

Egyptian Jet Downed in Dogfight Over Israel

Delay May Be Costly

New Postal Site Periled

A proposed site for Pontiac's post office addition may not be available for the building unless prompt action is taken by the Post Office Department in Washington.

The addition was promised Acting Postmaster Leslie H. Dean Feb. 29, when Postmaster General Arthur E. Summerfield said the site would be announced "in 60 to 90 days."

Today is the 62nd day since the promise, and Postmaster Dean says the site which he has recommended to the Department may not be available much longer. The owners, he says, are anxious to

make their own plans for using the property.

Dean said today Washington action on the project apparently is being held up until details of a new, nationwide scheme of mail distribution between major terminals are worked out.

The plan would involve long-distance mail hauling by trucks rather than trains, and would require more loading and unloading facilities at the Pontiac addition.

Summerfield, who said "there is no question of Pontiac's need" for expanded facilities, promised top priority for the project after a Pontiac Press series on the inadequacy of the present setup.

Final Approval of Farm Plan Up to President

House Measure Passed in Senate by 50-35 Vote—like, Benson Unhappy

WASHINGTON (AP)—Congress last night plunged the farm issue more deeply into the 1956 political campaign by sending President Eisenhower a new farm bill loaded with features he opposes.

In an all-out, rebuff for Eisenhower engineered by Democratic leaders, first the House and then the Senate gave final approval to a measure which administration lieutenants predicted Eisenhower will veto.

Eisenhower, vacationing at Augusta, Ga., relayed word that he "still does not think the bill meets the test of a good bill."

Secretary of Agriculture Benson said he was "deeply disappointed."

The bill contains one major provision Eisenhower sought. That is a soil bank program to pay farmers subsidies of as much as

\$1,200,000 a year for not planting crop land to commodities already in surplus.

But it includes a return to higher price supports for this year, as well as other features which also would raise price crops.

Eisenhower and Benson have repeatedly opposed such moves, contending they will only aggravate the problem by building up more surpluses.

GOP leaders made a last-ditch effort in the House to refashion the bill more to Eisenhower's liking. They lost 238-181, losing 27 Republican votes on the test while picking up 14 Democratic ones.

The House then passed the bill 237-181, with 48 Republicans and 35 Democrats defecting from party lines.

The Senate promptly took up the bill, agreeing to vote after 3½ hours of debate.

Passage there was on a 50-35 vote. (Continued on Page 2, Col. 5)

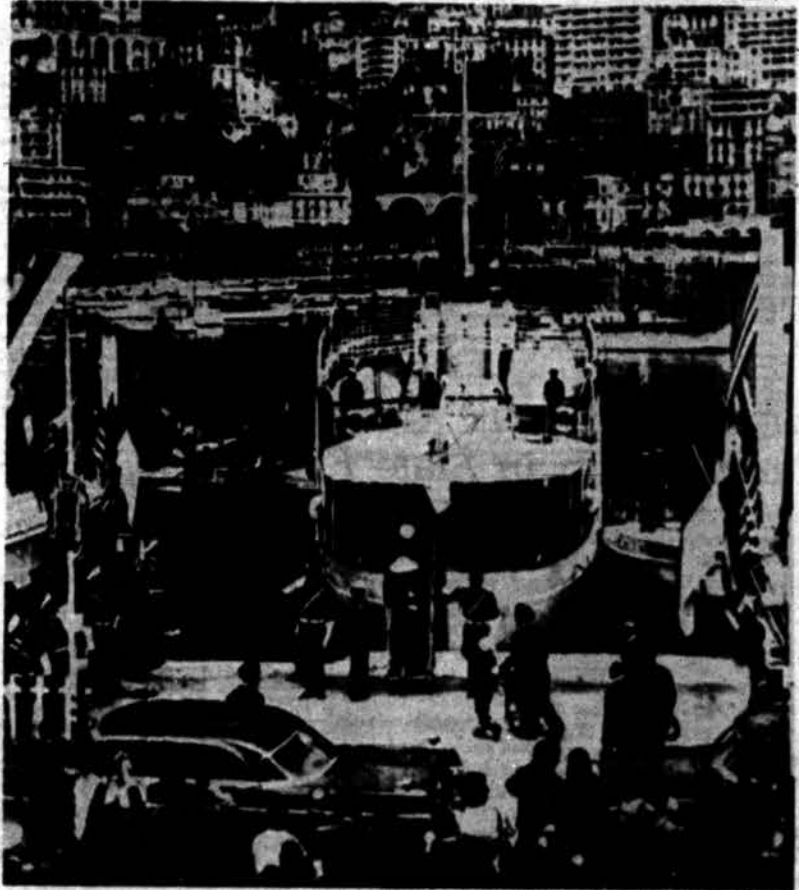

How State Voted

WASHINGTON (AP)—Michigan's Dem. Sen. Patrick V. McNamara voted for the farm bill, Republican Charles Potter against. In the House, Dems. Diggs, Dingell, Griffiths, Hayworth, Lisinski, Machrowicz and Rabaut voted for the bill; GOP John B. Bennett, Republicans against it were Bentley, Cederberg, Dondero, Ford, Hoffman, Johansen, Knox, Meader, Thompson and Wolcott.

Tulips Are Budding

HOLLAND (AP)—Parks Superintendent Dick Smallenburg said Wednesday that the area's tulips are progressing on schedule for Holland's annual Tulip Time Festival, May 16-19.

Monaco Welcomes New Princess

WATERFRONT — Uniformed Monacan police and applauding residents throng the Monaco waterfront as Grace Kelly, followed by Prince Rainier, walks down the stern ramp of the royal yacht to the dock of the picturesque principality. Buildings on the hillside are across the narrow harbor.

Grace Greets Her Prince

MONTE CARLO (AP)—American film star Grace Kelly greeted Monaco's Prince Rainier III with a big smile and "darling" today as they staged a romantic reunion on the blue Mediterranean.

Grace and the man she will marry next week were reunited on Rainier's yacht Deo Juvante II just offshore from his tiny Riviera principality. The 32-year-old bridegroom-to-be sailed his gleaming white, 138-foot craft out to tie up beside the liner Constitution, which had brought his bride and a shipload of relatives, friends and reporters from America.

The only immediate kissing was a light one Rainier quickly planted on the future princess' slender hand.

Five minutes later, as the yacht steamed toward shore and the couple stood on the bridge, the prince wrapped his arms around his fiancée. Holding her big white hat with one hand, Grace snuggled up and put an arm around Rainier's shoulders.

RADIANT HANDCLASP

Then radiantly holding hands they sailed into port to a tumultuous welcome.

With them were Grace's parents Mr. and Mrs. John B. Kelly of Philadelphia, who had followed her on to the yacht from the liner.

EMBRACED AGAIN

As they neared the big stone entrance to the port, Grace and the Prince embraced again. Then with one arm still around his bride-to-be, Rainier pointed to his palace, high atop the rocky peninsula sheltering the harbor. It is there Grace will make her future home.

Thousands of Monacans and visitors lined the rocky Riviera coast to watch the reunion of tiny Monaco's ruling prince and the blonde American film beauty he will wed in ceremonies next Wednesday and Thursday.

The dockside was thronged with 3,000 tourists, newsmen, photographers and hundreds of Monacan schoolgirls wearing red and white ribbons — the national colors — in their hair.

EVEN THE WEATHER

Even the weatherman provided a welcome fit for a princess. The blue Mediterranean was almost glassy calm and it was a bright day, despite a few clouds overhead and darker skies to the north over the coast.

Scores of small boats cut white

Predict Cloudy Skies Tonight, Tomorrow

The weatherman foresees cloudy skies for tonight and tomorrow. The low tonight will range from 31 to 35 degrees. Tomorrow's high will be from 53-57.

The lowest temperature preceding 8 a.m. was 34 degrees. The thermometer registered 63 at 2 p.m.

Arab Raiders Strike 5 Areas in Land Attack

Jews Report Invaders Killed Three Children While at Prayer

JERUSALEM (AP)—Warplanes of Egypt and Israel clashed today and Israel claimed first blood.

An Israeli army spokesman announced two Israeli fighters intercepted four Egyptian jets in a noon flight northward over Israeli territory and shot down one—a British-made Vampire jet—on Israel's soil.

"The other three planes escaped," he said. "Our planes returned safely to base."

This announcement of air-to-air combat in the current Arab-Israeli crisis developed on the heels of claims by Israel of five new attacks by Arab commando raiders around last night, in one of which three Israeli school children and a teacher were killed at prayer.

Angered Israeli security forces pressed a hunt for the raiders and public clamor for retaliation mounted.

Egypt, too, registered a complaint. A military spokesman in Egyptian-held Gaza said Israeli forces opened automatic fire today on an outpost in the Beit Hanoun area northeast of Gaza City and an Egyptian soldier was wounded. He said the outpost did not return the fire.

The newly established Egyptian Middle East News Agency reported last night that 300 Arab commandos had returned to their base in Gaza after staging a series of 50 raids.

Official confirmation was lacking in Cairo, which has disclaimed responsibility for the attacks, but an Egyptian Embassy spokesman in Damascus said the group had headed back after making its retaliations for the Israeli shelling last Thursday of the Gaza Strip, in which 64 Arabs were killed and 182 wounded.

In Cairo, U.N. Secretary General Dag Hammarskjöld held a three-hour meeting with Egyptian Foreign Minister Mahmoud Fawzi, his fourth with Egyptian officials since arriving there Tuesday on his Middle East peace mission. Then another shift in his plans was reported.

An informed source said Hammarskjöld will remain in Cairo until Saturday, but spend the rest of today and tomorrow in conferences with his own staff. The original schedule called for a probable second meeting with Premier Gamal Abdel Nasser tomorrow and then Hammarskjöld's departure for Beirut, Lebanon, his temporary headquarters.

"The reason is a good one," the informant said.

There was no other elaboration.

Motorcyclist Dies in Ferndale Crash

Michael John Todd, 20, of 924 W. Marshall, Ferndale, was killed last night when his motorcycle ran into the side of a car.

Oak Park police say that Robert T. Tingley, 27, of 257 E. Saratoga, Ferndale, was going west on Nine Mile and had stopped to make a left turn at Saratoga, Todd, going east on Nine Mile, drove into Tingley's car as he turned, they added. Todd was dead on admission at William Beaumont Hospital.

Big Demand for Baby Furniture!

The lady who placed this little Want Ad to sell some unused baby furniture said she could have sold a warehouse full from the number of calls she got.

BABY FURNITURE IN GOOD cond. White Storkline wardrobe & bed, with mattress. Chrome high chair, buggy, bathrobe and play pen with pad. Call PE 4-8615.

You, too can get the same quick response when you place a Want Ad. To sell, rent, buy, hire or whatever your need may be. Try one and see!

To Place Your Want Ad DIAL FE 2-8181 Just ask for the WANT AD DEPT.

Band Concert Set for Tonight

Pontiac High Students Under Dale C. Harris to Honor Goldman

A 90 piece Pontiac High School band has added the final rehearsing touches to its performance and is ready for tonight's annual band concert at 8:15 p.m. in the boys gymnasium at Pontiac High.

Under the direction of Dale C. Harris, band members will highlight the program with two marches by Dr. Edwin Franko Goldman.

These numbers will be played in tribute to the late Dr. Goldman who conducted them when he was guest conductor at the 25th anniversary Spring concert of the High School band in 1952. The marches are "Builders of America" and "On the Mall."

In another vein, "Perpetual Motion" by Paganini and arranged for two xylophones by Pontiac Instrumental Music staff member Robert Peterson, will be performed by Harold Jones and Joel Thome.

"Clarence the Clarinet" is a novelty number by James and Paul Peterson. Originally written for very young listeners, the interesting musical background and clever sound effects should prove to be interesting to adults as well, says Harris. E flat clarinet soloist will be Gerald Crossman and Eldon C. Rosebart will do the narration.

According to Mrs. Hazel Wells of the Instrumental Music department, tickets for tonight's concert will be available at the door.

Utah Telephone Firm Limits Party Line Talk

TABIONA, Utah (AP)—The Utah Basin Telephone Assn. has an answer to long-winded conversations on party telephones.

It has installed a device in seven Utah communities which warns party line users after four minutes: You have one minute to finish your conversation.

At the end of the minute the connection automatically is cut.

City Firemen Being Plagued by Grass Fires

Warm weather and children at play have combined this week to offer Pontiac firemen a serious problem — grass fires.

"Everybody realizes the danger such fires hold for tots and nearby property," said Fire Chief John F. Schroeder. "But an even greater danger occurs when fire-fighting equipment is tied up and not immediately available to fight serious fires."

"Precious minutes could be lost recalling fire-trucks, and speed," he pointed out, "is what saves lives at fires."

Firemen and equipment were tied up several hours fighting eight grass fires yesterday, and four on Tuesday.

Seek to Replace 6 Dead Marines

Area Quintet Enlists Following Disclosure of Training Tragedy

Five Pontiac area youths have signed up in the Marine Corps "to take the place" of the six recruits who died in a swamp during a night maneuver Sunday.

The quintet appeared at the local recruiting sub-station shortly after the announcement of the tragedy, which is still under investigation by Marine Corps officials.

They said they had read the reports of the disaster, and wanted to fill in for the lost youths, recruiters here said.

The five are Daryl S. Beck, of 1765 Ward; Stanley M. Grumka, 2356 Bloomfield; Howard J. Linton, 1932 Ward; Harold F. Wyke, 151 Collier, all of Pontiac, and Frank T. Walter of Drayton Plains.

All five have passed their physical examinations, and will leave for recruit training within five days.

Society Matron Stabbed Dead

Cincinnati Wife Found in Pajama Top, Robe in Doorway

CINCINNATI (AP)—The body of an attractive 34-year-old society matron, clad only in a robe and pajama tops, was found yesterday in the doorway of her home in the fashionable Hyde Park district. She had been stabbed to death.

The victim was Mrs. Audrey Evers Pugh, the wife of William W. Pugh, 34, a printing company executive. He found the body when he came home from his office.

If police had any clues to the slayer they were keeping a tight silence. Police Chief Stanley F. Schrotel had a police guard at the ranch house home during the night to protect any possible evidence.

Dr. Herbert P. Lyle, Hamilton County coroner, said details of an autopsy would be withheld because they might give an idea of the cause of the investigation.

14 STAB WOUNDS

Coroner Lyle said, however, there was no immediate indication of attempted rape. Police also said the only blood found was in the doorway area.

Lt. Charles Martin of the homicide squad, said Mrs. Pugh had suffered at least 14 stab wounds in her neck and upper chest as well as lesser wounds on her arms.

The wounds on the arms were believed to have been inflicted as she sought to ward off her attacker.

Neighbors described Mrs. Pugh as quiet and deeply religious. They said Pugh was considered "an old society name in Cincinnati."

The Pughs had been married five years. They had no children.

Only 218 More Shopping Days 'Til Christmas

READY FOR THE MANTEL — Christmas is a long way off but these 11 pooches are all ready for hanging on the mantel. Or perhaps the Basset hound, Cleo, TV acting dog, has hit upon a new puppy-sitting technique as she snoozes in front of offspring of her stand-in, Beauty, while the latter is doing some stunts for Cleo at Sun Valley.

United Press Photo

Fewer Enroll in Med Schools

UM Dean Says State Institutions Are Taking All Qualified

ANN ARBOR (INS) — Dr. A. Mc. Furstenberg, dean of the University of Michigan Medical School, told the Tri-State Medical Association today that medical schools are no longer swamped for admission.

Dr. Furstenberg said that schools, at least on a state level, are taking all applicants who "meet minimum qualifications."

He said that many talented youths have turned away from the medical profession because of "long years in college and training, high costs and competition from other professions."

Dr. Furstenberg said he expects med-school training to be longer, perhaps going to a year-long basis instead of the nine-month academic year.

"By 1965 or 1970," he predicted, "the so-called war babies will throw the curve upwards again."

Pontiac Deaths

Frank L. Fitch

Frank L. Fitch, 80, died yesterday afternoon at his residence, 114 Seminole Ave., of a heart condition. He had been ill one week.

Born in Mendon Center, N. Y., Feb. 19, 1876, he was the son of Luke and Katherine Tock Fitch. On Dec. 22, 1898, he was married here to the former Nellie Noble.

Mr. Fitch, a gardener, had lived in Pontiac since 1919. He was a member of the First Presbyterian Church.

He is survived by two sisters, Eamie M. and Mabel C. Fitch, both living in Pontiac.

Mr. Fitch will be at the Hulton Funeral Home until Thursday noon when he will be taken to his home for service at 3 p.m. Saturday. Dr. William H. Marbach, his pastor, will officiate with burial in Oak Hill Cemetery.

Mrs. Byron Maddock

Mrs. Byron (Lenore) Maddock, 82, died suddenly yesterday in her home, 97 E. Huron St. Apt. B.

She was born in Bradford, Ont., Canada, March 31, 1874, the daughter of Thomas and Mary Ann Cook Zimmerman.

Mrs. Maddock, a resident of the Pontiac area all her life, was a member of the Order of Rebeccas.

She is survived by her daughter-in-law, Mrs. Ruth Maddock and two grandchildren, Mrs. Betty Jane Bekowich and Lloyd Maddock Jr., all of Pontiac.

Other survivors include one brother, Glenn Zimmerman of Pontiac, six sisters, Mrs. Alveretta Snider and Mrs. Bessie Bass, both of Pontiac; Mrs. Gladys Steffe of Holly, Mrs. Violet Taff, Mrs. Gertrude Hill and Mrs. Betty Anderson.

Arrangements will be announced later by the Farmer-Snow Funeral Home.

Chicago Milk Prices Boosted by 46 Cents

Chicago raw milk prices rose to \$4.18 a hundred pounds yesterday following agreement on a 46-cent hike between the Associated Milk Dealers and the Pure Milk Assn.

The pact covers the last half of April, May, June and July and is expected to boost Chicago area retail milk prices a cent a quart to 22 cents.

The Pure Milk Assn. represents some 16,000 dairy farmers in Illinois, Michigan, Wisconsin and Indiana.

A similar increase for the Detroit area was won recently by the Michigan Milk Producers Assn. whose 12,000 farmer-suppliers received a 5-cent hike from \$4.42 to \$5 a hundredweight for their milk.

25 TIMES A HEART VICTIM — Only seven years old, Sheila Whitehead is undergoing treatment for her 25th heart attack in New Albany, Ind. Physicians say chances are good Sheila will survive this latest heart failure, but they offer little hope of a permanent cure for the periodic attacks. An acute infection in another part of her body causes the succession of attacks. She is shown above holding tube from oxygen tank while recovering from a previous attack.

Highway Group Cancels Participation in State Fair

EAST LANSING (INS)—The State Highway Department has announced it will pull out of any further participation in the annual State Fair at Detroit.

Commissioner Charles M. Ziegler made the announcement Wednesday in a letter to Donald L. Swanson, general manager of the fair.

Ziegler said the department had been unfairly accused "of taking the position it has a lease on a portion of the fair grounds."

Every year since 1947, Ziegler said, the Highway Department had participated in the fair at the request of the State Fair office.

MADE NO OBJECTIONS
He said his department had installed picnic tables, benches, drinking fountains, and information booth and had handed out highway maps and put in exhibitions on safe driving and highway construction.

"Never have we felt or taken the position that we had any rights to use certain sections of the fair grounds, nor have we made any objection to any concessions being placed near our exhibit space or in the picnic grove area," Ziegler wrote.

"In return for spending time and money trying to help make the fair a little better than it might have been without our participation, we have been very unfairly accused of something that has never taken place."

Harris Lake Yields Body of City Youth

A body dragged from Harris Lake yesterday afternoon was identified by Pontiac police as a suspected suicide victim, 18, who had reportedly disappeared March 8 from his home at 241 W. Sheffield Ave.

Dead is Charles F. McIntosh, oldest son of Kelly and Rose McIntosh, who had told police the boy often threatened to drown himself because of depression.

McINTOSH's spondency fell since the family moved here three years ago from a Kentucky farm. The body was sighted yesterday by cub scouts at the lake. Stricken by the news, McIntosh required emergency treatment at Pontiac General Hospital, and his wife was given oxygen by an inhalator crew from the Pontiac fire department.

An examination by Deputy Coroner L. F. Cobb confirmed the suicide theory, police said.

Grade Land at Site of Shopping Center

Grading operations have begun at the future site of the "Michigan Miracle Mile" shopping center at Telegraph and Square Lake Rd., according to developers of the 150-acre tract.

Work on the area, 60 acres of which will be utilized in initial development plans, will be completed by the spring of 1957, according to Don M. Castron-Don M. Castro Jr., developers.

The shopping center will be designed to serve Pontiac, Waterford, Keego Harbor, Highland Park, Birmingham, Bloomfield Hills, the lakes region and Detroit's northern suburbs. The project will be officially known as the "Michigan Miracle Mile and Country Shoppers City."

The Castro firm states that a number of leases have already been signed with several Pontiac merchants and national chain stores.

Democrats of County Planning Convention

Oakland County's Democratic delegates elected in the August, 1954, primary will meet April 26 for the party's spring county convention, county chairman Carlos G. Richardson said today.

At the 8 p.m. meeting in the Supervisors' Room of the County Office Building, 1 Lafayette St., delegates to the spring State Convention in Grand Rapids June 2 will be elected.

Ferdale Brings Suit Over Two Houses

In a suit filed yesterday in circuit court, the city of Ferdale asks a court order against John E. Finnegan, owner of houses at 1431 Silman Ave. and 728 Wanda Ave.

Charging the houses are "decayed, dilapidated, a haven for vagrants, firetraps, a harboring place for vermin and dangerous for children," the suit asks that Finnegan be ordered to abate the nuisance or defray costs of demolition.

Western School Eyes Daugherty

Report Says Spartan Coach Is Considering Move to Coast

GRAND RAPIDS (INS) — The Grand Rapids Press said today that Michigan State University officials are "extremely concerned" over reports that football coach Hugh (Duffy) Daugherty is studying a coaching offer from a west coast school.

In an article by Clark Stoppels, assistant sports editor, the story said an MSU official reported Daugherty was "seriously considering" the merits of moving west.

Daugherty, contacted by Stoppels in East Lansing, said he had recently turned down one offer from a western school, but had received no official offers.

The story said its MSU source reported Daugherty weighing several factors, intimating the west coast school would "easily match" his current salary.

Stoppels said his East Lansing source did not identify the west coast school. Brutus Hamilton, past athletic director at University of California (Berkeley) told Stoppels today he had heard several times that Daugherty was the target of the University of Southern California in Los Angeles.

New Jet Transport Set for '60 Delivery

SAN DIEGO, Calif. (INS)—Convair has announced it will offer for delivery early in 1960 the "Sky-lark 600" jet transport — termed by the company the fastest commercial airplane in the world.

The jet, costing \$3,300,000 is designed as a one-stop transcontinental airplane but space in the wings for additional fuel tanks can make it non-stop cross-country.

Convair said. Cruising speed will be 609 m.p.h. for the four-engine craft which is designed to operate from 5,000-foot runways and carry 80 passengers. Coach versions will carry 99.

Trustee of Defunct Station Questioned

PHILADELPHIA (INS) — The trustee of the bankrupt Liberty Broadcasting System, who has sued the National Football League for \$2,100,000, has been ordered to answer certain questions asked by attorneys for the league and nine of its members.

The suit was filed in October, 1953, in U. S. District Court by William J. Rochelle, Jr., trustee of the Dallas, Tex., broadcasting firm, on behalf of the company's creditors. Rochelle alleged that the NFL and nine of its teams unlawfully banned broadcasts of certain of their games and that as a result the company lost \$700,000. He asked triple damages.

The NFL and nine of its teams unlawfully banned broadcasts of certain of their games and that as a result the company lost \$700,000. He asked triple damages.

Charles B. Renfrow, mayor pro tem, is among four Michigan lawyers who will hear top University of Michigan students compete in simulated courtroom proceedings. The hearings are the final rounds of the Henry M.

Farm Bill Passed in Senate; Before Ike

(Continued From Page One)
rollcall. Fifteen Republicans joined with 35 Democrats in voting for the measure; against it were 31 Republicans and 4 Democrats.

That put the issue squarely up to Eisenhower. There appeared no chance that Congress would override a veto.

Beyond saying the chief executive does not regard it as a good bill, White House press secretary James C. Hagerty declined to speculate at Augusta on the chances of a veto.

AIKEN SEES VETO
Sen. Aiken (R-Vt.), chief administration farm lieutenant in Congress, said today he is confident Eisenhower will reject the measure "for half a dozen or more major reasons."

In effect, Eisenhower's choice was whether to:

1. Swallow his oft-stated principles and approve a bill which enthusiastic sponsors said would provide as much as three billion dollars in added benefits this year for farmers whose income has been declining steadily for five years; or

2. Veto the bill, with a prospect that Congress will approve no alternative, and thus face the voters in November on the basis of the present farm program.

Eisenhower will have 10 days in which to act from the time the bill reaches him officially.

Believe It or Not, Folks, Boys Paid Against Will

OWOSSO (INS) — Believe it or not, members of Owosso's city charter commission say they are being forced against their will to accept pay for their work.

Eight of the nine members elected to revise the city's 42-year-old charter said they wanted to do the work for free as a public service. But the city commission has budgeted \$10,000 for charter revision and fixed the pay of commissioners at \$6 each per meeting.

Now the charter group says they will seek the advice of an attorney on how to avoid being paid.

St. Lawrence Shipping May Resume Today

MONTREAL, Que. (INS) — St. Lawrence River navigation is expected to resume today or tomorrow as a result of work by ice-breakers.

Ice jams at Sorel and on Lake St. Peter have been smashed by the D'Arville, Ernest Lapointe and Saurer.

Some 22 ocean ships had been blocked by the jams and fears were expressed the opening of navigation to the Great Lakes would be delayed. The Lachine Canal is due to open Monday.

Tyler managed the U. S. team in its unsuccessful bid at Cortina in the 1948 Olympics at Cortina.

The Day in Birmingham

Board of Education OKs Second Pool, 3 Schools

BIRMINGHAM—Plans for a second school swimming pool and three classroom buildings were given an OK by the Board of Education this week. It was another step in the expanded educational facilities approved by 85 per cent of the citizens in a vote last summer.

Final plans for Walnut Lake School addition were approved. Sketches for Greenfield Elementary School to be built were turned back for changes and resubmission at next Tuesday's board meeting.

Preliminary sketches for Valley Woods School were okayed.

Names for the two new schools were approved, as well as for Midvale, an elementary school on Midvale near the senior high school.

Greenfield will be at 13 Mile and Greenfield, and Valley Woods in the Laher-14 Mile area, where board members plan later to have a junior high school for West-of-Birmingham students.

The new pool will be at Birmingham Senior High School. Construction on the other pool was started this winter at Derby Junior High School.

The pool will eliminate the trek from high school to Barnum Junior High for swimming, under the present status. Another change at Barnum which received attention at Tuesday night's board of education meeting is the plan for adding ninth graders to the Barnum enrollment.

Barnum's students have long included all the school district's seventh and eighth graders. Splitting the enrollment with Derby when it opens next fall will permit adding ninth graders at Barnum.

Science equipment for ninth graders was purchased at the meeting this week.

A principal for Derby School, Daniel A. Nesbitt, was named by the board from a field of 21 candidates. He has been in the system three years, and now is Pierce Elementary School principal.

The newly-approved budget includes allotment for salaries for 75 new teachers, besides replacements of those resigning.

New classrooms are being added at Beverly, Pembroke, Walnut Lake, Bloomfield and the high school, as well as the new Derby school for next fall.

Dr. Richard Featherstone, assistant to the superintendent, will take the board's objections to commercial zoning of lots across from Derby in Troy to the Troy commission meeting Monday night.

Charles B. Renfrow, mayor pro tem, is among four Michigan lawyers who will hear top University of Michigan students compete in simulated courtroom proceedings. The hearings are the final rounds of the Henry M.

rollcall. Fifteen Republicans joined with 35 Democrats in voting for the measure; against it were 31 Republicans and 4 Democrats.

That put the issue squarely up to Eisenhower. There appeared no chance that Congress would override a veto.

Pressure-ridden Jordan Remains Fulcrum in Arab-Israel Uneasiness

By WILLIAM L. RYAN
JERUSALEM, Jordan Sector (U)—Here on the edge of the volcano there is an unnatural calm like the lull before the summer storm.

"Israel has humiliated the Arabs again," leading Arabs are saying, "but we must wait. We are not strong enough yet."

WHY THE ATTACK?

There is clearly a feeling among leading Jordanians that time is running out for Israel.

"Why did they attack in the Gaza Strip?" one Arab leader asked me. "It was because Israel is desperate. She knows we are

getting stronger every day. She must provoke us to action that will bring Western intervention and freeze the status quo so she will be safe. But we will not fall for this trick."

Yet the situation here is full of danger. In stone huts, tin shacks and tents on the Jebels (hills) around Amman there is far less calm.

Passions among the half million Arab refugees in Jordan run higher with each report of an Israeli attack.

HEAVY PRESSURES

This confused little nation has

been thrust suddenly to the forefront of Middle East power politics. The entire Western defense position is linked up with its future. That is why pressures bear down so heavily on the shoulders of the young king who would rather think about dual carapaces, jet planes and thrills than politics. But the threat to Hussein's throne is implicit in today's situation.

Ferment of this sort, such as that stirred up the time Britain tried to force this country into the Baghdad Pact, poses a threat to the throne itself. Hussein has been enjoying a wave of popular-

ity since he dismissed Gen. Sir John Bagot Glubb, but the influence and example of Nasser is a heavy influence, even in the Arab Legion.

Headless Body Found

CHAMPION (U)—The decapitated body of Nicholas Stefanick, 40, of Baraga was found Tuesday on a railroad track near this Upper Peninsula community. State Police said Stefanick had left for Iron Mountain Monday and failed to arrive. His body was found by Henry LaForest, night clerk at the Milwaukee Road's Champion station.

There even is talk of a possible rise here of a strong man from the Legion ranks. One of those mentioned in this respect is Lt. Col. Ali Abu Nawar, a young officer who was the king's aide-de-camp. The so-called Free Officers' group reminds an observer of Nasser's revolutionary committee. But the king remains friendly with Nawar and apparently feels things are under control since he bowed to demands for the Arabization of the Legion.

The danger to the West here lies in the Nuri-Nasser struggle for Jordan. If Cairo wins and Jordan becomes "liberated," Iraq

will be isolated and her position will deteriorate. Iraq is no stronger than 68-year-old Nuri, whose health is beginning to fade. It is smarted itself in upsetting the arms balance, making it an urgent matter of Western economic survival for positive action to keep the situation from exploding into a full war.

Term for Fake Holdup

PORT HURON (U)—Lloyd Alred, 32, of Denver, Colo., was sentenced to 4 to 10 years imprisonment Tuesday in the fake \$513 holdup of a Western Union office here March 14. Last week Margaret Kenney, 19, a clerk in the office, and Andrew Rosales, who staged the actual holdup, were given 3½ to 7-year prison terms. The \$513 was recovered. Circuit Judge Edward T. Kane handed down all three sentences.

In the light of British withdrawals and troubles elsewhere, Jordan is the last real toehold in the Middle East. Pressure on Hussein from Saudi Arabian money and Egyptian strategy is constant for a complete break with Britain.

There are some possible breaks in the generally gloomy outlook. First, the Arabs are unready for war and do not want war at this moment, though they can be forced into it by an Israeli attack. Second, there is some feeling the Soviet Union might have out-

Mill Due to Reopen

HOUGHTON (U)—The Howard Blazer sawmill on Portage Lake near Houghton is expected to resume operations within 30 days. John R. Rippe, representing the Rippe Bros. of Winona, Tuesday was declared the successful bidder for the mill. The amount of the bid was not disclosed.

Stalin's Accomplices Now Are His Accusers

Research by the U. S. Information Agency indicates that the Kremlin's campaign of exposing STALIN as a tyrant demands a terrific mental adjustment by the Russian people.

In the course of the research USIA members made a careful examination of editorials about STALIN in the official Russian newspaper *Pravda* for December 1949. As the editorial captions show the Georgian was pictured then as a superman, a leader who could do no wrong.

For example, these effusions bore such laudatory titles as: "The Sun of Our Life," "The Voice of the People's Hearts and Liberator of Peoples." Others were "Promoter of Popular Happiness," "The Hope and Pride of All Working Humanity and Our Best Friend—Our Preceptor—Our Father."

On December 22 of the same year *Pravda* appeared with eulogies of Stalin by men the newspaper called "his closest friends and comrades in arms." It should surprise no one that among them were Malenkov, Molotov, Mikoyan, Voroshilov, Bulganin and Krushchev.

These men now are known around the world as the present leaders of Russia. They also are internationally recognized as the engineers of the campaign to show that STALIN was "a butchering, blundering psychopath."

What strikes us as a pointed question is how the Russian people are going to be persuaded to forget that these very leaders were STALIN's willing agents and accomplices in crime.

Migrant Farm Workers Vital to Agriculture

One of the earliest signs of a new growing season is the first stirring northward among the Nation's army of 500,000 migrant farm workers.

Time was, and not so long ago, when the wanderings of these modern nomads were pretty much hit or miss. Today, however, there is system in their travels. The U. S. Government is acting as a giant booking agency.

During the next month in cities throughout Florida, crew chiefs who often supply the trucks in which migratory families travel, will be arranging their summer schedules. But very few people in the country realize how important to our way of life is the work they do.

According to U. S. officials no one need waste any worry on these migrants. Most of them, Indians from the West, Mexicans, Negroes from Florida and white workers from Arkansas and Missouri, wouldn't change places with anybody. They like their work and are well paid.

Unlike the old days, when there were far more workers than jobs, more and more communities now realize how dependent they are on the migrants. As one observer put it, they pick the pickles, the beans and the cherries. They can the corn, weed the mint and sugar beets, thin the carrots, dig and wash the potatoes and rake the cranberries.

One of the most heartening aspects of the better treatment being given these wanderers is the improvement

in housing and recreational facilities provided for them. At Hart, Mich., for example, last year a highly successful fiesta was put on for the benefit of the Mexican workers who helped pick the cherry crop. The affair drew a throng of 10,000.

Supermarket for Rome

Early in June, Secretary of Agriculture BENSON is going to give the people of Rome something to look at and think about—an American type supermarket.

It will be set up during the meeting of the Third International Congress on Food Distribution. The edibles and equipment will be furnished by the U. S. National Association of Food Chains.

The display, appropriately labeled "American-Way Supermarket," will feature more than 5,000 representative lines of U. S. processed foods. That means everything from canned corn to complete frozen dinners and dairy products.

Nobody will be able to buy these comestibles. But samples will be passed out to visitors. The purpose of the exhibit is to show our latest advances in food merchandising and distribution techniques.

Perhaps this supermarket will give Italian homemakers some new ideas on how to prepare their delightful food. But we hope it will do nothing to diminish the skill with which they turn out spaghetti and pizza pies.

The Man About Town Want That \$250?

You Must Act Now, or Let Somebody Else Win

Spring Fever: A symptom of baseballitis.

Less than two days remain in the MAT Baseball Contest. Your entry must be received in The Press office by Saturday noon—

and that's only day after tomorrow.

The prize of \$250 in U. S. Savings Bonds will be given for the nearest correct answer to:

What player who has been at bat at least 25 times will be leading the American League on the night of Friday, April 27, and what will be his batting average?

It costs nothing to enter, and every member of your family is eligible, but each entry must be on a separate piece of paper. In the entries already received, Al Kaline and Harvey Kuenn today are running a neck and neck race for top place, but votes have been received for 53 others. NOW is the time to get your entry under way. Or would you rather see somebody else win that \$250?

Trying to disobey the laws of nature, a groundhog that has been hibernating all winter in the cellar of

Harvey Whitman of Drayton Plains, now refuses to stay awake.

Well, sir, things move in devious ways in this great world, and

Dr. Bruce Hubbard is currently wrestling with a problem that hasn't afflicted mankind in general as yet. The other day his very attractive wife,

Carolyn, phoned him in a dither. It seems a startling crash had hit the Hubbard residence and was flying about with reckless abandon, much to Carolyn's discomfort, not to say positive agitation.

Bruce was ordered straight home as a rescue squad, irrespective of patients, appointments and other incidentals.

The good doctor began to get his office in order for a temporary absence so he could fight a startling on the home front, when Carolyn phoned again and said the pesky intruder had just flown out a wide open front door.

"The trouble is," says Bruce. "This is the second one. There must be a leak somewhere."

Apple blossoms are reported by Mrs. Garnet Daniels bursting out on a tree in her yard in Auburn Heights.

"Your contests put a lot of interest in the games," writes William Kirts of 2433 Pauline St., who continues, "In the baseball contest I cannot fall out in the first game, as I did in your football contest last fall."

Verbal Orchids to—

Mr. and Mrs. L. A. Gillette of Oxford; fifty-first wedding anniversary.

Party Game

David Lawrence Says:

Primaries Just Waste of Time, Money Used as Publicity Stunt by Candidates

WASHINGTON—The news dispatches on the Illinois primary have been confusing to the public. An attempt has been made to compare the total vote for Eisenhower with the total vote for Stevenson as if there really was a popularity contest between the two. The facts about Illinois laws, however, indicate otherwise—there was no chance to choose as between Eisenhower and Stevenson at all.

