Six State Communists Found Guilty

Jury Deliberates for Seven Hours to Reach Verdict

Sentencing Is Set for Friday; Maximum Term Is 5 Years in Prison

DETROIT (AP)—Six Michigan Communists were convicted today of conspiring to teach and advocate violent overthrow of the United States government.

A federal court jury of seven women and five men returned its verdict to Judge Frank A. Picard at 11:12 a. m. after seven hours of deliberation.

They could be sentenced to a maximum term of five years.

Harold Osler of Ann Arbor, foreman of the jury, gave the verdict in a clear, firm voice.

The defendants, all admitted Communists, received the verdict with no show of emotion. Previously they said they expected a verdict of guilty.

Ernest Goodman, attorney for three of the defendants, asked for a poll of the jury. Judge Picard polled it. All quickly acknowledged the guilty verdict.

Goodman said an appeal would be filed.

The courtroom was almost empty as the jury filed in, in contrast to crowds which witnessed the four-month trial.

Judge Picard said he would sentence the six at 11 a. m. Friday.

He cancelled bonds on the five men defendants immediately, sending them to jail. Mrs. Helen Allison Winter's \$5,000 bond was continued. She had been ill throughout the trial but attended.

The defendants—Saul Wellman, Nat Ganley, Mrs. Winter, Thomas D. Dennis Jr., William Allan and Philip Schatz—were charged with violation of two sections of the Smith Act.

Judge Picard delivered a 60-page charge to the jury to wind up the open court stage of the four-month trial.

Before a packed courtroom, Judge Picard told the jurors that the defendants were not on trial as Communists (all have admitted party membership) and that the Communist party itself was not on trial.

Judge Picard cautioned the jury not to be misled by irrelevant issues. The government charged the alleged conspiracy occurred between Sept. 22, 1948, and Sept. 22, 1952.

Judge Picard said it was up to the jury to decide whether the six defendants did participate in the conspiracy as alleged within the period as specified.

After the jury retired, both government and defense attorneys said Judge Picard's charge summed up their cases. However, both sides made exceptions to the charge after it had been delivered.

ROKs May Hold Indians as Surety for Prisoners

SEOUL (AP)—South Korea warned today that additional Indian troops "will not leave here" until it is assured of future safety for 76 Korean War prisoners now en route to India.

The Koreans did not spell out the implied threat to use force if they consider it necessary.

The ROK decision was announced in a letter to Lt. Gen. K. S. Thimayya, Indian chairman of the Neutral Nations Repatriation Commission.

Text of the letter, signed by Lt. Gen. Won Yong Duk, was made public by South Korea's office of public information.

About 3,000 Indian troops which guarded unrepatriated war prisoners have left for home and about 3,000 remain in Korea.

The 76 Korean prisoners had asked to be sent to neutral nations rather than to North or South Korea. The Indian command ordered them sent to India until arrangements are made for them to live elsewhere.

Citizens Seek Aid on Income Tax Reports

TAX PILGRIMAGE—Oakland County taxpayers line up in the new office of the Internal Revenue Bureau at 53 1/2 W. Huron St. for help on their income tax returns. Revenue Bureau Offices Moved

New Location Designed to Centralize Operation in Pontiac

The U. S. Internal Revenue office in Pontiac has been moved to 53 1/2 W. Huron St. in an effort to centralize operations.

Former offices at 146 Oakland Ave. and in the Pontiac State Bank Building have been closed.

A. M. Menninger, district internal revenue director, said the shift was made Monday "to give more efficient and economical service to taxpayers."

He said agents from both of the old offices will be available at the new location to assist persons seeking tax information.

Previously the 23-person staff was split between the Oakland Avenue and the bank building offices. Lyle D. Russell, acting group supervisor at the local office, said the annual rush on income tax filing has started. Deadline for filing tax returns is March 15.

30,000 Plates Sold by Pontiac License Bureau

About 30,000 motorists have bought new automobile license plates at Pontiac's Secretary of State branch office and another 15,000 are expected to jam the office before the Feb. 27 deadline.

Roy F. Kellogg, assistant branch manager, said sales are running ahead of last year, but are still far short of the anticipated 55,000 total sale.

The office handled its largest load yesterday, selling 1,100 plates. But the eight-person staff could handle as many as 3,000 applicants daily, added Kellogg.

He said the office at 65 N. Perry St. would remain open as long as lines exist Feb. 27. Motorists were reminded that car titles must be presented at the window before the plates can be issued.

Debate Col. Schwables Fate

3 Generals, Admiral Study Germ Warfare Confession

WASHINGTON (AP)—A panel of high-ranking officers set out today to try to decide whether to recommend a court-martial for Marine Col. Frank W. Schwable, who made a false germ warfare confession while a war prisoner of the Communists in Korea.

Three Marine generals and an admiral, sitting as a court of inquiry, began taking testimony to help them determine why Schwable, the senior Marine officer taken by the Reds in Korea, told his captors the United Nations used germ warfare weapons.

Schwable, who lives in nearby Arlington, Va., repudiated that confession after he was freed last year in a prisoner exchange. He said in a statement he signed the confession only after the Reds degraded and humiliated him and wore him out both physically and mentally.

The inquiry court is not authorized to make any finding of guilt or innocence. It is charged with making a report on the basis of which the Marine Corps will decide whether to court-martial Schwable.

It was not known in advance whether the hearing would be opened to the press and public. That decision rested with the court.

Since Schwable and the Marines are generally agreed on the basic facts, the court's recommendations may be based on what it

Police Smash Rome Violence

Heavily Armed Squads Swing Into Action After Reds Call Strike

ROME (AP)—Heavily armed riot police quickly smashed the first outbreak of violence today in connection with a Communist-called one-day general strike in Rome.

