Longer Toll Road Approved by MTA

Ohio-Mackinac Plan by Higgins Given Support

Chairman Is Authorized to Petition Legislature for Go-Ahead

By BURDETT C. STODDARD

ANN ARBOR—Extension of the proposed north-south toll road from Saginaw to the Straits of Mackinac won unanimous approval from the Michigan Turnpike Authority meeting here yesterday.

The plan to more than double the length of the project, first set up to cover 113 miles between Rockwood and Saginaw, was advanced last week by MTA Chairman George N. Higgins.

The authority authorized Higgins to take steps toward getting the State Legislature to approve the extension, which is seen as making the project more attractive to New York financiers.

Authority Chief Engineer E. Thomas Baker said a relocation of an interchange planned for Pontiac's northeast corner, as suggested by the city, probably would not be approved.

Pontiac officials recommended that the interchange (a point where cars could get on and off the turnpike) be moved from M24 near Opdyke Road west to a site on Walton boulevard.

Baker said the present location would serve better in handling north-south traffic.

The authority approved a rerouting of the turnpike southeast of Flint in Genesee County's Richfield Township which will take the route east of the present Kearsley School and a new high school site. It previously ran between them.

When the Pontiac interchange location is made final, said Higgins, all objections will have been cleared over the route from Bridgeport south to Eight Mile Road (80 miles).

Petitions have been received from residents in the Ortonville area asking an interchange to connect the turnpike with M15, said Baker.

The proposal will be studied, he stated, and land possibly acquired to allow installation of the interchange at some future time.

Turnpike Consulting Engineer Murray D. VanWagoner said he had met with the Bloomfield Hills City Plan Commission to discuss a change asked by them in the location of the interchange planned just south of Pontiac at Woodward Avenue.

They asked the location be moved farther north, said VanWagoner, "but I think they're now convinced our first location is the better one."

Other route problems still have to be agreed on in Allen Park and Dearborn, said VanWagoner.

An estimate of the cost involved in extending the route to the Straits will be prepared immediately, Higgins stated.

Although the extension would more than double the toll road's length, it will not double cost, he explained. The longer route will allow lower bond-interest rates and right-of-way in northern Michigan will not be as expensive as in the State's southern part, he added.

State Highway Commissioner Charles M. Ziegler, commented on the Ohio-straits toll road proposal:

"If investors are willing to risk capital in a venture of this magnitude then this is truly a time of financial miracles and I am ready once again to believe in Santa Claus."

Ziegler recalled that the original authority plan was to build the eastern toll road to Kawkawlin north of Bay City, but than an engineering analysis showed the road could not pay for itself that far north.

Ziegler said that on this basis he di dnot see how a toll road to the straits was financially possible.

The Coming of the King

VIII—Marco Polo's Story

By NORMAN VINCENT PEALE

Herod, King of Judaea, was a sly, cruel old man. Not a member of one of the great families from which the Jewish kings usually came, he had been given his title by the Roman, Marc Antony. In his time, he was famous because he had ten wives and a palace full of relatives who were always quarreling with each other.

And in this palace he waited for the wise men from the East to come back to Jerusalem and tell him where they had found the child born to be king. Even as he waited, he could almost feel his throne vanish under him.

THE GIFTS OF THE MAGI

But the wise men were not wise men for nothing. After they had worshipped the infant in His manger at Bethlehem, they rested before beginning their return trip. As they rested, an angel appeared to them and warned them against Herod. So they planned their journey back by trails which would carry them far from Jerusalem and the power of its evil king.

Unlike our knowledge of what happened to the three shepherds who also came to worship, we do know a little more about these kings from the Orient. For, almost 1,300 years later and more than 600 years ago, that great traveler from Italy, Marco Polo, was passing through a Persian village. There he was told that this was as far as the magi had come together; then they parted and went their separate ways.

But before they left, they told the villagers of the new king they had seen in the stable at Bethlehem. Caspar, the youngest of the wise men—he didn't even have a beard—spoke first. This greatest of kings was a handsome, beardless youth, he said. The other two magi stared at him in surprise.

"Oh, no!" they exclaimed in almost one voice.

Tomorrow: What the Wise Men Saw.

Parking Problem Plagues Christmas Shopping Pair

Just ask the Stanley R. Saunders of Bloomfield Township and they will testify to the tremendous need for increased parking facilities in Pontiac.

The couple, who live at 204 Glengarry, decided to do some shopping here last Saturday.

"I think I drove around for over an hour before I told my wife I couldn't find a parking space, and then I went in a store to do an errand while she drove around seeking a place," Saunders declared. "All the parking lots were filled."

Mrs. Saunders spent 30 minutes looking and still didn't find a spot, Saunders reported.

The couple will also vouch for the fact that traffic congestion is heavy in Pontiac.

After turning off Saginaw onto Warren, traffic was so heavy that Mrs. Saunders ran into Oakland County Sheriffs Dept. to get a new driver's license before her husband reached Wayne street, a city block distance.

Norman L. Pattison of Connolly's called the Press' attention to the difficulty the Saunders encountered in trying to find parking space.

"First Mrs. Saunders came into the store while he drove around seeking a spot," said Pattison. "Then she went out and drove around while he came into the store to look at the articles she was considering. They simply could not find any place to park."

Pattison also told of another customer.

"He told me he knew from past experience he would not be able to find parking space downtown, so he took a cab down and back. But not everyone can afford to do that. We need more offstreet parking lots close to the business section and we need them badly. These are just two instances that have come to my attention during the past couple of days."

Six-Man Group Bids $2 Million for Tigers

NEW YORK (AP) — A six-man syndicate, headed by former major league infielder Cy Block, has made a bid in "excess of two million dollars" for the Detroit Tigers Baseball Club, the Long Island Press learned today.

Block, onetime member of the Chicago Cubs and now an insurance executive of Lake Success, N.Y. made the offer to Walter O. (Spike) Briggs, Jr., president of the American League team.

Briggs and his four sisters inherited the club on the death of their father nearly three years ago. The club was turned over to a family trust last October and is reported up fo rsale.

Sen. George of Georgia to Seek Election Again

VIENNA, Ga. (INS)—Sen. Walter F. George (D-Ga) announced his candidacy for re-election today, setting the scene for what may be Georgia's hottest political campaign.

Sen. George's decision, which has been the big question mark in Georgia politics through the fall, was announced from his law office in his hometown of Vienna.

Phoenix Basks in Sun

PHOENIX, Ariz. (AP)—Record cold waves in the East and Midwest don't mean much out here, except for the newspaper headlines they produce.

It was 78 in Phoenix yesterday, one degree less than the record high for the day set in 1917. Almost everybody went around in shirtsleeves.

Come On, Now—the Kettles Have Enough Pennies

LOS ANGELES (AP)—Have you ever wondered how many of what kinds of coins go into the Salvation Army's street corner kettles at Christmas time?

* * *

A Salvation Army breakdown yesterday showed by latest count, 30,748 pennies, 17,416 nickels, 16,442 dimes, 13,798 quarters, 4,098 half dollars, 2,468 dollar bills, 97 $5 bills, 18 silver dollars, 17 $10 bills and 11 $20 bills.

* * *

"We receive some substantial checks through the mails," said Lt. Col. Frank Wilmer, and with the small change in the kettles, "we feel that the Salvation Army is receiving help from all segments of society." The organization hopes to help 100,000 individuals and families in this area this week.

Ford to Unveil Facts Tomorrow

Secret Financial Worth Will Be Disclosed With AEC Registration

DETROIT (AP)—Profits, dividends, sales and other heretofore guarded secrets of the Ford Motor Co. will be disclosed tomorrow.

* * *

The disclosure will come in a registration statement to the Securities and Exchange Commission covering the projected sale of some of Ford's stock.

The Ford Foundation plans to sell nearly seven million shares (15 per cent) of stock it holds in the motor company, started in 1903 when the late Henry Ford and a group of partners pooled $28,000.

Created in the mid-1930's by Henry Ford, the foundation holds about 3 per cent of the company's non-voting stock.

* * *

All voting stock is owned by the Ford family, but presumably all stock is to be given voting rights to make it eligible for trading on the New York Stock Exchange. Heretofore no Ford stock has been traded publicly and details of its earnings were not required to be disclosed.

* * *

Value of shares held by the foundation has been variously estimated at from $600 apiece upward. It has been reported in some quarters the stock will be split to bring the price down with 15 or 20 shares being issued for each one now outstanding.

Cloudy Skies, Snow Tonight, Tomorrow

Although the winter season doesn't officially start until 10:22 a.m. Thursday, the weatherman predicts cloudy skies and a chance of a few snow flurries tonight and tomorrow.

The low tonight will range from 8 to 12 degrees. The high tomorrow will be from 22 to 26.

Icy blasts knifed into the nation's midsection and sliced a wide path over most of the eastern half of the country today. The cold air moved south and eastward from the midlands yesterday and temperatures dropped during the night over most of the East and South.

Europe counted 76 dead in the winter's first blizzards. Cold and frost took six lives in Sweden, four in Britain, four in Denmark, one in Norway and one in West Germany.

The lowest temperature preceding 8 a.m. in Pontiac was 7 degrees. The thermometer registered 14 at 2 p.m.

Twice as Many Presents?

Pontiac Press Photo

BIRTHDAY CHILD — Billy Welch, above, shows mother, Mrs. Pauline Welch, that he definitely prefers birthday cakes to Christmas stockings. For Billy, both birthday and Christmas fall on Dec. 25, when he will be one year old.

Drayton Plains Youngster Could Use New Birthday

What little Billy Welch could really use for Christmas is a new birthday.

He will be one year old Dec. 25.

His parents, Chester and Pauline Welch, 3237 Signet St., Drayton Plains, know Billy won't care that he doesn't have a separate birthday party this year.

His blue eyes will be happily filled with Christmas tree lights, he'll have a little taste of turkey, he'll hear the carol singing and the excited squeals of his 3-year-old brother and his sister, age 7. What more could a 1-year-old ask for?

But by the time he's three, Billy will have noticed a shortcoming in his young life. He'll say to himself:

Sister Susie celebrates her birthdays with parties and presents Oct. 1. Brother Mickey has a special day every Aug. 29.

The whole family gives Mommy its attention whenever Aug. 26 comes around. And Daddy has June 3 all to himself.

"What about me?" little Billy will ask.

An answer is suggested by the gesture of the Scottish novelist, Robert Louis Stevenson. He felt sorry for a little girl born on that worst of natal days, Feb. 29. So he "gave" her his own birthday, Nov. 13, as good a day as any for cake, ice cream and presents.

Perhaps someone of equal stature and generosity will give a similar gift to Billy.

The only trouble is, which will it be? A birthday or a Christmas present?

Overseas Budget Estimates Given

Dulles Sees 400 Million Needed for Foreign Aid Spending Next Year

WASHINGTON (INS)—Secretary of State John Foster Dulles said today that foreign aid spending in the year beginning next July is expected to be four billion 400 million dollars.

Dulles told a news conference this is a 200-million-dollar increase over estimated spending for economic and military aid during the current fiscal year.

The secretary said he regretted that Congressmen who were briefed at the White House last Tuesday went away with what he called a genuine misunderstanding about foreign aid spending.

But he said the administration will have to ask for a much bigger appropriation for next year because it has used up what he called the fat in military aid funds.

Dulles said that economic aid spending will go up about 200 million dollars chiefly due to the increased need for aid in the Middle East.

* * *

Dulles said that he anticipates that both economic and military aid programs will have to go on at about present levels for several years at least.

He said there will be changes to meet new situations created by shifts in Soviet tactics but he made it clear that he did not expect any major changes in aid levels.

Rockefeller Quits Post

WASHINGTON (INS) — President Eisenhower has accepted the resignation of Nelson Rockefeller, effective Dec. 31, as an unpaid adviser on phychological strategy. Rockefeller said he was forced to give up the job for "compelling personal responsibilities."

Fluoridation Wins Support in Ottawa and New Mexico

SANTE FE, N. M. (AP)—Two groups of Santa Feans have dropped the suit by which they sought to block the addition of fluoride to the city water suppy.

Orders dismissing the suit were signed by Dist. Judge J. M. Scarborough after attorneys for the two anti groups filed petitions for non-suit after failing to get a postponement of the permanent injunction hearing which had been set for Monday.

The postponement had been asked earlier in the week by the opposition when attorneys said they had experienced difficulty in getting their witnesses to testify.

OTTAWA (AP) — A city council meeting last night approved fluoridation of the capital's water supply.

The meeting first turned down a bid for a plebiscite by a 17-6 vote, then approved a Board of Control measure to effect fluoridation.

Mayor Charlotte Whitton supported the unsuccessful vote to have the question settled by plebiscite.

Jail Cell Over Christmas Awaits Drinking Drivers

"Wives, please take notice!

"If your husband is caught mixing drinking and driving this week, he won't be home at Christmastime. He'll be in jail."

This stern warning was issued today by Municipal Judge Cecil McCallum, who said he will be on the warpath when any drunk driver is brought into court.

Disturbed by the sharp increase in the number of drunk driving cases as the holidays draw near, McCallum said:

"Any man so dumb as to drive after drinking is too dumb to be driving at any time.

"This includes those holiday imbibers who drink at office parties and then go out and endanger other citizens," he added.

"I'm not against parties. But only a dumbbell doesn't follow this advice: Let someone sober drive or else take a cab home," McCallum stated.

Yugoslavia Gets Council Seat

Lottery Settles Dispute in U.N., Philippines to Share Term

UNITED NATIONS, N.Y. (AP)—Yugoslavia was elected to a seat on the U.N. Security Council today as part of a lottery deal under which Yugoslavia and the Philippines would split a two-year term.

The action of the General Assembly ended a record-breaking deadlock in which 36 ballots were cast during the last two months. It also cleared the way for quick adjournment of the Assembly's 1955 session.

This morning's vote was 43 for Yugoslavia, 11 for the Philippines, one for Finland and one for Sweden. This was five more than the required two-thirds majority of those present and voting.

While the split-term deal had the backing of both Yugoslavia and the Philippines, as well as Russia and the big Western powers, there was no vote on the deal as such. The Assembly merely elected Yugoslavia to a two-year term.

The understanding was, however, that the Yugoslav delegation would resign at the end of one year and that the Philippines would then be elected. Yugoslavia was chosen to serve the first half of the term after its name was drawn out of a box by Assembly President Jose Maza last Friday night.

Tomorrow, the council will deal again with a Western motion to declare Japan "fully qualified" to U.N. membership and expressing hope for its early entry. The Soviet undoubtedly will couple this motion with a similar expression for Outer Mongolia or veto the whole Western effort.

13 Children Lose Fathers as Four Planes Collide

Two Michigan Officers Among Victims of Two Separate Accidents

TAMPA, Fla. (AP) — Four Air Force planes collided in two separate accidents over Florida yesterday and brought death to 11 airmen. Three other airmen were missing.

Eight men died when two B47 jet bombers collided over the outskirts of Tampa. Flaming wreckage showered the countryside. One of the planes was from MacDill Air Force Base at Tampa and the other from Pinecastle AFB near Orlando.

A few hours later an F86D Sabre jet smashed into a B29 bomber in the air over Port St. Jue, about 200 miles up the Florida west coast, and killed three fliers. Three others were missing. Both planes were from Tyndall AFB at Panama City, Fla.

Two Michigan men were killed in the dual crashes. MacDill AFB listed Capt. Robert B. Harris, 34, of Grand Rapids, pilot of the B47 jet bomber. Pinecastle AFB said Capt. Robert Chamberlain, 39, of Spruce, a crew member of the Orlando-based B47 was reported as killed.

Chamberlain, stationed at Pinecastle Air Force Base near Orlando, flew B29s against the Japanese in World War II from a base on Saipan. His father, Raymond, was a former sales manager for Packard Motor Car Co. and was vice president of the National Auto Dealers Assn. at Washington until he retired last year.

MSU GRADUATE

Harris graduated in 1942 from Michigan State Uivernsity where he was a member of the track team.

He enlisted in the Air Force in 1943 and flew 27 Atlantic crossings as an Air Transport Command pilot in World War II. He also served at bases in Casablanca, Cairo and in Texas.

The Tampa planes fell dangerously close to a trailer park. Terrified residents said they thought an earthquake had struck. One plane exploded on contact and the other seconds later.

Spokesmen said the accident apparently occurred when the MacDill plane was having trouble with its landing gear and the Pinecastle craft flew underneath to take a look. This is often done.

HIT DOWN-DRAFT

Then both must have hit a downdraft, causing them to collide. Two crewmen tried to jump to safety, but their chutes failed to open in the short space to the ground.

The wreckage fell about half a mile from the trailer park and set fire to a pine thicket. Thirteen

Noon Carols Brighten Yule in Downtown Bank Lobby

Each noon the voices ring out with jubilance and youthful vigor, and age-old Christmas hymns and carols dominate the sound of downtown traffic.

In the vicinity of Saginaw and Lawrence streets, the relentless, hurrying wave of shoppers breaks, as people pause to listen and refresh themselves at the musical oasis. Many move on, smiling, or perhaps humming. Others step inside the Pontiac State Bank to hear the full richness of the festive Yuletide concerts.

This is the tenth year that caroling has been heard in the lobby of the Pontiac State Bank. The tradition started in 1945 with organ music and only a few groups participating, according to Milo Cross, president of the bank.

This year 12 groups, choruses and glee clubs from different Pontiac Schools, will have taken part

See picture page 2

in the programs by the time the final concert is given next Friday.

"The purpose of the caroling is to bring the joyous spirit of Christmas into the heart of Pontiac's shopping area," Cross said. "The schools are presenting some great music. The people seem to like it, and the tradition is growing each year."

This year, the 45-minute vocal programs started Dec. 12. So far, concerts have been given by West Bloomfield High, Jefferson Junior High, St. Michael's High, Pontiac High, Webster, Isaac Crary Junior High and Eastern Junior High schools. Organ music for all programs is by Mrs. S. M. Dudley.

Today, the Boys and Girls Glee Clubs from McConnell School brought their music to the shoppers. Tomorrow, the mixed chorus from LeBaron School will sing; Thursday, Washington Junior High School's Ninth Grade Chorus is scheduled ;and Friday St. Frederick High School's Mixed Glee Club will take their place in the bank lobby.

Final program will be an evening one, at 6 p.m., when the mixed glee club of St. Benedict School is slated to appear.

Probing Police Face 2 Issues

Major Problems Raised by Death Investigation of MSU Freshman

Detectives investigating the mysterious death of 18-year-old Robert Lockwood Saturday in his White Lake Township home have two major problems to solve as a result of their probings yesterday.

1. Whose were the women's underclothes Lockwood was found wearing?

2. What possible meaning can the bizarre death have in connection with an 18-year-old college youth who was respected by everyone who knew him, had average grades and apparently no major problems, and had been active in church and 4-H work?

Oakland County Sheriff's detectives Don Francis, Jack Davis and Harry Maur hope to be able to answer the first question when Lockwood's grandmother, Mrs. Arthur B. Leaman, of Walled Lake, recovers sufficiently from shock to examine the undergarments.

But it may take several weeks of painstaking investigation to uncover the answers to the second problem. And they may never be known.

Meanwhile, these facts have emerged:

1. Of the three doors to the house, two had spring locks. But these two doors were permanently closed for the winter, with newspapers stuffed around the edges to block draughts. The third was equipped with a bolt, which was locked from the inside when Lockwood's stepfather, Kenneth Switzer, returned to the house and found the body.

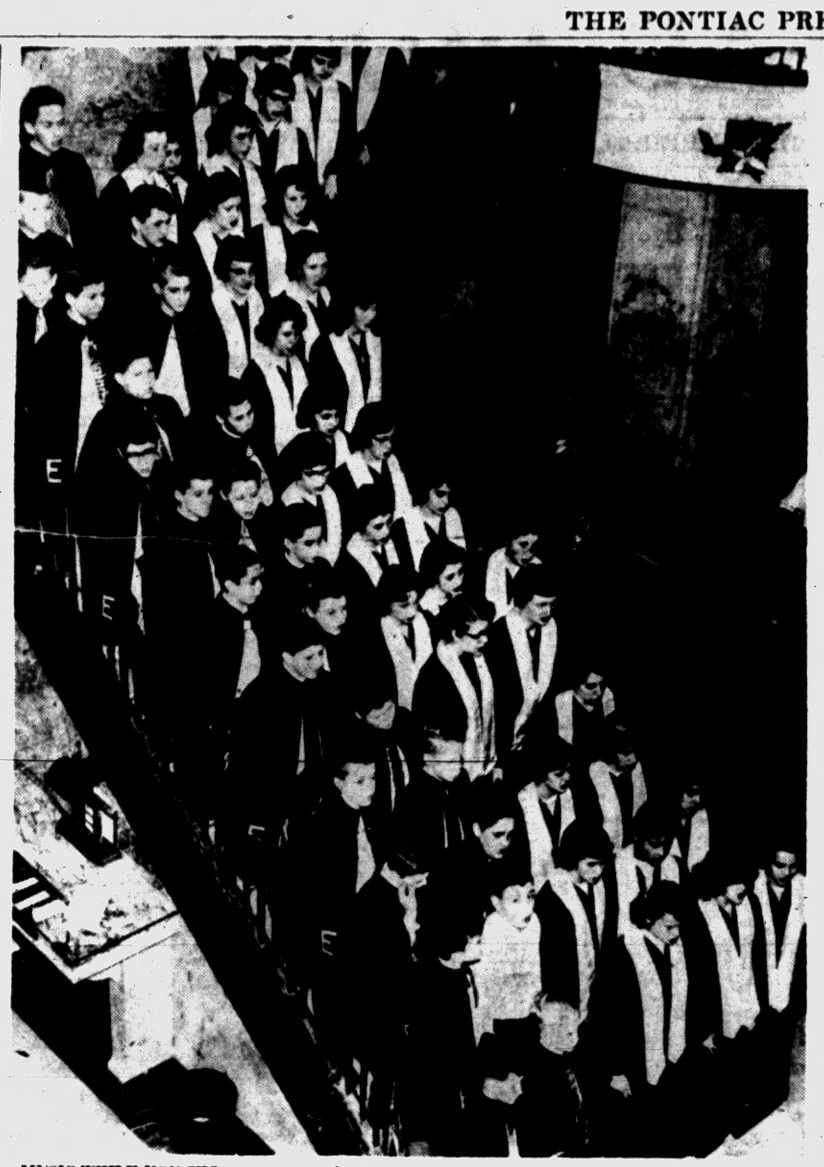

Any person other than Lockwood inside the house would have had to climb out a window to leave without evidence.

2. The rope which was tied around Lockwood's chest, hands and legs had previously been kept in the cellar.

3. There are major discrepancies in witnesses' stories of exactly how Lockwood's hands were tied. Rope burns on the hands indicate they may have been thrust inside the rope which circled his chest, cutting off air and suffocating him; but two White Lake Township firemen who helped cut away the ropes say the youth's hands were tied with a half-hitch.

4. Lockwood's clothes were found neatly piled on a chair in a spare bedroom near the cold air duct in which his body was found. Appearance of the discarded clothing, detectives say, was "exactly as if he had taken them off, in logical sequence, before going to bed."

5. A neighbor told police Lockwood was saving money to buy his girl a ring.

MUSIC WHILE YOU SHOP — Bringing the joyous Christmas music each noon to the downtown shopping area are school choruses and glee clubs, sponsored by the Pontiac State Bank. Started 10 years ago, the concerts are presented each year in the lobby of the bank. Above, standing on the lobby steps to give their program yesterday are the Boys and Girls Glee Clubs of Eastern Junior High School, with Margaret Snyder and Henry Elling directing. Mrs. S. M. Dudley plays the organ which accompanies the singers. Final programs of the Christmas season will be held at 12:30 p. m. and 6 p. m. Friday.

Goodfellow Sale Results Below Amount Sought

Disappointed Metropolitan Club officials yesterday counted money raised in the annual Goodfellow Sale and found the total far less than expected.

Aiming at $6,000, the club collected $2,234.72 by selling Saturday's edition of the Pontiac Press.

Club treasurer, Lt. Charles Evans of the fire department, said a "huge" amount of papers were sold. "But people just don't contribute as much money as usual," he said.

With the help of other donations the club will be able to provide 150 needy families with Christmas baskets as planned, he said. But the club will have to dip into general funds to carry on welfare activities next year.

He said no additional fund-raising drive will be made this year, but anyone feeling he did not give enough may send contributions to Goodfellows, c/o Pontiac Police Department.

Sudan Declares Independence

Khartoum Ignores Plan of Anglo-Egypt Request for Area Plebiscite

KHARTOUM, Sudan (AP) — The Sudan basked today in joint British - Egyptian approval of its Parliament's declaration of independence.

* * *

The parliamentary action ignored the two nominal ruling powers' plan for a plebiscite that could have linked the vast Upper Nile territory with Egypt.

In Cairo, however, the Egyptian minister for Sudan affairs, Zakaria Mohieddin, said his government "tends to respond to the Sudanese people's wishes which were unanimously expressed and decided by the Sudanese Parliament."

The British Foreign Office issued a statement in London welcoming the independence declaration. A British spokesman in Cairo said three weeks ago his government had agreed with Egypt on preliminary steps for a Sudanese plebiscite on independence or union with Egypt.

Two Men Arraigned on Indecency Count

Two more men arrested in the men's room of a department store and charged with gross indecency yesterday were arraigned this morning in Pontiac Municipal Court.

Russell E. Hutchinson, 26, of Clarkston, waived examination and bound over to Circuit Court for appearance Tuesday. Bond of $200 was furnished.

James Granville Freeman, 35, of 123 Euclid St., demanded examination and was told to appear Wednesday. He furnished bond of $1,000.

Tree at City Hall to Be Lighted Tonight

Some 200 colorful lights will brighten the lawn of the city hall tonight at 7:30 when the switch is thrown to light the city's community Christmas tree, a 30 foot white spruce.

A 20-minute program featuring the singing of Christmas carols by the Pontiac Women's Chorus of the Parks and Recreation Department will be held preceding the lighting of the tree.

The tree was given to the city by City Assessor W. Raymond Ransom. The ceremony will be attended by members of the City Commission and city officials. The public is invited to attend. Mayor William W. Donaldson will throw the light switch.

Articles Valued at $435 Stolen From City Garage

Articles valued at $435.75 were stolen from her garage at 268 N. Saginaw St. sometime last week, Mrs. William Dobyns told Pontiac Police yesterday.

Taken were a guitar, a pair of ice skates and an antique sterling silver set valued at $400.

Pontiac Deaths

Mrs. Tish Burton

Mrs. Tish Burton, 69, of 268 Howard McNeill St. died Sunday morning in Pontiac General Hospital after a brief illness.

Born in Kentwood, La., April 5, 1886, she had attended school in Spring Creek, La.

Mrs. Burton was a member of the New Bethel Baptist Church and had lived here eight years coming to Pontiac from McComb, Miss.

She is survived by five children, Lester Burton of Battle Creek, Mrs. Julia Milton, Willie Burton, Mrs. Clara Westbrook and Lola Burton, all of Pontiac.

A sister, Mrs. Nancy Holden of Kenwood, La. and two brothers, John Ramsey of McComb and Robert Jones of Kentwood, La., also survive.

The funeral will be at 7:30 p.m. Thursday in the New Bethel Baptist Church. The Rev. William H. Bell, pastor of the church, will officiate with burial in Oak Hill Cemetery.

Friends may call after 7 o'clock at the Frank Carruthers Funeral Home.

Homer D. Croom

Word has been received of the death of Homer D. Croom, 45, of Napa, Calif. He died suddenly Sunday at his home.

Mr. Croom was born in Oxford, Ark. Dec. 5, 1910 and was married here to Eleanor Budnik. His parents were Frank and Miza Croom.

The Crooms had lived in Pontiac several years before moving to California 15 years ago.

Besides his wife, he is survived by a sister, Mrs. Clarence (Opal) Smith of Hutchinson, Kan. and a brother, Carl D. Croom of Pontiac.

Service will be held at 2 p.m. Wednesday from the Tradway Wigger Funeral Home in Napa.

Wellington McDonald

Wellington McDonald, 74, of 3635 Joslyn Rd., died suddenly in Pontiac General Hospital Sunday.

Born in Ripley County, Mo. Feb. 19, 1881, he was married to Isabelle Patterson Aug. 17, 1905 and came to Pontiac a year ago from Doniphan, Mo. where he was a member of the First Baptist Church and had been engaged in farming.

Surviving are his wife; three sons, Dolce of Tulsa, Okla., Wayne and Wellington, Jr., both of San Bernardino, Calif.; four daughters, Mrs. Dorothy Lechner of Bloomfield, N. Mex., Mrs. Veneda Haustein of St. Louis, Mo., Mrs. Jessie Yarbrough of Pontiac and Mrs. Patty Jean Orrell of San Bernardino.

A sister, Mrs. Lillie Decker, is living in Doniphan, Mo.

Mr. McDonald will be at the Pursley Funeral Home until 8 o'clock this evening. He will then be taken to the Edwards Funeral Home in Doniphan for service and burial.