For only persons who voted Republican previously could vote in the Illinois Republican presidential primary, and the same was true of Democrats.

What is significant is that the two parties brought out almost exactly the same percentage of their 1952 election vote.

Thus, just about one-third of the Republicans voted in the 1956 primary and a little more than a third of the Democrats went to the polls in Illinois. Obviously, since the Republicans carried the state in 1952, their total was again bigger than that of the Democrats.

GOP, DEM VOTE DROPS

The important point is that, while the Republicans in the 1952 primary brought out 56.8 per cent of their vote that year, the Republican percentage in the 1956 primary dropped down to 32.6 per cent. Likewise, the Democrats in the 1952 primary polled 44.5 per cent of their 1952 election vote and dropped to 38 per cent in the 1956 primaries.

Another way of stating it is that 67.4 per cent of the Republicans who voted in the 1952 election stayed away from the polls at the primary this week in Illinois. Also 64 per cent of the Democrats who voted in the 1952 election didn't go to the polls in the 1956 primary.

One explanation for the larger Republican vote in the 1952 primary was that a contest between Taft, Stassen and Eisenhower was going on at that time, whereas Kefauver was the only candidate whose name was on the Democratic ballot in 1952 and there was no contest.

To add up all the Republican votes in a presidential primary and measure them against the total Democratic votes is to mislead the public. The idea that there is some sort of a "popularity" poll involved is absurd.

WASTE OF TIME, MONEY

All that a primary election does is to bring out the preference of the voters as between candidates in their own party. When there is no contest, obviously the vote usually drops off in the party which has no real rivalry of candidates to arouse the people.

Primaries thus far this year have been largely a waste of time and money and tend to prove that presidential-preference primaries, as at present constituted, are only publicity stunts. About all that the New Hampshire, Illinois, Minnesota and Wisconsin primaries show is that Eisenhower is the leading candidate from the standpoint of the Republicans who took the trouble to go to the polls, while in some states Stevenson is preferred and in others Kefauver has the advantage.

Why don't people vote in the primaries? The Minnesota pri-

maries? They have been largely a waste of time and money and tend to prove that presidential-preference primaries, as at present constituted, are only publicity stunts.

Why don't people vote in the primaries? The Minnesota pri-

maries? They have been largely a waste of time and money and tend to prove that presidential-preference primaries, as at present constituted, are only publicity stunts.

Voice of the People

'Should Be Fine for Those Taking Sports Equipment'

I think it is a pity that the boys of Pontiac can't even play baseball or basketball on their own property without fear of losing their equipment to people who, instead of trying to curb juvenile delinquency, are encouraging it by taking their equipment.

I personally know of one woman who has taken two basketballs and a softball, which accidentally bounced onto her property. Efforts have been made to get them back, but to no avail.

I think such people should not only be made to return the equipment, but should also be made to pay a stiff fine!

24 Jefferson John Robison

Keeling Says Fluoridation Is Form of Dictatorship

I have noticed in several papers recently that the "fluoridation question" is popping up again. I,

however, have my own opinion concerning the legal angle.

I do not believe under the protection given me by the Constitution of the United States that I can be forced to take medicine or poison against my will. If I can be forced to take one kind of medicine or poison today, I can be forced to take some other kind tomorrow, and a different kind each following day.

In other words, a few officials at the top could make millions of common people take medicine or poison any time they want to.

This is clearly one type of dictatorship, and is something that all Americans who believe in freedom must be on their guard against. All red-blooded Americans should awaken at once and be on their guard and fight this matter to a finish wherever it shows its head. Stand up, Americans, and protect your rights.

Ralph T. Keeling

Hal Boyle Says:

It's Troublesome but Fun to Take Child on Cruise

ABOARD SS NASSAU At Sea —What is the proper age to take a child on a cruise?

Many parents ask this question. Homeward bound after a glorious two-week vacation tour of the Bahamas, I am a bit inclined to give this answer:

The proper age to take a child on a cruise is when it is 65 years old — and suffering from fallen arches. Then you can be reasonably sure of where it is.

EXACTLY LOCATED

Not that my wife, Frances, and I have been exactly unaware of the location of our young daughter, Tracy Ann.

We have always known exactly where she was. She has always been in one of three places:

1. Under the feet of the waiters in the dining room.
2. Fifteen steps ahead of our outstretched arms — and running in the wrong direction.
3. Trying to ride an upper rail piggy-back, with a rolling deck beneath one leg and maybe two miles of rolling ocean beneath the other.

TRAVEL VETERAN

This is the third cruise for Tracy. On the first one she was only eight months old, and it was a breeze to push her around in a carriage. On the second cruise she was 19 months old, and still easy to handle. I put a leather harness on her and told her she was a pony. This more than pleased her, as at that age she would rather have been a horse than a grown-up.

But now she is two years and nine months old, and like a cat settling down in new quarters, she has felt it necessary to explore every cranny of the ship. She has tried to help the chef cook pastry, the engineer to fuel the boilers, the captain to rule his bridge.

With some ships this wouldn't do at all. But this ship has an Italian crew, many of them home-sick for their own families far away. Italians generally seem to have a theory that a child can do no wrong, and the crew members

have so pampered Tracy that I'm afraid she'll be half way through college before I can unspool her.

Right now I'm an ex-iron parent with the authority of a rubber band.

BIGGEST BLOW

But the biggest blow has been to my athletic pride. Tracy is in the climbing stage, and every stairway is a challenge.

I didn't anticipate any real difficulty on that score, however. I come from a family of climbers—we rose from the coal mines to the swivel chair in only three generations. I have also climbed the dome of St. Peter's in Rome, the Eiffel Tower in Paris, and the Great Pyramid outside Cairo.

But these feats were as nothing compared with trying to keep pace with Tracy as she goes leaping up one flight of stairs and down the other. She's the lass who put the rope in antelope. After the first two days I started staying up to eat the midnight buffet so I'd have strength for the next morning's gallop.

BLOOMS LIKE LILAC

Do I sound like an old crank? After all, the fresh air and exercise have caused Tracy to bloom like a lilac bush.

Doctor's Remedy Drops Cure Writer's Earaches

By WILLIAM BRADY, M. D.

"Those ear drops I got from you stopped running ear which I have had for years. The drops cost me just 50c." (A. J.)

"June 1 I started using your ear drops. Two months later my doctor found my ear almost normal. You can't imagine how pleased I am, after having had running ear for 25 years. No more gauze for my ear. Now I use the drops only once a day." (C. D. R.)

"Grateful for the ear drops, which ended many years of misery from discharge with much itching . . ." (Mrs. C. D.)

"Son had earache one evening. Doctor came, gave him a shot, then another shot (double dose), but he screamed for an hour after that. I happened to notice your article in the paper, telling, unbelievably, about a man who sought help for earache. You told how you removed hardened wax by irrigating the ear with warm water and soda. So I filled the fountain syringe with a warm water solution of bicarbonate of soda and irrigated his ear. It quickly relieved the earache and he fell asleep immediately." (Mrs. S. J. L.)

I began using the drops you recommended for "running ear" (chronic suppurative otitis media) six years ago. After my fourth bottle of the miracle stuff I gave up in disgust." (G. E., R. N.)

How did this get in here? For all I know there may be a good many persons who have used the drops without benefit, but the R. N. is the only one who has bothered to tell me about it.

The other correspondents are some who have reported their experience in the past few weeks.

Here again is all the information I can give about the use of drops for chronic running ear:

In many cases of running ear the trouble has been relieved for a long time or perhaps permanently by:

(1) Ceasing the practice of keeping ear plugged with cotton, and instead leaving it always open to free ventilation; and

(2) Dropping in the ear each night and morning two or three drops of a solution of ten grains of boric acid in one fluidounce of pure grain alcohol. Use a blunt medicine dropper and always warm the solution by standing vial in hot water for a while before using.

If your druggist will not provide the solution for you, perhaps your family doctor will authorize it, but in any event do not use anything other than pure grain alcohol. I cannot furnish a prescription by mail.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan. (Copyright 1956)

Case Records of a Psychologist:

I.Q., College Degree Aren't Insurance Against Financial Mismanagements

Unpaid bills can ruin a wonderful marriage such as Delbert's. So send for the Budget Booklet named below. It can save you hundreds of dollars per year and also stop irritable quarrels that otherwise would result from juvenile spurling. A high I.Q. and even a college diploma will not keep you out of bankruptcy, for it takes specific training in budgeting to make a happy home!

By DR. GEORGE W. CRANE
 Case R-238: Delbert G., aged 28, has been married for three years.

"But, Dr. Crane, we are constantly in debt," his wife protested. "Bill collectors are at the door every week."

"We have so many instalments to meet that we finally borrowed \$300 from a short loan firm, but now we have had to borrow another \$250 at a second loan agency to help meet the payments at the first one."

"I am so miserable and Delbert is so cross and irritable that I feel we shall soon end in divorce. What can I do to save our marriage?"

LIVE ON A BUDGET

When young couples get married, don't give them a cook book and then stop there.

Also, offer them the budget booklet named below. For when a young couple become irritable because of over-purchasing and poor budgeting they can quarrel like cats and dogs.

"Love flies out the window when poverty stalks in the door," runs an old adage.

So learn to be sensible with your pay check. Don't act like kindergarten youngsters, who want to buy every glittering bauble they see.

It took your parents 25 years of skimping and saving to own a car and a TV set, so don't think you can launch your new marriage on the same luxurious scale which has taken them 25 years to attain.

Use "horse sense" or gumption. Don't splurge in buying a new automobile and then lack the money to purchase gasoline and oil.

Don't try to buy a house if the monthly instalments then leave nothing for groceries and other necessary expenses.

Money management is thus one of the blindspots of modern education, for there are plenty of college graduates who still keep falling back on their non-college in-laws

the theoretical stratosphere but not how to live happily here on terra firma!

BUDGET FOR HAPPINESS

For example, a couple here in Chicago recently stabbed each other to death with butcher knives because of their quarrelling over debts. Both had good jobs and over \$600 per month total income. But they had splurged so heavily that the various instalment payments hounded them to the point where they went berserk and hacked each other to death.

You can be happy on a small income if you learn how. T-bone steaks cost far more than hamburger per pound, but don't offer any more calories, so they are expensive luxuries.

Beans and rice and potatoes and bread and milk and sugar offer you the most calories for pennies, so learn how to feed your family cheaply.

And don't accept cash handouts from in-laws to apply against your weekly expenses. It is quite O.K., however, for in-laws to make a down payment on a home for the newlyweds, since that doesn't inflate their monthly budget.

And a "baby bonus," offered by the parents-in-law for each new grandchild the newlyweds furnish them, is likewise an excellent means of stimulating larger families among the good American stock!

Send for my "Budget Booklet," enclosing a stamped return envelope, plus 20 cents. It can save you hundreds of dollars every year.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for this psychological chart and pamphlet.

(Copyright 1956)

HE'S ABOVE IT ALL—Bruce Larson has worked out a solution to spring's muddy season in Minneapolis. He's converted his bike into a two-story job to get above the splash level of passing motorists. Bruce didn't say how he gets on or off the thing.

Nightcrawlers Best Fish Bait

Wigglers Have Served Mankind Since Days of Cleopatra

WASHINGTON — Again with spring at hand, people turn to the earthworm as a lure for fish and a fertilizer of gardens. Sometimes called fishworms, angleworms, nightcrawlers, dew worms and rain worms, the multitudinous wigglers have served mankind since antiquity, the National Geographic Society says.

Cleopatra guarded the rich Nile Valley worms as a state secret. Naturalist Charles Darwin doubted "whether there are many other animals which have played so important a part in the history of the world as have these lowly organized creatures." Others have called them the world's first plowmen, chemists, irrigation systems and fertilizer factories.

From burrows facing the soil, the worms venture to the surface at night to feed on decaying plants and other organic material. Sometimes they drag the provender underground to eat at leisure. The digested product is a black substance called earthworm castings, a powerful natural fertilizer. Some authorities say that fruit and vegetables grown in such enriched soil have more flavor and often greater size.

Earthworms came into commercial importance in recent years. An Ohio fishing-tackle firm recently ordered 25,000,000 lobworms (lugworms that burrow in sandy places) from England. Millions of Egyptian worms have been exported to the United States to fertilize soils. A Washington, D.C., fishing hobbyist decided to raise a few for his personal use, later to find himself in the earthworm business with an inventory of 2,000,000 worms.

WIGGLERS THROUGH COLLEGE
A New York City student earned his way through college selling worms to anglers. A "worm farm" near Hereford, England, sold more than 1,000,000 specimens between last June and September to fishermen seeking trout, perch, roach and grayling. The redder worms are, anglers say, the more attractive they are to fish.

To satisfy increasing demands, worms often are packed in tins with preparations that feed and insulate them from undue heat and cold. Huge commercial shipments for fishing interests and agriculturists move by truck or train.

Earthworms live in all parts of the world where conditions are favorable. They have been found at 15,000-foot elevations in the Andes Mountains. In Australia worms sometimes grow 10 feet long as compared to the 10-inch whopper of the United States. Some peoples, including the Maoris of New Zealand, use worms for food.

Twin-tailed African earthworms have been raised at the New York Zoological Park as feed for duck-billed platypuses. The double-tailed kind occurs perhaps once among every 500 of the creatures. One of the worms, outdoing its own kindred, showed up with three tails.

Popular Roman Spa

ROME — Roman coins unearthed at the medicinal springs of Bañerario de Pantocosa, high in the Pyrenees mountains, prove that this resort was popular in the first century.

Defense Department Experiments With Hypnotism

By RUTH MONTGOMERY
WASHINGTON (INS) — Several super-secret government agencies are experimenting with hypnotism to sharpen the memories of our spies and combat brain-washing, this correspondent has learned.

The current Bridey Murphy craze has nothing to do with the work, which has been proceeding under wraps for some time.

A high official of one hush-hush agency told this writer that hypnotism is being used to help effect "total recall" after an operative has returned from a sensitive mission. He said his organization has found that an agent in a hypnotic state can remember many details his "conscious" mind failed to observe or report.

To illustrate, he revealed that agents who have volunteered for the experiments are able to recall the exact number of slots in the venetian blinds of offices where they worked two or three years ago. In a conscious state, probably not one person in a million would be aware of such a minor technicality.

USE VOLUNTEERS

The Psychological Warfare Division of the Defense Department has also been conducting research on hypnotism for some time. A top-ranking officer said the budgetary allotment is relatively small, but the Pentagon has been conducting research on a number of proposals made to them by prominent psychiatrists and psychologists.

"We use only volunteers, and under controlled conditions," he explained, "but the Defense Department is tremendously interested in the over-all effects of psycho-neurosis."

He said results to date have not been "top productive," but service men who cracked up under military regimen have been hypnotized to try to find the "casual basis" for the condition in their childhood.

COMMUNIST METHOD

He disclosed medical departments of all three services are delving into this fascinating field. He said the Reds undoubtedly used a form of hypnosis, induced under physical duress, to "convert" American servicemen to communism.

"Extreme pain and enforced

sleeplessness can drive from the mind all normal thought processes," he explained. "Info that

vacuum, the Communists could feed whatever they wanted, and through a post-hypnotic device

force their victims to babble the drive of communism after their release."

DIG THOSE CATS! — Charles Bradbury, introduces 24-day-old triplet tiger cubs to Bobo, foreman of Woodland Park Zoo, Seattle, Wash., young gorilla, which takes it very calmly.

Sandburg, Lehman Get Einstein Award

NEW YORK (INS) — A U. S. senator and a famed poet have been named recipients of the first annual Albert Einstein commemorative awards.

Sen. Herbert H. Lehman of New York and Poet Carl Sandburg will each receive a commemorative medallion bearing a bas relief of the late famed physicist and a cash prize of \$1,000.

The Einstein awards for science and medicine went to Dr. John Von Neumann, a mathematician and atomic energy commissioner, and Dr. Stanley Cobb, noted neurologist and psychiatrist.

The awards are given in four categories: Humanities, Citizenship, Science and Medicine. Sandburg and Lehman received the Humanities and Citizenship award jointly.

The awards will be given Tuesday at a commemorative dinner at the Waldorf-Astoria Hotel in New York.

Army Hires 688,000

WASHINGTON — The United States Army employs some 688,000 civilian workers throughout the

world. They're in 1,200 occupations. They work at more than 400 plants, offices and camps in this country and at almost 100 stations in more than 40 foreign countries.

He said the Psychological Warfare Department has tried some "painless" research along this line through both normal and enforced sleep. He said tests have proven foreign language records played all night long during sleep have given the subject greater "recall" and hastened his mastery of the language.

DRUGS SPEED REACTION

The official pointed out, however, that this method is scarcely practical for an organization as massive as the Defense Department.

One of the top medical advisers at the Pentagon told this writer that "we use drugs to take a person out of his direct relationship with his immediate environment" as one psychological aid. He said the drug induces a hypnotic-like state in which the neurotic patient is quieted down and made unaware of his surroundings. In this condition, he talks more freely about the problems that are contributing to his crack-up.

"Hypnotism, however, can be very dangerous in unskilled hands," the physician cautioned. "It is true anyone will eventually come out of a hypnotic trance, but often a key word or phrase used by another person can throw him back into hypnosis."

A psychological warfare officer said the Pentagon is "not terribly impressed" to date with the results

of its research in this field.

"Not everyone is susceptible to hypnosis," he pointed out, "and the experiments can have some bad effects on the individual if not carefully controlled."

He said a good deal of the "total recall" of an individual is "phony," because a hypnotized subject is highly susceptible to the power of suggestion and overly anxious to cooperate with the hypnotist.

"For this reason," he explained, "we would have to check carefully the secret agent's 'total recall,' and if we could check that, we wouldn't have to hypnotize the fellow in the first place."

Record 57 Billion in New Construction

WASHINGTON — Construction in the United States climbed to a record volume of more than 57 billion dollars in 1955, a gain of 5 billion, or 10 per cent, over 1954 and the most spectacular increase since 1951. The total consisted of 42.2 billion in new construction, a rise of 12 per cent over 1954, and of 15 billion in maintenance and repair of existing facilities.

Swedish Wages Jump

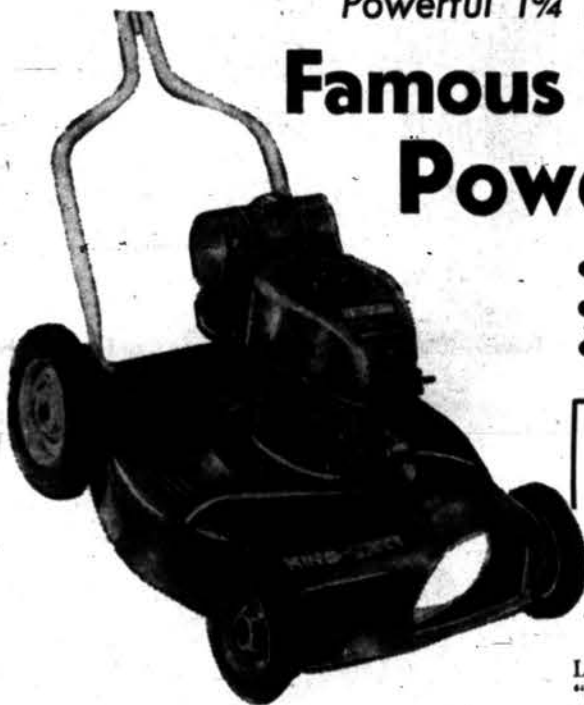

STOCKHOLM — Minister of Social Affairs John Ericsson says that since the end of the war real wages of Sweden's industrial workers have increased by about 60 per cent.

CAMERA QUEEN OF 1956 — In Chandler, Ariz., Joni James, left, smiles happily with her trophy after being named Miss Press Photographer of 1956. The 21-year-old brunette, a co-ed at Northwestern University, credits her success to weightlifting. Congratulating the winner is Martha Mayer, 19, entry from Scranton, Pa.

Visiting Ships Given Greeting in Germany

BERLIN — Ships of 52 nations coming into or putting out from the lower Elbe River off Faehrbau Schulan in Germany have become accustomed in the past few years to hearing their national anthem and a few friendly words come over a loudspeaker.

Recently on behalf of Japanese

seamen, who have particularly enjoyed this greeting, the president of the Japanese Association of Sea Captains presented a beautiful Japanese doll to the founders of "Welcome Point."

The "Point" now operates at night, too, by means of light signals.

Iowa grows more than 500,000,000 bushels of corn in an average year, or one-sixth of the entire U.S. crop.

Dry Milk Reprocessed at Philippine Plant

MANILA — A plant has begun operation in the Philippines to reconstitute powdered milk, using coconut oil for fat content. The plant has an 85,000-pound daily capacity. Its product sells for 10

centavos per 6-ounce glass—about 28.4 cents a quart. Early indications show a general acceptance of the milk.

Some kinds of coal are 300,000,000 years old. Before that, they were trees and ferns, growing on the prehistoric earth.

India Offers Prizes

NEW DELHI — The Indian government is offering prizes to architects, sculptors and designers of all nationalities in a competition for a monument that will be erected to commemorate 1956 as the 2,500th anniversary of reports.

Buddhism. First prize will be \$3,150. A number of other prizes will be awarded.

A study of Mexico's textile industry indicates that it requires expenditure of over \$128,000,000 for modernization, Mexico City reports.

Food Priced in Bolts

NEW YORK — "Pricing" steaks, banana splits, and other foods in terms of bolts and rivets has been a big help in cutting small-parts waste at a New York aircraft factory.

Pictures in the plant bulletin

showed employees "buying" various food items with numbers of bolts, rivets, and the like, to impress on them the cost of the materials.

They couldn't be caught if they weren't ill, so it generally is dangerous to pick up wild small animals.

'Ike Betraying Farmer'-Truman

Harry Predicts No Veto by President as 'Better Part of Valor'

DES MOINES (AP)—Former President Harry S. Truman last night accused President Eisenhower of betraying the farmers and then said Eisenhower may sign the controversial farm bill "in an effort to get re-elected."

He called Eisenhower a "do-nothing President" and said Eisenhower has been putting "road blocks in the way" of adequate farm legislation.

"The Democrats have led the fight (for high price supports) and I hope they lay a bill to help the farmer right on the President's desk," he said.

'BETTER PART OF VALOR'

"I don't know what Ike is going to do with that bill. He could veto it, of course, because it is directly contrary to his philosophy of reducing farm prices."

"However, this is an election year, and he may well decide that it's the better part of valor to sign this bill in an effort to get re-elected."

"Gen. Eisenhower has personally been doing all he could to keep Congress from raising the support prices farmers get," Truman said.

'POLITICAL BETRAYAL'

"This is one of the most amazing records of political betrayal I have ever seen in all my years of public life."

The former President spoke to about 1,200 persons who paid \$25 a plate for the Jackson Day dinner. Truman recalled his 1948 campaign in Iowa and asserted "we are on the road to victory again today as we were in 1948."

The situation at that time, he said, was that a Republican Congress had "tried to block everything the Democratic President was trying to do for the people."

"This year," Truman added, "it's a Republican President that's causing the trouble, instead of a Republican Congress, but the results are just as bad—maybe worse."

Fifty-six per cent of the nation's occupied dwelling units are owner-occupied. This figure compares with 45.6 per cent in 1920.

AN ORDINANCE GRANTING TO Consumers Power Company, its successors and assigns, the right, power and authority to lay, maintain and operate gas mains, pipes and services on, along, across and under the highways, streets, alleys, bridges and other public places, and to do a local gas business in the Village of Orchard Lake, Oakland County, Michigan, for a period of thirty years.

SECTION 1. The village of Orchard Lake Ordinance No. 1, which is hereby repealed, is hereby repealed, and in its stead, the following ordinance is hereby enacted, to wit: That the village of Orchard Lake, Michigan, do hereby grant to the Consumers Power Company, a corporation duly authorized to do business in the State of Michigan, its successors and assigns, the right, power and authority to lay, maintain and operate gas mains, pipes and services on, along, across and under the highways, streets, alleys, bridges and other public places, and to do a local gas business in the Village of Orchard Lake, Oakland County, Michigan, for a period of thirty years.

SECTION 2. In consideration of the right, power and authority, hereby granted, all of which shall vest in the Grantee for a period of thirty years as aforesaid, said Grantee shall faithfully perform all things required by the terms hereof.

SECTION 3. No highway, street, alley, bridge, or other public place used by said Grantee shall be obstructed longer than necessary during the work of construction or repair, and shall be restored to the same good order and condition as when such work was commenced. No part of the highways, streets, alleys, bridges or other public places of said Village shall be permitted to remain in a dangerous or unsafe condition by reason of anything done or omitted to be done by the Grantee, and it shall be liable for such damage as may be suffered by any person or corporation by reason of its negligence in the use of such highways, streets, alleys, bridges or other public places, and shall have harmless said Village from all damage and liability on account thereof.

SECTION 4. The Grantee shall be entitled to charge the inhabitants of said Village for gas, the rates as shown by the schedule now on file in the office of the Village Clerk and at present effective within said Village. Said rates shall be subject to review and change at any time by the Michigan Public Service Commission or its successors, upon proper application by either said Grantee or the Village, acting by the Village Commission, being made thereto, and the regularly filed rates as approved by said Michigan Public Service Commission or its successors, as applicable in said Village of Orchard Lake, shall at all times be the lawful rates.

All bills for gas furnished by the Grantee shall be payable monthly. The Grantee may collect the minimum charges as specified in said schedule. The Grantee shall also furnish and maintain commercially accurate meters to measure the gas so furnished, and it shall, by its representatives, have at all reasonable times, access to the premises of its customers, for the purpose of reading, inspecting, removing and replacing such meters.

SECTION 5. Said Grantee shall construct and extend its gas distribution system within said Village, and shall furnish gas to applicants residing therein, whenever the amount of gas to be furnished thereby shall provide an adequate and reasonable return upon the cost of making such extensions and providing such service.

SECTION 6. The rights and authority herein granted are not exclusive. Either manufactured or natural gas may be furnished hereunder.

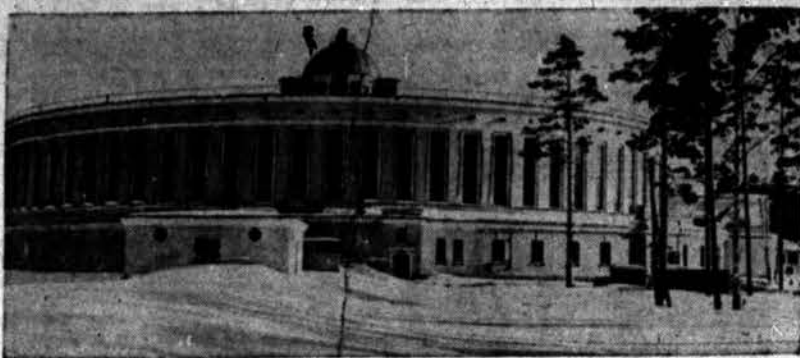

SECTION 7. Said Grantee shall, as to all other conditions and elements of service not herein fixed, be and remain subject to the reasonable rules and regulations of the Michigan Public Service Commission or its successors, applicable to gas service in said Village.

SECTION 8. This franchise shall not be leased, assigned or otherwise alienated except with the approval of and subject to the conditions imposed by the Michigan Public Service Commission or its successors.

SECTION 9. The franchise granted by this ordinance is not subject to revocation, and shall be and become valid and binding only upon its approval by the affirmative vote of at least three-fifths of the electors of the Village voting thereon at a regular special municipal election to be held in the manner provided by law. Such franchise shall not be submitted to the electors of the Village until after the expiration of thirty days after the adoption of this ordinance, file with the Village Clerk its written acceptance thereof, subject only to such approval; and such franchise, when accepted by the Grantee, and approved by the electors as herein provided, shall constitute a contract between the Village and the Grantee, and shall be in force from and after the date of approval by said electors.

We hereby certify that the foregoing ordinance was duly adopted by the Village Commission of the Village of Orchard Lake on the 9th day of April, 1956.

WITNESSED: FRED J. WALKER, Village Clerk. Dated: April 9, 1956. April 12, 1956

REDS BUILD BIG SYNCHROCYCLOTRON—Moscow reports erection of the world's largest synchrocyclotron. The giant machine, designed for studying the atomic nucleus, was developed by the U. S. S. R. Academy of Sciences. The circular building, above, is the central block where the synchrocyclotron is installed. Its circular magnet weighs 36,000 tons and has a diameter of nearly 200 feet. Photo and caption material from Soviet sources.

Political Debate Still Packs Considerable Vote Power

By ARTHUR EDSON
AP Newsfeatures Writer

WASHINGTON (AP)—Apparently the old fashioned political debate still packs considerable pulling power.

For news Adlai Stevenson and Sen. Estes Kefauver are willing to debate each other in Florida has brought offers to put the show on the road.

The two Democrats who yearn to be president have been invited to display their oratorical wares from Harvard to Kansas.

Previously the city of Miami publicity department had suggested that the two political gladiators should meet in the Orange Bowl or the Miami baseball stadium.

And a fellow at Kefauver-for-President headquarters said today that new offers have arrived daily.

INVITATION FROM HARVARD

An invitation has come from the Harvard law school forum, a neutral field. Kefauver went to Yale, Stevenson to Princeton.

Frank Thies, chairman of the Kansas Democratic committee, wired:

"What better place than in Ike's home state of Kansas where the agricultural problem and the plight of small business are seething issues?"

In addition, broadcasters have wondered about airing the spectacle.

So far, neither has had a chance to study the subject, much less to name his site and weapons. But it would be interesting if top-flight candidates made more arguments face to face instead of having their taunts from behind a barricade of mimeograph machines.

Possibly the nearest parallel to the proposed Stevenson-Kefauver debate came in May, 1948 when Tom Dewey and Harold Stassen

argued, in a radio debate in Portland, Ore., over whether the Communist party should be outlawed.

Some political observers have contended this was a turning point in the Republican political road.

Until then, Stassen had been making great strides. No one can say whether the debate was a determining factor, but Dewey won the Oregon primaries and then swept on the GOP presidential nomination.

DEBATES HELPED LINCOLN

Probably our best known political debate came in 1858, between a couple of fellows named Stephen Douglas, and Abraham Lincoln. Each hoped to be senator from Illinois.

There were only seven of these joint debates, but they were to have a lasting influence on our history. Douglas got to be senator, and the publicity helped Lincoln win the presidential nomination two years later.

Right off, the debates were looked on as something special.

A writer for the New York Evening Post said:

"Illinois is just now the theater of the most momentous political contest, whether we consider the eminence of the contestants or the consequences which may result . . . that has occurred in this country or in any state canvass since the defeat of Silas Wright for governor (of New York) in 1846."

The historian, J. G. Randall, dryly observed: "Perhaps the writer in the Post did not realize how soon men would scratch their heads in doubt as to why Silas Wright was so momentous or even as to who Silas Wright was."

Stevenson and Kefauver could shoot for something in between—maybe not so memorable as Lincoln and Douglas, but more momentous than Silas Wright.

Castle's Huge Rocks Moved by One Man

MIAMI — South of Miami, at Rock Gate Park, is a coral-rock castle built single-handedly by a Lithuanian immigrant, Edward Leedskalnin. Its 9-ton gate opens to the lightest touch. How he quarried and lifted the coral blocks—some weighing 35 tons—into position is unknown.

CIA to Operate Without Ties to Congress

WASHINGTON (AP)—The Central Intelligence Agency will continue to gather and analyze secret information on foreign military, subversive and other activities with only limited supervision from Congress.

The Senate defeated 59-27 yesterday a proposal to set up a special 12-member Senate-House committee to supervise it. Some members expressed fear the secrets might leak from such a committee.

Key members of the Appropriations and Armed Services Committees now are kept informed on the agency's operations, but Sen. Mansfield (D-Mont.) wanted a more direct check.

President Eisenhower opposed the plan. He was represented as feeling the agency and its intelligence services abroad are "much too sensitive" for such close checking.

Ohio Match Okays Plan to Acquire Hunt Foods

NEW YORK (AP)—Stockholders of Ohio Match Co. have approved a plan under which Ohio Match will acquire the stock of Hunt Foods Inc. The formal offer to Hunt stockholders to exchange their shares for Ohio Match stock will probably be made on Thursday, April 12.

The exchange must be accepted by 80 per cent of all classes of Hunt stock to be effective.

Army Denies Report of Mideast Shipment

FRANKFURT, Germany (AP)—The U.S. Army's European headquarters today described as "absolutely untrue" a report that the U.S. 2nd Armored Division has been ordered to the Middle East.

A spokesman added there are no plans to move any U.S. Army divisions stationed in Europe to the Middle East.

The Hartford, Conn., Times said yesterday it was "reliably reported" in Washington that the division had been ordered shifted from Europe "as rapidly as possible."

The 2nd armored is stationed in West Germany as part of the U.S. 7th Army.

"The only comment I have on this report is that it is absolutely untrue," a spokesman at the Army's European headquarters said.

In Washington, a Pentagon spokesman said last night, "We have nothing to say" about the Hartford Times report.

'Stress Diseases' Don't Disturb Native Maoris

AUKLAND — Not being annoyed by modern business and domestic problems, the native Maoris of New Zealand do not suffer from diseases which are the by-product of more civilized life, according to Dr. B. Rose.

At the Queen Elizabeth Hospital

in Rotorua he has noted that Maoris do not get, for instance, that crippling ailment of the white man, rheumatoid arthritis.

Stress factors such as mothers-in-law, constant striving for success, and industrial antagonisms are contributing causes of arthritis, Dr. Rose says, but the Maoris are prone to none of these.

The only Maori patients he sees come to be treated for gout—from good living.

FUR-CLAD FIDDLER — At Resolute in Canada's far north, this Eskimo girl named Martha, ingeniously fashioned a home-made violin with only a magazine photo to guide her. Martha serenaded Canadian Gov.-Gen. Vincent Massey with the crude instrument during his recent visit to Resolute. The violin is made of driftwood, an old ham tin, and ability to string along.

Parking Signs Do Right Face on City Streets

Drivers in Pontiac won't have to break their necks to see if they are parking in a prohibited area anymore, according to City Traffic Engineer Theodore M. Vanderstempel.

In the past, once you had passed a parking sign usually located at the end of a roadway, you had to crane your neck out the window of the car to see if the sign said "no parking anytime" or "no parking between 2 a.m. and 5 a.m."

Now new type no parking signs are being installed in the city with the face of the sign facing the roadway. This will permit an easier opportunity to read it once the driver has pulled into the curb.

The reason for the change, Vanderstempel said, is that the new

signs make it clear what section of the road or curb they apply to.

The old signs, which there are 6,573 of in the city, will be gradually replaced to eliminate a traffic hazard often caused when the driver had to turn completely around to view the sign.

The new sign is recommended by the Bureau of Public Roads and the Michigan State Highway Dept.

Fish Jumps 20 Feet

WASHINGTON — The mudskipper, a popular tropical aquarium fish, can skip, or jump, as far as 20 feet. Two large eyes on top of its head can be raised or lowered at will. Each eye is capable of independent sight—one may be looking under water while the other looks out of the water. Hence its scientific name, *Periophthalmus barbarus*. The first name, that of the genus, means "seeing all around" and the specific name, *barbarus*, means "strange."

It's No Joke, Buddy, to Be Served a Suit

SEMINOLE, Okla. (AP) — "I thought it was some kind of a joke," said W. P. Atkinson, mid-

west city builder and developer, after a deputy sheriff served him with a summons yesterday.

Atkinson had just stood up to address a meeting of the Seminole Rotary Club when the deputy appeared. It wasn't any joke. It was a le-

gal maneuver by Seminole attorney Frank Seay, to have his \$77,856 lawsuit against Atkinson switched from Shawnee to the Superior Court at Seminole. The suit stems from a highway accident involving one of Atkinson's employees.

They Live There

SAN DIEGO, Calif. (AP) — The Pournalles children, Linda, 10, and Denise, 1½, don't have to learn about animals from books. The backyard of their two-bedroom home is the 200-acre San Diego zoo. Their father, George Pournal-

les, is the zoo's curator of mammals. Their address is San Diego Zoo, San Diego 2.

Since British authorities started in 1948 to issue Christmas paroles enabling prisoners to visit their homes, not one man has broken his bond, Belfast reports.

War Mothers Elect

KALAMAZOO (AP) — Michigan World War II mothers, 350 strong, ended their annual two-day convention Wednesday by electing Mrs. Estella Myers of Kalamazoo president. The group chose Holland for next year's convention.

Story of Indian Copper Begins 7,000 Years Ago

ANN ARBOR (U)—Michigan copper, dug from bed rock by prehistoric Indians, was being used as far west as Oklahoma and as far south as Florida at the time of Christ.

It's a story that begins at least 7,000 years ago when Indians canoed from the mainland to Isle Royale. Today, thousands of pits, covered by soil and vegetation, are all that is left of their industry.

University of Michigan researchers, using the carbon-dating process, have found two new samples from one of the excavated pits. Their scientific detective work sets the time as about 4,000 years ago.

Earlier work at the University of Chicago dated copper implements, found at Oconto, Wis., back to 5000 B.C. The copper apparently came from Michigan's Isle Royale pits, and from pits on the Keweenaw Peninsula.

