2 County Men Tell of $6,000 Extortion Attempt

War Casualties for U. N. Forces Million and Half

Official Estimates Count Equal Number of Reds Killed or Wounded

UNITED NATIONS, N. Y. —Final casualty figures for the Korean War, still clouded by uncertainty over the fate of thousands of missing who may be dead, indicated today that both sides suffered a toll of more than three million.

Based on figures from official and U. N delegation sources, total casualties for the U. N. side are figured at 1,474,269, of which the Republic of Korea total is 1,312,836; the United States total 144,173; and the total for the 15 U. N. allies 17,260.

In all but a few instances, the figures ran past the July 27 armistice date.

Pentagon sources in Washington, basing their figures on a roundup they made in July, estimated Communist casualties, killed and wounded, at 1,420,000, and prisoners at another 120,000 for a total of 1,540,000—scaled down from an estimate last April of 1,876,000.

The United States still has 7,955 listed missing. The Defense Department early this month said they "must eventually be presumed dead." The department stand drew protests from families of some in New England.

Along with almost complete casualty tolls, delegation sources have revealed that the U. N. allies actually put onto the front thousands more of men, through rotation and replacement, than the standar size of the unit. From three to six times the strength of the unit finally served on the front.

Turkey, for example, with a unit of 5,000 men, had personnel numbering 29,882 during the three years Turkish troops were on the front.

Troop losses generally figured in ratio to the standard size of the unit involved.

This was the breakdown of U.N. casualties:

Republic of Korea: dead 415,004, wounded 428,568, missing 459,428, returned prisoners of war 7,848.

Blizzard Traps 300 Big Game Hunters in West

Plan Full-Scale Search of Forest in Wyoming; Drifts Reach 4 Feet

SHERIDAN, Wyo. (AP)—Full-scale search operations were readied early today for 300 or more big game hunters trapped by winter's first big blizzard in rugged Big Horn National Forest near the Wyoming-Montana state line.

Gov. C. J. Rogers ordered the National Guard, the State Air Rescue Service and the State Game and Fish Department to throw all their facilities into the search.

Four-foot drifts blocked all main highways in the Big Horn Forest yesterday and many hunters had to abandon their automobiles.

Forest service officials reported last night, however, that the storm had abated and some hunters were beginning to trek out of the mountainous area.

The weather bureau said no additional snow was expected in the area.

Sheriff Willard Marshall of Sheridan estimated 300 to 400 were trapped in the remote forest by the heavy snow.

"We have no way of knowing just how many people are in there," he said. "They went in from both sides of the mountians. We can only guess there are a great many and our concern is to find them as soon as possible."

Game officials said the lost hunters had little to worry about for at least a few days.

"Any seasoned elk hunter goes well dressed for rugged weather, well equipped with tents, food and equipment," said Jim Crasse, the Wyoming Game Department's information officer.

The temperature early this morning in the Big Horn Forest was in the mid-20s.

Helicopter to the Rescue

United Press Photo

FISHING OUT A FISHERMAN—Allan C. Musel is being rescued off a rock at Coyote Point near San Mateo, Calif., yesterday by Coast Guard helicopter. The fisherman was cut off from the shore by the rising tide and wind-driven waves. He was unhurt.

Teamster Agent Allegedly Asked for $3,000 Each

Businessmen Testify That Money Was Demanded for Labor Peace

DETROIT (AP)—Two Oakland County businessmen testified today that an AFL Teamsters Union official demanded $3,000 from each of them to stop labor troubles in their businesses.

James McCavey, 55, owner of the Oak Construction Co. of Royal Oak, said the money was demanded of him by Louis Linteau, business agent of Pontiac Local 614 in May 1947.

In earlier testimony today, Albert Pirtle of Milford, operator of the Hub Cartage Co. in Pontiac, revealed that Linteau had also demanded $3,000 from him to "stop my labor troubles."

McCavey testified that at the time he had a $200,000 construction job on Oakland Avenue in Pontiac.

The contractor said in return for the $3,000 he was promised freedom from work stopages. McCavey testified he offered Linteau a $500 check which was refused.

McCavey testified that Linteau told him the $3,000 contribution "wouldn't cost you anything." The contractor said Linteau advised him: "I could chisel on the drivers."

The testimony came at a Recorder's Court hearing of six AFL Teamsters Union officials on charges of extortion and conspiracy.

McCavey testified that after his $500 check was refused he paid nothing.

The contractor said that after the incident he discussed the matter with the State Police at Lansing and the FBI, but "they wouldn't do anything."

McCavey told a reporter the authorities declined to intervene since no threats had been made against McCavey by the union official.

He testified that in 1946 he gave Linteau a $250 check "so the union wouldn't bother us." McCavey said Linteau had asked for $3,000.

In November 1950, McCavey testified, Linteau telephoned him and said: "The boys need some money to go hunting." McCavey said a representative of the Pontiac local picked up $200 in cash at his office.

Pirtle testified the demand was made in March 1947 in a coffee shop across the street from the Pontiac local.

The contractor said Linteau asked for $1,000 immediately, with two other installments demanded within 90 days. Pirtle testified he told Linteau he couldn't do it.

Pirtle testified the union official told him he could arrange it "with bankers."

In future talks, Pirtle testified, Linteau told him Daniel J. Keating,

Wilson Voices Hope for Peace

Defense Head Speaks at U. of M. Engineering Centennial

ANN ARBOR (AP)—Secretary of Defense Wilson today voiced hope that a better understanding among peoples and material progress will eventually bring peace and prosperity to the world.

He said that recent developments in radio, in cosmic wave studies and in atomic energy "can certainly be looked upon as opening up new frontiers" for the betterment of mankind.

Wilson spoke at the Centennial of Engineering Education at the University of Michigan.

In a speech devoid of reference to current political or international problems, Wilson ranged the broad field of man's progress in the conquest of space, the development of scientific knowledge and what he termed "our great pioneering experiment in government and human freedom."

Wilson said that American political invention, based on the religious concept of the sacredness of the individual, has given our people "personal freedom and has gone far toward fulfilling the age-old hopes and aspirations of man . . .

"Americans hope a broader and better understanding of the discoveries and developments in these two fields (material and human) both at home and abroad will eventually bring peace and prosperity to the whole world."

Five Accidents in County

Fog Blacks Out Visibility; Catfish Frolic on Highway

Dense fog contributed to five auto accidents and slowed traffic to a crawl in parts of Oakland County, and had motorists driving the Willow Run Expressway believing that catfish were swimming in it.

The fog also was believed responsible for keeping temperatures in the 50s this morning in the Pontiac area.

One of the accidents sent Mrs. Susanna Kuusisto, 52, of 25100 Meadowbrook Rd., Farmington, to Redford Receiving Hospital today with a possible fractured neck, skull, pelvis and ribs.

Ottis L. Hopper, 36, of Detroit was treated at Pontiac General Hospital for leg injuries after another traffic mishap.

Traffic was congested in some sections of the Pontiac area and as far north as Oxford. Pontiac Police issued 13 tickets to speeders who "stepped on the gas" in areas where the fog had lifted, according to Sgt. George Scott.

Motorists inching along the fog-shrouded expressway were convinced the fog was the densest in history when they ran into a school of live catfish — 5,000 pounds of them—wriggling across a crowded intersection.

The fish had flopped to the highway from a truck involved in a collision.

W. W. Oak, head of Detroit's U. S. Weather Bureau, said the fog was responsible for holding down temperatures this morning and pointed out that the cold front has not yet arrived.

He said it should sweep in late today.

The official forecast predicts a low of from 43 to 48 degrees tonight and a high of from 60 to 64 degrees Saturday. Yesterday's low

(Continued on Page 2, Col. 5)

Spokesman Denies Plane Is Shot Down

LONDON (AP)—Reports reached here from Lebanon today that a Swedish plane had been shot down in Syria. The Swedish consul in Beirut was quoted as blaming the Israeli air force. But an official spokesman in Israel said there was "no truth whatever" to the story.

Potato Show Scheduled

EDMORE (AP)—Nineteen counties are expected to be represented in an exposition here Nov. 5-6 known as the Southwestern Michigan Potato Show but with beans, apples, onions and corn also on display. Officials predict that while dry weather cut the potato yield, quality will be better than usual.

Free Butter to Berlin

BERLIN (AP)—A million pounds of American surplus butter will be given away tomorrow to the people of Berlin, the International Rescue Committee announced today.

Says U. S. Defense Must Be Flexible

WASHINGTON (AP) — Adm. Robert Carney says the Joint Chiefs of Staff must devise a flexible national defense against a "definite but not imminent" menace of Soviet atomic attacks.

Carney, navy member of the joint chiefs, told questioners at a National Press Club luncheon yesterday that, when it comes to atomic age weaponeering:

"If we can do it, there is no reason to believe the Soviets can't do it."

He said this statement applies to development of the hydrogen bomb as well as of techniques like firing guided missiles from submarines.

Carney said he has recommended construction of more atomic submarines like the one being built and the two projected.

Talks to Thimayya and Rhee

U. S. Ambassador to India Working on PW Deadlock

PANMUNJOM, Korea (UP)—George B. Allen, U. S. ambassador to India, met secretly today with the Indian chairman of the Neutral Nations Repatriation Commission, apparently in an attempt to break the deadlock over "brainwashing" interviews.

Allen talked with Lt. Gen. K. S. Thimayya for one and one-half hours, but neither would comment on their meeting.

Allen also met in Seoul with South Korean President Syngman Rhee, whose government has threatened to renew the Korean War if the coming Korean peace conference fails to unify the nation.

Competent observers felt sure Allen discussed the critical North Korean prisoner of war question with both Thimayya and Rhee.

Communist members of the five-nation commission have insisted the 7,800 North Korean anti-Communists be forced to listen to the "explanations" of the Communists.

Earlier today, Thimayya met with the five-nation commission in an unsuccessful attempt to reach agreement over the interviews.

Peiping radio claimed that agents of President Rhee and Generalissimo Chiang Kai-shek were defying the Indians by preventing the North Koreans from going to the talks.

"Our correspondent notes that the crucial question at present is whether the Indian custodial force will take up the challenge thrown down by the agents who are striking at their authority with rebellious acts," the voice of Communist China said.

The Communist "I dare you" psychology failed to impress Gen. Thimayya.

3 Psychiatrists to Test O'Brian

Judge Doty Approves Appointment of Doctors to Examine Slayer

Oakland County Circuit Judge Frank L. Doty today approved the appointment of three psychiartists to examine confessed rape-slayer Donald V. O'Brian, 27, on his wife's petition to have him declared a criminal sexual psychopath.

The three psychiatrists, to be chosen by Judge Doty from a list approved by the Michigan Mental Health Department, will be appointed upon receipt of an order from O'Brian's attorney.

After completing their examination the doctors must submit written reports to the court.

If all three agree that O'Brian is a criminal sexual psychopath a hearing will be held to determine disposition of the case.

If a jury is requested it has the power to refuse commitment of O'Brian to a mental institution. The presiding judge has the power if the hearing is held without a jury.

In such a case O'Brian would face a first degree murder charge in the Aug. 4 death of Mrs. Hallie O. Perkins, 55, of 76 W. Longfellow Ave.

If the judge or jury decides enough evidence has been submitted to substantiate commitment of O'Brien as a criminal sexual psychopath he would be turned over to a state mental hospital.

O'Brian was captured Sept. 9 after attempting to attack a Pontiac housewife and subsequently confessed the rape-slaying of Mrs. Perkins and an attack on a 16-year-old girl.

Civic Leaders Tell Teachers of Pontiac's Proud Parade of Progress

Five civic leaders brought some 150 teachers up to date on the city's progress Thursday at Pontiac Education Association's first fall program, "Pontiac on Parade."

Speakers were Walter K. Willman, Pontiac city manager; the Rev. George L. Garver of Ascension Lutheran Church; Frank J. DuFrain, superintendent of schools; Louis H. Schimmel, Pontiac Board of Education member; and Robert St. Clair, manager of the Pontiac Chamber of Commerce.

St. Clair said the Chamber of Commerce believes it should not only help make the community a good place in which to work, but a good place in which to live.

He cited its work in fire prevention, safety promotion, and Business-Industry-Education day.

St. Clair touched on the new Pontiac Foundation, a community trust fund, which has already received several thousand dollars, and has selected a civic auditorium as one of its first goals.

He recalled the dire straits of Pontiac in the depths of the depression. "We have proven our ability to get up off our backs and forge ahead," he said. "I think the future of Pontiac, as we stand, is unlimited."

Willman commented that he had come to Pontiac three years ago today. In the last three years, he said, Pontiac has pared its debt from $2,244,000 down to about $250,000 in 1954; cut its tax rate 18 cents on each $1,000 of assessed valuation; and added $40,000,000 worth of new homes and buildings for a total assessed worth of $185,000,000.

He said other accomplishments are Pontiac's federal housing project, passing of a fair employment practices act, a sewage plant expansion which brings Pontiac up to health standards "for the first time in its history," and the starting of construction of a new city hall.

"We're in a better position financially than for a long, long time," said Willman. "We're ready to move now on projects the public has asked for and deserves."

Rev. Garver pointed out that there are 94 different churches in Pontiac. In each one, he said, a board of trustees is giving men invaluable experience in leadership and business; Sunday School instruction is giving others teaching experience; and people are playing piano or organ and singing in the choir, expressing themselves through music.

"Pontiac has become a better city," he said. "I hope we have helped. I hope you will do your part in the next few years to

Rep Dondero Says:

U. S. to Be in Tough Spot on St. Lawrence Decision

By JOSEPH K. SFAIR

Rep. George A. Dondero (R-Royal Oak) of Michigan's 18th Congressional District charged opponents of the St. Lawrence Seaway project with pushing the United States into a dilemma which may confront Congress in its next opening session Jan. 6.

The congressman, speaking before the Pontiac Rotary Club yesterday in Hotel Waldron, said lawmakers will be faced with one of the following alternatives:

Either the United States must pay 50 per cent in constructing the waterway, or will be taxed 80 per cent in tolls for use of the canal—if the project is completed by Canada alone.

Dondero, who has conducted recent campaigns as a proponent of the seaway bill, and as an enemy of communism, also told the group he doubted that peace would be maintained in Korea.

Chairman of the House Public Works Committee, Dondero warned:

"Canada was not bluffing when it said it will complete the seaway alone. The United States has been thrown back into a defensive position: We must either say 'yes' or 'no' to the issue."

In telling how the project would affect 17 major inland states, where a third of the nation's population is concentrated and where the greatest portion of U. S. industry in centered, Dondero said rejection of the canal project perhaps would prove "tragic for the first time in U. S.-Canadian relations.

"At the present time, states without outlets to the sea must pay additional freight costs for transportation of commerce. The only means now is the railroad," he explained.

He added that Michigan indus-

Birmingham Lions Club Spearheads Drive for Eight New Scout Troops in Area

From Our Birmingham Bureau

BIRMINGHAM—Groundwork has been laid by the Birmingham Lions Club for eight new Boy Scout troops in the Birmingham-Bloomfield area, an event unique in the history of Michigan Boy Scouting, according to James R. Buchanan, district scout commissioner.

"There are over 900 boys of scout age in our communities," Buchanan said. "Surveys indicate that three out of four boys want to become scouts; hence the great and immediate need for new troop organization and leadership."

Buchanan spoke at a Lions club scouting organizational meeting this week. Forty men attended as representatives of groups and areas to hear L. Robert Kilmer, Robert B. Williams and Ralph E. Pioskowski, executives of the Detroit Area Council speak on fundamentals of Boy Scouting and steps toward troop organization.

Spokesmen of the various groups will now hold individual meetings between Oct. 30 and Nov. 5 to acquaint parents with troop activities and secure names of interested boys.

Chairmen for the organizations are Clarence E. Nichols, Jr., Kiwanis; Richard C. Miller, Our Shepherd Lutheran Church; G. A. Brundrett, First Baptist Church; Coyle R. Fisher, Holy Name Church; Carl F. Ingraham, Baldwin School PTA; Dominick Vettraino, Cranbrook Fire Department; Floyd A. Levely, Hickory Grove PTA and Hugh McGlucklin, Civitan.

Serving as organizers are Thomas L. Woodwarth, Richard Couch Jr., Thomas Ward, Thomas Austin, R. Thompson, Robert Snelling, Wallace White, Glenn M. Emery, and Fred Stillman.

Sports events, campus decorations and a reception will highlight annual homecoming festivities for Cranbrook School alumni tomorrow.

Centering around soccer and football games with Shadyside Academy of Pittsburgh, the program begins at 10 a.m. with soccer, includes luncheon for the guests before the football game, with a reception afterward.

Homecoming decorations in the Quadrangle will be judged following luncheon, by Marshall Fredericks, sculptor; Henry S. Booth, chairman of the Cranbrook Foundation; and Mrs. Kenneth D. McGregor, wife of the chairman of the board of Cranbrook School. A conveted little brown jug will be awarded to the best of five dormitories.

Half-time ceremonies include a cross-country run and a comic obstacle course run by the seventh and eighth grade students.

* * *

Junior high youth group of the First Presbyterian Church will hold its Halloween party from 7:30-9:30 tonight, with proceeds to go to the Korean milk fund.

* * *

Last Sunday's preview of the book sale, held annually by the American Association of University Women, again saw an anonymous donor foot the bill for books selected by 34 representatives of 15 schools and libraries and 2 children's homes.

In this, his fifth year of giving, the civic-minded citizen paid for 1,495 books, 287 magazines, 12 games, 11 records, 3 record albums and 6 pictures.

The sale, held at the Detroit Edison Co. building will be open until 9 tonight and will end at noon tomorrow. All books were reduced to half price today.

What remains at the close of the sale will be donated to the Pontiac State Hospital, Oakland County Infirmary, and Tuberculosis Sanatorium, with Baldwin School slated to receive some of the magazines.

* * *

There are still a few reservations for tomorrow's square dance at the YMCA, from 8 p. m. to midnight. Walter Allison and his committee of Birmingham Y men have lined up Mark Smith to do the calling and instructing. Price of a ticket includes refreshments and only 20 couples can be accommodated.

* * *

Tomorrow, Franklin's Boy Scout Troop B-11 will combine a discarded toy pick-up with a paper drive. The boys will then set to work repairing and painting the cast-offs to be given needy children at Christmas time.

Almost the entire troop spent last week end at Franklin's Camp Osewa, Lapeer. The troop committee has made this camp available to all Boy Scout troops. Donated by a Franklin resident many years ago, the camp includes a main cabin with kitchen, and three individual cabins with nine bunks each. The camp is on a 20-acre site.

* * *

A suggestion of Saturday morning basketball at Birmingham High School, to start now instead of after Christmas, was tabled by Recreation Board members this week. The board asked Frank Whitney, school athletic director, to check further into student response to such a program.

* * *

Birmingham newcomers are:

Mr. and Mrs. William J. Provonich and son, Guy, 14 months, 608 W. Lincoln, from Detroit. He is with Houdaille and Hershey.

Mr. and Mrs. Walter French and daughter Nancy, 1078 N. Woodward, of Detroit. He is with Detroit Edison.

Mr. and Mrs. Albert Scott and children, Albert Jr., 8, Jinny Lee, 3½, of 1901 Birmingham Blvd., formerly of Chicago. He is with Ford Motor Co.

Mr. and Mrs. William Engelbrecht and sons, Earl, 20, Martin, 10, Charles, 11, Gordon, 5, of 2434 Devon Lane, from Detroit. He is an engineer at Chrysler Jet.

Mr. and Mrs. N. O. Wynkoop and children, Bruce, 9½, Lynn, 5½, Chris, 4, of 5440 Brookdale, formerly of Shaker Heights, Ohio. He is with Machinery Magazine.

Congress Must Face Seaway Decision

(Continued From Page One)

try has been penalized by unnecessary and excessive transportation charges, and the seaway would enable Midwestern manufacturers and farmers to market their products abroad at more competitive prices.

He accused opponents, who claim the seaway would harm the railroads, with having "short vision" as to the future success of the project.

He pointed to the Soo locks as an example:

"After a vigorous battle to defeat the project 100 years ago, the Soo locks are the greatest in the world today. Twice as much commerce passes through the locks than is transported through the Suez and the Panama Canals combined."

He continued:

"Canada also seemed to have more vision to the future by building a 14-foot canal north of the St. Lawrence 55 years ago. Ten million tons of commerce have passed through that small canal so far."

He said the United States announced recently that it will join Canada in sponsoring the construction of a $400,000,000 power project to go with the seaway. The Federal Power Commission has already authorized New York to share in the construction of the power project with the province of Ontario.

On the basis of a 1949 estimate of $802,566,000, the proposed cost is to be divided among the U. S. government, Canada and New York State. The U.S. would pay $573,461,000; Canada would pay $192,461,000; Canada would pay $299,105,000 and New York would pay $192,500,000.

In 1949 the project was about 90 per cent completed with major work yet to be done on about 130 miles. Work to be done by the U.S. is mostly over a 45-mile course in the International Rapids section.

Dondero further explained that a decision to continue the project is an important one to Michigan and the nation.

"Affected by the decision either to finish or scrap the projection," Dondero declared, "the attention of the automobile industries and all other industrialists in the Great Lakes area, who are dependent on steel mill locations, is demanded in such an important decision."

Stating that the waterway would be a means of further security to both countries, the congressman said "I am somewhat pessimistic that a permanent peace will endure in Korea."

He blamed a Communistic philosophy which has pervaded the Russian ideals since at least 1930.

He quoted the following excerpts from "The War of Peace." by Richard L. Stokes:

"War to the hilt, between communism and capitalism, is inevitable. Today, of course, we are not strong enough to attack. Our time will come in 20 or 30 years. To win we shall need the element of surprise. The bourgeoise will have to be put to sleep.

"So we shall begin by launching the most spectacular peace movement on record. There will be electrifying overtures and unheard of concessions.

"The capitalist countries, stupid and decadent, will rejoice to cooperate in their own destruction. They will leap at another chance to be friends. As soon as their guard is down, we shall smash them with our clenched fists!"

Dondero said the same teaching is still being advocated in Russia today at the Lenin School of Political Warfare.

RALPH A. WILSON

Pharmacists Honor Birmingham Man

BIRMINGHAM—"Pharmacist of the Year" award first of an annual honor by the Oakland County Pharmaceutical Association, was presented Wednesday night to Ralph A. Wilson of 19370 Riverside, Birmingham pharmacist, at the Northwood Inn in Berkley.

About 200 friends and fellow pharmacists looked on as Rawley Hallman of Pontiac presented Wilson with a watch and plaque for "intensive and loyal work in the interest of better pharmacy."

Wilson, past-president of the Oakland County association, is the president this year of the Michigan State Pharmaceutical Association. He was selected for the honor by the executive board of the county organization, according to Wallace Furbur of Rochester, publicity director.

The meeting was sponsored by the Frank W. Kerr Company of Detroit.

2 County Men Tell of Extortion Tries

(Continued From Page One)

president of the Pontiac local, was demanding the money.

Pirtle testified he never paid the money, but the dispute with his AFL drivers ended.

The contractor said that before the coffee shop meeting, Keating had told Linteau to take Pirtle across the street to "talk things over."

Pirtle testified today as the state turned to more contractors to back up charges that the six AFL Teamsters local leaders had extorted thousands of dollars from employers in shakedowns and sellouts of union members.

The employer representatives were summoned to testify at the examination of the six on extortion and conspiracy charges now in its third day.

The examination, before Recorder's Judge Martha W. Griffiths, will determine whether the defendants must stand trial on the charges brought last month by a so-called labor rackets grand jury.

As the hearing continued, Detroit Teamster head James R. Hoffa was busy setting up his administration over two union locals seized yesterday by the international after only one day of shakedown testimony.

The two — Detroit Local 247 and Pontiac Local 614 — had been run by five of the six defendants.

Hoffa, president of the teamsters Joint Council here, took over as trustee on orders of International President Dave Beck. The action automatically removed all seven officers of each local.

But Hoffa said he may reinstate some of the officers if he is satisfied that they were not involved in the alleged shakedowns.

Defendants in the court case are Mike Nicoletti, president, and Sam Marroso and Anthony J. Liuzzo, business agents, of Local 247; Daniel J. Keating, president, and Louis Linteau, business agent of Local 614; and Frank Fitzsimmons, vice president of Local 299.

Only Fitzsimmons was not involved in the trusteeship action. Neither his name nor local 299—Hoff's old local — has been mentioned in the court testimony.

Belgian to Open Fall Organ Recital Series

BIRMINGHAM — Flor Peeters, celebrated Belgian organist and composer, will open the First Baptist Church fall organ recital series at 8 tonight.

Sponsored by the sanctuary choir of the church, the recitals are open to the public.

Organist for the Metropolitan Cathedral in Malines, Belgium, Peeters is also director and professor of the organ at the Royal Flemish Conservatory in Antwerp. Now touring America, Peeters will include one of his own compositions in tonight's program.

Pontiac Deaths

Gerald B. Gobler

Gerald Bruce Gobler, 25, a former resident of Pontiac who lived at 6216 Lanman, Drayton Plains, died at Dearborn Veterans Hospital at 12:30 a. m. today.

Born in Pontiac, he was the son of Raymond A. and Martha Gobler. He was married to Virginia M. Sanford in Pontiac in 1948.

A Navy veteran of World War II, he was a member of the Waterford Post, American Legion.

Surviving besides his widow and parents are three children, Anne Marie, Victoria Joy and Stephen Paul at home, and a brother, Harvey of Waterford.

Funeral arrangements are pending at Pursley Funeral Home.

Mrs. Leopoldine S. Hart

Mrs. Leopoldine Steft Hart, 73, of 795 Winding Dr., died at Pontiac General Hospital at 3:15 a.m. today.

Born in Vienna, Austria, Aug. 10, 1880, she came to the United States in 1914 and married Theodore Hart in Bradford, Pa. She moved to Pontiac from Detroit in 1932 and was proprietor of a fur alteration shop.

Surviving besides her husband are two brothers, Hubert and Metzy Steft, and a sister, Mrs. Daisy Wregg, all of Vienna.

Funeral arrangements will be announced later by Huntoon Funeral Home.

Mrs. Naomi A. Hilliker

After a prolonged illness, Mrs. James W. (Naomi A.) Hilliker, 85, of 218 Florence Ave. died at her home Thursday morning.

Born in England, July 31, 1868 she came to Pontiac 36 years ago from Windsor, Ont.

Mrs. Hilliker, who was the widow of James W. Hilliker, was a member of the First Baptist Church.

Surviving are a daughter and two sons, Mrs. A. B. Greene, J. L. and William H. Hilliker, all of Pontiac. A brother, Joseph Clark of Alymer, Ont. and a sister Mrs. Beth Spendelaw in England, 11 grandchildren and 31 great-grandchildren also survive.

Funeral will be tonight at 8 o'clock in the Donelson-Johns Funeral Home. The Rev. Robert Fischer, of First Baptist Church will officiate. Following the service, the body will be taken to Delhi, Ont., for burial.

In lieu of flowers the family request donations to be made to the United Fund.

John William Huey

John William Huey, 73, of 52 Detroit Dr. died early today after a long illness.

Born in Dowdville, Wis., April 14, 1880, he was the son of Thomas and Margaret Davison Huey. Mr. Huey, who was retired, had been an employe of GMC Truck and Coach Division in truck inspection.

Surviving are a son, Harry of Pontiac; two sisters, Miss Marjorie and Miss Bertha of Downsville, and a brother, Duncan of Knapp, Wis.

Funeral will be Monday at 2 p.m. from the Farmer-Snover Funeral Home. Burial will be in Oak Hill Cemetery.

Ellis Jenkins

Ellis Jenkins, 73, formerly of Pontiac, died Thursday morning. He had been ill two days.

Born in Richmond, Va. Nov. 5, 1879, he was the son of Walter and Judith Jenkins. He married Maude Raymond in Virginia in 1901 and came to Pontiac in 1927 from Fostoria. He had lived in and around Pontiac since that time, moving to Lake Orion a year ago. He was a meat cutter and also a farmer.

Surviving are seven sons and three daughters, Clyde of Lake Orion, Ralph of Otter Lake, Edgar of East Tawas, Clifford of Walled Lake, Percy of Redford, Rowland of Dearborn, Harold of Highland, Mrs. Virginia Young, Mrs. Thelma Burns and Mrs. Marion Gage of Pontiac.

Also surviving are two brothers and three sisters, John and Wade in Philadelphia, Mrs. Edna Stonnell of Cartersville, Mrs. Ada Thewaite and Mrs. Lottie Oats of Baltimore.

Funeral will be Saturday at 1 p. m. from the Huntoon Funeral Home. Dr. H. H. Savage of First Baptist Church will officiate and burial will be in Watertown Cemetery in Fostoria at 3 p.m.

Address Corrected

The address of Charles Mendoza was incorrectly reported Tuesday in the Pontiac Press. Mendoza resides at 3020 Indianwood Rd., Lake Orion.

Dense Fog Blamed for Five Accidents

(Continued From Page One)

was 50 and its high, 76 degrees. At 8 a. m. the mercury stood at 52 degrees, then rose only to 63 at 2 p. m. in downtown Pontiac.

Pontiac's 2½ week drouth is expected to continue, with no rain in sight for the weekend. But cloudy weather is due.

The fog snarled air traffic and Great Lakes shipments.

Mrs. Kuusisto and her husband, William, were injured when a car driven by Floyd W. Whitaker, 51, of Clawson, rammed the rear of their auto in the fog, according to Michigan State Police of the Redford Post. Mr. Kusisto was treated for injuries after the accident on US-16 near Haggrety road in Novi Township.

Hopper was injured when Miss Daune O'Brien, 25, of 410 W. Fourth St., Rochester, driver of the car, told Oakland County sheriff's deputies she was blinded by the fog and crashed into another auto driven by Charles A. McCombs, 58, of Sandusky. The accident occurred on Walton boulevard, east of Opdyke road.

Minor collisions, partly blamed on the fog, occurred at Auburn and Rochester Rds., at Auburn and Opdyke Rds., and at Airway Road and M-59.

Officers, Directors Named at Pine Lake

New officers and directors were elected Thursday evening at the annual stockholders meeting at Pine Lake Country Club.

Officers for 1954 are: President, Frank Arnoldi; vice president, H. T. Gierok, Birmingham; secretary, Veron W. Wheeler, Pleasant Ridge; and treasurer, Leslie Tripp. Three directors elected were Russell E. Driver, Orchard Lake; Charles P. Livingston, Royal Oak and Arnoldi.

Henry Ransom will continue as golf pro for another year and Arthur Kleine will manage the club for 1954.

No Rest in Japan

TOKYO (AP)—The U. S. Army has suspended rest leaves in Japan for American troops in Korea because of a transportation shortage, an Army spokesman said today.

Four 10-Ton Jacks Stolen at Lawrence Institute

Lawrence Institute of Technology at Northwestern highway and Ten Mile road in Southfield Township was broken into and four 10-ton jacks and four tires stolen, according to reports received Thursday by the Oakland County Sheriff' Department.

Pontiac's Progress Told to Teachers

(Continued From Page One)

make it possible for us to do ours."

Changing concepts of education were discussed by Schimmel, who commented that "we have more nearly reached our goal of bringing equal educational opportunity to all youth than at any other time in history."

He pointed out that schools, while making it possible for youngsters of average ability to gain education, must "develop leadership in those who are capable to lead — if America is to survive."

DuFrain discussed Pontiac school district's financial shape.

"For the last three years, we've had money in the bank at the end of each year," he said. "This year we'll probably be $300,000 in the red — about seven per cent of the budget."

