Ike Unveils U.S. Plan to Limit Nuclear Tests

Petition to Retain Former Name of Waterford School

Twenty-five Waterford Township residents are circulating petitions to have the name of the high school changed back to Waterford Township High School.

The Board of Education unanimously voted to change the name to the Thomas A. Edison High School. After students protested the change, however, the Board compromised and decided on the name Waterford Edison High School.

The decision to change the name was made because of the coming construction of another high school in the district, which will be known as the Waterford Kettering High School. The name changes would become effective in September, 1961.

★ ★ ★

The petitions state:

"We, the undersigned, hereby indicate our preference in the naming of Waterford Township's present high school and ask that it be named Waterford High School. We back the Student Council's recommendation that local historical places be commemorated in naming the schools, and in addition that local personages be considered."

The petitions conclude:

"We do not want Waterford-Edison or any similar combination for the present high school."

★ ★ ★

The wife of one of the School Board members, Mrs. Edmund Windeler of 5601 Hatchery Rd., started the circulating of the petitions.

★ ★ ★

She said many students had come to her weekly newspaper office to protest the changing of the school name and that adults had also telephoned suggesting that petitions be circulated.

★ ★ ★

Mrs. Windeler said that she acted purely as a private citizen and newspaper editor and the fact that her husband voted in favor of the name change did not alter her feelings.

★ ★ ★

Mrs. Windeler said she was afraid that eventually the "Waterford" part of the name would be dropped, and the schools would be known as Edison and Kettering.

★ ★ ★

A list of residents who are circulating the petitions was not available. Mrs. Windeler said some of the petitions were being placed in business places throughout the township.

Asked if this means the Board might reverse its decision changing the name of the school, Supt. William Shunck said simply:

"Any Board of Education that establishes a definite position on a matter can change or rescind its decision."

Soviet (?) Moon Darkest Mystery

Pentagon Gossips and Defense Dept. Claims It Knows Nothing

WASHINGTON (AP)—A dark satellite that the Pentagon said may be of Soviet origin tumbled through space today in an orbit of mystery.

Its path over the poles was one that would be desirable for any type of "seeing eye" space spy. Moscow was saying nothing about it.

★ ★ ★

Here's all that's known about the mystery object, according to the Defense Department:

It appears to be in a near polar orbit. It is dark and is probably less than 19 feet long. It is silent, as far as U.S. monitors are concerned.

But American space scientists have not ruled out the possibility that the satellite could be sending messages if triggered by a remote receiving station in the Soviet Union.

However, these scientists have learned from experience that it is difficult to receive signals from a space vehicle tumbling in orbit, as this one appears to be doing.

★ ★ ★

At Jodrell Bank in England, scientists at the British radio telescope said they knew of no satellite sent aloft by the Soviets recently and that they have no information on any new satellite around the poles.

Navy tracking stations first spotted the object about three weeks ago, but the Defense Department said nothing about it.

There was no official comment until after word was publicized Wednesday that the Pentagon was buzzing with "what is it?" speculation.

American scientists quickly eliminated the possibility that the space traveler was one of the known American or Soviet satellites which had been launched in a generally east-west orbit.

★ ★ ★

They also tended to rule out the possibility that it could be a part of Soviet's Lunik III that took a picture of the far side of the moon last October.

Navy trackers who keep a continuous watch on all space objects said they knew the whereabouts of the Discoverer rocket casings—and that this object was not one of them.

The only indication of the mystery satellite's size came in the Pentagon's comment that the object is slightly smaller than the Discoverer carrier rockets. These carrier rockets are 19.2 ft long and 5 feet in diameter, weighing 1,400 pounds at burn-out. Their ejectable capsules weigh 300 pounds.

Statistically, Everyone Entitled to Letter a Day

WASHINGTON (AP) — Get your letter today? Statistically, you're entitled to one.

Post Office Department witnesses have told the House Appropriations Committee the volume of mail, year after year and city by city, works out to about "a piece of mail for every man, woman and child in the United States every day."

Abandons Try for Total Ban in Geneva Talks

4-Point Program Would Exempt Weak Blasts Underground

WASHINGTON (AP)—President Eisenhower announced today a new four-point U.S. plan for international restrictions on nuclear tests. Aimed to break the deadlock with Russia, it would exempt low power underground test explosions from the proposed ban.

Eisenhower told a news conference the plan was being introduced immediately at Geneva where the United States, Russia and Britain have been negotiating over a test prohibition for more than 15 months.

(Russia's Semyon K. Tsarapkin in Geneva said today he was against new Western proposals for a limited nuclear test ban because it was "a step backward.")

In a statement, Eisenhower said the new proposal "would end forthwith, under assured controls" the following types of explosion:

1. All nuclear weapons tests in the atmosphere.

2. All nuclear weapons tests in the ocean.

3. All such tests "in those regions in space where effective controls can now be agreed to."

4. All tests "beneath the surface of the earth which can be monitored."

Low-powered underground tests would thus be exempted as not subject to effective monitoring.

"These are steps which offer an opportunity to consolidate the important progress made in the negotiations thus far," the President said. "It is our hope that the Soviet Union will join with us in this constructive beginning."

In effect this means that the United States is abandoning at least temporarily the quest for a total ban on all nuclear weapons tests because government officials believe there is no way to police the smaller underground explosions — reported to be those below 20,000 kilotons (the size of the Hiroshima bomb).

GENEVA AIMS

Eisenhower said the United States has sought throughout the Geneva negotiations for complete abolition of weapons testing subject only to agreement on "adequate methods of inspection and control."

The essence of the underground control problem is that U. S. scientists have advised the President and have informed the British and Russians at Geneva that relatively low yield explosions are difficult to distinguish from earthquakes and their shock waves may be deliberately dampered by firing the shot in a large hole.

Eisenhower said his four areas of the proposed limited ban constitute "readily attainable steps toward a complete ban on nuclear weapons tests."

Banks to Close Friday for Lincoln's Birthday

Banks will be closed all day tomorrow because of the national observance of Abraham Lincoln's birthday.

Post office schedules won't be affected by the holiday, nor will local, county or state offices.

Eastman Resigning to Take Position on MSU's Faculty

For Dessert, They Had Soap

AP Photofax

VALENTINE BIRTHDAY PREVIEW—Twins Alphonse (left) and Frank Formicola will be one year old Sunday — Valentine's Day. To get into the spirit of the occasion, they celebrated a bit prematurely with a cake. The twins are sons of Mr. and Mrs. Frank Formicola of Greece, N. Y., near Rochester. We bet that for dessert, they had soap — applied externally.

Safety Director to Get $11,000 Teaching Job

Giving Willman Letter Tomorrow Telling of April 1 Departure

Public Safety Director George D. Eastman is leaving Pontiac to join the faculty of Michigan State University.

Eastman said he will submit a letter of resignation to City Manager Walter K. Willman tomorrow and will assume his teaching duties on the East Lansing campus April 1.

Although the announcement came as a surprise, it has been known that Eastman informed Willman in December he was resigning.

Eastman contacted shortly after noon today, confirmed that he had accepted a position at MSU.

He was unaware that his appointment had been approved today.

The MSU Board of Trustees meeting in East Lansing today confirmed his appointment as an associate professor of police administration at an $11,000 annual salary. The appointment becomes effective during the fall term.

At the same time, it was learned that Eastman had accepted an appointment for the MSU spring semester as a special lecturer at a salary of $4,000.

The controversial police figure said he wished to prepare a careful statement concerning his resignation, which will be made public tomorrow, he said.

Until then, Eastman said, he had no official comment.

Mayor Philip E. Rowston, speaking in the temporary absence of Willman, said the city would accept the resignation "with regrets."

Eastman took over his duties as public safety director in October, 1958. He had agreed to stay two years at an annual salary of $12,000 but did not have a written contract with the city.

Eastman's job in Pontiac has been marked by frequent battles with Police Chief Herbert W. Straley, his bitter foe.

Hired to implement the Public

GEORGE EASTMAN

Nikita Stresses 'Peace' Again

Makes Plea to Small Crowds in India for Negotiation

NEW DELHI, India (AP)—Soviet Premier Nikita Khrushchev, welcomed by India by perhaps 250,000 persons, told Parliament today all international disputes should be settled on the principle of peaceful coexistence.

"The way out of all disputes should be sought through negotiations and not through pressure and dictation," he said in the first major speech of his four-nation "peace and friendship" tour of Asia.

Khrushchev attracted crowds small by comparison with the tumultuous throngs that greeted President Eisenhower here on the American leader's goodwill tour two months ago.

His call for peaceful settlement of world issues reiterated a position he had outlined at intervals since returning from his visit to the United States last September.

Addressing a joint session of Parliament he used "panchshila," a common Indian term for the coexistence treaty between India and Red China, interchangeably for coexistence.

He seemed to be making a strong plea for a negotiated settlement in the bitter dispute between India and Red China over 50,000 square miles of their border territory.

Since the border dispute led to the death of a dozen Indian soldiers last year, the term "panchshila" has suffered a tremendous loss of popularity in this country.

Khrushchev, wearing a light blue suit, received a huge ovation from standing members as he passed down the aisle, clasping his hands before his face in the traditional Indian greeting.

Vice President Sarvapalli Radhakrishnan introduced Khrushchev as "a courageous fighter for peace."

He praised Khrushchev's recent statements on disarmament and declared: "He recognizes that the economic well-being of all nations is an essential condition for world peace."

Khrushchev seemed either unaware or undaunted by the difference in the welcome given to him and to President Eisenhower. He beamed and waved his white hat to flag-waving Indians.

More than a million turned out —some sources said 2½ million— to welcome the U. S. President. The crowd today was estimated in the neighborhood of a quarter million.

Asks Free Game Licenses for Elderly Citizens

LANSING (AP) — Free hunting and fishing for Michigan's elderly citizens and state inspection of automobiles are proposed in the newest batch of bills laid before the Legislature.

Persons over 65 would be exempt from hunting and fishing license requirements under a bill by Rep. Gilbert L. Wales (D-Stambaugh). At that age, he said, most are retired and looking for recreational outlets but are limited by reduced incomes.

No GOP Foe Expected

Bentley Hops Into Senate Race

LANSING (UPI) — Michigan's 1960 election campaign will open tonight when Rep. Alvin M. Bentley (R-Mich) announces he will run for the U.S. Senate.

He may have a clear track for the GOP nomination.

★ ★ ★

Rep. Robert P. Griffin (R-Mich) all but counted himself out today.

He said "chances are more remote" now that he would be the one to challenge Sen. Patrick V. McNamara (D-Mich).

"I would be very reluctant to run against a fellow Republican congressman unless I saw substantial indication of support," said the co-author of the Landrum-Griffin labor reform bill.

SHALLOW SECRET

Bentley's secret about his intentions is about as shallow as Gov. G. Mennen Williams' is deep.

The fourth-term congressman has made little attempt to create any suspense about the content of his statement at the Owosso City Club tonight.

"It's no secret that he's going to announce," said Griffin, who predicted McNamara "will be no pushover."

★ ★ ★

Bentley, one of the most seriously wounded when Puerto Rican Nationalist fanatics opened fire in Congress in 1954, will cite his work on the House Foreign Affairs Committee among his qualifications.

The 41-year-old Owosso millionaire will try to hang "spender" and "big labor" tags on McNamara.

Bentley's announcement tonight is expected to be followed up Monday with some kind words by Vice President Richard M. Nixon, who will visit Detroit then.

BUTLER TO HELP

McNamara can count on a testimonial from Democratic National Chairman Paul M. Butler, scheduled to start a tour today which will take him to Lansing, Grand Rapids, Muskegon, Detroit and Mount Clemens.

Butler is expected to be an overnight guest tonight in the home of Williams.

He could be the first to learn whether Williams will seek a seventh term. But more than likely he will be one of many asked for advice.

Williams has a speechmaking trip scheduled tomorrow and Saturday on the West Coast.

He has an address set at the Jefferson-Jackson Day dinner in Bremerton, Wash., and a state Young Democrats Convention in Seattle.

Mercury Tumbles; 'Twill Be 15 Tonight

Old Man Winter sent temperatures tumbling from a high of 46 degrees to 20 at 11 a.m. today when he returned to the Pontiac area last night.

The weatherman said residents may expect snow flurries and temperatures colder with a low of 15 tonight. Friday will be partly cloudy and cold with snow flurries and a high of 25.

The outlook for Saturday is cloudy and continued cold.

At 2 p.m. the thermometer registered 22.

'Sign My Autograph Book?'

Pontiac Press Photo

HAPPY PATIENT — A bright smile shows that Diana Weir, 12, has fun as a patient at Pontiac General Hospital. Daughter of Mr. and Mrs. Raymond Weir, 805 Scott Lake Rd., Waterford Township, she holds up her autograph collection. For other scenes of new facilities ready for patients like Diana at the nearly-completed hospital, turn to page 13.

No Progress as Bus Contract Talks Break Up

Bargaining talks in the two-month Pontiac bus strike broke up again yesterday with no progress reported.

★ ★ ★

State mediators said there was no change in the union position and no new company offer.

Striking bus drivers and mechanics have asked for a 23-cent-an-hour package increase while the company has offered only to extend the terms of the old contract.

Mediators had scheduled another bargaining session today in Saginaw.

★ ★ ★

Pontiac, Saginaw and Kalamazoo were hit by strikes at the same time against local bus companies operating as subsidiaries of National City Lines, Inc. Only the Kalamazoo strike has been settled.

Tony Wodek, Tax Consultant. FE 8-2107. Open evenings, 30 Jackson.

GM Payroll Increases $35 Million Here in '59

Wages which were 35 million dollars higher than the year before, and an average employment at the three plants of 3,000 above that of 1958 were the General Motors Corp., contributions to Pontiac's economic growth in 1959.

During the year, $156,445,979 was distributed in payrolls to an average of 22,682 employes at the three GMC plants in the city, officials of the three divisions announced in a joint statement today.

★ ★ ★

In the same period, another $46,251,200 was paid to other firms who supply the three plants with goods and services for production. Many of the suppliers are local concerns.

Releasing these figures were S. E. Knudsen, Pontiac Motor Division general manager and corporation vice president, C. J. Werner, GMC Truck & Coach Division general manager and vice president of the corporation, and Thomas F. Wiethorn, manager of the Fisher Body Division plant here.

Wiethorn said a multimillion dollar renovation and expansion program at the Fisher plant was initiated last year, one of Oakland County's largest construction projects.

The plant supplies the Pontiac Motor Division with bodies, and expectation of continued growth of Pontiac sales necessitated updating and expanding the Fisher facilities.

★ ★ ★

Production of station wagon models was started here with the beginning of the 1960 model year. By 1961, when the present construction program is scheduled for completion, the plant will be able to supply any body type the Pontiac Motor Division will demand.

General Motors employes at the three Pontiac plants invested $3,174,777 in U.S. Savings Bonds during last year through the payroll deduction plan and they contributed $245,806 to the 1959 United Fund drive.

C. of C. Studies Industrial Plan

Corporation Would Try to Get New Businesses for Pontiac Area

The Pontiac Area Chamber of Commerce is eying formation of an industrial development corporation to persuade new industry to settle here.

As a first step, a delegation traveled to Muskegon today to study a similar movement there.

It is expected, chamber officials said, that after a preliminary investigation, plans for a Pontiac corporation will be submitted for approval by the chamber's board of directors.

"The aim of an industrial development corporation, basically, is to provide more jobs for the community," said John W. Hirlinger, Chamber of Commerce manager.

"If such a drive were successful here all levels of the community would benefit.

"For labor groups, for instance, there would be more and better jobs. Manufacturers would have a larger and more varied labor pool.

"A broader tax base would help local government; churches, retailers and professional men would see more members, more customers and more clients.

"New industry and more jobs would aid real estate interests through increase land values and more building."

* * *

Industrial development corporations usually try through several methods to create a favorable atmosphere for new industry.

A typical corporation will acquire and develop potential industrial sites and widely advertise their advantages.

In some cases, Hirlinger said, development corporations even aid in the erection of new buildings for new industry.

Most cities strive to seek new industry that is non-competitive with existing plants.

Development corporations also take on the task of helping existing industry to expand and modernize.

In the Muskegon delegation, besides Hirlinger, were Albert W. Holcomb, first vice president of the chamber, and L. Clare Utley, chairman of the chamber's industrial affairs committee.

The delegation was to meet with Muskegon Chamber of Commerce officials to study the manner in which the Lake Michigan city set up its industrial development corporation, which the Pontiac representatives described as "outstandingly successful."

Suing Deputy, Motorist Found Guilty in Accident

A Waterford Township man who is suing Deputy Sheriff Donald Kratt and Oakland County for $50,000 damages he claims he suffered in an accident involving Kratt's car was found guilty of a traffic violation in the accident yesterday.

Cyril J. Kampsen, 36, of 2018 Denby St., was convicted for "unsafe turning in a direct lane," said Waterford Township Justice Patrick K. Daly.

Kampsen was ticketed at the scene of the accident last March by Pontiac state police.

Kampsen has charged in a suit filed in Circuit Court that Kratt was speeding and driving on the wrong side of Dixie highway near Silver Lake road when his car struck Kampsen's as it was about to turn into a gas station.

Kampsen was fined $15, $10 costs or ordered to serve five days in the Oakland County Jail.

He has appealed the conviction to Circuit Court.

Kampsen, a plant protection officer at Pontiac Motor Division, has asked $50,000 damages for spinal and other injuries he suffered and for hospital costs.

MENTAL HEALTH LEADERS — Taking time out for a lighthearted moment after discussing serious problems in mental health last night were Richard Merrick (left), president of the board of the Oakland Child Guidance Clinic, and Ralph E. Walton, clinic administrator for the State Department of Mental Health. The occasion was the Clinic's annual meeting held at the Northwood Inn in Berkley.

Says Children 'Detained' Instead of Treated

Mentally Ill Care Is Hit

By HARVEY ZUCKERBERG

Dr. Robert H. Graves last night charged that mentally ill children are detained, rather than cared for adequately, in the Oakland County area.

Clinical director of the department of psychiatry at Detroit's Receiving Hospital, Graves delivered his message to some 200 members of the Oakland Child Guidance Clinic at their annual meeting at Northwood Inn in Berkley.

* * *

He cited the achievements of the clinic in its out-patient care for the emotionally disturbed child, on the family level.

"But," said Graves, "it has been a developing concern that something be done to provide care, not detention, for the increasing numbers of children committed to state hospitals by our probate judges.

"This placement of children in institutions not planned for them creates new problems which we must now begin to solve."

Graves said also that emergency cases are locked up in jail because there is no other place in the area to receive them.

* * *

"It is astonishing, but none the less true, that a child who has developed a severe emotional disturbance which requires immediate psychiatric attention cannot be hospitalized on an emergency basis anywhere in this area.

"Estimates obtained from children's agencies in the area suggest that approximately 30 to 35 cases requiring some kind of urgent institutional care occur each month.

"There has been no recourse to deal with these children but to send them to jail."

* * *

Graves added "we are not making spectacular headway" in the prevention of juvenile delinquency.

According to Probate Judge Arthur E. Moore, who attended last night's session, there are now close to 150 children who have been committed by Michigan's probate courts to state hospitals who have no room to take them.

Graves said one of the basic problems is that there is no coordination between the Department of Mental Health, local boards that govern clinics, welfare agencies, educational institutions, correctional agencies, courts, hospitals and other public and private agencies engaged in the care of children.

"We can," he said, "along with the creation of needed new services, more adequately coordinate those services we already have. It is my hope an agency can be created to serve this need.

* * *

"The motivation often behind the plan worked out by a children's agency for a given child in difficulty is more in terms of trying to figure out a way to get rid of the problem rather than what would be best for the child.

"We have no overall plan and agencies continue to operate in relative isolation."

Graves quoted "from an ancient Jewish proverb . . . 'Small children disturb your sleep; big children, your life.' "

The psychiatrist said, "We still treat our most precious assets in a barbaric fashion."

Two Announce Candidacy for National, State Posts

A neophyte to politics, and a 1958 nominee who came within 4,000 votes of unseating the incumbent in his first try at politics, yesterday announced their intentions to seek the Democratic nominations for Oakland County's two highest elective offices.

Edward J. Vanderlaan, a 29-year-old government and history teacher at Birmingham's Seaholm High School, has plunged into politics for the first time in seeking the county's 18th congressional seat in Washington.

Going after the nomination for the county's state Senate seat in Lansing is Leo P. Meagher, 51, a resident of Woodcreek Farms and a Detroit real estate broker.

A licensed pharmacist who once was a UAW member during World War II, Meagher (pronounced Maher) in the 1958 election lost to incumbent Republican Sen. L. Harvey Lodge by a scant 4,403 votes.

* * *

Vanderlaan (pronounced Vanderlawn), who in 1952 studied for the priesthood at Notre Dame University, will be hoping for his party's nomination in August so he may oppose Congressman William S. Broomfield, Republican two-term incumbent.

He said at this stage of his campaign there were "no major issues" on which he disagreed with Broomfield. "But there's lots of time between now and the primary," he said.

At a press conference at county Democratic headquarters at the Roosevelt Hotel yesterday, Vanderlaan, of 4901 Valley Vista Circle, Troy, told how he made up his mind almost over night to seek the nomination.

* * *

A member of the Birmingham Democratic Club the last three years, the graduate of Michigan State University said he was urged by Mrs. John H. McVay, club chairman, to toss in his hat.

"I just called him up and asked him, that's all," Mrs. McVay said.

CAUGHT BY SURPRISE

This caught Carlos G. Richardson, county chairman, by surprise. "He comes to me as a total stranger," Richardson said. He said he first met the tall, slender candidate, who looks his part of a teacher, at a dinner two weeks ago.

He introduced himself, and at the same time announced his candidacy to members of the county committee Monday night. The committee, however, hasn't endorsed Vanderlaan as Richardson said other candidates might announce.

Vanderlaan started his $5,100-a-year teacher's job in Birmingham in 1956 after he received a degree in history and political science from MSU. He was born and raised in Muskegon.

* * *

Married and the father of a 4½-year-old daughter, his wife also teaches in Birmingham.

Like Vanderlaan, Meagher, of 29097 Utley Rd., reserved any preprimary statements or criticism of his possible GOP opponent Lodge.

PHARMACIST

But Meagher promised a "positive and constructive program for state government after the primary." "You don't have to tear someone's house apart to build your own," he said.

A member of the Democratic state finance committee, Meagher spent nearly four years at Wayne State University taking a premedical course when illness interfered. Finding he had earned sufficient credits to take his pharmacist board exams, he did so and became licensed.

He took his apprenticeship at a Detroit drug store and then purchased his own. After expanding his chain of stores, World War II again interrupted his plans.

* * *

He joined the research department of Fisher Body Division and was a member of the bargaining committee for Local 157, UAW.

"While I can give no assurance that my position on the matter of legislation will always be in agreement with the people who have supported me, I will promise to take a strong position in support of legislation that is in the common good of all the people of our state," Meagher said.

Straley Reply Hits PPOA Suit

Charges Action Aims at His Ouster in Answer Filed With Court

A lawsuit filed to determine whether the Police Trial Board legally exists is really an attempt to bring about his firing, Police Chief Herbert W. Straley has charged.

Straley's answer to the suit brought by the Pontiac Police Officers Assn. (PPOA) was filed yesterday in Circuit Court.

The PPOA has asked for a Circuit Court declaratory judgment on whether the trial board is legally constituted in light of the repeal of the Pontiac Civil Service Commission by voters last April.

The PPOA suit was brought against the city, city commissioners, trial board members, City Manager Walter K. Willman and Public Safety Director George D. Eastman.

* * *

Straley was allowed to intervene in the case by Circuit Judge H. Russel Holland.

The PPOA has asked for a quick decision, explaining that the issue of job protection was involved. The association has denied it is trying by this suit to facilitate Straley's ouster.

Straley's answer also denied that an actual controversy existed for the court to decide.

"The charter provision creating the trial board needed no re-enaction," Straley's answer alleges.

The Day in Birmingham

Voters, Candidates Near Deadline in 3 Communities

BIRMINGHAM—Monday is the deadline for voters to register and candidates to file nominating petitions for the March 14 elections in Beverly Hills, Franklin and Bingham Farms.

* * *

Candidates must file their petitions by 4 p.m. and registrations will be accepted until 8 p.m.

Beverly Hills Clerk Alice Spencer said the village office will be open Saturday from 9 a.m. to noon for those not having the opportunity to register Monday.

Registrations in Bingham Farms can be made by contacting Clerk Pauline S. Marson at the Outland Riding Stables.

A meeting to consider the organization of a Birmingham Business and Professional Women's Club will be held at the Community House Feb. 17 at 8 p.m.

Only women actively employed are eligible for membership.

Further information may be obtained by contacting Mary Trambush, 1128 E. Nine Mile Rd., Hazel Park.

The Birmingham Alumnae chapter of Alpha Xi Delta sorority will meet Monday at 8 p.m. in the home of Mrs. Jack E. LaBelle, 217 Westwood, Bloomfield Township.

The program topic will be "National Philanthropy."

William C. Canfield

Service for William C. Canfield, 44, of 5010 Wing Lake Rd., Bloomfield Hills will be held at 1 p.m. Saturday at the Bell Chapel of the William R. Hamilton Funeral Home. The place of burial is yet to be decided.

Mr. Canfield died Wednesday in New Grace Hospital, Detroit, following a long illness.

A graduate of Cass Tech High School in Detroit, Canfield was a commercial artist.

He was a member of the Northwest Baptist Church and a former member of the Ad-Craft Club.

Surviving are his wife Evalyn; three daughters, Mrs. James Watson of Detroit, Mrs. Roy Carlton of Bloomfield Hills, and Judy Ann, at home; his parents, Mr. and Mrs. A. B. Canfield of Highland Park; two sisters, Mrs. Jack Erkfitz and Mrs. Carl Yurgalite, both of Detroit, and two grandchildren.

Eastman Resigning to Join MSU Faculty

(Continued From Page One)

Service Administration (PSA) report which contained blistering criticism of the police department, Eastman within two months was engaged in a still-continuing battle to fire the chief.

STRALEY SILENT

Straley, reached at his home, said there was "no comment I care to make" on Eastman's sudden departure.

"I didn't know anything about it except what I read about Mayor Rowston's comments in the paper," Straley said in answer to a question if he was aware that Eastman was seeking the university job.

As public safety director, Eastman was in charge of both the police and fire departments.

* * *

He made many enemies during his first month on the job when he released reports from officers which charged that vice was flourishing in Pontiac under Straley's regime.

The charges were immediately denied by Straley.

Then on Nov. 12, 1958, little more than after a month on the job, Eastman put Straley on the shelf and took over personal command of the department.

He stripped Straley of command after Willman rejected his plan for filing ouster charges against the chief.

A second attempt to have Straley ousted in December failed.

Finally Willman allowed Eastman to press charges against the chief and Straley was ousted after a marathon 18-session hearing before the Civil Service Commission last April.

Straley was reinstated last December by Ionia Circuit Judge Morris K. Davis who overruled the Commission on the grounds that charges had not been filed within 90 days after the chief committed the offenses alleged against him.

Eastman said he would make a statement on his resignation tomorrow.

Rowston made this statement concerning the resignation:

"During Mr. Eastman's tenure in office, many constructive changes have been effected, which have improved the efficiency and moral of the Police Department and reduced much of the friction that prompted the decision by the Commission to employ him two years ago.

"Mr. Eastman has achieved many beneficial innovations by modernizing in-service training programs and office procedures. "This has resulted in better service to our city.

"The report of Jan. 25, submitted to the Commission (by the Pontiac Police Officers Assn.) outlining 30 accomplishments during the past 15 months, best illustrates the improved conditions attained during Mr. Eastman's employment.

"The city will accept his resignation reluctantly and with regrets."

Ike Declines Visits

WASHINGTON (UPI) — President Eisenhower has declined informal invitations to visit Sweden, Denmark and Norway on his way to Russia in June.

A similar invitation extended by Finland several days ago was still under consideration.

Freckles come from an irregular pattern of pigment that is usually produced by the human body's adrenal and pituitary gland systems.

British Prime Minister Challenges Afrikaners

Prime Minister MACMILLAN's speech to the South African parliament was a forthright and courageous statement of facts affecting today's world struggle for freedom for both white and colored peoples.

Mr. Macmillan faced a parliament resentful of criticism, angry about Britain's lack of support of its white superiority and segregation doctrines and ready to quit the Commonwealth. It's the same South Africa which, prior to the Boer War, denied the rights of citizenship to Britons.

★ ★ ★

"The wind of change is blowing through this continent," said the prime minister. "The growth of national consciousness in Africa is a political fact and we must accept it as such . . . If we cannot do so, we may imperil the precarious balance of east and west on which the peace of the world depends.

"It has been our (Britain's) aim in countries for which we have borne responsibility, not only to raise the material standards of life but to create a society which respects the rights of individuals . . . a society in which individual merit and individual merit alone is the criterion for man's advancement whether political or economic.

★ ★ ★

"I hope you won't mind my saying frankly that there are some aspects of your policies which make it impossible for us to give our support and encouragement to South Africa without being false to our own deep convictions about the political destinies of free men."

In Central and East Africa Britain itself is facing the big task of helping to establish multi-racial societies in which the rights of European and Asian minorities must be protected. Mr. MACMILLAN's challenge to Afrikaners will give support to the more liberal elements in South Africa and will be well noted throughout all Africa.

Backward Areas Study Puerto Rico's Growth

Puerto Rico is being used by both the U.S. International Cooperation Administration (ICA) and the United Nations technical assistant program as a training ground for leaders from less developed countries.

Begun 10 years ago by Gov. Luis Munoz Marin as a center for Latin American students, the program is a world model for rapid economic development. Last year Puerto Rico was visited by leaders from 572 South American countries, 130 from the Carribbean, 220 from Asia and the Near East and 59 from 14 countries in Africa according to Newspaper Enterprise Assn.

★ ★ ★

Included are cabinet ministers, technicians, teachers and students who prepare themselves for special projects in their own countries and stay anywhere from a few weeks to a year. They study the island's school system, under which illiteracy has been reduced to 13%, public health, agriculture, rural development, banking, housing, power and water projects and tourism.

★ ★ ★

Two-thirds of the trainees are under ICA auspices and most of the others are financed by U.N. grants. Some come at the expense of their own governments and Puerto Rico itself spent $700,000 last year to help the training program.

Gov. Munoz Marin's "operation bootstrap" has increased the per capita income from $120 a year to $500. Most of the economic growth is due to U.S. investments used to build up a backward economy. Over 125 new firms opened business there last year.

The economic growth of this completely democratic community has attracted visitors from many less developed areas because local conditions closely parallel those found in their homelands. Puerto Rico is a better workshop and laboratory than the mainland and a splendid showcase for private initiative.

Chinese-Russian Border Has Rigid Precautions

Much has been heard of Russian-Chinese differences and little of it believed.

However, a Canadian scientist, Prof. J. TUZO WILSON, president of the International Union of Geodesy and Geophysics, back from a recent trip to both Communist countries, tells of a five hour delay on the Manchurian border between China and Russia.

"There were four check points, a military and a civilian one on each side with armed soldiers and floodlights," he told a New York audience. Nowhere else in all his travels behind the iron curtain had he encountered such rigid precautions.

These neighbors don't trust each other but that doesn't mean they wouldn't help each other against the West.

The 1960 Doctor I.Q.

David Lawrence Says:

Ike's Comments Misinterpreted

WASHINGTON—Everything President Eisenhower says at a press conference is usually given out afterwards in verbatim form—including grammatical errors, such as members of Congress always have a chance to correct for the "Congressional Record" after their own public debates.

LAWRENCE

Yet hasty reading by critics in Congress and elsewhere sometimes leads to erroneous interpretations of what the President really said in his impromptu remarks to the press.

Thus, Eisenhower in a recent press conference was asked a question about the psychological impression created by the way the Soviets "beat us to the moon" and allegedly got ahead of us in other things. He was asked if this would force America into accepting "a posture of 'second-best' in everything or anything."

Eisenhower replied that "here and there" America might certainly come out "second-best," and he cited the fact that the United States did not win the Olympic Games last time, whereas the Soviets did.

★ ★ ★

The President pointed out that the Soviet government takes a good athlete and makes his training a "national responsibility." He then added:

"Now, we have a free enterprise (system); we place above all other values our own individual freedoms and rights, and we believe, moreover, that the operation of such a system in the long run produces more, not only more happiness, more satisfaction and pride in our people, but also more goods, more wealth.

"Now, let's remember that dictatorships have been very efficient. . . . If you take our country and make it an armed camp and regiment it, why, for a while you can—you might do it with great morale, too, if you could get people steamed up like you did in wars; you might do this thing most—well, in very greater tempo than we now are doing it.

"But we are talking of a democracy we hope is an enduring form of government. . . .

"Now, what we should think about and talk more about in the world are the values we set—on which we do treasure. They (the Soviets) don't have them. . . .

"Now, I think our people ought to have greater faith in their own system."

GENERAL ANSWER

The President was here answering a broad question about being "second-best" on trips to the moon, the number of missiles, the training of engineers and economic growth. He couldn't have been conceding an alleged inferiority in military strength, because he has said repeatedly that our over-all deterrent power is sufficient to prevent the Soviets from attacking us.

He stakes his military judgment and the judgment of his highest military advisers on this statement. He doesn't think we are "second-best" in defense and, when asked if he doesn't feel that "there is a basic danger of defeatism under the present circumstances," he said flatly: "None in my soul, I'll tell you that."

Anyone who knows American political tides, however, can say now that the Democrats would welcome heartily a chance to abandon their current cries about the "missile gap" in order to make political capital out of the argument that the Republicans want to lead us into a war just when Khrushchev, with his "summit conference" concept, is trying to prevent war.

★ ★ ★

Eisenhower cannot possibly repeat at each press conference every argument on a particular subject he has made in the past. Take, for instance, his crusade for a nuclear-test ban. He has given plenty of reasons at past press conferences for his continued interest in negotiating an agreement with the Russians.

But when he now adds the financial reason—a possible saving on armament expense, which is supposed to be influential in the minds of people not only in this country but abroad—he is promptly accused of thinking only of money savings.

(Copyright 1960)

THOUGHT FOR TODAY

Convinced of this, I know that I shall remain and continue with you all, for your progress and joy in the faith.—Philippians 1:25.

★ ★ ★

How calmly may we commit ourselves to the hands of Him who bears up the world.—Jean Paul Richter.

The Country Parson

"I see our traffic accidents cost us $13,000 each minute—kind of an expensive form of murder."

Dr. William Brady Says:

Died After Tonsillectomy —Now, See What I Mean

An Iowa reader sends me an item clipped from an Iowa paper telling of the death of a 4-year-old child "following a tonsillectomy." The item says the child was "suffering from an enlarged lymph gland."

DR. BRADY

Lymph "gland" means lymph node, which is not a "gland." The common name for enlarged lymph node is "kernel." Such "kernels" under the jaw occur commonly in children or adults who have carious, decayed teeth — unfilled cavities; on the sides of the neck in children or adults who have any kind of nose, throat, sinus or ear infection.

★ ★ ★

If "an enlarged lymph gland" was the reason for perpetration of the atrocity on the child, I should think doctors who so vehemently insist on tonsillectomy as the routine treatment for enlarged or infected tonsils would take time out for an agonized reappraisal.

The conservative surgery I recommend if or when surgery is necessary for enlarged tonsils, is tonsillotomy, instantaneous excision of the obstructing portion of tonsil.

This is a MINOR operation, takes only as long as it takes to extract a tooth, requires no more anesthesia than is required for extraction of a tooth, and, so far as I have been able to learn in many years of study of the tonsil question, has no mortality or death rate.

★ ★ ★

As for effects, I say that tonsillotomy gives every benefit tonsillectomy can give, without serious risk to the child's life.

I venture to predict that within the next three decades, tonsillectomy will have been forgotten and the medical profession will be glad of it.

Most doctors who still plump for tonsillectomy for enlarged tonsils in children have had no experience with tonsillotomy and so they are not qualified to judge its merits in comparison with the merits of tonsillectomy.

Oh yes, I know that thousands of children who undergo tonsillectomy survive and most of them get some or all of the benefits sought for. Nevertheless I found the benefits of tonsillotomy equal to any that can be obtained through tonsillectomy without the serious hazards that attend the major operation.

I hate to frighten anybody. I'll do almost anything to avoid it. But I don't mind frightening a hundred parents if by doing so I can save one child from tonsillectomy.

Signed letters not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Voice of the People

'Book About FDR at Yalta Shouldn't Be Any Surprise'

Americans shouldn't be too surprised when they read "Roosevelt's Road to Russia." One of the interpreters at the Yalta Conference came back and said FDR had no business there, as he was a sick man, looked sick, acted sick and talked sick.

★ ★ ★

The interpreter said the Russians kept the tables well-supplied with vodka and wine. The Russians drank very moderately so they were alert, but he stated he saw some of our diplomats carried out.

★ ★ ★

Winston Churchill was against the proceedings, but was outnumbered so had to give up. The Yalta Conference was and is a disgrace to America.

Patriot

'Drivers Like This Should Be Stopped'

While driving the other night, I was closely trailed by a driver with his bright lights on. He passed me finally and then cut over into my lane and poked along in front of me. I passed him, only to be trailed very closely again. This went on for several blocks before he finally turned off.

★ ★ ★

I've worked in hospitals on accident and surgical wards and have seen tragic results of various auto accidents. Some never live to tell the story.

★ ★ ★

It's time traffic laws were reenforced, and plain common sense and consideration for others need to be practiced. It's a shame one's life must be jeopardized whenever he decides to drive. Such morons at the wheel of high-powered cars should be removed from the highways, and if it can be done, it will be a blessing to other motorists.

'It's Good to See Both Sides Even'

Our union officials are having their convention in Miami and I am glad of it for there was a time when only the rich manufacturers could go there for an annual meeting and now our union heads have just as much or more money themselves. This shows both sides are even.

One of the Boys

'Civil Rights Gain No GOP Victory'

The North has made great gains in civil liberties, but the Republican administration has done very little to increase them in the last seven years. They make great promises in this field, but they don't seem to want to produce.

★ ★ ★

Segregation in the services ended during Truman's administration. More civil rights were gained during the last four years of his administration than during Eisenhower's eight years, and the Hoover, Coolidge and Harding administrations put together. Ike's record speaks for itself.

★ ★ ★

Look at the record of the present Congress. Republicans and Southerners banded together to defeat Democratic bills. Eight years of Eisenhower, Nixon and the Republican Party have meant recession and regression. No progress in defense can be pointed to. It's time people made a change. I've had too much of this "Republican prosperity."

One Who Knows

Reader Expresses Press Enthusiasm

I've lived in Pontiac only a short time and we just started taking The Press. It's a wonderful paper, and I thoroughly enjoy reading every bit of it every evening. That is the first time I've ever felt that way about any newspaper.

D. W.

'We Should Place First Things First'

Can't these die-hards in Waterford call it a day and fold up? The school board made its decision and it certainly heard all the tumult and the shouting before it did.

★ ★ ★

They made the ruling mostly their own way and they think they compromised so let's drop the matter and spend our time on something else.

★ ★ ★

The fact the place is badly named isn't important, but what they teach is the thing that counts. I haven't heard anyone say they aren't doing a good job on that. Let's have first things first.

Weary

'Who Is Getting Extra Profit?'

Michigan Milk Producers agreed, with Detroit dairies, to increase the price of milk to 15 cents to farmers. That's about three-tenths of a cent increase per quart. Consumers pay half a cent more. Where's the other two-tenths going? Someone's profiteering at our expense.

Since 1950 a housewife's market basket of food is up 9 per cent, middlemen's charges up 28 per cent and farmers' prices down 12 per cent. Why the difference?

Case Records of a Psychologist:

Child's Tall Tales Are Normal

Milton's tall tales are not uncommon among young children. But occasionally college students still try to gain social status by such fibs. We grant fishermen a little extra leeway on this score, but when our fibbing affects other realms, we suggest the analysis below.

By GEORGE W. CRANE

CASE D — 476: Milton B., aged 12, presents a rather common problem.

"Dr. Crane," his worried mother began. "Milton tells fibs. For example, he recently informed his pals that he has a cousin who is a movie star.

DR. CRANE

"And he also got them all excited about a Boy Scout trip he said he had made into the wilds of Canada.

"Yet he has never been out of our home state. So what makes him tell such whoppers?

"We are new in this neighborhood and he has an older brother who makes better school marks than Milton, so could that have any bearing on the case?"

TALL TALES

Everybody is tattooed at birth with this invisible motto:

"I WANT TO FEEL IMPORTANT!"

So Milton's tall tales apparently make him feel more important or he would not indulge in them.

And the very fact that he resorts to such abnormal methods to grab the spotlight among his pals, intimates he feels he has no other means of meriting their awed "Oh" and "Ah."

Many a child also becomes a naughty youngster at school because his violation of rules gives him some notoriety and thus raises his social status among his classmates.

A lot of juvenile delinquents rob and steal for the very same reason.

Milton's mother has listed two adequate explanations of his tendency to tell fibs. He is a stranger in a new neighborhood and wants pals who will look up to him.

And his older brother with the higher school marks has shoved Milton into an inferior status.

TABLE CLINICS

So take such an erring youngster into a confidential session with you parents. Hold a "table clinic" at supper, especially if the other brother is away at the time.

Read this case aloud to your child who fibs a lot. Then ask him how he would diagnose Milton.

One reason why I use actual office cases in this daily clinical column is to let you and your youngsters see yourselves through the problems of others much like you.

To help snap a child out of nuisance habits like fibbing and stealing, remind him that up to kindergarten age, babies don't always know the difference between fact and fiction.

They may even waken from a nap during which they dreamed, and then tell their dream as if it were an actual fact.

But when kids get into grade school, if they still take other children's toys or money, or if they continue to tell tall tales, then their classmates will look on them as babies, deserving to wear diapers.

Children hate to be tagged as acting more childish than their age, so this approach gets faster action than moralizing.

But try to demolish their basic hunger for social esteem. In Milton's case, his Daddy might take him to a baseball game and let a star autograph a baseball for him.

Or send him to the YMCA or CYO where he can learn to swim or box.

And let him rate himself on the "Tests for Teen-Agers,"

sending a stamped return envelope, plus 20 cents (non-profit).

It shows whether you are emotionally a child by a check-off system of specific traits.

★ ★ ★

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Pennsylvania Turnpike Bars Wide Vehicles

HARRISBURG, Pa. (AP)—Any vehicle wider than 10 feet will not be allowed on the Pennsylvania turnpike starting at daylight today.

The turnpike commission has been issuing special permits for oversize house trailers, trucks and similar vehicles, good during off-hours of traffic.

★ ★ ★

Chairman Joseph J. Lawler, announcing the change, said the ban was designed to provide maximum safety for turnpike users. Turnpike lanes are 12 feet wide.

Signs India Steel Pact

WARSAW, Poland (AP) — Poland announced today it has signed a contract to build a steel rolling mill at Agra, India. The Communist party newspaper Trybuna Ludu said the mill will have a capacity of 30,000 tons a year.

U.S. Would Beat Reds at Leapfrog Game

Fear Commitment to 'Old' Missiles

By RAP CROMLEY

WASHINGTON (NEA) — Jumping in now to close the possible missile gap of 1963-64 would seriously endanger the security of the United States.

Likewise, if the Russians built all the 1960-type ballistic missiles in 1960-63 that U. S. estimators think they're capable of, Nikita Khrushchev would be endangering his own defense position.

This is the startling private thinking of some of the top U.S. defense men. It is the reason why current U. S. missile production will be relatively small in 1960-62, until new type missiles are ready.

This is the reason why there are some men in the Pentagon who now think that a real missile gap may never develop.

★ ★ ★

To understand this reasoning we have to go back a few years.

Take the air war in Korea. The Russians had concentrated on jets. The U. S. was far behind. The Red MIG was so good that they mass produced it.

There was a "plane gap." The Russians had a lot of these modern planes. The U. S. didn't.

But by leapfrogging the MIG-15 type plane the U. S. produced smaller numbers of a better plane, and the air battle in Korea was lopsided in our favor.

U. S. military men believe this lesson was not lost on the Russians.

Again look back several years. There was great furor in the U. S. that Russians were producing a huge intercontinental bomber fleet.

The men who now forecast a missile gap, were forecasting a bomber gap with thousands of superior Russian bombers ready in a few years.

★ ★ ★

The U. S. tried to meet that gap, and built a large number of intercontinental bombers, hurried continental defenses at great expense.

But the Russian threat never developed. The Reds decided to leapfrog into missiles. The U. S. ended up with a considerable supply of intercontinental bombers which quickly were obsolescent.

In top U. S. military circles this Russian bomber red herring is now regarded as one of the major Russian victories— wasting U. S. production and effort in a blind alley.

Now these defense planners see the same pattern developing. They see Khrushchev speaking loudly about how many missiles he is producing.

OBSERVATIONS

But while Mr. K. talks, they notice two things:

1. He is improving his conventional army, navy and air force in quality. He is producing more conventional weapons, not fewer.

2. He is not—so far at least—stepping up his missile production sharply. Nor is there evidence that he is planning to do so.

If Khrushchev were going to produce a great quantity of 1960-type missiles, he'd have to already have started a vast program of missile bases. So far there has been no evidence of this.

But whatever Khrushchev does, U. S. planners think they've learned the lesson of the Korean air battle and intercontinental bomber race.

So U. S. strategists want to leapfrog today's old-fashioned intercontinental ballistic missiles. They want to turn out only as many liquid-fueled Atlases and Titans as they have to to get by.

For these missiles with their fixed and well-advertised locations will soon be sitting ducks for Red sneak attacks. They're cumbersome and expensive.

They're not versatile. They tie the United States to a vast network of expensive soon-to-be-obsolete type of missile bases.

If turned out in large quantities, they would tie up a great portion of U. S. military effort and organization on weapons and bases capable of doing only one job in one way.

★ ★ ★

The strategists instead aim at jumping right to a new generation of superior ballistic missiles—the solid-fueled Sky Bolt, Minuteman and the advanced Polaris.

These are highly mobile. They get away from the fixed Maginot-line type of defense. The 5,000-mile-plus Minuteman can be put on railway cars. The 1,500-mile Polaris fits on subs. The 1,000-mile Sky Bolt will nest neatly on B-52s and B-58s.

