FATAL FIRE—Fire swept through this home in Pontiac Township early today and killed one man, Horace Akerley. Cause of the blaze, which gutted the house, is still under investigation.

Pontiac Twp. Man Dies in House Fire

Fire swept through a one-story frame home at 2039 Knollwood in Pontiac Township early today, killing the owner.

Horace Akerley, about 45, died of suffocation, according to medical authorities.

Hugh Akerley, the victim's brother, is in satisfactory condition at St. Joseph Mercy Hospital with severe burns on his arms.

The fire broke out about 5 a.m. in the front of the home, sheriff's deputies said. The cause of the blaze is under investigation.

Robert Akerley, 22, son of the injured man, first smelled smoke and then awoke his father.

The two men attempted to rescue Horace Akerley, whose bedroom was closest to the blaze, but were stopped by flames.

HOUSE GUTTED
Six pieces of fire fighting equipment were at the scene. The house was gutted by the blaze and is considered a total loss.

It was first thought that a woman relative and her baby might have been trapped in the house, but Sheriff's Deputies said they located the mother and child.

They had not been in the house at the time of the blaze.

Allen's attorney, Harvey Lodge, said he will have a sound and air pollution expert testify next week in rebuttal of the complainants testimony.

Killed in Car Collision
GRAND RAPIDS (AP)—Martin J. Sales, 67, of Sparta was killed Friday when his car and another auto collided about two miles north of here.

SAN FRANCISCO (AP)—A 46-year-old widowed grandmother has stirred a controversy in the Episcopal Church over announced plans by her bishop to ordain her as a "perpetual deaconess."

Episcopal Bishop James A. Pike of California said yesterday in New York he knew of no barrier under revisions in church canon law to the ordination of Phyllis Edwards. Previously the church has had only male perpetual deacons.

Perpetual deacons are lay persons who perform such duties as reading the morning prayer and evening song and assist the priest in passing the chalice and wafers at the altar during communion.

Mrs. Edwards took part in the recent Selma-to-Montgomery civil rights march.

A woman has never been ordered to the Episcopal deaconate, only admitted to it.

Under ordering, said Bishop Pike, women may now be ordained to holy orders. But the bishop's announcement had a quick follow-up that caused a change in plans.

At the request of the standing committee of the Episcopal diocese of California, which ranks just below Bishop Pike in church affairs, the ordination of Mrs. Edwards was postponed a month.

Area Motorists Rap Insurers

State Officials Told of Cancellation Woes

A dozen area motorists last night testified before a State Senate subcommittee that automobile insurance companies had canceled their policies for little or no reason.

The public hearing at Pontiac City Hall was the third in a series designed to aid legislators in drafting new laws in connection with car insurance. About 75 persons attended.

"The complaints are the same wherever we go," said Sen. George S. Fitzgerald, subcommittee chairman.

"Cancellations have created a terrible burden on the public," he added.

"It appears the only answer is to give the state insurance commissioner the power to write rules and regulations covering all phases of auto insurance."

LITTLE CONTROL
"As it is now, the insurance industry operates practically without any control."

Fitzgerald said the subcommittee has received more than 500 letters complaining about insurance companies and their refusal to explain why policies have been terminated or failed to be renewed.

One witness, Joseph Gerba, 38 (Continued on Page 2, Col. 4)

MRS. EDWARDS

Episcopalians May Ordain Deaconess

SAN FRANCISCO (AP)—A 46-year-old widowed grandmother has stirred a controversy in the Episcopal Church over announced plans by her bishop to ordain her as a "perpetual deaconess."

Episcopal Bishop James A. Pike of California said yesterday in New York he knew of no barrier under revisions in church canon law to the ordination of Phyllis Edwards. Previously the church has had only male perpetual deacons.

Perpetual deacons are lay persons who perform such duties as reading the morning prayer and evening song and assist the priest in passing the chalice and wafers at the altar during communion.

Mrs. Edwards took part in the recent Selma-to-Montgomery civil rights march.

A woman has never been ordered to the Episcopal deaconate, only admitted to it.

Under ordering, said Bishop Pike, women may now be ordained to holy orders. But the bishop's announcement had a quick follow-up that caused a change in plans.

At the request of the standing committee of the Episcopal diocese of California, which ranks just below Bishop Pike in church affairs, the ordination of Mrs. Edwards was postponed a month.

Belcher Guilty of Murder in Fire Killing of Family

Marines Boost Viet Garrison

SAIGON, South Viet Nam (AP)—Another 1,400 U.S. Marines moved ashore at Da Nang today as the United States continued to beef up its combat muscle around the big air base, just 120 miles south of Communist North Viet Nam.

U.S. Navy and Air force planes carried out new strikes in North Viet Nam today, knocking out the Kin Cuong highway bridge about 150 miles south of Hanoi and attacked road convoys.

All aircraft were said to have returned safely. Pilots said no Communist aircraft were encountered and antiaircraft fire was light.

Peking said Communist Chinese jets drove eight American aircraft away from Hainan Island Friday.

American pilots had reported a brief dogfight with Communist jets 35 miles from Hainan and said one of the Soviet-built MIGs was believed downed. They did identify the MIGs as North Vietnamese or Chinese.

U.S. officials in Washington expressed belief that if there was a U.S.-Red Chinese encounter, it was probably a passing brush rather than a deliberate action.

BOOST FORCE
The Leatherneck battalion landed at Da Nang reinforces some 3,000 Marines already based there.

Brig. Gen. Frederick Karch, commanded of the 9th Marine Expeditionary Brigade, said another battalion would arrive in the next few days and be assigned to the Hue area, north of Da Nang and only 50 miles from the border.

The Marines landed at what the military has dubbed Red Beach Two, in calm seas and under a bright sun. Waiting for them were members of a Marine frogman team who had landed earlier and, after surveying the beach, sunbathed in shorts.

The sounds of war drifted down to the beach, however, from a battle between a Vietnamese company and a platoon-sized group of Viet Cong held up in an old French fort in the hills three miles away.

FLOTILLA
Navy landing craft brought the Marines ashore from a flotilla of U.S. 7th Fleet ships anchored about a mile offshore. There were at least 10 ships in the bay.

The first four F4B Phantom jet fighter planes from Marine Fighter Attack Squadron 331 being sent to Viet Nam arrived today. The other 14 fighters were expected soon.

SEEK APPEAL
The four communities are slated to ask the CAB Monday for a stay of its denial of a recent appeal.

It would mean added revenue for municipal operations. However, a sharp drop in the equalization factor would neutralize the increase in Pontiac's total assessed valuation, leaving the city with little or no hike in terms of tax revenue.

City Manager Warren has based the city's austere 1965 budget on a projected \$15-million rise in SEV.

A further SEV jump would be "good news" at city hall. Warren cites two reasons:

• The budget incorporates optimistic projections on 1965 revenues.

• The same budget carries only a \$35,000 contingency.

Convicted Slayer Harry M. Belcher

Jury Decides in 80 Minutes of Deliberation

Mandatory Sentence Is Natural Life for Man From Ferndale

By JIM LONG

Harry M. Belcher was found guilty yesterday of killing his wife by setting the fire at their Ferndale home in which she and their six children perished.

An Oakland County Circuit Court jury of eight men and four women deliberated one hour and 20 minutes before returning the verdict about 4 p.m.

Jury foreman William Waterbury of Clawson announced the verdict, "guilty as charged."

Belcher, a 32-year-old shop manager, was charged with first degree murder only in the death of his wife Catherine, 35.

The conviction, which carries a mandatory natural life sentence, ended the eight-day trial in the courtroom of Judge Philip Pratt.

Pratt will sentence Belcher April 28.

When the jurors returned, Belcher watched each intently. Then, head bowed and hands clasped tightly, he listened to the verdict.

OFFERS WRISTS

A few moments passed before he moved and stood up and then only to put his wrist out while a sheriff's deputy placed on handcuffs to return him to the county jail.

Belcher's attorney, John McIntosh, said he did not know if he would appeal the conviction.

When asked how he felt about the verdict, Ferndale Police Lt. Donald R. Geary, who headed the investigation that led to Belcher's arrest, said:

"No matter what happened you can never bring back the children."

Geary arrested Belcher Feb. 4 after an investigation by police and fire authorities revealed that gasoline was used to start the fire.

DELIBERATE FIRE
Fire officials testified at the trial that the blaze had to be set deliberately.

Belcher has maintained right from the start that he had nothing to do with starting the fire.

On the witness stand, Belcher admitted to being in love with a former co-worker, Joyce Ann Cross, 20, of Hazel Park, but denied that he had ever talked about a divorce with his wife.

She and the children were found by firemen huddled together in a second floor bedroom on the morning of Jan. 25 in their home at 446 N. Hazelhurst.

BELCHER ESCAPED
Belcher escaped from the house with the aid of a neighbor, Dennis Lukaski, 24, who lives behind and five homes away from the Belcher residence.

Belcher was in his first floor bedroom when Lukaski arrived and helped him down a ladder.

NO ATTEMPT
Belcher admitted under cross-examination by Roberts that he made no attempt to arouse his family after he awoke to the smell of smoke.

He said he was unable to explain why he did nothing.

'Old' Byron Nelson Playing Like Master

BY BRUNO L. KEARNS
Sports Editor, The Pontiac Press

AUGUSTA, Ga.—An old "master," Byron Nelson, who before Jack Nicklaus came along, was the youngest player ever to win the Masters Golf Tournament, had moments of grandeur as the third round of the classic started this morning.

The 54-year-old Nelson, who was 25 when he first won the Masters in 1937, teed off as an early starter with an even par 144 for 36 holes.

Playing with three-time Master champ Jimmy Demaret, also 54, Nelson holed a 15-foot putt for his par on the first hole, after having to blast out of trouble.

On the 365-yard No. 7 hole, which was vicious with the heavy winds on Friday, Nelson fought back with a birdie-3 following a great approach shot within four feet of the pin.

On the third hole, he went one-under par for 38 holes with a 25-foot birdie-3 putt.

On the par-3, fourth hole, however, the sun-bronzed Texan drove into the trees and his return shot was trapped. After blasting out and two-putting, the double-bogey five put him one over par.

Demaret, who won the titles in 1940, 1947 and 1950, finished with a 39 and a total of 185 after 45 holes.

The most recent winners, Arnold Palmer, Gary Player and Nicklaus, were all tied for the lead going into today's third round with six-under-par 138s.

Area lawns should put on their green coats soon, with showers expected both tonight and tomorrow.

The low predicted for tonight ranges from 40 to 47, to be followed by a high tomorrow of 55 to 60.

Monday's weather picture is mostly cloudy and cooler.

The mercury's low mark this morning was 33 at 2 p.m., however, the mercury hit a high of 54 in downtown Pontiac.

Based on the city's 1964 factor, Pontiac's total SEV could rise nearly \$20 million.

What would this mean in terms of added revenue? City officials calculate that the city receives about \$10,000 in the

Expert Called in Scrap Trial

Case of City vs. Allen Will Resume Tuesday

The Circuit Court nonjury trial against Allen & Sons scrap yard will resume Tuesday with acoustical consultant continuing his testimony in behalf of the city of Pontiac.

The sound expert, Donald E. Kennamer, was one of the three witnesses who took the stand yesterday before the proceedings were adjourned for the weekend.

The city and a number of residents living in the vicinity of the junk yard at 22 Congress claim the scrap operation is a nuisance. They are seeking a permanent injunction halting the firm operations.

The scrap company has countered with a suit asking for \$750,000 damages from the complainants.

Allen's attorney, Harvey Lodge, said he will have a sound and air pollution expert testify next week in rebuttal of the complainants testimony.

Johnson Sees Peace Hopes as Strong Now

SAN MARCOS, Tex. (AP)—President Johnson said today "The hope for peace is real" at this time but cautioned that no one should misjudge America's commitment to defend freedom.

Johnson, in a speech prepared for the dedication of the southwest's first antipoverty Job Corps, said:

"We believe that this is not a dark and dreary hour for mankind—but, rather, we are convinced that this is a bright and precious time when the hope for peace is real, when the chance for progress is great, when the light of liberty can shine forth more brightly than ever in all of history."

The President, who never made direct reference to the conflict in Viet Nam, said that while peace is the American purpose, "Let no man in any land misjudge our course or our cause."

Johnson said "We love peace

and we hate war, but our course is charted by the compass of honor." He said Americans know that eternal vigilance is the price of liberty.

"That price we are able—and willing—to pay," he said.

The chief executive said the United States will keep its commitments to others and declared:

"Let none misjudge—let none doubt—the will that supports this American purpose of peace and freedom."

Johnson, who got his college education at Southwest Texas State College here, flew to his ranch home some 50 miles away after a mystery-marked flight from Washington last night.

He and Mrs. Johnson are spending the weekend in Texas. Tomorrow he is considering signing the just-passed \$1.3 billion education aid bill in the tiny schoolhouse near his ranch where he got his early education.

In his remarks for the dedication of the Gary Job Corps center where young people are getting basic training in vocational skills, Johnson noted that this, for him, was an anniversary.

"On April 10, 1937, 28 years ago, the citizens of this district elected me for the first time as their representative in the Congress of the United States," he said.

Two Gunmen Rob Paper of \$118,000

ST. PAUL, Minn. (AP)—Two masked gunmen held up the St. Paul Dispatch and Pioneer Press this morning and took away with more than \$118,000, a spokesman for the paper said.

The short gunman apparently had a key to get into the cashier's office, and struck only moments before a Sweeney Detective Agency truck was to pick up receipts.

An employee, Miss Dorothy Walgren, was alone in the office when the men, wearing stocking cap masks, came in. She had taken the money, in three or four bags, out of the safe shortly before the men entered about 7:40 a.m.

One of the men held a pistol and one ordered her "Keep quiet or you'll get shot!"

Miss Walgren said the pickup took about three minutes.

DOWNTOWN

She said the men were a little shorter than she is, at 5 feet 6.

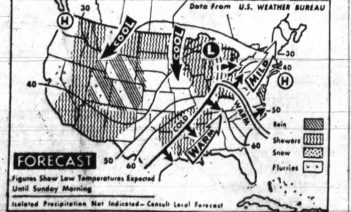

The office is located next to the newspapers' offices in downtown St. Paul.

A spokesman for the newspapers said the loot totaled \$118,611.46 including \$5,200 in cash and the rest in checks.

Senate Passes School Aid Bill

Johnson's Signature Is the Only Step Left

WILLIAM H. TAYLOR JR.

Taylor Gets N. Oakland M-Week Post

Appointment of Mayor William H. Taylor Jr. as deputy chairman of Michigan Week in Oakland County was announced today by Dale A. Winnie, Oakland County Chairman of Michigan Week.

Taylor of 247 Ottawa was responsible for Michigan Week activities in northern Oakland County.

This year Michigan Week is scheduled for May 16-22.

Active in previous Michigan Week activities, in 1962 Taylor served as chairman of Mayor's Exchange Day and last year he exchanged duties for one day with the mayor of Union City.

In this year's mayor's exchange, Mayor Taylor will go to Mattawan.

WASHINGTON (AP)—The Senate passed the \$1.3 billion school bill Friday night, completing congressional action on the broadest aid bill ever for the nation's grade and high schools.

The measure is keyed to a goal of improving education in poverty-stricken areas, but it also includes indirect benefits for private and parochial school pupils.

The Senate vote was 73 to 18. Earlier, the House had approved an identical measure 263 to 163.

All that is needed to make it law is President Johnson's signature, and that should be forthcoming soon for he considers the legislation of top-priority importance.

HAILS ACTION

Johnson hailed the Senate action, and declared:

"I predict that this is just the beginning, the first giant stride toward full educational opportunity for all of our school children."

"I don't know of another single piece of legislation that will help so many for so little cost. For every one of the billion dollars that we spend on this program will come back tenfold as school dropouts change to school graduates."

Mrs. Lydia Bohls of Stonewall, Tex., who went to grade school with the President, said he will sign the bill into law Sunday afternoon at their old one-room "Junction School" near Stonewall.

NO CONFIRMATION

The White House would neither confirm nor deny this.

Administration supporters easily turned back amendments offered to the bill in three days of debate.

The President had asked that the House version be accepted without amendment to avoid a conference which might have produced some stumbling block to the bill.

Area Drivers Rap Insurance Cancellations

(Continued From Page One)

Kimball, told the subcommittee, "There is nobody to look out for our interest."

"The insurance companies are acting as kangaroo courts and the public has no recourse."

ACTING JUDGES

Subcommittee member Sen. Carl O'Brien of Pontiac said, "We are learning that insurance companies are acting as the judges. And this should be the job of the courts."

A woman testified that she and her husband, a minister, have been informed that their policy is to be canceled after 27 years with the company because they are considered bad risks.

She said in all that time they have had no accidents, no violations nor any claims against them.

She noted, however, that in the past two years hallstones damaged her car and there were two occasions when a boy on a bike ran into her car and a truck backed up into the vehicle.

DIVORCED DRIVER

Another man said that after 13 years with the same company he had his policy canceled after he had gotten a divorce.

"When I asked why they had dropped me, I was told it wasn't my driving record. It was something else."

"They would tell me what because it was confidential information," Sen. Basil Brown, a member of the subcommittee, said that insurance companies claim they have no blackboard, "but it seems that if you are canceled one day, the other companies know about it the next."

Several representatives of insurance companies in the audience were invited to speak but all declined.

Birth Rate Declines

LANSING (AP)—The number of births in Michigan declined during 1964 for the seventh consecutive year and was the lowest since the State Health Department reports. A total of 174,804 births was recorded, compared to 178,171 the previous year.

HELP YOURSELF, DAD—Mitt Romney (left) escorts his father, Gov. George Romney, through the food line at Cranbrook School's annual Father-Son Spring Athletic Awards Dinner yesterday. Mitt received a varsity letter for his work with the ice hockey team.

State Figures Show Many Negroes Poor

EAST LANSING (AP)—From one-quarter to one-third of Negroes in major Michigan cities live in poverty, "below the poverty line" of \$3,000 a year, the National Urban League declared Friday.

The organization released statistics from the second half of 1964 survey into Negro conditions which it said found Negro unemployment ranging from 10 to 19 per cent and Negro housing ranging from 32 to 57 per cent slums.

New figures covered Lansing, Ann Arbor, Kalamazoo, Jackson and Saginaw. Statistics for Detroit, Pontiac, Flint, Muskegon and Grand Rapids were released last fall.

At a news conference, league regional director Raymond Brown declared "our research reveals the depth of the tragedy of poverty among Negroes. If Michigan is to become a more prosperous and dynamic state with real progress in race relations, the scourge of poverty must be wiped out."

STATISTICS PRESENTED

The statistics also were given to a three-day antipoverty conference sponsored by the league and attracting about 200 Negro leaders from Michigan.

The statistics for the ten cities:

Unemployment percentage among nonwhites: Jackson 19, Detroit 17, Ann Arbor 15, Grand Rapids 14, Flint 14, Muskegon 14, Pontiac 12, Saginaw 11, Kalamazoo 11, Lansing 10.

Percentage of those employed who are in unskilled jobs: Ann Arbor 64, Detroit 64, Kalamazoo 67, Grand Rapids 72, Lansing 72, Muskegon 73, Pontiac 74.

'Equalizer' Key to City Value

(Continued From Page One)

ther in increased state equalized valuation.

Added revenue, if it materializes, could help the 1965 budget.

And the budget, according to Warren, may need help. Some revenues could fall short of optimistic projections, he said.

In addition, results of an employee reclassification study are expected this June. The study, like a similar study of salaries last year, is being conducted by the Michigan Municipal League.

Warren said that it is likely that the study could cost as much as \$150,000 in payroll hikes.

Lemass May Be Able to Form a Government

DUBLIN, Ireland (AP)—Prime Minister Seamus Lemass said today that he would lead the tabulations today for Ireland's national election. The opposition demanded recounts but Lemass was expected to be able to form a new government.

Flint 77, Saginaw 78, Jackson 84.

Negro families "living in poverty": Flint 22 per cent, Lansing 23, Ann Arbor 24, Saginaw 25, Muskegon 27, Pontiac 30, Jackson 31, Kalamazoo 33, Detroit 34, Grand Rapids 34.

Negroes living in rental units classified as deteriorating or dilapidated: Lansing 32 per cent, Detroit 33, Pontiac 41, Grand Rapids 42, Jackson 43, Muskegon 43, Ann Arbor 44, Kalamazoo 47, Flint 49, Saginaw 57.

