

New York, Here We Come

Pontiac Press Photo

OFF FOR A WEEK OF FUN — It was a gala crowd of 83 persons who boarded a bus in front of The Pontiac Press this morning, headed for a waiting plane and one full week of fun and entertainment in New York. All the inconveniences of hotel reservations, plane fare and the trouble of acquiring tickets to five top Broadway smash hits, was included in the tour sponsored by The Pontiac Press. The group will return Saturday after an exciting tour of the Great White Way, and many other experiences planned to make the trip something to remember.

Based on Haber Report

State Begins Growth Bill

LANSING (UPI)—Gov. G. Mennen Williams and his aides today began preparing a state economic growth bill similar to the federal government's Full Employment Act.

The governor said he was preparing the bill as the first step in carrying out the recommendations of the Haber Report on Michigan's economic future.

The bill will be ready for presentation to the Legislature when it convenes for its 1960 session in January.

A Michigan economic growth

act patterned after the federal Full Employment Act of 1946 was one of the recommendations made Saturday by a committee headed by William Haber, a University of Michigan economist, which studied Michigan's economic problems.

The report said Michigan needed 100,000 new jobs a year for the next 11 years to restore the state to full employment. It said Michigan has lost 130,000 jobs since 1953, principally through automation in the auto industry.

"The report appears to provide an excellent basis for a program of action aimed at restoring Michigan's economy," Williams said. "Perhaps this report, revealing as it does the gravity of our economic problem, will have a sobering effect on those who have treated the problem as a mere opportunity to win votes or influence tax legislation."

THE RECOMMENDATIONS

The report recommended studies be made by the committee on Michigan's economic future appointed last year by Williams.

It also suggested the economic growth act, which would require the governor to make annual reports on the state's economic condition to the Legislature, provide for a joint committee of the Legislature to keep a pulse on the state's economic condition, and create a state council of economic advisers.

The third suggestion included in the report called for an early revision of Michigan's constitution as the first step toward solving the state's economic problems.

George Romney, chairman of the Citizens for Michigan, an independent group working on state problems, ordered 1,200 copies of the report for distribution to his group before a state meeting in Lansing Sept. 21.

Nixon Claims They Failed 3 Other Times

Says Ill-Fated Tries Made During Past 2 Weeks

WASHINGTON (AP)—The Soviets failed three times in the past two weeks in attempts to hit the moon with a rocket, Vice President Richard M. Nixon said today. The fourth try this weekend apparently succeeded.

Nixon told newsmen early today in New York there still was no official proof that the Soviet rocket hit the moon Sunday as the Soviets announced.

But American scientists did not question the success of the moon shoot.

They congratulated the Soviets but discounted any military significance of the shoot. One said it would be easier for the Soviets to hit the moon than to hit New York.

Nixon said he could not reveal the sources of his information on the three recent failures.

DON'T GET HYSTERICAL
It was the first word from any source the Soviets had attempted recent moon shots, although there had been speculation some space venture was likely. Nixon added the new venture was "nothing to get hysterical about."

There was no immediate reaction from President Eisenhower.

Nixon said that Americans, while being courteous and polite to Soviet Premier Nikita Khrushchev, should speak out to him on major controversial issues.

Nixon, addressing the centennial session of the American Dental Assn., devoted his talk to Khrushchev's visit to the United States, which starts tomorrow.

"Courtesy and politeness do not and should not mean any hesitancy on our part in keeping the record straight where controversial issues are concerned," Nixon said.

Ignoring controversial comment in order to avoid unpleasantness, Nixon said, is a grave mistake where men like Khrushchev are concerned.

AP Wirephoto

PICKS PEACEFUL SPOT — If Russia's lunar rocket landed in the moon area predicted for it, things should be quite cozy, with the Seas of Serenity and Tranquility possible resting places. A fog horn might be handy, however, with the Sea of Vapors nearby.

Ike and Top Officials Map Nikita Strategy

From Our News Wires

WASHINGTON — President Eisenhower and other top government officials today discussed all aspects of the historic talks Eisenhower will start tomorrow with Soviet Premier Nikita S. Khrushchev.

The President conferred for 75 minutes at the White House with Secretary of State Christian A. Herter, Secretary of the Treasury Robert B. Anderson and Llewellyn Thompson, U. S. ambassador to the Soviet Union. Several other State Department officials also sat in.

Meeting about 24 hours in advance of Khrushchev's scheduled arrival in Washington, the group thoroughly explored strategy for the Eisenhower talks with the Kremlin leader.

Khrushchev will take off for the United States at 7 a.m. (11 tonight Pontiac time), the government press office in Moscow announced today.

No details of the flight were announced. Khrushchev is expected in Washington at 10:30 a.m. (Pontiac time) Tuesday.

Eisenhower and Khrushchev are scheduled to meet at the White House tomorrow afternoon for their first discussion, for which 90 minutes has been set aside.

That will be shortly after the Communist chief arrives, packing the prestige of Russia's new scientific achievement, the weekend bullseye shoot to the moon.

In response to questions, White House Press Secretary James C. Hagerty described today's meeting as a general type of session "that the President and the people in (Continued on Page 2, Col. 8)

Chilly Weather Here to Stay for Awhile

Brisk fall weather will continue in the Pontiac area, reports the U. S. Weather Bureau. Fair with little change in temperature is the prediction for tonight and tomorrow.

The low tonight will be 48 degrees and the high tomorrow will be 74.

The outlook for Wednesday is partly cloudy and generally a little cooler.

The five day forecast is for temperatures to average about five degrees below the normal high of 74 and normal low of 55. It will be a little cooler Wednesday with little change Thursday and Friday but warmer Saturday. Little or no precipitation is indicated.

At 10:15 a.m. the winds in downtown Pontiac registered 1 mile per hour south, southeast. The lowest recorded temperature in downtown Pontiac recorded preceding 8 a.m. was 48. The reading at 1 p.m. was 71.

Stricken

FRANK S. LYNDALL

Seizure Claims Sears Manager

Lyndall With Company 35 Years, Including 14 at Pontiac Store

Community leader Frank S. Lyndall, manager of the Sears, Roebuck & Co. store, died yesterday of a heart attack in his home at 150 Aspen Rd., Birmingham. He was 57.

A retired Army colonel, Lyndall was born in St. Louis, Mo. He was graduated from the United States Military Academy at West Point in 1924 and served in the Pacific Theater during World War II.

Lyndall was a former director of the Retail Merchants Assn., Pontiac Boys' Club and Pontiac Rotary Club.

In 1949, Sears, Roebuck sent him to open two new stores in Sao Paulo, and Rio de Janeiro, Brazil.

BUSY 2 DAYS

He returned three months later to announce that the stores disposed of \$1,000,000 worth of merchandise on the two opening days.

Lyndall had been with Sears and Roebuck for 35 years. He worked in the company's chain (Continued on Page 2, Col. 3)

Successful Lunar Probe Timed With U.S. Visit

MOSCOW (AP)—The Soviet Union today hoisted a spectacular backdrop for Premier Nikita Khrushchev's visit to the United States with the announcement it has landed a historic rocket on the moon.

Timed on the eve of the Soviet chief's trip, the announcement by the Soviet press and radio said the 860-pound capsule crashed into the moon's surface at 2 minutes after midnight Moscow time.

That was 4:02 p.m. EST Sunday — only one minute behind Soviet calculations.

The Soviets did not disclose the exact time or site of the rocket launching, but newsmen estimated that it took off sometime early Saturday. They reckoned the capsule soared 236,160 miles to the moon in about 35 hours.

The rocket carried pennants bearing the Soviet hammer-and-sickle emblem and an inscription "Union of Soviet Socialist Republics, September 1959."

Khrushchev said today he will present Eisenhower a duplicate of the Soviet pennants which the Russians say their lunar rocket landed on the moon.

The Soviet news agency Tass said special measures had been taken to make sure the pennants bearing the emblem remained intact despite the terrific impact of the moon landing.

The dramatic shot, sure to give Khrushchev's visit a sharp prestige boost, marked the first time man has lobbed a missile through space to hit a celestial target.

News of the flight was hailed on both sides of the Iron Curtain as a major scientific achievement.

In Jodrell Bank, England, Prof. Alfred Lovell, in charge of the world's biggest radio telescope, termed the moon rocket "a brilliant demonstration of the advanced state of Russian technology."

It was Jodrell Bank that flashed first word that the Soviets had been successful in their moon shot.

American scientists congratulated the Soviet Union on her feat and expressed hope information gleaned from the rocket would be shared with the world.

Evidence obtained by Western world instruments backs up Russia's announcement that the Soviet moon rocket actually hit the moon, American space officials said today in Washington.

"We're satisfied," said a spokesman for the National Aeronautics and Space Administration.

NASA at the same time said it had no information on any Soviet moon rocket failures preceding the successful attempt.

Vice President Richard M. Nixon in New York had told newsmen there were three such failures. He also commented that there was no official proof that the Soviet (Continued on Page 2, Col. 4)

2 Men Dead in Auto Crashes

Livonia Resident Dies in Lyon Twp.; Lapeer Collision Fatal

A Livonia man was killed in an auto accident in Lyon Township late Sunday night and one man died in a two-car collision in Lapeer County Saturday.

Dead are Albert G. Kroetsch, 29, of 18376 Floral St., Livonia, and Ralph E. Van Brunt, 32, of 489 Columbiaville Rd., Columbiaville.

Kroetsch was driving a motorcycle east on the U.S. 16 Expressway when he collided with two cars at about 11:15 p.m. He was pronounced dead on arrival at Vann Hospital in Brighton.

Also riding on the motorcycle was Lemone Dodd, 35, of 12128 Levee, Detroit. She was admitted to McPherson Hospital in Howell, with leg and head injuries and is in fair condition.

Brighton Post Troopers said Kroetsch pulled out to pass a car driven by Boyd Sullivan, 31, of 7545 Pontiac Trail.

Walled Lake and struck the rear of Sullivan's car.

CRASH ON M24
Van Brunt was killed in a two-car collision Saturday night on M24 in Mayfield Township, five miles north of Lapeer.

Lapeer County sheriff's deputies said the driver of the other car was Ora Chase Jr., 29, of Grass Lake. He suffered head, chest and leg injuries in the mishap and was taken to Lapeer County General Hospital.

Officers said that Chase apparently drove off his side of the road, swerved back on and crossed the center line into the path of Van Brunt's car. He was too badly hurt to be questioned at the hospital, police said.

Van Brunt was pronounced dead at the scene by Lapeer County Coroner Dr. William C. Heitsch. Chase is listed in fair condition today.

Mice Rout Musclemen

WEDNESBURY, England (UPI)—Brawny members of the Samson Club, dedicated to health, strength and the body beautiful, are on the run from mice. "It's not funny," club member Jeff Holyhead insisted, "When you're lifting a heavy weight the very last thing you want is a mouse running up your leg."

Reminder . . . Just in Case

BERKLEY, Calif. (UPI)—A parking lot outside St. Mark's Episcopal Church here is reserved for churchgoers on Sundays but open to anyone on other days. A sign on the coin slot reads: "Lest ye forget, parking, 3 hours, 25 cents."

Rudy Never Made Forest, He Died at Master's Feet

"Rudolph," the pet deer removed from the Clarkston area as a potential menace to children, is not frisking in the woods of northern Michigan.

He never made it. Death came minutes after he was drugged here by Conservation Department officials, it was revealed today. Because of the complaints of irate citizens of the area, State Senator L. Harvey Lodge is investigating the death.

"Rudy," as he came to be known, was found as an injured fawn by Victor Betts, of 6310 Shappie Rd., a year ago. Nursed back to health from his mowing-machine injuries, the deer became a pet, and close companion of the four Betts youngsters and their friends.

When the school bus came to take his young friends away each day, Rudy would show his disdain for higher education with a few nips at the tires. He made himself at home in the Betts household, relaxing on the sofa and looking out the window.

Two weeks ago Conservation Department officials said they would have to take him away. He was reaching the age when he might get mean and injure some of his small friends, they said.

One fed him a cigarette while the other jabbed with a sedative-containing needle. One shot in the flank and another in the neck, brought Rudy stumbling toward Betts. The animal fell at his feet, and died then, but everyone thought the drug had just taken its tranquilizing effect.

Conservation men claim there had been complaints about the animal, asking for its removal. Betts says he has canvassed the area, and no one wanted the pet removed, much less destroyed.

DEATH DISCOVERED

The animal's death was discovered by Mrs. Grace Christie of 3621 Hatfield St., Waterford Township, who checked into the animal's disposal after reading articles in The Pontiac Press.

R. A. MacMullan, director of research for the game division (Continued on Page 2, Col. 2)

Pontiac Press Photo

RUDY'S DEAD — "Rudolph" the tame deer that preferred people to animals, and lived at the Victor Betts home near Clarkston is dead. This was revealed today by conservation officers at Lansing who administered an anesthetic to the animal Sept. 1. This is an earlier picture of "Rudy" taken this spring when his friendly curiosity of the photographer revealed his tame nature.

Western Europe Says:

Shot Only Slight Aid to Science

LONDON (UPI) — Experts in Western Europe said today Russia's rocket to the moon represented a great propaganda triumph of limited scientific value.

Leading figures in Asia, where the Communists have conquered two nations and partitioned one in the past 10 years and are now attacking two more, acknowledged the Soviet achievement with marked coolness.

Scientists in Britain were warm

in their praise of the guidance system which enabled the rocket to hit a bulls-eye only 2,160 miles across at a range of about 230,000 miles.

Prof. A.C.B. Lovell, whose "radio telescope" at Jodrell Bank received the Russian rocket's signals up to the last moment, hailed it as a "brilliant demonstration of the advanced state of Russian science and technology."

Lovell expressed some curiosity about the exact means used to guide the rocket. He said the signals convinced his staff that it did not use late-firing retro-rockets of the type carried by similar U.S. space probes. These rockets correct the course of the missile in its last stage of flight.

"One can only assume that the Russians managed to guide the rocket in the middle course, earlier in its flight," he said. "If it was guided in mid-course, this is something completely new. No one has even conceived of it as a possibility in this sort of experiment."

He noted that satellites like America's "paddlewheel" are probably of more scientific value than the Russian rocket, even though they are less impressive as a "demonstration of extraordinarily advanced technology."

Prof. Harrie Massey, chairman of Britain's National Committee on Space Research, also praised Russia's "remarkable success" but expressed regret that the time was only two days.

British officialdom was less impressed. "I don't think many people are terribly interested," said Foreign Secretary Selwyn Lloyd, who left for New York to attend the U.N.

General Assembly session about the time the rocket hit. There was general agreement, however, that the rocket feat was a great boost for Soviet propaganda, coming as it did less than two days before Premier Nikita Khrushchev's arrival in the United States.

West German diplomats said the timing was meant to be "just another full-blast propaganda effort" rather than the occasion for serious negotiation on East-West differences.

Indian Premier Jawaharlal Nehru, whose country's borders are threatened by the Communists, raised the question of Russia's intentions toward the moon.

