Ike and Wilson May Be Pulled Into Army Fight

Sec. Stevens Angry at McCarthy 'Rudeness' to Gen. Zwicker in Quiz

NEW YORK (INS)—The White House today was drawn into the heated controversy between Senator Joseph R. McCarthy and Army Secretary Robert T. Stevens.

The Pentagon announced that Stevens obtained clearance from the White House for his statement accusing McCarthy of "humiliating" an army general.

NEW YORK (INS)—Sen. Joseph R. McCarthy intends to go to "higher authority"—presumably Defense Secretary Charles E. Wilson or President Eisenhower—in his fight to get the names of army officials he accuses of shielding a "Fifth Amendment Communist."

An unimpeachable source said today the Wisconsin Republican plans such a move unless their identities are disclosed or Army Secretary Robert T. Stevens rescinds his order barring high-ranking officers from appearing before his Senate permanent investigations subcommittee.

The source, who is close to the senator, said McCarthy is "outraged" over Stevens' order and "is not backing down in this fight" stemming from the Army's honorable discharge of Maj. Irving Peress of Elmhurst, N. Y.

Furthermore, the source continued, McCarthy is determined to attempt to cite Stevens for contempt if he does not answer questions at a subcommittee hearing to the satisfaction of the senator.

It was understood, in addition, that McCarthy is trying to arrange a meeting with Wilson to discuss what he terms the "cover-up, promotion, coddling and protection of a known Communist" by Army officials.

Peress, a Reserve dentist on duty at Camp Kilmer, N. J., was discharged Feb. 3 despite McCarthy's demand he be court-martialed for allegedly recruiting.

Scattered Showers Outlook for Tuesday

Partly cloudy skies and scattered showers is the weather outlook for the Pontiac area tonight and Tuesday, according to the U. S. Weather Bureau.

A low of from 32 to 34 tonight is expected to rise to a high of 42 to 46 on Tuesday.

Despite a shower-filled weekend, temperatures were comparatively mild, with a high of 55 and a low of 38 recorded here Saturday. Sunday the mercury rose from a low of 36 to a high of 48 degrees. Approximately .63 of an inch of rain fell on the city during the two days.

At 8 a.m. today the reading was 34, but at 1 p.m. in downtown Pontiac the mercury registered 41 degrees.

Thousands Left Homeless as Cyclone Hits Australia

SYDNEY, Australia (UP)—A cyclone which killed 18 to 20 persons, caused \$2,250,000 in property damage, and brought New South Wales its worst floods in history veered out to sea today.

The storm left thousands homeless and in need of food and medical supplies.

Telephone lines were knocked out. Rail and road transportation were cut.

Sewerage, electric and gas facilities were disrupted in places. All communication with the North Coast was severed, with only amateur radio operators maintaining contact from the stricken area.

Hundreds of thousands of square miles were affected. Homes were wrecked, bridges smashed, thousands of head of cattle destroyed, and many acres of valuable grazing land ruined.

Police used small boats and

Armed GIs Scatter ROKs Trying to Halt Indian Train

SEOUL (AP)—American troops, jabbing with bayonets, chased off without apparent bloodshed 200 to 300 South Koreans who early today tried to halt a train carrying homebound Indian soldiers, the U. S. 8th Army said.

The Koreans were cleared from the tracks after some minor jabbing and shoving, and the train continued to Inchon port without incident, said an 8th Army spokesman.

However, Kim Chang Heung, vice chief of South Korea's national police, said American tanks were called to the scene. He denounced what he called the 8th Army's "heavy counter-measures" against "a righteous move by indignant men."

An American officer said the anti-Indian demonstrators were cleared in about 30 minutes, shortly after midnight. They had massed on the railroad embankment and had lighted fires to keep warm.

The incident was the first show of interference which South Koreans had threatened against the Indians.

Both the 8th Army and South Korean police reported they knew of no injuries in the demonstrations, three miles north of Seoul.

A South Korean police official, who said he was present, reported that some of the group were former prisoners of war turned loose by Indian custodial troops last month.

In explaining how the South Koreans were dispersed, the ROK official said: "They were told to go and they just went."

The demonstrators were not armed, the police official said, and saw they could do nothing against "such an overwhelming force."

