

Kalamazoo Girl Found Brutally Slain

UAW Ponders New Proposal Made by Ford

Union Expresses Hope That Monday Walkout Can Be Averted

DETROIT (AP)—Auto industry negotiations resume today amid new hopes expressed by the CIO United Auto Workers Union that a strike now set for Monday could be averted.

The union postponed a possible strike last midnight to consider a "new proposal" by the Ford Motor Co.

The UAW's four-day contract extension delayed any strike to Monday, only a day ahead of the contract expiration on Tuesday at General Motors Corp.

The union was due to meet this morning with Ford negotiators and this afternoon with General Motors.

With the emphasis in the auto industry negotiations previously on Ford, the imminence of a showdown with GM led to speculation

(See picture on Page 2)

that both major auto firms were almost equally under the union's fire. Few expected that both companies would be idled at once.

Walter Reuther, president of the CIO-UAW and the CIO itself, pledged in granting the Ford contract extension to Monday, that the UAW would stage a strike in Ford operations then if there was no "satisfactory" settlement.

The union still was pressing its guaranteed annual wage demand calling for year-around pay for workers laid off in slack production periods. Ford's first counterproposal to this demand was a combination offer to permit workers to buy Ford stock at half price, borrow during enforced idleness and get severance pay upon discharge.

CARL Stellato, president of Ford's biggest local at the huge Rouge plant here, told a workers' mass meeting yesterday afternoon that Ford had bettered this offer, but he declined to reveal details. He said a half dozen union economists were trying to evaluate the new Ford proposal.

On one point, amid loud cheering from the estimated 15,000 to 20,000 Rouge plant auto workers, Stellato said the UAW was adamantly against any renewal of a five-year contract.

McHale Is Ousted by English Star

ST. ANNES, England (AP)—Alan Slater of England ended Jimmy McHale's 5th bid for the British Amateur golf championship today when he defeated the big Philadelphia 1-up in a 5th round match.

McHale, a 39-year-old power hitter, was a member of the 1949 and 1951 United States Walker Cup teams. He was a semi-finalist in the 1950 British Amateur and reached the quarter-finals in 1952. He reached the 5th round today with an easy 5 and 3 victory over R. M. DeLloyd of Wales in his morning match.

McHale was the 2nd American beaten in the 5th round. Arthur Perowne of England, also a former Walker Cup player, trounced James K. Bernard Jr., of Westboro, Mass., a golfing "unknown," 6 and 4.

Ireland's Joe Carr reached the quarter-finals for the 6th straight year with a 5 and 3 victory over Richard Ashcroft of England.

Marilyn, Joe Together

HOLDING HANDS — Joe DiMaggio and Marilyn Monroe hold hands as they enter lobby of Loew's State Theater last night for preview of Marilyn's latest movie, "The Seven Year Itch." Separated, their divorce has not become final and they are seen often together.

Dallas Building Collapse Kills Three, Injures Eight

DALLAS (AP)—At least three persons were killed and eight injured when a downtown building collapsed on top of another structure last night.

Rescue workers dug through the rubble today searching for others who might have been trapped inside in the wreckage.

Early estimates said as many as 15 might have been trapped in a music store and a combination cafe and beer tavern which were smashed by the falling building.

The two businesses were in a story-and-a-half building. The building that first fell was a vacant, three-story structure being razed.

Besides the victims in the building, Charles Morris, 33, an employee of the music store, tripped and broke his collar bone while trying to help with rescue work. Fireman C. E. Hunt, 22, was overcome by gas and exhaustion and had to be carried out.

Killed were Luther Gonzales, 32, Alvis B. Simmons, 40, and William E. Kirby, 42, all of Dallas.

One victim, Lloyd Carrett of Dallas, was trapped until nearly 1 a.m.

Witnesses said that when the building fell at 6:30 p.m. CST, it sounded like a "bomb" or "explosion." It snapped trolley wires and dumped rubble four feet deep in the street. Bricks hit store fronts across the street.

In the cafe, a stuffed deer head poked up from the rubble, along with counter stools and splintered glass. Musical instruments were twisted and crumpled almost beyond recognition in the Cline Music Co.

The two ruined buildings were on Elm Street between a new bank building and the Fox Theater, on the fringe of Dallas' theater district.

Senate Voting Today on Ike's Foreign Aid Bill

Expect Final Passage by Tonight on Uncut \$3½ Billion Request

WASHINGTON (AP)—The Senate was called into session two hours early today to start voting on President Eisenhower's \$3½ billion dollar foreign aid program.

Prospects appeared bright for passage by nightfall, sending the bill to the House.

A half dozen or more amendments, most of them seeking sizable reductions in the big authorization measure, seemingly faced an uphill battle.

The Senate had already agreed to limit discussion to a maximum of two hours on each.

Sen. Ellender (D-La.) sought to reduce the over-all total upwards of 800 million dollars and require that in any military aid programs for free Asian nations some funds be provided by Britain, Australia and New Zealand.

Sen. Long (D-La.) has offered a companion reduction to cut up to one billion dollars from the total, leaving untouched only the proposed fund of 172 million dollars for technical assistance.

Other pending amendments would compel a greater portion of economic aid to be disbursed as loans rather than outright grants.

Senator George (D-Ga.), chairman of the Foreign Relations Committee which did not make a single money reduction in approving the global aid measure, predicted defeat of a non-money amendment by Sen. Knowland of California, the minority leader.

It would give John B. Hollister, who will become foreign economic director July 1, power to fire upper-grade employees in the Foreign Operations Administration without regard to civil service regulations. FOA expires July 1 when the economic aid program goes into the State Department.

George's committee struck that authority from the administration bill after Democrats charged it was a "jobs for Republicans gimmick."

The authorization measure carries a total \$3,408,000,000. An additional 122 million dollars for military aid originally asked by the administration, making a total of \$3,530,000,000, was found to have been authorized last year.

Election Registration Deadline Is Friday

Final date for registration for the Pontiac Board of Education election is June 3 at 5 p.m.

Anyone 21 years of age, a resident of Michigan for six months and who has resided in the school district for 30 days may vote in the school election slated for June 13.

Registration place is the Pontiac city clerk's office or the office of the city or township clerk in which the elector resides.

Contending for two four-year posts on the Pontiac board of education this year are Dr. Lynn Allen Jr., Monroe M. Osmun, Rev. J. Allen Parker and Theron T. Stickle.

Pine Grove Yields Murder Victim

WHERE BODY OF SLAIN GIRL WAS FOUND — The body of eight-year-old Jeannie Singleton was found late yesterday in this growth of pines in a recreation area northwest of Doster, Mich. The body was earlier search.

See Quick House Approval for Postal Pay Increase

WASHINGTON (AP)—The House Post Office Committee was primed today to give immediate approval to a Senate-passed bill to raise the salaries of 500,000 postal workers an average of 8 per cent.

The House is expected to follow suit next Tuesday.

A bill reported by Republican leaders to be acceptable to President Eisenhower, who vetoed a somewhat larger previous increase, passed the Senate 78-0 yesterday.

Retroactive to March 1, would add an estimated 164 million dollars a year to the Post Office payroll by giving a minimum 6 per cent increase to every employee. Bigger raises for some higher salaried workers bring the average to 8 per cent.

Chairman Murray (D-Tenn.) of the House Post Office Committee said he would call the Senate bill up in the House next Tuesday under procedure requiring a two-thirds majority to pass. "There will be no opposition to it," he told newsmen.

Once the postal pay question is out of the way, Congress will tackle another knotty pay problem by considering raises for over a million civil service workers.

Nab Witch Doctor Using Candles in Los Angeles

LOS ANGELES (AP)—Police are holding a man they say claims to be a witch doctor.

Bunco squad officers said Florentino Morales, 54, has been treating ailing Los Angeles residents with an assortment of equipment including black candles, effigy dolls, black silk scarves and plaited hair switches.

He was arrested after an ailing housewife said he agreed to cure a pain in her chest for \$300 with a treatment including a candle-light ritual dance. Morales was jailed yesterday on a warrant charging him with practicing medicine without a license.

The woman, Mrs. Geronima Banuelos, 42, is in General Hospital. Her ailment has not yet been diagnosed.

Tito, Soviets Confer

BELGRADE, Yugoslavia (AP)—President Tito sat down with Soviet Communist party boss Nikita S. Khrushchev today to put the final touches on a declaration summing up the results of the Russian-Yugoslav talks.

Showers Predicted for Area Tomorrow

It'll be warm today and tonight in the Pontiac area, but the weather bureau says showers and thunderstorms brewing in the extreme west portion of lower Michigan will arrive here tomorrow.

The mercury is due to stay high, however—as high as 80 to 84 degrees on Friday.

Yesterday's high mark in downtown Pontiac was 78 and this morning's low before 8 o'clock was 51 degrees. Temperature registered at 1 p.m. today was 80.

Drop Anti-Red Leaflets

TAIPEI, Formosa (AP)—The Chinese Nationalist air force said today one of its planes dropped tons of anti-Communist leaflets last night on three mainland Chinese provinces—Kwangtung, Kiangsi and Fukien.

Daily Double Color

CHICAGO (UP)—It was a black and blue day for daily double bettors at the National Race Track yesterday. Black Poppy won the first race and Blue Feature the second for a daily double payoff of \$178.60.

Jeannie's Body Located After 10-Day Search

8-Year-Old Assaulted, Beaten and Choked by Sex Deviate

KALAMAZOO (AP)—An autopsy showed today that little Jeannie Singleton had been raped, beaten and apparently choked to death by a sex deviate.

The bruised body of the 8-year-old schoolgirl was found late yesterday in a lonely pine woods 15 miles north of Kalamazoo.

Jeannie, left lame by an attack of rheumatic fever four years ago, was last seen 10 days ago resting on a curb a half block from her home here. She was returning from school. Relatives said Jeannie had a sunny disposition and "a smile for everybody."

She was the third little girl to die at the hands of a brutal killer in Michigan in the past four months.

A conference of law enforcement officers was called here today to intensify the search for Jeannie's killer.

"The killer is going to strike again, that's what we're worried about," said Glenn Hammel, Kalamazoo police chief deputy.

Five farm children, playing in an isolated area near the village of Doster, stumbled onto Jeannie's body.

The body bore bruises about the hips and arms. The dress was pulled above the waist. Jeannie still had on shoes and stockings. A band still held her pony hairdo in place.

Physicians who performed an autopsy said Jeannie probably was killed the same day she was abducted—May 23.

Authorities placed all scraps of cloth they could find at the scene in plastic bags and took them to laboratories at East Lansing. Pine needles also were collected at the scene in the hopes they might give some tiny clue to the killer.

Mrs. Steve Singleton, the girl's mother, collapsed at the news of her death and was placed under a doctor's care. The Singleton family of eight lives in a modest home. Both parents work.

The father grimly said, "I think that Michigan must have a death penalty."

Recent attempts in the State Legislature to restore capital punishment have failed.

The killers of two other small

(Continued on Page 2, Col. 3)

Auto Accidents Take Two Lives

70-Year-Old Patient at Rest Home Struck by Car

Auto mishaps in Avon and Bloomfield Townships took the lives of two men last night and early today.

Emmett Pratt, 70, died at 8:50 p.m. last night in Pontiac General Hospital of injuries suffered when he was struck by a car as he crossed Auburn road.

John Lamb, 31, of Wayne, injured when his car rammed the rear of a semi-truck on Telegraph road, died at 7:20 a.m. at the hospital, four hours after the crash.

Sheriff's deputies Wilson Gardner and Gordon Misenar said Pratt, a patient at a rest home at 1220 Auburn, was crossing the highway after checking the mail box.

STRUCK BY CAR

He was struck by a car driven by Julia A. Beddow, 62, of Utica, who stated that the victim seemed to jump into the path of her auto after she had slowed to about 15 miles an hour to allow him to pass.

Attendants at the rest home said Pratt, a retired Oakland County Infirmary employee, was troubled with poor eyesight.

Lamb, headed north on Telegraph, apparently fell asleep at the wheel, according to Bloomfield Township Police Chief Clark Green.

The truck driver, Clarence J. Levasseur, 42, of Bay City, was scheduled to make a statement at the Oakland County Prosecutor's office today.

Yanks Await Families in Honolulu

Free Airmen Claim They Resisted 'Brainwashing'

HONOLULU (AP)—Four American fliers, chipper and ready to meet their families today after more than two years in Communist Chinese prisons, say they resisted "brainwashing" by pleading guilty to violating Chinese air space.

In their first press conference since release Tuesday near Hong Kong, the airmen said they spent long periods in solitary confinement, did not get letters from home until after the Geneva conference last summer, and thought U.N. Secretary General Dag Hammarskjöld was helpful in obtaining their freedom.