These new missiles can't be zeroed in by Soviet intelligence men and knocked out on the first lick. They are relatively cheap and can be produced quickly in large numbers. They can do a variety of jobs.

As one defense man puts it:

"If we concentrated on the Atlas and Titan closing the gap now, we'd be condemning ourselves to certain inferiority later. This we can't afford.

"It's not just expense. Once you get a big program like that in motion — bases, men, weapons, electronics — it's hard to turn the juggernaut around. And you find yourself committed to a defense that just isn't quite good enough."

FIFTEEN-MILE rockets mounted on amphibious tank chassis are typical of the mobile, modern conventional arms going to the Red Army now. Even more advanced equipment is under development.

Population Boosted

LOS ANGELES — Between 1930 and 1940 the Pacific coast states showed an 18.8 per cent population gain, while the northwest central states in the same period increased only 1.7 per cent.

There are now about 100 brands of foreign automobiles sold in the United States.

California Would Try Chessman Again

OAKLAND, Calif. (AP) — The state is making it clear Caryl Chessman still would be subject to the death penalty if he were retried and convicted of the 1948 Los Angeles kidnap and robbery charges.

★ ★ ★

Atty. Gen. Stanley Mosk told a joint meeting of Oakland service clubs Wednesday night an amendment to the state kidnap law in no way has changed the penalty for kidnaping involving bodily harm.

★ ★ ★

Chessman, scheduled to die at San Quentin Feb. 19, is asking federal courts to grant a writ of habeas corpus. The defense has suggested his execution is scheduled under a statute no longer on the books.

English engineer George Stephenson invented the locomotive. His son, George, invented the tubular bridge.

Indonesia Brands Western Beauty Contests 'Obscene'

JAKARTA (UPI) — If it is true that the future belongs to those who prepare for it, then the future of Indonesia may already be the property of Abdul Harris Nasution.

He is a youthful-looking 40-year-old lieutenant general whose aides must rotate among themselves to keep up with him, whose hobbies include wrestling with a tiger (stuffed) and whose vocation is wrestling with problems (primarily military, all of them real).

Many here believe that he will be the next leader of Indonesia.

As head of Indonesia's armed forces, Nasution is considered second only to President Sukarno. And there are those who say that he exercises great influence over the president himself.

Today, Nasution is Defense Minister, Army Chief of Staff, Central War Administrator, Ex-Officio Minister by virtue of his army post and Chairman of the National Front for the Liberation of West Irian (Dutch New Guinea). He also holds a host of other lesser jobs.

Nasution got where he is through hard work. Seldom sparing himself, he works while others rest. And he works at a pace which exhausts his aides.

His ability to relax instantly whenever he has a few spare moments has kept the friendly Indonesian healthy and much younger looking than his 40 years although gray is beginning to show at the temples.

"Nas" — as he is called by his close associates — begins his day early. He is usually up before daybreak to perform his morning Moslem prayers. Shortly after dawn he has breakfast with his wife, Zus, 32. Their seven-year-old daughter, Janti, is usually still asleep.

During breakfast, the general reads the morning papers and news bulletins. Then he gets to work in the bookshelf-lined study of his home.

Staff officers who report to him there may find Nasution on his hands and knees poring over maps of one of the outer regions where the rebels are still active.

During these morning staff discussions, there often comes a gentle tap on the door. It is the general's daughter bidding her father goodbye as she leaves for school.

The stream of staff officers and formal or informal callers continues after Nasution has gone to his teakwood-paneled office at army headquarters, just down the street from the Presidential Palace. This is about 9 a.m.

When work permits, Nasution rushes home for a quick lunch with his family.

But while others then enjoy the afternoon siesta and a respite from tropical heat, Nasution almost always returns to work, although occasionally steals a game of tennis or a swim first.

The pace he sets is almost too much for his aides. "We have to rotate among several of us," one said. "No single one of us can keep pace with the general."

The aides agree that the even-tempered, smiling Nasution is pleasant to work for "if you are prepared to work hard." They say he has "plenty of self discipline and you're going to admire him for that."

Kennedy Hits Away at Republican Policy

NEWPORT, Ore. (AP) — High interest rates and a tight money policy are throwing men out of work, destroying small businesses and adding $9,000 to the ultimate cost of a $20,000 house, Sen. John F. Kennedy (D-Mass) said here Wednesday night.

* * *

Moreover, he told an audience of 300 in this coastal city of 5,000, these things came from a deliberate policy of the Republican administration.

* * *

It has been the costliest policy in our history, he said.

De Gaulle Orders Algerian Reforms

PARIS (AP)—President Charles de Gaulle has cracked down on his political-minded army in Algeria and ordered much power returned to civil authorities.

The French leader and his cabinet Wednesday night approved sweeping reforms aimed at confining the military to its primary task in the big North African territory—suppression of the five-year-old nationalist rebellion.

The cabinet also took away from the French settlers in Algeria their own military arm. It had been one of the chief props of the abortive French uprising in Algiers last month.

Doctors to Have Own Network as Learning Aid

NEW YORK (AP) — A closed-circuit radio network, supplying special broadcasts for doctors, is scheduled to be launched this fall by the Radio Corp. of America.

The special service will provide soothing music for the ears of patients as they sit in waiting rooms, and medical news and advertisements for the ears of doctors only.

$10 MONTHLY

Special radio equipment will be installed in doctors' offices and waiting rooms, at a charge of $10 monthly, to pick up special broadcasts by the National Broadcasting Co., an RCA subsidiary.

A 13-hour daily broadcasting schedule is planned, from 8 a.m. to 9 p.m.

* * *

The medical information programs, sponsored by pharmaceutical firms, would be for the exclusive use of doctors and would not be heard by their patients.

The medical network will be started in September in 16 cities. Ultimately, it is hoped to expand it into a nationwide system.

Off to Bad Start

GOSHEN, Ind. (AP)—Velda Bender, 16, went into the auto license bureau and obtained a driver's license. Nona Schrock, 63, did the same. Both got into their cars—and promptly collided.

Liquor Sales Increase by 5 Per Cent in State

LANSING (AP) — Liquor sales rose more than five per cent last year, the State Liquor Control Commission reported today.

Sales totaled $161,917,855 against $133,719,638 in 1958.

* * *

Straight bourbon sales rose 12 per cent, but bottled in bond bourbon dropped eight per cent, straight corn 12 per cent and straight rye 36 per cent.

Vodka sales rose 23 per cent and gin 14 per cent while wines declined four per cent.

The recently revived idea of digging a tunnel beneath the English Channel between Britain and France was first suggested in 1802.

She Did This Just for the 'Hex' of It

DETROIT (AP) — When 83-year-old Minnie Gilland decided her neighbor was trying to "witch" away her husband, she said she knew just what to do about it.

* * *

Mrs. Gilland told Judge Gerald Groat she put a tar-and-feather her sign on the home of Mary Donaldson, 75.

Mrs. Donaldson denied she was trying to steal David Gilland, 65, from Mrs. Gilland. She estimated it would cost $75 to repaint the tarred area.

Judge Groat convicted Mrs. Gilland of destruction of property and released her pending sentence Feb. 24.

* * *

"I had to do something," Mrs. Gilland said. "After I had done it I felt better."

Oilman Pays $650,000 for Home in Houston

HOUSTON, Tex. (AP)—Oilman W. B. Trammell purchased a home here for $650,000, it was learned Wednesday.

* * *

The mansion was purchased from Harmon Whittington, former president of Anderson, Clayton & Co., worldwide cotton firm.

The home was built on a three-acre site in 1951-52 by Albert Plummer, another oilman.

Primary Runoff March 7

5 Enter Commission Race

Five more candidates were in the City Commission race today, including an incumbent and three others who already have a connection with Pontiac city government.

Nominating petitions have been filed by Milton R. Henry, District 1 incumbent; Harvey R. McClure, a candidate from District 5; and two District 6 candidates, Theodore Carlson and Dick M. Kirby.

In addition, Cecil J. Cosgrove announced his intention to run for the District 7 seat and Municipal Judge Maurice E. Finnegan filed for re-election to the bench.

★ ★ ★

A primary runoff will be held March 7 to pick two candidates from each district to run in the April 18 municipal election.

A Pontiac attorney, Henry, 40, of 192 Bassett St., is seeking his second two-year term. He is the first District 1 candidate so far.

Carlson, 86 S. Marshall St., is a Pontiac Central High School instructor who serves on the Civil Service Commission for firemen. He was a member of the Commission during the two controversial years it also covered the Police Department.

Kirby, a union business agent, and Cosgrove, a statistician at the GMC Truck & Coach Division, are both members of the Pontiac General Hospital Board of Trustees. Kirby has been a board member two years, Cosgrove for three. Kirby lives at 91 N. Edith St., Cosgrove at 224 Whittemore St.

McClure, 566 E. Beverly St., opposes incumbent John A. Dugan, the only other candidate so far for the District 5 seat.

Incumbent Wesley J. Wood has already filed for the District 6 post and incumbent Robert A. Landry seeks re-election in District 7.

★ ★ ★

In a pre-campaign statement, Cosgrove said he believed "the interests of the people of District 7 should be better represented at City Hall."

He believes districtwide sessions to air public issues should be held periodically.

Cosgrove said he does not intend to dwell on troubles in the Police Department during his campaign. "I believe the Eastman problem has resolved itself," he said in reference to George D. Eastman, Public Safety Director, who took over Police Chief Herbert W. Straley's job.

Ex-Southfield Official Dies

Eugene Swem Helped Draft City Charter and Boosted Teen-Agers

A man dedicated to bettering his community and assisting youth, former Township Supervisor Eugene Swem of Southfield, died of a stroke early today. He was 75.

The end to an active life came at 5:40 a.m. in Mount Carmel Mercy Hospital, Detroit. Swem succumbed to a heart condition after only a four-week illness.

His career in local government began in 1952 upon his retirement from teaching high school for almost 50 years. He was appointed to the old Southfield Township Board of Trustees that year.

In 1955, Swem became township supervisor upon the death of William Roeser, who held the post previously. Swem remained in office, first as supervisor and then as city administrator after Southfield gained city status at the polls in 1958.

Swem was a leading force in the campaign to make Southfield a city. He later headed its committee to draw up a suitable charter.

On Dec. 31, 1958, Swem handed the reins to Robert J. McNutt, present city administrator. The City Council then appointed Swem city historian.

When he closed the door on his teaching career to enter public service, Swem did not forsake the youths of his community.

He became an active supporter of all their worthy endeavors, including the recent formation of the Upper Teens Club in Southfield.

He had been a teacher at Redford High School and Northern High School in Detroit.

Surviving are his wife Marion; a son, Floyd of Evart; a granddaughter, two brothers and a sister.

The body is at the Northrup Funeral Home, Detroit. Burial will be in West Branch.

MSU Board Delays Decision on ROTC

EAST LANSING (AP)—The Michigan State University Board of Trustees today delayed, probably until April, an expected vote on a controversial academic Senate recommendation to abolish compulsory military training (ROTC).

The delay overrode MSU President John A. Hannah, who recommended the board dispose of the issue today.

Hannah termed the issue "a disturbing influence" and said the university and the board had been "bombarded" by statements on the matter from the students, faculty and citizens.

The issue was tabled on the motion of Warren M. Huff, board member from Plymouth. Huff said he felt himself in need of further study.

On a voice vote of the six-man board, only Frank Merriman of Deckerville voted against the tabling.

The first president of what is now Pennsylvania State University was Evan Pugh, who was inaugurated in Febuary of 1860.

New York Fire Dept. to 'Abandon' Theater

NEW YORK (AP) — The fire department is ending its custom of having a fireman stationed at legitimate theaters during performances.

Fire Commissioner Edward F. Cavanagh Jr. said the 40-year-old safety measure will be abandoned March 1, and a new program of intensified inspection and fire prevention training will be instituted.

Jamaica manufactures 1.5 million gallons of rum annually.

Civilian Lines Will Get More Military Freight

WASHINGTON (UPI)—The Defense Department has disclosed that it will transfer freight hauling contracts worth 100 million dollars a year from the Military Air Transport Service (MATS) to civilian airlines.

★ ★ ★

It said the plan, which has President Eisenhower's approval, would limit MATS to such "hard core" military missions as hauling tanks and other heavy weapons.

Shape West Proposals for Disarmament Talks

WASHINGTON (AP) — The West's top disarmament negotiators gathered in Washington today to shape Allied proposals for mid-March disarmament talks in Geneva with the Soviet bloc.

Britain, France, Italy, Canada and the United States were represented at the secret sessions getting under way amid doubts here over the prospects of any speedy agreement with the Reds on key issues.

I'M LOADED (With Merchandise) NEED MONEY (Haven't Got Any)

I'm in a spot. Those city wholesale men loaded me down with all kinds of appliances, and told me I could pay for them when I'm ready. Well I'm not but they are. There is nothing so sickening as a wholesale man trying to collect money. So-o-o to keep them happy (and off my back) I must sell this merchandise for just a little over cost. Shop around and compare. Get the make and model number of the appliance or furniture you want.

BUT SEE ME BEFORE YOU BUY

I'll Give You A Tank Full of Gas For Your Car If I Can't Beat Your Best Price.

Bandit Uses Ruse to Enter at 4:30 A. M.

Robs City Bakery Shop

A Pontiac bakery shop was robbed of $72 early today by two bandits who tricked the owner into opening the store for them.

Marshall Vest, 58, of 70 S. Genesee St. told Pontiac police he was working in the back of the Spudnut Shop, 420 Orchard Lake Ave., when someone knocked on the door at 4:30 a.m.

Believing the man to be an early-morning customer, Vest admitted the caller.

While the man ordered a doughnut, a second man armed with a rifle and wearing a brown silk bandana over his face entered and ordered Vest behind the counter.

He removed the coin tray from the cash register and told Vest to get into the back of the building. There he asked for Vest's wallet, but took only the money when the baker asked to retain the billfold because of his personal papers.

Vest told police the bandit hopped into a dark car and headed east on Orchard Lake avenue. The "customer" walked out during the robbery, Vest told police.

F. S. Norton Officer at Railway Express

Francis S. Norton, 2338 Radnor Dr., Birmingham, has been appointed assistant vice president of the traffic of Railway Express Agency.

He formerly was general traffic director of the Fisher Body Division of General Motors Corp.

★ ★ ★

A founder of the Motor City Traffic Club of Detroit, Norton also has been active as a member of the Greater Detroit Board of Commerce, the Traffic Club of Detroit, National Defense Transportation Assn., National Freight Assn., National Industrial Traffic League and the Recess Club.

To Arraign Soldiers Charged With B&E

Two soldiers from the Nike missile base at Commerce waived examination on a breaking and entering charge this morning before Justice of the Peace Elmer C. Dieterle in West Bloomfield Township.

Henry H. Smith Jr. and Charles G. Spurlock were bound over for arraignment in circuit court Feb. 15.

They were charged with breaking and entering Ted's Market at Orchard Lake road and Northwestern highway when apprehended by township police Sunday morning.

Neither of the men was able to raise $5,000 bond each and are being held in the county jail.

Farm and Garden Club to Hear Nutritionist

ROYAL OAK — The Royal Oak Organic Farm and Garden Club will meet at the First Baptist Church, 309 N. Main St., at 8 p.m. today.

The speaker will be Dwight M. Hurlbut, Royal Oak nutritionist, who will talk about cereals. Two films also will be shown.

Gorillas are vegetarians.

Seasonal Dip in Employment

But Jobholder Number Is at a Record High for January

WASHINGTON (AP)—Employment dropped seasonally by 1,900,000 last month but the number of Americans with jobs — 64,020,000 — was a record high for January, the Labor Department announced today.

Employment was roughly a million higher than a year ago despite the usual post-holiday shrinkage in retail payrolls and the winter curtailment of farming, building and other outdoor work.

Unemployment climbed by 572,000 to a total of 4,149,000 in January, about the usual increase for the season. Joblessness was 5.2 per cent of the civilian labor force, the same as in December. This compared with 6 per cent a year ago.

A January rise in employment in the automobile, machinery and other steel-using industries reflected continued recovery from the steel strike.

But this did not offset the seasonal dip in the soft goods industries and the contraction of outdoor work.

The total of 64,020,000 employed includes Alaska and Hawaii in the national labor statistics for the first time.

Except for this, the total of employed would have been 266,000 lower, said Seymour Wolfbein, deputy assistant secretary of labor.

A prediction that the improvement in employment will be "a little better than seasonal" during the spring was given reporters by Wolfbein.

The work week in manufacturing was shortened by one-tenth hour and now stands at 40.4 hours a week, Wolfbein said.

★ ★ ★

For the first time, average earnings in the durable goods industries rose above $100 a week. The average was $100.94, but earnings in the nondurable goods were about $20 lower so that the average for all industry was $92.52, a rise of 58 cents from December.

Cuban-Soviet Pact on Sugar Is Near

HAVANA (AP) — Commerce Minister Raul Cepero Bonilla says Cuba and the Soviet Union are "not far" from signing a trade agreement assuring steady Soviet purchases of Cuban sugar.

He also hinted during a TV appearance Wednesday night that diplomatic relations between the two countries, broken off during Fulgencio Batista's regime, may be resumed.

Cepero Bonilla's comments were the first official suggestion that Cuba would enter into an agreement with the Soviet Union although this has been considered a likely outcome of Soviet Deputy Premier Anastas Mikoyan's current visit to Cuba.

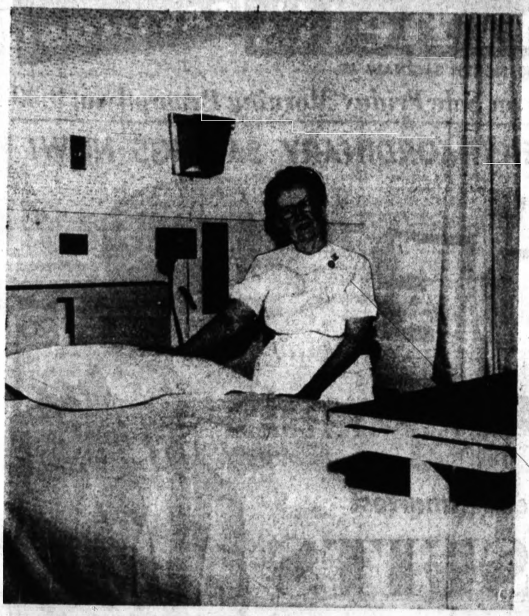
Modern Facilities Opening at Pontiac General



NEW PRIVATE ROOMS — Mrs. Isabelle Shattuck, a registered nurse, tidies up one of the new private rooms at Pontiac General. The hospital has 27 private rooms now, the first time such facilities have been available in quantity in several years. Privates cost $28 a day, are equipped with private bath.

Workmen Add Final Touches

211-Bed Addition Will Double Capacity for Patient Care

Sometime next month the five-year Pontiac General Hospital expansion program will come to an end.

The last of the carpenters, electricians, plumbers and painters will wrap up his work and leave quietly.

Because the new, 211-bed addition was dedicated last year, there is no big civic observance planned this time.

Final work has centered on remodeling the old hospital building into a new patient-care wing that ties in with the many facilities in the addition.

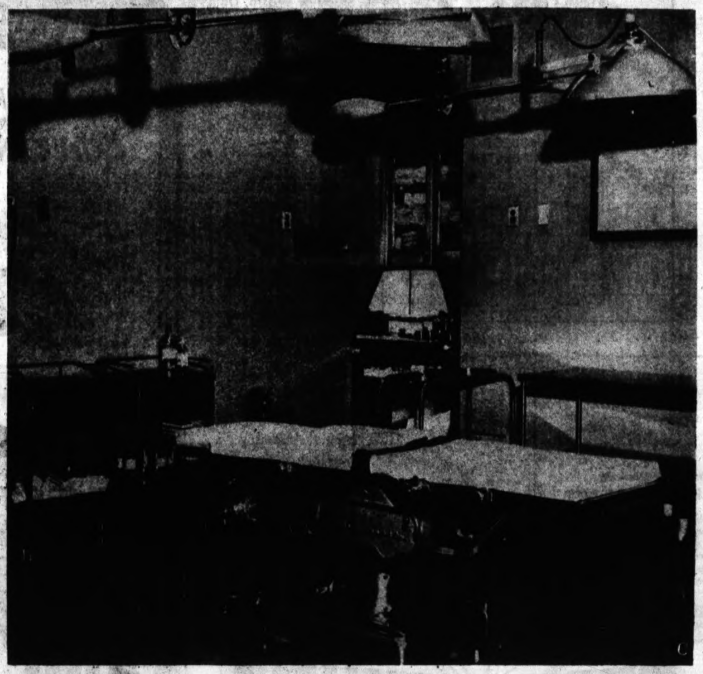
Total cost of the expansion program will wind up somewhere around $5,000,000. The hospital size will have been doubled, from a 200-bed institution to one with almost 400 beds.

The hospital has added much new equipment and better service facilities to help doctors care for their patients.

In the remodeled wing there are 27 private rooms and 66 semi-private rooms—the first time such facilities have been available at the hospital in such quantity in many a year.

There are eight operating rooms, a kitchen that provides 1,500 meals a day, a cafeteria that can seat 150 persons and a laundry that handles more than 6,000 pounds of laundry a day.

On this page are photographs of typical moments in the new hospital.



Pontiac Press Photos

OPERATING ROOM — Gleaming, spotless, even insulated against static electricity, this typical Pontiac General Hospital operating room contains a vast variety of up-to-date equipment. The operating table and overhead lights, for instance, are complex installations capable of fine adjustments to help surgeons in their job.

JUST LIKE HOME — No, Mr. and Mrs. Rush Foster are not watching their living room television set. They're relaxing in the lounge of the Pontiac General self-care unit, where Foster is recuperating from a back injury. In the self-care unit, patients do just about everything for themselves except make beds and can receive visitors all day. The Fosters live at 5715 Pontiac Tr., Lyon Township.

PROUD PARENTS — A daily scene at Pontiac General occurs again as Mr. and Mrs. Chester Kiras, 4781 Independence Dr., Drayton Plains gaze fondly through the nursery window at their 4-day-old daughter, Cheryl. Cheryl not only is the young couple's first child, she is the first female child in the Kiras family in 50 years.

$597 Million for Schools

WASHINGTON (UPI) — A marketing survey shows that the annual wholesale market for food served in about 60,000 public schools is a whopping 597 million dollars. This is $28.44 for each pupil based on an average daily attendance of slightly more than 21 million pupils.

Soil Bank Payments Are Taxable Income

WASHINGTON (AP)—The Internal Revenue Service has ruled that payments and other benefits received by farmers under the soil bank law are to be listed as income on their federal tax returns.

IRS said this applies to both the acreage reserve and conservation reserve programs. The agency said benefits are income whether paid in cash, in grains or in reduction of Commodity Credit Corp. loans.

The first Christian marriage ceremony of an Indian princess and a white settler was performed nearly 400 years ago in a section of what is now Daytona Beach, Fla. The bride was Princess Issena of the Torontina tribe; the bridegroom was French Huguenot Chevalier Ernest d'Erlach.

Holly Academy Principal Named State Director

HOLLY—The principal of Adelphian Academy, Roger W. Pratt, has been named educational superintendent of the Michigan Conference of Seventh Day Adventists.

The denomination's executive committee at Lansing said Pratt will replace Herbert R. Nelson who has transferred to a similar post in Oregon.

MORE WILL SERVE — Trends in unemployment from 1930 to 1970 show how emphasis is switching away from production to service jobs. Reason: Advances in technology, resulting in production of more goods by fewer workers. More workers will be needed to supply services as our standards of living rise.

Probe Okayed, Another Falters

State Allots $7,500 for Study of Waste, Delays Road Inquiry Bid

LANSING (UP)—One election year investigation got off the ground and another faltered at least momentarily.

That, plus passage of two minor bills, was the boxscore on activity yesterday in the Senate. Lawmakers planned to adjourn following today's meeting for a long weekend.

By a voice vote, senators authorized a $7,500 search for waste in government. They voted 16 to 14 to put off for 24 hours a decision on a $20,000 probe of the Highway Department.

The waste investigation will be a sequel to one led in 1958 by Sen. L. Harvey Lodge (R-Oakland County).

Under the highway inquiry proposal, a special committee headed by Sen. John H. Stahlin (R-Belding) would take up where a predecessor Stahlin-chaired group left off when its grant of power lapsed Jan. 13.

Detroit Court Bailiff Fired for Misfeasance

DETROIT (UP)—A Common Pleas Court bailiff who spent most of his time in Arkansas was fired yesterday for misfeasance.

James C. Horn, 67, said he didn't work at his bailiff's job because of ill health.

Another bailiff, Charles McDonald, said he served all papers assigned to Horn with a percentage of the fees going to the latter.

Canada Counts 17 Million

OTTAWA (UP) — Canada's population reached 17,678,000 Jan. 1, the Bureau of Statistics reports. This was an increase of 2.3 per cent — or 394,000—from Jan. 1, 1959. It compares with increases of 397,000 in 1958 and the record of 543,000 in 1957.

Trading Stamp Bill to Be Introduced Soon

LANSING (UPI) — A proposal to require state regulation of trading stamp companies will be introduced soon in the Legislature, House GOP Floor Leader Allison Green, Kingston, said Wednesday.

* * *

Green, member of a trading stamp committee which operated during the interim before the present session, said a proposal was submitted for drafting which would require bonds for such companies.

Green pointed to a stamp company which recently went out of business and which was headquartered in Lansing. People with the stamps could not fully redeem them.

Green said there are presently no licensing or fee payments required of the companies.

AMC Adds Third Shift to Final Assembly

DETROIT (UP) — American Motors added a third shift to its final assembly line at Kenosha, Wis., this week and became the only auto company building cars on an around-the-clock basis.

The Kenosha plant is the largest volume assembly plant in the industry.

It produced 10,660 cars last week and is scheduled to build a record 10,800 this week.

All American Motor cars are assembled at the single plant.

'Ludicrous' Budget Ruling May Hit Jobs in Michigan

WASHINGTON (UPI)—A new budget bureau directive affecting federal procurement procedures threatens the jobs of thousands of workers in Michigan and elsewhere, Rep. James G. O'Hara (D-Macomb County) said Wednesday.

O'Hara said the directive, which he described as "ludicrous," also means that Americans will get less for their defense money "because it certainly will raise the cost of military hardware."

He said it could have serious consequences on future work at the Chrysler Corp. missile installation at Sterling Township in Michigan, where about 10,000 persons are employed, and on future use of Detroit Arsenal.

A Sept. 21 budget bureau memorandum said procurement agencies should permit use of government-owned facilities only where costs of manufacture in private facilities would be "substantially and disproportionately" larger.

The memorandum also prohibited consideration of advantages bidders might be able to gain by specifying that the work be done in existing federal facilities.

* * *

The Michigan congressional delegation has been attempting for months to drum up interest in their state over an upcoming Army order for 720 M60 tanks and 212 M88 tank recovery vehicles. Detroit Arsenal facilities have been considered as likely to be utilized.

RENTS IN PICTURE

Army instructions to bidders on the M60 and M88 now specify that bidders who want to use the Detroit or Lima, Ohio, arsenals, or other government facilities, will have to absorb a reasonable rental charge plus allowances for taxes, depreciation, insurance and "any other factors normally included in rental rates for industrial property."

Sen. Philip A. Hart (D-Mich) said he has written to the Army to inquire what effect the new ruling will have on future utilization of the Detroit and Cleveland arsenals, as well as other government production facilities.

O'Hara said the equalizing requirements "carry to an absurd extreme the administration's phobia about letting private industry do all the work."

"My belief," he said, "is that this will greatly increase the cost of an adequate defense to the American taxpayer, and greatly decrease the amount of equipment we can buy for our defense dollar."

He said the requirement would not help private industry anyway, since private bidders would be using the government installations to make the equipment more cheaply.

Aides of Hart said there were indications the new requirements might not prevent use of Detroit arsenals to make the M60 tanks, because suitable private facilities may not be available.

However, they said, the ruling makes it unlikely that government-owned facilities could be used in manufacturing the M88 recovery vehicle or in upcoming negotiations on a multimillion dollar contract for manufacture of the M113 armored personnel carrier.

Weather Bureau Chief Bemoans Big Budget Cut

WASHINGTON (UPI) — Weather Bureau chief F. W. Reichelderger says a $10,589,100 House cut in his agency's budget request would have a "very serious" effect on its forecasting work.

The House approved the slice without discussion Tuesday shortly after Reichelderger testified before a House merchant marine subcommittee.

MORE WILL SERVE — Trends in unemployment from 1930 to 1970 show how emphasis is switching away from production to service jobs. Reason: Advances in technology, resulting in production of more goods by fewer workers. More workers will be needed to supply services as our standards of living rise.

Trading Stamp Bill to Be Introduced Soon

LANSING (UPI) — A proposal to require state regulation of trading stamp companies will be introduced soon in the Legislature, House GOP Floor Leader Allison Green, Kingston, said Wednesday.

★ ★

Green, member of a trading stamp committee which operated during the interim before the present session, said a proposal was submitted for drafting which would require bonds for such companies.

Green pointed to a stamp company which recently went out of business and which was headquartered in Lansing. People with the stamps could not fully redeem them.

Green said there are presently no licensing or fee payments required of the companies.

Probe Okayed, Another Falters

State Allots $7,500 for Study of Waste, Delays Road Inquiry Bid

LANSING (AP)—One election year investigation got off the ground and another faltered at least momentarily.

That, plus passage of two minor bills, was the boxscore on activity yesterday in the Senate. Lawmakers planned to adjourn following today's meeting for a long weekend.

By a voice vote, senators authorized a $7,500 search for waste in government. They voted 16 to 14 to put off for 24 hours a decision on a $20,000 probe of the Highway Department.

The waste investigation will be a sequel to one led in 1958 by Sen. E. Harvey Lodge (R-Oakland County).

Under the highway inquiry proposal, a special committee headed by Sen. John H. Stahlin (R-Belding) would take up where a predecessor Stahlin-chaired group left off when its grant of power lapsed Jan. 13.

AMC Adds Third Shift to Final Assembly

DETROIT (AP) — American Motors added a third shift to its final assembly line at Kenosha, Wis., this week and became the only auto company building cars on an around-the-clock basis.

The Kenosha plant is the largest volume assembly plant in the industry.

It produced 10,660 cars last week and is scheduled to build a record 10,800 this week.

All American Motor cars are assembled at the single plant.

Detroit Court Bailiff Fired for Misfeasance

DETROIT (AP)—A Common Pleas Court bailiff who spent most of his time in Arkansas was fired yesterday for misfeasance.

James C. Horn, 67, said he didn't work at his bailiff's job because of ill health.

Another bailiff, Charles McDonald, said he served all papers assigned to Horn with a percentage of the fees going to the latter.

Canada Counts 17 Million

OTTAWA (AP) — Canada's population reached 17,678,000 Jan. 1, the Bureau of Statistics reports. This was an increase of 2.3 per cent — or 394,000—from Jan. 1, 1959. It compares with increases of 397,000 in 1958 and the record of 543,000 in 1957.

Dom Perignon, a 17th century French monk, is credited with inventing champagne.

'Ludicrous' Budget Ruling May Hit Jobs in Michigan

WASHINGTON (AP)—A new budget bureau directive affecting federal procurement procedures threatens the jobs of thousands of workers in Michigan and elsewhere, Rep. James G. O'Hara (D-Macomb County) said Wednesday.

O'Hara said the directive, which he described as "ludicrous," also means that Americans will get less for their defense money "because it certainly will raise the cost of military hardware."

He said it could have serious consequences on future work at the Chrysler Corp. missile installation at Sterling Township in Michigan, where about 10,000 persons are employed, and on future use of Detroit Arsenal.

A Sept. 21 budget bureau memorandum said procurement agencies should permit use of government-owned facilities only where costs of manufacture in private facilities would be "substantially and disproportionately" larger.

The memorandum also prohibited consideration of advantages bidders might be able to gain by specifying that the work be done in existing federal facilities.

★ ★ ★

The Michigan congressional delegation has been attempting for months to drum up interest in their state over an upcoming Army order for 720 M60 tanks and 212 M88 tank recovery vehicles. Detroit Arsenal facilities have been considered as likely to be utilized.

RENTS IN PICTURE

Army instructions to bidders on the M60 and M88 now specify that bidders who want to use the Detroit or Lima, Ohio, arsenals, or other government facilities, will have to absorb a reasonable rental charge plus allowances for taxes, depreciation, insurance and "any other factors normally included in rental rates for industrial property."

Sen. Philip A. Hart (D-Mich) said he has written to the Army to inquire what effect the new ruling will have on future utilization of the Detroit and Cleveland arsenals, as well as other government production facilities.

O'Hara said the equalizing requirements "carry to an absurd extreme the administration's phobia about letting private industry do all the work."

"My belief," he said, "is that this will greatly increase the cost of an adequate defense to the American taxpayer, and greatly decrease the amount of equipment we can buy for our defense dollar."

He said the requirement would not help private industry anyway, since private bidders would be using the government installations to make the equipment more cheaply.

Aides of Hart said there were indications the new requirements might not prevent use of Detroit arsenals to make the M60 tanks, because suitable private facilities may not be available.

However, they said, the ruling makes it unlikely that government-owned facilities could be used in manufacturing the M88 recovery vehicle or in upcoming negotiations on a multimillion dollar contract for manufacture of the M113 armored personnel carrier.

Weather Bureau Chief Bemoans Big Budget Cut

WASHINGTON (UPI) — Weather Bureau chief F. W. Reichelderger says a $10,580,100 House cut in his agency's budget request would have a "very serious" effect on its forecasting work.

The House approved the slice without discussion Tuesday shortly after Reichelderger testified before a House merchant marine subcommittee.

Attracts New Firm

Dow Helps Midland Grow

MIDLAND (AP)—Long known as a "one-company town," Midland is now on the pathway to becoming a diversified, multi-industrial community.

Physical evidence of this departure for the state's "chemical capital" is a new $3 million dollar plant now rapidly taking shape at the city's southern edge along U.S. 10. Scheduled for completion within a few months, the new Kaiser Aluminum & Chemical Corp. plant will produce refractory grade magnesias, principally for use in the manufacture of industrial furnace brick.

It is expected that the new Kaiser plant will be only one of a series of new plants in this area. Officials of the Dow Chemical Co., which employs about 12,000 of the city's 29,000 population, are encouraging new industries to come to Midland.

Midland's unique asset is the almost unlimited quantities of basic chemicals it can offer as raw materials for other industries.

In the case of the Kaiser plant, the chemical raw material, magnesium hydrate, will be fed to the plant through a 15,000 foot pipeline, avoiding considerable handling and shipping costs and offering obvious economic advantages.

MANY RAW MATERIALS

Midland has a long list of other potential raw materials for such uses, including chlorine, bromine, caustic soda, phenol, glycols and a whole family of plastic raw materials.

It has been reported that several companies have shown an active interest in locating plants in Midland because of this advantage.

City officials are also pointing to other recent developments which have increased the attractiveness of the city as an industrial site.

Among these are (1) the new state expressways now being built, which will make the city more rapidly and easily accessible to Detroit and other centers; (2) completion of the St. Lawrence Seaway and the opening of port facilities at Bay City, 20 miles away, making export of products a relatively easy matter; and (3) the fact that for almost the first time in its history Midland now has ample housing available for new arrivals.

The city almost doubled its population during the decade of the fifties.

Another development looming on the horizon is the canalization of the Tittabawassee River as far as Midland, plans for which are now being studied by the U. S. Corps of Engineers. Realization of the project would make the river navigable for barge traffic and further reduce shipping costs to and from Midland.

City officials also cite the new city library, the new Midland community center, and other new landmarks as evidence of a progressive spirit and of pride in providing a fine variety of high-quality community facilities.

★ ★ ★

A Dow spokesman said, "It is simply good business to encourage industrial activity related to your own or land adjacent to your plant."

Over the years the company has frequently had expressions of interest from other companies in locating in Midland, he said. "It used to be that the advantages in such a move were all with the company coming in," he explained. "Now there are economic advantages to both sides."

Dow sold a 40-acre plant site to Kaiser to enable it to locate in Midland. "We have several other such areas that would be available," the spokesman noted.

Herter's Son Chosen

PITTSFIELD, Mass. (UPI) — The Berkshire Life Insurance Co. has announced election to its board of directors of Christian A. Herter Jr., son of the secretary of state and a Boston attorney.

Among today's state governors, 26 are lawyers and 26 are under 50 years of age.

U.S. Realtors to Peek Behind the Iron Curtain

WASHINGTON (UPI) — A delegation of American realtors will visit Russia, Czechoslovakia and Poland next June to observe housing conditions and commercial and industrial development behind the Iron Curtain.

★ ★ ★

The National Assn. of Real Estate Boards, in announcing the travel plans today, said the trip to the Soviet Union would be the first by members of that group.

They will go following the 11th annual Congress of the International Real Estate Federation June 18-22 in Salzburg, Austria.

A FEBRUARY FURNITURE SALE FEATURE . . .

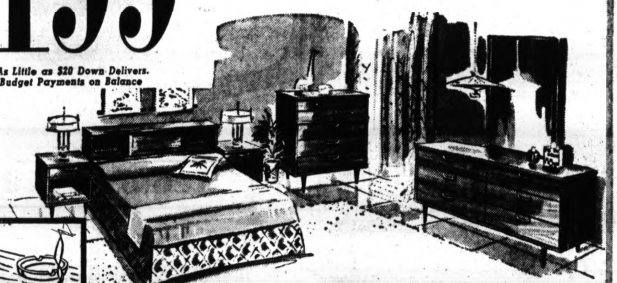
Your choice ANY GROUP SHOWN

$199

As Little as $20 Down Delivers. Budget Payments on Balance

Sheer luxury is reflected in every line of this smart grouping which includes a large 9-drawer triple dresser with tilting mirror framed in solid Philippine Mahogany, 5-drawer chest and chairback bed.

Trendholm's high style and quality construction features appeal to homemakers who love the unusual in beauty and value. Satin brass-finished pulls and tapered wood legs accent the loveliness of its light brown color and satin smooth Philippine Mahogany veneers. A wide variety of pieces, including a tallboy, lowboy, panel bed and a unique chairback bed make possible many different arrangements to suit your own particular taste. Before buying any furniture, see Trendholm. It's a decorator's dream!



You may choose this exciting combination: 6-drawer double dresser with framed tilting mirror, 5-drawer chest and bookcase bed.

Matching laminated plastic tops resist heat and solvents such as fingernail polish remover, alcohol and water.

A third and equally tempting choice is the 6-drawer double dresser with mirror framed in solid Philippine Mahogany, 5-drawer 40-inch chest and the chairback bed.

Other Trendholm pieces not shown in the larger groupings are illustrated below:

6-drawer tallboy on 1-drawer lowboy provide much drawer space in a compact area.

Lowboy with framed, tilting mirror which extends 5 feet above floor grouped with 4-drawer bachelor chest.

A 7-drawer desk and matching chair make a handsome combination for any home.

Another desirable grouping when more drawer space is wanted in one spot is the tallboy on top of the bachelor chest.

Deaths in Pontiac and Nearby Areas

MRS. JOHN E. CAMPBELL

Mrs. John E. (Maude) Campbell, 67, of 983 Charest St., died yesterday at Pontiac General Hospital of a heart condition.

Surviving are her husband; four sons, John of Vassar, Ervin, Dexter and Glenn, all of Pontiac; and two daughters, Mrs. Grace Fuller of Pontiac and Mrs. Lucille Avery of Caro.

Mrs. Campbell's body is at the Huntoon Funeral Home.

JOHN W. EICHER

Service for John W. Eicher, 63, of 625 Homestead St., Waterford Township, will be held at 7 p.m. Thursday at the Sparks - Griffin Chapel. His body will be taken to the Prim Sullivan Funeral Home in East Moline, Ill. for service and burial Monday.

Mr. Eicher, a retired tool maker at General Motors Truck & Coach Division, died unexpectedly of a heart ailment at his home yesterday.

EDWIN H. PHELPS

Word has been received of the death of former Pontiac resident Edwin H. Phelps, 80, in Yucaipa, Calif. He died there Monday after a long illness.

Surviving are two sons, Leonard of Seattle, Wash. and Edwin of Arcadia, Calif.; three daughters, Mrs. Martin Alfsen of Arcadia, Mrs. Keith Kellogg of Glencoe, Ill. and Mrs. Edward B. Emmett of Romeo; 13 grandchildren, and a great-grandchild.

Service and burial was in Yucaipa.

CECELIA SMITH

Cecelia Smith, a nurse at Harper Hospital, Detroit, until nearly two years ago, died of a heart ailment yesterday at her home, 144 State St. She had been ill several months.

Miss Smith, 69, was a member of St. Michael Catholic Church.

Surviving are two brothers, John D. of Pontiac and Owen W. of Bloomfield Highlands.

Her body is at the Brace - Smith Funeral Home.

MRS. JACOB VONDERMUEHL

Mrs. Jacob (Emme) Vondermuehl of 51 Edison St. died this morning at her home after an illness of several weeks. She was 89.

She was a member of All Saints Episcopal Church and Guild 8 of her church.

Mrs. Vondermuehl's body is at the Voorhees-Siple Funeral Home.

MRS. WILLARD R. DECKER

WEST BLOOMFIELD TOWNSHIP — Service for Mrs. Willard R. (Anna M.) Decker, 87, of 6306 Deckerland Dr., will be held at 1:30 p.m. Saturday at the Donelson-Johns Funeral Home, Pontiac. Burial will be in White Chapel Memorial Cemetery, Troy.

Mrs. Decker died unexpectedly of a heart attack at her home yesterday.

Surviving besides her husband are a daughter, Mrs. James H. Kinney of Pontiac; and a son, Harold of Orchard Lake.

MISS MARIE F. MEAGHER

OXFORD — Service for Miss Marie F. Meagher, 70, former Oxford and Pontiac resident, will be at 9:00 a.m. Saturday at St. Joseph Catholic Church. Burial will be in Ridgelawn Cemetery.

Miss Meagher, a former teacher, died Sunday at her home in New York City after a two-year illness. She belonged to the Third Order of St. Francis.

The Rosary will be recited at 7:30 p.m. tomorrow at Flumerfelt Funeral Home.

Surviving are a sister, Mrs. Richard Smith, and a brother, E. T. Meagher, both of Oxford.

MRS. JOHN F. WILLIS

WHITE LAKE TOWNSHIP — Former resident Mrs. John F. (Dolly) Willis, 52, died yesterday in Tarpon Springs, Fla. She suffered a heart attack.

Mrs. Willis was a member of Birmingham Chapter 220, OES.

Service and burial will take place in Morehead, Ky., early next week.

Surviving besides her husband is a son, John, of East Lansing.

School Head Dies in Lapeer

Dr. Rehn Director of the State Home for 18 Years

LAPEER — Service for Dr. Adolph T. Rehn, 52, superintendent of the Lapeer State Home and Training School, will be at 2 p.m. Saturday at Muir Brothers Funeral Home.

Burial will be in Mount Hope Cemetery.

* * *

Dr. Rehn, of 2885 W. Genesee St., died last night in Lapeer County General Hospital of a heart ailment.

A graduate of Wayne University Medical School in 1934, he interned at Receiving Hospital, Detroit.

He was superintendent of the Lapeer State Home 18 years, coming there from the Newberry State Home in the Upper Peninsula.

EX-ROTARY PRESIDENT

Dr. Rehn was a past president of the Lapeer Rotary Club, a member of the Presbyterian Church, Lapeer Country Club and the county and state medical societies.

He also belonged to Lapeer Masonic Lodge No. 54, F&AM; the Bay City Consistory and Elf Khurafeh Temple AAONMS.

Surviving are his wife, Norma; two sons, Thomas at Michigan State University, and Stephen, at home; a sister; and three brothers.

Set Service for Area Building Inspector

Funeral service for Harold B. Maphis, 60, building inspector for Lake Orion and Orion Township, will be held at 2 p.m. Sunday at Allen's Funeral Home. Burial will be in East Lawn Cemetery.

Mr. Maphis of 442 Flint St. died early today at St. Joseph Mercy Hospital after a four-day illness.

He was an instructor with the Detroit Street Railway for 25 years before his retirement in 1950. A former member of the Lake Orion Lions Club and the Lake Orion police department, he also was an Orion Township constable.

Mr. Maphis was a member of the Methodist Church of Cumberland, Md.

Surviving are his wife, Christina C., and three sisters.

Greed, Malice, Hate Charged

Three Men Being Tried in Robbery, Shooting of RO Car Dealer

DETROIT (AP)—Three men were accused in Wayne County Circuit Court yesterday of "greed, hatred and malice" in the slaying of a Royal Oak used car dealer.

Accused of first degree murder in the April 6 death of Parvin (Bill) Lassiter are Roy C. Hicks, 37, Charles Nash, 42, and Richard Jones, 27, all of Chattanooga, Tenn.

Prosecutor George D. Kent said the men beat, shot and robbed Lassiter, leaving his body in a field.

He charged the slaying was arranged by Hicks in order to erase a debt owed to Lassiter.

An attorney for Nash said he will plead insanity. Jones' attorney said he will contend Jones was tricked into a confession with a promise that a lesser charge would be brought against him.

* * *

Hicks' attorney said Hicks had been drinking and did not take part in the murder.

Only one witness testified yesterday in a trial expected to run several weeks.

* * *

Among the spectators in the crowded courtroom was the victim's attractive, blonde wife, Nell, 38, of 19060 Beverly, Beverly Hills.

Parakeet Barks Away Just Like Any Ol' Dog

COLUMBUS GROVE, Ohio (AP)—When the baby takes a nap at the James Holmes home here, both the dog and parakeet must be shushed.

* * *

The bird has taken to barking and whining like the pup, Holmes says, and makes just about as much noise.

More than 85 per cent of the 1,096 common stocks listed on the New York Stock Exchange paid one or more cash dividends in 1959.

Salvaged Boat Shell Produces Novel Bar

LAKE MOHAWK, N.J. —Norman Rintoul has built a bar for his game room from the shell of a salvaged motorboat.

* * *

The deck supports drinks on a raised "drydock" stand. Mixes are stored under the seat, a cooler unit is under the deck and an oar is used as a footrail.

Bicycle Death Rate

CHICAGO — About 600 Americans die in bicycles accidents every year, two-thirds of them 5-14 years of age.

Sylvan Lake to Start Face-Lifting Project

The Sylvan Lake City Council has taken the first step in a three-year street paving project which would give the city a "new face."

