

THE PONTIAC PRESS

Pontiac Press Photo

OVER THE TOP — Representatives of the three area utilities hold the torch high, symbols of surpassing their goal in the Pontiac Area United Fund campaign. Exceeding their goal by 33.7 per cent were (from left) Philip Hartick of Consumers Power; Charles Brouillet, plant chairman for Michigan Bell Telephone Co., and Jack Zeunen, who headed the Detroit Edison Co. program.

Utilities' UF Gift Up One-Third Over '63

Local employees of the three utility companies increased their contributions to the Pontiac Area United Fund drive this year by 33.7 per cent for a total of \$15,251.

Campaign chairman Bruce J. Annett expressed his pleasure at the increases from employees at Consumers Power Co., Michigan Bell Telephone and Detroit Edison.

"The generous response of utility company employees to this year's campaign is wonderful."

"Employees have responded as outstanding citizens to the needs of the community in the 55 UF agencies," he said.

Largest gift of \$7,291.45 by Michigan Bell represents an increase over last year's gift of \$5,000 with 93 per cent of all employees contributing an average of \$13.76.

This was reported by Charles Brouillet, United Fund coordinator and A. Tomke, Michigan Bell drive chairman.

UP 19 PER CENT

Philip Hartick, Consumers Power drive chairman, reported a 19 per cent increase with gifts totaling \$4,894.70 for an average of \$19.07 per contributing employee.

Detroit Edison with a high average contribution of \$30.63 has reported a 1964 increase of 33.2 per cent and total receipts of \$3,154.80.

John Zeunen, Edison office manager, served as company chairman of the United Fund solicitation.

With several divisions still to hear from, reports this year have been extremely gratifying according to Bruce J. Annett, campaign general chairman, who pointed out that a large percentage of the 1964 goal is made up of plants which were idled during the campaign.

LBJ to Hear McNamara on U.S. Spending

Holding High-Level Talks in Effort to Keep Federal Budget Down

JOHNSON CITY, Tex. (AP) — President Johnson meets today with Secretary of Defense Robert S. McNamara as he pushes his campaign to keep next year's federal budget under \$100 billion.

McNamara was invited to be Johnson's guest at the 400-acre LBJ Ranch to discuss Pentagon budgeting that will be crucial to the over-all federal spending plan destined for delivery to Congress in January.

Flying west from Washington with McNamara was Deputy Secretary of Defense Cyrus Vance.

McNamara, coming to the Texas hill country without any formal agenda for his talks with Johnson, was to arrive late today.

He will be an overnight guest at the ranch where the President has been relaxing since the Nov. 3 election.

TO BE JOINED

McNamara will be joined here tomorrow by Secretary of State Dean Rusk.

The President and the two key cabinet members will jointly canvass some of the global military and diplomatic problems.

Johnson, for the second year in a row, is hopeful of keeping the federal budget from exceeding \$100 billion.

Pentagon outlays, accounting for about half of all federal spending, will have a decisive impact on whether or not he achieves his goal for the fiscal year that begins next July 1.

BASE CLOSINGS

A central question in Defense Department planning is the closing of old and obsolete bases, cherished in local communities but costly in budgetary terms.

This topic presumably was to figure prominently in Johnson's talks with McNamara.

Canoeist Pair Believed Lost

MANITOWOC, Wis. (AP) — A Coast Guard official said last night that a college student and a former Marine "almost surely have been attempting to cross Lake Michigan in a canoe," but authorities have been unable to find any trace of them.

John Baker, 22, a student at the University of Michigan at Ann Arbor, said he and Richard Kiese, also 22, a former Marine from Boston, would attempt to paddle the 50 miles from Manitowoc to Ludington, Mich.

A car reportedly registered to Baker was found yesterday at the Chesapeake & Ohio car ferry docks in Ludington, the Coast Guard said.

A search of the beach in the Ludington area was under way although the region has been shrouded by fog much of the time since Saturday.

The Coast Guard planned to launch boats from Ludington (Continued on Page 2, Col. 8)

Reach Last Agreement

Final Strike Settled at GM

Romney Criticizes Nixon for Blast at Rockefeller

DETROIT (AP)—Gov. George Romney, discussing future unity in the Republican party, criticized Richard M. Nixon yesterday for the latter's postelection position on New York Gov. Nelson A. Rockefeller.

"When you're trying to unify something," Romney said, "you don't begin to say things that will create greater feeling and

division. You undertake to include those who are in a position to make a contribution."

He made his statements in an interview on radio station WJR.

Republican Romney, reelected in Michigan last week by a large majority, despite Democrat President Johnson's sweep of the state, made the

interview statement in answer to a question for his view on Nixon's charge against Rockefeller last week.

Nixon said in New York that Rockefeller was a "divider" of the Republican party because of what he called the New Yorker's failure to give full support to GOP presidential nominee Barry Goldwater. He called Rockefeller the greatest divisive force in the GOP during the campaign.

Rockefeller subsequently rapped Nixon as a "poor loser." He called Nixon's remarks "peevish." Nixon had supported Goldwater in the campaign.

BROAD BASE

"If we're going to have a two-party system," Romney added in his comment on Nixon's statement, "then each party has to have a very broad base."

"If you're going to have a political party that can command the respect and support of 50 per cent or more of the people of this country, there must be room for considerable diversity within fundamentals."

Romney also said he believed the GOP can be both broadened and unified "regardless of what circumstances have to be dealt with."

"I think that one of the things that is evident is a broad desire on the part of many men and women in a position of leadership in the party to take steps to build for the future and I'm sure that desire is so broad that it cannot be thwarted," he said.

SPECULATION LABEL

Romney termed "pure speculation" a suggestion by Sen. Thurston Morton of Kentucky, former Republican national chairman, that the Republicans might form a leadership group outside the regular party organization in event Goldwater was unwilling to give up control of the national committee.

Romney, who refused to endorse Goldwater for the presidency, repeated that he took the position because of "basic principle differences" with the Arizona senator.

He added, however, that he respected Goldwater "as an individual" and said: "I think that Sen. Goldwater has demonstrated in the past his concern about the Republican party as a whole and I think it's premature to assume it's going to be necessary to find some way around Sen. Goldwater."

EISAKU SATO

Japanese Get New Premier

Sato Sworn In With Cabinet Members

TOKYO (AP) — Japan's new Premier Eisaku Sato was sworn in tonight along with a cabinet in which he was the only important new member.

Sato retained all the ministers in the government of his predecessor, ailing Hayato Ikeda. Two minor cabinet officials were replaced.

The retention of Ikeda's cabinet underlined the expectation that Sato would continue Ikeda's policies, including his pro-Western, anti-Communist foreign policy.

Sato, 63, an economic expert, formed his cabinet a few hours after parliament elected him to succeed Ikeda.

After four years in office, Ikeda resigned because of a throat tumor. Both he and Sato are members of the ruling Democratic party.

283 VOTES

In the voting in the lower house of the Diet, Sato received 283 votes, Socialist Jotaro Kawakami got 137, Shueiichi Nishio of the Democratic Socialists got 23, and Sanzo Nosaka, a Communist, got 4.

The 250-member upper house, voting simultaneously, gave Sato 146 votes, a majority.

Sato's election was assured earlier today when the Liberal Democrats nominated him for the post after a prolonged struggle within the party.

State Minister Ichiro Kono, and former Foreign Minister Aichihiro Fujiyama also were contenders.

Ikeda, who announced his retirement Oct. 25, settled the contest with a note from his hospital bed recommending Sato.

U.S. Helicopters Save Viets From Flooded Valley

SAIGON, Viet Nam (UPI) — U.S. Army helicopters rescued 854 Vietnamese from storm-swollen river valleys in Central Viet Nam yesterday, an American spokesman reported today.

The spokesman said crewmen snatched some of the storm victims from the roofs of their thatched houses as floodwaters swirled by just below the eaves.

All of the refugees were lifted out of the flooded Song Ba River Valley within a radius of 15 miles of Hanoi Bay air-strip, where 19 helicopters of the 22nd Aviation Battalion flew missions from 3 a.m. until dark.

The Song Ba River went on the rampage after two weeks of heavy rains culminating in Typhoon Iris on Wednesday.

The Vietnamese Weather Bureau said another storm, Jonto, struck the central Vietnamese coast last night with winds of up to 76 miles per hour.

Ford Switches 3 Plant Talks to Top Level

Management, Union Negotiators Take Over in Dearborn

DETROIT (AP)—General Motors has cleared the decks of the last of its local strikes and appears ready to hit 100 per cent production rates, but the Ford Motor Co. continues to have labor troubles today.

GM reached local contract agreement last night with the last of its 130 United Auto Workers Union local bargaining units, paving the way for restoration of full production and full employment.

The auto company and the UAW came to terms at the Fisher Body plant in Atlanta, Ga. Atlanta is one of General Motors' 130 production and manufacturing points in the country.

Local strikes in GM had crippled the world's biggest auto maker for an extensive period after settlement with the union on a national contract.

While bargaining at GM is at an end, negotiations on Ford Motor Co. key plant strikes in three states switched from the local level to top-level bargaining today in an effort to speed agreement.

UAW TAKE OVER

Top management and representatives took over in negotiations at Ford headquarters in Dearborn.

The three strikes — at stamping plants in Buffalo, N.Y., and Chicago Heights, Ill., and an aluminum factory at Sheffield, Ala. — were among nine local-level walk-outs keeping 25,000 employees idle.

Mystery Melody

The "instrument" Bart is enclosing in his cello case is going to play a sad tune for the guards at the Federal Art Gallery in Washington. The doll-like "she," Milly the midget, is really a he! His name is Peewee, but he's going to be no small headache for the men at the museum charged with protecting some priceless old masters on loan from the Louvre. For a story of high adventure with some rib-tickling moments, follow CAPTAIN EASY on the comics page. New story starts today.

Laborites Face First Test on Steel Nationalization

LONDON (AP) — Prime Minister Harold Wilson and his Labor government pitched into their first battle for survival today against a Conservative assault on steel nationalization.

Wilson's slender majority was expected to hold up in the first House of Commons vote and again tomorrow when that house votes on a Conservative motion of no confidence in Wilson's entire program. Defeat on either would force the government to resign and call a new election.

The Labor party won the Oct. 15 general election with a margin of only five Commons seats over the Conservative and Liberal opposition.

This was temporarily cut to four last night when Laborite Brian O'Malley entered a hospital for an emergency appendectomy.

Two other ailing Laborites announced they would be on hand for the vote.

Frank McLeavy, 65, said he would come from his hospital bed, and Geoffrey de Grey, 59, said he would hobble in carpet slippers to ease a foot injury from a car accident.

RIGHT-WINGERS

Most interest will center on the votes of two right-wing Labor members, Woodrow Wyatt and Desmond Donnelly.

They have suggested Wilson should ditch steel nationalization or water it down to get the support of the nine Liberal members.

The Liberals oppose outright nationalization but said they would favor the government buying an interest in some branches of the industry.

Wilson may adopt the latter course. He is committed only to "necessary public ownership" of the industry.

To Be Frost-Free Next 5 Days

Clouds, haze and fog can no longer hide the fact that Jack Frost is still on vacation.

For the next five days temperatures will average about 10 degrees above the normal high of 49 and low of 35. Temperatures will dip Tuesday, then rise again on Thursday and Friday.

Precipitation will total around one-tenth of an inch in showers Thursday and Friday.

The low before 8 this morning was 46. By 1 p.m. the mercury reached 59.

Most precincts in Oakland County are "mechanized." But a voting machine of the type used here has space for only 40 offices.

MACHINES, PAPER

City precincts were able to do all their voting by machine. Townships, which had a whole state of township officers on the ballot, had to use both voting machines and paper ballots, which caused agonizing delays in tabulating final returns.

Compounding the problem was an unusually heavy absentee vote.

County Election Clerk Mabel Child said her office sent out over 23,000 absentee ballots, nearly twice as many as in 1960.

Strict laws govern the recording of absentee ballots and add to the delay in tabulation. In machine precincts, counting of absentee ballots can't be (Continued on Page 2, Col. 4)

Election System Caused Problems

By BILL EASTHAM
A lot of people, and not all of them losing candidates, will have unpleasant memories of last Tuesday's election for a long time to come.

But there is one consolation—there'll never be another one like it.

Some voters reportedly stood in line nearly four hours to cast their vote.

And the people whose job it was to tabulate the votes spent

as much as 30 consecutive hours on the job.

If the writers of Michigan's new constitution could have foreseen the problems their amendments to the election laws created, they probably would have come up with a different plan.

LOOKED GOOD

Combining the election of township officers, usually held in the spring, with the election of county, state and national offi-

cers usually held in the fall, looked good in money-saving principle.

But the plan created a mammoth ballot which not only took longer to count but also kept most voters in the booth far longer than they normally would be.

Final returns weren't tabulated until last night in most areas of the state, and poll workers labored far beyond their capacity for efficiency.

3 Die in One Crash

State Weekend Road Toll Is 17

By the Associated Press
Two Traverse City youths and a Beulah woman, killed in a two-car intersection collision near Interlochen, were among the 17 persons who died in weekend traffic accidents on Michigan's streets and highways.

The Associated Press weekend traffic fatality count began at 6 p.m. Friday and ended at midnight Sunday.

Killed in the Interlochen crash were Mrs. Katherine Worm, 43, of Beulah; Arthur J. Husby, 16, of rural Traverse City; and Lawrence W. Aiken, 16, of Traverse City.

Grand Traverse County Sheriff's deputies said the accident occurred at the intersection of U.S. 31 and M137, 15 miles southwest of Traverse City near Interlochen. Deputies said the two boys were in one car and Mrs. Worm was in a second. Four persons in the third car

were injured, but not seriously, deputies said.

PARKED CAR

Donald Wyman, 25, of Saginaw, was killed Saturday in an accident on M13 two miles south of Saginaw. Police said he was standing behind his parked car when it was struck by another car. The parked car struck and fatally injured Wyman.

Werner Hemell, 55, of Detroit, died Sunday of injuries suffered in a two-car crash Saturday on the city's west side.

Mrs. Bridget McEvoy, 43, of South Haven, was killed Saturday.

day when her car was struck broadside by a freight train outside Grand Junction in Van Buren County.

Gill Neil Jr., 20, of Detroit, was killed Saturday when his

car struck a guard rail on I-96 near Brighton.

CHILD KILLED

Richard Sanchez, 8, of Te-

cumseh, was killed Sunday when he was struck by a car on a Tecumseh street.

Joseph G. Berro, 16, of Taylor, was killed Sunday when the car he was driving ran out of control and overturned just north of Monroe.

Jacob Klosterman, 23, and David Havenan, 21, both of Kalamazoo, died Friday night when their car veered off a Kalamazoo County road and rammed a tree.

Alby Shultz, 65, of Merrill, and his 63-year-old wife were killed Friday night in a two-

car crash in Merrill, a Saginaw County community.

Bonnie Dake, 18, of Hillsboro, Wis., was killed Sunday night when the car in which she was riding ran off U.S. 27 about three miles northeast of Charlotte. Three other young persons in the car were injured.

ALGONAC MAN

George W. Jamieson, 27, of Algonac, and Lawrence Losiewicz, 16, of Rochester, were killed Sunday when their car struck a bridge on U.S. 23 at Au Gres and rolled over.

Richard Lee Caris, 23, of Lambertville was killed Sunday when his car left Whitefield Center Road in Monroe County and struck a pole and a tree.

★ ★ ★

Area Youth
1 of 2 Killed
in Car Crash

A youth from Avon Township and a man from Algonac were killed, and the two sisters of the youth injured in an auto accident in Au Gres yesterday.

Lawrence Losiewicz, 16, of 3111 Bendover, Avon Township, and driver George W. Jamieson, 27, of Algonac died when their car struck another vehicle a glancing blow, hit a bridge and rolled over.

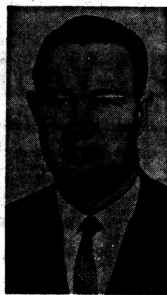

Arenac County Sheriff's officers said that the car was westbound on U.S. 23 late yesterday afternoon, and collided with an auto driven by Jacob Dracsin of Au Gres.

Injured in the accident were Losiewicz' two sisters, Sylvia, 16, and Suzanne, 22.

Sylvia is in serious condition at Standish Community Hospital and Suzanne was transferred from there to Mercy Hospital, Bay City, yesterday.

Her condition is unknown.

Investigation of the accident is continuing.

REV. HOMER CRANE

Commerce Church
to Host Evangelist

COMMERCE TOWNSHIP

Rev. Homer Crane, Dearborn evangelist, will conduct nightly revivals at the Inter-Lakes Baptist Church this week.

The series of 7:30 p.m. meetings will begin tonight and extend through Sunday at the church, 2852 S. Commerce.

Rev. Crane, pastor of Dearborn's Gethsemane Baptist Church, also will speak at the 11 a.m. service Sunday.

Music for the revivals will be provided by the Crane Family Quartet. Making a special appearance at tonight's program will be the Red Ellis Quartet of Detroit.

Plan Visits
to Classroom

KEEGO HARBOR — Classroom visitations will head tomorrow night's PTA program at Roosevelt Elementary School.

Parents will meet in the school gymnasium at 7:30 p.m. Those who want to discuss their child's progress with the teacher can arrange a future conference at this time.

Speaker will be Dr. Kathryn Feyerselen, elementary education professor at Wayne State University, who will discuss the role of parents in education.

Balloting Date Is Set
for Agriculture Unit

A Dec. 10 balloting date has been set for election of community representatives on the Agricultural Stabilization and Conservation Committee.

Farmers in each of nine areas of Oakland County will select three committee members and two alternates to represent them at the county election.

The chairman of each community group will be a delegate to the Dec. 17 convention at which the county committee is elected.

The committeemen will help to decide what kind of farm programs the county will have and how they will be run.

For administrative purposes, townships have been paired into communities, with the exception of the heavily populated southeastern portion of the county.

AREAS INCLUDED

The area including Pontiac, Royal Oak, Troy and Southfield and Waterford; Pontiac Avon, West Bloomfield, Bloomfield, Southfield, Farmington and

Royal Oak townships is considered one community, with Ralph Schlusler as chairman.

Other chairmen and their communities include Harold Mitchell, Holly and Groveland; Claude Wood, Brandon and Independence; Donald Hickmott, Addison and Oxford; and David Fields, Rose and Springfield.

Also Stuart Braid, Oakland and Orion; Frank Ruggles, Highland and White Lake; G. Carlos Long, Milford and Commerce; and Charles Cogger, Lyon and Novi.

Area Women Elected
to Board of Hospital

ALMONT — Four area women were recently elected to three-year terms on the Women's Auxiliary executive board of the Community Hospital.

They are Mrs. Franklin O'Connor, Armada; Mrs. Walter Parsons, Lakeville; Mrs. James Smith, Almont; and Mrs.

2,000 Farmers
Due at Confab

State Bureau Holds
45th Annual Session

An expected 2,000 farmers will convene at Michigan State University, East Lansing, tomorrow through Thursday for the 45th annual meeting of the Michigan Farm Bureau.

Shaping a program of policies for the state's largest farm organization will be the goal of the 700 official voting farmer-delegates.

They will discuss a wide state of topics including apportionment, tax programs, marketing, foreign trade, research and education.

More than 1,000 policy recommendations have been submitted by 71 county Farm Bureaus to be placed before the voting delegates by a statewide "Resolutions Committee" which has been in near-constant session prior to the annual meeting.

Resolutions adopted by the delegate body will be forwarded to the American Farm Bureau, along with recommendations from 49 other states for action at the national annual meeting in early December.

TO APPEAR
Gov. Romney has confirmed his appearance before the Michigan Farm Bureau gathering, Wednesday morning.

Others on the three-day program include commodity expert, Dr. Warren Collins, of the American Farm Bureau Federation, and Dr. Homer Stryker, Kalamazoo.

An annual event, the "Miss Farm Bureau" contest, has created much local interest and competition, with the state winner to be crowned in ceremonies Wednesday evening.

The public is invited to attend all, or any part of the meeting.

AHEAD OF SCHEDULE — Foundations are being poured and excavating work is proceeding on the first phase of construction in a \$50-million development at West Maple and Coolidge in Troy. The Somerset Park development, to eventually contain 2,000 apart-

ment units, is a Biltmore Development Co. project. Concurrent with construction work on the development are the laying of storm sewers and the widening of Coolidge into a four-lane boulevard.

Trial Is Set Dec. 23
on Election Conflict

The conflict between two former Avondale School Board members and the board itself over the June 8 school election may be resolved just before Christmas.

Oakland County Circuit Court Judge Philip Pratt has set Dec. 23 as the date for a trial in a lawsuit filed by Floyd Cobb Jr. and Mrs. Genevieve Porter to invalidate the election.

Mrs. Porter and Cobb lost as write-in candidates for re-election after the board removed their names from the ballot.

The board's action was taken when a circulator of nominating petitions failed to sign the petitions by the filing deadline.

The suit's initiators claim that the removal of their names just three days before the election

To Feature Japan
at Club Meeting

ROCHESTER — Firsthand accounts of contemporary life and education in Japan will be featured at the Nov. 19 meeting of the Rochester branch of the American Association of University Women.

