

## Snow Brings Out the Sweepers

**CLEAR THE WALKS** — The weatherman was piling up added chores for Pontiac housewives this morning. The light snowfall, not enough to bring out dad or the youngsters with shovels, was being swept away with brooms, as Mrs. Charles Harmon Jr., 48 Thorpe St., is doing here.

## Tibet Defies Red China; 65,000 Reported Dead

TOKYO (UPI)—Reports filtering out of remote Tibet indicated today the tiny, ancient nation is waging an armed revolt against Chinese Communist rule. They said 65,000 persons had been killed in the months-long fighting.

The reports said the Dalai Lama, spiritual leader of the mountain-top nation, may seek asylum in India.

The reports came from New Delhi, Calcutta, Bhutan, Katmandu, Kalimpong, Darjeeling and smaller hill cities near the Tibetan border. Any large-scale fighting in the past Commercial travelers and refugees said the largest flareup came in the August-October period when the proud Khamba tribe in the eastern province of Kham revolted.

They said about 50,000 Chinese Reds were killed. Tibetan death estimates ranged from 5,000 to 15,000.

The Communists tacitly admitted they were having trouble in Tibet when they announced that they were delaying imposition of their heavily-criticized people's commune system in that country.

There apparently has not been any large-scale fighting in the past two months, but numerous small scale actions have occurred.

Nationalist Chinese sources on Formosa claimed that the Tibet revolt also has spread to four provinces in northwest China. In some areas, rebels have seized key positions and forced Communists into the mountains, they said.

Adding to the Chinese Communists' woes, most of them brought on by the commune system, were the thousands of refugees fleeing into Burma. Rangoon reports said these refugees refuse to return to China even on the threat of death.

Reports reaching New Delhi said the main road from Tibet was closed in October when the Khambas booby-trapped it with ditches covered with earth and sticks. They also destroyed several trucks by rolling huge boulders down the mountain sides on them.

The reports said that the Tibetans were angered by the increase of Chinese settlers being sent into the nation and the deportation of about 5,000 young Tibetans to Red China for "higher training."

The immediate cause of the fall flareup, however, was the Chinese Communist scheme to divide Tibet into three areas. The central portion would have been under the Dalai Lama and the western section under the Panchen Lama with the capital at Shigatse. The Chinese Communists intended to control the eastern state of Kham themselves.

The Khambas objected with force. The Communists promptly called for "complete annihilation" of the rebel forces.

Travelers in Bhutan said that

the underground resistance movement in Tibet already has succeeded in infiltrating areas which the Reds previously considered "safe."

There was a recent fight at Shigatse, headquarters of the Panchen Lama, whom many consider to be a Red Chinese puppet. It was thought this was an attempt

on the Lama's life because several of his bodyguards were killed.

It is generally believed that the Dalai Lama is being forced by the Communists to cooperate with them and some circles believe that he himself might be behind the revolt.

The Indian government still has not formally denied reports that the Dalai Lama has sought asylum in India.

## Hams Report Balloon Landed in Venezuela

CARACAS, Venezuela (AP)—Aerial searches tried today to pin down unconfirmed reports from ham radio operators that the British balloon Small World had landed in eastern Venezuela after a transatlantic flight.

The air search began Friday over the jungle area of the Orinoco River delta.

The amateur radio operators reported that the balloon and its four passengers had landed near Pedernales, a Venezuelan port on the Atlantic at the northern edge of the wide delta. The town is just 20 miles west of the tip of Trinidad in the British West Indies.

The report gained strength when Minister of Communications Oscar Machado Zuloaga was quoted in Caracas newspapers as saying the balloon had landed in Venezuela. The Civil Aeronautics Authority said, however, that it had nothing to confirm the report. It was supervising the search by a Communications Ministry DC3. After searching for only an hour or two, the plane was forced by darkness to land at Maturin, 60 miles west of Pedernales.

The Small World cast off from Santa Cruz de Tenerife in the Canary Islands, 65 miles off the coast of Morocco, on Dec. 12. The goal was to drift with the winds to Barbados, some 3,000 miles away in the West Indies Federation.

This was the first attempt of a free balloon to float across the Atlantic.

The purpose was to study weather conditions and wind currents.

Prince Philip, husband of Britain's Queen Elizabeth II, was the patron. Those aboard were pilot A.B. Eiloart, 51, a London businessman; his son Timothy, 21, radioman; navigator Colin Mudie, 31, who crossed the Atlantic in 1952 in a 19-foot whaleboat; and Mudie's wife Rosemary, 30, the cook, photographer and co-pilot.

## No Room Under the Tree

**GRANDPA'S GIFT** — Marvin K. Maus of Denver gave this full-sized fire engine to his grandchildren for Christmas. Shown enjoying the new toy are (from left) Dick, 5, Don, 3, and Debra Maus, 6. They asked grandpa, a fire equipment salesman, for the present, and really give the siren, lights and bell a workout.

# Batista Shakes Up Military

## Highway Deaths Hit 508, State Has 19 Killed

Hope Still Held Out That Holiday Toll Won't Set Record

Traffic ..... 376  
Fire ..... 78  
Miscellaneous ..... 54  
Total ..... 508

From Our News Wires  
Careless driving and whirling speedometers swelled an awesome Christmas period traffic toll today but safety officials held out hope that auto fatalities might not hit the all-time holiday record.

The deadly traffic tally, which zoomed Christmas Day to a record-breaking pace, was still "substantially ahead" of 620 deaths predicted for the four-day holiday period by the National Safety Council.

However, a NSC spokesman reported Friday night that the soaring toll might not be bound for the all-time high of 706 traffic deaths, set in a similar Christmas period two years ago.

Two more highway fatalities today boosted the Christmas holiday death toll on Michigan highways to 19, ranking the state among the first six in the nation in traffic casualties.

The latest victims were Philip Creel, 23, Detroit, whose car blew a tire, jumped the curb and struck a pole, and Miss Ethel Davis, 26, Carp, who rammed into the rear of a parked car on a highway a few miles from her home.

Three young men riding with her were uninjured. Ironically, the driver of the parked car, Richard Lee Scott, had stopped his car to talk to Miss Davis' brother.

California led the nation with 38 traffic deaths. Texas was second with 33 dead, New York 25, Michigan, Ohio and Pennsylvania 19 each, Illinois 18, North Carolina 17, Massachusetts 14, and (Continued on Page 2, Col. 6)

## State to Achieve Cut in Highway Deaths

EAST LANSING (AP)—Michigan will achieve its goal of reducing traffic fatalities by at least 10 per cent in 1959, State police predicted today.

The forecast was made despite the high holiday death toll.

This will be the third straight year the state has accomplished a similar saving of lives.

Projected figures for the entire year are 1,375 fatalities, a saving of 162 lives and a 10.5 per cent reduction from last year.

There were 1,537 persons killed on the state's highways in 1957.

## She Knows Why Handcuffs Not a Good Present

SAN FRANCISCO (UPI)—Mrs. Charles Husted has decided that handcuffs as a Christmas present for her 5-year-old weren't such a good idea after all.

First, her husband accidentally manacled himself and struggled more than two hours to get loose.

Then yesterday, her son, Vincent, locked the handcuffs on his right ankle. Police had to be called to free the lad.

"I've hidden the handcuffs so that neither my boy nor my husband can play with them," Mrs. Husted said today.

## Boy, 8, Killed by Girl's Car

Driver Says Youngster Dashed Into Path of Her Auto

James C. Hankie, eight-year-old son of Mr. and Mrs. Louis Hankie, 4820 Rochester Rd., Troy, was dead on arrival at St. Joseph Mercy Hospital, Pontiac, after being struck by a car about 6 p.m. yesterday.

Troy police said the driver of the car, Donna M. Sutherland, 19,

of 204 De Villen St., Royal Oak, told them the boy dashed into the path of her car on Rochester road near Glaser Street.

James was returning home from a store with his sister Lois, 12, and a neighbor, nine-year-old Diane Barryman of 1105 Glaser St., police said.

The girls said the boy was a few feet behind them when they heard a bump and looked back and "saw Jimmy rolling down the road."

Police said the girls ran to the boy's home, and that his parents called police.

No charges have been made against Miss Sutherland pending further investigation, police said.

## Little Change in Weather Forecast Here

Cloudy and little temperature change is the forecast for the Pontiac area by the U.S. Weather Bureau for tonight and tomorrow. The low tonight will be about 30 degrees.

Tomorrow's high is expected to reach around 37. Winds will be 8-15 m.p.h., becoming northwesterly. The outlook for Monday is mostly cloudy with some light snow and little temperature change.

Twenty-four was the lowest thermometer reading preceding 8 a.m. in downtown Pontiac. The recording at 1 p.m. was 35.

## Atlas Still Talking After 35 Sessions

WASHINGTON (UPI)—America's Atlas satellite still is "talking."

