my husband treated me as wife and woman," opera singer Stella De-Long testified as she divorced beer executive Frank Vitale.

Miss Roman alleged at the hearing Tuesday that Vitale, head of Bohemian Distribution Co. of nearby Vernon, is worth more than 10 million dollars.

She won a \$20,000 cash plus demanding higher night bonuses for five and several reforms of the hospital systems, went on strike last week.

Benton Harbor Glad: 'Tin City' Doomed

BENTON HARBOR (AP)—Lake and Container Corp. of Benton Harbor is moving on a \$1,500,000 expansion program which is to bring the community's long-disparaged "Tin City."

City commissioners have unanimously approved negotiations through which the firm is buying 7.73 acres of city-owned property to put up a proposed plant expected ultimately to employ 300 persons.

The first stage is scheduled for completion Oct. 1.

Lakeland is a wholly owned subsidiary of the River Raisin Paper Co. of Monroe, a division of the Union Bag-Camp Paper Co. of Virginia. It employs 30 persons at its present Benton Harbor site.

"Tin City" was constructed 10 years ago as a temporary stopping point for migrant fruit workers until they could obtain farm harvest jobs.

In recent years it has changed completely to become a haven for derelicts.

Its 43 steel and sheet metal buildings, along with beds, blankets and other fixtures, go on public auction next Saturday. Buyers must remove the buildings within 30 days of sale.

The Pisgah, Nantahala and Croatan national forests recently consolidated in one unit in North Carolina comprise more than one million acres — about one-eighth of the state's forest lands.

Appointed to Form Congo Government

BRUSSELS, BELGIUM, (AP) — Patrice Lumumba reportedly has been appointed to form the first government of the Congo republic being born June 30.

The Belgian radio reported from Leopoldville that Belgian Minister Walter Ganshof van der Meersch named the nationalist leader pre-

sides-designate following the election of Lumumba's candidate for speaker of the new Assembly by a vote of 74-56.

It was the second time Lumumba had been summoned to try to form a new government with a workable majority in parliament. The first time he failed.

Arizon has a land area of about 114,000 square miles which ranks sixth in area in the United States.

Church of Nazarene Reports Fast Growth

KANSAS CITY, Mo. (AP)—The Church of the Nazarene showed big gains in membership and finances during the decade of the 1950s.

Dr. T. S. Ludwig, general secretary, told the church's 15th quadrennial general assembly Tuesday that domestic membership increased by \$8,813 to a total of 311,300 during the 10 years.

HOME OF THE FUTURE — The Monsanto Chemical Co. of St. Louis announced that the structural performance of the experimental plastic "Home of the Future" located in Disneyland Park at Anaheim, Calif., has proved out-

standing after three years of evaluation by engineers. To celebrate its six month visitor the home has a new coat of golden latex paint and curvaceous new interiors.

Unions Propose Drug Chain

9 New York Groups Hope to Cut Store Bills Up to 35 Per Cent

NEW YORK (AP) — A group of nine labor unions hopes to organize a chain of cut-rate drug stores here to reduce family drug bills for union members.

A spokesman for a committee formed by the unions announced incorporation proceedings Tuesday. The unions hope to reduce drug bills by up to 35 per cent.

The New York Retail Druggists Assn. insists such cuts are impossible and contends the chain would ruin hundreds of small pharmacies. The association plans to close all but 1,000 of its 3,400 member stores Sunday in protest.

Ten thousand children will be born this year with cleft lip and palate disorders.

Candidates Interested in Unemployment Rate

The major issue in the primary and general state elections this year is the economy of Michigan, the three Democrats and single Republican seeking the governorship said in a recent interview.

Democrat JAMES HARE, secretary of state, painted this picture: there are 200,000 unemployed, and 225,000 underemployed, working less than normal. There are a substantial number of business bankruptcies, and only 100 million dollars left in the unemployment compensation funds.

HARE

This latter figure could quickly vanish if unemployment took a serious climb, he added. Also, the state has 70 million dollars in unpaid bills.

He would add two members to the state administrative board: one as a Secretary of Labor, who would include within his province of problems the one of unemployment, and a Secretary of Commerce, who would seek to bolster the businesses of the state.

Gubernatorial candidate ED CONNOR, a member of the Detroit Common Council, said the state faces great expansion in the next few years, and needs new leadership. He is anxious to be part of that leadership.

CONNOR

"We can't afford continued labor vs. industry duels for leadership, we need someone who has the confidence of both," Connor also forecast even greater state expenditures for services to residents.

Gov. JOHN B. SWAINSON spoke out against a one cent increase in the state sales, tax as bringing in insufficient revenue, and placing a burden on people who can afford it least. He also opposed the proposed constitutional convention, saying it might allow the Legislature to steer away funds earmarked for schools.

SWAINSON

"What the state needs is a climate for people," the youthful politico said, unimpressed by his unintentional pun on Michigan's spring which has kept the long Johns in the wash instead of the moth balls. "A climate for people and the resultant good climate for both labor and business."

"Good steady wages and jobs is the big need in Michigan," said GOP candidate PAUL BAGWELL. He also mentioned the state's unemployed, that 100,000 new jobs a year are needed to keep pace in Michigan.

BAGWELL

"There is nothing wrong in Michigan that an era of positive politics can't correct. This is a great state, but it has been the battleground of labor vs. industry, big business vs. small business, and farm areas vs. the cities.

"We need a complete change after 17 years, uniting all of the above segments in a construction program, with an amnesty in the war of politics.

Candidate Bagwell also opined that if the sales tax increase is not made, a state income tax will be necessary.

His closing statement: "We can't afford 'Patent Medicine Politics' and 'Crisis to Crisis' government."

General Hospital Adds Physical Therapy Clinic

Announcement of a forthcoming physical therapy clinic at Pontiac General Hospital has been welcomed by officials as the one service previously lacking at the city facility.

Coming at the completion of renovation and construction at the hospital, it is a further indication that we now have the finest facilities for our residents.

The installation of the Cobalt radiation unit recently was another step toward making the city hospital "fully equipped" in the truest sense.

The Sister Kenny Foundation will establish, staff, equip and operate the therapy clinic, at a cost of \$55,000.

This is another milestone of progress for a forward-looking city.

The Man About Town Were You There?

When Cornerstone of the Old Courthouse Was Laid

Numbers: A top sucker racket.

Wonder how many people now living had any part in the laying of the cornerstone of our present courthouse? That span of over a half century has seen many changes in Pontiac and Oakland Counties.

The present architect of this column has been instructed to bring down a copy of his Holly Herald, which he had established in 1901, and place it in the cornerstone, which houses copies of all the county newspapers of that time.

Here's hoping that these creaking old bones will still be able to creak when that cornerstone is opened. They didn't creak when, as a young squirt who thought he knew about the newspaper game than all that he has since learned, put that copy there.

I would like to hear from anybody else who helped fill that box.

Our experience in raising flowers is quite in accord with that expressed in a letter from

Forrest Badery of Rochester, who asserts that more failures are caused by too much fertilization than by the lack of it.

In response to numerous inquiries, this column will have its third annual Freckles Contest in connection with the Oakland County 4-H Fair, Aug. 9-13, with a \$50 U.S. savings bond as the prize. So, youngsters; groom 'em along.

Strawberries so large that 15 of them make a quart are reported by

Mr. Ada Orsen of Rochester, who says, "And I mean a heaping quart."

"Wonder if any other of your readers are eating new potatoes from their garden?" phones

Harry Myerson of Keego Harbor, who says his family had their first on June 20.

Keeping tab on a pumpkin vine in his garden,

Bryson Arnew of Waterford says it shows little growth on a cold day, but will stretch out four inches on a hot one.

Frequently driving to the Northern Peninsula,

Harvey Feich of Lake Orion poses a boost for the mileage of his compact car by saying the \$2.50 fee for crossing the Mighty Mac Bridge is more than the cost of the gas required to get there.

Mr. and Mrs. Elmer H. Reynolds of 21 Elizabeth Lake Road; 55th wedding anniversary.

Mr. and Mrs. Charles F. Allen of Watkins Lake; golden wedding.

Matthew Harriman of Birmingham; 84th birthday.

Mrs. Nora Frankfort of Walled Lake; 83rd birthday.

George Phillips of Hadley; 80th birthday.

Rocking the Boat

David Lawrence Says: Supreme Court Reverses Itself

WASHINGTON—There is a kind of quiz that appears in some newspapers, in which on one page it is asked: "Who said this?" Then the answer is given on another page.

Well, who is the author of the following: "Yet important as these civil rights are, it will not do to sacrifice other civil rights in order to protect them. We live and work under a constitution that guarantees the rights of the states to control their school systems."

The temptations of many men of good will to cut corners, take short cuts, and reach the desired end regardless of the means.

"Worthy as I think the ends are which the Civil Rights Commission advances in these cases, I think the particular means used are unconstitutional."

Was the foregoing comment expressed by some critic who feels that the desegregation decision of the Supreme Court in 1954 ignored the rights of the states to control their school systems?

Was it written by someone who, like this correspondent, questioned the legality of the "sit-in" demonstrations at the lunch counters in the South, only to hear the Rev. Martin Luther King say on television that, while it may be a violation of local law to trespass on premises in which there is a lunchroom and stay there demanding service, the end morally justifies the means?

The answer is that the paragraph quoted above comes from the pen of Supreme Court Justice William O. Douglas this week in a dissenting opinion in which he and Justice Hugo Black announced their differences with the other seven justices of the court.

NO CROSS EXAMINATION

The issue concerned the refusal of registrars in the South, accused of voting-law violations, to testify before the Civil Rights Commission when they were denied copies of the charges against them and were not permitted to confront or cross-examine those making the charges.

The commission was given by Congress certain powers of investigation, including the right to subpoena witnesses, and the commission's procedure had been to deny to such witnesses the right to confront and cross-examine other witnesses who, by their testimony, might seek to damage them.

The Supreme Court's majority held this week that the commission's hearing was just an "investigation" to get the facts and not to prosecute anybody, so the "due process" safeguards are not necessary, particularly as the testimony could be taken in secret.

It will be recalled that last year the Supreme Court had a difficult time with the same issue when

I say I call indignantly developing inability which continues indefinitely rheumatism. Not because rheumatism means anything in particular.

It was a guess of the old-timers, a label to apply to any kind of lameness of back, limbs, joints, muscles, and it carried a vague suggestion that the victim must have been "exposed" to cold, damp, change of weather, etc., etc., which was enough to satisfy any ignorant customer in the almanac era.

If you ask me for advice about arthritis, the only advice I'll give you is: Consult a physician.

If you ask me for advice about rheumatism—ditto.

In short, if you think I know what I'm talking about, you'll call your joint trouble rheumatism.

If you clothe the name in quotation marks or add a patronizing "as you call it," I won't understand what you mean and you won't be hearing from me.

I do not deny that actual chronic arthritis (joint inflammation), occurs, I merely say it is a rare happening as compared with rheumatism.

The nature of rheumatism, I contend, is physical degeneration of joint tissues.

The cause in the great majority of cases is nutritional deficiency through the years from childhood up to the present.

I know of no particular remedy or treatment for the rheumatism. All I can tell you is how to revise and supplement your diet so as to correct the nutritional deficiencies responsible for your rheumatism. Not for a week, a month or a season, mind you, but from now on.

Just for instance, if you reject

Voice of the People 'Let's Stop Buying Goods From Insulting Japanese'

After we've treated the Japs so courteously and helped them get on their feet, it is an insult to the whole nation the way they've treated President Eisenhower by forcing their government to cancel his trip of understanding and friendliness.

To offset this insult everyone throughout the nation should boycott Japanese goods. Stop buying them.

53 Trenton

Can Our Leaders Prevent Disaster?

Throughout the 20th Century our nation has been under the direction of men who were supposedly our "best minds," and what a sorry mess has been made of things! In these six decades we have had two disastrous world wars, plus a useless indecisive bloodletting in Korea, which enthroned a despot that the Korean people themselves have ousted.

We have had a terrible decade-long depression from which the nation escaped only because World War II created markets for the output of American fields and factories. Today our nation is in a state of moral collapse.

The US incident shows that Vandenbergism prevails now even on the government level. Not only are crime, delinquency, alcoholism, and mental illness at an all time high, but now we find ourselves, once again, aging down the road to war. This time it will be a suicidal nuclear war.

"Leaders" have failed us in the past. Why should we expect that they would not fail us this time? Such Hagons

3110 Garden

Smiles

It's strange how the things we never manage to get together with more than the things we lose.

A man can lose constantly at the race track, yet never learn to cut out the horse play.

The hardest thing about holding on to a job during the hot days is the work it takes.

Waiters are open to suggestions. They'll be just as friendly if you tell them they're doing it wrong.

Two sons of a bank robber were arrested in the same kind of work. A couple of off-shoots.

THOUGHTS FOR TODAY

But let each one test his own work, and then his reason to boast will be in himself alone and not in his neighbor. — Galatians 6:4

Let me but find it is my heart to love.

When vagrant wishes beckon me astray, Of all who live, I am the one by whom they stray.

This work can best be done in the right way. —Henry Van Dyke

Case Records of a Psychologist:

Impotency Usually Psychological

years, millions of husbands begin to notice a lack of their former ardor. They have increasing difficulty in achieving erection over their wives and after 40 to 50 they finally become sarcastic and fastidious, or drunken or enervated of other younger women.

They seldom acknowledge such fears to their mates, for their male pride will not permit such an admission.

So they try to camouflage their difficulty in the hope of diverting their wife's attention from the real problem. That's one reason why they grow unduly bitter or sarcastic.

Thus, they pick on her about trifles, such as her cooking or supposedly poor housekeeping. In their sex panic they even lose interest in their children.

Then they may demand twin beds and brutally wound their wife's ego by telling her she isn't attractive any more and she's not to love her.

This isn't the truth, but an alibi to excuse their failures to seek marital relations.

THE MALE MENOPAUSE

Sometimes they indulge in self pity. Other victims will magnify the sex desires of their wife and wonder if they shouldn't commit suicide or give her a divorce so she can be free to seek a second husband.

The wives usually are uncomplaining about such a husband's impotence, but when a man loses his sexual vigor, he imagines his wife craves an undue amount of sex.

Horace isn't originally impotent. I learned that in a recent interview. But he had grown weary of his wife. This made him feel inferior. So he watched himself out of the corner of his eye.

But you cannot be satisfied and concerned at the same time. Thus, the moment that a man grows worried and fearful, he

NEW HITCH AT 76—The proper number of "hash marks" are added to the uniform of Chief Petty Officer Joseph J. McNamara who Tuesday started his fourth hitch in the armed service in 60 years at the age of 76. Journalist Mary E. Cochran adds the marks. McNamara, Navy reservist, received a routine notice offering him 30 to 60 days of active duty. He volunteered for the longer term and says he would choose to spend the rest of his days in the Navy.

Saginaw Bay Plant Dedicated Today

BAY CITY (UPI)—A new power plant on the Saginaw River will be formally dedicated here today.

Named in honor of Dan E. Kahn, recently retired former president of Consumers Power Co., the installation will supply electrical power for much of Michigan.

Using the Saginaw River as its energy source, the plant, when completed, will have two units each able to produce 265,000 kilowatts.

Dr. Robert D. Swanson, president of Alma College, will conduct the dedication ceremonies.

David W. Kendall, special counsel to President Eisenhower, will be principal speaker at a dinner later in the day.

The Kahn power plant will boost Consumers' total statewide generating capacity 13 per cent, to 2,270,000 kilowatts.

'Key TV' Allows the Watcher to Talk Back

MIAMI BEACH, Fla. (U-P)—A small device that lets television viewers talk back was demonstrated Monday night at the National Community Television Assn. convention.

The device is the nerve center of a system called "Key TV" by its developer, TelePrompTer Corporation.

The control contains two buttons, which a user pushes and which register at a central control point.

H. J. Schaffly Jr., vice president of TelePrompTer, said the device would make it possible for viewers to take educational television course examinations and participate in opinion polls and, eventually, buy products shown on television.

18 Leave State in Alaska Trek

They'll Seek Homes in Pioneer Land; Too Crowded Here

MICHIGAN CENTER (UPI)—Eighteen Michigan residents, filled with a pioneer spirit and restless because "things are getting too crowded nowadays," took off for Alaska Tuesday in a modern-day wagon train.

The group, following the example of last year's famed "Michigan 50ers," set out for a new life in a caravan of four vehicles and accompanied by a helper, bull and a horse.

Dean Barker, spokesman for the group which has been planning its trek for weeks, said all 18 members of the caravan were happy at the prospect of life in Alaska except his daughter Diana, 14.

"She's just at the age where she's interested in a boy here," he said.

OTHERS ANXIOUS

The others, he said, "are all wanting to get on the road and get started."

"I hate to leave my folks here," he said, "but this is something I've always wanted to do. My mother says she'd like to come with us but dad says he's too old."

The group heading for the 49th state includes three families and two young men.

The party includes Mr. and Mrs. Lawrence Bunker and two of their three children from near Marshall, Mich., and Mrs. Dean Barker and her five children of Michigan Center. Mr. and Mrs. Elvin Barton and their three children of Grand Ledge, and Dale Thompson and Lyle Stuart of Jackson.

The group plans to make the long journey in a two-ton truck, a two-ton van, a panel truck and a semitruck with a 35-foot trailer.

Their equipment for the 4,500-mile jaunt also includes two house trailers, a bulldozer, tractor and used jeep. They're also taking a portable saw mill, power plant and other tools.

Lawrence Bunker said the group has not decided definitely yet where it will settle or how they plan to get through the next winter.

"But he said 'We'd like to settle on the Kenai Peninsula (south of Anchorage) but we understand this land may have been closed to home steading.'"

Participation Fin in College Tests, Says President

IOWA CITY, Iowa (AP)—A total of 388 colleges and universities participated in the American College Testing Program's first year, Jean Paul Mather, ACT president, reports.

More than 125,000 high school students participated. Mather, who came to ACT from the presidency of the University of Massachusetts, hailed the participation as "amazingly rapid confirmation of the needs met by the program." It tests college-bound high school seniors.

ACT, initiated by an agency of the State University of Iowa, is to be incorporated as an independent, non-profit agency.

Chilean City Living in Terror

Impure Water, Rain, New Tremors, Threat of Flood Stir Fear

SANTIAGO, Chile (AP)—Impure drinking water, steady rains, new earth tremors and the threat of a flood from Lake Rindue make life continuous misery for the battered population of the south Chilean city of Valdivia.

More than 40,000 persons in low-lying sectors of Valdivia and the surrounding valley are imperiled by the lake waters above, which have reached 42 feet beyond their normal level. Their natural outlet to the San Pedro River was blocked by landslides in last month's shattering earthquakes.

New panic gripped the city Tuesday as 16 minor quakes struck, threatening to topple business buildings weakened by the earlier shocks. People rushed from homes, screaming in terror at the heavy rains and severe cold. Workers and soldiers sought to channel some of the pent-up lake water into the San Pedro, but the flood threat grew steadily worse as the rains continued.

Thousands of persons have fled, but others stubbornly refused to leave what homes and lands are left.

Five tons of ice are needed to make a ton of steel.

Deaths in Pontiac and Nearby Areas

MRS. CHARLES W. DENNY, Mrs. Charles W. (Mary O.) Denny, 60, of 456 Mt. Clemens St., died Tuesday at Marquette Community Hospital following a five-year illness.

Surviving are one son, John of Rector, Ark., and three daughters, Mrs. Dorothy Sheppard of Lake Orion, Mrs. Mammie Parr of Brown City, and Mrs. Ethel Massengale of Pontiac. Three brothers, one sister, nine grandchildren and 15 great-grandchildren also survive.

Service will be held at 3 p.m. Friday at Donelson-Johns Funeral Home. Burial will be in White Chapel Memorial Cemetery, Troy.

SHERMAN P. DYSON

Sherman P. Dyson, 62, of 131 Draper Ave., died Tuesday of a heart attack at his home.

A retired foreman in the paint department at General Motors Truck and Coach Division, Mr. Dyson came from Chicago, Ill., when Yellow Cab merged with GMC.

Surviving besides his wife, Ivy, are a son, Sherman P. Jr. of Pontiac and two daughters, Mrs. Edgar Robinson, also of Pontiac and Mrs. Thomas Humphries of Oxford. His mother, two sisters, and 11 grandchildren also survive.

Service will be held at 11 a.m. Friday at Donelson-Johns Funeral Home with burial in Ottawa Park Cemetery, Clarkston.

ADAM SULKY

Service for Adam Sulky, 79, of 3310 W. Commerce Rd., will be held at 10 a.m. Thursday at Huntington Funeral Home with burial in Oakland County Cemetery.

Mr. Sulky died of pneumonia Sunday following a long illness. Two sisters survive him.

MRS. EDWARD ALLEN

MILFORD — Service for Mrs. Edward (Ada L.) Allen, 71, formerly of Milford, will be at 1 p.m. Friday at Richardson-Bird Funeral Home. Burial will be in Whom Cemetery.

Surviving beside her husband are a brother, Webb Wilson of Milford, and a sister, Mrs. Ina Woodworth of Walpole Lake.

Mrs. Allen's body will lie in state beginning at noon tomorrow at the funeral home.

MRS. ALFRED MARION

BROWN CITY — Service for Mrs. Alfred (Olive) Marion, 73, lifetime resident of Brown City,

was to be held at 2 p.m. today in the Burnside Congregational Church with burial in Evergreen Cemetery.

Mrs. Marion died Monday at her home after a brief illness.

She and her husband were employed at the Pontiac State Hospital during World War II. They recently celebrated their 57th wedding anniversary.