Guests speakers will be Mr. and Mrs. Glenn Bedell who will illustrate their talk with colored slides taken in Japan where Bedell was a superintendent of schools.

Articles and objects of art collected by the Bedells also will be on exhibit at the 8 p.m. session. It will be held at Avon Township Library.

City Hall Financing Plans
Before Troy Commission

TROY — Now that the City Commission and the architect have agreed on the location of Troy's new city hall, a decision must be made on how it is to be financed.

The commission will discuss at least three proposed financing methods tonight.

The Building Authority proposal would require the appropriation of \$70,000 from the 1965-66 capital improvement millage, plus rental charges varying between \$22,000 and \$32,000 for March 1967 through March 1966.

A second proposal submitted by Commissioner Wallace B. Hudson would require a \$150,000 appropriation from the capital improvement budget next year with annual rentals of \$28,100 for 20 years.

City Manager Paul York and City Finance Director Kenneth L. Courtney have come up with a third proposal.

HIGHER PAYMENTS

It would involve an appropriation of \$70,000 from next year's budget, as in the Building Authority's proposal, but would require payments of \$40,000 per year for a period of 15 years.

Courtney has also drawn up

alternate plans and will be present to discuss them and answer questions on any proposed financing method.

Also on the agenda for discussion will be possible programs developed in a meeting last week for job training and retraining under the federal anti-poverty program.

The Troy School Board will also discuss the programs tomorrow night, and a joint meeting of the board and the City Commission is slated to consider the fruits of the discussion Wednesday.

GROUP FORMED

Also developed in last Thursday's meeting of school and city officials with residents was formation of TROYCAP, or Troy's Community Action Program.

This is to be an organization with broad city representation to study and implement the anti-poverty act.

Borrowing Approved

ROCHESTER — Borrowing of \$250,000 against anticipated state aid by Rochester Community Schools has been approved by the State Department of Public Instruction.

TO PRESENT CONCERT — The Sons of Harmony will be featured in a concert of sacred music Saturday night at the Imlay City Intermediate School, 421 Bancroft. There will be no admission charge for the 8 p.m. concert sponsored by the Church of the Nazarene. The Flint quartet, which has cut three long-play records, has traveled extensively through the United States to sing at churches and rallies.

It Seems to Me . . .

National Elections Exhaust Candidates, Entire Public

In the wake of our great national election, many concomitant problems have presented themselves for solution.

One is concerned with the length of the campaigns. Before his tragic demise, the late President John F. Kennedy declared that Presidential battles exhaust the contestants, their thousands of supporters and the listening public.

JFK was so right. It's a public ordeal.

Once both National Conventions adjourn, "the shootin' starts." The cold war has ended. Both contestants and their supporters from coast to coast plunge into the fray with all the energy they possess. By election day, men, women and some of the children are completely played out.

And as for the candidates . . . They're almost stretched cases.

It would be manifestly impossible to check all the work behind the scenes. But public appearances could be delayed by mutual consent until some predetermined date. As it is, in a valiant attempt to say "something new" both warriors come up with things that are irrelevant and sometimes regrettable and unfortunate.

How can it be otherwise? There's only so much to say.

The late President advanced his idea far in advance of campaign time so it could be viewed objectively, and in the light of simple logic and common sense. Perhaps this is a matter for Congress. Every official in the District of Columbia is footsore and mentally exhausted over his efforts in his personal campaign—as well as in behalf of the party. And then, there are the defeated opponents. They've devoted equal zeal, hours and money. They're forgotten.

The time to change is now. It's fresh in personal memories.

As recently as yesterday, Vice President HUMPHRIES advocated putting off the two national conventions until some time in September. He frankly recognized the "killer" complexion of campaigns on the 1964 basis.

A bill in Congress or a mutual pact between the two parties could institute some measure of reform immediately with further limitations in subsequent years. Or—they could give it the full treatment right now. Think of the money saved. Most of the \$100 a plate dinners could fade from the scene along with the frenzied party solicitations.

Let's go.

Russia's Debt . . .

It's time the U.N. acts. Why kowtow to the Russians?

These international debt beads should be told off bluntly, but Adlai Stevenson still has his foot on the soft pedal.

Of the hundred odd United Nations members, all but ten have paid up. The Asiatic rats and five of their satellites are defectors. The scheduled U.N. September opening was postponed "as it might affect the U.S. elections." Now Russia says she won't pay up November 10th, either, when they're scheduled to reopen.

The U. S. hints Russia might

be refused voting privileges as the rules allow. Whereupon Russia threatens to quit. If they don't pay promptly, their vote should be cancelled instantly, and if they quit—THREE CHEERS.

To salaam between these global bullies every time they raise their voices is highly nauseating.

Champion Farmers . . .

Our farmers are all-stars. Really, they are.

In 1820, the work of one U. S. farmer fed and clothed five people living in cities.

Today he provides for 28.

We have slightly less than two and a half million farms in the country today and they produce the food and clothing for 95% of our 190 million citizens, plus a considerable export.

Our agricultural communities have embraced automation more rapidly than the nation as a whole. In sharp contrast, Russia still struggles desperately to feed her own people and the acceleration that Khrushchev promised more than a decade ago is nothing but a pipe dream. They haven't scratched the surface—or the soil.

Some authorities think the great corn belt extending through our middle west may be the most fertile land in the world, challenged only by some special sectors on the Nile Valley which have been irrigated.

We bow before our farmers. They're true U.S. Champions.

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

The latest is a wastebasket that shreds everything so spies are completely frustrated. . . . They tell me "Mr. Broadway" will be an early TV casualty, while "Bewitched" is gaining followers. . . . "Talgating" is now listed as one of the major causes of accidents. Remember: don't get too close to that car in front and especially at high speeds. . . . Little Boy's prayer: "And if you can't make me a better boy, God, don't worry about it. I'm having a swell time now."

Trusted scouts advise me Deborah Sterritt deserves mention as one of the area's very attractive young ladies. . . . That Mr. Onassis just bought Maria Callas a million dollar mansion in Paris and will spend another million "fixing it up." I still want to hear her sing. . . . That grand "kid star," Jackie Coogan, just celebrated his 50th birthday. . . . Overheard: "A conservative is someone who thinks nothing should be done the first time."

The average useful life of a professional football player is four and a half years. . . . Overheard: "He tried everything—candy, flowers, furs, flattery and jewels. And they all worked."

The launching force of the

"Don't You Suppose We Oughta Shop Around For a New One?"

Refused JFK on Cabinet Post

Congress May Help LBJ Again

By J. W. DAVIS
WASHINGTON (AP) — Once again it looks as though Congress might do something for President Lyndon B. Johnson that it didn't do for President John F. Kennedy.

The word at the Capitol today was that Johnson, if he asks for it, can get congressional approval of a new Cabinet department to handle urban affairs and housing.

Congress had refused to go along with Kennedy's plan for the department.

Similarly, it didn't pass the civil rights law he asked, nor a Social Security link for medical care for the aged.

But Johnson got the civil rights bill through this year, and is all set to push in the new Congress for medical care.

NOT AS HARD

He may not have to work nearly so hard to get the new Cabinet department for urban affairs.

President Kennedy twice tried to get Congress to let him wrap up city affairs and housing in one department.

First, a proposed law got blocked in a House committee. Then, when he sent his plan to Congress in the form of a government reorganization, the House vetoed it.

However, a good many of those who voted against Kennedy's plan were defeated for reelection Tuesday.

MAJORITY INCREASED

The Democratic majority in the House was increased by approximately 40 seats, a formidable bloc.

One of the reasons Kennedy lost was that he announced beforehand that if Congress approved the new department, he would pick a Negro to head it.

This displeased many southerners and set off Republican

catapult on an airplane carrier would throw a Pontiac automobile 3,000 feet in the air. . . . Insider's Newsletter says that in the last four years, 20 senior generals and marshals in Russia have died of "accidents" in airplanes. KHRUSHCHEV better travel by ox cart. . . . Men and women in their twenties have the worst voting records. But take our BETTY CRAWFORD: she was 21 Sunday and voted Tuesday. . . . Dept. of Cheers and Jeers: the C's—TV's WALTER CRONKITE election night; the J's—GOLDWATER for his belated and reluctant acknowledgment of defeat.

—HAROLD A. FITZGERALD

protests that Kennedy was injecting the racial issue.

The Negro then in line for the job was Robert C. Weaver, federal housing and home finance administrator. Whether Johnson would appoint him remains to be seen.

"RECOGNITION"

Weaver has called for creation of the new department as "symbolic" recognition of the right of the 73 per cent of the people of the nation living in urban areas to be represented at the Cabinet level."

The National Association of Real Estate Boards threw its

weight against Kennedy's idea on the grounds that it was "a grand design to elevate housing to the cabinet level."

It said the problems of urban areas extended all through American life and the government could not effectively concentrate those problems in one department.

The Chamber of Commerce of the United States has taken the position that the proposed department would lead to big federal subsidies that would discourage communities from taking care of themselves.

Bob Considine Says:

2 in GOP Heard Hinting Barry Was Lousy Choice

NEW YORK — If my TV tube wasn't playing optical tricks Tuesday night and early Wednesday morn, I think I be-

lieved the beginning of several campaigns for the future.

Bobby Kennedy, for example, avoided every opportunity reporters gave him to thank LBJ's coattails for at least part of his own success.

On the same screen also came two Republicans who said, without quite saying it out loud, that Goldwater was a lousy choice to head the ticket and that, or their people, could have done a lot better in the land if he had never appeared on the scene.

The first was Gov. George Romney, who emerged from the debate better than any other nationally known Republican.

He was the sole survivor of a fearsome Democratic landslide in the motor capital of the country. He was going away, while the state was voting enthusiastically for Johnson.

It is political versality of that nature that tell the party as a whole that this man or that is a stickout, and worth considering in the future.

SCANT MENTION

Romney opposed Goldwater in the San Francisco convention and scarcely mentioned his name in his own campaign for reelection.

Gov. Nelson Rockefeller was a lot blunter, when he was in line for that and little talked about Keating's surrender.

Rocky — who'll run as long as he lives — did not mention himself exactly. Instead, he was full of sympathy and warmth for Keating, who polled a ton or two more votes than Goldwater could attract, in the course of losing to Bobby Kennedy.

There will be other pretenders to Goldwater's shaky throne,

view that he has been held up to now as the Alf Landon of the 1960s.

(The Man from Topeka was forgotten as swiftly as, say, Bill Miller will be. He tilted against a titan without the aid of a spear and was clobbered.)

Reviewing Other Editorial Pages

British Papers Comment

President Johnson's victory is hailed with joy by most British papers. The London Times says: "Landslides of this proportion occur very rarely in any country. When they do, they test the men who win them and the countries that grant them."

"We are anxious about the small size of the Republican opposition, but feel the party will soon be reconstructed, though in the end this will mean that President Johnson may see his support diminish. This will be painful, but in the long run more healthy. Meanwhile, President Johnson reigns supreme. In foreign affairs this can be hardly anything more than beneficial. One thing is clear: he will have to step straight into a crisis in the Western Alliance that will test even his skill at compromise; for General de Gaulle in his present mood is a tougher proposition than the crustiest old senator."

The Daily Telegraph says: "President Johnson faces his daunting tasks, especially those abroad, with proven qualities and the strongest-ever backing from the nation and in the legislature. The common touch of his campaigning must have made him in a real sense the embodiment of the American people. The supreme test is whether on the world stage he will be able to employ that genius for compromise and a persuasion which has been so successful at home."

The Guardian congratulates

Voice of the People:

'Disunity in GOP Ranks Cause of Party's Defeat'

If some of the so-called Republican party leaders had practiced what they are now preaching about unity within the party, Goldwater and many other Republican candidates might have been elected.

The Romneys, Rockefeller, Keatings and other "liberal" Republicans, along with the county and state party organizations are responsible for the defeat of many capable and qualified Republican officials.

Party organizations should work for all candidates, not just one politically ambitious individual or group.

BRUCE J. ANNETT

Harlan School Receives Safety Device

On behalf of the parents of the Harlan Elementary School, I should like to express appreciation to the Bloomfield Township Board for their decision to finance the installation of safety speed-control devices in front of our school.

Too often, public officials use outdated statistics and ordinances for inaction. The township, and especially Supervisor Homer Case, are to be commended for placing the safety of children above other considerations.

KEN SMITH, PRESIDENT
HARLAN PTA

Two Give Opinions on City Income Tax

Mr. Dugan stated in the commission meeting that he was "amused" at the reaction of the out-of-town people who are affected by the city income tax and further reminded us that if it were a state income tax we would have to pay one per cent instead of one-half per cent. Mr. Dugan has missed the point.

If there was a state income tax, since we are residents of Michigan, we would be allowed to vote on the issue. I can also see where we might derive some benefit from the tax. Neither is true of a city income tax.

When the residents of a city can impose a tax on inhabitants of surrounding territory who do not have access to city water, sewer, police or fire department, and who have no vote in city elections, this is not only illegal but unconstitutional.

MABEL DAVIS
CLARKSTON

I doubt if the state would feel the presence of a Pontiac income tax, but the merchants and professional men might. To show the commissioners how much taxpayers do spend in Pontiac, the latter should stop buying in Pontiac for a week or month. The merchants and professional men of Pontiac now receive at least 75 per cent of our take-home pay.

When the state imposes a tax everyone pays and benefits from it, but with a city tax only the residents of that city benefit.

If the commission would spend its income wisely, there would be no need for a new city tax.

NONRESIDENT

'Election Worker Reneges on Promise'

Congratulations to the Republican party worker at Lake Orion who promised two schoolboys two dollars each for distributing campaign pamphlets to the voters. After several hours the boys returned after handing out all the pamphlets and the same person said he had promised them nothing.

Both boys came from large families and to a large extent depend upon odd jobs for the bulk of their spending money.

This is not a criticism of hundreds of dedicated, sincere workers of both parties, nor of the Oakland County Republican Committee.

DISGUSTED

The American people on giving the Allies a leader of immense stature in his own right. The paper declares: "When the search is now resumed, as the President has promised it will be, for ways to reduce disunity in the Atlantic Alliance, Britain will be treating with a President it can trust."

The Financial Times says that the world's first reaction to the news of Senator Goldwater's defeat must be one of relief. The paper adds: "The decisive issue in the election was foreign affairs, and the President may now feel more free to take his own initiatives in this field. He may even feel that the size of his majority justifies him in acknowledging the existence of Communist China."

The Daily Mail also expresses relief at the result, even though, as the paper says, President Johnson's victory was as certain as anything can be. The Daily Mail comments: "It is a relief to know that American policy is not to be wrenched violently out of course and that the United States will continue to pursue peace abroad with tolerance and humanity at home."

The Glasgow Herald is another paper which welcomes the continuity of United States policy: "Mr. Johnson's success insures that there is scope for cautious improvement in East-West relations and that the improvements of the last few years are not put in danger."

The Sun seems to sum up the feeling of the British press when it writes:

"Any kind of victory for President Johnson, however narrow, would have been cause for satisfaction. That Mr. Johnson's loss was as crushing is a splendid bonus."

Mustache Loses

New York Herald Tribune

Britain's future may depend on whether its new Labor government can make up in resourcefulness what it lacks in seats (it won by the razor-thin majority of four).

The Defense Minister had his first opportunity to display a fresh, flexible outlook when a member of the Royal Air Force appealed to him to save a rare, national specimen. At stake was the airman's 1914 mustache with its magnificent sweep from sideburn to sideburn, product of four years' cultivation, ordered cut down to regulation size — the width of the upper lip.

But the Minister, according to his spokesman, had "more important things in his lap." The appeal fell to the ground, and Labor lost a chance to prove that narrow margins do not necessarily make for limited thinking.

Building Collapse Toll Rises to 33; 21 Missing
SAO PAULO, Brazil (U)—The toll of known dead in the col-

lapse of a new 15-story building has risen to 33. At least 21 others are missing. An unofficial source blamed the disaster at Piracicaba last Friday on low quality cement.

Humphrey Asks for Shorter Campaigns

WASHINGTON (AP)—In the news from Washington: Campaigns: Presidential campaigns are nearly twice as long as they should be, says Vice president-elect Hubert H. Humphrey.

Humphrey said he thinks that in the campaign just ended "the people were ready to vote... at least two weeks before it was over."

He contended, in a taped interview televised yesterday, the traditional 10- to 12-week campaign involves much re-playing of old material and is a holdover from days of slower communications and transportation.

"With the jet airplane and with the radio and television and the news media that we have today, we can get to the people with our message in a much shorter time."

The Minnesota Democratic senator said that perhaps with "a little bipartisan soul-

searching" an understanding might be worked out to hold nominating conventions in September, rather than July or August, then have a preparation period and campaigns of about six weeks.

The interview was taped before he left for a vacation in the Virgin Islands.

CIVIL RIGHTS: Acting Atty. Nicholas Katzenbach predicts solution of the murder of three civil rights workers in Mississippi because "I believe that eventually we will get some evidence and some people will talk."

But Katzenbach, interviewed yesterday on a radio press international program, conceded that "it's a problem in that case as it is in other cases, to get people to come forward and testify and particularly in areas where even (though) what has been done is strongly disapproved of, nonetheless there's high emotional feeling."

Katzenbach agreed also the government may have "information that would point toward some individual." But he said it "may not be quite what is required to present a case and secure an indictment."

The government has examined voting records in 67 or 68 counties in Mississippi, Katzenbach said. "And I could predict on the basis of those records that it's going to be likely there are going to be more voting suits." He said denial of voting rights is not confined to the state but "I think it's more serious in Mississippi than anywhere else."

FOREIGN CURRENCIES: A congressional subcommittee has invited the government to come up with useful projects to put to work the \$3-billion in U.S.-owned foreign currencies now idle.

The House Foreign Operations subcommittee said, for example, that the State De-

partment shouldn't be too timid to ask for \$3,000 a year to operate a fountain at the embassy in New Delhi — if the money is in otherwise unused rupees. The expensive fountain now is dry for lack of funds.

The subcommittee said in a report yesterday the government's stocks of local currencies received in return for some kinds of foreign aid is growing at a rate of \$200 million a year. The funds can't be changed into dollars. Some, by agreement, must be used only for further foreign aid.

The average age of all war veterans in the nation is 56 years.

Hearings on Ferry, Track Abandonment

State to Cite Economic Loss in Rail Case

LANSING (UPI) — The state began to unfold its case today in the lengthy Interstate Commerce Commission hearings on petitions to abandon the Straits of Mackinac railroad ferry and nearly 300 miles of track in northern Lower Michigan.

Atty. Gen. Frank J. Kelley said a major note in the state's case would be testimony that if the petitions are denied "there are five industrial firms very likely to move into the eastern Upper Peninsula or the northern Lower Peninsula."

Kelley indicated the companies involved are ones that could give the state's northern Lower Peninsula considerable economic impetus.

The hearing, which first began in Cheboygan July 8, is expected to wind up later this week.

Then it will be up to ICC examiner Hyman Blond to prepare his finding on whether the three railroads that operate the Mackinac City - St. Ignace car ferry and the two lines seeking to quit regular freight service should be granted the petitions they have asked.

CO-OWNERS

The co-owners of the ancient Chief Wawatam railroad ferry are the Pennsylvania, New York Central and Soo Line railroads.

The Pennsylvania is also petitioning for permission to quit 100 miles of track running from Sand Lake in Kent County to Mackinaw City and a 25-mile spur that connects to Traverse City.

The NYC has a petition in to end service on 60 miles of track between Gaylord and Mackinaw City.

The lines have all said the services should be terminated because they are no longer economically feasible and because there are alternate methods of shipping — either by other rail lines or truck.

COULD IMPETE

State officials, from Gov. Romney down, have said the abandonments could prove a serious impediment to economic growth in the northern Lower Peninsula and the Upper Peninsula.

Kelley, who has coordinated the public and private efforts to keep the railroads running, said the state would open its case with testimony from Dr. Paul Herbert, a staff economist for Michigan's Department of Economic Expansion.

Herbert and John P. Kavanagh, head of the department's industrial development division, will both testify on the economic pangs the granting of the abandonments would inflict upon Michigan, Kelley said.

In addition, the attorney general said, the state planned to call about a dozen freight shippers from the Upper Peninsula and the northern Lower Peninsula to explain the damage the abandonments would cause to their business.

TRAFFIC MANAGERS

Among the major Upper Peninsula witnesses will be the traffic managers of two growing mining companies, White Pine of White Pine and Calumet & Hecla of Calumet.

Kelley said the state and the Committee for Retention of Railroad Service, a privately organized association of civic and business leaders, will also sponsor testimony by William Carpenter, a nationally recognized expert on transportation operations.

Kelley said Carpenter, president and owner of Transportation Associates, Ltd. of Silver Springs, Md., would show in his testimony that if the abandonment of the ferry is permitted the three lines would lose much more money than they have previously admitted.

"We now have the opportunity to present the state's case to show the abandonment of these railroads would be a blow to Michigan's economy," Kelley said.

"It is the feeling of economic experts with whom we have

reviewed this matter that the abandonments could seriously retard development of northern Michigan's economy.