The Defense Department said the four and a half ton satellite exchanged four more voice and teletypewriter messages yesterday with Army ground stations. The giant missile was "interrogated and tested successfully" on four successive passes across the United States.

It marked the 35th time since the Atlas was shot aloft by the Air Force Dec. 18 that the delicate outer space communications "brain" has been interrogated.

The Pentagon reported that thus far since President Eisenhower's Christmas message was broadcast to earth a week ago, the relay equipment has been loaded and unloaded with messages 29 times.

## Railroad Seeks Approval to Drop Suburban Trains

NEW YORK (AP)—The Delaware, Lackawanna & Western Railroad said it will ask the New Jersey Public Utilities Commission today for permission to drop 42 suburban passenger trains.

Meantime, the Interstate Commerce Commission ordered the Lehigh Valley Railroad Co. to keep its passenger trains operating while the agency conducts an investigation of the railroad's proposal to abandon them.

## Admits Killing Nurse

**HELD IN SLAYING** — Luis Moya, 22, left, has admitted, police say, that he and Augustine Baldonado, 25, were hired to kill nurse Olga Duncan of Ventura, Calif. Detective Ray Higgins questions Moya.

## Indict Mother, Two Men in Murder of Young Bride

VENTURA, Calif. (AP)—"She didn't want another woman to have her boy."

Dist. Atty. Roy Gustafson was discussing Mrs. Elizabeth Duncan, 54, who was indicted Friday on a charge of murder, along with the two men she is accused of hiring to kill her daughter-in-law.

Talking to reporters following the return of the indictments, Gustafson said it was a dramatic midnight confession by one of the accused hired killers that led to the county grand jury's swift action.

The jurors deliberated only 15 minutes before indicting Mrs. Duncan, Luis Moya, 22, and Augustine Baldonado, 25, for the murder of Olga Duncan, 30, pregnant wife of Mrs. Duncan's son, Frank.

Moya, a drifter with an eight-year record of arrests, had maintained a sullen silence since the body of the Canadian nurse was found in a hastily dug grave near here last Sunday. But at midnight tolled on Christmas night he called in his jailers.

"I have confessed to God and ask forgiveness," he told them, and gave a statement the district attorney said corroborated in every detail one made earlier by Baldonado.

The two men say Mrs. Duncan promised them \$6,000, to kill the woman her son had married last June. They carried out the murder plot last Nov. 17, they said, luring the bride into their car and choking and beating her to death.

A fierce jealousy lay behind Mrs. Duncan's plotting, Gustafson said. She did everything she could to prevent her son's marriage and to break it up after the ceremony. Duncan has separated from his bride after two weeks and gone back to live with his mother.

Mrs. Duncan has denied any connection with her daughter-in-law's death. She also has denied being jealous of the pretty nurse.

Mrs. Duncan did not testify. Her son did, however, and it was a shaken, dejected man who walked from the jury room.

Duncan, 30, a bushy-haired man with heavy, dark-rimmed glasses, told reporters he had been asked mostly about his mother and her many marriages, four of them in eight years to men much younger than she. They ended in annulment or divorce.

"I find it fantastic to believe that mother killed my wife," he said. "I never recall her being cruel. She has never been able to hurt anyone or anything. She would have to be insane to have done it."

## Sends Troops to Halt Rebels in Las Villas

Revamps Staff in Face of Castro's Drive to Cut Cuba in Half

From Our News Wires

HAVANA—President Fulgencio Batista shook up the central Cuban army command today and ordered 2,000 reinforcements to the "waistband" province of Las Villas to halt a rebel drive to split Cuba in two.

The rebel radio has said the fall of Santa Clara, capital of Las Villas, was a "matter of hours." It also claimed that the port of Caibarien on the north coast of Las Villas had been captured and that the south coast naval base at Cienfuegos was "besieged."

Batista met with his top army, navy and police officials at the presidential palace and later issued a communique announcing a shake-up in the army high command.

The communique said Col. Jose Casillas Lumpuy, a veteran of the anti-Castro fighting in rebel-dominated Oriente Province, had been named to replace Brig. Gen. Alberto Rio Chaviano as zone commander in Las Villas Province.

Col. Cecilio Fernandez Aguerro was appointed provincial operations officer and 2,000 troops were ordered to move into the area to halt the rebel drive.

Batista also announced he had recalled to duty Gen. Jose E. Pedraza, who was army inspector general and chief of police during Batista's presidency from 1940-1944.

The rebels control highways connecting Havana and Santa Clara, and travel is risky.

While Castro's forces appeared gaining strength on arms smuggled from the United States, there was grumbling in government circles at the attitude taken by Washington.

The United States was accused by many of helping the rebels, in effect, by maintaining an embargo on shipment of weapons to the Batista government.

The insurgents, in a more confident mood now, are able for the first time to occupy populated (Continued on Page 2, Col. 3)

## 19 Below in Colorado

NEW YORK (UPI)—The nation's lowest temperature today was 19 degrees below zero at Fraser, Colo., the U. S. Weather Bureau reported. Yesterday's high was 78 at Key West, Fla.

## Dag Visiting Sudan

KHARTOUM, Sudan (AP)—U.N. Secretary General Dag Hammarskjöld is making an official two-day visit to Sudan.

## 2 Rich Mutts Hold Water Works Stock

SAN JOSE, Calif. (AP)—Mac and George, a couple of rich mutts, are joining the ranks of San Jose Water Works stockholders.

Mac is a part Irish terrier, part everything else. He's

10. George is a four-year-old mostly cocker spaniel. Neither will ever have a worry as to where their next meal comes from.

Their late master, Thomas F. Sheehy, directed in his will that the profits from his \$100,000 estate go to providing for his two pals.

"I wish the dogs to have the best of care," he wrote in a will dated Feb. 26, 1958. The 50-year-old childless widower died Dec. 11.

His will, filed for probate Friday, ordered all his assets, including a 17-acre valuable prune ranch in nearby Campbell, turned into cash.

He then said common shares of water works stock should be bought with all dividends going for the care of the dogs.

The stock closed Friday at \$33. It pays an annual dividend of \$2.40.

The American Trust Co., administrators of the estate, figure it will come to \$80,000 after taxes—or 1,500 shares.

That'll mean better than \$3,000 a year for Mac and George.

Sheehy put a 20-year maximum on providing for the dogs. After that period, the entire estate is to go to any surviving legal heirs.

## McLean Buys 110 GMC Units

Largest Trucking Firm in South Purchases Highway Tractors

McLean Trucking Co., of Winston-Salem, N. C., largest motor freight common carrier headquartered in the South, has purchased 110 GMC Diesel cab-over-engine highway tractors.

Announcement of the sale was made by R. C. Woodhouse, general truck sales manager for the GMC Truck and Coach Division.

The new units involved in the sale have the GM super economy diesel engine developing 190 horsepower and are rated at 65,000 pounds gross combination weight.

They join 185 similar tractors in the McLean fleet which have been in use over the past 10 months.

The models sold have been setting performance records this past year with scores of the nation's motor freight carriers.

Production schedules at GMC Truck and Coach have been re-estimated for the vehicles, Woodhouse said.

## Boy Driving Without License Rolls Car Over

A 14-year-old Milford boy was ticketed for driving an auto without an operator's license and his friend was taken to Pontiac General Hospital yesterday after the auto rolled over in Milford Township.

Oakland County sheriff's deputies said Ronald A. Kunder of 1748 Handy Dr., was ordered to appear in the Oakland County Juvenile Court within 15 days. The accident occurred on W. Commerce at Hickory Ridge road.

The passenger, James E. Salkeid, 15, of 1736 Shoreline Dr., Milford, was treated for hip and chest abrasions at the hospital and released.

Ronald told deputies he was unable to control the car. The car rolled over near a sharp curve and the pavement was wet, deputies said.

The car is owned by Ronald's father, John.

## Rossellini Seeking Custody of Children

ROME (UPI)—An attorney for Roberto Rossellini asked a court today to give him custody of the three children born of his marriage to Ingrid Bergman.

Mario Cavallieri presented Rossellini's petition to the Rome civil court.

An Italian custody verdict would not necessarily be of much value to the movie director. The children—8-year-old Roberto and the 6-year-old twins, Isotta and Isabella, are living near Paris with their mother and her new husband, Lars Schmidt.

## Relief From Winter Warm Air Invades East

By THE ASSOCIATED PRESS

A warm air invasion, triggered by mild southerly winds, brought the eastern third of the nation today while rainfall licked the Southeast and the Northwest.

The warming trend offered more Christmas season relaxation for many parts of the East from the winter cold. The generally fair

## No Settlement Near, Say Airline Pilots

CHICAGO (UPI)—Spokesmen for 1,500 American Airlines pilots today indicated predictions of an early end to the strike that has grounded the nation's largest fleet of airliners may have been premature.