DODGES QUESTIONS

Asked if a confession was re-

quired at their trial, Capt. Harold E. Fischer of Sweeney, Iowa, said: "No, not at the trial."

Was there a confession before the trial?

"I believe I'll wait until I see my lawyer before answering that question," he replied. Another airman said Fischer's reply would stand for all of them.

The four said they resisted attempts to brainwash them.

Lt. Col. Edwin Heller of Wynne-

into China for the harassment of the people and provocative attack.

"They had all the evidence," the aircraft. We pleaded guilty," he said, but declined to say whether their planes had come down in Chinese territory.

"Let's let that question ride for a while," he said.

TALK FREELY

Otherwise the men talked freely. All four were captured during the Korean War. The other two are Lt. Lyle Cameron of Lincoln, Neb., and Lt. Ronald W. Parks of Omaha.

The men said they "played along" with Red attempts to

brainwash them but insisted they remained unaffected.

Fischer said: "In my own case I don't feel I have changed any since I was shot down."

Heller said, "I think they (the Communists) were convinced we accepted the fundamentals. After

FORD WORKERS HOLD MEETING — An estimated 30,000 of the 45,000 employees at Ford's giant Rouge plant listened yesterday as President Carl Stellato of Ford Local 600, UAW-CIO, told them their contract had been extended until Monday, and promised a strike at noon that day

unless an agreement had been reached. Scene of the meeting was near the historic overpass over Miller road, where company police and workers clashed in a bloody 1937 encounter.

UF Budget Panel Holds Meeting

Thirty-Two Members Attend Briefing Session Last Night

The largest citizens' group yet to undertake Pontiac's United Fund budgeting task met last night at the Hotel Waldron for its first briefing.

William B. Hartman, UF president, commended the 32 budget panel members present upon their willingness to serve the community and outlined the UF-Community Chest organizational setup.

SEVEN UNITS SET UP

Panel members were divided into seven individual units. Each group then met to set dates for meetings during June.

Glenn explained that this year's budget committee, enlarged to 42, means that each panel will study the requests of only two agencies instead of as many as two per evening, as in the past.

At the conclusion of the June hearings the Budget Steering Committee will consolidate findings into a total budget recommendation to help determine the 1954 campaign goal.

Budget panel chairmen are: Glenn, Edward P. Barrett, Theodore E. Wiersma, Donald G. Berryman, Robert S. Nelson, Henry D. Price and Howard H. Fitzgerald III.

Panel members include: Dr. Douglas M. Campbell, David E. Edstrom, Frank H. Marsh, Mrs. Socorro Seiler, G. Stanley Warner, Dr. Harry Aronoff, Leslie H. Dean, Otis Lawrence, Mrs. Donald North, Donald A. Teve, Donald E. Adams, Dr. Donald E. Bergeron, John E. DeWeese, Mrs. Irving Dism, Andrew J. Wilson, Stephen Closson, Ben Jerome Jr., Jack Lorry, Dr. Harry L. Riggs, Mrs. Raymond Sampson, Robert W. Everick, Bernard Girard, Robert P. Grant, Edward L. Karkau, Mrs. Stuart Whitfield, William P. Babcock, Milton P. Conner, Max E. Kerna, Mrs. Adolph Magnus, John Q. Waddell, Louis H. Cole, Harold W. Dudley, Harold B. Goldberg, Hazel A. Trumble, Dr. Kenneth Vandenberg.

Keego Man Is Believed Held by Chinese Reds

Among 63 names released today by the State Department of American servicemen believed held by the Chinese Reds is that of Coast Guard AMM Tracy W. Miller, 26, son of Mrs. Florence Miller, of 2375 Willow Beach Rd., Keego Harbor.

Miller was among 11 airmen reported missing when two planes were lost off China Jan. 18.

The State Department has requested information about the missing man from the Chinese Communists.

First Governor Disinterred for Bus Platform Project

DETROIT—The casket of Stevens Thomson Mason, who became Michigan's first governor at the age of 24 in 1835, rested today in the Wayne County Morgue.

It will be re-interred in tiny, downtown Capitol Park, from whence it was removed yesterday

Pontiac Deaths

John Antonio Ablin

John Antonio Ablin, 53, of 221 Willard St. died yesterday at St. Joseph Mercy Hospital after several months illness.

He was born March 28, 1900 in Batac, Philippine Islands, the son of Juan and Dolores Barabosa Ablin. He was married in Pontiac 26 years ago to Thelma Walters.

Coming here in 1922 from Batac, Mr. Ablin had been employed at the General Motors Truck & Coach Div. He had served in the Navy during World War I and was a member of the VFW.

Besides his wife he is survived by seven children, Mrs. Nedra Busch of Wausau, Wis., Mrs. Alvina Hann of Toledo, Ohio, Mrs. Margaret Caduco of Birmingham, Mrs. Arline Welsh, Mrs. Evelyn Reynolds, John Ablin Jr., and Richard Ablin, all of Pontiac.

Also surviving are a brother, Bonifacio Ablin of the Philippines and 12 grandchildren.

Service will be held Saturday at 2 p.m. from the Melvin A. Schutt Funeral Home with the Rev. William E. Hacks of the First Baptist Church officiating. Burial will be in Oak Hill Cemetery.

Mr. and Mrs. John Formaz

Service for John Formaz and his wife, Pearl, who were killed last Thursday in an automobile crash near El Cajon, Calif., will be held Saturday at 10 a.m. in the Hulton Funeral Home. Burial will be in Oak Hill Cemetery.

Surviving besides the three children, Mona, Maurice and Dick, is Mrs. Formaz' mother, Mrs. George Lee. The family made their home at 30 James St.

Mrs. Samuel D. Heller

Mrs. Samuel D. Heller (Olive A.) 79, died at her home at 7189 Lake Lane at 2:30 a.m. today.

Born Jan. 23, 1876 in Milford Township, Ohio, she was the daughter of Henry and Beulah Conkle Cover. Mrs. Heller attended Hicksville, Ohio schools, and was married to Samuel Heller there in 1896.

Coming from Detroit in 1917, she has been a Pontiac resident since and was a member of the First Church of Christ Scientist.

Surviving are two sons, Gerald J. and Derwin D., both of Pontiac. Service will be held in the Hulton Funeral Home Saturday at 2:30 p.m., with Richard Guen of the First Church of Christ officiating. Burial will be in Hicksville.

Water-Study Board Will Meet Friday

The water study committee of the Oakland County Board of Supervisors will hold an organizational meeting at noon tomorrow at Adrian Coter's in Berkley, according to Royal Oak Mayor Howard K. Kelley, committee chairman.

"We hope to crystallize the thinking of our group and clear the way for a joint meeting with similar committees formed by St. Clair and Macomb Counties," said Kelley.

The three counties plan to work together in forming a plan to solve their long-range water problems. They are expected to be chiefly concerned with checking possibilities of bringing a surface supply from the Great Lakes.

Kelley said Oakland has had \$75,000 set aside since 1933 for water survey purposes.

to permit construction of new bus loading platforms.

Inside the crumbling mahogany casket was a skeleton, some bits of cloth and a silver plate, which read: "Stevens T. Mason, died Jan. 5, 1843, aged 31."

On the outside was another silver plate. It read: "Stevens Thomson Mason, first governor of Michigan, removed from New York City to Detroit, Mich., June 4, 1905."

The casket was located 12 feet below a bronze statue of Mason in the park on which Michigan's first territorial capital stood.

Mason's biographer, Kent Sagen-dorph of Jackson, was on hand for the removal and said he believed Mason would have authorized it.

"He believed in progress, and his thoughts were generally of the future and what it might bring," Sagen-dorph said.

Mason, born Oct. 20, 1811, in the luxury of a Virginia manor, was catapulted into national attention when President Andrew Jackson made him secretary and acting governor of the Michigan territory in 1831, three months before Mason was 20.

Kalamazoo Girl, 8, Brutally Murdered

(Continued From Page One)

girls in Michigan were sexually maladjusted.

Nine-year-old Kathleen McLaughlin was stabbed and beaten to death Feb. 17 in Farmington Township. A 16-year-old youth confessed the crime and is awaiting sentence for murder.

On March 31 the body of 7-year-old Barbara Gaca, a Detroit school girl, was found on a dump near Pontiac. She had been beaten and raped. Police are still searching for her killer.

Gas Tax Hike Will Increase County Revenue

The Oakland County Road Commission today estimated it will receive an added \$250,000 yearly for road-improvement as result of the 1 1/2-cent increase in Michigan's gas tax effective yesterday.

Pontiac City Manager Walter K. Willman set an approximate \$50,000 figure as the city's annual increase, but said "we'll know more accurately in a few days."

The sums will represent Pontiac's and Oakland's share of the one quarter of the new tax money allocated to cities and counties.

Three quarters of the collections will be spent on arterial highways by the State Highway Department and it is expected part of this will benefit Oakland's main highways.

"We don't expect to get more than \$120,000 from the new tax this year," said Road Commission Chairman Lee O. Brooks. "It will probably come too late to allow much expansion of this season's improvement program on county roads."

Youth Is Sentenced in Negligent Death

David F. Bratton, 19, of 5435 Savoy, Waterford Twp., yesterday pleaded guilty to negligent homicide and was placed on two-year probation by visiting Circuit Judge Michael Carland, of Owosso.

Bratton's driver's license was suspended for the period of his probation and he was assessed \$200 court costs, according to Assistant Oakland County Prosecutor Homer G. Gerue.

The youth was charged in the death of George R. Horsley, 52, of 100 Marquette St. Horsley died shortly after his auto and Bratton's collided on Elizabeth Lake road a mile west of Pontiac last

Home-Owners Warned Against Unlicensed Firm

Area home-owners today were warned that a Des Moines, Iowa, home improvement company is operating in Michigan illegally.

John W. Hurlinger, secretary of the Business Ethics Board of the Pontiac Chamber of Commerce, said the United Builders Supply Co. already has been halted on several re-siding jobs because it obtained no city building permits.

"This company has apparently signed a large number of contracts in the Pontiac area for re-siding homes," Hurlinger said. "It has no license to contract for any such work in Michigan."

Under state law, Hurlinger said, any contract signed with a contractor not licensed by the state is null and void. He urged persons who have signed contracts with the firm or those who contemplate signing contracts to contact him at the Chamber of Commerce office.

He warned that home-owners permitting work to be done without city or township permits are "risking possible penalties under local law."

The Day in Birmingham

10 Schools Name Dates to Enroll Kindergartners

BIRMINGHAM — Registration dates have been set for parents who wish to enroll their children for kindergarten classes in the Birmingham School District.

Children to be eligible for the September classes must be five years of age on or before December 1, 1953, school officials said. And parents must produce the child's birth certificate when registering.

Registration will be held at Adams school tomorrow, Mrs. B. B. Kelley, PTA health chairman at the school, said talks on health and addresses by various kindergarten teachers will highlight the program at Adams.

Parents of children who will be eligible for kindergarten next fall in the Vaughn, Wing Lake or Pine schools are scheduled to meet at 1 p.m. on June 6 at Vaughn School. After the meeting, parents who have their children's birth certificates will be able to enroll them for fall classes.

Other roundups and dates: Franklin, June 6; Pembroke, June 7; Walnut Lake and Bloomfield Village, June 8; Baldwin, June 9; and June 10 at Bevely.

The Bloomfield Hills blood bank will be at St. Hugo of the Hills School from 2 to 3 p.m. Friday. Mrs. M. Gill is handling arrangements along with Mrs. Leon Guentrich, Mrs. Richard Wilson, Mrs. Paul Riemenschneider, Jr. and Mrs. James Quinn.

Birmingham High School Kanabans Club will hold its final outing of the season at 6 p.m. Saturday at Holiday Park. Carson Jones, chairman of the affair, said transportation and food will be provided for all members "at a nominal cost."

A fund-raising fair sponsored by the PTA will be held June 11 starting at 1:30 p.m. at Walnut Lake School. The fair, which last year provided enough funds to purchase playground equipment, will include a baked ham dinner from 5

to 7 p.m., a comedy show featuring local talent.

In addition, chairman Robert Meyers said there will be contests and prizes, movies, and cartoons for children in the afternoon.

Hot dogs and hamburgers, coffee, doughnuts and ice cream will be on sale. There will be booths for garden and plants, books and other features as well as "regular fair concessions," Meyers said.

Mrs. William Loomas was installed recently as president of the Women's Society of Christian Service at the Embury Methodist Church. Mrs. Melvin Uppler was installed as vice president.

The WSCS will hold its final meeting of the season June 14 at 8 p.m.

