CONFER—Congressman Billie S. Farnum (left) talks with Detroit Mayor Jerome P. Cavanagh during a testimonial dinner in honor of Farnum in Livonia last night. Cavanagh, reelected to his second four-year term Tuesday, was the principal speaker. The program was sponsored by the 19th Democratic Congressional District.

4 AF Noncoms Said Abducted by Viet Cong

Halted at Roadblock en Route From Resort; Giant Search Begun

SAIGON, South Viet Nam (AP) — Four U.S. Air Force personnel have been abducted by the Viet Cong, a U.S. military spokesman said tonight.

The spokesman said the Americans, all noncommissioned officers, have been missing since last Sunday night and a gigantic search and rescue operation is underway to recover them.

As he explained it, the four were stopped at a roadblock between the seaport of Vung Tau and Saigon. Vung Tau is 45 minutes southeast of Saigon on the South China Sea.

Their names were withheld pending notification of next of kin.

★ ★ ★

Small groups of Americans ordinarily make the trip between Saigon and Vung Tau, both a military center and a popular resort by plane or helicopter.

NO EXPLANATION

There was no official explanation why the four were traveling by car.

However, informed sources said they had been vacationing at Vung Tau and hitched a ride to Saigon because their aircraft was disabled.

These sources said one of the Americans had escaped, but there was no official confirmation.

In other developments, U.S. Navy jets struck at a Communist surface-to-air missile site 35 miles east of Hanoi after a Navy F8 Crusader jet was shot down near the site, a U.S. military spokesman said today.

ONE HIT

Pilots reported that one missile launcher was hit in the raid yesterday. They said they also saw another explosion in the complex.

NEW BOSS—Mrs. Dorothy Olson, veteran Waterford Township treasurer, is sworn in by Township Clerk Elmer Fangboner yesterday after board members appointed her supervisor. She succeeds James E. Seeterlin, who resigned Monday to become county treasurer.

Five on Board Pick Treasurer as Supervisor

Mrs. Dorothy Olson Takes Over Position Vacated by Seeterlin

Precedent was shattered yesterday afternoon when Mrs. Dorothy Olson became Waterford Township's first woman supervisor.

Township treasurer since 1957, she won the votes of the other five board members yesterday after Trustee Rudy Mansfield nominated her.

Democrat Mrs. Olson, 54, abstained from voting.

However, she immediately submitted her resignation for the treasurer's job, which pays $3,000 less annually than the $11,000, she will make as supervisor.

The treasurer's post was not immediately filled.

★ ★ ★

The supervisor vacancy was created Monday night when Democrat James E. Seeterlin resigned to become county treasurer.

PHONED SON

After being sworn in by Clerk Elmer Fangboner, Mrs. Olson phoned her son, Christopher, a 22-year-old senior at Michigan State University, to tell him the good news.

Mrs. Olson, who lives with her husband Luther C. at 3599 Shoals, then hurried off to a Democratic dinner at Livonia in honor of Congressman Bil-

600 Dems Jam Hall for Farnum Tribute

Democrats, 600 strong from Oakland and Wayne counties, last night paid tribute to Billie S. Farnum, the freshman congressman from the 19th District.

The popularity of the former state auditor general from Waterford Township was reelected in the turnout.

The number attending the testimonial dinner at Roma Hall in Livonia was twice that expected by the 19th Democratic Congressional Committee. Another room had to be opened to handle the overflow crowd.

Party members paid $15 a ticket or $20 a couple to attend the dinner and hear speeches given by Farnum and Detroit Mayor Jerome P. Cavanagh.

The 89th Congress, Farnum said, through its actions to "wage war on poverty, get rid of slums, to give the right to everyone to vote and to find causes and prevention of disease" was able to release all the frustrations of past Democratic platforms that were never carried out.

"I believe that I am the first one to be able to stand before you and honestly say that I have been a member of Congress that has fulfilled all my campaign promises," Farnum added.

"Through the Great Society programs, there has been an awakening interest in the huge problems facing the major urban areas all over this nation," Cavanagh said.

"It is time to look directly at our cities — look at them hard — and set to work to design legislative programs which, instead of ignoring cities, will help them meet the crushing problems of crime, poverty, school dropouts, blighted neighborhoods, industrial old age, air and water pollution and mass transportation."

Nankin Group Is Up in Arms

Women Cite Lack of Police Protection

DETROIT (AP) — Twenty-three women went to the Wayne County Road Patrol Friday to complain of inadequate police protection in suburban Nankin Township, and seven of them took out pistol permits.

The other women, all of whom live in the township, said they would return to the patrol's Inkster station Monday to get pistol permits.

The women cited one rape and two other attacks on women within two weeks. They also complained of obscene telephone calls and child molestings.

The latest attack came Thursday night when Arlene M. Necker, 28, an office worker who lives alone, fought off a man who broke into her home and attacked her with a hammer. She suffered head cuts. The attacker escaped.

ADMITS INADEQUACIES

Capt. John DeVos, acting head of the Road Patrol, agreed that police protection was inadequate, and pointed out that the county auditor's office had turned down a request of 26 new sheriff's deputies.

"It's inadequate all right, but we're doing a whale of a job for the number of men involved," said DeVos. "They handle four times the number of calls per man that the Detroit police handle."

Mrs. Douglas Bowers, a mother of four, told DeVos:

"We're living in fear out here. Some of our husbands work at night, and many of the wives keep all the lights on all night.

"It's getting to the point that baby sitters are afraid to come into the area," she added.

Ford Hits 'Arrogant' LBJ, 'Rubber Stamp' Congress

WASHINGTON (AP) — Rep. Gerald R. Ford, R-Mich., said yesterday arrogance by President Johnson's administration and "failure of the Congress to act as a deliberative body" marked the session of Congress which ended last month.

Ford, Republican House leader, issued an analysis of the handling of various bills, concluding that "whenever a party that holds possession of the executive branch of the national government also enjoys overwhelming dominance in the Congress, the Congress becomes a satellite of the president."

Ford said, "There is no other word but arrogance" for actions like the nomination of Francis X. Morrissey for a federal judgeship in Boston.

After a furor developed over Morrissey's qualifications, the nomination was dropped from Senate consideration.

Other examples of what Ford called arrogance:

● "The withholding of federal funds from the City of Chicago in defiance of the procedures established by Congress."

● "Procedures in the Congress that silence dissent and preclude careful consideration of legislation."

★ ★ ★

● "Opposition to freedom of information legislation which would permit the public to know what is going on in the government which it pays for."

● "The behavior of administration spokesmen, including the President and the vice president, when they pointedly imply that the consideration which the problems of a locali-

Industry Lauded for UF Effort

A big share of the credit for the success of the 1965 Pontiac Area United Fund campaign has been given to the local industrial community.

Demonstrating labor-management cooperation, area plants and their employes joined to contribute nearly 70 per cent of the record $1,000,107 collected in the UF drive.

The industrial division of the drive, headed by Fisher Body head Thomas Wiethorn, topped its goal by 25 per cent. The amount raised totaled $733,150.

General Motors Corp. donated the largest single corporate gift, $165,000. Employes at the local GM plants contributed $527,934 for a total of $692,934.

Pontiac Motor Division had the highest participation, 90 per cent, contributing $276,957. Hourly workers contributed $163,075, while salaried workers donated $113,882.

Meg Ends Tourist Tour of Frisco

SAN FRANCISCO (AP) — Britain's Princess Margaret, having completed a tourist's tour of San Francisco, plunges into the official side of her United States trip today.

★ ★ ★

She is visiting the University of California's nearby Berkeley campus and then tastes her first Western-style barbecue.

The meat will be sliced from a 50-pound wild boar on the Monterey Peninsula, 135 miles south of San Francisco.

The princess, accompanied by her husband, the Earl of Snow-

don, made it clear yesterday that much of her tour is strictly pleasure.

★ ★ ★

She smilingly overrode security guard misgivings and boarded a San Francisco cable car for an eight-block ride up steep Russian Hill.

FROZE MOMENTARILY

Although she appeared delighted with the trip, she froze momentarily when photographers crowded around the open cable car, held back by only a wall of security men.

The high benches in the open end of the cars face the sidewalk and there is no protection from the elements save the roof.

Such seats are favored by women with pretty knees.

★ ★ ★

Regular passengers aboard the cable car obviously were delighted with getting such a close view of the princess and her husband.

Johnson Signs Exodus Pact

JOHNSON CITY, Tex. (AP) — President Johnson announced today the signing of an agreement with Cuba permitting 3,000 to 4,000 Cuban refugees each month to fly to the United States on American planes.

★ ★ ★

It was agreed that the movement of refugees will begin "not later than Dec. 1."

★ ★ ★

Johnson expressed his satisfaction with the agreement, saying in a statement:

★ ★ ★

"I am pleased with the understanding which has been reached. It is an important forward step in carrying out the declaration I made on Oct. 3 to the Cuban people. I said that those who seek refuge here will find it. That continues to be the policy of the American people."

In addition, six fashion shops will be built as part of the expansion program.

Greeks Ratify Sale of Wheat to France

ATHENS, Greece, (AP) —The Greek government today ratified the sale of 100,000 tons of surplus wheat to France at $54.65 per ton.

As a recipient of U.S. agricultural aid, Greece forfeits its right to that aid if Greece sells its surplus farm products. So it must now pay cash for the needed U.S. grain feeds.

Britain's Vote Plea Gets Rhodesian 'No'

SALISBURY, Rhodesia (AP) — Prime Minister Ian Smith rejected today British Prime Minister Harold Wilson's proposal for a vote among Rhodesia's white minority and black African majority on whether they favor independence on the basis of the 1961 constitution.

"I regret to say the impression you left with us (during Wilson's recent visit to Salisbury) of a determined effort to resolve our constitutional problems has been utterly dissipated," Smith said in a letter to Wilson.

★ ★ ★

"It would seem that you have now finally closed the door you claimed publicly to have opened," Smith said.

Wilson made his proposal in a letter to Smith Wednesday.

RHODESIAN REPLY

Smith's reply said:

"I regret to tell you that the only conclusion to be derived from your letter is that it is tantamount to, and can only be interpreted as, a rejection of the proposals regarding a royal commission agreed with you in Salisbury."

★ ★ ★

The reference by Smith to the closing of the door, and Friday's dramatic declaration of a countrywide state of emergency, gave rise to fresh speculation that Smith and his all-white government may be preparing the way for an early unilateral declaration of independence.

But Smith was scheduled to leave the capital during the weekend and some observers took this to mean that he did not plan to seize independence immediately.

ROYAL COMMISSION

Wilson had agreed to Smith's proposal that a royal commission decide whether all Rhodesians want independence on the basis of the existing 1961 constitution. Rhodesia's 225,000 whites control the government and wealth of this central African colony.

Britain refuses to grant independence without being satisfied with arrangements for full political voice for the colony's four million Africans.

★ ★ ★

White Rhodesian authorities also faced the prospect of a rebel black government being set up inside the country.

Police announced that they had seized a number of pamphlets saying that the banned Zimbabwe African People's Union would form a government if Britain did not break off negotiations with Smith by Nov. 16.

Sukarno Claims Bribe by U.S.

SINGAPORE (AP) — President Sukarno of Indonesia claimed today the United States once offered him a personal bribe of 150 million rupiahs to introduce what he called "free-world ideologies" into Communist-inclined Indonesia."

Although he did not say whether he accepted or rejected the offer, he implied that he refused it. Sukarno also did not say when the alleged bribe offer was made or who in the U.S. government made it.

The value of the alleged bribe in terms of U.S dollars could not be determined because Sukarno did not give any time of the alleged offer. The Indonesian rupiah has been sliding over the past few years and now is worth .0224 of a cent.

Area Mishap Hurts Driver

A 23-year-old Northville man was listed in fair condition at Pontiac General Hospital today following an automobile accident last night on Ormond Road near Duffield in White Lake Township.

Hospital officials reported that Charles E. Anderson of 121 E. Main received a fractured arm and jaw and a dislocated hip.

According to White Lake Township police, Anderson's car crashed into a parked car, owned by Rosmond Allen, 555 Sunset, White Lake Township.

This Time It Paid to Be No-sy

A 24-year-old Pontiac woman yesterday showed remarkable sales resistance when given the "hard shell."

Rosalee Henderson of 20 Lester told police a well-dressed man, holding a paper bag he said contained five diamond rings, jumped into her parked car in front of 154 N. Saginaw.

Would she buy the rings for $29?

No.

Well—she could have them for $10.

Still no. At that point, the man pulled out a pistol and repeated the $10 offer.

. . . No.

The man fled.

Withdraw Bid -- Morrissey

Marks End of Unusual LBJ-Kennedy Drama

JOHNSON CITY, Tex. (AP) — The final curtain has been drawn on an unusual political drama involving President Johnson and the family of John F. Kennedy — the controversial nomination of Francis X. Morrissey for a federal judgeship.

★ ★ ★

Johnson, recuperating from surgery at his ranch home near here, received a letter from Morrissey Friday in which the Boston municipal court judge, a long-time political aide of the Kennedy family, said:

"To prevent further anguish to my family and further harassment to you and to those who have supported me so loyally, I respectfully request that my nomination to the federal bench be withdrawn."

'REAL COURAGE'

Johnson wired back that he would scrap the nomination as requested, but added:

"Let me say that you have in recent weeks demonstrated real courage and qualities of character I greatly admire and of which your children can always be proud."

All this was anticlimactic in the sense that Morrissey's chief sponsor, Sen. Edward M. Kennedy, D-Mass., last month had the nomination put in the deep freeze after running into strong opposition from the American Bar Association and such colleagues as Senate Republican leader Everett M. Dirksen.

ployes had 100 per cent participation.

GMC Truck and Coach Division employes contributed $176,358 with hourly workers giving $101,028 and salaried $75,330.

Four other industrial division contributors upped the major manufacturers' quota.

FIRMS INCLUDED

These included Consumers Power Co., $6,000; Briney Bushing, $400; Universal Oil Seal, $750, and Pontiac Varnish, $600. The total corporate gifts were $7,750.

Employes of these firms (in the same order) donated $6,076, $792, $2,343 and $1,653, respectively. The total employe contributions were $16,858.

Major manufacturers contributed a total of $711,542, well over the quota of $569, 129.

★ ★ ★

Some 44 small manufacturers and their employes also surpassed their collective quota, raising $9,608 for the UF campaign.

Those firms in the special designations classification gave $12,000 or over, double their quota.

Commenting on the industrial community's effort, Camner said:

"The achievement of the industrial drive which contributed greatly to the success of the Pontiac Area United Fund campaign represents an outstanding example of plant and employe cooperation.

"The many thousands of citizens who contributed to the drive through the plants and elsewhere are to be congratulated for their generosity and community spirit. Though the drive is completed, the effects will be felt throughout the community during the months ahead."

Soviet Break Dims U.N. Kashmir Truce

UNITED NATIONS, N.Y. (AP) — The threat of a U.S.-Soviet split on the India-Pakistan crisis cast a shadow today over a new move by the Security Council to enforce the shaky truce.

The Soviet Union broke the big power unanimity that had prevailed on the issue when it abstained Friday on a council resolution demanding that both sides stop violating the cease-fire and agree to a deadline for pulling back their troops.

★ ★ ★

Soviet Ambassador Nikolai T. Fedorenko said he refrained from voting because the resolution ignored a Soviet demand for a three-month limit on keeping U.N. truce observers in India and Pakistan.

Fedorenko, however, did not cast a big power veto, which would have killed the resolution. It passed 9-0 with the Soviet Union and Jordan abstaining.

MIGHT BE SCUTTLED

Delegates expressed fear that U.N. efforts to establish a meaningful peace between India and Pakistan might be scuttled if the two big powers split over the issue.

The rear cooperation shown by the United States and the Soviet Union in working to stop the shooting war on the Indian subcontinent has been credited largely for the Security Council's success in bringing about a cease-fire.

★ ★ ★

With the threat of economic sanctions bolstering the council's demands for a truce, India and Pakistan complied.

A cutoff in economic aid from the United States and the Soviet Union would have spelled financial disaster for both.

BLAMES U.S.

Fedorenko blamed the "United States and others" for the break in the united front that had seen the council make unanimous decisions on the Asian crisis except for a lone Jordanian abstention on Sept. 20.

"We have drawn special attention," he told the council, "to the fact that the Security Council should set up a concrete time limit for the presence of U.N. observers, which in any event must not exceed three months.

"The necessary understanding has not been displayed," Fedorenko said. "On account of such a negative position of the United States and others violence was done to the principle of unanimity."

U.S. Ambassador Arthur J. Goldberg countered that the Soviet Union, not the United States, had brought up the time-limit issue.

U.S. Will Try Klansmen in Liuzzo Death

MONTGOMERY, Ala. (AP)— Three Ku Klux Klansmen will be tried in Federal Court on charges stemming from the death of Mrs. Viola Liuzzo, a Detroit housewife and civil rights worker.

It was the second trial for the 22-year-old Fairfield mechanic. The first trial ended with a hung jury.

The three were arraigned in Federal Court and all entered pleas of innocent to charges of conspiring to violate Mrs. Liuzzo's civil rights.

The federal statute carries a maximum punishment of 10 years in prison and a $5,000 fine.

The other men, William Orville Eaton and Eugene Thomas, have not been tried on state murder charges.

Gemini Launch Now Dec. 6?

HOUSTON (UPI) — Sources maintained today America's four-man space spectacular slated for December will get started Dec. 6 so that the flight can wind up in time for the Christmas holidays.

Dec. 6 would be two days earlier than the officially announced previous target date of Dec. 8.

The flight will have a Gemini 7 spaceship with astronauts Frank Borman and James Lovell aboard launched into orbit first for a 14-day trip, longest ever.

Around eight days after their ship goes into orbit, a Gemini 6 spacecraft carrying astronauts Walter M. Schirra and Thomas P. Stafford will be sent into space to chase down and draw into sight of the first spaceship.

That sort of "rendezvous" in the cosmos is one key to a successful manned journey to the moon.

Schirra and Stafford will try to get within 100 feet of the craft of Borman and Lovell but will not try to hook up with it in a "docking" maneuver that will also have to be perfected in future flights.

The next Gemini flight after the four-man "Spirit of 76" flight will be Gemini 8 early next year.

Charge Fraud of $1.5 Million

BALTIMORE, Md. (AP) — A young accountant has been charged with stealing or embezzling $1,555,800 from two companies here in three years — more than half of it in this year alone.

The Baltimore grand jury returned the charges Friday in five presentments against Howard Lee Raley, 30.

An employe of the steamship agency, Ramsay, Scarlett & Co. for six years, Raley was accused of taking the money from that firm and from the Baltimore Stevedoring Co., a subsidiary.

★ ★ ★

Raley was charged last September with taking $60,000 in February and April, but prosecutors said then that a complete audit was being made.

CHECK ALTERED

Besides the theft and embezzlement charges, he is also accused of altering a check to raise its amount from $4,500 to $34,500.

The theft-embezzlement presentments include one series of counts accusing him of stealing $880,500 this year through the use of 29 checks.

Raley, married and the father of one child, has been in jail in default of $120,000 bail.

Policemen Pick PPOA in Election

Members of the Pontiac Police Department voted yesterday 83 to 4 to have the Pontiac Police Officers Association (PPOA) represent them.

Petitioned by the PPOA, the collective bargaining election was held by the Michigan State Labor Mediation Board.

The election designates the PPOA as bargaining agent for policemen, excluding certain ranking officers.

The PPOA, along with the Pontiac Firefighters Association, has rejected a set of pay schedules implemented recently by the City Commission.

As a step toward formal negotiations, the PPOA asked for the election.

