

PONTIAC GI — Platoon Sgt. Lowell Willhite Jr., 32 — his face covered with a five-day growth of beard — pauses for a cigarette break on patrol in South Viet Nam. Willhite's father, stepmother and two brothers live at 830 Orlando. An Associated Press photographer caught Willhite on patrol in an area 35 miles northwest of Saigon.

Viet Cong Offering Christmas Eve Truce

SAIGON, South Viet Nam (AP) — The Viet Cong are offering to call off the war for 12 hours starting Christmas Eve "to allow people on the other side to celebrate Christmas in peace."

The truce offer was broadcast by the Viet Cong's clandestine "Liberation radio" on Monday.

There was no reaction yet from U.S. or South Vietnamese military commanders.

The Communists have offered truces before on Tet, the Vietnamese lunar new year, which usually falls in January. But during one new year period the Viet Cong occupied a large strategic valley while government forces were celebrating. It took the Saigon regime two years to regain control of the area.

Last Christmas Eve Communist terrorists exploded a powerful bomb in a U.S. officers' billet in downtown Saigon, killing two Americans and injuring 81 other persons.

The blast in the seven-story Brink Hotel was the worst terrorist attack of the Vietnamese war up to that date.

In the ground war, a strong Viet Cong force encircled and virtually destroyed an elite South Vietnamese ranger battalion today near the coastal town of Tam Ky, 350 miles northeast of Saigon.

FROM ALL SIDES

The Communists struck from all sides, inflicting heavy casualties on the Vietnamese troops as well as their American advisers.

Between 30 and 50 wounded Vietnamese rangers were lifted out of the battle area by helicopter.

A dispatch from Tam Ky said two U.S. advisers were killed and four others were reported missing in the three-hour engagement.

McNamara Reveals Bomber Cuts

Guard Armory in City Forced to Close Down

Serious Weaknesses in Floor Cited; New Drill Location Sought

The Pontiac National Guard Armory on Water Street has been closed down because of "structural deficiencies" on orders from the chairman of the armory's board of control.

Capt. David W. MacGillis — who is also commanding officer of the Army Reserve unit based here — permanently locked the doors of the 54-year-old building late Sunday following a performance of the Grand Ole Opry.

MacGillis said he would seek the assistance of Pontiac Supl. of Schools Dana P. Whitmer in obtaining a site for the next scheduled Guard unit drill Jan. 15.

The officer said serious weaknesses in the armory floor brought about the shutdown, which knocks out boxing and wrestling matches, dances and other entertainment scheduled for the building.

"We've only got \$700 left in our building fund," said MacGillis, "and this would barely pay our winter heating bill, let alone provide for badly needed repairs."

He said a state inspection made earlier this week confirmed his decision to condemn the structure.

Initial inquiry into the building's condition was triggered recently when Guardsmen in the basement of the armory made a hasty exit as the floor began heaving and creaking under the weight of a marching drill upstairs, according to one armory officer.

The armory has been the center of a continuing tug-of-war between Michigan National Guard officials and the city urban renewal program in recent years.

The city has sought condemnation of the building for some time, but has been unable to touch the structure because the property is state-owned.

Armory officials and Guardsmen have also pushed for construction of a new building, but have been unable to agree with the city on design and use of a new armory.

"We could have the best possible relations with the American people. We value the American people's wisdom, talents and abilities — all their achievements. We are ready to learn from them to develop technology and science, and to organize production."

This kind of statement is seldom heard publicly in the Soviet Union and was not immediately published here.

FOLLOWED LINE

The rest of Kossygin's remarks followed lines made familiar by Pravda editorials denouncing the United States.

Kossygin said Viet Nam overshadowed relations between Moscow and Washington.

"In South Viet Nam there is a national liberation war," he said. "These people do not want to be governed by United States puppets."

"I cannot agree that you have the right to kill defenseless people..."

Kossygin said the European situation was an example of U.S. efforts "to build up tensions, to create an atmosphere conducive to war."

"You want to create the multilateral force, the Atlantic nuclear force and the McNamara committee," he went on. "But these only result in..."

PRESENTS PRESS TROPHY — Jarvis Gage (right) and his son Philip (center) took 1965 honors as top dairymen in Oakland County's Dairy Herd Improvement Associations last night. Howard Heldenbrand, editorial writer for The Pontiac Press,

presented the award which symbolizes the Gages' superiority in milk production. The Pontiac Press trophy annually goes to the producer whose herd showed the greatest improvement during the year.

Father, Son Win Press Award

County Dairy Farmers Cited

A father-and-son team operating a farm that's been in the family for 130 years last night took top honors in Oakland County's Dairy Herd Improvement Associations (DHIA).

Sharing the outstanding dairyman award from The Pontiac

Press were Jarvis Gage and his son Philip.

Their Brighton Township farm is just across the county line in Washtenaw County, but they test their herd through the Oakland County DHIA.

The 160-acre dairy farm has been family-owned since 1835.

The Gage herd tested an individual average of 14,595 pounds of milk and 550 pounds of butterfat for the year to rank it highest among the county's 57 dairy herds.

Over-all county average was 12,688 pounds of milk and 453 pounds of butterfat, ranking it sixth among the state's 83 counties.

In the juvenile class, 16-year-old Brenda Long, daughter of the G. Carol Long, 2885 St. George, Commerce Township, won the 4-H Black and White Award for her outstanding work with Holsteins.

Other farmers recognized for outstanding performance were John Canfield, 5455 Milford, Lyon Township; Mrs. Margaret Miller and farm manager Willard Long, 14091 N. Holly, Holly Township; and Nelson Tucker and son, 1985 Oakwood, Brandon Township.

Speaker at last night's banquet was L. E. Creasy, agricultural sales manager of fled.

Skies Will Be Fair to Partly Cloudy

Skies will be fair to partly cloudy tonight and tomorrow with temperatures a little warmer.

Lows will fall into the high 20s tonight. The high is expected to climb to 40 to 48 tomorrow.

FAIR AND WARMER

Partly cloudy and not much change in temperature is Friday's forecast.

Morning southerly winds at 10 to 22 miles per hour will diminish to 8 to 15 miles tonight.

A low of 28 was the recording prior to 8 a.m. in downtown Pontiac. The 2 p.m. reading was 40.

Also Discloses Cutbacks in Air Defense

SAC to Be Reduced to About One-Third; New Plane Is Hinted

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara announced today actions that will reduce the U.S. long-range bomber force to about a third of its present strength, but hinted that a new advanced plane may be built.

McNamara also disclosed planned cutbacks in the Continental Air Defense and Distant Early Warning systems because of what he called "the reduced Soviet bomber threat."

These developments were formally disclosed in the announcement of details of a planned elimination or reduction of 149 military bases in the United States and overseas at a claimed saving of \$410 million a year.

The moves with respect to the Air Force had been reported in advance, in outline, and had drawn formidable opposition in Congress.

McNamara said "the basic bomber force and the basic structure of the Strategic Air Command (SAC) will be adjusted while maintaining the required strategic nuclear capability."

PHASING OUT

He added that "this will be accomplished by phasing out of the inventory the older models of the B52 bombers and all B58 bombers."

He did not spell out the number of bombers, but analysis of the base actions, including SAC's withdrawal from six bases, showed that the present force of 680 long-range bombers—600 B52s and all 80 supersonic B58s—will be reduced by 1971 to the 255 later models of the eight-jet B52s.

McNamara said that certain bases from which B52 operations are being removed are being retained for a new mission which will be disclosed subsequently.

There was no further detail on this new mission.

Informed sources said "the (Continued on Page 2, Col. 5)

McGEORGE BUNDY

Special Aide to President Resigns Post

JOHNSON CITY, Tex. (AP) — The Texas White House announced today the resignation of McGeorge Bundy as President Johnson's special assistant for national security affairs. The future of the job was left cloudy.

Bundy, 46, will leave the White House staff Feb. 28 to become president of the Ford Foundation at a reported salary of \$75,000 a year. His present salary is \$28,500 a year.

Press secretary Bill D. Moyers, in announcing Bundy's forthcoming departure, said Johnson sent Bundy a handwritten note today accepting the resignation "with genuine regret."

Moyers emphasized that Johnson has nearly three months in which to decide what to do with the position Bundy filled. The job became a potent force in government when the former Harvard College dean was named to it in 1961 by President John F. Kennedy.

Asked repeatedly whether Bundy would be replaced, Moyers kept reiterating that Johnson has ample time in which to weigh the future of the position.

There has been speculation that Johnson may leave the post unfilled, and rely more directly on the State Department.

Protest U.S. Viet Policy

MOSCOW (AP) — About a quarter of a million people demonstrated in various parts of Moscow today in mass protests against U.S. involvement in Viet Nam. The Soviet news agency Tass reported.

Yule Suggestions

Many Gifts Under \$2

By JEANNE NELSON

It's easy to put off shopping for those "under \$2" gift items until the last minute. Why not visit Pontiac area stores now while the selection is practically unlimited?

Here are a few suggestions for the entire family:

A talcum powder brush with its long handle can be a delightful surprise. No more twisting with a puff. Makes the job lots easier.

For the phone gabber, one new item is an ash tray that hooks into the back of the instrument. Handy for lengthy conversations, it removes easily for emptying.

For the gal who travels a lot, there is a folding clothes dryer. It looks and operates much like an umbrella and collapses for easy packing.

Roller bags come in a wide variety of coverings in plaids, prints and solids. They'll hold two dozen or more rollers plus clips and pins.

A shopping bracelet key holder will fit a schoolgirl or her mother. In tones of gold and silver with imitation pearls; it comes on an expandable band.

A combination blackboard and

ERECT CHRISTMAS TREE — Pontiac's community Christmas tree was lifted into place yesterday at Saginaw and Oakland. The tree, decorated and lighted, occupies an

island in the busy intersection. City crews put up the tree, completing the final touch in decorating downtown Pontiac for the approaching holiday season.

STARS BROTHERS

Gemini 7 Streaks for Record

MANNED SPACE CENTER, Houston, Tex. (AP) — The Gemini 7 astronauts, heavy and healthy after nearly four days in space, streaked on toward a record two weeks today while Gemini 6 planned a crucial ground rehearsal for next week's attempt to rendezvous the two high in the sky.

Air Force Lt. Col. Frank Borman and Navy Cmdr. James A. Lovell Jr. passed the 1 1/2 million mile mark of their daring journey early today during the start of the Gemini 6 rehearsal at least 17 hours — until 5 p.m. (EST) today at the earliest.

The Gemini 6 astronauts, Navy Capt. Walter M. Schirra Jr. and Air Force Maj. Thomas P. Stafford, will need the computer to calculate their intricate orbit-shifting maneuvers during the planned 163,000-mile pursuit of Gemini 6.

The two pairs of astronauts hope to fly in formation, perhaps only inches apart, for about six hours.

Borman and Lovell shifted Gemini 7's orbital course Tuesday in a step toward a desired orbit for the rendezvous. Command pilot Borman fired jet thrusters to increase their speed by eight miles an hour and raised the low point of their path from 136 to 146 miles above the earth. The high point remained at 197 miles.

ELECTRONIC MEMORY

The computer's electronic memory became scrambled during a test at Cape Kennedy Tuesday and the instrument had to be replaced. This delayed the start of the Gemini 6 rehearsal at least 17 hours — until 5 p.m. (EST) today at the earliest.

Rezoning Denied for Car Junk Yard

INDEPENDENCE TOWNSHIP — Decision was reached on an 8-month-old controversy here last night as the Township Board turned aside a rezoning request for establishment of an automobile junk yard.

The 4-1 vote for denial of Jean J. Roy's proposal met with approval of most of the nearly 100 citizens who attended the meeting.

Although board members expressed their thoughts prior

and Planning Committee in the allotted 30-day period that that body had no objections to the proposal.

Between 60 and 70 persons showed opposition to the request, while seven expressed approval when Hursfall asked them to stand. The others presumably were neutral.

Altman stated he was against the magnitude of the proposed business, indicating that he may have favored, a two-acre junk yard, but not the sought seven-acre operation.

SIMILAR REQUESTS

Johnson was skeptical that, if the proposal was granted, others would follow with similar requests for establishment of automobile junk yards.

Making a last-ditch stand, Roy asked, "If you deny the petition, what am I going to do with the cars? The cars don't belong to me. They aren't my property."

Roy of 6001 S. Main, Clarkston, is owner of Roy Brothers Standard Service at 6765 Dixie, where he stores several junk cars. He is called on frequently by police to tow in wrecked cars.

The Township Board ordered a halt to the operation Oct. 7, giving Roy until Dec. 1 to clear out his cars. Thus far, he has failed to comply.

Allegedly in violation of a township ordinance which prohibits the harboring of two or more unlicensed or inoperable motor vehicles on property, Roy has been ordered to appear in court within the next 10 days before Township Justice Robert Carr.

In other business last night, the board tabled a request to rezone from R-1 to R-2 a parcel of land on Andersonville Road across from Bay Court Camp.

The action followed a recommendation of the Township Planning Commission that residents be notified as to when the Township Board plans to vote on the request.

The developer, Donald White, plans to construct apartment dwellings on the property.

Plan Proposed for Water Line

WEST BLOOMFIELD TOWNSHIP — A plan to run a water line to West Bloomfield Junior High School and the subdivision south of it has been proposed to the West Bloomfield Board of Education.

Robert M. Rosin, developer of Rolling Hills subdivision, has asked the board to participate in the project to run a pipeline from West Bloomfield Hills subdivision to the west side of Orchard Lake Road.

The board Monday night tabled consideration of the project, which would cost the school system an estimated \$5,000.

In other action, school trustees granted a sabbatical leave to Raymond Young for the 1966-67 school year.

Young, now in his seventh year as Scotch Elementary School principal, will spend the year in residence at Michigan State University to work on a doctor's degree in education.

The board also accepted an \$800 gift from the West Bloomfield Dads' Club for purchase and installation of a new scoreboard in the junior high school gymnasium.

DIGGING FOR WATER — Ground was broken yesterday for a centralized water system which will serve eight water districts in Pontiac Township. Taking part in the ground-breaking ceremonies were (from left) Robert W. Swanson, director of business affairs for Oakland University, Delos Hamlin, chairman of the Oakland County Board of Supervisors, and Angelo DiPonio, contractor. The system will tap into the Detroit water supply at South Boulevard and Squirrel Road and serve Oakland University and half of the township. Completion of the 125,000-foot water main is scheduled for next June.

Pontiac Press Photo

Foes of Project File Petitions

WALLED LAKE — Referendum petitions were filed yesterday by residents objecting to a proposed apartment complex on Decker Road.

If valid, the petitions will require the City Council to either repeal its rezoning or place the question on the spring ballot.

The council Nov. 16 changed the classification of a four-acre parcel at Decker and South Commerce from office and single-family to multiple residential.

The property is owned by Roy V. Mercer of Birmingham, who plans to construct 56 apartments in five buildings.

In rezoning the property, the council overrode the recommendation of the City Planning Commission and the objections of property owners in the adjacent Decker Heights No. 2 subdivision.

However, planning consultants at Vilcan-Leman and

Associates of Southfield had recommended that the rezoning be granted.

Council vote on the rezoning was six to one, with Marshall E. Taylor casting the dissenting vote.

The petitions filed yesterday required the signatures of 311 registered voters, 25 per cent of the city's electorate.

Mrs. Robert Wurst, 1911 Greenmeadow, one of the circulators of the petitions, said the objectors had collected 325 to 350 signatures.

'TOO BIG' — The objectors have based their opposition on the basis that the apartment complex

would be too big for the four-acre site and would generate too much traffic for Decker Road.

City Clerk Mrs. Eileen Van Horn will canvass the signatures within the next 15 days.

Lake Orion Church

Plans Ham Dinner

LAKE ORION — The Reorganized Church of Jesus Christ of Latter Day Saints will hold a baked ham family-style dinner from 5 to 7 p.m. tomorrow at the church, 531 E. Flint.

The dinner is being held to raise money for the building fund.

Park Potential to Be Studied

FARMINGTON — A study of Farmington's city park potential has resulted from City Council consideration of a rezoning request for apartments in the Rouge River flood plain.

Expected to make a decision on the request Monday night, councilmen postponed further consideration until their Dec. 20 meeting.

The request was tabled to allow time for additional study by city administrators.

Councilmen are seeking more information from the city engineer on the structure of the proposed buildings.

They also have asked City Manager John Dinan to study the availability of potential park sites throughout the city and the possibility of obtaining matching funds for park development under the Open Space Land Acquisition Act.

6.1 ACRES

Omar Sanderson of Sanderson Real Estate Co. has asked for the rezoning to multiple residential for 6.1 acres of property in the Rouge River valley north of Grand River and west of Lakeway.

Sanderson proposes a complex of 91 apartments in seven buildings on columns, employing a new construction concept so that the buildings would not interfere with the flood plain.

Several residents of the adjacent Brookdale Subdivision have objected to the proposal on the basis that the complex would affect the flood plain.

They also have said the area would develop as a city park.

Referring to the park site study, Dinan noted the city now owns two five-acre parcels on

Nine Mile and on Farmington Road, neither of which would necessarily be suitable for a park.

The city manager reported to the council on development of burning specifications to be incorporated in an air pollution ordinance.

The code stems from complaints of neighboring residents about the burning of refuse in the Alta Berger Industrial Park.

Dinan said proposed specifications for approved burning methods will be sent to local businesses and industries and to manufacturers of incinerators.

The firms will be asked if incinerators following the specifications could handle refuse from the plants.

Meanwhile, the council directed City Attorney Robert J. Kelly to draft the air pollution ordinance.

Pupils Back After 'Break'

WEST BLOOMFIELD TOWNSHIP — After a four-day weekend, students were back in classes at West Bloomfield Junior High School today.

The school was closed Monday and yesterday while an inoperative water pump was repaired.

First open houses for parents will be held tonight and tomorrow night at the new unit according to the following schedule.

Seventh grade, A-L, 7:45 p.m. today; 7th grade, M-Z, 8:30 p.m. today; 8th grade, A-L, 7:45 p.m. tomorrow; and 8th grade, M-Z, 8:30 p.m. tomorrow.

to the vote, at least some suspense was created when Trustee Harold Bauer moved that the request be approved.

However, his motion was given no support and consequently died.

Then Clerk Howard Altman made a motion for denial of the proposal, which was seconded by Trustee Merle Bennett.

Supervisor Duane Hursfall and Treasurer Kenneth Johnson joined Altman and Bennett by casting votes to discard the measure. Bauer remained firm, opposing Altman's motion.

Roy has sought to have a 1.37-acre site on White Lake Road rezoned from suburban farms to manufacturing-2.

He wanted to use approximately half of the parcel for a junk yard.

The site, located about two miles from Clarkston, is situated in an industrial area in the southwest corner of the township.

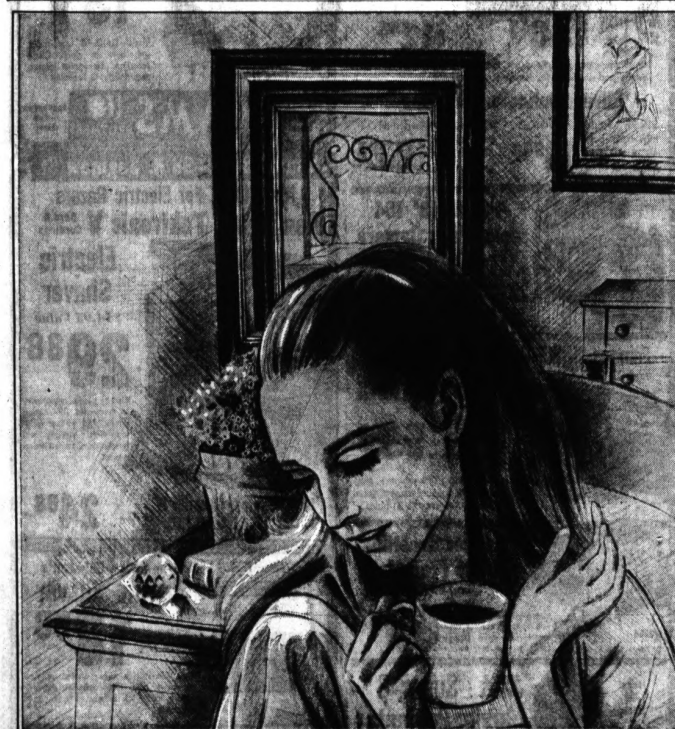

The board's action reversed a previous recommendation by the Township Planning Commission for approval of the request.

Also, it was assumed that since no reply had been received from the Oakland County Coordinating Zoning

Sacred Heart Guild to Hear Guest Speaker

The Sacred Heart Parish Parent-Teacher Guild of Auburn Heights will meet tomorrow at 8:15 p.m. at the school.

Guest speaker will be Rev. Bernard J. Harrington, assistant superintendent of schools for the Archdiocese of Detroit.

Even the next morning a little Taji still lingers

Tough a few drops of Taji to your skin. This precious pure perfume oil warms up with you, stays with you, is still there at the end of an evening—when you need it most.

Taji, at last a perfume that lasts (because it's all perfume oil undiluted by alcohol), 7.50. Also in a Spray for bath and shower, 5.00, in a Soap that travels like good news, 2.00, and a Bath Powder, 3.75.

GIFT BOOKS for bountiful reading enjoyment

THE FANNIE FARMER COOKBOOK With this newest edition of one of America's most famous cookbooks, the days of American cooking writers, Wilma Lord Perkins, celebrates her 55th birthday as editor. She has skillfully modified and amended the text of this kitchen classic to maintain its great tradition as the basic American cookbook. \$5.95	MY TWELVE YEARS WITH JOHN F. KENNEDY by Evelyn Lincoln It was Evelyn Lincoln's privilege to be an integral part of John F. Kennedy's life for twelve years, unforgettable ones for Mrs. Lincoln. Her book is a warm, personal, and loving account of those shining years, an intimate portrait of a great man. \$5.50
THE PROPHECY by Khalil Gibran Millions have found comfort in this timeless wisdom, revealed by a mystic poet from the land of prophets as a message to people of all faiths. \$3.95	A GIFT OF PROPHECY by Ruth Montgomery This interesting and significant book tells the story of the extraordinary Jesus Deane who predicted the assassination of President John F. Kennedy, Martin Luther King's death, the Soviet Sputnik, and numerous other events of national, national and international significance. \$4.50
MARKINGS by Dag Hammarskjöld A remarkable record of the inner life of a man whose public image was universally known and admired. \$4.95	THE PRAGER PICTURE ENCYCLOPEDIA OF ART The one essential art book for every library . . . a comprehensive survey of painting, sculpture, architecture, and crafts; their methods, styles and technical terms, from the earliest times to the present day. 534 pp., 580 illustrations, 192 in full color. \$8.95
LOVE IS WALKING HAND IN HAND — is big news for all Peanut fans — is the perfect little present usually so hard to find. Love Is Walking Hand in Hand — Good news for Peanut fans — as it joins you with a NEED THE MOTHERS I CAN GET AND CHRISTMAS IS A TIME FOR GIVING. \$2.00 each. PEANUTS DATE BOOK, \$3.00, for all Peanut fans. \$2.00	THE LOCKWOOD CONCERN by John O'Hara A major new novel, his first in over two years, by one of America's most distinguished contemporary writers. It is the story of four generations of the Lockwood family of the "O'Hara country" of eastern Pennsylvania. \$5.95
KENNEDY by Theodore C. Sorenson Impressor John F. Kennedy by a man as close to a president as anyone could be. A serious analysis of the Kennedy administration; an historic document of that era, written by a man uniquely privileged to be both intimate observer and participant. \$10.00	A THOUSAND DAYS by Arthur M. Schlesinger, Jr. A Thousand Days is a fast-paced, immensely readable account of John F. Kennedy in the White House, written by a historian who had the rare opportunity to influence history. \$9.00
HELOISE ALL AROUND THE HOUSE by Heloise Heloise provides the answers—bigger and better than ever before—this time alphabetically arranged for fast fingertip reference—best cleaning methods, top time savers. Comprehensive and complete, this handy home reference saves time, money, and energy. \$3.95	A GIFT OF JOY by Helen Hayes A heart warming experience of the personal philosophy of a great American. Told in close to her heart anecdotes, favorite excerpts from prose and poetry—a book you will want to read and keep always. \$4.95
THOSE WHO LOVE by Irving Stone The reigning master of the biographical novel unfolds the dramatic and stirring panorama of our country's struggle for independence. In this major work, Irving Stone brings the forgotten causes of the Revolution flaming to life, as he presents the life of Abigail and John Adams in colorful and stirring relief. \$4.95

Draft Board Chief Says U-M Sit-In Led to 1A Reclassifications

DETROIT (AP)—The chairman of the draft board that gave 1A reclassifications to two University of Michigan students said Tuesday the board acted after learning of the pair's involvement in the Oct. 15 Ann Arbor draft board sit-in.

The students, David Smolker, 20, and Patrick Murphy, 19, are to make their appeal Thursday from the loss of their student deferments. They claim they have been unfairly penalized and their legal rights abridged.

Smolker and Murphy were among more than 30 students classified 1A, making them immediately available to the military. Selective Service, declaring the Draft Act had been interfered with and thus violated, asked the draft boards to reconsider the classifications of the students.

Excellent Hunting!

BELGRADE (AP)—Hunters in Yugoslavia in 1964 bagged 22,160 deer, 4,280 wild boar, 900 chamois and 84 bears.

AP Photo/24

MOCK PRISON CAMP—U. S. Marine Sgt. Antonio Lopez, in the guise of an enemy prison guard, demonstrates pressure methods of dealing with trainees at a Marine Corps survival school in an isolated Sierra area near the California-Nevada border. The simulated prison camp seeks to toughen men for the possibility of falling into enemy hands.