Members of the Birmingham Sorority International last week elected Mary Dewey president for the 1953-54 year. Other officers elected include Irene Hanley and Lando Moore, vice presidents; Margaret Williger, recording secretary; Maxine Luscombe, corresponding secretary; and Marion Schmidt, treasurer.

Alton E. Coffield
Funeral service for Alton E. Coffield, 63, of 680 Chestnut St., will be held at 1 p.m. Saturday at the Christian and Missionary Alliance Church in Clawson, with burial in White Chapel Memorial Cemetery. The body will lie in state at the

Kinsey Funeral Home, Royal Oak, until 11 a.m. Saturday and at the church from noon to 1 p.m.

Mr. Coffield, a construction engineer, died Wednesday following a long illness. He is survived by his widow, Mable; two daughters, Mrs. Leontine Napier of Birmingham; Mrs. LaVerna Dayner of Royal Oak; three sisters and two brothers.

To Bear County Names

LANSING—The names of 10 Michigan counties will be used to designate U. S. Navy LSTs, effective July 1. They are Cheboygan, Wexford, Monroe, St. Clair, Benzie, Washtenaw, Branch, Hillsdale, Iron and Kent. Previously the Navy designated landing ship tanks only by number.

Sylvan Accepts Bid for Water System

The Sylvan Lake City Council last night accepted the bid of First of Michigan Mortgage Co. to purchase \$225,000 worth of bonds to finance a municipal water system.

The council subsequently awarded a \$187,000 contract for construction of mains and fire hydrants to Elwyn E. Tripp, of Pontiac. Later, contracts will be awarded for pumps, pump houses and other equipment, said Ernest L. Ethier, city manager.

The First of Michigan bid was at an interest rate of 2.96 per cent, Ethier said. Plans call for completion of Tripp's work by Sept. 1.

The Grocery Bag

Nation's Stores Feature Beef as Weekend Special

Beef will be the most popular feature in the nation's food stores this weekend.

Most often mentioned as a weekend feature was chuck roast, with some markets shaving prices around six cents a pound from a week ago. Round roast and various kinds of steaks will be specials in a number of areas.

Beef is higher at wholesale, but one large chain is holding its retail prices at week-ago levels on such popular cuts as sirloin steaks and prime ribs. However, these prices may go up next week.

Legs of lamb will be on the weekend good buy list in some stores, but elsewhere prices will be unchanged or a bit higher than last week. One meat buyer says lamb prices should remain about where they are while winter supplies last. When spring lamb takes over, prices are expected to rise, he adds.

FRYERS HIGHER
Frying chicken prices are generally higher. Increases of two to

carole, pascal celery, and nearby items such as spinach, radishes, and green onions.

Beets (mostly with tops), asparagus, carrots and onions also are worthwhile purchases, in the opinion of produce specialists. Heavy shipments of California long white potatoes and Florida round whites have brought lower prices. Old crop potatoes are selling for about the same as a week ago.

Austria, Soviet Meeting

MOSCOW — An Austrian delegation headed by V. Platzer, head of the economic Department of the Foreign Ministry, arrived in Moscow yesterday to open trade negotiations.

18 Women Tourists Die in Bus Crash

LIMBURG, Germany — A bus plunged out of control down a mountainside and into a tree about 15 miles north of Limburg yesterday, killing 18 German women tourists and injuring 18 others.

Police said the bus, driven by a woman and carrying 35 members of a Protestant women's church group, was going nearly 60 miles an hour.

Twenty-four per cent of all drivers involved in fatal auto accidents in the U. S. last year were under 25 years old.

GOP Starts Planning for 1956 Convention

SAN FRANCISCO — Leonard W. Hall, chairman of the Republican National Committee, arrived last night with 10 party leaders to start planning for the 1956 Re-

publican convention at the San Francisco Cow Palace.

"We're carrying out all our organization plans on the assumption that Mr. Eisenhower is going to be our candidate," Hall said. Ditto, he added for Vice President Nixon.

FORD WORKERS HOLD MEETING—An estimated 30,000 of the 48,000 employees at Ford's giant Rouge plant listened yesterday as President Carl Slaton of Ford Local 600, UAW-CIO, told them their contract had been extended until Monday, and promised a strike at noon that day unless an agreement had been reached. Scene of the meeting was near the historic overpass over Miller road, where company police and workers clashed in a bloody 1937 encounter.

UF Budget Panel Holds Meeting

Thirty-Two Members Attend Briefing Session Last Night

The largest citizens' group yet to undertake Pontiac's United Fund budgeting task met last night at the Hotel Waldron for its first briefing.

William B. Hartman, UF president, commended the 32 budget panel members present upon their willingness to serve the community and outlined the UF-Community Chest organizational setup.

SEVEN UNITS SET UP

Panel members were divided into seven individual units. Each group then met to set dates for meetings during June.

Glenn explained that this year's budget committee, enlarged to 42, means that each panel will study the requests of only two agencies instead of as many as two per evening, as in the past.

At the conclusion of the June hearings the Budget Steering Committee will consolidate findings into a total budget recommendation to help determine the 1955 campaign goal.

Budget panel chairmen are: Glenn, Edward P. Barrett, Theodore E. Wiersma, Donald G. Berryman, Robert S. Nelson, Henry D. Price and Howard H. Fitzgerald III.

Panel members include:

Dr. Douglas M. Campbell, David E. Wiersma, Frank H. Marsh, Royce Belles, G. Stanley Warner, Dr. Harry Arkoff, Leslie H. Dean, Chris Lawrence, Mrs. Donald North, Donald A. Teve, Donald E. Adams, Dr. Donald E. Bergerson, John E. DeVries, Mrs. Irving Diem, Andrew J. Wilson, Stephen C. Sloan, Ben Jerome, Jack Lowry, Dr. Harry L. Riggs, Mrs. Raymond Sampson, Robert W. Enright, Bernard Givard, Robert P. Grant, Edward L. Karika, Mrs. Stuart Whitfield, William P. Babcock, Milton F. Conner, Max E. Kerns, Mrs. Adolph Magnus, John Q. Wandell, Louis H. Cole, Harold W. Dudley, Harold S. Goldberg, Hazel A. Trumble, Dr. Kenneth Vandenberg.

Keego Man Is Believed Held by Chinese Reds

Among 63 names released today by the State Department of American servicemen believed held by the Chinese Reds is that of Coast Guard AMM Tracy W. Miller, 26, son of Mrs. Florence Miller, of 2375 Willow Beach Rd., Keego Harbor.

Miller was among 11 airmen reported missing when two planes were lost off China Jan. 18.

The State Department has requested information about the missing man from the Chinese Communists.

First Governor Disinterred for Bus Platform Project

DETROIT—The casket of Stevens Thomson Mason, who became Michigan's first governor at the age of 24 in 1835, rested today in the Wayne County Morgue. It will be re-interred in tiny, downtown Capitol Park, from whence it was removed yesterday to permit construction of new bus loading platforms.

Inside the crumbling mahogany casket was a skeleton, some bits of cloth and a silver plate, which read: "Stevens T. Mason, died Jan. 5, 1843, aged 31."

On the outside was another silver plate. It read: "Stevens Thomson Mason, first governor of Michigan, removed from New York City to Detroit, Mich., June 4, 1805."

The casket was located 12 feet below a bronze statue of Mason in the park on which Michigan's first territorial capital stood.

Mason's biographer, Kent Sagendorf of Jackson, was on hand for the removal and said he believed Mason would have authorized it.

"He believed in progress, and his thoughts were generally of the future and what it might bring," Sagendorf said.

Mason, born Oct. 20, 1811, in the luxury of a Virginia manor, was catapulted into national attention when President Andrew Jackson made him secretary and acting governor of the Michigan territory in 1831, three months before Mason was 20.

He believed in progress, and his thoughts were generally of the future and what it might bring," Sagendorf said.

Mason, born Oct. 20, 1811, in the luxury of a Virginia manor, was catapulted into national attention when President Andrew Jackson made him secretary and acting governor of the Michigan territory in 1831, three months before Mason was 20.

Also surviving are a brother, Bonifacio Abila of the Philippines and 12 grandchildren.

Service will be held Saturday at 2 p.m. from the Melvin A. Schutt Funeral Home with the Rev. William E. Hacks of the First Baptist Church officiating. Burial will be in Oak Hill Cemetery.

Mr. and Mrs. John Formaz

Service for John Formaz and his wife, Pearl, who were killed last Thursday in an automobile crash near El Cajon, Calif., will be held Saturday at 10 a.m. in the Hutton Funeral Home. Burial will be in Oak Hill Cemetery.

Surviving besides the three children, Mona, Maurice and Dick, is Mrs. Formaz' mother, Mrs. George Lee. The family made their home at 30 James St.

Mrs. Samuel D. Heller

Mrs. Samuel D. Heller (Olive A.) 79, died at her home at 7189 Lake Lane at 2:30 a.m. today.

Born Jan. 23, 1876 in Milford Township, Ohio, she was the daughter of Henry and Beulah Conkle Cover. Mrs. Heller attended Hicksville, Ohio schools, and was married to Samuel Heller there in 1896.

Coming from Detroit in 1917, she has been a Pontiac resident since and was a member of the First Church of Christ Scientist.

Surviving are two sons, Gerald J. and Derwin D., both of Pontiac. Service will be held in the Hutton Funeral Home Saturday at 2:30 p.m., with Richard Guen of the First Church of Christ officiating. Burial will be in Hicksville.

Water-Study Board Will Meet Friday

The water study committee of the Oakland County Board of Supervisors will hold an organizational meeting at noon tomorrow at Adrian Cotter's in Berkeley, according to Royal Oak Mayor Howard K. Kelley, committee chairman.

"We hope to crystallize the thinking of our group and clear the way for a joint meeting with similar committees formed by St. Clair and Macomb Counties," said Kelley.

The three counties plan to work together in forming a plan to solve their long-range water problems. They are expected to be chiefly concerned with checking possibilities of bringing a surface supply from the Great Lakes. Kelley said Oakland has had \$75,000 set aside since 1953 for water survey purposes.

Youth Is Sentenced in Negligent Death

David F. Bratton, 19, of 5435 Savoy, Waterford Twp., yesterday pleaded guilty to negligent homicide and was placed on two-year probation by visiting Circuit Judge Michael Carland, of Owosso.

Bratton's driver's license was suspended for the period of his probation and he was assessed \$200 court costs, according to Assistant Oakland County Prosecutor Homer G. Gerue.

The youth was charged in the death of George R. Horsley, 52, of 100 Marquette St. Horsley died shortly after his auto and Bratton's collided on Elizabeth Lake road a mile west of Pontiac last week.

Home-Owners Warned Against Unlicensed Firm

Area home-owners today were warned that a Des Moines, Iowa, home improvement company is operating in Michigan illegally.

John W. Hurlinger, secretary of the Business Ethics Board of the Pontiac Chamber of Commerce, said the United Builders Supply Co. already has been halted on several residential jobs because it obtained no city building permits.

"This company has apparently signed a large number of contracts in the Pontiac area for re-siding homes," Hurlinger said. "It has no license to contract for any such work in Michigan."

Under state law, Hurlinger said, any contract signed with a contractor not licensed by the state is null and void. He urged persons who have signed contracts with the firm or those who contemplate signing contracts to contact him at the Chamber of Commerce office.

He warned that home-owners permitting work to be done without city or township permits are "risking possible penalties under local law."

Gas Tax Hike Will Increase County Revenue

The Oakland County Road Commission today estimated it will receive an added \$250,000 yearly for road-improvement as result of the 1 1/2-cent increase in Michigan's gas tax effective yesterday.

Pontiac City Manager Walter K. Willman set an approximate \$50,000 figure as the city's annual increase, but said "we'll know more accurately in a few days."

The sums will represent Pontiac's and Oakland's share of the one quarter of the new tax money allocated to cities and counties.

Three quarters of the collections will be spent on arterial highways by the State Highway Department and it is expected part of this will benefit Oakland's main highways.

"We don't expect to get more than \$120,000 from the new tax this year," said Road Commission Chairman Lee O. Brooks. "It will probably come too late to allow much expansion of this season's improvement program on county roads."

The Day in Birmingham 10 Schools Name Dates to Enroll Kindergartners

BIRMINGHAM — Registration dates have been set for parents who wish to enroll their children for kindergarten classes in the Birmingham School District.

Children to be eligible for the September classes must be five years of age on or before December 1, 1955, school officials said. And parents must produce the child's birth certificate when registering.

Registration will be held at Adams school tomorrow, Mrs. B. B. Kelley, PTA health chairman at the school, said talks on health and addresses by various kindergarten teachers will highlight the program at Adams.