Percentage of adult Negroes not holding high school diplomas: Lansing 65, Ann Arbor 66, Detroit 73, Flint 74, Grand Rapids 76, Kalamazoo 76, Pontiac 78, Saginaw 85, Jackson 87, Muskegon 88.

Median family income among nonwhites: Lansing \$4,406, Flint \$4,296, Pontiac \$3,983, Muskegon \$3,935, Lansing \$3,806, Detroit \$3,804, Jackson \$3,488, Ann Arbor \$3,185, Kalamazoo \$3,173, Grand Rapids \$3,061.

Median family income among nonwhites: Lansing \$5,182, Grand Rapids \$5,011, Flint \$4,907, Saginaw \$4,703, Pontiac \$4,539, Muskegon \$4,536, Jackson \$4,429, Detroit \$4,365, Kalamazoo \$4,336, Grand Rapids \$4,128.

Median family income among nonwhites: Lansing \$5,182, Grand Rapids \$5,011, Flint \$4,907, Saginaw \$4,703, Pontiac \$4,539, Muskegon \$4,536, Jackson \$4,429, Detroit \$4,365, Kalamazoo \$4,336, Grand Rapids \$4,128.

Percentage of those employed who are in unskilled jobs: Ann Arbor 64, Detroit 64, Kalamazoo 67, Grand Rapids 72, Lansing 72, Muskegon 73, Pontiac 74.

Percentage of those employed who are in unskilled jobs: Ann Arbor 64, Detroit 64, Kalamazoo 67, Grand Rapids 72, Lansing 72, Muskegon 73, Pontiac 74.

Teachers Will Explore Gifted Child's Schooling

BLOOMFIELD HILLS — The education of the gifted child will be explored by teachers at a May conference at City and Country School of Bloomfield Hills.

The fourth annual Institute on Gifted Child Education has been scheduled for May 1 at the school, 2190 N. Woodward.

Dr. E. Paul Torrance will give the keynote address, entitled "Creativity and the Gifted Child."

Author of "Guiding Creative Talent" and "Education and the Creative Process," Torrance is professor of educational psychology and director of the bureau of educational research at the University of Minnesota.

The topic of Torrance's speech is the institute theme and will be discussed in nine workshops.

AMONG SPEAKERS

Among the speakers will be Dr. Harold Davidson, child psychiatrist and assistant clinical professor in the department of psychiatry of Wayne State University's school of medicine.

Dr. Harry Hahn, director of instruction for Oakland Schools; Dr. Norman Scott, senior specialist in Detroit public schools; and Dr. Nathaniel C. Champlin, associate education professor at Wayne State University, also will participate in the workshops.

Others are Ramona Yarmy, Highland Park High School poet-teacher; Eleanor McRoberts, in the gifted child program of the London, Ont. public schools; Julia Sanford, associate professor

Viet Navy Mutiny Fails; Leaders Flee

SAIGON (UPI) — A short-lived mutiny in the Vietnamese Navy collapsed today.

The rebellious commanders of coastal, sea and river forces fled with the chief of the Saigon Navy Yard to the temporary safety of an anchorage in the Saigon River.

The four commanders threw Saigon into turmoil Thursday night when they joined about 20 other officers in signing a petition that accused Rear Adm. Khung Tan Cang of graft and demanded his resignation as commander of the navy.

Military commanders sounded a "coup alert." Barricades were thrown up at strategic points and Skyraider fighter-bombers buzzed menacingly overhead.

The mutinous officers failed to win support from the majority of the navy.

of health education at Wayne State University; and Rosemary Maloney, faculty member of the Interlochen Arts Academy and National Music Camp.

Deadline for registering for the institute is April 16. A nominal fee covers the keynote address and two workshops. Registration is limited to 250 persons and educators will be given priority.

Russians Halt Berlin Tactics

Border Guards Pass U.S. Army Battalion

BERLIN (UPI) — The Russians today halted their harassment of West Berlin's air, ground and water routes as a combat-ready U.S. Army battalion rolled down the autobahn in a reassertion of allied rights to travel there.

Soviet border guards, who have been halting traffic on the big superhighway periodically since Monday, passed the battalion onto the autobahn without incident.

At the same time, the Russians announced an end to their war maneuvers which they said caused the traffic tieups. They ended their buzzing of planes in the air corridors leading to Berlin and reopened a canal closed by the East Germans.

East German Communist border guards also ended their slowdown inspections of West German highway traffic.

A U.S. spokesman said a total of 452 armed troops were dispatched from West Germany in four convoys consisting of 103 Army trucks and jeeps.

NO TROUBLE

Russian guards at the Marienborn checkpoint on the East-West German border passed them without trouble and the battalion rolled toward its destination 110 miles across Communist territory, the spokesman said.

Railroad Union Strike Halts Service on Line

KANSAS CITY, Mo. (AP) — A strike of locomotive firemen and engineers virtually stopped service on the Kansas City Southern Railroad today, but an official reported a federal court restraining order against the union had been issued at Shreveport, La.

SAFETY FIRST—Directors of the Oakland County Traffic Safety Committee on the Mott Center for Community Affairs at Oakland University look over plans for a study-public forum-action program to improve safety. The directors are (from left) E. M.

Estes, general manager of Pontiac Motor Division; James O. Wright, president of Federal-Mogul-Bower Bearings, Inc.; Delos Hamlin, chairman of the Oakland County Board of Supervisors and O U Chancellor, D. B. Varner.

Also serving are Curtis Potter, James Sesterlin, Burton R. Shifman, D. B. Varner, Dr. Wilfred Hamilton and L. B. Yost.

Hamlin and Varner will act as vice-chairmen of the board Study Committee chairmen will be Alexander, Averill, Bannan, Gorman, Howell, Webb and Yost.

Also serving are Curtis Potter, James Sesterlin, Burton R. Shifman, D. B. Varner, Dr. Wilfred Hamilton and L. B. Yost.

Star Stomachs Odd Request, Autographs Fan's Abdomen

By EARL WILSON

"Something happened in Palm Beach," handsome George Hamilton says, "that made me feel very big. Four fellows brought a young girl to me and said, 'She wants you to autograph her stomach.'"

"She was in a bikini," George explains, "and she insisted that her stomach be written on. How could I refuse?"

Handsome Hamilton, 26 next Aug. 12, socially-esteemed but never well-known, has been getting unusual adulation from young fans for the last year. But this was rather extreme. "Autograph my hand!" is not a rare request now — although George was surprised when one girl begged him to autograph her right hand so she could wash her left hand, which he'd autographed a week before. The old autograph protected by a handage, was becoming rather dim. Besides, her parents felt the time had come for her to wash it.

WILSON

Confined mostly to movies, including "Viva Maria" which he filmed in Mexico with Brigitte Bardot and Jeanne Moreau, speaking French with a kind of Mexican accent, George took time out to do "Gigi" on the stage at the Paper Mill Playhouse in Milburn, N.J., and there he encountered another kind of fan.

"These kids came and sat in the front row," he says, "and they brought binoculars. Not opera glasses but big binoculars like you see at the racetrack. They looked like tourists. They were 12, 13, 14, 15, 16 years old—but they acted adult—they even yelled 'Bravo!'"

"As I was leaving the theater about 11:30 at night, two little girls who looked like they were frozen stiff came to me for my autograph. I said, 'How are you getting home?' They said, 'We were supposed to call our folks and they would pick us up.' They saw the telephone in my car and said, 'Can we use it to call?'"

THE WEEKEND WINDUP . . .

Jack Benny and George Burns said at La Fonda they've received a huge offer to work together in Las Vegas . . . Olivia de Havilland, who appeared on the "Girl Talk" TV'er, was the only guest who ever took the contract home to read it before signing. . . Paul Anka's TV special will be dubbed in six languages, shown in ten countries.

Henry Hull returns to films in "Fool Killer" . . . Singer Debbie Brown will marry Walter Murphy, Rosemary Clooney's mgr. . . American Int'l Films won't allow smoking by the young stars in their beach party epics and horror movies . . . Composer Bart Howard ("Fly Me to the Moon") will do a Broadway show, "Smile, Harry" (co-produced by Bob Weimer).

REMEMBERED QUOTE: "When a man is 20, he wants to save the world. By the time he's 40, he's satisfied just to save part of his salary."—Anon.

EARL'S PEARLS: Morly Guntly discussed the postella: "That's the dance where all the people fall on each other. It sure beats meeting people by merely shaking hands with them."

Charlton Heston, who plays Michelangelo in "Agony and the Ecstasy," visited a pop art exhibit and said, "I don't like it. Now, when I was painting the Sistine Chapel . . . That's earl, brother."

New Officers to Be Installed by Pontiac Unit

New officers of the Pontiac Commandery No. 2, Knights Templar, will be publicly installed at the Pontiac Masonic Temple Tuesday at 8 p.m.

Marvin B. Ladd, 1345 Wixom, Milford, will be installed as eminent commander. Other new officers are Raymond W. Kerr, generalissimo; Lester McClellan Jr., captain general; John R. Ousamer, senior warden; and Raymond W. Ruggles, junior warden.

Frederick G. Kirby of Detroit, eminent grand captain general of the Grand Commandery of Michigan will be the installing officer.

He will be assisted by past commanders of Pontiac Commandery, Henry J. Rohl Jr., Harry F. Vernon and Robert F. Snyder.

Embezzler Put on Probation

A former secretary of the Chippewa Valley School District in Macomb County has been placed on five years probation for embezzling funds from an area investment club.

Circuit Judge Arthur E. Moore also ordered Rhys L. Moore, 34, of Mount Clemens to pay \$175 a month restitution to the Talented Ten Investment Club.

The payments are to continue until he pays back what he embezzled.

Members of the club contend that Moore embezzled \$11,200 while he was treasurer of the organization.

He was treasurer of the club from 1958 until Jan. 1964.

FIRM WORKERS

The investment club is comprised of 17 employees of Vickers, Inc., Troy.

Moore held the school post from July to August last year.

Car Thief Sentenced

GRAND RAPIDS (AP)—Louis A. McAdams, 25, of Hartford has been sentenced by U.S. District Court Judge Raymond W. Starr to two years in prison on his earlier plea of guilty to transporting a stolen car March 4 from Wichita, Kan., to Fennville.

QUICK RELIEF FOR ATHLETES FOOT

Many people have discovered the benefits of a liquid that guarantees relief from "Athletes foot" or your money back.

By applying this easy to use liquid night and morning with a bit of cotton or cloth even stubborn cases of cracks between the toes or blisters or itching have disappeared within a few days. Continued use for 2 weeks will fully clear up Athletes foot.

Tough Soviet Envoy Takes Over in France

PARIS (AP) — A hard-line Russian takes over today as the Soviet ambassador to France and Westerners see it as the opening of a diplomatic offensive on Germany.

Valerian Zorin, former deputy foreign minister and specialist on German affairs, succeeds Sergei Vinogradov who was generally considered a better dinner partner than a diplomat. Zorin, essentially colorless, is a rigid Soviet technician and tough-minded Communist of the Stalin school. He exhibits no public charm and does not speak French. But he is well-grounded in European affairs.

News of his appointment came not long after President Charles de Gaulle's February news conference, and diplomatic sources here see it as renewed Soviet interest in how France stands on the future of Germany.

De Gaulle said the problem of German reunification was a Eu-

ropean question and should be settled by Europeans.

It seemed clear he thought the question of reunification was not for the immediate future. But the next day, an official clarification said that nothing he had said could be interpreted as altering the responsibility of the four occupying powers on the question of German reunification.

His initial remarks caught Moscow's interest and as one diplomatic source put it:

"Zorin has been sent to Paris to find out just what France has in mind about Germany, and to see if the Soviet Union can get France to agree that a permanent division of Germany is essential."

The Russians have made

clear that Zorin is not coming as a charmer. They put a book by the new envoy on sale in Moscow last week in which Zorin declared that de Gaulle's regime creates the prerequisites for fascism in France.

Release of the book just before Zorin's take-over was seen as a notice to France that Zorin was not arriving with his hat in hand.

Oratory Event Slated Monday

The annual oratorical contest for high school boys, sponsored by the Lakeland Optimist Club of Waterford Township, will be held at 8 p.m. Monday at Waterford Township High School.

Ten contestants each will give a five minute speech on the subject, "Optimism — Spirit of Youth" at the sixth annual contest. The public is invited.

Participants will represent Waterford Township High School, Waterford-Kettering, Oak Leaf of the Lakes and Clarkston High School.

The contest winner will go on to the zone contest April 20 where he will compete with winners of eight other club contests.

Regional contests will follow this in the state elimination procedure leading to the finals May 21 at the Optimist Michigan District Convention in Traverse City.

Trophies will be awarded Monday night to the first, second and third place winners.

Lawmakers Up Sights by Research Flights

Time was when "Join the Marines and See the World" held alluring and otherwise remote promise for those desirous of looking at foreign lands.

Today that's pretty old hat. Now the shortcut to enjoyment of exotic climes and scenes is to be elected to legislative office, and, in the case of several Michigan lawmakers, be subsequently defeated.

From last October — after the legislature's adjournment and before the election — 30 legislative committees traveled out of the state on real or fancied business at taxpayers' expense.

For example, members of the Interim Committee on Tourist Industry Relations traveled to such spots as Miami, Puerto Rico, Hawaii, California and the Virgin Islands that they might be better prepared to serve their constituents.

Three representatives found it incumbent to visit Hawaii as members of the Interim Committee on Lowering the Voting Age at a cost to the State of \$2,500. Balloting proved to be a most appropriate study for these junkies, since two of them were defeated in the November election.

Another legislative itinerant spent some time in the Virgin Islands as a member of the Interim Committee on Economic Development, while another was at the same place representing the Interim Committee on Slaughtering Inspection. The fact that there are no slaughterhouses on the Virgin Islands evokes the almost-forgotten stern appeal to conscience by the government during World War II: "Is This Trip Necessary?"

These examples touch but a few of the high spots of our legislators' dedication to office and state. Voters whose work keeps them at home will be glad to learn how well they are being served by their traveling representatives.

'Whose Ox Gored' Bias in Saigon Bomb Reflex

High explosive kills. It tears heads and limbs from bodies, it crushes, mangles.

When it doesn't kill, it blinds, deafens, maims—sometimes so terribly that the living consider the dead the lucky ones.

A single blast of high explosives before the U.S. embassy in Saigon killed 20 persons and wounded scores of others.

None of the victims was a combatant, unless police guards can be called combatants. Many were innocent passers-by in the street.

This was an episode of sheer terror.

Outrage swept the world when it was revealed that the United States had used non-lethal—in other words, a life-preserving—gas a number of times to flush out Viet Cong

guerrillas hiding among South Vietnamese villagers.

Aside from the immorality of it all, Americans had made a great blunder, it was claimed: Asians had been given one more proof that we consider them merely guinea pigs on which to experiment with horror weapons.

Ironically, 18 of the 20 killed in the embassy explosion were Vietnamese — killed by Vietnamese.

We still await a wave of international condemnation of this barbarous act of the Vietnamese Communists—only the latest and worst of many such they have perpetrated over the years.

But we are not holding our breath.

Contest Entrants in Deadline Fight

\$500 Award Only a Plum for a Punctual Picker

The countdown is on. It's only a matter of hours till the zero hour of the Annual Press Baseball Contest. That's Monday noon, April 12.

For the benefit of those just out of hibernation during the long winter, we repeat that entries must be on hand when the whistle blows. Those received thereafter, even though postmarked prior, will not be considered.

Entries may be either mailed or popped into The Press Huron Street drop box. But allow plenty of time for you to get under the wire, that it may receive a warm welcome from the kindly eyes of the judges.

Don't take a chance by delivery by balloon. You never know when a balloon might run out of wind, blow in late and cost you a windfall of the \$500 U.S. Savings Bond award for having correctly picked the American League batter, along with his average who, after 50 official times at bat, will lead the league after the games played Sunday, May 16.

Take me out to the ball game

This year, we're adding an extra award—a \$50 bond—to the winning one if the prize entry comes in on a Press entry form secured to a card. This procedure gives entry regularity and simplifies handling by judges.

After you've done your crystal-balling and got the message, get it onto an entry form and on its way. First, though, you'd better skim over the rules below—to make sure you've touched all the bases.

This pretty well wraps up the 1965 classic. Tuesday, we'll give you a little rundown on how the entries shaped up. . . . No, we aren't thinking about a beauty contest. And within a few days, there'll begin daily publication of the American League's leading 10 batters to keep you posted on how well you wrought.

Roger and over.

CONTEST RULES

1. Everyone is eligible to enter contest except Press employees and members of immediate families.
2. All members of families may submit entries, but are restricted to one each.
3. LEADING BATTER must be the AMERICAN League player, officially at bat 50 or more times, with his league-leading average, when contest closes with completion of Sunday, May 16, games.
4. Deadline for entries is noon, April 12, and they must be on hand at The Press. Those arriving later, even though postmarked prior, will not be considered.
5. Affix entries or facsimiles on cards (please do not enclose in envelopes) and address to newspaper's Baseball Contest. They may be mailed or deposited in Pontiac Press Huron Street drop box.
6. Entries will not be disqualified should players change clubs after submission.
7. Decisions of judges will be final on all questions relative to contest.

The POWER of FAITH

By WOODI ISHMAEL

"And many spread their garments in the way; and others cut down branches off the trees, and strawed them in the way. And they that went before, and they that followed, cried, Hosanna; Blessed is he that cometh in the name of the Lord: Blessed be the kingdom of our father David, that cometh in the name of the Lord: Hosanna in the highest. And Jesus entered into Jerusalem . . . St. Mark: 11, 8-11. Thus St. Mark tells of the first Palm Sunday. Again this Palm Sunday we have the opportunity to let the spirit of Christ enter our communities, large and small, with love, brotherhood and goodwill. It has been so for 2,000 years. Such is the power of faith.

Days of All Faiths:

Christians' Most Solemn Week

By DR. HOWARD V. HARPER

From Sunday to Saturday next week is the most solemn, most significant moment of the Christian year. The best way to understand this week is to look at it as a whole. Each day is a chapter in a total story.

Palm Sunday. The first day was the day Jesus rode into Jerusalem in what appeared to be great triumph. The city was full of holiday (Passover) pilgrims, and they gave him a warm and noisy welcome.

As an annual observance

Almanac

By United Press International Today is Saturday, April 10, the 100th day of 1965 with 265 to follow.

The morning star is Mars. The evening stars are Mars, Jupiter and Mercury.

American journalist Joseph Pulitzer was born on this day in 1847.

On this day in history: In 1841, Horace Greeley published the first issue of The New York Tribune.

In 1944, Odessa, the Black Sea port, fell to Soviet troops.

In 1962, President Kennedy stepped in and forced a boost in steel prices to be wiped out.

In 1963, the atomic submarine "Thresher" sank in the Atlantic with 129 men aboard in the Navy's worst peacetime submarine disaster.

Smiles

"Man knows virtually nothing about the human brain," says a professor. Why particularize the human brain? Man knows virtually nothing about anything.

"A person over 65 should look upon growing old as being a career," says a sociologist. Well, maybe so, but there isn't much future in such a career.

The girl who has tried "everything under the sun" to land a man and failed is advised to try something under the moon.

Palm Sunday goes back to about the tenth century. It is too bad we have lost the quaint and happy custom of the Pax (peace) Cake. People who had quarreled during the past year looked each other up and ate the Palm Sunday cakes together. They said "Peace and good will to each other, and the long-standing tension was ended. A good, face-saving way of patching up minor spats without humiliating either party.

Monday before Easter. Today there was the famous clash with the money-changers, when Jesus overturned their tables and drove them out of the Temple. Mark 11: 15-17.

Tuesday before Easter. On this day the Jewish leaders tried to trap Jesus into a statement that would either get him in trouble with the Roman government or give the Jews a reason to charge him with blasphemy. It was this encounter that gave us the famous "render to Caesar" answer that has become part of our daily language. (Luke xx: 22-25)

It was on Tuesday, too, that Jesus stood toward evening looking down at Jerusalem from a hill outside the city, weeping, and foretelling the city's destruction in one of history's saddest soliloquies.

Wednesday before Easter. Today is sometimes called "Spy Wednesday," because it was the day on which Judas Iscariot made his deal with the Jewish priests, promising that for thirty pieces of silver (about \$15) he would lead them to the place where they could seize Jesus without exciting the populace.

Maundy Thursday. "Maundy" is an English corruption of the Latin word "mandati." The day was called dies mandati, the day of the mandate, because on that evening at the Last Supper Jesus gave his followers "a new commandment — that ye love one another." (John xiii: 34)

The great importance of the day, however, is that the Last Supper, Christianity's central sacrament, was instituted on this day.