C. N. Sayen, president of the Air Lines Pilots Association, said that although he spoke by telephone with Leverett Edwards, chairman of the National Mediation Board, about a truce proposal, he had "no idea" where Edwards had got the impression a settlement was in the offing.

Edwards announced yesterday that the results of a conversation between the three-man mediation board in Washington and the ALPA in Chicago made him "hopeful the strike may be resolved within the next few days."

"The only thing discussed was the proposal forwarded earlier by Edwards," Sayen said. "There were some points on that proposal that needed clarification."

Neither Edwards nor Sayen said which of the 12 points in the package proposal were discussed.

American Airlines, which has been strikebound since Dec. 21, accepted Edwards' proposal shortly after it was proffered but the union has held out for further clarification of the terms.

The strike against American, coupled with twin strikes by flight engineers and mechanics at Eastern Airlines, had idled one third of the nation's air carrier at the height of the Christmas holiday travel rush.

Although mechanists have accepted a new contract, a spokesman said they will not cross picket lines.

## Britain to Allow Pound Exchange

Expect Other European Countries to Follow Suit in Money Conversion

LONDON (UPI)—Britain was reliably reported today to be on the verge of permitting the pound sterling to be converted freely into foreign exchange. Several other European countries hastened to follow suit.

The moves coincided with an expected announcement later today that France would devalue the franc and, possibly, replace it with a new "hard" franc with most of the post-war inflationary zeros lopped off.

The British Treasury scheduled a news conference at which it was expected to announce that the pound would be freely convertible abroad.

Similar announcements were expected in West Germany and Norway.

In Copenhagen, the Danish government announced today that the Danish kroner will be made freely convertible abroad starting Monday.

climes also provided a holiday-season attraction for motorists to hit the road despite the tragic highway death toll.

The Weather Bureau forecast daytime 40-degree temperatures for much of the Northeast, slightly less readings in the Ohio Valley and portions of the Midwest and South, and temperatures upwards of 50 degrees for a vast area of Dixie.

However, forecasters also saw occasional rain moving into the mid-Atlantic states and New York during the evening.

Light to heavy rainfall gave southern Florida an overnight dousing with half inch amounts already reported at Fort Myers, Palm Beach and Tampa. More than six inches of precipitation has drenched Port Everglades, Fla. since Christmas night.

Portions of Georgia and Alabama also got a sprinkling.

To the extreme northwest, spreading rains swirled through Washington, Montana and the central portions of California.

For a six hour period Friday night, the San Francisco area caught more than an inch of rain. Along the northern California coast and parts of Oregon, similar amounts were measured.

Hail accompanied heavy showers at Hoquiam, Wash. Precipitation, in the form of snow, hit Meacham, Ore.

There were traces of rainfall in the mid section down through the South. Amounts generally less than a tenth of an inch were reported from Illinois to Louisiana.

A stream of cold air, although not of major proportions, poured into the Central and Southern Plains.

still maintained by the striking engineers, now in the 34th day. Should the engineers settle their differences with EAL, the airline has still another problem — the flight attendants union is threatening to strike if an agreement is not reached in its negotiations with the company.

## Pontiac Woman Is Extradited

Eleanor Joann Wilson Returned to Rochester in Robbery-Beating

A 21-year-old woman arrested in Pontiac Thursday has been charged with first-degree grand larceny in the robbery of a North Syracuse, N. Y., salesman.

Miss Eleanor Joann Wilson, a night club entertainer, was returned to Rochester, N. Y., last night. She waived examination before Justice of the Peace Lamont McNail and was ordered held for the grand jury.

She was picked up Thursday by Detroit police at the home of her parents, Mr. and Mrs. Randall Wilson, 73 Seminole Ave., on a fugitive warrant.

The salesman, George Fisher, is in critical condition after being beaten in a motel near Rochester. He was robbed of \$50 and a gold ring, police said.

Miss Wilson told Detroit authorities she had spent some time with Fisher at the motel but denied any part in the beating or robbery.

She waived extradition and returned to Rochester with a member of the Monroe County sheriff's department.

## Cuba Staff Changed as Rebels Advance

(Continued From Page One)

places instead of waging static attacks and hasty retreats to hide-outs in the countryside.

The rebels are reported creating local civil governments in anticipation of taking over complete towns. The government called the rebel claim to Santa Clara "premature," but did not directly contradict the other rebel claims, which indicated an all-out insurgent effort to split the 75-mile island in two with Fidel Castro's rebels occupying the Eastern end and Batista's government holding the west.

Civilians were warned to keep clear of rebel positions as the government proclaimed an all-out drive to wipe out the insurgents. Army planes are reported already to have bombed the outskirts of Placetas on the main highway east of Santa Clara, where the rebels are tightening a ring around the capital of Las Villas province.

The two-year rebellion faced its bloodiest turn as government forces struck at heavily populated districts which until now have been kept out of the range of gunfire.

The 3rd Military Dist. command in Las Villas said that henceforth army planes and troops would attack rebels wherever they are hiding out. "Civilians staying in houses occupied by insurgents were warned they would be regarded as belligerents."

A shortage of weapons and ammunition was hampering the government of President Fulgencio Batista in countering attacks by the rebel forces of Fidel Castro.

With the fighting moving toward the bigger cities, the rebel radio Friday boasted that even Havana would be taken over soon.

MORE

**NEW EXCHANGE CLUB PRESIDENT** — Byron Cole (right), installed as the new president of the Pontiac Exchange Club yesterday noon at the Waldron Hotel, is shown here receiving his president's pin from LaVerne Scanlin of Battle Creek, president of the Michigan Exchange Clubs. Other officers of the Pontiac Club installed yesterday were Norman Kujala, first vice president; Floyd Temple, second vice president; Gordon Reynolds, third vice president; Smith Falconer, secretary; Kenneth Hempstead Jr., treasurer; and Keith Johnson and Morgan Siple, members of the Board of Control.

## Trio Bound Over to Stand Trial for Break-In

Three men will be arraigned Jan. 5 in Circuit Court on charges of breaking and entering.

Bound over yesterday by Municipal Judge Cecil McCallum were Howard H. Hatchett, 21, of 180 Wesson St.; Alexander Spars Jr., 24, of 334 1/2 Wesson St.; and Arthur P. Brown, 21, of 318 Howard McNeil St.

They are accused of breaking into the Pontiac Auto Body Co. offices on Dec. 24.

The three men waived examination before Judge McCallum, who set bond at \$200.

## Hold Detroit Man in Robbery-Beating

JACKSON (UPI)—Police today held David W. Napier, 35, Detroit, for investigation in the hammer bludgeoning and robbery of a woman clerk in a Jackson dime store.

The victim, Miss Ruth Nichols, 33, was in critical condition at Foote Hospital, Jackson, following a night of surgery, suffering multiple skull fractures from the impact of several hammer blows.

Miss Nichols was alone in the store last night when her attacker entered. He apparently demanded money. She may have resisted, and he beat her over the head with the hammer. Miss Nichols, in the struggle, tore a pocket of the assailant's jacket and a piece of the cloth was found clutched in her hand. The robber took \$116 from the cash register and fled.

## Heart Attack Fatal to Jackson Resident

Harvey T. Woodfield, 71, president of the Michigan Wholesalers, Inc., suffered a fatal heart attack at 4 p.m. in Bloomfield Hills yesterday, en route home to Jackson.

Firemen were unable to revive Woodfield after he had been taken to the home of his daughter, Mrs. Dexter Horton, 1120 Country Club Dr.

Woodfield was prominent in the lumber and building material business. They had been visiting their daughter.

## College President Arrives

ORLANDO, Fla. (UPI)—The Missouri Valley football team's "Lonesome President" arrived here by bus today and said he couldn't understand why family and friends had thought he was lost.

Dr. M. Earle Collins, president of Missouri Valley College, said he caught an earlier than planned train in Missouri and did not tell his family because "they were all asleep" when he decided to leave around midnight.

"I can't understand why they were worried," he said. "I went around the world once. They didn't hear from me for weeks and weeks at a time and they didn't worry about me then."

Collins said he got off the train in Jacksonville because he was tired after the long day coach ride from Missouri and got some sleep in a Jacksonville hotel. He had planned to catch one train this morning, then a later one, and finally took the bus because he was afraid he would be late for the kickoff.

Missouri Valley's football team will play East Texas State in the Tangerine Bowl this afternoon and Collins planned to be in the stands.

But for a time it looked as though he would be the widest flanker in the history of the game.

His wife reported him missing Thursday and set off a search by police agencies, news reporters, family and friends that stayed one step behind him across the continent.

## Dying Mother May Not Get Back Home

ST. LOUIS (UPI)—Mrs. June Walter, 22, who wants only to see her native England just once more before she dies, may not get her wish after all.

Her doctor told the Military Air Transport Service that the young mother of two took a turn for the worse Friday and the plane trip home is not advisable now.