The Korean official claimed more than 1,000 Americans were protecting the train but the 8th Army spokesman said there was not anywhere near this number.

Floodwaters reached as high as the first floor balconies of a hotel in Lismore where Queen Elizabeth and the Duke of Edinburgh stayed 10 days ago.

Landslides blocked roads in and around the city after 16 inches of rain fell in 24 hours.

Ten persons were reported missing.

Fires Strike Two Pontiac Homes

Firemen Fight Blazes for 2½ Hours Sunday Morning

Five adults and two children were driven from two Pontiac homes in their nightclothes Sunday at 6 a. m. when fire of undetermined origin gutted one home and damaged an adjoining one.

Joseph Barkiewicz and his wife, Mary, 29, of 1045 Durant St., were awakened by James Bowner, of 1049 Durant St., whose home was gutted by the fire.

They called firemen and rushed their two children, Mary Jo, 4, and Joseph Michael, 5, from the house. Mrs. Barkiewicz's father, Alfons Wielasert, 76, and her sister, Rose Marie, 24, also fled from the home.

Firemen, who fought the flames for 2½ hours, estimated damage to Bowner's home at about \$10,000. The Barkiewicz home suffered damage estimated at \$2,000. Bowner said he was awakened suddenly by the heat. He jumped out of a first floor window and aroused his neighbors.

Mrs. Barkiewicz said "If he hadn't awakened us I'm sure we would never have gotten out of the house. The children were too sleepy to be frightened."

Bowner's auto, parked between the two homes, had to be pushed to the street because heat from the fire had melted ignition wires.

Bowner is living with relatives in the city and the Barkiewicz's moved back into their damaged home after makeshift repairs.

23 Die in State Fires, Traffic Over Weekend

Six of Auto Victims Are Pedestrians; Probe Home for Aged Blaze

By THE ASSOCIATED PRESS
Michigan traffic and fires, one of them at a convalescent home in Watervliet, claimed at least 23 victims since the damp and gloomy weekend began Friday.

The Friday night blaze claimed eight lives. Mrs. Jennie Shuster, 81, of Benton Harbor, was the most recent victim. She died Sunday at Watervliet Hospital.

An investigation into the fire was undertaken by Joseph Killian, Berrien County prosecutor. He planned to meet with state fire officials to determine whether an inquest was required.

At least 14 persons died in automobile accidents.

Harold N. Nelson, 81, of Ann Arbor, was killed when he apparently lost control of his car and crashed into another about five miles north of the city.

George Webb, 45, of Toledo, was killed near Erie, Mich. He stepped into the path of a car on U.S. 24.

William Haight, 77, of Ann Arbor, died Saturday after being struck by a car when he stepped off a bus.

Mrs. Signe Mazeske, 42, of Iron, and Raymond Atwood, 26, of Grant, were killed in the two-car crash on M. 37 near Grant Saturday night. Four others were hurt.

Charles H. Ballard Jr., 21, of Lapeer, was killed Sunday when his car ran off M. 34 six miles south of Lapeer and struck a tree.

Betty McConkey, 18, of Pickford, was fatally injured Saturday when a car in which she was riding crashed into a bridge on M. 129 near Sault Ste. Marie. The driver, Royce Miller, 19, of near Pickford, was injured.

Leroy Sims, 19, was killed in a collision Saturday south of Marquette at M. 94 and U.S. 41.

George Thompson, 55, of Lake Orion, was killed Saturday when his car hit the side of a Grand Trunk train at an unguarded crossing on Indianwood road.

An unidentified pedestrian was killed Saturday when struck by a car at a Detroit intersection.

Mamie Caldwell, 4, of Detroit, was killed Saturday in another pedestrian-auto accident in Detroit when she stepped into the path of a car.

Lake Orion Man Killed by Train

Auto Thrown 70 Feet by Impact of Collision With Locomotive

George E. Thompson, 55, of 2209 Indianwood Rd., Lake Orion, was killed instantly Saturday when his auto struck a Grand Trunk Western locomotive at a railroad crossing near his home.

Thompson's auto was hurled 70 feet by the impact, according to Oakland County sheriff's deputies.

The nine-car train was bound for Pontiac from Cassville.