It is also recorded (John xiii: 5) that at the Last Supper Jesus washed the feet of the apostles. This gesture of humiliation of Christians since early times. Even today in Rome Pope Paul will wash the feet of paupers in a ceremonial remembrance of the Lord's humble act.

Good Friday. From noon to

three o'clock today millions of Christians will gather in churches to hear meditations on the Seven Last Words, that is, the seven utterances Jesus made as He hung on the cross. St. Matthew (xxvii: 45) tells us that Jesus was actually on the cross from the sixth to the ninth hours of the day, which in modern times would be 12 noon to 3 p.m.

Good Friday was observed even before Easter came into the Church calendar. Most of the early Christians were Jews, and to them Friday's sacrifice was more significant than the resurrection.

Easter Even. Saturday brings Lent to its close. In early times Lent was a time of preparation for baptism and hundreds of people were baptised on this day.

Washington Notebook:

Barry Remembers Headaches

By WASHINGTON STAFF

WASHINGTON (NEA) — The thirteenth annual Republican Women's Conference, concluded here recently, must be considered somewhat of a bust.

For the most part, the gathering of more than 2,100 GOP women from all parts of the country was a listless audience, responding without enthusiasm to the exhortations of a battery of speakers which included some of the biggest names in their party.

Several of these speakers, though, came up with good lines:

Barry Goldwater, the GOP standard-bearer last year, confessed to the ladies that he's been catching up on his relaxation for the last five months.

"Peggy (Mrs. Goldwater) and I have just been enjoying the beautiful Arizona sunsets. Oc-

Voice of the People:

'Do Non-Voting Citizens Have Right to Complain?'

There have been several letters from dissatisfied Keego Harbor residents concerning our city council. My father was the first mayor of Keego Harbor, so I am used to hearing the complaints of this city's citizens.

We voters elect members of our city council to represent us. On April 5 only 355 of more than 1,300 eligible voters used their voting privilege in Keego Harbor.

If you didn't vote, do you feel you have a right to complain?

MRS. J. T. CHATTERTON
KEEGO HARBOR

'We Need Compulsory Car Inspections'

The proposed law for compulsory car insurance would force thousands of cars off the road. We need forced inspection first. What is the use of having \$10 thousand automobile insurance on your car and no brakes?

We also need safer roads and better law enforcement.

SHARON SMAGLINSKI
275 S. ANDERSON

'Improvement Association Has Moved'

Brooklands has long been a black eye to the Avon community. Is it any wonder? Every cry of help for improvement has been met with the door slammed in our face.

There is an old saying in Brooklands: "The farther down the street you go, the tougher we get." Wake up! Our improvement association has moved to the end of the street.

BROOKLANDITE

'Prayers of People Are Being Answered'

I think clergymen are teaching people about Christ and to pray that the colored people in Alabama will have freedom. I think Christ has heard their prayers and sent his best children to help free these people.

457 ORCHARD LAKE

'Holes in Tubbs Road Need Some Gravel'

Why doesn't the Oakland County Road Commission gravel some of the extra bad roads rather than just dragging them, as they are in as bad shape the next day. With the library on Tubbs Road we have even more traffic and the road is practically impassable most of the time.

SHOT SHOCKS ON TUBBS ROAD

The Better Half

"I didn't say you can't have \$30, but with that kind of money I'll have to investigate your background first and see if you're bondable."

who returned to his cabin to have a neighbor tell him: 'You

better hurry on up to your cabin. There's a bar in there with your wife!

"The frontiersman just sniffed: 'Wal, that bar had better watch out for himself.'"

After a complimentary introduction, Pennsylvania's Gov. William Scranton said: "The last time I addressed a group of women, I was the last of a long line of speakers. The lady who introduced me apparently was getting a little tired of it all, because she said: 'Now we'll hear from the governor—and then we'll have a good time.'"

Scranton, who launched his gubernatorial campaign while still a congressman, recalled that an important roll call vote made it impossible for him to keep a political speaking engagement at a Rotary meeting. His wife Mary agreed to speak in his place.

"When he presented her to the audience," Scranton said, "the head Rotarian belted: 'Now I'd like you to meet the next wife of the governor of Pennsylvania!'"

The Savage Cell - VI

Animal Tests Show Emotional Stress as a Cancer Factor

By PAT McGRADY

It begins to appear that emotional stress is a factor in cancer. This is shown in animal experiments more clearly than in human studies.

Much of what has been reported on emotional aspects of human cancer seems fuzzy and fanciful, particularly to sound psychologists and psychiatrists.

Dr. Daniel Horn, a psycholo-

gist and co-author of the classical study which showed the statistical association between cigarette smoking and lung cancer, has stated that, amid the welter of contradiction on the relationship of emotions and cancer, one frequently reported finding is relatively undisputed: the loss of a personal emotional relationship (usually the death of or separation from a loved one) prior to the appearance of cancer symptoms.

Twentieth Century literature includes such nonsense as: "Dull" cancer patients do better than "bright" ones.

Patients in whom the disease does not proceed rapidly tend to be "worthless ras-

and totally irresponsible fanatics."

Patients with cancer of the uterine cervix are subject to dislike for sexual intercourse, failure to attain an orgasm, frequent divorces, and a tendency to marry men who drink.

Breast-cancer patients have these characteristics: "masochism, inhibited sexuality, inhibited motherhood feelings, inability to deal appropriately with anger, hostility under a facade of pleasantness, unresolved conflicts with mothers, and the use of denial as a psychological defense, usually against guilt."

LUNG CANCER
Men with lung cancer often suffer from serious marital problems, venereal disease, and alcoholism; men with prostatic cancer are tractable, easy to please, unaggressive.

People with skin cancer tend to become depressed easily, one study contends.

Animal studies seem to carry substantial significance for humans.

Experimental animals can be matched genetically, for age and physical condition. They can share precisely the same environment.

RANDOMNESS

They and control animals can be paired or separated into groups with true mathematical randomness. They can be sub-

jected to similar experimental conditions and yield measurable results.

At the University of Illinois Medical School, for example, scientist found that some stresses — surgery or heat (110 degrees F) but not cold (32 degrees F) — increase rats' susceptibility to injected cancer.

The burden of evidence in animal experiments is that stresses do speed the course of cancer, although there is only the most tenuous indication that stress by itself will help initiate cancer.

In Amsterdam, scientists tested the effects of isolation on gregarious mice with a strong tendency toward breast cancer. The results were always the same—the greater the isolation,

the earlier and the more frequent the breast cancers.

SINGLE CAGE
Of 50 mice crowded happily into a single cage, only 15 developed breast cancer during 17 months of superconcentrated five or six of every group of ten caged together and almost four of every group of five developed cancer.

That sex and hormones play a role is indicated by the fact that when castrated mice were used, 53 per cent of the isolated and only 11 per cent of the crowded mice showed breast cancer.

Other animal tumors also were stimulated by stresses. Baby mice removed from the nest for three minutes each day for their first 24 days died much more quickly from implanted

leukemia than did mice not removed from the nest.

In other experiments, mice subjected to the trauma of a surgical operation and the application of chemicals which cause cancer, showed substantially more and earlier cancers than mice given the carcinogens only.

TECHNIQUES

Soviet scientists in Kiev, using Pavlovian techniques, trained mice to come for food at the sound of a bell and then made the mice neurotic by shocking instead of feeding them; neurotic mice developed breast cancer at eight months instead of at ten months, as non-neurotic animals did.

Many authorities feel that emotions well may be related

to cancer; but they deplore most of the present-day clinical approaches to the problem — approaches which are unscientific or pseudoscientific.

One of the exponents of the scientific approach is Dr. Eugene Pendergrass of the University of Pennsylvania, former president of the American Cancer Society. He has said:

"I personally have observed cancer patients who had undergone successful treatment, and were elating and well for years. Then an emotional stress such as the death of a son in battle, the infidelity of a daughter-in-law or the burden of long employment seems to have been the precipitating factor in reactivating the disease which resulted in death."

"The opposite may obtain. I have patients with extensive malignant disease spread throughout the body who are living with their disease and living in comfort. The disease has been controlled by radiation, surgery, hormones and supportive care. These patients live in happy homes."

"Even if psychological factors have no influence on the course of the disease, they have a great deal to do with the well-being of the patient. We as doctors must begin to emphasize treatment of the patient as a whole, as well as the disease."

Convict Is Free Until Retrial

DETROIT (AP) — A 21-year-old convicted slayer was released on \$10,000 bond Friday pending a new trial ordered because of what a judge said were improper procedures of police in obtaining a confession.

Louis Roberts, who was 15 when arrested in the death of Mrs. Jean Claffi, 27, a mother of two, had been held six years in Wayne County jail.

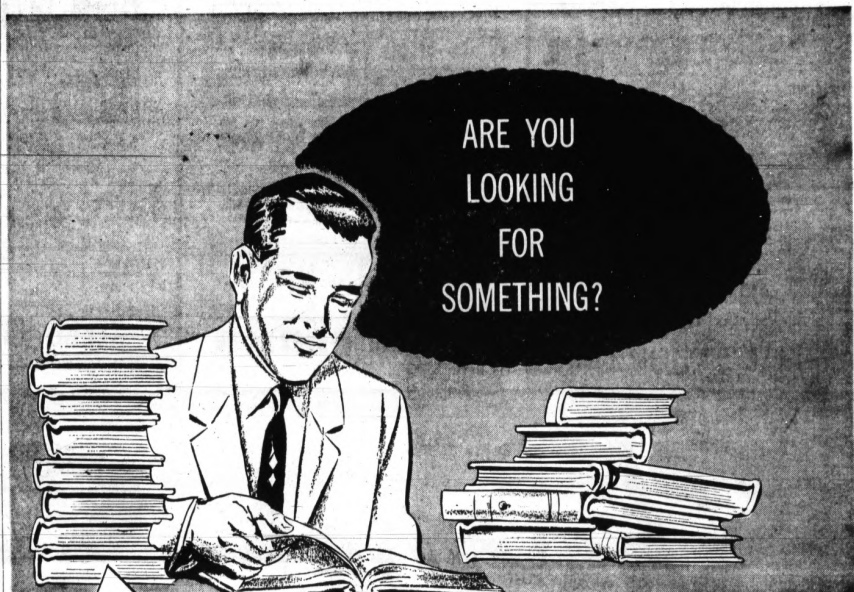

Two trials ended in hung juries before Roberts was convicted and sentenced to a 10- to 15-year term on a second-degree murder charge.

The new trial was ordered last month by Recorder's Judge Elvin L. Davenport who ruled Roberts' confession would not be admissible because police did not follow "proper procedure" in obtaining it.

The Wayne County Prosecutor's office has petitioned the State Supreme Court to overrule the judge.

To Interview Grads

DETROIT (AP) — Representatives from 40 firms are expected to take part in a college senior "Opportunity Center" here April 16. The firms will interview graduating college students for possible jobs as part of a campaign to keep state college graduates in Michigan.

ARE YOU LOOKING FOR SOMETHING?

Most people are. Some people know what they are looking for. Others are less certain. They go in all directions searching for something, but they are not sure what it is or where to find it.

Jesus says:

"The Kingdom of heaven is like unto a merchant, seeking goodly pearls: who when he had found one pearl of great price, went and sold all that he had and bought it" (Matthew 13:46).

Seekers of goodly pearls will find true riches and true happiness in the word of God.

Are you looking for God?

"No man hath seen God at any time; the only begotten Son, which is in the bosom of the Father, he hath declared him" (John 1:18).

Jesus said: "I am the way, the truth, and the life: no man cometh unto the Father, but by me" (John 14:6).

Jesus also said: "He that hath seen me hath seen the Father" (John 14:9; see also 2 Corinthians 5:18,19).

Are you seeking God's grace?

There is a certain door through which you must enter. "For by grace are ye saved through faith" (Ephesians 2:8). The unworthy sinner reaches the grace of God through faith. This is the door.

"Therefore being justified by faith, we have peace with God through our Lord Jesus Christ: By whom also we have access unto this grace wherein we stand, and rejoice in the hope of the glory of God" (Romans 5:1,2).

Are you looking for the joy of salvation?

The man from Ethiopia was. He was searching the Scriptures diligently when Philip found him and preached unto him Jesus. He was assured with all men that: "He that believeth and is baptized shall be saved" (Mark 16:16).

... and they both went down into the water, both Philip and the eunuch, and he baptized him. And when they were come up out of the water, the Spirit of the Lord caught away Philip; and the eunuch saw him no more, for he went on his way rejoicing" (Acts 8:38,39).

Are you looking for peace of mind?

Only in Christ can this be found: "Peace I leave with you, my peace I give unto you: not as the world giveth, give I unto you. Let not your heart be troubled, neither let it be afraid" (John 14:27).

"In nothing be anxious; but in everything by prayer and supplication with thanksgiving let your request be made known unto God. And the peace of God which passeth all understanding shall guard your hearts and your thoughts through Christ Jesus" (Philippians 4:6,7).

Are you looking for eternal life?

"... God hath given unto us eternal life, and this life is in his Son. He that hath the Son hath the life; and he that hath not the Son hath not the life" (1 John 5:11-13).

"... Whosoever believeth in him should not perish, but may in him have eternal life" (John 3:15).

Junior Editors Quiz on YEAST

QUESTION: How does yeast make bread rise?

ANSWER: Yeast is a tiny one-celled fungus plant, shown in the upper magnified view budding to produce new cells. Yeast can be kept as a compressed cake, with the plants dormant.

When such cake is moistened with lukewarm water, the moisture and warmth start the plants into action. Flour and sugar are added. The yeast changes the starch in the flour to sugar. This is then turned to alcohol and carbon dioxide gas.

This process is called fermentation. The gas bubbles through the dough, causing it to rise up in a fluffy porous mass. Gluten, an elastic material in the dough, encloses the gas bubbles.

As the bread is baked, the alcohol and gas evaporate and the yeast plants are destroyed. But the light fluffy structure made by the gas bubbles remains, allowing the heat to thoroughly penetrate and cook the dough.

Making homemade bread is not easy, but the result is so delicious that many young cooks like to take a try at it.

We recommend following your cookbook directions closely and getting your mother's help and advice.

Remember that the yeast should be mixed with lukewarm water; if it is too hot, the yeast plants are destroyed—then the bread can't rise.

FOR YOU TO DO: Pull apart a piece of bread and look carefully into it—with a magnifying glass if you have one. You can see the little holes made by the gas bubbles very clearly.

Will Lead Jaycee Unit

GRAND RAPIDS (AP) — Attorney Charles F. Anderson, 32, takes office July 1 as president of the Grand Rapids Junior Chamber of Commerce. He succeeds attorney Hilary F. Snell.

College Is Accredited

WARREN (AP) — Macomb County Community College said Friday it has been formally accredited by the Michigan Commission on College Accreditation.

School Levy Election

Scheduled for Jenison

JENISON (AP) — School officials here have decided to renew a request for a three-mill increase in the present 9.32 tax

levy for operating expenses in an election April 27. The proposal was defeated at the polls here March 16. School board members have said they would be unable to operate in 1965-66 without the additional millage.

FFA Contests May 1

EAST LANSING (AP) — Some 1,200 Future Farmers of America members will test their skills in farming at the annual state FFA judging contests May 1 at

Michigan State University. Winning teams will represent Michigan in national competition later this spring.

The capital city of northern lower California is Mexicali.

Actress's Body Badly Burned

Linda Darnell Is in Critical Condition

CHICAGO (AP) — Actress Linda Darnell, the glamorous heroine of many movies, was in critical condition today, with burns covering 80 per cent of her body.

The 43-year-old stage and screen star suffered second- and third-degree burns over the upper part of her body Friday in a fire at the suburban home of Mrs. Richard Curtis, her former secretary with whom she had been visiting.

Miss Darnell was taken to Cook County Hospital's ultramodern burn treatment center, where fluids and blood plasma were administered. A tube was inserted in her windpipe to aid breathing.

Firemen had not determined the cause of the fire, in which three other persons also were injured. Curtis, a manufacturer and executive reported to be Miss Darnell's agent, was in Los Angeles.

IN BURNING ROOM

Firemen said they found Miss Darnell on the living room floor. The room was ravaged by the blaze. They said the fire apparently started in the sofa where she was sleeping. It caused an estimated \$4,000 damage to the townhouse.

Mrs. Curtis, her daughter, Patricia, 16, and a neighbor, David Mundhenk, 22, were hospitalized. Mrs. Curtis and her daughter were burned on the arms. Patricia also suffered an ankle injury.

Mundhenk was treated for wrist cuts suffered when he tried to smash the windows of the Curtis home in a vain rescue attempt.

Pontiac Man Loses \$240 in Switch Trick

A Pontiac man told police yesterday that two men had tricked him out of \$240. Willie Holloman, 21, of 498 Nebraska said that two strangers had exchanged his real money with phony bills and then fled on foot.

The switch took place in the city parking lot at Pike and Lawrence, Holloman said, about 1 p. m.

The victim told police he had given the two men his money, and then they returned it, wrapped in a handkerchief, along with what was supposedly some of their own money.

Holloman was going to deposit the strangers' money in the bank for them. Both men were gone when the victim realized the switch had been made.

Injuries Kill Detroit

DETROIT (AP) — Charles Rollins, 38, of Detroit died Friday of injuries suffered Sunday when his car was struck by another in Detroit.

News in Brief

Police are investigating the recent theft of cash, checks and goods totaling \$285 in value from the office of L. H. Hubbard at 83½ Bagley.

Deaths in Pontiac Area

MRS. ORLANDO COREY Service for former Pontiac resident Mrs. Orlando (Annie) Corey, 77, of Harbor Springs will be at St. Michael's Catholic Church of Pontiac, Monday at 10:30 a. m. with burial in Mount Hope Cemetery.

A Rosary will be said at 7:00 p. m. tomorrow at the Sparks-Griffin Funeral Home.

A former member of St. Michael's Catholic Church, Mrs. Corey died yesterday after a lengthy illness. She is survived by her husband.

LINDA GIBBS

Service for Linda Gibbs, 3, daughter of Mr. and Mrs. J. B. Gibbs, 291 Oakland, will be 3 p. m. Monday at the Hutton Oak Funeral Home with burial in Oak Hill Cemetery.

Linda died Thursday after being struck by a car Wednesday afternoon.

Surviving, in addition to her parents, are a brother, David, and two sisters, Lorene and Cynthia, all at home.

RAY GUBERT

Graveside service for Ray Gubert, infant son of Mr. and Mrs. William Gubert of 4435 Salsabaw, Waterford Township, was 10 a. m. Monday at the Hutton Oak Funeral Home with burial in Oak Hill Cemetery.

The day-old infant died yesterday.

Surviving besides the parents are brothers and sisters, Mrs. James Sennet, William, Daniel, Gerald, Margaret, Keith, Christine and Sue; and grandparents Mr. and Mrs. Charles Lesser of Strongsville, Ohio, and Mrs. Clarence Garrett of Detroit.

LOUIS MCCOY

Service for Louis McCoy, 85, 136 N. Johnson, will be 1:30 p. m. Tuesday at the Donelson-Johns Funeral Home with burial in Perry Mount Park Cemetery. Mr. McCoy died yesterday after a short illness. He was a retired painter.

Surviving are three children, Raymond, Norman and Mrs. Glendon H. Moon, all of Pontiac.

Also surviving are five grandchildren and two great-grandchildren.

DR. CLEO MURLAND

Service for Dr. Cleo Murland of Dearborn, a former Pontiac resident who conducted extension classes at Pontiac Central High School, will be 11 a. m. Monday in Christ Episcopal Church, Dearborn with burial there in the Northview Cemetery.

Her body is at the Howe-Peterson Funeral Home, Dearborn. Dr. Murland died Thursday at St. Luke's Episcopal Home, Detroit. She was an associate professor of vocational education at the University of Michigan for 22 years.

MRS. F. C. GALLAUDET

BLOOMFIELD TOWNSHIP — Requiem Mass for Mrs. Francis C. (Janet S.) Gallaudet, 57, of 5 Shadow Lane will be 11 a. m. Monday at St. Hugo of the Hills Catholic Church. Burial will follow in Mount Olivet Cemetery, Detroit.

Mrs. Gallaudet died Thursday after a long illness.

Rosary will be recited at 8 p. m. tomorrow at Bell Chapel

of the William R. Hamilton Co., Birmingham.