The latest date-fixing began when Prof. Roy Drier of the Michigan College of Mining and Technology at Houghton found a piece of charcoal and a part of a tree limb in one of the pits. The charcoal is

3,000 years old, carbon-dating tests showed. The tree limb is 3,800 years old.

Drs. James B. Griffin and Albert C. Spaulding, archaeologists, say prehistoric Indians, living on the mainland, traveled to Isle Royale in the summer to dig the copper from outcroppings.

To get it out of the rock, they built log fires in the pits, then doused them with water. The rapid change in temperature would crack the rock. Then, with stone tools, they could free the copper.

Through trade and barter, the copper reached other areas.

Probably no more than 40 natives took part in the copper digging at any one time, the experts say.

Centuries later, the Indians passed on to the white man the story of copper.

Heads Supervisors

GRAND RAPIDS (U)—Roy T. McArthur, supervisor from Grant Township since 1949, is new chairman of the Kent County Board of Supervisors. Elected by unanimous vote Tuesday by fellow supervisors, he succeeds Bernard Barto, retiring chairman.

Index on Food Prices Remains Unchanged

NEW YORK (U)—Wholesale food prices as measured by the Dun & Bradstreet food index were unchanged this week.

The index for the past week equaled its 1956 high of \$5.96 set early in March and reached again last week. This was 8.9 per cent lower than the \$6.54 for the similar week a year ago.

The index is made up of the total cost at wholesale of one pound each of 31 basic food items.

It has varied in a narrow range during the past 11 weeks.

Prices were higher for the following items in the index this week: flour, corn, rye, barley, beef, lamb, sugar, coffee, cocoa and lamb.

Lower were wheat, hams, bellies, eggs, potatoes, raisins, steers and hogs.

Safety Man Appointed

EAST LANSING (U)—Appointment of Norman Steere as assistant director in charge of safety services was announced at Michigan State University. An M.S.U. graduate, Steere has been campus sanitarian and formerly was assistant to the Muskegon Heights city superintendent.

C. of C. Head to Speak

GRAND RAPIDS (U)—A. Boyd Campbell, president of the Chamber of Commerce of the United States, is scheduled Wednesday as principal speaker at the annual dinner of the Grand Rapids Chamber of Commerce. More than 200 persons are expected at the event. Campbell, of Jackson, Miss., also is president of the Mississippi School Supply Co.

Brink's Bandit on 'Wanted List'

FBI Hopes That Drinking Weaknesses Will Betray Boston Fugitive

WASHINGTON (INS)—Thomas Francis Richardson, a hoodlum with a voice like a buzz-saw and the unfortunate habit of losing his dentures when he is drunk, is the new man on the FBI roster of "ten most wanted" fugitives.

The 49-year-old, hard-drinking Richardson is one of two suspects sought in the FBI's mop-up of the \$2,775,395 robbery of the Brink's express company's Boston headquarters on Jan. 17, 1956.

The other Brink's fugitive, James Ignatius Faherty, was enrolled on the "ten most wanted" list last March 19.

Six alleged members of the Brink's robbery mob were seized in the Boston area Jan. 12; two desperadoes already in prison were linked to the crime, and the other culprit in the 11-man gang is known to be dead.

FBI STILL SEEKING LOOT

The FBI hopes that Richardson and Faherty, when captured, can solve the riddle of the Brink's loot. None of the men in custody have vouchsafed that information.

Richardson, a native Bostonian, has a criminal record dating back to 1934, when he was convicted of armed robbery and sent to prison for five years.

G-Men believe Richardson's drinking habits or his tastes in food might betray him.

He is a heavy consumer of intoxicants, with a preference for German beer. He also has a weakness for whisky. He wears a full upper and lower denture and has been known to lose the false choppers when he is in his cups.

In the food line, Richardson is fond of spicy dishes and Italian-style cooking.

He is a chain smoker of cigarettes and when drinking heavily, his hands shake visibly.

The fugitive is somewhat fastidious about his personal appearance. Sartorially, he is a "two-tone" type, preferring dark colored trousers usually worn with a sports jacket and sports shirt.

Thinking Is Obsolete—About Furniture

GRAND RAPIDS (U)—An Indianapolis furniture retailer says "more than half the furniture in the average American home is obsolete, just as the furniture thinking in the minds of half the furniture retailers is obsolete."

Harry Schacter, president of the Banner-Whitehall furniture store chain in Indiana and Ohio, addressed the Furniture Manufacturers Assn., of Grand Rapids, yesterday.

He said this obsolete thinking is one reason the furniture industry gets a very small percentage of the consumer's dollar, compared with the auto and appliance industries.

Crash Kills State Man

GRAND RAPIDS (U)—Thomas Young, 77, was killed Tuesday when a car collided with a Grand Rapids intersection with a carry-all truck returning a bulldozer from the suburban Standale tornado area. Young was riding in a car driven by his son, Nigel, 47, of Comstock Park, who was injured. The truck driver, Frank Collins, 43, of Grand Rapids, was unhurt.

Counter Kremlin Advisers Urged

Hoffman Wants Civilian Group 'to Wage Peace' in Foreign Trading

By JACK LYNCH
PITTSBURGH (AP)—Paul G. Hoffman, former head of the Economic Cooperation Administration, today urged formation of a committee of top civilian experts to develop an expanded program of overseas aid to counter new Kremlin tactics.

In an address prepared for delivery at the opening session of the third national study conference on the church and economic life, Hoffman said:

"Such a committee would appraise the needs and resources of new nations, analyzing the capacity of new and underdeveloped countries to administer economic programs and offer recommendations as to which U.S. agencies are best qualified to carry out the programs."

MUST WAGE PEACE

Hoffman, now chairman of the board of Studebaker-Packard Corp., said the new leaders in Moscow "put their stress upon trade offers and offers of economic aid."

"To counter this," Hoffman said, "we must have an all-out effort for peace. We must wage peace with imagination, boldness and dedication."

He estimated the cost of "waging the peace" over the next five years in the "neighborhood of 200 billion dollars," and declared:

ACCEPT LEADERSHIP

"But sharing our wealth is no solution. It would beggar rather than help. If, however, we as a nation, and we as a people are willing to accept leadership in an all-out effort to achieve a durable peace, that commitment carries implications which may generate the answers we seek."

More than 400 clergy and lay protestant leaders are attending the four-day conference sponsored by the National Council of Churches, in cooperation with major protestant denominations. The theme of the conference is "the Christian conscience and an economy of abundance."

Boy Runs Away From Beatings of 305-Pound Dad

LOUISVILLE, Ky. (AP)—An 11-year-old boy, who said he ran away from home because his father beat him, won't be sent back.

Juvenile Court Judge Louis H. Jull ruled Wilson R. McCormick's 305-pound father, "Big Jim" McCormick, failed during a hearing to indicate he wanted his son back. A further hearing was set for May 2 after Judge Jull placed the boy in temporary custody of an unidentified civil leader and his wife.

The boy's father was quoted by social workers last Sunday as saying he would send him to a reform school. But yesterday the father told Judge Jull "I made a false word when I said that I wanted him to come back that I was aiming to send him to reform school."

The boy was found in tattered clothing here last Wednesday. He didn't tell officials where he lived and his Upton, Ky., home wasn't revealed until his parents were traced through a newspaper story.

NOTICE OF SPECIAL ELECTION AND OF REGISTRATION OF VOTERS

To the Electors of the Village of Orchard Lake:
Notice is hereby given that a special Village Election will be held at the Village Hall, 2801 Orchard Lake Road in the said Village, upon Wednesday, the 23rd day of May, 1956, at which there will be submitted to the vote of the electors of the Village, the question of ratifying a certain public utility franchise contained in an ordinance adopted by the Village Commission at its meeting held upon the 8th day of April, 1956. The following is a copy of the resolution of the Commission, passed at said meeting, submitting said question to the electors:

RESOLVED, that a special Village election be ordered to be held in the Village of Orchard Lake, Oakland County, Michigan, on Wednesday, the 23rd day of May, 1956, for the purpose of submitting to the vote of the electors of said Village, at such election, the question of approving the franchise, ordinance adopted by the Village Commission of said Village at its meeting held on the 8th day of April, 1956, which said ordinance is entitled as follows:

AN ORDINANCE, granting to Consumers Power Company, its successors and assigns, the right, power and authority to lay, maintain and operate gas mains, pipes and services on, along, across and under the highways, streets, alleys, bridges and other public places, and to do a local gas business in the Village of Orchard Lake, Oakland County, Michigan, for a period of thirty years.

On the date of said election, the polls will be open at 7 o'clock in the forenoon, or as soon thereafter as may be, and will be kept open until 8 o'clock in the afternoon, Eastern Standard Time, when they will be finally closed.

The Village Clerk will be in his office on the 23rd day of April, 1956, said date being the thirtieth day, as determined by statute, preceding the date of said election, for the purpose of reviewing the registration and registering such of the qualified electors of the Village as shall appear and apply therefor, which registration may be made on said date, between the hours of 8 o'clock a.m. and 8 o'clock p.m., Eastern Standard Time.

LUCILLE M. SMITH, Village Clerk.

By order of Village Commission, April 12, 1956.

NOTICE IS HEREBY GIVEN THAT A 1955 Dodge, 4 dr. Motor No. 246-48023, which has been reported by reason of default, may be inspected at 147 S. Michigan, Pontiac, Michigan, where it is stored, and that such vehicle will be offered for public sale at said place on April 23, 1956, at 10 a.m. The undersigned reserves the right to bid and purchase at said sale.

WILLIAM C. T. CREDIT CORPORATION, By C. G. BROWN, Manager, Pontiac, Michigan, 146-55023, April 12, 1956.

Marlene's Husband Suffers Heart Attack

HOLLYWOOD (AP)—Rudolf Sieber, Marlene Dietrich's husband, is under treatment at Cedars of Lebanon Hospital, following a heart attack. Doctors say his condition is good.

Sieber, one time German movie director, and the glamorous Miss Dietrich have been married 32 years but have lived apart most of that time. Their daughter is television actress Maria Riva. Miss Dietrich has been at Sie-

ber's bedside much of the time since he was stricken Monday. Sieber, 55, lives on a ranch in San Fernando Valley.

Williams to Attend Fete

VERMONTVILLE (AP)—Gov. Williams is scheduled to visit the Vermontville Maple Syrup Festival Saturday and take part in the coronation of Miss Margaret McLaughlin as 1956 festival queen.

Scientists believe Europeans brought malaria and yellow fever to America.

House Swap Settles 2 Commuting Problems

DALLAS (AP)—Braniff Airways employee Jim Phillips, tired of having to travel daily to Fort Worth where he was recently transferred, put an ad in the paper offering to swap his home for one in Fort Worth. His first caller was Braniff employee Harry Betz, who for three years has been commuting daily from his Fort Worth home to Love Field in Dallas. They swapped even.

Cosmic Rays Echo From Artesian Well

MILWAUKEE, Wis. (AP)—The plant engineer of a shoe factory says he is convinced that cosmic rays echo in the artesian well that reaches 400 feet below the basement of the plant. Scientists have been studying reaction of the well to cosmic rays. It has also been known for 10 years that water in the well is agitated by earthquakes. Elmer E. Rexin, the engineer,

says cosmic rays cause unusual sounds to come from the well. He thinks that as the cosmic beams bombard the earth they strike the surface of nearby Lake Michigan and travel along it to the well by way of an underground water-passage connecting lake and well.

The impulses are picked up by shielded and insulated wires dipping 150 feet below the surface of the well water and are transmitted to a loud speaker that converts them into sound. An attached cathode ray oscilloscope shows them as beams of light.

Cancer Society Official to Answer Questions

Leading science writers will question Dr. Charles S. Cameron, medical and scientific director of the American Cancer Society, about the latest development in cancer research and treatment during a special broadcast on WXYZ tonight at 9. Cameron is the author of a new book, "The Truth About Cancer." The Pontiac Press is currently printing a condensed version of Dr. Cameron's book.

Floyd, Heinsohn Lead Conquest of Trotters

SAN FRANCISCO (AP)—Darrell Floyd of Farnham and Tom Heinsohn of Holy Cross teamed for 46 points to lead the College All-Stars to an 84-71 win over the Harlem Globetrotters last night. Floyd scored 25 points; Heinsohn 21. The Trotters, winner of 8 of their 21 games, trailed most of the game. The teams play tonight at Los Angeles.

Sibelius Festival

A Sibelius Festival will be held in Helsinki from June 9 through June 18. According to a Pan American report from the Finnish capital, the beloved composer will be honored with seven of his complete symphonies, the violin con-

certo, arias, and selections from the author's many other works. The program, an annual event begun six years ago, will also pay tribute to other contemporary Finnish musicians.

There are 131 covered bridges in New Hampshire.

Cast Iron Insides

PEORIA, Ill. — Six youngsters were wheeled into St. Francis Hospital with stomach complaints. A 2½-year-old boy ate eight aspirin tablets and washed them down with a half bottle of liquid laxative. A 9-year-old boy swallowed

a small rock. Four girls from 1 to 2½ years old ate several boxes of aspirin and the heads from a book of safety matches. All recovered.

Certain birds have been observed flying at 27,000 feet by Everest exploration parties.

Swedes Get Uranium Out of Alum Shale

STOCKHOLM — Sweden is extracting uranium from domestic alum shale. While this raw material is low-grade, with about 100 grams of uranium per ton of ore, the supply is ample. It is estimated

that the total amount of uranium in the richest Swedish alum-shale deposits is about a million tons.

The Vikings were Scandinavian pirates that infested the seas of Europe during the eighth, ninth and tenth centuries, making raids on coastal towns and cities.

Millions Learn Driving

WASHINGTON — The American Automobile Association reports that more than 1,000,000 high school students will get some kind of regular school instruction during the 1955-56 school year on how to safely operate an automobile, ex-

ceeding the million mark for the first time.

More Drink Beer, Ale

NEW YORK — Food Engineering magazine reports that some 3,700,000 more American families drink beer and ale at home now than five years ago.

Traffic Judges Told to Be Strict

Williams Emphasizes Importance of Positions Before Parley at MSU

EAST LANSING (U)—Gov. Williams says judges can make an important contribution to highway safety by avoiding "casual and easy" treatment of traffic offenders who appear before them.

If the traffic law violator receives such treatment, he said, "a priceless chance is lost to prevent an accident, to make a good driver out of a bad one, yes, to save a life."

"The majesty of the law can be awesome, and the imprint it makes can be indelible."

The governor spoke Wednesday night at the fourth annual traffic court conference at Michigan State University.

RECALLS 10-POINT PLAN

Williams recalled a year ago the executive committee of the Michigan Assn. of Municipal Judges drew a 10-point program for dealing with the traffic violator, a program based chiefly on education.

He added:

"It cannot help but follow when courts are a leading force in emphasizing the evil of the traffic violator that the community attitude toward the bad driver will be more severe."

"And, if the large majority of our fellows believe a given act is a bad one, there is nothing which will more effectively prevent us from committing that act."

"Let me say that I believe the bench has not only a tremendous opportunity but a real responsibility of leadership."

The governor said there is reason for regarding traffic violations as part of any citizen's criminal record, although by custom they are excepted.

"There is no reason why the bad driver should escape public opprobrium," he said. "Yet, somehow even the killer motorist seems to elude the quantity of punishment which follows other homicides."

New Diagnostic Aid From New Zealand

AUCKLAND—Two New Zealand hospital technicians have invented an electromyograph that provides a quick and painless method of diagnosing certain neuromuscular disorders. Existing machines involve the use of a needle electrode that is merely placed on the surface of the patient's skin to indicate the amount of damage present and the degree of recovery at subsequent stages.

Frank Tabacchi Added to AL Umpiring Staff

CHICAGO (U)—Frank Tabacchi of Cliffside Park, N.J., has been added to the American League umpiring staff by President Will Harridge.

Harridge, who made the announcement yesterday, also said the league had taken an option on the services of Bob Stewart, 35, an American Assn. umpire from Forestdale, R.I.

Bond Mystery Puzzles Probers

Army Uniform Contract Investigation Uncovers Manufacturer's 'Deals'

WASHINGTON (U)—Sen. McClellan (D-Ark.) said today he "hopes to nail down by Tuesday" why \$40,000 of coupons from bonds bought by business rivals Joseph (Joey) Abrams and Herman Kravitz allegedly wound up in the same bank account—under another man's name.

Bond transactions involving the names of Abrams and Kravitz are a key issue in public hearings before McClellan's Senate Investigations subcommittee, which is studying the purchase of millions of dollars worth of Army uniforms between 1951 and 1953. Abrams owns garment plants in

Brooklyn, N.Y., and Kravitz has others in Atlantic City and Millville, N.J. The subcommittee said both were barred from further government contracts after a government investigation in 1953.

McClellan told reporters the inquiry has produced no evidence thus far of either graft or tax evasion—but that he hopes to nail that down too when the hearings start up again Tuesday.

The hearings were recessed yesterday until next week after two witnesses asked further time to obtain lawyers.

Banker's 'Texas' Hat Made in Connecticut

DALLAS (U)—G. Warfield Hobbs, vice-president of the First National City Bank of New York, was presented a 10-gallon Texas hat by Dallas residents this week after he addressed the council of social agencies.

Afterwards, Hobbs took a closer look at his new hat and found it was made at Norwalk, Conn., five miles from his home.

10 Area Schools to Participate in Science Fair

The second annual Science Fair sponsored by the Linnean Society of Pontiac High School will be presented Friday and Saturday in the boys gymnasium of Pontiac High.

Ten area schools will enter projects in the event which is under the supervision of John Youngpeter, science instructor.

Open to the public, the fair will feature movies from 6 to 8:15 p.m. Friday and 9:30 a.m. Saturday. Two projects can be viewed from 4:30 to 8 p.m. Friday and 9:30 a.m. until 12:30 p.m. Saturday.

Some of the projects on display will include the life story of the spider, an ammonia fountain and study of a lobster.

Bowling Green University biology students will judge the displays and presentation of awards will be at 1 p.m. Saturday. A grand prize will go to the most outstanding exhibit as well as ribbon awards in different categories.

City Librarian Lists Top Interest Books

City Librarian Miss Phyllis Pope has classified the following books as the current "best circulators" at the Pontiac City Library at 47 Williams St.

Fiction: Coll of The Serpent by Allen; The Uncertain Feeling, Amis; Claire, by Malm; Waiting for the Mahatma by Narayan; The Scarlet Cord by Slaughter; and Wings of The Morning by Van de Water.

In the mystery category, The Baile Express by Coles; Postmark Murder by Eberhart; The Country House Burglar by Gilbert; and Let Dead Enough Alone by Lockridge, are rated as best circulators.

The non-fiction best circulators are: The Secret War of Independence, Augur; The Buried People, Cies-Reden; All of The Women of the Bible, Deen; 20 July, Fitz-Gibbon; The Interpretation of Financial Statements, Graham; We Die Alone, Howarth; Town Hall

Tonight, Hoyt; Profiles In Courage, Kennedy; American Everyday Cook Book, Murphy; Ghosts in American Houses, Reynolds. For teenagers, Bacharach's Right Dress; Superpower by Ross, and Rosemary by Stolz, rate tops.

His Boat Floats Fine—but Not Car, Trailer

OKLAHOMA CITY (U)—Police Officer C. L. Posey's boat floated fine in nearby Lake Hefner yesterday—but his car and trailer didn't. Posey's brakes failed as he backed down a ramp to the water, and he kept right on going. The policeman swam to safety, then recruited help to fish the auto out of 20 feet of water.

Named Superintendent

CUSTER (U)—Harry Edwardsen, Ludington Junior High School instructor, has been named superintendent of schools at Custer for the new school year, succeeding Herman Johnson, who resigned.

Bridal Fashions of Today, Yesterday to Be Shown

Out of the wonderland where brides hold sway come the latest bridal and trousseau fashions to be shown at the fashion show, "Brides—Today and Yesterday." The show is being presented by the Pontiac Business and Professional Women's Club with the cooperation of Alicia Bridal Shoppe and the De'Cor Shop. Mrs. Norman

Dyer (center), wardrobe chairman for the affair, adjusts the veil of Shirley Booth, who will serve as a model. Watching is Suzanne Daly, who will also model at the show to be held Wednesday at 8 p.m. in the Pontiac High School auditorium.

An antique ivory heirloom gown of the 1800s will be among the bridal fashions of yesterday shown at the fashion show "Brides—Today and Yesterday." Margaret Long (left) adjusts the imported lace of the gown modeled by Grace McLaughlin, general chairman of the show to be presented by the Pontiac Business and Professional Women's Club. Proceeds from the Wednesday show to be held in the Pontiac High School auditorium will be used by the Pontiac Foundation for a civic auditorium.

BPW Plans Style Event Wednesday

Wedding Apparel Will Be Modeled in PHS Auditorium

The latest bridal and trousseau fashions will be shown Wednesday evening when Pontiac Business and Professional Women's Club presents "Brides—Today and Yesterday" in Pontiac High School auditorium.

Plans were completed at the recent meeting of the group held at Hotel Waldron. Grace McLaughlin and Mrs. Fritz Stoddard, cochairmen, announced that Mary Morgan, radio and television fashion commentator, will be the narrator for the show.

Heirloom fashions of yesterday will be interspersed with today's creations being presented by Alicia Bridal Shoppe and the De'Cor Shop.

Mrs. Rebecca Gould and C. Stait Lloyd will present the musical selections appropriate for the occasion, accompanied by Dr. Robert Jones at the organ.

Modeling will be Shirley Booth, Suzanne Daly, Nora Day, Mrs. Robert Eisele, Mrs. Carmi Odell, Barbara Cole, Mrs. C. W. Salton, Miss McLaughlin, Dorothy Williams and Patti Wetter.

Beta Theta Phi's Gamma Chapter Planning Dinner

Gamma Chapter of Beta Theta Phi sorority met at the home of Mrs. John F. Klausmeyer on Oakwood drive Tuesday evening.

Plans were completed for the April 28 progressive dinner and for the May 22 meeting at which Robert Mehoke will speak on Junior Achievement.

Refreshments were served from a table decorated in a red and white color scheme. Mrs. John K. Irwin Jr. and Mrs. Jerome Martin assisted the hostess.

Mrs. William Ford Jr. invited the group to her home on Menominee road for the May 8 meeting.

Community Club Lists Chairmen for Card Party

Committee chairmen have been announced for the card party being sponsored by the Wever-Owen-Hawthorne Community Club.

The party will be held Friday evening at 7:30 in the multi-purpose room of Owen School, with the proceeds from the affair being used for the North End Boys' Club program.

Mrs. Dewey Dean will serve as general chairman assisted by Mrs. Ford Drumm, tickets; Mrs. Gordon Allison, prizes; Mrs. Raymond Scarborough, refreshments; Robert Dean, soft drinks, and Mrs. Elmer Greene, tables and cards.

Youth games will be under the direction of Marilyn Drumm and Marilyn Scarborough. Mrs. Earl Ottesvig and Mary Ellen Ottesvig are handling publicity. Tickets may be purchased at the door.

Bride-to-Be Is Honored at Shower

Maryann Pickering Feted at the Home of Mrs. Fox

Mrs. Aaron Fox opened her home on Cherokee road Tuesday honoring bride-elect Maryann Pickering. Cohostesses at the shower were Mrs. Lynn Allen, Mrs. Oswald Burke, Mrs. Oscar Eckman and Mrs. Howard Grady.

Maryann, daughter of Mr. and Mrs. Frederick Pickering of Alice street, will become the bride of 2nd Lt. Vincent J. Raymond of Scott Air Force Base, Belleville, Ill., on May 12. He is the son of Mr. and Mrs. V. J. Raymond of Detroit.

Mrs. Pickering and Mrs. Raymond presided at the tea table that was covered with an Italian cutwork cloth and centered with an arrangement of pink Sweetheart roses.

Guests attending were Mrs. Manley Young, Mrs. Wilma Dickinson, Mrs. Howard Deeter, Mrs. O. H. Farger, Dorothy Holloway, Mrs. Arthur Barnes, Mrs. Fred Sytz, Mrs. Harry Randall, Mrs. Walter Willman, Mrs. Ben Bowman and Mrs. Howard Upham.

Mrs. Harold Slankster, Mrs. Henry Pfeuffer, Mrs. Ivan Royal, Mrs. John Meddaugh, Mrs. W. E. Cushman, Mrs. F. J. Moreau and Mrs. Peter Hoogerhyde also attended.

Completing the guest list were Katherine Justin, Mrs. George Hubbard, Maryanne Grady and Mrs. George Richmond.

Completing every bride's trousseau is a suit. Mrs. Robert Eisele (seated), a member of the Pontiac Business and Professional Women's Club, models one that will be shown at the fashion show, "Brides—Today and Yesterday," in Pontiac High School auditorium Wednesday.

Mrs. Edward Eickmeier (center), a member of the wardrobe committee, looks on as Nora Day (right), modeling an attendant's gown, displays a dress she feels should be included in the "going away" clothes.

Isabella Circle Plans Initiation, Dinner April 22

Final plans were made and a rehearsal was held for the annual initiation of members into Daughters of Isabella, Our Lady of the Lakes Circle 479, at the Monday meeting in Knights of Columbus Hall.

Thirty-seven new members will be initiated April 22 at 3 p.m. in St. Michael Hall. A banquet in their honor will be served following the initiation.

Members husbands and friends may attend. All Daughters will receive Holy Communion in a group at the 7:30 a.m. Mass in St. Michael Church that day. Reservations must be made by April 18.

A donation was made at the Monday meeting to the Blue Army to aid in the sponsorship of a television program that will urge all people to pray for world peace.

Music Workshop Slated

The Pontiac Music Guild will sponsor a piano workshop for all teachers in Oakland County with Dr. Henry C. Kolbe of the Detroit Institute of Musical Arts conducting the workshop.

Beginning Monday, there will be four meetings on successive Mondays at 7:30 p.m. in the Music Room of the First Congregational Church.

Dr. Kolbe will discuss modern piano methods, new teaching ma-

UM Professor to Speak Fashionette to Education Association to Sponsor Style Show

Devon Gables will be the setting for the annual banquet of the Pontiac Education Association. "Music in Spring" is the theme to be used by chairmen of the various committees working on the April 26 event under the chairmanship of Grace McLaughlin.

Dr. A. Conrad Posz, assistant professor of communication skills of the University of Michigan, will be the speaker.

Born in Plainview, Minn., the speaker received his B.S. degree from Winona State Teachers College in 1944, his master's degree from the State University of Iowa in 1946, and his doctor of education degree from Michigan State University in 1952.

Before coming to Michigan, Dr. Posz was a radio announcer, a graduate teaching assistant at University of Iowa and sales manager

DR. A. CONRAD POSZ

of a large market in Plainview, Minn.

The speaker is a member of the Speech Association of America, National Society for the Study of Communications and the American Association of University Professors.

Committee chairmen planning the annual affair, announced by Calus Gordon, president, include Theodore Preuter, decorations; Margaret Snyder, music; Mrs. Carroll G. Porritt, programs; Mary Parrish, tickets, and Mrs. Leo McDonald, invitations.

Mel Staebler will serve as toastmaster.

Plans were completed for the style show to be presented by the Fashionette Club, sponsored by the Pontiac Department of Parks and Recreation, when the group met at the Adah Shelly Library Tuesday evening.

Modeling for the May 1 affair to be held in St. Benedict Hall will be Mrs. Eugene Shelton, Mrs. Scott Douglas, Mrs. Robert Smith, Mrs. James Ryan, Mrs. Daniel Spence, Mrs. Pete Hernandez and Merrie Cook.

Susie Moon, Debra Schrah, Linda Mullins, Jeffrey Forker, Kenneth and Paul Reichert will also serve as models.

The trophy for losing the most weight during the past week was won by Mrs. Eugene Shelton.

Miniature golf will be the program for the meeting next Tuesday, following the business session to be held at the Adah Shelly Library.

Tabernacle Event Arranged by YTC

The Ethel E. Little YTC met Tuesday evening at the home of Anna Rae Carveo of La Salle avenue. The group discussed the program for the meeting next Tuesday at the Evangelistic Mission Tabernacle.

Three new members are Myrna Wyatt, Larry Sherman and Gary Sherman.

Personal News of Interest in Area

Mr. and Mrs. John P. Livingstone and children, Erma Jean, Ann and John III enjoyed a three week vacation at Lakewood, Fla. during the children's spring recess from Brookside School at Cranbrook. They returned to their home on Berkshire road, Bloomfield Hills, Monday.

Dr. and Mrs. H. A. Miller have

Lecture Set at Temple Tonight

Dr. Henry Brandt of the Clara Elizabeth Fund for Maternal Health, Flint, will speak at Temple Beth Jacob tonight at 8 p.m.

Sponsored by the combined nursery schools of All Saints Episcopal Church and Temple Beth Jacob, Dr. Brandt will speak on "Processes of Human Reproduction." For his lecture, Dr. Brandt uses life-sized models which are anatomically perfect.

The groups extend an invitation to all leaders of youth groups and to all parents to attend the public lecture. There are no charges.

returned to their home on Wenonah drive from a month's vacation by plane which took them to Puerto Rico, the Virgin Islands, Dominican Republic, Haiti and Jamaica returning via Florida.

Mr. and Mrs. William A. Kennedy of Wenonah drive have returned after spending three months at Lake Worth, Fla. During that time they visited in Havana, and took time out to purchase a winter home in Lantana.

Their son, John S. Kennedy, visited them for five weeks, and their son-in-law and daughter, Mr. and Mrs. Robert A. Tedcastle of Old Orchard drive spent two weeks with them.

Looking forward to a weekend in Cleveland are Mr. and Mrs. John Kish of Scott Lake road who will be guests at the home of his sister, Mrs. Marie Cookmay.

Mr. and Mrs. Clyde Dearing and daughters, Jo Ann, Judy and Jill of Ottawa drive have returned to their home after spending three weeks at Sarasota-by-the-Sea in Florida.

Mr. and Mrs. Robert Kerr (nee Nancy Lippert) of Fairfax, Va. formerly of Pontiac, are receiving congratulations on the birth of a

son, George Robert III, April 7. Grandparents of the infant are Mr. and Mrs. Robert Hawkins of Milford and Mr. and Mrs. G. R. Kerr of Atlanta, Ga.

Club Entertains for Husbands This Evening

Pontiac Child Culture Club will be host to members' husbands this evening for "Dads' Night" at Highland Manor.

Mrs. Frank Grosse, program chairman, and her committee have arranged for the 1956 Tournament of Roses Parade and Rose Bowl Game movies to be shown following the dinner. Robert C. Toll, assistant director of alumni relations at Michigan State University, will present the films.

Green and white, the university colors, are being used by Mrs. Neil Nelson and her social committee in the table and room decorations which include footballs, pennants and spring flowers.

Mrs. Jorma O. Sarto handled reservations for the affair and assisted with decorations, aided by her husband.

The group will meet April 26 at Mrs. Sarto's home in Westacres.

The Pontiac Child Culture Club is holding its annual "Dads' Night" this evening at Highland Manor. Club members pictured preparing for the event are (left to right) Mrs. Jorma O. Sarto of Walled Lake, Mrs. Charles

L. Bowers of Barrington road, Mrs. Neil S. Nelson of South Marshall street and Mrs. Frank Grosse of Auburn road.

Use Baking Soda

Baking soda added to as hot a bath as you can stand relieves sore muscles. If you've been shopping all day, doing an extra

load of housework or dancing 'til the wee small hours of the morning and your legs and back ache, hop into a hot baking soda bath and soak for a while. Stiffness disappears.

Does Host or Woman Pour Coffee?

Restaurant Waiter Leaves Pot, Cups on the Table

By EMILY POST

A reader writes: "The other day I had lunch with a business acquaintance at a very nice restaurant. We both ordered coffee with our dessert. The waiter brought two cups which he put at each plate and then placed a small pot of coffee on the table.

"Whose place was it to pour the coffee—the host's or mine? If it was my place to pour it, should I have filled my own cup first and then his? Is it always the woman's place to pour?"

Answer: At a restaurant, the waiter should have poured. Since he didn't, your host could have poured (your cup first) or he could have asked you to do so. In this case, you would have poured his cup first.

"Dear Mrs. Post: What is the proper thing for the bride to do when she receives a wedding gift through the mail and the article has been broken during transportation. The package was not insured. Also, what is the proper thing for the sender of the gift to do when it is learned that the gift was broken?"

Answer: The bride can do nothing when the sender neglected to insure it. Should the sender hear that the gift arrived broken, she (or he) should, if possible, send a second gift.

"Dear Mrs. Post: A very dear friend of my daughter's is to be married soon. She has asked my daughter to be her maid of honor. Also, since she has no father or brother to give her away, she asked my husband to do this.

"At the reception, does my husband sit at the bridal table with the bride's mother or should he be seated at another table with me?"

Answer: I think he should sit next to the bride's mother on this one special occasion, and you would sit with relatives or friends of your own.

50 N. Saginaw St.

Former County Woman Speaks for Arabs

By DOROTHY JEAN ZACK
BIRMINGHAM — The Arab side of the Near East conflict is being given here first hand by a local resident who has made the telling of that story her business for the past two years.

Mrs. Genevieve Maxwell, who has lived much of her life in a white frame farmhouse in the Wing Lake area, is back from Beirut, Lebanon.

She is on leave of absence from the Daily Star of Beirut, a pro-Arab English-language newspaper.

In her stay, she'll be talking to several groups, one of which is Mrs. Charles Shain's class on international affairs. She'll speak to the final class meeting, being held at Devon-Gables on April 24.

"My views aren't anti-Jewish in this case," she says, "but I do think that the Arabs have justice on their side." Her newspaper was founded in 1952 expressly to plead the Arab cause.

CITES ZIONISTS

She points out that with the Zionist headquarters in this country, recently moved to New York from England, we in America "are not apt to get the whole truth."

There are about 100,000 Arabs in Lebanon who were "evicted" from their homeland when the Zionists renamed Palestine Israel eight years ago. They are only a tenth of the homeless Arabs from Palestine in Near East camps.

"You can't let them settle and take jobs in these countries," she explains. "They'd be taking the jobs of Lebanese and there are already 50,000 unemployed in Lebanon. It's just not practical."

"They do handwork in their camps, though," she continues, "and if export markets were found, it would help their economy."

But the greater problem is to find them land, she says. Her paper conducts a concerted drive for cutting Israel's borders back to the line set in 1948, and giving the eastern strip of land remaining to the Arabs who were forced out.

VARIED INTERESTS

Mrs. Maxwell's interests are far from just the political angle of Lebanese life. Her job takes

her on feature stories and to organizational and women's events. The Olympics, which she attended with Lebanon's ski team in January, was one of her best assignments. Over the past year she has been the Ski Council's press representative, and her efforts earned her the trip to Cortina, Italy, where she was one of eight women among the 400 press representatives.

Arab-manufactured products like this yard-wide hat need a market, according to Mrs. Genevieve Maxwell, visiting here during a leave from her newspaper job in Beirut, Lebanon.

Skilling in 4-foot powder snow in the mountains that form the winter half of the Mediterranean climate is perfect, she says. Swimming in the sea and skiing up among the Cedars of Lebanon are possible in the same season.

Many of her skiing companions are at the American University in Beirut, where she studied for a year before taking her Daily Star job. She had met the paper's editor, Cameron Mrowe, at University of Michigan three years ago.

She had decided to turn to journalism after years of teaching at Cranbrook, following the death of her husband. Her interest in Arabs was aroused and she felt a need for more understanding of the language and culture before joining a paper in the Near East.

SON AT OXFORD

Coincidental was her son's interest in the Near East's culture, she says. He is now studying Arabism at Oxford, but then was at Princeton in the Language Department. He rode across Europe last summer on a motorcycle, making the

12,000-mile trip to see his mother in Lebanon.

"There's tragedy in the Near East," she says, discussing the uprooting of Arabs from the Palestine area. "One of my superiors is a Christian of an Arabian family, and his mother, brothers and sisters remained in Palestine."

"His mother died this year," but he had not seen her for eight years because she couldn't come to the gates at Christmas and Easter. At those holidays, the gates of Jerusalem are opened for Christians to come in, and his brothers and sisters come and they have a reunion at the gates. But the 300-mile distance from her home to the gates was too far for the elderly mother."

Her talk on Near East problems will highlight the Shain class's final meeting, and will be a reunion of friends. Mrs. Maxwell was an active member when she lived here, as well as a member of the League of Women Voters. She is with her parents, Mr. and Mrs. Bruce K. Harding, who came to make their home in her house on Sunningdale at Wing Lake after living many years at Cass Lake.

Luncheon Is Given for Mrs. Rockwell

Nineteen neighbors and friends honored Mrs. Merritt W. Rockwell at a surprise luncheon at her home on North Ardmore avenue Tuesday.

Present for the occasion were Mrs. Sidney Tuson, Mrs. Edwin G. Dinnan, Mrs. William W. Dinnan, Mrs. Howard Crawford, Mrs. Thomas Bartle, Mrs. Armon Crecor, Mrs. Jerry Hould and Mrs. Paul Lehigh.