Marine School Teaches Rugged Enemy Treatment

BRIDGEPORT, Calif. (AP)—they are constantly reminded of the guard's face twists as he sneers at the American Marine: "You're nothing but a tool being used by superiors who are warmongers sitting back in warm offices. You are nothing!"

The interrogator is applying mental pressure, uncertainty brainwashing.

The scene, far removed from any battle zone, is the Marine Corps' Survival School — set in chilly, desolate isolation in the Sierra near the California-Nevada border.

SNEERING GUARD

For two weeks the sneering guard and his fellows pound U.S. Marines with verbal harassment.

Sgt. Antonio Lopez — the sneering guard — is attempting to teach fellow Marines what to expect should they fall into enemy hands.

To Lopez and the "prisoners" the mock prison camp is no joke. What Lopez teaches them could save their lives — and

Thousands of Marines — officers and enlisted men — have trained in the rugged special school, started in 1961 after U.S. servicemen experienced harsh treatment in prisoner of war camps in Korea.

ROUGH PACES

Each week about 80 Marines are put through the rough paces. The school is the only one of its kind in the Marine Corps, but similar to others operated by the Army, Navy and Air Force.

Classes have been accelerated since Americans went to South Viet Nam.

"We have many personnel through here on their way to Viet Nam, including pilots who could crash and be cut off from all their friends," Lopez said.

The first six days of the two-week school are for "escapes." The trainees are turned loose in the mountain wilderness, now blanketed by snow and marked by subfreezing temperatures.

LIVE OFF LAND

"They have nothing but the clothes on their backs for six days," Lopez said. "They are supposed to live off the land by their ingenuity and intelligence."

They eat whatever they can find — bark, plants or small animals.

"Very few manage to elude capture during the six days," he said. "The instructors who search for them know the area, have transportation and the escapees are unarmed and unfamiliar with the area."

The second stage of the school emphasizes physical training and classroom instruction in enemy brainwashing methods.

TORTURE DEVICES

They are shown torture devices and prisoner cages in a mock prison.

No Marine is actually imprisoned. The "prison" contains a "people's pool" like the ones used in Korea, to lower prisoners into water on a cross; or a water-filled hole, in which POWs must stand on tiptoe to avoid drowning.

Sgt. Lopez, a Korean war veteran, says that Marines aren't being trained to be prisoners. They must be able to handle the worst, he said.

"Marines have to be in good shape before they come here," the instructor said. "But after they leave, they could run uphill and fight a bear."

St. Lawrence Tonnage Rises Above Last Year

DETROIT (AP)—St. Lawrence Seaway traffic is expected to reach 5.7 million tons for November, compared with 5,064,000 tons for the same month a year ago, the St. Lawrence Seaway Corp. said Tuesday.

For the April through November period, tonnage reached 42.5 million tons, a record figure well above the 38.9 million tons for the same period in 1964, the corporation reported.

32 Are Killed in Plane Crash

SANTA CRUZ DE TENERIFE, Canary Islands (UPI)—All 32 persons aboard were killed last night when a Spanish airliner crashed into a hillside during a rainstorm minutes after taking off from this winter resort island.

Most of the 28 passengers were vacationers from Norway, Sweden and Denmark. The four crew members were Spanish.

The twin-engine DC-3, owned by the independent Spantax Airlines, was making a 30-minute hop from Los Rodeos Airport to Las Palmas on Grand Canary Island.

It suddenly lost altitude, veered off of control and crashed into a hill about six miles from the airport.

Eyewitnesses said the pilot apparently jettisoned his fuel and lowered his wheels in an attempt to make a crash landing.

REGAN TO DISINTEGRATE

One witness, Dr. Juan Miranda, said he saw the plane begin to disintegrate in the air with a loud noise that sounded like an explosion. The craft plunged to earth, sheared off the roof of a farmhouse and plowed into the hillside. Two farmers were slightly injured.

It was the second fatal plane crash in the Canary Islands in the past eight months. On May 5, an Iberia Airlines super constellation crashed on landing, and 31 of the 48 persons aboard were killed.

Rescue workers at the scene of last night's crash said the plane disintegrated on impact. There was little fire. Some bodies were found several hundred yards from the wreckage.

The plane was a charter flight which normally operates between Tenerife and Grand Canary Island off the coast of West Africa.

Hospital's Woes Show Tighter Control Need

With the resignation of two doctors, the shocking case of the death of three patients at Pontiac Osteopathic Hospital moves to a close.

The hospital and the Oakland County Prosecutor have investigated the deaths, determined the causes, made recommendations and taken action to prevent similar situations in the future.

There are a number of conclusions which may be drawn from the deaths of the two children and the young mother.

Hospital rules and procedures are set up to prevent such accidents. Violation of the rules, when dealing with the lives of patients, can have fatal effects.

Doctors are human beings, and they make mistakes, too. One mistake can lead to a series of others, when lives are being dealt with.

Recently a New York hospital had two unborn youngsters fatally injured by accidental injection of anesthetic being given to mothers in labor.

There can be mistakes and accidents everywhere, every day. Fortunately, most of them do not result in the death of three people.

Many feel the deaths may hurt the establishment of an Osteopathic Medical College here. We do not share this feeling.

We need more doctors. Because these mistakes have been made, is the need for more doctors diminished? No.

Federal Reserve Acts to Safeguard Economy

No area of contemporary living is more sensitive to external or internal influence than the national economy. Because economics is not an exact science, harboring as it does many contradictory beliefs, no authority can predict with finality the effect of measures aimed at its control.

A case in point was the 4-3 decision of the board of the U. S. Federal Reserve System to raise its discount rate from 4 to 4.5 per cent. To the generality of Americans it might seem a small matter of little individual concern. Indeed it will have relatively slight effect on individuals, but its cumulative effect can be widespread.

Commenting on the rise in interest rate, A. C. Girard, president of Community National Bank, pointed out that one of the functions of the Federal Reserve is to act as a monetary governor on the U. S. economy and that the hike was presumably made to ease the fiscal strain imposed by the nearly five years of economic upsurge that now shows signs of assuming runaway proportions.

The warning signals are plain to be seen. In October, the Consumer Price Index stood 10.4 per cent above the official 1957-58 base period. In other words, it now takes \$11.04 cents to do the work of a \$10 bill seven years ago.

During the first four years of the boom, consumer prices rose but 1.3 per cent a year, with the wholesale index virtually unchanged. But during the last 12 months, the indexes have soared — consumer prices to 1.3 per cent (1.5 per cent is considered noninflationary in a burgeoning economy) and wholesale prices 2.3 per cent.

The inflation now apparent is not yet disastrous — but it could become so unless corrective steps are

taken, as so many countries that went bankrupt in the past found to their sorrow.

"Inflation is a composite of many factors," said the local banker, "but mainly it stems ironically from people having too much money to spend in a period of plenty."

These are primary causes:

● Excessive borrowing by individuals.

● Competitive buying of goods in the marketplaces, which tends to push prices upward.

● Competitive bidding for labor and services, with rates for those commodities following the spiraling trend.

● Superfluity of government services and extravagant spending (the current Federal budget is expected to wind up \$10 billion in the red).

Although advocates of the economic philosophy of borrow and spend without letup, which apparently includes President Johnson and Administration leaders, see in the action of the Federal Reserve Board an unwarranted act of conservatism, we commend it for that very reason.

In the boom-bust equation, verily an ounce of farsighted prevention is worth countless pounds of desperation cure.

Bitter Sunday for De Gaulle

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON — Although Big Charley lost a few inches Sunday when he failed to win reelection to a seven-year term in the French presidency, it was not his greatest failure, as he admitted, unintentionally.

From the end of the war until 1959, France was a travesty on political stability.

It had so many political parties, from far left to far right. There was only government by crisis. One government after another fell. The process was so endless and France was dwindling into chaos when, in 1958, it recalled Charles de Gaulle from retirement to take over. It was so flattering to his ego that he couldn't conceal it.

He told a news conference Frenchmen cried, "Long live de Gaulle!" instinctively when they were in anguish. He set out to give the French a new sense of destiny, a new sense of pride. And France prospered.

But, while de Gaulle was as gracious, this is not the same as graceful. And there was nothing graceful about his appeal to the French people a month ago to reelect him.

He warned them that if he was not reelected, the country would collapse. This was his ego again, of course: the indispensable man.

But it blinded him to the significance of what his indispensability meant.

It was this. In seven years, he had failed to provide the French people with, or guide them toward, a more mature political system which could save the country from the kind of instability which had almost destroyed it before he arrived.

Last Sunday, the French showed they didn't think he was totally indispensable.

He got about 44.5 per cent of the vote and now must face his leading opponent, leftist Francois Mitterrand, supported by Socialists and Communists, in a runoff Dec. 19.

Why did the French fail to give him the majority he needed for election Sunday?

The reasons are not clear but perhaps they finally realized that, despite his dreams about the new grandeur of France, he stood for negation.

He sneered at the Anglo-Saxons — meaning Americans and British — and banned the British from the European Common Market; proposed neutralizing Southeast Asia; recognized the sovereignty of Red China; seemed well on his way to wrecking the NATO alliance; and a taker of France leading a third world — between the West and communism — made up of the nations of Africa, Asia, and Latin America.

But while he was undermining the Western alliance, he was providing nothing in its place.

David Lawrence Says:

Johnson Interest Stand Puzzling

WASHINGTON — No matter how justified the Federal Reserve Board may be when it

increases interest rates, history nevertheless shows that such action is always denounced by partisan critics as a destructive rather than constructive policy.

Back in the LAWRENCE 1920s, the Federal Reserve Board acted decisively, but its restrictions came too late to put the brakes on the speculation that led to the market crash and the depression.

It is open to question whether even today the Federal Reserve Board has acted in time to help move the economy into a sound course.

The position of President Johnson is puzzling. He declares that, before making its decision to intervene, the Federal Reserve Board should have waited until January when the budget figures would be announced.

Yet it is well known that the deficit isn't going to be materially reduced, and that the government intends to keep on creating more money as inflation continues to grow.

COORDINATION

The administration says the Federal Reserve Board should have done nothing for another month so that its policies could have been "coordinated" with those of the administration.

But there is no explanation of what possible interpretation of the deficit figures could be presented to Congress next month that would discourage the excessive lending in which the banks of the country have been engaged.

The action of the Federal Reserve Board had focused attention on the economic condition of the country.

Up to now, the administration has had the stage. It has painted a rosy picture and has tried to give the impression that nothing was wrong — that wages were not too high, that prices were being stabilized, and that the amount of inflation could be brushed aside as inconsequential.

OUT OF GEAR

The national economy today is out of gear because the wage structure is top-heavy with commitments to increase costs in the next few years. Many of the country's small businesses will be hurt because they will not be able to compete under existing price levels.

So far as the people as a whole are concerned, an inflationary trend has been noticeable for several months. The cost of living continues to rise, and the purchasing power of the dollar is steadily diminishing.

This is a far cry from the "stability" which has been proclaimed from time to time.

The whole international structure, too, is in a delicate position, not merely because the United States has been losing gold and has had an imbalance in the flow of dollars abroad, but because interest rates in

Europe have been raised to meet inflationary trends.

The solution for America involves severe restrictions on the flow of borrowed money into the economy. One of the most powerful weapons has been the regulation of interest rates.

But the demagogues are arguing that the increase in interest rates by the Federal Reserve Board is just an attempt to let the banks make more money.

Bankers generally, however, are unhappy about the overexpansion of credit, and they know that if a situation develops like that which occurred in 1933, the country will suffer far more than would be the case if restraints, however painful, are put into effect now.

Efforts have been made in

the past to bring the Federal Reserve Board under the political control of the administration in power. Talk of such a move is coming now from prominent Democrats in Congress.

This, of course, would be a death blow to the free-enterprise system and would probably necessitate complete control of business by government, and the introduction of state socialism.

There is no more effective way to break down public confidence in the whole financial structure of the nation than to begin to erode the powers of the Federal Reserve system.

So there is more at stake in assuring the sound operation of our banking system, unimpeded by the whims of politicians, than appears on the surface today.

Capital Letter:

Navajo Medicine Man Aided in LBJ Recovery

By RUTH MONTGOMERY

WASHINGTON — Aha!

We see why President Johnson has been making such an excellent recovery from his gallbladder ailment.

BEGAN CHANT He obligingly began his chant, and sprinkled powdered red, blue and yellow rocks into an intricate pattern on a board.

This was then sprayed with a preservative and ceremoniously delivered to the executive mansion.

In the frontier days of the Southwest, which the President so nostalgically recalls, a stranger could obtain free food and board simply by riding his tired nag up to an isolated ranchhouse.

Such occasional visitors were virtually the ranchers' only contact with the outside world. If trouble arose, vigilantes took care of the intruder.

The other evening a member of the 1st Battalion honor guard at Ft. Myer, Va., drove his car, with lights out, into the driveway of a nearby house.

A neighbor called to alert the widow living there, and she wisely left the phone off the hook while answering the door.

HEARD SCREAM Hearing the widow scream, the neighbor called another good neighbor who grabbed up his hunting rifle.

The honor guardsmen wearing a stocking mask, had already relieved the widow of \$100 but the neighbor held him at gunpoint until police arrived.

Is this the circle full-turned in America? (Continued from Page 1)

SMOOTHS OUT PLACE Out in his Arizona desert, the Navajo smooths out a place in the sand and meticulously sprinkles ground-up, varicolored rocks to form a picture, while simultaneously uttering incantations to drive out the evil spirits that are causing his patient's illness.

The Interior Department was so impressed by Grey Squirrel's ancient rite that he and his squaw were brought to Washington for three weeks at government expense.

He gave demonstrations for the public, and one of his sand paintings was then placed under glass for permanent display.

Near the close of his stay last month, Mrs. Udall asked Grey Squirrel to execute a sand-paint-

ing in behalf of the President's gallbladder ailment.

Voice of the People:

More Readers Comment on County Appointment

Regarding the appointment of Shane F. Murphy to the office of Deputy Treasurer for Oakland County, it's obvious that in order to qualify for public office one must only be a human being, alive and the son or relative of someone with influence. Considering that this lad has apparently no experience and no proven ability creates a story of even greater fantasy.

Throughout our history the follies of recorded political misadventures have left the taxpayer fuming and outraged. Certainly this can be considered a chapter in the same book.

I hope that at the time of the next election this administration will meet with the same demise as previous administrations who have set their own personal desires above the will of the people. Any violator of a public trust must be compelled to rectify the injury or be replaced forthwith.

HAP HAZARD

Regarding the tempest resulting from the hiring of a department head's relative by Treasurer Seeterlin, why have these critics been silent all the years that the late County Treasurer's niece (by marriage), of the same name, has worked in that office? The hiring of young Mr. Murphy is not an infraction of the Board of Supervisors' rules at all which pertains to employment of members. Time will be the best judge of whether or not he is capable of handling the job.

NONPARTISAN

To get an office in Oakland County, now that the Democrats are in power, you must be a Democrat, have a good Irish name and be a liberal—and if you have eight children it helps.

Dig in boys. Get all you can while there is still some left in the pot. How long are we going to stand for this grabbing? What has become of the public official who could work for the good of all of us? Remember the fate of Rome.

ANOTHER CONCERNED CITIZEN

'Improvements Are Needed at Junior High'

In response to John Gordon's letter, the whole staff at Jefferson Junior High School is not unqualified and improvements can be made. Jefferson has already made improvements during the last few years. The problem of students not having the background necessary for high school is a true. The necessary background is not provided for all subjects and when the students arrive at high school, most are lost and stay that way.

STUDENT AT JEFFERSON JUNIOR HIGH

In response to the letter from John Gordon, some of the teachers at Jefferson Junior High are the best qualified in the City. Although some of the teachers are not as strong as others, our school is growing in many ways. Students here are still behind other schools in their studies but this is mainly because of the facilities we lack that other schools have. Progress takes time and to get Jefferson up to the standards of other junior high schools in Pontiac it will take even longer. But we are coming, slowly but surely.

SHARON LYNN JONES

JEFFERSON JUNIOR HIGH

Some People Forget 'Thou Shalt Not Steal'

Some people seem to have forgotten the Seventh Commandment: Thou shalt not steal. One is the person who picked up our black poolie puppy, not caring that they left two heartless children who loved that puppy.

METAMORA

'Disturbed by Ban on Christmas in Schools'

I am disturbed and angry over the ruling by the State Attorney General to ban Christmas, etc. in public schools because it may "offend" certain groups. For 189 years all religious denominations to my knowledge have associated Christ with Christmas, with the exception of the Jews who never were "offended," and all of a sudden it is important that no one be "offended." I suppose that next our Attorneys General and Supreme Court will find religious Christmas cards offensive also. Wake up and see the trend of things yet to come, being given with no idea as to one will get alarmed. I have written my Congressman, our State Attorney General and the President, and suggest others do the same.

GEORGE L. SCHEUERN

Disagrees That Christ Was Given a Drug

In a recent Pontiac Press article Dr. Michael J. Harner, anthropologist at the University of California, states "It is certainly possible" that Jesus was fed a drug that would make him appear to be dead for as long as three days. In just one sentence Dr. Harner has perhaps cast a shadow of doubt over the main and central theme of the Bible—the death and burial and resurrection of our Lord Jesus Christ.

A person must either believe in the actual fact of the death of Christ as recorded in God's word, or believe in the ability of God to deceive men into thinking His Son had died. If Dr. Harner is correct, then God is the perpetrator of the greatest and cruellest hoax on man since the beginning of time.

In Rom. 6:4 and Col. 2:19 we see that God raised His Son Jesus from the dead, not from a drug-induced sleep. Christ, who is the firstfruits of them who sleep (Cor. 15:20). If Christ did not die, then he did not rise from the tomb. If he is so, then all men are hopelessly lost. Christians and unbelievers alike shall be equal in death without hope.

GLEN MELOTT, MINISTER

SYLVAN LAKE CHURCH OF CHRIST

Hunter Opposes State Deer Hunting Laws

I can heartily agree with Senator Mack's stand regarding the conservation department's depletion of our deer herd. I hunted with 15 other experienced hunters who know the woods and where the deer should be found. Our total take was one eight point buck and one small spike.

Apparently the only thing our conservation department is interested in is the slithering license fees. Let's do away with the devastating doe and fawn season and get back to the one-buck law before our deer are extinct.

The conservation department need not worry about overpopulating the herd. The life expectancy of a deer is less than ten years and we may expect to lose ten per cent per year. The old must die and the young may too. It is the law of nature that only the strongest and heartiest will survive. Let's get behind this thing and give Senator Mack a helping hand in whatever manner he may need it.

Red Party in Middle East Suffering More Setbacks

BEIRUT, Lebanon (AP) — Communism, which has suffered heavy blows in Indonesia, Africa and other parts of the world in recent months, is losing ground in the Middle East.

The Communist party lost its last official foothold in the Arab world when it was outlawed in the Sudan last month. The party is now illegal in every Arab country.

Despite the popular Western impression that the Arab world is pro-Communist — an impression magnified out of proportion by the sometimes spectacular socialist experiments of Egypt, Syria and Iraq — the Arabs always have been wary of communism.

Twelve of the 13 Arab states maintain diplomatic relations with the Soviet Union and several of them recognize Communist China. But the Arab attitude toward communism has been good example of "double-think" since President Gamal Abdel Nasser of Egypt turned to the Communists for military aid and opened the Arab world to communism 10 years ago.

GOOD IN THEORY
Communism was fine, some Arabs apparently thought, as a political theory or doctrine and as a wedge against the West. They found some aspects of socialism useful, too, at home. But the Communist party as a branch of world communism always was anathema to Arab leaders.

Their Moslem religion was against it and their jealous nationalism left it little room. Khaled Bagdash, generally regarded as the top Communist in the Middle East, is persona non grata in his native Syria and spends most of his time in Eastern Europe.

Egypt, Syria and Iraq adopted socialism as an attempt to solve their economic problems and as a means of state control. But local Communists had rough going even in these purportedly pro-Communist countries.

Nasser blew hot and cold at them, depending on what was cooking in the form of aid from the Soviet Union at the time.

SYRIA SUSPICIOUS

The threat of a Communist take-over was one of the main reasons Syria joined Egypt in the short-lived union of those two countries from 1958 to 1961. And hundreds of Iraqis' strongman leader, Abdel Kerim Kassem, was overthrown in 1963. The Communists had been blamed for much of the bloodshed that followed Kassem's overthrow of the pro-Western government of Iraq in 1958.

The last few months have seen Egypt, Syria and Iraq fighting even further away from the political doctrines of the left.

Early this year the Egyptian Communist party, an underground organization even then, announced its own dissolution.

This was one of the first tangible signs that another Egyptian honeymoon with communism — born of Nikita S. Khrushchev's visit to Egypt before his ouster last year — was beginning to cool again.

ARRESTED
In Syria the Communist underground is complaining the government has resumed persecution of the Communists and that a number of Communists have been arrested in the Jezira district.

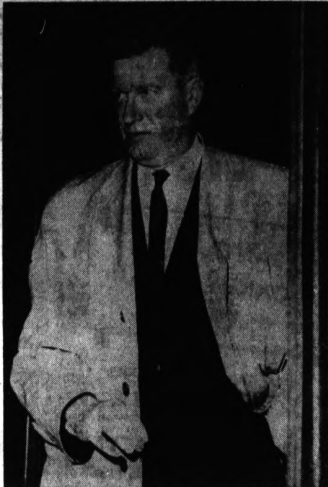

In Iraq, President Abdel Salam Aref and his new premier, Abdel Rahman Bazzaz, now frequently denounce Marxism.

Much of the rest of the Arab world has never been warm to communism.

Daily Beer Keeps Her From Aching at 103

SEATTLE, Wash. (AP) — Martha Forbes celebrated her 103rd birthday today with her usual nighttime beverage — a bottle of beer.

"Oh, I love my beer. It keeps me from aching," says Mrs. Forbes, who was born on a farm in Gentry County, Mo.

AP Photo/Ex

ARRESTED EX-OFFICIAL—J. Judson Morhouse, former New York state Republican chairman and onetime campaign engineer for Gov. Nelson Rockefeller, leaves a New York police station yesterday after he was booked on a six-count indictment stemming from a probe of New York State Liquor Authority corruption. Morhouse, 51, was accused of conspiracy, bribery and taking unlawful fees in connection with a Playboy Club liquor license.

Scuffle Erupts at Race March

GREENVILLE, Ala. (AP) — A scuffle between police and racial demonstrators in Greenville followed an effort to stage a night march Tuesday night.

City Atty. Elisha Poole said that three police officers had intercepted about 30 Negroes attempting to march to the Butler County courthouse and stopped the demonstrators.

He said one of the leaders of the demonstration, the Rev. H. B. Wells, had been pushed down by the officers. However, he denied claims by spokesmen for the Southern Christian Leadership Conference (SCLC) that Wells had been clubbed to the ground twice.

Poole said: "On the basis of what I've been able to learn, the officers used no undue force in stopping the march, especially in view of the fact that they were outnumbered 10 to 1."

Poole, who said he had arrived on the scene after the night march had been stopped, confirmed reports by demonstrators that police threw two tear-gas grenades in routing the marchers.

Eye Teacher Training Courses

By LESLIE J. NASON, S.D. Universities on both the East and West coasts are taking a hard look at their programs for the training of future teachers. Nothing could be more important to the nation.

Education, in terms of money, time and effort expended, is our largest industry.

New attempts to shed light on the long-standing controversy regarding methods courses versus subject matter courses will do much to solve this problem.

In an extraordinary action, Pennsylvania Department of Public Instruction has authorized Lehigh University to eliminate all state mandatory courses in its teacher education program for a period of seven years.

Working with the Department of Public Instruction Bureau of Teacher Education, Lehigh will conduct extensive experimentation in the elimination or modification of the courses presently required.

try, the University of California, at its new Irvine campus, is planning a different approach to the improvement of the education of teachers. While this approach is not new, it is unusual for a large university.

The Irvine project is an "instant University." It leaped into existence this September as a full range of lower division students. Beginning September 1966 graduate programs leading to teaching credentials will be offered.

The UCI teacher-education is to be a campuswide endeavor. All academic divisions are to be represented on a council, reporting directly to the vice chancellor for academic affairs. Through this body, the university as a whole will assure itself that candidates for teaching credentials are worthy products of the university.

Demands on elementary and secondary teachers are increasing. Their pupils are exposed to such a vast range of material through newspapers, magazines, television and travel, the teachers are hard-pressed in some instances to stay ahead of their pupils.

In each area of knowledge, the future teacher needs accurate grounding in fundamentals. Each department — chemistry, biology, English, engineering — will not only be responsible for training experts in its respective field, but for the training in the areas which teachers should receive.

There should be another bonus as an outcome of this plan. Excellence in teaching will in these cases gain recognition that has recently been too often placed on research.

With every department in the university concerned with the development of teachers, it is hoped that the professors will aspire to training through example.

(You can get Prof. Nason's book, "How To Get Into College," by sending \$1 to College Book in care of The Pontiac Press.

Pontiac City Affairs

Sewer Contract OK Delayed

The City Commission last night held up final approval of a proposal for construction of a major trunk sewer along the city's north end.

The contract for the trunk sewer, which is to be part of the projected Clinton-Oakland Interceptor system, is to be between the city and the County Department of Public Works.

The commission had been scheduled to act on the contract last night.

However, City Engineer Joseph E. Neippling presented only an initial draft of the contract, stating that further revisions would be necessary.

He withheld recommending any specific action.

AREA COMMUNITIES

The Clinton-Oakland Interceptor system is being proposed for eight Pontiac area communities.

In Pontiac, the trunk sewer will furnish sanitary sewer service to two areas, the northeast and northwest corners of the city.

City officials previously had planned a trunk sewer — the Galloway Creek sewer — to service these areas.