"Furthermore, it would cause a significant and detrimental economic barrier between Michigan's two peninsulas."

Testimony in the case taken thus far fills some 2,500 pages. ICC officials have said Blond will probably not be able to complete his findings on the matter until late next year.

These could then be appealed to the full Interstate Commerce Commission for further argument, meaning the case may drag on for at least two or more years.

News Briefs From Around the World

Copters Hunt 29 Captive Congo Missionaries

LEOPOLDVILLE, the Congo (AP) — Helicopters ranged over rebel terrain in the northwest Congo today seeking 29 kidnapped, German missionaries. They included Martin Bormann Jr., son of Hitler's deputy.

White mercenary soldiers who captured the town of Ikela less than 200 miles south of Stanleyville, the rebel capital, said villagers believed the Communist-backed insurgents originally planned to kill the missionaries.

SANA, Yemen (AP) — Both sides in Yemen's civil war were observing a cease-fire today after more than two years of fighting, reports from the Red Sea nation said.

President Abdullah Al-Sallal said the cease-fire went into effect Sunday 12 hours early. Al-Sallal's Republicans, who de-

pend mostly on Egyptian troops, and the royalists agreed to it last week.

The royalist prime minister, Prince Hassan, said in a broadcast his side agreed to the cease-fire "for a limited time to see if the Egyptians are seriously intending to withdraw from Yemen." The royalist foreign minister, Ahmed Shami, said the royalists would never agree to replace the deposed ruler, Imam Mohammed Al-Badr.

Called Victory The Republican radio hailed the cease-fire as a victory and said Egyptian troops would remain in Yemen until the Yemeni army is strong.

Al-Sallal said there was no possibility Al-Badr or any member of his family could return.

GUNTUR, India (AP) — The

ruling Congress party has rejected proposals that India build its own atom bomb to offset Red China's new nuclear power.

The party's governing committee supported Prime Minister Lal Bahadur Shastri Sunday after he told it entry into a nuclear arms race with Peking would be a "gross betrayal" of the principles of nonviolence espoused by Mohandas K. Gandhi and Jawaharlal Nehru.

Adoption of nuclear weapons would also jeopardize India's policy of nonalignment and strain the nation's shaky economy, he said.

BERLIN (AP) — Nearly 200,000 West Berliners passed through the wall over the weekend, bringing to a half million the number who have visited relatives in the Soviet sector

since the Communists raised the barriers 11 days ago.

About 300,000 of the Western sector's 2.2 million citizens were eligible for one-day passes during the visiting period, which ends Thursday.

Traveling in the other direction, an estimated 15,000 elderly East Berliners have arrived in the Western sector for a month's visit.

BUENOS AIRES, Argentina (AP) — Great Britain has been designated arbiter of the border dispute between Argentina and Chile over 270 square miles in the Andes.

Foreign Minister Miguel Angel Zavala Ortiz, just back from conferences with the Chilean foreign minister, said the deci-

sion to submit the dispute to arbitration was a decisive step.

VIENTIANE, Laos (AP) — The royal Laotian army said today a defecting Pathet Lao commander killed a Communist Viet Minh general before coming over to the rightist side.

An army spokesman said the defector, Boun Heng, a battalion commander, tried to capture the general, identified only as Tuong, apparently to bring him along as proof that Communist North Viet Nam's Viet Minh troops are aiding the Communist Pathet Lao. When Tuong's aides put up a fight, Boun shot the general and fled.

The Laotian army claims it has captured four Viet Minh soldiers. Participation of foreign forces in the sporadic war be-

tween the rival factions is forbidden by the Geneva agreements on Laos.

Four U. of M. Alumni

Feted for Achievements

ANN ARBOR (AP) — Four University of Michigan alumni were honored Saturday with awards for achievement in their chosen professions. They were Virginia R. Allan of Wyandotte, president of the National Federation of Business and Professional Women's Clubs; Henry W. Balgooyen, executive vice president of American and Foreign Power Co., New York; Joseph A. Livingston, financial editor of The Philadelphia Bulletin, and Austin T. Walden, municipal judge of Atlanta, Ga.

Here are three kinds of tigers. We sell two.

(Have you priced a tiger lately?)

The quick ones are ours. The agile ones. That's a Pontiac Le Mans, top left. Fierce. You can get it with 250 hp like most people. Or 285 hp like some. That's a Pontiac GTO, above. Ferocious. Comes complete with 335-hp Trophy V-8. Bucket seats. Hurst floor shifter. Dual exhausts. Heavy-duty springs. Redline tires. Even a real walnut dash. The whole package. Lithe. Lean. Nimble. That other tiger? A puzzled cat. He checked out a "sporty" kind of car, learned it doesn't come with fangs at that stripped-down price. You look around. You'll see.

Quick Wide-Track Tigers Pontiac Le Mans & GTO

Call for School Boycott in Chicago

Mothers to Protest Apartment Classrooms

CHICAGO (AP)—A group of mothers has called for a school boycott to protest the use of apartments for classrooms in a huge housing development on Chicago's South Side.

The boycott is to begin Nov. 23 and continue indefinitely.

The mothers live in the Robert B. Taylor Homes, in a populous district. About 29,000 persons, more than half of them on relief, are jammed into 4,300 living units.

Because of a lack of space in nearby schools, the Chicago Board of Education set up first- to third-grade classrooms in 86 first-floor apartments scattered throughout the project two years ago.

PROTESTS PLAN

"The children shouldn't be going to school downstairs from where they live," said Violet Williams, 27, leader of the Tenants Committee for Better Education and mother of two girls.

"These children are poor," she said. "They should have the best education possible and instead they get the worst."

LBJ Cites 'Vital Role' of GOP

WASHINGTON (AP)—President Johnson says he is very proud of the work done in his administration by many Republicans and he thinks the GOP has a vital role to play in the American system.

In an exclusive, copyright interview today in U.S. News & World Report, the President was asked how he viewed the Republican party's present role.

He replied: "I certainly feel that the Republican party has an important and vital role to fill in our system and in the making of our national policies."

"I am very proud of the contributions made to the administration by so many outstanding good Republicans and good Americans, such as Secretaries McNamara and Dillon (Secretary of Defense), Robert S. McNamara and Secretary of the Treasury Douglas Dillon, CIA Director John McConne, Special Assistant for National Security Affairs McGeorge Bundy, and distinguished Republican business-community leaders such as John McCloy and Robert Anderson."

"I was very proud during the campaign to have the active support of four former members of the Cabinet under President Eisenhower."

"I anticipate that some of those Republicans who supported us during the campaign will resume an active role in leading the Republican party on a constructive course to maintain the bipartisanship in government which is so essential to America's success in all fields."

Asked how he interpreted the vote in last Tuesday's election, he said, "I believe the mandate is for responsible, constructive and progressive programs to meet the problems of America's agenda."

As for his wide margin of victory, he said, "I believe it will strengthen the country's hand. . . . America's role and influence for peace and freedom in the times to come will be strengthened by the unity and agreement demonstrated by our elections."

"The children never get any contact with the outside world—they never even leave the grounds of the project. To go to school, they just leave one apartment and go to another."

The classrooms were set up, Mrs. Williams said, when the latest units in the development opened in December 1962.

"They were supposed to be only temporary and now the school board is asking for a new lease," she said. "We intend to empty the classrooms if we have to."

FILE GRIEVANCES

The tenants committee filed 14 grievances with the Chicago Board of Education last week.

David J. Heffernan, director of community relations for the board, said the tenants committee's demands would be considered when the board meets in January to discuss its 1965 budget.

"This is a problem not only facing Chicago, but facing all the major cities in the United States," Heffernan said. "We simply do not have the money to provide the facilities and classroom sites that are needed."

The tenants committee staged a one-day boycott two weeks ago that pulled nearly 70 percent of the 3,745 students out of school. Aided by civil rights groups, the mothers operated two "freedom schools" at nearby churches.

PURPOSE OF BOYCOTT

"The purpose of the boycott," said Mrs. Williams, "is to force the board not to renew the lease. We want the children bused to vacant classrooms in other parts of the city."

"It costs \$113,000 a year to rent the apartments," she said. "They could bus them for much less."

"The issue," she said, "is whether or not parents have to send their kids to segregated and inferior schools."

Average price of an acre of farm real estate, including land and buildings, reached an all-time high of \$129.79 in 1963.

ADDING FINISHING TOUCHES — Working from a specially mounted truck, workers add paint to the nearly completed Verrazano-Narrows Bridge connecting Brooklyn and Staten Island. The \$525-million structure will be opened at ceremonies Nov. 21. It will have the world's longest suspension span.

2 Munising Buildings
Destroyed by Fire

MUNISING (AP) — Fire destroyed two of Munising's oldest buildings Saturday night. No one was injured. The adjoining one-

story frame structures—said to be 65 years old—burned completely to the ground, said Fire Chief George MacKenzie. They housed a lunch room and a bar. MacKenzie estimated total damage at \$30,000.

U. of Utah's President Part of Prolific Family

SALT LAKE CITY, Utah (AP) — What about the women in that remarkable Fletcher family, the family of Ph. D.'s from whence came the new president of the University of Utah, Dr. James C. Fletcher?

One thing for sure is that they raise children! There are 23 children in the families of Dr. Fletcher and his four brothers.

Raising children is certainly not the only thing, however. The five wives who were in Salt Lake City for Dr. Fletcher's inauguration last week are all attractive and sociable.

The eldest Fletcher brother, Stephen, 54, is vice president and general counsel for Western Electric Corp. in New York, N.Y. He and his wife Dorothy have three children and raise another, a niece.

OWNS COMPANY

James, 45, with a Ph.D. in physics, had his own missile firm in California before he became a university president. He and his wife Fay have four children.

Robert and Rosemary Fletcher have seven children. He is 43 and vice president of a Bell

Telephone subsidiary, the Sandia Corp., which runs Los Alamos, N.M., atomic facilities for the government. She is a daughter of Sen. Wallace F. Bennett, R-Utah.

Harvey Jr., 41, is Ph.D. and professor of mathematics at Brigham Young University. He and his wife Deah have five children.

Paul, 36, and his wife Norma have five children. He is another Ph.D. in physics and heads the research department for Electro-Optical Co. in Pasadena, Calif.

MOTHER OF BOYS

What about the mother of these Fletcher boys?

"Oh, I'm just a mother," Mrs. Harvey Fletcher said in an interview.

"Let's see, we were married when I was 20 and I had Phyllis when I was 22."

Phyllis is Mrs. W. Kenneth Firmage of Chatham, N.J., the eldest of six children, who got a master's degree in mathematics and then settled down to raising a family—three children.

Expanding Dispute Centers on Viet-Cambodia Border Incidents

By T. JEFF WILLIAMS
ANLONG KRES, Cambodia (AP) — Life in this sleepy village of 60 inhabitants had always been easy. But on Oct. 20 the town became the center of an international crisis that threatened relations between Cambodia and the United States.

On that day three South Vietnamese Skyraiders planes bombed and strafed the village, less than a mile from South Viet Nam's border. Eight villagers were killed and eight were injured.

South Viet Nam said pilots had mistaken the village for a Viet Cong hideout. Cambodia's chief of state, Prince Norodom Sihanouk, charged it was the Viet Cong receiving safe harbor in Cambodia? Cambodia says absolutely not; South Viet Nam says they are; neither contention has been proven.

In succeeding days the incident expanded into a greater crisis. Around the problem was raised a bigger question — are the Viet Cong receiving safe harbor in Cambodia? Cambodia says absolutely not; South Viet Nam says they are; neither contention has been proven.

At least eight major incidents have occurred along the ill-defined 600-mile border this year.

Stop Corn Pain Fast!
Also Remedy CALLOSITIES

Super-soft Dr. Scholl's Zino-pads quickly stop pain of corns. Also remove corns, calluses when used with separate medicated disks included in each box. Sold everywhere.
Dr. Scholl's Zino-pads

Each one has led to increased bitterness in Cambodia toward the United States.

After the latest one, Oct. 24, in this same village when Skyraiders again strafed and fired rockets, Sihanouk declared he would break diplomatic relations with the United States.

Plan to Design Hybrid Rocket

SUNNYVALE, Calif. (AP) — A \$300,000 contract to design and test-fire a hybrid rocket which can be repeatedly stopped, restarted and throttled back, was announced today by United Technology Center.

The contract from the National Aeronautics and Space Administration, UTC said, will lead to development of a high-performance hybrid rocket for eventual space flight applications.

The nine-month development program will include 11 full-scale test firings.

A hybrid rocket uses both a solid fuel and a liquid oxidizer. "A hybrid can provide high performance with greater reliability than most liquid rockets," a UTC spokesman said, "and, unlike a solid rocket, can be throttled, stopped and restarted."

Crash Fatal to Artist

BAKER, Calif. (AP) — Randall Davey, 76, an artist who specialized in Western scenes, died in a highway accident near Baker Saturday. Davey also was an associate professor at the University of New Mexico.

tion of the village was followed by the entry of Vietnamese government troops, including an American adviser. Anti-American feeling, already running high when the U.S. Information Agency library was sacked the week before, flared anew.

On May 2, two more border incidents occurred, including the capture of a South Vietnamese armored personnel carrier by Cambodian troops. On Aug. 28, another clash occurred along the Mekong River, which flows through Cambodia and into South Viet Nam.

Fear Drought May Wipe Out Colorado Wheat

DENVER, Colo. (AP) — The entire \$100-million winter wheat crop in Colorado may be wiped out by drought.

Even a drenching rain or snow would come too late to help, a state official said Sunday. Laurence Phelps, director of Administrative Services for the Colorado Agriculture Department, termed the severe dryness which started three years ago the worst drought since the 1930s.

The income of Colorado farmers has fallen from \$178 million in 1961 to \$135 million last year and "every town in the state is in economic trouble," Phelps said. He said continued dry weather would "wipe out the entire wheat crop."

attack. Officers said the Skyraiders were initially driven off by antiaircraft fire, then two MIG-17s shot down and the force jets appeared.

The Skyraiders pulled back into Vietnamese territory, but while the jets were gaining altitude, the Skyraiders made a low approach and fired 32 rockets into the village, the officers said, killing one soldier and injuring six. The village, in a sparsely wooded area, is heavily pockmarked with bomb and rocket craters.

Cambodia has said the first attack on Anlong Kres might have been a mistake, since the village lies so close to the border. But they claim outright aggression was clearly indicated when in succeeding days, F101s scanned the area, then Skyraiders again attacked.

WANT TAKE OVER
Shanouk has charged repeatedly that the attacks are made by Vietnamese who want to take over Cambodian territory, and are supported by Americans who want to force Cambodia to join anti-Communist nations opposing Communist China.

The United States and South Viet Nam say the attacks are due to poor boundary markings and in pursuit of Viet Cong who flee into Cambodia.

Cambodia officially says it has never killed any Vietnamese.

On Oct. 20, the village of Anlong Kres was hit, further weakening the U.S. position in this strategically located country.

On Oct. 22, while the International Control Commission visited the village, Cambodia claims two F101 reconnaissance jets flew over the village. The next day, Cambodia says, 101s again swung over the village and into Cambodian territory.

THREE OVERFLIGHTS
On Oct. 24, after Cambodia had moved antiaircraft guns into the village, Cambodian Army officers on the scene said 101s with U.S. markings flew over the village three times.

Later that same day, they said, two South Vietnamese Skyraiders accompanied by an L19 scout plane approached for

attack. Officers said the Skyraiders were initially driven off by antiaircraft fire, then two MIG-17s shot down and the force jets appeared.

The Skyraiders pulled back into Vietnamese territory, but while the jets were gaining altitude, the Skyraiders made a low approach and fired 32 rockets into the village, the officers said, killing one soldier and injuring six. The village, in a sparsely wooded area, is heavily pockmarked with bomb and rocket craters.

Cambodia has said the first attack on Anlong Kres might have been a mistake, since the village lies so close to the border. But they claim outright aggression was clearly indicated when in succeeding days, F101s scanned the area, then Skyraiders again attacked.

Mrs. Karl E. Fredericksen, West Rutgers Avenue, gets help from her children in putting up posters for the Pontiac Symphony Orchestra's family concert this Sunday. From

the left are Ricky, age 9; Susan, 8, and Margaret Ann, 6. The 3:00 o'clock concert will be held in Pontiac Northern High School auditorium.

Mary Phipps, supervisor of elementary music in Waterford schools, explains the Pontiac Symphony family concert to Mrs. Charles Beyette, Fortness Street and her daughter, Renee, 10. Tickets for this concert are available throughout Pontiac, Waterford and Bloomfield school systems. They are also available from the symphony office in the Riker building.

Education Week

Schools Invite Parents

As part of the area observance of American Education Week, Lincoln Jefferson and Eastern Junior high schools will hold open houses Tuesday. At Lincoln, the 7:30 p.m. open house will start with a short orientation meeting in the auditorium. Parents will then spend 10 minutes in each classroom, covering a routine day's schedule or their child. The Jefferson open house will be held from 9:30 a.m. to 12:30 p.m. and 5 to 8:30 p.m. Eastern's will start at 7 p.m.

The open house at Webster School will be held Tuesday, Wednesday and Thursday. Coffee will be served each day from 10 to 11 a.m. and tea, from 2 to 3 p.m.

'Slick' Off Dirt

To remove grease from hands after a "dirty" job, rub them with a little salad oil. Then wash hands with plenty of soap and the hottest running water that is comfortable.

Procrastinating Teens

The Morning Madhouse

By ABIGAIL VAN BUREN
DEAR ABBY: We have two teen-age girls who read your column so maybe, if you answered this in the paper it would help.

Why can't they be in bed with their homework done and their clothes laid out by 11 o'clock on school nights? At 11:30 they are poking around, just starting to wash their hair, and I know all their homework is not finished. The next morning it's a madhouse deciding what to wear. I have all I can do to get a bite of breakfast down

them with all that rushing around. If you can solve this problem, you're a genius.

INADEQUATE MOM

DEAR MOM: If it's any comfort to you, your problem is shared by millions. The cause is lack of organization. Believe it or not, the busiest people in the world are teen-agers. Their days are filled with school, sports, music lessons, dental appointments, social activities, clubs, homework, television and telephoning. They should put themselves on a first things-first schedule. After appointments which cannot be changed, their homework should be done. The most subtle thieves of

time, television and telephoning, should be allowed only after the homework is finished.

The selection of clothes, however, cannot be made the night before because according to the teen code, they must first see what the weather is like, and then check with friends to find out what THEY are wearing.

CONFIDENTIAL TO "SICK ONE" IN HILLSBOROUGH: Your doctor should have told you that tranquilizers and booze don't mix.

But he prescribed only the tranquilizers. The booze was your own idea.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, in care of the Pontiac Press.

Personals

Two daughters, eight grandchildren, 80 guests, autumn flowers and three strolling musicians helped Robert M. Critchfield celebrate his 70th birthday Saturday. Mrs. Critchfield held the party in their North Lake Angelus Road home.

Their daughter, Mrs. H. L. Smith, brought her husband and six children from La Grange, Ill. to mark the occasion.

Also adding gaiety was their other daughter, Mrs. C. E. Skook of Louisville, Ky., who brought her two children.

The eight grandchildren ranged in age from 16 to three years old. From the Skook family were Cathy and Bob.

Smith grandchildren there were: Jim, Susan, Tom, Jeff, Mary Jean and Douglas.

Past presidents of Bloomfield Hills Country Club were honored guests Saturday night at a dinner dance. Several hundred members attended the gala event.

Mr. and Mrs. Paul E. Jolly (Ellen Taylor) of Berkley announce the birth of a son, David William, Friday, in Pontiac General Hospital.

Grandparents are Mayor and Mrs. William H. Taylor Jr. of Ottawa Drive and Mr. and Mrs. LeRoy Jolly of Delaware Drive.

Gold Star Chapters Install

Chapter 9, American Gold Star Mothers, Inc., installed officers at Aldersgate Methodist Church Friday evening with Mrs. Howard Nichols of Royal Oak as installing officer.

Re-elected president was Mrs. Sybella Stevens. Others are Mrs. Harbert L. Langton, first vice president; Mrs. Mary Lee Hawkes, second vice president; Mrs. Lola Erb, secretary; and Mrs. Earl M. Duemler, treasurer.

Also installed were Mrs. Edna Matheny, chaplain; Mrs. Edna Olmsted, flag bearer; Mrs. Henry C. Hight, banner guard; Mrs. Mae Archambault, sergeant-at-arms; and Mrs. William A. Beckett, historian.

Chapter 34

Mrs. Leone Hagberg was installed as president of the Gold Star Mothers of Oakland County, chapter 34, Friday, in the First Federal Savings of Oakland club rooms.

Serving with her will be Mrs. Irma Rutherford, Mrs. David Bickertaff, Mrs. Clarence Sutton, Mrs. Olive Burgess, Mrs. Edward McDonald, Mrs. Eva Welch and Mrs. Harry White.

Assisting Mrs. Burgess, installing officer, were Mrs. Arthur Ballentine, chaplain, and Mrs. John A. Green, sergeant at arms.

Refreshments were served by Mrs. Fred Harroun, Mrs. Richard Hagberg and Mrs. A. R. Dobat.