Also attending were Mrs. Gordon McLain, Mrs. Jim Evans, Mrs. Floyd Halpin, Mrs. Frances Crews, Mrs. Floyd Zielinski, Neenah Higdon, Mrs. Gordon Walt, Mrs. Leo Hould and Mrs. Leslie Nichols.

Auxiliary Holds Election, Plans Future Events

Mrs. Guilio Bernero opened her home on Navajo drive Monday evening to members of the Auxiliary of the Italian-American Club.

Mrs. Ralph Mazza was re-elected president for the coming year.

Others elected to serve are Mrs. Frank Perna, vice president; Mrs. Eugene Mazza, corresponding secretary; Mrs. Donald Finelli, treasurer, and Mrs. Rudy Mazza, recording secretary. Mrs. Verne Sinkler will serve as publicity chairman.

Announcement of the "Spring Follies" to be held at the Pontiac Local Hall on May 19 was made by Mrs. Mazza. The annual banquet will be held at Northwood Inn on May 10.

Mrs. Frank Spadafore reported on the fashion show to be held April 30 at St. Michael Hall.

Lincoln PTA Will Sponsor April 20 Fair

Members of the executive board, homeroom mothers and teachers of the Lincoln Junior High School PTA, met Wednesday afternoon and discussed plans for the fair which will be held April 20 at the school, beginning with dinner in the cafeteria at 5 p.m. and ending with crowning of the King and Queen of the Fair at 9 p.m. in the auditorium.

Mrs. Paul Arndt, PTA president, appointed Mrs. Wayne Anable as general chairman of the fair.

The various booths at the fair will be handled by teachers assisted by board members and homeroom mothers and fathers.

Proceeds will be used to purchase special equipment for student and classroom use.

Detroit Horse Show Scheduled June 20-24

Event Will Be Conducted at Bloomfield Open Hunt

The 39th annual Detroit Horse Show, America's largest outdoor horse show, which promises to be larger than ever this year, opens for a five-day run beginning June 20 at Bloomfield Open Hunt Club in Bloomfield Hills.

Announcement of the 1936 show dates was made by Irving A.

4 Members Welcomed by Sorority

Mrs. Lloyd Stalcup was hostess to members of Omega Alpha sorority at her home on Menominee road Wednesday evening. Accepted into membership were Mrs. William Weaver, Mrs. George Ferguson, Mrs. Robert McGill and Mrs. Thomas Beal.

William Miller showed colored stereoscopic slides of his recent 5-week tour of the West.

The tour included trips through Sequoia and Yosemite National Parks, the Grand Canyon and Painted Desert.

Plans were completed for the May Breakfast to be held at Devon Gables May 6 with Mrs. Harold Sibley serving as chairman.

Mrs. Sibley invited the group to her home on James K boulevard for the next meeting.

Coming Events

Auxiliary to the Pontiac Motorcycle Club will meet Thursday at 7:30 p.m. with Mrs. Everett Brown, 637 Linda Vista, Dr.

Sewing Circle of Pontiac Rebekah Lodge 450 will meet Friday with Mrs. Raymond Kline, 2321 Maplewood Dr. for a noon school lunch.

The June Group of First Presbyterian Church will meet Friday at 12:30 p.m. for a luncheon and white elephant sale at the home of Mrs. E. G. Winn, 827 S. Pemberton Rd.

Duffy and William O. Bridge, co-chairmen.

Because of the growing interest in horse shows, Mr. Duffy, show chairman for the third year, announced that the sponsors will increase the number of classes from 83 to 96, with 12 events scheduled during the five-day show.

The Detroit Horse Show, accredited as a Class A show by the American Horse Show Association, will draw entries from throughout the United States and Canada in three major divisions, Jumper, Hunter and Western. In addition, junior riders will compete during all five days of the show.

Famed ringmaster Clarence L. Craven of Boston, will preside at the show. Craven has been ringmaster for the Detroit show for the past 27 years, and also officiating at other leading horse shows throughout the United States, including the American Royal in Madison Square Garden.

Mrs. E. E. Fisher and Charlotte Nichols, co-secretaries of the Detroit Horse Show, announced that entry forms are now being mailed to exhibitors.

The 1936 show attracted more than 50,000 spectators during its four-day run, Mr. Duffy reports.

Dames of Malta Hold Election

Mrs. Cris Theis was elected president of the Sunshine Group of the Dames of Malta when the group met Wednesday evening at Malta Temple for a cooperative dinner and election of officers.

Others who will serve are Mrs. William Daugherty, vice president; Mrs. Elsie Bailey, secretary and Mrs. Edwin Schram, treasurer. Mrs. Don Buzzard was appointed chairman of the committee to work with the American Cancer Society. An all day meeting will be held at the temple on April 25.

WCTU Unit Hears Talk by Doctor

Whitney Members Gather at Home of Mrs. Glennie

Dr. Glenn Bylsma, resident doctor of Pontiac General Hospital, was guest speaker at the Tuesday afternoon meeting of the Dora B. Whitney Group of WCTU. Mrs. Forest Glennie was hostess to the group at her home on Montroyal avenue.

The speaker stated that true temperance means complete self-control in the use of anything harmful to the body, naming alcoholic beverages and especially cigarette smoking.

"Statistics compiled through scientific efforts have proven that the way one lives dictates the quantity and quality to be lived," the speaker stated. "For every cigarette smoked the smoker gives up 34.6 minutes of his life."

"In two packages of cigarettes there is enough nicotine to cause death were it taken all at once. The so-called 'lift' a cigarette gives does increase blood sugar but steals it from the reserve the body has built up."

Mrs. C. E. Anderson gave devotions using "Are You Fitted For Eternity" as her topic.

GROUP SINGING

Mrs. Paul Wilson accompanied the group during community singing. Mrs. A. D. Stimer presided at the business meeting.

Mrs. Eleah Patton reported that if enough WCTU members hand in the proper petitions, they will be presented to the City Commission. A petition is being circulated to continue alcohol education in the schools.

Announcement was made of the YTO meeting to be held at the Evangelical Tabernacle on Tuesday. Mrs. Frank Deaver will be in charge of the program.

On May 1 the WCTU Federation will hold a mother and daughter breakfast at the First Methodist Church. Mrs. L. G. Rowley will be the speaker.

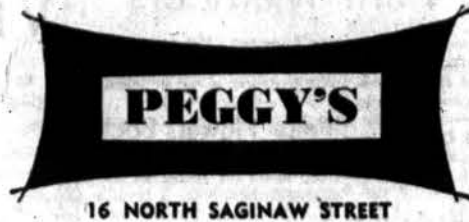

Following the closing prayer led by Mrs. Glenford Haviland, refreshments were served by the hostess.

VFW Auxiliary Elects Delegates

Members of VFW 1008 Auxiliary elected delegates for the fifth district at their recent meeting. Representing the group will be Mrs. Loren Beach, Mrs. Frank Finkle and Mrs. William Weaver. Alternates are Mrs. Walter Sauter, Mrs. James Dando and Mrs. Florence McCrae.

The annual report was given by Mrs. Beach, president of the auxiliary. Mrs. Paul Boelter reported on hospital and cancer projects taken on by the group. Donations were made to the Cancer Crusade and the May Festival at the National Home in Eaton Rapids.

Installation will be held by the Post Auxiliary April 23 at Legion Hall.

Don't Postpone the Joys of Living

By ANNE HEYWOOD

You have to live life as you go along. You can save up money, your body can save up the fat you eat, you can save up old issues of magazines, but you can't save up living. It has to be done as you go along.

That's one thing that Mr. and Mrs. R. T. forgot. They are paying quite a price for their forgetting.

"You've got to help us," Mrs. R. T. writes. "We just got back from seeing the family doctor and he hauled us out."

"We're both in our early 60s, my husband and I, and we are both retired with very comfortable incomes. My husband worked in one company for 30 years and has a nice pension. I always had a job, although I moved around a great deal."

"We never had any children, so my salary went into savings and investments. That's why our income now is so good."

NO INTERESTS

"But—and it's a big but, I know—we always worked so hard, saved so religiously, that we never really had any hobbies or outside interests. When employer policies dictated retiring because of age we were at a loss."

"That's where the doctor comes in," she continues. "He says we're not in very good shape. It's nothing serious. We're just listless with no interests."

"We took a few trips but that gets boring after a while. Sleeping late, and all the things we thought we'd enjoy in this let-

surely new life aren't any fun at all.

"Do please suggest some hobbies, something we could find an interest in so we can begin living again."

The trouble with these people is that they've lost the knack of living. They postponed living, really living, for years, while sav-

If you cross a certain line on the ocean you lose a day. If you cross a certain line on the highway you may lose a lot more.

ing money and working at jobs they didn't really love.

Now that talent, the talent for living, is going to have to be dug up and exercised.

VOCATIONAL TESTING

First, I'd suggest good vocational testing at their nearest university. They'll uncover something they could like, and be good at. Later, maybe some courses in the indicated subjects would prove interesting. There's nothing like putting an inactive mind to work.

Finally, some kind of volunteer work, along the lines of the newly uncovered aptitudes, would give them a chance to help others less fortunate financially than they are.

If you are postponing living, better start right now to find something to live for.

If you need aid in finding it,

Pictures of Europe

The Dorcas Class of Oakland Avenue United Presbyterian Church met at the home of Mrs. Ralph Osborne on Ellwood avenue Tuesday evening. Mrs. Edna Matheny gave the devotion and Mrs. May meeting.

Park Wagg, vice president, presided at the business meeting. The 22 members and five guests present enjoyed the pictures shown by Mrs. Cyril Strang of her trip to Europe. Mrs. Clarence Failing invited the group to her home on Voorheis road for the

BAKING WITH DUNCAN HINES IS FUN!

This Mocha-Cream Filled Angel Food Cake has made many a hostess famous—(you, too!)

FILLED WITH BANANA-CREAM, IT'S DELICIOUS

Mocha-Cream Filled Cake Banana-Cream Filled Cake
Make cake shell using Duncan Hines Regular or Chocolate Angel Food Cake Mix

Prepare 1 package vanilla pudding as label directs, adding 1 Tablesp. instant coffee before cooking. Cool thoroughly. Beat 2 cups whipping cream with 1/4 cup sugar until stiff. Fold about 1/2 of it into the pudding. Then fold in cake pieces and spoon into cake shell. Spread rest of whipped cream over top of cake. Sprinkle with broken nuts. Chill 4 hours or more before serving. Makes 12 to 16 servings.

Cook 1 package vanilla pudding. Cool. Beat 2 cups whipping cream with 1/4 cup sugar until stiff. Fold a little more than 1/2 into pudding; fold in cake pieces. Cover bottom of shell with 1 sliced banana. Add pudding mixture. Top with another sliced banana. Spread remaining whipped cream over top of cake. Chill 4 hours. Before serving, decorate with banana slices dipped in lemon juice.

Our Angel Food Mixes—either regular or chocolate—simplify the baking. The rest is easy, too, with packaged pudding.

"When guests remember a dessert long after a party, you can be sure it's a wonderful dessert. That's this kind of cake—a shell of delicate angel food filled with lightly torn pieces of the cake melting into a luscious coffee-flavored cream . . . frosted with whipped cream and dusted with nuts!

"This cake used to take hours—and a sure hand—to make. But with our Angel Food Cake Mixes the baking is easy, quick, and absolutely sure to turn out a perfect cake. High as it should be, rising far above the pan. Tender and light, because the 13 egg whites in the package are very special egg whites, chosen for angel food alone.

"The filling is quickly made with one of the fine packaged puddings now available, and the flavoring is instant coffee.

"Make this delicious cake for your next bridge luncheon or buffet supper, and be prepared to share this easy recipe with your friends—they'll ask for it!"

Baking with Duncan Hines is an Adventure in Good Eating:

WHITE • YELLOW • DEVIL'S FOOD • MARBLE • SPICE • BURN'T SUGAR
SUNSHINE SPONGE • REGULAR AND CHOCOLATE ANGEL FOOD CAKE MIXES

Miracle fabrics like miratiste are a boon to the busy woman today. Requiring no ironing, the fabrics are dainty enough for the finest lingerie. The shortie pajama above is fetching in a tiny print with sheer nylon tricot ruffles.

Mrs. Garrison Will Head WWS Group

Mrs. John Garrison installed the newly elected officers of Women's Society of World Service of the Baldwin Avenue Evangelical United Brethren Church Tuesday evening. Mrs. Walter Fredericksen opened her home on Baldwin Avenue for the meeting. Mrs. Alfred Bell served as cohostess.

Assuming the duties of president will be Mrs. Barbour Williams. Others taking office are Mrs. Grant Burlison, first vice-president; Mrs. Fredericksen, second vice-president; Mrs. Charles Parrott, secretary; Mrs. Lewis Ball, treasurer; Mrs. Cecil Leggett, secretary of Christian Social Relations and Mrs. George Hollis, secretary of Youth Missionary Education. Mrs. Bell is the new secretary of Children Missionary Education.

Devotions were given by Mrs. Don Vincent. Mrs. William Gaddes, Mrs. Bell and Mrs. Myron R. Everett offered the prayer.

Mrs. Phillip Waldie gave the review on the lesson book, "This Revolutionary Faith." Others taking part in the program were Mrs. Robert Connelly, Mrs. Roy Kolb, Mrs. Emerson Kirby, Mrs. Leslie Bell and Mrs. Williams.

There were once a million sod houses on the American plains, says the National Geographic Society.

Sheer elegance is in this permanently pleated batiste no-iron short pajama. You just dip and let drip. The pajama is edged in lace.

Natural Gas Industry Large

Vapors First Used by Chinese; Now Sixth in U.S. Production

WASHINGTON—Natural gas, until recently the country cousin of the oil business, has gone to town with such a bang that it is now the nation's sixth largest industry.

Used 3,000 years ago by the Chinese, natural gas was first produced commercially in the United States in 1821 near Fredonia, New York, says the National Geographic Society. When General Lafayette visited the city in 1825 he was greeted with gas-lit street lights and served a gas-cooked meal.

Natural gas was not obtained in quantity, however, until oil began to flow—after 1859. And then, without pipes to deliver it, it had to be burned off as a bothersome by-product.

In Fredonia gas had been distributed through hollowed-out logs. Pipes of iron, lead and concrete also had been tried. But for the big push, the industry waited for modern steel pipes.

RUNS UNDERGROUND

These began coming in the late 1920's, only to be held up by the shortage of steel during World War II. Since the war, steel pipelines have veined the country reaching into every state but five and totaling end-to-end, 420,000 miles—or 17 times the distance around the globe.

Thus, through one of the world's great transportation systems, the invisible vapor flows, unheard and unseen. Except for pumping stations and office buildings, the natural gas industry runs underground.

Even storage facilities, mostly old abandoned gas fields, are hidden in the earth. One of these "cellars"—under the Government's gold vaults at Fort Knox, Kentucky—has a precedent in ancient history.

Delphi, the famous temple of Greece, was built over a gas field. People believed that the escaping vapors were the breath of Apollo and that the god voiced his wisdom through Pythia, a lady oracle who sat amid the fumes dispensing advice. Once King Croesus asked Pythia if he should wage war on King Cyrus. He would ruin a great empire, she said, if he did. He did—and destroyed his own kingdom.

Chicago U. Planning Philippine Studies

CHICAGO—Field studies at the village and regional level in several Philippine communities, designed partly to reveal the social and cultural factors that are important to plans for the islands' economic development, will be undertaken by the University of Chicago. The three-year project will be assisted by a \$20,000 Rockefeller Foundation grant.

Thinks U. S. Cars Look Like Starving Sharks

Gentle Englishwoman Really Knows Autos

By PHYLIS BATTELLE
NEW YORK (INS)—Mrs. Veronica Nicholson is an automobile expert who invariably drives her car with her shoes off.

She says most women where she comes from (London) do likewise.

"The reasons are of course perfectly elementary. In the first place, pushing down those appalling stiff pedals is an enormous strain on a foot in high-heeled shoes. Secondly, there is the safety factor. One gets such a lovely prehensile grip in one's stocking feet."

If the automobile manufacturers were as completely thoughtful of women as they pretend to be, Mrs. Nicholson therefore suggests, they would stop worrying about "those pink and persimmon-colored cars they think we're so devilishly stuck on, and do something constructive."

"Like redesigning the floors of cars so they'll be warm under the feet, and so on."

DAINTY EXPERT

Mrs. Nicholson, currently visiting the U. S., is a dainty mink-wrapped parcel of a British lady. You would never dream she is familiar with a carburetor, an engine, or any kind of clutch excepting her husband's.

Yet for four years, Veronica has been the auto editor and columnist

for the British edition of "Harper's Bazaar," after having served as its fashion editor.

"When they gave me this car assignment," she says, "I really didn't think it would be up my

Stove Loan Approval Sought From FHA

WASHINGTON (INS)—Sen. John Sparkman (D-Ala.) has asked the Federal Housing Administration to consider making built-in stoves and refrigerators eligible for FHA loan insurance.

Right now, Sparkman says that FHA has a flat ban on insuring loans for the purchase of any type of refrigerator or stove on the grounds that they are "free-standing" equipment and can be removed from the property.

Yet, the lawmaker says the FHA will handle loans for dishwashers "on the theory that they are part of the realty. Sparkman commented: 'This is truly making 'fish' of a dish-washer and 'fowl' of a refrigerator.'"

The Senate Housing Subcommittee chairman said he felt a "re-analysis" of the home improvement program is "overdue" especially since the administration is supporting "Operation Home Improvement" this year.

street at all. But I learned quickly there is a great deal of new interest in cars among women—and a great deal of improvement that could be made to please them."

For one thing, there is too much chrome on cars to suit the modest Englishwoman's taste, at least.

"If you've got to have chrome on a car, it should be put on more fastidiously," Veronica believes. "Why don't the makers just melt it all together and put it in one place, like on the top, instead of putting slices of chrome here and there, so willy nilly?"

PEDAL PROBLEM

Most cars in England have three pedals: Accelerator, brake and clutch. This troubles Mrs. Nicholson because "many women become flustered in traffic and then they push down the wrong thing. You may well kill yourself, and

perhaps some kind stranger, doing that." She wishes they could eliminate as many foot pedals as possible.

Mrs. Nicholson, who kids cars under her maiden name of Veron-

Call Off Mayor Swap

MUSKEGON (INS)—Howard V. Austin, mayor of North Muskegon, says a scheduled Michigan Week swap with Copper Harbor's mayor has been called off because of the distance involved. The cities are separated by 500 miles.

Mayor for Seventh Time

GREENVILLE (INS)—Owen Mumaw, elected six times Greenville mayor by popular vote, has been re-elected mayor under the city's new Council-manager form of government.

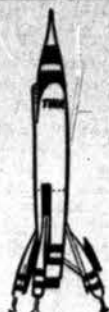

ica Meagher, is here in New York only to visit. She has not made any trips to auto showrooms.

"After all, I see the American influence in cars all the time in England, and I must confess I'm not too fond of it. Your cars look to me like starving sharks—with those big toothy grills, and the stereoscopic eyes for headlights. They frighten me a little."

She is hardly even comfortable kicking off her shoes in American cars. "The dashboards are so imposing, really. They leer at me and say, 'Be a lady, Veronica!'"

Employees Locked Out

EAST LANSING (INS)—East Lansing city employees were locked out of the City Hall for a hour Wednesday morning because a janitor locking up at night took the key home with him.

Takes Trooper Post

BAY CITY (U) — Capt. Vincent Neering of the Bay City post, Michigan State Police will take command of the third district Sunday. Neering was promoted from Lieutenant to Captain Tuesday. He has been assistant commander of the Third District, with headquarters here, since June 1954.

Druggist Dies in Crash

ESSEXVILLE (U) — Clarence C. Giard, 47, Essexville druggist, was killed Wednesday in the collision of his pickup truck and a cement truck in front of his drug store. He was alone.

GOP, Dems Beaming Over the Results of Illinois Presidential Primary Vote

CHICAGO (U)—For the record, both Democrats and Republicans are beaming about the results of the Illinois primary election.

These are the figures: President Eisenhower drew 753,267 votes from Republicans in nearly complete unofficial returns from Tuesday's preference test. Democrats gave Adlai Stevenson 703,291 votes.

Stevenson's tally was in 104 fewer precincts than were counted for Eisenhower. This is because a

handful of the state's 9,511 precincts decline to give out unofficial counts. Some precincts gave unofficial returns for only one party.

On the Republican ballot there were 32,685 votes for Sen. William F. Knowland of California, who is backing Eisenhower for a second term, and 9,099 for Lar Daly of Chicago, a frequent office seeker. Stevenson was unopposed on the Democratic ballot but there were

scattered write-ins for Sen. Estes Kefauver and Gov. Frank J. Lausche of Ohio. They won't be fully counted until the official canvass.

KEFAUVER BELOW EXPECTATIONS

It appeared, though, that Kefauver's write-in total would be about 4 per cent of Stevenson's vote. Supporters of the Tennessee senator, who did not campaign in Illinois, had hoped for at least 10 per cent.

The vote was light — some 1,600,000 voters, compared to almost 2,300,000 in the 1952 primary.

The state itself is considered Republican, although on occasion heavily Democratic Cook County (Chicago) can swing it to the other column.

Instead, President Eisenhower ran better downstate against Stevenson in Tuesday's primary than he did in the 1952 general election. In returns from downstate, Eisenhower received 467,256 votes to Stevenson's 226,343—a ratio of better than 2 to 1.

Four years ago, Eisenhower polled 1,268,354 votes downstate to 841,466 for Stevenson, under 1½ to 1.

Stevenson topped Eisenhower in the Democratic citadel, Cook county (Chicago) 476,948 to 256,011 Tuesday. Four years ago Eisenhower won the big industrial center 1,188,973 to 1,172,454.

In the 1952 presidential election, when Eisenhower defeated Stevenson, he carried Illinois with nearly 55 per cent of the vote.

A sidelight to the voting in Chicago: three almost entirely Negro wards voted 4 to 1 for Stevenson Tuesday, as compared to the less than 2 to 1 trend in the entire county.

Some mixed industrial - agricultural regions voted for Eisenhower in 1952 and again Tuesday. But one primarily industrial area, St. Clair County across the Mississippi River from St. Louis, gave Stevenson a whopping preference in both elections.

Assumes Ford Post

DETROIT (U) — Minor Wine Thomas Jr., lecturer on archaeology and crafts, has been appointed director of crafts shops and reproductions at the Henry Ford Museum in Dearborn.

Buy Voting Machines

KALAMAZOO (U) — Kalamazoo Board of Supervisors voted Wednesday to order 170 voting machines for the county to be ready for use in the August primary.

Salk Polio Serum Is Year-Old Today; Increased Supply Can Aid Thousands

WASHINGTON (INS)—One year ago today the Salk polio vaccine was endorsed as a safe, potent and effective weapon against the crippling disease science had struggled for years to conquer.

The road of publicity which followed that pronouncement at Ann Arbor, Mich. echoed for many months in congressional debate, in medical soul-searching, in the hearts of millions of parents the world over.

Today, at the start of new polio season, the debate has finally faded away. The Salk polio vaccine is once again considered safe, potent and effective. Once again the only major issue is supply.

Looking back on the first year since the vaccine was released, officials estimate the rate of paralytic polio was reduced by

about 76 per cent among those youngsters who received one or more shots.

THE BRIGHT SIDE

On the dark side of the ledger, at least 158 cases were "associated" with "faulty" vaccine from one manufacturer. On the bright side, perhaps 1,300 children were saved from paralytic polio.

Surgeon General Leonard A. Scheele believes these figures "clearly demonstrate the effectiveness of the vaccine as a preventive agent against paralytic poliomyelitis during the past season."

Perhaps ten million youngsters received one or more shots during all of 1955. The picture for 1956 seems much more hopeful, although officials still fear that production might prove "too little and too late."

OUTPUT INCREASING

Government health officials and manufacturers all agree that the Salk vaccine is a complex product, one of the most complex medical formulas ever made. Production and testing require four to five months in the best equipped laboratories, with the highest level of manufacturing skill. And there is no way to "rush" the process, with safety.

Nevertheless, despite this costly and tedious operation, despite the delays and setback of mid-1955, more than 45 million doses have been released to the public in a year's time. And output is increasing steadily each month.

Vaccine shortages led to a priority program which now permits states to include all children through age 19, and expectant mothers. It would take 195 million doses to provide the suggested three inoculations for 65 million Americans within this broad priority group.

To "stretch" available supplies, authorities suggest postponing the third "booster" dose, which ordinarily would follow the second in-

Machine May Aid Diagnosis

Say Electronic Wonder Developed to Detect Heart Ailments

EL PASO, Tex. (INS)—A new electronic wonder, based on the principle of the Nike guided missile, is being developed to aid in the detection of heart ailments.

Conceived by a Texas scientist as he recuperated from a coronary ailment several years ago, the machine, tentatively known as a spatial vector cardiograph, records "third dimension" electrical impulses from the heart.

W. E. Ingerson, Chief of Test Planning and Analysis for Bell Laboratories at the White Sands Proving Ground, is spearheading the project which is being developed at Texas Western College at El Paso.

Ingerson described the machine as a high speed electronic device for computing and recording the electrical pattern of the heart cycle in three dimensions.

He said it is hoped the new machine will permit detection of heart ailments earlier than is possible with the conventional electrocardiograph, and that it will aid in the diagnosis of rheumatic heart disease.

The El Paso Heart Association, through the Schellenger Research Laboratories at TWC, the Army Bell Laboratories and Western Electric are aiding in the research expense.

Ingerson is assisted in the research by Capt. J. A. Abildskov, heart specialist at William Beaumont Army Hospital; Tom Barnes, physics professor at Texas Western College, El Paso; H. N. F. Calhoun, a Western Electric engineer at WSP and E. R. Weir, Bell Laboratories technical assistant on the Nike project at White

Wins Regional Title

BAY CITY (INS)—Ann Gabhart of Harrodsburg, Ky., High School Tuesday captured the four-state regional title in the American Legion Student Oratorical Contest. She will compete next week in the section trials at Des Moines, Iowa. Miss Gabhart won over three other regional finalists, Edward C. Johnson, Jackson, Mich.; Kenneth Schurter, Chicago, and Deanna Cook, Fort Wayne, Ind. The contest is based on prepared and extemporaneous speeches dealing with the U. S. Constitution and Americanism.

Adopts Record Budget

GRAND RAPIDS (INS)—Kent County Board of Supervisors Tuesday adopted a record 1957 budget totaling \$3,872,977 and referred it to the allocation board for determination of millage. The tentative budget is \$338,877 more than the actual budget for 1956.

Precincts Rearranged

DETROIT (INS)—The 1,300,000 voters of Wayne County will cast ballots in 2,005 voting precincts in the August primary and November general election. Precinct adjustments have been completed in conformity with a new law limiting machine precincts to 1,400 voters and a paper ballot district to 800. Detroit eliminated 50 precincts through consolidations and expected receipt of 500 new voting machines. The fast-growing out-county area, however, added 99.

Corns Lift Right Out!

PAIN STOPS IN A JIFFY!

No waiting for relief when you use soft, soothing, cushioning, protective Dr. Scholl's Zino-pads. Painful shoe friction stops, pressure is lifted; new or tight shoes are eased. Ugh! Big Chief Pineman Now Go in Living Room

NEW YORK (AP)—A lot of people went shopping yesterday — for wooden Indians.

Customers made like bargain-basement enthusiasts in paying an average of more than \$500 apiece for the old cigar store statues.

"I've never known a sale to generate as much interest as this one," said Louis J. Marion, veteran auctioneer for Parke-Bernet Galleries.

"People love those wooden Indians."

A hundred of the rare figures, once familiar landmarks of the tobacco store in America, sold for \$54,700.

"I'm very satisfied," said Carl W. Haffenreffer, of Providence, R.I., whose father accumulated the redskins.

What did the buyers want with them?

Well, some plan to put them in their living rooms or hallways, or stand them in front yards, set them in lobbies of business buildings or showrooms, display them in museums or for sale in antique shops.

More than 400 people crowded the auction room.

SURPRISE THE WIFE!

"Don't use my name," said one purchaser, admiring his \$850, life-size wooden figure, holding a bundle of cigars and a plug of chewing tobacco. "This is going to be a surprise for my wife."

Highest price — \$2,050 — went for a tall Indian chief, carved in thin silhouette, with long hair, feathered helmet and black tunic. It was bought for a "Southern museum."

Name of the museum, for which purchases were among the heaviest at the sale, was not made

public, but it was reported to be at Richmond, Va., — with the bidder here acting for a donor.

STERN-FACED CHIEF

A stern-faced chief, with feathered crown, golden earrings, fringed tunic and buckskin trousers, will go to the lobby of Newsday, a newspaper on New York's Long Island.

Harry G. Guggenheim, husband of publisher Alicia Patterson, bought the proud, old warrior for \$1,025 for the newspaper building, and also picked up a squaw for \$350.

The 100 figures were about half of a huge collection, gathered during some 30 years of collecting Indian relics by the late Rudolph F. Haffenreffer, of Providence.

The statues were recently turned over to the Narragansett Brewing Company Foundation, of which his son is trustee, to be sold with the proceeds to go for charitable and educational purposes.

Charge 18-Year-Old With Theft of Auto

An 18-year-old boy has been charged with stealing an automobile which Pontiac Police said was found later sitting on its axles, stripped of tires and wheels.

A companion, 18, will take a lie detector test today in the theft of the parts, according to Det. Charles Hewitt.

Charged with unlawfully driving away the car from a Pontiac Motor Division parking lot Saturday afternoon is Jack W. Rivers, 18, of 1004 Boston St., Waterford Township. He was freed under \$100 bond set yesterday. Municipal Judge Cecil McCallum scheduled an examination for April 25.

Hewitt said the automobile was discovered the same day in a West Huron street parking lot, just beyond the city limits. Both bumpers, brake bands and brake drums also were missing, he said.

"Yours sincerely" comes from the Latin (sine cere) (without wax), a designation for Roman sculptures which did not have defects concealed by applications of wax.

Rowston Loses Vote Cup to Commissioner Cooley

District 1 Commissioner Dr. Roy V. Cooley was right when he warned fellow Commissioner Philip E. Rowston (District 2) in March that he would have to fight to retain a Boys Club trophy.

Rowston received the trophy last month for having the highest percentage of registered voters in his district vote in the March 5 primary.

But he didn't have it in front of him long in the City Commission chambers.

Boys Club Director William Coullacos announced that District 1 had 34 per cent of its 5,546 registered voters go to the polls in the April 2 general election. So the gold statue now rests in front of Cooley.

District 1 was only 4 of a point off of District 2 in the primary which caused Cooley to issue the challenging statement.

Results of other districts in the April election were: District 2, 22 per cent of registered voters; Dis-

trict 3, 18 per cent; District 4, 24 per cent; District 5, 21 per cent; District 6, 21 per cent, and District 7 had 21 per cent.

Rhode Island Studies Ban on Phony Sales

PROVIDENCE, R. I. (AP)—The Rhode Island Legislature is considering a proposal under which there could be no "going-out-of-business" or "fire" or "smoke" sales unless such conditions actually exist.

The bill has the backing of a commission created by the legislature last year to investigate "misleading" advertising.

Motorists Pay Fines in Curbside Device

CHICAGO—A device that looks like a parking meter has been developed to make it possible for parking violators to pay their fines without appearing in court or using the mails.

The parking ticket for use with the curbside collection machine is designed to fit in a slot in the device.

The motorist inserts the ticket halfway and puts in the amount of his fine in coins. Then he pulls a lever and the machine cuts off

and retains half of the ticket. The other half is stamped "paid" and is the driver's receipt. Both ends of the ticket bear the same serial number.

Peke Saves the Home

PORTLAND, Ore. (U. P.)—A small Pekingese dog played the hero's role at a house fire. Mr. and Mrs. Ted Morrison returned home to find a large hole burned in the linoleum. The dog, named Sandy, had burns on his front paws after stamping out the blaze. The Morrisons said Sandy demonstrated his fire-fighting bent once before by stamping out a cigarette which had fallen to the floor from an ash tray.

Research May Bring Better Apple Yield

WASHINGTON—Department of Agriculture plant breeders have developed a rare variation of the Winesap apple tree—a tetraploid plant with twice the normal number of chromosomes, tending to produce extra-large apples. The researchers hope the unusual tree will provide new breeding stock that may help growers produce large-size apples having the high quality and disease resistance of the Winesap.

The Venezuelan Guano asphalt lake is considered to be the world's largest natural deposit of asphalt.

Insurance Companies Lend Out 29 Billion

NEW YORK—The Nation's more than 1,000 life insurance companies invested some 6½ billion dollars in mortgages during 1935, nearly 1.2

billion more than in the year before and about 2.2 billion more than in 1933. It brought the total mortgage investment of the concerns to 29.3 billion dollars, some 22½ billion dollars greater than at the end of 1934.

House Adjourns Jet Base Debate

Squabble Over Location in Michigan Still Draws Representatives' Barbs

WASHINGTON (AP)—The two-year squabble over a site for a jet plane base in Michigan brought postponement yesterday of congressional consideration of a two-billion dollar military construction bill.

The house took up the legislation after most members had left the floor after a lengthy debate that ended with approval of the compromise farm bill.

Rep. Ford (R-Mich.) opened an argument for a site in Kalkaska County for the air base. Rep. Clare E. Hoffman (R-Mich.) said the discussion was important enough to be heard by more members and asked for a quorum call.

Chairman Vinson (D-Ga.) of the Armed Services Committee tried in vain to dissuade Hoffman and finally moved to postpone further action on the bill.

After several previous changes, the Air Force last year started building the multi-million dollar base at the Kalkaska site, favored by Ford, Rep. Bentley (R-Mich.) and Rep. Knox (R-Mich.), whose congressional district includes the Kalkaska site.

Supporters of the Kalkaska location plan a floor fight in an effort to reverse the committee decision.

Grace Greets Her Prince as Monaco Goes Berserk

(Continued From Page One)

silk topcoat, pearl earrings and a pearl bracelet. A corsage of white flowers was at her bosom. The prince was hatless, in a blue serge yachting suit, white shirt and black tie.

OFFERED HIS ARM

Then the film star left the bridge, the prince offering his arm as she descended the narrow ladder. They went below with her parents, joining local officials who had come aboard. White-gloved stewards scurried about.

At the dockside an honor guard of white-hatted Monacan police was drawn up. Hundreds of photographers and cameramen lined the second floor of a building overlooking the dock.

A cheer went up from the huge crowd as the future princess set foot on Monacan soil, some 40 minutes after the yacht pulled alongside the dock.

TOOK HER HAND

Grace left the yacht first, the prince close behind. He took her hand and helped her into a big, green American limousine.

A motorcycle escort roared ahead of the automobile. Crowds lining the streets applauded and waved flags.

A guard of the prince's personal police stood at rigid attention as buglers signaled the entrance of the couple to the palace grounds. Servants at the palace thronged to the windows.

Seeks Appeal Right in Court Conviction

A suit testing whether a justice court conviction may be appealed if the defendant pleaded guilty and paid his fine was filed yesterday in Oakland County circuit court.

Filed as a petition for mandamus action against Southfield Township Justice Edward A. Elsarelli, the suit charges he refused to forward appeal documents to circuit court after convicting and fining Robert E. Paine, 27, of Clawson, for drunk driving March 26.

Elsarelli contends the Supreme Court has ruled out appeals from justice court when the defendant pleaded guilty and paid the fine and costs.

Paine was fined \$100 with \$50 costs. His driver's license was suspended for a year.

Judge Elsarelli has been ordered to show cause why the mandamus action should not be taken in a hearing Wednesday.

Policemen's Group Plans Benefit Dance

Third annual benefit dance of the Pontiac Police Officer's Assn. will be held May 19 in the Knights of Columbus Hall, according to Sgt. James L. Carr, chairman.

Proceeds will go to charity programs and sports teams sponsored by the officers, he said.

Free tickets may be obtained from any policeman, Carr said, and a price of 25 cents a couple will be charged at the door.

Store, Apartments Damaged in Blaze

Foodstuffs and equipment valued at \$4,000 were damaged yesterday evening, Pontiac firemen said, in an hour-long blaze which struck a grocery store at 228 N. Saginaw St. about 6:30 p.m.

About \$1,000 damage also was done to the building, they said, after fire started when a customer carelessly dropped a cigarette.

Smoke damaged two apartments above the market, firemen added.

Orchard Lake Girl, 10, Struck Down by Car

A 10-year-old Orchard Lake girl is in fair condition, Pontiac General Hospital authorities said today, after she was struck down by an auto while waiting for a school bus this morning.

Barbara Baker, daughter of Mr. and Mrs. N. L. Baker of 3164 Walma Dr., received a fractured left leg, possible skull fracture and lacerations.

Driver Richard Nicholas, 25, of 478 E. Boulevard, was not held. He told Orchard Lake police the girl darted into the path of his auto, apparently to look at an approaching school bus.

Award Separation Job

A contract for a \$97,598 grade separation carrying Drake road over the Brighton-Farmington Expressway was Oakland County's share of a record road contract letting held yesterday by the State Highway Department.

The contract, awarded to low bidder Joseph Plozi, Inc., of Detroit, was one of 21 trunkline projects totaling \$9,275,681 let yesterday.

More women held jobs in the United States in 1955 than in any previous year, some 21,000,000 of them being regularly employed.