The county has now proposed a similar trunk line in connection with a sewer collection system for neighboring communities.

OTHER BUSINESS

In other action, a public hearing was set for Dec. 28 on pro-

City Affairs

posed residential-3 rezoning for property bounded on the north and west by railroad tracks, on the east by Cherrylawn and on the south by Ypsilanti.

An apartment complex of 708 units is proposed for the area.

The City Planning Commission gave the rezoning a preliminary affirmative recommendation, pending completion of an agreement between the city and the developer on a proposed park and an exchange of land there.

Neippling submitted a report last night recommending that a city-owned land located south of the proposed apartment complex also be rezoned.

'LOGICAL EXTENSION'

The city engineer said the city-owned land would be a logical extension of the apartment development.

The commission asked the planning commission to set a public hearing on the added rezoning.

The commission approved the rental of land at Pontiac Municipal Airport for a small T-hanger. The five-year lease provides for an annual rent of \$240.

A one-year contract with S.

M. Dix Co. of Grand Rapids for future appraisals of urban renewal properties was approved by the commission. A fee of \$100 per day is provided by the \$1,000 contract.

Mayor William H. Taylor Jr. announced the appointment of John M. Muscovalee, 405 Os-

Development Committee. The special committee is to assist the city in development of a proposed industrial park.

Public hearings were set last night on recommendations handed down by the City Planning Commission.

A hearing was set for Jan. 11 on the vacating of a portion of Kennett, Joslyn to Glenwood, and the vacating of a small triangular parcel at the northwest corner of Montcalm and Glenwood.

REQUESTED BY GM

Both vacations were requested by General Motors Corp.

A hearing was set for Dec. 28 on proposed residential-3 rezoning for property north and west of Prall. An apartment building is planned there.

In still other business, the commission concurred with a planning commission recommendation to deny rezoning for property on the west side of Highwood, south of Walton.

Two petitions for rezoning were referred to the city planners.

FIRST PETITION

The first petition asked for residential-3 rezoning for a 27-acre parcel west of Bay, lying north and west of the Herrington Hill School property.

The second request was for the similar rezoning for the block bounded by Kennett, Carlisle, Dearborn and Dewey. The request was from Belaire Home Builders of Detroit.

The City Commission was notified last night by the Housing and Home Finance Agency that the city's certification under the workable program for community improvement expires April 1.

Annual recertification of a workable program is necessary for federal aid in connection with certain redevelopment activities.

The city encountered difficulties in obtaining recertification this year. The city had to establish a systematic inspection program for housing code enforcement.

IRS Commissioner

Named for 5 States

CINCINNATI, Ohio (AP) — Charles J. Keebler, 47, was named Tuesday to be regional Internal Revenue Service commissioner for a five-state area that has headquarters in Cincinnati. The area covers Ohio, Michigan, Indiana, Kentucky and West Virginia.

Keebler, who has been a top aide to the IRS assistant for technical matters in Washington, succeeds Ernest H. Vaughn, who is retiring after 30 years of federal service.

Can't Prepare Budget Now, Says Warren

Despite a City Charter provision that requires it, the City Commission will not receive a proposed 1966 budget before the end of the current fiscal year. City Manager Joseph A. Warren said the work and time required to implement the city's new salary and job reclassification plan made it impossible to prepare the budget in time.

According to the City Charter, the budget is to be presented to the commission a month before the end of the fiscal year.

Warren said city department heads are now in the process of preparing budget estimates, but that it would take the next three weeks to complete them.

The city manager did report last night that he has estimated a \$19.6-million increase next year in the city's equalized value.

Warren, in a "very, very rough estimate," anticipates the equalized value for 1966 at \$406 million.

He said the added value is needed to balance the budget with the new pay adjustments.

Take No Action on Traffic Plan

City Commissioners last night elected to take no action on a plan to further modify the flow of traffic in and out of downtown Pontiac.

The commission received for study a financial agreement with the Michigan State Highway Department for changes at the intersection of Oakland-Cass-Montcalm.

With construction planned for sometime in 1966, total cost of the changes is \$79,530. The city's share will be \$23,889 to be paid out of 1966 major street funds.

Essentially, the agreement is to implement a street plan approved in 1961.

The Oakland-Cass-Montcalm intersection is to be modernized and the traffic flow channeled in the appropriate directions to permit the pairing of Cass and Oakland into a one-way system.

ONE-WAY NORTHBOUND

Oakland, north of Wide Track, is to be a one-way northbound

route to the Oakland-Cass-Montcalm intersection.

Meantime, Cass, running west and then south from the same intersection, is to be one-way southbound, feeding the west leg of Wide Track.

The traffic flow on Oakland north of the intersection would be two-way. Montcalm traffic east of the intersection, would also be two-way.

Implementing the 1961 plan would leave one problem, according to a report by City Engineer Joseph E. Neippling.

'OUTLET NEEDED'

He said an outlet is needed for southbound Baldwin traffic, which now turns south on Oakland.

Neippling said two alternates are being studied.

First, southbound Baldwin traffic could be diverted over existing streets north of the Baldwin-Oakland intersection.

These streets, however, al-

ready carry heavy volumes of traffic.

NEW ROADWAY

Second, the city could construct a new roadway westerly from the Baldwin-Oakland intersection and connect with southbound Cass.

Neippling said there are several possible routes, but the most desirable is across the present Allison street right-of-way through the existing fire hall at Allison and Cass.

City officials are to continue their study for an outlet for southbound Baldwin traffic.

Pontiac Mayor Named

to Governor's Group

Mayor William H. Taylor Jr. disclosed last night that he had been appointed to the governor's advisory committee on local governments.

Taylor said an organizational meeting is planned for 10 a.m. Dec. 20 in Lansing.

Amvets Will Host Barber Shoppers

The Bemis-Olsen Post 113 Amvets will be hosts to the Pontiac Chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America (SPEBSQSA) in a sing-and-swing dance party at 8 p.m. Saturday at 570 Oakland.

Featured at the event will be the presentation of past commander pins and welcoming of new Amvets members by Homer Van Fleteren, state commander.

Refreshments will be served by the Amvets Auxiliary, while music will be provided by Leo Johnson's band.

Masons Seat New Officers

Oakland Chapter 5, Royal Arch Masons, will hold its 118th annual installation of officers at 8 tonight.

The new officers include: Duane Boughton, 3149 McDowell, Waterford Township high priest; Carlton Carter, 4117 Silver Birch, Waterford Township king; and Kenneth Tibbets, 216 Roslyn, Waterford Township scribe.

Others are James Chipman, 807 Orionville, Independence Township, treasurer; and Robert Byrnes, 122 Marquette, Pontiac, secretary.

Give him Osmun's for Christmas

A gift shirt is a gift shirt is a gift shirt. Right?

But it doesn't have to be just another gift shirt. That's why we do our best to give the shirt you give something extra. Like a free gift box. Or a little bigger selection of sizes. Or some friendly advice on why Uncle Leroy would look better with a little shorter collar.

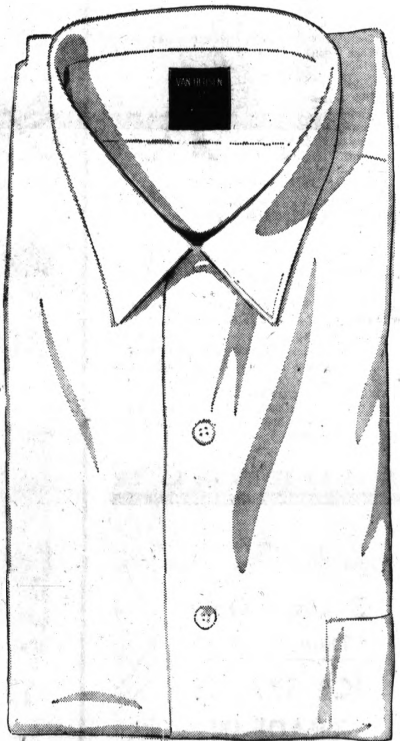

So if it's just a shirt you're after, why settle for just a shirt? Give him more than a shirt. Give him Osmun's.

a case in point:

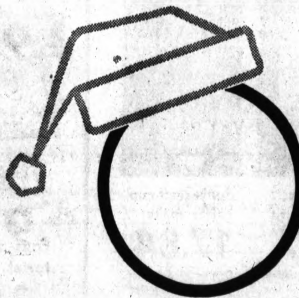

The remarkable No-Iron VANOPRESS SHIRT by Van Heusen

Remarkable? Remarkable. This one makes the no-iron shirts of the past shirts of the past. It goes right from washer to man. No irons need apply. In white and colors, with trimly tailored body. Popular medium-spread collar.

VANOPRESS SHIRT: \$6.95

Neck sizes from 14½ to 17½ • Sleeve lengths 32 to 35

a part of Christmas since 1931

Ancient Huts Unearthed

WASHINGTON (UPI) — Remains of Indian houses 10,000 years old, the most ancient ever discovered in the Americas, have been found at a place called Hell Gap in Wyoming.

The discovery, announced yesterday, was made by an expedition sponsored by the National Geographic Society and Harvard University's Peabody Museum.

The expedition, after five years of digging near Guernsey, Wyo., found remains of two circular huts built about 8000 B.C., some 5,000 years earlier than any houses previously discovered in the Western Hemisphere.

Garden Group Set for Dinner Dance

The Osage branch, Woman's National Farm and Garden Association, will mark its 10th anniversary at the annual men's night dinner dance, Saturday, in Devon Gables.

The 18th branch of the WNF&GA, Michigan Division, was named for the miles of Osage orange trees in the East Long Lake-Adams Road area, where many members reside.

A settlement of Osage Indians who prized the Osage wood as material for bows and war clubs introduced the trees in the region.

The fruit resembles a large, rough-surfaced yellow-green orange, highly prized for home decoration.

The event will also honor branch past presidents, Mrs. P. H. Hamly, Mrs. Thomas LaRue, Mrs. George D. Robb, Mrs. Warren Wood, Mrs. Charles Crane, Mrs. E. A. Linder and Mrs. William Jaenichen also Mrs. Leroy Vandever of the Bloomfield Hills branch who sponsored Osage.

Assisting Mrs. Elmer Kestly, general chairman, are Mrs. William Route, Mrs. Fred Pantillon, Mrs. Edward Brown and Mrs. Don Barton.

Hold Dinner at Area Inn

A family-style dinner, lighted Christmas tree and carols highlighted the evening when Pontiac Association of Plumbing Contractors and its Woman's Auxiliary celebrated Tuesday evening.

The occasion was their 17th annual Christmas party, at Rotunda Country Inn.

Mrs. Ezra Mason was general chairman of the affair. Decorations were arranged by Mrs. Curtis Thompson.

Guests attending were Mr. and Mrs. Lloyd S. Thornton, Mr. and Mrs. Elmer Conrad, the William Dormans and Mr. and Mrs. Glenn McFarland.

WOMEN'S SECTION

Pontiac Press Photo

Amidst a glittering holiday setting at Rotunda Country Inn, members of the Pontiac Association of Plumbing Contractors and its Woman's Auxiliary paused to chat before dining at their annual

Christmas party. They are Mr. and Mrs. Robert MacGregor of Ortonville, presidents of the association and auxiliary, and the Curtis Thompsons of Durnham Street.

Calendar

THURSDAY

Webford Club, 12:30 p.m., home of Mrs. Sydney Ward of Garvin Street.

Woman's Society of Bethany Baptist Church, 1 p.m. in the church. Annual Christmas tea.

Woman's Society of Christian Service of Oakland Park Methodist Church, 7:30 p.m. in the church.

Welcome Rebekah lodge No. 246, 8 p.m., Pythian Hall on Voorheis Road. Election of officers.

News of Area Women's Groups

Members of the Pontiac Opti-Mrs. Club gathered for a Christmas party Tuesday evening in the James K Boulevard home of Mrs. Isadore Mintz.

Assisting the hostess were Mrs. DeLisle Wilson and Mrs. Carl Rose.

Food was donated for a needy family.

Sisterhood

Topic for the Chanukah meeting of the Sisterhood of Congregational B'nai Israel, Tuesday, in the synagogue, was "What's Cooking?"

Recipes were demonstrated by

Mrs. Charles Fenberg, Mrs. Benjamin Hausner, Mrs. Lazarus Herskovitz and Mrs. J. A. Smith.

Chairmen for the day were Mrs. Irving Merkowitz and Mrs. Irving A. Schlyfstone.

Niblick Club

Plans for a joint Christmas party with the Niblick Bowling League were on the agenda for the Niblick Golf Club at Tuesday's meeting in the Elks Temple.

Chairmen appointed for the new season were Mrs. Ernest

Mallory, Mrs. Harry Kems, Mrs. Clare Scriven, Mrs. Harold Wood and Mrs. Ray Kingsbury. New members welcomed into the club were Mrs. Harold Dudley and Mrs. Paul Buechler.

Literary Club

Mrs. Gerald Augsburg reviewed the book "How Far to Bethlehem?" before the Women's Literary Club, Monday, in the home of Mrs. Astolf Levin on Dwight Street.

The hostess served dessert luncheon preceding the business meeting. Florence A. Schlosser was a guest.

Holiday Tea for Branch

Members and guests of the Oakland branch, Woman's National Farm and Garden Association, will participate in a Christmas tea and flower show on Dec. 13. Mrs. Robert Tuholake of Huntington Woods will open her home for the event.

Mrs. Archie Coran, chairman, will be assisted by Mrs. C. F. Wells. Hostess of the tea will be Mrs. D. C. Austin.

Pontiac Press Photos by Philip Webb

Mrs. Fred Trickey, Orchard Hill Drive, president of Osage branch, Woman's National Farm and Garden Association, admires Mrs. Frederick Stefansky's arrangement for the anniversary dinner-dance, Saturday, in Devon Gables. Plant material includes dried Scotch broom, fresh seagrape leaves, Osage oranges, artificial grapes and glycerined mahonia sprayed with gold.

Completing an arrangement of Westchester Road. They are past presidents of Osage branch, Woman's National Farm and Garden Association observing its 10th anniversary.

Etiquette Worries Her?

By ABIGAIL VAN BUREN
DEAR ABBY: My fiancé is 21 and I am 20. We are both university students and, for financial and other reasons, we can't get married for at least another year.

We've gone together for a long time, and, as you might have guessed, we have become intimate. Naturally, we don't want any children, so I have been taking birth control pills.

My question is this: Is it considered etiquette for my fiancé to have mentioned this to him because I don't feel I know him well enough to discuss money with him. I work part-time and he is on a very tight allowance, but these pills add up.

If you think it's proper to ask him to contribute something to

ward these pills, I will. Please don't use my name or mention the university we attend.

PUZZLED COED
DEAR COED: I could fill this page with a moral lecture on how to behave and why, but unasked for advice is rarely heeded, so, to answer your question bluntly: Since neither Emily nor Amy covers this point of "etiquette," pay for the pills yourself.

You surely wouldn't want any children by a man you didn't know well enough to discuss money with.

DEAR ABBY: We belong to a small card party club which we all enjoyed until one member started bringing her 72-year-old widowed mother to every card party.

Everyone treats "Granny" with respect, even though the old lady is outspoken, tactless and talks a lot. We are not enjoying the club the way we used

to, and it is on the verge of breaking up because of this.

The member who brings her mother told us she doesn't enjoy having her mother along, and would love to get out of it, but she doesn't know how. She says her mother now looks forward to these card parties, and she can't leave her home without hurting her feelings. Have you any suggestions?

CLUB MEMBERS
DEAR MEMBERS: If your club does not have a ruling on how many times a member can bring the same guest, perhaps you should add it. Naturally, the club must vote on it.

Then the member who has been bringing her mother could explain this rule to her mother and her feelings would be spared.

Wage-Earning Child Should Contribute

By MARY FEELEY
Consultant in Money Management

When do you get through raising your children?

When he's 23, has a good paying job, and says he should not have to pay board or contribute to the household because "he's part of the family and not a stranger?" Or

MARY FEELEY

"Our son began earning his own money at an early age. He wanted to do all the things with it other children did. He was counting the days until he could drive the family car, and we a license to drive the family car and doesn't give a hoot because the liability insurance you have to pay goes up?"

Or when she's 18 and says she's making her own money years old, but the insurance and shouldn't have to contribute premium would be substantially

increased and he would have to pay for this himself.

"We divided his fluctuating income at the end of the week into three piles. One went into a savings account for his college education and the premium on the car. One went into a bank he kept at home for the big items we did not buy for him. And the other was for him to spend any way he pleased.

"Today he is a responsible young adult. He has driven the family car (under my terms and without an accident or traffic ticket) for four years and is paying for a substantial portion of his college education himself."

Mrs. F. skipped the room and board money, she just didn't call it that — but put over her main point — financial responsibility. She has let him help pay for his education.

Now here's Mrs. I. E., in Euclid, Ohio. She says:

"My son is 23, with a take-

Mrs. L. C. Johnson, Hammond Lake and Mrs. Joseph Hawkins of Ferndale, help with the serving at Tuesday's holiday membership tea of the Pontiac Osteopathic Hospital Guild. Mrs. Ward Ross, president of the group, opened her North Berkshire Road home for the event. Mrs. Johnson was chairman of arrangements, assisted by Mesdames: M. C. Worster; Simon Simonian; James Reuter and Paul Trimmer.

Stocking 'Stuff' Take Soapsuds

Many a high school or college co-ed will cheer when she finds bright patterned knee-highs in her Christmas stocking. She will also enjoy the news that many of these fashionable socks are made of synthetic fiber blends which are light in weight, hold their shape, are easy to "suds out" after every wearing, and dry on the double.

Schedules Play

The McConnell PTA will sponsor the school's annual Christmas play at 7:30 p.m. Thursday with grades 1-6 taking part.

Royal Oak Pair Becomes Engaged

Mr. and Mrs. Henry E. Canopora of Royal Oak announce the engagement of their daughter Peggy to Jack L. Shook, son of Mr. and Mrs. Walter Shook, also of Royal Oak.

They are both students at Michigan State University and have set an August wedding date.

Have Change of Officers

The Twins' Mothers' Club of Oakland County has had a change of officers. Mrs. Robert Green has been installed as president. Mrs. Donald Hawes is the new first vice president and Mrs. Kenneth Golt, the second vice president.

An informal meeting of the

group will take place Thursday at 8 p.m. in the Pontiac State Hospital's employee lounge.

Christmas presents for patients will be brought to this meeting.

Use Both Names on Invitation

By The Emily Post Institute

Q: Two years ago my wife and I were divorced. I recently married again. My present wife is from another city and unknown to my friends and relatives.

I would like to give a large cocktail party in order to have her meet them. My problem concerns the invitations. I would like to know if it would be proper for my wife's name to appear on the invitations along with me, or since the purpose of the party is to introduce her to the guests, should the invitations go out in my name alone?

My wife seems to think it would not be proper for her name to appear on invitations asking people she has never met to a party. We would appreciate your advice on this matter.

A: The invitations must go out in both your names. The fact that your wife has never met those you wish to invite, makes not the slightest difference.

FRIEND TO SING

Q: A girlfriend of mine is going to sing at my wedding. I would like to know if I should offer to pay her, or would it be more suitable?

A: If she is a professional, you should pay her her customary fee for singing at a wedding — unless, of course, she tells you that her singing is to be her wedding present to you.

If she is not a professional, you present her with a gift instead of money.

Q: When signing a letter, or card, with both my and my husband's names, is it correct to sign it John and Mary Jones?

I usually sign it in this way but have been told it should be Mary and John Jones. May I have your opinion on this?

A: John and Mary Jones or Mary and John Jones are both correct; but usually out of politeness to each other, the one who writes the names courteously writes his or her own name last.

WNFG Plans Greens Mart in Pavilion

Rochester branch, Woman's National Farm and Garden Association, will feature holiday table settings at a Christmas greens market, Dec. 17-18, in the Avon Park Pavilion.

Unusual door and table decorations made during weekly workshops in the home of Mrs. Arthur Wright who joins Mrs. Emmett Moynihan as this year's co-chairman will be sold. Live greens and accessories for the do-it-yourself contingent will also be available.

ASSISTING

The Stiles branch of the WNFGA is collaborating with the Rochester branch and will have a special Christmas booth at the mart.

Various types of bird feeders will be found in the conservation section.

Assisting the co-chairmen are Mrs. Donald Scripture of Washington, Mich., marketing chairman; Mrs. George Groener, inventory; Mrs. William Blanton, greens; and Mrs. Albert Bailey, coffee bar.

While the greens market is a community service, it is also one of the projects of the Rochester WNFGA, providing two scholarships to students at Oakland University.

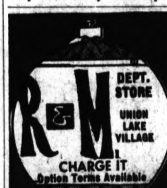

It's Easy-Care Nightwear Now

If you are wondering what to select for "the girls" this Christmas why not make it a robe or nightwear — or both!

Current styles come in such fabrics as brushed nylon, tri-cot, fleecy Orion pile, challis, flannel, cotton broadcloth, and quilted nylon — some trimmed with lace, satin, or velvet. Many robes are made with cozy Kodel fiberfill — and all of these charmers have the added boon of being machine-washable. What more could a girl — or wife or mother — ask!

Doffed Their Coif

In the 18th Century marble busts had detachable wigs so they could always be in style.

From Largo, Fla. comes news of the engagement of Cynthia Beth Welton, daughter of Mrs. Park E. Welton and the late Mr. Welton, to Pfc. Robert Alan Laitinen.

Her fiancé, son of the William H. Laitinen, of New Port Richey, Fla., formerly of Green Lake, attended St. Petersburg Junior College where his fiancée is enrolled. He is stationed with the U.S. Marine Corps, Cherry Point, N.C.

MRS. J. M. DAVIS

Verena Baal Married to James Davis

The Christian Temple was the setting for the recent marriage of Verena Louise Baal to James Morris Davis of Elkhart, Ind.

A church reception followed the double-ring candlelight ceremony performed by Rev. Lois P. Martin.

Parents of the newweds are Mr. and Mrs. Alvin R. Baal of Sylvan Lake and the late Mr. and Mrs. William S. Davis, formerly of Anaheim, Calif.

Mrs. Barron L. Katchka and Mrs. Charles D. Robinson attended the sister who chose a gown of white satin brocade, with cathedral train.

Barron L. Katchka was best man and Marvin Cagle seated the guests at the evening rite. Richard Baal of Murray, Ky., was organist at his sister's wedding.

The couple will reside on Aurora Avenue after a northern honeymoon.

Plastic Rug Saves Work

Your home will be much cleaner if you have a rug on both the front and the back porch. You can make such rugs at no cost at all.

Just save up plastic bags, the soft type like those that come from the dry cleaners. Start at one end and cut a narrow strip, round and round until you have reached the other end of bag. The strips together.

Crochet into either round or oval shape rug, just as you would if you were using rug yarn.

Miss Welton Is Engaged

From Largo, Fla. comes news of the engagement of Cynthia Beth Welton, daughter of Mrs. Park E. Welton and the late Mr. Welton, to Pfc. Robert Alan Laitinen.

Her fiancé, son of the William H. Laitinen, of New Port Richey, Fla., formerly of Green Lake, attended St. Petersburg Junior College where his fiancée is enrolled. He is stationed with the U.S. Marine Corps, Cherry Point, N.C.

SEW SIMPLE

By Eunice Farmer

Dear Eunice Farmer:

All the girls in our sewing club (we really don't know too much about sewing) want to make dressy shell tops for suits we already own so that we can have something a little special for the holidays. We have looked at so many costume room clothes and most of the suits have an extra shell that is very glamorous and changes an afternoon suit into one that is suitable for evening. Please repeat the instructions for finishing the facings when the neckline and armhole facing are cut in one piece.

Mrs. R. T.

Dear Mrs. R. T.:

I am repeating these instructions because of the large number of requests for them. Please cut them out and save them for future use if you aren't using them at this time.

The following information is for stitching the facing cut for armholes and necklines in one piece. This type of facing is found on sleeveless dresses, blouses, crop top shells, jumpers, etc. Follow each step carefully and you'll never have trouble with this again.

• If your pattern does not have the facing for the neckline and armhole cut one, simply use the pattern itself for an outline and cut the facing approximately 2½ inches wide, as sketched.

• If garment needs interfacing, cut one for the neck only. The armholes do not need to be interfaced. If garment is to be completely underlined, cut underlining the same as the garment and treat as one piece. Cut a separate facing out of garment fabric.

• When stitching the facing to the neckline and armholes of your garment, end the stitching about 1¼ inches from the ends of the shoulders (front and back). If you have a long, narrow strap, usually found in low-cut front or back necklines, do not keep the garment and the facing edges together at this area.

Instead, bring the garment about one-eighth inch in from the edge of the facing on both sides of this section. (This will make the garment fabric seem a little full until it has been turned and pressed, but will prevent the facing from showing at the edges as it is likely to do if you keep the edges even. Measure the five-eighths inch seam allowance from the facing, not the garment fabric.)

• Grade and clip your seams (for the curved areas, clip down to the stitching line). Turn the front shoulder strap right side out and slip this into the back shoulder strap which is unturned. The right side of the shoulders, in front and back, are together. Stitch the shoulder seam, press seam open. Next, machine stitch the facing seams together at the shoulder and press open.

• Pull this finished strap out still further so that you may continue stitching each side of the strap (left open originally). Grade these seams and pull through to the right side of garment. You will find a perfect finish each time. If you've ever bated this before, it will be like a dream come true.

Couple in Chicago

The newlywed Mr. and Mrs. William E. Schultz (Sandra Kay Mitchell) left for a Chicago honeymoon after recent vows and reception in the Auburn Heights United Presbyterian Church.

Their parents are the Lonnie Mitchells of Auburn Heights and Mr. and Mrs. Louis F. Schultz of Midvale Street, Avon Township.

