

Pontiac, Tempest Top Classes in Economy Run

Pontiac can take top honors today as America's best "family" car. A husband and wife team yesterday, drove a Pontiac Star Chief and a Tempest to first place honors in the Mobil Economy Run.

Mickey Thompson, known as the fastest man on wheels by virtue of his driving 604.4 m.p.h. on Bonneville Flats two years ago, drove his Tempest to victory in Class C — large engine compact with automatic transmission — averaging 27.33 miles per gallon.

He beat an American Motors Corp. Rambler which finished second with 27.09 miles per gallon.

Thompson's wife Judy took first place in the medium-priced field, driving a Pontiac Star Chief. She averaged 19.48 miles per gallon in the six-day run over a 2,497-mile route from Los Angeles to Detroit.

Second in the medium-priced field was an Oldsmobile Dynamic 88 averaging 19.05 miles per gallon.

In addition, a Tempest placed sixth in Class A — compact with manual shift — averaging 17.44 miles per gallon, and a Pontiac Catalina averaging 19.39 miles per gallon took fourth place honors in the low price V8 field.

Thompson's feat in the four-cylinder Tempest was emphasized by the fact that his gas mileage was also better than any car achieved in Class B, for small engine compacts.

Forty-four cars in the initial field of 46 finished the grueling run. Overall miles per gallon for men drivers averaged 22.78, while women drivers averaged 22.88.

Cars were divided into eight classes based on size and price.

Best average mileage was 31.11 miles per gallon posted in the manual shift compact class by a Rambler American.

Both Thompson and his wife had driven in the economy run before but neither had placed.

Mrs. Thompson, when asked how she would do in competition against her husband, flashed a grin and replied: "I'm never against him, I'm always for him. It would be no contest."

Thompson was critically injured two years ago in a speed boat accident. Doctors told him he probably would never walk again. But he tired of hospital life and left. Today he wears a brace around his neck and shoulders.

THE WINNERS — A Pontiac Star Chief four-door sedan crosses the finish line in Detroit yesterday, taking top honors in the medium price field in the Mobil Economy Run. The driver, Judy Thompson of Rolling Hills, Calif., averaged 19.48 miles per gallon over the 2,497-mile route from Los Angeles. Her husband Mickey took first place in a Tempest in the compact field.

Sen. Francis Offers Cure

Would Cut State Spending

LANSING (U) — A drastic slash in state spending is proposed by Sen. Lynn G. Francis, R-Mich., as the best answer to the state's financial squeeze.

In the midst of the hectic fight over discharging the Senate tax committee from consideration of Gov. Swainson's package of tax bills, Francis circulated a 10-page memo containing his own recommendations.

Francis said they could save the state more than \$131.3 million a year.

"The legislature and administration spend much time in considering additional taxes and appropriations," Francis said.

"It seems to me that some serious thought should be given to the reduction of state expenditures."

Francis, an ultra-conservative, said the state could save more than \$46 million by making counties pay half the cost of caring for mental patients and prison inmates.

Francis also proposed a 10 per cent reduction in state employment saving \$15.5 million.

His other major proposals, with estimated savings, included:

- A 10 per cent slash in mental hospital personnel, \$5.5 million.
- Cutting 1,000 cars from the state motor pool, \$4.7 million.
- Improved bookkeeping and accounting systems, \$1 million.
- A 10 per cent increase in college and university fees, \$2.5 million.
- New auditors to check on tax sources, \$4 million.
- Reduced appropriations for the public school employees retirement system, \$10 million.

'ELIMINATIONS'

- Eliminating distribution of the horse race wagering tax, \$1.8 million.
- Eliminating return of the intangibles tax share to local units of government, \$9.5 million.
- Eliminating payments for veteran homestead exemptions, \$9 million.
- Financing state police from restricted highway funds, \$18.2 million.
- Eliminating return of liquor license fees to local units, \$4 million.

Francis and Sen. Clyde H. Geerlings, R-Holland, chairman of the Senate Taxation Committee, proposed similar cutbacks two years ago but they were ignored.

Senate Income Tax Fight 'Most Bitter' — Roberts

Sen. Farrell Roberts is on the winning team but he talks with little of the enthusiasm of victory.

He returned to his West Bloomfield Township home early today... tired, taut and even a bit discouraged after yesterday's bitter Senate fight to force the taxation committee to release Gov. Swainson's income tax program for floor debate.

"I hope I never have to go through a session like that again," Roberts said.

The Oakland County Republican and eight other GOP moderates joined nine Democrats to rebuke the committee for its tax stand.

No Senate committee had been suddenly discharged of its responsibility in 50 years.

Roberts said the action "goes to the heart of our legislative system — to be used only in an extreme."

"If this power is used lightly," he said, "our legislative process could become unworkable."

'MOST BITTER' SESSION

Roberts called the session the "most bitter" in his legislative career and perhaps in the history of the Senate.

Several times, he said, the debate "descended to a level not to be expected" of state senators.

Roberts did not take part in the debating. He and other GOP moderates channeled their remarks through Sen. William Milliken (R-Traverse City).

"Our position was that for six years the state has been getting worse and worse in the red," Roberts said. "The Appropriations Committee is composed of the most conservative men in the state and they have tried to hold the lid down on spending."

In three areas, however, Roberts pointed out that the lid must be raised — higher education, secondary education and mental health.

Yesterday's discharge of tax committee responsibility Roberts said, "free our hands to try to solve our fiscal problems."

TWO ALTERNATIVES

"We had two alternatives," he said. "Limp by another year, with minimum taxes or try to solve our fiscal mess now."

News Flash

LAS VEGAS, Nev. (UPI) — Actress Elizabeth Taylor will divorce singer Eddie Fisher in Las Vegas—the city where they were wed nearly three years ago, a hotel owner said today.

Each weekday during Lent, a prominent American invites you to join with him in his favorite prayer. Today, join with:

J. GLENN REALL
Senator From Maryland

"O God our Father, let us not be content to wait and see what will happen, but give us the determination to make the right things happen."

While time is running out, save us from patience which is akin to cowardice.

Give us the courage to be either hot or cold, to stand for something, but we fall for anything. In Jesus' name.

(The late Dr. Peter Marshall, U. S. Senate chaplain.)

—Distributed by the Laymen's National Committee and N.S.A.

More Showers Likely to Arrive Late in Evening

Gentle rain falling during the night brought a fresh greenness to the coming grass. More showers are likely late tonight, the weatherman said. Showers measured 1/4 of an inch at 8 a.m. today.

Temperatures over the weekend will average near or a little below the normal high of 59 to 64 and normal low of 29 to 35. Sunday and Tuesday will be slightly cooler.

Precipitation will total near .75 of an inch in occasional periods of showers through Monday with more general rain about Wednesday.

The lowest temperature in downtown Pontiac preceding 8 a.m. was 42 degrees. At 2 p.m. the thermometer stood at 53.

Senate Shuns 50-Year Tradition

Chain on Tax Breaks at Last

Coalition Move Betters Income Levy's Chances

Breakthrough Forces Conservatives to Send Bills to Floor

LANSING (U) — Chances for adoption of a state income tax this year rose sharply in the wake of a dramatic Senate fight that cracked for the first time the opposition of Republican conservatives.

The breakthrough came yesterday in an emotional three-hour debate that ended in triumph for a coalition of Democrats and GOP moderates.

By an 18-13 vote, the nine Democrats and nine Republicans forced the Senate Taxation Committee to release Gov. Swainson's 11-bill tax package and send it to the floor, probably for a vote later in the month.

It was the first time in half a century that the traditionally-minded Senate has ordered a committee to give up a bill against its will.

Republican conservatives, who control the committee, involuntarily broke their vow to bury any and all state income tax bills that come their way.

Drummed Out of the Corps

DISGRACED — A U.S. Marine—head blocked out at Marine Corps request (arrow) — is followed by an armed "chaser" as he is drummed out of the corps. The Tennessee youth was given a bad conduct discharge by a special court martial Wednesday at the Marine Barracks, Norfolk, Va., Naval Station. The drumming-out ceremony was recently revived at Norfolk after a 20-year lapse to impress upon those that remain the seriousness of a bad-conduct discharge.

Tax Data Center to Be Located in Detroit Area

Pontiac Officials Greet News Enthusiastically as Field Narrows

The new Internal Revenue Service Data Processing Center for the Illinois-Michigan-Wisconsin region will be located in the Detroit Metropolitan Area, it was announced today by Senators Philip A. Hart and Patrick V. McNamara, D-Mich.

The announcement was greeted enthusiastically by Pontiac city officials who plan to go to Washington, D.C., next Thursday to appeal for location of the center here.

Pontiac is included in the region under consideration, Washington officials said.

Local officials will now be vying for the \$2-million center against a narrowed-down field of applicants. Detroit and Port Huron are the only other cities now under serious consideration.

"We think Pontiac has advantages that no other city in Michigan can offer," said City Manager Robert A. Stierer. "While we plan to sell Pontiac as the site, it is good to hear they've decided on the Detroit Metropolitan Area."

WOULD ADD JOBS

"The center certainly would help the unemployment problem here," he said, speaking of the three-county area.

The city's decision to send a delegation to the capital came after urging from Commissioner Milton R. Henry to try and get the center here.

Scheduled to make the trip are Stierer, Henry, Mayor Philip E. Rowland and Max Adams, manager of the Pontiac Area Chamber of Commerce.

They will present written material, maps and charts showing Pontiac's qualifications at a 2 p.m. meeting with Bruce McNair, director of facilities and management for the IRS. The meeting was arranged by Sen. Hart.

Stierer said the presentation would cover several five major factors in Pontiac's favor.

"Our location is in close proximity to the Detroit district office, we are a metropolitan area with a good labor supply in the electrical and technical fields that will be needed, and we offer excellent highway, train, bus and air transportation facilities," he explained.

"In addition, we could offer 10 acres of cleared urban renewal land in the heart of the city. Recreation facilities are excellent in the surrounding area and potential future development is even greater."

The proposed center would have about 800 permanent employees and 800 part-time workers, according to federal officials. It would begin operation in 1964.

The annual payroll is estimated at \$5.3 million. The building will contain 200,000 square feet in its one-story structure.

McNamara and Hart said two major reasons for the selection of the Detroit area were the availability of trained personnel in the Detroit IRS district office and the Kennedy administration policy of locating new federal facilities in labor surplus areas where the areas meet all other requirements.

Hunt Missing Skin Divers Cuba Claims to Have Nabbed

MIAMI, Fla. (U) — The Coast Guard searched today for seven missing American treasure hunters while Havana radio said they were under arrest in Cuba.

A Coast Guard spokesman at Miami said a plane was searching the area between eastern Cuba and the Dominican Republic for the motorboat Placis, overdue at Jamaica on a treasure-hunting cruise.

Aboard the 45-foot single engine boat were Gordon S. Patton, 32, charter boat operator who owns a marine museum in Ocean City, Md., and has made skin-diving cruises to the Caribbean to equip his museum; Fred Dickson Jr., 32, a 1961 Yale graduate, assistant cruise director and skipper who formerly lived in Ocean City, N.J., and five others.

They were identified as Mike Freeman, 31, underwater photographer and owner of a skin-diving equipment store in Washington, D.C.; John Sterry, 28, Brewster, N.Y.; Johnny Johnson and two others.

The others were identified as Joe Campbell of Washington and Bernie Nistad of Brooklyn, N.Y. Johnson also lived in Washington.

Finsterwald's 68 Takes Lead

Sneaks Ahead While Player and Palmer Battle on Front Nine

AUGUSTA, Ga. (U) — While Gary Player and Arnold Palmer fought a tense battle on the front nine, quiet Dow Finsterwald slipped home with a 4-under-par 68 today and grabbed the early second-round lead in the Masters Golf Tournament.

Player, the compact South African who opened defense of his Masters title with a terrific 5-under-par 67 in the opening round, led both Palmer and Senechal by three shots at the start of the second day's play.

Palmer stroked home a curving 10-foot birdie putt on the first hole — where he took a bogey yesterday — and narrowed the gap to two strokes. Senechal, picked up a stroke with a birdie on the long, dogleg second.

Player lost another stroke of his lead when he bogied the third hole.

Big Julius Boros, the 1952 National Open champion, who was in second place with a 69 after the first round, was a later starter.

Second Round Scores:
A-donides Aonides: 70-117
Bruce Crampton, Sydney, Australia: 70-117
Eric Muir, Los Angeles: 70-121
Pete de Luca, Buenos Aires, Argentina: 70-124
J. C. Francis, East Windsor, N.Y.: 71-120
Ray Herd, Miami, Fla.: 71-120
Billy Burke, Cleveland: 72-120

Sign Kenya Agreement

LONDON (U) — Kenya leaders signed an outline agreement with Britain today intended to push Kenya toward statehood, expected next year.

It's Moving Day

Turns to Plan for Europe of Fatherlands

De Gaulle Reluctant to Surrender Any French Rights

BY PHIL NEWSOM
UPI Foreign News Analyst

Apparently confident that his Algeria problems were well on the way to solution, French President Charles de Gaulle this week turned to other things.

Among them was a trip to Turin, Italy, for a one-day meeting with Italian Premier Amintore Fanfani.

High on the agenda was De Gaulle's conception of the "Europe des Patries" (Europe of

Fathers) by which the six West European nations now bound together in a common market also are gradually to achieve political unity.

So far, agreement among the six on the extent to which political unity shall be carried has been considerably less than that already achieved in the economic field.

At the core of the difficulty lies De Gaulle's own conception of what exactly he means by a Europe of Fatherlands.

France's partners in the six, West Germany, Belgium, The Netherlands, Luxembourg and Italy, openly have suspected that while De Gaulle speaks of unity he actually means to weaken the structure that was supposed to result in a United States of Europe.

TO MEET IN PARIS

Foreign ministers of the six will meet in Paris April 17. De Gaulle's trip to Turin, therefore, was an attempt to sell Italy on his ideas in advance.

One source of suspicion is De Gaulle's announced reluctance to surrender any degree of French sovereignty.

Another is a fear that De Gaulle is moving to weaken the already established authority by which the common market is administered.

A community court of justice has the authority to enforce its rulings against member governments as well as individuals and private enterprises. These rulings usually deal with competitive injustices between one country or another.

There have been suggestions that De Gaulle believes a greater voice should be restored to the individual governments.

Among the six there also is a fear that De Gaulle's reluctance to meet his NATO commitments and his insistence upon developing his own nuclear striking force, eventually will mean a weakening of NATO with a consequent reduction of U.S. participation in European defense.

They suspect that De Gaulle actually intends to lead a "third force" independent of other ties.

The French point out that it was France that first suggested the European coal and steel community, the forerunner of

the common market and a mighty factor in Western Europe's prosperity.

De Gaulle himself has said: "I think that the future of the common market is assured. It is an economic reality and an economic

necessity and it is also, in some measure a political reality and a political necessity."

What De Gaulle apparently believes is that as economic unity becomes a reality among independent nations, a common policy on foreign affairs will develop as a natural part of evolution. Therefore surrender of sovereignty becomes unnecessary.

Philadelphia was founded in 1682 by William Penn.

Addis Ababa Trembles

ADDIS ABABA, Ethiopia—Earth tremors shook Addis Ababa yesterday, rattling doors and windows. The epicenter was to the north, the geophysical observatory at University College reported.

About 40 per cent of the 10.8 million people of Peru are pure-blooded Indians whose lives have changed but little since the times of the Incas.

Contractor Files Blank Tax Form as Test Case

WICHITA, Kan. (AP)—A Wichita contractor has filed a blank income tax form with the Internal Revenue Service to test the government's right to the information.

"I want this to be a test case," contractor A. J. Porth said in a statement Thursday. "I want to be indicted before a federal grand jury."

Porth said he typed his name, address, Social Security number and occupation on the form but did not fill in any figure. He said that if the service disagreed with his tax figures, the form could be used against him in criminal action.

Animals Die of Cancer

SAN DIEGO, Calif. (UPI)—Cancer, which ranks second only to heart disease as a killer of man, also takes its toll of animals. Officials at San Diego Zoo report that several bears and even snakes have fallen victim to the disease.

Hovering Over Road, Plane Gets Speeders

OTTAWA, Ill. (AP)—Motorists noticing an airplane overhead better check speedometers. At least 11,300 speeders have been arrested since the Illinois State Police started its air check method two years ago.

Cars are clocked between white lines placed one-eighth of a mile apart on the highway. When a speeder is spotted and clocked by the observer, the pilot radios a "catch" squad car in the area to make the arrest.

Customer Comes First

TULSA, Okla. (AP)—A robber held up a supermarket here but didn't get all the money he had intended to take.

He demanded the money from store manager J. S. Presley who started to sack it up. But a woman who was paying for her purchases objected. She wanted her change, she said, "before he takes it all." She got it.

DOWNTOWN AND DRAYTON PLAINS

Slams Walker, Hails U.N. Loan

Rep. Broomfield Hits 'Grave Digging,' Vows to Back Senate Bill

With a slap at "world grave digging" by right-wing extremists, Oakland County Republican Congressman William S. Broomfield announced today he will back a Senate-passed plan to help the United Nations with its financial crisis.

Broomfield, a member of the House Foreign Affairs Committee, termed the remarks of Sen. Gen. Edwin A. Walker before a Senate committee yesterday as "out of line and out of this world."

Broomfield said ex-Gen. Walker's charges that Secretary of State Rusk is a member of an "apparatus seeking to sell out the United Nations to the communists" are baseless, pointless and pure fiction.

"Secretary Rusk is one of the most able men we have in government," said the congressman. "He knows how to win, and he has the courage and imagination to see that policies best for our nation are carried out."

Broomfield said he was in "complete agreement" with a compromise plan passed yesterday by the Senate to permit the U.N. to loan or to buy U.N. bonds up to \$100 million.

"I believe that the U.N. has headed off some dangerous crises which could easily have triggered World War III, and I think the U.N. deserves our full support not our condemnation."

Broomfield said he was disturbed that Walker's clique "seems intent on digging its own grave and pulling the rest of the world in with it."

Probe Background of Slain Millionaire

HASTINGS ON HUDSON, N.Y. (AP)—Police delved today into the complex background of a millionaire business man shot to death as he watched television in his den. No gun was found.

The body of Mallard Brown, 56, a former economics professor, was found Thursday by his secretary and his estranged wife, Nora, 45, who lives next door.

He had been shot in the temple at close range. Brownhouse, clad in sweater, slacks and tennis shoes, was slumped in a leather easy chair on the second floor of his white stucco home. A 33-caliber shell lay in a corner of the room.

The television set was blaring, though doctors said he could have been dead for 18 hours.

Lignite has been found in many parts of the world.

JKF Proposes More Self-Rule for Virgin Islands

WASHINGTON (AP)—President Kennedy proposed today a greater degree of self-government for the people of the Virgin Islands, including the right to elect their own governor.

He sent his proposal to Congress along with a recommendation for legislation which would schedule the first election in the islands for next November.

The group of three major islands and about 50 small islands, now a U.S. territory, is on the eastern edge of the Caribbean Sea and forms a natural outlet of the Panama Canal. The islands were purchased from Denmark for \$25 million in 1917.

Justice's Illness Traced to Heart

Blood Supply to Brain Halted Briefly, Says Frankfurter's Doctor

WASHINGTON (AP)—Justice Frankfurter's collapse at his desk was described by his physician today as due to a transient episode of acute cerebrovascular insufficiency. That is, there was a brief interruption in normal blood supply to the brain.

Dr. George A. Kelsner said it had cleared up but that the justice will remain in the hospital for a short period of rest.

Frankfurter, 70, eldest justice on the court, was taken from the court building to George Washington University Hospital by ambulance Thursday night. His secretary, Elsie L. Douglas, said he had collapsed while working at his desk.

The hospital reported this morning that he had spent a comfortable night, and described his condition as quite satisfactory.

Later, Dr. Kelsner issued this statement: "Justice Frankfurter experienced a transient episode of acute cerebrovascular insufficiency, which cleared spontaneously and left no residual aftereffect."

"His heart remains in good condition and played no role in his present illness. He will remain in the hospital for a short period of rest."

Frankfurter was treated in 1959 for a heart disturbance.

Jimmy Hoffa to 'Teach' Labor Class at MSUO

James R. Hoffa, Teamsters Union president, today was scheduled to go back to school—as a teacher.

He was scheduled to speak at 1 p.m. at Michigan State University Oakland in a labor-management relations class. His topic was to be on selective rate cutting, including the threat to truckers of "piggy-backing" trucks by railroad.

Commutes Sentence of Ex-Pontiac Man

A former Pontiac man who has spent 20 years in Jackson Prison for first-degree murder had his life sentence commuted today by Gov. Swanson.

Harold Rice, 56, convicted of the fatal stabbing of Jesse DeGraffenried in 1942, is now eligible for immediate parole and plans to live with relatives in Detroit.

Rice, pleaded temporary insanity during his trial. The killing was alleged to have occurred while Rice and DeGraffenried fought over a woman.

Rice was seriously cut during the battle.

The trial was held in the old courthouse in Pontiac before Circuit Judge H. Russell Holland, now in the new courthouse at the Oakland County Service Center.

News in Brief

Theft of a 1953 hand-footed leather saddle from his barn was reported to sheriff's deputies yesterday by Richard Thompson of 7650 Fish Lake Road, Rose Township.

Headquarters Set for Romney in Detroit Building

George Romney's gubernatorial campaign workers have set up permanent headquarters in downtown Detroit.

Preparing for the active campaign once Romney completes his duties at now-once, the staff has opened offices on the 10th floor of the Industrial Building, Grand River Ave. and Washington Blvd.

Activities of volunteer groups will continue in the Romney Volunteers office in the Detroit-LeLand Hotel.

Plans are also being made for another volunteer office in Detroit and outstate offices as the campaign progresses.

Heading the Romney campaign team are John T. Dempsey, former TV newscaster, and Thomas McIntyre, who is credited with leading Detroit Mayor Jerome Cavanagh's upset victory over Louis Miriam last fall.

Dempsey is coordinator of Romney Volunteers and McIntyre serves as consultant on metropolitan affairs.

Highway Dept. to Tie City to FM Network

Pontiac is one of 10 Michigan cities selected to receive installations of two-way radio equipment for the State Highway Department's new statewide radio network.

The network will be used to coordinate highway construction and maintenance activities by permitting rapid FM radio communication between highway department personnel.

Motorola, Inc., of Chicago has been awarded a \$815,500 contract to provide the system, which is expected to begin operation by midsummer, the department said.

"It will be especially beneficial during emergencies like snow and sleet storms," said Highway Commissioner John C. Mackie. "It also will increase efficiency and cut operation costs by allowing supervisors to maintain maximum contact with personnel in the field."

Capt. James Cook discovered Australia's Greater Barrier Reef in 1770 when he ran into it on a dark night, badly damaging his ship.

Seagull is Picked Up Far From Native Haunts

EUGENE, Ore. (AP)—Clarence Raines stopped a Humane Society truck in this city some 50 miles inland from the Pacific Coast and asked the truck driver whether he had seen a seagull.

The truck did contain a seagull, the Raines family pet.

The bird had been picked up while waddling down a sidewalk in Eugene.

Horses in the world have declined 22 per cent since 1940.

Picked Up Windshield

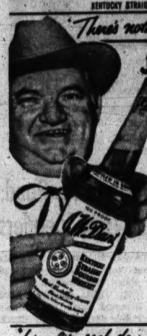

FREDERICKSBURG, Va. (AP)—Francis E. McCalley paid express charges on a \$127 auto windshield and told an employee to pick it up from the express terminal platform.

City trash collectors arrived last, emptied two carbage cans on the platform and tossed the windshield carton into their truck. It was crushed to smithereens by drum.

Really Stores Facts

WASHINGTON (UPI)—The computer designed for the Federal Aviation Agency's jet age traffic control system has a memory of 448,000 bits (pieces of information) in its core and 28,672,000 bits in its drums.

Columnist's Pen Rambles Over Variety of Subjects

NEW YORK (AP)—Jumping to conclusions.

Many of the world's top restaurants have one thing in common—they are usually dimly lit. Why?

One theory is that it satisfies a subconscious human need—that from his cave man past man has enjoyed eating his food in the dark. A more probable reason is that middle-aged women, who control the spending of the real folding money, don't feel comfortable under bright lights that cruelly show their years.

According to a recent news story, it now costs from \$300 up to give a cat or dog a stylish funeral. But isn't anyone who spends that kind of money to bury a pet a victim of twisted emotions and mistaken values?

One sign that the population is getting older is the wide popularity

of the New York Mets baseball team, managed by Casey Stengel, the pinup boy for girls over 65. Everyone who has ever had a twinge of rheumatism is rooting for the old-timer to shake a come-back.

Conformity has reached a point where some men today are afraid to wear a red necktie for fear someone will think they are secret Communists.

You can't really trust a man who orders a martini with a cherry in it instead of an olive.

Complains Assessment on Home Is 'Too Low'

LOGANSPORT, Ind. (AP)—A farmer complained to county assessor Richard Gohl that he had improved his home in 1957 and remodeled it last year, but it was still assessed at only \$700.

