

Newk vs. Larsen in 2nd Series Game

Docile Four-Footed Blood Donor

TABBY HELPS DOCTOR—Taking time out from his mousing duties at a farm near Denver, this gray Maltese cat was brought to an animal hospital as a blood donor for another feline suffering from distemper. Dr. James I. Manning said the ill cat perked up immediately after the transfusion. Here the doctor is shown withdrawing the blood.

Attends Series Today

Adlai Cheered Madly by Voters in Harlem

NEW YORK (AP)—Adlai Stevenson was jubilant today over a cheering reception last night from Negroes in civil rights-conscious Harlem.

He headed for the second World Series game in Brooklyn today with confidence in his camp that he had surmounted a possibly critical juncture in his campaign.

His supporters regarded Harlem as something of a weathervane as to how he might fare in other populous Negro centers in Northern states with large electoral votes.

An outdoor crowd estimated by police at 10,000 applauded his contention that Negroes had made their greatest gains with a Democrat in the White House.

They applauded also when he accused Republicans of a "brazen" attempt "to seize partisan credit for progress in civil rights."

The outdoor rally last night was open to all comers, friends or foes of the Democratic ticket.

But if any of those attending were unfriendly, they were silent. Reporters covering the event heard no boos or jeers or any unfriendly remarks.

Loudest applause came when Stevenson reiterated previous assertions that "I support this decision" of the Supreme Court ruling segregation in public schools unlawful.

He quoted President Eisenhower as having said of the decision: "I think it makes no difference whether or not I endorse it."

Stevenson said Eisenhower last Monday credited Republicans with ending segregation in the armed forces, but that an executive order issued by President Truman in 1948 "sounded the death knell" of such segregation.

Stevenson said the order was issued despite testimony by Eisenhower, then chief of staff, before a congressional committee that complete desegregation in the armed forces would "get us into trouble."

Tito Returns Home After Soviet Visit

BELGRADE, Yugoslavia (AP)—President Tito returned today from an eight-day visit to the Soviet Union.

Authoritative sources here express the opinion that Tito and Soviet Communist party boss Nikita Khrushchev failed to settle whatever policy row may exist between the two governments and Communist parties.

India Floods Kill 340

NEW DELHI, India (AP)—Official reports said today more than 340 persons died in floods in India during heavy rains in the past six months. The latest count included some 130 deaths in September in floods sweeping wide areas between Calcutta and Lucknow to the north.

Honor Press News Carriers

Certificates Given to Ten for 'Outstanding Service'

Ten Pontiac Press newspaper carrier boys were honored last night at a dinner in the Waldron Hotel for outstanding service to their patrons.

Each received a certificate from the Inland Daily Press Assn. for service, courtesy, honest, perseverance, salesmanship, promptness, citizenship and scholarship.

Five of the boys deliver The Press daily in city routes. They are Jack T. Lightcap, 117 W. New York Ave.; George S. Coleman, 894 California St.; Ronald L. Bailey, 2923 Jostyn Ave.; Richard W. Hutchinson, 2001 Knollwood St.; and Lee E. Stark, 1230 De-lax Rd.

Others with routes outside Pontiac are John Berquist, of Williams Lake; Larry W. Fetter, of Drayton Plains; Harry K. Stephenson, of Lake Orion; Joseph Selagay, of Rochester; and Roger Buxton, of Union Lake.

The award dinner, sponsored by The Pontiac Press, was timed to precede National Newspaper Day tomorrow.

Keego Chief Dies of Burns

Mayor to Ask Schools, Stores to Close Monday

Baxter Injured While Fighting Bowling Alley Bloze

A solemn Keego Harbor prepared its tribute today to Police Chief Calvin C. Baxter, who died last night of burns suffered while fighting a downtown fire Wednesday.

Baxter, 31, died of third-degree burns covering his entire body at 10 p. m. in Pontiac General Hospital.

Funeral arrangements for Monday have not been completed at the C. J. Godhardt Funeral Home.

Mayor John Loveland at the Baxter home, 2248 Willow Beach, said he will issue a proclamation this afternoon asking schools and business to close during the funeral.

He and numerous other officials and friends were comforting Baxter's wife, Eleanor, 33, and the couple's son, Calvin Jr., 9.

Loveland said, "Cal was a very close friend and the very, very best man we could ever have for chief. The whole city will miss him."

Mrs. Baxter, expecting a baby in December, tried to be stoical. "It was just like Cal to run into that fire ahead of everyone else—that's what his job meant to him."

"The doctors said that if he had lived he might never be normal again. Maybe it's just as well he went the way he did."

Baxter, a volunteer fireman, had been engulfed by flames in the Spillwood Lanes, 2945 Orchard Lake Ave. He was rescued through a barred window by firemen and bystanders after a 10-minute struggle to remove the bars.

A collection to help his widow was under way at City Hall, where \$55 was reported this morning. West Bloomfield Township firemen and merchants had canisters out to collect funds.

Baxter was named chief in June, 1955. He formerly was a Pontiac factory worker and a township police officer. He lived in Keego Harbor nine years.

Press Carriers Receive Awards

NEWSBOY HONORED—John Berquist (right) of Williams Lake, one of 10 Pontiac Press newspaper carriers honored at a dinner last night for outstanding service to their patrons, receives an Inland Daily Press certificate from Pontiac Press Circulation Director Earl M. Treadwell (left).

Says Restrictions Unwise

Term Limit Mistake -- Ike

WASHINGTON (INS)—President Eisenhower said today he thinks it was a mistake to limit to two the number of terms a president may serve.

The President expressed the surprise opinion at a news conference which covered the political waterfront.

Eisenhower, who is the first president to be limited by the recent constitutional amendment, said he thinks such restrictions are unwise.

He believes by and large, he said, that Americans should be able to select anyone they want for president.

The only exceptions he approves he said, are the constitutional provisions that a chief executive must be 35 years of age and meet certain other requirements of citizenship.

The limitation was written into the constitution during Harry S. Truman's White House tenure, but did not apply to him. The only president who ever served more than two terms was Franklin D. Roosevelt, who was elected to four.

The Chief Executive also made these points at his weekly question-and-answer session with newsmen:

1. Prospects are not bright for a reduction in federal taxes in the next year or so.

2. It would be foolish for the United States to halt H-Bomb tests unless the Soviet Union agreed to do likewise.

3. Vice President Richard M. Nixon has advised him not to let others in the party work him to death in the campaign.

4. He decided to start replying to Democratic attacks on his administration because, he said, you have to clear away the underbrush of misunderstanding before presenting the truth.

5. He knows pretty well what is going on in his administration, despite allegations of Democratic candidates that he is not in control.

6. Said he decided to end segregation in the armed forces in 1953, because it looked like it was time to take the bull by the horns.

Adlai Saving Cheers for White Sox in '57

NEW YORK (INS)—Adlai Stevenson says he'll be neutral at today's World Series game between the Yankees and the Dodgers.

He said: "I'm a Chicago White Sox fan."

Isle Grooms Princess

ZANZIBAR (AP)—The East African island of Zanzibar gave a turbulent welcome today to Princess Margaret, first member of the British Royal Family to visit the protectorate in 30 years.

Brooklyn's Best to Pitch; Stengel Juggles Lineup

Martin Moves to Third, Coleman in for Carey at Second

FROM OUR WIRE SERVICES

Yesterday's rain failed to dampen the enthusiasm of World Series fans in Brooklyn and another capacity house of 34,000 jammed Ebbets Field for the second game against the Yankees today.