Guests came from Berkley, Detroit, Oxford and Utica.

Chapter Plans Year's Projects

Beta Theta chapter, Lambda Chi Omega Sorority discussed community projects at a recent meeting in the home of Mrs. Joseph Nouse on Montoway Drive.

A scholarship for a male nurse was suggested and funds were tagged for gifts to a cottage at the Laper Home.

Sally Jo Barnett Wed in Family Ceremony

Sally Jo Barnett exchanged vows with Stuart H. Winkelman, Saturday, in the home of her parents, the Archie M. Barnetts on Oneida Road.

The bridegroom is the son of the Alvin Winkelmans of Port Huron.

Rabbi Milton Rosenbaum performed the evening ceremony in the presence of the immediate families.

THEATER SUIT

The bride chose a theater suit of white ribbed ottoman silk and short veil fitted to a bow headpiece. Phalaenopsis

orchids and Stephanotis rested on her white Bible.

Mrs. S. William Barnett of Ypsilanti attended as matron of honor and Alvin Winkelman was best man for his son.

After a honeymoon in Northern Michigan and Chicago, the couple will reside in Port Huron.

The bride is an alumna of Stephens College, Columbia, Mo., and her husband was graduated from the University of Michigan.

Sorority Unit Will Observe Its Anniversary

Psi chapter, Sigma Beta sorority, will observe its 26th anniversary, Nov. 19, in the Lake Angelus Road home of Mrs. Morgan Siple who was hostess for Thursday's meeting.

Mrs. Eddie O'Brien and Mrs. Thomas Thornberry reported on the recent convention in Fort Wayne, Ind. where Mrs. James DePiero of Psi chapter was installed as Province 1 Governor.

Plans were announced for the Christmas party to be given for patients at the Oakland County Medical Care Facility on Dec. 10.

Mrs. Etio Bisogni and Shaky Godoshian were chapter delegates to the 1965 convention-planning meeting at Holiday Inn.

DOCTOR ESCHTRUTH

Missionary to Relate Experiences

A medical missionary just back from serving in the Congo will speak at the 8 p.m. Thursday meeting of the Women's Society of Christian Service at Aldersgate Methodist Church.

Dr. Glen J. R. Eschtruth will use slides to illustrate his talk on his work in a part of the Congo equal in size to the area of Michigan and Indiana.

As sole doctor for that area, Dr. Eschtruth ran the Piper Memorial hospital at which he not only performed 350 major operations a year but also served as maintenance man, repairman and X-ray technician.

The graduate of Asbury College and Wayne Medical School also formed a leper sanitarium and served a tuberculosis hospital.

CHIEF SURGEON

Prior to his work in the Congo, Dr. Eschtruth served two years as chief surgeon at Cape Kennedy (formerly Canaveral), Fla. and founded the Methodist church at Cocoa Beach, Fla.

Mrs. Gordon Allison, Mrs. Herbert Blom and Mrs. Mary Saterburg are helping to plan the event.

Monticello Is Subject of Talk

Mrs. Robert Boyce presented a paper on Monticello before the Heritage Club Thursday in the home of Mrs. Edward Hansz on McLintock Drive.

Slides of the home of Thomas Jefferson, highlighted her biographical sketch of the man who also planned the buildings and campus of the University of Virginia.

Mrs. Ron Chandler of West Ilwaco Road will open her home Dec. 3 for the Christmas party.

Guests at the meeting were Mrs. George P. Seay and Mrs. Malcolm Sparks.

Dinner Will Help Fund for Carpet

On Wednesday the Waterford Township Friends of the Library are sponsoring a smorgasbord dinner in the CAI building from 5 to 7 p.m.

Food is being prepared by members of the Lakeland Optics club, the Waterford Book Review group and the Friends of the Library.

Proceeds from the dinner will go to a fund for carpeting for the new public library now under construction.

Mrs. Douglas McGinley, chairman, says that tickets will be available at the door. No reservations are necessary.

Sally Jo Barnett exchanged vows with Stuart H. Winkelman, son of the Alvin Winkelmans of Port Huron, Saturday, in the home of her parents, the Archie M. Barnetts of Oneida Road.

MRS. STUART H. WINKELMAN

Calendar of Events

TUESDAY

Oakland County District of the Michigan Practical Nurses Association: 7:30 p.m.; Woodside Medical; Mrs. Constance DeClere; R. N. will speak on "Working in a Nursing Home."

Pontiac Educational Secretaries: 7:30 p.m.; Weaver School; Mrs. Horace Kohn, handwriting expert, will speak.

North Suburban chapter, Alpha Omicron Pi Alumnae: 8:15 p.m.; Birmingham home of Mrs. Lee Garbrick; hostess will present slides of European trip.

Pontiac Area Hammond Organ Society: 7:30 p.m.; Grinnell auditorium; program, Norman Keating and Waterford organ club.

Oakland County branch, Women's International League for Peace and Freedom: 8 p.m.; Ottawa Road home of Mrs. Harvey Burdick; regular monthly evening study group.

Dora B. Whitney Union, Women's Christian Temperance Union: 1 p.m.; Murphy Street home of Mrs. Walter Willson; Clarence Barnes of the Urban League will speak.

Widow and Widowers club: 8 p.m.; CAI building; round and square dances.

WEDNESDAY

North Oakland Association for Retarded Children and the Oakland County Council for Retarded Children: 8:15 p.m.; Seaholm High School, Birmingham; joint meeting; new state director of special education will speak.

Pontiac Society of Medical Technologists: 8 p.m.; Pontiac Osteopathic Hospital; speech on "Spectrophotometry."

Pontiac Chapter 7, American Association of Retired Persons: 12 noon; Pontiac Motor Union Hall; program on Mexico by Hugh Cook; cooperative luncheon.

Newcomers club: 8 p.m.; Oneida Road Home of Mrs. J. E. Graybiel; "Getting Ready for Christmas."

Woman's World Series: 10 a.m.; Pontiac Mall Community room; Mrs. Mary Hardy will speak on "Simplified Sewing with New Fabrics;" coffee hour, 9:30 a.m.; open to public without charge.

Good Manners Include Hygiene

Cleanliness is as much an aspect of good manners as a well-modulated voice, appropriate dress, and knowing which fork to use.

No one should be asked to sit next to a person who has obviously not bathed recently, whose fingernails are grubby, and whose hair is limp and stringy with soil.

Dryer Is Portable

A small portable electric tumble dryer can be rolled to any convenient spot and plugged into any AC outlet.

It handles a load equivalent to four women's dresses or six men's shirts and all the venting needed is an open door or window.

Presidents of three organizations working on Wednesday night's smorgasbord at the CAI building check recipes and collect salad molds. From the left are Mrs. Paul Atkins, Jerose Street, Waterford Friends of the Library; Mrs. Doug-

las L. Card, Jameson Street, Lakeland Optics; Mrs. Blum, and Mrs. Francis Kinkle, Desmond Street, Waterford Book Review group. The 5-7 p.m. affair will benefit the new Waterford Township library.

Kappa Delta Alumnae

Party to Benefit Therapy Center

Three days a week a member of Kappa Delta South Oakland Alumnae picks up Michael Ross, 3, at his Troy

home and takes him to the Oakland County Society of Crippled Children and Adults Center.

There Michael receives special therapy and pre-school training. He is a victim of cerebral palsy who has been working at the center since December and, according to Mrs. Elizabeth Kirby, director, is progressing very well.

Michael is only one of the children whom Kappa Deltas help to transport. The group also supports the center financially with funds raised at their annual philanthropic benefit.

This year the benefit will be in the form of a "Fashion Show - Dessert Bridge" to be held 8 p.m. Thursday in the North Congregational Church, Southfield.

PROVIDING FASHIONS
Fashions, shoes and colifurs will be provided by the Lisbeth Shop of Birmingham, the Peacock Shop of Birmingham and the Franklin Suburban Shop.

Mrs. George F. Heine Jr. is chairman of the event. Ticket chairmen are Mrs. Emanuel Christensen of Southfield and Mrs. Gordon H. Fowle of Birmingham.

Chairmen from Royal Oak are: Mrs. Neil Leavens, Mrs. Ray Graziani, Mrs. Laurence H. Pate and Mrs. Jerold D. Stone. From Birmingham are: Mrs. Charles E. Landy, Mrs. Tunis F. Rice, Diana Stokes and Mrs. Donald L. Weldon. Completing the list of workers are Mrs. Edward Harley of Huntington Woods and Mrs. Wesley Kenneth Smith of Southfield.

Soda Fountain Can Be Used in Private Home

NEW YORK — A do-it-yourself portable soda fountain is said to provide three different ice-cold carbonated soft drinks at one-fifth the cost of comparable bottled ones.

The device, about the size of a standard table television set, has four taps — three for flavorings and one for carbonated water.

It operates on 110-volt home current, a 12-volt car or boat battery or a standard propane cylinder.

The patented carbonator used ordinary tap water. A sealed absorption-type refrigerating unit makes ice unnecessary.

Pontiac Press Photo

Michael Ross, 3, of Troy can hardly believe all that Mrs. George Heine Jr. of Mohawk Road is telling him about the Kappa Delta South Oakland Alumnae "Fashion Show-Dessert Bridge." The event, to be held

at 8 p.m. Thursday in the North Congregational Church, Southfield will benefit the Oakland County Society of Crippled Children and Adults where Michael receives therapy and training.

Parents Don't Want Legacy to Be Wasted

By MARY FEELEY
Consultant in Money Management

Dear Miss Feeley: My husband and I would like to know the best arrangements we can make, in the event of death, with regard to a \$30,000 bank account and about \$5,000 in stocks and bonds.

We would like to leave our only child, MARY FEELEY, a son 30 years old, most of the estate, the remainder to be shared by his wife and one-year-old daughter and any other offspring that may be born.

My son and his wife spend money freely and, because of this, my husband and I would like to tie the estate up so that only a small amount of money can be available — and that at a later date. Mrs. M. L., Bronx, N.Y.

I believe you'll find that there are more advantages in handling this estate through the provisions of your will than by setting up a trust. The cost of administering a small trust must be considered in relation to the amount of money involved.

And the income from dividend amounts — one for your

son, one for your daughter-in-law, and one for grandchildren — would have little significance to any one of them.

Perhaps in discussing the matter with your attorney, you could clarify your own thinking: what, specifically, you would like to have this money accomplish. I can appreciate your concern at the thought of its being frittered away.

On the other hand, it would also be a pity if it were doled out in such small amounts your heirs would receive little benefit from it.

It might also be worth while to talk also to your insurance agent — provided you are insurable — and get figures on the cost of prepaid premiums, which generally are discounted at 4 per cent on a life insurance policy that would pay your heirs in specified amounts at specified times.

The discount is actually worth more than it is not taxable.

Dear Miss Feeley: What is a reasonable amount of money to spend on groceries per week? food, simple drugs such as toothpaste and aspirin, anything purchased in the supermarket? There are my husband and myself, and five children at home, ages from 7 to 16 years.

We usually have three or

four others as luncheon or dinner guests two or three times a week.

We live comfortably and eat well. The "convenience" foods — mixes and frozen food — are almost a must in my busy life.

However, lately I'm having a difficult time making my grocery money last through the week — spending \$50 and \$60 a week in the supermarket. Our milk bill is completely separate.

I would appreciate your comments. Mrs. R. B., Miami, Fla. If you keep a strict budget, you'd realize that you're incurring drugs and entertainment expenses under the heading of food. So actually you're spending less for family meals than you're entitled to spend for that many people!

Sometimes I think women would find keeping a budget

Place Yourself in Photograph in Newspaper

LUBBOCK, Tex. — How would you like to be photographed by a newspaper society editor?

Five women got their wish and this is what they chose.

Mrs. Gerald Rogers, a mother who has always dreamed of being able to play the piano, chose to be photographed by a baby grand.

A legal secretary, Mrs. Marc Burkes, got her picture made in a fancy white sports car.

Girl Friday Mrs. William R. Boothe donned a flight suit and high heels and crawled into a jet.

A tea room hostess, Mrs. Shannon Keltz, settled for a travel poster rather than the ruins of ancient Rome.

Mrs. Carlos Jordan, who operates a business machine bank, got her wish to be photographed next to a barrel of money.

Rough Problem

When you wash a wall made of rough textured plaster, there plenty of clean cloths or rags on hand for both sudsing and rinsing. This necessary because rough plaster will shed cloth quickly.

Potted Plant Belongs in Your Home

Make generous use of potted plants in your home or apartment to add decorative beauty to your rooms and increase your enjoyment of everyday living.

With a built-in planter, you can supply a border of beauty at a large picture window, divide a living and dining area, or partition an area for an entrance hall.

If you fill such planters with plants left in their clay pots, you can use plants with different watering needs, change or replace plants as you wish, and add a seasonal flowering plant for a colorful accent.

You can create essentially the same effect without a built-in planter by using a low table or cart that will accommodate an array of green plants.

Large potted plants may be placed effectively, for instance, by the side of stairways. The small dish gardens, for example, may be hung from the ceilings of studies or bedrooms.

Mr. and Mrs. Harlo O. Phipps of Hadley Road, Brandon Township, announce the engagement of their daughter Linda Dawn to Robert Lee Hickey, son of the Virgil T. Hickeys of State Park Road, Brandon Township. She attends Pontiac General Hospital School of X-ray Technology and her fiance is an Oakland University student.

Bride Wears Lace Gown on Saturday

Wearing an Angelo original of white Chantilly lace over taffeta, Connie Sue Albertson pledged vows to Gary Lynn Oak, Saturday, in the Joslyn Avenue United Presbyterian Church.

LACE MANTILLA

Her lace mantilla fell from a jeweled tiara and red-tipped white carnations accented her bouquet of white carnations.

Mrs. Gary Grukke attended her twin as honor matron at the ceremony performed by Rev. E. L. Watkins. They are the daughters of the Clayton P. Albertsons of Keego Harbor.

Bridesmaids were Mrs. Russell Becker of Penton and Faye Langdon.

Frances Oak assisted his brother as best man. Their parents are the Francis E. Oaks, North Lake Avenue Drive. Gerald Andrews, Robert Albertson and Scott Grukke seated the guests.

HONEYMOON

After a church reception, the couple left for a honeymoon in Fort Lauderdale, Fla. He attends General Motors Institute.

Pint-Sized Pair

A child's sand pile is just the right size for totting soap or detergent suds for minor household wash-ups—such as sticky door knobs, switch plates, and the TV screen.

MRS. GARY L. OAK

Gloves and Gaiters

Snug forecast for winter: matching gloves and gaiters. Stretch nylon in smart checks lets the "spats" fit tightly over hose and shoes for extra warmth. All pieces are washable by hand or machine.

Women
Talk
by Kae
from
'lisbeth
Birmingham

Hats are back and women are wearing them! I can just see you throwing up your hands and saying "I can't wear the new styles with my 'hair-do'."

Designers have made a hat for every hair-style and to go with every costume. It's the color and shape you wear—it's for you. A hat does not have to cost a lot or be a designer's creation to make you look like Vogue. It is a work of refinement to wear a hat and gloves in a public place and it is proper.

303 E. Maple

Sorority Foresees Busy Week

Furs will be the interest of the day when the North Woodward area alumnae group of Alpha Chi Omega sorority meets at 1 p.m. Nov. 17.

Murray Kester of Rollins Furs will present the program and Mrs. William C. Gidley of Birmingham will be the hostess.

Dessert will be served by Mrs. W. W. Birchard and her committee. All Alpha Chi's in the area may attend. Reser-

vations may be made through Mrs. Birchard of Hillboro, Bloomfield Township.

HOSTING

Alpha Chi Omega husbands will help their wives host the national convention of the National Society for Crippled Children and Adults meeting at Cobo Hall in Detroit and at the Statler Hotel Nov. 13-17.

Eight local couples will greet visitors attending the opening session Friday evening.

From Birmingham are Dr. and Mrs. John Bartlett, the Birchards, Mr. and Mrs. John Hannett, Mr. and Mrs. H. W. Ives and the Robert Klines.

Others will be Mr. and Mrs. George Bullen, Huntington Woods; Mr. and Mrs. Reed Dewey, Berkley; and Dr. and Mrs. James Henderson of Bloomfield Hills.

SERVICE PROJECT

Mrs. Henderson and Mrs.

Birchard have cooperated with the Oakland Society for Crippled Children in transporting children to the society for classes for several years and in planning the convention.

The sorority has long supported research and assistance for cerebral palsy victims as a national project of college and alumnae chapters.

Polly's Pointers

Plastic Bag as Cape

By POLLY CRAMER
DEAR POLLY — I am a busy person, married, with a family and a job, too. I had always wished that cosmetic capes were larger.

I arrange my hair after I have finished dressing and invariably get unsightly dry particles on my clothes.

As a solution, I took one of the sturdier plastic dry cleaning bags and with just three snips of the scissors made a wonderful full-length covering.

It goes on like a coat and folds up when my hair is in place. No more last-minute brushing or cleaning up.

The bag already has a hole in the top where it goes over the hanger hook. Cut a hole in each side for your arms and slit it up the front.

A piece of cord, ribbon or old tie will serve as a belt. I also find this comes in handy as an apron when I have good clothes on and am running around doing this or that in the early morning or late afternoon.

However, I must warn you. Remember this is FLAMMABLE and could be dangerous if not used wisely.

Like most anything it can be a hazard when abused. — PATRICIA

DEAR POLLY — I am sure many of the readers have iron swings in their back yards that no longer appeal to the children.

If so, remove the swing and

PRINTED PATTERN

4543
SIZES 9-17
by Anne Adams

Sew the prize-winning tunic suit that took top honors in a recent Teen Design Contest. All beautiful shape — no tricks! Shorter jacket, too.

New! 300 sparkling designs, 5 exciting fashion and fabric features plus coupon for one free pattern — any one you choose! Send for new Fall-Winter Pattern Catalog, 50 cents.

Smooth Out Wrinkles

Wrinkles are riverbeds of dry cells because the plasma colloids or water carriers of the skin have been dried out through harsh weather. You can bring life again to your skin and protect it against wind and the drying effect of powder. Ask your Druggist for a little oil of olay and before you make up smooth over your neck and hands to nourish the skin at depth and give it a new life and delightful dewy bloom. — Margaret Merrill

chains and make a tent out of the iron frame. The children will love it for playing cowboys and Indians or even as a doll house.

It could be left open at both ends or just at one end, as you prefer. — PATTL

DEAR POLLY — My husband has promised me a dollar to match the Pointer dollar if my hint is used.

He works out of town a lot and when I pack his bag, I always put each shoe into an old nylon stocking, draw the top and tie together under the sole of the shoe and tie in a bow knot.

Clothes are protected from the shoes and the shoes are protected from anything scratchy like a belt buckle or razor which might scuff the shoes. He later uses the stockings as a shoe shine rag. — MRS. D. W. S.

DEAR POLLY — Do any of the readers know what to do about cleaning a marble table top? No matter what I use there are streaks and spots.

The last time I bought filter bags for my vacuum cleaner they were the wrong size. When I returned them, the store was out of the proper size.

I took a brown paper bag, inserted it inside the cleaner and went ahead with the vacuuming. This is a wonderful temporary measure until I can get the proper size filter bags. — MRS. J. P.

Share your favorite homemaking ideas . . . send them to Polly in care of The Pontiac Press. You'll receive a bright, new silver dollar if Polly uses your idea in Polly's Pointers.

MRS. PHILIP PETERS

Dots Dazzle 'Da' Skiers

NEW YORK—Dots will dot the nation's ski slopes this winter predicts an association of manufacturers producing the bulk of outerwear worn by Americans.

Polka dots on the new ski jackets come large or small on white or colored backgrounds. Other new ski jackets feature floral patterns and multi-colored vertical stripes.

Every woman's beauty routine must include lots of soaping, tubbing and scrubbing.

Honeymoon in Miami for Couple

After a honeymoon in Miami and the Bahamas, the new Mrs. (Dorothy Luella Nelson) will reside in Detroit. Rev. Ellis A. Hart officiated at their candlelight nuptials, Saturday, in the Walled Lake Methodist Church.

BRIDAL GOWN

Daughter of the Charles T. Nelsons of Beck Road, Wixom Township, the bride appeared in white silk-faced peau de soie styled with pleated chapel train.

A French illusion veil and crescent bouquet of white orchids and roses completed her ensemble.

With honor attendant, Mrs. James Latimer, were bridesmaids Mrs. Lawrence Girling, Mrs. Kenneth Brewer, Mrs. George C. Groat and Sharon Rocheska, both of Detroit.

Sandra Raymond and Edward Richter were flower-girl and ring-bearer.

ESQUIRE SIDE

The bridegroom, son of Mr. and Mrs. Percival Peters of Detroit, had George C. Groat for best man. Charles T. Nelson Jr., Lawrence Girling, David Gee of Detroit and John Ryan, Garden City, comprised the usher list.

The Thomas B. Falkners of Keego Harbor announce the engagement of their daughter, Mary Joann to Seaman Appren. Larry Frederick Andrews, son of Mr. and Mrs. Michael F. Andrews of Battle Creek. She attends Hurley Hospital School of Nursing, Flint, and her fiancé is stationed on the USS Canberra at San Diego, Calif.