Baby Gregory Penny

Prayer service will be held at 2 p.m. Wednesday in the Frank Carruthers Funeral Home for Baby Gregory Penny who died yesterday in St. Joseph Mercy Hospital.

The Rev. L. R. Miner of the Macedonia Baptist Church will officiate with burial in Oak Hill Cemetery.

Gregory was the five month old son of George and Rosie Burch Penny of 200 Crestwood St.

He is survived by his parents, a brother, George Penny Jr. and two sisters, Elnor and Rosie Mary Penny, all at home.

The baby was born here July 4, 1955.

Police Still Seeking Hit-Run Death Car

No new clues have showed up in a police search for the driver of the one-lighted car which killed a 73-year-old pedestrian in a hit-and-run accident Sunday night.

Patrolman Thomas L. Hereford of the Traffic and Safety Bureau, assigned to find the car, said that it was described as a 1954 or 1955 Ford with the left headlight out.

He said the right fender is probably smashed, where the car struck Wellington McDonald, 3635 Joslyn Rd., while the old man was walking home on E. Walton Blvd.

Mrs. CORNELIUS JEWELL

Long Time Resident Succumbs at Age 79

Mrs. Cornelius (Alice Juliana) Jewell, who had lived most of her life in Pontiac, died at her home 83 S. Parke St. last night. She was 79 years of age and had been in ill health three months.

She was born in Elm Hall, April 24, 1876, the daughter of John and Lucy M. Heuves Woodbridge.

Mrs. Jewell attended school in Denver, Colo. and the Union School in Commerce Township. She had lived at her present address on Parke St. 53 years.

She was a member of All Saints Episcopal Church, Guild No. 10 of her church and the Quick Sewing Circle.

Surviving are a son, Edward Jewell of Chicago; four daughters, Mrs. Paul Miller of Keego Harbor, Mrs. George McKnight, Mrs. J. Earl Holliday and Mrs. Arthur Sampson, all of Pontiac.

Other survivors include a sister, Mrs. Robert S. Martin of Los Angeles, six grandchildren and one great-grandchild.

Friends may call at the Farmer-Snover Funeral Home. Funeral arrangements will be announced later.

The Day in Birmingham

Commission Adds Two New Features to Plan

BIRMINGHAM — City Commissioners last night voted to continue insuring employes under the Aetna Insurance Co., but approved several changes from previous coverage. Daily hospital coverage, was increased from $10 to $15 and the maximum surgical schedule was increased.

Two new features introduced in the new plan will be that retiring employes will be able to continue to pay hospital and surgical benefits after they leave the city's employ and that employes will have advantages of paid-up insurance coverage.

Previously, contributions to the plan would have been lost if the employe left his city job, but now he will have a policy that is payable at death or at cash value.

Discussion over whether city parking areas will be in the two blocks between Hunter and Woodward ended last night with the city manager being instructed to proceed with plans for "Site A" to the west Park and to check on possibilities of leasing "Site EF" just south of Hamilton, with option to buy.

City Manager, D. C. Egbert was instructed to acquire access to the right of way from Hamilton to Maple for a pedestrian foot path to one of the parking lots. He will be reporting at the next commission meeting on street problems of Ferndale and Park Streets.

* * *

Construction of a water treatment plant would be advantageous to the city, the city manager told commissioners in a lengthy report at last night's session. He was authorized to proceed with construction drawings and development of more exact estimates of capital and operating costs.

Estimating that the city's maximum daily consumption rate will increase within the next 10 to 15 years to about 9 million gallons of water a day, he pointed out that the additional capacity needed must come from southeastern Oakland County water system or using of Birmingham's wells. The cost from the SOC water system would increase about $432,000, while the local well use would cost about $500,000, the figure including a new million gallon clear well.

Better quality of water, an amount necessary for an average daily supply and a greater supply of emergencies would be provided by using local wells, Egbert's report explained.

* * *

Police officials are still casting about for clues as to the painters of Royal Oak's blue and white on Birmingham High School's exterior walls. Police reported the mars still have not been removed, and that the fingerprints on the paint cans as yet had not been matched with any set.

* * *

An army-style field organ has been purchased by the junior and senior high young people of the Congregational Church. The organ, chosen with the aid of Mrs. Howard Rieman, will be used in the Youth Chapel of the church and during outdoor services.

* * *

Of 68 accidents in November analyzed in Chief of Police Ralph Moxley's monthly report this week, 11 resulted in injuries, and 22 were caused by drivers following other cars too closely. That cause is blamed for 145 accidents thus far this year by Moxley. "Right of way violations" were present in 14 accidents last month and in 111 accidents this year, Moxley says.

December is the most hazardous month of the year, the chief points out, asking all drivers to be exceedingly alert for other motorists and pedestrians. Traffic is heavier during the month and hours of darkness are longer, he says.

Mrs. Mary Tweedale

Mrs. Mary Tweedale, 81, 1050 Big Beaver Road, Troy, died Monday at Alma Home in Royal Oak after a long illness. Born in Manchester, England she married Charles Tweedale there and she has lived on Big Beaver road for 11 years, coming from Detroit.

Surviving are her daughter, Mrs. William Anderton of Lathrup; three sons, Charles of Australia, Bernard of Highland Park and Norman of Birmingham. Service will be Wednesday at Manley Bailey Funeral Home at 10:30 a.m. Burial will be in Acacia Park Cemetery.

Lakes Shipping Ends

PORT HURON (AP) — The Lake Huron Lightship was headed for winter quarters in Detroit today, and Coast Guard boats had completed taking up channel marking buoys to end the 1955 shipping season. The lightship moors off the mouth of the St. Clair river in the shipping season to guide Great Lakes freighters.

children were left fatherless in the holiday season tragedy.

* * *

A portion of the B29 bomber wreckage fell about five miles west of Port St. Joe, on busy U.S. 98, and barely missed a dozen beach houses.

"The planes collided with a very bright flash that lit up the sky," said Highway Patrolman Clyde Leroy Pfeiffer. "After the first explosion, they separated into two smaller balls of fire, then they exploded again.

FELL ON HIGHWAY

"The main part of the B29 fell on the highway. A smaller part fell in the water just off from the beach and the main part of the smaller plane crashed in the woods about a quarter of a mile north of the highway.

"Three bodies were found on the highway near the fuselage of the big plane."

* * *

Witnesses said two or three parachutes were seen after the crash. Search parties went into the wooded area north of the highway to hunt wreckage of the jet.

Unofficial reports said the jet was acting as an interceptor on a simulated bombing run by the B29 and that the pilot apparently misjudged the distance between the two planes.

Mailers Union Joins Detroit Paper Strike

DETROIT (INS) — A second union was on strike today against Detroit's three major daily newspapers.

* * *

The Mailers Union No. 40, last night voted to join the AFL-Stereotypers in its strike against the Times, News and Free Press.

Publication of the three papers has been suspended since the stereotypers walked out Dec. 1. The mailers gave "stalling" by publishers and "certain unresolved economic causes" as their reasons for joining the strike.

Robert C. Butz, executive secretary of the Detroit Newspaper Publishers Association, said "it is ridiculous to say that the newspapers want to prolong the strike one moment longer than necessary."

Butz' comment to the "unresolved issues" was that the mailers themselves have indicated there were no serious problems that could not be resolved at negotiations.

Meanwhile, the Detroit Typographical Union was to hold a membership meeting tonight to decide whether to join the walkout.

The Pressman's Union, another of the eight unions involved in the shutdown, was to meet with the publishers this afternoon. Butz reported "some progress" last night after a session with the pressmen.

Standard Oil President Exposes Utilities Goal

DETROIT (INS) — The president of the Standard Oil Company, Frank O. Prior, said in Detroit today powerful gas utilities that "take the largest part of the customer's gas dollar" are leading the fight to put the 8,000 competing natural-gas producers under utility controls.

Prior said many people who were fighting for utility regulation of wellhead gas prices have pretended the battle was between consumers and producers. He said it now has been made clear that instead, the fight is between 40 utilities, having local monopolies, distributing natural gas and the 8,000 competing producers in the field.

Liquidates $200,000 in Fight to Hold Estate

LA PORTE, Ind. (AP) — Miss Anna Hatch, fighting to maintain control of her estate, already has liquidated most of her $200,000 in stocks to buy insurance annuities, testimony brought out Monday.

Elmer J. Stefany, office manager of the Chicago stockbrokers' firm of Reynolds & Co., told La Porte Circuit Court the 54-year-old widow handed over to him 19 separate blocks of stock Nov. 10. He said she asked that they be sold so she could buy additional insurance and thwart "relatives who are trying to tie up my accounts."

Louisville Accidents Cost $1,000 an Hour

LOUISVILLE, Ky. (AP)—A police study shows Louisville drivers are damaging each other's cars at the rate of $1,000 an hour.

The survey covers a 24-hour period ended Sunday morning.

There were 97 accidents during the period and estimated damage to vehicles was $23,372.

Because the horse on which he wagered lost in a photo-finish, bank examiners found a $28,000 shortage in funds of the Barry, Wales bank managed by Alan Graham Davies.

1717 Church Closes

Quebec Village Greets Yule With Modern Style

QUEBEC (AP)—Villagers of Island of Orleans Parish will attend Midnight Mass this Christmas Eve in a modern stone church.

For more than 200 years parishioners in the village near Quebec have worshiped in a little wooden church built in 1717.

Time at last caught up with the St. Lawrence River Island. The church has become a museum.

Horse-drawn sleighs, with bells tinkling, will still bring villagers to Mass this Christmas Eve, but they will share parking space beside late-model cars.

With the spread of English influence, sweeping changes have come over the "Jour de Noel" throughout Quebec province in the last few decades.

PERE NOEL'S TRIP

New Year's Day, until recent years, was traditionally reserved for visits to neighbors and relatives, the giving of presents and hospitality. Now it is still a time to visit but Christmas has become the day when Pere Noel (Father Christmas) makes his trip from the North Pole.

One tradition that has hung on, although considerably deflated, is the "reveillon." On Christmas morning after Midnight Mass, they gather around the Christmas tree—another innovation—for the exchange of gifts followed by a meal.

This meal nowadays is inclined to be a modest affair of sandwiches, or a cold buffet and fruit cake or cookies.

The Christmas Day dinner itself is almost a duplicate of that enjoyed in English-speaking families—stuffed turkey, baked potatoes, vegetables and dessert, usually pie. There is little of the strictly French tradition in the meals.

Wathen Pleads Guilty to Gas Station Robbery

Lester L. Wathen, 30, of 1055 Vinewood Ave., pleaded guilty yesterday in Oakwood County Circuit Court to participating in the armed robbery of Arnold's Gas Station, 4 North East Blvd. last October.

Judge H. Russel Holland set sentencing for Dec. 27. In a lower court examination Dec 15 another local man, previously convicted of the robbery, said Wathen had accompanied him.

Resident of Ferndale Placed on Probation

In Oakland County Circuit Court yesterday, Weldon Watkins, 29, Ferndale, was placed on three-year probation and assessed $50 by Judge H. Russel Holland.

Watkins admitted Dec. 7 to deserting his family between October 1954 and October this year.

The Housewives League of South Africa is protesting an extra charge of two cents a loaf now permitted by the government for wrapped bread.

2 Navy Planes Span Air Bridge

Skymasters Are First Aircraft to Close Link With Antarctica Unit

AUCKLAND, New Zealand (AP)—Two U.S. Navy planes, flying nonstop 2,200 miles from New Zealand's South Island, were believed today to have established the first air bridge between this country and Antarctica.

Latest reports indicated the planes, two Neptunes with the Navy's Antarctic expedition, landed safely on frozen McMurdo Sound, a channel between Ross Island and Victoria Land on the Antarctic continent.

Two Skymaters belonging to the expedition, which is headed by Rear Adm. Richard E. Byrd, were expected to reach McMurdo Sound late tonight.

Four other planes attempting the hop were forced back by strong headwinds. All landed safely near Dunedin.

All eight planes took off today after Rear Adm. George J. Dufek, leader of the advance party, reported weather prospects excellent and the Ross Sea landing strip ready.

Because there are no landing points between New Zealand and the Ross Sea, seven ships were spaced 250 miles apart along the flight route to assist the planes.

Tricky Table Ends 'No Space' Problem

HOUSTON, Tex. (INS)—Houston "do-it-yourselfers" are making this tricky table which when not in use looks like part of the wall.

The fold-up table, for dining room or kitchen, uses tongue and groove boards for the top. Drop-legs are hinged on so they fold up under the table when it is against the wall.

* * *

Using a straight piece of lumber for support, the table top is hinged onto the wall. This also allows room for the legs folded underneath.

Legs folded underneath, the table top drops down into place against the wall.

Bad Check Passing Brings Prison Term

After pleading guilty Dec 12 to issuing a check without an account, Ralph Harris, 41, Berkley, was sentenced to 1½ to 2 years in Jackson state prison yesterday by Oakland County Circuit Judge H. Russel Holland.

Harris admitted to a specific charge of writing a bogus $50 check in Birmingham Nov. 29. Altogether, police said, he passed more than $400 in bad checks.

A complete ship's bridge has been built ashore in London for training of the Battersea unit of the Sea Cadet Corps.

Hoover Proposes Plan to Lighten Presidency

Former President HERBERT HOOVER has come forward with a plan he believes would lighten the heavy burdens of the Presidency.

Briefly, the man who served as our 31st President proposes the creation of an Administrative Vice Presidency. That official would be appointive and have no right of succession. But he would have the authority to administer 35 to 40 of the 64 Federal agencies which regularly report to the President.

★ ★ ★

Mr. HOOVER'S proposal is based on his experience in the White House. It also reflects the additional knowledge he gained about the Federal establishment as chairman of the two commissions bearing his name.

Because of the President's illness, much of the burden of administrative detail has fallen on Sherman Adams, the President's administrative assistant. But, as Mr. Hoover has pointed out, Mr. Adams lacks the legal authority to take over many of the routine responsibilities.

★ ★ ★

There might be some reluctance on the part of Congress to grant such powers to an official so close to the Presidency. Yet it should be possible to draft a statute to lighten the President's burdens while recognizing that the responsibility for great decisions remains with the Chief Executive alone.

★ ★ ★

Some progress has been made in this direction as a result of President EISENHOWER'S effort to give the office of Vice President NIXON greater responsibility. It seems reasonable to believe that more could be accomplished along this line.

Nonetheless, Mr. HOOVER has come forward with a proposal that merits careful examination.

Poll Deals Sharp Blow to Rigid Parity Talk

Something noteworthy has happened in the field of agricultural politics.

It is a poll conducted by the American Farm Bureau Federation. The result knocked the props out from under a lot of talk that the only way to win the farmers' vote is to advocate return to rigid 90 per cent of parity.

★ ★ ★

If the poll had been ordered and directed by Secretary of Agriculture BENSON, it couldn't have supplied stronger argument for his theory of flexible price supports.

This test of opinion was conducted by the Nation's largest farm organization. The Federation has member bureaus in every one of our 48 states and accounts for four-fifths of all organized farmers.

The vote showed that only seven states favored a return to rigid parity, originally introduced to stimulate farm production during the war emergency. In contrast, 33 states went on record as definitely favoring flexible supports.

★ ★ ★

In view of the results of the poll many can't help wondering where all the support comes from for return to rigid parity. Some of it undoubtedly, comes from friends of rigid parity who worked earnestly to spread the idea that HARRY TRUMAN'S 1948 victory was a result of his support of that theory.

The actual fact is that Mr. TRUMAN didn't do any such thing. On the contrary, he ran on a platform of "a permanent system of flexible price supports." In contrast to that stand, the Democrats in 1952 supported a return to rigid 90 per cent parity and lost the election.

Menzies Victorious

One thing proved by Australia's latest national election is that Prime Minister MENZIES possesses the valuable asset of good political timing.

As leader of the Liberal-Country Party coalition, Mr. MENZIES need not have gone to the country until late in 1957. But he saw an opportunity in the refusal of Labor opposition leader HERBERT V. EVATT to allow the PETROV spy case to die, despite a Royal Commission report on it.

★ ★ ★

Petrov was the Russian who defected from the Soviet embassy at Canberra and implicated two associates of Evatt. Though these later were cleared, Evatt made the colossal mistake of writing to Molotov asking for confirmation of his (Evatt's) contention that the Petrov revelations were fraudulent. Molotov, naturally, made the expected reply.

★ ★ ★

The result, of course, was overwhelming defeat for the Labor opposition and strengthening of the government coalition in the lower House. Although counting still is incomplete, it looks as though the government will have a majority of 28 seats in the House instead of the present seven. Prospects also are that the government majority in the Senate will be extended beyond the present two seats.

★ ★ ★

At the moment Australia is enjoying lusty prosperity. But when the government's anti-inflation regulations, including import and credit restrictions, begin to take effect, the coalition will need its additional legislative strength.

The Man About Town

Ice Now Is Safe

But Care Must Be Used on Many of the Lakes

Disagree: What many of us cannot do without being disagreeable.

After keeping close tab on the condition of the ice on the numerous lakes in the Pontiac area, we now consider most of them safe for skating. The recent zero weather has made them so. HOWEVER, care should be taken on lakes that have streams flowing through them, where the current keeps the ice from reaching a safe thickness until much later than on the others. And never even during the coldest weather is the ice safe on any lake in the vicinity of the spot where a stream enters or leaves it.

Some of the larger lakes in this area that have little or no water action through them are: Orchard, Elizabeth, Pine, Hammond, Square, Forest, Angelus, the Straits, Maceday, Union, Cooley, Walled, Wolverine, Long, Crescent, Walnut, Wing, White, Duck, Pleasant, Woodpecker, Island, Judah, Sixteen, Tommy's, Tipsico, Bevin's, Bush, Watkins, Scott and Crotched.

All of the other larger lakes in the Pontiac area have streams flowing through them. It must also be remembered that the ice never is safe on any of our rivers or smaller streams.

A report just issued by the General Motors Technical Institute at Flint shows that five of its former students now are division managers in General Motors. One of them is

Philip J. Monaghan,

Manager of GMC Truck and Coach Division at Pontiac, who also is a GM vice president.

The last surviving member of her family was

Mrs. Charles L. Bussey,

whose funeral was held in Detroit Monday. She was the former Myra Horton, sister of the late Mrs. Horace Rackham. The Pontiac area and Michigan in general have greatly profited by the philanthropies of the family.

Look Him Straight in the Eye

David Lawrence Says:

Maybe the U. N. Should Depend on Dice When Deciding International Issues

WASHINGTON — They've taken to drawing lots in the United Nations to select a member nation for a place on the all-important Security Council. Maybe they'll next try shaking dice.

* * *

The spectacle of delegates from the supposedly advanced nations of the world engaging in a gambling game to find out who should or should not be elected to a place on the most important branch of the United Nations organization is one that is unprecedented in all the history of modern follies.

When the United Nations was organized, the Security Council was given extraordinary power because any one of the permanent members was authorized to exercise a veto. For two months now there has been a deadlock in the General Assembly, which does not select the five permanent members but does choose six members who rotate for a two-year term. The rotating members possess all the powers of permanent members, except the veto.

Yugoslavia and the Philippines were sponsored by rival groups and, when there was no chance to get a two-thirds vote for either country, someone came up with the ingenious scheme that each of the two nations serve a half term.

RESORT TO GAMBLING

Qualifications for membership seemed to have had little to do with it; the technique appeared to be entirely political. There was no way to resolve the deadlock according to any voting procedure. It would have been far better, however, to decide to leave the seat vacant than to tell the world member nations have to resort to the drawing of lots to determine what action to take.

But the whole United Nations idea has been suffering setbacks lately. The so-called "Package Deal" on admitting new members was a shock to the moral forces of the world, especially since the procedure itself was declared illegal in 1948 by the Court of International Justice.

A little matter of illegality, however, or even so flagrant a sin as military aggression, seems to weigh lightly on the conscience of the members. Thus, in the last few days Prime Minister Nehru of India, in a speech, said:

"It is a strange thing that the doors of the United Nations are closed for a country like China."

What Nehru deliberately ignores is the fact that the question of admitting Red China is related to aggression in Korea by the Red Chinese government. If a government can shoot its way into the United Nations or if, after being condemned as an aggressor, it is then rewarded with a seat in the U. N., there will be little confidence that the organization respects moral principles.

NEHRU MAY BE DUPED

As for decisions of the U. N. being binding on its members, the government of Soviet Russia never considered itself bound by the resolution of the U. N. which in 1950 called on members to refrain from assisting the aggressor in Korea.

Nehru may, of course, have been duped by Soviet diplomats or by some of his own henchmen. But it is becoming difficult to assume that anyone with Nehru's background and education could be so naive as to believe that, when more than 33,000 American boys are killed and 103,500 are wounded, this is something which the American people should forget.

He himself has forgotten these American sacrifices and now would admit into the United Nations the Red Chinese, who have never atoned in the slightest for their crimes. Unfortunately, there are many people in Britain, and some influential newspapers there, which feel the same way as Nehru does. Maybe they figure that, if the Red Chinese are appeased, Great Britain will be permitted to keep Hong Kong.

* * *

The American people believed in the doctrine of collective security when their boys went to Korea but since then the idea of collective security appears to be to let American youth shed their blood profusely and then be left in the lurch by European Allies.

* * *

It now is reliably reported that the British government, in total disregard of what happened in Korea, has decided that Red China must be admitted to the U. N. immediately after the 1956 presidential elections in this country. This would be an example of tragic disregard of moral force in a world which is suffering from the unmoral behavior of aggressor nations.

Two Processes Evaluated for Treatment of Hernias

By WILLIAM BRADY, M.D.

At the time of World War I there were so many recurrences following radical operations for hernia that the Canadian military authorities ruled that hernia (rupture, breach) disqualified a man for service whether he had had a hernia operation or not.

* * *

A recognized authority states that patients operated on by experienced surgeons will show indirect recurrent hernias, five per cent the first year and an additional 1 per cent each year thereafter; and that direct hernias show 25 per cent recurrences within 5 years after radical operation.

These are not my estimates. They are data published by physicians and surgeons whose authority no one can deny.

Several large insurance companies occasionally send patients to a doctor skilled in the injection treatment of hernia, patients who are bad operative risks.

In two of the larger airplane plants, employes with hernia have their choice of operation or injection treatment.

MADE RECOVERY

An executive of an industrial insurance company had a coronary thrombosis (formation of clot in a branch of the artery supplying the heart wall) and made a good recovery.

Three or four years later he had a hernia, but he was dubious about undergoing the operation his doctor advised.

He made a survey of the company's files and found the records showed 22 per cent recurrence after operation.

So the man chose injection treatment for his hernia. In some cases there is no choice—the only treatment that offers a reasonable chance of cure is radical operation. More about that later.

SHORT TIME

The injections never detained the man from his ordinary activities more than ten to twenty minutes in the doctor's office.

The whole course of treatment was uneventful. The hernia was cured, and there has been no indication of recurrence in the three years since the treatment.

Not that recurrence after injection treatment is less frequent than it is after radical operation. If the particular case is suitable for injection treatment the method has these advantages:

* * *

1. No hospitalization.

2. Usually no loss of time at work or other ordinary activities.

* * *

3. No anesthetization (except a local anesthetic in some instances).

Inexperienced doctors have expressed the opinion that operation for hernia recurring after injection treatment would be more difficult than operation for hernia recurring after radical operation.

In J.A.M.A. Drs. G. and E. Gordon stated:

"Previous injections, and fibrous tissue proliferation resulting from the injections, in no wise interfere with the operative procedure or the operative results."

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to the Pontiac Press, Pontiac, Michigan.

'Well-Reared Teenagers Outgrow Destructiveness'

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature

This is for you, Little Old Lady, whose feelings have been hurt by some ill-bred teenagers.

No one knows what makes a teenager tick, least of all they themselves, which is one thing that makes them so deadly. At some stage in the development of these strange creatures, they rebel against authority.

(I know, I was one of them once.)

They don't like the way the world is being run by their elders, but being without either the ability or the authority to do anything constructive about it, they sometimes turn destructive, and vent their feelings on whatever helpless victim they meet either physically or vocally.

So, Little Old Lady, you must consider the source. If they were raised by the right kind of parents, who never bullied nor neglected them, they will come through this phase all right, and become decent, kind men and women. If they weren't, they won't, but will go on to help fill our prisons.

I have lived long enough to see with my own eyes that whatsoever a man (or a teenager) soweth, that shall he also reap, and he won't have to die to find it out. In the meantime, while they are growing up, whatever they turn out to be, it is hard on all the adults in their path, but then you must have been hard on some adults yourself at some time, for you couldn't get to be a Little Old Lady without having been a teenager once.

Maybe She Came From Toulouse

Armentieres Won't Claim This Famous Mademoiselle

By EDDY GILMORE
For Hal Boyle

ARMENTIERES, France (AP) — Most of the people in the hometown of one of the most fabled and libeled ladies of song—Mademoiselle from Armentieres—never heard of her and those who did wish they could forget it.

* * *

The first seven citizens of this city between Lille and St. Omer, in the northeast corner of France almost on the Belgian border, who were asked about the fabulous female of World War I, could furnish no information.

"Mademoiselle from Armentieres?" asked an incredulous French policeman. "Monsier, we have many, but a policeman is not precisely the person of whom to inquire."

* * *

A businessman hurrying along a cobblestoned street to a wool brokerage office was next in the line of inquiry. He raised his hat at the question, but he raised his bushy eyebrows higher.

"Monsieur," he suggested, "would do better to look in Paris for such a person. Paris is gay and cosmopolitan, while here in Armentieres, we are dull and provincial and our girls, well—"

* * *

At last, a man driving a team of brown horses hitched to a beer wagon said that if we would ask at the corner bistro for Monsieur Guy Grandjean, he might know what we were talking about.

Monsieur Grandjean, fortunately, was in his inn. He was short and grey. He had watery blue eyes, a drooping grey mustache and a nose the color of wall paper pink. He saddened visibly when he heard the question.

* * *

"Please, monsieur," he said, "don't sing the song about her. You are an American. That is nothing against you, but I've heard enough of that song about the Mademoiselle from Armentieres."

"Tell him," I told the interpreter," that I don't want to sing the song. I just want to know what he knows, or what any citizen of this town knows about someone who, in certain circles, must be about the best known woman in France."

Monsieur Grandjean tightened his lips.

"Several persons," he said, "have claimed to be the original mademoiselle of this song that went 'pinkey, pinkey parlez vous' —"

"Hinky, dinky, parlez vous," I corrected him.

"No matter," he said, "she is not here now and I doubt if she ever was here."

* * *

"No monument to her?" I asked. "No little plate on any house?"

"Monsieur," he gasped, a little shocked at the suggestion. "Do you know the words of this song?"

I told him I did. Most emphatically.

He held up his hand in protest.

"Monsieur, if you please. You promised not to sing."

* * *

Calmed and assured by the interpreter, Monsieur Grandjean answered a lot of questions about the lady whose name came so lightly to the lips of so many American soldiers of the first World War.

He said a lot of the veterans had returned to France on trips after the first war and after the second. He explained that many traveled to Armentieres to inquire about the mademoiselle. He said some of their sons must have heard about her for he'd had many inquiries from veterans of World War II.

* * *

He added that Armentieres was not, so far as he knew, occupied by American troops in World War I, but by the British. He said that over the years he has been telling people that no one of her description ever lived in Armentieres.

At this point I asked the interpreter to interrupt him.

"He speaks of her 'description'," I said, "obviously he never heard all the words."

* * *

"No matter," said Monsieur Grandjean, "I am tired of the subject. And if there ever was such a person she probably came from some place such as Clermont-Ferrand."

"If you are going to guess," I said, "Toulouse would be better."

National PTA President Says Facts Must Not Be Distorted or Concealed

Note how the P-T-A and the 15,500 Women's Clubs are endorsing the type of education for public schools which American newspaper editors have been offering in this column for 20 years. Sometimes editors have been criticized, but they have usually stood firm and thus moved educational ideas forward.

By DR. GEORGE W. CRANE

Case Q-326: Mrs. Newton P. Leonard, president of the National Congress of P.T.A., recently told her annual convention:

"Our children and young people," she began, "must be taught to prize reason and they must be given opportunities to exercise that reason.

* * *

"The facts, whether they are about communism or sex, must not be concealed from our children or distorted."

Teachers, clergymen, physicians and judges in our juvenile courts will heartily applaud that splendid goal of the P.T.A.

The very same week in which Mrs. Leonard uttered that speech, the General Federation of Women's Clubs adopted a resolution approving sex education for school youngsters.

Please realize, too, that there are 15,500 Women's Clubs in America, composed of well educated, moral civic leaders.

The Women's Clubs, therefore, recommended such a course in the schools, to be credited as a unit toward graduation.

PROGRESS—1935 VS. 1955

In 1935, I launched this educational column to help disseminate similar helpful facts for happier living.

Since I was both a Ph. D. college teacher of psychology, as well as an M.D., I was the only columnist with such training who elected to shift from campus teaching to the

vastly wider field of the "Universities in Print," namely, the American newspapers.