Surviving besides her husband are three daughters, Mrs. Beulah Kananach of Mrs. Frances Stuart, both of Pontiac and Mrs. Bernetta Shultz of Brown City; two sons, Lawrence Marion of Marquette and Gordon Marion of Brown City; 12 grandchildren and one great-grandchild. Two brothers, Hugh Reid of Imlay City and Howard Reid of Milford, and a sister, Mrs. Esther Ewalt of Romeo, also survive.

MRS. OSCAR McCOMB

FENTON — Service for former president Mrs. Oscar McComb, 80, of Tawas, Fla., will be at Craft Funeral Home here at 1:30 p.m. tomorrow. Burial will be in Beebe Cemetery, Rose Township.

Mrs. McComb died Sunday at Tawas.

Surviving are her husband; three sons, Walter of Lansing, Russell of Grandville, and Fred of South Palm Beach, Fla.; four sisters; six grandchildren, and two great-grandchildren.

MISS GAY E. REESE

CLARKSTON — Service for Miss Gay E. Reese, 42, former Clarkston area resident, was to be at 1:30 p.m. today at the Lewis E. Wint Funeral Home, with burial in Lakeview Cemetery.

Miss Reese died Saturday in Wayne County General Hospital after several months' illness. Surviving are two sisters, Mrs. Robert Pierce of Clarkston and Shirley Reese of Rockwood, Tenn., and two brothers.

KIM WRIGHT

WALLED LAKE — Service for Kim Wright, eight-year-old son of Mr. and Mrs. Robert L. Wright, of 611 Gamma Rd., will be Saturday at Higgins Funeral Home, Benton, Tenn.

Burial will follow there. The youngster was dead on arrival at Pontiac General Hospital after being hit by a car yesterday. He was a pupil at Decker Elementary School.

Surviving besides his parents are two brothers, Robert at home and Fred of Tennessee; and a sister, Mrs. Susie Estep, also of Tennessee.

Funeral arrangements were by Richardson-Bird Funeral Home here.

More than 1/5 of the oil wells drilled in the United States are chief raw material used in the Alaska sea otter was thought as still producing.

Big UP Bridge to Be Dedicated

Friday Ceremony Will Note End of Bottleneck at Houghton, Hancock

HOUGHTON, Mich. (AP) — Folks from Michigan's Copper Country in the northernmost tip of the Upper Peninsula will get together Friday to help dedicate the new 11-million-dollar Portage Lake bridge.

Its builders say the 1,318-foot span, linking the cities of Houghton and Hancock on the Keweenaw Waterway, is the world's heaviest vertical lift bridge.

The claim is based on the 2,264-ton center span, which is raised 100 feet like an elevator to allow ships to pass beneath.

Motorists welcome it as the end of the Upper Peninsula's worst traffic bottleneck.

and other festivities will close the three-day event.

Ships use the Keweenaw Waterway as a shortcut around the "hitchhiker's thumb" which juts northward into Lake Superior from the western Upper Peninsula.

The new bridge, started in December 1957, replaces a span built in 1895 to carry horse-and-buggy traffic. It weighs 55,000 tons.

Its four 15-foot traffic lanes offer a traffic capacity of 3,300 vehicles an hour, more than three times the capacity of the old bridge.

It also has sidewalks on both sides and a railroad track on a lower level for trains.

Traffic began rolling across the bridge last Dec. 20. Clearance of the old swing bridge was only five feet, making it necessary to open it even for many small pleasure craft. Cars and trucks frequently backed up for half a mile or more to allow a ship to pass.

Loving a Lover-Boy With No-Account Check

CASPER, Wyo. (AP)—Tommy E. Loving was scheduled to get married on Sunday. But he didn't quite make it.

Sheriff's officers arrested Loving on a Saturday and charged him with passing a no-account check. Loving, they said, paid for the wedding ring with the check.

Wrong Line Amusing, but Driver Balks at Cost

WATERBURY, Conn. (AP)—A motorist in a line of cars at a drive-in theater balked at paying the admission price.

But he paid, and drove inside a short time later, he drove out and told the manager that he had no intention of seeing the movie.

He had been driving home, got into the wrong line of traffic, and couldn't get out before reaching the drive-in box office.

Hunting for Birds' Nests Brings Trouble to 'Tom'

NASHVILLE, Tenn. (AP)—Thomas E. Parker told police he climbed a tree outside a nurse's home looking for a bird's nest.

But a nurse complained Parker was a peeping tom. Police, who said Parker had climbed about 50 feet up charged him with disorderly and offensive conduct.

Navy Reveals Guided Torpedo

System Can Deliver Depth Charges Also From Miles Away

KEY WEST, Fla. (AP) — An integrated weapon system capable of delivering an acoustic homing torpedo or a depth charge to an enemy submarine while the fire control system gives launching ship is miles away has been unveiled by the Navy.

Called ASROC by the Navy, it possible for surface vessels to attack enemy subs without manning them off Key West Tuesday, covering or leaving a convoy.

Called ASROC by the Navy, it possible for surface vessels to attack enemy subs without manning them off Key West Tuesday, covering or leaving a convoy.

advance in the Navy's anti-submarine warfare program. ASROC has four major parts—an underwater sonar device, an electronic fire-control computer, an eight-missile launcher and the missiles.

A sonar dome underneath the ship detects and tracks enemy subs by bouncing short bursts of sound off the target. These echoes are magnified aboard ship to reveal the target's range and direction.

The fire control system calculates the course, speed and future position of the enemy submarine. After making its computations, the fire control system gives launching orders.

The Navy said ASROC makes it possible for surface vessels to attack enemy subs without manning them off Key West Tuesday, covering or leaving a convoy.

Called ASROC by the Navy, it possible for surface vessels to attack enemy subs without manning them off Key West Tuesday, covering or leaving a convoy.

JUST ANOTHER DAY — Cutting his wife Pat a slice of hastily prepared anniversary cake is Vice President Richard M. Nixon. He had addressed the 40th annual convention of the National Junior Chamber of Commerce earlier in the day in St. Louis, assuring them the U. S. economy is way ahead of the Russians'. To the man and wife team of 20 years it was just another working day. The vice president didn't even get a gift.

County Records 201 New Cases of Measles

The number of measles cases reported in Oakland County last week showed a considerable rise as compared to the previous week and to the corresponding week a year ago, according to Dr. John D. Monroe, County Health Director.

Two hundred and one cases were reported to the health department this past week as contrasted to 84 the previous week and only 30 in the same week last year.

A complete breakdown of reports from the health departments on communicable diseases is as follows:

OAKLAND COUNTY			
	PAST WEEK	PREV. WEEK	1959
Chicken pox	8	20	50
Measles	8	201	10
Mumps	13	11	7
Whooping cough	6	8	2
Scarlet fever	0	0	0
Rheumatic fever	2	3	0
Salmonella	1	0	0
Infections	0	0	0

PONTIAC			
	PAST WEEK	PREV. WEEK	1959
Chicken pox	0	0	0
Measles	0	0	0
Mumps	0	0	0
Whooping cough	0	0	0
Scarlet fever	0	0	0
Rheumatic fever	0	0	0
Salmonella	0	0	0
Infections	0	0	0

The Alaskan trade in fox fur produces about as much revenue as the sale of all other Alaska furs combined.

1960 Seaway Story: Cargo Up, Ships Off

MESSENA, N.Y. (AP) — More cargo carried in fewer ships is the trend on the St. Lawrence Seaway in the first two months of 1960 operation, a report shows.

Cargo carried upbound, from Montreal into Lake Ontario, increased by 44.7 per cent in April and May over the previous period last year. However, total cargo downbound increased by only 7.9 per cent.

The seaway opened April 15, for shipping, 10 days earlier than in 1959.

The report was released by the St. Lawrence Seaway Development Corp. and Canada's St. Lawrence Seaway authority.

Upbound total cargo amounted to 1,634,740 tons, compared with 1,130,126 in April-May 1959. Downbound, the current total was 1,859,351 tons, against 1,727,667 in the 1959 period.

The number of ships upbound totaled 693, compared with 712 in the similar period last year, while transits downbound totaled 589, a drop from 616.

Among lesser-used narcotics are the derivatives of the thorn-apple, henbane, hops and common lettuce.

PET DOCTOR

By A. W. Miller, D.V.M.

Question: Which breed makes the best Seeing Eye dog?

Answer: The German Shepherd has won more acclaim for service in this remarkable field than any other breed. He is reliable, obedient, and has an uncanny ability to make correct decisions in moments of confusion.

Regardless of these qualities, the animal who is to spend his life guiding a sightless master cannot be trained by a layman. It takes an expert to give the dog its six weeks preliminary training and another six weeks of guidance with his future master.

The training of the animal is more mental than physical and the trainer's aim is to establish rapport and a series of conditioned reflexes between master and dog. Male or female German Shepherds between the ages of one and two years can be donated to this cause.

Contact your local Association for the Blind. The percentage of successful results in donated dogs is 50 while animals specifically bred for this purpose have a 90 per cent success.

The cost of this service to an afflicted person is nominal, as these organizations are supported through charity.

Japanese Honor Gen. MacArthur

High Award Given to Ex-Military Boss Who Raps Military Rule

NEW YORK (UPI)—Gen. Douglas MacArthur accepted one of Japan's highest decorations, the Order of the Rising Sun, today with a statement of his firm disbelief in the usefulness of military occupations.

The 80-year-old general of the Army, who accepted the Japanese surrender in 1945 and administered the postwar Allied military occupation of that country, received Japan's Grand Order of the Order of the Rising Sun with paulownia flowers.

The decoration was conferred by Emperor Hirohito, who at MacArthur's insistence in 1945 renounced his royal deification status.

New York Consul General Mitsuo Tsubaki presented the award. He told reporters it was the highest decoration the Emperor could give a foreigner, with the exception of heads of state.

'FEELING FINE'
MacArthur, who underwent major surgery earlier this year, was firm of voice and in buoyant spirits at the ceremony. His aide said the general had been "feeling fine."

"No honor I have ever received moves me more deeply," MacArthur said.

"Perhaps this is because I can recall so parallel in the history of the world where a great nation recently at war has so distinguished its former enemy commander."

"The feeling is intensified in that it comes, not during my personalship, but after time and thought and study and analysis have carefully evaluated the results of the occupation."

"What makes it even more poignant is my own firm disbelief in the usefulness of military occupation with their corresponding displacement of civilian control."

MacArthur received a telegram from Vice President Richard M. Nixon saying that the decoration came at an appropriate time—"despite Communist mob manipulation, we know that the great majority of the Japanese people reciprocate the respect and affection of our fellow Americans."

Vet Diagnoses Malady, Dog Contracts Measles

MEMPHIS, Tenn. (AP)—When Mrs. Pat Cornell's chihuahua dog felt ill, she rushed it to the veterinarian.

The vet took a look at the pup and asked, "Anybody sick at home?"

"Why yes, my 11-year-old daughter has the measles."

"Well, so does your dog, lady," replied the vet.

Quick Relief from Pile Irritation

40 years ago a Buffalo drugstore created an ointment to relieve itching and smarting of piles. It brought such quick, soothing, salubrious relief that it later spread across the land making Peterson's Ointment a favorite in thousands of homes. Ask your druggist for the best or the application tube. Peterson's Ointment delights or money back.

Well, June a Matching Month Anyway

Jack-Stu Vs. Dick-Lodge in November?

By RUTH MONTGOMERY
WASHINGTON — Matchmaking is irresistible in the merry month of June, and this correspondent is only human in a spirit of helpfulness, we therefore offer the leading Democratic and Republican presidential candidates two choices each for their running mates.

The rest is up to them — and to the smoke-filled delegates in Los Angeles and Chicago next month.

Inasmuch as the Republican vice presidential selection will almost certainly be influenced by the outcome of the Democratic convention, let's take the first look at hard-driving young John F. Kennedy.

If claims by his strategists withstand the acid test of the first ballot, he will need only 100 additional votes to capture the prize.

The logical place to garner them to make a quick deal with rival contender Stuart Symington, who's running last in the three-way Donkey Party race.

Tall, blond, rich and handsome, Symington would undoubtedly settle for the No. 2 spot, and would have a good chance to become our most sociable vice president in a century.

In many ways the Missouri would provide an ideal balance for the Massachusetts senator, while Kennedy inherited his fortune. As our first Air Force secretary, he has had the administrative experience which the front-runner lacks.

Symington's midwestern background of vote-getting offers excellent geographical balance for Kennedy, who is a self-made millionaire who has successfully run a business, while Kennedy inherited his fortune. As our first Air Force secretary, he has had the administrative experience which the front-runner lacks.

MAYBE WILLIAMS
The major flaw in this otherwise dazzling union is the fact that both are senators. Never in

our history has a nominating convention filled both top spots with members of the upper chamber.

Kennedy's bluest running mate, if not Symington, is Gov. G. Mennen Williams of Michigan, darling of the labor leaders, who is somewhat to the left of Kennedy.

Wealthy and dynamic, Williams is a proven vote-getter in industrial areas and has served longer than any governor in Michigan history. He is anathema to Dixie, but Harry S. Truman proved that a Democrat can win without the Solid South.

Two tall, handsome gentlemen currently have the inside track as running mate with Richard M. Nixon. The slight edge goes to United Nations Ambassador Henry Cabot Lodge, who has done a bang-up job as our top-ranking diplomat, and will be out of a job if Democrats capture the White House.

Born to the purple is Kennedy's own Massachusetts, Lodge has a magnificent war record. In fact, he resigned his seat in the Senate to carry arms for his country; then ran for election after World War II and was elected.

The biggest strike against the

latter post has given Morton a unique opportunity to meet delegates and party bigwigs on intimate terms, in his frequent trips to every state in the union. Nixon likes him, and owes him a few favors.

Lodge is highly knowledgeable about foreign affairs, while Morton is well grounded in the domestic economy. The state of the world in late July, when Republicans gather in Chicago, may therefore dictate the choice for Nixon.

But first, of course, Kennedy and Nixon have to win their own nominations, and there's plenty a slip.

HENRY CABOT LODGE

STUART SYMINGTON

More Than President Asks

Congress Opens Purse

WASHINGTON (AP) — It's touch and go whether the present Congress will be the first in at least 15 years to appropriate more new funds for the government than the President requested.

For an election year, that would be a rarity.

Congressmen seeking re-election usually make a big issue out of whatever they have done to help cut appropriations.

The way the financial picture was shaping up today, they may be making what political capital they can out of increases instead of cuts.

Depending on the final shape of several big money bills, President Eisenhower may be given more money this year than he requested.

The House has passed 15 appropriation bills providing \$71,200,000,000 in new funds.

Nine of the House-passed bills have been cleared by the Senate. They provide appropriations of \$56,257,726,542 against requests for \$54,814,400,359, or an increase of \$1,443,326,183.

Major Senate increases in House bills were in the area of national defense, space programs and health activities. Bills involving these programs are in Senate-House conference committees which will recommend a compromise to the respective branches.

House conferees are holding out for final figures closer to those originally voted by the House.

From 1945 until the present Congress took office, no president has received as much money as he asked.

WINS AWARD — William D. Ratcliff, son of Mr. and Mrs. Bill Ratcliff, 232 Rapid St., has received a four-year scholarship to the University of Michigan.

A graduate of Pontiac Central High School, he plans to major in medicine.

Tests Lawn Mower; Neat Short Turf Results

POWELL, Wyo. (AP) — A Powell businessman tested his new power lawn mower in his front room.

The demonstration was a success. It cut a neat short turf—somewhat shorter than the rug's nap.

Pilot Scouts Weather

OKLAHOMA CITY (AP) — Pilot Jim Cook goes into the air whenever the weather is bad. He is an aerial scout for the U.S. Weather Bureau and flies through violent winds, hail and rain with his equipment-packed World War II F4.

Four species of the walnut are native to North America.

Pretty Hard to Cut the Mustard Then

You're Old at 50, Professor Says

By DELOS SMITH
NEW YORK (UPI) — Prof. George J. Wayne has started a bunch of middle-aged scientists by asserting that people of a mere 50 years of age should be included, "the elderly."

Between the ages of 40 and 50 the signs of aging are already abundantly present in most people, he said.

"Who has not experienced that rather startling difficulty in visual accommodation?" he asked, referring to sudden trouble in reading phone books and other small print.

And there are those "increasingly discernible changes in physical stamina, and that pervasive sort of thickening into middle-aged respectability."

Dr. Wayne is a professor at the University of California at Los Angeles. In a recent lecture he was emphasizing that the elderly have emotional problems which are not entirely of their making. These problems are made by younger people in generally deprecating the "old man" and the "old woman."

"Rarely is the elderly person accepted within work situations

as a genuinely productive member," he said.

The best that he can expect is the condescending forbearance as though he is being tolerated until a more suitable younger replacement can be eased in.

"Perhaps nothing sums up the attitude toward the aged which is now prevalent in our country as eloquently as the cold and businesslike manner in which they are dismissed by means of old-age insurance, pension plans, mandatory retirement, domestic institutions and various methods of public assistance."

He thought all these things were to the good but the trouble with them was that they served more "to discharge our own feelings of guilt than to fulfill the needs of the aged as individuals."

It is possible for people to grow very old with grace and happiness and the reason more of them don't is less physical than it is psychological, he said.

Many of the aged indulge in "accusations, spiteful behavior, temper outbursts, and slydown strikes" in dealing with their younger relatives.

This behavior comes from qualities of their character which have been present all along, but when they were younger, these qualities were surmounted by their sense of being useful.

A TOUGH PROBLEM
"In other words," Wayne said, "the lid is removed from the Pandora's Box of character traits

Pittsburgh Plate Glass Signs Union Contract

COLUMBUS, Ohio (UPI) — The Pittsburgh Plate Glass Co. Tuesday was assured of uninterrupted operations for the next 20 months under a new wage agreement reached with the United Glass and Ceramic Workers of North America.

The union and the company announced here yesterday that the new contract covering about 10,000 glass workers, had been extended to Feb. 16, 1962. The old contract was not due to expire for eight more months.

The joint statement said the agreement was reached in a spirit of mutual cooperation.

Franco, Salazar Meet; Any Talk About NATO?

MERIDA, Spain (UPI) — Generalissimo Francisco Franco of Spain and Portuguese Premier Oliveira Salazar met Tuesday for their first talks in three years. The presence of Portuguese Defense Minister Julio Botelho caused speculation that Spain's membership in NATO would be discussed. Portugal is a NATO member and has urged membership for Spain.

Canada Shows Drop in Unemployment

OTTAWA (AP) — Canada's unemployment dropped sharply between mid-April and mid-May to 339,000 on May 21 as an above-normal 250,000 persons found jobs in the period, the government estimated today.

More than half of the decline in unemployment from 517,000 on April 23 occurred in Quebec. But the mid-May total was 65,000 higher than the 334,000 unemployed a year earlier.

The report by the Bureau of Statistics said the number of persons with jobs increased by 250,000 in the month period to 5,852,000. This was 140,000 higher than the year-earlier figure of 5,852,000.

The Franklin Institute Laboratories for Research and Development, Philadelphia, were established in 1946.

Wire rope one-sixteenth inches thick, used for airplane controls, planes is as strong as some steel and will sustain a load of about 450 pounds.

Desk Drawer Tells Silent 'True Story'

By HAL BOYLE

NEW YORK (AP) — An office desk is the silent biographer of the man who works at it.

Most desk drawers contain files dealing with the firm's business. But there is also usually a drawer in which the man who works at the desk keeps personal belongings.

Over the years the contents of this drawer tell by their mere mute presence the whole drama of his life—his hopes, his problems, his failures and his victories.

When the man is 25, the personal drawer of his shiny new desk is nearly empty.

It contains the picture of a big-bosomed actress in a low-cut gown, a razor so he can shave at the office after work and not have to go all the way home to get ready for his date, three cubes of sugar, a sheaf of letters from girl friends and an invitation to a cocktail party.

There also is likely to be a note from his father saying, "Mother and I have talked it over and decided not to send you the money. It is for your own good. It is high time you got married, settled down and lived on your own income."

When the man is 35, his desk drawer mirrors his growing responsibilities.

It holds a picture of a sweet-faced young woman and two little girls in bathing suits, a packet of stomach mints, two packs of cigarettes, a cleaning rag to polish the top of his desk, and six sugar cubes—for coffee breaks.

The razor is gone, but there is a well-thumbed copy of a book called "A Dozen Keys to Business Success," and a letter from a correspondence school telling him how he can learn to become an executive by mail.

When the man is 45, the desk drawer has much more to tell.

It holds a half-empty box of aspirin tablets, two rolls of stomach mints, four packages of cigarettes, nine match packets, a bottle of antacid pills, a cleaning rag, and 12 sugar cubes.

There are also a roll of dental floss, a letter from the bank saying his account is overdrawn, and a note from his daughter in college saying, "Please don't tell me you're overdrawn, but I have to have \$25 extra this month or life won't be worth living."

When a man is 55, the desk drawer gets really crowded.

It has a dozen kinds of pills—capsules, tablets and bottled medicines. There are two pipes, a pouch of tobacco, and a book on

Spring Hog Crop Down 16 Pct.

Drop Called Reaction to Price Fall in 1959; Should Boost Tag

WASHINGTON (AP) — The Agriculture Department Tuesday estimated this year's spring pig crop at 49,103,000 head, a surprising decrease of 16 per cent from last year's spring crop.

This crop will provide the pork supply next fall and winter. A decline of upwards of 12 per cent had been forecast. This downturn is producers' reaction to a sharp drop in hog prices last year.