Hoffa Counters Racket Charge

Teamster Leader Asks 'Honest Investigation Anywhere, Anytime'

CAMBRIDGE, Mass. (AP)—James (Jimmy) Hoffa, vice president of the Brotherhood of Teamsters, has offered to "submit to any honest investigation anywhere."

Hoffa made the offer last night in answer to New York Dist. Atty. Frank Hogan's recent assertion that he is supported by "hoodlums and racketeers."

"I have been investigated by Grand Jurors and Congressional investigating committees," Hoffa told a news conference. "I have never been indicted. I will submit to any honest investigation anywhere, including New York."

"I'll tell any Grand Jury or other body my side of the story, if I'm allowed to, and I am sure there will be no evidence of any irregular association or wrongdoing on my part."

TALKS AT HARVARD

Hoffa came here to make an off-the-record speech at a Harvard University graduate school seminar on collective bargaining in the over-the-road transportation industry.

Labor officials high in AFL-CIO councils recently assailed Hoffa of offering to lend \$400,000 to the International Longshoremen's Assn., ejected from the old AFL in 1953.

Hoffa said he did not enter New York with the intentions of "taking over the trucking industry."

"I stepped into the situation to stabilize make conditions for truck drivers in New York, New England and the rest of this region," he said. "The area was not completely organized and I went in there to protect union members against unorganized firms."

Circuit Court Date Set in Slashing Case

Charged with slashing a fellow player's face after a card game March 28, Walter Andrews, 22, of 533 Harvey St., yesterday was bound over to Oakland County Circuit for appearance Monday, following an examination by Pontiac Municipal Judge Cecil McCallum.

According to police, the victim, Bennie Williams, of 481 Harvey St., claimed he was cut with a knife, apparently "for no reason at all," after the game at Andrews' boarding house.

Andrews was returned to jail under \$300 bond.

Egypt will take a census in 1957, Cairo reports.

Three Receive Injuries When Driver Sleeps

One person was hospitalized and two others treated for minor injuries today following an early morning two car accident at an Oxford Township intersection.

Howard Hulsapple, 36, of Oxford, was reported in satisfactory condition at Pontiac General Hospital after suffering a fractured nose, multiple face cuts, and a bruised left leg. Hulsapple was the driver of one of the vehicles. The other was operated by Kenneth R. Henke, 21, of Ferndale. Henke and Annabelle E. Hulsapple, 24, a passenger, were both treated and released at the hospital for bruises and lacerations.

Henke admitted to investigating Oakland County Sheriff's deputies that he fell asleep at the wheel while traveling north on M24. Hulsapple said he was unable to avoid the collision since Henke was coming towards him on the wrong side of the road, according to the report.

Sylvan City Council Delays Budget Move

The Sylvan Lake City Council last night delayed the adoption of the city's 1956 proposed budget until April 25.

City Manager Ernest L. Ethier said he expected the council to approve the \$114,290 budget at that time. This proposal shows an increase of \$20,785 over the 1955 budget.

At the same April 25 meeting, the council expects to receive bids on \$50,000 worth of revenue bonds to finance the completion of the city's new water system.

Other action last night included the approval and the signing of a purchase contract on two voting machines for the city. They are expected to be ready for the August election, Ethier said.

Says Army Division Moves to Mideast

HARTFORD, Conn. (INS)—The Hartford Times has reported the "entire Second Armored Division, now in Europe as been ordered into the Middle East as rapidly as possible."

William Garrett, of the Times Washington Bureau, said Wednesday the American troops would begin to arrive in the Middle East in "30 to 45 days." The article added:

"Fifteen hundred Marines left Quantico Marine Base several days ago for the 'Mediterranean Area.'"

"The Pentagon was said to have decided earlier to shift the Second Armored, part of the Seventh Army stationed with NATO forces in Europe, to the Mediterranean trouble spot."

"... It was said they may be stationed in Saudi Arabia."

Open Court Hearings on Building Permit

Hearings began today in Oakland County Circuit court on a mandamus suit involving the controversial Hazel Park multiple dwelling issue.

Builder David Fuller, who obtained a permit to build a multiple dwelling in the city under a recently passed city ordinance, is petitioning for mandamus action to compel the city to let him build it.

The city, under a new city council, now contends the ordinance was passed illegally. It claims petitions circulated opposing the ordinance attained signatures of 20 per cent of the city's voters, necessitating a 4/5 vote of the city council to pass the ordinance.

The vote was 3-2. Two housewives who circulated the petitions will testify in the case, since the petitions reportedly were not filed in the city files and have not been located.

Boy, 3, Struck by Car, in 'Fair Condition'

A three-year-old boy, struck by a car yesterday afternoon after apparently running into the street in front of his home, is listed in fair condition in St. Joseph Mercy Hospital.

Michael R. Covington, son of Mr. and Mrs. Franklin Covington, 147 Auburn Ave., suffered a possible concussion, Pontiac police said.

According to a report by the driver, Virgil E. Workman, 35, of 11 Willard St., the boy was not noticed until Workman "heard a thump" and slammed on his brakes.

Grand Rapids Man, 82, Killed in Alabama Crash

OPELIKA, Ala. (AP)—A Grand Rapids, Mich., man was injured fatally yesterday when a car and

a truck, each pulling a trailer, collided at a bridge near Opelika. The victim, Henry Fountain, 82, died four hours later at a hospital here. His wife, Mrs. Alice Fountain, 61, was seriously injured.

Opera Beauty Suggests More Spark at the Met

By EARL WILSON

NEW YORK—What'll they think of next? After trying to pep up opera, Claramae Turner now wants opera actors to learn to act.

"After seeing exciting things on TV, people are going to be pretty bored watching stereotyped, semaphore acting at the Met," says Miss Turner, the blonde "Carmen" who broke into the movies in "Carousel."

"And they'll be unhappy seeing some dull, stodgy costumes dug out of an ancient trunk."

Miss Turner's bare-midriffed "Aida" stirred up San Francisco a while back.

"It showed too much of Claramae," she says. "They brought me some chiffon, but I wouldn't wear it." Then she was voted one of the 10 best dressed women—or was it 10 best undressed?

"We really need some new operas in English," Miss Turner said. "American stars have it tough. European stars sing only in their own language. Our stars have to sing in German, French and Italian—and seldom in English."

"I also think," she added, "that too many people criticize what English operas we do have. They say 'I didn't understand a word of it.' Sometimes I'd like to ask them if they understood a word of it in Italian."

★ ★ ★

The Duke and Duchess of Windsor are living it up. Saw "Mr. Wonderful" where the Duke led applause for Sammy Davis Jr.'s "Birth of the Blues"—also to the Ambassador Embassy Club where they exchange hellos with ex-Ambassador Joe Kennedy . . . Jackie Gleason's summer movie deal's postponed, so he'll rest till August. He's back in Phoenix.

Jayne Mansfield gets a Life cover for her 23rd birthday—April 19 . . . Understand Comedian Joe E. Lewis looked at her and said, "She looks like a girl I'd like to know."

Old Anonymous said it: "Pray for what you want, but when you get off your knees—hustle."

Nichol Fontana was due here from Italy with Margaret Truman's wedding gown . . . Ted Florito's ex-wife Madeline married wealthy Australian Kenneth White, and invited her close friend, Linda Christian, to visit her for the Olympics. Linda accepted.

THE MIDNIGHT EARL . . .

Sammy Davis Jr.'s "Mr. Wonderful" grossed \$58,365 last week, believed to be a house record at the Broadway Theater . . . Barbara Britton's husband, Dr. Gene Czukur, said at their 11th wedding anniversary party that he'll move his practice from L.A. to N.Y. now that his B.W.'s anchored here.

There'll be changes on the Eddie Fisher TV'er, with Eddie handling more of the production . . . George Jessel ordered another ring for his honey, Joan Tyler, to go with the three-carat rock . . . Dancer Connie Calvert is a contestant in the Miss Miami Beach contest.

EARL'S PEARLS . . .

Modern music is the kind that is played so fast that you can't tell which composer it was stolen from.—Quote.

WISH I'D SAID THAT: "The girl who predicts she'll get a big diamond ring often turns out to be just a crystal gazer."—Charlotte E. Schroff.

TODAY'S BEST LAUGH: Peter Donald heard of the ultra-rich old man who had stained glass windows in his Cadillac. A local juvenile delinquent announces that spring is here. He just shot his first robin. That's earl, brother.

Record Tides Batter Virginia

Hampton Roads Vicinity
Under Flood; Two Tons
Isolated by Waters

NORFOLK, Va. (U)—The highest tides in two decades churned up a quickie flood in the Hampton Roads coastal area last night, disrupting communications and transportation and temporarily isolating two communities.

The waters lapped into business sections of Norfolk and Newport News, forced suspension of ferry service linking the two cities and caused the closing of a main bridge across the James River.

10-MILE WINDS

The floods struck hardest at the York County community of Pogoan on Chesapeake Bay and the Norfolk-side village of Willoughby. Each was isolated for a while and Army amphibious vehicles were called in to re-establish connections.

The tides were spawned by an Atlantic storm that brought winds up to 70 miles an hour. The tides reached a peak of four to five feet above normal before midnight and began receding.

The weather bureau said the worst of the northeaster was over, but a new threat was posed by high tides due today. The bureau said they were expected to be less than two feet above normal.

'Stolen' Auto Returned With Free Repair Job

UTICA, N.Y. (U)—Ralph Denicola reported his automobile stolen. He got it back a few hours later—with a free \$10.50 wheel alignment.

A garage employee, sent to pick up a neighbor's car, took Denicola's by mistake.

Who's Goin' Fishin'?

BIG RAPIDS (U)—Reed City State Police Wednesday investigated the reported larceny of upwards of 18,000 minnows from the Morley storage pens of Gerald Dennis, Big Rapids bait dealer. Dennis estimated loss at \$420.

SHE LIKES IKE—Mayor Felisa Rincon de Gautier of San Juan, Puerto Rico, proudly displays a portrait of President Eisenhower. She discovered the picture in Madrid, Spain. The artist, Antonio Castellano, did the portrait because he was impressed by Ike's effect.

Bandit Commits \$650 Robbery Near Fort Knox

FORT KNOX, Ky. (U)—Almost within the shadow of the big government gold vault, a lone bandit made off with \$650.

The Western Union office robbery also occurred within 200 feet of the provost marshal's headquarters of the Army's huge armored center.

The bandit wrote a message and handed it to clerk Mrs. Shirley Thomas. It read:

"Give me all you have or I'll shoot."

Mrs. Thomas said she tried to stall for time, but the man, with his hand in a pocket as if he had a gun, snapped:

"Well, you can read, can't you? Make it snappy, no change." Mrs. Thomas obeyed. The man fled.

Although malaria is typically a disease of warm climate, it has been found as far north as the Arctic Circle.

Use 2 Loaf-Shaped Pans to Bake Angel Food Cake

Ever tried baking Angel Food Cake mix in loaf pans?

We used to think it couldn't be done successfully, but recent tests show that angel mix batter can be divided easily into "twin" loaf pans—with the same fine baking results you receive with the larger tube pan.

And the added advantage! In changing baking pans, you will

have two cakes from one mix—one sized right for small family or dessert entertaining—and one to pop into the freezer for later use.

The smaller cake is easier to keep, serve and carry. It will star in the picnic basket, on the club meeting refreshment table, as a thoughtful gift to your neighbor.

Regular loaf pans of 9x5x2½-inch

size should be used, and remember to wash your pans thoroughly with soap and water before using. Trace of grease left on pan sides may cause your cake to fall from the pan when cooling. To cool, invert the cake by resting corners of the loaf pan on other pans.

A wealth of new easy dessert recipes are possible with angel loaf cakes. For a luscious light dessert for coffee parties, bridge

club or dessert after dinner, the Orange Angel Loaf has been developed.

The cake is cut into three layers with a refreshing fresh orange filling and coated with whipped cream to make a dessert fit for the gods.

Orange Angel Loaf
Heat oven to 375 (350 for glass pans). Make batter as directed on Angel Food Cake mix package.

Pour into two shiny ungreased loaf pans, 9x5x2½ inches. Bake 25 to 30 minutes.

Invert to cool, resting corners on other pans. When cool, loosen from sides of pan with knife, invert pan and hit sharply on table to remove cake.

Split one loaf lengthwise into three layers. Spread Orange Filling, or packaged lemon pudding, and whipped cream between layers. Cover top with more whipped cream (for both filling and topping whip 1 cup whipping cream

and one-fourth cup sifted confectioners' sugar).

Or frost the entire cake with all the whipped cream. Garnish with chocolate shavings. Chill one to two hours before serving. Six to eight servings. Freeze other angel loaf for another time.

Orange Filling
Mix in saucepan 1 cup sugar, one-half teaspoon salt, one-fourth cup cornstarch. Stir in slowly 1 cup orange juice (including pulp). Cook over medium heat, stirring constantly. Boil one minute.

Blend in 1 to two tablespoons grated orange rind, 1½ tablespoons lemon juice, 2 tablespoons butter. (Frozen orange juice may be substituted for fresh and orange rind omitted.)

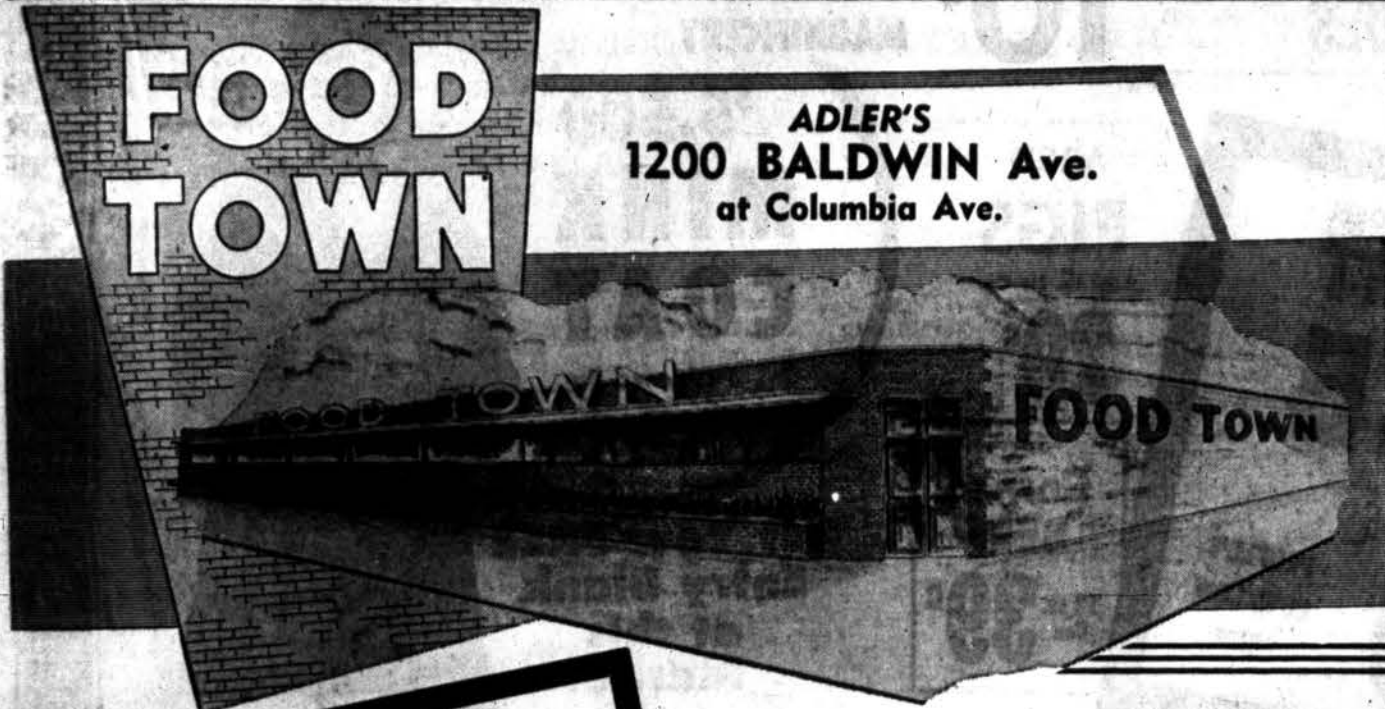

Big Day Conducted

LANSING (AP)—Lansing and East Lansing school teachers took a day off from their classrooms Wednesday to tour local industries and businesses during the annual Business-Industry-Education day.

Cranberry Fluff—Quick, Easy, Fancy

Break up cranberry sauce with fork or pastry blender. Add vanilla wafer crumbs and blend well. Whip cream; fold into cookie mixture. Serve garnished with additional whole vanilla wafers in a scalloped edge around dish. Serves four.

Cranberry Fluff
1 can whole cranberry sauce
20 vanilla wafers (8-ounce package), coarsely rolled
1 cup heavy cream

Pineapple Adds Flavor and Color to Appetizer Tray

One of the requisites for an appetizer is that it have eye appeal as well as taste appeal. Pineapple rates high in both counts with its bright golden color that combines wonderfully with a wide variety of foods.

ing with 1 teaspoon celery seed and one-fourth teaspoon salt. Pour over 2 cups cooked shrimp and 2 cups drained pineapple chunks. Allow to stand in refrigerator for three or four hours before serving. Serve chilled on toothpicks, alone or with olives.

packages cream cheese and 5 tablespoons mayonnaise. Stir in one-half cup finely chopped nuts, 1 teaspoon chopped ginger and one-third cup well-drained crushed pineapple. Sprinkle surface with chopped mint.

form into balls around pineapple chunks. Roll in chopped nuts.

Spicy Shrimp and Pineapple Nibbler
Combine 1 cup of French dress-

Tropical Dunk
Blend together until creamy 2

Pineapple Cheese Appetizer
Combine 1 package cream cheese with 1 can of deviled ham and

Spiced Pineapple
Add 2 teaspoons vinegar and one-half teaspoon mustard to 1-pound can of jellied cranberry sauce that has been pressed through a sieve. Refrigerate until well blended. Use as a dunk for pineapple chunks.

Drain syrup from a No. 2½ can of pineapple chunks. To three-fourths cup of the drained syrup, add three-fourths cup vinegar, 1½ cups of granulated sugar, dash of salt, 8 whole cloves and one 4-inch piece of stick cinnamon. Heat for 10 minutes. Add pineapple and bring to a boil. Allow to stand for at least 24 hours in the refrigerator. To serve, drain pineapple and serve icy cold with toothpicks. (These spicy pineapple chunks make a delicious accompaniment for meats, also.)

Hot Pineapple-Sausage Hors D'oeuvres
Cut 1 package of brown and serve sausages into thirds and brown in skillet. Remove from pan. Drain the syrup from a No. 2 can of pineapple chunks and place in chafing dish. Place one pineapple chunk and one sausage piece on each toothpick. Arrange in juice and keep warm over candle warmer. Yield: Thirty-three.

center of a glass plate (a colored wooden pick stuck in each). Surround with a wreath of coconut and another wreath of grated yellow cheese for dunking. Serve with sandwiches and hot coffee.

Simple Meals Best
Keep meals simple. Too many main dishes and a great choice among vegetables and relishes when served with several desserts often result in over-eating. MSU food specialists say a huge variety at any one meal is in poor taste in these modern times.

Mixes Are Good to Have on Hand

By JANET ODELL
Pontiac Press Home Editor

You're all buying cake and cookie mixes this week because you're interested in seeing the Pontiac Civic Auditorium fund grow. You'll have a variety of these mixes on hand for a time now.

Let's discuss some of the ways you can use them.

You've heard of—and no doubt made—Parfait Pies. You know how easy it is to make the parfait filling. Think how good it would taste with angel food cake.

You can serve Angel Parfait Cake again and again, flavoring

it differently each time. With the various ice creams, gelatin flavors and fruits available, you have any number of possible combinations to choose from.

STRAWBERRY FLUFF PARFAIT
1 angel food cake, made from a mix
1 package frozen strawberries, thawed and drained
1 1/2 cups liquid (strawberry juice, plus water)
1 package lemon gelatin

1 pint vanilla ice cream
1/2 pint whipping cream
2 tablespoons sugar
1/2 teaspoon vanilla
Slice cake into 3 layers, using sharp knife with serrated edge or heavy sewing thread (pull back and forth in sawing motion through cake).

Heat liquid to boiling. Remove from heat. Stir in gelatin until dissolved. Add ice cream, cut into pieces. Stir immediately until melted.

Chill until mixture is thickened but not set, 15-25 minutes. Fold in thawed strawberries. Chill until almost set, 15-20 minutes.

Spread gelatin mixture between cake layers. Chill until filling is set. Frost top and sides with sweetened whipped cream; garnish top with additional strawberries, if desired.

Whip cream until thick; stir in 2 tablespoons sugar and 1/2 teaspoon vanilla with a few turns of the beater or spoon.

Cookie mix is also a useful one to keep on hand. It has been blended more completely by machine than a home cook could blend it. That means refrigerator cookies need not be chilled so long as those made by a home recipe.

Try this recipe when you're looking for something to feed hungry teenagers.

PINWHEEL COOKIES
1/2 package semi-sweet chocolate morsels
1 1/4-ounce package cookie mix
2 tablespoons water
Melt semi-sweet chocolate morsels over hot, not boiling water. While morsels are melting, empty cookie mix into mixing bowl; add water. Mix with work; knead well with hands.

Divide dough in half. Combine melted morsels and one-half of the dough; knead well. Roll out each half between 2 sheets of waxed paper into a 10-inch square. While rolling, push up sides with ruler to make straight edges.

Remove top sheets of waxed paper. Invert plain dough on top of chocolate; remove waxed paper. Cut dough in half; roll each half as for jelly roll. Chill 10 minutes.

Slice rolls about 1/4-inch thick; place on an ungreased cookie sheet. Bake in a moderate oven, (375 degrees F.) 8 minutes. Yield: 5 dozen cookies.

Mrs. Forrest Brown, president of the Pontiac Federation of Women's Clubs is a cook who uses both mixes and regular home recipes. Since the organization of which she is the head is sponsoring the "Meet Your Neighbor" program, she is presently interested in mixes.

Here is her recipe for an upside-down cake.

CHERRY UPSIDE-DOWN CAKE
By Mrs. Forrest Brown
1 can tart red cherries
1 1/2 cups sugar
2 tablespoons cornstarch
1 package white or yellow cake mix
Heat cherries and juice in saucepan. Add sugar and blend well. Dissolve cornstarch in a little cold water. Add to cherry mixture and cook until transparent, stirring constantly.
Pour into an oblong or square cake pan. Prepare cake mix and pour over cherries. Bake as directed on box of mix. Serve warm or cold. Top with whipped cream, if desired.

Cup Pies Star Almond, Apple

Nothing new about the popularity of apples! In early Roman times, one spoke of a banquet being complete "from eggs to apples" just as we now say "from soup to nuts."

Surely the apple is one of our most versatile foods, and its usefulness is extended even further by the several forms in which it is canned.

Nearly every family has a favorite recipe for an easy apple dessert using canned apple slices or applesauce. Almond Apple Cup Pies, the one chosen here, adds chopped almonds to tasty little individual pies which are served with a rich brown sugar sauce.

Almond Apple Cup Pies
Pastry
1 can (1 pound, 4 ounces) apples
1/2 cup sugar
1/4 teaspoon nutmeg
1/4 teaspoon cinnamon
1/4 teaspoon salt
Beaten egg
1/2 cup chopped almonds
Brown sugar sauce
Roll out pastry and cut into 6-inch squares. Drain apples and arrange a mound in the center of each square. Mix sugar, spices and salt. Put about a tablespoon on top of each mound.
Fold corners of pastry over apples, pinching edges together to seal. Place on a baking sheet, brush with beaten egg, and sprinkle with almonds.

If you use dry cereals in your favorite meat loaf, bear in mind that 2 cups of whole wheat flakes equal 4 cups of cornflakes slightly crushed after measuring.

ALMOND APPLE CUP PIES — Served with a rich brown sugar sauce, individual Almond Apple Cup Pies will truly melt in your mouth. Well-spiced canned apple slices peep out through a spatter of crunchy almonds as the little pies cluster attractively around their bowl of sauce.

Filberts Lend Extra Appeal to Sweet Treats

From the Northwest come these pleasant recipes using filbert nuts.

Peanut Filberts
2 cups toasted whole filberts
1 cup brown sugar
Few grains salt
1/2 cup water
Combine brown sugar, salt and water. Bring to boil. Boil for two minutes. Remove from heat, add filberts. Stir until syrup looks cloudy and is firm. Place on waxed paper or on a buttered platter and break the nuts apart.

Filbert Fudge
A batch of filbert fudge is ready in just a few minutes, if you use a prepared chocolate fudge mix and

stir into it one-half cup toasted filberts.

Filbert Fondant Roll
1 1/2 cups filberts
1 pound powdered sugar
1/4 cup melted butter or margarine
Few grains salt
1 teaspoon vanilla
2 to 3 tablespoons cream or evaporated milk
Toast filberts and chop coarsely. Add sugar and salt gradually to melted butter. Add vanilla and cream gradually and mix well.

Stir in 1 cup filberts and shape into log. Roll in remaining half cup filberts which may be more finely chopped, if desired. (This can be made in advance as the flavor improves with ripening.)

Want perfect apple fritters? Dip the apple slices lightly into flour before coating them with the batter you are using.

"MEET YOUR NEIGHBOR" — You will be meeting your neighbor at the grocery store this week. She will be selling cake and cookie mixes, frosting and cake flour to benefit the Pontiac Civic Auditorium fund. President of the Pontiac

Federation of Women's Clubs, sponsor of the event, is Mrs. Forrest Brown of Osceola drive. Sixteen-year-old Evelyn Brown, herself a good cook, puts in her two cents worth of flavoring.

Oxtail Ragout Easy on Budget

The oxtail ragout, a savory combination of economical oxtails and hearty vegetables, is a low-cost main dish. Serve the ragout and its rich gravy with crunchy French bread and crisp greens salad.

Oxtail Ragout
3 pounds oxtails, cut in 2-inch lengths
Flour, salt and pepper
2 tablespoons lard
2 small onions
2 sprigs parsley
2 peppercorns
1 cup hot water
2 medium potatoes

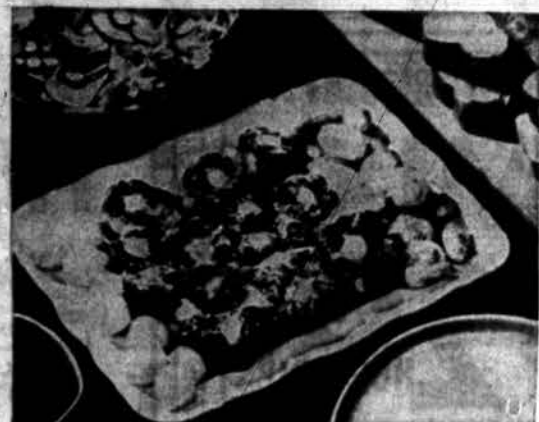

Roll oxtails in flour which has been seasoned with salt and pepper and brown in hot lard in a large, heavy saucepan. Mince two onions, add to saucepan, and cook until soft.

Add 1 teaspoon salt, parsley, peppercorns and water. Simmer, covered, 2 1/2 to 3 hours, adding more water and turning meat if necessary.
Add remaining onions and potatoes, 1 teaspoon salt and another cup of hot water, if necessary. Cook 30 minutes longer until meat and vegetables are tender. Six servings.

Vary Baked Beans

It's easy to add changes to the old standby, baked beans. Try canned ones emptied into a casserole, topped with sliced luncheon meat, baked in a moderate (375 degrees) oven for 30 minutes, then garnished with onion rings.

The first ship passed through the Panama Canal on Aug. 15, 1914.

OXTAIL RAGOUT — This oxtail ragout, a savory combination of economical oxtails and hearty vegetables, is a low-cost main dish. Serve the ragout and its rich gravy with crunchy French bread and crisp green salad.

Chowder Combines Tuna and Tomatoes

Ever notice what an enthusiastic reception a steaming bowl of soup gets on a snappy winter's night? We think such popularity is well deserved, particularly when the soup is made doubly delicious with flavorful tuna from California.

Tuna Tomato Chowder
1/4 cup butter or margarine
2 stalks celery, chopped
1/4 cup chopped onions
1 cup water
2 cups sliced potatoes
1 No. 1 can tomatoes
1 bay leaf
1 1/2-ounce can solid-pack tuna, drained
Salt and pepper to taste
Melt butter or margarine over medium heat. Add celery and onions and cook until tender. Add water and potatoes; cook over low

heat until potatoes are tender, about 15-20 minutes. Add tomatoes and bay leaf.
Break tuna into large pieces and add. Season to taste with salt and pepper. Cook over low heat 15 minutes. Remove bay leaf and serve. Makes four to six servings.

Mix Egg and Crabmeat

Few foods pair off so well with other foods as do eggs. Combined as sandwich fillings, the variations become unlimited. One of the best of these is egg-crabmeat filling.

To make filling: Combine one-half cup chopped hard-cooked eggs, one-third cup flaked crabmeat, one-fourth teaspoon celery salt, 1 tablespoon mayonnaise or salad dressing and one-fourth teaspoon lemon juice. Yield: Filling for four sandwiches.

PLAY MATCH'EM!

GET \$1.00 IN CASH!

IT'S EASY! EVERYBODY WINS!

HERE'S HOW: Just attach actual labels to match the jars of Swift's Meats for Babies pictured here! Print your name and address clearly in the space provided. Cut out section of ad enclosed within dotted line and mail to Match 'em, Box 7312, Chicago 77, Ill. You will receive a crisp new one-dollar bill!

YOUR BABY will love the wonderful flavors and creamy-smooth texture of the new Swift's Meats. And they're brimful of the body-building protein, vitamins and minerals baby needs for healthy growth. Serve all 8 varieties. Try Swift's Egg Yolks, too. They're rich in iron and ready to serve.

MEATS FOR BABIES SWIFT'S most precious product

Try Open-Style Club Sandwich

Ideas for quick, satisfying sandwich meals come in handy on days when you want to fix lunch or supper in a hurry.

Pickle Open Club Sandwich, an excellent suggestion for quick meals, is a good-tasting quartet teaming sliced chicken, pickles, tomato and bacon and served with a Russian type dressing.

Unlike the conventional sandwich, it requires eating with a knife and fork. Feature it on the menu for a party luncheon... your guests will find it a welcome change from the usual luncheon fare.

Pickle Open Club Sandwiches
 1/2 cup mayonnaise
 1/2 cup chili sauce
 1/2 cup chopped sweet gherkins
 1/2 teaspoon celery seed
 Lettuce leaves
 2 medium-sliced tomatoes, sliced
 4 slices crisp cooked bacon, cut in half
 4 slices cooked chicken
 4 sweet gherkins, sliced
 4 slices buttered toast

Combine mayonnaise, chili sauce, chopped gherkins and celery seed; mix well. Arrange lettuce, tomatoes, bacon, chicken and sliced gherkins on toast. Serve with dressing. Makes four servings.

Total attendance at fairs in the United States during 1953 topped 85,000,000, or one-half the population.

OPEN CLUB SANDWICHES — Piquant sweet gherkins lend a flavor plus to these 'open club' sandwiches. For lunch serve them with spiced

pineapple rings. You'll need a knife and fork to eat these concoctions.

Italians Cutting Down on Spaghetti Products

ROME (INS)—A nutrition expert says Italians no longer are as macaroni-minded as they used to be.

Prof Francesco Manini blames the drop in spaghetti-consumption on improved working conditions. He says the average Italian worker today needs only 2,500 calories daily to cope with his working

day while his forebears needed 3,000 calories.

Agence France Presse reported that the professor warned that the absence from the diet of these high-starch foods, whose nutritive quality matches that of animal proteins, may lead to physiological defects.

About 80 million tons of freight were moved on the Mississippi River in 1955.

Sandwiches Combine Frankfurter and Egg

Combine one-half cup chopped, cooked frankfurters with 1 chopped, hard-cooked egg, 1 tablespoon each of minced onion and chili sauce, one-fourth teaspoon salt, one-fourth teaspoon prepared mustard and one-eighth teaspoon pepper. Yield: Filling for four sandwiches.

Chinese Stew Stars Shrimp

Do you know that Chow Mein means "served on fried noodles"—that chop suey means just plain "stew served with rice"? So we're told by the Shrimp Association of the Americas, whose new chop suey type of recipe they call Chinese Shrimp Stew.

Chinese Shrimp Stew
 1 pound shrimp fresh or frozen
 2 tablespoons butter or margarine
 3 small onions, sliced
 1 No. 2 can bean sprouts
 2 tablespoons cornstarch
 1/2 cup cold water
 2 tablespoons soy sauce
 1 cup rice, cooked according to package directions
 Salt and pepper to taste

Shell and devein shrimp, but do not cook. Melt butter or margarine in frying pan and saute onion until soft and brown. Drain bean sprouts and add liquid to sauteed onions.

Thoroughly dissolve cornstarch in cold water and soy sauce and add to sauce, stirring until mixture thickens. Season with salt and pepper.

Add drained bean sprouts and raw shrimp, let come to a boil, and cook until shrimp are pink, approximately five minutes. Serve immediately on hot rice. Makes four servings.

Variation: You may add to the onions 1 cup chopped celery and/or one-half cup chopped pepper.

In addition to its 11,000 lakes, Minnesota has 30,000 miles of fishing streams.

COMBINATION PATTIES — There are tropical overtones in this fancy dish — coconut, potato and meat patties, served on slices of pineapple. These make an attractive dish to serve for a buffet supper. Garnish the platter with watercress.

New Frosting Mix Eases Preparation

Mixes are on the march toward more ease in preparation. Now on the market is a new product for seven-minute type frosting that cuts down time and work in mixing.

Soft, pure white and fluffy—this new frosting has a pleasing vanilla flavor and a marshmallowy texture. It is made from a true egg white base and requires no cooking, yet tastes homemade.

The big advantage of this new

product, Angel Fluff Frosting Mix, is ease in preparation. There is only one envelope of mix ingredients—no beating, adding of extra ingredients, blending and beating again.

You just add boiling water, blend until egg whites dissolve, and beat until the bowl is high with glistening white frosting.

One package provides enough frosting to generously cover a large two-layer cake or 24 cupcakes. For variety—a few drops of food coloring will give the frosting a pretty rainbow hue, or flavoring extract will complement your cake flavor.

Tropical Touch Enlivens Patties

Here's a main dish that is different. It combines mashed potatoes, leftover meat, green onions and coconut. You make this mixture into patties and cook briefly. When the patties are done, they are placed on slices of broiled pineapple.

If you're a venturesome cook, you might try this recipe with mashed sweet potatoes.

Combination Patties
 2-3 cup thin slices of coconut
 2 cups mashed potatoes
 1/2 cup finely chopped green onions
 1/2 cup salt
 1 egg, well beaten
 1/2 to 3/4 cup ground cooked pork or other meat
 Bread crumbs (about 1/2 cup)
 8 canned pineapple slices
 1/2 cup brown sugar (about)

Mix coconut, potatoes, onions, salt, pepper, egg and meat. Shape into patties and dip in bread crumbs.

Brown in hot greased skillet for three to five minutes on each side. While patties are cooking, drain pineapple juice, mix with brown sugar and spread over the pineapple slices.

Dot with butter or margarine. Place in broiler and broil until tops are bubbly. When patties are cooked, place on top of broiled pineapple slices. Serves four.

You can bleach nylon and rayon with gentle Ultra-refined **CLOROX** the same way you do cotton and linen!

An exclusive patented formula makes CLOROX extra gentle... free from caustic, Ultra-refined!

You can safely bleach white 100% nylon and rayon with Clorox every time you launder...the same as you do cotton and linen! Ultra-refined Clorox disinfects, deodorizes, removes dingy grayness and stains from all these fabrics...and Dacron, Orlon and Dynel, too.

And remember, in routine cleaning of kitchen and bathroom tile, porcelain, wood, plastic and linoleum, Clorox not only removes stains and deodorizes, it also provides a type of disinfection recommended by hundreds of public health authorities!

Now! Special Clorox treatment to whiten "age-yellowed" nylon!
 Follow this exclusive Clorox method*. Measure accurately. Add 2 tablespoons Clorox to 1 gallon warm water; then add 1 teaspoonful household vinegar; mix well. Immerse clean "age-yellowed" nylon 15 to 30 minutes; rinse well. Repeat if necessary. *Patent Applied For

Every time you use CLOROX you protect family health!

Lemon Puffs Light Dessert

When you're looking for a novel dessert to serve family or friends, try these new and very different individual Lemon Puffs. They have a definite grain, a spongy texture, and are ever so appetizing-looking with the crusty brown top.

The palate isn't disappointed, either. How could it be when there is fresh California lemon juice involved! The tart, but delicate lemon flavor makes this a "second-helping-dessert."

To make the lemon butterfly garnish, cut a lemon slice to the center and twist. Place on each Lemon Puff for an interesting accent.

Lemon Puffs

1-3 cup flour
2-3 cups sugar
1/2 teaspoon salt
2-3 cup milk
4 eggs, separated
1-3 cup fresh lemon juice
1 teaspoon grated lemon peel
1/2 teaspoon cream of tartar

Combine flour, sugar and salt in saucepan. Add milk gradually and stir; cook for 10 to 12 minutes or until thickened. Beat egg yolks and stir a little of hot mixture into them; add yolks to saucepan mixture and cook over low heat one minute.