Parents of children who will be eligible for kindergarten next fall in the Vaughn, Wing Lake or Pine schools are scheduled to meet at 1 p.m. on June 6 at Vaughn School. After the meeting, parents who have their children's birth certificates will be able to enroll them for fall classes.

Other roundups and dates: Franklin, June 6; Pembroke, June 7; Walnut Lake and Bloomfield Village, June 8; Baldwin, June 9; and June 10 at Beverly.

The Bloomfield Hills blood bank will be at St. Hugo of the Hills School from 2 to 8 p.m. Friday. Mrs. M. Gill is handling arrangements along with Mrs. Leon Guentrich, Mrs. Richard Wilson, Mrs. Paul Riemenschneider, Jr. and Mrs. James Quinn.

Birmingham High School Kanabans Club will hold its final outing of the season at 6 p.m. Saturday at Holiday Park. Carson Jance, chairman of the affair, said transportation and food will be provided for all members at a nominal cost.

A fund-raising fair sponsored by the PTA will be held June 11 starting at 1:30 p.m. at Walnut Lake School. The fair, which last year provided enough funds to purchase playground equipment, will include a baked ham dinner from 5

to 7 p.m., a comedy show featuring local talent.

In addition, chairman Robert Meyers said there will be contests and prizes, movies, and cartoons for children in the afternoon.

Hot dogs and hamburgers, coffee, doughnuts and ice cream will be on sale. There will be booths for garden and plants, books and other features as well as "regular fair concessions," Meyers said.

Mrs. William Loomas was installed recently as president of the Women's Society of Christian Service at the Embury Methodist Church. Mrs. Melvin Uppler was installed as vice president.

The WSCS will hold its final meeting of the season June 14 at 8 p.m.

Members of the Birmingham Sororist International last week elected Mary Dewey president for the 1955-56 year. Other officers elected include Irene Hanley and Ludo Moore, vice presidents; Margaret Williger, recording secretary; Maxine Luscombe, corresponding secretary; and Marion Schmidt, treasurer.

Alton E. Coffield

Funeral service for Alton E. Coffield, 63, of 680 Chestnut St., will be held at 1 p.m. Saturday at the Christian and Missionary Alliance Church in Clawson, with burial in White Chapel Memorial Cemetery. The body will lie in state at the

Kinsey Funeral Home, Royal Oak, until 11 a.m. Saturday and at the church from noon to 1 p.m.

Mr. Coffield, a construction engineer, died Wednesday following a long illness. He is survived by his widow, Mable; two daughters, Mrs. Leontine Napier of Birmingham; Mrs. LaVerna Dayner of Royal Oak; three sisters and two brothers.

To Bear County Names

LANSING (P)—The names of 10 Michigan counties will be used to designate U. S. Navy LSTs, effective July 1. They are Cheboygan, Wexford, Monroe, St. Clair, Benzie, Washtenaw, Branch, Hillsdale, Iron and Kent. Previously the Navy designated landing ship tanks only by number.

Sylvan Accepts Bid for Water System

The Sylvan Lake City Council last night accepted the bid of First of Michigan Mortgage Co. to purchase \$225,000 worth of bonds to finance a municipal water system.

The council subsequently awarded a \$187,000 contract for construction of mains and fire hydrants to Elwyn E. Tripp, of Pontiac. Later, contracts will be awarded for pumps, pump houses and other equipment, said Ernest L. Ethier, city manager.

The First of Michigan bid was at an interest rate of 2.96 per cent, Ethier said. Plans call for completion of Tripp's work by Sept. 1.

The Grocery Bag

Nation's Stores Feature Beef as Weekend Special

BY THE ASSOCIATED PRESS

Beef will be the most popular feature in the nation's food stores this weekend.

Most often mentioned as a weekend feature was chuck roast, with some markets shaving prices around six cents a pound from a week ago. Round roast and various kinds of steaks will be specials in a number of areas.

Beef is higher at wholesale, but one large chain is holding its retail prices at week-ago levels on such popular cuts as sirloin steaks and prime ribs. However, these prices may go up next week.

Legs of lamb will be on the weekend good buy list in some stores, but elsewhere prices will be unchanged or a bit higher than last week. One meat buyer says lamb prices should remain about where they are while winter supplies last. When spring lamb takes over, prices are expected to rise, he adds.

FRYERS HIGHER

Frying chicken prices are generally higher. Increases of two to

six cents a pound are planned by a major chain.

Eggs also may be a few cents higher in your market. Butter prices will show little change.

If you're looking for an unusually good buy in vegetables, consider the price of lettuce. Iceberg, Romaine and Big Boston all are available at lower prices.

There are other good buys in vegetables, among them yellow and green squash, peppers, es-

carole, pascal celery, and nearby items such as spinach, radishes, and green onions.

Beets (mostly with tops), asparagus, carrots and onions also are worthwhile purchases, in the opinion of produce specialists. Heavy shipments of California long white potatoes and Florida round whites have brought lower prices. Old crop potatoes are selling for about the same as a week ago.

Austria, Soviet Meeting

MOSCOW (U)—An Austrian delegation headed by V. Platzer, head of the economic Department of the Foreign Ministry, arrived in Moscow yesterday to open trade negotiations.

18 Women Tourists Die in Bus Crash

LIMBURG, Germany (U)—A bus plunged out of control down a mountainside and into a tree about 15 miles north of Limburg yesterday, killing 18 German women tourists and injuring 18 others. Police said the bus, driven by a woman and carrying 35 members of a Protestant women's church group, was going nearly 60 miles an hour.

Twenty-four per cent of all drivers involved in fatal auto accidents in the U. S. last year were under 25 years old.

GOP Starts Planning for 1956 Convention

SAN FRANCISCO (U)—Leonard W. Hall, chairman of the Republican National Committee, arrived last night with 10 party leaders to start planning for the 1956 Re-

publican convention at the San Francisco Cow Palace.

"We're carrying out all our organization plans on the assumption that Mr. Eisenhower is going to be our candidate," Hall said. Ditto, he added for Vice President Nixon.

'Uncle Tom's Cabin' Sold 3,000,000 Copies in U. S.

WASHINGTON — One hundred and three years ago this month "Uncle Tom's Cabin" — the book that "God wrote"—poured off the press and set the pace for America's subsequent best sellers.

For impact on the nation's thinking and for the remarkable way it came to be written few if any novels can equal the work of Harriet Beecher Stowe, a Maine clergyman's wife who avowed that "God wrote it—I merely wrote his dictation."

The vast appeal of "Uncle Tom" (3,000,000 copies distributed in the United States) mirrors America's fondness for books of a religious or ethical nature, says the National Geographic Society.

Added evidence is offered by the Bible, all-time best seller. Furthermore, among the last hundred years' top best sellers (2,000,000 or more copies) books of a religious theme stand out: Lew Wallace's "Ben-Hur" (1880); Charles M. Sheldon's "In His Steps" (1897); Jesse Lyman Hurlbut's "The Story of the Bible" (1904); and Lloyd C. Douglas' "The Robe" (1942).

Today week-by-week best seller lists are loaded heavily with books dealing with religious and ethical problems.

Dr. Frank Luther Mott, a student of the subject, puts seven works over the 2,500,000 copy mark: Shakespeare's "Plays," Scott's "Ivanhoe," Thomas Fleet's "Mother Goose" (1719?), "Uncle Tom," "Ben-Hur," Dale Carnegie's "How to Win Friends and Influence People" (1936), and Margaret Mitchell's "Gone With the Wind" (1936).

Leading best sellers imported from abroad were: Defoe's "Robinson Crusoe"; "A Christmas Carol," by Dickens, probably the author most widely read by Americans; Stevenson's "Treasure Island"; and Dodgson's "Alice in Wonderland" whose manuscript an American bought in 1928 for \$72,250.

Over-all best sellers by Americans were: Cooper's "The Last of the Mohicans" (1826); "Ishmael" and "Self-Raised" (1864) by the prolific Mrs. E. D. E. N. Southworth, the most read native authoress; Alcott's "Little Women" (1868); Twain's "Tom Sawyer" (1876); Marion Hargrave's "See Here, Private Hargrove" (1942); Betty Smith's "A Tree Grows in Brooklyn" and Wendell Willkie's "One World," both boomed by intensive advertising in 1943.

The elusive success formula, says Dr. Mott, includes appeals on the basis of religion, sensationalism, self-improvement, personal adventure, vivid characterization, and sometimes humor.

Some of these elements enlivened Mrs. Stowe's attack on slavery. She modeled Uncle Tom after a Negro freedman she met in Boston. While in church she conceived Uncle Tom's death and the same day she started writing. The story was serialized in a Washington weekly. Readers, canvassed on its length, demanded it run 12 months.

But publishers at first refused it book form. Finally one offered Mrs. Stowe the choice of two contracts: a 50-50 share of profits and costs, or a straight 10 percent royalty. She consulted a friend who had not yet read "Uncle Tom." Play it safe, he advised. Mrs. Stowe did. She chose the royalty and thereby passed up a fortune.

Soon copies sped forth—in the first year alone eight presses operated day and night to meet demand. The first edition of 5,000 copies was a one week sell-out. Mrs. Stowe's adviser, a congressman, got one of the first. He opened it on a train. Soon weeping, he

Drying Out Bottles Important to Firm

BUFFALO, N. Y. (UP) — Dehydrating empty bottles sounds like a useless pastime, but it is of prime importance at a pharmaceutical manufacturing plant here.

Moisture is the arch enemy of most medicines. So (Arner Co.) chemists thoroughly dry bottles and vials before they are filled with pills, tablets or capsules. The empty bottles are placed in ovens for definite periods of time at controlled temperatures.

Even the dabs of protective cotton used in packing medicaments are also specially dried when employed with drugs particularly vulnerable to moisture.

Terms Cab Drivers Pretty Solid Citizens

RICHMOND, Va. (UP) — Taxicab drivers, says Cabbie Earl E. Hall, are pretty solid citizens.

Hall denied that cab drivers are a hero type, and he added that neither do they deserve the abuse heaped on them by some citizen-motorists. He was interviewed after Fire Chief John F. Finnigan credited Hall and a passenger, Roosevelt Johnson, with pulling eight persons from a flaming building. Two died, but the fire chief said they saved the lives of the others.

Flying Fire Alarm

HILLSBORO, Ore. (UP) — An Air Force jet pilot spotted a flaming house, buzzed low and attracted firemen and neighbors. The family was away. The house and two sheds were destroyed but firemen sped to the scene in the belief that a plane had crashed.

Laugh at Boss' Jokes, Secretaries Advised

CHICAGO (UP) — Laughing at the boss' jokes makes for a clever secretary says Wilbert E. Scheer, who helps operate a secretarial school. It's just as important to her

career as her ability to run a typewriter, take dictation and file letters. It makes the boss feel good, he says, to have his help appreciate his "funnies." Besides, it makes his job easier. After all, that's the reason for a secretary, he says.

Nosy Callers Fixed by Volunteer Firemen

ELECTRA, Tex. (UP) — The fire department thought it had a secret telephone number—one that only volunteer firemen could call to find out where's the fire. But

pretty soon just about everybody in town knew it. And just about everybody would ring as soon as they heard the sirens to find out where's the fire. The other day, the siren wailed. Every time anybody called, he was advised to donate to the Red Cross.

MAKE OVER PAGES to Tickle Women

BAMBERG, S.C. (UP) — Mayor Thomas Ducker directed that all males begin growing beards for the town's centennial celebration. In one paper, the first paragraph

of the local newspaper had some news today that will tickle the women of Bamberg. The pedestrian record reflected the 4th consecutive year of improvement for motor vehicle accidents in 1954.

Pontiac's Going Pontiac

at the Fastest Rate in History!

5 Great Superiorities Account for this Record-Breaking Success...

Superiority IN BEAUTY

Pontiac designers skipped the years to style the most distinctively beautiful car on the road. With its exclusive Twin-Streak hood and Vogue Two-Tone colors, Pontiac is the one car that doesn't look like all the others. And you'll find this same years-ahead beauty inside, too—with colorful, luxurious interiors that take their cue straight from the highest-priced cars. One look tells you that here's a car that will stay new for years!

Superiority IN PERFORMANCE

Touch the accelerator and you get action like you've never known before! Pontiac's big, husky Strato-Streak V-8 with low extra cost four-barrel carburetor puts an eager 200 horsepower at your instant command. You start, cruise and pass so easily and smoothly you're always aware that up front you have the world's most modern V-8! So modern and advanced, in fact, that records prove it delivers the greatest economy in Pontiac history!