Big Don Newcombe, winningest pitcher at Brooklyn in 32 years took the mound with a 27-7 record against Don Larsen who posted a modest 11-5 mark for the Yankees this season.

Yesterday's game was the first Series game to be postponed because of rain since 1951 when the Yanks were trailing the Giants in games, 2 to 1.

Manager Casey Stengel did some lineup juggling by shifting Bill Martin to third base in place of Andy Carey and moving Jerry Coleman to second.

He also sent Joe Collins to first base in place of Bill Skowron.

A spectator at today's game was a Democratic Presidential Candidate Adlai Stevenson. President Eisenhower was the guest in Wednesday's opening game.

Thursday's postponement was called by Commissioner Ford Frick after examining the field and learning of the heavy rain forecasts.

Neither manager saw any advantage gained by postponement although the one-day rest seemed to favor the Dodgers who were forced to overwork their pitching ace Newcombe and Maglie in the final games of the hectic National League race.

Maglie is expected to pitch the 4th game Monday.

The two teams took the field today with pleasant weather forecast.

Find Kidnaped Baby Unharmed

Chicago Police Locate Child Through Phone Information

CHICAGO (AP)—Police said that a month-old baby who was kidnaped from his crib last night was found unharmed today.

Police, investigating information received in a telephone call, took the baby and a young woman to confront the child's mother.

The baby's mother, Mrs. Lois Bucher, 21, told police she had met the woman, described as about 22 and an expectant mother, in a store near her Southwest Side home yesterday afternoon.

She said the woman, a stranger, admired her baby, Ronald Joseph, and expressed the hope hers would be as beautiful. When the woman told her she was feeling ill Mrs. Bucher invited her to her home "to rest until you feel better."

After the woman had been in her basement apartment at 4115 Archer Ave. for about three hours, Mrs. Bucher hinted she wanted her to leave so she could prepare dinner for her husband, Thomas R., 29, who works in a gas station.

When the woman wouldn't take the hint, Mrs. Bucher said, she told her she had to go to a drug store to telephone her husband. The woman accompanied her, leaving the baby asleep in his crib.

At the drug store the woman said she felt ill again and insisted they return to the Bucher home. Finally, Mrs. Bucher said, she asked the woman to leave. She then asked Mrs. Bucher to go to the drug store and telephone for a cab.

Mrs. Bucher said she was gone about five or six minutes when she returned the stranger and the baby were gone.

Pontiac Calling Back 4,000 Monday

Some 4,000 Pontiac Motor Division employees will return to work Monday when local plants complete their model changeover and inventory period, division officials said today.

Another 1,500 final assembly workers will return Oct. 15 when Pontiac will begin producing 1957 models. The new cars are to be shown to dealers Nov. 9.

Spokesmen said Monday's returning force will be in the engineering, foundry, sheet metal and chrome plating departments.

The division stated some workers laid off in late spring will be recalled when regular production is resumed, although spokesmen did not indicate how many.

\$1,300 Loads Pot-O-Gold as 14,505 Puzzles Miss

The person who solves this week's Pot-O-Gold not only will win \$1,300, but he will make our judges very happy. Imagine what it's like to check 14,505 puzzles, each with 16 answers, and to go over all those answers, getting more and more excited as there appears to be a winner, only to discover that there is just one wrong on the entry.

More entries than ever came in with all correct solutions but one, which indicates that the puzzle is either getting easier or that entrants are trying harder. Either way, it looks as though

there will be a winner soon, so you'd better turn to page 22 and take advantage of these last few days to send in Puzzle No. 18.

While it seems it shouldn't be necessary to repeat the warning to check all rules, there were still 44 entries mailed in envelopes rather than on post cards as the rules state, and 288 missed the deadline.

Who knows? Your late or mis-sent entry may have been a winning solution, but now no one will ever know.

Explanations for the solution to Puzzle No. 17 appear on page 20 in today's Press.

Royal Oak Ready for Truman Visit

Former President Harry S. Truman, seeking Midwest votes for Adlai E. Stevenson, will speak in Royal Oak tomorrow at 11 a. m.

Truman, who tried to block Stevenson's nomination at the Democratic convention in Chicago on the ground that Stevenson could not win the election, arrives in Detroit today for two days of campaigning.

Opening with a tour of 16th, 18th and 19th Congressional District headquarters this afternoon, Truman will give a televised speech at 9 p. m. from the AFL Labor Temple in Detroit.

His plans tomorrow include the 11 a. m. speech at South Oakland Democratic headquarters, 1815 N. Main St., Royal Oak, and stops at Democratic headquarters in the 14th, 1st and 17th Congressional Districts.

Western Unity on Suez Sought

Three Powers Make Last-Minute Efforts to Agree in U.N.

UNITED NATIONS, N.Y. (AP)—The foreign ministers of the Big Three Western powers made a last-minute effort today to agree on a common front in the U.N. Suez debate.

Amid growing reports of Western divisions, Secretary of State Dulles flew to New York for a conference with British Foreign Secretary Selwyn Lloyd and French Foreign Minister Christian Pineau before the Security Council meeting at 2 p. m. EST.

Today's session was the first meeting of the three Western foreign ministers since the second London conference on the Suez problem ended Sept. 21.

U.S. spokesmen here have carefully avoided any definite statement as to whether or not the United States would support a British-French resolution calling for U.N. endorsement of the position taken in the first London conference in August. This provided for international control of the 103-mile waterway, a demand Egypt already has rejected.

A U.S. spokesman here said the United States agreed in principle with the British-French demands for international control of the Suez. He added, however, that the United States favored the establishment of some kind of U.N. negotiating machinery to seek a solution.

Only 2 Days Left! It's Your Fault If You Can't Vote

Friends of the losing candidate who forgot to register may help elect our next President.

You must be registered to vote Nov. 6—and you have only two full days left!

The Pontiac City Clerk's office, in a deadline drive to lengthen registration rolls, will be open tonight until 9, from 9 a. m. to 6 p. m. tomorrow, and from 8 a. m. to 8 p. m. Monday. Various township clerks have also arranged longer hours before the Monday deadline.

Remember—Ike and Adlai will be at the polls next month. Make sure you are, too.

Fair, Cool Tonight, Warmer Tomorrow

Fair and cool weather is expected tonight. A low near 50 degrees is predicted.

The weather tomorrow will be partly cloudy with a high around 70 to 75.

In downtown Pontiac the low last night was 45. At 1 p. m. the temperature reading was 61 degrees.

Polish Fishing Vessel Sinks in Rough Seas

IJMUUDEN, Netherlands (AP)—A Polish fishing trawler Syranka sank last night in rough seas about 100 miles off the British North Sea coast on the Dogger Bank. Six survivors were reported picked up by Polish fishing vessels, but it was feared the other eight crewmen were trapped inside the upturned vessel.

Arson Charged in Mystery Fire

Dead Woman's Mate Held for Examination in Circuit Court

The 33-year-old husband of a woman found lying dead Tuesday outside their burning house in Disco was charged with arson and bound over to circuit court after waiting examination Thursday.

Wallace Nichols was held in the Macomb County Jail at Mt. Clemens under \$2,000 surety bond after arraignment before Bruce Township Justice Francis Castellucci.

He will be arraigned Monday in Macomb County Circuit Court.

His wife, Mildred, 63, whose body was found on a mattress in front of the gutted one-story home by neighbors, died of natural causes, an autopsy showed.