Councilmen voted unanimously last night in favor of the proposed program and authorized City Manager David E. Firestone to begin gathering data and making other preparations to get the project started this year.

When the program is finished, every city street would be paved. The city will pay about a quarter of the cost with property owners paying the balance in special assessments.

"The total cost is not yet determined," said Firestone. "My guess right now is that it will run around $100,000, but this is only a rough estimate."

* * *

Residents living on Avondale street between Inverness and Pontiac drive petitioned the Council at last night's meeting to pave that stretch of Avondale.

Firestone also presented his proposed 1960-61 budget to the Council for its study.

"It will be basically the same as our present operating budget of $130,000," Firestone explained, "except for the addition of $40,000 for blacktopping."

* * *

This would make it a $170,000 budget incorporating the first part of the three-year blacktopping program. The operating budget will be financed by the 20-mill property tax as in recent years.

Firestone emphasized that paving the city's streets would save the city an estimated $7,000 per year in high maintenance costs of repairing the present gravel roads.

"If enough people want blacktopping to do a large enough program, the average cost on a 50-foot lot would be $75," said Firestone.

"Fortunately the city has had good planning in the past," he said. "The sewere were installed first; then the water system. Now our underground work is done and we're in an excellent position to pave the streets."

The Council also opened bids on replacement of their police car. Eddie Steele Ford of Keego Harbor was low bidder. Councilmen also voted to increase street lights at the city's two public beaches.

Produce Quinine

GUATEMALA — There are about 1,600,000 cinchona trees in Guatemala from which the drug quinine is obtained.

Asians pay as much as $2,000 for the horn that the rhinoceros carries on his nose.

THE LADY AND THE GIANT

By Clarence Budington Kelland

© 1959 by Clarence Budington Kelland © 1959 by The Curtis Publishing Company Distributed by NEA Service

XXVIII

"Why, Lossie," I exclaimed, "I thought you liked Madam Janeway. I thought you were such close friends."

She made an answer that I did not expect. It is a thing she often does. "Remember," she said, "how you and I took the kitchen clock apart?"

"I guess we wanted to find out what made it tick."

Lossie was very serious. "From the first minute I saw her," she said, "I've wanted to know what makes Madam tick."

"Have you found out?"

"Not yet," she answered, "but I've had a couple of peeks inside her case. There are lots and lots of wheels and sprockets and pinions. One of these fine days I'm going to find her mainspring."

"But," I repeated, "I thought you liked her."

★ ★ ★

"I do," she said. "But I do not think women are strictly ethical. It wasn't a woman that invented ethics. It was a rapscallion of a man. I'm going to ask you a question. Not a fact question."

★ ★ ★

"A hypothetical question?"

"Oh," she said, big-eyed, "aren't you just wonderful! Hypothetical! Here it is: Suppose somebody dropped something, and when they were gone you picked it up. And suppose it was a strange kind of a thing that made you break out in a rash of wanting to know what it was. Now, hypothetically, would you return it to the owner and simply strangle your curiosity or would you try to—to decipher it?"

"Decipher?"

"Yes" — she nodded vigorously — "like a puzzle."

"Why," said I — speciously I'm afraid —"if it would help you solve a moral problem, examining the thing could violate no obligation."

"That," she said, extracting a bit of taffy from a back tooth, "is a slippery answer. But before you go all noble and change your mind, here it is."

FIGURES AND LETTERS

She handed me a visiting card, and the name on the card was Madam Janeway's. What Lossie wanted me to see was on the back of the bit of cardboard. It was made up of lines and letters and figures like this:

O; R4x45; L3x73; R2x35; L.

★ ★ ★

"I drove Madam downtown to shop this morning in our sleigh, and she must have dropped it out of her reticule when she took out her handkerchief. I found it on the floor after she was gone."

★ ★ ★

It reminded me of something — something to do with my father and Uncle Lander. It had happened in their office, and Uncle Lander, who knelt in front of the safe, said ruefully, "I've forgotten the darn combination."

And her father said, "You always do, Lander. Here I'll write it down for you once more, but, for goodness' sake, don't lose it again." He scribbled on a card and handed it to me to give Uncle Lander. And it was made up of numbers and letters and x's in much the same way as the one I now held.

"It," I said, "this is what I think it is, it may even be that ethics requires me to look into it."

She ran for her coat and fur cap, and we went out of the house into the snow and plowed our way downtown. It was not a long walk, but we were puffing and blowing by the time we got to the building where my office was located. I knelt before the safe the combination of which she had apparently neglected to supply me with.

REASONING CORRECT

My deduction of memory or reasoning had been correct. The figures had indeed been the combination to this safe. I turned the handle and swung open the heavy door. Lossie squealed.

I almost squealed myself. For there, in the safe supposed to be mine, in an office that definitely was mine, was stacked more money than I ever had seen in my life, carefully arranged in packets. I fingered them hastily and faced Lossie, who stared goggle-eyed.

"H-how much?" she asked breathlessly.

"About," I said, equally breathlessly, "a half a million dollars."

★ ★ ★

Here was the reason someone had been entering my office in my absence — to put money in this safe! And here was the reason why Madam Janeway had not furnished me with the combination. Here in my office, in a safe, which everybody but Madam and me thought was my property, was secreted an enormous sum of money.

★ ★ ★

"I think," Lossie said faintly, "it would be a stupid idea for me to return that card with the combination on it to Madam Janeway, or to let her know that you or I had seen it."

"It would," I agreed, "be very unwise indeed."

"Shut the safe door," Lossie said. "It frightens me to look at so much money."

I closed the door and twisted the knob. Lossie walked around the desk and took possession of my chair as if it were her right. She was curt and peremptory. "Memorize the combination," she said firmly, "and destroy the card."

My memory is excellent. I committed to it the letters and figures that made up the combination, and then tore the card to small bits and put them in my coat pocket.

"Maybe," Lossie said, looking very wise, "Madam has got 'attorney' mixed up with 'cat's-paw.'"

"How could I be a cat's-paw? What for?"

"Just for instance," Lossie asked, "what did you just do for Madam in Albany?"

(To Be Continued)

East German Writers Barred

U.S. Won't Let Them Come Here to Cover Olympic Games

WASHINGTON (AP) — The United States has refused to let East German sportswriters come to this country to cover the Olympic Games at Squaw Valley, Calif.

The State Deparement said Wednesday their applications for visas were rejected because it was felt they would intrude a harsh political note into the friendly competition.

A department spokesman said Secretary of State Christian A. Herter considered the cases and refused to recommend that existing restrictions be lifted in order to admit the representatives of East German Communist publications.

Herter could have recommended that an exception be made on the ground that it was in America's national interest. But, he refused to do so.

★ ★ ★

Press Officer Lincoln White, who gave this explanation, said East German publications had been "agitating" in recent months in discussing the Olympics.

This made it likely, he said, the writers would seek to raise cold war issues during their stay in California.

East German athletes are being allowed to enter the United States as part of an all-German team. In the case of the athletes, Herter recommended a waiver of the usual bars.

The National Bureau of Standards can compare lengths to the nearest ten millionth of an inch.

22 Senators Propose College Loan Fund

WASHINGTON (AP) — Twenty-one Democrats and one Republican in the Senate have introduced legislation for a 125-million-dollar revolving fund for loans to colleges for classrooms and laboratories.

Sen. Joseph C. Clark (D-Pa) chief sponsor of the bill, said it would be identical with the college dormitory loan program, which he called an outstanding success.

★ ★ ★

A similar classroom program was included in two housing bills passed by Congress last year and vetoed by President Eisenhower. At Eisenhower's request, the program was omitted from a third housing bill, which he signed.

The one Republican senator joining the Democrats backing the measure was Jacob K. Javits of New York.

S-P's 1960 Hawk Production Begins

SOUTH BEND, Ind. (AP) — Studebaker-Packard Corp. has begun production of the 1960 model Studebaker Hawk, a five-passenger sports coupe.

★ ★ ★

The Hawk was displayed last fall but S-P said production was held up so that all available steel could be used in building the bigger volume Lark models. The first Hawk production model was completed Tuesday.

The 1960 Hawk has a new 289 cubic inch V-8 engine with 210 horsepower. A four-barrel carburetor option will boost the horsepower to 225.

The company said the Hawk accounted for 5.4 per cent of S-P sales in 1959, or slightly more than 6,500 cars.

★ ★ ★

Automobile accidents caused 1,350,000 disabling injuries in the U.S. in 1959.

Calvin College OKs Plan for New Campus

GRAND RAPIDS (UPI) — The Calvin College Board of Trustees has approved a master plan for the school's new Knollcrest campus on a 166-acre tract in suburban Grand Rapids.

★ ★ ★

An immediate target date of September 1961 was set for the first new college structures—a men's dormitory, a women's dormitory and adjoining dining hall and a library-classroom building. Cost of these projects was estimated at $2,800,000.

Buildings on the Knollcrest campus will be grouped into four main areas: Academic, residential, nonacademic and seminary. The new Calvin College Seminary already is under construction on the Knollcrest campus.

More than 20 separate buildings on the new campus were expected to be in use by 1975 to accommodate a student body of 3,500.

Asphalt Steals a March in the Land of Cement

LANSING (UPI) — Alpena's decision to use asphalt rather than cement on its arterial street program was hailed today by the Michigan Asihalt Paving Assn.

"It was a victory for our industry in the very shadow of the world's biggest cement mill (Huron Portland Cement Co.)," said Scott A. Baker, executive secretary of the association.

Baker claimed the Municipal Council's 3-2 vote Monday night supported the industry's contention that asphalt offers "true economy."

Women Get Their Way

SHENANDOAH, Va. (UPI)—The Shenandoah Knitting Mills will be closed because women now demand seamless hose and refuse to purchase seamed hosiery manufactured by the firm, Plant Manager Randall Glover announced.

Morse May Run in Wisconsin

Seen as Move to Spoil Potential Clear-Cut Win for Kennedy There

WASHINGTON (AP) — Sen. Wayne Morse (D-Ore) said today he is seriously considering entering the April 5 Wisconsin Democratic presidential primary.

Morse, who already is competing in the Oregon and District of Columbia primaries, said he will have an announcement on his intentions later in the week.

★ ★ ★

It was indicated this would cover also his possible entry into Maryland's May 17 primary, where Sen. John F. Kennedy (D-Mass) thus far is the only candidate filed.

Kennedy meanwhile wound up a two-day swing through Morse's home state of Oregon and Sen. Hubert H. Humphrey (D-Minn), also campaigning for the nomination, is touring California.

★ ★ ★

If Morse should go into the Wisconsin battle, most politicians here think one of his objectives would be to try to spoil Kennedy's chance of winning any clear-cut victory there.

Selenography is the science of studying the moon's surface.

UPI Photo

HOWDJA DO — The Duke and Duchess of Windsor extend simultaneous glad-hands to a reporter aboard ship as they arrive in New York this week on the liner United States.

Detroit Steel Multiplies Its Profits Tenfold

DETROIT (AP) — The Detroit Steel Corp., which kept operating through the steel strike last year, Wednesday reported a whopping tenfold increase in 1959 profit.

★ ★ ★

Earnings jumped to a record $11,939,492, or $3.90 a share, last year from $1,153,692, or 31 cents a share. The 1959 total included a special credit of $928,108, or 31 cents a share, from the sale of a subsidiary.

Sales soared to $116,712,200, almost double the $61,671,996 collected a year earlier.

Back Yard Rancher

CLINTON, Ind. (AP)—Jack Bazzani calls himself "one of the largest ranchers in the country" and has only a plot of ground 20 by 20 feet in his back yard. Bazzani raises edible snails.

Seek State's Backing of Construction Safety

LANSING (AP) — Organized construction workers have asked the Legislature to support a construction safety code similar to those adopted in 38 states.

★ ★ ★

Some 150 delegates to a conference of the Michigan state building and construction trades council visited the Capitol yesterday to promote the code.

Death Now Laid to Blood Disease

Cardinal Stepinac Denied Burial in His Cathedral

ZAGREB, Yugoslavia (AP) — The body of Alojzije Cardinal Stepinac lay in state today in the little parish church of Krasic, denied burial in his cathedral at Zagreb.

Yugoslavia's Communist government refused permission for the cardinal's body to be moved to Zagreb, seat of his archdiocese, where he normally would have been buried. The authorities said he would have to be buried at the church in Krasic, his native village, where the Communists kept him confined as a paroled prisoner.

★ ★ ★

The funeral will be held Saturday. The Red authorities said all 22 Roman Catholic bishops of Yugoslavia, all members of the cardinal's family and all persons of Krasic parish could attend the requiem and burial service, which will last more than two hours. Five bishops will officiate.

Cardinal Stepinac, 61-year-old spiritual leader of Yugoslavia's seven million Roman Catholics, died Wednesday after five years of Communist imprisonment on charges of wartime collaboration with the Nazis and nearly nine years of confinement to the limits of Krasic.

★ ★ ★

After his release from prison, the Communists refused to allow him to resume his duties as archbishop of Zagreb. But to the Vatican he remained Yugoslavia's primate.

He had suffered for years from a blood disease which resulted in an excess of red corpuscles. First reports said he died of pneumonia and a heart condition. Church authorities said an autopsy last night showed the cause of death was a lung embolus, or blood clot, coupled with a weak heart, all the consequence of his disease.

Quarantine Clearance on Planes Speeded

WASHINGTON (UPI)—The Public Health Service (PHS) has streamlined its procedures to speed quarantine clearance of airline passengers arriving in the United States from abroad.

★ ★ ★

In the past, health officers have boarded planes to inspect passengers before they got off. This was known as group clearance.

★ ★ ★

Under the new setup, announced last night, this will be eliminated if the captain certifies there were no illnesses on the flight.

Individual clearance of passengers after they leave the plane will be continued.

AP Photofax

HAD TO COME — For 27 years Harry E. Evans evaded capture and return to prison. He married, had three children and became a respected citizen of Birmingham, Ala. He didn't tell anyone that in 1933 he had not returned from a 10-day prison parole. Last December he was involved in a minor traffic accident. He was fingerprinted and this eventually led to his recapture.

A recent survey indicated that a year at college will cost $1,962 in 1960 — and that doesn't include such extras as travel and laundry. By 1965, the figure is expected to rise to $2,747.

Lawmen Push Appeals Court

Action by State Would Eliminate Long Delays, Much Bonding Need

EAST LANSING (AP) — Michigan law enforcement agencies backed a proposal to create an intermediate court to hear appeals in criminal convictions.

At present, appeals to the State Supreme Court in criminal convictions must be by permission of the high court. Even when granted, they may not be heard for months.

"The period now elapsing before an appeal petition is acted on often permits the release on bond of persons who should be imprisoned and, vice versa, the holding of persons unable to make bond but who are later found innocent," the law enforcement agencies said.

They suggested that the intermediate court be made up of up to nine new justices and that at least three districts be set up.

★ ★ ★

The proposal was approved by the legislative committee of the Michigan associations of police chiefs, sheriffs, circuit court judges, municipal judges, justices of the peace, prosecutors, state police and the attorney general's office.

Defense Dept. Requests 6,000 for April Draft

WASHINGTON (UPI)—The Defense Department has asked the 6,000 men for the Army in April.

Selective Service System to draft

The quota was the same as for February and March.

It will bring the draft total since the start of the Korean War to 2,515,430.

Bridge Ruling Hits Michigan

280 Overpasses Here Affected by Defense Department Order

LANSING (UPI) — The Highway Department director for engineering said Wednesday there are about 280 bridges on Michigan roads in the interstate system that may have to be altered because of a Defense Department order raising clearance to 16 feet.

John E. Meyer said those were just bridges that were either built or "so far along they cannot be changed now."

He said bridges which have not yet been contracted for or are in the design stage would be raised before construction. Original standard clearance height on the interstate system was 14 feet, 6 inches but the Defense Department ordered the new height so Atlas intercontinental ballistic missiles could pass.

"But this will not affect the big contract letting scheduled for Feb. 17," Meyer said.

"We have advised bidders the bridge work will not be able to start for as much as a month in some cases because we've got to change the specifications," he said.

* * *

The exact number of bridges that will have to be altered will not be known until a complete survey is taken, Meyer said.

The higher bridges will only have to be built in rural areas, he said. Interstate routes provided bypasses around cities and some of the 280 bridges in the system could be missed by missiles using the highways.

* * *

An example of this is Detroit where many of the expressway bridges are less than 16 feet, but where a bypass is planned, Meyer said.

Proposes 3 Free Hours for Workers to Go Vote

LANSING (AP)—Every working voter would be guaranteed at least three free hours during the hours polls are open on general election day under a bill sponsored by Sen. Garland Lane (D-Flint).

* * *

Impact of the measure on employers would be small, Lane said, since polls are open from 7 a.m. until 8 p.m.

The measure would be aimed only at those workers who would have less than three hours off while the polls are opened.

* * *

Penalties would be provided for employers refusing to grant the necessary time off and for workers who take the time off but don't vote.

Parks Draw 62 Million

WASHINGTON (UPI)—A record total of 62,812,000 persons visited the 29 national parks and 154 other areas administered by the National Park Service in 1959, Interior Secretary Fred A. Seaton reported. There were 4,315,000 more visitors than in 1958.

To Note Birth of Chopin

MOSCOW (UPI) — Special concerts will be held in Kiev, Odessa and KhaHkov March 1 to honor the 150th anniversary of the birth of Polish Composer Frederick Chopin, the Soviet news agency Tass announced.

Automobile accidents caused 21.4 per cent of all accidental deaths in the United States in 1959.

Each State Lists Different Qualifications

Rules for Voting All Hodgepodge

WASHINGTON (AP) — Persons desiring to vote for the first time this year will find as many different registration and other qualifying requirements as there are states.

And politicians looking for a national trend will not get much help from official registration figures. Only 14 states collect registration figures on a statewide basis. A similar number provide for registration by party affiliation, but in many cases the voter may decline this information. If he declines he will be ineligible to vote in primaries in some states.

★ ★ ★

Studies by the Library of Congress and national political committees show that the nearest thing to uniformity in state laws covering qualification of voters is found in provisions relating to age, citizenship and residence. But even these vary.

★ ★ ★

You must be 21 to vote in 46 states, but only 18 in Georgia and Kentucky, 19 in Alaska and 20 in Hawaii.

You must be a citizen, but a few states fix citizenship minimums at from one to three months.

RESIDENCE VARIES

State residence laws specify six months or a year in most states, with three states—Alabama, Mississippi, and South Carolina—requiring two years' residence. County residence provisions range from 30 days to a year; precinct or ward, 10 days to six months.

Seventeen states make a voter pass some kind of literacy test. Usually it is ability to read and write in English an article of the Constitution. Some Southern states say a prospective voter must be able reasonably to interpret the state constitution.

★ ★ ★

Five states — Alabama, Arkansas, Mississippi, Texas and Virginia — still require a poll tax, although there is a move in Congress to repeal it.

★ ★ ★

Six — Alabama, Connecticut, Florida, Idaho, Mississippi and North Carolina — make citizens take a loyalty oath by swearing allegiance to the federal or state Constitution. Alabama also requires a statement disavowing belief in or affiliation with any group advocating overthrow of the federal or state government by unlawful means.

All states disqualify idiots and insane persons and those guilty of felonies or other crimes unless their civil rights have been restored. Nine states make paupers ineligible. Alabama turns vagrants away from the polls, and Delaware disenfranchises for 10 years persons convicted of election offenses.

REGISTRATION VARIES

Nearly all states have full or partial registration for both primaries and general elections. North Dakota has no registration except that cities may require it for municipal elections. Arkansas and Texas have no registration, but rely mainly on the poll tax. In Vermont, registration is not required, but persons taking a freeman's oath are placed on a check list of qualified voters.

Most states have permanent registration, at least in the larger cities and towns. Some cancel registrations where the voter fails to cast a ballot in the preceding primary or general election.

★ ★ ★

Ohio, one of several states requiring registration in only certain areas, limits registering to cities of 16,000 or more, although some counties may have countrywide or partially countywide registration.

Registration is required in Wyoming in cities and districts casting a certain number of votes in the preceding election.

★ ★ ★

One of the most recent changes in law qualifying voters for primaries occurred in Texas. This requires that the poll tax receipt be stamped by the election judge "Democrat" or "Republican" when the voter casts his ballot in primaries. This makes for better nose counting and prevents a voter from casting a ballot in primaries of both parties.

★

In this connection, surveys show nine states have open primaries in which Democrats may vote in Republican primaries for state offices and vice versa. These states are Idaho, Michigan, Minnesota, Montana, North Dakota, Utah, Vermont, Washington and Wisconsin.

In Washington, a voter may participate in the primaries of both parties, but not for the same office. Nebraska has open primaries in towns below 7,000. Wisconsin is the only state having an open presidential primary.

U. of M., 7 Other Schools Have a 'Wanderful' Idea

ANN ARBOR (UPI)—The tradition of the "wandering scholar" soon will be revived at the University of Michigan and seven other U.S. universities.

★ ★ ★

Under the program, participating schools will pool their faculty and research facilities for students of Italian language and literature.

Doctoral candidates will study three years, each year at a different university.

Other universities to take part this fall are Chicago, Pennsylvania, Cornell, Indiana, Northwestern, Syracuse and Tulane.

The plan enables students to take advantage of distinguished professors in the field who are scattered throughout the country.

The program is similar to a situation which existed in Europe centuries ago when students had to

THE SMILING VAN RIES — Mr. and Mrs. Willem van Rie are shown smiling as they posed for photographers outside the courtroom at Suffolk Superior Court in Boston Wednesday, following the opening day of trial against Van Rie on a charge of murder. Van Rie is charged with the shipboard slaying of Lynn Kauffman, 23, a pretty divorcee from Chicago.

Shipboard Slaying Tough to Prove

Van Rie Prosecutor in Trouble

BOSTON (AP) — The state today pressed for the conviction of a Dutch ship radio operator accused of killing a pretty Chicago divorcee, but it admitted it does not know what weapon, if any, was used.

As the trial of handsome Willem Van Rie, 31, neared the end of the first day Wednesday, his attorneys requested that the prosecution describe the manner of the alleged crime and the weapon.

★ ★ ★

The state replied: "The commonwealth is unable to specify at this time whether any weapon or other instrument was used in the commission of the crime."

The state contends Van Rie beat pretty Lynn Kauffman, 23, and dumped her body overboard to climax a shipboard romance during a slow boat trip from the Orient.

Miss Kauffman's body was found on the rocky shore of a drab Boston harbor island in mid-September, the day after the SS Utrecht sailed from Boston to New York on its 44-day voyage from Singapore.

★ ★ ★

In another specification, the state said Miss Kauffman's body was seen floating in the water before it was recovered from the island's shore.

★ ★ ★

The state did not disclose who saw the body afloat or whether that person would be called as a witness.

★ ★ ★

The state chartered a private boat today to take the 12-man jury and its two alternates on a tour of Boston harbor to point out the path of the Utrecht and the spot where the divorcee's body was found.

A-Sub Plants Hawaiian Flag at North Pole

WASHINGTON (AP) — The U.S. atomic submarine Sargo has smashed through the ice at the North Pole and planted the flag of Hawaii—her home state—at the top of the world.

★ ★ ★

The Navy said late Thursday the sub broke through the North Pole ice Tuesday afternoon and then resumed her cruise of exploration in the Arctic Ocean's great basin.

The Sargo has been preceded to the pole by two sister nuclear subs, the Nautilus and the Skate.

The Sargo's journey during the Arctic winter again emphasized the power of American nuclear submarines to prowl the international waters above the Soviet Union in any season.

Military Will Share Communications Web

WASHINGTON (UPI) — The Defense Department — over strong opposition from the Army, Navy and Air Force — plans to set up a joint long-range communications system for use by all the military services.

W. J. Austen, acting director of telecommunications and chairman of a committee in charge of the project, said yesterday he thought the new system might involve 20,000 people. He was unable to estimate when operations might begin.

Orders Cross Firm to Start Bargaining

WASHINGTON (AP) — A National Labor Relations Board trial examiner has held the Cross Co. of Fraser, Mich. guilty of unfair labor practices in refusing to bargain with the United Auto Workers.

★ ★ ★

In a report released by the NLRB yesterday, examiner James A. Shaw recommended that the company, manufacturer of automation machinery, be required to bargain promptly with Local No. 155 of the UAW.

The company has 20 days in which to accept the findings and if it does not do so Shaw recommended that the board issue an order to enforce his recommendations.

Union members have been on strike against the plant since Aug. 4, 1959, but it has continued to operate.

★ ★ ★

The case traces back to an election held at the plant Nov. 12, 1958, on a petition for decertification of the UAW as bargaining agent. The Union won this, 150 to 134, but the company challenged the results on the ground that on the day of the voting the Union distributed false statements which the company was unable to answer.

The nation's florists handled 8,227,237 flowers-by-wire orders in 1959 for a record total of $63,330,142.

Convair 880 Jet Sets Record Coast-to-Coast

MIAMI, Fla. (AP) — The first 880 four-engined jet airliner clipped about 27 minutes off the transcontinental speed record in its maiden flight from San Diego, Calif., to Miami.

★ ★ ★

The four million dollar aircraft, named "Delta Queen" by Delta Air Lines, its new owner, streaked coast to coast in three hours 31 minutes, 54 seconds. The previous record was 3:58:55 set last Jan. 4 by a Douglas DC8.

★ ★ ★

Delta's chief pilot, T. P. Ball, who handled the controls Wednesday, said he got 750 miles per hour top ground speed out of the plane with 34 persons aboard. The Convair averaged 666 miles per hour.

The mine detector and the radio proximity fuse were two civilian inventions during World War II.

Lakes, Seaway Ships Must Watch Pollution

WASHINGTON (AP)—New regulations to prevent ships on the Great Lakes and St. Lawrence Seaway from polluting drinking water supplies of port communities were announced yesterday by the Public Health Service.

Issued under the health service's interstate quarantine powers, the regulations will become effective when the Seaway opens this spring. They require ships either to avoid the areas from which communities draw their water supplies or to accept safeguards against pollution.

Eyes Revisions In City Charter

Commission to Look at Police Department and Trial Board Changes

City charter revisions affecting the Police Department and Police Trial Board are expected to be given an airing tonight by the City Commission.

★ ★ ★

The Commission has under study possible charter amendments eliminating the department of public safety, modernizing the Trial Board and removing Police Chief Herbert W. Straley from its jurisdiction.

The last proposal, if adopted, would open the door for Straley's dismissal by City Manager Walter K. Willman, should he wish to fire him.

Still to be decided by the Commission is which changes should go before voters in the April election.

MUST ACT BY TUESDAY

The Commission must act by Tuesday in order to get any charter amendments on the April 18 ballot.

Only minor items are scheduled on tonight's formal agenda.

Ready for approval is a special assessment roll to collect unpaid bills for weed cutting on vacant lots last summer.

The Planning Commission has submitted a report on a proposal to rezone six lots on the northeast corner of West Huron street and Genesee avenue from residential to commercial.

Cactus plants like fresh air, but warm. Freezing air is painful to them.

Cuba Sends 104 to Jail for Plot

Charge Trujillo Backed Conspiracy Against the Castro Government

HAVANA (AP) — A Cuban military court Wednesday night convicted 104 persons of conspiring to overthrow Fidel Castro in a plot the government charged was backed by Generalissimo Rafael Trujillo of the Dominican Republic.

★ ★ ★

Sentences ranging from 3 to 30 years were handed down by a five-man military tribunal in the biggest conspiracy trial since Castro seized power more than a year ago. Thirty-six defendants were acquitted.

The 104 convicted were stripped of their property and money, which will be seized by the government.

Maj. William Morgan of Toledo, Ohio, an officer in the Cuban revolutionary army, was credited with uncovering the plot in the role of a double agent.

★ ★ ★

Morgan claimed that Trujillo was the mastermind and big financial backer—charges Trujillo denied.

The 30-year sentences were given to nine defendants captured in a gun battle at Trinidad, in central Cuba, last August after they landed in a plane the government said came from the Dominican Republic. Two of Castro's soldiers were killed in the gun battle.

Castro himself watched the trap sprung after the arms-laden plane was lured by planted reports that a full-fledged revolt was under way. Among the nine was Luis Pozo, son of a former mayor of Havana.

★ ★ ★

The nine men offered no defense during the trial. All the other defendants denied the charges against them.

Fugitive Has Run-In With Milwaukee Law

MILWAUKEE (AP) — Detectives William Schendel and Joseph Miszewski were happy to see the motorist who ran into their squad car.

★ ★ ★

The driver was Raymond Howard, 44, for whom the two detectives had been looking for almost two months on a theft charge.

About 99 per cent of all fur-bearing animals bred in Sweden are mink.

FCC's Proposals Would Make a Crime of Payola

WASHINGTON (UPI)—The Federal Communications Commission today proposed new legislation which would make payola and deceptive broadcasting practices, such as rigged quiz shows, a criminal offense.

The FCC proposal was announced shortly after President Eisenhower, at his news conference, condemned payola as an abuse of public morality.

Payola, currently the topic of a congressional investigation, is a term for side payments to broadcasters for plugging phonograph records or other unsponsored products.

The FCC proposals would amend the U.S. Code to provide fines up to $5,000 or one year in prison or both for persons engaging in payola and deceptive broadcasting practices.

'WIDE DISILLUSIONMENT'

The recommendations were a follow-up of Atty. Gen. William P. Rogers' report to the President on recently-disclosed evils in the broadcast industry.

The commission said the abuses had led to "widespread disillusionment on the part of the viewing public." It said that at present "the commission has no jurisdiction over the employes of a broadcast station with respect to this type of activity, nor does it appear that such jurisdiction is warranted."

It said "the imposition of a criminal penalty would appear to be an effective manner of dealing with this practice."

Existing law makes it a crime for a radio or TV station to plug records or other products without identifying the sponsor.

The FCC's proposed legislation would extend the law to cover disc jockeys and advertisers or record distributors making undercover payments.

To Discuss Fight on Heart Disease

Open and Scientific Sessions Scheduled on Problems Saturday

Ways of increasing effectiveness of all efforts in the fight against heart and circulatory diseases will be brought before the public in open session and discussed by physicians in a scientific seminar during "Michigan Heart Day" Saturday at Detroit's Statler-Hilton Hotel.

★ ★ ★

Dr. Donald S. Smith, 135 Wenonah Dr., president of the Michigan Heart Assn., said the part of the program devoted to the public, 2 to 4:30 p.m., is a dividend to those who have contributed to local heart associations.

Special speakers will be Dr. Louis Katz of Chicago, renowned heart specialist and researcher and Dr. and Mrs. Ancel Keys of Minneapolis.

The Keys are recognized internationally in medical science for their study of diet in relation to heart disease.

AIMS AT WOMEN

Katz will address his talk mainly to the women in the audience. "Care of Husbands" is the topic.

Dr. Keys will speak on "Diet and the Prevention of Coronary Heart Disease."

Mrs. Keys will discuss "The Practical Choice and Preparation of Foods."

Baptist Leader Against Catholic for President

NATCHEZ, Miss. (AP) — Dr. Ramsey Pollard, president of the Southern Baptist Convention, says he will not stand by and keep his mouth shut "when a man under control of the Roman Catholic Church runs for presidency of the United States."

★ ★ ★

Pollard, head of the 9,206,758-member convention which is the second largest Protestant group in the United States, addressed the Mississippi Baptist Evangelistic Conference Tuesday.

Civil Rights Snowballs On; Gathering Up All Opposition

By JAMES MARLOW

WASHINGTON (AP)—A subtle change is occurring in the nation —including the South—on civil rights.

It seems taken for granted now that this year an effort, probably a successful one, will be made to pass a civil rights bill in Congress.

Just a few years ago—before the Supreme Court outlawed public school segregation in 1954—this would have been unthinkable.

At most the House would have passed something, knowing well it would be strangled in the Senate by Southern filibuster or just lack of action.

This was how it had been since way back in the 19th century when the last batch of civil rights legislation was approved.

What happened to make it possible for Congress to pass in 1957 the first civil rights bill in 82 years and now seem on the verge of passing another?

If there is any single answer it is probably that the Supreme Court decision broke the dam.

In the first place, the court's action made Congress self - conscious. It did what Congress wouldn't do. It took action on civil rights.

LAYS GROUNDWORK

The court had laid the groundwork for the public school decision with a whole series of opinions, going back into the 1940s, to break down racial segregation.

The protest from the South against the public school decision focused the attention of the whole country on this problem in a way it could not ignore.

The court was being defied.

The violence at Little Rock—over the admittance of Negro children to a school—shocked the country into further examination.

★ ★ ★

Bit by bit throughout the South the wall against the court's decision began to crumble. Negroes brought to the front another problem of equal importance: their difficulty in being allowed to vote.

The question of outlawing the poll tax which had been a furious rallying point for Southerners—bringing a filibuster from them four times in the 1940s—began to seem just a minor episode against the other problems.

That probably explains best why an anti-poll tax amendment to the Constitution passed the Senate last week with hardly a flurry. There was no thought of filibuster. It was even a Southerner who sponsored the amendment.

With the nation made self-conscious about Negroes' civil rights, there was no trouble passing the civil rights bill of 1957.

There was no filibuster. The Southerners apparently knew they couldn't win and it was a mild civil rights bill.

LITTLE BY LITTLE

If this year the Eisenhower administration and Northern Democrats get together on another moderate civil rights bill, the Southerners once again will probably decide not to filibuster. If it's real tough, they might.

The pattern seems to be taking this shape. Year after year there will be a steady push, inside and outside Congress, to give the Negroes of the South more civil rights protection. Opposition in the South, against the pressure of national opinion, will melt slowly.

From the way it's going, this will take time. Population shifts, of course, are a factor in inducing Northern members of Congress to make more effort for civil rights legislation.

The Negro vote in the North is getting more important, liberal sentiment on the civil rights issue is increasing, more organizations, including organized labor, are demanding action.

But if it hadn't been for the court's decision in 1954, it is hard to believe there would be any more progress on civil rights now than there was in the 1940s or, for that matter, in the 1920s, when there wasn't any.

Chinese Merchants Inflate Pepper Price

WASHINGTON (UPI)—A group of shrewd Chinese merchants has seized a profitable corner of the world pepper market with an assist from a Russian pepper fad.

The Russians have been buying a lot of pepper recently while Indonesian pepper exports have been falling off.

Never ones to sneeze at opportunity, some Singapore business men moved in and obtained a corner on the market.

The Labor Department's Bureau of Labor Statistics (BLS) recounted their activities yesterday in explaining why wholesale pepper prices rose 44.5 per cent between December and January. It was the third consecutive monthly advance in the wholesale price of pepper.

Reds Have Word for It

LONDON (UPI)—Over a report that potato chips are now on sale in Russia, the Financial Times today printed a headline reading: "Spudniks."

Auto Firms Nix Stop-Go Pedal

New Gas-Brake Device Acclaimed by Testers but Not Car Makers

By JACK VANDENBERG
UPI Automotive Editor

DETROIT — Several independent companies are trying to interest the auto industry in a device combining the accelerating and braking of a car in a single pedal—but the industry isn't buying.

★ ★ ★

Auto engineers say the various companies that have developed variations of the device may market them independently but they won't get any encouragement or aid from the auto companies—despite the acclaim the device has won from independent observers who have tested it.

★ ★ ★

A survey of engineers from all the major auto companies showed they had all tested at least one of the devices and decided against putting the prestige of their companies behind them.

Generally, the engineers all agreed with R. H. Vansteenkriste of Ford Motor Co.

"The biggest problem we foresee in connection with this type of device is public education," Vansteenkriste said. "Although there are many variations, they all operate on the same principle.

★ ★ ★

"They all boil down to a system of accelerating by pressing down on the gas pedal and automatically braking the car by releasing pressure on the pedal.

"The idea is to eliminate the necessity of lifting your foot from the gas pedal and placing it on the brake pedal," Vansteenkriste said.

"It's a good idea — those few seconds could mean the difference between an accident and a near miss. If the public could learn to use it, it would have a lot of merit.

"But we feel it would take constant concentration on the part of the driver. And anything that requires constant concentration by the driver is not very safe."

Nasser to Visit India

CAIRO (AP)—An Indian Embassy spokesman said today President Gamal Abdel Nasser will visit India as the guest of the Indian government after the Moslem feast of Bairam, in mid-April.

Valentine Food Should Be Pretty

By JANET ODELL
Pontiac Press Home Editor

Pretty food is a must for Valentine's Day. The red or pink color scheme can be carried out easily with a number of foods.

★ ★ ★

The simplest thing to do is what our picture models are doing. Make cut-out cookie hearts and decorate them with red hots and silver decorations. Or make meringues in heart shapes and fill with pink ice cream. You can even tint the meringues pink if you like.

Cake cut in heart shape can be served sandwich fashion with a delectable cherry sauce. The surprise ingredient in the sauce is lemon-lime carbonated beverage.

February Hearts

1 package white cake mix
¼ cup sugar
2 tablespoons cornstarch
¼ teaspoon cinnamon
1 7-ounce bottle lemon-lime carbonated beverage
1 No. 303 can (1 lb.) pitted, sour cherries

Prepare cake mix according to package directions. Bake in heart-shaped molds, (or, bake in cake pans and cut into heart shapes later). Slice each heart diagonally to make 2 layers.

For sauce, stir sugar, cornstarch and cinnamon in a saucepan. Add lemon-lime carbonated beverage and contents of can of cherries. Cook over low heat 3 or 4 minutes, until mixture begins to boil and thickens slightly. Pour sauce between layers and on top of cake hearts. Makes 10 to 12 servings.

Almost any cake or molded pudding can be put into heart shaped pans. Some stores are carrying disposable foil heart pans at this time of year. But it is possible to make your own from several layers of foil.

Here's a fluffy pink frosting that will make any cake picture-pretty.

Remember it for bridal shower cakes too.

Fluffy Pink Frosting

2 egg whites, unbeaten
⅓ cups granulated sugar
2 tablespoons cold water
⅔ teaspoons white corn syrup
teaspoon vanilla
Few drops red food coloring

Place egg whites, sugar, water, corn syrup in top of double boiler; beat until thoroughly blended. Place over rapidly boiling water. Beat constantly with hand or electric beater until frosting will stand in peaks on beater. Remove from heat; add vanilla, red food coloring; blend.

Concluding our list of Valentine treats is this recipe for a cherry candy. Candied cherries and chopped nuts are added to the cooked mixture. When cool enough to handle, the candy is pulled until it is smooth and creamy. Try it.

And do have festive foods for Valentine's Day.

Cherry Brittle

2 cups granulated sugar
1 cup firmly-packed brown sugar
½ cup white corn syrup
½ cup water
½ teaspoon baking soda
Dash salt
½ cup butter or margarine
1½ cups chopped walnuts
½ cup candied cherries (about 24 cherries)

Combine sugars, corn syrup and water. Cook over low heat, stirring occasionally, until sugars dissolve. Cook, without stirring, until candy thermometer reaches 300 degrees (hard crack stage), or until small amount of mixture dropped in cold water becomes very brittle.

★ ★ ★

Add baking soda, salt and butter or margarine; mix just until blended. Add walnuts and cherries and mix. Turn into 12x8x2-inch pan. When cool enough to handle, turn out on greased surface and pull until thin. When cold, break into pieces.

Pontiac Press Photo

STARTING YOUNG — Kathy Maringer (left) of 1375 Eason St. wants to do everything her mother, Mrs. Peter Maringer does. She loves to make cookies. Mother is letting her try her hand at some Valenfine goodies. Baby sister, Jane, is more interested in the photographer.

Sweet Potatoes Baked Into Loaf

If your family has a hankering for sweet potatoes, be glad Mrs. Homemaker. Sweets are one of the plentiful foods you'll find attractively priced at your grocery store right now, and you'll find the quality very good too.

As for their health-giving qualities, sweet potatoes are far richer than you or members of your family may realize. However, it probably isn't the sweet potato's nutritional content that stirred up your family's yen for this fine food, but that good, rich taste which attracts all of us to sweets.

Unless your family specifies how they want their sweets served, you might try getting real fancy with them. Here's one for a sweet potato nut loaf, big enough to serve six:

Moisten 2 cups of graham crackers with 1 cup of milk. Combine with two cups of mashed sweet potatoes, 1 cup of chopped nut meats, 1 slightly beaten egg. Salt and pepper to your taste.

Turn the contents into a greased bread pan, dot with two tablespoons of butter and bake in a 425 degree oven for fifteen minutes, uncover and brown. Stir 4 tablespoonn of grated cheese into 2 cups of hot white sauce until blended, serving the mixture over the hot loaf. Then garnish with paprika.

And, don't forget that if the family likes their sweet potatoes in the form of dessert, you can make every bit as good a pie with sweet potatoes as you can with pumpkin.

Apples and Sausage

Next time you are cooking pork sausage links for a weekend brunch, save the drippings and cook some apple slices in them. Sprinkle the apples with a little sugar and a dash of salt as they are browning.

Bran and Corn Join Forces in Muffins

One of our favorite well-flavored sturdy muffins!

Indian Muffins

1½ cup sifted flour
1½ teaspoons double - acting baking powder
½ teaspoon salt
¾ cup enriched yellow cornmeal
¾ cup ready-to-eat bran
1 cup milk
4 tablespoons butter or margarine
¼ cup light brown sugar firmly packed
1 large egg
½ cup chopped walnuts

Sift together the flour, baking powder, salt and cornmeal. Add bran to milk and soak until milk is absorbed. Cream butter and sugar; beat in egg thoroughly. Stir in soaked bran, then flour mixture; stir only until dry ingredients are moistened. Fold in walnuts.

Turn into buttered muffin-pan wells (1½-cup size). Bake in hot (400 degrees) oven about 15 minutes or until a cake tester inserted in center comes out clean. Remove from pans at once and serve very hot with butter. Makes 8 muffins.

Crisp Cocoa Cereal Is Mainstay of Confection

A new candy idea, combining the goodness of corn syrup, brown sugar, creamy or chunk style peanut butter and cocoa krispies, is here for winter parties, for lunch-boxes and for other snack occasions. The confection is Cocoa Peanut Squares.

★ ★ ★

So easy to make, Cocoa Peanut Squares appeal to both young and old, at just about any time of day or evening. Here's the simple-to-follow recipe.

COCOA PEANUT SQUARES

½ cup corn syrup, light or dark
½ cup brown sugar, firmly packed
½ cup peanut butter, creamy or chunk style
2 cups cocoa krispies

Have ingredients measured. Combine corn syrup and sugar in 3-quart saucepan. Cook over moderate heat, stirring frequently, until mixture bubbles around edge of pan. Remove from heat. Stir in peanut butter until completely mixed.

Add cocoa krispies, stirring until well-coated with syrup mixture. Press into greased 8x8 or 9x9-inch pan. Cool at room temperature 20 minutes. Cut into squares.

Yield: 36 1½-inch squares.

Mock Salmon Steak Made of Canned Fish

Canned salmon teams with mashed potatoes, cheese and seasonings to make mouth-watering mock salmon steaks which are fried crispy, golden brown.

MOCK SALMON STEAKS

1 half-pound can salmon
1 cup mashed potatoes
½ cup cheddar cheese, grated
2 tablespoons cooking fat
¼ cup finely chopped onion
¼ cup finely chopped celery
1 tablespoon lemon juice
1 teaspoon Worcestershire sauce
¼ teaspoon salt
Dash of pepper
Cooking fat for deep frying

Cook onion and celery in fat until crispness is gone. Mix with remaining ingredients. Form into the shape of salmon steaks. Fry in cooking fat heated to 365 degrees F. until golden brown.

This Tarragon Salad Dressing Low Caloried

This is a flavorful salad dressing for almost any foods combined with mixed greens.

TARRAGON DRESSING

1 egg
1 cup water
⅔ cup nonfat dry milk
2 tablespoons flour
1 teaspoon salt
1 teaspoon dry mustard
⅛ teaspoon white pepper
1 tablespoon butter or margarine
6 tablespoons tarragon vinegar

In top of double boiler beat egg enough to combine yolk and white; add water and blend. Mix together the nonfat dry milk (in dry form), flour, salt, mustard and pepper; sprinkle over surface of egg mixture; beat with rotary beater until smooth.

Cook and stir constantly over hot (not boiling) water until thickened. Remove from heat; stir in butter, then gradually stir in vinegar.

Store in covered jar in refrigerator. Stir, if necessary, before using.

Note: 13 calories per tablespoon in this dressing.

Sticky Bun Topping New for Gingerbread

By CECILY BROWNSTONE
AP Newsfeatures Food Editor

If planning all the courses of a party lunch or supper sometimes gives you a slight case of jitters, try asking friends to a noontime Sunday brunch.

Set the table Saturday night. Fruit juice and dry cereal can be on hand ready to serve. For the main course it's easy to cook small link sausages just before the guests arrive and keep them warm in their heavy skillet (with fat poured off) over very low heat.

Eggs can be scrambled at the last minute; if you have an electric skillet do it at the table. Your husband or one of your guests will willingly take over the toaster and pour the coffee.

It's a good idea to make the table centerpiece a bowl of fresh fruit and nuts to pass around at the end of the meal. Don't forget to provide nut crackers and picks.

We find that brunch guests usually like a bonus of coffee-cake to nibble with those last cups of coffee. This you can make your main chore of the morning, and for something new and delicious you might like to try this coffee-time gingerbread.

It's made with bran and we vouch for its interesting texture and good flavor; it's topping of fruit preserves and walnuts will entrance eaters who like the sticky-bun touch.

Coffee-Time Gingerbread

½ cup apricot preserves
½ cup broken walnut meats
½ cup ready-to-eat bran
½ cup water
1 cup sifted flour
½ teaspoon baking powder
½ teaspoon baking soda
½ teaspoon salt
½ teaspoon ginger
1 teaspoon cinnamon
3 tablespoons shortening
3 tablespoons sugar
½ cup molasses
1 egg

Spread apricot preserves evenly in bottom of a well-greased 8 by 1½-inch round cake pan. Sprinkle with walnut meats. Mix bran and water; let stand about 5 minutes.

Sift together the flour, baking powder, soda, salt, ginger and cinnamon. Blend shortening and sugar; beat in egg well. Stir in molasses and bran mixture. Add sifted dry ingredients, stirring only until mixed. Spread in prepared pan.