Mrs. Gallaudet was a member of the Birmingham Junior League, Sigma Gamma Association and the League of Catholic Women.

Surviving besides her husband and two sons, Edson F. of Royal Oak and Thomas H., Jr. at home, are three daughters, Mrs. Janet Sturgis of Hadlyme, Conn., Mrs. Michele Van Kula of Bladensburg, Md., and Mrs. Andrew Anderson of Kalamazoo, two sisters, Mrs. Robert Smith of Dryden and Mrs. James Phelan Jr. of Metamora; a brother, and two grandchildren.

Contributions can be made to the St. Joseph Mercy Hospital building fund, Pontiac.

MRS. REX RANSOM

ORION TOWNSHIP — Service for Mrs. Rex (Lola N.) Ransom, 36, 2490 Litter, will be at the Sparks-Griffin Funeral Home at 3 p. m. Monday with burial in White Chapel Memorial Cemetery, Troy.

Mrs. Ransom died Thursday after a short illness.

GEORGE A. STOCK

LAPEER — Service for George A. Stock, 81, of 4744 Lippincott, Elba Township, will be 10 a. m. Monday at the Church of Immaculate Conception, with burial in Mount Loretto Cemetery.

A rosary will be said at 8:30 p. m. tomorrow at the Muir Brothers Funeral Home.

Mr. Stock died yesterday after a long illness. A farmer, he was a member of the Church of the Immaculate Conception.

Surviving are a daughter, Mrs. Helen Esper of Flint; two sons, Frank of Inlay City and Leo Stock of Lapeer; a brother, J. J. Stock of Arizona; two sisters, Mrs. George Halpin and Florence Stock, both of Lapeer; and 21 grandchildren.

MRS. DEE WILSON

ORCHARD LAKE — Service for Mrs. Dee J. (Angie T.) Wilson, 90, of 3540 Seminary will be at the C. J. Godhardt Funeral Home, Keego Harbor, Monday at 11 a. m. with burial in Woodmere Cemetery, Detroit.

Mrs. Wilson owned and operated a grocery store in Orchard Lake for over 44 years. Retired, she was a member of the Pontiac Chapter No. 228 Eastern Star and Justus Rebecca Lodge, Detroit. She died yesterday.

Surviving are a daughter, Mrs. Donald Sweetman of Orchard Lake; two grandsons; a brother and a sister.

Given Chance to Seek Retrial in Old Murder Case

DETROIT (AP)—Prison life William Schweitzer was granted permission Friday to ask a new trial from his murder conviction of 30 years ago.

Recorder's Court Judge John P. O'Hara set Monday for the hearing on arguments.

Schweitzer, 57, was convicted of the robbery slaying of Howard Carter Dickinson, New York attorney and nephew of the late Chief Justice Charles Evans Hughes.

Reflections

APRIL SHOWERS

We would be on an Island of Loneliness — without a connecting link with other people. We keep that line of communication open, and working, or suffer isolation.

April Showers is Nature's communication with all growing things on this earth. They feed, drench with sunshine, coax and command and our Countryside is made more entrancing, delightful and bewitching. Friendship needs food — love, and mutual respect; without these elements that give our emotion withers and dies. We cannot hope to live, fully, without those elements anymore than a plant can thrive without water and sunshine.

Our Highways are choked with people going to visit friends, they are the April Showers. Neighbors call on neighbors; how long has it been since you called on a friend to sing the old songs, danced the old dances, reminisce old scenes, times and friends — these are showers of friendship that make life more enjoyable. Call someone, visit an old friend; you'll be rich in an Old Experience that can be delightful.

M. E. SIPLE VOORHEES-SIPLE FUNERAL HOME 268 North Perry Street Phone FE 2-8378

To Stand Trial in Murder Case

A White Lake Township man was ordered yesterday to stand trial on a first-degree murder charge in the shooting of a neighbor last month.

Carl L. Kilburn, 47, of 6620 White Lake stood mute to the charge when he was arraigned before Circuit Judge William J. Beer. Beer entered an innocent plea for Kilburn. No trial date was set.

Kilburn is accused of the shotgun death of Vincent J. Ferguson, 49, of 5400 Keechie, the father of nine children.

White Lake Township police said Ferguson was killed in his home during an argument between the two men on March 18.

Kilburn claims he shot in self-defense when Ferguson produced a pocketknife.

House in Pontiac Damaged by Blaze

Fire caused an estimated \$1,000 in damage to a Pontiac home shortly after midnight today.

The fire broke out in a bedroom in a home at 101 W. Fairmont. The blaze was started by children, firemen said.

Owner of the one-story frame home is Alice Synder. The occupant is Gail Harwill.

Smelter Blows Up; Twenty-Six Injured

EAST CHICAGO, Ind. (AP) — Twenty-six workmen were injured last night when an aluminum smelting furnace in the U. S. Reduction Co. smelter building exploded. One worker was reported in critical condition.

The shattering explosion, described by a fire official "like an atomic bomb," reduced the half-block-long building to a steel frame.

Firemen said plant employees reported that one of the gas-fired furnaces blew up minutes after it was loaded with aluminum scrap.

There was no fire but the blast ripped off nearly all of the sheet iron roof and walls, leaving the 150-by-140-foot one-story building's steel frame exposed.

Many employees in the area ran to the scene and helped injured workers to the outside where they were taken by fire department ambulances to St. Catherine's Hospital.

NEAR FURNACE

Charles Allen, 22, said he was 15 feet from the furnace when the explosion occurred.

"It knocked me about 40 feet," Allen said. "I blacked out for a few moments and then got up and ran for all I was worth."

Allen, who suffered minor cuts and bruises, said the furnace is an open-hearth unit weighing 25 tons. It is heated by natural gas.

Gets 3-10 Years for \$26 Holdup

A Pontiac man was sentenced yesterday to 3-10 years in the state prison at Jackson for stealing \$26.

Circuit Judge William J. Beer ordered the prison term for Howard H. Hatchett, 26, no permanent address.

Hatchett pleaded guilty to larceny from a person in the holdup of Harry C. Nichols, 665 Robinwood, on Sept. 26, 1964.

Hatchett, who has a previous prison record, was originally charged with armed robbery but was allowed to plead guilty to the lesser offense.

Injury Puts Contender Out of Kentucky Race

NEW YORK (AP) — Jacinto, one of the top contenders, was declared out of the Kentucky Derby by trainer Jim Maloney Friday night.

Maloney said the 3-year-old son of Bold Ruler-Cascade II had been retarded in his training since his ankle injury at Aqueduct early this month and would not be up to the 1 1/4 mile Derby distance May 1.

GLENWOOD PLAZA CORNER NORTH PERRY AT GLENWOOD

Mrs. Carl W. Bird of Onagon Trail shows Mrs. Billy G. Willis of Percy King Drive, an antique sawtooth dish. It is among the many antiques to be displayed during the

13th annual antique show and sale sponsored by the Episcopal Church Women of All Saints Episcopal Church, April 20-22.

Pontiac Press Photo

Rare Antiques to Be Shown

Rare art glass, hand-loomed place mats, dolls and guns—antiques of every description will be displayed at the 13th annual antique show and sale April 20, 21 and 22 at All Saints' Episcopal Church.

The show, sponsored by the Episcopal Church Women will run from 11 a.m., to 10 p.m., daily.

Eighteen dealers from Michigan and Ohio will display their wares.

Included this year will be Mrs. Alice Baker of Ohio who will have primitives suitable

for the country house collector, such as pine furniture, prints, braided rugs, pewter and Bennington ware.

John Steele will return with his coin collection and Herbert Martin will again demonstrate chair caning.

A buffet luncheon will be served from 11:30 a.m., to 1:30 p.m. The balcony tea room will be open from 11 a.m. to 10 p.m., daily. Breads, salads and desserts, prepared by the women of the church, will be served.

Tickets may be purchased at the door; from members of the church; from Mrs. Douglas Knecht of the Church of the Resurrection, Clarkson; and from Mrs. Richard Morgan of St. Andrews, Drayton Plains.

Chairman of the show is Mrs. Robert Tricker; manager, Mrs. Fred Cocker; treasurer, Mrs. Gladys LaBair; secretary, Mrs. Russell Thurston; registration, Mrs. James Hampton and Mrs. Maxwell Shadley; tickets, Mrs. Marshall Smith and Mrs. Palmer Strang, publicity.

Also working Others are Mrs. C. George Widdfield, Kenneth Burr and Bruce Meixsell, Mrs. Bruce McDonald, Mrs. Billy G. Willis, Mrs. Kenneth Burr, Mrs.

Two Dances Set Tonight

Two square dancing organizations will meet tonight for dancing.

CUCKOO SQUARES

The CAI Building is the setting for the 8:30 p.m. dance being held by the Cuckoo Squares Dance Club. Wayne Wilcox will call.

LONGHORN

A "Bunny Hop" is scheduled for the Longhorn Square Dance club at 8:30 p.m. in the Donelson School. Bob Longe will call.

Truth Is Announced

Mr. and Mrs. Morris Wiseman of Williamsburg, N.Y., announce the engagement of their daughter Danye Shane to Bruce Alan Berg, son of Mr. and Mrs. Oscar Berg of Unionville, Conn., formerly of Pontiac.

Miss Wiseman is a senior at the University of Buffalo school of education. Her fiancé attended the University of Michigan and received a bachelor of science degree from the University of Buffalo. A June wedding is planned.

Mouthy Husband Spills All, Wife Needs to Speak Now

By ABIGAIL VAN BUREN

DEAR ABBY: My husband talks too much about me! I always thought that what went on between a married couple was supposed to be private, but my husband broadcasts the darndest things to all his co-workers.

The life of one of the men down at the plant even "kidded" me about what I slept in!

Not only that, but last summer I had a little surgery. It was rather embarrassing (you know, the kind you just don't talk about).

Well, everybody at the plant knew all about it. When they have get-togethers for the workers and their families, I don't feel like going because everyone knows so much about me.

What's wrong with my husband? Or is it me? And how can I shut him up?

DEAR NO: It's your husband. And he, Madame, is a clattertrap!

Teaching a grown man discretion is no small task, but

he's your man and he's broadcasting YOUR secrets.

So, it's time you had a long talk with him about what he's not supposed to talk about.

CONFIDENTIAL TO "ON CLOUD NINE": Come back to earth and do not dismiss his laziness so casually. "Laziness grows on people; it begins in cobwebs and ends in iron chairs."

The more business a man has to do, the more he is able to accomplish, for he learns to economize time." (Sir Matthew Hale.)

CONFIDENTIAL TO MARVIN H. IN ONAWA, IOWA: I see nothing objectionable

about the off - the - shoulder, drape - type portraits, with a little pearl dangling down.

It's the exposure of cleavage that offends me in the graduation portrait of a high school girl.

Problems? Write to Abby, care of The Pontiac Press. For a personal reply, enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to Abby, care of The Pontiac Press, for Abby's booklet, "How to Write Letters for All Occasions."

Invitation Procedure in Office

By The Emily Post Institute Q: I am going to be married shortly and am having a fairly large wedding.

I intend to invite my fellow employees. There are about 25. Because of the cost of invitations and mailing, would it be in bad taste for me to put an invitation in the office lounge for all the employees, or must individual invitations be sent?

A: In the office situation you describe, it would be permissible to post a blanket invitation in the lounge inviting all of your fellow employees.

Women's Section

Homer Harbage, Mrs. John Riley, Mrs. Victor Sutt and Mrs. Arthur Thomas.

Proceeds of the show will be used to support missionary projects at home and abroad.

She's A "Do Nothing"

By VIVIAN BROWN

AP Newsfeatures Writer

Barbara Stanwyck is a "do nothing" type and she says it's her favorite role.

"I'm probably exactly the opposite to what fans expect," she explains. "I really don't do anything but read."

Far from being the extrovert, blustery character that she has portrayed in many roles, she is a fragile looking pretty wisp of a woman, 5 feet 4, with silver hued hair.

Her list of do-nothings include these: • She doesn't travel. • She doesn't like a lot of people around her. • She doesn't go to big parties.

- She doesn't eat fattening foods.
- She doesn't exercise or weigh herself.
- She doesn't do much entertaining.
- She doesn't dye her hair. (It started coming in gray and I said "what the hell.")
- She doesn't have any hobbies.

"If I have a hobby at all it is sitting outside in the garden and reading," she explained recently in New York, a stop on a tour that was to

take her to Boston, Philadelphia, Canada.

Her size-8 slimmest is a contrast to the robust appearance she usually gives on screen. It may be due to a bug that she picked up in a foreign country years ago.

CAN'T GAIN

She can't gain weight, but she is healthy, she says. She takes vitamins and thinks her weight is around 110 pounds. "I live such a quiet life, I can't bear the noise of big cities any more," she explains. "I find that I go to the window during the night at slight distractions."

As a matter of fact her sister who still lives in Brooklyn where Barbara was born Ruby Stevens in 1907, tried to persuade her to return for a visit on this trip since it is just a subway ride.

"All you must do, she told me, is walk down Flatbush Avenue and let the people see you," says Barbara, "but I haven't been back since 1953 and can't make it this time."

She loves her Cape Cod style house in Beverly Hills where she lives quietly with a housekeeper and a swimming pool.

"It's just right, comfortable, modern, decorated by Nancy Sinatra's sister, Tina Michael," she says.

She doesn't want movie contracts anymore, just works when a good picture comes along.

Calendar

MONDAY

Pontiac United Church Women; 1 p.m.; First Presbyterian Church; Ora Hinkley will speak.

Women's Association of the Pontiac Symphony Orchestra; 1 p.m.; Bloomfield Village home of Mrs. P. E. Rowston.

Holy Week Exhibition at Pontiac Mall

Easter centered exhibits will be on display at the Pontiac Mall Shopping Center during Holy Week Monday through Saturday.

Exhibits will include various arrangements of paintings, ceramics, stained glass, churches,

films and posters. Sponsoring the settings are laymen of more than 40 churches of the Greater Pontiac Evangelical Ministers' Fellowship.

ALLIANCE
Rev. Harold Walker of Auburn, Ind. will preach his final

sermons of the evangelistic crusade tomorrow in the Alliance Church, 220 N. Cass, Waterford Township. Floyd H. Lacy of Pasadena, Calif., will lead the singing.

Services tomorrow are 11 a.m. and 7 p.m. The special meetings

in progress this week mark the seventh anniversary of the church on its present site. A new Sunday School unit with nine classrooms was dedicated March 23.

The Bethel College Choir will present a program of sacred music at 7:30 tonight.

At 7 p.m. Monday the Lacy Gospel Singers will present an All Music Night program. The entire service will feature gospel songs. The public is invited.

The special meetings are in conjunction with the Christ for Greater Pontiac Crusade. The Alliance Church is one of some 40 churches cooperating in the crusade effort.

SUNNYVALE

The King's College Choir, Briarcliff Manor, N.Y. will present a sacred concert at 7 p.m. Good Friday at Sunnyvale Chapel, 5311 Pontiac Lake, Waterford Township.

The 45-voice choir is composed of students on an extended Easter vacation tour.

The concert will consist of anthems, hymn arrangements, Negro spirituals and Easter music. Dean Arlton, assistant professor and director of the choir, is completing his doctoral studies at Columbia University.

ORCHARD LAKE

"In His Steps" will be the theme of Rev. Edward D. Orchard's Palm Sunday sermon at the Orchard Lake Community Church, Presbyterian. The Chancel Choir directed by John Touseley will present "Blessed Is He That Cometh" by Louvas at both worship hours.

The Crusader Choir directed by Helen Weiss composed of children in grades two and three will sing "Ride On, King Jesus," at 9 a.m.

At 11 a.m. the Choral Choir will be heard in "There Is a Green Hill" by Tallis. Pat Reich directs this group of boys and girls in grades four, five and six.

ST. ANDREW'S EPISCOPAL

The blessing and distribution of palms and a celebration of the Holy Eucharist is planned for St. Andrew's Episcopal Church tomorrow.

There will be a service of prayer at 8 a.m. Monday, Tuesday and Wednesday. On the same days prayer and the Way of the Cross is timed for 7 p.m.

Services are scheduled for 8 and 10 a.m., and 7 p.m. on Maundy Thursday.

Good Friday services will be at 10 a.m., 1 and 7 p.m. Parishioners may attend a service of prayer at 8 a.m. and 7 p.m. Holy Saturday.

FIRST UNITED MISSIONARY

The Bethel College Choir from Mishawaka, Ind., under the direction of Myron L. Tweed, professor at the college, will present a program of sacred music at 11 a.m. tomorrow in the First United Missionary Church, 140 N. East Blvd.

Mr. Tweed composed and arranged several numbers that are presented by the concert series on the Book of Revelation, Chapters 1-3.

Pontiac area students appearing in the choir will be Carolyn Summers, Linda Sherk and Mario Lloyd, all of Pontiac; Bonnie Shepard, of Walled Lake; and Janet Wakefield, of Berkley.

SILVERCREST

The Rev. Jesse G. Eaton, missionary to East Pakistan, will

be guest speaker at the fourth annual Missionary Banquet at 6 p.m. today in Silvercrest Baptist Church. Mrs. Eaton, a registered nurse, assisted her husband in the mission field.

A panel discussion by missionaries will be a part of the program. Participating will be the Rev. and Mrs. Gerald Troutman, Nigeria; Rev. and Mrs. George Parker, Detroit; the Rev. and Mrs. Orval Dunkeld, Southern Rhodesia.

A question and answer period will follow.

The Eatons will speak at all services tomorrow and show color slides at 7 p.m.

ASCENSION LUTHERAN

The entire 11 a.m. service at the Lutheran Church of the Ascension will be devoted to music tomorrow when the Senior Choir presents "The Crucifixion," by Stainer, under the direction of Mrs. Edward Meyer.

Soloists include Harold Wedow, Milton Freet and Mrs. Meyer. Mrs. Wellington Relyea will be organ accompanist.

The Girls' Junior Choir will sing "Lift Up Your Head," by Bitgood, at the 8:30 a.m. worship hour. Pastor Mires Sline will deliver the sermon.

THE YOUNG COUPLES' CLUB

is meeting for a cooperative dinner at 5:45 tonight. A film entitled "Question 7" will be shown. Couples in charge of the evening include Mr. and Mrs. Jerry Colbert, the Claude Harrouns, the Albert Hebls and Mr. and Mrs. Steve Gibbons.

The Luther League will show the same film Sunday evening. Holy Communion will be celebrated at the 7:30 evening service on Maundy Thursday.

MACEDONIA

The Baptist Training Unit and Sunday School will show an Easter film entitled "He Lives" at 5:30 p.m. tomorrow in Macedonia Baptist Church.

All choirs will join in presenting the Easter cantata at 7 p.m. with Frederick Bellingier directing. Mrs. Nemmer Buckhauser will serve as piano accompanist. The public is invited.

BETHANY BAPTIST

The Sanctuary Choir of Bethany Baptist Church will present the oratorio, "The Seven Last Words of Christ" by Dubois, at 7:30 p.m. tomorrow. Directing the choir will be George Scott with Shirley Ettinger at the organ.

Soloists include Mary Leonard, Elaine Keinert, Velva Wolfe and Judson Day.

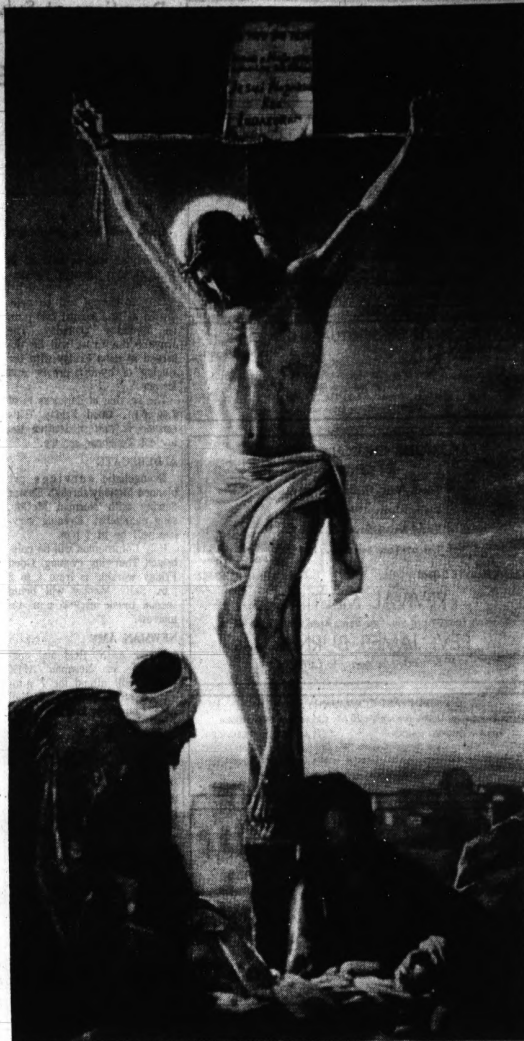

In this work soloists will echo Christ's words as recorded in the Bible. The choir portrays the role of both the angry mob and worshippers. The public is welcome.