Gohl, who promptly obliged, said, "That's the first time I've ever heard a man complain that his assessment was 'too low.'"

or onion. He's bound to be a showoff.

Most of the people who de-nounce today's teen-agers couldn't attend classes with them and pass the tests they do.

The best way to cure an introverted boy with an inferiority complex is to sign him up for a hitch in the U.S. Marines. No other organization does a better or quicker job of building up self-confidence.

Every haircheck girl dreams of marrying a playboy millionaire, but after 10 years of standing on her feet she's usually glad to let a waiter or a musician put the ring on her finger.

No one can look at the sad tired faces in a subway train without silently asking, "Why is civilization so troubling?"

It's time to make a change in your way of living if you never answer the telephone or open your mail with a feeling of excitement.

There's a market somewhere for any product. Even a miser will invest money in a coffin that contains a built-in steel strong box.

Children seemed much more manageable in the old days when parents customarily put castor oil in their orange juice.

There's a market somewhere for any product. Even a miser will invest money in a coffin that contains a built-in steel strong box.

Mankind, despite the dismay of this world, remains incurably optimistic. Ask 10 passing people to

Chaplin Visits London

LONDON (AP)—Charlie Chaplin arrived from Geneva yesterday with his wife Oona and three of his children, Josie 13, Victoria 10, and Eugene 8, for a vacation. Chaplin said the rest of his family will join him in a few days and they will then go to Ireland.

First transcontinental telephone line was completed in 1915.

OKs Solid Food as Orbit Diet

Space Sandwich Fine for Glenn

WASHINGTON (AP) — Astronaut John H. Glenn Jr. came out strong today for ham sandwiches for future orbiting spacemen.

He said his own experience indicated there is no need of restricting spacemen, as he was, to tube-fed foods like applesauce.

Glenn made his sandwich suggestion as the National Aeronautics and Space Administration presented detailed reports on his triple orbit of the earth to an international gathering of more than 1,000 scientists. A few from Communist-bloc countries attended.

The space agency said examination of the records of the Marine lieutenant colonel's flight showed that it was "an unqualified success, a major milestone in the program for the manned exploration of space."

This was the first detailed scientific report on the mission, the man, and his capsule. But, except for details and simplification, it presented little that had not previously been disclosed by the space agency—and nothing new of a major nature.

A space agency scientist did offer some new details on theories as to the cause of the strange "flashes" that Glenn reported seeing during the several surmises he observed on his flight.

Dr. John A. O'Keefe of NASA's Goddard Space Flight Center indicated that it is believed the strange particles did not come from space but from Glenn's own capsule.

O'Keefe said two "reasonable" possibilities exist:

1. Small ice flakes produced by water released from the capsule's cooling system.

2. Particles of paint or other heavy material which flaked off the spacecraft under the low pressure of the space environment.

Of the two possibilities, O'Keefe said, the paint is the more probable—for one thing, the paint might be liberated only at sunrise when Glenn saw the phenomenon, while ice would be liberated throughout the flight.

He explained that at sunrise there might be some cracking or stretching of the space craft "skin," due to change in temperature.

If anyone had doubts about Glenn's health they now have the word of the space agency's top medical people that:

Before, during and after his orbital jaunt, everything was normal, including his heart—at least so far as all available tests could show.

The only detectable injury he suffered was a couple of skinned knuckles when he "blew" the escape hatch of his space capsule on the deck of the destroyer Nautilus that had retrieved the spacecraft from the sea.

Counter Spy is Dead

EASTBOURNE, England (UPI)

Sir Percy Sillitoe, former head of Britain's counterespionage operations and the man who handled such cases as those involving

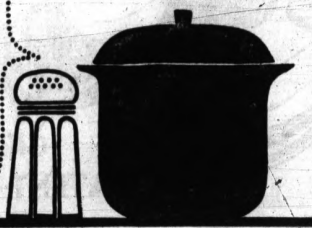

atom spies Alan Nunn May and Klaus Fuchs, died last night at his home here. He was 72.

SAVE... On The Greatest Variety Of Continuous Filament Nylon Carpet At BECKWITH-EVANS

the Continuous Filament Nylon Story

The country's major nylon producers, long famous for yarn that was superior, wear-wise, have created a new type that is sweeping the country. It is a process by which the yarn is made from a single continuous strand of nylon that prevents pilling, shedding and fuzzing. The new yarn enables you to get pleasant long service from even a modestly priced carpet. Most major producers have an entry in the field: DuPont's 501, Chemstrand's Cumuloft, Caprolan, Tycora and several others. All reach relatively the same wear and beauty results through slightly different methods.

...and the best of these are at Beckwith-Evans.

CONTINUOUS FILAMENT NYLON PILE LOOP

Handsome nylon loop with a dual back for added strength. 12" wide in 6 colors.

3⁹⁸

Doubt Syria-Egypt Ties; Prefer to Be 'Friends'

By GEORGE MCARTHUR

CAIRO (AP) — Whatever the outcome of the upheaval in Syria, there is no sign of a revival of the previous Syrian-Egyptian marriage.

Sources in a position to know said today that President Gamal Abdel Nasser flatly opposes any

Although there still is a tendency to wait and see which way he will jump, there already are hints he is leading a "sinister conspiracy" to sabotage the agreement this week that ended the revolt in Aleppo of officers demanding reunion with Nasser's United Arab Republic. Syria's military government promised to hold a plebiscite on the question of future ties with the U.A.R.

News Analysis

tight merger such as the one that ended in bitterness and mutual distrust last September.

While the Egyptian president evidently would like to see Egypt and Syria back in the same political family, he is working now for some looser relationship in which each nation will retain its identity.

NEW SYRIAN COMMAND

That also seems to be the idea of the military group currently in power in Damascus. Damascus Radio announced Thursday the formation of a new ruling military command and said it already was working toward unity with "other liberated Arab powers." But the official statement said this unity must be on "a sound and genuine foundation and with conditions designed to insure Syria's dignity and avoid errors of the past."

Official and unofficial quarters in Cairo are still not sure where Syria is going. Air Force Gen. Mowafik Anasara is viewed as the emerging strongman, and he is already being criticized in the government-controlled Cairo press.

Missionary Dies at 65

SPRINGFIELD, Mo. (AP) — Miss Florence Steidel, 65, an Assemblies of God missionary who founded one of the largest leper colonies in the world, died in Liberia Thursday after a brief illness. Her death was announced by the denomination's headquarters. Miss Steidel, a nurse, founded the New Hope Leprosarium in Liberia in 1946 and it has grown to 800 patients. Her work made her a national hero in Liberia. She was born in Greenfield, Ill.

Lillian Roth's Husband Sues Her for Divorce

PHOENIX, Ariz. (AP) — Broadway actress Lillian Roth, author of "Till They Come Tomorrow," has been sued for divorce by Thomas Burr McGuire Jr. Miss Roth is currently starring in the Broadway production "Can Get It for You Wholesale." McGuire, who lives at Sedona in northern Arizona, charged mental cruelty in his suit filed in Superior Court Thursday. They were married in 1946.

Harrow numbers among its former boys Robert Peel, Lord Byron, Anthony Trollope, Henry Cardinal Manning and Sir Winston Churchill.

Hard to Remodel Carriers

WASHINGTON (AP)—President Kennedy's plans to streamline transportation on land, sea and air are likely to run into a slow detour.

The big roadblock is time. The proposals, submitted Thursday in a 10,000-word message to Congress, contained far-reaching suggestions requiring preliminary action by five House committees before they can come to a vote in the House.

Rep. Owen Harris, D-Ark., chairman of the House Interstate Commerce Committee, said there was a possibility his committee may act this year on the proposal dealing with rate reductions.

"But by no stretch of the imagination could you get it all this year," he added.

In general, Harris said, he thought the President's plan was "a forthright, bold approach to the problems that are recognized to exist."

Rep. John B. Bennett of Michigan, top Republican on Harris' committee, said he saw no prospect for action of any kind this year. Bennett said he favored some of the President's proposals, especially those for cutting travel taxes and for putting rates on a more competitive basis.

But he pointed out, Congress hopes to adjourn late in July or early August and it has many other major matters to consider. Kennedy's transportation proposals could be the first facet of his complex program to be acted on in the House.

Democratic leaders were considering incorporating at least some of these into a bill extending Korean wartime excise taxes, which lacking congressional action would expire on July 1. The Ways and Means Committee's timetable called for quick action on this bill next month, so the House may consider it early in June.

Kennedy's recommendation for repeal of the 10 per cent tax on surface transportation tickets, and reducing the rate to 5 per cent on airline tickets, was expected to be well received. There was considerable pressure for similar reductions when the Korean taxes were extended last year.

Spellman Will Pray for Cuban Captives

NEW YORK (AP)—Francis Cardinal Spellman planned to say Mass today for 1,179 men tried in Cuba this week for their part in last year's abortive invasion.

In announcing the Mass at St. Patrick's Cathedral, the cardinal described the invaders as "brave and patriotic young men" who tried "to restore liberty to their homeland, tragic prey of Godless communism."

"I ask the prayers of the people of the archdiocese of New York that the lives of the valiant young men may be spared," he said.

Goes to Lodge, Gets Arrested; Can't Take It

LOS ANGELES (AP)—Harry Kravitz, caught in a small-stakes card game at a lodge hall, kept asking police:

"Does this mean I will have police records? I have never been arrested in my life."

Two vice officers said they walked in on two card games at the hall yesterday, confiscated one pot of \$10.95 and one of \$2.25, and arrested 14 men on suspicion of gambling.

Police said Kravitz, 67, had been under a doctor's care for a heart condition and seemed very nervous as he posted a \$21 bond at Central Jail.

On his way home in a cab, Kravitz collapsed and died.

278 Dead on State Roads

EAST LANSING (AP)—Traffic accidents have killed 278 persons in Michigan so far this year, provisional figures compiled by state police showed today. The toll at this date last year was 340.

Lansing Woman Hired at Iowa Reformatory

DES MOINES, Iowa (AP)—The Iowa Board of Control announced the appointment yesterday by Nancy Moore, 29, of Lansing, Mich., as a social worker for the women's reformatory, effective May 16.

State Penal Director Ben Baer said Miss Moore will be the first professionally trained social worker hired for the reformatory. Her salary will be \$7,800 a year.

Your Income Tax—No. 5

Computers Going to Police Returns

By FRANK COOMER
AP Staff Writer

Taxpayers who are tempted to cheat when preparing their federal income tax returns must reckon on men with an electronic police man.

Computers of the Internal Revenue Service will begin processing individual tax returns from the southeastern states next year.

The operation then will be expanded region by region until all returns get the electronic treatment, starting in 1964.

Although your name may NOT reach the computers for several years, you should consider today the eventual impact of this development on the tax collection system.

The computers, already installed at Martinsburg, W. Va., will catch tax cheats on a scale impossible under present methods of hand checking.

TO CHECK BACK
What's more, the past returns of many who get caught will be pulled from the files for special scrutiny.

For this reason, the minority of taxpayers who have cheated in the past would do well to begin filing honest returns now, before they compound the difficulties they are apt to face in the future.

The computers will be especially efficient at checking whether you reported all the types of income you receive. There will be an automatic cross-check between the income items you report and the payments to you which others report.

Taxable income includes

wages, salary, bonuses, commissions, fees, tips, interest, dividends, profits from the sale or exchange of property, rents and royalties, income from estates and trusts and profits from farms, businesses or professions.

Alimony and separate maintenance payments are taxes if received from someone entitled to deduct them on his or her return.

You also must pay taxes on expense money provided by your employer if you collected more than you actually spent on the job. You pay tax on the excess.

If you spent more than you collected from your boss, you may be able to deduct the excess. On page 1 of tax form 1040 you can deduct unreimbursed expenses of overnight business trips (NOT including personal outings), transportation expenses (NOT including the cost of getting to and from work), and all necessary and ordinary expenses of outside salesmen.

Other job-connected expenses are limited on page 2 as miscellaneous deductions.

Types of income which are exempt from taxation include:

EXEMPT FROM TAX
Social Security benefit payments, unemployment compensation and payments under the Railroad Retirement law.

Inheritances and death benefits from life insurance policies.

All government payments to veterans and their families, except interest on terminal leave bonds and retirement pay NOT connected with a disability.

Gifts for which you perform NO service whatever. This does NOT

include contest or quiz show winnings.

Interest on state and municipal bonds, subsistence and rental allowances to members of the armed forces and dividends on G.I. life insurance policies.

Pay received while you were

sick, within limits spelled out in the IRS instructions.

Some income from pensions and annuities, also explained in the instructions.

Prizes and awards for past accomplishments in civic, literary, charitable or religious fields (but NOT contest prizes).

Scholarships awarded candidates for a degree, and within limits, similar aid given other students.

STOCK DIVIDENDS

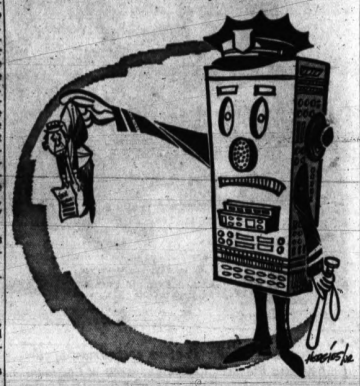

The first \$50 of dividends on stock (\$100 if you own the stock with your wife and "file jointly"). If you had more than \$50 of dividend income, you can claim a special tax credit, explained in the instructions.

The tax laws, and returns, are so complex that millions of Americans require special help in preparing their returns.

Help is as close as your telephone. If you call the nearest IRS office. You also are invited to visit any office of the tax agency to get individual aid.

There is NO charge for this service and the answers you get will be official. If you have a problem, join the 10 million Americans who get help from IRS each year.

Hotel Operator Buys Grand Rapids 'Hotel'

GRAND RAPIDS (AP)—Sale of the defunct Randall House for \$570,000 to hotel operator John J. Sims was announced yesterday. The original asking price was \$700,000.

Developments followed by 30 days the official word that the 240-room former Manger House Hotel in downtown Grand Rapids had given up an attempt to operate as a residence for senior citizens.

Dr. H. D. Ireland, board president of the nonprofit Randall Fulfillment Corp., which organized to administer the residence project, said an attempt may be made later to find another location for the plan.

Auxiliary of Medical Society Plans Style Show, Luncheon

Forest Lake Country Club at 12 o'clock April 11 provides the setting for "Fashion Portraits," style show and luncheon sponsored by the Women's Auxiliary to the Oakland County Medical Society.

Purpose of the event is to raise money for the nurses' scholarship fund. Auxiliary members hope to give two scholarships this year.

A sneak preview of "Fashion Portraits," exhibited by members of the Women's Auxiliary of the Oakland County Medical Society, is favorably appraised by Mrs. Glenn Sanford (left), Mrs. Hamilton White and Mrs. Stephen Schweinsberg (right) will parade spring finery with other models at Forest Lake Country Club Wednesday during the auxiliary's scholarship benefit luncheon and style show.

Edward H. Chudik from Chudik's of Birmingham will introduce his spring collection modeled by auxiliary members. The models are: Mrs. Paul T. Lahti, Mrs. R. Hamilton White, Mrs. George C. Wegryn, Mrs. George M. Virga, Mrs. Jack F. Enroth, Mrs. Stephen Schweinsberg and Mrs. William J. Donnelly.

Using Mrs. This Time All Right

By The Emily Post Institute
Q: I am a senior in college and will be graduating this June. We are ordering our announcements and personal cards. A few of the students are married women and the question has come up as to how their names should be printed on the cards that are to be enclosed with the announcements.

I am aware of the fact that Mrs. followed by a woman's Christian name is incorrect, but in this instance Mrs. John Smith doesn't seem right.

Would it be proper under these special circumstances to have the cards read Mrs. Jane Smith?

A: Under the circumstances you describe, cards reading Mrs. Jane Smith may be used with these announcements. They must not, however, be used later at visiting cards.

Q: My daughter is engaged to a man who is going to be the best man at a friend's wedding. Is she supposed to be included at dinners and other parties given for the bride party?

I think she should be just the same as a wife always is, but there seems to be some difference of opinion about this.

A: You are right. If your daughter's engagement has been announced, she should be invited to all dinners and parties at which her fiancé is to be present.

Q: I am going to be married this summer and I would like very much to wear a white suit, white hat and white shoes, but I have been married before and have been told white is absolutely taboo for a second marriage. Will you please tell me if this is so?

A: There is no reason why you may not wear a white suit with white accessories. The taboo is against white bridal dress and veil and orange blossoms.

The new Emily Post Institute booklet entitled "Table Rules of Importance" describes how to eat spaghetti as well as other difficult foods. To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to the Emily Post Institute, care of The Pontiac Press.

Mrs. Earl White, Pontiac cochairman of the United Fund Women's Campaign, meets at Community Services Building with her newly-appointed area chairmen to plan the fall 1962 campaign. Seated

(from left) are Mrs. White, area II chairman Mrs. Gordon H. Frain and area IV chairman Mrs. James Miska. Standing are (left) chairmen Mrs. Arthur C. Asplund, area I, and Mrs. Robert W. Morse, area III.

TV Experts Work Hard to Dirty Up Place

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK — Women viewers of television must wonder where the makers of commercials ever find homes with those incredibly dirty walls and floors and filthy, stained sinks that turn miraculously pristine and sparkling with a sweep of a sponge or a rub with a cloth.

The "before" part of the cleaner and scouring powder commercials appear to be poor reflections of the housewifery of the American homemaker. But the truth is that dirty walls, floors and sinks are painstakingly constructed by dirt experts in film studios, and it is often a difficult job. There are a number of techniques by which grubby walls are achieved. The easiest is to smear hands with jelly, peanut butter and other dark sticky substances and then rub them off against light walls.

SPRAY DIRT

If an overall pattern of soil is needed, fine dirt is sprayed evenly on a wall treated with

some grease to make sure it will stick.

Soiled floors get the same dirt-and-grease treatment and sometimes the producer uses a dog with deliberately muddy feet to put the proper imprints on the vinyl.

Sink stains are tougher. One expert said that to get a good photographable stain on a porcelain sink it is necessary to

leave debris like peach skins and pits, vegetable parings, tea and coffee grounds for a couple of days. Good quick results are often achieved with cold bacon grease colored with soy sauce or brown gravy.

To make one series of "stain" commercials, a producer had to dirty up several sinks with tannic acid and

slide them, one after the other, before the cameras to achieve the desired effect.

Apparently, some members of the viewing public believe everything they see on television. One woman called the New York headquarters of the big company that makes, among other products, a well-advertised scouring powder, and demanded to be connected with its "Stain Center," and the woman, Bess Myerson, who is spokesman for the powder.

PRODUCT OF STUDIO

Although most of the manufacturers of such products do, indeed, maintain research laboratories, the "stain center" was constructed in a film studio but dismantled a few weeks ago when the agency decided to take another tack in its future antistain commercials.

"Quite frankly," said an advertising man with a scouring powder account, "a housekeeper would have to be pretty sloppy to let her house — and certainly her sink — get into the conditions we show them. But we have to make a dramatic presentation."

MRS. ALAIN DARMON

Patricia Joy Pledges Vows to Alain Darmon

Green topiary trees marked the entrance to a lakeside marquee at the Bloomfield Hills home of Mrs. James H. Darmon for a reception following the vows of her daughter Patricia Ford Joy to Alain Darmon in the Birmingham Unitarian Church, Leslie Montclair performed the Thursday afternoon ceremony.

Minutiae hurricane fans ringed by pink and red roses centered small circular tables arranged for the supper-dance.

Given in marriage by her father, William M. Joy of St. Clair, the bride appeared in white peau de soie styled with square neckline and court train of floating panels with beirloom lace applique. She wore her maternal grandmother's wedding veil of hand-made Duchesse lace and held white calla lilies and ivy.

Josephine Boone Joy of Bloomfield Hills attended the sister, wearing gale rose tissue faille with elbow-length sleeves touched with lace. They carried ribbon bouquets of variegated pink and white camellias and tiny trailing ivy.

Hostesses for the afternoon were Mrs. H. E. McCulloch, Mrs. H. T. Rombough, Mrs. Clark Hagstrom and Mrs. Eugene Cleland.

Mrs. Clay Murphy presided at the tea table.

The newlyweds will return to Bloomfield Hills to spend Easter with Mr. and Mrs. Carmel, then will leave for Geneva, Switzerland, where Mr. Darmon will resume his studies at L'Ecole d'Architecture, of the University of Geneva.

Katherine Peden, president of the National Federation of Business and Professional Women's Clubs, Inc., was assisted by members of the Michigan Federation Thursday.

Some 200 members attended the dinner in Dearborn Inn which climaxed a full day of activities and luncheon interlude at Women's City Club, Detroit.

Secretaries Install New Officers

New officers were elected and installed when the Pontiac Association of Educational Secretaries met at the board of education office recently.

Retiring president Mrs. Virginia Sommerville presided at the installation ceremony.

Accepting courages and their new duties were: Mrs. Paul Arndt, president; Mrs. Donald Butler, vice president; Mrs. Harold Martin, recording secretary; Mrs. Kenneth McMan, corresponding secretary; and Mrs. Ervin Atwell, treasurer.

Mrs. Arndt read the PAES Creed and outlined next year's plans. She also appointed the following committee chairmen: Anna Marie Prodrome, constitution and bylaws; Mrs. Curtis Fortier and Mrs. Ruth Carey, entertainment and refreshment; Mrs. Atwell, membership; Mrs. John Stepleton, publicity; Mrs. Cramer Wilson, salary; and Mrs. William Thomas, transportation and telephone.

Delegates of the PAES to the state convention of the Michigan Education Association Secretaries in Lansing, April 27-29, are Mrs. Arndt and Mrs. Butler.

Next meeting of the PAES is May 1 in the board of education office at 7:30 p.m.

Hunt Club Party Site Culver Lancers to Be Guests

BLOOMFIELD HILLS AND BIRMINGHAM — The eve of Easter promises to be very colorful when Bloomfield Open Hunt Club entertains Culver Military Academy's famous Lancer Platoon polo and jumping team for dinner, competition and a dance.

The Lancers will perform their famous close-order drill on their equally colorful black chargers in the indoor ring. Two riders of this elite group, Culver's Black Horse troop, are local cadets, William E. Hartman III, and Stephen Wetherby of Detroit.

The former is the son of the Junior Hartmans of Lahser Road.

Assisting with plans for the event, besides Mr. and Mrs. Hartman, are Mr. and Mrs. Maynard Andress, Mr. and Mrs. Richard Olsen, Dr. and Mrs. Robert Lytle, the G. T. Christiansens, the Robert Sauters, Mr. and Mrs. Philip Huber, Mr. and Mrs. Howard Maedel and Mr. and Mrs. Vincent Zerrata.

Mrs. George A. Beecher and her sister-in-law, Mrs. Harold Cooper of London, England, and Villafraunce on the Riviera, have returned from a visit to Palm Beach.

Mrs. Cooper will fly back to London next week after several days in New York. She is spending some time this week with her former schoolmate at Liggett School, Clara Snow of Dearborn.

April 10 is the date of the monthly afternoon and evening section meeting of North Woodward Alumnae Association of George Kappa Gamma.

The afternoon group will have luncheon at the home of Mrs. Donald Richardson, Pine Hill Drive.

Hostesses will be Mrs. Rollin Glah, Mrs. Robert Bailey and Mrs. Richard Campbell.

The evening section will meet at the home of Mrs. William Decker on Cottontail Lane. Hostesses are Mrs. Robert MacGregor, Mrs. Frank Carlson and Mrs. William Boman.

Abby Says: Try California

It Can Be Done Quietly

BY ABIGAIL VAN BUREN

DEAR ABBY: I have been lying with this fellow since 1946. Everyone thinks we are married, but we are not. We have a nice home and are respected in the community and I want to keep it that way.

We would like to get married quietly now, but don't know how to do it without publicity (license in the paper, blood tests and so forth). I would appreciate any help you can give me. I can't sign my name, so please put it in the paper and I'll watch for it.

WANTS TO LIVE RIGHT
DEAR WANTS: Every state

has its own laws with regard to marriage. In California you may go to a clergyman of your choice and be married quietly.

The "records" will be filed away in the church and no publicity will follow. And you will be just as married as any two people can be.

DEAR ABBY: What do you think of a person who constantly correct others in public about the pronunciation and use of words?

JUST CURIOUS
DEAR JUST: I think that person is showing HIS ignorance. It is infinitely more important to be KIND than correct.

DEAR ABBY: I am a 15-year-old boy with a very active social life and a better than average school record.

News of Pontiac Area

Mr. and Mrs. Frederick T. Penhall and Kenneth McBride, all of Orange Grove Drive, Waterford, are spending a week at the home of Mrs. Julia McBride, sister of Mr. McBride, in Hollandale, Fla.

The John W. Fitzgeralds and daughter Susan of Cranbrook Court, Bloomfield Hills, have returned from a two-week stay at the Bellevue-Biltmore Hotel, Belleair, Fla.