Some of the reasons, he said, are teachers' better salaries, growing school enrollment, a drop in state aid from $132 to $121 per child, and the practice of paying state aid money on last year's enrollment, rather than the current year's higher figure.

One answer, he said, would be an extra tax for operating expenses. Pontiac is the largest city district in the county, he said, which hasn't levied extra millage for day-by-day expenses.

But DuFrain pointed out that the school system, like the city, is almost clear of debt. The last payment is due in 1957 — "and we hope to accumulate enough in the debt retirement fund so that we won't have to levy any millage for it that year."

Roger Gunn, PEA president, welcomed guests to the dinner-meeting at Pontiac High School. The high school Girls Ensemble furnished music, with Henry Elling, program chairman, introducing panelists.

Seek Donors for Blood Drive

Bloodmobile Will Visit City Monday, Tuesday for 1st Time in 2 Months

Volunteers will man telephones until 9 o'clock tonight at Oakland County Chapter, American Red Cross, to take appointments for the "Bloodmobile" visit Monday and Tuesday.

Mrs. N. E. Durocher, Red Cross blood donor recruitment chairman for North Oakland County, appealed to anyone who can give blood to call FE 4-3575 tonight.

"This is the first community Bloodmobile visit to Pontiac in two months," Mrs. Durocher said. "We need 250 donors each day.

"The mobile unit will set up shop at Pontiac Elks' Temple, 114 Orchard Lake Ave., to take donations from 2 until 8 p. m. both days.

"Even though a local industrial plant has just recently donated a considerable amount of whole blood," Mrs. Durocher said, "whole blood only keeps 21 days. After that it is made into plasma and blood derivatives. So we must have monthly community visits to supply blood needs of blood banks members and hospitals."

Group Defends Way of Spending Taxes

LANSING (UP) — Joseph A. Parisi Jr., executive secretary of the Michigan Township Association, today defended using tax funds to pay dues of local officials in the newly formed organization.

Parisi said local government units have for many years voted to pay dues and convention travel expenses of local officials in the Michigan Municipal League and similar organizations.

Parisi said dues of the new organization have been tentatively set at a low scale because "ours" is a humble beginning."

He denied that the association was formed to "perpetuate" township officials in office, pointing out that less than 1 per cent of the 15,000 township officers have full-time jobs.

Texas, the nation's largest state, also has the most counties, 254. Georgia, with 159 counties, ranks second.

Says Slow Readers Are Mixed-Up Kids

LOS ANGELES (AP) — "When a pupil has trouble learning to read," an educator says, "chances are it's because he's literally a crazy, mixed up kid."

Dr. Guy L. Bond, professor of education at the University of Minnesota, told an interviewer yesterday:

"Poor readers frequently are disturbed emotionally. They have psychological blocks to overcome.

* * *

"Mothers and fathers are often to blame. They get overanxious and expect too much of a child, thus placing him under unreasonable pressure."

Dr. Bond is here to give lectures intended to help Los Angeles reading teachers improve their methods.

Estimated cost of the Savannah River hydrogen-bomb project in South Carolina is a billion and a quarter dollars, more than double the cost of the Panama Canal.

Red Cross Blood Unit in Keego Harbor Tuesday

KEEGO HARBOR — Keego-Cass Women's Club will co-operate with other West Bloomfield organizations when the Red Cross Bloodmobile comes to the township next Tuesday.

The Bloodmobile will appear at the Town Hall, 4460 Orchard Lake Rd., from 2 to 8 p. m.

Appointments for blood donors will be taken by Mrs. Wright Madill. Those wishing to donate are asked to call FE 4-5873.

Don't Be Ashamed, We All Have Fleas

EAST LANSING (UP)—Michigan State College entomologists say fleas in the home are no disgrace—in fact, they should be expected.

The experts say fleas "accumulate" in homes left empty for a week or so and generally cause a minor panic when the woman of the house returns.

But fleas are present in just about every home, especially if there are dogs or cats around. When the house is left empty, the fleas breed and hatch faster because there are no "disturbing elements" such as movement to distract them.

To get rid of them, MSC specialists recommended DDT powder sprinkled on floors overnight and then removed with a vacuum cleaner. If there are cats in the house, however, DDT can not be used because it is poisonous to the animals. Another insecticide—Rotenone powder—is called for in these cases.

Poetic Jurist OKs Contract for 'Lucy' Twins

LOS ANGELES (UP) — Fifteen-month-old twins, who take turns playing Desi Arnaz' and Lucille Ball's baby son on the "I Love Lucy" television program, have had their contracts approved—with poetry.

Superior Judge Frank G. Swain yesterday approved contracts containing the morality clause standard in movie contracts. It provides that the performer must refrain from moral turpitude and have due regard for public morals.

* * *

The judge told the parents, Mr. and Mrs. Max Mayer, he was glad to see the clause in the contract for Joe and Mike. Then he asked in verse:

"Are infants too fond of the women?

"Will they hit the bottle too much?

"Will they go in swimming undiapered

"And ruin their box office touch?"

Holds Down 4 Jobs; Wants Longer Week

JACKSON, Tenn. (UP) — Frank Walker favors a 30-hour day. Then he could squeeze in another job or two.

Twenty-seven-year-old Walker holds down four jobs now.

Daytime, he drives the Holland department store delivery truck.

Late afternoons, he cleans up the business offices on the second floor of the Holland building. Then he dashes over to the Western Union office for another cleanup job.

After dinner, Walker reports to a drive-in where he's a car-hop.

Incentive? He wants to buy a home for his wife and two children.

Named College Queen

YPSILANTI (UP)—Gloria L. Baldwin, Michigan State Normal College sophomore from Jonesville was named "Homecoming Queen" for the weekend celebration highlighted by the MSNC-Southern Illinois State Teachers football game Saturday.

Shivers Calls President a Good House Guest

GILMER, Tex. (UP) — President Eisenhower was not a troublesome guest, Gov. Allan Shivers has indicated.

"The only request the President made of me," Shivers told the East Texas Yamboree yesterday, "was to be permitted to attend church on Sunday."

The President was a house guest of Shivers at the latter's estate near Mission, Tex., last Saturday and Sunday.

Most Systems Resist Cancer

7 Out of 8 People Have Natural Ability to Fight Malignant Disease

LOS ANGELES (AP)—Seven out of eight persons have a natural ability to resist cancer, an American Cancer Society official reports.

Dr. Ian MacDonald, president of the society's California division and associate clinical professor of surgery at the University of Southern California, told a news conference yesterday that if the true character of cancer could be determined at its inception, doctors would have a far greater chance to conquer it.

MacDonald addressed the American College of Osteopathic Surgeons here.

* * *

His theory, he told newsmen, is that the character of a cancer is determined at its beginning, long before it is discovered. It will be the slow growing type, which may be carried for 10 years, or it will be the highly invasive form which can cause death in a matter of months.

At its very beginning, he believes, the growth comes into conflict with the body's natural defense mechanism. In most cases the natural resistance triumphs, and the cancer never develops, he said.

If the opposing forces are near balance the cancer may grow slowly and may be discovered in time. The defense mechanism may still be victorious at this stage, he said, with or without medical aid.

But if the defense mechanism is overpowered at the beginning, death usually comes quickly.

Highly developed cancers which disappeared without treatment have been recorded, and MacDonald cited these in support of his theory. He recalled the case of a man who underwent surgery at General Hospital here in 1945. Surgeons found that a proven cancer of the colon had spread to the liver. They merely closed the incision and discharged the man from the hospital soon thereafter.

In 1949 the same patient returned with an intestinal complaint. Examination, MacDonald said, disclosed no trace of cancer. A common remedy cleared up his intestinal complaint.

* * *

Exhaustive study failed to disclose what had caused the man's cancer to disappear, MacDonald said.

To Last 25 Centuries

WASHINGTON (INS) —Tennessee, which produces coal at the rate of 5 million tons a year, has enough solid fuel in reserve to continue this pace for 25 centuries.

HOW CAN WE SECURE A RISING LEVEL OF PROSPERITY AT A TIME WHEN RECESSION MAY THREATEN?

Here a noted business man and economist PAUL MAZUR answers the question in a book which is *must reading* for those who are interested in maintaining and improving our American standard of living.

To the vital problem of raising our standard of living under normal conditions of peace as well as under the pressures of war, this book offers a challenging solution. Here is a book that places *dynamic* emphasis on the role of the consumer as the key to the stable progress of the American economy.

PAUL MAZUR holds that our mass markets are the true miracle of our economy. Our mass production is seen as being significantly dependent upon mass distribution. Mr. Mazur brilliantly points out how the force that converts the potential of purchasing power into a fact of actual purchases is our rising standard of living.

This clear analysis of the *dynamics of consumption* points to a continuing success of the American economy. Here is an answer in social rather than statistical terms to questions of fundamental concern both to business executives and consumers.

THE STANDARDS WE RAISE by PAUL MAZUR has been praised by businessmen and economists throughout the land. Here are a few examples . . .

"THE STANDARDS WE RAISE should command the attention of all who are interested in the social, political, economic and industrial elements which exert the greatest influence upon our standards of living and way of life."—DAVID SARNOFF, *Chairman of the Board, Radio Corporation of America*

"The first simple, well-reasoned attempt that has been made which indicates that the economic horse does precede the cart and also indicates the direction both must take. I think it is a very necessary book."—JOHN I. SNYDER, JR., *Chairman of the Board and President, Pressed Steel Car Company, Inc.*

". . . a point of view which needs to be brought effectively before the American public . . . Deserves to be read, discussed and understood by businessmen, government officials and all who are interested in maintaining and raising America's standards."—MALCOLM MCNAIR, *Lincoln Filene Professor of Retailing, Harvard University*

New Safe **ALL-in-ONE** Capsule Discovery for

Easy Reducing!

$2.98 for 80 capsules

SCIENCE NOW HELPS YOU TAKE OFF YOUR FAT WHILE YOU EAT THE FOODS YOU CHOOSE

Do you like sweets, candy, cake and are you a real glutton when it comes to butter, gravy, potatoes? Have you tried one thing after another to reduce, spent dollar after dollar for pills and tablets and in spite of everything you've tried you're still too fat?

Well, be as skeptical as you like, but NOW, right NOW, there's a wonderful new kind of capsule that helps you take off pounds and inches of ugly fat safely, quickly and so much easier you hardly know what's happening.

You don't suffer starvation dieting hunger, you take no drugs, you don't exercise. In fact, you don't even diet one bit more than you want to, because you automatically eat less and here's why . . .

COUNTERACTS HUNGER

Just recently a well known scientist perfected a new tiny capsule that combines not one but ALL THE RECOGNIZED proven aids to reducing he found in all the advertised products offered today. It contains the concentrated proteins you've read and heard about. It combines the vitamins and minerals often lost when cutting off fattening foods containing these needed vitamins and minerals. It combines the vegetable cellulose that has no calories yet expands when it absorbs water thereby helping to give the feeling of a full contented stomach. Yet these tiny new capsules contain not just one but ALL the drugless reducing aids he found to be needed to actually automatically make you eat less without conscious effort and like it! In fact these tiny capsules are so packed with vitamins and minerals, protein and non-caloric filling food, they actually equal and exceed many a meal.

FAT GOES FAST

You'll be surprised at the fat you lose the first week, the inches that disappear, the first month. No hunger, no strict dieting, no drugs, no exercise. And the cost is absolutely nothing unless you grow slim, more youthful-looking, more active and enjoy better health.

Call FE 4-2511 Today!

WOMAN LOSES 70 POUNDS!

"Thanks to your plan I lost 70 pounds and I honestly feel lots better. You can really lose weight with them." Mrs. A. L. C., St. Paul, Minnesota

ATE ANYTHING I WANTED

"I lost 7 pounds quickly and I ate anything I wanted. In only a few weeks I went from 204 pounds to 190. I think they are grand and they really do what they claim to do. You can actually eat anything and not be hungry." Mrs. D. M., Pine Bluff, Arkansas

REDUCING PLAN CERTAINLY IS EASY

"I have enjoyed your Reducing Plan, and it certainly is easy. I have gone from a size 18 to a size 14, and my husband thinks I look like the girl he first married." Mrs. D. R., Black River, N. Y.

CAN NOW WEAR ATTRACTIVE CLOTHES

"I lost 24 pounds and I am feeling fine. I feel so much better and can wear the attractive clothes I have wanted to for so long." Mrs. E. W., West Terre Haute, Ind.

We certify that ALL-IN-ONE CAPSULES are entirely safe for human consumption.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

FRIDAY, OCTOBER 23, 1953

Too Many TB Beds Vacant

A mistake made by the Legislature in 1951 has confronted Michigan Tuberculosis Association with an unusual problem.

The association has been asked by State Treasurer Brake and Auditor General Martin to speed up detection of TB cases. Back of this request is the fact that there are 331 vacant beds in outstate sanatoriums at a time when 495 additional beds are being provided.

★ ★ ★

John C. Austin of Royal Oak, association president, has agreed to appoint a committee to study the detection problem. While pointing out that the association lacks funds to do this work, he promised to have recommendations ready for the Legislature at its next session.

This surplus of beds outstate surprises no one. It is due in large measure to pork-barrel allocation of funds for new construction to outstate counties when the most urgent need for added facilities existed in Wayne County.

No one is suggesting that there are too many TB beds in Michigan. The trouble, as Brake and Martin pointed out, is that only $336,000 is spent for detection and control while $8,880,000 is being spent on treatment.

★ ★ ★

As a result only six per cent of the population is being reached by the State Health Department's mobile detection unit and not more than 20 per cent through all forms of routine examination. Despite that, 7,000 new cases are reported each year and experts suspect that at least 6,000 residents are TB carriers.

Until there is adequate detection service no one can be complacent about the falling TB death rate. But no amount of additional money can make the service adequate without 100 per cent public co-operation.

Nice Idea But Unworkable

It isn't unusual to hear people gripe about taxes and our Federal income law has been attacked for almost every conceivable reason.

But until recently no one has been reported seriously proposing abolition of this revenue source. First in our knowledge to make such a suggestion is Frank Chodorov, Washington editor.

★ ★ ★

In addressing the Congress of Freedom in Omaha recently, Mr. Chodorov declared that unless the 16th (income tax) Amendment is abolished, the "drift toward Socialism cannot be stopped."

Strangely enough about the time Corinne Griffith, former screen star, advanced the same proposal in Baltimore. In her opinion this levy is "organized theft" based on the Communist Manifesto.

★ ★ ★

There isn't any danger of this suggestion getting any place. But one can't help wondering what Mr. Chodorov and Miss Griffith would substitute for this tax.

Uncle Sam is dependent on individual and corporate income returns for about four-fifths of all Federal revenue. Without some alternative revenue, this suggestion is a proposal that the United States of America go out of business!

U. S. Losing Book Battle

Because budget cuts are forcing reduction of USIS libraries in Japan, Soviet Russia is capturing the bulk of the English language book trade there.

Of our 19 Information Service libraries, five will be closed by November. As a result about 75,000 books will be withdrawn from circulation and nearly a million Japanese readers no longer will have easy access to U. S. reading matter.

★ ★ ★

The saving to our Treasury, says *U. S. News & World Report*, will be $100,000. But the cost to us not only is the protest of thousands of Japanese, but Soviet Russia's increasing domination of the English language book and magazine market.

Japanese students generally aren't interested in Communism. They want books in English because knowledge of the language will help them in their business careers. With price a major factor, Russia is moving in by supplying English translations of Communist books at a fraction of the price charged for American books.

★ ★ ★

Books from Russia are well bound and printed on good paper. They sell for 25 to 50 cents. Most American books sold in Japan cost five to ten times as much. For $1.75 a Japanese student can get an armload of up to date Russian magazines printed in English.

One Japanese commentator spoke to the point when he said:

"The U. S. offers $150,000,000 to help us rearm, but closes down libraries to save $100,000. What kind of culture is this?"

A sociologist says the wife should have half of the family income, but offers no suggestion as to how she might be persuaded to settle for that.

The Man About Town

Holds Up Traffic

Hen Pheasant Takes Over at Busy Street Intersection

Daffynition

Gossip: What most anybody can start by leaving the room.

On the second day of the bird season a hen pheasant held up traffic at Saginaw and Huron Streets. In the middle of the intersection she quietly surveyed the situation, and cars going in all directions dodged around her. When somebody tried to pick her up she took off down East Huron Street, evidently knowing her way back to a pheasant colony near the Clinton River a little more than three blocks away.

Another Detroit television station seeks to come to Oakland County for its new transmitter and tower. WWJ-TV has asked for a change in the zoning on 40 acres on Greenfield Road in Southfield Township, so it can erect there a new tower over 1,000 feet high, to be used instead of its present tower atop the Penobscot Building. A new tower for WJBK-TV was recently completed in the same township.

It's the Walk Back That Takes Away All the Fun

Voice of the People

Anna Zimmermann Wants City to Provide Land for Older Peoples' Apartments

(Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests, unless the letter is critical in its nature).

Much is already done for elderly folks. However, the institutions and rest homes are only satisfactory for persons who can't or won't care for themselves.

I wish to secure help for those people between 50 and 70 years old who still have a small income, but no place of their own anymore. Rent for a decent apartment is too expensive and a rooming house without kitchen privilege is no solution.

Elderly persons need privacy and companionship among their own generation. The problem could be solved if apartment houses could be built on a non-profit basis.

Unfurnished single or two-room units with kitchenette, shower and utilities included should be available for 30 to 40 dollars monthly.

The basement could be divided in three parts. The largest one may serve for recreation with card tables, one for laundry, one divided in small workshops, rented individually to residents interested in craftswork.

Each party has to care for his own place. With gas heat and garbage disposal the expense for maintenance won't be considerable.

If the city would furnish a suitable lot the net rental income should cover all other interest ammortization of the loan, heat and light.

The important thing is to preserve the occupants' independence.

I would be glad to hear from readers who are interested in such a proposal.

Anna Zimmermann
870 Menominee Road

Agnostica Would Defend the Freedom of Choice

This communication is for that person who signed himself "Lover of Freedom," as well as other readers who may have misunderstood Agnostica's motives.

While I am not a believer in any religion, I would fight to the death in defense of your right to believe as you choose. And I would defend with equal vigor the rights of others to not believe if they so choose.

All agnostics aren't necessarily evil any more than all Christians are living examples of Christ. This is a vast world, and there are bound to be honest differences of opinion. When they occur, it lends nothing to our dignity to criticize or castigate our fellow man.

Rather, we should retire to the quiet privacy of our mind and the attempt to reason things out in a spirit of peace, love and humility.

Agnostica

Says Veterans Deserve Some Peaceful Hunting

It seems too bad when a disabled veteran of the Korean war can't enjoy a few hours of peaceful hunting.

There are lots of considerate hunters. All they ask is courtesy and they give it in return.

Mrs. Joe Saupp
54150 Van Dyke Road
Utica

THOUGHTS FOR TODAY

Now these things were our examples, to the intent we should not lust after evil things, as they also lusted.—I Cor. 10:6.

* * *

Lust is a captivity of the reason and an enraging of the passions. It hinders business and distracts counsel. It sins against the body and weakens the soul.—Taylor.

New Atom Power Plant for Research; Huge Cost Forces U. S. to Open Purse

By JAMES MARLOW

WASHINGTON (AP)—"So what?" This was the public reaction anticipated by Thomas E. Murray, member of the Atomic Energy Commission, when he announced yesterday the government will build an atomic plant to produce electricity.

* * *

This plant, the government's first full scale attempt to turn atomic power to peaceful use, will cost between 20 and 60 million dollars and produce enough electrical energy for a city of 50,000.

* * *

It won't be in operation for three or four years. It will be a pilot plant. The power it produces when finished will cost more than power from non-atomic plants.

But the information learned from building it will be useful later in building larger plants—a distant goal for getting cheap, practical and peaceful benefit from atomic energy.

* * *

This is an answer to anyone who may have thought that if the arms race with Russia ended tomorrow, the country could suddenly blossom out with atomic plants to provide power at less than the cost of other fuels.

* * *

In anticipating a dull public response to the news, Murray said the fault may be the AEC's because while concentrating on winning the atomic weapons race it has failed to let the people know the importance of the other race going on with Russia: development of nuclear power for peace.

"Our people," he said, "badly need direction. We will not win this power race unless, as a nation, we have as great a will to win it as we have to stay ahead in the weapons race."

* * *

Murray pointed out the AEC is in a dilemma: while flatly stating the public should have more information, he emphasized a need for secrecy in much of the work connected with atomic development.

* * *

This includes even its development for peaceful, practical use like electric power, since Russia could use for weapon development what it learned about practical atomic plants.

This is one of the reasons, he said, why the government has to be careful about letting private industry participate in atomic construction. But he said that isn't the only reason.

Murray said that before deciding to go ahead with this new peacetime kind of plant, the AEC had to face a fundamental question: would private industry, if permitted to do so by law, enter "aggressively into the full scale power" construction and testing stage? The commission decided the answer was no.

* * *

As an example, he cited the General Electric Co., largest operator for atomic reactor plants for AEC. He said General Electric offered to build a reactor "but only if the government paid the entire bill."

The AEC has picked Westinghouse as main contractor on the plant because, Murray said, of its experience with a similar reactor for military use.

Murray, the latest AEC member to be heard on the subject of private industry's role in atomic energy, said:

* * *

"As privately financed efforts gain momentum, the work should gradually be transferred from the federal government so that eventually industry will be carrying the greater part of the burden of this industrial development."

* * *

Gordon Dean, former AEC chairman, told the Senate-House Committee on Atomic Energy six days before he stepped out June 30 that this country has not yet reached the point of being able to produce atomic energy economically. It's on the "near horizon," he said.

Dean's successor, Lewis L. Strauss, told the same committee on July 31 he wants to see government monopoly on atomic development ended but that it can't be until world conditions quiet down. When will that be? He said he hoped it would be "in our lifetime."

But the AEC may propose to Congress next year changes in the atomic energy law to get private industry to take a greater part in development.

Aunt Het

Husbands like to be mothered if it means pettin', but they hate to be told what to do like they were weak-minded youngsters.

Case Records of a Psychologist

U. S. Money Has Built Up Dislike for America

The Prodigal Son found to his sorrow that you can't buy friends with money. Uncle Sam, take note: Nor can you put a desire for liberty upon people from outside, as if it were a coat. The spiritual hungers must be present inside before outside aid is appreciated.

By DR. GEORGE W. CRANE

Case J-323: Delbert G., aged 37, is a mining executive.

"Dr. Crane, I have been very much interested in labor relations," he began.

"My company tried to improve the living conditions of our workers by a private housing project which gave them bath tubs and other modern conveniences.

"But when I made an inspection trip throughout the area and called at a few of the homes, you'd be surprised at what I found.

"One family was using the new bath tub as in indoor coal bin and had it piled full of bituminous coal.

"Another had it full of water but was using it as a minnow tank, for the husband was fond of fishing.

So the contact with modern conveniences doesn't of itself make people cleaner or raise their moral tone."

For a generation professional do-gooders have been trying to prove the Communist doctrine that if we all had the same living

conditions, we'd bring Utopia to this earth. Crime would vanish.

Don't kid yourself: There is no direct connection between bath tubs and morality, or between outdoor toilets and immorality.

You can arbitrarily place grand pianos in every home, too, yet most of the people in those homes would still never be able to play a single piece.

For it first requires a 'desire' to play the piano, plus diligent teaching by mamma or a music instructor.

Delbert's examples show the same thing with reference to bath tubs and modern housing.

In former years, our churches and Red Cross and YMCA carried on a wonderful foreign missionary program.

For those religious workers volunteered at low pay to try to help their unfortunate brethren around the world.

And when we Americans voluntarily made contributions for such work, our dollars were invested wisely where the local natives matched our gifts with equal sums in cash or labor.

Meanwhile, the natives developed high admiration for America. When our soldiers in World War II, landed in an area where such an American missionary had previously built a church or school or little hospital, they were treated with respect and admiration.

For in those days of voluntary charity, the spiritual values were uppermost.

But our current dollar diplomacy and "Santa Claus' squandering of billions hasn't been able remotely to match the previous meager efforts of missionaries.

Uncle Sam has forced every taxpayer to throw money to the four winds. We have literally spent tens of billions where the churches formerly were grateful for a few millions.

Much of our money has been not only wasted, but has built up more dislike for America than was present originally! We are now disliked on a world-wide scale.

A German economist earlier this year stated that 200 new millionaires had been created in Germany alone since 1945 as a result of our Marshall Plan funds poured into Europe.

So it is high time we faced the issue. Is voluntary philanthropy better than forced foreign aid? Do church missionaries "sell" American ideals more efficiently than Marshall Planners?

(Always write to Dr. Crane in care of this newspaper, enclosing a long 3 cent stamped, addressed envelope and a dime to cover printing and typing costs when you send for one of his psychological charts.)

Baering Down

By ARTHUR "BUGS" BAER
International News Service

It was the younger Cato who scored Carthage as the fielder's choice. You take your pick of civilizations and drown the rest.

Coming events use their shadows for collateral. We are granulated to that fine powder of diplomacy where the Monroe doctrine is down to Hobson's choice.

All this has the reminiscent patina of a borrowed toothbrush. Somewhere, sometime, we have been through all this riggamatish before.

The fall of Carthage would have been very small potatoes if we hadn't given Trieste a tumble too.

But we stouck our diplomatic neck out like a well-digger looking for his lunch.

And they threw enough quoits over it to hang 16 feet of portieres.

When we separate the sheep from the goats we finish with white mice.

Our arbitration must be too arbitrary. We finish with both the Italians and the Yugoslavians on a unilateral spree after using our bristle tonic on their seven-year dispute.

We figured on handing over zone A to Italy and zone B to Yugoslavia. Seems that we went window-shopping with a cobble-stone.

Our diplomacy stirred up a duplex-nest of hot patriotism. Can we settle it by giving zone A to the Yugoslavians and zone B to the Italians? Is a bird in the hand worth two in the alphabet?

We don't know. The answer is in the lapse of the gods.

Brady Sees Need Only for Cleansing of Dog-bite Wound, Tetanus Antitoxin

By WILLIAM BRADY, M.D.

A doctor claims:

1. Brady states that rabies does does not occur in man.

2. A humane society attendant, asked to explain why he returned to its owner a dog suspected of having rabies answered: "Dr. Brady says there is no such thing as rabies."

3. The dog bit the owner next day, and the dog died of rabies four days later, as confirmed by microscopic examination of brain tissue.

4. The dog's owner died six weeks later of rabies, as confirmed by microscopic examination of brain tissues.

The doctor presenting this indictment adds that he hopes—(a) that all newspapers will now discontinue Brady's column, (b) that after I am relieved of this job I may participate with snake cultists and other fanatics who try to explain body processes on other than scientific facts, and (c) that I may be attacked by a rabid dog, etc., etc.

In reply to this typical outburst I beg to state:

1. I have never said rabies does not occur in man. I have said only that I have never seen a case of rabies in man.

2. What the humane society attendant said or did not say is not evidence.

3. Whadaya mean "confirmed by microscopic examination of brain tissue?" The laboratory girl found Negri bodies? Phooey! That's as scientific as reading the tea leaves.

If I should be attacked by a dog, whether the dog be mad or just irked by something he thinks I said, I wouldn't care whether the dog (a) disappeared, (b) died of rabies next day or (c) developed symptoms of rabies within two weeks under veterinary observation, I'd certainly not submit to 19th century treatment—injections of so-called Pasteur virus or vaccine.

For bite, scratch or other wound by animal or bird, domestic or wild, regardless of the apparent health or illness of the animal or bird at the time or later, I'd want only 19th century treatment.

This consists of:

1. Immediate surgical cleaning of the wound, or, if necessary, excision (debridement) of all the tissue immediately surround the the wound and all foreign matter in such tissue.

2. An immediate dose of tetanus antitoxin and a second dose 5 to 7 days later.

That's all—otherwise the same care as for any other wound.

A doctor who would cauterize any fresh wound with fuming nitric acid is, in my opinion, a dangerous person in an emergency.

Signed letters, not more than one page or 100 words long, pertaining to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self addressed envelope is enclosed, etc.

Rains Break Texas Drouth

More Rain Expected to Follow Downpours Up to 8½ Inches

LUBBOCK, Tex. (AP)—Farmers in most of the west Texas drought area muddie their boots happily today after the heaviest rains in three years.

And more rain may come. The "scattered showers" forecast which receded yesterday's downpours of up to 8½ inches was renewed for today and tonight.

Over fields of pitifully tiny wheat, browned cattle ranges and irrigated land alike, the rain fell heavily from near dawn into the late night.

The runoff coursed into two small towns, Spur and Dickens, about 75 miles east-southeast of Lubbock, forcing some evacuations. It also ran down the beds of long-dry creeks, spilled over highways and covered bridges.

* * *

The rains were general in the great South Plains area which centers at Lubbock, reaches west to the New Mexico border, 60 miles south to drought-weary Lamesa, 70 miles east past Dickens, and 45 miles north to Plainview.

The rain also fell throughout the Panhandle and in north Texas, where fall-planted wheat had gone limp under the heat and drought. Torrential rains fell in part of south Texas along the Rio Grande watershed, spilling new water into the great reservoir behind Falcon Dam, which President Eisenhower helped dedicate only last Monday.

Farmers were at once jubilant and cautious. The experts have told them it will take more than one rain to "break the drought," that a whole rainy season is needed to restore the reservoir of water under the ground. And for those farmers about to harvest dry-land cotton, the rain was an immediate hurt. It damaged some bolls, knocked down others.

* * *

"The rain helped the dry land for next year and I am willing to take a lower grade on my cotton this year for the good it may do me in 1954," said R. B. Baker, who farms near Wolfforth in Lubbock County.

Luckily, the rains did little damage to the large amount of irrigated cotton in the South Plains. Most of it is of a variety developed to withstand heavy rain, although it is vulnerable to high wind and hail.

Total highway expenditures in the U. S. this year are expected to reach about $5.2 billion.

Family Never Masters Horseless Carriage Skill

By INEZ ROBB

NEW YORK (INS) — All my life I have nurtured a morbid inferiority complex in the face of any machine more involved than the rotary egg beater. I have never been able, for instance, to master the art of driving a horseless carriage. The very idea scares me stiff.

Well sir, I have never felt that psychoanalysis was indicated so long as I have taxi fare. Nonetheless, as I was thumbing through a new book the other night, it suddenly occurred to me that perhaps the reason I can't drive is hereditary.

My father and my uncles couldn't drive, either, although they did for years. The book that set me pondering on this problem is "A Pictorial History of the Automobile," which contains, I swear, a picture of the very first automobile in our family.

This was a big Buick touring car bought by Uncle Ted when I was a little girl before World War I. Eventually Papa and Uncle Charlie bought cars, too. They drove for years, but none of the three ever really learned to drive.

I think their basic trouble was that they couldn't help but feel that anything with horse power ipso facto possessed horse sense. They were all three farm boys, accustomed to horses from infancy. You gave a good horse its head, and it always looked out for itself and for you: That was their feeling, and the system by which they operated the automobile.

All three men were over 40 when they acquired their first autos and I don't believe that time, tide or sad experience ever really convinced them of the fallacy of their system.

When Uncle Ted, a brilliant engineer, discovered that an auto didn't really have horse sense, he declared war on the machine. He drove a succession of cars for 25 or 30 years more, but each was his sworn enemy with whom he never really made peace. He would have made a wonderful cavalry man.

Papa drove for maybe 10 years before Mama made him abandon his happy forays into the Boise Valley. He knew every nook and cranny of the valley, and everybody knew Papa, too. He was always taking both hands off the wheel to wave to old friends or point out some fascinating locale. Or he would turn around to face the back seat and lecture his terrified little audience on the scenery or the wheat yield or irrigation problems.