Michigan Claims Fund – 1

New Laws Costly to Uninsured Drivers

(EDITOR'S NOTE: This is the first of two articles on Michigan's recently adopted motor vehicle accident claims fund and the resulting changes which vehicle owners face when purchasing their 1966 license plates.)

By DAVID J. COOK

Michigan drivers having no proof of insurance when they buy their 1966 license plates will be required to pay — in addition to the regular license fee — an assessment of $35 as uninsured motorists.

★ ★ ★

Their money buys them the same privileges given to insured drivers for only $1:

- The right to drive on state roads.

★ ★ ★

- The right to file claims against the newly established Motor Vehicle Accident Claims Fund.

The special fee, however, isn't worth a cent as a substitute for regular insurance.

An uninsured driver whose negligence results in a claim against the accident fund must repay every cent of the damages.

In the event repayment is not arranged, the uninsured driver faces suspension of driving privileges indefinitely and confiscation of his license plates.

PUBLIC ACTS

The new assessment, the claims fund and the penalties for failure to repay damages are all set up by Public Acts 198 and 389 of the last session of the Michigan Legislature.

Insured drivers presenting certified proof of public liability and property damage coverage pay only $1 into the fund, which Michigan Secretary of State James M. Hare estimates will grow to about $16 million.

Hare said about $400,000 of the $10 million will be required to administer the fund and process claims.

He also mentioned amendments to the law under the recently passed Public Act 389:

- Minimum claims for property damage accidents are set at $200;
- Minimums for personal injury claims, previously $50, have been removed;
- Hit-run accidents not involving personal injury are NOT covered by the fund.

MAXIMUM CLAIMS

Maximum claims against the fund are $10,000 for personal injuries to each individual, $20,000 total per accident for personal injuries and $5,000 property damage per accident.

The fund provides no payment for claims made on accidents which occur outside Michigan.

However, damages may be collected for accidents in Michigan when an out-of-state uninsured driver is at fault.

★ ★ ★

Hare advises insured motorists to continue carrying provisions in their policy for accidents involving uninsured motorists, primarily for protection when traveling out of the state.

EFFECTIVE DATE

Although fund collections have already begun with the sale of 1966 license plates, only accidents which occur on or after Jan. 1, 1966, will be honored by claims, Hare said.

Robert E. Hall, Lansing attorney and insurance claims man, will head the fund's administrative staff.

"It's difficult to predict how many claims will be filed against the fund," Hare said.

"We're geared to handle 1,000 the first month and expect heavier volumes as we go along."

Platinum Price Is Skyrocketing

Rise Tied to Soviet Pullback off Market

NEW YORK (AP) — The price of platinum, a metal as precious in a jet engine as it is in a piece of jewelry, is climbing like a rocket.

Many people in the metals industry are blaming the Russians for the price increase.

* * *

The Soviets, they say, couldn't care less.

Platinum Friday was quoted at a record $170-$175 an ounce in the world market at London.

HIGHEST LEVEL

This is five times the price of gold, and the highest level for platinum since 1920 when it reached $154 an ounce on the open market.

At New York, some platinum contracts for future delivery sold as high as $167 an ounce, after eight days of highs.

* * *

"Where the price is going to stop, nobody knows," said one dealer in precious metals. "It depends on how much industry will pay and on what the Russians do."

The Soviet Union stopped selling platinum last week in a typically unannounced withdrawal from the market. Since the Soviet Union supplies, by some estimates, from 30 to 50 per cent of the world annual platinum output, the market was left in a dither.

Platinum is used in products from jet engines to fertilizers and electrical contacts to fancy bracelets, so the price climb could hit many industries in the pocketbook.

It depends on how much platinum they have set aside and how much they can get from companies which sell directly, and more cheaply, for producers in South Africa and Canada, the other major platinum countries.

Must Include China in Bid to Ban N-Arms - - - Bobby

LOS ANGELES (AP) — Sen. Robert F. Kennedy, D-N.Y., says nuclear weapons "must be abolished before they abolish us," and that Communist China should participate "in the effort to prevent nuclear catastrophe."

Kennedy, here for a series of speeches, told a Town Hall audience yesterday, "No task is more important than to prevent the spread of those terrible arms which modern science has given us."

Kennedy said five nations have the capacity to explode nuclear bombs and start the world toward final holocaust, adding that 10 or more nations "are all in a position to develop nuclear weapons within a few years."

"We will need to enlist the help of the United Nations, and all other nations — including Communist China — in the effort to prevent nuclear catastrophe," he said.

* * *

The Democratic senator said a treaty for the prevention of nuclear arms proliferation must include provisions for underdeveloped nations as well as developed nations and areas such as India, Latin America and Africa.

"Everywhere that some knowledge of modern science is combined with national desires for power and prestige, there is danger," he warned.

At a news conference, Kennedy was asked if he disapproved of student groups' plans to send blood to North Viet Nam.

He replied: "I'm willing to give blood to anybody who needs it," adding he thought the practice would be in "the oldest tradition of this country."

* * *

He said, however, it should be done only through an international agency, that to do it directly might violate U.S. laws.

"I'd rather concentrate on the South Vietnamese, and those who need it," Kennedy said, adding, "but I'm in favor of giving blood to anyone."

* * *

During his Town Hall speech, Kennedy said he does not favor membership in the United Nations for Communist China because "they aren't willing to make an effort to live in peace."

He does favor, he said, discussions and meetings with the Communist Chinese — such as are held in Warsaw, Poland.

Asks Change on School's Lunch Edict

CHESTER, Pa. (AP) — Robert F. Russel, president of the school board of adjacent Chester Twnship, says he will ask for a reversal of a controversial school lunch regulation that led to the suspension of two pupils at the school.

The rule requires pupils to pay for cafeteria lunches and bars them from bringing their own.

* * *

The parents of Charles Steward Jr., 15, and his sister, Peggy, 8, refused to pay the 35 cents for food, which the children didn't eat. They were suspended for three days.

Russel said Friday that the final decision involving the regulation must come from the school board, which meets next Wednesday night.

ENOUGH ASSISTANTS

He said his decision to ask for a reversal of the regulation came after a meeting with the P-TA and was made because the school now has enough volunteer assistants in the cafeteria to make the change feasible.

* * *

Mrs. Steward said she was happy a change was in prospect. "All the same," she added, "we're keeping our fingers crossed, waiting to see what happens Wednesday night."

Says Request for Feed Aid Could Hurt

LANSING (UPI) — A member of the Michigan Agricultural Stabilization and Conservation Service Committee said today a proposal being pushed by acting Gov. William Milliken to obtain emergency livestock feed for 31 counties would do more harm than good.

Richard Stout, a member of the stabilization committee, said "To implement a livestock feed program at a time when grain supplies are available and prices are declining could seriously affect the economy of a community and the paying price to a farmer who has grain for sale.

* * *

"Under the present conditions, the implementation of the emergency feed grain program could be detrimental rather than valuable to Michigan farmers," he said.

Secretary of Agriculture Orville Freeman denied Michigan's request for the emergency feed. However, Milliken yesterday asked Freeman to reconsider his rejection.

Triumphal Note Ends United Fund Campaign

The Pontiac area may well take pride in the smashing success of the 1965 United Fund campaign that formally ended yesterday.

For the first time since the "give-once-for-all" plan of charity administration was adopted locally, 17 years ago, pledges topped $1 million.

With further contributions yet to be reported, the total stood at $1,00,107, an impressive 14 per cent above the $875,000 goal set.

Responsible in large measure for the superb outcome were the fine results obtained by the dedicated members of the women's division, who topped their quota, and the generous response of hourly-rated industrial workers. General Motors Corp. together with its employes alone accounted for 70 per cent of the funds pledged.

Probably no community activity so involves the citizenry as do the annual UF fund-raising drives. It is indeed a team effort on a major scale since it enlists an army of participants made up of both solicitors and contributors.

★ ★ ★

The Pontiac Area United Fund budgets financial support for 55 agencies and adminsters the collection and disbursement of the funds collected. Without such an over-all concept, it would be necessary for each agency to conduct its own raising program, with a considerable amount of duplicate effort and expense. Moreover, it is a real service to contributors, who are thus spared solicitation by the various agencies.

The Press warmly commends general campaign chairman Calvin J. Werner, his division heads, the United Fund administrative staff and the multitude of campaigners who made possible the outstanding triumph. And equally worthy of praise are the area residents who so liberally contributed to the record-breaking achievement.

Rocket Pioneers Work Toward Shot at Moon

The original "loudenboomer kids," the men who nursed this country into the space age with war-surplus German V-2s at White Sands Missile Range in New Mexico, are meeting in Huntsville, Ala., Nov. 4-6.

For most of them, the regular biennial reunion will be a special one this year. They are former German rocket scientists and engineers — now U.S. citizens—who will be celebrating the 20th anniversary of their coming to the United States.

★ ★ ★

Of a total of 118 Germans who signed contracts with the U. S. War Department in 1945, eight are deceased, 15 have gone back to Europe and 95 are situated with industrial or governmental organizations in the United States.

Of the latter, the greatest number—63—have settled in Huntsville, where they work at NASA's GEORGE C. MARSHALL Space Flight Center under the direction of a 64th, the most famous rocket man of all, Dr. WERNHER VON BRAUN. It is here that the giant Saturn V, designed to take three men to the moon, is being developed.

★ ★ ★

So great have been the changes and so fast the acceleration of the space age which these men pioneered that they have now been living longer in Huntsville than 80 per cent of the people in the city today.

De Gaulle Holds Rickety Dream

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON—French President Charles de Gaulle has a dream of a France made splendid by a guardian angel, himself, hovering over it until at last he tolers out of sight in old-age.

It's a dream of France as one of the great world powers again. But it's a rickety kind of dream, intricately mixed up with de Gaulle's vision of himself, as he revealed Thursday.

MARLOW

He is almost 75 and Thursday, to no one's surprise, he said he wants to be chosen president again in the Dec. 5 elections for a seven-year-term, which would keep him in office until he is 82.

This was no surprise. Everyone expected it. But de Gaulle has made his life and his presidency a lesson in dramatics. So he had to dramatize the expected and even try to make it a mystery.

★ ★ ★

After the radio-television technicians taped his eight-minute broadcast, the crew was kept inside the Elysee Palace, to be sure no advance word leaked out, until the moment it went out over the airways.

'HOLD MYSELF READY'

"I believe I must hold myself ready to carry on my task," he said, adding that the "future of the new republic will be decidedly assured" if the French people keep him in office.

Then came the revelation. If he didn't remain president, he said, "then no one can doubt that this new republic will promptly collapse and that France would have to endure — but this time without any possible recourse — a confusion within the state even more disastrous than that which she has known before.

In these words, hardly surpassed for sheer egotism by any figure in history, de Gaulle pronounced himself the indispensable man. But it was hardly a tribute to his beloved country.

★ ★ ★

In those words he was saying the French nation, which he has tried to compel the rest of the world to accept as the equal of the strongest, is so basically chaotic that it could not survive without the guidance of one man, him.

THERE IS REALISM

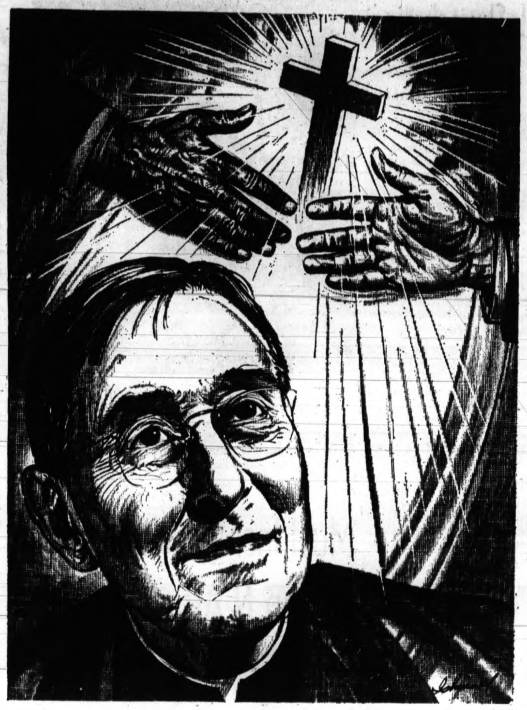
Yet, there is realism in what he said, although it contradicts his pretensions about France. With its multitude of political parties and its inability to establish anything like a solid government, France was disintegrating until de Gaulle took over in 1958.

★ ★ ★

He has pulled the nation together, renewed its pride, given it fresh confidence. But now, as he revealed it, all revolves around him.

The POWER of FAITH

By WOODI ISHMAEL



Father John LaFarge, a great man with great talents, worked all of his life in the area of social problems. He founded or helped found the Catholic Association for International Peace, the National Catholic Rural Life Conference, the Liturgical Arts Society and St. Ansgar's League for Scandinavians, but gave most of his long life to the cause of justice and equality for the American Negro. In 1934 he founded the Catholic International Conference of New York. From this beginning grew the present network of 120 councils coast to coast, with national headquarters in Chicago.

Still going strong in his 83rd year, Father LaFarge, elder statesman of the religious work for Negroes in the United States, helped achieve the historic 1963 Interfaith Conference on Religion and Race held in Chicago. That conference put America's religious leaderships behind the Negroes' cause. He died two years ago, after a life of dedication to international peace and racial and religious tolerance.

Chaplain Made Promise to God

By GEORGE ESPER

DA NANG, South Viet Nam (AP) —Walt Hiskett made a promise to God, and he kept it.

Hiskett, a native of Chicago, was wounded in the Korean War during the battle of the Chosin Reservoir in November 1950. He asked God to spare his life, and promised to serve the Lord in any way he could.

Hiskett was 20 years old then and a Marine sergeant. Today, he is a Navy lieutenant serving with the Marine Corps as a chaplain in the same battalion he served with during the Korean War as a squad leader — the 2nd Battalion, 7th Marines.

He lives in a tent in a valley about 15 miles southwest of Qui Nhon, and frequently goes up into the hills, where the Marines have their defensive perimeters, to visit the front line men.

"In serving with the Marines, I feel it's some kind of a small token of repayment for the blessing that I received at the reservoir," he said.

"Our company was surrounded at Chosin Reservoir for six days. I got wounded on the first day. We thought the wounded would be evacuated. One helicopter came to evacuate us, but it was under sniper fire and had to take off before they could get any wounded to the chopper.

"On the third day, I was getting in bad shape with pain and I went back to the aid tent. That night the Chinese attacked again. We received word that the Chinese broke through the 3rd platoon and they were on their way toward the aid tent.

"At that time, the weapons platoon commander also had been wounded and was in the tent and said, 'When they come in here, just look them in the eye and show them you are Marines.' And then he said, 'All you men that are Catholic, you know your rosary. Start saying it. The rest of you just start praying.'

★ ★ ★

"The first thing that came to my mind was a combination of the Lord's Prayer and the 23rd Psalm, 'The Lord is my shepherd, I shall not want.'

"I also made special petitions for my life. I asked God to save me and keep me from being killed and to help the Marines push back the enemy.

"On the sixth day, one of the companies broke through to us from the forward elements. The next day we moved down south to Hagaru where I was evacuated to the hospital in Yokusaka, Japan."

Hiskett said he feels serving with the Marines "has probably been the most rewarding ministry I've had since I've been ordained."

★ ★ ★

As for the power of prayer, Hiskett said:

"I believe in it very strongly. I believe prayer can have an effect on one's life and that God does listen to prayer and will answer our prayers if it's His will rather than ours. I feel God used this experience to call me into the ministry."

'Citizens Can See Where They're Being Led'

Today Americans can plainly see the direction the social reformers are leading them. Those who refuse to see it now are neither blind nor innocent. However, some Americans are attempting to resist the gradual smothering of freedom and these people are called extremists by the collectivists.

Defends State Stand on Education of Amish

I am perturbed that no one has come to the defense of our state department of education in its dispute with the Amish. Why should the Amish receive special dispensation of favors in conducting what amounts to a private church school, while other religious sects must operate within the law without public state aid?

★ ★ ★

If the Amish get special favors, how is the State going to enforce the recent law which forces a neighborhood school to annex to another school district when it is operating with certified teachers?

★ ★ ★

Not all Amish children will remain Amish all their lives. How will they fit into the modern world? Other young people must go to school, even to schools they have no desire to attend, when pupils of a single religious sect can not only attend the school of their choice, but learn what they want to and quit after the eighth grade.

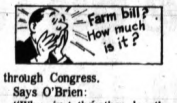
'If We Owe the Farm Bill, Pay It'

By WASHINGTON STAFF

WASHINGTON (NEA)—Lawrence O'Brien, the President's aide for congressional liaison and the man who soon will take office as postmaster general, jokingly likes to knock down the claim that he knows little of the substance of the measures he helps jam through Congress.



Says O'Brien:

"Why, just the other day the President asked me what I thought of the farm bill.

"I said: "Mr. President, if we owe, let's pay it'."

Vice President Hubert Humphrey is quite accustomed to having himself introduced on the platform as "Vice President Humphreys." Recently, however, he was presented to a New York Democratic audience in a way that surely must have startled him.

The speaker, seeking minor office in the Nov. 2 New York City elections, was so overjoyed at finding the vice president in his midst that he hailed him cheerfully as "Herbie Humphrey."

William F. Buckley, Conservative party nominee for New York City mayor, turned up late at a network television studio for a joint debate with his major party rivals.

As he slipped into an already crowded room, he grinned and asked: "Got room for one more underdog?"

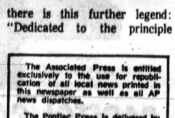
Robert Price, campaign manager for Rep. John V. Lindsay, who won the New York mayoralty, has a red leather volume standing on a side table in his office.

In plain gold lettering, the title reads:

"How to Run a Successful Mayoralty Campaign."

On the inside of the cover



there is this further legend: "Dedicated to the principle that one must quench one's thirst for knowledge."

The book has no pages. Where they should be is a deep cavity within which rests one full bottle of hard spirits and two glasses.

Federal workers in a small agency installed in a new Washington building were wilting from blasts of hot air pouring into many offices despite unseasonably warm weather outside.

Finally an official — one of many on loan from other key government quarters — called the building manager to beg for relief.

A secretary answered. "And who do you represent?" she asked.

Patiently the man replied: "The office of the vice president."

Back she came with: "What company?"

This time his response was soft, but firm: "Of the United States."

Liberal Stranglehold on Both Parties—Welch

WASHINGTON (AP) —Robert Welch, founder and head of the John Birch Society, says this week's election results show "liberals have now got a stranglehold on both political parties."

"It doesn't make me happy, but it doesn't make me want to give up, either," Welch said at a news conference Friday.

Word Power to Success—24

Bone Up for a Grammar Test

(EDITOR'S NOTE: This is the 24th in a 30-part series entitled "The Word Power Way to Success." The series is designed to help bring improvement in spelling, grammar and vocabulary.)

Written for NEA Special Services

Article 15 in this series was an introductory quiz on grammar, intended to show you just how strong you are in grammar.

If you devoted only two minutes each to articles 16 to 23 with a fair amount of attention, your command of English grammar has improved enormously.

The proof of this is how you will perfrom in our final test in grammar to be given in our next article.

Make use of this article to review the rules we have covered with our rhymes. One final remark: At the end of the next article we shall give the correct answers. After each answer there will be a number. That number will correspond to the numbers which precede the rhymes below. In that way, if you save this article, you will know the correct answer, together with the rule involved.

(1) Every man to his taste, I say
And every rule has its role to play.
With every always use his, her, its.
And save grammarians needless fits.

(2) On behalf of Miles Standish
John Alden did blandish.
In behalf of, not on,
John married for John.

On behalf of means "in place of", in behalf of means "for the sake of."

(3) Is it can? Is it may?
No need of dismay.
Use can, if it's might;
Use may, if it's right.

"I can jump from the Empire State Building, but I may not."