Mrs. Walter has blood cancer. She knows she is dying, and her greatest wish is to see her home soil.

## News Flash

LIMA, Ohio (UPI)—A series of explosions early today wrecked the Ohio Equity Exchange grain elevators near here and rattled windows in houses for several miles around.

Damage estimates ran as high as a million dollars to the 135-foot elevators, filled with wheat and corn. No one was reported injured.

## The Day in Birmingham

## AAUW to Sponsor Play by Will-O-Way Students

BIRMINGHAM—Monday Junior students of the Will-O-Way Apprentice Theater will present the annual Christmas play for children sponsored by the Birmingham chapter of American Association of University Women.

Performance will be given at the Birmingham Theater at 10 a.m. and 2 p.m.

The play, "The Broken Doll," was written and directed by Celia Merrill Turner of Will-O-Way. Starring as the Virgin Mary will be Debbie Morken and Claire Cantow.

The cast includes 13 other youngsters and three adults.

The annual play is one of the holiday highlights for area school children.

Bloomfield Hills dogs will sport red hydrant-shaped dog tags next year. The licenses may be obtained at the city hall.

A check with clerks in surrounding municipalities revealed that the rest of the area canine citizens will have to get along with ordinary dog tags.

## Ike to Tour Farm if Cold Snap Breaks

GETTYSBURG (UPI)—President Eisenhower may be able to get out and around his frozen farmland today if the weather warms up to 40 degrees as forecast.

The Chief Executive, with a file crammed with preliminary drafts of his state of the union and upcoming budget messages, drove up to his farm from Washington yesterday, prepared to stay through New Year's.

Weather permitting, he was expected to get out at least part of the day with his 10-year-old grandson, David. The other three Eisenhower grandchildren, daughters of Maj. and Mrs. John S. Eisenhower, will join the President and Mrs. Eisenhower here next week.

The temperature at the farm went to nearly zero the night before the President's arrival and his acreage was crusty hard from repeated days of sub-freezing weather. The putting greens of the Gettysburg Country Club were as hard as pool tables.

## Flight Into Exile Made by Cuban

AIR FORCE PILOT REFUSES TO BOMB CITIES, FLIES B26 TO MIAMI

MIAMI, Fla. (AP)—A young Cuban air force pilot flew a B26 bomber to Miami and exile Friday night "because I don't like to bomb cities and kill innocent women and children."

Lt. Jose A. Crespo, 24, said he forced his mechanic to accompany him. "I put a gun to his head when we took off," Crespo told the Miami Herald. "and then made him sit in front of me on the flight to Miami. I know that if I return to Cuba I would be killed."

Crespo refused to reveal the name of his sergeant-mechanic who was scheduled to return to Havana by commercial airliner. The plane carried no bombs but it mounted eight .50-caliber machine guns.

Crespo's lawyer in Miami, Jack King, said a hearing will determine whether his client will be admitted to the United States.

The pilot said he had been ordered to bomb Cuban cities in the government's fight against rebel forces and decided to get out. His parents live in Havana, he said. Cuban sources here said they never had heard of such an order.

## U.S. Aids Retirement for Chinese Soldiers

TAIPEI, Formosa (AP)—The United States has supplied 48 million dollars toward retirement programs for 70,000 Chinese Nationalist soldiers.

President Chiang Kai-shek's elder son, Lt. Gen. Chiang Ching-kuo, reported this today in describing the three-year program which he heads.

Veterans have been set up on eight cooperative farms, four of which are now self-supporting, young Chiang said. Other retirement projects include two profitable factories for furniture, handicrafts and other products; construction of an east-west highway now 80 per cent completed; and 20-year logging project to begin next June.

A pair of nylon stockings, with its 5,437 yards of yarn and 2,000,000 loops, uses about 12 cents' worth of raw nylon.

The several Kenya gems included in the display now being shown at Cranbrook Institute of Science are attracting attention in the area.

Described as "more brilliant than diamonds," they include the largest cut synthetic rutile, a 53-carat stone, said to outshine the famed Hope diamond, the institute reports.

Products of the Kenya Gems Corporation of Philadelphia, Pa., the display has been loaned to Cranbrook by the Chicago National History Museum. It will remain there through Jan. 22.

James L. Pratt, a student at Yale Divinity School, New Haven, Conn., will preach the 11 a.m. service tomorrow at the First Baptist Church.

A member of the church, he is the son of Mr. and Mrs. Homer Pratt, 16162 Wetherby Rd.

At the Lutheran Church of the Redeemer, a special 4 p.m. communion service will be held tomorrow for college students and their parents. The Rev. Theodore Wugazer will speak on "Christmas Tears."

## Youth Stabbed Leaving Dance

POLICE FORCE WAY PAST 1,500 TEENAGERS AT DICK CLARK HOP

POTTSTOWN, Pa. (AP)—A 20-year-old boy was stabbed Friday night in a fight with another youth as the pair were leaving Dick Clark's Teenage Record Hop at Sunnysbrook Ballroom.

Township and special police made their way through a milling crowd of some 1,500 teen-agers in the parking lot outside the dance hall to reach the victim, Robert Neiffer.

He was taken to Pottstown Memorial Hospital where surgeons performed a two-hour operation to repair the wound in the left side of his abdomen. A hospital spokesman said the Pottstown youth had lost a great quantity of blood but, barring complications, was expected to live. He also suffered a minor facial cut.

Lower Pottsgrove Township Police Chief Harry Chrusch said a second youth, Maynard Feno, 20, of Reading, in adjoining Berks County, had signed a statement admitting the stabbing. He was charged with aggravated assault and battery and assault with a deadly weapon, pending further investigation.

Chrusch said there had been rumors of trouble between a group of boys from Pottstown and others from Reading.

Chrusch said he understood Clark, a nationally known TV personality, already had left the ballroom when the fight broke out shortly before midnight and likely was not aware it had occurred.

## Royal Talk Found Lying in the Gutter

KING'S LYNN, England (AP)—On Queen Elizabeth, bartender John Harvey and a handful of others knew what the Queen was going to talk about in her Christmas Day speech to the Commonwealth.

Harvey knew five hours before the radio-television broadcast. He picked his copy of the speech out of a gutter.

Harvey, 20, spotted a fat leather briefcase lying in a gutter. He picked it up, looked inside, pulled out a sheaf of papers, and started reading.

"The Queen's speech," he told the police, who rushed it by patrol car to Sandringham, the country home 11 miles distant where the Queen and the royal family were spending Christmas.

The Queen was to make her broadcast from there. The notes Harvey found were the television script. British Broadcasting Corp. producer Anthony Craxton had lost them.

Harvey, credited with having saved the broadcast from confusion, delay and possibly a monarch's wrath, was offered a reward of five shillings (70 cents). "I said Harvey: It's not worth collecting,"

## Ypsilanti Smoke Due to Fire in Gas Tank

YPSILANTI (AP)—A fire in an abandoned gas storage tank sent towering clouds of black smoke over Ypsilanti yesterday.

Firemen said the blaze apparently was ignited by an acetylene torch used by workers dismantling the tank. No one was reported injured.

The tank was located at an old gas plant no longer in operation. Authorities said there was no estimate of damages since the tank was being torn down anyway.

## Deaths in Pontiac and Nearby Areas

## CONLEY DAY JR.

Prayers will be offered at 3 p.m. Monday in the Hulton Funeral Home for Conley Day Jr., one-day-old son of Mr. and Mrs. Conley Day of 454 Oakland Ave. Burial will be in Perry Mt. Park Cemetery.

The baby was born Wednesday and died Thursday in St. Joseph Mercy Hospital.

## MISS PANSIE DOLLERY

Miss Pansie Dollery, 77, of 178 N. Perry St., died in Pontiac General Hospital this morning. Her body is at the Brace-Smith Funeral Home.

## MRS. WERNER HOHLSTEIN

Mrs. Werner (Elfreida) Hohlstein of 101 Auburn Ave., died this morning at her home. Her body is at the Donelson-Johns Funeral Home.

## MRS. KARL J. KRECKE

Service for Mrs. Karl J. (Grace) Krecke, 68, of Sarasota, Fla., who died unexpectedly Thursday at the home of her daughter, Mrs. Carol G. Watson of 1875 Warwick Ave., Sylvan Lake, will be held at 1:30 p.m. Monday in the Farmer-Snoeven Funeral Home. Burial will be in Forest Lawn Cemetery, Detroit.

## Deaths Elsewhere

**SOUTH PASADENA Calif. (AP)**—Thomas F. Ford, 85, a Democrat who served in Congress from the 14th California District from 1932-1944, died Friday. For 10 years, he also was literary editor of the Los Angeles Times.

**INGLEWOOD, Calif. (AP)**—John J. Sullivan, 93, editor and publisher of the Graettinger (Iowa) Times for more than five decades, died Thursday. Sullivan retired from the publication in 1952.