White House Gains Helper

Mrs. Humphrey Due
to Play Hostess Role

WASHINGTON (UPI) —Mrs. Hubert H. Humphrey can be expected to play a big part in social life at the White House during the next four years.

Mrs. Lyndon B. Johnson is delighted to have the wife of the new vice president help share hostess duties.

So are the Cabinet wives, who have been working overtime substituting as hostesses for the much-traveled Mrs. Johnson.

Muriel Humphrey, 56, is a friendly, politically astute grandmother who has helped her husband during his 20 years in politics just as Lady Bird Johnson has helped the President.

The two women share a mutual "we've been down this road together" respect for each other.

POLITICAL TRAIL
In the recent campaign, Mrs. Humphrey took to the political trail as she has done for every election since her husband ran for mayor of Minneapolis, Minn., in 1945.

She was President Johnson's chief lieutenant on forays into Hawaii and Alaska where she made political speeches, attended numerous receptions and performed the handshaking routine.

Mrs. Humphrey speaks in a simple, warm style and is at her best when she talks off-the-cuff about her husband and what he believes in.

She admits her greatest weakness as a campaigner is difficulty in remembering names.

HAIR IN BANGS
Mrs. Humphrey is thin, of average height and prefers to wear her silver hair in bangs reminiscent of Mrs. Dwight D. Eisenhower.

The Humphreys have lived for the past 16 years in a pleasant, modest home in suburban Chevy Chase, Md. The family's summer residence is a four bedroom rambler on Lake Waverly, 40 miles west of Minneapolis.

There has been talk of providing an official residence for the vice president, but it would require an act of Congress and the proposal is still in the discussion stage.

The Humphreys told neighbors after the election that they would continue to live in the Chevy Chase house.

Bargaining Agent Vote by Salt Firm Employees

DETROIT (AP) — Production and maintenance employees of the International Salt Co.'s Detroit mine will vote in a collective bargaining agent election Thursday for either Teamsters Union Local 283, International Chemical Workers Local 48 or no representative. The election is to be conducted by the National Labor Relations Board.

Venezuela ranks first among Latin American countries in total foreign trade.

Deaths in Pontiac Area

MRS. HILDING J. BERQUIST

Service for Mrs. Hilding J. (Ruby) Berquist, 54, of 6080 Jonquil, Waterford Township, will be at 10 a.m. Wednesday at the Coats Funeral Home, with burial in White Chapel Memorial Cemetery.

She died yesterday after a six-month illness.

Surviving besides her husband are two sons, Hilding Jr. of Pontiac and John of Denver, Colo., and a daughter, Mrs. Carroll Brown of Waterford Township.

Also surviving are four grandchildren and five brothers and sisters.

CHARLES N. PENNY

Service for Charles N. Penny, 61, of 4831 Marcus, Waterford Township, will be 11 a.m. tomorrow at the Voorhees Siple Chapel, with burial in Perry Mount Park Cemetery.

A retired Baldwin Rubber Co. employee, he died Saturday after a long illness.

Surviving are a son, Charles of Pontiac; a daughter, Mrs. Barbara A. Morales of Waterford Township; one grandchild; and a brother, George of Milford.

WILLIE SCOTT

Service for Willie Scott, 64, of 201 Harrison will be tomorrow at 1 p.m. at St. John Methodist Church with burial in Oak Hill Cemetery.

Mr. Scott died yesterday after a long illness. He was employed by the City of Pontiac. Surviving is a stepdaughter, Mrs. Dorothy Codell of Pontiac.

EMIL A. SUTER

Emil A. Suter, 57, of 5933 Dwight, Waterford Township, died today. His body is at the Doneison-Johns Funeral Home.

He was an employee at General Motors Truck & Coach Division.

Surviving beside his wife, Margaret, are two sons, Milton of Waterford Township and Gordon of Flint; five grandchildren; a sister; and a brother.

MRS. HENRY WALKER

Service for former Pontiac resident Mrs. Henry (Evelyn) Walker of Lewiston was to be 2 p.m. today at the Congregational Church in Lewiston with burial following there.

Mrs. Walker died Friday after a long illness. She was a retired schoolteacher.

Surviving besides her husband are two daughters and nine grandchildren.

SPENCER J. DENNIS

ROCHESTER — Service for Spencer J. Dennis, 86, of 714 N. Main will be 11 a.m. Wednesday at the William R. Potere Funeral Home.

Graveside service and burial will be 1 p.m. at the Mallet Cemetery, New Boston.

Mr. Dennis died early today after a brief illness.

Surviving are four daughters, Mrs. Dorothy Slusser of Avon Township, Mrs. Judith Mullens of Algonac, Mrs. Nellie Guenther of Seline and Mrs. Myrtle Guenther of Bridgewater; two sons, Homer of Manchester and Joseph of Ann Arbor; a brother; 16 grandchildren and 19 great-grandchildren.

ARTHUR L. MCCLELLAND

INDEPENDENCE TOWNSHIP — Service for Arthur L. (Vern) McClelland, 65, of 5640 Orion will be 2 p.m. tomorrow at Sharpe-Goyette Funeral Home, Clarkston. Burial will follow in Greenwood Cemetery, Birmingham.

A paint mixer at Pontiac Motor Division, Mr. McClelland died Friday.

Surviving are his wife, Maible; two sons, Stanley at home and David of Waterford Township; three daughters, Barbara and Janice, both at home, and Mrs. Ronald White of Pontiac; and eight grandchildren.

WILLIAM A. MYERS

LAKE ORION — Service for William A. Myers, 11-year-old son of Mr. and Mrs. Donald L. Myers of 201 Lapeer, will be 2 p.m. tomorrow at Allen's Funeral Home. Burial will follow in East Lawn Cemetery.

A student at Blanche Simms School, the boy was killed Saturday in a hunting accident.

Surviving besides his parents are seven brothers and sisters, Donald L. Jr., Raymond W., Joseph E., Timothy J., Katherine I., Viola J. and Frances M., all at home; and his grandparents, Frank R. McCann of Portland, Me., and Mr. and Mrs. J. W. Myers of Arthurdale, W. Va.

POLLY J. SPARKS

WALLED LAKE — Service for Polly J. Sparks, infant daughter of Mr. and Mrs. Davis D. Sparks of 2459 Oakley Park, was to be 1 p.m. today at Richardson-Bird Funeral Home. Burial was to follow in Oakland Hills Memorial Gardens, Nov.

The baby died shortly after birth yesterday. Surviving besides her parents are two brothers, Logan N. and Samuel D., both at home; and her grandparents, Mrs. Pauline Scott and Mr. and Mrs. Logan Sparks, all of Wallied Lake.

Heart Attack Kills Treasurer

Groveland Official Active in Community

GROVELAND TOWNSHIP — George F. Gray, Groveland Township treasurer, died Saturday following a heart attack. He was 64.

Mr. Gray of 880 Croup had served as a member of the Groveland Township Board before becoming treasurer in 1963.

He also had served on the school board for Groveland area schools and retired as a farmer in 1961.

Funeral service will be 2 p.m. tomorrow at C. F. Sherman Funeral Home, Ortonville, with burial following in Hadley Cemetery.

Surviving are his wife, Margaret; five daughters, Mrs. Richard Kalso, Mrs. Arthur Harp and Mrs. Jack McNally, all of Lake Orion, Mrs. Lee Hopkins of Holly and Mrs. Dawn Gilbert of Pontiac; a son, Gilbert at home; and 14 grandchildren.

Over 96 Per Cent of Tunisian Vote Favors President

TUNIS, Tunisia (AP) — The government announced today that President Habib Bourguiba received 96.43 per cent of votes as Tunisia's only presidential candidate in Sunday's balloting. Government figures showed 91 per cent of the country's registered voters went to the polls to confirm Bourguiba in power for another five-year term. They also approved a slate of 90 members of the National Assembly named by the ruling Socialist Destourian party.

The government - controlled press and radio interpreted the vote as a proof of popular support for the president and his Socialist policies.

Hoffa Predicts Future of Labor

HOUSTON, Tex. (AP) — Teamsters President James R. Hoffa predicts more than 10 million unemployed by the year 2000. His remedy: "A 32-hour workweek and one-third more in weekly wages for the near future and a 24-hour workweek and three times the current weekly wage scale by the year 2000."

Hoffa made the forecast and offered his solution on a week-end visit during which he blasted the Democrats, the Republicans, the government, the federal courts, big business, other labor unions, apathetic union members, state and federal laws and all news media.

He called the newly elected Democratic administration "a bunch of hypocrites." He accused the federal government of committing perjury against him in his trials. He said the Justice Department bribed jurors with "prostitutes, liquor and influence" in Chattanooga, Tenn., trial in which he was convicted of attempted jury tampering.

Seizure Takes Editor

HOUGHTON (UPI) — Earl Norden, 55, associate editor of the Houghton Daily Mining Gazette, died suddenly Sunday

night of a heart attack at his home in Laurium.

Vermont, in 1791, was the first state to join the Union after the original 13.

Return to Argentina Planned by Peron

MADRID (UPI) — Former Argentine dictator Juan D. Peron said today he plans to return to Argentina this year.

"Yes, yes, we are working on that," the 69-year-old exiled Peron would return.

strongman told UPI when he was asked if he would go back to the South American nation. "There had been persistent reports from Buenos Aires that Peron would return."

HAMMONTON PARK SHARKFIRE puts a lot of dash into your winter wardrobe. Nothing commonplace about this suit, yet it states its quality with quiet emphasis. The fabric: a superb wool sharkskin, tightly woven, luxurious, with wonderful draping quality. In twelve different shades all the way from silver grey to black. The models: sophisticated one, two or three-button of great distinction. The price **\$100**

OUR PONTIAC MALL STORE IS OPEN EVERY EVENING TO 9 P.M.

China Wants British Jets

LONDON (UPI) — Communist China wants to buy long-range jet planes from Britain to operate a direct route to Cuba through Pakistan and Africa, it was learned today.

Peking's interest in jets is part of its search for expanded trade with the West.

Latest British estimates suggested that trade with Red China could be expanded over the years to come to a figure approaching \$300 million annually.

Peking's interest in Western supplies and Britain's expectations for expanded trade with Red China have been spotlighted by the current British trade fair in Peking and the visit there of Laborite Board of Trade President Douglas Jay.

The government estimates that the going will be slow but that long - range prospects are promising.

The drying up of Soviet supplies resulting from the Sino-Soviet conflict have caused China to turn to the West.

Britain, France, and Japan have been the main centers of interest.

Local Girl Listed as Satisfactory Following Crash

A 14-year-old Pontiac girl is in satisfactory condition at Pontiac General Hospital following an auto accident Saturday in Independence Township.

Dawn R. Burmeister of 374 Columbia was a passenger in a car driven by her sister, Cynthia A. Burmeister, 16, when the accident occurred.

Sheriff's deputies said the driver lost control of the car when it went off the shoulder of Ortonville Road near Cranberry. The vehicle left the road and hit the bank of a ditch. The driver and another passenger, 3-year-old Melvin J. Boothby, also of 374 Columbia, were treated and released from the hospital.

4 More Killed in Pakistan

RAWALPINDI, Pakistan (AP) — Four more people have been killed in clashes between rival factions in Pakistan's nationwide elections, police reported today. This brings the death toll to 24 since voting started Oct. 31.

The voters are choosing an electoral college to elect the president, Parliament and provincial legislatures.

So Scientists Find**Some Worms Are Just Plain Heartless**

By HAL BOYLE
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

It has been found that about one of every 2,000 children is born with teeth. Since they are so loosely emplaced, some doctors take the teeth out to keep the child from swallowing them.

BOYLE have just informed that a flea can lift 140 times its own weight, and if you were as comparatively strong as a flea, you could hoist a 10-ton truck.

The human eye at its ordinary can detect four million shades of color, science has found. It also has been found that men

are about 20 times as likely as women to suffer from color blindness — as every back seat lady driver knows when her husband approaches a traffic signal.

The unsleeping eye of science also has discovered that neither the tapeworm nor the hookworm has a heart.

BLUE WHALE

The largest infant ever born in this world is the calf of a blue whale. At birth, the whale calf measures up to 35 feet long and weighs several tons. In contrast, a polar bear cub weighs about a pound upon emergence from its mother, and can be cuddled in a woman's hand.

History lesson: Can you name the only U.S. president who was inaugurated in two cities? George Washington was sworn first to national command in

New York on April 30, 1789, and at the start of his second term in Philadelphia, Pa., on March 4, 1793.

The apartment of Mr. and Mrs. Peter Lawford in the swank Fifth Avenue hotel now is available, price: \$5,200 a month — gas and electricity free. No extra charge for the elevator.

As a wry contrast to our present prosperity, it may not be out of place to point out that about 200 years ago milk gold for 9 cents a gallon, tobacco at a nickel a pound, and bread at two cents a loaf.

COST OF EDUCATION

What price knowledge? U.S. educational authorities estimate that by 1973 it will cost a freshman \$12,250 to get through a private college, or \$8,000 to graduate from a state college.

Know your language: The word asbestos means in effect "the unburnable stone." The ancient Romans used napkins made of asbestos, and instead of washing them in water purified them by thrusting them into flame.

Quickies: Turtles have no "ears" but hear well. A car was stolen every 1½ minutes last year. We eat about 28 million sandwiches a day. If you get into an argument with a bear, don't try to outrun him — he may gallop up to 35 miles an hour.

It was Oliver Wendell Holmes who observed, "To be 70 years young is sometimes far more cheerful and hopeful than to be 40 years old."

Did It for a Song

Army Wins Girl's Argument

WASHINGTON (AP) — This may jolt her teacher, but 7th grader Debbie Greenberg is right about the official Army song.

Debbie and her teacher had a difference of opinion on this question recently.

She contended the army's tune is the "Caisson Song." He insisted it was "The Ballad of Roger Young."

Helping Hand Brings Death

CLIFTON, N. J. (UP) — A "good samaritan" and the elderly woman he was helping across a busy highway here yesterday were struck and killed by two autos.

Police said George Sanson, 56, of Clifton stopped his car when he saw 78-year-old Ellen Hartly of Clifton trying to cross Route 46, a heavily traveled artery connecting New Jersey suburbs with New York.

Sanson walked to the center island and waved for the woman to cross. As she crossed the eastbound lane she was hit by a car driven by Nikola Ukwowchenko, 46, of Paterson.

Ukwowchenko's car went into a spin and knocked Sanson into the path of a second vehicle, driven by Roger G. McClellan, 21, of Ridgefield Park.

Sanson was killed instantly. The woman died shortly afterward in St. Joseph's Hospital.

Party Officials Watch Canvass of Nevada Vote

RENO, Nev. (AP) — Representatives of the Democratic and Republican national committees are in Nevada today observing a canvass of votes cast in last Tuesday's election for Sen. Howard W. Cannon, seeking reelection, and Republican challenger Paul Laxalt.

Sunday, Cannon's lead shrunk to 64 votes. The newest total gave him 67,303 votes and Laxalt, 67,239.

Cannon had led by 114 votes in the unofficial state tally, but the official canvass in Lander County gave Laxalt 50 votes more than earlier reported.

A recount may be ordered to decide the winner. The official state canvass is Nov. 25 and the deadline for conducting a recount is Dec. 3.

Cartoonist Succumbs
CINCINNATI, Ohio (AP) — Thomas J. Gray, 44, a former editorial cartoonist for the Chicago Sun-Times, died Saturday.

Gray also was a cartoonist for the Catholic Telegraph-Register in Cincinnati and recently won an award for the best cartoon in the national Cartoonists Union.

Dies of Crash Injuries
EDMORE (AP) — Betty Ute-ter of Stanwood died Saturday at Edmore Hospital of injuries suffered in a car-truck accident Friday.

Must Analyze Organization

Failing Student Can Succeed in College

By LESLIE J. NASON, Ed. D.
The first semester of college has critical periods for college freshmen.

The freshman must be a student not only of the subject, but of himself and of the professor. To become adept at all three, planned action is necessary—not drifting or worrying.

Many an unsuspecting freshman makes a nonchalant start; is shocked by low mid-term ex-

amination grades; spends the Thanksgiving to Christmas period loafing; and either fails to return to college following the holiday vacation or fails in his desperate effort during the all-too-short January review period.

On his own far more than he was in high school, the freshman is often lulled into a false sense of security. One chides him about lack of preparation; no one nags him about overdue work. He isn't worried. He feels that a bit of quick cramming will suffice. In high school he could beat out his competition when the tests came.

But in college the competition

is stiffer. Mid-term examinations are piled one upon the other. Cramming doesn't work. Even desperation measures may be inadequate.

This could have all been avoided by early planning and systematic and continued organization of each subject.

ALL IS NOT LOST

But even after low grades at mid-term all is not lost! This is the time for a student to analyze the mistakes he has made in organizing his knowledge; in reviewing for examinations and, perhaps most important of all, in understanding what the professor wants. Who is a better judge of what is important in a course than the professor?

A careful analysis, getting help from other students and counselors, followed by a thorough review of the whole course can be the basis for a conference with the professor. It takes real effort to salvage a course and to get

off to a new start—but it can be done!

Action will drive out worry and leave the student's mind free to learn.

And action should continue through the holiday vacation period. Review and organization of material during this period, along with completion of any overdue work, will lay the foundation for an orderly and effective final review during January.

The student who misjudged what the professor wanted, to the extent that he got low grades on the mid-term examinations, can do an about face if he now becomes a student of how the course should be organized; how tests should be written, and what the professor wants.

(You can obtain Prof. Nason's helpful booklet by sending \$1 to You Can Get Better Grades, Box 2180, General Post Office, New York City.)

By OSWALD JACOBY

The United States team that finished second in the World Bridge Olympiad produced some mighty courageous bids but none was more so than Bobby Jordan's three no-trump call to today's South hand.

He was well prepared for a spade lead and he felt that his partner had to hold some cards, but he didn't have any promising suit and his high card holding was only 14 points.

Still as was the case so often in the Olympiad, fortune favored the brave and Bobby wound up with an overtrick.

There wasn't much to the play. He won the first trick with the nine of spades and led a club toward dummy. West

rose with the king and shifted to a diamond. Dummy's king lost to East's ace and the diamond return was taken by Bobby's queen.

Bobby continued clubs and, after the suit broke, he lost only to the ace of clubs and wound up with a score of 630.

At the other table the American West also opened with three spades and was allowed to play the hand there.

He ran into excellent defense and when the smoke had cleared away he had only managed to collect five tricks. But minus 200 was a lot better than minus 630.

Nixon, Romney Seen as Contenders for Party 'Architect'

(EDITOR'S NOTE — In this Associated Press survey, Republican leaders across the land give their views on rebuilding the party and look ahead to GOP chances in the 1968 and 1968 elections.)

By JACK BELL

WASHINGTON (AP) — Many influential Republicans across the country expect Richard M. Nixon to lead a leading role in rebuilding the GOP for what most of them think will be a strong 1968 comeback.

Nixon, the 1960 presidential nominee, and GOP Govs. George Romney of Michigan, William W. Scranton of Pennsylvania and Nelson A. Rockefeller of New York were most frequently mentioned as prospective leaders of this comeback in an Associated Press survey.

The survey, reaching GOP officials in all sections of the nation, disclosed little enthusiasm for another presidential race by defeated Sen. Barry Goldwater. There were many suggestions that he yield control of the party machinery as the result of the shattering impact of President Johnson's landslide.

Nixon, who campaigned actively for Goldwater, was mentioned by Republicans from all sections of the country as a man to be reckoned with in the next four years.

Oklahoma State Chairman John W. Tyler, commented: "I think we're going to see an awful lot of Mr. Nixon real quick. I think he's the only man who can pull the party together."

South Carolina State Chairman J. Drake Edens Jr. said Nixon "is the man you have to watch in the party." Robert L. Pierce, Wisconsin national committeeman, observed that "Nixon looks good," in party fortunes at this point. Wisconsin State Chairman Talbot Peterson said he thinks the reins of national party control should be handed to somebody like Nixon.

Church bells sounded through the city that Rummel, 88, fully blind and almost dead in his last years, had served since 1935 — longer than any other prelate.

Churches draped their entrances in black and white.

EXCOMMUNICATED 3

The German-born Rummel, who integrated parochial schools in 1962 and then excommunicated three segregationists who vigorously opposed his order, died Sunday.

Rummel — who chose for his bishopric's motto the words "to lay down my life for my sheep" — closed out his days as a figure of controversy.

Pro-segregationist Citizens Council meetings boomed his name. One parent rose at a parent-teachers meeting to call him a "Yankee."

In Rome, New Orleans Archbishop John Patrick Cody, who succeeds Rummel, said in recent audiences Pope Paul VI had twice asked about Archbishop Rummel and called him a "great, great churchman."

'FOUGHT IN DIGNITY'

"He will go down in history," Archbishop Cody said, "as one who fought for the rights and dignity of all people. Opposed and even reviled for upholding the standard of Christ and his church, he (Rummel) continued on, serene in the strength of heavenly right."

Archbishop Cody is flying from Rome to celebrate a pontifical Mass of Requiem Wednesday.