Being a Bible class teacher and father of five children, myself, and having been invited scores of times by various church groups to conduct marriage clinics in their local churches, I thought it was high time to place my influence behind the building of happy homes, where divorce and juvenile delinquency could be whittled down.

So I became a "faculty" member of your newspaper, which is the most influential educational medium in your area, barring none.

For every literate American starts reading the newspaper at about the age of eight (comic pages.) and after the average American quits school forever, as he does by 18, he relies mainly on the newspaper for the next 50 years.

* * *

So the newspaper exerts a tremendous social influence, as I have ample evidence to prove.

Oh, I got a few criticisms in 1935 about being "too frank," just as that Florida woman indignantly attacked my column in yesterday's Case Record.

MR. AVERAGE AMERICAN

In the first 10 years, however, I received only 34 letters of criticism though this column was running from coast to coast. I had actually expected 5,000, as the minimum.

But I soon learned that the "average" American is 30 years old, married and with 2 children about ready for kindergarten.

* * *

He and his wife are out on the firing line of life. They bump into the "frank" problems that confront all of us.

"Mommy, where did I come from?" their children ask, and our schools had not taught Mommy what to say, so this column met that need years before the P.T.A recommendation cited above or the Women's Clubs urged the same thing.

So your newspaper has long been "scooping" the church and the public school on really fulfilling Christ's admonition about giving people the more abundant life.

"The truth shall set ye free," stated Jesus, and in this column for many years we have been giving you vital psychological and medical truths to prevent delinquency and divorce, insanity and neurotic ailments.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Where Do You Get Lion Hair Quickly? UM Buying Agents Must Have Answer

ANN ARBOR (AP) — If you've got Christmas shopping problems, take a look at these poor guys. They've got buying problems all year long.

They've got to look for and buy things like elephant and lion hair, virgin hamsters, pregnant mice, a cathode ray oscilloscope, parts for a digital computer, cobalt 60, soup and nuts.

They keep the University of Michigan supplied with the million and one items needed to carry on research, run the physical plant and feed the students. Their job is buying.

Two of the top men in the purchasing department are Agent Walter Bulbick and Assistant Agent Fred Shears. The department handled 55,610 orders on outside supplies last year.

They've developed an immunity to surprise. It's nothing to have a doctor call and order lion and elephant hair for basic research on proteins.

PAID BY GRANTS

Chances are they'll ask where they can buy the lion and elephant hair, but that will probably be all the reaction that the doctor will get. Another doctor put in a request for a daily supply of mush rooms, to continue until further notice.

The money to pay for the animal hair and the mushrooms comes from research grants by industry, government or private citizens that has been given specifically for research work.

So buying isn't the only problem. The buyers have to make sure that the doctor has enough money in his research fund to pay for the items. Nothing is bought unless the money is on hand.

63,400 POUNDS OF TURKEY

The same goes for the expenses of everyday teaching that are paid for by the state and by tuitions. For most people 1956 license plates are going to be a fairly manageable expense.

But Shears had to make applications for 232 new plates, for cars, trucks, trailers, buses and one motorcycle.

Sometimes the orders are for large quantities. Last year the university bought 64,500 pounds of turkey. One meat order covering several pages ended with the item "frankfurters—850 pounds."

Some orders are complex like the parts for an electronic computer that cost $300,000. Bulbick remembers orders for cockroaches. Asiatic bird skins, all kinds of rodents, "anything that grows."

"Take auditorium seats for instance," Bulbick says. "Seems we were always buying auditorium seats."

AND RED TAPE

In an average year, the university buys 50 to 60 thousand tons of coal for power and heat—1,000 railroad cars full. When they have a surplus of power, they sell it to the Detroit Edison Co.

Some items, like Rhesus monkeys, require piles of red tape. Requisitions must be made through the Department of State to the Indian government. Narcotics, tax free alcohol and radioactive articles all have to be cleared.

A small animal like a mouse comes in so many different kinds that large specialty houses supply research centers like the university. Doctors specify age (in hours), sex, weight, marital status, physical condition and pedigree.

Because animals like monkeys and rabbits are used in research work, special foods must be bought. One large midwestern concern provides a special monkey diet.

Goodfellows Fall Short in Detroit

Citizen Confusion About Newspaper Availability Blamed for Low Total

DETROIT (INS) — Detroit's Goodfellows collected $118,661 yesterday in the annual sale of a tabloid paper which was printed despite the city's newspaper strike.

* * *

The money collected brought to $239,750 the total collected to date in 1955. The figure is still $10,000 short of the old newsboy's goal.

Detroit policemen collected $69,089 in the sale of the papers. McClellan precinct turned in the highest total with $7,848.

The tabloid newspapers were the plants of Detroit's three major dailies, which have been closed for the entire month of December by a strike.

Goodfellow's in suburban Hamtramck, Mich., collected $5,499. This figure was under their goal of $8,000 but freezing temperatures and confusion of citizens over whether the papers would be available was blamed for the low total.

Hamtramck's mayor, Albert J. Zak, who is also Goodfellow treasurer, said the city would dip into reserve funds to provide clothing and candy for some 1,200 youngsters on its list this year.

* * *

Detroit's leading corner salesman was Edward W. Diehl, who also finished first in 1954. Diehl collected $1,806 for the Goodfellows.

Her First Steps: Cindy Toddles to Gay Yule Tree

WEST ORANGE, N.J. (AP)—The little blonde girl toddled slowly toward the gaily decorated Christmas tree — her first steps with her artificial legs.

* * *

And with these steps, the future looked brighter for 2-year-old Cynthia Ann Inman of Sherman, Texas, who was born without arms or legs.

The lesson in learning how to use the artificial limbs was a special present for Cindy, as she is called, and for her mother, Mrs. Vida Inman, 31. At most, Cindy took only four or five steps at the Kessler Institute for Rehabilitation here yesterday.

SPARK OF HOPE

But it was enough for a start, and enough to spark the hope that she won't grow up helpless.

The people of Sherman have the gratitude of Mrs. Inman for their contributions to a "See Cindy Walk" fund.

This is Cindy's fourth trip to the institute. She'll return with her mother when Cindy is 3½ to be fitted for artificial arms by the rehabilitation experts.

* * *

Mrs. Inman said she was anxious for her husband, Lloyd, a power company lineman, to see the progress made by Cindy.

When the trans-Atlantic cable was opened in 1858, the first message to be exchanged were between President Buchanan and Queen Victoria of England.

Santa's Toy Pack for U.S. to Cost Gentry $1 Billion

HELP WANTED

LITTLE BOYS AND GIRLS:—Children, elves and fairies needed desperately. Job opportunities in northerly climes. Only those skilled in carpentry or toy-making need apply. Must supply own reindeer and be willing to travel. Apply S. Claus, N. Pole.

No, Virginia, there is no real want ad like that.

* * *

But there might be. Santa Claus is going to need help this year. He will be going to more places, carrying more toys than ever before.

His toy pack will cost a billion dollars. That's 10 per cent higher than last season's all-time high.

The old standbys—bikes, sleds, trains and dolls—will still occupy prominent positions under the Christmas tree.

But there will be many new additions.

Nearly every phase of American industry and homemaking has a counterpart in 1955 toy showings.

Major emphasis is placed on creative play activities which teach children shapes and forms—the meaning of texture as well as color.

* * *

There is good news for parents as well as children. Prices are no higher than they were last year. Also, current toys have great educational value; they teach children cleanliness, good grooming and table manners.

Dolls and dump trucks. Rattles and rhythm sets. Guns and games. Red, blue, yellow, green. Rolling, spinning, bouncing, sliding. Ringing, buzzing, whistling, humming.

REALISTIC TOYS

Yet, one factor is apparent in every toy. All are united under the banner of realism.

Realism, the current fad in literature, drama, art, is reflected everywhere in toyland.

Above all, it is seen in dollland. Crying, weeping, laughing dolls. Good and bad dolls. Short dolls, life-size dolls.

There is on record one father who wheeled a baby carriage around the block for a full hour. It took him that long to realize he wasn't pushing Junior, but Junior's doll.

* * *

Dolls, if unleashed, might easily be elected to Congress. They smile knowingly, shake hands firmly, and kiss babies.

But realism is evident in all kinds of toys.

Perhaps the most dramatic example of realism in operation is a Junior Pilot trainer. This set boasts a battery operated radar screen and working controls for piloting a miniature plane.

Actual weather conditions are simulated. Plane contains an altitude meter, a fuel gauge and a control panel.

Kidstuff is definitley not "kid stuff" any more.

Would be telephone operators will be overjoyed with the new battery-operated switchboard. It rings, it buzzes and it lights up. Dial-happy youngsters will also enjoy a wall telephone-bank.

BANK BUSINESS

Coin slots provide a one way banking business. Once a number is dialed, a mechanical voice asks, "Number Puleese?"

What'll you have: classical music, progressive jazz or bebop? Junior musicians will find toy musical instruments modeled after every piece in a full symphony orchestra.

Crewcut artistes can form a swinging combo with maracas, wrist bells, steel triangles, tom-tom-tambourines, rhythm blocks, and cowboy guitars.

* * *

Realism is also apparent in 1955 toy shop's return to the wild and wooly west. Wild and wooly kids will find a new line of frontier rifles and pistols that closely resemble the original articles.

COWBOY CHEF checks for Indians. Chuck wagon contains pork and beans, spaghetti and cook book.

ROOF-RAISER caps off model church. Miniature houses permit kids to build entire model community.

Bleeding Piles

No Longer a Problem

Medical research has developed a miracle medicine called RECTORAL. It does away with the continual use of old-fashioned ointments, suppositories, injections, etc., that give little, if any, even temporary relief. RECTORAL has a tendency to shrink the piles and usually in a few days, the bleeding, soreness, irritation and pain start to disappear and in a few days more are completely gone. Thousands of sufferers have used this remarkable medicine and have never had any further trouble, even years afterwards. Many of these people had been advised that only an expensive and painful operation would help them. Why suffer any longer? Get well NOW! Stay well! Get a bottle of RECTORAL today at

Trappists Honor Nativity in Prayer

HUNTSVILLE, Utah (AP) — A tinseled tree, gaily wrapped gifts, a family feat, jokes and laughter and, maybe, a word or two about Jesus. That is Christmas for most Americans.

But not for 70 men living in a rugged, mile-high Utah valley. They pray and think, hear and sing of Jesus and of His coming to earth. That is their Christmas, and nothing more.

These men, who rarely use their voices except to praise God, are Trappist monks. There are roughly 700 like them celebrating Christmas this year in 11 monasteries scattered across the nation.

Although called Trappists, their real name is Cistercians of the Strict Observance, or Reformed Cistercians. It is an order of the Roman Catholic Church.

The monks at the Abbey of our Lady of the Holy Trinity have renounced the world to become contemplatives. Their profession is prayer. Their function is not to teach, nor to win converts, but simply to love God.

* * *

With a few exceptions, such as the monk detailed to greet visitors, they do not speak in conversation. They exchange information by signs. They do not eat meat, fish or eggs. A typical meal consists of soup and cooked vegetables.

Christmas Day the food will be something special—soup, two vegetables, homemade bread, cocoa, fruit and a few sweets.

RUN A FARM

On Utah Highway 39, leading east from Ogden, a tiny roadside sign reading simply "Monastery" shows visitors the way to the abbey. There is a silo, a barn—each with a humble cross — amid the rolling fields of the 1,600-acre ranch. A dormitory and a church, the principal buildings, are converted quonset huts.

* * *

The observance of Christmas starts Dec. 24 at 5:30 a.m., when the festival of the Nativity of Jesus Christ is solemnly announced in the church. Then one of the monks delivers the Christmas sermon. The High Mass of the Vigil is sung by the Abbot, which marks it as a special occasion.

The cloisters are decorated with greens. A crib and a representation of the Cave of Bethlehem, peopled with figurines, are erected in the church, all along simple, modest lines.

GREGORIAN CHANT

In the afternoon a bell begins to toll and the sound of heavy shoes sifts into the chapel. The Trappists file in, heads shaved except for the monastic crown, in long white robes. They bow in front of the altar and take their places in their stalls.

Then begins the first vespers of the Feast of the Nativity, one of the many magnificent Gregorian chants more than 1,000 years old.

* * *

Later, when the music is finished on the day before Christmas, the monks retire at 5 p. m., only to rise again at 9 p.m. They sing other Gregorian chants for two hours, then, at midnight, sing the Pontifical Mass.

STRAW PALLETS

They return to their straw pallets until 5:30 a.m. Christmas Day, when they again sing their chants and say Mass. Around 8 a.m., they get some cocoa, a piece of bread and—something different—a piece of home-made butter.

A GIFT SHE'LL LOVE

This Christmas give Mother a bedside telephone. Few gifts will bring her such comfort, convenience and pleasure every day of the year. It will never outgrow its usefulness, will remind her of your thoughtfulness every time she uses it.

And it's easy to give! Just a call to our Business Office will bring a gift-wrapped Christmas phone, ready to put under the tree. After Christmas, at Mother's convenience, a telephone man will come around to install it.

This ideal Christmas gift costs only about a dollar a month plus $2.25 for installation. You can pay for it monthly if you wish.

This Christmas, give the gift that makes life easier. Remember, modern homes have *convenient* phones. More and more people are ordering phones for bedrooms, kitchens and "rec" rooms—and for teen-agers!

Two Horse Sleigh Found; Finder to Get Free Ride

SPOKANE, Wash. (AP) — George Locher's open sleigh has been found.

Locher told sheriff's deputies Saturday that his 60-year-old sleigh a high-runner two-horse model, had been stolen.

A neighbor told Locher today she had spotted the sleigh only a block from where he had left it.

Locher, who had promised a free ride to the finder and his family, said they'd soon be dashing through the snow.

Elk Hunter Wounded Without Any Gunfire

LIVINGSTON, Mont. (AP) — Elk hunter Ted Tracy of Butte, Mont., riding between two brothers in their hunting vehicle, was shot in the arm without a gun being fired.

A rifle cartridge in his side jacket pocket exploded, ricocheted off his chest and entered his left arm. The muscles were torn badly and one artery and several nerves were severed by the slug.

Tax Hike for Parking Lots Impossible, Says Willman

Charges that the $600,000 municipal parking lot program will boost city taxes can be disproved by reading the ordinance covering the issue, City Manager Walter K. Willman said yesterday.

"This is not a matter of general taxation and therefore cannot raise taxes," said Willman. "This program has to stand on the nickles that the people put in the meters."

City Commissioner John A. Dugan has condemned the manner in which a group were seeking petition signatures to call for a referendum vote on the issue, saying that some citizens were being scared into signing by fear of increased taxes if the program went through.

Sam L. Stolorow, spokesman for the anti-parking lot group, answered Dugan by saying "the fact of additional taxes will be substantiated and proved beyond doubt."

Willman made reference to section 8 of ordinance 1292 to prove no tax hike was in store as the result of this program. It reads: "Said bonds and attached coupons shall not be a general obligation of the city and shall not be an indebtedness of the city within any state constitutional provision or statutory or charter limitation."

The ordinance was published Nov. 28 in the Pontiac Press and Willman recommended that everyone read it to answer any questions that pertain to the program.

The ordinance goes on to read that "the principal of and interest on said bonds shall be payable solely from the net revenues derived from the operation of the system, including future improvements, enlargements and extensions thereof."

The ordinance gives the City Commission approval to alter the fees and hours of the parking if the revenues proved insufficient to handle the maintenance of the lots, Willman stated.

"Take it easy, Joe! Wait'll I spring *Poole Lumber Comany's* kitchen planning on them. They'll be our friends for life!

Prairie Chicken Losing Numbers

Movement to Preserve Loud Echoing Bird of West Sought

WASHINGTON — The throbbing call of the prairie chicken, once loud as a drum roll, echoes only faintly today across the West.

Refuges to encourage propagation of the grassland "boomers" are being sought by the National Wildlife Federation. A century ago prairie chickens, or pinnated grouse, numbered tens of millions. Only an estimated 350,000 now survive, the National Geographic Society says.

In their heyday, the large yellow-brown birds swarmed over grasslands throughout the eastern United States and west to New Mexico, Colorado and Wyoming. Plains Indians watched the birds' extravagant courtship antics and mimicked them in ceremonial dances. Scientists later on heard the love-struck booming and named the bird tympanuchus cupido americanus —the "kettledrum of love."

Prior to uttering his whur-ru-rr courtship summons, the male prairie chicken "honors his partner" with a courtly bow, neck parallel to the ground. He spreads his tail feathers, and his entire body grows rigid.

* * *

After a short run forward, the male stamps, jumps, and whirls to the drumlike booming of his distended air sacs. On quiet days the call carries for a mile or more. With ventriloquial effect, it may seem farther away or closer than is true.

Telephone service has now been provided for the first time for residents of Pitcairn Island.

'Tummy Dance' Shocks Briton

Showgirl at Post Office Party Angers Laborite; Photo Sent to Eden

LONDON (AP)—An "Oriental Tummy dance" before government workers in an annex off staid Whitehall so shocked a member of Parliament that he sent photographers of the near-nude dancing girl to Prime Minister Eden.

* * *

The performance by shapely Shirley Allpress took place the other night at a stag Christmas party of 100 post office workers. So far they haven't complained about the young lady's terpsichorean efforts in shining silver paint and a fan.

Arthur Lewis, Labor member of Parliament who was not present was so shaken by it all today that he said:

"If what I have been told is true the matter is disgraceful. There is a time and place for everything and I don't think a building occupied by the Treasury can be called a suitable place for this sort of act."

Shirley was quick to tell reporters that everyone liked her exotic dance.

"It was very nice and there was nothing rude about it," she said. She was paid five guineas—$14.70. Payment in guineas usually is reserved for medical men, lawyers, artists and other professional services.

Eden had nothing to say about the matter. He has been ill and more pressing matters of state have been piling up these past few days.

Coal prices in Northern Ireland have advanced 600 per cent since the end of World War II, Belfast reports.

SPORTSCAR FANS — Baby car is piloted by knee-britches Casanova who pulls old "out-of-gas" play on unsuspecting female. Modeled on real sportscar lines, this pedal pushing auto has an electric horn, sealed beam headlights and tail lights.

Baby Automobile Present Comes 'Real Cheap'—$295

A little boy's smile is worth a million dollars. Christmas only comes once a year. Whether you're rich or poor it's good to have money.

Keeping these time-tested axioms in mind, it's easy to see why so many parents are going all-out to give Junior a real cool Yule.

Pop might have to dip into capital to swing the deal, but there is available a selection of plush toys which will make some little rich boy quite happy. The cost: A nominal right arm.

A sleek pedal-pushing Thunderbird sports car—ideal for long drives around the esta'e—is now selling for a mere $295.

And if Junior's legs tire easily, if he doesn't want to push the car up nasty slopes, there's another answer. A model car, equipped with storage battery motor, gear shift and six-mile-per-hour cruising speed is also on the market.

The price tag reads $395.

If the problem child is a girl, she would probably enjoy something special in dolls. She might like the Terri Lee doll. This is a very attractive little doll, priced at just under three hundred dollars.

A full-length silver blue mink coat—the genuine article—comes with this doll.

Farmer Wants to Pay All His Old Creditors

CLATSKANIE, Ore. (AP)—Dave Coons, 72, a farmer, is looking for bill collectors. He said he wants to pay back some $23,000 that he owes because of business failures 20 to 30 years ago.

* * *

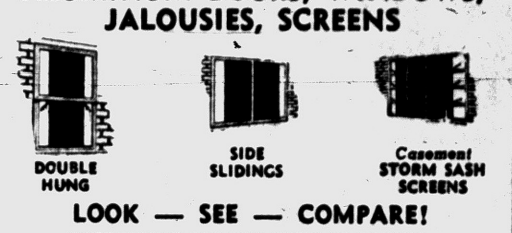

He inserted an advertisement in a Portland newspaper's classified section last week which said: "Wanted—all of my creditors from 1930 to date. I am ready to pay."

But he hasn't received any bills.

* * *

"It isn't that those folks are not still around," he complained, "I knows lots of them are. Why I even owe the Oregonian $50." It was the Oregonian that carried his ad.

NEW—Scientific Discovery—CHIP PROOF—CRACK PROOF—COLOR PROOF

Unbreakable DINNERWARE

Smooth as China—Cleans Like Glass—SAFE For Children

$45 VALUE Only $29.95

At long last, science has created UNBREAKABLE DISHES in ordinary use—as life-like as China—as easy to clean as glassware—as colorful as the greatest artists and decorators could combine. In feel, in weight, in that smooth appearance, you can't tell them from costly China, but they'll never chip or crack, and they may fall where they may—without breaking. They resist food grease, and won't be affected by boiling water.

100-Year-Old Greetings Overworked Simplicity

Modern Christmas cards are triangular, circular and three-dimensional. They reflect, light, pop-up and shine in the dark.

Yet somehow, through this din of color and design, they manage to convey one message: "Merry Christmas."

To say they differ from Christmas cards of a century ago is to compete for understatement-of-the-year honors.

One of England's earliest cards consisted of fine script on a plain white card:

"Prithee receive this unpretending card.
Prithee believe it carries my regard—"

This, the grandaddy of all Christmas cards, set the pace for many years. Then, the English Christmas card industry went into a literary full swing.

Then, 80 years ago, the Christmas card came to America. Our first card manufacturer Louis Prang, jazzed it up considerably. One of his early products read:

"Christmas love is hard to pack
It overflows each box and sack,
So now I know just what I'll do—
I'll send it by wireless to you."

While Prang might not have been another Shakespeare, his card poetry was typical of late nineteenth century America.

TASTE CHANGES

The country's taste changed and so did Prang's cards. His cards became less ornate. And wit—of a sort—entered the scene.

* * *

During prohibition days, this one was considered a real riot. A card shaped like a donkey, had a string hanging as a tail. It was called an "Old Gray Mare Barometer." It carried this vital message:

"Directions: Stand near a hitching post.
If tail hangs to the right, Summer is over.
To the left, Winter is over.
If it drops off, Prohibition is over.
N. B. Don't pull it off, it won't work."

About as Christmasy as an Easter Egg, this card could also be used for birthdays, New Year's and April Fools.

And it was only the beginning. Through the years, the trend went from verse to worse. But it looks like the end is near.

RETURN TO HISTORY

This year's cards appear to be returning to the simplicity that marked history's first Christmas cards. For the most part, today's verses are simple and unpretentious.

There is also a wide use of parchment paper — reminder of an era when parchment was necessary for the illuminated antique lettering.

However, there are some modern developments that had precious little to do with the beginning of the industry.

* *

Today's cards come in every shape found in a geometry text book and then some. Other innovations include introduction of sparkling substances, fabrics, plastics, satin puffs, and sequins.

There are also more "Specials" than ever before. Mother—Wife—Sweetheart have always received personal greetings. This year there is a card bearing "A Merry Christmas for My Kiddy Cousin."

The Milkman, the Newsboy and the Doctor all have special cards.

Even the Animal Kingdom figures prominently in 1955 cards. Through popular demand (it says here) there is one card "From Our Cat to Your Cat." S

WANT YOUR Christmas cards perky? There's trend away from tradition and into whimsey.

TRADITION in cards: Flowers, candles—in that order.

NOSTALGIA has its place in the Christmas Card scheme.

Sick Bradshaws Free of China

Presbyterian Medical Missionaries Are Taken to Hong Kong Hospital

HONG KONG (AP)—Dr. and Mrs. Homer V. Bradshaw, American missionaries arrested by the Chinese Communists nearly five years ago, were helped across the Hong Kong border to freedom today.

* * *

Both have long been ailing. Mrs. Bradshaw could not answer questions by American consular and Red Cross officials and her husband, badly run down himself, said:

"It'll take a little while to get it through to her that she's out."

The Bradshaws, natives of Pittsburgh, Pa., and medical missionaries in China since 1928, reached the border of this British crown colony aboard the daily train from Canton. An ambulance brought them to a Hong Kong hospital.

Newsmen were shocked by Mrs. Bradshaw's pitiable condition as she turned a blank stare to their questions.

* * *

Dr. Bradshaw had been in a Canton prison since his arrest, but his wife was transferred to house arrest when she became ill in 1953. The Chinese never made any public charges against them but presumably they were accused of spying.

With the emergence of the Bradshaws from behind the Bamboo Curtain, 13 other Americans whom the Chinese had promised to free "expeditiously" were believed still in Red prisons.

Pooch Leaves the Clink

SAULT STE. MARIE (AP)—For a time the jail roster here listed two men and a dog among its prisoners. A friendly black Labrador dog wandered into municipal court and was impounded in the men's cellblock when its owner could not be found. The dog warden finally took over.

Detroiter Admits Taking $53,000 of Credit Union

DETROIT (AP)—Charles H. Thompson, 22, of Detroit, a former cashier for the Ford Rouge employes Federal Credit Union, pleaded guilty in Detroit Federal Court yesterday to charges of embezzling $53,000 in credit union funds.

Thompson was a key figure in a recent federal government probe of the credit union. He was placed under $10,000 bond to await sentence.

Murray Divorce Case Exciting Oklahoma

OKLAHOMA CITY (AP)—The divorce case of former Gov. Johnston Murray became engrossed in personalities yesterday with the statement in a District Court deposition that there was another woman in Murray's life.

* * *

Highway Patrolman Jim Garibaldi identified Mrs. Helen Shutt, former member of the University of Tulsa faculty, as Murray's companion on numerous occasions. The trooper, who acted as official driver and aide to Murray during his four years as governor, testified at the deposition hearing.

* * *

Garibaldi was questioned for two hours by State Sen. George Miskovsky, attorney for Mrs. Willie Murray. She is contesting Murray's application for divorce and seeks separate maintenance on grounds that include public drunkenness and adultery.

Cadillac

Already Has His Mind Made Up!

This handsome young lad has just received his first Cadillac!

And as you watch him here, you can see that he is giving it the care and affection that only a boy can confer upon his most prized possession.

In fact, we'd be willing to wager that he has already made up his mind what car he'd like to own when he grows up!

And what a grand and glorious thrill that *next* Cadillac will be!

We know because we've seen it happen so many times . . . and we've never found a man in a *happier* frame of mind than when he comes in, for the first time, to take delivery of a new Cadillac.

There's no mistaking the pride in his face or the happiness in his heart as he takes the keys . . . and slides behind the wheel . . . and heads for that happiest of homecomings.

No question about it—that will be his "day of days"!

* * * *

And this, by the way, is an especially wonderful year to make your own boyhood dream of a Cadillac come true.

Never before has the car offered so much by way of beauty or luxury or performance as it does today.

And on the business side of the ledger, the facts are equally impressive. There is Cadillac's surprisingly low original cost . . . its remarkable operating economy . . . and its great resale value.

So this year, why not follow your heart . . . and stop in at our showroom?

We'll be waiting for you with a warm welcome and a wonderful car.

GREETINGS — Prince Rainier III of Monaco waves greeting following arrival in New York yesterday aboard the liner United States. The 32-year-old prince, ruler of the five-square mile principality, is the 30th descendent of a dynasty dating to 1070.

Bachelor Prince Visits U. S.

Ruler of Monaco Disclaims Haste to Select a Bride

NEW YORK (AP)—Bachelor Prince Rainier III of Monaco, arrived in the United States Friday for a two-month visit. "There's no hurry" about his finding a bride, he said.

"I'm not actively seeking a wife," the 32-year-old ruler of the five-square mile principality on the Riviera told reporters meeting him aboard the liner United States.

He conceded that Monaco would become a part of France if the line of direct heirs to the throne ever is broken.

* * *

But to questions whether he felt "time is running out" he replied "No, no."

The prince, about 5 feet 10, bronzed and dressed in a dark blue suit, was asked what kind of girl he had in mind for a wife. He replied smilingly:

"The best kind — she has to have many qualities because I'm a horrible character."

But his chaplain, the Rev. Francis Tucker, of Wilmington, Del., commented:

"The prince is a good, fine boy — he's not a runabout."

A half-dozen women were among reporters interviewing the prince. One said, "You realize, of course, that Americans can't stand to see a bachelor."

"Why?" the prince asked.

Then he was told his name had been linked with Grace Kelly, the movie actress.

"I just met her at Cannes, that's all," he said.

Canon Tucker, accompaning the prince, said he was assigned to his present post by the Vatican in 1950.

He said the prince, who is on his first visit to this country, has "a great liking for Americans, especially Texans. He likes their frank, open ways."

The prince, he said, served for two months with the American 36th Infantry Division at Strasbourg, France, as a liaison officer.

* * *

The prince will stay in New York until Dec. 20, then go to Johns Hopkins Hospital for a "routine checkup."

He will spend Christmas in Wilmington with Canon Tucker and will attend Christmas Mass in St. Anthony's Church there. After that, he will visit Miami, returning here Jan. 6.

He said he may do some hunting in Wyoming emulating his great grandfather who hunted there with Buffalo Bill Cody in 1898.

As the ship was docking, the prince commented:

* * *

"This is a moment of deep emotion for me—my first visit to the United States, my first meeting with the greatest metropolis in the world.