A commissioner of police was injured by a flying stone. At least 60 demonstrators, including women, were taken into custody.

Flying squads of police in their red riot jumps dashed into the crowd of several hundred demonstrators as they marched through one of downtown Rome's main streets, snarling midday traffic.

The Red-led walkout had twin aims—to boost wages and to harass the shaky new government of Premier Mario Scelba.

The strike was staggered in timing and appeared only partly effective. Bakers led the walkout. They banked their fires at midnight. Only yesterday's hard bread was available on kiosk counters.

Senate Appropriations Committee Sends Bill to House for Debate

WASHINGTON (AP)—The House Appropriations Committee made a barely perceptible scratch today in President Eisenhower's request for \$3,338,783,000 to operate the Treasury and Post Office Departments for the fiscal year 1955.

It sent to the House floor for debate starting tomorrow a bill recommending for the two agencies \$3,333,241,600 for the 12 months starting next July 1.

This is \$5,541,400, or less than two-tenths of one per cent, below what the President requested. It is \$50,491,150 less than the two agencies received for the present year.

The bill was the first handled by the committee on the basis of Eisenhower budget recommendations only. Last year's appropriations bills were based on original estimates by former President Truman and on revisions suggested by Eisenhower.

In addition to the \$3,333,241,600 in new cash provided in the bill, the measure indirectly provides more than 17 1/2 billion dollars for fixed charges and trust funds.

For the Treasury's general operations, the committee approved \$377,855,600, a reduction of \$27,400 from the Eisenhower request.

For the Post Office, it recommended \$2,755,386,000, a cut of \$4,614,000 from the budget request.

Both departments were authorized to spend limited amounts to provide specialized training for selected personnel in a new campaign to promote efficiency.

The Internal Revenue Bureau received all but \$88,000 of the \$266,000,000 it requested, the new funds contemplating the employment of 650 additional revenue agents. The committee said the additional revenue to be obtained as a result will be "far in excess of the cost of the additional personnel."

Knowland tried to get the Senate to approve this latter proposal yesterday after it had voted 62-20 to require that executive agreements, as well as treaties, must conform to the Constitution.

But such a parliamentary snarl developed that Sen. Humphrey (D-Minn) rose to inquire at one point: "How messed up and confoundedly confused can you get?"

While there was plenty of bickering over legal points, the roll-call vote proposal was looked upon by all sides as a relatively minor issue.

But the provision offered by Knowland and Sen. Ferguson (R-Mich) to require treaties to be made in "pursuance" of the Constitution seemed likely to stir a fight. Its sponsors say it is designed to guarantee that treaties are subject to court review on the question of constitutionality.

Bricker said he had no objection to it, but Sen. George (D-Ga), leader of a group of Democrats, was opposed.

Yesterday's vote, on what was at best only a sideline issue, disclosed that 17 Democrats, Republican Senators Cooper of Kentucky and Langer of North Dakota, and Morse (Ind-Ore) intend to fight against any constitutional amendment on the issue.

Mob at Calcutta Storms, Attacks U. S. Library

Red-Led Rioters Smash Doors, Set Fire to Books at Information Center

NEW DELHI (AP)—A violent Communist-led mob attacked the United States Information Offices Library in the heart of Calcutta tonight as an outgrowth of a teachers strike here, smashing windows and setting fire to the library, according to telephone reports reaching New Delhi.

Reports to the United States Embassy here from Thomas J. Needham of New York, consulate public affairs officer in Calcutta, said police fired tear gas in a battle to control the demonstrators.

The mob surged into the U. S. Information Offices on busy Chowringhee Street, destroying books and pamphlets and smashing padlocked doors, Needham said.

These reports said there were no injuries among American personnel in the offices as a result of Needham's action in dismissing both American and native employees when the situation in the area became tense.

B. R. Mitter, an Indian employee of the U. S. Library said the mob pulled books from library shelves and set them on fire. The blaze was quickly controlled.

As he spoke, said Mitter, two police vans were upset and burned by the mob outside the library while the sound of heavy firing was heard as police battled thousands of wildly shouting demonstrators.

Born in Detroit July 26, 1887, he was the son of Daniel and Ellen Malpass Thomas. He was educated in the Pontiac schools and married Catherine Van Hoven here May 26, 1910.

Besides his widow he is survived by a son, William D. Jr., and a daughter, Wilma Dickinson, both of Pontiac; two sisters, Miss Jennie and Mrs. Thomas Rogers of Venice, Calif. Also surviving are four grandchildren.

The funeral will be Thursday at 2 p. m. from the Donelson-Johns Funeral Home. The Rev. Charles D. Race, his pastor, and Dr. H. H. Savage of First Baptist Church, will officiate and burial will be in Oak Hill Cemetery.

Michigan State Drops Request for Name Change

LANSING (INS)—Michigan State College today formally dropped its request that its name be changed to Michigan State University.

In a letter to lawmakers, President John Hannah and board of agriculture member Clark Brody jointly wrote:

"There was no desire to borrow the reputation or prestige of any other institution."

Both Hannah and Brody asked lawmakers to discontinue study of a bill calling for the change.

The issue also had raised constitutional questions although university officials argued against the change chiefly on grounds the schools might be confused.

A special meeting of the Austrian cabinet this morning had outlined the Austrian stand and instructions had been sent to Figi.

Figi took the floor to voice his government's snub of Moscow at the outset of the Big Four session in West Berlin's Allied Control Authority Building. He had come there directly from luncheon in the Russian Embassy with Soviet Foreign Minister V. M. Molotov.