Rummel, a graying, bespectacled man who walked with a cane, had been hospitalized with pneumonia Saturday. An earlier stage of pneumonia that followed a broken arm and leg had weakened his health in 1960.

The ninth anniversary of the 114-year-old archbishop — an area spanning 10 South Louisiana parishes with 591,018 Catholics — Rummel will be buried in historic St. Louis Cathedral, an old city landmark.

"I heard more good things about Nixon this time and there are some who will never be convinced that things wouldn't have been different if he had been the nominee again," Peterson said.

Benjamin F. Dillingham, Hawaii national committeeman, said the party should regroup around "someone who will represent the true consensus of the conservatives." He named Nixon and Scranton as possibilities.

STRONG ROLE

Minnesota National Committeeman George Etzell forecast that Nixon will play a strong future party role.

Next to Nixon, Romney, who won reelection handily while Johnson was carrying Michigan,

was most often mentioned the future party leader.

FINE LEADERS

Gov. John H. Chafee of Rhode Island, also reflected against the Democratic trend, called Romney and Scranton "fine leaders" who should play a part in rebuilding the party.

Corber, Virginia state chairman, predicted that "someone in the image of Gov. Romney" will emerge on top.

Rep. Stanley R. Tupper, R-Maine, named Rockefeller, Romney, Scranton, Chafee, Henry Cabot Lodge and Nixon as potential leaders.

Gov. Henry Bellmon of Oklahoma listed Gov. John A. Love of Colorado, Mark O. Hatfield of

Oregon, Scranton and Nixon as among those who should lead in party rebuilding.

The Republicans were almost unanimous in their belief that the GOP can recover from its massive defeat and make a strong showing in 1968 and 1968.

OFFER ALTERNATIVES

GOP State Chairman Craig Traux of Pennsylvania said the coalition of Democratic forces now headed by Johnson "should not be formidable if the Republican party offers progressive alternatives to Democratic dogma."

"The American people inherently move away from the type of monolithic power structure they now see in Washington and will support the Republican

party with renewed vigor," he said.

Few agreed with Montana National Committeeman James E. Murphy "that we'll be back in four years with our own landslide." J. Herman Olson, North chairman, said "Unless something happens to President Johnson, I wouldn't think we have much of a chance at the White House for eight years."

Colorado's Gov. Love said that "any thought that the Republican party is dead is ridiculous."

GOP PRESIDENT

"We will pick up governorships, congressional seats and other offices in 1966 and in 1968 we will have a GOP president," he said.

Gov. Robert E. Smylie of Idaho, chairman of the GOP conference of governors, said Republicans will have to concentrate on winning governorships two years from now in New York, Pennsylvania, Ohio, Nebraska, North Dakota, Colorado, Wyoming, Idaho, California and Oregon.

Sen. John G. Tower R-Texas, said that with Johnson at the head of the ticket it is going to be difficult for Republicans to win in his state.

W. Hubert Humphrey were president there is no question in my mind that the Republicans would carry Texas," he said.

John Gromala, president of California Young Republicans

and a strong Goldwater man, blamed the election defeat on party members who didn't support the national ticket.

"I don't see the overwhelming black clouds that some people seem to find in the apparent defeat," he said. "Four years ago the word 'conservative' was a dirty word. Starting with nothing, you might say, we built up to 40 per cent of the vote. Next time it will grow."

Dr. Thomas Brigham, acting Alabama state chairman, said Republicans won in his state through a strong grass-roots organization he predicted will spread throughout the South.

Sen. Strom Thurmond, South

Carolina Democrat who turned Republican to support Goldwater, predicts "the pendulum will swing back."

NOT THE END

Missouri National Committeeman Walter Ploeser said the defeat "certainly is not the end of the Republican party."

"After all," he said, "both the Democratic and the Republican parties have been in this spot twice each in this century. We'll be back up."

Walter Withoff, Nebraska state chairman, blamed "emotional voting" for the election loss. He predicted this won't happen in 1966 and 1968.

Cambodian Chief Warns He May Adopt Communism to Guard Country

PHNOM PENH, Cambodia (AP) — Prince Norodom Sihanouk, Cambodia's chief of state declared today he would adopt communism if necessary to protect his country's borders.

"Our enemies hope that our qualities as royalists and nationalists will finally prevent us from taking a grave step which would lead us without doubt to communism," Sihanouk declared in a harshly anti-American speech marking Cambodia's 11th independence day.

"I say boldly that for six million Cambodians... survival of country and national honor comes and will always come before attachment to monarchy."

CALLS FOR MEETING
Sihanouk called for a four-

nation meeting to compel the United States "to accept a peaceful solution in our region and to prevent war in South Viet Nam from degenerating into an international conflict."

The prince proposed that "patriotic movements of North Viet Nam, South Viet Nam and Laos" meet in Cambodia for an Indo-Chinese peoples' conference. The strong pro-Communist tone of the speech indicated Sihanouk had in mind the Communist Pathet Lao from Laos and the Communist Viet Cong from South Viet Nam and not the anti-Communist regimes backed by the United States.

Such a meeting, he said, would "make the world listen to the voice of our peoples who demand peace — that peace

which the Americans have stolen from us in throwing to the ground the Geneva agreements."

'LITTLE HOPE'

"Unfortunately," he continued, "we have only little hope of seeing the United States, those

mainly responsible for unhappiness of our three peoples, come to respect their desire for peace and this in spite of the election of Mr. Johnson, which is presented as reassuring."

"He will probably never have the courage to admit to his peo-

ple that in South Viet Nam the population, which hasn't known peace for 20 years, has overcome the fear of communism and is at the point where it would accept even communism provided the war stops."

American Charge d'Affaires Alf Bergeson sat calmly with

his wife among the diplomatic corps while Sihanouk attacked the United States.

CANCELS VISIT

Indonesia's President Sukarno canceled his visit at the last moment. Reliable sources said Sihanouk was furious.

A parade which followed Sihanouk's speech included thousands of troops, among them a company of black-clad guerrilla troops.

Also displayed were Soviet antiaircraft batteries including eight radar-guided guns.

The brown dog tick is the most common of the species in this country. They rarely bite humans and do not carry diseases.

Hits Truck, Lands Safely

Pilot Loses Landing Gear

DALLAS (AP)—"Somebody said 'Lookie there,' and then, wham!" James D. Ainsworth explained. A plane had just clipped his truck.

Glass showered Ainsworth and

two other men in the truck as the left landing gear was ripped from a four-seat, single-engine Beechcraft approaching an air strip.

At that moment, pilot Jim Cox, 25, gave the plane full throttle. It brushed the muddy strip of the Highland Park Airport and bounced into the air again.

With Cox were his wife, Glenda, 24, their 13-month-old daughter, Gina, and Mrs. Cox's aunt, Mrs. Eula Soring, 55, of San Angelo.

Cox circled the field, radioing the airport manager and plane owner, Bert Corry. Then he flew low so Corry could inspect the damage. Corry advised the pilot how to land.

USE UP FUEL

For 30 minutes the plane circled the field to consume fuel. Mrs. Cox and her aunt began praying aloud and packed clothes and pillows around themselves for protection.

"I told him to bring her in with a little power, and to keep the right wing down and to hold the nose up," Corry said. "He did a beautiful job."

The plane skidded across the muddy field. The left wing dipped, the propeller hit into the earth and the craft lurched to a halt.

No one was hurt. Mrs. Soring, among others, breathed easier.

"I wasn't scared once we hit the dirt," she said.

Though normal retirement age in the United States is 65, many distinguished people have remained extraordinarily productive late in life. Verdi finished the opera Falstaff at 80; Goethe completed Faust shortly before his death at 83; the Greek dramatist Sophocles wrote Oedipus Rex at 75 and Oedipus at Colonus at 89.

Reject Schema at Ecumenical

Rewriting Ordered for Missionary Topic

VATICAN CITY (AP)—The Vatican Ecumenical council today voted down a missionary schema today and ordered it rewritten.

By a vote of 1,601-311, the Roman Catholic prelates meeting in St. Peter's Basilica ordered the document completely redrafted by the council's commission on missionaries.

The schema contains propositions on the need for mission work and the importance of cooperation and support for it in the church.

Pope Paul VI had underlined the importance he attached to the schema by attending the start of debate on it last Friday, something he has done for no other schema. He said there was much to be praised in it and that he expected it to be approved "easily."

The pope said there was a need for some improvements, but he said nothing to indicate he favored the rewriting ordered today.

Almost as soon as he left the basilica after the introduction of the schema, it came under fire as too vague, too brief and inadequate.

Junior Editors Quiz on CASHEW NUTS

QUESTION: How do cashew nuts grow and where?

ANSWER: Most Americans are familiar with the delicious flavor of the cashew nut, but few know about the odd way these tasty kernels grow.

The cashew tree itself is not so unusual. It is an evergreen shrub growing in some places to a spreading tree up to 40 feet high. The flowers are pink and fragrant.

Later, the flower stems swell and become fleshy, shaped something like a pear; this is called a "cashew apple." What is so strange is that the fruits, or nuts, appear at the end of these red cashew apples.

When harvesting cashew nuts, the apples are picked first (they are edible also) and then the nuts are detached. They must be roasted and shelled before appearing in the form in which we know them, the roasting removing an irritating oil which lies between the two shells of the fruit or nut.

The cashew, a relative of our poison ivy, is a native of tropical America but it is now grown in other tropical countries, large quantities of them being imported from India.

FOR YOU TO DO: Make a scrapbook of the Junior Editors stories and drawings and refer to it from time to time.

Schmidt Hurts Shoulder, Again

Green Bay Deals Lions' Title Hopes Crushing Blow

By BRUNO L. KEARNS
Pulsar Press Sports Editor
GREEN BAY, Wis. — The Green Bay Packers believe in signs.

All weekend the neon lights near business places of this football happy town called for the Packers to "crush the Lions."

Not only did the Packers crush the Lions, 30-7, on a fog-laden field before 42,327 satisfied fans, but they beat them up physically, destroyed their morale and even made injured Joe Schmidt admit, "I am hanging up my shoes for good."

The all-pro defensive captain made a flying tackle at quarterback Bart Starr midway in the first period. He missed, hit the ground and headed for the sideline with a dislocated shoulder.

It was the third time in the last four years he has suffered the same injury. "Even if by a miracle I get back this season," said Schmidt, "I am still calling it quits for good. Three times is enough for me."

The whipping was even more decisive than the 34-0 defeat

by the Baltimore Colts two weeks ago, even though the Lions managed to score.

LONE SCORE

The lone touchdown was a 23-yard pass from Milt Plum to Gail Cogdill with only nine seconds left in the game and it merely saved the Lions from a shutout.

With five games left to play the loss put the Lions 2½ games behind Baltimore which now appears to have clear sailing to the Western Division title.

The Packers, using a new line-up, showed the form that made them a divisional champion in 1959-61-62.

They took the opening kickoff, held the ball for seven solid minutes in driving to the Lions' 22-yard line.

On first down, Starr went back to pass, found an opening instead and ran to the eight-yard line. It was on this play Schmidt left the game.

Two plays later, Jim Taylor went over from the one and it

was 7-0 with Paul Hornung's PAT.

Dennis Gaultz moved into the middle linebacker spot and Ernie Clark went to the corner after Schmidt's exit.

After the Lions had to punt, the Packers had their second touchdown three minutes later. They were on their own 16-yard line and they wasted no time in giving the left corner a try.

Taylor went wide on a sweep and sprinted the entire 84 yards for a touchdown. Yale Lary had

a shot at him at the 45-yard line but instead of a tackle, he attempted to block Taylor out of bounds, hardly moving him from his goalward route.

Dick LeBeau tried to get Taylor from the side and Wayne Walker from behind, but Bob Skoronski gave the fullback full protection into the end zone.

FIELD GOALS

Field goals of 40 and 19 yards by Hornung made it 20-0 at halftime.

The Lions had a couple of

offensive drives going in the second period from the shotgun formation, but the Packers defense hit Plum for repeated losses.

In the final 25 seconds with the ball on the Packers 15-yard line, Plum fumbled and the chance to get on the scoreboard ended as Ron Kostelnik recovered.

Pat Studstill made beautiful long runs of several Packer kick offs. He ran the second half kick back to the 41 of the Lions, but a pass to Terry Barr on

the Packer 30 was dropped, and after losing this opportunity, the Lions were completely demoralized.

With the ball on his own 18, Starr passed short over the center to Ron Kramer; and the former University of Michigan end got by Gary Lowe and raced down the sideline.

FUMBLING SCORE

As he tried to lateral on the Detroit 27, he fumbled. Max McGee took the fumble on a perfect bounce and went the remaining 27 yards for the touchdown, making it 27-0 with the PAT.

The Lions argued it was a forward lateral but to no avail.

A 24-yard field goal by Hornung after three minutes of the final period made it 30-0.

Two Detroit drives ended after a completed pass and fumble by Cogdill and after a pass interception midway in the final quarter.

The already heavy injury toll mounted with Schmidt, Daris McCord, Alex Karras, Bobby Thompson, Milt Plum, Gary Lowe and Bruce Mahler among the new casualties.

Plum had to be helped from the field after his fumble in the final seconds of the first half but came back with his elbow wrapped to finish the game.

After the rout by the Packers, the Lions lost one to the weatherman.

The Lions' plane was unable to take off because of heavy fog and the flight was postponed until this afternoon.

Colts Continue Smashing NFL Foes

Whip Chicago, Lead Division by 2½ Games

Cleveland Maintains Edge Over Cardinals in Eastern Activity

By The Associated Press
The Baltimore Colts, with help from improving Green Bay, increased their lead in the National Football League's Western Conference Sunday by defeating the defending champion Chicago Bears 40-24.

The victory, coupled with the Packers' 30-7 triumph over Detroit, extended the Colts' lead over the Lions and Los Angeles to 2½ games.

The Cleveland Browns maintained their two-game margin in the East by defeating Washington 34-24.

The Colts beat the Bears for the second time this season — the score of the first game was 52-0 — and in the process recorded their eighth straight victory after an opening game loss. The Bears' defeat was their seventh in nine starts.

TIED RECORD

Lenny Moore started the Colts scoring with a two-yard touchdown smash, setting a NFL record for 11 consecutive games in which he has scored a touchdown. Jerry Hill added two touchdowns to Baltimore's barrage while Lou Michaels booted four field goals.

Jimmy Brown scored the 100th touchdown of his NFL career in the Browns' seventh victory in nine games. He also passed 13 yards to Garry Collins for another score. Washington's Bobby Mitchell caught two, 14-yard touchdown passes from Sonny Jurgensen.

Two touchdown passes by Charley Johnson and Dale Meiners' 18-yard scoring romp with an intercepted pass brought St. Louis a 24-20 victory over Pittsburgh. The Steelers made it close on Bill Nelsen's pair of scoring aeriels in the final period.

Dallas kept the New York Giants in the Eastern cellar, winning 31-24, behind Don Meredith's three touchdown tosses. The Giants helped the Cowboys by losing the ball five times on interceptions and fumbles.

FUMBLING AWAY

Minnesota whipped San Francisco 24-7 after scoring a touchdown in the first quarter with the help of a 49er fumble. Two plays after Rip Hawkins recovered, Dave Parker bubbled. Tommy Mason took a flip from Fran Tarkenton and ran 14 yards for the score.

Rookie Les Josephson set up Los Angeles' first touchdown with a 75-yard scamper and the Rams went on for a 20-10 triumph over Philadelphia. The Eagles didn't score a touchdown until the third quarter when King Hill hit Otis Matson on a 24-yard pass.

STEERED AWAY — Goalie Charlie Hodge of the Montreal Canadiens steers the puck (arrow) away from the net after a shot by Detroit's Alex Delvecchio (10) in last

night's National Hockey League game at Olympia. Montreal defenseman Ted Harris (10) and Jean Guy Talbot are ready to clear the puck. The Wings won, 2-1.

Montreal Defeated, 2-1

Ullman's Goal Gives Wings Victory

DETROIT (AP)—Norm Ullman always has been a handy man to have around.

And the veteran Detroit Red Wings center has been making his importance felt even more this year with four winning goals in his team's seven victories.

He got the eventual winner again Sunday night as the Red Wings nipped Montreal 2-1.

The triumph stretched the Red Wings' winning streak to eight games—seven wins and a tie—and gave them a three-point lead in the standings.

Boston held on for a 3-2 triumph over Chicago in the only other National Hockey League game played Sunday.

ROAD TRIP

The Red Wings, who have played only 10 games, compared to 11 for other teams and a dozen for Boston, now play seven of their next eight games on the road.

"That was a dandy hockey game," a smiling Coach Sid Abel said.

The Red Wings scored both of their goals in the first period, Parker MacDonald getting the first one at 8:24 on a power play, and Ullman netting his with a little more than five minutes remaining.

Detroit goalie Roger Crozier, who made only two saves in the first period, held off the Canadiens until Claude Provost batted in Ralph Backstrom's goalmouth pass at 14:30 of the middle period. This goal also came on a power play.

Crozier was at his best, however, in the final 20 minutes when he slapped aside 13 Montreal shots as the Canadiens tried vainly to notch the equalizer.

Ullman is now within one goal of 200 in his NHL career and one marker shy of tying his record of last season when he and MacDonald had five winning goals each.

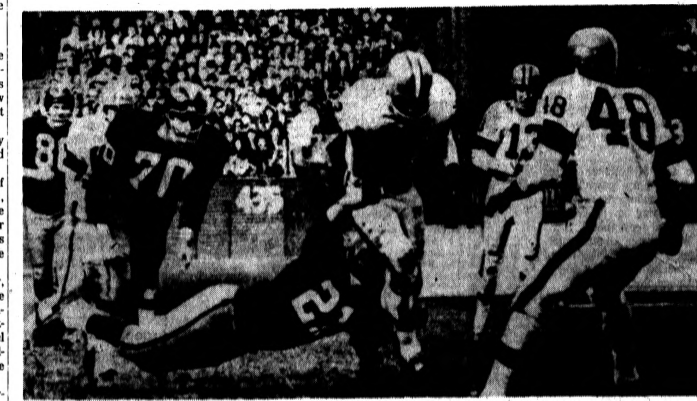

Gordie Howe and Backstrom staged a stick swinging duel in the final minute of play and both received major penalties. The decision was boosted by the crowd of 14,493—largest of the season—which felt Howe was only defending himself.

"I'd be lying if I said I didn't hit him," Howe admitted. "But he got me as we came off the boards."

A shoulder injury to Ron Murphy prompted Abel to move Ted Lindsay on the line with Howe and Alex Delvecchio. The trio came up with a number of good plays and only brilliant goal tending by Charlie Hodge prevented a score.

Murphy was in out to last another week. Eddie Joyal, who also sat out the game because of a knee injury, will be back when the Red Wings play in Boston Tuesday.

At Boston Sunday, Dean Prentice scored two goals, and Johnny Bucyk got the winner, in the second period.

100TH TOUCHDOWN—Cleveland fullback Jim Brown drags defensive back Jim Carr (21) of Washington toward the goal line in yesterday's NFL game. Linebacker Sam Huff (70) came up to help, but Brown had already covered the six yards for

Braves to Play at Milwaukee During 1965

National Loop Prexy Says Nothing Written Needed by Officials

MILWAUKEE (AP) — Warren Giles, president of the National League, says Milwaukee County officials do not need anything in writing to insure that the Braves will play in Milwaukee in 1965 as ordered by the league.

"They must not trust us," said Giles Sunday night. "We thought it was a clear cut decision."

At a meeting in Phoenix, Ariz., Saturday, the league gave the Braves permission to move to Atlanta in 1966 but instructed the club to live up to its contract to play all 1965 home games in County Stadium.

County corporation counsel Robert P. Russell said Sunday night he would recommend that the county board obtain a written commitment from the league that the Braves will play in Milwaukee next season before dropping a suit instituted to force compliance with the contract.

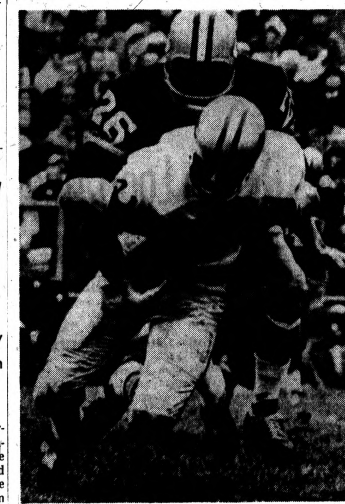

NEXT HEARING

When the league decision was announced, county board chairman Eugene Grobenschmidt said the county probably would drop its injunction proceedings. But he said later he had been cautioned by attorneys against asking dismissal of the suit.

The next hearing is set for Tuesday. "Dismissal might affect our future negotiations with the Braves," Grobenschmidt said without elaborating. Before the Braves said they wanted to move to Atlanta in 1965 the county offered concessions worth \$125,000 a year.

"There are no tag ends of any kind," Giles said, "I don't anticipate any further action on the Milwaukee situation."

He said the league's unanimous decision was "the final action that certainly anyone can anticipate."