Superiority IN SIZE

Pontiac looks big and *is* big—where it counts, *in wheelbase!* You ride cradled in 122 or 124 inches of chassis that hug and level the road like nothing else can. And this long wheelbase—more by far than any car anywhere near Pontiac in price—is matched with the roomiest, most relaxing Body by Fisher you've ever enjoyed! Add it up and it comes to this—only Pontiac provides the pride and pleasure of big-car ownership at a price so low!

Superiority IN COMFORT

But it takes more than size alone to make you comfortable. Pontiac adds new wide-stance parallel rear springing; big, soft seats; plenty of head, shoulder and leg room—then cushions it all in Pontiac's own type of shock absorbing system. Come in soon and drive a Pontiac—on any road you please—for the final, convincing proof! Until you do, you'll never know how much genuine fine-car comfort can be yours at so little cost.

Superiority IN HANDLING EASE

Behind the wheel of a Pontiac you're just one step from the sports car class. New front suspension, recirculating ball-type steering and bigger, safer brakes provide handling as effortless as modern engineering can devise. Threading your way through traffic or cruising all day on the open road, Pontiac is a pleasure to drive—a pleasure until now reserved for only the highest-priced cars. Try it yourself—and you'll be a Pontiac fan for life!

Top Red Says Russia Would Learn From U. S.

ZAGREB, Yugoslavia (AP)—Soviet Communist party chief Nikita S. Khrushchev says Russia is ready to borrow industrial ideas from the United States or any other nation "if we find them good."

Khrushchev dropped the remark yesterday while inspecting the Rade Koncar Electric Motor factory here with Soviet Premier Nikolai Bulganin and Deputy Premier A. I. Mikoyan. The Russians were winding up a two-day tour of northern Yugoslavia, part of their peacemaking visit to President Tito.

Looking over some of the plant's American machine tools, the Red boss commented:

"We're even prepared, as you are, to borrow ideas from the American methods if we find them good."

Khrushchev heads the Russian delegation trying to heal Russia's seven-year rift with Tito's government.

The peace talks are expected to wind up in Belgrade today or tomorrow. Belgrade radio said a joint Soviet-Yugoslav declaration would be issued at the close.

Port Huron Construction Is All but Halted by Strike

PORT HURON (AP)—Construction in the Port Huron area was all but halted today by a walkout of 60 painters.

The painters, members of Local 1474, Brotherhood of Painters and Decorators (AFL), voted to strike Tuesday night when negotiations with local contractors over wage increases broke down. Some 300 construction workers have refused to cross their picket lines.

H. Robert Wooley, business agent for the local, said the painters are seeking a minimum hourly wage of \$2.60 and fringe benefits. The current average rate is \$2.38.

Lloyds register shows about 1,233 ships were built in the world during 1954.

Farmers Say Wheat Curbs Hampering Crop Rotation

BALTIMORE (AP)—Three farmers have testified in Federal Court their opinion that the government's wheat-crop support program throws crop rotation out of gear.

They joined two Ohio farmers yesterday in testifying to what they said was the unpopularity of the program.

The five were defense witnesses at the second day of a hearing before Judge Roszel C. Thomsen of the government's motion for an injunction against Westminster farmer Louis Shafer and his three sons.

The move for an injunction resulted from a trespassing charge

acres of wheat to keep his rotation system going.

Another Carroll County farmer, C. Wilbur Stonecipher, said he "can't rotate" because he only got a six-acre wheat allotment on his 92-acre farm.

Earlier yesterday, Rolla M. Myers of Attica, Ohio, testified he was "refused" his right to vote on quotas in the last referendum because the committee which allotted acreage didn't give him enough to make him eligible to vote.

Hit Oil in Search for Salt

HOUSTON, Tex. (AP)—It's common to hit salt water drilling for oil. But the Texas Co. hit oil drilling for salt water. It wanted a salt water disposal well but at 1,418 feet the well started to flow oil—19 barrels a day.

Indiana Sees Block to GAW Proposal

INDIANAPOLIS (AP)—The guaranteed annual wage proposal being pushed by the CIO United Auto Workers won't work under Indiana law, an expert says.

William G. Stalnaker, director of the Indiana Employment Security Division, said Wednesday an unemployed worker could not draw the maximum state benefit of \$27 weekly for 20 weeks if he was receiving payments from his employer also.

Stalnaker said any payments made by employers would be deducted from the amount of state benefit the workers were entitled to, and thus an unemployed worker would not receive more than the

amount of the benefit from the two sources.

The UAW plan counts on unemployment compensation as part of the worker's income during a layoff.

Lake Gets Two Names in Different Sections

KENOSHA, Wis. (UP)—The county board resolved one of its biggest headaches by "splitting" a lake in half.

The board voted that the northern half of what formerly was Paschen Lake should be named Lake Shangri-La. It voted to name the southern half Lake Benet.

The final decision, however, rests with the state's geographic board. Several groups had tried to get the lake named in their favor.

Nurse's Pay to Send Man
Through Medical School

SOUTH BEND, Ind. (UP) — A
nurse's paychecks are paying the
way into medical school for Ste-
phen J. Prevostnik, 25. And Pre-
vostnik himself is the nurse.

He'll get a premedical degree
at Notre Dame this year. For
four years he has worked the 11
p. m. to 7 a. m. shift 40 hours a
week in local hospitals. His pres-
ent assignment is the orthopedic
ward.

"Sometimes those youngsters
really keep you on the move,"
he says.

He hopes to continue working as
a nurse, at least part time, when
he moves on to the University of
Pennsylvania Medical School. But
there is nothing part time about
his present job.

HAS FULL SCHEDULE

He carries a full schedule of
classes. In the afternoon and eve-
ning he studies and sleeps. At 11
o'clock he goes back to his 20 to
50 patients in the ward.

Besides, he's president of the
hospital nursing staff, chairman
of Notre Dame Red Cross activi-
ties and a member of the univer-
sity honor society.

His father is a miner in Mc-
Adoo, Pa. It was there, in high
school, that he decided nursing
might be the answer to lack of
money for a medical education.

He trained for three years with
a predominantly feminine class of
nurses in Philadelphia and moved
on to Notre Dame.

The plan was suggested by a
physician when Prevostnik's sister
was sick and he was helping to
take care of her.

DAD TO SEE CAMPUS

His father will see the Notre
Dame campus for the first time
at Stephen's graduation, but the
whole family is looking forward
five years to the time when Ste-
phen will trade his R. N. for an
M. D.

She'll Surely See All

LANSING (UP) — State officials
scanning a list of election inspec-
tors stopped when they came to
one name. They checked further.
The inspector's real name is:
Crystal Ball.

NURSING A CAREER—Stephen
Prevostnik prepares a tray as a
nurse to help pay his way into
medical school.

More Dentists Now
Eight-Year Men

CHICAGO (UP) — Half of all
dental students in the United States
graduate from college before
starting their four years of dental
school.

More than three-fourths of the
students complete at least three
years of pre-dental study, and on-
ly 23 per cent enter dental school
with a minimum of two years' col-
lege work, according to a report
in the recent issue of the Dental
Students' Register, published by
the American Dental Association.

Ten years ago the figures were
virtually reversed, with 29 per cent
having four years of college and
nearly 50 per cent having the two-
year minimum, the report said.

MAKE OVER PAGES

Pontiac Owes Hospital to Foresighted, Hard-Working Women's Group

Although you rarely hear of the Oakland County Hospital Association, this organization, composed of Pontiac area women, was the one which saw the possibility of having a Pontiac city hospital and made its dream come true.

On May 14, 1901, six women met in Pontiac and considered ways

and means of providing hospital facilities for Pontiac. In November of that year the present corporation was organized and the late Mrs. Samuel W. Smith became its first president.

Shortly after the association was organized the membership grew to over 100. The women carried on many activities in an attempt to raise money, including rummage sales, catering at banquets, managing lecture courses and maintaining a rest and lunch room at the State Fair then held in Pontiac.

In 1906 the women purchased the property where Pontiac General Hospital now stands and in the same year employed an architect to prepare plans. The following year the plans for the first section of the hospital were approved.

OPENED IN 1910

The hospital was opened May 18, 1910, with Margaret Meigs as the first superintendent. Reports show that from the opening date to Dec. 31 of that year 165 patients were admitted, with a daily average of 12 patients.

Bureau Gives Farewell Party

Thirty employees of the Bureau of Social Aid gathered at Morey's last night for a farewell party for co-worker Mary Dillon.

Employed at the bureau for the past 10 years, Miss Dillon is leaving July 1 to take vows at Sisters of St. Francis of Rice Lake, at Rice Lake, Wis.

She will be the organist there, and also will assist in the adjacent home for the aged.

Bleach Eases Task of Washing Socks

No matter how dirty they are, junior's cotton or nylon socks can be washed quickly and thoroughly when you add chlorine dry bleach with the detergent to the wash water.

The new dry bleach can be used effectively on cotton, linen, nylon, dacron and orlon and save the extra rubbing that wears out the socks.

The board of trustees of the hospital association, elected at the annual meetings of the membership, was the body in charge of the operation of the hospital.

An addition to the hospital was built in 1912. In July 1915 the association made a gift to the

city of the hospital and all of its contents, as well as the land surrounding the building.

Practically each year from the time the hospital was turned over to the city until the present time the association has made valuable gifts to the hospital.

GIFTS PRESENTED

The gifts include furniture for the waiting room, blood bank equipment, incubators, junior and adult oxygen tents, bassinets and a cardiograph.

Business at a recent annual

meeting of the association included a report stating bonds of the Charles Stinchfield estate have been called and the money will be reinvested. Only interest from bonds is used by this perpetual organization for its purchases.

Emma E. Howard is president

of the association at the present time. She is being assisted by Mrs. E. M. Evans, first vice president; Mrs. Ross Stockwell, second vice president; Mrs. Harry Goring, secretary, and Mrs. Clark J. Adams, treasurer and financial secretary.

The hospital purchasing committee is composed of Mrs. Adams, Mrs. L. A. Farnham, Mrs. Maxwell L. Shadley and Mrs. Stockwell.

Membership is being handled by Mrs. G. Roy Williams; Mrs. Goring is custodian, and Clarence K. Patterson and Mrs. Adams are in charge of bonds. Publicity is being taken care of by Mrs. Shadley and Mr. Patterson.

Put Retirement Days to Good Use

By ANNE HEYWOOD

More and more, it seems to me, people are beginning to give intelligent thought to what they'll do after retirement, instead of waiting till the last minute to make their plans.

Here is a letter I received recently: "My husband loves to repair toys," writes Mrs. Smith.

"He does it for our three grandchildren and for some of their friends.

"Broken bikes and worn-out doll carriages and all kinds of toys come out almost like new when he finishes with them.

HELPS WITH PAINTING

"It's quite a hobby, and one that interests me, too. In fact, I do the upholstery on doll carriages and help paint wagons and other toys.

"Do you think there's any chance of making any money at it, eventually? You see, in six years John will be retired.

"While we won't starve to death, we won't have much for extras; and of course, we do want to have something useful and interesting to do.

"What do you think of the chances of our success with a toy-mending service?"

Answer: This venture sounds promising to me, provided the Smiths don't expect to make a fortune at it. Here are some suggestions I would make to them:

PLAN NOW

Arrange your retirement budget now—while there's time—in such a way that your insurance and in-

vestment will carry the fixed expenses.

Then the toy repairing project will not be burdened with the need for making money and will be counted on simply to supplement your income.

A project like this can be crushed at the start if too much is expected from it.

Work will get hasty and shoddy, customers will disappear.

Begin now, in a small way. It's all right to do your grandchildren's toys for fun; but when it comes to other people, do charge a small fee.

If you repair a valuable toy for somebody not in the family, charge for the service.

BUILD REPUTATION

Begin to build a reputation. If your church, Police Station or Fire Department have a toys-for-Christ-

mas project, offer to do the repairing for free.

This will help the community and will also get word around that you and your husband do excellent toy repairs.

Little by little, from the money you make in the next six years, invest in the kinds of tools you will need.

In this way, when the time comes for the grand opening, you won't have to make any capital outlay.

And when the time does come, write me again and I'll help you plan your fees, advertising, and other important factors.

*A soufflé will remain light and fluffy after it's removed from the oven, if 1/4 teaspoon of cream of tartar is added to beaten egg whites during the mixing.

Woman, 38, Wheels Rig Weighing 78,000 Pounds

SAN FRANCISCO (UP)—Mrs. Margaret De Vee of South San Francisco is a happy, 38-year-old mother who handles a 78,000-pound truck and trailer rig as capably as she does her family of five children including a three-month-old baby.