The James E. Soudens (Barbara Fair) of Robinson Avenue are parents of a daughter, Suzanne Lynn, born March 19 in St. Joseph Mercy Hospital. Mrs. Hardy J. Fair of Mark Avenue is maternal grandmother and the Edward Soudens of Robinson Avenue are paternal grandparents.

Great-grandparents are Mrs. C. B. Fair, Lelandale, Fla., Mrs. Walter Beane, St. Cloud,

Fla., and Fred Fulcher of Bald Mountain Road.

A humorous recitation by Mrs. Ada E. Cox was a highlight of a meeting of the Northside Neighbors Club Monday evening in the home of Mrs. Robert Rushing of North Perry Street.

Each member will visit the Oakland County Medical Care Facility during April. The meeting closed with prayer, followed by refreshments.

The birth of a daughter, Shelley Lynn, March 19 in St. Joseph Mercy Hospital, is announced by the Larry R. Moores (Janet Reichert) of Shadick Street, Waterford Township.

Grandparents of the baby are the John Reicherts of Mechanic Street and the Clifford Moores of Rosetta Court. Great-grandparents are Mr. and Mrs. David Mertz, Owosso.

As far back as I can remember my mother has wanted me to take piano lessons.

Until recently I have refused. Finally, we made a deal. If I took piano lessons, my mother would give me permission to smoke. I have started taking piano lessons and am bored. I now realize that the piano is not for me.

I told my mother I would quit smoking if she let me quit the piano. She said NO! Please tell me how I can get out of this dizzy deal.

NO CHOPIN
DEAR NO CHOPIN: You don't have to be a Chopin to enjoy music. Almost everyone who goofed off when he had the chance to learn music has regretted it. I can't say much for the "deal" your mother made, but make the best of it or all that money for music lessons will go up in smoke.

DEAR ABBY: My heart goes out to the daughter-in-law who signed herself "IGNORED." I know how she feels because I am "ignored," also. Only I am a mother-in-law. My only child was married 15 years ago. They live only 22 miles from me but I have grandchildren I have never seen. I don't weep and moan and feel sorry for myself. I take my troubles to the Lord. He keeps me strong and of good cheer.

ALSO IGNORED
Stop worrying. Let Abby help you with that problem.

For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to Abby, care of The Pontiac Press.

Mothers Unit Plans Event

Chapter 9, American Gold Star Mothers, Inc., met Tuesday evening in the Disabled American Veterans' Hall on Auburn Avenue with 12 members present.

Favors for patients at the Oakland County Tuberculosis Sanatorium will be made at a cooperative luncheon Wednesday in the home of Mrs. Lela Ebb, Sherburn Drive, Waterford Township. Husbands may attend as guests.

The next business meeting will be May 1 at the DAV Hall.

Michigan BPW Honors President

Katherine Peden, president of the National Federation of Business and Professional Women's Clubs, Inc., was assisted by members of the Michigan Federation Thursday.

Some 200 members attended the dinner in Dearborn Inn which climaxed a full day of activities and luncheon interlude at Women's City Club, Detroit.

Helen Taylor, president of the Michigan Federation, welcomed the assembly and Viola M. Wolfe served as chairman.

Miss Peden, youngest president for the National Federation, is a co-chairman of the Committee on the Status of Women for the federal government. Two past presidents of the National Federation also serve on the committee proper, being representatives of the only women's organization on the committee.

The BPW members already have contributed \$30,000 of the \$100,000 goal for the nurses' home project.

Local club members attending the dinner meeting were the president, Mrs. Mel D. Stapp, Rosemarie Heisterle, Mrs. Eva Dyer, Vera Bassett, Mrs. Raymond L. Cole.

Shadows Tell

(NEA) — The woman who has deepest eyes should be particularly careful with her eye shadow. It should be heavy.

Just close to the lash line and extended outward.

She must avoid bringing the shadow in toward the nose as that will accent the shadows in that area.

MR. AND MRS. ENGLISH FRITCH

Mr. and Mrs. English Fritch of South Edith Street were feasted on their golden wedding anniversary at the Greenview Drive home of their son Joseph in Clarkston. The elder Fritches welcomed friends and relatives during an open house April 1. They are grandparents to two girls and have lived in Pontiac 17 years.

Miss Bates to Marry

BLOOMFIELD HILLS — Mr. and Mrs. Merrill Otis Bates of Long Lake Road announce the engagement of their daughter Sarah Drinkwater Bates to George Edwin Smith of Denver, Colo. He is the son of Dr. and Mrs. Kenneth Smith of Fort Collins, Colo.

Sarah is the granddaughter of the late Mr. and Mrs. Robert C. Traub.

The bride-elect has returned to her studies at the Colorado College for Women, Denver, after spending her spring vacation with her parents. She

was a student at Oak Grove School in Maine before entering college.

Mr. Smith was graduated from Iowa State College, Ames, Iowa.

WCTU Will Meet

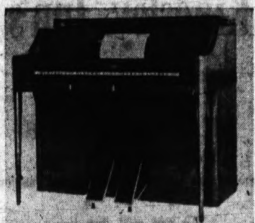

Dora B. Whitney Group of the Women's Christian Temperance Union will meet Monday in the Bethany Baptist Church at 1 p.m. for their regular meeting.

Members of International Order of Job's Daughters, Bethel 5, will staff a candy booth and assist with serving at a smorgasbord sponsored by Chapter 228, Order of the Eastern Star, Saturday in the First Federal Savings and Loan Association, of Oakland.

Committees for the April 16 meeting were appointed Monday evening in the Masonic Temple. Planning decorations are Sandra Coombs, Sharon Tilton and Carol Levens. Claudia Knisley is refreshment chairman, Frances Gregory, Isabel Ratliff and Sharon Norton are on her committee.

The group will participate in a talent show April 26 at Rochester Bethel 51.

Starting a New Lawn This Spring?

Don't worry about poor soil. You don't need to go to the trouble and expense of bringing in topsoil. Any soil can give a satisfying lawn with regular feedings of a good lawn food such as Scott's Turf Builder.

Don't be taken in by seed "bargains." You want a good lawn not a hayfield. Cheap seed contains wild grasses that will plague you for the life of your lawn. Scott's seed is all good—so is ours.

Decide what kind of lawn you want — a luxurious lawn, a practical lawn—or maybe a play lawn. Tell us, we'll supply the kind of seed you need—good, clean, weed-free seed—and save you money.

Scott's "Classic" Seed 99.9% Pure—for utmost beauty. 500 sq. ft. 2.45
Scott's "Family" Seed 99.9% Pure—practical beauty. 500 sq. ft. 2.45
Scott's "Playlawn" Seed 99.9% Pure—rugged beauty. 500 sq. ft. 3.95

Meeting

The C. L. Gravlin of Birmingham announce the engagement of their daughter June Marie to Lloyd Shoumate, son of the Andrew Shoumates of Vinewood Avenue. An April wedding is planned.

General Richardson Chapter, Daughters of the American Revolution, met Thursday at the home of Mrs. A. H. Monroe on Cherokee Road.

Assisting the hostess were Mrs. Bradley Scott, Mrs. F. H. O. Warner, Mrs. F. L. Ward, Mrs. E. H. Whitfield, Mrs. H. B. Austin, Mrs. Velmor Lewis, Mrs. I. B. Royal, Mrs. B. L. Scott, Mrs. L. B. West, Frances Backenstose, Blanche Avery and Caroline Lewis.

Guests included Mrs. Vera Sutton of Rochester and her daughter Susan, runner-up for the Good Citizens honors at the recent state convention in Detroit. Susan read her award-winning essay.

Mrs. Monroe led a discussion on national defense after which Mrs. Harry Chapman announced Mrs. Edith Sheridan, a teacher in the West Bloomfield schools, will attend as the group's delegate to the conservation school this summer.

Planning Vesper Service

Armed Chapter No. 503 and Pontiac Chapter No. 228, Order of the Eastern Star, are planning a joint vesper service at 4 p.m., April 15 in Roosevelt Masonic Temple.

Mrs. William C. Pfahler, Armet and Mrs. Sylvia Clark, Pontiac Chapter, were appointed chairmen when Armet chapter met Monday evening in Roosevelt Masonic Temple.

April news letter editors are Mrs. George Eldred and Mrs. Melvin Patterson.

Mrs. Edward Moden was in charge of the birthday and villa projects. Serving refreshments were Mrs. Loring Downs and her committee members, Mrs. Albert Kugler and Mrs. George Brash. Extending hospitality were Mrs.

Nails 'Cheer Up' After Color Coat

(NEA)—If you wear colored nail polish every day, here's one way to make it last between manicures.

About two days after you've had your nails done, apply a coat of colorless polish to your nails. This will protect the colored coat for a longer time.

Westernaires Dance Tonight

Westernaires will hold their "April Showers" square dance tonight, from 8:30 to 11:30 p. m. at Drayton Plains school on Sashabaw Road.

Norman Hill will call the dances and cue the rounds of the months. Guests are welcome and refreshments will be available.

Lansing Visit Planned by Hills Women

Mrs. George Romney will be an honored guest when a chartered bus carries members of the Bloomfield Hills Republican Women's Club to a visit with constitutional convention delegates and state legislators on April 12.

Women will board the bus at 8:30 a.m. at Republican headquarters, South Adams Road, Birmingham, and arrive at Lansing in time to witness the convention in session.

Luncheon at the Jack Tar Hotel, where Oakland County convention delegates and legislators are staying, will follow.

After attending an early afternoon session of the legislature, the women will leave Lansing at 3:30 p.m., arriving in Birmingham at 5:30 p.m.

Any women living in Oakland County, not necessarily members of a Republican Club, may arrange to make the trip by calling Mrs. Sam Vetrano who, with Mrs. Robert Sinclair, is handling reservations.

Milford C. of C. Revives Hospital Plan

100-Bed Facility Eyed by Unit

Group Votes Support of \$2-Million Proposal Suggested 2 Years Ago

MILFORD — Two-year-old plans for a 100-bed community hospital in this area have been dusted off and renewed by the Milford Chamber of Commerce.

The business and professional group yesterday voted to support the reactivated \$2-million proposal that originally had been put forth by a citizens committee in April 1960.

At that time, a nonprofit corporation was formed, the Huron Valley Hospital Association, but the plan lost momentum when interest could not be gained.

Heading the still-existent corporation is Benjamin Threlhoff, who also is vice president of the local chamber of commerce and a Milford justice of the peace.

The chamber named Threlhoff to organize a steering committee of area residents to promote the project.

Threlhoff said that the hospital proposal already has received a favorable response from area industry which realizes the need for a community hospital.

AREA PROBLEM
"Merchants also are behind the plan because it is an area problem," said Threlhoff.

"The chances for a hospital in this vicinity look more favorable now than at any time before."

"We will need property to locate a hospital," said Threlhoff, "and the village already has agreed to have its planners, Villan-Lemmon, study prospective sites."

The hospital would serve residents in Commerce, Highland, White Lake, New Hudson, Novi, Wilson and Walled Lake, according to Threlhoff.

The hospital nearest to Milford is in Pontiac, about a 25-mile trip.

"This area can support a 100-bed hospital without difficulty," said Threlhoff. "Right now we have private doctor offices but there is no equipment for emergencies."

CALLS FOR DONATIONS
As before, the project calls for the hospital to be built through subscriptions and donations.

"The most important job now is to get the plan before as many service organizations in the area as possible," Threlhoff said. "Anyone who has any interest in the proposal can contact me if he wants to learn more about it."

"The association has never given up hope that the hospital could be built," he said, "and now that the chamber has given its support progress in all phases of the development is much closer."

British Student With GM to Speak at Lake Orion

LAKE ORION—A British exchange student will describe "Education in England" at the 8 p.m. meeting of the Blanche Sims Parent-Teacher Association Monday in the school gymnasium.

Michael Forsdyke, presently with General Motors Corp. on a two-year exchange program, will explain British teaching methods and a typical school curriculum.

FORENSIC CONTEST WINNERS — Students from three area schools took top honors yesterday in the district speaking contest held at Oxford High School. Shown here holding the trophy won by the school accumulating the most points is Judy Redman, 17, of Oxford High School, with schoolmates Denis Vogel, 17 (left), and John Vernier, 17, looking on. Each of the three placed

first in different categories — Judy, original oratory; Denis, extemporaneous speaking; and John, humorous reading. Flanking the trio are Carmen Sue Miller, 15 (left), of Brandon High, and Margaret Caley, 18, of Pontiac St. Frederick's, who won first place for declamation and interpretive reading, respectively.

Con-Con Vote Not Final

Adopt Apportioning Plan

LANSING — A plan for re-apportionment of the state legislature has been pushed through by the Republican majority in the constitutional convention — but there'll be some changes made.

GOP delegates, in a series of party line votes yesterday, tentatively adopted the proposal recommended by the legislative organization committee, headed by John A. Hannah, R-East Lansing, president of Michigan State University.

As the last vote was taken following five days of debate on the politically explosive issue, delegates turned to consideration of another volatile subject—a civil rights commission.

The reapportionment plan basically stood up under a barrage of amendments coming from all sides—Democrats and both conservative and liberal Republicans. Most of the proposed amendments were rejected in committee-of-the-whole voting.

They ranged from a conservative-rural GOP plan to maintain the status quo in the State Senate to a Democratic proposal calling for a unicameral (one-house) legislature. Another Democratic amendment—proposing a Senate based on straight population—also was beaten down.

Further debate on the plan will come later, when delegates will consider new language to be inserted regarding the situation in which Kent County, with about 563,000 population, has two senators while Oakland County, with 600,000, has only one.

Kent County delegates are unwilling to give up the extra Senate seat, while the rural bloc does not want a plan by which Oakland, and probably other metropolitan counties, would automatically pick up more senators in future reapportionments—with the loss of a seat or two outstate.

As adopted, the apportionment article will add four seats to the present 34-seat Senate immediately, one each for Wayne, Oakland, Genesee and Macomb counties.

Starting with 1970, and every

10 years thereafter, a bipartisan commission will apportion the Senate on a formula purportedly weighted 50 per cent for population and 50 per cent for area.

The House would be based on 110 seats as a present, with each county or group of counties having 7 per cent of the state's population entitled to one representative.

The remaining seats would be allocated on an "equal proportions" formula patterned after the U.S. Congress.

Taxpayer Will Explain Opposition to Airport

LAKE ORION — A Representative of the Oakland County Home-owners and Taxpayers Association will explain his group's opposition to the county's proposed new jet airport at the 8 p.m. meeting Monday of the Proper School Parent-Teacher Association.

School board members will also be present at the meeting to answer any questions about the Lake Orion school system.

Indict Indianwood Owner for Income-Tax Evasion

ORION TOWNSHIP — Carl G. Ruebelman of 290 Cayuga Road, owner of the Indianwood Golf and Country Club, will be arraigned Monday on two counts of income-tax evasion in U.S. District Court in Detroit.

Ruebelman was indicted yesterday by a federal grand jury in Detroit. He is accused of reporting an income of \$31,000 on his 1957 tax return when he actually had an income of \$48,000.

He is also charged with filing a false partnership return for the Joseph Schaefer Co. of 7313 Mack Ave., Detroit, a painting and decorating firm in which he holds a two-thirds partnership interest.

Chief Assistant U.S. Atty. William Merrill said today Ruebelman is accused of deducting \$8,000 in false expense items on the partnership's return. His two-thirds share of this figure accounts for the \$17,000 discrepancy on his personal tax return, according to Merrill.

Merrill said Ruebelman paid \$18,558 in 1957 income taxes, when he should have paid \$20,180.

Among the items improperly deducted as business expenses, Merrill said, were a \$13,000 house, expenses of the country club and personal expenditures for travel and vacation.

Ruebelman also owned the Central Lincoln-Mercury dealership in Pontiac until 1958.

Holly Newspaper Changes Owners

HOLLY — The Herald-Advertiser newspaper here has changed ownership, announced Mr. and Mrs. Joseph N. McCall, publishers since 1951.

The operation of the weekly paper was taken over yesterday by Mr. and Mrs. Donald Campbell of Bellevue, who owned a paper there for nine years.

The Advertiser was established in 1877 by the Stocum family, and the Herald in 1901 by Joe Hase, now The Pontiac Press "Man About Town," who published it for 37 years.

The two papers were merged in 1951 by the McCalls, who had purchased the Herald in 1946.

CHARLENE GAIL SUDIA

Announcement is made of the engagement of Charlene Gail Sudia to Arthur Richard Thomas as by her parents, Mr. and Mrs. Walter Sudia, 4300 Baldwin Road, Metamora Township. The prospective bridegroom is the son of Mr. and Mrs. A. J. Thomas of Flint. No date has been set for the wedding.

White Lake Twp. Sets New Hours at Dump Site

\$100 Million in Some Form

Senate OKs JFK's Plea for Loan to U.N.

WASHINGTON (AP) — The Senate has given lapsed approval to President Kennedy's plea for authority to extend \$100 million in aid to the financially troubled United Nations.

Through a long legislative day Thursday a coalition of Democrats and Republicans beat back efforts to limit the President's authority.

What emerged for consideration by the House was a compromise measure much to the administration's liking. Passed 79 to 22, it would permit Kennedy to either lend the United Nations the money on his own terms or buy U.N. bonds bearing 2 per cent interest, repayable over 25 years.

Attached is the condition that all U.S. loans above \$25 million must be matched by bond purchases by other U.N. member nations. This isn't likely to tie Kennedy's hands. Sen. John Sparkman, D-Ala., floor manager for the bill, said other nations already have agreed to buy more than \$52 million worth.

FAVORABLE SUPPORT
A ringing declaration by Senate Republican leader Everett M. Dirksen of Illinois that "I have not lost my faith in John Fitzgerald Kennedy" highlighted the legislative struggle and pointed up the partisan support for the measure.

Dirksen had sponsored the compromise jointly with the Senate Democratic leader, Mike Mansfield of Montana.

While the proposal may be in for rougher going in the House, Senate Democrats and Republican leaders were confident the big margin piled up for it in the Senate would help turn the tide on the other side of the Capitol.

Kennedy originally asked the straight-out authority to buy half of the \$300-million bond issue the United Nations is floating to meet costs of peace-keeping operations in the Congo and the Middle East.

The compromise was worked out by the White House in negotiations with Sen. George D. Allen, R-Vt., who originally insisted on a \$100-million loan that would be repayable in 3 years and carry the going government borrowing rate of a little over 3 per cent.

Sen. Bourke B. Hickenlooper, R-Iowa, chairman of the Senate GOP Policy Committee, offered the short-term loan proposal as a substitute Thursday night, and it was triumphantly rejected, 72 to 20.

The bill drew the support of 22 Republicans and 48 Democrats. It was Dirksen, in a fighting, emotional speech, who made the final stand against the Hickenlooper substitute.

He said he had found some things hard to take in the debate. For one thing, he said the Republican senator had called the compromise "specious." Dirksen roared: "That's an affront to the senator from Illinois."

In Wednesday's debate, Sen. Roman L. Hruska, R-Neb., had called the Mansfield-Dirksen proposal a "specious compromise."

"Who would raise questions here about \$100 million?" Dirksen demanded. "Why we spend more than that on lipstick in this country in a year."

Dirksen said he was quite willing to agree that many things done by and in the United Nations had displeased him.

"But," the Republican leader continued, "I do not want to see this effort that began 17 years ago falter. I am not going to charge my conscience with a course of action that would go contrary to the foundation of the United Nations."

Separate Maintenance Asked by Singer's Wife
SANTA ANA, Calif. (AP)—Singer's wife, who achieved prominence in the 1940s with band leader Kay Kyser's College of Musical Knowledge, is being sued for separate maintenance.

Mrs. Betty Babbitt, his wife of 27 years, charged mental cruelty in an action filed Thursday. She said Babbitt earns \$2,500 a month and she asked \$1,250 monthly for support. She also asked custody of Christopher, 14, the only minor among the couple's three sons.

It says the material, formerly intended as a surface hardener in nose cones, will appear as a fingernail and toenail hardener.

Military Argues Is Gen. Eisenhower on Appointment Subject to Muzzling?

President of Argentina Stands Aside as Aides Cut Out Peronists

BUENOS AIRES, Argentina (AP)—President Jose Maria Guido summoned top Argentine economists and bankers to a meeting today in an attempt to find a minister of economy acceptable to the nation's military watchdogs.

Guido reportedly had been ready to appoint Federico Pinedo, 57, to the key post but ran into disagreement among the three military chiefs in his cabinet.

It was not disclosed what objections were raised to Pinedo, the founder of Argentina's central bank and considered a liberal economist. Informants said Guido stayed on the sidelines as Army Secretary Gen. Marino Bartolome Carrera, Air Secretary Brig. Jorge Rojas Silveira and Navy Secretary Rear Adm. Gaston C. Clementi wrangled over the appointment.

The military apparently is screening each cabinet candidate for possible connections with followers of ousted dictator Juan D. Peron.

Two anti-Peronists became the sixth and seventh members of Guido's cabinet — Jose Mariano Drago, 66, as foreign minister, and Ernesto Arrese, 41, as defense minister.

From Space to Nails
NEW YORK (UPI)—A material that flopped as a nose cone inner lining in missiles soon will appear on the market as a cosmetic, according to the magazine Chemical Week.

It says the material, formerly intended as a surface hardener in nose cones, will appear as a fingernail and toenail hardener.

WASHINGTON (UPI) — Overlooked in the controversy over alleged military muzzling is the fact that three famous five-star generals still are on the active list and technically subject to Pentagon speech regulations.

They are Dwight D. Eisenhower, Douglas MacArthur and Omar N. Bradley.

Eisenhower is in a slightly special category because he does not take his \$20,000-a-year Army pay. Instead he gets the \$25,000 pension and the \$20,000 annual office allowance provided for former presidents.

But that does not affect the question of what would happen if the Defense Department should decide to be technical and require generals Eisenhower, Bradley and MacArthur to observe military regulations.

For one thing, they would be obliged to submit their speeches and articles for clearance by the Pentagon's security and review section.

They would be under strict injunctions to avoid public discussion of foreign affairs or other matters properly in the province of the State Department and White House.

Judging by the case of former Maj. Gen. Edwin A. Walker, they would be in trouble if they engaged in controversial activities or tried to influence the votes of men in uniform.

'ACTIVE DUTY' HONORARY
The department's unofficial view is that "active duty" for five-star officers is merely honorary, and usually a means of paying them full salary instead of a pension.

They are in other respects treated as retired officers.

But the department declined to make this official in answering questions submitted by United Press International. The exchange went as follows:

Question: "Do generals Eisenhower, MacArthur and Bradley submit their speeches and writings for review?"

Answer: "No, except that Bradley occasionally does so voluntarily."

Question: "Is there any thought of requiring them to observe regulations to which they theoretically would be subject as officers on active duty?"

Answer: "No."

Question: "Is there a legal position on this, or is it merely considered a technicality which should be overlooked?"

Answer: "There is no position; no one has looked into the matter."

Fail to Renew Talks on Trade of JFK, K Tapes

WASHINGTON (AP) — The White House and the Kremlin have not renewed discussions on an exchange of taped television broadcasts by President Kennedy and Soviet Premier Khrushchev.

In disclosing this Thursday, White House Press Secretary Pierre Salinger said his own trip to Russia was still on, although details had not yet been worked out.

A television program with the time divided between Kennedy and Khrushchev was under consideration by the United States and the Soviet Union at one point. It was to be shown in both nations.

Salinger said several weeks ago that the project had been put off, and he told reporters Thursday talks on the television swap had not been resumed.

All Undergo Special Training

Generals Says Gls Know Red Tactics

WASHINGTON (AP) — Two Army generals testified today that all U.S. soldiers and officers now undergo special training and indoctrination on Communist tactics.

The aim, the generals said, is to avoid a situation like that during the Korean war when some American prisoners collaborated with their Communist captors.

Gen. Bartlesdale Hamlett, vice chief of staff, said "the soldiers are not being trained to become prisoners of war, but rather what their behavior should be if they unfortunately become prisoners."

Maj. Gen. Alva R. Fitch, assistant chief of staff for intelligence, said special training was provided for all Army personnel stationed overseas where Communist infiltration and espionage is likely.

The testimony of the generals was prepared for delivery to a special Senate Armed Services subcommittee investigating complaints that anti-Communist activities of military officers were censored or impeded.

ASKS FOR METHODS
Chairman John Stennis, D-Miss., had asked the Army to outline its current methods of alerting the military and the public to cold war dangers of Communist subversion.

Previous witnesses testified that thousands of U.S. prisoners in Korea weakened under brainwashing and collaborated with the enemy. "The problems were not limited

to lack of knowledge of communism and democratic institutions," Hamlett said. "Deficiencies in moral fiber, faith and discipline, as well as inability to withstand Communist techniques of group disintegration, collaboration, confession and informing were revealed."

"These are some of the areas to which we address ourselves in training."

He said the 25th Division in Hawaii had a "realistic prisoner of war compound" and soldiers were subjected to "treatment similar to that accorded American prisoners of war during the Korean conflict."