"For a few weeks, I am going to be a simple tourist, seeing as much as I can of the great natural beauties of America and visiting your cities and industrial wonders."

You Need a Pediatrician

Present Crop of Dolls Are More Realistic

The modern doll can't be distinguished from its owner — not without the aid of a scorecard or a trained pediatrician.

"The belles of Toyland can do everything but breathe," says Mel Freud, president of the Toy Guidance Cluncil.

Naughty dolls wet, pout, burp bubbles and shed tears. Those with a fine factory upbringing pucker up and plant a sopping wet kiss on baby's cheek.

Dolls will play goo-goo eyes, wink, blow their noses, say their prayers. Their hearts will beat. They walk and talk, dance and sing as a matter of routine.

LATEST ARE WALKERS

The latest dolls to walk—literally walk—off the assembly line are constructed as closely along human lines as possible.

The Magic-Lips doll, for example, boasts three teeth which must be given daily care. A scaled-down toothbrush comes with the doll. Once ivories are polished, her lips part and close, forming a lifelike kiss.

~~Baby will no longer have to do~~ a solo number when the melodic strains of her favorite mambo fill the air. The Diane Ballerina doll, with elastic bands on its feet to be fastened over baby's shoes, will follow the most intricate dance patterns.

Baby Blue Eyes has a rooted saran wig. This doll's hair may be brushed, combed, shampooed and given a home permanent. While all this is going on, Baby Blue Eyes—versatile little rascal that she is—will suck her thumb or impatiently cross her hands.

SHE'S NO FRUMP

The doll of today is no frump when it comes to clothes. Doll couturiers point out that fashion plates of the toy world would head up the "Ten Best Dressed" lists if allowed to wander through the outside world.

The modern doll has a fancy wardrobe closet complete with tiny shoebag and hat rack. She would be at home lounging on the Riviera or visiting the season-opener at the Royal Ascot race track.

It is not unusual for the well-dressed doll to have a formal evening gown and mink coat, nightie and lounging pajamas, a housecoat and a bathing suit.

Some dolls have sunglasses, boots, ice and roller skates. They have dainty lingerie and miniature jewelry. Before facing the outside world, they must have teeth cleaned, hair dressed and shoes shined.

Little boys—like many big boys—also like dolls of their own. Puppets, marionettes and ventriloquist dolls are very popular among members of the masculine set.

'DOLL MOTHER' ponders the big question: what color of hair goes best with doll's clothes? Well-dressed dolls have fur coats, strapless evening gowns and fine lingerie. This year, they also come with blonde and brunette wigs.

Women Like Cigars

COPENHAGEN—Women do not smoke in the streets of Denmark, but, however, they smoke everywhere else. Some of the stronger-lunged Danish women prefer cigars to cigarettes and puff them contentedly in the smart night clubs and restaurants.

Police Shows Now Outlawed in Los Angeles

LOS ANGELES (AP)—The annual Los Angeles police shows are now a thing of the past, by unanimous decision of the Police Commission.

The commission killed off the shows yesterday on request of Chief William H. Parker, who said:

"We are attempting to bring the police service to the highest professional level, and we can do this if we do not engage in selling tickets to the public."

He added that an informal poll in the department showed that many officers objected to the annual ticket selling task. And he said the police relief, retirement and other agencies benefiting from the shows can find financial aid elsewhere.

Maternity Wing Hotel

PORT-AU-PRINCE — One of Haiti's leading hotels, the Grand Hotel Oloffson, has taken over a maternity wing for its guests. The Oloffson puts up some of its patrons in an annex that was once a maternity hospital for the wives of servicemen during the American occupation.

Japanese Inns Offer Adventure

Interesting Facts, Odd Aspects Engulf Oriental Country Spots

TOKYO—Looking for a new and charming travel adventure — one that will provide a lasting memory of the true beauty and tranquility of one of the world's most colorful countries? Then plan to spend a night or so in a Japanese country inn.

There are literally thousands of excellent inns throughout Japan, with especially heavy concentration at seaside and mountain resorts and other areas whose temples and scenery attract foreign visitors.

Certain aspects of the Japanese inn may seem strange—such as removing your shoes at the entrance, the unfamiliar but interesting food, sleeping on quilted mats (futons) laid on spotless rice straw floor (which is itself padded and softer than you'd suspect) and the omnipresent kimono-clad maids who think nothing of popping into the room when you are in a state of utter dishabille—are all a part of the fun and charm.

FOLLOW CERTAIN RULES

And if your hips grow a bit weary from sitting on the floor you can always take a stroll through a countryside that has a story-book charm unlike anything anywhere else in the world.

In order to enjoy a Japanese inn to the utmost, there are certain "rules" which should be followed. To travelers planning on such stays, this little list of "do's" and "don'ts" is offered:

DO be formally polite, even at the expense of "laying it on." The Japanese, to whom politeness is almost a religion, are sometimes bewildered and hurt by foreign brusqueness.)

DO take off your shoes when entering. That's a "must," for the matting floors must be kept clean.

DO cooperate on meals and bath schedules.

DO carry your own towels and soap.

DON'T grow impatient and cause scenes. Remember the language difficulties and the fact the inn's personnel is trying hard to deal with a foreign problem.

DON'T get soap in the bathtub. The Japanese tub is strictly for soaking and relaxing. The job of getting clean is done outside the tub, a pail of water and a dipper being provided for rinsing purposes.

Legislation in States Tops Record High

CHICAGO — The nation's state and territorial Legislatures handled a record number of 81,596 measures in 68 legislative sessions during 1955.

This exceeded a record high set in the last comparable legislative year, 1953, by 5,630 measures.

Thirty per cent of all proposals considered in 1955 in the 46 states, Alaska and Hawaii, were enacted into law compared with 34 per cent in 1953.

New York led with 7,038 legislative introductions, but only 872 became law. California, second in number of introductions with 6,744, enacted 1,963 into law.

Aussies to Fight Reds

CANBERRA, Australia (INS)—Australian Prime Minister Robert G. Menzie has announced that an Australian battalion would be sent to Malaya to go into action against Malayan "Communist terriorists" early next year. He said the Australians would join the British in seeking to wipe out the Communists still hiding in the Malayan jungles.

Blame Drug for Deaths

PARIS (INS)—Two manufacturers of a special drug guaranteed to cure boils have been indicted for manslaughter. A special government investigating panel found that there was a "definite connection" between the drug called "Stalion" and the deaths of 102 persons in France and Algeria last year.

More than 11 million people live in South Viet Nam.

Businessmen Argue Antitrust Rulings Hinder Foreign Policy Action

WASHINGTON (AP) — American businessmen operating abroad contend their trade and foreign investments are imperiled by efforts to apply U. S. antitrust laws to these overseas activities.

* * *

Their protests were summarized in a Senate report just made public. It presented views of U. S. business representatives in England, France, Italy and other European nations, without identifying them by name.

Among other criticisms it stated that the effort to export U. S. antitrust jurisdiction collides directly with the government's foreign policy of encouraging overseas trade and investments.

OPPOSES MONOPOLY

The report was written by Joseph W. Burns, chief counsel for the Senate Judiciary Antitrust and Monopoly subcommittee, as a staff memorandum.

Sen. Kilgore (D-WVa), judiciary chairman, made it public with emphasis on the fact that he opposes international monopolies.

* * *

"This memorandum reflects the view of American businessmen abroad, and in no way whatsoever reflects the views or conclusions of the staff of the subcommittee or any of its members," Kilgore said.

The report was based on conferences in London, Paris and Rome this fall by Kilgore and Burns with officials of the American Chambers of Commerce in those cities, and other business leaders.

It pointed out that in England "competitors combine to fix prices, to allocate the trade among themselves and to exclude outsiders."

Similar actions in the United States would violate the antitrust laws and probably bring both criminal and civil actions by the Justice Department.

While U. S. laws aim at full and free competition, the report said, "a typical English business director probably still feels that there is something ungentlemanly and vulgar about too much competition."

It added that the British system probably protects "the small and perhaps less efficient producer, which is the British method of keeping the small man in business."

"The British do not indulge in ruthless competition as such," it said. "For them it is natural to combine and cooperate."

But when American corporations and businessmen attempt to operate within the British system, they face prosecution for antitrust violations under U. S. laws, it said.

The report said American businessmen abroad blame the Justice Department for this interpretation. They feel such action has damaged American business overseas and "lowered the prestige of the United States as well."

The report said most British and European business leaders are eager to enter into joint ventures and patent license agreements with U. S. concerns but are balked by the threat of antitrust decisions in this country.

As a result, they turn to the Swiss, Germans and other Europeans for "help, skill, finance and know-how," it added.

Union Crosses Its Pickets to Get Westinghouse Loan

PITTSBURGH (AP)—Westinghouse Electric Corp., standing pat on its offer of a five-year contract and declining to submit disputed issues in a strike to arbitration, today stepped up its program of lending $100 to each of its idle employes to help tide them over Christmas.

* * *

Clerks from the payroll department were present at the big east Pittsburgh works — where more than 10,000 are idle—to hand over checks. Similar arrangements were mad at the other idel Westinghouse plants throughout the nation.

The loan program began yesterday at a few plants. At Sharon Pa., the company reported it loaned $168,000.

Members of the striking International Union of Electrical Workers crossed their own picket lines —with union sanction—to pick up the checks.

* * *

IUE and company negotiators recessed their talks yesterday with no report of progress as James B. Carey, IUE president, arrived to take part in today's negotiations.

Pleas for submission to arbitration were made yesterday by the governors of three states—George M. Leader of Pennsylvania, Averell Harriman of New York and Theodore McKeldin of Maryland.

Westinghouse says a five year pact is needed to allow it to compete favorably with its biggest competitor, General Electric. GE and the IUE agreed recently to a five year pact but the union says Westinghouse's offer is not as advantageous.

Dubinsky Pledges $1 Million to Israel

NEW YORK (AP)—The International Ladies Garment Workers Union has pledged $1,100,000 for projects in Israel, a gift which union President David Dubinsky believes to be the largest in labor history.

Dubinsky announced yesterday the union will give one million dollars in four yearly installments for a 200-bed hospital near Beersheba in the Negev. Two other immediate payments of $50,000 each will go to complete a sports stadium at Haifa and to replace out-worn equipment at the International Trade School there.

Dubinsky said he expects union locals and joint boards, representing 440,000 workers in the United States and Canada, to provide about half of the money from their treasuries. The rest is to come from voluntary contributions by union members.

Sewer Suit Final Decree on Commission Agenda

The final decree in the Pontiac-Waterford Township shopping center sewer suit will be presented to the City Commission tonight by City Attorney William A. Ewart.

Port Huron Circuit Judge Eugene F. Black made the ruling last week which would prevent a planned shopping center at Elizabeth Lake and Telegraph Rds. in Waterford Township from hooking up into the Pontiac sewer system.

Pontiac filed the suit Aug. 31, claiming Waterford's attempt to link the center with the city system violated a 1935 agreement establishing an area in the township which could send sewage through the city's treatment plant.

Pending an appeal to the State Supreme Court by Waterford, the township has been allowed by Judge Black to hook up a supermarket now under construction at the center to the city system.

Also scheduled to be heard on the 11-point agenda at tonight's meeting, will be a resolution calling for transfer of $17,550 from the city's capital improvement fund to the Michigan Dept. of Aeronautics to complete a runway started last summer at the city airport.

The money is the balance of the city's share in the construction work which will cover graveling, seal-coating and necessary runway lights.

Two resolutions are expected to be heard instructing the city manager to proceed with purchase of Lots 16 and 19, part of assessor's plat 131.

The second reading and possible adoption of the ordinance to amend the city's weed ordinance is slated to be presented.

A communication from the Hilton Lumber and Supply Co. asking for improvements in the Selmer and Herndon avenues in the Robert Herndon's Pontiac Apartment Subdivision will be brought before the Commission.

Also on tap at the meeting will be a resolution to amend the form of the notice of sale of the $600,000 automobile parking system revenue bonds as adopted Nov. 22.

Confirmation of special assessment rolls for the following are to be presented:

For grading, graveling and culverts for Highwood boulevard, from Sheffield to Princeton and Princeton avenue from Highwood to east line of Glenwood Estate Subdivision, and Laurel avenue from Sheffield to Princeton.

For storm drain in Dellwood avenue from trunk sewer west of Earlmoor to Howland and for Howland avenue from Dellwood to Luther.

Ohio Police Can Prove Car Goes 113 M.P.H.

TOLEDO, Ohio (AP)—Diego Villa's new car can go at least 113 miles an hour, the state highway patrol says.

Villa, 23, of Angola, Ind., was arrested on the Ohio Turnpike last night near the Stony Ridge interchange.

From the time stamped on Villa's turnpike ticket when he got it at the Westgate entrance, the patrol figured he traveled 68 miles in 36 minutes. He was fined $50 and costs.

Solomonic Saga: A Tale of Justice in a Kind Judge

TOLEDO, Ohio (AP) — Strains of "Silent Night" filtered into a Common Pleas courtroom yesterday as 22-year-old Carl C. Martin was convicted of purse snatching.

* * *

Judge Harvey Straub had to decide whether to send Martin to prison or put him on probation. Hearing the carol, the judge said: "That does it."

He decided the prisoner should have another chance, with five years probation.

While choristers from county departments on the floor below continued their caroling, another defendant came before the judge. He was Moses Hinton, 41, of Detroit, convicted of car theft.

The judge, giving Hinton three years' probation, noticed the man was wearing the same light topcoat he had when arrested last August.

"Just a minute," the judge said. "I've got a coat here I don't wear very often."

* * *

So Hinton tried on the judge's overcoat in the courtroom, and finding it fit, was sent on his way.

Paraguay will build a highway linking Asuncion and Filadelfia.

Lifeguard Design in the '56 Ford!

Lifeguard steering wheel has a new deep-center construction designed to keep you safely away from the steering post in case of an accident. The rim of the wheel is mounted high above the recessed steering post . . . "cushions" your chest on impact. And Ford's new Lifeguard rear-view mirror "gives" on impact . . . resists shattering.

Lifeguard double-grip door locks help keep doors closed, even under severe impact. And statistics prove that if you stay inside the car in an accident, you're *twice* as safe! These new safety locks—the result of over two years of research—resist stress from *two* directions. (Conventional locks hold only in *one* direction.)

Optional nylon seat belts offer you 3-way security. They give your children far more protection in case of sudden stops in everyday driving . . . they help keep passengers in their seats in the event of an accident and make driving far less tiring. Ford seat belts can be adjusted with one hand . . . released with the flick of a finger.

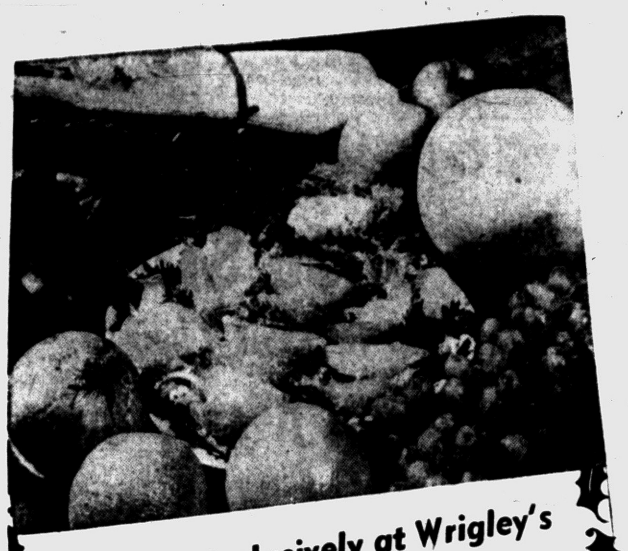

Optional Lifeguard padding on instrument panel and sun visors not only reduces possibility of injuries, but in many cases prevents them altogether! Victim of Polio Paints Her Gifts

Paralyzed in All Limbs, Californian Uses Teeth to Decorate Presents

EL MONTE, Calif. (AP)—Mrs. Barbara Japhet, 25-year-old former model, is painting her Christmas gifts this year—even though she is unable to move her arms or legs.

She holds the brush in her teeth. It takes her about two hours to paint a gift tie or scarf with oil colors.

Mrs. Japhet was stricken with polio seven years ago. For the last two years and nine months she has been a patient at the Sister Kenny Memorial Hospital.

But Christmas Eve she will return to the home of her parents Mr. and Mrs. William Page of nearby Whittier, and her daughter, Vickie, 8.

In addition to painting, she also has learned to operate an electric typewriter. She holds a stick in her mouth and touches the keys with it.

Barbara is one of the most cheerful persons in the hospital. She says:

"I feel fine, but my body is in cold storage, shall we say?"

An attache at the hospital commented:

"She accepts it so beautifully. When we feel low we drop into her room to be cheered up. She never fails us."

Plane Hostesses Hail from Oxford, Birmingham

Starlets Fascinate Rose Bowl-Bound Spartan Squad

By ROBERT E. VOGES

PASADENA, Calif. (AP) — Don't be surprised if you hear about a romance between some Michigan State football player and a Hollywood starlet.

* * *

Its already being schemed.

Last time the Spartans were here, halfback Billy Wells-star of the game as it turned out—had a crush on now-married Debbie Reynolds.

Sports Publicist Fred Stabley, talking with the honesty that two years brings, tells about it this way.

"We had some picture-taking sessions with pretty girls," Fred recalled, "and Billy was right in the middle of it.

"I asked him who his dream girl was, and he said Debbie. Now that was right at the start of the season so I told Billy if we went to the Rose Bowl, I'd get him a date with Debbie Reynolds."

Fred said he forgot all about it until the day after the Spartans got their bid and Billy walked in the office to demand the payoff.

It was a good one.

DEBBIE APPEARS

At the Big Ten dinner, Wells was talked onto the stage and was tap-dancing a time-step with Bob Hope. Debbie slipped out from behind a curtain linked arms with Billy and started to tap too.

There were double-takes all over and Billy Wells had his date.

Although the scheming isn't complete this year, the general plan is for a poll of players to find the most likely romantic candidate and then a check on favorite starlets.

Still on romance—it must be the Hollywood atmosphere—here's another.

Hostesses for the plane that flew the football team out were carefully selected for prettiness and Michigan background. Helen Beardsley of Oxford and Mary Lou Gregory of Birmingham were the two pretty kiddies making the trip.

A newsman wanting a light ran out of matches during the flight and one of the girls fished a pack out of her pocket.

The name was signed but should be kept secret, except that he's an end and from Michigan. Don't know how he made out.

EX-SPARTAN HOMESICK

Ed Bagdon of Dearborn, one of Michigan State's great guards, came out to eat at the training table with the team the night of arrival.

Bagdon, a '49 graduate, teamed with Don Mason, now MSU Freshman Coach. He's selling cars out of Los Angeles now, doing well, but still wants to get back to Michigan.

"I want to get back to where they have green trees without driving 100 miles," he said. "You pay more for everything out here and have to go further to get it."

Then Ed went into auto licenses taxes, smog and a few other things with the theme "There's No Place Like Michigan."

Michigan State football players have 12 cars placed at their personal whim during this Rose Bowl stay.

The last trip they had to draw them out of the general pool maintained by the Rose Bowl Committee.

The Oldsmobile people, sponsors of the band, are making the gesture.

"If you want to visit Forest Lawn Cemetery or Disneyland," it was earnestly explained by a company representative, "we have trained drivers ready to take you there and show you the sights."

* * *

Coach Duffy Daugherty thought a little additional explanation was needed.

"You can't go to see a sick aunt in Los Vegas," he said. "These trips have got to be legitimate."

Board Warning of Wrong Gifts for Alcoholics

LANSING (AP)—The State Board of Alcoholism reminded holiday shoppers today that a bottle in the Christmas stocking of an alcoholic is almost as bad as a time bomb.

"We're anxious that people remember the troubles of alcoholic friends at Christmas," said Ralph W. Daniel, executive secretary.

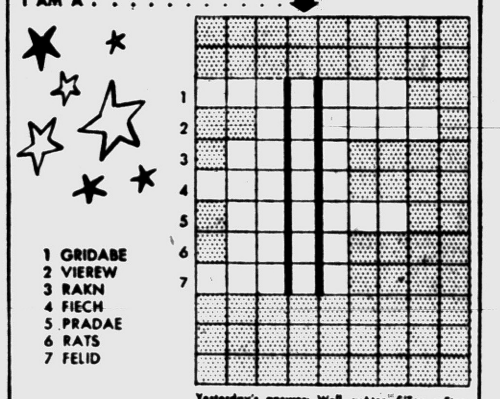

Daniel said gifts for alcoholics should be restricted to neckties, tools, books and the like. Michigan alcoholics become a real problem during the holidays because well-meaning friends often load them up with liquor, he said.

"I'm certain that both the distillers and the temperance groups would agree that liquor should not be given to alcoholics," he said. "Some of them can resist everything but temptation."

Russian Sees Moon Travel Before 1985

MOSCOW (INS) — A Soviet scientist said today that trips to the moon and the planet Mars would be possible before 1985.

Agence France Presse said the scientist estimated the trip would cost about 50 billion dollars.

* * *

Professor Kirill Staniukovich declared that a large artificial satellite might be projected into space for a distance of 14,375 miles to serve as a jumping off place for trips to Mars and the moon. He is a member of the Soviet science academy's inter-ministerial committee for interplanetary communications.

* * *

American scientists have said that trips to the moon would be possible in five years if unlimited federal financing was available.

Firemen Battle Ammo ——Without Realizing It

DENVER (AP) — Firemen ducked live ammunition while battling a blaze in a passenger car yesterday—but they didn't know it.

"We heard several loud reports," Asst. Chief Walter B. Deboier said, "but we thought it was glass snapping."

Later inspection of the car's interior disclosed several spent .25 caliber cartridges.

Given New Wayne Post

DETROIT (AP)—Dr. Robert Steadman, former state controller, has been appointed chairman of Wayne University's newly created department of political science, which merges the departments of government and public administration. Dr. Steadman, a Wayne faculty member since 1947, has been chairman of public administration since 1953.

Alcoholics' Rehabilitation Center Plans Dry, Sober, Yet Very Happy Christmas

GRAND RAPIDS (AP) — Grand Rapids Alcoholism Rehabilitation Center officials have predicted a sober but Merry Christmas for the first time in many years for more than 100 former patients.

The center, first of its kind in the state, opened three months ago. Its operating cost of about $60,000 is shared by the state and county. Morris Barrett, director, said it has treated more than 130 patients.

Of this number, about 75 lived at the clinic and the others, including women, were outpatients. A few of those released after treatment have had temporary returns to alcohol, Barrett reports, but nearly 90 per cent seem "on the wagon" to stay.

Patients begin their day with breakfast at 7:30 a.m. They return to their rooms, make beds and do light housework. "We stress cleanliness at all times" Barrett says. Some patients now repair toys for distribution to needy children in cooperation with a Marine Corps drive.

All patients attend a lecture before lunch. A relaxation period is followed by a lecture in mid-afternoon. Evening activities include an Alcoholics Anoymous meeting, two lectures and films each week. Visiting by families and friends is encouraged.

Of the lectures, Barrett states:

"We impress upon the patients that, as alcoholics, they are abnormal drinkers and, therefore, never can drink again—that they must replace alcohol with a new sense of value in life.

Each patient, upon entering the clinic, receives a physical examination by Dr. John D. Morley, medical director. Social histories of each patient are compiled by social workers who later assist in finding outside employment for those released after treatment. The usual stay for in-patients is two weeks.

Barrett reports that nearly all desire to pay their fees—$8 a day for city residents and $11 for others—but adds that the fee is not compulsory.

He says that of about 15 persons—some of them outpatients who have resumed drinking, some have returned for treatment.

The center's staff has decided "there is no such thing as typical or average alcoholic," Barrett disclosed. "All have distinct individual problems and must be treated as such."

* * *

Most patients, he adds have been men past 35, who earn average incomes when employed. The center regards sobriety, return to family, self - supporting employment, a church contact and support of wife and children as signs of a "success" with patients.

Cut out this figure and save until you have all cutouts to make your creche.

THE NATIVITY — 2

The Shepherds

Here are two of the shepherds who were in the fields of Bethlehem and followed the light of the great star to the manger. One of them is a grown man and the other a young boy who has carried his pet lamb as a gift to the Christ Child. Together they form the second picture with which to make your own Christmas crib or creche.

Color the figures brightly, paste them on cardboard and cut them out in one piece. The big sheep is gray, but the lamb is white.

So that the figures will stand up, fold forward the center part of the base, and fold back the two end flaps. Then put it away with the angel until you have the whole set.

An old English song tells us that:

While shepherds watch'd their flocks by night,
All seated on the ground,
The angel of the Lord came down,
And glory shone around.

Parole Officer Named Assistant Prosecutor

GRAND RAPIDS (AP) — John T. Letts, state parole officer since 1951, has been appointed assistant Kent County prosecutor, effective Jan. 3.

Letts, first Negro ever to hold the post in Kent County, succeeds Clifford A. Murphy, who will devote full time to his private law practice.

The new assistant prosecutor is a graduate of Suffolk University Law School. A World War II combat veteran, Letts formerly was a counselor at Southern Michigan Prison and a parole officer in Detroit.

Detroit Is Pilot City

DETROIT (AP) — The first of a series of projected nationwide meetings to develop support for passage of a federal aid highway bill in the coming session of Congress will be held in Detroit Wednesday. The American Municipal Assn. chose Detroit as pilot city for the meetings because of the excellent cooperation among state, county and municipal officials, Mayor Albert E. Cobo said.

Warren Harding was the first U. S. President to speak over the radio.

Gay and Unusual Package Wrappings Make Christmas Scene More Festive

OUT OF THE HANDS of babes comes some of Yuletide's most imaginative wrapping decoration. Colored sticky-tape, a pair of scissors and a child can make the happy combination and take some of the Christmas burden away from mother.

RIBBON BOWS MAKE the difference between pretty and eye-catching gift wrappings. Clockwise: an angel; Santa Claus; and a clown — all done with ribbons and bows. Especially good for children's presents.

A beautifully-wrapped gift is hard to beat. And while it takes only a little imagination and some know-how (which comes built-in with every person) hardly anybody remembers it in the last-minute Christmas rush.

* * *

For the most part, all you'll need will be white tissue paper, outerwrapping paper to your own taste, and some ribbon and colored sticky-tape. Don't forget the scissors.

How do these things combine to form beautiful wrappings? Start with the children's gifts:

They should have special decorations like an angel, a clown or a Santa motif. The angel can be a styrofoam ball with sequin eyes and mouth and a fluffy white cotton bow for collar. Silver lace-like robbon are her wings.

POLKA DOT BOW

Santa can be cut from paper with white ribbon loops for whiskers and a bow forms his hat. The clown has a body made of a polka-dotted bow. Strips of ribbon create the arms and legs. The face is drawn on a circle of white construction paper, topped with a hat of the same ribbon.

More glamorous wrappings can go to adult friends and relatives.

Christmas bells are effective. You can buy tiny bells from your stationery store. Colored strips of sticky-tape make interesting and modern designs, too. Small strips pasted in rows can become a many-colored Christmas tree.

Marbles, too, can be pasted on with cellophane tape. But you'll find that your materials suggest new ideas to you as you wrap along.

HARDEST TO DO

The hardest of all to do is the bow. Here are a few pointers suggested for ribbon:

1. Take about 2½ yards of ribbon and form a four-inch loop at one end. Fasten with sticky tape and roll the rest of the ribbon around the loop.

2. Press the roll together at the center and fold it so that loops on both sides of the fold. Hold tightly at center fold and snip triangular pieces from both sides. Your loops are now held by a quarter-inch piece of ribbon.

* * *

Tie the center piece with a small piece of ribbon and pull the loops out — fan fashion. Alternate one left-hand loop and one right-hand loop until all are separated.

* * *

4. Fluff loops and you have a bow to tie to your package.

City Hall Attic Visit May End in Cleanup

GRAND RAPIDS (AP)—City Manager Donald M. Oakes says a city hall housecleaning is in order following a report by the city government safety committee.

* * * *

The committee findings ranged from "junk, old furniture . . . and other fire hazards" in the city hall attic to " . . . waste paper kept in canvas baskets . . ." in the basement storage.

The report may unleash a treasure of articles for Museum Director Frank Dumond.

* * *

Oakes said many pieces of old furniture which have accumulated in hallways and the attic will be sold at public auction early next year—after Dumond culls through the items for some of historical value.

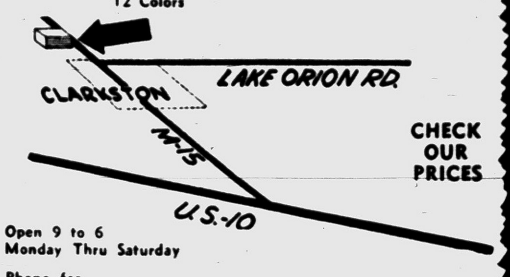

Snow Tire Experiment

GRAND RAPIDS (AP)—City Purchasing Agent James E. Baker reports that 24 police cruisers soon will be equipped experimentally with "snow tires" rather than conventional chains in a winter economy test. Baker said the police cars wear out two sets of chains per week in bad weather.