Mrs. De Vee, an excellent housekeeper and cook, hauls steel, machinery, lumber and logs up and down the West coast as easily as most women haul their youngsters to and from school.

Her husband has been driving big trucks along the coast for 30 years. Mrs. De Vee started keeping him company on the long hauls about 14 years ago and when he tired, she spelled him at the wheel.

When he switched to hauling general freight three years ago, he bought his wife a present—the 78,000-pound diesel rig she now drives.

Mrs. De Vee has a perfect safety

record. She copes with two sets of gear-shifts that mesh into 24 forward and four reverse speeds. And like any other heavy freight jockey, Mrs. De Vee can repair motors if she gets in trouble on the road.

When she isn't home a housekeeper looks after the five children.

But Mrs. De Vee for all her talent as a truck driver says "After all these years, driving is just plain hard work. I'd just as soon stay at home."

The feet of American women are getting bigger—probably from putting them down so hard.

mas project, offer to do the repairing for free.

And when the time does come, write me again and I'll help you plan your fees, advertising, and other important factors.

*A soufflé will remain light and fluffy after it's removed from the oven, if 1/4 teaspoon of cream of tartar is added to beaten egg whites during the mixing.

St. Dunstan Guild to Stage Futuristic 'R.V.R.' Four Times This Month

By RUTH SAUNDERS
BLOOMFIELD HILLS—St. Dunstan Guild's annual out-of-door production in Cranbrook's beautiful Greek Theater will be given June 10 and 11 and the 17th and 18th. If a performance is rained out an extra show will be given Sunday, June 19.
Nathaniel Doughty is directing the 1921 classic "R.U.R." (Ros-

sum's Universal Robots) by Larel Capek at 9 o'clock each evening. Mrs. Robert Harris is assistant director and Mrs. John Warner is designing the futuristic setting.
Production managers are Mrs. Frederick E. Booth and Mrs. Rogers I. Marquis and they will be assisted by Frederick Hendrick, Maurice Smith, Elaine Appel, Mrs. Sheldon K. Noble, Ray

Base, Mrs. Hendrick, Mrs. Dwight Ensign and Lewis Keenan Jr.
Jervis B. McMechan has adapted the play for the Greek Theater and has made it so timely that TV space cadets seem old-fashioned in comparison.
The cast includes Weston Meyer, Mrs. J. E. Berne, Mrs. Robert Harris, Jim Schneider, Paul N. Averill, Harry D. Wise Jr., Syver Thingstad, Mrs. Henry M. Jackson, Barbara Hamel, Ned Schneider, Frederic Graef, Richard Miner, Mrs. Fred Hendrick and Mrs. Albert J. Bryner.

RETURNS HOME
Mrs. George Sloan returned Wednesday to her home in New York after a visit with her brother-in-law and sister, Mr. and Mrs. Henry S. Booth at "Thornlea".
Arriving Thursday for a few days' visit in the Booth home will be Archibald Turnbull of Brantford, Ont., and next week Robert Grant of Chicago will come over for a brief stay with the Booth family.

Miss Margaret A. Augur of Greenwich, Conn., former headmistress of Kingswood School Cranbrook, will come from her home for the school's graduation ceremonies next weekend.

Five Kingswood seniors who will sail for Europe together June 22 include Melinda Booth, Judy Earl, Joan Lang of Pleasant Ridge, Ann Oliver of Pontiac and Mimi Neely.

The girls will sail from Montreal on a Campus Tour on the Cunard SS Saxonia.

HOME FROM SOUTH

Mrs. Marcus E. Cunningham has returned from a trip through Virginia and North Carolina en route home from Fort Lauderdale, Fla. She was accompanied by Mrs. D. J. Carl of Detroit.

Planning an "honest to goodness" clambake for June 18 are a group

of young men who gave a very successful one a year ago.

The hosts will be Bruce Smith, Edward A. Proctor Jr., Jerry Gillette, Peter Whitelaw and Jack Moses.

Mr. and Mrs. S. Gordon Saunders will leave next week for Watertown, Conn., to attend the graduation of their son, Stephen, from the Taft School.

On Friday Mr. and Mrs. Leroy G. Vandever will open their Adams road home for an evening benefit for the University of Michigan chapter of Alpha Omicron Pi sorority.

During the evening of cards and a smorgasbord supper, girls from the active chapter will sing a group of songs.

HOSTS AT PARTY

Mr. and Mrs. Arbie O. Thalacker were hosts at a cocktail party Saturday evening before attending the dinner-dance at Orchard Lake Country Club.

Other cocktail hosts Saturday were Mr. and Mrs. Frederick Colombo who later attended the dinner-dance at Bloomfield Hills Country Club.

Dining Room Nose Blows Annoy Eater

To Blow or Not to Is Advice Sought by Letter-Writer

BY EMILY POST

Today's first letter tells me: "Quite often of late I have noticed an increasing number of people blow their noses in a public dining room."

Not too infrequently have I had someone at my own table do the this. I find this habit quite nauseating and disgusting and since these are people of seeming refinement I have often wondered if my resentment is in error, or is it permissible to do this.

Eating alone, I would say it should be quite all right, but never when another person is seated at the table.

I know that in our house when either my husband, daughter or myself have to blow our nose, we leave the table. I would appreciate your comments on this not very pleasant subject."

Answer: One should, of course, avoid blowing one's nose at table if possible.

But if this is unavoidable it should be done as briefly and silently as possible, and one does not draw further attention to it by apologizing. It is not necessary to leave the table.

Dear Mrs. Post: When serving salad with the main course, but on a separate plate, is it necessary to provide a salad fork, or may the salad be eaten with the dinner fork?

*I think it is much more practical to eat both meat and salad with the dinner fork, rather than switch from one to the other.

Answer: While it is proper to provide two forks, I agree with you that when served with the meat course, a separate salad fork is entirely unnecessary and can be eliminated.

Dear Mrs. Post: When two ladies and a gentleman arrive together at a church wedding, how does the usher take care of seating all three guests?

Answer: He gives his arm to the other lady and the other follows on the arm of the gentleman. If they are about the same age, it does not matter which one the usher escorts.

Sleeping Pills Safe Only If Prescribed

Don't take sleeping pills without your doctor's consent. They're dangerous if not used with medical precaution, harmless if used correctly.

This goes for borrowing them from friends, too.

Keep Nylon Wear From Yellowing

The day has passed when you have to put up with the tendency of nylon garments to grey or yellow with wear.

You can bleach nylon regularly and a good chlorine bleach will keep your nylons white as new. Simply use chlorine bleach according to directions every time you wash your nylon slips.

Chlorine bleach in the new dry form is completely safe for nylon, dacron, orlon, or mixtures of these fibers.

Just be sure the fabric does not contain rayon, silk or wool in combination with the miracle fiber.

Guidance Club Conducts Installation

Mrs. Walter Mann was installed as president of the Parent Guidance Club when members gathered Wednesday evening at Hi-Land Manor for the last dinner meeting of the year.

Mrs. Edwin Vierich was installed as vice president. Mrs. John Selman as treasurer; Mrs. Sam Joan as corresponding secretary; and Mrs. James Fortier as recording secretary.

Mrs. Max Coleman, outgoing president, welcomed members and guests preceding the dinner. Guests included Mrs. Jack Newman and Mrs. Henry VanderVelde.

An artistic arrangement of peonies, daisies and iris was provided by Mrs. Edwin C. Barnhart for the dining table.

Committee members announced by Mrs. Mann for the coming year were Mrs. John Huntzinger and Mrs. Gordon Reynolds, program; and Mrs. Q. R. Mahan and Mrs. Lucius Howlett, social.

OTHERS SERVING

Mrs. Robert Mott and Mrs. Royal Bradford are serving on the welfare committee; Mrs. Earl Foster and Mrs. Edwin C. Barnhart on homes and devotions committee; and Mrs. Rob Ensworth is handling publicity.

Mrs. Rex E. Lawrence is membership chairman; Mrs. Melvin

Rentrow, Mrs. Harvey Orser and Mrs. George Watts are on the telephone committee; and Mrs. U. H. Barnett, Mrs. Ronald Hayward and Mrs. Ralph Dawe, finance committee.

Mrs. Charles Ulgian is parliamentarian and Mrs. Max Coleman and Mrs. Robert C. Olsen

are delegates to the Pontiac Federation of Women's Clubs meetings.

Announcement was made at the dinner of a card party to be sponsored by the federation on June 15 at Roosevelt Temple.

Mrs. Coleman will be hostess for the first meeting in September.

Business Women Plan for Parley

Members of the Tippecanoe Chapter of American Business Women's Association took a look into the future Wednesday evening, making plans to attend the regional conference in Flint on June 25 and 26.

The group arranged for a picnic to be held at Mrs. William Asher's Watkins Lake home on July 6.

Following their dinner meeting at Hotel Waldron, members heard Miss Adah Shelly, Pontiac city librarian, review current books.

She included such authors as Anne Lindbergh, Betty MacDonall, Neha Gardner White, Ethel Barrymore and others.

"Music in Motion," a movie sponsored by Michigan Bell Telephone Co., was viewed by the group.

The ways and means project of the evening was conducted by Mrs. Ruby Brusha. Named by the president, Mrs. H. C. Brooks, to a scholarship committee were Lilian Laska, chairman; Mrs. Asher, Mary Anne Clifton and Julie O'Brien.

Prior to the dinner, invocation was given by Mrs. Brooks.

Summer Suits Have Fall Look, Dark Colors

Tropical worsted suits for summer sidestep the long-accepted theory that warm weather calls for light colors. The leading shades are in the charcoal family—charcoal brown, charcoal blue and charcoal green. These colors are close cousins to the ones that were first shown last fall in wool flannel suits.

The difference lies in the fact that tropical worsted fabric does not have the nap that flannel does (one reason why wool tropical suits are cool) and the absence of nap refracts the light differently.

Many of the new tropical worsted fabrics are made with minute color patterns on dark backgrounds and are worth a close examination. More about that when spring turns more minds to warm weather clothes.

OUR FIRST TOURISTS—3
Coronado Finds the Grand Canyon

In 1540, a Spaniard named Francisco Vasquez de Coronado left Mexico to look for the legendary Seven Cities of Cibola, said to be filled with gold and precious jewels. He didn't find the cities but discovered instead one of the world's greatest wonders, the Grand Canyon of the Colorado River.

The Grand Canyon National Park, which thousands of tourists visit every year, is in northwestern Arizona. The canyon is four to 18 miles wide and over a mile deep in places. At the bottom rushes the Colorado River.

Millions of years old, the canyon's rocks come in beautiful and differently-colored layers. The first layer is black, the next a brilliant red, then a lavender-brown one. Other layers are lavender, sand-colored and various shades of red. The top layer of the canyon is cream and gray.

Because of the wide range of temperatures in the park, there are many different kinds of animals and plants, including some found mainly in the northern and southern parts of the country.

As the third of a series on America's explorers, color this picture of Coronado looking for the first time at the Grand Canyon.

Tomorrow: De Soto sees the Mississippi River.

Device Invades Hen's Territory

Machine Sizes, Sorts, Counts, Sprays, Then Packages Eggs

CLEVELAND, Ohio (UP)—The automaton has invaded the egg-laying industry, and it's enough to make any self-respecting hen start clucking to herself.

This machine can process the average hen's lifetime output of from 500 to 600 eggs within two minutes. The monster of modern ingenuity sizes, sorts, counts, sprays and packages the eggs.

The actual handling capacity of the machine, built by the packing equipment division of

the Food Machinery and Chemical Corp., is 270 eggs a minute.

Attendants manually feed eggs into the machine according to size. The automaton then weighs each egg and assigns it to one of six weight categories, from jumbo to peewee.

After that, a built-in "memory" receives signals from the weighing station and sorting racks and automatically "knows" the quality grade and weight of each egg on the conveyor belt at any given moment.

The memory controls the point where seven jets spray the eggs with a protective coating, provides data for the inventory and printing counters, and controls delivery of the eggs at the proper packaging station.

At the end of the belt is the packaging area with 12 stations for loading trays and six for dozen-size cartons. The memory determines which station receives which egg.

Fire Truck Ready; Just Hop in, Go

BARNHART, Tex. (AP)—If you're in this little Texas ranching community and know of a fire, just hop in the fire truck and take off. The truck is always out and the key in it.

When Big Lake, Tex., bought a new fire truck, a representative phoned a Barnhart citizen and said the old truck was for sale. It originally was an Army Air Force crash truck.

A hat was passed around town and brought in about \$250 in a couple of hours. After the purchase, area ranchmen found out

about the deal and insisted on showing money into the hands of the caretakers.