"A great achievement, great news, no doubt," Nehru said. "I hope the moon will survive."

The Dalai Lama, god-king of Communist-conquered Tibet, said the Russian achievement was "wonderful," but added that "it will be still more wonderful if that knowledge were to be used for the benefit of human beings."

Communists in Europe were jubilant about the Russian achievement; but in Asia even the Red reaction was mixed.

Humanitarian Albert Schweitzer — "Until now, the moon has given me only poetic dreams. I don't think humanity will become much happier when it has taken charge of the moon."

The Sydney (Australia) Sun — "It is easier to reach the moon these days than to reach international agreement."

Brigitte Bardot — "Save me two seats on the next one."

U.N. to Hear Nikita Friday

Awaits Clues to Russian Intentions in Cold War and India Situation

UNITED NATIONS, N.Y. (AP) — The U.N. General Assembly convening Tuesday looks to a speech by Nikita Khrushchev for an indication whether it will be a "cold war" or "reconciliation" session.

The 82-nation body, meeting the day the Soviet premier arrives in Washington for his 13-day visit to the United States, has on its schedule a speech by Khrushchev Friday.

The prospective agenda of more than 70 subjects includes an Indian drive to seat Communist China, the Algerians' fight for independence from France, the future of a million Palestine Arab refugees and questions of nuclear and conventional disarmament.

SET TO ELECT

The body is set to elect Victor Andres Belaunde, 77, Peruvian lawyer, teacher, diplomat, as its president soon after starting its 14th annual session.

After speaking to the Assembly Friday, Khrushchev will be Secretary General Dag Hammarskjöld's guest of honor at an official dinner.

Diplomats are looking to his address on hints on how far he may go toward reaching an agreement with the West — and what he might do toward inducing Communist China to settle her border dispute with India.

Lucky He's So Smart

EXETER, England (UPI) — A frightened but lucky squirrel escaped traffic here yesterday by running into a store. It was a furrier's shop, filled with pelts of other squirrels. But after the squirrel was caught, the shop manager had it freed in a field.

"He wasn't our type," the manager explained. "We don't use English squirrels."

Weather Will Be Sunny in Most of the Country

By The Associated Press

Sunny skies and mild temperatures were forecast today for most of the country, but rain was predicted for the remainder.

The Weather Bureau said the summer weather would prevail over the south and central plains states, upper and mid-Mississippi Valley, Great Lakes, Ohio Valley to the middle and north Atlantic Coast area.

Rain was forecast for the Gulf, the Southeast and Northwest as far east as North Dakota.

A tropical storm hit part of the South Sunday. Pensacola, Fla., got 7 1/2 inches of rain; Apalachicola, Fla., 5 1/2 inches; Mobile, Ala., 5 inches; Anniston, Ala., 1 inch in six hours up to midnight; and Longview, Tex., nearly 1 inch in the same period.

Says Moon Shot Proves Reds Can Hit U.S. Cities

BOSTON (UPI) — The Soviet moon shot proves they have "a guidance system capable of guiding an intercontinental ballistic missile directly to its target," a Boston rocket scientist says.

Dr. Arthur Kantrowitz, head of Avco Research Laboratory, Everett, told a newsman "you don't hit the moon accidentally."

The Moscow announced Sunday night evoked applauding comment from New England scientists tempered with dismay that the Soviets had beaten Americans again in the space race.

SAYS WE CAN'T BEAT 'EM — "In view of this I don't think that we have a prayer of launching a man around the earth and recovering before Russia does," said Frederick C. Durant 3d of Concord, former president of the American Rocket Society.

Durant, a former president of the International Astronautical Federation, added "We probably stand a chance of being the first with a man on the moon, but we'd better get busy."

DEEP CONCERN — Dr. Murray Ziskind, former head of the Air Force Cambridge Research Center Laboratory, now vice president of Geophysics Corp. of America, Boston, said he views

Rudy Died at Feet of Clarkston Master

(Continued From Page One)

of the Conservation Department in Lansing, confirmed today by telephone that the cause of the death was the anesthetic administered weeks ago.

MacMullan added that the animal was not going to be turned loose in the woods, but was slated for use at an experimental farm near Houghton. "I think this is where the misunderstanding about his release began," he added.

"As a matter of policy, we never free a buck deer that has lost its fear of man. He is too dangerous, potentially and might kill a child."

TAMING 'WRONG' — "Our men try to make it as painless for the persons emotionally involved," MacMullan continued. "If there was anything wrong in this case, it was the original act of taming the deer, and encouraging him to live in an unnatural state. I realize the animal was injured."

"There were complaints from parents in the area. If the buck had become mean and injured or killed a child, people would be on us for not doing our duty," MacMullan concluded.

Lodge, who is a member of the State Conservation Committee said "The incident of the death of this pet deer, and similar complaints

make it mandatory that we make a full investigation into this matter with possible changes in the department as well as promoting new legislation."

But for Betts, even an investigation holds little solace. "It was like seeing one of my own children killed right in front of my eyes," he said.

Heart Attack Fatal to Sears Manager

(Continued From Page One)

stores throughout the country. His service had been the longest in Pontiac, 14 years.

In 1953, he was named commercial division chairman for the Pontiac Area United Fund campaign. He was also a member of Pontiac City Club and Birmingham Athletic Club.

Surviving are his wife, Patricia; two sons, Frank S. Jr., and Robert W.; three daughters, Patricia, Suzanne and Mrs. J. Thomas Butler; his mother, Mrs. Martha D. Lyndall; and four grandchildren.

The body is in Bell Chapel of William R. Hamilton Co., 820 E. Maple, Birmingham.

Service will be held 11 a.m. Tuesday in All Saints Episcopal Church, Pontiac. Interment will be in Arlington National Cemetery, Washington, D. C.

Formosa Threatened by Another Typhoon

TAIPEI (UPI) — Typhoon warnings were hoisted in storm-stricken Formosa today against a tropical storm which may strike at dawn tomorrow.

The weather bureau said that Typhoon Sarah, if it continues its present course and speed, will hit the Nationalist Chinese island at 6 a.m. tomorrow (5 p.m. EDT Monday).

The island and the surrounding seas were placed under typhoon alert at noon.

ALREADY SUFFERING — Formosa already faces one year of austerity in a 35-million dollar rehabilitation program after August's record breaking floods, typhoons and earthquakes.

Typhoon Sarah was churning west northwest through the western Pacific Ocean with 110 miles per hour center winds.

Don't Get Mad, Nik

ROME (UPI) — The Rome newspaper Il Tempo today published a cartoon titled "Preparation for Khrushchev." It shows two Americans staring at the Statue of Liberty. The caption: "Maybe we'd better cover it up. He might think it a provocation."

HOW HIGH THE MOON? — Not so high anymore, according to Russia. This is the path the Soviets say their rocket took to become the first man-made object to land on a heavenly body. The broken line circling the moon marks the spot, about 30,000 miles out, where the moon's gravity would begin to take effect.

Russian Rocket on Moon Gives Khrushchev a Club

(Continued From Page One)

rocket hit the moon as Moscow announced.

Pravda, official Communist party newspaper, said "the second Soviet space rocket has reaffirmed the leading role of the U.S.S.R. in the highly important spheres of science and technology, in fathoming the mysteries of the universe."

Acclaiming the "latest remarkable successes of the Soviet Union," Pravda added "world public opinion emphasizes the tremendous importance" of Khrushchev's visit to the United States.

In Moscow, Soviet citizens stood tensely by their radios as step-by-step reports were broadcast of the trail-blazing flight.

Shortly before midnight, the Moscow radio announcer began counting "now just five minutes." "Now three minutes" and finally down to seconds.

Just before midnight, the announcer said, "wait for a special

announcement. Listen to Moscow. Listen to Red Square."

At the stroke of midnight the chimes tolled from the Kremlin and the radio began blaring the national anthem.

Minutes after the deadline the radio began broadcasting concert music.

Finally at 12:35 a.m., the music ceased and the historic announcement was made—33 minutes after the rocket's reported landing.

Russia Can't Claim the Moon, U. of M. Man Says

ANN ARBOR (UPI) — A University of Michigan expert in international law was prepared today to refute any Russian claim of sovereignty over the moon because of the Communist moon shot.

"I assume the Russians will make that claim but it can't be upheld by current international law and I doubt that it will be recognized," said William W. Bishop of the university's law school.

"Since the 1800's we have operated on the principle that a nation has to establish some sort of manifestation of authority before it can claim jurisdiction over a territory," Bishop said.

"At the time America was discovered, merely landing in an area was sufficient for a claim of ownership but that isn't true anymore."

"Now some sort of permanent control over the area has to be established."

"The Antarctic is a good example. Several nations have weather stations there but no one has established control over the land so no nation can claim jurisdiction over it."

Traffic-Safety Meetings Begin

Series Seeks Causes for Michigan's Poorer Traffic Fatality Mark

The first of five regional traffic safety conferences, one of which will take place later this month in Royal Oak, began today in Grand Rapids.

Gov. G. Mennen Williams opened the initial conference to seek causes and cures for Michigan's deteriorating traffic death record.

The final meeting of the series will be in Royal Oak on Sept. 23. The conferences are sponsored jointly by the Michigan Citizens Highway Safety Action Committee, Grand Rapids Safety Council and State Safety Commission.

The Royal Oak meeting may supply some answers to state traffic problems as Oakland County traffic deaths continue to remain substantially below the 1958 pace, while the state toll is soaring.

This is an outstanding record in view of the fact that the county traffic toll of 96 last year was the first in 10 years to fall below 100.

More than 700 delegates were expected at the Grand Rapids meeting.

Speakers include Secretary of State James M. Hare and John Burge of Grand Rapids, chairman of the Citizens Action Committee.

A new feature will be a discussion by a panel of teenagers of attitudes of youth to the traffic problem.

Other regional meetings will be held at Midland, Sept. 16, Sault Ste. Marie Sept. 18, and Coldwater Sept. 21.

Shooting for Moon?

CROSSVILLE, Tenn. (UPI) — Judges of the annual Tennessee state tobacco spitting contest today said they would judge the rivals in the Oct. 3 competition on both distance and accuracy.

Wayne State Official Wins National Post

WASHINGTON (UPI) — J. James McPherson, chairman of the audiovisual education department at Wayne State University, Detroit, has been appointed to the staff of the office of education's educational media branch.

McPherson will direct the dissemination of information on new media to state and local school systems and institutions of higher education.

Net of Security Grips Capital

Washington Is Clamped Into Record Precautions for Nikita's Visit

WASHINGTON (UPI) — Federal agents, trained military troops and metropolitan police spread a huge protective network here today in the tightest security screen ever erected in the nation's capital.

The grim purpose was to protect Soviet Premier Nikita S. Khrushchev who arrives tomorrow.

The far-flung precautions for Khrushchev's safety reached from the rooftops to the sewers. The most elaborate traffic restrictions in the history of Washington were ordered.

The principal fear of the security agents was that some aggrieved refugee from the Iron Curtain or irrational crank might try to bring physical harm to Khrushchev or create a mob scene to embarrass the Soviet leader and his host, President Eisenhower.

Security agents have visited every hotel, store and office building along the route that Khrushchev will take from Andrews Air Force Base to Blair House.

SPECIAL SQUAD

They have asked responsible officials in each building to make sure no stranger gains access to a roof or a window facing the parade route.

A special flying squad of security agents has been detailed to precede the official motorcade by a few blocks, sealing every manhole along the way so that no would-be trouble-maker can pop up out of the sewers.

The metropolitan police force has cancelled all leaves and days off. Its entire 2,500-man force will be available for duty. A police spokesman estimated that about 2,000 policemen actually will be stationed along or near the parade route.

About 500 National Guardsmen also will line the streets to help control crowds.

Hundreds of plainclothesmen will mingle with the spectators to watch out for any suspicious persons.

They have been instructed to be particularly alert for out-of-town cars and for persons bearing packages.

Communists Lose San Marino Election

SAN MARINO (AP) — The Christian Democrats' and their Democratic Socialist allies held control of San Marino's Legislature today, beating the Communists in an election for the first time since World War II.

Final results in Sunday's balloting in this 1,600-year-old, 38-square-mile republic surrounded by Italian soil gave the Christian Democrats 27 of the 60 parliamentary seats. The Democratic Socialists took nine seats giving the anti-Reds a clear majority. The Communists won 16 seats and their left-wing Socialist allies 8.

The Day in Birmingham

Probe Vandal Damage at Seaholm High School

BIRMINGHAM—Detectives were investigating weekend vandalism at Seaholm High School this morning in which "extensive damage" was caused, the Birmingham Police Department reported.

Investigating officers had not returned from the scene at press time, and no further report was available other than that the damage was in classrooms and that many books were either destroyed or damaged.

How the vandals gained entry to the school was not known at police headquarters.

Birmingham will be required to take on a greater share of the cost of maintaining traffic lights on U.S. 10 within the city limits, but not until the next fiscal year starting July 1, 1960.

City commissioners at tonight's meeting will discuss a letter from the State Highway Department explaining that the state's share of the traffic light maintenance costs "has been greater than the percentage allowable under our standard formula which is applicable and now in effect in all other areas in the state."

City Manager L. R. Gare attended a meeting with the highway department at Lansing last week.

He was able to forestall the increased cost to the city on the grounds that it had not been

budgeted for during the current fiscal year.

But Gare's objection to the change on the grounds that U.S. 10 is a special case because it is an eight-lane highway was not accepted by highway officials.

The Birmingham Democratic Club will hold its first fall meeting tomorrow at 8 p.m. in the Community House, according to an announcement made by Mrs. John H. McVay, president.

The public is invited to attend the general membership meeting she said.

"Dollars for Democrats" will be the main topic of discussion.

Omar Hansen

Service for Omar Hansen, 66, of 523 E. Southlawn Rd., will be held at 9:30 a.m. Wednesday at Our Lady Queen of Martyrs Catholic Church. Burial will be in Holy Sepulchre Cemetery, Detroit.

The rosary will be recited at 9 p.m. tomorrow at William Vasu Funeral Home, Royal Oak.

Mr. Hansen suffered a heart attack while teaching at the Walsh Institute in Detroit Saturday. He was pronounced dead at Receiving Hospital, Detroit.

Surviving are his wife, Constance; two daughters, Barbara and Debbie; three sons, Omar Jr., John and Richard; and three sisters in New York. The children are all at home.

Stock Car Race at State Fair Goes to Ford

DETROIT (UPI) — Car owners may argue about the relative values of different automobiles, but yesterday they could see what the "old family bus" could do in a real test of endurance in the 250-mile stock car race at the Michigan State Fairgrounds.

Don White of Keokuk, Iowa won the race in a 1959 Ford with an average speed of just over 79 miles per hour after earning the pole position with a record-setting time of 81.95 m.p.h. in a qualifying lap.

White finished almost one lap ahead of second-place Norman Nelson, Milwaukee, who piloted a 1959 Mercury. Third was Don Oldenberg, Chicago, in a Pontiac.

After turning back the challenges of a Chevrolet and another Ford, after the halfway point of the race, White had little trouble in winning.