A silk illusion veil with pearl tiara complemented the bride's gown of Chantilly lace over white tulle. Red roses accented her bouquet of white carnations and Stephanotis.

Mrs. Wanda Townsend was honor matron at the ceremony

performed by Rev. William Palmer. Bridesmaids were Mrs. Robert Schultz and Sherry Mitchell cousin of the bride.

Robert Schultz was best man for his brother. The ushers were Juan Arellano and the bridegroom's cousin John Schultz.

Tree Tops Table

To make a bright Christmas centerpiece use a small table-size evergreen tree and decorate it with small red balls. Surround the base with artificial red poinsettias interspersed with red and white painted cones.

TRADE UP TO HIGHER QUALITY HEATING

Imperial II GAS FURNACE
Automatic • Quiet • Durable
Unseasoned systems carry a lifetime parts exchange warranty (forthrightly of the furnace) against manufacturing defects entailing the original purchase in a new, comparable furnace.

GOODWILL
AUTOMATIC HEATING CO.
3401 W. Huron FE 8-0484
Just West of Elizabeth Lk. Rd.

The yard communication system, first installed in 1957, is being expanded along with construction of additional yard tracks.

Looking like a horn with a cone in the middle, the outside speakers constitute an intercom system for communication with the railroad office and men working in the yard.

Added speakers are planned for the belt yard and the Columbia Avenue yard.

RISE IN VOLUME

Harry A. Sanders, GTW vice president and general manager, said the new facilities are necessary to accommodate the increasing volume of automobile production at two General Motors plants — Pontiac Motor Division and the Fisher Body plant.

When the belt yard expansion is completed, it will be possible to keep inbound cars classified and marshalled in proper order, Sanders explained.

This is expected to improve delivery of freight cars to the auto plants and also give certain economies in operation.

Some of the tracks are to be in use before the end of the year with the entire expansion project to be completed next year.

Teachers Pick Union

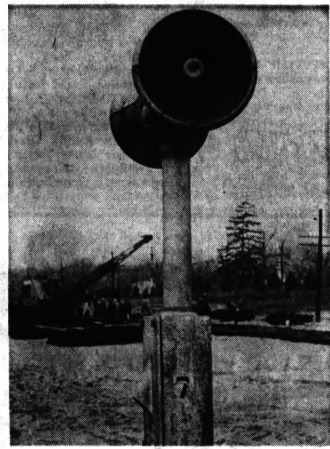

OAK PARK (AP)—The Oak Park Federation of Teachers, an AFL-CIO affiliate, Tuesday won the right to represent local teachers in future contract negotiations by defeating the Oak Park Teachers Association 178-143.

DOES ASTHMA Make You Short of Breath?

At the first sign of wheezing, difficult breathing or coughing from recurring Bronchitis or Asthma, aggravated by air contamination by smoking, snow, dust and pollen, take quick action. MENDACIO. It combats allergy, restores bronchial tubes, thins and helps remove thick, choking phlegm. This usually causes breathing fast. Always coughing, thus promoting better sleep. One MENDACIO at bedtime. Let it help you.

WORKING ON THE RAILS — Piece by piece, nail by nail and day by day, new tracks are laid by workmen for the Grand Trunk Western Railroad at the company's belt yard near Walton and Baldwin. A crane takes some of the heavy work off the shoulders of the construction crew.

SQUAWK BOX — Additional outdoor speakers such as this are being installed in the local Grand Trunk belt yard. The speaker system is used for rapid communication between the yard office and yard employees.

Top U.S. Red Attacks State Voting Laws

DETROIT (AP)—Communist party spokesman Gus Hall says his party may run candidates for public office in Michigan in order to challenge what he calls unconstitutional state laws.

Hall, who calls himself the party's spokesman, attacked Michigan laws relating to Communist office aspirants in an interview Tuesday.

"If the State Legislature does not repeal these unconstitutional laws," he said, "we'll have to challenge them by running candidates or go into the courts."

He said it was his guess that Michigan has 600 Communists.

SUPREME COURT ACTS
Hall said he was here on a tour of the Midwest and East that resulted from the recent Supreme Court decision freeing Communists from the necessity of registering under security laws.

AEC License Due for Fermi A-Plant

DETROIT (AP)—The Atomic Energy Commission is expected to issue a license today to permit high-power test operations at the Enrico Fermi atomic power plant, a representative of the developing group said Tuesday.

Arthur S. Griswold, executive of Detroit Edison Co. and vice president and general manager of Power Reactor Development Co., made the announcement.

Operation of the multimillion-dollar plant has been a subject of controversy. The United Auto Workers and other unions have challenged it on grounds of safety. The AEC last held hearings Aug. 30 through Sept. 2.

The plant is near Monroe.

Confederates Urge Curbs on Flag Use

COLUMBIA, S.C. (AP)—A group of South Carolina Sons of Confederate Veterans wants Southern states to ban commercialization or racial use of the Confederate battle flag.

Wade Hampton Camp 273 adopted a resolution asking state legislatures to ban display of the Confederate battle flag except with the United States flag. A spokesman for the group said Ku Klux Klan use of the Stars and Bars tended to make it a symbol of extremism, and slights to the flag by integrationists cause trouble.

Henry the Navigator (1390-1460), prince of Portugal, made valuable contributions to the art of navigation.

Mackie Among 1,175 to Get MSU Degrees

EAST LANSING (AP)—Michigan State University will award 1,175 degrees Saturday at fall quarter commencement exercises, including an honorary Doctorate of Laws to Rep. John C. Mackie, the commencement speaker.

Mackie, a Democrat, is a 1942 graduate of MSU. He was Michigan's highway commissioner from 1957 to 1964.

It's De Gaulle vs. Leftist

French Chief Will Run

PARIS (UPI) — President Charles de Gaulle will compete in the Dec. 19 runoff election against Leftist Francois Mitterrand, it was announced officially today.

De Gaulle's decision was announced by Information Minister Alain Peyrefitte following a cabinet meeting. The 75-year-old President informed the cabinet of his intention to run at the one hour and 22-minute session.

Every indication is that the General will win handily. "Gen. de Gaulle informed the cabinet that naturally he will take part in the voting Dec. 19," Peyrefitte told reporters.

Informed sources said de Gaulle would campaign intensely

Contractor Beautifies Landscape

By GREGG PETERSON
SAN PEDRO, Calif. (UPI) — Henry C. Soto designs beautiful public dumps.

Soto, past president of the California Landscape Contractors Association, is doing his bit to fulfill President Johnson's program for beautification of the land.

A landscaper by trade, Soto has beautified a public dump here to the extent that a huge sign had to be posted to assure unbelieving truckers it was indeed a dump site. Soto calls it "Disposal Gardens."

The former eyesore is located at the entrance way to San Pedro and across the street from the imposing Kaiser Permanente Hospital.

Before Soto took on the challenge of beautifying it, littered streets and trash from the dump were visible to passersby through an open wire fence.

BAMBOO FENCE
Soto replaced the wire with an attractive bamboo fence that removes the site from public view. He landscaped in front of the fence and placed strict control on all nuisance factors such as pests, odors and smoke.

When the site is filled, Soto's master plan calls for capping the area with a thick layer of topsoil, landscaping it attractively and converting it into a recreational area.

The area will include a swimming pool, parking area, tennis courts, pitch and putt golf course, kiddyland with sliding boards, swings and other play facilities, a baseball diamond, shuffleboard courts, and a patio complete with tables, chairs and benches.

Even now, while the fill is going in, work is under way to prepare the area for its later use. The fill is being compacted, wet down and rolled as protection against its settling later.

SPRAY USED
As protection against nuisance dangers, a spray is used regularly to eliminate insects and impose complete rodent control.

ly for another seven-year term in Elysee Palace.

The latest public opinion poll, taken on the assumption de Gaulle would face Mitterrand, gave the president a 60-40 lead over his 49-year-old opponent. Mitterrand is backed by the entire range of the French left

LODGE LEADER — Joseph E. Saul of 4240 Roseberry, Waterford Township, will be installed as worshipful master of Cedar Lodge 60, P.M.A.M. at 8 p.m. Saturday in the Clarks-ton Masonic Temple.

from radicals to the strong Communist party.

ALOOF, RELAXED
De Gaulle looked relaxed and typically aloof yesterday when he arrived back in Paris from his country estate. He met for an hour with Premier Georges Pompidou, presumably to outline the next campaign.

Official results of Sunday's election showed de Gaulle received 10,828,321 votes, or 44.6 per cent of the ballots. Mitterrand won 7,844,045 votes for a 31.7 per cent showing. De Gaulle needed 50 per cent to avert a runoff.

Still to be heard from was Center Catholic Candidate Jean Lecanuet, whose 3,777,120 votes won him 15.5 per cent of the total cast. Most of the votes were taken from de Gaulle, and to date Lecanuet has not endorsed either of the runoff candidates.

Lecanuet reportedly was not going to back either man — because of de Gaulle's anti-European unity policies and Mitterrand's ties with the five-million member Communist party.

Gaullist ministers were reported urging the General to launch a vigorous personal fight against Mitterrand. De Gaulle made only two speeches in the first campaign, a decision thought to have alienated many voters.

Military Chiefs Will Get Say on Budget

JOHNSON CITY, Tex. (AP) — President Johnson's latest search for ways to provide more men, equipment and money for the war in Viet Nam will reach a new stage Saturday with the Joint Chiefs of Staff given a say in vital budget decisions.

Johnson conferred for more than seven hours at his ranch home Tuesday with Secretary of Defense Robert S. McNamara and Secretary of State Dean Rusk.

Among other things, the Texas White House said, the officials "studied various budgetary matters affecting the national security preliminary to a session the President will have Saturday morning on the defense budget" with the Joint Chiefs, McNamara and Deputy Secretary of Defense Cyrus R. Vance.

This meeting presumably will give the Pentagon's uniformed chiefs a chance to give Johnson their views on the manpower, weapons and money they regard as essential.

SEEK MORE FUNDS
Traditionally, the uniformed services seek more funds and larger programs than the President finally approves. The budgetary pinch on some programs may be particularly acute this year because of Johnson's desire to offset, as much as possible, the mounting cost of operations in Viet Nam.

The President's ranch meeting with Rusk and McNamara was described as intensive. In addition to the defense budget discussion of the defense budget that will go to Congress next month, Johnson got a firsthand report from McNamara "on the

status of operations in South Viet Nam." McNamara spent 28 hours in Saigon last week, getting briefed by top officials on the scene.

Sitting in on the session were McGeorge Bundy, Johnson's special assistant for national security affairs, and Robert Komer, Bundy's deputy.

Bundy has been devoting much of his time lately to preparations for visits with Johnson later this month by

President Mohammed Ayub Khan of Pakistan, British Prime Minister Harold Wilson and Chancellor Ludwig Erhard of West Germany.

UNSPECIFIED MATTERS
The White House said the conference reviewed in detail several unspecified matters Johnson will discuss with his visitors from abroad.

Johnson, who has been recuperating here from his Oct. 8 surgery, will return to Washington for meetings with Ayub next Tuesday and Wednesday.

Rusk and McNamara will fly to Paris Sunday for the annual meeting of foreign secretaries and defense ministers of the North Atlantic Treaty Organization. This, too, they discussed with Johnson.

The President had no official visitors listed for today.

Holly Youth Held in Burning of Barns

An 18-year-old Holly youth has been bound over to Oakland County Circuit Court on a charge of burning real property other than a dwelling.

Warren Mendez of 117 N. Corbin appeared Monday before George V. DeLand, Holly Township justice of the peace.

Mendez was arrested by Oakland County Sheriff's deputies earlier this month. They said he told them he was responsible for a series of recent barn fires in the Holly area.

WANTED!

"NASTY" DIRT

DESCRIPTION: "Nasty" Dirt hangs out in all clothing. He travels under a variety of aliases including: "Dusty," "The Stash," "Oldy," and "Gritty" among others. Sometimes he's called just plain Dirt. Dirt uses a variety of disguises to match his aliases. He usually operates in abrasive fashion, cutting away at clothing fibers, and can weaken victims with other flammable methods too. Victims not only become frayed around the edges, but have even suffered changes of complexion. He especially likes to hide out in darker clothing.

If you know of the whereabouts of this character call your professional drycleaner right away!

Boston Slayings Said Work of Punks

By JAMES CALOGERO
(AP Special Report)

BOSTON (U) — In Boston the hoodlums are playing so rough these days, says a top homicide detective, that they go out and kill on their lunch hour and get back to work or hang-out before the 1 p.m. whistle blows.

Greater Boston hoodlums have racked up 28 slayings and a dozen attempts in the past 20 months.

Not all the slayings were lunch-hour jobs but most of them were brazen, committed in the daytime and often before witnesses.

Yet, there have been only two convictions and only five slaying cases are pending in court. Police complain they are receiving no cooperation from the public.

NOBODY SEEMS TO SEE
"We've talked with dozens of people at murder scenes," said a top officer, "but nobody seems to see or hear anyone. This is not apathy, but obviously a general fear of retaliation," he added.

LI, Edward Sherry, veteran Boston homicide squad detective, told The Associated Press: "That figure of 28 gangland-style killings is not the final count. We expect another half dozen or so more such killings."

"Vengeance is a big factor in this thing and we're handicapped by the lack of public cooperation. The telephone doesn't ring and the mail doesn't bring even anonymous tips on these slayings."

Sherry said "Practically all these slayings involve punks gone wild. There's no big overlord sitting on a throne. Nobody's trying to grab power or jurisdiction over any organized racket."

AMONG PUNKS
"The majority of these killings are among punks with no regard for human life."

Sherry counts a dozen of the slayings as the result of a feud between two gang factions, one led by the three McLaughlins, brothers of Charlestown and the

AP Photo: Lee

ONE OF MANY — The body of slain Robert A. Palladino, 54, lies under a Boston expressway. Palladino, a state prison parolee, was one of three men killed in Boston Nov. 15. Greater Boston hoodlums have racked up a total of 28 slayings in the past 20 months, most of them in daytime hours. Only two convictions have been made, and only five slaying cases are in court.

other by James Buddy McLean of Somerville.

"And the feud," said Sherry, "apparently continues although McLean and two McLaughlins were killed and the third McLaughlin is under a death sentence for murder."

"We feel the other murders were the result of double-crosses in such rackets as counterfeiting, narcotics and shylocking" — money lending at usurious rates.

CHIEF TALKS

Police Chief Thomas J. O'Brien had this to say about the slayings:

"I felt that when the so-called groups from Somerville and Charlestown were pretty near depleted that it would be over, but they seem as if they're

ry Beach, a favorite resort on the northern Massachusetts seacoast.

"George McLaughlin is supposed to have made an insulting pass at McLean's girlfriend or wife. McLean gave McLaughlin the beating of his life, sending him to a hospital."

"A few days later McLean spotted some men planting a five-slick bundle of dynamite in his parked car. McLean fired a shot at the men and they fled."

"Not long afterward, George's brother, Bernard McLaughlin, 51, a reputed strong-arm in the loan shark business, was shot dead on busy City Square, Charlestown, during the noon hour."

NO WITNESSES

"Like all the other slayings," Sherry said, "we could never get any witnesses and we had to release McLean."

Edward J. (Punchy) McLaughlin, 46, was victim No. 24. He was shot Oct. 20 after two previous attempts on his life. On the second try gunmen had shot off his right hand.

Nine days later Buddy McLean became victim No. 25. Punchy McLaughlin was killed at a bus stop en route to the murder trial of his brother, George, 37.

CARRYING PAPER BAG

Sherry said "Punchy was carrying a paper bag when he was shot. He passed it to a woman passer-by and told her to get rid of it."

"He took the precaution to get the gun off his person, but with his dying breath he wouldn't tell us who shot him."

The investigator said "Punchy knew for a long time he was going to make the 'hit' list. But like all the others like him he wouldn't help us, even though he once used the police as a shield against his assassins."

"He was in a department store when he saw his would-be killers waiting for him outside. Punchy picked an item off a counter and stuffed it in his pocket. He was arrested for shoplifting and escorted out of the store by two police officers, just as he had planned."

SENTENCED TO DEATH

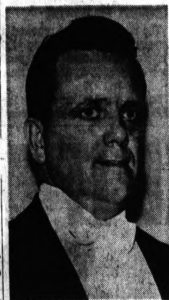

George McLaughlin was convicted and sentenced to death last October for killing a young bank clerk — victim No. 1 — at a Christmas party.

The bloodiest day in the gangland war was last Nov. 15 when gunmen killed three men in two separate shootings.

Gov. John A. Volpe said he is "amazed and appalled" by the extent of the brazen killings and recently called for renewed police action to bring them to a halt.

As one step, Massachusetts Atty. Gen. Edward W. Brooke recommended legislation to provide detective staffs in the offices of district attorneys and increase the budget of the state police.

Also proposed were the use of grand juries to supplement police investigations of the slayings and the enactment of strict laws regulating the purchase and concealment of weapons.

INSTALLATION SET — Eidean A. Chew of 4084 Woodmont, Watertown Township, will be installed as worshipful master of Pontiac Lodge No. 21, F&AM, at 8 p.m. Friday when the organization holds its 11th annual installation ceremony.

Ionian Hospital Change Urged

LANSING (AP)—While agreeing that Ionian State Hospital no longer should be a facility for the criminally insane, Michigan's mental health director said Tuesday it still would be useful for other psychiatric patients.

Dr. Robert Kimmich recommended that the hospital be converted to an 800-patient regional psychiatric hospital. In a hearing of the House Mental Health Committee, Kimmich disagreed with a group of psychiatrists which recommended last week that the Ionian facility no longer be used as a mental hospital of any kind.

Conversion of the hospital would enable it to attract the top professional personnel it could not attract as an institution for the criminally insane, Kimmich said.

400 EMPLOYEES

He proposed that the hospital's 400 employees be kept on to operate the general psychiatric hospital, that older buildings be demolished and that about \$3 million be spent for renovation work.

Kimmich agreed with other groups that recommended phasing out the Ionian hospital's present functions and transferring its present 1,200 patients to other hospitals or back to the courts for trial.

Romney: No Beef With Dem Official

LANSING (AP)—Gov. George Romney has "no complaint" with Democratic State Chairman Zeltan Ferency, he said Tuesday, hours after Ferency tried briefly to bar Romney's exit from a meeting with a human rights group.

"But I don't think anyone has the right to put his arms up and stop the governor of Michigan from leaving the room," he told newsmen.

The incident occurred after Romney and Ferency had disagreed on the Michigan Constitution and the Civil Rights Commission.

As the governor walked toward the door of an aide's office, Ferency, one of 15 members of the human rights group, said, "I'll leave and you stay and talk to these people."

NO SHOIVING MATCH
He raised his arms to the governor's shoulders but Romney pushed out the door.

"There was no shoving match. I didn't raise my arms," he told newsmen. "When I had finished the conference, Mr. Ferency undertook to stop me."

I walked out of the room."

Greater Lansing Coordinating Council on Human Rights, asked Romney to hold a series of governor's conferences on equal opportunity in housing.

Romney said he would forward the proposal to the Civil Rights Commission.

ENLIST HELP

David Duncan, head of the group, said Romney should use his personality and prestige of office to enlist local officials to work for housing equality by calling the statewide conferences.

Romney pointed out he had spoken in favor of equal housing opportunities since during World War II and had participated in such conferences.

But if another conference "would be of value, I certainly would be happy to participate," he said.

Duncan said the Civil Rights Commission can handle specific complaints, but he urged Romney to lead "a crusade against housing discrimination by working through conferences to build positive grassroots support for such a policy."

U.N. Move Against S. Africa Race Policy Has Slim Chance

UNITED NATIONS, N.Y. (AP) — Most U.N. delegates agreed today that a move to impose an economic boycott on South Africa has virtually no chance because of opposition by the United States, Britain and France.

The U.N. special political committee voted overwhelming condemnation of South Africa's racial policies Tuesday night and called for economic penalties against the white supremacist government.

The strongly worded resolution, which branded South Africa's apartheid policy of racial segregation a threat to international peace, was approved 78-1 with 16 abstentions. The United States, Britain and France abstained.

Portugal, whose colonial policies have been under bitter African attack, cast the lone no vote. South Africa boycotted the debate.

U.S. REJECTION

The United States rejected the contention that peace was

threatened by South Africa's racial policies and said it would not support any move to impose economic sanctions.

Only the Security Council has the authority to order mandatory sanctions. It has refused in the past to vote such penalties against South Africa.

The Western Big Three all voted to in a separate ballot on the passage in the resolution calling for sanctions. This was approved 70-12, assuring it of the two-thirds majority neces-

sary for adoption in the assembly.

The resolution, sponsored by 47 Asian and African nations, appealed to South Africa's "major trading partners" to halt commercial relations with the racist regime.

REQUEST RENEWED

The resolution also renewed a request to all countries to stop shipping arms and other military equipment to South Africa.

During the earlier debate the U.S. representative on the com-

mittee, Rep. Barratt O'Hara, D-Ill., told the group his government would continue to support the arms boycott voted by the Security Council. He said the United States had lost \$435 million in arms sales by respecting the two-year-old embargo.

Lord Caradon of Britain denounced South Africa's apartheid policy but said his government was not prepared to "go beyond the arms embargo which we have already imposed."

In Heidelberg, South Africa, 686,067.

College Enrollment Up

CINCINNATI, Ohio (AP) — A University of Cincinnati official, Dr. Garland C. Parker, says the number of students in the nation's colleges increased by 10 per cent this year to a total of 4,686,067.

Northern Michigan Water Levels Up

LANSING (AP) — Ground water levels climbed in northern Lower Michigan during November, while remaining at or below average to near-record low levels in the southern portion, the U. S. Geological Survey reports.

The survey said the level in a key well in Roscommon County was near the 33-year record high for the month.

In the Upper Peninsula, levels continued to decline seasonally and were below average.

The median age for first marriages in the U.S. last year was 23.1 for males and 20.5 for females.

Reports Say Legislature Will Uphold 3 Romney Vetoes

By DICK BARNES
Associated Press Writer
LANSING (AP) — Majority Democrats trying to override Gov. George Romney and Republicans torn between party unity and veterans' pressures return Thursday for a potentially bitter and climactic one day legislative session.

Latest reports indicate Senate Republicans are unified enough to withstand Democratic efforts to override gubernatorial vetoes of a senior citizen rent reimbursement plan and a \$1.2 supplemental enrollment appropriation for smaller colleges and universities.

But the fate of a bill expanding veterans' homestead tax exemptions is up in the air, affect legislation.

Senate Majority Leader Raymond Dzendzel, D-Detroit, said based upon how disabled veterans have "now become veterans is."

After a telephone poll of his colleagues, however, Senate Minority Leader Emil Lockwood, R-St. Louis, said "the governor's vetoes will be sustained."

At stake besides the bills themselves are the Republican prestige and what 1965 change in the exemption he called last week the power law.

Lockwood said the Romney plan would be proposed in the House, where the bill must first be considered. He reported strong Republican support for the sliding scale plan.

The plan Romney vetoed would cost the state about \$4.2 million a year. The governor's vetoes would cost around \$3.7 million. Supporters contend the bill only makes up for losses proposal would cost around \$3.7 million.

State veterans' organizations would support Romney.

Santa and the Zabbazara Bus

BY LUCRECE BEALE

Synopsis: Driving his bus to Zabbazara, a place he made up in order to escape from Main Street, Mr. D picks up two passengers: A crocodile and a donkey.

By LUCRECE BEALE
CHAPTER THREE
AP News Features

On and on went the Zabbazara bus with Mr. D clinging to the wheel and pressing with all his might on the gas. People gazed in astonishment as he passed them by.

"My goodness!" they exclaimed to one another. "Was there really a donkey on that bus? And a CROCODILE?"

Mr. D did not think it strange to have a donkey and a crocodile riding with him on the bus.

He thought this was the way things were done away from Main Street. And they were much more agreeable than the passengers he had carried up and down Main Street all his life.

For one thing, they didn't make fun of him. In fact, the crocodile complimented him on his big ears.

PLEASANT BREEZE

"When you wiggle them it makes a very pleasant breeze back here," she said.

Mr. D was so pleased at this he wiggled his ears without stopping for 40 miles. The crocodile finally asked politely if he would stop because she was getting chilly.

The donkey asked Mr. D why he wore his shoes under the seat instead of on his feet.

Mr. D explained that the shoes didn't fit because his feet were so big. The donkey offered to stretch the shoes with his own feet, and he did.

FIT JUST FINE

He stretched the fronts right out of the shoes. After that they fit Mr. D's feet just fine.

While the bus was stopped for Mr. D to put on the shoes, a little boy came up and knocked on the door.

"I'm lost," said the little boy. "Where is your home?" asked Mr. D kindly.

"I don't have any home," said the boy. "I don't have any father, and I don't have any mother. I don't have any brothers, and I don't have any sisters. I'm lost, and I don't have anywhere to go."

ALL CRIED

He began to cry. The crocodile and the donkey began to cry, too, to hear such a sad story.

Mr. D said, "Get on the

'I Am The Voodoo Man,' Said The Stranger

bus, little boy. You're not lost anymore. You're going to Zabbazara with us."

The little boy hopped on the bus. The crocodile put him on her lap and dried his tears. The donkey sang a song about boys and donkeys who didn't know who they were or where they were.

WONDERFUL BUS

Soon they were all laughing and singing, and Mr. D thought what a wonderful bus it was. He was very, very glad he had left Main Street to set out for Zabbazara, wherever it might be.

It was getting dark and it had begun to snow when Mr. D saw a bent old man standing by the road.

"He looks cold and lonely," thought Mr. D. "Perhaps he'd like to go to Zabbazara, too."

He stopped the bus and called out, "Would you like a ride?" The man got on the bus and Mr. D saw he wasn't really bent — he was pulled down by the weight of the bag he carried.

GOING TO ZABBAZARA

"We're going to Zabbazara," said Mr. D cheerfully.