Awards will be presented at the 9:45 a.m. Church School with Rev. Chalmers Mastin, minister of music, in charge. Dr. Emil Korts, pastor, will preach at 11 a.m.

At 7:30 p.m. Thursday the church will observe its annual Maundy Thursday Candlelight Communion service. This will take place in the large upper room of the church.

The congregation will be seated around plain wooden tables on which the Communion elements are placed. The service will consist of Scripture, music and prayer.

A Good Friday service is scheduled for 1 p.m. with First Christian Church joining in the observance.

The Crucifixion

Jesus of Nazareth Lived Solitary Life

He was born in an obscure village, the child of a peasant woman. He grew up in still another village, where He worked in a carpenter shop until He was 30. Then for three years He was an itinerant preacher. He never wrote a book. He never held an office. He never had a family or owned a home.

He didn't go to college. He never visited a big city. He never traveled 200 miles from the place where He was born. He did none of the things one usually associates with greatness. He had no credentials but himself.

He was only 33 when the tide of public opinion turned against Him. His friends ran away. He was turned over to His enemies and went through the mockery of a trial.

He was nailed to the cross between two thieves. While He was dying, his executioners gambled for His clothing, the only property He had on earth.

When He was dead, He was laid in a borrowed grave through the pity of a friend. Nineteen centuries have come and gone, and today He is a central figure of the human race and a leader of mankind's progress.

All the armies that ever marched, all the navies that ever sailed, all the parliaments that ever sat, all the kings that ever reigned, put together, have not affected the life of man upon this earth as has that One Solitary Life—Anonymous.

Lutherans, Catholics to Give Performance

The ecumenical dialogue continues in the Pontiac area with the presentation of the chancel drama, "Christ in the Concrete City," in First Christian Church at 7:30 p.m. tomorrow.

New members will be received into the fellowship of the church and infants will be baptized. New members will be honored at a coffee from 10 to 10:45 a.m.

Young adults of Reformation Lutheran Church and Holy Name Catholic Church of Detroit will give the performance. There will be no admission charge.

The play written by P. W. Turner, a priest of the Church of England, is a passion play in modern dress and contemporary point of view. Elders and their wives of First Christian will be hosts at the fellowship hour following the presentation.

CENTRAL METHODIST

Music for Palm Sunday services at Central Methodist Church includes the processional "The Palms" and Prepare the Way" by Luovos, the Chancel Choir selection.

Mrs. George Putnam will sing "Open the Gates of the Temple," by Knapp.

CHURCH ON DISPLAY—Laymen of the Elizabeth Lake Church of Christ are completing a church and home for the Holy Week exhibit in Pontiac Mall Shopping Center. James Lennon, the pastor, Douglas Morley,

and Al Flake will have "the tiny figures walking back and forth from the home to the church, and the church bell ringing when they complete the wiring of the display today.

Pontiac Press Photo

PAINTS GLASS—Putting finishing touches on the stained glass windows to be displayed at the Pontiac Mall next week is Fred Steiner of 88 E. Orion, Clarkston. With

his wife he placed pieces of stained glass in 100-year-old window frames for the exhibit. The Steiners are members of the Clarkston Baptist Church.

News of Area Churches

FIRST PRESBYTERIAN

Royce Everett will sing "Open the Gates of the Temple," by Knapp, for the offertory solo tomorrow at First Presbyterian Church. The Chancel Choir will present the anthem, "Fling Wide the Gates," by Stainer.

Probate Judge and Mrs. Donald E. Adams will be vestible greeters.

Mr. and Mrs. Richard J. Patton and the Frank Osterhofs will serve as hosts at the noon coffee hour.

The session will meet with young people at 4 p.m. and adults at 5 p.m. to receive them into church membership.

Junior high youth will continue the discussion on religion and denominations with the "Lutheran Church," the topic tomorrow night.

Miss Ora Hickley of the Oakland County Bureau of Social Welfare will be the featured speaker at the 1 p.m. program when board members of the United Church Women meet Monday at First Presbyterian. Business sessions begin at 10 a.m.

BLOOMFIELD HILLS BAPTIST

Palm Sunday services will be held morning and evening at Bloomfield Hills Baptist Church,

3600 Telegraph, Bloomfield Township.

At the 11 a.m. worship hour Pastor Harold W. Gieseke will speak on "Zeal for Our King." This will complete the current series on the Book of Revelation, Chapters 1-3.

At 6 p.m. the Senior Choir under the direction of Rick Hartsoe will sing the Easter cantata, "Rise, Glorious Conqueror" by E. K. Heyser. David Warriner is organist. Pastor Gieseke said the public is invited.

Stanley S. Kresge Breakfast Speaker

Stanley S. Kresge, president of the Kresge Foundation and an active layman of Metropolitan Methodist Church, Detroit,

will be guest speaker at the annual Good Friday Breakfast for men at the YMCA, 131 Mt. Clemens.

Breakfast will begin at 7:30 and the program will close at 8:45 a.m.

The breakfast is sponsored by the YMCA Christian Emphasis Committee headed by Dr. Milton H. Bank, minister at Central Methodist Church.

Committee members include Rev. Jack H. C. Clark of First Christian Church, Rev. L. R. Miner of Macedonia Baptist Church, Maynard Johnson, Clyde Haskill, Geston V. Poole, Floyd P. Miles, A.D. Stimer and John E. McClure.

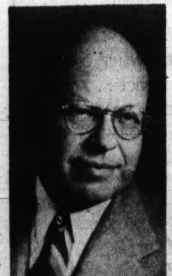

Women of Blue Star Mothers will serve. Reservations will close Wednesday. Laymen of all denominations are invited. Dr. Bank said.

Devotions at Sylvan Lake

Holy Week Opens With Music

Holy Week services at Sylvan Lake Lutheran Church will begin Palm Sunday with Pastor Robert J. Sheets preaching on "Behold Your King." The choir will sing the traditional "The Palms" by Faure.

There will be a distribution of palms. Devotions will be held at 10 a.m. Monday through Wednesday.

Monday Eucharist will be celebrated at 10 a.m. and 7:45 p.m. on Maundy Thursday. The Way of the Cross will be observed at noon Friday with the singing of hymns, prayer and lessons.

The service of darkness is at 7:45 p.m. Good Friday. This service is patterned after the ancient Ambrose service.

ALDESGATE
Evangelistic services are planned Monday through Easter Sunday with Norman McCoy, song evangelist. Evening services will be at 7 p.m.

Holy Communion will be celebrated Thursday evening. Good Friday worship is from 1 to 2 p.m. Sally Mapley will bring special music at 9:45 a.m. tomorrow.

NEWMAN AME
Pastor A. N. Reid and congregation of Newman AME Church will attend the 7 p.m. service tomorrow at Bethel AME Church in Detroit.

The Newman Church will participate in Holy Week services at 7 p.m. Monday through Thursday at Providence Missionary Baptist Church.

WESLEYAN
Dr. Virgil A. Mitchell, general superintendent of Wesleyan Methodists in Marion, Ind., will be guest speaker for the services Sunday through April 18 at Wesleyan Methodist Church, 67 N. Lynn.

Services will be at 11 a.m. and 7 p.m. tomorrow. During the week worship will begin at 7 p.m.

WILLIAMS LAKE NAZARENE
Mrs. Hector McMillan, a missionary to the Congo, will speak at the 7:30 p.m. service Wednesday in Williams Lake Church of the Nazarene, Waterford Township.

Mrs. McMillan and the late Rev. Mr. McMillan gave 23 years of missionary service in the Congo working under the Un evangelized Fields Mission.

COVERT METHODIST
The Chancel Choir will sing "Break Forth into Joy" by Simpson and the Children's Choir will be heard in "Hark, Hark, Hark," by Henley, at the 9:30 a.m. service tomorrow in Co-

BETHEL TABERNACLE

Four Choirs Sing Sunday

A Lenten Choral Vesper will be held at First Congregational Church at 5:30 tomorrow with four choirs singing under the direction of Charles A. Wilson, minister of music.

Following the vesper the Women's Fellowship and Music Board will be held at a reception. Mrs. Gerald Hunt is chairman.

The program, open to the public, includes "Sleepers Awake" by Bach, an organ selection.

The Choral union will be heard in "Hosanna" by Thompson, "The First Palm Sunday," by Tilden, "Carol of the Children," a 12th Century composition, "All in the April Evening" by Robertson and "Our Lord Jesus Kneel in the Garden," by Swiss.

The Probationers' Choir will sing "Do You Know How Many Stars There Are," German; and "Long Years Ago in Palestine," Polish.

The evening will close with the Chancel Choir singing "On the Passion of Christ," by Williams.

A service of Holy Communion and reception of members is planned for 7:30 p.m. Maundy Thursday. The Annual Good Friday breakfast will be at 9:30 a.m.

Youth Offer Program
Young people of the East Side Church of God will join youth of the New Jerusalem Baptist Church in presenting a program at 3:30 p.m. tomorrow in the New Jerusalem Church, 429 Central.

Musical at St. John
The Pontiac Spirituals will present a musical program at St. John Methodist Church at 7:30 p.m. tomorrow with proceeds benefiting the building fund. Mrs. Fannie Potter is sponsor.

Show Color Film
at First Methodist

First Methodist Youth Fellowship is sponsoring a full length wide-screen and color film entitled "The Story of Ruth" at 7 p. m. tomorrow in the sanctuary.

The story was taken from the Book of Ruth according to Holy Scripture. The film stars Elana Eden, Stuart Whitman, Tom Trvon, Peggy Wood and Viveca Lindfors.

The public is invited and an offering will be taken.

The Sacrament of Holy Baptism and reception of members are scheduled for the 11 a. m. worship. Music will be by the Adult and Children's choirs. Mrs. Monty Tipton will sing "The Holy City" for the offering number.

Holy Communion will be observed at the Maundy Thursday service at 7:30 p. m. Rev. Carl G. Adams will give the meditation on "One Body in Christ." There will be special music by the Sanctuary Choir.

Nurses Unit at Messiah
Observes Anniversary

The Nurses Unit of The Messiah Missionary Baptist Church, 168 Prospect, will observe its first anniversary tomorrow. The Rev. Lee A. Gragg, pastor of Trinity Baptist Church, and congregation will be guests. Pastor Gragg will preach and the Senior Choir of Trinity will provide the music.

Inspection Hearings

LANSING (AP)—Public hearings on bills proposing mandatory annual inspection of motor ve-

hicles will be conducted Wednesday by the Senate Highway Committee, chairman Stanley Rozycki, D-Detroit, said Friday.

Spring Finally Arrives in Area—With Muddy Feet

"Defour, there's a muddy road ahead..."

This musical refrain might describe what's ahead for Pontiac area motorists as spring arrives physically as well as on the calendar.

City and county road officials, who keep close tabs on the weather, report that frost is just about gone from the ground.

Area Man Named GOP Organizer

Fred Zittel Jr., 2730 Colrain, Waterford Township, has been appointed Republican organizational director for the 61st Legislative District.

The appointment was made by county GOP Chairman Dale A. Feet.

Zittel, a social studies teacher and basketball coach at Pontiac Central High School, will be responsible for all organizational activity in the townships of Waterford, Springfield, Independence and White Lake and the city of Sylvan Lake.

This means spring — rain, mud, golf and gardening.

Frost is generally out of the ground except for some shaded areas.

FROST DEPTH

The frost depth this year was about normal — three feet, according to Oscar D. Loomis, general maintenance superintendent of the County Road Commission.

Loomis said a hard rain would cause some temporary difficulty, but it would help get rid of the remaining frost.

It also would aid in the ground settling.

Clyde Christian, superintendent of the city's Department of Public Works, reported "very muddy" conditions in some sections of the city.

DIFFICULT STREETS

Christian said gravel streets are difficult about this time of spring. Heavy rains, he added, would complicate the problem.

"This is a critical time for gravel streets," the DPW chief said.

Loomis said that road break-up has been about normal this spring. Some roads have had to be closed due to the breakup.

He said about 250 roads throughout the county are posted with "no commercial vehicle" signs.

NORMAL NUMBER

Loomis said this number is about normal.

City forester Kenneth W.

Harris offered good news for gardeners. Mid-April, he said, is the best time to begin planting most trees and shrubs.

After the frost leaves the ground, he explained, there should be a short wait to allow the ground to dry out.

The Pontiac area is about a week to ten days away from planting time, Harris said.

Except for annual flowers, most planting should be done by about Memorial Day, he added.

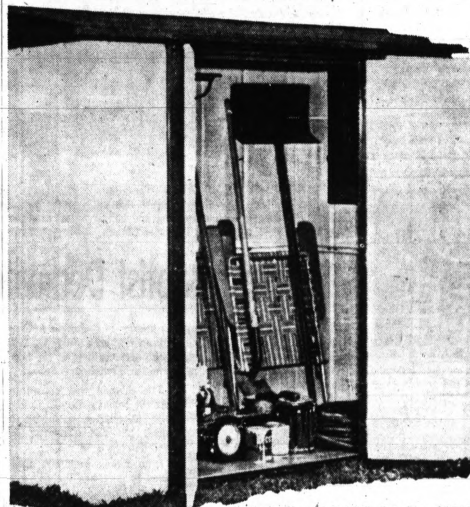

It is estimated that 10,000 to 15,000 American infants die yearly under circumstances that continue to baffle the medical profession.

Novel Brass And Milk Glass Lighting Fixtures Discovered On Houseboat

Flintlocks And Powder Horn Mounted On Reclaimed Brick Fireplace In Country Kitchen

background for LIVING

Traditional Decor Is Favored

By JODY HEADLEE
Home Editor, The Pontiac Press

Exterior accessories at the Jack Taylors of Cobb Creek Court, Oakland Township give visitors a hint of the family's preference for the traditional. According to the black-shuttered white brick are an antique coffee grinder painted red, a post-mounted black-iron dinner bell and a black deacon's bench under the antique lantern fixture on the front porch.

The entrance foyer, wallpapered in a provincial print above the sandalwood dado, opens onto the bedroom wing and the living room.

In the living room a rose love seat is served by a drop-leaf sewing table of burled cherry. A hand-painted Victorian lamp lighting the rose of the fabric.

"The pine clock in the corner," said Mrs. Taylor, "dates back to 1820.

"Its works are wooden. Metal was so costly in those times that clockmakers introduced wooden parts to lower the price of clocks and broaden the market.

"Peddlers then brought the works westward where local carpenters made the frames."

Brass sconces with beeswax candles flank an 1870 Currier and Ives lithograph entitled "The Bouquet of the Vase" on the room's paneled wall. The paneling is painted sandalwood to blend with the other walls and carpeting.

A drop-leaf cherry table with spool legs and a walnut table whose solid top is over two feet across are used on either end of the cinnamon wing-back sofa.

In the adjoining dining ell is found an heirloom cherry chest which belonged to Mrs. Taylor's family.

A pine wall rack holds a collection of silver spoons given to Mrs. Taylor by her father when she was a youngster.

Framing the window wall in the dining area of the country kitchen are draperies in a provincial print of avocado, blue, chocolate brown and black on a natural background.

In the antique pine cabinet and on the room's dish rail are heirloom Wedgwood pieces belonging to Mr. Taylor's family.

"The pattern," said Mrs. Taylor, "is called Bullfinch. Though you really have to search to find the bird. "He is so hidden, I can't understand why they picked that name."

PLEASANT RANCH: Although this house has the long, low lines which have made ranch dwellings so popular in this country in recent years, architect Samuel Paul has dressed up the exterior with enough traditional effects to produce a feeling of warmth and comfort.

FLOOR PLANS: An unusually large foyer serves as the circulation center of this well-designed home, permitting free movement to any part of the house without crossing other rooms, an important item to proper and easy maintenance.

H-78 STATISTICS

Design H-78 has a living room, dining room, kitchen, dinette, family room, three bedrooms, a library (or fourth bedroom), a dressing alcove, two bathrooms, a lavatory, patio, porch and a two-car garage. The habitable area totals 2241 square feet. The over-all dimensions are 78' by 40'10". The plans include a basement.

Air Landing Strip Resembles House?

Why is an airplane landing strip like the side of a house?

In the past, no reason — but now there is. Airport engineers have taken a tip from the mineral fiber siding used in home construction.

In order to make runways more stable and longer wearing, they are adding asbestos fibers — the same material used in mineral fiber siding — to the paving material.

As in houses, maintenance costs are reduced.

Replace Worn Sash With Glass Blocks

Leaky windows which let in cold winter drafts can be eliminated by replacing old window sash with airtight glass blocks with the insulation protection of an 8-inch thick masonry wall.

Available in striking, translucent colors of Royal Gray and Shade Aqua, maintenance-free blocks provide an abundance of diffused natural daylight and privacy for the home.

Traditional Ranch Planned for Traffic

There are times when the word "circulation," in connection with the interior layout of a house, may appear to be overlooked.

And occasionally it actually is. But good circulation has become so integral a part of modern design that it cannot be overlooked, repetitious though the term may be.

Many of us live in homes where the circulation, or traffic pattern, obviously received only minor or not at all attention in the drawing up of the original design.

This is especially true in older homes, where the living room so often is a kind of thoroughfare for the movement of people in and out of the house.

Architects these days are conscious of the necessity of easing the homemaker's maintenance tasks by the creation of a good traffic pattern.

GOOD EXAMPLE The latest House of the Week is a good example. It is a large, traditionally-styled ranch, attractive and comfortable but, above all, highly convenient in layout.

The entrance vestibule in Design H-78 precedes the very sizable and gracious reception foyer, which architect Samuel Paul has made the true circulation hub of the house.

Immediately adjoining in the foyer is a spacious, formal living room. At its rear, the foyer merges into a transverse hall which leads on one side to three bedrooms, a library and two baths, and on the other side to the kitchen, service and informal areas.

Rather than enclose this circulation area within walls, it has been designed so that it opens to some of the rooms that it adjoins.

Take the dining room, for instance, which lies at the foot of the foyer. Two posts, with low walls and planters, serve to separate this room from the foyer yet keep the space open so that there is a long vista from the front door.

The dining room is further enhanced by a projecting bay window and a built-in area for a china cabinet. This trick of opening the circulation center to the rooms it serves, and thus avoiding dark hallways, also has been observed in the kitchen and family rooms.

CONTINUED HALL

Although the hallway formally ends at the sliding door to the kitchen, it continues in effect through the kitchen and along one wall of the family room, out to the side entrance door.

Prepare Basement for Spring Rains

Spring rains are coming and you can't stop them—but you can keep them from deluging your basement. Here are a couple of timely tips to help you "cellar condition."

Positive protection against flooded basements is more essential today than ever before because of the possibility of damage to motors on oil burners, automatic laundry equipment, etc. The widespread use of basements for recreation rooms and hobby areas also emphasizes the need for this protection.

Installing a sump pump, sometimes called a cellar drainer, is recommended as a most effective means. This device is installed in a sump or pit at some convenient spot in the basement. When the water in the sump reaches a pre-determined danger level, a float valve starts the pump automatically, emptying all of

the water then accumulated in the pit.

Sump pumps are made in various sizes to meet different load requirements. In areas where sewers are inadequate to quickly dispose of storm water, a sump pump is particularly recommended.

Also available as a means of protecting basements against the reverse flow of sewage during heavy rain storms is an automatically operated back-water valve which closes when the sewer backs up. The valve also is equipped with a manual control as an additional safeguard if the automatic check valve should fail to operate. The installation of a back-water valve is a must in basements that have a water closet (toilet) installed.

Correct installation under the supervision of a qualified plumbing contractor is essential for efficient operation and protection of health.

Loose Hinge Screws

Cause Sagging Doors

Sagging and binding doors are sometimes caused by loose hinge screws.

If they won't retighten, plug the holes with wood filler and, when it hardens, replace the screws, using new ones if the heads of the old ones are damaged.

Move Laundry Near Bedroom to Save Steps

Homes without a basement usually have a laundry adjacent to the kitchen.