Crash Hospitalizes Pontiac Housewife

An 18-year-old Pontiac housewife is in satisfactory condition today at Pontiac General Hospital with neck injuries suffered in a two-car smashup Sunday on Auburn Ave. at S. Jessie St.

Eather Kline of 48 Green St. was a passenger in the car driven by her husband, Donald, 20, who told Pontiac Police he was waiting to make a left turn when struck from behind by a car driven by Perry L. Hammett, 24, of 112 Oakhill St.

Neither driver was injured, said officers.

Ike and Top Officials Map Nikita Strategy

(Continued From Page One)

the government have prior to the visit of any foreign official."

INCLUDES ALL ASPECTS

Hagerty added that the discussion "included all aspects of the upcoming visit, not only procedural, but topics to be discussed by our side."

Meanwhile, members of the Senate Foreign Relations Committee were working on their own preparations for entertaining Khrushchev at an hour-long tea party Wednesday afternoon.

They want to find out "what kind of man he is," said Chairman J. William Fulbright (D-Ark), and they want to ask him some tough questions about Soviet behavior in world affairs.

About 60 members of Khrushchev's party of 100 already have arrived here, including most of the visiting Soviet newsmen and a few of the minor Soviet officials.

Khrushchev's U.S. trip will be covered more thoroughly by the Soviet press than any previous similar event.

The Communist newsmen include five of the top Soviet editors, representing Izvestia, Pravda, New Times, Soviet Culture and USSR.

HIS SON-IN-LAW

The Izvestia editor is Khrushchev's 35-year-old son-in-law, Alexei Adzhubel.

The Russian press corps includes six reporters for provincial journals, radio newscasters, newsreel cameramen and

Moldmakers Strike Enters Second Day

PITTSBURGH (AP) — The nationwide strike of some 2,000 moldmakers against 26 companies and seven subsidiary firms of the glass container manufacturing industry went into its second day today with no further negotiations in sight.

The strike got under way Sunday at noon. The moldmakers are members of the American Flint Glass Workers Union. Picket activity was reported at most of the industry's plants.

Federal mediator William Rose said negotiations "were discontinued indefinitely."

Rose said the main issue was an industry demand that grievances not settled at the local level should be submitted to binding arbitration.

Another stumbling block was the industry's rejection of a union proposal for an 13½ cents an hour wage increase. Under the old contract, moldmakers averaged \$2.80 an hour.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!"

And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing. All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution.

Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body. This new healing substance is offered in suppository or ointment form called Preparation H.* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.

*Reg. U. S. Pat. Off.

Dr. Minard W. Stout, vice president and research chief of Curtiss-

Rural Women Just Walk Out

Divorce Rate Bad for City Wives

By HAL BOYLE

NEW YORK (AP)— Things a columnist might never know if he didn't open his mail:

ETAOTINSHRDL. Here's a marital oddity: More rural wives than city wives desert their husbands in bad times, but far more city wives than country wives generally seek divorces.

There are no penguins north of the equator except those in zoos. Signs of our times—scrawled on the back of a truck: "Don't hug me. I'm going steady."

America's first concrete street was laid in Bellefontaine, Ohio, in 1891. It's still in use.

What is your safety record at the wheel? Traffic engineers say the average driver causes—or is involved in—from three to five accidents during his lifetime.

Peter the Great of Russia once attempted to tax beards.

Are you troubled with the problem of what to do with your old germs? Germs now can be mailed to 53 destinations overseas if they are in proper containers carrying official labels. See your local postmaster for details.

Immortal truths to live by: The best way to keep your

**24 State Lawyers
Will Be Granted
50-Year Awards**

LANSING (AP)— Awards for 50 years of practice will go to 24 lawyers at the annual meeting of the state bar in Detroit on Sept. 24. Certificates will be awarded by Raymond H. Dresser of Sturgis, bar president, at a noon luncheon. The 50-year attorneys:

Carl C. Blankenburg, Kalamazoo; William J. Branstom, Fremont; Robert H. Brucker, Saginaw; Lloyd T. Crane, Saginaw; Roscoe G. Goemmel, Kalamazoo; James Lee Henderson, Pleasant Ridge; Howard E. Nadeau, Menominee; Earl C. Pugsley, Hart; Arthur J. Scully, Grosse Pointe Woods; Gordon L. Stewart, Kalamazoo; Thaddeus B. Taylor, Grand Rapids; and Glenn C. Yelland, Howell.

Also Daniel J. Albert, William K. Campbell, Thomas F. Chawke, Milo H. Crawford, Julian Dickinson, Henry Glitsman, Herman H. Greenberg, Ira W. Jayne, Frederick A. Schopp, Frank C. Sibley, Claude H. Stevens and Eugene A. Walling, all of Detroit.

friends," said Wilson Mizner, "is not to give them away!"

Odd laws: In Yonkers, N.Y., it's against the law to tie your shoelaces in the middle of the sidewalk.

3 PRECIOUS THINGS

Our quotable notables: "It is by the goodness of God," said Mark Twain, "that in our country we have these three unspeakably precious things: freedom of speech, freedom of conscience—and the prudence never to practice either of them."

North Carolina has seven cities named after presidents—Jackson-

ville, Lincoln, Madison, Monroe, Taylorsville, Washington, and Wilson.

Nature study note: There are few Marco Polos in the rabbit world. The ordinary cottontail's whole universe is a 10-acre plot, within which he lives and dies.

Football-watching is getting more comfortable. The new stadium at West Texas State Teachers College has outlets into which spectators can plug their electric blankets.

It isn't true that the more you have the more you want. A recent

study showed families in the \$10,000 to \$20,000 bracket were more discontented with their income than families with less than \$10,000 a year. But families with incomes above \$20,000 were more contented than either of the other two groups.

President Thomas Jefferson wasn't a good prophet. He once estimated that Washington, D.C., might reach a population of 200,000. Its official head count in 1957 was 331,000.

It was Anatole France who observed, "We have medicines to make women speak; we have none to make them keep silence."

Seems Overweight Runs in Families

NEW YORK (UPI)— Overweight seems to run in families. In one study, where neither parent was overweight, only 10 per cent of the families had obese children.

But in families where one parent was normal and the other overweight, 50 per cent had overweight children. And in families 80 per cent had overweight children where both parents were obese, 80 per cent had overweight children.

The U.S. natural gas industry has customers today in 44 of the

Bob Considine Believes:

Red Chief Will Miss Americana

WASHINGTON—Just think what Mr. K. of the Kremlin will miss during his trip!

He won't get to meet Toots Shor, Marilyn Monroe, Dizzy Dean, Willie Mays, Miss Rheingold, Gov. Earl Long or Dracula. He won't see the Yankees the year they last, hear a college football coach address his captive crew, beat a drum late at night at the Roundtable, get a traffic ticket, pay a tax, caddy a single autograph from Frank Sinatra.

The poor square won't every hear of Steak Row in New York's '40's, or know the heady scents of New Orleans' classic restaurants. He won't be able to slip away from the starch and pomp of his receptions to find a little place in the village or a night on the town in San Francisco.

If he flies over Detroit and Chicago, en route West, how will he ever understand or envision the incredible auto plants that changed the habits, moods, economy and attitudes of a great nation and stretched great arteries across its

bulk? How will he comprehend when and if someone tries to tell him about The Loop, Boul' Mich, or The White Sox?

He'll never know Fulton Sheen, Shirley Povich and Jackie Robinson, or Emmett Kelly, Harry Truman, or Douglas MacArthur. Jack Dempsey will be busy in his joint the days Khrushchev is in New York, and Gene Tunney and Joe Dimaggio will be engaged, too. He won't have time for "A Raisin in the Sun." He'll have to skip Ethel Merman in "Gypsy," "My Fair Lady," Gertrude Berg and Cedric Hardwicke in "A Majority of One," and "Porgy and Bess," "Ice Capades," Joe E. Lewis at the Copa, the fireworks at Coney and the nags at new zillion-dollar Aqueduct.

The poor slob will never see Texas, won't wake up to a desert dawn, will never gasp at the majesty of Niagara. For him, the Mississippi will be a gash in bas-relief, from 30,000 feet, and he'll not know what it has meant.

The great and wonderful southland of the nation will remain a mystery to him, except for use in the future by his propagandists. He won't see the stirring, northwestern, crashing Columbia, shimmering Puget Sound—or the Boeing air plane works whose products have kept him and his immediate predecessor in line.

He won't know the mighty wound called Grand Canyon, the fish-laden brooks and game-laden land of awakening Alaska, the soft ease of Hawaii. He'll not see a Chicago stockyard, eat an Omaha steak, fly over the dazzling lakeland of Upper Wisconsin, roll down Palm Beach and Miami Way.

Poor misguided fellow. He'll see as little of the U.S. of A. as a Parisian-bound American college boy sees of France.

GOVERNMENT BY TV

An American businessman I know, fresh back from Cuba, gives us another word picture of Fidel Castro. He swears Castro is the first dictator in history to set up a government by television. Every public square in every Cuban town of any size is now equipped with TV sets, turned on whenever the Master speaks. Castro talks to his people almost nightly and sometimes for as long as four hours, or even longer.

When he speaks, all work in Cuba shuts down. People listen. But whether they listen out of fear or out of loyalty, my friend couldn't say.

Castro is the compleat idealist, my man feels. He is sure the dictator is not a Communist but is equally sure his brother Paul could be one. He feels Castro's ambition is to demolish the long-entrenched little Cuban upper class, create a middle class, improve the living standards of the poor.

Castro is virtually confiscating huge estates and businesses, denouncing their owners—If Cubans—as expatriates and playboys. In this, of course, he has a certain amount of truth on his side.

All new laws, rules and regulations are announced by Castro over

Big School Bus Bill

LONDON (AP)—The U.S. Air Force is paying \$252,688 for school bus service the next nine months to accommodate nearly 3,000 children of American service personnel.

TV. The constitution, as such, changes from night to night.

His harangues against the U.S. and his real and imagined enemies in Latin America are interspersed with such announcements as the fact that no native Cuban can gamble in the fancier casinos unless he can show he has an income of \$50,000 a year. Then he is promptly taxed on that income.

Somebody must be disgruntled. I suggested to the returned traveler. The Cuban barbers, for example.

Everybody in Cuba today without a beard is a suspect.

"Ah, that's where you're wrong," he said. "The barbers are the happiest Cubans of them all. They get 50 cents more for trimming a beard than for a haircut and shave."

Sudden Thot: Wonder how dictator Khrushchev, who is as bald as an egg, would get along with Dictator Castro, who is as hairy as a mattress?

"CREDO" STAMP — George Washington's famous statement on good faith and justice is featured on the first of a series of "American Credo" stamps which will be released during 1960, starting in January. All of four-cent denomination, the stamps will present words by famous Americans.

State Fruit Crop Third Over Average

LANSING (UPI) — Michigan's anticipated 1959 fruit crop of 580,000 tons would be nearly one-third above the 1953-57 average, the Federal-State Crop Reporting Service said today.

This would be one-tenth above last year. The only decline from 1958 was for pears, which are off about a tenth.

Peach and plum crops were reported about the same as last year.

Apples, sweet cherries and grapes showed moderate increases from last year while the sour cherry crop was nearly three-fourths larger.

The service said high temperatures during August advanced maturity further to more than a week ahead of normal.

Group OKs Amendment Giving D.C. the Vote

WASHINGTON (UPI)—The Senate constitution amendments subcommittee Friday approved 5 to 1 a proposed constitutional amendment to let District of Columbia residents vote for president and vice president.

The measure also would give the district as many delegates to the House as it would have House members if it were a state. The House would decide what rights and powers the delegates would have.

Two electric motors with capacities of 65,000 horsepower have been installed in the Grand Coulee Dam in Washington for the purpose of pumping for irrigation projects.

Heads New Department

MOUNT PLEASANT — Dr. Bernard N. Meltzer has been appointed head of the newly

created sociology department at Central Michigan University. Sociology formerly was grouped with other courses in the social science department.

Imagine a truck ride so smooth and cushioned that fragile loads can travel the worst "washboard" roads with ease. Imagine a truck ride that virtually eliminates shimmy and wheel fight, cuts side sway on curves, makes steering far steadier and easier, keeps drivers far fresher. Imagine a truck ride that permits higher safe cruising speeds, more trips per day with all kinds of cargo over every type of road surface. Imagine a ride that keeps up to 78% of all objectionable road shock and vibration from ever reaching the driver and cargo, a design that sharply reduces twisting and fatigue forces on chassis, cabs and bodies, that keeps trucks young for extra thousands of miles. / Soon you won't have to just imagine such a ride. You can try it for yourself in the trucks that do the next best thing to paving every road in America—new Chevrolet trucks for 1960. You'll see what happens when Chevy's truck engineers design a whole new line of trucks around a whole new kind of torsion-spring suspension. These trucks are new from the ride on up—with wonderfully roomier cabs, brawnier frames, style that's fresh as sixty and more! Don't decide on any new truck till you see the newest of all.

See them soon at your local authorized Chevrolet dealer's.

Teacher Can Spank Pupils

Local School Boards
in Michigan Can Make
Own Regulations

LANSING (AP)—Is a teacher justified in striking a child—except in self defense?

The law in Michigan, and in most other states, holds that a teacher can inflict corporal punishment on a child within the bounds of moderation, the Michigan Education Assn. reported Saturday.

There is no specific law on the books in Michigan covering the punishment of pupils by teachers.

The attorney general has ruled, however, that the situation is covered by a general statute allowing school boards to make regulations governing the schools.

The opinion said common law regards the teacher as standing in for the parent while the child is in school. The punishment, however, must be reasonable and within the bounds of moderation, the opinion said.

Generally, local school boards draw up their own rules or leave the policy decision up to the superintendent of schools or principal.

Only one state—New Jersey—prohibits corporal punishment of a school child, the education association reported. Four states—Florida, Montana, Vermont and Virginia—authorize corporal punishment by specific statute.

Most of the others follow the same idea as Michigan—leaving the decision of whether or not to spank up to the local school board.

Long Won't Pay 'One Dam Cent' for Plane Use

WASHINGTON (UPI)—The Air Force has moved up the deadline for Louisiana's Gov. Earl Long to pay \$4.25 for his alleged unauthorized use of two Air National Guard planes, but the salty governor insisted today he would not pay "one damn cent."

"I don't know anything about any extension," Long said. "I'm not going to pay it 'cause I ain't got it."

"What are they going to do about it if I don't pay?" Long asked reporters in Baton Rouge, La. "Send me to jail? I'm used to going to jail. They ought to think up something new for me."

There are about 76 million licensed automobile drivers in the U.S.

Figures Say So, but . . .

Paralytic Polio Declining?

WASHINGTON (AP)—Paralytic polio cases apparently declined last week for the first time in months. There were 291 listed by the states, an apparent drop of 43 cases from the revised total of 334 for the preceding week.

The Public Health Service, announcing the figures Friday, cautioned the drop may have resulted from incomplete reports from some state because of the Labor Day holiday. The service said the figures do not necessarily represent a reversal of the summer trend which has shown a steadily increasing number of cases each week as compared with last year.