The indicated smaller crop virtually assures farmers considerably better prices for their spring crop hogs than a year ago.

This could have a bearing on the decision this fall in the important midwestern livestock states. GOP farm officials had cautioned farmers that there was need for a downward adjustment in hog production.

A farm survey also indicated that this year's fall crop may be down 3 per cent from the 1959 crop. Such a crop would be about 1,500,000 head and would provide pork supplies late in the winter, spring and early summer.

Lansing Adopts Quake-Racked Chilean City

LANSING (AP) — The City of Lansing has officially "adopted" the city of Valdivia, Chile, and its 100,000 residents left homeless by earthquakes.

A resolution adopted by the City Council set up a bond between the two cities and started action on a plan to send money, clothing, blankets and other items to the devastated city.

Mayor Ralph W. Crego issued a plea to area residents to contribute.

Local churches, the Red Cross and various other organizations already have sent contributions to areas in South America hit by earthquakes.

How to Give up Cigarette Smoking

There are letters from his wife who is visiting their first grandchild, letters from old friends trying to borrow money, a letter from the bank congratulating him on finally paying off the mortgage on his home and two notes from his boss bawling him out for indecision in settling a business matter.

At the bottom of the boss's notes the man has scribbled defiantly: "Who the hell does he think he is? I was running this job when he was in knee pants!"

Naturally the cleaning rag is still there—and 24 sugar cubes.

When the man reaches 65, the desk drawer is stuffed with the debris of 40 years.

THE PENSION PLAN

There are now 36 sugar cubes, a dead cockroach, a note from

his boss praising him for his long service, a brand new copy of the company's revised pension program, a book on "Fifty Places to Retire to and Live on \$2,500 a Year," and a memo from his dentist telling him to come in for his new set of upper.

Slowly, thoughtfully, the man arises, takes out the desk drawer and empties its entire contents into a wastebasket. He takes the cleaning rag, polishes the drawer, puts it back into the desk, tosses the time-soiled rag into the wastebasket.

He sits at the desk for a long moment, running his hand over its smooth top, then flicks away a last fleck of dust. He gets up, puts on his hat and coat and walks out the door forever.

And the desk stands ready and waiting to begin the long chronicle of another man's life in the office.

Stranger Has Advice

MEMPHIS, Tenn. (AP) — Advice can come from unexpected sources. Bill Juddins returned home from a convention, parked his car and went indoors to kiss his wife.

Then he went back out for his luggage. As he was about to re-enter the house, he heard an urgent "Peet!" A stranger delivering handbills said, "Hey buddy, better wipe that lipstick off your cheek before you go in."

Goldwater Pick of Young GOP for VP Post

WASHINGTON (AP) — The Young Republican National Federation reports a nationwide poll of Young Republicans showed Sen. Barry Goldwater of Arizona is their top choice for the GOP vice presidential nomination.

cent of the ballots in a poll conducted by the Young Republican News, publication of the organization.

Other results: United Nations Ambassador Henry Cabot Lodge 11 per cent; Gov. Nelson A. Rockefeller of New York 8 per cent; Sen. Thurston B. Morton of Kentucky 8 per cent; Secretary of the Interior Fred A. Seaton 5 per cent; Rep. Charles Halleck of Indiana 4 per cent, and 11 said Goldwater won 37 per cent of the vote.

STRAWBERRY AND RHUBARB JAM — A brighter day begins when a tempting sweet spread such as Strawberry and Rhubarb Jam is served with hot buttered toast at breakfast. Using

the short-boll recipe given today, it takes just about fifteen minutes to make nine glasses of this sweet spread after the fruit has been prepared.

Takes Only Minutes to Make Good Jam

Some say strawberries were so named because they were brought to market strung on stems. Others insist the practice of mulching the plant with straw or straw-colored seeds resulted in the name, strawberry.

The flavor of strawberries, however, like the scent of roses by any name would seem as sweet. And one of the best ways to keep the flavor of this luscious berry available for year-round enjoyment is to save strawberries in glasses of homemade jam and jelly.

Jams and jellies prepared the short-boll way keep strawberry flavor intact for none of the fresh fruit flavor has a chance to boil away. So, while these beautiful berries are in abundance, you can "preserve" their sweet flavor in glasses of this easy to prepare Strawberry and Rhubarb Jam!

Strawberry and Rhubarb Jam
4 cups crushed fruit (about 1 lb. rhubarb and 1 qt. ripe strawberries) 1 cup (3/4 lb.) powdered fruit pectin
Slice thin or chop (do not peel) about 1 pound rhubarb, or enough to make 2 cups. Crush about a quart fully ripe strawberries, one layer at a time, so that every full

berry is reduced to a pulp. Combine fruits and measure 4 cups into a very large saucepan.

Measure sugar and set aside. Add powdered fruit pectin to fruit in saucepan and mix well. Place over high heat and stir until mixture comes to a hard boil. At once stir in sugar.

Bring to a FULL ROLLING BOIL and boil hard 1 minute, stirring constantly. Remove from heat and skim off foam with metal spoon. Then stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Cover jam at once with 1/2 inch hot paraffin. Makes about 9 medium glasses.

Looks Pretty

Peel a large ripe pineapple and use a melon-baller to remove meat. Heap favorite salad mixture or cottage cheese in an oval mound on a bed of greens. Cover closely with fresh pineapple balls and place a piece of mint or a pineapple leaf at the broad end to simulate a stem. Looks like a quart fully ripe strawberries, one layer at a time, so that every full

Kids Will Want Extra Milk Now

When school's out, you can almost count on needing more milk to satisfy your youngsters' year for frequent refreshment.

That goes especially for the youngsters who are fortunate enough to get extra milk at school under the U. S. Department of Agriculture's Special School Milk Program, for they are used to getting milk between meals. Many such youngsters who never drank milk before the program started back in 1954 now count on it regularly, because they like it.

A cool glass of milk, of course, is one of the most refreshing and healthful drinks you can serve your child — particularly in hot weather. And if you want to give him a little variety, throw in a little food coloring to produce pink

milk, or green milk, or what color have you.

Or you can add fruit juice, such as the sweetened juice from some of the canned freeze-dried peaches which are so plentiful right now, or pineapple juice. Or you can add extracts, such as maple and vanilla, and even spices, such as cinnamon or nutmeg.

For an extra special delight, when you have a few spare minutes, treat the kiddies to a Grape Milk Shake. Simply combine 2 cups of milk, 2 cups of grape juice, 1/4 cup of pineapple juice, 2 tablespoons lemon juice, and 1/4 cup of cream. Mix in shaker or stir with egg beater until foam. Serve chilled.

Sauce in Lemon Shells

Lemon with a French accent... serve tartar sauce or cold Hollandaise Sauce in lemon shells. An easy trick to make Mock Hollandaise is to heat 1 cup mayonnaise with juice of two lemons in the top of a double boiler.

Swiss Cheese and Eggs Make Souffle

Just right for two! Individual Swiss Cheese Souffle: 1 tablespoon butter or margarine 1 tablespoon flour 1/2 cup milk 1/2 cup Swiss cheese (1 cup lightly packed) 1 egg (separated)

In a 1-quart saucepan melt butter over low heat; stir in flour, salt and a dash of cayenne. Add milk; cook and stir constantly until thickened and bubbly. Keep heat very low and add cheese, stir vigorously and rapidly just until melted.

Remove from heat at once and don't worry if mixture is stringy. Beat egg yolks slightly; beat in part of the cheese mixture; heat back into saucepan. With clean beater, beat egg whites until they hold a soft

peak. Fold in cheese mixture completely.

Turn into 2 individual souffle dishes (1 1/2 cups each). Bake in moderate (375 degrees) oven 20 minutes or until puffed, golden brown and firm on top. Serve at once. Makes 2 servings.

Hungry Children Will Go for Hearty Sandwiches

Lunch for the children on a hot summer day can be a real head-scratching problem for mother, but here's an easy-to-make spread which will be sure to please the small fry. Mix finely chopped nut meats and crushed pineapple with prepared salad dressing and serve on bread or toast.

Another combination which appeals to young appetites calls for a combination of chopped, stuffed olives and deviled, ham mixed thoroughly with prepared salad dressing. If you prefer, chopped sweet pickles can be substituted for the olives.

One-half cup of tomato juice supplies about one-fourth of the daily allowance of vitamin C.

Better Instant Coffee Just One New Product

By JANET ODELL
Pontiac Press Home Editor

Producers of instant coffee are making a big bid for the summer drink market. They have improved their product to the place where you can dissolve the powder in cold water for iced coffee at any time. One company says it has captured the pure coffee sector to enrich the crystals of instant coffee. This particular coffee now comes in 10-ounce jars.

Outraged cookies now come in ice and bake form. You'll find them in your grocer's refrigerator case. For a fancy touch garnish

each wedge of dough with half a pecan or a maraschino cherry half.

The same company that puts out the above cookies now has a pin roll topped with sesame seed. We tried these just recently. They're delicious as dinner rolls.

Instant mashed potatoes aren't new, but the manufacturers are always coming up with some improvement. One brand can now be made with the milk and water heated together. This results in a warmer product coming in the table.

Using mashed potato granules in cookies may be new to you.

Here's a recipe to try.

Pecan Crescents
1½ cups sifted all-purpose flour
1½ cups (1½ envelopes) instant mashed potato granules
1 egg
1 cup butter or margarine
1 cup sugar
1 teaspoon vanilla extract
1½ cups (1½ envelopes) sugar
1 cup finely chopped pecans
1½ cups (1½ envelopes) sugar

Sift together flour, instant potato granules, and salt. Cream together butter, sugar, and vanilla. Add milk, beating until light and fluffy. Add flour mixture and pecans. Mix thoroughly. Dough will be stiff.

Roll pieces of dough (about size of rounded teaspoonful) into finger lengths, about 2 inches, tapering the ends; bend into a

crescent on a lightly greased cookie sheet. Bake in moderate oven (325 degrees) 25 to 30 minutes.

Roll in confectioners' sugar; let cool; roll again in confectioners' sugar. Yield: 4½ dozen.

Tangerine is the newest flavor in instant soft drink mixes. There are now 11 flavors with which to make quick beverages.

We've had information on and pictures of a new frozen pecan pie. But this one we have not yet seen in local stores. However, you can keep an eye out for it and ask your grocer. You have your choice of thawing the

pie to serve cold or heating it in the oven to serve warm.

This last item is not food; and it's not cheap. But we think you'll like to hear about it.

General Electric is manufacturing an electric cooking center to use outside. Instead of doing all the work in the kitchen, you now do it on the patio.

One end of the cart has a deluxe charcoal grill with electrically operated spits. The other end has an oven, a grill and two surface units. In addition there's an outlet for coffee maker or toaster.

But wait... we're not done. Both sides of the cart have drop-leaf cutting boards. A gay striped umbrella for sun or rain protection comes along with this rubber-tired cart.

Sausage Origin Lost in Ancient History

Sausage making goes so far back in history that no one knows exactly how or when it was developed. Homer's "Odyssey," written in the ninth century B.C., mentions sausage and there is evidence that it was a food served by the ancient Chinese.

Through the years, certain towns in European countries became famous for different types of sausages, especially the various types of salamis. European families consider salami an all-purpose sausage, for sandwiches, sauces, canneries and tasty nibbling.

Salami is classed as a dry sausage since about half of the moisture of the meat evaporates during its curing and aging periods. The hard salamis are highly seasoned and contain garlic. The soft varieties contain the same seasonings but are dried for a short time or not at all. Because salamis are dried, they contain more concentrated amounts of protein, vitamins and minerals than same amounts of many fresh meats.

Muffin Cup Ham Dish

It's true... here's a recipe for tasty Ham Muffins. Simply combine 1 pound ground smoked ham, 1½ pound ground lean pork, 2 cups cooked macaroni and cheese and 1 egg. Grease 12 small or 8 medium size muffin cups. Fill cups with meat mixture and bake in a moderate oven (350 degrees) for 45 minutes.

Nothing to Making Punch With Frozen Fruit Juice

New frozen fruit juice combinations inspire this easy-to-make punch for 45 people (¼ cup serving each): Make limeade ice cubes or a limeade ice ring by mixing 1 can frozen concentrated limeade with water to make 1 quart; freeze.

Mix one 6-oz. can frozen concentrated orange juice with water to make ½ pint juice and mix with the limeade. Mix together in size bowl with 2 tablespoons frozen lemon juice and 1 quart ginger ale. Add frozen cubes or ring and serve.

Yankus Buys New Home in Adopted Australia

ADELAIDE, Australia (UPI)—Stanley Yankus, Michigan's "rebel" wheat farmer, has cemented his move to Australia by buying a new home in suburban Grange.

Yankus admits that his wife often pines for life on a farm, such as she enjoyed near Dowagiac.

But he said he has no intention of returning to the United States.

"Once my mind was made up to leave Dowagiac, and I felt that the United States could no longer guarantee my children what was originally laid down in the Constitution — defense of life, liberty and the property you own — it was a final decision for me."

Yankus sold his Michigan farm at public auction more than a year ago after a running feud with the government about wheat quotas. He grew excess wheat as food for the chickens he raised and was fined for over-growing.

The fact that Yankus decided to move from a rented house to his own land and house in Grange — spending a large part of the capital he brought from Michigan — showed growing faith in the country of his adoption.

Grange is about eight miles from Adelaide and near the spot where he rented a home upon his arrival in Australia.

He already has ordered orange and other fruit trees for his backyard to bring back a little of the farm atmosphere.

Yankus, who termed the current winter here "mild by Michigan standards," gave no inkling of difficulty in adjusting to the way of life in Australia. But his wife has not been easily readjusted.

"She lives in a 'wish,'" Yankus said. "She wishes she was on her own farm, as she was back at home, and has never quite gotten used to having to mix with big crowds."

"But she is getting to know more people, and the neighbors are very friendly."

Yankus said the sole reason for leaving the U.S. was his children. The children, Russell, 15, Denise, 14, and Karen, 4, are doing well in their new environment.

Linda Christian Gets Power's Big Home

LOS ANGELES (AP) — Actress Linda Christian settled her suit against the \$500,000 estate of the late actor Tyrone Power and will receive something less than the \$300,000 she had asked.

Under the settlement in Superior Court Tuesday, Miss Christian, a former wife of Power, will pay \$34,850 and receive full ownership of the \$103,700 Bel Air home where they lived.

Their children, Rumina, 8, and Taryn, 6, will have a \$25,000 lien on the house if it is sold. Otherwise they will inherit it. The children also have a joint estate of \$86,885.

Power, who died in 1958, divided the bulk of his estate into five trust funds including one each for the two children. His widow, Deborah Power Lowe, will receive another as will his son, Tyrone William, 17 months. The fifth fund for Power's sister, Anne Harber, died.

STEWART J. WOLFE

Industrial Editors Make Area Man Lifetime Member

The first editor to be awarded a lifetime honorary membership from The Industrial Editors Assn. of Detroit is Stewart J. Wolfe of 185 Charleena Dr., near Rochester.

The honor was given to Wolfe because of his many outstanding years of devoted leadership in the field of industrial editing, particularly dealing with sales and promotion of industrial products, according to Carleton S. Rydberg, IEAD president.

Past president of both The International Council of Industrial Editors and The Industrial Editors Assn. of Detroit, Wolfe is a Ford Motor Co. employee.

He is a coordinator of the Salesman's recognition program on the marketing training staff of the Lincoln Mercury Division.

Hague Police Charge Russ Student a Spy

THE HAGUE, Netherlands (AP)—Police have arrested a Russian who they claim was engaged in espionage while registered as a student at the Hague Institute for Social Studies.

Public prosecutor Jan C. Maris said he ordered the arrest of Jan Smirnov, 32, Monday. Police said Smirnov's wife and their child took refuge in the Soviet Embassy. Mrs. Smirnov is expecting a second child.

The Soviet Embassy lodged a protest with the Dutch government.

Maris gave no details of the charges but said "we have had growing indications that Smirnov was not a bona-fide student."

Burnt Toast of No Use, Brides, so Be Careful

TUCSON, Ariz. (AP)—Attention brides: The last claimed usefulness of burnt toast has been discounted. Activated charcoal, which is highly absorbent, has been recommended widely as an emergency first aid treatment for poisoning. But, says the Arizona Poisoning Control Center, burnt toast doesn't turn into activated charcoal and is of no value.

'TelExecutive' Aids Any Man With Speeches

NEW YORK (AP)—The ordinary business executive can now have the kind of speech-making aid used by big-shot politicians, but in a low-priced, portable form.

Among new products this week is the "TelExecutive," a scaled-down version of more costly equipment used in television.

It's a box with an illuminated panel where your speech, printed in advance on continuous-form paper is on a spool you place in the box as you would film in a camera.

The script moves, subject to speed controlled by a gadget in your palm. Illumination can be adjusted. The device is offered by Tell Industries, Inc., Chicago, Ill.

House Considering Health Aid for Aged

WASHINGTON, (AP) — The House takes up today a state-federal program of health aid for a limited group of needy and near-needy older persons.

Indications were the measure will be passed today and sent to the Senate, where proponents of a much broader health benefit program for the aged hope to re-vamp the measure to fit their own ideas.

No such broadening can be attempted in the House. It is taking up the bill under procedures which allow four hours of debate, no amendments, and a take-it-or-leave-it vote.

Longest hit for a torpedo was 3,000 yards by a German U-boat in 1917 on the U.S. destroyer Jacob Jones.

The humidity in Louisiana's sugar growing country is the highest of any place in the United States.

Vaudeville dates its popularity from the time of the French revolution.

Why More Training?

The Job Guide, published by the U.S. Dept. of Labor, gives this answer: "You should weigh carefully the long run advantages offered by jobs you are considering against immediate gains. You should be aware of the great importance of education as a general and specific job asset. Technical or professional training received after leaving high school will give you definite advantages in seeking and finding a job. When advancement opportunities occur, preference is generally given to persons with superior educational qualifications — other things being equal."

Budget Director Warns Deficit Looms in '61

WASHINGTON (AP) — Maurice Stans, the man who counts the billions in the nation's budget, has pleaded with Congress to lay off big spending programs.

President Eisenhower's 1961 budget, said Budget Director Stans Tuesday, is in "acute jeopardy" of becoming unbalanced.

If all or most of the measures now pending in Congress are enacted, Stans said, "they will shatter the hopes of millions of taxpayers that in due time there might be tax reduction and reform, while meeting our solemn obligation to reduce the staggering 200-billion-dollar public debt."

Stans made his plea in a letter to Rep. John Taber of New York, ranking Republican of the House Ways and Means Committee. Its release seemed timed for maximum effect as Congress jostled into the final weeks before adjournment.

Eisenhower's 80-million-dollar budget for the 1961 fiscal year, Stans singled out as budget-busting items the lack of postal

rate increases, the proposed pay increase for federal workers, extra defense and welfare legislation, and House approval of tax deductions to self-employed persons for pension savings.

The Senate, perhaps to forestall just such attacks as Stans' this week voted to increase federal tax revenue rather than cut it. It extended corporation and excise taxes and voted to add another 630 million dollars by tightening restrictions in tax laws. However, the fate of these amendments was dubious as the bill headed to a Senate-House conference committee.

Stans, after listing his objections to the way Congress was handling things, said: "The total added charge to the Treasury as a result of these unnecessary extra burdens is about 17½ billion dollars over five years."

Baptists Opposing Catholic President Will Brink's Thiel O'Keefe Get His Reward?

BOSTON (AP) — Joseph J. "Spec" O'Keefe, 51, who helped mastermind the \$1,219,000 Brink's robbery, may learn today whether he'll go free as a reward for turning against his confederates.

His case is scheduled to come up in Suffolk Superior Court—years and months after he admitted his part in the nation's biggest cash robbery.

Federal, state and local law enforcers freely admit the Brink's robbery Jan. 17, 1950 might not have been solved without O'Keefe's help.

It was on the testimony of the Boston hoodlum that eight men

were sentenced to life for the robbery. O'Keefe said 11 men took an active part in the fabulous haul.

Two died before the trial started in 1956.

O'Keefe, never sentenced for the robbery, has been in confinement at Middlesex County jail in adjacent Cambridge.

Start New York Hotel

NEW YORK (AP) — Construction is under way for Manhattan's first new hotel since 1931. Ground breaking ceremonies Tuesday marked the start of the 25 million-dollar Americana at Lexington Avenue and 51st Street. The 800-room hotel, backed by Loew's Theaters Inc., is to open Oct. 1, 1961.

Stu Believes Russia Tops U.S. Militarily

NEW YORK (AP) — Sen. Stuart Symington (D-Mo) said today he believes that "militarily the Russians are stronger than the United States."

He stated: "We have lost a great deal of strength. We lost it economically, relatively speaking. We have lost it psychologically. We have lost it, and admit it, technologically in the space field. And I believe now that militarily the Russians are stronger than the United States."

However, Symington, a candidate for the Democratic presidential nomination, added that "I think the Soviets are doing so well now that they would do almost anything to avoid a nuclear war."

Macaroni Dishes Sell at Church Dinners

"Let's face it" the best way to raise money for your church or organization is to become famous for your food, so that people will go out of their way to attend your supper.

Wonderful home-made foods that are specialties of your group are lures that draw the crowds every time. Such as the Macaroni Chicken Salad and the noodle casserole below, which the National Macaroni Institute created for the women of the East Central States, a salute for their famous "red suppers."

Macaroni is unfailingly popular with men, women and children, and because it's thrifty and can be prepared in advance with the greatest success. Macaroni can also be dished up in a tempting, colorful manner. Any of the recipes here will help establish the reputation of the woman who brings them, so that she'll be asked to make them each time a supper is held.