(4) If there's further insistence
On farther for distance,
Decision's no bother
Twixt further and farther.

(5) Between us two; among us three,
The number here affords the key.

"Between the two of us, I think there is a big secret among those three."

(6) Be careful attaching
All words that need matching,
Since words you leave hanging
Leave purists harranguing.

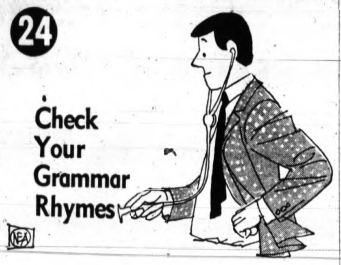
"Running over here, the cider was spilled." Who was running over here? The cider? To avoid "hanging" words, say, "Running over here, I spilled the cider."

(7) Juxtapose you must
Even, only, just
Before the words they modify,
Or else the sense won't satisfy.

Not "I only have a dime," but "I have only a dime."

(8) Though they rarely deceive,
I can scarcely believe
My ears at repetitive
"Hardly" with negative.

Not "I hardly never see you," but "I hardly ever see you."



(9) Shall goes with I and we
To denote futurity.
Will goes with I and we
If we should determined be.

"I shall marry him" is my intention; "I will marry him" is my determination.

"He will marry her" is his intention; "he shall marry her" is an expression of, perhaps, her parents' determination.

(10) Be different from
The average man.
I've heard that some
Say "different than."

(11) I try to bestir
My mind to infer
From how you reply
Just what you imply.

"Your letter implies you are angry with me." "Am I to infer from this that you don't love me?"

(12) Fewer rules of English grammar
Mean less reason for
us to stammer.
Use fewer with number; use less with quantity.

(NEXT: Test Time.)

Hawaii Talk Due by Hare

LANSING (UPI) — Secretary of State James M. Hare is scheduled to fly to Hawaii Monday for the National Secretaries of State Convention.

Hare, who by the Michigan Constitution is secretary of the reactivated State Apportionment Commission, said he has been asked to address the group on problems of reapportionment, "an area," Hare said, "in which I am fast becoming an expert."

He said he would be back here next Wednesday and would be in his office Friday for the first full meeting of the apportionment commission.

Job Aid for Indians Vowed by Shriver

SCOTTSDALE, Ariz. (AP) — Sargent Shriver says his U.S. Job Corps wants to help hasten the day when all American Indians can find a job they can do on their own reservation.

* * *

Shriver told the National Congress of American Indians that, when his agency was being set up, he was told that Indians weren't ready for a program based on local initiative.

* * *

"The experts were wrong," Shriver said Friday night. "After the Bureau of Indian Affairs supplied the names of 16 tribes, all but one agreed to participate."

Jacoby on Bridge

By JACOBY & SON

In the Jacoby limit raise system the two no-trump response by an unpassed hand to a major suit opening bid is designed to show a strong raise for partner's suit and has nothing to do with no-trump.

JACOBY

A lot of bridge players are going to feel hurt by the inability to bid two no-trump with intention of playing at three no-trump, but after a while they will find that they won't have lost anything.

Thus when playing the Jacoby system South cannot respond two no-trump to his partner's spade opening bid. However, he can respond two clubs and then jump to three no-trump after his partner's two spade rebid.

South has quite a problem at his three no-trump contract. He holds off twice on diamonds, but must win the third lead. Then he runs off four club tricks and each opponent discards a small heart.

His next lead is a low spade toward dummy. West plays low and South puts in dummy's nine. East wins the trick and leads a heart.

The way the cards lie South will make all the rest of the tricks because the heart finesse will work and the spades are going to break. South does not know this and has to decide. What should he do?

The answer is that he should finesse and risk a two trick set. The ifnesse is an even money proposition to start with, but since West showed five diamonds to his partner's two and each defender had produced three clubs the odds are that East will hold the king of hearts.

Keep Those Elbows Off That Table

By The Emily Post Institute

The distance from the table at which it is best to sit is a matter of personal comfort.

One should not sit so close that his elbows are bent like a cricket's, nor so far back that food is likely to be dropped in transit from plate to mouth.

★ ★ ★

Elbows are never put on the table while one is actually eating. To sit with the left elbow propped on the table while eating with the right hand or to prop the right one on the table while lifting fork or glass to the mouth must be avoided.

Elbows are seen on the table in some situations when they are not only permitted but are actually necessary — especially in restaurants when people are lunching or dining at a small table of two or four, and it is impossible to make oneself heard above music or conversation and at the same time not be heard at other tables nearby, without leaning far forward.

★ ★ ★

And in leaning forward, a woman's figure makes a more graceful outline supported on her elbows than doubled forward over her hands in her lap as though she were in pain.

At home, when there is no reason for leaning across the table, there is no reason for elbows.

★ ★ ★

And at a formal dinner, elbows on the table are rarely if ever seen, except perhaps at the ends of the table, where again one has to lean forward in order to talk to a companion at a distance across the table corner.

And even in these special situations, never when one is eating.

★ ★ ★

Slouching or slumping at the table is most unattractive, too, and tipping one's chair—a most unfortunate habit among young people — is unforgivable.

It not only looks dreadfully sloppy, but it is fatal to the back legs of the chair.

Ideal posture at the table is to sit straight but not stiffly, leaning slightly against the back of the chair. Your hands, while not actually eating, are best off in your lap.

This position will automatically prevent you from fussing wth implements, playing with breadcrumbs, drawing on the tablecloth and so forth.

Hands should also be kept away from the face, from nervous scratching, and from twisting or touching the hair.

★ ★ ★

The Emily Post Institute booklet entitled, "Formal Wedding Procedure" includes details on the wedding procession, the receiving line and other helpful information.

He Still Snores but She Sleeps Peacefully Away

DEAR ABBY: I'll never forget the first night of my honeymoon. My darling fell fast asleep at midnight while I was awake until seven o'clock the next morning just listening to him snore.

ABBY

He started out by holding his breath for so long I didn't know whether to send for a doctor or a priest. Then he'd exhale ever so slowly, emitting a long whistle, popping his lips and finally terminating with a noise that sounded like a corps of pneumatic drills.

I felt like kicking him right through the wall every night.

After the honeymoon we got twin beds. That didn't solve anything. It just made it harder for me to kick him.

Finally, we had separate bedrooms, but I could hear him through the walls. Then a friend introduced me to the greatest invention since sliced bread. Ear plugs! They have saved by marriage, and I am not kidding.

MARINA

★ ★ ★

DEAR ABBY: My husband's snoring would have to be heard to be believed. Thanks to his snoring, he was the only enlisted man in the U.S. Navy who had a private room.

MARGE

DEAR ABBY: Apropos snoring: I am convinced that the most idiotic thing I ever did in my life was to put up with Ralph's snoring as long as I did.

For years I walked around half-dead from exhaustion. Once when I was near total collapse from lack of sleep, I spent the night in our guest room.

The next morning the children whined, "Don't you love Daddy any more?" So like a fool I felt I had to stay in the same room with that mountain lion to keep the children happy. What a lot of utter nonsense. No more! I'm older now and wiser.

HAVE HAD IT

★ ★ ★

DEAR ABBY: On our honeymoon I was horrified to discover that I had married the world's champion snorer. I used elbows and feet for temorary relief. Now we sleep in twin beds and I keep a yardstick under my bed. When Michael starts snoring, I get the yardstick and whack him with it. Now, as soon as he hears me reaching for the yardstick, he shuts up.

MICHAEL'S WIFE

★ ★ ★

DEAR ABBY: Yes, hubby snores. I just move to another room. What hurts me most is to leave him the electric blanket. But I'm going to change all that. I'm getting another one. (Blanket, not husband.)

TORONTO, CANADA

★ ★ ★

DEAR ABBY: When we were first married we lived in a small apartment next to a church, and our humble quarters were overrun with mice.

I am deathly afraid of mice. When we would go to bed, the mice would start to gnaw and scratch and I was terrified. My dear and understanding husband would cuddle me close against his shoulder, and soon he would begin to snore. As his snoring grew louder, it drowned out the sound of the mice and I was able to fall asleep, too.

Nearly 20 years later, he still snores. We no longer live among the mice, but his snoring is so reminiscent of the early days, I wouldn't stop it if I could.

★ ★ ★

Women who are kept awake only by their husband's snoring are blessed. Would they trade it for the sleeplessness that comes from a painracked body? Or a troubled mind? Or the cries of a sick child? Or the silence of death?

If snoring is the only thing that bothers them, they should get down on their hands and knees and thank God for the blessing that He has sent, and for the song of security their husbands sing as they slumber contentedly in their own beds.

Many are not as fortunate as we.

MRS. M. FROM MASON CITY, IA.

CONFIDENCE REGAINED

DEAR CONFIDENCE: Thank you for your helpful tip. All right, girls, when you've finished reading the newspaper, go measure your measuring cups. I've just checked mine and they are accurate — sixteen tablespoons to the standard cup.

Contrast Often Makes Bouquet

Let the predominant colors of the room in which you aim to set your holiday cut or artificial bouquet of flowers determine the flowers that you select.

While you can use matching colors, sharp contrasts are often pleasing; for example light colored flowers against dark surroundings or dark flowers on light colored furniture or against light surroundings.

Get ready for a great splash of color in playwear — all mixed up in prints or boldly contrasted in solids, Women's Wear Daily reports. What's out: skin-tight pants. What's in: relaxed pant shapes, ranging from bell bottoms to the flowing pajama type.

YOU MAY LAY-AWAY FOR CHRISTMAS

War's Forgotten by Sick of the Land

By TOM TIEDE

LE MY, Viet Nam (NEA) — They line up each morning at the hut with the red cross sign. An aching, neglected, dismal group standing in absolute silence.

They are the sick of this land.

Some are in fact only dirty. But the dirt begets lice and the lice beget scratching and the scratching begets sores.

Some are diseased, infected, infirm, palsied.

* * *

Some are wounded from the war.

Some are dying.

LACKS WINDOWS

Their hospital is two rooms large. No windows. Rags are stuffed into the bullet holes on the walls. Bleeding patients are first; the others wait on four wooden benches, once inside, and watch the gekkos (lizards) chase the roaches on the floor.

Indeed, not much. On the other hand, everything.

This is a U.S. Marine civilian aid station, a mortar shell away from the conflict. Hours are 7:30 to 5:30. Surgeon in charge, often, is a recent high school graduate named Doug Monroe.

* * *

His patients are friendly natives.

Only, sometimes they aren't.

CONG INCLUDED

"I figure we get maybe 10 per cent Viet Cong here," says freckled Corpsman Monroe. "Who knows? You can't tell the good guys from the bad. Other day, f'instance, a guy came in with stomach problems. I figured he was a strange bird so I had him checked out . . .

"Sure enough, V.C. I don't know what they done with him, but I reckon that stomach trouble's the least of his worries now."

At that, he could be lucky. The others continue to live with the miseries of their motherland: Fever, rash, ulcers, tuberculosis, pneumonia, bronchitis, gonorrhea, goiter, hernia, diarrhea, influenza.

And they look to Doug Monroe, 20 years of age, for help.

REGULAR DOCTORS

"We got regular doctors," the corpsman mumbles while fingering the belly of a villager. "But when they can't make it, I'm elected. I do what I can. Minor surgery, sutures . . . now and then I remove a bullet.

"We're limited, of course, but we're a mile better 'n what they had here before, which was nothing. Before we came, most of them relied on prayer . . . or whatever medicine they could steal."

And if they didn't pray, or steal?

"Take a look around. Some of these headsores are years old. And, I tell you, this village alone is crammed tight with graveyards."

* * *

The Marines call Monroe's part in this war "civic action."

We must win over the people, they say.

TRY WITH KIDS

And so we try. We try with kids who are bald from skin woes, adults with gangrened lacerations, women with lock-jaw, men who have never used soap.

Teeth trouble alone is unbelievable. The native diet — heavily starched — rots gums and molars early. Pain is inevitable and the women especially stop the ache by chewing a form of narcotic called beetle nut.

It's a disgusting habit that coats bridgework with a coal-black dye. They look like they brush with shoe polish.

But we try. These are simple people who lead brief, unhappy lives and one might expect any offer of friendship to be appreciated. But who really knows?

* * *

The unshakeable feeling is that they regard our armies largely as sources of additional income to which they sell their blankets, their fruit, their women.

ENOUGH WORRY

The war? There is enough to worry about in the fields.

The V.C.? They are, at least, not as rich as these others.

Indeed, many who solicit aid at this mildewed hut are not even certain who the benefactors are. Few peasants have a concept of geography, much less politics. America? "Khong co nghia gi het." It has no meaning at all.

They come for help because it is free and necessary.

They smile because then they can come again.

We try. But are we winning them?

"You can't tell," says Doug Monroe. "Personally, I keep my gun loaded."

Yank Special Forces, Refugees Move Into Cong-Claimed Area

TANH LINH, South Viet Nam (AP)—Every day the Viet Cong in the surrounding hills look over this district town 70 miles northeast of Saigon. They obviously didn't like what they saw this week.

The Viet Cong had considered the district their own. They have cut the roads and set up their own administration organizations.

* * *

Of 23,000 people in the district, only 5,000 are under government control. They live in the town of Tanh Linh.

A U.S. special forces team of 12 men recently moved to a hilltop outpost along with a few hundred trainees. They, too, overlook part of the district. After they came in, 2,700 refugees followed.

FERTILE VALLEY

The valley in which Tanh Linh is located is fertile. But Viet Cong activity created serious food shortages for people who live here and the people who came flocking — Vietnamese, Nungs, Chams and Montagnards.

The Communists warned that they would wipe out the special forces detachment. They told the people it would be dangerous to stay in the area with the Americans.

* * *

But Thursday U.S. Air Force C123 transport planes came in low and began dropping bundles of foodstuffs by parachute. It was the first consignment of an airlift of 110,000 pounds of wheat, rice, salt, cooking oil and other necessities.

The Americans here, the district chief and the officials who arranged for the food drop, hope to push back the Viet Cong, win more people away from them, open the roads and eventually free the district of the guerrilla controls.

ARRANGED BY CARE

The food drops were arranged by CARE and other private welfare agencies working in cooperation with the U.S. Operations Mission.

* * *

Capt. Ronald Robinson, 26, Fayetteville, N.C., whose parents live in Berkeley, Calif., conceded that the success of the program may in itself present a problem.

"We figure that more people will come in because of the distribution of food," he said. "This may be a problem in itself, but at the same time it will show we are trying to help the people and this will show we are different from the Viet Cong, who havn't done anything for them."

Wall Montage Of Black-And-White Candid Shots Is Focal Point Of Lower Level Family Room

background for LIVING

Summer Fun Photos Enhance Home

By JODY HEADLEE
Home Editor, The Pontiac Press

A search for something different led Mrs. Donald Parsons of Willow Lane, Birmingham, to create a wall mural that is sure to increase in sentimental value with each passing year.

Captured on a family room wall is a glimpse of the summertime fun of the three Parson children, Jimmy, 9; Sarah, 7; and Donnie, 3.

Taken by Mrs. Parsons, the candid shots of the youngsters were blown-up, cut out and mounted on the white wall.

The chronicle of childhood is a conversation piece second to none.

* * *

Furnishing the attractive room are twin royal-blue sofas and emerald-green, curved-back chairs which repeat the green-on-blue pattern of the area rugs.

An arrangement of dried emerald-green statice in a black cast-iron kettle with a matching warming tray adorn the room's octagon table.

The oak table, reflecting a Mediterranean mood, features brass inlays.

Suspended on the white wall above the fireplace are black lanterns. Emphasizing the color theme, each lantern has a green bow and royal-blue grapes tied to its handle.

* * *

Captain's chairs in distressed, dark oak serve the white-topped pedestal game table. Centering the table is a Mexican lantern.

A contemporary staircase, carpeted on both sides of the steps in aqua, leads to the formal living area.

Above the living room's black slate fireplace on the walnut-paneled wall hangs an original oil landscape by Mrs. Parsons.

* * *

"It is my impression of Austria," said Mrs. Parsons. "I painted it after I returned from a trip abroad."

Predominately earth colors, browns, greens, reds, with touches of gold, the painting is framed in a narrow gold and black band.

Wedgwood-blue candles are used in the crystal drop, wrought-iron floor candelabrum near the fireplace.

Grouped above the room's shades-of-blue sofa are original oils, including three abstracts by Mrs. Parsons.

* * *

Before the sofa, on the rosewood and ebony coffee table, are a blue-green, hand-blown bowl, crystal and black ash-trays and an arrangement of blue flowers and grapes.

Emerald-green silk chairs contrast with the room's square, ebony card table.

Adding color interest to the black surface of the table are emerald-green apples in a shallow royal-blue-enamel-on-copper bowl.

GRAND OPENING — Bordine's Greenhouse and Nursery of 1835 S. Rochester, Avon Township will hold the grand opening of its new facilities this weekend. In addition to nursery and garden plants and supplies, Bordine's will now offer a complete florist service.

Bordine's Nursery Adds New Service

"Bordine's Better Bloom has represented quality garden plants for more than a quarter of a century.

Now Bordine's Greenhouse and Nursery includes a complete florist service, garden store and nursery.

The Bordines, Darrell and Marian, started in the garden plant business at 1835 S. Rochester, Avon Township, with a single greenhouse and a wooden shed at the rear of the property.

★ ★ ★

As business thrived, more greenhouses were added. The swamp on the south side of the greenhouse was filled and the water tiled to an irrigation pond across the road.

A nursery was established on the ground fill. More acreage was purchased to enlarge the nursery and, this year, a modern building with a complete garden supply store and florist business was added.

★ ★ ★

Arthur Paselk, former Grosse Pointe florist, will supervise flower designs and arrangements. Paselk had his own florist business in Grosse Pointe for 25 years and has been active in the florists' trade for more than 30 years.

Managing the garden store is Anthony Pauloski of Rochester. He was formerly associated with the George Burr Hardware, Rochester.

General manager responsibilities are handled by Bruce Bordine.

Forecasts for Tenants

A New York apartment builder is doing something about the weather: he's forecasting it for his tenants.

Practical Builder reports that sensors for thermometer, barometer and wind direction gauges have been installed atop a City Island apartment.

The best time to paint your house is in the autumn because in hot weather the paint may blister.

Sukarno, China Said in Talks on Red Ban

JAKARTA, Indonesia (AP) — President Sukarno was reported today to have asked Communis China for its reaction to outlawing the Communist party in Indonesia.

* * *

The report was the latest indication of worsening relations between the two countries since the abortive Oct. 1 coup, which the Indonesian army blames on the Peking-oriented Indonesian Communist party (PKI).

The army already has suspended the party in the area around Kakarta, the capital.

Informed sources said Sukarno discussed formal dissolution of the PKI in talks last week with Peking's ambassador to Jakarta, Yao Chung-ming.

* * *

Sukarno reportedly asked what effect such a party ban would have on relations between the two countries.

STRIPPED OF FUNCTIONS

The sources contended they could not say what Peking's reaction was.

* * *

The report of Sukarno's consultations followed by a few hours an announcement by the People's Consultative Assembly, Indonesia's highest legislative body, that it had stripped all communist members of their parliamentary functions.

Third Deputy Premier Chaerul Saleh said, however, formal ouster of the Communists would have to be decreed by Sukarno himself.

In another development, diplomatic sources said the Indonesian government warned Red China last week to stop its radio attacks against Jakarta or conditions between the two countries would deteriorate further.

* * *

The activities of the PKI and its affiliated organizations were temporarily banned by military authorities because of Communist involvement in the attempted revolt.

STRONG PROTEST

Thousands of Communists have been arrested and others are being purged from the government.

Communist China, through Peking radio, has strongly protested these actions and mob attacks on Chinese installations.