Ski Club Organized

HARBOR SPRINGS (AP)—Harbor Highlands has been selected as the name of a new ski club at nearby Emmet Heights. Club officials say bulldozing of a 700-foot slope is scheduled for completion this weekend. Ski tow facilities and other equipment is expected to be ready for regular use in January.

Santa and the Dumdiddy

By Lucrece Hudgins Beale

AP Newsfeatures

SYNOPSIS: Gimme House is for children who are always saying "Gimme" and never want to share. Each child lives and plays there alone in a world of his own. Beanie finds he doesn't like having all he wants after all, but when he says he wishes to go home the dwarf says that Gimme Children can never go home.

Chapter 14

DUMDIDDY IN SANTA LAND

Meantime, the Dumdiddy ran through the town. He met a little white mouse warming himself in a spot of sun and he said, "O little white mouse, can you tell me how to get to Santa Land?"

The white mouse yawned and said, "No, I have never been."

Then the Dumdiddy met a cockroach crawling through a pipe and he said, "Can you tell me how to get to Santa Land?"

"Not me," said the cockroach. "I never go out of these pipes."

He went on until he met a mole and he asked him if he knew how to get to Santa Land. The mole said he didn't know that but he did know a Glump who had been to Santa Land last year and who knew all the proper travel reservations one had to make.

So the Dumdiddy hunted till he found the Glump (a Glump is a lumpy sort of Gee) and the Glump said yes, indeed, he had been to Santa Land and he had gotten there simply by having his wife wrap him up in a box and mail him off parcel post in the regular Christmas mail.

* * *

"Well," said the Dumdiddy, "I have a favor to ask of you. I'm in a terrible hurry to get to Santa Land myself and I wonder if you'd be kind enough to wrap me up and mail me in the Christmas mail?"

"Of course," said the Glump. And he carefully did wrap the Dumdiddy in stiff brown wrapping paper and tied him with thick twine and mailed him at the post office to:

Santa Claus
Santa Land
Wherever That May Be

So it came about, a short time later, that Santa Claus was in his workshop designing paper doll clothes when the mail brownie burst in with the day's mail and laid it at Santa's feet. The very first piece of mail that Santa picked up was the brown paper parcel sent by the Glump.

When Santa opened it, out fell the Dumdiddy, half dead from being bounced and crushed and twisted in the Christmas mail.

Santa stared at the Dumdiddy. "Oh, dear! Why are you here? I told you to take care of that boy who had run away from home because he had no Christmas spirit."

"That's why I'm here!" moaned the Dumdiddy. He was quite worn out with his worries over Beanie. "I saved the boy from a redheaded robber and I saved him from a witch and I saved him from an ogre but now he is in real trouble and I don't know what to do."

"Where is he?" asked Santa.

"The Gimme Dwarf has him!"

* * *

Santa sprang from his chair.

"The Gimme Dwarf?" he cried. "Oh, dear! Oh, dear!"

He strode up and down the shop, pulling at his whiskers and moaning softly. The Dumdiddy strode up and down at Santa's heels, blinking and sighing mighty sighs.

"I must go and save him," said Santa finally.

"But the Gimme Dwarf is the Spirit of Getting and is your worst enemy!" exclaimed the Dumdiddy. "What if he should capture you?"

"I will go in disguise and hope no one recognizes me," said Santa.

When Santa's workers heard this they were very upset.

"You can't leave now!" they cried. "It's just two days before Christmas! Look at the work to be done!"

They pointed to the toys that had yet to be finished and packed before Christmas Eve.

"You must finish them yourselves," said Santa. "I have long ago taught you all you need to know."

"But suppose you don't come back at all! What then?"

"I'll be back and in good time, too," promised Santa.

LITTLE DUMDIDDY! WHAT ARE YOU DOING HERE?" — The only way that the little Dumdiddy could get to Santa was to be wrapped and mailed to Santa Claus in Santa Land. The little Dumdiddy had to see Santa to get him to save Beanie, so he had the Glump wrap him in stiff brown wrapping paper, tie him with thick twine and mail him at the post office. When Santa opened the mail, out fell the little Dumdiddy.

But as he strode away with the Dumdiddy on his shoulder he couldn't help thinking: "But what will happen if I don't get back?"

Ike Asks for Copies of Gettysburg Poem

GETTYSBURG, Pa. (AP) — The President and Mrs. Eisenhower have asked for copies of a poem sent to them in a Christmas greeting —"Christmas Eve on a Gettysburg Farm."

The greeting came from Frank B. Sohl of Garden City, N. Y.

A White House aide said copies were requested.

"Apparently the President showed the card to some friends, and they asked for copies," Murray Snyder, assistant presidential news secretary, said today.

Town Serves Nation's Border

Biblical City, Beersheba Now Acts as Booming Frontier Center

WASHINGTON—In Bibical times "From Dan to Beersheba" meant the full reach of the old Israselite kimgdom, north to south.

Today, young Israel calls its boom-town Beersheba the beginning of the southern frontier—the Negev territory that covers nearly 5,000 square miles of challenging desert beyond.

Beersheba lies almost in the heart of irregular, elongated Isreal, says the National Geographic Society. Roughly halfway between the Mediterranean on the west and the Dead Sea on the east, it commands a road-and-trail hub strategic in war and trade for countless centuries.

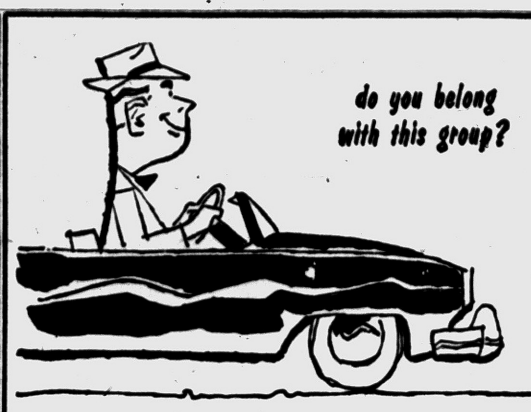

During the Arab-Israel war of 1948, Beersheba was taken from Egyptain forces in the Israeli sweep through the Negev. Its several thousand Arab inhabitants fled, leaving behind the skeleton of a town.

Old Beersheba's mosque still stands, its minaret a high point against the sky. But nearly everything else is new, from prefabricated homes to stores, banks, synagogues, hotels, movies and hospital.

Several research and development organizations have set up headquarters in Beersheba to study Negev potentialities.

As in ancient times, Beersheba of the "seven wells" is again linked with life-giving irrigation. From local and distant wells, both new and old pipelines bring water to this main junction, sending it on through an expanding network of pipes to pioneer farm sites.

Such efforts to make the desert productive recall ancient settlements that prospered in this unlikely region. South of Beersheba lie ruins of the ingenious dew-catching rock piles of an energetic people who once farmed sucessfulyy there. Near by, Abraham grazed his flocks, and on the Beersheba site the Patriarch and Abimelech, Kink of Gerar, made their covenant (Genesis 21:22) to live together in peace.

Businessmen Sending $800 Million Worth of Gifts

By SAM DAWSON

NEW YORK (AP)—With Christmas buying setting new records this year, a few timid souls are raising the question of how commercial Christmas giving has become.

* * *

Business management is beginning to look with a searching eye at the increasingly elaborate gifts (tax deductible) which businessmen exchange with each other or send to their customers and suppliers.

According to the gift manufacturers, this is a whale of a season. There are some 200 firms specifically catering to this trade, and the largest has an annual sales volume of around 50 million dollars. Their combined sales come to around 800 million. Add in the gift buying by businessmen at liquor and department stores and the total could easily top one billion.

Buying in lots of 200 or 300, the gifts are considerably less costly than singly at retail, another reason for their popularity. Most of the gifts cost between $5 and $10 (with the buyer striving for something that looks like $50) but for top executives or corporation purchasing agents the gifts can be much more elaborate.

* * *

But the American Management Assn. says it has sighted "a strong move toward curbing acceptance of such gifts."

Although denying any personal antagonism toward Santa Claus, the association has polled two groups—sales managers and purchasing agents—on company policies at the gift-exchanging season.

Sales managers buy gifts for their companies to pass around. Purchasing agents are more likely to be on the receiving end of these mementoes of good will.

More than half the sales managers still remember their customers at Christmastime. But almost a third have stopped the practice. On average, they spend $3,650 for gifts to remember 754 persons. Uusual reason given was that it was customary, and only 15 per cent said the purpose was promotional. Many who don't send presents say their customers asked them not to.

* * *

More than half the purchasing agents queried report receiving gifts. Of the others, some say there's a company policy against it, and say they themselves discourage the practice. The objection chiefly cited is dislike of seeming to be obligated to a supplier or to have buying judgment influenced.

But in general gift swapping among businessmen seems to have hit a peak this year.

At 630,000 Feet

WASHINGTON — When man reaches an altitude of 120 miles, or 630,000 feet, he will encounter all the medical problems characteristic of space, among them cosmic and ultraviolet radiation, meteors, weightlessness, and the darkness of the void, says the National Geographic Society.

Fire Didn't Hear Him ——It Burns Down Town

TOKYO (AP) — The movie scene called for the burning of an 18th Century Japanese village. It went off as scheduled.

"Cut," said the director, satisfied.

But the fire blazed on. Three fire trucks and 70 firemen—not in the script—put it out.

Pakistans Vary

CALCUTTA—East and West Pakistan, 1,000 miles apart, provide sharp contrasts. East Pakistan is crisscrossed by hundreds of rivers; West Pakistan is plagued with drought. Bengali is the language of East Pakistan; Urdu is spoken in the West. Easterners eat rice and fish; Westerners, bread and mutton. Faith in Islam units these diverse regions under one banner.

Seek Airport Expansion

HARBOR SPRINGS (AP)—City officials are investigating the possibility of purchasing nine acres of land for expanding the Harbor Springs Municipal Airport, enabling twin-engined aircraft to operate from the field.

Couple Killed After Service

Leave Church to Die Instantly in Automobile Accident

LAPEER—John W. Bright, 72, and his wife Amy, 70, were instantly killed Sunday afternoon at the intersection of East Bristol and South Vassar roads, Genesee County, when their auto reportedly ran a stop sign and was struck by another car.

Genesee County deputies said Mrs. Bright was driving north on Vassar road. The other auto was driven by William J. Drew of G-2492 Torey Rd.

He told deputies he was going east on Bristol road when Mrs. Bright drove past the stop sign in front of him. He was unable to avoid hitting the car, he said.

Services for Mr. and Mrs. Bright will be announced by the Leo A. Groves Funeral Home, Davison.

Mr. and Mrs. Bright had attended church services in Lapeer at the Liberty Street Gospel Church where Mrs. Bright taught a sunday School class and both sang in the choir.

The next meeting will be held Jan. 12, and Mrs. Royce Long of Ford road will be hostess for the evening. "Hobby Hunting" will be the topic.

Rochester PO Adds Writing Table, Chairs

ROCHESTER — Newest addition in the Rochester post office is a writing table and chairs for people to sit down and address their mail. Extra sacks have also been placed in the lobby for classified cards, etc., according to Postmaster Cole Neumann.

The Rochester office is open from 8 a.m. until 6 p.m. daily including Saturday. Two deliveries were made on Sunday, said Neumann.

Christmas Presentations Planned at New Hudson

NEW HUDSON — New Hudson School and church programs have been planned around this week of Christmas.

* * *

The elementary school will have its Christmas program at 1:30 p.m. Wednesday. Favorite carols will be sung in pageants portraying scenes from the first Christmas.

Teachers of the New Hudson school held their Christmas party Monday at the home of Annabelle Bowers. Featured were a Christmas dinner and exchange of gifts.

The New Hudson Sunday School will present its program at 7:30 p.m. Friday at the church.

Rochester Schools to Close Wednesday

ROCHESTER — Rochester Community Schools will close Wednesday for the Christmas holiday vacation and will reopen again on Tuesday, Jan. 3.

Assemblies for junior high students will take place in the gym today at 1 p.m. and for senior high at 2 p.m.

Supt. D. C. Baldwin has announced that the Board of Education has hired Mary Jean Sauer of Lansing to teach fifth grade at the Brooklands school, beginning Jan. 1.

Inaugurated for the first time, a Christmas tree lighting ceremony was held on the high school grounds Saturday night. The ceremony was sponsored by the High School Pep Club.

The switch was thrown in at 8 p.m. after which students sang Christmas Carols. Lights and decorations for the tree were bought by the students and it is expected to become a traditional ceremony.

CITY BUSINESS — Zoning problems confronted the Troy city governing group last night, and Mayor Frank Costello and Council pored over maps in the council chambers. Left to right are: Ted Yeokum; Elmer Lowe; new clerk and city manager Norman Barnard; Mayor Frank Costello, Donald Lance; Ernest Gray, Roy Duncan and George Ford.

Norman Barnard Clerk; D. Melchert Treasurer

TROY — The second meeting of the Troy City Commission was opened last night with Lyle Walker, supervisor of Troy Township, telling the City Commission of its intention to meet at 8 p.m., Jan. 4, in the Community Room of Coleraln School.

Said Walker, "Now that incorporation of the city of Troy is completed so far as boundaries and officers are concerned, the resident taxpayers and voters in the unincorporated areas have many problems of mutual interest pertaining to our new governmental status, particularly annexation."

Frank Costello, mayor, said "we are indeed fortunate to have a group of people so willing to be annexed."

The city of Troy had no clerk or treasurer until last night. Norman Barnard was appointed city clerk as well as city manager. Said Barnard, when they were discussing his salary, "We should use great caution in financial matters at this time. Many financial problems are coming up. With an advance from the township and other revenue coming in, we hope to get along without borrowing."

As supervisor Barnard was getting $6,500, and the township clerk was getting $5,500. Barnard as city manager and clerk will receive $7,200.

The combined position of treasurer and assessor was filled by Donald Melchert at $6,200.

PROBLEMS TO ARISE

Barnard met with the county road commissioner Monday and reported that quite a few problems may arise between the county and city but a "general basis" road maintenance will work out okay—at least temporarily. There is $12,000 in the road budget maintenance.

P. K. Riksheim, H. T. Aitken, Frank Christian, Amos Cischke, G. F. Hannaford, Lawson Lockhart, Leon Hanselman, and Frank Swintek were appointed as members of a planning commission.

George Ford and Roy Duncan were appointed to investigate an attorney for the City Commission, with Barnard as adviser.

Edward Qualman was appointed auditor.

Butter transportation to Britain by air freight is being considered in New Zealand.

MR. AND MRS. ROBERT ALDRICH

Wilma Fisher Marries in Candlelight Ceremony

AUBURN HEIGHTS — Wilma Jean Fisher and Robert Aldrich exchanged marriage vows Saturday in a candlelight ceremony in the United Presbyterian Church of Auburn Heights. The rite was witnessed by 150 guests.

* * *

For her wedding the bride chose a floor length gown of white lace and net with a fitted bodice and long pointed sleeves. She wore a French length veil and carried a bouquet of white rosebuds, centered with an orchid.

* * *

Wilma is the daughter of Mr. and Mrs. Charles Fisher of Auburn Heights and Robert is the son of Mrs. Alice Aldrich of Rochester.

Maid of honor was Delores Parker and bridesmaids were Shirley Thorpe and Carol Wall. Marilyn Landis was flower girl.

Best man for the wedding was Marven Evans and Jack Greenless and Bob Gisses were the bridegroom's attendents. Robert Davis and Merle Van Gilder were ushers.

Following the ceremony, a reception was held in the Auburn Heights Community Hall.

After a wedding trip to northern Michigan, the bridegroom will return to his studies at Wabash College in Indiana.

WEST BLOOMFIELD — Tomorrow at 1:15 p.m. Mrs. Lillian Dickie's fifth and sixth grade students at the Green School will present two short Christmas plays entitled "Music Fills the Air," and "The Pottery Jar." All of the students will take part. There will also be an exchange of gifts.

Rochester Pair Married

ROCHESTER—The Rev. William H. Collycott performed the wedding ceremony Saturday evening which united Mrs. May F. Plassey and Lester F. Pickering, both of Rochester.

* * *

The ceremony took place in the Collycott home on West Fifth Street. Attending the couple were Mr. and Mrs. Floyd Cummings of Rochester.

Following the rites, a reception was held in the home of the bride's son and daughter-in-law, Mr. and Mrs. Willis Plassey, 501 Harding Rd. Only the immediate families and a few close friends attended.

Mr. and Mrs. Pickering will reside at 855 Harding Rd.

City Woman Mute Upon Arraignment

Charged with converting $1,792 of her former employer's funds to her own use, Mrs. Beth S. Wix, 36, of 2988 W. Huron St., stood mute when arraigned yesterday in Oakland County Circuit Court.

Judge H. Russel Holland entered an innocent plea for her and directed that a trial date be set.

Mrs. Wix is accused of taking the money between March 1954 and July this year while working as a receptionist for Dr. Joseph J. Ruva, of 4463 Dixie Hwy., Drayton Plains.

The warrant alleges she signed the doctor's name to checks, cashed them and kept the money. It also claims she wrote receipts for bills paid from a book of her own and pocketed the cash. She is free on $2,500 bond.

Disabled Vets Give Kids Party, Cheer Old Folks

ROYAL OAK—About 100 children attended the Christmas party given Sunday by Royal Oak Chapter No. 19 of the Disabled Veterans of South Oakland County and Auxiliary, at the chapter hall.

William Thomas entertained young guests with movies, refreshments were served and Santa appeared with gifts and candy for all. Chairmen for the event were Mrs. Alfred Landry and Ronald Baker.

Afterward Mathew Kubica and Ronald V. Baker, of the chapter, visited St. Elizabeth-Briarbank Home at Bloomfield Hills and presented the aged there with candy, Christmas stockings and gifts.

$300,000 Issue Passes by 322

Equipment Contract to Be Let Immediately in Lake Orion

LAKE ORION — The $300,000 bond issue to complete and furnish the new high school was passed in an election yesterday, by a vote of 434 to 112. The $300,000 is to supplement the $1,500,000 bond issue approved last spring.

* * *

Contracts for the general construction, mechanical and electrical work on the school had been awarded and grading the site is well underway.

A. A. Reed, superintendent of schools said, "We are proceeding immediately to let contracts for fixed equipment." This was the contract to be held up because of the original lack of funds. Other contracts for furniture and movable equipment will be let later.

The bond issue will be financed over a 25-year period by an additional 1¼ mill tax based on present valuation.

Yuletide Presentation Scheduled by Church

WATERFORD TOWNSHIP — At 7:30 p.m. Wednesday the Sunday School classes of the Calvary Baptist Church will present their Christmas program.

Following the program a gift will be given to each child attending. Mrs. Netta Stack is in charge of the program.

Show Income Source

WASHINGTON (INS) — Official statistics from the agriculture department show that farmers derive nearly one-third of their income from wages, salaries and other non-farm sources. This is a national average, and it is estimated that two out of five farmers now have some income of this type.

Give 6 Months to Harmonize

Royal Oak Fire Chief to Make Adjustments in Department

ROYAL OAK—Fire Chief Clyde Wray of the Royal Oak Fire Department has been given six months to make necessary adjustments and bring harmony to his department.

* * *

That was the decision of the Royal Oak City Commission Monday night in view of Wray's 30 years in the fire department. He has been fire chief for 20 months.

Louis A. Demute, chairman of the Employee Relations Committee, which has conducted a two months investigation of charges brought by 25 members of the fire department said he thought the decision was a fair one.

Demute stated, "I think a lot has been accomplished. Wray must make the corrections in his department without retaliation against the men who brought the charges against him."

* * *

The City Commissioners had no comment as to Wray's status at the end of six months if he did not comply with the decision of the commission.

No Talks Seen for Arab-Israeli

Egypt's Call on Dulles Showing Little Evidence of Peace Confab Soon

WASHINGTON (AP) — Israeli and Arab spokesmen who have been talking separately about terms of a possible agreement appeared agreed today on one thing only: no peace talks are likely soon.

* * *

Informed Israeli sources said yesterday Israel has told the State Department of a package of items on which it might be willing to make concessions. It did not include cession of any territory or return of Arab refugees.

These sources emphasized that no optimistic conclusions should be drawn from the U.S.-Israel talks. They said there is no evidence of any increased willingness on the Arab side to discuss terms Israel would consider.

Abdel Khallek Hassouna, secretary-general of the eight-nation Arab League, met newsmen after a call yesterday on Secretary of State Dulles. Asked about prospects for Israel - Arab relations, he replied, "I don't think they are at all encouraging" as a result of the Israelis' assault on Syrian positions near the Sea of Galilee.

* * *

Hassouna would not say whether he had given Dulles terms the Arabs would consider for a basic settlement. He referred newsmen to public statements he and other Arab leaders have made.

These have spelled out continued Arab insistence, as a starting point for talks, on the U.N.-proposed 1947 boundaries for Israel—more restricted than the present ones—and willingness to offer refugees a chance to return.

Other Arab diplomatic sources said the Arab countries have not given the State Department any outline of position comparable to the Israeli one.

* * *

The Israeli sources said their package of proposals was based on talks in which there could be no question of territorial cession, except for minor frontier changes. They said Israel also stands firm on the principle of resettling in other Arab lands the former Palestine Arabs who left the country, but would discuss compensation for them under the Dulles suggestions. These include a loan by the United States, and possibly other countries, to help Israel meet the compensation cost.

Adm. Peary's Widow Dies at 92 in Maine

PORTLAND, Maine (AP)—The widow of North Pole discoverer Adm. Roberty Peary died yesterday. Mrs. Josephine Diebitsch Peary was 92 years old.

She accompanied Peary on several of his arctic expeditions. She was the mother of two arctic adventurers, Mrs. Marie Peary Stafford of Portland, widely publicized as "The Snow Baby" at her 1893 birth less than 13 degrees from the pole; and Robert E. Peary Jr., of Brunswick, a construction engineer who has specialized in arctic building.

* * *

Born in Washington, D.C., the daughter of Smithsonian Institution Prof. Herman H. Diebitsch, she met Peary when he was a Naval engineer. They were married in 1888. At Peary's death in 1920, eight years after his dash to the pole, Mrs. Peary settled in Maine.

Detroit Van Driver Dies After Collision With Bus

DETROIT (AP) — The crash of a moving van and a crowded suburban bus on busy Woodward Avenue had brought death today to the van driver, Anthony Kobe, 56, of Detroit.

Seventeen bus passengers were injured, none seriously, in the collision yesterday.

Police said the bus, loaded with nearly 50 passengers, rammed into the moving van as the latter slowed to make a left turn.

Bob Considine Says:

Ike Again Shows Skill at Quelling Tempers

NEW YORK (INS)—A man who was present tells me that at President Eisenhower's meeting with the Cabinet last week the President demonstrated once again a little-exploited facet—his ability to preside over almost any kind of gathering.

* * *

There were strong words at this particular gathering of his topmen. Ezra Taft Benson, secretary of agriculture, proposed that the ailing American farmer could be helped a bit if the government would refund him the federal taxes he has been paying on gasoline to drive his farm vehicles and implements.

Benson's point was that this tax was imposed originally to maintain roads, and the farmer's machines were not usually road-going.

Secretary of Treasury George Humphrey lodged an immediate objection. If the administration did a thing like that, he said, there would be demands from all sides for similar relief.

What would now be a $60,000,000 loss to the treasury might very well mushroom into a tremendous drain, he complained.

* * *

"It would be as ridiculous as knocking off the jewelry tax for red-headed women!" Humphrey said with enough heat to cause an embarrassed silence to fall on Benson and other members of the Cabinet.

Perfect Christmas Gift—License for Your Dog

Residents may purchase 1956 dog licenses at the City Clerk's office in the City Hall from the hours of 8 a.m. to 5 p.m. Monday through Friday, it was announced yesterday.

Price of the license is $2 if applied for before May 15 and $3 thereafter.

That Shows Respect?

A Tibetan greets one of higher position with protruding tongue and hissing intake of breath, says the National Geographic Society. Extending tongue shows respect; sucking gasps indicate a desire not to defile the air.

Ike broke the silence, and the tension.

"What would be wrong with that?" he asked.

THE SAME CLUB

The same source says that Eisenhower appeared so buoyant and healthy at his meeting with congressional leaders that "the Democrats were pretty startled." The President greeted Democratic Senate Leader Lyndon Johnson of Texas with a hearty handshake and said:

"Hi, Lyndon, we're both members of the same club now."

Johnson's heart attack preceded the President's by several weeks.

The German and the Japanese ambassadors to the U. S. sat at the head table at the Aero Club of Washington's annual dinner Saturday night.

Each seemed to enjoy himself immensely in the company of men like Army Chief of Staff Maxwell D. Taylor, Chief of Naval Operations Arleigh Burke, and Air Force boss Nathan Farragut Twining.

If anybody suggested between 1941 and 1945 that this would happen he'd have been thrown in the clink or committed to a laughing academy.

Sir Roger Makins, Britain's sky-scraping ambassador, chided the assembled aviation experts on their passion for more and more speed. Planes already go so fast that the traveler sees little of the country over which he flies.

* * *

"I see a day when we shall be able to get anywhere on earth in a jiffy and learn absolutely nothing," Sir Roger opined.

TROPHY PRESENTED

The Collier Trophy, given each year to the man who has made the most significant contribution to aviation, was presented by Vice President Nixon to Dick Whitcomb, boyish scientist employed by Convair.

Whitcomb developed the Marilyn Monroe-shaped body for the F102, Convair's delta-winged all-weather fighter.

The company had promised to deliver a supersonic fighter, but it became apparent after the first of the 102s appeared that powerful J57 jet engine just could not ram the machine through the sound barrier. Millions of dollars were involved.

More in desperation than in confidence, the company and the Air Force approved the Whitcomb design. In retrospect, it seems too simple. The re-shaped 102, freed of much friction with the air, is from 200 to 300 miles an hour faster than the one shaped like me.

Mexicans in Lead on Immigration Rolls

WASHINGTON (INS) — The United States has announced that 689,674 persons were given immigrant or visitors visas during the fiscal year ending last June 30.

This was the largest number since World War II. Of the total, 244,871 were given to immigrant applicants and 444,803 to visitors.

The greatest number of immigrants came from Mexico where 52,756 visas were issued. Germany was next with 32,036 and Canada third with 24,295.

Chevrolet's taught dynamite good manners!

With its frisky "Turbo-Fire V8," this Chevrolet is pure dynamite, all right. But it's beautifully mannered, too—quiet, well-behaved, instantly obedient to your slightest signal!

You'll notice it right away: the live-wired, wide-awake way this '56 Chevy responds to your wishes. Almost as if it's reading your mind! And that's one of the things that make Chevrolet such a great road car. With its rapid-fire reflexes, a Chevrolet's more fun to drive, and safer, too!

Nudge the accelerator. Your Chevy scoots away and you're aware of the split-second chain reaction of your toe to the "Turbo-Fire"! There's your dynamite—with horsepower ranging up to a high of 205. What makes it even better, the car is built for its power—with a low, low center of gravity, well distributed weight and wide-apart rear springs. There's your stability, and safer handling. Of course, all doors have safety latches—and instrument panel padding and seat belts, with or without shoulder harness, are available at extra cost. And it's the *only* low-priced car that gives you directional signals as standard equipment. Want to try a new Chevrolet? We're ready any time you are.

Girl Scouts Prepare for National Senior Roundup

8 Area Members Chosen to Represent County Unit

Gathering Will Be Held From June 29 to July 11 at Recreation Site

Eight Pontiac area Girl Scouts have been chosen to represent Northern Oakland County Council at the first national Girl Scout Senior Roundup to be held in Highland Recreation Area from June 29 to July 11, 1956.

The girls selected to be delegates from this council are Joyce Meyer, Marcelene Dennis and Jovita Benavides of Pontiac, Dorothy Staley of Clarkston, Gayle Schenck of Westacres, Mary Lynn Gravelle of Four Towns, Rebecca Odell of Commerce and Susan Ebbert of Rochester.

Carolann Bingham, field director of Northern Oakland County Council, will serve on the waterfront staff.

Alternates for the Roundup Patrol are Mary Way, Sue Ennis, Betsy Cook, Edwina Palmer, Judy Abersold, Sharon Daniels, Gertrude Sandison and Bonnie Brookbank.

In October all 16 Scouts attended a day-long training session at Camp Sherwood. A number of the same girls participated in a Little Roundup later the same month.

* * *

A final testing and training session was held in November before the selections committee made its final choice. Further intensive training will start early in January.

Approximately 5,000 Girl Scouts and adult leaders from all 48 states, Hawaii, Puerto Rico and Alaska will attend the roundup, the largest encampment ever held by the Girl Scouts. For two weeks the girls will cook, eat and sleep out-of-doors, regardless of weather.

The theme of the roundup is to be "Americana," with songs, folk dances, American arts and crafts featured. Local girls will share their knowledge of this area and its early history with girls from other parts of the nation.

Any local person who has historical material concerning this lake area and is willing to share it with the roundup delegates is asked to contact the Girl Scout office.