AP Photo

BARR-BACK RIDER — Flanker back Terry Barr of the Detroit Lions carries Green Bay's Herb Adderly on his back for a four-yard gain after receiving a pass in yesterday's National Football League game. The Packers routed the Lions, 30-7.

Relief Passer Bails Out Bills

By The Associated Press

The unbeaten Buffalo Bills ran their winning string to nine Sunday before a record American Football League crowd, whipping the New York Jets 20-7 with relief quarterback Darley Lamonica and place-kicker Pete Gogolak.

Buffalo's victory in a game that drew 60,300 paid to New York's Shea Stadium kept the Bills 2½ games ahead of Boston in the Eastern Division race. The Patriots nipped Houston 25-24 Friday night on Gino Cappelletti's 42-yard field goal on the final play of the game.

The San Diego Chargers came from behind on the passing of veteran Tobin Rote and trimmed Denver 31-20 for their third straight victory. The defending AFL champions led the Western Division by two games over the Kansas City Chiefs, who walloped Oakland 42-7 behind quarterback Len Dawson's four touchdown passes in Sunday's other game.

Lamonica replaced starting quarterback Jack Kemp in the second quarter with the Bills trailing 7-0 and teamed with Glenn Bass on an 80-yard touchdown pass, then set up second-half field goals of 47 and 33 yards by soccer-style kicker Gogolak with his clutch passing.

Fullback Cookie Gilchrist, whose expected running duel with New York rookie Matt Suell failed to materialize, capped the Bills' scoring in the final minute of play with a 67-yard dash. The Jets' touchdown came on a 71-yard pass play from Dick Wood to Bake Turner.

The big turnout broke the AFL attendance record of 47,746 set last month at Shea Stadium by the Jets and Chargers.

San Diego's Rote came off the bench in the second half and threw two touchdown passes, wiping out Denver's 20-17 lead. Pass interceptions by Frank Buncom and Bob Patrick set up Rote's 29- and 33-yard scoring strikes to Don Norton and Keith Lincoln, respectively.

Denver's defensive platoon accounted for a touchdown, Jim McMillan fumbling on a John Hadl fumble in the end zone, and a safety. Willie Brown lacking Hadl behind the goal, before Rote got the Charger attack rolling.

SCORING PUNCH

Dawson, who threw six TD passes last week against Denver, hit Fred Arbanas with 38- and 28-yard scoring bullets, Almer Haynes on a 68-yard plich and rookie Mack Hill on an 18-yarder. The Kansas City defenders, paced by halfback Dave Grayson and Tackles Bobby Bell and Buck Buchanan, forcing two key fumbles and intercepting two passes.

Kimball Wins Harrier Title

Seaholm Places 4th in State Event

YPSILANTI (AP) — Royal Oak Kimball and Reese regained as Michigan's high school cross country champions today after topping the 1963 titlists in the state meet. Kimball had little trouble overtaking defending Class A champion Birmingham Seaholm, but Reese had to put on the C-D team idling Ann Arbor St. Thomas.

Grand Rapids South Christian captured the Class B crown. Kalamazoo Central's Ron Nearing, individual winner of the team meet, broke the Class A record with his clocking of 9 minutes, 47.7 seconds over the two-mile course.

Brian Moore of Detroit's Caps Tech won the individual run for a Class A prep in 9:40.2 for a course record.

Defending Class A champion Seaholm had to settle for fourth place after racking up 120 points to finish well behind Kimball's winning-low 80. Detroit Redford was second with 92 and Wyandotte Roosevelt was third with 112.

East Grand Rapids' Ron Kutchinski won the individual Class B run in 9:55.1 and Kalamazoo University High's Jim Giachino captured Class C-D honors with his 9:51.5 clocking.

WESTERN STYLE — San Francisco 49er Ben Scotti grabs the shoulders of Minnesota's Jerry Reichow to bulldoze the Viking end to

the turf. Reichow had just taken a 26-yard pass. The Vikings won yesterday's NFL game, 24-7.

Cranbrook Breaks Slump; Wildcats, Groves Stumble

Celtics Point to Recordville

By The Associated Press
The Boston Celtics' championship press hasn't been derailed yet with 10 straight victories it's headed straight for Recordville.

The Celtics won their ninth and 10th over the weekend and are now just five shy of the record for consecutive victories at the start of the season. The mark is 15 set by Washington in 1948.

Cincinnati, struggling along without Oscar Robertson, won the Celtics' latest victory 106-103 Sunday but the Royals threw quite a scare into the Celts before going down.

Saturday night, Boston ripped Detroit 130-113.

DATE	SCORE	TIME
11/8/64	Boston 130-113 Detroit	1:00
11/7/64	Boston 106-103 Cincinnati	8:00

Bluth's 300 Not Enough to Win PBA

GARDEN CITY, N.Y. (AP)—Ray Bluth was perfect but apparently, not perfect enough. Bluth, a professional bowler from St. Louis, rolled the key ball's dream game — a 300 — but still wound up second best in the National Championship of the Professional Bowlers Association which ended Sunday.

It was the second straight year that Bluth had gained the runner-up spot. This time he finished behind Bob Strampe of Detroit, whose 19 victories in 25 match games was worth \$7,500.

Pontiac's Mike Samardzija came in 21st and won \$700. He hit 914 pins in his final nine games.

Stroh's teammate Dale Seay of Birmingham also placed in the money, finishing 23rd. Strampe, running his year's earnings to \$28,842, led his victory by beating youthful Jim Robinette of Falls Church, Va., 206-204 and 234-221. The losses dropped Robinette to third place behind Bluth, who defeated Buzz Fazio of Detroit 241-228 taking second. Fazio finished fifth behind Tom Harnisch of Buffalo, N.Y.

One losing streak was extended and another ended for a couple of local teams on the gridiron Saturday.

Cranbrook snapped a four-game losing string on a third-quarter field goal by Mark Mayerstein that produced a 10-8 victory over Nichols School. Oxford dropped its fifth in a row at Madison Lamphere, 25-13.

In other Saturday games, L'Anse Creuse routed Chipewa Valley, 29-0. Clintondale defeated Birmingham Groves, 21-6. Livonia Franklin blanked Bentley, 32-0. Whitmore Lake scored Detroit Country Day, 20-13, and Oak Park ripped Harper Woods, 33-0.

Oxford's Wildcats (2-6) were never in the game, losing to the Lamphere (6-1) squad, winner of the Central Suburban League championship.

Ballback Ty Jobin tallied on a 16-yard run in the opening quarter to put Lamphere in front 6-0, and John Cova hit paydirt on a 55-yard scamper for a 13-0 halftime lead.

CUTS LEAD

Oxford cut the lead to 13-7 early in the third on a 60-yard punt return by sophomore Mike Cummings and a Patrick Mayers drive. The drive ended on a 55-yard scamper for a 13-7 halftime lead.

Jim Brannon closed the Lamphere scoring in the fourth on a five-yard burst. Rick Fox bulled over from three yards out for Oxford's second tally.

Cranbrook jumped in front 7-0 in the opening quarter on a 20-yard pass from Tom Van Horn to Buzz Mieras, but the visitors recovered a Cranbrook fumble early in the second period and moved in for the score. A two-point conversion put Cranbrook behind 8-7 at halftime.

Midway in the third, Cranbrook drove to the Nichols' 10-yard line but the defense stiffened. On fourth down, Mayers booted the ball through the uprights for a 28-yard field goal and a 10-8 Cranbrook lead.

L'Anse scored in every period to tie its record to 5-1-1.

PUNT RETURN

Randy McConnell went in on a 40-yard punt return in the first, Steve Skelton went three yards in the second, Kenny Wilczek added a three-yarder in the third and Kurt Carlos snared a 36-yard scoring pass from John Skladen in the final frame.

Defensive tackle Mike Davenport tackled a Chippewa runner in the end zone for the other L'Anse points.

Groves (2-6) couldn't do anything with the rugged Clintonville defense. The team racked up its lone score late in the game on a short run by ballback Mark Christensen.

Country Day (5-3) fell behind 20-7 in the first half and couldn't catch up.

Don Evans tallied for the Yellow Jacks on a 95-yard kickoff return in the first quarter and John Swain posted the second score on a 25-yard pass from Gary Hurthan.

Oak Park ran its record to 6-2 and picked up its fifth shutout in taming Harper Woods.

Bob Singer scored twice for the Parkers on runs of four and nine yards. Alvin Mayes drove over from the one for six points, Jack Speelman sneaked for a TD and passed 45 yards to Jim

Miss Wright Sets Women's Record

MIDLAND, Tex. (AP)—"I can quit happy now," said Mickey Wright, the blonde queen of women's golf, when she shot a record 62 for 18 holes on the way to winning first money in the Tall City Open Tournament.

She didn't mean she was going to quit. She has some burning ambitions yet unfulfilled, like setting a record stroke average of 72.00. In fact, she went to San Antonio today to play in the Civitan Open starting Thursday.

Miss Wright bettered the women's record for 18 holes set by Patty Berg at Richmond, Calif., in 1922.

OLSM Tops St. Mike Again by 12

The game was different for Orchard Lake St. Mary and Pontiac St. Michael, but the result was almost the same.

When the two squads met earlier in the season, St. Mary came away with a 25-13 decision. They met again yesterday and OLSM came out on top, 26-14.

In another Sunday game, Farmington Our Lady of Sorrows turned in an 18-7 triumph over Ann Arbor St. Thomas. In a Saturday afternoon tilt, Emmanuel Christian dropped a 19-14 decision to Richmond St. Augustine.

Ballback Bernard Stec paced the Eaglet attack with a pair of touchdowns and a PAT that ran his season point total of 66.

The contest closed the season for the Eaglets and St. Michael. The win left the Eaglets with a 6-1, while the Mikemmen finished at 3-4-1.

SCORE EARLY

The Eaglets scored the first time they had the ball. The team moved 59 yards in eight plays with Stec slanting off tackle for the final seven yards and running the PAT.

Stec came back again at 2:23 of the first period on an eight-yard sweep around right end that ended a 50-yard drive.

The Shamrocks took advantage of a short punt by OLSM to post their first score which came with only a minute remaining in the half.

They took over after the punt at OLSM's 22 and were pushed back to the 25 in three tries. But on fourth down, quarter-

back Grey Glynn hit end Thomas Patch with a 25-yard pass for the TD. Glynn ran the PAT to trim the deficit to 13-7.

Early in the third, the Shamrocks Mike Backes moved back to punt at his own two-yard line, but decided to run when the Eaglets broke through the line. He found a slight opening but OLSM knocked him down at the 10 and took over the ball.

TO PASS

Four plays later, Conrad Krogulecki tossed five yards to Dennis Wilczewski for the score.

Krogulecki hit ballback John Foster with a 20-yard scoring pitch at 2:14 of the final period to wrap up the Eaglet scoring.

The Shamrocks hit the scoreboard again with only 16

seconds remaining on a 16-yard run by Roger Cook.

Ballback Mike Kearney scored three times and picked up 188 yards rushing to lead Farmington OLS to its fifth win of the season.

Better Schools Said Needed for Negroes

WASHINGTON (AP) — "The only solution to the civil rights problem lies in much better education for Negro youth," President John A. Hannah of Michigan State University said Sunday.

"We must raise a whole new generation of Negroes who have had an opportunity for a decent education all the way from kindergarten through our universities," Hannah said. "However, nowhere in our society do we have people giving this problem the attention it deserves."

Hannah, who has been chairman of the U.S. Commission on Civil Rights since its inception, told a news conference:

"There is nothing more important in America in November 1964 than that Negro youth be given better opportunities to an education equal to their capabilities."

OPENS MEETING
Hannah spoke on the opening day of the annual meeting of the Association of State Universities and Land-Grant Colleges.

It is not only a problem of the Deep South, he said.

"In my own state of Michigan, there is a very real problem in Detroit, but no one there is really working at it."

In the South, the vital problem is to upgrade the Negro institutions of higher education.

Federal Service Set for Former Postmaster

CHARLOTTE (AP) — Funeral service for Howard E. C. Rogers, former Charlotte postmaster, will be held here Wednesday.

Rogers, 73, died Saturday at Ann Arbor Veterans Hospital.

Rogers served as Charlotte postmaster from 1948 until his retirement in 1961.

Those were the days when W. C. Fields would snarl at the dummy.

"If I had a shotgun, I'd make a crabbage board out of you!" Charlie was such a sensation that when Bergen, Charlie and Dorothy Lamour arrived at Grand Central, it was like the Beatles coming to town ... some 25 years ago.

WISH I'D SAID THAT: We don't know who it was who started naming hurricanes after women, but we suspect it was a married man. —Harold Coffin.

EARL'S PEARLS: The first rule in Russian elections is, "Never ask for a refund."

Other Mabel listened to some of the current rock 'n' roll singing idols and sighed, "Did you ever think you'd long for the good old days of Elvis Presley?" ... "That's earl, brother."

Tracking Ability 'Bugs' West

Are Insects' Antennae Really Radar?

By DICK WEST
United Press International
WASHINGTON (UPI) — This year, as usual, I grew a small "victory garden" in my back yard.

To spare you the trouble of pointing it out, let me say that I am well aware that World War II has been over almost 20 years and that the victory garden program therefore has lost some of its urgency. But I'm the cautious type.

It has never been established

to my satisfaction that Adolph Hitler really is dead.

Pending more convincing evidence, I intend to go on playing it safe.

During the gardening season, which is just now coming to an end, I am always perplexed by what I regard as one of nature's most baffling mysteries—namely, how certain insects manage to find my garden.

ATTACK SUGARCANE

Let us say, by way of example, that I plant some sugarcane.

Sugarcane has never been planted there before. There is

no other sugarcane growing anywhere in the vicinity.

And yet, as soon as the crop is above ground it will immediately be attacked by sugarcane mealybugs.

How did those mealybugs find out that I was planting sugarcane?

MILES OF SUBURBIA

And how did they find their way through miles of trackless suburbia to a small backyard plot.

It's uncanny, that's what it is. Uncanny and eerie and a little frightening.

But something has just happened that makes me feel a little better about the whole thing.

The U. S. Agriculture Department reports that its scientists have discovered what it is that corn earworms like about corn.

EXTRACTED SUBSTANCE

In other words, they have extracted the substance that makes corn appetizing to earworms.

When it is spread on fiber paper, the earworms will eat the paper as eagerly as they eat corn.

Once the substance has been identified chemically, the next step will be to produce it synthetically.

Then they will have the earworm where they want it.

POISON BAIT

The stuff will be smeared on poisoned bait in the expectation that earworms will eat that and leave the corn alone.

Maybe so, but this strikes me as being an unimaginative and inefficient application of an obviously brilliant piece of research.

My experience as a victory gardener convinces me that the next step should be to find the substance that makes corn appetizing to human beings.

Once it has been isolated, identified and produced synthetically, we could buy it in a jar, spread it on crackers or something, and enjoy it as much as we would fresh corn.

That would solve the earworm problem in a jiffy. Let the earworms have the corn. Who needs it.

Peace Corps Entrants

ANN ARBOR (AP) — Applications will be taken for the Peace Corps at the University of Michigan Nov. 15-21. U. of M. President Harlan Hatcher has designated the application period as Peace Corps Week at the school.

OVER THE TOP — Representatives of the three area utilities hold the torch high, symbolic of surpassing their goal in the Pontiac Area United Fund campaign. Exceeding their goal by 33.7 per cent were (from left) Philip Hartrick of Consumers Power; Charles Brouillette, plant chairman for Michigan Bell Telephone Co., and Jack Zeunen, who headed the Detroit Edison Co. program.

Utilities' UF Gift Up One-Third Over '63

Local employees of the three utility companies increased their contributions to the Pontiac Area United Fund drive this year by 33.7 per cent for a total of \$15,251.

Campaign chairman Bruce J. Annett expressed his pleasure at the increases from employees at Consumers Power Co., Michigan Bell Telephone and Detroit Edison.

"The generous response of utility company employees to this year's campaign is wonderful."

"Employees have responded as outstanding citizens to the needs of the community in the 35 UF agencies," he said.

Largest gift of \$7,291.45 by Michigan Bell represents an increase over last year's gift of \$5,001, with 93 per cent of all employees contributing an average of \$13.76.

This was reported by Charles Brouillette, United Fund coordinator and A. Tomkie, Michigan Bell drive chairman.

UP 19 PER CENT
Philip Hartrick, Consumers Power drive chairman, reported a 19 per cent increase with gifts totaling \$4,804.70 for an average of \$19.07 per contributing employee.

Detroit Edison with a high average contribution of \$30.63 has reported a 1964 increase of 33.2 per cent and total receipts of \$3,154.80.

John Zeunen, Edison office manager, served as company chairman of the United Fund solicitation.

With several divisions still to hear from, reports this year have been extremely gratifying, according to Bruce J. Annett, campaign general chairman, who pointed out that a large percentage of the 1964 goal is made up of plants which were idled during the campaign.

LBJ to Hear McNamara on U.S. Spending

Holding High-Level Talks in Effort to Keep Federal Budget Down

JOHNSON CITY, Tex. (P) — President Johnson meets today with Secretary of Defense Robert S. McNamara as he pushes his campaign to keep next year's federal budget under \$100 billion.

McNamara was invited to be Johnson's guest at the 400-acre LBJ Ranch to discuss Pentagon budgeting that will be crucial to the overall federal spending plan desired for delivery to Congress in January.

Flying west from Washington with McNamara was a Deputy Secretary of Defense Cyrus Vance.

McNamara, coming to the Texas hill country without any formal agenda for his talks with Johnson, was to arrive late today.

He will be an overnight guest at the ranch where the President has been relaxing since the Nov. 3 election.

TO BE JOINED

McNamara will be joined here tomorrow by Secretary of State Dean Rusk.

The President and the two key Cabinet members will jointly canvass a some of the global military and diplomatic problems.

Johnson, for the second year in a row, is hopeful of keeping the federal budget from exceeding \$100 billion.

Pentagon outlays, accounting for about half of all federal spending, will have a decisive impact on whether or not he achieves his goal for the fiscal year that begins next July 1.

BASE CLOSINGS

A central question in Defense Department planning is the closing of old and obsolete bases, cherished in local communities but costly in budgetary terms.

This topic presumably was to figure prominently in Johnson's talks with McNamara.

Canoeist Pair Believed Lost

MANITOWOC, Wis. (P) — A Coast Guard official said last night that a college student and a former Marine "almost surely have attempted to cross Lake Michigan in a canoe," but authorities have been unable to find any trace of them.

John Baker, 22, a student at the University of Michigan at Ann Arbor, said he and Richard Kiese, also 22, a former Marine from Boston, would attempt to paddle the 50 miles from Manitowoc to Ludington, Mich.

A car reportedly registered to Baker was found yesterday at the Chesapeake & Ohio ferry docks in Ludington, the Coast Guard said.

A search of the beach in the Ludington area was under way although the region has been shrouded by fog much of the time since Saturday.

The Coast Guard planned to launch boats from Ludington (Continued on Page 2, Col. 8)

Reach Final Agreement

Strikes Ended at GM

Romney Criticizes Nixon for Blast at Rockefeller

DETROIT (AP) — Gov. George Romney, discussing future unity in the Republican party, criticized Richard M. Nixon yesterday for the latter's postelection position on New York Gov. Nelson A. Rockefeller.

"When you're trying to unify something," Romney said, "you don't begin to say things that will create greater feeling and

division. You undertake to include those who are in a position to make a contribution."

He made his statements in an interview on radio station WJR.

Republican Romney, reelected in Michigan last week by a large majority, despite Democrat President Johnson's sweep of the state, made the

interview statement in answer to a question for his view on Nixon's charge against Rockefeller last week.

Nixon said in New York that Rockefeller was a "divider" of the Republican party because of what he called the New Yorker's failure to give full support to GOP presidential nominee Barry Goldwater. He called Rockefeller the greatest divisive force in the GOP during the campaign.

Rockefeller subsequently lapped Nixon as a "poor loser." He called Nixon's remarks "peevish." Nixon had supported Goldwater in the campaign.

BROAD BASE

"If we're going to have a two-party system," Romney added in his comment on Nixon's statement, "then each party has to have a very broad base."

"If you're going to have a political party that can command the respect and support of 50 per cent or more of the people of this country, then there must be room for considerable diversity within fundamentalism."

Romney also said he believed the GOP can be both broadened and unified "regardless of what circumstances have to be dealt with."

"I think that one of the things that is evident is a broad desire on the part of many men and women in a position of leadership in the party to take steps to build for the future and I'm sure that desire is so broad that it cannot be thwarted," he said.

SPECULATION LABEL

Romney termed "pure speculation" a suggestion by Sen. Thurston Morton of Kentucky, former Republican national chairman, that the Republicans might form a leadership group outside the regular party organization in event Goldwater was unwilling to give up control of the national committee.

Romney, who refused to endorse Goldwater for the presidency, repeated that he took the position because of "basic principle differences" with the Arizona senator.

He added, however, that he respected Goldwater "as an individual" and said: "I think the Sen. Goldwater has demonstrated in the past his concern about the Republican party as a whole and I think it's premature to assume it's going to be necessary to find some way around Sen. Goldwater."