Bake in moderate (350 degrees) oven about 40 minutes, or until cake tester inserted in center comes out clean. Remove from oven and let stand about 5 minutes. Turn upside down on serving plate and let stand a few minutes longer before removing pan. Cut into serving pieces an serve warm.

Even the Squirt Good Tasting

If French Premier Clemenceau were alive today, he'd really jump with joy over our grapefruit. Back in 1920, when he visited this country and grapefruit weren't quite what they are today, he said he hated to leave America and grapefruit.

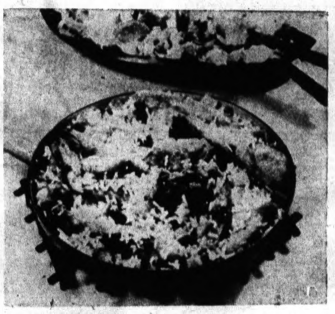
Since Clemenceau's visit of course, our fruit growers have improved everything about the grapefruit but the squirt. They're sweeter, have less seeds and are thinner skinned. In fact, they're a real boon to America, as Clemenceau would probably testify.

One of the nicest things about these grapefruit right now is their abundance, thanks to our Florida, Texas, Arizona and California growers. They're coming up with an estimated crop of more than 43-million boxes, which is an above-average production. So save plenty of space for these grapefruit in your market basket, for fresh grapefruit like other fruits are most economical when they're in season.

One of the reasons grapefruit is so popular is the speed with which it can be served. To make eating of grapefruit halves easy, take out seeds and center core, and cut between the sections. Most folks prefer grapefruit "as is," but sometimes there's a call for salt or sugar.

A delicious way to sweeten grapefruit is to cut out the white center and fill the hole with strained honey. Set the sweetened fruit in the refrigerator for a few hours or overnight, so that the honey can penetrate all parts of the fruit, giving it a delicate honey flavor. Some restaurants that serve breakfast grapefruit this way call it grapefruit supreme, but it's a marvelous eye-opener whatever you want to call it.

Use 6 tablespoons of shortening to 2 cups of flour if you want rich baking-powder biscuits.



CHICKEN JAMBALAYA — Jambalaya is a typical Creole dish of New Orleans. The basic ingredient is rice. Here we have a recipe for a Jambalaya made with chicken, ham and seasonings.

Cook Chicken Jambalaya in Electric Skillet

If you're suffering from mental and physical exhaustion in the kitchen after preparing all those holiday "treats," here's a wonderful new idea for chicken, ham, seasonings, and rice — a Chicken Jambalaya—which is simply and quickly concocted in one utensil—your skillet!

To give that wonderful "golden brown" flavor, use a polyunsaturated pure vegetable oil. It is light in color and adds no taste of its own, but lets the true flavors of the chicken, ham and seasonings blend into one delicious experience. Remember — use a large skillet with a tight fitting cover.

This tasty gourmet jambalaya can also be made with seafood, using oysters and shrimp. Exact preparation is noted below.

Chicken Jambalaya

1 fryer chicken (2½ to 3 pounds) disjointed
½ pound ham, cubed
2 tablespoons vegetable oil
1 cup chopped green pepper
1 cup chopped onion
1 clove garlic, minced
2 teaspoons salt
2 teaspoons Worcestershire sauce
¼ teaspoon thyme
3 cups water
1½ cups raw rice

Brown chicken and ham in oil. Remove the chicken and ham. Cook green pepper, onion and garlic slowly for 5 minutes. Stir in seasonings and water; simmer 10 minutes.

Mix in rice, chicken and ham; cover. Cook over **LOW** heat for 25 minutes. Remove cover, fluff rice, cook 5 minutes longer. Serves 6.

*2 cups deboned diced chicken may be used.

For Seafood Jambalaya

Substitute for chicken 2 dozen oysters plus oyster liquid and 1 pound shrimp, peeled and cooked. Add the oysters and shrimp to the jambalaya 10 minutes before the end of the cooking period.

Serve Flaming Cherry Dessert

Fluffy white angel cake, topped with ice cream and smothered in a tart red cherry sauce, it is called Cherry Fantasia. You can use either homemade or store bought angel cake, and your favorite cherry and vanilla ice cream. The sauce, made with water pack cherries, orange rind and juice, crowns your dessert with a flourish.

For an extra touch, saturate a cube of sugar with pure lemon flavoring, place in the center of your sauce just before serving and ignite.

So deck your table in elegance and your family's dessert plates with the two-toned taste appeal of this colorful dessert. It's a winner they'll ask for over again.

Cherry Fantasia

1 can (1 pound) red tart pitted cherries (water pack)
⅔ cup sugar
1 tablespoon cornstarch
¼ teaspoon salt
1 tablespoon orange rind
1 cup orange juice
¼ teaspoon red food coloring

Drain cherries; reserve liquid. Combine sugar, cornstarch and salt in saucepan. Stir in reserved cherry liquid, orange rind and orange juice. Place over medium heat, stirring constantly, until mixture comes to a boil; boil ½ minute. Remove from heat; stir in red food coloring, and drained cherries.

Serve with homemade or store bought angel cake, and cherry and vanilla ice cream. Yield 12 servings.

Sweet Touch for Hash With Canned Peaches

Corned beef hash with peach slices makes a colorful sweet meat dish for a family of four. Chill one pound can of hash, then open both ends and push the hash out. Cut hash into four slices.

Top each slice with well-drained canned peach slices. Brush with melted butter or margarine and sprinkle with brown sugar. Bake at 325 degrees for 25 minutes.

Q. What is the name of these cuts of meat?

A. Lamb Frenched Rib Chops.

Q. Where do they come from and how are they identified?

A. They come from the rib sections of the carcass and contain a portion of the backbone and rib bone. The meaty area is the eye of the rib. In these "frenched" chops, the meat and fat have been trimmed away from the ends of the ribs.

Q. How are they prepared?

A. They may be prepared by dry heat methods of meat cookery . . . broiling, pan-frying or pan-broiling.

LINCOLN INN STEW — Jade green peas blanket this distinctive lamb stew. Made from a favorite Greek recipe, it is served in a restaurant in Chicago dedicated to Abraham Lincoln. The lamb is braised separately in a tomato sauce.

Greek Lamb Stew Topped With Peas

Lunch or dine with Chicago attorneys and judges in North LaSalle street's newest restaurant and see a dream brought to reality, the Lincoln Inn. It's the unusual eating place planned by George and Beatrice Marks, and opened last October in Lincoln's sesqui-centennial year.

Working in the '30s at his father's Athens hotel, American-born George Marks wanted his own Chicago restaurant devoted to Abraham Lincoln, the Great Emancipator honored in Greece as he is here.

Visit Lincoln Inn on a Thursday and enjoy a favorite feature, the Braised Lamb Stew, a deluxe version of the succulent Greek dish George Marks knew in Athens. This is no ordinary lamb stew, but one sauced, as in Greece, with a distinctive blend of tomatoes, mushrooms, onion, oregano, and if you wish, dry wine.

Beatrice Marks who works side by side with George, adds a garnish of whole broiled mushrooms and fresh tomato wedges when serving the famous dish at home.

Lincoln Inn Stew

½ cup chopped onion
1 4-ounce can mushroom bits and pieces
¼ cup butter, oil or margarine
3½ cups fresh or canned tomatoes, chopped
1 8-ounce can tomato sauce
1½ pounds lean shoulder of lamb, cut in 1" cubes
1 teaspoon salt
¼ teaspoon freshly ground pepper
¼ teaspoon oregano
¾ tablespoon dry wine (optional)
1 10-ounce package frozen green peas
Whole mushrooms and tomato wedges to garnish

Saute onion and mushrooms in half the butter. Add tomatoes and tomato sauce. Simmer together for about 15 minutes. Meanwhile braise lamb separately in remaining fat. Add the tomato mixture, seasonings, wine if desired. Simmer about 15 minutes.

Cook frozen green peas by flavor-saver method. Place lamb in serving dish, top with cooked green peas, and garnish with sauteed whole mushrooms and tomato wedges.

Frozen Green Peas (Flavor-saver Method)

1 10-ounce package frozen green peas
2 tablespoons butter
2 tablespoons water
⅓ teaspoon salt

Put peas in saucepan with butter, water and salt. Cover. Bring quickly to a boil over high heat, separating block with fork, if necessary, to hasten thawing. Reduce heat to medium and simmer gently until peas are just tender, 5 to 7 minutes. Serve at once.

Budget-Minded Buyers Should Consider Eggs

There have been few changes in wholesale trends in supply or price of red meats this week. The markets have been comparatively quiet. However, there are an unusually large number of retail pork features available and some fine values in hindquarter beef steak cuts. Eggs continue to be the best choice for budget-minded homemakers in planning low-cost round-the-clock menus.

This is a good week to stock up on vegetables for freezer storage as every variety is available at lower costs, in unit lots, this week.

All pork products are inexpensive in relation to other red meats. All fresh and smoked cuts are being offered at bargain prices in different markets. Look for loin roasts and chops, Boston butt roasts and steaks, bacon, rolled sausage, partly boned and canned hams and for a variety of luncheon meats.

This is the time of the year when fish supplies vary considerably with weather conditions in different parts of the country. To date, ample shipments of whitefish are arriving from the Canadian northwest along with good supplies of ocean fish from the seaboard. Halibut steaks are in particularly abundant supply. An unusually early catch of Lake Erie smelt is also coming to market.

The egg market continues to be at the lowest levels in nearly eight months and within a fraction of 13-year lows. Large eggs are exceptional values as menu choices and those who are seriously interested in economizing should take advantage of them.

The Florida freezes through January 25 were more kind to citrus fruits than vegetables. Citrus suffered only minor damage to new growth in scattered areas and there should be little fruit loss. Prices on oranges and grapefruit are about the same as a week ago. A few Valencia oranges have arrived in the markets but the cold has slowed their development. Temples are nearing the end of their season.

Michigan apples from regular storage are also nearing the end of their volume and many Controlled-Atmosphere storage room are being opened. These prices are 2-4 cents a pound higher than those from regular storage. Avocados continue to be an excellent buy and imports of bananas are temporarily heavier this week. Winter pears are also reasonable in price.

Temperatures at freezing and below during a five day visit to Florida produced heavy damage to nearly all tender vegetable crops.

Regardless of the retarding effects on the Florida crop, cabbage is one of the best vegetable values. Shipments from both Florida and Texas are still abundant. Carrots are also arriving from several areas at low prices. Florida celery saw little damage and continues to be low in cost.

A wide variety of canned foods are being featured at lower prices this week. Learn to compare the price and quality — to use the buy and try method in choosing brands. Fruit cocktail and peaches, a variety of fruit juices and tuna fish are being featured.

Soups are also being offered at lower costs this week. Keep on the look-out for a new line of Italian soups which are particularly tasty and loaded with nutrition and vegetables which are so filling. The heavy crop of red tart cherries may be found in the 1 pound cans and in the cherry-pie filling to add menu variety.

Breakfast Can Be Appetizing

A little more time, a little more planning, could turn breakfast into the most pleasant meal of the day, according to Alan R. Jackson, enjoyer of good living, and author of the attractive new "The Breakfast Cookbook" (159 pages—engagingly illustrated).

Jackson enjoys soup for breakfast.

Pea and Chipped Beef Soup

One can green pea soup,
2/3 can water,
¼ cup chipped beef,
1 or 2 eggs.

Simmer soup and water. Add chipped beef and mix thoroughly. Add egg, poach until firm. Serve at once. Serves 1 or 2.

* * *

Corn Bread Hash

One package corn bread mix,
1 cup finely cut-up chicken (leftovers are good for this).

Follow directions on package for mixing, adding cup of chicken to mixture. Bake in square pan or muffin tins as directed. Serves 6.

* * *

Eggs and Sour Cream

One-half cup bread crumbs (or a good packaged poultry stuffing),
½ cup sour cream,
4 eggs.

Butter 4 custard cups and pour about 1 tablespoon of melted butter in bottom of each cup. Put scant teaspoon of bread crumbs into bottom of cup and break whole egg onto crumbs. Top egg with ¼ teaspoon of crumbs. Bake in oven at 340 degrees F. for about 10 minutes or until eggs are set. Teaspoon of sour cream on each egg.

Save the liquid from canned asparagus and mushrooms and use it to dilute condensed tomato soup. Fine partners!

ROMAN BLEACH
has germ-killing power

Roman Bleach is a safe germicide for disinfecting of toys, play pen, nursery. Careful mothers use Roman Bleach every day to insure sanitary cleanliness for baby's protection. Disinfecting directions on label.

ROMAN BLEACH IS A CLEANSER, A BLEACH, AND A DISINFECTANT.

Yummy Dessert Is Date, Nut Filled

A favorite version of an extra-good date pudding.

Date Walnut Pudding

1½ cups sifted flour
¼ teaspoon double-acting baking powder
¼ teaspoon salt
1 package (8 ounces) pitted dates
1 teaspoon baking soda
1 cup boiling water
¼ cup butter or margarine
1 cup sugar
1 large egg
1 cup coarsely broken walnuts

Sift together the flour, baking powder and salt. Slice dates fairly fine into mixing bowl; sprinkle baking soda over them; add boiling water. Cream butter and sugar; beat in egg thoroughly. Stir in flour mixture, then date mixture and walnuts.

Turn into buttered baking pan (9 by 9 by 1¾ inches); bake in slow (300 degrees) oven 1 hour. Cool in pan; cut into squares and remove with spatula. Serve with slightly sweetened whipped cream.

Spice Cake's Easy

Want a spice cake? Add a teaspoon of cinnamon and one-half teaspoon each allspice and nutmeg plus one-quarter teaspoon of ground cloves to a regular-size package of white cake mix.

Fresh Cabbage Puts Vitamins Into Diet

More and more good American cooks are learning new and better ways to use cabbage. So why not join the cabbage-fanciers in your menu plans for a better fed, happier family in 1960?

The fresh green look of cabbage, its crispy-tender texture and mildly distinctive flavor will give your meals a head start on the look and taste of spring. This vegetable's exceptional wealth of vitamin C and good supplies of B vitamins, including thiamine, riboflavin and niacin, and of important minerals, will add to the family's health insurance. Its price will delight the budget, also.

Cabbage Slaw With Sour Cream Dressing

Combine 1 quart shredded cabbage, ½ cup finely chopped onion, 1 cup finely chopped celery and sour cream dressing.

To make sour cream dressing: Combine ½ cup sour cream, 1½ teaspoons fresh lemon juice, 1½ teaspoons cider vinegar, ¾ teaspoon salt, ¼ teaspoon chili powder, ¾ teaspoon powdered dry mustard, ¼ teaspoon sugar, ½ teaspoon caraway seed and ¼ teaspoon finely chopped onion. Mix lightly. Makes 5-6 servings.

To Glaze Donuts

Want a recipe for a simple doughnut glaze? Then add one fourth cup of boiling water to one cup of confectioner's sugar. Drain doughnuts on absorbent paper then dip immediately into the warm glaze.

Six-Minute Cabbage

Heat 1¼ cups milk. Add 1½ quarts shredded cabbage. Cover. Simmer 2 minutes. Mix 1½ tablespoons flour with ¼ cup milk to form a smooth paste and stir into the cabbage. Add 1½ tablespoons butter or margarine, 1¼ teaspoons salt, and 1/16 teaspoon ground black pepper. Cook 4 minutes stirring constantly.

★ ★ ★

New Cabbage With Ham

Saute ½ cup thinly sliced onions and 1 cup cooked ham (cut in 2-inch strips, ¼-inch wide) in 2 tablespoons butter or margarine. Add 1 small head new cabbage, shredded; cover and cook 5 minutes or until cabbage is just tender. Season with 1 teaspoon salt and ¼ teaspoon ground black pepper. Serve at once garnished with fresh parsley. Makes 4-5 servings.

Chill Sweet Potato Balls Before Baking or Frying

You've probably got your own favorite uses for raisins, but have you ever tried fashioning your mashed sweet potatoes into balls, using glazed raisins for a "center"? Roll the balls in crushed cornflakes or finely chopped nuts. Chill in the refrigerator, then bake in a moderate oven until thoroughly heated. These are excellent french fried too. Try it some time.

Junior High Music Festival to Be Staged on Wednesday

Pontiac Press Photos

Vocalists look over the score they will perform Wednesday evening at the City-Wide Junior High School Music Festival. They are from left, Nick Cutean of Portland street, Annette Rose of Mathews street, Larry Clower of West Hopkins avenue and Wendell Hutchinson of Woodland drive.

String ensembles will be featured at Wednesday evening's concert. Warming up for the event are from left, Nancy Ward of Starr avenue, Denise Patton of Tilden avenue, Robert Bell of Spokane drive and Margaret Moreau of East Iroquois road.

George Putnam, supervisor of instrumental and secondary vocal music in the Pontiac schools, has announced the special groups that will perform at the City-Wide Junior High School Music Festival Wednesday evening.

The Washington Junior High School String Orchestra will play selections from Rodgers and Hammerstein's "The King and I"; and the Minuet from Haydn's "Quartet in D Major."

★ ★ ★

Lincoln Junior High School's Ninth Grade Choir under the direction of Roland Richtee will present "Down Low in the Valley" by Brahms and "Born to Be Free" by Ralph E. Williams.

★ ★ ★

Margaret Snyder and the Girls Glee Club of Eastern Junior High School are preparing Gustav Klemm's "Shepherd's Tune" and "Give Me a Rose" arranged by Dolph-Waring.

The Mixed Chorus from Jefferson Junior High School directed by Albert Shaw will sing Sibelius' "Finlandia" and "Every Time I Feel the Spirit" arranged by Shaw.

★ ★ ★

A Czech folk song "Over the Meadows" and "Fiddlin' Fun" arranged by Gladys Pitcher will be sung by the Washington Girls Glee Club with Julia Hollyer directing.

★ ★ ★

The "Madison Melodies," a small ensemble of 7th and 8th graders, will sing "Comin' Through the Rye" arranged by Simeone; and "I Whistle a Happy Tune" by Richard Rodgers. Arden Sears will direct.

★ ★ ★

The 7:30 p.m. program will be staged at the Pontiac Central High School gymnasium.

Lenore Schoonover of North Marshall street accompanies singers from left, Mary Sue Smallwood of South Anderson street, Candy Lukenback of Willard street and Carole Graham of East Huron street. They are among the 900 Junior High School students who will perform in the annual concert at Pontiac Central High School gymnasium.

Webford Club Holds Auction

The Webford Club met for a cooperative luncheon today at the Frank Klein home on Gale road.

A silent auction of items brought by members was held to benefit their Oakland County Medical Care Facility.

Rotary Marks Ladies Night

Pontiac Rotary Club members observed their annual Ladies Night at Orchard Lake Country Club Wednesday. Some 250 attended.

Social Items of Personal Interest to You

At Western College for Women, Oxford, Ohio, senior day ceremonies will begin with the Western Alumnae Assn. breakfast, where Betty Whitney Milligan, senior class president will be honored. The senior banquet will be at noon and Sen. Margaret Chase Smith of Maine will address the class at Convocation.

A sociology major, Miss Milligan is the daughter of Mr. and Mrs. W. M. Milligan of Fairfax road, Birmingham.

Ann L. Hamilton, Central Michigan University sophomore, was elected as an Honorary Commander Kaydette in a recent contest held by the ROTC at the university in Mount Pleasant.

ANN

Miss Hamilton was also chosen president of her pledge class and named "best pledge" in Alpha Sigma Tau sorority. She is the daughter of Mr. and Mrs. Kenneth M. Hamilton of North Hilldale drive.

★ ★ ★

Twin sons, Jon Linden and Karl Haus, were born Jan. 30 to former Pontiac residents, Mr. and Mrs. D. Nolan Kaiser, in Woman's Hospital, Ann Arbor. Grandparents are Mr. and Mrs. Carlton D. Kaiser of Milford, formerly of Pontiac, and the Rev. and Mrs. John Hagans of Holland.

The twins' father is working on his doctorate in philosophy while teaching under a fellowship in the philosophy department of the University of Michigan.

★ ★ ★

Returned to their homes after attending the Loomis-Calvin wedding Saturday, are Sally Loomis of Cambridge, Mass., the Robert Wilsons of Cranbury, N.J., the Daniel Wilsons of Bloomington, Ind. and Vesta Thompson of Fort Wayne; Mrs. Harvey D. Greenleaf, Colorado Springs, Colo., Robert Sinclair and Mrs. Edgar Hoyt of Washington, D.C., Mr. and Mrs. Leonard Raftree and children of Freeport, Ill.

Former Birmingham resident, Mrs. Alec Parmie came from Menlo Park, Cal. and Covert Robertson from Santa Barbara, Cal.

★ ★ ★

Tom Turner, son of Mr. and Mrs. Jack Turner of Baldwin road, is currently pledging Delta Upsilon fraternity at Michigan State University.

★ ★ ★

Announcing the birth of a son, Ronald Douglas, Jan 23, in St. Joseph Mercy Hospital, are Mr. and Mrs. Douglas Sparks (nee Mabel Collins) of South Perry street. Grandparents are Mr. and Mrs. Clarence Sparks of Auburn Heights and the Floyd Collins of Giddings road.

★ ★ ★

Among recent visitors at Carlsbad, N.M., were the Rev. and Mrs. Sydney Hawthorne and son Stephen of Gregory road, and G. R. Sayers of Dwight avenue.

★ ★ ★

The birth of a son, Randall Butler Spence, Jan. 26, in St. Joseph Mercy Hospital is announced by Mr. and Mrs. Robert B. Spence (nee Maria G. Butler) of Thors street. Mr. Spence teaches at Will Rogers School. Grandparents are the William Spences of Greenfield road, Birmingham, and the Stahl Butlers of Lansing.

★ ★ ★

Mary Lynn Bower of Denby street, Drayton Plains, who received her master's degree in special education from Eastern Michigan University in January, is spending a few months in Guadalajara, Mexico.

★ ★ ★

Maureen Callely, daughter of the Lowell B. Callelys of Delaware drive, has been pledged to Beta Phi chapter of Zeta Tau Alpha sorority. Miss Callely is a freshman at Michigan State University.

★ ★ ★

Mr. and Mrs. Charles Sanft of Lafay drive and Mrs. G. Stanley Warne of Motorway drive, Elizabeth Lake, are vacationing at Ormond Beach, Orlando, Miami and the Florida Keys. At Clearwater Beach they will visit Mrs. Carl Uhlman, formerly of Lathrup Village, who spends her summers here.

★ ★ ★

A daughter born Jan. 25 in Pontiac General Hospital to Mr. and Mrs. James Trudeau (nee Janet Leman) of Seneca street, has been named Pamela Sue. Grandparents are Mr. and Mrs. Jack Trudeau of Livonia and Mr. and Mrs. Thomas Courville of Parkwood avenue.

★ ★ ★

Judi A. Bromley, daughter of the Walter T. Bromleys of North Woodward avenue, Bloomfield Hills, is studying at the Merrill-Palmer School, Detroit, during the second quarter of the 1959-60 school year. Miss Bromley is a member of Hillsdale College class of 1961.

★ ★ ★

Area students enrolled at Evangel College, Springfield, Mo., are Loren Thomas Hines, mathematics sophomore, son of Mr. and Mrs. Loren O. Hines of Mount Clemens street, and Judith M. Hashman, daughter of the Arnold Hashmans of Edison street. Miss Hashman, a freshman, is majoring in psychology.

★ ★ ★

Mr. and Mrs. Gary L. Spees (nee Ann Oliver) of Indianapolis, Ind., announce the birth of a daughter, Michelle Ann, Jan. 29. Maternal grandparents are the Robert B. Olivers of West Iroquois road. Mr. and Mrs. Lynneer M. Spees of Linville street are paternal grandparents.

★ ★ ★

Recent weekend guests of Mrs. Leon Yale of Clarkston were her daughter and son-in-law, Mr. and Mrs. Jinn Rush of Allen Park with daughters, Cathy and Barbara.

Town Hall Hears Challenge Hurled at U.S.

By MARJORIE EICHER

Foreign correspondent Willem L. Oltmans was introduced Wednesday morning to members of Pontiac-Oakland Town Hall by Netherlands Consul Willem K. Von Weiler.

A contrast in Willems, rotund Rotarian Von Weiler presented the lanky foreign correspondent to a large audience which braved the February slush.

The reward was a kaleidoscope view of world affairs and America's role in this arena from a charming intellectual who possesses a rapier-sharp gift for social criticism.

Mr. Oltmans believes we are engaged in a tight, dangerous race with the Soviet Union for the friendship of the hungry and underdeveloped people of the world.

ILLITERACY ABOUNDS

He touched on the widespread illiteracy in Southeastern Asia.

In Indonesia, where his affections rest, the 90 million people vote by pricking picture symbols on their ballots.

Communist infiltration is heavy and, Mr. Oltmans warned, "People who vote by symbols are easily led by symbols."

In order to make democracy work, Mr. Oltmans believes, about 50 per cent of a population must be literate.

★ ★ ★

Deploring our race with Russia "to photograph the moon's behind," the voluble correspondent believes we should mend our sagging prestige with the steaming, hungry masses of India, Malaya and the rest of Asia and Africa.

He expressed open disgust for the conspicuous waste—of food, printed matter, resources—in our country. "The soft living of the American people makes me sick," he flatly stated.

SHOULD SEE OTHERS

If we could see how most of the world lives, he said, we would share his shame for our over-heated hotel rooms, our children "born to wheels."

Seldom has such an outspoken conservative with such radical views been heard in this area.

His delivery is mercurial and his frank appraisal of American deficiencies as he sees them borders on the brutal.

Yet, underlying his criticism, a hard core of respect and love for the past and potential of his adopted country is evident.

Woven through his talk, which he assured his audience was not a lecture, was a refrain of points that he would make, and then return and make again: "Americans consume and waste conspicuously . . . American youth is illmannered and badly educated . . . newspapers, radio and television must inform the nation, not merely entertain it . . . world colonialism and segregation must be eliminated . . . Cuba is undergoing a revolution of the poor against the rich on a par with the French Revolution . . . Castro is trying sincerely and is not Communist."

COMMUNISM LIKE VIRUS

Driven by the conviction that "communism is spreading like a virus everywhere," Oltmans admitted: "I know that all Americans are not materialists, but you do not sell yourselves abroad."

He concluded by stating, "Education at all levels is the only trick that can save this nation."

A celebrity luncheon and question period followed at Devon Gables.

★ ★ ★

Hostesses were Mrs. Maxwell H. Doerr, Mrs. John Slavsky, Mrs. Clark Adams, Mrs. Brady Adams, Mrs. Roland Gegoux, Mrs. Clifford E. Maison, Mrs. L. A. Volberding of Clarkston, Mrs. Howard Bond of Farmington and Mrs. Donald Hogue of Franklin.

Pontioak Secretaries Initiate Six

The Pontioak Chapter, National Secretaries Assn. held their February dinner meeting Wednesday in Ted's Restaurant.

Initiation of the following members was conducted by Mrs. Roberta Trayer, president; Mrs. Harold Hughes, Mrs. Clare Johnson, Theresa McVeigh, Audrey Reas, Mrs. Glen Rundell and Doris A. Walker.

Anne Bucciero, C.P.S., Michigan Division president, was guest speaker.

★ ★ ★

The Fourth Annual Secretary Workshop is scheduled March 26, from 9 a.m. to 3 p.m. at St. Joseph Mercy Hospital, Nurses' Home Auditorium. Dr. Mary Ann Cusack of Michigan State University Oakland will conduct a business English workshop, Fred Canday of the General Motors Corp. will speak on "Public Relations." The topic "Business Law" has been chosen by E. R. Whitbeck, Wayne University instructor.

Mary Johnson workshop chairman, will be assisted by Mrs. Kay Rector, co-chairman; Mrs. Garland Woods, finance; Mrs. Russell Bracket and Mrs. William Robinson, publicity; Mrs. John Duncan and Edythe Perry, exhibit displays; Mrs. Michael Kerensky, registration.

Secretaries, office personnel, commercial students and teachers, are urged to attend. Registration forms will be mailed March 1.

Four students of the Pontiac Northern High School Future Secretaries Club recently spent the day observing members of the Pontioak Chapter at work in their offices at St. Joseph Mercy Hospital and Ted's Restaurant. The students were Janet Sapelak, Ruth Ann Crawley, Barbara Terry and June Whitlock.

Pontiac Press Photo

The National Secretaries Assn., Pontioak Chapter, initiated members at a dinner meeting Wednesday at Ted's Restaurant. At left, Doris A. Walker of Drayton Plains, Audrey Reas of Overton street and Theresa McVeigh of Kingston road smile as Mrs. Glen Rundell, left, of Clarkston, pins a corsage on Mrs. Harold Hughes of Argyle avenue.

MRS. STEPHEN BURY

Wed Saturday in St. Vincent de Paul Church were Yvonne Elizabeth Slabinski, daughter of Mr. and Mrs. Stanley William Slabinski of Cherry court, and Stephen Bury, son of the late George Burys of Youngstown, Ohio.

Couple to Live in Ohio After Honeymoon Trip

The Rev. Fabian Weber officiated at the Saturday morning nuptials of Yvonne Elizabeth Slabinski and Stephen Bury of Youngstown, Ohio, in St. Vincent de Paul Church. Altar flowers were white carnations.

Parents of the bride are Mr. and Mrs. Stanley William Slabinski of Cherry court. The bridegroom is the son of the late Mr. and Mrs. George Bury of Youngstown, Ohio.

★ ★ ★

With her bridal gown of white silk taffeta and Alencon lace, the bride wore her maternal grandmother's heirloom locket. The floor-length veil, secured by a double crown of seed pearls, extended over the chapel train. She held a prayer book topped with a white orchid and stephanotis.

White fur muffs topped with pink carnations complemented gowns of jade green silk taffeta worn by the bride's attendants.

Honor maid, Pauline Bury, sister of the bridegroom, and Celia Repel, bridesmaid, came from Washington, D. C., to attend the bride. Mrs. Lyall Jenks of Pontiac was among her sister's bridesmaids, with Judy Slabinski, a cousin, and Charlotte Androckitis of Ashley, Pa.

★ ★ ★

Flower girls, Ann and Janet Courtin of Silver Springs, Md., are nieces of the bridegroom. White nylon overskirts were worn over their frocks of jade green taffeta. Her nephew, Douglas Slabinski, was ring bearer.

John Kottler of Detroit performed the duties of best man. Ushers were Francis Kottler and James Alberto of Detroit, and Jack Zabalik of Pontiac. William Slabinski was junior usher.

Wedding dinner - reception in Knights of Columbus Hall was hosted by the bride's parents. Mrs. Slabinski appeared in powder blue silk with darker blue accessories, and corsage of white carnations.

The bride served four years in the Waves, U.S. Navy. After a motor trip through Michigan and Ohio, the newlyweds will reside in Youngstown, Ohio.

WSCS to Present Mission Program

A program on "City Missions," directed by Mrs. Gordie Hereim will be presented when the WSCS of Aldersgate Methodist Church meets this evening at the church.

Mrs. Herbert Blum will be devotional leader. Hostesses are Mrs. James Dando and Mrs. James Gilbert.

Reveal Coming Bloomfield Events

By RUTH SAUNDERS

BLOOMFIELD HILLS — Plans are being completed for the luncheon and fashion show to be given March 1 by the Holy Name Altar Society. The pre-Lenten show at Oakland Hills Country Club is an annual affair and this year Mrs. Lee Keating is general chairman.

Mrs. Keating entertained committee members Monday in her home in Jackson Park drive.

Models, mostly society members, include Mrs. Thomas J. Bolton, Mrs. Richard T. Purdy, Mrs. Frank B. Audette, Mrs. George E. Dillworth, Mrs. Fred L. Thompson, Mrs. Francis M. Anderman, Mrs. T. F. Etter, Mrs. Robert E. Faught, Mrs. Carl H. Humphrey, Mrs. Frank G. Murphy, Mrs. Franklin T. Quail, Mrs. John Theisen, Mrs. Robert Solner, Mrs. Richard B. King, Mrs. Robert LaJoie, Mrs. Louis W. Norman and several others.

"Spring Prelude" is the title and theme of this year's event.

★ ★ ★

Mrs. Francis Plams of Eastway drive, has gone to Carmel, Calif., for the winter months.

★

Alumnae of Michigan State University will dance at Oakland Hills Country Club Friday evening and the same date the Cotillion Club will have its Valentine dance at Bloomfield Hills Country Club.

Mr. and Mrs. Paul M. McKenney and Mr. and Mrs. Hanby Dawson Jr. will greet the young guests.

★ ★ ★

This Sunday Dr. and Mrs. Stanley P. Jesson will give a reception for their son-in-law and daughter Mr. and Mrs. Joseph Cully who were married Jan. 29 in Christ Church Cranbrook. The Cullys are just back from their wedding trip.

★ ★ ★

Mrs. John W. Gillette will leave next week for a visit with her sister Mrs. M. D. Barker at her home in La Jolla, Calif.

Frederick K. Graef flew to Switzerland last week where he will ski at St. Moritz, Klosters etc. He will also visit some of the French winter sports resorts before returning home.

★ ★ ★

Friday evening Mr. and Mrs. John C. Alberts were hosts at a subscription dinner for recent transfer members of the Junior League of Birmingham and their husbands.

Assisting on the arrangements are Mrs. Franklin Butler, Mrs. Richard Halsted, Mrs. Charles Perry, Mrs. Hugh R. Mack Jr., Mrs. Eric Pearson.

★ ★ ★

Mr. and Mrs. John A. Shepard of Deerfield, Mass. (Mary Eleanor Grindley) announce the birth of a son Robert Grindley Jan. 23.

Can't Hold a Candle to Kissing

Don't Fret About Birthday Germs

By ABIGAIL VAN BUREN

DEAR ABBY: What can be done about the terribly unsanitary practice of letting children blow out the candles on a birthday cake? One can plainly see the child blows and spits all over the cake. Then it is cut up and served to all the other children. No wonder our young people are sick in bed half the time.

ABBY

MRS. L.

DEAR MRS. L.: If the entire human population hasn't already committed suicide with the mass exchange of germs that must take place while kissing—let's not worry about the few stray ones on a birthday cake.

★ ★ ★

DEAR ABBY: I recently got very mad at my girlfriend and I called her up and yelled at her. I used a bit of language I should not have used only to learn that it was her mother I was yelling at.

The next day I was told by this girl that her mother never wanted to see my face at her house again.

Abby, I know I was wrong. But I would like to know if I should call her mother and try to explain. I like this girl very much and know she likes me, too.

FOUL-MOUTH

DEAR FOUL-MOUTH: You've already done enough talking. Forget the ugly incident and maybe the girl's mother will, too. In the meantime, stay away from her house and pray for an "all clear" signal. But don't be surprised if it never comes. Most mothers are allergic to foul-mouthed boys.

★ ★ ★

DEAR ABBY: I hope this helps "MA AND PA" who wanted to know how much a young working man who lives at home should give his parents.

I am 21. I work in a bank and clear $228 every month. I give my parents $90, which leaves me $138. I do not own a car. I drive my father's. But for the privilege of driving it, I pay for all the gas, oil, insurance and license. I buy all my own clothes and pay my dry cleaning bill. I buy lunch every day and date on weekends. And I still have a little to put in the bank. What does a son owe his parents? That's simple. All he can give.

CONTENTED

DEAR ABBY: How affectionate should a couple (going steady) act in broad daylight in the company of parents, brothers, sisters, cousins and so forth?

★ ★ ★

A relative of mine and her boyfriend are always mushing up a storm in front of everybody. We are embarrassed to look at them. They say there is nothing wrong with it as long as they love each other. She is 17 and he is 19.

A RELATIVE

DEAR RELATIVE: "Mushing up a storm" in public is in extremely bad taste and entirely out of place..

Rev. Bihl Speaker at Baptist Church

The Rev. Hilding Bihl, pastor of the Perry Park Baptist Church, spoke on "The Gleaners" and "Seven Feasts" before the Gleaners of the First Baptist Church Friday afternoon at the church.

Mrs. Nelson Sinift was accompanist for Mrs. William Hakes, soloist, and for group singing.

Refreshments were served by Mrs. W. S. Freeman and her committee with Mrs. Albert Barnett as hostess. A Valentine bookmark was presented to each of the 37 members present.

Pontiac Press Photo

The Rev. C. George Widdifield, rector of All Saints Episcopal Church, presented a gift from the church guilds to Mrs. Amy Harper of West Lawrence street at the monthly parish dinner.

Amy, as she is affectionately known by young and old, has retired from the staff but will continue as secretary of the church school.

Missionary Speaks Here

Wearing the dress of an African bush woman, Mrs. Alec U. Brooks of Elat, French Cameroons, spoke before the Women's Assn. of First Presbyterian Church, last Friday afternoon. She represents the Ecumenical Mission of the United Presbyterian Church, WSA.

★ ★ ★

Rev. and Mrs. Brooks are fraternal workers and house parents for the 25 children of missionaries in Hope School Dormitory in Elat.

This boarding and day school provides an excellent education from the first through the 10th grade. Since national freedom, Jan. 1, 1960, the foreign missionaries work under the direction of native pastors.

Worship services were conducted by Mrs. Gene Feneley, assisted by Mrs. Neil Gray, Mrs. Ericson Lewis, Mrs. William Hilderley, Mrs. Harry Austin and Mrs. Harry H. Pattison.

★ ★ ★

The February-December group served the luncheon with Mrs. Willis Brewer as chairman, assisted by Mrs. Roy Fosbender.

Mrs. Earle Van Dyke presided at the business meeting as plans were completed for the 136th anniversary dinner.

Speech Group Elects Officers, Plans Meeting

Aree Coons has been elected president of the Oakland County Female Employes Speech Improvement Assn.

Other new officers are Phyllis Cotcher, vice president; Gene Craig, secretary; Madeline Schwalm, treasurer; and Lillie Nelson, sergeant-at-arms.

★ ★ ★

The table topic "Snowstorms" was discussed when members met Tuesday at the Oakland County Medical Care Facility.

A guest speaker will be featured at the OCFESIA's Feb. 23 meeting.

Any area women employes interested in joining the group are asked to call Mary McGee at the civil defense office in downtown Pontiac.

Send Gift Earlier If Possible

By EMILY POST

Dear Mrs. Post: It would be easiest and safest for us to take our wedding present in the car with us when driving to my sister's for my niece's wedding, but I'm told that doing this would be out of order and that it must be sent ahead of time. Is this true?

Answer: If really difficult to send ahead of time it would be permissible to take it as you suggest. The reason why presents are sent in advance is so that the bride herself can open them and enjoy seeing them and also put them on display for others to see. If taken to the wedding she would have no chance on that very busy day to look at it until her return from her wedding trip.

★ ★ ★

Dear Mrs. Post: My son is planning to be married in about four weeks. My mother had a heart attack two weeks ago and died suddenly. However, they are still going ahead with their wedding plans as I am sure she would have wanted them to do. I bought a very pretty pink lace dress to wear at my son's wedding. I would like to know, in view of the circumstances, whether or not it would be proper for me to wear this dress or should I wear black?

Answer: Black would not be suitable at your son's wedding, and if you can possibly afford to buy another dress, violet or gray would be better than pink which probably would be criticized.

★ ★ ★

Dear Mrs. Post: When John Jones calls Jane Smith on the telephone (a social call) what is the proper thing for him to say? Does he say, "Hello, is Jane at home?" or "Hello, this is John Smith calling. Is Jane at home?"

Answer: "Hello, this is John Smith. Is Jane at home?" is in best taste.

★ ★ ★

Dear Mrs. Post: Last week my daughter invited a young man to our house for the weekend. I went all out to make this weekend a pleasant one for him. When he returned home he sent me a small gift with his bread-and-butter note. My daughter insists that I write a thank-you note for the gift. I don't believe it is necessary as it was sent in payment, so to speak, for hospitality shown him.

Answer: The gift was the result of an impulse of friendship and in no way a sense of obligation, and therefore you should certainly write thank-you for it.

Aim of Geriatrics:

Prevent Illness of Aging

By JOSEPHINE LOWMAN

Many folks are misled by the terms "gerontology" and "geriatrics." It is true that they are concerned with the medical care of the aged but their real purpose is to prolong the youthful portion of life with preventive medicine long before care is necessary.

For instance, the medical profession knows that the average man or woman of 60 or more is very likely to be calcium poor, iron poor and protein poor. The idea is to prevent the development of such conditions long before that age with hygienic living, diet and medication when needed.

The geriatric physical examination is much more comprehensive than the usual checkup because the body is tested under stress. The doctor is looking for any weakness which may give trouble later on unless they are attended to now, as well as for any acute condition.

It is really a shame that everyone does not have geriatric exams at least once a year. You should not wait to see your physician until pain or discomfort are present, but should give him an opportunity to check you over at regular intervals. So much more zest could be added to future years. What good is it to live a long time unless you can enjoy it?

Dr. Edward L. Bortz long 'as been a leader in this field. He often has said he believes that two factors which contribute to deterioration and premature breakdown are an ill-balanced diet and prolonged stress.

We can definitely eliminate one—faulty diet. We cannot entirely control the stresses we are subjected to but we can sometimes adapt better to our environment and cut out some of the strains and complexity of life and we certainly can cut out useless worry.

Tomorrow: "Face Dry Except Chin—Has a 'Combination Skin.'"

St. Dunstan's Plans Benefit

To Do Coward Play

A starring role will be played by Margaret Kevorkian of Cherokee road when St. Dunstan's Guild of Cranbrook opens with Noel Coward's production "Nude with Violin" Friday.

The show involves the settling of a famous painter's estate. Miss Kevorkian will portray his daughter.

Mrs. John Warner is directing the comedy. Others in the cast are Mrs. Albert F. Remington, Mrs. Zoltan Sepeshy, Mrs. Dean Coffin, John S. Coppin, Carolyn Travis, Mary Lou Bernicker, Fred Bahr, Stanford C. Stoddard, William K. Downey, Albert Remington, Ray Cunningham and Robert Porter.

* * *

Assistant directors are Mrs. John Coppin and Mrs. Jean Steding. Mrs. C. George Shepherd is producer, assisted by Mrs. James Maunders, set design; Fred Hendrick Jr., set construction; Mrs. Wesslau Wright, costumes; Mrs. Hendrick makeup; Mrs. Andrew Shepard, props; and Mrs. George Heideman, lines.

MARGARET KEVORKIAN

* * *

In addition to public performances at the pavilion on Lone Pine road Friday, Saturday and Feb. 19 and 20, there will be a special benefit performance on Feb. 18, sponsored by the Alumnae Association of Kappa Kappa Gamma Sorority. Proceeds will go to the Foundation for Emotionally Disturbed Children.

* * *

Advance tickets for public performances may be obtained at Grinnell's in Birmingham.

Karen Lynn Burnworth exchanged vows with Pfc. Franklin Alfred Brewer, Saturday, in First Presbyterian Church. Parents of the couple are the Neal O. Burnworths of North Ardmore avenue and the John Reynolds Brewers of Lafayette street.

MRS. FRANKLIN A. BREWER

Travel to Niagara Falls After Presbyterian Rite

After candlelight vows Saturday in First Presbyterian Church, Pfc. and Mrs. Franklin Alfred Brewer (nee Karen Lynn Burnworth) left for Niagara Falls, N.Y., where the bridegroom is stationed at Grand Island, N.Y.

* * *

The Rev. William H. Marbach read the service in the chancel decorated with potted palms, candelabra and altar vases of white gladioli and pompons.

Bridal bouquet taffeta fashioned the bouffant floor-length gown for the daughter of the Neal O. Burnworths of North Ardmore avenue.

The elongated bodice, which formed points over the skirt, featured a Sabrina neckline and sleeves ending in wrist points. Small bows extended to the hemline of the skirt.

CONTOUR CROWN

A contour crown of seed pearls with three pearl drops held the fingertip veil of illusion. White hyacinths and roses were mounted on the bride's prayer book.

Yarn-dyed powder blue taffeta ballerina-length dresses for honor maid Kay Floyd of Pontiac and bridesmaid Carol Wilmot of Keego Harbor featured cuffed necklines and hip detail.

Short circular veils trimmed with handmade rosebuds fell from their velvet headbands. They carried blue-tipped white carnations.

* * *

On the esquire side were the bridegroom's brother, James Reynolds Brewer, of Atlanta, Ga., best man, and John Gerald Brewer of Marlette, usher.

They are the sons of Mr. and Mrs. John Reynolds Brewer of Lafayette street. Also seating guests was the bride's brother Robert.

After the church reception, the new Mrs. Brewer donned a suit of black wool with red accessories for traveling.

* * *

Mrs. Burnworth pinned gardenias to a clutch purse which complimented her beige sheath and toast accessories.

The bridegroom's mother appeared in a mint green sheath dress with beige accessories. Her corsage was of yellow roses.

Father-and-Son Dinner Prepared

The Augustana Lutheran Church Women's Group of St. Johns Lutheran church will sponsor a Father-and-Son Banquet Friday at 6 p.m. in the church. All men and boys of the church and their friends are welcome.

Featured on the program will be a boys' quartet from Pontiac Northern High School.

A voluntary offering will be taken.

Workshop Set

Pontiac Educational Secretaries Assn. members will meet for an all-day workshop March 25 at Lincoln Junior High School. Mrs. Shirley Roberts and Mrs. M. E. House will act as hostesses.

To Study Joint Bus Purchase

$500 Savings on Each Possible, According to Rochester Schoolmen

ROCHESTER—In a move to cut the cost of new school buses, the Rochester Board of Education last night decided to see how many neighboring Oakland County school districts would be interested in a cooperative bus purchase plan.

This was the recommendation of Assistant Schools Superintendent Richard F. Huizenga who reported that five new buses now are needed in the local district.

Huizenga said he realized the Board's desire not to get into the expense of purchasing more buses right now because of the district's present strained financial condition.

He pointed out, however, that the cost of maintaining the present fleet of 27 buses is expected to mount because of the age of some of them and the condition of the area's gravel roads.

The need for increased maintenance will necessitate more money and more men to keep the buses in proper working condition, he said.

WOULD ASK BIDS

The cooperative plan was offered as a means of cutting the cost of the buses even as much as $500 each if they could be bought in large quantities with other districts rather than only a few at a time.

If the districts would get together and agree on specifications and needs, they could ask for bids and accept the lowest, just as they do now on an individual basis, the administrator said.

In other action, the Board agreed on a plan to include physical education in the adult education program—particularly in the neighborhood elementary schools.

