

JFK Has 'No Comment' on U. S. Cuban Policy

WASHINGTON (AP) — President Kennedy today shunted aside a question whether he ordered training of anti-Castro Cubans with arms provided by the United States.

At a new conference, Kennedy said he prefers to stand by his statement of Thursday setting forth a policy of vigorous U. S. opposition to any Communist beachhead in the Western Hemisphere.

The President sought to foreclose any questioning about the situation in Cuba. He said at the outset of the session:

"I do not think that any useful national purpose would be served by my going further into the Cuban question this morning. I prefer to let my statement of Thursday suffice for the present."

But a few minutes later a reporter told Kennedy of a published report that you took the decision to continue training Cuban refugees with arms provided by this government, and for releasing ships and fuel for launching the current operations in Cuba.

The newsmen quoted the report as saying further that Kennedy reached this decision against the advice of Secretary of State Dean Rusk and Undersecretary Chester Bowles.

"I think," Kennedy replied, "that the facts of the matter involving Cuba will come out in due time. I am sure that an effort will be made to determine the facts accurately."

"As for me, I am confirming myself to my statement for good reason."

The President did say that the United States is consulting with other American nations on the crisis in Cuba.

He steadfastly turned aside inquiries seeking an explanation of the background of the rebel operations against Fidel Castro regime.

He also had no substantive reply to questions dealing with the role of U. S. official policy and the outlook for the future regarding Cuba.

But at one point Kennedy remarked that he would not be surprised if in the next day or two newsmen were to receive "background briefings" from some officials on the situation.

This comment came when a newsmen said the United States has been taking a "propaganda lambasting" over the world, and it was hard to understand why the President would not discuss the situation more.

At one point Kennedy has asked whether he could shed any light on reports that Castro has been incapacitated since the start of the rebel operations.

"No, I cannot," Kennedy said. "I saw some reference on the (news) ticker this morning that Mr. Castro was seeing some members of the press today, so I suppose we will have a better idea of that later on."

While Kennedy did not want to (Continued on Page 2, Col. 7)

Two Groups Map All-Out Drives to 'Save' MSUO

Campaigns to "save" Michigan State University Oakland by putting pressure on the legislature for more money are being planned by two groups.

One group consists of the student body.

Paul Allen, president of the Student Senate, called a mass meeting of students at 12:30 p.m. today in the campus Student Center.

Varner Wants Funds Restored

Says 'Kinder' to Close MSUO Than Run It Under Reduced Budget

LANSING (AP) — The chancellor of Michigan State University Oakland County branch says it would be "kinder" to shut down the new institution than attempt to run it under a Senate-approved budget.

Durward B. Varner urged the House Ways and Means Committee Thursday to restore funds the Senate cut from Gov. Swanwick's proposed budget for MSUO.

Varner was the first in a parade of college officials expected to plead with House budget-makers to boost appropriations for state colleges and universities.

He was followed by the Senate last week. Others will testify next week.

"We simply could not get along on the \$12,300 increase that this budget proposes," he told the committee.

Anticipating an enrollment increase of at least 300, he said, MSUO has made commitments for \$201,700 in excess funds that it would receive under the proposed budget.

"They are virtually unavoidable," he said.

Varner noted that his institution, now in its second year of operation, offers a freshman and sophomore college curriculum.

A new freshman class will enroll next year and this year's sophomores will be juniors next year, requiring advanced studies and additional faculty, he pointed out.

The school already has hired 13 new faculty and staff members, accounting for most of the financial commitments, he said.

MSUO asked for a \$1.62-million budget for 1961-62, a \$528,000 increase.

U.S. Newsman Safe With Fidel, Claims Cuban

MIAMI, Fla. (AP) — All American newsmen in Havana have been freed and are with Fidel Castro in Matanzas Province, according to a Cuban who answered the telephone in The Associated Press Havana office today.

The Cuban, who identified himself as Alberto Lanier, an AP employee in Havana, said Castro "is fine."

There has been no word from any American newsmen on the AP staff in Cuba.

Earlier indirect reports indicated that Castro might have been injured in the invasion.

"Fidel is with the press in the country," said the Cuban who answered a telephone call from Miami. "There will be good information, stories and pictures, in the afternoon."

The Miami News today located its correspondent, Jay Mallin, in the Swiss Embassy in Havana. He has been in the Swiss Embassy since Tuesday night, getting in while the Cuban intelligence agents sought him, the News said.

The Cuban who answered the telephone in The Associated Press office said Havana has settled down. "Everybody is happy that everything is finished. Everybody is working."

Cuban Rebel Chief Denies U.S. Aid

Fidel's Radio Blasts Kennedy as 'Imbecile'

'He's Afraid of Russia', Brags of Capturing 400 Rebels, 2 U.S. Planes

From Our News Wires

Premier Fidel Castro's propaganda radio broadcasts claimed today the capture of 400 rebels and blasted President Kennedy as an "imbecile" afraid of Russia in the wake of this week's unsuccessful invasion of Southern Cuba.

Havana Radio said two U.S. destroyers covered the exile forces that landed in the Cuchibos Bay beachhead and that defenders shot down a number of planes including a B29 superfortress and an F86 Sabrejet.

Later broadcasts called Kennedy an "imbecile" and said the only reason the United States did not give more help to the rebels was fear of the Russians.

Undeterred by one defeat on Cuban beaches, from 500 to 1,500 fresh guerrillas are sailing in the direction of Cuba, exile sources in Florida declared today.

The original force that struck the southern coast of Cuba Monday has been variously reported at from 800 to 1,000 men. How many escaped into the mountains is not known.

Both sides admitted severe casualties in the fighting. Various roundabout reports from Cuba have said from 350 to 500 prisoners were taken by Fidel Castro's forces.

THOUSANDS DIE?

A British correspondent in Havana said there were unconfirmed reports in the number capital that thousands were killed on the invasion beachhead about 100 miles southeast of the capital in Matanzas Province.

The rebel radio on Swan Island off the coast of Central America asserted without confirmation from any other source that new but small landings already had been made in Cuba.

The Cuban radio charged Mon (Continued on Page 2, Col. 4)

BULLETIN

EDWARDS AFB, Calif. (AP) — An X15 rocket plane, its big engine wide open, streaked 3,140 m.p.h. today — a new record for controlled flight.

Air Force Maj. Bob White topped by 235 m.p.h. his own mark of 2,905 m.p.h. set March 7 with the X15's 57,000-pound thrust engine at half throttle.

Toddler Drowns in Union Lake

Bloomfield Twp. Boy, 22 Months, Left to Play With Sisters

A 22-month-old boy drowned in Union Lake yesterday when left to play at the water's edge with his two little sisters.

The body of Christopher J. Drost, son of Mr. and Mrs. Ronald Drost, 7386 Hardy Road, West Bloomfield Township, was recovered from less than a foot of water by Mrs. Carl Anderson of 7404 Hardy Road, who attempted mouth-to-mouth breathing.

It was too late, and he was pronounced dead on arrival at Pontiac General Hospital.

Drost had thought his son had wandered off in the neighborhood.

"I had left him just for a few minutes playing in the sand by the lake with the girls" (the dead boy's two sisters, Bonnie, 4, and Gladys, 3), said the grieving father.

"When I came back and asked where is Christie, the girls said he had wandered up the hill from the lake towards home. I didn't see him in the lake."

An hour later, at 7 p.m., white Drost and neighbors were searching his body was discovered floating face down about 200 feet from where he had been playing.

CASTRO TROOPS ON MARCH — The London Daily Express, from which this picture was obtained, says it shows troops of Prime Minister Fidel Castro marching to meet invaders in Cuba. The newspaper obtained the picture from its correspondent in an undisclosed East European Communist-controlled country and said it was made two days ago.

Refuses Testimony in Hamilton Case

Sanity Report Stirs Trial Battle

BY GEORGE T. TRUMBULL JR.

Circuit Court Judge William J. Beer today refused to allow testimony concerning claims that the Oakland County Prosecutor's office failed to act on a report saying Keith J. Hamilton was insane before he killed his wife's two brothers.

Hamilton's defense attorney, John T. Rogers, blamed the prosecution for not seeking hospitalization for his 25-year-old client, and Asst. Prosecutor Robert Templin Jr. said Rogers was "rennis" is not acting.

As the trial moved into its fourth day, Rogers attempted to have Templin stipulate the facts leading up to the Jan. 2 killing. He said, "I have no other recourse but to take the stand and tell this jury just what happened."

The 14-men jury was out of the courtroom at the time.

The bespectacled Hamilton, a self-proclaimed preacher and gospel singer, is charged with the "impulse" slaying of William H. Smith, 41, and his brother Melvin, 24, both of 75 Lincoln St., where Hamilton resides.

Hamilton is charged with first-degree murder. He is pleading insanity.

Templin said he objected "very vigorously" to Rogers taking the stand.

Rogers sought the court's permission to take the stand so that he said, the jury wouldn't believe that "my client was insane and I did nothing about it."

The last time Pontiac ranked third in sales nationally at the close of the first quarter was in 1959.

The report does not divide autos into different classifications by price or size. It represents total sales of all cars.

Ranking first in the 1961 first quarter report is Chevrolet. Ford is second in sales.

Below Pontiac in sales are Rambler, fourth; Oldsmobile, fifth; and Plymouth, sixth.

The Polk figures include compact models made by the various companies.

According to the report, of new cars registered this year through March 31, 75,004 were Pontiacs and Tempests.

Registrations for Chevrolets and Corvairs numbered 38,173. There were 260,487 new Fords, Falcons and Thunderbirds registered by owners in the same period.

Pontiac was roughly 6,000 ahead of its nearest rival, Rambler.

Applications for registration forms for new Ramblers totaled 60,625.

Pontiac Jumps to Third in 1st-Quarter Car Sales

Pontiac Motor Division ranked third in sales nationally for the first quarter of 1961 according to an automotive report released by the R. L. Polk publishing firm of Detroit.

The sales figures are based on the number of new cars registered through the month of March.

The same report listed Pontiac fourth in sales at this time last year. The last time Pontiac ranked third in sales nationally at the close of the first quarter was in 1959.

The report does not divide autos into different classifications by price or size. It represents total sales of all cars.

Ranking first in the 1961 first quarter report is Chevrolet. Ford is second in sales.

Below Pontiac in sales are Rambler, fourth; Oldsmobile, fifth; and Plymouth, sixth.

Warmer Weather Heading in Our Direction

Saturday will be cool, with the high about 60 but warmer weather is on the way.

The weatherman says temperatures will warm up Sunday and continue 5 to 7 degrees above the normal high of 60 and normal low of 39 through Tuesday. Wednesday will be cooler again.

Precipitation will total less than one half inch in showers Monday and Tuesday.

Forty-five was the lowest temperature in downtown Pontiac preceding 8 a.m. The reading at 2 p.m. was 63.

Cardona Insists It's Civil War Among Natives

Appears in New York, Claims Only Hundreds, Not Thousands, in Fight

NEW YORK (UPI) — Dr. Jose Miro Cardona, chief of the exiled anti-Castro forces, declared today that the abortive invasion of Cuba last Monday was mounted without any "military aid" from the United States.

"The United States should not intervene militarily against the Castro regime," said Cardona at a press conference here. "I have said repeatedly this is a Cuban fight by Cubans against Cubans."

Miro Cardona came here from his secret headquarters for his first public appearance since the Cuban Revolutionary Council, of which he is president, launched its first full-fledged military attack on Cuba.

He repeated previous denials that the attacking force numbered several thousand men.

Miro Cardona said only several hundred men were involved in the invasion and the majority of them "succeeded in moving inland" where they are continuing the fight against Castro's troops.

The 58-year-old former prime minister in Castro's original government made an emphatic plea for "material and moral support from the United States and all the nations of Latin America" for the continuing struggle.

ECHOES WARNING

Echoing President Kennedy's Thursday, warning "Mira Cardona said, "Cuba cannot be permitted to be an abandoned Hungary of America." He added:

"Elites Cuba throws off the yoke that oppresses it now." (Continued on Page 2, Col. 3)

Rumors Flying About Castro; Is He Ill, Hurt?

MIAMI, Fla. (AP) — The Cuban radio said today Fidel Castro personally commanded the military action against invading guerrillas.

Castro, who has been reported by some sources as incapacitated, says yet to make a public appearance on radio or television.

The Castro radio said that among the prisoners captured by the Cuban forces were the son of counterrevolutionary leader Jose Miro Cardona and the son of several officials of the ousted Batista regime.

Wendell Rollason, director of the privately sponsored "Inter-American Affairs Commission of Miami," said he had received secret reports that Fidel Castro had been incapacitated by bombings.

"He is out of circulation with a mental or physical collapse," Rollason said. "We have good reason to believe the former is the case."

But the Havana radio today discounted such reports. And an observer reached by telephone in Havana laughed off Rollason's report Thursday night and said:

"Fidel is just fine, just fine. He is neither sick nor wounded nor demoralized. He is just fine, and he is here and so are all the others of the high command."

CENTENNIAL CUB — Wearing several different Centennial costumes, this pooch has been cutting quite a figure downtown lately. Hush-Puppie is her name and she poses in a white crinoline outfit with her owner, Mrs. Jessie Richards, 35 Parkhurst St. Mrs. Richards wears a centennial dress and matching bonnet.

Mass Roundup Broke Invasion

By United Press International
Fifty thousand men, women and children across Cuba were herded into improvised concentration camps soon after anti-Castro forces landed on the island, it was reported from Havana Thursday night.

These arrests — 14,000 in Havana alone — behind the lines rather than the beachhead fighting broke the back of the invasion.

Many observers believe the invasion was ill-prepared, ill-

timed, too little, and too late. It did not appear to them to be well organized overall. It apparently did not include any organized uprising within Cuba, which the invaders had counted on.

This information was obtained in the first independent telephone contact with the Cuban capital since the invasion forces landed on the southern coast early Monday morning.

Government agents picked up

anti-Castro leaders during the 12 hours that news of the invasion was withheld. Most were arrested without knowing the invasion was coming.

Neighbors vigilance committees went out on the streets pointing out alleged anti-Castro activities. Trucks and buses picked up those designated by neighbors.

TAKEN AFTER CHILD BIRTH
One British woman, Mrs. Grace Gillespie Solar, a native of Yorkshire, was taken from her home shortly after childbirth and spent the night on the damp floor of a dungeon, where many women prisoners were packed in together.

The British ambassador was able to get her out and send her to a hospital under guard.

Some anti-Castro leaders had received an invasion alert for a date a week later.

As the leaders were rounded up, their relatives and friends sought asylum in the embassy, which are jammed. Others went into hiding in the homes of friends.

The churches were searched and taken over by the militia. No one was allowed to enter or leave them.

One report said that more than 100 priests have been locked up, including the Canadian Augustinian fathers, at their school in Colon in Matanzas Province.

The improved concentration camps were not prepared to receive the sudden influx of prisoners. There was not enough food to go around. Some inmates became ill.

All Catholic schools were reported physically occupied or surrounded by Castro militia men.

Magr. Eduardo Boza Masvidal, auxiliary bishop of Havana and rector of Villavieja University and his assistants were arrested. The university was closed.

KENNEDY, NIXON TALK — President Kennedy and Richard Nixon, the man he defeated for the presidency last fall, talk in the President's White House office Thursday. They were

said to have discussed Cuba and other problems. Nixon is reportedly giving Kennedy 10 more days of grace before firing his first salvoes at the new administration.

JFK Called 'Imbecile'

(Continued From Page One)

day's invaders arrived in "North American military transports" escorted by "Yankee destroyers" after being trained by U.S. officers in Guatemala.

The insurgent "Army of Liberation" in a broadcast from the interior in turn charged that the Soviet Union, Red China and the Communist Czechoslovakia were actively aiding Fidel Castro's forces.

John Bland, Reuters correspondent reporting from Havana, said there was no mass rejecting in the tense capital when the Castro regime announced victory in the battle of the beachhead Thursday.

A spokesman in the Swiss Embassy at Havana told NDC reporters by Lee Hall by telephone that "things are much worse in Havana than you can imagine."

Mrs. Hall, assigned to Havana until recently, quoted Gilbert de Breda, the consul of the Swiss Embassy section in charge of American affairs in Havana, as telling her shortly before noon:

"The terror has begun before noon."

He called my government for the "mercenaries" on the part of Americans in Cuba.

The government radio reported that more than 400 rebel prisoners had been taken to Havana.

Castro's announcers denigrated the "mercenaries" but noted only moments later that some were young men from aristocratic and wealthy Cuban families.

A good part of the anti-Castro underground in Cuba was reported to have fled to the United States over failure of the invasion attempt.

Some leaders still in Cuba said they felt they had been sacrificed as "another Hungary," complaining that they had anticipated from the U.S. did not materialize.

OTHER DEVELOPMENTS
Other developments in the Cuban Crisis:

—An estimated 100,000 "workers" are massed in Pinar del Rio today in a huge Communist rally in support of Castro and denouncing "U.S. imperialist aggression."

—More than 100 fugitive Indian Communists stored the U.S. Embassy in New Delhi today, breaking a window and shouting such things as "Long live Fidel Castro" and "Down with Yankee imperialism."

—Eyewitnesses reporting from Havana said they had visited the Cochinos Bay invasion area. They said they saw big fires there and they were reports a station wagon was driving around shooting at policemen, indicating some "counter-revolutionary" activity was continuing in Matanzas Province.

—Press censorship was lifted officially in Cuba Thursday night, but news agencies reported an unofficial censorship still existed. They said their cable dispatches were not being sent and they are not able to telephone the United States government.

The propaganda broadcasts in Cuba said a number of the captured invaders "voluntarily" gave statements saying they had been recruited in Miami, where flown to Guatemala for training and then moved to Nicaragua, from where the attack allegedly was launched.

Castro's spokesmen tore into President Kennedy's speech to the American Society of Newspaper Editors Thursday, calling it "stupid" and the type of thing one would expect from a "moron."

Cuba Rejects U.N. Proposal

Wouldn't Accept Plan to Set Up Latin as U.S.-Fidel Arbiters

UNITED NATIONS, N. Y. — Cuba touched off a new round of U.N. debate today by declaring it would not accept a resolution giving the Latin American countries primary responsibility for settling U.S.-Cuban differences.

The discussion delayed still further a vote in the U.N. Political Committee which had before it a series of proposals of the Cuban position.

Cuban Foreign Minister Raul Roa, declared that a resolution sponsored by seven Latin American countries, was an ambush set up by the United States to embarrass the government of Fidel Castro.

He said Cuba would accept no resolution which referred to the Organization of American States (OAS).

MANY REPLY
A number of countries took the floor to reply to Roa, some agreeing with him and some taking issue.

A vote had been expected during the early morning hours, but the committee had been forced to adjourn by a wrangle between Latin American and Asian-African blocs.

The committee resumed later in the morning, but adjourned again when the discussion ran into the lunch hour.

The Day in Birmingham

Seaholm High Duo Seeks Michigan Debate Title

BIRMINGHAM — Seaholm High School seniors Linda Wells and Lorraine Shaffer will vie for a state high school debating championship tomorrow in Ann Arbor.

The girls, members of the school's debating team, will be matched against a Jackson High School team at 2 p.m. in the Ruckman Building.

The girls will be "Resolved: That the United Nations Should Be Significantly Strengthened."

Charles Thumser is the debating coach at Seaholm.

The girls have debated the subject with teams throughout the state, emerging from the semifinals as championship contenders.

A public hearing on the proposed Beverly Hills \$286,000 budget will be held May 1 at the village hall.

Of that total only \$100,000 will have to be raised through taxes. The remainder will come from excess funds carried over from previous years, service charges and state revenue.

A \$3.89 tax rate for each \$1,000 of assessed valuation would be needed to balance the budget. This is four cents lower than the current tax.

He was a retired carpenter. Surviving besides his wife Sadie are a daughter Evelyn Hinton of Birmingham; three brothers, Otis of Piquette, Lee of Caro and Tony of Goodrich; a sister, Mrs. Sidney Smith of Pontiac; and three grandchildren.

Mr. Hinton, a member of Embury Methodist Church, died unexpectedly yesterday at St. Joseph Mercy Hospital, Pontiac.

Kennedy Clams Up Over Cuban Policy

(Continued From Page One)

discuss Cuba in detail, and said he had no new information on a cease-fire in Laos, he did express a somber view on the general subject of Communist tyranny.

He said it will be a major problem for a decade ahead, and "a matter to which we must address all our energy and all our attention."

On the question of the United States vs. Russia space race, Kennedy said this country may lag behind the Soviets for the next 10 years but is heading every effort to become first to the moon.

Kennedy said his administration would carefully consider venturing into new space projects to determine "whether a real success can be achieved or whether we are so far behind now in this particular race we are going to be second in this decade."

But he said the Saturn would not get us to the moon.

"We have to consider whether there is any program now regardless of its cost which offers us hopes of being pioneers in a project," he said.

Saturn is the U.S. project of building a more powerful rocket. NASA contemplates a cluster of Saturn rockets, never a project to build a nuclear rocket.

This was the President's 10th news conference and 402 news items turned-out. It was a closed circuit — taped for later broadcast or telecast.

The President, wearing a dark suit and maroon tie, announced at the outset that he would speak on his Thursday speech regarding Cuba and would accept no questions on that explosive subject.

He said the government was making every effort to locate individuals who may be in danger because of the tense situation in Cuba.

Could It Be Next Tuesday?

Laos Prince 'Drops' Cease-Fire Date

From Our News Lines
MOSCOW — Neutralist Prince Souvanna Phouma of Laos said today he will reach Laos April 23 or

26, "which will coincide with the date of the cease fire" in his country.

It was the first time a date had been put on a possible cease fire in embattled Laos.

Romney Urges Unit to Clear Way for State Con-Con

DETROIT (UPI)—George Romney, chairman of the coordinating committee for constitutional convention, has urged the State Legislature to take the necessary steps to set up a commission to prepare for the constitutional convention.

Romney announced Thursday he has sent letters urging the Legislature to take the necessary steps to set up a commission to prepare for the constitutional convention.

The letter to Swanson stated: "We appreciate your past efforts to take effective action in this area and urge you to continue your work with the legislature toward the establishment of a preparatory group that is so composed as to command general support and approval."

—A joint appeal for a cease fire. —A document recalling the Polish-Indian-Canadian Truce Commission. —Convocation of a 14-nation conference to see that Laos is a truly neutral nation in the future.

Prince Souvanna, recognized by the Communist world as still premier of Laos (though not by the West), has been a visitor here and has talked with Premier Khrushchev at his Black Sea vacation resort.

He would be signed within two or three days.

The British and Russians were said to have prepared three documents awaiting only simultaneous signature.

The three agreements were:

—A joint appeal for a cease fire. —A document recalling the Polish-Indian-Canadian Truce Commission. —Convocation of a 14-nation conference to see that Laos is a truly neutral nation in the future.

Prince Souvanna, recognized by the Communist world as still premier of Laos (though not by the West), has been a visitor here and has talked with Premier Khrushchev at his Black Sea vacation resort.

5 Youths Hurt in Car Smashup

Auto Crashes Into Tree on Scott Lake Road; 3 Are Hospitalized

Five Waterford Township youth were injured, one critically, when their car smashed into a tree along Scott Lake Road on the township early this morning.

In critical condition at St. Joseph Mercy Hospital with a fractured right arm, Scott is 16, of 6555 Hatchery Road.

James Scott, 17, of 3000 Lexington Road, and Walter McGrady, 16, of 8170 Elizabeth Lake Road were listed in fair condition.

McGrady is at Pontiac General Hospital, one critically, when their car smashed into a tree along Scott Lake Road on the township early this morning.

In critical condition at St. Joseph Mercy Hospital with a fractured right arm, Scott is 16, of 6555 Hatchery Road.

James Scott, 17, of 3000 Lexington Road, and Walter McGrady, 16, of 8170 Elizabeth Lake Road were listed in fair condition.

Waterford Youth Wins Optimist Oratorical Runoff

A Waterford High School 10th grade student was the winner of the Optimist Club Zone Eight oratorical contest held at the Elks Temple in Pontiac last night.

Douglas Stranahan, 15-year-old son of Mr. and Mrs. Neil Stranahan, 3564 Fremont St., was presented the bronze speaker's trophy after competing with five other youthful orators.

The boys represented Optimist Clubs in Zone Eight, including Pontiac, Waterford, Union Lake, Southfield and Charlevoix. The winner represented Optimists at Union Lake.

He will compete against seven other boys in a statewide oratorical contest being sponsored by the Optimists May 19 at Bay City. If he wins there, he will compete in the nationals at Las Vegas, Nev., this summer.

Top prize is a \$1,000 scholarship with lesser scholarships for the three runners-up. The topic of all contestants is "Optimism—Ingredient for True Leadership."

Hospital Board Presented With Helty Gavel

The Pontiac General Hospital Board of Trustees at last has a gavel in its chairman.

Except for a brief period during 1959, when a gavel was borrowed for the hearings which led to Dr. Neil H. Sullivan's dismissal from the hospital staff, the board has been without a gavel since its inception in 1952.

Last night, trustee Dick M. Kirby, a business representative for the building and construction industry, presented the board with a gavel, board chairman, with an unusually hefty gavel, fashioned by members of the Carpenters' Union for their own local meetings.

"I hope we never have to use this gavel to open up these meetings," said Babcock, accepting the gavel in the name of the board.

coordinated force of all the nations of this continent or the hemisphere will succumb inevitably before the thrust of the Soviet Empire.

"Either we destroy the Moscov-Havana-Peking axis or they will destroy us, one by one."

Invites Visitors at Hangar No. 2

Distributor for Piper Aircraft Holding Open House Saturday

Entering its second year as area distributor of Piper aircraft, Aerodynamics, Inc., is holding an open house at its Pontiac Municipal Airport headquarters this weekend.

The Piper Co.'s octogenarian president and founder, William T. Piper, was to be on hand today.

A highlight of the fall display of Piper aircraft will be the company's new Cherokee monoplane, which the company says is the only all-metal aircraft on the market priced under \$10,000.

Frank Macartney, Aerodynamics president, said there already is a seven-month backlog of orders for the new craft.

Five electronics companies are displaying equipment.

Organized a year ago December, the aircraft sales and service company in March passed the \$500,000 gross sales mark dating from the beginning of the current fiscal year in December 1960, Macartney reported.

Aerodynamics is located in the city's Hangar No. 2. The company also features sales and plans to begin giving flying lessons soon, Macartney said.

House Debate Due on Reflector Plates

LANSING (AP)—The House will start debate next week on a measure to repeal the much-criticized license plate reflector law.

The Senate-approved measure came to the House floor today from the State Affairs Committee, where there had been indications that it might be shelved for the year.

Meanwhile, U.S. Sen. Paul L. Douglas formally notified Secretary of State James M. Byrd that he has no authority to order the manufacture of the reflector plates without a legislative appropriation for that purpose.

Sues Parents of Area Sniper

Action Filed in Behalf of Victim Shot by Taylor in Royal Oak

DETROIT (AP) — A \$25,000 negligence suit has been filed in U.S. District Court here against the parents of George Addison Taylor, 26, Royal Oak's phantom sniper of 1956-57.

The suit, naming Mr. and Mrs. Milo E. Taylor, 16122 Marguerite Road, Beverly Hills, as defendants, was filed Thursday on behalf of Cynthia Estes, former Royal Oak resident now living in Phoenix, Ariz.

Miss Estes was permanently injured, according to the suit, on Dec. 21, 1956, when she was shot in the back by Taylor near her home in suburban Royal Oak.

The suit charges that Mr. and Mrs. Taylor were aware of their son's mental problem and failed to take precautionary measures.

Taylor was first committed to Ionia State Hospital in 1957 after he had wounded two persons, including Miss Estes, and shot at 17 others.

House Debate Due on Reflector Plates

LANSING (AP)—The House will start debate next week on a measure to repeal the much-criticized license plate reflector law.

The Senate-approved measure came to the House floor today from the State Affairs Committee, where there had been indications that it might be shelved for the year.

Meanwhile, U.S. Sen. Paul L. Douglas formally notified Secretary of State James M. Byrd that he has no authority to order the manufacture of the reflector plates without a legislative appropriation for that purpose.

Congress Gets Into High Gear

4 Major Kennedy Bills Acted on Thursday in Senate, House

WASHINGTON (AP) — Congress finally has swung into high gear on several of President Kennedy's economic and welfare measures. The Senate and House took important action on four major bills Thursday.

Two of the measures may reach the President's desk next week. So far the legislators have voted to him only 4 of the 16 items on the must list he submitted in February, a month after taking office. But this record will be improved soon if Kennedy can call up many days like Thursday.

These were the four actions: The Senate passed 65 to 28 the minimum wage bill in almost the exact form asked by the President.

The House passed 399 to 14 an administration measure increasing a variety of Social Security benefits.

Senate-House conferees agreed on Kennedy's \$394 million depressed areas bill, and then the Senate quickly passed by voice vote the compromise version.