The treaty acceptable to Austria, Figi said, is the one that the four occupation powers have been working on for seven years. Forty-seven of the 52 articles had been approved and the Russians had amendments for the remaining five before the Berlin conference.

The West announced it would accept these five Soviet amendments and was ready to sign the treaty Thursday at 3 p. m.

Molotov wriggled out of that and presented new terms which would permit the Soviet army, and the other foreign troops, to remain on Austrian soil until German unification is accomplished. He already had torpedoed German unity.

It remained for the Austrian foreign minister to make the deadlock official and complete this afternoon.

Lightning Adds to Storm Loss Across State

Some Highways Closed; Buses Unable to Pick Up Many Students

Heavy rain climaxed a record-breaking thaw today, closing at least four Oakland County schools as unpaved roads turned to rivers of mud.

"These roads are in the worst shape they've been in since 1951," Oscar D. Loomis of Oakland County Road Commission said today. "We've got so many washouts this morning we can't get to them all."

The U. S. Weather Bureau predicts Wednesday's somewhat cooler temperatures will again rise above freezing. A high of 36 to 40 degrees is expected after a low of 28 to 32 tonight.

An all-night downpour, starting about 10:30 p. m., dumped 1.35 inches of rain on Oakland County by 8 a. m. today, soaking roads already softened by a three-day "high-speed" thaw.

Temperatures soared to a record 63 degrees here Monday afternoon — six degrees above the former all-time record of 57 for Feb. 15 — and fell to the Monday low of 41 just before midnight. Thermometers dropped to 33 at 8 a. m. today and stood at 35 at 1 p. m.

Across the state rain and lightning storms trailing a false spring collapsed at least one roof, disrupted communications and power service, soaked many basements, silted highways and turned back roads into quagmires overnight.

Pounding rain at Jackson, which had 2.56 inches, collapsed a stock room roof at the Hilsinger Jackson Corp. and flooded the main plant and offices to a depth of two inches.

Lightning struck a power substation at Cement City knocking out electric service there for an hour and a half.

Battle Creek reported 500 telephone calls out of service and Consumers Power Co. said lightning cut lines at several points in the Battle Creek area.

U. S. 24 (Telegraph road), near Ten and one-half-mile road, lost a shoulder to the downpour, which also began undermining the pavement. State Police erected warnings to slow motorists. A shoulder washout also was reported on Northwestern highway.

Closing of U. S. 10 (Dort highway) at Flint was caused by water flooding an underpass to a depth of several feet at the north end of the city.

Standard weight and 35-mile speed limits were clamped on all black-top and gravel trunklines from M 55 south. M 55 stretches from Manistee to East Tawas.

In Pontiac, utility companies and Pontiac Fire Department reported no damage from the freak thunderstorm early today.

Most large rural school districts said their buses managed to stay out of trouble this morning, keeping to the main highways and not traveling the mirey side roads. At

Dairy States Fight Slash in Butter Support Prices

WASHINGTON (INS)—Butter-and-milk state legislators opened a fight today to block the government slash in price supports for dairy products which is expected to knock eight cents off the retail price of butter.

Agriculture Secretary Ezra Taft Benson yesterday ordered the maximum possible cut in supports for butter, cheese and dried milk—from 90 to 75 per cent of parity. The reduction is effective April 1.

Rep. August Andersen (R-Minn) charged that Benson's move will have "an adverse effect on business" and indicated he may offer legislation to prevent the secretary from using his authority for such action.

Sen. Hubert Humphrey (D-Minn) has already introduced a bill to continue government price supports on dairy products at 90 per cent of parity.

Parity is the estimated "fair price" to farmers based on their operating and living costs.

Other congressmen praised Benson's action.

Sens. George D. Aiken (R-Vt)

Senate Agriculture Committee chairman, Clinton F. Anderson (D-NM), former agriculture secretary, and Allen J. Ellender (D-La), ranking committee Democrat, all praised Benson's step.

Ellender said the action was a year late and declared Benson bowed "under pressure" in 1953. He contended that high, rigid supports are successful for "basic" commodities but cannot work for dairy products.

Most critics of the move agreed that some reduction in

MAKE OVER Birmingham Commission Favors New Ordinance for Abatement of Smoke

From Our Birmingham Bureau
BIRMINGHAM — City commissioners expressed favor last night to an air-pollution ordinance to help clear Birmingham skies.

Action for smoke abatement has been taken by education methods and volunteer cooperation for some months, but some businesses have ignored such methods.

In the absence of three commissioners, the remaining four were hindered in voting on certain improvements. March 1 was set as the hearing date for a road oiling program in Sheffield Estates.

The lawmakers were notified that a charter amendment concerning increased retirement benefits for city employees has been approved by Gov. Williams. Residents will vote on the change April 5.

City Manager Donald C. Egbert was authorized to negotiate for a longer lease, up to Nov. 1, with the Southeastern Oakland County Garage and Rubbish Authority.

The authority is currently leasing, until June 30, the city-owned gravel pit in Troy Township for sanitary land fill until its incinerator at John R. and 12½ Mile road is completed.

Circle 3 and 4 of the Congregational Church will hold a joint meeting at 8 tonight at the home of Jack Marshall, on Guilford in Royal Oak.

Vandalism to showroom windows and neon signs at the Martin Bros. Packard Agency, 1265 S. Woodward, has amounted to approximately \$1,000 in the past two weeks, Birmingham police say.

Meeting at 8 tonight at the Washington boulevard home of Mrs. Merrill Anderson, the Puppets will see a demonstration of construction of a puppet, given by Mrs. Ernest Knud. She is chairman of the construction group.

Mrs. Hugh McLeese will present a program on "Spanish Speaking Americans" to Missionary B of the First Presbyterian Church tomorrow. The group will meet at 1 p. m. with Mrs. R. C. Scott, of Kensington road.