Here are a few more tips to make your supper a success. Be sure that your foods are tops and freshly home-made. There's nothing more bitterly disappointing than going to a church sup-

per and eating something out of a can.

Put one woman in charge, and give her plenty of efficient helpers so that your guests will be taken care of properly. Discuss in advance who is going to bring what, and take your community food tastes into account. Set your tables prettily with inexpensive accessories from the dime store, and don't forget the flowers.

Serve the food family style—this makes for less work and waste, and besides, it's faster. Display your fancy desserts on a separate table.

Don't overcharge. Trim expenses by carefully shopping for stores that will give you the best prices and service. The words: "ALL YOU CAN EAT FOR \$1" are a powerful come-on.

And treat each supper as lovingly as if it were your daughter's wedding.

Macaroni-Chicken Salad
1 tablespoon salt
1 quart boiling water
2 cups elbow macaroni (8 ounces)
2 cups sour cream or mayonnaise
1 tablespoon prepared mustard
1 tablespoon chopped chives
1 teaspoon salt
2 cups cooked chicken, cut in strips
1 cup cooked whole kernel corn
1 cup sliced celery

Scallions 'n' Peas
1 egg, slightly beaten
1 cup milk
2 teaspoons salt
1 teaspoon pepper
Add 1 tablespoon salt to rapidly boiling water. Gradually add noodles so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Rinse with cold water; drain.
Combine sour cream or mayonnaise, horseradish, chives, 2 teaspoons salt, and pepper; mix well. Add macaroni, chicken, corn and celery; mix well. Arrange in bed of lettuce. Garnish with tomato wedges. Chill. Makes 6 servings.

Noodle Egg Casserole
1 tablespoon salt
1 quart boiling water
3 cups elbow macaroni (8 ounces)
1 cup egg noodles (about 4 cups)
1 cup grated Cheddar cheese (about 1 cup)
1 cup chopped parsley
1 cup chopped chives

Green Peas With Scallions
2 tablespoons butter or margarine
4 large scallions (green tops included) and cut in thin diagonal 1-inch long pieces
1 package (10 ounces) green peas
Salt, pepper
Melt butter in 6-inch skillet over low heat; add scallions; cook gently, stirring often, until soft through. Cook peas according to package directions but use a deep 8-inch skillet and boil only 2 or 3 minutes; just until barely cooked through; drain and mix with scallions. Add salt and pepper to taste. Makes 4 small servings.

Dill Goes Well With Tuna
Try a touch of herbs in sandwich fillings. Roberta Hershey, foods and nutrition specialist at Michigan State University, suggests a mixture of tuna, cream cheese, diced celery and salad dressing flavored with dill seed or fresh dill. Chicken salad sandwich filling gets a flavor boost with a dash of dried Rosemary.

Scallions 'n' Peas Sing Out With Flavor

There's fine flavor when peas are prepared this way.

Green Peas With Scallions
2 tablespoons butter or margarine
4 large scallions (green tops included) and cut in thin diagonal 1-inch long pieces
1 package (10 ounces) green peas
Salt, pepper
Melt butter in 6-inch skillet over low heat; add scallions; cook gently, stirring often, until soft through. Cook peas according to package directions but use a deep 8-inch skillet and boil only 2 or 3 minutes; just until barely cooked through; drain and mix with scallions.

Dill Goes Well With Tuna
Try a touch of herbs in sandwich fillings. Roberta Hershey, foods and nutrition specialist at Michigan State University, suggests a mixture of tuna, cream cheese, diced celery and salad dressing flavored with dill seed or fresh dill. Chicken salad sandwich filling gets a flavor boost with a dash of dried Rosemary.

Plagued Day And Night with Bladder Discomfort?

Over the years, bladder discomfort may be a source of mild, but annoying bladder irritations — making you feel restless, irritable and uncomfortable. And if restless nights, with nagging bladder discomfort or minor coloration and pain due to over-excitation, stress or emotional upset, are added to your misery — don't wait — try Doan's Pills. Doan's Pills set 3 ways for speedy relief. 1 — They have a soothing effect on bladder irritations. 2 — A fast pain-relieving action on nagging bladder discomfort, muscular aches and pains. 3 — A wonderfully mild diuretic action that helps rid the body of excess fluid, thus getting the bladder back to normal. So, get the same happy relief millions have enjoyed for over 60 years. Now, for your money, also saving money. Get Doan's Pills today!

Board of Education Sets Summer School

The Pontiac Board of Education is again offering elementary summer school this year from June 27 to July 23. Classes will be held at Crofoot and McCarroll schools from 9 to 11:30 a.m.

Designed to serve a dual purpose, the summer school provides remedial instruction in reading, spelling and arithmetic for those who need it, and also enriching experience in science and art for all students.

Enrollment forms may be filled out at either of the above schools on Monday morning, June 27. Tuition is \$20.

Weed Killer on Wheat Is No Health Problem

WASHINGTON (AP)—Secretary of Welfare Arthur S. Flemming said Tuesday that the use of 2-4-D weed killer on wheat does not present a health problem.

He issued a statement after congressmen from wheat-growing states told him of concern by wheat farmers as to whether use of the chemical was harmful.

Renew Ike Ridicule

MOSCOW (AP)—As it spurred on by renewed attacks by Premier Nikita Khrushchev in Bucharest, Moscow newspapers today revived their campaign of ridicule of President Eisenhower.

Slate Hearing in West Slaying

3 Face Court on Charge of Beating Avon Twp. Youth to Death

FLINT (AP)—A Municipal Court hearing was scheduled today for three Flint youths accused of first degree murder in the fatal beating of an Avon Township teen-ager outside a restaurant here June 11.

The hearing was to determine whether the trio was to be bound over for Circuit Court arraignment in the slaying of Dennis R. West, 17, of 14 Montmorency Rd., son of a General Motors Technical Center executive.

The three are Billy Joe Hunsley, 21, Clinton J. Haysle, 23, and Frederick C. Brown, 26.

Three other Rochester area youths with West at the time the police he was attacked without provocation as he came out of a restaurant in Flint's Negro district where he had gone to ask directions.

Detective Sgt. George Edwards said Hunsley and Brown admitted striking West, Harris denied any part in the assault.

Edwards said the fight lasted only a few minutes, West was beaten and kicked and died of a cerebral hemorrhage.

West was described as a mild-mannered youth who never got into trouble. He was graduated from Rochester High School two days before the attack.

Gamble Benedict Loses Place in Social Register

NEW YORK (AP)—Gamble Benedict, Remington typewriter heiress who ran away to marry Romanian-born Andre Furumbeas, has lost her place in the New York social register.

The Social Register's summer edition, which came out Monday, omits Gamble's name but still carries those of her brother Douglas and her grandmother Mrs. Henry Harper Benedict.

The register never announces its reasons for dropping a name.

If Gamble, 16, feels the way she did last January, she couldn't care less.

"In" or "out," she shrugged during her romance with Andre, 25, if made no difference to her. She said she regarded the little black book as "only a small phone directory where you can find other people's middle names and exact ages of their maiden aunts."

Asks for A-Robot to Go Out on Own

WASHINGTON (AP)—The Hughes Aircraft Co. has developed a robot for atomic age jobs too dangerous for men. It wants the government to assign radio frequencies to emancipate its robot from an electric control cable.

Hughes calls its wheeled machine Mobot Mark I. It looks more like a giant grasshopper than a man. Its steel arms are fully jointed and more flexible than human arms. Its hands are metal clamps which can pick up and handle tools. Its eyes are two television cameras that transmit what they see to the control console.

It can be made to speak with the voice of the controlling human. The company said it can do delicate tasks as well as exert tremendous strength.

Mobot Mark I is currently controlled through a trailing cable connection running to a man-operated keyboard. Now, Hughes said, the time has come to cut Mobot loose from the cable and let him go free and far afield under remote radio direction.

Hughes said its gadget could work in radioactive areas, in close-up fighting of oil well and

Possible, Not Probable—Abby

Shouldn't Nurse Such Thoughts

By ABIGAIL VAN BUREN
 DEAR ABBY: I don't know how to start this, but my husband is in the hospital and every time I go to see him he is in his room with the door closed and the nurse is in there with him, but she is not giving him treatments or medicines, or anything like that.

My mother-in-law says there is nothing to worry about because you can't count a nurse in a hospital.

I never had this kind of worry with him before. Am I foolish for being suspicious, or should I just go there early in the morning and sit all day to watch him?

WORRIED WIFE

DEAR WORRIED: Suspicious wives should follow the average nurse around a hospital for one day. They'd soon realize that nurses have better things to do than to romance the patients. If you want to "watch him" (and if they will permit it), that's your business. But I think you would be doing the poor man an injustice.

DEAR ABBY: I am at a loss as to what to do about tipping. My husband considers accepting a tip as a form of bribery. He says he would be insulted if someone offered him a tip.

When I am with my husband I pay no attention to the question of tipping, but when I go to a beauty shop I expect or not.

It seems to me those beauticians get enough for what they do. Yet I don't want to appear cheap. I never see anyone hand a beauty operator a tip. Can you enlighten me?

WANTS TO KNOW

DEAR WANTS: Most beauticians DO accept tips. Some depend on them. The policy on tipping differs in various establishments. If you want to be on the safe side, ask the manager of your shop what the custom is there.

DEAR ABBY: Maybe one of your readers who knows from personal experience can help me make up my mind.

Nine years ago I married a man I knew all my life. We were very much in love, but we quarreled constantly over trivial matters.

We had three children. Our relationship got so bad we hardly spoke to each other, so we finally agreed that divorce was the best solution. It became final last January.

Since then we have both done a lot of growing up. When he comes to see the children he is as sweet and devoted as a man can be.

He claims he never realized how much I meant to him until he lost me. Now he says he could never live another woman, and he has asked me to marry him.

I still love him, Abby. But I'm afraid. What are the chances for a successful marriage with a mate you once divorced?

UNDECIDED

DEAR UNDECIDED: I would guess they are excellent. But I'm only guessing. Experience is still the best teacher—and if I hear from readers

who have had this experience, I'll print their replies.

CONFIDENTIAL TO ANNETTA: This may sound like another version of a very old joke, but it conveys the message perfectly: "No one will buy a cow he can milk for nothing."

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

Abby's best-selling book, "Dear Teen-Ager," is on sale at all bookstores.

Women's Section

Silk, Lace Are Worn by Bride

Dinan-Guinane Vows Pronounced at Grosse Pointe

Heirloom Battenburg lace enhanced Marguerite Mary Guinane's gown of Dresden silk peau de sole chosen for her marriage to Dr. John Thomas Dinan Jr., June 15 in St. Paul's on the Lake, Grosse Pointe.

The Rev. Francis T. Slack of St. Hugo of the Hills Church solemnized the nuptial Mass. The bride is the daughter of Mrs. Dennis Francis Guinane of Grosse Pointe and the late Mr. Guinane. Dr. Dinan is the son of John Thomas Dinan of Guilford road, Bloomfield Hills and the late Mrs. Dinan.

Four tiers of French illusion veiling held by a crown of orange blossoms billowed over the bridal gown styled with Victorian puff hipline and full circular train.

The ruse lace fastidiously the scoop neckline and yoke of the Basque bodice and edged the three-quarter length sleeves.

Mrs. Jerry Marsh of Hinsdale, Ill., was honor matron, with bridesmaids Mrs. George L. DeVos Jr. and Martha Arts of Grosse Pointe and Nancy Fuller of Muskegon.

WEAR NOSEGAYS
 Nosegays of pink sweetheart roses complemented their bouffant dresses of Dior blue silk shantung.

On the quiver side were the bridegroom's brother Dennis Allen Dinan of Bloomfield Hills and ushers Dr. Roy T. Hawkins of Ann Arbor, Dr. H. Randall Deming of Burlington, Vt., Charles G. Koels of Drayton Plains, Edwin Braden of Cleveland and Jeremiah Burke of Grosse Pointe.

The new Mrs. Dinan donned a costume suit of gray shantung before leaving for Mackinac Island and northern Ontario.

The bride is an alumna of the University of Michigan. Her husband is a graduate of Dartmouth College and the U. of M. medical school. They will live in Portland, Maine.

A reception in Lochmoor Country Club followed the church ceremony.

Wyandotte Girl Plans to Marry Bloomfield Man

The engagement of Marielette Kotyuk to Robert A. Miller, son of Mrs. Dorothy Miller of Kego Harbor and Reuben Miller of Delrose drive, Bloomfield Township, has been announced.

The bride-elect, daughter of Mrs. Marjorie Kotyuk and Frank Kotyuk, both of Wyandotte, is an alumna of Eastern Michigan University. Her sorority is Delta Zeta.

Her fiance is a senior at EMU where he affiliated with Delta Sigma Phi. The wedding will be in July 1961.

Observe Church's 100th Year

Mrs. Helen Dore of Pinegrove avenue was hostess to Miriam Unit of the Augustana Lutheran Church Women of St. John Lutheran Church Tuesday evening.

In honor of the 100th anniversary of the Augustana Church M. E. Adolph Hornblad reviewed the history and organization of this church and the First Church in New Sweden, Iowa.

Guests were Mrs. Edward Chasteen, Mrs. Fern Barton, Mrs. Wilfred Vought and Mrs. Elmer Stollenberg.

Leader Appoints Workers

Mrs. Alma Cowley, new commander of the Navy Mothers Club, has appointed standing committees.

Mrs. James Dando is Americanism chairman and Mrs. Lucie Wright, historian and program chairman. Others are Mrs. Russell Canterbury, membership; Mrs. Charles Bryson, flowers; Mrs. William Christie, chairman of welfare with Mrs. Loven Pallen as co-chairman; Mrs. Videt Gonzales, ways and means; and Mrs. Mark W. Kinney, publicity.

Members have voted to purchase a new 50-star American flag and standard from the National Navy Mothers Club.

Tells of Sewing

The tanager sewing group of Central Methodist Church has completed 3,335 articles for the Michigan Cancer Foundation since Jan. 1, 1959. It was announced at the group's final meeting of the season. Special recognition went to Mrs. Ada Schreck who has volunteered over 600 sewing hours.

Mrs. Richard Paschke Re-Elected President

Soroptimists Meet for Installation Dinner

Soroptimist-International of Pontiac installed officers for 1960-61 at Tuesday's dinner meeting in Devon Gables.

The invocation was given by Helen M. Larkin, past president of the Birmingham Club and past governor for the Midwestern Region.

Mrs. Richard Paschke of Union Lake road was elected to serve a second term as president. Working with her will be Mrs. Howard Decker of Cross street, vice president; Alice Kimball, State street, recording secretary; Mrs. Leonie Glynn, Milford, corresponding secretary; and Mrs. Roy Max-

well of Auburn Heights, treasurer.

Installing officer was Mrs. V. E. Hooper, past president of the Ferndale Club and presently director of District 3 for Midwestern Region of the Soroptimist Federation of the Americas, Inc.

Mrs. Kenneth R. Wright directed the presentation of service funds to Mrs. Gerald Kirby, executive secretary of the Oakland County Society for Crippled Children and to Leonard Poole in behalf of the restoration committee of the Oakland County Historical Society. William Mahan, director of Camp Oakland, was the recipient of contributions for the Boys' Club and the Girls' Club. Madeleine Half accepted a donation for the Oakland County Child Guidance Clinic of which she is executive secretary.

The Pontiac club, chartered in January 1947, has directed its main charities to the above organizations, and has given aid to Pontiac State Hospital, the Oakland County Foster-Parsons' Plan, and March of Dimes in the form of donations and volunteer time.

Scholarships have been provided for graduate nurses and practical nurses and support has been given for local needy families. An electric typewriter was purchased for a polio patient.

Soroptimists will be an integral part of the 15th biennial convention when the midwestern region of the Soroptimist Federation of the Americas meets July 24 at the Sheraton-Cadillac Hotel, Slogan of the affair is "You Auto Go Detroit."

Nearly 15,000 Soroptimists in 30 countries make this the largest classified women's service club in the world.

Among the guests attending Tuesday's dinner were Mrs. and Mrs. Harold W. Dickman of Milford, Mr. and Mrs. Norman Roth, Dr. Carol Kulsavage of

FRANCESCO DI BLASI

Gather at Girls' Ranch

Girls Ranch at Camp Oakland was the setting for the Pontiac Woman's Club June meeting. Nine guests and 44 members attended.

Mrs. Harry Simpson, first vice president, presided at the business meeting, which was followed by a welcome from the resident house mother and girls of the home.

A luncheon on the lawn and tour of the home highlighted Monday afternoon. Members heard a talk on the history and operation of the home.

During the business session, Mrs. E. M. Rose reported on a special project party at the Oakland County Boat Club on Monday and Mrs. W. H. Beards outlined plans for a benefit brunch Aug. 8 at her Crescent Lake road home.

New members Mrs. W. F. Dorris, Mrs. W. E. C. Hut-

waite, Mrs. A. D. Stimer, Mrs. Clyde Anderson and Mrs. Russell Winger were welcomed by Mrs. Turris McCull, membership chairman, who recited an original poem.

Chairman Mrs. Earl Hoskins was assisted by Mrs. A. G. Nicholls, Mrs. E. O. MacLean, Mrs. E. E. Johnston, Mrs. E. A. Eddy, Mrs. C. G. Holleran, Mrs. H. A. Perry, Mrs. Thomas Seavey, Mrs. George Spotts, Mrs. Phillip Worth and Mrs. William Wright.

Planning Picnics

Members of the Pontiac Navy Mothers Club will hold business meetings only once during July and August. Picnics will replace social meetings during these months.

The July 7 business meeting will be at the Naval Training Center.

Soprano, Violinist Soloists

A free concert this evening on the Mall of Madison Junior High School by the Pontiac Symphony Orchestra is expected to attract family groups.

Designed to present fine music in an informal setting, the evening's program is under the direction of Francesco Di Blasi. Soloists will include Mary Louise Lindquist, local soprano and violinist Darwyn Apple of Detroit.

The 8 p.m. concert is tonight, Wednesday. A story on yesterday's women's page stated the concert date erroneously. In the event of rain, the first thousand people to present themselves will hear the free concert in the nearby auditorium of Pontiac Northern High School. Ample parking facilities are available.

The program will open with Glinka's "Overture to Ruslan and Ludmilla." In addition to Mrs. Lindquist's songs and Mr. Apple's "Meditation from Thais," highlight of the program will be the first movement of Schubert's Symphony No. 8.

Children are encouraged to attend the free concert which has been made possible for area people by the Music Performance Trust Fund of the Pontiac Federation of Musicians.

deErdely Art Put on Show

The memorial exhibition of paintings and drawings by the late Francis deErdely at Birmingham's Little Gallery will continue through July 18.

On display are 30 works of the artist described by critic and author Arthur Miller as "one of the great draughtsmen of our time."

Cranbrook Academy of Art and the Detroit Institute of Arts have a number of the artist's paintings and drawings in their permanent collections. The Little Gallery has been the exclusive eastern representative of Mr. deErdely since 1950.

Twenty-two of the drawings and paintings included in the exhibit have been loaned from the collections of Mrs. Kamer Aga-Oglu, Mr. and Mrs. Arno Bader, Mr. and Mrs. Robert L. Bodor, Mr. and Mrs. John McKinley, Mr. and Mrs. Henry S. Booth, Cranbrook Academy of Art, Mr. and Mrs. Albert DeSalle and the Detroit Institute of Art.

Others who have contributed are Mr. and Mrs. Ernest A. Jones, Mrs. Hoke Levin, the London Chop House, Mr. and Mrs. William B. Saunders, Mr. and Mrs. Zoltan Sepeszy, Mr. and Mrs. John W. Shenfield, Mr. and Mrs. Jack Sinclair and Mr. and Mrs. Wolf Widmann.

Mr. and Mrs. Milford R. Pregrerson, Dr. and Mrs. Ernest Scheyer, Mr. and Mrs. Harry Sheftman, Mr. and Mrs. Paul E. Svoboda and Mr. and Mrs. E. Wright Young also have loaned paintings.

Open from 9 a. m. to 6 p. m., the gallery is closed Sundays and Mondays.

Frances Sekles Honored at Shower

Mrs. Aleck Opaalis of Ottawa drive honored bride-elect Frances Sekles at a crystal shower Monday evening.

The daughter of Mr. and Mrs. S. V. Sekles of Ottawa drive, Miss Sekles will be married Sunday to Chris Kontos, son of Mr. and Mrs. Dan Kontos of Dearborn.

Guests invited were Janet Denhoff, Marge Chellis, Mrs. George Haddad, Bess Gianskos, Helen Olymski, Beverly Tyrell, Susan Eckley, Mrs. Clyde Dearing, Virginia Haroutunian and Mrs. Perry Dooley.

Completing the guest list were Sharon Holland, Beate Kallus, Mrs. William Dixon, Neva Vukobrovich, Mrs. David Cowan, Mrs. Sekles, Mrs. George Gianskos and Kiki Sekles.

Church Women Offer Skit

A skit "Every Christian's Privilege" highlighted the meeting of the Joelyn Avenue United Presbyterian Church Women's Assn. Tuesday in MacAllister Hall. Mrs. Charles Ercallian, Mrs. Melvin Dorries and Mrs. Bertha Hoffman were in charge of the program.

Following devotion by Mrs. Ford Newcomb, the association's chairman Mrs. Floyd Miller announced the annual association picnic slated from 10 a. m. to 3 p. m. July 14 at Dodge Park No. 4.

Naomi Circle served refreshments at the close of the meeting.