"Then," said the stranger.

"You won't mind taking me to Santa Land first."

"Santa Land? How on earth would we get to Santa Land?" "I'll show you the way. I have business there."

"Who are you?" stammered Mr. D. "I'm the Voodoo man," said the stranger.

SUDDEN FEAR

As he spoke everyone on the bus shivered with a sudden fear.

(TOMORROW: The Voodoo Man's Present.)

A-Energy May Cut New England Bill

PROVIDENCE, R.I. (AP) — Atomic energy may be the answer to New England's costly electrical-power problems, according to a University of Rhode Island study.

New England's costly electric bill comes to more than \$1.11 over the national average, according to the report. Dr. Roy G. Pulsen, associate professor of economics, blames the high cost on "fossil fuels." More than half the high monthly bill is due to freight costs of coal, still New England's No. 1 fuel.

What a Harsh Greeting!

PORTLAND, Ore. (UPI) — Marvin Newsome returned home a little confused by a "reception" he got during a weekend visit to Nevada.

Newsome said he was getting out of his car in Reno when a man began pounding him on the head with "a blunt but flexible instrument."

The visitor from Oregon went inside a bar, cleaned up, and returned to find his assailant standing by the car. "Say, buddy," the man said, "I'm sorry all this happened — the beating was meant for someone else."

Illinois Town Won't Go to Dogs Now

HOOPESTON, Ill. (AP) — Hoopston, a town of 7,200, will have a dog catcher again and its seven-man police force will not have to make good to its threat to resign.

"We haven't had a dog catcher for eight months," said Police Chief Orville Kaag.

"They let dogs run all over," the chief said.

"The city expected the police to chase all those dogs," Kaag said. "I guess they were trying to save money, but did you ever try to wrestle a dog into a car? It gets your uniform all dirty and you are expected to pay your own cleaning bills."

"It just couldn't go on like that," the chief said, "so we gave them an ultimatum — no dog catcher, no police department."

City council voted Tuesday night to appoint a dog catcher.

Warns of Big Tax Loss

SAULT STE. MARIE (AP) — The closing of Kinchelo Air Force Base will mean a loss of half a million dollars in annual tax income to area school districts, Richard Spelker, superintendent of tricot county schools, said Tuesday. The Defense Department plans to close the base by Oct. 1, 1970.

AP Photo

BIG KISS—As Sen. Everett Dirksen, R-Ill., arrives yesterday in San Antonio, Tex., he appears not to be conservative while accepting a big kiss from ground hostess Lucille Quinones of the Red Carpet Welcome Committee.

Door-to-Door Soliciting Nets Gambling 'Take'

LOUISVILLE (AP) — During the annual collection for underprivileged children, the Buechel Fire Department went around from door-to-door in their community.

Part of the department's collection included three uncashed tickets from Churchill Downs race track. One ticket turned out to be a winner and \$6.20 went into the fund.

Jane Addams, social worker who founded the Hull House in Chicago, received the Nobel Peace Prize in 1931. She died in 1935.

"HOLIDAY BILLS?"

"Not me! I shop with cash...cash from Associates. Saves time and trouble...and means I can start the new year with a clean slate. Yes, sir, I can get the money I need for any worthwhile purpose. Associates will even arrange extra cash so I can take advantage of the January sales. Holiday bills? Not me! See Associates! That's the answer!"

The Age of Microelectronics—3

Technology Broadens Horizon in Medicine, Biology

(EDITOR'S NOTE: Following is the third of four dispatches on present and future applications of the revolutionary new technology of microelectronics.)

By JOSEPH L. MYLER

United Press International

WASHINGTON — Microminiaturization of electronic devices,

everything from minute radio

transmitters and receivers to

ultrasound sensors, has opened

up so many possibilities in

medicine and biology that the

prophets are scared.

"We're afraid," one medical

engineer said, "that if we fore-

sight something today we will

read in the papers tomorrow

that it came to pass day before

yesterday."

Microelectronics, the new

technology by means of which

bulky devices of a decade ago

have been shrunk to pinhead

sizes, has made possible a

growing variety of hospital

patient control and monitoring

systems.

It is all being done by wire-

less, with invisible electromag-

netic (radio) waves often being

the only connection between the

patient and his nurse or doctor.

In the Massachusetts General

Hospital, according to Medical

World News, cancer patients

can stop unbearable pain by

pressing a button on a five-

ounce box carried in a pajama

pocket.

Electrical impulses trans-

mitted from the box are picked

up by two infinitesimal elec-

trodes surgically planted in

areas of the brain which control

the sensation of pain.

It had been necessary to

dose one patient heavily with

morphine every two to three

hours to dull her pain. "For

several months, since she be-

gan using the "pain box," she

has been without drugs."

Some devices provide instan-

taneous, by wireless signals from

the patient to a central elec-

tronics display console, of

alarming changes in pulse,

blood pressure, temperature, or

respiration.

Others constantly monitor the

patient's condition under anes-

thesia and surgery. Others,

with the help of computers,

assist the doctor in making

diagnoses. All leave the patient

free of encumbrances such as

wires which would interfere

with normal movement and

function.

LEARN HABITS

Microelectric transmitters

fed to birds and bears or im-

planted in marine animals have

provided scientists with infor-

mation about such things as

migration routes, range, and

breeding and feeding habits that

could not have been learned

otherwise.

One of the most exciting

possibilities opened by micro-

electronics lies in the field of

psychophysiology. Research-

ers have established that it is

possible to influence an ani-

mal's behavior by electrical

stimulation of brain areas

which control such things as

eating, fighting, sexual activ-

ity, sleeping, drinking, alert-

ness, and assertiveness.

Heretofore it has been neces-

sary to wire the laboratory

monkey or chimpanzee for such

experiments. Now microelec-

tronics makes it possible to

safely bury stimulators and

minuscule radio sets in the

brain or under the skin and

manipulate them by remote

controls.

Dr. B. W. Robinson of the

Stanford Medical School has

pointed out the obvious fact that

this suggests "ability to control

man by the manipulation of his

brain. Such ability conceivably

could be used by "a malignant

power reaching into the brains

of men and turning them to evil

purposes."

FOR ASTRONAUTS

It also could be used by "ben-

ignable people for good purposes.

For example, Robinson sug-

gested, control of behavior

through brain stimulation might

be just what the doctor ordered

for astronauts on long space

flights.

Suppose an astronaut suf-

fered nausea and loss of ap-

petite as a result of spacecraft

tumbling, illness, or radiation,

and couldn't force himself to

take on enough food and drink

to keep him alive.

Appropriate radio stimulation

of the brain, controlled from

the ground or by the astronaut

himself, could make him want

to eat and drink.

"Likewise," Robinson said,

"sleep could be evoked at any

time (and) excessive fatigue

could be prevented. . . . Should

approaching danger be sensed,

either by the astronaut, the in-

struments within the craft, or

the ground station tracking the

craft, maximal and instanta-

neous alertness could be in-

evoked."

In any case, this technique

should provide a useful new tool

for study of the brain which

"is at the root of every fact,

every esthetic judgment, every

theory, every motion."

(CONTRIBUTOR: A look into the world

of 1964.)

Is It Cookie Time at Your House?

CHRISTMAS COOKIES

Veal Roast Cooks in Rotisserie

Now is the season for veal: veal roasts, veal chops and steaks, veal stews, and veal for stuffing. Veal is so delicately flavored that it combines especially well with many different seasonings and may be used in truly exotic recipes, if you wish.

Exotic as the finished dish may be, the basic cooking methods used are roasting and braising. Because veal is young beef it has very little fat, so broiling is not recommended. You can recognize good

quality veal in the market because it is light pink, firm, and covered with a thin layer of white fat.

In planning on the amount to buy allow 1/2 to 3/4 pound of boneless veal per serving. Remember, some people eat two servings, so buy plenty. Veal can be used in a variety of left-over recipes.

ROTISSERIE ROASTED VEAL

4 1/2 to 5 pound leg of veal, boned, rolled and tied

1 stick (1/2 cup) butter or margarine, melted
1/4 cup fresh lime juice
1 tablespoon grated lime rind
1/2 teaspoon leaf marjoram
1/2 teaspoon leaf thyme

Insert rotisserie spit through center of meat, making certain the roast is evenly balanced. Tighten prongs. Insert meat thermometer into center of roast being certain thermometer touches neither fat nor spit. Place on rotisserie and cook according to manufacturer's directions.

Combine 1 1/2 cups sauce ingredients and baste roast occasionally during cooking. Roast until meat thermometer registers 180 degrees. Remove roast from spit and serve with freshly cut times. Makes 1/2 cup sauce.

One Is Crunchy

Cookies Have 2 Layers

Bar cookies are the easiest cookies of all to prepare. Any of several mixing methods may be used, but once the batter is mixed, you just spread it into a pan and bake.

To be sure the cookies are done, bake fudge-type bar cookies until the top crust is dull. Bake cake-like bars until a cake tester inserted in the center comes out clean.

Double Take Brownies
1 1/2 cups sifted enriched flour
1 1/2 cups enriched bread crumbs
1 1/2 cups firmly packed light brown sugar
1/2 cup chopped nuts
1/4 cup butter or margarine
1 1/2 cups sifted enriched flour
1 1/2 cups cocoa
1 1/2 cups baking powder
1/2 teaspoon salt
2 eggs, well beaten
1/2 cup butter or margarine
1/2 cup firmly packed light

brown sugar
2 teaspoons vanilla extract
Grease 8-inch square pan. Preheat oven to 425 degrees.

In medium-sized mixing bowl combine 1 1/2 cup flour, bread crumbs, 1 1/2 cup sugar and nuts; mix well. Blend in 1/2 cup butter or margarine firmly into pan. Bake 5 minutes. Remove from oven and reduce temperature to 350 degrees.

Sift together 1/2 cup flour, cocoa, baking powder and salt. In medium-sized mixing bowl combine eggs, 1/2 cup butter, 1/2 cup brown sugar and vanilla. Add flour mixture to egg mixture, mixing well. Spread over baked layer.

Bake 40 to 45 minutes, or until cake tester inserted in center comes out clean. Cut into 16 squares when cool.

By JANET ODELL
Pontiac Press Food Editor

One recipe of Christmas cookies is on the agenda at our house every evening. With a freezer, we can do this delightful chore a bit at a time and still have some of each kind left by Dec. 25.

The Teen-ager may eat all the Springle before Christmas, but we can easily remedy that with another batch.

As usual, it's hard to confine our enthusiasm to a reasonable number of recipes. Believing that most of our readers feel the same way, we have some new suggestions for you.

One of our friends says she tries to buy mixed nuts without any Brazil nuts, because she can't find recipes for them. Here's a meringue cookie recipe using ground Brazil nuts.

Brazil Nut Christmas Meringues

2 egg whites
1 cup sugar
1/2 teaspoon salt
1 tablespoon lemon juice
1 1/2 cups ground Brazil nuts
Maraschino cherries

Beat egg whites until stiff, but not dry. Gradually add sugar and salt with lemon juice. Beat until mixture is very stiff. Remove 1/2 cup of the meringue; reserve.

Fold Brazil nuts into remaining meringue. Drop by tablespoons on baking sheets covered with heavy brown paper. Top with small amount reserve meringue.

Decorate with small pieces of maraschino cherry. Bake in very slow oven (275 degrees) 35 minutes. Yield: 3 1/2 dozen cookies.

Spain supplies us with our second recipe which makes pretty

cookies with flecks of cherries in them.

PASTAS DE PALMA
Palma Biscuits

1/2 cup butter or margarine
1/2 cup granulated sugar
1 egg
1 tablespoon grated lemon rind
1 1/2 cups sifted all-purpose flour
9 glacé cherries, finely chopped
9 glacé cherries, cut in half
18 whole filberts

Cream butter or margarine and sugar. Mix in egg and lemon rind. Mix in flour and chopped cherries.

Roll out between waxed paper to 1/4-inch thickness. Cut out with floured 2-inch cookie cutter. Place on greased cookie sheets. Top each biscuit with cherry half and filbert.

Bake in moderate oven (375 degrees) 8 to 10 minutes, or until golden. Sprinkle with sifted confectioners' sugar, if desired.

Gingerbread boys are just part of Christmas and are enjoyed by all who are young in heart. They make interesting tree decorations or favors to give holiday guests.

GINGERBREAD MEN

1/4 cup shortening
1/4 cup sugar
1/2 cup molasses
1 egg yolk
2 cups sifted all-purpose flour
1/2 teaspoon salt
1/2 teaspoon baking powder
1/2 teaspoon baking soda
1/4 teaspoon cinnamon
1 teaspoon cloves
1 teaspoon ginger
1/2 teaspoon nutmeg

Cream together shortening, sugar and molasses. Add egg yolk; mix well. Sift together dry ingredients; blend into molasses mixture. Chill.

Roll dough 1/4-inch thick on lightly floured board or pastry cloth. Cut with 5-inch gingerbread man cookie cutter. Place on ungreased baking sheet.

Bake in 350-degree oven 8 to 10 minutes. Cool. Frost with chocolate glaze; let stand at room temperature until glaze sets. Decorate with ornamental frosting.

Chocolate Glaze
1 package (6 oz.) semisweet chocolate morsels
1 cup sifted confectioners sugar

Prune Bits Add Touch of Moistness to Cake

Remember in Grandma's day coming into the house and warming to the fragrance of goodies baking in the oven? She spent many hours preparing these treasures, simmering her prunes on the back of the stove for hours before using.

Today California prunes are moisturized to eliminate this step.

The old time fragrance is there, the flavor combination is even better and preparation time is much shorter.

Try these "Chocolate Prune Cupcakes." Delicious as a "brown bag surprise" for lunches.

Chocolate Prune Cupcakes
2 cups plumped prunes
1 1/2 cups sugar
1/2 cup shortening
2 squares (1-ounce) bitter

chocolate
3 eggs, beaten
2 1/2 cups flour
4 teaspoons baking powder
1/2 teaspoon soda
1/2 teaspoon salt
1 cup milk
1 teaspoon vanilla

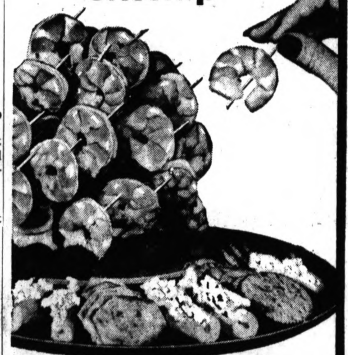

Remove pits from prunes and cut into small pieces. Cream sugar with shortening. Melt chocolate over hot water. Mix into creamed mixture. Add eggs and beat.

Sift flour with baking powder, soda and salt. Add alternately with milk, a small amount at a time. Add prunes and vanilla and beat.

Fill cupcake pans about 3/4 full (about 1/4 cup batter) and bake 25 minutes in 375 degree (moderately hot) oven. Frost with your favorite chocolate frosting.

1/4 cup evaporated milk
Melt chocolate over hot (not dip, keep over hot water so it boiling) water. Add sugar and will not thicken.

Dress up your party tray with low-calorie shrimp

Gulf Kist Shrimp

fresh from the Gulf Coast, home waters for nature's tastiest shrimp

Gulf Kist captures all of the succulent and delicate flavor of shrimp from the sunny Gulf. No peeling, no waste. Already cooked for you. Good cooks keep several cans handy—ready for good eating any time. Ideal for weight watchers—only 170 calories in a whole can. Economical, too, one 4 1/2 oz. can is equal to a 10 oz. pack of frozen unshelled shrimp.

DAILY NEWSPAPERS are a GROWTH BUSINESS

Newspapers are first by far in advertising

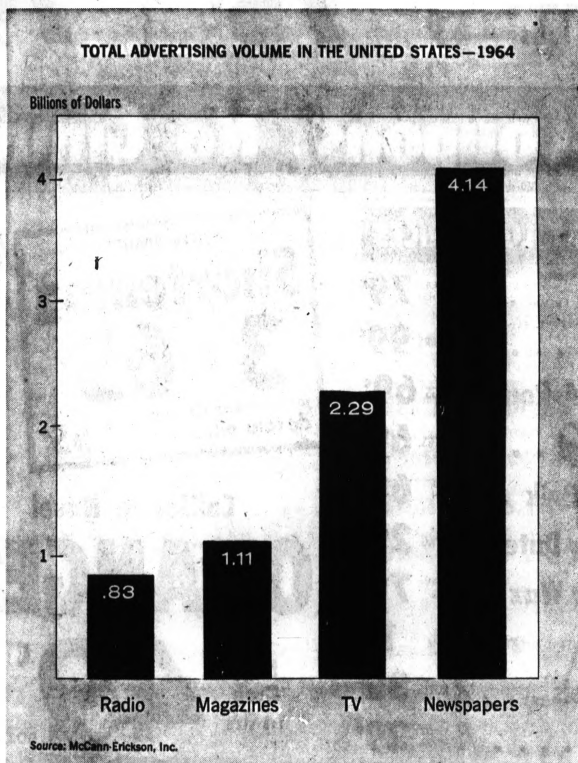

In 1964 newspapers carried as much advertising as radio, television and magazines combined!

By every index newspapers are growing. Their advertising volume has more than *tripled* since 1946. Last year newspaper advertising totaled more than four billion dollars, putting newspapers ahead of all other media by a wide margin.

Circulation has reached a new high of 60,400,000 copies sold daily. Newspaper employment shows steady growth—more than three times as fast as the growth for all manufacturing. And the prospects are for substantial growth in the future.

Newspapers are growing for one reason: Only the newspaper covers the news fully and in depth. There is no substitute for the daily newspaper.

Get the big value in a local, daily newspaper where both the news and advertising are about your home area . . . The Pontiac Press. Call 332-8181 for home delivery.

For more information on why daily newspapers are a growth business, write for a free copy of the new booklet, "The Growth of the American Daily Newspaper," an economic analysis published by the University of Wisconsin.

Red Aid Is Making Captured U.S. Arms Insignificant to Cong

SAIGON, South Viet Nam (AP) — A striking change in the battlefield. The Viet Cong used Communist arms and ammunition picture testifies to the escalation of the war in Viet Nam. Building up their firepower, Communist forces depend more and more on standardized weapons from Red nations. Captured U.S. arms, ammunition and equipment — once a major factor in guerrilla fighting — are fading into relative insignificance. U.S. weapons now are often

There is little evidence of clandestine ammunition traffic between Viet Nam and Western countries. The main source has been captured material. Possibly there now is another source: ammunition manufactured for U.S. small arms in North Viet Nam. Competent sources say it is highly unlikely that Red China makes such ammunition. The Viet Cong use captured weapons when they must, but there is little doubt now that the

Ill., of the House Foreign Affairs Committee, told a Washington reporter that to the best of his knowledge most of the ammunition used by the Viet Cong was captured, "but we are getting some reshipment." However, Sen. Richard B. Russell, D-Ga., chairman of the Senate armed services committee, said he had heard no suggestion of shipments of U.S. made weapons or ammunition from NATO countries directly or indirectly to the Viet Nam Communists. An Associated Press survey of allied capitals found officials skeptical of reports that arms

ment sources say hard-core Viet Cong and North Vietnamese regularly use Communist-made weapons almost exclusively. For those American weapons still in use, these authorities say, the main source of ammunition is battlefield capture from South Vietnamese units. The Pentagon says it has no indication of any transshipment of U.S. material to the Communists. A Pentagon and State Department

Brandeis U. Gets Gift
CHICAGO (AP) — A Chicago businessman has donated \$250,000 to Brandeis University in Waltham, Mass., to help establish a chair in economics. Dr. Abraham L. Sachar, Brandeis president, said the gift was donated by Peter Vold, chairman of the King Korn Stamp Co. of Chicago.

Ask Great Lakes Economic Unit Ideas

She Wasn't Really Dead

Labor Worried on 14B Repeal

WASHINGTON (AP)—The governors of Michigan, Wisconsin and Minnesota have been asked by the Commerce Department to submit recommendations for the establishment of an Upper Great Lakes economic development commission.

Sens. Pat McNamara and Philip A. Hart, Michigan Democrats, in announcing this yesterday, said the action is in response to a request made in September by the six senators

from the three states that such a commission be created under provisions of the Public Works and Economic Development Act. McNamara and Hart said the northern Great Lakes region meets the criteria for economic development set forth in the act. This authorizes federal aid for regions whose economics are lagging. After recommendations have been made by the states concerned, formal designation of the commission will be made by Eugene P. Foley, assistant

secretary of commerce, the senators said. The regional economic development commission thus formed may obtain federal funds for planning and administrative expenses. The commission then will prepare a comprehensive program for development of the region. The commission will consist of representatives from each of the three states and a federal chairman.

SAN FRANCISCO (UPI)—On Nov. 29 a woman who died of a heart attack was identified as Alma Jones.

Tuesday, Alma Jones, 69, turned up. She said she saw newspaper accounts of the death and commented:

"But the stories said that woman carried an umbrella and a purse. I don't carry an umbrella or purse, so I knew it must have been someone else."

SAN FRANCISCO (AP)—Despite assurances from President Johnson, organized labor leaders say they are running scared in their drive in Congress to wipe out state laws that ban union-shop contracts. Top AFL-CIO officers publicly voice no doubts that Johnson will live up to his pledge to push for repeal of section 14B of the Taft-Hartley Act. Privately they are worried that lukewarm administration support may mean defeat of the repeal fight for the foreseeable future.

Section 14B permits the states to outlaw union shop contracts under which all employees must join the union. Nineteen states have such laws. The union shop is legal under the federal labor law in the 31 others which do not specifically prohibit it. With Congress due to convene next month, labor leaders say they still have no firm commitment from administration leaders on when the repeal forces will fight to crush a renewed Republican filibuster that side-tracked the bill this year.

"It's just not there," one labor spokesman said when asked whether union leaders had such a commitment. The AFL-CIO Executive Council will discuss this and other matters today in setting the schedule for its biennial convention opening Thursday.

The jibe is directed at Senate Democrats as well as Republicans. Land Taken for Canal OTTAWA (AP)—The Canadian government has expropriated nearly 4,000 acres of land west of Welland for a possible bypass link in the Welland Canal. "They demand responsibility from labor," said an aide, and Seaway.

Mushrooms Easy to Handle

To store fresh mushrooms, says the new Better Homes and Gardens Vegetable Cook Book, place on a shallow tray or rack. Lay a dampened paper towel over mushrooms; remoisten every day. Place in your refrigerator so that cold air will pass freely around mushrooms.

To store cooked mushrooms, place in a covered dish in the refrigerator. (A little lemon juice added to the mushrooms when cooking will retain color during storage.)

When browning mushrooms, cautions the same book, be sure they are not too damp. Dry thoroughly on paper towels.

This will allow the mushrooms to brown rather than steam cook. They shouldn't be stacked, nor should they touch each other while browning.

The BH&G Vegetable Cook Book also says that best quality raw fresh mushrooms are delicious thinly sliced and tossed in salads or used as a vegetable garnish.

To Curl Celery

To "curl" celery, cut the clean ribs into 4-inch pieces; split one end of each piece into thin strips, stopping within an inch of the other end. Drop the prepared celery pieces into ice water so the split ends will curl.

Q. What is the name of this cut of meat?

A. Lamb ribs.

Q. Where do they come from? How are they identified?

A. They come from the lamb breast which has had the breast bone removed and are made by cutting in between each rib. They are long, somewhat curved pieces, each containing a rib bone.

Q. How are they prepared?

A. By braising or cooking in liquid. To braise the ribs, first brown in their own or added fat. Pour off drippings. Season with salt and pepper, add 1/2 cup of liquid or less. Cover tightly and cook slowly until tender, about 1 1/2 hours. To cook in liquid, cover with liquid (usually water) and simmer until tender, about 1 1/2 hours. Add vegetables, if desired, just long enough before the end of the cooking time for them to become done.

Salmon Egg Benedict Makes Sunday Breakfast Special Meal

Breakfast is often the most slighted meal of the day when, from the standpoint of health and peace of mind, it should be one of the most important.

A hastily gulped breakfast on the run is a shock to the digestion and the nerves, while a leisurely morning meal soothes the Inner Man and fortifies ones body and spirit for the day ahead.

When you see happy children skipping to school; a man whistling on his way to work, you can be sure they lingered a little over their bacon and eggs.

One food staple that can add considerable variety to the breakfast menu and is always within reach on the supply shelf is a can of salmon. It's brimming with vitamins, minerals and that much needed protein.

Try making thin salmon sandwiches, dipping them in eggs and milk and sauteing them in butter. Flake a small can, fold into a cornbread mix and serve piping hot with pats of sweet butter.

Or fold flaked salmon into an omelet or scramble it with eggs. These are quick breakfast tricks with a savory twist. But on weekends or holidays try Salmon Egg Benedict for a truly gourmet breakfast or brunch dish. It's full of luxurious flavor without being a luxury to the pocket book.

Salmon Egg Benedict
1 1/2 ounce can salmon
1 4-ounce can sliced

mushrooms
2 tablespoons butter
1 tablespoon flour
1/2 teaspoon mace
1 tablespoon chopped parsley
1 large ripe tomato
4 tablespoons chopped cucumber
1 teaspoon chopped green onions or chives
4 English muffins, halved and toasted
4 poached eggs
1/2 cup Hollandaise sauce
12 parsley clusters

Drain salmon liquid into measuring cup. Flake salmon. Drain mushroom liquid into cup with salmon liquid. Chop mushrooms.

In small saucepan melt 1 tablespoon of the butter. Stir in flour and mace. Gradually

stir in combined salmon-mushroom liquid and cook, stirring, until sauce is smooth and thickened. Fold in salmon and mushrooms and keep hot.

Remove a thin slice from both ends of tomato and cut tomato into 4 thick slices. Remove peel from end slices and chop pulp.