Principals in these schools will call meetings to determine how many adults in their areas are interested in a 10-week program, two hours a night each week, of volley ball, basketball, badminton and similar activities.

Far East Missionary Speaks at North Central

AVON TOWNSHIP — Students at North Central Christian College heard a speech by a Far East missionary, Ira Y. Rice Jr., during a recent chapel hour.

Drawing from his own experiences preaching in 37 states and 16 foreign lands, he talked on "The Challenge of World Evangelism."

He has done missionary work in such places as Hawaii, Wake Island, Malaya, British North Borneo and Singapore.

William D. Boyce started the Boy Scouts of America in 1910 as the result of a Good Turn rendered to him by an unknown British Boy Scout.

WINS NEW YORK TRIP — An essay on management entered by young Holly business executive, Robert W. Kraud, in a nationwide contest won him a trip to New York City, where he spoke before a crowd of 3,000 gathered in Carnegie Hall. His essay predicts a rosy future for the man in management who puts his best efforts into the business.

County Executive, 28, Honored for Essay

A young Holly business executive was honored in New York earlier this week for writing a prize-winning essay on management in a nationwide contest.

Robert W. Kraud, 28, of 6771 Wealthy St., Clarkston, received a cash award and transportation expenses to attend the annual convention of the Automotive Service Industry Assn.

Assistant to the president of Bar's Products Supply Inc. in Holly, Kraud read his essay to 3,000 association members at a session Tuesday at Carnegie Hall where the convention took place.

His essay was titled "The MAN in MANagement: His Responsibilities and Opportunities."

He said that those companies with the right man in management will grow to heights of prosperity that will surprise the most optimistic.

* * *

"At this time we are embarking on a decade when the opportunities never have been better. The results obtained by those firms will reflect the goals and desires of the man in management," Kraud told the association.

"If this man desires to succeed, to forge ahead, to climb to the top, then the company will enjoy the benefits of his success. If, on the other hand, he is content in his present position, then the industry will soon pass him and his company by."

* * *

Kraud, a graduate of the University of Michigan's School of Business Administration, is married and the father of two young daughters.

The contest was sponsored by the Young Executive Forum of the association, comprised of men under 40 with managerial responsibility.

BARBARA JEAN DAWLEY

A summer wedding is planned by Barbara Jean Dawley and Alex Bartsoff Jr. The bride-elect is the daughter of Mr. and Mrs. Wesley Dawley of 1818 Oakfield Rd., Ortonville. Her fiance's parents are Mr. and Mrs. Alex Bartsoff Sr. of Goodrich.

One whole day was spent discussing public relations when the National Congress of American Indians held a five-day convention in Phoenix, Ariz., last year.

Mental Patient Care Rapped

State Health Report Lists Adequate Staff as Prime Need

LANSING (AP) — Adequate patient care should be the top priority in Michigan's mental health program, a State Health Department report to the Legislature declared today.

"The distressing fact is the department is not adequately meeting the needs for care and supervision," the report said.

Large blocks of patients go for hours without any, let alone adequate supervision, and patients sometimes have to care for other patients, the report added.

The department said it was losing ground in meeting its obligations and asked for a budget increase next fiscal year to $104,047,215 from the $73,128,700 appropriated last year.

* * *

These examples were cited:

Some 70 mentally retarded children almost totally unable to provide for their own personal care sometimes have to be left in a three-story building in the custody of only two employes.

Only one attendant often is assigned to 56 adult patients described as aggressive and frequently combative.

At night, one attendant must supervise 260 patients in three buildings approximately 100 yards apart.

"Consequently two buildings are always unattended," the report said. "The hazards of fire, patient injury and fights are ever present and frightening to reflect upon."

* * *

"These illustrations are routine, everyday situations with which the hospital personnel must live," the report said.

Three years ago, the state had 18,475 patients in hospitals for the mentally ill and 5,506 employes to care for them. Now there are 19,103 patients and 5,342 emloyes.

MRS. GREGORY ANSPAUGH

Mrs. Gregory Anspaugh, daughter of Mr. and Mrs. Harold Gingell, 4036 Baldwin Rd., Gingellville, has been graduated with a bachelor of science degree from Central Michigan College, Mount Pleasant. She is now living in Indianapolis, Ind., where her husband is stationed with the Army.

Contest, Skating Changes Made in Winter Fete

LAKE ORION — Two changes were made today in plans for the Lake Orion "Winter Carnival" which opens tomorrow and continues through Sunday, according to Chairman Roger S. Tyrrell.

* * *

Winners of the Snow King and Queen contest will be announced during the intermission of the square dance Saturday night instead of at the Village Park tomorrow night as originally planned, he said.

* * *

The announcement now will be made just prior to the actual coronation ceremony. The event will take place at Al Hanoute's Chevrolet - Buick showroom.

The other change is the cancellation of free ice skating on the lake tomorrow evening. The Civil Air Patrol squadron, sponsoring the event, has canceled it because of thin ice.

Barnard Will Head Troy Livestock Club

TROY—Harold Barnard has been elected president of the Troy Junior 4-H Livestock Club for the year.

Named to serve with him were Jayne Ann Kumler, vice president; Dianna Davis, secretary; and David Sluyter, publicity chairman.

Sheila Coats and Sally Neill are on the activities committee.

* * *

Meetings are held on the second Monday of each month at members' homes, and projects chosen for the year are sheep, beef cattle, poultry, horses, gardening, flowers and rabbits.

Troy High Band Members Given 1st-Class Ratings

TROY—Fourteen members of the Troy High School band received first division ratings at the recent Solo and Ensemble Festival at Wayne State University, Detroit.

The soloists singled out for special honors were Darrell Hoard, B-flat clarinet; Paulette Lorenz, alto saxophone; and Tom Johnson, euphonium.

Others who rated high were members of a brass quintet. They are Bill Lance, Dennis Hoemke, Mike Barel, Tom Towler, Wayne Eckstrom and Robert Smith.

A top rating also was given to Dave Evans, Mike Kujula, Joe Hornak, Sue Lawrence and Carol Cotter, members of a drum quintet.

Douglas Smith, son of Troy Schools Superintendent Rex B. Smith, was accepted into the Michigan State Marching Band after an audition with Leonard Falcon, MSU band director. He plays the sousaphone.

Rare Asphalt Deposit

SANTA FE, N. M. — One of the few asphalt deposits in the United States is located near Santa Rosa, N. M.

Lake Orion, Romeo, Holly, Troy Residents Will Vote

Primary elections will be held Monday in Lake Orion, Holly, Romeo and Troy.

The only community in which the electorate will be asked to vote on a special proposition is Romeo where a hot political battle is being waged over the proposed $300,000 sewage bond issue.

The Village Council is asking for authority to borrow the $300,000 and to issue general obligation bonds for additions and improvements for the town's sewage treatment plant.

In recent weeks candidates trying to unseat the three councilmen seeking re-election and the village president, whose term also is expiring, have been conducting active campaigns based mainly on the proposed sewer expansion program.

Running for the council posts are Jack McFadden, Tony Galan and Joseph Mellen, and the incumbents, David E. Pettibone, Fred C. Hebert and Donald Payne. All are candidates for two-year terms.

Challenging Joseph C. Rymill for re-election to another one-year term as village president is Wayne N. Black, a newcomer to the local political scene.

Other village officers who are candidates for re-election to their present posts are Elgin Anger Sr., assessor; Mrs. Elaine M. Hosner, treasurer; Sidney J. White, clerk; and H. Dale Palmer and Mrs. Helen Stone, library directors.

SEVERAL IN LAKE ORION

In Lake Orion five are running for the three trustee posts. They are Hugh Galloway, the only incumbent, Mrs. Clarence Braid, H. Russell Gilmore, Thomas A. Arthur and Dr. Richard A. McNeil.

William Shoup will be unopposed in his bid for re-election to his second term as village president.

Other candidates for office in Monday's primary are Clerk Mary Parkinson, Treasurer Geraldine J. Campbell and Assessor Geraldine Storey.

All the aspirants for village offices in Lake Orion are members of the Citizens Party.

A heated election also is expected in Troy where six men, including one incumbent, are competing for election to the two positions open on the City Commission.

The incumbent is Clifford F. Sutermeister Jr.

Trying to unseat him are two candidates sponsored by the Troy Independent Council, John C. Czarnowski and Robert J. Bargert, and three others.

They are Roy L. Duncan, Thomas Stamps and Thomas D. Bennett.

In Holly, all but one of the incumbents are seeking re-election to the seven posts to be filled.

Incumbents whose terms are expiring are Paul O. Cohee, president; George J. Patterson, clerk; Harry J. Summers, treasurer; J. Lee Montgomery, assessor, and Trustees Lloyd R. Oakes, John M. Van Deusen and Court Hall.

* * *

Hall is the only incumbent not seeking re-election.

Other candidates for positions on the board of trustees are Clarence L. Lester, M. Bryce Dabler, Allen C. Kerton and Leo C. Oberheim.

Candidate for the treasurer's post is Hulda H. Anderson.

The president, clerk and treasurer are unopposed. However, their names will appear on the ballot.

All candidates will be running on the Union ticket.

Petitions naming Fred D. Barton and Raymond D. Addis as candidates for the president post were canceled on their request.

* * *

No primaries are slated in Rochester and Oxford, since the number filing for offices in both communities did not exceed the amount required to call for a February election.

The electors in both towns will cast their ballots in the spring election March 14.

Set Arraignment of Pontiac Man in Safe Robbery

A 21-year-old Pontiac man accused in the Dec. 21 break-in and safe robbery of the Transamerican Freight Lines office, 267 S. East Blvd., will be arraigned in Circuit Court Monday.

* * *

Richard H. Russell, 69 Elizabeth St., was bound over to circuit court following examination yesterday before Municipal Judge Cecil McCallum.

Russell admitted to Pontiac police he was a member of a gang which broke into the firm's office and stole the safe containing $814 in checks and bonds.

Four others he implicated in the burglary have been sentenced to prison for the break-in of the West Side Recreation building Dec. 28.

Settlement Reached in 177-Day Copper Tiff

BUTTE, Mont. (AP) — A settlement agreement was announced today in the 177-day strike of the International Union of Mine, Mill and Smelter Workers (Ind.) against the Anaconda Co., in Montana.

Federal Mediation Director Joseph Finnegan, who went to the negotiation table personally, had described the strike as having become of national concern.

The Tidewater Oil Co. is building "the world's largest cooking plant" at Avon on Susuin Bay near San Francisco.

Zoning Change Rejected for Cass Lake Frontage

More than 100 Waterford Township residents attended the zoning board meeting at the township hall last night protesting a change from residential to recreational of 20 acres on Cass-Elizabeth Lake.

The change was rejected by the Board.

The request for the zoning change was submitted by Arthur Zoder and Kenneth Irvine, who wanted to develop the land, which borders Cass Lake, into a private club.

Their plan included construction of two main houses with several summer cottages for families belonging to the club.

Zoning Board members turned down their request in the light of numerous complaints from residents who said that there were already too many public parks in the area.

Another recreational area, objectors said, would add to a summer traffic snarl.

* * *

Other objectors maintained that to rezone to recreational would leave conditions "wide open" for any type of cabins, dance hall or amusement park to be built.

In making its decision, the Board was split 3 to 2 with Russell Hicks and Carlos G. Richardson voting in favor of the rezoning change, and Hubert Van Welt, Glenn Nelsey and Donald Keilan voting against.

Chairman of the Board, Henry Mehlberg abstained from voting.

In other business, a request from Abraham Ryson of 4095 Elizabeth Lake Rd. to rezone four lots from residential to commercial was also turned down by the Board.

* * *

Another request from Percy Wilcox of 6381 Elizabeth Lake Rd. to rezone one acre of his property from residential to commercial was tabled for further consideration.

Sen. Goldwater Blows Tire in Landing Jet

SPOKANE, Wash. (AP) — Sen. Barry Goldwater (R-Ariz) was at the controls of a jet fighter plane that blew a tire landing at Geiger Air Force Base Wednesday.

The senator, who has logged 300 hours in jet aircraft, kept the F104 Starfighter on a steady course despite a landing speed of more than 100 miles an hour.

Goldwater is a brigadier general in the Air Force Reserve.

By Tiny Radio Sets in Dentures

Checks Teeth Gnashing

CHICAGO (UPI) — An Air Force dentist has tucked tiny radio transmitters into his patients' false teeth.

The cavity-size microphones enable him to listen in while the patients gnash their teeth at night, Dr. Allen Brewer of the Aviation Medicine School at Brooks Air Force Base, said today.

★ ★ ★

The results, he said, may reveal why one man's teeth wear out at 39 and another man's molars last a lifetime.

Brewer told the Chicago Dental Society that he installed the transmitters in the teeth of two denture wearers and learned that people do an amazing amount of chewing while they sleep.

"Signals from the radios indicate that a person who chews only 10 minutes a day during his waking hours may grind his teeth for up to four hours while sleeping," Brewer said.

Brewer concealed the tiny sending sets inside dentures, where they send out signals whenever the wearer chews or brings his teeth together, asleep or awake.

Amplified and recorded on a counting device or electrocardiograph, the signals reveal not only how often a patient chews, but how hard and how his teeth come together.

★ ★ ★

Now that Dr. Brewer knows that people chew in their sleep, he wants to know why, particularly why they grind their teeth virtually the whole of some nights and very little on other nights.

Jennie Goldstein, 63, Yiddish Actress, Dies

NEW YORK (UPI)—Actress Jennie Goldstein, 63, considered by many to have been one of the greatest tragediennes on the Yiddish stage, died Tuesday of a heart attack in Beth Israel Hospital.

★ ★ ★

Miss Goldstein had made her stage debut at 6 and was prominent in the Yiddish theater in the 1920s and 30s. She turned to Broadway when the Yiddish theater began to decline and originated the role of Gypsy in Tennessee Williams' "Camino Real" in 1953.

Philip Egner, a cellist in the Metropolitan Opera orchestra, was bandmaster at West Point for 25 years. He abandoned his cello for a rifle in fighting with the 17th U. S. Infantry in the Spanish-American War.

Four Prep League Cage Titles May Be Settled Friday

Pontiac Central Visits Bay City for Valley Game

Loop Crowns at Stake in South Central, I-L, Tri-County, Oakland B

By BILL CORNWELL

Pontiac Central, only two steps away from its 2nd consecutive Saginaw Valley Conference basketball championship, invades Bay City Central tomorrow night for a league scrap with the downtrodden but dangerous Wolves.

Looking too far ahead may be the greatest danger facing the Chiefs as they attempt to take the first of those two big steps by turning back the challenge of a Bay City club which has won only once in 10 starts.

Flint Northern, trailing PCH by half a game in the Saginaw Valley standings, is the only team still having a chance of either sharing the title or snatching it away from the Chiefs at the last instant.

* * *

The Vikings are idle until a week from Friday when they visit Pontiac for a Valley showdown in the PCH gym. Coach Art Van Ryzin's Chiefs can clinch the SVC crown by beating both Bay City and Northern, regardless of the outcome of the season finale here Feb. 26 with Saginaw High.

Much to the delight of Van Ryzin and his entire squad, the trip to Bay City will be Pontiac's final road game of the season.

Tomorrow night's Oakland County area high school cage activity may decide four league races—the Inter-Lakes, Oakland B, Tri-County and South Central.

Pontiac Northern, already guaranteed a share of the Inter-Lakes crown in its first year of loop competition, seeks to win the title outright tomorrow at Walled Lake against an improving Viking team which has moved into 2nd place.

* * *

Waterford, tied with Berkley for the I-L cellar and gripped in the throes of a seven-game losing streak, meets the school which started the skid, Farmington, on the Skipper floor. Berkley plays host to Southfield.

It's showdown time in the Oakland B circuit as league-leading Troy battles runnerup Fitzgerald on the latter's court. Fitzgerald trails the Colts by only half a game and can deadlock them for the top spot with a victory, which probably would result in a co-championship.

Troy can gain an undisputed crown by hurdling the Spartans. Avondale entertains Oak Park and Clawson goes to Madison in other Oakland B games.

Ortonville and Oxford collide in a game that very likely will settle the issue in the South Central loop. Ortonville holds a half-game edge over the Wildcats in the standings on the eve of their big fight at Oxford.

* * *

The winner seems sure of winning the title, since no other conference team appears capable of stopping either one the rest of the way. Millington is host to Imlay City in the other league contest.

Romeo can assure itself a share of the Tri-County title by repelling L'Anse Creuse on the Romeo floor. Rochester and Lapeer clash on the Rochester court with the loser falling out of further title contention. They are now tied for 2nd.

There's an important contest slated in the Eastern Michigan circuit. Birmingham Seaholm, currently sharring 1st place with Ferndale, invades Port Huron to face the Big Reds, who are tied with East Detroit for 2nd.

* * *

Only one game separates the first four EML teams. East Detroit is host to Mt. Clemens and Hazel Park visits Royal Oak Kimball while Ferndale takes the night off.

Wayne-Oakland games include front - running Clarenceville at West Bloomfield, Northville at runnerup Brighton, Clarkston at Holly and Bloomfield Hills at Milford. Defending champion Brighton trails Clarenceville by one game.

Armada, leading the Southern Thumb race by two full games looks capable of handling Brown City in the latter's gymnasium. The remainder of the Thumb schedule includes Capac at Almont, Dryden at Anchor Bay and Memphis at New Haven.

* * *

The Suburban Catholic League struggle has ended with Highland Park St. Benedict dethroning Orchard Lake St. Mary. St. Ben won the title with an 11-1 record, followed by Orchard Lake at 10-2.

Other area games of interest Friday include Utica at Warren, Wyandotte at Royal Oak Dondero and Howell at South Lyon. Saturday games are Lake Orion at Holly and University School at Cranbrook.

AP Photofax

STAGGERS — Tony DeMarco of Boston (right), covered with blood, staggers after taking a smashing blow from Denny Moyer of Portland, Oregon, in the second round of their fight at the Boston Gardens last night. The fight was halted at 1:10 of the second round and Moyer was awarded a TKO.

'Jittery' Kelly Impressive in Debut but Leafs Lose

TORONTO (UPI) — Red Kelly was as "jittery as a rookie" in his first game with the Toronto Maple Leafs.

* * *

Acquired from the Detroit Red Wings in one of hockey's most confusing deals, the 32-year-old defenseman was given a tremendous ovation by 14,652 fans last night at Maple Leaf Gardens when he skated out for his first turn against the Montreal Canadiens.

* * *

The Leafs bowed to the defending Stanley Cup champions, 4-2, but it wasn't Kelly's fault. He was all over the ice as manager-coach Punch Imlach of the Leafs alternated him at defense, left wing and center. Red also was used on the Toronto power play and as a penalty killer.

"It was like playing in my first NHL game all over again," Kelly admitted later in the dressing room. "I was as jittery as a rookie. Matter of fact, it was all I could do to stop from being sick to my stomach during my first shift."

* * *

Five days ago Kelly quit hockey when the Red Wings traded him and Billy McNeill to the New York Rangers for Bill Gadsby and Eddie Shack. The deal was later cancelled but Red had a change of heart Tuesday and agreed to report to Toronto in a trade for defenseman Marc Reaume.

Although the Red Wings had not acquired waivers on Kelly, the league's Board of Governors okayed the deal at a meeting yesterday at Palm Beach, Fla.

Two goals by ageless Maurice (Rocket) Richard in the second period carried the Canadiens to victory before the season's largest turnout at the Gardens. Ralph Backstrom and Claude Provost also scored for Montreal while Billy Harris tallied both Toronto goals.

In last night's only other NHL game, the Chicago Black Hawks walloped the Rangers, 5-1, to take over undisputed possession of fourth place. Chicago goalie Glenn Hall was credited with a rare assist when he helped set up a second period goal by Earl Balfour.

Houston Picks Site for Park in Continental

HOUSTON, Tex. (AP) — Houston moved closer to major league baseball yesterday with selection of a site for a stadium and an offer by backers of the Continental League to buy or merge with the Houston member of the American Assn.

* * *

One of the five founders of the Continental Baseball League, the Houston Sports Assn., offered to buy control of the Houston Buffs for $184,000.

* * *

But Russel Rowles, Buff board chairman, indicated the cash offer would be unsatisfactory.

AP Photofax

NEW LEAF — Wearing a Toronto Maple Leaf sweater for the first time, Red Kelly steps onto the ice at the Leafs' hockey arena, where his new teammates lost a 4-2 decision to Montreal. After hesitating, Kelly finally decided to go to Toronto in the trade made by the Red Wings.

SPORTS

Wings Try New Lineup at Boston

Reaume to See Initial Action With Detroit

Barry Cullen Recalled From Hershey; Haddon Up From Edmonton

BOSTON (AP) — Detroit's reshuffled Red Wings try Boston with their new lineup tonight.

The new faces appeared in the Wing roster after a series of complicated and confused events, starting with goalie Terry Sawchuk wanting a rest and ending with defenseman Red Kelly deciding he was willing to play with Toronto.

* * *

Dennis Riggin, who came up from Edmonton to fill in for Sawchuk and shut out Chicago Sunday, will be in the nets.

The Wings also called up forward Barry Cullen, 24, from the American Hockey League club at Hershey, Pa., and Lloyd Haddon, 21, a defenseman from Edmonton. Detroit sent Lou Marcon, a 24-year-old defenseman, to Edmonton.

Kelly, who said he was quitting rather than be traded to New York last week, decided he was willing to go to Toronto and cleared numerous technicalities yesterday. He played left wing and center and on the point in the power play for Toronto last night, but the Montreal Canadiens won 4-2.

* * *

In return for Kelly, the Wings got Marc Reaume, a 26-year-old defenseman from Toronto. Reaume, a bench-warmer most of his career at Toronto, lives in suburban Windsor, Ont., across the river from Detroit, and his wife is a Detroit girl.

Billy McNeill, also named in the trade with New York, quit last week. He, however, indicated he is through with professional hockey as a player.

The Kelly trade hit a new hitch yesterday. Kelly announced he was willing to be traded to Toronto, which is near his home. But he was ordered by the National Hockey League's board of directors to report back to Detroit immediately or go on the retired list. That would have virtually eliminated him from hockey.

* * *

Kelly, already in Toronto, reported by phoning Detroit general manager Jack Adams and being reinstated temporarily on the Wing roster. NHL president Clarence Campbell said that was sufficient and allowed the Wings to trade him to Toronto.

'Sunny Jim' May Have Lost Best Derby Chance

MIAMI, Fla. (AP)—Sunny Jim Fitzsimmons, 84-year-old trainer, apparently has lost his best chance of saddling a fourth Kentucky Derby winner.

* * *

Progressing, a son of Bimelich from the Wheatley Stable, broke down yesterday after running fourth in the eighth race at Hialeah Park and was destroyed.

The Wheatley colt won the Pimlico Futurity last fall and looked impressive in a previous start at a 1 1-16 miles over the Hialeah oval.

* * *

Mr. Fitz's last Kentucky Derby winner was Johnstown in 1939. Previously he won with Gallant Fox in 1930 and Omaha in 1935.

AP Photofax

BARRIER — John Hanna (6) of the New York Rangers puts out his stick as Pierre Pilote of the Chicago Black Hawks tries to get at the loose puck on the left in the first period of their game in Chicago last night. Elmer Vasko of the Black Hawks is in the background. The Hawks won, 5-1.

8 Boston Players in Double Figures

Celts Give Pistons Drubbing, 153-121

PROVIDENCE, R.I. (AP) — The Detroit Pistons managed 121 points but their defense was something less than perfect as the Boston Celtics ran up 153 points for a National Basketball Assn. victory last night.

The Pistons meet Cincinnati at Dayton, Ohio, tomorrow night.

It was the highest score of the season for the Celtics, playing one of their several games at the Rhode Island auditorium.

Earl Lloyd scored the first basket and Detroit led for a few seconds.

But eight of the nine Boston players scored in the doubles figures with Bill Sharman and Tommy Heinsohn each getting 28 points. Bill Russell copped 21 rebounds and Bob Cousy had 11 assists along with his 21 points.

* * *

The Pistons managed a 32-32 deadlock early in the second quarter, but couldn't keep up.

Gene Shue was high for Detroit with 25 points and Ed Conlin got 21.

There's not exactly panic in the camp of the Philadelphia Warriors. But with a three-game losing streak and Wilt Chamberlain not in the best of physical condition, their second place lead over Syracuse in the Eastern Division of the National Basketball Assn. has dwindled to 5½ games.

The losing streak started Sunday in St. Louis, where Chamberlain had several teeth jammed into his lower jaw. He aggravated the injury in Detroit Tuesday as he set an NBA one-season scoring mark while the Warriors were dropping another.

Last night, with a chance at the league's rebound and free throw marks, the circuit's No. 1 scorer was forced out of action with three minutes to play in the first quarter. He was hit in the mouth in a scramble for a rebound.

The New York Knicks lost no time taking advantage of the situation and pinned a 125-117 defeat on the Warriors. Wilt scored five points and grabbed two rebounds before leaving.

* * *

In the first game of the Madison Square Garden doubleheader, Larry Costello's jump shot at the buzzer gave the Syracuse Nats a 110-119 come-from-behind triumph over the Minneapolis Lakers. The St. Louis Hawks, with an 11½ game margin over the Pistons in the Western Division, handed the Cincinnati Royals their 14th straight setback. The score was 120-110.

Spartan Nine, Has 34 Games

EAST LANSING (AP)—A 34-game spring schedule, including an eight-game southern training trip, was announced today for the Michigan State baseball team.

* * *

The Spartans open the spring training trip March 25-28 in a four-game tournament at Camp Lejeune, N.C. They will face Camp Lejeune, Springfield College, Yale and Virginia Polytechnic Institute.

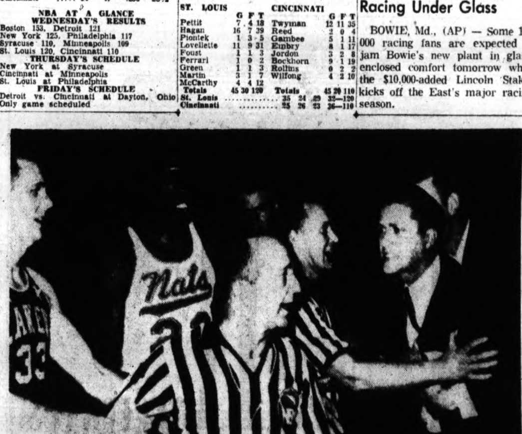
* * *

MSU then will play North Carolina State at Raleigh, N.C., March 29; University of North Carolina at Chapel Hill, N.C., March 30; Wake Forest at Winston-Salem, N.C., March 31; and Ohio University at Athens, Ohio, April 2.

The regular season schedule:

April 9, Albion (2) at home; April 16, Alma (2) at home; April 22, Purdue at home; April 23, Illinois (2) at home; April 29, Minnesota at Minnesota; April 30, Iowa (2) at Iowa.

May 3, Western Michigan at Kalamazoo; May 6, Michigan at home; May 7, Michigan (2) at Ann Arbor; May 11, Notre Dame at South Bend, Ind.; May 13, Ohio State at home; May 14, Indiana (2) at home; May 18, Notre Dame at home; May 20, Wisconsin at Wisconsin; May 21, Northwestern (2) at Northwestern; May 28, Detroit at Detroit; May 25, Central Michigan at home; May 28, Detroit; June 4, Western Michigan at home.



AP Wirephoto

RESTRAINT — Restraining hands hold referee Sid Borgia (left) and Syracuse coach Paul Seymour (right) during an argument over a disputed call in the first half of last night's Syracuse-Minneapolis pro basketball game in Madison Square Garden. Other referee is Hal Tyson. Seymour was ejected from the game. Syracuse won, 110-109.

From The PRESS BOX

The policy of de-emphasized athletics will continue at Eastern Michigan University as president Eugene Eliott turned down recommendation of athletic board to "examine present policies on aid to athletes."

* * *

Michigan and Northwestern meet in the televised Big 10 basketball game from Ann Arbor, Saturday.

* * *

Harold Worst, three cushion billiard champ from Grand Rapids, swept two more blocks from Joe McDevitt in their exhibition series in Chicago, 60-39 in 56 innings and 60-31 in 54.

* * *

In the latest NCAA summary of individual athletic championships through the years, Michigan leads with 135, followed by Ohio State with 133, Illinois with 87, Southern Cal with 84 and Yale with 83. Michigan has won 20 team titles in the 76 year NCAA history.

* * *

The Detroit Lions began mailing applications for 1960 tickets. Old applicants have until April 1st to file applications. Last year 41,629 held seson tickets.

* * *

The annual Baseball Players Golf Tournament starts today at Miami, Fla. with a record field of 121, including 40 big leaguers. Three-time winner Alvin Dark and 1958 champ Albie Pearson are co-favorites. Fred Hutchinson and Paul Waner are other former victors in the field which has several big names past and present. Ex-Tiger Roy Cullenbine is the ex-big league choice.

St. Mike Plays Shrine Friday at Madison Jr.

The Suburban Catholic League basketball race is finished, but St. Michael doesn't want to get rusty between now and tournament time so the Shamrocks have scheduled a game here Friday night.

* * *

Coach Jim Neibauer's Mikes, who wound up in a 3rd place tie with St. Rita, will meet Royal Oak Shrine tomorrow at Madison Junior High. St. Mike's record is 8-4 while Shrine stands 7-5.

* * *

The varsity attraction gets under way at 8:15 p. m., preceded by a junior varsity preliminary at 7 o'clock.

New Promoters Await License

Feature Sports Group Ready to Start Plans for Ingo-Floyd Bout

NEW YORK (UPI) — Today may be the "day of decision" for the Ingemar Johannson-Floyd Patterson heavyweight title fight.

Officials of Feature Sports, Inc., expect to receive their long-awaited promoting license from the New York State Athletic Commission.

If they don't get the license today, they'll begin planning a shift to some other city, it was learned.

Feature Sports applied for a promoter's license more than a month ago so that the return Johansson-Patterson fight could be staged at the Polo Grounds on June 22.

Final, way-clearing action was expected today at (1) the offices of State Attorney General Louis J. Lefkowitz, and (2) at the athletic commission.

Racing Under Glass

BOWIE, Md., (AP) — Some 13,000 racing fans are expected to jam Bowie's new plant in glass-enclosed comfort tomorrow when the $10,000-added Lincoln Stakes kicks off the East's major racing season.

Brisk Wind Hampers Golfers at Dunedin

DUNEDIN, Fla. (AP)—The second round of the seventh annual PGA Quarter of a Century Golf Championship got under way today with Bill Mitchell of Fayetteville, N. Y., leading a field of 92.

Mitchell carded a 73 over the par 71 course. Only 29 of the entries broke 80 as a brisk wind swept the course most of the day.

The tournament is limited to players who have been members of the PGA 25 years or longer.

Triple Tie for 2nd Place

'D' Race in Crazy Finish

The Class D City Basketball League's regular season race came to a crazy, mixed-up end Wednesday night at Lincoln Junior High.

Welden's, which already had 1st place clinched, lost a 44-37 decision to Lee's Sales and the Jefferson Jets eked out a 56-55 victory over the Elks.

The result of all this was to deadlock Lee's, Jets and Elks for 2nd place with 9-5 records, Welden's record is 11-3. The post-season Class D playoffs begin next Wednesday evening on the Lincoln court.

★ ★ ★

Three players hit double figures, topped by Mike Plourde's 15 points, to feature Lee's upset of Welden's. Dave Jones scored 14 for the losers.

The Jets also had three cagers in double numbers, headed by John Jefferson with 19 points. Fred Brown of the Elks took scoring honors with 22.

Two "D" playoffs will be conducted, one among the top four teams and the other involving the bottom four clubs, but only the upper division winner will be eligible for awards and a berth in the Inter-City tournament at Detroit during the week of March 14.

The Class D league's regular season schedule officially concludes next Monday night with two games on the Lincoln floor.

★ ★ ★

The Black Hawks meet the Aces at 7 o'clock, followed by an 8:30 engagement, between the Pledges and Eastside Shopping. The Pledges, with an 8-5 record, can further complicate matters by knotting the Jets, Elks and Lee's, thus forcing a playoff to determine Welden's three foes in the 1st division tourney.

9th for Fitzgerald

Fitzgerald High School swimmers won their 9th meet in 10 tries by defeating Ferndale, 57-35 with Larry Jacobs turning a double victory for the losers in the 200 freestyle and individual medley.

Bill Witinko and Joe Iwanowski set Fitzgerald varsity records in the 100 freestyle (:56.9) and 100 backstroke (1:05.5).

WEDNESDAY'S FIGHTS

MIAMI BEACH, Fla.—Luis Rodrigues, 146¼, Cuba, knocked out Carl Hubbard, 148, Philadelphia, 4.

BOSTON—Denny Moyer, 140¾, Portland, Ore., stopped Tony DeMarco, 148½, Boston.

VIENNA—Laszlo Papp, 19, Hungary, outpointed Lou Perry, 176, France, 10.

TOKYO — Tetsuya Yamaguchi, 130½, Japan, knocked out Jim Posadas, 121½, Philippines, 1.

IN BIG SHOOT — These four husky bowmen will be one of several area archery teams participating in this weekend's nationally-rated Ben Pearson Open tourney at Akron, O. The quartet, from left, Charles Thompson, Nick Sassie and Dave Keaggy of Waterford and Bill Giles, Clarkston, represents the Giles White Buck club. They will shoot in the Chicago round.

Hillsdale Is Rolling

HILLSDALE (UPI) — Hillsdale College downed Michigan Intercollegiate Athletic Association foe Albion College, 76-72, last night to take its fifth straight basketball victory.

6 Areas Send Full Teams to Grand Rapids

Five Pontiac Boxers Among 12 From Recent Regionals at PCH

GRAND RAPIDS (UPI) — The 1960 Michigan Golden Gloves tournament gets under way tomorrow night at Civic Auditorium here with teams entered from six state areas.

The eight open division champions who will emerge after two nights of fighting will form the team representing Michigan in the National Amateur Boxing competition at Chicago next month.

★ ★ ★

The fight between team entries for the Stephen Griffin trophy, which is given to the club producing the most winners and skilled fighters, shapes up to be a repeat of last year's battle between Grand Rapids and Flint. Grand Rapids won the trophy in 1959 by a narrow 38-36 point margin.

The other areas expected to enter teams after completing their regional championships are Bay City, Lansing, Pontiac and Benton Harbor.

Twelve fighters from Port Huron and Pontiac make up the representation from the Pontiac regionals which were completed last weekend at PCH under the sponsorship of the Jaycees.

Five of the 12 from Pontiac scheduled to enter the state meet include Dick Compton, Alex Trevino, Ruben Flores, Mike McDowell and Glenn Uhl.

★ ★ ★

Compton, state AAU welterweight champion, and Trevino are expected to be the leading contenders for final berths among the local boxers.

While the bulk of the state champions in the eight open and eight novice divisions are predicted to come from the Grand Rapids and Flint clubs, other teams have come up with a number of top contenders and a defending titlist or two.

Tomorrow night's semifinal action will slice the field—expected to be a full 96 or very close to it—to a workable card for further semifinal and final bouts Saturday night when the state champions will be crowned.

★ ★ ★

Heading the Grand Rapids delegation is Oscar Germar of Muskegon, who last year was open finalist in Chicago at 112 pounds and now holds the 118-pound West Michigan title. Steve Hudson of Grand Rapids, the 1959 State Open titlist in the 147-pound class, is back as West Michigan champion this year in the 160-pound class.

Richard Dicks of Flint, last year's State Open heavyweight champion, will be leading the Flint delegation into the 1960 finals. The Flint team also will be bolstered by Maurice Burns, open flyweight state champion in 1958.

Rides Four, Wins Four

MIAMI, Fla. (AP) — Bill Hartack is making a runaway of the contest for riding honors at Hialeah Park.

Bill accepted only four mounts yesterday and won with all of them to increase his total to 28. J. L. Rotz had two to run his total to 21.

St. Petersburg Women's Open Begins Today

ST. PETERSBURG, Fla. (AP) —An impressive and record field of 119 golfers tee off today in the $7,500 seventh annual St. Petersburg Women's Open.

Defending champion Louise Suggs of Atlanta and Mickey Wright of San Diego head the field which includes all previous winners and many of the country's top women golfers.

Miss Suggs and Miss Wright shot 288s in the 72-hole event last year. Miss Suggs took $1,200 top money by scoring a birdie on the third hole of the sudden-death playoff.

No one approached men's par 71 in the practice round yesterday.

Three Are Beaten Since Accepting Bids

Tough Time for NIT Cage Entries

By The Associated Press

Maybe those teams which jumped at the chance to get into the National Invitation basketball tournament would have been better off waiting until their regular season schedules were further along.

In the past week five teams, Detroit, Providence, Dayton, Memphis State and Villanova, accepted bids to play in next month's NIT in New York.

Then the trouble started.

Detroit lost to Toledo 69-61 Saturday. Providence was beaten by St. Bonaventure 90-89 in triple overtime Tuesday. And last night, Dayton was upset by Duquesne 79-66.

Only Villanova and Memphis State have emerged unscathed since saying "okay" to the NIT.

On paper Dayton figured to have an easy time against Duquesne. The Flyers had a 16-3 record. Duquesne had lost seven in a row for a 4-11 mark. However, the Dukes raced to a 40-26 lead at halftime and had no trouble the rest of the way. George Brown paced Duquesne's attack with 22 points.

In other major games, 11th-ranked Toledo beat Bowling Green 76-56; Kansas edged Kansas State 64-62 and knocked the Wildcats out of the Big Eight Conference lead; Marquette downed Louisville 78-70 and Maryland nipped Virginia 44-43.

Toledo moved into a tie with Ohio University for the Mid-American Conference lead. The Rockets took the lead for keeps early in the first half and led 35-27 at the intermission. Toledo has a 16-2 record.

Kansas swept to a 20-point first half advantage, but had to beat off a Kansas State rally for its fourth victory in seven conference starts.

★ ★ ★

The setback dropped Kansas State a half game behind Colorado, the Big Eight leader. Mike Wroblewski of the losers was the game's high scorer with 22 points. Bill Bridges led Kansas with 16.

★ ★ ★

Maryland beat Virginia Tech at its own slowdown tactics in the first half. However, the Cavaliers moved to within 42-41 in the closing seconds. Then Paul Jelus, Maryland's top scorer, scored on a layup for the clincher. It was Maryland's fifth triumph in eight Atlantic Coast Conference tilts. Virginia is 1-8 in the ACC.

Marquette trailed Louisville by eight points in the second half and then scored 12 straight points to take a 65-55 lead. Don Kojis had 21 points and Walt Mangham 20 for the winners, who broke a five-game losing streak and put their season mark at 10-8. Fred Sawyer was Louisville's ace with 29 points.

★ ★ ★

In other news, New York University accepted an invitation to play in the NCAA tournament. The Violets, 11-3, will play as an at-large representative in a triple header at Madison Square Garden March 8. They will face the Atlantic Coast Conference champion for the right to advance to the next round at Charlotte, N. C. March 11-12 against the Mid-American Conference winner.

Huskie Matmen Trip Cranbrook

Pontiac Northern regained its victory ways in wrestling last night leading all the way in a 35-13 home romp over Cranbrook.

The Huskies were never headed after Ben Chancey's opening triumph. Four pins along the way helped make it easy although the Cranes rallied to cut the score to 19-13 midway through the match on a default win by Capt. Ted Seyfarth and Roland Kaplan's pin. PNH swept the remaining bouts.

It was the second loss against two wins and a tie for Cranbrook.

Waterford came close to winning its first match in nine tries but bowed 26-22 at Edsel Ford. Jim Hoke's pin in the 180 class gave the Skippers a 22-21 lead but the home team reversed that in the final.

Rick Sherman and Gary Cosey got other pins, Don Morgan won a decision, Dennis Pope and Ken Paul were in draws in the impressive Waterford showing. An opening forfeit loss proved the visitors' undoing in the final outcome although they battled back strong from an 8-0 deficit.

95—Chancey (P) downed Dave Napior, 3-0; 103—Ken Kimmel (P) pinned Bill Barnes; 112 — Butch Heavenrich (C) blanked Art Swartz, 5-0; 120 — Mal Oswiat (P) nipped Al Wilkinson, 3-2; 127—Ralph Clausen (P) pinned Roland Crowl; 133—Stan Hertel (P) beat Steve Wyman, 4-0; 138—Seyfarth (C) won over Winfred Miracle when latter suffered a sprained ankle.

145—Kaplan (C) pinned Don Ross; 154—Don Davis (P) defeated Tom Bennett, 2-0; 165—Jan Lawrence (P) pinned Writh Mattison; 180 — Dave Fox (P) pinned Del Bolten; and Heavy — Earl Hewitt (P) downed Lou Beer.

All-Star Pin Points

WAIVES BACKSWING — Johnny King racks up high scores on the lanes without waving the ball high behind him.

NO BACKSWING
By JOHNNY KING

I'm kidded many times by my teammates who say, "We know you're not supposed to have a big, high backswing, but isn't your 'no backswing' delivery carrying things a little too far?"

Let 'em kid. I figure, the less I wave that ball in back of me where I can't see it, the better off I'll be. So my timing will be coordinated with that backswing (or lack of it), my first couple of steps are very slow and deliberate.

However, I speed up everything at just about the half-way point in my delivery. My steps become quicker, and by the time I reach the foul line, my arm is really whipping the ball. I find that accentuating the tail end of my approach, I can get greater "lifting" power on the ball.

Naturally, the more "lift" on the ball, the stronger your hook on the ball will be as it crashes into the pins. A good hooking and rolling ball is devastating when it reaches the pin area.

I'm also known for my frequent use of "Body English." Although I confine it to my own lane when I bowl in leagues or tournaments, "Body English" really helps me to unwind after I release the ball. I suppose I sometimes get carried away with it, but when you're shooting for large prizes and since you don't bother anyone else, I find it's a good way to break tension.

Littler, Palmer Tourney Picks

PHOENIX, Ariz. (AP) — Gene Littler, who generally makes a payday of his visits to Arizona, and Arnold Palmer, the year's top money winner, were the favorites today as the touring professionals teed off in the $22,500 Phoenix Open tournament.

Littler, of Singing Hills, Calif., has won this tournament twice—in 1955 and 1959—and has finished in the money four of the past five years.

Palmer, the 30-year-old stylist from Ligonier, Pa., has pocketed $15,300 in prize money so far, with $12,000 coming for last week's victory in the rich Palm Springs Desert classic.

Getting a big share of attention were Jerry Barber of Los Angeles, who fired a 65 yesterday to win the pro-am prelude and Bill Collins of Baltimore, who was low pro with a 64. Jay Hebert, Sanford, Fla., and Bob Goalby, Chrystal River, Fla., also had 65s.

Deprived Thomas of Record

Coach Cites Sagging Bar

PHILADELPHIA (AP) — Boston University's field event coach says a sagging bar deprived John Thomas of bettering his world indoor high jump mark of 7 feet 4 inches at the Boston AA Games last Saturday.

"John would have made 7-2½ easily on his third jump," Ed Flanagan said in an interview yesterday. "But the bar they used had a two-inch sag. The standards measured 7-4 when he tried for the record."

Head Coach Doug Raymond said the sag looked "more like three inches." He added "Thomas' feet were going over at 7-5 while his torso was going over at 7-2½."

On his third try at 7-2½, Thomas cleared the bar with his body but the bar shuddered and fell.

★ ★ ★

The 18-year-old Thomas will compete in the Inquirer Games at Convention Hall here tomorrow night and the New York AC meet Saturday night.

The Flamingo, annual 3-year-old thoroughbred classic at Hialeah, has been run on an off track only once. That happened in the inaugural race in 1926 at Tampa, Fla.

WORTH MORE BECAUSE THEY WORK MORE!

Compare this list of Chevy advances with the features ordinary trucks are still talking about. You'll see why Chevy trucks get more work done in a day... why they go extra thousands of miles before trade-in time. These Sturdi-Bilt Sixties aren't just new, they're a full scale revolution!

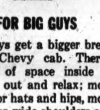
TORSION-SPRING RIDE

Each front wheel, suspended independently of the other, is free to step *individually* over bumps. And shockproof torsion springs up front soak up the jars and jolts *before* they reach the body. With three rugged new tailored-to-the-truck rear suspensions to further reduce road shocks, Chevy gives you the smoothest truck ride you've ever felt.

With independent front suspension there's a brand-new, smoother, easier handling feel behind the wheel.

NO SHIMMY, NO WHEEL FIGHT

Drive a '60 Chevy. Just once. Right away you'll notice the absence of I-beam shimmy and wheel fight common on ordinary trucks.



CABS FOR BIG GUYS

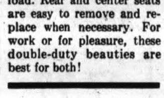
Big guys get a bigger break in a Chevy cab. There's plenty of space inside to stretch out and relax; more room for hats and hips, more room for wide shoulders and long legs. There's horizon-wide visibility through a windshield with 26% more glass area; a new see-at-a-glance instrument panel. Cabs are safer, too, up to 67% more rigid.

6'S SWORN TO SAVE

Chevy's 6-cylinder engines are set to squeeze extra miles out of every drop of fuel. They're long famous for low fuel consumption, high performance.

SHORT STROKE V8'S

Power-packed for peak performance, Chevy's husky V8's make child's play out of the toughest hauls. They have a mind tuned to economy, too, that keeps costs down, profits up.



SLICK NEW SUBURBAN CARRYALLS

These handsome new handy haulers "double in brass"—can transport eight passengers or up to 950 lbs. of payload. Rear and center seats are easy to remove and replace when necessary. For work or for pleasure, these double-duty beauties are best for both!

NEW DOLLAR-SAVING PRICES

Chevrolet's low prices make big truck news for '60. They mean money in your pocket on model after model. Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Also, prices have been reduced on all optional V8's.

SEE YOUR DEALER

It could be the most important visit you make in '60. When you've seen these new Chevies, you'll agree they're the world's most advanced trucks. Then drive one and find out why.

Good to Excellent Is Michigan Ski Report

Most Michigan resorts reported ski conditions good to excellent this week. New snow added up to a foot of powdered snow in some areas.

The individual reports, as received from various tourist associations:

SKYLINE, near Roscommon—Six-inch base, with four inches of new snow, skiing good.

SNOW VALLEY, near Gaylord—Fourteen-inch base with 4 to 12 inches of new snow, skiing good to excellent.