The members spent the evening wrapping gifts and packing food for their "adopted family" for Christmas. They then exchanged gifts, and the names of secret pals were revealed.

Mrs. Joe E. Galardi of Ross drive will be hostess for the next meeting, Jan. 9.

Club Entertained

Mr. and Mrs. E. A. Pearson of Kempf street were hosts to the Pearson-Herr Club Sunday.

The Christmas party featured an exchange of gifts. Mrs. Harley Bowers, president, presided at a short business meeting. The 36 members present will send a gift to a fellow member of the Amaranth, ill in Flint.

MR. and MRS. HARRY ELKINS

Mr. and Mrs. Harry Elkins of East Walton boulevard celebrated their 50th wedding anniversary Sunday. An open house was held at the home of their son and daughter-in-law, Mr. and Mrs. Raymond Elkins in Lake Orion. Another son and daughter-in-law, Mr. and Mrs. Harry Elkins Jr. and relatives from Northville and Birmingham also attended. Their granddaughters Jean Marie Elkins and Elaine Rae Elkins poured Sunday afternoon.

By EMILY POST

The following letter was sent me by the American Automobile Association asking my cooperation in furthering highway safety during the holiday season. Because it is of utmost importance I am more than glad to print their letter:

"As you are well aware, good manners are always important, whether it be in the home, at business or at play, or on the highway. In the latter case, indeed, good manners can and often do mean the difference between life and death.

"We are asking your support in the Christmas-New Year 'One for the Road' highway safety campaign, aimed at reducing the appalling number of deaths which occur every year during this season."

"We feel that the hosts and hostesses of America, when they entertain Yuletime guests, can perform an important duty by taking a few simple steps to see that their friends reach home safely. We would appreciate it, therefore, if you would pass on to your readers the following safety admonitions:

"1. Urge guests to leave their cars home when going to holiday festivities—a bus or taxi is much safer. 2. For guests who cannot or do not heed this advice, suggest that they take a cup of coffee as their one-for-the-road drink.

"While coffee will not make an intoxicated person sober, it is generally recognized as having a sobering effect. Further, serving coffee at the party's end helps remind departing guests of the importance of safety on the highway and tends to urge upon them the need for careful driving.

"3. Arrange other transportation home for those guests who brought their own cars but who are no longer in a fit condition to drive them."

Holiday Tea Held at Mercer Home

Mrs. Frank Mercer was hostess Monday for the combined Christmas party and 25th anniversary celebration of the Pontiac Branch, Women's National Farm and Garden Association, at her home on Ottawa drive.

* * *

Vice President Mrs. C. R. Gatley extended a welcome to new members Mrs. Bruce Annett, Mrs. Jack Habel, Mrs. C. G. Widdifield, Mrs. John Livingston, Mrs. F. A. Voelker, Mrs. Robert Alton, Mrs. Leroy Small, Mrs. Harold Euler and Mrs. John Marra.

Program Chairman Mrs. John W. Fitzgerald made a comparison between the organization's progress and the growth of a Christmas tree.

Drawing attention to the necessity for many branches for the development of a successful organization, Mrs. Fitzgerald cited the support of charter members, saying that they had been the mainstay of the association.

* * *

Charter members honored with corsages were Mrs. H. H. Thatcher, Mrs. Frederic Ward, Mrs. H. B. Lowes, Mrs. H. H. Faust, Miss Laura Efferts, Miss Georgia Hoyt, Mrs. D. R. Wilson, Mrs. G. R. Williams, Mrs. Howard Barker, Mrs. Sam Patterson, Mrs. Henry Purdy, Mrs. Aaron Riker and Mrs. H. A. Fitzgerald.

Past presidents were honored for their achievements as Mrs. John Fitzgerald reviewed the history of the Pontiac Branch since its founding by Mrs. Harry Fitzgerald in 1930, when the marketing program was established.

In 1933, with the help of the Pontiac Branch and CWA appropriation, 5,400 trees and shrubs were planted in parks.

* * *

Mrs. Thatcher and Mrs. Lowes cooperated with city planners in a beautification program in 1934-36. Mrs. Faust became sole flower judge and supported legislation for roadside improvement in 1937-38.

Others to take leading roles in these projects were Mrs. Kenzie Smith, Mrs. James Moulds, Mrs. Dora Dawson, Mrs. P. V. Wagley, Mrs. William Maybury, Mrs. John Fitzgerald, Mrs. H. A. Fitzgerald, Mrs. Arthur W. Selden, Mrs. Standish Sibley and Mrs. Arthur Young.

Chairmen for the tea held Monday were Mrs. Robert Dunlay, Mrs. Robert Isgrigg, Mrs. Floyd Blakeslee, Mrs. Robert Lyons, Mrs. P. H. Hunt, Mrs. Robert Glenn and Mrs. C. T. Ekelund.

Sorority Hears Reports, Plans Future Projects

Members of Alpha Alpha Chapter of Epsilon Sigma Alpha sorority met at the YMCA.

* * *

The recent meeting was conducted by Mrs. Alex Morris, president, who received reports from standing committees.

Mrs. Ralph Wilson, program chairman, announced a panel discussion "Banking" to be held the second week of January. The group will increase its financial aid to the state project.

Clothing, toys and food for a needy family were collected by Mrs. Russell McGlinchey, chairman of the Christmas project. Final plans were made by Mrs. Edmund Smith for the formation of a sister chapter in January.

* * *

Mrs. Edward Hummel Jr. was appointed to direct the drawing of secret pal names for the coming year. A report was given by Mrs. Rex Parker, chairman of the Christmas dance held Saturday evening.

Mrs. Donald Werfield of Loveland, Colo., business manager of the Epsilon Sigma Alpha International, was a guest of the group.

Refreshments were served to members by Betty Lou DeGroot and her social committee, Mrs. Elmer O. Johnson, Mrs. Walter Kresge, Mrs. Parker, Mrs. Sidney Savage, Mrs. McGlinchey and Mrs. Smith.

Christmas Party Is Held

Forty-five members and friends of the Gleaners and Men's Classes of Central Christian church met Friday for their Christmas party.

The Gleaners, with Mrs. Grover Femley, president, was in charge of the program which featured three numbers sung by the junior choir of the church under the direction of Mrs. Donald Patterson. Mrs. Patterson sang several solos.

Devotions were given by Mrs. William Phillips, with a prayer by the Rev. Charles D. Race.

Mrs. Roy Riley and Mrs. Harold Hedges handled the exchange of gifts, the revealing of Friendship Sisters and the selection of new ones.

Plans were made by the group to provide plants for members in the hospital and to give assistance to a needy family.

Hostesses for the event were Mrs. Elmer Malcolm and Mrs. J. H. Moon, assisted by Mrs. Dora Jones and Mrs. Edna Potts. Mrs. Eldon E. Gardon and Mrs. Remley presided at the tea table.

Mrs. C. Bowers Hostess at Yule Party

Mrs. Charles L. Bowers of Barington road was hostess to the Child Culture Club for their Christmas meeting.

Mrs. Bowers conducted the meeting and roll call was answered by "How do you spend your Christmas day?"

The program featured the showing of films by William Kernick. They included "The Spirit of Christmas," "'Twas the Night Before Christmas" and "The Story of the Nativity."

The meaning of holly was explained by Mrs. Robert Benedict. Mrs. Francis Hoover told of the origin of mistletoe and Mrs. Neil Nelson read about the poinsetta.

Secret pal gifts were exchanged during the evening and carols completed the evening. Refreshments were served the group from a seasonally decorated table.

The next meeting will be held at the home of Mrs. John Harding of Winterberry road.

Meeting Conducted by Gordon WCTU

Members of the Anna Gordon Unit, WCTU, met at the First Baptist Church. Mrs. Ernel Lloyd and Mrs. Marian Brown gave the prayers at the recent meeting and Mrs. Fred Lemke led the community singing.

The Christmas story was given by Mrs. Mary Carles, and Susan Killins sang a solo for the group.

Christmas carols were presented by Mrs. Nellie Monroe, Mrs. Mable Wiser, Mrs. Lemke and Mrs. Carles, with Mrs. George Killins at the piano.

The meeting closed with a gift exchange and a prayer given by Mrs. Monroe.

GIFTS TO ENJOY FOR MANY YEARS

The "Heiress" by Morgan-Jones

$10.00

You can put this bedspread in any setting from a career-girl's room to a most extra-special guest chamber. It is glamourously big, super-size, dramatically lovely. Yet so very practical!

Its thousands of petite tufts are woven right into the fabric; they'll withstand countless launderings. More wonderful yet, a few shakes after it's tubbed and the tufts fluff up like new!

Picture the "Heiress" in your home . . . giving a luxurious "new look" to your bed . . . beautifying the whole room.

Broomfield Addresses Pontiac Republican Women

Senator Attends Meeting and Yuletide Celebration

State Sen. William S. Broomfield discussed state affairs at the Monday meeting of the Pontiac Republican Women's Club.

The speaker told of the problems of the retarded children. Emergency cases have been taken care of, he noted; however, there are many other cases still needing hospital care.

He stressed the importance of a hospital that is centrally located, enabling parents to visit their children, as this builds morale on both sides.

He also commended the Legislature for passing the bill giving teachers higher pay. Sen. Broomfield is chairman for the Senate Banks and Corporations committee, and vice chairman of the Public Utilities, State Affairs and Veterans Committees.

* * *

Mrs. William Kreklow opened her home on O'Riley street for the meeting and Christmas program. Members joined in singing Christmas carols under the direction of Mrs. Roy Fosbender.

"A Christmas Concert" was given by Mrs. John Stepleton, and Mrs. Amelia Ball road "Christmas of the '90s," a poem composed by Mrs. Janette Bathum. She also read "Christmas in Korea."

Gifts were gathered under the Christmas tree and will be distributed to the children in the Oakland County Children's Home.

* * *

Guests at the meeting were Mrs LeRoy Schafer, Mrs. Robert Trout, Mrs. J. H. Moon, Mrs. Roy Riley, Mr. and Mrs. Elmer Davis, Clarence E. Senger, Eleah Patten and Frank McGregor.

Mrs. Kenneth B. Nichols, president of the Republican Women's Federation, and Mrs. Frank Irons presided at the tea table.

Cranberries Brighten Salad Mold

Mrs. Oliver Likes to Serve Fruit Jelly With Holiday Fowl

By JANET ODELL
Pontiac Press Home Editor

Isn't it fortunate that cranberries are in season at Christmas time? Their brilliant color is just right for holiday meals. They can be used in so many ways, one of which we present today. Mrs. William Oliver sent us a recipe for Cranberry Jelly. It is particularly good, she says, with fowl of any kind.

After some years in Detroit, Mrs. Oliver has moved back to her home in West Bloomfield Township. Her health demands that she limit her outside activities. She does, however, enjoy her homemaking, especially cooking and baking.

CRANBERRY JELLY
By Mrs. William Oliver

2 cups raw cranberries, chopped
1 cup pineapple chopped small
1 cup chopped celery
½ cup chopped nutmeats
1 cup sugar
1 cup boiling water
1 package red gelatin

Dissolve gelatin in boiling water, cool partially and add other ingredients. Stir thoroughly. Turn into a mold, chill until firm. Garnish with greens before serving.

Gold Star Plans Holiday Visit to TB Hospital

Among the activities planned by Oakland County Chapter 34, American Gold Star Mothers, will be a visit to the Oakland County Tuberculosis Sanatorium where the hospitalized veterans will be remembered with Christmas gifts. Also, the families of two hospitalized veterans will be given baskets of food and gifts.

* * *

The group completed plans for the projects at its meeting Friday in the Adah Shelly Library.

Reports were given on the state board meeting held in Lansing, and on a recent money-making project. Announcement was made of the convention to be held in Detroit in April.

Mrs. Cecil Briggs was hostess at the Christmas party which followed the regular meeting.

Secret pal names were revealed and an exchange of gifts was enjoyed.

Recipe Correction

The recipe for Banana Tea Bread published Dec. 15 in the Market Basket section of the Pontiac Press omitted two-thirds cup sugar. Cream with shortening.

Areme Chapter of OES Holds Initiation and Party

Seventy-five members were present for the Monday evening initiation and Christmas party held by Areme Chapter 503, OES, at Roosevelt Temple.

* * *

Initiated into the order were Mrs. Gerald Hamilton, Mrs. Harold D. Cross, Mrs. Harold R. Rynerson, Mr. and Mrs. Norton Graham, Mrs. Harold C. Rynerson. Joining by transfer were Mrs. Charles A. Woodward and Mr. and Mrs. Melvin Patterson.

Mrs. Edward Pritchard, worthy matron, paid special tribute to past chaplains of Areme Chapter. Present were Mrs. Norman Dyer, Mrs. Clarence Crawley, Mrs. Theron Taylor, Mrs. Mabel Vogel, Mrs. Ross Boyd, Mrs. A. W. Robinson, Mrs. William Taylor, Mrs. Allen Hersee and Mrs. Pritchard.

Each was presented a Christmas corsage as she was introduced at the meeting.

Several musical numbers were presented by Mrs. LeVon Ryden, accompanied by Mrs. Claude Kimler.

* * *

Members are making a contribution to the Oakland County Children's Home to be used for the teenage children at Christmastime.

Mrs. John Kennedy, Mrs. Raymond Kneisel, Mrs. Carl Buckner, Mrs. William Taylor and Mrs. Victor Bodamer served refreshments.

MOMS Celebrate Christmas Season

Mrs. William Craven of Joy road was hostess for the Christmas party of Unit 21, MOMS of America.

Gifts were exchanged at the recent meeting and plans were made to send a CARE package overseas. The group will also furnish several magazine subscriptions for veterans in the Howell Tuberculosis Sanatorium.

Holiday Party Held by Treece Family

The Treece family held a Christmas party Sunday at the Boys' Club with 75 attending.

Mrs. Cameron Clark was in charge of arrangements and Charles Bradsher acted as Santa Claus. Following the distribution of gifts, the group enjoyed cards and games.

Then Leave for Rose Bowl

Wilsons Plan Busy Yule

Secretary of Defense Charles Erwin Wilson and Mrs. Wilson have a busy holiday schedule ahead of them.

MRS. WILSON

To begin with, the secretary just flew back from a European conference and reached Washington over the weekend.

In the meantime, Mrs. Wilson is here at their home on East Long Lake road, where Secretary Wilson will join her for Christmas.

A few days after Christmas, they leave for Pasadena, Calif., where Secretary Wilson will act as honorary marshal in the Pasadena Tournament of Roses Parade, riding in the lead car with the Rose Bowl Queen.

In the meantime, just to contribute to the gaiety of the season, Mrs. Wilson insists the traditional Wilson open house will be given on Christmas Day between 11 and 4 o'clock.

100 Entertained at Open House

Mr. and Mrs. Edmund Windeler of Hatchery road entertained at an open house Sunday afternoon.

Approximately 100 guests attended, and were served by Mrs. Harold Lepisto, Mrs. Norman Cheal, Mrs. George Roberts, Mrs. James Roddewig and Mrs. Robert Clift, who assisted Mrs. Windeler as hostesses.

The Windeler home was decorated in the Christmas motif. A gingerbread house served as the centerpiece on the refreshment table.

LeBaron Chorus Presents Program

The LeBaron Honor Chorus presented several Christmas selections for their PTA Thursday. Colors were presented by Cub Scouts George Miller, George Breaden and William Erkkila.

Mrs. Ralph Foreman of the Pontiac High school staff, gave a reading "The Other Wiseman by Henry VanDyke.

Refreshments were served by the home room mothers of Mrs. Schwartz, Mrs. Baldauf and Miss Brown's rooms.

Luncheon Given for Bride-Elect Evelyn Bochnig

Mrs. Albert J. Kimball and daughter, Margaret, entertained at luncheon Saturday in their home on Colrain drive.

* * *

The affair honored Evelyn Bochnig who will become the bride of George H. Kimball III on Dec. 26 in St. Vincent de Paul Church.

Guests invited to the luncheon were Mrs. Alfons Bochnig, Mrs. Gerald Ramsey, Mrs. Richard Ervin, Mrs. Paul Bochnig and Mrs. Roy Wright.

Mrs. Glenn Husted, Mrs. George Payette, Mrs. R. C. Kimball, and Ruth Kimball completed the guest list.

Mootes Entertain Employes at Dinner

Mr. and Mrs. Fred Moote of Cooley Lake road entertained employes of Fred Moote Electrical Service and their wives Saturday for dinner at the Old Mill Tavern.

After dinner, the group returned to the Fred Gibson home on Osceola drive for a Christmas party.

Company china, special platters and glassware not in everyday use will probably need a washing before holiday parties. Wash off the shelves, too, before you put them away again.

Olympic Chairman Sees Russia With U.S. Coach

NEW YORK (AP)—Picture, if you will, five scowling Russians trotting onto the basketball court in next year's Olympic Games.

Silently they glare at their opponents, then look to the bench for directions from their coach.

And he's an American!

Impossible?

Not according to Col. Harry D. Henshel, chairman of the Olympic Basketball Committee.

"I wouldn't be surprised if they came up with an American coach," said Col. Henshel today in going over some of the problems connected with gathering a basketball team in December.

* * *

"Russia is one of the three teams that could upset us in the games," continued Col. Henshel. "They are taking it very seriously. They have good material and have been buying up every movie they can over here in order to study our style."

Col. Henshel listed Argentina and Brazil as the two other teams capable of upsetting the Americans in the Olympics. The Argentines won a game from the United States in the Pan - American Games last March, and Brazil, in turn, upset Argentina.

"We have the best talent in the world here," commented Col. Henshel. "The problem that confronts us is how to form a 12-man team that will include some of our best collegians.

* * *

"Many of them want to turn professional, and it's tough for us to compete with money. Our hope is that some of the good boys will think enough of patriotism to delay turning pro until the games are over."

The Olympic tryouts will be held in Kansas City on April 2-4, with a college team competing against the service champion and the winner and runner-up of the AAU tournament. The college team may be compsed of standout seniors from all parts of the country or may be one unit. That, said Henshel, will be up to the college committee.

49ers Fire Red Strader for 'Incompatibility'

Owner Claims Dissension With Players

Coach Relieved After Serving One Year of 3-Year Contract

SAN FRANCISCO (AP)—The San Francisco 49ers were in the market for a new coach today after firing one a year ago for failure to win a National Football League title and his successor yesterday on grounds of "incompatibility" after a 4-8 season.

* * *

Coach Norman (Red) Strader, hired on a three-year contract last Dec. 23 to replace Lawrence (Buck) Shaw, was "relieved of his coaching duties," effective immediately, by Owner Tony Morabito.

"There was a little dissension, some resentment," Morabito said. "In a nutshell, the players were playing under Red and not for him. It was a case of incompatability."

Morabito, admitting that "we have some cry babies on the club," said that "a lot of little things, like ordering meals and setting a bed time, kept building up."

* * *

"In the overall picture," he continued, "I don't think you can treat grown men like children. I'm not saying Red was wrong, maybe he was right; it's a matter of opinion. But it's easier to replace one man than 33, you'll have to admit."

Although Morabito passed off questions on the 49ers' contract with Strader, the 50-year-old coach said flatly he had a three-year agreement.

"I was told that the 49ers will respect that contract," said Strader, discovered alone in his office one floor below the club's headquarters. "I signed for three years, with a severance clause in the third year."

* * *

Strader, who said he learned of his dismissal only a few minutes before announcement was made by Morabito, indicated he was hurt by the incompatability charge.

"I've been coaching for 25 years and one of my strong points always has been to get the most out of my players," he said. "This was a very cooperative group. They gave me the game ball at the end of the season and it certainly wasn't a phony gesture because there's not a phony guy on the club."

* * *

Morabito said he had no one in mind as Strader's successor but hoped to make a choice by the time of the NFL draft Jan. 17. He said the contracts of Strader's four assistants, Phil Bengston, Red Hickey, Mark Duncan and Frankie, expire Dec. 31, and that the new head coach will be permitted to choose his own staff.

49ER COACH FIRED — Norman (Red) Strader puts personal papers in a brief case after getting the word he had been fired as head coach of the San Francisco 49ers in the National Professional Football league today. His dismissal was announced by Tony Morabito, 49er's top man. It was Strader's first and last season. He won 4 games, lost 8.

Battered Layne Predicts Title for Pestrano

Former Middleweight Gains Unanimous Win Over Heavyweight

NEW ORLEANS (AP) — A badly battered Rex Layne, once regarded as the most promising heavyweight in a decade, today predicted nothing can stop Willie Pastrano from going all the way to the championship "if he takes his time."

But wily Willie, the New Orleans middleweight who turned light heavyweight, then turned heavyweight, showed little inclination last night to take his time as he breezed to a unanimous 10-round decision over the mauler from Lewiston, Utah.

* * *

Pastrano, who weighed in at a well-packed 185 pounds, danced jabbed his way into serious contention for Rocky Marciano's heavyweight crown and all but eliminated the fast-fading Layne from the picture.

"I can't see anybody stopping Pastrano if he only takes his time," sighed the 208-pound Layne, bathing a deep, raw gash over his left eye, Willie's target for last night. "He's the fastest I've ever seen."

* * *

Instead of hollering "bring on Rocky," however, Pastrano is considering a return to the light heavyweight ranks for another meeting with Detroit's Chuck Speiser.

"Everybody wants me to meet Speiser again," he said with a look at manager Whitey Esnealt. "I'd like to go wherever there's the most money."

Pastrano brought the crowd to its feet several times by abandoning his deft toe work to swap slugs with Layne. And at one point, he even sent the big boy into full retreat with a fifth round volley that opened the cut. The wounded eye bled every round thereafter.

Referee Frank Kercheval had Willie in front 7-2-1, Judge Pete Giaruso saw is 5-3-2 and Judge Eddie (Kid) Wolfe had Pastrano the winner 7-1-2.

Little Trouble Seen for U.S. in Olympic Games

LOS ALTOS, Calif. (AP)—The U.S. track and field forces figure to have no trouble at all maintaining supremacy in the 1956 Olympic Games, Track & Field News declared flatly today.

* * *

The international track and field monthly, making its ninth annual world ranking, said the United States had a probable 12 winners in 24 events. Russia's highly publicized team will produce only three gold medal winners, the rankings showed.

* * *

"Our annual rankings are not an actual prediction of the outcome of the Olympics or of any yearly mythical meet-on-paper," sid Bert Nelson, publisher of the magazine.

"They do, though, represent the best efforts of the world's foremost track statisticians to compare the world's stars, many of whom did not compete against one another during the past season.

* * *

"It is natural, though, to use these rankings as a look into the future. And when we do, you can draw no other conclusion but that the United States will dominate men's track and field about as conclusively as we did in 1952."

* * *

Nelson, predicting the United States will do better in 1956 than this year, said this country always is much stronger in Olympic years. Other nations have a full track program yearly, he added.

Golf Promoter Has No Fear of Competition

All-America Tourney Boss Says He Will Not Be Beaten

CHICAGO (AP)—George S. May, Chicago golf promoter whose All-America tournaments are the richest in the world, says he isn't worried about competition.

"It's about time somebody else was offering some money," said May when informed that Dallas is coming up with a $100,000 tournament next spring.

"That's only half of what we give during our All-America in August," said May. "In 15 years we've given away $1,130,370.

"I'll tell you this. Nobody is ever going to beat me. If anybody ever threatens to give bigger golf prizes than I do, I'll raise the ante."

May's tournaments at Tam O'Shanter went over $200,000 last August.

Morrall Tells of Bid to Play for Canadians

Spartans' All-America Says He May Drop Pro Football for Baseball

PASADENA, Calif. (AP) — All-America quarterback Earl Morrall, who'll lead the Michigan State Spartans in the Rose Bowl on Jan. 2, says he has a $16,000 bid to play next season in the Canadian league.

* * *

Morrall already has been drafted by the San Francisco 49ers of this country's National Football League. But he says he won't make up his mind until after baseball season this spring.

He may forego pro football entirely to concentrate on baseball since the Detroit Tigers reportedly are interested in him.

* * *

A second Michigan State player, fullback Jerry Planutis, was asked about a report he had been offered $13,000 by the Canadian league. He said it was only hearsay and added he might be interested in such an offer but would have to have something more solid than rumor before committing himself.

* * *

Daugherty took issue with a comment by Stu Holcomb, former Purdue coach who recently became director of athletics at Northwestern. Holcomb had said in San Francisco that Morrall wasn't a pro type passer and that his forte was running.

* * *

"I wonder," said Daugherty, "if Stu knows that Morrall set a new national collegiate record this year by averaging 13.9 yards per attempted pass, not just completions?"

Archery Class Begins Tonight in Waterford

Archery instructions for adults and teen-agers will begin this evening at the Community Center in Waterford Township under the sponsorship of the Waterford Recreation department.

Instructions by William Carland will begin at 7:00 p.m. and registrations can be made at the door.

Tom Belton, Waterford Recreation director, announced that the archery league will get underway January 3rd and team entries for the loop can be made with the recreation office.

Montreal Pair Tops Scoring

Beliveau Heads NHL Scorers With 4 Wings Among Top 10

MONTREAL (AP)—Pickings were pretty slim last week for Jean Beliveau of the Montreal Canadiens, but the big fellow still topped the National Hockey League in scoring today with 35 points.

Beliveau was able to get only one assist in three games, but he is still head man in goals with 19. He has 16 assists.

Bert Olmstead of Montreal collected a goal and an assist and stayed in second place behind his teammate with 31 points. His 24 assists are best in the league.

Gordie Howe of Detroit and New York's Andy Bathgate remained tied with 30 points each.

The scoring leaders:

Connie Mack Out of Hospital Today

PHILADELPHIA (AP) — Connie Mack, former owner and manager of the Philadelphia Athletics, was scheduled to be discharged from Presbyterian Hospital today—three days before his 93rd birthday.

Mack re-entered the hospital last Thursday for post-operative examination of a broken hip suffered in a fall at his home Oct. 1. The hospital said the hip was healing well.

Deacons Favored in Cage Classic

CHARLOTTE, N.C. (AP) — Wake Forest's favored Deacons have started off on the right foot in quest of the inaugural Carrousel Basketball Classic championship, but they are no shoo-in to march through to the title off yesterday's first-round play.

A fast, hot-shooting Colgate team showed enough in last night's 86-51 rout of Davidson to stamp itself as a definite threat to Wake Forest's hopes when the two teams meet at 9 o'clock (EST) tonight in the semifinals.

Spartans Stage Grid Drills for 3,500 Spectators

By ROBERT E. VOGES

PASADENA, Calif. (AP)—Anybody who could diagram a football play could explain to anyone else who would listen today just what Michigan State will throw against UCLA in the Rose Bowl.

A crowd of more than 3,500 turned out for a public showing of the Spartan tactics in an open house practice at East Los Angeles Junior College.

* * *

It was the first time there has been a prior announcement by a visiting Big 10 team of a come-one, come-all workout.

Some of the assistant coaches were shaking their heads in amazement as "Coach of the Year" Duffy Daugherty explained each series of Michigan State plays while the team romped through their formations.

"This is our quick-kick," Daugherty would explain, while his team ran through the play, "and our fake kick, and our quick-kick handoff and our lateral off the fake. . .

* * *

"We showed them about everything we used this year," Daugherty said afterwards. "I figure Red Sanders has us pretty well scouted so what's the harm in showing the folks our stuff."

Daugherty, talking over a portable public address system, introduced his players and exchanged quips with the enthusiastic and applauding crowd of fans.

The players acted it up by putting on a neat show for the audience. As an instance, only one pass was dropped during the demonstration.

"He'll be benched tomorrow," quipped Daugherty of the erring end.

* * *

Daugherty was unhappy because two injuries resulted from the non-scrimmage practice. Sophomore end Bob Jewett of Mason, Mich., running out on a pass pattern, had his ankle stepped on and will be out for a few days. Reserve right half Jim Wulff strained his thigh running through plays and also will be idle for a few days, according to team physician Dr. James Feurig.

* * *

UCLA staged a brisk 30-minute defensive scrimmage during its workout, "the best one yet" according to Coach Sanders.

"We'll taper off now," said Sanders. "If our boys haven't learned anything about football yet, they won't in the next few days."

Springer Spaniel Wins Puppy Show

A 10-months-old male English Springer Spaniel, owned by Donna Buttram of Detroit, was judged the Best in Match at the recent Christmas Puppy Match, given at Roseville by the Macomb County Kennel Club.

About 300 dogs were entered in the show, sanctioned by the American Kennel Club.

Other group winners were as follows:

Hound—8-months-old female Beagle owned by John Stockwell of Davison;
Working—11-months-old female Boxer, owned by Dur-Jessa Kennels of Grand Blanc;
Terrier—11-months-old Wire Fox Terrier, owned by Reedwyre Kennels of Toledo, Ohio;
Non-Sporting — 7-months-old female Boston Terrier, owned by Joseph Feigel of Detroit;
Toy—Pomeranian, shown by Pearle Fix.

Laker Center Back in NBA Scoring Lead

NEW YORK (AP) — Clyde Lovellette, giant center of the Minneapolis Lakers, was back on top today as the leading scorer of the National Basketball Assn. but by only three points.