Shortly after the truck's purchase, Gene Linthicum's barn caught fire. Energy and hard work of volunteers made up for experience. Only a third of the barn burned and other structures were saved.

Cowboy on Demand

FORTH WORTH, Tex. (AP)—A group of visiting Italian Army Officers wanted to see a cowboy. Nobody knew where to locate one in a hurry. Deputy Sheriff R. N. Gille scooted home, changed into his fancy Western clothes, and obliged.

Take Tip From Li'l Abner

Dogpatch-Style Cookery Gives Franks a New Appeal

The "endless frankfurter" devised by Dogpatch hero Li'l Abner can now have its culinary counterpart in the kitchens and barbecues of all good city and suburban folk.

For the frank has endless uses—and endless variety. Whether you're in a "just plain folks" mood or out to be elegant and gourmet, whether you're preparing a hearty meal or a dainty cocktail tidbit, the frank can be a never ending treat to the taste buds.

Now that spring has come to whet our appetites for new dishes, why not try some of the endlessly new frankfurter recipes. Today, we've picked three which will do for you in your own home or backyard what Li'l Abner's endless frank is doing for him in Dogpatch.

The first, which we title Yokum-Kebabs in honor of Mammy Yokum, features the frank as the basis of a sophisticated skewer dish—a variation on the traditional European import—the shishkebab.

Yokum-Kebabs
4 frankfurters
1 large green pepper
8 large mushroom caps
2 tablespoons shortening
1 cup fresh pineapple cubes

Cut the green pepper into good sized cubes (you'll need eight pieces) and saute with the mushroom caps in the shortening. Remove from shortening.

Then, cut the frankfurters into three pieces each. Place one piece of the frankfurter on a skewer, then a piece of green pepper, then mushroom, then pineapple. Repeat this once more and finish off with the third piece of frankfurter.

With a pastry brush, brush each of the kebabs with the shortening in which you sauteed the pepper and mushrooms. Place kebabs under broiler for about 10 minutes or until frankfurters take on a glazed appearance.

For added tang, spread a little prepared mustard on the cut ends of the frankfurter pieces before assembling the kebabs. Serves 4.

Next, comes Dogpatch Stew—a rich and hearty spring surprise which is rugged enough to please the menfolk and yet piquant enough to stir the appetite of the daintier sex.

Dogpatch Stew
10 frankfurters cut in bite-sized chunks
1/2 cup olive oil or cooking oil
1/2 cup chopped onions
1 clove garlic, minced
1/2 cup coarsely chopped ripe olives
1 1/2 cups canned kidney beans, drained
2 1/2 cups canned whole kernel golden corn, drained
1 cup tomato juice
1 cup grated American cheese, process type
1/2 cup sliced French bread spread with butter or margarine
Chili powder, generous dash
Celery salt, generous dash
Heat olive oil or salad oil, add

Prepare Tuna Dip for TV Snacktime

For your next TV snack make up a bowl of this tuna dip and serve it with crisp crackers or potato chips.

Tuna Dip or Spread
1 can (7 ounces) tuna, drained and flaked
1 container (8 ounces; 1 cup) cream style cottage cheese
1/2 cup minced celery
1/2 to 1/4 cup mayonnaise or salad dressing
1/2 cup chopped green or ripe olives
1 tablespoon lemon juice
1 tablespoon grated onion
Combine all ingredients; season with salt, if desired. Chill, covered, one to two hours to blend flavors. Makes 2 1/2 cups.

Remember that fluid milk, made from nonfat dry milk powder and water, needs to be refrigerated. Chill it in a covered container as soon as you have mixed it.

onions and garlic to oil and cook until tender and golden, not browned. Add frankfurters, olives, kidney beans, corn, chili powder, celery salt, tomato juice to the mixture.

Bring to the boiling point, then blend cheese into the hot mixture. Pour mixture into individual baking dishes and top each dish with a slice of French bread. Bake 20 minutes in 400-degree oven. Serves 10.

And last of the frank trio is a unique hot sandwich—ideal for your first outdoor cooking of the season. This is a far cry from the lonely frank on a naked bun. It's all dolled up in finery and

BUTTERFLY CUPCAKES—A very fancy name denotes a simple, yet effective means of dressing up cupcakes. In this instance the little cakes are topped with a snowy whipped cream topping, sprinkled with candied ginger. Then the curved top of the cake is cut in two and arranged, wing-like, in the cream topping.

Butterfly Cupcakes Catch Delicate Spirit of Spring

One of the surest signs of spring, as far as we are concerned, is an uncontrollable urge to invite our neighbors in for an afternoon snack. Other people may develop a burning desire for the sight of bustling tulips or the sound of the first robin's song, but we develop a great hunger for something pretty to eat and a friend to share it with.

Tutti-Frutti Butterfly Cupcakes, a pot of good coffee and a bowl of daisies on the table—our solution to the problem.

These lovely butterfly-cakes can be based on your favorite cake recipe, if you have one, or made from a packaged cupcake mix. The basic recipe is varied in this case, simply but tastily, by adding chopped candied fruits before baking and by a snowy whipped cream topping, sprinkled with candied ginger.

The butterfly effect is nothing more than the curved top of the cupcake, cut in two and arranged, wing-like, in the cream topping.

For a delightfully informal method of serving, why not stand each coffee cup on a good-sized plate, along with two cakes for each person? It's much easier to handle a snack this way than to try to juggle a cup, a saucer and a plate in the living room.

Make sure that the coffee is steaming and delicious, a real complement to these pretty cakes.

Tutti-Frutti Butterfly Cupcakes
1 9-ounce package cupcake mix
2 tablespoons chopped candied cherries
2 tablespoons chopped candied pineapple
2 tablespoons chopped candied ginger
1/2 cup whipping cream
1 tablespoon finely chopped candied ginger
Prepare cupcake mix as directed on package. Stir in next three ingredients. Bake as directed. Cool

is a good show-off dish for friends and neighbors.

Rich in gravy and seasoned spicily, we call it the Daisy Mae Special. Why? Because it's just as succulent and just as simple as our Dogpatch heroine.

Daisy Mae Special
6 skinless frankfurters, sliced into penny-sized pieces
1/2 cup butter or margarine
1/4 cup grated onion
1/4 cup grated carrots
1/2 cup flour
1 bay leaf
2 cups beef stock or consommé
1 teaspoon dry mustard
5 whole cloves
1 tablespoon prepared horseradish
6 frankfurter buns, split
Salt and pepper
Heat butter or margarine in pot. Add onions, carrots, bay leaf and

cloves. Simmer over low heat until well browned, then add flour, stir to blend well. Cook until flour browns.

Remove from heat, add stock or consommé, stirring constantly. Return to heat and when gravy thickens, strain. Add frankfurters and horseradish mixed with mustard. Heat again.

Serve each portion on toasted frankfurter bun. Serves six.

Guests Will Like Waters or Chips With Tasty Dip

All these dunks can be made ahead and stored in the refrigerator overnight or until ready to serve to guests. Accompany them with crisp dippers of your choice—potato chips, pretzels, wheat wafers, buttery round crackers or square salty crackers.

Egg-Parsley Dip
Mix together 4 hard-cooked eggs, shelled and chopped, 1 tablespoon minced parsley, 2 tablespoons lemon juice, 1 teaspoon minced onion, 1/2 teaspoon salt, a pinch of mixed dried herbs and 1/2 cup mayonnaise. Garnish with sprig of fresh parsley. Makes about 1 cup.

Deviled Crab Dip
Drain, bone and flake one 6 1/2-ounce can crab meat. Mash with 2 hard-cooked eggs, shelled and chopped. Add 1/2 teaspoon prepared mustard, 1/2 cup mayonnaise and 1 tablespoon lemon juice. Mix well. Garnish with small flake of crab meat. Makes about 1 cup.

Guacamole Dip
Mash pulp of 1 small, peeled avocado. Stir in 2 tablespoons lemon juice immediately to prevent discoloration. Add 1 teaspoon minced onion, 1/2 teaspoon salt, 2 teaspoons worcestershire sauce, 1/2 teaspoon cayenne pepper, a sprinkling of freshly ground black pepper and 1 clove garlic, mashed, if desired.

Mix well. Cover with thin layer of mayonnaise to prevent discoloration. Just before serving, stir in mayonnaise. A little cooked, crumbled bacon and fresh, diced tomato may be added also.

Garnish with pieces of fresh tomato, canned pimiento or crumbled bacon. Makes about 1 cup.

Tomato-Sour Cream Dip
Mix together one 8-ounce can tomato sauce, 1 cup thick sour cream, 1 teaspoon salt, 2 teaspoons minced onion, 1/3 cup prepared white horseradish. Garnish with sprinkling of paprika. Makes about 2 cups.

New, Unusual Dressing

Here's a new and different dressing for a fruit salad: Combine 1 cup of mayonnaise with half a cup of real New Orleans molasses and 3 tablespoons of lemon juice. Mix well. Serves four. This is particularly good on a pear, cream cheese and date salad.

Add minced anchovies to a mixture of cream cheese and butter for a delicious filling for party sandwiches. When you are soaking large dry lima beans before cooking, use 2 1/2 cups soaking water for each cup of the beans.

Kipling Animals Are Dying Out

India Trying to Prevent
Extinction of Unusual
Asian Beasts

WASHINGTON—Some of India's animals that charmed Rudyard Kipling and still enchant a world of readers are vanishing.

The hunting leopard or cheetah, the black buck, gazelle and one-horned rhinoceros now join other fauna in a gradual disappearance from the storied Indian landscape, the National Geographic Society says.

India, for centuries a wildlife paradise, has long felt inescapable natural forces marshaling against many of its animals and birds.

An authority some 30 years ago noted how the fast growing population was driving back the protective jungle and how disease and overhunting were taking a heavy toll.

The Indian Board for Wild Life recently considered means to prevent extinction of many picturesque species. In particular, opposition is increasing to profit-making safari clubs that recruit outsiders for big game hunting.

Recommendations were for a ban on killing the malabar squirrel, Himalayan beardless wild goat, hunting leopard and the great Indian bustard, a large game bird. Protection has been asked also for the horned antelope, gazelle and black buck.

Game depletion in south India was attributed more to wandering tribes of hunters and trappers than to foreign hunters. An aim now is to keep travelers interested in India as an alluring hunting ground but to restrict shooting.

Appearance, habit and temper contrast sharply in the wildlife India strives to protect. One of the most eye-catching animals is the spiral horned black buck, banished by the herd's leader when its coloring turns black.

Prehistoric in appearance and of nocturnal habits, the Indian one-horned rhinoceros is reputedly the world's largest. It may live 50 years. Heavy-eyed and seemingly lazy, it will charge an elephant or tiger on provocation. Less combative animals sometimes congregate about the rhinoceros for protection from tigers.

The spotted and long-tailed cheetah is considered the swiftest beast on a short course. It was used by Indians and Persians for centuries against antelopes. Its projectile-like speed was unloosed on the quarry generally at a distance of 200 yards.

The male of the great Indian bustard weighs up to 32 pounds and presents an 8-foot wing spread. In courtship, the bird's head bends back, almost touching the uplifted tail. It is capable of powerful, sustained flight and is renowned for its wariness.

Do-It-Yourself Bar Pleases the Patrons

CHICAGO (INS)—The "do-it-yourself" craze has finally hit the drinking circuit—with sometimes shattering results.

The innovation was started by Al Hollander, the Equire Pub Restaurant, who reported the plan is meeting with spectacular success among businessmen from nearby Chicago Loop offices.

Patrons make their own drinks in one corner of a bar furnished with necessary ingredients and equipment. A bartender is present to offer advice if requested, or lend a helping hand to those in dire need.

More than none incident has come up, however, when patrons trying to impress friends have concocted drinks that forced them to revert to the "old-fashioned" kind of service—prepared by a professional bartender.

Human Alarm Clock Gets 'Em All Out

CROSSVILLE, Tenn. (AP)—Dewey Holman is about to retire from his shoe shop and start sleeping late in the morning. When he does, a lot of folks may be late for work.

For 15 years, Holman has been roaring out a big, time-to-get-up warwhoop at 7 o'clock each working morning. He doesn't know just how he started his window-rattling vocal exercise but he's come to look upon as something of a civic obligation. When he was sick once, several persons complained they overslept.

San Diego County in California has 4,258 square miles, about the same area as Connecticut. It extends 70 miles up the Pacific Coast from Mexico.

Housework Easy Without Nagging Backache

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upset or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation...with that restless, uncomfortable feeling. If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes. So if nagging backache makes you feel dragged-out, miserable...with restless, sleepless nights...don't wait...try Doan's Pills...get the same happy relief millions have enjoyed for over 60 years. Get Doan's Pills today!