Sukarno is being pressured by non-Communist organizations to formally dissolve the PKI and satellite organizations. The Indonesian army is backing these demands.

* * *

The sources said Sukarno has been hesitant so far because he wants to keep relations with Peking friendly in order to preserve his image as a leftist leader in the anti-Western group of the so-called "new emerging forces."

He presided over a Cabinet session today attended by the No. 3 man in the Communist party, Njoto, Radio Jakarta reported.

The broadcast noted, however, the absence of party chief D. N. Aidit and his No. 2 man, N. H. Lukman, at the meeting at Sukarno's weekend retreat at Bogor.

Aidit was among those who lost their parliamentary powers. He has not been seen publicly since the coup attempt and reportedly is in central Java.

* * *

In Moscow, the Communist party paper Pravda said today it was concerned about the Indonesian army's crackdown against the Communists.

* * *

"Among real friends of the Indonesian people, such a campaign causes real concern," Pravda said in a dispatch from its Jakarta correspondent.

No Urban Head Naming Expected for 2 Months

WASHINGTON (AP) — Who is going to be the new secretary of housing and urban development? Nobody, at least for a couple of months.

This decision by President Johnson was announced Friday in Texas. The new Cabinet-level department legally begins life Tuesday.

* * *

In the interim, White House press secretary Bill D. Moyers said, the Housing and Home Finance Agency under Robert C. Weaver will operate automatically in the headless department.

But Weaver, a 57-year-old Negro, appears no closer to learning whether he will get the job now that Johnson has decided to hold off naming a secretary until a special task force makes its recommendations — expected about Christmas — on how the new department will be organized.

FIRST NEGRO

When President John F. Kennedy asked Congress to create the new Cabinet post in 1962, he announced in advance that he planned to give the job to Weaver. He would have become the first Negro in a president's Cabinet.

Congress didn't approve the new department then — some say at least partly because of opposition to Weaver.

Johnson, in renewing Kennedy's request for establishment of the new department, gave no clue who he planned to name.

Moyers said Friday that Weaver's name was on a list of a half-dozen persons who are under consideration for the 11th Cabinet post. He said Johnson's illness contributed to the delay in a selection.

For Sick, Bereaved

All Saints Women Freeze Food

Merchants have their money banks, hospitals their blood banks, newspapers their feature banks and now church women are establishing food banks.

* * *

For quite some time Mrs. C. George Widdifield of All Saints Episcopal Church, wife of the pastor, has felt the need of having a supply of food ready for emergencies among parishioners.

"When a new baby comes home from the hospital, the family is often upset making adjustments, and I know from experience how wonderful it is to have a friend bring in hot soup or a vegetable-meat dish for the family," she said.

Many times parishioners want to help when friends are sick or there is a death in the family but previous commitments take the time needed to bake or prepare the extra dish, she added.

So since there is a freezer in the kitchen at All Saints Church, Mrs. Widdifield suggested to several women the idea of cooking a little more food, then taking it to the freezer.

PREPARE FOOD

Women prepare soups, cakes, pies, fried chicken, cookies, bread, rolls, vegetable and meat casseroles, then take them to Mrs. Elmer Quine, church secretary. Mrs. Quine dates the package and records the food when it is brought to the church, and again when it is taken to the sick.

Mrs. Widdifield suggests food be placed in disposable aluminum with directions for cooking on the package, and how many people the food will serve.

Frozen food showers were given the freezer by several guilds, and one guild brought scalloped potatoes, tuna casseroles and vegetable dishes to a supper, then put the food in the freezer.

* * *

There are no committees. Anyone wishing to contribute to the food bank may do so.

Women of the parish are asked to bring their Thank Offering to church tomorrow.

PONTIAC UNITY CENTER

Members of Pontiac Unity Center are forming a Youth of Unity group. The first meeting is scheduled for 7 p.m. on Nov. 15 in the upstairs lounge of the church, North Genesee at Huron.

* * *

Principles of the organization will be discussed and foundation planned for future activities. Parents are asked to bring their teen-agers to the meeting, and to attend themselves, Everett A. Dell said.

Linda Hopp, Sue Watson and Linda Gray will be hostesses, Gordon Moats and Ralph Hopp will serve refreshments.

MINISTERS' FELLOWSHIP

Dr. Dick Hillis, former missionary to China and director of Overseas Crusade, will speak at the 8:15 Thursday breakfast in Sunnyvale Chapel, 5311 Pontiac Lake, Waterford Township.

Norman Nelson, tenor soloist now serving with Overseas Crusades, will also be featured.

Breakfast will be served free of charge by the church and host pastor Rev. V. L. Martin.

Reservations may be made by calling Rev. Theodore R. Allebach.

DONELSON BAPTIST

Pastor Lee LaLone will install new officers of Donelson Baptist Church Sunday evening.

* * *

A reception for new members will be held at the close of morning services tomorrow. The congregaton honored Mr. and Mrs. Harold Boyer at a fellowship hour following service last Sunday evening.

On Nov. 14 Dr. Ben David Lew presently in Oak Park will speak of his experiences in a concentration camp under Hitler and how God delivered him.

At Our Lady of Lakes High School

Trooper Howard Kelly to Lead Panel

"Police and Youth Relations in Your Community" will be discussed at an open forum panel in the gym of Our Lady of the Lakes Catholic High School Nov. 17. The time is 7:30 p.m.

* * *

Trooper Howard Kelly of the Pontiac State Police Post will be keynote speakers. Assisting him on the panel will be two teen-age students from the school and two public high school students from the Monday evening religious instruction classes.

Completing the panel will be four parents from the parish.

Prior to the forum, questionnaires will be provided throughout the parish so teens may have the opportunity to inform panelists of what questions they would like answered by Trooper Kelly.

A discussion period will follow the panel program.

The Christian Community Development directors of the parish are sponsoring the affair. Mr. and Mrs. Arthur L. Hoover, temporary chairmen of adult discussion groups, will be co-chairmen of the evening.

"That They All May Be One" is the thought behind this new concept in parish organization within Our Lady of the Lakes Church, Mr. Hoover said.

Three main committees work toward this goal. A home visitor committee divides the parish so each visitor has 10 families on which to call.

Adult discussion groups plan to search into the meaning behind all recent changes within the local church and share ideas and experiences with other parishioners. Contact with those other religions is planned as a step toward better understanding.

* * *

The school of religion committee is experimenting with revolutionary new teaching methods for the grade and high school religious instruction classes of public school students.

Rev. Lawrence H. Kaiser is coordinator of the program.

To appear on the ballot, a party must gather 20,000 signatures within six months.

11 Killed, 65 Injured in Fog-Bound England

Good Chance for Big '66 GOP Gains, Nixon Says

ALBUQUERQUE, N. M. (AP) — Former Vice President Richard M. Nixon says the Republican party has a good chance to gain 30 to 40 seats in the U. S. House of Representatives in 1966.

Nixon told the Western States Republican Conference Friday night that the party also should make gains in the U. S. Senate and state governors' races.

The present makeup of the House is 293 Democrats, 141 Republicans and one vacancy. Should the Republicans pick up the number of seats predicted by Nixon, the Democrats still would control the body by a substantial margin.

Nixon said he'll campaign next year for Republican nominees who ask his help, but added: "I will not endorse, I will not appear with any candidate who is member of the John Birch Society."

* * *

The society has been under increasing attack recently by many Republican leaders, particularly members of Congress, who have charged that the ultraconservative organization is trying to infiltrate the GOP. Spokesmen for the Birch Society have denied it.

* * *

The 13-state Western Conference closes today after a speech by former Sen. Barry Goldwater of Arizona, the Republican presidential nominee last year.

Earlier in a news conference, Nixon said the Republican party stands in a strong position today because it has repudiated the radical right extremist element and healed the ideological split of 1964.

On the other hand, he said, the popularity of President Johnson's Democratic administration has reached a peak and should begin to decline. The administration has made its promises and enacted its programs, Nixon said, and now must begin to pay for "higher prices and inefficiency."

Nixon said the election of Republican Rep. John V. Lindsay as mayor of New York City last Tuesday "demonstrted that a president's coattail is not strong in a nonpresidential year."

Lindsay, running with the Liberal party endorsement, defeated Democrat Abraham D. Beame and Conservative William F. Buckley Jr. Lindsay, who played down his Republicanism, overcame a 7-to-2 Democratic registration advantage. Johnson had endorsed Beame.

Nixon said it was a personal victory for Lindsay but the Republican party benefitted from the triumph. Had Lindsay run as an old-line party candidate, Nixon said, he would have lost.

Get After Legislators on Pollution---Udall

DETROIT (AP) — Secretary of the Interior Stewart Udall today urged that legislators be "bird - dogged" by concerned citizens to do more to preserve America's natural beauty.

In a speech prepared for delivery before a "clear water" conference sponsored by the United Auto Workers union, Udall said such legislation still "requires creative shepherding."

"You are proving here today that you are willing to provide that nudge, that prod, that get-up-and-go urgency which turns sterile lines in a congressional register into pure water in Lake Erie," Udall said.

Calling water "without a doubt our most abused resource" Udall said time to deal with pollution of America's rivers and lakes "is running out."

OVERRIDING PROBLEM

"Whether it be detergent foam bouncing along the surface of bubbling brooks, or the great cloudy mass of algae which is sucking the life - giving oxygen out of the waters of our greatest lakes, the overriding problem is one of pollution," he said.

* * *

"If anything can result in an awakened citizenry, surely it is the death of one of our Great Lakes," Udall said.

As a particularly shocking example of Lake Erie pollution, Udall cited a report published in the Saturday Review that blue pike production in 1956 was nearly seven million pounds, worth $1,316,000. By 1963, the catch was down to 200 pounds, worth $120.

* * *

"The figures are so startling that my first reaction was, 'It must be a misprint'," Udall said. "That a body of water the size of Lake Erie could become so polluted in that short a time is a threat which cannot be ignored."

Udall then said "but good things are beginning to happen. Some of them are large and visible — like this conference. Some of them are small, unsung — like the use of pulverized coal to filter wastes— a filter that for the time being provides a means of taking the algae - producing phosphorus out of the solution."

Answer to Previous Puzzle

'Every 10 Million Years'

Earth Comet Target?

KANSAS CITY (AP) — Meteors crashing into the earth are as old hat as last year's television comedies, but have you given any thought to being hit by a comet?

R. H. Nafziger of Pennsylvania State University has, and he told about it today in a paper prepared for the Geological Society of America's annual convention.

* * *

Scientists know that about 326 comets are making their lonely tours around the sun, some taking more than 100 years for one trip, some taking less. In the last 100 years, Nafziger said, 217 comets have been seen passing the earth.

So what are the chances of a collision?

10 MILLION YEARS

"One comet could be expected to hit the earth approximately every 10 million years, based on available data," said Nafziger.

He didn't say what year this is, but suppose it were No. 10 million?

* * *

An average comet "would produce destruction comparable to that of a rock body 800 kilometers (500 miles) in diameter," he said.

"Most comets hitting the earth would not appreciably change its axis with the exception of a rare encounter with an extremely large comet having a concentrated nucleus."

LONG TAIL

Scientists have estimated a comet's head to be from 30,000 to 100,000 miles in diameter, but its main body is only about the size of the earth — which is 72,900 miles in diameter. A comet's tail is about 100 million miles long.

The most recent comet was Ikeya-Seki. It swept in from the solar system last month, did a 200,000-mile loop around the sun and headed away again.

* * *

At the three-day geologists' convention, which concludes today, much attention has been paid to the pock-marked surfaces of the moon and Mars. Mostly these craters have been explained away as the results of meteors bombarding these spheres in the last four billion or more years.

Attention should also be paid to comets, says Nafziger.

* * *

Some phenomena on the moon and on the earth "cannot satisfactorily be explained by meteoritic impact and attention has now been focused on comets for an explanation of these phenomena," he said.

Bomb-Removal MDs Praised

SAIGON, South Viet Nam (AP)— Nguyen Van Chinh looked forward today to getting back to his farm after two American doctors removed a live grenade from his back.

"They endangered their lives to save mine," Chinh said of the doctors who operated on him Friday. "Why did they do this for a lowly Vietnamese farmer?"

* * *

The doctors were Maj. Gen. James W. Humphreys Jr., an Air Force chest surgeon from Richmond, Va., and Air Force Col. Daniel Campbell of Inlet Beach, Fla. British Dr. Tony Brown gave Chinh a local anesthetic.

* * *

Vietnamese doctors said the frail, 52-year-old farmer was in good condition. He was able to sit propped up in his hospital bed while being fed intravenously. He will not be permitted to eat regular food for a few days.

RESTED ON BACK

Chinh rested on his back Friday night for the first time since Sunday when a Viet Cong fired a 40mm grenade at him from a launcher as he stood outside his house. Chinh lives in Long An Province, about 30 miles south of Saigon.

Crossing international boundaries is so common in the jet age that a standard identity card may be adopted to cut inspections, paperwork and passport complications.

Apply Child Psychology Bodily, Says Film Star

By EARL WILSON

NEW YORK — Rosemary Forsyth, a leading lady of the movies at 22, has publicly declared herself for the taming of today's teen-agers, further asserting "There is no child psychology like a good crack in the can!"

WILSON

Considering that Miss Forsyth, blonde, 5'9½ and Charlton Heston's leading lady in "The War Lord," is not long away from her own teens, this seems fairly sharp talk, but she has gone further and said, "Young people today have too much freedom. They really want and love discipline, but their parents are too soft to discipline them. What's wrong with the parents?"

Drinking a glass of Chablis with her lunch at Gallagher's, as her glasses rested up on her forehead, she said, "Listen, I hated my mother and father when I was a teen-ager . . ."

"Why?"

"Probably because they wouldn't let me stay out after 9 o'clock . . . or just because they existed," she said.

"But now I know that discipline is needed, and it is not enforced by enough parents.

"People say today's children are wild, and they're right. The idea of girls dating at 12! They should be jumping rope or working their books instead of flirting with boys and putting on too much lipstick!"

Rosemary's pretty worldly for her 22. She's modeled in New York, she played Jimmy Stewart's daughter in "Shenandoah" — but to her the tales she's heard about Hollywood adults aren't as alarming as those she heard here about Westchester children.

"A relative of mine has a 10-year-old son who gets calls from little girls for dates. What's wrong with the mothers?"

Chiefs at Flint Central; MFL Tilt at Wisner

Win Tonight or Forget Game—Is Same Story for PCH, Arrows

From the frying pan into the fire.

That's the story for Pontiac Central in Saginaw Valley Conference and for the Pontiac Arrows in the Midwest Football League.

Both the Chiefs and the Arrows have MUST games tonight which will lead them to the title games next week should they win.

The Chiefs, No. 7 ranked class A team in the state, will have to contend with the passingest opponent they have faced to date in Flint Central at Atwood Stadium tonight.

All week long, coach Paul Dellerba has conducted pass defense drills to contain the aerials of quarterback Rod Jones.

"We've got to stop Jones and our secondary will have its toughest assignment of the year," said Dellerba as the Chiefs completed heavy workouts yesterday toward this goal.

The Chiefs can't afford to look ahead, but they must realize that they have to get past Flint Central in order to get into the SVC showdown game against No. 1 ranked Bay City Central next week.

A large following of PCH fans will travel to Flint tonight and next week's encounter against Bay City could produce the largest crowd ever to watch a PCH football game.

* * *

School officials have already been receiving a heavy demand for tickets.

SAME FOR ARROWS

The story is much the same for the Arrows, who can enter the Midwest Football League playoff game against Dayton next Saturday night at Wisner Stadium, only if they can dispose of the 1964 league champions, the Lansing Stars tonight.

This is the Arrows' biggest game to date. Dayton is heavily favored to defeat Flint's Blue Devils tomorrow at noon at Atwood, and both teams would thus go into next week's playoff showdown with 6-2 league records.

Pontiac won the first encounter, 18-13, but it took a late rally in the final minutes after the Arrows were behind most of the way 13-7.

* * *

Two outstanding backfield performers for the Lansing team are quarterback Ron Parkinson and halfback Sam Eyde.

* * *

Coach Emil Kletke alternates the two often at quarterback and very often both are in the lineup at the same time to present a running-passing problem.

Pontiac quarterback Karl Sweetan has some personal revenge to gain against Lansing.

In the first meeting the Stars put on a strong rush and knocked Sweetan out of the game early in the third period with an ankle injury.

The Arrows' defense, hurt by injuries in the past two games, will have defensive ends John Yersick and Dick Storms back in the lineup.

With tackle Chico Johnson out with a bad knee, a 295-pound masked marvel known as The Student, a former 5-year pro player will fill the defensive tackle spot — mask and all.

The defensive unit will be led by PCH wrestling coach Steve Szabo, the middle linebacker.

Also added to the roster this week is 6-foot-2 and 216-pound Les Stone, a tight end who can go both ways.

Stone, a truck driver by profession, played his football at Melvindale High and at an Air Force base in Texas, prior to coming to Pontiac.

* * *

Game time at Wisner tonight is 8:00 p.m., but gates will open at 6:00 p.m. and shortly thereafter a midget football game will be held.

At halftime, the most valuable players on offense and on defense of the season for Pontiac will be announced as picked by the writers, and the Pontiac Northern band will provide the entertainment.

Northern Nips Captains, 6-0

Dana Coin's Score Decides Struggle

By JERE CRAIG

Pontiac Northern and Waterford Kettering struggled through three and a half quarters of football Friday night before one brief flurry of mistakes resulted in a 6-0 PNH victory.

* * *

About 2,300 fans turned out to see the two nearby rivals wage a non-existent scoring battle under the lights at the Waterford Township stadium.

The Huskies had the advantage much of the game but couldn't take advantage of their many opportunities. The Northern squad repeatedly hurt itself with penalties.

The first half went as expected. Kettering utilized its passing game and PNH its running attack. The Captains once reached the visitors' 28 and the Huskies stalled at the WKHS' 20.

SECOND HALF

As the third period began, the host Captains worked hard to give the game to Northern. They took the kickoff to their 34 and after a penalty, Dick Miceli's pass was intercepted by Boyd Cryer at the Kettering 30.

* * *

In four plays the Huskies gained one yard. The home team took over and returned the ball on a fumble to PNH four plays later at the 32. Four carries netted eight yards.

The Captains then managed to get the pigskin into better field position aided by two 15-yard penalties. There then followed an exchange of punts and fumbles as the fourth quarter began.

The last one was a bad snap from center that sailed over Northern punter Frank Harper's head. WKHS' Dan Runyon recovered the ball at Pontiac's 29.

But Harper intercepted Miceli's fourth-down pass at the 14 and returned the ball to his own 49. Bruce Tippen rolled out to the left and raced to the home team's 26. After a penalty back to the 41, Tippen gained five, then passed left to Dana Coin for a first down at the 7.

* * *

A bad call cost the Huskies four yards, but Tippen got it back by again probing the defensively weak left side for six.

Coin on the next play followed his strong side blocking for the final five yards with only 4:15 showing on the clock. The 60-yard drive required six plays.

A bad center prevented PNH getting off the conversion kick.

Kettering's Bob VonBargen returned the kickoff to his 23 and Jerry Harkey gained seven yards on the first play. But the passing game again failed and the Captains relinquished the ball for the last time.

Walled Lake 52-0 Winner

Viking Offense Hot

Suddenly at Walled Lake High School's football field it was 1964 all over again.

The "sleeping giant" of Southern Oakland County football awoke against unusually hapless Plymouth for a 52-0 victory Friday night.

Walled Lake, a perennial gridiron power, routed the normally rugged Rocks for its third straight win and now is 6-2 with only East Lansing remaining.

Coach Dave Smith would be happy to finish with a 7-2 mark with what he considered some of his finest material, though perhaps somewhat hampered by injuries and uncommon mistakes.