"Kenton! Watch the road, keep your hands on the wheel!" was Mama's constant litany, as the car wove around of its own volition or came to a dead stop if Papa, luckily, took his foot off the gas pedal in the midst of his lecture.

I don't know why we weren't all killed, especially the day Papa launched into a history of the old Johnson homestead. Before Mama could exhort Papa to keep his hands on the wheel, we were in an irrigation ditch. But aside from a monumental shakeup ("Good for the liver," Papa said), we were none the worse for wear.

But that was the end of Papa's driving. Mama had had enough.

"Get a horse," she said to Papa and meant it. And he did. Traded the car in for it, if I remember rightly.

Believes Some Returned POWs Have Red Views

WASHINGTON (AP) — Chairman Velde (R-Ill) said today that a House Un-American Activities Committee hearing has convinced him that some returned American prisoners of war are tainted with communism.

He called more witnesses today to continuing closed door hearings and announced the doors will be opened to the public beginning Nov. 23.

Velde said testimony of four witnesses "indicates that some of the U. S. forces who were in Communist hands returned to this country with some Communist leanings."

Family Recording Flying Toward Just-Released GI

By JOHN R. MORRIS

BIG STONE GAP, Va. (AP)—Somewhere between this Virginia mountain spot and Tokyo, there's a recording in flight today carrying a mother's message to her hospitalized son, Cpl. Edward S. Dickenson.

Cpl. Dickenson is a 23-year-old farm boy who was captured by the Korean Reds and refused repatriation until last Wednesday, when he decided he wanted to come back to his home straight up on a southwest Virginia mountain where he grew up and helped out with the farming.

He was flown yesterday from Korea to Tokyo, where he was hospitalized for a checkup.

* * *

"Hello, Ed," the recording starts off. The tear-heavy voice is that of his mother, Mrs. Bessie C. Dickenson. "You don't know how proud we are you're a-coming home . . . We're just waiting for you to come in so we can all welcome you home.

"And we want to have a big pot and a little one. We're gonna give a big chicken dinner and so is Keith Myers gonna bake you a big fruit cake. He said so."

The recording was made in the simply furnished living room of the one-story mountain home three miles from the village of Crackers Neck.

* * *

"It seems so long since you left . . ." his mother continued. "And I want you to come back . . . Margaret was around today and I wish you could just see her baby. And Rose Helen has growed so much . . . You wouldn't know her. And I saw your girl friend last night and she sure will be glad when you get home. And Jim's sitting here and I saw Bob and Groyer and I know when you come home, you can really have a family reunion . . ."

Then Jim Dickenson, the corporal's half brother, speaks:

". . . Whenever you land, give me a ring, Eddie. And I'll be there to ge. you in a car—no matter how far it is. I'll come and get you.

* * *

"I'm getting ready for a deer hunt and hoping you'll be here . . ."

The corporal's 72-year-old father, Van Buren Dickenson, also had some words for his son. He talked about the family's dogs. Then a local disc jockey, Country Jim True, said something.

Also there were two officers from the American Legion, who sponsored the recording.

When the military academy at West Point was officially opened in 1802 there were ten cadets present for instruction.

'Bundle' Budget Idea Outlined

Administration Would Group Defense Funds, Foreign Arms Aid

WASHINGTON (AP) — A reported "one package" budget, in which the administration would wrap together its national defense and foreign military aid requests, drew praise and a word of caution today from Sen. Mundt (R-SD).

"Constructive and useful," was his comment to a reporter. He said he liked the idea of "lumping together total U. S. defense needs, both at home and abroad," when congressional appropriations are sought.

But Mundt, a member of the Senate Appropriations Committee, suggested the foreign end of such a request would get closer scrutiny than the part earmarked for the Army, Navy and Air Force.

Sen. H. Alexander Smith (R-NJ), a Foreign Relations Committee member, called the reported tie-in plan "very interesting." In a separate interview he added:

"Of course, we can sometimes get more value out of a dollar spent abroad than for home defense. It is in the best selfish interest of the country to do that."

Administration officials, declining use of their names, said a one-package, home-and-abroad defense bill is under serious consideration by the Eisenhower administration.

Its purpose, as described by these officials, would be:

1. To improve the chance of getting congressional approval of a sizable foreign military aid program at the session beginning next January. By the same token, of course, the plan might arouse opposition among lawmakers opposing foreign aid.

2. To help win acceptance in Congress and throughout the country of present high-level thinking that U. S. defenses are interlocked now and will be for a long time with those of Western Europe. The theory here is that dollars spent for defense purposes abroad are as well invested as dollars spent on America's own forces.

Mundt, who calls himself a consistent supporter of foreign aid programs, said a consolidated defense budget would give Congress a "clearer picture" of all U. S. defense commitments and plans.

The single budget defense approach is part of long-range military and defense plans now being discussed by the Joint Chiefs of Staff and top civilian officials.

Administration policy makers now feel, it is reported, that the world situation has changed and America must now support a long-term defense policy at a cost which the economy can bear year after year.

The modern divining rod rides a plane. With camera, magnetometer or radar, aerial explorers can locate underground water and metallic ores, assay quarries, count the trees in a forest, and accurately measure the height of both mountain and molehill.

Man Given Probation in Slaying of Kin

Jefferson Gammon, 59, of 1558 E. Webster St., Ferndale, today was placed on three years probation and assessed $300 costs on a manslaughter charge by Circuit Judge Frank L. Doty.

Gammon pleaded guilty to the charge Oct. 2.

He had been arrested on a second-degree murder warrant in the fatal shooting March 14 of his son-in-law, Neal Weymouth, 36.

The shooting followed an argument in the home, Gammon said, and he claimed self-defense when he pleaded guilty to the lesser charge. Weymouth and his wife, Ethel, 32, had been living with her father at the Webster Street address.

Movie Camera, Cash Stolen in Royal Oak

A movie camera and $235 in check and cash were stolen Thursday from the home of a Royal Oak Township man, according to Oakland County sheriff's deputies.

Vincent Dinezio of 15150 Ten Mile Rd., told deputies someone entered his basement window and took a $150 check, $85 in cash and the camera. Deputy Steve Hawlik said the thief must have been a small man or young boy, because the window opening was small.

State NAACP Queen to Be Named Tonight

Pontiac Mayor Arthur J. Law has proclaimed today as "Miss NAACP Day."

The proclamation was issued in connection with the first annual NAACP conference coronation ball tonight in the Hotel Roosevelt Crystal Ball Room.

Contestants from Pontiac, Detroit, Grand Rapids and Flint are competing for the Miss NAACP TITLE.

Gov. G. Mennen Williams and State Sen. Charles C. Diggs Jr. will address the state-wide group in the State Theater at 7 p.m. Mayor Law will welcome the group to Pontiac.

Pontiac's candidate for tonight's crown is Clara Ramsey, 19, of 370 South Blvd.

Penn Musicians Spat on Spats

College Band Calls Off Threatened Strike Over Uniform Accessory

PHILADELPHIA (AP) — Musicians in the University of Pennsylvania's marching band had a spat over spats—they even threatened to strike—but now they're marking time again.

* * *

White spats, they said, are just what they need to give their uniforms a touch of dash. The university didn't see it that way.

The result was almost a musical mutiny on the eve of tomorrow's Penn - Navy game at Franklin Field. "No spats, no music," was the bandsmen's ultimatum.

But Dr. Arnold K. Henry, dean of student affairs, talked to the rufled musicians and restored harmony—for a whole. An informal strike vote, taken earlier this week, was reversed 51-16 in a secret ballot after the meeting with Dr. Henry yesterday.

Spats were only one sour note in the discord. Others included the university's refusal to send the band to the only away game this year, next Saturday's contest with Michigan at Ann Arbor.

* * *

On the spats issue: "I had no idea you bandsmen felt so strongly about it," the dean confessed. But he spiked a rumor that the university was committed to a no-spats policy and indicated the issue could be worked out.

On the Michigan game issue: "It's a matter of cold economics," said Dr. Henry. The band's budget is $16,050 a year, he said, and the Michigan trip would cost $4,500.

Other band demands were a full-time director, better practice facilities, "permanent contact" with the athletic department, inspection of the budget, and an award for band members—"sort of a key, or a letter or something."

Dean Henry agreed the band should set up a committee to discuss its problems with his office. The budget, he said, is open to any undergraduate for inspection.

Most band members were satisfied. They picked up their tubas, trombones and glockenspiels and resumed rehearsals.

"The main idea," one player said, "was to blow our own horns."

New-Type Road Signs

GRAND RAPIDS (AP)—The traffic department has designed some new "yield right of way" signs for use at intersections where traffic problems exist but not enough to warrant stop signs. Fifty signs will be erected in the next two weeks.

Suggests Jesuits Buy Percy Jones

BATTLE CREEK (AP) — A Michigan group was reported today as trying to interest the Jesuit Order in acquiring Percy Jones Army Hospital for use as a school.

The Battle Creek Enquirer News said it was informed a group of lay people is suggesting that the Roman Catholic order seek the hospital property from the federal government.

Percy Jones was closed recently by the government in an economy move.

The Rev. Fr. Robert J. Stenson, treasurer of the Chicago province of the order, said the proposal had not been made to his office, which has jurisdiction over Michigan.

The Jesuit Order operates the University of Detroit, the only unit under its jurisdiction in Michigan, he said.

Soviet Demands Goods Step-Up

Russia Launches Big Drive to Boost Living Standards

MOSCOW (AP)—The Soviet government ordered a giant step-up today in the production and distribution of consumer goods. It was part of the big drive announced by the Malenkov government Oct. 8 to boost the living standard of the Russian people.

A two-page decree, issued by the Soviet Council of Ministers and the Communist party's Central Committee, ordered a 72 per cent increase over the 1950 output of consumer goods—in terms of money value—by the end of next year. It also called for:

* * *

1. The opening of 40,000 new stores and 11,000 new restaurants and dining halls by the end of 1956.

2. A brushup by all Soviet internal trade organizations of their services to the public and the elimination of backward distribution methods.

3. The training of additional personnel in order to give the Soviet consumer the best service he has ever received.

* * *

The decree, a counterpart of recent Soviet moves aimed at increasing the nation's farm output, admitted that Soviet consumer goods arrangements have fallen short of satisfying the needs of the people. It said:

"The organization of the public food supply is backward. There are insufficient dining halls and restaurants and the people must wait too long to be served. Sale and distribution of building materials is inadequate."

The new consumer goods schedule replaces one included in the 1950 five-year plan that called for a 70 per cent increase in the monetary volume of domestic goods trade by the end of 1955.

* * *

The decree listed percentage increases ordered in a number of commodities, as compared with the old five-year plan schedule. Among them were:

Meat—230 per cent by the end of 1954, instead of 90 per cent by the end of 1955.

Butter—190 per cent, instead of 70.

Furniture—400 per cent, instead of 300.

Clothing—240 per cent, instead of 80.

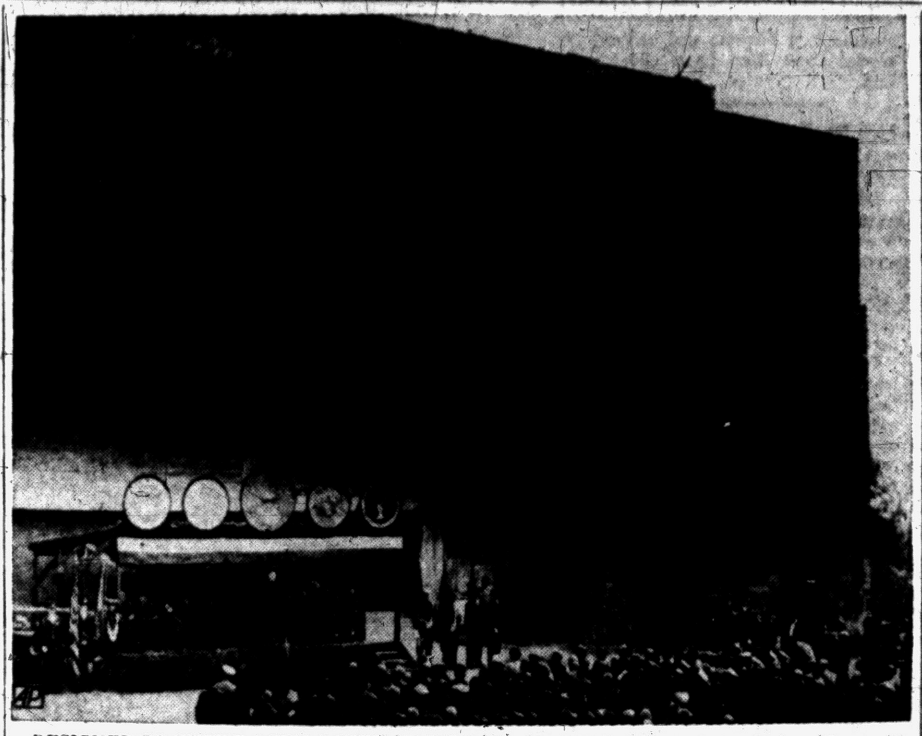

Sewing machines—510 per cent, instead of 200.

Radio and television sets—440 per cent, instead of 200.

Refrigerators, washing machines, vacuum cleaners—1,000 per per cent of the five-year plan aim. (No figure was given for the original production boost goal.)

Taking the Whole Hog

SMITHFIELD, Va. (AP) — In this home of the famed Smithfield ham the meat packers don't overlook the hog's other parts. They make use of everything from snout to tail, including blood for fertilizer and hair for insulation material.

DESIGNED TO RESIST ATOM BOMBS.—Building designed to afford protection during atom bomb attack is the scene of speech-making during cornerstone laying ceremony in Washington. The structure, which will house the Armed Forces Institute of Pathology, is being built without windows and has reinforced concrete walls of thick construction. It has three floors below ground and four above, is situated on grounds of the Walter Reed Army Medical Center.

Ask Seniors for Essay on Adult Delinquency

GRAND RAPIDS (AP) — Tired of talk and surveys of "juvenile delinquency," Kent (Grand Rapids) county's three circuit judges are posting $150 for the high school seniors writing the best essay on "adult delinquency."

"More emphasis hould be placed on adult delinquency," said Judge Dale Souter last night in announcing the essay contest. "Parents, rather than youngsters, should be investigated if a congressional investigation is needed to curb juvenile delinquency."

The U. S. consumes more pulp and paper than all the rest of the world combined.

The American people spend about $4.7 billion a year on furniture, and about $10.3 billion a year for new automobiles.

TUMS FOR THE TUMMY

Backs Churchill on Guiana Move

House Gives Premier Vote of Confidence on Colonial Crackdown

LONDON (AP) — Prime Minister Churchill's government won a decisive vote of confidence last night on its drastic action in throwing out British Guiana's left-wing government and suspending the colony's constitution.

The House of Commons, after a heated five-hour debate, beat down by a vote of 294-256 a Labor amendment denouncing the government's moves. Then the House endorsed without a count the government's policy.

* * *

Dr. Cheddi Jagan, the ousted British Guiana Prime Minister who flew to London Wednesday to plead his case, sat in the spectator's gallery. He heard Colonial Secretary Oliver Lyttelton accuse him of undertaking "a deadly design to turn British Guiana into a proletarian state dominated by Communist ideas."

Laborite speakers contended that the government had acted in a dictatorial manner and encouraged anti-British nationalism by brushing aside the Guianan constitution just a few months after it went into effect. A demand for Lyttelton's resignation brought cheers from the Labor benches.

* * *

Labor party leader Clement Attlee acknowledged, however, that some local leaders in the South American colony were Reds and said the government was right in firing them.

APPAREL for WOMEN

75 NORTH SAGINAW ST.

Seems You Ought to Know Him!

You see a man behind the wheel of a beautiful new Cadillac—and, almost instinctively, you take a second look.

It seems you ought to know him. Your judgment tells you that those who drive Cadillacs are likely to be people of importance—and are very probably in the public eye.

It is small wonder that you feel this way about people who own and drive these distinguished cars.

For more than half a century, Cadillac has been a favorite car of the leading people in every community across the land. For Cadillac is the *only* car in America whose name has *consistently* been reserved for the finest motor cars it is practical to produce.

People who want the finest have learned to come to Cadillac—as the tide goes with the moon!

Of course, you don't have to be a prominent person in order to find a reason for coming to Cadillac.

There is every *practical* reason for owning a Cadillac—as well as every *personal* one.

Listen closely to these three facts—and you will see what we mean:

Under normal driving conditions, the Cadillac car will run a full day on a single tankful of gasoline.

The lowest priced Cadillac actually costs *less* than twenty-two different models of other makes of American-built automobiles.

And a Cadillac, according to an authoritative study of national used car prices, will return a greater share of its owner's investment at the time of resale than any other motor car in the land.

So whether you are *prominent*, or whether you are *practical*—Cadillac is your perfect choice!

Naturally, these two classifications include a great many people—and probably they take in *you*.

If they do, come in and see us. Cadillac was never so fine and beautiful as it is today—and it was never more practical to own and enjoy.

We're at your service any time!

JEROME MOTOR SALES CO.

The Quartermaster Corps bought GI soap for the U. S. Army during the past year. Price per one-pound bar on a recent procurement order was slightly more than seven-tenths of one cent.

Iran lies largely on a hot, windswept tableland averaging 4,000 feet above sea level.

Diaries Shed Light on Historic Events

LARAMIE, Wyo. (INS)—Diaries relating sidelights of Gen. Sherman's march through Georgia and other historical incidents recently were added to the University of Wyoming archives.

Col. Leonard Eicholtz' 56 diaries and three notebooks were termed "fabulous" by University officials. They cover the military man's activities between 1852 and 1910.

The diaries include tales of the burning of Atlanta during the Civil War, floating down the Mississippi River under fire of Confederate shore guns, Indian fights, fever conditions in Panama and sailing around Cape Horn in a clipper ship.

Habits Set 20-Minute Telephone Call Spacing

SCHENECTADY, N. Y. (UP) — Most persons who leave their offices for a short time are back again in 20 minutes.

That's why telephone operators offer to call a long distance party again in 20 minutes when there's no answer.

Telephone statisticians have learned that one is more apt to find a person in the office again after 20 minutes than after 15 minutes or half an hour.

If the absentee has not returned in 20 minutes, he is usually gone for the day.

Pontiac Press Photo

THE TELL-TALE SPIRAL—Pointing to the increased enrollment spiral for Oakland County public school children from 1933 to 1953 is William J. Emerson, Oakland County superintendent of schools. Others in the photo who participated in the program of the Oakland County Parent-Teacher Association Council meeting Tuesday night in Lake Orion are, left to right: Clifford Smart, superintendent of Walled Lake schools, who discussed the financial needs of the schools; Mrs. Stewart Schweizer, moderator of the symposium and member of the state PTA board, and, at the extreme right, Dr. W. Ray Smittle, school of education, Wayne University.

New Pennsylvania Tax Reaches Into the Grave

HARRISBURG, Pa. (AP)—Even the deceased have to pay Pennsylvania's new sales tax since it took effect in September.

It provides that 50 per cent of the lump sum charged by a funeral director is subject to the one per cent levy.

If a vault is provided for the burial, that's a separate item—and its entire cost is subject to the levy.

U. S. Leadership Gaining in Europe as Reds Hedge

By LEON DENNEN

PARIS (NEA) — United States leadership is gaining acceptance in Europe—for the first time since President Eisenhower entered the White House.

The immediate reason for this sudden turn in American diplomatic fortunes is attributed by U. S. diplomats to Russia's latest rejection of the West's offer to negotiate on Germany.

Even the strongly pro-neutralist Paris Le Monde, along with influential advocates of a new Munich in Britain and France, are somewhat disappointed at the Kremlin's "negative attitude towards peace."

As a high U. S. official who helped draft the West's last note to Moscow told me: "The neutralists who clamor for Big Four talks are beginning to realize that Russia does not really want to negotiate."

And he added: "Even the Korean conference originally scheduled for Oct. 28 seems to be a fading dream."

The consensus of a number of U. S. diplomats in France is that Moscow has every intention of holding fast to North Korea, East Germany and Austria.

They believe that Russia will not enter into East-West talks on any realistic basis until Premier Georgi Malenkov has consolidated his shaky power in the Red empire.

The Russians, of course, do not—and will not—reject the idea of an East-West meeting at some future time. But their purpose is plain enough.

The Kremlin oligarchs, by holding out illusory prospects of settlement, hope to sow dissension and discouragement in the non-Communist world—and propagate the idea that only "peace-loving" Russia wants such a settlment.

Russia is obviously fighting for time. The Reds' diplomatic moves are primarily designed to postpone negotiations which would expose the falsity of their claims.

They will obviously limit diplomatic activity to "negotiations about negotiations" and tread water until the Kremlin oligarchs have been able to:

1 Consolidate power at home through a series of blood purges.
2. Build up North Korea as a Red Satellite.
3.Prevent the formation of the European Defense Community.
5. Exploit Western disunity in the United Nations.

Meanwhile, influential politicians in Britain and France—though a bit shaken in their belief that "you can do business with Russia"—are keeping up their clamor for an East-West meeting "at th highest level."

The world's highest active volcano is Cotopaxi, 19,344 feet, in Ecuador.

May Call in Troops to Halt London Strike

LONDON (AP)—The government prepared today to call in troops if necessary to ward off complete paralysis of London traffic by a wildcat strike of 2,600 oil truck drivers. The walkout is now in its fifth day.

Unless the strikers go back to work, Churchill and his Cabinet decided yesterday, soldiers will be sent to man both the oil trucks and the 32 oil depots affected by the stoppage.

The strikers, who are demanding the firing of all nonunion coworkers and a weekly pay raise of 10 shillings ($1.40) unanimously voted yesterday to disregard a back-to-work call by their union, the huge Transport and General Workers' Confederation.

Honey bees carry water as well as honey. Special carriers bring it to the hive, dole it out, seal it in cells, or even act as storage tanks themselves until the water is needed.

Farmers Turn to Good Earth for Church Funds

MADILL, Okla. (AP)—Deeply religious, but without adequate churches, southern Oklahoma's farm folks have turned to the good earth for the means to build new houses of worship.

Baptist brethren scattered over rural Johnston and Marshall counties are dedicating themselves to the task with old-time religious fervor.

That's why you'll find members of four churches in the Johnston-Marshall Baptist Assn. in the fields picking cotton or threshing peanuts on fertile black land, owned or leased by the churches.

They're all working toward one goal—the day they can convert the sweat of their brows and the sales of their crops into a gleaming new church for each congregation.

* * *

The Willis congregation, with nearly $4,000 in the till from cotton and peanuts, is ready to start construction next month. Crops still to be harvested and yields from future plantings will buy all the necessary materials.

Members turned architect, carpenter and decorator will put up the building themselves.

Willis, which hit upon the farm plan when its fund drive bogged down, transmitted its enthusiasm to Russet, Nida and Coleman congregations.

Now all four have crops laid by, buildings going up or planned. The idea is catching on with the entire association of 24 rural churches. Their buildings all are ancient and run down or too small.

Auction Is No Place for Joking, He Laments

DALLAS, Tex. (UP) — Charles Dameron, a reporter for the Dallas Daily Times Herald, found himself the owner of a cabin in the pines for a mere $30, and he didn't know what to do with it.

Dameron jokingly bid $30 on a dilapidated three-room house at a Commissioners' Court auction sale. He was the only bidder.

"Now, if I just had $3,000 to fix up the place," Dameron said.

High-Way Robbery

BETHLEHEM, Conn. (UP)—An unidentified youth attending a church bazaar was fascinated by an old stepladder and bought it for 50 cents. Later, it was discovered that it belonged to one of the attendants and was an unusual family heirloom, worth considerable money. She had bought it to exhibit at the bazaar to exhibit it.

INDIGESTION OVERCOME BY O-JIB-WA

Chesley McFarland, Scottville, Michigan, found relief from gas, indigestion, and bloating after 10 years suffering.

Mr. McFarland

"I have been taking O-JIB-WA BITTERS for about a year now and can truthfully say that it has made me feel like a new man. I have suffered with indigestion and stomach distress for about 10 years, during which time I tried dozens of patent medicines with little relief, and was beginning to feel as though there was nothing I could do about it. I read so much about O-JIB-WA BITTERS in the newspapers that I decided to try it too. Frankly the results were surprising for I began to get good results in just two weeks. My stomach trouble is over and it really is great to be able to eat anything again without worrying about the after effects. I can't say enough for the good that O-JIB-WA BITTERS has done for me, and would highly recommend O-JIB-WA to anyone with the same troubles I had." Available in all leading drug stores in Michigan.

Bob Considine Says:

Anti-Reds Have Difficulty Getting Books Into Stores

NEW YORK (INS) — People, Places, Things—

Ed Hunter, author of "Brainwashing in Red China," (Vanguard) tells me about astounding troubles experienced by any person who writes a book that is critical of communism in Asia.

"Don't tell me there isn't book-burning in this country," the veteran foreign correspondent said. "But it's not the kind the liberals and the leftists yell about. It's the kind that a lot of our salesmen and saleswomen in book stores go in for.

"There appears to be some tacit agreement among these people, Communist or anti-anti-Communist inspired, that they will do nothing to abet the sale of an anti-Communist book.

"They will keep them out of sight, express lack of knowledge about them, and make no effort to get such a book for a customer.

"In Detroit recently an influential friend of mine expressed doubt as to what I'm charging. So in my presence he called a book store in the same building, asked for my book, and was told that it had no copies.

"He hung up, reflectively, and said, 'That's odd, they usually say 'We'll order it for you.' But not this time.

"He had his secretary call three other stores in town and the reception was equally cool."

Hunter told also of the strange antics of the book department of a big New York store, in the case of Maryknoll Father Mark Tennien's book about his life in prison after the Reds overran China.

"A woman asked for the book and was told there were no copies. She mentioned this to a priest at St. Patrick's who knows the manager of the store.

"The priest called the manager and the manager said he was surprised; that books of all types were bought by the store's book department. The woman returned and tried again, and met with the same answer.

"The manager was informed and asked the woman to stay where she was. He came down to the department and quickly found the entire purchase of Tennien's books hidden in a storage closet. He transferred one book department clerk to another section of the store.

"But the one who finally waited on the customer slammed it down quite hard in front of her and said, 'At least, I don't have to wrap it.' "

This sounds like something out of a professional Red-baiter's lower drawer, but I know of similar instances. Alex McKay, publisher of Robert E. Stripling's "The Red Plot Against America" —which revealed things in 1949 which are just coming to light now—was told by the head of the book department of another big New York store:

"I'm only taking six of them. No sense taking more. The clerks would only keep them under the counter."

William R. Kent, vice president and treasurer of the Anderson-Tully Co., of Memphis, sends me an item that constitutes a kind word for the U. S. railroading industry—which doesn't get too much of a publicity break these days.

Commenting on our recent piece about the father of Wilbur and Orville Wright, and his stern statement that flying was only for angels, Mr. Kent writes:

"The fabulous Wright brothers story has another side—with a sardonic twist—equally apropos the 50th anniversary of that historic day, Dec. 17, 1903, when man first flew.

"When Orville Wright died a few years ago, he left an estate of over one million dollars.

"It was invested entirely in the common stock of the Atchison, Topeka & Santa Fe Railroad!"

A Cincinnati firm is putting out a gadget named "Blab-Off," a remote control switch which will tune off the sound of a TV commercial but retain the picture—so the viewer can know when to tune in again.

To date, "Blab-Off" looks like the best means of tuning out television itself. Period.

Costs Less at Store

DANBURY, Conn. (UP)—Theodore A. Wedell, 28, and John M. Whitloc, 23, both of Stamford, concluded their gishing trip was a flop. Each was fined $25 in city court for fishing without a license. What's worse, they said, was that they didn't catch any fish.

U.S. Troop Talk Upsets France

EDC Approval May Be Stalled Again by Fear of Americans Leaving

WASHINGTON (AP)—Growing talk here about the possibility of reducing U. S. ground forces in Europe has evidently disturbed the French government at a time when it is hoping for early parliamentary approval of the European Defense Community.

Retention of the six American divisions now in Europe for a long time is regarded by the French as a major requirement for their approval of EDC.

They view the U. S. divisions not only as a safeguard against Soviet attack but also as affording protection, along with British troops, against possible revival of threatening German military power.

Under the European Defense Community Treaty, West German forces would be armed up to a strength of at least 12 divisions as part of the North Atlantic Alliance defense. They would compose units in an EDC army which would also include troops from France, Italy, Belgium, The Netherlands and Luxembourg.

The outlook for French approval of EDC had recently become bright again after lots of uncertainty. Now a possible threat to ratification prospects in France is seen in these developments:

1. An unofficial disclosure from Paris, subsequently confirmed here, that the United States has dropped a tentative proposal to send an additional armored division to join its North Atlantic Treaty forces next year.

2. Secretary of Defense Wilson's news conference remark that development of new weapons would make it possible in the long run to cut down on American ground forces in Europe.

Since these two incidents, there has been speculation concerning a review of military strategy by the Joint Chiefs of Staff looking toward reduction in American forces now widely committed around the globe.

Some authorities here are reported to feel that incorrect implications were read into Wilson's statement abroad. Their belief is that he was not necessarily talking about cutting down American fighting power at some future date, but was rather suggesting that new weapons, notably in the atomic field, might enable fewer men to do a better job in the Western European defense system.

Omaha Police Show Favoritism for No One

OMAHA, Neb. (UP) — Police showed real enthusiasm during a recent drive on traffic and parking violators.

They put overtime parking tickets on autos belonging to Municipal Judge Frank Nimtz, the assistant city prosecutor, Herbert S. Dolgoff and several police cruisers.

Slavic Ex-Queen Attempts Suicide

PARIS (AP)—Ex-Queen Alexandra of Yugoslavia was said by her attorney to have attempted suicide in desperation over the current divorce action by her husband, Yugoslavia's exiled King Peter. She appeared at a divorce court hearing yesterday with a bandaged wrist.

The beautiful young Alexandra and the ex-King faced each other before a judge to discuss a financial settlement and the future of their son, Prince Alexandre.

Peter filed a divorce petition here last month charging the former Greek princess deserted him. The judge is expected to rule Monday on some points discussed at yesterday's session.

The alleged suicide attempt was reported by Louis Chairsemartin the ex-queen's lawyer, who said his client had slashed her wrist with a pocket knife Wednesday night at her hotel.

Prisoner Shows Police How to Escape Handcuffs

ST. LOUIS, Mo. (UP)—Authorities thought they had a junior grade Houdini on their hands when a burglary suspect, Richard F. Lindner, showed them how to get out of handcuffs.

Lindner escaped from the Municipal Courts building. After his recapture several days later, he amazed officers with his story of having removed the handcuffs himself.

Lindner obligingly demonstrated how he did it. Sheriff Martin L. Tozier ordered a new supply of tinker-proof "bracelets."

Doesn't Drink, Smoke, Saves Every Penny

HUNTINGTON, W. Va. (AP)—Not many people can say they retired with every penny they ever earned.

But William Alford of Huntington, who recently retired after 35 years as a Chesapeake and Ohio railway engineer, says he has all of the $35,000 he earned as a part-time fireman and as an engineer.

How did he do it? He has a private income, he doesn't smoke or drink and he is unmarried.

California has about six million acres of irrigated land.

Salesman Finally Sells Self on Turkeys' Merits

SALT LAKE CITY (AP)—A Salt Lake City advertising man convinced even himself of the merits of turkey-raising.

After handling turkey and other poultry promotion for 30 years, David W. Evans began growing turkeys. He says he and his partners have had good beginner's luck with a flock of 1,500 birds.

Italy has a coast line of 2,270 miles. On the mainland no place is more than 60 miles distant from the sea.