The Senate passed by voice vote a bill to make available nearly \$300 million in federal funds for needy children of unemployed parents.

Bobby Goes Clear

LOS ANGELES (AP)—Overtime child actor Bobby Driscoll has been cleared of charges that he and his friend burglarized an animal hospital.

Why Carry Gun? Talk Substitutes for Constable

BEALTON, Tex. (UPI) — Bell County's female lawman doesn't plan to have a gun much longer than her four-year term as constable of Precinct 2.

Mrs. Hattie Whitlock took office as constable when her husband, then Whitlock, died. She was named by Bell County commissioners to fill his four-year term, which was about to take effect when he suffered a fatal heart attack.

Mrs. Whitlock, who accompanied her husband on most calls during his 40 years as constable, said her husband "never carried a gun very much, and didn't need to. So why should I?"

"My husband could always talk his way out of using a gun and I expect to do the same as he did," she said.

Garbage Collectors Going White Collar

LONDON (UPI)—Rural councils plan to turn their garbage collectors into white collar workers. To remove the "stigma" of being a garbage man, they plan to introduce waterproof paper bags to be collected by smart young men in white collars.

Court Clears Way for Gas Line to UP

LANSING — A federal court decision has cleared the way for construction of a pipeline to bring natural gas to the Upper Peninsula for the first time.

Gov. Swainson voiced hope that the decision by the U.S. Circuit Court of Appeals Thursday would set the stage for laying a pipeline this summer from Montmorency to Iron Mountain, Escanaba and Marquette.

The court upheld an order by the Federal Power Commission requiring Michigan Gas & Electric

to construct the line.

The people of Malta became British subjects in 1813.

Bible Tops List of Books Banned Through History

TUCSON, Ariz. (U) — A book store displayed in its window volumes banned in one place or another through history. They included:

The Bible—banned many times from 553 (Italy) to 1936 (Russia).

Works of Shakespeare—"King Richard II" banned in England, 1597; "King Lear" banned in England, 1788; "Merchant of Venice," banned in the United States, 1881.

"Leaves of Grass" by Walt Whitman—banned in the United States, 1855.

"To Have and Have Not" by Ernest Hemingway—banned in Detroit, 1938.

"Don Quixote" by Cervantes—banned in Spain, 1640.

"An American Tragedy" by Theodore Dreiser—banned in Boston, 1930.

Give Diplomatic Title to Reducing Class

SAN MARCOS, Calif. (U) — The Palomar College District board of directors has come to the aid of citizens whose physical dimensions have gotten out of hand.

The board approved a new adult evening course entitled "Physical Education for Mature Men."

What the course actually amounts to is dieting and exercising for the "flabby and forty set," says Dr. John Dunn, college president.

But no credit can be earned, says Dunn except possibly from admiring wives or jealous business associates.

Ownership of Space Called Vital Question

ANN ARBOR (U)—Russia's orbiting of a man in space has increased the importance of the question of who owns outer space, says a University of Michigan law professor.

The question is "just as knotty and important as the technological problems of space travel," said Prof. Joseph R. Jullin in comment on the orbiting of Soviet Maj. Yuri A. Gagarin.

Jullin said an international agreement defining the rights of nations to the use of space must be worked out.

Deaths in Pontiac and Nearby Areas

MRS. CHARLES BALMER — Service and burial for Mrs. Charles (Bertha E.) Balmer, 81, of 4379 Richalva Court, Drayton Plains will be held at the Woody Funeral Home, Richmond, Va. Her body was taken there from St. Joseph Mercy Hospital, Drayton Plains this afternoon.

Mrs. Balmer died of a heart attack yesterday after an illness of several months.

ALPHA F. CUTHRELL — Service for Alpha F. Cuthrell, 57, of 60 W. Chicago Ave. will be held at 1:30 p.m. Saturday at the Huntton Funeral Home. Burial will be in White Chapel Memorial Cemetery.

Surviving are his wife, Florence; two daughters, Mrs. Edith Blue of Waterford and Mrs. Shirley Banks of Pontiac; six sons: James of Waterford, Thomas of Clintonville, Robert, Alfred and Marvin, all of Pontiac; and Charles with the Air Force; a sister and four brothers.

Mr. Cuthrell died Wednesday at St. Joseph Mercy Hospital after an illness of six weeks.

ERWIN E. FOOTE — Erwin E. Foote, 63, of 58 Hazel St., died yesterday at Veterans Hospital, Dearborn. He had been ill several years.

A self-employed landscape worker, he leaves his wife, Vivian; two sons, Capt. Erwin L. Foote of Union Lake.

Surviving besides his parents are a brother, Kevin; three sisters, Bonnie, Cindy and Janet, all at home; and his grandparents Mr. and Mrs. Steve Drost of St. Clair Shores and Mr. and Mrs. Frank Grochok of Detroit.

C. GODDARD SMITH — FARMINGTON — Service for C. Goddard Smith, 72, of 22900 Manning St., will be 1 p.m. tomorrow at the Thayer Funeral Home. Burial will be in White Chapel Memorial Cemetery, Troy.

Swanson Aide Quits

LANSING (U) — Gov. Swanson today announced the resignation of Mitchell Tendler, his executive secretary, and appointment of Zolton A. Forency as his successor.

Tendler, 35, will become deputy commissioner of the Michigan Corporation and Securities Commission.

Mrs. Ernest Vollmar Dies After Illness

Mrs. Ernest (Ethel) Vollmar, whose husband is owner and operator of Vollmar Moving & Storage Co., died early this morning at her residence, 341 N. Perry St. after a long illness. She was 68.

Mrs. Vollmar was a member of First Church of Christ, Scientist. Besides her husband she leaves three sons, Burrell of Utica, Lowell and Jack, both of Pontiac; six daughters, Mrs. Royce Lazenby of Waterford, Mrs. Donald Lucarelli of Drayton Plains, Mrs. Burnell Drum, Mrs. N. Lee Wirick, Mrs. J. Thomas Knight and Mrs. Wayne Lundy, all of Pontiac; and 25 grandchildren.

Other survivors include a sister, Mrs. Victor Sanders of Pontiac; and five brothers, Theodore and Homer Bedford, both of Pontiac; Horace of Curtis, Louis and Leonard, both of Milford.

Mrs. Vollmar's body is at the Voorhes-Siple Funeral Home.

Will Start to Bury Radioactive Waste

SAN FRANCISCO (AP)—Radioactive waste materials from bay area atomic plants and laboratories hereafter will be buried in the Nevada desert instead of dumped in the Pacific off San Francisco.

Nuclear Engineering Co. announced Thursday that it is completing a 90-year lease with Nevada for 30 acres near Beatty, 100 miles northwest of Las Vegas and 10 miles from the northeast entrance to Death Valley National Monument.

A scientific bibliography of over 100 pages issued semi-monthly is completed by an electronic computer.

Marine Brigade Back in Hawaii From Alert

HONOLULU (AP) — The Marines will land Saturday—right back where they started, here in Hawaii.

The 1st Marine Brigade, 8,000 strong, left March 22 for training in California. Because of the Laos crisis, the brigade and its transport ships were rerouted to the Far East and their whereabouts kept secret.

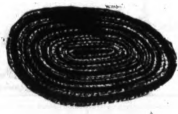

About 30 hours after the brigade comes ashore here from four ships, a battalion landing team of the 4th Marine Regiment will leave for month-long amphibious landing exercises at Camp Pendleton, Calif., starting May 8.

14 Land Parcels to Be Auctioned

Highway Dept. Surplus
Property in Oakland,
Macomb to Be Offered

Fourteen parcels of State Highway Department surplus property in Oakland and Macomb counties valued at \$24,000 will be offered at public auction in Pontiac May 18.

The sale will be held at the Oakland County office building, 1 Lafayette St., starting at 2 p.m. Thirteen of the parcels are in Oakland County and one is in Macomb.

The highest priced property offered at the sale is a \$19,500 lot at the southwest corner of M24 and M218 (Orchard Lake Road), southwest of Pontiac. It is almost one acre in size and is zoned commercial.

Other Oakland County parcels and their lowest acceptable prices are:

A vacant lot in Pontiac at the southwest corner of Alden Avenue, M58 and M218, \$175.

A vacant lot in Pontiac at the northwest corner of M58 and closed Garland Street, \$300.

A vacant lot on 345 between Dorchester Avenue and Edison Avenue in Bloomfield Township, \$250.

A lot at the southwest corner of M58 and Wagner Avenue in Bloomfield Township, \$300.

A lot at the southeast corner of Dorchester Avenue and M58 in Bloomfield Township, \$125.

A lot west of the M58 and M218 intersection in Bloomfield Township, \$75.

A lot on M58 between Desaix and Edison avenues in Bloomfield Township, \$500.

A lot at the southeast corner of M58 and Leinback Avenue in Bloomfield Township, \$250.

A lot at the southwest corner of Leinback Avenue and M58, in Bloomfield Township, \$100.

A one-acre landlocked lot west of and adjacent to the Michigan Central Railroad about 350 feet south of Lake Orion, \$225.

A landlocked lot in Pontiac at the northeast corner of the M58 and M218 overpass, \$500.

A landlocked lot on M58, about 300 feet southeast of Orchard Lake Road in Bloomfield Township, \$50.

MACOMB COUNTY

A lot in Utica at the southeast corner of the M59 and Utica Road overpass, \$1,900.

Each of the parcels will be signed for identification. Further information on the properties can be obtained from Joseph J. Holica, Michigan State Highway Department, 926 Featherstone Road.

Jukebox Music Fails to Soothe MSUO Students

A jukebox installed in the dining area of Michigan State University Oakland has been flunked out by students who prefer silence.

Now occupying space in the Student Center basement, the music machine was plastered with petitions soon after it was installed.

The "silence is golden" group, 110 names on one petition, and more than 30 on another, wanted no part of the modern nickelodeon. There was a minority petition for its retention, and other petitions, in traditional campus style, for better food, and the end of petitioners.

Envoy to Mongolia?

UNITED NATIONS, N. Y. (AP) —The United States is going to look into the possibility of establishing diplomatic relations with Communist Outer Mongolia, informed quarters said Thursday night.

ON HER WAY TO PRISON — Carol Tregoff sits in a police car in Los Angeles as she is taken from Los Angeles County Jail to the women's prison at nearby Corona to start serving her life sentence. Miss Tregoff and Dr. R. Bernard Finch were given life sentences after a jury found them guilty of murder and conspiracy in the death of Finch's wife Barbara at their suburban West Covina home in July of 1959.

Explosives Bill Ready for Pen

Measure to Stop Sale
to Persons Under 18
on Swainson's Desk

LANSING (U) — A bill to restrict sales of explosives to youngsters moved to Gov. Swainson's office for signing today.

The Senate-passed measure won approval in the House Thursday.

It would prohibit sale of gunpowder, dynamite, dynamite caps and other explosives to persons under 18 unless they obtain written permission of parents or a guardian. Violation could bring a jail term and a fine.

Other bills routed to the governor would exempt building contractors from paying the one-cent increase in the sales and use tax on bids for contracts submitted before last Dec. 13, when the legislature voted to increase the taxes.

A minor constitutional amendment also cleared the legislature. It would authorize the legislature to provide the means and methods for revising Michigan statutes.

The proposal was scheduled for a vote in the November 1962, election.

Israelis Extend Hand in Afro-Asian School

News comes from Israel that its first class of the Afro-Asian Institute of Economics and Co-operation was graduated on March 21 with appropriate ceremonies.

Sixty-four students from 24 countries completed the five month course, says the Israeli Digest. These had been selected from 135 applicants. The 309 lectures covered mainly the trade union movement and co-operative views with a view to their adaptability in the various African countries. Another class is scheduled to open next month.

In addressing the graduates, Foreign Minister GOLDA MEIR declared that aid which a more developed land gives to a lesser developed one should not express itself by shipments of rice and wheat. It should provide the knowledge and know-how to grow that rice.

Very true under certain circumstances. But that theory presupposes that natives are not too starved or disease ridden to absorb knowledge or make use of it. In these cases relief can't wait on domestic crops. No doubt Mrs. MEIR had this reservation in mind.

Israel is also contributing to world betterment in Africa itself. There a "peace corps" of teachers and technicians trained in various fields are helping natives to establish schools, hospitals and clinics and to develop national resources. At the present time a traveling exhibition of Israeli products is touring West Africa with a view to educating the people and to stimulate trade.

Guest Editorial . . . (Chicago Tribune)

How to Win an Oscar

It would be inaccurate to say that the Oscar awards this year mark Hollywood's awakening to sex. This, as we understand it, took place some time ago.

The awards this year do disclose the progress which the movie industry has made in exploring this interesting field. Hollywood now has discovered prostitution and has conferred many of its highest awards upon ladies and gentlemen who have contributed to popular understanding and appreciation of this form of enterprise.

We congratulate them all—producers, actors, and all the rest—upon the spirit with which they have entered upon these endeavors. They could not have shown more zeal in research and presentation if they had known, to the last thousand, how many adolescent girls and boys would thus become acquainted with the ways of prostitutes and panders and with the behavior deemed appropriate upon entering the brothel and the call-flat.

State of Texas Assured of Conservative Senator

A special election in Texas last week brought out 71 candidates—one of them a Republican—to fill the Senate seat of Vice President LYNDON B. JOHNSON.

In the interim the vacancy has been filled by Gov. Price Daniel's appointment of William A. (Cowboy Bill) Blakley who had served under the same conditions in 1957 and was now running for office.

Under Texas law a candidate must poll a majority of all votes to be elected or the two top men must face each other again. Republican JOHN G. TOWER collected the most votes and will be Sen. BLAKLEY's opponent

in a June runoff. Moderate and liberal Democrats killed each other off thus making way for a conservative of one party or the other.

In his campaign Sen. BLAKLEY expressed the thought that every citizen has a right "to segregate himself." The problem of dwindling gold reserves could be solved, he said, by simply withholding the \$5 billion scheduled to be "given away" this year in foreign aid.

Although Texas never has had a GOP Senator, Tower, a former college professor of very conservative views, is given a good chance. In a 1960 election against Sen. JOHNSON he polled 41.1 per cent of the votes.

No matter who wins there won't be much of a change in Texas' representation. Both candidates are anti-administration.

The Man About Town

Count Being Made Close Checks on Travel on Main Highways in Area

Parking meter: A device to break up committee meetings.

You're being tallied. That's why those rubber tubes lay across some of the principal pavements in the Pontiac vicinity. They're registering you in the little box beside the road at each of them.

This is being done to determine the amount of travel, on which will be based future improvements on them. It's a good system.

Long a maintenance football, the most intensive counting treatment is being given the M-87 pavement, leading off the Dixie Highway 15 miles northwest of Pontiac.

In the seven miles between the Dixie and Holly, over a dozen such counters have been checking on its travel. This covers both approaches to every dirt road intersection—and then some.

With the building of the six-lane freeway, quite largely paralleling the Dixie, through that area, you can draw your own conclusions for the reasons for this super count.

In absolute agreement is this column with

Harry Zinfeld

of Birmingham, who phones that it always will be

Briggs Stadium

to him, regardless of what somebody else calls it.

More good reasons why the Pontiac area is the best in always best Michigan in which to live. My sister,

Mrs. Roy Smith,

who has lived in South Haven over 50 years, writes that the past winter was the worst she ever experienced in that West Michigan city, with heavy snow and blizzards that tied up everything for days. And the recent April snows were the worst there of that winter.

Doing His Best

David Lawrence Says:

JFK Great in Stand Against Reds

WASHINGTON—President Kennedy was a great speech at the meeting here of the American Society of Newspaper Editors. It was great because he served notice on the Soviet Union that the United States would fight, if necessary, to resist Communist encroachment in this hemisphere.

The address was notable, moreover, because Mr. LAWRENCE Kennedy reaffirmed the doctrine of all preceding presidents from Monroe to Eisenhower, who have insisted that this hemisphere must remain free from European domination.

Perhaps the most significant passage, however, was the clear warning to the states of Central and South America that they are in more danger than is the United States.

Mr. Kennedy by implication urged the inter-American states to stop dragging their feet and to recognize that the issue is one of survival for them, too.

Mr. Kennedy in his speech made it plain that armed intervention was not necessarily barred if circumstances should develop that would require it. He said:

"Any unilateral American intervention, in the absence of an external attack upon ourselves or an ally, would have been contrary to our traditions and to our international obligations. But let the record show that our restraint is not inexecutable."

U.S. SECURITY

"Should it ever appear that the inter-American doctrine of non-interference merely conceals or excuses a policy on nonaction—if the nations of this hemisphere should fail to meet their commitments against outside Communist penetration—then I want it clearly understood that this government will not hesitate in meeting its primary obligations which are to the security of our nation."

The real point the President stressed with respect to the inter-American states is in far greater danger than that of this country. He said:

"It is clear that this nation, in concert with all the free nations of this hemisphere, must take ever closer and more realistic look at the menace of external Communist intervention and domination in Cuba."

"The American people are not complacent about Iron Curtain tanks and planes less than 90 miles from their shores. But a nation of Cuba's size is less a threat to our survival than it is a base for subverting our interest or our security."

"Together we must build a hemisphere where freedom can flourish; and where any free nation is free to live."

The Country Parson

"I don't believe there's anybody who could know as much about a man's character as his hired man."

surrender. His concluding words were a challenge:

"I am determined upon our system's survival and success, regardless of the cost and regardless of the peril."

Mr. Kennedy's speech was favorably received by the editors and the comment afterward was that he had stated the position of the United States with restraint, but with a firmness that was unmistakable. It was a fitting occasion for a speech that depends for its true effectiveness on being printed and heard around the world.

Does it mean war? It could mean war if the Soviets chose to commit an overt act in this hemisphere. So far as the United States is concerned, it has served notice through its President that there is to be no compromise or

(Copyright, 1961)

Dr. William Brady Writes on Calcium

Ca and D Not Medicine but Supplemental Food

is, skyline in a shaded place or on a cloudy day. Such exposure enables the body to manufacture its own vitamin D, which is essential for good calcium utilization (metabolism).

High calcium foods are milk, whole milk, skim milk, buttermilk, sour milk, evaporated milk, dry milk powder, and every kind of cheese, peas, beans, carrots, turnips, beets, celery, broccoli, nuts, raw cabbage, lettuce and other greens, peanuts, egg yolk, oats, wheat.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a signed, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan. (Copyright, 1961)

Finally, after two years of pleading, he began to take a daily ration of Ca and D. Two months of this brought about vast improvement, and now he is as grateful to you as the rest of us.

"I might suggest that the trouble with most people is that they are not patient enough. They have a condition for years and expect to be cured overnight." (Mrs. C. H. L. R.N.)

You have put your finger on the difficulty I have had for years trying to make readers understand that when I advise taking calcium and vitamin D, it is nutritional, and not medicinal.

Calcium and vitamin D, in the form I recommended for supplementing the ordinary diet (capsules or wafers) looks like medicine and so most people presume it is medicine and "try" it for a week or two.

I myself have been eating calcium capsules (calcium and D) in a coated pill shaped like capsule every day for many years, to keep my calcium intake up to or near the normal level. I seldom take enough milk daily to supply my minimum calcium requirement—not that calcium is an adequate substitute for milk but simply that it is the richest source of calcium in our everyday diet. I believe this has contributed a good deal to the better-than-average health I have enjoyed.

In Little Lesson 26, The Calcium Shortage (5c and stamped, self-addressed envelope) mention a dozen common complaints which an adequate intake of calcium (of course with vitamin D) prevents, relieves or, if taken as regularly as one takes breakfast or dinner, cures.

Mrs. C. H. L. mentions a few of the complaints which are familiar manifestations of calcium deficiency. I hope, though she does not say, that her family follows a high calcium diet and takes advantage of every opportunity to expose skin to daylight—direct sunlight or diffused daylight, that

That night at dinner they argued violently about the status of elephants. The first insisted an elephant was like a rope (tail). The second maintained every angry that an elephant was like a tree (leg). The third called the others liars and said an elephant was like a snake (trunk).

Well, that's the trouble with many Americans, who get a little knowledge but lack the whole story. Fluorine is a deadly chemical, IF. And that "IF" means, if you take a big dose of it at one time.

Voice of the People:

Gives Additional Reason for High Hospitalization

I was in St. Joseph Hospital several months ago. The hospital, like all others, was very crowded and I had difficulty getting in.

I ended up in a double room with a "poor little working man" who had been there for ten days and there was absolutely nothing wrong with him at that time. He told me he was going to stay another five days because he had Blue Cross-Blue Shield insurance and he was going to use it up.

This is the spirit of most of the "little working men" and instead of getting out as fast as possible, they are lying in the hospitals all over the country, and you can check this with any of the Pontiac hospitals. E. L. M.

'Guidance Clinic Wants to Help'

The staff of the Oakland Child Guidance Clinic is concerned about the child mentioned in a recent letter signed "Still Seeking Help." We urge these parents to return to the clinic for further evaluation and planning for their child.

It is more likely that parents oppose the suggestion from us that a child is mentally retarded, or so emotionally ill that he needs hospitalization, than it is for them to disagree with the report that a child is emotionally healthy. The clinic does have the responsibility for helping parents accept the child and his needs and plan accordingly.

Parents sometimes feel that once they have used the clinic's service, and have been reassured that everything is fine, they cannot return. This is never the case. Situations do change and parents are encouraged to return if there are changes in the behavior of the child, or if they have questions about which they are in doubt.

Help in finding schools for the retarded, the gifted, or the disturbed child is the function of the clinic.

Staff, Oakland Child Guidance Clinic

The Almanac

By United Press International Today is Friday, April 21, the 111th day of the year with 254 days to go.

The moon is approaching its first quarter.

The morning stars are Venus, Saturn and Jupiter.

The evening star is Mars.

On this day in history:

In 753 B.C., Rome was founded by Romulus.

In 1816, Charlotte Bronte, English novelist who wrote "Jane Eyre," was born.

In 1856, the first railroad bridge across the Mississippi River was completed.

In 1910, American novelist Mark Twain died.

In 1926, Britain's Queen Elizabeth the Second was born.

In 1945, Russian troops entered Berlin—the first Allied soldiers to reach the capital in World War II.

Thought for today: Mark Twain said: "To promise not to do a thing is the surest way in the world to make a fool of yourself and to go and do that very thing."

Smiles

Often a teen-ager comes home real late and finds a parent burning in the window.

Case Records of a Psychologist:

Face Facts and Support the Truth

By DR. GEORGE W. CRANE CASE H-465: Helen R., aged 37, is leader of a women's club.

"Dr. Crane," she began, "we wish you'd write a column attacking the dangerous policy of many cities nowadays which put fluorine in drinking water!"

"Our city aldermen are going to vote on whether to fluoridate our water, and we can't see how any intelligent person could even consider adding such a deadly poison to the water our children will drink."

"Won't you please join us in our attack?"

WIDEN YOUR VIEW Remember the story of the Blind Men of Hindostan, who visited their first circus, where they met an elephant.

One seized his tail. Another grabbed his leg. A third felt the side of his trunk, etc.

That night at dinner they argued violently about the status of elephants. The first insisted an elephant was like a rope (tail). The second maintained every angry that an elephant was like a tree (leg). The third called the others liars and said an elephant was like a snake (trunk).

Well, that's the trouble with many Americans, who get a little knowledge but lack the whole story. Fluorine is a deadly chemical, IF. And that "IF" means, if you take a big dose of it at one time.

Furthermore, in Deaf Smith County, Texas, where this whole idea started, the natives 20 years have drunk water with as high as 8 times the amount of fluorine in it, which we add to our city water.

LOGIC VS. HYSTERIA "Yes," added Helen, "but how do you know they will not die early?"

That's a logical question. But we know they will not die early because of experiments with laboratory animals, which show no shortened life span on fluoridated water.

Furthermore, in Deaf Smith County, Texas, where this whole idea started, the natives 20 years have drunk water with as high as 8 times the amount of fluorine in it, which we add to our city water.

longer life than our other cities that do not have fluoridated water. By using sea salt or a little ocean water, you parents on the farms and in non-fluoridated towns, can give your youngsters a little fluorine, too.

Always write to Dr. George W. Crane to give The Pontiac Press, Pontiac, Michigan, enclosing a long stamped, self-addressed envelope, all your queries and printing costs when you send your psychological queries and problems. (Copyright, 1961)

U.N. Is Aiming to Quit Tonight

Probably Will Put Off Debate on Main Topics in Final Rush

UNITED NATIONS, N. Y. (AP) — The U. N. General Assembly was expected to defer debate on Hungary, Tibet and outer space in a rush effort to finish its 15th annual session tonight.

The 99-nation assembly scheduled morning, afternoon and night meetings in an effort to meet the April 21 adjournment target set last month. It was expected to stop the clock at midnight and adjourn between 2 and 4 a. m. Saturday, winding up proceedings that began last Sept. 20 and were recessed from Dec. 31 to March 7.

The first business today was final approval of a resolution seeking new efforts to get for Arab refugees from Israel a choice between going back to their homes or finding compensation. The resolution was recommended by the special political committee.

The assembly also had to tackle the problem of financing the U.N. military force and civilian mission in the Congo through the first 10 months of 1961.

The budget committee recommended a resolution Thursday setting aside \$100 million for the Congo operation. But the committee vote of 43-26 (with 14 abstentions) was less than the two-thirds needed to put the proposal through the assembly.

Despite this, one U. N. official expressed belief the assembly itself, where the same countries sit, would produce the necessary two-thirds majority.

Eyes Automatic Adjustment of the Work Week

SALT LAKE CITY, Utah (AP) — A union leader urges automatic adjustment of the work week as one of three ways to offset unemployment caused by automation.

O. A. Knight of Denver, president of the Oil, Chemical and Atomic Workers International Union (OCAI), made the suggestion in a speech to area union leaders Thursday night.

He said unemployment compensation could take care of small area problems and a stockpile of worthwhile projects could be used "for the more serious temporary dislocations."

Thirdly, he urged, "make provisions within the Fair Labor Standards Act for automatic adjustment of the hours of work, based on the percentage of increase or decrease of unemployment."

Indiana Wants U.S. Aid to Build Port on Lake

WASHINGTON (AP) — A \$15-million federal contribution would enable Indiana to construct a model deep-water port on Lake Michigan, the chairman of the state's new port commission believes.

The chairman, James Fleming of Fort Wayne, said he believes the port could be built at Burns Ditch in Northwest Indiana for a total of \$50 million, with some assistance from two steel companies that would benefit, he said, from its construction.

MARK LIBRARY WEEK — These three Rochester students observe National Library Week by visiting Woodward Memorial Library to choose books suitable for their respective grade reading levels. They are (from left) Kathy McPeters, 8, Sharon Fitach, 16, and Don Moores, 12. Appropriately the Friends of the Library, organized to assist with book selection and library operation held its first annual meeting last night.

MSUO Auction for Scholarship

Faculty to Find Its True Value

BY MAX SIMON
How much is an almost-new professor worth?
What's the market for a slightly used administrator?

Says Ex-GE Prexy. Aware of Rigging

WASHINGTON (UPI) — The former president of General Electric Co. knew a price-rigging conspiracy was afoot at least a year before 16 of his executives were convicted, according to testimony before the Senate Antitrust subcommittee.

Paul Hartzig, former general manager of GE's insulator department, said the price rigging reached down to such items as \$3.40 insulators.

Subcommittee Chairman Estes Kefauver, D-Tenn., said GE's top executives should have reported the price-fixing evidence to the Justice Department.

Illegal Liquor Charge Trial Continues Today

The trial of a Pontiac woman charged with maintaining and operating an illegal liquor place will resume in Municipal Court April 23.

McCallum started yesterday. Queen E. Phillips, 40, of 47 Walnut St., was arrested by Pontiac police vice squad officers in a raid on her home April 15.

Two others arrested in the raid pleaded guilty to loitering in an illegal liquor place.

There are 42,800 sawmills in the United States. Of these, 23,000 are small operations producing less than a million board feet annually.

Lassiter Trial Runs Into Snag

Recessed Till Monday When Court Fails to Pick New Jurors

DETROIT — The murder trial of Nelle Lassiter and Gordon Watson, still in the jury-picking stage, has been recessed until Monday. The jury was empaneled, but four members were excused when Circuit Judge Joseph Rashid decided to lock up the jury for the duration of the trial to prevent crank telephone calls. The four were excused on pleas of inconvenience and hardship.

Yesterday's attempts to pick four new jurors got nowhere.

Mrs. Lassiter, of 19600 Beverly Road, Beverly Hills, and Watson, of 1215 acres of Michigan forest, the State Conservation Department says.

Lassiter. Three men are serving life sentences for the 1959 slaying, the year 1951.

Insurance Firm Gets Permit to Sell Stock

LANSING — State Insurance Commissioner Frank Blackford today announced the formation of a Michigan insurance company to be called the "Independent Security Life Insurance Co." of Grand Rapids.

Blackford said the company will commence with a stock offering to the public of one million shares at \$2.50 a share.

The commissioner said that when the company has completed its sale of stock it can then ask for final approval to transact an insurance business in the state.