However, more and more homeowners now are putting the laundry next to the bedrooms, on the theory that this is where soiled clothes usually are gathered up. Having the laundry near the sleeping quarters also eliminates the sometimes embarrassing need of dragging soiled clothing, sheets and pillow cases through the living room.

Whether your laundry is next to the kitchen or near the bedrooms, it's bound to be subjected to plenty of rough treatment. For this reason, it should have floors and walls surfaced with durable materials.

Overflow from a washing machine will not damage tile, for it is waterproof. Neither can spilled s.o.p.s and detergents harm tile, because it's stain-proof. It's also scratchproof, so you can place wash basins, scrubbing brushes and other laundry utensils on it without worry.

Ceramic tile now comes in more than 250 fadeproof shades, plus a wide variety of sizes and shapes, so it can easily blend with or set the decorating tone for your home. And, if you want the best in ceramic tile in your home, ask your contractor for tile that is "quality certified."

Air Blanket Gives Added Insulation

The additional sidewall insulation obtained when aluminum siding is installed has been further increased by a new installation method which provides a "blanket of air" between the siding and the house.

The method employs vertical aluminum stringers in place of wood furring strips. The siding is inserted into special locking devices in the stringers instead of being nailed to the furring strips.

According to the manufacturer, the new method creates an air space between the home and the siding. The air space acts as a blanket against the transference of both heat and cold.

Details on the new method are available in a free booklet. For a copy, write to "Look-On Booklet," Alcan Aluminum Corporation, 111 W. 50 Street, New York, N. Y. 10030.

The Spanish moss draping trees and fences in the American South is not a parasite but an epiphyte, or air plant, that gets no nourishment from its host. The mosslike plant is related to the pineapple.

High Styling—In Budget Housing

Does your taste run to studio ceilings, terrace living room, and sofa that blend into wall-to-wall carpeting? High styling is now available in low cost housing. A national manufacturer is building houses on the assembly line like cars. They can afford to outfit interior designers. The dwellings come finished, completely furnished in magnificent decors. Mass production keeps the cost down. They're relocatable, built mobile for delivery to your home site, lake site or mountain site. High style models, at a fourth the cost of conventional furnished housing, are on display at Colonial Home Sales.

You Need Rest and Quiet

Home Owner: Control Loud Noises

Population shifts of the past 15 years have been toward the suburbs and quiet relaxation away from urban clutter and clamor.

For obvious reasons, home owners seek comparative quiet after a day's work in the city. "With the pace at which many of them work, they need to rest in a quieter atmosphere," says a sound-conditioning specialist.

But often, as the suburban owner prospers, he also succeeds in creating new kinds of noises.

For example, his power lawnmower can be heard rattling across suburbia on Saturday mornings; power-driven tools in the home workshop, the outboard motor with which he tinkers in the garage and sundry other motors and engines add to a leisure time cacophony.

There are also noises inside the home that shatter hoped-for silence. The whir of an electric dishwasher, the drone of an automatic can opener, a clothes washer's thumping and the hum of a dryer, all result from conveniences designed to make living more pleasant.

TWO THINGS

There are two things a home owner can do. He can shut everything that makes noise, or he can attempt to control the volume.

Many a home owner has found that while he cannot stop the noises, he can muffle volume by softening sound-reflection surfaces inside a house. Installation of fiberboard acoustical ceiling tile can reduce 70 per cent of the excess sound striking it.

Many rooms are naturally noisier than others in the average household. The kitchen, for example, is generally the room most housewives want sound-conditioned first. Family recreation rooms, TV rooms and bedrooms generally follow in preference.

Acoustical ceiling tile, produced in a wide variety of decorative patterns, can reduce a room's noise. Other sound-

softening suggestions include:

- Use carpeting to silence floor noise. Stair treads covered with carpeting or padding also help. Throw rugs in a child's room will soften many sharp sounds.
- Hang draperies on either side of a large picture window.

A flat surface, such as the picture window, bounces harsh sounds directly back into a room. Drawn draperies will help muffle these sounds.

- Keep all household appliances lubricated, holding their operating sounds to a minimum. Also make certain all appliances are leveled to eliminate vibration sounds.
- Telephone and door bells to the lowest level that will not impair their effectiveness.
- Install rubber door stops, pneumatic stops on storm and screen doors and install weather stripping on outside doors.

CHARMING KITCHEN—This charming kitchen has an air of great importance with its spaciousness, General Electric appliances in handsome copper-tone to blend with the Danish Walnut Textolite cabinets, and carpet on the floor. The Americana Range which this young

couple is inspecting is the most complete range available. The P-7 master oven has the oven that cleans itself electrically, plus a roaster and meat thermometer. There's a second full oven at eye-level—all in 30 inches of space.

Brochure on Awnings

Homeowners considering the installation of aluminum window awnings or patio covers to enhance the appearance of their home can now get a better idea of how their home will appear after the awnings are installed.

A new brochure, containing architectural type drawings of basic home styles and showing how each home will look when awnings or patio covers are installed, is now available.

A free copy of the brochure may be obtained by writing to "Home Drawings," Alcan Aluminum Corporation, 111 W. 50 Street, New York, N.Y. 10030.

Turn Nightmare Room Into 'Decorator's Dream'

Is there a room in your home or apartment that qualifies as a "housewife's nightmare" or a decorator's disaster? Chances are there may be at least one room that is too narrow, too dark, too low, too high, too small, too bright or too uninteresting for much to be done with it.

Yet, says a home furnishings specialist, you can add a lot of interest to just such a room without spending a small fortune. You might do the following:

- Instead of covering only the area of a single small window with a venetian, have a custom aluminum venetian blind to cover the entire wall. Artificial lighting behind the venetian can create a variety of interesting shadow patterns as you adjust the blinds.
- If your problem is too many windows in a small room, consider using the new continental venetians as window treatments. These have louvers only 1½ inches wide and give the windows a less massive, more airy look.
- Such devices as patterned wallpaper, shoji screens, or a wall full of pegboard or fibro-board mosaics can also create eye-catching attention. Another technique is to group a mass of paintings or prints on one wall rather than distributing them over all four walls.

In a small room, group furniture in one corner (couch, bookcases, table etc.) and use a single color of carpeting or linoleum to make the rest of the room seem larger.

Add interest by using a color or design throughout the room. For example, if you use red stripes or flowers on walls, carry out the same color and/or motif on couch covers or bedspreads.

In attacking the problem of a difficult room, look at the room not only in terms of the four walls, but floor, ceiling and windows as well. Any of these areas can be dramatized.

Ten per cent of all families are thinking about buying a second home, according to a poll conducted by the University of Michigan's Survey Research Center.

GRACEFUL DIVIDER: For graceful division between rooms, try this installation which combines ponderosa pine paneling, molding and louvered doors in handsome storage design. All components are stock items, available at any retail lumber yard. Finish can be painted, natural wood stain, or clear varnish.

Arrange Furniture With Ease

Baseboard heating units are made to order for the home-maker who likes to rearrange her furniture from time to time for a new room decorative effect.

The hydronic (circulated hot water) baseboard replaces the old-fashioned space-consuming radiator—in fact, it replaces the conventional wooden baseboard and actually becomes an integral part of the room structure. It leaves the entire floor space unobstructed not only for complete freedom to move furniture, but also to lay wall-to-wall carpeting.

Using circulated hot boiler water under thermostatic control, there are two kinds of hydronic baseboards—a radiant type that delivers purely radiant heat like its first cousin, the conventional radiator, and a radiant-convective type that delivers both radiant and convected heat (warm air in motion).

For modern homes with considerable glass area in exposed outer walls, the radiant-convective variety is often the choice because it delivers more heat per linear foot than the purely radiant type does.

With this radiant-convective baseboard, cool air along the floor enters at the bottom of the unit, is warmed in passing over the heating element and emerges through an opening in the top as a curtain of warmth to blanket the wall and prevent cold downdrafts from the windows.

When the air reaches the ceiling, it gradually cools and settles to the floor to repeat the process of convection.

The radiant heat output is emitted at angle likely to keep floors warm. A baseboard heats a room so evenly that there is virtually no difference between temperatures at floor and ceiling levels. This fact recommends it highly to families with small children whose normal "zone of living" is close to the floor.

Opening lead—A J

By JACOBY & SON

A letter from New Rochelle reads: "I won the opening spade lead with the queen and held my ace of diamonds. West showed out. I had to lose two diamonds and three spades. My partner tells me that my no-trump is bad with only JACOBY 17 high card points was a poor bid, but I think that we belonged in three no-trump and that I was very unlucky. What is your opinion?"

I have to agree with South's bidding. He had to find some strong rebid to do justice to his fine hand and two no-

trump was his best choice. He also was unlucky to find all four diamonds in one hand.

With any other diamond break three no-trump would have been a cinch after the spade lead but his failure to make the contract was due to a combination of bad breaks and careless play.

If South had been a pessimist in the play he would have said to himself: "Suits do break badly on occasion. I only need five diamond tricks for my contract. Can I make them if an opponent holds all four?"

Then he would have seen that he could handle a 4-0 diamond split if East held all four of them and proceeded to lead a low diamond toward dummy's eight.

East would win the trick and lead a spade back where-

upon South would enter dummy with one ace and lead a diamond. East would have to play a diamond honor. South would win and get to dummy with the other ace and lead dummy's last diamond.

This series of plays would hold East to one diamond trick and South would be home with the bacon.

Estate Retrial Ordered

LANSING (AP)—The Michigan Supreme Court Friday ordered a new trial in the six-year fight over the \$1 million estate of a Muskegon woman doctor.

In a 7-4 ruling, the high court complained that the eight-month trial over the estate of Dr. Lorette Powers in Muskegon County Circuit Court before visiting Judge Halford Streeter was "overemotional and undisciplined."

The 40-some-page ruling, encompassing two concurring opinions and some independent thoughts of one justice, scolded attorney Alexis Rogoski for his role in the case and called for removal of relatives from the proceedings.

"While the verdict of the jury against the will is completely sustained by the testimony,

the whole proceeding failed to measure up to... a fair trial," said Justice Michael O'Hara, author of the controlling opinion.

NO OPINION

Justice Paul Adams, the newest member of the bench, did not participate in the long-fought case.

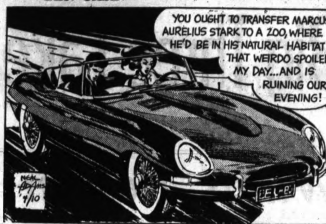

In a separate opinion, Justice Theodore Souris upheld visiting Judge William Peterson in his limitation to \$10,000 of attorneys fees for Rogoski, whose wife Loretta was chief beneficiary of the will.

Rogoski drew up the will, codicils to it and defended it in court. He had demanded \$32,525 in fees. Peterson also allowed him \$6,885 to cover his expenses in the case.

Dr. Powers, who died in 1959 at the age of 84, was believed to be the first woman doctor in western Michigan, and one of the few female graduates in Northwestern Medical School history when she received her medical degree in 1897.

She and Mrs. Rogoski had been lifelong friends, and Mrs. Rogoski was to receive the net estate "in appreciation of her long years of friendship and her many acts of kindness."

Astrological Forecast

By SYDNEY OMARR (For Sunday)

"The wise man controls his destiny... Astrology points the way."

ARIES (Mar. 21-Apr. 19): Do not permit others to dictate. Keep close eye on budget. Be pleasant when children are concerned. But insist that duties be carried out. Put views across with confidence.

TAURUS (Apr. 20-May 20): You could win major selective stress with willingness to expand. Invest time in your talents. Give serious thought to personal growth. Then you can find constructive (GEMINI (May 21-June 20): You may find it difficult to "let alone." Know is to relax. Go with the tide. You will become more relaxed. Get this from fellow workers. Catch up on mail calls. Be RECEPTIVE.

CANCER (June 21-July 21): Attention to financial matters. Be sympathetic but firm. Be quiet when you wish to be. Be emotionally involved. Further interest in social hobby.

LIBRA (Sept. 22-Oct. 22): Friend needs financial advice. Be sympathetic but firm. Be quiet when you wish to be. Be emotionally involved. Further interest in social hobby.

SCORPIO (Oct. 23-Nov. 21): Stress emotion. Ability to handle responsibility. Refuse to take too much for granted. You will be repaid for extra efforts. Possible check—especially direction of bets.

SAGITTARIUS (Nov. 22-Dec. 21): Take view that is unusual. You gain greatest benefit from indirect methods. Shortest distance may actually take longest time. Successes stirring clear by tonight.

CAPRICORN (Dec. 22-Jan. 19): Break through old dead Deal with those in authority. Express views. Be honest with others and with yourself. Then you achieve remarkable degree of understanding.

AQUARIUS (Jan. 20-Feb. 18): In any dispute involving friends—remain neutral. What appears to be "stern" is merely a desire to win. Do more listening than talking. Steer clear of long-range commitments.

PISCES (Feb. 19-Mar. 20): Mistake may force issues. Utilize "soft sell" approach. Good to tackle issues which you have neglected. Take care of minor matters. Then major projects will also advance.

IF SUNDAY IS YOUR BIRTHDAY you are a sensitive, intuitive, individual and often display ESP. Hard to keep your mind on you do, at times, fool yourself.

GENERAL TENDENCIES: Cycle High for VIRGO, LIBRA. Special word to those friends of yours standing behind you seek. Check!

For Monday: "Shakespeare" fully in connection with metaphysics. Female neutral where interface disputes are concerned. Accept changes. Date adjustments. Display good sportsmanship.

TAURUS (Apr. 20-May 20): Make choice between romantic notions and realistic approach. You may discover that what you possess... is vital to your happiness. Reach out for reality.

RECEIVE: "Shakespeare" May 21-June 20: Be aware of necessities. But don't get completely lost in metaphysical speculation. Stress future possibilities. Avoid domestic conflict through realistic approach.

CANCER (June 21-July 21): Avoid unnecessary travel. Finish one task at a time. Avoid scattering your forces. Dealings with friends require delicate handling. Control temper!

LIBRA (Sept. 22-Oct. 22): Unusual configurations indicated. Accept HARMONY. Refuse to be disturbed. But don't go overboard for items in luxury class. Demand first to basic needs. Then you get more pleasure from other purchases.

VIRGO (Aug. 23-Sept. 21): Evaluate position. May be necessary to tear down old structure. Don't hang on to old methods. Accept talent, ability and creative quality.

SAGITTARIUS (Nov. 22-Dec. 21): Be aware of necessities. But don't get completely lost in metaphysical speculation. Stress future possibilities. Avoid domestic conflict through realistic approach.

CAPRICORN (Dec. 22-Jan. 19): Fore-see future of self-pity. Plan creatively. Future. Consideration women could get permanent roles. Aspects favorable but extra thought required. Obtain list from CANCER message.

AQUARIUS (Jan. 20-Feb. 18): Depending upon others could be mistakes. Re-

Q-CARD SENSE

Opening lead—A J

What do you do?
A—Bid three no-trump. You didn't have much of a heart raise, but you have nine really good points to help your partner along at no-trump.

TODAY'S QUESTION
Instead of bidding two no-trump your partner has gone to two spades over your two hearts. What do you do in this case?

Answer Monday

Nine Games Scheduled

Pennant Scramble Starts Monday

BIG MOMENT FOR CRANES — U. S. Army captain Pete Dawkins (left), famous Cranbrook alumnus, and Dad's Club president Bob Dearth (right) congratulate Steve Parrott (glasses) and Bill Howe, next year's hockey and wrestling captains, respectively,

during annual Father-Son sports banquet last night at school. Dawkins starred in Cranbrook athletics 10 years ago, won Heisman and Maxwell Club trophies as a West Point grider, went to Oxford as a Rhodes scholar, and now is preparing for a tour in Viet Nam.

By The Associated Press
Indoor baseball in Houston's domed stadium, prospects of another wild scramble in the National League and danger signs for the New York Yankees add to the new baseball season opening Monday on nine fronts.

Tired of waiting in the wings for the Presidential gala at Washington and Cincinnati's traditional opener, most of the other clubs also will start playing for keeps Monday.

The Chicago White Sox and Baltimore Orioles will be the only idle teams. They open Tuesday at Baltimore.

The six day games and three night games Monday are expected to draw about 268,000 fans, but the weatherman holds the key every place — except Houston.

The Yankees, as usual, are favored to win the American League pennant. They're shooting for an unprecedented third straight. But all is not well in CBS land.

MANTLE AILING
Mickey Mantle's aching legs have been shifted to left field. Clete Boyer and, until last Thursday, Roger Maris, had no-baseball problems on their minds. Whitey Ford has been bombed steadily.

Even the odds-makers have trouble separating the men from the boys in the National League, where the defending champion St. Louis Cardinals have a host of challengers.

Philadelphia, Cincinnati, San Francisco, Milwaukee and Los Angeles all figure to have a chance in the league where no team has repeated as winner since Milwaukee in 1957-58.

Counting Bob Swift, who is sitting in as acting boss for the ailing Chuck Dressen at Detroit, there are eight new managers.

New York's Johnny Kautz, of course, is hardly new but he is new to Yankee Stadium. Dick Sisler, who filled in during the fatal illness of Fred Hutchinson last season, has taken over on his own at Cincinnati. Lum Harris did have a few days last fall after succeeding Harry Craft at Houston.

Three coaches moved up: Billy Herman at Boston, Red Schoendienst at St. Louis and Herman Franks at San Francisco. Harry Walker was rewarded

for success in the minors by being given the Pittsburgh managers job.

An unusual number of aches and pains have clouded the picture in spring training.

Hank Aaron of Milwaukee had to undergo an ankle operation. Sandy Koufax of the Los Angeles Dodgers came up with arthritis. Robert Clemente of Pittsburgh is just recovering from malaria although back in the line-up, and the Pirates' Bill Mazeroski is out with a broken bone in his right foot.

Tim McCarver, the Cards' No. 1 catcher, is nursing a broken finger. Ron Hunt of the New York Mets, Orlando Cepeda of the Giants and Ruben Amaro and Bobby Wine of the Phillies have been aching.

Perhaps the most interesting off-season trades were the deals that brought Dick Stuart

to the Phillies and big Frank Howard to Washington.

Of course, Rocky Colavito is back home in Cleveland and 'Jim I want to be traded' Landis did get traded by the White Sox to Kansas City.

TOP ROOKIES

Among the rookies who have attracted attention in the spring games are center fielder Paul Blair of Baltimore, center fielder Ken Berry of the White Sox, left fielder Jim Northrup of Detroit, and first baseman Costen Shockley and third baseman Paul Schaaf of the Los Angeles Angels.

The Phillies, who came so close last year, help Houston open its new Astrodom in its only night game in the National League.

The defending champion Cardinals will be at Chicago, where World Series star Bob Gibson will oppose the top

winner of 1964, Larry Jackson.

Milwaukee will help the Reds stage their traditional opener before a full house and 'Willie Mays and Co. of the Giants will open at Pittsburgh. The Dodgers, substituting Don Drysdale for Koufax as the starter, are doing the Mets no favor for their opener at Shea Stadium.

WEATHER FACTOR

If the remnants of winter have drained away the Yanks

will open defense of the American league pennant in Minnesota. The Presidential opener in Washington finds the Boston Red Sox matched with the new-look Senators.

Cleveland opens at Los Angeles in a night contest.

The lone Tuesday opener will be a day game at Baltimore, where the Yanks' top challengers, the White Sox and Orioles, will start cutting up one another.

Texas Soph Cracks Shot Put Mark

COLLEGE STATION, Tex. (AP) — Texas A&M's fabulous sophomore weightman, Randy Matson, set a world's record in the shot put here Friday night, heaving the 16-pound ball 67 feet, 11 1/4 inches.

Matson's tremendous throw wiped Dallas Long's 67-10 off the record books and sent the highly partisan crowd of 3,000 howling with delight.

It came on his sixth and final throw at a quadrangular meet of Texas A&M, Baylor, Texas and SMU. Prior to the record have, he had tossed the shot, in order, 66-2, 62-2 1/2, 65-3, 66-10 and 66-9 1/2.

A maroon-colored line indicated Long's existing mark of 67-10 and when Matson's final throw landed just beyond that line, the crowd went wild.

Matson, a 20-year-old giant of 6-6 1/2, 260-pound A&M sophomore from Pampa, Tex., was the calmest person in the stadium.

FELT GOOD

"That one felt good," he said. "The first one didn't feel like I had released them properly. Actually, I felt better in my warmup throws than I did even on the record throw."

All record-certifying requirements were met by meet officials and the mark will be submitted for world record recognition.