Rejects New Trial for Red Spy Sobell

NEW YORK (UPI)—A federal court has turned down a plea by convicted spy Morton Sobell for a new trial.

Federal Judge John F. X. McGohy yesterday denied Sobell's petition and simultaneously turned down a motion for a reduction of his 30-year sentence.

Sobell was convicted in 1951, along with Julius and Ethel Rosenberg. The latter were executed for their part in the spy ring that conspired to give U.S. secrets to the Soviet Union. Sobell is serving his sentence in the federal penitentiary at Atlanta, Ga.

Fitch said troops in Europe receive special indoctrination because they "are more exposed to intensive intelligence activity" by the Soviet, East German and Polish intelligence services.

Special precautions are taken Fitch said, against the "possibility of Communist infiltration into the Army."

Fitch said that at first U.S. and U.N. prisoners in Korea were subjected to "atrocities and brutal treatment" by North Korean captors.

Later Chinese Communists took over the prisoner camps, he said, and used lenient treatment and indoctrination "by well-educated Chinese Communists, many of whom had studied in the United States and spoke English fluently."

Despite lenient treatment and propaganda, Fitch said, "no trick was too dirty or mean, no weakness too unjust to exploit, no threat too violent or subtle to be used to batter the resistance of the prisoners and crush their will."

Many U.S. prisoners were convinced "it was useless to resist," he added.

Fitch said court martial trials were not possible against many of these prisoners, after their exchange, because their enlistments expired before information and evidence was available. There were 14 court-martials against Army personnel, which resulted in 11 convictions, Fitch said.

Sophia Loren, Spencer Tracy Get Top Actor Vote

Bet Is On: 'West Side Story' Best Picture?

BY VERNON ACOTY
HOLLYWOOD (UPI)—How do these wild selections for Monday night's Oscar race strike you? Best picture—'West Side Story'. Best actress—Sophia Loren. (Two Women).

Best actor — Spencer Tracy (Judgment at Nuremberg).

Best director—Robert Wise and Jerome Robbins ('West Side Story').

Best supporting actress—Judy Garland (Judgment at Nuremberg).

Best supporting actor—George Chakiris ('West Side Story').

Best song — "Moon River" (Breakfast at Tiffany's).

That's the way the 34th running of the annual Oscar derby shapes up with all birds, feds and insiders who claim a first

name acquaintance with Frisco Waterhouse executives. That's the outfit that counts the ballots with all the secrecy of an open Cuban election.

Academy members try to vote for individuals they believe acquitted themselves best in their various categories. But sentiment, old grudges, jealousy and sloth play a part in the voting, too. Thus, it is not always the most deserving who run off with the little golden statue.

In the case of Miss Loren, actors and actresses I have talked to feel she gave one of the outstanding performances of the past decade in her highly dramatic role of a woman caught up in the horrors of war. Even nominees

Gertrude Page and Piper Laurie praised the Italian star.

Tracy's performance as the judge in "Judgment at Nuremberg" did not stand out above the others as clearly. But competitors Paul Newman (The Hustler), Maximilian Schell (Judgment at Nuremberg), Charles Boyer (Fanny) and Stuart Whitman (The Mark) did not have automatic Oscars stamped on them either.

If Tracy fails in his bid for a third Oscar, best bet to beat him is Newman with Schell right up there at the wire.

Because "West Side Story" boasted an impressive cast, hefty box office and pseudointellectual approval as "art," it stands a good chance of being voted best picture.

11-VOTE TIE

"Judgment at Nuremberg" could close fast in the stretch and win. In the early workouts it tied "West Side" with 11 nominations.

On the strength of its popularity with record spinners "Moon River" should run away with best song honors. None of the others became pop platters.

Fantastic camera work along with imaginative staging of complicated dance sequences should bring home Robbins and Wise as winners of the best directing award in "West Side Story." No other nominees could match their originality.

George C. Scott's attempted withdrawal from the best supporting actor contenders left only four rivals. Dancer-actor George Chakiris of "West Side Story"

should emerge a tight winner over Montgomery Clift's moving portrayal in "Nuremberg."

Sentiment and affection should win the day for Judy Garland as best supporting actress for "Judgment at Nuremberg," although Fay Bainter's performance in "The Children's Hour" will receive a heavy vote. That's the way it could go, but the only sure bet is that George C. Scott will still be running when the other horses are in the barn.

Finds No Bugs in Rocket Ship

X15 Does Well Despite Power Failure; Try for 250,000 Feet Next

EDWARDS AIR FORCE BASE, Calif. (AP)—Despite a momentary power failure on his latest flight, an X15 pilot says "there are no bugs so far that would keep us from going well above the designed limits of 250,000 feet."

Pilot Neil Armstrong said he had no minor technical problems Thursday when he took the rocket ship up nearly 34 miles in a successful test of a new automatic control system.

One such problem occurred when the X15 was separated from its B52 mother ship at 45,000 feet. The rocket ship's engine failed to ignite on first try and Armstrong dropped 10,000 feet before he got power. He said he wasn't worried because he could have landed on a dry lake bed without power.

The X15 is controlled in space by jets of steam coming from its nose and wing. In previous flights, the pilot controlled those jets by hand. With the new control system, an automatic pilot takes over the delicate job of handling the jets.

This may permit the X15 to reach 400,000 feet, about 75 miles. There may be an attempt to reach 250,000 feet within a few weeks.

The new control system was designed for the Dynosor space glider and three-man Apollo moonship, both yet to be built. But the U.S. space agency decided to give it an advance try-out on the X15.

Armstrong was not trying for altitude or speed records. He reached 179,000 feet and hit 2,830 miles an hour. The X15 has gone as high as 217,000 feet and as fast as 4,093 m.p.h.

Work in Heavy Industry
ST. LOUIS, Mo. (UPI)—Police yesterday nabbed four men on suspicion of stealing manhole covers.

DOG'S BEST FRIEND — Postmen Alfred Mayers (left), Joe Rowland (center) and Roy Hughes bailed their dog friend Gus out of the pound Wednesday. Gus, who faithfully trotted along the postmen's routes with them, had been caught without a license. The men started a fund to get Gus out and within a week had most of the \$10 necessary.

25th N-Blast in Nevada

WASHINGTON (UPI) — The United States yesterday set off the 25th announced atomic explosion in its underground test series in Nevada. It was a low-yield blast with a force of less than 20,000 tons of TNT.

U.S. citizenship was granted to Puerto Ricans in 1917.

Ask Law to OK Special Bonds

3 Senators Press Bill to Insure Legality of Over \$70 Million

By EMM HANSON

Spurred by the Oakland County Public Works Board and like boards elsewhere in the state, three state senators are trying to insure the legality of more than \$70 million in special assessment bonds issued by local governments.

A legal cloud has settled over the bonds — of which Oakland County has \$485,000 issued — as the result of a recent state Supreme Court decision.

The court's ruling invalidated all sections of state law covering special assessments on the grounds that the law fails to provide for proper notification. Presently, only notification by newspaper publication is required.

Not sufficient, ruled the court. The bill, sponsored by senators Farrell E. Roberts, R-Oakland, Lynn O. Francis, R-Midland, and George C. Steh, D-Macomb, would provide for notification by first-class mail.

The Supreme Court has indicated that the bill would be sufficient, but it must be specifically provided for by statute.

In Oakland County's case, notifications were mailed although not required by law, DPW Director R. J. Alexander stated.

But the legal cloud still hangs over these assessments, and will remain as long as the enabling laws go unchanged. The county is not issuing any new assessment bonds in the meantime, Alexander said.

The decision has stalled a \$230,000 sanitary sewer project in West Farmington Township.

The bill would provide not only for future special assessments but would further validate \$485,000 in assessments currently being levied by the county.

Red China Strengthens Guard Against Fugitives

HONG KONG (U) — The Chinese Communists have stepped up their border patrol in South China to prevent hungry fugitives from reaching Hong Kong and the neighboring Portuguese colony of Macao, a local newspaper reported yesterday.

The newspaper Sing Tao Man Pao, quoting recent arrivals from the mainland, said border guards along the South China coast had been reinforced and that hundreds trying to leave Red China were caught daily by the guards.

See Shake-Up in Antispy Setup

British Papers Agree Big Changes to Follow Red Infiltration Report

LONDON (U) — Britain's leading newspapers agreed today that the biggest-ever shake-up of the nation's antispy precautions will result from a government commission's report that Communists have heavily infiltrated the British Civil Service.

The entire national press, except for the Communist Daily Worker, accepted with varying degrees of regret the need for tightening up.

The Liberal Guardian struck the keynote of the editorial reactions. It said:

"Because the cold war is more than an old-fashioned conflict of power blocs, ideological commitment can lead honorable men to betray their countries for the sake of what they believe to be a higher good."

"That is why we have had to accept the paradox of a democratic society defending itself in part by undemocratic methods."

But the Daily Herald, which supports the opposition Labor party, warned:

"An outburst of spy mania would be the worst possible consequence of this grave report. Distasteful measures are having to be taken but individual liberties should not be overridden wholesale."

"As the report itself recognizes, total security is impossible. The really dangerous spy who knows the ropes will take care to appear the most innocent. A witch hunt would not make us safer."

Macmillan Wins Gamble at Polls for Conservatives

LONDON (AP)—Prime Minister Macmillan today was credited with pulling off an electoral gamble—and saving face for his ruling Conservative Party.

Laborite William Rodgers won a special parliamentary election Thursday in the northern industrial town of Stockton. But Macmillan's man, Harvard-educated lawyer Gerald Coles, staved off the challenge of the Liberal candidate and slipped into second place.

Most political observers agreed that Macmillan's personal intervention in the election greatly helped Coles, who got only 360 votes more than Liberal John Mulholland.

Third place for the Tories might well have damaged Macmillan within his party.

Strikes in February Declined From '61 Toll

WASHINGTON (UPI) — The Labor Department reported a decline in strikes in February.

There were 330 strikes involving about 100,000 workers and the loss of 808,000 man-days of labor, the department said yesterday. Both figures were below the level of February 1961.

Pontiac Northern's Catalinas 'Pool' Talents to Present Tour

By PAMELA MORRIS

Pontiac Northern's pool will be converted into a traveltogue of America Thursday through Saturday.

The Catalinas, PNH's sponsored swim team, will present a tour of the United States. "Take A Look At U.S." will feature unusual scenes from Hawaii, the Kentucky Derby, and even the Peppermint Lounge.

Other "visits" of interest will include Dollywood, Niagara Falls, and the Grand Canyon. The Catalinas will feature a chorus line of Las Vegas dancers, Beauties from New Orleans, and six "Miss Americas."

Special attention is being given to provide dramatic staging and lighting techniques for the show.

The backdrop will feature a gigantic American flag especially constructed for the water show. It will cover the entire wall of the auditorium.

Catalinas have been practicing swim stunts since early December. Each girl was assigned to make her own costume and work out her own routine.

AD COMMITTEES
In addition to working on individual skills, Catalinas must serve on special committees. Scenery, programs, tickets, and publicity are but a few of these extra jobs.

The club includes 24 of Northern's finest female swimmers in addition to six male recruits from the Husky swim team.

Highlighting the evening will be a scene from the New York Ballet featuring senior Carmen Williams.

Carmen will demonstrate a moving aquatic version of the Swan Lake Ballet.

FOR FINALE

The impressive finale for "Take A Look at U.S." will provide both

precision and skill. The entire Catalina club will combine efforts in the traditional underwater chain dolphin, to John Philip Sousa's "Stars and Stripes Forever."

formers, and dramatic lighting techniques will total an evening well worth the admission.

Recently elected Pep Club officers are Sharon Verwey, president; Karen Harvey, vice presi-

dent; Darlene Garchow, secretary; and Charlene Klotz, treasurer.

The Future Teachers of America will feature "Teaching Career Math" throughout this month. Each member is to write an essay about "Why I want to be a teacher." Entries will be judged by teachers and club members.

'Green Valley' Recreated

By SHERYL LEHIGH

A tiny, picturesque paradise nestled in the hills of California is being re-created this weekend on the stage of Waterford-Kettering High School.

"Green Valley," a comedy-fantasy in three acts was written by Frank Watrous, and is being presented by the Waterford-Kettering Players under the direction of Patty Looman, dramatics instructor.

Last night the curtain rose on the "nature's paradise" for the first performance. Tomorrow evening at 8 o'clock "Green Valley" will again be lifted from the script pages to become live entertainment.

CLASSIFY CAST

As the play unfolds, the active cast finds it is classified in three categories: the "Live Ones," the "Ones from the Past," and the "Displaced Settlers."

Portraying the "Live Ones" are John Anderson as Eldon

Berry, the last member in the long line of the Berry family, Sue Jackson as Martha Mearns, Bob Dika as Everheer, Gloria Griffith as Tinker Smith, and Quigley as Tinker Smith, and Judy Gould as Prim Stokes.

Returning to add a touch of the unbelievable to "Green Valley" are the eight players who portray people "from the Past"; people who officially stopped walking the earth many years before!

FROM THE PAST

This includes Bill Aspenwall as Lonesome Berry, a mechanically inclined "Old" Gerry McNeive as Grandpaw Berry, Sharon Huffman as Granny Berry, Bob Lockhart as Calhoun Berry, Doug Kevorkian as Jeb Berry, Doug Stranahan as Ransome, Bob Piez-nice as Powerful Berry and Marlene Colgrove as the impish, witty, charmer-Prudence.

Completing the cast are the "Displaced Settlers" of the title "Green Valley," who in-

clude Tom Bailey as Rufus Thomas, a poor, good-hearted native, Tom Springle as Hip Cooley, Cheryl Maslinski as Mamie, Dick Sies as Shade Stokes, and Roger Blain as J. B. Berry. Other settlers are John Trubble, Al Wright, John Peterson, and Chris Hershman.

Tickets for the play have been on sale this week and may be purchased at the door before tomorrow night's performance.

W-KHS students will be "Twisting the Night Away" this evening from 8 to 11 o'clock in the school gymnasium. Tickets for the party, that is being sponsored by Student Council, may still be purchased. The guest policy will be in effect and school clothes are in order.

Lake Orion High Hosts 3 Schools During Band Day

By WENDY SCHAAER

Today the Lake Orion High School was host to three other bands, as they held their first annual Massed Band Day. Other bands were: Rochester High School, Oakland High School, and Madison Heights High School.

Plans are that the bands will all set down at a break around six, which will be prepared by the Orion Band Boosters Club.

Twisted there will be a concert with all four bands playing. Last Tuesday the Seniors were measured for their caps and gowns and committees are now being organized for the planning of Class Night activities. The sophomores will pick out their class rings Monday and vote on their selections the following week.

On Tuesday the Future Teachers of America will visit Carpenter and Webber schools—two of Orion's outlying grade schools, where the girls will observe teachers from kindergarten through the fifth grade.

Some 31 girls comprise the club sponsored by girls' counselor, Jean Mertenberger.

Officers of the club are: Persephone Reynolds, president; Janet Lessiter, vice-president; Gloria Sower, secretary; Mary Jo De-Rossier, treasurer, and Phyllis Humke, historian.

Central Comedy Declared Hit

Room to Stand Is Left for Final Night Show of 'Li'l Abner' Cast

By WADE WILKINSON

Pontiac Central High School's musical comedy, "Li'l Abner," has been declared a smash hit by critics as it runs into the final week.

Tickets for the final night performances are all sold out and a standing-room-only situation seems to be likely. The comedy-filled "Li'l Abner" promises to be the most successful of a long line of hits produced by the joint efforts of the dramatics and musical departments.

The act of "Li'l Abner" invaded Ted's last Saturday in a publicity effort which accomplished all of its objectives. Dogcatchers filled the party room dressed in full stage attire.

RECEIVE ALL A'S

The Principal's Honor Roll of all A's for the second semester, first marking period has been released. The eight seniors on the list are Betty Crawford, Karen Strong, Cheryl Allison, JoAnn Elkins, Shirley Lippard, Mary Mitchell, Ron Clark and Judy Williams.

Five juniors on the list include Janice Goines, Helen Boone, Glen King, Karen Holstein and Ross Luther. The five sophomores are Ralph Koprince, Gerald Jurgensen, Carol Goddard, Janice Shepherd and Monica Calloun.

Approximately 170 other students made the Honor Roll which requires a "B" average.

Pontiac Central High School's annual spring magazine drive got off to its usual sparkling start with the assembly Thursday.

The sales collection started in homeroom and will continue for over a week. The goal for Central is \$7,500; with proceeds to be used for financing some school-wide project.

The many glamorous prizes being offered cover a wide range of necessities. Among them are clothing certificates for \$15 for first and second place, an AM-FM radio, two transistor radios, a clock radio, a home permanent hair dryer, two electric shavers, a Polaroid Land camera, 20 gallons of gas, two wrist watches and a stereo record player.

Besides all these prizes, daily prizes for the high salesmen are available. The top salesman receives three dollars, the second high two and third high one dollar. All the students' names are in a Treasure Chest and each day a name is drawn out.

SYNCHRONIZE EFFORTS — Four of the total 21 Catalinas, Pontiac Northern's water-bubblers, pause while practicing for their "Take a Look at U.S." traveltogue show set for Thursday through Saturday. In front is Carmen Williams, Carol Schultz (center), Margo Edwards (kneeling) and Flora McCartney (right, back).

Waterford Twp. High Plans Recreation Fun

By MARY KAY STRZELECKI

Physical fitness, fun, and excitement are all elements to be present tonight as the Junior Class of Waterford Township High School sponsors a Recreation Night. This is the first time that anyone other than Student Council has sponsored such a night.

Both the school gymnasium and the cafeteria will be open. In the cafeteria dancing will be held and girls must wear a skirt or dress and boys, slacks, before they will be admitted for dancing.

Activities held in the gym are basketball, volleyball, ping-pong, weight lifting, chess, checkers, and mats for tumbling. Dress for the gym is Bermuda shorts, or shorts and a shirt or sweatshirt.

FACULTY SPONSORS

Faculty sponsor for Recreation Night is Stuart Thorell, a Waterford High physical education teacher. General chairman and cleanup chairman is Marilyn Selzer.

In charge of publicity are Jackie Little and Jan Vento. Auctioneer stand chairman is Dave Patterson, music chairman is Dave Trapp and admissions is John Thordmyer.

Proceeds will help to pay for expenses occurring in their senior year. All Waterford Township High School students are invited. Seniors are now planning for the biggest night of the year, their Senior Prom. Recently it was decided in the senior homerooms that the theme was to be a "southern plantation."

Committees are now well under way and some of the chairmen heads are Ken Jenkinson, entertainment; Janet White, tickets; Barb Bell, decorations; Karen Olson, refreshments; Judy Brien, cleanup; Roger Tallman, invitations; Cheryl Eaton, cafeteria decorations; and Carole Shelle, general chairman.

Honors were bestowed on Waterford Tuesday as two students took places in the Forensic contest. Debbie Burns, a sophomore, placed first in Declamation and Andrea Hayden, a senior, placed second in Interpretive Reading. These two girls will go on to the regional contest at Southfield.

Honor roll for the fourth marking period was published this week. Students on the all "A" honor roll are for 12th grade Pat Dove and Carole Hamblin.

For the 11th grade were Dave Patterson and Diane Smith, for the 10th grade, Kathryn Jones, Ron Patter, and Sherry Zannoff, for the ninth grade, Pam Clark, Karen Coleman, Helen Carrick, Larry Hold, Kenneth Main, Cynthia Reeves, and Margaret Wilson.

Tells of Summer Training for High School Students

About 6,000 superior secondary school students will get special training in the sciences and mathematics next summer with the support of the National Science Foundation. Education beyond that normally available in high school courses will accelerate the scholarly next summer of these students.

The Foundation announced today the awarding of 154 grants amounting to \$2,007,380 for the support of summer science training for secondary school students. The grants will go to institutions located in 41 states, the District of Columbia, and Puerto Rico.

Among the activities were conferences, movies, musical presentations, and recreation periods. Each of them enjoyed separate quarters while "silence" remained the keyword in the atmosphere.

St. Mike Pupils Boast of Honors

39 Relate Happiness Over Achieving Grades During Third Quarter

By SHARON RODDEN

Some 39 St. Michael High School students are considerably happy about having accomplished a coveted place on the "Honor Roll" after the hard work and study of the third quarter marking period.

The sophomore class boasts of the highest number of honorees with their 15 "go-getters." Among them are: Paula Ashbaugh, Nancy Goldfine, David Greenleaf, George Henrich, John Huron, Raymond Keel, and Pat Lamphere.

Others are: Albert Land, George Lavole, Greg Magersman, Tom Mallory, Robert Patch, Nancy Rindusky, Joan Schneider, and Dick Steinberger.

SENIOR HONORS

The senior honor students number 12 with Mary Ann Clever, Shannon Donnelly, Jim Ferguson, Bob Flannigan, Jim Huron, Dan Hunsley, Judy Lamphere, Nancy Rick, and Stu Rindusky. Jackie Vess, Pam Woolver, and Sharon Rodden complete the senior honor students.

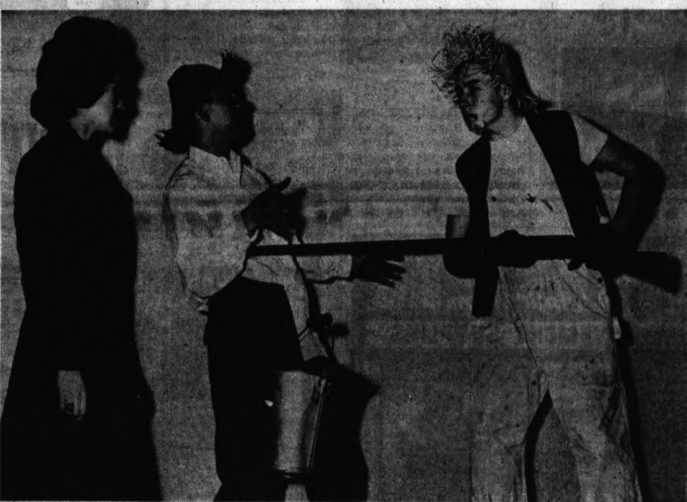

Among the juniors having eleven or more honor points are: Gary Bligh, Dick Gaven, Mike Glynn, Douglas Haves, Pat Hogan, and Susan Hunt.

The six freshmen who complete the honor list are: Evelyn Daugherty, Carol Haddad, Rick Lavole, Nancy Low, David Martin, and Jim Stickle.

FEVER'S HERE

Since the fourth quarter, and final quarter, of the 1961-62 school term has suddenly come into full focus, studying will seemingly have to wage a full-scale war with a demon known as "spring fever."

Fifteen of St. Mike's boys spent Tuesday and Wednesday at the St. Paul of the Cross Penitential Retreat House in Detroit.

THIS IS FANTASY! — Waterford-Kettering's Sue Jackson, John Anderson, (dropping pail), and Gerry McNeive act out scene from "Green Valley," a comedy-fantasy, being presented again Saturday night at 8. Once again, the active cast of "Live

West Bloomfield Buys 'Sweet Sale' to Benefit Seniors

By BONNIE DITTEL

The West Bloomfield Senior Class is now selling Sanders candy. The last large-scale project of the Seniors will be involved in before they leave on their Senior trip to New York in the latter part of May, this sale will run for a period of three weeks.

To help the class reach its goal, which is to sell 1,000 or more boxes of candy within the given time limit, Chester Sands, senior sponsor is charge of the sale, has had letters sent home to parents requesting their assistance, seniors running telephone solicitations, and a group selling candy in front of the First National Bank in Keego.

Proceeds from these efforts, however, will go into the general fund, but candy sold by the individual class members will go into their personal accounts.

Mr. Sands also announced that if any student who sells candy, and does not wish to go on the trip, may give that money to a friend or volunteer it to the general fund to be used by other class members.

Candy can be purchased through any West Bloomfield High School.

The program, "Japanese Night," to be given by West Bloomfield's AFS Club and by Yashiko Yamamoto has been set for a later date. The positive date is now April 15 at 8 p.m.

'Arsenic and Old Lace'

Clarkston Plots Comedy

By JANET TESCH

Opening night for the Clarkston Senior High School Annual Junior Play, will be Friday at 8 p.m.

"Arsenic and Old Lace," the play chosen for the 1962 production, will also be presented Saturday night. Both performances will be presented in the high school "Little Theater," under the direction of Janet Gabler and Don Lytle.

"Arsenic and Old Lace" is a rollicking and delightfully humorous comedy by Joseph Kesselring. This famous comedy has been a success on Broadway as well as on tour.

The story itself concerns two old ladies, Abby and Martha Brewster, who fill their cellar with bottles of lonely old gentlemen, by poisoning them with homemade elderberry wine. The antics of their nephew Teddy, and activities of their other nephew Jonathan, add to the hilarious plot.

PORTRAY SPINSTER

The roles of the spinster aunts Abby and Martha Brewster, are played by Lynn Ellsworth and Diana Crites, respectively. Mortimer Brewster, their dramatic critic-nephew, is played by Larry Gardner, while Larry Smith plays the merciless nephew, Jonathan.