The year's total for paralytic cases now stands at 2,806, compared with 1,206 in the similar 1958 period. In 1955, the first year Salk polio vaccine became avail-

able, there had been 5,625 paralytic cases at this time.

There were 536 polio cases of all kinds reported by the states last week. This compared with a revised total of 534 in the preceding week and with 318 in the corresponding 1958 week.

The cases reported last week continued to be widely scattered, the pattern that has prevailed in recent weeks.

U.S. Population Rises 1.7 Per Cent Last Year

WASHINGTON (UPI)—There were 177,399,000 men, women and children in the United States Aug. 1, the census bureau estimated yesterday.

The bureau's new population estimate was 2,906,000 persons higher than one year ago, an increase of 1.7 per cent.

State's Polio Case Load Is Far Behind Last Year

LANSING (AP)—The paralytic polio count in Michigan is running far behind last year, the state health department reported.

Seven new cases were reported during the past week, bringing the case load to 58 for the year. This compares with 45 cases during the same week and 225 during the same period last year.

Two new cases were reported from Oakland County and one each from Detroit and Chippewa, Genesee, Macomb and Ogemaw counties.

Great Britain's first cigarette factory was begun in 1856.

Crime Is Constant

A major crime is committed every 15 seconds in the U.S.

Diving for sponges began off Tarpon Springs, Fla., in 1905.

CARBURETOR SAVES GAS BY "JET-ING"

Car owners who are wasting money and not getting proper gas mileage due to over-rich mixtures will be pleased to learn of a Wisconsin inventor who has developed a very clever unit that saves gasoline by "Jet-ing and Vacu-mating." It is automatic and operates on the supercharge principle. Easily installed in a few minutes. Fits cars, trucks and tractors. The manufacturers, the Vacu-matic Carburetor Co., 7617-424-A State St., Wauwatosa, Wis., are offering a Vacuumatic to anyone who will install it on his car and help introduce it to others. They will gladly send full free particulars if you write them or send your name and address on a post card today.

"If I
Were
You
I'd
Switch
to
Oil!"

Yes sir! When it came time for me to install a new furnace last year I had a heck of a time trying to make up my mind what type to install. After a lot of checking, I finally decided on oil—and that's the smartest thing I ever did.

Do you know—I discovered that you can heat your home more economically with oil than with any other type of fuel. As a matter

of fact—oil is the safest and cleanest method of home heating yet devised. That's mighty important, and something many people don't know. Yes sir, Jim, if I were you I'd look very carefully into the matter, and I'd check with a member of the Oakland Oil Heat Council for some good, sound advice, too.

Constitution Day Picnic Attended by Over 100

Hospital Group Sets Tea

The board of directors of the women's service committee of William Beaumont Hospital will give their annual member's tea at Orchard Lake Country club Sept. 16 from 2:30 to 5 p.m.

Volunteers will have an opportunity to meet their project chairmen and fellow workers.

Chairman of the hospitality committee in charge of the event is Mrs. George T. Trumbull of Bloomfield Hills. Mrs. Howard S. Christie of Birmingham and Mrs. Edward A. Proctor of Wing Lake are assisting her.

A representative of each of the organization's thirteen service projects will serve at the tea table. Mrs. Daniel E. Ford of Huntington Woods and Mrs. Palmer E. Sutton of Birmingham Farms will also pour. Mrs. Sutton is president of the group this year.

SYLVIA ANN TRYTHALL

Beauty Hint

If you are stuck with dark circles under your eyes and no time to rest up to get rid of them, disguise them. Use a lighter face powder around your eyes than you do on the rest of your face.

275 Guests Witness Bradshaw-Venner Rites

Some 275 guests were present at the Saturday evening wedding of Carol Lee Venner and Charles A. Bradshaw Jr. Performing the candlelight ceremony at Joslyn Avenue United Presbyterian Church was the Rev. Edmond I. Watkins, assisted by the Rev. Reginald Becker of the Methodist Church of Holly.

Mr. and Mrs. Lyle Venner of East Mansfield street are the bride's parents. Parents of the bridegroom are Mr. and Mrs. Charles A. Bradshaw of Second avenue.

MRS. CHARLES BRADSHAW JR.

Of pure silk bombazine, the bride's gown was styled along empire lines featuring a scoop neckline applied with French lace and short, shirred sleeves. The princess-styled skirt ended in a chapel train and featured a self bow for back detailing. Her headpiece of silk bombazine, fashioned in a quilted effect outlined with pearls and imported petals, was secured by a fingertip veil of pure silk French illusion. She held a semi-cascade of white roses, white orchids and stephanotis.

Norma Klukos was maid of honor. Bridesmaids were Alyce Mae Stephens, Nancy Hurley, a cousin of the bride, of Flint and Phoebe Henderson. The bridegroom's sister, Jean Bradshaw, was junior bridesmaid.

The attendants were gowned alike in pure silk organza dresses enhanced by Sabrina necklines, short cap sleeves and tucked silk bodices. Each gown featured a crushed cummerbund and full ballerina-length skirt. Each attendant wore a large garden hat with a satin bow and held orange carnation bouquets in the form of a cross. The honor maid's bouquet was accented by touches of bittersweet. Pale blue was the color selected for the bridesmaid's gowns. The honor maid's was of a deeper shade in the same color.

Flower girls Patricia Moden and Pamela Moden wore white nylon chiffon full length frocks over hoops fashioned with self fabric jackets. They carried miniature bouquets matching the bridesmaids' and wore headbands of green fern with a carnation at the side matching their bouquet.

Norman Mallory attended as best man. Ushers were James Venner, brother of the bride; Richard Bradshaw, brother of the bridegroom; and Joseph Tinson, Robert Bradshaw, another of the bridegroom's brothers, was junior usher. Edward Stutesman and Gordon Stutesman were ring bearers.

Guests were received at Roosevelt Temple following the ceremony.

A black cotton sheath dress with black and white accessories was the bride's choice of attire for traveling to Florida. She wore the white orchid from her bridal bouquet as a corsage.

Upon their return the couple will reside on Monroe street. The new Mrs. Bradshaw is a graduate of Elkhart University, Elkhart, Ind.

Mrs. Venner wore a dress of pink lace over taffeta with a crushed cummerbund of pink chiffon and pink accessories.

for the wedding. Her corsage was of deep pink roses. A blue lace dress with blue accessories and a corsage of deep pink roses was worn by Mrs. Bradshaw.

Oscar Schmidt was organist and Marilyn Vernon, soloist, during the ceremony. Mrs. Robert Bradshaw presided at the guest book.

Sorority Sets Tea

Alpha Chi Omega Sorority of Southern Oakland County will begin its fall season with a tea at the home of Mrs. William Thompson of Salem road in Farmington, Sept. 19 at 2:00 p.m. Mrs. Minoru Yamasaki, Birmingham pianist, will play at the tea.

This Comes as a Blow

Whammo... Another Wife Is Belted

By ABIGAIL VAN BUREN

DEAR ABBY: You asked women to write in and tell from their own experiences if a wife could ever make a go of her marriage after her husband hit her. I am a wife of 16 years and I can tell you that I have.

Norman Mallory attended as best man. Ushers were James Venner, brother of the bride; Richard Bradshaw, brother of the bridegroom; and Joseph Tinson, Robert Bradshaw, another of the bridegroom's brothers, was junior usher. Edward Stutesman and Gordon Stutesman were ring bearers.

Guests were received at Roosevelt Temple following the ceremony.

A black cotton sheath dress with black and white accessories was the bride's choice of attire for traveling to Florida. She wore the white orchid from her bridal bouquet as a corsage.

Upon their return the couple will reside on Monroe street. The new Mrs. Bradshaw is a graduate of Elkhart University, Elkhart, Ind.

Mrs. Venner wore a dress of pink lace over taffeta with a crushed cummerbund of pink chiffon and pink accessories.

Announce Engagement

At a family dinner party Friday, Dr. and Mrs. Sylvester W. Trythall of Orchard Lake announced the engagement of their daughter Sylvia Ann to Daniel Booth Beresford, son of Mr. and Mrs. James A. Beresford of Bloomfield Hills.

Miss Trythall graduated from Kingswood School Cranbrook and is a senior at the University of Michigan. She is affiliated with Kappa Alpha Theta and is a member of Sigma Gamma.

Mr. Beresford graduated from Phillips Exeter Academy and Brown University. He will enter the University of Michigan law school this fall. He is a member of Theta Delta Chi.

City's Women Voters Start Fund Drive

The annual fund raising drive for the League of Women Voters of Pontiac begins today, Mrs. Roy MacAfee if chairman and among members of the league who will help her solicit for funds are Mrs. John Borsold, Mrs. Paula Cohen, Lillian Davidson, Mrs. Donovan Gilmore, Elizabeth Hansey, Mrs. Claire J. Hinckley and Mrs. Frank Hockley.

Others are Mrs. Barney Habel, Amy Krueger, Mrs. Elbert Mathes, Mrs. Robert Matheson, Mrs. Floyd Smith, Mrs. Fred Steinbaugh, Mrs. Irving Steinman, Mrs. Ruth Townsend, Mrs. C. George

Sponsored by Pontiac League

More than 100 members and guests attended the 21st annual Constitution Day picnic held Sunday at the American Legion Home at Lake Oakland. It was sponsored jointly by the New Citizens League of Pontiac and Janice Antona's Citizenship class.

Countries represented were Canada, Yugoslavia, Spain, Greece, Japan, Holland, Germany, Italy, Sweden, Norway and French Morocco.

A variety of food from countries all over the world was served at the picnic.

Honored guests were City Commissioner and Mrs. Floyd P. Miles who brought greetings from Mayor Philip E. Rowston, Dr. and Mrs. Philip Proud, Dr. and Mrs. Dana P. Whitmer, the Hon. George A. Dondero, Mrs. Dondero and Betty Whitson, Mrs. Joseph Phillips, Mrs. William Todd, Mrs. Lee Hill, Mrs. Clarence Vidlund, Mrs. Harold Potter, Mrs. Florence Allen and Mr. and Mrs. Raymond Gaff.

The pledge to the flag was led by Frank Walker. Joseph Zunic recited the American's Creed. Violet Walker spoke on "What the Constitution Means to Me" and Jose Vega discussed the class' recent trip to Washington, D. C.

Mrs. Vidlund, Americanism chairman of Post 1370 of the Veterans of Foreign Wars presented a flag to the organization.

Also taking part in the program were Bessie Fotinas, Kay Holloway, Walter Prince, Lena Cummins, Irene Doplin, Paz Vega, Lisa Hamilton, Grete Strand, Frank Paese, Flora Grimaldi, Heja Hooenstryd, Jacques Elelauf, Helen Mohr, Leonard Strand, Effie Petropoulos and Matt Mohr.

Church Unit Meets

Standish Group of the First Congregational Church met for dessert luncheon on Friday, Mrs. Peter Vanderhoek entertained at the home of her daughter, Mrs. Thomas Riley of Joslyn avenue. Fall bazaar plans were discussed.

Fellowship Class Has Buffet Supper

The Fellowship Class of Baldwin Avenue Evangelical United Brethren Church met for a buffet supper Saturday evening at the home of Mr. and Mrs. Lewis Ball on Clarence street. Mr. and Mrs. Paul Jones assisted the hosts.

Mr. Jones conducted the meeting and Mrs. Albert Love and Ray Ritter took part in the program. The next meeting will be held at the home of Mr. and Mrs. Robert Walker.

DEAR ABBY: I don't approve of physical violence. But I would one hundred times more have preferred physical punishment to the mental beatings I've taken over the years. "Covering up" for his frequent absences from home so the children wouldn't know what was going on; pretending not to know of his affairs in order to keep my family together.

A husband who breaks his wife's bones can be punished by law. But for breaking her heart—he goes unpunished. Because that break doesn't show.

BROKEN HEARTED

DEAR ABBY: Once, just once, my husband threatened to hit me. I said "Go ahead—hit me!" He didn't do it because I picked up a frying pan and showed him I could take care of myself. I know this is not very lady-like, but a man who would hit a woman is no gentleman.

FORTY YEARS WED

For ABBY'S pamphlet, "What Every Teenager Wants to Know," send 25c and a large self-addressed stamped envelope to this paper.

GERTIE

DEAR ABBY: Why should a wife stand there like an idiot and let a big bully of a husband hit her? I am 5 ft. tall, weigh 100 pounds and my husband is six feet two and weighs over 200. My husband hit me once, and I taught him a lesson. I knocked the wind out of him with my left and finished him off with a quick up-percut to the jaw. The bigger they are the harder they fall.

Amies Club held its annual fall tea Sunday at the Avondale road home of Jané Charles. Miss Charles, left,

greeted her guests, Diane Pickford, center, an old member, and Sheila Goldberg, pledge.

Martha Spark, left, newly elected president, discusses plans for the coming year at the Amies Club tea with

Carol Nichol, center, a new pledge, and Carole Hughes, vice president.

Hosts Amies Club Fall Tea

Jane Charles was hostess at her home on Avondale road for the annual Amies Club fall tea held Sunday afternoon.

Among pledges honored were Sheila Goldberg, Adrian Ressler, Rada Youngblood, Carol Nichol and Linda Brown.

Newly elected officers are Martha Spark, president, Carole Hughes, vice president.

Miss Charles, recording secretary, Peggy Warren, corresponding secretary and Barbara Alton, treasurer. Twenty-five senior members were also present.

Mrs. John C. Hapley, club advisor told pledges the club's history and the charitable duties it performs. The girls also were told about their two weeks initiation.

Nancy Lemke Married to James Yaw

Nancy Lemke, daughter of Mr. and Mrs. Leo Lemke of Wing Lake, road, married James John Yaw Saturday morning at St. Hugo of the Holy Church.

James is the son of Mr. and Mrs. William Rumer Yaw of Bloomfield Township and grandson of the late Senator James Couzens and Mrs. Couzens.

Nancy is the granddaughter of the late Mr. and Mrs. Bernhard Heuer, supreme court judge in Bern, Switzerland.

The bride wore a gown of antique silk taffeta with long sleeves, an empire bodice and a deep cuff of hennessy rose point lace applied on a rounded neckline.

Her dome-shaped skirt fell into a chapel train and she wore a mantilla of rose point cascade bouquet of butterfly orchids.

Maid of honor was Suzanne Lemke, the bride's sister. Bridesmaids were Mrs. Roger Kirk of Washington, D.C.; Mrs. Nathaniel T. R. Burwyn of Richmond, Va.; Mrs. Charles Myers of Detroit and Elizabeth Ross of Grosse Pointe.

They wore gowns of old gold peau de soie with open necklines, short sleeves and crushed cummerbunds of sea wood green peau de soie. Their hats were fitted caps of the same material and they carried cascade bouquets of ivy.

William Rumer Yaw, the groom's father, was best man. William Rumer Yaw Jr. was head usher. Other ushers were Nathaniel T. R. Burwyn, Roger Kirk, Charles Myers and George Couzens.