Iowa Town Car Dealers Irked by New Ordinance

FAIRFIELD, Iowa (AP) — Car dealers in this Iowa town are mad. The City Council recently passes an ordinance which provides that no motor vehicles offered for sale or trade can be parked on the streets or any place between property and car lines.

The dealers are trying to get the ordinance repealed. They claim it will force their business out of the city.

Washington national monument has an electric elevator.

First Geology Course

NEW HAVEN, Conn. (INS)—The first course in geology in the United States was given at Yale University by Profesor Benjamin Silliman in 1809. Silliman is known as the father of scientific education in American colleges.

Birds Migrate in Four Rivers

Reasons Unknown to Man But Routes Used Since Ice Age

WASHINGTON—Autumn's hosts of migratory birds are on the wing.

From Arctic nesting grounds, pot-holed tundra and lonely bays already locked in ice, wild geese, ducks and brant fly southward in mysterious, unchanging channels. Shorebirds and the restless birds of land move by the millions toward winter quarters as far south as Cape Horn.

There are four major, little-understood "aerial rivers" for birds migrating over the United States, the National Geographic Society says. These are the Atlantic Flyway, the Mississippi, the Central and the Pacific.

Birds probably have used these routes since the end of the Ice Age. Yet man is still uncertain as to how they follow their precise schedules and paths of flight, returning year after year to the same places in north and south.

Different varieties of birds start their journeys at different times. Robins, the early birds of spring, stay north relativley late and many may not leave at all.

Blue geese wing toward the salt marshes and mud flats of Louisian, Texas and Mexico in early fall. Egrets and eagles often fly north instead of south in early fall until winter turns them back.

Watchers scan the night sky for some types of migrants. Astronomers aid ornithologists by aiming their telescopes at the moon and clocking the flights on nights of greatest movement.

Sometimes mass tragedies occur during migration. In storm or fog or over bright city skylines at night, flocks of birds may become confused, lose direction, and crash headlong into buildings.

Skyscrapers and bridges take an annual toll of thousands of birds, despite warning devices.

Many birds fly tremendous distances over open ocean. No one yet knows how they navigate.

From rendezvous over Nova Scotia, American golden plovers follow a path over the Atlantic to South America's northeastern shoulder, often making the flight in three days and three nights.

Millions of birds cross the Gulf of Mexico at its widest point en-route to Mexico, Central and South America.

Long-distance champion of the bird world is the Arctic tern. Nesting as far north as there is land, on islands rimming the Arctic Sea, this voyager flies across the ocean to Europe, thence down the west coast of Africa, and eventually to the fringes of Antarctica.

Returning in the spring to the Arctic by way of South America, the globe-trotting tern flies some 22,000 miles in a single season of migration.

Legion Seeks Jobs for Disabled Vets

NEW YORK (INS)—American Legion units throughout the country are following the lead of one of their posts in seeking useful employment for some of the 250,000 Americans disabled each year in traffic, household and industrial accidents.

The Legion plan is known as "operation JOB" — the initials stand for Just One Break — and it was started last year by the Advertising Men's Post 209. Response from other Legion posts throughout the country has been such that the Admen's Post, with headquarters in New York, not only is assisting other posts in establishing their local JOB wings, but is expanding its own operation.

The JOB work includes querying employers on the number of jobs available for disabled veterans and financing professional guidance for JOB operations through auctions, dinners, and social events.

During the first year of the Admen's Post operation, 40 physically handicapped veterans were placed in productive jobs.

Can Participate Without Penalty

Walter Kiernan Puts Sayings to Well-Read Panel Members

NEW YORK — "The thing I like most about the program is that I can play the game right along with the panel members," a recent visitor to the TV quiz program Who Said That? commented with obvious delight.

The delight, it developed, stemmed from the fact that she was also able to identify many of the quotations from the week's news before, or at the same time, the expert panelists were.

This feeling of association and competition with the top journalists, commentators, stage, sport and political personalities who are guests on the panel each Monday enhances the appeal of Who Said That? to audiences across the country.

The televiewer enjoys the advantage in that, while participating from his chair at home, he is free from the penalty imposed on the panelists if they fail to identify a quotation correctly.

A forfeit of $10 is made for each error. The money collected is donated to a national charity.

Who Said That? made its debut July 2, 1948 as a radio presentation. Its panel of experts consists of four members.

One, a permanent panelist, serves as the "anchor man" who gets a crack at the questions the guest panelists are unable to identify. Bill Henry, Washington commentator, currently fills this role.

Walter Kiernan, author, journalist and well-traveled commentator of radio and TV, is moderator, posing questions based on quotations made within the past week by persons of prominence anywhere in the world.

June Lockhart of Stage, screen and TV, appears most often as guest, lending a glowing charm, wit and wisdom to the stimulating and scholarly proceedings.

The televiewer at home gets one added thrill from the program: He has a front seat on history in the making for many of the quotations used on the program are by presidents and princes, playwrights and baseball pitchers — some of the remarks destined to immortality.

Decree Sidewalk Vital in Home Construction

EAS TGRAND RAPIDS (AP) —A sidewalk has become an integral part of a home here under an amendment to city ordinances adopted by the commission.

In the past many homes were constructed where there were no sidewalks and where property owners felt none were needd. Hncforth building prmits will not be issued unless a sidewalk is included in construction plans.

Ferguson Backs Farm Program

Says GOP Working Out Long-Range Plan for Lasting Benefits

EAST LANSING (UP) — Sen. Homer Ferguson said today the Eisenhower administration was carrying out a farm program aimed at producing "lasting" benefits rather than "political expediency."

The Michigan Republican said in a speech prepared for delivery before the Michigan Grain and Feed Association that Republicans have acted to halt a drop in farm prices and are preparing a sound, constructive agricultural program to present to the next session of Congress.

Ferguson said the administration has approached the farm problem on the principle that the farmer wants "an orderly solution to his problems, one that is sound and lasting and is based on peace, not war."

"During the past two decades, we witnessed in Washington this shaping of farm programs based on theory and not on practical knowledge or experience," he said. "They were devised with an emphasis on political expediency rather than the lasting welfare of the farmer and the nation as a whole."

He said that the farmer wants "no part" of such a program.

"Essential studies have been made and the administration is in the process of preparing for Congress a farm program that is solidly based, with the farmer himself having a strong hand in the formulation of new policies that will not only provide for strengthening the economic position of the farmer in the present but also for the future," he said

The Yukon River is navigable by shallow-draft steamers for 1,777 miles.

Reports $300 in Tools Stolen From Garage

William Pattison of 15826 Kentucky, Detroit, reported the theft of $300 worth of tools Thursday, according to Oakland County sheriff's deputies.

Pattison, who is building a new home at 41200 W. Twelve Mile Rd., in Novi Township, stored his tools in a garage near the home Thursday afternoon, he found a side door smashed and the tools gone.

New Permalube 5W-20 is rated the world's best all-weather oil!

Amazingly allows starting like thinnest winter oils—yet protects and lasts like a summer oil!

FASTEST! The remarkable fluidity of this oil at low temperatures allows your car to get the fastest possible starts. Tough, yet it flows freely even at 30° below zero.

LOWEST! New PERMALUBE 5W-20 has the lowest consumption of any winter oil. Proved over and over by many tests. Economical in all cars, both old and new.

BEST! Because New PERMALUBE 5W-20 has the highest effective viscosity index that can be built into a motor oil, it naturally rates as the world's best all-weather oil.

TOPS! New PERMALUBE 5W-20 is tops in fighting acid, sludge, varnish, engine wear. Extra-stable barium-base additives prevent deposits. There's no better oil made.

OUTSTANDING! New PERMALUBE 5W-20 has outstanding ability to keep combustion chambers free from knock-causing deposits.

Hot today? Cold today?
Change now for winter anyway
...because it's the all-weather oil!

You expect more from STANDARD and get it!

Traffic Court Sentence Stiff

Donald Kenney Pleads Guilty to Manslaughter, Gets 7-15 Years

DETROIT (UP)—Donald R. Kenney began a term of 7½ to 15 years in Jackson prison today—the stiffest sentence ever given in Detroit's traffic court.

Kenney, a Flint factory worker, admitted running a red light last July 4 and colliding with another auto in suburban Detroit. Jack Brindsen, his son, Kenneth, 13, and his mother, Mrs. Elizabeth Dertz, were killed in the crash.

Kenny was sentenced by Traffic Judge John D. Watts Thursday after pleading guilty to a manslaughter charge.

"This penalty," Watts said, "is meant to serve notice on everybody in Michigan that the traffic laws of the state are simple, easy to understand and must be enforced."

Kenny said Brindsen's wife, Ann, sued hom for $75,000 damages but his insurance company settled the case for $9,200.

However, he said he borrowed $1,500 to give Mrs. Brindsen because the settlement "isn't enough and I want to work to take care of that family for the rest of my life.'

Kenney said he hoped the court "will believe that there was no malice or intent in this case.'

Student Police Get Own Job to Work On

DETROIT (AP) — Clerk Mary Aly is writing Detroit police academy memos in longhand while waiting for students to solve their latest academic problem — the theft of her typewriter.

Someone stole the clerk's typewriter from a first-floor office, giving the going-to-be-rookies a real live case on which to work.

There are 50,000 Indians in New Mexico.

Bismark Man Disarms Self Before a 'Spree'

Bismarck, N. D. (AP) — Startled police watched while a Bismarck man dumped a shotgun, a .22 caliber pistol, a rifle and a shell vest on a headquarters desk.

The man explained he was going on a Saturday night spree and didn't trust himself with so much fire power around.

He was gone before police could complete a temperance lecture, but at 10 a.m. Sunday he was back to collect his arsenal.

When sighting a whale, ancient mariners had a custom of throwing out an empty tub to divert it.

Ben and Zeppo Bitter Friends

Marx Purchases Store to Keep Hecht From Out-Buying Him

By BILLY ROSE

In Hollywood, where boredom and bedlam run neck-and-neck, people tend to make a big thing out of their hobbies and, often as not, these hobbies are a throwback to what interested them as children.

BILLY ROSE

For example, some years ago a star named Colleen Moore spent almost half a million dollars on a doll house as big as a bus.

More recently, Walt Disney has spent $100,000 on a miniature railroad system which takes up the best part of an acre.

Disney, however, to make a small joke, isn't the only man out there whose mother was scared by a locomotive.

The list of toy train enthusiasts is a long one, and it includes a couple of friends of mine—Ben Hecht, the well-known writer, and Zeppo Marx, one of the four famous brothers, who turned agent and wound up with — as the saying goes — a lousy fortune.

About a year ago, when Ben and Zeppo began assembling their midget mainliners, they quickly found themselves competing for the limited amount of choice stuff available at the one store in Hollywood which handled these items.

And in no time at all, their efforts to outbuy and outfinagle each other led to a rivalry which was as bitter as it was charming.

One week, for instance, by getting the proprietor's daughter a bit in a movie he had written, Hecht managed to buy the Belgian block signal system which Zeppo had ordered months before.

The following week, however, Marx evened the score by inviting the proprietor to his house for dinner and cajoling him out of the ritzy roundhouse that Hecht had his heart set on.

The matter came to a head recently when Ben heard that the store had been allotted a single set of English H-O gauge trains. To make sure Zeppo wouldn't wind up with this prize, he waited until the store closed one night, and took the chief salesman out for a drink.

"There's a hundred-dollar tip in it for you," he said, "if you'll fix it for me to buy the H-O gaugers."

Hecht's phone tinkled at 8:30 a. m. a few days later. "Your trains are here," said the salesman. "Hurry right over."

When Ben bee-lined into the shop a few minutes later, Zeppo Marx was standing behind the counter.

"You're out of luck, Ben," he said. "I just bought the store."

* * *

Here's another: A few years back, Ray Milland was playing an aviator in a movie about bomber pilots, and one of the sequences was being filmed at a California air base.

One afternoon the director told the cast to knock off for an hour while the camera crew was setting up for the next shot.

To kill time, Miland, togged out with parachute, etc., went up for a ride with a P51 pilot.

Three hours later, with the cameras waiting, Milland was still up in the wild blue hither-and-yon. Finally the P51 three-pointed in and Milland ran across the field.

"Where you been, Wrong Way Corrigan," yelled the director, "Alaska?"

"I'm sorry," said Ray. "We were over San Diego when the controls went sour. For a while, it looked as if we'd run out of gas and have to bail out."

The director looked at Milland and slowly closed his eyes.

"Thank God you didn't jump," he said. "That parachute you're wearing is only a prop!"

Copyright 1953

High Winds Roar Down Utah Slopes

OGDEN, Utah (AP)—Winds and heavy snows growled through Utah yesterday.

The fast-melting snow, in southern Utah, ranged from 5 to 10 inches deep, and the winds, roiling down the western slopes of the Wasatch Mountains, produced gusts measured at 85 miles an hour in at least one northern Utah spot.

One driver, cited for driving on the wrong side of the road after an accident near Ogden, told police a guest of wind blew his auto into the path of the other car. The accident caused injuries to one person.

Pontiac Press Photo

CHECK STAGE LAY-OUT—Three members of the cast of "Present Laughter" examine a miniature stage lay-out for the play which will be presented Nov. 5-7 by the Pontiac Master Players. Left to right are Kathie Elliott of Holly, Mrs. Dodie O'Connor of 2138 Kohler St. and Kathy Thomas of Clarkston.

Detroit Red Trial Follows Year of Legal Maneuvers

This is the second of a two-part series on the trial, next Tuesday of six Michigan Communists accused of advocating and teaching the violent overthrow of the United States government.

By ROGER GOELZ

DETROIT (AP)—The trial of six Michigan Communists starts in Federal Court Tuesday after more than a year of legal maneuvering by defense and government attorneys.

The six defendants, charged with violating the Smith Act by teaching and advocating the violent overthrow of the U.S. government, were indicted on Sept. 22, 1952.

Defense attorneys almost immediately started a prolonged series of legal steps that postponed their trial.

Federal Judge Thomas P. Thornton released the defendants on bonds of $7,500.

They are Saul Wellman, a top Michigan party leader; Mrs. Helen Winter, wife of former Michigan Communist Party head Carl Winter; Nathan Kaplan (Nat Ganley), 48, former editor of the Michigan edition of the Communist Daily Worker; William Allan, 46, present Michigan corerspondent for the Worker; Philip Schatz, 39, former head of the Ford Motor Co. section of the Michigan Communist Party, and Thomas Dewitt Dennis Jr., rated by the FBI as a top Michigan Communist.

Since their indictment, the defendants, through their attorney, Ernest Goodman, have sought dismissal of the charges, removal of Judge Frank A. Picard as trial judge, and continuance (delays) for various reasons.

Specifically, the six are charged with attending Communist meetings, distributing party literature, and recruiting party members.

The government says the alleged violations took place over the period 1945 to 1952.

The U.S. Supreme Court, in ruling on an appeal from the defendants in the 1949 New York trial, upheld the validity of the Smith Act.

Comedy Cast Includes Five Men, Six Women

Six women and five men are included in the cast for the Master Players production of "Present Laughter" on stage at the Orpheum Theater here Nov. 5-7.

"Present Laughter" is an adult comedy centered around the romantic involvements of a matinee idol.

It is the most recent Noel Coward play produced on Broadway.

Merrill F. Walls will play the lead with Mary Mitchell in the role of his wife and manager. A stage-struck debutante is played by Kathie Elliot, with Per H. Person as a director.

Also in the cast are William L. Fogle, a financial "angle"; George W. Provan, the actor's valet; and Velva Bell, a titled Englishwoman.

Kathy Thomas, Bob Cox, Marta Person and Dodie O'Connor complete the billing.

Tickets can be obtained from any member of the Master Players or the Waterford Community Activities Center, with reserved seats available at the Calbi Music Store, 119 N. Saginaw St.

Flying Saucers . . . Fact or Fiction?

Fact, Says Author Adamski Who Claims to Have Talked With Man From Venus

By RICHARD KLEINER
NEA Staff Correspondent

NEW YORK (NEA) — George Adamski is either an ace spinner of science fiction tales — or else he's the first earthman to talk to a visitor from out of space. He claims that he's the latter.

Adamski says that on Nov. 20, 1952, he talked to a man from Venus for about an hour. Then he watched him take off in his flying saucer, and, 23 days later, the Venusian came back and gave Adamski a message. The message has not yet been deciphered.

But Adamski's story, whether fact or fiction, makes highly entertaining reading. He tells it in a book called "Flying Saucers Have Landed" (British Book Centre), written in collaboration with Desmond Leslie.

Leslie's half of the book is a lengthy attempt to prove that flying saucers date back to 1290, and possibly even before. But it is Adamski who steals the show.

He tells how he grew interested in the subject of flying saucers, and spent many hours looking for them — and seeing them. Then, on that fateful Nov. 20, he was in the California desert, about 10 miles northeast of Desert Center. With him were Mr. and Mrs. A. C. Bailey, Dr. and Mrs. George H. Williamson, Mrs. Alice K. Wells and Mrs. Lucy McGinnis, his secretary.

Suddenly, they all spotted "a gigantic cigar-shaped silvery ship," riding high and silently in the clear sky. (The Venusian later said this was the saucer's "mother" ship.)

They followed this until it suddenly zoomed off, frightened away by Air Force planes. Five minutes later Adamski, who had wandered away from his companions, saw a flying saucer, drifting in between two mountain peaks.

This craft, too, was spotted by Air Force planes, and disappeared in a hurry. But a few minutes later, Adamski says, he saw a man about a quarter of a mile away. The man motioned to him, and he came.

This was the Venusian. He was about five feet, six inches tall, weighed about 135, and Adamski estimates his age at 28.

He was quite good-looking, with long, wavy, shoulder-length sandy hair, a sun-tanned complexion, gray-green eyes slightly aslant at the corners and beautiful white teeth. He was wearing a chocolate brown outfit, which Adamski describes as like a ski suit, and ox-blood colored shoes with a side opening.

There was a friendly greeting— Venusians shake hands by simply placing palms together — and then they talked. Adamski doesn't speak Venusian and the visitor knew no English, so they talked by making gestures and "forming pictures in their minds."

Adamski learned, first, that the visitor was from Venus. (He made gestures of circles around the sun, and the visitor pointed to Venus' orbit.)

Then the Venusian said he had come to warn Earth that atomic explosions were dangerous. ("To express the explosions, he said 'Boom! Boom!' ")

The man from Venus explained how saucers were powered—magnetism. And he said that many saucers had landed before. He even admitted that some Earth people had been taken away in them.

He said that other planets besides Venus — and planets in solar systems other than ours — send out craft that come to Earth. Many use the Moon as a stopping-off point.

Saucers, he continued, do not appear or land often in populated places, as the men from outer space fear Earth people.

But he said there were men from other worlds living on Earth today, among us, and for that reason he wouldn't permit his picture to be taken. Adamski sympathizes, saying there are certain facial characteristics which would be easily spotted.

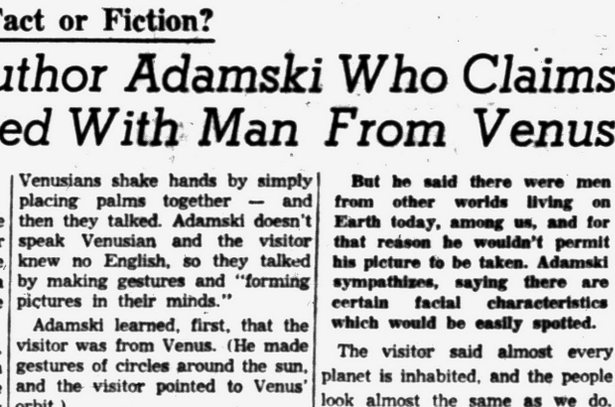

The visitor said almost every planet is inhabited, and the people look almost the same as we do. Then he made a point of impressing his footprints in the ground and, after a few more pleasantries, led the way to his saucer. He took a photographic plate from Adamski before leaving.

The footprints, which had a different set of hieroglyphics on each shoe, were quickly preserved in plaster of Paris.

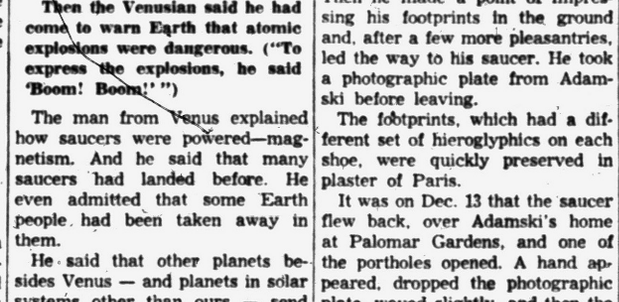

It was on Dec. 13 that the saucer flew back, over Adamski's home at Palomar Gardens, and one of the portholes opened. A hand appeared, dropped the photographic plate, waved slightly, and then the saucer zoomed away.

On the plate was the message.

Adamski was very pleased with the encounter, with one exception. The Venusian wouldn't take him for a ride in the saucer. But, he says, maybe next time.

VENUSIAN FLYING SAUCER—What looks like a ceiling light fixture here is a flying saucer from Venus, says Author Adamski, which he photographed through a telescope as it flew over Palomar Gardens, Calif., on Dec. 13, 1952. What appear to be light bulbs are spherical landing gear, he says. These photos are from his book, "Flying Saucers Have Landed."

MOTHER-SHIP FROM SPACE—Adamski made this telescopic photo at Palomar Gardens March 5, 1951. He says the cigar-shaped object is a mother-ship with Venusian saucers leaving it.

Supervisors Will Study Creation of 6th District

David Levinson to Present Move

Action Brought About by Reapportionment of State Legislature

Oakland County Board of Supervisors next Tuesday will scan proposed new boundary lines setting up six county legislative districts, instead of the present five.

The recommendation, to be presented by a special committee headed by David Levinson of Birmingham, creates a new sixth district for Oakland County's sixth state representative.

The added voice in Michigan's legislature was given to the county after the state's voters approved re-apportionment. The legislature re-assigned state representatives and state senators.

The bill also gave the county a state senator of its own. Oakland and Washtenaw counties have been sharing State Sen. George N. Higgins.

If approved by supervisors next week, the new boundaries would become effective next fall, when each district would choose a state representative in the November elections.

Under the tentative recommendations, Pontiac still stands as a complete district in itself, with 73,681 people

Avon township has been taken out of District 1, which still includes almost all the northern two-thirds of the county. Still included are Addison, Oxford, Brandon, Groveland, Holly, Rose Springfield, Independence, Orion, Oakland, Pontiac, Waterford, White Lake, Highland and Pontiac Township. The area has a 1950 census of 67,100 people.

Avon Township would be part of the "new" District 3, which also includes Milford, Commerce, West Bloomfield, Bloomfield and Troy townships and the cities of Birmingham and Bloomfield Hills — a row of townships lying side by side across the county just below Pontiac. This area had 63,881 people in 1950.

The fourth district would be a row of townships across the bottom of the county—Lyon, Novi, Farmington, and Southfield—as well as the cities of South Lyon, Farmington, Berkley and Oak Park, with a total population of 62,291.

Royal Oak City and Clawson, which formerly made up a district with Southfield Township would be in District 5, which also includes Huntington Woods and Pleasant Ridge—an area with 60,637 people three years ago.

Ferndale, Hazel Park and Royal Oak Township, with a 1950 census of 68,411 people would make up District 6.

Pontiac Press Photo

SPOTTERS SPRUCE UP—Touching up the paint on Pontiac Ground Observers' Corps spotting station are observers Jack Miller (left), 98 Draper St., and Frank Comps, 1098 Myrtle St. The station, located atop Oakland County Office Building at 1 Lafayette St., is now manned more than half the time by plane spotters scanning the sky for unidentified or enemy aircraft.

Grandmother, 85, Calls It Quits After Last Hike

DETROIT (AP) Grandma Sylvia Marie Carlen says she's retiring as a hiker after a near 60-mile jaunt to Port Huron to celebrate her 85th birthday.

She didn't quite make it to Port Huron on her own as she did on her 1950 birthday walking spree. Or as she did to Lansing (80 miles), Pontiac (30), Algonac (40) and other Michigan cities to which she has ticked off the years with tramps.

"It was so hot," she said, "and some nice people at an ice cream stand just outside the (Port Huron) city limits said it wouldn't be cheating to take a bus into town."

She rode the bus the rest of the way, visited with old friends in Port Huron and then took a bus home, but hoofed it the five blocks from the bus line.

Mrs. Carlen confided she "sneaked out" on her daughter and son-in-law, Mr. and Mrs. Alan Deneau. She arose at 5:45 a. m., buckled on her stout hiking shoes and took off.

The daughter and husband with whom she lives didn't want her to take a hike this year. She has a heart ailment that forced her to celebrate her 84th birthday in bed.

For lunch she took along only an apple.

She wore a Scottish tam and a jacket with "going places" emblazoned across the front.

Smogtown 57, Calif.? Where Else but in LA

LOS ANGELES (AP)—David O. Gwinn, a deputy in the Los Angeles tax collector's office, received a letter yesterday from his niece in Washington, D. C. It was addressed to 419 Grandview St., Smogtown 57, Calif.

Says Arms Law Needs Change

Ziem Declares State Should Revise Hidden Weapons Statute

Need for revision of the state's concealed weapons statute to make the carrying of a knife a criminal offense was indicated today by Oakland County Prosecutor Frederick C. Ziem.

His statement followed the dismissal of a case in Circuit Court Thursday under a 1945 State Supreme Court ruling which says "it must be shown the weapon was used or carried for the purpose or use as a weapon of assault or defense."

The person appearing on the charge Thursday had been arrested by Ferndale police on a minor infraction when a routine search revealed a four-inch knife sharpened to a "needle point" concealed in his trousers.

The existing law identifies concealed weapons as a dagger, dirk, stiletto, or other dangerous weapon, except hunting knives adapted and carried as such, concealed on the person or in their vehicle.

Ziem said he believes the law was originally intended to prevent persons from carrying weapons that could cause severe injury to others.

Amending of the existing statute is possible only by action of the State Legislature.

Fight Over Apple Costs Baltimore Man $10

BALTIMORE (AP)—An apple cost Chester Roginski more than $10 yesterday.

He was arrested by Patrolman Frank Kuhn when he was found fighting with Oscar Tabackman, a produce merchant, and fined $10 and costs.

Magistrate Simon Schonfield was told that Roginski took the apple from a box in front of Tabackman's store and failed to pay for it.

Knowland Wants Council of Free Asian Nations

LOS ANGELES (AP)—Sen. Knowland (R-Calif) proposed last night the formation of an international council of free Asian nations to pool resources, defense requirements and manpower.

The Senate majority leader, recently returned from a fact-finding tour of the Far East, said the United States should sponsor economic and military alliances with Asiatic nations. He addressed the California Manufacturers Assn.

Need 75 More Volunteers

Ground Observer Corps on All-Out Spotter Drive

Pontiac Ground Observers' Corps, entering an all-out drive to fill membership rolls, today called on all members to attend a general meeting next Tuesday.

Ray Best, post supervisor, announced that hours of duty will be re-assigned at next week's meeting at 7:30 p. m. in Oakland County Office Building, 1 Lafayette St.

The post now has about 100 plane spotters and needs 75 more.

Especially needed are observers who can take duty in early-morning hours from midnight until 8 a. m.

Best says spotters are now keeping a watch on Pontiac's skies more than half the time. Each spotter volunteers would be able to stand watch for two hours a week.

"Anyone who can serve with us can sign up at any of our Tuesday night meetings at the County Office Building," Best said.

"Those working nights who can't attend the meeting, but who would work with us, should call Pontiac's Civil Defense office, FE 3-7131, explain they work nights and ask to be signed in. We'll get in touch with them."

Best pointed out that enemy bombers could still sneak through radar defenses and past anti-aircraft guns.

The plane spotter then would be depended on to sight the aircraft and relay the warning to the Grand Rapids "filter center," which takes calls from observer posts throughout the state.

Best said the spotting station, located atop the county office building, is heated, lighted, and is now getting a final paint job. Observers stand duty in pairs.

Pontiac General Appoints First Personnel Chief

William E. Pollack, 25, of 826 W. Huron St., has been named director of the recently created personnel department at Pontiac General Hospital, according to Lauretta F. Paul, hospital director.

The appointment of a personnel director is the final step in separating hospital from city operations, Miss Paul explained, after a hospital from city operations, Miss Paul explained, after a hospital board of trustees was set up by the Pontiac City Commission in June, 1952.

Previously, most personnel matters have been handled through city hall, Miss Paul said. The transfer of all personnel functions to the hospital will become effective Jan. 1.

"We have always had some personnel work here," she said, "which I have done in the past. Now Mr. Pollack will supervise personnel matters with the aid of clerks."

Pollack's work includes recruit-

Pollack's work includes recruiting, testing and screening application, in-service training, merit rating and all matters related to an employe's training and advancement.

Most hospitals of 100 beds maintain personnel directors, she said. Pontiac General has 200 beds and is currently operating at 110 per cent of occupancy.

The shift in authority is aimed at obtaining independent personnel functions for the hospital, she stated, and at better personnel policies and practice.

Pollack will revise both the hospital's "Personnel Policies and Practice Manual" and "Sign Post," the employe's handbook, according to Miss Paul.

A native of Kansas City, Mo., Pollack received his degree in Business Administration at the University of Kansas in June, 1952, then served his year's internship in hospital personnel management at St. Luke's Hospital, Cleveland, until last month.

WILLIAM E. POLLACK

Poor Complexion? Tackle Problem Promptly Instead of Just Fretting

City Dates Are Too Adult for Girl, 16, From Suburb

By EMILY POST

A young girl writes: "I am 16 years old and live in the suburbs. There is really very little to do here and most of my friends, when they have dates, drive into the city, which is about an hour and a half's drive from here, to see a show or to dance.

"My mother thinks I am too young to be doing this and objects to my going. I am perfectly reliable and well-behaved girl and think she is being very unfair to me. I would very much appreciate your opinion."

Answer: I am extremely sorry to have to tell you that I agree with your mother!

Dear Mrs. Post: My brother and I often to out on a double date and generally use his car. We have run into the following problem which my brother and I disagree on:

My brother thinks that it is up to my date to see me home and then take the bus from there to his own house. I think it would be perfectly proper to drop him off at his house on our way home, with my brother and me driving on home together.

Answer: I agree with you that it would be ridiculous for your date to accompany your brother and you home. If your brother were not with you, your date would, of course, see you home.

Dear Mrs. Post: My husband and I were married five years ago by a justice of the peace. Now that our fifth anniversary is coming up, we would like to repeat our wedding vows in church with our family and close friends present.

How should the guests be invited? Our little girl is almost 4. May she take part in the ceremony, and may we have a small reception at home after the ceremony?

Answer: I have never heard of such a plan, and I think it would be very strange and therefor much criticized and quite possibly misunderstood.

Dear Mrs. Post: Is it rude to tell someone how to pronounce my name if they mispronounce it badly?

Answer: No, especially if your name is in any way foreign.

There is no reason to despair if you have a problem skin. By watching your diet, getting plenty of sleep and fresh air and by using medicated cleansers and lotions, you can banish blemishes and take on a real beauty glow. Of course, you can't accomplish anything overnight, so attack your problem with patience, too. This girl is cleansing her face (left) with a medicated mask that is said to wash away excessive oil. She allows the mask a few minutes to take effect, then rinses off all traces of the cream with lukewarm water, finishing with a stimulating cold-water rinse.

Then she applies lotion (center) that is supposed to heal the blemishes while it hides them. For a smooth finish, she applies it to her whole face after covering the blemished spots. She uses no cosmetics except lipstick. At the school cafeteria (right) she enjoys a wholesome, non-greasy lunch consisting of salad, sandwich, milk and an apple. Before returning to class, she'll take time for another face cleansing.