Michigan Forests Burn

LANSING — Last weekend's pounding rains and heavy snow came too late to stop fires that raged through 1,215 acres of Michigan forest, the State Conservation Department says.

Santiago, Chile, was founded in the year 1541.

Mrs. Julius Franks Chosen as 'Ambassador' to Nigeria

GRAND RAPIDS (AP) — "I want to take to Nigeria the story of the American Negro," says Mrs. Julius Franks, who's going as an American Negro housewife, "not as a diplomat."

Petite and light-skinned, Daisy Franks, 28, is the wife of a Grand Rapids dentist formerly prominent at the University of Michigan football player. They are the parents of four children.

But Mrs. Franks has been selected as Grand Rapids' community ambassador to Nigeria by the city's Council on World Affairs. She'll spend four to eight weeks this summer living and traveling with a Nigerian family.

She says she's learned something from the problems of G. Mennen Williams, assistant secretary of State in charge of African Affairs.

"First, I'm going to sit back and listen and keep my mouth shut. I don't want them to think I've come to their country to revolutionize it," says Mrs. Franks.

She believes she has the answers to many anticipated questions on the race problems in the United States.

"I'm sure they've gotten nothing but the bleak side of the race situation," she says of the predominantly Negro population in Nigeria. "I'm going to tell them. Yes, there is discrimination, but such strides have been made to eliminate it in the last 10 years that the future looks bright for the American Negro."

"I can say that and I've lived in the South," she adds.

Mrs. Franks lived in Kentucky where she attended high school and later graduated from Grand Rapids Junior College.

In her absence this summer, the four children will be in care of their father and their two grandmothers, Mrs. Sadie McKinney of Grand Rapids and Mrs. Nellie Franks of Hamtramck.

Urban League Sets 11th Annual Banquet

The Urban League of Pontiac will hold its 11th annual banquet meeting Wednesday, May 3, at 6:30 p.m. in the Edles Temple.

Guest speaker will be Rev. Dr. Richard H. Dixon Jr., pastor of the Macedonia Baptist Church, Mount Vernon, N. Y.

Reservations should be made with the Urban League, 132 Franklin Blvd., by April 29.

4-Year Advance Admission Policy Eyed by MSU

EAST LANSING (AP) — Michigan State University intends to adopt a four-year advance admissions policy, vice president Gordon A. Sabine said Thursday.

Sabine spoke before a meeting of Michigan high school counselors and principals.

This means, Sabine said, the students applying for admission through 1964 will be judged on the same levels as the students who applies for admission today.

Sabine said Michigan State hopes to be able to admit every Michigan student who can meet the demands of the faculty, but added: "providing only we get the necessary funds."

State Woman Dies at 102

BAD AXE (AP) — Mrs. Anastasia Kanthook died Wednesday at the age of 102. Mrs. Kanthook, a widow since 1917, lived with a granddaughter in Huron County. She was born Feb. 10, 1859, in Prussia. She leaves 122 descendants.

Buick Plans Recall of Up to 400 Workers

FLINT (AP)—Buick Division of General Motors Corp. announced Thursday it will recall 300 to 400 laid-off workers by May 1.

It said this recall by Buick would "improve employment at Fisher Body Plant No. 1, which supplies Buick bodies, but gave

no estimate on recalls there.

Buick at one time earlier this year had 3,400 employees on laid-off status.

Edward D. Rollert, general manager, said Buick's new recall reflected better sales. He said Buick sold 24,866 cars last month for its best March since 1957.

About 30 Indian tribes live on 27 Oklahoma reservations.

PANCAKES GALORE—Residents of the Leggett School area in Waterford Township are invited to a Pancake Supper from 5:30 to 7 p. m. Saturday at the school. A policy of "all you can eat for \$1" will reign for adults, while the charge

for children will be 65 cents. Deborah Schultz is shown watching Mrs. Frances Dawson, school principal, and Mrs. Alan Pearson do a little rehearsing for the supper. Proceeds will be used for additional school equipment.

Each County Invited to Offer Queen Entry

TRAVERSE CITY (AP)—Officials of the National Cherry Festival, which runs July 12-14 at Traverse City, are inviting each of Michigan's counties to enter candidates in the contest to select a national cherry queen.

Entries are restricted to unmarried girls between 17 and 26. The contest is a feature of the festival, which is an annual tourist attraction at Traverse City.

COME DOWNTOWN! HAVE FUN AND SHOP! NOBODY WILL BE FINED OR PUT IN JAIL!

MAYOR ROWSTON Says: "IT'S ALL IN THE SPIRIT OF FUN!"

"We hope that everyone will enter into the spirit of festivity, but of course those who don't won't be penalized."

"Anyone stopped on the street by the Keystone Cops who doesn't agree with our spirit of fun will certainly not be unduly bothered."

Quartet to Carry Centennial Spirit to Inmates

The First Social Brethren Church, 316 Baldwin Ave., is ready to carry the Centennial spirit to the Oakland County Infirmary tonight.

As it has the third Friday of the month, the past seven years, a women's quartet from the church is set to sing hymns for the inmates at regular 7 p.m. sessions at the infirmary.

For tonight's visit, though, the four quartet members and their piano accompanist will wear Centennial dresses and bonnets for costumes.

In the quartet are Mrs. Calvin E. Duncan, Carol Clark, Mrs. Lloyd Kimmel and Mrs. Luther Gaskin. Mrs. Thomas guest is the accompanist.

Pilot Loses His Way, Shot Down in Korea

SEOUL, South Korea (AP)—U. S. military advisers who strayed over North Korea in an unarmed South Korean plane Thursday were attacked by two Communist fighters and died in the crash-landing of his plane.

The American was Lt. Col. De Lynn E. Anderson, 45, whose wife lives at Apple Valley, Calif., with their two children. His mother lives in Louisville, Ky.

The U. N. Command said it had no evidence that Anderson's girlfriend but that his plane suffered damage which undoubtedly contributed to the crash.

He crashed at the U. S. base at Kumsan, 150 miles southwest of Seoul.

Europe Says: 'You Aided and Failed'

JFK Loses Face Over Flop in Cuba

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—"When you strike at a king," Emerson said, "you must kill him."
If Fidel Castro is truly badly damaged, perhaps mentally, as some Cuban rebel reports say he was during an invasion bombing, then the anti-Castroes may have succeeded just as they were conceding their assault had fizzled.
But in the meantime President Kennedy—who helped the rebel invaders with moral support, if nothing else—suffered damage in Western Europe and no doubt in the Communist and other non-Communist parts of the world.

BADLY TIMED
If the invasion was truly a failure—as reports indicate—then it appears to have been badly timed, poorly organized, and clumsily conceived.
Since nothing succeeds like success, if the invasion had overthrown Castro then foreign criticism of American support for the rebels might have receded, provided Castro's successors didn't set up a reactionary dictatorship instead.

Editorial writers from Sweden to Italy, including some in Britain, were critical of Kennedy's handling of the Cuban crisis. Almost all European journals brushed aside Washington's disclaimer of U. S. complicity in the invasion.
It seems reasonable to believe —if Castro has survived and his government has really smashed the attempt to unseat him—that Communist sympathy in Latin

America and backward areas of the world will get a lift, for this reason:
Castro was armed with Communist weapons and, according to reports, the help of Red satellite technicians in training his forces for just such an event as the attempt to overthrow him.

And the failure of the invasion against this Communist citadel only 90 miles from the United States is hardly likely to strengthen the will to resist among American allies in Southeast Asia so close to the gigantic Communist state of Red China and far from the United States.

Short-Wave Fans Can Keep Ear Tuned to Cuba

MIAMI, Fla. (U)—Want to listen in on the going-on in Cuba? Here are some frequencies for owners of short wave radios:

Radio Escambray, operated intermittently by the invaders, is around the 47 or 48 meter band.
The Cuban government emergency network can be picked up

on 7.5 megacycles. Some of its transmissions are in code — long lists of numbers — but others are in plain Spanish.

Other Cuban government short wave broadcasts are on the 20, 40, 60 and 80 meter bands.

U.N. Boycott Partly Off

ELISABETHVILLE, the Congo (AP)—The Katanga government decided Thursday to lift partially the economic boycott imposed on the United Nations more than two weeks ago.

Arrest Admiral in Drive to Silence the Military

RIO DE JANEIRO, Brazil (AP)—President Janio Quadros' campaign to silence military men on politics was speeded up today with the arrest of an admiral and investigation of 12 army officers.

The arrest of reserve Adm. Carlos Pena Botto brought to four the number of generals and admirals arrested and relieved of their commands for criticizing government policies.

TOGETHERNESS — Twenty cars of this Chicago & Illinois Midland Railway freight train were derailed northeast of Havana, Ill., Thursday, apparently due to a broken wheel. Eighteen of the

cars, which cost \$10,000 each, were ruined, two miles of track was torn up and wreckage was scattered for half a mile.

AP Photos

Postpone X15 Try for Speed Record

EDWARDS AIR FORCE BASE, Calif. (AP)—A pressure drop in the auxiliary power system Thursday postponed an attempt by the

X15 rocket plane to set a new world speed record for controlled flight.

Plans call for the swept-wing Dart to surpass by several hundred miles an hour its world record of 2,065 miles per hour.

An ordinary sneeze travels two or three feet.

State Tops in Pulpwood

LANSING (AP)—The State Conservation Department reports that Michigan's 1960 record in the production of pulpwood shattered the record set in 1959 and led all other states.

School Building Rental Changed

All Rates for Use of Facilities in Waterford Are Increased

A change in rental of school buildings in Waterford Township was one of the many items of business at last night's board of education meeting.

At the present time organizations are charged \$1.50 per room per hour before 6 p.m. This was raised to \$2.

The rate of \$2 per hour a room for use after 6 p.m. was hiked to \$2.50. Hourly rates for auditoriums and gymnasiums was raised from \$5 to \$6.

An increase from the current \$10 to \$12.50 was made for the use of some facilities if the agencies carry on a money-making activity.

The school board authorized recommendations requesting the township to adopt an ordinance governing the operation, parking without fees and the speed of motor vehicles on school properties. They plan to discuss the matter with the Township Board before the May meeting.

A preliminary policy was discussed regarding rules for students who will not participate in dancing in the physical education classes, for religious reasons.

The action was prompted by written protests from two township churches, and two parents were present asking why their daughter received a failing mark because of her nonparticipation in the dancing sessions.

After much deliberation, the board decided to meet with physical education class teachers and try to work out a solution.

New teaching contracts for 14 teachers were approved, and preliminary consideration of whether special education students should get diplomas or certificates at graduation time was discussed.

'Reds Should Prove Spaceman Claim'

WASHINGTON (UPI)—U.S. roving Ambassador W. Averell Harriman said Thursday night that American scientists should demand proof that Russia put a man into orbit.

Harriman, speaking at a dinner at the National Press Club, said he thought "we would make a great mistake" to accept the Soviet claims without actual scientific data to support them.

"Why don't our scientists stand up and say we demand to know all about this before we accept it?" he asked.

7,500 Workers Rally in Detroit

Unemployed. Call for Legislation, Spending to Create More Jobs

DETROIT (AP)—A rally of more than 7,500 workers, most of them unemployed, Thursday night adopted resolutions calling for extensive legislation and federal spending aimed at creating more jobs.

A moratorium on debts was among the proposals.

The rally was the first of a series of labor-sponsored "get-America-back-to-work" affairs to be held throughout the country. This one was sponsored by the Wayne County AFL-CIO council and was held in the Michigan State Fair Grounds Coliseum.

Rep. James G. O'Hara, D-Utica, Walter Reuther, president of the United Auto Workers, Detroit Mayor Louis Miriani, and Gov. John B. Swainson were speakers.

The rally urged adoption of a moratorium on debts, mortgages and installment payments from unemployed workers for the period of their unemployment.

The group also asked that the President be given power to suspend withholding taxes temporarily to permit a greater flow of purchasing power into workers' hands.

Hospital Report Will Detail Gains for Taxpayers

Accomplishments of 1960 are to be detailed to the city's biggest taxpayers when Pontiac General Hospital's new annual report goes into the mail next week.

About 2,000 personal-property taxpayers are on the mailing list this year, the second year such a report has been published.

The 16-page brochure calls attention to a number of facts. The new Cobalt 60 therapy unit, the 12-bed intensive care unit, the new chapel, diversional therapy. Sister Kenny Physical Therapy Department, patient coordinator service, and electroencephalographic equipment.

A net operating surplus of \$20,914 is noted for 1960, the first surplus in five years.

Assets are total at \$5,753,750, compared with \$3,814,339 at the end of 1959.

HOSPITAL REPORT — 18 A full page is devoted to a graph showing how rising costs have been held steady the past two years.

Gets High NATO Post

PARIS (UPI)—Dirk U. Stikker of Holland was unanimously elected secretary general of the North Atlantic Treaty Organization (NATO) by the permanent NATO Council today.

'Not My Idea,' Says Eichmann

Tape Tells About Jews on 'Rehabilitation' List, Meaning Death

JERUSALEM (AP) — Adolf Eichmann told Israeli questions that those Jews regarded as the "germ cell of Jewish rehabilitation" were to be specially marked for death, his tape-recorded testimony disclosed in court today.

But the former SS officer said that this was not his idea, and he repeatedly denied that he had anything to do with the executions during World War II.

Eichmann, on trial in Jerusalem for "crimes against the Jewish people and crimes against humanity" during the war, was interrogated for more than eight months before the hearings began. His words were recorded on tape and the tapes are being replayed in court now.

"The germ of rehabilitation," he developed, meant those Jews strong enough to survive the ordeal of the slave labor camps and potentially capable of creating "a new Jewish development."

EXTERMINATION!
This was brought up during the Wannsee conference in Berlin January 20, 1942, when Reinhard Heydrich, one of Eichmann's immediate superiors, told those present that Adolf Hitler had ordered "the final solution of the Jewish question"—and that this meant extermination.

Capt. Avner Less of the Israeli police questioned Eichmann about the conference and this exchange was recorded.

Less: "What does this mean here, 'These Jews must be treated appropriately'?"

Eichmann: "That is—that is a—this is from (security chief Heinrich) Himmler. 'Natural selection—choice made by nature'—that was one of his favorite terms. He liked to use these words."

Less: "Yes, but what does it mean?"

Eichmann: "Killed, killed, certainly."

Sock at Bachelors

LONDON (UPI)—Evening News and Star definition of a bachelor: "A man who can put his socks on from either end."

Rumor Revived That Gagarin Is 2nd Spaceman

PARIS (AP)—A French radio correspondent just returned from Moscow today revived the claim that Yuri A. Gagarin was the second man to make a space flight and that the first Russian to do so was now unconscious in a Moscow hospital.

The report was broadcast by Edouard Bobrowski, correspondent for the French National Radio and Television. He did not give the source of his information.

He said the first man in space was the son of noted aircraft designer Sergei Ilyushin. The first spaceman is now "absolutely unconscious" in a Moscow hospital, Bobrowski said.

President Welcomes GOP Automation Aid

WASHINGTON (AP)—President Kennedy said today he welcomes Republican participation in a study of the effect of automation on the American economy.

Kennedy was told at his news conference that Republican leaders in Congress have announced they are setting up a study of the effect of automation on industry and agriculture.

A program with much the same aim has been announced by the administration's Labor Department.

Kennedy said he is glad the Republicans plan such a survey "because I think all the attention we can get by both parties to what I consider a genuine national problem" will be most useful.

'Truth Serum' May Not Be Effective, Says Prof

ANN ARBOR (U)—"Truth serum" may be lying about its name.

Dr. Norman Rosenzweig, University of Michigan psychiatry professor, said "The drugs usually thought of as truth serums (sodium pentothal and sodium amytal) both barbiturates, are depressants which under certain conditions act as stimulants."

He concludes that "There is no scientific or legal basis for knowing whether information obtained through the use of drugs is true."

Should Be Some Hot Races

Interest Grows in County Con-Con Seats

Activity in the office of the county election clerk indicates that there'll be some hot races for constitutional convention delegates in Oakland County.

Mrs. Mabel M. Child, election clerk, said there have been about 16 requests for nominating petitions, "plus numerous phone calls on how you become a candidate."

In view of the number of candidates seeking signatures on their petitions, Mrs. Child warned that a person can sign for only one candidate in the particular legislative district and once for any candidate seeking the county's con-con senatorial seat.

To be eligible as a candidate you must be an American citizen 21 years of age or older, a resident of Michigan for six months and of the district you wish to represent 30 days.

An affidavit of identity the candidate has to have to sign when the petitions are filed will also show he is a registered voter in your voting precinct.

Oakland County will have seven delegates answering the roll call in Lansing Oct. 3 when the convention is called to order to rewrite the state's 1908 constitution.

First, however, two important

elections will decide who these people will be. A primary will be held in the state July 25 to narrow down the expected large number of candidates in both parties to 14 from each.

On Sept. 12 this list will be cut in half, with the winners going to Lansing.

PETITION RULES

After they pick up their petition blanks from Mrs. Child's office in the courthouse, candidates must solicit signatures totaling not less than 1 per cent nor more than 1 per cent of the votes cast by a candidate's party for secretary of state in the November 1958 election in the district from which the delegate wishes to run.

For the county's 11th District senate seat these numbers would be 969 for Democratic candidates and 913 for GOP candidates.

Will Speak to Engineers

GRAND RAPIDS (U)—A. D. Moore, professor of electrical engineering the last 44 years at the University of Michigan, is guest speaker Saturday at the banquet climaxing the two-day convention of the Michigan Engineering Society in Grand Rapids. About 230 persons are expected to attend.

Wayne State Professor Honored by Alumni Unit

Prof. Roland C. France of 2335 N. Pine Center, Rt. 2, Orchard Lake, was honored Thursday by the alumni association of Wayne State University's college of education.

He was among 19 members of the college's faculty cited for 15 or more years service. The event, in McGregor Memorial Conference Center, was in conjunction with the dedication of the college of education building and the Education Day Award ceremonies.

Completed petitions must be in no later than 4 p.m. June 6. They should be filed with Mrs. Child. Withdrawals must be made by June 9.

One drop of oil will lubricate 1,000 jewel watch bearings.

Starting in 1917 Congress required literacy tests to curb immigration. Molly Pitcher, the heroine of the American Revolution, is buried in Carlisle, Pa.

REMOVES STATUE — Rev. Joseph J. Boyle carries a statue of Philomena from the altar of Most Precious Blood of Jesus Church in Dover, Mass. The church, formerly known as St. Philomena Church, was renamed following a recent announcement by the Vatican that the saint had been stricken from the roll of Catholic saints. The stained-glass window in the background will also be replaced.

To Expand Its Plant

VERMONTVILLE (U)—Michigan Magnetics, producer of magnetic tape recording heads, is expanding its Vermontville plant for added manufacturing and office space. It will be the firm's fourth major expansion in five years. Michigan Magnetics built a plant at Allegan in 1957.

Wounded in Head
in Alleged Break-In

MUSKEGON (U)—A rural Fremont man suffered a gunshot wound of the head today as the result of an alleged break-in attempt at an Ekogston Township home, Muskegon County sheriff's men said.

The victim, Jerome Dodson, 44, was reported in critical condition at Hackley Hospital.

Undersheriff Harry Pennington said the 16-year-old daughter of a Wolf Lake widow was being questioned in the pre-dawn shooting with a .22-caliber rifle.

Arming of NATO
to Follow Plan,
Says Adenauer

BONN, Germany (AP)—West German Chancellor Konrad Adenauer said today nuclear and conventional arming of the North Atlantic Treaty Organization will continue as planned.

He told the lower house of Parliament this was thoroughly discussed during his recent meeting with President Kennedy.

"We were in full agreement that NATO is the basis of our common defense and our common policy and that the alliance must be further developed politically and militarily in order to meet the steadily increasing demands made by the defense of the free world," he said.

Had Sharp Conscience

ALBUQUERQUE, N.M. (AP)—Russell Mead, head of an Albuquerque hardware store, received a \$5 bill in the mail Thursday with a note stating the money was in payment for a pair of small shears stolen in 1928.

First Welland canal between Lakes Erie and Ontario was opened in 1829.

WOOL PILE BARK

The end of one of our largest purchases. All wool pile by Mackdon. New discontinued. Both tweeds and plaids in 12'. 2500 yards remain. It all goes at 80¢ off.

TEXTURED WILTON

All wool 3 dimensional Wilton. A current item that dealers pay almost \$4 yd. Special purchase of 24 rolls in grey, beige, maroon, 12' and 15'. A hard to believe buy at only \$4 yd.

LA LOMA TWEED

Wool and nylon in tweeds and plaids. This is a distributor's overstock of a current 180 fabric. Excellent colors in 12' and 15' widths. The entire overstock goes at \$5 yd. which is a lot less than most dealers pay.

TEXTURED LEAF

Lovely scroll effect in a heavy quality texture wool pile Wilton. 12 rolls in beige moquette, maroon, green moquette, rose beige. Dealers today pay over \$5.00. It's yours for only \$4 yd.

HEAVY BOUCLE LOOP

A final clean-out of an excellent quality looped heavy-weight texture. 12' wide in a decorator inspired color. Dealers today pay almost \$7 yd. It's yours for only \$6.

Heavy Embossed Wool Pile

A heavy all wool pile in two dimensions. Both levels are cut pile. A major purchase of 25 rolls in 12'. Beige and green. Dealers paid over \$7 yd. for this. It's yours for only \$5 yd.

GRECIAN KEY

All wool pile heavy Wilton in a Greek key design. In plaids and moquette. 5 colors in 12' with remnant. This much higher priced carpet is yours for only \$7 yd.

LUXURY PLUSH

A major special purchase of an item that normally sold in the \$14 category. Newly discontinued. Over 20 rolls in 12' and 15'. Broken color lots. Way below most dealers' cost as a running item.

Over 2200 Ruas and Remnants FREE Rubber Coated Pad

Volunteer Bureau Members Feted at Awards Tea

Speaker Mayor Philip E. Rowston (at left) thanked members of the Pontiac Area United Fund Central Volunteer Bureau at the group's fourth annual awards tea Thursday. Bureau chairman Mrs. Allen E. Priestley of

Edgefield Drive joins him in congratulating Mrs. Theodore I. Cooper of Bloomcrest Drive who chalked up more than 300 volunteer hours for the bureau.

The fourth annual awards tea honoring members of the Pontiac Area United Fund's Central Volunteer Bureau was observed Thursday in Pontiac Federal Savings and Loan Building.

Mrs. Allen E. Priestley, chairman of the bureau, who welcomed members and their guests said, "The volunteer's work renders an invaluable service to our community, and we can be justifiably proud of its growth and the spread of its work and service to the

community this past year. We have reached a larger audience this year than ever before."

Organized in 1955, the bureau today has an estimated 400 volunteers throughout the Greater Pontiac area, 120 of whom became volunteers during the past year. Members are recruited, interviewed, trained and placed in areas which enable them to offer the best possible service to the community.

The volunteers comprise five

major groups: the Friendly Visitors, the Motor-Aide Corps, United Fund agency volunteers, clerical workers and Junior Central Volunteer Bureau members.

"SPECIAL GIFT"

During the past year the Friendly Visitor program has grown from a group of nine active visitors into a corps of 32. Mrs. Margaret C. Libby, Women's Division director for the Pontiac Area United Fund, reported, "The Friendly Visitors

are special people with a special gift—love of fellow man." The Motor-Aide Corps maintained an outstanding record this past year by making 520 service trips, transporting the ill and handicapped to hospitals and clinics and driving the blind to braille classes each week.

The Junior Central Volunteer Bureau, organized in June 1960, is sponsored by the board of directors of the bureau. The

group has served 1178 volunteer hours and at present is working with youngsters at the Oakland County Children's Home. The JCVB is made up of students from the Greater Pontiac area.

Thanking the many volunteers at Thursday's function was Mayor Philip E. Rowston, the afternoon's speaker. Outstanding volunteers of the year who received awards from Mrs. C. Bud Shelton, awards and recognition chairman, included Mrs. Floyd Blaney and Mrs. Theodore Cooper, given pins for 300 hours of service.

HONORED FOR HOURS

Honored for 200 hours were Mrs. Louis Matich, Sharon Rorison and Karen Schulz.

Also feted were Mrs. J. W. Green, Mrs. Charles Leske and Mrs. Gertrude Rogers, 185 hours; Mrs. Thomas Horwitz and Mrs. Edward Thompson, 160 hours; Nancy Boomer and Pamela Smith, 150 hours; and Mrs. John McCormick, Margaret Steward, the Waterford Township Fire Department-Elmer Paugbner, chief, and William Heaton, over 100 hours.

Recognition for over 50 hours went to Anne Priestley, Mrs. Harry Ault, Mrs. Warren Fowler, Mrs. Barney Habel and Mrs. Jacob L. VanWagner.

Cited for serving 50 hours were Mrs. Paul Bieri, Carol Blazyn, Mrs. Grace Carrothers, Harry Cohn, Willard Beauchamp, John W. Cox, Mrs. Zar T. Crittenden, Roy Gallo, Sally Ite and Mrs. James Nye.

Also on the 50-hour list were Mrs. Edna Olmstead, Mrs. Harvey Perry, Elmer Pierce, Mrs. J. D. Fugh, Mrs. R. M. Rasmussen, Mrs. John Riley, Sue Ritchie, Mrs. Cleo Rock, Mrs. Nell Stranahan, Mrs. Victor Sutt, Mrs. Basil Thompson and Mrs. C. George Widdfield.

HONORABLE MENTION

Honorable mention was made of Mrs. James Briney, Mrs. F. J. Coddie, Mrs. Fred Coleman, Mrs. William Colacose, Jessie Gamble, Mrs. Arthur Hoban, Sgt. Lawrence LaSalle, Peggy Monteith and Mrs. Robert Oliver.

Completing the list for honorable mention were Mrs. Curtis Patton, Robert Sartell, Russell See, Mrs. Wanda Siple and Mrs. Quentin Clark.

Mrs. Carl J. Adams, chairman for the program, was assisted by Miss Smith, Miss Schulz, Miss Rorison, Mrs. Priestley and Mrs. Sheldon Marston.

Mrs. C. Bud Shelton of Third Avenue (at right) presented pins to the volunteers. Among those recognized for outstanding service were (from left) Mrs. J. Wendell Green of Cherokee Road, Mrs. Thomas

Horwitz of James K Boulevard and Mrs. Charles Leake of Drayton Plains. They are active in the six-year-old Central Volunteer Bureau which has grown to an estimated 400-member size.

It's Proper to Inquire of Present

By the Emily Post Institute

Q: Three months ago, we sent quite an expensive wedding gift to a bride whose parents are only acquaintances of ours; the bride and groom, as well as his family, are total strangers. To date we have not received any acknowledgement. Is there anything we can do to find out what has happened? Perhaps the card was lost. If these people were friends, I would not hesitate to write frankly, but I can't bring myself to do it with these people.

A: The only thing you can do is write to the bride and ask her if she received the present. Describe it to her and say that you are writing because you would like to have it traced in case it has been lost. This is a perfectly conventional thing to do and quite proper.

Q: Will you please answer the following question and put an end to an argument going on between my sister and her brother-in-law? My sister's husband passed away two months ago, and while I know they are not correct, she printed acknowledgement cards which read, "The wife of the late John Jones..." Her brother-in-law, her husband's brother, claims that they should have read, "The family of the late John Jones..." Her husband had one sister and one brother. She claims she is right as she had no children. Who is right?

A: The printed cards were wrong and changing them was "The family of..." would have made little difference, but would have been better because it would have recognized the brother and sister as well as the widow, as those bereaved.

Q: I have just returned home from a two weeks visit with my sister who lives in another city. While there, I was entertained by quite a few of my sister's friends. I would like to know if I am expected to write notes of thanks to these kind people for the hospitality they have shown me.

A: If you have become friends with any of them and have something to write them about then do so by all means. But you are under no obligation to write your thanks for the hospitality shown you solely for your sister's sake.

The Emily Post Institute is sorry it cannot answer personal mail.

Date Is April 28

The Women's Section of The Pontiac Press regrets the omission of the date for the Golden Age Club of Waterford's card party.

The affair will be April 28 at 7 p.m. at the Community Center on Williams Lake Road. Guests are requested to bring their own cards. Refreshments will be served and table and door prizes will be featured.

Personal News

Dr. and Mrs. Ashton W. Emery of Dixie Highway are attending the 28th annual convention of the American Animal Hospital Association at the Sheraton-Jefferson Hotel, St. Louis, Mo. this week.

Closed circuit television is being used for 15 demonstrations before some 1,000 doctors assembled. A special feature is a transatlantic telephone conference with the British Small Animal Association meeting simultaneously in London, England.

Mary Louise Trask was hostess to the Jolly Ten Club members Wednesday evening at her home on Hudson Avenue. An evening of games followed the business meeting. Mrs. Alberta Trask will be hostess for the next meeting.