A reception at Bloomfield Hills Country Club followed the ceremony. After a honeymoon trip to the West Coast, the newlyweds will live in Detroit.

Mrs. Lemke chose a caudal-lait peau de soie street length gown for her daughter's wedding and wore yellow orchids. The mother of the groom wore a silk beige print street length gown.

Fashion Show to Give Preview of November

You will be wearing in November what you see in September at the St. Joseph Mercy Hospital Auxiliary fashion show and tea Sept. 23.

Even bridal outfits will be shown. Mrs. John Casey, RN at the hospital, will model these gowns, including outfits for the first wedding, the second wedding and the informal wedding.

Serving on the tea committee are Mrs. Charles Wagner, Mrs. William J. Dean, Mrs. Lewis Swartz, Mrs. John J. Marra, Mrs. Joseph Clark, Mrs. Matthew J. Gill and Mrs. William B. Dean.

Others are Mrs. Thomas Fitzpatrick, Mrs. Frank Aman-tea, Mrs. Richard Olsen, Mrs. Don Zaffina, Mrs. William Greco, Mrs. James McGuire and Mrs. Paul Spadafora.

Proceeds from the affair which lasts from 1:30 to 3:30 p.m. will be used for the hospital clinic.

Tickets may be purchased at the door or by calling Mrs. Robert Tricker of Dick avenue, 224 Lancaster road or Mrs. Arthur Kinney at the hospital.

DAR Sets Sale of Antiques

Mrs. Hartley and Mrs. Thurman Are Cochairmen

Mrs. Fred M. Harley and Mrs. Roy Thurman are co-chairmen of the ninth annual antique show and sale at the Birmingham Community House Sept. 23-25. The affair is sponsored by Piety Hill Chapter of Daughters of the American Revolution and will be open from 1 p.m. to 5 p.m. and from 10 a.m. to 5 p.m. on Sept. 26.

Mrs. Clarence B. Mitchell is chairman of the finance committee. Other committee chairmen are: Mrs. Frank Mosher, program; Mrs. Ellsworth E. Kramer, tickets; Mrs. Clyde C. Bennett Jr., posters; Mrs. Reed Dewey, prizes; Mrs. Francis M. Fisher, publicity; Mrs. Herbert Green, announcement cards; Mrs. Albert L. Hopkins, house committee, and hostess committee, Mrs. Horace T. Brettelle.

Sam Yeagley of Ammerville, Pa., will again manage the show. Dealers from New Hampshire, Pennsylvania, Ohio, Illinois, Missouri, Indiana and New York, plus well known local dealers, will display and sell antique furniture, old prints, jewelry, glass, silver, pewter and copper wares.

The entire proceeds will be used for the society's patriotic, historical and educational interests. Piety Hill's main project this year is aiding the Michigan Society which has undertaken the task of equipping and furnishing a dormitory for girls at Tamassee DAR School, Tamassee, S.C. Scholarships are also sent to several of the thirteen DAR-supported schools. American flags are presented to new local schools and Piety Hill donated the flag and pole adjacent to the Birmingham Community House.

Magazine subscriptions given to the Dearborn Veterans Hospital and the annual DAR Good Citizenship Award given to an outstanding high school girl are other ways in which the DAR members support their community.

School for Brides Planned Tuesday

The third school for brides, sponsored by Consumers Power Company will begin Tuesday, Sept. 15. There is no admission charge and demonstrations are open to brides-to-be, newlyweds and guests. Demonstrations will be held at the new Consumers Power Company building in Royal Oak.

Dorothy Brooks of Pearce Floral Company in Pontiac will talk on flower arranging.

Local Garden Group
Begins Fall Season

Sylvan Manor Branch of the National Women's Farm and Garden Association began their fall season with a meeting Thursday evening at the home of Mrs. William Frankfield of St. Joseph street. Mrs. Fred Ruder was cohostess.

Mrs. Charles Lawrence, president, appointed Mrs. Keith Campbell, Mrs. Thomas Phillips and Mrs. John R. Gibson to serve on the calling committee.

Karl Siefert of the Oakland County Agricultural Service talked on "House Plants." A question and answer period followed his speech.

The group has been invited to participate in the 1959 fall conservation workshop on natural resources to be held at Higgins Lake next week. Three representatives from the Sylvan Manor group have been invited to attend the dried material workshop being sponsored by the Pine Lake Branch of the National Women's Farm and Garden Association Oct. 13 from 10 a.m. to 3 p.m.

Following the program refreshments were served. Other members present included Mrs. Donald Carroll, Mrs. Charles Brown, Mrs. John R. Gibson, Mrs. George Cram, Mrs. F. G. Scott, Mrs. A. C. Monteith, Mrs. Gene Wright, Mrs. Jean Post, Mrs. Ray Campbell and Mrs. Phillips.

MRS. STANLEY PONIATOWSKI JR.

200 at St. Benedict
See Saturday Rites

Carol Anne Lawlor became the bride of Stanley Poniatowski Jr. Saturday morning at St. Benedict Catholic Church. Some 200 guests witnessed the ceremony which was performed by the Rev. Robert F. Wyzgoski.

Mrs. Hugh Lawlor of Wenonah drive is the bride's mother. Mr. Poniatowski is the son of Dr. and Mrs. Stanley Poniatowski of Orchard Lake.

An ivory silk gown with French lace trim featuring a cathedral train was worn by the bride. Her veil was attached to a Juliet cap of tiny seed pearls. Escorting her to the altar was Harry E. Hanson of Wenonah drive, her brother-in-law.

Mary Ann Poniatowski, the bridegroom's sister, attended as maid of honor wearing a beige peau de soie gown with

gold trim and a gold peau de soie pill box hat.

Bridesmaids Elizabeth Mountain and Mrs. Virgil Roberts were dressed alike in gold peau de soie dresses with gold pill box hats.

Another sister of the bridegroom, Suzanne Poniatowski, and Kathy Hanson, a niece of the bride, were junior bridesmaids gowned in gold peau de soie dresses featuring beige trim and bouffant skirts.

Each wore a seed pearl crown. Baskets of gold chrysanthemums were held by all the attendants.

The duties of best man were carried out by Joseph Poniatowski of Detroit, a cousin of the bridegroom. Robert Baker of Detroit and Michael Bonczak of Dearborn, ushered.

Following the ceremony guests were received at a luncheon held at the Elks Temple. Guests from Detroit, Dearborn, Farmington, Rochester and Pontiac attended.

Before leaving on a trip through Canada and the Eastern states, the new Mrs. Poniatowski changed to a light weight black and white wool dress with black and white accessories.

The couple will live in Detroit.

A deep beige lace accented by a cypripedium orchid corsage was worn by Mrs. Lawlor for her daughter's wedding. Mrs. Poniatowski chose a turquoise satin ensemble trimmed in Alencon lace and wore a cymbidium orchid corsage.

Have You Tried This?

Seven Days Preparation
Needed for Pickles

By JANET ODELL
Pontiac Press Home Editor
We've had a couple of pickle recipes this summer. Today's suggestion is for Sweet Pickles. Mrs. James V. Sayers says they are wonderfully crisp.

Mrs. Sayers lives at Loon Lake. Her beautiful flowers show the result of the hours she spends in her garden. She is active in her church guild. Traveling and entertaining friends are two of the things the Sayers' like best to do.

SWEET PICKLES
By Mrs. James V. Sayers
2 gallons pickles 3.4 inches long
1 cup undiluted salt
1 gallon water

Can Stave Off Age

Plugs Optimum Nutrition

By JOSEPHINE LOWMAN

Thousands of you know Dr. Carlton Fredericks through his radio program "Living Should Be Fun," and also through his books and articles. He is teacher, lecturer and nutrition consultant. Most of all he is a crusader for optimum nutrition for everyone.

Doctor Fredericks received his Masters degree in Public Health Education from New York University and later his Ph.D., in nutrition from the same college. He has been attached to New York University's School of Education and Department of Physical Education and Recreation and is currently associate professor at Fairleigh - Dickinson college. At present he is also supervising the diet of the Kansas City Athletics.

MEN ARE DIFFICULT

In a recent interview I asked Doctor Fredericks if he has found that men are as interested in diet as women and if they are as faithful to a dietary routine. He seems to feel that it is much more difficult to motivate men in such a direction. He said, "Many men think that they must assert their masculinity by going to work when they are sick, rejecting diets and playing more golf than is good for them."

However, when a man is ill he becomes a remarkably helpless individual! He is entirely amenable after a scare such as a heart attack or some other disability which frightens him. Doctor Fredericks calls these times a man's "teachable moments," and said, "At such times a man will eat caviar or butterfly wings if told to do so."

Doctor Fredericks believes as do other nutritionists that we should get as many as possible of the elements essential to good health from our daily menus, but he also believes in vitamin and mineral supplements.

Many factors play a part in the vitamin and mineral intake — the soil, the time in storage, the loss in cooking and so forth. Then, also, as he pointed out, some folks cannot utilize certain vitamins as well as others can and may need more massive doses.

I asked Doctor Fredericks if he believes that a young person today can be as young at 70 as the average person of 50 is now if he or she would take advantage of what is known about nutrition.

He replied, "Indeed I do! I will go even further and say genetics (inheritance) aside, that I think the life span can be tripled by correct nutrition and certainly the aging processes can be delayed." So, what we eat is of much greater importance than most of us admit. What a shame it is to miss BEST nutrition and settle for HALF BEST!

Dr. Carlton Fredericks, teacher, lecturer and nutrition consultant, believes, as do other nutritionists, that we should get as many as possible of the elements essential to good health from our daily menus, but he also believes in vitamin and mineral supplements.

Honor Bride-Elect

Dana Crane, bride-elect of Daniel Prunette, was honored at a miscellaneous bridal shower Thursday evening. Kathryn Brinkman was hostess for the affair which was held at the home of the George Brinkmans on North Francis street.

Miss Crane is the daughter of Mr. and Mrs. Ransom Crane of North East boulevard. The prospective bride-

groom's parents are Mr. and Mrs. Francis Prunette of Gungell court.

Guests attending were Mrs. Crane, Joan Sibra, Patricia Yarger, Beverly Chamberlin, Mary Chastee, Elyonne Modder, Gloria Cunningham, Kay Swenson, Mrs. George Brinkman, Emily Thompson, Barbara Faust, Joanne Swindell, Judy Martin, Bonnie Abbott, Jeannine Garnett and Barbara Mitchell.

Be Santa's partner in merri-ment — whip up this gay apron to entertain your holiday guests. Embroider Santa on fabric or paint him on felt. Order extra pattern for wall decoration. Pattern 322; transfer 16-inch Santa; pattern piece of cap.

Send Thirty-five Cents (coins) for this pattern — add 5 cents for each pattern for 1st-class mailing. Send to The Pontiac Press, 124 Needlecraft Dept., P.O. Box 164, Old Chelsea Station, New York 11, N.Y. Print plainly Pattern Number, Name, Address and Zone.

New! New! New! Our 1960 Laura Wheeler Needlecraft Book is ready now! Crammed with exciting, unusual, popular designs to crochet, knit, sew, embroider, quilt, weave — fashions, home furnishings, toys, gifts, bazaar hits. In the book Free — 3 quilt patterns. Hurry, send 25 cents for your copy.

Women on a budget must keep this in mind when shopping for clothing. You can spend more for a dress or skirt if you know you can cut down on cleaning costs. Build a washable wardrobe that you can care for yourself.

Getting Own Way Can Build Resentment

By MURIEL LAWRENCE

It was late afternoon. In the park, mothers were gathering children, toys, strollers and tricycles for the homebound parade. Putting down her magazine, Tommy's mother got up from her bench, walked over to where he squatted on the playground sand pile and said, "Empty the pail now, honey. It's time to go home."

For an answer he scrambled to his feet and ran over to the slide. His mother called, "No! No sliding!" — but he was halfway up the ladder when she reached him. Instead of lifting him off she backed

away from the kick he direct at her, and then tried to disguise her anger at his defiance by pretending to accept it. "All right," she said, "just this one slide."

But Tommy knew she was angry.

So pleasure in his victory over the slide was mixed up with his knowledge of her resentment. As she often permits him to do what she doesn't want him to, he's getting used to begrudging satisfaction and has little experience of the kind of joy we feel in our successes when other people share it with us.

If he's going to be allowed to go on sliding, delaying bedtime and grabbing cookies against his mother's wishes, he's bound to get the idea that all satisfaction is begrudging satisfaction — and pursue it as the only kind available. We've all known adults who do just this.

There's the business man who must always boast of outwitting his competitors as though his lonely triumph over them were a source of delight to him. There are the goldiggers and Don Juans for whom dalliance always means, the lonely pleasure of conquest instead of shared joy.

There are the people who derive satisfaction from "putting one over" on somebody else whether their lonely satisfaction consists of evading a traffic regulation or falsifying an expense account.

To train little boys and girls to believe that these forms of exclusive and vindictive pleasure are the only kind available is pretty cruel.

So if we cannot share their delight in their triumphs, it is better to deny them the triumphs than to let them do as they please — and resent them for it. Protecting them against such resentment is one of the reasons why we require obedience.

Waterford Girl Wed in Candlelight Rites

At a candlelight ceremony in Central Christian Church Saturday evening Sandra Louise Haskell and Ernest Jay Mason were married. The Rev. G. W. Gibson officiated at the ceremony before 125 guests.

Parents of the couple are Mr. and Mrs. Leonard R. Haskell of Waterford Township and Mr. and Mrs. John Mason of Traverse City.

The bride wore a white silk organza gown appliqued with lace. The bodice was accented with lace and seed pearls and

the gown featured a detachable train. A matching cap held her fingertip veil and she wore a single strand of pearls, a gift of the bridegroom.

Joanne Johnson of Pontiac was maid of honor. Bridesmaids were Janet Killiker and Barbara Johnson. They were dressed in ballerina length gowns of pink, lavender and turquoise respectively.

Philip Fisher of Traverse City was best man. Ushers

The Berean Fellowship Class of Oakland Avenue United Presbyterian Church celebrated the 25th anniversary of Mr. and Mrs. Gerald Barnhart at the home of the Omar MacNutt on Neome drive Friday evening.

A gift was presented to the couple and the entertainment was in the form of a skit depicting the couple's 25 years of marriage. Participants were Mr. and Mrs. Carl Comer, Mr. and Mrs. Robert McCormack, Mr. and Mrs. Ernest Johnson, Mr. and Mrs. William Bgay, Mr. and Mrs. William Coffing, Mr. and Mrs. Stanton Levey, Mr. and Mrs. Walter Hill, Mrs. Lexie Williams and Mr. and Mrs. MacNutt.

The Williams Group served refreshments. Mrs. LeRoy Koch also took part in the meeting.

Mr. and Mrs. F. A. Roberts of Bryan, Ohio, were guests of the class.

MRS. ERNEST J. MASON

He Probably Enjoyed Your Share

By EMILY POST

"Dear Mrs. Post: The other evening while visiting neighbors, the hostess served ice cream and cookies. The portion I received was much more than I could eat. As my husband is a great ice cream eater, I put some of my ice cream on his plate. My husband criticized me later for having done this and said that if I couldn't eat it, I should have left it on my plate. Will you please tell me if I was wrong?"