Remove from heat; add lemon juice and lemon peel, stirring until well blended. Cool. Beat egg whites until foamy; sprinkle cream of tartar over them and beat until they form stiff peaks. Fold into first mixture.

Pour into ungreased individual baking dishes two-thirds full. Bake at 325 for 35 minutes. Serve with Lemon Sauce. Serves six to eight.

Lemon Sauce

1 tablespoon cornstarch
1/2 cup sugar
1/4 teaspoon salt
1/2 cup cold water
1/2 cup sherry or grape juice
1/2 cup fresh lemon juice

LEMON PUFFS — To celebrate the hundredth anniversary of the lemon industry, we're presenting this interesting recipe. Twists or butterflies of lemon peel garnish a novel dessert that has a spongy texture. Serve it with a lemon sauce.

1 teaspoon lemon peel
1 tablespoon butter

Combine cornstarch, sugar and salt in saucepan. Add water and grape juice or sherry gradually,

stirring until smooth. Cook 8 to 10 minutes or until thickened. Add lemon juice, lemon peel and butter. Stir until well blended and serve hot over hot lemon puffs.

Finishing up that catsup bottle? Then make some French dressing in the bottle. The last little bits of catsup in the container will add flavor to your dressing.

MEET THE MEAT BILL.—When project leaders of the Rochester District Home Demonstration groups met recently to take up the problem of "Meeting the Meat Bill," the women actually prepared some of the dishes discussed. Mrs. Fred Von Tobel, Mrs. Norman Peters did the work while Mrs. Claude Robertson looked on. All are from Rochester.

Extension Group Leaders Try Meeting the Meat Bill

Twenty Project leaders of the Home Demonstration program, representing eleven separate groups, met in Avon Township Pavilion recently. They took up the ever-present problem of "Meeting the Meat Bill."

In the morning session, Mrs. Mary Hixson, of the Home Demonstration staff discussed the various grades and qualities of meat, showing slides to demonstrate her point. The class was divided into committees and in the afternoon each was assigned a meat dish to

prepare. After the cooking session, everyone sampled the results. Below are given some of the recipes used.

Quick Skillet Meat Loaf

1 pound ground lean beef
1 egg
1 slice stale bread
1/2 cup milk—or more
2 tablespoons minced onion
1/2 teaspoon salt
Pepper
Flour
Meat drippings

Beat egg. Break bread into small pieces; add to egg; add milk, onion, salt and pepper. Add to meat; mix thoroughly. Shape into an oval loaf. Dust with flour on all sides.

Heat meat drippings in skillet or Dutch oven; brown loaf well on both sides; add 1/4 cup water. Cover tightly and cook over very low heat about 50 minutes. (Small potatoes, onions and carrots may be cooked around the loaf.) Garnish with onions or green pepper rings and raw carrot curls.

Barbecued Pork

End cut pork chops or pork steak may be used. Dust 6 servings with flour. Sear on both sides until browned; add Barbecue Sauce, reduce heat and cook slowly until tender (about 20 minutes). Serve with sauce.

Barbecue Sauce

4 tablespoons minced onion
1 cup condensed tomato soup
1/2 cup water
2 tablespoons vinegar
1 tablespoon prepared mustard
1/2 teaspoon salt
1 teaspoon (or less) chili powder
Dash pepper

Heat ingredients to boiling before pouring over browned chops. Makes enough for 2 pounds.

Liver Sandwich Spread

2 cups mashed or finely ground cooked liver
1/2 cup chili sauce or catsup
1/4 cup finely chopped celery
1/2 to 1/4 cup salad dressing
1 tablespoon minced onion (or more)
1 tablespoon prepared mustard or horseradish
Salt; pepper

Mix ingredients together well. Add salt and pepper to taste.

Jellied Swedish Meat Loaf

1/2 pound liver sausage
1 envelope gelatin
1/2 cup cold water
1 1/2 cups tomato juice
2 tablespoons lemon juice or vinegar
1/2 teaspoon salt
1/2 teaspoon pepper
1/2 cup salad dressing
1/2 teaspoon dry mustard
1/2 cup finely chopped celery
1/2 cup chopped green pepper
1/2 cup chopped stuffed olives (optional)
1/2 cup chopped onion
1 head lettuce, shredded
Paprika

Mash liver sausage with a fork. Soften gelatin in cold water. Heat 1/2 cup tomato juice just below boiling. Dissolve gelatin in tomato juice. Combine gelatin with remaining tomato juice, lemon juice, salt and pepper. Cool until mix-

ture begins to thicken. Combine liver sausage and remaining ingredients with gelatin-tomato mixture.

Turn into a 9-inch ring mold which has been rinsed in cold water. Chill until firm. Unmold on a chilled platter over a bed of shredded lettuce which has been sprinkled with paprika. (Eight to 10 servings.)

Quick Meat Pie

2 cups sifted flour
4 tablespoons fat
1/2 teaspoon salt
6 slices canned luncheon meat
6 thin slices of American Cheddar cheese
2 teaspoons baking powder
2-3 cup milk (more may be needed to make a soft dough)

Sift dry ingredients, cut in fat, add liquid to make a soft dough. Pat dough into a square baking pan. Arrange 6 slices of luncheon meat on dough. Place 6 thin slices of American Cheddar cheese on top of meat. Bake at 450 degrees for 15 to 20 minutes or until biscuit dough is baked and cheese melted.

Reduce Sweets to Keep Teeth Strong, Healthy

What you eat and also what you do not eat make the difference between teeth that are healthy and strong and those that develop cavities and other dental diseases.

Americans today use about 10 times as much sugar per person as their great-grandfathers did 100 years ago.

If you are a cookie or sweet-meat nibbler you probably are giving your teeth a hard time. For instance, the American Dental Association states that an ordinary bar of candy may contain from 5 to 20 teaspoons of hidden sugar. A piece of chocolate cake has 15 and a piece of pie 10 to 15.

Sugar causes acid-producing bacteria to multiply in the mouth and this bacteria causes decay.

Dental authorities urge mothers to reduce the amounts of sweets their children eat and to make sure that there are milk, vegetables, fruit, eggs, meat and butter in their diets.

Furthermore, they urge the importance of brushing the teeth immediately after meals. Bacteria caused by foods start forming in the mouth five or ten minutes after eating, and this is the time the greatest damage is done.

Bake Fillets of Fish and Vegetables in Foil

Sprinkle fish fillets with salt, pepper and paprika; arrange strips of onion and green pepper over the fillets; dot with butter or margarine. Wrap the fillets and vegetables in squares of aluminum foil and place on baking sheet. Bake in a moderate (375 degrees) oven about 25 minutes. Slit the foil on top with a kitchen scissors and serve in the packages.

Use Macaroni in Party Shapes

Macaroni comes in a diversity of attractive shapes. It's fun to try a different style now and then. You can use most macaroni products interchangeably. Just substitute them weight for weight.

Crab Deluxe Casserole

4 ounces small macaroni shells or bows (1 1/2 cups)
1 1/2 cups crabmeat (6 1/2-ounce can)
1 1/2 cups condensed cream of mushroom soup (10 1/2-ounce can)
Liquid drained from crabmeat plus milk to make 1/2 cup liquid
1/2 teaspoon Worcestershire sauce
1/2 cup blanched almonds, sliced
1 hard-cooked egg, chopped
2 tablespoons finely chopped parsley
2 tablespoons grated Romano or Parmesan cheese
3 tablespoons fine dry bread crumbs
1/4 tablespoon melted butter or margarine

Add 2 teaspoons salt and macaroni to 3 cups boiling water. Boil rapidly, stirring constantly, for two minutes. Cover, remove from heat and let stand 10 minutes.

Meanwhile, drain liquid from crabmeat into measuring cup. There will be about one-fourth cup. Remove cartilage from crabmeat and cut with scissors into bite-size pieces.

Empty soup into large mixing bowl and stir until smooth. Blend in crabmeat liquid and milk. Stir in Worcestershire sauce. Fold in almonds, egg, parsley, and crabmeat.

Drain and rinse macaroni with warm water and turn into a greased 1-quart casserole. Pour soup and crabmeat mixture over macaroni. Mix lightly. Blend crumbs with butter or margarine. Sprinkle cheese and crumbs over top of casserole. Bake in moderate oven (375) until mixture is bubbly and crumbs are lightly browned (about 30 minutes). Makes four servings.

Team Leftovers and Ring Molds

Try serving leftovers in a macaroni, rice or biscuit ring. This adds new interest and an entirely new look to the food.

By using milk and cheese with small amounts of leftover protein food, you give additional protein to the dish, which is wise. Here are examples of rings that go well with leftovers:

Macaroni Ring

2 ounces macaroni
2 cups hot milk
4 tablespoons butter
2 cups shredded American cheese (1½ pound)
2 cups soft bread crumbs
2 eggs, well beaten
2 tablespoons each minced parsley, minced onion, chopped pimiento
2 teaspoons salt
¼ teaspoon pepper

Cook macaroni and drain. Combine with other ingredients. Pour into a well-buttered 10-inch ring mold. Set in pan of hot water. Bake in a moderate oven (350 degrees) for about 30 to 35 minutes or until set.

Unmold on hot platter and fill center with creamed turkey. Makes eight servings.

Cheese Bread Ring

3 quarts soft ½ inch bread cubes
1 cup milk
2 eggs, beaten
1½ cups grated sharp Cheddar cheese
2 tablespoons grated onion
¼ cup melted butter
1 teaspoon salt
¼ teaspoon pepper
¼ teaspoon paprika

Combine all ingredients. Pack into well-buttered 1½ quart ring mold. Bake in moderate oven (350 degrees) for 45 minutes. Let stand five minutes before unmolding on warm serving platter. Makes eight servings.

Serve with creamed turkey and crisp celery in center. Add cranberry apple salad for contrast.

POLISH CHRUSTS — Springtime is teatime, and these Polish Chrusts will make compliments blossom from guests as they sample the fried pastry. Rolled oats give them a nutlike flavor.

Polish Teatime Features Chrusts, or Fried Pastry

Like the English, the Poles stop for tea in the afternoon. But they serve pastries like Chrusts instead of thin sandwiches and biscuits.

Chrusts are a unique and delicious fried pastry. The crust is made with rolled oats which give a nutlike flavor and tenderness.

The dough is rolled as thin as can be, cut in strips, then tied in a knot. It's fried in deep, hot fat until crisp and golden. A sprinkling of powdered sugar adds a touch of sweetness.

Polish Chrusts

4 egg yolks
1 egg white
¼ teaspoon salt
¼ cup confectioners' sugar
1 teaspoon vanilla
1 tablespoon rum or sherry extract
½ cup sifted flour
½ cup rolled oats, uncooked
Add salt to egg yolks and egg

white; beat vigorously with rotary beater for five minutes. Add sugar, flavorings and flour, mixing well. Blend in rolled oats.

Turn out on lightly floured board or canvas and knead dough until smooth and elastic (about five minutes). Cut dough in half, then roll each half to about one-eighth inch thickness.

Cut in strips ¼x½ inches. At one end of each cut a slit 1 inch long. Pull the other end through the slit.

Fry in deep hot fat (375 degrees) until golden brown. Drain. Sprinkle with confectioners' sugar. If rum or sherry extract is omitted, add 1 tablespoon water. Makes 3 dozen.

Nesselrode Pie Is Light, Festive

The light elegance of Nesselrode Pie makes it ideal for dinner parties. Its combination of flavors—glazed fruit, almonds, anilla and bitter chocolate—make it exciting eating at any time of year.

Nesselrode Pie

1 envelope unflavored gelatin
¼ cup water
2-3 cup sugar
¼ teaspoon salt
4 eggs, separated
1 cup light cream
¼ cup mixed glazed fruit
¼ cup sliced blanched almonds
1½ teaspoons pure vanilla extract
8-inch baked pie shell
¼ cup heavy cream
1 tablespoon sugar
1½ teaspoon vanilla extract
anilla bitter chocolate

Soften gelatin in cold water. Combine one-third cup sugar, salt and egg yolks in top of double boiler. Add light cream. Cook over hot water until mixture coats a metal spoon, stirring frequently.

Remove from heat and add gelatin. Chill until it begins to thicken. Stir in fruit, almonds and vanilla extract. Beat egg whites until they stand in soft peaks, gradually beat in remaining one-third cup sugar.

Fold into chilled custard. Pour into a baked pie shell. Just before serving, whip cream, sugar and vanilla extract together. Spread around border. Shave chocolate over center of pie.

To Measure Flour

In measuring sifted flour, when you are preparing cake or cookies, spoon it lightly into your measuring cup so that it overflows. Then level off the flour in the cup by drawing a straight-edged knife or a spatula in one quick movement over the top.

Great day in the morning when you get that

RICHER BEECH-NUT FLAVOR!

Gloat over the richer, heartier wake-up flavor of this famous blend of choice coffees. It's a revelation! And for a satisfying quick start, try New Instant Beech-Nut. It's 100% pure coffee!

REGULAR • DRIP

Caraway Peps Franks, Kraut

Caraway adds zip to frankfurters and sauerkraut. So does brown sugar. This recipe adds them to the kraut, then cooks it 40 minutes.

Frankfurters are added 10 minutes before the rest of the dish is done. You could put this dish in the oven at a moderate temperature.

Caraway Kraut and Frankfurters

¼ cup butter or margarine
1 cup chopped onions
1 teaspoon caraway seeds
1 No. 2 can sauerkraut
2 tablespoons brown sugar
6 frankfurters, prepared mustard
Melt butter or margarine; add onions and caraway seeds and cook until onions are tender. Add sauerkraut and brown sugar; cover and cook over medium heat 30 minutes. Make several slashes across each frankfurter and spread surfaces lightly with mustard. Place on top of sauerkraut; cover and continue cooking 10 minutes. Makes four to six servings.

Leftover potatoes? Dice them and add to a thin white sauce with minced onion for a nutritious soup. Sprinkle with paprika or minced parsley before serving. Or garnish with grated raw carrot.

Yam Ham Skillet Recipe Comes From Louisiana

Louisiana Yam Ham Skillet is one of those always welcome recipes which is short on preparation time. Ham patties seasoned with mustard and onion, Louisiana yams and pineapple rings are combined in this tasty skillet dish.

Louisiana Yam Ham Skillet

1½ pounds ground ham
1 teaspoon dry mustard
1 tablespoon grated onion
¼ teaspoon salt
¼ teaspoon pepper
2 tablespoons butter or margarine
2 tablespoons brown sugar
4 medium-sized yams, cooked and peeled
6 slices canned pineapple

Combine ham, mustard, onion, salt and pepper; mix well. Shape into six patties. Melt butter or margarine; add sugar and blend.

Add patties and cook over low heat 45 minutes. Add yams and pineapple and heat to serving temperature. Makes six servings.

Creamed Yam Treat

2 tablespoons butter or margarine
1 4-ounce can mushrooms, drained
2 tablespoons all-purpose flour
1 cup light cream
2 tablespoons sherry
1 teaspoon salt
¼ teaspoon pepper
2 No. 2 cans yams, drained
1 pound cooked ham, sliced ¼-inch thick

Melt butter or margarine; add mushrooms and cook five minutes. Add flour and blend. Gradually

NEW IDEA! NEW RECIPE!

"Party-Snack Mix"

made with Hekman's Cinnamon Crisp

"PARTY-SNACK MIX" (Yield: About 5½ cups)

¼ cup butter or margarine
1 tablespoon sesame seed
1 package (1/3 pkg.) of HEKMAN'S CINNAMON CRISP
1 cup bite-size shredded rice

1 cup bite-size shredded wheat
1 cup salted peanuts
1/2 teaspoon ground cinnamon
1 teaspoon seasoned salt

Melt butter or margarine in a small frying pan. Add sesame seed; cook over moderate heat until seed is lightly toasted, stirring frequently. Meanwhile break HEKMAN'S CINNAMON CRISP into bite-size pieces into a shallow baking pan. Add cereals, peanuts, cinnamon and seasoned salt. Carefully toss together, and spread evenly in pan. Pour butter or margarine and seed evenly over mixture and bake in a 300°F. (slow) oven 15 minutes. Remove from oven. Carefully stir mixture and return it to oven for 15 minutes longer. Cool. Serve in bowls.

Quick and wonderful! Try it tonight!

The oval you see is your guarantee... better baked by

Hekman OF THE BAKER'S ART

Hekman Biscuit Company. DIVISION UNITED BISCUIT COMPANY OF AMERICA GRAND RAPIDS, MICHIGAN DETROIT • CLEVELAND • TOLEDO

Huron Friendly Market 884 WEST HURON STREET

Produce Department Full of Vitamin Packed Foods

The good supplies of beef, pork, and poultry are as welcome as warm spring weather. Even though average retail meat prices have shown a very slight increase, Mrs. Josephine Lawyer, Consumer Marketing Information Agent in Pontiac, reminds food shoppers of the economical values at the meat counter.

For beef economy look for ground beef, chuck cuts, or round steak. Braised short ribs make tasty barbecue at budget savings. The team of corned beef and cabbage is not limited to St. Patrick's celebrations, for prices of both are reasonable now.

Pork is still a big story in meat this spring. The cooperative effort on the part of live-stock growers and the meat industry is providing consumers pork that has more lean and less fat per serving. This in addition to thirty pieces, make pork a more attractive-than-ever buy.

For those selecting pork for barbecue there are small lean spare-ribs, loins, or the lean Boston butt. The four to six pound smoked picnic, from the front leg, is especially priced in some stores this week. The wholesale costs on both bacon and sausage have increased slightly, but they remain a good choice for the market basket.

Whether it's a broiler, fryer, or roaster the family desires, there is variety and a price range to fit every pocketbook. Notice that both whole eviscerated and cut-up birds sometimes wear the same price tags, but usually those cut and ready for frying are about 10 cents more per pound.

The popular broad-breasted roaster weighs around 4½ pounds compared to the best fryers weighing 2 to 3 pounds, and broilers at 1½ to 2 pounds.

The riot of green and yellow vegetables is a prelude to Michigan's vegetable season. Shipments of California asparagus are increasing and in many stores prices will drop some this weekend.

Tender asparagus has firm, fresh, crisp, bright green stalks with firm, compact, purplish-green tips. Since the thick woody portion is waste and must be snapped off, check the amount of waste before buying. Usually one pound of fresh asparagus will yield four servings.

Counters are brimming with both white and yellow Texas onions of fine quality. Carrots, cabbage, and lettuce of good quantity and quality are right for every shopping list.

For color, variety, and flavor use red and curly Savoy cabbage in combination with standard

green cabbage. A salad bowl lined with curly cabbage leaves adds decoration and good eating.

Into the salad bowl come green onions, radishes, and cucumbers in slightly larger quantity. Early spring hot-house tomatoes are high, but should decrease in cost in about three weeks.

Bananas, apples, and grapefruit rate banners in the fruit parade. For economy and quality, bananas are a good choice, with apples a close contender. Delicious, McIntosh, and Winesap apples are most generally available at this time; prices vary considerably according to quality.

Grapefruit is very ripe and of good flavor, but has a tendency to break down more easily now than at the beginning of the season. The re-greening of grapefruit, often seen in the spring, has no effect on the juice or flavor of the fruit.

Now with more in produce departments, fresh pineapple may be the choice for many families. One fresh pineapple will give between 6 to 10 servings for as little as 3½ to 6 cents per serving.

An egg a day will increase the protein in the diet. Large grade A size eggs are most plentiful with many stores selling them at 55 to 67 cents a dozen.

Customers are reminded that eggs should be bought from refrigerated cases and placed in the refrigerator at home immediately. Several hours at a warm temperature can easily lower egg quality. Clean, cool, and covered are rules for keeping egg quality.

Asparagus Elegante
2 pounds asparagus
¼ cup chicken stock (or 1 chicken bouillon cube in ¼ cup hot water)
1 tablespoon cornstarch
1 tablespoon cold water
2 tablespoons soy sauce
2 tablespoons melted butter
1 clove garlic

Wash and snap off lower part of stalks. Cut into small irregular pieces. Make a sauce by adding water and chicken stock to the cornstarch; cook over low heat until thick. Add soy sauce and garlic.

Cook asparagus in butter for 2 minutes. Add thickened sauce and cook for 1 more minute.

Pork Chops With Apples
Take four loin pork chops. Cut out the bones and fat. Sear them on both sides. Cover each with a thick slice of cored apple. Fill the holes in the apples with brown sugar and sprinkle some over the chops.

Heat a cup of thick sour cream and add to the chops in a heavy frying pan. Cover and simmer forty minutes. Be sure they are tender.

'Pop' Is Removed From Cranberries

MADISON, Wis. (INS) — Now they've taken the "pop" out of cranberries.

Usually cranberries puff and the skins pop during cooking, but a new process has been developed to prevent this.

These syrup-filled berries are a good fruit for baked goods, ice cream and candies, Weckel said.

Food processors have worked out a way to puncture the berry and let it fill up with syrup to keep its shape.

University of Wisconsin Professor Kenneth Weckel says the process has developed a new product—called "cransweets."

Already on the market are chocolate-covered cransweets and a candy bar containing cransweets.

The berries freeze and reheat without losing their shape, color or flavor.

Bakers are using cransweets for toppings or in the doughs of sweet rolls or Danish pastry and with apple slices in pies.

Weckel says cransweets also can be used whole or diced in ice cream.

Cook Chicken Spanish-Style

Flavor and easy cooking recommend this recipe.

Spanish-Style Chicken
1 broiler-fryer (about 3 pounds ready-to-cook weight)
¼ cup flour
1 teaspoon salt
½ teaspoon pepper
2 tablespoons peanut oil
2 tablespoons butter
¼ cup water
1 can (8½ ounces) small young peas
1 can (4 ounces) pimientos

Have chicken cut in 8 to 10 pieces; reserve neck and giblets for other use. Wash and dry. Mix flour, salt and pepper on waxed paper or in paper bag; roll or shake chicken in flour mixture.

Heat peanut oil and butter in 12-inch skillet until very hot; add chicken and brown well.

Add water and cover tightly; cook rapidly until tender; watch so as not to scorch and turn as necessary; chicken should be very brown at end of cooking—20 to 30 minutes.

Remove chicken from skillet to serving platter and keep warm. Add peas and pimientos (quartered) to skillet, including liquid in both cans.

Stir over low heat with wooden spoon to get up browned particles in skillet; add a little more water if necessary to thin sauce.

Pour over chicken and serve at once. Makes four servings.

SKILLET CLUB FOR MEN

By Frank Kohler

Jack A. Bristol, Tacoma (Wash.) News-Tribune Chapter, is here with "Sudden Buckwheats," a stout item if ever we tried one.

2 cups FINE buckwheat flour
1½ teaspoons salt
4 teaspoons double strength baking powder
2 eggs, separated
1½ cups dark molasses
1½ cups sweet milk
6 tablespoons fat—be recommends sausage drippings or bacon fat.

Blend dry ingredients well. Cut shortening into dry ingredients. Beat egg yolks lightly, and mix thoroughly with the milk and molasses. Add egg yolk mixture to dry ingredients, mixing just enough to moisten. Beat egg whites very stiff and dry, and fold them in. Bake on heated griddle as usual. This makes about 16 four-inch cakes.

"Never attempt to make more than this amount of batter at one time. It is unstable. It has a tendency to collapse because something happens to the egg whites. If more cakes are required, make a second or third 'batch' of batter," warns Mr. Bristol.

Mrs. R. Palmer of Pine Bluff, Ark., joins our Pueblo (Colorado) Star-Journal Chapter with a fine Lemon Cream Pie, to wit:

2 eggs, separated
2 heaping tablespoons flour
Juice of 2 lemons
1 cup sugar
1½ cups boiling water

Beat yolks and whites of eggs separately. To the beaten yolks add the sugar, flour, lemon juice, and last the boiling water. Cook over double boiler and when it begins to thicken, add to it one-half the beaten egg whites and stir in thoroughly and let cook until as thick as desired.

Cool and pour into baked pie shell, and top with remaining beaten egg whites, into which we beat a little more sugar.

Bake at 275 degrees until me-

Put Beefburger Balls in Frankfurter Buns

Fun for party fare are little beefburger balls (in gravy) served in hot dog buns. To make these, you need a can of beef gravy and 1 pound of ground beef. Mix one-fourth cup of the gravy with the pound of meat, one-fourth cup fine dry bread crumbs, 1 tablespoon minced onion, 1 teaspoon salt and dash of pepper. Shape meat mixture into small balls (about 1½-inch size).

Brown balls in hot shortening in a skillet. Pour in the remaining cup of gravy. Cover and simmer buns (six to eight).

Ham Loaf Mold Will Go Well at Most Meals

Chilled ham loaf served on crisp, cool lettuce makes a wonderful accompaniment for almost any meal, lunch, dinner or that special buffet for guests.

Add this ham loaf mold to your list of salads for variety. It's different. It's flavorful. It's easy to make.

Chilled Ham Loaf
2 tablespoons unflavored gelatin
¼ cup cold water
3 cups finely chopped cooked ham
¼ cup minced green onions
¼ cup chopped celery
1 cup mayonnaise
2 tablespoons vinegar
2 tablespoons prepared mustard
¼ teaspoon salt
Dash of pepper
1 cup heavy cream, whipped

Soften gelatin in cold water; dissolve over hot water. Combine remaining ingredients except cream; stir in gelatin mixture. Fold in whipped cream.

Fill 8½ x 4½ x 2½-inch loaf pan. Chill until firm. Unmold and serve on bed of crisp, cool lettuce. Yield: About eight servings.

Insurance statistics show that deaths in home accidents are almost twice as frequent for men as for women although many men are at home less frequently than women.

Tangy Mustard Sauces Will Dress Up Leftovers

What familiar item on grocers' shelves is older than the Bible, is used as medicine as well as a condiment, sold both wet and dry and is intimately associated with that great American institution, the hot dog? That's right, the answer is mustard.

Mustard is mentioned frequently in the Bible. Christ likened faith to a mustard seed. Hippocrates, the father of modern medicine recommended mustard in the treatment of many diseases.

The Roman Scholar Pliny wrote of the flame of mustard, but also stated that "it is remarkable wholesome for the body." It was the Roman army that first introduced mustard to England where it immediately became popular.

While the use of mustard seed is as old as recorded history, it was not until the 18th Century that the seeds were ground. An English woman named Mrs. Clements of Durham—and no more of her name is known than that—discovered that mustard seeds could be ground with a mortar and pestle.

The resultant mustard flour, as it was then called, was much easier to use than the whole seeds. Mrs. Clements created a thriving trade for the ground mustard and num-

bered King George I among her customers.

The mortar and pestle of the worthy Mrs. Clements have long since been discarded and commercially ground mustard is found on every grocer's shelf.

While some mustard is still used medicinally today, it is in cooking that it is most widely known. As a spread for hot dogs, as a tangy addition to salad dressings or to spark up leftover dishes, it is invaluable.

Leftovers served in interesting new ways have been tested in the kitchen of the American Spice Trade Association.

Mustard Meat Cups
(Made from leftover beef)
2 tablespoons butter or margarine
2 tablespoons flour
1 teaspoon salt
1/4 teaspoon ground black pepper
2 tablespoons powdered dry mustard
1 bouillon cube
1 cup boiling water
1 egg
2 cups ground cooked beef
2 tablespoons dried parsley flakes
2 tablespoons dried onion flakes
1 cup soft bread crumbs

Melt butter or margarine in a saucepan. Blend in flour, salt, black pepper and powdered dry mustard. Dissolve bouillon cube in boiling water and stir into the flour and butter mixture.

Cook over medium heat to medium thickness, stirring constantly. Cool slightly. Beat in egg. Add

remaining ingredients.

Pack into five greased 6-ounce custard cups. Bake in a preheated moderate oven (350) 30 minutes or until done. Unmold and serve with Tomato-Mustard Sauce. Yield: Five servings.

Tomato-Mustard Sauce
6-ounce can tomato sauce
1 teaspoon powdered dry mustard
1/2 teaspoon salt
1-1/2 teaspoons ketchup powder
1/4 teaspoon sugar
1 teaspoon cider vinegar

Combine all ingredients and heat. Serve over Mustard Meat Cups. Yield: Approximately three-fourths cup.

Vegetable Casserole with Mustard-Cheese Sauce
2 cups sliced cooked potatoes
1 cup sliced cooked carrots

1 cup cooked snap beans or peas
1/4 cup chopped parsley
1/4 cup diced green pepper
2 cups mustard-cheese sauce
2 tablespoons butter or margarine

Combine first six ingredients. Turn into an 1 1/2-quart casserole. Sprinkle the top with bread crumbs. Dot with butter or margarine.

Bake in a preheated moderate oven (350) for 30 minutes or until crumbs are brown. Yield: Six servings.

Bake Sausage, Eggs

Delicious breakfast dish: Cook sausage cakes, browning both sides, then place in separate baking dishes or ramekins. Break an egg on each sausage cake and bake in a moderate (350 degrees) oven until the egg is set.

Cook the Less Tender Cuts of Meat With Moisture to Prevent Drying Out

Less tender cuts of meat have two advantages. First, they generally cost considerably less than what are termed "choice cuts." Secondly, they usually have more flavor than the more tender meat.

You will want to cook these cuts with added moisture so that they will not dry out in the process of cooking tender by either braising or stewing.

For a delicious stew with rich brown color and flavor, brush large pieces of meat, or sprinkle small pieces, with 1 teaspoon kitchen bouquet per pound of meat.

Brown over moderate heat in

small amount of fat before adding just enough liquid to cover the meat. Season as desired, varying as often as your family is willing.

Stews should simmer gently, not boil hard, until the meat is tender but still firm. If vegetables are included, put them in just long enough before the meat is done to cook them tender-crisp. Thicken the liquid slightly before serving if you wish.

Hungarian Goulash

2 pounds thin beef
2 teaspoons kitchen bouquet
3/4 teaspoon salt
1/4 teaspoon pepper
1-1/2 teaspoon cloves
2 tablespoons fat
1 cup sliced onions
1 clove garlic, minced

let cook until meat is tender, about one hour.

Blend together and stir in cornstarch and wine, allowing mixture to boil thoroughly. Serve over hot cooked egg noodles. Serves six.

Your Dog Will Love

Miller's DOG MEAL

Low cost, complete basic diet. For all dogs, all ages.

Try the healthful dessert Miller's DOG COOKIES

MUSTARD GIVES ZEST—Powdered dry mustard gives zest to individual meat leaves made thrifflily from leftovers. Serve with broiled potatoes and a salad made from canned peaches, pears and apricots, all spiced.

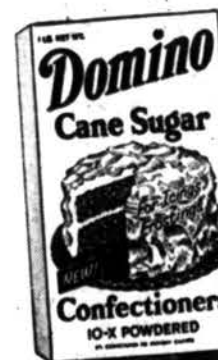

To Prepare Shrimp

Cooking shrimp? Add bay leaf, a few whole black peppers, a slice of onion, some celery tops and parsley sprigs to the water in which you simmer the shrimp. Use the shrimp as you desire; make a bisque with the shrimp stock.

To Select Grapefruit

Look for grapefruit that are firm, well-shaped, have a fairly smooth skin texture and are heavy for their size. Russeting, a reddish brown color, does not affect flavor, explain MSU food specialists.

Be Glad if You Have Leftover Chicken

By JANET ODELL
Pontiac Press Home Editor

Some of the local Pontiac area stores are featuring chicken this week. If you have a freezer, it might be a good time to stock up. Whether you buy for several meals or for the future, you probably have definite ideas of what you're going to do with the chicken for one meal. There's nothing like leftover chicken to provide the wherewithal for interesting meals.

At this time of the year chicken salad sounds good. Use a broiler, if you are starting from scratch, and steam it. Take the meat off the bones, then follow the recipe below for delicious results.

Everybody's Chicken Salad
Favorite
2 cups diced cooked chicken
1 cup mayonnaise or salad dressing
1 teaspoon MSG
Salt and pepper, to taste
Lemon juice
Lettuce or other greens
Combine chicken, celery and mayonnaise or salad dressing. Season to taste with MSG, salt,

pepper and lemon juice. Chill. Serve on crisp lettuce or other greens. Makes 4 to 5 servings.

Variations
Almond: Add 1/4 to 1/2 cup sliced almonds just before serving.
Cranberry: Garnish or serve salad with cranberry sauce or jelly.
Pineapple: Add 1 cup diced fresh or canned pineapple, tidbits or chunks, well-drained.

Have you ever served a chicken sauce on spaghetti? If you have a cup of diced cooked chicken in your refrigerator, you can prepare the dish below.

Chicken Spaghetti Sauce
1 10-ounce package frozen chopped spinach
1/2 cup butter or margarine
1/2 cup chopped onion
1/2 cup all-purpose flour
2 cups milk
1 cup chopped canned tomatoes
1 cup diced cooked chicken
Salt and pepper to taste
1 tablespoon salt
3 quarts boiling water
8 ounces spaghetti
Cook spinach according to package directions. Melt butter or margarine over low heat; add

onion and saute until tender. Add flour and blend. Gradually add milk and cook until thickened, stirring constantly. Add tomatoes, chicken and salt and pepper to taste.

Meanwhile, add 1 tablespoon salt to rapidly boiling water. Gradually add spaghetti so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Serve sauce over cooked spaghetti. Makes 4 to 6 servings.

With warm weather in the offing, you'll be looking for dishes to keep you cool. Don't overlook pressed chicken.

Pressed Chicken
1 1/2 cups chilled chicken broth
2 envelopes unflavored gelatin
2 cups diced, cooked chicken
2 cups cooked peas
1/2 cup chopped, blanched almonds
2 tablespoons chopped pickle relish or chowchow
1 cup mayonnaise
Lettuce
Skim fat from chicken broth. Soften gelatin in broth. Set in pan of hot water. Stir occasionally until gelatin is dissolved. Cool slightly.

Add chicken and next 4 ingredients; mix well. Pour into 2-4 quart mold or 10x5 1/2 loaf pan. Chill till firm. Serve sliced on lettuce. Makes 10 servings.

As late evening refreshments chicken sandwiches are ideal. Here's a recipe for rolled sandwiches that you make ahead of time and broil just before serving.

Chicken Pickle Sandwich Rolls
1 cup chopped cooked chicken
1/2 cup sweet pickle relish
2 tablespoons mayonnaise
2 tablespoons finely chopped celery
Dash paprika
6 slices bread
6 slices partially cooked bacon
Combine chicken, sweet pickle relish, mayonnaise, celery and paprika; mix until all ingredients are

well blended. Trim crusts from bread and spread filling on bread. Roll up jelly-roll fashion and wrap with bacon slices; secure with toothpicks.

Broil 3/4 inches from source of heat until bacon is browned and crisp on all sides. Serve garnished with additional pickles, if desired. Makes 6 servings.

Mustard With Zing
Many men like a hot mustard especially with cold meats. Make a paste of powdered dry mustard and vinegar, adding just enough vinegar to bring it to the proper consistency. It's hot, but oh, so good!

Use Steel Pail for Carrying Potluck Dishes

A clever housewife has come up with an idea for carrying hot food to church socials, club meetings, bazaars and other affairs. She uses a galvanized steel pail with a handy wire bail for carrying.

Such a method is particularly useful when a hot casserole dish must be transported.

Simply wad up some newspaper for insulation in the bottom of the pail, set the hot casserole dish on top of the paper, and then put loosely

crumpled paper on top for additional insulation.

Carrying hot food in a pail avoids setting the hot dish on the car seat or floor where it is liable to spill. It also enables the housewife to keep the food hotter longer.

Upon arriving at the destination, the pail can be used as a waste container until the affair is over. Then it may be used to carry the dirty dishes home.

Of course, cold food also may be carried in a pail, and kept cold by surrounding it with ice.

Either way, it's a practical, handy method for carrying small quantities of food away from home.

SAVORY FLANK STEAK — Flank steak stuffed with flavorful corn dressing is served with tomato gravy and accompanied by buttered lima beans. This is a dinner that breaks away

from the old meat-and-potato routine. Tangy Grapfruit Cranberry Salad fits in well with any hearty meal and is especially good with this one.

Vary Your Dinner Fare With Stuffed Frank Steak

The familiar dinner line-up of meat-and-potatoes needs a change occasionally. Today's suggestion, Savory Stuffed Flank Steak, is a favorite variation in many homes.

Served with tomato gravy, a hearty vegetable such as canned lima beans, and a tangy accompaniment like Grapfruit Cranberry Salad, it provides a very satisfactory replacement for the meat-and-potato cliché.

Savory Stuffed Flank Steak
1 can (1½ ounces) whole kernel corn
1 medium size onion
2 slices bread
1 teaspoon sage
Salt and pepper
1 beef flank steak (about 1½ lbs.)
2 tablespoons fat
1 can (8 ounces) tomato sauce

Combine corn and liquid, chopped onion, bread torn into small pieces and sage; season with salt and pepper. Score flank steak. Spoon dressing on steak and roll up like jelly roll, fastening with skewers or string.