Peier Wilford portrays Teddy Brewster, who thinks himself to be Theodore Roosevelt.

The cast is completed with the characters of Dr. Einstein, played by Gerald Galligan; Elaine Harper, played by Janet

One, "Ones From the Past," and "Displace Settlers" will appear midday a tiny, picturesque paradise setting in the hills of California.

Clarkston Community Schools First Annual Achievement Day held March 30-31, was a tremendous success. Between 600 and 800 visitors viewed the projects Friday night and Saturday morning.

Exhibits from Andersonville, Clarkston, Pine Knob, and Sashabaw Elementary schools, the Junior High and Senior High School, were entered in the Art, Home-making, Industrial Arts, Literature, Mechanical Drawing, and Science departments.

Student director for the play is Carol Walter, and understudies are Marlene Smith, Jon Parrott, and Sheila Goin.

DIRECT COMMITTEES

The following students have been placed in charge of the play committees: Mary Bates, properties; Sandra Mobley, costumes; Trudy Krobach, make-up; Sue Wolff, publicity; Mike Simonsch, programs; and Addison Hubbard and Carl Wilberg, co-chairmen of set decorations. The junior class sponsors, had charge of tickets.

THE event is open to the public.

Clarkston Community Schools First Annual Achievement Day held March 30-31, was a tremendous success. Between 600 and 800 visitors viewed the projects Friday night and Saturday morning.

Exhibits from Andersonville, Clarkston, Pine Knob, and Sashabaw Elementary schools, the Junior High and Senior High School, were entered in the Art, Home-making, Industrial Arts, Literature, Mechanical Drawing, and Science departments.

PORTRAY FAMED CHARACTERS — Midst an "Arsenic and Old Lace" rehearsal these four Clarkstonites portray the two spinsters and nephews from the famed comedy. Onlookers Lynn Ellsworth and Diana Crites as Abby and Martha Brewster, respectively, listen to their dramatic critic nephew, Mortimer played by Larry Gardner (center) as the merciless nephew, Jonathan, as depicted by Larry Smith.

Army Secretary Sure of U.S. Supremacy

BY CHARLES W. CORDROY
WASHINGTON (UPI) — The Soviet Union in the quality of J. Stahr Jr. its tanks, artillery and rifles, ac- "And my best information is United States is "leapfrogging" according to Army Secretary Elvia that our tactical nuclear weapons

are better than "Russia's," he said, in an exclusive interview with United Press International.

He also had high praise for the potential of the Army's controversial Nike-Zeus antimissile missile as a weapon for effective defense against Soviet intercontinental ballistic missiles.

In a wide-ranging discussion of military progress under the Kennedy administration, the 46-year-old World War II veteran said the Army was "way behind 15 months ago in modernization and quantities of materiel, but we have reversed the trend, and started up the right road."

It was the first on-the-record interview given by the Kentucky-born secretary, a Rhodes scholar and president of West Virginia University when President Kennedy selected him to run the Army in January 1961.

After the interview yesterday, Stahr left on a 15-day trip to the Far East.

Stating that America has a "distinct advantage" over Russia in overall military power, Stahr expressed these points of view on two admittedly controversial questions:

WEST COULD HOLD

—He believed the West might be able to hold Europe against a Russian conventional attack without itself resorting to nuclear weapons. He said the West has the "greater potential."

—He thought it possible that there could be localized, limited use of small atomic weapons in Europe and that this "would not necessarily result in escalation to general thermonuclear war." The large conventional and tactical nuclear forces Russia maintains indicate that the Soviets might think the same way.

In general, the North Atlantic Alliance's policy since 1954 has been to use nuclear weapons to the extent necessary if there should be an attack on Western Europe.

Discussing the Nike-Zeus, which neither the Eisenhower nor Kennedy Administration has been willing to put into production, Stahr said it has the potential to give America an effective defense against Russian missiles that now exist or are likely to be produced.

As for scientific concern that the antimissile missile might not provide an "absolute protection," Stahr said he agreed with that but pointed out "there is no absolute defense against any attack, just as there is no absolute offense."

"I think we can show that the Zeus can be useful against anything the Soviets can presently put against us," he said.

ZEUS ADVANTAGE

"It also can be developed further to make the same contribution against anything that might be put against us in the future. There would be important advantages to the nation in producing and deploying Zeus."

He said the Army realized any decision on producing the weapon was "in suspense" and added: "We accept that, knowing it is under constant review."

Thirty in Favor of Canonizing Peruvian Monk

VATICAN CITY (AP) — Thirty Roman Catholic cardinals gave favorable votes to Pope John XIII in a secret consistory Thursday to canonize the 16th-century Peruvian, Blessed Martin de Porres.

The Pope had called the consistory especially to hear the vote of the cardinals, among them Juan Cardinal Landazuri Ricketts, archbishop of Lima, Peru.

After the Pope received the favorable vote, a second consistory was held, this one public, for a reading of the virtues and miracles the church attributes to the Peruvian monk who was born of a Negro slave woman and a Spanish nobleman, Don Juan de Porres.

A radio receiver has been made which consists of six silicon wafers about the size of a dime. It has no tubes, transistors nor the usual circuits.

Kyoto was Japan's capital from 794 until 1869 and was laid out on a planned system 1,200 years ago. (year)

Americans consume an average of 160 pounds of meat each, per them is the Greek, with 138 pounds.

The world's longest national animal is the Greek, with 138 pounds.

Cancer Kills Columnist

NEW YORK (AP)—Tom O'Reilly, 56, horse race columnist for the New York Herald Tribune, died Thursday of cancer. O'Reilly began his newspaper career with the Herald Tribune a year ago. He was born in Lancaster, Pa., and had worked for several other newspapers before joining the Herald Tribune.

In feed value for livestock 100 pounds of potatoes equals 100 pounds of corn silage, 22 pounds of the year.

Color film for the Land Camera is being made and tested and should be available by the end of the year.

An armadillo litter almost invariably consists of four identical young of the same sex. They develop from one fertilized egg.

DIEM SEES SUB—South Vietnamese President Ngo Dinh Diem, left, shakes hands with Lt. Cmdr. James H. Barry during a visit aboard the U.S. submarine Bluegill Tuesday in Saigon harbor. In the center is U.S. Ambassador Frederick E. Nolting Jr. The submarine is making an official call at the Vietnamese capital.

Dem Committeeman Quits as Treasurer

WASHINGTON (AP)—Matthew H. McCloskey resigned yesterday after seven years as treasurer of the Democratic national committee.

Chairman John M. Bailey named Richard Maguire, an assistant to President Kennedy, to succeed McCloskey.

McCloskey, 69, a Philadelphia contractor, is reported in line to become U.S. ambassador to Ireland. He has served as party treasurer since January 1955, and has been a Democratic fundraiser

for nearly 20 years. McCloskey claims to have originated the \$100-a-plate dinner as a party fund-raising device.

Maguire, 41, has been serving as a White House assistant on personnel and organizational matters.

No, No, Rover—That Says 'DOG License'

JYVAESKYLÄ, Finland (UPI)—A driving instructor was giving a lesson yesterday when his car was hit by a station wagon driven by a full grown collic.

The dog's owner explained that the collic apparently had disengaged the station wagon's gears while it was parked on a slight hill.

ERNEST L. CRANE
Service for Ernest L. Crane, 31, of 77 S. Sanford St., will be 3 p.m. Saturday at the Moore Chapel of the Sacred-Griffith Funeral Home in Auburn Heights. Burial will follow in White Chapel Memorial Cemetery.

Mr. Crane, a landscape contractor, died yesterday at St. Joseph Mercy Hospital after a long illness. Survivors include his wife, Virginia; his parents, Mr. and Mrs. Ernest C. Crane of Avon Township; five children, Linda, Daniel, Jean, Charles and Melody, all at home; a sister, Mrs. Violet E. Smith of Birmingham; and a brother, Daniel D. of Union Lake.

LOUIS C. NISBETT
Service for former Pontiac resident Louis C. Nisbett, 90, of 720 Ann Arbor St., Flint, will be 2 p.m. Saturday at the Donelson-John Funeral Home. Cremation will follow at White Chapel Memorial Cemetery.

He died yesterday after an illness of four years.

A retired metallurgist, he had been a member of First Congregational Church and Knights of Pythias No. 19, both in Pontiac.

Mr. Nisbett leaves a son, Stuart L. of Flint, two grandchildren, six great-grandchildren and a sister.

WILLIAM H. ODOR
Service for William H. Odor of 207 State St. will be 11 a.m. Saturday at the Pursey Funeral Home with burial in Perry Mount Park Cemetery.

Mr. Odor, an insurance salesman, died Wednesday at his residence after an illness of two years.

Surviving besides his wife Gertrude are a daughter, Mrs. Kathleen Herr of Pontiac; two sons, John W. and George L., both of Cedar Lake, Ind.; and 19 grandchildren.

MRS. ALLEN PAYNE
Service for former Pontiac resident Mrs. Allen (Florence) Allen, 57, of Addison, will be at 10 a.m. Saturday at the Brown Funeral Home, Addison. Her body will be brought to Oakland Hills Memorial Gardens for burial.

Mrs. Payne and her husband moved from Pontiac to Addison in 1951. They operated a drive-in theater.

Surviving besides her husband is a sister.

Mrs. Payne died unexpectedly at her home yesterday.

MRS. JACOB W. ORT
INDEPENDENCE TOWNSHIP—Service for Mrs. Jacob W. (Maude) M.J. Ort, 82, of 485 White Lake Road, will be 2 p.m. tomorrow at Sharpe-Goyette Funeral Home, Clarkston. Burial will follow at White Chapel Memorial Cemetery, Troy.

Mrs. Ort, a member of the Sylvan Lake Church of Christ, died unexpectedly yesterday at her home.

Surviving besides her husband are four sons, Louis Gilbert of

Pontiac, John Gilbert of Waterford, Frank Gilbert of Flint and Burl Gilbert of Alpena; and a brother.

JOHN H. WERTZ
LAKE ORION — Service for John H. Wertz, 64, of 326 Lapeer St., will be 1:30 p.m. Monday at Voorhees-Siple Funeral Home, Pontiac. Burial will follow at East Lawn Cemetery here.

Mr. Wertz died yesterday at Pontiac Osteopathic Hospital after a brief illness.

A Pontiac Motor Division employee, he was a member of the Kingdom Hall of Jehovah's Witnesses.

Surviving are three daughters, Mrs. Clarence Parker of Lake Orion, Mrs. Abner Bunnell of Auburn Heights and Mrs. Leland Benton of Claysburg, Pa.; a son, William H. of Pontiac; 20 grandchildren and a great-grandchild.

Also surviving are three brothers, Kenneth of Pontiac, Michael of Biglerville, Pa., and Floyd of Lancaster, Pa.; and two sisters, Miss Mary and Miss Lamont Wertz, both of Pontiac.

Penn State Growing
UNIVERSITY PARK, Pa. (UPI)—Bachelor degrees were conferred on the first 11 students to be graduated from Pennsylvania State University 100 years ago. Graduates now number 4,000 annually.

Chloroform Cabbie, Take Cash, Checks

Three armed robbers reportedly chloroformed a Drayton Plains taxi cab driver, in Pontiac early today and escaped with \$83 in cash and checks.

The victim, Robert Hurlburt, 31, of 5070 Otisland Drive told police that when he drove his three male passengers to their destination on Nebraska Street. There one of them put an arm around his neck and pointed a pistol at his head, he said.

One of the other passengers then put a cloth, evidently doused with chloroform, over Hurlburt's face. When he regained consciousness, Hurlburt found his wallet with \$5 and his \$32 paycheck missing along with a transistor radio and \$4 from the cab's money changer.

Waterford Twp. Teacher Charged With Indecency

A 35-year-old teacher at the William Beaumont School, Waterford Township, was arraigned yesterday on a charge of taking indecent liberties Wednesday with a 10-year-old girl. Examination is set for next Thursday.

Harvey Hernandez, 4th grade teacher at the school on 6332 Elizabeth Lake Road stood mute at the arraignment before Waterford Township Justice of the Peace John E. McGrath. He was released on \$300 bond.

A warrant was issued yesterday on complaint of the girl's parents. Hernandez lives at 6454 Wilson St., Drayton Plains. He is suspended from teaching pending the outcome of the case.

Bon (Hic, Hic) Voyage

SAN FRANCISCO (UPI)—When a Matson Lines ship sails from San Francisco for a cruise to Hawaii, lots of people are bubbling with good cheer. Matson reports 500 bottles of champagne are consumed on a typical "bon voyage" sailing day.

Paris has 302 art galleries, compared with 353 movie houses.

Dies While at Wheel

CHICAGO (AP)—Charles H. Alup, 65, regional director of the Federal Mediation and Conciliation Service since 1955, died Thursday of a heart attack while driving his car. Alup headed the region that includes Illinois, Indiana, Wisconsin, Minnesota, North and South Dakota and a section of Michigan. He had been with the mediation service for 20 years.

A spray gun to be used with any source of air pressure fits on the top of a quart paint can. The Department of State has established a special office to deal with international space problems.

'More Tests Needed to Discover Illness'

Although screening for diseases has been carried out in many counties of the state, a Michigan Health Department official, Dr. John A. Cowan, yesterday warned here that more testing must be done to detect illness.

Dr. Cowan was the keynote speaker at the Chronic Disease sponsored by the Michigan Health Department at the Oakland County Health Department auditorium, 1870 N. Telegraph Road.

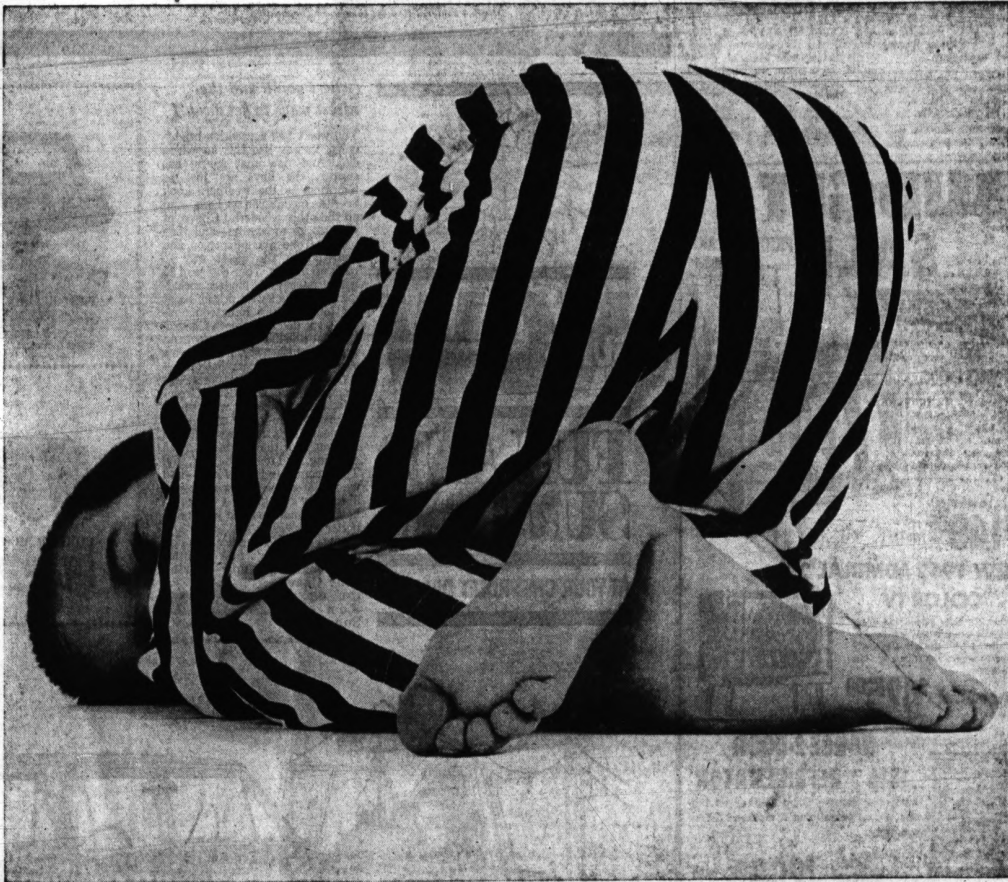

Sixty-five public health officials and others attended.

He specifically referred to a need for increased multiple screening because of its value in detecting unknown abnormalities including heart conditions, chest involvement (TB), cancer, diabetes and glaucoma.

Dr. Cowan, who is director of the division of tuberculosis and adult health, stressed multiple screening as a program very important in detecting unknown abnormalities.

He commended particularly the Oakland County Department of Health's multiple screening program which last year gave tests to over 3,500 industrial employees. Two years ago the program tested 1,600.

He also emphasized that in screening the job of the health department is detection. The patient can then be referred to a physician for treatment of any abnormalities.

"We Keep Ronnie's Room 12 Degrees Warmer Than Ours!"

"With electric heat, we don't have to worry about keeping Ronnie covered at night," says Mrs. Raglin. "All we have to do is turn up the thermostat in his room. When we built our home three years ago, we put in all the latest ideas and features to make sure it would stay modern. At that time, electric heat was the most modern way to heat—and, as far as I'm concerned, it still is and will be for a long time. Flameless electric heat gives us clean, quiet, even heat without odors or costly upkeep."

Meet the Arnold F. Raglin family of White Lake, Michigan.

What about your home? Do you have a hard-to-heat room? Are you adding on a room? Are you buying a new home? Is the heating system in your present home more trouble than it's worth? One of the types of electric heating units shown below may be the answer to your heating problems. One easy way to find out is to ask your electrical contractor. Another is to call your Edison office. We'll be glad to send you a copy of our free booklet "Electric Home Heating" and will answer any questions you may have about the modern, worry-free way to heat your home—electrically.

Radiant electric heating cable usually goes in ceilings.

Radiant panels or forced air units go in the walls.

Heat pumps, for one room or the entire home, heat and air-condition, too.

Electric heating units can replace baseboards.

Electric furnaces heat by forced air or hot water (hydronics).

Star Involved in Many Triangles

Liz Notorious for 3-Cornered Escapades

(Editor's Note — This is the final dispatch of three written by veteran UPI Hollywood correspondent, Vernon Scott on the Elizabeth Taylor-Eddie Fisher marital mixup.)

LIZ Taylor's Hollywood escapades were the second. This time Debbie Reynolds was the loser.

Now Elizabeth's public appearances with costar Richard Burton have precipitated a third triangle, and Eddie is the apparent loser.

Thus far Liz always has managed to be a winner.

Elizabeth, successful and independent, has taken orders from no one since Todd's death. It is unnecessary for her to ask the advice of anyone. She runs her own life.

But in the rough-hewn Burton, costume Welsh coal miner, she has met a man unlike any she has

known before. He is a polished actor, sophisticated raconteur, and boon companion. At 36 he is three years older than Eddie Fisher.

Unlike the gentle, easy-going Fisher, beneath the Welshman's veneer of charm lies a smoldering spirit who can drink, brawl and be linked romantically with beautiful women with the best of 'em.

During World War II he pulled guardhouse duty for smashing every window in his barracks. He has been in more fights than he can count.

He married his wife, Sybil, a dozen years ago and they have two daughters, Kate, 4, and Jessica, 2, to whom the actor is devoted.

During his sojourns in Hollywood Burton, who is built more like a fullback than a Shakespearean actor, gained a reputation for cutting a swath through movie-town's glamour girls. Romantic rumors connected him with almost all of his leading ladies — just as they have with Liz.

Friends here say he will never leave Sybil. Others believe he may well become Elizabeth Taylor's fifth husband.

Burton steadfastly denies a romantic entanglement.

In any event, Elizabeth's romantic antics have thrown the harsh light of publicity on the orphan girl she adopted earlier this year, on her own three children, Michael and Christopher, and Liz's Todd in addition.

tion to Eddie's youngsters by Debbie, Carrie Frances and Todd. Now public attention is focused on Kate and Little Jessica.

It is this kind of publicity that has 20th Century-Fox executive in a state of near shock.

The studio has plunged more than \$20 million into "Cleopatra." If it falls at the boxoffice 20th Century-Fox might not survive the financial disaster.

REMEMBER "JOAN"

Its moguls remember too well the case history of "Joan of Arc," the picture starring Ingrid Bergman which was released shortly after the Swedish star left her husband and daughter for Italian director Roberto Rossellini. It was a super-colossal bomb.

Public reaction to Miss Bergman's private life was credited with providing the tremendous boxoffice drought for "Joan of Arc."

"Cleopatra" is scheduled to be completed in June. Hollywood insiders agree that Elizabeth's behavior and the resultant publicity will make the movie one of the great boxoffice hits of all time.

The general feeling, too, is that her popularity will continue to burgeon, even should Burton dissolve his marriage to become the man in her life.

It has been reported that Liz and her Welsh costar plan to ap-

pear together in another picture within a year.

Until then the actress has not announced whether she will remain in Rome, retire to the home she rented in Switzerland (Burton is a Swiss resident), or return to Hollywood or New York City.

State Park Study Proposed in House

LANSING (AP)—A study of the use, management and operations of Michigan's state park system has been proposed by three House Republicans.

Rep. Reimer Van Til, R-Holland; Walter G. Naskula, R-Gladwin; and Russell H. Strange, R-Clare, introduced a resolution yesterday calling for a five-member interim committee "to study the potentials of increasing the state park and recreational system, to determine the needs for additional financial assistance and methods of financing additional park and recreational facilities."

The committee also would study possibilities of leasing arrangements and the encouraging of private parks for public uses and would report on programs in other states.

Committee members would serve without pay, but would be allowed a total of \$3,000 in expenses.

Russia is the world's leading sugar beet producer. Lake Ontario, 33 miles wide, is narrowest of the five Great Lakes. More than 70 per cent of all U.S. families own automobiles.

Play-It-Cool School Closing Its Doors

By EDDY GILMORE

LONDON (AP)—One of the world's most unusual schools—where boys and girls can smoke, drink beer and neck in class—is closing today.

"We've been hard up for some time," said the assistant headmaster, John Glastier, "but it appears the losses are becoming too great to continue."

For the last 25 years, Burgess Hall, Britain's pioneer do-as-you-like school, has been operating in a London suburb.

As a school, it's a riot. One of its pupils, a boy of 19, hasn't attended a class for two years.

He told his teachers: "I'm too busy. I've got outside interests."

That excuse was good enough.

NO RULES

The school's only rule was no rule. The faculty was dedicated to the belief that kids should do as they like, that there was no right or wrong and therefore no punishment. That helped develop character and avoided complexes, they believed.

As the school prepared to fold, it had 36 pupils, most of them boarders. The majority of the parents were artists, musicians, actors and writers—none of them famous. The fee for boarders was 330 pounds—\$524—a year.

"The financial setback is the only reason for our closing," said the assistant headmaster.

"The school has developed enormously in the 10 years I've been on the staff and was continuing to do so." Said day student Gina Straus, who is 16: "all of us feel very unhappy. It's such fun being at a school where things are so free."

Has Own Ideas on Segregation

Rep. Boggs to Press for U.S. Amendment Giving Rights Back to States

NEW ORLEANS (AP) — Rep. Hale Boggs, the Democratic party's No. 3 man in the U.S. House of Representatives, says he will press for congressional approval of a constitutional amendment returning control of school problems to the states.

The majority party which said Thursday the amendment "is the real answer to the whole problem" of public school integration in New Orleans, which he represents.

Boggs' statement came two days after U.S. District Judge J. Stanley Speedup speeded up desegregation in the city's public schools. Two years ago, the federal judge—who moves up to the appellate court for the District of Columbia next week—ordered Negroes admitted to first-grade classes. His ruling Tuesday directed the Orleans parish school board to comply completely desegregate the first six grades next fall.

Boggs, who ranks only behind Speaker John McCormack of Massachusetts and Majority Leader Carl Albert of Oklahoma in the Democratic Party hierarchy in the House, called Wright's ruling "surprising and distressing. The district court should be overruled."

Two other Louisiana congressmen, Edwin Willis and Joe D. Waggoner, both Democrats, also said Wright's ruling went far beyond the 1954 U.S. Supreme Court mandate.

The Orleans parish school board meets in special session tonight to consider an appeal.

Judge Sentences Two to Jackson in Surgery Case

A man placed on probation earlier by Circuit Judge William J. Beer for abortion and an osteopath were sentenced in Detroit Recorder's Court yesterday for performing an illegal operation.

Both Albert Bicolli, 39, alias John Abbott and Dr. Richard C. Hild, 68, of Detroit, were sentenced to 3-to-4 years in Jackson Prison. Both pleaded guilty to the charge involving a 22-year-old unwed mother before Recorder's Judge W. McKay Skillman.

Holding already in serving a 2-to-4-year term in prison on a narcotics conviction, Bicolli is the former owner of a Pontiac beauty parlor.

Can Give Shot While in Space

Astronaut Glenn Could Have Gotten Injection Through Flying Suit

WASHINGTON (AP) — If Astronaut John H. Glenn Jr. had been hurt on his space flight, he could have given himself a pain-killing injection right through his flying suit.