Routine investigation of a speed-haul release from St. Joseph Hospital in Mt. Clemens where he had been under treatment for shock since his arrest by State Police five hours after the fire.

Nichols refused to cooperate during questioning, according to State Police Detective Harold Ernst who is heading the investigation. A check of the destroyed house disclosed the probable arson.

There were signs of arson at the home, it apparently was a set fire," Ernst said.

Nichols, a retired carpenter, told detectives he was lying down when he thought he smelled smoke or gas in the house so he carried his wife outside thinking she was asleep.

Several pieces of furniture also were carried outside before the fire, Nichols said he and his wife had been packing to move to another house that day because they were being evicted.

The fire and Mrs. Nichols' body were first discovered by Mr. and Mrs. Jacob Dashi who live across the road. They found clothing and other belongings owned by Mr. and Mrs. Nichols in their garage with a note signed by Nichols willing it to them.

Mrs. Summerfield Granted Tax Refund

DETROIT (INS) — The wife of Postmaster General Arthur E. Summerfield won a federal court suit today to recover \$183,885 in income taxes.

Mrs. Miriam Summerfield paid the income tax in 1949 when she sold her half-interest in her husband's Flint, Mich., auto sales agency for \$440,000.

Mrs. Summerfield argued the sale, taxed as straight income, should have been taxed under capital gains and at a much lower rate.

Government attorneys maintained the sale was not bona fide because \$440,000 was a "ridiculously" low price for half-interest in a business netting \$500,000 a year.

However, Detroit Federal Judge Theodore Levin ruled the sale price was not a factor and awarded the tax refund.

Flint Driver Injures Wrist in Collision

C. W. Dukes, 21, of Flint, was treated for wrist injuries after his car was struck from behind yesterday.

The other driver, Richard F. Pence, 21, of Traverse City, was not injured. Pontiac Police said the accident was at a traffic light on S. Saginaw street at Parke street.

Time Bomb Kills 9

ALGIERS (U)—A time bomb exploded in a bus near Algiers today, killing nine Algerians and wounding a dozen. The explosion occurred while the bus was stopped at a military checkpoint.

The explosion occurred as reports reached here that 8 French soldiers and 16 Algerian rebels were slain in a clash just across the Tunisian border.

Recover 3 More Bodies From Collapsed Building

JACKSON (U)—Rescuers today found the bodies of three more workers in the steel-and-concrete tomb where 16 men died following the sudden collapse of a partially completed office building.

Only one body has still not been recovered from the rubble.

One of the bodies found today was not immediately identified but is believed to be that of either William Rose of Rives Junction or Charles Amann of Jackson.

The other bodies were those of Floyd R. Baker, 39, of Spring Arbor, and Claude Binchus, 36, of Jackson.

The 10 were killed when, without warning, the three-million-dollar, four-story Consumers Power Co. building near here crumbled Wednesday afternoon cascading 6,000 tons of concrete and steel into the basement. It was one of Michigan's worst industrial disasters.

Thirty-five construction workers were injured in the landslide. Thirteen still are in hospitals.

The fifth and sixth bodies were pulled from the wreckage last night, more than 30 hours after the modern - designed structure caved in. Workers continued digging for the missing four.

At least three official investigations are under way to determine the cause of the tragedy.

The building was being erected on the relatively new "flat slab" construction principle in use only about five years. The principle utilizes steel reinforced floors to provide strength without supporting beams.

A spokesman for Herlihy Midland Construction Co., of Chicago, the general contractor, said there was no indication the concrete was not being properly poured or of any structural defects. He could offer no reason for the disaster.

One of the investigations was ordered by Herlihy. Another was called by the architects, Black & Black of Lansing.

In addition, Consumers Power Co., which had planned the building about 70 miles west of Detroit to stand against an A-Bomb blast, called in two University of Michigan structural engineering experts to determine the cause of the collapse.

The fifth body recovered from the debris last night was identified as that of George Berry Sr., 67, of Michigan Center. The sixth body was identified as that of Gale Marble of Flint.

Continent Construction Co., of Chicago, the general contractor, said there was no indication the concrete was not being properly poured or of any structural defects. He could offer no reason for the disaster.

One of the investigations was ordered by Herlihy. Another was called by the architects, Black & Black of Lansing.

STOP FIRES — SAVE LIVES — That's the slogan shown above for Fire Prevention Week, proclaimed nationally by President Eisenhower. Shown holding a poster for Pontiac's campaign are, left to right, Harvey Johns, chairman of the Chamber of Commerce Fire Prevention Committee; Howard Looney, representative of the Pontiac Assn. of Insurance Agents, and Captain Victor Bodamer of the Pontiac Fire Department. All will help publicize the slogan with programs from Sunday to Oct. 13.

Fire Prevention Week Plans Complete

Fire is a dangerous, tragic killer whose destructive power can ruin work of a lifetime, hopes for the future.

This point the Chamber of Commerce will try to hammer home during Fire Prevention Week, starting Sunday.

The Fire Prevention Committee has a series of programs topped by a public demonstration at 7:30 p.m. Tuesday, when the Fire Department will perform at Northside Park, Edison street and Montcalm avenue.

Firemen directed by Capt. Victor Bodamer will perform some near-circus feats on high extension ladders. Clowns will provide a real circus atmosphere.

SET TRUCK ALABE — A gasoline truck will be set ablaze, then saved by the timely use of smothering chemicals.

There will be other events, including a water fight between firemen armed with hoses. It will be Waterford Township's Fire Department versus Pontiac Township's.

Harvey Johns, head of the Fire Prevention Committee, is in charge of the demonstration. Johns is chief of GMC Truck & Coach plant protection. During the week, Johns announced, films on fire safety will be shown in Pontiac elementary schools.

The Board of Education, he said, has also cooperated to allow junior and senior high school students to see a demonstration prepared by Kenneth Goodell, fire chief at GMC.

Free inspection for fire hazards at home can be obtained by calling the Chamber of Commerce. The inspections will be directed by Fire Chief John Schroeder.

According to Sherwin Birnkant, committee publicity chairman, downtown business will display posters with the slogan, "Stop Fires—Save Lives."

Raymond Aappaport, president of the Retail Merchants Assn., pledged support to carry the message in store windows and displays, Birnkant said.

The Pontiac Assn. of Insurance Agents, represented by Howard Looney, pledged its cooperation, he added.

Hold Service Today for John G. Wood

BLOOMFIELD HILLS — Service was to be held today for John G. Wood, former chief engineer of Chevrolet Division, General Motors Corp.

Burial for Mr. Wood, after the 11 a.m. service at Bell Chapel of the William R. Hamilton Co., was to be in Indianapolis.

With various GM divisions for a total of 35 years, Mr. Wood died Wednesday night in his Lane Fine road home in Bloomfield Hills, at the age of 73.

A graduate of Purdue University, he was chief engineer of Chevrolet from 1945 to 1949, then became executive assistant to the general manager before his 1950 retirement.

He is survived by his wife, Cleora and two daughters, Judith Ann and Mrs. George Trumbull.

Heavy Cash Register With \$72 Stolen

Burglars last night lugged off a heavy cash register from an office building at 120 E. Montcalm Ave. containing \$72, Pontiac Police said.

They entered through an unlocked window by removing a screen, police said.

2 Traffic Violations Carry 15 Days in Jail

James M. Showers, 28, of Royal Oak, was sentenced to two jail terms totaling 15 days Thursday after pleading guilty to two traffic violations.

He was arraigned before West Bloomfield Township Justice Elmer C. Dieterle for speeding and driving without a valid license.