Mr. and Mrs. Richard Carpenter (Robert Leslie) of Paulsen Street, Waterford Township, announce the birth of a son, Ryan George, April 15 at St. Joseph Mercy Hospital.

Grandparents are Mr. and Mrs. W. F. Leslie of Williams Lake and the George Carpenters of Pontiac Lake Road. Great-grandparents are the George Kiewets of Kalamazoo.

The Eugene Kellers (Dorothy Eymann) of West Hopkins Street announce the birth of a daughter, Nancy Ann, April 15 at St. Joseph Mercy Hospital.

Paternal grandparents are the Gail Kellers of Alacadero, Calif.

Returned to their home on East Mansfield Avenue are the William Drouins who have been wintering at Largo, Fla. At Indian Rocks Beach, they visited quaint "Pueblo Village" shop operated by Joseph and John McNally of the local men's wear shop.

Before the return trip along the Atlantic coastline, the Drouins visited Key West.

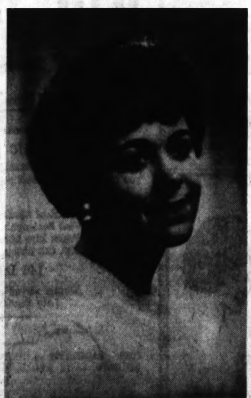

A son, Kurt Bennett, was born to Mr. and Mrs. William Kreiner (Vera Swanson) of Cameron Avenue, March 20 in Pontiac General Hospital. Mr. and Mrs. Wallace K. Swanson of Brooks Avenue and William Kreiner of Royal Oak are the baby's grandparents.

The Lucky 13 Birthday Club honored Eva Gibson Monday at the Westbrook Avenue home of Mrs. Stephen Sapalak. Hostess for the next meeting will be Mrs. Anderson Bee of Stirling Avenue.

Members of Memorial Baptist Church honored Dr. and Mrs. John Slater and Dr. and Mrs. Dwight Slater with a household shower this week.

The John Slaters who have been serving as medical missionaries in the Congo are home on furlough. They plan to join Dr. and Mrs. Dwight Slater in missionary work in the Ivory Coast. Both families left everything when they escaped from the Congo.

An August wedding is planned by Marsha Ann Stapp, daughter of Mrs. Mel D. Stapp of Inverness Avenue and the late Mr. Stapp, of Alfred W. Harwood, son of the Webb S. Harwoods of Ann Arbor. She attends Michigan State University where her fiancé received his degree.

MARSHA ANN STAPP

'Our Janie' Delights Dem Gals

By MARJORIE KECHE

Women's Editor

The Pontiac Press

Lean, little Jane Hart ("our Janie," they called her) delighted more than 200 Oakland County Democratic Women with her luncheon talk Thursday afternoon at Kingsley Inn.

Wearing a white orchid, foil to her bronze sultan, the wife of Michigan's junior senator, Philip A. Hart, spoke on the role of women in politics. She brought an appreciative chuckle from her audience—some of them former Bloomfield Hills neighbors—when she spoke of her party's "lean years" as a thing of the past.

Enjoying her Washington whirl in a Democratic administration, Mrs. Hart went on to describe her initiation to active political life in 1948. "I was struck by lightning," she said, speaking of her door-to-door campaign to help her husband become precinct delegate in a Republican stronghold.

Since that experience, she went on, she has been committed to her role in politics. She missed the organizational work, at first, in Washington, she said. "Social things are not my cup of tea."

Advising the women present to start early in a campaign, to use the phone and not to be timid Democrats in the suburbs, Mrs. Hart called for the continuance of a strong two-party system, calling it "the strength upon which our way of life depends."

Mrs. Hart arrived from Washington, uncharacteristically a mere plane passenger. She will fly her new plane back, however, from the Pontiac airport following a side stop in Lansing.

Engagement Is Announced

Mr. and Mrs. James E. Walsh of Erie Road announce the engagement of their daughter Catherine Ellen to Charles E. Lavigne, son of the Joseph E. Lavignes of South Jessie Street. A May 27 wedding is planned.

Four Pages Today in Women's Section

Area Couple to Entertain Before Dance

The Sydney Kellernans of Snowshoe Circle, Gilbert Lake, will be hosts at cocktails this evening preceding the first dinner dance for Detroit North Suburban Alpha Phi Alumnae at Rotunda Inn.

Their guests will be Mrs. Charles F. Murray, of Orchard Lake, alumnae president; and Mr. Murray, the W. R. Barrett of Gilbert Lake, the J. M. R. Warnocks of Franklin and Howard Schewpes of Bloomfield Hills. The Robert L. Wilson and the Mark Nielsen of Wing Lake will also attend.

Holding party reservations from the Birmingham area are the Richard R. Deskins, the Patrick Petersens, the William Yaws, the John Dreystadt, the Bevan Allens, the C. A. Leckliders and the Robert Masters. The J. P. Windhams will come from Royal Oak.

Court to Observe Birthday Dinner

The annual birthday dinner for Esther Court, No. 13, Order of the Amaranth will be observed at Roosevelt Temple this evening at 6:30 with past officers exemplifying the degree.

Catherine McCrindle will represent the group in the Greater Pontiac Centennial contest.

The public has been invited to a fish fry May 12 at Roosevelt Temple from 5 to 7 p.m.

Christine Dybowski Will Wed in May

Mr. and Mrs. Peter Dybowski of Union Lake announce the engagement of their daughter Christine Juliette to Ronald E. Sokol, son of the Edmund Sokols of Onawa Court, Waterford Township.

Her fiancé attended University of Detroit. The wedding will be on May 13.

Patron Saint to Be Honored

The Greek Orthodox Community of Pontiac will commemorate their patron saint, St. George, at a banquet Sunday at 7 p.m. at the Hellenic Hall on Mariva Street.

The Rev. Gus Tsompanas will speak on the colorful life of St. George.

Proceeds will aid the building fund for a new church to be erected on Woodward Avenue.

Early purchase of tickets from any member of the board of trustees or the central building committee is suggested.

To Teach Dances

The Allemanders Square Dance Club will have a workshop at 8:30 p.m. Saturday preceding the last dance of the season at the John Pierce Junior High School, Waterford. Visitors are welcome.

Try the Tub

No convenient spot to spread sweaters and other linens which should be dried flat? Try the bottom of the bathtub-lined with an absorbent towel. Do your soaking and rinsing early in the day, so the knits will be dry by family bath time.

'Purdy,' Sturdy

Colorful handbags that look and feel like velvety velvet are luxurious only as regards appearance. Actually, they're made of sturdy nylon that resists soil and holds its shape. They're washable, too — by just sponging with soap or detergent suds and rinses.

Oakland County Democratic Women heard Mrs. Jane Hart (center), wife of Michigan's junior senator, as principal speaker at their spring luncheon Thursday. Greeting Mrs. Hart upon her arrival at Kingsley

Inn were Mrs. Carlos Richardson (at left) of Carlos Street and Mrs. Dorothy Roosevelt of Birmingham. Mrs. Hart spoke to more than 200 county women on the role of women in politics.

Abby Sees Trouble Ahead

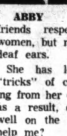

'Our Marriage on Rocks'

By ABIGAIL VAN BUREN

DEAR ABBY: After 15 years of marriage, my wife hasn't made me very happy because she gets all her advice from her "friends." Her friends are "The Measled-Up Club."

Three are divorced, one is separated and two are Good Time Girls.

I have told her that she should choose for her friends respectable married women, but my plea falls on deaf ears.

ABBY

She has learned all the "tricks" of cheating and lying from her companions and, as a result, our marriage is well on the rocks. Can you help me?

HELPLESS
DEAR HELPLESS: A man may choose his wife, but he cannot choose his wife's friends. If she gravitates toward companions who have messed up their own lives, she is one step away from joining them. She needs professional help but, first, she must want to help herself.

DEAR ABBY: I am a woman who gets hysterical at the sight of a mouse. Last night a little mouse ran out from under the stove to the refrigerator. I screamed blue murder and jumped up on a chair.

Both the children started screaming and became hysterical. I felt terrible - frightening the children that way. But I just couldn't control myself.

My husband was so disgusted with me he refused to set the trap. How can I overcome this foolish fear?

AFRAID OF MICE
DEAR ABBY: Go to a pet shop and buy a little pet mouse. (The white ones are cute.) Keep it in a cage and get accustomed to it. The man at the pet shop will tell you how to care for it. Soon you and the children will lose your fear of the little creature. We fear only the unknown.

DEAR ABBY: My husband is a very friendly person. When he meets new people he calls them by their first names right away, but not me. He doesn't call me anything. He never liked my first name, so when we were first married he called me "Honey."

Later, when we had children he called me "Mamma." Now he doesn't call me anything. When he speaks to me he just starts talking.

Out in company he says things like, "What do YOU think?" If I say, "WHO?" he

says, "YOU." Our friends and relatives have noticed it. This may not seem important to you, but it is to me. Even a dog has a name. What do you suggest?

"NOTHING"
DEAR NOTHING: Turn back the clock and treat him as though you were "just married," and maybe he'll start calling you "Honey" again.

DEAR ABBY: Recently a surprise party was given at my home. During the evening one of the guests—a woman, married and 33—suggested playing "spin the bottle." This entails a lot of kissing.

July vows are planned by former Pontiac resident Sharon Ilene Bracken and John E. Hager, son of the Carl Hagers of Marlette. The bride-elect is the daughter of Mrs. Neal McManis and the late Sherman Bracken of Pontiac.

SHARON ILENE BRACKEN

'Bring the Children! (We Never Hear It)

By RUTH MILLETT
What has happened to that old-fashioned, hospitable invitation: "Come — and bring the children?"

Maybe they still say it in the country, but it's rarely heard. Mama and Papa are invited out — but not Junior.

If mama can't find a baby sitter for Junior, her hostess is terribly sorry — but not sorry enough to say, "Bring him along."

And the hostess is just as ruthless about keeping her own small fry out of sight. Do they eat with the guests? No. They're fed early and put to bed — or they're sent to a movie, if they're old enough to go.

That's the social pattern for small children. Then when they get a little older and start running off to spend their evenings

in taverns, the parents often complain that they never stay home. Have no time for persons of their parents' generation and resent any parental interference in their affairs.

Are the kids at fault? The parents set the pattern of segregation in social life when the kids were small. The kids — grown older — just carry it on.

If the young married folks don't want the kids around when they entertain or go out for an evening of fun, it isn't strange that when the kids become adolescents they get the same way toward the old folks.

A revival of the old-fashioned "come and bring the children" type of social life would go a long way toward helping the younger generation grow up on companionship terms with the older.

in taverns, the parents often complain that they never stay home. Have no time for persons of their parents' generation and resent any parental interference in their affairs.

First Baptist Group Holds Luncheon

The Women's Home and Foreign Missionary Society of First Baptist Church observed its annual luncheon and meeting in the church parlors Thursday.

Some 15 members and guests were served by women of the Maranatha Bible Class.

Following the invocation by Mrs. H. H. Savage, the church's pastor Dr. Savage conducted election of officers.

Mrs. Frank Rodloff, president; will serve with Mrs. W. L. Dunkeld, first vice president; Mrs. Hazel Slater, second vice president; Mrs. Reindol Yeager, recording secretary; Mrs. Cecil Martin, assistant secretary; Agnes Starnam, corresponding secretary; Mrs. Stuart Davis, treasurer; and Mrs. Walter Goodell, assistant treasurer.

Others elected were Mrs. Bruce Reh, pianist; Mrs. Jack Barrow, assistant pianist; Mrs. Kyle Wil son, chorister; and Mrs. Frank Kiteley, reporter.

After annual reports by missionary society members, special music was offered by Mr. and Mrs. Howard Skinner, managers of the Maranatha Bible and Missionary Conference at Muskegon.

Brief messages were given by missionaries home or foreign who are participating in the First Baptist Church's annual missionary conference this week.

Speaking were Mrs. Orval Dunkeld, Mrs. Paul Hanselman, Mrs. George Kennedy, Mrs. Hector Millan, Mrs. Robert Shelton, Mrs. John Slater and Isabelle Jones.

Closing prayer was offered by the Rev. Paul Van Gorder, pastor of Colonial Hills Baptist Church, East Point, Ga. The Rev. Mr. VanGorder is speaking at the public missionary conference which concludes Sunday.

Mrs. Delmo Chapdelaine, president of Pontiac's League of Catholic Women, has appointed Mrs. Carl Brown chairman for the league's annual May breakfast.

Mrs. Arthur Crawford will assist the chairman with arrangements for the breakfast slated May 28 after the 7:30 Mass at St. Vincent de Paul parish.

The league's board of directors stages the breakfast annually for members. Mrs. John Shada, archdiocesan chairman of Family Life in the Detroit Archdiocese, will be guest speaker.

A rummage sale is planned May 6 at the league clubhouse, under chairmanship of Mrs. Cle West and Mrs. Joseph D. Campanello.

Mrs. Chapdelaine, Mrs. Arthur Crawford and Mrs. William B. Dean will attend the state board of directors meeting at Saginaw April 20.

The group's next meeting will be May 1.

Show Japanese Scenes to Sylvan Garden Club

The Sylvan Lake Branch, Woman's National Farm and Garden Association met Thursday afternoon at the Oakland County Boat Club.

Mrs. Grace Reilly of Birmingham presented pictures of Japanese gardens which combine religion and philosophy with beauty. Scenes of Mexico from the Mayan era to modern tourist spots also were shown.

Members were urged to write their federal representatives in support of the wilderness preservation bill now before Congress. At least four vital areas in Michigan are affected.

Mrs. Albert E. Kohn, president, reported on the annual state meeting at St. Clair "where the branch won an award for its year book."

Hostesses for the afternoon were Mrs. Carl Last, Mrs. Frank Webster, Mrs. Gordon Dickie, Mrs. Richard G. Hays, Mrs. Ida Reeves and Mrs. Thurman Holloway presided at the tea table and Mrs. Alma Pielbusch was a guest.

Punishment of Solitude Harsh Enough

By MRS. MURIEL LAWRENCE
Dear Mrs. Lawrence: Should a child be allowed to play during punishment? I send my older boy to his room when he picks on his younger brother.

I know that he spends the time reading/comics or playing with his toys. This bothers me. Sending a child to his room to have a good time with his toys

doesn't seem much of a punishment to me. ANSWER: No? Tell me something. What happens with you if you quarrel with your husband at breakfast?

After he leaves, you may just sit by yourself at the table. After a while, you pull yourself together. You wash the pretty dishes you take such pride in. You polish the new percolator.

Are you happy playing with these household toys? Are you having a good time with this grown-up equipment that usually gives you such satisfaction? Of course not. You just go through the motions of interest in your house-keeping toys. The pleasure they usually give has been destroyed by the quarrel.

O.K. Neither does a child whom we have punished enjoy playing with his toys. He is punished not by disconnection from comic books and chemistry sets but by disconnection from us. So we can leave him the poor comfort of his toys without anxiety.

We are confused about this because we are confused about our own importance to children. We're such valueless creatures in our own eyes that we cannot believe Johnny really suffers from disconnection with us. No, to really punish Johnny, we must deprive him of comics and dump trucks.

Pontiac Girl Is Married

**Karen Rae Metz,
Gary E. Boe Vows
Are Repeated**

Wedding vows of Karen Rae Metz to Gary E. Boe, were repeated to the Rev. Charles E. Cushing at noon Saturday in St. Michael Church.

Mrs. and Mrs. Charles E. Metz were hosts at a breakfast at their home on Wagner Street, following their daughter's nuptials. Some 200 guests attended an evening reception in the Knights of Columbus hall.

The bridal gown of white nylon organza over satin was styled with fitted bodice, long tapered sleeves and bouffant skirt which swept into a chapel train. Pearl applique enhanced the deep neckline. Fingerling veiling of silk illusion was secured by a crown of pearls.

White carnations centered the cascade bouquet of white roses. Andrea K. Zlatec of Flint, served as honor maid. Bridesmaids were Mrs. Kenneth Helpin and Mrs. Michael Boe, sister-in-law of the bridegroom.

BROTHER IS BEST MAN

Their princess-line frocks of white nylon sheer over taffeta, featured embroidered panels with Dior bow and sash. They held pink and white carnations.

Michael Boe attended his brother as best man. The two are sons of Mrs. Doris Boe of James K. Boulevard and Leo E. Boe of Waterford. Mark Boe seated guests for his brother with Arthur Dean.

Leaving for a honeymoon in the Upper Peninsula, the new Mrs. Boe was wearing a light grey wool sheath dress and black faille coat. The couple will be at home on Salmar Street.

The bride is a graduate of Eastern Michigan University and is affiliated with Delta Zeta Sorority. Her husband is an alumnus of University of Michigan, where he majored in geology.

Mrs. Metz chose a navy blue sheer wool costume suit, matching hat and accessories for her daughter's wedding. The mother-of-the-bridegroom appeared in a bouffant dress of beige peau de sole with bodice of Chantilly lace. Beige tones predominated in her small flower hat, shoes and accessories. Both mothers wore pink and white carnations.

This city led the U.S. in territory annexation during 1950.

Personal Notes From Colleges

Robert G. Keavy, former Pontiac Central High School swimming star and the son of the George B. Keavys of Mohawk Road, was honored "Senior of the Week" at Michigan State University, East Lansing.

He is an ROTC cadet colonel. Battle Group Commander and a member of the Sigma Sigma Elite Army ROTC Officers' Club. After receiving his 2nd lieutenant commission in June, he plans to spend two years in the Army before entering law school.

Bob was 1960-61 BOB president of Union Board, member of Senior Council and All-University Student Government Executive Board. He is affiliated with Blue Key, senior - junior men's national honorary, and Excelsior, senior men's honorary.

Linda Burt, daughter of the Burt Burt of Baldwin Avenue was the recipient of two awards at the annual Founders' Day luncheon of Oregon Chapter, Sigma Sigma national sorority Saturday at Eastern Michigan University.

She has attained the highest scholastic grades of the chapter and has raised her average higher than any other chapter member.

Mrs. Burt attended the luncheon with her daughter who is an elementary education senior.

Committee members for the annual Bonds of Friendship charity drive at Denison University, Granville, Ohio, are three area students: Gretchen Raeder, daughter of the F. W. Raeders, of Hamilton Schriber, son of the Edward A. Schribers, all of Bloomfield Hills, and Janet Tallman, daughter of the John P. Tallmans of Birmingham.

Thomas L. Lee, Denison, freshman and son of the David W. Lees of Pembroke Drive, Bloom-

Duplicates Play Bridge at Elks

The Wednesday Duplicate Bridge Club met at the Elks Temple with seven tables in play. Winning first North and South were Mrs. Charles Davis and Mrs. Harry Eaton. First East and West were Mrs. Ernest L. Guy and Mrs. Robert Kircher.

Other winners at the afternoon game were Mrs. Robert Riccardi and Arnold Richards, Mrs. Paul Potter and Ernest L. Guy; Mrs. Peter Davidson and Mrs. Norma Keller.

field Hills, recently has been initiated into Phi Gamma Delta national fraternity.

Gary Sabourin, Michigan State University sophomore has been elected president of Evans School of Arts at East Lansing. He is the son of the Arlington Sabourins of Tarrytown Avenue.

Donald H. Shaw, son of Mrs. Ruth Shaw of Delaware Drive, has been cited for scholastic attainment at Tri-State College, Angola, Ind., where he is enrolled in business administration school.

Carol Kratt, daughter of the William P. Kratts of Waterford, will take part in the annual spring tour of the Kalamazoo College Singers, April 22-25.

She is a junior and among 50 selected from the 100-vote college choir to sing in Baptist churches in Waukegan, Wis., LaGrange and Joliet, Ill.

Planning a career in elementary education is Mary Clouse, Alma College freshman who has become a member of Alpha Theta social society, one of three sororities on campus.

She is the daughter of Mr. and

Mrs. John Clouse of Drayton Plains.

The TV-size Marygrove College Chorus will present a series of songs ranging from Bach to the blues for the annual spring concert in the college auditorium at 8:30 p.m. May 4. The public is invited.

Appearing in the chorus will be Mary Ann Eckert of Lake Orion; Christine Lewandowski of Cyberville Street, Bloomfield Hills and Judith Ann Moslak of Union Street.

Mary Marthas Repeat Psalm

Mrs. James F. Smyth of East Montclair Street opened her home to Oakland Park Methodist Church's Mary-Martha Circle for a Wednesday luncheon meeting.

Mrs. Bessie Slaybaugh, circle chairman, opened the meeting with a request that the group repeat the 23rd Psalm.

"Our Threefold Pledge" was the theme for devotions by Mrs. Iri Williams.

The group will meet at Port Huron for the May meeting in the home of Mrs. Herman Kunze.

Travelers to Hawaii Honored

Hawaiian decor for the General Motors Girls Club meeting Thursday evening in the engineering building at General Motors Corp. Truck and Coach Division honored Pontiac members who leave for Hawaii in May.

Cast in a humorous skit typifying an arrival in Honolulu were Mrs. Floyd Foster, announcer; Mrs. Jack Landers, greeter; and Mrs. Ronald Haywood, Mrs. E. C. McGee, Mrs. Walter Nickell, Hilda Herbert, Mrs. George Cook, Mrs. Ernest Hadash, and Mrs. Raymond Sweetman, tourists.

Hula dancers were Mrs. Wayne Johnson, Mrs. Stephen Gowen, Mrs. Raymond Guerin and Sharon Arnold.

Members of the club from the GMC T&C engineering department assisted Mrs. Landers with arrangements. Refreshments were served by members of the cast in costume.

Gives Talk About Law to AAUW

The Pontiac Branch of the American Association of University Women, meeting in the Community Services Building, heard Robert L. Templin, assistant prosecuting attorney for Oakland County, discuss "Your Prosecutor and the Law."

Mr. Templin related the functions and services performed by the prosecutor's office and outlined some of the legal rights and responsibilities of citizens.

Andrew North, assistant librarian at Michigan State University, Oakland, was present to display a set of Oxford English dictionaries presented to the university by the Pontiac AAUW branch.

Announcement was made that Mrs. Olin Thomas has been named chairman of the nominating committee of the Oakland Child Guidance Clinic.

Mrs. Raymond Boone and Mrs. Richard McCoy were guests at the Monday meeting.

TO JOIN UNITS

Mrs. Jessie Snyder, social committee chairman, was assisted by Ada McDonald, Jessie Axford, Lula McGregor, Mrs. S. E. Minard and Ada Kirke.

Mary Heltsch, Mrs. Walter Bennett, Mrs. Asenath MacAdams and Mrs. Leslie Purslow also helped.

The local branch will join 58 other Michigan AAUW units in attending the 38th annual state convention at the Plick-Barant Hotel in Flint April 21 and 22. Pontiac delegates will be Mrs. Tom T. Reese, Mrs. Thomas Hostin, Mrs. Philip Lockhart and Olga Sivart.

Mrs. Reese will be a time keeper at the convention, and Mrs. John Bilis, who will be a hostess, will serve on the resolution committee.

Others from Pontiac attending as hostesses will be Mrs. Kenneth Ollis, Mrs. Donald McMillen, Mrs. Donald Gause, Margaret Stewart, Mrs. Stephen Velkoff and Mary Lou Lackie.

Pioneer Sisters Selects Officers

Officers were elected for the Pioneer Sisters at the annual luncheon Wednesday at Hotel Waldron.

Mrs. Myrtle Kath is incoming president; Mrs. Richard Fisher, vice president; Mrs. Emmett Miller, secretary and Mrs. Thomas Bartle, treasurer.

Secret pals were revealed and gifts exchanged.

Exercise Is Advisable

Stomach's Like a Melon

By JOSEPHINE LOWMAN
(The Question Box)

Q. "Will you please answer this in your column? I read it every day and am anxious to know what to do. I have had three children and am 21 years old. I have a nice waistline but my stomach punches out like a watermelon. Can I do anything about it? After having three children these muscles have really stretched, so please hurry and answer. Many others want to hear."

A. I often have had women in my classes with the same trouble. Abdominal exercises, done faithfully, will greatly improve the situation. You will be happily surprised. If any of my readers would like to have these which have been used in my classes, send a stamped, self-addressed envelope with your request for leaflet No. 2. Address Josephine Lowman in care of The Pontiac Press.

Q. "Will you please print a high protein diet in your column?"

A. I do not have a high protein diet made out, but the most important protein foods are

meat, fish, fowl, seafoods, milk, eggs and cheese.

Q. "Why are bouncy exercises not good for women?"

A. Many physicians feel that this type exercise may tend to stretch ligaments and lead to a lowered uterus. Perhaps a few would not hurt, but as a regular habit, there certainly are other more valuable exercises.

Q. "My bust measures 34 inches, hips 34 and waist 26 inches. I am 39 years old, five foot 4 and weigh 115 pounds. Do you think I am underweight?"

A. You are just about right if you have a small frame. Otherwise, you would be underweight. Because of your slight weight I wonder if your waist is a bit out of proportion. Maybe it is due to a little fat or perhaps your build. If you, or any of my readers, would like my waist-reducing exercises, send a stamped, self-addressed envelope with your request for leaflet No. 6. Address Josephine Lowman in care of The Pontiac Press.

Q. "I am 38 years old. I use

make-up and soap and water on my face. Should I start using creams on my face?"

A. I think that most women you are profit by the use of an eye cream at least. If you have an oily skin, soap and water are best. If your skin is normal, soap and water are all right. However, as the years pass, the natural oils in the skin decrease.

Toast to Start Mother-Daughter Event at School

Turkey will be on the menu for the Longfellow School's biennial mother-daughter banquet Thursday. The affair will begin at 6 p.m. at the school.

A toast to the mothers and daughters by Mrs. Thomas Mitchell and her daughter Sherri will open the program. Mrs. Allen Eby will offer the invocation.

Following a drawing of tickets for prizes, the group will see a magic show by Jack O'Dea in the auditorium.

Mrs. James Hoopingarner, chairman, has been in charge of ticket sales at the school.

Insurance Unit Elects Officers

The Insurance Women of Pontiac elected officers for the coming year at a luncheon Wednesday at Hotel Waldron.

Mrs. Harry J. Stuart will serve as president; Ernestine Neubauer, vice president; Mrs. Harry A. Hall, secretary; Mrs. John McDonald, corresponding secretary and Mrs. Eugene Perko, treasurer.

The annual Bosses' Night will be observed at a dinner meeting May 11 at 7 p.m. at Rotunda Inn.

A swarm of bees at a maximum point has a population of 50,000.

Dryden Contest Crown Is Placed on Sandy Havens

DRYDEN—Sandra Havens may have trouble keeping her mind on her work at her father's lumber company today, but that's understandable. Last night she became a queen.

Nineteen-year-old Sandy, as she is called, won Dryden's Miss Boom Day crown over 11 other attractive Lapeer County contestants at the local high school.

The contest climaxed the Dryden Area Development Association's annual Ladies' Night program attended by over 200 area residents.

AREA NEWS

Troy Brothers Hit by Truck

Driver Turns Over in Ditch Trying to Avoid Pair on Highway

TROY — Two small boys were reported in fair condition today at William Beaumont Hospital, Royal Oak, after being injured when struck by a panel truck on Stephenson Highway last night.

Hurt in the accident were 6-year-old Timothy Foucart and his 10-year-old brother David. They are the sons of Mr. and Mrs. John Foucart of 1050 Wheaton St. Troy.

The driver of the truck, Sam Gouliana, 46, of Dearborn, told police his vehicle turned over in a ditch after he swerved in an attempt to avoid hitting the boys on Stephenson just south of Rochester Road.

Gouliana, who was slightly injured, said he did not have time to stop when one of the boys darted out into the southbound lane of Stephenson Highway in front of his truck.

The boys' older brother, Roy, 13, was attempting to cross the highway when he suddenly saw the truck approaching. David, who was standing on the east side of the road, apparently was hit when the truck swerved off the highway.

Roy said he and his two brothers had crossed Stephenson in search of their lost model airplane. He already was safely on the other side when the accident occurred.

Gouliana was not held by police.

Mental Health Men Will Speak in Troy

TROY — Representatives from the Michigan Department of Mental Health will be guest speakers in a special program at 8 p.m. Tuesday presented by the Morse Elementary School Parent-Teacher Association.

Mrs. Leona Nutke, resource person for the MDHM, will lead a discussion on mental health following the showing of a film "Preface to a Life."

Preceding the discussion will be a short business meeting. Refreshments will be served. The program will be held at the school, 551 Cherry St.

Orion Township Immunization Levels Said Low

Recent surveys by the Oakland County Health Department show that levels of immunization against diphtheria, polio, tetanus and smallpox are running low in Orion Township, it was revealed today.

The department has scheduled five immunization clinics for preschool and elementary school children next week in an effort to combat the problem.

The first clinic will be held Monday from 10-11 a.m. at St. Joseph School.

The remaining four clinics will be held Wednesday.

Morning sessions will be held at Carpenter School from 9-10, Weber School from 9-11, and Proper School from 10-11.

An afternoon clinic from 1-3:30 p.m. will take place at Blanche Sims School.