Bob Pettit of the St. Louis Hawks, the leader a week ago with 415 points to 386 for Lovellette, is close behind this time with an even 500 compared with 503 for the former Kansas All-America star.

Furman football coach Homer Hobbs was a former pro player for the 49ers.

Colts Share Wealth With Yule Checks

BALTIMORE (INS)—Christmas bonus checks of more than $500 each were in the mail today for all members of the Baltimore Colts, National League Professional Football team.

Colts president Don Kellett declined to say how much the players will get this year except that it will be the largest Christmas bonus. The first one in 1953 was $500 and the 1954 gift was $300.

The players, who reportedly draw the league's highest salaries in addition to sharing the wealth, turned in their best performance in four years, a record of 5-6-1 during the past season.

Ex-Athletic Dead

LONG BEACH, Calif. (INS)—George J. Caster, 48, former pitcher with the Philadelphia Athletics, is dead.

He died while attending a party given by the Douglas Aircraft Company, for which he worked. He pitched for the St. Louis Browns as well as the Athletics and retired from the diamond in 1946.

Sullivan Still Promotes Bouts

St. Nick's Matchmaker Pairing Middleweights in Face of Guild Ban

NEW YORK (AP)—Boxing may be dead in New York after the guild is outlawed Jan. 15 but Tex Sullivan, promoter at St. Nicholas Arena keeps right on making matches.

Sullivan expects to close today a Jan. 16 pairing for the arena between Tony Johnson and Paddy Young, two thumping middleweights from New York.

* * *

Contracts also will be sent to the New York State Athletic Commission for a rematch between Carmine Fiore and Gene Poirer who battled 10 furious rounds to a draw last night. Poirier of Niagara Falls, N.Y., weighed 150¾ Fiore of Brooklyn 149½.

* * *

The commission may approve the two matches long before the Jan. 15 deadline when all managers are to sever their membership with the banned Boxing Guild of New York. Presumably the bouts would be permitted if approved before the deadline. That decision, of course, would be made by Julius Helfand, commission chairman who is in Florida.

Merchants Capture Overtime Thriller

The first real exciting game since the 1955-56 city basketball league season began two weeks ago took place in Pontiac High's gym Monday night when the Keego Merchants tripped Booth Homes in overtime, 44-39.

The Keego - Booth thriller was part of a four-game card in the city leagues last night. Sun Life came from behind to down Stone Front, 61-52, in an upper bracket American Loop game at PHS while the Hot Shots were crushing Central Christian, 70-25, and Boys' Club was trimming the Lakers, 55-39, in Class D scraps at Lincoln Junior High.

Keego's Merchants and Booth Homes battled nip-and-truck in their overtime feud with neither club holding a commanding lead at any time. The Merchants held a 20-19 advantage at halftime, but Booth forged into a 35-31 edge entering the final period.

Keego came back in a wild 4th quarter to knot the count on a bucket by Joe Boring in the last 12 seconds of play, forcing the tilt into an extra session. In the overtime Boring was again the hero by scoring the basket that gave Keego the winning margin as Booth was held scoreless.

Boring led the Merchants' attack with 13 points, followed closely by Bob Hobson with a dozen markers. The losers were headed by Ron Hetherington, who collected 15 points.

Stone Front blew a 45-36 advantage in its loss to Sun Life as the latter exploded for 25 points in the 4th quarter. Sun Life's Trott, who took scoring honors with 21 points, tallied 10 of them during the last period rally. Jerry Long's 14 points were tops for Stone Front.

The Hot Shots had the entire starting quintet listing double-figured scoring in their runaway verdict over Central Christian. Bud Hayward was high with 15 points while John Massengale and Dave Moreno each posted 13 points. Pudge Costello tallied 11 and Bob Baker added 10. Don Mountain scored 12 points for Central's futile cause.

A 24-point 4th quarter brought the Boys' Club its decision over the Lakers. The winners enjoyed only a 31-29 lead going into the final stanza, but won going away with their flurry of buckets. Chuck McIlreth led Boys' Club with 15 points while three Lakers, Bob Bentley, John Muzik and Mike Beebe, all had 10.

Six games are on tap tonight. In upper bracket National League contests at Jefferson Junior high, Louie's Tavern faces the Trojans at 7 o'clock and Phil's Inn meets Griff's Grill at 8:30.

In Class D at Eastern, the Aces play Pulver Tire and the Blue Devils face the Meteors in National Loop games at 7 p.m. The Police Association tackles the Lakesiders and Oliver Buick battles the Spartans in American division games at 8:30.

Trabert Battles From Behind to Beat Gonzales

SAN FRANCISCO (AP)—Tony Trabert battled from behind Monday night to beat Richard (Pancho) Gonzales 3-6, 6-2, 7-5 in their professional tennis tour.

Trabert's San Francisco victory before 3,000 made their series score stand three wins for Gonzales and two for Trabert. They meet again tomorrow night at Oakland.

Pancho Segura of Ecuador beat Australian Rex Hartwig 8-3 in a single set match. It was Segura's fifth straight win over Hartwig.

YMCA Basketball Tourney Set for December 27 - 30

The YMCA gang basketball tournament for youngsters from 10 through 14 years of age will be held in the YMCA gymnasium Dec. 27, 28, 29 and 30.

Competition in the four-day tourney is scheduled in two age divisions—the Prep class for boys from 10 through 12 years old and the Junior group for 13-14-year-olds.

The tournament will be conducted on a single defeat elimination basis. Membership in the 'Y' is not required to enter a team. There is no entry fee.

All games will be played in the Pontiac YMCA gym at 131 Mt. Clemens. The 1st contest is scheduled Tuesday, Dec. 27, at 9:30 a.m.

Games will be played under AAU rules. All teams should report to the YMCA half an hour before game time. Any team failing to have five players and a coach at starting time or showing any discrepancy in age will be eliminated. Gang tournament team entries should be returned to the Pontiac YMCA.

It should be noted that any boy now participating in school athletics who plays in this tourney forfeits further eligibility at his school. This is in accordance with MHSAA rules.

The Kiwanis Club of North Pontiac will award a trophy to the winning team in each division. Floyd A. Wainscott, physical director at the YMCA, is in charge of the Christmas vacation tournament.

Ex-Tiger Named Manager-of-Year

WICHITA, Kan. (AP) — Bob Harris, manager of the North Platte, Neb., town baseball club and former major leaguer, was named non-pro baseball's "manager-of-the-year" today.

The sponsoring National Baseball Congress said the award recognized Harris' feat in leading the North Platte Plainsmen to the Nebraska independent league title, the Nebraska state title, and the highest ranking of any town team in the 1955 national tournament in Wichita—third place.

Harris was signed with Detroit in 1937, later played with the Browns and Athletics over a seven-year period.

N. Y. Racing Commission Blames Decline on Tax

NEW YORK (INS) — The New York State Racing Commission blamed heavy taxation today for declines in both attendance and wagering in 1955.

The commission's annual report noted that attendance for 196 days of thoroughbred racing was 4,292,157, a decline of 2.35 per cent and wagering totaled $355,717,545, a decrease of 2.66 per cent from 1954 figures.

The report showed that the 15 per cent pari-mutuel tax netted $38,049,932 to the state and $3,556,494.64 to New York City and Nassau and Saratoga counties. But it observed that track profits have declined steadily since the peak year, 1946, and added:

"Potential increases in attendances and in resultant wagering were not obtainable due chiefly to the increased 'take' of 15 per cent initiated in 1946, which definitely has hurt the 'handle' . . . "

Unbeaten Utah, Dayton in Kentucky Tournament

LEXINGTON, Ky. (AP)—Unbeaten powerhouses Utah and Dayton clash tonight in the first game of the University of Kentucky Invitational Basketball Tournament.

Kentucky, apparently awakening after a slow start, meets darkhorse Minnesota in the second contest. The losers play for third place in Wednesday night's first game, with the title scrap to follow.

* * *

With Utah (5-0) and Dayton (6-0) among the leaders in The Associated Press poll, the winner of their game should be favored in the finals.

Kentucky (4-1) has the advantage of playing on the home floor of its 13,000-seat Memorial Coliseum to add to its strength as favorite over Minnesota.

* * *

Kentucky beat LaSalle in the finals of the two previous meets.

Utah, weary after a tough road trip, suffered two losses in last year's tourney — half its season losses—and figures to be trying to make up for its showing. Kentucky beat Utah in the opening round and Southern California nipped the Utes in the third place tilt.

Tracks Awarded Breakage Sums

LITTLETON, Colo. (AP) — Colorado's horse and dog racing tracks are entitled to all breakage paid the state under protest between 1954, District Judge Christian D. Stoner ruled yesterday.

He issued the ruling as he awarded a $570,603.85 judgment to Denver's Centennial race track and another of $22,084.45 to the Brush Racing Assn.

The decision climaxed four years of legal maneuvering dating from 1951, when Centennial started action to return breakage to the tracks. Breakage is the odd cents not included in bet payoffs at the tracks, which compute the payoffs to the nearest dime.

Ranked by Trotters

COLUMBUS, O. — Among the leading race-winning drivers listed by the U.S. Trotting Association were Thomas Winn and Harold Snodgrass of Northville.

Winn is ranked 13th for 1955 with 75 races won and Snodgrass took 17th placed with 70 wins.

Prep Action Light but Lively

Prep action is at a minimum tonight with most activity taking place in the Oakland B and Southern Thumb Leagues, along with a few lively non-loop encounters listed on the schedule.

Top clash will take place at Madison where the high powered Eagles of coach Carl Baker will host Fitzgerald in a crucial Oakland B encounter. Both teams are 3-0 for the season and 2-0 in league play.

Madison, favored to win the loop title, gets the nod over the Spartans. The Eagles have sharp shooting Jim Simer who pushed through 84 points for a 28 per game average thus far, along with Jim Myers and Harry Perkins in the double figures to make it rough for Fitzgerald.

Fitzgerald owns wins over Rochester, Clawson and Lake Orion, while the Eagles have trimmed Lake Orion, St. James and Avondale.

A pair of all-beatens will tangle when Lake Orion visits Clawson in a game which may likely give notice of league's doormat. Neither team has won this season, Orion dropping three and Clawson four games.

Troy will be underdog to defending champion Roseville on the Macomb county court.

* * *

In the Thumb league, Almont puts its 3-0 league mark on the line at New Haven which is 2-1 after being upset last Friday by Capac 39-37.

New Haven will have a task in stopping high scoring Larry Kersten who has averaged 24.5 points for his first four games. Also in the league Dryden is at Brown City and Memphis meets Capac.

A game of interest in the Eastern Michigan League is at Ferndale where loop favorite Hazel Park will be looking for its first win after dropping a 49-48 game to Willow Run last week. Ferndale holds wins over Southfield and Berkley.

A neighborhood scrap may develop at Birmingham where the Maples play host to Southfield. The Jays of coach Bob Watts snapped an early three game losing streak and have won two straight, while the Maples were winning two of three.

* * *

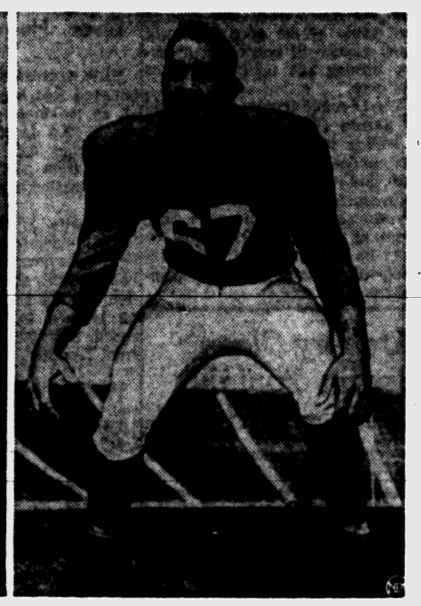

Birmingham may have found a winning combination with guard John Flesser, transfer from Flint Central, moving into the starting five along with guard Bill Swaney, center Bob Isbell and forwards Don Haugh and Don Picman.

Isbell was the big board man for the Maples in edging Mt. Clemens 50-49 last Friday in the last second.

Other games show Mt. Clemens at Grosse Pointe, East Detroit at Van Dyke, North Branch at Kingston and Imlay City at Frankenmuth.

Inter-Lakes, Wayne-Oakland and Suburban Catholic Leagues have adjourned hoop work until next year with January 6th as a top heavy opener for the new calender.

CENTERS OF ATTRACTION — When Maryland and Oklahoma meet in the Orange Bowl next Monday, Miami fans will see two centers who received national acclaim this year in Jerry Tubbs (left) of Oklahoma and Bob Pellegrini of Maryland. This will be the second battle for the two teams in the Orange Bowl in as many years.

Terps Get Time to Think of Sooners

COLLEGE PARK, Md. (AP) — Maryland's football team went home for Christmas vacations today for a rest and an opportunity to give some serious thought to what might happen when a speedy, line-ripping offense collides with a stubborn, craggy defense.

The answer will be unfolded in Miami Jan. 2 when Coach Bud Wilkinson's high-scoring Sooners from Oklahoma meet unyielding Maryland in the Orange Bowl.

* * *

Already, Coach Jim Tatum of Maryland is basking in Florida sunshine pondering the question. His team had only a light workout of wind sprints and calisthentics yesterday—the final practice day before the holiday recess.

The Terps assemble again on the campus here Christmas night, leave for Miami from nearby Washington, D.C., the next day about 9 a.m. and land at Miami around noon.

Then they will begin in earnest to bolster an already awesome defense and devise means of souping up an attack which the coaching staff readily admits will need improvement for an Orange Bowl victory.

Eddie Teague, Maryland assistant who scouted the Sooners in their victories over Nebraska and Oklahoma A&M, says mournfully, "We are going to have to score if we are going to beat that team."

The highest score Maryland has chalked up all year was the 34 points collected against Syracuse in a 34-13 victory.

* * *

Singing the accustomed pregame blues yesterday, Wilkinson saw Maryland as pointing for his No. 1 ranked team, a distinction he feels is psychologically bad.

Maryland's powerful defense and what Wilkinson feels is a psychological disadvantage are the chief Sooner problems, judging by statements from the Oklahoma campus.

North-South Squads Drill

Particular Attention Is Given to Passing in Double Sessions

MIAMI, Fla. (AP)—North and South football squads, preparing to meet in the Orange Bowl Monday night, planned two practice sessions today, with particular attention to passing.

North Coaches Bernie Crimmins of Indiana and Art Lewis of West Virginia used Freddy Wyant (West Virginia) and Jim Miller (Wisconsin) as passers with Gene Kapish (Notre Dame) doing most of the receiving.

The South squad, under coaches Wally Butts of Georgia and Rex Enright of South Carolina, was at full strength.

Offensive signal calling was by George Welsh (Navy) and Nick Consoles (Wake Forest), with Harold Burnine (Missouri) and Ron Beagle (Navy) snagging passes.

FLOATING ARM

Anyone familiar with golf terms knows the meaning of a "floating right elbow." That's when it drifts away from the side on the backswing instead of hugging it closely. In bowling, a floating arm, swinging away from the body, to the right, is a trouble-maker.

The sketch is an example of what the floating arm does. Forced out of the proper groove going back, the arm pulls across the correct, direct line indicated by the arrow. The ball then drives high on the head pin or even across it.

To maintain a grooved, in-line swing, keep the right elbow in close when you take your stance. Move it snugly against your side, to the left of the hip bone. Extend both arms in holding the ball, and hold the ball in the palm of the left hand, so that you can push it away, toward the pins, in unison with your first step.

Allow the ball to swing freely, so you feel its weight all the way, and you'll have the arm grooved in no time at all. Concentrate on elbow-in-close.

Tank Younger's Loss Big Blow

Towler Named to Play Fullback for Rams in Title Go With Browns

LOS ANGELES (AP)—The loss of fullback Tank Younger is a staggering blow to the Los Angeles Rams as they try to revise their offense for the pro football championship game here next Monday against the Cleveland Browns.

* * *

Coach Sid Gillman didn't lose any time naming Younger's replacement. He will be the 230-pound Dan Towler, who has been on the injured reserve list for a month. Towler has reportedly been in disfavor with Gillman and has been used very little since the third game of the National Football League season.

* * *

Younger sustained a fracture of a neck vertebra in the Green Bay Game, Dec. 11. He had recovered from early season injuries and was a driving force in the Rams' drive to the Western Conference title. With him on the sidelines the big punch at the center of the line and on draw plays is gone, and Cleveland can look for Norm Van Brocklin's passing and end sweeps by the fleet rookie, Ron Waller.

Behind Towler, Gillman has the 220-pound rookie linebacker from Georgia Tech, Larry Morris, who has seen service at fullback, and Tommy McCormick who weighs only 186.

* * *

Elroy (Crazylegs) Hirsch, injured Dec. 4 against Philadelphia, is ready to go, but he probably will be spelled by Woodley Lewis, safety man who did a fine job of pass catching in relief.

Aside from Younger the Rams are in fairly good physical condition, but the loss of the pile driving fullback is bound to hamper the Los Angeles ground game.

Dudey Moore Calls Frisco Best 5 Ever

Duke's Coach Rates Dons Over Kentucky's Once-Great Team

PITTSBURGH (AP)—Dudey Moore, Duquesne University basketball coach, says he thinks the National Collegiate champions from San Francisco University are the best team he ever saw.

"From what I had heard," Moore said yesterday, "I knew they must be great but I figured they just had (Bill) Russell and maybe one or two other good ones. I didn't realize they had nine great ones."

Moore watched San Francisco in action during the weekend in the DePaul pre-holiday tournament at Chicago.

He rated the Kentucky team which had Alex Groza, Ralph Beard and Wah Wah Jones as the second best college team he ever saw.

Nashua to Meet Swaps at Anita

ARCADIA, Calif. (AP) — Nashua was assigned top weight of 130 pounds and California-bred Swaps 129 for the 19th running of the Santa Anita Handicap, Feb. 25.

The weights were announced today by Secretary Jimmy Kilroe.

Social Outcast, owned by Alfred Vanderbilt, drew 124, and Maine Chance Farm' Jet Action 123, the same weight assigned Mme. Leon Volterra's Mistralor, the French star that leaves Saturday by air for Santa Anita.

Santa Anita opens its winter season Monday.

Clean Sweep for Big Ten Cage Teams

Conference Fives Are Preparing for Start of League Campaign

By THE ASSOCIATED PRESS

Big Ten basketball teams, having found the range, made a clean sweep of four games against intersectional foes last night in warmups for the conference campaign which begins Jan. 2.

Illinois, Indiana, Ohio State and Wisconsin were all victorious by wide margins.

Illinois just missed reaching the hundred mark by whipping DePaul, 97-79; Indiana swept Cincinnati 80-61; Wisconsin powered past Nebraska, 71-52, and Ohio State beat Tulane 72-66.

In tonight's games Michigan is at Oregon State, Northwestern at Oregon, Butler at Purdue and Minnesota in the Kentucky Invitational Tournament.

Indiana's Hallie Bryant was the league's outstanding scorer in last night's games with 31 points while Illinois' Paul Judson, author of a 57-foot shot, had 29. Ohio State's Robin Freeman was held to 21 points but was still high scorer in the Ohio State-Tulane game.

DePaul gave Illinois a battle in the first half that ended in Illinois' favor, 42-40, as Judson cut loose with a desperation heave that found the nets. The second half turned out to be no contest as Illinois raced to as much as a 25-point lead.

Indiana jumped to a 41-31 halftime lead and coasted to victory as Wally Choice and Archie Dees scored 19 and 16 points respectively, to help Bryant.

The four victories gave the Big Ten a 27-14 advantage over nonconference foes for a .659 percentage.

(Note: Kentucky Wesleyan received two first-place votes and Louisville one).

By THE ASSOCIATED PRESS

San Francisco, North Carolina State and Utah continued to rank 1-2-3 in the weekly Associated Press basketball poll today, but the rest of the top 10 teams underwent a thorough shuffling as a result of last week's activity.

'Frisco, undefeated in five games this season and boasting a 31-game winning streak over a two-year span, collected 92 first place ballots. A total of 150 sportswriters and sportscasters voted in the poll, based on games through Dec. 17. On the basis of 10 for first, nine for second etc., the Dons received 1,407 points to remain the top-ranking team.

* * *

All-America Bill Russell and Co., impressed over the past weekend with victories over Marquette and DePaul to capture the DePaul Invitational Tournament in Chicago.

The Dons, the nation's best defensive club, play Wichita tonight and Loyola of New Orleans Friday in road contests.

* * *

North Carolina State (7-0) retained its runner-up spot on the strength of victories over Clemson, South Carolina and West Virginia. The Wolfpack meets fifth-ranked Brigham Young Wednesday and Thursday. Utah (5-0) holding the No. 3 rating, heads a four-team field in the Kentucky Invitational tourney that starts tonight. The Utes tangle with fourth-ranked Dayton in the opening-round game.

* * *

Dayton (6-0) and Brigham Young (6-0) both advanced three places. The Ohio Flyers, seventh a week ago, turned back Idaho and Cincinnati, while the Cougars, in moving up from eighth, turned back Colorado twice.

North Carolina (6-0) enjoyed the biggest climb of the week as the Tar Heels bolted from 16th to sixth, thanks to conquests of Alabama and Maryland. Holy Cross (5-0) jumped three notches to seventh, but the Crusaders bowed to Alabama 89-84 last night.

* * *

Vanderbilt (4-0), No. 8, went up one place, while ninth-rated Kentucky (4-1) advanced from 12th. Iowa (3-1), fourth a week ago, skidded to 10th after losing to Colorado. George Washington (6-0) heads the second-10 rankings.

Quantico Marines Host 2nd Tourney

QUANTICO, Va. Dec. 20 (AP) — The Quantico Marines' second annual Christmas collegiate basketball tournament opened today with four first-round games.

Wabash, Ind., College and Mount St. Mary's of Emmitsburg, Md., were to start first-round action at 1:30 p.m., followed by a 3:15 p.m. contest between Ball State, Ind. and powerful Georgia Teachers.

Pierce Tops ERA

AL Without 20-Game Winner for First Time in 55-Year History

NEW YORK (INS) — Chicago southpaw Billy Pierce was the big thing going for American League pitching prestige in 1955, the first campaign in the 55-year history of the junior circuit which did not produce a single 20-game winner.

* * *

Official statistics released today showed that the little White Sox lefty won the Major League pitching championship with a sparkling 1.97 earned run average.

That was .65 points better than Whitey Ford of New York.

The 28-year-old, 4-foot-10 Detroiter, who had a 9-10 won-lost record and 3.48 ERA mark in 1954, appeared in 33 games this past season and posted a 15-10 record. He allowed only 45 earned runs in 206 innings.

* * *

There were five other hurlers under the three run mark, three of them southpaws. Southpaws also took down laurels which included a record strikeout performance by Herb Score of Cleveland, the won-lost percentage championship by Tommy Byrne of New Lork, top complete game performance by Ford and shutout honors by Detroit's Billy Hoeft.

Ford won 18, exclusive of his two world series victories, to tie for most wins with Boston's towering Franklin Sullivan and Cleveland's Bob Lemen.

Yankee fastballer Bob Turley walked the most men (173) while Ned Garver of Detroit allowed the most hits (250). Garver also gave up the most runs (115) and most earned runs (102).

Most games lost was 18, by Baltimore's Jim Wilson, while Detroit's Steve Gromek allowed the most homeruns, 26. Cleveland relief specialist Ray Narleski appeared in the most games, 50.

Buckeye Ace 100 Points in Lead

CHICAGO (AP) — Ohio State's Robin Freeman continued to set the pace in the Big Ten basketball scoring race with nearly a hundred point lead over his nearest rival.

Freeman, clipping along with a 34.5 average has scored 207 points in six games or 95 points more than Illinois' Paul Judson.

Judson, having played one game less than Freeman, is in second place with 112 points followed by Dick Miller of Wisconsin who has 99.

Indiana's Hallie Bryant, on the strength of 31 points against Cincinnati last night, jumped into fourth place with 97 points.

Freeman's teammate, sophomore Frank Howard is fifth with 82 and Indiana's Wally Choice is sixth with 90 points.

Syracuse Club Florida Bound

Bill Veeck to Handle New Miami Franchise After $100,000 Sale

MIAMI, Fla. (AP) — This tourist mecca, which gives solid support to virtually every sport except baseball, has replaced Syracuse in the Triple A International League.

Sidney Salomon Jr., former executive vice president of the old St. Louis Browns, and Elliott Stein, 36-year-old St. Louis investment banker, bought the Syracuse franchise late yesterday for approximately $100,000.

* * *

Salomon announced that the club would be moved to Miami and that Bill Veeck, former president and general manager of the Cleveland Indians, would handle the newest entry in the sprawling circuit which includes Toronto, Montreal, Ottawa, Rochester, Buffalo, Richmond and Havana, Cuba.

* * *

Salomon and Stein made an offer several weeks ago to Martin D. Haske, Syracuse owner, but a civic group raised $50,000 for the franchise and $33,000 for purchase of equipment at the ball park.

Lawyers said the contract was too involved to be drawn hurriedly and when the deadline for selling the club to the Syracuse group had passed, Haske notified Salomon at his Miami Beach winter home that the ball club was his.

* * *

Salomon said he still must get permission of International League directors to transfer the franchise and must make an agreement with the City of Miami to use Miami Stadium. He expects no difficulty on either score.

Hopes to See Stevenson Before Leaving Chicago After Recent Illness

CHICAGO (INS) — President Batlle Berres of Uruguay says he "feels very well" following a gastro-intestinal attack and hopes to retrun to his country by Dec. 28.

The President, who was stricken in Chicago last Wednesday, spoke at a news conference last night in Wesley Memorial Hospital where he is recovering.

Batlle Berres said he hopes to see Adlai Stevenson, candidate for the Democratic presidential nomination, before he leaves Chicago Saturday.

He added that he might spend two days in Miami before he flies to Montevideo.

Battle Berres said he then would wrest for several days before taking over the reins of government again.

Gothamite Gapers to See Extravaganza

The new 45-story stainless steel skyssraper will be floodlit from top to bottom with ten billion candlepower of dancing colored lights.

A Christmas chorus of 200 will sing carols as Bernard F. Gimbel, chairman of Nw York's convention and visitors bureau, pulls the switch.

A different choral group will sing carols each evening when the buuilding is lit, throughout the holiday season.

Hollywood Headlines:

Jennifer Jones Thrilled About Receiving 'Audie'

By BOB THOMAS

HOLLYWOOD (AP) — The actress who was selected for the most popular performance of the year was just as surprised by the honor as was some of Hollywood.

* * *

Some 15 million moviegoers voted in the Audience Award poll and Jennifer Jones came out on top for her role in "Love Is a Many Splendored Thing."

"It was a real surprise," she says, "and a very nice one. It was a big thrill for me."

* * *

In some ways, the Audie made more of an impression on her than the Oscar she won in 1944 for "Song of Bernadette."

"I was just starting in the business then," she explained. "When you're young and ambitious, you don't fully realize some of the wonderful things that happen to you. You take them a little for granted.

"Now I realize the value of such things and appreciate them more."

* * *

Miss Jones said it was especially pleasant to be honored by the public after having had many flops. What's this—a star admitting she has had flops.

"Oh, sure," she sad disarmingly. "I've had them—perhaps more flops than hits It's discouraging to do something you hope is going to please everyone and then find out they don't like it. But there's one good thing — you always find someone who likes a picture you have done, no matter how big a flop it is. That's the strange thing about the movies."

* * *

At present she is at work again. This has been her busiest year in films; she has done three—"Many Splendored," "Good Morning, Miss Dove" and the present "Man in the Gray Flannel Suit."

College Picks GM Man

INDIANAPOLIS (AP) — Ivan L. Wiles of Flint, Mich., general manager of Buick Division of General Motors and a vice president and director of GM, has ben elected vice president of the Wabash College board of trustees. He has been a member of the board for three years.

The population of the 17 western states increased 25.8 per cent from 1940 to 1950 while the 31 eastern states gained only 11.5 per cent.

African Mining Firm Completes New Shaft

OBVASI—A $1,100,000 project to modernize mining in the African Gold Coast's most pretentious diggings, the properties of the Ashanti Goldfields Corporation here is nearing completion.

* * *

A circular concrete-lined shaft 18 feet in diameter is being sunk to a depth of more than 4,200 feet. It is called the Eaton-Turner Shaft, and plans for its sinking have been in mind since 1939. Outbreak of World War II shelved the program until 1952.

* * *

When the job is completed, about 1,000 tons a day of ore can be lifted from the 4,200-foot level and 30 laborers at a time can be lowered or lifted in the cages. The company is owned in London.

DETROIT (AP)— Gwendolyn Seward, 2, died Monday night of burns suffered earlier in a fire at her Detroit home. She was pulled from a blazing bedroom by firemen. The fire was blamed on an oil stove explosion.

Doctors Tell Ike No Heavy Tours

TV Can Solve Problem of Campaign Speeches in Re-election Battle

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—You can figure out—from what President Eisenhower's doctors said over the weekend—just what he can't do if he runs for re-election, and his doctors haven't yet said he could.