The 1964 Vikings lost their opener, then went on to post an 8-1 log in impressive fashion. Included in that was a 52-7 romp over Pontiac Northern that was the biggest Walled Lake offensive in seven years.

Last night, the Vikings scored five touchdowns in the first half, scoring all three times they had the ball in the opening quarter.

QUICK STRIKE

Following the opening kickoff, Terry Lehman passed to Lon Snook for a 55-yard gain on the first play. Gus Maragos went over from the six shortly after that.

It took Walled Lake two plays to go 90 yards the second time with the football. Russ Herron's first of three touchdowns covered 72 yards and the count soon jumped to 19-0.

* * *

Snook tallied on a 23-yard pass play from Lehman — who hit 7 of 9 aerials for 133 yards — and Steve Fogle kicked the first of four successful PATs. Snook for the night caught four passes for 104 yards and also intercepted one.

Reserves Steve Lacey and Dennis Fitzgerald nabbed the winners' two second - quarter markers. Lacey ran in from the five, and Fitzgerald blocked a punt, then fell on the ball in the end zone.

Herron, the leading rusher with 121 yards in six carries, went over twice as the first string finished its work in the third quarter. The halfback scooted five and 23 yards.

He now has 11 touchdowns in eight games.

Fitzgerald got his second score of the night by running 15 yards in the final period. The Vikings ran for 392 yards of their 546 total.

Defensively, they held Plymouth's Rocks to 79 total yards.

CHASE IS ON — Clarkston's Rick Blimka (25) looks for some running room in the second quarter of action last night against West Bloomfield. Chasing Blimka is the Lakers' Dave Garrett (85) who brought the runner down after a short gain.

Waterford II Lapeer Victim

13-7 Battle Decided by 2 Quick Strikes

The long season grew more bleak for new Waterford Township coach John Moffat last night as Lapeer rallied for a 13-7 last-quarter victory over the Skippers.

A fast strike by visiting Waterford in the second period gave the Skippers a 7-0 lead entering the final stanza, but two mistakes became even faster touchdowns for Lapeer which was 1-3-3 as the game started.

In the second quarter, WTHS's Dick McDowell broke loose for a 71-yard scoring jaunt. Teammate Dave Farris booted the extra point. In all, McDowell gained 113 yards during the game.

This was the only score until early in the final session. A Dave Roemensky pass was picked off by the Panthers' Pat McKenna and he sped 30 yards to paydirt. His PAT tied the score.

On the kickoff, McDowell was separated from the pigskin at the Township 20-yard-line.

It took McKenna only one pass play to hit Jim Lincoln for the game-winning six-pointer. The Lapeer quarterback also was a standout on defense, intercepting three passes.

After the touchdown, Waterford again had possession but couldn't manufacture a scoring thrust, and it went down to defeat No. 5 in a row on a 2-6 record.

The game was marred by 11 fumbles.

LAKER TOUCHDOWN — West Bloomfield's Pat Windy (42) dives over for a touchdown against Clarkston last night despite the defensive efforts of Clarkston's Larry Franklin (70) and Mike Golembeske (60). West Bloomifeld upset the Wolves, 27-19.

SEMA Runners Shine

Two of the finest runners in Southeastern Michigan League continued to bid for post-season honors Friday night as their teams posted easy conquests.

Royal Oak Kimball's John Gabler scored the first touchdown and ran for 153 yards in 12 carries while pacing the unbeaten Knights to a 19-6 win over punchless Port Huron.

* * *

Ken Luxton of Ferndale gained 119 yards in 13 rushes, caught a touchdown pass and intercepted three as the Eagles ripped once highly regarded East Detroit, 19-0.

Other SEMA teams in action were Southfield, a 22-6 winner over Farmington of the Inter-Lakes League, and Hazel Park, beaten 19-6 by Mount Clemens of the Eastern Michigan League.

Port Huron, also of the EML, couldn't contain Gabler and teammate Chuck Knox. The hard-charging Gabler boosted his paydirt total to 60 points with his 10th touchdown, a 15-yard first period run.

* * *

Knox went 12 yards later in the quarter, and then scooted 60 yards on the first play in the second session. Ron Hare's lone conversion completed the scoring for Kimball.

5TH RANKED

The Knights, fifth ranked in the weekly state class A Associated Press poll, were dented for a six-pointer by Marty Lester's one-foot plunge in the second half. It was a 70-yard drive in 21 plays which the winners aided with five timely penalties.

Knox covered 136 yards on his nine runs for ROK. The Knights will meet twice-beaten Royal Oak Dondero next Friday.

Ferndale, now 6-2 with only Port Huron remaining, had quarterbck Greg Howells figure in all its scoring. He tossed for touchdowns to Luxton (a 15-yarder) and Brian Stepek (a 36-yarder).

Then after a fumble recovery at the East Detroit 23 and Terry Myers' dash to the four, Howells sneaked for the final six points. Rick Bloodworth booted the PAT.

* * *

East Detroit, unbeaten EML champ, now is 5-3 with outside losses to Walled Lake and Farmington of the I-L, and to the Eagles. The Shamrocks once reached the Ferndale 4 only to have time run out on them.

* * *

Another SEMA member, Birmingham Seaholm is at Dondero tonight. Berkley was not scheduled this weekend.

LOOKINK AHEAD — Michigan State's football team still has two Big Ten games to play, but an unknown Spartan backer was so sure MSU would wind up in the Rose Bowl New Year's Day that he added "Jan 1 — Pasadena" to the schedule board. The Spartans were slated to meet Iowa this afternoon and they take on Indiana in their final Big 10 Conference clash next Saturday at East Lansing.

Center Line Ruins Utica Perfect Log

An old stumbling block tripped Utica Friday night and cost the Chieftains sole possession of the Bi-County League championship.

Unbeaten Center Line tallied a second-quarter touchdown and made it stand up for a 7-0 upset win over the previously undefeated Chieftains. The two teams tie for the title since the Crusaders have two ties in loop play.

Ken Boback and quarterback Phil Green collaborated on a 36-yard scoring aerial that was followed by Dennis Wilson's conversion.

Utica's Gary Lieber ran 70 yards to the Center Line five-yard-line in the first half, only to have the gain offset by a penalty. The Chieftains never threatened again.

Utica, which was 18th rated in the weekly Associated Press state class A prep poll, hasn't beaten the Crusaders in more than a decade.

Imlay City II Shares Crown in S. Central

Imlay City convincingly gained a share of the South Central League title by whipping Harbor Beach, 40-21, Friday night.

* * *

Playing before a Parents' Night crowd, the Chieftains treated the home folks with a first-play touchdown following the opening kickoff.

Bill Hoeksema found Rick Vincent open on a pass and the play covered 67 yards. Mike Schonfeld then ran 39 yards and four yards and Chester Marcol booted two PATs for a 20-0 first-quarter lead that continued to grow on their efforts.

Schonfeld ran 50 yards with a pass interception and 14 on a scrimmage play for two more scores. Marcol added two conversions and Don Makedonsky added another six-pointer.

Imlay tied North Branch for the league title with a 3-1 mark and is 5-3 over-all. Proceeds from the contest went to Syd McLouth, a former Imlay coach now ill with diabetes.

* * *

North Branch ventured outside the league and wound up dropping a 26-15 decision to Chesaning.

Jan Peters scored on runs of 20 and 13 yards for the winners. Doug Lauwers tallied twice for North Branch (5-3) on a 17-yard pass and a 26-yard run.

Key Contests on Prep Slate

Several key football games are included on the area weekend prep calendar.

* * *

Tonight's slate has Birmingham Seaholm invading Royal Oak Dondero and Richmond St. Augustine entertaining Emmanuel Christian.

Tomorrow, Detroit Servite will visit Birmingham Brother Rice at 2:30 p.m. and Ferndale St. James plays host to St. Francis Xavier.

Seaholm, which finished third in the Southwestern Michigan League with a 2-2-1 mark, will be trying to rise above the .500 level (3-3-1) in taking on the Dondero eleven (5-2-0).

* * *

Emmanuel (1-3) picked up its first victory of the season last week over Warren Mott, and the Lancers will be closing the season against the St. Augustine squad (2-3-2).

South Lyon II 32-26 Loser

Stockbridge and South Lyon made their first gridiron meeting a memorable one with a 32-26 scoring battle that was won by the host Panthers.

* * *

South Lyon overcame a 13-0 deficit to lead 14-13 at intermission and 20-13 in the third period. But Roger Poe's 34-yard run for a fourth-quarter touchdown gave Stockbridge a 26-20 lead that couldn't be overcome.

Mike Hardesty put the visiting Lions back in the game with a 36-yard run in the second period. Brian Lott's two PAT kicks made it 14-13 since Chuck Bavol hit Eric Lidell with a 40-yard scoring pass also in the period.

Bavol plunged a yard for the third six-pointer by South Lyon and then hit Don Schwark on a 50-yard scoring pass in the closing minutes. The junior passer had 9 of 17 for 140 yards.

Barons Down Holly, 20-7

Milford, Laker Units Post W-O Victories

By DON VOGEL

Bloomfield Hills started fast and finished with flourish last night to defeat Holly, 20-7, and win the Wayne-Oakland football championship.

Milford sewed up second place on the final night of league play with a 35-0 win over Clarenceville. Clarkston was edged by West Bloomfield, 27-19, and Northville claimed third place by downing Brighton, 29-18.

★ ★ ★

Holly's Bronchos were almost blown off their own field by Bloomfield Hills' opening onslaught. But the 1,800 fans were treated to a well played, hard-hitting contest before the final whistle.

Holly took the kickoff and quickly drove to a first down. Then quarterback Dave Tinsman fumbled and Brent McLeese recovered for the Barons on the Bronchos' 30.

Three plays later Dick Kraatz swept 21 yards around right end behind a wave of blockers for a touchdown. Randy DeArment ran the extra point.

Holly was forced to punt after receiving the kickoff and the Barons marched to the eight. On fourth down, quarterback Bob Calhoun hit end Tom Kuzman with a scoring pass to make the score 13-0.

TIDE TURNS

Early in the second period the Barons stormed to the Holly 21 only to be halted and the tide of battle to turn. The Bronchos punted and Kraatz raced 80 yards for a TD, but it was called back because of a clip.

The Barons were forced to kick and Holly marched 52 yards for its only touchdown. Quarterback Tom Kundlinger just barely made goal line on a fourth down sneak from the one. Mark Phalen ran the conversion.

The touchdown came on the next to last play from scrimmage in the first half.

The third period opened with an exchange of punts and then the game was marked by both teams making long drives that prove futile, but time consuming.

★ ★ ★

The Barons drove from their 26 to the Holly 14 where they were stopped without a gain twice by Holly's defense, led by tackle Jim Hanks, and had to relinquish the ball.

Holly stormed back, led by the running of Phalen, and reached the Barons' 30 before missing a first down by inches and yielding possession. The

The football season is coming to a close just as Avondale and Rochester are beginning to jell.

The Avondale squad displayed some of its offensive power last night in a 12-12 deadlock with Troy, and Rochester buried Warren Cousino under a touchdown avalanche, 56-14.

In another Oakland A encounter, Warren Fitzgerald wrapped up its fourth grid championship in the past eight years by routing Lake Orion, 39-0.

Avondale's Yellow Jackets have won only one game in eight outings, but they tied Rochester last week, 13-13, and outplayed Troy throughout the game before settling for a tie.

★ ★ ★

The Jackets scored twice within six minutes in the first quarter to take a 12-0 lead, and although they moved easily through the Troy defense, they couldn't cross the goal line after the opening frame.

SIGNS OF LIFE

With the offense just beginning to show signs of life, the season is closing for the Jackets who entertain Monroe Jefferson in the finale next week.

★ ★ ★

Sophomore halfback Karl Rykert, a 135 - pound speedster, zipped through a big hole on the left side on the fourth play of the game for a 59-yard touchdown run to put Avondale ahead 6-0.

Rykert, playing only his third game with the varsity, kept the Avondale running game moving before he left the game with a leg injury late in the fourth quarter.

The Jackets other TD came moments after Rykert's run when halfback Barry Peel capped a 48-yard drive with a one-yard run.

★ ★ ★

Troy hit the scoreboard at 3:55 of the opening frame when fullback Dave Humphrey went up the middle on a 53-yard scoring run, and the Colts (3-4-1) tied the score early in the fourth when halfback Gary Derrigan picked off a pass from quarterback Gary Griffith and scampered 72 yards.

TD EXPLOSION

Rochester built up a 19-7 halftime lead and exploded for 37 points in the final two frames. The victory was the third in the last four games for the Falcons who dropped their first four contests.

★ ★ ★

Harry Hogan took a 15-yard pass from Jim Ball in the first quarter to get the ball rolling for Rochester, and Randy Field snared a 36-yard scoring pass from Jim Burton in the second. Mike Martin's five-yard run moments later gave the Falcons a 19-7 lead.

John Berney and Dave Schultz picked up TDs in the third period, and Ty Gill, Graig Beallely, Mike Koch and Bob Bonin hit paydirt in the final frame.

Mario Contrara and Paul Papak collected TDs for the losers.

Fitzgerald was never in trouble in winning its eighth game of the season.

The Spartans, rated 10th in the state's Class A poll, grabbed a 20-0 lead in the first quarter and the rout was on.

Bob Dacey and Ken Mooney picked up two TDs apiece to pace the attack and Bill Kinnie contributed a 68-yard scoring run.

Irish-Spartans in TV Blackout

Home Town Viewing Possible, Says NCAA

NEW YORK (AP) — There is no possibility the Notre Dame-Michigan State football game on Nov. 20 will be carried on network television but it might be telecast to the home areas of the two colleges an NCAA official said Thursday.

★ ★ ★

Asa Bushnell of the NCAA television committee, said the four regional telecasts already scheduled for Nov. 20 preclude the possibility of the game at South Bend, Ind., being added to the NBC schedule.

★ ★ ★

However, Bushnell added that since the Notre Dame stadium is sold out for the game with Michigan State, the game could be televised to the South Bend and East Lansing areas.

★ ★ ★

Games to be regionally televised by NBC on Nov. 20 are Ohio State at Michigan, Harvard at Yale, Missouri at Kansas and Texas Tech at Arkansas.

St. Mike Ends as 13-7 Loser

Morenci Gains Win at Wisner Stadium

St. Michael closed the season on a losing note but still had an impressive 6-2 record to show for 1965.

The Shamrocks lost a 13-7 decision to Morenci at Wisner Stadium in what coach Jim Niebauer termed as "our best defensive game of the season."

Two fumbles led to Morenci scoring in the first and third periods.

Tim Tuttle went three yards in the first stanza and then he picked up a fumble and went 60 yards in the third quarter.

St. Mike hit paydirt in the third quarter when Tom Patch took a 20-yard pass from Mike Thornberry.

A late St. Mike drive ended with a fumble in the final minutes.

Romeo Wins No. 5; Oxford Falls, 26-12

Romeo's Bulldogs spotted Lutheran East a 7-0 lead last night and then came back with two touchdowns for a 14-7 decision and their fifth win of the campaign.

In another game, Oxford grabbed an early 6-0 lead over Madison Heights Lamphere, but Lamphere (6-2) came on strong to post a 26-12 triumph in its final outing of the season.

Doug Boggs raced 61 yards off tackle on Romeo's second play after Lutheran East had scored in the opening stanza and halfback Tom Walker climaxed a second-period drive with a two-yard drive for the TD.

Greg Ganfield booted two extra points for the Bulldogs (5-1-2) who wind up the season next week against Utcia.

★ ★ ★

Romeo gained 243 yards rushing to 64 for the visiting Lutheran East squad.

TWO SCORES

Junior end Roger Miller hauled in a pair of long touchdown passes for Oxford, which suffered its seventh setback of the campaign at Lamphere.

★ ★ ★

Miller picked off a 49-yard toss from quarterback Rick Fox in the opening period to send the Wildcats ahead, 6-0, and he snared a 50-yarder in the third after Lamphere had taken a 13-6 lead.

Quarterback Dan Leskiewicz sneaked one yard and Barry DeWitt booted the extra point to put Lamphere ahead in the second period, 7-6, and halfback Ty Jobin scampered 15 yards moments later for another TD to give the winners a 13-6 halftime lead.

After Miller narrowed the deficit to 13-12 with his second TD catch in the third, John Cova burst over on a four-yard dive to up the count to 20-12 and Jobin put the game on ice with a 20-yard scoring jaunt in the final frame.

Cardinals, Almont Win

Dryden Thumb Champ

Dryden, cochampion last year, almost let the elusive Southern Thumb championship slip away this fall but rallied to clinch the laurels Friday night at Armada.

★ ★ ★

The Cardinals, whose bid for an unbeaten league record was spoiled last week by Almont, trailed by a touchdown at halftime before coming back for a 13-6 conquest.

Bob Wood was the difference in the contest. Breaking into the scoring column in the season's final game, he ran 67 yards to paydirt in the third quarter, tying the score.

Then in the final period, he caught a Ken Kitchenmaster pass for a 65-yard six-pointer that Dennis Hilliker capped with the conversion.

Jim Mogos tallied Armada's first half points on a 20-yard scamper.

REPEATS

Dryden thus finishes with a 6-1 mark, the same as last year. Almont made its mark 4-2-1 by tripping New Haven, 12-7; Anchor Bay (5-2) clinched second place by upending Capac, 13-0.

Brown City is visiting Memphis at Armada today.

Almont's Raiders counted six-pointers in each of the first two quarters for their victory. John Halsey passed to Dave Sellers from the 15 for the first one and sneaked over from the three for the second.

★ ★ ★

The latter came on an 80-yard drive sparked by John Schulte's 43-yard run. New Haven's Greg Davis scored in the final 1:30 of the game.

Almont's win gave it sole possession of third place.

Groves' Rally Stopped Cold

A drive in the final minutes to tie or go ahead failed for Birmingham Groves when Clintondale turned a key pass interception into a 19-7 win.

Tim Pankston went 33 yards to score for Clintondale and Dennis Baker 12 yards following a fumble recovery. Pankston's run for the point made it 13-0 at halftime.

In the third quarter, Groves' Mark Christiansen scooted 19 yards and Bob Cornelli took a pass for the point from Bob Hamilton.

Groves started its ill-fated march late in the final stanza but Bill Harris made the interception and went 30 yards for the clinching touchdown.

In an afternoon game, Highland Park won its first game by trimming Oak Park, 19-6. The winner's Mark Wolfe went over from the 12 to cap a 40-yard drive in the opening period. Redskins drew a penalty while

George Rafter booted the conversion after the winless Redskins drew a penalty while blocking his first attempt.

Oak Park fought back on Jeff Atkins' one-yard plunge in the second quarter. Cy Weiner's 50-yard scamper set up the score. He also ran the tying PAT but it was nullified by a penalty and a second attempt failed.

Tasso Rumelitus tossed two scoring passes in the second half to John Wise to clinch the decision.

Closing Spurts Decide Cage Contests

Two closely fought basketball games were decided in the final minutes last night as Midwestern Baptist Seminary opened the season with an Invitational Tournament.

Detroit Bible College won the opener, 75-74, with a rally in the final two minutes of play against the Detroit Tech freshmen.

Host Midwestern, meanwhile, slumped in the final four minutes and dropped an 88-78 verdict to the University of Windsor plebes.

In both instances, the losers led at halftime.

Midwestern was up by five, 43-38, at intermission; and it stayed in the game until Windsor, led by Paul Vaughn's three buckets, spurted from a 76-74 deficit to its winning margin in the last four minutes.

SCORING

Vaughn's 17 points led the taller winners who controlled the backboards. Ralph Wingate, a sophomore, and Fraser Vipond, a freshman, had 28 each for the losing Falcons.