In a skillet melt remaining butter and in it saute chopped tomato pulp with chopped cucumber and onion or chives until vegetables are tender. Push vegetables to one side of pan and saute tomato slices for 2 minutes in butter remaining in pan.

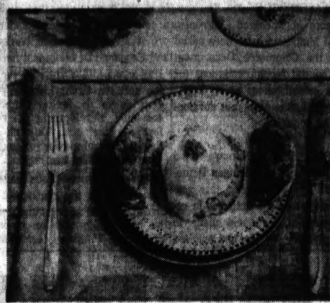

Turn, top each slice with a little of the vegetable mixture, and continue to cook for 2 minutes longer.

Spread bottom half of each toasted muffin with salmon mixture and place on warm plate. Top with a poached egg and mask with 2 tablespoons Hollandaise sauce.

Cut top of muffins in half and arrange on each side of plate. Top each muffin half with half a tomato slice. Garnish with parsley.

Hollandaise Sauce

Into a small bowl put 2 egg yolks, 1 tablespoon cream, 1 teaspoon lemon juice, 1/4 teaspoon salt and a pinch of cayenne pepper. Set bowl into a skillet of hot water and beat over low heat until sauce begins to thicken. Gradually beat in, bit by bit, 1/2 cup (1 stick) butter. Keep sauce in lukewarm water until ready to use.

Civil Servant Raise 'Is Just'

Economic Level Cited
by State Commission

LANSING (AP) — A \$13.5 million annual pay raise for civil service workers is justified by Michigan's high level of economy, the State Civil Service Commission said Tuesday.

The four-member commission was unanimous in approval of the hike.

Commissioners added an extra \$74,000 to recommendations made in a staff study, this for social workers and vocational instruction teachers.

Mrs. Dorothy Judd of Grand Rapids, commission chairman, said the raise "might appear shocking to some."

NEED TO COMPETE
But, she said, commission members were convinced it is justified by the state's high level of economy, the demand for more and better state workers and the need to compete with other public and private employees for top talent.

The raise will average out at a 4 per cent increase for the state's 34,000 workers under civil service.

Non-civil service workers traditionally also are increased a like amount.

The hike followed a \$7.5-million increase for the current fiscal year.

VARYING ADJUSTMENTS
The adjustments will vary between 4 and 7.3 per cent for about 33,200 employees and from 8 to 14 per cent for about 800 in the hard-to-get and hard-to-keep classifications.

The raises will be effective July 1, as the commission ignored a plea by the Michigan State Employees Union that it be made effective Feb. 1.

The civil service decision still is subject to review by the legislature.

Lawmakers cannot cut below current levels, however, and it would take a two-thirds majority of both houses to reject or cut the increase.

FRINGE BENEFITS
Also approved was a \$400,000 fringe benefit package for state workers, this liberalizing their rights under the state group insurance plan.

The boosts will raise the annual state median pay from \$4,700 to \$6,040.

The commission took no immediate action on requests by employers groups for a premium pay for overtime but promised to continue a current study.

State workers now get straight pay for overtime work or compensating time off.

State Police, now working an average 45 to 48 hour week, are an exception.

Police will get the average pay adjustment plus an increase to equal a \$60 monthly maintenance allowance, now paid separately from salary.

Romney Says Size of Hike Unanticipated

LANSING (AP)—Gov. George Romney declined Tuesday to endorse or disagree with a \$13.5 million civil service pay raise—but he said "I don't think any of us had anticipated" such a hike.

The higher pay for state employees was approved Tuesday by the Civil Service Commission.

Unlike most state budget items, the pay raise does not pass through Romney's budget advisers. It goes directly to the legislature and becomes an appropriation unless two-thirds of the Legislature rejects the recommendation.

Romney said the raise was simply another mounting cost of doing state business which could quickly erode the \$135 million treasury surplus.

Radcliffe Seeks Funds

CAMBRIDGE, Mass. (AP)—The Radcliffe College Council has voted to seek \$7 million for land and construction costs of a new building that would provide 200 undergraduates with rooms of their own. The council says the girls are now living in overcrowded dormitories.

Report Aims 'Conflict' by U-M Regent

ANN ARBOR (UPI) — A state auditor general's report released today said University of Michigan Regent Eugene B. Power appears to be involved in a conflict of interest in his business dealings with the university.

The report said, "Two departments of the university appear to have minor business relationships with University Microfilms, Inc., that indicate a conflict of interest by Regent Power."

The report was released to United Press International today by Rep. Jack Faxon, D-Detroit, chairman of a legislative committee investigating Power's dealings with the university.

Powers, president and founder of University Microfilms, originally was involved in the conflict of interest charges in a story which appeared in the student newspaper, the Michigan Daily, last October.

The thoroughly documented auditor's report was based on information provided by university Vice President for Business and Finance Wilbur K. Pierpont.

CONTRACT GRANTED
It pointed to a 1964 contract between Michigan's Bureau of Business Research and the microfilm company which granted rights for reproduction of university publications in its out-of-print book series.

A state law, it was pointed out, prohibits members of governing boards of universities from entering into contractual arrangements with the schools.

Apparently, the contract with Power never went through the proper channels at the university and Michigan's legal office did not see a copy of the agreement, the report said.

In a similar case in 1963, the legal office rejected a contractual offer from Power's firm to microfilm a business publication.

HEARINGS SET
Faxon indicated his committee would hold hearings next week after it receives a legal opinion from Atty. Gen. Frank J. Kelley.

He said the report should "not be construed as a final judgment but rather an indication of the direction toward which the investigation may lead."

The report said University Microfilms, a wholly owned subsidiary of the Xerox Corp., was given a special discount of the rate charged by the university's Photo Duplication Service.

The service normally charges five cents per exposure and 4 1/2 cents for quantities more than 1,000.

PREFERENTIAL RATE
But University Microfilms received a preferential rate of 4 1/2 cents for all exposures regardless of quantity, the report showed.

The report said no other company received such a preferential rate.

The report also noted that the university played a key role in the founding of the firm when Power established it in 1938.

RECOMMENDED SERVICES
The report said, that in 1938, William Bishop, head U-M librarian, helped Power "in becoming established by recommending his services to other librarians in response to Mr. Power's request."

"When Power became a regent in 1954, Pierpont went before the regents and recommended that an exception to the provision of the regent's bylaws be authorized to permit the continuation of business relationships between the university and University Microfilms," the report said.

It said, however, that Pierpont's motion was withdrawn.

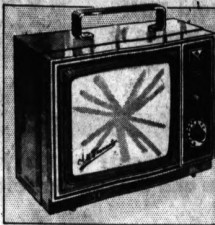

The U-M regents were scheduled to consider the matter at their monthly meeting Dec. 17.

Power, currently on a trip of the Far East, planned to return in time for the meeting.

N. C. Redistricting Set

RALEIGH, N.C. (AP) — Gov. Dan K. Moore has called a special session of the North Carolina Legislature for Jan. 10 to deal with realignment of the General Assembly and the state's 11 congressional districts under a federal court order.

Soviet Soft Landing Failure Is Blamed on Moon Dust

WASHINGTON (UPI) — U.S. space officials were inclined today to blame moon dust for Russia's latest failure to land soft instruments gently on the lunar surface.

The Soviet's Luna 9, after what looked like a perfect flight from earth, crashed and died on the moon at 4:51:30 p.m. EST Monday. It was the fourth failure this year of Russian lunar soft landing attempts.

The United States will make a similar attempt next May or June when it launches the first of several Surveyor spacecraft assigned to find out whether the moon's surface is firm enough to support Apollo astronauts scheduled to land on it before 1970.

To achieve gentle landings on the moon, you have to fire braking rockets at just the right moment to slow the spacecraft down to a safe descent speed.

The right moment must be signaled by the craft's radar altimeters. The Russians are good at this business of space flight. They must possess, U.S. experts say, the latest thing in radar height gauges.

ROCK CRUST

So why did Luna 9 crash? Many scientists believe the moon's rock crust is covered by dust or highly porous rock ranging in depth from inches to yards.

"Luna 9's radar eyes," one American space expert said, "may have looked through the dust layer to the underlying rock and thus have triggered the braking rockets seconds too late."

For all anybody knows, Luna may have plunged too deep enough to engulf and strangle any visiting craft from earth.

Three of this year's four Russian soft landing attempts may have failed because of dust that confused the craft's radar vision. The other attempt failed because the spacecraft missed the moon altogether.

LOT OF TIME

Russia still has a lot of time in which to beat the United States to a soft landing on the moon, if that is what it wants to do. This country's \$500-million Surveyor program is running years behind the original schedule.

"The Russian experience," one U.S. official said, "points up the extreme difficulty of drawing spacecraft to the moon and then braking them to a safe landing. U.S. engineers can only sympathize with the Russians."

Assuming the radar altimeter is not fooled by the moon's possibly dusty or porous surface, the first U.S. Surveyor spacecraft will brake its descent from a speed of 8,000 feet per second to 1,000 miles above the surface to 5 feet per second at a height of 13 feet.

The drop from 13 feet, one official said, will be about like jumping from a table to the ground on earth.

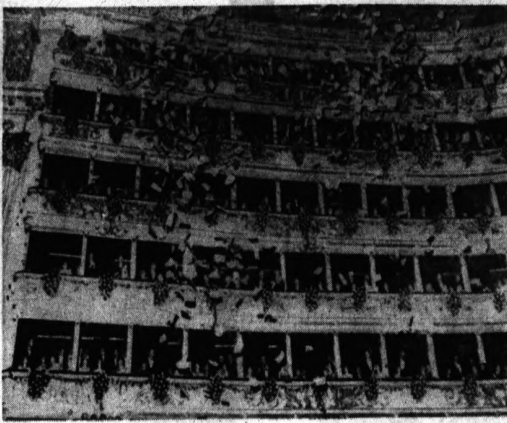

But if the radar altimeters fail, as Soviet experience suggests they may, the result may be quite different.

"The first Surveyor launch," a U.S. official said, "may turn out to be a real cliffhanger."

The average life of an ordinary incandescent light bulb is 750 to 1,000 hours.

SHOWER OF PROTEST — The opera season opening night at Milan's La Scala opera house, traditionally the highlight of the Italian city's social season, was marred last

night by a shower of leaflets from the upper galleries. The leaflets, protesting agents' fees and the closing of a factory, rained down on society people below.

Budd Schulberg Project

Asks Stars to Aid Riot Sector

By BOB THOMAS

AP Movies-Television Writer

HOLLYWOOD — The movie colony, always responsive to causes, no matter how distant, has been asked to consider one on its own back doorstep: Watts.

Seventy-five film figures attended a brunch last weekend at the home of writer Budd Schulberg.

"What Makes Sammy Run?"

On the waterfront and his wife, actress Geraldine Brooks, in quiet, halting tones Schulberg told his reactions to watching the Negro riots in the Los Angeles suburb last August.

"I felt very bad watching the riots on television," he told his audience. "I felt I was a writer, and as a writer, in the tradition of Jack London and Frank Norris, I should be informed about what was going on. But I wasn't."

NO THEATER

Schulberg found a base of operations at the Westminister Neighborhood Association, a United Way agency sponsored by the Presbyterian Church. He began conducting a writing class every Tuesday for a handful of young Negroes. As part of the course, he wanted to show "On the Waterfront" in a local theater.

"Are you kidding?" a student replied. "There's no theater in Watts."

Schulberg said he also discovered there was no hospital, and public transportation was virtually nil.

ACTORS THERE

"I found not one of the things that give a community self-respect," he told his listeners. They included actors Karl Malden, Tony Franciosa, Fred Gwynn, Mark Goddard, actresses Diana Lynn, Nancy Olson and Hope Lange, producers Col-

lier Young, Leonard Stern and Bill Harback, Capitol Records' Alan Livingston, etc.

Others, like Steven Allen, Sidney Poitier and Don Murray

sent regrets. As Schulberg spoke, a telegram arrived from Richard Burton. It voiced sympathy from Burton and his wife Elizabeth Taylor but said their presence was precluded because they were "basket cases" from their work on "Who's Afraid of Virginia Woolf?"

"A check is in the mail," Burton added.

That led up to Schulberg's mission. Said he: "I am often asked in Watts. 'Who cares up there?' My reply is, 'You'd be surprised. They care, but they don't know what to do.'"

Combat Pilots Will Be Feted

PHOENIX, Ariz. (AP) — Sixty battle-weary Army combat pilots will live it up for a week starting Thursday, after spending the past year in Viet Nam.

"They'll have no expenses at the Camelback Inn, a plush Phoenix area winter resort. The Army is flying the pilots from Viet Nam to San Francisco. Continental Airlines is providing free transportation to enough that a bus might be needed to provide the much-needed transportation.

But money isn't everything, as one of the Westminister workers explained. "People have to get involved," said he. It was Stewart said he was fed up with the frustration of the draft card burnings and other antiwar protests in the United States.

Hiker, 58, Treks 1,550 Miles

OAKDALE, La. (AP) — Preston Jeffers, 58, completed a 1,550-mile hike from California to Oakdale this week. He started his trek Oct. 19.

Jeffers, who says he can't read or write, says he memorized the number 80 and stayed on U.S. 80 until he reached Shreveport, La., and from there was guided to U.S. 165 into Oakdale in west Louisiana.

"Folks asked me if I had a sponsor, but I didn't have one," said Jeffers. "I just like to walk."

Jeffers said he shunned offers of rides.

"If I hadn't done it (the walk), I'd still be wanting to," he said, "but there isn't enough money in the world to make me walk it again."

Schlesinger in Retrospect

'Didn't Like Bay of Pigs Cover-Up'

NEW YORK (AP) — Historian Arthur Schlesinger Jr., a former special assistant to President John F. Kennedy, says it was a case of "deep concern" to him when he was required to mislead the public about the Bay of Pigs invasion.

Schlesinger, interviewed by Mike Wallace on WCBS radio Tuesday night, said the invasion of Cuba by an exile force in 1961 was a clandestine operation in which the national interest came first.

Schlesinger said: "What happened, of course, was at the time of the Bay of Pigs, which was a big, misadvised, clandestine expedition, then, at the time of the landings the government in its wisdom decided to put out a cover story, a cover story minimizing the size of the expedition and minimizing its significance. And those of us who had been involved in the planning of the Cuban thing and were in contact with the press were instructed to put out that story."

Schlesinger said that while he had misgivings about the invasion and about mislead the public, "if I were in this thing I had to do the job and this was part of the job." He said he had "deep faith in President Kennedy."

'ACCOMPANIED BY LIES'

"Clandestine operations create particular problems. They've been carried on by nations for centuries and they are always accompanied by lies. That's part of the business," Schlesinger said.

Asked by Wallace about other incidents including the Dominican Republic and offers to negotiate by North Viet Nam, Schlesinger replied: "The Dominican Republic does not seem to me a case of lying in the sense of a deliberate misrepresentation."

"I think that President Johnson absolutely believed the speech he gave that Sunday night to justify our intervention in the Dominican Republic. I think he was very much mistaken and in due course it appeared that some of the assertions in his speech were wrong. But I have no question that he believed them when he made them."

"I don't understand all this business about the Viet Nam peace offers, why there is ever any serious cover-up on that. I don't think any of this is new in government. Obviously, there has to be a certain measure of protection for government activity; otherwise the Constitution would have provided that reporters sit in Cabinet meetings."

Schlesinger cited the U2 incident in 1960 as another clandestine operation requiring a cover-up.

School Bond Issue OK'd

HOLLAND (AP) — Voters in Holland School District Tuesday approved a \$1 million bond issue for school construction plus construction of a municipal swimming pool and a one-quarter levy for pool operation.

Rebound Continues

Stock Market Inching Higher

NEW YORK (AP) — The stock market inched higher today in active trading. Low-priced issues, aerospace defense stocks and airlines led the advance.

The economic news was good but mild as the market continued to rebound from its sharp selloff early Monday following the Federal Reserve's boost in the prime interest rate.

The government said business spending on plant and equipment will rise almost as sharply as last year.

The Dow Jones average of 30 industrial stocks at noon was up 1.06 at 552.39. The market's opening was met by brisk buying but the advance cooled as the day wore on.

Prices on the American Stock Exchange moved higher in heavy trading. Syntex gained more than 3 points, National Video and Conductor were up a point or so. Fractionally higher were Massey-Ferguson, American Electronics and Alloys Unlimited.

Terminal Hudson Electronics opened off a point on a block of 47,000 shares. Soltiron was up 3/4 with industrials up 1.2, utilities up 1.4 and the Dow Jones average of 30 industrial stocks at noon was up 1.06 at 552.39.

Standard & Poor's 500-stock index was up .17 at 91.56.

The Associated Press 67-stock average at noon was up 7 at 354.8 with industrials up 1.2, utilities up 1.4 and the Dow Jones average of 30 industrial stocks at noon was up 1.06 at 552.39.

The Associated Press 67-stock average at noon was up 7 at 354.8 with industrials up 1.2, utilities up 1.4 and the Dow Jones average of 30 industrial stocks at noon was up 1.06 at 552.39.

The Associated Press 67-stock average at noon was up 7 at 354.8 with industrials up 1.2, utilities up 1.4 and the Dow Jones average of 30 industrial stocks at noon was up 1.06 at 552.39.

The Associated Press 67-stock average at noon was up 7 at 354.8 with industrials up 1.2, utilities up 1.4 and the Dow Jones average of 30 industrial stocks at noon was up 1.06 at 552.39.

The Associated Press 67-stock average at noon was up 7 at 354.8 with industrials up 1.2, utilities up 1.4 and the Dow Jones average of 30 industrial stocks at noon was up 1.06 at 552.39.

The Associated Press 67-stock average at noon was up 7 at 354.8 with industrials up 1.2, utilities up 1.4 and the Dow Jones average of 30 industrial stocks at noon was up 1.06 at 552.39.

The Associated Press 67-stock average at noon was up 7 at 354.8 with industrials up 1.2, utilities up 1.4 and the Dow Jones average of 30 industrial stocks at noon was up 1.06 at 552.39.

Minister Heard in Selma Case

Tells of Attack by One of Trio on Trial

SELMA, Ala. (AP) — A California minister testified today that he was attacked last March on a Selma street by one of three white men on trial for the fatal clubbing of Rev. James J. Ray of Boston, a participant in a civil rights campaign.

There is no doubt in my mind after having seen this man in person," said Rev. Clark Olsen, 32, of Berkeley, Calif., who was with Reeb when he was knocked to the pavement.

But Olsen, recalled to the stand in the second day of the murder trial, said he could not deny having identified another of the defendants as his attacker when shown photographs by the FBI two weeks after the March 9 incident.

Olsen said he was positive he was struck by Elmer L. Cook, 42, although the witness on cross-examination said he did not remember if he had told FBI agents that another defendant, William Stanley Hogue, 37, was the man.

ANY DOUBT "Is there any doubt — any doubt whatsoever — in your mind that Elmer Cook was the man who attacked you?" he was asked after seeing Cook in person.

He was asked if Cook was the man who swung the club and killed Reeb.

"In my judgment, he was not," Olsen said.

Olsen was followed to the stand by Rev. Orloff Miller of Boston, who also was with Reeb the night of the attack.

Cook, Hogue and his brother, Namon O'Neil Hogue, the third defendant, showed no emotion at Olsen's testimony.

Wayne State Board Elects 4 From Area

Four Pontiac area persons were recently elected to office by the Wayne State Fund board of directors for 1966.

Robert W. Hague, 58, Mayor of Birmingham, is the new president. Hans A. Matson, 55, of Edgemoor, Bloomfield Hills, has been elected a vice president.

New vice presidents are Mrs. Irving Dworkin, 61, of Stone-wood, Farmington Township; and George Quinn, 52, of Adams, Oakland Township.

Youth Admits Bank Robbery

A Bloomfield Township youth yesterday pleaded guilty in Miami, Fla., to robbing a bank of \$8,000 last summer.

William J. Tehoy III, son of Mr. and Mrs. William J. Tehoy, 680 Valley, had previously entered a plea of innocent in the holdup of the Fidelity National Bank in Miami.

Tehoy, 26, and two others were accused of robbing the bank June 18.

A jury was being called to hear the case against the others, Paul W. Granville, 29, and Eileen K. Thomas, 24.

Tehoy had completed his sophomore year at the University of Miami shortly before the robbery occurred.

News in Brief

Richard Johns of 2480 Maplecrest, Waterford Township, reported to township police yesterday the theft of \$40 from his home.

Warren Welch of 581 S. Aylesbury, Waterford Township, reported to township police yesterday the theft of \$40 from his home.

Interest a Factor

Credit: a Way of Life

By SAM DAWSON
AP Business News Analyst

NEW YORK — Credit is a way of life with many American families and most businesses. A general rise in interest rates thus can affect the family budget and business operating costs.

But by how much? And how will they react? Those are the questions now facing the Federal Reserve Board.

It has raised the basic interest rate. It now charges banks 4 1/2 percent to borrow from it instead of the 4 percent as of last week. This led many commercial banks to raise their own prime, or basic, rate from the previous 4 1/2 percent to 5 percent.

The question is whether this will spiral into higher borrowing costs for consumers and most businesses. And if it does, will this dim the ardor of many families for new gadgets bought on time, cause many firms to trim borrowing plans, or to raise prices to offset rising operating costs.

Those who think the effects of the Fed's action may be slight argue this way:

OLD PRIME RATE Few business loans of late have been made at the old prime rate of 4 1/2 percent. Most firms have been paying 5 percent or more to get funds. The big demand for credit may push the borrowing costs for the least favorable risks a bit higher. But few customers are likely to be driven away.

Interest is tax deductible. That is, it is part of operating costs to be charged off before paying the corporate income tax. This is still near 50 percent.

He was asked if Cook was the man who swung the club and killed Reeb.

"In my judgment, he was not," Olsen said.

Olsen was followed to the stand by Rev. Orloff Miller of Boston, who also was with Reeb the night of the attack.

Cook, Hogue and his brother, Namon O'Neil Hogue, the third defendant, showed no emotion at Olsen's testimony.

Give Cold Soup Look of Parfait With Fruits

Soup served parfait style gets dinner or lunch party off to a festive start. This soup combines black bean with oranges, grapes and sour cream.

Sprinkle 1 envelope of unflavored gelatin over 1/2 cup of cold water to soften. Place over low heat. Stir until gelatin dissolves. Remove from heat.

Add 1 (10 1/2 ounce) can of condensed black bean soup, 1 cup of water and 1 tablespoon of orange-flavored liqueur. Blend until smooth. Chill until firm.

To serve, combine 1/2 cup each of diced orange sections, halved seedless grapes and sour cream.

Spoon a small amount of jellied soup into 7 or 8 (4 ounce) stemmed glasses. Top each with fruit mixture, layering it with soup and garnish with additional grapes.

MAIN COURSE — Pork 'n Rice Stuffed Squash will delight the family — and any lucky guest hungry for a real, "home-cooked" dinner. Colorful, and satisfying, it's a perfect cold weather entree.

Tasty Stuffing for Squash

Flavorful acorn squash inspires this tantalizing dinner main dish. And it's so oven-easy to prepare.

In minutes you can toss the gently spiced filling together and stuff squash halves. The ingeniously seasoned pork-rice filling has canned onion dry soup mix as its flavor-secret ingredient. Celery and currants give more flavor and texture interest.

With an entree as hearty as Pork 'n Rice Stuffed Squash little else is needed to complete the menu. Nice go-alongs could be hearts of lettuce salad, hot rolls, butterscotch pudding, milk, and coffee.

Keep cans of onion dry soup mix within easy reach on your kitchen shelves. You'll find its zesty goodness a pleasant addition to many dishes. Use a little — or a lot. Any unused soup mix stays fresh right in its can with the reusable plastic lid.

Pork 'n' Rice Stuffed Squash
3 medium acorn squash
Melted butter
1 pound ground pork
1 cup cooked rice
1 can (1 1/2 ounces) onion dry soup mix
1/2 cup diced celery
1/4 cup water
1/4 cup currants
1/4 teaspoon sage
6 thin apple wedges
Cinnamon

Split squash, remove seeds and fiber. Brush insides with butter; place in shallow baking dish (13x9x2"). Meanwhile, combine pork, rice, soup mix, celery, water, currants, and sage; stuff into squash. Bake at 400 degrees for 45 minutes. Top with apples sprinkled with cinnamon; bake for 15 minutes more. Makes 6 servings.

Immediately after the meal is served, remove the stuffing from the bird and store, covered, in the refrigerator.

Fruity Float From Eggnog

A holiday social for grown-ups? Why not try a new twist with eggnog? Try Pineapple Eggnog Float.

In a mixing bowl beat 4 scoops of vanilla ice cream until smooth. Gradually add 1 cup pineapple juice, then 2 cups dairy eggnog. Pour into tall glasses and top each with a scoop of vanilla ice cream.

Served with slices of fruit cake and butter cookies, this will make a special occasion.

Fruit and Nuts Go Under Cake Batter

Be an angel and make this Nesselrode Cake several times during the holidays ahead. It is indeed made of sugar plums — well, rich, crispy pecans. It's — and rich, chippy pecans. It's as pretty a cake as we've seen for some time, too.

A cake like this is rich, and will feed a group quite handsily. Everyone will enjoy it to the last bite, but we think that one slice at a sitting should satisfy most appetites.

Serve it as the finale to a festive holiday meal or with coffee when folks come calling; no matter what the occasion,

this pecan-fruit layered cake will help to make the party merry.

Nesselrode Cake
6 tablespoons melted butter
1/2 cup pecan halves
1 cup chopped mixed candied fruits and peels
1/2 cup chopped maraschino cherries
1 package 2-layer-size yellow cake mix

1 cup heavy cream
1/2 cup sifted powdered sugar
1/4 teaspoon vanilla

Spoon 2 tablespoons melted butter into bottom of 3 8-inch round cake pans; arrange pecan halves in butter. Mix candied fruit and cherries; spoon over pecans. Prepare cake mix as directed on package; pour butter over the fruit and pecans. Bake in a 375 degree oven for 35 minutes or until done.