40 Suspects Captured

NICOSIA, Cyprus (U)—The British army announced today 40 suspects have been captured in three days of a concerted hunt for Cypriot guerrillas in mountain hideouts of northern Cyprus.

A small beginning of chinchilla farming has been made in Argentina.

Potter, Cobo to Visit County GOP Rally

A Republican rally and barn dance Oct. 16 at Waterford Hill now is being planned, the Republican County Committee said today.

Guests of honor at the affair will be U. S. Sen. Charles E. Potter, Detroit Mayor Albert E. Cobo, candidate for governor, will be introduced with GOP state and county candidates.

Free tickets are available at all county GOP headquarters, the committee said.

The Day in Birmingham

Rollie Reese Calling Start of Halloween Plan

BIRMINGHAM—A meeting next Thursday will kick off plans for Birmingham's annual huge fete of its youth at Halloween, according to Rollie Reese, chairman for the event.

Usually drawing four or five thousand children as well as an equal number of parents who watch the coffee-and-doughnut eating, programs, games and costume parade on a closed-off thoroughfare of the town, around 9,000 in all attended last year, with 6,000 in the parade, Reese estimated.

The meeting will be at 4 p.m. Thursday in the Community House to plan the Halloween program.

He has invited about 27 to aid the basic committee of five. They are representatives of schools, PTAs, C of C, and University clubs. They will be key people in charge of certain facets of the night's program, such as getting manpower from the PTAs, delivery, prizes, and other items.

Entertainment at both the high school and the junior high schools and a movie in the Baldwin School will be in charge of these representatives.

A "meet the property" afternoon is slated Oct. 14 for parents of Academy of the Sacred Heart girls, when they'll see the 30 acres of land recently purchased as a site for a new school.

A tent inside the gate will give an "open house" air to the event at the land, between Squirrel and Kensington Roads on what formerly was the Walter O. Briggs estate. Area of future buildings and playgrounds will be marked.

Mrs. Don E. Abrams and Mrs. Norman J. Fredericks are co-chairmen, both being from Birmingham, but their committees include many Detroit and North Woodward residents.

Among them are Mrs. Frank O'Toole, a hostess, Mrs. Lloyd Diehl, Jr., Mrs. R. W. Ruen, and J. A. Martin, assistant hostesses, all of Birmingham.

Alumnae of the Detroit school working on the party include Mrs. John E. Steiner, corresponding secretary of the group, a Birminghamite, and Mrs. D. P. Costello, Jr., and Mrs. William J. King, who also live here.

The Men's Fellowship of the First Congregational Church will meet next Thursday for a 4:45 p.m. dinner at which the Rev. Albert Clegg of Central Congregational Church will speak.

President Hopes Capital Won't Lose Ball Club

WASHINGTON (U)—President Eisenhower said today he would not like to see Washington lose its American League baseball club.

Eisenhower was asked at his news conference what he thought of reports that club owners were considering a move to the West Coast.

The President said this was the first he'd heard of it but that he was again "it."

Eisenhower, a baseball fan in general and a Washington rooster, saw the opening game at Griffith with presidential tradition and Stadium last season in keeping went out unannounced to see another game toward the end of the season. He also watched the first game of the World Series in Brooklyn this week.

He told the news conference he likes to go out to the ball park and has hoped Washington could come up with a stronger team. The Senators finished seventh this year.

Township Realtor Dies at Boyne City

BLOOMFIELD TOWNSHIP — Percy M. Nelson, 64, 5381 Bayley Rd., Bloomfield Township, died suddenly at Boyne City last night where he was vacationing.

A resident here for eight years, he came from Royal Oak where the family had lived 30 years. He was a partner with his son in the Percy M. Nelson Co., residential builders with offices at 4090 West Maple Ave., near Telegraph.

He was a member of Church of Christ Scientists at Franklin and an original member of the Builders Assn. of Metropolitan Detroit.

Surviving are his wife, Hilma, a son, Robert, a granddaughter, a sister, and two brothers in Iowa and Grand Rapids.

Service will be at Bell Chapel of the William R. Hamilton Co. Monday at 1 p.m.

Driver Rams Barricade and Tree, Breaks Leg

George P. Callan, 43, of Allen Park, is in good condition at Pontiac General Hospital today with a fractured left leg suffered early this morning when he drove into a barricade and a tree in White Lake Township.

The accident occurred at Round Lake and Cooley Lake Roads, according to Oakland County Sheriff's deputies. Investigators said the barricade was serving as a stop sign at the end of the road.

Callan told officers something went wrong with his steering mechanism.

6 UM 'Painters' Brush With Law on MSU Campus

EAST LANSING (U)—Six University of Michigan students, on a pre-football game painting raid, were picked up by MSU Police on the Michigan State Campus this morning.

MSU police said the UM students were nabbed at 2:30 a.m. They had painted a blue "M" on a bench and "U. of M." across a sidewalk.

The six were ordered to clean up their paint job and will be returned to the University of Michigan this afternoon.

A joint student judiciary committee at the University will sit and decide their punishment.

Representatives of the two schools recently met to decide on a system of punishments to try and stop campus raids before the football games.

Michigan State officials said the names of the students could not be released here but would have to come from the dean of men at the University of Michigan.

Car Flips 3 Times, 1 Killed, Rider Safe

Seldon Stamper, 34, of South Lyon, was killed yesterday when his car rolled over three times near Ann Arbor on Six Mile road, east of Pontiac road in Salem Township.

Samuel Rose, 17, also of South Lyon, a passenger, was not hurt. Washtenaw County deputies said Stamper apparently was speeding and lost control.

Pontiac Deaths

Leon Moore

Service for Leon Moore, 73, of 35 Chamberlain St. was held at 11 o'clock this morning in Donelson-Johns Funeral Home. Burial was in the Rich Cemetery, Lapeer County.

Mr. Moore died yesterday after a prolonged illness.

Barnett's CLOTHES

BARNETT'S CLOTHES SHOP

OPENS TODAY — A tribute to two life-time Pontiac merchants' faith in the downtown business district's future is Barnett's Clothes Shop above, which had its grand opening this morning at a new location, 150 N. Saginaw St. It is owned by Archie and Sidney Barnett, who have carried on a men's store started on S. Saginaw 61 years ago. A prospective customer, above, looks over the modern window displays before opening time.

Negroes 'Up-Stirred' by Leader's Arrest

TAMPA, Fla. (U)—Negro ministers, protesting the forcible arrest of an official of the National Assn. for the Advancement of Colored People, called a public meeting to-night "to tell the truth about certain events in Tampa."

The Tampa Interdenominational Ministerial Alliance said it is illegal and against good morals.

A five-man delegation of the Alliance told Sheriff Ed Blackburn that Tampa's Negro citizens were "upset, up-stirred and organizing" because of reported circumstances of the arrest Monday of William A. Fordham, 36, president of the Florida branch of the NAACP.

Fordham was placed in handcuffs in a patrol car when arrested on charges of double parking and resisting arrest. He said he was kicked and beaten when he objected to driving his own car from the scene. Arresting officers said they used only enough force to get handcuffs on Fordham and put him in the patrol car.

Blackburn told the delegation he had investigated the incident and believed the officers were fully justified.

An Ounce of Prevention

DALLAS, Tex. (U)—Motorcycle Officer B. G. Caffey complained that someone stole his book of blank traffic tickets from his vehicle yesterday while he was talking with a driver he had stopped.