Matson also had the best discus throw of his young career, slinging the platter 139 feet, 7 inches, less than three feet under the NCAA mark.

New meet marks were set in

13 of the 16 events as the Aggies swept to an imposing victory in the four-way competition.

The Aggies amassed 72 points, followed by Baylor with 47, Texas with 33 and SMU with 15.

SIX RECORDS

Altogether A&M accounted for six of the records. Baylor set four, Texas two and SMU one. The Texas A&M 440-yard relay team had a time of 40.9 for one record. Other Aggie record-setters included Dan Meadows who hurled the javelin 205 feet, 6 inches, Mike Schrider who soared 6 feet, 7 1/4 inches in the high jump, and Don Koors, who covered the 440-yard hurdles in 54.8.

Chuck Fawley of Texas ran the mile in 4:19.9 for a meet record. The other Longhorn to set a meet record was Mark King, who pole vaulted 14 feet, 9 inches.

The Baylor mile relay team covered the distance in 3:24 for a meet record. Other Bears setting meet marks were Willie Brandt, who had a time of 21.5 in the 220-yard dash and a 9.5 in the 100-yard dash, Rex Garvin with a time of 1:45.9 in the 800-yard dash.

Jim Bankhead of Southern Methodist ran the 440-yard dash in 47.6 for the Mustangs' sole new meet record.

Hogan, Casper Continue

Masters' Cutoff at 149

(Continued From Page 24.)
of "poor judgment" in the use of a 3-wood out of the trees on 13. "At this point, as I got to the 14th tee, I told myself—well, stupid, you better start playing again," Nicklaus commented.

NEAR MISS
He really did start playing because on 14 he nearly holed a 50-foot putt. But it stayed on the lip for a par; and on 15 and 16 he hit birdies which put him back into the 6-under tie with Palmer and Player who had already finished.

Among the players who made the cut were Billy Casper at even-par 144; Ben Hogan and Jimmy Demaret at 147; Art Wall and Tommy Bolt at 145; Tomoo Ishii, Japanese champion, who also made the final 49, had one of the three eagles scored yesterday. The others were by Doug Ford and Billy Campbell. All were eagle-3 shots on the 555-yard 2nd hole.

White Sox Option Dave DeBusschere

LYNCHBURG, Va. (AP) — Dave DeBusschere, the 24-year-old right-hander who doubles as a professional basketball player and coach with Detroit, was optioned by the Chicago White Sox to Indianapolis Friday.

DeBusschere reported three weeks late to the Sox training camp because of his basketball duties. He worked only four innings for the Sox this spring.

This is the fourth and last option allowed on DeBusschere.

General Manager Ed Short said the Sox early schedule would not allow DeBusschere to work and "we want him to pitch every fourth day."

Port Huron Falls, 5-4

DES MOINES (AP) — Des Moines' Oak Leafs edged Port Huron 5-4 Friday night and forced a seventh-game showdown Sunday in the International Hockey League semifinal playoffs. With the teams tied 3-3, the decisive game will be played at Port Huron.

State Driver Holding Lead

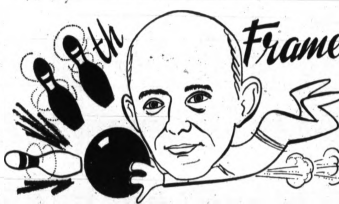

NIAGARA FALLS, Ont. (AP) — Les Viland of Livonia, Mich., regained the overall lead Friday as 48 cars in the Mobil Economy Run ended the fifth leg of their 3,200 mile cross-country trek.

Viland, behind the wheel of a Class B Rambler 440, drew ahead with a 26.7 miles per gallon, edging Byron Froelich of Downey, Calif., out of first place.

Froelich, driving a Class A Ford Falcon, posted a 26.24. Mrs. Pat Sawyer of Hemet, Calif., continued leading the class 3 division with a 21.67.

Ortiz Risking Crown

PANAMA CITY, Panama (AP) — Almost a year to the day since his last defense, Carlos Ortiz risks his world lightweight championship tonight against the confident Panamanian challenger, Ismael Laguna.

By JERE CRAIG

This is the time of year for restlessness in local bowling circles. The urge to roam stirs teams and league alikes.

Not all of them, by any means... Some are serenely happy with their current locations (although most teams would like to be higher in the standings).

The winter season is rapidly drawing to a close at all bowling houses. League banquets plans are formulating rapidly for those that haven't already completed their arrangements.

But there are the discontents — those individuals who feel they just aren't happy where they are.

It is an unfortunate situation, usually because frequently a little effort by a team captain, league officers or even the proprietor would very likely improve the atmosphere.

TAKES EFFORT
In most instances the nature of the trouble is not the key to solving the problem. Effort is the stumbling block.

Before your team or league starts bargaining — and that's what frequently evolves — with another establishment for next winter's business, why not have the persons in responsible positions talk over their troubles seriously with the management.

Understanding the other fellow's problems, and then concessions by each side can often prevent the usually unnecessary ending of a long relationship.

And if problems exist within the league structure and regulations, this too can be solved frequently through a little effort of "clearing the air."

There are many instances where league constitutions not being strong enough. Good rules lead to healthy competition. Sample league constitutions are included at the back of the American Bowling Congress handbook. How does yours compare?

65 Rated Tops by GM Officials

KANSAS CITY, Kan. (UPI) — This year should be the most prosperous in history for the American economy, barring a major catastrophe, a General Motors Corp. vice president said yesterday.

E. C. Klotzberg, director of GM's body and assembly divisions, said he did not accept pessimistic views that a current period of business expansion is near an end merely because it has entered a fifth year.

Klotzberg said the year should also be an excellent one for the automobile industry.

"The chances are very good that we might, in 1965, produce another all-time record number of cars and trucks, something in the pleasant neighborhood of 9.5 million vehicles," Klotzberg said.

Klotzberg addressed the Kansas City, Kan., Chamber of Commerce.

Signs Pact With Firm

MUSKOGEE (AP) — Members of United Auto Workers Local 1255 voted Friday to accept a new two-year contract which settles a 60-day strike at Muskegon Tool Industries, Inc.

Stokely, the local 52 members would return to work Monday. The dispute had centered about wage proposals and a provision which would have submitted grievances to arbitration.

Applauding Man

LANSING (AP) — James McClure of Lansing has been named executive director of a new program to provide health care and education for migrant workers and their children at four centers in Michigan. A grant from the Office of Economic Opportunity is supporting the program.

Tax Tips

(Editor's Note — The following information is furnished by the Internal Revenue Service.)

QUESTION: On August 6, 1964, I sold 100 shares of stock on which I incurred a loss of \$1,350. Later in August the market price of this stock began to improve. I, therefore, repurchased 100 shares of the same stock and have retained it to this date. Will you please explain how I should report this loss?

ANSWER: Your stock transaction is termed a "wash sale." A wash sale occurs when you sell securities at a loss and repurchase the same or substantially identical stock or securities within 30 days before or after the sale of stock or securities at a loss.

For the purpose of computing your

City to Seek a Joint Effort on Cleanup

Pontiac will attempt a "co-ordinated" approach this spring to annual cleanup, fix-up and paint-up efforts.

The Civic Improvement Advisory Committee has established a Cleanup Campaign Committee to organize local projects.

Each year, many civic and service organizations carry out cleanup projects of their own. However, this year there will be a "coordinated" approach.

Joann VanTassel, 51 E. Iroquois, secretary of the 21-member Civic Improvement Advisory Committee, has been named chairman of the cleanup committee.

A meeting has been called for 7:30 p.m. Monday in the City Commission chambers at City Hall to organize the campaign.

Civic leaders and local club officials have been invited. Cleanup projects already under consideration include park cleanup, neighborhood beautification, a poster contest, downtown street cleaning and beautification.

An In-Salt to Capitol

LANSING (AP)—Enough salt was spread on state highways this past winter to fill the State Capitol building in Lansing with 80,000 tons left over for the lawn.

That's the figuring of State Highway Department engineers, who report a record 240,000 tons of salt was used.

The average yearly salt use is 117,000 tons and the previous high was 135,000 tons during the 1961-62 winter.

Senate Committee Clears 'Stronger' Voting Bill, Setting Stage for Bitter Floor Fight

WASHINGTON (AP)—The Senate Judiciary Committee has cleared the voting rights bill without recommendation, thus setting the stage for a bitter floor fight.

By a 12-4 vote Friday night, the committee sent the measure,

designed to prevent denial of voting rights because of race or color, to the full Senate.

Democratic leader Mike Mansfield of Montana said debate will begin April 21, following the Easter recess.

In its present form the legis-

lation goes beyond that suggested by President Johnson.

BAR3 LITERACY TESTS

In wide areas of the South, the bill would bar literacy tests for the qualification of voters and permit the appointment of federal registrars.

It also would prohibit the levying of poll taxes as a requirement for voting.

Earlier in the day, a House judiciary subcommittee approved a similar plan.

The full House Judiciary Committee will start work on the bill Tuesday.

A day-long dispute in the Senate committee ended without agreement shortly before midnight.

The chairman, Sen. James O. Eastland, D-Miss., and other Southerners who have renounced the bill as unconstitutional cast the four votes against reporting

it. The Dixie forces are expected to decide later whether to filibuster.

Sen. Jacob K. Javits, R-N.Y., one of the committee members who previously had led a successful drive for broadening the measure, said the bill now has

"everything in it to make it effective."

He said it is a stronger bill than the administration first submitted and also stronger than a revised version drafted by the Senate of Illinois in cooperation with Atty. Gen. Nicholas Katzenbach.

But all sides agreed the final form of the legislation remains to be worked out in the floor battle that lies ahead.

The speed of a new quarter-inch drill can be varied from zero to 2,000 r.p.m. by pressure on the trigger.

FATAL FIRE—Fire swept through this home in Pontiac Township early today and killed one man, Horace Akerley. Cause of the blaze, which gutted the house, is still under investigation.

Pontiac Twp. Man Dies in House Fire

Fire swept through a one-story frame home at 2039 Knollwood in Pontiac Township early today, killing the owner.

Horace Akerley, about 45, died of suffocation, according to medical authorities.

Hugh Akerley, the victim's brother, is in satisfactory condition at St. Joseph Mercy Hospital with severe burns on his arms.

The fire broke out about 5 a.m. in the front of the home, sheriff's deputies said. The cause of the blaze is under investigation.

Robert Akerley, 22, son of the injured man, first smelled smoke and then awoke his father.

The two men attempted to rescue Horace Akerley, whose bedroom was closest to the blaze, but were stopped by flames.

The sound expert, Donald E. Kennamer, was one of the three witnesses who took the stand yesterday before the proceedings were adjourned for the weekend.

The city and a number of residents living in the vicinity of the junk yard at 22 Congress claim the scrap operation is a nuisance. They are seeking a permanent injunction halting the firm operations.

The scrap company has countered with a suit asking for \$750,000 damages from the complainants.

Allen's attorney, Harvey Lodge, said he will have a sound and air pollution expert testify next week in rebuttal of the complainants testimony.

Killed in Car Collision

GRAND RAPIDS (AP)—Martin J. Sales, 67, of Sparta was killed Friday when his car and another auto collided about two miles north of here.

Belcher Is Guilty of Murder in Fire Death of His Family

Marines Boost Viet Garrison

SAIGON, South Viet Nam (AP) — Another 1,400 U.S. Marines waded ashore at Da Nang today as the United States continued to beef up its combat muscle around the big air base, just 120 miles south of Communist North Viet Nam.

U.S. Navy and Air force planes carried out new strikes in North Viet Nam today, knocking out the Kin Cuong highway bridge about 150 miles south of Hanoi and attacked road convoys.

All aircraft were said to have returned safely. Pilots said no Communist aircraft were encountered and anti-aircraft fire was light.

Peking said Communist Chinese jets drove eight American aircraft away from Hainan Island Friday.

American pilots had reported a brief dogfight with Communist jets 35 miles from Hainan and said one of the Soviet-built MIGs was believed downed. They did identify the MIGs as North Vietnamese or Chinese.

U.S. officials in Washington expressed belief that if there was a U.S.-Red Chinese encounter, it was probably a passing brush rather than a deliberate action.

BOOST FORCE
The Leatherneck battalion landed at Da Nang reinforcing some 3,000 Marines already based there.

Brig. Gen. Frederick Karch, commander of the 9th Marine Expeditionary Brigade, said another battalion would arrive in the next few days and be assigned to the Hue area, north of Da Nang and only 50 miles from the border.

The Marines landed at what the military has dubbed Red Beach Two, in calm seas and under a bright sun. Waiting for them were members of a Marine frogman team who had landed earlier and, after surveying the beach, sunbathed in shorts.

The sounds of war drifted down to the beach, however, from a battle between a Vietnamese company and a platoon-sized group of Viet Cong holed up in an old French fort in the hills three miles away.

FLOTILLA
Navy landing craft brought the Marines ashore from a flotilla of U.S. 7th Fleet ships anchored about a mile offshore. There were at least 10 ships in the bay.

The first four F4B Phantom jet fighter planes from Marine Fighter Attack Squadron 331 being sent to Viet Nam arrived today. The other 14 fighters were expected soon.

It would mean added revenue for municipal operations. However, a sharp drop in the equalization factor would neutralize the increase in Pontiac's total assessed valuation, leaving the city with little or no hike in terms of tax revenue.

City Manager Warren has based the city's assessed 1965 budget on a projected \$11-million rise in SEV.

A further SEV jump would be "good news" at city hall. Warren cites two reasons:

The budget incorporates optimistic projections on 1965 revenues.

The same budget carries only a \$35,000 contingency.

Convicted Slayer Harry M. Belcher

Only 8 Ex-Champs Still in Masters Field

AUGUSTA, Ga.—Only eight of the 17 former champions who started the tournament Thursday are still in the field after the 36-hole cut at the 29th annual Masters' Golf Classic today at Augusta National Course.

The most recent winners, Arnold Palmer, Gary Player and Jack Nicklaus are all tied for the lead going into today's third round with six-under-par 138s.

Rain Should Bring 'Greener Pastures'

Area lawns should put on their green coats soon, with showers expected both tonight and tomorrow.

The low predicted for tonight ranges from 40 to 47, to be followed by a high tomorrow of 55 to 60.

Monday's weather picture is mostly cloudy and cooler.

Today in Pontiac and the surrounding area, winds are from the southeast at 10 to 18 miles an hour.

The mercury's low mark this morning was 33. At 1 p.m., however, the mercury hit a high of 55 in downtown Pontiac.

Jury Decides in 80 Minutes of Deliberation

Mandatory Sentence Is Natural Life for Man From Ferndale

By JIM LONG

Harry M. Belcher was found guilty yesterday of killing his wife by setting the fire at which she and their six children perished.

An Oakland County Circuit Court jury of eight men and four women deliberated one hour and 20 minutes before returning the verdict about 4 p.m.

Jury foreman William Waterbury of Clawson announced the verdict, "guilty as charged."

Belcher, a 22-year-old shop manager, was charged with first degree murder only in the death of his wife Catherine, 35.

The conviction, which carries a mandatory natural life sentence, ended the eight-day trial in the courtroom of Judge Philip Pratt.

Pratt will sentence Belcher April 23.

When the jurors returned, Belcher watched each intently. Then, head bowed and hands clasped tightly, he listened to the verdict.

OFFERS WRISTS

A few moments passed before he moved and stood up and then only to put his wrist out while a sheriff's deputy placed on handcuffs to return him to the county jail.

Belcher's attorney, John McIntosh, said he did not know if he would appeal the conviction.

When asked how he felt about the verdict, Ferndale Police Lt. Donald R. Geary, who headed the investigation that led to Belcher's arrest, said: "No matter what happened you can never bring back the children."

Geary arrested Belcher Feb. 4 after an investigation by police and fire authorities revealed that gasoline was used to start the fire.

DELIBERATE FIRE

Fire officials testified at the trial that the blaze had to be set deliberately.

Belcher has maintained right from the start that he had nothing to do with starting the fire.

On the witness stand, Belcher admitted to being in love with a former co-worker, Joyce Ann Cross, 20, of Eureka Park, but denied that he had ever talked about a divorce with his wife.

She and the children were found by firemen huddled together in a second floor bedroom on the morning of Jan. 25 in their home at 446 N. Hazelhurst.

BELCHER ESCAPED

Belcher escaped from the house with the aid of a neighbor, Dennis Lukaski, 24, who lives behind and five homes away from the Belcher residence.

Belcher was in his first floor bedroom when Lukaski arrived and helped him down a ladder.

NO ATTEMPT

Belcher admitted under cross-examination by Roberts that he made no attempt to arouse his family after he awoke to the smell of smoke.

He said he was unable to explain why he did nothing.

Area Motorists Rap Insurers

State Officials Told of Cancellation Woes

A dozen area motorists last night testified before a State Senate subcommittee that automobile insurance companies had canceled their policies for little or no reason.

The public hearing at Pontiac City Hall was the third in a series designed to aid legislators in drafting new laws in connection with car insurance.

"The complaints are the same wherever we go," said Sen. George S. Fitzgerald, subcommittee chairman.

"Cancellations have created a terrible burden on the public," he added.

"It appears the only answer is to give the state insurance commissioner the power to write rules and regulations covering all phases of auto insurance."

LITTLE CONTROL
"As it is now, the insurance industry operates practically without any control."

Fitzgerald said the subcommittee has received more than 800 letters complaining about insurance companies and their refusal to explain why policies have been terminated or failed to be renewed.

One witness, Joseph Gerba, 28 (Continued on Page 2, Col. 4)

Episcopalians May Ordain Deaconess

SAN FRANCISCO (AP) — A 44-year-old widowed grandmother has stirred a controversy in the Episcopal Church over announced plans by her bishop to ordain her as a "perpetual deaconess."

Episcopal Bishop James A. Pike of California said yesterday in New York he knew of no barrier under revisions in church canon law to the ordination of Phyllis Edwards. Previously the church has had only male perpetual deacons.

Perpetual deacons are lay persons who perform such duties as reading the morning prayer and evensong and assist the priest in passing the chalice and wafers at the altar during communion.

Mrs. Edwards took part in the recent Selma-to-Montgomery civil rights march.

A woman has never been ordered to the Episcopal diaconate, only admitted to it.

Under ordering, said Bishop Pike, women may now be ordained to holy orders. But the bishop's announcement had a quick follow-up that caused a change in plans.

At the request of the standing committee of the Episcopal diocese of California, which ranks just below Bishop Pike in church affairs, the ordination of Mrs. Edwards was postponed a month.

MRS. EDWARDS

'Equalizer' Is Key in City Value Jump

Does the \$15-million increase in the city's assessed valuation of real and personal property mean more money for hard-pressed local government?

"No," answered City Manager Joseph A. Warren, who views the rise as merely a good omen.

"It's a sign of growth, but the equalizing factor is all-important," Warren explained.

The equalizing factor, established by the county and approved by the state, stands between a local unit's assessed value and state equalized valuation (SEV).

Taxes are levied only on the state equalized value of real and personal property. The city's total SEV won't be determined until the fourth Friday in May.

FIRST STEP

Thus, determining Pontiac's assessed valuation is just the first step toward eventually setting the final tax base.

Earlier this week, City Assessor Edward C. Blue reported the city's total 1965 assessed value at \$10,620,000, an increase of \$15,130,000 over last year's assessed value.

City officials point out that this in itself means little more than an indication that the city's SEV may rise.

If the equalizing factor rises or at least remains unchanged,

it would mean added revenue for municipal operations.

However, a sharp drop in the equalization factor would neutralize the increase in Pontiac's total assessed valuation, leaving the city with little or no hike in terms of tax revenue.

City Manager Warren has based the city's assessed 1965 budget on a projected \$11-million rise in SEV.

A further SEV jump would be "good news" at city hall. Warren cites two reasons:

The budget incorporates optimistic projections on 1965 revenues.

The same budget carries only a \$35,000 contingency.

'Had Gunfight With Whites'

Negro Tells of Battle on Highway in South

JONESBORO, La. (AP) — A Negro man driving four volunteer civil rights workers to a gas station early today with four white teen-agers in a station wagon.

The FBI office field office in New Orleans said its agents were conducting "an inquiry to determine if a violation of federal law had occurred."

It was not immediately determined if there were any injuries.

It was the latest development on the racial front in Louisiana, which saw two marches Friday at Bogalusa by Negroes protesting what they termed Ku Klux Klan terror.

QUIET WEEKEND

Civil rights leaders at Bogalusa, a paper mill town, called off further demonstrations for the weekend. A Klan official told his followers "to lay low." The Bogalusa mayor preached moderation.