Cool for 5 minutes; loosen edges and turn cakes out onto cooling racks. Cool. Place 1 cake layer, fruit side up, on a serving plate.

Beat cream, adding powdered sugar gradually, until it holds its shape. Add vanilla. Spread 1/2 of cream over cake layer. Top with second layer, fruit side up, and 1/2 of remaining cream. Top with remaining cake layer and cream.

Decorate top with additional pecans and cherries, if desired. Refrigerate until serving time. Makes 12 to 15 servings.

Apple Salad Cups

Red Apple Cups make holiday salads festive. Scoop out a Delicious, Rome Beauty, or Wine-sap apple. Fill with a tasty fruit salad of chopped apple, white grapes, marshmallows, and chopped nuts. Top with mayonnaise and a sprig of mint.

NESSSELRODE CAKE—Each layer of this holiday treat has its own filling baked right in. You won't want to frost the sides and hide the fruit-nut layers. Add a fluff of whipped cream between the layers and on top and crown it with a garnish of pecan halves and fruit.

delicious oyster stew... low-calorie too!

Gulf Kist COVE Oysters fresh from the sunny Gulf Coast

From the unruffled inlets of the Gulf Coast, Gulf Kist brings you a delectable and true cove oyster. Gulf Kist captures all the fresh just-shucked flavor at modern canneries right in the Gulf Coast area. Enjoy Gulf Kist Oysters often in stews, dressings or sauteed in butter to make an elegant oyster par-rust.

Only 115 calories in a whole can of Gulf Kist Oysters... so feast and keep slim!

Rips Into Villanova for Third in Row

Princeton Still Roaring Minus No. 1 Tiger

By United Press International
Bill Bradley left the Princeton Tigers a valuable legacy when he graduated.

Bradley carried the Tigers all the way to the semifinal round

of the NCAA Championship in 1964-65 and the winning tradition he established at Princeton lingers on after him.

No one expected the Tigers to retain their lofty position in the college basketball world after Bradley moved on to Oxford,

but Princeton is playing as if he never left.

The unbeaten Tigers smashed a good Villanova team 85-55 Tuesday night for their third consecutive victory and did it in such convincing fashion that they are not like-

ly to surrender their eastern title without a fight.

Although no one individual has been able to replace Bradley, Princeton has used a well-balanced attack and a tall front line to overwhelm its opponents, including Army, a 70-49 victim last weekend.

Third-ranked St. Joseph's, fifth-ranked Minnesota, Vanderbilt (No. 6) and Kansas (No. 7) all emerged unscathed in other key games.

BIG HURDLE

Vandy, opening defense of its Southeastern Conference title,

cleared a big obstacle by edging 18th ranked Tennessee 53-50 as all-America Clyde Lee tossed in 20 points and swept the boards clean. The Commodores opened an early lead and held off a late Vol drive for a 2-0 record.

St. Joe's, like the other ranked teams, had an easy time against an intersectional opponent, burying Bellarmine 98-68.

Big Ten contender Minnesota crushed post Drake 81-47 as Lou Hudson tossed in 21 points and three other players scored in double figures.

Kansas mauled New Mexico State 102-51 by shooting 51 per cent from the field and dominating the backboards, while Art Leonard and Larry Brown, the unlikely sources in its 55-52 triumph over Oklahoma State.

Chad Brown, a State player, cut his own team's lead to 32-30 early in the second half when he dropped an easy layup into the wrong basket.

That boner, combined with some other sloppy performances, was too much for the Cowboys to overcome despite a 50 per cent field goal percentage.

Leaf's Defenseman Undergoes Surgery

TORONTO (AP) — Defense Hockey League action for at least six weeks.

Baum was injured last Sunday during the Leafs' 5-1 loss to Detroit when Red Wings forward Alex Delvecchio tripped and fell right to be out of National over him.

Mat Tournament Favorites Triumph

Two of the favorites in the Oakland County Wrestling Tournament this Friday and Saturday posted impressive wins in dual competition last night.

Walled Lake pinned a 31-15 setback on Ypsilanti and Hazel Park trimmed Berkley 33-8. Both winners will be on hand when the county tourney opens Friday afternoon at Oakland University.

The victory was the second in a row for Walled Lake, and it could be a long season for the losers who captured the

state championship two years ago.

Walled Lake won seven of the 12 events, with five of the winners posting pins. Pinning their opponents were Ray Buffmyer (95), Ron McCormick (127), John Heller (138), Dennis Fitzgerald (145) and Ron James (Heavyweight).

Hazel Park won nine events and tied one in romping past Berkley.

In another match, Birmingham Seasholm downed Madison, 41-13.

Fish Licenses Now Available

Michigan's 1966 fishing licenses and trout stamps, including new 50-cent licenses for residents 65 years and older, can now be bought at local dealers throughout the state.

Also available with next year's licenses and stamps which carry the same fees as before, are copies of 1966 rules for fishing in this state.

New licenses which are purchased now may be used for fishing during the balance of this year as well as throughout 1966. This year's licenses and stamps remain good until the end of December.

Aside from the new license for senior fishermen which also covers their wives, fishing fees remain at \$2 for the annual resident license; \$4 for the 15-day nonresident license; and \$2 for the trout stamp.

Agers 65 and over are still required to buy this stamp for trout fishing.

Boxer Chuvalo Wins; Seeking British Crown

LONDON (AP) — Canadian heavyweight George Chuvalo, who failed in his bid to win the World Boxing Association heavyweight crown from Ernie Terrell last month, is after Henry Cooper's British Empire title.

Chuvalo outpointed Joe Bygraves, former British Empire champion from Jamaica, in a 10-round Tuesday night. The Canadian, weighed 207, Bygraves 209½.

Irving Ungerman, Chuvalo's manager, said the Canadian champ would stay in England for awhile.

"Frankly," said Ungerman, "we hope Chuvalo's next fight will be in London — preferably for Cooper's Empire title."

Against Bygraves, Chuvalo suffered an inch-long cut on his head that seemed to trouble him somewhat. But he scored heavily with combination punches and won easily.

Buck Taken Near Home Tops Big Deer Contest

Many deer hunters who went over B. J. (Buck) Hull, 3003 to the Upper Peninsula this hunting season, do not realize the 305-year came back claiming the pounder just off M59 near the hunting "isn't what it used to be" in Oakland-Livingston county line opening day.

Hull, who works at the Pontiac Retail Store, will receive \$150 in savings bonds. The U.P. long has dominated the contest. Until last year, the northern peninsula chalked up an impressive total of eight straight winners. The string broke last year — but not without a strong challenge.

For the first time in 12 years a buck tagged in the Oakland County area has won the hon-

WINNER—B.J. (Buck) Hull won the annual Pontiac Press Big Deer Contest with a 205-pound buck. Hull will receive \$150 in savings bonds.

Bird Count Scheduled by Audubon Members

The annual holiday bird count by the Pontiac Audubon Club will be Jan. 1.

Headquarters for the event, which is part of a national bird census, will be the home of Mrs. John Plassey in Lake Orion. PAC members will note the kind and number of birds in designated areas during the day.

The club's annual Christmas party will be tonight at the home of John Ziarnik, 479 Old Perch, Avon Township, at 7:30.

Drayton — 673-7464

COMIN' DOWN THE MOUNTAIN — This deer, along with others shot high up in the woods near Park Rapids, Minn., rides a ski chair ahead with its adversaries after a recent hunt. The hunters had good luck in the vicinity of their camp near the terminal of the lift. To get themselves and their kill down to their cars, they used this direct and easy method.

Hunter Success Survey Shows Pheasant Decline

Pheasant hunters experienced a 7-13 per cent drop in shooting success during the 1965 season, compared with last fall when they harvested 837,000 ring-necks, according to the Conservation Department.

The estimate, based on hunter contacts during the Oct. 20 opener and the first Saturday of the 22-day season, partly reflects the fact that the birds' numbers were down from a year ago.

Also accounting for the come-down in kill were generally steady rains during the season's start which apparently dampened the hunting efforts of many shotguns.

Department field surveys showed that hunting pressure on that first day was light in most parts of the state's pheasant country. Fewer hunters were afield than the year before and those who were spent less time trying to flush birds.

On the average, about one of every four hunters bagged a pheasant during the early-season check. In 1964, nearly one-third of them were successful during the survey period.

This fall's success rate figured out to almost 10 ringnecks for

Hope College, 104-85

VALPARAISO, Ind. (AP) — Valparaiso Crusaders led all the way Tuesday night in rolling to an easy 104-85 basketball triumph over Hope College of Holland, Mich.

Despite the defeat, the visitors had the individual scoring leader in Clare VanWieren, who counted 27 points. Teammate Don Kroenemeyer had 20. Verne Curtis topped the winners with 24 and Rich Evon had 16.

Deer Hunters to Air Views

Hunters who oppose the shooting of antlerless deer — and those who feel it is necessary — will get an opportunity to express their viewpoints Saturday at Pontiac Central High School.

Sen. Carl W. O'Brien, D-Pontiac, chairman of the Senate Conservation Committee, has called a public hearing which will start at 10 a.m. in the school's auditorium.

"I have received numerous complaints from hunters about the past season," said O'Brien. "The hearing in Pontiac and possibly one on the west side at Kalamazoo or Grand Rapids will help give a clearer picture on how hunters really feel."

The procedures for the hearing haven't been determined, but O'Brien said each speaker "probably will give a set amount of time to state his case."

Hunters are expected to do most of the talking. Several Conservation Department game experts have indicated they will attend. Whether they plan to take the floor is not known. The hearing is expected to draw hunters from Southeastern Michigan areas outside of Oakland County.

BOTH SIDES

"I hope we are able to hear from satisfied as well as unsatisfied hunters," said O'Brien. Three or four members of O'Brien's Conservation Committee are expected to attend.

The hearing was triggered by Senate majority leader Raymond Deenzel, D-Detroit, who called for the committee to conduct a "thorough and intensive study of the deer situation in the state."

Deenzel is asking the committee to "submit a report of their findings to the Senate for possible legislative action."

O'Brien, a non-deer hunter, said that several actions could result from the hearings.

"One suggestion is that we institute a three-year moratorium on shooting of antlerless deer during which time no doe or fawn be legally taken," he said.

Another possibility, he pointed out, is a major curtailment in the issuance of permits for certain areas. Still another result could be affirmation of the Conservation Department's deer management policies.

Conservation Director Ralph MacMullen said it was too early to determine whether there should be changes in the antlerless season.

"We are being asked by some to commit ourselves now to a course of no antlerless deer permits for at least some portions

of the state in 1966. To make such a decision now, in the absence of facts, would be reckless and irresponsible," he said.

MacMullen said recommendations for changes next year in the deer season will be following a "careful study of the information we gain from this year's season, the critical winter

period and next spring's bird survey and fawn crop." The deer kill this year was expected to be below the near 140,000 record set last year.

Hunters have blamed what they call a poor season on the antlerless deer season. The Conservation Department this fall issued 236,000 antlerless deer permits.

County Defers Plans for Welfare Merger Despite Money Loss

Despite a pending quarterly loss of \$55,000, Oakland County officials decided yesterday to defer plans to merge the county welfare department with the state welfare agency.

The decision to hold off on merger plans was made by the ways and means committee of the County Board of Supervisors on the recommendation of the County Department of Social Welfare's three-member board of directors.

Welfare Board chairman John A. Macdonald and member Mrs. John D. Ramsey told the ways and means committee they opposed the merger because the merger bill passed by the State Legislature Oct. 27 is vague and requires further interpretation.

Macdonald said Maurice J. Croteau, the other board member, shared this opinion.

The merger bill excluded only Wayne and Oakland counties from a mandatory merger of county and state welfare agencies.

MAY MERGE LATER
However, it left the door open for the two counties with over 400,000 population to enter a merger in the future and re-

Delaware 13th to OK Disability Amendment

BOVER, DEL. (AP) — Delaware has become the 13th state to ratify the proposed 25th amendment to the U.S. Constitution. A total of 38 states must approve it to put it into effect.

The amendment provides for the vice president to assume the duties of the president in case the latter is incapacitated. It also provides for selection of a new vice president if that office becomes vacant.

2 Robberies in 2 Weeks

DEARBORN (AP) — Two weeks after being robbed of \$4,000 by two men, the Ford Motor Co. Rouge Employees Credit Union was robbed of \$2,000 Tuesday, again by two men. Police said it was not known whether the same men were responsible.

BICYCLE AUCTION
Bicycle auction will be held on December 11, 1965 at 11:30 a.m. at Pontiac Police Department, 116 E. Pike Street, for all unclaimed and found bicycles being held.

BACKSTAGE VISITOR — Mrs. John F. Kennedy is surrounded by members of the cast of the Broadway musical, "On a Clear Day You Can See Forever," as Alan Jay Lerner (center) escorts her backstage after the performance last night in New York. Lerner wrote the book and lyrics for the show.

Sentence Man for Killing Kin

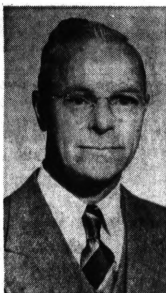

A Farmington Township man was sentenced yesterday to 4½ years in the state prison at Jackson for killing his brother-in-law.

Arthur C. Fleming Jr., 29, of 25068 Farmington was sentenced by Circuit Judge Frederick C. Ziem. Fleming had pleaded guilty Nov. 9 to manslaughter in the fatal shooting of George Henry, 33, of Detroit.

The shooting occurred Aug. 14 at the Upper Straits Lake Resort Club, 9140 Richardson, Commerce Township.

Henry, his wife and their four children had been living at the camp during the summer.

Sheriff deputies said the apparent motive for the shooting was that Henry had allegedly propositioned Fleming's wife.

DR. JOHN LINTON

Evangelist Dies During Talk in City

Dr. John Linton of Windsor, Ont., noted Scottish evangelist, author and Bible teacher, died last night while giving a message to children during a service at Memorial Baptist Church, 599 Michigan.

Service will be Saturday from the Campbell Avenue Baptist Church in Windsor. His body is at the Kelley Funeral Home, Windsor.

Dr. Linton, 76, a graduate of McMaster University in Toronto, Ont., had served in Montreal, Toronto and Windsor pastorets. For the past 20 years he has been an evangelist in the United States and Canada.

Dr. Linton has been coming to Pontiac area churches as speaker and evangelist for more than 15 years. He was editor of The Bible Herald.

Surviving are his wife, Winifred; two sons, a daughter; several grandchildren; a sister; and two brothers.

3 Sentenced for Area Break-In

Prison terms were ordered yesterday for three Flint area men convicted last month of breaking into an Independence Township clothing store.

Sentenced to the state prison at Jackson were Archie C. Brown, 37, Donald N. Brandon, 27, both 2½-10 years; and Johnnie Creed, 32, 1½-10 years.

They were sentenced by

Deaths in Pontiac Area

MRS. GEORGE BEAMISH
Service for Mrs. George (Mary E.) Beamish, 82, of 771 Wing will be 10:30 a.m. tomorrow at the D. E. Pursey Funeral Home with burial in White Chapel Memorial Cemetery, Troy.

Mrs. Beamish died yesterday after a long illness.

FRANK BERTOLI
Private graveside service for former Waterford Township resident Frank Bertoli, 50, of Lakeview, will be at Holy Sepulchre Cemetery, Southfield, by the Harris Funeral Home, Detroit.

Mr. Bertoli, a retired Detroit fireman, died Sunday after a short illness. He was a former member of St. Michael Catholic Church of East Jordan.

Surviving are three daughters, Blanche of Lakewood, Mrs. Eugene J. Goupie of Detroit and Mrs. Otis Miller of Waterford Township; 12 grandchildren; 21 great-grandchildren; and two sisters.

C. DELOIS DEBOIS

Service for former Pontiac resident C. DeLois DeBois, 58, of Shepherd will be 2 p.m. tomorrow at the Rusk Funeral Home in Mt. Pleasant with burial there.

Mr. DeBois died Monday after a brief illness. He had been employed in the pressroom of the Fisher Body Plant.

Surviving are his wife, Vergal, a stepson, Kenneth DeBois of Cadillac; two daughters, Mrs. Robert Parker of Shepherd and Mrs. Jim Kistler of Arlington Heights, Ill.; and 10 grandchildren.

Also surviving are two sisters, Mrs. Clarence DeBois of Pontiac and Mrs. Leo Smith of Holly, and two brothers, Kenneth of Pontiac and Gerald of Lansing.

MRS. KENNETH R. PALMER
Prayers will be offered for Mrs. Kenneth R. (Edith M.) Palmer, 31, of 5653 Sparrow Wood, Waterford Township, at 10 a.m. tomorrow in the Ross B. Northrup & Sons Funeral Home, 22401 Grand River, Detroit.

Requiem Mass will follow at 11 a.m. at St. Perpetua Catholic Church, Waterford Township, with burial in Holy Sepulchre Cemetery, Southfield. The Rosary will be said at the funeral home at 9 p.m. today.

Mrs. Palmer died Monday after a short illness. She was a member of St. Perpetua Church and the Altar Society of her church.

Surviving besides her husband are a daughter, Diane at home; her mother, Mrs. Sarah Starnett of Detroit; a sister; and three brothers.

JOHN D. MILAM
Prayer service for John D. Milam, 49, of 231 Lorberta was at this morning at Sparks-Griffin Chapel, Service and burial will be 10 a.m. Friday at the Pafford Funeral Home in Lexington, Tenn.

Mr. Milam, an employee of Fisher Body Plant, died yesterday after a long illness.

Surviving are his wife, Mary

Sue; his parents, Mr. and Mrs. Charles E. Milam of Lexington; and six children, Gerald D. of Fairbairn, Ohio, Mrs. Douglas Alexander of Clarkston, Mrs. Ronald Armstrong Jr., and Billy W., Dajene C. and Jeffrey L., all of Pontiac.

Also surviving are seven grandchildren; four brothers, Charles E. Milam Jr. of Waterford Township and Paul B., Herbert J. and Wilbur G., all in Tennessee; and two sisters.

MRS. FRANK CROWELL
AVON TOWNSHIP — Service for Mrs. Frank (Sadie) Crowell, 88, of 2468 Auburn will be 2 p.m. Friday at the Watson Funeral Home, East Jordan.

Her body will be at the Harold R. Davis Funeral Home, Auburn Heights, from 7 to 9 p.m. today.

Mrs. Crowell died yesterday after a long illness. She was a member of the Methodist Church of East Jordan.

Surviving are two sons, Rosco of Avon Township and Frank of Warren, and four grandchildren.

MRS. GUY MINNIS
ORTONVILLE — Private service for former resident Mrs. Guy (Caroline) Minnis, 87, of Chicago, Ill., will be today at the C. F. Sherman Funeral Home. Burial will be in Ortonville Cemetery.

Mrs. Minnis died Saturday after a long illness.

ALFRED J. RANGER
TROY — Service for Alfred J. Ranger, 41, of 1920 Colledge will be 11 a.m. Friday at the Bell Chapel of the William R. Hamilton Co., Birmingham.

Burial will be in Roseland Park Cemetery, Berklee.

Mr. Ranger died yesterday in an automobile accident near Lansing. He was a concessionaire at the Orchard Lake Country Club.

Surviving are his wife, Erna; his mother, Mrs. Matilda Ranger of Birmingham; three daughters, Mrs. Nicholas Kamrad of Windsor, Ont., Mrs. Vartan Angier of Detroit, and Renate at home; five sons, Richard, Raymond, Alfred Jr. and Randy, all at home and Ronald, serving in the U.S. Army in Germany; and two grandchildren.

4 to Stand Trial on Charges From Gambling Raid

Four Pontiac area men were ordered yesterday to stand trial in Circuit Court on conspiracy to gamble charges stemming from a 1963 raid.

They are Clovis Skelton, 51, of 33 W. Colgate; Roy L. Powell of 822½ Baldwin; Robert L. Barnes, 312 N. Saginaw; and Ellis C. Adler, 1910 Hopfield, Orion Township.

All stood mute to the charge when they were arraigned before Circuit Judge William J. Bean. No trial date was set.

The four were arrested in Pontiac July 19, 1963, when federal agents, city and state police raided an alleged bookie operation at a bar then owned by Skelton.

Chicken Coop Fire Is Blamed on Children

Children playing with matches were blamed for a \$1,600 chicken coop fire yesterday afternoon at the James LaBrie residence, 4026 Farmer, Waterford Township.

Firemen listed damage at \$750 to the building and \$300 to contents.

Police Capture Speeding Teen

Driver Jailed After Wild Chase, Crash

A 17-year-old Detroit youth is in the Oakland County Jail after leading law officers from seven communities on a wild, 100-mile-an-hour chase through the Pontiac area yesterday.

Hubert Dorsey was finally apprehended by Pontiac police at the intersection of Orchard Lake and Oneida, where Dorsey's stolen pickup truck collided with a Keego Harbor police car.

Minutes before, Dorsey had run a road block set up at Orchard Lake and Telegraph, smashing into scout cars from Sylvan Lake and Bloomfield Township.

Police from Bloomfield Hills, Bloomfield Township, Sylvan Village, Keego Harbor, West Bloomfield, Orchard Lake and Pontiac assisted in the chase.

Almost miraculously, no one was hurt.

The six-mile chase started in Bloomfield Hills when Patrolman James Seefeld attempted to pull Dorsey over after spotting the youth drag racing with another car.

NORTH ON WOODWARD
The chase proceeded north on Woodward, through a gas station to Square Lake Road, in the back entrance to the Miracle Mile Shopping Center and across a field to Telegraph.

Seefeld, who had radioed for help from other departments, said Dorsey crossed the state line, forcing officers during the chase, forcing other cars off the road.

Pontiac police, who joined the chase at Orchard Lake and Telegraph, said Dorsey's truck jumped the curb at Oneida before slamming into a fire hydrant and utility pole and colliding with the Keego Harbor scout car.

Police said the truck was reported stolen in Hamtramck.

Dorsey is held for investigation of unlawfully driving away an automobile.

Target Date for Opening of Centers Set

James McNeely, executive director of the Oakland County Office of Economic Opportunity (OEO), said today that Dec. 20 was the target date for opening the county's two area centers, in Pontiac and Royal Oak Township.

Speaking at the monthly meeting of the OEO Commission, McNeely said his office has nearly completed recruitment of the initial staff of 20 persons at each area center.

An additional 22 persons will begin a training program in January, McNeely said, and he estimated that a full staff of 117 persons would be on the OEO payroll in six months.

Formal opening ceremonies at the two area centers are tentatively scheduled for late January.

In other business, the OEO Commission unanimously passed a resolution specifying that all OEO programs be available to any eligible county resident.

Commission Chairman Carl F. Ingraham explained that under this resolution a child who lives in Birmingham, for example, could enter a program in another school district.

Smithsonian Plans Negro History Exhibit

WASHINGTON (AP) — The Smithsonian Institution is planning its first permanent exhibit devoted to Negro history.

Frank A. Taylor, director of museums, said Tuesday that the exhibit will trace the history of the civil rights movement from the earliest slave days to the 1963 march on Washington.

Watch Out for Santa With 16 BB Guns

At least one Santa Claus is an imposter. And he's armed.

Community Activities, Inc., officials reported to Waterford Township police yesterday theft of a Santa Claus suit and 16 BB guns from the basement of the building at 5640 Williams Lake.

REALLY BARKS ORDERS — Meet Lance Cip. Rip Wrinkle "Klinker" O'Woodsee, a 5-year-old English bulldog recalled to active duty by the marines and assigned yesterday as official mascot at the Marine Corps Recruit Depot, Parris Island, S.C. Klinker served as a recruiting station mascot in New York until a heat stroke in 1964 sent him back to his owners, Mr. and Mrs. Lawrence Keefe of Verplanck, N.Y., on convalescent leave.

Waterford Twp. Acts to Protect Children

Initial measures were taken last night to remedy dangerous conditions confronting several Waterford Township school children who must walk to school.

Holding its first meeting, the newly organized Citizens' Safety Advisory Committee appointed a steering committee to formulate a plan for attacking the problem.

The steering committee's findings will be reviewed at a Dec. 21 meeting at the Board of Education offices, with the formal study expected to begin shortly after Jan. 1.

Twenty-one persons attended last night's meeting.

Most agreed that a combination of measures will be necessary to alleviate the problems of the many "danger spot" areas, including additional walkways, school bus transportation and sidewalks and road widening.

SEE TOTAL PROBLEM
A spokesman asserted that the study will consist of a look at the total problem, including traffic count, safety patrols, overpasses, crossing guards, right-of-way, width of road shoulders and the Road Commission's plan for widening certain highways.

A traffic count will be conducted on busy thoroughfares during school hours when the formal study begins, it was noted. Volunteers will be needed.

Boy, 4, Apparently Caused \$5,000 Fire

A 4-year-old boy, playing with a cigarette lighter in a bedroom closet, apparently caused a \$5,000 fire yesterday afternoon at the Kenneth Hoy residence, 3983 Letart, Waterford Township.

Township fire fighters listed damage at \$3,000 to the building and \$2,000 to contents.

Three trucks were sent to battle the blaze shortly after 2:30.

\$500 Said Collected for U.S. Foes in Viet

BERKELEY, Calif. (AP) — The Medical Aid Committee says it has collected \$500 at the University of California and Stanford University for "Victims of United States aggression in Viet Nam."

Committeemen said Tuesday that money orders were mailed to the International Red Cross at Geneva, Switzerland, asking that the funds be used to buy medical supplies to be sent to "The Red Cross of the Democratic Republic of Viet Nam in Hanoi and the South Viet Nam Liberation Red Cross through its representative in Moscow."