Army Reveals Missile Traits

Discloses Existence of New 175-Millimeter Gun

ABERDEEN PROVING GROUND, Md. (U)—The Army has taken some wraps off its Redstone ballistic missile, disclosing among other things that it soars above the earth's atmosphere in its 200-mile flight to a target.

At the same time, it has disclosed existence of a new 175-millimeter gun, apparently designed as a substitute for the big and cumbersome 280-millimeter atomic cannon.

The ground forces displayed the new weapons in a day-long show for the American Ordnance Assn. at this Army weapons development center yesterday.

The 60-foot Redstone missile was set up and put through simulated firing while Maj. Gen. John B. Medaris, chief of the Ballistic Missile Agency, explained details.

He described it as a "high accuracy" weapon, and added it cannot be deviated from its flight by enemy countermeasures which can affect many fully guided missiles. The Redstone uses guidance

only in the initial few seconds of flight and that, Medaris said, is entirely "immune" from outside interference.

The Redstone travels at supersonic speed and can be fitted with an atomic warhead.

The new 175-millimeter gun has a bore of approximately 7 inches, compared with the 11 inches of the big atomic cannon. Its weight, together with the self-propelled carriage, is 37 tons, contrasting with the 87 tons of the 280-millimeter gun.

Affectionate Gesture Puts Pair in Hospital

CHATTANOOGA, Tenn. (U)—A gesture of affection proved costly last night for a Chattanooga couple, putting both man and wife in the hospital and leaving their automobile a wreck.

Bruce W. Brown, 38, a painter, and his wife, Mrs. Marie Brown, 40, were driving to the home of her relatives when she threw out her arm, intending to put it around her husband's shoulder.

Instead, she struck the steering wheel, the husband said, causing him to lose control of the car, which crashed into a bridge abutment and was demolished. Mrs. Brown was thrown through the windshield.

Kefauver Heads Into Arizona

He Taunts Republicans With 'Right to Suffer' Remark of Pyle's

PHOENIX, Ariz. (U)—Sen. Estes Kefauver campaigned into Arizona today, taunting Republicans with the "right to suffer" remark of the former Republican governor of the state, now an assistant to President Eisenhower.

The Democratic vice presidential nominee, in a speech prepared for delivery at a luncheon here, recalled that "it was Howard Pyle who said 'the right to suffer is one of the joys of a free economy.'"

"This is a 'joy' which we Democrats—which Adlai Stevenson and I and your leaders here—don't wish to inflict further upon you," he declared.

Pyle made the remark at a press conference in Detroit last May. He later said he did not mean it the way it was interpreted.

Kefauver accused the Republicans of falling down on water conservation and multi-purpose dam projects, school construction, home building and programs to aid small business.

The tireless Tennessee had another 18 hours of barnstorming lined up for today to match the grueling pace he set yesterday in the Los Angeles area.

His schedule for today started with a breakfast meeting in Tucson, where he arrived in early morning by plane from Los Angeles, included press conferences at Tucson and Phoenix, and then carried him to Pueblo, Colo., for a dinner and a speech.

He is to fly to Enid, Okla., to spend tonight and then have another rough day in Oklahoma tomorrow. One new speech, at Muskogee, has been added to talks previously listed for Enid, Alva and Ponca City.

Eagle Stuffed, Pigeons Bluffed on Building Top

COLUMBUS, Ohio (U)—"Old Baldy" is a bluff, but a very effective bluff.

The pigeons at Memorial Hall stay away from him like poison. They don't care if he is only a stuffed American eagle. Stuffed or not, Old Baldy is not exactly friendly looking with his giant wings spread and a fierce glare in his steady eyes.

Attendants put Old Baldy on the front of the building when the pigeons were claiming it for their own. The bird had been in retirement for years, possibly since Civil War days.

"He's doing a good job," said a janitor. "When the pigeons see him, they don't land. If they land before they see him, they take off like jets."

Colorado Republicans Steal Adlai Trademark

DELTA, Colo. (U)—Delta County Republicans have taken over the worn shoe symbol associated with Adlai Stevenson in the 1952 presidential campaign.

Posted in the window of the Delta County Republican headquarters is a sticker showing a shoe sole with a hole in it. Above the sticker is printed: "Don't let this happen to you." Below the shoe: "Vote for Ike."

\$5,700 Found on Farm

CARSONVILLE (U)—More than \$5,700, stuffed into old envelopes, was found in the farm house of Paul Spiritus, 66-year-old retired machinist who died Monday. Spiritus, a bachelor, had operated a 14-acre farm since retiring two years ago from the Ford Motor Co. His only survivors are believed to be a nephew in Argentina and three nieces in Germany.

Hollywood Dying Duck According to Ben Hecht

By EARL WILSON

NEW YORK—Wearing his customary uniform of black bow tie and brown cigar, Ben Hecht, 62-year-old child of the century, sat happily framing an obituary of the little town of Hollywood.

"It's a dying duck," he said satanically. "It's laid out in state."

"Due to TV?" I inquired.

"Due to itself? Due to movies. You can sell bad beer just so long. Eighty per cent of the movies are made for the dime-novel trade. But people are educated beyond that point." The rebellious Bard of Nyack pronounced the last rites with confidence that the corpse would rise again.

"What about the effect on the great film moguls?"

"They've learned to play gin rummy through it all," he shrugged. "This is the time for the artists to step in—but Hollywood hasn't developed any artists. Our generation changed—but the movies didn't."

"What happened to the writers?"

"Don't you know? Prose is passe like beadwork." A light came into his eye. "The poet of today is a scientist. The poet of my day spoke of the beauty of the moon and the stars, but the new poet tells you what they're made of and what they weigh."

"The moon used to be far away, but it's a whistle stop now. Nineteen hundred miles an hour! Where are they going so fast? It's like building a motorcycle to cross the street."

I thought to ask just what occupies him now and he mentioned a play about Maxwell Bodenheim, a book about his late collaborator and fellow prankster, Charles McCarthy—and a Hollywood movie based on Ernest Hemingway's "Farewell to Arms" for David O. Selznick.

"Hollywood?" I said. "I thought you didn't like Hollywood."

"Selznick," he quickly explained, "is a high-class boss. Most Hollywood bosses are just off the pickle-wagon."

"Do you ever fight with him?"

"No," Ben Hecht said. "You never fight with a man of intelligence—especially when he's overpaying you."

THE MIDNIGHT EARL . . .

Mary Livingston was on a cane; she busted a couple toes answering Jack Benny's phones . . . Jackie Gleason licked Perry Como 6.9 pts. Trendex when he came back alive . . . Frank Sinatra and Eartha Kitt became pals before she flew here from El Rancho Vegas. Peggy Connelly flew to rejoin him in L.A.

Feliza Vanderbilt and husband Elliott Plowe found their new East River Apt. looted of heirlooms when they returned from Canada . . . MM and Arthur Miller'll head home right after her film, preceded by Mrs. Milton H. Greene a couple weeks from now.

"Dog Dunking Day" was observed in Osawatimie, Ia. A farm supply store gave free defleaing baths to all dogs for the good of the town . . . Nat "King" Cole, Bing Crosby and Louis Armstrong will do a special TV "Salute to Ike" Oct. 13 . . . Dick Shawn had to cancel off the Ed Sullivan show . . . he has the measles . . .

Charlotte Rae, who plays Peter Palmer's mother in "Li'l Abner," is just nine months older . . . Henny Youngman was signed for the "Pal Joey" movie . . . Capitol Records figures its new singer, Lonnie Sartin, is a threat to Perry Como. At least, he's an ex-barber, too.