Patience, Good Care Will Pay Off

Most Girls Aren't Doomed to Muddy, Spotty Faces

So you have tried everything and nothing helps. You have a problem skin and you're stuck with it. It's hopeless, so you think, and there's nothing to do now but feel miserable.

All the energy you are wasting on worry could be put to excellent use in tackling your skin problem.

Very few girls who develop poor skins during adolescence or their early 20's find that it cannot be brought into beauty line with constant, patient care. Those few should consult a skin specialist.

But for the majority, careful adherence to all general health rules, establishment of a regular beauty routine and considerable patience will combat the problem.

The importance of patience cannot be overstressed. What discourages most girls is the failure of their frantic experiments with quick "cure-alls."

Remember, the problem is generally one of adjustment. During adolescence the skin becomes firmer and heavier and there is an increase in the activity of the oil glands.

When these glands become overactivated, the skin becomes oily. Eruptions and blackheads appear.

In order to correct a bad skin condition, you will have to help your body to adjust to adulthood. This can be accomplished by putting extra stress on all the good health habits that everyone should cultivate.

Besides getting ample sleep, exercise and fresh air every day, you should see to it that your diet includes plenty of green vegetables, milk and boiled meats. Avoid all fried foods, rich sauces, and substitute fruit for fancy desserts and candy.

Every face deserves careful cleansing more than once a day. For the troubled skin, three or four scrubbings are necessary.

There are medicated cleansers available that not only wash away excessive oil but are supposed to counteract the bacteria which irritate disturbed skins.

After each washing, splash cold water on your face to close the pores and to stimulate a rosy glow.

Never squeeze or finger a pimple; you may spread infection. Blackheads, however, should be removed. Use a sterilized extractor. Wash and steam the face first to open the pores.

After covering the belemished spots, you can apply the lotion to the entire face for a smooth finish.

Mary Margaret McBride Says:

All People Are Starving for Recognition, Attention

Ellen is taking a memory course so that she will be able to recall the face and name of every person that she meets. She says she took this drastic step because of her annoyance at a person to whom she has been introduced at least five times in the past year.

MISS McBRIDE

"This woman always looks me in the eye and murmurs politely I'm so glad to meet you," wails Ellen. "Nothing has ever given me such a feeling of being unimportant, insignificant and nobody. I have resolved I'll never cause anyone else such loss of self-esteem."

Ellen is different from the rest of us only in being more vocal about her yearning to be remembered, recognized, set apart. People of other lands sometimes say that Americans suffer from an inordinate urge to make money.

If we do, I'm convinced it's only because we think that the money will somehow bring us love and admiration. I've talked for hours to many a prosperous businessman about himself and I've never yet found one who seemed much interested in his bank account. His factory, yes; or his bank, bigger than anybody else's; or his whiskbrooms that sweep cleaner than any others.

And why has he worked so hard? Because he wants to build a better mousetrap so that people will beat a path to his door, not just to buy but chiefly to admire. Of course, no industrial leader ever knew he had admitted to me his hankering for esteem.

I think it's fine that Ellen is going to do unto others as she'd like to be done by. She'll have a great success, for though the recipe for making others feel important is so simple that anybody can follow it, too few seem to try.

All you have to do is single an individual out from the crowd and let him know that he is somehow special to you. An example of a person in public life who does this with skill and sincerity is the wife of the President, Mrs. Eisenhower.

Her formula is much more friendly and less artificial than the one given by a successful hostess of two decades ago, Lady Elsie Mendl. Her two standby phrases at a party were "At last!" when a guest arrived, and "So soon?" when he departed.

Artificial or not, that's a pretty good rule, if in between you also pay a little attention to what your visitor says. Most of us are so busy making bids for such attention from others that we never have time to give it.

As for Ellen and her association-of-ideas memory course which she has now half-finished — She was rather upset the last time I saw her because she had met for the second time a Mr. Arsene and had addressed him as Mrs. Poison. Several hours later, she realized that she was associating ideas, all right—Arsene, arsenic, poison.

From AP Newsfeatures

Salad Mold Prepared With Salmon

By JANET ODELL
Pontiac Press Food Editor

Salad recipes for this column are always a treat. Mrs. George Keavy of Sylvan Lake sent in this one for salmon salad mold. It should be good for luncheon or for late evening refreshments.

As the mother of four children, Mrs. Keavy is naturally interested in PTA work and is a past president of the Whitfield PTA. She is a member of a sorority and of the Sylvan Garden Club. She always enjoys a good game of bridge.

SALMON SALAD MOLD
By Mrs. George Keavy

2 tablespoons granulated gelatin
½ cup cold water
½ cup hot lemon juice
2 cups red salmon, flaked
1 cucumber
1 cup celery cut fine
¼ cup green pepper
1 teaspoon grated onion
½ teaspoon salt
Dash pepper
1 cup mayonnaise

Soak gelatin in cold water and dissolve in hot lemon juice. Chill slightly and add remaining ingredients in order given. Turn into wet mold and chill until firm.

Unmold and garnish with sliced cucumbers and additional mayonnaise. Will make 8 to 10 servings.

Playhouse Is Packed to Capacity

'Mr. Roberts' Wins Praise From First Nighters

A capacity crowd attended the opening performance of "Mr. Roberts" sponsored by the Birmingham Village Players Thursday evening at the Birmingham Village Playhouse.

The title role was played by John A. Gilray who held the attention of the audience throughout the fast-paced comedy.

Interest is stimulated as the men aboard a United States ship during World War II become bored with lack of activity and plot against a rather uncouth and oppressive captain.

The devotion of the men for Mr. Roberts, who has befriended them, is manifested when they give him a medal (of their own making) before he leaves ship on a transfer which they "helped" promote.

Excellently cast were Warren Hersey as Pulver, Lawton Tabor as "Doc" and Carleton Scott as the captain.

The only feminine role was played by Elizabeth Hanna, a nurse who boards ship.

Others in the cast include R. H. Adams, Horton S. Allen, F. W. Wagner, F. E. Howell, Robert Bills, Edward J. Potter, Paul N. Averill, Norman James Jr., S. J. Gillen, Earle B. Wilson Jr., Thomas E. McDonnell Jr., Richard W. Brown and Karlton W. Pierce.

The play will continue this evening through Sunday, and will be repeated again Oct. 30 and 31.

Couple Names Wedding Party

Suzanne H. Davidson of Drexel Hill, Pa., will be the honor attendant when Mary Louise Keay and Dwight Sager Adams of Birmingham exchange vows Nov. 28.

The bride-elect is the daughter of Alan Kent Keay of Clifton Heights, Pa., and Mr. Adams' parents are Dr. and Mrs. Edward L. Adams of Ann Arbor.

Bridesmaids for the ceremony, which will be solemnized in Old St. David Church, Radnor Pa., will be Mrs. John W. Hook of Overbrook, Pa., and Mrs. Bruce Wood of Washington D. C.

Mr. Adams has chosen Edward L. Adams of Ann Arbor to be his best man, and ushers will be James W. Hammond of Chicago and Arthur H. Hardy Jr. of Pelham Manor, N. Y.

Guild Makes Plans for Nov. 5 Supper

A church supper Nov. 5 was planned Thursday evening when Guild Six of All Saints Episcopal Church met with Isobell Stockwell of West Huron street.

On the supper committee are Mrs Roy Lewis, Mrs. Vernon Madigan and Mrs. Robert Tricker. Mrs. William Isgrigg and Mrs. Tricker will be chairmen of the Christmas bazaar scheduled for Dec. 3.

The group was reminded of the first in a series of teenage dances to be held this evening in Stevens Hall with Mr. and Mrs. Howard MacDonald and Mr. and Mrs. Franklin Read as chaperons.

Sewing Day Held by VFW Auxiliary

Mrs. Allen W. Hersee was hostess at her home on South Jessie street Thursday when members of the Women's Auxiliary to VFW 1008 met for an all-day sewing session.

Pontiac Press Photo

With a family-style turkey dinner to look forward to, members of the parish guilds of St. Vincent de Paul Church tackle their job with enthusiasm. Busy with preparations are Mrs. John Zubalik of Osmun street (left), Mrs. Paul Spadafore of South Paddock street (center) and Mrs. Walter Herald of South Sanford street. The dinner will be served Sunday from 12 to 6 p. m. in the Parish Hall on South Parke street.

Halloween Celebrated With Party

A Halloween party in costume opened the fall season for the Women's Association of Sylvan Shores when the group met recently with Mrs. William Hutchinson on Shore View drive.

Assisting the hostess were Mrs. Byron Cole, Mrs. Sam Hoffman, Mrs. David Lyons and Mrs. Milo Struble.

New committee chairmen for the year include Mrs. Hutchinson, project; Mrs. John Nicolls Jr., program; Mrs. Carl Shank, telephone; Mrs. Duane Lemaux, house; Mrs. Struble, ways and means; Mrs. O. W. Lewis, membership, and Mrs. Edward Collins, publicity and historian.

Three new members were welcomed. They were Mrs. Larry Schiesel, Mrs. Robert Gibbens and Mrs. William Herrman. Mrs. Richard Esser was a guest.

St. Vincent Guilds Busy

Dinner, Bazaar Planned

Members of the guilds of St. Vincent de Paul Church are busy this week with preparations for their family-style turkey dinner and bazaar to be given in the Parish Hall Sunday from 12 to 6 p.m.

Cochairmen for the affair are Mrs. Joseph Spadafore and Mrs. John Zubalik assisted by Mrs. Delmo Chapdelaine, Mrs. Mike Colosimo, Mrs. Elizabeth Glen, Mrs. Wallace Holland, Mrs. Walter Herald, Mrs. John Wyzgoski, Mrs. Frank Zwicker, Mrs. Paul Spadfore and Mrs. Oral Fugitt.

Mrs. Harold Brady and Maureen Porter are planning the decorations. In charge of the dining room are Mrs. James McGuire and Mrs. Arthur Crawford, and Mrs. W. J. Dean and Mrs. L. W. Humphries are on the reception committee.

Those in charge of booths include Mrs. Robert Landry, Mrs. William Zimmerman, Mrs. Albert Feliska, Mrs. Susan Carry, Mrs. George Winters, Mrs. W. J. Dean Jr., Mrs. Basil Martus, Mrs. Carl Brown, Mrs. Margaret McCracken and Elizabeth Gaukler.

Naomi-Ruth Group Conducts Meeting

"Faith" was the theme of the devotions presented by Mrs. Basil Meidlein when Naomi-Ruth Group of Oakland Park Methodist Church met Thursday.

Mrs. Irl Williams, hostess for the day at her home on Dover road, reported on a radio program she presented recently at Flint.

Participating in the program, a panel discussion on temperance, were Mrs. Percy Jones, Mrs. Joe Wagley Sr., Vickie Everett and Bonnie Allen.

Dance Follows Halloween Motif

Black cats and scarecrows set the scene Wednesday at Wever School where the Square Set Club met for dancing.

Prizes for the evening were awarded to Mrs. Sid Olsen, Worley Smith and Mr. and Mrs. Sam Joan.

Mr. and Mrs. Olson had charge of decorations, and callers were Jack Price, Mr. Smith, Mr. Joan, Bill Norberg, Fred Kline and Pete Messeman.

Refreshments were served by Mr. and Mrs. Wayne Reaves, and Jack Price was master of ceremonies.

Guests included the James Reaves,' Mr. and Mrs. Ralph Norberg, Alice Nichols and Leslie Winegar.

Mr. and Mrs. C. R. Opland of West Square Lake road announce the engagement of their daughter, Ruth J., to Pvt. John F. Dawson, son of the Fred Dawsons of Stambaugh. Ruth is a senior at Michigan State Normal College and a member of Kappa Mu Delta. John is a graduate of the University of Michigan,

RUTH J. OPLAND

UF Movie Viewed by Emerson PTA

A movie on the United Fund program opened the Emerson School PTA meeting Wednesday afternoon at the school.

George A. Luenberger introduced the movie, which was shown by Anthony Renne.

Homeroom mothers were introduced at the business meeting, and Patricia Hanoute sang, accompanied by her mother, Mrs. Lewis Hanoute.

Refreshments were served following the meeting, and it was announced that an open house will precede the next meeting, schedule for Nov. 11.

Dinner Presented for Plymouth Group

Mrs. Robert Sanford of Mill Lake recently entertained members of the Plymouth Group of First Congregational Church for dinner.

The Rev. Malcolm Burton showed pictures he took in the East this summer, and he read several selections of parables.

Officers elected for the coming year include Beulah Phillips, president; Mrs. Clara Conner, first vice president, Mrs. George Gaches, second vice president, Martha McCully, secretary and Martha Larsen, treasurer.

GOP Lists Committees for Affair

'Grand Old Party' Will Be Presented October 30

The chairman and her committees, who will handle arrangements for the "Grand Old Party" to be held by the Republican Women's Federation of Oakland County Oct. 30, were announced today by the federation president, Mrs. William A. Kennedy.

Mrs. Richard I. Moore of Waterford is chairman of the party with a committee consisting of Mrs. W. Arthur Vernon of Waterford and Mrs. Bernard Girard of Bloomfield Hills, prizes; Mrs. Robert Sutton, publicity, and Mrs. Floyd Andrews of Clarkston, Mrs. Paul Jans of Clarkston and Mrs. Bruce Garbett of Ferndale, refreshments.

Mrs. Harry Horton of Royal Oak Mrs. Orrin McQuaid and Mrs. Bruce Annett will supervise the decorations while Mrs. Fred Ziem handles invitations and Mrs. Raymond Addis of Holly arranges for cards.

The combination dance and card party will be held Oct. 30 from 9 p.m. until 1 a.m. at the Waterford Community Activities Building. A local orchestra will entertain for both popular and square dancing, and refreshments will be served.

The public is invited and tickets may be obtained at the Oakland County Republican Headquarters in Hotel Pontiac or at the door.

Daily Routine Will Reduce Flabby Arms

The vogue for sleeveless dresses reveals that quite a few of you teenagers have heavy upper arms, a problem generally associated with older women.

If you are in that group, you would be wise to put aside your sleeveless and cap-sleeved resses until you have shed that excess fat. The purpose of these styles is to call attention to graceful arms, and heavy arms are never graceful.

Do this often during the day: raise both arms above your head and shake them vigorously. Simple? And so effective.

Another simple routine that should be practiced as often as you think of it is slaping the arms with your hands until they hurt. Before starting, wet the arms with cold water.

For a morning and night exercise use this time-honored routine from your gym class:

Starting with fingertips on shoulders, put arms straight up, palms in; return to starting position and move arms horizontally, palms up; back to shoulders, and with palms toward front, move arms down to sides. Do this 12 times, employing a rapid, even rhythm.

Mr. and Mrs. Joseph S. Harley of Bloomfield Hills are announcing the engagement of their daughter, Joanna, to Donald M. Goldsmith. Donald, son of the Donald H. Goldsmiths of Birmingham, attends the University of Michigan.

JOANNA HARLEY

Do-C-Do Uses Halloween Motif Thursday Night

Ghosts and cornstalks decorated Webster School Thursday evening as Do-C-Do held its annual Halloween party.

Callers for the evening were Gordon McLeod, Harold Brady, Stanley Hutchinson, John Streit, Sam Joan, Vere Hodges and Enar West.

Guests for the evening were Mr. and Mrs. Lewis Irwin, and new members included Mr. and Mrs. Raymond Roaney, Mr. and Mrs. Paul Fischer and Mr. and Mrs. Collis Scott.

The evening's decorations, which also featured pumpkins and bobbing apples, were under the direction of Mr. and Mrs. Howard Powers, the Rex Lawrences, the Ed Vieriechs and Mr. and Mrs. Arnold Neinstead.

The Harold Knisleys, Mr. and Mrs. Duane Lemaux and the Ozro Jewetts were in charge of refreshments.

Unit Completes Bazaar Plans

Plans were completed for the annual fall Bazaar Thursday when the Ladies Aid Society of Oakland Avenue United Presbyterian Church met at the church.

The bazaar is scheduled for Nov. 6. Booth committee chairmen include Mrs. Foster Berdan and Mrs. Charles Rowston, fancywork; Mrs. David Anderson and Mrs. J. J. Scheldorn, baked goods; Mrs. Ada Mortenson and Mrs. Leslie Bebbe, canned goods and jellies, and Mrs. D. M. Keefer, quilts and rugs.

The Berean Class of the church will serve a turkey dinner in the evening.

Hostesses for the Thursday meeting were Mrs. Charles Shearer and Mrs. Frederick Shields.

Mission Bells Holds Meeting at Church

Mrs. Edwin Carlson and Mrs. Edward Huttula were cohostesses Tuesday evening when members of the Mission Bells of St. John Lutheran church met at the church.

Mrs. Arvid Anderson spoke on the American mission of the Augustana Lutheran Church. Members turned in faith offering boxes. Mrs. John Robinson was a guest.

Mrs. Floyd Miller Hostess to Circle

"Our American Negro" was the topic of a discussion led by Mrs. Glenn Holsington recently when Ruth Circle of Joslyn Avenue United Presbyterian Church met.

Mrs. Floyd Miller was hostess to the group at her home on Third avenue, Devotions were given by Mrs. Leonard Cotter, and a nomination committee was appointed for November elections.

Announcing the engagement of their daughter, Elaine Joyce, to Russell O. Brackett are Mr. and Mrs. J. Basil Meidlein of Lowell street. Russell is the son of the late Mr. and Mrs. William Brackett of Evart.

Dust Waxed Floor With Damp Mop

Waxed floors will keep clean with a daily dusting.

If dust is difficult to pick up with a dry mop, dampen the mop with a few drops of water; work moisture into yarn with your hand.

An oiled or chemically-treated mop will soften the wax and dull the finish.

Sure, Mop 'em

Use a clean, untreated mop daily to keep your floors spotless between washings.

Girl's Mad Crush on Ex-Serviceman Based on Dreams Rather Than Facts

By ELIZABETH WOODWARD

"Dear Miss Woodward: Please don't say I'm too young to be really in love. Though I'm 16, most people think I'm 18 or 19. The boy I'm crazy about is 24.

"I tried to forget him during the two years when he was gone in the service and I almost had myself convinced. But he's home now and it's worse than ever. I was only 14 when he left so he didn't pay too much attention to me—he spoke to me and that was all.

"But now he seems to notice that I've grown up quite a bit. I went out on a double date with him a week ago and though he didn't tell me he likes me, from the way he acted and spoke, I think he might.

"He kept asking me if I like him and said he wished I were older. I think my age is what is keeping us apart. What can I do to make him see that I love him, and even if I were older I couldn't love him more than I do now?"

Sounds like a mad, mad wild and wonderful crush to me. It all started when you were 14. He did pay attention to you except to speak politely when he saw you. Yet you adored him.

Knowing nothing about him, actually, you endowed him with halos. And for the past two years you've adored adoring him.

The idea of him that you've created for yourself has given you alternating moments of exquisite pleasure and sheer torture. Pleasure in knowing that you can get that excited over anybody. And torture at realizing that he doesn't even know you're alive.

Maybe he is as charming, intelligent and desirable as you think he is. But since you've been out with him only once, how can you really know anything about him?

He seems to be every bit as aware of the difference in your ages as you are. He's the one who brought up the subject. His comments indicated clearly and tactfully that he couldn't consider dating a girl your age.

Under the circumstances, it would be most previous to let him see how attracted you are. You'd hate it if he patted you on the head with a "don't be silly, dear child." Why take that risk?

"Dear Miss Woodward: We like each other very much but what worries him is that I'm 16 and he's only 15.

"We're still going together, but since school started it's not as often as I'd like. How can I convince him that age doesn't matter?"

How can you keep a boy's pride from staggering under the fact that his girl is a year ahead of him in school? It hurts.

But it would feel better if you'd bolster his ego by making him feel more mature than you are, by respecting his judgment, be deferring to him in making your decisions.

Be content to see him away from school where that "thorn in the flesh" won't remind him continually of your elevated position. Show him the many ways in which you're completely congenial—then maybe he'll forget ages and concentrate on personalities.

4736
SIZES
S-14-16
M-18-20

by Anne Adams

Besides the turkey 'n' all the trimmings, you need this wonder of an apron to prevent spots and splashes. It's high enough—long enough to protect your best dress. And it has pockets that hold everything, straps that stay put! Good gift idea, too!

Pattern 4736: Misses' sizes small (14, 16); medium (18, 20). Small takes 2¼ yards 35-inch.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send 35-cents in coins for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of 137 Pontiac Press Pattern Department, 243 West 17th St., New York 11, New York. Print plainly name, address with zone, size and style number.

Donald A. Knodle, Walled Lake
George L. Kitson, Royal Oak

Twins

Frederic J. Russell, Royal Oak (boy, girl)

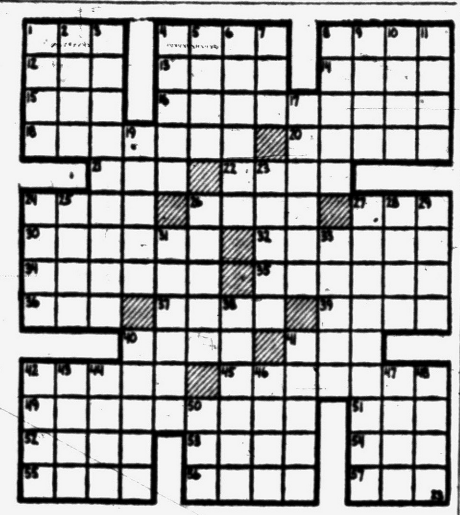

IF stocky build—

Avoid mannish shoulders and girlish capelet collar. Rounded shoulders, long lapels, low-placed buttons are flatteringly soft and slimming.

Mrs. B.—The newest coat looks straight but curves gently to the waistline in front and back — a gentler, more becoming line to your sturdy build. The shorter length gives you height and so makes you seem slimmer.

Almost any woman knows that the difference between facts and figures is a snug girdle.

Answer to Previous Puzzle

Line Wood Flower Box With Metal

By HUBBARD COBB

The inside of wood flower boxes should be lined with metal or coated with roofing compound.

After this has been done, the outside can be painted with any good grade exterior paint and will not peel or blister.

Water often collects in the cavity between the bricks and the siding in brick veneer homes and will often appear as a damp spot on inside walls.

The way to remedy this situation is to drill some one half-inch holes through the lowest course of bricks. These holes should be slanted upward. They'll allow the that has been given a natural fin can be repaired with the same stick shellac that is used for repairing furniture.

Just select a stick that is nearest in color to the finish on the wood, melt some off on a warm knive blade and work it into the dent. When dry, sand lightly.

When using coarse steel wool t remove paint, be sure to wear gloves. Slivers of the steel wool will break off as it begins to wear and are difficult to remove from the hdands.

In making repairs on a concrete floor, walk or drive, allow the patch to extend aobut one half-inch higher than the original surface.

Just before the concrete sets, smooth it down flush with the surrounding surface.

Project Is Planned

Plans for a money-making project Oct. 31 were made when Ladies Auxiliary to the Metropolitan Club Spirit Six met Tuesday.

Hostess was Mrs. Leslie H. Dean Sr. at the clubroom on South Perry street.

* * *

Dorothy A. Cadieux, sophomore student at Kalamazoo College, was awarded the Winifred Peake Jones Prize, for excellence in her first year's work in biology, at an Honors Day convocation Wednesday.

Dorothy, daughter of Mr. and Mrs. A. J. Cadieux of Berkley avenue, is a member of the Alpha Sigma Delta society and secretary of Alpha Lambda Delta honorary society.

* * *

The Homecoming Queen's court at Michigan State Normal College had two girls representing Pontiac. Joan Macadaeg, daughter of the Phil Orencias of Center street, is majoring in elementary education and Beverly Sagamang is a sophomore majoring in later elementary education. Beverly is the daughter of the David Sagamangs of South Shirley street.

* * *

Announcing the birth of a son, Jeffery Halladay, Oct. 20 in Flint are Mr. and Mrs. H. Halladay Flynn of Flint.

Grandparents are Mr. and Mrs. Allen W. Palmer of Dakota drive and Dr. and Mrs. S. T. Flynn of Flint.

* * *

Cpl. and Mrs. James L. Price of Ellwood avenue are announcing the birth of a daughter, Kim Marie, Sept. 21 in St. Joseph Mercy Hospital.

The infant's grandparents are the Henry Prices of Stanley avenue and the Peter Donaldsons of Ellwood avenue.

* * *

Receiving congratulations on the birth of a son, Troy Edward Jr., are Mr. and Mrs. Troy E. Francis of Central avenue.

The baby, who was born at St. Joseph Mercy Hospital Oct. 20 is the grandson of Mrs. James O. Fink of Prospect street and Mrs. C. C. Francis of Oklahoma.

Moose Group Making Plans for Masquerade

Plans for a masquerade dance to be held Oct. 30 at the Moose Hall were revealed when Women of the Moose met recently at the hall on Mount Clemens street.

General chairman for the event is Mrs. Michael Blahut, and hostesses for the evening will be Mrs. William Morgan, Mrs. Clarence Cavalier, Mrs. Clarence Huck and Mrs. Ann Ulman.

Mrs. Wayne Zimmer has charge of prizes for the event and Mrs. Furman Huston, tickets. Other committee members include Mrs. Lloyd LaBarge, refreshments; Mrs. Blanch Sutton, entertainment and Garnet Blahut, decorations.

A Convocation of Regents' Day was announced by Mrs. Howard McCandless. The meeting will be Sunday in Jackson, and coworkers may contact Mrs. Lloyd LaBarge for transportation.

Committee reports were read by Mrs. Verne Taylor, homemaking chairman; Mrs. Peter Spehar, Mooseheart chairman; Mrs. Henry Godin, membership chairman, and Miss Blahut, publicity chairman.

Plans were completed for the November Chapter Night program under the direction of Mrs. Lawrence Saddler, library chairman.

Coming Events

Northern Oakland County Girl Scouts will hold their regular skating activity Monday evening at the Pontiac Rolladium. Brownies will skate from 5 to 7 and intermediate and senior scouts from 7 to 9. Costumes are to be worn.

Emor L. Calkins' Chapter, WCTU, will meet Tuesday with Mrs. Robert Bromley, 48 Thorpe St., at 1:30 p.m. for installation and state convention reports.

Pontiac Press Photos

Everything is in readiness for the Jimmy Dey Amvets Auxiliary dance to be held Saturday evening from 9 until 1 a. m. at Chieftain Hall. Chairman of the dance, Mrs. Peter Metes of Marlborough drive (upper right photo) carefully chose the dress which she is modeling for Mr. Metes.

Mr. and Mrs. Roy L. Williams (above) of Argyle avenue try out a few new dance steps, while Mr. and Mrs. Norman Windiate of Erie drive (right) check over their list of guests who will arrive for a breakfast at their home after the dance.

Teenagers Should Curb Voice Tones

"She's attractive, all right—until she opens her mouth." That remark is often made about some teenagers. Are you certain it could not apply to you?

Teenagers have made great strides away from the dirty saddle-shoe era, so that today they can challenge the older girls on good-grooming modes and they all have a flair for fashion.

But when it comes to voice control, far too many of your seem to be making no effort at all. Yet the charm that careful grooming lends is erased when a girl converses in loud, shrill tones.

Be conscious of your voice at all times. When a few of you get together for a gabfest, watch to see whether your voice becomes high pitched as conversation becomes more animated.

You might take turns acting as voice modulator. By working together you can accomplish much more.

To get your voice to a pretty pitch, think of it as coming from deep within your body. Practice speaking in low tones. Keep blowing your breath out when your speak.

Before starting your voice-improvement campaign, give yourself the actors' test.

Cupping hands behind ears, push the ears forward slightly, keeping fingers curved toward palms. Then read aloud, listening for high pitch, bad inflection, monotonous tones. Read both quickly and slowly.

As the campaign continues, repeat the test to check on your progress. And keep on until you recognize your voice as a real personality asset.

Coat Candles

By coating candles (all but the wicks) with soapsuds, you'll gain candles that last longer and burn without smoking or dripping. Let them dry in the candleholders before lighting.

Culture Club Meets at Halloween Party

Prizes for the best costumes were awarded to members of the Child Culture Club when the group met Thursday evening for a Halloween party in the Auburn Heights home of Mrs. Robert Benedict.

Games and entertainment planned by the social committee carried out the masquerade theme. The next meeting will be at the home of Mrs. John Harding.

Dinner Discussed

A harvest dinner scheduled for Nov. 1 was discussed recently when St. Joseph Guild of St. Benedict Church met with Mrs. James Brown on Vinewood avenue.

Pastor Addresses Fellowship Class

The Rev. Donald Johnson of Hassel was guest speaker when Fellowship Bible Class met in the Educational Building of First Baptist Church Tuesday evening.

A cooperative dinner and social meeting followed the business session, and Mary Jane and Bonnie Buchner entertained with several duets, accompanying themselves on the piano.

A study of the Book of Revelation was conducted by the Rev. Howard Schoof, and dinner was served by Mr. and Mrs. Burnett Stewart and their committee.

Patient in Hospital

Mrs. Nellie Montgomery of Elizabath Lake road is recovering from surgery in St. Joseph Mercy Hospital.

Fifth Grade Room Sponsors Dinner

The fifth grade room of Mrs. A. P. O'Neill of Webster School sponsored a cooperative dinner Wednesday evening in the school gymnasium.

Group singing was included on the program along with special numbers by the students.

Parochials Rest as PH Students 'Grind'

As rested Pontiac High School tribesmen returned to the "old grind" parochial students enjoyed a well-deserved breather.

At St. Michael, the halls were empty Tuesday, while Michaelites took advantage of a free day granted by the Rev. Michael J. O'Reilley.

St. Frederick corridors were also silent, but Wednesday brought the clatter of feet back to the classroom routine.

The red brick teepee was quiet too, with but a different, tense note. Everyone seemed waiting. For what . . . ? Report Cards, of course.

John Kenny, youth editor of the Archdiocesan Michigan Catholic, held a "teen talking" discussion on Oct. 15.

Taking part in the oratorical activities were five St. Frederick High School students. Issues were aired by Andre Landry, Katherine Smith, Michael Wells, Mary Drake and Thomas Monroe.

Class activity wheels began to grind slowly but surely at St. Frederick High School, this week writes reporter Mary Drake

MARY

Freshmen science classes delved into the mysteries of the prehistoric ages while American history classes followed in the footsteps of a "Pilgrim's Progress."

Elections, meetings, and discussions were the talk of the school as fall doings really got under way.

Marjorie McHugh and Walter Quarles were named freshmen student representatives of the Catholic Teen Club, as plans begin to form for the coming season.

Visions of strange lands were recreated for freshmen geography students Monday when movies of geographic and economic interest were presented by senior economic students.

Sounds of jubilee echoed from St. Michael's halls when the Shamrocks defeated St. Rita's by a score of 25-14.

MARGARET

Margaret Martin, Michaelite news-hound, relates that the fathers of the teams were especially thrilled by the victory and celebrated at a post game luncheon which highlighted "Dad's Day" activities.

St. Michael Sodality members held their first monthly meeting recently and designated the first Tuesday of each month as 'voluntary membership days. So far attendance totals have reached 25.

PHS Drama Opens Nov. 11

Acting Coach Parrish Readies Student Group for Thespian Event

Committees for the forthcoming of "Cinderella" were announced recently by Miss Mary Parrish, Pontiac High School drama coach.

Distributing posters, and handling publicity for the evening and matinee performances will be the advertising group headed by chairman Martha Varney.

Contacting teen groups throughout the city will be Alice Reed, Elaine Miller, Carol Yohn Marianne Crozier, Peg Dalton, Pauline Logsdon and Martha Rogers.