Mrs. F. R. Woolfenden will speak on the same subject when the Missionary A group meets at the West 14-Mile road home of Mrs. Thomas Hagopian at 2 p. m.

The sixth and final program in the Baldwin Library "Ages and Stages in Childhood" series at 10 a. m. tomorrow, will be highlighted by the showing of the film "Roots of Happiness."

The film contrasts two families, one led by a father who instills principles of harmonious family living into his children, the other a quarrelsome household dominated by a parent who rules by fear.

Miss Genevieve Trainham, former director of the infant group laboratory of the Merrill Palmer School and author of several publications on child development, will be present to answer questions during the discussion period.

Woodward Accident Sends 3 to Hospital

BLOOMFIELD HILLS — A two-car accident on Woodward north of Trowbridge at 6:30 a. m. yesterday sent three persons to St. Joseph Mercy Hospital.

Treated and released were Willie L. Brown, 47, of 2945 Field, Detroit, driver of one of the cars who suffered a leg injury; and Clarence Goods, 33, of 2986 25th St., Detroit, who received face, arm and leg cuts.

Ludie Wheat, 53, of 2700 Carter, Detroit, suffered a fractured pelvis. He and Goods were passengers in a car driven by Lloyd Mucker, 15421 12th St., Detroit. A witness told police there were no taillights on Mucker's car, which was struck from behind.

Douglas Urges Satellite Policy

Senator Wants U. S. to
Withdraw Recognition
of Red Nations

WASHINGTON (AP)—Sen. Douglas (D-Ill.) today asked Congress to pass a resolution calling on President Eisenhower to withdraw U. S. recognition of Iron Curtain countries.

In 1940, Douglas said in a statement, President Franklin D. Roosevelt refused to recognize Russian-dominated governments of Latvia, Lithuania and Estonia on grounds the Baltic states had been seized forcibly by Russia.

His resolution would extend this "doctrine of nonrecognition," as he phrased it, to all Eastern European nations swallowed up by Russia after World War II, with the exception of Albania. Circumstances surrounding Albania, Douglas' office said, were different than those which attach to these other nations: Poland, Romania, Bulgaria, Hungary and Czechoslovakia. Yugoslavia also came under Moscow's influence after the war but now, although still Communist, it is anti-Russian.

Douglas recalled that a section of the wartime Yalta agreement pledged Russia, Great Britain and the United States "to jointly assist the people in a European liberated state or former Axis satellite in Europe" to set up "broadly representative" governments and hold free elections at the earliest possible time.

These agreements have not been carried out, he said. He added: "I believe the doctrine of nonrecognition is sound. It is one way to contest Russia's seizure of the Baltic countries which we have never recognized and the violation of pledges which, if kept, would have ensured freedom in Poland and the other satellite nations."

Parents Get 90 Days for Child Neglect

The parents of four Springfield Township youngsters found alone and hungry in their make-shift trailer home were sentenced to 90 days each in the Oakland County Jail for disorderly conduct Monday.

Herbert Carmack, 33-year-old factory worker, and his wife, Marie, 25, pleaded guilty to the charge before Springfield Township Justice Emmett J. Leib.

The four children, Paula, 6, Carl, 4, Billy, 2, and Helen, 1, now in the Oakland County Children's Home, are wards of the Juvenile Court. The parents must appear in that court to face neglect charges before the children are returned to them, according to Oakland County Policewoman Gertrude Barrett.

The children were found at their home, 9106 Ellis Rd., by Deputies Harry Jones and Herbert Cross Sunday. The Carmacks said they had gone to buy groceries and stopped off to see a movie.

Weather Conditions Halt Widening Work on M59

Ziegler said the project will be resumed this spring. The completion date is July 31.

On Probation, Fine \$120

After pleading guilty Feb. 8 to breaking and entering, Carl E. Nelson, 29, of 5165 N. Nelson admitted taking articles from a cottage at 6735 White Lake Rd., on Jan. 23.

JACKSON — The Jackson County Road Commission took note of the excessive thawing Monday and put truck load and weight restrictions on all county roads effective at 6 p. m. Monday until further notice.

PONTIAC — Flooded street between W. Huron and Newberry became an 18-inch-deep pond as a result of last night's heavy rainfall. Joseph B. Jewell, superintendent of Pontiac Department of Public Works, said several other streets are underwater. He blamed the floods on the heavy rainfall, overloaded sewers and frost conditions keeping the water from draining off.

Cars, Cash Lure School Students

Educator Blames Both
for High Drop-out Rate
in America

ATLANTIC CITY (AP)—Money in the pocket and a jalopy in the garage are twin lures pulling many boys and girls out of high school before they graduate, an Indiana educator said Monday.

"Over 50 per cent of all students who enter high school as freshmen do not remain to graduate," said Herman L. Shibley. And only "three-fourths of the country's youth of high school age are attending classes at the present time."

Shibley, superintendent of schools in Indianapolis, spoke at one of the panel discussions held here at the American Assn. of School Administrators (AASA) convention.

"Why do these boys and girls drop out of high school?" Shibley asked. "Surveys show various reasons. Of those who drop out of our high schools before graduation, approximately 43 per cent do so because they prefer to work."

"Twenty-five per cent drop out because they don't like the school program and don't think that it is serving their purpose."

Shibley told his audience of educators they can cut down the "educational waste" of high school drop-outs by:

1. Seeing to it that each student in high school feels "there is at least one person on the staff who cares very much about him. The classroom teacher possibly should be this person."
2. Paying greater attention "to the task of understanding today's teen-agers" and keeping wide open the "lines of communication" from "faculty to students and students to faculty."
3. Providing more consistent school discipline.
4. Setting up extra-curricular activities that will "not cost the student too much money."