**NEW ORLEANS (AP)**—Walter Miguel, 49, king of the Miguel Gypsy tribe for more than 20 years, died Thursday night of a kidney ailment.

**LITTLE ROCK, Ark. (AP)**—Rufus Charles Childress, 91, a leading Negro educator in Arkansas and first graduate of Philander Smith College here in 1888, died Friday.

**OBERLIN, Ohio (AP)**—Dr. Whitelaw Reid Morrison, 72, professor of anatomy at Oberlin College for 30 years, died of a heart ailment Friday at Allen Hospital.

**OCEANSIDE, N.Y. (AP)**—Rudolph A. Langer, 63, president of the "The American Metal Market," a trade newspaper, died Wednesday in South Nassau County Hospital.

**TOPEKA, Kan. (AP)**—Robert J. Laubengayer, 74, president of radio station KSAL and former publisher of the Salina (Kan.) Journal, died Friday night of a heart attack.

**NEW YORK (AP)**—Eva Gauthier, 73, mezzo-soprano died Friday in University Hospital after a long illness.

**MADRID (AP)**—Gen. Rafael Rodriguez de Rivera, 86, a well-known Spanish soldier, died Friday.

**MANTON (AP)**—John Muche, 72, Manton and Cadillac businessman, died Friday at his home here after a long illness.

## JOEL R. McCARTY

Joel R. McCarty of 2205 Wolcott St., Flint, formerly of Pontiac, died yesterday after a long illness. He was 89.

A retired employee of Pontiac Motor Division, Mr. McCarty leaves a daughter, Mrs. Raymond Lambert of Flint; five sons, Russell of Pontiac, Leo of Lansing, Byron of Tucson, Ariz., Beverly of Flint and Glenn Medler of Milwaukee, Wis.; 10 grandchildren; and seven great-grandchildren.

Service will be held at 1:30 p.m. Monday from the Voorhees-Siple Chapel with burial in White Lake Cemetery.

## MRS. MILLIE E. MORRIS

Mrs. Millie E. Morris, 84, of 87 N. Edith St., died yesterday in St. Joseph Mercy Hospital after an illness of two weeks.

Surviving are a son, John Buser of Springfield, Mo.; six daughters, Mrs. Clark Halstead of Pontiac, Mrs. Maude Scott of Kansas City, Mo., Mrs. Sadie Gould of Little Rock, Ark., Mrs. Cora Reeves of Cleveland, Ohio, Mrs. Snowda Walker of Hardy, Ark., and Mrs. Thelma McGranhan of Springfield, Mo.; 15 grandchildren; 26 great-grandchildren; and a sister.

Mrs. Morris' body was taken from the Voorhees-Siple Funeral Home to the Higginbotham Funeral Home in Walnut Ridge, Ark., for service and burial Monday.

## MRS. TENNESSEE YANCY

Mrs. Tennessee Yancy, 91, of 91 Blain St., died yesterday after an illness of three weeks.

Surviving are four daughters, Mrs. Delia Coney with whom she made her home, Mrs. Pearl DeFord of Fisk, Mo., Mrs. Anne Burton of Waxachie, Tex., and Mrs. Lucy Smith of Nashville, Tenn.

Mrs. Yancy's body will be taken from the Hulton Funeral Home this evening to the White Funeral Home in Fisk for service and burial.

## GEORGE R. ALTSMAN

MILFORD — Service for George Robert Altman, 16, of 498 Martindale St., will be held at 1:30 p.m. Monday at the Richardson-Bird Funeral Home. Burial will be in Milford Memorial Cemetery.

The boy, the son of Earl F. Altman of Ann Arbor and Mrs. Ruth Grunder of Harrisburg, Penn., was dead on arrival at Ann Arbor Hospital Friday. He had been ill three years.

He attended Milford Junior High School.

Surviving besides his parents are his grandparents, Mr. and Mrs. Louis Campbell with whom he lived in Milford; a grandmother, Mrs. Mary Weiss of Beaver Falls, Pa.; and a brother, John Earl Altman of Milford.

## GEORGE BARNEY

ORCHARD LAKE — Service for George Barney, 73, of 3400 Fieldview St., will be held at 10 a.m. Monday at Our Lady of Refuge Church. Burial will be in Holy Sepulchre Cemetery.

The Rosary will be recited at 8 p.m. Sunday at the C. J. Godhardt Funeral Home, Keego Harbor.

Mr. Barney died Friday at his home following a 3½ year illness.

## MRS. FRANK GOTTSCHALK

LEONARD — Service for Mrs. Frank (Mattie) Gottschalk, 75, of 5855 N. Rochester Rd., will be held at 2 p.m. Monday at the Leonard Methodist Church. Burial will be in Lakeville Cemetery.

The body will be at the Rochester road home until time of funeral and arrangements are being made by the Muir Brothers Funeral Home of Almont.

Mrs. Gottschalk died Christmas morning at her home following a several day illness.

She was a member of the Leonard Women's Club, Lakeville Cemetery Auxiliary and Dryden Center Cemetery Association. She was a lifelong resident of Leonard.

Surviving are a daughter, Mrs. Julian Blum of Leonard and a grandson.

## MRS. HAROLD LIND

LAKE ORION — Service for Mrs. Harold (Ella) Lind, 49, of 45 E. Jackson St., will be held at 11 a.m. Tuesday at Allen's Funeral Home. Burial will be in East Lawn Cemetery.

Mrs. Lind died early this morning at Pontiac General Hospital following several years illness.

She was a member of the Sioux City Iowa Methodist Church. Surviving are her husband, Harold E. and a daughter, Laura J., at home.

## MRS. ARTHUR MAJOR

MILFORD—Service for Mrs. Arthur (Maggie May) Major, 80 of 216 Clinton St., will be held at 2 p.m. Sunday at the Richardson-Bird Funeral Home. Burial will be in Highland Cemetery.

Mrs. Major died Friday at her home following a seven-year illness.

She was a life long county resident and member of the Milford Methodist Church and the Milford Rebekah Lodge 511.

Surviving are her husband, Arthur; two sons, Herbert and Milton, both of Milford; two daughters, Mrs. James Roberts of Milford and Mrs. Gordon Calkins, both of Milford; two sisters, Mrs. George Buell of Howell and Mrs. Charles Ward of Howell; and seven grandchildren.

## Car Cannon No Grounds for an Arrest

OCALA, Fla. (AP) — Authorities searched the lawbooks and then released two men who had a 20-m.m. cannon in their car.

The only charge was reckless driving against Manuel Zamudio, a naturalized citizen who came from Lima, Peru. He posted \$35 bond. A vagrancy count against his companion, Francisco Serra, a Cuban in this country on a legal permit, was dismissed.

Officers questioned the pair after their car made a U-turn under a red light early Friday. The small cannon and 100 rounds of ammunition were found in the trunk of the car.

Investigators said the men claimed they never saw the cannon and ammunition until officers opened the trunk.

## Man Discovers Cat Gums Up Works of Car

JACKSONVILLE, Ill. (AP)—Joy Ryan started his car today just like any other day. But the engine didn't purr, it howled.

He flipped open the hood and a mangled cat staggered out, cut up but still on its feet.

The fan of the car was bent and the radiator punctured.

The car had to be hauled away.

## Pope Consecrates 8

VATICAN CITY (AP) — Pope John XXIII today consecrated eight bishops, including Vatican Secretary of State Domenico Cardinal Tardini.

## On a Different Mission Now

Led Japan's Air Attack on Pearl Harbor in '41; Today Promotes Peace

KASHIWARA, Japan (UPI) — A former Japanese Navy captain who led the air attack team on Pearl Harbor in 1941 leaves Japan early next month on a new mission—a round-the-world flying trip for peace.

Mitsuo Fuchida, 55, expressed enthusiasm and confidence as he told of his coming tour.

He leaves Japan by air for Denver, Colo., Jan. 12 to meet Elmer E. Sachs, founder and president of the Sky Pilots of America, an international non-denominational religious organization.

Fuchida, who read the Bible eight years ago and has since become a devoted Christian and church worker, will join Sachs and others of the Sky Pilot Organization in promoting peace and letting youths interested in flying "hear the voice of God."

## Dairy Farmers Advised to Improve Forage

EAST LANSING (AP) — Dairy farmers faced with slumping net incomes have been advised to improve forage practices and revise crop rotations.

The advice comes from Roy Hogg, Michigan State University farm economist.

He says higher yields of better quality forage more than offset the cost of changing from average to improve forage practices.

## Goldfine Loses New Trial Bid

BOSTON (AP) — New England industrialist Bernard Goldfine, under a three-month jail sentence for contempt of court, has lost his bid for a new trial.

Goldfine is scheduled to begin serving the sentence Jan. 7, but U.S. District Court Judge Charles E. Wyzanski Jr. admitted him to bail Friday pending his appeal to the U.S. Court of Appeals.