Others who will be spreading the Thespian doings are Beverly Carie, Gail Barber, Joan Wagley, Ann Coombe, Mary Sarros, Beverly Keale and Alice Kabodian.

Completing the list of young advertisers are Shirley Dunn, Barbara Calhoun, Phyllis Law, Virginia Sherman, and Norma Goodman.

Students seen scurrying for cinders, tongs, pumpkins and the like will be members of the property commitee taking orders from chairman Karen Anderson. Garnering props will be Margaret Levely, Peggy Thompson, Janet Allen, Jack Trarop, Brenda Jo Wells, Carol Ann Messer, Carol Fenely, and Carol Ann Sapp.

Mararet Smith was designated chairman of the Costume Committee, with helpers Gloria Gillespie, Helen Rendziperis, Mary Keavy, Charlotte Stark and Deanna Bradley. Also searching attics for available gowns will be Barbara Welch, Donna Moore and Elsie Russell.

Handing out ducats to all lucky buyers will be the ticket group, headed by Karen Sampson. Re-Reserving seats are Marcia Thomas, Carol Opland, Marlene Crocker, Barbara Schwalm, Frances Hunt, Jean MacAfee, and Sharon Hubbell. Bossing the box office will be Carol Bolton, Shirley Ver Strate, Glenda Piatt, Roxy Anthony, Sharon Juntner, Shirley Mix, Marilyn Glennie, Marian Reeder, and Madeline Van Matre.

Jim North has been appointed stage manager for "Cinderella" with a crew including Ed Skaggs, Leonard Berry, Richard Clark, Ron Cummings, Bob Crandall and Jack, Niggeman. Others pitching in will be Bruce Robertson, Nick Karaguleff, Bill Kistler, Dick Ramsdell, John Larson, Leah Mae McNutt, Patty Johnson, lois Austin, Chris Selden, and Judy Learned.

Standing by at the light switch will be Merlin Doran with Diana Pierson supervising sound and music.

Faculty supervisors will include Mr. Arthur Tryell as light director, Mrs. Francile Anderson in charge of advertising and tickets, and Miss Joan Hutchinson, acting as dance instructor.

Art work will be handled by Larry McLeod and Ed Reid.

Scientific Group Initiates 17 Members

Initiation proceedings stepped into the limelight when the Chemistry-Physics Club of Pontiac High School received 17 would-be chemists.

Entering the lab activities were Judy Potson, Walter Hodge, John Kennsella, Leah Mae McNutt, Doris McDonald and Bob McVean.

Other "tube cleaners" were Joan Mullen, Loren Schnoba, Norvell Sears, James Smith, Verna Mae Wilson and Carol Wreay.

Completing the list of novitiates are Jerry Richard, Nancy Austin, Lorraine Erickson and Bob Bray.

Supervising the list of novitiates are Jerry Richard, Nancy Austin, Lorraine Erickson and Bob Bray.

Supervising the proceedngs was faculty director Clifford Wilcox.

Projectionist Club Head Appoints Four Chairmen

New operators were welcomed into the Projectionist Club at Pontiac High School Tuesday by president Jim Schellenberg.

Jim designated four committee heads. Appointed as chairman of program activities was Larry Pilsington, with Joyce Croger heading the membership group.

Other chairmen are Mal Walker awards committee, and Gary Montgomery, social committee. Faculty supervisor of the club is Miss Marion Lehner.

St. Fred Elects Class Officers

Freshmen, Sophomores Choose Year's Leaders in Busy Balloting

Politics stepped into the spotlight, as elections, elections and more elections were the current topic this past week.

St. Frederick resounded to the rustle of paper as ballots were cast and results of the sophomore and freshmen elections were announced.

Heading the freshman class for the coming year is Andre Landry. Ardith Green was named vice president, with Sandra Bailey as secretary. Economic problems fall to John Soderberg, who will take over the post of treasurer.

The sophomores again chose Thomas Monroe to lead them, with Mary Bieri serving as vice president. Ruth Ann Schachern will find herself busy with paper and pen in her secretarial position. Michael Kopscik was elected class treasurer.

PONTIAC HIGH

A last-minute scurry for books and a cancellation of weekend dates precedes report card day in the old brick teepee. The cards which will be issued to trembling tribesmen on Monday will be the first of the semester. Under the new system inaugurated this year, cards will be distributed three times a semester instead of the traditional five.

VICKY

Scribe Vicky Micu reports that students were treated to a piano concert given recently by James Sjabran with numbers ranging from the classics to popular novelities.

The long lines forming in the corridors recently were attributed to seniors making appointments for pictures, and underclassmen ordering school rings and pins.

California ranks first in national forests with more than 25 million acres. Idaho, Alaska, Montana and Oregon follow in that order.

Suspend Pond Fishing in Interest of Fair Play

PROVIDENCE, R. I. (UP)—Rhode Island today suspended fishing in four fresh water ponds in the interests of giving the fish a sporting chance. Edward C. Hayes Jr., a state fish and game official, said the water is so low, some men have been scooping the fish out in pails and baskets.

The average-sized mushroom has the power to lift 27 pounds.

Youths Will Beg Help for Needy

14 Local Churches to Join in Halloween Night Clothing Canvass

The young people of 14 local churches are going out Halloween night on a house-to-house canvass "Begging For a Needy World" rather than for themselves.

At a meeting of the executive committee Wednesday night plans were crystalized for the Holloween event. The clothing drive has been organized into districts with a collection depot in each area. The young people will go out in small groups and cars will shuttle clothing to the collection depot where it will be sorted and baled for shipment.

Following the canvass there will be parties for the young people at First Methodist Church and First Congregational Church.

The program will close with a service of dedication at Central Methodist Church where the boys and girls will dedicate their collection of clothing to the relieving of suffering around the world.

The young people are asking the cooperation of the citizens of Pontiac in contributing clothing which they no longer use. All clothing should be clean and in good condition so that it can be shipped without further care. The collection will be further expedited if people will have the clothing ready and on their porch when the young people came around.

The executive committee includes Lee Williams and Martha Varney, canvass committee, Chuck Parks and Mary Moore, publicity; and Carl Theorin and Janet Allen, membership.

Others are Ed Tanner and Carol Larson, storage and shipping; Karen Barling and Carol Hobart, party and dedication service committee; and Bruce Gillies and Janet Carlisle, finance committee.

Heart-Shocked Patient Dies Despite Treatment

DETROIT (UP) — A patient revived by an electronic machine after his heart had stopped for more than a minute died Thursday night at Receiving Hospital.

Doctors said at the time of the treatment they held little hope for the patient's permanent recovery. The patient, whose name was withheld, was revived for a time Wednesday when the machine known as a "cardiotron" sent electrical impulses through his body.

Cattle Rustling Laid to Couple, 2 Juveniles

ANN ARBOR (UP)—A young married couple and two juveniles were seized here for cattle rustling. The four were picked up by police who found a freshly killed calf in the trunk of their car.

The couple admitted letting the two boys out at a nearby farm, waiting while the boys caught and killed the calf, and then picking them up again with the animal.

2 Young Ladies (Birth of Twins) Hold Up Traffic

DARDANELLE, Ark. (UP) — A couple of young ladies blocked traffic for a mile on a busy highway near here, but motorists didn't mind when they were told the reason.

Mrs. Elmer Holmes set out with her farmer-husband and 11-year-old son for a hospital. When the hospital was 12 miles away, Mrs. Holmes told her husband to stop the car and send their son to the nearest house for a doctor. She said the situation had become critical.

When Dr. Roy I. Millard arrived, he found things in pretty good shape, however. The 33-year-old mother and twin daughters were doing fine, he reported.

The twins were born yesterday at a rush hour on highway 27, and cars were lined up a half-mile in either direction.

Auto Crosses Street, Crashes Store Window

An auto being driven out of the Riker Garage yesterday crashed into a store at 58 Wayne St. No one was injured.

The auto, driven by Dr. Lucius A. Farnham of 220 W. Pike St., went out of control as it emerged from the garage, directly across from the Natural Health Foods store.

Claude M. Breeding, 56, of 383 Central Ave., told Patrolman Herbert C. Cooley he was talking with owner, Miss Taimee Surola when the car burst through the plate glass window. Breeding received a slight bruise when a front counter hit his leg.

Dr. Farnham told Patrolman Cooley he felt dazed from a novacaine injection he had received in a dentist's office.

In Ketchikan, Alaska, the total annual rainfall adds up to 12½ feet—not all at once, of course.

One Sentenced Here in Numbers Racket

Two men arrested by Pontiac Police on a charge of possessing policy slips both entered different pleas when they appeared before Pontiac Judge Maurice E. Finnegan yesterday.

Pleading guilty, Ottaway Porter, 49, of 109½ South Blvd., was sentenced to 30 days in Oakland County Jail when unable to pay a $100 fine.

Littleton White, 59, of 173 Bagley St., was ordered to jail to await a Nov. 5 trial. He failed to post a $200 bond after pleading innocent.

The first dental school in the United States was located in Baltimore in 1839.

Second Offense Brings Original Jail Sentence

HAGERSTOWN, Md. (AP)—Joseph D. Swope, convicted last March of collecting money under false pretenses and given a suspended sentence, was brought into Circuit Court again yesterday.

He was charged with representing himself as a preacher and collecting money for a church broadcast.

After parole officer Frank L. George testified, Swope took a poke at him. George floored Swope with a hard right uppercut.

Handcuffed and held by deputies, Swope was given his original sentence of three years in the house of correction.

Julius Baffled by 'Humility'

Quality Godfrey Wants Is 'Sort of Indefinable,' Says Ousted Singer

WASHINGTON (AP)—Singer Julius La Rosa prepared for a show-must-go-on performance tonight amid publicity ripples from his abrupt firing by Arthur Godfrey.

Godfrey, whose calm good humor has made him a television Titan, gave the young Brooklyn baritone his sailing papers last Monday. That was a swan song, Godfrey told his morning viewers as La Rosa finished singing.

"At first," La Rosa told a news conference last night through incipient tears, "I didn't know what he meant. I had never heard the expression before. But I understood later when he said something about wishing me godspeed."

* * *

La Rosa said another thing he doesn't understand is what Godfrey means by "humility," the quality Godfrey said La Rosa had lost.

"Ever since I was on his show, it was one of his staunch themes," La Rosa said. He never said exactly what it was. It was sort of an indefinable something."

But La Rosa emphasized he does not want to get into a battle with Godfrey, for whom he had worked 23 months to the day until sacked along with orchestra leader Archie Bleyer.

Nor, La Rosa said, does he see what all the shooting already is about.

* * *

"I wouldn't be disrespectful to him," he said. "He's older than I am and my father always taught me to have respect for people older than you.

"I didn't want any publicity because I felt it wasn't the right thing. Children should be seen and not heard and two wrongs don't make a right."

The 23-year-old baritone sings at a Naval Relief Society ball tonight at the naval gun factory. He was stationed there as a sailor for two years before Godfrey "discovered" him.

La Rosa said that "deep down in my heart I know that Mr. Godfrey had no bona fide reason for firing me."

But he acknowledged he had violated an agreement with Godfrey under which all the "Little Godfreys" said they would hire no independent booking agency to represent them.

Flying 'Dad' Nation's Oldest Active Pilot

SANTA MONICA, Calif. (AP) — A licensed pilot celebrated his 91st birthday yesterday by taking four generations of his family and some friends on a flight.

James W. (Dad) Montee is credited by the Civil Aeronautics Administration with being the nation's oldest active licensed pilot.

He was at the controls during much of the flight in a Grumann-mallard 12-passenger amphibian from Santa Monica around Catalina Island and back to Long Beach and Santa Monica. His wife Margaret, 83, a daughter, two grandchildren, a great - granddaughter and two friends were along.

"I'll be flying a rocket ship before I get too old," Montee said after landing.

Local Dem Club to Plan Changes in By-Laws

Changes in the constitution and by-laws of the Democratic Club of Pontiac will be discussed Sunday at a 2 p.m. meeting in UAW-CIO Fisher Local 596 Hall at 821 Baldwin Ave.

President Norman R. Bolton said plans for a benefit dance for a sick brother also will be discussed.

Kahn Test Originator Returns From Europe

ANN ARBOR —Dr. Reuben L. Kahn has returned to his desk at University of Michigan after a three-months lecture tour in Europe.

Dr. Kahn, professor of sereology and head of the university's serology laboratory, is the originator of the famed Kahn test for detection of syphilis.

Dedicate School

PLEASANT LAKE (AP)—The new $125,000 elementary school will accommodate 175 pupils from six former school districts here. "Buildinf for Children" was the subject of the dedicatory speech of Michigan State Normal College President Eugene B. Elliott.

Bing Crosby Talks Self Into TV Show

By BOB THOMAS

HOLLYWOOD (AP) — The groaner is going to take the big plunge into TV.

One of the last big entertainers to hold out against TV, Bing Crosby has finally consented to grace the home screen with a show of his own. But he'll make only two programs this season, according to present plans.

Will he ever do a weekly or monthly show?

"Not on you rilfe!" he scoffed. "Not unless they fire me at Paramount!"

The crooner disclosed his plans on the set of "White Christmas," the Irving Berlin musical he's doing with Danny Kaye (another TV holdout), Rosemary Clooney and Vera-Ellen.

As soon as he's through with the film, he'll go to work on the TV shows. One is due for telecasting Dec. 27, the other next spring. His present radio sponsor (General Electric) has first call on his TV services.

"We'll shoot the films with our own outfit, Bing Crosby Productions, at Hal Roach studios," he reported. "Or we might have it done by Desilu (the Desi Arnaz-Lucille Ball company.)

"The show will be like a musical short. We'll pre-record the music and shoot one half-hour show in a day. If we take any longer than a day we can't make any profit from the show. I don't think we'll have much trouble. I'm pretty good at singing to a playback. We ought to be able to knock off a song an hour."

Crosby referred to the method of filming musical numbers that is employed in the movies. The songs are recorded beforehand. Then the record is played back on the movie set while the singer coordinates his lip movements to the sound.

Thus the singer can concentrate on his visual aspect without worrying about the quality of the music which is already assured.

Bing has made three TV appearances in the past. He and Bob Hope conducted a cross-country telethon to raise funds for Olympic athletes last year.

He made a surprise appearance on one of Hope's TV shows, largely to plug their film, "Road to Bali." The pair did a musical number with Jack Buchanan.

Bing also dropped in on one of the Joan Davis shows, inasmuch as they have the same sponsor.

He holds no awe of the new medium.

"I see no reason why it should be any different from the other things I have done," he remarked. "I'll just use the things I have learned in all the other mediums."

He added that he has no ambitions to do live TV. "I think film is the thing," he said. "That's the only way you can achieve any kind of perfection. It's the same as in radio. You get a much better show by using tape than by doing it live."

The groaner is getting out sowhen he insisted on taping his radio show. He had to switch networks and sponsors in order to get his way. Now a sizeable percentage of all coast-to-coast programs are on tape.

The goraner is getting out socially a little more. He squired Mona Freeman and Audrey Hepburn to recent events. Recalling his recent auto crash, I asked how he was feeling.

"Somewhat contused," replied the erudite crooner.

Begin Construction

ANN ARBOR (AP)—Workmen have begun preparations for Washtenaw County's new courthouse. The new U-shaped building will be built around the old building in the heart of the city.

Benny's Sister-in-Law, Babe, Pays $75 Fine

BEVERLY HILLS, Calif. (AP)—A $75 fine was assessed yesterday against comedian Jack Benny's sister-in-law after she pleaded guilty to a charge of disturbing the peace.

Mrs. Babe Blum, 48, and two men, arrested Sept. 27, were charged with trying to force their way into a friend's apartment. Her two companions pleaded guilty previously and were fined.

Makeshift Net Saves Mother, Child From Fire

PITTSBURGH (AP)—Three youths were playing near a three-story apartment building yesterday when fire broke out. They spotted Mrs. Mae Rees on the roof with her 17-month-old daughter.

The youths, Ralph Ginyard, George Talafero and Edward Polk, all 14, grabbed a rug from a nearby yard and held it out. The mother dropped the child into it. The baby was uninjured.

Firemen later rescued Mrs. Rees.

Pontiac Eleven Eyeing Upset Tonight

Pontiac Press Photo

SHOOT FOR LEADERS—Clarkston High School coach Ed Hintz has had his backfield unit intact for only the first half of the season's first game and tonight will be no exception. Nevertheless, the Wolves will be going all out to knock off Northville, Wayne-Oakland league leader. From the left are fullback Lanny Leak, sidelined with flu; quarterback Glen Abbott; coach Hintz; halfback Pete Thompson, who will see only limited action due to an injury, and halfback Harry Devar.

Seeks to Get Back Into Win Column Here

Injuries and Illness May Cost Arthur Hill 3 Regulars

TONIGHT'S GAME FACTS

OPPONENTS—Pontiac High, Saginaw Arthur Hill.
PLACE—Wisner Memorial Stadium.
TIME—8 p.m.
COACHES—Ed Graybiel (P), Kurt Kampe (AH).
NICKNAMES—Chiefs (P), Lumberjacks (AH).
RECORDS—Pontiac 3-2, Arthur Hill 3-1.
1952 RESULTS—Arthur Hill won, 14-7.
PROBABLE STARTERS (Offensive):
PONTIAC
ENDS—Leroy Moore, Jim Wiscombe.
TACKLES — Jack Hopkins, George Thrasher.
GUARDS—Bill McLarty, Gene Vaughn.
CENTER—Ed Hoban.
BACKS—Dick Ayling (Q), Jim Williams, Walt Poe (H), Coley Gracey (F)
ARTHUR HILL
ENDS—Jack Strobel, Ron Herman.
TACKLES—Jim Harmony, Bob Wolfgram.
GUARDS—Ken Speck, Jim Rappuhn.
CENTER—Tom Anderson.
BACKS—Dale Hanson (Q), Bob Plater, Bill McMahon or Harvey Wolfe (H), Bill Plater (F).

* * *

By BILL MARTIN

Pontiac High's upset-minded Chiefs, determined to get back into the victory column after two straight losses, go after their 1st Saginaw Valley Conference win here tonight against Arthur Hill.

Injuries and illness have hit Coach Kurt Kampe's Lumberjack squad, and three regulars may be out of action tonight.

Starting guards Jim Rappuhn and Jack Gallagher both have had touches of influenza. Rappuhn is expected to be ready for action, but Gallagher is on the doubtful list. Bill McMahon, halfback, is nursing a thigh injury and is expected to see only limited play.

Chiefs staged one of their best performances of the season last week, although losing 20-0 to powerful Bay City Central, and could surprise observers by upsetting the once-beaten 'Jacks. Arthur Hill is rated a 1-to-2 touchdown edge.

Jimmy Williams and Walt Poe, the squad's two top ground gainers, will start at halfback slots usually occupied by Homer Harrison and Bill Rose. Williams has a 6.9-yard average in 32 tries, while Poe has run at a 5.7-yard clip in 23 plays. Poe, a lefthander, also is one of the team's top passers, with four completions in eight pitches for 61 yards.

Pontiac-Arthur Hills series started in 1929, and has been continuous since 1934. Lumberjacks have won 13 of the 20 games played, while two have ended in ties.

Game of Week
Tech's Amazing Defense Problem for ND Eleven

By FRANK LEAHY
(Notre Dame Football Coach)

Perhaps we're just a bit prejudiced out this way, but as far as we can see football's game of the day will be played right here in the Notre Dame stadium. Notre Dame hosts the Sugar Bowl and Southeastern Conference champs from Georgia Tech. It will be the 4th time this fall we've played before a full house and I'm certain the 58,000 fans will get their money's worth.

LEAHY

In preparing for a team such as Georgia Tech we find one point in our favor. Tech is completely respected by our players as it brings football's longest active undefeated streak into our stadium.

Presenting a problem in this week's preparation is the amazing defensive ability shown by Tech thus far. We have had to score at least twice to win every game this fall, but no one has scored twice on Georgia Tech. Offensively their power has been readily demonstrated in the past two games as they overpowered Tulane and Auburn respectively.

Our plan of attack if we hope to stay in the game must be to keep constant defensive pressure on the Engineers. By exerting this constant pressure the opponent is placed in a continual hole and must take chances offensively that he would not take under ordinary conditions.

Another top tilt features our opponents of the next two weeks and you can be sure the notebooks will be filled as our scouts watch the powerful Navy team play Pennsylvania. On the West Coast, outcome of the Southern Cal-California game is bound to have a mighty important bearing on the eventual Rose Bowl contestants.

Tradition plays as big a part as football as Minnesota plays unbeaten Michigan. Down South one of the year's finest teams, Maryland, will strut its stuff against Miami. Maryland looks like a truly great eleven and the 1st representative of the newly-formed Atlantic Conference in the Orange Bowl.

Trucks Named AL's Comeback Star of Season

Virgil's 20-Game Year Shades Ted Williams' Return From Korea

By JOE REICHLER

NEW YORK (AP)—Virgil Trucks, who was tagged with 19 defeats in 1952 despite hurling two no-hitters, was voted today as the American League's Comeback Kid of 1953.

The 34-year-old right-hander, who began the season with the lowly St. Louis Browns but was sold to the Chicago White Sox in June, edged out the great Ted Williams for the honor on the strength of his 20 victories, 15 of them compiled with the White Sox.

Trucks received 55 votes to 50 for Williams. Mickey Vernon, Washington's btfirrnsb - slilaaet Washington's brilliant first baseman and the junior circuit's batting king, drew 29 votes to place third. Jimmy Piersall, sensational Boston Red Sox outfielder, was fourth with 22 votes.

A total of 179 members of the Baseball Writers Association of America participated in the Associated Press' annual poll. They gave six votes each to pitchers Ellis Kinder of Boston and Bob Porterfield of Washington, four to infielder Ray Boone of Detroit, two to southpaw Eddie Lopat of the New York Yankees and one each to Al Rosen of Cleveland, Bob Elliott of the White Sox and Irv Noren of the Yankees.

The 50 ballots cast for Williams was a tremendous tribute to the Red Sox slugger who turned in a spectacular .407 batting mark in 37 games in August and September following his return from Korea.

Braves Cinch at Least Tie for SJHS Title

Yield First Touchdown of Season, but Beat Waterford, 18-6

Washington's Suburban Junior High leaders yielded their 1st touchdown of the season Thursday as they dumped Waterford, 18-6.

* * *

The victory, 3rd in a row for Coach Em Ghianni's westsiders, assures Washington of at least a tie for the SJHS loop championship. Their only remaining game is with Eastern next Thursday.

* * *

Fullback Lessie Watkins, halfback Charlie Robinson and end Freeman Watkins scored single TD's in the game's first three quarters to give the Braves an 18-0 lead going into the final period. Scores by Robinson and Freeman Watkins came on passes from quarterback Art Poe.

* * *

Lynn Salathiel, Waterford halfback, became the 1st man to cross the Washington goal line this year when he intercepted 3rd-string quarterback Bevone Stone's pass and ran 20 yards to a touchdown in the last 14 seconds of play.

Two Brave tallies were called back because of offside penalties.

Hunting Season Opens, but Ducks Are Elsewhere

CAPE GIRARDEAU, Mo. (AP)—Missouri's duck-hunting season started today but one thing seems to be missing—the ducks.

I. T. Bode, director of the State Conservation Commission, said yesterday he hadn't heard any reports of ducks in this drought-seared state.

He said some geese were spotted on federal refuges but they appeared to be staying close to the refuges where they are fed and weren't likely to fly within range of hunters.

Maples Picked Over Shamrocks

Birmingham Seeks 3rd Victory of Season at East Detroit

Birmingham High School's football team is favored to push over the .500 mark tonight at East Detroit as the Maples tangle with the winless Shamrocks in an Eastern Michigan League game.

Vince Secontine's eleven has split even in four games, downing Cranbrook (19-12) and Ferndale (7-6), while losing to Mt. Clemens (0-6) and Hazel Park (0-13).

East Detroit has lost five straight games to Van Dyke (6-32); Dearborn (0-31); DeLaSalle (0-13); Hazel Park (14-26) and Port Huron (6-35).

Al Asbury's Shamrocks still have T-quarterback Tom O'Hara around to pitch passes, but there are no Ron Kramers around to be on the receiving end. Kramer, all-state athlete in both football and basketball, was graduated last spring.

League leaders in the Eastern Michigan are both on the road tonight.

Port Huron takes its 24-game winning streak, longest in Class A in the state, to Ferndale. Hazel Park will be wary of an upset at Mt. Clemens. Bathers are more dangerous that their one-win record would indicate.

Big Reds and Parkers are tied for the loop lead with two wins. Ferndale is 3rd with a win and a loss, while Birmingham and Mt. Clemens are 1-2 each.

SCL Has Top Scorers

By JACK SAYLOR

A pair of outstanding Suburban Catholic League backs head the individual scoring list for Oakland County as the prep grid season moves into the home stretch with 28 games today.

Joe Ruhlman of St. James and Russ Shindorf of Pontiac St. Michael each have tallied eight touchdowns in five games, but Ruhlman has one extra point to hold a 49-48 edge in total points.

Rochester's Paul Dellaire is third with six touchdowns for 36 points, while Dick Nash of Royal Oak has 35 points. Waterford speedster Kerry Keating has 33, and three players are tied at 30 — Dick Smith of Holly, Jerry O'Shaunghnessy of Keego Harbor and Steve Zervas of Hazel Park.

A pair of homecoming games highlight today's action, which is well divided between afternoon and evening.

This afternoon, Berkley is at Waterford; Clawson at Avondale; Madison at Troy; Holly at Clarenceville and Millington at Ortonville. Under the arcs tonight, Saginaw Arthur Hill is at Pontiac; Farmington at Walled Lake; Brighton at Milford; Romeo at Oxford, Port Huron at Ferndale and Clarkston at Northville.

Homecoming games are tonight at Rochester and Lake Orion.

A parade in Orion starts at 7 p. m. with the Dragons meeting South Lake at 8 p. m. Homecoming queen will be crowned in a half-time ceremony.

A parade at Rochester also will precede the Falcons' contest with arch rival Lapeer on Halfback Field. A student assembly, bonfire and dance also highlight this annual event.

Here are the individual scoring leaders in the county:

	TD	PAT	T
Joe Ruhlman, St. James	8	1	49
Russ Shindorf, St. Mikes	8	0	48
Paul Dellaire, Rochester	6	0	36
Dick Nash, Royal Oak	5	5	35
Kerry Keating, Waterford	5	3	33
Jerry O'Shaughnessy, Keego	5	0	30
Dick Smith, Holly	5	0	30
Steve Zervas, Hazel Park	4	6	30
Bob Gouin, South Lyon	4	5	29
Fred Burnard, Troy	4	2	*29
Larry Kress, St. James	4	2	26
Ray Campbell, Waterford	4	0	24
Jerry Hunter, Holly	4	0	24
Bill Long, Southfield	4	0	24
Stan LaBelle, Berkley	4	0	24
Jim Van Wagoner, Oxford	3	4	22

*Also kicked field goal.

Tommy Leedle 'Out' but Wins His Comeback

DETROIT (AP)—Middleweight Tommy Leedle's fistic "comeback" ended with him out on his feet but winner of his six-round fight at Motor City Arena last night with Jackie Fisher of Grand Rapids.

Ledle won by unanimous decision, having piled up points in the first five rounds. But late in the sixth round Fisher caught him flush on the jaw with an uppercut that sent him down.

Leedle made it back to his feet, clinging on groggily until the remaining seconds ran out.

Middleweight Bob Evans' string of five consecutive pro victories was snapped decisively and surprisingly on a TKO by Eddie Simms, of Chicago.

Both main events were televised as was the technical knockout of middleweight Tommy Parrasz of Toledo by Detroiter Johnny Barnes.

Langlois Meets Panter Tonight

Light-Punching French Boxer Faces Wide-Open Style in TV Bout

By JACK HAND

NEW YORK (AP)—Pierre Langlois of France and Garth Panter of Salt Lake City, a pair of lively middleweights, keep the 160-pound class busy tonight with a 10-round bout at Madison Square Garden.

* * *

It will be carried on ABC radio and NBC TV at 10 p.m., EST.

A busy fighter, a la Olson, Langlois has a 59-12-4 record for 75 fights with 12 knockouts. The 27-year-old Frenchman has been stopped twice by Bill Gleeson in Australia in 1949 and by Johnny Bratton at Montreal last year. He wades in, throwing light cuffing punches to the body.

* * *

Panter, 23, walks in, wide open, anxious to trade punches. Son of a former middleweight boxer, he has a 49-12-2 career record for 63 bouts, stopping 35 opponents He never has been knocked out. This is his first chance to top a Garden grab.

Atkinson Is Given Mementoes of Win

WILMINGTON, Del. (AP)—Jockey Ted Atkinson took home a couple of prize mementos in addition to his regular fees after he won Delaware Parks $100,000 added New Castle Handicap. Atkinson was aboard Grecian Queen in the world's richest race for fillies and mares.

The Canadian-born rider was presented with a solid gold cigarette box. Mrs. B. F. Whitaker, the owner, gave him the set of colors he wore. Atkinson has a collection of silks of various owners whose horses he has ridden to victory in rich races.

Pontiac, Arthur Hill Jayvees Battle to Tie

Pontiac High's junior varsity football team battled to a 6-6 tie with Arthur Hill Thursday at Saginaw. Little Chiefs' record now stands at 2-3-1.

Roy Fugitt, PHS fullback, plunged for 1 yard in the 2nd quarter for his team's score. another TD run, by quarterback Bob Casteel, was called back by a backfield-in-motion infraction.

In the 1953 National League pennant race the Dodgers took first place on June 28 and never relinquished their lead.

Prep Schedule in County Area

TODAY

Arthur Hill at Pontiac; Berkley at Waterford; Farmington at Walled Lake; Southfield at Van Dyke; Brighton at Milford; Clarkston at Northville; Holly at Clarenceville; Lapeer at Rochester; Romeo at Oxford; South Lake at Lake Orion; Clawson at Avondale; Madison at Troy; Bloomfield Hills at Harper-Woods; Jackson St. Mary at South Lyon; Birmingham at East Detroit; Port Huron at Ferndale; Hazel Park at Mt. Clemens; Warren at Center Line; Eastland at Utica; Lakeview at Lake Shore; Mayville at North Branch; Millington at Ortonville; Capac at Brown City; Memphis at Almont; Dryden at Armada; New Haven at Richmond St. Augustine; Mt. Clemens St. Mary at Roseville; Detroit Lutheran at Fitzgerald.

SATURDAY

Pittsburgh Shady Side at Cranbrook; Royal Oak at Ferdson.

SUNDAY

St. Michael at St. Benedict; St. Frederick at OL St. Mary; Shrine at Holy Redeemer; RO St. Mary at St. Rita.

Trip to West Coast May Decide Lions' Title Hopes

DETROIT (AP) — Detroit Lions left today for the rocky West coast, where they'll meet, on successive weekends, San Francisco and Los Angeles in a murderous two-game road trip which could wreck their championship hopes.

It's a virtual necessity for the Lions to win at least one of the games. They play San Francisco Sunday and the Rams next Sunday.

A pair of losses would leave the Lions with a 3-3 record. A split would leave them with a 4-2 mark and the roughest part of the schedule behind them.

On the other hand, a two-game sweep by Buddy Parker's crew could give it a lead which may never be overcome.

There were those who thought the 49ers would be a soft touch since their ace quarterback, Y. A. Tittle, would miss the game due to a fractured cheekbone. But the Lions can expect San Francisco to be as tough as ever.

The 49ers boast three of the top 10 ground gainers in the league. Fullback Joe Perry is No. 1, with 339 yards in 61 carries for an average of 5.6. Halfbacks Joe Arenas and Hugh McElhenny rank ated the NFL's Western Division.