Brown in hot fat in a heavy skil-

let; add tomato sauce and cover. Simmer gently about 1½ hours, or until meat is tender. Serve tomato gravy over slices of steak. Six servings.

Grapfruit Cranberry Salad
1 can (8 ounces) whole cranberry sauce
Crisp salad greens
1 can (16 ounces) grapefruit sections

For each serving, place a spoonful of cranberry sauce on salad greens. Arrange drained chilled grapefruit sections around the sauce. Pass French dressing. Four servings.

When Broiling Liver

When you broil liver, brush it with melted butter or margarine and place it 3 or 4 inches from the heat. Turn the liver once; it will taste best if it is still a delicate pink inside, though your family may prefer it well done.

Sweet Potato Pie Puffs Like Souffle

This pie is at its best when served fresh from the oven.

Sweet Potato Souffle Pie
1 can (1 pound and 2 ounces) vacuum-packed sweet potatoes (without syrup)
1 cup water
1 cup butter or margarine
1 cup sugar
1½ teaspoon salt
1 tablespoon grated lemon rind
2 tablespoons lemon juice
2 eggs (separated)
1 cup instant nonfat dry milk powder
1 teaspoon cinnamon
1 (8-inch) unbaked pie shell with high fluted edge

Mash sweet potatoes so there are no lumps, or put through ricer; stir in water, cream butter, sugar and salt; stir in lemon rind, lemon juice and slightly beaten egg yolks.

Stir nonfat dry milk powder and cinnamon together; stir into creamed mixture. Fold in mashed sweet potatoes-an-water.

Beat egg whites until stiff; fold in. Turn into pie shell. Bake in moderate (375 degrees) oven 50 to 60 minutes, or until a knife in-

serted in center comes out clean. serve while still quite warm. Pie Allow to stand on cooling rack will be high and puffy; filling 10 minutes or so; then cut and sinks considerably when cold.

Bob Considine Says:

Let's Brush Up on Grace and Her Prince

NEW YORK (INS)—Got to begin brushing up on:

- 1.—Grace Kelly.
- 2.—Prince Rainier III.
- 3.—Monaco.

It seems to me that if there was any question about Grace's ability to handle a royal job it was eliminated by her conduct during that crazed "press conference" on the day she sailed. The pandemonium you may see on your TV screen or in the news-reels later was but a pale shadow of what really went on.

It was a barroom brawl. In the midst of the melee Grace stood there as airily detached as an angel, though constantly threatened with being knocked flat.

The newscast guys raised hell when a press agent tried to cut the interview short. They bawled, "We ain't got nuttin' yet."

So Grace was lined up again, smiled, and waited for a question. There was an argument over who'd ask the question. But finally it came, and it was a beauty:

"Grace, does your cup runneth over?" The anonymous poet asked.

PLENTY OF TITLES
The Prince we don't know, except that he holds more titles than Henry Armstrong once did. His most distant ancestor got to Monaco disguised as a Franciscan monk and in the intervening 600 years the family has picked up a lot of property and prestige.

"Ray," as Grace calls him, is also the Prince of Chateau-Porcine, the Duke of Valentinois, Duke of Estouteville, Duke of Mazarin, Duke of Mayence, Marquis of Baux, Marquis of Cilly, Count of Carladre, Count of Torigini, Count of Ferrette, Count of Belfort, Count of Thann, Count of Rosemont, Count of Longjumeau and Count of Guiscard, Baron of Saint Lo, Baron of Buis, Baron of Luthiere, Baron of Atkirch and Baron of Massy—and he's also the Seigneur of Saint Remy and of Isenheim and Sire of Matignon.

Friends call him "Shorty" for short.

As for the place, it covers

370 acres. It has a customs union with France, and the currency is interchangeable with the French. There is no income tax.

Gambling, according to the The Phenicians once ruled it.

TODAY'S ASSIGNMENT FOR: JUNIOR EDITORS

HOLLAND IN SPRINGTIME—4 Milk Deliveries in Holland

In Holland one occasionally sees small milk carts drawn through the streets by sturdy dogs.

Here's Piet, a Dutch dog hauling from door to door a cart painted in bright colors, with its brass trimming gleaming like gold. The milk jugs, of shining brass too, are always kept very clean.

Color the picture, paste it down on cardboard and cut out the parts carefully. Fold the front panel below the cart forward at the dotted line so the cart will stand.

Cut between the shafts of the wagon, and cut out the slits in the top of the wagon indicated by the dotted lines. Cut the slots indicated in Piet's blanket, put the dog between the shafts and slip the front shaft through the slots. Slip the milk jugs into their proper slots, the big one in front, the smaller at the back. Catch the little "cars" on the jugs over the edge of the cart to hold them in place.

Now Piet is ready to deliver milk to the customers.

Nancy Ann Strick of Chagrin Falls, Ohio, first sent in this idea.

Perhaps you have an idea for Junior Editors. Send it in care of this newspaper and you may win \$10.

Tomorrow: Dirk Sells Fine Cheeses.

then the Genoese Grimaldi family.

It was under Spanish protection from 1524 to 1641. The French copped it in 1641 and held it until 1793.

It was under Sardinian protection from 1815 to 1861. Because of a pact with the French, signed in 1918, succession to the throne must be approved by the French government.

GOOD OLD IDLEWILD
Every airport has its own personality, and Idlewild is no exception.

Ground has been broken for the world's largest air terminal, and great maintenance shops already have sprung up here and there about the huge property. But I

like it as it is—a fabled succession of sheds flanked by two bars.

The Church of Our Lady of the Skies is a beautiful place to rest while waiting for a plane. It's a thrill, too, to stand anywhere in the shed string, looking at the routes of the world's airlines and listening to the exotic (and often hilariously assembled) cries of the loudspeakers.

An announcement that TWA flight 80 and so is now ready for departure to Bombay may be followed by Allegheny Airlines announcement of its nonstopper to Williamsport, Pa.

Snakes can travel fast, but only in spurts and not for any length of time.

Winter Wheat Guess—31,170,000 Bushels

WASHINGTON (U)—The Agriculture Department has forecast a winter wheat crop for Michigan of 31,170,000 bushels.

The department said Michigan farms had a stock of old wheat on hand April 1 amounting to 4,626,000 bushels. The stock of old corn on Michigan farms for the same date was 38,568,000 bushels.

The winter wheat crop for the nation was put at 716,477,000 bushels as of April 1, or about 11 million bushels more than last year.

No forecast will be given for spring wheat until June.

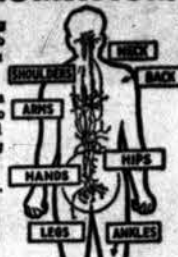

Tennessee ranks second among the states in phosphate production.

Try "Nature's" Herbs for Relief from ARTHRITIS — RHEUMATISM

If arthritis and rheumatism are making your life a nightmare, try Kings Golden Herb Tonic, the oil herb formula used by over a million Michigan folks for over 50 years.

Golden Herb Tonic is compounded from 13 of Nature's herbs. Quickly absorbed into the blood stream, these herbs are carried through the system to aid in bringing wonder-soothing and more lasting relief.

Absolutely safe! Trial size only \$1.00.

Cyprus Archbishop Exiled to Indian Ocean Paradise

WASHINGTON — World events ironically have exiled an archbishop of Cyprus to an Indian Ocean paradise where a noted British soldier once claimed to have found the Biblical Garden of Eden.

Nor is Archbishop Makarios the first political castaway in the comely islands of the Seychelles, the National Geographic Society says. A long succession of African kings, pretenders, and potentates have gone there, as did King Premph of Ashanti in 1900 with top hat and morning coat, three wives, and 55 followers.

Such ripples in the tranquil life of the far-off Seychelles, however, are few and far between. History moves there at a placid pace, and politics are far less a problem than boredom.

Long reaches of tropic ocean surround the Seychelles (pronounced "say-shells"), one of the least known of Britain's scattered colonies. A thousand miles from the East Africa coast, and half that far from the northern tip of Madagascar, 92 granite and coral dots lift from the sea.

MAHE IS LARGEST

They have happy names: Curieuse, Silhouette, Frigate, Felicite, and Marie Louise among them. The largest and most important is Mahe, 17 miles long and 4 to 7 miles wide. Others are mere points of rock, atolls dotted with palms and ringed with surf and reefs.

Their population totals some 38,000 today, yet only a few hundred are Europeans, and of these there are more French than British.

Copra, cinnamon oil, and a little vanilla sweeten the trade of the Seychelles' only port, Victoria. In that English colonial capital, money is measured in rupees, laws develop from the Napoleonic code, and the main tongue is a lilting French-African patois called "creole."

When these quiet islands intrude on world awareness, often the news has an exotic, faraway air. A few years ago a treasure-hunting team descended on Mahe with an old pirate map, cryptic smiles, and electronic diving rods. But when the blasting had died away,

all that had been unearthed were a few old coins.

PULLED THE FLAGS

Portuguese navigators of the 1500's, and perhaps earlier Arab sailors discovered the Seychelles. They remained unclaimed until French ships came from Ile de France (Mauritius) in the mid-1700's.

When war with England broke out soon after, the French governor, one Chevalier de Quincey, found a notable way of avoiding trouble. He flew the flag of France until a British ship would appear, whereupon he'd hoist a big blue banner with the words "Seychelles Capitulation," welcome his conquerors, and provision them generously. As soon as they departed, back up would go the French flag.

By the Treaty of Paris in 1814, Britain was awarded the islands. Ninety years later, by Letters Patent, it recognized them as a Crown Colony.

In the 1880's, General George

Oil-Well Completed Show Healthy Gain

NEW YORK — The American Petroleum Institute reports that oil-well completions increased 6.6 per cent during 1955 to an all-time high of more than 37,600, but the number of gas wells declined materially for the first time in recent years. They fell from the 1954 record high of 3,974 to 3,800, a reduction of 9.4 per cent.

Tiger Pitchers Effective in 0-0 Tilt

COLUMBUS, 4.—The pitchers were in midseason form, and the batters couldn't do a thing about it.

So the Detroit Tigers and the Milwaukee Braves battled on even terms through 14 innings in Terre Haute, Ind., yesterday. When it was all over, neither team had scored.

The teams headed for Columbus and a night game tonight.

The Tigers had 10 hits off three Milwaukee pitchers and the Braves got only half a dozen from three Detroit hurlers. Starter Vaghi Trucks of the Tigers didn't appear to be pushing but

breathed through five innings. The veteran right-hander permitted only three hits. Dick Marlowe and Felo Wojey, who followed, were equally effective. Marlowe allowed only two hits in five innings and Wojey only one in the last four.

The big spark in the Tiger attack was supplied by shortstop Harvey Kuenn. He had three solid hits—all singles—and turned in several masterful jobs afield.

Two of them came one after the other in the 5th inning. Bob Thomson led off with single. Wes Convington, the Sally League's

leading hitter last year who is battling for an outfield post with the Braves, sent a screaming liner that Kuenn speared backhand while leaping to his right. His off-balance throw nearly doubled Thomson at first.

On the next play Harvey raced behind second to grab Wojey. Adcock's dribbler, Kuenn tossed the ball with his glove hand to Rene Bertola in time to nab Thomson at second base.

But for these two plays the Braves might have wrapped the game up in regulation time. Del Crandall followed with an infield single, but pitcher Lew Burdette

fled out to Bill Tuttle in center field. And as it was, neither team got a man as far as third base and only three players on each club got as far as second.

All the 16 hits were singles. Al Kaline, who is still taking it easy on his "touchy" throwing arm, had three of them. Tiger trainer Jack Homel wants the young outfielder to take it slow. The club traced Kaline's spring arm trouble to abscessed teeth.

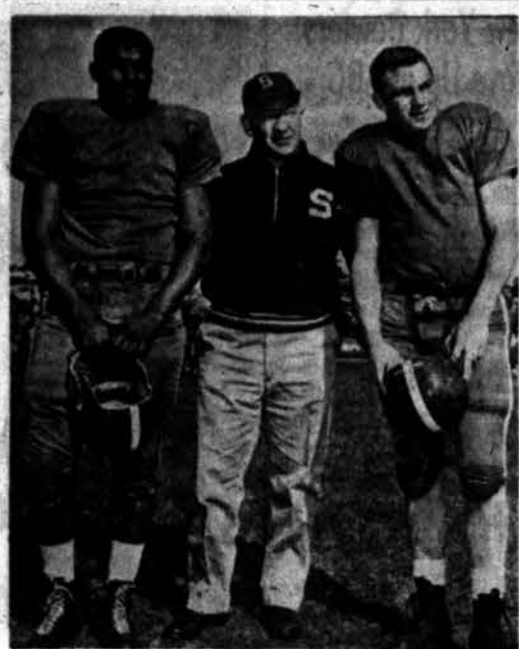

Bertola, who many think will be the Tiger starting second baseman when the season opens Tuesday against Kansas City, hit the ball well several times yet wound up hitless. Thomson took away Rene's 10th inning sinking line drive at the shoe tops after he had grabbed off two other Bertola drives to center field.

Yesterday's work could mean the difference between minor and major league baseball for two of the pitchers. Wojey, who has looked both good and had this spring, was especially sharp and showed good stuff. He had little trouble with

his control, which has given him plenty of difficulty in the past. Wojey faced only 13 men and walked only one in the four innings he worked and manager Bucky Harris was much impressed.

Snead Favored as Greensboro Tourney Opens

Sammy Defends Title He Has Won 5 Times Since 1938

GREENSBORO, N. C. 4.—Sam Snead's annual spring golfing tonic, the \$12,500 Greater Greensboro Open Tournament, opened here today with the White Sulphur Springs, W. Va., pro the people's choice.

Sam won the inaugural tournament here in 1938 and came back 17 years later to win the event for the fifth time last spring. Regardless of how he has fared during the winter, his game suddenly begins to click when Sam hits Greensboro.

In the last seven years he has never finished worse than third here.

Sam played only a few winter tournaments before finishing in a tie for fourth in the Masters Sunday. He hustled up here from Augusta to begin practice over the par 71 Star Mount Course, a 6,723 yarder.

Professional golf's youth movement which made major advances during the winter tour, was represented by Don Fairfield of Casey, Ill.; Mike Fetchick of Mahoning, N.Y.; Gardner Dickinson of Panama City, Fla., and Mike Souchak of Groesbeek, N.Y., all tournament winners in the last month.

The sluggers like Snead and George Bayer also get a chance to flex their muscles on the first par five on the narrow, well-trapped layout, the seventh hole, which runs 600 yards.

One 18-hole round will be played daily, with the field cut about in half to play on Saturday and Sunday.

Smelt Run Hits Peak This Week

Tasty Fish Are Running Strong in Outlets to Lakes Huron, Michigan

LANSING 4.—The smelt run should be in full swing by this weekend, the State Conservation Department advised today.

Smelt have reached Singing Bridge, spanning the Whitney Drain on U.S.23, a man-made branch of the Au Gres River in Arenac County.

Arrival of the fish at this outlet to Saginaw Bay is taken every season as marking the full scale opening of the smelt dipping season.

From now on, the department advised, smelt should be packed nightly in creeks, streams and rivers along the shores of Lakes Huron and Michigan.

The runs are expected to continue until the 3rd week of April in the Lower Peninsula and into the 1st week of May in the Upper Peninsula.

Officers Named by Housewives League

The Pontiac Housewives Bowling League held its spring meeting in St. Michael Hall at which time officers were named for the coming year.

Officers elected were Dulcie DeJager, president; Gladys Evans, vice president; Margie Newby, treasurer; Mariys Selovich, secretary and Freida Lorenz, sergeant-at-arms.

Pat Booth was honored for winning the Redpin tournament with a single game score of 91 and a series total of 233.

Joe Foster Bowls 289 for Tru-Bilt

Joe Foster, who bowls for the Tru-Bilt Block team in Pontiac's West Side Senior House League, rolled what may be the city's top game of the season when he topped 289 pins in his last game.

Foster, a 190 average bowler, started with a spare, then rolled 10 strikes in a row until stopped by a stibborn No. 4 pin on the last ball.

Joe followed his 289 game with scores of 159 and 195 for a 673 series while helping his team to a 4-point victory over Slater's Concrete. The setback nearly eliminated runner-up Slater's from contention for league honors.

Meet the Pro

By BRUNO L. KEARNS Sports Editor, Pontiac Press
It wasn't hard for Bill Graham, the fine pro at Bloomfield Hills Country Club, to decide on his field of endeavor.

As a youngster in Scotland his home had a prime location, right next to the famous St. Andrews course. When he started school one of his first words he learned to spell was G-O-L-F.

And why not, when he had the opportunity to watch the world's best from his back yard.

"Always watched the Walker Cup matches," he said, "and one of the earliest ambitions was to make that team."

Bill earned that goal, winning the Scottish foursome, and playing with J. N. Smith on the Walker Cup team for Britain in 1923.

Graham worked his apprenticeship in Scotland as club maker and in 1930 he went to work with the Walter Higgs company.

He took the assistant pro job at Bloomfield Hills in 1931 and for the past 13 years has been the club's pro.

His first big thrill came as a qualifier in 1931 for the National PGA, but what sticks in his mind

the most was the exhibition he and Sammy Snead put on at his home club, Bloomfield Hills.

That was in 1951 when Snead tied the course record with 64. Of

BILL GRAHAM

course Bill didn't feel badly, he shot a 65.

(Tomorrow we present Ray Maguire, pro at Birmingham Country Club.)

Spartan Nine Routs Titans

MSU Gets 9 Runs in First Inning of 19-3 Trouncing

EAST LANSING 4.—Michigan State collected nine runs in the first inning in launching a 19-3 rout of the University of Detroit yesterday in the opening game of the regular baseball season for both teams.

The Spartans, however, had the advantage of a 9-game spring training trip through the South that produced a 4-5 record. Seven errors pointed up the Titan's early season jitters.

Earl Morrill, MSU's All-American football quarterback, spearheaded the hitting attack with a grand slam homer in the first inning and two singles later in the game.

Other heavy hitters for the Spartans were Tim Sullivan of Detroit, who homered with a man on in the 9th, and Jimmy Sack of Grand Rapids and Frank Franchi of Dearborn, with three hits each.

Fred Chrissey, the Titan's starting pitcher, was charged with the loss. Walt Godfrey, who relieved for the Spartans in the 4th, got the victory.

School Record Broken as Eagles Roll Over Brighton Thinclads

A school record was broken as Orchard Lake St. Mary's track team routed Brighton, 72-37, in a dual meet Wednesday at Orchard Lake. It was the season opener for both schools.

Jerry Ostrowski set a new record for the Eagles in the 880-yard run with an effort of 2:05.1, which bettered the previous mark of 2:05.4 established by Vincent Pernicki in 1933.

Orchard Lake's Pete Madelans won two events and tied for 1st in another to account for 14 points, tops in the meet. Madelans took the 70-yard high hurdles and the 120-yard low hurdles in addition to tying teammate Chet Wajda for pole vault honors. Wajda also won the broad jump.

Scoring honors for Brighton went to Bill Loveland, who took 1st in the 100-yard dash, 2nd in the broad jump, and 3rd in the pole vault plus running on the winning 800 relay team to tally 10 1/2 points.

Calls Softball Players

An invitation was issued today for City League Class B softball players to turn out Sunday at Emerson Field at 2 p.m. for an early season drill. Ed Smith, in charge of the workout, says all players are welcome, but he would prefer to have as many pitchers as possible.

MSU Puts NCAA Boxing Crown on Line Tonight

MADISON, Wis. 4.—A star peppered field of 67 student sluggers began swinging today in the 19th annual NCAA Boxing Tournament.

Two defending champions, 12 undefeated punchers and several high powered team entries were among the representatives of 20 colleges and universities that opened action at the University of Wisconsin field house.

At stake were the team title and 10 individual championships plus an automatic berth in the Olympic tryouts next October for the title winners.

Today's program included 11 bouts this afternoon and 17 this evening to reduce the field to 40

for tomorrow's semifinals. Championship bouts are scheduled for Saturday night.

Idaho State, with four undefeated boxers and one defending champion, is picked to unseat Michigan State—defending team champion. However, the Spartans are given a chance to repeat. Louisiana State and Wisconsin are rated as the darkhorses.

The tournament's two defending champions, Bobby McCulom, 119 pounder from Idaho State, and Max Voshall, 165-pound king from San Jose (Calif.) State, were slated for opening action tonight.

McCulom was matched against Choken Maekawa of Michigan State. Voshall came up against rugged Ev Chambers of Wisconsin. Another feature bout tonight matched undefeated entrants George Pelonis of California and Mike McMurry of Idaho State at 178 pounds. Pelonis has won 10 straight while McMurry has won six and tied one.

The 178-pound class was expected to provide another top match tonight with Wisconsin's Orville Pitts, Pan-American champion, meeting Malcom Buhler of LSU. They were matched in a dual meet at Baton Rouge, La., last week, but didn't fight when LSU forfeited.

Pitts' record includes six victories and two draws. Buhler's only two losses of the season came in heavyweight bouts.

The best record in the field belongs to David Abeysa of Idaho State, undefeated in 11 starts at 125 pounds. He was slated for his initial appearance tonight against Harvard Lancoir, former Milwaukee Golden Gloves champion, now at Michigan State.

Landy Awaits AAU Word

MELBOURNE 4.—John Landy, world's fastest mile, today awaited confirmation from the ruling athletic bodies of Australia and the United States that his proposed American trip will not affect his amateur status.

The lanky Australian school teacher, who has been under four minutes four times and holds the world record of 3:58, said he would not take one step toward America unless he receives firm assurance that everything is proper in the eyes of the Amateur Athletic groups.

Landy received a private invitation to run at the University of Southern California relays May 3 and the West Coast relays at Fresno, Calif., May 13.

But shortly after the news came from the Pacific Coast, Dan Ferris, secretary-treasurer of the Ama-

Open Hunt Show Expanded; 5-Day Run Begins June 30

Prediction was made today, coincident with announcement of dates for the 39th annual Detroit Horse Show at Bloomfield Open Hunt Club, that the event would be the "biggest ever" this year. The five-day show starts June 20, and chairman Irving A. Duffy, and co-chairman William O. Bridge announce that the show's classes will be expanded from 82 to 96. A dozen events will be scheduled.

This is the third year that Mr. Duffy has headed the nation's biggest outdoor horse show. He pointed out that during the 1935 exhibition more than 5,500 spectators saw the four-day affair.

"We have added classes and program time in an effort to meet

demands of exhibitors and spectators," Mr. Duffy said. "There were more than 320 horses entered for the Detroit show last year, and all indications point to at least a 10 per cent increase for this year."

It is expected entries will be attracted from all over the nation, and Canada in three major divisions—jumpers, hunters and westerns. Junior riders will compete all five days.

Prize money will total more than \$10,000, manager Bert McIntyre said today. Famed ringmaster Clarence (Honey) Craven will return for his 28th appearance. Mrs. E. E. Fisher and Miss Charlotte Nichols are now mailing out entry forms to exhibitors.

From the Press Box

By BRUNO L. KEARNS Sports Editor, Pontiac Press

Top teams on the totem pole as far as pre-season selections go are pretty near unanimous around major league cities.

Almost all of the sportswriters figure the world series will be another subway affair—between the Yanks and Dodgers, of course.

Actually when you look at it closely, how can you put anyone else but Brooklyn or New York in the top spot of your predictions.

It seems just when a vulnerable spot might be detected on either of these teams, a couple good samaritans like the Cubs and Senators come along with a can of spinach.

Chicago obliged with Randy Jackson and Washington did likewise with Mickey McDermott.

So as it looks the rich got richer and Washington and Chicago will still be trying to keep out of the cellar.

Now come the questions. Who's going to beat the Yanks and Dodgers out? Are the Red Sox as good a contending ball club as their press clippings say? And how about the Tigers?

The rest of the picks in the National League have Milwaukee, St. Louis and New York completing the first division in that order, followed by Philadelphia, Cincinnati, Chicago and Pittsburgh.

These selections are somewhat of a consensus among the writers and we could go along with them from this corner except for the expected surge of the Cardinals. We don't think that Vinegar Bend Mizell means a difference of four positions from 7th to 3rd for the Cards.

In the American League, Boston is expected to be the Yanks' nearest competitor, followed by Cleveland, Chicago, Detroit, Kansas City, Baltimore and Washington.

The last three will occupy their positions at the bottom of the league in any given order, but the battle to stay out of 5th place could be more hectic than a year ago.

This is the spot set aside for the Tigers but since we haven't got as much confidence in spots picked for Boston or Chicago, it wouldn't take much to make us believe Detroit could slide up among the top four.

Maybe it's wishful thinking, but get out the slide rule and watch the shuffle start next Tuesday.

DITTO FROM THE PRESS BOX

Frank "Muddy" Waters, athletic director and football coach at Hillsdale, says the rumors of his leaving Hillsdale and the scuttlebutt about the school being investigated by the NCAA are greatly exaggerated.

"Maybe we can promote an NCAA investigation," joked Muddy, "it would make us."

So why not just set it aside as just another rumor and hope for Muddy and Dales to keep winning.

Are there any coaching changes in the making out at West Bloomfield High School?

Speiser TKO's Rowan in 5th

DETROIT 4.—Referee Lou Handler, a veteran Detroit ring official, said today he was afraid for a moment that he had helped set up a punch that might have cost Chuck Speiser his fight with Joe Rowan here last night.

As it was Speiser won handily, chopping away at Rowan's left eye until it closed completely in the

fifth round. Dr. Joseph Cahalan stepped in and stopped it between rounds but under Michigan rules it was classed as a sixth-round technical knockout.

"He (Rowan) hurt me just that once," Speiser admitted, "back there in the second round. We'd been in close and I thought the ref was going to break us.

"I dropped my hands and when! He caught me with a left hook and then pushed me into the ropes.

"There I sat thinking 'Now wouldn't this look stupid. Me getting knocked out in my home town for dropping my hands.'"

Handler said he actually shouted to the fighters "Fight out of it."

"But the minute I said it I knew he thought I was going to say 'Break.' I felt awful."

But Speiser said the blame was all his own.

"They always tell you always to keep your hands up. I didn't and I got hit good."

Rowan followed the sharp punch by pushing Speiser into the ropes. It was no knockdown and the Detroit came back fast to win the round on every scorecard. In fact, he won every round on every official scorecard and the referee had him ahead by 10 points under Michigan's "10-must" scoring system when the fight ended.

For a man who shed blood in every round Speiser looked surprisingly sound after the fight.

"Most of the blood came from my nose," he said. "Up here is where I worry," he said, pointing to heavy scar tissue over both eyes. "Nothing opened up there at all this time."

Rowan, from Philadelphia, weighed 180 1/2, a loss for him of

almost 15 pounds in two weeks. Speiser, fourth ranking challenger among the light-heavyweights, scaled 173 1/2 for the televised (ABC) bout.

In winning Speiser set himself up for another shot at Willie Pastarano, the New Orleans heavy-weight, in Willie's home town.

The surprisingly good crowd paid a gross of \$7,839.40.

At stake were the team title and 10 individual championships plus an automatic berth in the Olympic tryouts next October for the title winners.

Today's program included 11 bouts this afternoon and 17 this evening to reduce the field to 40

for tomorrow's semifinals. Championship bouts are scheduled for Saturday night.

Idaho State, with four undefeated boxers and one defending champion, is picked to unseat Michigan State—defending team champion. However, the Spartans are given a chance to repeat. Louisiana State and Wisconsin are rated as the darkhorses.

The tournament's two defending champions, Bobby McCulom, 119 pounder from Idaho State, and Max Voshall, 165-pound king from San Jose (Calif.) State, were slated for opening action tonight.

McCulom was matched against Choken Maekawa of Michigan State. Voshall came up against rugged Ev Chambers of Wisconsin. Another feature bout tonight matched undefeated entrants George Pelonis of California and Mike McMurry of Idaho State at 178 pounds. Pelonis has won 10 straight while McMurry has won six and tied one.

The 178-pound class was expected to provide another top match tonight with Wisconsin's Orville Pitts, Pan-American champion, meeting Malcom Buhler of LSU. They were matched in a dual meet at Baton Rouge, La., last week, but didn't fight when LSU forfeited.

Infielder Hector Lopez of the Kansas City Athletics was born in Colon, Panama, and still makes his home there.

Jose Aguiro of Tulane is ranked first in the 1955 national collegiate tennis rankings.

New York Bowlers Move Up in ABC

ROCHESTER, N.Y. (AP)—New York State bowlers today held newly acquired positions among the leaders in two divisions of the American Bowling Congress Tournament.

The Genesee Beer Five of Syracuse, N.Y., rolled into fifth place in the team standings yesterday with a 2,948, 144 pins behind the leading Falstaff Beer team of Chicago.

Martin Piraino led the Syracuse squad with 629 on games of 236, 225 and 168.

Two Rochester bowlers, Frank Falzone and Frank Delconte, took over fifth place in the doubles division with a combined score of 1,278.

Falzone rolled 633, while Delconte hit 645.

Blue Grass Stakes Next for Career Boy

JAMAICA, N. Y. (INS)—Career Boy's next stop enroute to the Kentucky Derby is the Blue Grass Stakes at Keeneland on April 26.

The C. V. Whitney three-year-old foal, who won the \$22,000 Gotham Stakes yesterday at Jamaica.

The crowd numbered 87,685 for the Browns-Rams pro football playoff last December at Los Angeles Coliseum for what is called an all-time record.

EARLY WORRY — Ray Elliot has November worries written on his face as he watches his Illinois varsity scrimmage, during Spring practice sessions.

Pleasant Quandary

Arcaro Has Choice of Derby, Gray Lag Races

NEW YORK (AP)—Eddie Arcaro is in a quandary. But it is a pleasant problem that confronts the nation's best known jockey.

He must decide sometime before May 5 whether to ride Nashua, America's glamor horse, in the \$50,000 added Grey Lag Handicap at Jamaica or Head Man in the \$125,000 Kentucky Derby at Churchill Downs. Both races will be run the same day.

A victory aboard Nashua would give him the distinction of being astride the world's leading money winning horse on the day he passed Citation's earnings of \$1,085,760. A triumph with C. V. Whitney's Head Man would be Eddie's sixth Kentucky Derby success. No other jockey has more than three.

Top 'Seeds' Move to Quarterfinals

ST. LOUIS (AP)—The top two seeded teams in both the championship doubles and veterans doubles divisions advanced into today's quarter finals with impressive victories in the U. S. Handball Assn.'s National tournament.

Top singles players return to action for the quarterfinals today after a two-day rest.

In championship doubles yesterday, top-seeded Sam Haber and Ken Schneider of Chicago turned back Jim White and Richard Kalal of Milwaukee, 21-11, 21-1.

Flint Airman Outstanding AAU Fighter

BOSTON (AP)—Uninspiring performances in the National AAU boxing championships indicated today the United States faces a rugged task in retaining supremacy in this year's Olympics in Australia.

"This was the poorest crop of amateurs I've seen in 40 years," said one veteran fight follower shortly after the windup of the 68th national tournament last night at the Boston Garden.

The performances definitely were not of the same calibre seen in 1952, when this country had a team which captured 5 of 10 titles in the Olympics.

The U.S. Air Force, which conducted a world-wide tournament and has had a squad in training for several weeks, captured 5 of this year's 10 AAU championships to win the team trophy by a wide margin.

In addition, Paul Wright, a 22-year-old airman first class from Flint, Mich., was named the outstanding performer of the three-day competition after battling his way through the 165-pound division. Wright, who has four months to

go on a four-year enlistment, has been fighting as an amateur for seven years. He won the National AAU title last year, when he also was the Pan American champion.

Two other members of the Air Force team, Frank Davis of Fort Wayne, Ind., in the 156-pound division, and John Horne of Omaha, Neb., in the 178-pound class, also retained titles won in the AAU tournament last year at Kansas City.

The two other world-wide Air Force champions to cop championships were Harry Smith, 19-year-old featherweight from New York, and Bill Cherry, 21-year-old father from Cleveland, Ohio.

Winning an amateur championship is nothing new to Smith. He won the National AAU crown two years ago and the Pan American title last year. He also is a two-time Golden Gloves winner.

Besides the five members of the Air Force squad, another airman won a title. Jackson Brown of Chicago, who won the New England AAU championship while stationed at Hanscom AFB outside Boston, punched his way to the national welterweight title.

The four other champions crowned were Albert Pell of New York City, 112-pound class; Don Whaley of Cincinnati in the 119-pound division; Tommy Thomas, a 139-pound southpaw from Portland, Ore., and Jim McCarter, a burly heavyweight from Seattle, Wash.

McCarter won his title on a default when Osee Groom of Detroit, a favorite of many to gain top honors, was forced to withdraw because of a severe cut above his right eye. Groom suffered the cut in winning his semifinal bout just before the championship finals.

Georgia Football Date for Michigan in '57

ATHENS, Ga. (AP)—A schedule change will allow Georgia's football team to meet the University of Michigan in 1957, it was announced by athletic director Wally Butts.

Butts said yesterday Mississippi State stepped aside so the Bulldogs could arrange a date with Michigan at Ann Arbor Oct. 5, 1957.

Detroit Team in Senior AAU Water Polo Test

CHICAGO (AP)—Teams from Detroit and New York City and four from Chicago make up the field for the three-day senior AAU indoor water polo meet opening today at Loyola University.

The Illinois Athletic Club "A" team is favored for the title. The New York A. C. also is a strong

entry. Kronk A. C. represents Detroit.

National League batsmen hit 30 grand slam home runs in 1955. This was five under the all-time league mark of 35 set in 1930.

More Anglers Turn to Trout Fishing

LANSING (AP)—License sales seem to indicate that more Michigan fishermen are turning to trout, the State Conservation Department reported.

Total fishing license sales in 1954 reached 1,186,000. Last year, a final count showed 1,145,000 licenses sold, a decrease of about 3 1/2 per cent.

In 1954, the department sold 212,500 trout stamps. Last year's stamp sales totaled 225,000, an increase of about 6 per cent.

GRAPEFRUIT League

By THE ASSOCIATED PRESS
After a hitters' year in which there were only two 20-game winners among major league pitchers in 1955, there are signs this spring that the hurlers are back from exile.

Detroit and Milwaukee spotlight-

ed the evidence as six pitchers breezed through 14 scoreless innings before the managers called it quits at Terre Haute, Ind., yesterday. There were 16 hits—all singles—in the game, but nary a runner got past second base.

Virgil Trucks, Dick Marlowe and Pete Wojciechowski checked the free-swinging Braves on six hits while the Tigers got 10 from Lew Burdette, Red Murff and Humberto Robinson.

At Washington, where Brooklyn and the Senators became the first to play in a major league ball yard this spring, Camilo Pascual and Pete Ramos dueted the Dodgers' Carl Erskine and Don Newcombe on even terms for eight innings before Pete Runnels lashed one of Newk's fast ones for an inside-the-park home run in the ninth to edge the world champs 2-1.

Newcombe, who paired with Philadelphia's Robin Roberts as the only 20-game winners in the majors last season, gave up only one other hit in his 3 1-3 innings. The Nats had just six hits in all, the Dodgers seven.

The pitching foursome struck out 15 despite 48-degree temperatures with Newcombe fanning the side in order in the eighth. Elsewhere, Johnny Antonelli, bidding to return to the 20-wins group after a 14-16 disappointment in '55, struck out eight while scattering five hits and walking three in his seven innings as the New York Giants whacked the Cleveland Indians 5-1. Bob Lemon and Gail Harris made up for the slumping Willie Mays by clobbering homers off Early Wynn and Mike Garcia, half of Cleveland's tottering "Big Four" who were among the missing as the American League went without a 20-game winner in 1955 for the first time since 1900.

Baltimore's Orioles beat the Chicago Cubs 5-4, shutting out the Bruins until the ninth when Monte Irvin opened with a homer and Jim King came through with a three-run clout. Jim Wilson, the Birds' starter and winner, and Dave Pope homered off loser Russ Meyer.

The St. Louis Cardinals provided the big hitting of the day with Wally Moon, Stan Musial and Hank Sauer tagging Jack Harshman for homers to overhaul a three-run Chicago lead and beat the White Sox 5-3.

Dale Long drove in three runs, two on a homer off Art Ditmar, as Pittsburgh beat Kansas City 5-3. Bob Friend gave the A's a scattered seven hits and struck out Gus Zernial four times while going the route.

The New York Yankees and Cincinnati hooked up in a shabby, eight-error scuffle won by the Redlegs 7-5 with the benefit of five unearned runs on five Yankee errors—three by rookie shortstop Jerry Lumpe.

Asks \$750,000
for Olympics

Sen. Magnuson Would
Have U. S. Subsidize
Games Participation

WASHINGTON (INS) — Sen. Warren G. Magnuson (D) Wash., called on the government today to subsidize American participation in all Olympic competition.

Under his bill, the Treasury Department would set aside \$750,000 annually from money collected as tax on sports event admissions, and pay it into the Olympic games fund.

Magnuson said the money would be used to defray travel, subsistence and lodging expenses for athletes as well as buy supplies and equipment for Olympic teams.

He pointed out that eight million dollars a year are paid the government in admission taxes to sports events.

Little League Football
Applications Available

Boys 9 through 12 years old from the Birmingham-Bloomfield Hills school districts interested in playing Little League Football this fall may obtain application blanks and details of the program at their schools beginning today, it has been announced by Mel B. Lindquist, board chairman of Birmingham Little League Football, Inc.