Elmo Jacobs, a 38-year-old Jonesboro Negro, said he believed he may have hit someone with one of the four shots he fired from his 38-caliber pistol in the shooting incident.

Hospitals in the Jonesboro area said they had not treated any gunshot wound victims in the past 24 hours.

Jacobs and Miss Oretta Castle, a field secretary of the Congress of Racial Equality, said they counted 14 bullet holes in Jacobs' car.

Pontiac Girl, 3, Dies After Being Hit by Motorist

A 3-year-old Pontiac girl died late Thursday after she was struck by a car Wednesday afternoon.

Dead is Linda Gibbs, daughter of Mr. and Mrs. J. B. Gibbs of 291 Oakland.

The dead child and her sister, Lorene, 6, both were struck on Oakland by a car driven by Archie Hill, 32, of 52558 Fayette, Rochester. The older girl was treated at the hospital and released.

Hill told police the two children ran into the path of his car from in front of a stopped bus.

Two Gunmen Rob Paper of \$118,000

ST. PAUL, Minn. (AP) — Two masked gunmen held up the St. Paul Dispatch and Pioneer Press this morning and got away with more than \$118,000: a spokesman for the paper said.

The short gunmen apparently had a key to get into the cashier's office, and struck only moments before a Sweeney Detective Agency truck was to pick up receipts.

An employee, Miss Dorothy Walgren, was alone in the office when the men, wearing stocking cap masks, came in. She had taken the money, in three or four bags, out of the safe shortly before the men entered about 7:40 a.m.

One of the men held a pistol and one ordered her "Keep quiet or you'll get shot!"

Miss Walgren said the stickup took about three minutes.

DOWNTOWN

She said the men were a little shorter than she, 5 feet 6. The office is located next to the newspapers' offices in downtown St. Paul.

A spokesman for the newspapers said the loot totaled \$118,611.46 including \$5,200 in cash and the rest in checks.

Throw Away the Chair, It's Made Out of Paper

NEW YORK (AP) — Latest arrival in the modern age of the throwaway items is a disposable paper chair, expected to sell for about 50 cents.

The patented seat is made entirely of paperboard, weighs less than a pound.

WILLIAM H. TAYLOR JR.

Taylor Gets N. Oakland M-Week Post

Appointment of Mayor William H. Taylor Jr. as deputy chairman of Michigan Week in Oakland County was announced today by Dale A. Wimmie, Oakland County Chairman of Michigan Week.

Taylor of 247 Ottawa will be responsible for Michigan Week activities in northern Oakland County.

This year Michigan Week is scheduled for May 12-22.

Active in previous Michigan Week activities, in 1962 Taylor served as chairman of Mayor's Exchange Day and last year he exchanged gifts for one day with the mayor of Union City.

In this year's mayor's exchange, Mayor Taylor will go to Mattawan.

Senate Passes School Aid Bill

Johnson's Signature Is the Only Step Left

WASHINGTON (AP) — The Senate passed the \$1.3 billion school bill Friday night, completing congressional action on the broadest aid bill ever for the nation's grade and high schools.

The measure is keyed to a goal of improving education in poverty-stricken areas, but it also includes indirect benefits for private and parochial school pupils.

The Senate vote was 73 to 18. Earlier, the House had approved an identical measure 263 to 153.

All that is needed to make it law is President Johnson's signature, and that should be forthcoming soon for he considers the legislation of top-priority importance.

HAILE ACTION

Johnson hailed the Senate action, and declared:

"I predict that this is just the beginning, the first giant stride toward full educational opportunity for all of our school children."

"I don't know of another single piece of legislation that will help so many for so little cost. For every one of the billion dollars that we spend in this program will come back tenfold as school dropouts change to school graduates."

Mrs. Lydia Bohls of Stone-wall, Tex., who went to grade school with the President, said he will sign the bill into law Sunday afternoon at their old one-room "Junction School" near Stone-wall.

NO CONFIRMATION

The White House would neither confirm nor deny this.

Administration supporters easily turned back 11 amendments offered to the bill in three days of debate.

The President had asked that the House version be accepted without amendment to avoid a conference which might have produced some stumbling block to the bill.

The President had asked that the House version be accepted without amendment to avoid a conference which might have produced some stumbling block to the bill.

Kimball, told the subcommittee, "There is nobody to look out for our interest."

"The insurance companies are acting as kangaroo courts and the public has no recourse."

ACTING JUDGES

Subcommittee member Sen. S. Basil Brown, a member of the subcommittee, said, "We are learning that insurance companies are acting as the judges. And this should be the job of the courts."

A woman testified that she and her husband, a minister, have been informed that their policy is to be canceled after 37 years with the company because they are considered bad risks.

She said in all that time they have had no accidents, no violations nor any claims against them.

She noted, however, that in the past two years hailstones damaged her car and there were two occasions when a boy on a bike ran into her car and a truck backed up into the vehicle.

DIVORCED DRIVER

Another man said that after 13 years with the same company he had his policy canceled after he had gotten a divorce.

"When I asked why they had dropped me, I was told it wasn't my driving record it was something else."

"They wouldn't tell me what because it was confidential information."

Sen. Basil Brown, a member of the subcommittee, said that insurance companies claim they have no blacklist, "but it seems that if you are canceled one day, the other companies know about it the next."

Several representatives of insurance companies in the audience were invited to speak but all declined.

New York Yacht 2nd

JAMAICA, B.W.I. (AP) — S. A. Huey won the 57-foot yawl "Online," from the Larchmont, N.Y., Yacht Club, finished second early Friday in the Miami-Montego Bay Yacht Race. She completed the 844-mile run in 5 days, 16 hours, 15 minutes, 5 seconds.

HELP YOURSELF, DAD—Mitt Romney (left) escorts his father, Gov. George Romney, through the food line at Cranbrook School's annual Father-Son Spring Athletic Awards Dinner yesterday. Mitt received a varsity letter for his work with the ice hockey team.

State Figures Show Many Negroes Poor

EAST LANSING (AP) — From one-quarter to one-third of Negroes in major Michigan cities have incomes "below the poverty line" of \$3,000 a year, the National Urban League declared Friday.

The organization released statistics from the second half of its survey into Negroes' conditions which it said found Negro unemployment ranging from 10 to 19 per cent and Negro housing ranging from 32 to 57 per cent slums.

New figures covered Lansing, Ann Arbor, Kalamazoo, Jackson and Saginaw. Statistics for Detroit, Pontiac, Flint, Muskegon and Grand Rapids were released last fall.

At a news conference, league regional director Raymond Brown declared "our research reveals the depth of the tragedy of poverty among Negroes. If Michigan is to become a more prosperous and dynamic state with real progress in race relations, the scourge of poverty must be wiped out."

STATISTICS PRESENTED

The statistics for the ten cities:

Unemployment percentage among nonwhites: Jackson 19, Detroit 17, Ann Arbor 15, Grand Rapids 14, Flint 14, Muskegon 14, Pontiac 12, Saginaw 11, Kalamazoo 11, Lansing 10.

Percentage of those employed who are in unskilled jobs: Ann Arbor 64, Detroit 64, Kalamazoo 67, Grand Rapids 72, Lansing 72, Muskegon 73, Pontiac 74.

'Equalizer' Key to City Value

(Continued From Page One)

Added revenue, if it materializes, could help the 1965 budget.

And the budget, according to Warren, may need help. Some revenues could fall short of optimistic projections, he said.

EMPLOYEE STUDY

In addition, results of an employee reclassification study are expected this June. The study, like a similar study of salaries last year, is being conducted by the Michigan Municipal League.

Warren said that it is likely that the study could cost as much as \$150,000 in payroll hikes.

Island of Crete Hit by an Earth Tremor

ATHENS (AP) — An earth tremor shook the island of Crete today but there was no immediate report of damage or injuries.

The tremor awakened inhabitants of the island 180 miles south of Athens and many rushed into the streets.

Birmingham Area News

Teachers Will Explore Gifted Child's Schooling

BLOOMFIELD HILLS — The education of the gifted child will be explored by teachers at a May conference at City and Country School of Bloomfield Hills.

The fourth annual Institute on Gifted Child Education has been scheduled for May 1 at the school, 2190 N. Woodward.

Dr. E. Paul Torrance will give the keynote address, entitled "Creativity and the Gifted Child."

Author of "Guiding Creative Talent" and "Education and the Creative Process," Torrance is professor of educational psychology and director of the bureau of educational research at the University of Minnesota.

The topic of Torrance's speech is the institute theme and will be discussed in nine workshops.

AMONG SPEAKERS

Among the speakers will be Dr. Harold Davidson, child psychiatrist and assistant clinical professor in the department of psychiatry of Wayne State University's school of medicine.

Dr. Harry Hahn, director of instruction for Oakland Schools; Dr. Norval Scott, science specialist in Detroit public schools; and Dr. Nathaniel C. Champlin, associate education professor at Wayne State University, also will participate in the workshops.

Others are Ramona Yarmy, Highland Park High School teacher; Eleanor McRoberts, in the gifted child program of the London, Ont. public schools; Julian Sanford, associate professor

Viet Navy Mutiny Fails; Leaders Flee

SAIGON (UPI) — A short-lived mutiny in the Vietnamese Navy collapsed today.

The rebellious commanders of coastal, sea and river forces fled with the chief of the Saigon Navy Yard to the temporary safety of an anchorage in the Saigon River.

The four commanders threw Saigon into turmoil Thursday night when they joined about 20 other officers in signing a petition that accused Rear Adm. Khung Tan Cang of graft and demanded his resignation as commander of the navy.

Military commanders sounded a "coup alert." Barricades were thrown up at strategic points and Skyraider fighter-bombers buzzed menacingly overhead.

The mutinous officers failed to win support from the majority of the navy.

ADDED EXPENSE

The administration has noted that the sprinkler system may just be an additional expense at this time because the building will not be a permanent structure on the campus.

SAFETY FIRST—Directors of the Oakland County Traffic Safety Committee on the Mott Center for Community Affairs at Oakland University look over plans for a study-public forum-action program to improve safety. The directors are (from left) E. M.

Estes, general manager of Pontiac Motor Division; James O. Wright, president of Federal-Mogul-Bower Bearings, Inc.; Delos Hamlin, chairman of the Oakland County Board of Supervisors and O U Chancellor, D. B. Varner.

Also serving are Curtis Potter, James Seetler, Burton R. Shifman, D. B. Varner, Dr. Wilfred Webb and L. B. Yost.

Hamlin and Varner will act as vice-chairmen of the board. Study Committee chairmen will be Alexander, Averill, Bannan, Mrs. Gorman, Howell, Webb and Yost.

Other members are Mrs. Paul Gorman, Delos Hamlin, Grant How-

ell, Robert Huber, Frank Irons, Marvin Katke, Keith Leenbouts, Sander Levine, Lou Lomerson, Mrs. Clair Mills, Ralph Moxley and the Rev. Joseph A. Pelham.

Also serving are Curtis Potter, James Seetler, Burton R. Shifman, D. B. Varner, Dr. Wilfred Webb and L. B. Yost.

New Officers to Be Installed by Pontiac Unit

New officers of the Pontiac Commandery No. 2, Knights Templar, will be publicly installed at the Pontiac Masonic Temple Tuesday at 8 p.m.

Marvin B. Ladd, 1946 Wixom, Milford, will be installed as eminent commander. Other new officers are Raymond W. Kerr, generalissimo; Lester McClellan Jr., captain general; John R. Ousnamer, senior warden; and Raymond W. Ruggles, junior warden.

Frederick G. Kirby of Detroit, eminent grand captain general of the Grand Commandery of Michigan will be the installing officer.

He will be assisted by past commanders of Pontiac Commandery, Henry J. Rohl Jr., Harry F. Vernon and Robert F. Snyder.

Embezzler Put on Probation

A former secretary of the Chippewa Valley School District in Macomb County has been placed on five years probation for embezzling funds from an area investment club.

Circuit Judge Arthur E. Moore also ordered Rhys L. Moore, 34, of Mount Clemens to pay \$175 a month restitution to the Talented Ten Investment Club.

The payments are to continue until he pays back what he embezzled.

Members of the club contend that Moore embezzled \$11,200 while he was treasurer of the organization.

He was treasurer of the club from 1958 until Jan. 1964.

FIRM WORKERS

The investment club is comprised of 17 employees of Vickers, Inc., Troy. Moore held the school post from July to August last year.

Car Thief Sentenced

GRAND RAPIDS (AP)—Louis A. McAdams, 25, of Highland has been sentenced by U.S. District Court Judge Raymond W. Starr to two years in prison on his earlier plea of guilty to transporting a stolen car March 4 from Wichita, Kan., to Pennsylvania.

QUICK RELIEF FOR ATHLETES FOOT

Many people have discovered the benefits of a liquid that guarantees relief from "Athletes foot" or your money back.

By applying this easy to use liquid night and morning with a bit of cotton or cloth even stubborn cases of cracks between the toes or blisters or itching have disappeared within a few days. Continued use for 2 weeks will fully clear up Athletes foot.

This remarkable liquid is Formula 76. Use it to relieve perspiring feet and foot odors. Remember that Formula 76 is sold only on a money back guarantee.

Formula 76 is an easy way that helps relieve "Athletes foot," perspiring feet and foot odors. Formula 76 is safe, easy to use liquid formula for foot comfort.

For perspiring feet or foot odors use Formula 76 once or twice a week to relieve this condition and prevent return of perspiring feet or foot odor.

FORMULA 76 IS SOLD ON a money back guarantee at PERRY'S PHARMACY, Pontiac and Birmingham; FAIRLANE DRUGS, 26704 Ryan, at 11 Mile Rd., Warren; SHERMAN DRUGS, 3201 Rochester Rd., Royal Oak; BARRY DRUGS, 432 N. Woodward, Royal Oak; or your favorite drug store, or send \$1.50 to Wilgen Lab., P.O. Box 147, Lathrup Village, Mich.

The Spanish moss draping trees and fences in the American South is not a parasite but an epiphyte, or air plant, that gets no nourishment from its host. The mosslike plant is related to the pineapple.

High Styling—In Budget Housing

Does your taste run to studio ceilings, terrace living room, and sofas that blend into wall-to-wall carpeting? High styling is now available in low cost housing. A national manufacturer is building houses on the assembly line like cars. They can afford topflight interior designers. The dwellings come finished, completely furnished in magnificent colors. Mass production keeps the cost down. They're relocatable, built mobile for delivery to your home, lake or mountain site. High style models, at a fourth the cost of conventional furnished housing, are on display at Colonial Mobilehome Sales.

You Need Rest and Quiet

Home Owner Control Loud Noises

Population shifts of the past 15 years have been toward the suburbs and quiet relaxation, away from urban clutter and clamor.

For obvious reasons, home owners seek comparative quiet after a day's work in the city. With the pace at which many of them work, they need to rest in a quieter atmosphere," says a sound-conditioning specialist.

But often, as the suburban owner prospers, he also succeeds in creating new kinds of noises.

For example, his power lawnmower can be heard rattling across suburbia on Saturday mornings; power-driven tools in the home workshop, the outdoor motor with which he tinkers in the garage and whirly-dryer motors and engines add to a leisure time cacophony.

There are also noises inside the home that shatter hoped-for silence. The whir of an electric dishwasher, the drone of an automatic can opener, a clothes washer's thumping and the hum of a dryer, all result from conveniences designed to make living more pleasant.

softening suggestions include:

- Use carpeting to silence floor noise. Stair treads covered with carpeting or padding also help. Throw rugs in a child's room will soften many sharp sounds.
- Hang draperies on either side of a large picture window.
- A flat surface, such as the picture window, bounces harsh sounds directly back into a room. Drawn draperies will help muffle these sounds.
- Keep all household appliances lubricated, holding their operating sounds to a minimum. Also make certain all appliances are leveled to eliminate vibration sounds.
- Tone telephone and door bells to the lowest level that will not impair their effectiveness.
- Install rubber door stops, pneumatic stops on storm and screen doors and install weatherstripping on outside doors.

CHARMING KITCHEN — This charming kitchen has an air of great importance with its spaciousness, General Electric appliances in handsome copper-tone to blend with the Danish Walnut Texoline cabinets, and carpet on the floor. The Americana Range which this young couple is inspecting is the most complete range available. The P-7 master oven has the oven that cleans itself electrically, plus a rotisserie and meat thermometer. There's a second full oven at eye-level—all in 30 inches of space.

Turn Nightmare Room Into 'Decorator's Dream'

Is there a room in your home or apartment that qualifies as a "housewife's nightmare" or a decorator's disaster?

Chances are there may be at least one room that is too narrow, too dark, too low, too high, too small, too bright or too uninteresting for much to be done with it visually.

Yet, says a home furnishings specialist, you can add a lot of interest to just such a room without spending a small fortune. You might do the following:

- Instead of covering only the area of a single small window with a venetian, have a custom aluminum venetian blind to cover the entire wall. Artificial lighting behind the venetian creates a variety of interesting shadow patterns as you adjust the blinds.
- If your problem is too many windows in a small room, consider using the new continental venetians as window treatments. These have louvers only 1 1/2 inches wide and give the windows a less massive, more airy look.
- Such devices as patterned wallpaper, shoji screens, or a wall full of pegboard or fibreglass mosaics can also create eye-catching attention. Another technique is to group a mass of paintings or prints on one wall rather than distributing them over all four walls.
- In a small room, group furniture in one corner (couch, bookcases, table etc.) and use a single color of carpeting or linoleum to make the rest of the room seem larger.
- Add interest by using a color or design throughout the room. For example, if you use red stripes or flowers on walls, carry out the same color and/or motif on couch covers or bedspreads.
- In attacking the problem of a difficult room, look at the room not only in terms of the four walls, but floor, ceiling and windows as well. Any of these areas can be dramatized.

Ten per cent of all families are thinking about buying a second home, according to a poll conducted by the University of Michigan's Survey Research Center.

All components are stock items, available at any retail lumber yard. Finish can be paint, natural wood stain, or clear varnish.

Arrange Furniture With Ease

Baseboard heating units are made to order for the homeowner who likes to rearrange her furniture from time to time for a new room decorative effect.

The hydronic (circulated hot water) baseboard replaces the old-fashioned space-consuming radiator—in fact, it replaces the conventional wooden baseboard and actually becomes an integral part of the room structure. It leaves the entire floor space unobstructed not only for complete freedom to move furniture, but also to lay wall-to-wall carpeting.

Using circulated hot boiler water under thermostatic control, there are two kinds of hydronic baseboards—a radiant type that delivers purely radiant heat like its first cousin, the conventional radiator, and a radiant-convective type that delivers both radiant and convected heat (warm air in motion).

For modern homes with considerable glass area in exposed outer walls, the radiant-convective variety is often the choice because it delivers more heat per lineal foot than the purely radiant type does.

With this radiant-convective baseboard, cool air along the floor enters at the bottom of the unit, is warmed in passing over the heating element and emerges through an opening in the top as a curtain of warmth to blanket the wall and prevent cold downdrafts from the windows.

When the air reaches the ceiling, it gradually cools and settles to the floor to repeat the process of convection.

The radiant heat output is emitted at ankle height to keep floors warm. A baseboard heats a room so evenly that there is virtually no difference between temperatures at floor and ceiling levels. This fact recommends it highly to families with small children whose normal "zone of living" is close to the floor.

City to Seek a Joint Effort on Cleanup

Pontiac will attempt a "co-ordinated" approach this spring to, annual cleanup, fix-up and paint-up efforts.

The Civic Improvement Advisory Committee has established a Cleanup Campaign Committee to organize local projects.

Each year, many civic and service organizations carry out cleanup projects of their own. However, this year there will be a "coordinated" approach.

Joann VanTassel, 51 E. Iroquois, secretary of the 21-member Civic Improvement Advisory Committee, has been named chairman of the cleanup committee.

A meeting has been called for 7:30 p.m. Monday in the City Commission chambers at 1111 State St. to organize the campaign.

Civic leaders and local club officials have been invited.

Cleanup projects already under consideration include park cleanup, neighborhood beautification, a poster contest, downtown street cleaning and beautification.

An In-Salt to Capital

LANSING (AP)—Enough salt was spread on state highways this past winter to fill the State Capitol building in Lansing with 80,000 tons left over for the lawn.

That's the figuring of State Highway Department engineers, who report a record 240,000 tons of salt was used.

The average yearly salt use is 117,000 tons and the previous high was 135,000 tons during the 1961-62 winter.