Biomedical experts of the National Aeronautics and Space Administration reported this today during a detailed symposium on the Marine lieutenant colonel's three-orbit flight of last Feb. 20. They disclosed that Glenn carried in his survival kit four newly developed "automatic self-injectors" stored in a small package. The injectors contained medications for pain, shock and motion sickness, and a stimulant.

One end of each injector was fitted with a red safety cap, and the other end contained the medication and needle.

Upon removal of a safety pin, the injector becomes armed. The astronaut would have pressed the needle end of the injector into his two-piece aluminum pressure suit. The needle would have gone through the fabric and into the astronaut's skin, releasing the medication.

In tests of the technique "the resulting hole in the suit caused an insignificant suit leak," the NASA scientists reported.

Glenn did not use any of the injectors before, during or after the flight, however.

Britain's 1st Satellite to Be Fired Next Week

LONDON (AP) — Britain today announced its first scientific satellite will be fired into orbit next week.

Sir Harrie Massey, chairman of for space research, told a news conference the satellite will be fired from Cape Canaveral, Fla., some night after next Tuesday.

Would Abolish Nonsked Lines

House Dem Introduces Bill to Scrap 'Unsafe, Low-Violating Firms'

WASHINGTON (UPI) — Rep. Francis E. Walter yesterday accused the supplemental airlines of "illegal and dangerous operations" and introduced legislation to abolish them.

The Pennsylvania Democrat told the House that the vast majority of the so-called nonscheduled carriers are guilty of "law violations, unsafe and negligent operations, substandard maintenance, unsound financial conditions and false and fraudulent filing with the Civil Aeronautics Board or the Federal Aviation Agency."

Walter said his own investigation of the nonsked "raised grave doubts in my mind whether there is any justification for the existence of the supplemental carriers."

The bill was introduced amid a continuing deadlock among Senate and House conferees over legislation to grant the supplementals permanent operating authority, but under more rigid rules than in the past.

The House is insisting on allowing the nonsked only charter operations, while the Senate bill would permit them to conduct limited flights between cities on an individually ticketed basis.

Walter said the operations of the supplementals "have resulted in shocking airline disasters" in Richmond, Va.; Toledo, Ohio; Shannon, Ireland; and elsewhere.

Area Girl Named VP

An Avondale High School Junior, 16-year-old Yvonne Parent, yesterday was named a vice president of Michigan's Future Homemakers of America now meeting in convention in Grand Rapids.

Daughter of Mr. and Mrs. Allen Parent, of 3089 Adams Road, Auburn Heights, Yvonne was elected vice president for the National Committee.

Scott's Seed costs 2.45 to plant 1000 sq ft. Polyglot mix of coarse, temporary grasses costs 76¢ less but never will make a lawn!

"How I saved 76¢ — and ruined my lawn!"

Before you buy seed for a thin or winter-weakened lawn — read this.

"I said to myself — 'grass is grass'. And all grass seed is probably much the same. So I played it smart . . . and was I wrong. All I got was a no-account bunch of grass and weeds. I had to start all over."

To prevent you from falling into the same kind of trap, here are some fast facts about grass seed that most people don't know:

- There may be as many as 3 million individual grass seeds in a single pound of grass seed. Even if the grass seed you buy is 98% weed-free, that means you're putting 60,000 weed seeds on your lawn. (Scott's Seed is an incredible 99.9% weed-free.)
- There are hundreds of different varieties of grass seed. Some come up quickly — then die away just as fast. (Scott's Seed is all perennial — for permanent lawns.)
- So-called bargain seed comes up bunched, clumpy or straggly. It makes hay all right — but it will never make a lawn. (Scott's Seed makes even-textured turf.)
- One 16-oz box of grass seed may contain five times as many seeds as another 16-oz box —

because seeds differ in size. So don't buy seeds by weight when what you want is coverage. (Scott's Seeds always show the area covered, in square feet on every box.)

Pick the best lawn in your neighborhood. Chances are Scott's Seed has been used on it. And that's the kind you want, whether you're planting a new lawn or adding life to an old one.

The easy way — and the most economical way to apply it — is to use a Scott's Spreader. Then you won't waste any and every seed will be evenly spaced.

Seed and feed at the same time

Don't worry about seeding too early. First time you can spare a half hour is the best time to get the job done. And with TURF BUILDER* you can fertilize right on top of the seed. There is no delay as with ordinary fertilizers which have to be put on days ahead of time. Many people unknowingly let new grass starve to death. Don't do it. Grass needs food the minute it starts to grow. (Using a Scott's spreader and Turf Builder you can seed and feed a 5000 sq ft lawn in just 60 minutes.)

Remember that a lawn isn't a one-season thing. It is something you want to be proud of and to enjoy for years. Maybe for a lifetime. And once you have a good lawn it doesn't take very much time or money to maintain it. But it can never be better than the grass seed that you use.

There is only one quality of Scott's Seed — the best. But there are three different blends. Your Scott's Dealer will tell you which one is best suited to your needs. He knows lawns — and his advice is yours for the asking. Go and see him now. Be ready for the first fine day.

Dates Set to Organize School Softball Leagues

The dates have been set for the organizational meetings for coaches of boys' and girls' teams in the Waterford Township Recreation Department's elementary school softball program this spring.

Coaches of the boys' teams will meet Monday, April 9, while the girls' coaches will meet Tuesday, April 10. Both meetings will begin at 7:30 p. m. and will be held at the Community Activities Building on Williams Lake Road in Waterford Township.

ELIMINATED IN TOURNAMENT — Lois Buettner, first year table tennis player who received the "most improved player award" of the Pontiac Table Tennis Association ran into trouble last night as she was eliminated in the second round of the Pontiac handicap table tennis tournament. She was defeated by Ruby Nichols in the women's division.

Table Tennis Tournament Has Large Starting Field

One of the largest fields of players ever to participate in a table tennis tournament in the city, began play in the Pontiac Handicap Tournament last night at Pontiac Central with action in the semi-finals and finals to be completed next Thursday night.

In men's singles alone, 49 players entered and moved the tournament through the quarter-finals. Six Britton, twice Pontiac city champion, playing with a minus-7 handicap, won his way to the semifinals with victories over Vic Corpron, Leroy Tibbits and Howie Billings. He defeated Corpron in the quarter-final match, 16-21, 21-24 and 21-18, and he will now meet the winner of the Perc Secord-Robert Gagnon match.

In the other half of the top bracket, Secord must play Bob Gagnon for the right to meet Britton in the semi.

LOWER BRACKET
The lower bracket is still in the quarterfinals stage. Gary Achenback meets Floyd Summers and Carl Knaack must face Tom Jones. Knaack pulled the surprise of the tournaments as he upset Don Waterman, 21-19, 21-19. In the women's division, Carl

Englishman Underdog in Fight With Pender

Stafford Most Effective in Exhibition Play

Yankee Pitching Ace 'Stingy'

By The Associated Press

Strong, stingy and successful—that's Bill Stafford, an instant sensation for the New York Yankees last year who has been the world champions' most effective pitcher during the exhibition baseball season.

Making his last pre-season start the 25-year-old right-hander became the first member of the Yankees' staff to go the distance as he spaced 11 hits—all singles—in a 2-1 victory over Philadelphia at Fort Lauderdale Tuesday.

Stafford now has worked 41 innings—most on the club—posted an incredible 1.69 earned run average and, almost as amazing in the day of the home run, has not been touched for a circuit shot during the entire exhibition grind.

TIED AT FINISH

Tired at the end against the Phils, Stafford was touched for the lone run in the ninth on singles by Ruben Amaro, Frank Torre and Tony Taylor before being touched for a circuit shot during the entire exhibition grind.

The triumph gave the world champs a 17-8 record, leaving them in a tie with St. Louis for the best exhibition record. The Cardinals nipped Detroit 6-3 at their eighth consecutive loss.

In other games, Minnesota, defeated Baltimore 6-2 at Miami. San Francisco belted Milwaukee 8-2 at Phoenix. The Chicago White Sox shut out Cincinnati 5-0 at Savannah. The Los Angeles Dodgers clipped Cleveland 4-2 at Tucson. Houston defeated Los Angeles' Angels 3-2 at San Antonio and Kansas City edged the

New York Mets 6-5 at St. Petersburg.

The Yankees scored their runs as Joe Pepitone and Tom Tresh came across while the Phils were completing double plays. The Cards went ahead on Stan Musial's first spring homer, left behind when Norm Cash hit one for the Tigers. Then won it when Johnny Gait drove in two runs in the eighth.

A grand slam homer by Al Smith and Charley Smith's solo shot won for the White Sox. Juan Pizarro checked the Reds on five hits in seven innings before Herb Allen and Dick Rollins and an

Isore completed the job in hit-

less fashion. The Dodgers scored three in the eighth against the Indians newly acquired Pedro Ramos with John Roseboro knocking in the winner on a foul fly out.

Ramos, Mejias accounted for the Cubs' first run with a single, then scored the deciding run in the ninth on Jim Pendleton's double. Norm Siebern hit a homer and a triple in an 11-0 attack as the A's built an insurmountable edge behind Art Ditmar's seven shutouts and held on to whip the Mets.

WINS SWIM HEAT — Ted Sticks executed the butterfly stroke in the 400-yard individual medley in the senior men's National AAU swimming meet which began yesterday at Bartlesville, Okla. Sticks, a sophomore at Indiana University, is the American record holder and defending champion in the 200-yard medley. His time in the 400-yard heat was 4:23.8, second off the American record.

New Record in 1,500 Meter AAU Event

AP Photos

Sticks was hoping for 4:16 1/2 in the 200-yard medley. He held that mark and also the AAU record of 2:02.1.

Both Saari and Sticks came from swimming families. Saari, of El Segundo, Calif., is the son of America's Olympic water polo coach and is a top player of that sport. Sticks, of San Mateo, Calif., learned to swim from his mother, a swimming teacher.

SWIMMING FAMILIES
Both teenagers won their events handsily. Saari took an early lead over Japan's Tsuchiya Yumakawa, who finished in 17:11.4, and Rose, who ended at 17:19.9, and was 15 yards ahead at the finish.

Sticks won by 20 yards over 15-year-old William Uley, an Austin, Tex., high school senior. Tied for third in the medley were two more schoolboys, Ralph Kendrick of San Leandro, Calif., and Steven Rerich of Peekskill, N.Y., Military Academy.

Bartlesville, Okla.—Summaries of final events in the AAU Swimming and Diving Championships:

400-yard individual medley — 1. Ted Sticks, Bartlesville, Ind., 4:23.8 (American record); 2. William Uley, Austin, Tex., 4:27.1; 3. Ralph Kendrick, San Leandro, Calif., 4:28.4; 4. Steven Rerich, Peekskill, N.Y., 4:28.4; 5. Jack Webb, Portland, Ore., 4:28.4; 6. Lynn Webb, Southern California, 4:28.4; 7. Lynn Webb, Southern California, 4:28.4; 8. Lynn Webb, Southern California, 4:28.4; 9. Lynn Webb, Southern California, 4:28.4; 10. Lynn Webb, Southern California, 4:28.4; 11. Lynn Webb, Southern California, 4:28.4; 12. Find UP Vote Error; Helps Lundgren Tally

SAULT STE. MARIE (AP)—Election officials yesterday reported a machine error in Monday's special senatorial election will not change the outcome. In fact, it will give the winner, Republican Kent T. Lundgren, 65 more votes.

Lundgren, a Menominee pharmacist, defeated Democrat Frances M. Brown Jr., of St. Ignace, by 151 votes in a special runoff for the 26th District State Senate seat.

A discrepancy between unofficial voting totals and the number of voters who used a machine in this city's 4th District had kept alive Democratic hopes of a reversal.

But Assistant State Election Director Lawrence Carroll said the error was definitely the fault of the machine. It failed to record 65 votes on the GOP side, Carroll said.

Discover Stowaway

WORCESTER, Mass. (UPI)—Mr. and Mrs. Philip T. Hall, returning to their home here after a camping trip in New York's Adirondacks, discovered a woodchuck stowed away on the frame over a wheel of their automobile.

U.S. Working to Find Antidote

Is War of the Future to Be Fast Gas Deal?

(Editor's Note—The United States is engaged in a grim race with Russia to develop at least secret weapons that could immobilize entire cities but leave them undamaged.)

By DARRELL GARWOOD

WASHINGTON (UPI)—It's a war of the future, and the enemy is anxious to make slaves of the population—has just spread a strange gas over a large, unsuspecting city.

In the streets, people wander dazed and stare vacantly at an invading army rumbles in to take over.

There is no resistance. No cries. No buildings are destroyed, and the population is easily overwhelmed before the gas loses its effect.

The U.S. government has an official name for something like this—CBR. In initial happy Washington, this stands for chemical, biological and radiological warfare.

In the grim world of CBR, there is a possibility that gases and even germs may be employed to spare lives and property that otherwise would be destroyed in a nuclear war.

Both the United States and Russia know this.

The potentialities are such that the U.S. government is making an intensive and rapidly-growing effort to find out what it is all about. It is a two-way street: To develop the weapons, then find ways to defend against them.

STUBBS IS BOSS

The responsibility for the U.S. program now is in the hands of Maj. Gen. Marshall Stubbs, the white-haired, 55-year-old chief of the Army chemical corps. His office is in charge of CBR.

Stubbs currently is engaged in putting through a vast reorganization and expansion of the chemical service. Intelligence sources have indicated that Russia may be two years ahead in gas and germ research, and Stubbs' budget is doubled over a year ago.

Even so, at a level of about \$300 million for the year beginning July 1, the CBR budget will be a mere drop in the bucket compared to the billions spent on nuclear forces.

For example, the Army has told Congress that considerable progress has been made on a gas that could disable the population of a city like New York for several hours—time enough for an army to march in and take over.

This had been described as "an effective gas which disorientates a person, makes a person incapable of realizing what he is doing under the influence of the gas."

It was the general who advanced the view that CBR warfare possibly could be used to spare lives and property, whereas a nuclear bomb would destroy both. He discussed the subject in an interview at his headquarters in a wartime temporary building across from Washington National Airport.

He does not share the belief of some that CBR poses a greater threat to the human race than nuclear weapons.

"It should be remembered," he said, "that the effect to be achieved by chemical and biological weapons can be selective. They need not kill or even cause permanent injury."

The Statue of Liberty holds the Declaration of Independence in her left hand while the broken chains of tyranny lie at her feet.

Congress approved a resolution in 1958 asking the President to proclaim May 1 of each year as Loyalty Day.

Terrorists Kill 10 in Algerian Attacks

ALGERIA (AP) — Terrorists killed 10 persons—eight Moslems and two Europeans—in Oran and Algiers today. Most of the attacks were blamed on the European Secret Army campaigning to prevent independence for Algeria, by the court, which was set up by Authorities reported the terror-ty terrorists.

last toll Thursday for all of Algeria was 12 killed and five wounded. They included nine Moslems and three Europeans killed and one Moslem and four Europeans wounded.

A special court-martial in Algiers sentenced a European member of the Secret Army to 20 years in prison for killing a Moslem. It was the second case heard by the court, which was set up by Authorities reported the terror-ty terrorists.

7 WOMEN FROM HELL

ON TRAINING CRUISE — This is an air-view of the USS Enterprise, nuclear-powered aircraft carrier, as the giant flattop cruised off Guantanamo Bay. The Enterprise has gone through full-scale maneuvers in waters south of Cuba, berthing several times at the U.S. Naval base at Guantanamo. The carrier is due back in her home port of Norfolk, Va., today.

Airplane Bomb Scares Due Mostly to Jokers

WASHINGTON (AP)—Most airplane bomb scares are started by practical jokers—not by mentally deranged characters, FBI sources said today.

Expressing concern about the growing number of plane bomb hoaxes, FBI officials say they have identified nearly 400 persons responsible for such false reports in the last six years.

"It has been found that most of these individuals have been persons of maturity and, in many cases, persons who were connected with substantial businesses," said the FBI.

"It has been apparent that many of these individuals can best be described as perverted practical jokers who made statements regarding possible bombs on aircraft out of a warped sense of humor or while under the influence of liquor," it added.

FBI files disclosed this cross-section of bomb hoax perpetrators:

A wedding company partner, 48, from Fall River, Mass., who became angry about the delay of his flight from Miami to Boston in January, 1961. "If you don't get this flight out in 10 minutes," he told a ticket agent, "I'll have to reward my bomb." He was fined \$250.

A Midwestern lawyer who tried to delay the departure of a client by falsely reporting a bomb was aboard the client's plane. He was sentenced to one year in prison and was fined \$1,000.

An Oregon dentist, 62, who on a flight from Portland, Ore., to Minneapolis twice told a stewardess a bomb was in his luggage. He was fined \$1,000 and drew a year's probation.

A Michigan sales engineer who, as he left a plane during a brief stopover at Fort Wayne, Ind., told a stewardess, "Keep your eye on the box in my seat. It's a bomb." He was fined \$250.

A Denver man who telephoned airport officials that his mother-in-law and six sticks of dynamite were aboard a departing plane. When arrested he said he had been drinking after his wife made him angry. He was sentenced to four months.

False reports like these, said the FBI, "constitute a grave problem and represent an appalling record of lawlessness."

Maximum penalty on conviction is a \$1,000 fine and one year imprisonment.

LoCigno admits shooting Whalen but maintains he did it in self defense.

Pays for Drinking Spree and His Big, Fat Mouth

SOUTHAMPTON, England (UPI) — Harry Seymour told Judge Joseph Molony he was driving while drunk because he was celebrating a good night at the dog track.

"How much did you win?" asked the judge.

Seymour replied, "350 pounds (\$700)."

And that's what the judge fined him.

Court Won't Hear Appeal in Beverly Aadland Suit

ALBANY, N.Y. (AP) — The state's highest court has refused to hear an appeal by Beverly Aadland, protégé of the late Errol Flynn, on her suit to collect \$5 million from the actor's estate for alleged damages from "corruption and debauchery."

The court gave no reason for its refusal yesterday.

The complaint was dismissed by lower courts on the ground that the suit was an attempt to circumvent state law, which prohibits damage suits for alleged seduction.

HIS NEW ROCKER — President Kennedy reaches out to touch a new rocking chair in his White House office after it was presented to him by J. A. Boullia Atiles, the Dominican Republic's secretary of state for foreign affairs. The wood is 400-year-old mahogany.

County Starts Big Road Plan

Oakland County's Road Commission has launched what it calls its "largest road reconstruction program in 30 years."

Four miles of paving projects are now under contract, slated for construction starting June 1, and 37 more miles of various improvements will be placed under contract within three months, according to Hiland M. Thatcher, commission chairman.

These projects signal the beginning of the county's three-year, \$11-million road construction program.

Thatcher said three projects already under contract call for a total of four miles of black-top paving on:

Long Lake Road, from Stephenson Highway to Dequindre Road; Farmington Road, between 12 and 13-mile roads;

Richardson Road, between Haggerty and Green Lake roads.

Another 20 miles of roads to be paved or widened this year and eight miles of graded roads to be paved next year will be placed under contract by early July, Thatcher said. Total cost for this work is estimated at \$4.5 million.

MAJOR PROJECTS
Major projects in this year's program include:

1. Widening 3.5 miles of Southfield Road from two to five lanes between Northwestern Highway and 13-Mile Road.

2. Paving six miles of Andersonville Road south of Davisburg.

3. Reconstructing and paving Baldwin Road between the City of Pontiac and Interstate-75; Middle Belt Road between Northwestern Highway and 1490; Big Beaver Road between Adams Road and I-75; and Scott Lake Road between Elizabeth Lake Road and Dixie Highway.

In addition to these primary road projects, some local roads will be improved, Thatcher said.

NY Greets Goulart With Ticker-Tape

NEW YORK (AP) — Brazilian President Jost Goulart was honored Thursday with a ticker tape parade up Broadway viewed by thousands. He was greeted at City Hall by Mayor Robert F. Wagner and met with Francis Cardinal Spellman.

Later, he was the guest of hon or at a private dinner attended by more than 50 dignitaries including Acting Secretary-General U Thant of the United Nations, and heard himself lauded by Gov. Nelson A. Rockefeller.

Ike's Remarks: Let's Build Up Grand Old Party

PALM DESERT, Calif. (AP)—Gen. Dwight D. Eisenhower came off the golf course at Eldorado Country Club Thursday to attend a luncheon of 250 Republicans in one of his rare public appearances.

Eisenhower was accorded a standing ovation as he said: "If we are for sound finance, rather than skyrocketing debt, we must make certain that good Republicans are returned to the halls of Congress."

"I say that the principles of the Republican Party represent the greatest good for our country. Let's get more people in the Republican Party. We don't have to be snooty. Let's have everyone who believes in good government within our party."

As police and firemen stood by, a Roman Catholic priest finally induced the man to hand over the infant and descend in a maintenance elevator.

Officers identified the man as Joe Avila Garcia, 36, of Austin and said he had been drinking. They held him without immediate bail.

Police said Garcia fled with the 2-month-old baby after a fight with his wife, 33.

The body of Mailand Erenhouse, 50, was discovered yesterday slumped in an easy chair in the second floor den of his home. A nearby television set was shattered. Officials said he could have been dead for as long as 18 hours.

An autopsy was scheduled for today.

Dips in Car Accident

CHARLOTTE, N.C. (AP)—Charles Johnston, 26, of Charlotte, was dead on arrival early today at Hayes-Green-Beach Hospital after being thrown to the pavement of U.S. 21 when his car rolled out of control about two miles northeast of Charlotte. Eastern County sheriff's men said the victim was alone in the car.

Pontiac, Tempest Top Classes in Economy Run

Pontiac can take top honors today as America's best "family" car. A husband and wife team yesterday drove a Pontiac Star Chief and a Tempest to first place honors in the Mobil Economy Run.

Mickey Thompson, known as the fastest man on wheels by

virtue of his driving 494.4 m.p.h. on Bonneville Flats two years ago, drove his Tempest to victory in Class C — large engine compact — averaging 27.59 miles per gallon.

He beat an American Motors Corp. Rambler which finished second with 27.09 miles per gallon.

Thompson's wife Judy took first place in the medium-sized field, driving a Pontiac Star Chief. She averaged 13.46 miles per gallon in the six-day run over a 2,697-mile route from Los Angeles to Detroit.

Second in the medium-sized field was an Oldsmobile Dynamic 88 averaging 19.95 miles per gallon.

In addition, a Tempest placed sixth in Class A — compact with manual shift — averaging 27.54 miles per gallon, and a Pontiac Catalina averaging 13.50 miles per gallon took fourth place honors in the low price V8 field.

Thompson's feat in the four-cylinder Tempest was emphasized by the fact that his gas mileage was

also better than any car achieved in Class B, for small engine compacts.

Forty-four cars in the initial field of 45 finished the grueling run. Overall miles per gallon for men drivers averaged 22.78, while women drivers averaged 22.58.

Cars were divided into eight classes based on size and price.

Best average mileage was 31.11 miles per gallon posted in the manual shift compact class by a Rambler American.

Both Thompson and his wife had driven in the economy run before but neither had placed.

Mrs. Thompson, when asked how she would do in competition against her husband, flashed a

grin and replied: "I'm never against him. I'm always for him. It would be no contest."

Thompson was critically injured two years ago in a speed boat accident. Doctors told him he probably would never walk again. But he first of hospital life and left. Today he wears a brace around his neck and shoulders.

Senate Shatters Tradition

Lift Tax Barrier at Last

Drummed Out of the Corps

DISGRACED—A U. S. Marine—head blocked out at Marine Corps request (arrow)—is followed by an armed "chaser" as he is drummed out of the corps. The Tennessee youth was given a bad conduct discharge by a special court martial Wednesday at the Marine Barracks, Norfolk, Va., Naval Station. The drumming-out ceremony was recently revived at Norfolk after a 20-year lapse to impress upon those that remain the seriousness of a bad-conduct discharge.

Ham Sandwiches OK in Orbit—Glenn

WASHINGTON (AP)—Astronaut John H. Glenn Jr. came out strong today for ham sandwiches for future orbiting spacemen.

He said his own experience indicated there's no need of restricting spacemen, as he was, to tube-fed foods like applesauce.

Glenn made his sandwich suggestions as the National Aeronautics and Space Administration presented detailed reports on his triple orbit of the earth to an international gathering of more than 1,000 scientists. A few from Communist-bloc countries attended.

The space agency said examination of the records of the Marine lieutenant colonel's flight showed that it was "an unqualified success, a major milestone in the program for the manned exploration of space."

This was the first detailed scientific report on the mission, the man, and his capsule. But, except for details and amplification, it presented little that had not previously been disclosed by the space agency—and nothing new of a major nature.

If anyone had doubts about Glenn's health they now have the word of the space agency's top medical people that:

Before, during and after his orbital jump, everything was normal, including his heart—at least so far as all available tests showed.