Two weeks ago the Lions edged the 49ers, 24-21, and looked like they were ready to pull far ahead of the field. But last Sunday Rams upset the Detroiters, 31-19, and created a three-way tie for the led in the NFL's Western Division.

County Appears Out as '55 Cup Match Site

The 1955 Ryder Cup matches may not be held in Oakland County after all.

Oakland Hills Country Club had bid for and seemed likely to get the Cup matches between the top U. S. and British golfers, but weather now appears to be a factor.

Britain wants to hold the matches after their regular season has finished late in the fall. Unpredictable weather here at that time of year may force American officials move the matches elsewhere.

Ford Leads Chiefs
Pontiac Places Five Runners Among 1st 10 Finishers to Win Valley Title

Pontiac High's cross country team placed five runners among the first 10 finishers at Flint Thursday to win its 3rd Saginaw Valley Conference crown in seven years. PHS junior varsity won a preliminary meet to give the Chiefs a clean sweep of honors.

Coach Wally Schloerke's squad won easily with a 29-point total. In 2nd place was defending champion Bay City Central with 58, followed by Arthur Hill 75, Flint Northern 84, Saginaw 141 and Flint Central 188.

Chiefs' top man was senior Shelley Ford, runnerup to individual champion Phil Ballien, Arthur Hill, who was clocked in 9 minutes 42 seconds over a shortened course. Other finishers, in order: Paul Budnick (BC), Bill Douglas (P), Alonzo Watson (P), Douglas Wright (FN), Charles Garwin (FN), Felix Brooks (P), John Starline (BC), Bill Imboden (P), Stan Jamroc (BC), John James (P), Larry Passon (AH), Hugh Ambler (P).

Sophomore Norris Jackson won the jayvee test in 10 minutes 22 seconds as the Little Chiefs took 1st place with 36 points. Arthur Hill was 2nd with 49, while Flint Northern (70), Bay City (101) and Flint Central (150) trailed in that order. Other PHS finishers were Don Spann, 3rd; Jack Johnson, 4th; Jack Humphrey, 8th; and Tom Gracey, 20th.

Champions go to Albion for an invitational run Saturday, and are entered in Birmingham's regional meet on Oct. 31.

MUCC Will Aid in Forest Fire Fighting

Sportsmen Are Urged to Carry Equipment in Cars

GRAND RAPIDS (AP) — Michigan's organized sportsmen today had enlisted themselves in battle against the growing menace of forest fires.

Harry Gaines, secretary of the Michigan United Conservation Clubs, announced the launching of a campaign designed to make "every sportsman a fire fighter" during the present dry weather.

The 60,000 members of the 280 sportsmen's clubs affiliated with the MUCC were urged to carry shovels, sand and buckets in their cars and to lend a hand with fire fighting whenever necessary.

In Lansing, M. M. Bergman, head of the conservation department forest fire section, welcomed the aid of the sportsmen "in the present high hazard period."

Bergman reported Michigan's woods and fields continued tinder dry through most of the state. Fire fighting crews have been kept on the jump, he reported, with many small fires. None of them yet has broken out into serious proportions, he added.

It's Time Out!

"No, no, darn you! We got a rule that spectators ain't supposed to help a fighter back into the ring!"

The heaviest player on the Florida State football squad is 245-pound sophomore end Tom Feamster of Warwick, Va.

Hawks Blow Chance for 1st NHL Victory

By the Associated Press

Chicago's hapless Black Hawks still were without a National Hockey League victory today, although they came within six minutes of one last night.

Hawks dropped their sixth game of the year (they've tied one) as the Montreal Canadiens came from behind for a 3-2 decision. The win put the Frenchmen in a tie for first place with the Detroit Red Wings.

In the only other game, revamped New York Rangers opened their home season with a 4-3 triumph over the Boston Bruins.

Missing Game Trophy Finally Turns Up

EAST LANSING (UP)—An old brass spitoon, which goes to the winner of the Michigan State - Indiana football game, was back in the trophy case today but for a while everyone thought it had been lost for good.

The battered trophy, in existence since 1950, disappeared last Saturday during the Spartan-Hoosier game which MSC won 47-18. No one could find it when it came time to award the trophy following the game.

A search was launched Monday morning and the spitoon was found in a checkroom in MSC's union building.

Pheasant Just Misses Tie for Derby's Lead

A 3-pound 8½-ounce pheasant shot by Richard Bridgman, 125 East Huron street, Milford, Thursday just missed tying for the lead in the Pontiac Press' pheasant derby.

Bird fell a half-ounce short of the current leaders, entered by Paul Emerson and Russell Allie.

Heads Spartan Netters

EAST LANSING (UP) — Jim Pore, Kalamazoo senior, today was named captain of Michigan State's 1954 tennis team. Pore is only returning letterman from last year's MSC net team which captured runner-up honors in Big 10 competition.

Army Hurler Helps Japs Beat All-Stars

TOKYO (AP)—An American minor leaguer awaiting discharge from the U. S. army today ruined the Japanese debut of Ed Lopat's U. S. major league All-Stars.

Pfc. Charlie Hood of Norristown, Pa., lined a 9th innig double off Robin Roberts, Philadelphia Phils' ace, to drive in a runner and give the Mainichi Orions a 5-4 victory.

Hood, 25, is owned by the Phils and thus is a potential temmate of Robert. He played with Utica in the Eastern League in 1950.

Ann Arbor Eyes Crown, Eastern Shoots for Upset

By the Associated Press

Powerul Ann Arbor has a chance tonight to become the first team in the state to sew up a major high school football conference championship.

If the Pioneers (5-0) whip upset-minded Lansing Eastern (3-1-1), they'll clinch their fifth straight Six-A League title. It would give Ann Arbor a -0 league record with only one conference game to go.

Two other unbeaten Class A teams —Bay City Central (5-0) and Port Huron (5-0) — are favored to win but a third unbeaten, Grand Haven, figures to have its five-game winning streak snapped.

Grand Haven will be an underdog when it faces Muskegon Heights (-1), a team which boasts one of the best running attacks in the state.

It'll be the 32nd meeting between the two teams in the series dating back to 1921.

Port Huron, carrying the longest Class A streak in the state — 24 straight wins — is a three touchdown favorite over Ferndale (2-3).

Bay City Central, which is overpowering both on offense and defense, is expected to make short work of Owosso (1-4) Saturday night.

Carl Furillo's Play Comeback of Year

NEW YORK (AP) — Carl Furillo today boasted another laurel for 1953 to go with his National League batting crown. For increasing his hitting average nearly 100 points the Brooklyn Dodger outfielder was named the player making the best comeback of the year in the National League.

Furillo edged teammate Gil Hodges for the accolade with 179 members of the Baseball Writers Association of America casting a vote in the Associated Press' annual poll. The rifle-armed Pennsylvanian received 66 votes while 53 selected Hodges.

Collegians Play Lakers

CHICAGO (AP) — A handpicked group of 14 college graduates, regarded as among the best basketball plaers ever assembled in the 14-year series, will meet the Minneapolis Lakers in the annual all-star game at Chicago Stadium tonight.

Writer Sees U-M Having Trouble With Giel, but Winning Over Gophers; Spartans, Irish Favored

By GRANTLAND RICE

NEW YORK—Notre Dame and Georgia Tech, California and Southern Cal, Navy and Pennsylvania, Texas and Rice dominate most of the scene this Saturday.

• • •

Can Navy romp against the in-and-out, up-and-down Pennsylvanians? What's the matter with Princeton? Can California's drive for a place in the Rose Bowl sun come safely through?

• • •

Illinois' unwhipped drive looks safe but Michigan may find Paul Giel and Minnesota considerable trouble. Illinois is now on a romping rampage which I doubt that Syracuse can stop.

• • •

Collapse of Princeton has been one of the main talks all week. Anyway, it goes to show that lines are as important as backfields. Princeton has no part of a line. Princeton still has a fine coach in Charlie Caldwell and first-class backs. No line.

Here is an intimation of what may happen tomorrow.

EAST—Army-Columbia. One of the best games of the day. Army has edge with the lift that came from the Duke victory. Yale is picked over Colgate in a close tussle. Cornell should handle a fading Princeton team. Harvard is better than Dartmouth. Maryland's steamroller should roll over Miami.

• • •

Navy-Pennsylvania. Navy should win. Question —will Navy's power over Princeton still hold? TCU and Penn State should have a close one, TCU is named. Princeton-Cornell. The pick here is Cornell. Strange as it may seem, the Tiger was lucky to win its first three games.

• • •

Syracuse-Illinois. Illinois all the way with her fast backs. West Virginia over VMI. Something to spare. Mississippi State is named over faltering Alabama, Ole Miss over Arkansas, Auburn over Tulane and South Carolina over Clemson.

WEST—Notre Dame and Georgia Tech. A young typhoon. As game is played in South Bend, the nod to Notre Dame. I like Michigan State over Purdue, Iowa over Indiana, Oklahoma over Colorado, and Ohio State over Wisconsin in a close one.

• • •

Southern Cal-California. One of the big games of the day. Southern Cal. Texas is named over Rice and Michigan gets the call over Minnesota. SMU over Kansas, Nebraska over Missouri. Pittsburgh over Northwestern. Stanford over Washington and UCLA over Washington State.

Notre Dame-Georgia Tech Tilt Season's Top Game

By ED CORRIGAN

NEW YORK (AP)—Notre Dame and Georgia Tech, mightiest of the mighty, meet tomorrow in the No. 1 game of the campaign as the college football season rushes toward a climax.

* * *

Unless it winds up in a deadlock, one of these behemoths will lie stretched on the turf at South Bend, Ind. Georgia Tech, unbeaten in its past 31 games, has come along fast after a shaky start. Notre Dame, undefeated this year, has reigned as the top team in the land in every weekly Associated Press football poll to date.

This isn't the only big one on the program, though. There will be plenty of do-or-die conference battles. In the Big Ten, for example, Michigan, one of the top contenders, must get past strong Minnesota. In the Southwest, Texas and Rice, either of which could pick up the marbles, tangle at Austin. And on the Pacific Coast, California will try to get back in the race by beating Southern California.

Tonight, the big one pits Maryland, the third-ranked team in the country, against the University of Miami at Miami. This figures to be nothing more than a brisk workout for the terrors of the Atlantic Coast Conference.

Georgia Tech's coach, Bobby Dodd, thinks he has his boys "up" for the Irish—and the team itself thinks it can win, but he has his problems. He knows that if Notre Dame beats his outfit, it probably will be through the light line. This makes the Engineers rather easy to score on.

Leon Hardeman is the Tech high scorer and unless Notre Dame can stop him and his running mate, Glenn Turner, the Engineers will cause trouble.

Notre Dame Coach Frank Leahy is his usual pessimistic self. For one thing, he can't understand why his club has been named No. 1. He also pointed out that the South Benders have had all the best of the breaks.

Johnny Lattner's strained heel muscle has come around and with Ralph Guglielmi, the fierce Notre Dame one-two punch, is set and rarin' to go.

Michigan State, No. 2 in the national rankings, figures to strengthen its Big Ten stock when it plays Purdue, an outfit without much punch—at least in the Spartans' league.

While Texas and Rice are clawing at each other, Baylor, the sixth-ranked school and slight favorite for the Southwest Conference crown, tackles Texas A&M. The Bears will rule heavy favorites.

Illinois, right in the middle of the Big Ten scramble with Michigan State and Michigan, has a date with Syracuse.

* * *

West Virginia, Oklahoma and Navy, the eighth, ninth and tenth-rated teams, go into action, respectively, against Virginia Military Institute, Colorado and Penn.

* * *

Navy, which even Coach Eddie Erdelatz (like Leahy a charter member of the pessimists club) admits is "probably" the best Middie eleven since the end of World War II, could run into trouble against Penn.

* * *

Light Forwards, Defensive Backs Worry Engineers

Notre Dame Line Big, Agile; Tech's Backfield Aces Lack Polish

By MERCER BAILEY

ATLANTA (AP) — Georgia Tech's light line and defensive backfield play were two major worries of the Yellow Jacket coaches on the eve of their game with the Fighting Irish of Notre Dame.

Tech's line averages only 191 pounds, giving the Irish a considerable edge in heft.

"A big line doesn't bother us if it is slow," said line coach Ray Graves. "The Notre Dame line, though, is big and agile. It may be just about as fast as ours.

"The game will give us a chance to see how a good small lineman stacks up against a good big lineman."

Coach Bobby Dodd also finds it discomforting that three of his first-string backs are not yet experts at defensive play.

Quarterback Bill Brigman and halfbacks Leon Hardeman and Billy Teas need more polish on defense.

Fullback Glenn Turner has turned in to a very effective linebacker, and is tough up-the-middle runner.

Tech's backs can hold their own against team in the country, Notre Dame included.

Jackets were scheduled to fly to South Bend today, work out in the afternoon and move over to Elkhart for the night. Dodd planned to take about 40 players.

Tech coaches refrained from predicting a victory over the Irish, favored by from 7 to 10 points. But the players were in high spirits for the game, were in good physical shape, and were quick to say they believed they could knock the Irish off the football throne.

Durando and Humez in 160-Pound Bout

PARIS (AP)— Ernie Durando of Bayonne, N. J., opposes France's Charles Humez in a 10-round bout at the Paris Sports Palace tonight with the winner hopeful of getting a shot at Carl (Bobo) Olson's newly - acquired middleweight crown.

Durando, a rugged hard-hitting puncher, has been training hard for the bout which highlights the first big boxing card of the Paris winter season.

Humez, who lost a decision to Turpin last June in the European finals of the middleweight tourney, has fought once since then. He won an easy 10-round decision from Leo Starosch of Germany a month ago.

American fishermen spend twice as much as hunters.

Pontiac Press Photo

SIZING 'EM UP—Midget football leaguer Mike Taylor, 12, (left) helps Crofoot teammate Jack London, 10, try on a Pontiac High helmet for size. The boys, who will participate in Saturday night's Midget football program at Wisner Memorial Stadium, hope to some day wear one of the orange-and-black PHS headgear. Mike is the son of Mr. and Mrs. Herbert Taylor of 22 Harris street, and Mr. and Mrs. Samuel London of 138 Palmer are Jack's parents.

BPAA Keglers Open Annual Tournament

CLEVELAND (AP)—Thirty-six expert bowling teams from 15 cities compete here tomorrow and Sunday for $5,000 in prizes in the ninth annual elimination tournament of the Bowling Proprietors Association of America.

Top money is $1,500, and the runner-up quintet gets $1,000.

Rated as the team to beat is Buzz Fazio's Stroh's Beer of Detroit, current match-game rulers and defending BPAA champs.

Rangers Shoot for 30th

Ivory Rangers' polo team will shoot for its 30th victory of the season in the closing match of the season Sunday at Ivory Polo Field. Capt. Jack Ivory's team will meet an all-star aggregation headed by Fred Lutzow.

Birmingham, WL Harriers Win Loop Championships

Birmingham and Walled Lake won the Eastern Michigan League and Inter-Lakes Conference cross country meets Thursday at Birmingham and Wixom, respectively.

Maples, coached by George Pappas, edged Mt. Clemens and Hazel Park, while Rollie Langerman's WL Vikings nipped Farmington.

Score in the EML meet-Birmingham 39, Mt. Clemens 41, Hazel Park 45 and Port Huron 112. Inter-Lakes score — Walled Lake 25, Farmington 32, Southfield 95, Waterford 100 and Van Dyke 124.

Hazel Park's Ernie Bennetts and Don Pounds of WL were the individual winners. Bennetts' time was 10 minutes, 29 seconds. Pounds toured the two-mile course at the Hickory Hills Golf club in 11 minutes, 26.5 seconds.

Maples gained their 4th victory in six EML meets by taking 2nd, 7th, 9th, 10th, 11th, 14th and 15th. In that order for Birmingham were Dave Long, Ed Hubbard, Jim Taup, Bob Lobby, Jerry Kraus, Tom Rockwell and Al Fuhrmann.

Jerry Avery and Dave Harrington followed Pounds across in 2nd and 3rd to push Walled Lake to its title. Viking and Farmington runners accounted for the first 13th places. Lowe was Southfield's first finisher in 14th, Bob Beedle paced Waterford in 19th spot, and Rosneck of Van Dyke led his team in 24th.

Walled Lake also won the I-L jayvee meet with 23 points.

Cards Promote Meyer

ST. LOUIS (AP)—Richard A. Meyer, who has been secretary of the St. Louis Cardinals since last March, is the new vice president and general manager of the club.

He was appointed yesterday by August A. Busch Jr., president of the club. Meyer will take over immediately.

Victory Fever at High Mark in Irish Camp

Leahy and Ramblers Aim for 4th Victory; Given 10 Point Edge

By CHARLES CHAMBERLAIN

SOUTH BEND, Ind. (AP)—Victory fever mounted to its highest level of the season at Notre Dame today as the high-spirited and finely conditioned Fighting Irish tapered off football drills for their severe test against Georgia Tech tomorrow.

Coach Frank Leahy apparenty had his team pentup as much as it was last year when the Irish upset Oklahoma and Southern California.

* * *

This time the upset aspect is not present as a pep-talk appeal, for Notre Dame is favored from 7 to 10 points by the experts to grab its fourth straight victory.

* * *

But the coaching staff has drilled into the Irish that Georgia Tech's speed is sensational and has pounded this home to the extent that the players are like a lot of cowboys eager to round up a bunch of wild horses.

A great help in boiling up Notre Dame spirit is Georgia Tech's record of 31 games without defeat. The Irish—ranked No. 1 nationally—feel it is their duty to break it. Tech is fourth-rated.

Jim Doughan, center on Yale's football team, grew up in the shadows of the Yale Bowl. His home is New Haven, Conn.

Lively Ring Rope Hampers Boxers at GR

'Slingshot' Effect Has Bearing on Two Bouts; Felton Is Winner

GRAND RAPIDS (AP) — Fighters flew around the Grand Rapids stadium last night as if propelled from a giant slingshot—which they were.

Loose ropes around the fight ring, gave and gave when hit solidly by the fighters, then snapped back slingshot - like, flinging them hither and yon.

Two didn't go into them solidly, and both tumbled out. Chili Bean Prado, 128, of Detroit, injured his back on the ring apron in his tumble and referee Bobby Rings declared his fight with Davey Moore, 126, Dayton, Ohio, no contest.

Bennie Proffitt, 147, Chicago went out twice before Adrian Hefel, 18, Detroit, floored him twice inside and won on a technical knockout.

Attempts to tighten the ropes ended with the whole ring collapsing on to the stadium floor.

It took half an hour to get it up again and the main show going between Lester Felton, 148, Detroit and Luther Rawlings, 148, Chicago.

Felton won an unanimous 10-round decision.

Harsh Criticism Stirs Purdue to Boiling Point

Boilermakers Called Lazy and Worse; MSC Loses Morrall

LAFAYETTE, Ind. (AP)—Michigan State will be up against a fighting mad football team here Saturday.

Newspapers and others have been needling Purdue during the past week.

They've called them lazy and another harsher word starting with the letter l.

All this has built a big head of steam under the Boilermakers.

After losing four games in a row they're hungry for a win and eager for an upset that could bring them a lot of prestige.

Michigan State was still the favorite to win its 29th straight game and to retain the lead in the Western Conference race. But the Purdue attitude made this an "anything can happen" game.

Both teams had quarterback troubles as they prepared for the clash Saturday.

Purdue has lost Roy Evans, senior quarterback, because of a shoulder injury.

Michigan State had to leave Earl Morrall of Muskegon, the fine sophomore passer, at home.

Morrall's bad cold developed into a case of glandular fever and Dr. James Feuri, team physician, said he might be out for as long as two weeks.

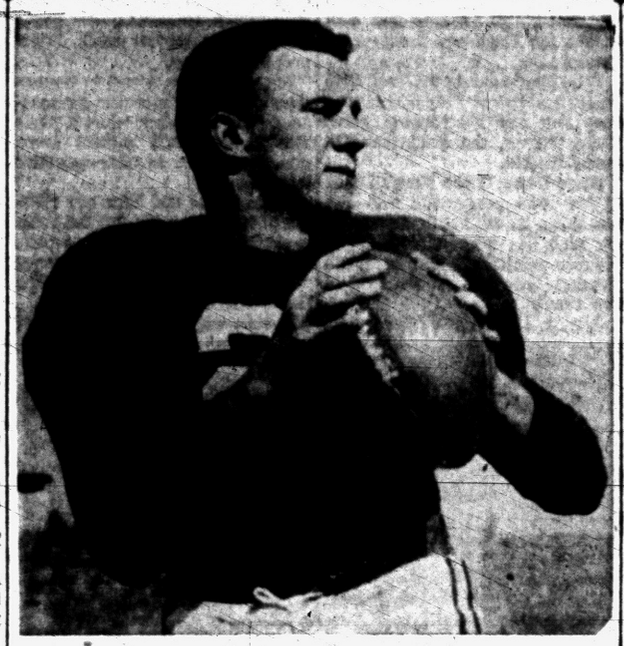

This meant that Tom Yewcic, senior quarterback, will have to carry most of the load. Johnny Matsock becomes the second quarterback and Al Fracassa was added to the roster as third man at the position. Both are juniors.

Game crowd was expected to be the smallest Michigan State has played before this season. It was estimated that 30,000 to 35,000 would be in Purdue's Ross-Ade stadium for the kickoff.

Game starts at 2:30 (Michigan time).

Michigan State squad flew to Indianapolis from East Lansing by chartered plane Thursday night.

Bill Sharman, ex-Trojan cage ace, once scored 11 free throws in a row.

AP Wirephoto

BADGER QUARTERBACK—Sophomore Jim Miller of Eau Claire, Wis., moved into the number one quarterback's position at the University of Wisconsin this week. He made the jump from sub to varsity in the Badgers' 28-19 conquest of Purdue, by scoring twice, once on a 50-yard sprint.

Unbeaten Big 10 Teams All Favored Saturday

CHICAGO (AP) — The Big 10's three unbeaten teams — Michigan State, Michigan and Illinois — are all favored to extend their victory streaks tomorrow.

Toughest job of the three appears to be up to Michigan. Wolverines invade Minneapolis for resumption of the Little Brown Jug rivalry with Minnesota, beaten three times.

An upset is possible in this one despite Michigan's record of four straight triumphs. Wolverines are a touchdown choice of the odds-makers.

Michigan State is a 14-point favorite at Purdue. Spartans will be shooting for their 29th successive victory, their 5th of the season and 4th in Big 10 competition. Purdue, highly regarded before the season started, has yet to win a game after being levelled by Missouri, Notre Dame, Duke and Wisconsin.

Illinois' tremendous running attack, No. 1 in the nation, is expected to jolt Syracuse, winner of three of four starts.

Ohio State, riddled by injuries, faces a severe test at Wisconsin. Experts give Ohio State a three point edge.

In the 4th conference game, Iowa invades Indiana. Hoosiers have only one victory in four starts, beating Marquette 21-20. Iowa has a 2-2 record and is a 13-point favorite.

Pittsburgh, after giving Notre Dame a rough time before losing 23-14, is at Northwestern for a game rated as a toss-up.

Bowling Clinic

By BILLY SIXTY

CASE — Too Much Swing

Pitches Body Forward — Here is an illustration of what happens naturally when the ball is lifted shoulder high to generate extra but unneeded swing.

Backswing is too long; above the shoulder plane that is most comfortable and effective. Over-

swinging throws the body too far forward, into a crouch that makes a timing impossible.

Practice the push-away from waist level. Co-ordinate push-away with short first step. No rush. Slow step, slow push-away.

U of M Warned Minnesota Will Be 'Wild' Team

Coaches Predict Tough Scrap at Minneapolis; McDonald Looks Good

By JOHN F. MAYHEW

ANN ARBOR (AP) — Coach Bennie Oosterbaan and his unbeaten Michigan Wolverines headed for Minneapolis, Minn., today and Saturday's clash with the whipped-up Minnesota Gophers.

Oosterbaan and his 38-man squad left Willow Run airport at 9:30 a. m. and were to arrive in Minneapolis a few hours later.

A last light workout was scheduled in the afternoon at Minnesota Memorial stadium. The squad will spend the night at a downtown hotel.

Wolverines staged a long and vigorous practice session here last night. Contact work was eliminated. In its place, defensive drills and dummy scrimmage were run under a barrage of coaching comment.

"You'll be facing a wild team Saturday," yelled one.

"They won't let you get away with sloppy blocking like that."

This and similar comments had team spirit on the upgrade by the end of the long session. Players joined in to add to the tempo as the Wolverines finished the workout with a flashy passing drill.

Particularly effective was quarterback Duncan McDonald, whose fabulous exploits resulted in the defeat of Iowa and Northwestern and on whose work may depend the outcome Saturday.

Part of the time, McDonald shot short passes over the line. But he mixed them with long looping throws that were gathered in by ends and backs.

Feeling is solid here that Michigan will have its hands full with the aroused Minnesota team. The aerial game may be called on again to avoid defeat.

Bobo Is Too Weary for Civic Reception

SAN FRANCISCO (AP) — World middleweight champion Carl (Bobo) Olson arrived home yesterday, too weary to participate in a planned civic reception.

"Any other time, if they want to," he he said.

A representative of Mayor Elmer Robinson said a reception definitely will be held—"how extensive depends largely on Olson's own desires."

398 for Shoemaker

ALBANY, Calif. (AP)—It's 398 wins this year for Bill Shoemaker, with every triumph increasing his world record.

He won one race at Golden Gate Fields yesterday, Better Value at $4.90.

South-West Farm Bureau Adds Weight to Phone Protest

Increased Rates Basis of Trouble

Milford Area Groups Will Take Complaints to Supreme Court

MILFORD — South-West Farm Bureau followed suit with other Farm Groups and organizations here Wednesday in protesting what they called high rates and poor service by General Telephone Co.

A move to submit petitions to the Michigan Public Service Commission protesting the high rates previously had been initiated by White Lake Farm Bureau. All Farm Bureau members in the area serviced by the telephone company are being asked to circulate the petitions.

In addition to high rates residents in rural areas protested poor service, especially on long distance telephone calls.

Last week telephone subscribers paid bills under new and increased rated listed as temporary because of an impending Supreme Court battle between the company and the Public Service Commission. The commission had issued a show cause order asking the company to appear before it and explain why rates should not be lowered.

The commission Oct. 14 was given 30 days in which to compile data to support its contention that the temporary new rates, as well as old rates which went into effect on a commission order last Dec. 5, are too high.

The telephone company, however, has been granted a temporary injunction against the show cause order, authorizing the temporary rates, by the Ingham County Circuit Court.

Assistant Attorney General Robbert Derengoski, representing the commission, is now working on a brief which will ask the Supreme Court to set aside the order for the temporary injunction.

Begin Building VFW Home

Old Mill Post Members Plan to Pour Concrete for Structure Sunday

MILFORD—Old Mill VFW Post members have begun work on a new memorial home here.

The structure, being constructed by post members, will be of cinder block 50 feet wide and 100 feet long.

According to building committee members, grading on the east Commerce street site has been completed and forms for the footings have been constructed. Post members are scheduled to begin pouring concrete Sunday.

Laying of cement blocks will begin next week, according to Wendell Boring, post commander.

A $100 check has been donated to the building bund by owners of Ye Olde Hotel in Milford and construction equipment is being supplied by H. R. Murdock and Son Construction Co.

Members of the building committee are Boring, Chuck Woodruff, Maurice McCullough, John Jenson, William Scott and Jack Gillow.

Florria Gibbing to Wed Marvin Blank at Utica

UTICA — Mr. and Mrs. Frank Gibbing have issued invitations for the marriage of the daughter, Florria, to Marvin Blank which will be held at 3 p. m. Saturday, Oct. 31.

A recreation will be held at 8:30 p.m. at K. of C. Hall, 44425 Utica Road.

MRS. EDWARD A. WEBER

Claims Maine Bride

Couple to Reside in East Following St. Hugo Rite

WALLED LAKE—Laura Regina Seamon of Livermore Falls, Maine, and Edward A. Weber of Walled Lake were united in marriage Saturday in a 10 a.m. ceremony at St. Hugo of the Hills, Bloomfield Hills, with 125 guests attending.

Laura is the daughter of Mr. and Mrs. Twining J. Seamon. Edward's parents are Mr. and Mrs. E. H. Weber of West Maple road.

The bride wore a white faille taffeta bodice and skirt over a bouffant illusion underskirt.

She also wore a tiara of shattered carnations and stephanotis and white illusion gloves, and carried a bouquet of white chrysanthemums, stephanotis and carnations.

Serving as maid of honor for the bride was Betty Cerone of Hartford, Conn.

A brother of the bridegroom, John Lewis Weber, served as best man. Ushers were James Blakeslee, brother-in-law of the bridegroom, and Henry R. Weber, another brother.

A reception and dinner were held at Melody Lane. After a two-week honeymoon trip through Michigan, Canada and Maine, the couple will live at Hartford, Conn.

Edward is stationed at the U. S. Coast Guard Training Station in Groton, Conn.

Avondale FHA Will Be Hostess to Region Seven

AUBURN HEIGHTS — Future Homemakers of America of Avondale High School will be hostesses tomorrow to the Region Seven meeting of the organization.

Registration of some 200 girls in the county will begin at 9 a.m.

The program dealing with careers in home economics will feature a film. Three 20-minute classes will be conducted by a dietitian, a home-service woman, a home economist nurse and teacher, and a journalist and nursery school representative.

The girls will attend the classes for a broader scope of the field.

Also on the agenda for the day will be an exhibit of all FHA materials by the Balfour Co., election and installation of new officers and a luncheon and tea later in the afternoon.

Methodist Church Plans Bazaar for Saturday

MILFORD — WSCS of Milford Methodist Church will hold their annual bazaar and luncheon at the church Saturday.

The luncheon hour will begin at 11 a. m. and will continue through 2 p.m. Featured in the bazaar will be candy, baked goods, fancy work dolls, and a white elephant table.

School Funds to Be Invested

West Bloomfield High Money Will Purchase Treasury Certificates

By DALE B. BARNETT
Keego Harbor Correspondent

WEST BLOOMFIELD TOWNSHIP—About $650,000 of the West Bloomfield High School building and site fund will be re-invested by the Pontiac Community National Bank, and the Detroit Bank will invest a reserve fund of $35,000 in U. S. Treasury Certificates of Indebtedness.

These were among resolutions passed at the Board of Education meeting in Roosevelt School Wednesday night.

To date $11,558 has been earned in interest in the past year by the board's investments, according to Dr. Leif A. Hougen, superintendent.

Bids for drilling a well on the high school site will be opened at a special meeting Nov. 11. Robert Yokum, archietct, made the request to have water available before construction starts.

The board approved use of the Roosevelt building by Boy Scouts and other character building groups under adult supervision where there is no conflict with regular school use.

The purchase of 24 desk and chair units for Scotch School sixth grade was authorized. That grade will be on full day schedule when the new addition is in use. All the new funiture having been delivered, the dedication is planned for next month.

Larry Scheib's detailed plans for bus preventive maintenance will be put into effect immediately. He is one of the school bus operators.

The balcony ceilings over the Rosevelt gymnasium will be repaired with the installation of acoustical tile by the Detroit Acoustical Contracting Co. on its $485 bid

Another needed replacement will be new shades for all the second floor classrooms, some being as old as the building.

League Banquet Sunday

WATERFORD — The annual Luther League banquet will be held at Christ Lutheran Church Sunday evening. The Ladies Guild will serve the dinner at 6:30, and the program arranged by Daniel Carter will include movies of the Luther League conference held at Boston this summer.