AU SABLE Ranch & Ski Resort, near Gaylord—Twelve-inch base, three to four inches powder, skiing excellent.

MOTT MOUNTAIN, near Farwell—Four to six inches of base with two inches of new snow, skiing good to excellent.

OTSEGO Ski Club, near Gaylord—Ten to twelve inches of base with 8 to 10 inches of new snow. Skiing excellent.

SNOWSNAKE Mountain, Clare County—Six to eight inches of base, four inches new snow, skiing good.

MIO MOUNTAIN, near Mio—Nine-inch base, four inches new snow, skiing excellent.

MAJOR MOUNTAIN, near Harrison—Eight-inch packed base, six inches new snow, skiing excellent.

HOUGHTON LAKE Snow Bowl, near Houghton Lake—Eight to ten inches of base with four inches of fine powder snow, skiing good to excellent.

GRAYLING Winter Sports Park, near Grayling—Ten-inch base, six inches new snow, skiing excellent. Tobogganing good.

SYLVAN KNOB, near Gaylord—Fourteen-inch base, six inches new snow, skiing excellent.

OGEMAW HILLS, near West Branch—Eight-inch base, with three to four inches new snow, skiing good.

BLACK MOUNTAIN, Cheboygan County—Seven-inch base with four inches of new snow, skiing good.

SHERIDAN VALLEY, Lewiston—Ten to twelve inches of base with five to six inches of new snow, skiing excellent.

SILVER VALLEY, near the Tawases—Ten-inch base, three inches new snow, skiing good.

PIONEER HILLS, near Roscommon—Six to eight inches of packed base with four to six inches of new snow, skiing excellent.

MOUNT FREDERICK, Frederic—Ten-inch base, six inches new snow, skiing excellent.

SPECIAL EVENTS: Feb. 13—Fourth Annual Michigan Pewee Ski Meet, Pioneer Sports Park, Roscommon; Feb. 12-14—Grayling Winter Carnival, selection and coronaton of Mr. and Miss Winter Sports of 1960: Feb. 13-14—Mardi Gras Festival, sponsored by Black Mountain Ski Club.

AVALANCHE, Boyne City — Ten-inch base, six inches fresh snow. Excellent.

BOYNE MOUNTAIN, Boyne Falls — Sixteen to fifty inches packed powder base, 12 inches new snow; very good.

BRADY'S HILLS, Lakeview—Four to six inches base, five inches powder: excellent.

CABERFAE, Cadillac—Six to ten inches packed base, six inches powder; excellent.

ECHO VALLEY, Kalamazoo—Operation contingent on weather.

GLACIER HILLS, Bellaire — Eight to twelve inches base, eight inches new snow; good.

HARBOR HIGHLANDS, Harbor Springs — Fifteen inches packed base, three inches powder; excellent.

HOLIDAY HILLS, Traverse City—Five to ten inches base, 10 inches new snow; excellent.

HICKORY HILLS, Traverse Cty—Six to eight inches hard base, eight inches new snow; very good.

INDIAN HILLS, Grand Rapids—Open Friday through Sunday.

LAKE VALLEY, Kalkaska — Sixteen inches base, eight inches new snow; excellent.

LUDINGTON Ski Area—Three to six inches packed base, six inches fluff; good.

MANISTEE Ski Area — Eight to ten inches base, four inches new snow; excellent.

MISSAUKEE Mountains, Lake City—Twelve inches packed base, five inches new snow; excellent. Winter Carnival Saturday and Sunday.

MT. MANCELONA, Mancelona—Six to thirteen inches packed base, six inches powder; very good.

NEWAGO Winter Park—Operation contingent on weather.

NUBS NOB, Harbor Springs—Eight to fourteen inches base, eight inches new snow; excellent.

THUNDER MOUNTAIN, Boyne Falls—Twelve to sixteen inches packed base, 10 inches powder; excellent.

WALLOON HILLS, Walloon Lake — Twelve to sixteen inches packed base, six inches new snow; excellent.

WARD HILLS, Branch—Seven inches packed base, 16 inches powder; excellent.

MOUNT RIPLEY, Houghton—Ten-inch base, two inches of powder, skiing good.

PINE MOUNTAIN, Iron Mountain—Fourteen inches of base, four inches of powder, skiing excellent.

MISSION HILL, near Sault Ste. Marie—Ten inches of base, 10 inches of new snow, skiing excellent.

PORCUPINE MOUNTAINS, Ontonagon—Fourteen inches of base, four inches of powder, skiing excellent.

CLIFF RIDGE, Marquette — Twelve-inch base, five inches powder, skiing excellent.

CHELSEA Ski Hollow, near North Lake—Two-inch base and three inches of fresh snow.

Mt. Christie Holds Slalom Invitational

More than 100 entries will take part in the first annual Mt. Christie Invitational Downhill and Slalom races to be held Sunday.

Activity will begin at 10:30 a.m. and trophies will be awarded in three divisions, A, B and C, for men and women.

The entries are primarily from the Detroit area ski Council.

Head professional Michele Turcottee will lay out the slalom course.

Spanish Skier First Casualty at Olympics

SQUAW VALLEY, Calif. (AP) — The Winter Olympics has claimed its first combat casualty, a Spanish skier who sprained an ankle in training.

Filippo Rigat, a 22-year-old industrial engineer from Barcelona, was taken by toboggan to a first aid station yesterday after a spill on Papoose Peak.

Doctors told Rigat he had a sprain but told him to come back anyway in several days for X-rays.

Another Storm Threatens Squaw Valley

Olympians Eagerly at Work

SQUAW VALLEY, Calif. (UPI) — The 650 Olympic athletes at Squaw Valley turned out early and eagerly today, determined to get in as much practice as possible before another snowstorm reaches the area.

The weather bureau reported formation of a new storm in the North Pacific and said it would hit the northwest coast Friday night and might reach Squaw Valley, nestled in the Northern California Sierra near the Nevada line, by Saturday morning.

Squaw Valley came to life yesterday as a storm which had dumped six inches of rain and 28 inches of snow on the area finally abated. Slalom skiers crowded the slopes, and the jumpers were able to leap for the first time, using the 60-meter hill.

All planned vigorous sessions again today. Finland's strong jumping team, led by world champion Juhani Karkinen and Kalle Niilo Halonen, planned to leap for the first time.

Speed skaters, who had to dodge snow scrapers yesterday as they took limbering runs around the outdoor oval, hoped to be able to settle down to more serious work today.

With the outdoor track available to the speedskaters, the indoor arena was left free for the figure-skaters and the hockey teams, and not a moment too soon. Europe's best figure-skaters arrived last night after competing in the European championships, and were eager to get onto the ice today to loosen their muscles after the long flight.

The contingent included the national champions of Austria, Czechoslovakia, France, Britain, Italy and Switzerland. The defending world champion, Carol Heiss, has been working out here for almost two weeks.

The Winter Olympics begin a week from today, and the only notable absentees were the Czech, Russian and U.S. Hockey teams.

Yesterday's practice turned up several "stars." Torbjoern Yggeseth of Norway jumped about 200 feet for the best distance of the day, and Germany's Helmut Recknagel went 195 feet with superb form.

On the downhill cross-country slopes, Russia's Mrs. Alevtina Koltchina was faster than most of the men, and Willie Bogner, 18-year-old west German, drew high praise from other skiers on Papoose Peak. Bogner, they said, has the finest form since Norway's Stein Eriksen ruled the world's Alpine skiers.

At McKinney Creek, 12 miles from the valley, the cross-country men worked industriously on the practice course, and the Russians were so fast that the Scandinavians speculated about a new Russian "wonder wax."

AP Wirephoto

LONG WAIT FOR LONG RUN — Here's part of the long line of skiers who waited for the lift to take them up Papoose Mountain for a run down the practice course at Squaw Valley yesterday. Among the group in the left background is a one legged skier who is not a competitor. The Winter Olympic games start at Squaw Valley next week.

George Billick of Old Forge, Pa., leads all bowlers with 16 American Bowling Congress approved 300 games.

But Hurons Bow to Chips

Three Wins for Jones

MOUNT PLEASANT (UPI)—Eastern Michigan's Hayes Jones, the nation's top college hurdler, stole the show last night but Central Michigan's team powered its way to victory in the track meet.

The Chippewas took seven of 12 first places for a 55 5/6 to 47 1/6 win.

* * *

Jones, a virtual certainty to make the U. S. Olympic track squad, grabbed first places in the 56-yard low hurdles, the 65-yard high hurdles and the 60-yard dash.

His time of 7.8 seconds in the high hurdles set a new field house record. He is the world's title holder in the 60-yard hurdles.

Despite Jones' performance the Central squad showed wider spread of power with Jerry O'Neill leading the team effort. O'Neill was second every time behind Jones and took one first place.

Area Ski Conditions

MT. HOLLY—12 inch base with 2-3 inches of new snow. Skiing is very good.

MT. CHRISTIE—6 inch base with 2 inches new powder. Skiing is excellent.

TEEPLE HILL — Highland State Recreation area — four inches base with two inches new snow. Skiing very good.

SUMMIT SKI AREA—Has six inch base, 2-3 inches new snow. Skiing expected to be very good.

GRAMPIAN MT.—Base of six inches, new powder, skiing very good.

DRYDEN SKI AREA—Skiing expected to be very good over the weekend with addition of new snow.

Trio of Swedes Wastes No Time Putting on Skis

SQUAW VALLEY, Calif. (AP)—A trio of Swedes wasted no time getting down to business on arrival at the 1960 Winter Olympic site.

* * *

Sixteen Jernberg, Rolf Ramgard and Hajalmar Stefanson arrived here yesterday after a 30-hour flight from Copenhagen and a 90-minute bus ride from Reno, Nev.

Their first order of business: Putting on their cross country skis for a workout around Olympic Village.

* * *

"I just couldn't stand all that sitting around and eating on the plane," said Jernberg, an Olympic gold medalist in 1956.

French Skiers Ailing

SQUAW VALLEY, Calif. (AP) — The French Olympic ski team is having no trouble on the slopes, but sickness has claimed a jumper and a ski coach.

Robert Ray, the jumper, has tonsilitis. Honore Bonnet, coach of the men's team, had "la grippe" flu.

Pee Wees Ski Saturday

ROSCOMMON (UPI) — The fourth annual Michigan Pee Wee Ski meet will be held Saturday at Pioneer Hills sports park, with competition open to boys and girls under the age of 9.

Plan Assembly at Oxford for Student Skiers

Runners to Carry Torch to Ski Area Just Like World Olympics

In conjunction to the World Winter Olympics starting next week at Squaw Valley, Grampian Mt. will hold the Junior Olympics, Feb. 18-19, with some of the color and splendor of the International event.

Competition for the slalom and downhill races starting each day at 5:00 p.m. will be open to junior high and high school students as well as elementary grades for both boys and girls.

A special assembly is planned at Oxford High school to kickoff the activities highlighted by the lighting of an Olympic torch. Eight members of the Oxford track team, Phil Armstrong, Chuck Haddrill, Frank DeLong, Jerry Risinger, George Sandor, Gary Withers, Dennis Price, and Jim Wilson, will relay the torch to Grampian Mt. which will burn during the World Olympics.

At the assembly, the students will get a demonstration of the recreational activities members of the Olympic teams participate in while at Squaw Valley. The physical education department at Oxford will feature folk and square dancing at the assembly.

Schools invited to participate in the Junior Olympics include Pontiac Central, Pontiac Northern, Waterford, Southfield, West Bloomfield, Bloomfield Hills, Rochester, Royal Oak Kimball, Ferndale, Romeo, Kingsbury, Walled Lake, Lapeer, Birmingham, Oxford and Rochester Junior High School.

Ribbons will be presented to the top three place winners in each division for boys and girls.

Chairman of the Junior Olympics committee is Mrs. Robert Brower of Oxford with Mrs. Ann Saunders and Richard Hunt assisting. Jerry Monod, head instructor at Grampian, will set the courses for the competition in the Junior Olympics.

Hope Nears 4th Title

KALAMAZOO (UPI)—Hope College continued to climb toward its fourth consecutive Michigan Intercollegiate Athletic Association basketball crown last night with an 83-55 win over Kalamazoo.

Union Likely to Make Choice

AFL-CIO Nearly Sure to Endorse Candidate for Presidency in July

MIAMI BEACH (UPI) — The AFL-CIO high command all but decided Wednesday to endorse a presidential candidate shortly after Republican and Democratic conventions in July.

★ ★ ★

AFL-CIO President George Meany said the federation will play an active role in 1960 politics and added he felt confident an endorsement would be made.

He spoke to newsmen after top officials of the AFL-CIO's Committee on Political Education (COPE) talked politics at a private two-hour meeting.

"There is no one in the official family of the AFL-CIO, including myself, who has any inclination to sit this campaign out," Meany said.

NOT DISCUSSED

"I am quite sure we will endorse a candidate. I hope we will."

The AFL-CIO chief said candidates for the presidency were not discussed at today's session.

But other union leaders have said privately they believe the federation would support the Democratic nominee if Vice President Richard M. Nixon gets the Republican nomination.

★ ★ ★

Organized labor backed Democrat Adlai Stevenson in 1952 and in 1956.

★ ★ ★

Meany has recently attacked Nixon for what he termed an anti-labor vote during Senate consideration of the union reform law last year.

Dawkins in Hockey Lineup for Oxford

LONDON (UPI) — Pete Dawkins, former Army All-American football player, will be in the lineup tomorrow when Oxford plays Cambridge in hockey.

★ ★ ★

Dawkins' Oxford team doesn't have an Englishman on it, being made up of Americans and Canadians.

Dawkins, of Royal Oak, Mich., also played for Oxford last year in its traditional rugby match with Cambridge.

Oysters Head List

BOSTON — Oysters rank as the most valuable product of American fisheries. Salmon is second, menhaden third, cod fourth and halibut is in fifth place.

Pickle Growers Told Radiation Can Preserve

LANSING (UPI) — The technique of preserving pickles by radiation has been outlined to the Michigan Pickle Growers Assn.

★ ★ ★

A waste material—Krypton 85—does the job, reported William Moore, secretary-treasurer of the National Pickle Packers Assn.

He noted that the Army and national food processors have called off experiments with atoms to preserve food.

But, Moore said pickles treated with Krypton 85 will be preserved indefinitely if kept air-tight.

'CONTROLLED PROCESSES'

He said this would allow "controlled pickling processes" and cut down the tremendous annual losses the industry sometimes suffers.

Moore also reported that a Michigan State University professor, Dr. C. E. Peterson, has developed a new cucumber strain with a single stem.

He predicted this would facilitate picking pickles by machinery and cut harvesting costs of the state's five-million-dollar-a-year cucumber crop.

Many Called Sugar

NEW ORLEANS — The name of sugar applies to more than 100 substances having distinctive properties and scientific names — for example sucrose, glucose, frutose, lactose and maltose.

The U.S. Department of Agriculture estimates meat consumption per person in 1960 at 161 pounds, up about 2.5 pounds from 1959.

Income Tax Primer . . . Chapter 4

You Have Dividends or Interest?

By RICHARD A. MULLENS
NEA Service

(Fourth of 13 Chapters)

Experts have recently told a congressional tax committee that an estimated 3.5 billion dollars of interest income each year is not reported on tax returns.

Much of this interest is earned on savings accounts in banks and building and loan associations. The amounts are often small and easily overlooked when filling out a tax return.

You can bet that the Internal Revenue doesn't like this loss of revenue and will be checking closely to see that interest is properly reported.

★ ★ ★

This article of the Primer will give you tips on how to report interest income, and income from salaries, wages, and dividends.

If your employer withheld income tax on the wages paid you in 1959, he must furnish you with a statement—Form W-2—showing the total wages he paid you and the taxes withheld during the year.

It is easy to copy this information on your tax returns. Remember to attach one copy of the Form W-2 to the return. If you lose the Form W-2, don't think this gives you an excuse for not reporting the income shown thereon. Ask your employer for a duplicate copy of the Form.

Wages which are not subject to withholding, such as tips from customers, or amounts received as a domestic servant or casual laborer, should be reported on a separate line of the return opposite each employer's name.

If you worked for more than one employer during 1959, there is a good chance that Social Security (FICA) tax of more than $120 was withheld from your salary. If so, you are entitled to claim the excess over $120 as additional income tax withheld.

The important thing to remember about dividend income is that the first $50 of taxable dividends received by each individual is excluded from income.

In community property states, a married couple can exclude dividends of $100 regardless of whose name the stock is held.

IN WHOSE NAME?

In non-community property states, the $50 exclusion applies separately to the individual dividends of husband and wife. This means that if all the stock is owned by the husband, the wife cannot claim any part of the exclusion. Dividends on stock held in both names are divided equally in computing the exclusion.

If the dividends exceed the exclusion, you may also be entitled to a dividends received credit. Unlike the exclusion, this credit cannot be claimed on Form 1040A, so do not use this form if your dividends exceed the exclusion.

The easiest way to compute the credit is to use Schedule J of Form 1040, being careful to follow the directions on each line of the schedule.

The new Form 1040W does not have a schedule to help compute the credit but it does have line 12(c) on page 1 where the credit may be deducted. Remember that the dividend exclusion or credit does not apply to dividends from foreign corporations, including Canadian companies, or from any mutual savings banks or building and loan associations. These dividends must be included in full in your income.

★ ★ ★

Each of the three tax returns has a place for reporting taxable interest. Most interest is taxable. However, interest on bonds or securities issued by a state or local government is tax-free and need not be reported on your return.

You must report interest earned on savings or deposit accounts with banks or building and loan associations when it is credited to your account even though it has not been entered in your deposit book.

★ ★ ★

Before completing your tax return, it is a good idea to have your deposit book brought up-to-date so that you can report all interest earned in 1959.

Most taxpayers do not report interest on U.S. savings bonds as it is earned. This is all right, but it means that all interest on the bond must be reported when the bond is cashed.

NEXT: Expense allowances.

BOARDING HOUSE

OUT OUR WAY

Building Material Cost to Be Probed

WASHINGTON (UPI) — Senate investigators, who have looked into the cost of autos, steel and drugs, plan to launch a new inquiry into the "high prices" of building materials.

★ ★ ★

The investigation will be conducted by the Senate antitrust and monopoly subcommittee headed by Sen. Estes Kefauver (D-Tenn).

The inquiry will center on the pricing of such products as glass, plumbing fixtures, asbestos and gypsum.

Disclosure of the investigation, slated for sometime late this year, came in a letter from Kefauver to Chairman James O. Eastland (D-Miss) of the Senate judiciary subcommittee, parent group of the subcommittee.

Kefauver said a predictable decline in new housing starts "undoubtedly" could be traced in major part to the high prices of building materials.

★ ★ ★

He told Eastland that past antitrust actions by the government had not been successful in halting the "continuous upward movement" of such prices.

Grain Futures Slide Into Weakness Again

CHICAGO (AP) — Grain futures prices ranges into weakness again today in early dealings on the board of trade. Setbacks ran to major fractions in both soybeans and rye, usually the leaders in swings either way.

Transactions were slow and in small volume. Commercial demand continued virtually nil although Israel took 930,000 bushels of wheat overnight.

Wheat, corn and oats shifted only small fractions during the first several minutes.

Legislators Eye Airport Funds

$33,875 Is Earmarked for Pontiac; City Plans Fast Construction

The state's share of financing for Pontiac Municipal Airport's proposed 1961 construction program was before the Legislature today.

★ ★ ★

Introduced was a Michigan Department of Aeronautics formula for distributing $728,500 in state aid to airports, of which $33,875 is earmarked for Pontiac.

The state money, if appropriated, would be coupled with federal and local funds for improvements at 16 Michigan airports. Pontiac already has promised to allocate its share, $49,375, by July.

The federal government is scheduled to add $83,250 to the Pontiac kitty, making a total $166,500 available this summer for construction, mainly, of a aircraft parking ramp for the terminal building.

Acting on a federal proposal to speed up construction schedules, Pontiac is planning to accomplish both its 1960 and 1961 improvement programs this summer.

DETROIT EGGS

DETROIT, Feb. 11 (AP)—Eggs f. o. b. Detroit in case lots federal-state graded and commercially combined:

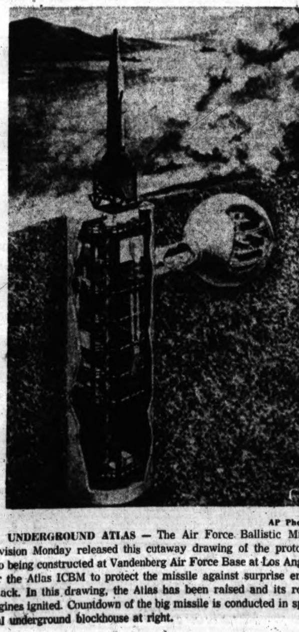
Whites—Grade A jumbo 34-37; extra large 29½-34; large 27-33; medium 25-29; Grade B large 30; Browns—Grade A large 27-29; medium 25; checks 18-20.

Hertz Head Predicts Doubled Truck Fleet

PHILADELPHIA (AP)—The President of Hertz Corp., predicted today the nation's truck fleet would increase from its present 11 million vehicles to nearly 20 million within the next 10 years.

In a speech prepared for the financial analysts of Philadelphia, Walter L. Jacobs added that only about two per cent of the truck fleet is now leased. He pointed to this as another great market potential for Hertz, a car and truck rental and leasing firm.

He told the group Hertz achieved a volume of 109 million dollars in 1959, more than 20 per cent over 1958.



AP Photofax

UNDERGROUND ATLAS — The Air Force Ballistic Missile Division Monday released this cutaway drawing of the prototype silo being constructed at Vandenberg Air Force Base at Los Angeles for the Atlas ICBM to protect the missile against surprise enemy attack. In this drawing, the Atlas has been raised and its rocket engines ignited. Countdown of the big missile is conducted in spherical underground blockhouse at right.

Trading Volume at Slow Pace

NEW YORK (AP) — A few issues made good gains in a narrowly mixed stock market early this afternoon. Trading was at the slowest pace of 1960.

Small gains and losses, few going to as much as a point, were the general rule for most key stocks. A scattering of selected issues were up from 1 to about 3 points.

The nearness of tomorrow's Lincoln's Birthday observance had something to do with the extremely light turnover, brokers said.

The major stock exchanges will be open but banks will be closed and many in the financial district will take off today for a three-day weekend.

Airlines showed a degree of firmness, tobaccos were steady, but steels, motors and chemicals were mixed.

Warner Brothers and Walt Disney prdouctions were up about 3 points in a fairly active spurt which informed Wall Street sources were unable to account for immediately.

★ ★ ★

NAIF Corp., only common stock on the big board to make a new high yesterday, advanced more than a point, touching another peak.

Fruehauf Trailer also was active and up better than a point A similar gain was made by Polaroid.

Gains of about a point were made by Texaco and U. S. Rubber, the latter after reporting better earnings. Goodyear was down about a point as 1959 earnings showed a sharp slump. Goodrich lost more than a point.

U. S. Gypsum dropped about 2, International Paper close to a point.

Small gains were posted for Republic Steel, Ford, Chrysler, Woolworth, Montgomery Ward, United Aircraft, Americna Smelting, New York Central, United Air Lines, American Air Lines and Pan American World Airways. Eastern Air Lines advanced about a point.

Clothing Chain to Open in City

Hill Brothers Branch Moving Into Former Lord Furniture Store

An international supermarket-type clothing chain, Hill Brothers Clothing Stores, will open a new branch in Pontiac Saturday.

The store will be located in the building formerly housing Lord's Furniture Store, 125 W. Huron St. The firm has been busy remodeling and moving stock into the building for a month.

The new branch will be the second Hill Brothers store in Michigan. The clothing chain offers self-serve buying such as in a supermarket, according to David Brown, store manager.

There is a check-out counter at the front of the store. All clothing is located on rows of shelves.

Brown was formerly assistant manager at a store in Rock Island, Ill. They will stock men's, women's and children's clothing as well as some housewares.

The firm is over 70 years old.

A separate shoe department in the same building celebrated its grand opening several weeks ago.

More than 1,000,000 FM radio sets were sold in 1959, double the number sold in 1958.

GM Dealers From 48 Cities End Top Confab

General Motors dealers representing 48 cities in the United States and Canada concluded a three-day meeting in Detroit today with top General Motors executives in the winter session of the GM Presidents Dealer Advisory Council.

★ ★ ★

Factory-dealer policies and other matters of mutual interest were discussed in the meetings, the purpose of which is to facilitate exchange and development of ideas on how better to serve retail customers.

Thirty-eight GM dealers representing both large and medium sized cities in the U. S. and 12 dealers from 10 Canadian cities participated.

Formerly known as the GM Dealer Council, the program was instituted by GM in 1934 in the equitable factory-dealer relationships.

GM President John F. Gordon described the meetings as affording "an excellent opportunity for frank discussion, for an exchange of view and, ideally, for a meeting of the minds."

Among top GM officials at the meeting were President Gordon, Frederic G. Donner, board chairman, and four executive vice presidents; Louis C. Gead, Cyrus R. Osborn, George Russell and Sherrod E. Skinner.

State Hospital 'Desperate' for Blood Donors

Pontiac State Hospital today issued a plea for blood donors to volunteer from 2 to 8 p.m. tomorrow at its Red Cross "Bloodmobile."

Dr. Walter H. Obenauf, hospital superintendent, said the need is "desperate."

"Pontiac State Hospital finds itself overdrawn by 112 pints of blood and desperately needs volunteer blood donors to meet the hospital patients' blood requirements," said Obenauf.

Richard Luehmann, blood bank chairman and personnel director of the hospital, urges donors to pledge their blood to the hospital wherever else they may donate if they cannot attend tomorrow's Bloodmobile.

Took $34,000 as Government Men

Convicts 2 in Area Fraud

Two Chicago men were convicted by a jury in U. S. District Court, Detroit, yesterday of defrauding a Ferndale chemical company of $34,000 by posing as government procurement officers.

John H. Eleveld, 45, and Charles E. Leggett, 36, both World War II veterans, were convicted on two counts—fraud and the interstate transportation of stolen goods. Each count carries a maximum sentence of 10 years imprisonment and a $10,000 fine. No date was set for sentencing.

Assistant U. S. Attorney Robert E. De Mascio said the men used Army-type purchasing forms in obtaining goods from one company without payment and then selling them at a 20 per cent discount from the market value to another firm.

De Mascio said the scheme used in deals with various firms netted the men more than $400,000. He said they used titles of captain, major, colonel and general and faked calls from the Pentagon or Cape Canaveral to impress clients.

★ ★ ★

Leggett was brought here for trial from the federal penitentiary at Terre Haute, Ind., where he is serving a sentence for transporting rented cars across state lines and then selling them.

The men were accused here of obtaining resin from the Reichhold Chemicals Inc., 601 Woodward Hgts., and selling it to the Glass Craft Boat Works in Fort Dodge, Iowa.

★ ★ ★

De Mascio said the men wrote involved purchase orders in "governmental gobbledygook." He said they operated under the name of "National Procurement and Distribution Corp." but had no office and made contacts through telephone answering services.

Higgins Is Pushing Morris for Governor

A maverick Republican from Ferndale has jumped on the bandwagon for Sen. Carlton H. Morris (R-Kalamazoo) to seek the Republican nomination for governor.

★ ★ ★

George N. Higgins, Ferndale auto dealer and former state representative and senator for 14 years, said he has urged Morris to consider the nomination. Morris said he'll talk it over with his constituents.

★ ★ ★

Although he denied this might place him in the anti-Bagwell camp, Higgins said flatly that "I would go for Morris over Bagwell."

"He has a better understanding on state government because he's been in it," Higgins, now a Democratic appointee to the Civil Service Commission, said. "This, however, is no reflection on Bagwell."

Christopher Columbus had 17 ships and 1,500 men under his command on his second voyage to the New World in 1493.

Did Disc Firms Pick Up Tab for Big DJ Blowout?

WASHINGTON (AP) — Why did record companies pick up a $117,664 tab at a disc jockey convention in Miami Beach last summer?

That question remained largely unanswered—officially at least—as House investigators began a long Lincoln Day recess today so some Republican members could fill speaking engagements.

★ ★ ★

However, Chairman Oren Harris (D-Ark) indicated that the convention will be explored in detail sometime after his House Legislative Oversight subcommittee resumes hearings next Monday on under-the-table payments to disc jockeys.

Part of the story of what happened at the big disc jockey convention last May 29-31 came Wednesday from Edward E. Eicher, special service director for the Americana Hotel where it was held.

★ ★ ★

There have been reports, not yet brought into the testimony, that many of the 2,000 disc jockeys attending were entertained with girls and lavish parties at the convention.

There was no mention of girls in Wednesday's testimony. However, Eicher made clear that liquor flowed freely—at the expense of the phonograph record people.

★ ★ ★

Eicher, reading from hotel records subpoenaed by the subcommittee, noted for example that Capitol Records picked up at $12,357 bill for a cocktail party the night of May 29.

Eicher also was questioned about a $15,415 expense item attributed to Roulette Records of New York for a combination breakfast-barbeque which listed a bar bill of $8,850. Why so much for liquor, Eicher was asked.

"Bourbon costs a little more than eggs," Eicher said, touching off one of frequent sharp bursts of laughter.

★ ★ ★

Eicher reported at one point that record companies paid room bill for singer Pat Boone and his wife and "the governor of Tennessee and his wife," as well as for several disc jockeys.

Eicher didn't identify the Tennessee governor. But the state's former governor, Frank Clement who left office four months before the convention, told newsmen he attended the Miami Beach affair to address the disc jockeys.

Business Notes

Philip G. Whelan, 497 Coolidge Rd., Birmingham, has been named controller of the Stroh Brewery Company.

He has been with the company for four years, previously as manager of the control office.

WHELAN

Whelan is a member of the American Institute of Certified Public Accountants; the National Association of Accountants; the National Society for Business Budgeting, Detroit Chapter, and the Michigan Association for Certified Public accountants.

★ ★ ★

Robert Zimmerman, Columbus Mutual Life representative with offices at 474 W. Huron St. ranked among the company's top 10 salesmen for January.

★ ★ ★

Bruce Annett of the Pontiac Board of Realtors has been appointed local representative of the National Institute of Real Estate Brokers.

One of Annett's main duties will be to stimulate panel discussion on brokerage panels at real estate board meetings and state conventions.

★ ★ ★

M. E. Daniels, 563 W. Huron St. Pontiac district manager for Modern Woodmen life insurance society, has qualified for membership in the organization's "Century Club for 1959."

He was one of 35 agents in the United States who were tapped for the production club, based on total volume of new business and premium income. This is the 13th consecutive year he has earned the distinction.

Employe Eyes Postmastership

Veteran of 23 Years at Downtown Station Announces Candidacy

Clarence H. Smith Jr., a man with "no party affiliations," has announced himself as a candidate for appointment as acting postmaster of Pontiac.

★ ★ ★

Smith, 44, of 37 Vinewood Ave., is superintendent of the Federal Station (downtown) Post Office and has been a Pontiac postal employe for 23 years.

He was among the top three who qualified on the civil service postmaster test in 1958.

Said Smith: "I have no political affiliations. I base my candidacy on the eligibility of the civil service test and on merit through coming up through the ranks."

★ ★ ★

Smith was a U. S. Air Force captain in World War II. He served in Europe and was awarded the Air Medal with three clusters and the Distinguished Flying Cross for strikes on Germany.

A major in the U. S. Air Force Reserve, Smith is a member of the Elks and the Pontiac Metropolitan Club.

A graduate of Pontiac High School, he has two children in the Pontiac school system.

State Expects 4-8 Inches More

Midwest Is Digging Out

By The Associated Press

Winter's most severe snowstorm diminished in most of the Midwest today but the crippling effects were felt in many areas.

★ ★ ★

The major job, clearing streets and highways of huge drifts, was slowed in many sections. Strong northerly winds swept the snow back onto highways as fast as they were cleared.

More heavy snow also continued during the night in eastern upper and extreme northern Lower Michigan as the storm center moved northeastward headed into Canada. An additional covering of 4 to 8 inches was in prospect.

The blizzard-like storms, sweeping out of the Great Plains Tuesday, were the worst in some midwest areas in many years. Many communities were isolated, hundreds of motorists were stranded and scores of schools were closed. Business and industry slowed due to absenteeism. Many industrial plants in Wisconsin, Illinois and Iowa shut down.

The violent weather which raked the Pacific coastal areas, the Southwest, South and Midwest was blamed for at least 32 deaths. Nearly half of them were caused by heart attacks suffered while shoveling the heavy, wet snow.

18 INCHES AT MILWAUKEE

The storm dumped about 18 inches of snow on Milwaukee, with 16.7 inches in a 24-inch period, which the weather bureau said was the second largest snowfall on record for the Wisconsin metropolis. Seven deaths were attributed to the storm.

★ ★ ★

Many Iowa, southwestern Wisconsin and northwestern Illinois communities were snowbound, with 10-foot drifts and foot-high snowfalls. Hardest hit cities included Rockford, Ill., with 118,000 residents; Freeport, Ill., with 25,600 population and Milwaukee and Kenosha, Wis.

Approves Oakland Road Unit Attorney

An attorney to work full time for the Oakland County Road Commission was today approved by the Salaries Committee of the Borad of Supervisors.

The committee set his yearly salary at $8,000, to be paid from state gas and weight tax funds received by the county. He'll work out of the corporation counsel's office.

★ ★ ★

The attorney was needed, road commissioners told supervisors, because a part-time attorney engaged on a retainer basis was being swamped with legal matters.

The new attorney has not yet been hired as yet.

Oceanographers to Study Depths

Indian Ocean Research to Cost $12.5 Million and Benefit Mankind

Eighteen years ago, the Indian Ocean was a strategic battleground of World War II.

Today, another kind of assault is being launched over the vast body of water that stretches east of Africa, south of India, and west of Australia.

Oceanographers of 11 nations will plumb the ocean depths for scientific knowledge to benefit all.

The study is a project of the International Council of Scientific Unions. It is expected to last four years, to cost about $12,500,000, and to employ more than a dozen specially equipped research ships.

LAST MAJOR FRONTIER

The world beneath the waves has become Earth's last major frontier, says the National Geographic Society. From it may come riches to supply man's growing needs for food, energy, and raw materials. In its depths may lie answers to age-old questions of creation and evolution.

As a science, the study of the oceans is young. It got its start only about a century ago with the undersea observations and explorations of the American naval officers, Matthew Fontaine Maury.

Gradually, research pioneers discovered mountain ranges and trenches of the ocean floor, surging inner currents, chemical variations in the waters, and strange creatures inhabiting the lower darkness.

Yet man still knows less about many oceanic regions than about the surface of the moon. One of the blankest spots has been the Indian Ocean.

This area was chosen for the current investigations for two reasons—lack of previous studies and the millions of people nearby who will benefit by knowledge of its physical conditions and resources.

'Bye Bitterness —Philly's Water Becomes Tastier

PHILADELPHIA (UPI) — Philadelphians can now offer strangers a drink of water without apologizing.

No more will this city be famous, or infamous, for the strong chlorine taste of its water.

The city recently started getting water through a 25-million-dollar filtration plant which has been described as the world's largest automatically controlled water treatment facility.

In the past, a big dose of chlorine was necessary to make water from the Delaware and Schuylkill Rivers safe to drink. Now Water Commissioner Samuel S. Baxter says Philadelphia has "the best drinking water of any city in the country."

The new Torresdale plant, with a capacity of 423 million gallons daily, is the major unit of a 39-million-dollar program to modernize Philadelphia's water purification facilities.

Incorporation Solves Many Farm Problems

URBANA, Ill. (AP)—Many farmers are incorporating, says N. G. P. Krausz, University of Illinois agricultural law professor, because it offers many solutions to farmers' problems.

It offers aid in inheritance problems. It could aid in meeting huge capitol needs for increased farm mechanization.

A farmer would be liable for depths of the business only to the extent of his investment. The corporation would not be responsible for his debts.

Farm corporation stock may be sold, willed, given away or allowed to go to heirs by laws of descent without breaking up the business. It would require adequate records and tend to promote efficiency.

Krausz, however, doubts that incorporation affords tax advantages, except on large acreages that produce substantial income.

Bomb Hoax Again Shuts South Lake High School

ST. CLAIR SHORES (AP)—A bomb threat for the third day in a row forced evacuation of South Lake High School here yesterday.

About 700 students left the building at noon. No bomb was found.

Two 17-year-olds were arrested and police said they admitted to phoning Tuesday's bomb threat to adjacent South Lake Junior High.

Teacher Polling Morals of Pupils Can Return

SACRAMENTO, Calif. (AP) — Cecil M. Cook, a Van Nuys high school teacher who took a poll of his pupils' sex habits, was free today to go back to work.

The State Board of Education voted 7-0 Wednesday to clear him of charges of immoral or unprofessional conduct, but did scold him for "poor judgment."

Death Notices

CAPATINO, FEB. 10, 1960, DAN, 763 St. Clair; age 64; beloved husband of Mary Capatino; dear father of Mrs. Rudy (Virginia) Mansfield; also survived by six sisters and two grandchildren. Funeral service will be held Friday, Feb. 12, at 1:30 p.m. from Huntoon Funeral Home. Interment in Oak Hill Cemetery. Mr. Capatino will lie in state at the Huntoon Funeral Home.

CHAMBERS, FEB. 9, 1960, CLARence, 1604 Bird Rd., Ortonville; age 38; beloved son of Mr. and Mrs. Israel Hoover; dear brother of Donald Hoover. Funeral service will be held Friday, Feb. 12, at 1 p.m. from C. F. Sherman Funeral Home, Ortonville. Interment in White Chapel Cemetery. Mr. Chambers will lie in state at the C. F. Sherman Funeral Home, Ortonville.

WALKER, FEB. 9, 1960, JOAN, 113 Harrison, Royal Oak; age 23; beloved daughter of Margaret and John Walker. Miss Walker will be taken to San Lorenzo, Calif. Arrangements were made by the Brace-Smith Funeral Home.

SMITH, FEB. 10, 1960, CECELIA, 144 State St.; age 69; dear sister of John Dow Smith and Owen W. Smith. Arrangements pending by Brace-Smith Funeral Home.

DECKER, FEB. 10, 1960, ANNA M., 6306 Deckerland Dr., Orchard Lake, Rt. 3; age 87; beloved wife of Willard R. Decker; dear mother of Harold B. Decker and Mrs. James H. Kinney. Funeral service will be held Saturday, Feb. 13, at 1:30 p.m. from the Donelson-Johns Funeral Home. Interment in White Chapel. Mrs. Decker will lie in state at the Donelson-Johns Funeral Home.

VONDERMUEHL, FEB. 11, 1960, EMma, 51 Edison St.; age 89; survived by seven nieces and nephews. Completed funeral arrangements will be announced later by the Voorhees-Siple Funeral Home where Mrs. Vondermuehl will lie in state.

CAMPBELL, FEB. 10, 1960, MAUDE Mrs., 983 Charest; age 67; beloved wife of John Earl Campbell; dear mother of John, Ervin, Dexter and Glenn Campbell, Mrs. Lucille Avery and Mrs. Grace Fuller. Completed funeral arrangements will be announced later by the Huntoon Funeral Home.

EICHER, FEB. 10, 1960, JOHN W., 625 Homestead St.; age 63; beloved husband of Esther Eicher; beloved son of Mrs. Clara Eicher; dear brother of Raymond Hanewacker, Mrs. Verda Nicholson, Mrs. Fred Holm and Mrs. Harold Hofstetter. Funeral service will be held Thursday, Nov. 11, at 7 p.m. from the Sparks-Griffin Funeral Home. Following the service here Mr. Eicher will be taken to Prim-Sullivan Funeral Home, East Moline, Ill., for service and burial Monday, Feb. 15. The family requests donations be made to the Heart Fund. Mr. Eicher will lie in state at the Sparks-Griffin Funeral Home.

PARSONS, FEB. 10, 1960, JOHN H., 9165 Evee Rd., Clarkston, formerly of Pontiac; age 68; beloved husband of Helen Parsons; dear father of Mrs. Muriel Crossman, Mrs. Grace Huff, Richard and Henry Parsons and Harry Gleser; dear brother of Mrs. Robert M. Powell and Mrs. John McFadden; also survived by seven grandchildren. Funeral service will be held Saturday, Feb. 13, at 2:30 p.m. from the Sparks-Griffin Funeral Home with Rev. Richard Stuckmeyer officiating. Interment in Ottawa Park Cemetery. Mr. Parsons will lie in state at the Sparks-Griffin Funeral Home.

Card of Thanks 1

WE WISH TO EXPRESS OUR warmest thanks to our neighbors, friends and relatives, to Mrs. Harrison Pemberton, Mrs. Earl Gullett, Mrs. Boyd Wilson and Mrs. Bratcher Cheek for their expression of sympathy at the recent death of our loving father & grandfather. Also to Voorheis-Siple Funeral Home. Elders Leni Saylor, Boyd Wilson and Ray E. Parrett for their comforting words. While our loss is great, Heaven to Him is glorious in spirit now. The family of Joseph M. Garrett.

In Memoriam 2

FREDERICKSON—
In memory of my loving husband and our father and grandfather who left us three years ago the 11th of February.
No pen can write, no tongue can tell
My sad and bitter loss,
But God alone has helped so well
To bear my heavy cross.
Sadly missed by Mrs. M. Frederickson.

The Pontiac Press

FOR WANT ADS DIAL FE 2-8181

From 8 a.m. to 5 p.m.

All errors should be reported immediately. The Press assumes no responsibility for errors other than to cancel the charges for that portion of the first insertion of the advertisement which has been rendered valueless through the error. When cancellations are made be sure to get your "kill number." No adjustments will be given without it.

Closing time for advertisements containing type sizes larger than regular agate type is 12 o'clock noon the day previous to publication.

NOTICE TO ADVERTISERS

The deadline for cancellation of transient Want Ads is now 9 a.m. the day of publication after the first insertion.

IS THE "BIRD" TO SEE

Your Money's Worth
and more! $12,500 for this 3 bedroom ranch home in fine friendly neighborhood. Brand new 2 car garage and relatively new house. Wall-to-wall carpeting, landscaped lot, storms and screens. Anyone will agree that here is a real honest value!

Cape Cod
You know the advantages of a 3 bedroom Cape Cod, particularly in Drayton Plains. Large, twin-sized bedrooms upstairs and one down for privacy — or for older persons use. Then a full basement gives room for the kids to play on rainy days or for adult recreation room activities. Gas heat gives snug, inexpensive warmth. Ask about rest of plus values.

GI's
Nothing Down

DO YOU KNOW!! GI Financing (5¼ per cent) is the lowest interest rate available on today's market! Only a few short months remain for you to use your GI bill. So take advantage of this opportunity TODAY!

CITY OF BIRMINGHAM. Very desirable older home a half block from the Torrey School. It's a 3 bedroom, 2 story. Fine for a growing family but not good for the elderly couple who have decided to sacrfice on a GI deal. Basement, gas heat. Garage. Some lucky veteran will need about $400 total money to establish ownership for himself. The price is down to earth. $8,800. Need we say more?

IMMEDIATE POSSESSION if needed on a neat 2 bedroom with 12 x 14 foot utility room. Automatic heat and hot water. Garage. 2 lots, fenced and landscaped. Lake privileges on excellent beach. $8,900 is the approved VA price and you'll need but very little cash. Call for details and inspection. Beat the expected increase in interest; still only 5¼ per cent to you eligible GI's!

THIS COMFORTABLE 2 bedroom home is only 4 years old. The owner has added many extras. Garage, Family room, storms, screens, gas heat, tastefully decorated. VA approved at $10,200. Only closing costs to move in. It's located near the Pine Knob School. Clarkston school district. Act today because it'll be sold tomorrow.

TV Features

By United Press International

REAL McCOYS, 8:30 p.m. (7). Grandpa McCoy (Walter Brennan) stops talking to the family after an argument about money, a TV set and a power saw.

ZANE GREY THEATER, 9 p.m. (2). Michael Rennie portrays a frontier marshal torn between loyalty to a friend and the ethics of his office.

PROJECT 20, 9 p.m. (4). Repeat of "Meet Mr. Lincoln," a 30-minute film portrait of the Civil War president. (Pre-empts Bachelor Father.)

PAT BOONE, 9 p.m. (7). Jo Stafford, Jimmy Driftwood are guests.

ERNIE FORD SHOW, 9:30 p.m. (4). Lily Pons visits Ern'. (Color.)

UNTOUCHABLES, 9:30 p.m. (7). An honest mayor and sheriff are slain and Eliot Ness (Robert Stack) goes after the mob.

MARKHAM, 9:30 p.m. (2). Fay Spain portrays a murderer's widow who opposes Markham's (Ray Milland) efforts to save her life.

REVENUE, 10 p.m. (2). One-hour variety, with Jeanmaire, Jackie Cooper, Connie Francis, Nancy Walker and Lionel Hampton.

GROUCHO MARX SHOW, 10 p.m. (4). Irehne Hobson, 90-year-old ex-actress, chats with Groucho.

JACK PAAR SHOW, 11:30 p.m. (4). Genevieve, Shelley Berman, Orson Bean, Hugh Downs and Jose Melis contribute music and lively chatter.

Seeks to Ease Penalty for Edging Speed Limit

LANSING (UPI)—A bill to ease the penalty for exceeding the speed limit by less than 10 miles per hour was filed for introduction Wednesday by Sen. Harold M. Ryan (D-Detroit).

Under Michigan's driver demerit point system, motorists now are charged three points for exceeding the limit by less than 15 miles an hour.

★ ★ ★

Ryan's bill would amend the law to charge two points for speed exceeding the limit by less than 10 miles an hour.

HEMINGWAY AND MIKOYAN — Soviet Deputy Premier Anastas Mikoyan, right, presents author Ernest Hemingway with typical Russian hand-carved dolls at the writer's suburban Havana home, Monday. Among those looking on are Mrs. Hemingway, left, and Vladimir Bazikin, left rear, Soviet ambassador to Mexico. Mikoyan also presented the author with a collection of Hemingway books translated into Russian. UPI Photo

Helps Demonstrate Blow on Head

LA Prosecutor Sits at Dr. Finch's Feet

LOS ANGELES (AP)—A pistol in his hand, Dr. R. Bernard Finch stood over the man who is prosecuting him on a murder charge.

"I won't hit you," Dr. Finch told Deputy Dist. Atty. Fred N. Whichello. "I promise."