Answer: You were not wrong to avoid waste by giving some of your ice cream to your husband at the informal visit you describe.

"Dear Mrs. Post: I am 17 years old and would like to give a lawn party for my friends. I would like to invite an even number of boys and girls. However, this is my problem: Several of the boys I know are going 'steady' with girls who I do not know too well and as I have enough girls already I do not want to invite them. Would it be proper to ask the boys to come alone and not invite their steady girl friends?"

Answer: I am afraid if you invite the boys without the girls they are going 'steady' with, none of them will come to your party.

"Dear Mrs. Post: At the present time my fiancé-to-be is unable financially to buy me an engagement ring. Under the circumstances, would it be proper to make a formal announcement of our engagement? If this is permissible, what can I say to friends and relatives who ask to see my ring?"

Answer: An engagement ring is not a necessity. Thousands of married women have never had engagement rings. You simply say, "I haven't one. John's putting what money he has into furniture for the house" or something similar.

Holds Luncheon

Mrs. Lloyd Porter of Roslyn road opened her home for a cooperative luncheon Friday for the September-October Group of the First Presbyterian Church. Mrs. H. R. Fraser was in charge of the missionary study. Mrs. Magdalene McLean was welcomed as a new member and Jean Porter was a guest at the meeting.

Square Dance Classes to Start

The Pontiac Parks and Recreation Department's beginners' square dance class will begin Sept. 17 at the multi-purpose room at McCarroll School. Classes will be held Thursdays from 8 to 10 p. m. Instruction will include the basic fundamentals of square dancing, some well-known and popular old quadrilles and the latest combinations of music and dance figures. A small charge per couple is made in order to defray operation expenses. For further information call the Parks and Recreation Department.

Beauty Hint

Now is the time to pamper your complexion for the coming months. Summer wind and sun do their own damage — a special kind of damage that only care can repair. Start with nightly applications of a lubricating cream or lotion. You may want to substitute a cleaning lotion rather than soap and water to remove makeup during the day.

Mark 25th Anniversary

were the bridegroom's brother, Daniel Mason of Traverse City; and James Haskell, the bride's brother of Pontiac.

A reception was held at Fellowship Hall.

Before leaving for a honeymoon to New York and Niagara Falls, the bride changed to a black and white checked two-piece suit with matching accessories and the corsage from her bridal bouquet.

The couple will live in Traverse City where the bridegroom is attending Northwestern Michigan College. The bride attended Pontiac Business Institute.

Mrs. Haskell wore an emerald green sheath dress with a jacket and matching accessories and Mrs. Mason was dressed in a champagne colored sheath with jacket and matching accessories. Both had pink rose corsages.

This Is New Pontiac Motor Building Lobby

HAS SMART, MODERN AIR — Leather covered furniture and marble topped tables lend a smart, modern air to lobby of new Pontiac Motor Division Administration Building. Note picture panel with lighting from rear on wall above model. Colored glass

and a profusion of plants in simple containers take away any barren look. One wall in the lobby is made of three dimensional, ribbed teakwood. The lobby was designed and fabricated by H. F. Stubbs Co. of Detroit.

CHANGES WITH THE SEASON — One of the most attractive features of the lobby of the new Pontiac Motor Division Administration Building is this giant transite behind model. There will be

four changes in the design of the wall mural, each depicting a different season of the year. The motif here is autumn. The next will be winter. The building is located at 196 Oakland Ave.

THEY'RE TEACHERS NOW — Former Navy lieutenants Joseph Caletri (left) and David Christensen are making some big adjustments these days. After serving in England as Navy

officers, they have joined the faculty of Waterford Township High School. And as it says on the blackboard, "The Navy was never like this."

2 Former Navy Officers Order Students Now

By REBA HEINTZELMAN

Two young ex-Navy officers, almost run aground by the rush of hundreds of Waterford Township High School students, are striving to keep an even keel as newly hired teachers.

After six years of having their commands promptly obeyed without question, former lieutenants David Christensen, 28, of 3811 Rowley St. and Joseph Caletri, 29, of 1838 Birchcrest Rd., are slowly coming back to earth, and it's rough, they admit.

Caletri and Christensen now have to use calm psychology on their young charges rather than snapping out curt orders.

No one salutes the two men as they walk down the high school corridors and the jumbled up shuffling of multitudes of teenagers changing classes is a far cry from the rigid straight marching lines of Navy men.

SYRACUSE GRAD

Caletri is especially confused. He was discharged from the Navy in mid-August and came directly from service with the U.S. Military Sea Transportation system stationed in London, England.

Prior to his stint in the Navy, he had been a studious college man, graduating from Syracuse

University with honors and a master's degree in social studies. Later he attended officers' training school.

He and Christensen seemed to hit it off at the very first meeting in England.

Each of their wives had a baby while they were stationed there, and the friendships continued to flourish in the orderly life of Navy officers.

It was a sad day for the group last fall when Christensen was released from Navy duty to return home. He had been assigned to the Department of Naval Intelligence.

Before that, Christensen had graduated from Western Michigan University, where he majored in English.

TAUGHT SIX MONTHS

After signing last year's teaching contract here, Christensen decided that it would be a good idea for his friend to join the Waterford school system, too, and he went to work on the project.

All the school curriculum literature on teaching in the Waterford Township school system that Christensen could get was sent to Caletri.

Enlarged pictures of the 15 new schools built in the district within the last 10 years were shipped "air mail special" to Caletri.

"I was bombarded with all types of school literature and became practically brainwashed on the subject of teaching in Waterford," Caletri says.

Although they have had to take pay cuts and alter some of their military ways, both men say they have no intentions of scuttling their new professions.

Lausche, Langer Victims of Joke on Party Swap

WASHINGTON (AP) — Sen. Joseph S. Clark (D-Pa.) jokingly suggests a trade between the Democrats and the Republicans—Sen. Frank J. Lausche (D-Ohio) for Sen. William Langer (R-N.D.).

Lausche often votes with the Democrats in the Senate, while Langer often votes with the Democrats.

On a television program Sunday, Clark asked Sen. Hugh Scott (R-Pa.) if he would accept the swap with no cash involved. But Scott ignored the question.

Destruction Pay Higher — Crescent City, Calif. (UPI) — Contractor Tom Hull built a water tank for the city 40 years ago for \$1,800. He recently was awarded a contract to tear down the same tank for a \$2,000 fee.

Kennedy Gives Primary Views

Says Anyone Who Wants to Be President Should Enter

WASHINGTON (AP)—Sen. John F. Kennedy (D-Mass.) says anyone wanting the presidential nomination should be willing to run in primary elections.

In a television program taped for Pennsylvania stations, Kennedy said Sunday the primaries give some chance for judgment by the voters and "not merely six or seven people in some room."

He conceded that political leaders have some influence in the choice of a nominee.

"I would hate to have it finally made a judgment on the basis of a few people meeting in some Los Angeles hotel. I have never thought that was the way candidates ought to be picked," he said. The 1960 Democratic National Convention will be in Los Angeles.

Kennedy is considered a front-runner for his party's nomination, but has not announced formally. He said he plans to announce in December or early January whether he will seek the nomination.

Nehru Is Off for Trip to Afghanistan, Iran

NEW DELHI (AP) — Prime Minister Nehru left today for an eight-day trip to Afghanistan and Iran. It will be the first time he has visited either country.

The Indian leader, accompanied by a small party of advisers and his daughter, Mrs. Indira Gandhi, was scheduled to fly directly to Kabul, the Afghan capital, where he will stay until Friday.

He will then go to Tehran, and return to New Delhi Sept. 22. Nehru's absence may produce a lull in the hot correspondence between the Indian capital and Peking over disputed territory.

Protest Nikita's Visit at National Shrine

BOSTON (AP)—Two unidentified men draped the plaque of the Declaration of Independence on the historic Boston Common Mall in black today to protest the visit of Soviet Premier Nikita Khrushchev.

NEW HAVEN, Conn. (AP)—Two floral pieces have been placed at the foot of a monument in downtown New Haven to protest the visit of Soviet Premier Nikita Khrushchev to the United States.

Reds Amazed That U.S. Family Affords 4 Tots

WORCESTER, Mass. (AP) — A college girl who worked at the U.S. exhibit in Moscow this summer says Soviet citizens were amazed that an American family could afford four children.

Nikita's Home Away From Home Hammer-Sickle to Fly at Blair House

WASHINGTON (AP)—The Red hammer and sickle flag of the Soviet Union will fly from historic Blair House, the President's guest house, when Nikita Khrushchev and his family stay there this week.

From the windows of the green-shuttered, four-story, stucco-faced house, steeped in 17½ years of American history, Khrushchev can look across the street to the White House.

Presidents, kings and potentates have slept in Blair House. The latest was young King Baudouin of Belgium. Others have been Queen Elizabeth of England and colorful King Saud of Saudi Arabia, who reportedly had three guards sleep on a rug outside his room.

Another top Soviet official once slept there too—V. M. Molotov, who now is somewhat out of favor with Khrushchev and is stationed in Outer Mongolia.

A small sentry house is erected outside Blair House for part of the heavy security guard for the visiting Soviet premier.

For this is the place where two Puerto Rican revolutionists shot their way to the doorstep in 1950, trying to kill President Harry S. Truman.

Truman, temporarily in residence there while the White House was being reconstructed, was taking a nap at the time. One Secret Service guard was killed and two others wounded.

The Khrushchevs will get their first meal on American soil at Blair House—a private luncheon cooked by a French chef, Marcel, who has been employed by several American millionaires.

The President's guest house actually is two houses—Blair House, built in 1824, and adjoining Blair-Lee House, built just before the Civil War.

It has probably seen as much history as any building in Washington, from meetings of President Andrew Jackson's unofficial kitchen cabinet to visits from President Lincoln.

Its priceless collection of furniture from four generations of the Blair family is considered by some to be even richer in tone than that of the White House.

It can accommodate about 22 of Khrushchev's party of about 100.

Lesser dignitaries and officials will stay in hotels or the 60-room Soviet Embassy.

Spellman Raps U.S. Greeting to 'Saboteurs' — NEW LONDON, Conn. (AP)—Francis Cardinal Spellman says the United States now greets saboteurs with "honors and civic receptions, although their briefcases may bulge with propaganda more lethal than explosives."

Although the visit of Soviet Premier Nikita Khrushchev was approaching, Spellman did not refer to the Communist leader by name. He spoke Sunday at the U.S. Coast Guard Academy here.

Orson Welles Files Suit Over 'War of Worlds' — LOS ANGELES (UPI)—Actor-Producer Orson Welles has filed a \$425,000 damage suit against the Columbia Broadcasting System for using material from his 1938 radio show "The War of the Worlds" in a television program.

The 1938 broadcast of H. G. Wells' tale of an invasion from Mars nearly touched off a nationwide panic.

Welles named as codefendants in his suit, Columbia Artists Inc. and Westinghouse Corp., sponsors of the 1957 television program based on the incident "The Night the World Trembled."

Poll State GOP on Problems

Tax Reform, Business Climate Run 1-2 Among Michigan Republicans

LANSING (AP)—A Republican poll shows tax reform and the state's business climate run one-two as Michigan's top problems.

A first peek at results of the continuing sentiment sampling of party members and from GOP booths at county fairs came at the Republican State Central Committee meeting over the weekend.

The business session was devoted mainly to preliminary planning for the 1960 campaign, said to be well along.

Many of the more than 100 committeemen talked hopefully that Paul D. Bagwell, Michigan State University faculty member, would emerge as a repeat party choice for governor.

Lawrence B. Lindemer, state chairman, said about 500 responses had been received to questionnaires seeking to assign dominant issues of the moment.

Eighty-seven per cent of those replying to a question on a need for overhauling state tax laws answered in the affirmative.

Asked to name the most important public problem, 42 per cent chose the business climate, 27 per cent the tax situation and 17 per cent named generating more jobs in the state.

Forty-two per cent picked keeping world peace as the No. 1 national issue. Thirty-two per cent pointed to inflation.

The committee was told that party finances are sagging, with \$6,000 accumulated in unpaid bills. Difficulties were expected to be straightened out without too much trouble.

Pontiac Drill Team Cops State Laurels

The Pontiac Star Chiefs, a drum and majorette drill team, won the state championship in competition Saturday at the Michigan State Fair, according to Director Roy G. Hess.

Formerly the Land O'Lakes twirlers, the unit recently has been augmented to include drummers. Eighteen members of the corps took part in the state competition.

The Pontiac drill team won first place honors over eight other units competing for the trophy, Hess said.

Uses Mustard on Cars — RUTLAND, Vt. (UPI) — William Hall, 20, was sentenced to the House of Correction for smearing automobiles with mustard and shaving cream "in revenge on other people owning cars."

Hall went on his spree after someone damaged the clutch of his car.

Boston Mailman Has Street Name Problem — BOSTON (UPI) — Pity the poor postal worker in Boston, the nation's largest postal district.

Within this district there are 40 streets named Adams, 22 Clevelands, 35 Hancocks, 14 Jeffersons, 21 Jacksons, 21 Madisons, 25 Grants and 69 Washington streets.

Plan to Reactivate Michigan Chamber

EAST LANSING (P)—Plans to reactivate a state chamber of commerce were drafted behind closed doors Friday at Kellogg Center on the Michigan State University campus.

On hand were more than 30 officials of manufacturing firms, public utilities and local chamber of commerce groups.

The meeting was closed to the press but one executive in attendance said, "The framework is now complete for a Michigan chamber of commerce."

Experts Give Advice

Homes Being Switched

By FAYE HENLE
NEA Feature Writer

The home-for-a-lifetime concept is fast fading.

The executive rising on the corporate ladder often gets transferred from area to area. The ambitious growing family tends to upgrade. Older folk, seeking retirement abodes in sunnier climes or smaller dwellings, switch homes. Home switching, under the most favorable circumstances is difficult. Today, with higher interest rates and tighter money, it is still more difficult.

If you are contemplating selling one home to buy another, you are well aware that financing the second home before the first is sold is a major problem. Here, to guide you on a switch, is advice both from realtors and bankers.

The bankers emphasize that before you make any deposit on your new home, you investigate with them how much of a mortgage they can offer on the new dwelling.

The instrument to ask your banker for is called a commitment—a commitment that when you've sold your old home, he'll grant you a satisfactory mortgage on the new. There are several advantages for you in doing this.

You are certain once a commitment has been granted that the mortgage money has been specifically set aside for you.

Before giving you the commitment, the bank has appraised the new dwelling; this gives you assurance that it is worth the price you'll pay.

Finally, your banker will have detailed for you the exact cost of carrying that new house. The chances are that not only are the taxes higher, but the size of the mortgage you are getting is larger and the interest on it higher and that these totals will stagger you. It will be time then to figure out whether you will really be able to carry your new home.

Sounding a note of caution, bankers warn that you should not per-

mit the buyer of your old house to take over your mortgage. In instances of this sort, should the buyer default in payment, you and not the bank that granted the mortgage are liable.