Engineer Eugene Freley, of 4909 Fiddle St., and E. Y. Shelton, conductor, of 86 N. Marshall Blvd., said the train was traveling about 35 miles an hour when the accident occurred at Indianwood Rd. and the crossing.

Deputies Thomas Brimhall, Donald Wall and William Smith said that no warning signals or drop gates are at the crossing.

Thompson, who has lived in the county for 35 years, had been employed as a tool and die maker at GMC Truck and Coach Division. He was born in Elyria, O., Sept. 23, 1898. He had been a resident of Pontiac for 15 years before moving to Lake Orion.

Surviving are his wife, Beatrice; one brother, Oscar and a sister, Mrs. Benjamin Schmidt, both of Elyria.

Funeral service is scheduled for Tuesday at 11 a.m. from Allen's Funeral Home and burial will be in Eastlawn Cemetery. The Rev. G. E. Behnke, of Holy Cross Lutheran Church, Oxford, will officiate.

Flint Police Keeping Order at 2 Picketed Buick Plants

FLINT (AP)—The AFL Building Trades Council deployed 300 pickets around the Buick plants in Flint today to keep AFL Teamsters from doing work the council said should be done by carpenters.

But the teamsters made no immediate attempt to crash the picket lines.

The area was barricaded by 100 Flint policemen who maintained order but did not interfere with the picketing. The police, wearing white steel helmets, stopped all through traffic in the area of the plants.

City officials said they were prepared for any violence in the dispute between the two AFL unions. They said they understood State Police would come to their aid if the situation got out of hand.

The building Trades Council had announced it would set up 5,000-man picket lines to keep out the Teamsters Union which the council said has violated its jurisdiction.

Apparently a showdown between the unions was put off by the legal holiday.

A spokesman for the teamsters said: "Our boys were told to take the day off because this is George Washington's birthday."

A Flint carpenters union set up its own picket lines last Wednesday, charging that the Commercial Contracting Co. of Detroit had used members of Teamsters Local 299 in Detroit to do carpentry work in moving government machinery from the two plants.

Carpenters Local 1373 asked for council help when the teamsters ignored their picket line.

A Building Trades Union spokesman said "we will picket the Buick plants until this thing is settled."

City Attorney Herbert Milliken said he would try to have the disputed work stopped at both plants.

197 Mau Mau Dead in Recent Fighting

NAIROBI, Kenya (INS)—British security officials announced today that 197 Mau Mau native terrorists have been killed in the last nine days and fighting is continuing in Kenya Colony.

Officials said that British troops have "bottled up" the battered remnants of one Mau Mau gang in a section of the Aberdare Forest in the northwest corner of the Fort Hall Reserve District.

At least 87 of those slain died in week-end clashes in the reserve area, and this was the largest single death toll announced since the beginning of the emergency in the East African Crown colony 16 months ago.

Benson Storage Building Razed; Loss \$125,000

One Fireman Hurt as 28 Battle Flames Over Two Hours Saturday Night

Fire swept through the M. A. Benson Lumber Co., 549 N. Saginaw St., Saturday night, causing an estimated \$125,000 damage to the main building, lumber and machinery.

One fireman was reported injured while fighting the fire which threatened over \$1,000,000 worth of lumber stored outside the building, according to Chief John F. Schroeder and Capt. John J. Morrissey.

Morrissey said 28 firemen battled the flames about two and a half hours before the blaze was brought under control.

A crew of firemen was still at the scene today extinguishing small blazes breaking out in the charred lumber. The 150x100-foot building and lumber smoldered all day Sunday.

Over 30 persons reported the blaze to the fire department switchboard at 10:10 p. m.

Fireman Stanley Laxon was rushed to Pontiac General Hospital after he was knocked unconscious by fire equipment. Laxon was slapped backward off a fire engine by a metal bar while releasing hose leading to a hydrant, fellow workmen said.

He was treated for bruises and cuts on the chest and face.

Although no immediate cause has been determined, Schroeder said that they are running down information that several persons were in the building before the fire started.

Schroeder said that others rumored that the blaze was started by a lightning bolt, which possibility also is being considered.

Most of the lumber destroyed was finished lumber ready to be used as building material.