The only detectable injury he suffered was a couple of skinned knuckles when he "blew" the escape hatch of his space capsule on the deck of the destroyer USS *Thetis* that had retrieved the spacecraft from the sea.

Glenn himself reported that "probably the most solid jolt of the whole trip" was when his capsule swung against the side of the ship. He said when it was being hoisted aboard by a helicopter rigging.

Glenn lost five ounces during flight and in the four hours after landing. But his doctors reported that he was only slightly more than he lost in a simulated three-day orbit flight on a whirling test device called a centrifuge.

Each weekday during Lent a prominent American invites you to join with him in his favorite prayer. Today, join with:

J. GLENN BEALL
Senator From Maryland

O God our Father, let us not be content to wait and see what will happen, but give us the determination to make the right things happen.

While time is running out, save to those patients who is able to converse.

Give us the courage to be either hot or cold, to stand for something, lest we fall for nothing. In Jesus' name.

(The Rev. Dr. Peter Marshall, U. S. Senate chaplain.)

City to Appeal for Data Center

Stierer, Rowston and Henry to Take Case to IRS in Washington

In answer to urgings from City Commissioner Milton R. Henry, City Manager Robert A. Stierer today said city officials will travel to Washington, D.C., next Thursday to appeal for location of an Internal Revenue Service Data Processing Center here.

Scheduled to present Pontiac's case to federal officials are Stierer, Henry, Mayor Philip E. Rowston and Max Adams, manager of the Pontiac Area Chamber of Commerce.

The four have a 3 p.m. appointment with Bruce McNair, director of facilities and management for the IRS in Washington.

The IRS has been investigating several Midwest cities as possible sites for the proposed \$2-million center, including Detroit and Port Huron.

Stierer said the presentation would center around five major factors in Pontiac's favor.

"Our location is in close proximity to the Detroit district office, we are a metropolitan area with a good labor supply in the clerical and technical fields that will be needed and we offer excellent highway, train, bus and air transportation facilities," Stierer explained.

"In addition, we could offer 10 acres of cleared urban renewal land in the heart of the city. Recreation facilities are excellent in the surrounding area, and potential future development is even greater."

The proposed center would have about 500 permanent employees and 500 part-time workers, according to federal officials. "It probably wouldn't start processing until 1965."

TO Part Siamese Twins

LONDON (AP)—Joan and Nettie Amadu, Siamese twins born in Nigeria Christmas Day, arrived by plane today from Lagos to undergo an operation to separate them. The twins are joined at the lower spine.

Coalition Move Better s Income Levy's Chances

LANSING (AP)—Chances for adoption of a state income tax this year rose sharply in the wake of a dramatic Senate fight that cracked for the first time the opposition of Republican conservatives.

The breakthrough came yesterday in an emotional three-hour debate that ended in triumph for a coalition of Democrats and GOP moderates.

By an 18-13 vote, the nine Democrats and nine Republicans forced the Senate Taxation Committee to release Gov. Swainson's 11-bill tax package and send it to the floor, probably for a vote later in the month.

It was the first time in half a century that the traditionally-minded Senate has ordered a committee to give up a bill against its will.

Republican conservatives, who control the committee, involuntarily broke their vow to bury any and all state income tax bills that come their way.

The Senate has been the only really formidable barrier to enactment of a tax reform program built around an income tax.

In 1958, when a \$100-million-plus deficit in the State Treasury forced payless paydays in state government, Senate Republicans beat down a House-approved income tax.

State Senate Has Hectic Day, Page 2

The outcome of a record-long session was a statewide referendum that empowered the legislature to raise the sales tax from three to four cents.

Swainson, foremost advocate of an income tax solution to the state's nagging money troubles, hailed the Senate's decision yesterday.

"This has been an important day," he declared. "This was a victory not for the Republicans or the Democrats, but for all the people of Michigan."

House Republicans, with a mere 25-24 majority, readily conceded that an income tax program probably could pass the lower chamber without much of a fight.

It's Moving Day

CHUCKING EQUIPMENT—Everyone at Pontiac Osteopathic Hospital is busy moving and arranging new equipment and furniture this week. They're preparing for the opening next week of the third floor in the new \$1.3-million addition. Shown here, William Stenfeld, representative of a medical supply firm, checks room arrangement.

Look Sharp for Echo I

Pontiac area residents can look for the Echo I satellite at 2:48 and 4:31 a.m. tomorrow. Both appearances will be approximately one minute in length. The first will be from the north, 64 to 66 degrees above the horizon, moving to the northeast. The second will also be from the north, 65 degrees above the horizon, but moving to the southeast this time.

TO Part Siamese Twins

LONDON (AP)—Joan and Nettie Amadu, Siamese twins born in Nigeria Christmas Day, arrived by plane today from Lagos to undergo an operation to separate them. The twins are joined at the lower spine.

THE WINNERS!—A Pontiac Star Chief four-door sedan crosses the finish line in Detroit yesterday, taking top honors in the medium price field in the Mobil Economy Run. The driver, Judy Thompson of Rolling Hills, Calif., averaged 19.46 miles per gallon over the 2,697-mile route from Los Angeles. Her husband, Mickey, took first place in a Tempest in the compact field.

Sen. Francis Offers Cure Would Cut State Spending

LANSING (AP)—A drastic slash in all state spending is proposed by Sen. Lynn O. Francis, R-Midland, as the best answer to the state's financial ills.

In the midst of the hectic fight over discharging the Senate taxation committee from consideration of Gov. Swainson's package of tax bills, Francis circulated a 10-page memo containing his own recommendations.

Francis said they could save the state more than \$121.5 million a year.

"The legislature and administration spend much time in considering additional taxes and appropriations," Francis said. "It seems to me that some serious thought should be given to the reduction of state expenditures."

Francis, an ultra-conservative, said the state could save more than \$46 million by making counties pay half the cost of caring for mental patients and prison inmates.

Francis also proposed a 10 per cent reduction in state employment saving \$15.5 million.

His other major proposals, with estimated savings, included:

—A 10 per cent slash in mental hospital personnel, \$4.5 million.

—Cutting 1,000 cars from the state motor pool, \$4.7 million.

—Improved bookkeeping and accounting systems, \$1 million.

—A 10 per cent increase in college and university fees, \$2.5 million.

—Eliminating payments for veterans homestead exemptions, \$9 million.

—Financing state police from restricted highway funds, \$19.3 million.

—Eliminating return of liquor license fees to local units, \$4 million.

Francis and Sen. Clyde H. George, R-Holland, chairman of the Senate Taxation Committee, proposed similar cutbacks two years ago but they were ignored.

Cool Showers Greet Golfers

Augusta, Ga. (AP)—Another cool, showery day was in prospect as the golfers set out in pursuit of South Africa's Gary Player today in the second round of the 28th Masters Tournament.

The weatherman forecast overcast skies, perky rain and temperatures in the low 60s.

Player, defending champion who took a first-round lead yesterday with a five-under-par 67, was a relatively early starter.

He was to tee off at 11:06 a.m. with Byron Nelson and the former British and U.S. amateur champion Deane Beman of Bethesda, Md.

PALMER LATER

Arnold Palmer, the tournament favorite, had an 11:41 a.m. start with Australia's Keith Nagle and Charlie Coe, the Oklahoma City amateur.

Julius Boros of Mid Plains, N.C., whose 69 put him in second place at the end of the first round, was to tee off at 1:04 p.m. with Dave Ragan and Mickey Sals of Spain.

The first round carried into darkness yesterday with one score unfinished. The veteran Billy Burke had one hole to play over the 6,989-yard, par 72 Augusta National Course.

Player's brilliant 67 gave him a two-stroke lead. Observers thought it might be the magic medicine dose of homesickness.

Electricity Is Wasted as Cuba Radio Fumes

KEY WEST, Fla. (AP)—Havana radio spluttered at intervals during a 40-minute news program yesterday that the street lights were burning in broad daylight outside the broadcast studio, wasting the "people's electricity."

But apparently the man in charge of turning the lights off wasn't listening. As the program neared its end, the broadcaster reported the people's electricity still was being wasted.

More Showers Likely to Arrive Late in Evening

Gentle rain falling during the night brought a fresh greenness to the coming grass. More showers are likely late tonight, the weatherman said. Showers measured .1 of an inch at 8 a.m. today.

Temperatures over the weekend will average near or a little below the normal high of 69 to 70 and normal low of 59 to 61. Sunday and Tuesday will be slightly cooler.

Precipitation will total near .75 of an inch in occasional periods of showers through Monday with more general rain about Wednesday.

The lowest temperature in downtown Pontiac preceding 8 a.m. was 42 degrees. At 1 p.m. the thermometer stood at 51.

Subways Boom All Over World

Increased Construction Brings Rapid Transit to Many Cities

WASHINGTON — A boom in subway construction is bringing rapid, safe, and snugly crowded transit to cities all over the world.

New subways have been opened or started in Stockholm, Rotterdam, Leningrad, Kiev, Milan, Rome, Lisbon, Haifa, Caracas and Toronto.

Many other metropolitan centers from Peking to Sao Paulo and Washington are considering underground railways, the National Geographic Society reports.

Through the rapid growth of underground transit is a postwar phenomenon, subways are almost a century old. The first was built in London in 1863.

Early London patrons had to face jeers for descending into "the sewer." They ignored warnings of asphyxia or cave-in, and crystal chandeliers.

endured they, almost windowless cars called "padded cells."

The Paris Metro opened in 1900. The Metro is peculiarly French. An underground agency, created with purpose, is welded through the city. Reproductions of famous paintings decorate large terminals.

With Gallic aplomb, a Metro official advocated automatic, unmanned trains because they would "lessen risk of error to the human existence of office workers and housewives."

SET STANDARDS The first New York City subway began running in 1904. The opening-day crush set the standard for years to come. A contemporary account said there were "scenes of indescribable confusion. Men fought, kicked, and pummeled one another. Women were dragged out, either screaming in hysteria or in a swooning condition."

Similar scenes are enacted today in Tokyo because rapid growth of the city has overwhelmed its subways.

The Moscow subway, opened in 1935, suggests a cross between a czarist palace and an art gallery. The stations are embellished with statues and carvings, marble walls and pillars, vaulted ceilings, fine cut granite floors, silver and gold mosaics, and gold-plated chandeliers.

Dr. Eisenhower Predicts Castro Soon to Be Out

HONOLULU (UPI)—Fidel Castro's days are numbered, according to Dr. Milton Eisenhower.

Eisenhower, president of Johns Hopkins University and a Latin American expert, said here yesterday that the Cuban people will rise and topple Castro from power.

Eisenhower arrived in the islands for a one-week vacation and also to meet with some 50 members of the Johns Hopkins University Alumni Association here Monday.

He told newsmen that Castro had failed to deliver on his promises of economic reform and a better deal for the Cuban people. He said Castro was "tragically losing support" among the people.

Termites Just Waiting

EAST LANSING, Mich. (UPI)—A building erected on the site of an old woodlot, vineyard or orchard is especially vulnerable to attack by termites. Michigan State University Entomologists report.

Seagull Is Picked Up For From Native Haunts

EUGENE, Ore. — Clarence Baines stopped a Humane Society truck in this city some 30 miles inland from the Pacific Ocean and asked the truck driver whether he had seen a seagull.

The truck did contain a seagull, the Baines family yet.

The bird had been picked up while waddling down a sidewalk in Eugene.

Horses in the world have declined 22 per cent since 1940.

Picked Up Windshield

FREDERICKSBURG, Va. — Francis E. McCulley paid express charges on a \$127 auto windshield and told an employee to pick it up from the express terminal platform. City trash collectors arrived first, emptied two cartons came on the platform and tossed the windshield carton into their truck. It was crushed to smithereens by drum.

Really Stores Facts

WASHINGTON (UPI) — The computer designed for the Federal Aviation Agency's 3d age traffic control system has a memory of 442,000 bits (pieces of information) in its core and 28,672,000 bits in its it was crushed to smithereens by drum.

Moonship for 3 Men Under Way for 1970

DOWNEY, Calif. (AP) — A suite is above the crewmen as they three-man moonship designed to reside in special seats during flight.

The craft will be commanded by the pilot. Others aboard will be the copilot and an engineer-scientist. Each can perform all functions.

The capsule is built to use man as an integral part of the design. Engineer J. W. Small of the National Aeronautics and Space Administration said.

The judgment of the crew is a major factor. We feel men's judgment is better than reliance on machines in many instances.

Details of the Apollo program for manned exploration of the moon were disclosed previously but this was the first showing of the capsule—one of three units of Apollo.

States Overspend for Record Outlays

WASHINGTON — State governments overspent their income on the average by \$100 million in fiscal 1961 in rolling up record outlays of \$44.7 billion, the Commerce Department reports.

Michigan showed total revenues of \$1,753,952,000 and expenditures of \$1,853,220,000.

The census figures showed a 10 per cent rise from outlays in the previous year, caused in part by heavier benefit payments from unemployment compensation and other state insurance trust funds.

Apart from those outlays, which reflected recession demands, and including the operations of state liquor store systems, the remaining total of "general expenditures" amounted to \$28.1 billion. This was 6.9 per cent above fiscal 1960.

Auxiliary of Medical Society Plans Style Show, Luncheon

Forest Lake Country Club at 12 o'clock April 11 provides the setting for "Fashion Portraits," style show and luncheon sponsored by the Women's Auxiliary to the Oakland County Medical Society.

Purpose of the event is to raise money for the nurses' scholarship fund. Auxiliary members hope to give two scholarships this year.

Edward H. Chudik from Chudik's of Birmingham will introduce his spring collection modeled by auxiliary members. The models are: Mrs. Paul T. Lahti, Mrs. R. Hamilton White, Mrs. George C. Wegryn, Mrs. George M. Virga, Mrs. Jack F. Enroth, Mrs. Stephen Schweinsberg and Mrs. William J. Donnelly.

A sneak preview of "Fashion Portraits," "exhibited" by members of the Women's Auxiliary of the Oakland County Medical Society, is favorably appraised by Mrs. Glenn Sanford (left), Mrs. Hamilton White and Mrs.

Stephen Schweinsberg (right) will parade spring finery with other models at Forest Lake Country Club Wednesday during the auxiliary's scholarship benefit luncheon and style show.

Using Mrs. This Time Is Alright

By The Emily Post Institute
Q: I am a senior in college and will be graduating this June. We are ordering our announcements and—personal cards. A few of the students are married women and the question has come up as to how their names should be printed on the cards that are to be enclosed with the announcements.

I am aware of the fact that Mrs. followed by a woman's Christian name is incorrect, but in this instance Mrs. John Smith doesn't seem right.

Would it be proper under these special circumstances to have the cards read Mrs. Jane Smith?

A: Under the circumstances you describe, cards reading Mrs. Jane Smith may be used with these announcements. They must not, however, be used later as visiting cards.

Q: My daughter is engaged to a man who is going to be the best man at a friend's wedding. Is she supposed to be included at dinners and other parties given for the bride party?

I think she should be just the same as a wife always is, but there seems to be some difference of opinion about this.

A: You are right. If your daughter's engagement has been announced, she should be invited to all dinners and parties at which her fiancé is to be present.

Q: This summer to be married is an going to wear a white suit, white hat and white shoes, but I have been married before and have been told white is absolutely tabu for a second marriage. Will you please tell me if this is so?

A: There is no reason why you may not wear a white suit with white accessories. The tabu is against white bridal dress and veil and orange blossoms.

The new Emily Post Institute booklet entitled "Table Rules of Importance" describes how to eat spaghetti as well as other difficult foods. To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to the Emily Post Institute, care of The Pontiac Press.

TV Experts Work Hard to Dirty Up Place

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—Women viewers of television must wonder where the makers of commercials ever find homes with those incredibly dirty walls and floors and those filthy, stained sinks that turn miraculously pristine and sparkling with a sweep of a sponge or a rub with a cloth.

The "before" part of the clearing and scouring powder commercials appear to be poor reflections of the housewifery of the American homemaker. But the truth is that dirty walls, floors and sinks are painstakingly constructed by dirt experts in film studios, and it is often a difficult job.

There are a number of techniques by which grubby walls are achieved. The easiest is to smear hands with jelly, peanut butter and other sticky substances and then rub them off against light walls.

SPRAY DIRT

If an overall pattern of soil is needed, fine dirt is sprayed evenly on a wall treated with

some grease to make sure it will stick.

Sold floors get the same dirt-and-grease treatment and sometimes the producer uses a dog with deliberately muddy feet to put the proper imprint on the vinyl.

Sink stains are tougher. One expert said that to get a good photographable stain on a porcelain sink it is necessary to

leave debris like peach skins and pits, vegetable parings, tea and coffee grounds for a couple of days. Good quick results are often achieved with cold bacon grease colored with soy sauce or brown gravy.

To make one series of "stain" commercials, a producer had to dirty up several sinks with tannic acid and

slide them, one after the other, before the cameras to achieve the desired effect.

Apparently, some members of the viewing public believe everything they see on television. One woman called the New York headquarters of the big company that makes, among other products, a well-advertised scouring powder, and demanded to be connected with its "Stain Center," and the woman, Bess Myerson, who is spokesman for the powder.

PRODUCT OF STUDIO

Although most of the manufacturers of such products do, indeed, maintain research laboratories, the "stain center" was constructed in a film studio but dismantled a few weeks ago when the agency decided to take another tack in its future antistain commercials.

"Quite frankly," said an advertising man with a scouring powder account, "a housekeeper would have to be pretty sloppy to let her house—and certainly her sink—get into the conditions we show them. But we have to make a dramatic presentation."

MRS. ALAIN DARMON

Patricia Joy Pledges Vows to Alain Darmon

Green topiary trees marked the entrance to a lakeside marquee at the Bloomfield Hills home of Mrs. James H. Carniel for a reception following the vows of her daughter Patricia Ford Joy to Alain Darmon in the Birmingham Unitarian Church. Lester Mondale performed the Thursday afternoon ceremony.

For her daughter's wedding, Mrs. Carniel chose a Riddell original in rose antique silk and circle headpiece of rose silk. Her flowers were white butterfly orchids.

Among out-of-town guests were Mrs. and Mrs. Thomas H. Evans and Mrs. Evan's daughter, Deborah Ford Mitchell, of Greenwich, Conn.; the Jacks of Hennesburg, Cambridge, Mass.; and DeLoe Allen and daughter Leslie Allen of Buffalo, N.Y.

To begin the honeymoon in the Virgin Islands, the new Mrs. Darmon wore a rough-textured wool coat of bright yellow over a gray silk and wool suit with matching braided trim.

The newlyweds will return to Bloomfield Hills to spend Easter with Mr. and Mrs. Carniel, then will leave for Geneva, Switzerland where Mrs. Darmon will resume his studies at L'Ecole d'Architecture, of the University of Geneva.

James H. Carniel was best man for the bridegroom, son of the David Darmons of Algiers, Algeria.

For her daughter's wedding, Mrs. Carniel chose a Riddell original in rose antique silk and circle headpiece of rose silk. Her flowers were white butterfly orchids.

Among out-of-town guests were Mrs. and Mrs. Thomas H. Evans and Mrs. Evan's daughter, Deborah Ford Mitchell, of Greenwich, Conn.; the Jacks of Hennesburg, Cambridge, Mass.; and DeLoe Allen and daughter Leslie Allen of Buffalo, N.Y.

To begin the honeymoon in the Virgin Islands, the new Mrs. Darmon wore a rough-textured wool coat of bright yellow over a gray silk and wool suit with matching braided trim.

The newlyweds will return to Bloomfield Hills to spend Easter with Mr. and Mrs. Carniel, then will leave for Geneva, Switzerland where Mrs. Darmon will resume his studies at L'Ecole d'Architecture, of the University of Geneva.

Secretaries Install New Officers

New officers were elected and installed when the Pontiac Association of Educational Secretaries met at the board of education office recently.

Retiring president Mrs. Virginia Somerville presided at the installation ceremony.

Accepting courtesies and their new duties were: Mrs. Paul Arndt, president; Mrs. Donald Butler, vice president; Mrs. Harold Martin, recording secretary; Mrs. Kenneth McMann, corresponding secretary; and Mrs. Ervin Atwell, treasurer.

Mrs. Arndt read the PAES Creed and outlined next year's plans. She also appointed the following committee chairmen: Anna Marie Predmore, constitution and bylaws; Mrs. Curtis Fortier and Mrs. Ruth Carey, entertainment and refreshment; Mrs. Atwell, membership; Mrs. John Seplein, publicity; Mrs. Cramer Wilson, salary; and Mrs. William Thomas, transportation and telephone.

Delegates of the PAES to the state convention of the Michigan Education Association Secretaries in Lansing, April 27-29, are Mrs. Arndt and Mrs. Butler.

Next meeting of the PAES is May 1 in the board of education office at 7:30 p.m.

Michigan BPW Honors President

Katherine Peden, president of the Michigan Federation of Business and Professional Women's Clubs, Inc., was saluted by members of the Michigan Federation Thursday.

Some 200 members attended the dinner in Dearborn which climaxed a full day of activities and luncheon interludes at Women's City Club, Detroit.

Helen Taylor, president of the Michigan Federation, welcomed the assembly and Viola M. Wolfe served as chairman.

Miss Peden, youngest president for the National Federation, is a subcommittee member of the Committee on the Status of Women for the federal government. Two past presidents of the National Federation also serve on the committee proper, being representatives of the only women's organization on the committee.

The BPW members already have contributed \$25,000 of the \$100,000 goal for the nurses' home project.

Local club members attending the dinner meeting were the president, Mrs. Mel D. Stapp, Rosamond Heberle, Mrs. Eva Dyer, Vera Basal and Mrs. Raymond L. Cole.

Hunt Club Party Site Culver Lancers to Be Guests

BLOOMFIELD HILLS AND BIRMINGHAM—The eve of Easter promises to be very colorful when Bloomfield Open Hunt Club entertains Culver Military Academy's famous Lancer Platoon polo and jumping team for dinner, competition and a dance.

The Lancers will perform their famous close-order drill in their equally colorful black chargers in the indoor ring. Two riders of this elite group, Culver's Black Horse troop, are local cadets William E. Hartman III, and Stephen Wetherby of Detroit.

The former is the son of the Junior Hartmans of Lahser Road.

Assisting with plans for the event, besides Mr. and Mrs. Hartman, are Mr. and Mrs. Raymond Andrew, Mr. and Mrs. Richard Olsen, Dr. and Mrs. Robert Lytle, the G. T. Christiansens, the Robert Sauers, Mr. and Mrs. Philip Huber, Mr. and Mrs. Howard Maedel and Mr. and Mrs. Vincent Zerata.

Mrs. George A. Beecher and her sister-in-law, Mrs. Harold Cooper of London, England, and Villacrance on the Riviera, have returned from a visit to Palm Beach.

Mrs. Cooper will fly back to London next week after several days in New York. She is spending some time this week with her former schoolmate at Liggett School, Clara Snow of Dearborn.

April 20 is the date of the monthly afternoon and evening session meeting of North Woodward Alumnae Association of Keops Kappa Gamma.

The afternoon group will have luncheon at the home of Mrs. Donald Richardson, Pine Hill Drive.

Hostesses will be Mrs. Rollin Gish, Mrs. Robert Bailey and Mrs. Richard Campbell.

The evening session will meet at the home of Mrs. William Decker on Cottontail Lane. Hostesses are Mrs. Robert MacGregor, Mrs. Frank Carlson and Mrs. William Boman.

Women's Section It Can Be Done Quietly

Abby Says: Try California

BY ABIGAIL VAN BUREN
DEAR ABBY: I have been living with this fellow since 1946. Everyone thinks we are married, but we are not.

We have a nice home and are respected in the community and I want to keep it that way.

We would like to get married quietly now, but don't know how to do it without publicity (discuss in the paper, blood tests and so forth). I would appreciate any help you can give me. I can't sign my name, so please put this in the paper and I'll watch for it.

WANTS TO LIVE RIGHT
DEAR WANTS: Every state

has its own laws with regard to marriage. In California you may go to a clergyman of your choice and be married quietly.

The "records" will be filed away in the church and no publicity will follow. And you will be just as married as any two people can be.

DEAR ABBY: What do you think of a person who constantly correct others in public about the pronunciation and use of words?

JUST CURIOUS
DEAR JUST: I think that person is showing HIS ignorance. It is infinitely more important to be KIND than correct.

DEAR ABBY: I am a 15-year-old boy with a very active social life and a better than average school record.

As far back as I can remember my mother has wanted me to take piano lessons.

Until recently I have refused. Finally, we made a deal. If I took piano lessons, my mother would give me permission to smoke. I have started taking piano lessons and am bored. I now realize that the piano is not for me.

I told my mother I would quit smoking if she let me quit the piano. She said NO! Please tell me how I can get out of this dizzy deal.

NO CHOPIN

DEAR NO CHOPIN: You don't have to be a Chopin to enjoy music. Almost everyone who goofed off when he had the chance to learn music has regretted it. I can't say much for the "deal" your mother made, but make the best of it or all that money for music lessons will go up in smoke.

