SMART bus route now includes stop at Cooley Law School

The Suburban Mobility Authority for Regional Transportation (SMART), which is already serving the Oakland University community with bus routes to many popular area destinations, has added Cooley Law School to its list of stops.

Frequent arrivals and a number of connecting routes that offer access to sites throughout southeastern Michigan create a convenient transportation option for students, staff, faculty and visitors.

Maps of local bus routes and links to SMART bus route schedules are available under the "Campus Resources" link on the **News @ OU** Web site. Additional information on SMART bus routes, fares and more is available at www.smartbus.org.