The company also was hit by a \$92,000 blaze on June 26, 1951 when the main building also was destroyed.

Three engines and one ladder truck were used Saturday and Sunday in fighting the fire.

Capital Observes Birthday of Namesake With Sales

WASHINGTON (UP)—An elderly automobile for 99 cents, typewriters and TV sets for pocket change, table wines for five cents a bottle, and other "fabulous bargains" drew thousands of shoppers into capital stores today.

Clearance sales of cut-rate merchandise are a traditional feature on this city's celebration of Washington's Birthday. Long lines formed outside of department stores, appliance shops, and clothing firms before dawn.

Although the jostling crowds of shoppers offered no visual evidence of a business slump, one early bird complained that he had tried in vain to sell his place—third in line at the C. Hecht Co. Department store—for the \$6 price it had commanded in past years. More than 200 shoppers were in line behind him at 7:30 a. m. Apparently his price was too high.

The United Typewriter Co., which featured several vintage typewriters for 99 cents each, also

MAKE SAY Manager to Present List of Accomplishments at Commission Meeting

From Our Birmingham Bureau
BIRMINGHAM—A major portion of tonight's city commission meeting will be taken up by a report from City Manager Donald C. Egbert, listing the city's past accomplishments, present status and future problems. He will include a report on Birmingham's financial condition.

Another report, from the city engineer, will list major construction projects completed between 1949 and 1953, at a total of \$2,387,681. It will show construction costs for paving, sidewalks, surfacing, sewers and water.

The city's Dutch Elm disease control program for this year will be outlined, with the recommendation that 2,750 gallons of spray and a mist sprayer be purchased.

Commissioners appropriated \$3,550 last month so that a more intensive control program can be conducted, which includes spraying all elm trees on public property.

Under consideration will be a request from Mr. and Mrs. Carl O.

Meet Your Commissioners

Birmingham Man Serves in Tradition of His Father

(Editor's note: This is the last in a series of articles entitled "Meet Your Commissioners," concerning Birmingham lawmakers. The series is designed to make these men and their opinions better known.)

BIRMINGHAM — Serving as a city commissioner was in the cards for the city's newest lawmaker, James C. Allen, providing the local citizenry would elect him. They did that last April, when he was chosen to fill a one-year vacancy.

Allen's election was in the tradition of his family. He saw his father, Harry Allen, sworn in as president of the village of Birmingham in 1930.

His father headed the charter committee that turned the village into a city in 1933. He then became the city's first mayor, and was a city commissioner.

And Warren Clizbe, young Allen's grandfather, also served as president of the village from 1920 to 1924.

Allen is a partner in the Detroit law firm of Allen, Haas and Selander. He received his law degree from the University of Michigan in 1943.

He fills the title of "commissioner" in still another way. Allen was named head of the Michigan Corporation and Securities Commission last year. He had been a deputy commissioner since 1951.

Working in this capacity, Allen spends at least two days a week in Lansing. He thus is working from the level of local to state government much of the time.

An avid reader of 18th century English literature, Allen was editor of the now defunct "Perspectives," campus literary magazine at the University of Michigan.

A large record collection also shares space on the library shelves at his home at 1108 Maple. There isn't too much time for his golf game.

Until recently his family consisted of his wife, the former Rosemary Aldrich of Ann Arbor, and three children.

But James C. Allen Jr. made his entrance into the world last Christmas eve, to become the baby brother of Bill, G. Martha, G. and Molly, 2.

Stevens-McCarthy Fight Grows Bitter

(Continued From Page One)

Gis into a Red cell at the Army post.

Stevens loosed a bitter blast at McCarthy last night over what he termed the "unwarranted... humiliating treatment" to which he said Brig. Gen. Ralph W. Zwicker, Camp Kilmer commandant, was subjected before the McCarthy group last Thursday.

Stevens charged Zwicker was "abused" and subjected to "unfair attacks" and said he was "sure" the other committee members "will be shocked... to read the transcript of the testimony."

The source close to McCarthy said the senator sent telegrams early today to all committee members notifying them he intended to release the transcript of Zwicker's secret testimony unless there was an objection and added:

"We will let the public be the judge if the general was mistreated or humiliated."