Vice president Mrs. Howard Decker of Cross street, left, chats with Mrs. Roy Maxwell of Auburn Heights, treasurer, and Mrs. V. E. Hooper of

Pontiac Press Photos
 the Ferndale club, installing officer at Tuesday evening's dinner meeting at Devon Gables.

Soroptimist-International of Pontiac presented service fund contributions to four organizations Tuesday evening. Mrs. Gerald Kirby, left, of Orchard Lake avenue, executive secretary of the Oakland

County Society for Crippled Children, visits with Mrs. Richard Paschke of Union Lake road, incoming club president. William Mahan is delighted with the group's support of Camp Oakland where he is director.

MacDonald-Gaddis Vows Exchanged in Waterford

Lavonne Fayann Gaddis exchanged wedding vows with Richard Lee MacDonald Saturday noon in Our Lady of the Lakes Catholic Church, in Waterford.

The Rev. John L. Phalen solemnized the vows at an altar bedecked with white gladioli and pink anemones.

Mr. and Mrs. Donald Gaddis of Delwood avenue, Drayton Plains were hosts at their daughter's reception in the Knights of Pythias Hall on Voorheis road.

The Ronald MacDonalds of Eastwood street, Auburn Heights, parents of the bridegroom, joined in the greeting of some 300 guests.

An orchid topped the white Bible held by the bride, dressed in white Chantilly lace over tulle. The maid of honor featured a scalloped neckline and sleeves ending in wrist-points. A crown-type headpiece secured the finger tip veil of silk illusion.

Sharon Gaddis, her sister's maid of honor, appeared in maize nylon over tulle with matching caplet. She held a cascade of green carnations.

Boquets of pale pink carnations complemented the orchid nylon dress of bridegroom's sister, and the maid green frock of Mrs. Ronald MacDonald of Auburn Heights who attended her sister-in-law.

The bride's cousin, Alan Houle of Detroit was best man, Ronald and William MacDonald ushered at their brother's wedding.

Mint green satin with beige accessories was Mrs. Gaddis' selection for the wedding. Mrs. MacDonald chose turquoise blue organza over white tulle. Both wore corsages of pale pink carnations.

MRS. RICHARD L. MACDONALD

St. Vincent's Says Farewell to Fr. Weber

It's hard to say farewell to beloved Assistant Pastor the Rev. Father Fabian K. Weber, St. Vincent de Paul parish held a send-off party for Father Weber Sunday evening. Wishing him success at his new appointment is committee member James J. McCarthy, right, of Cottage street. Others joining in the well wishing are, from left, Pat Zillelli of South Paddock street and committee chairman Marie Hollway of Parkhurst street.

Bethany Baptist's Units Meet Hold Their Monthly Get-Togethers at Members' Homes

Women's groups of Bethany Baptist Church have held their monthly meetings.

The Deacons Group met at the home of Mrs. Don R. Vanezy for a social luncheon. Mrs. Lawrence Taylor, group chairman, introduced speaker Mrs. Arthur Sweet who gave a review of the book "Sky Pilot."

Mrs. Fenton Hamilton was hostess to the Rained Group for an evening picnic. Devotions were led by Mrs. Ben Wilson.

A social luncheon was held at the home of Mrs. George Hoyt for the Naamul Group. Evelyn Beyer, daughter of Mr. and Mrs. Forrest Brown, led in devotion.

A student at the Baptist Missionary Training School, Miss Brown shared slides of the school.

During a brief program the assembly heard from Mrs. William J. Dean of the Rosary Altar Society; Grover Schatz, Mom and Dad's Club; Dennis Parle, class of 1960; Charles Berch, Holy Name Society; Mrs. Marshall Spurgeon, National Council of Catholic Women; and Andrew Hoeft, Ushers Club.

A purse was presented to the honoree by Mr. Berch, a member of the Church Committee.

Mrs. Coleman Lee, secretary of the church guild, was in charge of refreshments. Marie Hollway headed the farewell committee and made party arrangements.

Church Committee members assisting were Dr. E. Bauer, Roy Paul, Edward Gallagher, Frank Reed and Mr. Berch. Others of organizations serving on the farewell committee were Mrs. William B. Dean, guild; Mrs. William J. Dean, altar society; Keith Sweet, Ushers Club; Mr. Schatz, Mom and Dad's Club; J. J. McCarthy, St. Vincent de Paul Society; and Mrs. Spurgeon, NCCW.

Out of town guests included the Rev. Verser of Dearborn, Mrs. Henry Weber and Barbara Weber of Redford, mother and sister of the Rev. Weber and other relatives Mr. and Mrs. William Weber, Frank Kots and Michelle Weber, all of Redford.

Completing the guest list was Mrs. Helen Ross of Birmingham, first housekeeper for the Rev. Weber.

The Deborah Group met with Mrs. Earl Sanders, Mrs. Hoyt Joyner assisting. Mrs. Dorothy Dennis group leader, introduced Mrs. Maynard Johnson, devotion speaker, who led a review of the book "Doctor 101."

Plans for a July 8 ice cream social at the church were announced when the Lydia Group met for a cooperative dinner at the home of Mrs. Aden Thornton.

Florence Miller, group leader, announced that members will sponsor Iva Jane Price in attending the Business and Professional Women's home party. Doris Thornton led devotion.

Mrs. Ruth Cook was elected treasurer at the Deborah Group's meeting with Mrs. Thor Peterson.

Mrs. Orville Mannus and Mrs. Joseph J. Chapman were guests at the coffee hour. The newly formed group is sponsored by Mrs. Andrew Ferguson who will open her home for the first meeting in September.

ALICE FAYE REED

Fall vows are planned by Alice Faye Reed whose engagement to James Howard Patterson, son of the James Archer Pattersons of Grand Rapids, is announced by her parents, the Guy Jewell Reeds of Lakeview drive, Sylvan Lake. The bride-elect attended Ferris Institute, where her fiancé received his degree. His fraternity is Omega Tau Omega.

The Dismal swamp which lies in North Carolina and Virginia covers one-half million acres and is one of the widest regions in the United States.

Volunteer Bureau Honors Two Firemen

By MERA HENZELMAN

Two Waterford Township firemen have been named Volunteers of the Month by the Central Volunteer Bureau, a member agency of the Pontiac Area United Fund, for outstanding volunteer work with the motor aide division.

During their days off the job as regular firemen, Russell See, 35, of Orangegrove street, and Capt. Clayton Soncrainne, 44, of Seebaldt street, took the time to transport several boys to and from the Mark Twain Elementary school in Pontiac in their own cars.

In other volunteer work, since early spring they have taken two women for a series of treatments at the Pontiac General Hospital, and transported four blind people to classes at the Oakland County Crippled Children's Home for Braille instruction.

Like many of their 43 fellow-firefighters, Soncrainne and See are not only devoted to their regular job but assist in reviving older citizens, help in rescue drownings, and participate in scores of other unselfish activities.

Soncrainne is married, has four children and been a fireman for the last 20 years. He was one of the first to elect to serve when the volunteer township fire department charter was drawn up in 1941 and he and See have been regularly paid firemen for the last six years.

Both men know how to cook—"A fireman has to learn how, to survive"—and both are enthusiastic gardeners.

See's new home is situated in the center of two large lots surrounded by 100-year-old pine trees. Shrubs and flowers are systematically arranged around the yard for his wife Ruth and his tiny daughter Jinie to enjoy.

See and Soncrainne were both a little embarrassed by the United Fund citation, because as they said, "We didn't do much more than any other red-blooded, true fireman would do."

Dinner Features Japanese Theme

A Japanese theme was featured when Mrs. Paul Hodge of Fernbury drive was hostess to Lorraine Manor Branch of the Woman's National Farm and Garden Assn. at an outdoor cooperative dinner. Mrs. James Shultz was cohostess.

During the business meeting which followed a gift was presented to Mrs. Alan Wagener, outgoing president.

Plans were made to erect signs at both entrances of the subdivision.

A garden quiz game was played with prizes going to Mrs. Ray Allen and Mrs. W. J. Mood.

British People Silent... Well

LONDON (UPI)—Silence in Britain not only is golden but beautiful, reports Dr. L. G. Norman, chief medical officer for the London subway system.

During rush hours, he told the Royal Health Society, people stand with noses and throats as close as 12 to 18 inches. "The people traditionally do not converse and therefore are not unduly susceptible to infectious diseases," he said.

SHIRLEY A. CARTER

The Carlton Cleveland Carters of Silver Birch drive, Drayton Plains, announce the engagement of their daughter Shirley Ann to William James Riffe, son of Mr. and Mrs. James Riffe of Cincinnati. The bride-elect is a graduate of Henry Ford Community College and her fiancé is a senior at University of Cincinnati.

Officers Named by Club 20

Mrs. S. Royal Gammage Jr. of Merry road has been re-elected president of Club 20.

Other new officers are Mrs. Arthur Sengstacke, vice president for a second consecutive term; Mrs. James Jeffreys, secretary; and Mrs. James Weaver, treasurer.

The club was organized in 1948 when a group of neighbors and friends met with Mrs. George Georgetown who was first president. Members began working with veterans and later added the Pontiac State Hospital and Oakland County Crippled Children's Home as projects. A current activity is sewing cancer dressings.

Mrs. Loren McPherson served refreshments for the June meeting. Mrs. Jack Nelson will be hostess for the July meeting.

Members meet the second Tuesday of each month at the Oakland County Crippled Children's Home.

The crab apple is a species of the wild apple.

Couple Heads Upstate

Peggy Armstrong Weds

After their marriage in Perry Park Baptist Church Saturday evening, Glenn Ernest Linscott and his bride, the former Peggy Ann Armstrong, left for a northern Michigan honeymoon. Vows were repeated before the Rev. Hilding Ehl.

Parents of the newlyweds are the Owen Armstrongs of Broadway avenue and the Arnd Linscotts of Wansmaker street, Waterford Township.

Ballerina-length green and yellow floral printed nylon over, white taffeta for the attendants was complemented by matching handkerchiefs and colonial bouquets of green and white carnations.

Yellow trim and an arrangement of yellow and white carnations distinguished Eddie Carolyn Hurst, maid of honor.

Also attending the bride were her sister Carol Sue and sisters-in-law Mrs. Owen J. Armstrong of Pontiac and Mrs. Patrick H. Armstrong of Lake Orion.

Tiers of white Chantilly lace and tulle over taffeta fashioned the floor-length bride's gown.

Bouquets bordered the scalloped neckline and formed the fans which held a lace-trimmed fingerless veil. Pearl jewelry, gift of the bridegroom, was also worn.

The bride's hand-casade of stephanotis was centered with a white orchid.

James Smith of Gillingville was best man. Seating some 200 guests were the bride's brothers Owen and Patrick Armstrong and Gerald Hurst.

At the reception hosted by the bride's brother and sister-in-law, the Owen J. Armstrongs of Victory drive, the mother of the bride was attired in blue Cupini silk. Mrs. Linscott chose a light blue linen sheath dress. Both mothers wore pink and white turtlenecks.

Wedding guests from Philadelphia included the Robert J. Armstrongs, Mrs. Adeline Jewett and Robert Hestingsham's Mrs. Ann Hestingsham and daughters of Grayling and the Richard Barber family of Rose City.

Hamilton, capital city of Bermuda, has no wooden structures. All buildings must be of stone, presumably as a fire safety measure.

VACATION TRAVEL

The most American vacation season is once those upon us. As summer as we enjoy it, travel does impose a certain wear and tear on the nerves if we do not prepare ourselves. Here are a few tips for an entire family traveling by car. Grumpy and sticky fingers can be handled very nicely if you carry a damp washcloth enclosed in plastic. If your trip involves eating in the car, you may want a damp sponge. On a long trip you may want to have a change of the state ports with their hot showers and wash bowls. Don't forget even, catch a break there. With a little effort, you can arrive at your destination with the whole family looking bright and shiny.

Please Edythe McCulloch Beauty Shoppe, FE 5-7431 808 Pontiac State Bank

MRS. GLENN E. LINSCOTT

Students Give Spring Recital

Grade school students of Mrs. Lester Snell presented a spring recital in the First Church of the Nazarene.

The Thursday program featured selections by Patricia Hamilton, Linda Marie, Bruce Shelton, Barbara Stranahan, Jeanne Armbruster, Richard Line, Beth Kretschmar, Pamela Stone and Douglas Shelton.

Also playing were Marilyn Allen Carol Armbruster, Linda Tong, Paul Kretschmar, Ardis Harper, Harper, Sue Stranahan, Sally Wilson, Sue Hubbard and David Hubbard.

At the reception hosted by the bride's brother and sister-in-law, the Owen J. Armstrongs of Victory drive, the mother of the bride was attired in blue Cupini silk. Mrs. Linscott chose a light blue linen sheath dress. Both mothers wore pink and white turtlenecks.

Let Your Voice Be Low-Pitched and Pleasant

(NEA) — A cackling shrill laugh is no asset to any woman. But it's surprising how many women possess just such a laugh.

Next time you're with your friends at a luncheon, afternoon tea or coffee get-together, listen to the laughter about the table. You may be shocked at what you hear. Paired with this laughter will be strident voices.

Now, listen to your own. Is it clear and low or high and grating?

If it's the latter, you can do something about it. With practice, you can learn to pitch both your voice and your laughter to a lower key. But do it in the privacy of your own bedroom where you needn't be self-conscious.

Strive to speak distinctly in a low, pleasant voice. It won't come to you immediately, of course. It takes time. But with persistence, you'll find you needn't be a mature woman who dates herself with cackling laugh.

British People Silent... Well

Learn to 'Receive' the New

Open Mind Retains Youth

By JOSEPHINE LOWMAN

"Receiving, as well as giving, is an art." This is a sentence in a recent letter from a reader, in fact the whole letter is so thought-provoking that I am going to print it today.

"Dear Josephine Lowman: 'Lots of times when I read your column at the breakfast table I feel like running about the block and shouting, 'Bravo!' I especially like the one this morning.

"For some time I have been talking to my friends about the

closed minds of many people we know.

"They still think the whole world consists of their own noses, their own back yards, their own ways of thinking and doing. Then they wonder and complain that nothing wonderful ever happens to them, that life is so dreary, so drab.

"Yet if change, circumstance or opportunity come their way they aim the narrow doors of their lives and go on complaining of just being satisfied to be dull.

Will Live in Belleville

Honeymoon in The Dells

Honeymooning in the Wisconsin Dells and northern Michigan are Philip D. Runkiewicz of Grand Rapids and his bride the former Mary Catherine Wyer who is reported to have been Dr. Tom Malone Saturday afternoon in Emmanuel Baptist Church.

Church reception following their daughter's wedding was hosted by Mr. and Mrs. Kenneth L. Wyers of Baldwin Road. The Bernard Ewings of Tampa drive, Grand Rapids, are parents of the bridegroom.

Three of scalloped white Schmitt-embroidered nylon tulle fashioned the bride's gown and chapel train. The bodice featured a square neckline and short sleeves. French silk illusion veiling was held by a crown of tulle.

The bride held a cascade of pink roses, stephanotis and ivy. Mrs. Ronald Bathous of Grand Rapids, sister of the bridegroom, was matron of honor. The bride's sister Ann Marie and Rosetta Brown were bridesmaids.

They were ballroom-length sheets of blue silk organza with detachable bouffant overskirt and matching veiled caplets. Pink chrysanthemums and red roses formed their hand bouquet bouquets.

Marcia Johnson of Clarkston, her aunt's flower girl in blue silk organza and crown of small pink sweetheart roses, carried a basket of pink roses and chrysanthemums.

Ronald Bathous was best man for his brother-in-law, Robert June of Dearborn and Dennis Catlin of Drayton Plains ushered.

The bride is a graduate of the University of Michigan and her husband holds a degree from the University of Oklahoma. They will live in Belleville.

White embroidered organza over beige tulle and a corsage of pink roses was Mrs. Wyer's selection for her daughter's wedding.

Mrs. Ewing wore pearl green accessories a black-line sheath dress. Red roses were pinned to her shoulder.

Mr. and Mrs. Lawrence Wilkins tied for first place with Dr. and Mrs. Maurice Willis at Lakeside Duplicate Bridge Club's weekly tournament at Waterloo CAI Building.

Donald Bowen and Donald Shepley were second place winners and Dr. Charles Patrick and Richard McCusker, third place winners.

Seven tables were in play at the Friday affair.

Mrs. Norman Batchelor of Cass Lake road was honor guest at a stork shower given by Mrs. Glenn Carroll of Scott Lake road. Fourteen guests attended the Saturday fête.

Completing the list were Bonnie Barton, Beverly Host, Debbie Silley, Cynthia Parker, Heidi Berghmann, Jennifer Brooks, Kathy Kennedy, Sharran Vessels, Kristine Vandenberg, Carolyn Spang, Nancy Boardman, Nancy Gately, Nadine Williams, Dorothy Dow, Arla Lotridge, Barbara Payne, Virginia Lakier, Mary Frances Hodges, Sherry Zamot, Marvel Wolfe, Cheryl Wilton and Miss Sutter.

Others participating were Brooks Putnam, Nancy Goodale, Ruth Ann Corey, Linda Porritt, Christine Goodale, Cynthia Curran, Margaret Beauchamp, Tom Beauchamp, Stephen Hershey, Robert Smith and Rose Miller.

Selections were played by Diane Vincent, Linda Shelton, Nancy Schuker, Sharon Kothe, Charles Porritt, Joan Sullivan, Pamela Christopher, Sally Culp, John and Ann McCormick, Christine Outland and Roddy Beer.

Others participating were Ricky Beer, Joy Schuker, Linda McClellan, Wendy Bordenax, Betty Seckel, Cheryl Right, Ann Gumling and Nancy Luethmann.

Soprano Shelby Jean Lockamy sang "When Love is Kind" and "The Sunbeam."

A Dunning Class demonstration was included in the program.

Others participating were Brooks Putnam, Nancy Goodale, Ruth Ann Corey, Linda Porritt, Christine Goodale, Cynthia Curran, Margaret Beauchamp, Tom Beauchamp, Stephen Hershey, Robert Smith and Rose Miller.

Selections were played by Diane Vincent, Linda Shelton, Nancy Schuker, Sharon Kothe, Charles Porritt, Joan Sullivan, Pamela Christopher, Sally Culp, John and Ann McCormick, Christine Outland and Roddy Beer.

Pass Sweet Sour Sauce With Ham-Pork Loaf

By JANET ODELL
Pontiac Press Home Editor

As a welcome change from the usual meat loaf, try a ham loaf soon. This one is served with a sweet and sour sauce.

Mrs. Daniel Lamb, today's cook, is new in Pontiac. She came originally from Toronto. She is a member of the American Association of University of Women. The Lambs have one small son.

HAM LOAF

By Mrs. Daniel Lamb

1 pound smoked ham, ground
1 pound ground pork
1 cup cracked corn
1 cup tomato juice
1 egg
salt and pepper

Mix all together and bake one hour at 350 degrees. Serve with a sauce made by combining equal amounts of currant jelly and mustard with a dash of hot mustard in it.

Advices Gloved Washing

(NEA) — By and large, American women are both hard-working and efficient. The currently popular picture of the pampered American women makes good reading but it isn't so.

Many women (more every year) hold jobs and run a home, too. And those who are exclusively homemakers combine so many jobs that it's fatiguing just to hear about it.

One small one lies in the realm of your personal laundry, which can assume mountainous proportions in the course of a week.

When you're doing your nylon stockings, wear white cotton gloves for the sueding.

It will protect the stockings from nail damage and get the gloves clean at the same time. (Use a soft brush, well lathered with soap, on any very soiled spots the gloves may have.)

Keep powdered soap, nylon bleach and other supplies either in the bathroom or

This will save steps to and from the kitchen. Have handy a large supply of thick terry bath towels. These are excellent for cutting down on drying time. Just roll wet lingerie in a big towel, then give it a shake and hang it to dry. With this procedure, nylon lingerie dries within an hour and can be cleaned out of the bathroom.

Housewife's Boon, Chemist's Bane

NEW YORK (UPI) — Now, the chemists are singing the washday blues.

The problem of detergent disposal is the reason, Henry C. Speel of an oil products company told a symposium of the American Chemical Society that detergents have become a waste problem because they are not destroyed by agents usually used in sewage treatments.

If the problem becomes too

LINDA SUE DOOLIN

Mr. and Mrs. Morris Charles Doolin of LaSalle street, Waterford Township, announce the engagement of their daughter Linda Sue to Harry Donald Dwire, son of Mr. and Mrs. Donald A. Dwire of Maccody drive, Waterford Township.

Stork Shower Brings Gifts to Mrs. MacLean

A stork shower at the Green Lake home of Nancy McClurg honored Mrs. Richard MacLean. Co-hostess for the Friday event was Betty Connor of Littlefield street, Sylvan Lake.

Mrs. MacLean opened gifts from Sheila Murphy, Judy Wahlberg, Barbara Fox, Carol Knapp, Kay Crawford, Sharon Thornton, Nancy Macduff, Mary Walczyk, Linda Saunders, Lynnda Simpson, Bonnie Urquhart and Betty Serapardian.

Others present were Nancy McClurg, Betty Connor, Mrs. Emmanuel Hogan, Mrs. Fred Simpson and Mrs. Lewis Doyle Jr.

Esther Circle Has Election

Officers have been elected by Esther Circle of Oakland Park Methodist Church.

Chairman Mrs. Elmer Davis will work with Mrs. Elton Behnke, vice chairman; Mrs. Gerald Wright, secretary; Mrs. M. J. Ettinger, treasurer; Mrs. Lala Luby, publicity; Mrs. Paul Krugman, flowers; and Mrs. Fay Magner, devotions.