Students Will Attend Future Nurses Rally

Over 350 high school students and their sponsors from Oakland, Macomb and Wayne counties will be in Detroit tomorrow for the April rally of the Inter-Council of Future Nurses Clubs.

Sponsored by the Detroit and Tri-County League for Nursing, the event will be held starting at 10 a.m. at Our Lady of Mercy High School.

The election of inter-council officers for 1961-62 and a special program presented by the Detroit District Student Nurses Association will highlight the day-long rally.

TOP THE FIELD — These three girls led a field of 12 lovely Lapeer County contestants last night to win the honor of reigning over Dryden's annual Boom Day celebration July 7 and 8. Queen Sandra Havens, 19, (center), is flanked by her two attendants, Joyce Nagy (left) and Carole Hadley, both 18. The contest climaxed the Dryden Area Development Association's annual Ladies' Night program.

Raise to Force Cutbacks Lake Orion Teachers Get \$150 Salary Increase

LAKE ORION—Teachers in the Lake Orion Community School District have been granted \$150 per year salary increases by the board of education.

The school board, which earlier said it could not include pay hikes in its proposed 1961-62 budget of \$1,066,884, reversed its decision after meeting with a salary committee of local teachers.

The salary committee originally had asked for increases in the teachers' annual increments and higher pay raises than the \$150 per year eventually approved by the board.

However, board members said the salary hikes they agreed upon for the 101 teachers in the school district would force cutbacks in other items included in the budget for next year.

Based on the present size of the school system's instructional staff, the raises will increase operational costs in this area by some \$16,500 next year.

School board members still are uncertain which of the other items in the 1961-62 budget will have to be trimmed as a result of the pay hikes.

The new salary schedule will place teachers with bachelors' degrees in a range of from \$4,500 to \$6,200 annually. Those with

masters' degrees will receive from \$4,700 to \$6,700 per year.

Where teachers will be placed in the salary schedule depends on their amount of experience.

John H. Martin Exalted Ruler

Newly Chartered Elks in Rochester Hold 1st Election of Officers

ROCHESTER — John H. Martin was selected as exalted ruler of the newly formed Rochester Elks Club Lodge No. 225 in the organization's first election of officers here last night.

Other newly elected officers include Clyde A. Bartlebaugh, esteemed leading knight; Cyril G. Korontay, esteemed loyal knight; and Richard W. Stranahan, esteemed lecturing knight.

The first members of the board of trustees and their terms of office are Wayne Y. Homan, five years; Weldon Keast, four years; Edwin Gerber, three years; L. Keith Crisman, two years; and Robert Warren, one year.

Also elected were William H. Parker, tiller; George L. Martin, secretary; and William R. Potere, treasurer.

The Rochester Elks Club, which only recently received its charter, expects to initiate some 300 charter members in ceremonies slated for April 30 at the Pontiac Elks Temple.

Guest speakers at the elections last night were Elks Club officials from Pontiac, Port Huron, Saginaw and Owosso.

Pontiac Elks Club Lodge No. 510 is the sponsor of the new lodge.

Hold Ground Breaking for Lapeer County Jail

LAPEER—Approximately 50 persons yesterday attended ground-breaking ceremonies for the \$400,000 Lapeer County Jail, which is scheduled for completion in September.

On hand for the ceremonies, which originally were to be held April 11 until bad weather forced a postponement, was William H. Nestle, State jail inspector.

Injunction Bans M59 Drag Strip

Judge Supports Zoning Law in White Lake Twp. Appeal Looms

WHITE LAKE TOWNSHIP — A permanent injunction restraining Robert Amos, owner of the Pontiac Speedway on M59, from operating a drag strip here was issued yesterday by Circuit Court Judge H. Russell Holland.

Judge Holland stated in his decree that the defendants can not maintain a drag strip on two parcels of property adjacent to the speedway because the areas are zoned agricultural.

Amos said he would take the decision to the Michigan Supreme Court.

Township Supervisor Edward Cheyz, who led the township fight against the proposed drag strip, said, "It's wonderful. The decision determines the pattern of the future growth of the township."

"If our township zoning ordinances aren't strong enough to restrict unsuitable enterprises, what good are they?" he added.

"There should be no exceptions to the rules."

The township filed suit against Amos a year and half ago and was granted a temporary restraining order that halted the track owner from continuing construction of the drag strip.

Amos had spent some \$50,000 on the drag strip and needed an additional 15 acres of his property north of the track to complete the facility.

The property was zoned agricultural and his request was turned down by the Zoning Board. The Zoning Board of Appeals also refused him permission.

Amos said the property was necessary in order to build a curve that would allow the cars to slow down and return safely to the starting area.

Stock cars racing on the present oval will be allowed to continue. It was not an issue in the suit.

1st Foreign Freighter: In

DETROIT — The Fairhead 1961, first foreign freighter of the season, arrived in Detroit Thursday, brought out of Belfast, Ireland. The ship, out of Belfast, carries a load of whisky, office machines and other European products.

Vote With Majority

WASHINGTON — Sens. Hart and McNamara of Michigan, both Democrats, voted with the majority Thursday as the Senate passed 65-38 the administration's minimum wage bill.

Jawor-Gilmore Rite

Honeymoon in South

WALLED LAKE — Roberts Gilmore and John Jawor exchanged their nuptial vows in an afternoon ceremony Saturday at Sacred Heart of Jesus Church in Dearborn. Rev. Gabriel Grzeski performed the double ring rite.

The bride's parents are Mr. and Mrs. Robert Gilmore of 174 S. Pontiac Trail. The bridegroom is the son of Mrs. Frank Jawor of Dearborn.

For her wedding the bride chose a full-length gown fashioned with a lace bodice and high, scalloped neckline adorned with seed pearls and multicolored sequins, and a bouffant skirt of tulle.

Her sequin crown held a finger-till veil and she carried a bride's bouquet of white orchids and stephanotis.

Maid of honor was Carol Gilmore. Marjorie Gilmore and Marjorie Gordon were bridesmaids.

Assisting as best man was John Jedynek of Dearborn with Danny Jawor and Dennis McIntirey, both of Detroit, serving as ushers.

Flower girl was Bonnie Miles. The rings were carried by Charles Brooks.

Following the ceremony a reception was held at the Wolverine Hall in Redford after which the newlyweds left on a two-week honeymoon trip to Florida.

Upon their return they will reside on Farmington Road in La-Tonia.

Thieves Break Into Silver Lake Golf Club

Sometime early yesterday, thieves broke into the Silver Lake Golf Club at 2602 W. Walton Blvd. Waterford Township and made off with more than \$500 worth of merchandise, according to the owner, Frederick Green of Goodrich.

Township police said that when an attempt to rip off a side storm door to the pro shop failed, the thieves then smashed a side window and crawled through.

Taken were golf shirts, golf balls and 36 golf clubs.

Drowns in River

BERRIEN SPRINGS — A canoe capsized in the St. Joseph River Thursday and Eugene Hanke, 19, of Chicago, a student at Andrews University, drowned. A companion, Gary Holman, 18, of Galien, Ohio, swam ashore.

Decision Difficult but Work Satisfies

Pilot Quits AF Job to Become Minister

DUNSMUIR, Calif. (AP)—From Air Force pilot to God's copilot was a difficult switch, the Rev. Boardman Reed of St. Barnabas Episcopal Church here says. He became a minister after a 30-year flying career.

Neither the church nor his associates seriously accepted his determination to relinquish his rank as an Air Force Lieutenant Colonel to study for the ministry in 1935.

Father Reed explains that his background was Episcopalian but that there was no particular emphasis on religion in his youth. He first felt the personal impact of the Christian message through association with a group of dedicated engineers at North American Aviation in Los Angeles in 1948. He began to feel closer to the priesthood later on, when he saw missionary work in Japan.

Stationed near Sacramento, Calif., after Korean hostilities ceased, he expressed his groping hopes to Bishop Noel Porter of the Episcopal diocese of Sacramento.

Bishop Porter outlined a pro-

gram of study and prayer. Father Reed pushed on with applications to various seminaries. Most replies were discouraging, and the Air Force routinely rejected his request to quit active duty. An application to the Anglican Theological College in Vancouver, British Columbia, finally was accepted and the Air Force relented.

Now 47, Father Reed was born in Pasadena, Calif., and attended school there, including Pasadena Junior College.

He admits he does miss the association with his fellow officers.

LIFE IS CHANGED

Unmarried, he finds bachelor housekeeping interferes with the more absorbing phases of the ministry.

The things people expect him to miss the most, the salary and status of a flying officer, are relatively unimportant, he says.

"In choosing a new life, I feel I was able to leave one completely

behind. I have been a full participant in that part of propeller flight.

He served in World War II and returned to Air Force duty during the Korean War, switching from bombers to fighter planes.

"People are prone to associate my choice to become a minister with my war experiences," Father Reed says.

It was not the horror of combat that led him to seek God, he explains, but the evaluation of life in the interim between wars.

"Perhaps my grandfather's example gave me courage," he says.

Romeo Man Added to State Police Force

A Romeo resident is among 27 Michigan State Police recruits who were added to the force Wednesday, and one of the new troopers has been assigned to the Pontiac post.

The class, which completed eight weeks of instruction, brought the strength of the state police to 1,117, 28 under the authorized force, Gov. Swainson and Commissioner Joseph A. Childs attended the graduation ceremonies in East Lansing.

Among the graduates was Fred Greenleaf of 3905 W. St. Clair, Romeo. He has been assigned to the Newaygo post. He is the son of Mrs. Grace W.

Greenleaf of 7351 Greeley St., Utica.

Being assigned to the Pontiac post is Rudolph G. Monquist of Cadillac.

St. Steven's Lutherans Plan Dinner on Sunday

There will be a family style pot-luck dinner at 6 p.m. Sunday at Waterford Township's St. Steven's Lutheran Church, 3765 Sasahaw Road.

Following the dinner hour, Robert Hobering of the Lutheran Children's Home in Dearborn will present a film, "Deep Well." It was produced by the Children's Welfare League of America. All interested persons are invited.

Plans for a 6:30 p.m. May 12 Mother and Daughter banquet will be completed by the sponsors, the church Men's Club.

Canada Highway Still Incomplete by 1,000 Miles

OTTAWA (AP)—Completion of the Trans-Canada Highway, often promised, won't come this year.

About 1,000 miles of the 4,500-mile route still lack pavement. Plans for 1961 construction cover less than half that mileage.

Work is virtually complete in four provinces—Prince Edward Island, Manitoba, Saskatchewan and Alberta—where the terrain allowed fast building.

In other provinces the road is open to traffic but large portions are not up to standards set for the two-lane paved route.

The road—longest national highway in the world—has been under construction since 1950.

The U.S. has about 1,000 roadside fires every day.

Eichmann Says 'Not Responsible,' Obeyed Orders

JERUSALEM (AP)—Adolf Eichmann, in his memoirs, depicts himself as an administrator, not the executioner of millions of Jews—a crime for which he stands in the dock in Jerusalem.

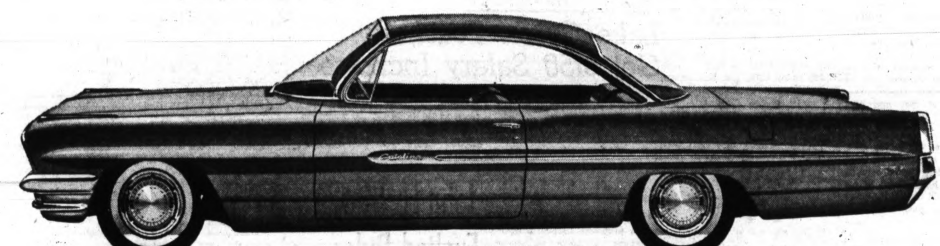

Israel Thursday released Eichmann's memoirs, dictated into a tape recorder and then transcribed, after his capture in Argentina and return to Israel last year.

The transcript shows that the former SS officer, in the earliest stages of his interrogation in Israel, insisted his was only an administrative and reporting job. It also discloses that reports on the number of Jews killed went to Hitler, and the Nazi leaders took steps to keep the murders a secret by ordering the files destroyed.

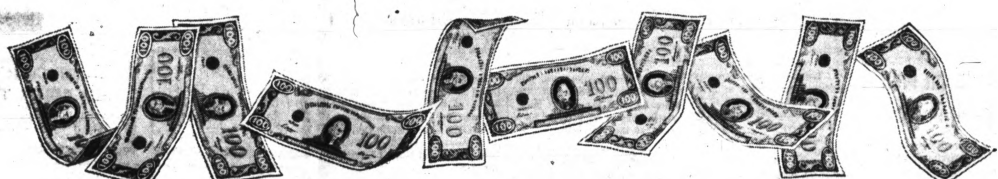

Win Traffic Awards

LANSING (AP)—Grand awards for self-improvement in traffic law enforcement have been presented to Van Buren County Sheriff Fred E. Roper Sr. and Washtenaw County Sheriff George A. Peterson by the Michigan State Safety Commission and the Michigan Sheriff's Association.

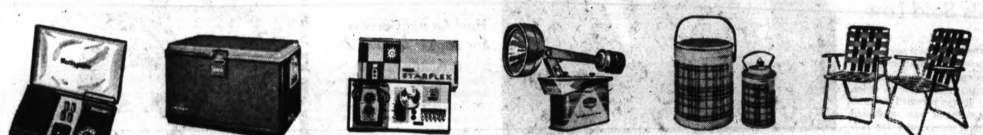

Made your vacation plans yet? Thinking of driving? Read on. Starting next week—for six weeks—you can be one of six lucky winners of handsome 1961 Wide-Track Pontiacs.

And, for "spending money," one thousand dollars in cash will be given to every lucky

Pontiac winner! And that's not all. Each and every week, more than 1300 happy people will receive great vacation prizes like these...

Over 8000 prizes! It's all part of Marathon's new and exciting Vacation Sweepstakes which starts on Monday at authorized Marathon service stations everywhere. Get full details in the special announcement ad next week in this newspaper. Then be sure to enter!

TWENTY-ONE

Yearbook Staff Named at PCH

Pupils Start Working
on 'Quiver,' Musicians
Host Local Rotarians

By BARR GRIFFIN
Editors for the 1962 Quiver have recently been announced at Pontiac Central High School.

New staff heads include Karen Allhouse and Mary Stoehr, co-

editors; Susan Dailey, copy reader; Linda Angler, business manager; and John Davis and Tom Watson, photographers.

Also named were Lois Zimmer, advertising; Andrea Tynan, copy; and Helen Pritchett, index.

Other new editors are LaNetta Rowston, art; Kathy LaCore, underclassmen; Bob Bedford and Dennis Kachinski, sports; Susie Dave, faculty; Judy Hillman and Betty Crawford, activities; and Yolanda Perazzo, seniors.

"Man in Space" is the topic of this Sunday's Youth Forum discussion on WPON. This program, which is sponsored by Rev. Daniel Wallace and moderated by Rev. Frank Adams is presented at 1 p.m. each Sunday.

The four regular members of the quartet are Andrea Tynan, Richard Zepko, Judi Wolverton, and Dennis Dilly from Pontiac Central.

Each week a guest pianist also speaks his views on the various topics, on the international, national, state and local level.

SERENADE ROTARIANS
The Pontiac Central Music Department entertained members of the Rotary Club, yesterday afternoon.

The service club met for lunch in the Central cafeteria and then moved to the auditorium for the musical program.

Groups performing for the men were the choir, senior girls ensemble, and the Caribbeans, directed by Jerry Libb; the Junior Girls Ensemble and Songspewers, directed by Michael Dempsey; and the band, directed by Richard Morse.

Students who have sold at least \$3 worth of subscriptions in the magazine drive will attend the talent show Monday morning.

Try-outs for the show were held over a month ago and the cast has been in rehearsal since that time, under the direction of Marilyn Fair.

Final performances of the Dolphins water show "Temptation" will be given tonight and tomorrow night at 8 in the Central pool. Tickets are 75 cents and will be available at the door.

The cheerleaders have announced the dates for tryouts.

Anyone wishing to tryout must attend the clinics May 11 and 12. Girls wishing extra practice may attend the "bonus" clinic May 13.

At these clinics, the present squad will teach the required cheers to all interested girls. Actual tryouts will be May 15 and 16. Announcement of the 1961-62 squad is scheduled for May 17.

**Mailman Finds City
but Gets Country Wrong**

PARIS, Tenn. (UPI)—Several weeks later Mrs. A. H. Bardner received a Christmas card from Chicago, via Paris, France.

The card had been mislaid to France, although it was correctly addressed Paris, Tenn.

WHO DUNIT? — That's a big question at St. Frederick High School right now, and the truth won't be known until May 20 and 21. These students are rehearsing the senior class play, "High Ground," to be presented in the parish hall at 8 p.m. those dates.

Two sleuths, Trino Sanchez (left) of 180 E. Pike St., and Tom Ritter of 2915 Edgfield Drive, Waterford Township, eye two suspects, Barbara Kast (left) of 115 E. Square Lake Road, and Kathy Harris of 2100 Lancaster St., both of Bloomfield Township. One of the girls is a murderess. Sanchez plays the role of a doctor while Ritter is a handyman. Rehearsals are in full swing now for seniors, but the rest of the student body will have to wait a few weeks to find out which roles the girls play in the suspenseful mystery.

Clarkston High Fair Is Today

Art, Literary Projects
Included; Will Make
Awards Saturday at 2

By JANET TISCH
Clarkston High School's annual Science Fair opened today.

Projects have been entered by biology, chemistry, and physics students and include a wide variety of exhibits ranging from bacteria growths to projects proving molecular theories.

Last year's winners have also entered new projects or have expanded last year's exhibits.

Art, literature and industrial arts students were also eligible to enter projects.

When the judges came by today examining the works, they enjoyed the fine assortment of exhibits in these categories.

PUBLIC INVITED
High school students are eligible to win a grand prize trophy or one of five medals awarded.

Projects were judged on quality, neatness, how well they expressed the idea behind them and how well the participant answered the judges' questions.

Tomorrow will be the last day of the science fair.

The general public is invited to attend and observe the excellent work that has been put into making the fair a success.

Awards are scheduled to be made at 2 p.m. Saturday.

3 Ex-Michaelites Win Distinction Honors at MSUO

By PAT BURNS
Honors were recently bestowed on three alumni from St. Michael's High School as they earned high academic awards at Michigan State University Oakland for the 1960-61 winter term.

John Fortier, a graduate in the class of 1959, received the honor of being chosen a student of great distinction.

Louis Michael a 1953 graduate, and Shelagh O'Rourke a 1959 graduate, also received honors as students of distinction.

The Junior-Senior banquet is student of great distinction, a student cannot have a grade of less than B, with a grade point average between 3.50 and 3.59.

To earn the classification of student of distinction, a student must have a grade point average between 3.00 and 3.50.

Last Tuesday the junior and senior girls were privileged to attend a lecture given by Mrs. Rosemary Brown, graduate of Nazareth College.

Mrs. Brown spoke on the importance of obtaining a well-rounded education, emphasizing the opportunities available at Nazareth College.

Monday, the senior class had the day off as John Brown, American History teacher, took his history students on an extended tour of Greenfield Village and the Henry Ford Museum.

The tour began at 9 a.m. and terminated in late afternoon. The desire of every senior to attend this event indicated their great interest in Early American Life.

Young Scientists Shine at Linnaean Science Fair

By DICK SAUNDERS
School News Editor
The Seventh Annual Science Fair, sponsored by the Linnaean Society at Pontiac Central High last weekend, certainly lived up to its theme: "For a Better World for Tomorrow."

There were more than 300 reasons why tomorrow the world might be a little better to live in.

Of the 339 student projects on display in the west wing of the high school, 301 won awards.

These included 19 superior, 53 excellent, 118 good, and 129 fair ratings awarded students from all grade levels.

Probably proudest of all were Albert Yee and Cindy Strine. Scientists are usually calm and calculating — able to take such things in their stride.

But these two "scientists" just plain jumped for joy. You see, Albert is 10 and Cindy is 11.

Atomic research expert Yee, a 5th grade pupil at Central Elementary School, took first place in the elementary division with his "Atom Structure" project.

Cindy, delving into the mysteries of biological research, ran away with second prize for her project, "Frogs." She's in the fifth grade at Webster School.

TIE FOR FIRST
Not far behind in enthusiasm were two Washington Junior High ninth grade students James Proud and Dale Quinn, both 15.

They tied for first place honors in the junior high division. James exhibited a project called "The Metabolism of a Mouse" and Dale displayed a "Diode-Switch Matrix."

Second place in junior high honors went to Gaibe Hardy, 15, a ninth grader at Eastern Junior High.

Waterford Township High School made a clean sweep in the high school division with the fair's most outstanding single display of scientific achievement.

Charles Banks, a senior, and William Pelletier, a junior, tied for first place. Second place was taken by Alan Watson, a junior.

Banks exhibited the result of a study of X rays and how they can

be used for good or bad in his project, "Are X Rays Harmful to Mice?"

Pelletier came up with an equally outstanding, and possibly more intriguing, project "The Synthesis of Nicotine."

An exhibit of homemade lab equipment and its uses earned Watson runner-up honors.

Judging from the wide variety of ideas displayed, the Pontiac area is blessed with many, first rate scientists of tomorrow.

**Junior Play Tonight
at Bloomfield Hills**

By DICK NETTKE
Anyone who likes a good mystery should enjoy himself at the Bloomfield Hills High School annual junior play tonight and Saturday at 8 p.m.

The play, "Sign of the Four" is a Sherlock Holmes thriller.

Being under the expert advisement of Glenn Wooster, the play promises to be an evening of good entertainment.

The Girls' Athletic Association of Bloomfield Hills High sponsored a fun-filled carnival last Friday night, complete with wet-sponge-throwing, baseball — throws, and even a place where one could buy five minutes in jail for a loved one.

Pontiac Northern Pupils Print Pictorial Review

By BILL HAMSEY
Eight pages of memories have been circulating around Northern this week.

"Husky High-Lights," a pictorial review of people and events at Northern, hit the stands Monday and copies were snatched up eagerly by the dozens.

The idea had its birth some time ago in the fourth and fifth hour English classes of Mrs. Ann Morrow, advisor to the school newspaper "Polaris."

Since Northern opened in 1959, countless mounted pictures have been used just once and then set aside.

These pictures held a record of school life that was just waiting for someone to put it together in compact form. Finally the two classes decided to tackle the project, each making up four pages for an eight-page issue.

CLASSES ORGANIZED
In addition to being both interesting and humorous, "Husky High-Lights," soon became a valuable exercise in journalistic problems. Quickly the classes organized business managers, publicity crews, errand runners, and all the specialized groups needed to prepare the paper.

Boys and girls learned to fit pictures to a desired shape, arrange copy, and choose apt and vivid words.

They grappled with cutlines, headlines, and deadlines; wrote, rewrote, rearranged, evaluated, and emerged with a fine brain-child.

**West Bloomfield
Seniors Close-in
on Final Target**

By CAROLYN MAVES
The senior class at West Bloomfield High School is really moving!

Throughout the past two years, this senior class has been working hard to earn the honor of being the first to graduate from the school.

The trip is just about here and seniors now realize that it will be worth all the work.

The class will leave May 28 and spend a five-day vacation in New York City. Exams will be over for the seniors so they will not have a thing to worry about.

The band also will feature Victor Bordo, band director of Troy High School, as guest conductor.

Bordo was the conductor of the Cass Tech High Band and assistant conductor of the South Oakland Symphony Orchestra. He is presently assistant conductor of the Michigan Opera Company and conductor of the 70th Division Army Band.

The band will perform "The English Folk Song Suite" by Ralph Van Williams; "Mabuco" by Verdi; and "Valse Compassee" by Marenzeller.

And, vocational Agriculture Department, beef feeding operation; Sandra Brown, insects collection; Paul Miller and Bill Rice, milk testing; and Darryl Lambertson and Larry Spidler, geiger counter.

And, Wayne Whittaker, North American animals; Dan Hoover, Gilbert Fulk, Charles Haddrell, the swan, and Bill Vernier, plants in greenhouse.

Five first-place ribbons were also awarded to students from the junior high school and 15 students from the Daniel Axford Elementary School.

All entries were judged by six Oxford area residents.

**First Fair Held
at Oxford High**

By LINDA JACOB
The first Science Fair in the Oxford Area Community School District was held last Friday and Saturday at Oxford High School.

A total of 115 entries were submitted by students from the grade school, junior high and high school. The winners were presented ribbons for first, second and third places.

High school students awarded blue ribbons for their entries included Connie Wilkinson, a master control; Norma Gelsler, microscope life; Doug Smidgen, fossil collection; Mike Marshall, building blocks of life; and Janice Blocher, true facts of heart.

And, vocational Agriculture Department, beef feeding operation; Sandra Brown, insects collection; Paul Miller and Bill Rice, milk testing; and Darryl Lambertson and Larry Spidler, geiger counter.

And, Wayne Whittaker, North American animals; Dan Hoover, Gilbert Fulk, Charles Haddrell, the swan, and Bill Vernier, plants in greenhouse.

Five first-place ribbons were also awarded to students from the junior high school and 15 students from the Daniel Axford Elementary School.

All entries were judged by six Oxford area residents.

BOARING REHEARSAL — Avondale High School juniors are currently rehearsing their junior class play, "The Boaring Twenties." The three-act comedy will be staged May 5-6 with 8 p.m. performances each day. In this scene, Ernest Reynolds, 17, proposes marriage to Donna Haddix, 16, while the ever-present little sister, Martha Schaffer, 17, listens in. Ernest

plays the role of Nero Aintree, while Donna and Martha play the parts of Karen and Della Dunne respectively. They've been rehearsing about six weeks now under the direction of David Bates, speech and dramatics instructor. The play will be presented in the high school auditorium with tickets going for 75-cents for adults and 50-cents for students.

A new mixture concocted by one thing and emulsification agent. This of the "biggest rose growers is one reportedly leaves no spots but based on copper oleate with a wet-cause it contains no residue.

Budget Garden Needs Planning

A meal in a cafeteria can prove to be a highly expensive proposition, if we break loose and against our better judgment order every dish in sight. The same holds true when planting a budget garden. A little judgment can save you a lot of money.

Don't pick the seed packets from the rack or catalog indiscriminately. Select only the vegetables that you and your family enjoy eating.

Make a chart and put down the potential yield of vegetables from each packet of seeds and the cost per packet. In another column, put down the comparative going market price of the same amount of fresh vegetables. This way, you'll be able to make a rough estimate of which vegetables, planted in your own garden, will save you the most money.

Practically every family has food preferences, so, if your family is unusually fond of certain vegetables, plan to plant more of the popular varieties than would ordinarily be found in a garden.

Be sure and get top yield out of your garden plot by avoiding vegetables which take up a lot of space to grow. You can grow all the vegetables an average family of four can eat during the summer on an area 20 by 40 feet, provided you make use of your garden air rights. The smaller the plot, the more important it is to plant climbers such as tomatoes, cucumbers, pole beans, lima beans and tall peas.

If you have the space, plan to plant enough extra vegetables to take care of the winter months, and can the surplus.

Air Out Soil to Kill Knotweed Areas

Whenever knotweed or wiregrass appears, it usually indicates that the soil is compacted and needs attention. This is frequently the case along paths or the edges of driveways, where feet or wheels continually press down. The soil becomes so hard and airless that it is impossible for grass to grow. Knotweed is a summer annual which starts growing in those bare, hard spots in late March and early April. Initially it looks like a grass plant, then smooth bluish-green leaves open and it assumes its broad-leaf form. That is the time for treatment.

The best solution for knotweed areas is aeration. Chemicals will eradicate — but they do not solve the entire problem when they kill the weeds.

ARBOR DAY PREPARATIONS — Clifford Bentley of Waterford Township digs a deep hole in front of the Community Center, to plant one of the four blue spruce trees he donated in commemoration of Arbor Day tomorrow. Watching the proceedings are Cheryl Knott, William Barrows and Mrs. George Dean. The Waterford Township branch of the Women's National Farm and Garden Association are sponsoring all-day festivities at the center and have donated an additional \$500 to complete a \$1,000 fund for beautifying the grounds. The public has been invited, and each person will receive an Austrian pine seedling, donated by Mrs. Edmund Windeler and Bentley.

and Garden Association are sponsoring all-day festivities at the center and have donated an additional \$500 to complete a \$1,000 fund for beautifying the grounds. The public has been invited, and each person will receive an Austrian pine seedling, donated by Mrs. Edmund Windeler and Bentley.

Get Pruning Chores Out of Way Now

Before the rush of other spring chores, now is a good time to get the annual shearing of evergreens out of the way.

This is a "must" overlooked because of a myth held by too many gardeners, to wit: Annual pruning may be harmful. Actually it's essential for most specimens to keep their size in proportion to their surroundings. Ground rules for pruning evergreens are relatively simple.

Arboreal, taxus, juniper and other fine growing sorts can be cut with little or no regard to the latest growth. Hardly, these plants have the ability to start back anywhere alone their stems. They generally will respond no matter how severely cut back.