Meanwhile, McCarthy asserted that "the issue raised by Stevens is whether the Army is supreme over the Congress... and can enjoy special dictatorial immunity in covering up its wrongdoings."

He charged that Peress' discharge was "stupidity at its best and treason at its worst" and that "those who committed it are now being officially shielded by order of the secretary of the army."

It was understood McCarthy told Stevens he wants Zwicker to appear before his group again on March 10, the date on which Sen. Stuart Symington (D-Mo.), a subcommittee member, is due back from a European tour.

Stevens ordered Zwicker and Maj. Gen. William Bergin, the adjutant general, to refuse to appear before McCarthy's group but volunteered to appear himself at a public hearing in Washington tomorrow.

NBC announced it would televise the subcommittee session, scheduled to start at 10:30 A.M. (EST).

Referring to Zwicker's appearance last Thursday, the Army secretary declared:

"I can not permit the loyal officers of our armed forces to be subjected to such unwarranted treatment."

"The prestige and morale of our armed forces are too important to the security of the nation to have them weakened by unfair attacks on the officer corps."

Stevens reiterated his determination to rid the army of subversives and Communists and stressed a "full-hearted desire to cooperate with Congress."

He said he "appreciates the constructive assistance" of congressional committees but asserted that "I am confident, at the same time, that the American people do not believe in unwarranted abuse of our loyal officers any more than I do."

Stevens added:

"At a closed hearing last week, Gen. Zwicker suffered humiliating treatment only because he carried out actions which were his official duty and executed an order he had received from higher headquarters and which he was required to execute."

Unofficial reports said that Zwicker, much decorated for bravery, complained that McCarthy told him, "You are a disgrace to the uniform, you're shielding Communist conspirators, you are going to be put on public display Tuesday for all the world to see, you're not fit to be an officer, you're ignorant."

The exchange reportedly occurred after Zwicker refused to identify officers who approved Peress' discharge.

Fathers, Children to Attend Dinner

B'nai B'rith will hold its annual father and children dinner Tuesday at 6:30 p.m. in the Congregation B'nai Israel Auditorium, according to Thomas A. Horwitz, toastmaster for the affair.

A plaque will be presented to the Pontiac High School band honoring it as one of the outstanding groups in the country, Horwitz said.

Band Director Dale C. Harris, and his assistant Frederick West will be present to accept the award along with Judith Palmer, solo clarinetist, and Jerry Fredrickson, band manager.

Other entertainment also will be provided the guests, Horwitz said. Dr. Maurice Thome is president of the group.

Four Hospitalized After 2-Car Crash

ROYAL OAK TOWNSHIP—Four persons were taken to St. Joseph Mercy Hospital, Pontiac, last night after two cars collided head-on at John R. and Dallas Rd.

Jack A. Stone, 19, of 2587 Wolverine Rd., Royal Oak Township, received possible skull and shoulder injuries. A passenger with Stone, Sandra Wheeler, 18, of 88 W. Roberts, Hazel Park, was reported in fair condition with possible head injuries.

Driver of the other car, Mr. Ann K. Pifer, 28, of 2324 E. 11 Mile Rd., Royal Oak, was also in fair condition with possible head injuries. Her husband, Raymond, 28, was treated for slight injuries and released.

Crowds Set Records at Detroit Auto Show

DETROIT —The Detroit Auto Dealers Assn. counted an all-time record 49,414 visitors at the 41st Detroit Automobile Show Sunday.

The crowds at the Fairgrounds became so great at 4 p.m. the Fire Department ordered the box office closed for one hour. Ticket sales then were restricted for another two hours.

Drizzling, blustery weather failed to dampen the enthusiasm of the throng which topped the previous one-day mark of 38,000 set in 1940.

Heading into its third day, the show had a two-day attendance mark of 84,469 visitors. The exposition of the auto industry's latest offerings continues daily through next Sunday.

Old Washington Legend Gets 20th Century Ending

SCITUATE, Mass. (INS) — The owner and teacher of a kindergarten—Mrs. Celeste Murphy—was telling her students the old story of George Washington and the cherry tree he cut down.

"And when George's father got home and saw the fallen tree, what do you think he said?" she asked.