Earl's Pearls . . . When a girl looks at a guy and says "Oh brother!" you can be sure that he isn't—Ima Washout.

WISH I'D SAID THAT: "Chivalry" is opening the door and standing aside so that some dame can rush in and take the job you're after.—Leonard Levinson.

TODAY'S BEST LAUGH: "Sometimes a handicap can be an asset," says Allen Swift. "My cousin is nearsighted—so he has to get close to girls when he's introduced."

Taffy Tuttle thinks Yogi Berra is very lucky. Imagine getting to see all the World Series games from right behind home plate! That's earl, brother.

(Copyright 1956, The Hall Syndicate, Inc.)

Justice Takes Half-Hour

PUEBLO, Colo. (U)—The wheels of justice rolled swiftly for William C. Sheak, who was arrested, pleaded guilty to charges of shop-

lifting, was fined \$20, sentenced to two days in jail, and put behind bars—all within 30 minutes.

Mother Enters State Institute

Parent of Kidnaped, Murdered Baby Asks to Be Admitted

MIDDLETOWN, Conn. (U)—The frail mother of kidnaped and murdered Cynthia Ruotolo entered a state mental institution here last night.

State's Atty. Abraham S. Ullman, who is heading the investigation into the 6-week-old baby's death, said he understood 33-year-old Eleanor Ruotolo had asked to be admitted to the Connecticut State Hospital. He said he did not know why.

A spokesman at the hospital said all questions about Mrs. Ruotolo, wife of a paint salesman, would have to await arrival of hospital officials sometime today.

Cynthia disappeared from her carriage left by Mrs. Ruotolo in a Sears Roebuck department store in Hamden on Sept. 1.

The infant's body was found five

days later in a lake, about a mile from the store. It was stuffed in an air tight plastic bag and weighted with a stone.

Mrs. Ruotolo collapsed in her husband's arms during graveside services for the baby, Cynthia, was the third infant Mrs. Ruotolo and her husband, Stephen, lost to death. One child died of pneumonia and a second died in an accident.

An autopsy report showed that the baby had died of suffocation—either from drowning or some other cause.

Claims Intellectuals Make Lousy Drivers

SACRAMENTO, Calif. (U)—Lawyers, doctors and scientists make worse automobile drivers than persons of low mentality, says Arthur L. Berlin, chairman of the driver education program in San Leandro's schools.

"The man who drives while thinking of his business is a poor driver, while the man with low mental ability won't be thinking about much of anything," he said at the state traffic safety conference.

Douglas Says Press Hides GOP Scandals

STURGIS (U)—Sen. Paul Douglas (D-Ill.) assailed what he described as "the double standard of morality" of the American press "in protecting the Republican party" in a Sturgis speech last night.

He said "influence peddling" led to the resignation of former Air Secretary Harold Talbott and he charged Agriculture Secretary Ezra Taft Benson bought cheese at 37 cents a pound one day and sold it back to the same large processors at 34½ cents the next day "without ever moving a single pound." Douglas did not name the processors.

"What would the press of this country have done had these acts (of Talbott and Benson) been committed by Democrats?" he asked.

Answering himself, he said: "A terrific and continuous barrage of criticism would have been laid down against the Democratic party by the daily and weekly press of this country."

"But under the Republicans they got only passing notice and were allowed to sink, forgotten out of sight."

THE POWERHOUSE

Birdie Tebbetts would probably win a confidential poll as the most popular manager with newspapermen. Birdie instructs his men to stop whatever they are doing in practice and answer sports writers' questions.

A writer once pointed to a 285-pound visitor in the Cincy clubhouse and asked his name... "I don't know," Birdie said, "but I'm going to throw him out."

It later developed the visitor was Ted Kluszewski's kid brother.

Birdie never takes his headaches home to his wife and three very active children. He once told a friend, "I've got a house carpeted from wall to wall—with children."

These crisp days with the tang of autumn in the air remind me Oct. 14 has been set aside as National Bowling Day.

This sport has more than 20,000,000 participants.

Until Oct. 14 all our nation's bowlers will have a chance to pit their skill against the male and female national champs, Bill Lillard and Anita Cantaline. Each challenge will cost a 50-cent donation to the Red Cross at the local bowling alley.

The top challengers, on a margin of most pins, will win trips to Mexico.

The NBA five-point-must scoring system introduced at the Chestnut-Berrios fight here has been used in Canada.

Since Michigan Boxing Commissioner Floyd Stevens is now president of the NBA it would be inconsistent not to use it in Michigan.

Officials and fighters have varied opinions on the five-point system as opposed to the 10-point system used for the past three years in NBA states.

Under the new rules five points must be given to the winner of each round and 4-3-2-1 to the loser. Most slight-edge rounds under the 10-point system were scored 10-8.

These conceivably could now be scored 5-3 which, by comparison, actually hurts the loser more than the old method.

Assuming a fighter wins every round by a 5-3 score, or a slight edge in each round, the total would be 50-30. This is a two-fifths edge.

If every round was scored 10-8, under the old method, the total would be 100-80, or a one-fifth difference.

Cross-Country Shift

Griffs Study Move to Los Angeles

WASHINGTON (AP)—A shift of officials "looks very attractive to us in many ways," Griffith, who is in New York for the World Series, was further quoted as saying:

"If we make the move, the Griffith family will still retain control of the team. We do not plan to sell to anybody." Both Los Angeles and San Francisco have long sought a major league franchise, Washington

Madison Scores 7-6 Win Over Lincoln Junior High

Madison punched over a tying touchdown and added the extra point to nose out Lincoln, 7-6, in a Pontiac Junior High League football game Thursday afternoon at Wisner Stadium.

A 25-yard pass from Dan Kimmel to Jesse DeLaRosa on the last play of the first half gave Lincoln a 6-0 lead at the intermission. Kimmel's quarterback sneak for the extra marker failed.

Madison bounced back midway through the 3rd quarter to gain its 1st victory of the season. Henry West rammed over for the touchdown and George Graves supplied the game-winning conversion. It was the 2nd straight loss for Lincoln.

Tiny halfback Bob Smith turned in two circus catches to set up two TD's as Jefferson blanked Eastern, 13-0, in a Junior Varsity game yesterday at Eastern. Julius Charity and Julius Harper scored the touchdowns. Defensive tackle Richard Sing sparked for the Warriors.

Junior High League varsity standings:

Team	W	L	T
Jefferson	2	0	0
Washington	1	1	0
Lincoln	0	2	0

The Pee-Wee Football League swings into its 3rd week of action Saturday night with three games scheduled at North Side Park, Edison and Montclair streets.

Bagley will meet Scotch School in the opener at 6 o'clock, followed by the Cubs-Crusaders game at 7 and the Rams-Lions contest at 8. Webster does not play this week.

Tomorrow night's games will be the last of the season at North Side. The remainder of the schedule will be held on Saturday afternoons at Beaudette Park.

Pee-Wee League standings:

Team	W	L	T
Crusaders	2	0	0
Rams	1	1	0
Cubs	1	1	0
Scotch School	0	2	0

Brooklyn Scout O'Connor Dies

BOSTON (AP)—William O'Connor, 67, of Somerville, baseball scout for the Brooklyn Dodgers in New England, New Brunswick and the Maritime Provinces, died yesterday at the veterans administration hospital.

O'Connor, who discovered pitcher Clem Labine for the Dodgers, also was widely known as an official for greater Boston schoolboy athletic events. He also served as an umpire in the old New England Baseball League.