Mrs. Phil Cotter and Mrs. Luby were cohostesses to 13 members and one guest at the group's June meeting.

COMFORTABLE CASUALS

2 Teachers Honored on Departure

Over 200 parents, teachers and children attended Owen School's recent PTA luncheon.

Mrs. Ann Hoolihan, representing the PTA, presented gifts to teachers Mrs. Norris Smith and Kenneth Kendig, who are leaving the school.

Noah Denton, representative of the Woodmen of the World fraternal organization, presented an award to second grade teacher Mrs. Andrew Mitchell for outstanding work in the field of teaching. Mrs. Mitchell has been at Owen School for 17 years.

Luncheon chairmen were Mrs. John Newman, Mrs. Roy Dodge and Mrs. Lowell Harris.

Seven Tables Play

Seven tables played at the Pontiac Bonaventure Duplicate Bridge Club's Saturday meeting in the Hotel Waldron.

Winners were Mrs. Stuart Murphy and Mrs. Stanley Weasley, Mrs. Lee Stinson and Barbara Madwin, Mrs. R. H. Carlish and May Forber, Mrs. Margaret Pitkin and Stephen Learmonth.

great, said Speel, the only alternative might be a return to soap. He said the simplest solution might be improved soaps containing water softeners or chemical agents which would prevent the formation of scum in hard water.

New City Manager

OTSEGO (AP)—Anders Husted, 41, moves July 1 from the Municipal Works Department at Alhambra to become Otsego city manager. He succeeds Donald Foster who has taken a post with the State Highway Department's bridge design division.

AMC Exec Pans Proposals

Says Car Dealer Bill Would Up Cost to Buyer

WASHINGTON (AP)—Auto makers told Congress Tuesday that legislation relaxing antitrust laws to permit additional discounts to auto dealers would increase car prices to consumers.

"The concepts expressed in this proposal are in conflict with sound American economic principles," William H. McCaughey, an American Motors Corp. vice president, told a House commerce subcommittee.

He was referring to legislation that would (1) permit agreements between manufacturers and dealers establishing sales areas for dealers and (2) permit additional discounts or allowances to a dealer on any car he sells within his own area. The legislation is backed by various dealer groups on grounds it is needed to keep dealers in business.

"We believe that the practices permitted under the bill are fundamentally unsound," McCaughey said. "and would involve considerable unproductive expenses that the customer must largely bear in terms of higher new car prices."

Similarly, James M. Roche, vice president in charge of General Motors Corp.'s distribution staff, told the subcommittee:

"General Motors Corp. is not in favor of any so-called territory security program which has the effect of increasing costs to consumers without providing corresponding benefits to consumers."

Committee OKs \$1.25 Minimum

But Sec. Mitchell Says \$1.15 Low Pay Must Be Expected

WASHINGTON (AP)—The Senate Labor Committee today approved 12-2 a bill to increase the minimum wage to \$1.25 by 1963 and bring about five million more workers under the wage-hour law.

The bill, somewhat broader than a similar measure already approved by the House Labor Committee, would bring retail and service enterprises under the law for the first time.

More than 80 per cent of the additional five million workers would be in this field.

Secretary of Labor James P. Mitchell has said the administration might agree to a minimum of \$1.10 or \$1.15, but that anything higher likely would be vetoed.

Juvenile Courts Plan to Be Given Judges

A nationwide plan setting up 12 established throughout the nation model juvenile courts, aimed at demonstrating the efficiency and rehabilitation rather than punishment of a juvenile court system, will be sought before a group of national juvenile judges in Detroit tomorrow.

The plan would be two-fold. First, creation of the courts, and secondly, establishment of delinquency prevention programs to work hand-in-hand with them. The latter step would be patterned after Judge Moore's program of youth assistance and child protection programs in Oakland County.

Under the court program, Judge Moore said, education of juvenile judges would be stressed in psychology and social work, and services would be extended to include psychiatric, diagnostic and treatment facilities.

"They shall be designed to reassure the parents and the child alike that the court is not a penal court and that its purpose is solely for assisting the child," he said.

Dummy Dirty After Kidnaping

Tussauds Tone Up Tattered Tony

LONDON (AP)—"We've given Armstrong-Jones a shampoo," said a spokesman for Mme. Tussauds, "and generally cleaned him up. Frankly, he needed it."

The spokesman referred to the life-sized wax dummy of Princess Margaret's husband which thieves stole on the eve of the royal couple's return to London last Saturday from their six-week Caribbean honeymoon.

Dressed in white tie and tails, Tony's effigy was discovered in a telephone booth on Sunday.

"The truth is," said the spokesman, "Armstrong-Jones had been pretty well knocked about."

At Mme. Tussauds, the statues are always referred to by name.

Brandon Twp. Youth, 14, Shot-Stealing Berries

A Brandon Township youth suffered minor injuries last night after receiving a long-range shotgun blast in the back while marauding a neighbor's strawberry patch.

According to sheriff's deputies, Edward McNulty, 14, of 3940 Davison Lake Rd., received slight cuts in the back from shotgun pellets while fleeing from A. E. Stayton of 4100 Cornell Rd., Brandon Township.

Stayton told sheriff's deputies he fired high to scare the boy who was stealing strawberries from his patch.

Two-Run Rally Wins for Grill

Grill's Grill jumped up with two runs in the bottom of the 7th inning for a come-from-behind 7-6 victory over Don Nicholson in a Class B City League baseball game yesterday at Jaycee Park.

The last-ditch rally wiped out a two-run spree by Nicholson in the top half of the same stanza, which put Grill's on the short end of a 6-5 score. Singles by Ed Lowell and Nerve Tyndro plus two errors produced the tying and winning runs for the Grill club.

In another Class B game, Lytell & Colegrove tallied seven times in the 1st inning and coasted to a 10-2 triumph over Pontiac Business Institute behind the steady seven-hit pitching of Chuck Kirken. In City Junior Baseball League play Tuesday, the Pontiac Boys Club routed the Great Lakes Mutual Giants, 13-2; Auburn Heights Boys Club blasted Oxford, 13-3; the Southeast Vikings were drubbed by Auburn Heights, 13-1, and the Dixie Dairy Dodgers won a forfeit decision over the Rockwell Tigers.

GARDEN GROVE, Calif. (AP)—A pair of 18-year-old California prep stars, pitcher Jerry Hermon of Ventura and catcher Jim Mitchell of Garden Grove, were signed Tuesday by the Boston Red Sox.

Chiefs Outpoint PNH in Athletic Rivalries

PCH Wins Press All-Sports Trophy

By DICK PONTON

Pontiac Central has won the first annual Pontiac Press All-Sports Trophy.

The beautiful three-tiered trophy was sponsored by the Pontiac Press to encourage competition between Pontiac Central and their new cross-town rivals Pontiac Northern. The trophy, an annual award going to the school that accumulates the most points during a school year of athletic competition, against the other.

Working on a basis of 100 points, for each sport, the trophy goes to PCH which amassed 480 points of the total. The Pontiac Northern Huskies, in their second year of competition, scored 110 points against the Chiefs.

Due to the first grid test between Central and Northern not being until next fall, the total was 800 points this year.

Pontiac Northern scored 50 points each in wrestling, baseball, and golf, against the Central teams.

The PCH Chiefs swept victories over the Huskies in basketball, swimming, cross-country, tennis, and track, and also gained a win in golf, wrestling and baseball.

Central teams acquired Valley, regional, and state titles to round out an exceptionally good year in every sport.

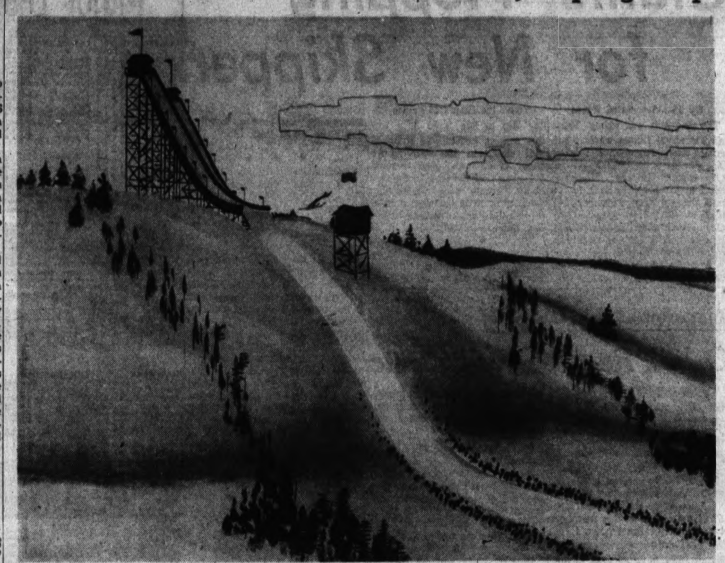

Missing out on the state title by one game, the basketball team finished with an 18-2 season, including the Saginaw Valley crown.

Central's track team has a different story in one respect at least. They took the state title, but missed out on the Valley Crown. Spearheaded by the three outstanding shot-putters, Brad Pittchett, Charles Brown, and Jerry Rush, the Chief thrashers

public opinion on all phases of the 1960 political scene

Architect's View of Pontiac Area Ski Jumping Slope

Gunderson, Eller Face Tough Foes

STANFORD, Calif. (AP)—Medalist Jo Anne Gunderson and defending champion Judy Eller faced stiff competition today as they and six others of the nation's top coed golfers went into the second round of the women's NCAA tournament.

The long-hitting Miss Gunderson, went against Judy Kimball of Kansas; and Miss Eller was matched with Julie Hall of Purdue, whom she beat to win the title last year.

In the other two quarter-final matches Jean Ashley of Kansas played Betsy Callier, Oklahoma; and Sherry Wheeler, Arizona State, met Barbara Faye White and Centenary.

Tuesday a Good Night for Drug Softball Teams

Tuesday was a good night for drugballs in the Waterford Softball League. Drayton Drug and Lakeland Pharmacy were victorious in American loop contests yesterday at Drayton Plains.

A three-run uprising in the 5th inning erased a 1-0 deficit and brought Drayton a 3-1 triumph over Spencer Floor Covering. Singles by Terry Kalnes and Adams aided the winning rally as John Herrington outpitched Jack Nelson in a duel of five-hitters.

Lakeland made only three hits, but really made them count in a 6-1 conquest of Rod's Sunoco. Eddie Miller hurled five-hit ball for the Pharmacy and his teammates wrapped up his victory with five runs in the 6th stanza, highlighted by Russ Hester's two-run double and Jerry White's two-run single.

Bigtime Ski Jumping Is Coming to Pontiac

By CHUCK ABRAH

Bigtime ski jumping is coming to the Pontiac area.

An idea that materialized over coffee last winter will come into being on Labor Day when the first Olympic style tournament is held on the Yankee Ski Jump on M24, two miles north of Pontiac.

Some of the nation's outstanding jumpers have already agreed to compete in the first two big events on the first plastic hill to be built in the country. They include previous Olympic contestants Jon St. Andre and Butch Wedin of Michigan and Minnesota star Gene Kolander.

A trio of partners known as Yankee Inc. have completed plans for the construction of the first of two jumps at the site only five miles from the heart of Pontiac. Estimated cost of the project is \$80,000.

Norman Archer, who owns a Grosse Pointe sports shop and the ski shop at Gramphill Mountain, is president. Directors are Rochester ad enthusiast Keith King and Pontiac attorney Joe Koalk, who owns Gramphill.

"We took the name Yankee through pride in our country because our ski jumping has always taken a backseat to others. We hope to make it an international name," said King.

Measuring of the grounds on a volunteer basis by members of the cooperating Kandahar Ski Club helped get things rolling in a hurry after approval was obtained at a recent Central States Ski Association convention in Lansing.

Kandahar will handle the sanctioning and operation of meets with former competitive jumper Bill Hyonen serving as hill captain as he does at the Pontiac Lake Recreation area.

A 68-meter hill will be the first to be constructed with a tower 185 feet high. An 80-meter one will be added with its tower going from 230 to 250 feet. A meter measures 39.37 inches. There will be a 47-foot takeoff from the ground from a 35-degree slope. The takeoff to transition will measure 234 feet with skiers able to go over 200 feet in the air.

Besides the big mees, the jumps will be used for training of area registered jumpers and for a school for interested youngsters.

The plastic courses will make it possible for jumping the year-round. Yankee officials feel this will be a big step forward towards improving U.S. jumpers who have had to work and train part-time during the winter. They always enter the Olympics and top meets at a decided disadvantage.

Kandahar's 35-meter jump is the biggest in the area now. A previous 40-meter hill at Rochester was put out of use by World War II.

Located on divided highway in the Bald Mountain sector and one of three sites checked through the advisement of Pontiac Township supervisor Roy Davis, Yankee will have space for 30,000 spectators. Lookout towers and other features are planned.

Jump clubs at Interpenn, Iron Mountain, Chicago, Duluth, Racine, Wis., Minneapolis and others have signed up to take part here Labor Day as well as at another big event on Jan. 22.

Officials hope to have international meets in the future drawing the top stars of Finland, Norway, Russia, Germany, Austria, Italy and Japan.

Jockey Suffers Injuries After His Mount Falls

NEW YORK (AP)—Jockey Manuel Ycaza suffered a broken collarbone and possible internal injuries during the running of Tuesday's sixth race at Belmont Park.

Ycaza's mount, Rumpusfoot, fourth at the top of the stretch, ran up on the heels of the third horse, Big Native. Both Ycaza and Rumpusfoot fell to the ground with the horse rolling over the jockey, who finally crawled to the rail for protection.

Doctors at Physician's Hospital said Ycaza would be sidelined from six to eight weeks. He had been back to work only two days since riding out a 10-day suspension.

Knoxville won the South Atlantic Seventh-place Jacksonville was the League baseball pennant by three only team to beat Knoxville in the games over Chatter last season. season series, 12 games to 8.

Offers Delegate Seat to Snubbed Lehman

NEW YORK (AP)—State Comptroller Arthur Levitt offered to-day to give up his seat in the New York delegation to the Democratic National Convention to former Sen. Herbert H. Lehman.

The Democratic State Committee omitted Lehman, leader of an insurgent group, in naming the delegation last week. Lehman was governor of the state four terms. "The great majority of Democrats in the state differed with

"I plan to ask Mayor F. Wagner and former Gov. W. Averill Harriman to join me in inviting Lehman to join us in California," said Levitt, only Democratic holder of statewide office.

MY FRIEND
HEARS ABOUT

By PHIL NEWSOM

A strange case nobody wanted to discuss went before the United Nations Security Council today as it took up Israel's abduction of Nazi Col. Adolf Eichmann from Argentina.

The legal aspect appears open and shut. Argentina claims its national sovereignty was violated by Israeli agents who spirited the SS overlord from the country. *

Overriding the legal aspect, however, is an aura of emotionalism strange even for the Security Council, the scene of countless cold war battles and bitter disputes over the years in the sanguinary relations between Israel and its Arab neighbors.

Lurking in the background is the fear that the case of Eichmann—who is accused of ordering the murder of six million Jews during World War II, will raise anew the specter of Nazism, a sore point which most of Europe would like to forget.

Many countries have a stake in the pot of the Eichmann game. Israel is the self-proclaimed champion of the world's Jewry. It intends to try Eichmann for war crimes committed before the country itself even existed. It will gain the emotional support of most of the world for so doing.

But more than that, it is evident that Eichmann is gold to Israel in more ways than one. Premier David Ben-Gurion can use the case to offset recurrent whispers that he has been too

cozy with the Germans. And the propaganda value of the Eichmann case can be worth millions to Israel's continuing worldwide financial drive.

Argentina stands first of all on the principle of indignant protestation that its sovereignty was violated. In addition there is the principle of political asylum. More widely respected in South America than anywhere else, which must be considered.

But Argentina has been charged frequently with harboring Nazi political criminals. It has said Israel may apply for Eichmann's extradition, once it returns him, but it has failed to extradite Nazi diplomat Karl Klingenfuss or Dr. Joseph Mengele, both wanted by West Germany for war crime trials.

West Germany would like to try Eichmann. It would add to its denazified prestige and increase the stature of the justice of its courts.

West Germany has a case at least to the extent that Eichmann's crimes were committed in its territory.

The United States is on some part of a spot. Having only three weeks ago derided Russia's contention that U2 spy flights violated the sovereignty of the Soviet Union, it is now called upon to stand by its hemispheric ally's charge that Eichmann's seizure was a violation of Argentine sovereignty.

Russia, on that ground, would appear to have a propaganda cinch in the Eichmann case. But if the Soviet Union supports Israel's claims, it will go against its current

Michigan Senators on Roll Call Votes:

WASHINGTON (AP) — How Michigan senators were recorded on recent roll call votes:

On passage, 64-36, of \$1,247,000 housing bill: For—Hart (D). Not voting—McNamara (D).

On passage, 62-41, of amendment to repeal the 4 per cent income tax credit allowed stockholders on their dividend income: For—Hart (D). Not voting, but announced as for—McNamara (D).

On defeat, 55-29, of amendment to allow the 10 per cent tax on train, plane and bus fares to expire June 30: Against amendment—Hart (D). Not voting, but announced as paired—McNamara (D).

On defeat, 54-30, of a bill to repeal the federal tax on local telephone service, and telegrams: Against repeal—Hart (D). Not voting, but announced as for—McNamara (D).

On passage, 63-37, of tax bill amendment curtailing the entertainment expenses which may be written off as business expenses for tax purposes: For the amendment—Hart and McNamara.

WORKING PEOPLE — White collar workers have become the dominant branch of American wage earners, statistics show. They now earn 63 per cent of all wages and salaries paid to civilians. Their income jumped 60 per cent during the 1950s. Blue collar workers' share dropped from 37 to 37 per cent. This was due entirely to decline in the number of workers, as blue collar wages actually increased some 29 per cent. Data from the Institute of Life Insurance.

Kalamazoo Mall Okay; Extend It Third Block

KALAMAZOO (UPI) — The city commission has voted unanimously to extend the new famous mall in the Kalamazoo business district for a third block.

In contrast to the opposition a year ago when the mall was first considered only one person appeared to speak on the matter. Raymond Dykema, president of the Downtown Kalamazoo Assn., took the floor to praise the commission for having the mall built.

The original mall, broken into halves by a cross street, was opened last August. The extension will also be separated from the original construction by a cross street.

A beltline-type road is being set up around the mall which has been pronounced a complete success by downtown merchants.

Census Taker Discovers Secret of Male Voice

TAMPA, Fla. (AP) — A census taker learned the secret of a housewife accused by neighbors of entertaining a clandestine lover.

He had been told that a male voice was heard in the housewife's home at night. As the census taker was about to leave the housewife's home, a masculine voice boomed from the kitchen. "Breakfast is ready, honey," "My parakeet," explained the woman.

Sailor Is Sent to Court

NEW BEDFORD, Mass. (AP) — "Is his Marblehead?" asked a 20-year-old sailor driving through New Bedford. The policeman he asked sent him to court instead of Marblehead, which is 75 miles away.

Charles Roger Jr., stationed at Newport, R. I., paid a \$100 fine for drunken driving.

The San Francisco-Oakland area, and the Los Angeles center, are served by dairy farms located in the irrigated valleys of the Pacific coast.

Drops One Charge Against Ma Aadland

LOS ANGELES (AP) — A judge says there's nothing in the record to show that Mrs. Florence Aadland let her daughter, Beverly, 17, lead an immoral life.

But the judge refused Tuesday to dismiss another charge against Mrs. Aadland—that she contributed to the delinquency of actor Errol Flynn's last girl friend.

Superior Court Judge Lewis Drucker said sufficient evidence was given at Mrs. Aadland's preliminary hearing to back one charge but not the other. He ordered Mrs. Aadland to enter a plea June 23.

Beverly was taken to Juvenile Hall after a suit was shot to death in the Aadland apartment—while struggling over a pistol, said Beverly. A ward of Juvenile Court, she is on probation in the care of an evangelist and his wife.

Actor's Wife Seeking End to 33-Year Union

LOS ANGELES (AP) — Charging cruelty, the wife of cowboy actor Wild Bill Elliott is seeking to end their 33-year marriage.

Helen Elliott, 54, filed her suit Tuesday against the 56-year-old Wild Bill Elliott. They were married Feb. 6, 1927, and separated Dec. 1, 1958, the suit said. There are no children.

AP Photos

PRINCESS ARRIVES — Princess Grace and Prince Rainier of Monaco are escorted to a car by police after their arrival at New York's Idlewild Airport Tuesday night. They were en route to Philadelphia to attend the funeral service of the Princess' father John B. Kelly. He died in Philadelphia Monday, at 70. Mr. Kelly was a noted civic leader; he also founded one of the nation's largest brick work contracting firms. A self-made man, he was active in politics, and is mourned in Philadelphia.

Press Woman Is Honored as 'Grandma'

NEW YORK (AP) — A newspaperwoman of 73 has been chosen Grandma America, Mrs. Eugene Carothers, a member of the editorial staff of the Canonburg (Pa.) Notes, won \$5,000 in prizes, including a trip to Brazil, when Grandma America Inc. named her the winner Tuesday.

The organization works to recognize accomplishment based on civic action, home achievements and personality. Elizabeth M. Conway, 63, of Levittown, N.Y., was runner-up.

Rocky Proposes Decision Office

High Federal Position Would Correct 'Serious' Verdict Defects

BINGHAMTON, N.Y. (AP) — Gov. Nelson A. Rockefeller proposed Tuesday the creation of a high-level federal office to correct what he called serious defects in decision-making.