Being admitted to bail, court attaches said, means Goldfine will be free until the case is heard by the appeals court, probably not until much later than Jan. 7.

Goldfine's secretary, Miss Mildred Papernan, under a 10-day sentence for contempt of court, also was admitted to bail pending action on her appeal.

Both were convicted last Monday of criminal contempt after U.S. internal revenue agents charged the pair failed to turn over records of Goldfine textile mills for study.

Judge Wyzanski also denied motions for acquittal and for reduction of the sentences of Goldfine and his secretary.

Goldfine faces trial in Washington March 16 on a contempt of Congress charge for failure to answer some questions about his financial affairs before a congressional subcommittee last summer.

The Washington hearings brought out testimony that Goldfine and Sherman Adams, former assistant to President Eisenhower, had exchanged gifts, Adams, who

## 13 Vessels Remain Trapped in Harbor

MONTREAL (AP) — The prospect of celebrating New Year's in Montreal faces about 500 seamen from 13 ocean vessels, trapped in the harbor by jumbled ice.

Two ice-breakers, the N. B. McLean and the Ernest LaPointe, continued today to chip away at the blockade. A third, the D'Iberville, was reported working along the St. Lawrence River toward Montreal from Lake St. Peter, 30 miles downstream.

Agents for the trapped ships were hoping that two more breakers, the Montcalm and the Labrador, would soon join the effort to clear a path for the overseas freighters to the St. Lawrence Gulf and the open Atlantic.

## Probe Death of GI Found Near Tracks

BAKER, Mont. (AP)—Officers today continued an investigation into the mysterious death of Pfc. Donald G. Martin, 20, of Base Line, Mich., whose body was found 150 feet from railroad tracks Monday.

Coroner Lee Stevenson said Martin apparently had been on a speeding Milwaukee Railroad train bound for Chicago from Seattle. His duffle bag and cap were found on the train. Martin was en route home for the holidays from Korea.

Stevenson at first had been quoted as saying it was known that the top half of a vestibule door was open.

Stevenson explained today, however, he had said merely that probably was the only chance the man could have left the train.

## 'Green Christmas' Profit Being Sent to Charity

LOS ANGELES (UPI) — Stan Freberg presented the Hemophilia Foundation of Southern California with a \$1,000 check yesterday taken from proceeds on his record "Green Christmas."

Freberg said earlier all proceeds from the record, which satirizes the commercial aspect of Christmas, would go to charity.

## Family Approves Living in Experimental House

WASHINGTON — What is it like to live in a "million dollar" experimental house?

"Just fine," reports Mrs. Betty Verdier, the housewife who has given it a family-wear test for 10 months. Mrs. Verdier still marvels at how much storage space she has, how easy it is to keep the house clean and how readily she can put her hands on exactly what she wants in her kitchen cabinets.

Mrs. Verdier, her husband, Quentin, and their three children moved into the one-story redwood house in Kensington, Md., near Washington, last March. The house was built by the National Association of Home Builders and 23 cooperating manufacturers to test new materials and equipment. The first of research houses sponsored by the NAHB, it is part of an overall project to find ways to build better houses for less money.

The Verdiere bought the house under an agreement permitting manufacturers whose materials are being tested, to make regular inspections. The house is known as a "million dollar" experiment because it is estimated the materials and equipment in it cost at least that much to develop. Eventually it is expected many of the products will be placed in quantity production.

Mrs. Verdier has little concern for the technical construction features of the house. Her husband, a government personnel officer, is the family authority. What interests her, naturally, is whether the innovations make housekeeping easier.

**PLASTIC WALLS**  
Her work is simplified immensely by such things as an experimental plastic coating on the walls.

**DAWSON & WATSON**  
R. J. Dawson Hugh A. Watson  
1114 N. Saginaw St. Pontiac  
Phone FE 2-5420

A whisk of a damp cloth is all that is needed to make them clean. With children aged three, six and eight, she appreciates the finish, which she said is almost "child-proof."

Mrs. Verdier enjoys the adjustable shelves, desks and cabinets throughout the three-bedroom house. The desk of Quentin Jr., can be raised as he grows in height. The two girls have the same kind of adjustable desk-dressing table in their bedroom.

The closets along one entire side in each bedroom, have louvered floor-to-ceiling doors which are not only decorative but make getting things in and out easy.

Mrs. Verdier is especially enthusiastic over a shallow shelf for canned goods and other supplies which runs the length of her kitchen between more conventional wall cabinets and her "assembly line" working counter.

A decorative plastic is used throughout a good part of the house. A panel of it near the front door gives the effect of an entranceway. The plastic is used also to enclose shelves for dishes over the table that divides the kitchen and family room.

No steps are required to set the table since the dishes are stored directly over it. The dish cabinet currently is hung rather low so that eight-year-old Margaret can put away the cups, saucers, and plates after they have gone through the near-by dishwasher under a kitchen counter.

A refrigerator and freezer recessed in a kitchen wall is another arrangement getting an A-plus from Mrs. Verdier. A dual wall oven, with a separate "drawer" for pies, cakes and cookies, rates high. The curved range fits into a corner to complete an unbroken line of work space.

Mrs. Verdier considers the house ideal for a family with small children and she hopes that soon more families will be getting the benefits of the "pioneer" materials and equipment to which she is giving a trial run.

## Problem Differs Only in Timing

In days of old, when knights were bold, milady had some real cleaning problems.

There was absolutely nothing like a rusty suit of armor to mess up a tidy castle.

However, history shows us that most medieval castles were largely made of stone, and so it wasn't too difficult to clean up after Sir Knight even after a hard day jousting with dragons.

While today's lady of the castle doesn't have a husband kicking around in an iron suit, she still has the same problems, and without the benefit of stone walls and floors.

Today's homemaker lacks the problem of her "knights" who now joust with a muddy football field or a weekend in the garden, by providing a cleanup area that can double as a utility room or laundry room in the basement.

Here's a tip for keeping the

cleanup room sparkling: If the room has a ceramic tile floor, be sure to install a floor drain for easy cleaning.

The modern homemaker's answer to her knight's tracking up the house actually antedates that of the lady of the castle, since ceramic tile has been known to civilization for some 7,000 years.

## Tell of Cleaner for Drainpipes

A new and revolutionary "bacterial" drainpipe cleaner—the first of its kind on the market that has been especially formulated for septic tank and cesspool owners—was announced today by Larry Davis, general manager of the FX-Lab Company of Livingston, N.J.

Marketed under the trade name of Formula FX-5 "Bacterial" Drainpipe Cleaner, this new product consists of protein, sugar-starch and fat-consuming bacteria plus environmental "aids" which pre-condition the drainpipe to provide maximum working conditions for the bacteria.

Formula FX-5 is non-caustic and absolutely safe to handle. It is applied simply by mixing a teaspoonful in a cup of cold water and pouring into the drain. It solves the problem of drainpipe clogging for the septic tank and cesspool owner because the action of the fat-consuming bacteria changes the fats and greases to soluble harmless liquids and does not permit them to revert back to their original form, to cause stoppage in another part of the drainage system.

Although FX-5 "Bacterial" Drainpipe Cleaner was especially formulated to provide an effective cleaner that would not disturb the bacterial action in septic tanks and cesspools, and to avoid damage to the systems themselves, it can also be used safely and effectively in homes connected to city sewage systems.

Because the problem is an ever-continuing one in the kitchen, bathtub and shower, wash basin and washtub drains, the manufacturer recommends that each "trouble spot" be treated monthly to avoid drainpipe clogging.

## One Bedroom House Has Appeal for Many Buyers

CHICAGO (UPI) — The demand for new homes is so widespread here that a builder offered one-bedroom homes for sale at \$20,000.

They were snapped up as quickly as they were completed, he said. Irvin A. Bliez, who has developed residential areas along Chicago's fashionable North Shore for more than 30 years, believes his one-bedroom homes are the only housing of their type in the country.

The market is limited but constant, he said, and every community in the country could use such homes.

Bliez's row of flat-roofed, one-bedroom houses are located in suburban Evanston, near public transportation and close to shopping areas. Each dwelling was on a lot 25 feet wide and 118 feet deep. The homes are 19 feet wide and 34 feet long, with a patio in the rear and with a front yard.

The builder believes the homes are ideally suited for their owners — mostly widows and widowers, bachelors, career women, and elderly couples.

Thin-set mortars currently in use for the installation of ceramic tile have a bonding strength of up to 300 pounds per square inch.

The single bedroom, 12-by-13 feet, has a closet across the width of the room and opens on to a small bathroom. A hallway along the side of the house leads to an L-shaped living room, with a thermopane sliding window wall opening onto a miniature back yard.

Louvered doors open on a table-high counter separating the living room from the rectangular kitchen.