DECOY!—One of the Saginaw Valley's top sprinters in track and an elusive, hard-going 'decoy' full-back is little (5-6 and 150-pounds) Namon Smith of Bay City Central.

Smith (above) is shown in a typical hip-swinging run which Wolves' mentor, Elmer Engel uses as a decoy for other, long-reaching, plays in the backfield. Bay City comes to Wisner stadium tonight to open the PHS and Wolves' Valley campaigns.

Bench 2 Players

Stengel Juggles Lineup

BROOKLYN (AP)—Casey Stengel's decision to juggle his lineup for the second game of the World Series was construed by some experts today as an indication that the grizzled old manager of the Yankees was greatly concerned over his team's opening game loss to Brooklyn.

The charge was made after Stengel announced, following yesterday's postponement, that he would bench third baseman Andy Carey and first baseman Andy Skowron in favor of Jerry Coleman and Joe Collins. Coleman would play second, he said, and Billy Martin would be shifted to third. Collins, of course, would play first.

BROOKLYN (AP)—Their chance to win their first World Series game delayed 24 hours by rain, Don Newcombe, Brooklyn's biggest winner in 32 years and Don Larsen, New York's hottest pitcher in September, tried it again at Ebbets Field today as the Dodgers and the Yankees squared off in the second game of the World Series. Pleasant weather was forecast.

The postponement, first since 1951, failed to dim the enthusiasm of the baseball-hungry fans, who were expected to jam the ancient 34,000-seat park just as they did in Wednesday's opening game when 34,479, including President Eisenhower, saw Sal Maglie pitch the Dodgers to a 6-3 triumph.

Rumors persisted that Mickey Mantle Yankee slugger, is far from recovered from his groin injury. Mickey himself insisted he was all right but observers became suspicious when they noted that Mantle didn't get the proper jump on two fly balls which fell in front of him for base hits in Wednesday's opener. Certainly his

Invade Chiefs' Teepee

Wolves Get 1st Valley Test Tonight

By H. GUY MOATS
Bay City Central, rated only a little below Flint Northern in Michigan schoolboy football, so far this fall, shows its wares to Pontiac fans tonight in Wisner Stadium. PHS Chiefs, with two wins and a tie put their hopes on the line in the opening Saginaw Valley game for both clubs, starting at 8 o'clock.

The Wolfpack, which lost only one game in the 1956 Valley campaign, that one to co-defending champion Flint Central, is taking up its winning streak this year where it left off, with three in a row, so far. But tonight's tilt is the 1st conference test, and it could be a surprising one.

Chiefs were confident of giving a real battle, according to their mentors. While several regulars were slowed up by slight hurts, incurred in the Ferndale game, most were ready to go all out against the Wolves.

Flukey Victory

Wade Gets Ram 'QB' Job

LOS ANGELES (AP)—Bill Wade has won the job as quarterback of the Los Angeles Rams from Norman Van Brocklin, but he gained it on a fluke, coach Sid Gillman admits.

Gillman announced yesterday that Wade, former Vanderbilt star, would start Sunday against the San Francisco '49ers, "because he won for us against Philadelphia last Sunday and he can win again," Gillman said.

Wade will stay as quarterback "as long as he continues to deliver."

Van Brocklin started against Philadelphia and his first pass was intercepted and turned into an Eagle touchdown. He was taken right out and Wade worked the rest of the game. Gillman said a study of the game movies showed that Van Brocklin's arm was tipped on the pass by Eagle end Tom Scott.

"I wouldn't have jerked Van after that interception if I had known Scott rushed him so well on the pass. He'd have stayed in, but when I saw that ruptured duck wobbling through the air, it frightened me."

Fencing Class Starts Oct. 10

Parks and Recreation Sponsors Instruction at PHS Girls Gym

The Pontiac Parks and Recreation Department's fencing program will begin next Wednesday, Oct. 10, for all youths of high school age and interested adults.

Instruction will take place in the Pontiac High School girls gymnasium, starting at 7 p.m. The program will run until the end of March, 1957.

All interested persons must bring tennis shoes. Other fencing equipment and gear are provided by the Parks and Recreation Department.

There is no charge for this program and advance registrations are not required. Interested parties should report to the PHS girls gym next Wednesday night or any succeeding Wednesday at 7 o'clock.

Further information may be obtained by calling the Parks and Recreation Department, FE 3-7131.

Captain Is Versatile

HANOVER, N. H. (AP)—Fullback Bob Rex of Dartmouth, who is captain of the 1956 team, can catch passes, return kicks, punt and carry the ball.

Leg Injury Hampering Mantle's Speed

vaunted speed was not apparent in his handling of the bloop hits.

The question concerning Mantle's state of health may be answered today.

Scheduled to be among the spectators was Adlai Stevenson, Democratic candidate for President. Stevenson was to have appeared at Yankee Stadium for the third game but after yesterday's postponement, he was invited to come to Brooklyn instead.

Although neither manager felt his team had gained any particular advantage by the postponement, the odds-makers thought differently. Latest odds made today's game as well as the series an even money, pick 'em affair.

Had the game been played yesterday, the Yankees would have gone off a 6-5 favorite. That's the way it was for the series, too.

"The price for today's game dropped because the extra day's rest figures to help Newcombe," a price-maker explained. "By the same token, the series price dropped because Sal Maglie will be able to get another day's rest."

Yesterday's postponement came at 10:03 a.m., EST. Commissioner Ford Frick called the game off after examining the field and learning that a long, heavy rain was forecast.

"No World Series game ever has been stopped short of nine innings," he said, "and we don't want that ever to happen. It is my responsibility to the players and fans that no game has to be called because of adverse weather conditions."

"I don't particularly like the postponement," said the Dodgers' 27-game winner. "I've been pitching all year with only three-days' rest and I'm much better that way than pitching with four-days rest. The extra day affects my control."

Despite the washout, Newcombe worked out in uniform. He did no throwing of any kind but he ran for 25 minutes in the outfield. After taking his shower, he said he and his wife were going for their passports for the Dodgers' forthcoming trip to Japan. Then he was going to have dinner, take in a movie and go to bed at about 9:30 p.m.

Larsen, an 11-game winner this year, was Stengel's choice over Tom Sturdivant because of his last four September performances, all of them low-hit affairs. The big righthander, in his lone series start, last year, lasted only four innings and was charged with the defeat. Newcombe started three World Series games against the Yankees and lost them all. One of them was a 1-0 decision in the 1949 opener.

101,001 to Watch 'M' -- MSU Rivalry

ANN ARBOR (AP) — Michigan and Michigan State, whose football rivalry dates back to 1898, clash here tomorrow in one of the season's most important games and 101,001 fans will be on hand for the toss-up contest.

The odds-makers have installed Michigan State one to three point favorite in this sellout battle between two of the nation's top teams. The Spartans are ranked 2nd and Michigan 5th.

Scalpers are asking — and getting — between \$25 and \$40 for a pair of tickets for the game that is expected to play a big part in Michigan's bid for a Rose Bowl trip.

The Spartans, who opened with a 21-7 triumph over Stanford a week ago, cannot repeat as Big Ten representatives in the Pasadena classic. Michigan, denied the Rose Bowl bid a season ago because of a final-game defeat by Ohio State, has a veteran-studded squad and is the early choice for the bowl.

The experts figure a 3rd place finish will be good enough, since state cannot return under conference rules and Ohio State's Buckeyes are ineligible for a possible bid because of improper aid to athletes.