Gen. Lemuel B. Shepherd, Marine Corps commandant, made this clear when he said the court is to give full consideration to the "unique psychological and mental factors incident to the Communist device of physical torture accompanied by mental torture."

Schwabe is one of 35 Americans who signed germ warfare confessions while in Red captivity. Thirty-three were in the Air Force and two were Marines: Schwabe and Maj. Roy H. Bley of Cabool, Mo.

The court of inquiry also is looking into Bley's case. He piloted the plane in which Schwabe was a passenger when it was shot down behind enemy lines July 8, 1952. Bley has said they were on a routine, noncombat mission and inadvertently flew behind enemy lines. Schwabe, who was chief of staff for the 1st Marine Air Wing, was not supposed to have crossed into enemy territory.

The Air Force is conducting its own examination of the cases of flyers who signed similar confessions.

Girl Treated for Bruises After Being Hit by Car

Mary Linda Brown, 6, daughter of Mr. and Mrs. Frank Brown of 22 Fiddis Ave., was treated at Pontiac General Hospital for head and hand bruises suffered when hit by an auto at Pike and Padlock Sts. Monday.

Pontiac Police quoted the driver, Fred Lockwood, 75, of 215 N. Tasmania St., as saying, "The girl was so close to the front bumper of my car, I couldn't see her. When the light changed I started up and struck her."

The girl was crossing at the intersection on her way to school, according to police.

Detroit Eyes Baby Death in 'Riches to Rags' Family

DETROIT (UP)—The daughter of a well-to-do Detroit businessman whose life went from "riches to rags" after she married a parking lot attendant turned to the Salvation Army for aid today while authorities investigated the death of one of her underfed children.

Mrs. Willis Bryant, once a member of the exclusive yacht club set, moved with her husband and three other children into a two-room apartment and enjoyed their first warm meal in days. The Salvation Army paid the first week's rent.

Schools and Roads Hit by Heavy Rain

tendance was down somewhat as a result.

Rochester Community Schools closed four schools—Kline, Goodson, Brush and Snell—whose 160 students live on the hazardous side roads.

Another 200 students were unable to reach class rooms in the Huron Valley School area (Milford) when some school buses were unable to plow through muddy roads.

Meanwhile, the County Road Commission also slapped weight restrictions on trucks, limiting them to about two-thirds of normal loads to protect softened roadbeds.

Loomis reported a serious washout on Halstead road between Thirteen and Fourteen Mile roads; and said he had reports that water had rushed across about 20 other roads.

The AAA's three Pontiac emergency service stations said they had about 300 calls by mid-morning from motorists whose cars wouldn't start or were sunk in mire. One station reported hauling several cars from a washout on Mann road near Clintonville road.

Other roads reported flooded were Northwestern highway, Greenfield road and the corner of Fourteen Mile Rd. and Crooks Rd.

Pontiac Department of Public Works reported flooding at the Cass Ave. and Carter St. intersection and a stretch of Howard street between Baldwin avenue and the railroad. Arthur Hilliker, DPW office manager, said that Pontiac Creek, stopped up by rubbish, started to flood its banks early today; but that the stream was cleared by mid-morning.

Shifts Roy Reid to Lesser Post

Benson Removes Dem
as Personnel Director
for Department

WASHINGTON (INS)—T. Roy Reid, long-time director of personnel in the Agriculture Department and a Democrat appointee, officially has been shifted from that post to a less strategic department job.

Reid, who won the 1953 award of the Society for Personnel Administration as the outstanding personnel administrator in the nation, will become director of the department's graduate school.

Agriculture Secretary Ezra Taft Benson said Reid voluntarily has accepted the change, although other department spokesmen said the shift was a part of a recent Republican demands that holdovers in the department from the Democratic administration be removed from top posts.

Benson has not named a new director of personnel but is expected to appoint some one close to his administration.

Dr. Phillip V. Cardon, previous director of the graduate school, recently was elected director-general of the food and agriculture organization of the United Nations.

Self-Employed Must Report Tax in March

By March 15, nearly 8,000 self-employed owners or partners in Oakland and Macomb County businesses will pay their third annual social security tax.

All self-employed individuals and partners who net more than \$400 a year, except those specifically excluded by law, must file Schedule C and C (U. S. Report of Self-Employment) yearly with their income tax return.

The self-employed groups specifically excluded by the Social Security Law are Medical Doctors, dentists, lawyers, certified public accountants, registered professional engineers, veterinarians, chiropractors, osteopaths, ministers of the Gospel, naturopaths, Christian Science practitioners, optometrists, architects, funeral directors and farm owners or operators.

Rex A. C. Atwood, manager of the Pontiac Social Security office, said a special guide sheet is available to help self-employed persons in correctly reporting their net income for social security purposes.

Michigan Man Awaits Ruling

California Governor to
Decide Extradition for
One on FBI List

SACRAMENTO, Calif. (AP)—It's up to Gov. Goodwin J. Knight to decide whether to send back to a Michigan prison a 48-year-old father whose wife calls him "I a w abiding" but whom the FBI lists as one of its 10 most wanted men.

The man is Alex R. Bryant, alias Ed Lawson, father of a 5-month-old baby. He was arrested in Los Angeles and is wanted by Michigan to serve the rest of a life sentence for armed robbery.

In an extradition hearing before Joseph Babich, Knight's clemency secretary yesterday, Michigan agents argued Bryant cannot be trusted.

Prison Sgt. George Rossi said Bryant had twice been convicted of rape before he participated in armed robbery while on parole. Also, Rossi said, Bryant had been in trouble 11 times in Michigan prisons — that he even kidnapped a guard in escaping two years ago.