### NOT SOLD CHEAPLY

Bliez said the houses are not expensive. Most often they are bought by persons who have sold

larger, hard-to-maintain homes but who do not want to live in apartments. For persons who can afford a down payment of about \$5,000, the monthly payments would amount to approximately \$70 to \$75.

"Widows have about 80 per cent of the wealth of the country, and they still want to live well after they sell their big homes," he said.

Bliez estimated that a \$30,000 home in this area could be duplicated for \$18,000 at San Antonio, Tex., and said that even around New York and Cleveland, Ohio — once considered expensive — homes are not so high.

But the workmanship is superior, he said, even in the lowest priced homes, and owners have been forced to sell at a loss.

## Colored Stains Change Floors

Here's news for the homemaker who wants something different in the way of room decoration: now you can have hardwood floors in colors to blend or contrast with your home furnishings.

Because of the continued trend to the exposure of hardwood floors, paint manufacturers have developed new stains which permit the wood to be colored as desired without hiding the natural beauty of the wood grain.

One leading manufacturer has brought out a line of penetrating

sealer stains intended specifically for use on hardwood floors. The stains are available in twelve colors, including various shades of blue, green, red and brown. The stains can be mixed, if desired, thus making possible, if desired, limitless range of color effects.

Wood stains of this type are applied only to bare wood. Surfaces previously finished must be stripped by sanding or with a finish remover. When intended for use on open grained wood, such as oak, the stain is mixed with a paste wood filler before use.

After the stain has been brushed on, it is allowed to set for ten to 12 minutes. The excess then is wiped off with a soft cloth. Drying time is about six hours. A coat of clear sealer is applied before the

final finish, which may be varnish, shellac or any other commonly used product.

For the many who prefer oak floors in their own natural colors, the same type of stain is available in two oak tones — dark and light.

## Try Toothpaste

Stubborn spots on window glass can be removed with a small amount of toothpaste. Dab the toothpaste on the spot and rub gently with a soft cloth.

## To Charge Man in Baby's Death

Christmas Eve Sitter Faces Second Degree Murder Count

CADILLAC (U)—A 20-year-old construction worker faces arraignment today in Municipal Court on a charge of second degree murder in the death of a baby he was mindlessly watching while the mother was shopping.

## Rebels at Army Near San

Batista Forces All-Out Offensive in Central Region

By WILLIAM L. RYAN after

HAVANA (U)—A climactic two-year-old war appeared to be drawing near today. Fidel Castro's rebels smashed at government forces in Eastern Cuba, and President Fulgencio Batista's army waged a fierce offensive against insurgents in the central part of the island.

In Oriente province, at the eastern end of the island, the rebel radio said four of Castro's columns were marching toward Oriente's capital, Santiago de Cuba, after hitting army forces elsewhere in the province.

The rebels said their goal was to set up an insurgent government in Oriente shortly.

In the central province of Las Villas, Batista's forces apparently had started a large-scale offensive to counter a string of rebel victories which threatened the provincial capital of Santa Clara. The government was sending in heavy artillery, tanks and bombers.

The two are Specialist J.C. Gerald Geller, 22, of Brooklyn, N. Y., and Pvt. Gerald L. Konczak, 22, of Detroit, Mich.

The verdict said they broke into a business catering to U. S. Army officers last Jan. 22, slugged and injured a Japanese employee and stole money valued at \$374.

NOTICE OF ANNUAL MEETING

## New Car Sales Continue to Rise

Dec. 11-20 Period Tops for Time of Month in Spite of Weather

DETROIT (U)—New car sales for the Dec. 11-20 period were the highest for that time of month in a year, Ward's Automotive Reports said today.

The statistical service said new car dealers retailed 161,940 units for a 17,900 daily average that climbed 4.9 per cent over Dec. 1-10. At that time a 17,134 daily rate netted 154,318 sales.

Ward's described the 4.9 per cent rise as surprising, coming as it did in the face of freezing weather and deep snow plus strikes which killed 80,000 UAW workers around the country.

Despite such factors, Ward's said, Dec. 1-20 auto buying is 24.5 per cent above the same period last month, with entire December sales certain to surpass November by nearly 100,000 units.

Ward's said small car sales are highlighting year-end auto retailing with a total of nearly 70,000 sales targeted for 14 per cent of December purchasing.

The one-month total includes 40,000 import units and 30,000 by American Motors Corp. and Packard Corp. The latter two companies are chewing off 6.6 per cent of December purchases. Domestic-built cars compared 2.5 per cent at this time last year.

reporting service said that 161,940 new cars buying a year ago during the same period, but added that the pace of the hectic Ford 1957 sales leadership battle at this time prevents an accumulation with December of this year.

## Little News in Brief

Barber Shop, 481 San Antonio, was burglarized, it was reported to Pontiac police yesterday. The Police said the stolen items included a cash register, a safe, a typewriter, a radio, a television set, a sewing machine, a vacuum cleaner, a refrigerator, a stove, a washing machine, a dryer, a heater, a furnace, a boiler, a water heater, a hot water tank, a gas furnace, a gas boiler, a gas water heater, a gas hot water tank, a gas furnace, a gas boiler, a gas water heater, a gas hot water tank.

Wilson School was broken into but nothing was taken, it was reported to Pontiac police yesterday.

The postponement is necessary in the face of a recent ruling by the state attorney general. He ruled that no special township election can be held within 60 days of the state primary on Feb. 16, at which nominees for circuit judgeships will be chosen.

In the same ruling the attorney general held that the franchise election could take place the same day as the primary.

Utility Requests Election Reschedule  
Consumers Power Company said today that it will seek approval of the Independence Township Board to reschedule an election on its franchise in the township for Feb. 16.

The Township Board recently set the election for an earlier date.

The postponement is necessary in the face of a recent ruling by the state attorney general. He ruled that no special township election can be held within 60 days of the state primary on Feb. 16, at which nominees for circuit judgeships will be chosen.

In the same ruling the attorney general held that the franchise election could take place the same day as the primary.

Waiter's Fiscal Adviser Given Retailing Award  
Paul M. Mazur, fiscal counsel of Allied Stores Corp. which includes Waiter's Department Store, 70 N. Saginaw St., has been selected the 1958 winner of the Tobe Award, the Oscar of retailing.

Mazur is a senior partner of Lehman Brothers, investment bankers and an authority in the field of economics, retailing and agriculture.

He will receive the award in New York City Jan. 14 at the annual "Boss' Dinner" for leaders in merchandising, government and communications.

About 12,000,000 power lawn mowers are in use in the United States.

## One Bedroom House Has Appeal for Many Buyers

CHICAGO (UPI) — The demand for new homes is so widespread here that a builder offered one-bedroom homes for sale at \$20,000.

They were snapped up as quickly as they were completed, he said.

Irvin A. Blietz, who has developed residential areas along Chicago's fashionable North Shore for more than 30 years, believes his one-bedroom homes are the only housing of their type in the country.

The market is limited but constant, he said, and every community in the country could use such homes.

Blietz's row of flat-roofed, one-bedroom houses are located in suburban Evanston, near public transportation and close to shopping areas. Each dwelling was on a lot 25 feet wide and 118 feet built on a lot 25 feet wide and 118 feet deep. The homes are 19 feet wide and 34 feet long, with a patio in the rear and with a front yard.

The builder believes the homes are ideally suited for their owners — mostly widows and widowers, bachelors, career women, and elderly couples.

The single bedroom, 12-by-13 feet, has a closet across the width of the room and opens on to a small bathroom. A hallway along the side of the house leads to an L-shaped living room, with a thermopaneled sliding window wall opening onto a miniature back yard.

Louvered doors open on a table-high counter separating the living room from the rectangular kitchen.

### NOT SOLD CHEAPLY

Blietz said the houses are not inexpensive. Most often they are bought by persons who have sold

larger, hard-to-maintain homes but who do not want to live in apartments. For persons who can afford a down payment of about \$5,000, the monthly payments would amount to approximately \$70 to \$75.

"Widows have about 50 per cent of the wealth of the country, and they still want to live well after they sell their big homes," he said.

Blietz estimated that a \$30,000 home in this area could be duplicated for \$18,000 at San Antonio, Tex., and said that even around New York and Cleveland, Ohio — once considered expensive — homes are not so high.

But the workmanship is superior, he said, even in the lowest priced homes, and owners have been forced to sell at a loss.

## Colored Stains Change Floors

Here's news for the homemaker who wants something different in the way of room decoration: now you can have hardwood floors in colors to blend or contrast with your home furnishings.

Because of the continued trend to the exposure of hardwood floors, paint manufacturers have developed new stains which permit the wood to be colored as desired without hiding the natural beauty of the wood grain.

One leading manufacturer has brought out a line of penetrating

sealer stains intended specifically for use on hardwood floors. The stains are available in twelve colors, including various shades of blue, green, red and brown. The stains can be mixed, if desired, thus making possible, if desired, limitless range of color effects.