Michigan has won 35, lost 10 and tied 3 in the ancient rivalry.

The Wolverines have won the last two, snatching a 14-7 decision last season from the favored Spartans.

In that one, Duffy Daugherty's Spartans had the edge in the statistics all the way but lacked the scoring punch. This time MSU must face the same line that last time repelled their one-two half-back punch, Walt Kowalczyk and Clarence Peaks, within the Wolverine 10-yard line.

Michigan's ambitious club got no stern test last Saturday against a green UCLA team that succumbed 42-13.

"We would rather have had a tough game to open with," said Michigan coach Bennie Oosterbaan. "We made a few mistakes in that game that we won't be able to get away with on this Michigan State outfit."

Michigan came out of the UCLA game with just a few minor bumps and bruises. Only second-string tackle Willie Smith, with an ankle injury, is on the doubtful list.

The sellout figure has been officially announced at 101,001 — capacity for Michigan's newly-enlarged stadium, and it will be the 9th sellout in a row for struggles between these intra-state opponents.

It will be the largest crowd ever to see a football game in the state of Michigan.

PROBABLE STARTING LINEUPS

MICHIGAN	MICH. STATE
Kramer (216)	Pos. Kottwitz (180)
Orwig (186)	Mc Carruthers (180)
Witt (200)	Mc Carruthers (180)
Rotuno (200)	Mc Carruthers (180)
Pyren (200)	Mc Carruthers (180)
Stewart (218)	Mc Carruthers (180)
Manna (210)	Mc Carruthers (180)

Herrstein (212)	Mc Carruthers (180)

SPARTANS "M" MUST STOP — This is the starting backfield which the University of Michigan will have to contain Saturday. Left to right are quarterback Pat Wilson, left half Clarence Peaks, right half Walt Kowalczyk and fullback Don Gilbert. Kowalczyk is a doubtful starter because of an ankle injury, but he may see limited action.

Peaks, right half Walt Kowalczyk and fullback Don Gilbert. Kowalczyk is a doubtful starter because of an ankle injury, but he may see limited action.

Bayer Leader in Coast Test

Big Belter Has One Stroke Edge on Field in San Diego Open

EL CAJON, Calif. (AP) — George Bayer, the big belter from Grosinger, N. Y., led by one stroke today in the 72-hole San Diego Open golf tournament on the strength of a seven-under par 65 opening round.

Bayer's 33-32 effort put him one ahead of Jay Herbert, Sanford, Fla.; Paul Harney, Boston, and Ed Furgot, St. Louis, all tied at 66. The huge former football player had eight birdies but saw one cancelled out by a bogie. Bayer has never won a major tournament.

San Diego's Gene Littler, the pre-tournament favorite, posted a 67 to tie for third with Mike Souchak, Grosinger; Dick Mayer, St. Petersburg, Fla.; Jerry Barber, Los Angeles; Ernie Vossler, Midland, Tex., and Tommy Bolt, Chattanooga.

The players took the Singing Hills Country Club course apart in their fight for a share of the \$15,000 prize money, with 25 of them shooting 69 or less.

Sports Briefs

CHICAGO — George Blanda of the pro football Bears has booted 143 straight points after touchdowns following the completion of the 1955 gridiron season.

NORMAN, Okla. — Oklahoma football fans had bought more than 21,000 tickets for the current 1956 season before last June 1.

CHICAGO — George Blanda has scored 320 points for the Chicago football Bears. He is threatening the record of Jack Manders who tallied 401 total points.

Observer Discovers Few Partridge

By JACK PATTERSON
MACKINAW CITY — Thursday was a wild and windy day, not at all suited for field work on our personal partridge census project. Pats have an unhappy inclination to flush wild when the wind picks up, and yesterday's northwester gave them every opportunity to do just that.

With old grouse hunters of course field conditions are just a matter of which way the ball bounces. So undismayed we ventured forth on our survey.

From a variety of sources we learned that Montmorency County shooting is about on a par

with last years. That's another way of saying it is only so-so.

While we were in the area we dropped in at L. H. Cole's Canada Creek dugouts to see if Louie and his long-time shooting partner, Dave Edstrom had any luck. Despite much signs of recent occupancy we were unable to raise any answer.

Montmorency County, like all northern areas at the moment, is ablaze with color that makes the highly-touted Berkshires look by comparison like a study in charcoal.

It looks real grousy, it feels real grousy. It would be real grousy if there were a few birds around.

Presque Isle County—if a sampling of our favorite high producing areas of years past means anything is in pretty much the same boat. It should be remembered that the wind was a disturbing factor.

We mentioned before that we were going to give some pet Cheboygan County stops a going-over. That we did, basing at Carleton Patterson's Straits-side lean-to.

Argentina's sunflower output this year now is set at 732,000 tons, up from the poor total of 282,800 tons in 1955 but short the million tons predicted earlier.

While most of East Pakistan was in the grip of recent floods, peasants in Cox's Bazaar in Chittagong prayed for rain to ease severe drought conditions there.

Podoley, Kipke Shooting for National Grid Marks

MT. PLEASANT (AP) — Two Central Michigan football players are seeking national records, with quarterback Herk Kipke going after the passing mark and versatile Jim Podoley chasing the rushing record.

Kipke, Lansing senior, has completed 29 of 37 passes for 254 yards and has added 14 yards by rushing. His completion percentage is a sparkling 74.1 and at the present rate the 175-pound signal-caller could eclipse two national small college records.

A Hanover back in 1948 completed an average of 64.8 per cent of

his more than 100 passes. In 1953, Western Kentucky State's Sanders threw more than 50 passes and completed 66.75 per cent of them.

Podoley, now in his fourth year of varsity football at Central, is seeking a record set last year by Rhodes of Colorado Western State. The Colorado back averaged 8.23 yards per carry for three seasons while lugging the ball more than 300 times.

In three seasons, Podoley carried 241 times for an 8.5 average. But for his sophomore and junior seasons, and three games this year, Podoley has carried 204 times for a 9.37 average.

Mike-Eaglet Battle Tops

St. Michael's chances for a Suburban Catholic League football championship this year will probably ride or fall on the outcome of Sunday afternoon's crucial battle with St. Mary at Orchard Lake.

Father John Rakocy's high-flying Eaglets, defending SCL champions and unbeaten this season in two starts, provide a formidable stumbling block which the Mike must hurdle if they hope to claim any league honors in 1956.

The St. Mike — St. Mary clash highlights Sunday's Suburban loop program, which also finds St. Frederick at Royal Oak St. Mary, Ferndale St. James at Hazel Park St. Rita, and St. Benedict of Highland Park at Center Line St. Clement.

The possibility of St. Mike upsetting the Eaglets seems better now than it did a week ago.

Bob Mineweaver's Shamrocks finally hit their stride last Sunday while walloping St. Fred, 32-7, after a ragged 26-4 losing

PHILADELPHIA — Robin Roberts of the Phils pitched a no-hitter for Michigan State against the Great Lakes team in 1946.

LOS ANGELES — Sam Snead averaged 69.86 strokes for the year in tournament golf in 1955 to set up the best mark for the pro players that year.

performance against Avondale in the season opener and a sluggish 7-6 league win over St. Benedict.

Right end Paul Amman, physically sound for the 1st time since the Avon game, will return to his regular position Sunday, replacing sophomore Ron Call.

St. Mary's touchdown-minded aggregation looked impressive in trimming St. Fred, 31-0, and St. James, 33-6.