On the other hand, such coarse growing trees with determinate growth as pines, spruces and firs, require judgement and a steady hand. Pruning should be restricted to two-thirds of the current growth. You can easily tell new growth from old; it is lighter in color. Pines, spruces and firs need pruning mainly when they are used as hedges and screening.

Foundation plantings are another matter. Judicious pruning each spring can extend their life span.

This may be as little as 8 to 10 years or as much as 25 to 30 years. The mortality table depends upon variety, function, quality and the amount of care and pruning given. Foundation plantings are not intended as a permanent part of the scenery, however. They are beautiful when young but have a tendency to outgrow their locations and become unsightly. Warning: Do not prune evergreens now that

Starting a new lawn this spring?

1. Don't worry about poor soil. You don't need to go to the trouble and expense of bringing in topsoil. Any soil — even subsoil — can give a satisfying lawn with regular feedings of Scotts protein-building TURF BUILDERS.

2. Don't be taken in by seed "bargains." You want a good lawn, not a hayfield. Cheap mixtures contain wild grasses that will plague you for the life of your lawn. Scotts seed is all good grass, perennial and weed-free.

3. Don't plant the wrong kind of lawn. Be realistic. If you need a lawn that stands up to the punishment of children and weather, choose Scotts PLAY seed. If appearance is paramount, Scotts FAMILY or CLASSIC.

Ask us about the Scotts guarantee... a better lawn or your money back!

WITH THE PURCHASE OF SCOTT'S 'HALTS' or 'TURF BUILDER' YOU GET SCOTT'S NO. 35 LAWN SPREADER — Regularly \$16.95 — NOW ONLY \$11.95

AND LAWN CENTER

756 N. PERRY at Joslyn

FE 4-8234

Sterile Soil Needed

Tomatoes, peppers, eggplant and other small stuff started from seeds should be grown in soil sterilized by heat or chemicals. If hotbeds or coldframes already are established, treat the soil or replace it with clean soil. If possible, have your soil analyzed; then fertilized and lime as recommended.

A thick healthy growth of lawn grass is the best way to crowd out and to discourage growth of pestiferous weeds later on.

Tips on Sowing Seeds Indoors

INDOOR WORK — Planters? For sowing seeds indoors, you can use practically anything from regular flats to strawberry boxes lined with foil, hothouses made of bottles, milk cartons, coffee cans or cake tins.

Good Trees on Property Will Pay Off in Future

Mass produced suburban home developments can be rushed to completion in weeks or months, but it takes a bit longer to establish the landscaping. The ready-made landscaping that often comes with mass-produced housing is sometimes done on a mass basis too. In order to obtain a lawn turf quickly, and to rapidly secure erosion control, lawns may be seeded with fast growing grasses that are not necessarily of very satisfactory quality.

Some of the shrubs may be of fast growing sorts too; excellent for immediate effect but perhaps not too desirable to live with. M. R. Foster, field representative of The Davey Tree Expert Co., explains that while these plantings may be well justified from the standpoint of cost and quick showing, they may be of questionable virtue in the long run. He particularly deplores tree plantings that include such species as Chinese elms and silver maples and urges their immediate replacement with trees that will develop into stronger, more trouble-free and much more beautiful specimens.

For example, the less desirable silver maples with two-inch diameter trunks are quoted at \$5-\$10 each, while highly desirable sugar maples, growing in the same area, are usually priced from \$10-\$15 each. Oaks, sweet gums and lindens, all superior shade trees, run slightly higher. The price differential between good and bad often is only a few dollars — a fractional part of the overall investment.

Indoor Sowing Speeds Plants

Start your seeds indoors and you'll have blooms earlier and they'll last longer. Indoor planting is also excellent for seeds that take longer to mature.

1. Seeds can be planted indoors in practically anything from a conventional planter to a coffee can or half of a milk carton. An excellent little hothouse can be made by cutting off the bottom of a gallon or half-gallon bottle and putting it over a coffee can. The circulation of air is excellent as it comes in under the bottom of the bottle and goes out through the top.
2. Planters should have sub-irrigation to prevent damping off of tiny seedlings.
3. Vermiculite and sphagnum moss are excellent for starting seeds, as they are disease-free.
4. Soluble plant foods are ideal for giving young seedlings strength and stamina.
5. Good health for seedlings depends on adequate light, temperature control and proper watering.
6. Seeds do not need light to germinate. However, as soon as the seedlings are up, give them full light at a warm window. In weak light they stretch and get spindly.
7. Temperatures should be from 60 to 70 degrees until seeds sprout. After that, 55 to 65 degrees is best. If it gets too hot next to the window, shift the planter to a cooler place to keep the seedlings from getting soft.
8. Too much water rots tiny plants; not enough water will cause them to shrivel. Dampen them lightly but don't soak them.
9. In four weeks or so, young seedlings will be ready to be thinned out and transplanted to other boxes, cold-frames or a protected place outdoors.
10. Seedlings should be "hardened off" before finally being planted outdoors in the garden.

Rust, powdery mildew and blackspot make your roses and other flowers unsightly. These diseases are most prevalent in damp weather. Your garden supply store has preventatives.

Mums Ignore Frost

Light frosts don't bother good garden mums. Even if coloring changes a little, lighter or deeper, they remain clean and attractive. Blooms are long-lasting, both on the plants and as cut flowers. Cut-

flowers should last 2 or 3 weeks if their water is kept fresh and stem ends clipped to absorb it.

Abecuta, a town of about 70,000 in Nigeria, is surrounded by a wall of hardened mud which is nearly 30 miles in circumference. In the old west the six-shooter put men of all stature on an equal footing. Today it's done by the income tax. The modern father doesn't mind letting his son buy the family car. It gives Pop a chance to use the phone.—Earl Wilson.

Withhold Dividend Levy at Source?

Double Taxation...or Windfall for Wealthy?

By SAM DAWSON
AP Business News Analyst

NEW YORK — Double taxation? Or a special windfall for the wealthy?

That's the argument that swirls around President Kennedy's proposal to tax dividends in full and to withhold 20 per cent of the payment at source to be sure of getting the tax.

There are about 15 million Americans who own stocks. All most all get dividend checks and the rest wish they did.

In the first three months of this year corporations paid out \$3.1 billion in cash dividends, a bit more than a year ago. Total payments tend to grow steadily, even during recessions.

But in attacking present laws granting partial deductions for tax purposes, the President declares: "About 80 per cent of it (dividend income) accrues to that 6.5 per cent of taxpayers whose incomes exceed \$10,000 a year."

He says that persons with incomes below \$5,000 a year get only about 10 per cent of total dividend payments.

HELPS THE RICH
His argument is that exempting part of dividend receipts from income tax payments largely benefits the more affluent minority.

He adds that repeal of this tax exemption would benefit the Treasury by \$50 million a year.

Present revenue laws exclude from taxable income the first \$50 of dividends received. The taxpayer then can claim a credit of 4 per cent on amounts above this \$50 a year.

The partial exemptions were set up in 1954 after President Dwight D. Eisenhower brought up the big arguments against taxing dividends at all:

DOUBLE TAXATION
1. That this is double taxation, since dividends are paid out of company earnings after these have already been taxed up to 50 per cent.

2. That dividend taxation discourages investment, because it may keep some people from putting their savings in stocks. Also this tax (like all income tax payments to some extent) hampers building up funds that normally would be invested in new enterprises or in expansion of old ones.

President Kennedy says that the present partial exemptions "serve neither purpose well." He says "the broader question of tax rates applicable to high incomes should be examined next year in a general tax reform measure."

CONGRESS WILL HEAR
Those who deny double taxation—that is, tax payments by the companies on the money they gross, and then by the stockholders on the portion of net income after corporate taxes which they receive as dividends—aren't likely to be mollified by this argument, and Congress will probably hear even more from them shortly than it has in the past.

The President's other proposal along this line is to withhold 20 per cent of "corporate dividends and taxable investment type interest."

He charges that too many recipients of dividends and interest payments neglect to report them along with their other income. The proposal is that the Treasury collect first and then let anyone whose income wouldn't require they pay that much over in taxes put in for refunds.

Again the argument is that those who would be most inconvenienced by having dividends

checks shrunk and by having to put in for refunds receive only a small portion, total dividends anyway. The argument assumes that the more affluent would, or should pay anyway.

Neither proposal will be popular with stockholders, with corporate officials who have to do the paperwork involved in withholding, nor with foes of double taxation.

County Housing Is Off 4.3 Pct.

Oakland County almost held its own in new housing during the first three months of 1961, but new housing for the three-county metropolitan area was 34.5 per cent down from last year, according to the Detroit Metropolitan Regional Planning Commission.

New Oakland County homes totaled 711 for the first quarter, compared with 742 last year. The county is off 4.3 per cent.

Wayne County was off 56.6 per cent, with 448 new homes so far this year compared with 1,032 during the same period last year. Macomb County, with 1,333 homes last year and 874 this year, is down 34.3 per cent.

Outside Detroit, Warren had the most new homes with 568. Royal Oak was fourth with 125. Southfield Township eighth with 83. Bloomfield Township ninth with 76 and Farmington Township tenth with 68. Pontiac had 18 and Waterford Township 35.

Other Oakland County figures supplied by the commission:

Addison Township, 1; Avon Township, 31; Beverly Hills, 6; Bingham Farms, 6; Birmingham, 19; Bloomfield Hills, 3; Brandon Township, 1; Clarkston, 6; Commerce Township, 14; Farmington, 36; Franklin, 3; Groveland Township, 1; Highland Township, 6; Holly, 7;

Holly Township, 1; Independence Township, 7.

Also Lake Angelus, 6; Lake Orion, 2; Lathrup Village, 3; Leonard, 6; Milford, 6; Milford Township, 6; Novi, 8; Oakland Township, 2; Oak Park, 5; Orchard Lake, 3; Orion Township, 7; Orionville, 6; Oxford, 1; Oxford Township, 2; Pontiac Township, 19; Quakertown, 0; Rochester, 2; Rose Township, 0; South Lyon, 3; And Springfield Township, 2; Sylvan Lake, 1; Troy, 21; Walled Lake, 6; West Bloomfield Township, 13; Wixom, 6; Wolverine Lake, 6; and Wood Creek Farms, 6. Home demolition in Keego Harbor resulted in a net loss of two homes.

In Macomb County, Armada, 1; Armada Township, 6; Bruce Township, 1; Romeo, 6; Shelby Township, 34; Sterling Township, 31; Utica, 2 and Washington Township, 3.

Rep. Law to Preside at Dem Club Sunday

State Rep. Arthur Law, D-Pontiac, will preside at the monthly meeting of the Democratic Club of Pontiac Sunday at 2 p.m. in the Fisher Body Local 596 Hall, 821 Baldwin Ave. Various committees will be appointed. Refreshments will be served. The meeting is open to the public.

ELECTRIC HOMES
will still be modern when she grows up

Keep the future in mind when you buy! Only one home in five is truly modern now and prepared for the electrical wonders to come—and the medallion below identifies the home. It's more fun (and less work) to live in an Electric Home where electricity gives you the power to preserve and cook food, wash the dishes, wash and dry the laundry, heat the water, and light up work and play—all the modern flameless way. Every Electric Home offers . . . ■ Total electric kitchen with built-in electric oven and range for cooking without looking. ■ Electric water heater—silent, flameless and trouble-free—supplies lots of hot water over a long, long life. ■ At least two other big work-saving appliances such as food waste disposer, dishwasher, refrigerator, freezer, washer, dryer. ■ Light for Living, with path-of-light switching and permanent fixtures picked by experts for eye comfort, good looks and safety. ■ Certified Wiring with plenty of circuits and outlets for dependable operation of today's worksavers, plus extra capacity for tomorrow's. Includes special circuit for electric clothes dryer.

An Electric Home is a better investment, too. Should you subsequently move, you can be sure that it will bring a better resale price than a similar home without a built-in electrical future. For complete information, mail the coupon below.

Orders Blackout on Defense News

Newspaper Association
Protests Bring Action to Light Today

WASHINGTON (UPI) — The Defense Department, which is under increasing criticism for restrictions on information, has ordered a blackout on news concerning missile tests.

Its unannounced action came to light today in the wake of protests by the freedom of information committee of the American Society of Newspaper Editors (ASNE) about barriers to newsgathering in the Defense and State departments.

There have been mounting complaints from newsmen about difficulties in gathering information on a gamut of defense matters, ranging from broad policy actions down to picaresque details.

The influential Army, Navy, Air Force Journal commented today that Defense Secretary Robert S. McNamara and Asst. Secretary Arthur Sylvester "are striving to increase the amount of information which they believe should be withheld from the public."

It said they are doing so "surely with full White House support." The Pentagon attitude is that "newsmen should not write stories about official matters that are still in the discussion stage," the journal said.

The new missile order was issued to the military services by Sylvester, a former newspaperman who is in charge of Pentagon public relations.

Muskets are powerful swimmers, and when changing localities prefer to travel in water rather than on land.

EARL A. MAXWELL

Made Chairman of College Fund

Earl A. Maxwell Gets
Job of Collecting for Negro Schools

William H. McGaughey, state chairman of the 1961 United Negro College Fund campaign, today announced the appointment of Earl A. Maxwell, personnel director at GMC Truck & Coach Division, as Pontiac area chairman.

Maxwell, of 5855 Lehigh Road, Bloomfield Township, will supervise the solicitation of funds slated to begin May 1 in this area as part of a nationwide appeal.

The fund aids financial support of 32 colleges and universities in the South and is devoted primarily to providing an opportunity for advanced education to youth within the area served by the institutions.

Last year Michigan residents' contributions exceeded the state goal of \$200,000.

Gary Stays Same, Doctors Report

LOS ANGELES (UPI) — Doctors reported today there has been no change in the condition of actor Gary Cooper, who is gravely ill at his Bel-Air home.

Spokesmen for Cooper said the doctors were flooded with phone calls Thursday seeking information on his condition.

Ike 'Hale and Hearty' After Hospital Checkup

WASHINGTON (AP) — Former President and Mrs. Dwight D. Eisenhower left Walter Reed Army Hospital Thursday after overnight checkups "looking hale and hearty."

Hospital officials gave that description of the Eisenhowers after they had left by automobile to return to their home in Gettysburg, Pa. They had arrived at the hospital Wednesday.

To Sell Cuban Planes for Debts in Miami

MIAMI (UPI) — Four commercial Cuban airliners and the 526 bomber flown here last Saturday by a defecting pilot will be sold at public auction next week to satisfy debts owed in this country by the Castro government.

Circuit Judge Francis J. Christie Thursday authorized the auction to pay off a Cuban debt of \$429,698 to a Miami advertising firm which handled a 1959 tourist promotion for Castro.

British Ships Reported on Way Toward Cuba

MIAMI, Fla. (AP) — Two British warships have been ordered to take on fuel and prepare to steam towards Cuba, the anti-Castro Radio Swan reported early this morning.

The station, operating on Swan Island in the Caribbean, said that the two ships, the Ulster and the Rothesay, are taking on fuel in Bermuda preparatory to heading for Cuba to "protect British interests there."

A later Swan news program said that large numbers of "teachers, students, workers, peasants and housewives" are joining anti-Castro forces in the Escambray Mountains.

The broadcast said that 29 persons have been executed by Cuban firing squads since the beginning of the invasion Monday. It said seven were shot in Havana Thursday, three in Pinar del Rio and two in Camaguey.

Prison Inmates Show Humor in Their Paper

WALPOLE, Mass. (AP) — The Mentor, a monthly newspaper published by the inmates of the state prison, came out today with an editorial on the arrival of spring.

Crocuses are in bloom along the walk inside the wall, the editorial reported. Trees, which can be seen over the wall, are budding. In fact, said the editorial, "everything seems to be breaking out—except the convicts!"

Kennedy Faces Decision Alone

Sen. Mansfield Says He Deserves Support of Nation on Cuba

WASHINGTON (AP) — Senate Majority Leader Mike Mansfield of Montana described President Kennedy as "the loneliest of men" as he faces crucial decisions on Cuba.

Mansfield, spokesman for the administration in the Senate, said Kennedy deserves the American people's support as he assumes the responsibility for actions he alone can order.

Mansfield spoke in an interview as strong bipartisan backing mounted in the Senate for whatever decisions Kennedy may feel it necessary to make.

The President's address Thursday to the American Society of Newspaper Editors won quick applause from both Republicans and Democrats.

Kennedy told the Soviet Union and Western Allies alike that the United States "will not hesitate" to act on its own against Communists in Cuba if necessary to protect U.S. security.

He said intervention would be contrary to U.S. traditions and international obligations, but "let the record show that our restraint is not inexhaustible."

That, said Sen. George A. Smathers, D-Fla., made clear "our hands are not tied."

"We certainly should be prepared to do as much in the case of Cuba as we are prepared to in the cases of Berlin, Laos and the Congo," Smathers said. Sen. George D. Aiken of Vermont, an influential Republican on the Senate Foreign Relations Committee, said the country "must be prepared for almost any step" Kennedy may offer.

Reset Hearing of Woman Accused of Taking Child

A pretrial hearing of a Pontiac divorcee accused of kidnapping her 5-year-old daughter from a foster home in Ortonville last June was rescheduled yesterday for May 4 by William H. Stamp, Independence Township justice of the peace.

Mrs. Rachel Balch, 23, is charged with carrying away a child under 14 from a legal guardian.

She went with the child to Huntsville, Ala., but was arrested earlier this month when she returned to Pontiac.

GLOVES FOR PANSY—An uncoordinated baby kangaroo, named Pansy, shows off the new cloth gloves that attemptants at Chicago's Lincoln Zoo hope will prevent her from whacking herself in the eye.

Report Says Pull Used to Get Quick Passport

LOS ANGELES (UPI) — Enterprising Sammy Davis Jr. apparently telephoned the White House Thursday to solve some passport problems, a spokesman for Pan-American Airways reported.

En route to Buenos Aires for a night club tour, Davis was prevented from boarding a flight to South America by immigration inspectors because his passport expired April 16.

The Pan-American spokesman said Davis, a close friend of President Kennedy's brother-in-law Peter Lawford and his sister Pat, called the White House, spoke to a secretary and was put through to the State Department, which promised him an emergency renewal.

The passport division confirmed Davis' passport was renewed later in the morning, although under normal conditions a passport renewal takes from 24 to 48 hours.

Susan Hayward Sued for \$240,000 Debt

LOS ANGELES (AP)—Actress Susan Hayward was sued Thursday for recovery of \$240,000 in legal fees.

The suit was filed by a collection agent for the Los Angeles law firm of Gang, Tyre, Rudin and Brown. The complaint charged the firm rendered services to the actress between June 1949 and July 1960.

Pierce took the second NCAA track and field report in the 120-yard high hurdles at 13.3. Cawley leads the national 220-yard low at 22.5. Polkinghorne's 14.1 tied him for sixth on the 120-yard high hurdles with Cawley just outside the top 10 at 14.2.

Pierce's 22.7 is good enough for third in the low hurdles Polkinghorne ranks 6th at 23.3.

Cawley, who comes from Farmington, Mich., has set two varsity records so far, the 22.5 in the low sticks and the 48.2 with which he won the 400 against Occidental. He leads the nation's quarter miler. On the same day he powered his 22.5 against Arizona State last Saturday—he came back with a 46.3 anchor leg to sweep the Trojans to a 3-0-7 in the mile relay. The time equalled Abilene Christian's pending intercollegiate record.

In other field events, Dallas Long of USC heads the shot putters with 64-3/4 feet, and his teammate, Bob Avant, took the high jumpers with 6-10 1/2 feet.

Legal Red tape, that old nemesis of many a good business venture, has delayed for at least five months and perhaps a year the opening of Oakland County's first all-par-three golf course.

Glenore Golf Club, the pet project of Al and Lee Kocis, may be half ready for play before the season is ended, but it definitely won't be a going 18-hole operation until next year.

Construction of the Glenore links on Sleeth Road is running six months behind schedule due to unforeseen legal technicalities and all the paper work that accompanies them.

Among the new assistant pros in the area this year is Keith Fox of Knollwood. Keith is the younger brother of Ronnie Fox, who won the 1960 State PGA tourney at Farmington Country Club.

The Michigan Public Golf Association's first 18-hole handicap tournament of the season will be played Sunday, April 30, at Maple Lane. Pontiac's Max Richardson has returned to the private Twin Beach course as club manager.

"It took nearly six months to straighten everything out and I decided it would be foolish for us to go ahead with our efforts until the whole deal was in proper order," Lee declared. "So, as a result," he continued, "no work was done on the property and our plans were set back half a year."

"We certainly will have all 18 holes ready for use next spring and, if we're lucky, nine holes may be available late this summer," Lee said.

The Commerce Township course will average 100 yards per hole with the longest one measuring 160 yards and the shortest 65.

Al and Lee, meanwhile, have no difficulty staying active. Both of them find it a challenge to keep up a very crowded daily routine.

Their busy enterprises are divided among the Oakland County's Children's Home, Twin Lakes Golf Club and Glenore, to mention just a few.

When Al is not helping out with the recreation program at the Children's Home, he's industriously attacking the scenic wooded wilds of Glenore.

Lee, the only woman pro in Oakland County, will be giving lessons again this season at Twin Lakes.

Prizes will be awarded to all 32 first-round match play winners in the annual challenge, which is slated July 5-6 at the Country

Proprietors Declare War on ABC

Bowling Groups Take Eligibility Fight to Court

BPAA Charges Illegal Monopoly; New Bylaw Is Cause

DETROIT (AP)—A war for the control of organized bowling in the United States erupted today in the wake of a lawsuit against the American Bowling Congress.

It would be the first instance of its sort in the sport in which millions of Americans—including father, mother and whole families—like to play.

The suit, demanding dissolution of the long-famed ABC as an illegal monopoly, was filed yesterday in Chicago by the Bowling Proprietors Association of America.

The BPAA also asked U.S. district court for a temporary injunction against ABC interference with its tournaments.

In the background was a dispute over sanctioning of tournaments by the ABC and the eligibility of bowlers to play in them.

The lawsuit stole the headlines from the ABC's 58th annual tournament here which has been under way for the last month or so. Scoring yesterday was less than noteworthy, however.

Frank K. Baker, ABC executive secretary, declined comment on the suit until he could "read the bill of particulars."

The ABC, which has nearly four million members, and the proprietors group have been at loggerheads since 1956.

At that time the BPAA adopted an eligibility rule limiting competition in its tournaments to bowlers whom compete only in establishments of the proprietors group.

Last week the ABC's formal convention retaliated by amending its own rules to withhold in effect, the sanctioning of tournaments using the BPAA rules.

An effective date for the new rule, amendment 3-5 of the ABC's bylaws, was left to the discretion of the ABC board of directors.

Mike Lorio came from behind early and tallied three times in the 9th to trip Fitzgerald for its 4th triumph in five starts. Roger Williams, relieving for the 2nd time, was the winner. He batted in one of the deciding markers. Chuck Hunter and Jim Johnson also got hits in the wrapup.

Mike Sutter smashed a homer and triple in a 4-1 Farmington Our Lady verdict over Ann Arbor St. Thomas.

Tom Gerbeck fanned seven in Clarkson's 6-2 conquest of Brighton. Freshman 2nd baseman Dick

Shamrock hit—both doubles—to account for three runs. The Rams got seven safeties off winner Ron Wolf and Gary Kraft featuring two by Harvett and a three-run double by Kalush in the 7th. Norb Hoffman, the Joser, had control trouble and little defensive help. St. Mike is now 2-0.

3 Keg Tourneys Resume Here

Three bowling tournaments resume in this area Saturday and Sunday with one heading into the homestretch.

Mixed doubles action at the Elks will be into the 3rd round with several more weekends to before the champions are decided.

Norm Andrews and Martha Thorne started with 187 in the opening session and they still lead.

The Milford Doubles meet will be in the next to the last session at Fairgrounds. Heading the pack are John Dyer and Al Bouquier of Rochester at 1426. Sam Trupiano of Milford hit the best game last weekend with 283.

Howe's Lanes Singles will be on for the 3rd and 4th days. Les Samuel of Holly hit 927 featuring 623 actual for four games to gain the early edge. Harold DeLongchamp rolled the high game of 253 which became 271 with his handicap.

Grain Futures Mart Quickly Gets Steady

CHICAGO (AP)—The grain futures market steadily quickly today after opening in a mixed price range on the board of trade.

During the first several minutes old crop soybeans moved up as much as 3 cents or more as bunched while the new crop corn contracts added major fractions to a cent in fairly active dealings.

The grainings gained small fractions generally all through the day and soybeans were a little firmer in spots. Brokers noted that of the week's cash corn receipts of 852 cars more than half, or 448 cars were billed to the Commodities Credit Corporation for sale by that government agency.

This Postman Delivered Mail in Trunk of Car

CHATTANOOGA (U)—A former substitute postman was sentenced to 60 days in federal prison and placed on two years' probation because he failed to go along with the theory that the mail must go through.

cause he failed to go along with the theory that the mail must go through.

U.S. Dist. Judge Leslie Darr sentenced Samuel A. Yoder, 30, after a large quantity of third and fourth class mail was found in the trunk of his car. The mail had been given to him for delivery.

Just Out With the Boys But Police Get Him

TUCSON, Ariz. (U)—Two-year-old Bob Darrington, reported missing from his home, was found to be out with some of the boys.

Little Bob was located by police sitting on a stool in a tavern, drinking a glass of water and talking to a group of customers.

The bartender said Bob just strolled in and hopped up on the stool.

Texas Ranch Crawling With Rattlesnakes

SAN SARA, Tex. (AP)—Jack Barker's ranch on Cherokee Creek may be the rattlesnake capital of Texas.

Hunters killed 98 snakes in one two-hour period — 81 of them from one hole.

New York City played host to 782 conventions and exhibitions in 1959.

What most people seem to have put aside for a rainy day is a newly washed car... A rookie policeman was quizzed on how he would disperse a crowd. He thought awhile, and answered: "Well... I'd start to take up a collection." — Earl Wilson.

STOCK

— SATURDAY ONLY —
APRIL 22nd — 9 A.M. to 6 P.M.

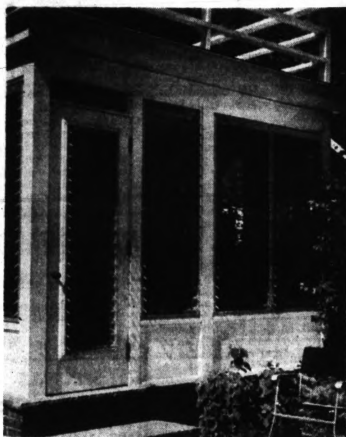

LIQUIDATION SALE

AN ENTIRE STOCK OF ALUMINUM COMPONENTS: GLASS SLIDING DOORS, SCREENS and WINDOWS

C. Working for Moon Trip... JFK

Plan Campaigns to 'Save' MSUO

Campaigns to "save" Michigan State University Oakland by putting pressure on the legislature for more money are being planned by two groups.

One group consists of the student body.

The Student Senate, called a mass meeting of students at 12:30 p.m. today in the campus Student Center.

The other group, made up of women, is being spearheaded by Mrs. Ralph T. Norvell, former chairman of the Michigan State University Oakland Foundation Scholarship Committee, and Mrs. Addison Oakley, committee member.

Both groups hope to persuade the legislature to like proposed appropriations for MSUO.

The group of some 30 women named itself the Citizens Committee for Higher Education. The committee is distributing a fact sheet which contends that MSUO would be "destroyed" if proposed appropriations for MSUO were not increased by the House before the session ends May 12.

BILL IS PENDING
The bill passed by the Senate and now pending in the House recommends only \$891,300 for MSUO.

The fact sheet notes that President Hanna has estimated MSUO's appropriation would be only \$12,300 more than it got this year, but \$35,880 less than the university requested and \$263,000 less than Gov. Swainson requested.

VARNER WANTS FUNDS RESTORED
Durward B. Varner urged the House Ways and Means Committee Thursday to restore funds the Senate cut from Gov. Swainson's proposed budget for MSUO.

Varner was the first in a parade of college officials expected to plead with House lawmakers to "stop appropriations for state colleges and universities above the level set by the Senate last week. Others will testify next week.

"We simply could not get along on the \$12,300 increase that the budget proposes," he told the committee.

Anticipating an enrollment increase of at least 300, he said, MSUO has made commitments for \$201,700 in excess funds that it would receive under the proposed budget.

"They are virtually unavoidable," he said.

Varner noted that his institution, now in its second year of operation, offers a freshman and sophomore college curriculum.

A new freshman class will enroll next year and this year's sophomores will be junior next year, requiring advanced studies and additional faculty, he pointed out.

The school already has hired 15 new faculty and staff members, accounting for most of the financial commitments, he said.

MSUO asked for a \$1.42-million budget for 1961-62, a \$328,000 increase.

Warmer Weather Heading in Our Direction
Saturday will be cool, with the high about 60 but warmer weather is on the way.