Marine General Dies

WASHINGTON (AP) — Maj. Gen. William P. T. Hill, 70, former quartermaster general of the Marine Corps, died Monday after a stroke. Hill, a Marine aviator in World War I, served as quartermaster general from 1944 until he retired from service in 1955.

SANCTUARY — Mrs. JESSIE M. HILL, 62, of 1000 E. 12th St., Detroit, died Monday after a long illness.

Surviving are her husband, Mr. Hill, 65, of 1000 E. 12th St., Detroit; two sons, Mr. and Mrs. Charles E. Hill, Jr., of Detroit; and two daughters, Mrs. Charles E. Hill, Jr., of Detroit; and two daughters, Mrs. Charles E. Hill, Jr., of Detroit; and two daughters, Mrs. Charles E. Hill, Jr., of Detroit.

WILLIAM P. T. HILL

Says Busing Aids Negro Schoolwork

CAMBRIDGE, Mass. (AP) — A Harvard research psychiatrist says the schoolwork of 30 Negro children has improved substantially since their parents hired a bus a year ago to send them to a predominantly white school.

Dr. Robert Coles of the Harvard University Health Services has been riding on the bus and attending classes with the children.

He is interviewing their parents and brothers and sisters in an attempt to learn the value of transporting children from predominantly Negro to predominantly white schools.

"In not one case have I found the integration or the busing harmful and in a vast majority of cases the results were surprisingly good," he said in an interview.

The parents of the 30 children hired the bus last year and sent their children out of the Roxbury section, across town to a school at the foot of Beacon Hill.

Those parents and many others have waged a running battle with the Boston School Committee over the quality of schools in predominantly Negro districts. Coles said 20 of the 30 children had improved scholastically on an average of a whole grade, from a C to a B or a D.

to a C. Some went from below average to well above.

Rhodesia Puts Curb on Radio

SALISBURY (UPI) — A government edict making it a crime for Rhodesians to listen to "seditious" radio broadcasts in a public place went into effect today.

Anyone found guilty of disobeying the regulation would be liable to a \$200 fine or two years in jail. The regulations, announced last night, applied to "highly subversive and seditious broadcasts from neighboring countries."

The Rhodesian government ordered the ban in an apparent attempt to minimize the effects of broadcasts from a special transmitter Britain is setting up in Bechuanaland, 15 miles from the Rhodesian border.

The station is to broadcast news bulletins into the country, which seized its independence from Britain Nov. 11.

It also was expected to carry addresses from Prime Minister Harold Wilson and other British officials urging white Rhodesians to throw out the regime of Premier Ian Smith.

(In Johannesburg, the "Rand Daily Mail" said Bechuanaland police had warned technicians building the station to beware of a possible plot to blow it up.)

San Francisco Fights Sin, Sex

SAN FRANCISCO (AP) — Vice in San Francisco is again under fire, this time in a grand jury denunciation of sin, sex and "moral decay."

But the bright lights didn't even flicker in a city whose Barbary Coast past makes it "amateur topless night" a home event and where neon flash "Made Model Strip Poker."

Even the Salvation Army gave up after an attempted revival and announced it wouldn't try that again on the North Beach nightclub strip.

The San Francisco grand jury, which makes reports of city activities one of its traditional functions, noted Tuesday what it called a marked increase in pornographic literature and "open and notorious solicitation for prostitution."

Jurors also took a new swing at the city's topless waitresses and showgirls.

Police arrested several bare-bottomed performers in raids on North Beach clubs last summer, but Municipal Court judges said the police failed to make a case under existing decency laws.

Dirty books, prostitutes and semiregular showgirls — and narcotics and homosexuals — abound in the areas frequented by San Francisco's estimated 2.5 million visitors this year, according to the grand jury report.

2 Communications Firms Plan Merger

NEW YORK (AP) — American Broadcasting Companies, Inc., and the International Telephone & Telegraph Corp. have agreed to merge into a \$1.8 billion company operating in nearly every phase of the communications industry.

The merger, approved by the boards of directors of the two companies Tuesday night, would involve a stock transaction of between \$350 and \$400 million.

Harold S. Geneen, chairman and president of I.T.&T., and Leonard H. Goldenson, president of ABC, said in a joint statement:

"The consummation of the arrangement is subject to the approval of the shareholders of each company and to the approval of the Federal Communications Commission and other appropriate government agencies and the obtaining of a favorable tax ruling."

The impact of the merger would also be felt strongly abroad. I.T.&T. is a major producer of radio, television and communications in Europe, Latin America and the Far East.

One of the conditions of the merger, said the joint statement, "will be the continued autonomous operation and management of American Broadcasting Companies, Inc., by its present management as a separate subsidiary of International Telephone & Telegraph Corp."

Assets of I.T.&T. at the end of 1964 were in excess of \$1.6 billion. ABC's assets exceeded \$226.6 million.

Goldenson said ABC's long-range growth would be "greatly enhanced and strengthened" by the merger.

"Wherever they happened," Monte replied with scorn for one who's such a tenderfoot. "They had a skylight and a Paris motif, and a homestead, and we had a show about Paris to start when prohibition was over and we got whisky back. So we had a guy write a song for the show. The guy's name was Vernon Dukelsky."

"Vernon Duke?" I asked. "Vernon Duke?" Monte nodded by banging on the bar. "And do you know the name of the song Vernon Dukelsky wrote? A little thing called 'April in Paris'!"

Joe E. Lewis was the "Sunday night guy" at Leon & Eddie's and also at the Trocadero in Hollywood in those years.

"I went to the Hollywood racetrack and won \$90,000, or \$90,000 and went to the Trocadero afterward. I said to Billy Wilkerson, the owner, 'I always wanted to own this club,' so I picked \$90,000 or \$90,000 out of my pocket and straightened it out and bought the club."

"But I said, 'You gotta leave the money that's in the register. That belongs to me.' He said he would. 'And he did and that amounted to \$120.'"

THE MIDNIGHT EARL
Sharon Douglas, who gave the Big Four Seasons party for Princess Margaret, returned to the restaurant a week later "to finish the one bottle of champagne that was left over."

Christina Paolozzi said at a "Girl Talk" TV-taping the city can't find her marriage legend on file: "So we may have to go through it all over again... 'The Welcome to the LBJ Ranch' comedy about the million mark... Gila Golan, who played a demure 17-year-old in 'Ship of Fools,' goes the set role in 'Our Man Flint.'"

WISH I'D SAID THAT: It was Lee Tracy's line in the now-closed B'way show, "Minor Miracle": "Did you ever come home in extreme pain—and find an extreme pain waiting for you?"

EARL'S PEARLS: Whoever said life is cheap never realized how much it costs to say "I do."

Johnny Martin heard an old fellow tell a bank clerk: I'd like to join your Christmas Club, but I should warn you—I won't be able to attend many meetings."

That's earl, brother.

Strike Comes to End at Wyandotte Firm

LANSING (AP) — Negotiations for Wyandotte Chemicals Corp. and some 1,500 striking employees agreed today on terms to end a seven-month-old strike after a nearly all-night meeting with Gov. George Romney.

Officials of Local 7427 of the Oil, Chemical and Atomic Workers Union said they hoped to have members vote before the end of the week on the proposed settlement to the sometimes violent strike.

They said they would recommend approval. Meetings in Romney's office lasted more than 13 hours, starting at 2 p.m. Tuesday.

DETAILS TO COME
Romney announced settlement at 3:30 a.m. and said details would be announced when final language is fully worked out by company and union officials.

He said if the agreement is ratified, employees would be called back to work within five days. Both parties accepted a series of recommendations proposed by the governor and all participating federal and state mediators, Romney said.

He said he and mediators advanced the compromise proposal after all other avenues of agreement between the parties had been exhausted.

GLAD IT'S OVER
George H. Baker, the firm's vice president for employee and public relations, said, "I think everyone, certainly those of us in management, are glad the strike apparently has come to an end."

"We hope to be able to build good relationships between management and union as time goes on and we have no reason to believe we can't," he said.

Plan to Cut Bomber Fleet Opposed

Charges Warmongering

Kosygin Assails U.S.

MOSCOW (AP) — Premier Alexei N. Kosygin has accused the United States of whipping up war tensions, arming West Germany against the Soviet Union and killing defenseless people in Viet Nam.

In a restatement of recent Soviet comments on foreign affairs, Kosygin said Soviet leaders could not meet with President Johnson so long as the war in Viet Nam continues.

Kosygin's remarks, reported today by the official Soviet News Agency Tass, were made Monday in an interview with

James Reston, an associate editor of the New York Times. Kosygin concluded the interview with an expression of hope that war would not hang over the world.

"DON'T WANT TENSION"
"We do not want tension built up in any part of the world," Kosygin said. "We want to bend every effort in every part of the world to achieve these ends."

"To this effort, the United States is the principal barrier."

"We could have the best possible relations with the Ameri-

can people. We value the American people's wisdom, talents and abilities — all their achievements. We are ready to learn from them to develop technology and science, and to organize production."

This kind of statement is seldom heard publicly in the Soviet Union and was not immediately published here.

FOLLOWED LINE
The rest of Kosygin's remarks followed lines made familiar by Pravda editorials denouncing the United States.

Kosygin said Viet Nam overshadows relations between Moscow and Washington.

"In South Viet Nam there is a national liberation war," he said. "These people do not want to be governed by United States puppets."

"I cannot agree that you have the right to kill defenseless people..."

Kosygin said the European situation, was an example of U.S. efforts "to build up ten-

Viet Cong Offering Christmas Eve Truce

SAIGON, South Viet Nam (AP) — The Viet Cong are offering to call off the war for 12 hours starting Christmas Eve "to allow people on the other side to celebrate Christmas in peace."

The truce offer was broadcast by the Viet Cong's clandestine "Liberation radio" on Monday.

There was no reaction yet from U.S. or South Vietnamese military commanders.

The Communists have offered truces before on Tet, the Vietnamese lunar new year, which usually falls in January. But

during one new year period the Viet Cong occupied a large strategic valley while government troops were celebrating. It took the Saigon regime two years to regain control of the area.

Last Christmas Eve Communist terrorists exploded a powerful bomb in a U.S. officers' billet in downtown Saigon, killing two Americans and injuring 81 other persons.

The blast in the seven-story Brink Hotel was the worst terrorist attack of the Vietnamese war up to that date.

In the ground war, a strong Viet Cong force encircled and virtually destroyed an elite South Vietnamese ranger battalion today near the coastal town of Tam Ky, 350 miles northeast of Saigon.

FROM ALL SIDES

The Communists struck from all sides, inflicting heavy casualties on the Vietnamese troops as well as their American advisers.

Between 30 and 50 wounded Vietnamese rangers were lifted out of the battle area by helicopter.

A dispatch from Ram Ky said two U.S. advisers were killed and four others were reported missing in the three-hour engagement.

The attack broke a two-day lull in the ground action.

CONTINUE UNABATED

U.S. air attacks continued unabated over North and South Viet Nam. Bridges and roads around Dien Bien Phu were attacked.

Guard Armory in City Forced to Close Down

Serious Weaknesses in Floor Cited; New Drill Location Sought

The Pontiac National Guard Armory on Water Street has been closed down because of "structural deficiencies" on orders from the chairman of the armory's board of control.

Capt. David W. MacGillis — who is also commanding officer of the Army Reserve until based here — permanently locked the doors of the 54-year-old building late Sunday following a performance of the Grand Ole Opry.

MacGillis said he would seek the assistance of Pontiac Supt. of Schools Dana P. Whitmer in obtaining a site for the next scheduled Guard unit drill Jan. 15.

The officer said serious weaknesses in the armory floor brought about the shutdown, which knocks out boxing and wrestling matches, dances and other entertainment scheduled for the building.

"We've got about \$700 left in our building fund," said MacGillis, "and this would barely pay our winter heating bill, let alone provide for badly needed repairs."

CONFIRMED ACTION
He said a state inspection made earlier this week confirmed his decision to condemn the structure.

Initial inquiry into the building's condition was triggered recently when Guardsmen in the basement of the armory made a hasty exit as the floor began heaving and creaking under the weight of a marching drill upstairs, according to one armory officer.

The armory has been the center of a continuing tug-of-war between Michigan National Guard officials and the city urban renewal program in recent years.

The city has sought condemnation of the building for some time, but has been unable to touch the structure because the property is state-owned.

Army officials and Guardsmen have also pushed for construction of a new building, but Lakes Campus would be moved to the new site during the holidays.

OCC President John E. Tirrell said administrative facilities now located at the Highland Lakes Campus would be moved to the new site during the holidays.

PRESENTS PRESS TROPHY — Jarvis Gage (right) and his son Philip (center) took 1965 honors as top dairymen in Oakland County's Dairy Herd Improvement Associations last night. Howard Heidenbrand, editorial writer for The Pontiac Press,

presented the award which symbolizes the Gages' superiority in milk production. The Pontiac Press trophy annually goes to the producer whose herd showed the greatest improvement during the year.

Father, Son Win Press Award

County Dairy Farmers Cited

A father-and-son team operating a farm that's been in the family for 130 years last night took top honors in Oakland County's Dairy Herd Improvement Associations (DHIA).

Sharing the outstanding dairy award from The Pontiac Press were Jarvis Gage and his son Philip.

Their Brighton Township farm is just across the county

line in Washtenaw County, but they test their herd through the Oakland County DHIA.

The 160-acre dairy farm has been family-owned since 1835.

The Gage herd tested an individual average of 14,595 pounds of milk and 550 pounds of butterfat for the year to rank it highest among the county's 57 dairy herds.

COUNTY AVERAGE

Overall county average was 12,888 pounds of milk and 455 pounds of butterfat, ranking it sixth among the state's 83 counties.

In the juvenile class, 16-year-old Brenda Long, daughter of G. Carlos Long of 3988 Sleeth, Commerce Township, won the 4-H Black and White Award for her outstanding work with Holsteins.

Other farmers recognized for outstanding performance were John Canfield, 5455 Milford, Lyon Township; Mrs. Margaret Miller and farm manager Willard Long, 14031 N. Holly, Holly Township; and Nelson Tucker and son, 1866 Oakwood, Brandon Township.

Speaker at last night's dairy banquet was L. E. Creasy, agricultural sales manager of Ford Motor Co.'s Tractor and Implement Operation.

Skies Will Be Fair to Partly Cloudy

Skies will be fair to partly cloudy tonight and tomorrow with temperatures a little warmer.

Lows will fall into the high 20s tonight. The high is expected to climb to 40 to 48 tomorrow. Partly cloudy and not much change in temperature is Friday's forecast.

Morning southwesterly winds at 10 to 22 miles per hour will diminish to 8 to 15 miles tonight.

A low of 28 was the recording prior to 8 a.m., in downtown Pontiac. The 1 p.m. reading was 38.

Sen. Russell Hits Proposal by McNamara

Pentagon Intends to Retire Two-Thirds of Long-Range Force

WASHINGTON (AP) — The Pentagon's reported plan for a deep cut in this country's present long-range bomber fleet by 1971 has met formidable opposition in Congress.

Sen. Richard B. Russell, D-Ga., chairman of the powerful Senate Armed Services Committee, objected to any such bomber reduction.

He also opposed any scaling down of this country's defenses against Soviet bombers.

Russell, who swings considerable influence on Capitol Hill, said last night "I am deeply concerned over" Secretary of Defense Robert S. McNamara's "abandonment of the manned strategic bomber and adoption of the concept that this country is in no danger from Russian attack by manned bombers."

Sources indicated last night that the Defense Department intends to retire about two-thirds of its force of 800 B52 and B58 jet bombers over the next five fiscal years.

GREATER RANGE
This would leave about 250 of the late model B52s, greater in range and equipped with more powerful engines than the earlier models. All of the super-sonic B58s would be phased out.

The action may be linked to a reported intention to propose an advanced bomber which would be an adaptation of the controversial TX-2, now under development as a fighter of the future.

A number of fighter-interceptor squadrons are to be eliminated by mid-1969. In addition, various Nike Hercules anti-aircraft missile units are to be disbanded.

This suggests that top U.S. authorities now downgrade the significance of the Soviet border threat in an era of emphasis on missiles in both the Soviet Union and the United States.

6-1 EDGE

The United States is believed by U.S. officials to enjoy a 6-1 (Continued on Page 2, Col. 2)

Many Gifts Under \$2

By JEANNE NELSON

It's easy to put off shopping for those "under \$2" gift items until the last minute. Why not visit Pontiac area stores now while the selection is practically unlimited?

Here are a few suggestions for the entire family: A talcum power brush with its long handle can be a delightful surprise. No more twisting with a puff. Makes the job lots easier.

For the phone gabber, one new item is an ash tray that hooks into the back of the instrument. Handy for lengthy conversations, it removes easily for emptying.

For the gal who travels a lot, there is a folding clothes dryer. It looks and operates much like an umbrella and collapses for easy packing.

Roller bags come in a wide variety of coverings in plaids, prints and solids. They'll hold two dozen or more rollers plus clips and pins.

A shopping bracelet key holder will fit a schoolgirl or her mother. In tones of gold and silver with imitation pearls, it comes on a shapable band.

A combination blackboard and

Pontiac Press Photo

ERECT CHRISTMAS TREE — Pontiac's community Christmas tree was lifted into place yesterday at Saginaw and Oakland. The tree, decorated and lighted, occupies an

island in the busy intersection. City crews put up the tree, completing the final touch in decorating downtown Pontiac for the approaching holiday season.

Police Pay Request Heats City Commission Session

The subject of more pay for city policemen generated a heated discussion last night before the City Commission.

City Manager Joseph A. Warren, detailing results of a wage study, said it showed Pontiac policemen to be higher paid than any other police in the state, except Detroit.

Participating in last night's discussion were city officials, including some commissioners, policemen and a labor leader.

Commissioner John A. Dugan prompted the discussion, which nearly did not occur despite four hours of picketing prior to the meeting by policemen.

An estimated 75 to 100 policemen and members of their families marched around City Hall from 4 until 8 p.m., brandishing signs: "City Survey", "Let Be Straight: Negotiate", and "Mr. Warren: Total Survey". Dugan opened the discussion last night after the commission had completed the scheduled business.

When no one from the Pontiac Police Officers Association (PPOA) spoke up immediately during the audience participation portion of the meeting, Dugan admonished, "Nobody need be bashful... you were making a lot of noise in the street."

Some of the commissioners were greeted by boos as they crossed the PPOA picket line prior to the meeting.

Dugan's opening precipitated an exchange with Donald Johnson, president of Fisher Body UAW Local 596.

Johnson, who admitted no knowledge of the wage dispute, claimed there must be some reason for the picketing because police and firemen had no "moonlight" — take second jobs.

"I don't think wages are the cause for moonlighting," replied Commissioner T. Warren Fowler. "Some men are born to moonlight."

Mayor William H. Taylor Jr., who said a similar wage dispute with the firemen was in mediation, read a report by Warren on the abbreviated negotiating session held last week with the PPOA.

Warren, who said the confrontation lasted 45 seconds, said PPOA representatives walked out after he indicated the city's position had not changed on the police wage demands.

SEEK \$49
Like the fire fighters, policemen seek an added \$49 per year over the \$351 offered by the city, plus longevity. Longevity pay was recognized in the Michigan Municipal League study.

Warren said last night that Pontiac was one of the few cities in the state without longevity — extra pay for length of service.

Warren also pointed out that the commission had three alternatives in implementing the pay plan and had selected the most expensive.

After the meeting, PPOA spokesman Guy White said the association would hold a meeting tonight to determine a course of action.

USED LAST YEAR
White pointed out that the "no money" argument had been employed last year just before policemen received a pay boost of over \$600 per man.

City Commissioner Leslie H. Hudson also referred to the previous pay hike. He cited the pay hikes totaling \$1,010, including the proposed boost.

Congressman Raps Bomber Fleet Cut

(Continued From Page One)
edge over the Russians in long-range bombers and about a 3-1 margin over the Russians in long-range missiles.

The cutback in bombers and air defenses was signaled in data supplied to congressmen amplifying on McNamara's announcement Monday that 149 more bases would be shut down, reduced or consolidated.

In his public announcement, McNamara did not hint at any basic change in U.S. defense — although he did say that Pentagon's new program is shaped to fit "advancements in technology and changes in military requirements."

POLICE PICKET — Members of the Pontiac Police Officers Association and members of their families marched around City Hall yesterday to call attention to their wage dispute. They seek longevity pay and higher wages. An estimated 75-100 picketed yesterday afternoon and evening.

Pope Paul Closes Ecumenical Council

VATICAN CITY (AP) — Pope Paul VI and the white-robed bishops of the Roman Catholic Church closed the Vatican Ecumenical Council under a magnificent blue sky today and declared it the greatest assembly in the history of their church.

More than 100,000 Romans and pilgrims thronged St. Peter's Square for the outdoor ceremonies ending the council which Pope John XXIII had opened on Oct. 11, 1962.

The Vatican published a papal brief formally closing the council and declaring it the greatest of the 21 general assemblies of the church. It said all Roman Catholics were bound to accept its decisions, which ushered in a new era for the church of reform within and improved contacts with the rest of the world.

The brief also declared invalid all arguments that had been raised against the council's decisions.

16 DECREES
The Vatican Council, 21st in Roman Catholic history and the first in almost a century, issued 16 decrees seeking to renew and bring up to date much of the church's own worship and government and to make strong new approaches to everyone everywhere outside the church.

Christian unity was as much its goal as Catholic renewal. The last four decrees were proclaimed Tuesday.

MAJOR ACCOMPLISHMENTS
The Ecumenical Council accomplished these major goals from its opening on Oct. 11, 1962, to the completion of its work Tuesday.

— Changed the traditionally monarchical concept of the Roman Catholic Church's government to a more democratic form by declaring that bishops share with the Pope in governing the church. It voted for the establishment of a synod of bishops from around the world to put the historic new concept into action. Pope Paul VI promised the first synod would meet in 1969.

Urge County Buy Frontage on Telegraph

The ways and means committee of the Oakland County Board of Supervisors yesterday recommended that the county purchase approximately 300 feet of state-owned frontage on Telegraph.

Located immediately south of the county complex, the approximate six-acre parcel has been appraised by the state at \$83,750.

The county several months ago had asked for a state appraisal and had acquired from the Michigan Legislature the right to buy the land at the appraised price.

Approval of the purchase, opposed by both the administration of Pontiac State Hospital and some mental health organizations, will be on the agenda of the Dec. 21 Board of Supervisors meeting.

The ways and means committee also accepted the recommendation of the supervisors' Building and Grounds Committee the work begin on final drawings for the proposed courthouse wing.

City OKs Pay Hike for 5 Top Officials

Pay raises were approved last night by the City Commission for five top municipal administrators.

The city clerk's pay was raised from \$8,593 to \$8,814, the finance director from \$12,735 to \$13,403, the city attorney from \$14,430 to \$17,500, and the assistant city manager from \$10,200 to \$11,557.

With the exception of the city attorney, these pay rates were recommended by a Michigan Municipal League study.

The commission also hiked the salary of City Manager Joseph A. Warren from \$20,000 to \$21,500. The league made no recommendation on the pay for city managers.

— Declared that all Jews could not be blamed for the crucifixion of Christ and called on the world's half-billion Roman Catholics to work for better relations with Jews and other non-Christians. It was the first time in its history that the church voiced such a plea.

— Declared that all men have religious freedom, to act in accordance with their consciences, another move designed to bring Catholics and non-Catholics closer together.

— Outlined guidelines for Catholics on such problems as nuclear war, social justice, love and marriage. It upheld church teaching against contraception but left the door open to changes in the future.

Farnum Sure U.S. Will Win

Says Tactics in Viet Have to Be Changed

Congressman Billie S. Farnum, D-Waterford Township, said yesterday that he was confident the U.S. will win the war in Viet Nam, but tactics will have to be changed if victory is to be accomplished.

The 19th District Democrat made his remarks in a speech before the Kiwanis Club of Pontiac at the Waldron Hotel.

He cited three basic reasons for his support of the U.S. position in Viet Nam. These are, he said, to keep commitments made by the last three presidents; to work toward peace with honor; and to stop Communist aggression.

"There is no question that we will win if we continue, said Farnum.

Later, in answer to a question, Farnum said, however, that "The type of war being waged now will not win the war."

SUPPORT U.S.
He said that from all the information that he has obtained about the situation, Thailand, Cambodia and Laos all support the U.S. presence in Viet Nam.

"Occasionally you will read reports of officials publicly saying they are opposed, but they really do not want us to pull out," Farnum added.

The people of Viet Nam also support us, he said.

To emphasize this, he noted that 2,500 public officials have been killed by Viet Cong terrorists in an effort to implant fear, but that they have been replaced by people who support us.

"This is a statistic that can't be overlooked," said Farnum.

Birmingham Area News

Citizens Urged to Form Group to Study Traffic

BIRMINGHAM — A National Safety Council official yesterday recommended that a citizen coordinating committee be formed to cope with traffic problems in Birmingham.

The recommendation was among several listed in the annual traffic inventory prepared for the city by the National Safety Council.

Norman Olman, district representative for the council, said it was his opinion that the establishment of a traffic group was the most important recommendation included in the analysis.

Olman met with city officials in the municipal building to review the contents of the 24-page traffic safety.

"I believe there is no better way than seeing the problems that need the most attention," he said.

MUST COOPERATE
In its report, the National Safety Council stated that a "close and cooperative working relationship between officials and a citizen safety organization is essential for developing effective solutions to specific traffic problems."

It noted that there was no promoting traffic safety in Birmingham that need the most attention.

than through a traffic committee," said Olman.

"The committee can sit down every two months or so to determine what is the most important problem and then work it out," he said.

A traffic committee was organized some 15 years ago, said Moxley, but disbanded about seven years later, "because we didn't have any major problems to deal with."

"The situation has changed," he said.