Blaze Sweeps Farm Acres

Trees and Fences Hit by Grass Fire Covering Lakeville Area Lands

LAKEVILLE — A grass fire of undetermined origin yesterday swept over more than 100 acres of land on three Lakeville-area farms damaging trees and fences.

Addison Township firemen fought the blaze from about 11 a. m. until 3 p. m. and were recalled at 9 p. m. The blaze, spurred by changing winds, was not extinguished until 11 p. m.

Fire Chief Robert McCallum said damage was not estimated but no late crops were damaged.

Farms struck by the flames included the Fruhauf (trailer manufacturers) summer home, the Lawrence Buell summer residence and the farm of Elmer Green, on whose property the fire was believed to have started.

Firemen indicated that hunters in the area may have accidentaly started the blaze.

Howell Chest Drive Aims at $8,100 Quota

HOWELL — Community Chest workers here are convassing residents this week and next seeking to fulfill a quota of $8,100.

Eleven charitable agencies and organizations are listed in the budget. They include American Cancer Society, Boy Scouts, Girl Scouts, Junior and Senior Y-Teens, and YMCA.

Others are Youth Recreation, Michigan Children's Aid Society, Associated Charities, Salvation Army, and Howell 4-H Clubs.

Russell Engelhardt is general chairman of the Community Chest board of directors and Duane Zemper is campaign chairman.

MISS DARLENE OPDYCKE

Mr. and Mrs. Paul A. Opdycke of Route 1, Davisburg, announce the engagement of their daughter, Darlene, to Otis J. Waldrop, son of Mr. and Mrs. Ira Waldrop of Davisburg.

Darlene is a 1953 graduate of Milford High School and Otis a graduate of the 1950 class of Holly High School.

A wedding is planned for April.

Livingston County OKs 6.5 Mill Tax

HOWELL — Livingston County Board of Supervisors have voted to approve a 6½ mill tax on the county's equalized valuation, which is $38,000,000 as compared to $37,000,000 last year.

The total asesed valuation for 1953 is $32,324,370 in comparison with $31,405,125 for '52.

Supervisors also voted to raise $247,000 for the county general fund tax during the coming year.

A motion to vote an extra salary for the circuit judge was defeated by a 14 to 7 vote.

Bidding Opens on Two Schools

New High, Elementary Structures to Be Built at Walled Lake

WALLED LAKE — The Walled Lake Board of Education today opened bidding for construction of two new schools for the district.

Bids on the buildings, a new high school and an elementary school, will close Nov. 5 at 3:30 p. m.

The high school, which will be located at Oakley Park and South Commerce roads, will have 22 standard classrooms, a double gymnasium with locker facilities, four science rooms, three commercial rooms, a home economics suite, vocal and instrumental rooms, and facilities for shop, agriculture, drafting and art classes.

Other features will be a library, study hall, health clinic, offices, counseling rooms, cafeteria, book store, lavatories and provisions for future expansion.

The Twin Beach section of the district at Oakley Park and Green Lake roads is the site for the elementary school.

Included in the bidding will be 12 classrooms, a multi-purpose room, a teachers' room, library, offices and lavatories.

Building will be financed by the $1,300,000 bond issue approved by voters last May. Bonds to the amount of $500,000 have been sold at last reports. The remainder will be sold as construction progresses.

Commander Speaks

CASS CITY — Maj. Carl Nye, local Civil Air Patrol unit commander, was speaker at a meeting of Presbyterian Guild Society Monday at the home of Mrs. James Cross. Edward Golding Jr. showed pictures.

Band Parents Club Forms

ROMEO—Some 40 parents of students enrolled in instrumental music in Romeo Schools met last night to form a permanent organization.

Mrs. Jules Dupont was elected head of the new Band Parents Club. Other officers include John Burns, vice-president, Mrs. Harold Hayes, secretary, and Leslie Harvey, treasurer.

The organization initiated plans for a band parents get-together to be held next month and also discussed a card party to be sponsored by mothers of the club.

The executive board met following the regular meeting to draft a resolution to present to the Board of Education requesting a study of the need of improved band facilities.

The new club has tentatively scheduled a meeting for every other month with exact dates to be announced later.

Oxford and Lake Orion Alumni Teams to Meet

OXFORD — Alumni football teams from Oxford and Lake Orion will stage a benefit game tomorrow at 8 p. m. on Oxford's athletic Field.

Between halves, midget teams from Oxford elementary schools will play. Robert Lewis, local referee, has volunteered services for both games.

On Friendly Footing

You've put your foot in it—a Gerberich shoe, made especially for boys. Doesn't it feel great? You bet it does! Supple as a glove and fits just as smoothly. And when the gang sees how swell they look, they'll want a pair, too.

Fund to Pay Compensation

City Hospital Board Provides $6,000 Yearly for Employe Relief

The Pontiac General Hospital Board of Trustees last night moved to set up a reserve fund of $6,000 yearly to pay compensation to employes while sick or disabled.

The sum will be included in 1953 operating costs by allotting $5,000 this month and $500 in November and December. It will continue at the $500-per-month rate in 1954.

A working agreement with hospital employes organized as CIO Local 100 was accepted by the board. The hospital will deal with the union in adjusting grievances regarding hours, wages and general working conditions.

The revised constitution and by-laws of the medical staff were read and approved by the board. A projected $2,500 increase in laboratory service rates was approved as recommended by Dr. John J. Marra, laboratory director.

The board moved to pay expense of a dinner for medical school graduates considering interning at Pontiac General and for three orientation meals given new interns.

City to Use Fluorine

PETOSKEY (AP)—The City Council has oredered fluoridation equipment and has instructed the city attorney to draft an ordinance providing for the addition of fluorine to the drinking water as a means of combatting tooth decay.

Pontiac Press Photo

COUNCIL CHIEFS—Big doings are brewing at Pontiac High School as four leaders confer in a council confab. Newly-elected Student Council officers grin in anticipation of future activities which they will soon be planning. President Bill Rose (left) of 74 Euclid Ave. seems to be asking Secretary Nancy Dickinson of 71 Mohawk Rd. and Veep Alice Weber (right) of 37 Kimball Ave. their opinions. Smiling to himself, Sergeant-at-Arms Bill Titus, 367 Nelson St., looks on.

Doing Things Backward Works Best at Arsenal

WATERTOWN, Mass. (AP) — The Army's Watertown Arsenal believes in doing things backward to get results.

For example, it produces better guns by firing armor plate at projectiles.

Col. Benjamin S. Mesick, the commanding officer, explained that reversing the normal procedure resulted in the best way to measure the strain and impact on the shell.

Parrots have been known to have vocabularies of between 200 and 250 words. The average parrot works with a much smaller number.

Mobile Disaster Boat

GRAND HAVEN (AP) — The City Council is going to buy a trailer-mounted boar equipped with outboard motor for disaster use. All police cars and the fire chief's car will be equipped with a trailer hitch for pulling the boat. There have been nine drownings in the area so far this year.

Single Fund Drive Set

munity Fund drive has been agreed upon hereby all interested agencies and a budget of $14,300 adopted for the campaign opening will share in the proceeds.

EXCITING READING
Coming Your Way!

Top U. S. Authors to Write Articles

"FOR THE RECORD"

Beginning Monday, October 26, some of America's best-known authors will begin writing for the Pontiac Press.

Top-flight writers such as James Michener, Budd Schulberg, Cleveland Amory, Maurice Zolotow, Eugene Lyons, William L. White, Gene Fowler, William Hillman, Robert J. Casey and Upton Sinclair will contribute to a new column which will appear regularly in this newspaper. The column, "For the Record," will be published by the Pontiac Press exclusively in this area.

The aim of the writers is to provide newspaper readers with the type of sparkling copy which has distinguished their best-selling books. But "For the Record" they will be commenting almost entirely on topical affairs.

Hal Boyle Says:

Florence Chadwick Story One of Gaining and Losing

NEW YORK (AP) — The next time your wife complains she is getting pudgy and doesn't know how to regain her schoolgirl figure — tell her to go jump in the English Channel.

That is, of course, if she can swim.

"I certainly can recommend channel swimming for any woman who wants to lose weight," said Florence Chadwick, who has swam more channels than you find on the average television set.

Before swimming the English Channel — it was getting so habit-forming with her she has finally given it up — Florence beefs up to a rugged 156 pounds by eating four hefty meals a day.

"I usually lose about five pounds crossing the channel," she said

This summer she wound up a great career by paddling across every European channel where swimmers race against time. She swam from England to France, across the Gibraltar Straits, the Bosphorus and the Dardenelles. Previously she had set a record from Catalina Island to the California mainland.

She is now 33, the same age at which Alexander the Great found no more world to conquer. But she isn't weeping about it. She simply is retiring.

"I've swam all the channels that have a record—and I hold the records," she said. "So now is the time for me to quit. It was always a sport with me. I don't want to go on and become a stunt artist. I want to be remembered as an athlete."

Florence has slimmed down to 144, and has about 10 pounds more to go before she'll be happy.

"I don't drink or smoke and I've never tasted coffee in my life," she said. "But I sure love candy. That's my downfall. Sometimes I wake up with a chocolate hangover."

How can a pretty woman — and she is quite pretty and feminine— beat the world's most rugged men at the arduous game of distance swimming

"Why, it's a known fact that women have less strength but more endurance than men," she said, as if surprised at the question. "So the longer the event, the better chance we have of breaking men's records."

Florence started competitive swimming at 6, and failed to place in one of her first races because she dropped her gum and stopped to look for it.

Her story is the saga of a girl who picked a dream young and stayed with it until she made it come true.

"My childhood idol was Gertrude Ederle — she still is —and I decided I wanted to swim the English Channel as she had."

Florence worked two years in Arabia as a comptometer operator for an oil company to save up $5,000 for the first of her three successful trips across the English channels. Her tour this summer was sponsored by E. W. Stewart, a swim suit manufacturer.

Her success has brought her a good income the last two years but no wealth. she hopes now to try one more channel and stay in it — on her own video sports program.

She figures she has swum an average of 18 miles a week for the last 27 years — or 25,272 miles, the distance around the earth.

She still swims a mile every day before breakfast "to keep loosened up."

"I've been spending too much time in the water to have any romance in my life," she remarked. "But I haven't been lonely. If I get feeling mixed up, I jump in the water — and then I can think things through better.

"You know, those wolves ashore can cause more trouble than any sharks you meet in the water."

Parolee Says In-laws Drive Him to Prison

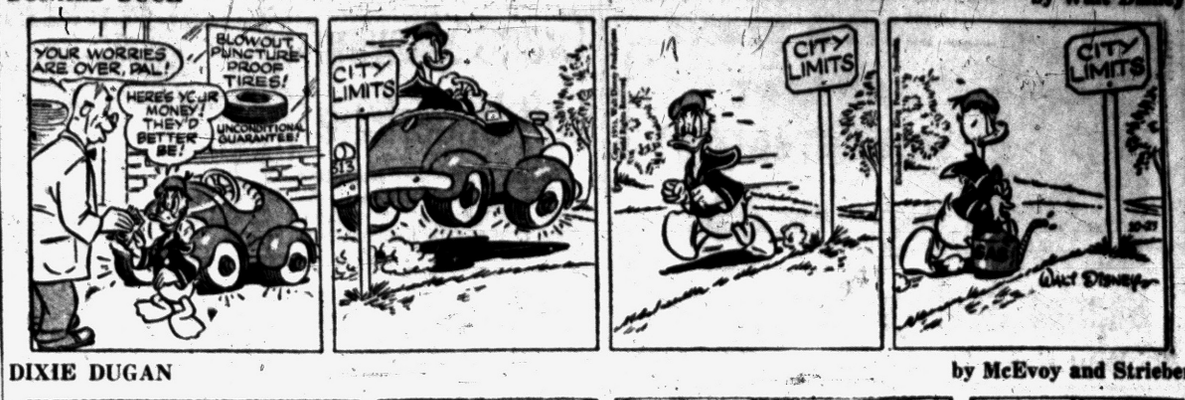

SAN QUENTIN, Calif. (AP) — Prison guards have to be ready for anything, so they weren't too surprised last night when a 36-year-old parolee appeared and said:

"My inlaws are driving me nuts. I'd rather be in jail."

They put Lee Roy Javin into a San Quentin cell for the night — while they checked his parole record.

Waters of the Great Salt lake in Utah are said to contain as much as 23 percent salt. By contrast the average salt content of the Atlantic ocean is only about 3.6 percent.

Grains Showing Soft Undertone

CHICAGO (UP)—Most grains had a slightly easier undertone on the Board of Trade today but no large losses were posted in any pit. Soybeans moved higher against the general market trend.

At the outset there was selling in wheat following more rain over night in parts of the Southwest, while corn felt mild pressure because of expectations of large cash grain receipts next week. Receipts today totaled 231 cars, of which 118 belonged to the Commodity Credit Corp.

Wheat near the end of the first hour was ⅜-⅝ lower, December $1.94⅝; corn was unchanged to ⅜ lower, December $1.47⅞, and December 77. Soybeans were ¾-1⅛ cents higher, November $2.71¼, and lard was 8 to 75 cents a hundred pounds higher, November $16.20.

News in Brief

Robert D. Hughes, 31, of 84 N. Marshall Blvd., pleaded innocent to a drunk driving charge yesterday before Pontiac Judge Maurice E. Finnegan. Hughes posted a $100 bond, pending trial Nov. 5.

Pontiac Judge Maurice E. Finnegan ordered Paddy A. Green, 22, formerly of 109½ N. Saginaw St., returned to Oakland County jail when he failed to post a $5,000 bond yesterday. Green was bound over to Oakland County Circuit Court after waiving examination on a charge of issuing a check with insufficient funds. He is scheduled to be arraigned today.

51 Pints Blood Collected

HOLLY—In the last blood bank here only 51 pints were secured on a quota of 150. The local Jaycees, who sponsored the bank, are planning to have another as soon as a bloodmobile can be booked.

Leading Stocks Hold Unchanged

NEW YORK (AP)—The Stock Market maintained a steady position today in early trading.

Price changes were usually small throughout the list with only an occasional issue gaining or losing a major fraction. A large number of leading issues held unchanged.

Trading attention was focused on a few issues. Westinghouse Electric was up a major fraction after opening on a block of 2,000 shares up ⅜ at 47⅞.

The stock was the fifth most active issue yesterday with a gain of a point after the Atomic Energy Commission granted the company a contract to build an atomic reactor.

Twentieth Century-Fox was up a major fraction and active. It opened on a block of 4,000 shares up ⅝ at 16⅝. Warner Bros. announced it plans to use the Fox big screen movie process.

The market yesterday was slightly higher, the sixth advance in seven sessions. Railroads, however, were depressed.

Dances Open to Public

WATERFORD TOWNSHIP — The public is invited to attend the newly organized dances at the CAI building each Saturday evening from 9 to 1 a.m. Both old and new dances are featured. Families and parties are urged to attend in groups.

Baking Contest Will Highlight Church Bazaar

SASHABAW PLAINS — A home baking contest, with prizes for the most beautiful cake, best pie, best bread and rolls, and the most tasty cookies, will highlight a fall bazaar of Women's Organization of the Presbyterian Church here tomorrow.

The bazaar will begin at 5:30 p.m. The contest is open to the public. Four "dads" with an eye and appetite for good cooking will be judges.

All entries for the contest are to be brought to the church by noon tomorrow and will become the property of the baked goods booth. There will be a baked goods sale in the evening.

Also featured at the bazaar will be booths for snacks, homemade candies and popcorn, white elephants, gifts and a fish pond.

All proceeds from the event will go into the church building fund.

County Deaths

Mrs. Rena Gurschke

ROYAL OAK — Service for Mrs. Edwin (Rena) Gurschke, 62, of 123 North Center St., will be 1 p. m. tomorrow from Schnaidt Funeral Home with burial in Roselar l Park Cemetery. She died yesterday.

Surviving besides her husband are two sons, Fred and Raymond Ashworth of Royal Oak; two daughters, Mrs. Ramoth Upton of Royal Oak and Mrs. Vivian Miller in California.

Mrs. Gertrude May Wells

ORTONVILLE — Service for Mrs. Jay (Gertrude May) Wells, of 167 South St., will be at 2:30 p. m. Saturday from Sullivan and Son Funeral Home, Royal Oak, with burial in Royal Oak Cemetery. She died Wednesday at her home.

Her only survivor is her husband.

John C. Oestrick

FERNDALE—Service for John C. Oestrick, 30, of 463 Cambourne Ave., will be 1:30 p.m. tomorrow at Spaulding and Son Funeral Home with burial in White Chapel Memorial Park Cemetery. He died Wednesday at home.

Surviving are his widow, Evelyn; his parents, Mr. and Mrs. Charles H. Oestrick of Ferndale; a brother, Charles, and a sister, Mrs. James A. Williams, of Clawson.

Livestock

DETROIT LIVESTOCK

CHICAGO (AP)—Salable hogs 7,500; fairly active, steady to 15 higher on butchers; slow, steady to mostly 25 lower on sows; most choice 190-260 lb. butchers 21.50-21.65; several loads 200-220 lb. 21.75; few 170-180 lb. 21.00-21.50; most 300-500 lb. sows 19.00-29.50; good clearance.

Salable cattle 1,000; salable calves 300; slaughter steers and heifers scarce; steady; cows and bulls steady to 25 lower; vealers steady; few sales good and choice steers 19.50-25.25; part-load 850 lb. heifers 23.25; few canners to low-commercial steers 8.00-14.00; utility and commercial cows 10.25-13.50; bulk canners and cutters 8.00-10.25; utility to low-commercial bulls 12.00-14.25; commercial to prime vealers 16.00-24.00; cull and utility largely 9.00-14.00.

Salable sheep 500; generally steady on all slaughter classes lambs and ewes; good to choice wooled native lambs 18.00-20.00; top 21.00; cull to low-good 8.00-17.00; yearlings absent; cull to choice slaughter ewes 4.00-5.25.

Business Notes:

Leaders See Few Casualties

90 Executives Meet With Cabinet Officials; Predict Slight Decline

PEBBLE BEACH, Calif. (UP) — Business leaders agreed generally today with cabinet officers that industry's re-adjustment from the defense build-up will bring bumps but few casualties.

This concensus was reported from the closed meeting of the Commerce Department's Business Advisory Council (BAC). Some 90 members, mostly corporation heads, swapped views with three cabinet officers and a dozen other Washington officials.

Robert E. Wood, board chairman of Sears, Roebuck and Co., forecast that retail trade would decline 2 to 10 per cent in the next three months because of tighter credit, lower farm income and some recent factory layoffs.

Wood gave his views before the day's confidential session, billed as an "economic go-round", began. Twelve executives, representing as many major industries, brought economic appraisals to the meetings.

Other BAC members have spoken optimistically in recent interviews or speeches.

Benjamin J. Fairless, president of United States Steel Corp., recently declared that the steel industry, now operating several percentage points below capacity production, is in normal and healthy condition.

John L. Collyer, president of the B. F. Goodrich Co., forecast a drop in rubber consumption next year of something less than 5 per cent from 1953. Collyer advised caution, but not pessimism, as a business policy. He emphasized that he foresaw no recession.

Secretary of Commerce Weeks and Secretary of the Treasury Humphrey were interested participants. Their view, and one voiced by many officials, is that 1953's record-breaking activity will carry over into 1954 only slightly diminished, if at all.

Other officials here described the current movement as a "rolling," or "serial readjustment," in which one industry takes a dip and then, in due time, recovers, while another industry begins to skid.

Walter H. Sammis, president of the Ohio Edison Co. of Akron and the Pennsylvania Power Co., will speak on "New Chores of Management" on Nov. 4 before the Michigan Section of the American Institute of Electrical Engineers in Jackson.

Walter F. Carey of Birmingham, president of the American Trucking Association, has been elected vice chairman of the Transportation Council of the U. S. Department of Commerce

Charles H. Beard of New York, general traffic manager of the Union Carbide and Carbon Corp., was elected chairman, and Edward F. Lacey of Washington, D. C., was re-elected secretary of the council, which serves as an advisory group to the secretary of commerce on national transportation problems. The group met in Washington recently.

Korean natives in mourning wear a hat which covers their heads to their shoulders.

ADVERTISEMENT FOR BIDS

Board of Education, Walled Lake Consolidated Schools, Walled Lake, Oakland County, Michigan.

Requests: Sealed bids for Walled Lake High School, Walled Lake Consolidated Schools, Walled Lake, Oakland County, Michigan.

Mrs. Sharp will lie in state at the Skene Funeral Home.

In Memoriam 1

IN LOVING MEMORY OF A DEAR son, Joseph Ferguson, who passed away one year ago October 23.
It is lonesome here without you,
and sad and weary the way.
Life has not been the same since
you were called away.
Though your smile is gone forever
and hands I cannot touch,
I shall never lose sweet memories
of the one I loved so much.
Sadly missed by mother, Mrs Elizabeth Ferguson.

IN MEMORY OF ELIZABETH Cooley
Dear mother, you are not forgotten
Though on earth you are no more.
Still in memory you are with us
As you always were before.
—Children and Grandchildren.

STAPLETON — IN LOVING MEMory of my "sweetheart" and husband, Noah W. Stapleton, who passed away October 23, 1952.
The dearest husband the world could hold.
The cheeriest smile a heart of gold,
And those who knew him all will know
How much I lost a year ago.
Fondly remembered by his wife, Edith Lenora Stapleton and Family.

For Sale Houses 40

Guessing Game?
Not exactly. But it has happened that people will look over our model home, try to guess the cost, and usually their guesses run much higher than the actual price
See for yourself. Come out and inspect this home today. Drive out Orchard Lake Road ½ mile west of Telegraph Road to Middlebelt road, turn left to 2134 Middlebelt road. Open every day 3-9 p.m. and on Sunday from 1-9 p.m.
Construction:
Face brick construction, fully insulated, stone sills, poured concrete basement, genuine plastered walls, select oak floors, ceramic tile bath double sink with tile drainboards, knotty pine kitchen cabinets and aluminum storms and screens.
Floor plan:
Three bedrooms, living room, dining "L" kitchen, and bath. All heated by gas automatic furnace.
Homes are on lots with 60 to 80 foot frontage and are priced at $14,650 complete with paved solid drive. (Home with 2 car brick garage and breezeway—$18,150).

IS THE "BIRD" TO SEE
YOU'LL LOOK A LONG TIME
before you find an income property that has so much to offer. Here is 200 feet of the most valuable business frontage in this county with a fine 2 family that can easily be a 3 family. A new 2 car garage is included, too. There's no doubt about it—this is the one you've been waiting for. Delay may mean disappointment, see this unusual offer today.
O' WHEEL OF FORTUNE
Your wheel of fortune is spinning for you. Just say the word and it stops on your opportunity of a lifetime—this wonderful to live in 6 room home. It takes a big down payment, that's why it's "bargainoriced." Located on the west side just a few blocks from downtown. The full price of $8,750 is your lucky number. Let us show this one today.
CUTE AS A BUG'S EAR
Yes, this little 4 room home is just a cute as can be. It's located in a well restricted neighborhood. Here you have lake privileges on one of the county's finest lakes and you're not too far from a complete shopping center. End your search for a home of your liking see this one today. Only $7,000 on easy terms

Business Opportunities 47

MONEY-MAKER HOTEL

As friendly and informal as a house party . . . a show place where you can live like a millionaire. Beautiful cocktail lounge, dining room with food "out of this world" and 12 lovely rooms and a dandy apartment for you. Present owner is ready to retire in only 5 years. The books will satisfy the most skeptical inspection. Phone for appointment. $28,-000 will handle. No. 1487.

BUSY TAVERN

Here you can leave your stiff, starched collar and cares at home, and just keep the customers smiling and beating a deep path to your door. SURE WE WILL SHOW THE SALES TAX FIGURES TO YOU — WE ARE PROUD OF THEM. Profits here will make you a big wheel in a short time. $10,000 down required. No. 1494.

ECONOMY USED CARS
72 Auburn FE 4-2131

WE SELL TRUE VALUE GOOD SERVICE FINE CARS

Every car is made of steel and rubber. What counts is the service, economy and satisfaction it gives to you. The cars listed below are clean, well kept new car trade-ins that will give you just that!

1951 CHRYSLER
Lovely light blue club coupe with beautiful highlande plaid upholstery, sunvisor, radio, heater and automatic transmission. Power brakes, good white wall tires. Really excellent mechanical condition. Your present car down and $47.50 monthly.

1951 PLYMOUTH
Cranbrook four door, excellent condition, perfect light green finish, radio and heater, spotless upholstery. A true value at $995.

1950 DESOTO
Beautiful bronze four door, radio and heater and automatic transmission. A quick starter in cold weather, smooth running anytime. $1043

1950 PONTIAC
The popular Chieftain eight club sedan. Radio, heater, excellent finish, good tires. A good value at $995.

1950 DODGE
Light gray finish, air conditioned heater, upholstery is excellent, tires very good. $945.

1950 Chrysler
Black New Yorker sedan, sunvisor radio, heater and automatic transmission. 132½" wheel base gives you the ride of your life. See this car at $1095.

Deer Hunters
1949 CHRYSLER
Station Wagon. All metal with wood trim, tires almost new. We drove this car to Caro on opening day after pheasant, it was easy on gas, used no oil and carried four hunters, two dogs, a big lunch, lots of equipment with plenty of room for all. We know this car! Come in and buy it at $895.

NO MONEY DOWN
Often a family urgently needs a good car but lacks the necessary down payment. If your credit is good you can buy one of these cars at state regulated interest rates with no money down.

1949 DODGE
Convertible, very excellent mechanical condition. Good white wall tires, radio heater and automatic transmission, lovely green finish. A real value at $795.

1949 FORD
Six sedan. Lovely light green, radio, heater. A real buy for $34.16 monthly.

SPECIAL
1947 BUICK
Super Beautiful black finish! Radio and heater, low mileage, good tires, popular sedanette body style $42.00 monthly.

Thieves Shun Real Gold Loot

Know That Precious Metal Is Too Difficult to Get Rid Of

ROCHESTER, N. Y. (INS) — Peddling phony gold bricks is a popular confidence game, but no astute crook will sell real gold ones, much less steal them.

So says Paul Estee, a man who makes money and other valuables disappear at night, but who is charged with the security of about $500,000 worth of gold in process every day.

Lest you get the wrong idea about Estee's honesty, please be advised he is a professional magician after regular working hours.

His specialty is sleight-of-hand with coins and stage money. During the day he is supervisor of the precious metals department of the Shuron Optical Co., where fine gold in 16-pound bricks is processed into 12-karat alloy gold strips for eyewear manufacture.

Estee estimates that a half million dollars worth of gold is being handled in his department at any one time.

His company safeguards its fine gold in vault strongholds and makes constant weight checks before and after each processing step in the plant.

But even if these precautions were not quite so rigid, the expert isn't concerned about the possibility of bandits making off with the treasure.

"A crook won't bother stealing fine gold or industrially-worked gold alloys," he maintains. "That's because the 'fence,' the receiver of stolen goods from the underworld, will have no part of easily identifiable gold of any kind.

"Matter of fact, I don't know of a single case in which a gold bar was ever stolen from the industry."

First of all, a government license is needed for possession of any form of fine gold, and "passing" a stolen gold brick is virtually impossible.

Gold processed industrially has its own "fingerprints." These are tool or cutter or other processing marks that clearly identify the gold item as produced in a certain plant.

To the "gold detective," this is a positive means of identification. Taking industrial gold items to plants that manufacture them soon tells police where a hot item originated.

Invariably, the finger of guilt points to some person or small group of persons probably responsible for the theft inside or outside the plant. Routine questioning unmasks the culprit.

The difficulty in passing such gold items makes thefts a rarity. The thief who manages to snare gold loot other than jewelry probably will find he can't unload it. He simply can't attest to its purity.

Nebraskan Body May Have Politics Again

LINCOLN (UP) — An effort will be made to put politics back in Nebraska's non-political, unicameral legislature.

The 43-man unicameral, established in 1937 after a vote by the people in 1934, is the only one of its kind in the nation.

Officials and students from many other states have visited here to study its one-house operation.

But after 16 years and nine sessions, Republicans and Democrats complain that you can't enact laws properly without "political responsibility."

The two state chairmen, Republican David Martin and Democrat William Meier, have sparked formation of a committee which will seek to change the legislative setup to permit election of senators on a partisan basis.

Petitions will be circulated to place the question on the ballot in the election in November, 1955.

Meier and Martin charged that the legislature goes in "43 different directions" and the state suffers from lack of "definite programs."

Members of the two-party committee haven't decided whether they will advocate a return also to the old two-house legislature.

They will need 65,000 signatures to put their proposal on the ballot.

What's in Sea Monster? Rubber, Canvas, Rope

SILVER LAKE, N. Y. (UP)—Local residents like to recall the story of the 85-foot sea monster that once spread terror in this resort community and attracted thousands of sightseers.

Then the hotel of A. B. Walker was destroyed by fire. In the ruins searchers found a pile of canvas and rubber and several hundred feet of rope. It was the sea monster.

Drug Offers Hope in Brazilian Illness

SANTA BARBARA, Calif. (UP)—Scientists at Santa Barbara College of the University of California are investigating an antibiotic drug that checks the life cycle of the parasite that transmits the fatal Chagas' disease—Brazilian sleeping sickness.

Despite five years of research, there is still much work ahead before the drug—called prodigiosin—can be used as a cure because it is considered too toxic for human use at present.

It is hoped by the scientists that the study will stimulate interest in the antibiotic so that it may eventually be modified chemically to a useful form.

Trypanosoma Cruzi is the microscopic parasite that causes the deadly disease. The organism destroys body tissue, especially the heart muscles, usually resulting in death.

The disease is prevalent in South America and is transmitted by the "kissing bug" that bites humans around the mouth at night.

Rainfall in central sections of Brazil averages more than 300 inches a year. In some parts of the country the annual rainfall reaches as much as 400 inches.

Painting 'Discovered' in Attic of Art Gallery

HELSINKI (UP) — A genuine Watteau painting was "discovered" recently at the Ateneum, the Finnish national gallery of arts. It had been kept in the museum's attic for over 30 years without anybody knowing its real value.

Red-faced museum officials admitted that "we thought it was only a copy of a Watteau piece."

The painting, called "L'Escarpolette" (The Swing), dates from around 1715 and came into the hands of the museum through a private donation in the early 1920s. It was identified through a book on arts published in 1950.

The Army's Third Infantry Division — the Marne Division — suffered more casualties in World War II than any other division. Its troops earned 34 Medals of Honor in 531 days of battle.

Pawing Visitors Take Shine Off Museum Armor

CHICAGO (UP)—The 63 sets of shining armor at the George H. Harding Museum would be dull exhibits it it weren't for a little white-haired widow.

Mrs. Ellen Jansen, 68, is starting her 21st year as housemother for the armor at the castle-like museum on the south side of Chicago. Mrs. Jansen keeps the suits of armor polished like mirrors and adjusts the helmets, swords and lances.

George H. Harding, one-time state senator and Republican National committeeman, hired Mrs. Jansen as housekeeper.

She was well known for her smorgasbords, but shining armor was different. She spent her free time studying medieval history and when Harding died in 1939 she took over as caretaker.

Most of the items on display were picked up by Harding on his annual August vacations in Europe.

"Visitors keep fingering the armor and that makes it rust," Mrs. Jansen said.

She rubs each piece of metal with oil and emery cloth, all the time wishing King Arthur and his knights had worn stainless steel.

Tot Really Believes in Perfumed Breath

ATLANTIC CITY, N. J. (AP) — No chlorophyll breath-killer for 2-year-old Wanda Eldridge . . . she swallowed a perfume stick instead.

Wanda was treated at a local hospital and sent home — breathless.