"Timber," shouted Michael Stanley, age six.

Reports Children Upset

NEW YORK — A Columbia University survey indicates 10 per cent of the nation's public school children are emotionally disturbed and need mental guidance.

5 Hurt in Crash at Intersection

Collision on Southfield, 11-Mile Injures Detroit, Highland Park Youths

Five persons were injured Saturday night in a crash at Southfield and Eleven Mile Rds. in Southfield Township, according to Oakland County Sheriff's deputies.

Richard A. Rezek, 22, of 34 California St., Highland Park, told deputies he was traveling south on Southfield with three companions when another car ran a stop sign and rammed his auto.

Driver of the other car, Terrence W. O'Brien, 22, of 4884 Lakeview, Detroit, was admitted to Mt. Carmel Mercy Hospital with head injuries. His condition is satisfactory, according to hospital authorities.

Rezek and June Deloney, 16, of 215 California, Highland Park, Edward Rugg, 17, of 18976 Pierson, Detroit, and Keith Merten, 18, of 1890 Fielding, Detroit, were treated at the hospital for cuts and bruises.

Hold 3 County Men in Robbery Attempt

PORT COLBORNE, Ont. — Three south Oakland County men are among five persons being held here in connection with an attempted lumber office robbery Saturday night.

Police report they are holding James Barefoot, 23, of Ferndale; Robert Hill, 21, of Royal Oak; and Arthur Smith, 26, also of Royal Oak.

Also being held are Smith's brother, Ralph, 31, of River Rouge and Frederick Deering, 27, of Eden, N. Y.

The door of the safe, police said, had been partially torn off with a tire iron. The safe contained no valuables.

Farm Surpluses to Be Discussed

2 International Groups to Consider Problem in Capital This Week

WASHINGTON (INS)—The problems of surplus farm commodities will be discussed in two international conferences in Washington this week.

Representatives of eight nations will meet tomorrow in a working party of the Food and Agriculture Organization of the United Nations. At the same time, delegates from the United States, Canada and Mexico will meet under the auspices of the World Federation of Agricultural Producers.

Represented in the FAO session will be Argentina, Egypt, France, India, the Netherlands, New Zealand, the United Kingdom and the United States.

Both groups will consider ways of using surplus food to feed hungry peoples without disrupting normal channels of trade. The world federation conference also will discuss the problem of Mexican labor working on U. S. farms.

American producers of flue-cured tobacco may face export competition from Pakistan in the future. The Foreign Agricultural Service reports that in the past few years Pakistan has expanded its production of this tobacco to meet domestic requirements, and that it may expand production for future export.

The United States now is mainly interested in the expansion of flue-cured tobacco, and especially for export.

SWEPT BY FIRE—A flash fire and explosions swept through this Royal Oak wholesale plumbing store Saturday morning, causing an estimated \$150,000 damage. The Nelson Plumbing Co. store (right), at 332 E. Lincoln, was virtually destroyed.

Two houses on either side of the building, one of which is seen at left, were littered with bricks and other debris from the blasts. A car parked next to the building was also badly damaged. Firemen battled the blaze for nearly six hours.

Supply Firm Ruins Searched

Saturday Fire Fought for 6 Hours by Firemen of 5 Communities

ROYAL OAK—Fire department investigators and insurance appraisers today gazed through the blackened wreckage of a plumbing supply store, seeking the cause of a \$150,000 fire which swept the building Saturday.

First damage estimates of \$350,000 were revised downward today by Allan F. Farquhar, Nelson Co. vice president. He said damage to the building would probably be \$75,000 with another \$75,000 damage to stock.

Farquhar credited a fire wall for preventing the flames from spreading to a newer section of the Nelson Co. store at 322 E. Lincoln. Another \$75,000 worth of plumbing fixtures was in the undamaged portion.

More than 100 firemen fought the blaze for nearly six hours, with aid coming from Hazel Park, Huntington Woods, Pontiac, Birmingham, and Detroit, according to Fire Marshal George Cook.

An employee, Charles Inman, 30, who lives next door to the store, first spotted the flames shooting out a shipping room door.

"I ran to the corner and turned in the alarm," he said. "By the time I returned from the corner, the whole place was ablaze."