* * *

This is out: He will not be able to campaign in the usual way. The usual way means intense and unpredictable physical exertion: plane hops, train rides, step climbing, handshaking, impromptu speeches, long hours.

But, because of television, he could campaign extensively with TV speeches and reach more voters than any of his predecessors, in the days before TV, if they had traveled the country for a year.

IT'S POSSIBLE

It's possible Eisenhower already has decided not to seek a second term. It's unthinkable that he had made up his mind to run before his doctors say he's physically up to it or would decide to try if they said he shouldn't.

If the doctors say he shouldn't run—and they won't make their decision until after they check him in mid-February — Eisenhower could not, for his own sake and that of the country, go contrary to their verdict.

* * *

That would be asking the country to take a chance on a president whose doctors think he is a poor physical risk.

IT'S IMPLICIT

His doctors didn't say in so many words—after examining him Saturday—that he could not run for the presidency in the traditional slam-bang, round-the-country, up-all-hours kind of campaign.

But it was implicit in what they said.

They said he should go South for a few weeks to get more exercise. Just what kind of exercise did they have in mind? The only kind they mentioned was knocking some golf balls around.

* * *

That would involve some walking, of course, but far less walking than if he played nine holes of golf. It would be very moderate exercise. But what about playing some rounds of golf, since it involves more exercise?

* * *

Not until spring, his doctors said. And they said a round by spring, not rounds. Before his heart attack last September Eisenhower played as much as 27 holes, a truly tough form of exercise.

Wisconsin Blaze Levels 3 Buildings

APPLETON, Wis. (AP)—The city's worst fire in 27 years caused damage estimated at $200,000 last night and kept firefighters busy through the night in sub-zero weather.

* * *

The blaze, which reduced three two-story business buildings to icy ruins, was reported about 9:30 p.m. and was not brought under control until 2:30 a.m. today.

Fire Chief Paul Neumann said damage would amount to "at least $200,000."

At least a half dozen families were made homeless when the fire spread to their apartments on the second floors of the three buildings.

* * *

Besides the apartments, the buildings contained a television and radio store, a music and record shop, and a drug store and a physician's office.

Spellman Begins Visit With GIs in Far East

TOKYO (AP) — Francis Cardinal Spellman, archbishop of New York and vicar of the military ordinate, arrived tonight to begin his fifth consecutive Christmas season visit with U.S. servicemen in the Far East.

Earl Pats His Own Back for a 'Dynamo Column'

By EARL WILSON

Guys & Gals & Gags & Gossip . . .

NEW YORK — Pan Mail: "Dear Sir: What kind of a man are you? Aren't you ashamed to mention liquor and drinking and luxury buying in connection with Christmas? An apology to the people who really keep Christmas would be very timely. Think it over.—Mrs. Stanley Gabrielson, Star Prairie, Wis."

(People planning office parties, please heed!)

★ ★ ★ ★

It was be the Democrats who revived this one: they claim a top Republican asked GOP Chairman Leonard Hall about Veep Nivon's chances of getting the Presidential nomination and Hall answered, "We'll jump off that bridge when we get to it."

★ ★ ★ ★

What a dynamo column this is! Sometimes I don't realize my own power. Mrs. Veronica S. Herron erad here that "if an expectant mother eats the ends of bread, comes the stork, the baby'll be a boy." And, since she suspected how colossal I am . . . "There was not a single loaf of bread in our domain for months that didn't have its end chopped off. And with terrific results! Our red-headed, blue-eyed, adorable baby was named William David. See what happens to people who read a good, reliable columnist every day!"

To halt reported switching of motors and tires at parking lots, the parking industry now has its own detective setup, National Parking Investigations, headed by Joseph A. Cirillo. He says: Never leave more than ignition key in your car, lock up all property in trunk or glove compartment, and check everything carefully before driving away afterward. The fingerprinting of parking lot employes is already driving thieves out of the business.

ROUTE OF A BOY

You can tell where a little boy has been . . .
Though you can't quite say exactly when . . .
By broken cookies on the kitchen floor,
By odds and ends from a bureau drawer,
By gum stuck 'neath a living room chair,
By a roller skate on the cellar stair,
By lightning bugs in a dirty jar,
By brand new shoes stained with tar,
By a bathtub ring and a toothpaste cap,
By a crease he left upon your lap,
By a tear he smudged longside your nose,
—You know the way a small boy goes!

'Diapers Aweigh,' New Song Theme on Naval Station

CHICAGO, (INS)—Attendants at the Great Lakes, Ill., naval hospital are singing "Diapers Aweigh, My Boys," as future admirals check into the maternity ward as fast as space becomes available.

* * *

But the 241 new "service" babies registered at the hospital during a recent month is no record—it is quite an average figure.

A city of 90,000 civilians would increase by about 241 infants a month—but Great Lakes is a community of only 30,000.

* * *

The hospital points out, however, that the new offspring not only belong to Navy families, but also the Marine Corps, Army and Air Force.

In September, the Navy led with 108 arrivals, the Army was runner-up with 85, the Air Force trailed third with 35 and the Marines had 13.

Parents at King's Lynn, England, are worried at the way English girls "throw themselves at Americans" who are stationed there with the air service. They are asking American chaplains for advice.

'Parole Camp' Pays Dividends

Inmate Finishing School of Jackson Prison Shows 11 to 13 Pct. Return

JACKSON (INS) — It's called a "finishing school" by inmates and a "parole camp" by the state but figures released today show the camp across the street from huge Jackson Prison is paying dividends.

The camp is across Cooper street from Jackson State Prison and is for prisoners who have spent 10 to 15 or more years behind bars and are about to be freed on parole.

The men spend the last three weeks of their terms in the camp learning to adjust themselves to free lives.

State Corrections Director Gus Harrison today said that only "11 to 18" per cent of those who attend the "finishing school" come back to prison for new crimes.

At the camp, the men learn religion, how to keep jobs and how to beat alcoholism.

Four-fifths of all the tea consumed in the U.S. is drunk within private homes.

Commander to Retire

HOLLAND (AP) — Chief Raphael Wouters, commander of the Holland Coast Guard Station, plans to retire Dec. 31 with Boatswain's Mate 1.C. Walter G. Sears of Holland scheduled to succeed him.

A workshop for the blind is planned at Bolgatanga in the Gold Coast's Northern Territories.

Old Chinese Drug May Help Fight Mental Disease

COLUMBUS, O. (INS) — A drug used by the ancient Chinese—originally in the rather raw form of dried skin and saliva of toads — may have potential importance in the treatment of some types of mental disturbance.

* * *

Recent experiments by Ohio State University pharmacologists showed that the drug, bufotenine, induces relaxation and a feeling of well-being.

The research group, headed by Dr. Chauncy D. Leake made the study. Dr. Leake reported that tests on humans show if large doses of the drug are injected into the body rapidly, nausea, tingling sensations, disorientation and a feeling of depression results.

However, if it is given slowly, or taken by mouth, "the initial nauseating and disorienting effects may not be apparent. The feeling of weel-being which follows is described as a pleasant, relaxed state and may be similar to that known to opium users."

* * *

Dr. Leake also said that, like opium, bufotenine is habit-forming and would need social controls, but he pointed out that "primitive peoples always exercised such control . . ."

The pharmacologist said bufotenine may also be derived from mushrooms of a poisonous species used by primitive tribes in Siberia in ritualistic practices.

Welch Workers Share

LAWTON (UP)—The 195 employes at the Lawton and Mattawan plants of the Welch Grape Juice Co., will share in a $65,223 payment from the company's profit sharing fund. Each employe will receive an average 12.1 per cent of his annual straight time earnings.

Nevada Agency OKs Actor Raft as Hotel Owner

CARSON CITY, Nev. (UP) — Nevada's new gambling agency switched signals yesterday and approved movie tough guy George Raft for an interest in the Flamingo Hotel at Las Vegas.

The State Gaming Control Board, created last July, recommended to the State Tax Commission that Raft be granted a license for a 2 per cent, $65,000 interest in the Flamingo.

* * *

The action came after Raft was questioned for an hour about underworld figures with whom his name had been linked in a previous investigation made by the tax commission last spring.

Raft said he had worked in places run by bootleggers early in his career, but only as an entertainer.

Business Notes

Promotion of John R. Raisbeck to the position of sales vice president of American Motors' Nash Division was announced yesterday by company officials.

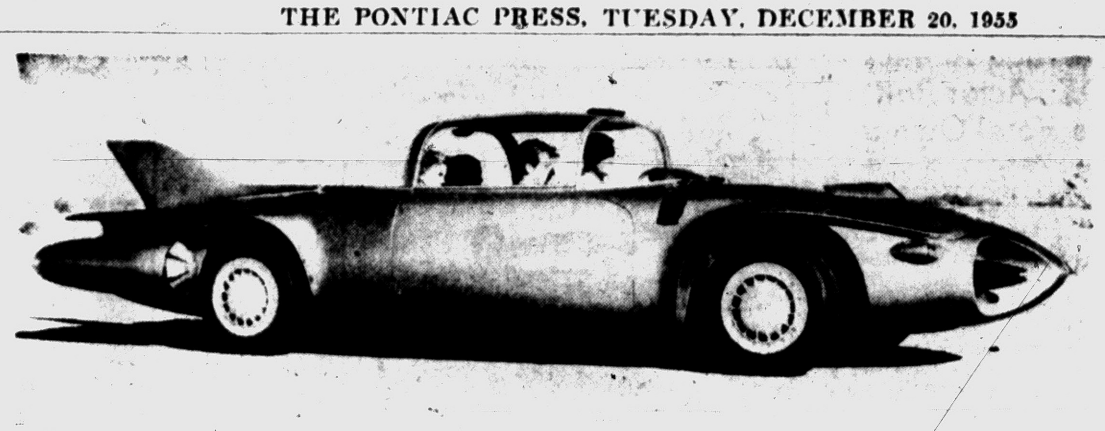

Raisbeck succeeds Roy Abernathy, who was elevated to the newly-created post of vice president of automotive distribution and marketing last week.

A 25-year veteran of service to the auto industry, Raisbeck was born in Coronel, Chile, and educated in Scotland.

Buys Kansas City Firm

DETROIT (AP) — L. A. Young Spring & Wire Corp. today announced purchase of the assets of Tracto-Lift Co. of Kansas City.

N. D. Ely, president of the Detroit firm, said Tracto-Lift's production of a heavy duty fork lift truck has been transferred to L. A. Young's Ottawa Steel Division at Ottawa, Kan.

GM GAS TURBINE — General Motors has built and successfully tested this new experimental gas turbine passenger car, Firebird II. To be shown publicly for the first time at the General Motors Motorama of 1956 in New York's Waldorf-Astoria Hotel Jan. 19 to 24, the Firebird II is designed as a four-passenger family car for highway use. GM has no plans, however, to put it into production.

Wheat Lower Due to Report

CHICAGO (AP) — Wheat futures were lower in early Board of Trade dealings today on liquidation caused mostly by the government's final crop report of the year.

The report showed almost 25 million bushels more wheat than had been estimated a month ago.

Corn was lower also and oats dipped a bit in sympathy. Soybeans held about steady in dull trading.

Near the end of the first hour wheat was ¾ to 1 1/2 cents lower, December $2.09⅞, corn was ⅜ to ¾ lower, December $1.23¾, oats were ⅛ to ⅜ lower, December 64¼; rye was down ⅜ to 1 cent, December $1.17½; soybeans were ⅛ higher to ⅜ lower, January $2.37, and lard was unchanged to 2 cents a hundred pounds higher, December $11.07.

Stocks Take Dip in Later Trading

NEW YORK (AP) — The Stock Market declined in the early afternoon today, but the aircrafts were strong.

Aircrafts have been favored for some days by buyers regardless of what the rest of the market does. Aircrafts had the best gains in the list going to around 2 points. Losses throughout usually were no greater than a point.

The sag in the market wasn't very great in any area, and in many major divisions there were key stocks trading unchanged to slightly higher.

There was little or no general news to affect the market, and corporate news was not of a startling nature.

Gimbel Bros. raised its dividend payment to 35 cents from 25 cents paid in previous quarters. The stock sold higher immediately but then fell back for a modest loss.

Among declining stocks were Southern Railway, Loew's, Anaconda Co., DuPont, American Tobacco, U. S. Steel, Chrysler, U. S. Rubber, Montgomery Ward, Cleveland Electric, Kaiser Aluminum, and Glen Martin.

Higher were Smith - Douglas, Schering, Beech Aircraft, North American Aviation, Boeing, Ches apeake & Ohio and Allied Chemical.

At noon the Associated Press average of 60 stocks was down 20 cents at $178.10, yesterday the average fell back 30 cents.

Business Ready With Yule List

Tax Cut Would Be Tops With Balanced Budget Also Highly Desired

By SAM DAWSON

NEW YORK (AP)—Belief in Santa Claus doubtless is more common among the little Virginias of our land than among hardheaded American businessmen.

But the titans of industry might well be writing letters to the good saint, for all we know. If so, here are some things they may be asking him to put under their Christmas trees.

Please, Santa, bring a tax cut—almost any old tax cut—on our profits, our take-home pay or on the products we make and hope to sell. At the same time, naturally, we expect you to see that the budget gets balanced, the federal debt reduced, and national defenses made ever stronger.

As little politics as possible, too please. It will be an election year, but don't let them make business the whipping boy. Don't notice if big business gets bigger. At the same time, help little business.

Let everybody make scads of money, and nobody fail (except maybe one or two of our more troublesome competitors).

And go easy on those congressional probes. We spend countless man hours preparing for them. They come high in time and money. And when they're over, oft as not we just wonder what the shooting was all about.

* * *

For that matter, you've no idea, Santa, how much time we spend filling out government forms, how many clerks we hire just to keep Washington informed about — sometimes we aren't sure what about.

If the new year brings a guaranteed annual wage for labor, please, Santa, give us guaranteed annual profits, our stockholders guaranteed annual dividends, and the dads of the land guaranteed annual bank accounts riding high above the first of the month bills.

* * *

Then drop in our stocking a glossary of terms to show what the Russians mean when they say something. We look up their words in ordinary dictionaries but the meanings obviously aren't the same. We could all sleep better, plan better, enjoy the fruits of peace and prosperity more, if we could just be sure that what we think we see is really peace and prosperity with any kind of lasting quality.

* * *

Then see if you can't bring some peace and quiet in this squabble between the auto makers and their dealers. Make sure that both grow richer and richer, but that we get a real good buy ourselves (way below list price) when we go shopping for a new car.

* * *

Finally, Santa, if it isn't asking too much, settle that farm problem. Somehow make the surpluses of farm products disappear with a profit to the government and without costing the taxpayers a cent—and also without hurting the feelings of our friends and allies who themselves have farm products to sell on the world market. Let farm prices rise so that the farmers will have more money to spend on the things we make.

Ousts Jordan's Parliament

King Hussein Struggles to Quell Riots of Arabs Over Baghdad Pact

JERUSALEM (AP)—King Hussein has dissolved Jordan's Parliament in a drastic move to end riots against linking the Arab country to the Baghdad Pact. The mounting violence meanwhile brought a curfew to Bethlehem, readying itself for the annual Christmas pilgrimage.

The dissolution yesterday automatically toppled Premier Hazza El Majali's government for the second Cabinet crisis in less than a week. Premier Said El Mufti resigned last Wednesday after Britain offered to supply Jordan with new heavy arms and jet fighters if the country would join the five-power Baghdad Pact.

The king did not immediately announce a date for elections for a new Parliament.

The Baghdad alliance is a Western-backed defense grouping including Britain, Iran, Iraq, Pakistan, and Turkey. The proposal to include Jordan stirred frenzied resentment among Jordanians who feared it might mean abandoning the country's claims against Israel.

The 4 p.m. to 6 a.m. curfew for Jordan-held Bethlehem — Christ's birthplace — was ordered after 200 to 300 demonstrators stormed the Turkish consulate in the Jordan sector of Jerusalem, burning the Turkish flag and wounding the consul general. Four rioters were reported killed and 27 wounded by fire from Jordanian troops.

The curfew obviously was a safety measure to protect Christian pilgrims, particularly those from the West, who flock to the scene of the Nativity only five miles southwest of Jerusalem. It was not clear what effect the curfew would have on the traditional Christmas Eve services there.

* * *

The curfew could be lifted before the church service Saturday night, or it could be held not to apply to religious ceremonies. However, its existence emphasized the mounting tension between Israel mounting tension between Israel and its Arab neighbors. Israeli border guardposts are scarcely 100 yards from the Bethlehem hills.

The curfew was imposed by Jordan's governor of Jerusalem and the Holy Places, Hassan El Kasem.

Awards Presented at Cub Scout Meet

Eight awards were presented to Cub Scouts of Pack Eight at Crofoot School at a meeting Monday night.

Two new Bobcats, John Boutin and Donald Marsh, received pins. Gold arrows went to Jack Bennett and Robert Woody, and Wolf badge were given to Lowell Vollmar, David Brown, Michael Elwell and Frank VanHusen Jr.

A total of 80 Cubs and their parents turned out for the awards ceremony and to see skits put on by the seven dens of the pack, centered on the theme "Christmas Customs in Other Lands." Each Cub brought a food gift to be presented to a needy family, and the boys also exchanged gifts among themselves.

GM Gets $26 Million Order for Power Units

NEW YORK (AP)—General Motors Corp. announced today a 26 million dollar order for 200 prop-jet power units for Eastern Air Lines' new fleet of 40 Lockheed Electra airliners.

* * *

A GM spokesman said the order was the largest of its kind yet placed by the airline industry.

* * *

GM said provision also was made for production of an additional 150 GM prop-jet power units for 30 Electras which Eastern has an option. This added production would raise the value of the order to over 40 million dollars.

The order covers Allison model 501 prop-jet engines and aeroproducts propellers.

Thieves Grab 2 Purses From Kresge Shoppers

Two more purse-snatchings were reported to Pontiac Police yesterday as harried Christmas shoppers crowded into downtown Pontiac, offering perfect targets for sneak thieves.

Both thefts occurred in Kresge's. In one, Mrs. Jean Cummings of 1100 Genella St. lost a wallet containing $29, which she said the thief removed from her purse as she was standing at the book counter.

Mrs. Emily F. Reed, of 205 Chippewa Dr., lost $65 in cash and checks totalling $443 later in the day.

Every Man to His Own Type of Entertainment

CHICAGO (AP) — The coldest weather of the season in Chicago didn't stop William Wohl, 47-year-old railroad conductor, from taking his daily swim in Lake Michigan yesterday.

It was 9 degrees above zero, from a low of 2 above, when Wohl took his daily plunge. He's been taking a daily swim for two years.

Eddie and Debbie Lend Light Note to Ponderous Show

Credit Also Due to Ella and Nat

Fisher's Weaknesses Evident in Duets With Fitzgerald, Cole

By JACK O'BRIAN

NEW YORK, (INS)—Eddie and Debbie's final 15 minutes of CBS' "I Hear America Singing" made a delightful dessert to a ponderous 90-minute spectacular whose importance came clear only when it did not take itself seriously.

That quarter hour and the bright spots filled by Ella Fitzgerald and Nat King Cole more than made up for the oddly self-conscious pesudo-reverence of a specious soap-opera-style script.

Fisher never should have sung duets—which came off as unscheduled contests—with Ella or Nat, because at songs-with-a-beat, they are the champs.

Eddie, as Bing Crosby noted perceptively, gets a little lost when he escapes his ballad groove and attempts the grace notes and rhythmic refinements performed with effortless, practiced perfection by Nat or Ella.

But the final 15 minutes more than made up for Eddie's earlier dancing clumsiness and difficulties reading the teleprompter; in fact, the cute, lithe, bright and modern hepness of Debbie as she danced and sang rhythmic rings around her husband wasn't a study in uncomfortable contrast as were Eddie's unplanned bouts with Ella and Nat.

Debbie never suggested by word, deed or omission that she dominated the climactic moments of the up-to-then heavy and pretentious program.

Both came through warmly, likably and impressively, perched atop or dancing around two high stools downstage.

Frank Parker gets $50,000 for three Las Vegas weeks starting Feb. 14. He'll break in the act at Blinstrub's in Boston.

BERGEN GIMMICK

Edgar Bergen's live versions of Charlie McCarthy and Mortimer Snerd on the Jack Benny show is a brilliant device with which Edgar may bust through the hurdles that kept him from being a TV hit until now.

Just in time, for he starts his new Groucho-style quiz "Do You Trust Your Wife" Jan. 3, right after the $64,000 Question.

Eartha Kitt was visually exciting but a little light for the heavy content of Oscar Wilde's "Salome" on Omnibus.

She played it like a petulant, whimsical, graceful, spoiled little girl seeking John the Baptist's head on a silver shield more out of caprice than noble hate.

Trendex top 10 for Dec. 1-7; $64,000 Question, Lucy, Ed Sullivan Line, I've Got a Secret, The Line-Show, What's My Line, I've Got a Secret, The Lineup, Perry Como Show, Hit Parade, George Gobel; Saturday Lucy Show and Honeymooners were tied for 10th.

MIDNIGHT MASS

NBC will have St. Patrick's midnight Mass on TV again this Christmas Eve.

John Cameron and all the little Swayzes join John Jr. in Germany for Christmas; junior's in the Army. Back Jan. 6.

Jack E. Leonard, now much thinner, can't dance in "Toyland" Christmas Eve. He'll wear a brace on his ankle because of a muscle injury.

'Revealasing Art' Shown in London by Bach Relative

LONDON (AP)—Marguit Dalmas—a descendant of Johann Sebastian Bach — has opened a one-woman art show in London featuring nude ladies in trees.

* * *

"I wouldn't call my paintings Rabelaisian," said Miss Dalmas, a sloe-eyed blonde. "I'd call them revealasing. It's my own word. It means they reveal a lot."

Miss Dalmas, who came over from France, said she got many of her pictorial ideas from visits to continental nudist camps.

"One does see strange sights in a nudist camp, you know, but frankly, I never saw a nude climb a tree. That's my idea. I like to climb trees and lie on the branches. Hence pictures about such things."

All of her nudes are women.

* * *

"You couldn't paint a picture of a nude man in a tree," she said, "that would look just too silly."

Miss Dalmas has exhibited at the "Independants," the "Surindependants" and the Weil Galleries in Paris and the sporting club of Monte Carlo. She was born in Hungary, but is French by marriage.

* * *

To properly enjoy her pictures she believes a spectator should eat.

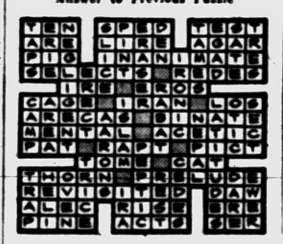

"Have some salged peanuts," she said, "and be careful not to drop that dish. It's by Picasso."

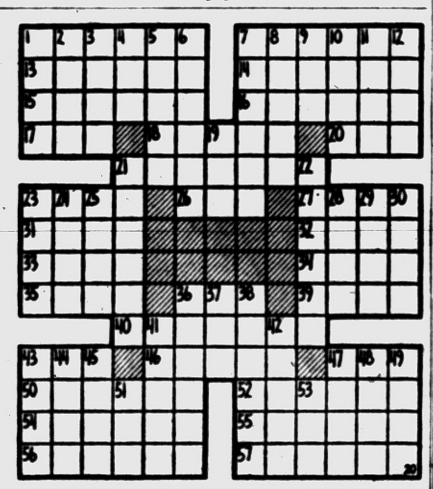

Although only one fourth of the United States population lives in the northeastern states, they receive nearly half of all lamb and mutton used in the nation.

Reds Sowing Mines, Wire Along Hungarian Borders

VIENNA (AP) — While Communist leaders talk about freer exchanges between East and West, the Hungarian Reds are setting up new barbed-wire entanglements, minefields, watch towers and other control devices along the Austrian Hungarian border.

* * *

The purpose is to halt the increasing flow of refugees who risk death to flee westward.

Austria has become an easier haven for the refugees since 44,000 Russian occupation troops were withdrawn in September.

Now the refugees do not have to dodge the Red Army and Austria has pledged asylum to political refugees.

HATED SYMBOL

To Hungarian anti-Communists, as well as to the Austrian border population, the Iron Curtain has become a hated symbol of oppression. Bearing this fact in mind, Austria's Foreign Minister Dr. Leopold Figl recently announced that he would make a formal request for its removal when a Hungarian economic delegation comes to Vienna early next year.

* * *

"The most difficult part of an escape from Red Hungary is not so much getting through the curtain itself, as approaching it unobserved," Austrian Police Inspector Viktor Pinterits said.

The inspector was born in the border village of Klingenbach and has been on Iron Curtain guard duty for 10 years.

"Before the fugitives come to the Iron Curtain barriers, they have to pass through an 11-mile security zone, which runs along the frontier with Austria. All persons in this zone are made to carry special passes and identity cards. The local population has strict orders to report all strangers," Pinterits said.

* * *

"Because of the tight security measures surrounding the border region, very few Hungarians from the interior and Budapest ever get through. I am quite sure that 9 of every 10 Hungarian refugees get caught along the route in the Red dragnet. Those reaching Austria at the rate of some 35 a month nearly all come from the security zone itself and are familiar with the border region and the mines."

Judge Reduces Murder Charge

Count of Manslaughter Facing Ex-Resident in Miami Death

The first degree murder charge against a former 27-year-old Pontiac man arrested in Miami Dec. 4 in the death of his best friend's wife, was reduced to manslaughter Wednesday by Justice of the Peace Ruth Sutton.

Sam Trimble, who worked for a Pontiac floor sanding company last month along with Willie Bass, 23, husband of the dead woman, said he hoped to raise a $2,500 bond placed on him.

The body of the dead woman, Mrs. Clara Jean Bass, a former Pontiac waitress, was found Dec. 3 on a lonely southwest Dade County road in Florida.

Trimble denied killing the pregnant 20-year-old woman but Bass said he "lured her out of the house on the pretext that he was running around with another girl, and then killed her when she resisted his advances."

Mrs. Sutton said she reduced the charge at the recommendation of State Attorney George A. Brautigam, who asserted that there was not enough evidence to sustain a murder conviction.

SANTA CLAUS, Ind. (AP)—Santa Claus Land, a tourist attraction the year around, has been buzzing with another year's Christmas activity since Oct. 1.

The little toy shops, grouped around the famous postoffice are supplemented by more lore for the young Santa set than most big city stores' toy departments.

Since Louis J. Koch, an Evansville manufacturer, started developing a full-scale Christmas enterprise in the quiet hill village 10 years ago, the array of show-pieces has grown from dolls to national heroes.

Life-size statues of Mother Goose characters are set in eight groups in woodland glens, there's a park of live reindeer, a collection of 1,500 dolls ranging from the microscopic up to lifesize.

In recent years, a Hall of Famous Americans has grown to include 40 lifesize wax figures of such heroes as Abraham Lincoln, who spent his childhood just five miles away, in what is now a state park.

A big statute of Santa stands in front of the string of quaint Alpine-style shops, overlooking a little carnival of rides, including a miniature railroad.

This year, as before, the postoffice activity began picking up just when cold weather began cutting into the crowds of long-trip tourists.

4,000,000 PIECES

Postmaster Elbert Reinke, who runs the place with only the help of his wife in off season, hires a dozen helpers each Christmas season to handle some three or four million pieces of mail sent in to get the sentimental postmark.

The name was just a whimsical idea when it was chosen at a combined town meeting and Christmas Eve party in 1852. Outside the hill country, the postoffice remained almost unknown for many years until one postmaster, James F. Martin, began answering children's letters to Santa which found their way to him.

Before another postmaster took office in 1935, the letter-answering job got so big that it was taken over by the Santa Claus post of the American Legion under James Yellig. Yellig still plays Santa every season, too.

Actually, the center of this Christmas activity, located on a blacktopped state road, was built a mile away from the original village, now almost deserted. An old "candy castle" with a Santa statue of its own operates as a rival gift and souvenir shop in the village.

The Postoffice Department refused last summer to issue a commemorative stamp in 1956 to recognize the 100th anniversary of actual opening of the Santa Claus postoffice.

Money Bonanza Rains on School in Kentucky Hills

PIPPA PASSES, Ky. (AP) — For her first venture outside the mountain in 21 years, Mrs. Alice Lloyd's tiny fortress of learning may reap a bonanza of $200,000 in donations.

• • •

The volume of mail has slackened end, but the cash and checks keep rolling in at a generous pace for support of the Caney Creek Educational Center here, in Southeastern Kentucky.

Knott County Attorney Dan Martin said today at least 100,000 individual donations had been received since Mrs. Lloyd's appeared on Ralph Edward's "This Is Your Life" television program in Hollywood 12 days ago.

U.S. Postal Inspector W. H. Hendrick said gifts averaged about $2 per letter.

And for the first time, Mrs. Lloyd's school, which she founded in 1916, will get more for Christmas than it gives as an annual Yuletide custom.

For at least a quarter century, the center at Christmastime has distributed "pretties"—toys, candies, etc.—to grade school students in a four-county area.