The weatherman says temperatures will warm up Sunday and continue 5 to 7 degrees above the normal high of 60 and normal low of 39 through Tuesday, Wednesday will be cooler again.

Precipitation will total less than one half inch in showers Monday and Tuesday.

Southeast to south winds at 15 to 25 miles per hour will shift to west late today, diminishing tonight and Saturday.

Fog-free was the lowest temperature in downtown Pontiac preceding 8 a.m. The reading at 1 p.m. was 58.

CASTRO TROOPS ON MARCH — The London Daily Express, from which this picture was obtained, says it shows troops of Prime Minister Fidel Castro marching to meet invaders in Cuba. The newspaper obtained the picture from its correspondent in an undisclosed, East European Communist-controlled country and said it was made two days ago.

Should Be Some Hot Races

Interest Grows in County Con-Con Seats
Activity in the office of the county clerk indicates that there'll be some hot races for constitutional convention delegate in Oakland County.

Mrs. Mabel M. Child, election clerk, said there have been about 16 requests for nominating petitions, "plus numerous phone calls on how you become a candidate."

In view of the number of candidates seeking signatures on their petitions, Mrs. Child warned that a person can sign for only one candidate in the particular legislative district and once for any candidate seeking

the county's con-con senatorial seat.

To be eligible as a candidate you must be an American citizen 21 years of age or older, a resident of Michigan for six months

and of the district you wish to represent 30 days.

An affidavit of identity the candidate will have to sign when the petitions are filed will also show he is a registered voter in your voting precinct.

Oakland County will have several delegates answering the roll call in Lansing Oct. 3 when the convention is called to order to rewrite the state's 1968 constitution.

First, however, two important elections will decide who these people will be. A primary will be held in the state July 26 to narrow down the expected large number of candidates in both parties to 14 from each.

On Sept. 12 this list will be cut in half, with the winners going to Lansing.

PETITION RULES
After they pick up their petition blanks from Mrs. Child's office in the courthouse, candidates must solicit signatures totaling not less than 1 per cent nor more than 4 per cent of the votes cast by a candidate's party for secretary of state in the November 1958 election in the district from which the delegate wishes to run.

For the county's 12th District senate seat these numbers would be 899 for Democratic candidates and 913 for GOP candidates.

For the six state representative (legislative) seats the totals are:

	DEM.	GOP.
1st	156	147
2nd	140	81
3rd	157	252
4th	222	198
5th	186	172
6th	179	65

Completed petitions must be in no later than 4 p.m. June 6. They should be filed with Mrs. Child.

Withdrawals must be made by June 9.

MIAMI — Cuban exile sources in Miami said today new contingents of guerrilla fighters are headed by sea in the direction of Cuba and the anti-Castro radio Swan said small-scale new landings have taken place on the island.

The report does not divide into different classifications by price or size. It represents total sales of all cars.

Ranking first in the 1961 first quarter is Chevrolet. Ford is second in sales.

Below Pontiac in sales is Rambler, fourth; Oldsmobile, fifth, and Plymouth, sixth.

The Polk figures include compact models made by the various companies.

According to the report, of new cars registered this year through March 31, 74,506 were Pontiacs and Tempests.

Registrations for Chevrolets and Corvairs numbered 308,173. There were 260,487 new Fords, Falcons and Thunderbirds registered by owners in the same period.

Pontiac was roughly 6,000 ahead of its nearest rival, Rambler.

Applications for registration forms for new Ramblers totaled 6,838.

Pontiac Motor Division officials said the report was "encouraging" in view of current economic conditions.

No Probe in Warren
DETROIT — Donald S. Hostetter, Detroit FBI agent, said today his office does not intend to investigate the recent pre-election outbreak of anti-Catholic literature in Warren.

Get Bad Connections
MIAMI, Fla. — Telephones of the Cuban and British embassies in Havana suddenly went "out of order" today when reporters tried to question officials of the embassies about conditions in Cuba.

'Got 2 U.S. Planes,' Brags Havana Radio

Havana Radio charged today that two U.S. destroyers covered the exile forces that invaded Cuba this week and that Cuban defenders under the personal direction of Fidel Castro had shot down a number of planes, including a B29 superfortress and an F86 sabrejet.

The radio also started listing the names of a number of prominent Cuban exile leaders it said were captured in the invasion.

Castro's radio also boasted of Soviet rocket support and buried unparaded invective at the United States.

Rumors About About Castro
Is Reported Mentally Sick, or Hurt; But Such Stories Are Denied

MIAMI, Fla. — The Cuban radio said today Fidel Castro personally commanded the military action against the exiles.

Castro, who has been reported by some sources as incapacitated, has yet to make a public appearance on radio or television.

The Castro radio said that among the prisoners captured by the Cuban forces were the son of counterrevolutionary leader Jose Miró Cardona and the sons of several officials of the ousted Batista regime.

In New York, a spokesman for the Cuban Revolutionary Council said among the rebels who landed in Cuba Monday, "We don't know yet what happened to him," the spokesman said.

WONDER ABOUT FIDEL
A diplomatic informant in Havana said there were some rumors about the absence of top government officials — including Fidel Castro, his brother Raul and economic czar Ernesto Guevara.

None appeared in public at victory celebrations. This informant said the public apparently took the view they were in the fighting zone.

Wendell Rollason, director of the privately sponsored "Inter-American Affairs" Commission, Miami, said he had received no reports that Fidel Castro "has been incapacitated by bombings."

"He is out of circulation with a mental or physical collapse," Rollason said. "We have good reason to believe the former is the case."

But the Havana radio today discounted such reports. And an observer reached by telephone in Havana laughed off Rollason's report Thursday night and said: "Fidel is just fine, just fine. He is neither sick nor wounded nor demented. He is just fine, and he is here and so are all the others of the high command."

'All Peace and Quiet'
DALLAS, Tex. (AP) — "It appears that peace and quiet are being restored in Cuba," a Canadian Embassy counselor in Havana said in a long-distance telephone call early today.

FIGHT IS HARD
Then the broadcast added: "The fight is hard. It is not easy to defeat the traitors, who are operating."

(Continued on Page 2, Col. 3)

Ford Worried About Integrity
Tells Group Executives Must Keep Skirts Clean to Hold Confidence

MINNEAPOLIS (AP) — Henry Ford II expressed concern Thursday night at a recent chain of events which he said could erode broad popular distrust and revive old and new hostilities toward American business and industry.

He told the Minneapolis Junior Chamber of Commerce that corporate executives must keep their own houses in order or find the housecleaning jobs put into less friendly hands.

"There is one and only one way for business to keep its skirts clean: that is to insist that top management maintain the highest standards of integrity in all aspects of business operation," Ford said.

"Too fast and too close together for comfort we have had a series of falls from grace involving some of our oldest and most respected business firms," he said.

"As a director of one of the electrical goods manufacturers (General Electric) and as the chief executive officer of an automotive manufacturing business (Ford Motor Co.), my concern is more than academic."

"In addition to price-fixing convictions in the one industry and conflict of interest charges in the other, congressional committees in still other industries have uncovered evidence of widespread collusion between corrupt unions and equally corrupt management."

He said that without mutual trust and confidence among industry, labor and government "we will present to the world at large the image of a quarrelsome, divided and possibly corrupt society."

World Communism, he said, is a danger that must not be brushed off as a better gift than this.

Earlier indirect reports indicated that Castro might have been injured in the invasion.

"Fidel is with the press in the country," said the Cuban who answered a telephone call from Miami. "There will be good information, stories and pictures, in the afternoon."

The Miami News today located its correspondent, Jay Mallin, in the Swiss Embassy in Havana. He has been in the Swiss Embassy since Tuesday night, getting in while the Cuban intelligence agents sought him, the News said.

The Cuban who answered the telephone in The Associated Press office said Havana has settled down to normal and "everybody is happy that everything is being handled. Everybody is working."

Newsman Quiz Him on Cuba; No Comment

But Kennedy Describes Communism as Major Problem for Years

WASHINGTON (AP) — President Kennedy said today the United States may lag behind Russia in space for the next 10 years but is bending every effort to become first to the moon.

The President at his news conference studiously avoided questions about Cuba and the speech he made Thursday saying the United States would not hesitate to act alone against communism in this hemisphere if necessary to protect its own security.

He said he has no new information on a cease fire in Laos.

But on the general subject of Communist tyranny he declared, "It is a matter to which we must use all our energy and all our resources."

He described this as a major problem for a decade ahead.

Kennedy said his administration would carefully consider venturing into new space projects to determine "whether a real success can be achieved or whether we are so far behind now in this particular race we are going to be second in this decade."

Kennedy said the Saturn vehicle, the Nova and Rover projects are being speeded up with additional funds and that the government will spend about \$2 billion on space next year.

He said the Saturn would not get us to the moon and declared: "We have to consider whether there is any program now regardless of its cost which offers us hopes of being pioneers in a project."

MORE POWERFUL
The U.S. project of building a more powerful rocket, Nova, contemplates a cluster of Saturn rockets. Rover is a project to build a nuclear rocket.

This was the President's 10th news conference and 402 newsman had been invited to the White House for the first time since the invasion of Cuba.

The President, wearing a dark suit and maroon tie, announced at the outset that he would stand on his feet today regarding Cuba and would accept no questions on that explosive subject.

He said the government was making every effort on behalf of individuals who may be in danger because of the tense situation in Cuba.

Kennedy was pressed repeatedly to expand the background of the Cuban rebel operation against the pro-Communist government of Fidel Castro.

U.S. Newsmen Sate With Fidel, Claims Cuban

MIAMI, Fla. (AP) — All American newsmen in Havana have been freed and are with Fidel Castro in Matanzas Province, according to a Cuban who answered the telephone in The Associated Press Havana office today.

The Cuban, who identified himself as Alberto Lanier, an AP employee in Havana, said Castro "is fine."

There has been no word from any American newsmen on the AP staff in Cuba.

Earlier indirect reports indicated that Castro might have been injured in the invasion.

"Fidel is with the press in the country," said the Cuban who answered a telephone call from Miami. "There will be good information, stories and pictures, in the afternoon."

The Miami News today located its correspondent, Jay Mallin, in the Swiss Embassy in Havana. He has been in the Swiss Embassy since Tuesday night, getting in while the Cuban intelligence agents sought him, the News said.

The Cuban who answered the telephone in The Associated Press office said Havana has settled down to normal and "everybody is happy that everything is being handled. Everybody is working."

News Flash

LANSING (UPI)—Atty. Gen. Paul L. Adams today ruled the secretary of state does not have to furnish refiled license plates unless the legislature appropriates money to pay for them.

MIAMI — Cuban exile sources in Miami said today new contingents of guerrilla fighters are headed by sea in the direction of Cuba and the anti-Castro radio Swan said small-scale new landings have taken place on the island.

The report does not divide into different classifications by price or size. It represents total sales of all cars.

Ranking first in the 1961 first quarter is Chevrolet. Ford is second in sales.

Below Pontiac in sales is Rambler, fourth; Oldsmobile, fifth, and Plymouth, sixth.

The Polk figures include compact models made by the various companies.

According to the report, of new cars registered this year through March 31, 74,506 were Pontiacs and Tempests.

Registrations for Chevrolets and Corvairs numbered 308,173. There were 260,487 new Fords, Falcons and Thunderbirds registered by owners in the same period.

Pontiac was roughly 6,000 ahead of its nearest rival, Rambler.

Applications for registration forms for new Ramblers totaled 6,838.

Pontiac Motor Division officials said the report was "encouraging" in view of current economic conditions.

No Probe in Warren
DETROIT — Donald S. Hostetter, Detroit FBI agent, said today his office does not intend to investigate the recent pre-election outbreak of anti-Catholic literature in Warren.

Get Bad Connections
MIAMI, Fla. — Telephones of the Cuban and British embassies in Havana suddenly went "out of order" today when reporters tried to question officials of the embassies about conditions in Cuba.

CENTENNIAL CUR — Wearing several different Centennial costumes, this pooch has been cutting quite a figure downtown lately. Hush-Puppie is her name and she poses in a white

crinoline outfit with her owner, Mrs. Jessie Richards, 96 Parkhurst St. Mrs. Richards wears a centennial dress and matching bonnet.

U.N. Is Aiming to Quit Tonight

Probably Will Put Off Debate on Main Topics in Final Rush

UNITED NATIONS, N. Y. (AP) — The U. N. General Assembly was expected to defer debate on Hungary, Tibet and outer space in a rush effort to finish its 15th annual session tonight.

The 90-nation assembly scheduled morning, afternoon and night meetings in an effort to meet the April 21 adjournment target set last month. It was expected to stop the clock at midnight and adjourn between 2 and 4 a. m. Saturday, winding up proceedings that began last Sept. 20 and were recessed from Dec. 31 to March 7.

The first business today was final approval of a resolution seeking new efforts to get for Arab refugees from Israel a choice between going back to their homes or taking compensation. The resolution was recommended by the special political committee.

The assembly also had to tackle the problem of financing the U.N. military force and civilian mission in the Congo through the first 10 months of 1961.

The budget committee recommended a resolution Thursday setting aside \$100 million for the Congo operation. But the committee vote of 43-26 (with 14 abstentions) was less than the two-thirds needed to put the proposal through the assembly.

Despite this, one U. N. official expressed belief the assembly itself, where the same countries sit, would produce the necessary two-thirds majority.

Eyes Automatic Adjustment of the Work Week

SALT LAKE CITY, Utah (AP) — A union leader urges automatic adjustment of the work week as one of three ways to offset unemployment caused by automation.

O. A. Knight of Denver, president of the Oil, Chemical and Atomic Workers International Union (AFL-CIO), made the suggestion in a speech to area union leaders Thursday night.

He said unemployment compensation could take care of small area problems and a stockpile of workweek projects could be used "for the more serious temporary dislocations."

Thirdly, he urged "make provisions within the Fair Labor Standards Act for automatic adjustment of the hours of work, based on the percentage of increase or decrease of unemployment."

Indiana Wants U.S. Aid to Build Port on Lake

WASHINGTON (AP) — A \$15-million federal contribution would enable Indiana to construct a model deep-water port on Lake Michigan, the chairman of the state's new port commission believes.

The chairman, James Fleming of Fort Wayne, said he believes the port could be built at Burns Ditch in Northwest Indiana for a total of \$50 million, with some assistance from two steel companies that would benefit, he said, from its construction.

MARK LIBRARY WEEK — These three Rochester students observe National Library Week by visiting Woodward Memorial Library to choose books suitable for their respective grade reading levels. They are (from left) Kathy

McPeters, 8, Sharon Fitch, 16, and Don Moers, 12. Appropriately the Friends of the Library, organized to assist with book selection and library operation held its first annual meeting last night.

Says Ex-GE Prexy Aware of Rigging

WASHINGTON (UPI) — The former president of General Electric Co. knew a price-rigging conspiracy was afoot at least a year before 16 of his executives were convicted, according to testimony before the Senate Antitrust subcommittee.

Paul Hartig, former general manager of GE's insulator department, said the price rigging reached down to such items as \$3.40 insulators.

Subcommittee Chairman Estes Kefauver, D-Tenn., said GE's top executives should have reported the price-fixing evidence to the Justice Department.

Illegal Liquor Charge Trial Continues Today

The trial of a Pontiac woman charged with maintaining and operating an illegal liquor place will resume in Municipal Court April 25.

The trial before Judge Cecil McCallum started yesterday. Queen E. Phillips, 40, of 47 Walnut St., was arrested by Pontiac police vice squad officers in a raid on her home April 13.

Two others arrested in the raid pleaded guilty to loitering in an illegal liquor place.

There are 42,000 sawmills in the United States. Of these, 23,000 are small operations producing less than a million board feet annually.

Lassiter Trial Runs Into Snag

Recessed Till Monday When Court Fails to Recessed Till Monday

DETROIT (AP) — The murder trial of Nolle Lassiter and Gordon Watson, still in the jury-picking stage, has been recessed until Monday.

The jury was empaneled, but four members were excused when Circuit Judge Joseph Rashid decided to lock up the jury for the duration of the trial to prevent crank telephone calls. The four were excused on pleas of inconvenience and hardship.

Yesterday's attempts to pick four new jurors got nowhere.

Mrs. Lassiter, of 1900 Beverly Road, Beverly Hills, and Watson are accused of conspiring to murder her husband, Parvin (Bill) Lassiter. Three men are serving life sentences for the 1959 slaying.

Insurance Firm Gets Permit to Sell Stock

LANSING (AP) — State Insurance Commissioner Frank Blackford today announced the formation of a Michigan insurance company to be called the "Independent Security Life Insurance Co." of Grand Rapids.

Blackford said the company will commence with a stock offering to the public of one million shares at \$2.50 a share.

The commissioner said that when the company has completed its sale of stock it can then ask for final approval to transact an insurance business in the state.

Michigan Forests Burn

LANSING (AP) — Last weekend's pounding rains and heavy snow came too late to stop fires that raged through 1,215 acres of Michigan forest, the State Conservation Department says.

Santiago, Chile, was founded in the year 1541.

Asks Press Aid to Curb Crime

Robert Kennedy Calls Upon Newspapers for Support, Active Help

WASHINGTON (AP) — Attorney General Robert F. Kennedy asked the nation's press today for support and active help in the federal government's efforts to curb organized crime and racketeering.

In an address delivered at the annual meeting of the American Society of Newspaper Editors, Kennedy said that when he was counsel for the Senate Rackets committee "about 25 per cent of the important leads which our committee developed came from newspapers."

"I think each of you can give me some assistance," he said in discussing the Justice Department's crime program.

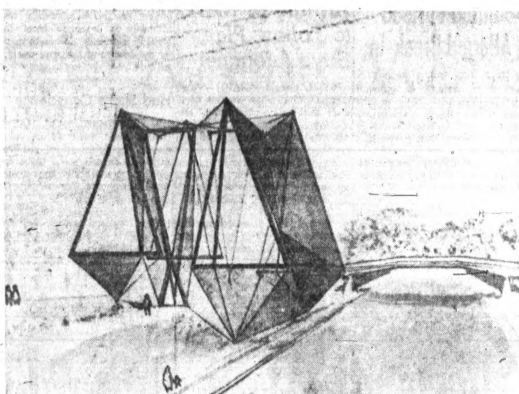

NEWSPAPER HAS ROLE
"I don't believe newspaper reporters can substitute for a district attorney but a newspaper has a very valid investigative role. Newspaper reports on corruption in government, racketeering and organized crime conditions can be very helpful to our communities and the whole country. If the Department of Justice legally can aid or assist you, you will find us ready to do so. Some of you already have," Kennedy said.

The attorney general noted that he has shied, at least for the present, his advocacy of a national crime commission—an idea which FBI Director J. Edgar Hoover has opposed. Kennedy has indicated previously that he was not completely committed to the idea of a national crime commission.

Customer Gets Idea of Vehicle's Capabilities

DETROIT (AP)—In a used car lot a salesman was extolling the merits of a hearse to a potential buyer.

At the high point of his "it's got everything" pitch, he flung open the rear door. Inside, asleep, was Robert Sarnia, 21, Sarnia was given six months probation for vagrancy in Recorder's Court Thursday and ordered to find a new place to sleep.

DESIGNED BY TONY — This is a sketch of the new bird cage Antony Armstrong-Jones, husband of Princess Margaret, disclosed he designed for the London zoo. "I did it in the evenings and on weekends," he told reporters at his first news

conference in London. The supermodernist aviary will be 150 feet long, 63 feet wide and 80 feet high. It will house between 50 and 60 birds.

AP Photos

150 Ft. Long, 63 Wide, 80 High

Tony Builds Bird House

LONDON (AP)—Antony Armstrong-Jones disclosed at his first news conference what he's been up to since his honeymoon—he's been designing a bird cage.

It is not for his wife Princess Margaret or for himself. It's for the London Zoo.

"I did it in the evenings and at weekends," he told reporters.

Answering questions at the zoo, he denied he planned a career as a bird-house architect. "I don't want to be known as an aviary man," he said.

The huge, supermodernist bird cage will house between 50 and 60 fluttering inmates. For weeks, Armstrong-Jones has been hard at work on the model. It is 150x63x80 feet.

"I used an old razor blade to carve out the base of the model," he said. "It was made of balsa wood. I used picture wire for the superstructure."

His ideas—avant garde when compared with conventional cages—have flowed from his

desk at Kensington Palace gardens since he moved in with

his royal bride on July 12. Collaborating with him have been two London architects, Cedric Price and Frank Newby.

Lew Wallace served as territorial governor of New Mexico while he was writing his famed novel, "Ben Hur."

MSU Students Seek to Ease Drinking Penalty

EAST LANSING (AP) — Michigan State University students are starting a drive to water down the current penalty for drinking.

The present rule calls for automatic suspension for one term of any student possessing or consuming an alcoholic beverage on the campus or in any six campus living quarters.

Students seek deletion of the word "automatic" from the penalty. They ask instead for discretionary action by the student authority to

fix the penalty according to the seriousness of the violation.

Dean of Students Tom King conceded MSU are inequities in the present rule, said he would replace the change.

Will Speak to Engineers

GRAND RAPIDS (AP) — A. D. Moore, professor of electrical engineering, the last 41 years at the University of Michigan, is guest speaker Sunday at the banquet climaxed the two-day convention of the Michigan Engineering Society in Grand Rapids. About 250 persons are expected to attend.

Abby Sees Trouble Ahead

'Our Marriage on Rocks'

By ABIGAIL VAN BUREN

DEAR ABBY: After 15 years of marriage, my wife hasn't made me very happy because she gets all her advice from her "friends." Her friends are a what I term "The Messed Up Club."

Three are divorced, one is separated and two are Good Time Girls.

I have told her that she should choose for herself.

ABBY friends respectable married women, but my plea falls on deaf ears.

"She has learned - all the 'tricks' of cheating and lying from her companions and, as a result, our marriage is well on the rocks. Can you help me?"

HELPLESS

DEAR HELPLESS: A man may choose his wife, but he cannot choose his wife's friends. If she gravitates toward companions who have messed up their own lives, she is one step away from joining them. She needs professional help but, first, she must want to help herself.

DEAR ABBY: I am a woman who gets hysterical at the sight of a mouse. Last night a little mouse ran out from under the stove to the refrigerator. I screamed blue murder and jumped up on a chair.

Both the children started screaming and became hysterical. I felt terrible - frightening the children that way. But I just couldn't control myself.

My husband was so disgusted with me he refused to set the trap. How can I overcome this foolish fear?

DEAR ABBY: OF MICE

DEAR ABBY: Go to a pet shop and buy a little pet mouse. (The white ones are cute.) Keep it in a cage and get accustomed to it. The man at the pet shop will tell you how to care for it. Soon you and the children will lose your fear of the little creatures. We fear only the unknown.

DEAR ABBY: My husband is a very friendly person. When he meets new people he calls them by their first names right away, but not me. He doesn't call me anything. He never liked my first name, so when we were first married he called me "Honey."

"Later, when we had children he called me 'Mamma.' Now he doesn't call me anything. When he speaks to me he just starts talking."

Out in company he says things like, "What do YOU think?" If I say, "WHO?" he

says, "YOU." Our friends and relatives have noticed it. This may not seem important to you, but it is to me. Even a dog has a name. What do you suggest?

DEAR NOTHING: Turn back the clock, and treat him as though you were "just married," and maybe he'll start calling you "Honey" again.

DEAR ABBY: Recently a surprise party was given at my home. During the evening one of the guests (a woman, married and 33) suggested playing "spin the bottle." This entails a lot of ogling.

HORRIFIED

DEAR HORRIFIED: More than "og" has been broken as a result of kissing games involving married couples. (I refer to promises and homes.) It is not merely childish, it's

July vows are planned by former Pontiac resident Sharon Ilene Bracken and John E. Hager, son of the Carl Hagers of Marlette. The bride-elect is the daughter of Mrs. Neal McMann of Marlette and the late Sherman Bracken of Pontiac.

SHARON ILENE BRACKEN

'Bring the Children! (We Never Hear It)'

By RUTH MILLETT

What has happened to that old-fashioned, hospitable invitation: "Come - and bring the children?"

Maybe they still say it in the country, but it's rarely heard. Mama and Papa are invited out - but not Junior.

If mama can't find a baby sister for Junior, her husband is terribly sorry - but not sorry enough to say, "Bring him along."

And the hostess is just as ruthless about keeping her own small fry out of sight. Do they eat with the guests? No. They're fed early and put to bed - or they're sent to a movie, if they're old enough to go.

That's the social pattern for small children. Then when they get a little older and start running off to spend their evenings

in taverns, the parents often complain that they never stay home, have no time for persons of their parents' generation and resent any parental interference in their affairs.

Are the kids at fault? The parents set the pattern of segregation in social life when the kids were small. The kids - grown older - just carry it on.

If the young married folks don't want the kids around when they entertain or go out for an evening of fun, it isn't strange that when the kids become adolescents they act the same way toward the old folks.

A revival of the old-fashioned "come and bring the children" type of social life would go a long way toward helping the younger generation grow up on companionable terms with the older.

Punishment of Solitude Harsh Enough

BY MRS. MURIEL LAWRENCE

DEAR MRS. LAWRENCE: Should a child be allowed to play during punishment? I send my older boy to his room when he picks on his younger brother.

I know that he spends the time reading comics or playing with his toys. This bothers me.

Sending a child to his room to have a good time with his toys

doesn't seem much of a punishment to me.

ANSWER: No? Tell me something. What happens with you if you quarrel with your husband at breakfast?

After he leaves, you may just sit by yourself at the table. After a while, you pull yourself together. You wash the pretty dishes you take such pride in. You polish the new percolator.

Are you happy playing with these household toys? Are you having a good time with this grown-up equipment that usually gives you such satisfaction? Of course not.

You just go through the motions of interest in your house-keeping toys. The pleasure they usually give has been destroyed by the quarrel.

O.K. Neither does a child whom we have punished enjoy playing with his toys. He is punished not by disconnection from comics, books and chemistry sets but by disconnection from us. So we can leave him the poor comfort of his toys without anxiety.

We are confused about this because we are confused about our own importance to children. We're such valueless creatures in our own eyes that we cannot believe Johnny really suffers from disconnection with us. No, to really punish Johnny, we must deprive him of comics and dump trucks.

First Baptist Group Holds Luncheon

The Women's Home and Foreign Missionary Society of First Baptist Church observed its annual luncheon and meeting in the church parlors Thursday.

Some 15 members and guests were served by women of the Maranatha Bible Class.

Following the invocation by Mrs. H. H. Savage, the church's pastor Dr. Savage conducted election of officers.

Mrs. Frank Radtka, president; will serve with Mrs. W. L. Denslow, first vice president; Mrs. Hazel Slater, second vice president; Mrs. Reinold Yeager, recording secretary; Mrs. Cecil Martin, assistant secretary; Agnes Sturdivant, corresponding secretary; Mrs. Stuart Davis, treasurer; and Mrs. Walter Godsell, assistant treasurer.

Others elected were Mrs. Bruce Reh, pianist; Mrs. Jack Barron, assistant pianist; Mrs. Kyle Will son, chorister; and Mrs. Frank Kiteley, reporter.

After annual reports by missionary society members, special music was offered by Mr. and Mrs. Howard Skinner, managers of the Maranatha Bible and Missionary Conference at Muskegon.

Brief messages were given by missionaries home on furlough who are participating in the First Baptist Church's annual missionary conference this week.

Speaking were Mrs. Orval Dunkel, Mrs. Paul Hanselman, Mrs. George Kennedy, Mrs. Hector McMillan, Mrs. Robert Shelton, Mrs. John Slater and Isabelle Jones.

Closing prayer was offered by the Rev. Paul Van Garder, pastor of Colonial Hills Baptist Church, Pontiac, Ga. The Rev. Mr. VanGarder is speaking at the public missionary conference which concludes Sunday.

Names Chairman to Head League's May Breakfast

Mrs. Delmo Chapeline, president of Pontiac's League of Catholic Women, has appointed Mrs. Carl Poulos, Ga. The Rev. Mr. VanGarder is speaking at the league's annual May breakfast.

Mrs. Arthur Crawford will assist the chairman with arrangements for the breakfast slated May 28 after the 7:30 Mass at St. Vincent de Paul parish.

The league's board of directors stages the breakfast annually for members. Mrs. John Shoda, archdiocesan chairman of Family Life in the Detroit Archdiocese, will be guest speaker.

A rummage sale is planned May 6 at the league clubhouse, under chairmanship of Mrs. Cleo West and Mrs. Joseph D. Campanello.

Mrs. Chapeline and Mrs. Arthur Crawford and Mrs. William B. Dean will attend the state board of directors meeting at Saginaw April 20.

The group's next meeting will be May 1.

Show Japanese Scenes to Sylvan Garden Club

The Sylvan Lake Branch, Woman's National Farm and Garden Association met Thursday afternoon at the Oakland County Boat Club.

Mrs. Grace Reilly of Birmingham presented pictures of Japanese gardens which combine religion and philosophy with beauty. Scenes of Mexico from the Mayan era to modern tourist spots also were shown.