Laborites Face First Test on Steel Nationalization

LONDON (P) — Prime Minister Harold Wilson and his Labor government pitched into their first battle for survival today against a Conservative assault on steel nationalization.

Wilson's slender majority was expected to hold up in the first House of Commons vote and again tomorrow when that house votes on a Conservative motion of no confidence in Wilson's entire program. Defeat on either would force the government to resign and call a new election.

The Labor party won the Oct. 15 general election with a margin of only five Commons seats over the Conservative and Liberal opposition.

This was temporarily cut to four last night when Laborite Brian O'Malley entered a hospital for an emergency appendectomy.

Two other ailing Laborites announced they would be on hand for the vote.

Frank McLeavy, 65, said he would come from his hospital bed, and Sir Geoffrey de Grotto, 59, said he would hobble in carpet slippers to ease a foot injury from a car accident.

RIGHT-WINGERS
Most interest will center on the votes of two right-wing Labor members, Woodrow Wyatt and Desmond Donnelly.

They have suggested Wilson should ditch steel nationalization or water it down to get the support of the nine Liberal members.

The Liberals oppose outright nationalization but said they would favor the government buying an interest in some branches of the industry.

Wilson may adopt the latter course. He is committed only to "necessary public ownership" of the industry.

EISAKU SATO

Japanese Get New Premier

Sato Sworn In With Cabinet Members

TOKYO (P) — Japan's new Premier Eisaku Satō was sworn in tonight along with a cabinet in which he was the only important new member.

Sato retained all the ministers in the government of his predecessor, ailing Hayato Ikeda. Two minor cabinet officials were replaced.

The retention of Ikeda's cabinet underlined the expectation that Sato would continue Ikeda's policies, including his pro-Western, anti-Communist foreign policy.

Sato, 63, an economic expert, formed his cabinet a few hours after parliament elected him to succeed Ikeda.

After four years in office, Ikeda resigned because of a throat tumor. Both he and Sato are members of the ruling Democratic party.

283 VOTES

In the voting in the lower house of the Diet, Sato received 283 votes, Socialist Jotaro Kawakami got 137, Suetoshi Nishio of the Democratic Socialists got 23, and Sanzo Nosaka, a Communist, got 4.

The 280-member upper house, voting simultaneously, gave Sato 146 votes, a majority.

Sato's election was assured earlier today when the Liberal Democrats nominated him for the post after a prolonged struggle within the party.

State Minister Ichiro Kono, and former Foreign Minister Aichiichi Fugiyama also were contenders.

Ikeda, who announced his retirement Oct. 29, settled the contest with a note from his hospital bed recommending Sato.

U.S. Helicopters Save Viets From Flooded Valley

SAIGON, Viet Nam (UPI) — U.S. Army helicopters rescued 854 Vietnamese from storm-swollen river valleys in Central Viet Nam yesterday, an American spokesman reported today. The spokesman said crewmen snatched some of the storm victims from the roofs of their thatched houses as floodwaters swirled by just below the caves.

All of the refugees were lifted out of the flooded Song Ba River Valley within a radius of 15 miles of Hanoi. Helicopters of the 52nd Aviation Battalion flew missions from 5 a.m. until dark.

The Song Ba River went on the rampage after two weeks of heavy rains culminating in Typhoon Iris on Wednesday.

The Vietnamese Weather Bureau said another storm, Joan, struck the central Vietnamese coast last night with winds of up to 70 miles per hour.

Ford Switches 3 Plant Talks to Top Level

Management, Union Negotiators Take Over in Dearborn

DETROIT (P) — General Motors has cleared the decks of the last of its local strikes and appears ready to hit 100 per cent production rates, but the Ford Motor Co. continues to have labor troubles today.

GM reached local contract agreement last night with the last of its 130 United Auto Workers Union local bargaining units, paving the way for restoration of full production and full employment.

The auto company and the UAW came to terms at the Fisher Body plant in Atlanta, Ga. Atlanta is one of General Motors' 130 production and manufacturing points in the country.

Local strikes in GM had crippled the world's biggest auto maker for an extensive period after settlement with the union on a national contract.

While bargaining at GM is at an end, negotiations at Ford Motor Co. key plant strikes in three states switched from the local level to top-level bargaining today in an effort to speed agreement.

UAW TAKE OVER

Top management and representatives took over in negotiations at Ford headquarters in Dearborn.

The three strikes — at stamping plants in Buffalo, N.Y., and Chicago Heights, Ill., and an aluminum factory at Sheffield, Ala. — were among nine local-level walk-outs keeping 25,000 employees idle.

Mystery Melody

WHAT DO YOU WEIGH, PAL? ABOUT 63 POUNDS!

The "Instrument" Bart is enclosing in his cello case is going to play a sad tune for the guards at the Federal Art Gallery in Washington. The doll-like "she," Milly the midget, is really a he! His name is Peevee, but he's going to be no small headache for the men at the museum charged with protecting some priceless old masters on loan from the Louvre. For a story of high adventure with some rib-tickling moments, follow CAPTAIN EASY on the comics page. New story starts today.

Election System Caused Problems

By BILL EASTHAM

A lot of people and not all of them long memories, will have unpleasant memories of last Tuesday's election for a long time to come.

But there is one consolation—there'll never be another one like it.

Some voters reportedly stood in line nearly four hours to cast their vote.

And the people whose job it was to tabulate the votes spent

as much as 30 consecutive hours on the job.

If the writers of Michigan's new constitution could have foreseen the problems their amendments to the election laws created, they probably would have looked up with a different plan.

LOOKED GOOD

Combining the election of township officers, usually held in the spring, with the election of county, state and national officers

usually held in the fall, looked good in money-saving principle.

But the plan created a mammoth ballot which not only took longer to count but also kept more voters in the booth far longer than they normally would be.

Final returns weren't tabulated until the next day in most areas of the state, and poll workers labored far beyond their capacity for efficiency.

Most precincts in Oakland County are "mechanized." But a voting machine of the type used here has space for only 40 offices.

MACHINES, PAPER

City precincts were able to do all their voting by machine. Townships, which had a whole state of township officers on the ballot, had to use both voting machines and paper ballots, which caused agonizing delays in tabulating final returns.

Compounding the problem was an unusually heavy absentee vote.

County Election Clerk Mabel Child said her office sent out over 23,000 absentee ballots, nearly twice as many as in 1960.

Strict laws govern the recording of absentee ballots and add to the delay in tabulation.

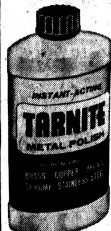

In machine precincts, counting of absentee ballots can't be done in tabulating final returns.

(Continued on Page 2, Col. 4)

Kangaroos are being shot at a rate estimated as high as a million a year in the southwest of New South Wales but ranchers say their numbers are still increasing.

NEW METAL POLISH DISSOLVES TARNISH on contact!

'TARNITE'

Instant-Acting METAL POLISH
The New, Easy Way to Polish
BRASS / COPPER / BRONZE CHROME / STAINLESS STEEL

TARNITE is the labor-saving polish that takes the drudgery out of metal care. You actually see stains and corrosion begin to disappear the instant TARNITE comes in contact with tarnished surfaces. No heavy rubbing needed. With TARNITE, you can easily restore that brilliant, lustrous look to your brass, copper, bronze, chrome and stainless steel.

- STARTS WORKING ON CONTACT
- CUTS YOUR LABOR ABOUT IN HALF

ADDING FINISHING TOUCHES — Working from a specially mounted truck, workers add paint to the nearly completed Verrazano-Narrows Bridge connecting Brooklyn and Staten Island. The \$525-million structure will be opened at ceremonies Nov. 21. It will have the world's longest suspension span.

2 Munising Buildings Destroyed by Fire

MUNISING (AP) — Fire destroyed two of Munising's oldest buildings Saturday night. No one was injured. The adjoining one-story frame structures—said to be 65 years old—burned completely to the ground, said Fire Chief George MacKenzie. They housed a lunch room and a bar.

MacKenzie estimated total damage at \$30,000.

U. of Utah's President Part of Prolific Family

SALT LAKE CITY, Utah (AP) — What about the women in that remarkable Fletcher family, the family of Ph. D's from whence came the new president of the University of Utah, Dr. James C. Fletcher?

One thing for sure is that they raise children! There are 23 children in the families of Dr. Fletcher and his four brothers.

Raising children is certainly not the only thing, however. The five wives who were in Salt Lake City for Dr. Fletcher's inauguration last week are all attractive and sociable.

The eldest, Fletcher brother, Stephen, 54, is vice president and general counsel for Western Electric Corp. in New York, N.Y. He and his wife Dorothy have three children and raise another, a niece.

OWNS COMPANY

James, 45, with a Ph.D. in physics, had his own missile firm in California before he became a university president. He and his wife Fay have four children.

Robert and Rosemary Fletcher have seven children. He is 43 and vice president of a Bell

Telephone subsidiary, the Sandia Corp., which runs Los Alamos, N.M., atomic facilities for the government. She is a daughter of Sen. Wallace F. Bennett, R-Utah.

Harvey Jr., 41, is Ph.D. and professor of mathematics at Brigham Young University. He and his wife Deah have five children.

Paul, 38, and his wife Norma have five children. He is another Ph.D. in physics and heads the research department for Electro-Optical Co. in Pasadena, Calif.

MOTHER OF BOYS

What about the mother of these Fletcher boys?

"Oh, I'm just a mother," Mrs. Harvey Fletcher said in an interview.

"Let's see, we were married when I was 20 and I had Phyllis when I was 22."

Phyllis is Mrs. W. Kenneth Firmage of Chatham, N.J., the eldest of six children, who got a master's degree in mathematics and then settled down to raising a family—three children.

Kappa Delta Alumnae

Party to Benefit Therapy Center

Three days a week a member of Kappa Delta South Oakland Alumnae picks up Michael Ross, 3, at his Troy

home and takes him to the Oakland County Society of Crippled Children and Adults Center.

There Michael receives special therapy and pre-school training. He is a victim of cerebral palsy who has been working at the center since December and, according to Mrs. Elizabeth Kirkby, director, is progressing very well.

Michael is only one of the children whom Kappa Deltas help to transport. The group also supports the center financially with funds raised at their annual philanthropic benefit.

This year the benefit will be in the form of a "Fashion Show - Dessert Bridge" to be held 8 p.m. Thursday in the North Congregational Church, Southfield.

PROVIDING FASHIONS

Fashions, shoes and colifures will be provided by the Lisbeth Shop of Birmingham, the Peacock Shop of Birmingham and the Franklin Suburban Shop.

Mrs. George F. Heine Jr. is chairman of the event. Ticket chairmen are Mrs. Emanuel Christensen of Southfield and Mrs. Gordon H. Wolfe of Birmingham.

Pontiac Press Photo

Michael Ross, 3, of Troy can hardly believe all that Mrs. George Heine Jr. of Mohawk Road is telling him about the Kappa Delta South Oakland Alumnae "Fashion Show-Dessert Bridge." The event, to be held at 8 p.m. Thursday in the North Congregational Church, Southfield will benefit the Oakland County Society of Crippled Children and Adults where Michael receives therapy and training.

Potted Plant Belongs in Your Home

Make generous use of potted plants in your home or apartment to add decorative beauty to your rooms and increase your enjoyment of everyday living.

With a built-in planter, you can supply a border of beauty at a large picture window, divide a living and dining area, or partition an area for an entrance hall.

If you fill such planters with plants left in their clay pots, you can use plants with different watering needs, change or replace plants as you wish, and add a seasonal flowering plant for a colorful accent. You can create essentially the same effect without a built-in planter by using a low table or cart that will accommodate an array of green plants.

Large potted plants may be placed effectively, for instance, by the side of stairways. The small dish gardens, for example, may be hung from the ceilings of studies or bedrooms.

Mr. and Mrs. Hario O. Phipps of Hadley Road, Brandon Township, announce the engagement of their daughter Linda Dawn to Robert Lee Hickey, son of the Virgil T. Hickey of State Park Road, Brandon Township. She attends Pontiac General Hospital School of X-ray Technology and her fiancé is an Oakland University student.

Soda Fountain Can Be Used in Private Home

NEW YORK — A do-it-yourself portable soda fountain is said to provide three different ice-cold carbonated soft drinks at one-fifth the cost of comparable bottled ones.

The device, about the size of a standard table television set, has four taps — three for flavorings and one for carbonated water.

It operates on 110-volt home current, a 12-volt car or boat battery or a standard propane cylinder.

The patented carbonator used ordinary tap water. A sealed absorption-type refrigerating unit makes ice unnecessary.

Parents Don't Want Legacy to Be Wasted

By MARY FEELEY
Consultant in Money Management

Dear Miss Feeley: My husband and I would like to know the best arrangements we can make, in the event of death, with regard to a \$30,000 bank account and about \$5,000 in stocks and bonds.

We would like to leave our only child, a son 30 years old, most of the estate, the remainder to be shared by his wife and one-year-old daughter and any other offspring that may be born.

My son and his wife spend money freely and, because of this, my husband and I would like to tie the estate up so that only a small amount of money can be available — and that at a later date. Mrs. M. L., Bronx, N.Y.

I believe you'll find that there are more advantages in handling this estate through the provisions of your will than by setting up a trust. The cost of administering a small trust must be considered in relation to the amount of money involved.

And the income from divided amounts — one for your son, one for your daughter-in-law, and one for grandchildren — would have little significance to any one of them.

Perhaps in discussing the matter with your attorney, you could clarify your own thinking: what, specifically, you would like to have this money accomplish. I can appreciate your concern at the thought of its being frittered away.

On the other hand, it would also be a pity if it were doled out in such small amounts your heirs would receive little benefit from it.

It might also be worth while to talk also to your insurance agent — provided you are insurable — and get figures on the cost of prepaid premiums, which generally are discounted at 4 per cent on a life insurance policy that would pay your heirs in specified amounts at specified times.

The discount is actually more than the actual amount, since it is not taxable.

Dear Miss Feeley: What is a reasonable amount of money to spend on groceries per week? food, simple drugs such as toothpaste and aspirin, anything purchased in the supermarket? There are my husband

and myself, and five children at home, ages from 7 to 16 years.

We usually have three or four others as luncheon or dinner guests two or three times a week.

We live comfortably and eat well. The "convenience" foods — mixes and frozen food — are almost a must in my busy life.

However, lately I'm having a difficult time making my grocery money last through the week — spending \$50 and \$60 a week in the supermarket. Our milk bill is completely separate.

I would appreciate your comments. Mrs. R. B., Miami, Fla.

If you kept a strict budget, you'd realize that you're including drugs and entertainment expenses under the heading of food. So actually you're spending less for family meals than you're entitled to spend for that many people!

Sometimes I think women would find keeping a budget easier if they just lumped everything except rent under the heading of supermarket!

According to national family averages, a moderate food allotment for your family would be \$58.60 a week.

That's broken down this way: \$19.40 for you and your husband; \$8.80 for the 16-year-old; \$8.30 for the 12-year-old; \$8.30 for the 11-year-old; \$6.90 each for the 9 and 7 year olds.

Up to the age of 13, food costs for boys and girls are pretty much the same. After that, you have to allow more for the male members of the family.

Since you're also feeding guests several times a week, you're doing all right.

However, for your own peace of mind, rearrange your budget and keep food buying strictly under the heading of food.

Put those other costs — drugs, entertainment, household supplies — under their own separate headings.

While you wouldn't have any more actual cash in your pocket, you'd have the satisfaction of seeing that you're a reasonably thrifty shopper.

Nixon, Romney Seen as Contenders for Party Architect

EDITOR'S NOTE — In this Associated Press survey, Republican leaders across the land give their views on rebuilding the party and look ahead to GOP chances in the 1968 and 1972 elections.)

By JACK BELL

WASHINGTON (AP) — Many influential Republicans across the country expect Richard M. Nixon to play a leading role in rebuilding the GOP for what most of them think will be a strong 1968 comeback.

Nixon, the 1960 presidential nominee, and GOP Govs. George Romney of Michigan, William W. Scranton of Pennsylvania and Nelson A. Rockefeller of New York were most frequently mentioned as prospective leaders of this comeback in an Associated Press survey.

The survey, reaching GOP officials in all sections of the nation, disclosed little enthusiasm for another presidential race by defeated Sen. Barry Goldwater. There were many suggestions that he yield control of the party machinery as the result of the shattering impact of President Johnson's landslide.

Nixon, who campaigned actively for Goldwater, was mentioned by Republicans from all sections of the country as a man to be reckoned with in the next four years.

REAL QUICK

Oklahoma State Chairman John W. Tyler, commented: "I think we're going to see an awful lot of Mr. Nixon real quick. I think he's the only man who can pull the party together."

South Carolina State Chairman J. Drake Edens Jr. said Nixon "is the man you have to watch in the party," Robert L. Pierce, Wisconsin national committeeman, observed that "Nixon looks good," in party fortunes at this point.

Wisconsin State Chairman T. J. Peterson said he thinks the reins of national party control should be handed to somebody like Nixon.

NEW ORLEANS, La. (AP) — Over half a million Roman Catholics today mourned the death of their archbishop, Joseph Francis Rummel, a champion of racial equality in the South's largest archdiocese.

Church bells sounded through the city that Rummel, 88, nearly blind and almost deaf in his last years, had served since 1955 — longer than any other prelate. Churches draped their entrances in black and white.

EXCOMMUNICATED 3

The German-born Rummel, who integrated parochial schools in 1962 and then excommunicated three segregationists who vigorously opposed his order, died Sunday.

Rummel — who chose for his archbishop's motto the words "to lay down my life for my sheep" — closed out his days as a figure of controversy. Pro-segregationist Citizens Council meetings booed his name. One parent rose at a parent-teachers meeting to call him a "Yankee."

In Rome, New Orleans Archbishop John Patrick Cody, who succeeds Rummel, said in recent audiences Pope Paul VI had twice asked about Archbishop Rummel and called him a "great, great churchman."

'FOUGHT IN DIGNITY'

"He will go down in history," Archbishop Cody said, "as one who fought for the rights and dignity of all people. Opposed and even reviled for upholding the standard of Christ and his church, he (Rummel) continued on, serene in the strength of heavenly right."

Archbishop Cody is flying from Rome to celebrate a pontifical Mass of Requiem Wednesday.

"I heard more good things about Nixon this time and there are some who will never be convinced that things wouldn't have been different if he had been the nominee again," Peterson said.

Benjamin F. Dillingham, Hawaii national committeeman, said the party should regroup around "someone who will represent the true consensus of the conservatives." He named Nixon and Scranton as possibilities.

STRONG ROLE

Minnesota National Committeeman George E. H. Eklund forecast that Nixon will play a strong future party role.

Next to Nixon, Romney, who won reelection handily while Johnson was carrying Michigan,

was most often mentioned among those who should lead in party rebuilding.

FINE LEADERS

Gov. John H. Chafee of Rhode Island, also reelected against the Democratic trend, called Romney and Scranton "fine leaders" who should play a part in rebuilding the party. Robert Corber, Virginia state chairman, predicted that "someone in the image of Gov. Romney" will emerge on top.

Rep. Stanley R. Tupper, R-Maine, named Rockefeller, Romney, Scranton, Chafee, Henry Cabot Lodge and Nixon as potential leaders.

Gov. Henry Bellmon of Oklahoma listed Gov. John A. Love of Colorado, Mark O. Hatfield of

Oregon, Scranton and Nixon as party with renewed vigor," he said.

Few agreed with Montana National Committeeman James E. Murphy "that we'll be back in four years with our own landslide." J. Herman Saxon, North chairman, said "Unless something happens to President Johnson, I wouldn't think we have much of a chance at the White House for eight years."

Colorado's Gov. Love said that "any thought that the Republican party is dead is ridiculous."

"The American people inherently move away from the type of monolithic power structure they now see in Washington and will support the Republican

Gov. Robert E. Smylie of Idaho, chairman of the GOP conference of governors, said Republicans will have to concentrate on winning governorships two years from now in New York, Pennsylvania, Ohio, Nebraska, North Dakota, Colorado, Wyoming, Idaho, California and Oregon.

Sen. John G. Tower R-Tex. said that with Johnson at the head of the ticket it is going to be difficult for Republicans to win in his state.

"If Hubert Humphrey were president there is no question in my mind that the Republicans would carry Texas," he said.

John Gronalia, president of California Young Republicans

and a strong Goldwater man, blamed the election defeat on party members who didn't support the national ticket.

"I don't see the overwhelming black clouds that some people seem to find in the apparent defeat," he said. "Four years ago the word 'conservative' was a dirty word. Starting with nothing, you might say, we built up to 40 per cent of the vote. Next time it will grow."

Dr. Thomas Brigham, acting Alabama state chairman, said Republicans won in his state through a strong grass-roots organization he predicted will spread throughout the South.

Sen. Strom Thurmond, South

Carolina Democrat who turned Republican to support Goldwater, predicts "the pendulum will swing back."

NOT THE END

Missouri National Committeeman Walter Ploeser said the defeat "certainly is not the end of the Republican party."

"After all," he said, "both the Democratic and the Republican parties have been in this spot twice each in this century. We'll be back up."

Walter Witthoft, Nebraska state chairman, blamed "emotional voting" for the election loss. He predicted this won't happen in 1966 and 1968.