Because home switching is becoming more of a routine affair each year in many areas, realtors have opened special departments for the express purpose of helping you sell your old home, buy the new. The financial arrangements they offer vary greatly—some could be of tremendous help to you, others might prove too costly to permit you to indulge in such service.

Excellent advice comes from John C. Tysen, president of Previews, Inc., a national real es-

Warns Against Using Carbon Tet on Scalp

LANSING (UPI)—The Michigan Health Department today warned against the use of carbon tetrachloride to clean greasy scalp or skin.

"Swabbing the skin with carbon tet is one of the more recent dangerous uses we have heard of this poisonous chemical," Dr. Albert E. Heustis, state health commissioner, said. The use was suggested in a current issue of a national magazine.

Hare Foresees Reflector Snags

Might Have Trouble Collecting 35 Cents for '60 Tab Addition

LANSING (P)—The state auto license plate division may have trouble making motorists pay an authorized 35 cents for reflectorized plates, Secretary of State James M. Hare admitted Saturday.

Nov. 1 is the start of the new license plate year—this making it possible for motorists to get 1960 plates for their new cars.

But the law doesn't become effective until 90 days after final legislative adjournment. Hare said this could push the effective collection date to around Christmas, Valentine's Day or Easter.

If the Legislature continues in session until December, most motorists registering before the March 1 deadline won't pay the 35 cents added fee.

Those assessed the extra fee later are likely to complain, Hare said.

Hare said he expected complaints anyway. Motorists won't get reflectorized plates next year—only tabs with a green 1960 on a golden yellow background. The decision not to change plates was made late as an economy measure.

One way out of the mess was suggested by the secretary of state. He said the Legislature might reconsider the reflectorized plate law, pass a new law, taking it off the statute books and give it immediate effect.

Kelvinator Sales Spurt

DETROIT (P)—H. L. Travis, vice president for sales, reported Friday Kelvinator major appliance sales in August jumped nearly 45 per cent over August of 1958. He said automatic washers reached their highest volume in the company's history. Kelvinator is a division of American Motors Corp.

The state of Maine has 16 million acres of forests.

Saturday's Headline Read: 'Lions Handle Browns Like They Own Them'

Sunday's Result Was: Lions 31, Browns 28

Johnson Gets 2 Touchdowns in 22 Seconds

Cleveland Still Unable to Beat Detroit at Briggs Stadium

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

DETROIT — Saturday's headline on the sports page of the Press read: "Lions handle Browns Like They Own them."

Sunday, it almost looked like a different story. It seemed almost certain that the Browns would finally break the Detroit jinx at Briggs Stadium.

But as it happened, Saturday's headline proved to be the truth on Sunday. The Lions scored two rapid fire touchdowns in 22 seconds to beat the Browns, 31-28.

Cleveland coach Paul Brown was flabbergasted to see his 28-17 lead disappear with only 1:33 left in the game.

"I'd like to play the Lions once more on that's in the one big game after the regular season," Brown said dejectedly. The two teams do not meet again this season.

It was the 17th time in 23 games, including one tie, that the Lions defeated the Browns. The tie was at Briggs stadium in an exhibition game couple years ago. The Browns have never won in Detroit.

An alert John Henry Johnson was the hero of the two last minute touchdowns. Tobin Rote's pass meant for Jim Gibbons was tipped Lowe Wren. He all bounced into Johnson's hands on the five and he walked into the end zone for the touchdown.

That made the score 28-25 with Jerry Pate's conversion and there was only 1:33 showing on the clock.

Everyone figured the Lions would try an inside kick but instead Jim Martin booted the ball to Leroy Bolden on the eight yard line. Bolden got to the 29 and he was swarmed all over by a host of Lions. He fumbled and Dave Whitsett recovered.

On the first play from scrimmage Rote had Gibbons and Perry Richards moving down both sidelines. As the Browns' defenders followed the two, Johnson went straight down the middle, grabbed Rote's pass on the eight and went over. There was no one with in 15 yards of him.

The clock showed on 1:11 remaining in the game as the Lions kicked off for the second time in 22 seconds.

Milt Plum passed from his own 22 to the Lion 45 for 33 yards on the first play. But after a 5 yard penalty, Bill Glass dropped Plum for an 8-yard loss to his own 42.

This killed the Browns as it appeared they were trying to get into field goal range and settle for at least a tie. One more play and they may have, but the game ended as Plum passed 17 yards to Farrell Funslop.

The Browns were shackled on the opening series of the game and had to punt. This started the Lions first march of 45 yards with Rote pitching wide to Danny Lewis for a 10 yard TD.

Cleveland came back in the second quarter with Bobby Mitchell going five, 12 and then 59 yards for a touchdown. The drive covered 75 yards in five plays. The Browns were penalized 15 yards for clipping but the officials ruled that the clip took place after Mitchell went over. It was 7-7 with 9:56 to play in the half.

Hopalong Cassidy returned the kickoff 33 yards to midfield. Rote then passed to Gibbons 36 yards and a moment later with rookie Mike Rabold opening the hole Nick Pietrosante scored.

The 14-7 lead almost disappeared when Mitchell took Martin's kick on the four and raced 91 yards before Cassidy caught him on the five. Hoppy got away from three blockers to get to Mitchell and his determination paid off because a moment later Bolden fumbled and Wayne Walker picked up the ball and went 59 yards to the Browns' 40 where he fumbled.

The Browns had the ball again but it was on the 44 instead of the five. Plum's pass was intercepted by Gary Lowe and again the Lions had the ball with timing running. With 23 seconds in the half Martin kicked a 30 yard field goal and it was 17-7.

The Browns recovered Yale Lary's fumble of Dale Shofner's punt on the Lions' 42 and midway in the third quarter on the first

SCORES FOR LIONS — Rookie fullback Nick Pietrosante plunges over goal line to score team's 2nd touchdown in an exhibition game with Cleveland at Briggs Stadium yesterday. Play started

at the two-yard line. Detroit tackle John Gordy lies on ground after opening up a gap in the line. Lions won 31-28 with a sensational late rally.

Sunday Setback Leaves Tigers 2 Games From 3rd

Bunning Victim of Late Washington Barrage in 5-1 Loss

WASHINGTON (U) — Charlie (Paw Paw) Maxwell's Sunday punch was missing and Jim Bunning threw a gopher ball that set off a Washington rally.

As a result, the Detroit Tigers had only a precarious hold today on first division in the American League after yesterday's 5-1 loss to the Senators.

They are in fourth spot, sandwiched between the resurgent New York Yankees and the faltering Baltimore Orioles.

In the battle for third place, the Yankees went two games ahead of the Tigers by sweeping a doubleheader from the slipping second place Cleveland Indians.

The Orioles stayed two games behind the Tigers by losing a doubleheader to Kansas City.

Ol' Paw Paw, who has been in the habit of getting at least one homer on Sunday, struck out with the bases loaded in the eighth inning in the game with Washington yesterday. The score was tied 1-1 with two out.

After reliever Hal Woodeshick got rid of Maxwell, he disposed of the Tigers in the ninth, giving Washington the decision.

The Senators went ahead in their half of the eighth when Jim Lemon led off with his 31st home run. It was the 30th homer off Bunning this season.

Julio Becquer tripled and scored on Clint Courtney's single. That was all for Bunning.

Coming on in relief, Tom Morgan yielded a triple to rookie Dan Doherty from Western Michigan, scoring pinch runner Pedro Ramos. Then Bob Allison hit a fly, scoring Doherty.

The Tigers took a 1-0 lead in the first inning when Eddie Yost scored on a fielder's choice.

Bunning held the lead until the seventh inning when singles by Faye Throneberry and rookie John Schaefer and Lennie Green's infield grounder tied it.

Yost's 31st home run was the 30th off Bunning this season.

Social Outcast No More, Spain Bolsters Economy

(Until recently, Spain had spent the 30 years since the end of its Civil War as a virtual outcast from the society of nations. Today, though, it is assuming an increasingly important role in world affairs. This is the first of four dispatches on Spain today, describing its re-emergence as a recognized power, its economic health and the future course of its government.)

By HENRY F. SCHULTE
MADRID (UPI) — It was once popular to exclude Spain geographically and politically from the Western world.

"Europe ends at the Pyrenees," was a favorite judgment of historians and politicians, surveying a country that for seven centuries was a Moorish outpost and which had missed many of the influences that shaped the modern states.

During the dark days following Spain's 1936-39 Civil War, that was truer than ever. The Span of Generalissimo Francisco Franco — a "Fascist dictatorship" accused of having aided the Axis powers — was a social and economic outcast.

Today, however, that has changed.

The strategic importance of the nation in the fight to contain Communism was responsible. It is a member of the United Nations and other top political and economic international organizations, a recipient of large quantities of

foreign aid and a key link in the West's chain of defense.

Spain, which saw only about 30,000 visitors cross its borders in 1946, is now a major tourist attraction. About four million strangers are expected to jam its museums and crowd its sunny beaches this year.

In 1946, the United Nations agreed to bar Spain from membership and suggested the withdrawal of foreign diplomatic recognition. All embassies were reduced in status or close, except for the Argentinian and Portuguese.

The U.S. was represented by a Charge d'Affaires. Only a handful of Americans lived in Spain. In 1950, the situation was reversed. The diplomatic missions came back. In 1953, the "Pact of Madrid" saw Spain and the United States joined by a Mutual Defense Agreement. In 1956, Spain was admitted to the United Nations.

20,000 AMERICANS
Today, an estimated 20,000 Americans live in Spain in official capacities, including 7,000 airmen who maintain a series of key Strategic Air Command bases, from which atom bombers operate.

The rest are Navy personnel, civilians involved in constructing Air Force and Navy bases and members of various U.S. aid and diplomatic groups.

American aid, which started flowing in 1953, passed the billion-dollar mark this year.

In July, Spain took a major step toward economic integration with the rest of the world, especially Europe. It was admitted to full membership in the Organization for European Economic Co-operation and the International Monetary Fund, which made 51 international groups that had embraced the one-time outcast.

ELIGIBLE FOR AID.
Its admittance to OEEC and IMF made Spain eligible for aid and loans of about 400 million dollars, enough, it was hoped, to help it out of a financial crisis that was caused at least in part by the destruction of the Civil War and the international boycott that followed World War II.

Admission to the North Atlantic Treaty Organization, so far withheld because of the objections by some NATO members to the Franco regime, now appears to be a good possibility.

When that happens, as political observers believe it surely will, then the last vestiges of a time

when "Europe ended at the Pyrenees" will be dead.

The path from outcast to recognition had been a triumph for Franco. He is firmly in the saddle.

Earlier this year, anti-Fascists had talked of impending economic catastrophe that might topple the Caudillo.

But this summer, he instituted a program of economic modernization backed by foreign capital which was given a good chance of putting the national economy back on an even keel. Even Franco's opponents conceded that this strengthened his position considerably.

(Next: Spain's fight for economic stability.)

Approve Late Report of 1958 UAW Probe

WASHINGTON (AP) — The Senate Rackets Committee got the Senate's consent Friday to file a report on its 1958 investigation of the United Auto Workers Union after Congress adjourns.

Members said privately they doubted that they ever could agree, and that rival reports might be filed. No one would guess how soon that might be. The report was due last Jan. 31.

The 1958 inquiry into violence in strikes against the Kohler Co., Wis., and Perfect Circle Corp. in Indiana was marked by vigorous partisan bickering between the committee's Republican and Democratic members.

AMC Rents Stadium to Show Its New Cars

MILWAUKEE (AP) — The American Motors Corp. has rented Milwaukee County Stadium, home of the Milwaukee Braves, for its annual employee preview of 1960 Rambler models the night of Sept. 19. Some 35,000 persons—employees and their families will attend.

The firm believes it will be one of the largest employee meetings ever held in the nation. AMC now has almost 22,000 employees in Wisconsin, compared with 12,000 one year ago.

Algerians Are Counted

ALGIERS (AP) — Algeria's population was estimated this week at 9,875,000, of whom 8,850,000 are officially listed as North African Moslems and 1,025,000 as non-Moslems.

Surviving are his wife, Bertha, three daughters, Ardyea at home, Mrs. Onah Kuznicki of Warren and Mrs. Carol Lynn Weber of Mount Clemens, three sons, Ronald and Ollen, both of Romeo, and Frank Jr. of Flint, and 18 grandchildren.

MRS. ORRIN PARKER

OXFORD — Service for Mrs. Orrin (Olive P.) Parker, 78, of 62 Pleasant St. will be held at 1 p.m. tomorrow at Bossardet & Reid Funeral Home. Burial will follow in White Chapel Memorial Cemetery, Troy.

Mrs. Parker died unexpectedly at her home Saturday of a heart attack.

Surviving are three daughters, Mrs. Hazel Wright of Oxford, Mrs. Mildred Shanks of Detroit and Mrs. Gladys Lane of Mishawaka, Ind., three sons, Alton, Burnham and Russell Parker, both of Pontiac, and Floyd Parker of Oxford.

One sister, Mrs. Amelia Johnson of Romeo, and a brother, Arthur Ratter of Dundee, 27 grandchildren and 29 great grandchildren also survive.

AMOS READ

ROYAL OAK — Service for Amos Read, 82, of 313 N. Washington St. was held at 11 a.m. this morning at Voorhees-Siple chapel. Mr. Read died Thursday in Pon-

tac after a long illness. One son, Amos Jr. of Johannesburg, South Africa, survives.

WILLIAM M. SHATTUCK

OXFORD—Service for William M. Shattuck, 82, of 44 Division St., will be held at 3 p.m. tomorrow at Bossardet & Reid Funeral Home, Oxford. Burial will follow in the Rochester Cemetery.

Mr. Shattuck died Saturday at Bliss Convalescent Home, Oxford, after an illness of five years' duration.

Surviving are three daughters, Mrs. Marguerite McGraw of Oxford, Mrs. Helen Hoadley of Mansfield, Ohio, and Mrs. Lois Merton of Leonard, Lynn and Harvey of Rochester; five sons, Clarence, both of Lake Orion, Howard of Pontiac and William of Hadley, and 20 grandchildren.

Deaths Elsewhere

WASHINGTON — Dr. Delbert M. Bergenstal, 42, assistant chief of the endocrinology branch of the National Cancer Institute died Saturday after a long illness.

HOLLYWOOD — Gilbert Adrian, 56, who designed clothes for some of the greatest feminine movie stars, died Sunday after suffering a stroke. He and actress Janet Gaynor were married in 1929.

NEW YORK — Frank Connerford Walker, 73, postmaster general under President Franklin D. Roosevelt from Sept. 11, 1910 to July 1, 1945, died Sunday after a long illness. He helped finance and organize the campaign which swept Roosevelt into office in 1932.

GREENVILLE, S.C. — Dr. J. Warren White, 67, an orthopedic surgeon and brother of Dr. Paul Dudley White, died Saturday.

Capitol Columns Won't Be Cut Up for Premiums

WASHINGTON (AP) — A company has abandoned plans to give away chunks of the Capitol's old columns as soap premiums.