Inman said 300 tanks of bottled gas were stored at the rear of the building. He attributed a series of 8 to 12 small explosions to the intense heat on the tanks.

Farquhar said the store's 20 employees would be put to work in the firm's other branches. Nelson Co. has two branches and its main office in Detroit and another branch in Ann Arbor.

Michigan Bell Telephone crews worked from 9:30 a. m. Saturday until 3 a. m. Sunday restoring service to 750 circuits which had been cut off by the blaze when heat melted through telephone cables.

Falling bricks and debris from the burning building caved in the roof of a house next door, badly damaged a parked car and another house on the other side of the store.

For a time, flames threatened a Detroit Edison Co. sub-station across the street. Electric lines bringing in power from Detroit running near the Nelson store were also threatened by the heat and flames.

Police Push Search for Station Bandit

ROMEO — Police today continued their search for the daring bandit who held up a gas station directly across from police headquarters Saturday morning.

Police report the hold-up man took \$150 from John Licht, 67, of Washington, the attendant.

Licht told police he did not see a car but the bandit wore a blue handkerchief over his face and used a blue steel revolver.

The holdup man took \$60 from Licht's wallet and \$30 from the till. A two-hour State Police blockade was called off because of the description was too limited to identify the man.

The station is owned by Jay Eldred of Romeo.

what has television done for newspaper reading?

survey shows that TV INCREASES it!

For the fourth year in a row the Cunningham & Walsh independent "Videotown" survey shows that television set owners are spending more time with their newspapers than ever before!

And again it is clear that every medium of communication—including TV, the newcomer—simply whets people's appetites for the full story.

In their newspaper they'll find the whole story about the fight they saw on TV last night. They'll read about the entertainers they watched... the debate they saw... or the educational program that was so interesting.

No matter what the source of news may be — an angry dictator across the sea, an earthquake in Mexico, a tennis match in Australia, a fire downtown, or a TV program in the living room — it's the newspaper that tells it all.

No wonder people are reading their newspapers more! No wonder advertisers are finding newspapers more productive than ever before!

"Newspaper reading has been on an upward trend in the panel, and in the city as a whole, throughout the four years' check of social activity. Reading of newspapers among adults was up 9% in the first year of TV, another 20% in the second year, and an added 12% this year..."

Indiana Near Title, May Rule as NCAA Favorite

By RIF WATSON
NEW YORK (AP) — Indiana's Hoosiers can wrap up the Big Ten basketball title tonight and qualify for the NCAA Tournament, which they won last year.

A victory over Iowa's fading Hawkeyes will give Coach Branch McCracken's boys at least a tie for their second straight Big Ten crown. And should Wisconsin whip Illinois, the Hoosiers will have the

title without any further argument. Indiana, ranked third nationally in the latest Associated Press poll, has a 10-1 record in conference competition, with Iowa (8-3) and Illinois (7-3) the only challengers.

A three-way tie is theoretically possible but not likely. The Illini and the Hoosiers meet in the wind-up March 6.

The Hoosiers could well go into the NCAA Tournament as the favorites since first-ranked Duquesne already is in the National Invitation Tournament in New York and the three stars of second-rated Kentucky—Cliff Hagan, Frank Ramsey and Lou Tsioropoulos—may not be welcome in the NCAA Tournament because of their post-graduate status.

Oklahoma A&M, which won the NCAA crown in 1945 and 1946 behind Bob Kurland, could clinch another Missouri Valley Conference title—No. 8 in 11 years—by beating Wichita again Wednesday. That would qualify the fifth-ranked Aggies automatically for the NCAA Tournament.

Another for Mihalo
DETROIT (AP) — Bill Mihalo, who has broken so many walking records that he inevitably had to break his own, set a new world professional walkers mile mark Sunday at 6:03.8. It bettered a record he set at Miami last year by one and 1-10 seconds. It was his 18th record since turning professional in 1932. Mihalo said he now has set his sights on Australian walkers who compete in distances from 30 to 100 miles.

Hoosier Victory, Loss by Illini Will End Race

Iowa at Indiana, While Illinois Hosts Badgers in Tonight's Tilts

By TOM BRANAGAN
CHICAGO (AP) — A quick one-two punch tonight is all Indiana needs to place itself beyond reach in the 1954 Big Ten basketball campaign. First and foremost requirement is a victory by the Hoosiers over the 2nd place Iowa Hawkeyes in a game on the Indiana floor.