Wood stains of this type are applied only to bare wood. Surfaces previously finished must be stripped by sanding or with a finish remover. When intended for use on open grained wood, such as oak, the stain is mixed with a paste wood filler before use.

After the stain has been brushed on, it is allowed to set for ten to 12 minutes. The excess then is wiped off with a soft cloth. Drying time is about six hours. A coat of clear sealer is applied before the

final finish, which may be varnish, shellac or any other commonly used product.

For the many who prefer oak floors in their own natural colors, the same type of stain is available in two oak tones—dark and light.

### Try Toothpaste

Stubborn spots on window glass can be removed with a small amount of toothpaste. Dab the toothpaste on the spot and rub gently with a soft cloth.

## Store Kindling in Garbage Can

Many home handymen have found that they can keep their workshop neat and accumulate a supply of fireplace kindling wood at the same time by collecting leftover pieces of wood in a galvanized garbage can at the end of the workbench. The scraps can be brushed into the can quickly and easily after each operation.

In addition to collecting a good supply of wood for the fireplace, this practice eliminates a serious home fire hazard. Sparks from tools or a cigarette can't ignite the wood scraps if they are kept in a covered, fire-proof container. Even if spontaneous combustion should occur in the scraps and shavings, the fire would be confined to the inside of the covered can and would quickly die for lack of oxygen. The cover, therefore, should be kept on the can at all times.

A small garbage pail is adequate for a seldom-used workshop. If the workshop is used quite often, a standard garbage can may be used. The smaller can is equipped with a carrying handle on the top, while the larger can has handles on the side for carrying purposes. Both have close-fitting covers.

## Raised Rack Protects Your Garbage Can

One of the easiest ways for homeowners to protect their garbage cans during the winter is to build a sturdy rack for the cans. The garbage can lids, which sometimes are lost in the snow or blown away may be attached to the rack with light chains.

City sanitation officials, who state that galvanized steel cans are the only approved container for garbage and refuse, note that the lids must be in place at all times for adequate protection against rats and stray animals.

The rack may be made from lumber or pipe, and should be at least 18 inches off the ground to keep the cans away from dogs and rodents. It should be large enough to accommodate at least three standard cans.

Handy racks also simplify collection methods because the garbage cans are in a central location and easy to maneuver. An extra can for ashes or sand can be stored on the rack during the winter.

## Play in Table Saw Can Be Dangerous

When a rip fence on a table saw has some play in it, there is more to it than the failure to get an accurate cut. If it moves at all while a piece of wood is being cut, there is always the danger that the wood will get pinched between the fence and the saw blade, with possible injury to you. Do not use the fence again in that condition. Check the back end of the fence, the part farthest away from you when you are making a cut. See if there isn't a tiny knob up under the metal housing. If there is, a slight turn of this knob may be sufficient adjustment to keep the fence in place.

If this does not work, you have no choice but to take the fence back to where you bought the table saw (1) in hope that it can be fixed or (2) to buy a new one of the same size.

### Tile Pleases Mother

Merely mention the word winter and the woman of the house will recall with a shudder the vast quantities of mud and debris tracked into the living room by family members and guests arriving during rainy or snowy weather. A few square feet of ceramic or quarry tile on the floor of the foyer or the entrance to the kitchen will reinforce mother in her winter-long fight against invasions of mud, because these materials are as easy to clean as they are to look at.

## To Charge Man in Baby's Death

Christmas Eve Sitter Faces Second Degree Murder Count

CADILLAC (U)—A 20-year-old construction worker faces arraignment today in Municipal Court on a charge of second degree murder in the death of a baby he was minding while the mother was Christmas shopping.

Wexford County Prosecutor James C. Herrington obtained the warrant against David R. Wilson of Cadillac yesterday. Herrington said Wilson would be arraigned today or Monday.

An autopsy showed the baby, John Lennon, 18-months, died of a brain hemorrhage shortly after admission to a hospital early Christmas morning.

Herrington said Wilson told of hitting the child because he was tired of hearing it cry.

When the mother, Mrs. Joan Lennon, 18, returned from shopping Christmas Eve she noticed the child breathing heavily. She and Wilson took it to Mercy Hospital where the infant died shortly after midnight.

## Fire Levels Barn on Dryden Farm

DRYDEN TOWNSHIP — Fire leveled a barn yesterday afternoon at 3716 Howell Corners Rd., the Lapeer County Sheriff's Department reported today.

Carl Panduren, who rents the farm and was away at the time, discovered the blaze when he returned.

The fire consumed a large quantity of hay and straw, plus a tractor, a new baler and a grain drill. No estimate of loss was immediately available.

The Metamora Fire Department fought the blaze on the property which is owned by Surge Danlof of Grosse Pointe.

## 2 Gls Found Guilty by Yokohama Court

YOKOHAMA, Japan (U)—Two American soldiers were convicted of burglary yesterday by the Yokohama District Court. They were sentenced to five years' imprisonment each.

The two are Specialist 3 C. Gerald Geller, 22, of Brooklyn, N. Y., and Pvt. Gerald L. Konczak, 22, of Detroit, Mich.

The verdict said they broke into a business catering to U. S. Army officers last Jan. 22, slugged and injured a Japanese employee and stole money valued at \$374.

NOTICE OF ANNUAL MEETING  
The annual meeting of The Monitor Mutual Insurance Company of Michigan, authorized to write insurance in the State of Michigan, will be held at the Auditorium of the Roosevelt Hotel, located at 115 North Ferry St., Pontiac, Michigan, on January 1, 1959, at 2:00 p. m.

Also take notice that Section 5 of the By-Laws of our policy reads as follows: No person shall be nominated or elected to any office unless he shall have filed notice of his desire to be elected to that office with the Secretary of the Company at least ten days before the Annual Meeting.

Signed: HARRY GARLING, Secretary  
THE MONITOR MUTUAL INSURANCE CO. OF MICHIGAN  
805 Commercial National Bank Building, Pontiac 14, Michigan  
Dec. 27, '58, Jan. 3, '59

TAKE NOTICE THAT ON JANUARY 8, 1959, a public meeting of the White Lake Township Zoning Board will be held at the Township Hall at 8:00 a. m. Any person or persons or their duly appointed representative having interest in the Township will be heard relative to any matters that should properly come before the Zoning Board.

CHARLES R. HARRIS, Secretary  
White Lake Township Zoning Board  
Dec. 27, '58

## New Car Sales Continue to Rise

Dec. 11-20 Period Tops for Time of Month in Spite of Weather

DETROIT (U)—New car sales for the Dec. 11-20 period were the highest for that time of month in a year, Ward's Automotive Reports said today.

The statistical service said new car dealers retailed 161,840 units for a 17,900 daily average that climbed 4.9 per cent over Dec. 1-10. At that time a 17,134 daily rate netted 154,315 sales.

Ward's described the 4.9 per cent rise as surprising, coming as it did in the face of freezing weather and deep snow plus strikes which killed 80,000 UAW workers around the country.

Despite such factors, Ward's said, Dec. 1-20 auto buying is 24.5 per cent above the same period last month, with entire December sales certain to surpass November by nearly 100,000 units.

Ward's said small car sales are highlighting year-end auto retailing with a total of nearly 70,000 sales targeted for 14 per cent of December purchasing.

The one-month total includes 4,000 import units and 30,000 by American Motors Corp. and Studebaker Corp. The latter two companies are chewing off 6.6 per cent of December purchases of domestic-built cars compared with 2.5 per cent at this time last year.

The reporting service said that Dec. 11-20 new car buying a year ago jumped 9.1 per cent over the Dec. 1-10 period, but added that the close out of the hectic Ford-Chevrolet 1957 sales leadership battle at that time prevents an accurate comparison with December marketing this year.

## News in Brief

"Our Barber Shop," 481 Sanford St., was burglarized, it was reported to Pontiac police yesterday. Three straight razors valued at \$20 were stolen.

Burglars made an unsuccessful attempt to break into Spadafora's Market, 197 Oakland Ave., it was reported to Pontiac police yesterday.

Wilson School was broken into but nothing was taken, it was reported to Pontiac police yesterday.

The postponement is necessary in the face of a recent ruling by the state attorney general. He ruled that no special town election can be held within 60 days of the state primary on Feb. 16, at which nominees for circuit judgeships will be chosen.

In the same ruling the attorney general held that the franchise election could take place the same day as the primary.

Waite's Fiscal Adviser Given Retailing Award  
Paul M. Mazur, fiscal counsel of Allied Stores Corp., which includes Waite's Department Store, 70 N. Saginaw St., has been selected the 1958 winner of the Tobe Award, the Oscar of retailing.

Mazur is a senior partner of Lehman Brothers, investment bankers and an authority in the field of economics, retailing and agriculture.

He will receive the award in New York City Jan. 14 at the annual "Boss' Dinner" for leaders in merchandising, government and communications.

About 12,000 power lawn mowers are in use in the United States.