The 24 historic columns were dismantled to make way for an extension of the Capitol's east front and officials are trying to figure out what to do with them. Marshall S. Lachner, president of B. T. Babbitt, Inc., had suggested that his company cut up the columns and give them away as premiums.

But Lachner said the Capitol architect, J. George Stewart, has discouraged the company. "We abandoned the idea reluctantly," he said.

State Revenue Official Dies of Heart Attack

LANSING — Roy G. Struble, 41, head of the cigarette and miscellaneous tax division of the state revenue dept., died Saturday following a heart attack.

He was selected last year as the outstanding administrator in the tobacco tax field by the National Assn. of Tobacco Distributors.

"BOWLING TIPS"

STARTS SEPT. 15th IN THE PONTIAC PRESS

14 Extension Courses Offered by U. of M. Here

The University of Michigan Extension Service has announced its program of courses for the fall semester, which includes a total of 14 courses offered in the Pontiac area beginning this week.

In addition, a total of 53 courses will be offered at the Flint Extension Center, and one each in Lapeer and Fenton.

Each course carries two semester hours of graduate or undergraduate credit which can be transferred to other institutions. No transcripts of credits are necessary.

A student may earn up to 30 hours of credit toward a bachelor's degree by satisfactory completion of the courses. Any adult who desires to better himself may enroll. It is not necessary to work for credit, but the regular fee still must be paid.

Classes meet 16 times, once each week for a period of two hours. Registration fees are \$13.50 per credit hour for Michigan residents, \$15 per credit hour for non-residents.

The first class may be attended without obligation, but all financial obligations must be completed by the end of the second week. The fall program will cover twenty fields of study and offer the services of 66 instructors. Registration in the Pontiac area will be handled at the first and second class meetings.

In Pontiac, six courses are being offered. Five meet at Pontiac Northern High School.

Six courses will also be held in Bloomfield Hills at the Cranbrook School for Boys, on Lone Pine road. One course each will be offered in Rochester, Birmingham, and Waterford Township.

There will be no added fee for late enrollment. The area courses:

Life Insurance Underwriters Hold Meeting
The Pontiac Life Underwriters Assn. will hold its first monthly meeting of this season Wednesday at the Sylvan Glen Country Club, 5725 Rochester Rd., Troy, as a combination golf event and dinner. The dinner will begin at 6:30 p.m. Guest speaker will be Lou Vincier, former manager of the Pontiac district and now managing the Livonia district of Metropolitan Life Insurance Co.

Acquires Grinding Firm
DETROIT (AP) — Michigan Tool Co. has acquired the assets of Gear Grinding Machine Co. Michigan Tool, which produces gear production and checking equipment, said operations at Gear Grinding will not be changed.

Wanted by Air Force: City Electronics Men
The Pontiac Air Force Recruiting Station is accepting men between the ages of 17-34 for aptitude testing for immediate enlistment in the field of electronics, it was announced today by T/Sgt. Charles A. Ahnen, commanding officer at the local station.

The tests are given at the station twice each month. Those who qualify may enlist with the understanding that they will be placed in one of the fields requiring electronics adaptability such as guided missiles, radar repair, atomic weapons and many others.

Further information may be obtained at the local recruiting office, 53 1/2 W. Huron St.

STATE OF MICHIGAN—In the Probate Court for the County of Oakland, Juvenile Division.

In the matter of the petition concerning John McFarland, minor. Cause No. 1648.

To John McFarland, father of said child.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy of this summons and notice in the Pontiac Press, a newspaper printed and circulated in said county.

Witness, the Honorable Arthur E. Moore, Judge of said Court, in the City of Pontiac in said county, this 14th day of September, A.D. 1959, at nine o'clock in the forenoon.

ARTHUR E. MOORE, Judge of Probate.

ELISE J. JACQUES, Probate Registrar, Juvenile Division.

PUBLIC SALE
1959 Chevrolet, No. 10412357. Sports Coupe. Sale to be held 10:30 a.m. September 22, 1959 at 801 Pontiac State Bank Bldg., Pontiac, Mich.

Sept. 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 1959.

NEW CHEVROLET TRUCK — Complete redesign in both styling and chassis are marks of the 1960 Chevrolet light-duty truck line. Improvement in ride, handling and durability have been sought with independent front wheel suspension with torsion bar springs. Cab floor and seat are at step-in height from the ground, eliminating inside steps.

Mysterious, Fascinating Moon Is Fine Place to Visit, but . .

NEW YORK (AP) — What we ship, carrying three men and two dogs, launched from a huge cannon moon has long fascinated scientists in Florida. He forecast that the first place travelers would visit would be Americans.

Science fiction writer Jules Verne almost a century ago published a remarkably realistic story of a voyage to the moon. He saw it as a joint venture between the United States and the Imperial Russian government, with the moon.

The moon is by far the largest of the 30 in our solar system. A day is two weeks long on the Russian government, with the moon.

The floor of the deepest crater on the moon never is touched by sunlight. The crater is almost deep enough to hold Mt. Everest.

We never see the other side of the moon. It turns on its axis as it circles the earth, with the same face to us all the time. Slight variations in timing give us a few glimpses of the outer border area, however, and about four-sevenths of the moon's surface has been mapped.

The moon's axis is only slightly tilted, which means its poles are forever in sunlight.

The moon is not a perfect sphere, but the side that faces the earth bulges outward slightly, a bulge caused by the gravitational pull of the earth.

Its diameter is 2,160 miles, compared to 7,967 for the earth.

The pull of gravity is only a sixth that of the earth, so that on the moon you would only weigh a sixth as much, could jump six times as high as on earth, and so on.

In sunlight, the temperature reaches 230 degrees Fahrenheit. In dark it plummets to 215 degrees below.

The moon travels through space at 2,287 m.p.h.

There are some 30,000 craters on the visible side of the moon. Some are as wide as 18 miles in diameter. The deepest is more than four miles deep.

There is no air on the moon, or atmosphere of any kind.

There are 14 large, smooth dark areas on the moon, called seas, although there is apparently no water on the moon.

The moon is a part of the earth's crust, and is a part of the earth's crust.

The moon is a part of the earth's crust, and is a part of the earth's crust.

The moon is a part of the earth's crust, and is a part of the earth's crust.

Grain Futures Steady to Weak

CHICAGO (AP) — The grain futures market started off steady to weak today with all new crop corn contracts again slipping to new low prices for the season although setbacks were in small fractions.

September corn and all soybean contracts were under fairly stiff pressure and lost about a cent within a few minutes. The weakness appeared to be a carryover of trade opinion that a good volume of both corn and soybeans will be moving into commercial channels at least for a while when harvest of the new crops become more general.

Wheat held within a steady range on further reports of meager producer selling but commercial demand was light and no export business was reported over the weekend.

Wheat was 1/2 to 1/2 cent a bushel higher near the end of the first hour. September \$1.91 1/2, corn unchanged to 1/4 lower, September \$1.15 1/2, oats unchanged to 1/4 lower, September \$1.30 1/2, soybeans 1/4 to 1/4 lower, September \$2.06 1/2.

Ready to Hike UAW's Dues?

Proposal Expected at Convention Next Month in Atlantic City

DETROIT (AP) — A proposal to raise United Auto Workers dues probably will be made at the Union's international convention in Atlantic City, N.J., next month.

UAW Secretary-Treasurer Emil Mazey, in a statement Saturday night, said that Executive Board members agreed at a meeting here last week that "both the general fund of the Union, from which is paid salaries and operating expenses, and the strike fund are in need of strengthening."

Mazey said the board reached no decision on a recommendation to be presented to the convention "either in the terms of a suggested amount or on the allocation of any increase."

Basic Union dues are now \$3 a month. They were increased 50 cents at the convention two years ago.

Big New York Can't Find Table to Feed Nikita

NEW YORK (AP) — City officials today vainly sought a Soviet dining hall to entertain Soviet Prime Minister Nikita Khrushchev. He'll be here, ready to tuck in his napkin, in just three days, but there's no table.

When the city's first extended official luncheon invitation to the visiting Soviet leader, it figured on using the 2,000-seat Waldorf-Astoria ballroom.

But the American Dental Assn., which is holding its 100th anniversary celebration, has the ballroom booked and won't budge for Khrushchev, Mayor Robert F. Wagner, or the State Department.

News in Brief

A stamp machine valued at \$50 and containing an estimated \$25 was stolen from Beedle's Drug Store, 377 S. Saginaw St., Saturday according to city police.

Guy Eugene, of 72 N. Tasmania St., reported to Pontiac Police Sunday that someone broke into his home and stole his wallet and his wife's purse containing a total of \$14.

Raymond Jones of 640 S. East Blvd., told police yesterday that someone broke into his garage and took his power lawn mower valued at about \$30.

Hughes, Hatcher Merges With Harry Suffrin, Inc.

DETROIT (AP) — Two Detroit men's wear stores, Hughes & Hatcher and Harry Suffrin Inc., were merged Saturday in a multi-million dollar transaction.

The stores will operate under the name of Hughes & Hatcher-Harry Suffrin Inc.

State Kiwanis Meets

DETROIT (AP) — Delegates to the 22nd annual convention of the Michigan district, Kiwanis International, opened a two-day program of business sessions and luncheons Monday. The meeting was to close Tuesday with election of district officers.

B. W. Bogan Promoted by Chrysler Corp.

DETROIT (AP) — Promotion of B. W. Bogan to a vice presidency has been announced by Chrysler Corp.

Bogan, 53, will serve on the company's administrative and operations committees. He formerly was executive assistant to the automotive firm's executive vice president.

Dow to Build Facilities for Polypropylene

TORRANCE, Calif. (UPI) — Dow Chemical Co. will build facilities for the production of polypropylene here, on a site adjacent to other Dow plastics production units, it was announced today.

The facilities, first of their type for the western states, the announcement said, will cost "several million dollars" to construct and is to go on stream in 1961.

New Plan Would Give State Dems Vote Hike

WASHINGTON (AP) — A new plan proposed Saturday by Democratic Party Chairman Paul Butler would give Michigan 52 votes, a gain of eight, at the party's 1960 national convention.

Butler's proposal to abolish the bonus system would give Michigan a flat 52 in the 1956 convention, Michigan had 46 basic votes and four bonus votes, a total of 50.

New Jersey's egg production totals more than two billion a year.

Two Sets of Officers

KANSAS CITY, Mo. (AP) — The 14-state Midwest Democratic Conference has split into two factions, dissolving the harmony sought at a weekend meeting here.

Each group elected officers and accused the other of holding a rump meeting Sunday.

Both factions said party issues and potential presidential candidates were not affected by the split.

Heading the rival groups are James More of Harlan, Iowa, and Frank Theis of Arkansas City, Kan.

More, as conference chairman, opened the business meeting by ruling that a constitution adopted six months ago at Milwaukee was illegal. He said there wasn't a quorum at Milwaukee and no prior notice was given of the proposed constitutional change.

The new constitution says only current state party chairmen, vice chairmen and national committee members can vote and hold office in the Midwest Conference.

More, former Iowa state chairman, no longer qualified for the conference chairmanship under the new constitution.

When he announced his ruling, Theis, Kansas chairman and national committeeman, was elected chairman.

More, who was retained as chairman of his faction, said his group included representatives from Illinois, Iowa, Nebraska, Missouri, South Dakota and Oklahoma. Most of them appeared to be former party officers.

Both sides said it would be up to the National Democratic Committee to decide which represents the conference.

The Theis faction scheduled a meeting next March 20 in Detroit. More's group was invited to hold its next meeting in the fall of 1960 at Lincoln, Neb.

College Dedication Scheduled for Today

PETOSKEY (AP) — The former Sheridan Elementary School has taken on new stature through renovation which has transformed it into North Central Michigan College.

Dedication ceremonies were scheduled today with an inaugural student body of more than 100 in attendance.

Dr. Charles Anspach, president Emeritus of Central Michigan College, and Dr. Dean C. Burns, North Central Michigan College board of trustees president, are dedication speakers. The public is invited to open house sessions following the dedication.

3 Millionth Volkswagen Produced in Germany

ENGLEWOOD CLIFFS, N. J. (UPI) — The three millionth sedan has been produced at the Volkswagenwerk G.M.B.H. factory in Wolfsburg, Germany. It was announced here today.

On the same day, the Volkswagen truck plant at Hanover produced the 500,000th truck.

Volkswagen production is now running at 3,000 units per day, the announcement said, and large additional investments are being made to accelerate production even further in the coming months.

Last year, 553,399 vehicles came off the assembly lines and production for 1959 is expected to exceed that figure by about 18 per cent.

New Plan Would Give State Dems Vote Hike

WASHINGTON (AP) — A new plan proposed Saturday by Democratic Party Chairman Paul Butler would give Michigan 52 votes, a gain of eight, at the party's 1960 national convention.

Butler's proposal to abolish the bonus system would give Michigan a flat 52 in the 1956 convention, Michigan had 46 basic votes and four bonus votes, a total of 50.

New Jersey's egg production totals more than two billion a year.

My Duty to Set Example, Says Miss America

ATLANTIC CITY, N.J. (AP) — The new Miss America says she thinks it is her duty to "educate herself, to make herself as wholesome as possible so as to set an example for the women of America."

So spoke Lynda Lee Mead, 20, of Natchez, Miss., Sunday. She won the title Saturday night, along with a \$10,000 scholarship and the possibility of earning about \$75,000 on personal appearances.

Miss Mead, a junior at the University of Mississippi, intends to return to school after her year as Miss America is over, then go to meet Soviet Premier Nikita Khrushchev during his American visit. She added that meeting President Eisenhower "would be the thrill of a lifetime."

Miss Mead is the second girl in a row from Mississippi to win the title. Mary Ann Mobley of Brandon, Miss., Miss America 1958, also is a University of Mississippi student. This happened once before — Miss Pennsylvanias won in 1935 and 1936.

Miss Mead is 5 feet 7, has brown hair and green eyes and measures 36-24-36. She did not win any preliminary awards. She has just a trace of a Southern accent.

"This is a challenge to any girl, especially so for me because of Sheboygan, Wis. She won a \$3,000 fine example Mary Ann and scholarship."

my other predecessors have set."

In third place was Miss Washington, Sharon Joyce Vaughn, 21, of Natchez, but it will be as soon as possible. Miss California, 19-year-old as possible. I'll never forget what Susan Diane Bronson of San Lorenzo, Calif., was fourth and won a \$2,000 scholarship. Fifth place and a \$1,500 scholarship was taken by Miss Arizona, Patricia Anne Allen-Wisconsin, Mary Alice Fox, 20, of Yuma, Ariz.

Second in the contest was Miss Wisconsin, Mary Alice Fox, 20, of Yuma, Ariz.

Morning After — A proud and happy family serves breakfast to their queen, Lynda Lee Mead, Miss America of 1960, Sunday morning following her victory in the pageant over 53 other contestants. A college junior, Lynda is five feet, seven inches tall, has brown hair, green eyes and measures 36-24-36.