Members were urged to write their federal representatives in support of the wilderness preservation bill now before Congress. At least four vital areas in Michigan are affected.

Mrs. Albert E. Kohn, president, reported on the annual state meeting at St. Clair Inn where the branch won an award for its year book.

Hostesses for the afternoon were Mrs. Carl Laus, Mrs. Franklin Webster, Mrs. Gordon Dickie, Mrs. Richard G. Vette and Mrs. Raymond Heyse. Mrs. Ida Reeves and Mrs. Thurman Holloway presided at the tea table and Mrs. Alma Fielbusch was a guest.

Gives Talk About Law to AAUW

The Pontiac Branch of the American Association of University Women, meeting in the Community Services Building, heard Robert L. Templin, assistant prosecuting attorney for Oakland County, discuss "Your Prosecutor and the Law."

Mrs. Templin related the functions and services performed by the prosecutor's office and outlined some of the legal rights and responsibilities of citizens.

Andrew North, assistant librarian at Michigan State University, was present to display a set of Oxford English dictionaries presented to the unit recently by the Pontiac AAUW branch.

Announcement was made that Mrs. Olin Thomas has been named chairman of the nominating committee of the Oakland Child Guidance Clinic.

Mrs. Raymond Boone and Mrs. Richard McCoy were guests at the Monday meeting.

TO JOIN UNITS

Mrs. Jessie Snyder, social committee chairman, was assisted by Ada McDonald, Jessie Axford, Lulu McGregor, Mrs. S. E. Minard and Ada Kiehl.

Mary Heitsch, Mrs. Walter Bennett, Mrs. Asenath MacAdams and Mrs. Leslie Purslow also helped.

The local branch will join 58 other Michigan AAUW units in attending the 39th annual state convention at the Pick-Durand Hotel in Flint April 21 and 22.

Pontiac delegates will be Mrs. Tom T. Reese, Mrs. Thomas Holts, Mrs. Philip Lockhart and Olga Silvert.

Mrs. Reese will be a time keeper at the convention, and Mrs. John Bills, who will be a hostess, will serve on the resolution committee.

Others from Pontiac attending as hostesses will be Mrs. Kenneth Ollis, Mrs. Donald McMullen, Mrs. Donald Gause, Margaret Steward, Mrs. Stephen Volkoff and Mary Lou Lackie.

Mrs. Myrtle Kith is incoming president; Mrs. Richard Raber, vice president; Mrs. Emmett Miller, secretary and Mrs. Thomas Barrie, treasurer.

Secret pals were revealed and gifts exchanged.

Exercise Is Advisable

Stomach's Like a Melon

By JOSEPHINE LOWMAN
(The Question Box)

Q. "Will you please answer this in your column? I read it every day and am anxious to know what to do. I have had three children and am 21 years old. I have a nice waistline but my stomach punches out like a watermelon. Can I do anything about it? After having three children these muscles have really stretched, so please hurry and answer. Many others want to hear."

A. I often have had women in my classes with the same trouble. Abdominal exercises, done faithfully, will greatly improve the situation. You will be happily surprised! If any of my readers would like to have those which have been used in my classes, send a stamped, self-addressed envelope with your request for leaflet No. 2. Address Josephine Lowman in care of The Pontiac Press.

Q. "Will you please print a high protein diet in your column?"

A. I do not have a high protein diet made out, but the most important protein foods are

meat, fish, fowl, seafoods, milk, eggs and cheese.

Q. "Why are bouncy exercises not good for women?"

A. Many physicians feel that this type exercise may tend to stretch ligaments and lead to a lowered uterus. Perhaps a few would not hurt, but as a regular habit, there certainly are other more valuable exercises.

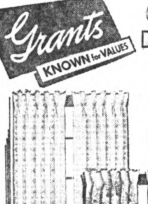

Q. "My bust measures 34 inches, hips 34 and waist 26 inches. I am 39 years old, five foot 4 and weigh 115 pounds. Do you think I am underweight?"

A. You are just about right if you have a small frame. Otherwise, you would be underweight. Because of your slight weight I wonder if your waist is a bit out of proportion. Maybe it is due to a little fat or perhaps your build. If you, or any of my readers, would like my waist-reducing exercises, send a stamped, self-addressed envelope with your request for leaflet No. 6. Address Josephine Lowman in care of The Pontiac Press.

Q. "I am 38 years old. I use

make-up and soap and water on my face. Should I start using creams on my face?"

A. I think that most women your age profit by the use of an eye cream at least. If you have an oily skin, soap and water are best. If your skin is normal, soap and water are all right. However, as the years pass, the natural oils in the skin decrease.

Toast to Start Mother-Daughter Event at School

Turkey will be on the menu for the Longfellow School's biennial mother-daughter banquet Thursday. The affair will begin at 6 p.m. at the school.

A toast to the mothers and daughters by Mrs. Thomas Mitchell and her daughter Sherri will open the program. Mrs. Allen Ebey will offer the invocation.

Following a drawing of tickets for prizes, the group will see a magic show by Jack O'Dea in the auditorium.

Mrs. James Hoopingarner, chairman, has been in charge of ticket sales at the school.

Insurance Unit Elects Officers

The Insurance Women of Pontiac elected officers for the coming year at a luncheon Wednesday at Hotel Waldron.

Mrs. Harry J. Stuart will serve as president; Ernestine Neubauer, vice president; Mrs. Harry A. Hall, secretary; Mrs. John McDonald, corresponding secretary and Mrs. Eugene Perko, treasurer.

The annual Besses Night will be observed at a dinner meeting May 11 at 7 p.m. at Rotunda Inn.

Decision Difficult but Work Satisfies

Pilot Quits AF Job to Become Minister

DUNSMUIR, Calif. (AP)—From Air Force pilot to God's emissary was a difficult switch, the Rev. Boardman Reed of St. Barnabas Episcopal Church here says. He became a minister after a 30-year flying career.

Neither the church nor his associates seriously accepted his determination to relinquish his rank as an Air Force Lieutenant Colonel to study for the ministry in 1955.

Father Reed explains that his background was Episcopalian but that he had no particular emphasis on religion in his youth. He first felt the personal impact of the Christian message through association with a group of dedicated engineers at North American Aviation in Los Angeles in 1948. He began to feel closer to the priesthood later on, when he saw missionary work in Japan.

Stationed near Sacramento, Calif., after Korean hostilities ceased, he expressed his growing hopes to Bishop Noel Porter of the Episcopal diocese of Sacramento.

Bishop Porter outlined a pro-

gram of study and prayer. Father Reed pushed on with applications to various seminaries. Most replies were discouraging, and the Air Force routinely rejected his request to quit active duty. An application to the American Theological College in Vancouver, British Columbia, finally was accepted and the Air Force released.

Now 47, Father Reed was born in Pasadena, Calif., and attended school there, including Pasadena Junior College.

He admits he does miss the association with his fellow officers.

LIFE IS CHANGED

Unmarried, he finds bachelor housekeeping interferes with the more absorbing phases of the ministry.

The things people expect him to miss the most, the salary and status of a flying officer, are relatively unimportant, he says.

"In choosing a new life, I feel I was able to leave one completely

lived life behind, I have been a full participant in that part of propeller flight.

He served in World War II and returned to Air Force duty during the Korean War, switching from bombers to fighter planes.

"People are prone to associate my choice to become a minister with my war experiences," Father Reed says.

It was not the horror of combat that led him to seek God, he explains, but the evaluation of life in the interim between wars.

"Perhaps my grandfather's example gave me courage," he says.

Seek Elk Rapids Park

LANSING 48—A group of friends here is pushing plans for creation of a memorial park at Elk Rapids, northeast of Traverse City in Antrim County, to honor Harry L. Conrad, Lansing builder, who died here recently. Conrad spent his summers in the village for many years.

Romeo Man Added to State Police Force

A Romeo resident is among 27 Michigan State Police recruits who were added to the force Wednesday, and one of the new troopers has been assigned to the Pontiac post.

The class, which completed eight weeks of instruction, brought the strength of the state police to 1,117, 38 under the authorized force. Gov. Swainson and Commissioner Joseph A. Childs attended the graduation ceremonies in East Lansing.

Among the graduates was Fred Greenwalt of 8905 W. St. Clair, Romeo. He has been assigned to the Newaygo post. He is the son of Mrs. Grace W.

Greenwalt—47 7351 Greeley St., Utica.

Being assigned to the Pontiac post is Rudolph G. Homquist of Cadillac.

St. Steven's Lutherans Plan Dinner on Sunday

There will be a family style potluck dinner at 6 p.m. Sunday at Waterford Township's St. Steven's Lutheran Church, 3795 Sashabaw Road.

Following the dinner hour, Robert Hoberling of the Lutheran Children's Home in Dearborn will present a film, "Deep Well." It was produced by the Children's Welfare League of America. All interested persons are invited.

Plans for a 6:30 p.m. May 12 Mother and Daughter banquet will be completed by the sponsors, the church Men's Club.

Canada Highway Still Incomplete by 1,000 Miles

OTTAWA 48—Completion of the Trans-Canada Highway, often promised, won't come this year.

About 1,000 miles of the 4,500-mile route still lack pavement. Plans for 1961 construction cover less than half that mileage.

Work is virtually complete in four provinces—Prince Edward Island, Manitoba, Saskatchewan and Alberta—where the terrain allowed fast building.

In other provinces the road is open to traffic but large portions are not up to standards set for the two-lane paved route.

The road—longest national highway in the world—has been under construction since 1950.

The U.S. has about 3,000 roadside fires every day.

Eichmann Says 'Not Responsible,' Obeyed Orders

JERUSALEM (AP)—Adolf Eichmann, in his memoirs, depicts himself as an administrator, not the executioner of millions of Jews—a crime for which he stands in the dock in Jerusalem.

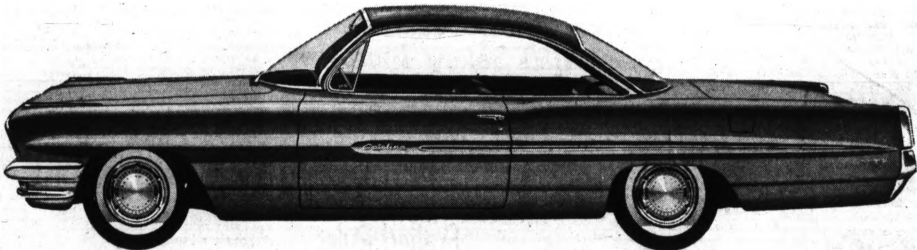

Israel Thursday released Eichmann's memoirs, dictated into a tape recorder and then transcribed after his capture in Argentina and return to Israel last year.

The transcript shows that the former SS officer, in the earliest stages of his interrogation in Israel, insisted his was only an administrative and reporting job. It also discloses that reports on the number of Jews killed went to Hitler, and the Nazi leaders took steps to keep the murders a secret by ordering the files destroyed.

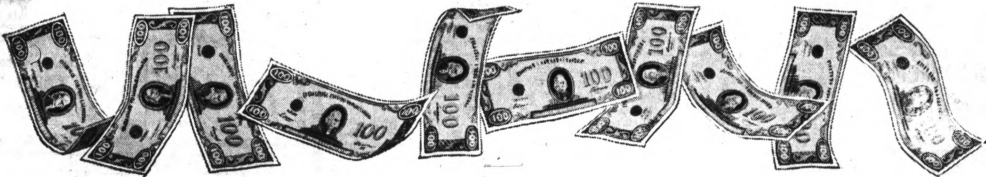

Win Traffic Awards

LANSING 48—Grand awards for self-improvement in traffic law enforcement have been presented to Van Buren County Sheriff Fred E. Roper Sr. and Washtenaw County Sheriff George A. Peterson by the Michigan State Safety Commission and the Michigan Sheriff's Association.

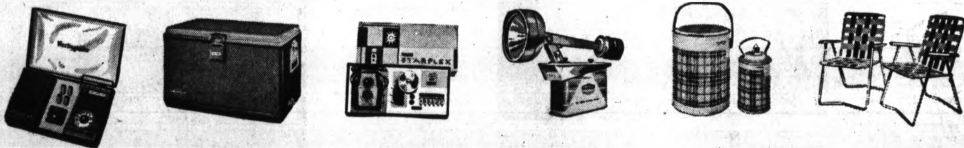

Made your vacation plans yet? Thinking of driving? Read on. Starting next week—for six weeks—you can be one of six lucky winners of handsome 1961 Wide-Track Pontiacs.

And, for "spending money," one thousand dollars in cash will be given to every lucky

Pontiac winner! And that's not all. Each and every week, more than 1300 happy people will receive great vacation prizes like these...

FRIDAY, APRIL 21, 1961

Yearbook Staff Named at PCH

Pupils Start Working
on 'Quiver'; Musicians
Host Local Rotarians

By BARR GRIFFIN
Editors for the 1962 Quiver have recently been announced at Pontiac Central High School. New staff heads include Karen Allhouse and Mary Stehr, co-editors; Susan Dalley, copy reader; Libba Anglar, business manager; and John Davis and Tom Watson photography.

Also named were Lois Zimmer, advertising; Andrea Tynan, copy; and Helen Pritchett, index.

Other new editors are LaNetta Rowland, art; Kathy Lachar, underclassmen; Bob Bedford and Dennis Kachinski, sports; Susie Dawe, faculty; Judy Hillman and Betty Crawford, activities; and Yoland Peraza, seniors. "Man in Space" is the topic of this Sunday's Youth Forum discussion on WPON. This program, which is sponsored by Rev. Daniel Wallace and moderated by Rev. Frank Adams is presented at 1 p.m. each Sunday.

The four regular members of the panel are Andrea Allen, Richard Zalko, Judi Wolterich, and Dennis Ditty from Pontiac Central.

Each week a guest panelist also speaks his views on the various topics, on the international, national, state and local level.

SENECA ROTARIANS

The Pontiac Central Music Department entertained members of the Rotary Club yesterday afternoon. The service club met for lunch in the Central cafeteria and then moved to the auditorium for the musical program.

Groups performing for the men were the choir, senior girls ensemble, and the Caribbees, directed by Jerry Libbi; the Junior Girls Ensemble and Senegambians, directed by Michael Dempsey; and the band, directed by Richard Morse.

Students who have sold at least \$3 worth of subscriptions in the magazine drive will attend the talent show Monday morning. Try-outs for the show were held over a month ago and the cast has been in rehearsal since that time, under the direction of Marilyn Fair.

Final performances of the Dolphin water show "Temptation" will be given tonight and tomorrow night at 8 in the Central pool. Tickets are 75 cents and will be available at the door.

The cheerleaders have announced the dates for tryouts.

Anyone wishing to tryout must attend the clinics May 11 and 12. Girls wishing extra practice may attend the "bonus" clinic May 12.

At these clinics, the present squad will teach the required cheers to all interested girls. Actual tryouts will be May 15 and 16. Announcement of the 1961-62 squad is scheduled for May 17.

Mailman Finds City but Gets Country Wrong

PARIS, Tenn. (UPI)—Several weeks later Mrs. A. H. Bardes received a Christmas card from Chicago, via Paris, France. The card had been mislaid to France, although it was correctly addressed Paris, Tenn.

WHO DUNIT? — That's a big question at St. Frederick High School right now, and the truth won't be known until May 20 and 21. These students are rehearsing the senior class play, "High Ground," to be presented in the parish hall at 8 p.m. those dates. Two sleuths, Trino Sanchez (left) of 180 E. Pike St., and Tom Ritter of 2015 Edgfield Drive, Waterford Township, eye two sus-

pects, Barbara Kast (left) of 115 E. Square Lake Road, and Kathy Harris of 2100 Lancaster St., both of Bloomfield Township. One of the girls is a murderer. Sanchez plays the role of a doctor while Ritter is a handyman. Rehearsals are in full swing now for seniors, but the rest of the student body will have to wait a few weeks to find out which rules the girls play in the suspenseful mystery.

Pontiac Press Photo

Clarkston High Fair Is Today

Art, Literary Projects
Included; Will Make
Awards Saturday at 2

By JANET TISCH
Clarkston High School's annual Science Fair opened today.

Projects have been entered by biology, chemistry, and physics students and include a wide variety of exhibits ranging from bacteria growths to projects proving molecular theories.

Last year's winners have also entered new projects or have expanded last year's exhibits.

Art, literature and industrial arts students were also eligible to enter projects.

When the judges came by today examining the works, they enjoyed the fine assortment of exhibits in these categories.

PUBLIC INVITED

High school students are eligible to win a grand prize trophy or one of five medals awarded.

Projects were judged on quality, neatness, how well they expressed the idea behind them, and how well the participant answered the judges' questions.

Tomorrow will be the last day of the science fair.

The general public is invited to attend and observe the excellent work that has been put into making the fair a success.

Awards are scheduled to be made at 2 p.m. Saturday.

3 Ex-Michaelites Win Distinction Honors at MSUO

By PAT BUCKS
Honors were recently bestowed on three alumni from St. Michael's High School as they earned high academic awards at Michigan State University.

John Fortier, a graduate in the class of 1959, received the honor of being chosen a student of great distinction.

Louis Michael a 1962 graduate, and Shelagh O'Rourke a 1960 graduate, also received honors as students of distinction.

The Junior-Senior banquet is student of great distinction, a student cannot have a grade of less than B, with a grade point average between 2.50 and 3.00.

To earn the classification of student of distinction, a student must have a grade point average between 3.00 and 3.50.

Last Tuesday the junior and senior students were privileged to attend a lecture given by Mrs. Rosemary Brown, graduate of Nazareth College.

Mrs. Brown spoke on the importance of obtaining a well-rounded education, emphasizing the opportunities available at Nazareth College.

Monday, the senior class had the day off as John Brown, American History teacher, took his history students on an extended tour of Greenfield Village and the Henry Ford Museum.

The tour began at 9 a.m. and continued through the day. The desire of every senior to attend this event indicated their great interest in Early American Life.

Young Scientists Shine at Linnaean Science Fair

By DICK SAUNDERS
School News Editor

The Seventh Annual Science Fair, sponsored by the Linnaean Society at Pontiac Central High last weekend, certainly lived up to its theme: "For a Better World for Tomorrow."

There were more than 300 reasons why tomorrow the world might be a little better to live in.

Of the 350 student projects on display in the west wing of the high school, 301 won awards.

These included 10 superior, 53 excellent, 118 good, and 129 fair ratings awarded students from all grade levels.

Probably proudest of all were Albert Yee and Cindy Stride. Scientists are usually calm and calculating — able to take such things in their stride.

But these two "scientists" just plain jumped for joy. You see, Albert is 10 and Cindy is 11.

Atomic research expert Yee, a 5th grade pupil at Central Elementary School, took first place in the elementary division with his "Atom Structure" project.

Cindy, delving into the mysteries of biological research, ran away with second prize for her project, "Frogs." She is in the fifth grade at Webster School.

TIE FOR FIRST

Not far behind in enthusiasm were two Washington Junior High ninth grade students James Proud and Dale Quinn, both 15.

They tied for first place honors in the junior high division. James exhibited a project called "The Metabolism of a Mouse" and Dale displayed a "Bioscience Matrix."

Second place in junior high honors went to Gaibe Hardy, 15, a ninth grader at Eastern Junior High.

Waterford Township High School made a clean sweep in the high school division with the fair's most outstanding single display of scientific achievement.

Charles Banks, a senior, and William Pellerier, a junior, tied for first place. Second place was taken by Alan Watson, a junior.

Banks exhibited the result of a study of X rays and how they can be used for good or bad in his project, "Are X Rays Harmful to Mice?"

Pelletier came up with an equally outstanding, and possibly more intriguing, project "The Synthesis of Nicotine."

An exhibit of homemade lab equipment and its uses earned Watson runner-up honors.

Judging from the wide variety of ideas displayed, the Pontiac area is blessed with many first rate scientists of tomorrow.

Pontiac Northern Pupils Print Pictorial Review

By BILL RAMSEY

Eight pages of memories have been circulating around Northern this week. "Hasty High-Lights," a pictorial review of people and events at Northern, hit the stands Monday and copies were snatched up eagerly by the dozen.

The idea had its birth some time ago in the fourth and fifth hour English classes of Mrs. Ann Morrow, advisor to the school newspaper "Polaris."

Since Northern opened in 1959, countless mounted pictures have been used just once and then set aside.

These pictures held a record of school life that was just waiting for someone to put it together in compact form. Finally the two classes decided to tackle the project, each making up four pages for an eight-page issue.

CLASSES ORGANIZED

In addition to being both interesting and humorous, "Hasty High-Lights," soon became a valuable exercise in journalistic problems. Quickly the classes organized business managers, publicity crews, errand runners, and all the specialized groups needed to prepare the paper.

Boys and girls learned to fit pictures to a desired shape, arrange copy, and choose apt and vivid words.

They grappled with outlines, headlines, and deadlines; wrote, rewrote, rearranged, evaluated, and emerged with a fine brain child.

Under the direction of Frederic Johnson, music instructor, the band will offer a program highlighted by the appearance of a vocal soloist and conductor.

The soloist will be Tony Chipman, principal trombonist of the Cincinnati Symphony Orchestra.

Chipman was a first trombonist for orchestras at the Cincinnati Conservatory of Music, Wayne State University, and Cass Tech High School.

The band also will feature Victor Bordo, band director of Troy High School, as guest conductor.

Bordo was the conductor of the Cass Tech High Band and assistant conductor of the South Oakland Symphony Orchestra. He is presently assistant conductor of the Michigan Opera Company and conductor of the 70th Division Army Band.

The band will perform "The English Folk Song Suite" by Ralph Van Williams; "Mabuco" by Verdi; and "Valse Comptemps" by Marenzeller.

To finance the operation students sold advertising space and charged 15 cents apiece for copies of their pictorial. Proceeds will be used to purchase another typewriter for the "Polaris" office.

Marge Gilroy, a senior, took second place out of 10 entries in the humorous reading division of the Spring Forensic Contest, held recently at Southfield High School.

Her selection was from Jean Kerr's "Please Don't Eat the Daisies." Now Marge will take part in the coming regional contest.

Budding salesmen are trying out their techniques in Northern's annual magazine drive.

Students sell magazine subscriptions for a national agency, and in return the school receives a commission on every sale.

This year's proceeds will be used to help finance a foreign exchange student next semester.

WALTON WINS

Prizes are awarded to top salesmen. First to be so honored was Bob Walton, a junior.

On the first day he turned in a top total of \$30.58 in sales. For this he received \$3.

Other prizes, both cash and such articles as watches and stereo sets, await those who show superior ability and initiative.

Under the direction of Frederic Johnson, music instructor, the band will offer a program highlighted by the appearance of a vocal soloist and conductor.

The soloist will be Tony Chipman, principal trombonist of the Cincinnati Symphony Orchestra.

Chipman was a first trombonist for orchestras at the Cincinnati Conservatory of Music, Wayne State University, and Cass Tech High School.

ROARING REHEARSAL — Avondale High School juniors are currently rehearsing their senior class play, "The Roaring Twenties." The three-act comedy will be staged May 5-6 with 8 p.m. performances each day. In this scene, Ernest Reynolds, Jr., proposes marriage to Denise Hudkins, 16, while the ever-present little sister, Martha Schaffer, 11, listens in. Ernest plays the role of Nero Aintree, while Donna and Martha play the parts of Karen and Della Dunning respectively. They've been rehearsing about six weeks now under the direction of David Bates, speech and dramatics instructor. The play will be presented in the high school auditorium, with tickets going for 75 cents for adults and 50 cents for students.

Junior Play Tonight at Bloomfield Hills

By DICK NETTLE

Anyone who fears a good mystery should enjoy himself at the Bloomfield Hills High School annual junior play tonight and Saturday at 8 p.m.

The play, "Sign of the Four," is a Sherlock Holmes thriller. Being under the expert advisement of Glenn Wooster, the play promises to be an evening of good entertainment.

The Girls' Athletic Association of Bloomfield Hills High sponsored a fun-filled carnival last Friday night, complete with wet-sponge throwing, baseball, throws, and even a place where one could buy five minutes in jail for a loved one.

Following the carnival there was a free sock hop, with records being played by the stage crew. Those who attended had a great time.

Hospital Board Presented With Helty Gavel

The Pontiac General Hospital Board of Trustees at last has a gavel for its chairman.

Except for a brief period during 1958, when a gavel was borrowed for the hearings which led to Dr. Nell H. Sullivan's dismissal from the hospital staff, the board has been without a gavel since its inception in 1952.

Last night, trustee Dick M. Kirby, a business representative for the building and construction trades council, presented William F. Babcock, board chairman, with an unusually heavy gavel, fashioned by members of the Carpenters' Union for their own local meetings.

"I hope we never have to use this except to open and close the meetings," said Babcock, accepting the gavel in the name of the board.

The library equipment bid for Waterford Kettering High School was awarded to the low bidder, the Ogilby Equipment Co. for \$5,639.

The cafeteria equipment contracts were divided between Great Lakes Hotel Supply, the Canton China and Equipment and the F. Glass firms, for a total of \$3,198.

The elementary science supplies low bidder was Michigan Scientific Co., whose bid was \$369, and The Woodman Shade and Blind Co. was awarded a \$357 contract for window shades for the new high school.

ANN ARBOR (UPI)—"Truth serum" may be lying about its name.

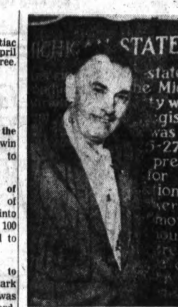

Dr. Norman Rosenzweig, University of Michigan psychiatry professor, said "The drugs usually thought of as truth serums (sodium pentothal and sodium amytal), both barbiturates, are depressants which under certain conditions act as stimulants."

He concludes that "There is no scientific or legal basis for knowing whether information obtained through the use of drugs is true."

Wayne State Professor Honored by Alumni Unit

Prof. Roland C. Faunce of 2335 N. Pine Center, Rt. 2, Orchard Lake, was honored Thursday by the alumni association of Wayne State University's college of education.

He was among 19 members of the college's faculty cited for 15 or more years service. The event in McGregor Memorial conference Center was in conjunction with the dedication of the college of education building and the Education Day Award ceremonies.

5 Youths Hurt in Car Smashup

Auto Crashes Into Tree on Scott Lake Road; 5 Are Hospitalized

Five Waterford Township youths were injured, one critically, when their car smashed into a tree along the Scott Lake Road in the township early this morning.

In critical condition at St. Joseph Mercy Hospital with a ruptured spleen is John Patterson, 16, of 6555 Hatcher Road.

James Scott, 17, of 3060 Lexington Road, and Walter McGrady, 15, of 5120 Elizabeth Lake Road, were listed in fair condition.

McGrady is at Pontiac General Hospital with a dislocated hip and a fractured right arm. Scott is at St. Joseph Mercy Hospital with multiple lacerations and a broken leg.

The driver of the car, Larry Newmarch, 16, of 7027 Pickering Road, and another passenger, Patterson's brother Willard, 17, were treated at the hospital for minor injuries and released.

Newmarch told state police he lost control of the wheel and the car veered off the road.

Carried 144 feet before smashing into the tree, just south of Pontiac Lake Road shortly after midnight, troopers said.

They were to investigate the accident further today.

Tennis Courts OK'd by Board

Bids on School Buses Discussed by Waterford School Officials

The Waterford Township Board of Education last night approved plans for two tennis courts, discussed bids on five school buses and awarded contracts for library equipment.

For the last three years Waterford Township High School students and faculty members have been contributing toward a fund for construction of tennis courts.

At the present time the total amount received in \$2,572, some of which was donated by the Waterford branch of the National Farm and Garden Club.

The board approved a resolution to begin the courts on the north end of the high school property near Highland Road, and will ask an architect for plans and specifications before seeking construction bids.

Specification bids for the Beattie Ford Co. of Waterford, for five new school buses were challenged by representative General Motors Truck, competitive bidders.

It was decided that a committee of board members, Robert Field and William Lemaux, meet Tuesday with the bidders and try to iron out issues of the specifications.

The library equipment bid for Waterford Kettering High School was awarded to the low bidder, the Ogilby Equipment Co. for \$5,639.

The library equipment bid for Waterford Kettering High School was awarded to the low bidder, the Ogilby Equipment Co. for \$5,639.

The cafeteria equipment contracts were divided between Great Lakes Hotel Supply, the Canton China and Equipment and the F. Glass firms, for a total of \$3,198.

The elementary science supplies low bidder was Michigan Scientific Co., whose bid was \$369, and The Woodman Shade and Blind Co. was awarded a \$357 contract for window shades for the new high school.

ANN ARBOR (UPI)—"Truth serum" may be lying about its name.

Dr. Norman Rosenzweig, University of Michigan psychiatry professor, said "The drugs usually thought of as truth serums (sodium pentothal and sodium amytal), both barbiturates, are depressants which under certain conditions act as stimulants."

He concludes that "There is no scientific or legal basis for knowing whether information obtained through the use of drugs is true."