DEAR ABBY: My heart goes out to the daughter-in-law who signed her "IGNORÉD." I know how "IGNORÉD" feels because I am "ignored" also. Only I am a mother-in-law. My only child was married 15 years ago. They live only 22 miles from me, but I have grandchildren I have never seen. I don't weep and moan and feel sorry for myself. I take my troubles to the Lord. He keeps me strong and of good cheer.

ALSO IGNORED

Stop worrying. Let Abby help you with that problem. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send 50 cents to Abby, care of The Pontiac Press.

News of Pontiac Area

Mr. and Mrs. Frederick T. Poursall and Kenneth McBride, all of Orangecroft Drive, Waterford, are spending a week at the home of Mrs. Julia McBride, sister of Mrs. McBride, in Hollandale, Fla.

The John W. Fitzgeralds and daughter Susan of Cranbrook Court, Bloomfield Hills, have returned from a two-week stay at the Bellevue-Biltmore Hotel, Bellair, Fla.

The James E. Soudens (Barbara Fair) of Robinson Avenue are parents of a daughter, Suzanne Lynn, born March 19 in St. Joseph Mercy Hospital. Mrs. Hardy J. Fair of Mark Avenue is maternal grandmother and the Edward Soudens of Robinson Avenue are paternal grandparents.

Great-grandparents are Mrs. C. B. Fair, Lakeland, Fla., Mrs. Walter Beane, St. Cloud,

Fla. and Fred Fulcher of Bald Mountain Road.

A humorous recitation by Mrs. Ada E. Cox was a highlight of a meeting of the Northside Neighbors Club Monday evening in the home of Mrs. Robert Rushing of North Perry Street.

Each member will visit the Oakland County Medical Care Facility during April. The meeting closed with prayer, followed by refreshments.

The birth of a daughter, Shelley Lynn, March 19 in St. Joseph Mercy Hospital, is announced by the Larry R. Moores (Janet Reichert) of Shadlock Street, Waterford Township.

Grandparents of the baby are the John Reicherts of Mechanic Street and the Clifford Moores of Rosetta Court. Great-grandparents are Mr. and Mrs. David Mertz, Owosso.

Pontiac, Nearby Area Deaths

ERNEST L. CRANE
Service for Ernest L. Crane, 31, of 77 S. Sanford St., will be 3 p.m. Saturday at the Moore Chapel of the Sparks-Griffin Funeral Home in Auburn Heights. Burial will follow in White Chapel Memorial Cemetery.

Mr. Crane, a landscape contractor, died yesterday at St. Joseph Mercy Hospital after a long illness.

Survivors include his wife Yvonne; his parents, Mr. and Mrs. Ernest C. Crane of Avon Township; five children, Linda, Daniel, Jean, Charles and Melody, all at home; a sister Mrs. Violet E. Smith of Birmingham; and a brother Daniel D. of Union Lake Township.

Surviving are three daughters, Mrs. Mary Tomsick of New Haven, Mrs. Victoria Turner of Utica and Mrs. Anne VanSaghi of Oak Park; four sons, John of Detroit, Nick and Simon, both of Inlay City and Peter of Massachusetts; 21 grandchildren and 17 great-grandchildren.

LOUIS C. NISBETT
Service for former Pontiac resident Louis C. Nisbett, 50, of 720 Ann Arbor St., Flint, will be 2 p.m. Saturday at the Donelson-John Funeral Home. Cremation will follow at White Chapel Memorial Cemetery.

He died yesterday after an illness of four years.

A retired metallurgist, he had been a member of First Congregational Church and Knights of Pythias No. 13, both in Pontiac.

Mr. Nisbett leaves a son, Stuart L. of Flint, two grandchildren, six great-grandchildren and a sister.

WILLIAM H. ODOR
Service for William H. Odor of 207 State St. will be 11 a.m. Saturday at the Purnley Funeral Home with burial in Perry Mount Park Cemetery.

Mr. Odor, an insurance salesman, died Wednesday at his residence after an illness of two years. He was 73.

Surviving besides his wife Gertrude are a daughter, Mrs. Kathleen Herr of Pontiac; two sons, John W. and George L., both of Cedar Lake, Ind.; and 19 grandchildren.

MRS. ALLEN PAYNE
Service for former Pontiac resident Mrs. Allen (Florence) Allen, 57, of Addison, will be at 10 a.m. Saturday at the Brown Funeral Home, Addison. Her body will be brought to Oakland Hills Memorial Gardens for burial.

Mrs. Payne and her husband moved from Pontiac to Addison in 1951. They operated a drive-in theater.

Surviving besides her husband is a sister.

Mrs. Payne died unexpectedly at her home yesterday.

MRS. WILLIAM J. BATTEN
AVON TOWNSHIP — Service for Mrs. William J. (Florence E.) Batten, 88, of 3421 S. Livermore Road, will be 11 a.m. tomorrow at Voorhes-Siple Funeral Home, Pontiac. Burial will follow at Woodmere Cemetery, Detroit.

Mrs. Batten died yesterday after a long illness.

Surviving are a son, Edward W. of Rochester, and a grandson.

MRS. PETER CEANGA
IMLAY TOWNSHIP — Service for Mrs. Peter (Catherine) Ceanga, 78, of 735 N. Blacks Corners Road, will be 2 p.m. tomorrow at the Trinity Baptist Church, Inlay City. Burial will follow at Inlay Township Cemetery.

Mrs. Ceanga died of a heart attack at her home Wednesday. Her body is at Mr. Bros. Funeral Home, Inlay City.

ANDY M. JOHNSTON
LAKE ORION — Service for Andy M. Johnston, 82, of 190 W. Flint St., will be 2 p.m. Monday at Allen's Funeral Home with interment at White Chapel Memorial Cemetery, Troy.

Mr. Johnston died of a heart attack at his home today. He had been employed since 1915 in the materials department, Plant 8, Pontiac Motor Division.

Surviving are his wife Gladys V.; two sons, Melvin of Lake Orion and George of Pontiac; a daughter, Mrs. Charles DeKosia of Charleston; a sister and 13 grandchildren.

MRS. JACOB W. ORT
INDEPENDENCE TOWNSHIP — Service for Mrs. Jacob W. (Maude M.) Ort, 82, of 4905 White Lake Road, will be 2 p.m. tomorrow at Gump-Coyette Funeral Home, Charleston. Burial will follow at White Chapel Memorial Cemetery, Troy.

Mrs. Ort, a member of the Sylvan Lake Church of Christ, died unexpectedly yesterday at her home.

Surviving besides her husband are four sons, Louis Gilbert of

Chloroform Cabbie, Take Cash, Checks
Three armed robbers reportedly chloroformed a Drayton Plains taxi cab driver in Pontiac early today and escaped with \$93 in cash and checks.

The victim, Robert Huriburt, 31, of 40790 Otsead Drive told police that when he drove his three male passengers to their destination on Nebraska Street. There one of them put an arm around his neck and pointed a pistol at his head, he said.

One of the other passengers then put a cloth, evidently doused with chloroform, over Huriburt's face. When he regained consciousness, Huriburt found his wallet with \$5 and his \$52 paycheck missing along with a transistor radio and \$4 from the cab's money changer.

Waterford Twp. Teacher Charged With Indecency
A 33-year-old teacher at the William Beaumont School, Waterford Township, was arraigned yesterday on a charge of taking indecent liberties Wednesday with a 15-year-old girl. Examination is set for next Thursday.

Harvey Hernandez, 4th grade teacher at the school on 6332 Elizabeth Lake Road stood mute at the arraignment before Waterford Township Justice of the Peace John E. McGrath. He was released on \$500 bond.

A warrant was issued yesterday on complaint of the girl's parents. Hernandez lives at 6454 Wilson St., Drayton Plains. He is suspended from teaching pending the outcome of the case.

Bon (Hic, Hic) Voyage
SAN FRANCISCO (UPI)—When a Matson Lines ship sails from San Francisco for a cruise to Hawaii, lots of people are bubbling with good cheer. Matson reports 300 bottles of champagne are consumed on a typical "bon voyage" sailing day.

Paris has 363 art galleries, compared with 353 movie houses.

Dies While at Wheel
CHICAGO (AP) — Charles H. Alsip, 65, regional director of the Federal Mediation and Conciliation Service since 1955, died Thursday of a heart attack while driving his car. Alsip headed the region that includes Illinois, Indiana, Wisconsin, Minnesota, North and South Dakota and a section of Michigan. He had been with the mediation service for 20 years.

A spray gun to be used with any source of air pressure fits on the top of a quart paint can.

The Department of State has established a special office to deal with international space problems.

'More Tests Needed to Discover Illness'

Although screening for diseases has been carried out in many counties of the state, a Michigan Health Department official, Dr. John A. Cowan, yesterday warned here that more testing must be done to detect illness.

Dr. Cowan was the keynote speaker at the Chronic Disease sponsored by the Michigan Health Department at the Oakland County Health Department auditorium, 1970 N. Telegraph Road.

Sixty-five public health officials and others attended.

He specifically referred to a need for increased multiple screening because of its value in detecting unknown abnormalities including heart conditions, chest involvements (TB), cancer, diabetes and glaucoma.

Dr. Cowan, who is director of the division of tuberculosis and adult health, stressed multiple screening as a program very important in detecting unknown abnormalities.

He commended particularly the Oakland County Department of Health's multiple screening program which last year gave tests to over 3,500 industrial employees. Two years ago the program tested 1,800.

He also emphasized that in screening the job of the health departments is detection. The patient can then be referred to a physician for treatment of any abnormalities.

"We Keep Ronnie's Room 12 Degrees Warmer Than Ours!"

"With electric heat, we don't have to worry about keeping Ronnie covered at night," says Mrs. Raglin. "All we have to do is turn up the thermostat in his room. When we built our home three years ago, we put in all the latest ideas and features to make sure it would stay modern. At that time, electric heat was the most modern way to heat—and, as far as I'm concerned, it still is and will be for a long time. Flameless electric heat gives us clean, quiet, even heat without odors or costly upkeep."

Meet the Arnold F. Raglin family of White Lake, Michigan.

What about your home? Do you have a hard-to-heat room? Are you adding on a room? Are you buying a new home? Is the heating system in your present home more trouble than it's worth? One of the types of electric heating units shown below may be the answer to your heating problems. One easy way to find out is to ask your electrical contractor. Another is to call your Edison office. We'll be glad to send you a copy of our free booklet "Electric Home Heating" and will answer any questions you may have about the modern, worry-free way to heat your home—electrically.

Radiant electric heating cable usually goes in ceilings.

Radiant panels or forced air units go in the walls.

Heat pumps, for one room or the entire home, heat and air-condition, too.

Electric heating units can replace baseboards.

Electric furnaces heat by forced air or hot water (hydronics).

Has Own Ideas on Segregation

Rep. Boggs to Press for U.S. Amendment Giving Rights Back to States

NEW ORLEANS (AP) — Rep. Hale Boggs, the Democrat party's No. 3 man in the U.S. House of Representatives, says he will press for congressional approval of a constitutional amendment returning control of school problems to the states.

The majority party whip said Thursday the amendment "is the real answer to the whole problem" of public school integration in New Orleans, which he represents.

Boggs' statement came two days after U.S. Dist. Judge J. Skelly Wright speeded up desegregation in the city's public schools. Two years ago, the federal judge ordered moves up to the appellate court for the District of Columbia to desegregate Negroes admitted to first-grade classes. The ruling Tuesday directed the Orleans parish (county) school board to completely desegregate the first six grades next fall.

Boggs, who ranks only behind Speaker John McCormack of Massachusetts and Majority Leader Carl Albert of Oklahoma in the Democratic Party hierarchy in the House, called Wright's ruling "surprising and distressing. The district court should be overruled."

Two other Louisiana congressmen, Edwin Willis and Joe D. Waggoner, both Democrats, said Wright's ruling went far beyond the 1954 U.S. Supreme Court mandate.

The Orleans parish school board meets in special session tonight to consider an appeal.

Paper Shows Off Black-Eyed Brunt of Walker Attack

WASHINGTON (AP) — The Washington Daily News proudly ran on page one yesterday a picture of the left eye of its newspaper, Tom Kelly.

This is the eye that was punched by Edwin A. Walker, resigned major general.

Kelly explained that he was trying to ask the general whether he was going to disavow an admirer of his, George Lincoln Rockwell, American Nazi.

Kelly hadn't finished the query when—boom!—he got a right jab in his left blinder. Kelly is sporting a small nose but said it isn't really hurting.

Kelly didn't hit back, and anyway, the general had the weight and reach advantage on him. At the request of The News, the Army looked up Walker's physical statistics and reported them as: 6 feet tall, 200 pounds. Kelly's figures: 5 feet 6, 135 pounds.

Would Abolish Nonsked Lines

House Dem Introduces Bill to Scrap 'Unsafe, Low-Violating Firms'

WASHINGTON (UPI) — Rep. Francis E. Walter yesterday accused the supplemental airlines of "illegal and dangerous operations" and introduced legislation to abolish them.

The Pennsylvania Democrat told the House that the vast majority of the so-called nonscheduled carriers are guilty of "law violations, unsafe and negligent operations, substandard maintenance, unsound financial conditions and false and fraudulent filing with the Civil Aeronautics Board or the Federal Aviation Agency."

Walter said his own investigation of the nonscheduled "raised grave doubts in my mind whether there is any justification for the existence of the supplemental carriers."

The bill was introduced amid a continuing deadlock among Senate and House conferees over legislation to grant the supplemental permanent operating authority, but under more rigid rules than in the past.

The House is insisting on allowing the nonscheduled only charter operations, while the Senate bill would permit them to conduct limited flights between cities on an individual ticketed basis.

Walter said the operations of the supplementals "have resulted in shocking airline disasters" in Richmond, Va.; Toledo, Ohio; Shannon, Ireland; and elsewhere.

"The supplementals," he continued, "have evaded over a million dollars in federal taxes and defaulted on hundreds of thousands of dollars of debt owed to the government for fuel and supplies."

Italian Snow Slides Kill 3, Maybe More

COURMAYEUR, Italy (AP) — Snow slides killed at least three workmen on the Mt. Blanc tunnel project early today as miners on another alpine tunnel 32 miles away celebrated their conquest of nature.

The avalanche rolled down the side of Mt. Blanc near Courmayeur and buried several workers' bunkhouses as the men inside slept.

Rescuers found three bodies and pulled three injured workers out of the snow.

It was not known immediately if other workmen were buried, and a search continued.

Griffiths? No, Name Doesn't Ring a Bell

WASHINGTON (UPI) — Rep. Martha W. Griffiths, D-Mich., is not impressed by the public relations program of the Kennedy administration.

Mrs. Griffiths this year became the first woman to serve on the important House Ways and Means Committee. Asked if she had White House assistance in her campaign for the appointment, she said she doubted that anyone in the executive branch knew she was a member of Congress.

Later events proved her right, she said.

At a White House reception, Rep. Leonor K. Sullivan, D-Mo., was congratulated for winning the committee appointment.

Cuban Province Official Ousted by Committee

HAVANA (AP) — A provincial official of the integrated revolutionary organizations (ORI) denounced publicly by Prime Minister Fidel Castro has been "dishonorably expelled," the newspaper El Mundo reported today.

The newspaper said the ORI Province ORI committee fired him.

Fidel Poma from his post as ORI political secretary in Cauto City yesterday "for nepotism and mistreatment of the citizenry."

In the winter of 1955-56, abnormal heavy rains caused Bull Creek to flood and rampage through Humboldt Redwood State Park southeast of Eureka, Calif. In a few hours the wild stream undercut and toppled 300 major trees.

Scotts Seed costs 2.45 to plant 1000 sq ft. Polyglot mix of coarse, temporary grasses costs 76¢ less but never will make a lawn!

"How I saved 76¢ — and ruined my lawn!"

Before you buy seed for a thin or winter-weakened lawn — read this.

"I said to myself — 'grass is grass'. And all grass seed is probably much the same. So I played it smart... and was I wrong. All I got was a no-account bunch of grass and weeds. I had to start all over."

To prevent you from falling into the same kind of trap, here are some fast facts about grass seed that most people don't know:

- There may be as many as 3 million individual grass seeds in a single pound of grass seed. Even if the grass seed you buy is 98% weed-free, that means you're putting 60,000 weed seeds on your lawn. (Scotts Seed is an incredible 99.9% weed-free.)
- There are hundreds of different varieties of grass seed. Some come up quickly — then die away just as fast. (Scotts Seed is all perennial — for permanent lawns.)
- So-called bargain seed comes up bushy, clumpy or straggly. It makes hay all right — but it will never make a lawn. (Scotts Seed makes even-textured turf.)
- One 16-oz box of grass seed may contain five times as many weeds as another 16-oz box — because seeds differ in size. So don't buy seeds by weight when what you want is coverage. (Scotts Seeds always show the area covered, in square feet on every box.)
- Pick the best lawn in your neighborhood. Chances are Scotts Seed has been used on it. And that's the kind you want, whether you're planting a new lawn or adding life to an old one.
- The easy way — and the most economical way to apply it — is to use a Scotts Spreader. Then you won't waste any and every seed will be evenly spaced.

Seed and feed at the same time

Don't worry about seeding too early. First time you can spare a half hour is the best time to get the job done. And with TURF BUILDER you can fertilize right on top of the seed. There is no delay as with ordinary fertilizers which have to be put on days ahead of time. Many people unknowingly let new grass starve to death. Don't do it. Grass needs food the minute it starts to grow. (Using a Scotts spreader and Turf Builder you can seed and feed a 5000 sq ft lawn in just 60 minutes.)

Remember that a lawn isn't a one-season thing. It is something you want to be proud of and to enjoy for years. Maybe for a lifetime. And once you have a good lawn it doesn't take very much time or money to maintain it. But it can never be better than the grass seed that you use.

There is only one quality of Scotts Seed — the best. But there are three different blends. Your Scotts Dealer will tell you which one is best suited to your needs. He knows lawns — and his advice is yours for the asking. Go and see him now. Be ready for the first fine day.

DIVIDING LINE—This is an aerial view of the lone land entrance from Cuban territory to the U.S. Naval Base at Guantanamo. The naval base gate is shown at the lower center, just beyond Cuban installation with ripple roof.

The cars in the background belong mostly to Cuban civilian workers at the base who leave their automobiles to walk through the Cuban gates for a check and then enter the base through the U.S.-manned gate.

Liaison Dispute Ends in Germany

Russian, U. S. Missions Now Can Move Without Restrictions

BERLIN (AP)—One dispute between the United States and Russia has been settled. As a result, the U.S. liaison mission in East Germany, and the Soviet mission at U.S. headquarters in West Germany may once again move about without restriction.

The agreement Thursday between U.S. Gen. Bruce C. Clarke and Soviet Marshal Ivan S. Konev eased the atmosphere somewhat but brought no significant change—or even hope of immediate change—in the general tension hanging over West Berlin.

Clarke, the U.S. Army commander in Europe, and Konev, the Soviet commander in East Germany, met in Potsdam, East Germany, to settle the dispute that developed after East German police shot up a U.S. mission car.

The two commanders agreed their missions at each other's headquarters would resume normal activity today. There was no public mention of the shooting incident.

Konev said after the shooting on March 20 that he was sorry about it, but that Clarke termed this incident a "mistake." The Russian did not guarantee the safety of the U.S. mission members.

The American commander ordered a military escort to shadow all movements of the Soviet mission in Frankfurt, West Germany. The Russians retaliated by banning any movement of the U.S. mission out of Potsdam without a special permit.

Dad With Baby Threatens Jump but Is Rescued

AUSTIN, Tex. (AP)—For 40 minutes today a screaming father perched near the top of a 150-foot tower with a baby boy in his arms and threatened a jump.

As police and firemen stood by, a Roman Catholic priest finally induced the man to hand over the infant and descended in a maintenance elevator.

Officers identified the man as Joe Avila Garcia, 36, of Austin and he had been drinking. They held him without immediate charge.

Police said Garcia fled with the 2-month-old baby after a fight with his wife, 33.

Businessman Slain by Bullet in Temple

HASTINGS-ON-HUDSON, N. Y. (AP)—Police are probing the mysterious death of a wealthy businessman killed at close range by a bullet wound in the temple. No weapon was found.

The body of Maitland Brenhouse, 50, was discovered yesterday slumped in a easy chair in the second floor den of his home. A nearby television set was blazing. Officials said he could have been dead for as long as 18 hours.

An autopsy was scheduled for today.

Dies in Car Accident

CHARLOTTE, N.C.—Charles Johnston, 30, of Charlotte, was dead on arrival early today after being driven to the Veterans of U.S.27 when his car rolled out of control about two miles northeast of Charlotte. Eaton County sheriff's men said the victim was alone in the car.

Clawson Ordered to Close Up Jail

CLAWSON (AP)—The state has ordered this Oakland County jail to close its one-cell jail as a hazard to the health and safety of prisoners, or face a court order to do so.

The jail is in the police station which uses the basement of the aging city hall building.

City voters have twice rejected plans for a new city hall police station.

5-Year-Old Student Wins Gas Balloon Race

BALTIMORE (AP)—As a gimmick at the school fair at Little Walk Elementary School, students released 35 helium-filled balloons to see how far they would travel. A kindergarten pupil, 5-year-old Keith Lind, won first prize. His balloon landed 43 miles north at Black Diamond Mines, Ont.

'Mashed Potato' Hot

Here are what young people think are the top records of the week, compiled by The Gilbert Youth Research Corp.

1. Mashed Potato Time . . . Dee Dee Sharp
 2. Slow Twistin' . . . Chubby Checker
 3. Good Luck Charm . . . Elvis Presley
 4. Dream Baby . . . Roy Orbison
 5. Twistin' The Night Away . . . Sam Cooke
 6. Johnny Angel . . . Shelley Fabares
 7. Shout (Part I) . . . Joey Dean
 8. Soldier Boy . . . The Shirelles
 9. Love Letters . . . Rick Nelson
 10. Young World . . . Kestley Lester
 11. Hey! Baby . . . Bruce Channel
 12. I've Got Bonnie . . . Bobby Rydell
 13. Love Pleases . . . Clyde McPhatter
 14. Dear One . . . Larry Pinegar
 15. When My Little Girl Is Smiling . . . The Drifters
 16. Stranger on the Shore . . . Acker Bilk
 17. Love Me Warm and Tender . . . The Sentations
 18. Let Me In . . . Paul Anka
 19. Something's Got a Hold On Me . . . Etta James
 20. What's Your Name . . . Don & Juan

Burton's Phone Listing Creating Confusion

NEW YORK—I got a big exclusive interview with Richard Burton. It wasn't any harder than saying "Cleopatra."

Finding "Richard Burton" of E. 80th St. in the voluminous Manhattan book—with a "Butterfield 8" number yet—I figured it was some same-name victim, and dialed . . .

"NO COMMENT!" a man barked instantly.

It turned out that Theodore Staftstrom, a young steamship reservation clerk, of E. 64th St., got a new phone last fall . . . and through some inexplicable mixup, the directory now lists Richard Burton as having that number though Staftstrom doesn't know his Taylor's Richard Burton or any other Richard Burton.

"When Burton and Liz started making this movie, everybody started calling me late at night wanting a statement—and I almost gave them some!" said Staftstrom.

"A lot of giggly girls called, and also came rabid citizens who cursed me and called me a home-wrecker. Some calls were answered by my wife . . ."

"Is her name Lily or Liz?" we asked quickly.

"NANCY!" he said. "I'm using the phone company! I've protested."

"What do you think of Richard Burton?" we asked.

"He's got a better build than Eddie Fisher but Liz has a better build than both of them," he said.

How Richard Burton got into his life, Staftstrom doesn't know, for the actor Burton never lived there, and never had that number, but if the real Richard Burton will stand up, Staftstrom will give him a kick in the pants.

TODAY'S BEST LAUGH: Red Buttons wants to visit Russia, reports Army Archerd: "He hears they're named a Square for him."

WISH I'D SAID THAT: "I've found out," writes Noreen Coon, "why my neighbor checks his fallout shelter every day. It's also his wine cellar."

EARL'S FEARS: Shopping is just about the only place a woman'll go these days without a new dress.

A magician complained about his latest problem: "Just because I saw a woman in half in my act, they want me to join the carpenter's union." . . . That's earl, brother.

Scientist Warns Exploration Might Offend Martians

WASHINGTON (UPI)—The Space Agency ought to be careful about sending sample-grabbing robots to Mars, according to Dr. Frank B. Salisbury. It might make the natives restless.

Salisbury, a Colorado State University scientist, suggested yesterday "the remote possibility" that intelligent beings live on Mars who may have conquered the atom and carried out great reclamations projects.

Writing in "Science," weekly publication of the American Association for the Advancement of Science, Salisbury said flourishing vegetation probably exists on the red planet.

That assumption, he said, provides the best explanation for seasonal color changes observed on Mars.

Vending machines on the streets of West Berlin are marvels of politeness. To the purchasers of cigarettes, fresh fruit, handkerchiefs and other items, a woman's face is visible through a slot. "Viel Spaß," or "Have a good time," is written on the machines.