The Republican governor, a would-be president, said a First Secretary of Government was needed to help avoid such things as the U2 incident and the "unhappy fate" of President Eisenhower's plan to visit Japan.

The first secretary would assist the President in national security and international affairs, and would work directly below the President and above the level of the President's cabinet, Rockefeller said.

The first secretary could represent the President in summit talks, on the level of prime ministers of other nations, he said.

'SERIOUS WRONG' Rockefeller commented in a speech to a Rotary Club here.

He said there was "something seriously wrong" with the decision-making process in the federal government.

Rockefeller flew to Binghamton after a visit to Rochester, where he announced he would campaign for GOP candidates across the nation this year but would concentrate on those "whose policies I advocate."

Island of Java is one of the most thickly populated in the world. It contains about 55 million persons and in area is about the same as the American state of Alabama.

K Sees Victory for Socialism Without War

Reaffirmation of Policy of Coexistence Seen as Rebut to China

LONDON (AP)—In an apparent rebuke to Red China's leaders, Soviet Premier Nikita Khrushchev said Tuesday the Kremlin has no intention of giving up its policy of peaceful coexistence and relaxation of tension.

"No world war is needed for the triumph of Socialist ideas throughout the world," Khrushchev said in a speech at the third congress of the Romanian Congress party in Bucharest.

"These ideas will get the upper hand in the peaceful competition between the countries of socialism and capitalism," he declared.

Khrushchev did not mention Red China, but his remarks were an obvious reply to Peking's sharpshootings at the Soviet premier's professed policy of seeking better relations with the capitalist nations.

Chinese propaganda has harped on Lenin's statement that war between communism and capitalism is inevitable.

Khrushchev recalled that the coexistence policy was linked directly to the line laid down by the 20th Soviet party congress of 1956 that "war is not inevitable in our time."

"Those who do not understand this," he said, "do not believe in the power of creative abilities of the working class, underestimate the might of the Socialist camp and do not believe in the great attractiveness of socialism which has clearly demonstrated its advantages over capitalism."

In a new blast at the Eisenhower administration, Khrushchev said the Soviet people hope to see in America "the election of a president and the formation of a government which recognizes and corrects the mistakes committed by the present government."

Khrushchev shrugged off the importance of U.S. spy plane flights. They missed photographing the Soviet Union's rocket bases, he claimed, discovered nothing of importance to U.S. defense and failed to uncover "powerful military means" the Soviet Union has developed.

Ceremony Calls Union Brass

Fisher Body Local to Break Ground in City for \$97,000 Hall

International United Auto Workers Union officials will be present tomorrow at ground-breaking ceremonies for a new \$97,000 hall for Fisher Body Local 596 (UAW).

Construction is to get under way immediately on a site on the west side of Baldwin avenue, south of Kennett road, near the Fisher Body Division plant.

The white brick, one-story building should be ready by late fall, said Gerald W. Kehoe, local president.

The first shovel of dirt will be turned at 3:30 p.m. ceremonies by Emil Mazey international secretary-treasurer of the UAW.

Other guests include four international representatives — Landrum Huff, Charles Burrows, Oscar Noble and Theodore Hansen.

Kenneth Morris, UAW regional director, and his assistant Arthur Vega have been invited.

Local 596 officers, directors and building committee members plan to attend.

The local's headquarters for many years has been in a converted home at 821 Bidwin.

The new building will feature a large assembly hall, with a seating capacity of 200.

Construction is being financed by a 25-cent per capita deduction from regular monthly dues over a 10-year period, said Kehoe.

A. N. Hickson, Inc., is the general contractor.

Plans to Tee Off

AP Photo

DENIES TRIP FAILED — President Eisenhower, shown at golf in Hawaii, reportedly plans to hit back at Communist China's claims that his Far East trip was a failure. He will address the nation soon.

Ike Readies Rebuttal to Red China Smear

HONOLULU (AP)—President Eisenhower was reported today to be planning to hit back at Red China claims that his Far Eastern tour was an ignominious failure.

The president's rebuttal and a contention that much good was accomplished despite cancellation of his visit to Japan will come, it was understood, when he reports to the American people next week.

Eisenhower will make a nationwide television radio address within a few days after returning to Washington. Present indications are he will arrive there Saturday or Sunday.

Announcement of the President's plans to go on the air was made by White House secretary James C. Hagerty as Eisenhower, who arrived in Hawaii from the Orient Monday, continued to relax in glorious weather. He arranged to play another round of golf today.

The President talked over his Far Eastern journey by telephone Tuesday with Secretary of State Christian A. Herter, in Washington.

After the 25-minute conversation, Hagerty reported that both Eisenhower and Herter feel that the President's visit to the Philippines, Nationalist China and Korea were completely successful.

Hagerty said in response to a news conference question that the two men had not discussed the washing-out of the President's plans to go to Tokyo for three days starting last Sunday.

Saying he had not seen a complete account, Hagerty declined comment on Herter telling a congressional committee that the administration had misjudged the riotous situation which led to cancellation of Eisenhower's Tokyo visit.

The white brick, one-story building should be ready by late fall, said Gerald W. Kehoe, local president.

The first shovel of dirt will be turned at 3:30 p.m. ceremonies by Emil Mazey international secretary-treasurer of the UAW.

More Showers Forecast for Pontiac Area

Pontiac area residents can expect considerable cloudiness with more showers or thundershowers this afternoon and tonight.

Following a low tonight of between 57 and 62, tomorrow's high will range between 72 and 78. The Thursday and Friday outlook includes cloud-shrouded skies and little temperature change.

Temperatures will average three to five degrees below the normal high of 78 to 82 and the 56 to 62 low. A slight warming trend early in the period will be followed by cooler temperatures Sunday or Monday.

Precipitation will total one-quarter to one-half inch in showers and thundershowers over the weekend.

There were .09 inches of rain-fall recorded at midmorning today. Southerly winds 20 m.p.h. at 10 a.m. were expected to become light and variable tonight.

Lowest temperature preceding 8 a.m. in downtown Pontiac was 61. By 1 p.m. the thermometer read 72.

Urban Renewal Effort Approved

City Commission OKs Application for \$76,000 Federal Loan

Pontiac's downtown urban renewal effort is under way.

The City Commission last night authorized the administration to apply to the Urban Renewal Administration and Housing Home Finance Agency for a \$76,000 loan with which to finance a plan for renewal of the 20-acre business triangle bounded by Saginaw and Pine streets and the Grand Trunk Railroad.

This area had once been in the midst of a city's first urban renewal project of downtown but is now considered a separate project by itself.

Plans for widespread clearance could be ready within 12 months if the loan is granted, said Robert A. Slierer, assistant city manager and urban renewal coordinator.

Plans for widespread clearance could be ready within 12 months if the loan is granted, said Robert A. Slierer, assistant city manager and urban renewal coordinator.

Mob of 40,000 Loses Steam, Trudges Home

Hirohito Seals Treaty; Senate to Vote Today; Then Ike Will Sign

TOKYO (AP)—An 11th-hour leftist demonstration to stave off activation of the U.S.-Japan security pact lost steam tonight as a mob of 40,000 began wearily dispersing.

The snake-dancing columns shouted "Down with Kishi" and "Dissolve Parliament" as they circled the Parliament building and thundered past the Foreign Ministry and Tokyo police headquarters after a morning of short strikes.

But a predicted turnout of 100,000 failed to materialize, and by midnight the demonstration apparently had fizzled.

The controversial pact gives the United States bases in Japan for another 10 years and promises American defense of this former enemy nation against outside attack.

It needs only U. S. Senate approval and the exchange of ratification instruments to become law.

The exchange of documents in Tokyo is expected to come within hours after the Senate approval and President Eisenhower's signature in Honolulu.

Swift and overwhelming Senate approval of the pact seemed assured today.

A vote on the treaty was deferred unexpectedly Tuesday night after about 6 1/2 hours of debate. But leaders said it was simply a case of senators being tired and wanting to go home.

Agreement was reached to vote after an additional half hour of debate at today's session.

Plans for delivery of the ratification documents were surrounded with secrecy in an effort to thwart the desperate leftist opponents of the treaty.

Students, laborers and Socialists were reported planning to blockade U.S. Ambassador Douglas MacArthur II and Foreign Minister Aikido Fujiyama in their homes to prevent them from getting together to complete the formalities.

Premier Nobusuke Kishi's Cabinet put its final approval to the pact late Tuesday night, and Emperor Hirohito affixed the great imperial seal to it soon after. To prevent leftist interference, the documents were taken secretly to each Cabinet member individually and then to the Emperor.

The space program for the next 10 years, as outlined by NASA, calls for manned orbital flights around the moon by the end of the decade. No manned landings on the moon are contemplated before the early 1970s.

DOUBLEHEADER — For the first time, a rocket has launched two satellites at once. And the U. S. did it. Early this morning, an Air Force Thor-Able-Star missile boosted these two attached spheres into orbit. The larger one is a Transit II-A and the smaller one a "piggy back" satellite to measure solar radiation. They separated in orbit and were reported approximately on their intended paths, transmitting strong signals.

If, and When, Man Lands on Moon ... Then What?

WASHINGTON (AP)—The big job of building big enough boosters to get man to the moon is progressing well, the House Space Committee reported today, but little is being done to see how he can stay there.

The indications are it will be something less than a pleasure trip for the first specimen to arrive.

The temperature on the moon ranges each day from a low of 270 degrees below zero to 212 degrees above.

There is practically no atmosphere and little gravity.

Meteorites are constantly bombarding the surface, cosmic radiation is intense, and an accidental look at the sun would lead to instantaneous, permanent blindness.

These hazards of lunar living were cited by the committee in a report backing a plan by the Army Corps of Engineers to build a research facility to simulate conditions on the moon.

The facility would cost \$6 million dollars and take three years to build, the committee said.

The committee said big booster projects to provide the thrust for moon trips have top priority ratings.

But neither the Defense Department or the National Aeronautics and Space Administration has a single program to simulate conditions a moon explorer will face, it added.

The space program for the next 10 years, as outlined by NASA, calls for manned orbital flights around the moon by the end of the decade. No manned landings on the moon are contemplated before the early 1970s.

Space 'First' Orbits Transit, 'Piggy Back'

Pioneer Lighthouse in the Sky Goes Up With Radiation Measurer

CAPE CANAVERAL, Fla. (AP)—The United States, scoring a spectacular space "first," rammed two satellites into orbit with a single rocket today.

The doubleheader rocket that turned the trick was a two-stage Thor-Able-Star, an Air Force vehicle making only its second flight.

It rose smoothly from its searchlight-illuminated pad at 12:55 a.m. and streaked like a fiery comet toward the southeast.

The second stage fired for about four minutes, shut off and coasted for 20 minutes, then reignited for 13 seconds to kick the satellites into orbit.

The two new moonlets flashing the stars are Transit II-A, a second experimental navigation aid satellite, and a basket-ball-sized aluminum sphere crammed with instruments to measure solar radiation.

The latter is called a "piggy back" satellite because it hitchhiked a ride aboard the larger Transit payload.

Transit II-A is a 36-inch ball weighing 223 pounds. The tinier 12-pound package, looking much like a sea diver's helmet, was slung over a Seattle stationer vice separated the pair in orbit.

America tried once before, with a Vanguard rocket, to fire a pair of satellites into orbit simultaneously, but failed. As far as is known, the Soviet Union has not attempted such a feat.

WORKING FINE

Confirmation of orbit came 1 1/2 hours after launch when the satellite—do—the smaller leading the moon—passed over a Seattle stationer on their first globe-circling passes.

Navy officials in Washington reported the satellites were spinning approximately in their intended orbits and were "transmitting strong signals." They said it would be some time before the exact apogee and perigee are determined.

Both were aimed at near-circular orbits 500 miles high and at courses which would take them over all parts of the world between the Arctic and Antarctic circles. This covers most of the Soviet Union.

Transit II-A is an advanced version of Transit I-B, which was boosted into orbit by the first Thor-Able-Star last April 13. Both are forerunners of an operational network of Transit satellites that can give ships, submarines and airplanes accurate position fixes in any weather, day or night, anywhere in the world.

Two or three more test transits are scheduled for launching before the system becomes operational, probably in 1962.

Then, four of these space light-houses will whirly about the earth in evenly spaced orbits.

They will radiate a constant stream of information to be translated by navigators into longitude and latitude.

They are expected to provide accurate fixes within one-tenth of a mile. Transit navigation aids give position fixes of half a mile at best and are dependent on weather.

U. S. Satellite Count Now 21 in 29 Months

CAPE CANAVERAL, Fla. (AP)—Transit II-A and the "piggy back" satellites whirled today by one rocket are the 20th and 21st successfully sent aloft by the United States in 29 months.

Eleven of the American moonlets are still in orbit. The Soviet Union has successfully orbited five earth satellites, two of which—Lunik III and Sputnik IV—are still up. Lunik III is whirling in a wide orbit about the earth and moon, but is considered an earth satellite.

The U.S. also has two solar satellites whirling through space. The Soviets have one.

Says Red Envoys Run Norway Spies

OSLO, Norway (AP)—A usually well-informed paper, the Norwegian Journal of Commerce and Shipping, today reported that spies are breaking up an extensive spy net controlled by the Soviet Embassy.

The paper said all Communist bloc embassies acted as contacts with Norwegians hired as spies and that East European spies—mostly transfers—were extensively used.

The account explained that the Red travelers have been seeking "distress harbor" on the flimsiest of excuses, and always in harbors of military importance.

Michelle to Star in Pontiac Story

She's City's Movie Queen

A peppy 19-year-old is Pontiac's movie queen.

Michelle Burns was chosen yesterday for the juvenile lead in the forthcoming film "Pontiac Story of Progress and Promise," which the Pontiac Area Chamber of Commerce is preparing for the centennial observation next year.

Michelle — known by all her friends and family as Mickey — was one of 23 entrants and five finalists.

She is the daughter of Mr. and Mrs. Van H. Burns, 839 Lakeside Dr., Waterford Township, and will be in the fifth grade this fall at William Austin Burt School.

PANTOMIME SPECIALTY

A tiny girl — she is only 4-feet-5 1/2 — Michelle has appeared in school plays and has made almost 50 appearances in various public programs in the past year.

Her specialty is pantomime.

Judges were Mayor Philip E. Rowston, D. B. Varner, chancellor of Michigan State University, Oakland; Garth Errington, drama coach at Pontiac Central High School; L. Clare Utley of the Chamber of Commerce; and three men connected with the film: Bruce Beamer, an actor; Snuffy McGill, the photographer; and George Field, the writer.

STARLET CHOSEN — Winner of the Pontiac Area Chamber of Commerce contest for the juvenile movie star is Michelle (Mickey) Burns, 19. She and actor Bruce Beamer (above), the

Lore Ringer of radio fame, will appear together in the chamber's forthcoming color film "Pontiac Story of Progress and Promise."

WON'T GIVE OUT LIST OF NAMES

Pauling Stands By His
Refusal to Implicate
N-Ban Workers

WASHINGTON (AP) — Linus Pauling today stood by his refusal to give Senate investigators the names of fellow scientists who helped him campaign for a ban on nuclear weapons tests.

Sen. Thomas J. Dodd (D-Conn.), acting chairman of the Internal Security Subcommittee, said the group will consider citing the Nobel Prize winner chemist for contempt of Congress unless he changes his mind.

The subcommittee gave Pauling until Aug. 9 to surrender lists of names it demanded from him.

Pauling in 1957 and 1958 circulated a petition to the United Nations against nuclear weapons tests, and collected the signatures of 11,000 persons in 35 countries.

Pauling said he wouldn't mind giving the committee the names of those to whom he had written letters in an attempt to enlist them in his private crusade, but he refused to name those who responded and helped in the work "as a matter of morality, as a matter of morality, as a matter of justice."

He cited no constitutional privilege but his attorney, A. L. Wirin of Los Angeles, mentioned the First Amendment guarantee of freedom of association.

Addressing a Johns Hopkins University audience in Baltimore Tuesday night, Pauling suggested that his listeners write to the subcommittee "and say you don't want me to go to jail for contempt." This brought waves of applause from the more than 250 persons attending.

PRIZE-WINNERS—The fishing trip to Lake Huron that netted this "tadpole" of perch was the Grand Prize for these 10 Pontiac Press carriers who captured top place in the Press' Circulation Contest. The boys had exclusive use of a chartered boat as they spent most of yesterday hauling in these big ones on Lake Huron, near Cassville. Among the group were Larry S. Truba, 806 Olive

St., Oxford; Frank J. Maslarczyk, 135 Leeds St., Walled Lake; Larry F. Spencer, 677 Lucille St., Walled Lake; Stephen J. Diehl, 7339 Biscayne Dr., Milford; Frederick Evans, 23 Grant St.; Samuel E. Pankey, 701 Stirling St.; Kenneth B. Goff Jr., 37 Henry Clay St., all of Pontiac; Charles M. Hayes Jr., 1882 Cass Lake Front, Keego Harbor; and Raymond A. Chudo, 6225 Wading Lane, Williams Lake.

Chrysler, AMC Merger Denied

Colbert, Romney Both
Say Tipster Reports
Absolutely Untrue

DETROIT — Reports that Chrysler Corp. and American Motors Corp. are going to merge are not true, say L. S. Colbert, Chrysler Board chairman, and George Romney, AMC president.

Romney did not identify the source of the rumors in making his denial yesterday, but an AMC spokesman said such reports had circulated recently on some financial tipsters.

Colbert said he hadn't heard the rumors but that he, too, would be happy to deny them.

"The success of American Motors and Rambler's fast climb has multiplied such rumors," Romney said. "We now feel we must categorically deny them because they not only are completely untrue but unfair to everyone who has a stake in our plans for continued growth."

"We are continuing to study further diversification of the company, but these studies do not include merger with Chrysler because we see no reason why such action would be helpful to us."

Detroit Zoo Chimp's Star Fades Years Catch Up With Julius

There comes a time in every chimpanzee's life when the bright lights lose their glamor and the applause of thousands no longer sends the performer's heart soaring.

Such a time came for Julius.

Julius, 10 years old and the head chimp at the Detroit Zoo, in Royal Oak was retired Tuesday.

His ordeal began Sunday. He refused to dress for his motorcycle riding act in the show the chimps put on.

NO DRIVING, THANKS
He wouldn't walk the tightrope. And when it came to driving his little motorcar, Julius wouldn't budge.

Frank McInnis, zoo director, tried to snap Julius out of it. Julius wouldn't snap. Tuesday, McInnis ordered Julius retired to the Great Ape House.

There Julius will mingle with common monkeys who never have trod the boards nor know what it is to be a great performer.

And when the lights dim and the big show goes on, Julius won't even be able to watch from the sidelines as his successor, Jabbo, goes through his paces and hears the thunderous applause which once belonged to Julius.

Law Seizes Cave Chairs

It was standing room only at the Cave of the Ninth Cut after the Sheriff's Dept. paid a visit yesterday afternoon.

The beatnik coffee house suddenly was seatless as workers took 300 folding chairs out of the establishment and to the county garage.

Armed with a writ of replevin signed by Circuit Judge Stanton G. Dondoro, sheriff Frank Irons and Pontiac vice squad officers stood by as the furniture was removed.

The Ellet Corp., a Detroit rental agency which furnished the chairs, sued for their return, charging non-payment of rent.

Their suit named Patrick D. Witherspoon and Jack D. Christen III as defendants.

The corporation alleges in its suit, that Witherspoon and Christen contacted it before April claiming to represent a corporation named Katz-Eye Inc. which intended to open a "coffee house and meeting place" at 20 S. Perry St.

Witherspoon personally guaranteed the rental for 300 chairs, the suit alleges.

The chairs were delivered, but the rental remained unpaid and the chairs weren't returned, the agency charged.

The rental agency said that the chairs were delivered in March under an oral rental agreement at \$60 weekly.

The agency alleges that only \$5 rental was ever collected and attempts to have the chairs returned met with failure. The rental has amounted to \$540, the suit alleges.

Ex-Press Employee Wins Fellowship

A former Pontiac Press editorial employee has been named as one of six recipients of American Political Science Association Congressional Fellowships this year.

The nine-month grant will go to Robert A. Papp of Detroit, who was a *Pontiac Press* copy editor in 1955 and 1956. He has been a reporter for the *Detroit News* since 1958.

Papp, 29, is present studying this fall with U. S. representatives and senators in Washington, D. C.

The Day in Birmingham

School Board Approves New Salary Schedules

BIRMINGHAM — New salary schedules for teachers in the Birmingham School District were approved last night by the Board of Education.

The salary increases, which go into effect when school begins in September, are a result of the recent school election in which voters approved a 1.9 millage increase for operations.

The additional millage which is slated to increase the salaries of all school personnel will bring in approximately \$200,000 annually.

Clerical and custodial salaries will be revamped at a later date.

Several additional teachers also will be hired with the additional funds.

The new schedule calls for two classifications, teachers with bachelor degrees and no experience, and teachers with master degrees and no experience.

The first calls for a minimum salary of \$4,000 with raises to a maximum of \$7,255.

Teachers with master degrees will receive a starting salary of \$4,500 with a maximum of \$7,425.

Under the former salary schedule teachers with a bachelor degree received a maximum of \$6,000 and teachers with a master's degree, \$7,100.

Six area boys are attending the 23rd annual Wolverine Boys State at Michigan State University.

Some 1,000 delegates have been operating a mythical 51st state on the MSU campus as a lesson in practical politics under the sponsorship of the American Legion.