The first spring roundup of applicants will be held Saturday, April 21, at 2:30 p.m. Boys who live south of Maple Road and east of Cranbrook Road may meet their coaches and turn in their applications at Pierce Field behind Pierce School.

Those who live north of Maple and east of Lahser will meet at Vaughn Field on Vaughn Road in Bloomfield Hills and those living in the rest of Birmingham and Bloomfield Hills school districts will meet at the Bloomfield Village School.

Other spring roundups will be held at the same locations at 2:30 p.m. on Saturday, April 28, and Saturday, May 5.

Applications will not be accepted after August 15. Coaches will be available at their respective practice fields on August 13, 14 and 15 to help late-comers. Tryouts will begin Monday, August 20, with the first game tentatively scheduled for September 15.

Jones Paces Chiefs' Win Over Indians

By H. GUY MOATS

Pontiac Press Special Writer
Those amazing young track and field athletes comprising Pontiac High School's 1956 track team Wednesday afternoon stretched their all-winning record to 13 in a row (including last year's victories).

After a day's delay while Flint Central hurried its track into condition, Wally Schloerke's performers moved over yesterday to crush their hosts, 99-16, in the season's first dual test for both schools.

The Flint meet was a not-too-tough tuneup for the big event

April 21 at Mansfield, Ohio. The 1955 state MHSAA, Saginaw Valley and other meet champions, paced the Pontiac team to its overwhelming victory at Flint. Hayes compiled 15 points, plus a share in the half-mile relay victory. He won his "pet" events, the high hurdles, low hurdles and the broad jump.

Brilliant Hayes Jones, leader of the 1955 state MHSAA, Saginaw Valley and other meet champions, paced the Pontiac team to its overwhelming victory at Flint. Hayes compiled 15 points, plus a share in the half-mile relay victory. He won his "pet" events, the high hurdles, low hurdles and the broad jump.

Jones' 14.3 clocking in the 120 yard high hurdles was better than his own state MHSAA record of 14.5, set last spring at East Lansing. It was also a new school record and came within 3-tenths of a second of the national mark (14 flat). Schloerke says as far as he can discover, Jones' time makes him one of a half dozen U. S. prep stars coming that close to the top mark, at least in the last year or so.

Hayes hit 20.3 seconds for the 200-yard low, jumped 21 feet 5 1/2 inches on his first try and then sat back while Charley Thrash of Central fell just a half-inch behind. Jones was leadoff man in the 800-relay, with Arch Brooks, Jim Shorter and Charley Spann, who ran the distance in 1:38.4, very good time.

Brooks' 20.9 seconds 200-yard win, Bill Douglas' 2:05 in the 880 and Mike Hardiman's 46 feet 11 1/2 inches in the shot were rated fine performances.

Chiefs' Shorter, Spann and Robinson ran almost a dead heat in the quarter, with Shorter winning in 52 seconds, Perry Williams' 4:42 mile pleased PHS coaches.

Pontiac swept the mile, quarter, high jump (won by Bud Ray at 6 feet 2 and 3/4 inch) and the shot. Central took a share of only one 1st place. Braum tied with a new PHS vault, sophomore Chuck Seyler, at 9 feet 6 inches. Two Chiefs tied for 3rd place.

"I was very much pleased with the squad's work," said Schloerke. "Now we will put in some hard work for the big Mansfield, Ohio relay April 21. This nationally rated event is our next start, and we hope to make a good showing."

Schloerke plans to take a squad of 16, but will not name its members until just before the trip, watching development of his athletes before making any decisions.

Meet results:
120 yard high hurdles—Won by Jones (P); 2nd, Jim (Benny) Taylor (P); 3rd, Robinson (P); Time 14.3 seconds.
School record, better Jones' own MHSAA mark of 14.5.
100 yard dash—Won by Freeman Watkins (P); 2nd, Archie Brooks (P); 3rd, Charley Thrash (P); Time 15.5 seconds.
800 relay—Won by Perry Williams (P); 2nd, Jean Creal (P); 3rd, Roger Coats (P); Time 4:42.
Quarter mile—Won by Shorter (P); 2nd, Charles Spann (P); 3rd, Charley Robinson (P); Time 52 seconds.
200 yard low hurdles—Won by Jones (P); 2nd, Taylor (P); 3rd, Robinson (P); Time 20.3 seconds.
200 yard dash—Won by Brooks (P); 2nd, Thrash (P); 3rd, Dave Payne (P); Time 20.9 seconds (new PHS record for distance).
Half mile run—Won by Bill Douglas (P); 2nd, Larry Tiley (P); 3rd, Charley Barge (P); Time 2:05.
Shot vault—Tie for first, Charles Seyler (P) and Braum (P); tie for 2nd, Ken Beattie and Larry Beamer (P); Height 9 feet 6 inches.
High jump—Won by Bud Ray (P); 2nd, Alec Barge (P); 3rd, Jim Taylor (P); 4 feet 11 1/2 inches.
Broad jump—Won by Jones (P); 2nd, Thrash (P); 3rd, Douglas (P); Distance 21 feet 5 1/2 inches.
Shot—Won by Mike Hardiman (P); 2nd, Clayton Cocking (P); 3rd, Spann (P); Distance 46 feet 11 1/2 inches.
Relay—Won by Pontiac; Time 1:38.4.
Medley relay—Won by Pontiac (Robbie Martin, Cagle and Beamer); Time 2:41.

Expect 25,000
to See Starter
at Keeneland

LEXINGTON, Ky. (INS)—Racing returns to the Blue Grass state today with an expected crowd of 25,000 on hand to watch the opening program at Keeneland's 20th spring meeting at Lexington.

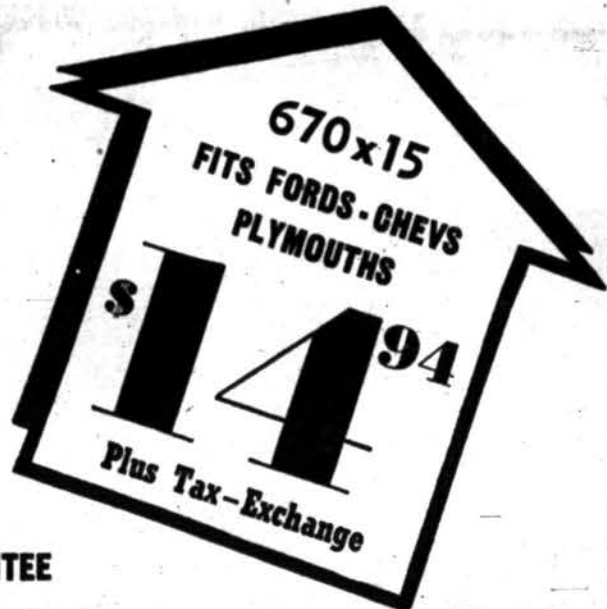

Highlighting the seven-card program is a \$5,000 allowance race for 3-year-old fillies and a \$3,500 allowance test for 3-year-olds.

Claiborne Farm's Doubledog dare heads a list of six going postward in the \$5,000 event at six furlongs. One of the leading juveniles in 1955, Doubledog dare has been made a solid choice to whip such standouts as Joseph Tomlinson's Guard Rail, Hal Price Headley's Supple, T. F. Devereux's Queen Marige and H. F. Bockman's Nurse Ginny.

Amateur Wrestlers Vie for Olympic Positions

YPSILANTI (AP)—More than 100 amateur wrestlers are expected to take the mats tomorrow in the regional tryouts for the U.S. Olympic Wrestling Team.

The winners of Saturday's final matches will compete in the national tryouts at Los Angeles April 28-May 5. Many of the Michigan men are expected to triumph there.

Some 70 entries have already been received and at least 30 more are expected before the weigh-in tomorrow.

They'll pair off in eight weight divisions in each of the styles of wrestling, Greco-Roman and free style.

Among the latest entries are Norman Gill (136.5 pounds) and Kenneth Mallow (191 pounds), both national Greco-Roman cham-

pions. Mallow also competes in free style wrestling. Both are from Michigan State University.

Ted Lennox (160.5 pounds), the blind wrestler from Michigan State, who recently earned the state AAU title, will also compete. The large MSU delegation includes James Ferguson (160.5 pounds), a freshman who last year won the Oklahoma state prep championship.

Back for another try is Dale Thomas (191 pounds), a veteran of the 1952 Olympic squad. Chuck O'Hara (136.5 pounds) of Ann Arbor has also entered.

Manager Bert Waterman said he is counting on several entries from his state championship Ypsilanti High School team.

He said 2 or 3 mats will be in constant use, depending on the turnout at the new Bowen Field House, Michigan State Normal College.

Deer Inspection April 15

LANSING (AP)—Public inspection tours of deer yards in the Grayling, Mio and Baldwin areas have been set for Sunday, April 15, the state conservation department announced today.

The tours have been requested by sportsmen's groups and others interested in seeing the effects of the recent hard winter on the deer herd.

Caution Sportsmen About Forest Fires

By THE ASSOCIATED PRESS
As sportsmen will be reminded frequently from now till fall, fishing seasons aren't the only ones that get under way this time of year—the forest fire season is opening too.

That doesn't mean just in the North Woods, either, although fire protection may have been getting more attention longer along the U.S.-Canadian border timberlands. But the fire season is open in the pulp plantations of Alabama as well as Michigan, and in California's commercial redwood country as well as the Douglas fir stands of Washington.

Fire protection is more than a poster picture of a bear in overalls. Nowadays it's a career, as technical as most and certainly as

active as any, and one that may call for anything from master tactics to hair-raising heroics. Or both.

Fire protection specialists are weathermen, firemen, mechanics, pilots, chemists and in time of emergency a number of other things. In the West, where timberlands stretch uninterrupted for miles, there are the smoke-jumpers who parachute into isolated areas to fight small fires before they can become big. In the Midwest the tower men on their perches play chess with mobile crews in scattered cities and ranger stations, keeping watch on the vast checkerboard of industrial forests.

But in Canada fire protection men are all of these and something

like hermits in the bargain. They do not have to cut themselves off from humanity permanently, but they have to like things very quiet.

The Ontario Division of Lands and Forests annually comes up with a laconic announcement about now: "Planes of the Division of Air Service are now returning to their summer bases."

Rio Grande won 39 basketball games in the 1952-53 season.

Elegance

New crystal-clear "SHOWCASE" bottle lets you see what you buy—nothing is hidden

Dark bottles hide whiskey. Clear bottles let you see it. That's why we are putting Schenley Reserve into a new crystal-clear showcase bottle—we're proud of this fine whiskey, and want you to see it.

Hold a bottle of Schenley Reserve up where the light strikes through it. It looks like a liquid jewel without a single flaw. You'll find no flaw in its fine smooth flavor, either.

See it. Taste it. You'll wonder why you ever spent time fiddling around with lesser brands. This is it, friends. This is bottled elegance—the whiskey for you.

Expect 6,000 at Scout-O-Rama

Event April 21 at Walled Lake

2,000 Scouts Participate Under Direction of 500 Leaders

WALLED LAKE—The biggest event of the year in this area—the third annual Scout-O-Rama—will be held from 2 until 9:30 p.m., Saturday, April 21, at the Walled Lake Senior High school.

Earl Gruber, general chairman, expects a crowd of from 6,000 to 9,000 persons. Last year's Scout-O-Rama attracted about 5,000.

Nearly 2,000 Cubs, Boy Scouts and Explorers of the Ottawa district, the biggest in the Pontiac council, will combine their efforts under the direction of over 500 volunteer leaders.

Two stage shows, scheduled at 3:30 and 8:15 p.m., will consist of 10 acts, featuring all-Scout talent.

The event will offer a continuous display of scouting activities. Forty-six scouting units, representing every section of the district, will take part in the show.

More than 30 booth displays will include bow and arrow making, signaling, conservation, leatherwork, basketry, a cooking demonstration and a model camp.

Cub Scouts will feature achievement work and other cubcraft, including that of the April theme, "Cub Scout Birdwatchers."

Tickets may now be purchased from any cub, scout or explorer. The major portion of the proceeds will be retained by the unit selling the ticket, with the balance earmarked for show expenses.

Fred Thompson of Walled Lake, is serving as assistant to the general chairman.

Don Milligan of Walled Lake is in charge of physical arrangements. The stage show is directed by Robert Williams of Farmington, with Otis Walton as the master of ceremonies.

Budget of \$442,270 OK'd at Waterford

WATERFORD TOWNSHIP — A Waterford Township budget of \$442,270 — some \$10,000 less than last year's — has been approved by the township board.

Reduction in the 1956-57 budget comes principally from a cut in capital improvements, which last year included an appropriation to build a police department garage, township supervisor Lloyd Anderson said. The 1955-56 budget was \$452,381.

The township will request two mills to operate according to the proposed budget. Last year, 1.35 mills was allocated by the county allocation board.

Township employee salaries have been increased, with the seven paid firemen receiving a \$250 annual raise effective April 1.

Police Chief Frank VanAtta was authorized to add two patrolmen to his staff at this week's township board meeting, in line with the budget provision.

ROScoe V. CROWELL

Crowell to Tour Military Bases

Avondale High Principal to Join State Schoolmen on One-Week Trip

AVON TOWNSHIP — Roscoe V. Crowell, principal at Avondale High School, has been selected as one of the 21 Michigan school administrators to make a tour of bases and installations of the armed forces beginning this week. As the only representative from Oakland County, Crowell will join the other Michigan schoolmen at Capital City Airport in Lansing at 2:30 p.m. Saturday. From there the group will proceed to visit bases of the Army, Navy and Air Force.

Great Lakes Naval Training Station in Chicago will be host to the educators first. Then the group will proceed to Scott Field, Ill., and will also visit at Fort Riley, Kan.

Sponsored by the National Assn. of Secondary School Principals and the Michigan Secondary School Assn., the one-week tour will have educators from the 19 states in the fifth army area participating. Transportation will be furnished by the Air Force.

Purpose of the trip is to aid secondary school administrators in becoming better informed regarding military procedures of induction, orientation, and training.

Church Honors Two Treasurers for Long Service

LAPEER — First Presbyterian Church has honored Mr. and Mrs. Charles Stier for 27 years service as treasurers of the church. In recognition of their "outstanding contribution of time and effort," the Rev. Stephen Crowell presented the couple with a silver gravy boat at the Sunday worship service. The Stiers were introduced to the congregation and publicly honored at the service.

Inscribed on the plate on which the gravy dish stands are the words: "In appreciation to Mr. and Mrs. Charles Stier for 27 years service as treasurers of First Presbyterian Church of Lapeer, Michigan."

Mrs. Hale's Viewpoint to Be Aired at Capitol

WATERFORD TOWNSHIP — Mrs. C. W. Hale, of 5888 Southward Drive, has been chosen as one of 100 women throughout the U. S. to participate in the "Women's Congress on Housing." Five Michigan women will be attending this conference to be held in Washington, D. C., the week of April 22.

Mrs. Hale has lived in Waterford just since Thanksgiving. Her husband is a manufacturer's representative, a job which sends them to many parts of the country.

She heard, via NBC's television program, "Home Show," that Albert M. Cole, federal housing administrator, was interested in securing viewpoints on home planning for better family living. Those interested in such topics were asked to write to him and from these letters the conferees for the congress were to be chosen.

Mr. and Mrs. Hale and their family of four children—Stephen, 13; Judith, 12; Melissa, 5; and Marcia, 3—have lived in California, Ohio, Illinois, Wisconsin and Michigan, and have very definite viewpoints about home planning. Twice they have lived in housing developments where the contractor has gone through with a bulldozer to level the ground for easier building. Mrs. Hale feels strongly that the trees and much of the natural contour of the land could be kept and make the developments much more livable.

Our delegate also has very definite viewpoints about multipurpose rooms. "Take it easy," she says. When in Illinois, they designed and built their own home. An outstanding feature of this house was the "living-kitchen" room. This was the family room, the kitchen and also contained the automatic washer and dryer. It was always neat and never messy. By the time they were ready to move she hated it, she added.

Mrs. Hale thinks that the ranch type home is the answer to modern housing but feels that picture windows should be restricted to the back of the house for privacy's sake.

Drama Club to Meet in West Bloomfield

WEST BLOOMFIELD TOWNSHIP — The Township Players will meet at 8:30 p.m. Friday in the West Bloomfield Township Hall on Orchard Lake road, under the leadership of President George Curran.

A large crowd is expected because of the membership drive now in progress.

Anyone over 21 interested in joining the group is invited to this meeting. Two skits will be given by members for entertainment, and refreshments will be served. Persons desiring information on the club's activities are asked to call Phyllis Batts, secretary, at FEderal 8-1319.

Special Meeting Slated

CLARKSTON—Special meeting of Joseph C. Bird Chapter No. 294 OES will be held at 8 p.m. Monday in the Clarkston Masonic Temple.

Your PTA Is Planning:

Beauty Contest Plans Revealed by City Amvets

Amvets Post 16 of Pontiac has announced plans to stage a beauty contest April 28 at the Hotel Roosevelt.

All single girls between the ages of 17 and 23 are eligible to compete and may register by obtaining application form from the Post. A dance will be held in conjunction with the contest.

The local winner will represent Pontiac at the State Amvets Convention and if successful there, would continue on to compete for National Amvets honors.

Schedule Card Party

IMLAY CITY—The members of St. Anthony Church Rosary-Alter Society, Lum, are sponsoring a card party to be held in the Parish Hall Friday evening. Prizes will be awarded.

sake. Then the occupant can create his own "picture" with a backyard garden.

The five Michigan delegates will leave for Washington on Sunday, April 22, from Willow Run Airport.

Milford Leader Dies Wednesday

MILFORD—Ralph Watkins of 125 First St., a lifetime resident here, died at 4:30 yesterday at University Hospital, Ann Arbor. He had been ill six weeks.

Born in Milford in 1901, Mr. Watkins operated a feed and builders supply store on Main street here for 35 years and was active in many community and church projects.

He was a past member of the Village Council and also the Milford School Board. He belonged to the Milford Men's Club and was active on the Executive Board of the Clinton Valley Council of Boy Scouts. He was a member of the Presbyterian Church.

Besides his wife Georgia, Mr. Watkins is survived by two sons, John Watkins, M.D., at Ann Arbor, and James, a medical student at the University of Michigan; two brothers and two sisters also survive. They are Mrs. Theron Arms of Milford and Mrs. George Daniels of the Panama Canal Zone; Robert Watkins of Milford and Myron, of Stamford, Conn.

The body of Mr. Watkins is in the Richardson-Bird Funeral Chapel here pending arrangements.

School Lunch Program Marks 5th Birthday

Waterford Township High School cafeteria will celebrate its fifth birthday today with a special treat of ice cream and cake in honor of the 1956 graduates, the only class to eat in it all five years.

All high school patrons of Waterford will participate in the special meal of turkey and the desert of birthday cake and ice cream.

Mrs. Shirley McCoy, head of high school and junior high lunch programs, and her assistants cooked the school's first meals in the homelike room because of faulty gas lines in the cafeteria. The food then had to be carried downstairs through the halls to the cafeteria where it was served.

Six charter members still remain with the staff—Mrs. Adelaide Braun, Mrs. Connie Fleming, Mrs. Kantarian, Mrs. Eleanor Pugliese, Mrs. Beulah Sutton, and Mrs. Virginia Wegner.

WTHS cafeteria must maintain itself in order to continue service. The first year 36 per cent of the student body purchased the cafeteria lunch; the last four years has brought the percentage to 57.

County Deaths

Mrs. Dietrich Arber
MILFORD—Service for Mrs. Dietrich (Sophia) Arber, 78, of 9650 Mandon Rd., Cedar Island Lake, will be held at 1 p.m. Saturday from Richardson-Bird Funeral Home, with burial in Oak Grove Cemetery. She died yesterday.

She leaves her husband; a daughter, Mrs. David Starr of California; a sister, Mrs. Amelia First of Dowagiac; and two grandchildren.

Bina Mae Winslow
IMLAY CITY—Service for Bina Mae Winslow, Goodland Township, will be Friday at 2 p.m. at the Lester Smith and Son Funeral Home. Burial will be in the Imlay Twp. Cemetery. Miss Winslow died yesterday. Surviving are three brothers, Ray and Claude, Imlay City and Roy, Attica.

Donald D. Howland
LEONARD—Service for Donald Dexter Howland, 27, of 385 Baywood, will be at 2 p.m. Saturday from the Flumerfelt Funeral Home, Oxford, with burial in Ridgeland Cemetery there. Mr. Howland died Tuesday night in St. Joseph Mercy Hospital following an auto accident.

A lifetime resident of Oakland County, he is survived by his wife, Eleanor Dalgleish Howland; his mother, Mrs. Ella Howland of Oxford; a son David, at home; one brother, Robert of Buffalo, N. Y., and a sister, Jean Bartree of Pennsylvania.

Killed in Accident
DETROIT — Michael Kwiatkowski, 71, of Wyandotte, was fatally injured Wednesday when he walked into the side of an auto in Wyandotte. He was dead on arrival at Wyandotte General Hospital.

The slide rule was originated by Edmund Gunter, English mathematician, in 1620.

Romeo Concert Set for Tonight

Event at High School to Provide Scholarships to Music Camp

ROMEO—The music department of Romeo High School will present its 11th annual Interlochen Scholarship Concert at 8 p.m. tonight in the high school auditorium. Sponsor of the event since 1945 is the Romeo Monday Club.

The program will feature selections by the concert band under the direction of E. C. Ojala and by the mixed chorus led by Donald W. Albrecht.

Proceeds from the concert will be channeled into the Interlochen Scholarship Fund which, with gifts from interested citizens and organizations, enables qualified music students to receive two weeks' advanced training at the National Music Camp each summer.

A panel of judges composed of Ojala, Albrecht and a committee representing civic clubs will screen candidates for scholarships early next week. Final selection is based on talent, scholarship, loyalty and citizenship.

Clarkston Rotary Announces to Hold Rummage Sale

CLARKSTON—Rotary Announces to hold a rummage sale from 9 a.m. to 9 p.m. Friday and from 9 a.m. to noon Saturday in the annex of the Clarkston Community Center Building.

Proceeds from the annual affair will go to the Crippled Children's Society, Mrs. Don Stackable, general chairman, said.

SARA MAC KENZIE

Mr. and Mrs. Roland MacKenzie of Holly announce the engagement of their daughter, Sara Margaret, and Gordon L. Schultz, son of Mr. and Mrs. Karl Schultz of Davisburg.

Detroit Boy Escapes Injuries in Cave-In

DETROIT (INS)—An 18-year-old Detroit youth was saved from possible death in a cave-in sewer excavation last night by the efforts of his quick-thinking mother. Robert Desmarreaux was buried to his shoulders when the sewer excavation at the rear of his home caved in.

A nearby brick column supporting the back porch of the house collapsed at the same time and several bricks struck the youth about the shoulders.

Robert's mother, Mrs. Frieda Desmarreaux, 35, kept the earth from covering his head while his brother Michael, 14, ran for help. Two men returned with Michael and the four dug Robert out of the excavation. He was taken to Receiving Hospital and released when no injuries were found.

Girl Scout Head to Be Guest at Waterford

WATERFORD TOWNSHIP—Mrs. Evelyn Copeland, executive director of Northern Oakland Girl Scout Council, will be the guest of honor at a tea today, from 1 p.m. to 3:30 p.m. at the home of Mrs. E. L. Windeler, 5601 Hatchery Rd.

Adults in Girl Scouting and their friends from the Jayno Adams, Drayton Plains, Donelson and St. Benedict areas have been invited to meet Mrs. Copeland.

Mrs. E. J. Lally Jr., president of the council, and past-presidents will be the hostesses at the tea table. Leaders and committee members from Jayno Adams area served on the refreshment committee.

Killed in Accident

DETROIT — Michael Kwiatkowski, 71, of Wyandotte, was fatally injured Wednesday when he walked into the side of an auto in Wyandotte. He was dead on arrival at Wyandotte General Hospital.

The slide rule was originated by Edmund Gunter, English mathematician, in 1620.

MARY ROACH

ARTHUR HOWLAND

SHIRLEY WOODEN

Girl and Boy Team to Head Graduates

2 Seniors With Identical 3.91 Averages Named Valedictorians at Walled Lake

WALLED LAKE—For the second time in recent years, Walled Lake High School will have two valedictorians. The two seniors who emerged in top place with identical averages of 3.91 honor points are Shirley Wooden and Arthur Howland.

Both received certificates from the National Merit Board after taking scholarship tests. They will head the June 1956 graduating class.

Close behind is Mary Roach, the salutatorian, with a 3.85 average.

Shirley, the daughter of Mr. and Mrs. Royal Wooden of Twin Beach, was one of the Walled Lake students who spent last summer in Germany. She was named the school's DAR Filigree because of her outstanding achievements.

These include membership in the National Honor Society, president of the photography club, assistant editor of the yearbook, a member of the Echo staff, secretary of F. T. A., and a member of the math club.

LIKES MUSIC, ART

Shirley is also the organist at the Commerce Methodist Church, plays for three choirs and is interested in impressionistic art. College is definitely in her future but she has not made a final choice of schools.

Arthur is the son of the John Howlands of Walled Lake. He has been a member of the student council for a number of years, has held several offices in the Future Farmers, including that of president, and is a member of the National Honor Society.

'Jamboree' Set at 8 Tomorrow in Imlay City

IMLAY CITY — Eastern Michigan's big talent quest will be presented at 8 p.m. Friday at the Imlay City High School, where the Veterans of Foreign Wars, Lapeer County Post 2492, stage their third annual "Amateur Jamboree."

Acts from all over the Thumb area have entered the competition for 13 cash prizes to be given by the Post. Contestants have entered from as far away as Detroit and Port Huron, as well as Imlay City, Capac, Fostoria, A'ale, Memphis and other towns.

The line-up of talent appears to be the best in years, officials said. Special acts include a ventriloquist, acrobatic dancers, accordion novelties, baton twirlers. There are over 30 contestants in this year's show.

Proceeds, as in the past, go for the VFW Memorial Hall building fund.

Split Voting Precincts in Farmington Township

FARMINGTON TOWNSHIP — Floyd A. Cairns, township clerk, has announced that new registrations in the township have necessitated the splitting of voting precincts. The township now has 3,345 registered voters and only four voting precincts. State law requires that all precincts equipped with voting machines be limited to 1,400 electors, therefore it became necessary to establish new precincts.

Voters in the new precincts whose polling place has been changed are being notified by mail.

Western Whirlers to Dance Saturday

DRAYTON PLAINS — Members and guests of the Western Whirlers Square Dance Club will meet again Saturday night. Pete Lergen will call and instructions will be given new couples.

Teetle Meeting Tonight

TEEPLE LAKE — The extension group here will meet tonight at 7:30 at the home of Mrs. Frank Ruggles, Cooley Lake road. Topic, "Meeting the Meat Bill."

Increase Board Pay in Commerce Twp.

COMMERCE TOWNSHIP—Members of the Commerce Township Board granted salary increases of \$300 per year to three township employees at the regular monthly meeting held last night at the township hall.

The wage hikes went to Ray Price, fire chief; Clarence Kuttuhn, assistant fire chief and Morgan Reichert, township building inspector.

The board also voted to pay Price the sum of \$300 yearly to act as custodian of the voting machines. Pay increases are retroactive to April 1, the beginning of the 1955-56 fiscal year.

First Aid CD Courses to Resume at Davisburg

DAVISBURG — Civil Defense First Aid courses in Springfield Township will be resumed at the Davisburg Town Hall at 7:30 tonight under the leadership of township deputies Myron Gaforth and Ben Hutchinson.

Due to the illness of former instructor Mr. Hess of Pontiac, courses will be taken up by Mrs. E. J. Temming of Holly.

Farm Bureau Meeting

ORION TOWNSHIP—The East Orion Farm Bureau will meet at 9:30 tonight in the Goodison Township Hall. Discussion will be on school finance, and will be led by Fred Schultz.

Dies in Grass Fire

DETROIT — A man who accidentally burned to death while trying to put out a grass fire has been identified as Louis Malski, 55, of Detroit. Malski suffered fatal burns Tuesday when his trousers ignited as he was trying to stamp out a fire in a field. A witness telephoned police, but Malski was dead when they arrived.

DUNKING THE DOPES — Bobby Sauvage and Barbara Crane (left to right) will be victims in one of the Midway games at the Brandon Township High School Carnival, to be held from 1 to 11 p.m. Saturday at the school in Orionville. They will get a cold shower from anyone skilled enough to hit a target with a baseball. Other features at the carnival will be fortune telling and weight guessing booths, a cake walk, shooting gallery, archery, a fun house, and the chance to win live ducks. The festival is sponsored by the Brandon senior class, and there will be a prize for everyone who attends.

Teacher Suspected of Robbing Students

BEVERLY HILLS, Calif. (U-P) Police have booked Miss Theima Politte, 49-year-old piano teacher, on suspicion of burglarizing her pupils' homes.

Officers said she has a penchant for opening locks and that her victims included Edwin Pauley, oil millionaire and politician.

Officers said they found about \$10,000 worth of loot in Miss Politte's home in Los Angeles, including a \$2,500 mink coat they said was taken from the Pauley home last summer.

Det. Lt. R. W. Borders said Miss Politte was arrested when she sought to dispose of a coat and a silver set.

Hollywood Headlines: Montgomery Clift Faces Filmland Cameras Again

BY BOB THOMAS

HOLLYWOOD (U-P)—The screen's least active young star, Montgomery Clift, is back in Hollywood making a movie.

Clift, still pencil-slim at 35, has returned to town for MGM's Civil War epic, "Raintree County."

He is not one to push his acting career. In his nine years in films this is only his ninth movie.

His last one here was the great "From Here to Eternity." Many actors would have followed up such a classic with other films. Not Clift.

He absented himself from Hollywood for two years. His only film activity was an Italian-made picture with Jennifer Jones.

MUCH SOUGHT

It's not because Clift hasn't had offers. He and Marlon Brando are the most-sought of the young actors. Clift's agent estimates that the actor has turned down four million dollars' worth of salary since his last film.

How come? I pinned him down

on Lot No. 3 at MGM, where the big Western street had been made over for a pre-Civil War Fourth of July celebration.

"I just haven't found the stories I want to do," he explained.

"When I don't find anything I'm excited about doing, I don't work."

"Now it looks as if I'm going to be very busy. After this one, I'll probably do 'The Devil's Disciple' with Laurence Olivier and Burt Lancaster. There are two or three others I may do right afterward."

But that doesn't mean that he'll move here. His home is still New York, though it is merely a base of operations. During his two-year absence, he did a great deal of traveling, especially in Europe. Fortunately for him, he has invested his money wisely, so he can afford to take long vacations.

SOLID SUPPORT

Clift gets solid female support in "Raintree County" from Elizabeth Taylor, his co-star in "A Place in the Sun," and Eva Marie Saint.

Miss Taylor, with as fetching a drawl as you've ever heard, represents the South, and Miss Saint the North.

The film takes a Northern point of view, however, which is unusual in Civil War epics. Director Edward Dmytryk explained that the story concerns the impact of the war on an Indiana town.

The movie is MGM's greatest domestic effort, with an expected bill of \$5,500,000. The studio's Italian-made "Quo Vadis" ran around seven million.

The company will spend two months in the South, shooting locations in Kentucky, Louisiana and Tennessee.

Aircraft Firm Rehires Nine Praying Workers

CHINO, Calif. (U-P)—The aircraft company which fired nine Negro workers March 28 when they stopped work to take part in a prayer observance has hired them back, their union says.

The workers said they were fired when they returned to the Pacific Airframe Corp. plant after praying for an hour in their cars, in observance of the Montgomery, Ala., Negro bus boycott. They were granted full seniority, vacation and sick leave with their reinstatement, said a spokesman for the International Assn. of Machinists yesterday.

Ursula Andrews Gets Approval for Contract

LOS ANGELES (U-P)—Actress Ursula Andrews, a veteran of three Italian movies, now has court approval of her movie contract with a Hollywood studio.

Miss Andrews, daughter of a Swiss diplomatic official, also celebrated her 20th birthday yesterday. Her new movie contract with Columbia Pictures covers seven years. Her salary starts at \$200 and could go up to \$1,000 a week.

Cole Says Act Aids Integration

'I Was a Guinea Pig,' Singer Explains Away Unwarranted Attack

CHICAGO (U-P)—Negro singer Nat (King) Cole, attacked by some white men while performing in Alabama, today said "It will do a lot of good for the cause of integration."

"I was a guinea pig for some hoodlums who thought they could hurt me and frighten me and that way keep other Negro entertainers from the South," Cole said.

"But what they did has backfired on them because those thousands of white people in the audience could see how terrible it is for an innocent man to be subjected to such barbaric treatment."

SHORT REST NEEDED

Cole, one of the nation's most popular vocalists, was singing before a white audience of 4,000 in Birmingham's Municipal auditorium Tuesday night when a group of white men charged on the stage. Cole was hit and fell against a piano stool. He flew to Chicago where a doctor ordered a short rest to recuperate from minor injuries to his back, right arm and left leg.

The 37-year-old Alabama-born singer said "Those men who attacked me were trying to start a riot. I don't think there was anything personal—that is, that they were against me as Nat Cole—but I do think that it was meant to be a demonstration against integration."

Interviewed in bed in his hotel suite, Cole said one thing he was proud of was the way many people of the South responded to the Birmingham incident. He showed several telegrams expressing regret.

One, signed by Chief of Police Frank N. Littlejohn of Charlotte, N.C., urged Cole to "come on to Charlotte." It also said, "We in Charlotte are heartily ashamed of the indignity to which you were subjected."

THE RETURN OF JACK SLANEY

Bulganin Says Trip to Stress Trade Bids

MOSCOW (U-P)—Premier Bulganin says the trip he and Communist party boss Khrushchev are making to Britain is not an attempt to drive a wedge between Britain and the United States.

Bulganin said in an interview that the chief aim of their 10-day visit, which begins Wednesday, is to discuss increased trade and broader cooperation.

The Premier's comments were made in an interview with Irving R. Levine, Moscow correspondent of the National Broadcasting Co. and the London Times.

While emphasizing trade and cooperation, he said discussions in Britain also would include "some other international problems, the solution of which will be conducive to further easing of world tensions and the strengthening of peace all over the world."

TV-Set Output Climbs

CHICAGO (U-P)—Some 7,750,000 television sets were manufactured in the United States in 1955, an increase of 400,000 over 1954 and 250,000 above the previous peak, reached in 1950. Consumers bought more than 7,600,000 TV sets, compared with 7,300,000 in 1954, the previous highest year.

Prison Inmates Publish Lively Monthly Paper

HUNTSVILLE, Tex. (INS)—An off-beat band of journalists, who pound their typewriters inside the thick walls of the Texas prison system, have a guaranteed circulation list of some 8,500 persons for their paper.

The newspaper, called the Echo, is a monthly tabloid written, edited and printed by the inmates of the Texas Penitentiary at Huntsville. Its editorial policies are not dictated by prison officials.

News items deal with events inside and outside the walls. "Stringers" from the system's other units and farms throughout the state submit copy to Echo's editor-in-chief at Huntsville and the paper is dotted with newsy items on doings in the various lock-ups.

Page one of a recent issue, for

important to them and then watch the column for the answers from the man who knows them.

GRIPE COLUMN
A "gripe" column, titled "Dinny's Dills by Golly," lists pet peeves of the inmates. The latest complaint is the choice of music by a few prisoners who play their radios too loudly for the writer's taste.

He pleads for a set of ear plugs to shut out "the fortissimo squalls that sound like a pack of wild jackasses during the mating season." And he makes it known that he is referring to Hillbilly-style music.

But the most interesting department in the newspaper, and the one with the highest readership, is "The Finger," a gossip column that thumb-nails the latest additions to the prison population.

Distributed free to prisoners, the Echo's yearly subscriptions to outsiders cost \$1.50.

Thrifty

Especially designed and priced for the modest budget at a saving of \$80. Only WKC and the world's largest manufacturer of bedroom furniture could bring you this value. Large double dresser with tilt back, Pittsburgh plate glass mirror, bookcase bed with handy sliding doors and large roomy chest. This fine quality bedroom is finished in DuPont "Dulux" and trimmed with specially designed hardware. Your choice of Limed Oak or Platinum Mahogany. Never before have we presented such a bargain.

**OVERSTOCKED
WHOLESALE
MAKES THIS
TREMENDOUSLY
LOW PRICE
POSSIBLE!**

"ETERNAL BEAUTY" diamonds are cut so that when light enters, it is reflected from facet to facet and comes back through the top in a rainbow blaze.

In a stone that is too deep, much of the light is reflected to opposite facets at the wrong angle to return through the top and so is lost through the sides.

In a shallow stone, much of the light is lost as it fails to be reflected at all and "leaks" out the bottom.

**"ETERNAL BEAUTY" DIAMONDS
HAVE THE CORRECT CUT!**

★ 8 Genuine Precision Cut Diamonds

3 Beautiful Diamonds in Engagement Ring
5 Sparkling Diamonds in Wedding Ring

★ 14 K. Yellow or White Gold Mountings

Designed and styled by one of America's leading Ring Manufacturers