★ ★ ★

In the opener, Detroit Bible was down 42-36 at halftime and never led until it spurted in front with 71 seconds to go.

Detroit Tech missed a last-second attempt for the winning basket. The winners' Ron Kent led all scorers with 25. Jim Erwin had 18; and the losers were paced by Len Kowdrat's 22.

Tonight, Midwestern plays Detroit Tech at 6:15 and Detroit Bible meets Windsor in the 8 o'clock title tilt.

Midwestern's regular Michigan Christian College Athletic Association schedule will begin next Saturday. Detroit Bible College also is a member of the conference along with Rochester's Michigan Christian Junior College.

Italian Junior Champ Is Awarded Decision

TURIN, Italy (AP) — Nino Benvenuti of Italy, the world junior middleweight champion, defeated Johnny Torres of Puerto Rico Friday night when Torres was disqualified for excessive holding in the seventh round of a scheduled 10-round non-title bout.

The referee awarded the fight to Benvenuti after Torres, battered by a series of blows to the head and body, tied up the Italian and refused to break the clinch.

Benvenuti weighed 157 pounds, three more than Torres.

Rider Is Faultless in Key Show Event

WASHINGTON (AP) — Mrs. Mary Mairs Chapot rode White Lightning to victory in the time-test — Parcours de Chasse — event of the Washington International Horse Show Friday.

There were just six entries in the class, open only to international riders and 21-year-old Mrs. Chapot, a member of the U.S. equestrian team, rode two mounts.

She had a faultless ride with White Lightning, a 5-year-old gray mare owned by her mother, Mrs. Robert Mairs of Pasadena, Calif., and had the fastest time over the 13 fences—51.3 seconds.

★ ★ ★

Riding the U.S. team's French horse Manon, she had the worst round of anyone, with 21 faults and a final time total of 72.5 seconds.

BRITISH CONTENDER

England's lone contender against the Americans, Douglas Bunn, managed to come in second over the tough, twisting course with his black gelding, Beethoven. Bunn also had a clean round, but he was slower than Mrs. Chapot with a time of 51.5 seconds.

★ ★ ★

William Robertson, Darien, Conn., also had a free-fault ride with the U. S. team's San Pedro, and took third with his 58.5 clocking.

★ ★ ★

A standout member of the U. S. team, Kathy Kusner, 25, of Arlington, Va., toppled some rails with her mount, Unusual, racking up seven faults and a time of 60.2. It gave her fourth place though and boosted her points in the over-all standings for the second day of this six-day show at the National Guard Armory.

★ ★ ★

Miss Kusner won Thursday night's Ringmaster Challenge Trophy with another U. S. team horse, Fire One.

★ ★ ★

But she has been trailing on points a bit behind professional rider Sonny Brooks and the Imp, an entry of the A.B.S. Farms, Morristown, N. J.

★ ★ ★

The only other entry in Friday morning's jumping contest, Frank Chapot, Wallpack, N. J., came in fifth with Good Twist, scoring 14 faults and timed at 65 seconds flat.

Lions Can Still Remember 'That Call'

Detroit Goes After Revenge

Defeat at Green Bay Would Kill Hopes

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Still fuming about the 31-21 loss to the Green Bay Packers on October 17th at Tiger Stadium, the Detroit Lions have a chance to unleash their anger on the same Packer team when they tangle Sunday afternoon in Green Bay.

It will be remembered that the Lions completely outplayed the Packers in the first half with a 21-3 lead, but with Bart Starr unleashing aerial bombs in the third quarter for a 24-21 lead, Green Bay handed Detroit a bitter defeat.

Detroit fans also remember "that call" which killed a late chance to come back and win.

It happened with five minutes left in the game when Starr hit Marv Fleming with a short pass. Linebacker Ernie Clark had Fleming by the leg and Bruce Maher came up to secure the tackle.

Maher was called for roughness and given 15 yards, and when assistant coach Carl Taseff ran onto the field, another 15 yards gave the Packers the ball on the 12 yard line, from where they sewed up the game.

CROWD UNHAPPY

The booing of the crowd in these minutes cost the Lions nearly three minutes of the clock.

All these incidents are still in the minds of the Lions and after knowing the Chicago Bears whipped the Packers 31-10 last Sunday, they also realize Green Bay is not invincible.

★ ★ ★

Biggest thing the Lions do know also is that another loss would make their record 4-4 and virtually kill their divisional title hopes.

Green Bay and Baltimore are both 6-1 and should the Bears handle the Colts in Chicago tomorrow and the Lions defeat the Packers, it would tighten the race considerably.

Other games have high flying New York with Earl Morrall playing host to the Redskins; Minnesota hosting the Rams, the 49ers at Dallas, Pittsburgh at St. Louis and the Eagles at Cleveland.

The Lions, meanwhile, placed flankerback Terry Barr on the injured reserve list yesterday to make room for rookie halfback Bob Felts, acquired on waivers from Baltimore.

Coach Harry Gilmer said Barr's right knee, sprained in the game with Los Angeles Sunday, would require about four weeks to heal.

Felts will be used on the kickoff and punt teams. He was used sparingly by the Colts this year.

Gilmer said he would use George Izo at quarterback Sunday against the Packers.

Archer Leads Hawaii Open

HONOLULU (AP) — George Archer, a 6-foot-6 golfer who is so slender he could hide behind a flagstick, scrambled to a four-under-par 68 with the help of four one-putt greens for pars and grabbed the second round lead in the Hawaiian Open Golf Tournament Friday with a 36-hole total of 138.

★ ★ ★

Al Geiberger, the first round leader, posted a one-under-par 71 for the 7,000-yard Waialae course, and was second at 139.

Frank Beard, the bespectacled Kentuckian who is here on his honeymoon, posted a 71 for a 140 total.

Kerr Rides Bench

Playing Streak Ends

By the Associated Press

Johnny Kerr stepped out of a shadow five days ago when the Baltimore Bullets traded Walt Bellamy to New York.

Friday night the 6-foot-9 Kerr stepped back into the shadow — and missed the first National Basketball Association game of his 12-year pro career.

Kerr's iron-man stint of 917 consecutive NBA games slipped away as the Bullets dropped a 129-118 verdict to hot-shooting Sam Jones and the champion Boston Celtics.

The big redhead, whose streak included 844 regular-season games, had not sat one out since breaking into the league in 1954 with the Syracuse Nats.

Wilt Chamberlain, whom Kerr understudied at Philadelphia last season, also was on the bench when the 76ers broke open a three-point game with a third-quarter spurt that led to a 133-115 victory over San Francisco.

SPARKS 76ers

Hal Greer scored 33 points for Philadelphia. Rookie Rick Barry was high for the Warriors with 25. Chamberlain reentered the game in the last period and finished with 22.

Cincinnati, led by Oscar Robertson and Adrian Smith, outscored Detroit 22-6 late in the third period for a 103-74 bulge going into the last 12 minutes. The Pistons rallied behind subs Don Kojis, four baskets, and Ron Reed, three, and cut the deficit to 103-96 but Jerry Lucas' three-point play thwarted the bid.

Robertson topped the Royals with 27 points and rookie Tom Van Arsdale hit 24 for Detroit.

Los Angeles Coach Fred Schaus shuffled his starting lineup by starting rookie Gail Goodrich in place of veteran guard Jim King and Darrall Imhoff for center Gene Wiley. Goodrich scored 21 points and Imhoff did a good rebounding job.

St. Louis had a chance to tie it in the last four seconds, but John Barnhill's shot hit the rim.

Jerry West led the winner with 26 points. Richie Guerin was high for St. Louis with 25.

Hill Team Trims Holly Eleven, 20-7

(Continued from Page 22)

Barons chewed up 70 yards and four and a half minutes to put the game out of reach.

DeArment gained 29 yards in the drive with Kraatz carrying the final 10. One minute remained in the game when Greg Roche pounded over for the PAT.

Phalen, who was the leading rusher with 78 yards in 19 carries, almost got away on the final play of the game, but was finally tackled by the Barons after running about 50 yards laterally for a 12-yard gain.

The Barons carried second-year coach Bill Tunnicliff off the field as they prepared to celebrate their first outright W-O title.

THREE TOUCHDOWNS

Mike Yeager scored three touchdowns on runs of five and two yards and a 75-yard punt return and Jack Ward booted a 27-yard field goal and two extra points to pace Milford.

Chris Mortimer replaced injured Bob McFarland in the Redskins backfield and rushed for 75 yards.

West Bloomfield jumped to a 20-0 lead and then held off a second half Clarkston rally. The Lakers preserved the victory by forcing Clarkston to fumble late in the fourth quarter after the Wolves had gained a first down on the West Bloomfield three.

Bengals' Cash AL's Comeback Player of '65

ST. LOUIS (UPI) — Pitcher Vern Law of the Pittsburgh Pirates and first baseman Norm Cash of the Detroit Tigers were named Friday 1965 comeback players by the Sporting News.

★ ★ ★

Law, 35, won 17 and lost nine with a 2.16 earned-run average in 1965. In 1964, his won-lost records was 12-13 with a 3.61 ERA.

Law won the Cy Young Award as the major league's top pitcher in 1960 when he won 20 games and lost nine.

Cash bounced back with 30 homers, second best in the league, while hitting .266 and batting in 82 runs.

They were selected in a vote of the players. Ernie Banks of Chicago was a distant second to Law in the Nationl League while Jim (Mudcat) Grant of Minnesota was Cash's closest rival in the American League.

Nicklaus Behind in Aussie Tourney

SYDNEY, Australia (AP) — Jack Nicklaus of Columbus, Ohio, was three over par after 13 holes Friday in the second round of the Wills Masters golf tournament at the Australian Club Course at Kensington.

★ ★ ★

Nicklaus had a par 72 in opening round Thursday and trailed Bruce Devlin of Australia by six strokes.

★ ★ ★

The early leader Friday was Dennis Sullivan, a 33-year-old Australian who learned to play the course as a caddy. He had a 69 Thursday and a 71 Friday for a total of 140.

Gary Player Withdraws

SYDNEY, Australia (AP) — A pain-wracked Gary Player pulled out of the Wills Masters Golf Tournament after moving into a tie for second after two rounds of the 72-hole tourney Friday.

Bob Charles and Peter Thomson shared the halfway lead at 139. Charles, the New Zealand left-hander, had a five-under par 67. Thomson, the British Open champion from Australia, had a 70.

★ ★ ★

Player, his swing hampered by severe back and chest pains, battled to his second straight 70 for a tie at 140 with Australian's Bruce Devlin and Dennis Sullivan.

Player, the little South African who won the U.S. Open championship, later withdrew, and said he would not play again for possibly a month.

★ ★ ★

"I have never been in such pain in my life," Player said. "It even hurt when I putted."

Pentagon Says 133 Airplanes Lost in N. Viet

WASHINGTON (AP) — The Pentagon says 133 U.S. airplanes of combat type were lost in action over North Viet Nam through Oct. 31.

* * *

Six were downed by Soviet-built antiaircraft missiles and most of the others by conventional antiaircraft, the Pentagon said Friday.

* * *

American planes began bombing North Viet Nam Feb. 7. Since then, U.S. war planes have flown about 41,500 sorties over the Communist country, with 3.2 planes downed for every 1,000 sorties.

Man Shoots 5, Then Kills Self

Daughter Dies; Wife, 3 Children Critical

HARTFORD, Conn. (AP) — A plant foreman fatally wounded his daughter, critically wounded his estranged wife and their three other children, then committed suicide, police say.

Officers also say Kenneth Cilley apparently planted explosives in his own house, which blew up a half hour after the shootings Friday.

Dynamite and blasting caps were found in his car, according to police.

Near death with bullet wounds in the head were Shirley Cilley, 30, and her remaining children.

POLICE ACCOUNT

Police gave this account:

Cilley, 43, an aircraft factory foreman, had been separated from his wife several months and was scheduled to appear in Superior Court in Middletown to face nonsupport charges Friday.

When he arrived at her yellow frame house in Durham from his home in Glastonbury about 7 a.m., Cilley reportedly told his wife that he had gifts for the children. Mrs. Cilley let him in.

According to a neighbor, Margaret Kowalski, the children, happy to see their father, ran out to greet him.

HEARD YELLING

As soon as Cilley entered the house, Mrs. Kowalski reported, there was yelling and door slamming, then gun shots.

The neighbor said she ran to the Cilley home and found Mrs. Cilley and the children shot. Mrs. Kowalski reported that the mother was conscious and said, "He shot all the kids, please go and get some help."

Police reported that after Cilley had shot his wife and children, he went to the basement and shot himself in the head with a pistol. He died 12 hours later.

Mrs. Cilley and the children were hospitalized in Hartford, where 2-year-old Karen Cilley died shortly after being admitted.

'No State Approval for Hospital Services'

Members of the Oakland County Mental Health Services Board were told yesterday that their proposed contract for services from Pontiac State Hospital would not receive state approval.

Dr. Philip B. Smith, assistant director of the Michigan Department of Mental Health, so advised the board.

Dr. Smith said that the hospital already is obligated for services to Oakland County "as fully as possible."

He explained that the existing shortage of personnel and the difficulty in recruiting new employes would prohibit an extension of the hospital's present services.

* * *

The contract has been in the negotiation stage for over a year.

Dr. Smith, however, cited the possibility of a program with the hospital on an overtime basis providing the institution was agreeable to freeing employes to work beyond the normal 40 hours.

This suggestion followed an inquiry by Dr. Robert E. Walden, psychiatrist-director of the County Mental Health Services Board, on whether an outpatient clinic could be established with employes working on their own time.

Board members indicated they would explore the possibility of the outpatient clinic to provide evening and Saturday services. Wages would be paid by the board.

* * *

In other business yesterday, the board reached an impasse after a lengthy discussion on whether to require that the director of child guidance clinics be a psychiatrist.

SEE DIFFICULTY

Although the budget provided for hiring a psychiatrist, some of the board members felt the difficulty in finding a person for the job might throttle the program.

* * *

The state does not require that a child guidance clinic director be a psychiatrist but a clinic must have a psychiatrist as a staff member at least on a half-time basis.

* * *

The board decided to hold a special meeting on the psychiatrist director issue. No date was set.

Fire Damages Donut Shop in Utica Today

An early morning fire caused extensive damage to a downtown Utica store today.

Although flames were confined to the Utica Donut Shop on Auburn Road, smoke damaged unoccupied apartments in the wood-frame building and an adjacent church and restaurant.

According to Robert Beck, assistant chief of the Utica Volunteer Fire Department, damage to the contents of the doughnut shop was heavy.

Beck noted that the blaze was under control in less than one-half hour after it was reported at 12:15.

* * *

However, fire fighters remained on the scene until almost 5.

Fire departments from Shelby and Sterling townships provided assistance.

Clash in Tokyo

Treaty Foes in Protest

TOKYO (AP) — Police clashed outside Parliament today with demonstrators protesting a treaty to normalize relations with South Korea.

The demonstrators came in two waves, one of about 10,000 and a second of around 3,000, to present petitions asking members of Parliament to reject the treaty signed in June with the government of South Korea.

* * *

Only approval of the Japanese Parliament is needed for the treaty to go into effect. The Korean National Assembly approved it in August. Widespread protest demonstrations in Seoul accompanied the Korean approval.

With the demonstrators shouting outside, an ad hoc committee of the Japanese Parliament overrode opposition tactics to stall the treaty measure and sent it to the floor for final debate and voting.

38 ARRESTED

Police said they arrested 38 demonstrators on charges of obstructing police duties.

Ten students and seven policemen were reported injured.

After the ad hoc committee's approval, the demonstrators went home but opponents to the treaty warned of more public protests. Police set up barricades around the home of Prime Minister Ekisaku Sato and at strategic points around Parliament.

In Parliament, Socialists, Communists and other opponents to the treaty accused Sato's Liberal-Democratic party of steamroller tactics in the ad hoc committee and demanded the ouster of Sato's government.

RAP TACTICS

Even the Moderate Democratic Socialists, who had voiced approval of the treaty, criticized the Liberal-Democratic tactics in the committee. The bill was approved in committee by a standing vote taken by the speaker in the midst of shouting and other disorders after shutting off debate.

Bugler Dies; Blew Charge at San Juan

HOUSTON, Tex. (AP) — Starr M. Wetmore, 90, credited with bugling the attack on San Juan Hill by Teddy Roosevelt's Rough Riders, died at a Veterans Administration hospital Friday night.

* * *

The Spanish-American War veteran was wounded in that battle.

* * *

A son, Mack Wetmore, said his father blew the charge.

Wetmore was born in New York City in 1875 and moved to Kansas as a young man. He enlisted at Guthrie, Okla., May 5, 1898.

* * *

After his discharge, Wetmore returned to Arkansas City, Kan., and went into the real estate business. He later acquired a small chain of theaters in Kansas and Oklahoma.

Bliss Resting After Spasms

ALBUQUERQUE, N.M. (AP) — Ray C. Bliss, chairman of the Republican National Committee, was reported resting comfortably today. He had suffered pains in his chest following a luncheon talk to the Western States Republican conference Friday.

Dr. Jack C. Redman, who was with Bliss in his hotel room at the time of the attack, said Bliss did not suffer a heart attack.

Bliss, who will be 58 in December, is expected to remain hospitalized for a day or two.

Redman said Bliss reported no pain late Friday night, ate his dinner "and was in good spirits."

The Albuquerque physician called in a heart specialist, Dr. Henry V. Terrell, and the two doctors had Bliss taken to Presbyterian Hospital as a precaution.

Redman said there was no immediate indication of what caused the muscle spasm in Bliss' chest.

CONTRASTS

Oldsters remember when they spoke of "flying" they spoke of angles; we think of jet planes streaking across oceans. They remember when the first phonograph was demonstrated to scientists in Paris the demonstrator was booted out of the hall as an imposter, a ventriloquist; phonographs entertain more people than all the musicians ever assembled in Paris, or France.

M. E. SIPLE

Their lives were simple; ours are complex. Juvenile delinquents steal, create vandalism, for "Kicks." Our marriage vows are spoken and broken. We sneer at religion and pray for help when it seems beyond temporal possibility. Newspapers report, "Health racketeers milk 8½ billion dollars from aged arthritic sufferers" and in Science News letter we read, "Medical men promise, 'Many of our 17 million aged 65 and older patients can look forward to happy, healthy, alert years.'"

We're a paradox: delinquent and dependable, fool and sage, ingenious and compassionate, practical and dedicated to lofty idealism but that's Americanism.

Number of Blind at 10 Million, Said Rising at Alarming Rate

WASHINGTON (AP) — There are 10 million blind people in the world, and blindness is increasing at an alarming rate, an organization devoted to fighting blindness reported today.

* * *

In the United States alone, 350,000 people are totally blind and 650,000 others are functionally blind, that is, they are so handicapped they cannot read this even with the aid of eyeglasses.

And while blindness increases, approximately 80 per cent of the blindness cases result from disease whose cause is still unknown to science.

This information was made available by Research To Prevent Blindness, Inc., as that voluntary health agency opened a four-day conference on major problems of vision.

EYE MALFUNCTIONS

Here is some additional data:

In addition to the million blind or functionally blind Americans, 90 million Americans have some eye malfunction. This is almost half the U.S. population.

The nation spends $1 billion a year to care for persons already blind and less than $10 million a year on eye research.

Only 5 per cent of blindness cases are caused by injuries, and only about 3 per cent are caused by poisoning.

State to Get 1st Look Into Phone Cost

LANSING (AP)—The Michigan Public Service Commission expects to get its first complete inside look at telephone costs and rates as the result of a formal federal probe.

The commission formally will intervene in proceedings scheduled by the Federal Communications Commission to determine proper charges for services provided by the American Telephone and Telegraph Co.