But Bryant's wife, who knew him only as Lawson, told Babich in a trembling voice that he is law abiding and he loves and worships their baby.

From the way he has treated her and the baby, she added, he can't be mean like they say. Her father also pleaded in his son-in-law's behalf.

Bryant's attorney, George S. Keller, Niles, Mich., termed the FBI's most wanted label a clerical error in Bryant's case. His client is "decent minded" and has suffered for his sins, Keller said.

There would be no harm to California in allowing the man to remain here, Keller contended.

Babich said the governor will make his decision on his return from Los Angeles today or tomorrow.

Three More Fined in Cockfight Raid

Three more persons were fined today for loitering at a cockfight raided early Sunday by 45 Oakland County sheriff's deputies, leaving 16 of the 38 persons arrested still facing arraignment in justice court.

Orion Township Justice Helmar G. Stanback fined three loiterers \$25 and \$25 costs. Yesterday 17 persons were given the same fine for loitering. So far all fines have been paid.

In addition, the operator, Joseph V. McIlraith, 43, of 6851 Clintonville Rd., where the fights were held, pleaded guilty to operating and maintaining chicken fights. He was released after paying a \$100 fine and \$25 costs.

Another loiterer, Ebbie E. Suits, 41, of 86 S. Perry St., was sentenced to five days in Oakland County Jail and fined \$50 with costs yesterday. He allegedly threatened Deputy James Rohm with a knife while Rohm was driving him and several others to jail.

Change Voting Date on Troy Annexation

Oakland County Board of Supervisors today changed the date for balloting on Birmingham's proposed annexation of a tract of Troy Township land within the city's boundaries from Aug. 3 to April 5.

Today's action was taken at a special supervisors' meeting requested by the W. E. Reid Development Co., owners of the 45-acre plot, bounded by Adams road, Columbia, Howland and Villa.

The Reid firm hopes to build 124 housing units on the land if a majority of Birmingham and Troy Township voters approve the annexation.

A company representative told the board if the annexation was approved in August it would be too late to begin construction this year. If approved in April, Reid said construction on the nearly \$1,000,000 project would begin as soon as weather permitted.

Today's vote was 49 to 22.

CALEDONIA, N. Y. (U. S. P. C.)—Police Chief James McCarthy stopped motorist Anthony Virgo, 28, of Niagara Falls, and said he'd have to go before a peace justice on a charge of passing a school bus.

"Fine," said Virgo, nodding toward his companion, Miss Marjorie Ann MacLeod, 21, of St. Catharines, Ont. "We want to get married."

McCarthy took the couple to the peace justice, witnessed the wedding, and then withdrew the traffic charge. Yesterday he received a "thank you" note from the honeymooning couple.

'Eternity' Tops in Oscar Bids

Movie on Army Life Draws 13 Nominations, 5 for Stars

HOLLYWOOD (U. S. P. C.)—"From Here to Eternity" has swept through with 13 nominations in the Oscar derby and appears to be the picture to beat.

The nominees, which were announced last night, showed a strong favoring for the hard-bitten Army drama. It drew an amazing five nominations for its stars and at least three of them were strongly favored to win.

Current Hollywood betting favors tough Burt Lancaster for the top Oscar because of his sergeant's role in "Eternity." Deborah Kerr, who abandoned queenly roles to play an Army wife of loose morals, could also be a winner, although Audrey Hepburn of "Roman Holiday" appears the favorite so far.

Crooner Frank Sinatra and Donna Reed appear to be heavy choices for the supporting Oscars. Although both had star billing in "Eternity," they were classified as supporting players.

The major nominations were: Best picture—"From Here to Eternity," "Roman Holiday," "The Robe," "Julius Caesar," "Shane." Best actor—Lancaster; Marion Brandt, "Julius Caesar," Richard Burton, "The Robe"; Montgomery Clift, "From Here to Eternity"; William Holden, "Stalag 17."

Best actress—Miss Kerr, Miss Hepburn; Leslie Caron, "Lili"; Ava Gardner, "Mogambo"; Maggie McNamara, "The Moon is Blue."

Best supporting actress—Miss Reed; Grace Kelly, "Mogambo"; Geraldine Page, "Hondo"; Marjorie Rambeau, "Torch Song"; Thea Ritter, "Pickup on South Street."

Best supporting actor—Sinatra; Eddie Albert, "Roman Holiday"; Brando de Wilde, "Shane"; Robert Strauss, "Stalag 17"; Jack Palance, "Shane."

Best direction—Fred Zinnemann, "From Here to Eternity"; Charles Walters, "Lili"; William Wyler, "Roman Holiday"; George Stevens, "Shane"; Billy Wilder, "Stalag 17."

Best song—"The Moon is Blue," from the film "The Moon is Blue"; "My Flaming Heart," from "Small Town Girl"; "Sadie Thompson's Song," from "Sadie Thompson's Song"; "Secret Love," from "Calamity Jane"; "That's Amore," from "The Caddy."

Best documentary—"The Conquest of Everest," "The Living Desert," "A Queen is Crowned." The final Oscar winners will be voted on by the academy's 1,600 members following nominations by bulk of the industry's workers. The coveted gold statuettes will be handed to the lucky few before television cameras at the Hollywood Pantages Theater March 25.

Educators of Blind Cleared of Brutality

ATLANTA (U. S. P. C.)—Charges of brutality against two officials of the Georgia Academy for the Blind have been dismissed by the State Board of Education.

The charges resulted from two whippings given a 12-year-old boy. The board yesterday voted 5-4 to retain F. G. Neims as school superintendent and Robert Long as principal.

The board at the same time approved corporal punishment at the school for the blind at Macon and at the Cave Springs School for the Deaf.