Elected to office from Birmingham are Edward H. Lystra, 1298 Westwood Rd., Monroe justice of the peace; William H. Race, 1260 Puritan St., a state representative and councilman for the city of Harrison; and Daniel J. Groves, 2181 Hamstead Rd., Hayes city councilman.

Frederic Maish, 292 Abbey Rd., Baldwin County drain commissioner, and Theodore K. Egnor, 1694 Melton St., state representative.

Neil J. Thomas, of 680 W. Long Lake Rd., Bloomfield Hills, was elected a probate judge.

The eight-day convention ends tomorrow.

The area of Florida is 58,560 square miles and 4,298 of those square miles are inland water surface.

County AFL-CIO Splits on Whether to Endorse

The question of endorsing Democratic political candidates for Oakland County offices has two organizations teetering with indecision.

The Oakland County AFL-CIO Council met this week, but only toyed with the possible endorsement of some of the 30 party candidates. The members are split almost evenly on the question, Fred V. Haggard, Council president said.

Another meeting has been called for Monday night to resolve the issue.

The second group appears a lot closer to picking its favorites for

14 county officers before the Aug. 2 primary.

A splinter group of the Oakland County Democrats, led by Mrs. Harriet Phillips of Huntington Woods, spent two nights last week interviewing 22 of the 30 candidates. Eight others apparently joined a last-minute boycott against what one candidate called the group's "honey-suckle" of the public with candidates before the primary.

Mrs. Phillips' group, seeking to revitalize the local party, will meet in Pontiac tomorrow night to determine whether to endorse candidates. "It's possible," Mrs. Phillips said.

Gives City Approval for Renewal Query

(Continued From Page One)
which city planners hope will spur redevelopment throughout downtown.

The city is already scheduled to acquire Saginaw street frontage in this area under the present urban renewal plan, which is expected to be given final federal approval soon.

The Commission had no objections to the administration's proposal for a second urban renewal project.

But Commissioner Milton R. Henry asked that planners proceed carefully with any acquisition of commercial properties on Orchard Lake avenue.

Stierer expressed optimism about capturing funds under a new federal formula, adopted last year.

AMONG 1ST TO TRY
It allows federal agencies to grant up to 20 per cent of renewal funds to strictly commercial projects.

"Other cities are trying to get some of these commercial funds, of course. But we're going to be among the first to apply and I have good hopes that we'll be successful," Stierer said.

Stierer pointed out that the project—if approved by the federal government—would not cost the city any direct outlay of cash, but only investment in public improvements.

This would be in the form of such jobs as the loop road and the Clinton River tunnel, he said.

At present, it's estimated the gross project cost would hit \$2,775,000, with a total of \$1,000,000 to be paid by the city.

The net cost of \$1,800,000 would be split, with the federal government paying two-thirds (tentatively figured at \$1,200,000) and the city one-third (\$600,000).

Annual costs are the \$76,000 for planning, \$173,000 for property acquisition, \$105,000 for site clearance and \$688,000 for public improvements by the city.

Louis F. Surridge Dies After Illness

Funeral services for Louis F. Surridge, 60, assistant to the general manager of Curtis-Wright Corp.'s Utica Division, were to be held today in Pontiac, Detroit and Birmingham with burial in Mount Olivet Cemetery, Detroit.

Mr. Surridge, who also was director of quality control at the Utica plant, died Sunday in St. Joseph Mercy Hospital, Pontiac, after a short illness.

The rites were to be conducted at 9 a.m. at Reed-Schultz Funeral Home, East Detroit, and at 10 a.m. in Holy Name Church, Birmingham.

Surridge whose home was at 3330 Adams Rd., was formerly quality control manager of the Ford Motor Co.'s aircraft division in Chicago.

He also was one of the seven charter members of the American Society for Quality Control.

Surviving are his wife, Ethel J.; two daughters, Mrs. Virginia Olechowicz of St. Clair Shores and Mrs. Margerie Conroy of Warren; and eight grandchildren.

Sheriff Irons to Speak

WHITE LAKE TOWNSHIP — Sheriff Frank Irons will discuss the county's water safety patrol at 8 p.m. meeting today in the White Lake Republican Club in the old township hall.

More Rain Falls; Blythe Not Blithe at 181 Degrees

By The Associated Press
Scattered thunderstorms fell early today over parts of the plains area, upper Great Lakes, the Mississippi Valley and the Atlantic Coast states.

Precipitation at Augusta, Ga., amounted to .79 of an inch—highest reported in the Chicago Weather Bureau office.

Fair to cloudy skies were mostly the case elsewhere. From the 48s in the extreme northern New England area, to the 90s in the desert Southwest was the temperature range.

Blythe, Calif., recorded 101 degrees at midnight.

Test YOUR Driving Skill

Skillful Driving

How to master 30 of the most crucial situations of modern traffic

By MAXWELL N. HALSEY

CAN YOU MAKE IT?

One of the nastiest traffic contests involving judgment is the battle between the driver wishing to turn left and one wishing to go straight through in front of him. If an oncoming driver does not know you are going to turn left he will frequently be endangered or very often inconvenienced. The earlier he learns your plans the easier it is for him to come to a stop gradually—or, if he has time, to speed up a little and end of your way before you arrive.

Plagued Day And Night with Bladder Discomfort?

Urinary aching or drifting may be a source of mild, but annoying bladder irritations—making you feel restless, irritable, and uncomfortable. And if restless irritations nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills. Doan's Pills act 8 ways for speedy relief: 1—They have a soothing effect on bladder irritations. 2—A fast pain-relieving action on muscular backache, headache, muscular aches and pains. 3—A wonderfully swift dissolving action that dissolves in the urine. 4—They tend to increase the output of the 15 million of kidney tubes. 5—get the same heavy relief millions have enjoyed for over 60 years. Now, hurry, doan's also saves money. Get Doan's Pills today!

Steel Erectors Reach Pact With Engineers

DETROIT (AP)—Agreement on a new two-year contract has been reached yesterday by the Steel and Metal Erectors Assn. and Local 324 of the operating engineers.

The contract granted an immediate 10-cent wage hike and another 15 cent wage increase May 1, 1961. It also included a five-cent-an-hour pension contribution.

The heart disease death rate in overweight women is about 50 per cent above that for the non-obese.

Board of Education Sets Summer School

The Pontiac Board of Education is again offering elementary summer school this year from June 27-July 29. Classes will be held at Crofoot and McCarroll schools from 9 to 11:30 a.m.

Designed to serve a dual purpose, the summer school provides remedial instruction in reading, spelling and arithmetic for those who need it, and also enriching experience in science and art for all students.

Enrollment forms may be filled out at either of the above schools on Monday morning, June 27. Tuition is \$20.

State Delegates Briefed on What 'Isn't Done' Dems List Mystifying LA Mores

DETROIT (UPI)—Los Angeles, you've made the grade, Michigan Democrats admit you are a big city where some men even wear neckties.

They're a little condescending about it, these Michigan Democrats, but they rate Los Angeles as "a big city, not as formal as New York City, but not as informal as a beach resort."

This status report is contained in a stack of mimeographed information sheets supplied to prepare Michigan delegates for the Democratic National Convention to be held in Los Angeles next month.

The advice, put out by state party headquarters, tells the women delegates they will not need hats. "They just don't seem to wear them in Los Angeles," the information sheets say, and then add almost as if in disbelief, "even for luncheons and teas."

Also, they are told, "You will want to bring one 'dressy type' outfit but the general rule is informal."

Then comes a compliment, but it's pretty backhanded: "Informal does not mean slacks or shorts, as one might expect in Los Angeles; it means cotton skirts and blouses or shirtwaist type dresses."

"You do not see the number of

men wearing sport shirts that you might expect, but on extremely hot days they would be fine."

Los Angeles weather doesn't win any wildly enthusiastic songs of praise either.

The weather, it seems, is changeable and "it is difficult to advise a person on what to wear and when but here goes anyway."

The delegates are then advised to bring cool cotton clothes because "July days in Los Angeles run around the 90-degree mark."

But "the great blessing is the cool evenings" and "as soon as

U.S. Boosts Charges for Special Benefits

WASHINGTON (AP)—If you're a cottonseed chemist, it will cost you \$100 instead of \$50 for a license from the Agricultural Department.

If you want the Atomic Energy Commission to clear you or any employee for secret work, it will cost \$385, instead of \$305.

If you want to visit the Franklin D. Roosevelt library at Hyde Park, N. Y., it will cost you 40 cents instead of 25 cents.

Those are examples of a wide range of government services for which the administration has boosted the charges in an effort to make them pay their own way.

The Budget Bureau said the administration's philosophy is that the general taxpayer should not be required to finance measurable special benefits to identifiable groups or individuals when it is feasible to establish appropriate fees and charges for such benefits.

MSU Biological Station to Operate All Year

HICKORY CORNERS (UPI)—New facilities at the Michigan State University Kellogg Biological Station at Gull Lake will permit more research on a year-around basis, it was announced at the opening of the station's summer session.

Among the new facilities are a research building, auditorium-dining room and two new apartment buildings.

Dr. Milton E. Muelder, MSU vice president for research development, said the station should help promote "a concentration of scholarly efforts" by students and professors.

Motorist Tells of Fire, Car Backs Into Stream

JACKSONVILLE, Fla. (AP)—When another motorist drove alongside Wallace Horn Jr. and told him his car engine, located in the rear, was awash, Horn did the best thing: he could think of under the circumstances.

He backed the small foreign car down an embankment into a stream of water.

Takes May Prevent Rematch in 90 Days

NEW YORK (AP)—Floyd Patterson and Ingemar Johansson have a problem that should happen to everyone. They would like to fight again within 90 days and earn maybe a million bucks apiece. But they may not be able to afford it this year because of the tremendous tax bite.

The two young heavyweights, recovered champion Patterson, and dethroned Johansson, may have earned record purses of a million dollars each for their second fight Monday night.

So the answer to whether there will be a "rubber" match this year at all most likely will be furnished by their lawyers and financial advisers.

The explosive fight, in which Patterson regained the title by flattening the Swede in the fifth round, lured 31,882 paying fans and \$234,931 to the Polo Grounds Monday night.

Irving Kahn, the president of TelePrompTer which handled the closed circuit television, movies and radio, said the extras will gross about three million dollars. Of this, he said optimistically, the fighters should collect between \$800,-

000 and \$900,000 each in addition \$175,000 each from the gate receipts.

Gene Tunney set an all-time high of \$990,445 for his second fight with Jack Dempsey at Chicago in 1927, an era in which the tax bite was mild compared to what it is today.

At separate press conferences Tuesday, Johansson and Patterson said they would like the third fight with Ingo 90 days. Naturally the promoting Feature Sports Inc. was more anxious to oblige.

Patterson, elated at becoming the first former heavyweight king to regain the crown, said he had a contract for a third fight with Ingo and intended to fulfill it.

"If I should win," he said, "I would like to negotiate with other contenders, possibly Sonny Liston.

Liston, the hottest and heaviest hitter among the contenders, meets Zora Polley of Chandler, Ariz., at Denver July 18. Liston is from Philadelphia.

"I want the return," said the 27-year-old Johansson, who had suffered the first defeat of his pro career. "Pat-

terson was fresher and stronger this time. He caught me a good punch and that was that. Maybe next time it will be different. I always said anything can happen in a fight. This time it happened the better for him. The next time it can be my turn."

What did he think he did wrong in the fifth round when he was knocked down twice by left hooks, the last time for the count?

"I think I was a little low meaning with his hands," he said. "I must have thought he was going to the body. And I kept my chin up a little high."

Why didn't he storm after Patterson in the second round when he appeared to have hurt Floyd with a high right to the head?

"He was just trying to look bad," said Ingo. Patterson confirmed this. "I was pretty sure he was not too bad and was playing that he was hurt bad. I thought I would have plenty of time to get him in a long fight."

Of this moment, Patterson said "it did hurt but not as much as it looked. I hoped he would come charging in like

he did in the first fight when Johansson stopped him in the third round. Unfortunately, he didn't."

Asked if he thought the public wanted a third fight, Patterson said:

"I think so, if you look at it this way: In the first fight I definitely was overconfident from what I had read. I was surprised. In the second fight Ingemar more or less underestimated me because things had been so easy for him. The third should decide the championship."

"In my opinion," said Johansson, "I didn't understand him but sometimes you can win without knowing it."

Sideviews from Ringside

By HAROLD A. FITZGERALD
Publisher, The Pontiac Press

Ted Smith, A.P. Sports Editor, pressed me into service reading copy Monday night at the big fight. I was in Section 1, Row B, Seat 1, and Johansson's head was almost in my lap when the Swede capitulated.

No champion was ever more completely "out" than he was. Others have taken worse beatings, but Ingemar was a gone goose and colder than a machoer for nearly ten minutes. People began to worry. He didn't even wiggle and when they finally started helping him up, he slumped back like a sack of cement. At last they brought his stool out in the ring and perched a weebly warrior on it. (The 1960 version of Mohammed and the mountains.)

Governor Rockefeller appeared at ringside with Ralph Bunce and others. The crowd took no particular notice and seemed unaware that the Governor was there.

A prominent Michigander sat about twenty feet away. They introduced him before the fight and he climbed into the ring unannounced at the end and greeted Patterson warmly. I refer to citizen Barrow—otherwise known as Joe Louis.

One of the New York State boxing commissioners sat nearby in black tie and a white Tuxedo. The announcer faded this by appearing in white tie and tails. It looked a little incongruous amid the sweated minions that belabored the fighters.

The biggest hand on introductions went to Dempsey, Louis, Tunney and Archie Moore. Gene went next. There were some lesser fry struggling for recognition and they bowed solemnly in several directions without a single spate.

Patterson and Johansson received terrific ovations when they entered the ring. Patterson won by 164 decibels, and there were definite "boos" and cat calls mixed in with Ingemar's reception. New York loves to boo everyone.

Johansson is an exceptionally boyish looking individual, and could pass for a college undergraduate at MSU. He smiles readily and nicely. Floyd is sober, somber and grave faced. He never cracked a grin until Johansson was horizontal with the ref's arm tolling off the precious seconds the first time he went down.

The promoter was bitter about the New York police and he didn't blame him. They put on a bush league exhibition, lacking training, leadership and guts. When they were the only miserable note of a real fight evening. Bums had the cops intimidated and apparently scared stiff.

When the Swede got up after Floyd decked him the first time, he was in a heavy fog on queer street. Everyone sensed the kill and Patterson knew it as he grinded all over. When Floyd staggered him the second time, he topped him a log and never moved, except for some quivering toes. Maybe a doctor can explain those.

Ted Smith, Associated Press Sports Editor at large, and the pro's pro in the whole country among our sports directors, mothered his two dozen charges with finesse and elan. Everyone of his top line specialists had a definite job to do and he did it without questions or hesitation. You truly "read copy" and passed it on alternately to a typewriter in the second ring and to an electric typewriter in the first row, connected with the A.P. New York office. The A.P. flashed this story all over the world—literally.

When the ref reached "ten" he reached down and took Ingo's mouthpiece. Patterson ran to his side, knelt and said something that no one in the ball park heard—least of all Johansson. Afterwards, Floyd said he told Ingo he could have a return fight in 90 days. At the moment, 90 years would have been too soon.

Sandra Patterson, Floyd's wife, expects a baby next week and she said afterwards she thought for a few minutes she was going to have it in the Polo Grounds.

O. K., Mr. Smith, when will you need me again?

Joe Louis Says Ingemar Can Win Rematch—If

NEW YORK (UPI)—Joe Louis is so confident that a "new" Ingemar Johansson could beat heavyweight champion Floyd Patterson in a third fight that he has offered to instruct Ingo on a \$20,000-coaching basis. It was learned today.

Ex-champion Louis, who coached Patterson during his recent training to recapture the crown from Sweden last Monday night at the Polo Grounds, believes that certain improvements, particularly in the left jab and left hook, would fit Johansson to conquer Floyd in their "rubber match."

Boxer Joe wants \$20,000 for his advice to Ingemar if he wins back the title but he will accept nothing if Ingo loses.

The proposition has not yet been put to Johansson, who was flying today to Florida to spend a week's vacation at Hialeah, Fla. Louis said he would be in Detroit to see Patterson after the Florida trip. Johansson plans to fly to his new home at Geneva, Switzerland.

Louis was quoted as saying: "Of course I would take the advisory job with Johansson only on condition that he change his training system. I mean leave his family and fight home in Sweden, and forget about business appointments until after the fight."

Tiger Batters Are Just 'Stubborn'

SPORTS

Lary Shelled From Mound by Yankees, 6-0

Bengal Coaches Blast Batters for Trying to Hit Over Fence

DETROIT (AP)—Hard-headed stubbornness is keeping the Detroit Tigers from hitting the baseball the way major leaguers should. Both manager Jimmie Dykes and coach Luke Appling criticized the Tiger batters after the club absorbed its third straight shutout last night.

The New York Yankees dealt the Tigers a 6-0 whitewashing after the Baltimore Orioles gave them a double blanking on Sunday 5-0 and 1-0.

The string of scoreless innings stands at 27. The team has not safely only nine times in the three shutouts and all the hits were singles.

In their last five games, the Tigers have collected only 18 hits. "They're all standing up there trying to hit the ball out of the park," said Dykes. "But you can't tell them anything. They won't listen."

Appling said sarcastically "we hit 42 home runs in batting practice."

The coach, a great hitter in his playing days, said the Tiger batters are "swinging from the heels all the time. They're not swinging it down the middle with only mediocre speed and all we do is try to knock it out of sight. The park here is a hitter's park and everyone is trying to take advantage of it."

"They seem to forget that if they get their timing down right, and just meet the ball squarely, the home runs will come."

The return of Al Kaline, Rocky Colavito and Chico Fernandez did little for the Detroit cause as 20-21 walloped the Yankees beat an old nemesis, Frank Lary.

By Dykes will stick with the same lineup. He's convinced that lineup shakings are not the answer to the Detroit trouble.

Whitey Ford gave the Tigers only four singles in posting his first win since May 26. He retired the last 17 men in a row and allowed only one man as far as this base.

It was the second time this season the Yankees have beaten Lary—and this is the first time since 1957 they have beaten him twice in one year. He was 1-4 against New York in 1958, and 5-1 last year.

His career mark against them stands at 2-8.

Roger Maris tripled and scored on Lary's wild pitch in the fourth. Mickey Mantle led off the sixth with his 15th home run. Two singles and a force play produced another run in the inning, and the Yanks outdied Lary in the seventh.

Ford's single and Mantle's second home run made it 5-0. Lary was replaced by Dave Sider after he walked Maris on four pitches.

Tom Morgan was on the mound when the Yanks scored again in the ninth. Two singles and Fernandez' second error boosted the run home.

TAKING STOCK OF SITUATION—Sweden's Ingemar Johansson, dethroned as world-heavyweight champion, presented his views at a news conference in New York yesterday. The bruise under his left eye was the only visible mark on his face. He said he wants to fight Floyd Patterson in the next 90 or 120 days.

Mrs. LeClair New Leader

Sally's Game Not So 'Sharp'

What a difference a day makes! When the second 18-hole round of the Women's District Golf Championship got under way Tuesday at Meadowbrook Country Club, Sally Sharp held an apparently comfortable three-stroke lead.

The Forest Lake miss had made a one-under-par 77 in Monday's opening 18-hole round and seemed well on her way to a third consecutive title.

Miss Sharp's game fell apart yesterday, however, as she soared to a 90 to fall into 2nd place in the championship flight, eight strokes behind the new leader, Mrs. Keith (Sue) LeClair.

Mrs. LeClair, the sharp-shooting Ann Arbor housewife, fashioned a 77 yesterday over the plush Meadowbrook course to match

Mayer Pitching and Hitting Star in Langdon Win

John Mayer's three-hit pitching and 11-hit support from his teammates guided Langdon's Boat Livery to a 5-1 decision over University of Blue Star in a National division City League softball game at Northside Park.

Ken Armstrong, Jim Batchelor and Mayer himself each collected two hits to pace the Langdon attack.

O'Neil Realty and First Presbyterian waged a free-scoring affair in more National pool action with the real estate team clubbing 15, four of them by pitcher Marv Fuller, for a 16-4 victory.

Garry Crane notched two of Hutton Bowl's 10 hits and Lloyd Harber buried two-hit ball for a 9-1 rout of Blue Star in NL activity at Beaudette. In the other scheduled NL contest, Philip's Sporting Goods gained a forfeit victory over the Auto Parts.

Bear Tackles Signed

CHICAGO (AP)—Dyk Klein and Herman Lee, a pair of tacklers, have signed their 1960 contracts, the Chicago Bears announced today. Each is 6-4. Klein weighs 235 and Lee 247.

Doctoring Your Golf

By DR. CARY MIDDLECOFF
PATIENT'S COMPLAINT: "Putted terrible again."
DIAGNOSIS: Trying to "wish" the ball in.

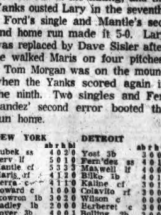

TREATMENT: With virtually all golfers, there is a natural anxiety that sets in once the putting stroke is started. You just want to see the ball pop in the hole and get the ordeal over with.

One frequent bad result of this anxious feeling is that the body moves involuntarily in the direction of the hole, as if trying to help the ball on its way. Instead of helping the ball get in the hole, this movement actually causes more missed putts. I think that any other single fault. Nearly all of the misses so caused are to the right of the hole.

The thing to do is to keep the body firmly in place on all putts—until the ball is struck and on its way. This can only be done—so far as I know—through a firm effort of the will.

Practice will help some, because the tendency to commit the error is not present during practice sessions—but only in the heat of competition.

Just make up your mind before you putt that your body is going to stay put.