* * *

Commission Chairman Peter Spivak said this will be the first complete proceeding ever ordered by the federal commission investigating charges by American Telephone and Telegraph and its associated Bell System companies.

The federal commission will look into the company's revenue requirements, the separation of plant investment between intrastate and interstate operations.

REASONABLENESS

The federal probe also will dig into the reasonableness of charges to American Telephone and Telegraph and Bell by Western Electric Co.

* * *

The division of charges between service within a state and that crossing state boundaries on the same transmission lines is a factor that affects local costs, Spivak said. It also is one that never has been fully investigated.

The charges by Western Electric, the equipment manufacturing subsidiary of American Telephone and Telegraph, also affects costs within the state, he added.

Brucker Takes 'Tough' Line

Raps Delay by Hare of Districting Session

LANSING (AP) — Republican members of the legislative apportionment commission demonstrated a new "get tough" approach Friday.

They also displayed dissension in their ranks.

* * *

They were keeping their original date with Secretary of State James Hare, serving for the first time as secretary to the commission, said Republican Cochairman Wilber Brucker. They also were protesting Hare's "unilateral action" in postponing the commission's first meeting by a week.

* * *

The commission was reactivated by an order of the Michigan Supreme Court Tuesday, giving the eight - member bipartisan group 60 days to try again to redistrict the legislature.

4-4 DEADLOCK

The commission repeatedly reached 4-4 dealocks in 1963-64, throwing the job of picking a districting plan to the Supreme Court.

* * *

Brucker told a Republican goup earler in the day the four GOP members of the commission had tried a friendly, cooperative approach with the Democrats the first time around.

* * *

That got them nowhere, he said, and announced they would take the initiative and follow a "hard line" this time.

* * *

He wound up his criticism of Hare with a denunication of the "unethical and immoral...gerrymander" of the Legislature by the Democratic plan adopted last year.

Lapeer Youth Shoots Friend Accidentally

LAPEER (AP) — The son of a Lapeer policeman accidentally shot a young friend last night while showing off his father's 38-caliber revolver, police said.

* * *

Don Ostrander, 17, son of Patrolman Tom Ostrander, told police the gun discharged as he was holding it. James D. Laney, also 17, was struck in the chest and was reported in serious condition at a hospital here. The shooting occurred at the Ostrander home.

In Memoriam 2

IN LOVING MEMORY OF OUR dear father and grandfather, William F. Rochon, who passed away Nov. 6, 1963.
Gone, dear father and grandfather, gone forever,
How we miss your smiling face;
But you left us to remember,
None on earth can take your place.
A happy home we once enjoyed,
How sweet the memory still;
But death has left a loneliness,
The world can never fill.

Woman Is Waterford Chief

Pontiac Press Photo

NEW BOSS — Mrs. Dorothy Olsen, veteran Waterford Township treasurer, is sworn in by Township Clerk Elmer Fangboner yesterday after board members appointed her supervisor. She succeeds James E. Seeterlin, who resigned Monday to become county treasurer.

Five on Board Pick Treasurer as Supervisor

Mrs. Dorothy Olson Takes Over Position Vacated by Seeterlin

Precedent was shattered yesterday afternoon when Mrs. Dorothy Olson became Waterford Township's first woman supervisor.

Township treasurer since 1957, she won the votes of the other five board members yesterday after Trustee Rudy Mansfield nominated her.

Democrat Mrs. Olson, 54, abstained from voting.

However, she immediately submitted her resignation for the treasurer's job, which pays $3,000 less annually than the $11,000, she will make as supervisor.

The treasurer's post was not immediately filled.

★ ★ ★

The supervisor vacancy was created Monday night when Democrat James E. Seeterlin resigned to become county treasurer.

PHONED SON

After being sworn in by Clerk Elmer Fangboner, Mrs. Olson phoned her son, Christopher, a 22-year-old senior at Michigan State University, to tell him the good news.

Mrs. Olson, who lives with her husband Luther C. at 3599 Shoals, then hurried off to a Democratic dinner at Livonia in honor of Congressman Bil-

4 AF Noncoms Said Abducted by Viet Cong

Halted at Roadblock en Route From Resort; Giant Search Begun

SAIGON, South Viet Nam (AP) — Four U.S. Air Force personnel have been abducted by the Viet Cong, a U.S. military spokesman said tonight.

The spokesman said the Americans, all noncommissioned officers, have been missing since last Sunday night and a gigantic search and rescue operation is underway to recover them.

As he explained it, the four were stopped at a roadblock between the seaport of Vung Tau and Saigon. Vung Tau is 45 minutes southeast of Saigon on the South China Sea.

Their names were withheld pending notification of next of kin.

★ ★ ★

Small groups of Americans ordinarily make the trip between Saigon and Vung Tau, both a military center and a popular resort by plane or helicopter.

NO EXPLANATION

There was no official explanation why the four were traveling by car.

However, informed sources said they had been vacationing at Vung Tau and hitched a ride to Saigon because their aircraft was disabled.

These sources said one of the Americans had escaped, but there was no official confirmation.

In other developments, U.S. Navy jets struck at a Communist surface-to-air missile site 35 miles east of Hanoi after a Navy F8 Crusader jet was shot down near the site, a U.S. military spokesman said today.

Pilots reported that one missile launcher was hit in the raid yesterday. They said they also saw another explosion in the complex.

Ford Hits 'Arrogant' LBJ, 'Rubber Stamp' Congress

WASHINGTON (AP) — Rep. Gerald R. Ford, R-Mich., said yesterday arrogance by President Johnson's administration and "failure of the Congress to act as a deliberative body" marked the session of Congress which ended last month.

Ford, Republican House leader, issued an analysis of the handling of various bills, concluding that "whenever a party that holds possession of the executive branch of the national government also enjoys overwhelming dominance in the Congress, the Congress becomes a satellite of the president."

Ford said, "There is no other word but arrogance" for actions like the nomination of Francis X. Morrissey for a federal judgeship in Boston.

After a furor developed over Morrissey's qualifications, the nomination was dropped from Senate consideration.

Other examples of what Ford called arrogance:

● "The withholding of federal funds from the City of Chicago in defiance of the procedures established by Congress."

● "Procedures in the Congress that silence dissent and preclude careful consideration of legislation."

★ ★ ★

● "Opposition to freedom of information legislation which would permit the public to know what is going on in the government which it pays for."

● "The behavior of administration spokesmen, including the President and the vice president, when they pointedly imply that the consideration which the problems of a locali-

Industry Lauded for UF Effort

A big share of the credit for the success of the 1965 Pontiac Area United Fund campaign has been given to the local industrial community.

Demonstrating labor-management cooperation, area plants and their employes joined to contribute nearly 70 per cent of the record $1,000,107 collected in the UF drive.

The industrial division of the drive, headed by Fisher Body head Thomas Wiethorn, topped its goal by 25 per cent. The amount raised totaled $733,150.

General Motors Corp. donated the largest single corporate gift, $165,000. Employes at the local GM plants contributed $527,934 for a total of $692,934.

★ ★ ★

Pontiac Motor Division had the highest participation, 90 per cent, contributing $276,957. Hourly workers contributed $163,075 while salaried workers donated $113,882.

72 PER CENT

Neighboring Fisher Body plant employes gave $74,619 for 72 per cent participation in the annual UF drive. Hourly employes donated $52,124, while salaried workers gave $22,495.

Fisher Body salaried employes had 100 per cent participation.

GMC Truck and Coach Division employes contributed $176,358 with hourly workers giving $101,028 and salaried $75,330.

★ ★ ★

Four other industrial division contributors upped the major manufacturers' quota.

FIRMS INCLUDED

These included Consumers Power Co., $6,000; Briney Bushing, $400; Universal Oil Seal, $750, and Pontiac Varnish, $600. The total corporate gifts were $7,750.

Employes of these firms (in the same order) donated $6,070, $792, $2,343 and $1,653, respectively. The total employe contributions were $10,858.

Major manufacturers contributed a total of $711,542, well over the quota of $569, 129.

Some 44 small manufacturers and their employes also surpassed their collective quota, raising $9,608 for the UF campaign.

Those firms in the special designations classification gave

Meg Won't Limit Visit to High Society

SAN FRANCISCO (AP) — Britain's Princess Margaret, having completed a tourist's tour of San Francisco, plunges into the official side of her United States trip today.

★ ★ ★

She is visiting the University of California's nearby Berkeley campus and then tastes her first Western-style barbecue.

The meat will be sliced from a 50-pound wild boar on the Monterey Peninsula, 135 miles south of San Francisco.

The princess, accompanied by her husband, the Earl of Snow-

don, made it clear yesterday that much of her tour is strictly pleasure.

★ ★ ★

She smilingly overrode security guard misgivings and boarded a San Francisco cable car for an eight-block ride up steep Russian Hill.

FROZE MOMENTARILY

Although she appeared delighted with the trip, she froze momentarily when photographers crowded around the open cable car, held back by only a wall of security men.

The high benches in the open end of the cars face the sidewalk and there is no protection from the elements save the roof.

Such seats are favored by women with pretty knees.

★ ★ ★

Regular passengers aboard the cable car obviously were delighted with getting such a close view of the princess and her husband.

600 Dems Jam Hall for Farnum Tribute

Democrats, 600 strong from Oakland and Wayne counties, last night paid tribute to Billie S. Farnum, the freshman congressman from the 19th District.

The popularity of the former state auditor general from Waterford Township was reelected in the turnout.

The number attending the testimonial dinner at Roma Hall in Livonia was twice that expected by the 19th Democratic Congressional Committee. Another room had to be opened to handle the overflow crowd.

Party members paid $15 a ticket or $20 a couple to attend the dinner and hear speeches given by Farnum and Detroit Mayor Jerome P. Cavanagh.

The 89th Congress, Farnum said, through its actions to "wage war on poverty, get rid of slums, to give the right to everyone to vote and to find causes and prevention of disease" was able to release all the frustrations of past Democratic platforms that were never carried out.

"I believe that I am the first one to be able to stand before you and honestly say that I have been a member of Congress that has fulfilled all my campaign promises," Farnum added.

"Through the Great Society programs, there has been an awakening interest in the huge problems facing the major urban areas all over this nation," Cavanagh said.

"It is time to look directly at our cities — look at them hard — and set to work to design legislative programs which, instead of ignoring cities, will help them meet the crushing problems of crime, poverty, school dropouts, blighted neighborhoods, industrial old age, air and water pollution and mass transportation."

Nankin Group Is Up in Arms

Women Cite Lack of Police Protection

DETROIT (AP) — Twenty-three women went to the Wayne County Road Patrol Friday to complain of inadequae police protection in suburban Nankin Township, and seven of them took out pistol permits.

★ ★ ★

The other women, all of whom live in the township, said they would return to the patrol's Inkster station Monday to get pistol permits.

★ ★ ★

The women cited one rape and two other attacks on women within two weeks. They also complained of obscene telephone calls and child molestings.

The latest attack came Thursday night when Arlene M. Necker, 28, an office worker who lives alone, fought off a man who broke into her home and attacked her with a hammer. She suffered head cuts. The attacker escaped.

ADMITS INADEQUACIES

Capt. John DeVos, acting head of the Road Patrol, agreed that police protection was inadequate, and pointed out that the county auditor's office had turned down a request of 26 new sheriff's deputies.

"It's inadequate all right, but we're doing a whale of a job for the number of men involved," said DeVos. "They handle four times the number of calls per man that the Detroit police handle."

Mrs. Douglas Bowers, a mother of four, told DeVos:

"We're living in fear out here. Some of our husbands work at night, and many of the wives keep all the lights on all night.

★ ★ ★

"It's getting to the point that baby sitters are afraid to come into the area," she added.

Rain or Drizzle Is Due Tonight, Possibly Sunday

Light rain or drizzle with slightly cooler temperatures will hover over the Pontiac area tonight. There's a chance of rain again tomorrow.

Temperatures falling into the high 40s tonight will climb to 50 to 57 tomorrow.

The forecast for Monday is partly cloudy and cool.

A mild 50 degrees was the low recording prior to 8 a.m. in downtown Pontiac. At 1 p.m. the mercury stood at 57.

EXPANSION UNDER WAY — Workers at the J. L. Hudson Co. expansion site at Pontiac Mall are busy these days laying the groundwork for the $2.4-million addition. Completion of the structure, which will give Hudson's another full-line department store, is set for the spring of 1967. In addition, six fashion shops will be built as part of the expansion program.

Britain's Vote Plea Gets Rhodesian 'No'

SALISBURY, Rhodesia (AP) — Prime Minister Ian Smith rejected today British Prime Minister Harold Wilson's proposal for a vote among Rhodesia's white minority and black African majority on whether they favor independence on the basis of the 1961 constitution.

"I regret to say the impression you left with us (during Wilson's recent visit to Salisbury) of a determined effort to resolve our constitutional problems has been utterly dissipated," Smith said in a letter to Wilson.

* * *

"It would seem that you have now finally closed the door you claimed publicly to have opened," Smith said.

Wilson made his proposal in a letter to Smith Wednesday.

RHODESIAN REPLY

Smith's reply said:

"I regret to tell you that the only conclusion to be derived from your letter is that it is tantamount to, and can only be interpreted as, a rejection of the proposals regarding a royal commission agreed with you in Salisbury."

* * *

The reference by Smith to the closing of the door, and Friday's dramatic declaration of a countrywide state of emergency, gave rise to fresh speculation that Smith and his all-white government may be preparing the way for an early unilateral declaration of independence.

But Smith was scheduled to leave the capital during the weekend and some observers took this to mean that he did not plan to seize independence immediately.

ROYAL COMMISSION

Wilson had agreed to Smith's proposal that a royal commission decide whether all Rhodesians want independence on the basis of the existing 1961 constitution. Rhodesia's 225,000 whites control the government and wealth of this central African colony.

Britain refuses to grant independence without being satisfied with arrangements for full political voice for the colony's four million Africans.

* * *

White Rhodesian authorities also faced the prospect of a rebel black government being set up inside the country.

Police announced that they had seized a number of pamphlets saying that the banned Zimbabwe African People's Union would form a government if Britain did not break off negotiations with Smith by Nov. 16.

Withdraw Bid -- Morrissey

Marks End of Unusual LBJ-Kennedy Drama

JOHNSON CITY, Tex. (AP) — The final curtain has been drawn on an unusual political drama involving President Johnson and the family of John F. Kennedy — the controversial nomination of Francis X. Morrissey for a federal judgeship.

* * *

Johnson, recuperating from surgery at his ranch home near here, received a letter from Morrissey Friday in which the Boston municipal court judge, a long-time political aide of the Kennedy family, said:

"To prevent further anguish to my family and further harassment to you and to those who have supported me so loyally, I respectfully request that my nomination to the federal bench be withdrawn."

'REAL COURAGE'

Johnson wired back that he would scrap the nomination as requested, but added:

"Let me say that you have in recent weeks demonstrated real courage and qualities of character I greatly admire and of which your children can always be proud."

All this was anticlimactic in the sense that Morrissey's chief sponsor, Sen. Edward M. Kennedy, D-Mass., last month had the nomination put in the deep freeze after running into strong opposition from the American Bar Association and such colleagues as Senate Republican leader Everett M. Dirksen.

This Time It Paid to Be No-sy

A 24-year-old Pontiac woman yesterday showed remarkable sales resistance when given the "hard shell."

Rosalee Henderson of 20 Lester told police a well-dressed man, holding a paper bag he said contained five diamond rings, jumped into her parked car in front of 154 N. Saginaw.

Would she buy the rings for $20?

No.

Well—she could have them for $10.

Still no. At that point, the man pulled out a pistol and repeated the $10 offer.

. . . No.

The man fled.

Vote Law Due Early Ruling

Supreme Court Takes Original Jurisdiction

WASHINGTON (UPI) — The U.S. Supreme Court, in a move to forestall drawn-out court battles and possibly allow thousands of southern Negroes to vote in 1966 primary elections, will give an early ruling on the constitutionality of the voting rights.

The high court's decision, reached over the dissenting votes of three of its nine justices, means that a decision could be handed down in time for Negroes to participate in next spring's primary elections.

It also means that the usual legal procedure, under which the Supreme Court cannot act until a case has made its way through lower courts, will be bypassed.

* * *

The authority for such a bypass is provided by the Constitution in disputes between the states and the federal government.

GAINS APPROVAL

The court's order was met with approval from the Justice Department and Southern officials.

South Carolina State Attorney General Daniel R. McLeod said the action was 'exactly what we wanted."

South Carolina filed its case with the Supreme Court last Sept. 29 and the Justice Department followed Oct. 21 with a request that parallel cases be filed against Alabama, Mississippi and Louisiana.

* * *

The department's request was in line with its hopes the law could be declared constitutional with as little delay as possible.

So far, nearly 50,000 Negroes have been registered by federally appointed voting examiners under the law's provisions, which suspends literacy and other voting qualification tests in the four states already involved plus all or part of Georgia, Virginia and North Carolina.

* * *

Last night's order by the court rejected the government proposal for suits aginst the three other states. But at the same time, it allowed any state to ask permission to join South Carolina in its suit.

Justices Hugo L. Black, John M. Harlan and Potter Stewart voted against the order.

U.S. Will Try Klansmen in Liuzzo Death

MONTGOMERY, Ala. (AP)—Three Ku Klux Klansmen will be tried in Federal Court on charges stemming from the death of Mrs. Viola Liuzzo, a Detroit housewife and civil rights worker.

U.S. Dist. Judge Frank M. Johnson Jr. has set trial for the week of Nov. 22.

* * *

One of the men, Collie Leroy Wilkins Jr., was acquitted in state court at Haynesville of the slaying.

It was the second trial for the 22-year-old Fairfield mechanic. The first trial ended with a hung jury.

INNOCENT PLEAS

The three were arraigned in Federal Court and all entered pleas of innocent to charges of conspiring to violate Mrs. Liuzzo's civil rights.

The federal statute carries a maximum punishment of 10 years in prison and a $5,000 fine.

* * *

The other men, William Orville Eaton and Eugene Thomas, have not been tried on state murder charges.

Soviet Break Dims U.N. Kashmir Truce

UNITED NATIONS, N.Y. (AP)—The threat of a U.S.-Soviet split on the India-Pakistan crisis cast a shadow today over a new move by the Security Council to enforce the shaky truce.

The Soviet Union broke the big power unanimity that had prevailed on the issue when it abstained Friday on a council resolution demanding that both sides stop violating the cease-fire and agree to a deadline for pulling back their troops.

* * *

Soviet Ambassador Nikolai T. Fedorenko said he refrained from voting because the resolution ignored a Soviet demand for a three-month limit on keeping U.N. truce observers in India and Pakistan.

Fedorenko, however, did not cast a big power veto, which would have killed the resolution. It passed 9-0 with the Soviet Union and Jordan abstaining.

MIGHT BE SCUTTLED

Delegates expressed fear that U.N. efforts to establish a meaningful peace between India and Pakistan might be scuttled if the two big powers split over the issue.

The rear cooperation shown by the United States and the Soviet Union in working to stop the shooting war on the Indian subcontinent has been credited largely for the Security Council's success in bringing about a cease-fire.

* * *

With the threat of economic sanctions bolstering the council's demands for a truce, India and Pakistan complied.

A cutoff in economic aid from the United States and the Soviet Union would have spelled financial disaster for both.

BLAMES U.S.

Fedorenko blamed the "United States and others" for the break in the united front that had seen the council make unanimous decisions on the Asian crisis except for a lone Jordanian abstention on Sept. 20.

"We have drawn special attention," he told the council, "to the fact that the Security Council should set up a concrete time limit for the presence of U.N. observers, which in any event must not exceed three months.