★ ★ ★

Whichello sat on the floor before the jury box, demonstrating the position the doctor said his wife was in when he hit her with a gun butt, fracturing her skull.

This blow, he said, was struck shortly before Barbara Jean Finch died—shot through the back.

The doctor maintains she was shot accidentally.

"I wasn't mad at Barbara," Finch testified Wednesday. "I was scared to death. I wasn't mad at her."

★ ★ ★

The doctor said his wife drew a gun from her car after he and Carole Tregoff confronted her in the garage of the Finch home late last July 18 to discuss a divorce.

Finch, 42, and Miss Tregoff, his 23-year-old mistress, are charged with murder.

Whichello sat on the courtroom floor to help the doctor illustrate his version of the incident in the Finch garage.

★ ★ ★

The doctor said: "When I jerked it (the gun) away from her, Mr. Whichello, I grabbed her head—and jerked it forward—and went, bang!"

Here Finch swung the pistol butt close to the prosecutor's temple. Whichello rose and resumed his cross-examination:

"You knocked Barbara down and out with the butt of the gun, and then turned your attention to whoever was arriving—is that right?"

"That's right," said Finch.

★ ★ ★

The doctor said he had taught Marie Anne Lidholm, the Finches' 19-year-old maid, to fire a rifle in case of prowlers.

"If Marie Anne came into the door with the rifle, she'd see me standing there with the gun.

"Marie Anne would probably shoot me under those circumstances—so I would have to either take a shot at Marie Anne, or she is going to shoot me. I didn't want any gunplay. I dropped it (the gun) so I could disarm her."

★ ★ ★

"Then," asked Whichello, "as Marie Anne came in through the door, you immediately threw yourself into her?"

"Yes," said Finch.

He testified earlier that he grabbed Marie Anne as she ran into the garage and pushed her head violently against the garage wall, leaving her semiconscious. He said he then made the women get into the car so he could drive to the hospital.

★ ★ ★

But his wife, he said, grabbed the pistol and ran from the garage. He said he followed her, grabbed the weapon again, and it discharged accidentally—fatally wounding his wife—as he tried to throw it away.

The doctor said Miss Tregoff fled the scene during the garage episode.

Earlier Wednesday five police officers from Minneapolis, Minn., testified, out of order, for the defense.

★ ★ ★

Defense attorney Grant B. Cooper quizzed all five about the reputation of Jack P. Cody, a Minneapolis convict who testified that Dr. Finch and Miss Tregoff hired him to kill Barbara Jean Finch. (The doctor said that he hired Cody to follow his wife—and possibly try to date her—to get information to use against her in a divorce fight.)

Cooper asked each of the officers if they would believe Cody under oath. All answered negatively.

Solons Leaning to Con-Con

State Leaders Indicate Move Afoot to Put Issue on November Ballot

LANSING (UPI) — Support seemed to be growing today in the Legislature for putting a constitutional convention question before the voters in November.

Rep. Robert Waldron (R-Grosse Pointe), head of a House GOP committee meeting with Senate Republicans on the con con issue, said there was agreement that "something" should be put on the ballot.

Senate majority leader Frank Beadle, St. Clair, indicated there was "sentiment" something should be on the ballot.

However, caucuses of Republicans in both houses didn't take any firm stand yesterday.

★ ★ ★

The GOP committees in the House and Senate waited to see what happened when the Senate Judiciary Committee ended hearings on the controversial issue.

Hearings started today featuring Mrs. Howard Lichterman, Huntington Woods, president of the League of Women Voters, and A. Frederick Warner, Sandusky, state president of the Junior Chamber of Commerce.

The two groups proposed a plan to put the question on the ballot with convention delegates chosen on the basis of legislative districts.

★ ★ ★

If the Legislature moved the issue to the election, it would mean there would be no need for 237,000 people signing petitions to do the same thing, a costly operation.

Once a Sailor . . .

COLONIAL BEACH, Va. (AP)—Capt. Billy Sanford, 82, sailed the seas for 71 years before he retired here to take up the art of painting. What does he paint? Pictures of the ships on which he sailed. Where does he paint? On the 43-foot boat he bought to live in.

Officials Aroused After Sex Slaying

MANCHESTER, N. H., (UPI)—An aroused Gov. Welsey Powell today called on the state's top crime experts to find the killer of a pretty teen-age girl.

At the same time Attorney General Louis C. Wyman warned that the killer of 18-year-old Sandra Valde may strike again if he remains at large.

"This is murder," Wyman said after viewing Sandra's battered body which was found dumped in a deep snow bank at the side of a little-used dirt road. The girl had been missing since Feb. 10.

Officials said it apparently was a sex slaying.

Russia Pays All U.S. Maritime Claims

WASHINGTON (UPI)—The United States and Russia have signed an agreement settling all their commercial maritime and shipping claims arising from World War II.

★ ★ ★

The Russians handed over a check for $1,100,000 to U. S. officials in a brief Justice Department ceremony yesterday. The money settled this country's suit against the Amtorg Trading Corp., a New York City firm which acts as Russia's trade representative in the United States.

★ ★ ★

The agreement was believed to be the first claims settlement reached between the United States and Russia since the end of the war. Negotiations still are deadlocked over the 800 million dollars the United States claims for wartime Lend-Lease aid to russia.

NBC Takes Paar Off Air During 'Bad-Taste' Story

NEW YORK (AP) — Jack Paar was off the air for a few minutes Wednesday night.

★ ★ ★

A portion of his program which is recorded on tape two hours before broadcast, was replaced by a news summary when it went on the National Broadcasting Co. network.

★ ★ ★

An NBC spokesman said "Mr. Paar told a story that NBC's department of standards and practices felt was not in good taste." The spokesman said it was "about a water closet, with double meanings."

Don't Need A-Bomb to Uproot Tree Stump

PHOENIX, Ariz. (AP)—Two men conceded they probably used more dynamite than necessary to blow out a tree stump.

Deputies said William D. Smith and James Horton used 15 sticks. The resulting blast shook a number of homes and showered a two-block area with debris. No one was hurt.

When You're Merman, You Do What You Want

By EARL WILSON

NEW YORK—What's the news from Weirdsville, U.S.A.?

Well, Ethel Merman bounced into a Japanese restaurant, toting a bottle of champagne she and Spencer Martin only half-emptied dining elsewhere. They'd come over to help Gertrude Berg, Cedric Hardwicke and the "Majority of One" cast celebrate the show's first birthday at a Japanese-Jewish feast including sukiyaki-flavored lox and bagels, and vise versa.

WILSON

George (Superman) Reeves' mother has private investigators still probing possibility of murder in his death June 16—and the body, still unburied, has been in a Cincinnati vault. The private eyes wanted to ask writer Robert Condon if there was another person at Reeves' house besides those already known. "I'm sure there wasn't," says Condon. "However, George had hid my glasses in the refrigerator. It was a joke of his—he knew I couldn't see anything without them. After he shot himself, I was looking for my glasses for an hour. There might have been 50 people there."

★ ★ ★

ANITA

Dolores Gray's deliberating about that long-delayed operation for removal of a bullet from her lung, and hoping it won't affect her contract to stay in "Destry" till August. (She was innocently hit by a stray shot fired in a street brawl in L.A. several years ago).

Anita Gillette of the cast, a real beauty, was grabbed quick to understudy Sandra Church in "Gypsy." **Lucille Ball's** hunting a NY town house for herself and children . . . **Alger Hiss** wants permission to teach in England . . .

EARL'S PEARLS: The microphone went dead at Jack Barry's Friars dinner, and someone joked: "Well, Jack's off the air again!"

TODAY'S BEST LAUGH: In the old days a 12-year-old said he was six, so he could ride at half fare; today he says he's 16, so he can drive a car.

WISH I'D SAID THAT: The biggest kitchen hazard facing the modern housewife is frostbite . . . **That's earl, brother.**

TV News and Reviews

Liebman Leaves Leave, Takes a Good Cow Poke

By FRED DANZIG

NEW YORK (UPI)—I don't know whether it was coincidence or not, but when westerns hit paydirt on TV, producer Max Liebman took a long sabbatical.

Well, last night Liebman came back to poke some barbed wire under the cowpoke culture that helped replace him on TV.

★ ★ ★

The vehicle for hitting back was a one-hour CBS-TV special called "The American Cowboy."

The show offered attractive, talented performers in some fresh, clever comedy, pleasant songs, pretty sets and a well-paced series of sketches and musical numbers.

Not a world-beater—I like revues with more bite in them—but it was, in sum, very good entertainment.

★ ★ ★

The cast included Fred MacMurray, Wally Cox, Hans Conried, Edie Adams, Carol Burnett and singer Jack Russell. Most of the skits kidded cowboy life in an almost paternal fashion.

The laughs came by bouncing modern-day dialogue off frontier settings. It's a sure-fire formula, one that Steve Allen has made good use of in the past. Also Sid Caesar.

And so it was that we saw MacMurray, for example, shopping for a new gun and holster in Conried's frontier store.

★ ★ ★

Conried tossed out such contemporary cliches as: "They're not wearing much brown this year," and "Basic black is always slenderizing," and "That's the way they're wearing them (the guns) this year."

It was funny and, like all the skits and musical numbers on the show, moved in and out without wearing out its material or its welcome.

Miss Burnett and MacMurray teamed up for a peek at a cowboy's domestic life.

★ ★ ★

The sketch had Carol nagging her man about junior, money, her drab life, while MacMurray nodded and replied only, "Yup."

Finally, the laconic hubby left the house, sidled up to his faithful horse and—began talking the poor critter's ears off.

The two best things in the show were a dance number and a sketch. The dance featured some male dancers prancing about as if on wild horses. It was excellent.

★ ★ ★

The sketch I liked best had MacMurray depicting a method actor from Broadway trying out for a starring role in a new TV western. (This isn't so fanciful as it sounds. Just check some of the lads now working in westerns.)

THE CHANNEL SWIM: Ted Mack and the Original Amateur Hour, an on-again, off-again TV feature since January 1948, is on again. Starting Monday, March 7, it replaces Man With A Camera on ABC-TV. . . . Gertrude Berg has signed for a half-hour filmed comedy series that Four Star Productions will try to land in a network slot. . . . ABC-TV's Johns Hopkins File 7 starts its 13th year as a network show Sunday, March 6. . . . Boris Karloff has signed on board the Du Pont Show of the Month adaptation of "Treasure Island," scheduled for CBS-TV on Saturday, March 5. He'll portray Billy Bones.

'Just Bad Musical' Tags New Offering

By JACK GAVER
UPI Drama Editor

NEW YORK — It may not be charitable, but the only decent thing to do in the case of "Beg, Borrow or Steal," which opened at the Martin Beck Theater last night, is to come right to the point and say that it is a bad musical.

★ ★ ★

A lot of money and effort have gone into this effort to make entertainment capital out of beatniks, and a number of good people are involved. It is a pity.

★ ★ ★

What merit there is lies in the cast leaders, who are Larry Parks, Betty Garrett, Eddie Bracken and Biff McGuire. These are ordinarily standout performers, but no one can triumph with bad material.

Tugs Tow Tanker to San Francisco

SAN FRANCISCO (UPI)—Three tugs were heading to port here today with the 21,800-ton tanker Angelo Petri which became swamped two days ago at the start of a trip to the East Coast.

★ ★ ★

The drama of the Petri was watched by hundreds of persons from the shore yesterday.

The Petri, carrying two and a half million gallons of wine, a million and a half of cottonseed oil, and 1,500 tons of missile fuel, still had 26 members of its 40-man crew aboard.

The tugs took the Petri under tow yesterday after a 20-hour battle with gale winds and 40-foot waves. The winds and waves threatened several times to drive the disabled vessel onto the rocks of San Francisco's ocean beach.

Collects Toy Elephants in Addition to Taxes

BERKELEY HEIGHTS, N. J. (AP)—The township tax collector, Mrs. Olga Hedlund Curtis, also collects toy elephants. She has 170 from around the world.

★ ★ ★

Mrs. Curtis denies any connection between her hobby and the symbol of her political party—the Republican elephant. "As a matter of fact," she says, "My collection also includes two donkeys."

Congo Real Big Place

ANTWERP — The Belgian Congo has an area of one million square miles and a population of about 16 million.

7 Veterans to Retire From Highway Dept.

LANSING (UPI) — Seven employes of the State Highway Department with 179 years of service retire this month.

The seven include:

Howard Bacon, 66, East Lansing, a highway planning engineer; Albert Trimmer, 66, Kalamazoo, maintenance garage employe; William Schneider, 64, Dearborn, highway inspector; Mrs. Ruth Logue, 61, Lansing, photographer; Aaron Hagenbuch, 69, Lansing, concrete inspector; Arthur Edson, 67, Charlotte, maintenance garage employe and Mrs. Charlotte Newkirk, 55, stenographer in Grand Rapids.

The Rockefeller Mountains are in the Antarctic.

Murders Plague Chicago 'Jungle' —All Unsolved

CHICAGO (UPI) — Chicago's 1960 murder rate rose to one a day today — and police said none of the slayings had been solved. Among the 40 victims were two women, two elderly men, a long-time foe of union corruption and a dentist.

* * *

The frightening rise in violent death, coinciding with disclosures of wide-spread police corruption, led one newspaper to ask:

* * *

"Is Chicago a city governed by law and order . . . or is Chicago a jungle?"

Communism Tops? Phooey!

Petition to Retain Former Name of Waterford School

Twenty-five Waterford Township residents are circulating petitions to have the name of the high school changed back to Waterford Township High School.

The Board of Education unanimously voted to change the name to the Thomas A. Edison High School. After students protested the change, however, the Board compromised and decided on the name Waterford Edison High School.

The decision to change the name was made because of the coming construction of another high school in the district, which will be known as the Waterford Kettering High School. The name changes would become effective in September, 1961.

★ ★ ★

The petitions state:

"We, the undersigned, hereby indicate our preference in the naming of Waterford Township's present high school and ask that it be named Waterford High School. We back the Student Council's recommendation that local historical places be commemorated in naming the schools, and in addition that local personages be considered."

The petitions conclude:

"We do not want Waterford-Edison or any similar combination for the present high school."

★ ★ ★

The wife of one of the School Board members, Mrs. Edmund Windeler of 5601 Hatchery Rd., started the circulating of the petitions.

★ ★ ★

She said many students had come to her weekly newspaper office to protest the changing of the school name and that adults had also telephoned suggesting that petitions be circulated.

Mrs. Windeler said that she acted purely as a private citizen and newspaper editor and the fact that her husband voted in favor of the name change did not alter her feelings.

Mrs. Windeler said she was afraid that eventually the "Waterford" part of the name would be dropped, and the schools would be known as Edison and Kettering.

★ ★ ★

A list of residents who are circulating the petitions was not available. Mrs. Windeler said some of the petitions were being placed in business places throughout the township.

Asked if this means the Board might reverse its decision changing the name of the school, Supt. William Shunck said simply:

"Any Board of Education that establishes a definite position on a matter can change or rescind its decision."

Indian Crowds Small for Nikita

Turnout Friendly but Silent; Ike Had Much Bigger Welcome

NEW DELHI, India (AP) — Nikita Khrushchev today began a four-nation "peace and friendship" tour of Asia before Indian crowds small by comparison with the tumultuous throngs who greeted President Eisenhower two months ago.

Beaming and waving his white Panama hat to thin lines of flag-waving Indians, the Soviet Premier seemed either unaware or undaunted by the comparison of the welcomes.

More than a million Indians had turned out to welcome the U.S. President. The crowd today was in the neighborhood of 250,000.

The turnout for Khrushchev was friendly but showed none of the wild enthusiasm shown for Eisenhower. Many clapped, only a few cheered, and some watched silently as Khrushchev drove by to the presidential palace with Prime Minister Nehru and President Rajendra Prasad.

The Eisenhower motorcade took 2½ hours to travel the 11-mile route because of the crowds; Khrushchev did it in about an hour.

★ ★ ★

A major reason for the smaller crowds today may have been tighter security controls, ordered to prevent the motorcade from being blocked even once. And Khrushchev is paying a return visit to India, having been here four years ago.

In a brief prepared speech at Palam Airport, Khurshchev praised Nehru as one who "realizes full well the significance of friendship between our countries and our common struggle for consolidation of peace and friendship among all nations."

Mum on Bomb Attack

LITTLE ROCK, Ark. (AP) — Police and the FBI have cloaked with silence the investigation of a bomb attack on the home of a Negro pupil who attends an integrated high school here.

Dope King Gets Orders

NEW YORK (UPI) — "King of the rackets" Vito Genovese, 62, was ordered to surrender to authorities today to begin serving a 15-year federal sentence as boss of a vast narcotics ring.

Asks Fee Game Licenses for Elderly Citizens

LANSING (AP) — Free hunting and fishing for Michigan's elderly citizens and state inspection of automobiles are proposed in the newest batch of bills laid before the Legislature.

Persons over 65 would be exempt from hunting and fishing licenses requirements under a bill by Rep. Gilbert L. Wales (D-Stambaugh). At that age, he said, most are retired and looking for recreational outlets but are limited by reduced incomes.

For Dessert, They Had Soap

AP Photofax

VALENTINE BIRTHDAY PREVIEW—Twins Alphonse (left) and Frank Formicola will be one year old Sunday — Valentine's Day. To get into the spirit of the occasion, they celebrated a bit prematurely with a cake. The twins are sons of Mr. and Mrs. Frank Formicola of Greece, N. Y., near Rochester. We bet that for dessert, they had soap — applied externally.

No GOP Foe Expected

Bentley Hops Into Senate Race

LANSING (UPI) — Michigan's 1960 election campaign will open tonight when Rep. Alvin M. Bentley (R-Mich) announces he will run for the U.S. Senate.

He may have a clear track for the GOP nomination.

★ ★ ★

Rep. Robert P. Griffin (R-Mich) all but counted himself out today.

He said "chances are more remote" now that he would be the one to challenge Sen. Patrick V. McNamara (D-Mich).

"I would be very reluctant to run against a fellow Republican congressman unless I saw substantial indication of support," said the co-author of the Landrum-Griffin labor reform bill.

SHALLOW SECRET

Bentley's secret about his intentions is about as shallow as Gov. G. Mennen Williams' is deep.

The fourth-term congressman has made little attempt to create any suspense about the content of his statement at the Owosso City Club tonight.

"It's no secret that he's going to announce," said Griffin, who predicted McNamara "will be no pushover."

★ ★ ★

Bentley, one of the most seriously wounded when Puerto Rican Nationalist fanatics opened fire in Congress in 1954, will cite his work on the House Foreign Affairs Committee among his qualifications.

The 41-year-old Owosso millionaire will try to hang "spender" and "big labor" tags on McNamara.

Bentley's announcement tonight is expected to be followed up Monday with some kind words by Vice President Richard M. Nixon, who will visit Detroit then.

BUTLER TO HELP

McNamara can count on a testimonial from Democratic National Chairman Paul M. Butler, scheduled to start a tour today which will take him to Lansing, Grand Rapids, Muskegon, Detroit and Mount Clemens.

Butler is expected to be an overnight guest tonight in the home of Williams.

He could be the first to learn whether Williams will seek a seventh term. But more than likely he will be one of many asked for advice.

★ ★ ★

Williams has a speechmaking trip scheduled tomorrow and Saturday on the West Coast.

He has an address set at the Jefferson-Jackson Day dinner in Bremerton, Wash., and a state Young Democrats Convention in Seattle.

Sheriff Certain Man Is Hostage

Colorado Lawman Has a 'Feeling' Millionaire Held by Kidnapers

GOLDEN, Colo. (AP) — Sheriff Art Wermuth said today he is convinced millionaire Adolph Coors III is alive and a hostage of kidnapers.

★ ★ ★

"It's just a feeling," he said. "I think he's alive but I don't have any proof. It's just my particular idea."

Coors, 44, is chairman of the board of the Adolph Coors Co. here. He vanished Tuesday morning while en route to work from his home in the Rocky Mountain foothills west of Denver. His carry-all truck, its motor running, was found abandoned on a small rural bridge.

Blood was found on the seat of the vehicle, in the dirt beside it and on a railing of the bridge.

HUMAN BLOOD

The FBI laboratory in Washington identified the blood on the bridge railing as human, but did not immediately say whether it matched the type of the missing man.

Scott Werner, agent in charge of the FBI office in Denver, said only: "We still are investigating."

Werner refused to answer a question whether law enforcement agencies or members of the Coors family have received any contacts regarding the missing industrialist.

Wermuth, a World War II Army hero who was known as the "one man army of Bataan," answered the same question this way:

"I personally have not seen any ransom note. I can't speak for 70 or so people in the field, or for Scott Werner."

Statistically, Everyone Entitled to Letter a Day

WASHINGTON (AP) — Get your letter today? Statistically, you're entitled to one.

Post Office Department witnesses have told the House Appropriations Committee the volume of mail, year after year and city by city, works out to about "a piece of mail for every man, woman and child in the United States every day."

Tony Wedek, Tax Consultant, FE 3-2107. Open evenings, 30 Jacobes.

'Sign My Autograph Book?'

Pontiac Press Photo

HAPPY PATIENT — A bright smile shows that Diana Weir, 12, has fun as a patient at Pontiac General Hospital. Daughter of Mr. and Mrs. Raymond Weir, 805 Scott Lake Rd., Waterford Township, she holds up her autograph collection. For other scenes of new facilities ready for patients like Diana at the nearly-completed hospital, turn to page 13.

Silent (Soviet?) Moon Orbiting Around Earth

WASHINGTON (AP)—A dark satellite that the Pentagon said may be of Soviet origin tumbled through space today in an orbit of mystery.

Its path over the poles was one that would be desirable for any type of "seeing eye" space spy. Moscow was saying nothing about it.

Here's all that's known about the mystery object, according to the Defense Department:

It appears to be in a near polar orbit. It is dark and is probably less than 19 feet long. It is silent, as far as U.S. monitors are concerned.

But American space scientists have not ruled out the possibility that the satellite could be sending messages if triggered by a remote receiving station in the Soviet Union.

However, these scientists have learned from experience that it is difficult to receive signals from a space vehicle tumbling in orbit, as this one appears to be doing.

At Jodrell Bank in England, scientists at the British radio telescope said they knew of no satellite sent aloft by the Soviets recently and that they have no information on any new satellite around the poles.

Navy tracking stations first spotted the object about three weeks ago, but the Defense Department said nothing about it.

There was no official comment until after word was publicized Wednesday that the Pentagon was buzzing with "what is it?" speculation.

American scientists quickly eliminated the possibility that the space traveler was one of the known American or Soviet satellites which had been launched in a generally east-west orbit.

They also tended to rule out the possibility that it could be a part of Soviet's Lunik III that took a picture of the far side of the moon last October.

Navy trackers who keep a continuous watch on all space objects said they knew the whereabouts of the Discoverer rocket casings—and that this object was not one of them.

The only indication of the mystery satellite's size came in the Pentagon's comment that the object is slightly smaller than the Discoverer carrier rockets. These carrier rockets are 19.2 ft long and 5 feet in diameter, weighing 1,400 pounds at burn-out. Their ejectable capsules weigh 300 pounds.

No Progress as Bus Contract Talks Break Up

Bargaining talks in the two-month Pontiac bus strike broke up again yesterday with no progress reported.

★ ★ ★

State mediators said there was no change in the union position and no new company offer.

Striking bus drivers and mechanics have asked for a 23-cent-an-hour package increase while the company has offered only to extend the terms of the old contract.

Mediators had scheduled another bargaining session today in Saginaw.

★ ★ ★

Pontiac, Saginaw and Kalamazoo were hit by strikes at the same time against local bus companies operating as subsidiaries of National City Lines, Inc. Only the Kalamazoo strike has been settled.

Cuba Sends 104 to Jail for Plot

Charge Trujillo Backed Conspiracy Against the Castro Government

HAVANA (AP) — A Cuban military court Wednesday night convicted 104 persons of conspiring to overthrow Fidel Castro in a plot the government charged was backed by Generalissimo Rafael Trujillo of the Dominican Republic.

★ ★ ★

Sentences ranging from 3 to 30 years were handed down by a five-man military tribunal in the biggest conspiracy trial since Castro seized power more than a year ago. Thirty-six defendants were acquitted.

The 104 convicted were stripped of their property and money, which will be seized by the government.

Maj. William Morgan of Toledo, Ohio, an officer in the Cuban revolutionary army, was credited with uncovering the plot in the role of a double agent.

★ ★ ★

Morgan claimed that Trujillo was the mastermind and big financial backer—charges Trujillo denied.

The 30-year sentences were given to nine defendants captured in a gun battle at Trinidad, in central Cuba, last August after they landed in a plane the government said came from the Dominican Republic. Two of Castro's soldiers were killed in the gun battle.

Castro himself watched the trap sprung after the arms-landed plane was lured by planted reports that a full-fledged revolt was under way. Among the nine was Luis Pozo, son of a former mayor of Havana.

★ ★ ★

The nine men offered no defense during the trial. All the other defendants denied the charges against them.

Maternity Nurse of Queen Moving to Palace Shortly

LONDON (AP) — Queen Elizabeth's maternity nurse is expected to move into Buckingham Palace in the next 24 hours in preparation for the birth of the Queen's third baby.

Latest medical examinations show the baby is likely to be born this weekend, authoritative sources said. The Queen sent word to nurse Helen Rowe to stand by for an urgent call.

The nurse will move into rooms near the Queen's suite.

The Queen continued in the best of health. Leaving the palace Wednesday afternoon to have tea with friends, she waved cheerfully to a small crowd of women at the gates.

Banks to Close Friday for Lincoln's Birthday

Banks will be closed all day tomorrow because of the national observance of Abraham Lincoln's birthday.

Post office schedules won't be affected by the holiday, nor will local, county of state offices.

Mercury Tumbles; 'Twill Be 15 Tonight

Old Man Winter sent temperatures tumbling from a high of 46 degrees to 20 at 11 a.m. today when he returned to the Pontiac area last night.

The weatherman said residents may expect snow flurries and temperatures colder with a low of 15 tonight. Friday will be partly cloudy and cold with snow flurries and a high of 25.

The outlook for Saturday is cloudy and continued cold. Morning southwesterly winds at 12 miles an hour will become 15-25 miles and diminish tonight.

At 1 p.m. the thermometer registered 20.

Reds Snub Pasternak

MOSCOW (UPI) — The Soviet press made no mention of Boris Pasternak's 70th birthday yesterday. The Nobel Prize-winning author of "Dr. Zhivago" was believed to have spent the day at his suburban villa.

Ike Dismisses K's Contention as Crazy Idea

Admit Russians Have Accomplished Lot, but Urges U.S. Calmness

WASHINGTON (AP)—President Eisenhower today labeled as crazy a specific contention by Soviet Premier Nikita S. Khrushchev that communism is superior to free world capitalism.

At a news conference, Eisenhower was asked for comment on a statement, attributed to Khrushchev, that Russia's flag is flying on the moon and this proves that communism is better than capitalism.

Eisenhower replied he thinks it's a crazy statement.

The President said he concedes that Russia has to its credit some spectacular achievements in space exploration. But the American people, Eisenhower went on, should not get hysterical about such achievements.

The President added that we should not let this sort of accomplishment by Russia dismay us.

OTHER TOPICS

Eisenhower dealt with these other topics:

★ ★ ★

NUCLEAR — He called for a virtual ban on all nuclear weapons testing — linked to foolproof inspection safeguards.

In disclosing proposals to be outlined later in the day at the Geneva conference on nuclear test bans, Eisenhower excepted only such underground tests as cannot be detected at the present time.

Eisenhower said he hopes the American plan will end the months-long deadlock at Geneva.

★ ★ ★

DEFENSE — Eisenhower said he deplores public argument among military experts regarding the adequacy and specific requirements of the nation's defense.

He made that statement when told that experts in the Defense Department and members of Congress have been in intense controversy regarding the relative missile strength of the United States and Russia.

Eisenhower touched off a laugh by remarking it would be fair to classify Defense Department officials as experts. The implication was that he does not regard all Congress members as experts.

As for those at the Pentagon, Eisenhower said, obviously the men there come up with different ideas and exploit them.

The President then went on to say that he deplores arguments among these experts on the methods involving U.S. security, and the publicizing of such differences.

★ ★ ★

MISSILES — Eisenhower said he returned from an inspection tour of the missile test center at Cape Canaveral, Fla., yesterday feeling much better about this country's missile program than when he left Washington.

He said he was impressed by what he saw and heard at Canaveral. He spoke of a business-like atmosphere there and said there was a minimum of extravagance and a maximum of efficiency, competence and dedication to the problems at hand.

3,000 Additional GM Workers Earn an Extra $35 Million Here

Wages which were 35 million dollars higher than the year before, and an average employment at the three plants of 3,000 above that of 1958 were the General Motors Corp.'s contributions to Pontiac's economic growth in 1959.

During the year, $156,445,979 was distributed in payrolls to an average of 22,682 employes at the three GMC plants in the city, officials of the three divisions announced in a joint statement today.

★ ★ ★

In the same period, another $46,251,200 was paid to other firms who supply the three plants with goods and services for production. Many of the suppliers are local concerns.

Releasing these figures were S. E. Knudsen, Pontiac Motor Division general manager and corporation vice president, C. J. Werner, GMC Truck & Coach Division general manager and vice president of the corporation, and Thomas F. Wiethorn, manager of the Fisher Body Division plant here.

Wiethorn said a multimillion dollar renovation and expansion program at the Fisher plant was initiated last year, one of Oakland County's largest construction projects.

The plant supplies the Pontiac Motor Division with bodies, and expectation of continued growth of Pontiac sales necessitated updating and expanding the Fisher facilities.

★ ★ ★

Production of station wagon models was started here with the beginning of the 1960 model year. By 1961, when the present construction program is scheduled for completion, the plant will be able to supply any body type the Pontiac Motor Division will demand.

General Motors employes at the three Pontiac plants invested $3,174,777 in U.S. Savings Bonds during last year through the payroll deduction plan and they contributed $245,806 to the 1959 United Fund drive.

Rockefeller Hedges

BUFFALO, N.Y. (UPI)—Gov. Nelson A. Rockefeller broke a two-month silence last night to praise Vice President Richard M. Nixon for proposing a "clear and forthright" Republican presidential campaign. However, he ducked direct endorsement of Nixon for the GOP presidential nomination.

C. of C. Studies Industrial Plan

Corporation Would Try to Get New Businesses for Pontiac Area

The Pontiac Area Chamber of Commerce is eying formation of an industrial development corporation to persuade new industry to settle here.

As a first step, a delegation traveled to Muskegon today to study a similar movement there.

It is expected, chamber officials said, that after a preliminary investigation, plans for a Pontiac corporation will be submitted for approval by the chamber's board of directors.

"The aim of an industrial development corporation, basically, is to provide more jobs for the community," said John W. Hirlinger, Chamber of Commerce manager.

"If such a drive were successful here all levels of the community would benefit.

"For labor groups, for instance, there would be more and better jobs. Manufacturers would have a larger and more varied labor pool.

"A broader tax base would help local government; churches, retailers and professional men would see more members, more customers and more clients.

"New industry and more jobs would aid real estate interests through increase land values and more building."

* * *

Industrial development corporations usually try through several methods to create a favorable atmosphere for new industry.

A typical corporation will acquire and develop potential industrial sites and widely advertise their advantages.

In some cases, Hirlinger said, development corporations even aid in the erection of new buildings for new industry.

Most cities strive to seek new industry that is non-competitive with existing plants.

Development corporations also take on the task of helping existing industry to expand and modernize.

In the Muskegon delegation, besides Hirlinger, were Albert W. Holcomb, first vice president of the chamber, and L. Clare Utley, chairman of the chamber's industrial affairs committee.

The delegation was to meet with Muskegon Chamber of Commerce officials to study the manner in which the Lake Michigan city set up its industrial development corporation, which the Pontiac representatives described as "outstandingly successful."

Suing Deputy, Motorist Found Guilty in Accident

A Waterford Township man who is suing Deputy Sheriff Donald Kratt and Oakland County for $50,000 damages he claims he suffered in an accident involving Kratt's car was found guilty of a traffic violation in the accident yesterday.

Cyril J. Kampsen, 36, of 2018 Denby St., was convicted for "unsafe turning in a direct lane," said Waterford Township Justice Patrick K. Daly.

Kampsen was ticketed at the scene of the accident last March by Pontiac state police.

Kampsen has charged in a suit filed in Circuit Court that Kratt was speeding and driving on the wrong side of Dixie highway near Silver Lake road when his car struck Kampsen's as it was about to turn into a gas station.

Kampsen was fined $15, $10 costs or ordered to serve five days in the Oakland County Jail.

He has appealed the conviction to Circuit Court.

Kampsen, a plant protection officer at Pontiac Motor Division, has asked $50,000 damages for spinal and other injuries he suffered and for hospital costs.

MENTAL HEALTH LEADERS — Taking time out for a lighthearted moment after discussing serious problems in mental health last night were Richard Merrick (left), president of the board of the Oakland Child Guidance Clinic, and Ralph E. Walton, clinic administrator for the State Department of Mental Health. The occasion was the Clinic's annual meeting held at the Northwood Inn in Berkley. Pontiac Press Photo

Says Children 'Detained' Instead of Treated

Mentally Ill Care Is Hit

By HARVEY ZUCKERBERG

Dr. Robert H. Graves last night charged that mentally ill children are detained, rather than cared for adequately, in the Oakland County area.

Clinical director of the department of psychiatry at Detroit's Receiving Hospital, Graves delivered his message to some 200 members of the Oakland Child Guidance Clinic at their annual meeting at Northwood Inn in Berkley.

* * *

He cited the achievements of the clinic in its out-patient care for the emotionally disturbed child, on the family level.

"But," said Graves, "it has been a developing concern that something be done to provide care, not detention, for the increasing numbers of children committed to state hospitals by our probate judges.

"This placement of children in institutions not planned for them creates new problems which we must now begin to solve."

Graves said also that emergency cases are locked up in jail because there is no other place in the area to receive them.

* * *

"It is astonishing, but none the less true, that a child who has developed a severe emotional disturbance which requires immediate psychiatric attention cannot be hospitalized on an emergency basis anywhere in this area.

"Estimates obtained from children's agencies in the area suggest that approximately 30 to 35 cases requiring some kind of urgent institutional care occur each month.

"There has been no recourse to deal with these children but to send them to jail."

* * *

Graves added "we are not making spectacular headway" in the prevention of juvenile delinquency.

According to Probate Judge Arthur E. Moore, who attended last night's session, there are now close to 150 children who have been committed by Michigan's probate courts to state hospitals who have no room to take them.

Graves said one of the basic problems is that there is no coordination between the Department of Mental Health, local boards that govern clinics, welfare agencies, educational institutions, correctional agencies, courts, hospitals and other public and private agencies engaged in the care of children.

"We can," he said, "along with the creation of needed new services, more adequately coordinate those services we already have. It is my hope an agency can be created to serve this need.

* * *

"The motivation often behind the plan worked out by a children's agency for a given child in difficulty is more in terms of trying to figure out a way to get rid of the problem rather than what would be best for the child.

"We have no overall plan and agencies continue to operate in relative isolation."

Graves quoted "from an ancient Jewish proverb . . . 'Small children disturb your sleep; big children, your life.'"

The psychiatrist said, "We still treat our most precious assets in a barbaric fashion."

Two Announce Candidacy for National, State Posts

A neophyte to politics, and a 1958 nominee who came within 4,000 votes of unseating the incumbent in his first try at politics, yesterday announced their intentions to seek the Democratic nominations for Oakland County's two highest elective offices.

Edward J. Vanderlaan, a 29-year-old government and history teacher at Birmingham's Seaholm High School, has plunged into politics for the first time in seeking the county's 18th congressional seat in Washington.

Going after the nomination for the county's state Senate seat in Lansing is Leo P. Meagher, 51, a resident of Woodcreek Farms and a Detroit real estate broker.

A licensed pharmacist who once was a UAW member during World War II, Meagher (pronounced Maher) in the 1958 election lost to incumbent Republican Sen. L. Harvey Lodge by a scant 4,403 votes.

* * *

Vanderlaan (pronounced Vanderlawn), who in 1952 studied for the priesthood at Notre Dame University, will be hoping for his party's nomination in August so he may oppose Congressman William S. Broomfield, Republican two-term incumbent.

He said at this stage of his campaign there were "no major issues" on which he disagreed with Broomfield. "But there's lots of time between now and the primary," he said.

At a press conference at county Democratic headquarters at the Roosevelt Hotel yesterday, Vanderlaan, of 4901 Valley Vista Circle, Troy, told how he made up his mind almost over night to seek the nomination.

* * *

A member of the Birmingham Democratic Club the last three years, the graduate of Michigan State University said he was urged by Mrs. John H. McVay, club chairman, to toss in his hat.

"I just called him up and asked him, that's all," Mrs. McVay said.

CAUGHT BY SURPRISE

This caught Carlos G. Richardson, county chairman, by surprise. "He comes to me as a total stranger," Richardson said. He said he first met the tall, slender candidate, who looks his part of a teacher, at a dinner two weeks ago.

He introduced himself, and at the same time announced his candidacy to members of the county committee Monday night. The committee, however, hasn't endorsed Vanderlaan as Richardson said other candidates might announce.

Vanderlaan started his $5,100-a-year teacher's job in Birmingham in 1956 after he received a degree in history and political science from MSU. He was born and raised in Muskegon.

* * *

Married and the father of a 4½-year-old daughter, his wife also teaches in Birmingham.

Like Vanderlaan, Meagher, of 29097 Utley Rd., reserved any pre-primary statements or criticism of his possible GOP opponent Lodge.

PHARMACIST

But Meagher promised a "positive and constructive program for state government after the primary." "You don't have to tear someone's house apart to build your own," he said.

A member of the Democratic state finance committee, Meagher spent nearly four years at Wayne State University taking a premedical course when illness interfered. Finding he had earned sufficient credits to take his pharmacist board exams, he did so and became licensed.

He took his apprenticeship at a Detroit drug store and then purchased his own. After expanding his chain of stores, World War II again interrupted his plans.

* * *

He joined the research department of Fisher Body Division and was a member of the bargaining committee for Local 157, UAW.

"While I can give no assurance that my position on the matter of legislation will always be in agreement with the people who have supported me, I will promise to take a strong position in support of legislation that is in the common good of all the people of our state," Meagher said.

Employe Eyes Postmastership

Veteran of 23 Years at Downtown Station Announces Candidacy

Clarence H. Smith Jr., a man with "no party affiliations," has announced himself as a candidate for appointment as acting postmaster of Pontiac.

* * *

Smith, 44, of 37 Vinewood Ave., is superintendent of the Federal Station (downtown) Post Office and has been a Pontiac postal employe for 23 years.

He was among the top three who qualified on the civil service postmaster test in 1958.

Said Smith: "I have no political affiliations. I base my candidacy on the eligibility of the civil service test and on merit through coming up through the ranks."

* * *

Smith was a U. S. Air Force captain in World War II. He served in Europe and was awarded the Air Medal with three clusters and the Distinguished Flying Cross for strikes on Germany.

A major in the U. S. Air Force Reserve, Smith is a member of the Elks and the Pontiac Metropolitan Club.

A graduate of Pontiac High School, he has two children in the Pontiac school system.

Fugitive Has Run-In With Milwaukee Law

MILWAUKEE (AP) — Detectives William Schendel and Joseph Miszewski were happy to see the motorist who ran into their squad car.

* * *

The driver was Raymond Howard, 44, for whom the two detectives had been looking for almost two months on a theft charge.

The Day in Birmingham

Voters, Candidates Near Deadline in 3 Communities

BIRMINGHAM—Monday is the deadline for voters to register and candidates to file nominating petitions for the March 14 elections in Beverly Hills, Franklin and Bingham Farms.

* * *

Candidates must file their petitions by 4 p.m. and registrations will be accepted until 8 p.m.

Beverly Hills Clerk Alice Spencer said the village office will be open Saturday from 9 a.m. to noon for those not having the opportunity to register Monday.

Registrations in Bingham Farms can be made by contacting Clerk Pauline S. Marson at the Outland Riding Stables.

A meeting to consider the organization of a Birmingham Business and Professional Women's Club will be held at the Community House Feb. 17 at 8 p.m.

Only women actively employed are eligible for membership.

Further information may be obtained by contacting Mary Trambush, 1128 E. Nine Mile Rd., Hazel Park.

The Birmingham Alumnae chapter of Alpha Xi Delta sorority will meet Monday at 8 p.m. in the home of Mrs. Jack E. LaBelle, 217 Westwood, Bloomfield Township.

The program topic will be "National Philanthropy."

WILLIAM C. CANFIELD

Service for William C. Canfield, 44, of 5010 Wing Lake Rd., Bloomfield Hills will be held at 1 p.m. Saturday at the Bell Chapel of the William R. Hamilton Funeral Home. The place of burial is yet to be dicided.

Mr. Canfield died Wednesday in New Grace Hospital, Detroit, following a long illness.

A graduate of Cass Tech High School in Detroit, Canfield was a commercial artist.

He was a member of the Northwest Baptist Church and a former member of the Ad-Craft Club.

Surviving are his wife Evalyn; three daughters, Mrs. James Watson of Detroit, Mrs. Roy Carlton of Bloomfield Hills, and Judy Ann, at home; his parents, Mr. and Mrs. A. B. Canfield of Highland Park; two sisters, Mrs. Jack Erkfitz and Mrs. Carl Yurgalite, both of Detroit, and two grandchildren.

Ex-Southfield Official Dies

Eugene Swem Helped Draft City Charter and Boosted Teen-Agers

A man dedicated to bettering his community and assisting youth, former Township Supervisor Eugene Swem of Southfield, died of a stroke early today. He was 75.

The end to an active life came at 5:40 a.m. in Mount Carmel Mercy Hospital, Detroit. Swem succumbed to a heart condition after only a four-week illness.

His career in local government began in 1952 upon his retirement from teaching high school for almost 50 years. He was appointed to the old Southfield Township Board of Trustees that year.

In 1955, Swem became township supervisor upon the death of William Roeser, who held the post previously. Swem remained in office, first as supervisor and then as city administrator after Southfield gained city status at the polls in 1958.

Swem was a leading force in the campaign to make Southfield a city. He later headed its committee to draw up a suitable charter.

On Dec. 31, 1958, Swem handed the reins to Robert J. McNutt, present city administrator. The City Council then appointed Swem city historian.

When he closed the door on his teaching career to enter public service, Swem did not forsake the youths of his community.

He became an active supporter of all their worthy endeavors, including the recent formation of the Upper Teens Club in Southfield.

He had been a teacher at Redford High School and Northern High School in Detroit.

Surviving are his wife Marion; a son, Floyd of Evart; a granddaughter, two brothers and a sister.

The body is at the Northrup Funeral Home, Detroit. Burial will be in West Branch.

Cuban-Soviet Pact on Sugar Is Near

HAVANA (AP) — Commerce Minister Raul Cepero Bonilla says Cuba and the Soviet Union are "not far" from signing a trade agreement assuring steady Soviet purchases of Cuban sugar.

He also hinted during a TV appearance Wednesday night that diplomatic relations between the two countries, broken off during Fulgencio Batista's regime, may be resumed.

Cepero Bonilla's comments were the first official suggestion that Cuba would enter into an agreement with the Soviet Union although this has been considered a likely outcome of Soviet Deputy Premier Anastas Mikoyan's current visit to Cuba.

Ike Declines Visits

WASHINGTON (UPI) — President Eisenhower has declined informal invitations to visit Sweden, Denmark and Norway on his way to Russia in June.

A similar invitation extended by Finland several days ago was still under consideration.

Freckles come from an irregular pattern of pigment that is usually produced by the human body's adrenal and pituitary gland systems.

New York Fire Dept. to 'Abandon' Theater

NEW YORK (AP) — The fire department is ending its custom of having a fireman stationed at legitimate theaters during performances.

Fire Commissioner Edward F. Cavanagh Jr. said the 40-year-old safety measure will be abandoned March 1, and a new program of intensified inspection and fire prevention training will be instituted.

Jamaica manufactures 1.5 million gallons of rum annually.

Civilian Lines Will Get More Military Freight

WASHINGTON (UPI)—The Defense Department has disclosed that it will transfer freight hauling contracts worth 100 million dollars a year from the Military Air Transport Service (MATS) to civilian airlines.

★ ★ ★

It said the plan, which has President Eisenhower's approval, would limit MATS to such "hard core" military missions as hauling tanks and other heavy weapons.

Shape West Proposals for Disarmament Talks

WASHINGTON (AP) — The West's top disarmament negotiators gathered in Washington today to shape Allied proposals for mid-March disarmament talks in Geneva with the Soviet bloc.

Britain, France, Italy, Canada and the United States were represented at the secret sessions getting under way amid doubts here over the prospects of any speedy agreement with the Reds on key issues.

Fiance Reventlow Has Everything

Jill St. John's Problem Is a Wedding Present

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) — What to buy the man who has everything is one of the problems faced by Jill St. John in her forthcoming marriage to five-and-dime heir Lance Reventlow.

"It's a problem, sighed the red-haired actress, whose problems you and I would probably enjoy. "What could I possibly get him as a wedding gift?

THOMAS

"The only thing I can think of is little carved animals, which he has started collecting. They're kind of expensive, though."

In preparing for her marriage a month or so hence, Jill faces a different situation from the usual bride-to-be. Take the matter of showers.

"It would be silly for me to have them. A kitchen shower? I'm moving into a house that Lance has lived in for two and a half years and that has every appliance conceivable. I've turned down my friends' offers to have showers for me, except for one lingerie shower Saturday. Lance is very disappointed in me for allowing that one."

COST $400,000

Jill was speaking in the house she will soon preside over. It is a large hilltop home given Lance by his mother, Barbara Hutton. It is compete with indoor-outdoor swimming pool and cost an estimated $400,000.

When they will marry is a question. It was scheduled for late next month, but Jill's booming film career may interfere. She is slated to begin "The Lost World" this week and to follow with "Live Wire." The date now appears to be early April.

"We have already planned a honeymoon trip to Japan, so we thought we would get married in Honolulu, to avoid a lot of publicity," she said. "Then we thought of Cuernavaca, where Mrs. Hutton has a house. But it is 25 miles from Mexico City on a winding road and our families couldn't face that.

"Now it looks as though we'll get married here, either in my parents house or Lance's. We'll have only 10 people or so: If we started inviting all our friends, it would get out of hand."