Second part of the parlay would be a victory by Wisconsin in tonight's game with Illinois at Champaign.

This set of circumstances would leave Indiana with 11 victories and one loss and only two games left in the 14-game Big Ten season. Every other team would have at least four defeats and not even a mathematical chance of overtaking the Hoosiers.

If Illinois wins, as expected, a Hoosier victory would assure Indiana of a tie for the title. Illinois, which has won seven and lost three, could gain a tie if the Hoosiers lose their remaining games and the Illini win all theirs.

With Iowa staggering from two successive wallpings, by Ohio State Monday and Illinois Saturday, an Indiana win tonight seems by no means an extravagant expectation.

However, the Hawks have dropped only three of 11 games and undoubtedly will pull out all stops for the victory that would keep them in the running.

Iowa, even though playing on its home floor, never was in the game against Illinois. With Johnny Kerr scoring 26 points, Illinois took a 38-27 halftime lead and then smothered any Hawk comeback hopes by assuming full control of the backboards. Final score was 74-51.

Indiana, meantime, was having its troubles with Michigan State, winning 63-61 in the last two seconds on Burke Scott's field goal. Spartans double-teamed Don Schlundt, Hoosier scoring ace, and held him to 15 points.

Big Gathering for M-L Outdoor Events

More than 200 fishermen and hunters attended the Multi-Lakes Fish Derby and Fox Hunt recently. Prize for catching the largest perch went to Barney Poplawski.

Serving committee for the fish dinner included Howard Perkins, chairman, and Harry Helvey, Carl Reuthers and Clayton Adams.

Movies of duck wild life and a South American travelogue concluded the affair.

Records Fall to OSU Aces

EAST LANSING (UP) — Four pool and dual meet records went by the boards here Saturday as Hawaiian stars Ford Konno and Dick Cleveland led Ohio State to a 55-38 swimming victory over Michigan State.

style in 2:06.5 and posted a 4:30.5 in the 440-yard freestyle. Cleveland swam the 55-yard freestyle in :25.1 and the 100-yard freestyle in :49.3.

All four times eclipsed existing Jensen pool and meet records. Michigan State took first in the diving, medley relay, the individual medley and the 200-yard breaststroke.

Three conference representatives already have been named to the NCAA tourney, and the next two weeks are the weeks of decision for the collegians, with both big postseason tournaments filling up like a pair of camels in an oasis.

Champions in both divisions of the Pacific Coast probably will be determined by Saturday, but then there's the matter of a playoff. UCLA, leading the Southern Division with 7-3, needs only a split in two games at home against Southern California (6-4). Up north, Oregon State will settle for a split in the home-and-home series with Oregon.

Bums Clinch Title in Boys Club 1st Round

Five games were played Saturday in Boys' Club basketball leagues. Bums clinched the 1st round title in the Intermediate loop by dumping St. Mary, 40-31. Short Shots edged Misfits, 42-39, in another Intermediate contest.

Besides Duquesne, the NIT already has fourth-ranked Western Kentucky, Dayton, Louisville, Wichita and Niagara in its 12-team field. The roster should be completed by the end of the week. The competition gets under way March 6.

State Skiers Win Honors in Three Meets Sunday

By THE ASSOCIATED PRESS
Three Michigan skiers, two of them women, led Michigan contingents to honors in three out-of-state meets Sunday.

Alta Axman of Lansing raced through the giant slalom course at Sun Valley Idaho in 1:04 for the Sun Valley Ski Club's women's championship. Don Bren of Salt Lake City took the men's title on Dollar Mountain in 1:00.8.

der class, took his group's title. At Duluth, Minn., Carm Gullbault, a Michigan Tech coed, won double honors in the Central U. S. Slalom Championships. Her times of :50.5 and :58.3 gave her the women's class and the women's combined titles.

Only Junior game played saw Doornats scrape past Warriors, 30-29. In Pee Wee action, Vikings downed Hot Shots, 28-16, and Hot Rods beat Chiefs, 23-17.