Ford's complaint on handling of legislation included:

- The Arts and Humanities bill was considered only about 15 minutes by the committee on education and labor before it was approved.
- The same committee overrode bipartisan complaints about the formula for distributing federal funds for elementary and secondary education, and the House rejected at least 10 proposed amendments without discussion.
- "The higher education bill was reported out of the education and labor committee in great haste, apparently at the command of the White House."
- Consideration of the highway beautification bill was rushed bothin the public works committee and on the House floor, with eight minutes of debate allowed on five separate amendments.
- The bill to repeal the Taft-Hartley Act provision under which some states ban union shop contracts was brought to the House floor under a restrictive rule which prevented consideration of safeguard amendments.

Gemini Launch Now Dec. 6?

HOUSTON (UPI) — Sources maintained today America's four-man space spectacular slated for December will get started Dec. 6 so that the flight can wind up in time for the Christmas holidays.

Dec. 6 would be two days earlier than the officially announced previous target date of Dec. 8.

The flight will have a Gemini 7 spaceship with astronauts Frank Borman and James Lovell aboard launched into orbit first for a 14-day trip, longest ever.

Around eight days after their ship goes into orbit, a Gemini 6 spacecraft carrying astronauts Walter M. Schirra and Thomas P. Stafford will be sent into space to chase down and draw into sight of the first spaceship.

That sort of "rendezvous" in the cosmos is one key to a successful manned journey to the moon.

Schirra and Stafford will try to get within 100 feet of the craft of Borman and Lovell but will not try to hook up with it in a "docking" maneuver that will also have to be perfected in future flights.

The next Gemini flight after the four-man "Spirit of 76" flight will be Gemini 8 early next year.

Policemen Pick PPOA in Election

The PPOA, along with the Pontiac Firefighters Association, has rejected a set of pay schedules implemented recently by the City Commission.

As a step toward formal negotiations, the PPOA asked for the election.

Bomb-Removal MDs Praised

SAIGON, South Viet Nam (AP)—Nguyen Van Chinh looked forward today to getting back to his farm after two American doctors removed a live grenade from his back.

"They endangered their lives to save mine," Chinh said of the doctors who operated on him Friday. "Why did they do this for a lowly Vietnamese farmer?"

* * *

The doctors were Maj. Gen. James W. Humphreys Jr., an Air Force chest surgeon from Richmond, Va., and Air Force Col. Daniel Campbell of Inlet Beach, Fla. British Dr. Tony Brown gave Chinh a local anesthetic.

Vietnamese doctors said the frail, 52-year-old farmer was in good condition. He was able to sit propped up in his hospital bed while being fed intravenously. He will not be permitted to eat regular food for a few days.

RESTED ON BACK

Chinh rested on his back Friday night for the first time since Sunday when a Viet Cong fired a 40mm grenade at him from a launcher as he stood outside his house. Chinh lives in Long An Province, about 30 miles south of Saigon.

Michigan Claims Fund – 1

New Laws Costly to Uninsured Drivers

(EDITOR'S NOTE: This is the first of two articles on Michigan's recently adopted motor vehicle accident claims fund and the resulting changes which vehicle owners face when purchasing their 1966 license plates.)

By DAVID J. COOK

Michigan drivers having no proof of insurance when they buy their 1966 license plates will be required to pay — in addition to the regular license fee — an assessment of $35 as uninsured motorists.

* * *

Their money buys them the same privileges given to insured drivers for only $1:

- The right to drive on state roads.

* * *

- The right to file claims against the newly established Motor Vehicle Accident Claims Fund.

The special fee, however, **isn't worth a cent as a substitute for regular insurance.**

An uninsured driver whose negligence results in a claim against the accident fund must repay every cent of the damages.

In the event repayment is not arranged, the uninsured driver faces suspension of driving privileges indefinitely and confiscation of his license plates.

PUBLIC ACTS

The new assessment, the claims fund and the penalties for failure to repay damages are all set up by Public Acts 198 and 389 of the last session of the Michigan Legislature.

Insured drivers presenting certified proof of public liability and property damage coverage pay only $1 into the fund, when Michigan Secretary of State James M. Hare estimates will grow to about $10 million.

Hare said about $400,000 of the $10 million will be required to administer the fund and process claims.

He also mentioned amendments to the law under the recently passed Public Act 389:

- Minimum claims for property damage accidents are set at $200;
- Minimums for personal injury claims, previously $50, have been removed;
- Hit-run accidents not involving personal injury are NOT covered by the fund.

MAXIMUM CLAIMS

Maximum claims against the fund are $10,000 for personal injuries to each individual, $20,000 total per accident for personal injuries and $5,000 property damage per accident.

The fund provides no payment for claims made on accidents which occur outside Michigan.

However, damages may be collected for accidents in Michigan when an out-of-state uninsured driver is at fault.

Hare advises insured motorists to continue carrying provisions in their policy for accidents involving uninsured motorists, primarily for protection when traveling out of the state.

EFFECTIVE DATE

Although fund collections have already begun with the sale of 1966 license plates, only accidents which occur on or after dents which occur on or after Jan. 1, 1966, will be honored by claims, Hare said.

Robert E. Hall, Lansing attorney and insurance claims ministrative staff.

man, will head the fund's ad-

"It's difficult to predict how many claims will be filed against the fund," Hare said.

"We're geared to handle 1,000 the first month and expect heavier volumes as we go along."

Get After Legislators on Pollution---Udall

DETROIT (AP) — Secretary of the Interior Stewart Udall today urged that legislators be "bird - dogged" by concerned citizens to do more to preserve America's natural beauty.

In a speech prepared for delivery before a "clear water" conference sponsored by the United Auto Workers union, Udall said such legislation still "requires creative shepherding."

"You are proving here today that you are willing to provide that nudge, that prod, that get-up-and-go urgency which turns sterile lines in a congressional register into pure water in Lake Erie," Udall said.

Calling water "without a doubt our most abused resource" Udall said time to deal with pollution of America's rivers and lakes "is running out."

OVERRIDING PROBLEM

"Whether it be detergent foam bouncing along the surface of bubbling brooks, or the great cloudy mass of algae which is sucking the life - giving oxygen out of the waters of our greatest lakes, the overriding problem is one of pollution," he said.

"If anything can result in an awakened citizenry, surely it is the death of one of our Great Lakes," Udall said.

As a particularly shocking example of Lake Erie pollution, Udall cited a report published in the Saturday Review that blue pike production in 1956 was nearly seven million pounds, worth $1,316,000. By 1963, the catch was down to 200 pounds, worth $120.

"The figures are so startling that my first reaction was, 'It must be a misprint'," Udall said. "That a body of water the size of Lake Erie could become so polluted in that short a time is a threat which cannot be ignored."

Udall then said "but good things are beginning to happen. Some of them are large and visible — like this conference. Some of them are small, unsung — like the use of pulverized coal to filter wastes— a filter that for the time being provides a means of taking the algae - producing phosphorus out of the solution.

"I have high hopes for this conference. It is exactly the kind of citizen action which is required to turn Great Society legislation into a truly Great Society."

Apply Child Psychology Bodily, Says Film Star

By EARL WILSON

NEW YORK — Rosemary Forsyth, a leading lady of the movies at 22, has publicly declared herself for the taming of today's teen-agers, further asserting "There is no child psychology like a good crack in the can!"

WILSON

Considering that Miss Forsyth, blonde, 5'9½ and Charlton Heston's leading lady in "The War Lord," is not long away from her own teens, this seems fairly sharp talk, but she has gone further and said, "Young people today have too much freedom. They really want and love discipline, but their parents are too soft to discipline them. What's wrong with the parents?"

Drinking a glass of Chablis with her lunch at Gallagher's, as her glasses rested up on her forehead, she said, "Listen, I hated my mother and father when I was a teen-ager . . ."

"Why?"

"Probably because they wouldn't let me stay out after 9 o'clock . . . or just because they existed," she said.

"But now I know that discipline is needed, and it is not enforced by enough parents.

"People say today's children are wild, and they're right. The idea of girls dating at 12! They should be jumping rope or working their books instead of flirting with boys and putting on too much lipstick!"

Rosemary's pretty worldly for her 22. She's modeled in New York, she played Jimmy Stewart's daughter in "Shenandoah" — but to her the tales she's heard about Hollywood adults aren't as alarming as those she heard here about Westchester children.

"A relative of mine has a 10-year-old son who gets calls from little girls for dates. What's wrong with the mothers?"

Earth Comet Target?

KANSAS CITY (AP) — Meteors crashing into the earth are as old hat as last year's television comedies, but have you given any thought to being hit by a comet?

R. H. Nafziger of Pennsylvania State University has, and he told about it today in a paper prepared for the Geological Society of America's annual convention.

* * *

Scientists know that about 326 comets are making their lonely tours around the sun, some taking more than 100 years for one trip, some taking less. In the last 100 years, Nafziger said, 217 comets have been seen passing the earth.

So what are the chances of a collision?

10 MILLION YEARS

"One comet could be expected to hit the earth approximately every 10 million years, based on available data," said Nafziger.

He didn't say what year this is, but suppose it were No. 10 million?

* * *

An average comet "would produce destruction comparable to that of a rock body 800 kilometers (500 miles) in diameter," he said.

"Most comets hitting the earth would not appreciably change its axis with the exception of a rare encounter with an extremely large comet having a concentrated nucleus."

LONG TAIL

Scientists have estimated a comet's head to be from 30,000 to 100,000 miles in diameter, but its main body is only about the size of the earth — which is 72,900 miles in diameter. A comet's tail is about 100 million miles long.

The most recent comet was Ikeya-Seki. It swept in from the solar system last month, did a 200,000-mile loop around the sun and headed away again.

* * *

At the three-day geologists' convention, which concludes today, much attention has been paid to the pock-marked surfaces of the moon and Mars. Mostly these craters have been explained away as the results of meteors bombarding these spheres in the last four billion or more years.

Attention should also be paid to comets, says Nafziger.

* * *

Some phenomena on the moon and on the earth "cannot satisfactorily be explained by meteoritic impact and attention has now been focused on comets for an explanation of these phenomena," he said.

Daughter Dies; Wife, 3 Children Critical

HARTFORD, Conn. (AP) — A plant foreman fatally wounded his daughter, critically wounded his estranged wife and their three other children, then committed suicide, police say.

Officers also say Kenneth Cilley apparently planted explosives in his own house, which blew up a half hour after the shootings Friday.

Dynamite and blasting caps were found in his car, according to police.

Near death with bullet wounds in the head were Shirley Cilley, 30, and her remaining children.

POLICE ACCOUNT

Police gave this account:

Cilley, 43, an aircraft factory foreman, had been separated from his wife several months and was scheduled to appear in Superior Court in Middletown to face nonsupport charges Friday.

When he arrived at her yellow frame house in Durham from his home in Glastonbury about 7 a.m., Cilley reportedly told his wife that he had gifts for the children. Mrs. Cilley let him in.

According to a neighbor, Margaret Kowalski, the children, happy to see their father, ran out to greet him.

HEARD YELLING

As soon as Cilley entered the house, Mrs. Kowalski reported, there was yelling and door slamming, then gun shots.

The neighbor said she ran to the Cilley home and found Mrs. Cilley and the children shot. Mrs. Kowalski reported that the mother was conscious and said, "He shot all the kids, please go and get some help."

Police reported that after Cilley had shot his wife and children, he went to the basement and shot himself in the head with a pistol. He died 12 hours later.

Mrs. Cilley and the children were hospitalized in Hartford, where 2-year-old Karen Cilley died shortly after being admitted.

'No State Approval for Hospital Services'

Members of the Oakland County Mental Health Services Board were told yesterday that their proposed contract for services from Pontiac State Hospital would not receive state approval.

Dr. Philip B. Smith, assistant director of the Michigan Department of Mental Health, so advised the board.

Dr. Smith said that the hospital already is obligated for services to Oakland County "as fully as possible."

He explained that the existing shortage of personnel and the difficulty in recruiting new employes would prohibit an extension of the hospital's present services.

★ ★ ★

The contract has been in the negotiation stage for over a year.

Dr. Smith, however, cited the possibility of a program with the hospital on an overtime basis providing the institution was agreeable to freeing employes to work beyond the normal 40 hours.

This suggestion followed an inquiry by Dr. Robert E. Walden, psychiatrist-director of the County Mental Health Services Board, on whether an outpatient clinic could be established with employes working on their own time.

Board members indicated they would explore the possibility of the outpatient clinic to provide evening and Saturday services. Wages would be paid by the board.

★ ★ ★

In other business yesterday, the board reached an impasse after a lengthy discussion on whether to require that the director of child guidance clinics be a psychiatrist.

SEE DIFFICULTY

Although the budget provided for hiring a psychiatrist, some of the board members felt the difficulty in finding a person for the job might throttle the program.

★ ★ ★

The state does not require that a child guidance clinic director be a psychiatrist but a clinic must have a psychiatrist as a staff member at least on a half-time basis.

★ ★ ★

The board decided to hold a special meeting on the psychiatrist director issue. No date was set.

Fire Damages Donut Shop in Utica Today

An early morning fire caused extensive damage to a downtown Utica store today.

Although flames were confined to the Utica Donut Shop on Auburn Road, smoke damaged unoccupied apartments in the wood-frame building and an adjacent church and restaurant.

According to Robert Beck, assistant chief of the Utica Volunteer Fire Department, damage to the contents of the doughnut shop was heavy.

Beck noted that the blaze was under control in less than one-half hour after it was reported at 12:15.

★ ★ ★

However, fire fighters remained on the scene until almost 5.

Fire departments from Shelby and Sterling townships provided assistance.

Oldsters remember when they spoke of "flying" they spoke of angles; we think of jet planes streaking across oceans. They remember when the first phonograph was demonstrated to scientists in Paris the demonstrator was booted out of the hall as an imposter, a ventriloquist; phonographs entertain more people than all the musicians ever assembled in Paris, or France.

We sneer at religion and pray for help when it seems beyond temporal possibility. Treaty Foes in Protest

TOKYO (AP) — Police clashed outside Parliament today with demonstrators protesting a treaty to normalize relations with South Korea.

The demonstrators came in two waves, one of about 10,000 and a second of around 3,000, to present petitions asking members of Parliament to reject the treaty signed in June with the government of South Korea.

★ ★ ★

Only approval of the Japanese Parliament is needed for the treaty to go into effect. The Korean National Assembly approved it in August. Widespread protest demonstrations in Seoul accompanied the Korean approval.

With the demonstrators shouting outside, an ad hoc committee of the Japanese Parliament overrode opposition tactics to stall the treaty measure and sent it to the floor for final debate and voting.

38 ARRESTED

Police said they arrested 38 demonstrators on charges of obstructing police duties.

Ten students and seven policemen were reported injured.

After the ad hoc committee's approval, the demonstrators went home but opponents to the treaty warned of more public protests. Police set up barricades around the home of Prime Minister Ekisaku Sato and at strategic points around Parliament.

In Parliament, Socialists, Communists and other opponents to the treaty accused Sato's Liberal-Democratic party of steamroller tactics in the ad hoc committee and demanded the ouster of Sato's government.

RAP TACTICS

Even the Moderate Democratic Socialists, who had voiced approval of the treaty, criticized the Liberal-Democratic tactics in the committee. The bill was approved in committee by a standing vote taken by the speaker in the midst of shouting and other disorders after shutting off debate.

Bliss Resting After Spasms

ALBUQUERQUE, N.M. (AP) — Ray C. Bliss, chairman of the Republican National Committee, was reported resting comfortably today. He had suffered pains in his chest following a luncheon talk to the Western States Republican conference Friday.

Dr. Jack C. Redman, who was with Bliss in his hotel room at the time of the attack, said Bliss did not suffer a heart attack.

Bliss, who will be 58 in December, is expected to remain hospitalized for a day or two.

NO PAIN

Redman said Bliss reported no pain late Friday night, ate his dinner "and was in good spirits."

The Albuquerque physician called in a heart specialist, Dr. Henry V. Terrell, and the two doctors had Bliss taken to Presbyterian Hospital as a precaution.

Redman said there was no immediate indication of what caused the muscle spasm in Bliss' chest.

Number of Blind at 10 Million, Said Rising at Alarming Rate

WASHINGTON (AP) — There are 10 million blind people in the world, and blindness is increasing at an alarming rate, an organization devoted to fighting blindness reported today.

★ ★ ★

In the United States alone, 350,000 people are totally blind and 650,000 others are functionally blind, that is, they are so handicapped they cannot read this even with the aid of eyeglasses.

And while blindness increases, approximately 80 per cent of the blindness cases result from disease whose cause is still unknown to science.

This information was made available by Research To Prevent Blindness, Inc., as that voluntary health agency opened a four-day conference on major problems of vision.

EYE MALFUNCTIONS

Here is some additional data:

In addition to the million blind or functionally blind Americans, 90 million Americans have some eye malfunction. This is almost half the U.S. population.

The nation spends $1 billion a year to care for persons already blind and less than $10 million a year on eye research.

★ ★ ★

Only 5 per cent of blindness cases are caused by injuries, and only about 3 per cent are caused by poisoning.

The greatest single cause of blindness is trachoma, a virus disease of the eyelids that can lead to serious scratching of the eyeballs. Most prevalent in Africa, trachoma affects about a sixth of the world's population.

★ ★ ★

"The time is at hand," says the health agency, "for a vast expansion of the total eye-research effort — not only in the exploration of new methods of dealing with existing diseases and conditions, but in the projection of an organized search for answers to ages-old problems of vision and blindness which alone can bring eventual victory in the preservation of sight."

State to Get 1st Look Into Phone Cost

LANSING (AP)—The Michigan Public Service Commission expects to get its first complete inside look at telephone costs and rates as the result of a formal federal probe.

The commission formally will intervene in proceedings scheduled by the Federal Communications Commission to determine proper charges for services provided by the American Telephone and Telegraph Co.

★ ★ ★

Commission Chairman Peter Spivak said this will be the first complete proceeding ever ordered by the federal commission investigating charges by American Telephone and Telegraph and its associated Bell System companies.

The federal commission will look into the company's revenue requirements, the separation of plant investment between intrastate and interstate operations.

REASONABLENESS

The federal probe also will dig into the reasonableness of charges to American Telephone and Telegraph and Bell by Western Electric Co.

★ ★ ★

The division of charges between service within a state and that crossing state boundaries on the same transmission lines is a factor that affects local costs, Spivak said. It also is one that never has been fully investigated.

The charges by Western Electric, the equipment manufacturing subsidiary of American Telephone and Telegraph, also affects costs within the state, he added.

Brucker Takes 'Tough' Line

Raps Delay by Hare of Districting Session

LANSING (AP) — Republican members of the legislative apportionment commission demonstrated a new "get tough" approach Friday.

They also displayed dissension in their ranks.

★ ★ ★

They were keeping their original date with Secretary of State James Hare, serving for the first time as secretary to the commission, said Republican Cochairman Wilber Brucker. They also were protesting Hare's "unilateral action" in postponing the commission's first meeting by a week.

The commission was reactivated by an order of the Michigan Supreme Court Tuesday, giving the eight - member bipartisan group 60 days to try again to redistrict the legislature.

4-4 DEADLOCK

The commission repeatedly reached 4-4 dealocks in 1963-64, throwing the job of picking a districting plan to the Supreme Court.

Brucker told a Republican goup earlier in the day the four GOP members of the commission had tried a friendly, cooperative approach with the Democrats the first time around.

That got them nowhere, he said, and announced they would take the initiative and follow a "hard line" this time.

★ ★ ★

He wound up his criticism of Hare with a denunication of the "unethical and immoral...gerrymander" of the Legislature by the Democratic plan adopted last year.

Commission member William Hanna, a Muskegon attorney, then said he was "disassociating myself from the remarks about gerrymandering.

"If he's going to start that again, then we're off on the same arguments that deadlocked the commission last time," he added.