800 MILES OF WIRE FOR BRIDGE — Shown is part of the 800 miles of heavily galvanized steel wire required to wrap the suspension cables for the new Mackinac Straits Bridge. John Noruk (left) and Arthur Connick of U. S. Steel plant in Duluth, Minn., stack the coils. The total order calls for 270 tons of wrapping wire, 50 tons of which are shown here.

New Excursion Boat May Revive St. Joseph River

ST. JOSEPH (AP)—A 65-foot paddlewheel river boat, built by a dental technician in the short space of four months, may become the first St. Joseph River commercial craft since 1907.

The boat was built by Lee Sies, who expects to launch it in 30 days and plans to use the vessel for river excursion tours.

Commercial operations on the St. Joseph River halted about 1907, when the sidewheeler "May Graham," and the sternwheeler "Tourist" ceased excursion trips.

Sies conceived the idea for his boat last fall. Its design was prepared by Jack Spicer, a New Products Co. Engineer, with Sies contributing the greater share of the labor in building the boat.

The steel-hulled "River Queen" is constructed to withstand many of the hazards posed by floating debris, hidden stumps and snags, Sies declares.

DISPLACES 11 TONS
"The Coast Guard rates it at 11 tons, gross weight, and it will carry safety equipment for 100 persons," he reports.

The sternwheeler craft has a 12-

foot beam and is expected to draw only 16 inches of water when fully loaded. It is double decked and designed to carry 80 to 100 passengers.

Sies plans to run regular daily scenic trips and charter excursions at various times. He says the project represents a \$20,000 investment and intends it to be a full scale summer operation.

Sies has operated pleasure boats from Silver Beach for the past 16 years. He says the new craft also will be based there.

The St. Joseph dental technician recently was one of a 10-man group who met to discuss feasibility of making the St. Joseph River navigable as far as Berrien Springs, a distance of about 30 miles.

"I am going up the river," he told the group, but for pleasure craft operators to enjoy the scenic splendor of the St. Joseph River some dredging, debris cleaning and channel marking will be necessary.

Others in the group feel the coming of the new commercial venture may serve as a wedge for boat operators who seek to have

the river improved for pleasure craft.

U.S. RESPONSIBILITY

Several believe commercial use of the waterway makes it the responsibility of the government.

Harold Bradfield of Berrien Springs told the group that St. Joseph River navigation might be a responsibility of the United States Corps of Engineers as a part of the Great Lakes Waterways.

He said Sen. Charles Potter has expressed a definite interest in the feasibility of opening the river to navigation.

Don Steward, secretary of the Benton Harbor-St. Joseph Chamber of Commerce, said:

"When Sies starts operating on the river, we might find that a project of less cost and time than we think."

Richard Grau, president of the Berrien County Sportsmen's Club, offered a briefly clouded note. He said some members of his group believed opening the river might impair fishing.

Grau added, however, the problems probably could be solved as they arose and indicated his organization would support the commercial movement.

All believe the "River Queen" could be the vessel to usher in another field of prosperity.

Meat of the Matter

ATHENS (INS)—The site of the Old Palace in Athens, built in 1833 and presently housing the Greek Parliament, was picked by exposing four pieces of raw meat at different points in the Greek capital. The last place to go had was judged as occupying the most salubrious spot in town and there the palace was built.

Don't argue with this baby!

All Chevrolet's competitors and most of the high-priced cars
tried it recently in official NASCAR* trials—and took a licking!

Meet the champ! The new Chevrolet "Turbo-Fire V8"—the most modern V8 on the road today.

You want facts, don't you? And not ours. Facts instead from an independent, outside source where the only things that count are who came in first, second, and so on. Here they are—

Daytona Beach, NASCAR Acceleration Tests Over Measured Mile From Standing Start. Chevrolet captured the 4 top positions in its class! 8 of the first 11! And on a time basis Chevrolet beat every high-priced car, too—but one!

Daytona Beach, NASCAR Straightaway Running. Open to cars delivered in Florida for \$2,500 or less. Chevrolet captured the first two places, 7 out of the first 11 places!

Daytona Beach, NASCAR 2-Way Straightaway Running Over Measured Mile. Open to cars from 250 to 299 cu. in. displacement. Chevrolet captured 3 of the first 5 places! None of its major competition (what competition?) even finished "in the money"!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns, Chevrolet fin-

ished first! Way, way ahead—as in sales!

Fayetteville, N. C. NASCAR Late Model Event. After running the fastest qualifying round (with a new car) Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stops!

These facts you can't laugh off. Sales leader. Road leader. A crowning achievement of Chevrolet and General Motors. Try a Chevrolet... and live in a land of going-away where you win all the arguments! Soon, maybe?

*National Association for Stock Car Auto Racing

Way, way ahead!

Auto Parade Through 10 Towns to Open Rochester Show

New Record Set in Avon Building

\$942,875 May Total Hits Peak, Clerk Says; Rochester Has \$31,245

AVON TOWNSHIP — Building permits in Avon Township for the month of May totaled \$942,875, it was announced yesterday by Township Clerk Frances O. Covert.

Mrs. Covert stated that this was a record month, heretofore unknown in her office. Included in the permits is a one-story brick factory addition for The National Twist Drill and Tool Co. The building is 62x281 and located on East Tienken adjacent to the present factory. The permit was taken out May 26th.

Another permit was taken out for Parke Davis & Co. for a concrete block building 101x212. This is a partial two story building and is an addition to Building No. 8.

The remainder of the permits include many ranch type homes in the various new subdivisions in the Township.

Permits in the Village of Rochester for May amounted to \$31,250.00. Included is a gas and service station at 917 N. Main St., with the permit taken out by Leo Hartwig, owner.

Other permits were issued for commercial additions, homes, and conversion of Theater Building on Main street to Electrical Appliances Co.

Permits in the Village during April had an estimated value of \$48,050.00.

Man, 86, Survived by 90 Descendants

An 86-year-old Millington man who died Tuesday night is survived by 90 direct descendants, most of them living in the close-to-Pontiac area.

Arthur E. Clemons, who operated a service station in Millington until five weeks ago, is survived by 9 sons and daughters, 27 grandchildren and 54 great-grandchildren. He died following a heart attack.

Born in a log cabin in Genesee County Nov. 11, 1868, Mr. Clemons had operated his gas station in Millington for 20 years.

Among the survivors are six daughters, Mrs. Jennie Johnston of Waterford Township, Mrs. Ida Goodrich of Davison, Mrs. Blanche Kile of Goodrich, Mrs. Ola Daley of Rapid River, Mrs. Bessie Hunt and Mrs. Elsie Lang, both of Flint, and three sons, Elmer of Millington, Lee and Clifton of Oscoda.

Funeral service will be held at 2 p.m. Friday from Leo Groves Chapel, Davison, with burial in Dodge Cemetery, Richfield.

Williams Lake PTA Picnic Set Today at School

WATERFORD TOWNSHIP—Williams Lake School students and their parents will gather tonight for their annual picnic on the school grounds.

Opening the affair will be a ball game at 5 p.m. between the fifth and sixth grade boys and their fathers.

Supper is scheduled for 6 p.m. Families are to bring their own table service, a hot casserole and a salad or dessert for passing. Rolls, coffee and milk will be furnished by the PTA.

Gasoline Bulk Plant Expansion Announced

ROCHESTER — H. B. Little of 155 Glendale St. has purchased nine acres and eight building lots of The Higbie Manufacturing Co. located on First Street and will build a petroleum distribution bulk plant on the property in the very near future.

The property is known as the old Curtis Mill Race and mill pond and joins property which Little now has as a bulk plant.

About one of 16 persons in the U. S. has some form of heart or blood vessel disease and this includes about 500,000 school children.

JOYCE SHAW

Millford Senior to Vie for Title of Amvets Queen

MILFORD — A Millford High School senior has been chosen to represent the Amvets Wixom Post No. 76 as a candidate for beauty queen at the Amvets state convention to be held in Traverse City Friday, Saturday and Sunday.

Joyce Shaw, 17-year-old daughter of Mr. and Mrs. Riley C. Shaw of 231 West Lafayette St., was selected from four girls who entered a contest sponsored by the Wixom post.

After graduation, Joyce plans to enter Ypsilanti State College to study occupational therapy.

50-Unit Trailer Park Planned Near Marlette

MARLETTE — Construction of a 50-unit trailer park on the former Ralph Oberle Farm north of Marlette is slated to begin soon, according to owner Albion Swales.

The trailer plots are to be arranged around a park and playground. Mr. and Mrs. Rex Collins will manage the park.

Five Southfield Seniors Given UM Scholarships

SOUTHFIELD TOWNSHIP — Five seniors at Southfield High School have been awarded scholarships to the University of Michigan.

Tuition and fees will be paid for Dick Ford, Leonard Cyr, Allen Lathan, Bob Quirk and Diane Berres.

24 Sport Cars in Friday Tour

3-Day Home Exhibit at Halbach Field to Have Contests, 50 Booths

ROCHESTER — Over two dozen convertibles and sports cars will parade through Oakland and Macomb County towns to open Rochester's Home and Builders Show Friday.

Starting in Rochester, their tour will take them to Utica, Disco, Washington, Romeo, Oxford, Lake Orion, Clarkston, Pontiac and Auburn Heights.

Back in Rochester the procession will be joined by the Rochester High School band and proceed to Halbach Field where Rochester's village president, Clarence Burr, will open Rochester's first builders show.

Running through Sunday the show will include 150 autos, foreign and sports cars as well as exhibits of supplies, furnishings, furniture and appliances for the home.

One of the many prize features will be a lion hunt with \$100 going to the person who finds the man with a lion.

The Rochester Lions Club is sponsoring the Home Show to raise funds for its charitable activities.

More than 50 exhibitors have taken booths for the home show, which opens at noon Friday. It will be open all day Saturday, and from noon until 10 p.m. Sunday.

Civil Defense Parley Called at Davisburg

SPRINGFIELD TOWNSHIP—Assistant Oakland County Civil Defense Director Ramsford Bromley will attend an organizational meeting of the township civil defense group called by local director Robert Haslock.

The group will meet at 8:30 p.m. today in the Davisburg town hall. Airforce Sgt. Nicholas Chizewsky will show a series of pictures.

Plan Saturday Dinner

WATERFORD—Ending a contest between two sides of the Waterford Community Church Sunday school, a cooperative dinner will be held at 6 p.m. Saturday at the church.

Rochester Woman Will Receive Award of Honorary Degree From MSC Sunday

ROCHESTER — Mrs. Alfred G. Wilson of Meadow Brook Farms will receive one of the 13 honorary degrees to be awarded Sunday at Michigan State College of Agriculture and Applied Science.

The MSC centennial year will

reach a climax with the granting of 1,999 degrees. An anticipated 20,000 guests are expected.

President John A. Hannah will confer the 13 honorary doctor of law degrees and present alumni awards for distinguished service to five MSC graduates.

Mrs. Wilson served a two-year term, 1935-37, as a member of the State Board of Agriculture, the governing board of the college.

In 1940 Gov. Luren D. Dickinson appointed Mrs. Wilson lieutenant governor, to secure a Supreme Court decision on Michigan's laws of succession.

The death of Gov. Frank D. Fitzgerald had placed Dickinson

at the head of the state, from his post as lieutenant governor.

Admiral Arthur W. Radford, chairman of the U.S. Joint Chiefs of Staff, will be the graduation speaker. His topic is "The American Mission."

Seeking GOC Funds in Addison Township

ADDISON TOWNSHIP — The Addison Township Ground Observer Corps is sponsoring a penny supper at 6 p.m. Saturday at the Rowland Hall.

Proceeds will be used to erect a GOC post.

Directors Elected by Rochester Group

ROCHESTER—Twelve new directors were elected to the Rochester Chamber of Commerce last night.

Elected to two-year positions on the board were Cyril Borst, Al Crandall, Robert Warren, Lloyd Lake, Kenneth Fettes, Sidney Teague.

Receiving one-year terms were Mason Case, Dr. E. J. Geist, Hudson Hill, Roscoe Martin, B. J. Murray, and William Mitzelfeld.

Logan Sparks Named Justice at Walled Lake

WALLED LAKE—Logan Sparks, 320 Arvida, has been named justice of the peace by the Walled Lake City Council.

Sparks will fill the unexpired term of Charles Rose who resigned as of June 1.

The council will continue to interview candidates for the post of city manager at the next meeting on June 7.

Rummage Sale Slated

ROCHESTER — The Pricilla Alden Guild of the First Congregational Church is sponsoring a rummage sale to be held at the Plassey Garage, Fifth and Walnut streets, Friday and Saturday.