At a session of the board last month, the whipped inmate, Lewis Thomas, partially blind, displayed bruises caused by the punishment administered by Long, Neims and Long submitted their resignations pending an investigation.

Investigators reported they found the Thomas boy "was and should have been punished for infractions of standing rules." They added, however, that he "was spanked too hard, even though we do not believe there was any malice or intent on the part of Principal Long in punishing him."

Woman's Holdup Gang Held in \$170,000 Bail

BALTIMORE (U. S. P. C.)—A 20-year-old woman and five members of her gang were held in a total of \$170,000 bail yesterday for a series of assault and robbery cases.

Police said Mrs. Elsie May Brown planned the crimes, recruited the men and acted as lookout while the jobs were pulled. She was held in \$47,500 bail. Her husband and four others were also held.

Mrs. Brown pleaded guilty to all but one of the holdup charges.

WEDDING BELLS AT EASTER—The wedding of Patricia Kennedy, 26, to film actor Peter Lawford, 29, is expected to take place after Easter. The engagement was announced in Palm Beach, Fla., last week by Miss Kennedy's parents, the former Ambassador to England and Mrs. Joseph P. Kennedy.

Prof Abandons Ivory Tower for TV Screen

By BOB THOMAS

HOLLYWOOD (U. S. P. C.)—Until a few months ago, Dr. Frank C. Baxter led a quiet professional life at the University of Southern California. Then he started giving Shakespeare lectures on TV.

Egad and zounds! The professor's whole life changed.

As many as 400,000 viewers were estimated to be watching the Saturday morning program. The show's rating passed that of Edward Murrow and even approached "I Love Lucy." Baxter was hailed to New York to receive the Sylvia Award as the best local education TV program. He appeared on Omnibus and was written up in national magazines.

Last week he won two Emmys in the TV Academy awards and stole the show. He received fan mail from actors like Brian Aherne who wrote: "The show was beautifully staged and delivered with an ease and charm which must make any actor green with envy."

Baxter received other praise from his butcher, a taxicab driver, an elevator man and people who see him on the street. A retired admiral sent him a painting of naval flags that spelled out "Operation Well Performed."

His desk is a mountain of mail. Until recently he was doing the TV program as well as conducting four English classes, a routine which he confessed was "hell on wheels." But the big, bald, jolly man doesn't seem to complain about his new life.

As his wife commented over the dinner table: "It doesn't baffle many men of your vintage to be accorded so much attention."

The comfortably middle-aged professor is beginning his second Shakespeare course over the local CBS outlet, KNXT. The first series drew 332 students who took the one-unit course for credit by paying \$12 and taking a final examination. There were also 886 others who paid \$5 to audit the course with a special study guide.

Plans for the future might include a coast-to-coast show, and no one could be more enthusiastic about it than Dr. Baxter.

"Looking at it from a cold-blooded standpoint, I feel there is a real market in commercial TV for this kind of program," he observed. "It appeals to a large, middle-class group which could be valuable to an advertiser. I don't go along with the fallacy that TV must appeal to the mythical 12-year-old mentality. The audience is not comprised of those who watch TV from the one-armed chairs of a lunch room."

"The mail we get is from solid citizens. Their letters are literate; the sentences have verbs in them."

"As yet, no one is making any money from the show. It is a co-operative effort by the university and CBS. The university feels that it is repaid if perhaps some people are induced to think of it when sending their children to college. We had one letter from a woman in Pasadena who said that her son was against college. But since looking at our show, he had changed his mind and decided to go. Of course he might end up at Stanford but the fact that he has changed his mind is satisfaction enough for us."

Philippine Army Fears World War in 4 Years

MANILA (U. S. P. C.)—Philippine army chiefs say there may be a third world war within four years.

Maj. Gen. Jesus Vargas, chief of staff, disclosed the official army position yesterday before a congressional committee studying the defense budget.

The army asked the House Appropriations Committee to approve \$1 million dollars for national defense in the proposed 334-million-dollar national budget.

Roosevelt Says Wife Stole Files

Court Hears Testimony on Payment to Woman Named Co-Respondent

PASADENA, Calif. (U. S. P. C.)—James Roosevelt, who says documents were missing from his files after his estranged wife broke into his office last August, resumes the stand today at a hearing on her petition for support.

The hearing is to determine whether the eldest son of the late President Franklin Roosevelt is able to pay \$3,500 a month demanded by his wife Romelle. She seeks the sum for herself and their three children pending trial of their separate maintenance suits.

Mrs. Roosevelt contends her husband is worth two million dollars and he claims he is \$78,000 in debt.

One of her attorneys, Arthur E. Schifferman, yesterday introduced a torn-up document referring to a \$2,500 trust payable on demand to Irene Owens.

Schifferman told reporters this was the Gladys Irene Owens whom Mrs. Roosevelt named with two other women as co-respondents.

Mrs. Roosevelt, 38, accuses her husband of infidelities with 12 women. The attorney said Mrs. Owens formerly was employed by one of Roosevelt's insurance firms.

Schifferman also questioned Roosevelt, who was on the stand in Superior Court the entire day, about a 2.83-carat, \$5,000 diamond ring purchased last November. Roosevelt, 46, claimed he bought it for his wife, but one of her lawyers said it was not her size and she never received it.

The torn-up piece of paper, pasted together under transparent sheets, was in longhand and signed by Atty. John K. Sloan of Los Angeles. The document said the lawyer was holding in trust \$2,500 payable to Irene Owens.

Roosevelt testified he put the money in trust "to try and safeguard some of my possessions which I believe were being tampered with."

He said the money was for his own use and that Sloan has repaid the entire amount.