SHE'LL WATCH

After the Japanese honeymoon, she'll return for "Live Wire," then they'll take off for a summer in Europe while he races his motor cars.

"Yes, I'll watch," she said resignedly.

"But I don't worry so much about Lance any more. He has been skiing since he was 6, playing polo since 12, riding horses and racing cars all over the world. Yet he hasn't broken any bones, except a knuckle while he was standing still. He knows what he is doing."

F. S. Norton Officer at Railway Express

Francis S. Norton, 2338 Radnor Dr., Birmingham, has been appointed assistant vice president of the traffic of Railway Express Agency.

He formerly was general traffic director of the Fisher Body Division of General Motors Corp.

A founder of the Motor City Traffic Club of Detroit, Norton also has been active as a member of the Greater Detroit Board of Commerce, the Traffic Club of Detroit, National Defense Transportation Assn., National Freight Assn., National Industrial Traffic League and the Recess Club.

The first president of what is now Pennsylvania State University was Evan Pugh, who was inaugurated in Febuary of 1860.

Just How Soon Will We See Still Smaller Compact Cars?

AP Automotive Writer

DETROIT (AP)—Two of the Big Three auto manufacturers — Ford and Chrysler—have confirmed they are testing cars smaller than any U. S. product now on the road. This means General Motors probably has one or more similar cars in the works, too.

However, none of these cars is ready as yet for the market and they may never be offered.

In recent news conferences, Chrysler President L. L. (Tex) Colbert and James O. Wright, general manager of Ford Division, touched briefly on these smaller cars.

Both stated firmly that absolutely no decision has been made about whether to go ahead with the projects.

"That decision," Colbert said, "will only be made when we are convinced the public wants a smaller car."

Because of the highly competitive nature of the auto business such a decision necessarily would involve all of the Big Three companies. If one comes out with a smaller car the others will also.

For example, a Ford official, discussing the 1957 decision to go ahead with the compact Falcon, said "We had to be convinced the market existed not only for our car but for the competitive cars we were sure our rivals would bring out."

QUICKLY ON MARKET

As it turned out, the Falcon, Chevrolet's Corvair and Chrysler's Valiant all appeared on the market within a four-week period last fall.

Public interest in smaller cars has been heightened by the sales success of the new compacts and the continuing progress of Rambler and Lark. But actually it is nothing new for the major companies to have a flock of midgets in their garages.

General Motors, Chrysler and Ford all said at the time they introduced their compacts that they had been experimenting for years with cars of less than standard size.

Some, such as GM's Australian Holden, turned up as foreign car lines. Others were junked. Most contributed something when the final decision was made to build the compacts.

WEIGHT 1,700 LBS.

Published research on the Falcon may give some clue as to the size car Ford is considering. Ford hired a firm in 1957 to check public reaction to five basic types of smaller cars. The smallest of these was a four-passenger, two-door sedan weighing 1,700 pounds which would sell for about $1,700.

Although the eventual Falcon was considerably heavier and bigger, with a six-cylinder engine and a higher price tag, those particular specifications come close to matching the Volkswagen, Renault and Swedish Saab.

Ford research found that in 1957 only 12.6 per cent of a potential car-buying group would be definitely interested in a car that small. The same year combined Volkswagen and Renault sales in the United States were about 86,000 cars. Last year their combined U. S. sales were more than 200,000 cars.

* * *

Saab has interested Ford because of its front-wheel drive, a feature that might one day show up on an American small car.

From past experience it's a lead pipe cinch nothing will be said by any company if and when it does decide to go ahead with smaller cars.

You need only remember back to the compacts. The Corvair, Falcon and Valiant, which took years to develop, were only five months away from the showrooms before the companies even admitted their existence.

Iraq Premier Slaps Soviet-Backed Party

CAIRO (AP) — Iraq's Premier Abdel Karim Kassem took another big step away from Moscow Wednesday night.

Baghdad radio announced the premier had refused to license the Moscow - backed Iraqi Communist party of Abdulla Bustani as an official political party. Instead, Kassem granted a license to a splinter Communist party headed by Daoud Sayegh, which international communism has denounced as a "disrupting gang."

The Sahara desert stretches 3,000 miles across Africa from the Atlantic Ocean to the Red Sea.

Kelsey Wheel to Leave Detroit for Romulus

DETROIT (AP) — Kelsey - Hayes Wheel Co., maker of automobile wheels, announced plans Wednesday for a new 4 million dollar plant in Romulus Township near Detroit.

* * *

The plant will be an addition to the Navy jet plane factory which Kelsey-Hayes bought from the government last October for $2,260,000. The Navy plant was built during the Korean War but the war ended before it could be put to use.

* * *

Kelsey-Hayes, which employs 2,500 persons, said it expects to move its entire Detroit operation to the new plant.

MORE WILL SERVE — Trends in unemployment from 1930 to 1970 show how emphasis is switching away from production to service jobs. Reason: Advances in technology, resulting in production of more goods by fewer workers. More workers will be needed to supply services as our standards of living rise.

Trading Stamp Bill to Be Introduced Soon

LANSING (UPI) — A proposal to require state regulation of trading stamp companies will be introduced soon in the Legislature, House GOP Floor Leader Allison Green, Kingston, said Wednesday.

★ ★ ★

Green, member of a trading stamp committee which operated during the interim before the present session, said a proposal was submitted for drafting which would require bonds for such companies.

Green pointed to a stamp company which recently went out of business and which was headquartered in Lansing. People with the stamps could not fully redeem them.

Green said there are presently no licensing or fee payments required of the companies.

Probe Okayed, Another Falters

State Allots $7,500 for Study of Waste, Delays Road Inquiry Bid

LANSING (AP)—One election year investigation got off the ground and another faltered at least momentarily.

That, plus passage of two minor bills, was the boxscore on activity yesterday in the Senate. Lawmakers planned to adjourn following today's meeting for a long weekend.

By a voice vote, senators authorized a $7,500 search for waste in government. They voted 16 to 14 to put off for 24 hours a decision on a $20,000 probe of the Highway Department.

The waste investigation will be a sequel to one led in 1958 by Sen. L. Harvey Lodge (R-Oakland County).

Under the highway inquiry proposal, a special committee headed by Sen. John H. Stahlin (R-Belding) would take up where a predecessor Stahlin-chaired group left off when its grant of power lapsed Jan. 13.

AMC Adds Third Shift to Final Assembly

DETROIT (AP) — American Motors added a third shift to its final assembly line at Kenosha, Wis., this week and became the only auto company building cars on an around-the-clock basis.

The Kenosha plant is the largest volume assembly plant in the industry.

It produced 10,660 cars last week and is scheduled to build a record 10,800 this week.

All American Motor cars are assembled at the single plant.

Detroit Court Bailiff Fired for Misfeasance

DETROIT (AP)—A Common Pleas Court bailiff who spent most of his time in Arkansas was fired yesterday for misfeasance.

James C. Horn, 67, said he didn't work at his bailiff's job because of ill health.

Another bailiff, Charles McDonald, said he served all papers assigned to Horn with a percentage of the fees going to the latter.

Canada Counts 17 Million

OTTAWA (AP) — Canada's population reached 17,678,000 Jan. 1, the Bureau of Statistics reports. This was an increase of 2.3 per cent — or 394,000—from Jan. 1, 1959. It compares with increases of 397,000 in 1958 and the record of 543,000 in 1957.

Dom Perignon, a 17th century French monk, is credited with inventing champagne.

Deaths in Pontiac and Nearby Areas

MRS. JOHN E. CAMPBELL

Mrs. John E. (Maude) Campbell, 67, of 983 Chareut St., died yesterday at Pontiac General Hospital of a heart condition.

Surviving are her husband; four sons, John of Vassar, Ervin, Dexter and Glenn, all of Pontiac; and two daughters, Mrs. Grace Fuller of Pontiac and Mrs. Lucille Avery of Caro.

Mrs. Campbell's body is at the Huntoon Funeral Home.

JOHN W. EICHER

Service for John W. Eicher, 63, of 625 Homestead St., Waterford Township, will be held at 7 p.m. Thursday at the Sparks - Griffin Chapel. His body will be taken to the Prim Sullivan Funeral Home in East Moline, Ill. for service and burial Monday.

Mr. Eicher, a retired tool maker at General Motors Truck & Coach Division, died unexpectedly of a heart ailment at his home yesterday.

EDWIN H. PHELPS

Word has been received of the death of former Pontiac resident Edwin H. Phelps, 80, in Yucaipa, Calif. He died there Monday after a long illness.

Surviving are two sons, Leonard of Seattle, Wash. and Edwin of Arcadia, Calif.; three daughters, Mrs. Martin Alfsen of Arcadia, Mrs. Keith Kellogg of Glencoe, Ill. and Mrs. Edward B. Emmett of Romeo; 13 grandchildren, and a great-grandchild.

Service and burial was in Yucaipa.

CECELIA SMITH

Cecelia Smith, a nurse at Harper Hospital, Detroit, until nearly two years ago, died of a heart ailment yesterday at her home, 144 State St. She had been ill several months.

Miss Smith, 69, was a member of St. Michael Catholic Church.

Surviving are two brothers, John D. of Pontiac and Owen W. of Bloomfield Highlands.

Her body is at the Brace - Smith Funeral Home.

MRS. JACOB VONDERMUEHL

Mrs. Jacob (Emme) Vondermuehl of 51 Edison St. died this morning at her home after an illness of several weeks. She was 89.

She was a member of All Saints Episcopal Church and Guild 8 of her church.

Mrs. Vondermuehl's body is at the Voorhees-Siple Funeral Home.

MRS. WILLARD R. DECKER

WEST BLOOMFIELD TOWNSHIP — Service for Mrs. Willard R. (Anna M.) Decker, 87, of 6306 Deckerland Dr., will be held at 1:30 p.m. Saturday at the Donelson-Johns Funeral Home, Pontiac. Burial will be in White Chapel Memorial Cemetery, Troy.

Mrs. Decker died unexpectedly of a heart attack at her home yesterday.

Surviving besides her husband are a daughter, Mrs. James H. Kinney of Pontiac; and a son, Harold of Orchard Lake.

MISS MARIE F. MEAGHER

OXFORD — Service for Miss Marie F. Meagher, 70, former Oxford and Pontiac resident, will be at 9:00 a.m. Saturday at St. Joseph Catholic Church. Burial will be in Ridgelawn Cemetery.

Miss Meagher, a former teacher, died Sunday at her home in New York City after a two-year illness. She belonged to the Third Order of St. Francis.

The Rosary will be recited at 7:30 p.m. tomorrow at Flumerfelt Funeral Home.

Surviving are a sister, Mrs. Richard Smith, and a brother, E. T. Meagher, both of Oxford.

School Head Dies in Lapeer

Dr. Rehn Director of the State Home for 18 Years

LAPEER — Service for Dr. Adolph T. Rehn, 52, superintendent of the Lapeer State Home and Training School, will be at 2 p.m. Saturday at Muir Brothers Funeral Home.

Burial will be in Mount Hope Cemetery.

★ ★ ★

Dr. Rehn, of 2885 W. Genesee St., died last night in Lapeer County General Hospital of a heart ailment.

A graduate of Wayne University Medical School in 1934, he interned at Receiving Hospital, Detroit.

He was superintendent of the Lapeer State Home 18 years, coming there from the Newberry State Home in the Upper Peninsula.

EX-ROTARY PRESIDENT

Dr. Rehn was a past president of the Lapeer Rotary Club, a member of the Presbyterian Church, Lapeer Country Club and the county and state medical societies.

He also belonged to Lapeer Masonic Lodge No. 84, F&AM; the Bay City Consistory and Elf Khurafeh Temple AAONMS.

Surviving are his wife, Norma; two sons, Thomas at Michigan State University, and Stephen, at home; a sister; and three brothers.

Set Service for Area Building Inspector

Funeral service for Harold B. Maphis, 60, building inspector for Lake Orion and Orion Township, will be held at 2 p.m. Sunday at Allen's Funeral Home. Burial will be in East Lawn Cemetery.

Mr. Maphis of 442 Flint St. died early today at St. Joseph Mercy Hospital after a four-day illness.

He was an instructor with the Detroit Street Railway for 25 years before his retirement in 1950. A former member of the Lake Orion Lions Club and the Lake Orion police department, he also was an Orion Township constable.

Mr. Maphis was a member of the Methodist Church of Cumberland, Md.

Surviving are his wife, Christina C., and three sisters.

Greed, Malice, Hate Charged

Three Men Being Tried in Robbery, Shooting of RO Car Dealer

DETROIT (AP)—Three men were accused in Wayne County Circuit Court yesterday of "greed, hatred and malice" in the slaying of a Royal Oak used car dealer.

Accused of first degree murder in the April 6 death of Parvin (Bill) Lassiter are Roy C. Hicks, 37, Charles Nash, 42, and Richard Jones, 27, all of Chattanoogn, Tenn.

Prosecutor George D. Kent said the men beat, shot and robbed Lassiter, leaving his body in a field.

He charged the slaying was arranged by Hicks in order to erase a debt owed to Lassiter.

An attorney for Nash said he will plead insanity. Jones' attorney said he will contend Jones was tricked into a confession with a promise that a lesser charge would be brought against him.

★ ★ ★

Hicks' attorney said Hicks had been drinking and did not take part in the murder.

Only one witness testified yesterday in a trial expected to run several weeks.

★ ★ ★

Among the spectators in the crowded courtroom was the victim's attractive, blonde wife, Nell, 28, of 19060 Beverly, Beverly Hills.

Parakeet Barks Away Just Like Any Ol' Dog

COLUMBUS GROVE, Ohio (AP)—When the baby takes a nap at the James Holmes home here, both the dog and parakeet must be shushed.

★ ★ ★

The bird has taken to barking and whining like the pup, Holmes says, and makes just about as much noise.

More than 85 per cent of the 1,096 common stocks listed on the New York Stock Exchange paid one or more cash dividends in 1959.

Salvaged Boat Shell Produces Novel Bar

LAKE MOHAWK, N.J. —Norman Rintoul has built a bar for his game room from the shell of a salvaged motorboat.

★ ★ ★

The deck supports drinks on a raised "drydock" stand. Mixes are stored under the seat, a cooler unit is under the deck and an oar is used as a footrail.

Bicycle Death Rate

CHICAGO — About 600 Americans die in bicycles accidents every year, two-thirds of them 5-14 years of age.

Sylvan Lake to Start Face-Lifting Project

The Sylvan Lake City Council has taken the first step in a three-year street paving project which would give the city a "new face."

Councilmen voted unanimously last night in favor of the proposed program and authorized City Manager David E. Firestone to begin gathering data and making other preparations to get the project started this year.

When the program is finished, every city street would be paved. The city will pay about a quarter of the cost with property owners paying the balance in special assessments.

"The total cost is not yet determined," said Firestone. "My guess right now is that it will run around $100,000, but this is only a rough estimate."

★ ★ ★

Residents living on Avondale street between Inverness and Pontiac drive petitioned the Council at last night's meeting to pave that stretch of Avondale.

Firestone also presented his proposed 1960-61 budget to the Council for its study.

"It will be basically the same as our present operating budget of $130,000," Firestone explained, "except for the addition of $40,000 for blacktopping."

★ ★ ★

This would make it a $170,000 budget incorporating the first part of the three-year blacktopping program. The operating budget will be financed by the 20-mill property tax as in recent years.

Firestone emphasized that paving the city's streets would save the city an estimated $7,000 per year in high maintenance costs of repairing the present gravel roads.

"If enough people want blacktopping to do a large enough program, the average cost on a 50-foot lot would be $75," said Firestone.

"Fortunately the city has had good planning in the past," he said. "The sewere were installed first; then the water system. Now our underground work is done and we're in an excellent position to pave the streets."

The Council also opened bids on replacement of their police car. Eddie Steele Ford of Keego Harbor was low bidder. Councilmen also voted to increase street lights at the city's two public beaches.

Produce Quinine

GUATEMALA — There are about 1,600,000 cinchona trees in Guatemala from which the drug quinine is obtained.

Asians pay as much as $2,000 for the horn that the rhinoceros carries on his nose.

22 Senators Propose College Loan Fund

WASHINGTON (AP) — Twenty-one Democrats and one Republican in the Senate have introduced legislation for a 125-million-dollar revolving fund for loans to colleges for classrooms and laboratories.

Sen. Joseph C. Clark (D-Pa) chief sponsor of the bill, said it would be identical with the college dormitory loan program, which he called an outstanding success.

★ ★ ★

A similar classroom program was included in two housing bills passed by Congress last year and vetoed by President Eisenhower. At Eisenhower's request, the program was omitted from a third housing bill, which he signed.

The one Republican senator joining the Democrats backing the measure was Jacob K. Javits of New York.

S-P's 1960 Hawk Production Begins

SOUTH BEND, Ind. (UPI) — Studebaker-Packard Corp. has begun production of the 1960 model Studebaker Hawk, a five-passenger sports coupe.

★ ★ ★

The Hawk was displayed last fall but S-P said production was held up so that all available steel could be used in building the bigger volume Lark models. The first Hawk production model was completed Tuesday.

The 1960 Hawk has a new 289 cubic inch V-8 engine with 210 horsepower. A four-barrel carburetor option will boost the horsepower to 225.

The company said the Hawk accounted for 5.4 per cent of S-P sales in 1959, or slightly more than 6,500 cars.

★ ★ ★

Automobile accidents caused 1,350,000 disabling injuries in the U.S. in 1959.

Calvin College OKs Plan for New Campus

GRAND RAPIDS (UPI) — The Calvin College Board of Trustees has approved a master plan for the school's new Knollcrest campus on a 166-acre tract in suburban Grand Rapids.

★ ★ ★

An immediate target date of September 1961 was set for the first new college structures—a men's dormitory; a women's dormitory and adjoining dining hall and a library-classroom building. Cost of these projects was estimated at $2,800,000.

Buildings on the Knollcrest campus will be grouped into four main areas: Academic, residential, nonacademic and seminary. The new Calvin College Seminary already is under construction on the Knollcrest campus.

More than 20 separate buildings on the new campus were expected to be in use by 1975 to accommodate a student body of 3,500.

Asphalt Steals a March in the Land of Cement

LANSING (UPI) — Alpena's decision to use asphalt rather than cement on its arterial street program was hailed today by the Michigan Asphalt Paving Assn.

"It was a victory for our industry in the very shadow of the world's biggest cement mill (Huron Portland Cement Co.)," said Scott A. Baker, executive secretary of the association.

Baker claimed the Municipal Council's 3-2 vote Monday night supported the industry's contention that asphalt offers "true economy."

Women Get Their Way

SHENANDOAH, Va. (UPI)—The Shenandoah Knitting Mills will be closed because women now demand seamless hose and refuse to purchase seamed hosiery manufactured by the firm, Plant Manager Randall Glover announced.

THE SMILING VAN RIES — Mr. and Mrs. Willem van Rie are shown smiling as they posed for photographers outside the courtroom at Suffolk Superior Court in Boston Wednesday, following the opening day of trial against Van Rie on a charge of murder. Van Rie is charged with the shipboard slaying of Lynn Kauffman, 23, a pretty divorcee from Chicago.

Orders Cross Firm to Start Bargaining

WASHINGTON (AP) — A National Labor Relations Board trial examiner has held the Cross Co. of Fraser, Mich. guilty of unfair labor practices in refusing to bargain with the United Auto Workers.

★ ★ ★

In a report released by the NLRB yesterday, examiner James A. Shaw recommended that the company, manufacturer of automation machinery, be required to bargain promptly with Local No. 155 of the UAW.

The company has 20 days in which to accept the findings and if it does not do so Shaw recommended that the board issue an order to enforce his recommendations.

Union members have been on strike against the plant since Aug. 4, 1959, but it has continued to operate.

★ ★ ★

The case traces back to an election held at the plant Nov. 12, 1958, on a petition for decertification of the UAW as bargaining agent. The Union won this, 150 to 134, but the company challenged the results on the ground that on the day of the voting the Union distributed false statements which the company was unable to answer.

The nation's florists handled 8,227,237 flowers-by-wire orders in 1959 for a record total of $63,330,142.

Convair 880 Jet Sets Record Coast-to-Coast

MIAMI, Fla. (AP) — The first 880 four-engined jet airliner clipped about 27 minutes off the transcontinental speed record in its maiden flight from San Diego, Calif., to Miami.

★ ★ ★

The four million dollar aircraft, named "Delta Queen" by Delta Air Lines, its new owner, streaked coast to coast in three hours 31 minutes, 54 seconds. The previous record was 3:58:55 set last Jan. 4 by a Douglas DC8.

★ ★ ★

Delta's chief pilot, T. P. Ball, who handled the controls Wednesday, said he got 750 miles per hour top ground speed out of the plane with 34 persons aboard. The Convair averaged 666 miles per hour.

The mine detector and the radio proximity fuse were two civilian inventions during World War II.

Lakes, Seaway Ships Must Watch Pollution

WASHINGTON (AP)—New regulations to prevent ships on the Great Lakes and St. Lawrence Seaway from polluting drinking water supplies of port communities were announced yesterday by the Public Health Service.

Issued under the health service's interstate quarantine powers, the regulations will become effective when the Seaway opens this spring. They require ships either to avoid the areas from which communities draw their water supplies or to adopt safeguards against pollution.

Shipboard Slaying Tough to Prove

Van Rie Prosecutor in Trouble

BOSTON (AP) — The state today pressed for the conviction of a Dutch ship radio operator accused of killing a pretty Chicago divorcee, but it admitted it does not know what weapon, if any, was used.

As the trial of handsome Willem Van Rie, 31, neared the end of the first day Wednesday, his attorneys requested that the prosecution describe the manner of the alleged crime and the weapon.

★ ★ ★

The state replied: "The commonwealth is unable to specify at this time whether any weapon or other instrument was used in the commission of the crime."

The state contends Van Rie beat pretty Lynn Kauffman, 23, and dumped her body overboard to climax a shipboard romance during a slow boat trip from the Orient.

Miss Kauffman's body was found on the rocky shore of a drab Boston harbor island in mid-September, the day after the SS Utrecht sailed from Boston to New York on its 14-day voyage from Singapore.

★ ★ ★

In another specification, the state said Miss Kauffman's body was seen floating in the water before it was recovered from the island's shore.

★ ★ ★

The state did not disclose who saw the body afloat or whether that person would be called as a witness.

★ ★ ★

The state chartered a private boat today to take the 12-man jury and its two alternates on a tour of Boston harbor to point out the path of the Utrecht and the spot where the divorcee's body was found.

A-Sub Plants Hawaiian Flag at North Pole

WASHINGTON (AP) — The U.S. atomic submarine Sargo has smashed through the ice at the North Pole and planted the flag of Hawaii—her home state—at the top of the world.

★ ★ ★

The Navy said late Thursday the sub broke through the North Pole ice Tuesday afternoon and then resumed her cruise of exploration in the Arctic Ocean's great basin.

The Sargo has been preceded to the pole by two sister nuclear subs, the Nautilus and the Skate.

The Sargo's journey during the Arctic winter again emphasized the power of American nuclear submarines to prowl the international waters above the Soviet Union in any season.

Military Will Share Communications Web

WASHINGTON (UPI) — The Defense Department — over strong opposition from the Army, Navy and Air Force — plans to set up a joint long-range communications system for use by all the military services.

W. J. Austen, acting director of telecommunications and chairman of a committee in charge of the project, said yesterday he thought the new system might involve 20,000 people. He was unable to estimate when operations might begin.

To Discuss Fight on Heart Disease

Open and Scientific Sessions Scheduled on Problems Saturday

Ways of increasing effectiveness of all efforts in the fight against heart and circulatory diseases will be brought before the public in open session and discussed by physicians in a scientific seminar during "Michigan Heart Day" Saturday at Detroit's Statler-Hilton Hotel.

★ ★ ★

Dr. Donald S. Smith, 135 Wenonah Dr., president of the Michigan Heart Assn., said the part of the program devoted to the public, 2 to 4:30 p.m., is a dividend to those who have contributed to local heart associations.

Special speakers will be Dr. Louis Katz of Chicago, renowned heart specialist and researcher and Dr. and Mrs. Ancel Keys of Minneapolis.

The Keys are recognized internationally in medical science for their study of diet in relation to heart disease.

AIMS AT WOMEN

Katz will address his talk mainly to the women in the audience. "Care of Husbands" is the topic.

Dr. Keys will speak on "Diet and the Prevention of Coronary Heart Disease."

Mrs. Keys will discuss "The Practical Choice and Preparation of Foods."

Baptist Leader Against Catholic for President

NATCHEZ, Miss. (AP) — Dr. Ramsey Pollard, president of the Southern Baptist Convention, says he will not stand by and keep his mouth shut "when a man under control of the Roman Catholic Church runs for presidency of the United States."

★ ★ ★

Pollard, head of the 9,206,758-member convention which is the second largest Protestant group in the United States, addressed the Mississippi Baptist Evangelistic Conference Tuesday.

Civil Rights Snowballs On; Gathering Up All Opposition

By JAMES MARLOW

WASHINGTON (AP)—A subtle change is occurring in the nation—including the South—on civil rights.

It seems taken for granted now that this year an effort, probably a successful one, will be made to pass a civil rights bill in Congress.

Just a few years ago—before the Supreme Court outlawed public school segregation in 1954—this would have been unthinkable.

At the most the House would have passed something, knowing well it would be strangled in the Senate by Southern filibuster or just lack of action.

This was how it had been since way back in the 19th century when the last batch of civil rights legislation was approved.

What happened to make it possible for Congress to pass in 1957 the first civil rights bill in 82 years and now seem on the verge of passing another?

If there is any single answer it is probably that the Supreme Court decision broke the dam.

In the first place, the court's action made Congress self - conscious. It did what Congress wouldn't do. It took action on civil rights.

LAYS GROUNDWORK

The court had laid the groundwork for the public school decision with a whole series of opinions, going back into the 1940s, to break down racial segregation.

The protest from the South against the public school decision focused the attention of the whole country on this problem in a way it could not ignore.

The court was being defied.

The violence at Little Rock—over the admittance of Negro children to a school—shocked the country into further examination.

★ ★ ★

Bit by bit throughout the South the wall against the court's decision began to crumble. Negroes brought to the front another problem of equal importance: their difficulty in being allowed to vote.

The question of outlawing the poll tax which had been a furious rallying point for Southerners—bringing a filibuster from them four times in the 1940s—began to seem just a minor episode against the other problems.

That probably explains best why an anti-poll tax amendment to the Constitution passed the Senate last week with hardly a flurry. There was no thought of filibuster. It was even a Southerner who sponsored the amendment.

With the nation made self-conscious about Negroes' civil rights, there was no trouble passing the civil rights bill of 1957.

There was no filibuster. The Southerners apparently knew they couldn't win and it was a mild civil rights bill.

LITTLE BY LITTLE

If this year the Eisenhower administration and Northern Democrats get together on another moderate civil rights bill, the Southerners once again will probably decide not to filibuster. If it's real tough, they might.

The pattern seems to be taking this shape. Year after year there will be a steady push, inside and outside Congress, to give the Negroes of the South more civil rights protection. Opposition in the South, against the pressure of national opinion, will melt slowly.

From the way it's going, this will take time. Population shifts, of course, are a factor in inducing Northern members of Congress to make more effort for civil rights legislation.

The Negro vote in the North is getting more important, liberal sentiment on the civil rights issue is increasing, more organizations, including organized labor, are demanding action.

But if it hadn't been for the court's decision in 1954, it is hard to believe there would be any more progress on civil rights now than there was in the 1940s or, for that matter, in the 1920s, when there wasn't any.

Chinese Merchants Inflate Pepper Price

WASHINGTON (UPI)—A group of shrewd Chinese merchants has seized a profitable corner of the world pepper market with an assist from a Russian pepper fad.

The Russians have been buying a lot of pepper recently while Indonesian pepper exports have been falling off.

Never ones to sneeze at opportunity, some Singapore business men moved in and obtained a corner on the market.

The Labor Department's Bureau of Labor Statistics (BLS) recounted their activities yesterday in explaining why wholesale pepper prices rose 44.5 per cent between December and January. It was the third consecutive monthly advance in the wholesale price of pepper.

Reds Have Word for It

LONDON (UPI)—Over a report that potato chips are now on sale in Russia, the Financial Times today printed a headline reading: "Spudniks."

Auto Firms Nix Stop-Go Pedal

New Gas-Brake Device Acclaimed by Testers but Not Car Makers

By JACK VANDENBERG
UPI Automotive Editor

DETROIT — Several independent companies are trying to interest the auto industry in a device combining the accelerating and braking of a car in a single pedal—but the industry isn't buying.

★ ★ ★

Auto engineers say the various companies that have developed variations of the device may market them independently but they won't get any encouragement or aid from the auto companies—despite the acclaim the device has won from independent observers who have tested it.

★

A survey of engineers from all the major auto companies showed they had all tested at least one of the devices and decided against putting the prestige of their companies behind them.

Generally, the engineers all agreed with R. H. Vansteenkriste of Ford Motor Co.

"The biggest problem we foresee in connection with this type of device is public education," Vansteenkriste said. "Although there are many variations, they all operate on the same principle.

★ ★ ★

"They all boil down to a system of accelerating by pressing down on the gas pedal and automatically braking the car by releasing pressure on the pedal.

"The idea is to eliminate the necessity of lifting your foot from the gas pedal and placing it on the brake pedal," Vansteenkriste said.

"It's a good idea — those few seconds could mean the difference between an accident and a near miss. If the public could learn to use it, it would have a lot of merit.

"But we feel it would take constant concentration on the part of the driver. And anything that requires constant concentration by the driver is not very safe."

Nasser to Visit India

CAIRO (AP)—An Indian Embassy spokesman said today President Gamal Abdel Nasser will visit India as the guest of the Indian government after the Moslem feast of Bairam, in mid-April.

Mental Patient Care Rapped

State Health Report Lists Adequate Staff as Prime Need

LANSING (AP) — Adequate patient care should be the top priority in Michigan's mental health program, a State Health Department report to the Legislature declared today.

"The distressing fact is the department is not adequately meeting the needs for care and supervision," the report said.

Large blocks of patients go for hours without any, let alone adequate supervision, and patients sometimes have to care for other patients, the report added.

The department said it was losing ground in meeting its obligations and asked for a budget increase next fiscal year to $104,047,215 from the $73,128,700 appropriated last year.

★ ★ ★

These examples were cited:

Some 70 mentally retarded children almost totally unable to provide for their own personal care sometimes have to be left in a three-story building in the custody of only two employes.

Only one attendant often is assigned to 56 adult patients described as aggressive and frequently combative.

At night, one attendant must supervise 260 patients in three buildings approximately 100 yards apart.

"Consequently two buildings are always unattended," the report said. "The hazards of fire, patient injury and fights are ever present and frightening to reflect upon."

★ ★ ★

"These illustrations are routine, everyday situations with which the hospital personnel must live," the report said.

Three years ago, the state had 18,475 patients in hospitals for the mentally ill and 5,506 employes to care for them. Now there are 19,103 patients and 5,342 emloyes.

News in Brief

DETROIT LIVESTOCK

DETROIT, Feb. 10 (AP) — (USDA) — Cattle — Salable 400. Slaughter steers and heifers fully steady, cows strong; one load and two lots choice 1020-1040 lb. steers 28.00; scattering good steers 23.50-26.00; utility and standard mixed offerings, 16.00-23.00; small lot good heifers around 780 lbs. 25.50; utility cows 14.50-16.00; canners and cutters 13.00-15.00.

Hogs — Salable 2300. Butchers and sows 25c higher; mixed No. 2 and 3 190-230 lb. butchers 13.50-13.75; mixed No. 1 and 2 14.00-14.25; No. 1 absent early; No. 2 and 3 230-300 lbs. 12.00-13.50; mixed grades sows 300-600 lbs. 10.00-11.75.

Vealers — Salable 50. Steady, choice and prime 35-42, standard and good 25-35; cull and utility 15-25.

Sheep — Salable 200. One load choice wooled lambs 109 lbs. 20.00, these about steady. Nothing done rest.

Poultry and Eggs

DETROIT POULTRY

DETROIT, Feb. 10 (AP)—Prices per pound f. o. b. Detroit for No. 1 quality live poultry:

Heavy type hens 23-24; light type hens 8-9; heavy type roasters over 5 lbs. 25-29; mostly 27-28; heavy type broilers and fryers 3-4 lbs. whites 22-23; Barred Rocks 22-23; ducklings 31.

DETROIT EGGS

DETROIT, Feb. 10 (AP)—Eggs f. o. b. Detroit in case lots federal-state graded and commercially combined.

Whites—Grade A Jumbo 30-34; extra large 29-33; large 28-31; medium 25-29; Grade B large 24-29; Browns—Grade A extra large 28-33; large 27½-31; medium 25-27; small 21; Grade B large 25-27; checks 18-20.

To Arraign Soldiers Charged With B&E

Two soldiers from the Nike missile base at Commerce waived examination on a breaking and entering charge this morning before Justice of the Peace Elmer C. Dieterle in West Bloomfield Township.

Henry H. Smith Jr. and Charles G. Spurlock were bound over for arraignment in circuit court Feb. 15.

★ ★ ★

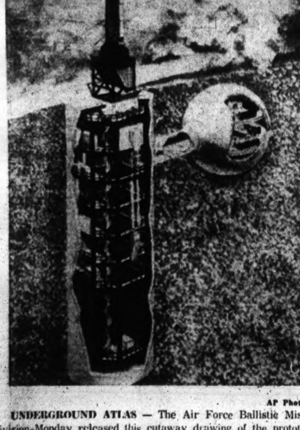
They were charged with breaking and entering Ted's Market at Orchard Lake road and Northwestern highway when apprehended by township police Sunday morning.

Neither of the men was able to raise $5,000 bond each and are being held in the county jail.

Farm and Garden Club to Hear Nutritionist

ROYAL OAK — The Royal Oak Organic Farm and Garden Club will meet at the First Baptist Church, 309 N. Main St., at 8 p.m. today.

The speaker will be Dwight M. Hurlbut, Royal Oak nutritionist, who will talk about cereals. Two films also will be shown.



AP Photofax

UNDERGROUND ATLAS — The Air Force Ballistic Missile Division Monday released this cutaway drawing of the prototype silo being constructed at Vandenberg Air Force Base at Los Angeles for the Atlas ICBM to protect the missile against surprise enemy attack. In this drawing, the Atlas has been raised and its rocket engines ignited. Countdown of the big missile is conducted in spherical underground blockhouse at right.

Market Uneven in Quiet Trade

NEW YORK (AP) — The stock market moved unevenly in very quiet trading early today.

Gains and losses of most key stocks were narrow.

Trading interest was dull even at the opening when for the first time in months there was no lag in the ticker tape.

Investors continued to cling to the sidelines in large numbers, apparently lacking incentive to get into the market.

U.S. Rubber made an exceptionally wide move, rising about 2 points, apparently in response to bigger earnings and record sales in 1959.

Goodyear, its earnings off drastically, dropped a fraction.

NAFI Corp., only common stock to make a new high in yesterday's declining market, continued active and gained another fraction.

GROUP ACTION SLIGHT

Group action was very slight. Chemicals were off a bit. Motors were unchanged to slightly higher. Steels, nonferrous metals, tobaccos and aircrafts were mixed.

Jewel Tea was up a fraction following news of a raised dividend.

Murray Co. of Texas proposed a 2-for-1 stock split and declared a higher dividend but the stock was merely steady in early dealings.

★ ★ ★

Slight gains were made by Westinghouse Electric, Chrysler, American Smelting and Texaco. Settlement of the 117-day strike found Anaconda about unchanged.

Small losses were taken by Kennecott, Royal Dutch, U.S. Gypsum and Republic Steel.

Opening blocks included: NAFI Corp. up ⅝ at 23¾ on 10,000 shares; Sears Roebuck off ⅜ at 45½ on 3,000; and Westinghouse Electric up ⅞ at 50¼ on 2,000.

Rare Asphalt Deposit

SANTA FE, N. M. — One of the few asphalt deposits in the United States is located near Santa Rosa, N. M.

The U. S. gas industry, counted out decades ago with the passing of gas lights, now has 550,000 miles of pipelines serving all states, 104,000,000 gas appliances in use, 26,000 uses as an industrial tool, 41,500,000 customers and a capital investment of more than $22,000,000,000.

UPI Photo

ANY CAVITIES, DOCTOR? — Larry Rinard, 7, looks imploringly at the dentist while having his teeth checked. All of which serves as a reminder that National Children's Dental Health Week is being observed this week, Feb. 7-13. Larry lives in Indianapolis.

Clothing Chain to Open in City

Hill Brothers Branch Moving Into Former Lord Furniture Store

An international supermarket-type clothing chain, Hill Brothers Clothing Stores, will open a new branch in Pontiac Saturday.

The store will be located in the building formerly housing Lord's Furniture Store, 125 W. Huron St. The firm has been busy remodeling and moving stock into the building for a month.

The new branch will be the second Hill Brothers store in Michigan. The clothing chain offers self-serve buying such as in a supermarket, according to David Brown, store manager.

There is a check-out counter at the front of the store. All clothing is located on rows of shelves.

Brown was formerly assistant manager at a store in Rock Island, Ill. They will stock men's, women's and children's clothing as well as some housewares.

The firm is over 70 years old.

A separate shoe department in the same building celebrated its grand opening several weeks ago.

More than 1,000,000 FM radio sets were sold in 1959, double the number sold in 1958.

GM Dealers From 48 Cities End Top Confab

General Motors dealers representing 48 cities in the United States and Canada concluded a three-day meeting in Detroit today with top General Motors executives in the winter session of the GM Presidents Dealer Advisory Council.

★ ★ ★

Factory-dealer policies and other matters of mutual interest were discussed in the meetings, the purpose of which is to facilitate exchange and development of ideas on how better to serve retail customers.

Thirty-eight GM dealers representing both large and medium sized cities in the U. S. and 12 dealers from 10 Canadian cities participated.

Formerly known as the GM Dealer Council, the program was instituted by GM in 1934 in the equitable factory-dealer relationships.

GM President John F. Gordon described the meetings as affording "an excellent opportunity for frank discussion, for an exchange of view and, ideally, for a meeting of the minds."

Among top GM officials at the meeting were President Gordon, Frederic G. Donner, board chairman, and four executive vice presidents; Louis C. Gead, Cyrus R. Osborn, George Russell and Sherrod E. Skinner.

$2 Million Building Tagged for MSUO

Gov. Williams has earmarked a $2,000,000 science and engineering building for Michigan State University Oakland in the building program he will outline in detail to the Legislature within the next few days.

★ ★ ★

Most of Williams' 150-million-dollar construction program, to be financed by revenue bond issues and supervised by a state building authority, would be slated for state colleges and universities and mental health institutions.

He laid out a rough draft of part of his program yesterday before a legislative conference of the Michigan State Building and Construction Trades Council.

MSUO Chancellor Durward B. Varner classifies the proposed structure "top priority." He said the architectural firm of Giffels and Rossetti of Detroit already has been hired.

★ ★ ★

The proposed science and engineering building is designed to cover 80,000 square feet. It will be a three- and two-story structure to include 24 classrooms, 35 offices, two lecture halls, 16 laboratories, machine and electronic repair shops and storage rooms.

"If we don't get the construction under way soon, we will be unable to admit a freshman class in the fall of 1961," said Varner.

"Next year we expect to have 1,200 students. In order to accommodate them, we will be using every available foot of space in our three present buildings.

★ ★ ★

"We feel it is of the greatest urgency that the Legislature authorize this construction be started immediately so the science and engineering building can be ready for use in 1961.

TIGHT SCHEDULE

"It will take a minimum of 16 months to complete the building. We are working against a very tight deadline. The planning already is at a stage so that we could begin construction in 60 to 90 days. We can step right into it on a crash program the minute we get the green light."

Varner guessed the Legislature will make its decision in April.

Construction plans are based on the assumption, Varner said, that the building will accommodate the science and engineering faculty and students for a total university enrollment of 5,000 excepted in 1966.

Legislators Eye Airport Funds

$33,875 Is Earmarked for Pontiac; City Plans Fast Construction

The state's share of financing for Pontiac Municipal Airport's proposed 1961 construction program was before the Legislature today.

★ ★ ★

Introduced was a Michigan Department of Aeronautics formula for distributing $728,500 in state aid to airports, of which $33,875 is earmarked for Pontiac.

The state money, if appropriated, would be coupled with federal and local funds for improvements at 16 Michigan airports. Pontiac already has promised to allocate its share, $49,375, by July.

The federal government is scheduled to add $83,250 to the Pontiac kitty, making a total $166,500 available this summer for construction, mainly, of a aircraft parking ramp for the terminal building.

★ ★ ★

Acting on a federal proposal to speed up construction schedules, Pontiac is planning to accomplish both its 1960 and 1961 improvement programs this summer.

Did Disc Firms Pick Up Tab for Big DJ Blowout?

WASHINGTON (AP) — Why did record companies pick up a $117,664 tab at a disc jockey convention in Miami Beach last summer?

That question remained largely unanswered—officially at least—as House investigators began a long Lincoln Day recess today so some Republican members could fill speaking engagements.

★ ★ ★

However, Chairman Oren Harris (D-Ark) indicated that the convention will be explored in detail sometime after his House Legislative Oversight subcommittee resumes hearings next Monday on under-the-table payments to disc jockeys.

Part of the story of what happened at the big disc jockey convention last May 29-31 came Wednesday from Edward E. Eicher, special service director for the Americana Hotel where it was held.

★ ★ ★

There have been reports, not yet brought into the testimony, that many of the 2,000 disc jockeys attending were entertained with girls and lavish parties at the convention.

There was no mention of girls in Wednesday's testimony. However, Eicher made clear that liquor flowed freely—at the expense of the phonograph record people.

★ ★ ★

Eicher, reading from hotel records subpoenaed by the subcommittee, noted for example that Capitol Records picked up at $12,357 bill for a cocktail party the night of May 29.

Eicher also was questioned about a $15,415 expense item attributed to Roulette Records of New York for a combination breakfast-barbeque which listed a bar bill of $8,850. Why so much for liquor, Eicher was asked.

"Bourbon costs a little more than eggs," Eicher said, touching off one of frequent sharp bursts of laughter.

★ ★ ★

Eicher reported at one point that record companies paid room bills for singer Pat Boone and his wife and "the governor of Tennessee and his wife," as well as for several disc jockeys.

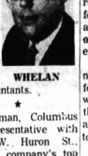
Eicher didn't identify the Tennessee governor. But the state's former governor, Frank Clement, who left office four months before the convention, told newsmen he attended the Miami Beach affair to address the disc jockeys.

Business Notes

Philip G. Whelan, 497 Coolidge Rd., Birmingham, has been named controller of the Stroh Brewery Company.

He has been with the company for four years, previously as manager of the control office.

Whelan is a member of the American Institute of Certified Public Accountants; the National Association of Accountants; the National Society for Business Budgeting, Detroit Chapter, and the Michigan Association for Certified Public accountants.



WHELAN

★ ★ ★

Robert Zimmerman, Columbus Mutual Life representative with offices at 474 W. Huron St., ranked among the company's top 10 salesmen for January.

★ ★ ★

Bruce Annett of the Pontiac Board of Realtors has been appointed local representative of the National Institute of Real Estate Brokers.

One of Annett's main duties will be to stimulate panel discussions on brokerage panels at real estate board meetings and state conventions.

★ ★ ★

M. E. Daniels, 563 W. Huron St., Pontiac district manager for Modern Woodmen life insurance society, has qualified for membership in the organization's "Century Club for 1959."

He was one of 35 agents in the United States who were tapped for the production club, based on total volume of new business and premium income. This is the 13th consecutive year he has earned the distinction.

Hertz Head Predicts Doubled Truck Fleet

PHILADELPHIA (AP)—The President of Hertz Corp., predicted today the nation's truck fleet would increase from its present 11 million vehicles to nearly 20 million within the next 10 years.

★ ★ ★

In a speech prepared for the financial analysts of Philadelphia, Walter L. Jacobs added that only about two per cent of the truck fleet is now leased. He pointed to this as another great market potential for Hertz, a car and truck rental and leasing firm.

★ ★ ★

He told the group Hertz achieved a volume of 109 million dollars in 1959, more than 20 per cent over 1958.

State Expects 4-8 Inches More

Midwest Is Digging Out

By The Associated Press

Winter's most severe snowstorm diminished in most of the Midwest today but the crippling effects were felt in many areas.

★ ★ ★

The major job, clearing streets and highways of huge drifts, was slowed in many sections. Strong northerly winds swept the snow back onto highways as fast as they were cleared.

HEAVY SNOW IN STATE

More heavy snow also continued during the night in eastern upper and extreme northern Lower Michigan as the storm center moved northeastward headed into Canada. An additional covering of 4 to 8 inches was in prospect.

★ ★ ★

The blizzard-like storms, sweeping out of the Great Plains Tuesday, were the worst in some midwest areas in many years. Many communities were isolated, hundreds of motorists were stranded and scores of schools were closed. Business and industry slowed due to absenteeism. Many industrial plants in Wisconsin, Illinois and Iowa shut down.

Colder weather swept into the snow-blanketed regions and dipped as far south as the Gulf Coast. It was below zero in northern midwest sections.

★ ★ ★

The violent weather which raked the Pacific coastal areas, the Southwest, South and Midwest was blamed for at least 32 deaths. Nearly half of them were caused by heart attacks suffered while shoveling the heavy, wet snow.

18 INCHES AT MILWAUKEE

The storm dumped about 18 inches of snow on Milwaukee, with 16.7 inches in a 24-inch period, which the weather bureau said was the second largest snowfall on record for the Wisconsin metropolis. Seven deaths were attributed to the storm.

★ ★ ★

Many Iowa, southwestern Wisconsin and northwestern Illinois communities were snowbound, with 10-foot drifts and foot-high snowfalls. Hardest hit cities included Rockford, Ill., with 118,000 residents; Freeport, Ill., with 25,600 population and Milwaukee and Kenosha, Wis.

Settlement Reached in 177-Day Copper Tiff

BUTTE, Mont. (AP) — A settlement agreement was announced today in the 177-day strike of the International Union of Mine, Mill and Smelter Workers (Ind.) against the Anaconda Co., in Montana.

★ ★ ★

Federal Mediation Director Joseph Finnegan, who went to the negotiation table personally, had described the strike as having become of national concern.