Asked by his attorney, Samuel B. Picone, why he had placed the money in trust, Roosevelt replied he had lost confidence his wife would not withdraw the entire amount from a joint account they previously had had in New York.

"When did you lose confidence?" Picone asked.

"On a Sunday, Aug. 3, she visited the office building, got a key from the janitor and broke into my files. Since then various items have been missing, including one produced here in court," Roosevelt replied.

He said a locksmith was required to repair the file locks.

Japan, Asian Nations Plan to Share Skills

TOKYO (U. S. P. C.)—Japan is offering to share her technical skills with the nations of Southeast Asia.

The Foreign Office discussed a plan today by which Japan will assist the nations in developing agriculture and light industry.

First to take advantage of the offer will be Ceylon. Its minister to Japan, Dr. Deepal Susanta de Fonseka, opened negotiations with Japan today, Kyodo reported.

Japan would send agriculture and light industry experts to Ceylon and Ceylon would send youths to study production methods in Japan. Expenses would be borne mutually.

Similar negotiations between Japan and India and Pakistan are anticipated.

Judy Holliday Not Dumb but Smart, Had 172 I.Q.

JUDY HOLLIDAY

NEW YORK (U. S. P. C.)—Many a smart girl has learned the smartest thing she can do is to act dumb.

But Judy Holliday, who has made a fortune playing dumb blonde roles, had to take a holiday from real genius to do it.

At 10 Judy had an I.Q. of 172, or roughly double the intelligence level of the average Hollywood executive, if what you hear about Hollywood is true.

But it rather disturbed Judy to have an intellectual batting average comparable to that of Babe Ruth in baseball. She never had a desire to grow up and become a lady Einstein, and feels time has enabled her to overcome the handicap of being a child genius.

"I've had to live it down, and I think I have," she said wryly the other day at Sardi's. "They say you change every seven years. Whatever my I.Q. was when I was a child, it certainly has been going downhill since."

"But it imposed a terrible obligation on me for a long time. It embarrassed me. People expected me to be devastatingly witty—to talk like a knife blade."

At the ripe old age of 31 (it says right here in black print) Judy finds it more comfortable that she is now expected her to be as dumb in real life as she acts on stage and screen. It is so restful.

Meanwhile Judy, currently starred in Columbia's "It Should Happen to You," has been wise enough to insist on making only one film a year so the public won't tire of her—and her own work won't become stale to her. And she hasn't let Hollywood fame or money upset her own private values. She doesn't go in for off-screen glamor.

"My life hasn't changed much," she said. "I don't go to the places where the elite meet."

"Motherhood isn't as popular in Hollywood now as it was several years ago. You're supposed to keep quiet about that. An actress now is supposed to be exciting and romantic and glamorous."

But Judy doesn't mind telling the world the biggest thing in her life is her 15-month-old son, Jonathan.

"I used to collect antique furniture," she said. "Now all I collect is baby pictures. Does he have an I.Q. of 172? How could I tell? All I know is I like him like he is."

"Am I afraid of anything, did you ask? Well, I'm not afraid of losing success. I would be more afraid of losing the people in my life than the things in my life. But

Bride Makes Plans Unaware of Malady

SCRANTON, Pa. (U. S. P. C.)—A state trooper's bride of 10 days, whose doctor says she is dying of leukemia, went ahead making plans for the future today—unaware she has the deadly cancer of the blood.

Paul Chylak Jr. learned first that his high school sweetheart Marie Rebar had the dread disease two weeks before the marriage when doctors told him the results of a state-required blood test.

The wedding was held as scheduled on Feb. 6 and the couple left by automobile for a honeymoon in New York. After less than an hour's drive the bride collapsed.

They returned to Marie's home in nearby Olyphant. A week later she was admitted to the hospital.

Dr. Joseph P. Krisanda said the young bride will not leave the hospital alive. A few weeks, maybe a few months, is all he expects her to live.

Rival Drugstores End Three-Day Price War

MONTREAL (U. S. P. C.)—Breakfast went back to 40 cents today in nearby

Mount Royal after a three-day price war between two next-door neighbors. At one point the happy public got two eggs, toast and coffee for only 17 cents.

The rivals, drugstore proprietor Robert Schachter and cigar store owner Bernard De Guire, made a truce last night and agreed regular prices would prevail.

De Guire said he had started the price-whacking because the drugstore was peddling cigarettes at cut rates.

The Azores consist of nine volcanic islands.

Slight Selling Lowers Grains

CHICAGO (AP)—Light selling pressure sufficed to force grains lower on the Board of Trade today in the absence of aggressive demand.

Action of a few contracts showed how limited was the demand under the market at the start. July oats, for example, opened two cents lower. This was a wide drop for oats and it attracted enough buying to get that contract back to within a fraction of yesterday's close.

Wheat near the end of the first hour was 1/4 to 1/2 cents lower, March \$2.14 1/2, corn unchanged to 1/4 lower, March \$1.51 1/2, oats 1/4 to 1/2 lower, March \$1.19 1/2, soybeans unchanged to 1/4 lower, March \$3.22 1/2 and hard 12 cents lower to 5 cents a hundred pounds higher, March \$16.92.

3 Flint Home Looters Ordered to Pay Fines

FLINT (INS) — Three former Detroit police officers had 60 days today in which to pay fines and costs totaling \$150 each for looting tornado-damaged homes in Flint last June.

The trio, Julian D. Wilson, 27; Paul J. Brubaker, 26, and Robert A. Friend, 25, were convicted in the Circuit Court room of Judge Stephen A. Roth.

Authorities charged the three looted wrecked Beecher district homes while fellow officers assisted in rescue work.

All three were dismissed from the Detroit Police Department following trial board hearings.
